Subd. 2. "Commissioner" means the commissioner of corrections.

Subd. 3. "Agency" means the public or private agency with which the commissioner of corrections has contracted to provide services for the study, assessment and treatment of antisocial sexual behavior, or the public or private agency with which the commissioner has contracted to evaluate, review or monitor department of corrections programs related to the study, assessment, and treatment of antisocial sexual behavior.

Subd. 4. "Assessment" means a complete, physical, behavioral, psychiatric and social examination.

Subd. 5. "Study" means conducting research to determine the nature and cause of antisocial sexual behavior and to determine the most effective means of providing treatment for antisocial sexual behavior.

Sec. 2. Subdivision 1. The commissioner of corrections shall provide programs for the study, assessment and treatment of antisocial sexual behavior. To fulfill this duty, the commissioner may contract with public or private agencies to provide services for the study, assessment, and treatment of antisocial sexual behavior, or he may provide the services through the department of corrections. If the commissioner contracts with an agency to provide these services, the agency shall submit to the commissioner, prior to approval of the contract, a plan specifying the services to be provided by the agency, the proper allocation of agency and department of corrections duties with respect to persons participating in the treatment programs to be provided, the

costs of providing these services, and the method of research to be used in studying the causes and treatment of antisocial sexual behavior.

Subd. 2. The commissioner shall provide for the evaluation of programs established pursuant to this act. If the commissioner contracts with an agency for the provision of study, assessment and treatment services under this act, he shall evaluate, review and monitor all agency programs. If the commissioner does not contract with an agency to provide study, assessment and treatment services, he shall contract with a public or private agency to evaluate, review, and monitor department of corrections programs developed and implemented by the commissioner to fulfill his duties under this act.

Subd. 3. The commissioner or the agency, whichever conducts the evaluation required by subdivision 2 of this section, shall prepare a plan specifying the review, evaluation, and monitoring services to be provided and the costs of providing the services. The commissioner or the agency shall:

(b) Review and monitor study, assessment, and treatment programs to insure that they are conducted in the proper legal and ethical manner; and

(c) Report during each legislative session to the legislative standing committees having jurisdiction over the subject matter concerning the evaluations made as required by clauses (a) and (b) of this subdivision; and

(d) Issue any reports or other statements as the commissioner or the agency administrator deems necessary to discharge the duties required by this act.

Subd. 4. During the development and implementation of programs required by this act, the commissioner shall consult with the chairmen of the legislative standing committees having jurisdiction over the subject matter. The commissioner shall also report to the legislature during the 1976 legislative session and each session thereafter concerning the development and implementation of the programs required by this act.

Any person who is convicted of crime or adjudicated delinquent may, upon compliance with criteria established by the commissioner of corrections and approval by the Minnesota corrections authority, be selected by the commissioner to participate in the study, assessment, and treatment programs provided by this act.

Subd. 2. If the commissioner of corrections chooses for participation in the programs a convicted person committed to the commissioner of public welfare pursuant to section 246.43, the commissioner of public welfare shall transfer that person to the control of the commissioner of corrections to receive appropriate treatment. Any individual so transferred shall remain in the control of the commissioner of corrections until the individual revokes consent to treatment pursuant to section 4, subdivision 3, or until the commissioner terminates the individual's participation in a treatment program pursuant to section 4, subdivision 3, or until the individual has completed his treatment program to the satisfaction of the commissioner of corrections, whereupon he shall be returned to the control of the commissioner of public welfare for appropriate disposition. During the term of any individual's participation in a program developed under this act, the cost of his maintenance, care, and treatment shall be paid by the commissioner of corrections. The commissioner of public welfare shall allow the staff conducting assessments of persons in preparation for the selection of participants for these programs access to those persons under his custody whom the assessing staff chooses to interview and assess.

Sec. 4. [CONSENT TO RECEIVE TREATMENT.] Subdivision 1. During discussions with this staff, the person shall be entitled to the presence and advice of any adult advisor he chooses. In the case of a juvenile, his parents shall also be entitled to be present during any of the discussions.

In developing a treatment program for individual persons, the treatment staff shall make efforts to develop an effective treatment plan that is acceptable to the person seeking treatment.

Subd. 2. Modifications of a treatment program, other than minor ones, may only be made with the consent of the individual under treatment, and, in the case of a juvenile, his parents must also give written consent to each modification. During any discussions between staff and the person under treatment concerning any proposed plan modifications, the person shall also be entitled to the presence and advice of an adult advisor of his choosing or his parents. In the case of a juvenile, his parents shall also be entitled to be present during any discussions of this nature.

Subd. 3. Any person who has given written consent to allow participation in treatment programs for antisocial sexual behavior established pursuant to this act may at any time revoke consent to participation in any or all treatment programs for

antisocial sexual behavior. If consent is revoked for participation in a treatment program, by the individual under treatment, he and the treatment staff shall attempt to agree upon a new or modified program. If the treatment staff and the individual fail to agree upon a new or modified program, the commissioner shall remove the individual from the treatment program and either return him to the jurisdiction from which received or return him to a state correctional institution.

Sec. 5. [CONVICTED PERSON'S PROGRESS REPORTED.] Immediately upon completion of a convicted person's participation in a treatment program for antisocial sexual behavior to the commissioner's satisfaction, the commissioner shall forward to the Minnesota corrections authority or the commissioner of public welfare, whichever is appropriate, an evaluation of the convicted person's progress in any such programs.

Reported the same back with the following amendments:

Strike everything after the enacting clause and insert the following:

"Section 1. [POLICY STATEMENT.] The legislature of the state of Minnesota finds that the use of bicycles as a means of travel and recreation embodying physical, environmental and social benefits is already recognized by many people in the state, and will be further encouraged given the opportunity for safe, convenient and pleasant bicycle travel. The legislature further finds that dependence on the private automobile must be reduced, particularly in the light of an energy shortage and encouragement of increased bicycle usage by the provision and maintenance of bikeways and with the addition of some traffic laws designed for the orderly integration of bicycles into traffic systems, is a way of reducing this dependence. However, the growth in popularity of the bicycle as a mode of transportation and as a recreational vehicle has led to an increase in the number of bicycle thefts. To more effectively deal with the problems associated with theft and to aid in the recovery of stolen bicycles, a statewide bicycle registration system is hereby created.

Sec. 2. [DEFINITIONS.] Subdivision 1. For purposes of sections 1 to 23 the terms defined in this section shall have the meanings given them.

Subd. 2. "Bicycle" means every device propelled by human power upon which a person may ride, having two tandem wheels either of which is over 14 inches in diameter, and including any device generally recognized as a bicycle though equipped with two front or rear wheels.

Subd. 3. "Bicycle dealer" means a person, firm, partnership, or corporation which is engaged, wholly or partly, in the business of selling bicycles, or buying or taking in trade bicycles for the purpose of resale, selling, or offering for sale, or otherwise dealing in bicycles, whether or not the bicycles are owned by the person or entity. The term does not include agents or employees of the person or entity.

Subd. 4. "Commissioner" means the commissioner of public safety.

Subd. 5. "License plate" means a tag, plate, seal or other device which can be permanently attached to a bicycle and is issued upon registration of the bicycle.

Sec. 3. On or after January 1, 1976 any owner of a bicycle may apply for registration of the bicycle to the commissioner,

to any deputy registrar of motor vehicles acting pursuant to Minnesota Statutes, Section 168.33 or to any deputy registrar of bicycles appointed by the commissioner pursuant to section 11. Applications shall contain the name and address of the owner, the signature of the owner, the name and address of the person from whom purchased, the date of purchase, the date of registration, the make, serial number, model number, and any additional information as the commissioner may require. Applications shall be on a three part form provided by the commissioner. The original shall be retained by or immediately forwarded to the commissioner, the second copy shall be retained by the purchaser and the third copy shall be retained for one year by the deputy registrar, if any, who received the application. The commissioner shall designate a number to be stamped or otherwise permanently affixed on the frames of bicycles on which no serial number can be found, or on which the number is illegible or insufficient for identification purposes.

Sec. 4. [REGISTRATION FEE.] The registration fee for bicycles shall be \$3. These fees shall be paid at the time of registration. All fees so collected shall be deposited in the general fund. Proof of purchase shall be required for registration. Bicycles lacking proof of purchase shall be registered if there is no evidence that such bicycle is stolen. However, the registration record shall be marked to indicate that no proof of purchase was provided. The registration of a bicycle shall be valid for a term of three calendar years.

Sec. 5. [REPORT OF TRANSFERS.] Every person who sells or transfers ownership of any bicycle registered pursuant to this act shall report the sale or transfer to the commissioner, indicating the name and address of the person to whom the bicycle was sold or transferred. The report shall be made within 14 days of the sale or transfer.

Sec. 6. [NOTIFICATION OF ADDRESS CHANGE.] Whenever the owner of a bicycle registered pursuant to this act moves or changes address, he shall notify the commissioner in writing of the new address within 14 days.

Sec. 7. [LICENSE PLATES.] The commissioner shall provide to the registrant a suitable registration card having the registration number stamped thereon and indicating the date of registration, the make, serial number, and model number of the bicycle, the owner's name and address, and any additional information as the commissioner may require. Information concerning each registration shall be retained by the commissioner. The commissioner shall issue a license plate which shall be permanently attached to the bicycle covered by the registration. Upon a satisfactory showing that the license plate or registration card has been lost or destroyed the commissioner shall issue a replacement license plate or registration card upon payment of a fee of \$1. All fees so collected shall be deposited to the general fund.

Sec. 8. [MUTILATION.] No person shall willfully remove, destroy, mutilate or otherwise alter the serial number of any bi-

cycle. No person shall willfully remove, destroy, mutilate, or otherwise alter any license plate during the time in which the license plate is operative. Any person who violates the provisions of this section is guilty of a misdemeanor.

Sec. 9. [THEFT.] Subdivision 1. The local law enforcement agency shall report the theft of all bicycles registered pursuant to this act to the department of public safety within five days. Reports of the stolen bicycles shall be entered in the national crime information center of the department of public safety. Subd. 2. The commissioner shall maintain a record of all bicycles registered pursuant to this act in the state in an automated system. The records shall be available to all authorized law enforcement agencies through the Minnesota crime information center.

Sec. 10. [TAMPERING WITH A BICYCLE.] No person, other than the owner or the owner's authorized agent, except for protection of the bicycle, shall tamper with any bicycle which has been locked or placed in a rack or otherwise secured. Any person who violates the provision of this section is guilty of a misdemeanor.

Sec. 11. [DEPUTY REGISTRARS OF BICYCLES.] Subdivision 1. [APPOINTMENT.] Subject to the provisions of subdivision 2, the commissioner shall appoint as deputy registrars of bicycles any bicycle dealer, or agent or employee thereof, who applies for appointment in a manner prescribed by the commissioner; provided that concurrently there may be no more than one such deputy for each separate place of business of a bicycle dealer. Deputy registrars of bicycles shall act as agents of the commissioner and may accept registrations as provided in this act, except that no deputy registrar of bicycles shall be required to register bicycles sold by other bicycle dealers. Deputy registrars of bicycles may charge and retain an additional 50 cents per registration granted for their services. All other registration fees collected by such deputies shall be processed, accounted for and transmitted to the state treasurer as required by the commissioner.

Subd. 2. [DENIAL, SUSPENSION OR REVOCATION OF APPOINTMENTS.] The commissioner, without prior notice or hearing, may issue an order denying, suspending or revoking any appointment made or applied for pursuant to this section if he finds that the applicant or deputy registrar of bicycles has violated or failed to comply with any provision of this act or any rule or regulation adopted hereunder. Upon the entry of such an order the commissioner shall promptly serve a copy thereof on the subject applicant or deputy registrar of bicycles. The

order shall state the reasons for its issuance and shall specify that upon the written request of the applicant or deputy registrar of bicycles the matter will be set for hearing within 15 days after the receipt of the request, provided that with the consent of the applicant or deputy registrar of bicycles a hearing may be held subsequent to the expiration of the period specified herein. If no hearing is requested, the order will remain in effect until it is modified or vacated by the commissioner. If a hearing is requested, the registrar, after notice and hearing in accordance with the provisions of Minnesota Statutes, Chapter 15, shall affirm, modify or vacate the order.

Sec. 12. [ADMINISTRATION OF ACT.] The commissioner shall adopt rules and regulations for the implementation and administration of this act no later than January 1, 1976. The commissioner shall begin to accept registrations and implement this act on January 1, 1976.

Sec. 13. [REGISTRATION BY POLITICAL SUBDIVISIONS.] Subdivision 1. After January 1, 1976, no political subdivision may license or register bicycles. However, any political subdivision which had such power prior to January 1, 1976, may thereafter require that any or all bicycles used or ridden upon any highway, street, alley, sidewalk or other public property within the boundaries thereof shall be registered. Applications for new registrations required pursuant to this subdivision shall be made to the commissioner in the same manner and subject to the same regulations, fees and penalties as those made voluntarily pursuant to section 3.

Subd. 2. Any political subdivision of the state which licensed or registered bicycles prior to January 1, 1976, may after such date, continue to maintain its licensing or registration records. In connection with the maintenance of such records, a political subdivision may require the owner of record as of January 1, 1976, of any bicycle registered therewith on or prior to that date to notify the political subdivision when he sells or otherwise transfers ownership of the bicycle.

Sec. 14. The commissioner, with the cooperation of representatives of regional and local units of government and law enforcement agencies, the state trail council, the Governor's trail advisory committee, the commissioner of highways, highway user groups and associations, and cycling groups and associations shall review and analyze problems relating to the operation of bicycles on the public roads and ways.

As part of this review and analysis the commissioner shall review the Minnesota motor vehicle code to identify provisions which give motorists and bicyclists inadequate guidelines where such traffic conflicts or which may be inconsistent or ambiguous when applied to traffic situations involving special bicycle facilities within or adjacent to public streets and highways. The

commissioner shall seek financial assistance from the federal government for the purposes of implementing any section of this act.

No later than January 15, 1976 the commissioner shall report the results of this review and analysis and his recommendations for any necessary action to the legislative committees having jurisdiction over the subject.

[PROGRAM OF BICYCLE EDUCATION.] The state department of education in cooperation with the department of public safety shall develop a proposal by January 1, 1976 for teaching bicycle safety in kindergarten through secondary school. Elements of this proposal shall include instruction in actual on the road operation and a timetable for implementation of a bicycle safety program in school districts throughout the state. No later than January 15, 1976 the commissioner of education shall present this proposal to the legislative committees having jurisdiction over the subject along with his recommendation for necessary action.

Sec. 16. [BICYCLE LANE AND BICYCLE WAY DEFINED.] "Bicycle lane" means that portion of a roadway set aside by the governing body of a political subdivision having jurisdiction over the roadway for the exclusive use of bicycles or other self-propelled vehicles and so designated by appropriate signs and markings. "Bicycle way" means any path or sidewalk or portion thereof designated for the use of bicycles or other self-propelled vehicles by the governing body of a political subdivision. A bicycle way may be designated for the exclusive use of bicycles if this designation does not destroy a pedestrian way or pedestrian access.

Sec. 17. [POWERS OF POLITICAL SUBDIVISIONS.] Subdivision 1. The governing body of any political subdivision may by ordinance:

(a) Designate any roadway or portion thereof under its jurisdiction as a bicycle lane.

(b) Designate any sidewalk or portion thereof under its jurisdiction as a bicycle way.

Subd. 2. A governing body designating a sidewalk or portion thereof as a bicycle way, or a highway or portion thereof as a bicycle lane under this section may:

(a) Designate the type and character of vehicles or other modes of travel which may be operated on a bicycle lane or bicycle way, provided that the operation of such vehicle or other mode of travel is not inconsistent with the safe use and enjoyment of the bicycle lane or bicycle way by bicycle traffic.

(b) Establish priority of right of way on the bicycle lane or bicycle way and otherwise regulate the use of the bicycle lane or bicycle way as it deems necessary.

(c) Paint lines or construct curbs or establish other physical separations to exclude the use of the bicycle lane or bicycle way by vehicles other than those specifically permitted to operate thereon.

The designating governing body may, after public hearing, prohibit through traffic on any highway or portion thereof designated as a bicycle lane, except that through traffic may not be prohibited on a trunk highway. The designating governing body shall erect and maintain official signs giving notice of the regulations and priorities established under this subdivision, and shall mark all bicycle lanes and bicycle ways with appropriate signs.

Subd. 3. The governing body of any political subdivision, by resolution or ordinance and without an engineering or traffic investigation, may designate a safe speed for any street or highway under its jurisdiction and upon which it has established a bicycle lane; provided that such safe speed shall not be lower than 25 miles per hour. The ordinance or resolution designating a safe speed is effective when appropriate signs designating the speed are erected along the street or highway.

Sec. 18. [REPLACEMENT OF BICYCLE AND PEDESTRIAN WAYS.] Subdivision 1. Whenever an existing bicycle lane, bicycle way, pedestrian way or roadway capable of utilization by bicycles or pedestrians or the sole access to such is destroyed by any new federal, state or local highway or roadway construction, reconstruction or relocation, it shall be the responsibility of the road authority involved to insure the reestablishment of such lanes, ways or access.

Subd. 2. Bicycle and pedestrian ways are not required to be established under subdivision 1:

(a) Where the establishment of such bicycle lanes, bicycle ways or pedestrian ways would be contrary to public safety; or

(b) Where the sparsity of population, other available ways or other factors indicate an absence of need for such bicycle lanes, bicycle ways or pedestrian ways.

Sec. 19. [MODEL BICYCLE ORDINANCE.] Subdivision 1. [PURPOSE.] In order to establish uniform statewide application of the state bicycle registration system, political subdivisions are encouraged to adopt, in whole or in part, the model bicycle ordinance as provided in subdivisions 2 to 9.

Subd. 2. [BICYCLE LICENSE REQUIRED.] No person shall ride, use or leave a bicycle upon any public street, alley,

highway, boulevard or on any public sidewalk or public areas in the city unless the same shall be licensed and registered according to state law. For the purposes of registration, bicycle means every device propelled by human power having two tandem wheels either of which is 20 inches or more in diameter, or having three wheels of the same diameter over 20 inches.

Subd. 3. [DEALERS TO BE LICENSED.] (a) All persons, firms or corporations engaged in the business of selling new or secondhand bicycles and selling more than ten per year, shall be licensed under this subdivision. Any person, firm or corporation desiring to obtain such license shall file with the city clerk a written application to the city council stating the full name and address of each location of the applicant for such license. Each location shall require a separate license.

(b) [DEALER LICENSE FEE.] The annual license fees shall be \$10. All dealer's licenses issued under this subdivision shall expire on March 1 of each year.

(c) [REVOCATION OF LICENSE.] Every dealer license granted under this subdivision may be revoked by the city council as provided in the city charter.

(d) [LICENSED PREMISES TO BE OPEN FOR INSPECTION.] The place of business of any licensee under this clause shall be open to the inspection of the administrative assistant, or his authorized agent or any police officer of the city at anytime during business hours.

Subd. 4. [TO BE REGISTERED AT TIME OF PURCHASE.] No bicycle purchased from a bicycle dealer on or after (date) shall be released by the dealer unless the bicycle's registration has been obtained or applied for according to state law.

Subd. 5. [REPAIR OF UNLICENSED BICYCLES PROHIBITED.] Bicycles subject to registration shall not be repaired by an individual, group, company or corporation engaging in the repair or sale of bicycles for a fee until that bicycle has been registered.

Subd. 6. [EXCEPTIONS.] Bicycles sold and normally subject to registration under this ordinance which will not be operated within the state are exempt from registration. Bicycles owned by nonresidents and operated in Minnesota for a period of 30 consecutive days are exempt from registration. Registration provisions do not apply to bicycle manufacturers or bicycle dealers transporting bicycles in the normal course of business.

Subd. 7. [IMPOUNDING.] If any bicycle is being operated or is found abandoned in any street, alley, highway, boulevard

or public grounds without license identification, it shall be prima facie evidence that said bicycle is being operated on the streets of the city without having been licensed and may be impounded. Any person claiming a bicycle which has been impounded and for which a license has not been issued and who presents reasonable proof of ownership shall be charged a \$1 impounding fee and shall obtain a license before the release of the bicycle. At the expiration of 15 days after such impounding, each bicycle which has not been claimed may be sold at auction. Notice containing the description of the bicycle or bicycles to be sold shall be published in the official newspaper of the city at least two weeks prior to such sale. Written notice to the owner of the bicycle so impounded, and as noted in the files of the bureau of police, shall be sent by said bureau via first class mail before such sale.

Moneys generated from the sale of impounded bicycles shall be utilized to enhance bicycle usage including, but not limited to administration of a bicycle impounding facility, bicycle safety education, and planning, designation and maintenance of bicycle trails, lanes, ways and routes.

At the discretion of the police and in lieu of being sold at auction such impounded bicycles may be given free of charge to minors as a part of a bicycle recreation, safety and responsibility program or to any organization including but not limited to schools, parks, and nonprofit organizations operating such programs.

Subd. 8. [PENALTIES.] Any person, 16 years of age and under, who violates any of the provisions of this ordinance, or state law, relating to the vehicle traffic laws while operating a bicycle shall be, for the first offense, reprimanded in writing by the police department, addressed to the parents or guardian of the offender, stating the nature of the violation and a warning that a repetition of the violation, or any other violation, must be prevented by the parents or guardian or the offender's registration certificate will be suspended for a period of time at the discretion of the police department and during that period of time the offender shall not ride his bicycle on the streets. On the second offense the offender will be summoned to appear at the police headquarters with his bicycle, accompanied by a parent or guardian, and after a hearing on the violation, if in the discretion of the chief of police, or his representative, it is decided to punish the offender for the violation, the offender's bicycle may be impounded for a period of time not to exceed 30 days at the discretion of the chief of police or his representative, with the approval if possible, of the parent or guardian, but the decision of the chief of police shall be final and the bicycle impounded. No violation of this ordinance, relating to the vehicle traffic laws as prescribed in this ordinance or by state law shall be considered a criminal offense or made a matter of a court record where the offender is 16 years of age or under.

Any person over 16 years of age who violates any of the provisions of this ordinance while operating a bicycle is guilty of a petty misdemeanor.

Any bicycle dealer violating any provision of this ordinance is guilty of a misdemeanor. A bicycle impounded pursuant to this subdivision remains the property of the owner and may not be sold or given away as provided in subdivision 7.

Subd. 9. [REPEALER.] Any ordinance contrary to, or in conflict with, the provisions of this ordinance is hereby repealed.

Sec. 20. [APPROPRIATION; COMMISSIONER OF PUBLIC SAFETY.] There is appropriated to the commissioner of public safety from the general fund \$250,000 for the biennium ending June 30, 1977, for carrying out the purposes of sections 1 to 14. Before January 15, 1977, the commissioner of public safety shall study and report to the legislature its recommendations for the mandatory registration of all bicycles operated in this state. Nothing herein shall be construed to prevent the commissioner of the department of public safety from contracting any service provided under this act to the private sector, or any other unit of government.

Sec. 21. [APPROPRIATION; COMMISSIONER OF NATURAL RESOURCES.] There is appropriated to the commissioner of natural resources the sum of \$100,000 from the general fund for the development of a program for an interconnecting statewide system of bicycle trails utilizing both the state trails authorized by Minnesota Statutes, Section 85.015, and existing and proposed local bicycle trails. In addition the commissioner shall utilize this appropriation to provide technical assistance to local units of government in planning bicycle trail systems. The state bicycle trail program shall, as a minimum, describe the location, design, construction, maintenance and land acquisition needs of each component trail and shall give due consideration to the model standards for the establishment of recreational vehicle lanes promulgated by the commissioner of highways pursuant to Minnesota Statutes, Section 160.262. The program shall include a proposal for a system of state aid to localities. The proposal for a system of state aid to localities shall provide, as an element of the state aid formula, that the amount of aid apportioned to a locality will depend, in part, upon the numbers of bicycles registered in the locality. The program shall be developed after consultation with the state trail council and regional and local units of government and bicyclists organizations. This appropriation is for the biennium ending June 30, 1977.

Sec. 22. There is appropriated to the commissioner of highways the sum of \$150,000 from the general fund for matching federal funds on a 70/30 basis for construction of bicycle lanes

and bicycle ways on or adjacent to proposed or existent public highways and local streets. Of the 30 percent state contribution, 20 percent of the match will be provided by the local unit of government, including in kind contributions. Due consideration shall be given to the model standards for the establishment of bicycle and recreational vehicle lanes promulgated by the commissioner of highways pursuant to Minnesota Statutes, Section 160.262, and the plan established by the commissioner of natural resources pursuant to section 21.

Subd. 10. The special compensation fund is created for the purposes provided in this chapter in the following manner:

(1) In every case of death of an employee resulting from personal injury arising out of and in the course of his employment where there are no persons entitled to monetary benefits of dependency compensation, the employer shall pay to the commissioner of the department of labor and industry the sum of \$5,000 for the benefit of the special compensation fund; in every

case of death of an employee resulting from personal injury arising out of and in the course of his employment where there are no persons entitled to at least \$5,000 in monetary benefits of dependency compensation, the employer shall pay to the commissioner of the department of labor and industry for the benefit of the special compensation fund the difference between the amounts actually paid for such dependency benefits and \$5,000; but in no event shall the employer pay the commissioner of the department of labor and industry less than \$1,000;

(2) When an employee shall suffer personal injury which results in permanent partial disability, temporary total disability, temporary partial disability, permanent total disability or death and which entitles him or dependents to compensation under sections 176.101 or 176.111, the employer shall in addition to compensation provided therein, pay to the commissioner of the department of labor and industry for the benefit of the special compensation fund a lump sum without interest deduction equal to seven percent of such total compensation, as soon as the amount payable for the particular injury is determined, or arrived at by agreement of the parties and such amount is approved by the commissioner of the department of labor and industry.

The provisions of clauses (1) and (2) shall apply to all workmen's compensation payments, exclusive of medical costs, paid under sections 176.101 and 176.111 for all injuries or death occurring on or after June 1, 1971.

Personal injuries that occurred prior to June 1, 1971 shall be assessed at the rate in effect on the date of occurrence.

The seven percent of the total compensation required to be paid by the employer to the commissioner of the department of labor and industry for the benefit of the special compensation fund as provided in clause (2) of this subdivision shall remain fixed at said seven percent for the period from June 1, 1971, to June 1, 1972. Effective June 1, 1972, *through June 1, 1975*, and thereafter on (JUNE 1, OF EACH SUBSEQUENT YEAR) *January 1, beginning in 1976*, the rate shall be adjusted on the following basis: if the balance in the special compensation fund as of April 30 in any year *through 1975 and as of September 30, 1975, and each September 30 thereafter*, is below \$1,000,000, the rate of payment shall be increased by two percent over the then prevailing rate. If the balance is at least \$1,000,000 but below \$1,500,000, the rate will be increased by one percent. If the balance is at least \$1,500,000 but below \$2,000,000, there shall be no change. If the balance is at least \$2,000,000 but less than \$2,500,000, the rate shall be decreased by one percent. If the balance is at least \$2,500,000, the rate shall be decreased by two percent. *If the balance is \$3,000,000 or more the commissioner of the department of labor and industry shall within 30 days determine the percent of decrease, which shall be not less than two percent nor more than five percent.*

Such sums as are paid to the commissioner of the department of labor and industry pursuant to the provisions hereof, shall be by it deposited with the state treasurer for the benefit of the special compensation fund and be used to pay the benefits provided by chapter 176. All money heretofore arising from the provisions of this section or similar law shall be transferred to this special compensation fund.

The state treasurer shall be the custodian of this special fund and the workmen's compensation division and the workmen's compensation commission in cases before it shall direct the distribution thereof, the same to be paid as other payments of compensation are paid. In case deposit is or has been made under the provisions of clause (1) and dependency later is shown, or if deposit is or has been made pursuant to either clause (1) or (2) by mistake or inadvertence, or under such circumstances that justice requires a refund thereof, the state treasurer is hereby authorized to refund such deposit under order of the workmen's compensation division or the workmen's compensation commission. There is appropriated to the persons entitled to such refunds from the fund an amount sufficient to make the refund and payment.

Costs within the department of labor and industry for the accounting and legal procedures necessary for administration of the programs financed by the special compensation fund shall be paid from the moneys biennially appropriated to the department and not from the special compensation fund."

176.191 [DISPUTE BETWEEN TWO OR MORE EMPLOYERS OR INSURERS REGARDING LIABILITY.] Where compensation benefits are payable under this chapter, and a dispute exists between two or more employers or two or more insurers as to which is liable for payment, the commissioner of the department of labor and industry, compensation judge, or commission upon appeal may direct that one or more of the employers or insurers make payment of the benefits pending a determination of liability.

When an injured employee files a claim for benefits other than payments for medical services under this chapter and a dispute exists as to whether the responsibility for paying such benefits rests with the employer or his workers' compensation insurer or with some other non-workers' compensation insurer the commissioner of the department of labor and industry may direct

the employer or his workers' compensation insurer to begin paying such benefits up to the amounts for which it may ultimately receive reimbursement under the next paragraph.

When liability has been determined, the party held liable for the benefits shall be ordered to reimburse any other party for payments which the latter has made, including interest at the rate of five percent per annum. The claimant may also be awarded a reasonable attorney fee, to be paid by the party held liable for the benefits.

An order directing payment of benefits pending a determination of liability may not be used as evidence before any commissioner, compensation judge, commission, or court in which the dispute is pending.

Where any other injury occurs which wholly or partly incapacitates the employee from performing labor or service for three days or longer, the employer shall report the injury to the commissioner of the department of labor and industry within (15) *seven* days from its occurrence. Where an injury has once been reported but subsequently death ensues, the employer shall report the death to the commissioner of the department of labor and industry within 48 hours after he receives notice of such fact.

However, such settlement shall not diminish the right of any person or insurer to intervene against the employer or his workers' compensation insurer for reimbursement for any payments or services made to or for the employee which payments or services should have been made by the employer or his workers' compensation insurer pursuant to obligations imposed by this chapter.*

Where the compensation carrier's payment by the terms of the workmen's compensation settlement does not exceed \$1,000 in disability compensation, then and in that event said compensation carrier shall hold the employee harmless from any claims brought by the group carrier.

Sieben, H., from the Committee on Governmental Operations to which was referred:

H. F. No. 636, A bill for an act relating to state employees; providing for transfers, relocation expenses, early retirement and the maintenance of benefits for state employees who have lost their positions because of the closing or phasing out of state institutions or facilities.

Reported the same back with the following amendments:

Strike everything after the enacting clause and insert the following:

"Section 1. Subdivision 1. As used in this act, the following terms shall have the meanings given.

Subd. 2. "Closure" means (1) the termination of services through a state institution either for fiscal reasons, changes in service modes, or obsolescence of programs or facilities; or

(2) The partial or complete transfer of the management duties of a state institution to a different unit of government or employer.

Subd. 3. "Institution" means any hospital, home, or school established pursuant to chapter 246 and any of the correctional institutions established pursuant to sections 242.385, 242.41, 242.51, 243.40, 243.75, 243.90.

Subd. 4. "Employee" means all employees with at least six months service at time of closure of any covered state institution except persons appointed pursuant to section 246.0251 and persons in analogous positions in any covered state institution.

Subd. 5. For the purpose of this act and the establishment of employee rights "closure" shall commence not less than six months prior to implementation of subdivision 2 of this section and the employee rights granted by this act may be exercised subject to the approval of the employee's appointing authority who may delay the exercise of such rights if necessary to prevent impairing the operation of the closing institution.

Sec. 2. When closure of a covered state institution occurs, covered employees shall be entitled to exercise the following rights and options:

- (1) A priority hiring right as described in section 4;
- (2) Payment for retraining expenses as described in section 5;
- (3) Early retirement as described in section 6;
- (4) Transfer of pension credits as described in section 7;
- (5) Relocation expenses as described in section 8;
- (6) Severance pay pursuant to section 9.

Sec. 3. The state agency or department operating a facility subject to closure as defined in section 1, subdivision 2, shall provide advance notice of at least six months to employees of the facility and to the collective bargaining representative of the employees, if any. At the time such notice is given, the employees and their collective bargaining representative, if any, shall be given a written detailed description of the plan for guaranteeing the rights of employees enumerated in section 2 and a written description of the alternative facilities and programs proposed to replace the facility being closed or the service being terminated. No person hired subsequent to the giving of the notice shall be entitled to any of the rights and privileges granted to employees in this act.

Sec. 4. Subdivision 1. The right of priority hiring means that the employee shall be given before any new hires the opportunity to fill any job opening in any state department or agency for work of similar type to his work at the closed institution. The commissioner of personnel in consultation with the state agencies involved and the exclusive representative of the affected employees, if any, shall determine the methods and procedures to implement this section.

Subd. 2. If two or more employees have rights for priority hiring the employee with the greatest length of state service shall be given priority.

Subd. 3. This right shall extinguish upon the acceptance of any job offered pursuant to subdivision 1 or upon the tender of a second job offer different from the first job offer made pursuant to subdivision 1, regardless of whether the employee accepts or rejects the second job offer.

Subd. 4. The employee who accepts alternative state employment pursuant to this section or secures employment under section 10 shall, as near as is practicable but not inconsistent with any bargaining agreement, retain from his former state employment all seniority rights and civil service status. The employee shall also retain vacation and sick leave rights and shall suffer no reduction in salary.

Sec. 5. Subdivision 1. If no offer of similar type of employment can be made under section 4 within 12 months after closure, but other jobs are available in any state department or agency or a succeeding institution or facility to which section 10 is applicable which the employee could perform if retrained, the employee shall at his request be properly trained provided such request is made within 24 months after the closure. The state department which maintained the closed institution shall provide to the employee during the period of retraining, not to exceed 12 months, the employee's normal wage or salary. In addition, during the period of retraining, not to exceed 12 months, that department shall pay any tuition and any other expenses reasonably necessary to the success of the retraining program. The determination of when training is appropriate and the approval of any specific training program shall be made by the commissioner of personnel who shall have a continuing responsibility to supervise and evaluate any approved training.

Sec. 6. Any employee of a state institution which is closed who is at least age 55 at the time of closure, if not otherwise entitled to receive an immediate full normal annuity, may elect, upon application to the appropriate retirement fund or funds in which the employee has allowable service credit, to receive a retirement annuity based upon all credited service at the time of closure or the value of the monies credited to his account as the case may be. The benefit shall be computed as if the employee were age 65 or normal retirement age and shall not be reduced for retirement prior to normal retirement age. If an employee has less than 10 years of service or is otherwise not vested, his retirement annuity shall be computed on a prorata basis. Provisions in the laws governing the retirement funds in respect to benefits based on service in more than one fund shall be applicable where not inconsistent herewith. The employee may select an actuarially equivalent joint and survivor annuity in lieu of the full normal annuity if available under the laws of the respective retirement fund.

The department which maintained the closed institution shall semi-annually reimburse the retirement fund for the full amount of benefits paid to the retired employee receiving benefits under

this act until such employee reaches age 65 or normal retirement age if such age is less than age 65 considering the employee's length of service.

Sec. 7. Subdivision 1. In the event that any employee does not continue in public service covered by a public pension fund and does not qualify for a service annuity, a deferred annuity or a combined service annuity, the employee shall qualify for a pro rata deferred service annuity upon reaching normal retirement age, which deferred annuity shall be augmented at the rate specified under the law of the retirement fund in effect when the employee last terminates public service.

Subd. 2. For any employee who transfers to other public employment covered by a public pension fund, that employee shall qualify for a combined service annuity or an augmented deferred annuity based on service in more than one fund pursuant to the law in effect when the employee last terminates public service, notwithstanding any law to the contrary. If any employee elects an early retirement annuity pursuant to this act, such employee will not be entitled to a right to priority hiring pursuant to section 4, a right to retraining pursuant to section 5, a right to relocation expenses pursuant to section 8, or a right to severance pay pursuant to section 9.

Sec. 8. Any employee who accepts employment under the provisions of this act or who accepts private or public employment elsewhere within 18 months of the closure of the state institution shall be entitled to relocation expenses paid by the department which maintained the closed institution in the event that the employee's new work location is at least 25 miles from the previous work location. Rates of reimbursement shall be consistent with applicable collective bargaining agreement or current state personnel rules. No employee accepting employment outside the state may be paid relocation expenses in excess of the maximum cost of relocating such employee within the state.

Sec. 9. Upon the waiving or expiration of the priority hiring right described in section 4 and the waiving of the retraining option as described in section 5 and the waiving of the relocation expenses right described in section 8, the employee shall be paid severance pay in the amount of five percent of the employee's last normal annual salary or wage, not to exceed \$1,000, multiplied by the number of years of state service and fraction thereof, but in no case shall the amount of severance pay receivable under this section exceed \$5,000.

Sec. 10. Any institution or facility which succeeds in whole or in part to the functions of a state institution upon its closure shall be obligated, as a condition of its receiving any state funds, to observe the priority hiring right granted employees in section 4 for all of its job openings for which there are available em-

ployees able or potentially able to do the type of work being offered.”
