**REP. GRAHAM FULLER**

12th district—Lincoln county

Rep. Graham Fuller is well-grounded in farming and farm economy.

The western Minnesota Lincoln county second-termer farmed for five years after his

graduation from the North Dakota Agricultural college. He then, in 1934, took on a 14-year tour of duty as a county agricultural agent, during which he helped organize

Fuller

the Lincoln county soil conservation district.

During that period he also helped organize the Artificial Breeding association, the Cow Testing association and the Lincoln county REA.

Fuller, 48, now operates a feed, seed and farm supply store at Ivanhoe, where he also serves on the village council, is active in the Presbyterian church and the Masons. *Mpls. Star*

He also was president of the Ivanhoe Commercial club, the Lincoln county Community chest and was the county's Red Cross disaster chairman for 1955.

In his first term, Fuller caucused with the conservatives and is expected to do so again in the 1957 legislature.

His conscientious committee work two years ago won him considerable favorable comment from house veterans. Fuller served on committees on agriculture, civil administration, university, elections and labor.

*Between Nov. 1956 - Jan. 1957*
