

SEN. HEUER

**51st District—Wadena,
Todd Counties**

Sen. William C. F. Heuer is an ardent believer in providing full education facilities for the youth of Minnesota "to prepare themselves for this complex world."

Consequently, he has helped boost the foundation school aid program and launch state aid to junior colleges. His own education

Heuer

was cut short at the eighth grade, but he continued his self-education program to make up for a lack of formal schooling. *Mpls. Star*

Heuer farms near Bertha, his birthplace, and sells insurance on a part-time basis. He's been active in various federal farm programs and was on the Bertha school board. He was town clerk for 20 years until his election to the senate in 1954.

He's been secretary of a number of farm co-operatives, was county chairman of USO and Red Cross drives, is active in the DFL party and caucuses with the senate's Liberal minority.

Heuer eagerly awaits the annual deer season. He has missed only one—six years ago he was stricken by a perforated ulcer in the north woods on the eve of the season opening.

He and his wife are the parents of eight children.
