Subd. 2. [RECEIPTS.] The commissioner of finance and treasurer shall deposit in the fund as received all proceeds of vocational-technical building bonds, except accrued interest and premiums received upon the sale thereof. All such receipts are annually appropriated for the permanent acquisition purposes of the fund, and shall be and remain available for expenditure in accordance with this section until the purposes of the appropriations have been accomplished or abandoned.

Subd. 3. [DISBURSEMENTS.] Disbursements from the fund shall be made by the state treasurer upon the order of the commissioner of finance at the times and in the amounts requested by the state board of education in accordance with the applicable appropriation acts, for grants to school districts for the acquisition and betterment of land, buildings, and capital improvements for area vocational-technical institutes, upon the conditions and in accordance with all standards, criteria, and priorities established in the state plan.

Sec. 8. [VOCATIONAL-TECHNICAL BUILDING BONDS.] Subdivision 1. [PURPOSE; APPROPRIATION.] For the purpose of providing money appropriated from the vocational-technical building fund for the acquisition of public land, buildings, and capital improvements needed for the state plan for the administration of vocational education in accordance with the provisions of section 7, when requested by the state board of education, the commissioner of finance shall sell and issue bonds of the state of Minnesota for the prompt and full payment of which, with interest thereon, the full faith and credit and taxing powers of the state are irrevocably pledged. Bonds shall be issued pursuant to this section only as authorized by a law specifying the purpose thereof and the maximum amount of the proceeds authorized to be expended therefor, as set forth in section 7. Any such law, together with this section and the laws herein referred to, constitutes complete authority for the issue, and such bonds shall not be subject to restrictions or limitations contained in any other law.

Subd. 2. [ISSUANCE.] The bonds shall be sold upon sealed bids and upon notice, at a price, in form and denominations, bearing interest at a rate or rates, maturing in amounts and on dates, subject to prepayment upon notice and at times and prices, payable at a bank or banks within or outside the state, with or without provisions for registration, conversion, exchange, and issuance of notes in anticipation of the sale or delivery of definitive bonds, and in accordance with further regulations, as the commissioner of finance shall determine subject to the approval of the attorney general, but not subject to the provisions of sections 15.0411 to 15.0422. The bonds shall be executed by the commissioner of finance and attested by the state treasurer under their official seals. manual signature on its face of one of the officers or of a person authorized to sign on behalf of a bank designated by them as authenticating agent. The commissioner of finance shall ascertain and certify to the purchasers of the bonds the performance and existence of all acts, conditions, and things necessary to make them valid and binding general obligations of the state of Minnesota, subject to the approval of the attorney general.

Subd. 3. [EXPENSES.] All expenses incidental to the sale, printing, execution, and delivery of bonds pursuant to this section, including but not limited to actual and necessary travel and subsistence expenses of state officers and employees for such purposes, shall be paid from the vocational-technical building fund and the amounts necessary therefor are appropriated from that fund; provided that if any amount is specifically appropriated for this purpose in an act authorizing the issuance of bonds pursuant to this section, such expenses shall be limited to the amount so appropriated.

Subd. 4. [VOCATIONAL-TECHNICAL BUILDING BOND ACCOUNT IN THE STATE BOND FUND.] The commissioner of finance shall maintain in the state bond fund a separate bookkeeping account designated as the vocational-technical building bond account, to record receipts and disbursements of money transferred to the fund to pay vocational-technical building bonds and interest thereon, and of income from the investment of such money, which income shall be credited to the account in each fiscal year in an amount equal to the approximate average rate of return that year on all funds invested by the state treasurer, as determined by the treasurer, times the average balance in the account that year.

Subd. 5. [APPROPRIATIONS TO BOND ACCOUNT.] There shall be credited to the vocational-technical building bond account the premium and accrued interest received on each issue of vocational-technical building bonds and, from the general fund in the state treasury, on November 1 in each year, a sum of money equal to the amount of the tax which the Constitution would otherwise require to be levied for collection in the following year, for the purpose of increasing the balance then on hand in the account to an amount sufficient to pay principal and interest due and to become due with respect to vocational-technical building bonds. All money so credited and all income from the investment thereof is annually appropriated to the bond account for the payment of such bonds and interest thereon, and shall be available in the bond account prior to the levy of the tax for the state bond fund in any year as required by the Constitution. The commissioner of finance and the state treasurer are directed to make the appropriate entries in the accounts of the respective funds.

Subd. 6. [TAX LEVY.] On or before December 1 in each year, if the full amount appropriated to the bond account in sub-

division 5 has not been credited thereto, the tax required by the Constitution shall be levied upon all taxable property within the state. This tax shall be levied upon all real property used for the purposes of a homestead, as well as other taxable property, notwithstanding the provisions of section 273.13, subdivisions 6 and 7, and shall be subject to no limitation of rate or amount until all vocational-technical building bonds and interest thereon are fully paid. The proceeds of this tax are appropriated and shall be credited to the state bond fund, and the principal of and interest on the bonds are payable from such proceeds, and the whole thereof, or so much as may be necessary, is appropriated for such payments. If at any time there is not sufficient money from the proceeds of such taxes to pay the principal and interest when due on vocational-technical building bonds, such principal and interest shall be paid out of the general fund in the state treasury, and the amount necessary therefor is hereby appropriated.

Sec. 9. [APPROPRIATION AND AUTHORIZATION OF BONDS.] Subdivision 1. [APPROPRIATION.] The sum of \$15,500,000, or so much thereof as is determined to be needed, is appropriated from the vocational-technical building fund to the state board of education for the acquisition and betterment of public land, buildings, and capital improvements needed to implement the state plan for the administration of vocational education as provided in section 7.

Subd. 2. [BONDS.] To provide the money appropriated in subdivision 1 the commissioner of finance is authorized upon the request of the state board of education to sell and issue vocational-technical building bonds of the state in the amount of \$15,500,000, in the manner and upon the conditions prescribed in section 8 and in the Constitution. The proceeds of the bonds, except as provided in section 8, subdivision 5, are appropriated to the vocational-technical building fund for expenditure in accordance with section 7.

Sec. 10. [SEVERABILITY CLAUSE.] If any provision of this act is found to be unconstitutional, the remaining provisions shall remain valid.

Sec. 11. [CONVEYANCE OF STATE PROPERTY, ST. CLOUD STATE COLLEGE, CITY OF ST. CLOUD.] The St. Cloud state college may acquire the following described real property, to wit:

Not later than 365 days after the approval of the community health services plan by the state board of health, any county or city board, committee or commission having authorities or duties in any area designated in sections 1 to 11 other than the board of health designated and acting pursuant to sections 1 to 11, shall cease its operation and no per diem or reimbursement of expenses shall be paid to any member of the board, committee, or commission.

Subd. 3. [EMPLOYEES.] The board of health may employ administrators, officers, employees, and agents as necessary to carry out the provisions of this act. Employees of the board of health shall be subject to any personnel administration rules adopted by the county board or boards or the city council or councils unless by law the employees or a class of employees shall be within the scope of a state wide personnel administration system. All persons employed by a county, city or the state, whose functions and duties are assumed by the board of health shall become employees of the board of health without loss in benefits, salaries or rights.

Subd. 4. The board of health by any lawful means, including gifts, purchase, lease, or transfer of custodial control, may acquire and hold in the name of the county or city the lands, buildings, and equipment necessary and incident to the accomplishment of the purposes of this act and accept gifts, grants, and subsidies from any lawful source, apply for and accept state and federal funds, request and accept local tax funds, establish and collect reasonable fees for community health services provided.

Subd. 5. The board of health may contract for services from private firms, nonprofit corporations, primary and secondary schools, state and local governmental agencies, or other community agencies to avoid unnecessary duplication of services and

realize cost advantages. The board of health shall offer to contract to provide public health nursing and other school health services to the schools within its jurisdiction. The contracts shall be employed to improve efficiency and the quality and effectiveness of services and shall give preferential consideration to existing municipal programs. Contracts shall be awarded on the basis of cost benefit comparisons and considerations.

Subd. 6. The board of health shall coordinate community health services with the delivery of personal health services, institutional health services, and related human services in the community; ensure responsible medical consultation and direction by employing a public health physician or by contracting with a local practicing physician; and coordinate community health services with health related environmental control services in the community. The board of health shall coordinate local, state, and federal services and funding for community health services.

Subd. 8. The board of health shall identify community health needs and set priorities among the needs for the broad range of community health services including the health needs of minorities and nonresidents, including tourists and migrants, and ensure that services are accessible to all persons on the basis of need and that no one is denied services because of race, color, sex, age, language, religion, nationality, economic status, political persuasion or place of residence.

Subd. 9. The board of health shall recommend appropriate local legislation pertaining to community health services to the county board or city council and shall advise the state board of health on matters relating to public health that require assistance from the state, or that may be of more than local interest.

Subd. 10. The board of health shall publish for distribution an annual report of the activities of the board of health.

Subd. 11. When the board of health determines that there is an acute shortage of medical or other health manpower, or that there is a significant problem in providing access to health care in the area, the board of health shall address itself to the resolution of those problems. The solution may involve providing assistance to recruit medical or other health personnel to the area, or the development of suitable linkages between area medical and allied health personnel that will make more effective use of existing private, nonprofit and community resources and extend health care into the community.

Sec. 5. [DUTIES OF COUNTY BOARD.] Subdivision 1. A county board of any county having a board of health organized under this act shall review and approve the community health services plan prior to the submission of the plan to the state board of health. The plan submitted by the county board shall incorporate the plans developed by any city organized under the provisions of section 3 that has established eligibility under the provisions of section 7. Upon receipt of the community health services plan, or any proposed revision, from a city, the county board shall review and act on the plan or the proposed revision within 30 days. The county board may approve the plan as written or refer the plan back to the city with comments and instructions for further consideration. The city or the county may appeal to the state board of health for resolution of differences regarding the community health services plan. A failure to act within the specified time shall constitute approval of the plan.

Subd. 2. A county board of any county having a board of health organized under this act may by ordinance adopt and enforce reasonable regulations related to the implementation and administration of sections 1 to 11, provided however that no county regulations shall conflict with state legislation or with higher standards established either by regulation of any agency of state government or by the provisions of the charter or ordinances of any city organized under the provisions of this act.

Sec. 6. [BUDGET; FUNDS.] Subdivision 1. On or before July 1 of each year the board of health, if other than the county board, or the joint board of two or more county boards, or the city council or councils, shall submit to the county board or boards or the city council or councils an estimate of the amount needed by the board of health to perform its duties including costs of administration for the ensuing year. The proposed plan and budget shall set forth the expected source and amounts of funds which are expected to be available to the board of health and its proposed plan of expenditures to perform its duties and responsibilities. The county board or boards or the city council or councils shall consider the estimates of income and the plan for expenditures and as the estimates and plan are approved or approved as modified, shall levy a tax as provided by law for the purpose.

If two or more counties or cities have agreed as provided in Minnesota Statutes, Section 471.59, to a joint or multi-county or multi-city or multi-city-county activity, the county boards or city councils party to the agreement shall determine the proportional financial responsibility of each county or city to support the programs and services of the board of health if the agreement had not provided for the division of costs or other arrangements pursuant to the agreement.

Sec. 7. [ELIGIBILITY; WITHDRAWAL.] Subdivision 1. [ELIGIBILITY OF COUNTIES.] A county or two or more contiguous counties combined under the provisions of Minnesota

Statutes, Section 471.59, shall be eligible for the community health services subsidy provided in section 11 under the following conditions:

(a) There shall be an aggregate population of 30,000 or more persons in the county or multi-county area located within a region designated pursuant to Minnesota Statutes, Sections 462.381 to 462.396, or Chapter 473B. However, when three or more counties combine for the purposes of this act, the 30,000 minimum population shall not be required. When two or more counties combine for the purposes of this act, the state board of health with the approval of the regional development commissions directly involved, may waive the requirements that all counties be within a single development region; provided however, that if a single county has received an exemption for formation of a human services board pursuant to Minnesota Statutes, Section 402.01, the population base of 30,000 is waived and such county shall be eligible for participation in this act;

(b) There shall be a board of health organized under the provisions of section 3;

(c) There shall be substantial compliance with the requirements of the state board of health established under the provisions of section 8;

(d) There shall be local matching funds provided to support the community health services as provided in section 11;

(e) The plan developed under the provisions of section 10 shall be approved by both the county board and the state board of health.

Failure of a county or group of counties to elect to come within the provisions of sections 1 to 11 shall not affect their eligibility for any other state subsidy.

Subd. 2. [ELIGIBILITY OF CITIES.] A city, or two or more contiguous cities combined under the provisions of Minnesota Statutes, Section 471.59, shall be eligible for a proportional share of the subsidy provided in section 11 for the county under the following conditions:

(a) There shall be an aggregate population of 65,000 or more persons in a city or multi-city area located within a county having a population of 300,000 or more persons;

(b) There is a board of health organized under the provisions of section 3;

(c) There is substantial compliance with the requirements established by the state board of health under the provisions of section 8;

(d) There are local matching funds provided to support the community health services as provided in section 11;

(e) The plan developed under the provisions of section 10 shall be consistent with the plan developed by the county and shall be approved by both the city council and the county board.

The city's proportionate share of the community health services subsidy shall be determined by calculating the proportion of local expenditures for community health services within the county that were expended by the city. In a county which has, or hereafter establishes, an operational human services board pursuant to section 3, subdivision 1, the subsidy payment shall be made to the human services board pursuant to Minnesota Statutes, Section 402.02, Subdivision 4. The human services board shall enter into a purchase of service contract to provide a proportional share of the subsidy to those cities that establish eligibility under the provisions of this subdivision.

Subd. 3. [ELIGIBILITY OF CITIES.] A city located within three or more counties and any contiguous political subdivision or subdivisions shall have the authority to combine, for the purposes of this act, under the provisions of Minnesota Statutes, Section 471.59, and shall be eligible for a proportional share of the subsidy provided in section 11 for the counties under the following conditions:

(a) There shall be an aggregate population of 40,000 or more persons;

(b) There is a board of health organized under the provisions of section 3;

(c) There is substantial compliance with the requirements established by the state board of health under the provisions of section 8;

(d) There are local matching funds provided to support the community health services as provided in section 11;

(e) The plan developed under the provisions of section 10 shall be approved by the city council and the governing bodies of each of the political subdivisions and by the state board of health.

The proportionate share of the subsidy for the city and any contiguous political subdivision combined with such city shall be determined by calculating the proportion of total county population that live in the city and the contiguous political subdivisions. When all three counties within which the city is located have combined under the provisions of this act, the subsidy payment shall be made to the multi-county board of health. The multi-county board of health shall enter into a purchase of ser-

vice contract to provide a proportional share of the subsidy to the city and any contiguous political subdivisions that establish eligibility under the provisions of this subdivision.

Subd. 4. [WITHDRAWAL.] Any participating county or city, may by resolution of its governing body, indicate its intention to withdraw from the subsidy program established by this act. Notification shall be given to the state board of health and to each county or city in any multi-county or multi-city combination, at least one year before the beginning of the fiscal year in which it takes effect. When two or more counties or cities have combined for the purposes of sections 1 to 11, the withdrawal provision shall not be applicable during the first two years following the adoption of the initial agreement to combine. The withdrawal of a county or city from a group of two or more counties or cities combined for the purposes of sections 1 to 11 shall not effect the eligibility for the community health services subsidy of the remaining counties or cities for at least one year following the withdrawal.

Sec. 8. [DUTIES OF THE STATE BOARD OF HEALTH.]
Subdivision 1. The state board of health shall:

(a) Provide consultation and technical training to communities to assist them in the development and provision of services, encouraging multi-county configurations to ensure that a county will not be isolated geographically and thereby ineligible for the subsidy.

(b) Develop guidelines and recommended administrative procedures through a planning process with representation from local health boards. Adoption of these guidelines and administrative procedures by the board of health shall not be a prerequisite for plan approval.

(c) Promulgate regulations in accordance with Minnesota Statutes, Chapter 15, for the purposes of establishing standards for:

(1) Training, credentialing, and experience requirements for key personnel to ensure expertise in administration, planning, and in each services program included in the community health services plan;

(2) A uniform reporting system that will permit an assessment of the efficiency and effectiveness of service delivery programs; and

(3) A planning process that will encourage full community participation in the development of the community health services plan.

(d) Review and act on the community health services plan and any proposed revision within 60 days after receiving the plan or revision. The state board of health may approve the plan as written or refer the plan back to the applicant with comments and instructions for further consideration. A failure to act within the specified time shall constitute approval of the plan.

(e) Provide application forms and instructions for preparation and submission of applications for the community health services subsidy, in accordance with the provisions of section 10.

Subd. 2. The state board of health may enter into an agreement as prescribed in Minnesota Statutes, Section 145.55, with any county or city or group of counties or cities organized under the provisions of section 3 to perform all or part of the licensing, inspection, and enforcement duties authorized under the provisions of Minnesota Statutes, Sections 144.075 and 144.12 and Chapter 157.

Sec. 9. [COMMUNITY HEALTH SERVICES ADVISORY COMMITTEE.] An advisory committee is established to advise, consult with, and make recommendations to the state board of health on matters relating to the development, maintenance, funding and evaluation of community health services. Each board of health meeting the eligibility requirements of section 7 of this act may appoint a member to serve on the committee. The terms shall be two years and no member shall serve more than three consecutive terms. Continuity of membership shall be assured by having an approximately equal number of terms expire each year. Members may receive a per diem and shall be reimbursed for travel and other necessary expenses while engaged in their official duties. The committee shall meet at least quarterly and special meetings may be called by the chairman or a majority of the members.

Sec. 10. [COMMUNITY HEALTH SERVICES PLAN.] Subdivision 1. [PLAN CONTENT.] The community health services plan shall be a written plan for the development, implementation, coordination, and operation of community health services that meet the priority needs of the community. Financial constraints and differing priorities may result in variations in levels of effort for different services. The plan shall include the following:

(a) A description of the process used to encourage full community participation in the development of the plan;

(b) An explanation of the extent to which the planning and service delivery systems have been integrated with the delivery of personal health services, institutional health services, health related environmental programs and services, and with related human services in the community. The plan shall include a state-

ment of the priority needs of the community and an inventory of existing health related services in the community;

(c) Descriptions of each service program including each of the following: Community nursing services, home health services, disease prevention and control services including immunization, emergency medical services, health education, and environmental health services;

(d) The projected amount and sources of funding for carrying out the plan;

(e) A report and evaluation of the two preceding years community health service programs.

Subd. 2. [PLAN SUBMISSION.] The application for a community health services subsidy and the plan and any proposed revision of the plan shall be submitted to the appropriate regional development commission or to the metropolitan council and to the state board of health. The regional development commission or the metropolitan council shall review the plan to determine conformance with regional plans developed by the health systems agency under the provisions of the National Health Planning and Resource Development Act of 1974, and submit their findings and other comments and recommendations to the state board of health within 40 days after receiving the plan.

Sec. 11. COMMUNITY HEALTH SERVICES SUBSIDY.]
Subdivision 1. [PAYMENT.] When a city, county, or group of cities or counties meets the requirements prescribed in section 7, the state board of health shall pay the amount of subsidy to the city or county in accordance with applicable rules and regulations from the funds appropriated for the purpose. The state board of health may make an advancement of funds on a quarterly basis.

Subd. 2. [FORMULA.] To determine the amount to be paid participating cities and counties, the state board of health shall apply the following formula using the most current data available:

(a) All counties will be ranked in accordance with a formula involving three factors:

(1) Per capita income;

(2) Per capita taxable value; and

(3) Per capita local expenditure per 1,000 population for community health services.

(b) Each county is then ranked as follows:

(1) On the basis of per capita income the ranking is from the lowest to the highest;

(2) Per capita taxable value is ranked from lowest to highest;

(3) Per capita expenditure is ranked from highest to lowest.

(c) The ranking given each county on each of the foregoing three factors is then totaled and the counties ranked in numerical order according to score.

(d) The total score for each county thus determined is then divided into a median total score. The quotient thus obtained is then multiplied by \$2.25 times the county population. The resulting product is the amount of subsidy to which the county is eligible under this formula; provided that no city or county shall receive less than \$1.75 or more than \$2.75 per capita, provided that such computation shall not include additional subsidies granted pursuant to subdivision 4 or subdivision 5 of this section.

Subd. 3. [LOCAL MATCH.] The amount of local matching funds required to receive the full subsidy shall be determined by multiplying the population by \$4.50 and subtracting the community health services subsidy allocated under the provisions of this section. The local matching funds may include local tax levies, gifts, fees for services and revenues from contracts. When the amount of local matching funds is less than the amount specified, the state formula subsidy shall be reduced proportionally. When a participating city or county fails to expend the full amount of the subsidy to which it would be entitled in any one year under the provisions of this act, the state board of health may, at its discretion, retain the surplus, subject to disbursement in the following year to the city or county if it can demonstrate a need for and ability to expend the surplus for the purposes provided in section 8. A city organized under the provisions of this act that levies a tax for provision of community health services shall be exempted from any county levy for the same services to the extent of the levy imposed by the city.

Subd. 4. [PAYMENT.] A city, county, or group of cities or counties with an aggregate population of 50,000 or more persons which meet the eligibility requirements of section 5 shall be entitled to an additional annual payment of \$.25 per capita.

Each county that combines with another county or counties for the purposes of sections 1 to 11 shall be entitled to an additional annual payment of \$5,000.

Subd. 5. [PLANNING GRANTS.] The state board of health may provide grants to any county or group of counties

showing intent to come within the provisions of sections 1 to 11 for the purpose of planning for the development, implementation, and operation of community health services. No single county shall receive more than \$25,000 to conduct the planning. The state board of health shall specify the terms and conditions of grants.

Sec. 12. [APPROPRIATION TRANSFER.] The commissioner of finance is authorized to transfer funds from any appropriation made to the state board of health to the appropriation provided in section 13 of this act. Such transfer shall occur after a request by the commissioner of health identifying the specific amounts from each appropriation, and the programs effected by the requested transfer. The commissioner of health shall furnish copies of each request to the committee on finance of the senate and the committee on appropriations of the house of representatives.

Sec. 13. [APPROPRIATION.] Subdivision 1. The sum of \$3,700,000 is appropriated from the general fund to the state board of health for the biennium ending June 30, 1977 for the purposes specified in section 11.

Subd. 2. The sum of \$100,000 is appropriated from the general fund to the state board of health for each year of the biennium ending June 30, 1977 for the purpose of administering section 8.

Sec. 14. [EFFECTIVE DATE.] The effective date of this act is July 1, 1975 except for section 11, subdivisions 1 to 4, which shall be effective January 1, 1977."
