Subd. 2. The revenue bonds and notes of every issue shall be payable solely out of revenues of the commission, subject only to any agreements with the holders of particular revenue bonds or notes pledging any particular revenues. Notwithstanding that revenue bonds and notes may be payable from a special fund, they shall be and be deemed to be, for all purposes, negotiable instruments, subject only to the provisions of the revenue bonds.

Subd. 3. The revenue bonds may be issued as serial bonds or as terms bonds, or the commission, in its discretion, may issue bonds of both types. The revenue bonds or notes may be sold at public or private sale for such price or prices as the commission shall determine. Pending preparation of the definitive bonds, the commission may issue interim receipts or certificates which shall be exchanged for such definite bonds.

Subd. 4. Any resolution or resolutions authorizing any revenue bonds or any issue of revenue bonds may contain provisions

which shall be part of the contract with the holders of the revenue bonds to be authorized as to:

(a) The setting aside of reserves or sinking funds, and the regulation and disposition thereof;

(e) Defining the acts or omissions to act which shall constitute a default in the duties of the commission to holders of its obligations and providing the rights and remedies of such holders in the event of a default.

Subd. 5. Neither the members of the commission nor any person executing the revenue bonds or notes shall be liable personally on the revenue bonds or notes or be subject to any personal liability or accountability by reason of the issuance thereof.

Subd. 6. The commission shall have power out of any funds available therefor to purchase its bonds or notes. The commission may hold, pledge, cancel or resell such bonds, subject to and in accordance with agreements with bondholders.

Sec. 15. In the discretion of the commission any revenue bonds issued under the provisions of this act may be secured by a trust agreement by and between the commission and a corporate trustee or trustees, which may be any trust company or bank having the powers of a trust company within the state. Such trust agreement or the resolution providing for the issuance of such revenue bonds may pledge or assign the revenues to be received or proceeds of any contract or contracts pledged or any portion thereof. Such trust agreement or resolution providing for the issuance of such revenue bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of laws, including particularly such provisions as have hereinabove been specifically authorized to be included in any resolution or resolutions of the commission authorizing revenue bonds thereof. Any bank or trust company incorporated under the laws of the state which may act as depository of the proceeds of bonds or of revenues or other moneys may furnish such indemnifying bonds or pledges such securities as may be required by the commission. Any such trust agreement may set forth the rights and remedies of the bondholders and of the trustee or trustees and may restrict the individual right of action by bond-

holders. In addition to the foregoing, any such trust agreement or resolution may contain such other provisions as the commission may deem reasonable and proper for the security of the bondholders.

Sec. 16. Subdivision 1. The commission is hereby authorized to provide for the issuance of revenue bonds of the commission for the purpose of refunding any revenue bonds of the commission then outstanding, including the payment of any redemption premium thereon and any interest accrued or to accrue to the earliest or any subsequent date of redemption, purchase or maturity of such revenue bonds.

Subd. 2. The proceeds of any such revenue bonds issued for the purpose of refunding outstanding revenue bonds may, in the discretion of the commission, be applied to the purchase or retirement at maturity or redemption of such outstanding revenue bonds either on their earliest or any subsequent redemption date or upon the purchase or at the maturity thereof and may, pending such application be placed in escrow to such purchase or retirement at maturity or redemption on such date as may be determined by the commission.

Subd. 3. Any such escrowed proceeds, pending such use, may be invested and reinvested in direct obligations of the United States of America, or in certificates of deposit or time deposits secured by direct obligations of the United States of America, maturing at such time or times as shall be appropriate to assure the prompt payment, as to principal, interest and redemption premium, if any, of the outstanding revenue bonds to be so refunded. The interest, income and profits, if any, earned or realized on any such investment may also be applied to the payment of the outstanding revenue bonds to be so refunded. After the terms of the escrow have been fully satisfied and carried out, any balance of such proceeds and interest, income and profits, if any, earned or realized on the investments thereof may be returned to the commission for use by it in any lawful manner.

Subd. 4. All such revenue bonds shall be subject to the provisions of this act in the same manner and to the same extent as other revenue bonds issued pursuant to this act.

Sec. 17. Bonds issued under authority of this act do not, and shall state that they do not, represent or constitute a debt or pledge of the faith and credit of the state, grant to the owners or holders thereof any right to have the state levy and any taxes or appropriate any funds for the payment of the principal thereof or interest thereon. Such bonds are payable and shall state that they are payable solely from the rentals, revenues, and other income, charges, and moneys as are pledged for their payment in accordance with the bond proceedings.

Sec. 18. Any holder of revenue bonds issued under the provisions of this act or any of the coupons appertaining thereto, and the trustee or trustees under any trust agreement, except to the extent the rights herein given may be restricted by any

resolution authorizing the issuance of, or any such trust agreement securing, such bonds, may, either at law or in equity, by suit, action, mandamus, or other proceedings, protect and enforce any and all rights under the laws of the state or granted hereunder or under such resolution or trust agreement, and may enforce and compel the performance of all duties required by this act or by such resolution or trust agreement to be performed by the commission or by any officer, employee or agent thereof, including the fixing, charging and collecting of the rates, rents, fees and charges herein authorized and required by the provisions of such resolution or trust agreement to be fixed, established and collected.

Sec. 19. Bonds issued by authority under the provisions of this act are hereby made securities in which all public officers and public bodies of the state and its political subdivisions, all insurance companies, trust companies, banking associations, investment companies, executors, administrators, trustees and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them; it being the purpose of this section to authorize the investment in such bonds of all sinking, insurance, retirement, compensation, pension and trust funds, whether owned or controlled by private or public persons or officers; provided, however, that nothing contained in this section may be construed as relieving any person, firm, or corporation from any duty of exercising due care in selecting securities for purchase or investment; and provided further, that in no event shall assets of pension funds of public employees of the state of Minnesota or any of its agencies, board or subdivisions, whether publicly or privately administered, be invested in bonds issued under the provisions of this act. Such bonds are hereby constituted "authorized securities" within the meaning and for the purposes of Minnesota Statutes, Section 50.14. Such bonds are hereby made securities which may properly and legally be deposited with and received by any state or municipal officer or any agency or political subdivision of the state for any purpose for which the deposit of bonds or obligations of the state now or may hereafter be authorized by law.

Sec. 20. The exercise of the powers granted by this act will be in all respects for the benefit of the people of this state, for the increase of their commerce, welfare and prosperity, and for the improvement of their health and living conditions, and as providing loans by the commission or its agent will constitute the performance of an essential public function, and any bonds issued under the provisions of this act, their transfer and the income therefrom including any profit made on the sale thereof, shall at all times be free from taxation of every kind by the state and by the municipalities and other political subdivisions in the state.

Sec. 21. The administrator of this act shall be under the commission independent of other authority and notwithstanding Minnesota Statutes, Chapter 16.

Sec. 22. (APPROPRIATION.) *The sum of \$1,000,000 is appropriated for the purposes of this act to the higher education coordinating commission from the general fund. Such amounts as may be necessary from the appropriation made for the purposes of this act may be used by the commission for costs incurred in administering the provisions of this act. The balance of the appropriation not required for administrative costs shall constitute a reserve fund which may be invested by the commission. The proceeds of the tax collected under section 298.24 shall be distributed by the state treasurer, upon certificate of the commissioner of taxation to the general fund of the state and to the various taxing districts in which the lands from which taconite was mined or quarried were located in the following manner and proportions: 11 1/2 percent thereof to the city, village or town; 27 percent thereof to the school district; 11 1/2 percent thereof to the county; three percent thereof to the state and 47 percent thereof, less any amount required to be distributed under subdi-

vision 1a to the taconite property tax relief account in the apportionment fund in the state treasury. If the mining, quarrying, and concentration, or different steps in either thereof are carried on in more than one taxing district, the commissioner shall apportion equitably the proceeds of the part of the tax going to cities, villages and towns among such subdivisions as provided above, and the part going to school districts among such districts, and the part going to counties among such counties, upon the basis of attributing 40 percent of the proceeds of the tax to the operation of mining or quarrying the taconite, and the remainder to the concentrating plant and to the processes of concentration, and with respect to each thereof giving due consideration to the relative extent of such operations performed in each such taxing district. His order making such apportionment shall be subject to review by the tax court at the instance of any of the interested taxing districts, in the same manner as other orders of the commissioner. The amount so distributed shall be divided among the various funds of the state, or of the taxing districts in the same proportion as the general ad valorem tax thereof. If in any year the state shall not spread any general ad valorem tax levy against real property, the state's proportion of the tax shall be paid into the general fund. The amount distributed to any city or village and one-third in 1971 and that portion not deducted from state aids in section 124.212, subdivision 8, thereafter of the amount distributed to any school district under the provisions hereof shall be included in computing the permissible levies of such city, village or school district under sections 275.11 or 275.125, provided, in computing the deduction from permissible levies of cities or villages by reason hereof effect shall be given to the cost of living adjustment allowed by section 275.11, subdivision 2, regardless of whether or not more than 25 percent of the assessed valuation consists of iron ore. On or before October 10 of each calendar year each producer of taconite or iron sulphides subject to taxation under section 298.24 (hereinafter called "taxpayer") shall file with the commissioner of taxation and with the county auditor of each county in which such taxpayer operates, and with the chief clerical officer of each school district, city or village which is entitled to participate in the distribution of the tax, an estimate of the amount of tax which would be payable by such taxpayer under said law for such calendar year; provided such estimate shall be in an amount not less than the amount due on the mining and production of concentrates up to September 30 of said year plus the amount becoming due because of probable production between September 30 and December 31 of said year, less any credit allowable as hereinafter provided. Such estimate shall list the taxing districts entitled to participate in the distribution of such tax, and the amount of the estimated tax which would be distributable to each such district in such next ensuing calendar year on the basis of the last percentage distribution certified by the commissioner of taxation. If there be no such prior certification, the taxpayer shall set forth its estimate of the proper distribution of such tax under the law, which estimate may be corrected by the commissioner if he deems it improper, notice

of such correction being given by him to the taxpayer and the public officers receiving such estimate. The officers with whom such report is so filed shall use the amount so indicated as being distributable to each taxing district except in the case of school districts one-third in 1971 and that portion not deducted from state aids in section 124.212, subdivision 8, thereafter of the indicated amount is to be used in computing, pursuant to sections 275.11 or 275.125, the permissible tax levy of such city, village or school district in the year in which such estimate is made, and payable in the next ensuing calendar year. Such taxpayer shall then pay, at the times payments are required to be made pursuant to section (294.25) 298.27, as the amount of tax payable under section 298.24, the greater of (a) the amount shown by such estimate, or (b) the amount due under said section as finally determined by the commissioner of taxation pursuant to law. If, as a result of the payment of the amount of such estimate, the taxpayer has paid in any calendar year an amount of tax in excess of the amount due in such year under section 298.24, after application of credits for any excess payments made in previous years, all as determined by the commissioner of taxation, the taxpayer shall be given credit for such excess amount against any taxes which, under said section, may become due from the taxpayer in subsequent years. In any calendar year in which a general property tax levy subject to sections 275.11 or 275.125 has been made, if the taxes distributable to any such city, village or school district are greater than the amount estimated to be paid to any such city, village or school district in such year, the excess of such distribution shall be held in a special fund by the city, village or school district and shall not be expended until the succeeding calendar year, and shall be included in computing the permissible levies under sections 275.11 or 275.125, of such city, village or school district payable in such year. If the amounts distributable to any such city, village or school district, after final determination by the commissioner of taxation under section 298.28 are less than the amounts indicated by such estimates, such city, village or school district may issue certificates of indebtedness in the amount of the shortage, and may include in its next tax levy, in excess of the limitations of sections 275.11 or 275.125 an amount sufficient to pay such certificates of indebtedness and interest thereon, or, if no certificates were issued, an amount equal to such shortage.

There is hereby appropriated to such taxing districts as are stated herein and to the taconite property tax relief account in the apportionment fund in the state treasury, from any fund or account in the state treasury to which the money was credited, an amount sufficient to make the payment or transfer.
