"Sec. 9. Minnesota Statutes 1976, Section 268.10, Subdivision 2, is amended to read:

Subd. 2. [EXAMINATION OF CLAIMS; DETERMINATION; APPEAL.] (1) An official, designated by the commissioner, shall promptly examine each claim for benefits filed to establish a benefit year pursuant to this section, and, on the basis of the facts found, shall determine whether or not such claims are valid, and if valid, the weekly benefit amount payable, the maximum benefit amount payable during the benefit year, and the date the benefit year terminates, and such determination shall be known as the determination of validity. Notice of any such determination of validity or any redetermination as pro-

vided for in clause (4) shall be promptly given the claimant and all other interested parties. If within the time specified for the filing of wage and separation information as provided in subdivision 1, clause (2), the employer makes an allegation of disqualification or raises an issue of the chargeability to his account of benefits that may be paid on such claim, if such claim is valid, the issue thereby raised shall be promptly determined by said official and a notification of such determination delivered or mailed to the claimant and the employer. If an initial determination or an appeal tribunal decision or the commissioner's decision awards benefits, such benefits shall be paid promptly regardless of the pendency of any appeal period or any appeal or other proceeding which may thereafter be taken. Except as provided in clause (6), if an appeal tribunal decision modifies or reverses an initial determination awarding benefits, or if a commissioner's decision modifies or reverses an appeal decision awarding benefits, any benefits paid under the award of such initial determination or appeal tribunal decision shall be deemed erroneous payments.

(2) If within the benefit year an official of the department or any interested party or parties raises an issue of claimant's eligibility for benefits for any week or weeks in accordance with the requirements of the provisions of sections 268.03 to 268.24 or any official of the department or any interested party or parties or benefit year employer raises an issue of disqualification in accordance with the regulations of the commissioner, a determination shall be made thereon and a written notice thereof shall be given to the claimant and such other interested party or parties or benefit year employer.

(3) A determination issued pursuant to clauses (1) and (2) may be appealed by a claimant or employer within 15 days after the mailing of the notice of the determination to his last known address or personal delivery of the notice. *Every notice of determination shall contain a prominent statement indicating in clear language the method of appealing the determination, the time within which such an appeal must be made, and the consequences of not appealing the determination.* A timely appeal from a determination of validity in which the issue is whether an employing unit is an employer within the meaning of this chapter or whether services performed for an employer constitute employment within the meaning of this chapter shall be subject to the provisions of section 268.12, subdivision 13.

(4) At any time within one year from the date of the filing of a claim for benefits by an individual, the commissioner on his own motion may reconsider a determination made thereon and make a redetermination thereof if he finds that an error in computation or identity or the crediting of wage credits has occurred in connection therewith or if such determination was made as a result of a nondisclosure or misrepresentation of a material fact.

(5) However, the commissioner may in his discretion refer any disputed claims directly to the appeal tribunal for hearing and determination in accordance with the procedure outlined in subdivision 3 and the effect and status of such determination in such a case shall be the same as though the matter had been determined upon an appeal to such tribunal from an initial determination.

(6) If an appeal tribunal decision affirms an initial determination awarding benefits or the commissioner affirms an appeal tribunal decision awarding benefits, such decision, if finally reversed, shall not result in a disqualification and benefits paid shall neither be deemed overpaid nor shall they be considered in determining any individual employer's future contribution rate under section 268.06."

Renumber the remaining sections accordingly.

Page 18, line 1, delete "and" and insert after "9" the words "and 10".

Further amend the title as follows:
