[NOTICE TO DEALER OF POSSIBLE VIOLATION; REPLY; SUMMARY INVESTIGATION.] If such a complaint indicates a possible violation of this act or of the regulations made pursuant to this act, the director shall advise the service dealer of the contents of the complaint and, after the service dealer has had reasonable opportunity to reply thereto, the director shall make a summary investigation of the facts.

Subd. 4. [VIOLATION; SUGGESTIONS FOR COMPENSATION OF COMPLAINANT; FURTHER INVESTIGATION; DISCIPLINARY PROCEEDINGS.] If, upon summary investigation, it appears to the director probable that a violation of this chapter, or the regulations thereunder, has occurred, the director shall, after consultation with the board, suggest measures to the service dealer which would compensate the complainant for the damages he has suffered as a result of alleged violation. If the service dealer accepts the director's suggestions and performs accordingly, the director shall give such fact due consideration in any subsequent disciplinary proceeding. If the service dealer declines to abide by the suggestions of the director, he may investigate further and institute disciplinary proceedings in accordance with the provisions of this act.

Sec. 8. [REVENUE.] Subdivision 1. [DEPOSIT OF FEES.] All fees collected pursuant to this act shall be deposited in the state treasury.

Subd. 2. [FEE SCHEDULE.] The fees prescribed by this act shall be set by the commissioner, provided however that

(a) The service dealer registration fee is not less than \$50 nor more than \$100 for each place of business in this state.

(b) The annual renewal fee for a service dealer registration is not less than \$50 nor more than \$100 for each place of business in this state, if renewed prior to its expiration date.

(c) The renewal fee for a registration that is not renewed prior to its expiration date shall be double the renewal fee required for a registration renewal prior to its expiration date.

Sec. 9. [CITATION.] This act shall be known and may be cited as the Minnesota Electronic Repair Dealer Registration Act.

Sec. 10. There is hereby appropriated from the general fund the sum of \$ to carry out the provisions of this act.

Sec. 11. [EFFECTIVE DATE.] This act is effective January 1, 1974."

The report was adopted.

Mr. Moe from the Committee on Crime Prevention and Corrections to which was referred:

H. F. No. 1487, A bill for an act relating to community corrections; authorizing a state subsidy to local units of government for providing community based corrections services; prescribing the powers of the commissioner of corrections; appropriating funds therefor.

Reported the same back with the following amendments:

Strike everything after the enacting clause and insert in lieu thereof the following:

"Section 1. Subdivision 1. [PURPOSE.] For the purpose of more effectively protecting society and to promote efficiency and economy in the delivery of correctional services, the commissioner is hereby authorized to make grants to assist counties in the development, implementation, and operation of community based corrections programs including, but not limited to preventive or diversionary correctional programs, probation, parole, community corrections centers, and facilities for the detention or confinement, care and treatment of persons convicted of crime or adjudicated delinquent.

Subd. 2. [DEFINITION.] For the purposes of this act, "commissioner" means the commissioner of corrections or his designee.

Sec. 2. Any county, or group of contiguous counties situated within the same region designed pursuant to Minnesota Statutes, Sections 462.381 to 462.396, may qualify for a grant as provided in section 1 by the enactment of appropriate resolutions creating and establishing a corrections advisory board and providing for the preparation of a comprehensive plan for the development, implementation and operation of the correctional services described in section 1 of this act, including the assumption of these correctional services other than the operation of state institutions presently provided in such counties by the department of corrections, and providing for centralized administration and control of those correctional services described in section 1 of this act.

Where counties combine as authorized in subdivision 1, they shall comply with the provisions of Minnesota Statutes, Section 471.59.

Sec. 3. The commissioner shall, as provided in Minnesota Statutes, Sections 15.0411 to 15.0422, promulgate rules for the implementation of this act, and shall provide consultation and

technical assistance to counties to aid them in the development of comprehensive plans.

Sec. 4. Any county or group of counties electing to come within the provisions of this act may (a) acquire by any lawful means, including purchase, lease or transfer of custodial control, the lands, buildings and equipment necessary and incident to the accomplishment of the purposes of this act, (b) determine and establish the administrative structure best suited to the efficient administration and delivery of the correctional services described in section 1, and (c) employ a director and such other officers, employees and agents as deemed necessary to carry out the provisions of this act. Any county employees affected by this act shall be transferred to the agency assuming administration and control of the correctional services without loss of grade, civil service rating, seniority or other benefits. To the extent that participating counties shall assume and take over state correctional services presently provided in such counties, preference shall be given to the employment of those state officers, employees and agents thus displaced; if hired by a county, such employment shall, to the extent possible, be deemed a transfer in grade with all of the benefits enjoyed by such officer, employee or agent while in the service of the state.

Sec. 5. Any county or group of counties electing to come within the provisions of this act, may, through their governing bodies, use unexpended funds, accept gifts, grants and subsidies from any lawful source, and apply for and accept federal funds.

Sec. 6. No county or group of counties electing to provide correctional services pursuant to this act shall be eligible for the subsidy herein provided unless and until its comprehensive plan shall have been approved by the commissioner. To remain eligible for subsidy the county or group of counties shall substantially comply with the operating standards established by the commissioner. The commissioner shall review annually the comprehensive plans submitted by participating counties, including the facilities and programs operated under the plans. He is hereby authorized to enter upon any facility operated under the plan, and inspect books and records, for purposes of recommending needed changes or improvements.

When the commissioner shall determine that there are reasonable grounds to believe that a county or group of counties is not in substantial compliance with minimum standards, at least 30 days notice shall be given the county or counties and a hearing held to ascertain whether there is substantial compliance or satisfactory progress being made toward compliance. The commissioner may suspend all or a portion of any subsidy until the required standard of operation has been met.

Sec. 7. Subdivision 1. In any county or group of counties where correctional services are currently being provided by a single jurisdiction within that county, nothing in this act shall be interpreted as requiring a change of authority.

Sec. 8. Subdivision 1. The corrections advisory board provided in section 2 of this act shall consist of no more than 17 members, who shall be representative of law enforcement, prosecution, the judiciary, education, corrections, ethnic minorities, the social services, and the lay citizen, and shall be appointed as follows:

(1) the law enforcement representation shall consist of a sheriff and a chief of police (selected by the chiefs of police of the county), or their respective designees;

(2) the prosecution representative shall be either the county attorney or his designee;

(3) the judiciary representatives shall be designated by the chief judge of each district and county court district, and shall include judges representative of courts having felony, misdemeanor and juvenile jurisdiction respectively;

(4) education shall be represented by an academic administrator appointed by the chairman of the board of county commissioners with the advice and consent of the members of the board;

(5) the director of a county welfare board or his designee;

(6) the public defender or his designee;

(7) with the advice and consent of the other members of the county board, the chairman shall appoint the following additional members of the corrections advisory board:

(a) one parole or probation officer;

(b) one correctional administrator;

(c) a representative from a social service agency, public or private;

(d) an ex-offender;

(e) a licensed medical doctor;

(f) at least four citizens, provided, however, that if the ethnic minorities resident in the county exceed the percentage of ethnic minorities in the state population, at least two of the citizen members shall be members of an ethnic minority group.

Subd. 2. Members of the corrections advisory board appointed by the chairman of the board of county commissioners shall serve for terms of two years from and after the date of their appointment, and shall remain in office until their successors are duly appointed. The other members of the corrections advisory board shall hold office at the pleasure of the appointing authority.

Subd. 3. Where two or more counties combine to come within the provisions of this act the joint corrections advisory board shall contain representation as provided in subdivision 1, but the members comprising the board may come from each of the par-

ticipating counties as may be determined by agreement of the counties. The board may elect its own officers.

Subd. 4. The corrections advisory board provided in this act shall actively participate in the formulation of the comprehensive plan for the development, implementation and operation of the correctional program and services described in section 1 of this act, and shall make a formal recommendation to the county board or joint board at least annually concerning the comprehensive plan and its implementation during the ensuing year.

Sec. 9. Failure of a county or group of counties to elect to come within the provisions of this act shall not effect their eligibility for any other state subsidy for correctional purposes otherwise provided by law. Any comprehensive plan submitted pursuant to this act may include the purchase of selected correctional services from the state by contract, including the temporary detention and confinement of persons convicted of crime or adjudicated delinquent; confinement to be in an appropriate state institution as otherwise provided by law. The commissioner shall annually determine the costs of the purchase of services under this section and deduct them from the subsidy due and payable to the county or counties concerned; provided that no contract shall exceed in cost the amount of subsidy to which the participating county or counties are eligible.

Sec. 10. [CORRECTIONS EQUALIZATION FORMULA.] To determine the amount to be paid participating counties during the biennium ending June 30, 1975, the commissioner of corrections will apply the following formula:

(1) All 87 counties will be ranked in accordance with a formula involving four factors:

- (a) per capita income;
- (b) per capita taxable value;

(c) per capita expenditure per 1,000 population for correctional purposes, and;

(d) percent of county population aged six through 30 years of age according to the most recent federal census.

"Per capita expenditure per 1,000 population" for each county is to be determined by multiplying the number of adults and "youthful offenders" under supervision in each county at the end of the current year by \$350. To the product thus obtained will be added:

(i) the number of presentence investigations completed in that county for the current year multiplied by \$50;

(ii) the annual cost to the county for county probation officers' salaries for the current year; and

(iii) 33 1/3 percent of such annual cost for probation officers' salaries.

The total figure obtained by adding the foregoing items is then divided by the total county population according to the most recent federal census.

(2) Each county is then ranked as follows:

(a) on the basis of per capita income the ranking is from the lowest to the highest;

(b) per capita taxable value is ranked from lowest to highest;

(c) per capita expenditure is ranked from highest to lowest;

(d) percent of county population aged six through 30 years is ranked from highest to lowest.

(3) The ranking given each county on each of the foregoing four factors is then totaled and the counties ranked in numerical order according to score.

(4) The total score for each county thus determined is then divided into a median total score. The median total score is the score obtained by that county ranked number 44 in the final ranking. The quotient thus obtained then becomes the computation factor for the county. This computation factor is then multiplied by a "dollar value", as fixed by the appropriation pursuant to this act, times the total county population. The resulting product is the amount of subsidy to which the county is eligible under this act. Notwithstanding any law to the contrary, the commissioner of corrections, after notifying the committees on finance of the senate and appropriations of the house of representatives, may, at the end of any fiscal year, transfer any unobligated funds in any appropriation to the department of corrections to the appropriation under this act, which appropriation shall not cancel but is reappropriated for the purposes of this act.

Sec. 11. The comprehensive plan submitted to the commissioner for his approval shall include those items prescribed by regulation of the commissioner, which may require the inclusion of the following: (a) the manner in which presentence and post-sentence investigations and reports for the district courts and social history reports for the juvenile courts will be made; (b) the manner in which probation and parole services to the courts and persons under jurisdiction of the youth conservation commission and the adult corrections commission will be provided; (c) a program for the detention, supervision and treatment of persons under pre-trial detention or under commitment; (d) delivery of other correctional services defined in section 1; (e) proposals for new programs, which proposals must demonstrate a need for the program, its purpose, objective, administrative structure, staffing pattern, staff training, financing, evaluation process, degree of community involvement, client participation and duration of program.

Sec. 12. Participating counties shall not diminish their current level of spending for correctional expenses as defined in sec-

tion 1, to the extent of any subsidy received pursuant to this act; rather the subsidy herein provided is for the expenditure for correctional purposes in excess of those funds currently being expended. Should a participating county be unable to expend the full amount of the subsidy to which it would be entitled in any one year under the provisions of this act, the commissioner shall retain the surplus, subject to disbursement in the following year wherein such county can demonstrate a need for and ability to expend same for the purposes provided in section 1.

Sec. 13. Each participating county will be charged a sum equal to the per diem cost of confinement of those persons committed to the commissioner or the youth conservation commission after the effective date of this act, and confined in a state institution. Provided, however, that no charge shall be made for those persons convicted of offenses for which the penalty provided by law exceeds five years, nor shall the amount charged a participating county for the costs of confinement exceed the amount of subsidy to which the county is eligible. The commissioner shall annually determine costs and deduct them from the subsidy due and payable to the respective participating counties. All charges shall be a charge upon the county of commitment.

Sec. 14. Upon compliance by a county or group of counties with the prerequisites for participation in the subsidy prescribed by this act, and approval of the comprehensive plan by the commissioner, the commissioner shall determine whether funds exist for the payment of the subsidy and proceed to pay same in accordance with applicable rules and regulations.

Sec. 15. Subdivision 1. On or before the end of each calendar quarter, participating counties shall submit to the commissioner certified statements detailing the amounts expended and costs incurred in providing the correctional services provided in this act. Upon receipt of certified statements, the commissioner shall, in the manner provided in sections 9 and 11, determine the amount each participating county is entitled to receive, and certify same to the state auditor who shall thereupon draw his warrant upon the state treasurer in favor of the chief fiscal officer of each participating county for the amount shown to be due each county. Thereafter, the state auditor shall transmit the warrant to the appropriate fiscal officer, together with a copy of the certificate prepared by the commissioner.

Subd. 2. The commissioner shall biennially review the ranking accorded each county by the equalization formula provided in section 9 and compute the subsidy rate accordingly.

Sec. 16. Any participating county may, at the beginning of any calendar quarter, by resolution of its board of commissioners, notify the commissioner of its intention to withdraw from the subsidy program established by this act, and such withdrawal shall be effective the last day of the last month of the quarter in which such notice was given.

Reported the same back with the following amendments:

Strike everything after the enacting clause and insert in lieu thereof the following:

"Section 1. Minnesota Statutes 1971, Section 473A.01, Subdivision 2 is amended to read:

Subd. 2. "*Metropolitan (TRANSIT) transportation area*" or "*(TRANSIT) transportation area*" or "*area*" or "*MTA*" means the (TWIN CITIES) metropolitan (PUBLIC TRANSIT) *transportation area* hereinafter established.

Sec. 2. Minnesota Statutes 1971, Section 473A.01, Subdivision 3 is amended to read:

Subd. 3. "*Metropolitan (TRANSIT) transportation commission*" or "*(TRANSIT) transportation commission*" or "*commission*" means the (TWIN CITIES AREA)) metropolitan (TRANSIT) *transportation commission* hereinafter created.

Sec. 3. Minnesota Statutes 1971, Section 473A.01, is amended by adding a subdivision to read:

Subd. 12. "*Metropolitan council*" or "*council*" means the metropolitan council created by Minnesota Statutes 1971, Section 473B.02.

Sec. 4. Minnesota Statutes 1971, Section 473A.02, is amended to read:

473A.02 [LEGISLATIVE DETERMINATION, POLICY AND PURPOSE.] The legislature finds and determines that nearly half the people of the state live in the metropolitan (TRANSIT) *transportation* area hereinafter established. The population of that area is growing faster than in any other area of the state, and it is continually visited by large numbers of people from other parts of the state, resulting in a heavy and steadily increasing concentration of resident and transient population and creating serious problems of public transit and public highway traffic in the area. The present public transit systems in the area consist largely of bus lines using the public highways and streets. These systems are inadequate to meet the needs for public transit in the area. A major part of the transportation of people in the area is provided by private motor vehicles. All of the foregoing adds heavily to the traffic load on the state highways which constitute the main routes of travel to, from, and through the area, aggravating the congestion and danger of accidents thereon, polluting the surrounding air, intensifying the wear and tear on those highways and streets, increasing the cost of maintenance thereof, and the number, size, and cost of new highways that must be constructed in the area. These effects will progressively grow worse as the population of the area increases, imposing serious handicaps on the business, industry, property development, recreation, and other beneficial activities of the residents of the area and visitors thereto, and causing severe and widespread harm to the public health, safety and welfare of the area and the entire state. It is beyond the capacity of the present operators of public transit systems and other existing public and private agencies unassisted to make adequate provision for public transit in the area or for dealing effectively with the aforesaid problems and conditions therein. The legislature therefore declares as the public policy of the state that for the protection and advancement of the public health, safety, and welfare of the metropolitan (TRANSIT) *transportation* area and the entire state, and in order to provide for adequate public transit within the area, reduce the traffic congestion and hazards on the state and other highways and streets therein, and relieve the other harmful conditions aforesaid, there is urgent need for the establishment of that area as herein defined, for the creation of a metropolitan (TRANSIT) *transportation* commission therefor with the powers and duties herein prescribed, for the implementation of a comprehensive transportation policy plan for the area and for the other measures herein provided for.

Sec. 5. Minnesota Statutes 1971, Section 473A.03, is amended to read:

473A.03 [METROPOLITAN TRANSPORTATION AREA, ESTABLISHMENT.] There is hereby established a (TWIN

CITIES) metropolitan (PUBLIC TRANSIT) transportation area comprising the counties of Hennepin, Ramsey, Anoka, Washington, Dakota, Scott, and Carver.

Sec. 6. Minnesota Statutes 1971, Section 473A.04, is amended by adding subdivisions to read:

Subd. 15. [APPOINTMENTS.] *The metropolitan transportation commissioners shall be appointed by the governor as hereinafter provided. The governor shall on or before January 1, 1974 appoint one member from each commission district, each comprised of at least two contiguous council districts, by and with the advice and consent of the senate after consulting with all members of the legislature residing within the appropriate district.*

Subd. 16. [QUALIFICATIONS.] *Each member shall be a resident of the district for which he is appointed and shall not during his term of office as a commission member hold the office of council member. Each member shall qualify by taking and subscribing the oath of office prescribed by the Minnesota Constitution, Article 5, Section 8. Such oath, duly certified by the official administering the same, shall be filed with the secretary of the senate.*

Subd. 17. [TERMS: REMOVAL.] *Those members from even numbered districts of the first commission shall be appointed for terms ending on December 31, 1974, and those members from odd numbered districts of the first commission shall be appointed for terms ending on December 31, 1976. Thereafter all commission members shall be appointed for four year terms, except that each member shall serve until his successor has been duly appointed and qualified. Commission members may be removed only by the governor and only for cause in the manner provided in chapter 351.*

Subd. 18. [VACANCIES.] *If the office of any commission member becomes vacant the vacancy shall be filled by appointment in the same manner in which the last regular appointment for that district was made. The office shall be deemed vacant under the conditions specified in chapter 351.*

Subd. 19. [CHAIRMAN.] *The governor shall appoint the chairman of the transportation commission who shall be a resident of the metropolitan area. The chairman shall preside at all meetings of the commission, if present, and shall perform all other duties and functions usually incumbent upon such an officer, and all administrative functions assigned to him by the commission or council. The commission may elect a vice chairman to act for the chairman during his temporary absence or disability. The chairman may be paid such compensation as the commission shall determine.*

Sec. 7. Minnesota Statutes, Chapter 473A, is amended by adding a section to read:

[473A.061.] [POLICY PLANS FOR TRANSPORTATION COMMISSION.] *Subdivision (1).* The council shall adopt a transportation policy plan as a part of its comprehensive development guide. When adopted, the policy plan shall be followed by the transportation commission. In preparing plans the council shall consider and give effect to policy statements, purposes, goals, standards, and maps in its development guide and in applicable statutes directly relating to the commission. Each such policy plan shall include the following:

(a) a statement of the needs of the metropolitan area with respect to the functions covered and the objectives of and the policies to be forwarded by the policy plan;

(b) a general description of the physical facilities and services to be developed by the commission in performing its functions;

(c) a statement as to the general location of physical facilities and service areas;

(d) a general statement of timing and priorities in the development by the commission of the physical facilities and service areas;

(e) a general statement on level of public expenditure, both capital and operating, appropriate to the facilities and a statement of the relationship of the policy plan to other policy plans and to chapters of the metropolitan development guide;

(f) policies, both capital and non capital, relating to all transportation forms; and

(g) such additional general information as may be necessary to develop the policy plan or as may be required by the laws relating to the commission and the function covered by the policy plan.

Subd. 2. In preparing or amending a policy plan the council shall consult with and make maximum use of the expertise of the commission, and each such commission shall cooperate with and make its employees, records, studies, plans and other information available to the council. Before adopting a policy plan, the council shall submit a proposed policy plan to the commission for its review, and the commission shall report its comments to the council within 90 days. It may, within that period, request the council to hold a special public meeting for the purpose of receiving the commission's report and comments. After receipt of the commission's report and public meeting, if any, the council shall make appropriate revisions to the policy plan and shall call and hold a public hearing on the proposed plan as revised at such time and place in the metropolitan area as it shall determine. Not less than 45 days before the hearing, the council shall publish notice thereof in a newspaper or newspapers having general circulation in the metropolitan area, stating the date, time and place of hearing, and the place where the proposed policy plan and commission comments may be examined by any

interested person. At any hearing all interested persons shall be permitted to present their views on the policy plan. The hearing may be continued from time to time. Each such policy plan may be amended on the council's own initiative or upon the request of the commission. At least every four years the council shall engage in a comprehensive review of the policy plan. Development guide policy plans satisfying the requirements of subdivision 2 which heretofore have been adopted by the council pursuant to Minnesota Statutes, Section 473B.06, Subdivision 5, shall be deemed prepared and adopted pursuant to this subdivision; provided, that the council shall not amend a development guide policy plan so adopted except in accordance with the procedures herein established. The transportation commission, state highway department, state planning agency, and affected counties and municipalities may provide such technical assistance as may be requested by the council.

Subd. 3. The metropolitan council shall be the designated planning agency for any long-range comprehensive transportation planning required by Section 134 of Federal Highway Act of 1962 and Section 4 of the Urban Mass Transportation Act of 1964. It shall assure administration and coordination of transportation planning with appropriate agencies and local governmental units, and together with the transportation commission shall establish such an advisory board in fulfillment of the planning responsibilities of the council and commission. The council and commission together shall be the agency for planning and carrying out urban regional transportation programs in the metropolitan area and entitled to receive any federal grants provided for each agency.

Subd. 4. In the event federal statutes require capital funding to be directly apportioned by the federal government to an urban area agency responsible for planning and carrying out projects on the federal aid urban system in an urbanized area, the metropolitan area shall be considered the urbanized area for purposes of such apportionment, and the council, together with the commission if necessary to meet federal requirements, shall be deemed to be such an agency to carry out their respective responsibilities under this act.

Sec. 8. Minnesota Statutes 1971, Chapter 473A, is amended by adding a section to read:

[473A.062] [DEVELOPMENT PROGRAM OF TRANSPORTATION COMMISSION.] Subdivision 1. The transportation commission shall prepare a development program covering the detailed technical planning, engineering, financing and scheduling necessary to the development of the program elements to be performed by the commission and the implementation of the policy plan adopted by the council. In preparing the plan, the commission shall consult with and obtain the views of counties and municipalities in the metropolitan area, the state highway department and the state planning agency, and for that purpose may create such advisory committees as may be necessary.

The program shall provide for and include coordination of routes and operations of all publicly and privately owned transportation facilities within the area to the end that combined efficient and rapid transportation may be provided for the use of the public in the entire area. The program shall cover at least the five-year period commencing with the first calendar year beginning after its submission or such longer period as the council may prescribe.

Subd. 2. The program shall describe all capital improvements to be undertaken in such period and with respect to each improvement shall include the following elements. The transportation development program shall include a description of the improvement and its location, function, the general alignment and profile, approximate points of access, facility classification, approximate cost, relation to other existing and planned transportation routes and facilities, and a statement of the expected general effect on present and future use of the property within the corridor and upon the probable impact of the improvement on the plans or programs of other metropolitan commissions. The program shall be accompanied with a statement of need for the proposed construction or improvement, and evaluation of its relative priority as regards other proposed improvements, a description of alternate routes which were considered, and an explanation of the advantages and disadvantages in the selection of any route considered. It shall describe the proposed manner of financing the capital costs of the improvement, an estimate of the annual operating costs of the improvement, and the sources of revenue available for payment of such costs. The transportation development program shall also contain a description of the type of right of way or routes required; the type of transit service to be provided in each portion of the system, designation of transit made, and appropriate general operating criteria. The plan may include such other technical information as the commission deems necessary.

Subd. 3. [SUBMISSION TO AND APPROVAL BY COUNCIL.] The development program prepared by the commission shall be submitted to the council for review and approval or disapproval. If the council determines that the program is consistent with the development guide it shall approve the program as submitted. If it determines that the program is inconsistent with the developmental guide, it shall disapprove it and return it to the submitting commission with comments and the commission shall make appropriate revision in the program and resubmit it to the council for review and approval or disapproval. Within two years of the approval of its first development program by the council and biennially thereafter the commission shall review the program, make such revisions as are necessary, including an updating of the five-year capital improvement program, and submit the plan to the council for its review and approval or disapproval as herein provided.

Subd. 4. [EFFECT OF DEVELOPMENT PROGRAM.] After approval by the council of the development program, the commission shall implement the program, and no capital im-

provements not authorized by the program shall be adopted or undertaken by the commission unless approved by the council.

Subd. 5. In implementing the program, the commission may designate a segment of the system planned as a pilot or demonstration transportation project using, without limitation, new technology including airborne systems, or traditional systems of evolved or modern form.

It is not necessary to the creation of an express warranty that formal words such as “warrant” or “guarantee” be used or that a specific intention to make a warranty be present, but an affirmation merely of the value of the goods or a statement pur-

porting to be merely an opinion or commendation of the goods does not create a warranty.

Sec. 2. Minnesota Statutes 1971, Chapter 325, is amended by adding a section to read:

[325.96] [IMPLIED WARRANTIES.] Subdivision 1. *Unless disclaimed in the manner prescribed in subdivision 2, every consumer sale in this state shall be accompanied by an implied warranty that the goods are merchantable, and, in a consumer sale where the seller has reason to know that the goods are required for a particular purpose and that the buyer is relying on the seller's skill or judgment to select or furnish suitable goods, an implied warranty of fitness. A seller may, however, limit damages or remedies for breach of implied warranties as provided in Minnesota Statutes, Chapter 336.*

(1) *The goods are being sold on an "as is" or "with all faults" basis; and*

(2) *The entire risk as to the quality and performance of the goods is with the buyer.*

In event of a consumer sale by means of a mail order catalog, the catalog may contain the required writing in lieu of the requirement of notification prior to the sale.

Sec. 3. Minnesota Statutes 1971, Chapter 325, is amended by adding a section to read:

[325.97] [EXPRESS WARRANTIES.] Subdivision 1. [DISCLAIMERS.] *No express warranty arising out of a consumer sale of new goods shall disclaim implied warranties of merchantability, or, where applicable, of fitness.*

Subd. 2. [HONORING OF EXPRESS WARRANTIES.] *The maker of an express warranty arising out of a consumer sale in this state shall honor the terms of the express warranty. In a consumer sale, the manufacturer shall honor an express warranty made by the manufacturer; the distributor shall honor an express warranty made by the distributor; and the retail seller shall honor an express warranty made by the retail seller.*

Subd. 3. [LIABILITY OF MANUFACTURER TO RETAILER.] *Every manufacturer who makes an express warranty pursuant to a consumer sale, who authorizes a retail seller within this state to perform services or repairs under the terms of the express warranty shall be liable to the retail seller in an amount equal to that which is charged by the retail seller for like service or repairs rendered to retail consumers who are not entitled to warranty protection.*

Sec. 4. Minnesota Statutes 1971, Chapter 325, is amended by adding a section to read:

[325.98] [REMEDIES.] *A violation of this act shall be treated as a violation of Minnesota Statutes, Section 325.79. The remedies provided by this act are cumulative and shall not be construed as restricting any remedy that is otherwise available.*
