The aggregate value of benefits provided by a contract entered into after July 1, 1973 shall not be less than those provided by the preexisting contract (a) unless a majority of the employees covered under the group insurance plan and voting on the question agree to a reduction in the benefits, if the employees are not represented by an exclusive representative pursuant to section 179.67, or (b) unless the public employer and the exclusive representative of the employees of an appropriate bargaining unit, certified pursuant to section 179.67, agree to a reduction in the benefits. (c) The aggregate value of benefits of any former employee who has retired shall not, in any event, be reduced pursuant to clause (a) or (b), unless he has individually agreed to the reduction.

No such contract need be submitted to bid more frequently than once every 48 months, unless for any reason whatsoever, a 50 percent or greater change in the premium under the policy contract is provided, required or indicated.

When an insurer proposes an increase in rates, it shall accompany its proposal with an aggregate claims record for the appropriate period that explains the proposed increase. When a contract is resubmitted for bids the aggregate claims record shall accompany the specifications for the contract.

Sec. 3. Minnesota Statutes 1978, Chapter 471, is amended by adding a section to read:

[471.617] *Subdivision 1. A statutory or home rule charter city or county or school district, or instrumentality thereof*

Employee wage deductions for the purpose of funding a self insured health benefit plan shall be subject to the licensing provisions of section 60A.23, subdivision 7.

Subd. 2. Any two or more statutory or home rule charter cities or counties or school districts or instrumentalities thereof which together have more than 100 employees may jointly self insure for any employee health benefits except long term disability and life benefits, subject to the same requirements as an individual self insurer under subdivision 1. The commissioner of insurance is authorized to promulgate administrative rules, providing standards or guidelines for the operation and administration of self insurance pools.

Subd. 3. Any self insurance plan covering fewer than 1,000 employees shall include excess or stop-loss coverage, provided by a licensed insurance company or service plan corporation. This excess or stop-loss coverage shall cover all eligible claims incurred during the term of the policy or contract, regardless of the time of payment of the claims, or the self insurance plan shall provide for reserving of an appropriate amount of funds to cover the estimated cost of claims incurred, but unpaid, during the term of the policy or contract. These funds shall be in addition to funds reserved to cover the claims paid during the term of the policy or contract. The excess or stop-loss coverage shall be provided at levels in excess of self insured retention which is appropriate, taking into account the number of covered persons in the group.

Subd. 4. No statutory or home rule charter city or county or school district or instrumentality thereof, shall adopt a self insured health benefit plan for any employees represented by an exclusive representative certified pursuant to section 179.67 without prior notification and consultation on 10 days written notice to the exclusive representative.

Subd. 5. No political subdivision or its employee or agent shall disclose any information about individual claims or total claims of an individual without the consent of the individual, except that the information may be disclosed to officers, employees, or agents of the political subdivision to the extent necessary to enable them to perform their duties in administering the health benefit program. This provision shall not prevent the disclosure of aggregate claims for the group without identification of any individual.

A parent or legal guardian of any minor is authorized to act on behalf of the minor in the disclosure of a record.

Subd. 6. Any statutory or home rule charter city or county or school district, or instrumentality thereof having a self insured health benefit plan on the effective date of this statute may continue to operate that plan notwithstanding that the plan does not meet the minimum employee group size requirement of subdivision 1.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1978, Chapter 174, is amended by adding a section to read:

[174.29] [COORDINATION OF SPECIAL TRANSPORTATION SERVICE.] *Subdivision 1. [DEFINITION.] For the purpose of sections 1 to 3 "special transportation service" means motor vehicle transportation provided on a regular basis by any public or private entity or person which is designed exclusively or primarily to serve individuals who are elderly, handicapped, disabled or economically disadvantaged and who are unable to use regular means of transportation. Special transportation service includes but is not limited to service provided by specially equipped buses, vans, taxis and volunteers driving private automobiles.*

Subd. 2. [DIRECTION.] In order to provide more adequate access to transportation service for the elderly, handicapped and others with special transportation needs and to more efficiently utilize public and private funds expended for that purpose, all state agencies that assist, provide, reimburse or regulate special transportation services shall promote, support and facilitate co-

ordination of those services with other special services and with regular transportation services offered to the general public.

Subd. 3. [INTERAGENCY TASK FORCE.] The commissioner or chief administrative officer of each department, agency or board of the state that assists, provides, reimburses or regulates special transportation services shall serve or appoint a representative to serve on an interagency task force on coordination of special transportation programs. The departments of economic security, education, health, public safety, public welfare and transportation, the council on the handicapped and the board on aging shall be represented on the task force. The commissioner of transportation shall appoint members of the task force representing other departments, boards or agencies of the state that assists, provide, reimburse or regulate special transportation service and shall appoint up to five additional members representing the metropolitan council, regional development commissions and public and private entities that provide special transportation service. The commissioner of transportation shall furnish necessary administrative support for the task force and shall chair or appoint a representative to chair the task force.

The task force shall:

(a) Identify the programs administered by state departments, agencies or boards to assist, provide, reimburse or regulate special transportation service and identify for each program the amount of state and federal money spent, the types of service provided, the types of individuals served and constraints on coordination with other special or regular transportation services;

(b) Identify possible strategies and opportunities for coordination of programs for special transportation services and evaluate them for effectiveness in improving or expanding access to transportation for those with special transportation needs and for efficiency in use of public investments and public funds;

(c) Develop a continuing procedure for interagency cooperation and communication concerning special and regular transportation programs and concerning the adoption of state operating standards for providers of special transportation service;

(d) Develop alternative ways in which transportation programs and expenditures of those agencies required to provide or reimburse special transportation services as a component of other programs such as human services and educational programs can be coordinated with the programs and expenditures of agencies authorized to provide capital and operating assistance to operators of special and regular transportation service;

(e) Examine the feasibility of transportation voucher systems as a method of improving access to transportation for those

with special transportation needs and decreasing capital and operating costs incurred by public agencies to support or provide that transportation. Voucher systems examined shall include systems which allow or require participation by agencies providing transportation as a component of other programs;

(f) Recommend the adoption of policies, rules and legislation necessary to implement programs which it has identified or developed as a result of its study and evaluation; and

(g) Report its findings, conclusions and recommendations to the legislature, including written and oral presentations to the appropriate standing committees. The task force shall make a preliminary report to the legislature not later than November 1, 1979. The preliminary report shall include the task force's findings under clause (a) and any additional findings, conclusions and recommendations which are appropriate for action by the legislature at the 1980 session. A final report covering all items set forth in clauses (a) to (f) shall be made to the legislature not later than July 1, 1980. This subdivision shall expire on December 31, 1980.

Sec. 2. Minnesota Statutes 1978, Chapter 174, is amended by adding a section to read:

[174.30] [OPERATING STANDARDS FOR SPECIAL TRANSPORTATION SERVICE.] *Subdivision 1. [SPECIAL DEFINITION.] For the purpose of this section "special transportation service" does not include transportation provided by a common carrier operating on fixed routes and schedules, a taxi, a volunteer driver using a private automobile, a school bus as defined in section 169.01, subdivision 6, or an emergency ambulance regulated under chapter 144.*

Subd. 2. [AUTHORITY TO ADOPT; PURPOSE AND CONTENT; RULEMAKING.] The commissioner of transportation shall adopt standards for the operation of vehicles used to provide special transportation service which are reasonably necessary to protect the health and safety of individuals using that service. The commissioner, as far as practicable, consistent with the purpose of the standards, shall avoid adoption of standards that unduly restrict any public or private entity or person from providing special transportation service because of the administrative or other cost of compliance.

Standards adopted under this section may include but are not limited to:

(a) Qualifications of drivers and attendants including driver training requirements;

(b) Safety equipment required for vehicles;

(c) *General requirements concerning maintenance of standard equipment of vehicles; and*

(d) *Minimum insurance requirements.*

Subd. 3. [OTHER STANDARDS; WHEELCHAIR SECUREMENT.] *A special transportation service that transports individuals occupying wheelchairs is subject to the provisions of sections 299A.11 to 299A.18 concerning wheelchair securement devices. The commissioners of transportation and public safety shall cooperate in the enforcement of this section and sections 299A.11 to 299A.18 so that a single inspection is sufficient to ascertain compliance with sections 299A.11 to 299A.18 and with the standards adopted under this section.*

Subd. 4. [CERTIFICATE OF COMPLIANCE.] *The commissioner of transportation shall issue an annual certificate of compliance for each vehicle used to provide special transportation service which complies with the standards adopted under this section. A vehicle subject to subdivision 3 shall be issued a certificate of compliance only if the vehicle also complies with sections 299A.11 to 299A.18. The commissioner shall provide procedures for determining compliance and issuing the certificates. The procedures may include inspection of vehicles and examination of drivers.*

Subd. 5. [RULES.] *The standards authorized under subdivision 2 and the procedures authorized by subdivision 4 shall be adopted by rule in accordance with chapter 15. Not later than November 15, 1979, and before proposing any rules under this section the commissioner shall:*

(a) *Make available a draft of the rules, a plan for enforcing the rules and a proposed budget for the necessary enforcement activities of the department for review by the standing committees on transportation in both houses of the legislature; and*

(b) *Review the draft rules, enforcement plan and proposed budget with the interagency task force on coordination of special transportation service. The commissioner shall adopt the rules necessary to implement this section and commence enforcement of those rules not later than July 1, 1980.*

Subd. 6. [PREEMPTION OF OTHER REQUIREMENTS.] *Notwithstanding any other law, ordinance or resolution to the contrary an operator of special transportation service that has been issued a current certificate of compliance under subdivision 4 for a vehicle used to provide that service shall not be required to obtain any other state or local permit, license or certificate as a condition of operating the vehicle for that purpose. This subdivision does not exempt any vehicle from the requirements imposed on vehicles generally as a condition of using the public streets and highways.*

Subd. 7. [ENFORCEMENT.] After January 1, 1981, no state agency, political subdivision or other public agency shall provide any capital or operating assistance to or reimbursement for services rendered by any operator of special transportation service unless current certificates of compliance have been issued under subdivision 4 for the vehicles used by the operator to provide the service.

Sec. 3. Minnesota Statutes 1978, Chapter 174, is amended by adding a section to read:

[174.31] [SPECIAL DEMONSTRATION PROJECT; CO-ORDINATION OF SPECIAL TRANSPORTATION SERVICE IN THE METROPOLITAN AREA.] Subdivision 1. [ESTABLISHMENT; OBJECTIVES.] *A special demonstration project for coordination of special transportation service in the metropolitan area as defined in section 473.121, subdivision 2, shall be established and implemented by the commissioner with the following objectives:*

(a) To provide greater access to transportation for the elderly, handicapped and others with special transportation needs in the metropolitan area and particularly to fill all unmet needs for that transportation in the transit taxing district as defined in section 473.446, subdivision 2; and

(b) To develop an integrated system of special transportation service providing transportation tailored to meet special individual needs in the most cost-efficient manner using existing public and private providers of service.

For the purpose of this section "project" means the demonstration project established under this subdivision.

Subd. 2. [FINANCING; IMPLEMENTATION; MANAGEMENT AND ADVISORY GROUPS.] *The project shall be operated pursuant to the rules governing and funded with money available under the paratransit service demonstration grant program. The commissioner shall not operate the project but shall contract for services necessary for its operation. All transportation service provided through the project shall be provided under a contract between the commissioner and the provider which specifies the service to be provided and the rates for providing it. The commissioner shall establish a committee to set management policies for the project. The management policy committee shall include the commissioner or his designee, representatives of persons contracting to provide services for the project, a representative of the metropolitan council, a representative of the metropolitan transit commission and at least two representatives of the task force established to advise the committee. The meetings of the management policy committee shall be public and minutes of all meetings shall be taken, preserved and made avail-*

able for public inspection. The commissioner shall establish an advisory task force of individuals representing the elderly, handicapped and other users of service provided by the project to advise the management policy committee.

Subd. 3. [DUTIES OF COMMISSIONER.] *In implementing the project the commissioner shall:*

(a) *Encourage participation in the project by public and private providers of special transportation service currently receiving capital or operating assistance from a public agency;*

(b) *Contract with public and private providers that have demonstrated their ability to effectively provide service at a reasonable cost;*

(c) *Encourage individuals using service provided through the project to use the type of service most appropriate to their particular needs;*

(d) *Insure that all persons providing service through the project receive equitable treatment in the allocation of the ridership;*

(e) *Encourage shared rides to the greatest extent practicable;*

(f) *Insure that a full range of service is made available through the project to all parts of the metropolitan transit taxing district;*

(g) *Encourage public agencies that provide transportation to eligible individuals as a component of human services and educational programs to coordinate with the project and to allow reimbursement for services provided through the project at rates that reflect the public cost of providing those services.*

Subd. 4. [COORDINATION REQUIRED.] *The commissioner shall not grant any financial assistance under sections 174.24 or 174.25 to any recipient that proposes to use any part of the grant to provide special transportation service in the metropolitan area unless the program is coordinated with the project in the manner determined by the commissioner. A recipient of a grant made before the effective date of this section shall coordinate its program with the project as far as practicable but shall not be denied any additional grant for which it is otherwise qualified solely because it is not coordinated with the project.*

Subd. 5. [COMPLIANCE WITH OPERATING STANDARDS.] *A vehicle providing special transportation service*

which is subject to the operating standards adopted pursuant to section 2 shall not be allowed to provide service through the project after January 1, 1981, unless a current certificate of compliance has been issued to the vehicle.

Subd. 6. [EVALUATION AND REPORTS.] The commissioner shall evaluate the project and submit a report to the legislature in January, 1981, including the following information:

(a) All amounts of money spent or obligated for the project by the commissioner and the persons receiving those amounts;

(b) The types of service provided, number of individuals served and areas covered;

(c) A comparison of the cost of providing different types of service;

(d) A review of the achievements or failures of the project, problems encountered in implementation and conclusions and recommendations concerning future action.

The commissioner shall submit a preliminary report to the legislature in January, 1980, covering the above information to the extent it is available at that time.

Subd. 7. [EXPIRATION OF PROJECT.] The project shall expire June 30, 1981, and the commissioner shall not enter a contract or make any grant the proceeds of which may be expended for the purpose of implementing or continuing the project beyond June 30, 1981.

Sec. 4. Minnesota Statutes 1978, Section 174.23, is amended by adding a subdivision to read:

Subd. 6. [DRIVER TRAINING.] The commissioner may make grants to any project eligible for assistance under sections 174.24 to 174.27, for the purpose of training drivers of vehicles operated by the project. The subjects of the training may include safe driving skills, techniques of assisting elderly and handicapped passengers and first aid. The commissioner may also contract with a public or private agency or institution to provide driver training to drivers of vehicles utilized by eligible projects.

Sec. 5. Minnesota Statutes 1978, Chapter 174, is amended by adding a section to read:

[174.255] [PARATRANSIT PROGRAMS; ACCESSIBILITY; INSURANCE.] Subdivision 1. [HANDICAPPED ACCESSIBILITY.] The commissioner shall require any paratransit project receiving assistance under section 174.24 or 174.25 which includes the operation of two or more vehicles other than automobiles or taxis to provide at least one vehicle that is ac-

cessible to handicapped individuals and may require additional accessible vehicles if necessary to serve handicapped individuals expected to use the project. A vehicle is accessible if it is equipped to allow transportation of an individual confined to a wheelchair or using an orthopedic device.

Subd. 2. [ASSISTANCE IN OBTAINING INSURANCE.] In order to reduce the expense of liability insurance required for paratransit projects eligible for assistance under sections 174.24 and 174.25 the commissioner shall investigate the causes of high liability insurance costs and shall take the appropriate administrative action to assist paratransit projects to obtain liability insurance coverage from qualified insurance carriers at the lowest available cost. Appropriate administrative action includes: (a) taking bids from and negotiating and entering into contracts with qualified carriers to provide liability insurance for eligible paratransit projects that wish to be covered; or (b) providing technical and administrative assistance to eligible paratransit projects to assist them in securing low cost liability insurance.

Sec. 6. Minnesota Statutes 1978, Section 256B.04, Subdivision 12, is amended to read:

Subd. 12. Place limits on the types of services covered by medical assistance, the frequency with which the same or similar services may be covered by medical assistance for an individual recipient, and the amount paid for each covered service. The state agency shall promulgate rules, including temporary rules, establishing maximum reimbursement rates for emergency and non-emergency (AMBULANCE) transportation.

The rules shall provide:

(a) An opportunity for all recognized transportation providers to be reimbursed for non-emergency transportation consistent with the maximum rates established by the agency;

(b) Reimbursement of public and private nonprofit providers serving the handicapped population generally at reasonable maximum rates that reflect the cost of providing the service regardless of the fare that might be charged by the provider for similar services to individuals other than those receiving medical assistance or medical care under this chapter; and

(c) Reimbursement for each additional passenger carried on a single trip at a substantially lower rate than the first passenger carried on that trip.

The commissioner shall encourage providers reimbursed under this chapter to coordinate their operation with similar services that are operating in the same community. To the extent

practicable, the commissioner shall encourage eligible individuals to utilize less expensive providers capable of serving their needs.

For the purpose of this subdivision and section 256B.02, subdivision 8, and effective on January 1, 1981, "recognized providers of transportation services" means any operator of special transportation service as defined in section 1 that has been issued a current certificate of compliance with operating standards of the department of transportation or, if those standards do not apply to an operator, that the agency finds is able to provide the required transportation in a safe and reliable manner. Until January 1, 1981, "recognized transportation providers" includes any operator of special transportation service that the agency finds is able to provide the required transportation in a safe and reliable manner.
