Where counties combine as authorized in this section, they shall comply with the provisions of section 471.59.

Subd. 2. [PLANNING COUNTIES; HOW DESIGNATED; TRAVEL EXPENSES OF CORRECTIONS ADVISORY BOARD MEMBERS.] To assist counties which have complied with the provisions of subdivision 1 and require financial aid to defray all or a part of the expenses incurred by corrections advisory board members in discharging their official duties pursuant to section 401.08, the commissioner may designate counties as "planning counties", and, upon receipt of resolutions by the governing boards of the counties certifying the need for and inability to pay the expenses described in this subdivision, advance to the counties an amount not to exceed five percent of the maximum quarterly subsidy for which the counties are eligible. The expenses described in this subdivision shall be paid in the same manner and amount as for state employees.

Sec. 9. Minnesota Statutes 1974, Section 401.04, is amended to read:

401.04 [ACQUISITION OF PROPERTY; SELECTION OF ADMINISTRATIVE STRUCTURE; EMPLOYEES.] Any county or group of counties electing to come within the provi-

sions of sections 401.01 to 401.16 may (a) acquire by any lawful means, including purchase, lease or transfer of custodial control, the lands, buildings and equipment necessary and incident to the accomplishment of the purposes of sections 401.01 to 401.16, (b) determine and establish the administrative structure best suited to the efficient administration and delivery of the correctional services described in section 401.01, and (c) employ a director and such other officers, employees and agents as deemed necessary to carry out the provisions of sections 401.01 to 401.16. To the extent that participating counties shall assume and take over state correctional services presently provided in such counties, (PREFERENCE) *employment* shall be given to (THE EMPLOYMENT OF) those state officers, employees and agents thus displaced; if hired by a county, such employment shall, to the extent possible and notwithstanding the provisions of any other law or ordinance to the contrary, be deemed a transfer in grade with all of the benefits enjoyed by such officer, employee or agent while in the service of the state.

Sec. 10. Minnesota Statutes 1974, Section 401.08, is amended to read:

401.08 [CORRECTIONS ADVISORY BOARD; MEMBERS; DUTIES.] Subdivision 1. The corrections advisory board provided in section 401.02, *subdivision 1* shall consist of (NO MORE THAN 17) *at least 18 but not more than 20* members, who shall be representative of law enforcement, prosecution, the judiciary, education, corrections, ethnic minorities, the social services, and the lay citizen, and shall be appointed as follows:

(1) the law enforcement representation shall consist of a sheriff, and a chief of police (selected by the chiefs of police of the county), or their respective designees;

(2) the prosecution representative shall be either the county attorney or his designee;

(3) the judiciary representatives shall be designated by the chief judge of each district and county court district, and shall include judges representative of courts having felony, misdemeanor and juvenile jurisdiction respectively;

(4) education shall be represented by an academic administrator appointed by the chairman of the board of county commissioners with the advice and consent of the members of the board;

(5) the director of a county welfare board or his designee;

(6) the public defender or his designee;

(7) with the advice and consent of the other members of the county board, the chairman shall appoint the following additional members of the corrections advisory board:

- (a) one parole or probation officer;
- (b) one correctional administrator;
- (c) a representative from a social service agency, public or private;
- (d) an ex-offender;
- (e) a licensed medical doctor or other representative of the health care professions;
- (f) at least four, but no more than six citizens, provided, however, that if the ethnic minorities resident in the county exceed the percentage of ethnic minorities in the state population, at least two of the citizen members shall be members of an ethnic minority group.

If two or more counties have combined to participate in the subsidy authorized by this chapter, the commissioner of corrections may increase the size of the community corrections advisory board to include one county board member from each participating county.

Subd. 2. Members of the corrections advisory board appointed by the chairman of the board of county commissioners shall serve for terms of two years from and after the date of their appointment, and shall, *subject to the approval of the county board or county boards of commissioners of the participating counties*, remain in office until their successors are duly appointed. The other members of the corrections advisory board shall hold office at the pleasure of the appointing authority. *The board may elect its own officers.*

Subd. 3. Where two or more counties combine to come within the provisions of sections 401.01 to 401.16 the joint corrections advisory board shall contain representation as provided in subdivision 1, but the members comprising the board may come from each of the participating counties as may be determined by agreement of the counties. (THE BOARD MAY ELECT ITS OWN OFFICERS.)

Subd. 4. The corrections advisory board provided in sections 401.01 to 401.16 shall actively participate in the formulation of the comprehensive plan for the development, implementation and operation of the correctional program and services described in section 401.01, and shall make a formal recommendation to the county board or joint board at least annually concerning the

comprehensive plan and its implementation during the ensuing year.

Subd. 5. If a corrections advisory board carries out its duties through the implementation of a committee structure, the composition of each committee or subgroup shall generally reflect the membership of the entire board. All proceedings of the corrections advisory board and any committee or other subgroup of the board shall be open to the public; and all votes taken of members of the board shall be recorded and shall become matters of public record.

Subd. 6. The corrections advisory board shall promulgate and implement rules concerning attendance of members at board meetings.

Sec. 11. Minnesota Statutes 1974, Section 401.10, is amended to read:

401.10 [CORRECTIONS EQUALIZATION FORMULA.]
To determine the amount to be paid participating counties (DURING THE BIENNIUM ENDING JUNE 30, 1975,) the commissioner of corrections will apply the following formula:

(1) All 87 counties will be (RANKED) scored in accordance with a formula involving four factors:

- (a) per capita income;
- (b) per capita taxable value;
- (c) per capita expenditure per 1,000 population for correctional purposes, and;
- (d) percent of county population aged six through 30 years of age according to the most recent federal census, and, in the intervening years between the taking of the federal census, according to the state demographer.

"Per capita expenditure per 1,000 population" for each county is to be determined by multiplying the number of (ADULTS AND "YOUTHFUL OFFENDERS") persons convicted of a felony under supervision in each county at the end of the current year by \$350. To the product thus obtained will be added:

- (i) the number of presentence investigations completed in that county for the current year multiplied by \$50;
- (ii) the annual cost to the county for county probation officers' salaries for the current year; and

(iii) 33 1/3 percent of such annual cost for probation officers' salaries.

The total figure obtained by adding the foregoing items is then divided by the total county population according to the most recent federal census, *or, during the intervening years between federal censuses, according to the state demographer.*

(2) The percent of county population aged six through 30 years shall be determined according to the most recent federal census, *or, during the intervening years between federal censuses, according to the state demographer.*

(3) Each county is then (RANKED) scored as follows:

(a) (ON THE BASIS OF PER CAPITA INCOME THE RANKING IS FROM THE LOWEST TO THE HIGHEST) *Each county's per capita income is divided into the 87 county average;*

(b) (PER CAPITA TAXABLE VALUE IS RANKED FROM LOWEST TO HIGHEST) *Each county's per capita taxable value is divided into the 87 county average;*

(c) (PER CAPITA EXPENDITURE IS RANKED FROM HIGHEST TO LOWEST) *Each county's per capita expenditure for correctional purposes is divided by the 87 county average;*

(d) (PERCENT OF COUNTY POPULATION AGED SIX THROUGH 30 YEARS IS RANKED FROM HIGHEST TO LOWEST) *Each county's percent of county population aged six through 30 is divided by the 87 county average.*

(4) The (RANKING) scores given each county on each of the foregoing four factors (IS) *are then totaled and (THE COUNTIES RANKED IN NUMERICAL ORDER ACCORDING TO SCORE) divided by four.*

(5) (THE TOTAL SCORE FOR EACH COUNTY THUS DETERMINED IS THEN DIVIDED INTO A MEDIAN TOTAL SCORE. THE MEDIAN TOTAL SCORE IS THE SCORE OBTAINED BY THAT COUNTY RANKED NUMBER 44 IN THE FINAL RANKING.) The quotient thus obtained then becomes the computation factor for the county. This computation factor is then multiplied by a "dollar value", as fixed by the appropriation pursuant to sections 401.01 to 401.16, times the total county population. The resulting product is the amount of subsidy to which the county is eligible under sections 401.01 to 401.16. Notwithstanding any law to the contrary, the commissioner of corrections, after notifying the committees on finance of the senate and appropriations of the house of representatives, may, at the end of any fiscal year, transfer any unobligated

funds in any appropriation to the department of corrections to the appropriation under sections 401.01 to 401.16, which appropriation shall not cancel but is reappropriated for the purposes of sections 401.01 to 401.16.

Sec. 12. Minnesota Statutes 1974, Section 401.11, is amended to read:

401.11 [ITEMS INCLUDED IN PLAN PURSUANT TO REGULATION.] The comprehensive plan submitted to the commissioner for his approval shall include those items prescribed by regulation of the commissioner, which may require the inclusion of the following: (a) the manner in which presentence and postsentence investigations and reports for the district courts and social history reports for the juvenile courts will be made; (b) the manner in which probation and parole services to the courts and persons under jurisdiction of the (YOUTH CONSERVATION COMMISSION AND THE ADULT CORRECTIONS COMMISSION) *commissioner of corrections and the Minnesota corrections authority* will be provided; (c) a program for the detention, supervision and treatment of persons under pre-trial detention or under commitment; (d) delivery of other correctional services defined in section 401.01; (e) proposals for new programs, which proposals must demonstrate a need for the program, its purpose, objective, administrative structure, staffing pattern, staff training, financing, evaluation process, degree of community involvement, client participation and duration of program.

In addition to the foregoing requirements made by this section, each participating county or group of counties shall be required to develop and implement a procedure for the review of grant applications made to the corrections advisory board and for the manner in which corrections advisory board action shall be taken thereon. A description of this procedure shall be made available to members of the public upon request.

Sec. 13. Minnesota Statutes 1974, Section 401.14, is amended to read:

401.14 [PAYMENT OF SUBSIDY.] *Subdivision 1.* Upon compliance by a county or group of counties with the prerequisites for participation in the subsidy prescribed by sections 401.01 to 401.16, and approval of the comprehensive plan by the commissioner, the commissioner shall determine whether funds exist for the payment of the subsidy and proceed to pay same in accordance with applicable rules and regulations.

Subd. 2. Based upon the comprehensive plan as approved, the commissioner may estimate the amount to be expended in furnishing the required correctional services during each calendar quarter and cause the estimated amount to be remitted to

the counties entitled thereto in the manner provided in section 401.15, subdivision 1.

Sec. 14. Minnesota Statutes 1974, Section 401.15, Subdivision 1, is amended to read:

401.15 [PROCEDURE FOR DETERMINATION AND PAYMENT OF AMOUNT; BIENNIAL REVIEW.] Subdivision 1. On or before the end of each calendar quarter, participating counties *which have received the payments authorized by section 401.14* shall submit to the commissioner certified statements detailing the amounts expended and costs incurred in (PROVIDING) *furnishing the correctional services provided in sections 401.01 to 401.16.* Upon receipt of certified statements, the commissioner shall, in the manner provided in sections 401.10 and 401.12, determine the amount each participating county is entitled to receive, (AND CERTIFY SAME TO) *making any adjustments necessary to rectify any disparity between the amounts received pursuant to the estimate provided in section 401.14 and the amounts actually expended. If the amount received pursuant to the estimate is greater than the amount actually expended during the quarter, the commissioner may withhold the difference from any subsequent quarterly payments made pursuant to section 401.14.* Upon certification by the commissioner of the amount a participating county is entitled to receive under the provisions of section 401.14 or of this subdivision the commissioner of finance (WHO) shall thereupon (DRAW HIS) issue a state warrant (UPON THE STATE TREASURER IN FAVOR OF) to the chief fiscal officer of each participating county for the amount (SHOWN TO BE) due (EACH COUNTY. THEREAFTER, THE COMMISSIONER OF FINANCE SHALL TRANSMIT THE WARRANT TO THE APPROPRIATE FISCAL OFFICER,) together with a copy of the certificate prepared by the commissioner.”.

"Section 1. [116C.22] [CITATION.] Sections 1 to 14 may be cited as the Minnesota environmental coordination procedures act.

Sec. 2. [116C.23] [PURPOSES.] It shall be the purpose of sections 1 to 14:

(a) to provide an optional procedure to assist those who, in the course of satisfying the requirements of state government prior to undertaking a project which contemplates the use of the state's air, land, or water resources, must obtain more than one state permit, by establishing a mechanism in state government which will coordinate administrative decision-making procedures, and related quasi-judicial and judicial review, pertaining to these permits;

(b) to provide to the members of the public a better and easier opportunity to present their views comprehensively on proposed uses of natural resources and related environmental matters prior to the making of decisions on these uses by state agencies;

(c) to provide to the members of the public a greater degree of certainty in terms of permit requirements of state government; and

(d) to establish the opportunity for members of the public to obtain information pertaining to requirements of state and local law which must be satisfied prior to undertaking a project in this state.

Sec. 3. [116C.24] [DEFINITIONS.] Subdivision 1. For the purposes of sections 1 to 14, the terms defined in this section have the meanings given them.

Subd. 2. "Agency" means a state department, commission, board or other agency of the state however titled, when acting within existing legal authority to grant or deny a permit.

Subd. 3. "Council" means the Minnesota environmental quality council.

Subd. 4. "Coordination unit" means the environmental coordination unit established pursuant to section 4.

Subd. 5. "Local governmental unit" means a county, city, town, or special district with legal authority to issue a permit.

Subd. 6. "Permit" means a license, permit, certificate, certification, approval, compliance schedule, or other similar document pertaining to a regulatory or management program related to the protection, conservation, or use of, or interference with, the natural resources of land, air or water, which is required to be obtained from a state agency prior to constructing or operating a project in this state.

Nothing in sections 1 to 14 shall relate to the granting of a proprietary interest in publicly owned property through a sale, lease, easement, use permit, license or other conveyance.

Subd. 7. "Person" means an individual, an association or partnership, or a cooperative, or a municipal, public or private corporation, including but not limited to a state agency and a county.

Subd. 8. "Project" means a new activity or an expansion of or addition to an existing activity, which is fixed in location and for which permits are required from an agency prior to construction or operation, including but not limited to industrial and commercial operations and developments. This act shall not apply to projects which are covered by Minnesota Statutes, Sections 116C.51 to 116C.69 and 116H.13.

Sec. 4. [116C.25] [CREATION OF ENVIRONMENTAL PERMITS COORDINATION UNIT.] The council shall establish an environmental permits coordination unit to implement and administer the provisions of sections 1 to 14 and the chairman of the council shall employ necessary staff to work for the coordination unit on a continuous basis.

Sec. 5. [116C.26] [MASTER APPLICATION PROCEDURE.] Subdivision 1. A person proposing a project which may require more than one permit may, prior to the initial construction of the project or prior to the initial operation of the

project if construction of the project required no state permit, submit a master application to the coordination unit requesting the issuance of all state permits necessary for construction and operation of the project. The master application shall be on a form furnished by the coordination unit and shall contain precise information as to the location of the project, and shall describe the nature of the project including any contemplated discharges of wastes therefrom and any uses of, or interferences with, natural resources. No master application shall be accepted for processing by the coordination unit pursuant to sections 1 to 14, unless it is accompanied by the certifications issued not more than 90 days prior to the date of the master application as required by section 10. If an environmental impact statement is required by Minnesota Statutes, Chapter 116D, or any regulations or orders promulgated thereunder, for a project which is the subject of the master application, then no master application shall be accepted for processing by the coordination unit pursuant to sections 1 to 14, unless it is accompanied by a certification from the council that either an environmental impact statement concerning the project has been completed or that the council has determined that an environmental impact statement is not required concerning the project.

Subd. 2. Upon receipt of a completed master application, the coordination unit shall immediately notify in writing each agency having a possible interest in the master application arising from requirements pertaining to a permit program under its jurisdiction. The notification from the coordination unit shall be accompanied by a copy of the master application together with the date by which the agency shall respond to the notice. Each notified agency shall respond in writing to the coordination unit within 20 days from receipt unless this period is extended by the chairman of the council upon a showing of cause by the agency, advising whether the agency does or does not have an interest in the master application. In the event that an agency fails to respond timely to the coordination unit, the council shall be permitted to respond for the agency, provided the council has given five days advance notice to the agency of its intention to respond. If an agency responds that it has an interest in the master application, the response shall include information concerning the specific permit programs under its jurisdiction which are pertinent to the project described in the master application. The agency response shall also contain a recommendation whether a public hearing concerning the master application as provided in section 7 would or would not be of value considering the overall public interest.

Subd. 3. The coordination unit shall submit application forms concerning the permits programs identified in the affirmative responses under subdivision 2, to the applicant with a direction to complete and return them to the coordination unit within 90 days.

Subd. 4. No agency for which an affirmative response is not made pursuant to subdivision 2, shall subsequently require a permit for the proposed project unless the master application contained false, misleading, or deceptive information, or other information, or lack of information, which would reasonably lead an agency to misjudge its interest in a proposed project, or unless new information or subsequent laws or regulations require additional permits.

Subd. 5. Within ten days of receipt of the full set of completed application forms by the coordination unit, each application shall be transmitted to the appropriate agency for the performance of its responsibilities of decision making in accordance with the procedures of sections 1 to 12.

Subd. 6. If an agency has a procedure for setting priorities in issuing a permit according to the date of the application for the permit, the date used shall be the date upon which a master application is received by the coordination unit.

Sec. 6. [116C.27] [NOTICE.] Subdivision 1. The coordination unit immediately after transmittal of the completed applications to the appropriate agency shall cause a notice to be published at the applicant's expense once in the Minnesota Register and once each week on the same day of the week for three consecutive weeks in a newspaper of general circulation within each county in which the project is proposed to be constructed or operated. The notice shall describe the nature of the master application including, with reasonable specificity, the project proposed, its location, the various permits applied for, and the agency having jurisdiction over each permit. Except as provided in subdivision 2, the notice shall also state the time and place of the public hearing, to be held not less than 20 days after the date of last publication of the notice. It shall further state that a copy of the master application and a copy of all permit applications for the project are available for public inspection in the office of the county auditor of each county in which the project is proposed to be constructed or operated, as well as in other locations which the coordination unit may designate.

Subd. 2. If the responses to the master application received by the coordination unit from the state agencies unanimously state the position that a public hearing in relation to a master application would not be of value in consideration of the overall public interest, the provisions of subdivision 1 pertaining to the time and place of a public hearing shall not be included in the notice. In place thereof the notice shall state that members of the public may present relevant views and supporting materials in writing to the coordination unit concerning any of the permits applied for within 30 days after the last date of publication of the notice in a newspaper.

Sec. 7. [116C.28] [PUBLIC HEARING.] Subdivision 1. When an agency indicates that a public hearing is required

or appropriate on matters relating to the project described in the master application, the affected agencies shall hold a joint hearing, unless the council determines that a joint hearing is not in the public interest. Any agency which responded with an affirmative interest in the master application need not participate in, nor share the costs of, the joint hearing if the agency has certified to the coordination unit prior to the date scheduled for the joint hearing that the agency has sufficient information concerning the permit applications within its jurisdiction and either has issued, or intends to issue, the required permits. Unless the council orders otherwise, the hearing shall be held in the county in which all or a major part of the proposed project is to be constructed or operated. The hearing shall be held pursuant to the requirements of section 6, and applicable provisions of Minnesota Statutes, Chapter 15. At the hearing the applicant may submit relevant information and material in support of his applications, and members of the public may present relevant views and supporting materials in relation to the applications being considered.

Subd. 2. Each state agency having an application for a permit before it, as described in the hearing notice, shall be represented at the public hearing by its chief administrative officer or his designee unless excused pursuant to section 7, subdivision 1. Unless otherwise provided in Minnesota Statutes, Chapter 15, a hearing officer appointed jointly by the party agencies or, in the event the party agencies do not agree, appointed by the chairman of the council shall chair the hearing; however, the representative of any state agency within whose jurisdiction a specific application lies shall participate in the portion of the hearing pertaining to submission of information, views, and supporting materials which are relevant to its application. The hearing officer may, when appropriate, continue a hearing from time to time and place to place. The hearing shall be recorded in any manner suitable for transcription pursuant to Minnesota Statutes, Chapter 15, as determined by the coordination unit. Costs of the public hearing shall be equitably apportioned among the affected agencies pursuant to rules which the council shall adopt pursuant to section 11.

Subd. 3. Upon completion of the public hearing and the closing of the hearing record, the hearing officer shall insure that copies of the official transcript of the joint hearing are forwarded to each party agency. Within a reasonable time after the closing of the hearing record, the representative of each party agency shall prepare a report in the matter of the joint hearing consisting of proposed findings of fact, conclusions and recommendations. The report of the hearing shall be forwarded to the party agencies in accordance with rules or requirements of each party agency. Each state agency which is a party to the hearing shall forward its final decision on permit applications within its jurisdiction to the coordination unit within 60 days; provided that this date may be extended by the chairman of the council for reasonable cause. Every final decision shall set forth the basis for the decision together with a final order denying the permit or

granting the permit including the specifying of any conditions under which the permit is issued.

Subd. 4. If notice has been published pursuant to section 7, subdivision 2, and no public hearing is conducted, the coordination unit shall, after 30 days after the last notice publication in the newspaper, submit a copy of all views and supporting material received by it to each agency having jurisdiction concerning any permit application described in the notice. Concurrently therewith, the coordination unit shall notify each state agency, in writing, of the date not to exceed 60 days by which final decisions on applications shall be forwarded to the coordination unit; provided that this date may be extended by the chairman of the council for reasonable cause. Each final decision shall set forth the information required by subdivision 3.

Subd. 5. As soon as all final decisions are received by the coordination unit from the various participating state agencies, the coordination unit shall immediately incorporate them, without modification, into one document and shall transmit the document to the applicant either personally or by registered mail.

Sec. 8. [116C.29] [WITHDRAWAL OF AGENCY PARTICIPATION.] After an agency has responded that it has an interest in the master application, it may withdraw from further participation in the processing of that master application at any time by written notification to the coordination unit, if it subsequently appears to the agency that it has no permit programs under its jurisdiction which are applicable to the project.

Sec. 9. [116C.30] [APPLICATION.] Subdivision 1. A person aggrieved by a final decision of an agency in granting or denying a permit shall seek redress directly and individually from that agency in the manner provided by Minnesota Statutes, Chapter 15, or any other statute authorizing either judicial or administrative review of an agency decision.

Subd. 2. Each state agency having jurisdiction to approve or deny an application for a permit shall have continuing power as vested in it prior to the effective date of this section, to make such determinations. Nothing in sections 1 to 14 shall lessen or reduce such powers, and such sections shall modify only the procedures to be followed in the carrying out of such powers.

Subd. 3. A state agency may in the performance of its responsibilities of decision making under sections 1 to 12, request or receive additional information from an applicant.

Subd. 4. Fee schedules authorized by statute for an application or permit shall continue to be applicable even though the application or permit is processed under the provisions set forth in sections 1 to 12.

Subd. 5. The council shall by rule establish the extent to which the applicant is required to pay the costs of preparation, notice, hearings and other relevant expenses of the council, state agencies and departments, and political subdivisions as a result of their participation and responsibilities in the permit issuance procedure and certification. No current permit, issuance procedure or certification costs shall be reduced or abolished by the council; however, the council review may demonstrate that such fees are adequate and sufficient to execute the responsibilities imposed by this act.

Subd. 6. Sections 1 to 12 shall have no applicability to an application for a permit renewal, amendment, extension, or other similar document required subsequent to the completion of decisions and proceedings under sections 6 to 8, or to a replacement thereof or to a quasi-judicial or judicial proceeding held pursuant to an order of remand or similar order by a court in relation to a final decision of a state agency.

Sec. 10. [116C.31] [LOCAL CERTIFICATION.] Subdivision 1. No master application shall be processed pursuant to sections 1 to 12 unless it is accompanied by a certification issued, not more than 90 days prior to the date the master application is first received by the coordination unit, from the local governmental units in whose jurisdiction the proposed project is located, certifying that the project is in compliance with all zoning ordinances, subdivision regulation, environmental regulations and other laws administered by the local governmental unit and certifying that the preparation of any environmental impact statement which the local governmental unit is authorized to require pursuant to local ordinance, state statute, or council rule, has been completed or deemed not necessary. If the local governmental unit has required any environmental impact statement concerning the project, a copy of the completed environmental impact statement shall be attached to the local governmental unit's certification. If the local governmental unit has no zoning ordinances, subdivision regulations, or environmental regulations, or other applicable laws, the certification from the local governmental unit shall so state. A local governmental unit may accept applications for certifications as provided in this section and shall rule upon the same expeditiously to insure that the purposes of sections 1 to 12 are accomplished fully.

Subd. 2. Nothing in sections 1 to 14 shall modify in any manner whatsoever the applicability or inapplicability of any land use regulation statutes or local zoning ordinances to lands of any state agency.
