TO TRIBUNE SUBSCRIBERS

Those who are indebted to the Tribune on subscription are respectfully requested to call and settle up or to send the amount due. Although the amount you owe may not be large, remember that we have hundreds of such small amounts and that to us it means considerable. Don't wait for a statement, but look at the date opposite your name on the paper and you can see the time you are behind.

EVER HAD THE REAL GRIP?

The editor had the grip last week, says one of our exchanges and this is how he describes it. Yes, the grip, the gripe, the la gripe—whichever means the most anyway. It wasn't a cold, it was the GRIP. He didn't only have it but it had him, flat on his back for nearly three days.

The grip is more like a balky automobile than anything we know of. It can break out in more spots than a swarm of bees. Its blow-outs far surpasses those of an auto and its exhausts are not to be laughed at. Its backfire is tremendous. Its forward speeds are many and each has a reverse of its own. Its spark plugs work at will and the cylinders work sideways. Its springs are intermittent and feed spasmodic. The vibrator is well named and its carburetor full of mysteries. Its top is collapsible and its windshield a nuisance. The intake works both ways and the radiator all over. The fenders rattle, and last but not least, the crank is untouchable.

You don't need to guess whether or not its the grip you have, when you get it, you know it. You can tell.

When your whole body is aching and shaking, and creaking and squeaking, and sweating and fretting, and quivering and shivering, and thumping and jumping, and moaning and groaning, and blinking and blinking, like a foundering ship, then it's time to know, you've got the grip, by Gosh, the grip.—Lake City Herald.

CARD OF THANKS

We wish to express our heartfelt thanks to the many friends for their kind sympathy and help during our great trouble caused by the death of our daughter and sister, Emma D. Mr and Mrs O H Sorlien and family.

OLD SETTLER CALLER

Early last Sunday morning occurred the death of S A Hall, at the home of his son, Chas F Hall, in this city. Deceased was 80 years of age.

S A Hall was one of the earliest settlers of Yellow Medicine County and following we give a short sketch of his life, taken from the History of Yellow Medicine Co:

S A Hall was a prominent man in the early history of Yellow Medicine County. He was the second Superintendent of schools, succeeding J A White in January, 1873, and was the real organizer of the county's school system. In the fall of 1876 he was elected to the state Senate where he served one term. He was also county commissioner in the early eighties. He was a regular ordained Methodist Episcopal preacher and an orator of considerable ability.

S A Hall was born in Jefferson County, New York, July 15th, 1835. He was graduated from the Wisconsin University in 1861. He had charge of the Wesleyan Seminary at Eau Claire, Wis until 1864, then he organized a company, of which he was a captain, and served until the close of the Civil War. After the war, Mr Hall taught school for a number of years, part of which he had charge of the Seminary. In 1869 he came to Yellow Medicine County where he made his home until 1907, when he moved to Redwood Falls. The past few months he has spent at the home of his son, Charles, in this city.

S A Hall was married to Emma Leona Knapp, a native of Waterloo, Wis. They have had six children, namely: Charles F, Hattie L (Mrs B M Hamre), of International Falls; Mary R (Mrs J I Gates), who was Superintendent of this county's schools in 1900-1902; Benjamin F; Albert H; and Erwin A.

The funeral of S A Hall occurred yesterday. Short services were held at the house, Rev Melby officiating; after which the remains were taken to Wood Lake and services held in the church at that place. Burial was made in the cemetery at Wood Lake.

AT REST

We clip the following from the Ogilvie Sentinel as Jacob Cook is well known to the older residents of this city, he having made his home here a number of years ago:

Jacob Cook, a member of the G A R and a respected citizen of Mora, passed to his final rest last Saturday afternoon. Death being caused by an inflamed gland requiring an operation. The operation was successful and recovery was thought fairly possible at its termination, but old age and other infirmities brought about final dissolution.

Mr Cook was born 73 years ago in Pennsylvania and came to Minnesota as a young man before the war, settling in Goodhue county. He served his country during three years of that bitter strife, then re-
