Mr. Johnson, C., from the Committee on Education to which was referred:

S. F. No. 1530, A bill for an act relating to education; authorizing and prohibiting fees for public educations.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert in lieu thereof:

"Section 1. This act may be cited as "The Minnesota Fair Pupil Fee Law.".

Sec. 2. [GENERAL POLICY.] A public school pupil shall not be denied an education because of economic inability to furnish educational books and supplies necessary to complete educational requirements necessary for graduation. Any practice leading to suspension, coercion, exclusion, withholding of grades or diplomas, or discriminatory action based upon nonpayment of fees denies pupils of their right to equal protection and entitled privileges. On the other hand it is recognized that school boards do have the right to accept voluntary contributions and to make certain charges and to establish fees in areas considered extra, non-curricular or supplementary to the basic minimum requirements for the successful completion of a class or educational program. No public school board may require, therefore, the payment of fees relating to participation in the minimum requirements of any instructional program.

Sec. 3. [AUTHORIZED FEES.] Subdivision 1. A school board is authorized to require payment of fees in the following areas:

(a) In any program where the resultant product, in excess of minimum requirements and at the pupil's option, becomes the personal property of the pupil;

(b) Admission fees or charges for extra curricular activities, where attendance is optional, or products;

(c) A security deposit for the return of materials, supplies, or equipment;

(d) Personal physical education and athletic equipment and apparel, although any pupil may provide his own provided it meets reasonable requirements and standards relating to health and safety established by the school board;

(e) Items of personal use such as pencils, pens, erasers, notebooks, rulers, protractors, class rings, annuals, and graduation announcements;

(f) Fees for courses established specifically by any other statute;

(g) Items sold in the operation of any school store;

(h) Field trips considered supplementary to a district educational program;

(i) Any authorized voluntary student health and accident benefit plan;

(j) Rental of music instruments which fee shall not exceed rental cost to the district or the annual depreciation and maintenance cost.

Subd. 2. A school board may waive any such deposit or fee if any pupil or his parent or guardian is unable to pay it.

Sec. 4. [PROHIBITED FEES.] Subdivision 1. A school board is not authorized to charge fees in the following areas:

(a) Textbooks, work books, art paper, laboratory supplies, towels;

(b) Supplies required for the minimal educational program of the course, including but not limited to, home economics and industrial arts;

(c) Field trips which are required as a part of a basic education program or course;

(d) Graduation caps, gowns, any other uniform required for any educational program, and diplomas;

(e) Instructional costs for necessary school personnel employed in any required course or educational program;

(f) Library books required to be utilized in any educational course or program;

(g) Admission fees, dues, or fees for any activity the pupil is required to attend;

(h) Any admission or examination cost for any required educational course;

(i) Locker rentals.

Subd. 2. No pupil's rights or privileges, including the receipt of grades or diplomas may be denied or abridged for non-payment of fees; but this provision shall not prohibit a school district from maintaining any action provided by law for the collection of such fees authorized by section 3.

Sec. 5. The areas enumerated in sections 3 and 4 shall be construed as examples of authorized or prohibited fees. The state board pursuant to the administrative procedures act, Minnesota Statutes, Sections 15.0411 to 15.0426, and consistent with the general policy of section 2 shall have the power to specify additional examples of such fees and to adopt rules for the implementation of this act.

Sec. 6. [EFFECTIVE DATE.] This act shall be effective on July 1, 1975."

Further, delete the title in its entirety and insert in lieu thereof:

"A bill for an act relating to education, authorizing and prohibiting certain pupil fees."

With the recommendation that when so amended the bill do pass.

The report was adopted.

Mr. Munger from the Committee on Environmental Preservation and Natural Resources to which was referred:

H. F. No. 2797, A bill for an act relating to energy conservation; providing for regulations to reduce wasteful and inefficient energy use; providing for energy conservation, education, and technical assistance; providing penalties.

Reported the same back with the following amendments:

Strike everything after the enacting clause and insert in lieu thereof:

"Section 1. [POLICY, FINDINGS.] The legislature seeks to encourage thrift in the use of energy and maximize the use of energy efficient systems in order to reduce the rapid rate of growth in energy demand. If presently projected energy demand occurs in the future, there will be insufficient energy resources to meet demand and the facilities needed for such energy production will cause severe degradation of the environment. The legislature finds that uniform statewide regulations to conserve energy can significantly reduce energy demand and are necessary to assure an adequate, reliable supply of energy in the future, consistent with environmental protection.

Sec. 2. [CITATION.] This act may be cited as the Minnesota energy conservation act of 1974.

Sec. 3. [DEFINITION.] Subdivision 1. For the purposes of this act, the following terms shall have the meanings here given them.

Subd. 2. "Commissioner" means the commissioner of energy.

Subd. 3. "Building" means any enclosed physical structure erected in the state which is subject to the state building code or funded in whole or in part by a state appropriation, including, but not limited to, houses, apartment buildings, factories, office buildings, stores, shopping centers, stadiums, sports arenas and warehouses.

Subd. 4. "Electric facility" means any electric generating equipment or facility and any electric transmission line.

Subd. 5. "Person" means an individual, partnership, joint venture, private or public corporation, association, firm, public service company, cooperative, political subdivision, municipal corporation, government agency, public utility district, or any other entity, public or private, however organized.

Subd. 6. Construction shall be deemed to have started or commenced as a result of significant physical alteration of a site but not including activities incident to preliminary engineering or environmental studies.

Sec. 4. [BUILDING DESIGN, CONSTRUCTION, OPERATION AND MAINTENANCE STANDARDS.] Subdivision 1. After consideration of standards developed pursuant to the state building code and in consultation with the commissioner, the commissioner of administration pursuant to Minnesota Statutes, Chapter 15, shall promulgate building design, construction, maintenance and operation standards to insure the efficient use

of energy consistent with protecting the public health, safety and welfare as follows:

(a) by April 1, 1975, specific design and construction standards regarding such areas as heat loss control, illumination and climate control for new buildings. The standards shall become part of the state building code and be effective six months after promulgation.

(b) by September 1, 1975, specific required modifications for various types or classes of existing buildings in such areas as heat loss control, illumination and climate control. The standards shall be economically and technically feasible and shall become part of the state building code. The commissioner shall also promulgate on September 1, 1975, reasonable deadline dates for various types and classes of existing buildings to come into compliance with the standards.

(c) by September 1, 1975, specific operation and maintenance standards and procedures for various types and classes of new and existing buildings. The standards shall be effective on the date of promulgation.

(d) by January 1, 1977, standards of energy use allocations based on building area, occupancy or other unit standards of measurement for various types and classes of new buildings. The standards shall become part of the state building code and be effective six months after promulgation.

Subd. 2. After the date specified in this act or in the regulations promulgated hereunder, no construction on a building may commence and no building permit may be granted unless the building will comply with regulations promulgated pursuant to this act.

After the effective date of the standards of energy use allocation established by subdivision 1, clause (d), the standards shall supersede the specific design and construction standards established by subdivision 1, clause (a) except that if the commissioner makes an affirmative determination that such an energy use allocation is not feasible and cannot be established for a type or class of buildings, specific design and construction standards shall continue to be applicable to such buildings. Prior to the issuance of a building permit or the commencement of construction of any building whose construction is regulated hereunder, the building architect, engineer, or owner shall file a certificate of compliance with the regulations pursuant to this act with the commissioner. The certificate shall provide such information in a form and manner as specified by the commissioner.

Sec. 5. [STREET AND HIGHWAY LIGHTING.] After consultation with the commissioner of highways and the commissioner of public safety, the commissioner shall, pursuant to

chapter 15, promulgate regulations establishing maximum energy use standards for street, highway and parking lot lighting. Such standards shall be consistent with overall protection of the public health, safety and welfare. No new highway, street or parking lot lighting shall be installed in violation of these regulations and existing lighting levels shall be reduced to these levels as soon as feasible and practical consistent with overall energy conservation.

Sec. 6. [ENERGY GENERATION EFFICIENCY.] The commissioner shall, pursuant to chapter 15, promulgate minimum standards of efficiency for operation of any new electric facility at a particular site which are technically and economically feasible. No new electric facility shall be constructed, where construction starts after January 1, 1977, unless these standards are met.

Sec. 7. [PROMOTIONAL PRACTICES.] The commissioner shall investigate promotional practices by energy suppliers and, pursuant to chapter 15, shall promulgate regulations to limit or prevent such practices in order to reduce the rate of growth of energy demand.

Sec. 8. [OUTDOOR ADVERTISING.] The commissioner shall promulgate regulations to limit or prevent various types of electric outdoor advertising including exterior signs on stores within enclosed shopping malls. In no event shall these regulations prevent the use of an advertising device, as defined in Minnesota Statutes, Section 173.02, utilizing electricity on a particular business premise during hours after sunset or before sunrise when the business is in operation; however, the commissioner may establish maximum energy use allocations for outdoor advertising based on the size and type of business.

Sec. 9. [NATURAL GAS LIGHTING.] After the effective date of this act, no person shall knowingly sell or use natural gas for decorative outdoor illumination. Each day of such sale or use shall constitute a separate offense.

Sec. 10. [STATE AND LOCAL PURCHASING.] Subdivision 1. The commissioner, in conjunction with the commissioner of administration, shall conduct a study of all state purchasing of supplies, automobiles and other equipment and all use of materials in order to determine the potential for energy conservation.

Subd. 2. The commissioner may promulgate regulations to insure energy use and conservation will be considered in all state purchasing and, where appropriate, to require certain minimum energy efficiency standards in purchased products and equipment. No state purchasing of equipment or material use shall occur that is not in conformity with these regulations.

Subd. 3. On or after July 1, 1974, no passenger automobile weighing more than 3,500 pounds shall be purchased or leased for use in the central motor pool or for the use of any state department or agency unless a state agency or department demonstrates to the satisfaction of the commissioner that a heavier passenger automobile is necessary. The commissioner shall promulgate rules and regulations setting forth guidelines and criteria for determining the need for larger vehicles. Criteria for allowing the purchase or lease of heavier passenger automobiles shall include:

(a) the need for a heavier passenger automobile to carry out specified duties.

(b) the need for a heavier passenger automobile in the interests of safety under specified conditions.

(c) the ability of a heavier passenger automobile to attain superior gasoline efficiency as evidenced by the specific labeling program of the federal environmental protection agency.

Subd. 4. On or after September 1, 1974, no passenger automobile weighing more than 3,500 pounds shall be purchased or leased for use by any local governmental unit of this state, unless the governing body of that local governmental unit has demonstrated, to the satisfaction of the commissioner, that the use of a heavier passenger vehicle is necessary. The commissioner shall promulgate rules and regulations setting forth guidelines and criteria for determining the need for larger vehicles. Criteria for allowing the purchase or lease of heavier passenger automobiles shall include:

(a) the need for a heavier passenger automobile to carry out specified duties.

(b) the need for a heavier passenger automobile in the interests of safety under specified conditions.

(c) the ability of a heavier passenger automobile to attain superior gasoline efficiency as evidenced by the specific labeling program of the federal environmental protection agency.

Subd. 5. No tax exempt number plates shall be issued for cars in excess of 3,500 pounds purchased after September 1, 1974, unless such purchase has been approved by the commissioner.

Sec. 11. [PASSENGER VEHICLE GASOLINE EFFICIENCY.] Subdivision 1. After January 1, 1975, no new passenger automobile or station wagon as defined in Minnesota Statutes, Section 168.011, shall be sold or offered for sale in this state unless a label is affixed to the window of such vehicle, in close proximity to the price sticker, setting forth the estimated

number of miles that may be traveled on one gallon of fuel under ordinary city driving conditions. The label shall also state that driving habits and other factors may influence the estimated fuel mileage. All information contained on the label shall be in accordance with the specific labeling program of the federal environmental protection agency, except that information from the general labeling program may be used in the absence of information under the specific labeling program.

Sec. 12. [METROPOLITAN HIGHWAYS.] Prior to the construction of any interstate, federal aid system or trunk highway in Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, St. Louis or Washington counties, the commissioner shall review and evaluate the effects of the proposed highway on present and future state energy supplies, demands and needs. The commissioner shall supply a written evaluation to the commissioner of highways and the evaluation shall be included as part of any environmental impact statement. Evaluations made by the commissioner shall be considered by the commissioner of highways prior to the final decision to build any such highway.

Sec. 13. [ENERGY CONSERVATION EDUCATION.] The commissioner shall assist the environmental education council to immediately undertake a statewide program to educate the public on methods of conserving energy.

Sec. 14. [ENFORCEMENT, PENALTIES.] Subdivision 1. Any person who violates this act or any rule or regulation promulgated hereunder or knowingly submits false information in any report required by this act shall be guilty of a misdemeanor for the first offense and a gross misdemeanor for each subsequent offense. Each day of violation shall constitute a separate offense.

Subd. 2. The provisions of this act or any rules or regulations promulgated hereunder may be enforced by injunction, action to compel performance or other appropriate action in the district court of the county wherein the violation takes place. The attorney general shall bring any action under this subdivision upon the request of the commissioner and the existence of an adequate remedy at law shall not be a defense to an action brought under this subdivision.

Subd. 3. When the court finds that any person has violated this act or any rule or regulation thereunder, knowingly submitted false information in any report required by this act, or has violated any court order issued under this act, the court may impose a civil penalty of not more than \$10,000 for each violation. These penalties shall be paid to the general fund in the state treasury.

Sec. 15. This act is effective July 1, 1974."

Further amend the title as follows:

Page 1, line 5, after "conservation" strike the comma.

Page 1, line 6, after "education" strike ", and technical assistance".

With the recommendation that when so amended the bill do pass.

The report was adopted.

Mr. Quirin from the Committee on Governmental Operations to which was referred:

H. F. No. 1900, A bill for an act relating to the city of St. Cloud; contributions to the firemen's pension fund.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert in lieu thereof the following:

"Section 1. [DEFINITIONS.] Subdivision 1. For the purposes of this act, the terms defined in this section have the meanings ascribed to them.

Subd. 2. "Fire department" means the fire department of the city of St. Cloud.

Subd. 3. "Relief association" or "association" means the St. Cloud fire department relief association.

Subd. 4. "Fireman" means every person who is duly appointed as a fireman and regularly entered on the payroll of the fire department and who is on duty with that department. The term does not include emergency employees employed for less than 30 days or temporary employees employed for nine months consecutively in any 12 month period, with the exception of firemen in the association prior to the effective date of this act.

Subd. 5. "Member" means every fireman who has been admitted to membership in the relief association as hereinafter provided.

Subd. 6. "Unit" means a fractional part of the highest monthly base salary paid to any first class fireman as such salary is established from time to time by the city council. A unit shall never be less than  $1/75$  of such monthly salary.

Subd. 7. "Disability" means physical or mental incapacity, or a combination thereof, which renders a member unable to perform the duties of his position in the fire department.

Subd. 8. "Disability pensioner" means a person incapable of performing his duties by reason of sickness, or injury incurred while an active member.

Subd. 9. "Sick benefits" means such sum of money up to and including 36 units that may be advanced to a sick or injured member in lieu of disability benefits paid upon the recommendation of the relief committee, accompanied by the certificate of disability from one attending physician or surgeon, while the board of examiners is considering, but has not acted upon, the member's application for disability benefits.

Subd. 10. "Temporary disability" means any disability which renders an active member unfit to perform his duties as a fireman upon the member's application therefor in accordance with the procedures set forth in the bylaws and the board of examiners determination thereof which has not been determined by the board of trustees to be permanent.

Subd. 11. "Permanent disability" means that the board of trustees has passed a resolution stating that a member is permanently disabled after the board of examiners has determined that the member was disabled and that the member is entitled to a disability pension.

Subd. 12. "Pensioner" means a member of the association who has qualified and is receiving a pension.

Subd. 13. "Deferred pensioner" means a member of the relief association who has completed not less than 20 years of service in the fire department of the city of St. Cloud, before reaching the age of 50 years, and who is entitled upon request to receive a pension when he attains the age of 50 years.

Subd. 14. "Funeral benefit" means a sum given to assist the family of a deceased member in defraying funeral expenses.

Subd. 15. "Death benefit" means a sum to be paid to beneficiaries of a deceased member after his death.

Subd. 16. "Payroll deduction" means deductions from the salaries of members made pursuant to section 4.

Subd. 17. "City" means the city of St. Cloud.

Sec. 2. [ORGANIZATION; OPERATION.] Subdivision 1. The members of the fire department of the city shall organize a firemen's relief association or maintain the relief association now existing which shall be incorporated under the laws of this state. This association shall create, maintain, and administer a firemen's pension fund for the benefit of its members, their widows, and their children.

Subd. 2. The association shall be organized, operated and maintained in accordance with its own articles of incorporation and bylaws, by firemen who are members of the fire department.

Subd. 3. The general management of the association shall be vested in a board of trustees, which shall be composed of the following persons: six trustees elected annually from their members and the mayor, city clerk and the chief of the fire department, who shall serve as ex officio members.

Sec. 3. [MEMBERSHIP.] Subdivision 1. Every fireman shall be eligible to apply for membership in the relief association within the time and in the manner set forth in the bylaws of the association.

Subd. 2. The association shall have the right to exclude all applicants for membership who are not physically and mentally sound, so as to prevent unwarranted risks for the association; and additional requirements for the entrance fees and annual dues for membership in the association as may from time to time be prescribed in the bylaws of the association.

Subd. 3. Any active member who is granted a leave of absence, shall cease to be an active member as of the effective date of leave and thereafter shall not be entitled to any benefits unless benefits were granted or applied for prior to such leave. Any member who was on a leave of absence, may resume active membership, and shall be considered an active member from the time he is reentered on the payrolls of the fire department, without medical examination provided his absence does not exceed 30 calendar days. In the event the absence of any member exceeds the 30 calendar days, the member must reapply for membership in accordance with the bylaws, unless such leave was granted due to the member serving with the armed forces of the United States.

Subd. 4. When any active member of the association ceases for any cause to be a member of the fire department, his name shall be stricken from the list of active members of the association, and unless his retirement is caused by disability of such character as shall entitle him to a pension under the articles of incorporation or bylaws, or unless he shall subsequently be reinstated pursuant thereto, such retiring member shall thereafter not be entitled to any pecuniary benefit or aid from his membership herein.

Sec. 4. [SOURCES AND ADMINISTRATION OF FUNDS.] Subdivision 1. Funds of the association shall be derived from the following sources:

- (a) Gifts made for such purposes;

(b) Money received under the provisions of Minnesota Statutes, Sections 424.01 to 424.31;

(c) Deductions from each member's salary to be made by the city treasurer, finance commissioner or other fiscal officer in an amount equal to six percent of the monthly salary of a first class fireman. Said sum shall be increased by one half of one percent effective January 1, 1975 and again in identical increments on the first day of January of each year thereafter until such time as the member's contribution equals eight percent of the monthly salary of a first class fireman;

(d) Moneys now in the firemen's relief association treasury and all interest thereon or gains therefrom.

(e) Any other income allowed by law.

Subd. 2. Any surplus remaining in these funds at the close of any fiscal year shall continue therein. Notwithstanding the provisions of subdivision 1, clause (d), the balance in the fund may be reduced proportionately as the number of members of the association and pensioners declines below the number of such members and pensioners on July 1, 1974. Any balance remaining in the fund upon the death of the last member of the association or spouse or eligible beneficiary thereof shall be turned over to the city treasury for general purposes.

Subd. 3. The board of trustees shall have exclusive control and management of all funds received by its treasurer under the provisions of Minnesota Statutes, Sections 424.30 and 424.31 and funds derived for the investment of these funds, and such funds when received, shall be kept in a special fund on the books of the secretary and treasurer of the association and never disbursed for any purpose except the following:

(a) For the relief of sick, injured and disabled members;

(b) For the payment of pensions to disabled firemen and their widows and orphans of firemen;

(c) For the payment of pensions to retired firemen pursuant to the laws of the state and the bylaws of the association;

(d) For the payment of such death or funeral benefits as may be from time to time stipulated in the bylaws of the association;

(e) For the payment of all expenses of administering such fund, including the secretary's and treasurer's salaries, and including payments from the fund for the purchase of insurance to cover either the disability or death of a member declaring the special fund as beneficiary and including expenses in connection with the investment and protection of moneys in said fund;

(f) For the payment of premiums for health insurance policies.

Subd. 4. The money received from the various sources shall be kept in two separate and distinct funds, one to be designated as the association special fund and the other as its general fund. All money received from the state, the city of St. Cloud and from all payroll deductions shall be deposited in the special fund, and expended only for purposes hereinafter authorized. All money received from other sources shall be deposited in the general fund and may be expended for any purpose deemed proper by the association.

Sec. 5. [FUNERAL AND DEATH BENEFITS.] Subdivision 1. Upon the death of any active member of this association in good standing, there shall be allowed and appropriated out of the special fund of the association a funeral benefit in the amount of \$200.

Subd. 2. Upon satisfactory proof of the death of an active member or permanent pensioner of the association, leaving a widow or a child or children who are entitled to a pension pursuant to the provisions of the articles of incorporation of the association, the board of trustees shall allow a pension to be paid out of the special fund of the association to any widow or to any child under 18 years of age of any member as follows:

(a) When a service pensioner, deferred pensioner, disability pensioner, or an active member of the relief association dies leaving a widow who was his legally married wife residing with him, and who was married while or prior to the time he was on the payroll of the fire department, and who, in case the deceased member was a service pensioner or a deferred pensioner, was legally married to the member at least one year before his retirement from the fire department, then to such widow a dependency pension of 18 units per month for her natural life, but, if she remarries, the pension shall cease as of the date of the remarriage.

(b) When a service pensioner, deferred pensioner, disability pensioner, or an active member of the relief association dies leaving a child or children who were living while the deceased was on the payroll of the fire department or born within ten months after the deceased was withdrawn from such payroll, then to each such child a dependency pension of six units per month until the child reaches 18 years.

(c) The total dependency pensions payable under paragraphs (a) and (b) above for the widow and children of a deceased member shall not exceed 36 units per month. The pension due to any minor child or children shall be paid to the legal guardian of such child or children.

Subd. 3. Upon the death of any active member, or permanent pensioner, leaving neither wife as beneficiary nor any child entitled to a pension as hereinafter provided, the board of trustees shall pay to the person or persons named as beneficiary in his certificate the sum of \$200 out of the special fund of the association as a funeral benefit. In the event the beneficiary named is not permitted under the articles or bylaws of the association to receive said sum, the board of trustees, shall make payment to one of the following people in this order of preference: first, the widow, if any; second, the member's children, if any, in equal shares; third, the parents of the deceased member; and fourth, his brothers and sisters, in equal shares. If the member leaves a minor child or children surviving him, who are entitled to a pension, such child or children shall, upon arriving at the age of 18 years be paid the sum of \$200, mentioned in the benefit certificate, less amounts paid to such child or children as a pension in accordance with the provisions of this section; upon surrender of the certificate. If certificate is lost or illegible an affidavit shall be signed before benefits are granted. No benefit shall be paid out under the provisions of this section except to a child, parent, brother or sister. No payment shall be made pursuant to this section if the making of such payment would reduce the special fund balance below the sum of \$1,000.

Sec. 6. [BENEFITS.] Subdivision 1. Whenever any active member not eligible for a service pension from the association, in good standing, becomes incapacitated from performing his duties as an active fireman in the fire department, by reason of illness or bodily injuries, provided that the condition causing such disability did not result from an attempted suicide or otherwise due to intentional self-inflicted injuries, the member shall then be entitled to relief in the amount of 36 units paid monthly from the time the member is dropped from the payroll upon the expiration of his leave of absence with pay, provided that the member complies with the bylaws of the association governing such disability benefits.

Subd. 2. (a) Any member of the age of 50 years or more who performs the duties as a member of the fire department of the city for 20 years or more, upon his written application after retiring from such duties shall be paid monthly during his lifetime a pension equal to 35 units plus one additional unit for each year of service in excess of 20 years, not to exceed a maximum of 42 units.

(b) Any member who performs duty as a member of the fire department of the city for 20 years or more who retires from such duty before he attains the age of 50 years, upon his written application after reaching 50 years of age shall be paid monthly during his lifetime a pension equal to 35 units plus one additional unit for each year of such service in excess of 20 years, but not to exceed a maximum of 42 units. In the case of an applicant for a pension pursuant to clauses (a) and (b) above, who, following admission to membership in the association, has served in the

military forces of the United States in any war or national emergency subsequent to January 1, 1940, and thereafter is honorably discharged from military service and resumes membership in the association, the period that the applicant spends in military service shall be counted in computing the period of service required for benefits under this section. During a period of military service any such person is not considered a member of the association and is not entitled to any service pension, disability benefits, or deferred pensions as provided in clauses (a) and (b) above, unless previously earned. If the member does not return to employment of the fire department within one year from the cessation of war or the termination of the period of the emergency, the provisions of this subdivision shall not apply.

Subd. 3. Every member of the association who was retired on January 1, 1961, and was receiving a service pension on that date, or had attained a deferred pensioner status on that date, and who is eligible to receive a pension thereafter, shall receive a pension each month thereafter during the time he is so eligible to receive a service pension equal to not less than 32 units and not more than 35 units, as determined by a uniform rule established by the board of trustees.

Subd. 4. All members who retire after July 1, 1973 shall be eligible for the same group health insurance coverage as is provided by the city for active fire fighters. If such a retired member requests coverage under the group hospitalization insurance plan for city employees, the fireman's pension fund shall pay the city, on behalf of the retired member, an amount equal to the premium for the same coverage for an active fire fighter. Said premium payment shall be in addition to and not deducted from any other payments for which the individual is eligible from the association. In the event such a retired member is receiving deferred pension, he shall be eligible for such insurance, however, the premiums therefore shall be paid by the retired member until such member reaches the age of 50, at which time he shall become eligible to have said premiums paid by the association as specified above. A retired member shall also be eligible to apply for and receive coverage for his eligible dependents under said group plan, however the cost of such additional insurance shall be paid by the retired member. The benefits provided in this section shall cease when the individual receiving said benefits attains the age of 65.

Sec. 7. [ACTIONS: EXEMPTION FROM PROCESS.]  
Subdivision 1. No person shall bring an action to recover any benefits provided in sections 5 and 6, unless he shall post a bond in a sufficient amount to defray the cost of the governing board of defending said action. In the event the governing board is sustained the portion of the bond necessary to defray these costs shall be forfeited to the association.

Subd. 2. Any payment made by the association under any provision of this act is exempt from any legal process. No person entitled to any such payment may assign the same. The association shall not recognize any assignment or pay any sum on account thereof.

Sec. 8. [POWERS OF CITY OFFICIALS LIMITED.] Subdivision 1. When the governing board of the firemen's relief association determines what is necessary to adequately protect, maintain, and administer the firemen's pension fund created by section 2, subdivision 1, neither the governing body of the city nor any official of the city may thereafter deny adequate representation therefor.

Subd. 2. Any duties performed by any member of such association under any provision of subdivision 1, are deemed to be fire duties.

Sec. 9. [P.E.R.A. MEMBERSHIP.] Subdivision 1. Notwithstanding any provisions of this act or any other general or special law to the contrary, all fire fighters first employed by the city on or after the effective date of this act shall be members of the public employees police and fire fund operated pursuant to Minnesota Statutes, Sections 353.63 to 353.68. Such persons shall not be members of the firemen's relief association and pension fund of the city continued and maintained pursuant to this act nor be subject to any of the laws related thereto.

Sec. 10. [GUIDELINES ACT NOT AFFECTED.] No provision of this act shall be construed as exempting, abridging, repealing, or amending compliance with the provisions of the police and firemen's relief association guidelines act of 1969, as amended, except as herein specifically provided. From and after the effective date of this act, Minnesota Statutes, Sections 424.01 to 424.31 shall not apply to the firemen's relief association of the city of St. Cloud, except as otherwise provided therein.

Sec. 11. This act is effective upon approval by the city council of the city of St. Cloud and upon compliance with Minnesota Statutes, Section 645.021."

Further, delete the title and insert in lieu thereof:

"A bill for an act relating to the city of St. Cloud; contributions and benefits of members of the firemen's relief association."

With the recommendation that when so amended the bill do pass.
