"Section 1. [PURPOSE.] *It is the purpose of this act to encourage and guide the use of land in accordance with its capabilities, to treat it according to its needs, to prevent the degradation of lands, streams, and rivers, and to protect and promote the health, safety, and general welfare of the people.*

Sec. 2. [40.19] [DEFINITIONS.]

Subdivision 1. [SCOPE.] For the purposes of sections 3 to 10 the terms defined in this section have the meanings given them.

Subd. 2. [ACCELERATED EROSION.] "Accelerated erosion" means erosion that is more rapid than normal erosion or geologic erosion, is in excess of the soil loss limit, and is influenced primarily as a result of the activities of man.

Subd. 3. [ADMINISTRATIVE ORDER.] "Administrative order" means an order issued by county commissioners to notify an offending landowner of record that soil erosion is occurring in excess of limits specified in the county's regulations. The order shall contain a legal description of the offending party's property where erosion is taking place, state as nearly as possible the extent to which soil erosion thereon exceeds the limits established by the county's regulations, and specify time requirements by which measures to control the problem must be initiated and completed.

Subd. 4. [ANNUAL PLAN.] "Annual plan" means an annual program of work prepared by the soil and water conservation district according to the guidelines for annual planning published by the state board.

Subd. 5. [CONSERVATION PRACTICES, STANDARDS AND SPECIFICATIONS.] "Conservation practices, standards and specifications" means standards containing a definition, purpose, and conditions under which the practice applies includ-

ing design requirements, and specifications containing a statement of details required for installing a conservation practice, including kinds, quality, and quantity of work and materials needed to meet the standards.

Subd. 6. [CONSTRUCTION ACTIVITY.] "Construction activity" means any physical disturbance by man of the land associated with construction activities which may result in sedimentation of adjacent lands or waters. These activities include, but are not limited to, clearing, grading, excavating, transporting, and filling lands.

Subd. 7. [EROSION.] "Erosion" means the process by which the surface of the land is worn away by the action of water, wind, or gravity.

Subd. 8. [GEOLOGIC EROSION.] "Geologic erosion" means the wearing away of the earth's surface by water, ice, or other natural agents under natural conditions, undisturbed by man.

Subd. 9. [LAND OCCUPIER.] "Land occupier" means a person, firm, corporation, municipality, or other legal entity who holds title to, or is in possession of any lands, whether as owner, lessee, renter, tenant, or otherwise. The term includes both the owner and the occupier of the land when they are not the same.

Subd. 10. [LONG-RANGE PLAN.] "Long-range plan" means a multi-year program of work prepared by the soil and water conservation district pursuant to Minnesota Statutes, section 40.07, subdivision 9.

Subd. 11. [NORMAL EROSION.] "Normal erosion" means the gradual erosion of land used by man which does not greatly exceed geologic erosion and where all reasonable soil and water conservation practices have been applied.

Subd. 12. [SEDIMENT.] "Sediment" means solid material, both mineral and organic, that is in suspension, is being transported, or has been moved from its site of origin by air, water, gravity, or ice, and has come to rest on the earth's surface.

Subd. 13. [SEDIMENTATION.] "Sedimentation" means the process or action of depositing sediment.

Subd. 14. [SOIL LOSS LIMIT.] "Soil loss limit" means the maximum amount of soil loss from water or wind erosion, expressed in tons per acre per year, that will be permitted by the county's regulations on a given soil.

Subd. 15. [SOIL AND WATER CONSERVATION PRACTICE.] "Soil and water conservation practice" or "practice" means a permanent or temporary vegetative or structural mea-

sure that when applied to the land will contribute to the control of wind and water erosion. Permanent practices include but are not limited to grassed waterways, terraces, field windbreaks, water control structures, grade stabilization structures, sediment retention structures, strip-cropping, and other permanent practices approved by the state soil and water conservation board. A permanent practice is deemed to have an effective life in excess of ten years. Temporary practices include conservation tillage, contour farming, grasses and legumes in rotation, emergency tillage, and any other cultural practices approved by the state soil and water conservation board.

Subd. 16. [SUPPLEMENTAL ORDER.] "Supplemental order" means an order supplemental to an administrative order and issued by county commissioners to notify an offending party that cost sharing for the required soil and water conservation practices has been approved. A supplemental order shall state time requirements by which measures to control the erosion problem must be initiated and completed. These time limits supersede the dates specified in an administrative order.

Subd. 17. [TECHNICAL GUIDE.] "Technical guide" means the guide developed by USDA Soil Conservation Service adopted by soil and water conservation districts containing technical information including methods and procedures by which the various types of erosion can be measured, and conservation practice standards and specifications required in the application of soil and water conservation practices.

Sec 3. [40.20] [COUNTY EROSION CONTROL.]

The provisions of this act apply in all counties of the state which must adopt them by August 1, 1989. Each county shall adopt an erosion control and sedimentation ordinance as provided in section 4. If the governing body of a county which has adopted the provisions of this act and a local soil and water conservation district board agree, the soil and water conservation district board shall administer and enforce the provisions of the act within its jurisdictional area and the duties of the county as provided in this act shall be performed by the local soil and water conservation district.

Sec. 4. [40.21] [PROMULGATION OF RULES BY THE STATE BOARD; PERIODIC REVIEW.]

The state soil and water conservation board, in consultation with counties, soil and water conservation districts, and other appropriate agencies, shall promulgate rules which shall serve as a guide to enable counties to carry out the provisions of this act. The rules developed by the state soil and water conservation board shall include:

(a) *A model ordinance which specifies the technical and administrative procedures required of a county to implement this act. The model ordinance shall be considered to be the minimum regulation to be adopted by each county.*

(b) *Administrative procedures required of the state soil and water conservation board for carrying out the provisions of this act.*

At least once every two years the state soil and water conservation board shall review the rules in cooperation with counties, soil and water conservation districts, and appropriate agencies to ensure their continued applicability and relevance. The rules may be revised if deemed necessary by the state soil and water conservation board.

Sec. 5. [40.22] [ACCELERATED EROSION; SEDIMENTATION.]

Subdivision 1. [PROHIBITED ACTIVITIES.] A person may not cause, conduct, contract for, or authorize an activity which causes accelerated erosion or sedimentation.

Subd. 2 [AGRICULTURAL LAND.] A land occupier of agricultural land is not violating subdivision 1 if he is using farming methods which do not create accelerated erosion or sedimentation of adjoining land or water.

Subd. 3. [WOODLAND.] A land occupier who uses wooded land for pasture must ensure that proper management is used to prevent accelerated erosion or sedimentation of adjoining land or water due to overgrazing or cattle paths.

Sec. 6. [40.23] [EROSION CONTROL PLAN.]

A person engaged in construction activity that will disturb over one acre of land must include a proposed sedimentation control plan that will prevent sedimentation of adjoining land or water to the local soil and water conservation district.

Sec. 7. [40.24] [ENFORCEMENT.]

Subdivision 1. [COMPLAINT.] A land occupier adversely affected by accelerated erosion or sedimentation, or a federal, state, or local government official, may submit a verbal or written complaint against a land occupier alleging that accelerated erosion or sedimentation has occurred or is occurring. The complaint must be made to the county board of the county which contains the majority of the affected land. The complaint shall include the approximate dates and location of the alleged violation and describe the source, nature, and extent of the accelerated erosion or sedimentation alleged to have occurred or which is occurring.

Sec. 8. [40.25] [INSPECTION OF LAND UPON COMPLAINT.]

The commissioners of any county shall inspect or cause to be inspected any land within the county, upon receipt of a complaint that accelerated soil erosion or sedimentation is occurring there in excess of the limits established by the county's soil loss regulations. The burden of proof shall be on the county board to prove that an alleged violation exists. The complainant must be notified of the time of the investigation and will be given the opportunity to be present when the investigation is made. If the commissioners find that accelerated soil erosion or sedimentation is occurring on the land inspected, they shall issue an administrative order to the landowner of record, and to the occupant of the land if possible, describing the land and stating the extent to which soil erosion or sedimentation on the land exceeds the limits established by the county's regulations. The order shall be delivered either by personal service or by certified mail to each of the persons to whom it is directed, and shall state a time, not more than 90 days after service or mailing of the notice of the order, by which work needed to establish specific soil and water conservation practices to stop the accelerated erosion or sedimentation must be commenced, and a time not more than one year after the service or mailing of the notice of the order by which the work must be satisfactorily completed.

Sec. 9. [40.26] [APPLICATION FOR COST-SHARING FUNDS.]

Except in the case of a construction activity, no land occupier shall be required to establish soil and water conservation practices unless state cost-sharing funds have been specifically approved for that land and have been actually made available to the land occupier in an amount equal to at least 75 percent of the cost of the permanent soil and water conservation practices. The state soil and water conservation board shall review these requirements at least once each year, and may authorize districts in any particular case to provide a higher percentage of public cost sharing than is required by this section. To aid in this determination, the state board may consider the location of the affected area in relation to the priority areas as established in the district annual and long-range plans. Evidence that an application for state cost-sharing funds has been submitted to the soil and water conservation district shall constitute commencement of the work within the meaning of section 8. When notified of the approval of the application, the county commissioners shall issue to the same parties who received the original administrative order, or their successors in interest, a supplemental order, to be delivered in the same manner as provided by section 8. The supplemental order shall state a time, not more than 90 days after approval of the application for state cost-sharing funds, by which the work needed to comply

with the original administrative order shall actually be commenced, and a time not more than one year thereafter when the work is to be satisfactorily completed.

H. F. No. 1237, A bill for an act relating to education; establishing a program to require school districts to provide milk to all elementary and secondary pupils in public and nonpublic schools; appropriating money; proposing new law coded in Minnesota Statutes, chapter 124.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

"MILK IN SCHOOLS PROGRAM

Section 1. [17.481] [MILK IN SCHOOLS PROGRAM; CITATION.]

Sections 1 to 7 may be cited as the Minnesota Milk In Schools Act.

Sec. 2. [17.482] [LEGISLATIVE FINDINGS; POLICY STATEMENT.]

The legislature finds that milk is a wholesome, nutritious, natural product that should be included in the diet of all Minnesotans. Milk is especially important for school students to improve learning ability and promote good health. The legislature further finds that substantial cuts in federal programs to provide milk to school students at reduced cost have resulted in greatly decreased per-student milk consumption, and that Minnesota's dairy farmers would benefit from increased milk consumption. It is therefore the policy of the legislature to promote milk consumption in schools through a voluntary program designed to make milk available to students, teachers, and support staff at a reduced cost.

Sec. 3. [17.483] [ESTABLISHMENT OF SCHOOL MILK ACCOUNT.]

The school milk account is created in the state treasury. All voluntary contributions to the milk in schools program shall be deposited in the school milk account. All money accruing and credited to the school milk account is appropriated to the department of agriculture to implement and operate the milk in schools program created by this act. All money in the school milk account shall remain available until expended. Any surplus money in the account may be invested by the state board of investment with all earned interest accruing to the account and any losses borne by the account. No obligation involving expenditure of money shall be entered into unless there is a balance in the account not otherwise encumbered to pay previous obligations.

Sec. 4. [17.4831] [CONTRIBUTIONS TO SCHOOL MILK ACCOUNT.]

A taxpayer or other person may make contributions to the school milk account by direct payment to the state treasurer or to the commissioner of agriculture. Contributions may also be made to an eligible school provided that the eligible school agrees to forward the contribution to the commissioner of agriculture for use in the milk in schools program. An eligible school which accepts contributions to the milk in schools program shall pay any contributions received to the commissioner of agriculture at intervals not exceeding three months.

Sec. 5. [17.484] [MILK IN SCHOOLS PROGRAM.]

Subdivision 1. [ADMINISTRATION.] The milk in schools program created by this act shall be administered by the commissioner of agriculture or his designee in consultation with the commissioner of education. The commissioner of agriculture in consultation with the commissioner of education may adopt rules and temporary rules for operation of the program. No temporary rules promulgated to initiate the program may remain in effect for more than 360 days after the effective date of this act. The state milk in schools program shall be coordinated with federal milk and school lunch programs operated by the department of education.

Subd. 2. [ELIGIBLE SCHOOLS.] "Eligible schools" means public school districts and nonpublic schools which operate educational programs for students in kindergarten through grade 12. "Eligible schools" may also include summer camps or educational programs in Minnesota for children ages five through 17 if the commissioner determines that adequate money is available in the school milk account.

Subd. 3. [ELIGIBLE MILK PRODUCTS.] The milk in schools program may be used to help eligible schools provide the following products to students: whole homogenized milk, "two percent" milk, chocolate flavored milk containing not less than two percent butterfat, and any other products that may be designated by rule. Eligible milk products may be delivered to eligible schools packaged in single serving containers or in larger quantities.

Subd. 4. [VALUE OF MILK IN SCHOOLS VOUCHERS.] The redemption value of each milk in schools voucher shall be established by rule. From the effective date of this act through June 30, 1985, the redemption value shall be 12 cents. Each voucher shall be applied to the purchase price of one eight-ounce serving of an eligible milk product. Vouchers may be issued in denominations deemed appropriate by the commissioner.

Subd. 5. [PROGRAM PROMOTION AND ADMINISTRATIVE COSTS.] Money in the school milk account shall be used only for reimbursement of milk in schools vouchers, program promotion costs, and administrative costs. In no event shall program promotion costs exceed two percent of disbursements from the account. Administrative fees retained by the department shall not exceed five percent of disbursements from the account.

Subd. 6. [APPLICATION FOR MILK IN SCHOOLS VOUCHERS.] Any eligible school may apply to the commissioner or his designee for milk in schools vouchers on forms provided by the commissioner. No eligible school may request more vouchers than the number calculated by multiplying pupil units times 0.25. All applications for milk in schools vouchers must be received by the commissioner or his designee not later than the 15th day of the month preceding the first month for which milk vouchers are requested.

Subd. 7. [DISTRIBUTION OF MILK IN SCHOOLS VOUCHERS.] The commissioner shall distribute vouchers to eligible schools which apply on the basis of money available in the school milk account. If requests for vouchers exceed money available in the school milk account, the commissioner shall distribute to each eligible school a percentage of its request equal to available vouchers divided by the number of voucher requests. Vouchers may be issued to eligible schools monthly or quarterly, as deemed appropriate by the commissioner.

An eligible school may distribute milk purchased in part by milk vouchers in a manner designed to maximize the benefits of the program. Preference may be based on specific age or grade levels, educational programs, or other reasonable factors.

Subd. 8. [REDEMPTION OF MILK IN SCHOOLS VOUCHERS.] Eligible schools may use milk in schools vouchers distributed by the commissioner in payment to milk vendors for eligible milk products. The milk vendor may redeem vouchers or, if the milk bottler agrees, the vendor may use the vouchers in payment to the milk bottler. The vendor or bottler may submit vouchers to the commissioner of agriculture or his designee not more frequently than once each month. Within 30 days of receiving vouchers from a vendor or bottler, the commissioner shall pay from the school milk account the redemption value of the vouchers. The commissioner shall adopt rules to prevent fraud in the handling and redemption of milk in schools vouchers.

Sec. 6. [17.485] [ACCUMULATION OF EXCESS FUNDS.]

If the accumulated balance in the school milk account exceeds the amount disbursed from the fund during the preceding 12-month period, the treasurer shall notify the commissioner of the excess. The commissioner shall thereafter refuse to accept further contributions to the account until the remaining balance has been reduced to a level adequate to cover disbursements for an eight-month period.

Sec. 7. [17.486] [PUBLICITY.]

The commissioner may prepare and distribute public notices and related materials informing the public of opportunities to contribute to the milk in schools program. The commissioner, in cooperation with the commissioner of education, shall also alert eligible schools to the availability of the program.

Sec. 8. Minnesota Statutes 1982, section 290.06, is amended by adding a subdivision to read:

Subd. 16. [SCHOOL MILK ACCOUNT CREDIT.] A taxpayer may elect to take as a credit against the tax imposed under this chapter for the taxable year an amount equal to 25 percent of contributions made during the taxable year to an eligible school or to the state of Minnesota for purposes of the milk in schools program. No amounts for which a credit is taken pursuant to this section may be again deducted under section 290.089 or 290.21.

If the amount of the credit for which a taxpayer is eligible under this subdivision exceeds his tax liability for the taxable year under this chapter, the excess is not refundable to the taxpayer but may be carried forward to the succeeding taxable year and added to the credit allowable for that year.

Sec. 9. Minnesota Statutes 1983 Supplement, section 290.089, subdivision 2, is amended to read:

Act of 1964 and chapter 363. As used in this clause, "textbooks" includes books and other instructional materials and equipment used in elementary and secondary schools in teaching only those subjects legally and commonly taught in public elementary and secondary schools in this state. "Textbooks" does not include instructional books and materials used in the teaching of religious tenets, doctrines, or worship, the purpose of which is to instill such tenets, doctrines, or worship, nor does it include books or materials for, or transportation to, extracurricular activities including sporting events, musical or dramatic events, speech activities, driver's education, or similar programs;

(b) Add the amount of Minnesota and other states' estate or inheritance taxes which were allowed as a deduction under section 290.077, subdivision 4, on income in respect of a decedent;

(c) Add the amount by which the deduction for the taxable year allowed pursuant to subdivision 4 exceeds the amount determined pursuant to section 222 of the Internal Revenue Code;

(d) Subtract income taxes paid or accrued within the taxable year under this chapter;

(e) Subtract income taxes paid to any other state or to any province or territory of Canada if a credit is allowed for the taxes under section 290.081;

Sec. 10. [APPROPRIATION.]

\$ is appropriated from the general fund to the commissioner of agriculture for adoption of rules to implement the milk in schools program and for initial publicity concerning the program. \$ is appropriated to the school milk account.

Sec. 11. [EFFECTIVE DATE.]

Sections 1 to 10 are effective the day following final enactment. Contributions to the milk in schools program received after the effective date are eligible for tax benefits set forth in sections 8 and 9."

“Section 1. [260.156] [CERTAIN OUT-OF-COURT STATEMENTS ADMISSIBLE.]

An out-of-court statement made by a child under the age of ten years describing any act of sexual contact or penetration performed with or on the child by another, not otherwise admissible by statute or rule of evidence, is admissible in evidence in any dependency or neglect proceeding or any proceeding for termination of parental rights if:

(1) the court finds that the evidence is necessary, and that the time, content, and circumstances of the statement provide sufficient indicia of reliability; and

(2) the proponent of the statement notifies other parties of the proponent's intention to offer the statement and the particulars of the statement sufficiently in advance of the proceeding at which he intends to offer the statement into evidence, to provide the parties with a fair opportunity to meet the statement.

Sec. 2. Minnesota Statutes 1983 Supplement, section 260.315, is amended to read:

260.315 [CONTRIBUTING TO NEGLECT OR DELINQUENCY.]

Any person who by act, word or omission encourages, causes or contributes to the neglect or delinquency of a child, or to a child's status as a habitual truant, runaway, juvenile petty offender, juvenile alcohol offender, or juvenile controlled substance offender, is guilty of a misdemeanor.

Sec. 3. Minnesota Statutes 1982, section 595.02, is amended to read:

595.02 [COMPETENCY OF WITNESSES.]

Every person of sufficient understanding, including a party, may testify in any action or proceeding, civil or criminal, in court or before any person who has authority to receive evidence, except as follows:

(1) A husband cannot be examined for or against his wife without her consent, nor a wife for or against her husband without his consent, nor can either, during the marriage or afterwards, without the consent of the other, be examined as to any communication made by one to the other during the marriage. This exception does not apply to a civil action or proceeding by one against the other, nor to a criminal action or proceeding for a crime committed by one against the other or against a child of either, nor to a criminal action or proceeding in which one is

charged with homicide or an attempt to commit homicide and the date of the marriage of the defendant is subsequent to the date of the offense, nor to an action or proceeding for non-support, neglect, dependency, or termination of parental rights;

(2) An attorney cannot, without the consent of his client, be examined as to any communication made by the client to him or his advice given thereon in the course of professional duty; nor can any employee of the attorney be examined as to the communication or advice, without the client's consent;

(3) A clergyman or other minister of any religion shall not, without the consent of the party making the confession, be allowed to disclose a confession made to him in his professional character, in the course of discipline enjoined by the rules or practice of the religious body to which he belongs; nor shall a clergyman or other minister of any religion be examined as to any communication made to him by any person seeking religious or spiritual advice, aid, or comfort or his advice given thereon in the course of his professional character, without the consent of the person;

(4) A licensed physician or surgeon, dentist, or chiropractor shall not, without the consent of his patient, be allowed to disclose any information or any opinion based thereon which he acquired in attending the patient in a professional capacity, and which was necessary to enable him to act in that capacity; after the decease of the patient, in an action to recover insurance benefits, where the insurance has been in existence two years or more, the beneficiaries shall be deemed to be the personal representatives of the deceased person for the purpose of waiving this privilege, and no oral or written waiver of the privilege shall have any binding force or effect except when made upon the trial or examination where the evidence is offered or received;

(5) A public officer shall not be allowed to disclose communications made to him in official confidence when the public interest would suffer by the disclosure;

(6) Persons of unsound mind; persons intoxicated at the time of their production for examination, and children under ten years of age, who appear incapable of receiving just impressions of the facts respecting which they are examined, or of relating them truly, are not competent witnesses. This exception does not apply to a child under ten years of age (, IN A CRIMINAL PROCEEDING FOR INTRAFAMILIAL SEXUAL ABUSE AS DEFINED IN SECTION 609.364, SUBDIVISION 10, OR IN A CRIMINAL PROCEEDING UNDER SECTIONS 609.342 CLAUSE (A), 609.343 CLAUSE (A), 609.344 CLAUSE (A), OR 609.345 CLAUSE (A), WHO) *describing any act of sexual contact or penetration performed on or with the child by another*

if the child is able to describe or relate in language appropriate for a child of that age the events or facts respecting which the child is examined (;). Except as otherwise provided in section 1, an out-of-court statement made by a child under the age of ten years describing any act of sexual contact or penetration performed with or on the child by another, not otherwise admissible by statute or rule of evidence, is admissible in evidence if:

(a) The court finds, in a hearing conducted outside of the presence of the jury, that the evidence is necessary, that the time, content, and circumstances of the statement provide sufficient indicia of reliability; and

(b) The child either:

(1) testifies at the proceedings; or

(2) is unavailable as a witness if there is corroborative evidence of the act; and

(c) The proponent of the statement notifies the adverse party of the proponent's intention to offer the statement and the particulars of the statement, sufficiently in advance of the proceeding at which he intends to offer the statement into evidence, to provide the adverse party with a fair opportunity to prepare to meet the statement.

(7) A registered nurse, psychologist or consulting psychologist shall not, without the consent of his client, be allowed to disclose any information or opinion based thereon which he acquired in attending the client in a professional capacity, and which was necessary to enable him to act in that capacity;

(8) An interpreter for a person handicapped in communication shall not, without the consent of the person, be allowed to disclose any communication if the communication would, if the interpreter were not present, be privileged. For purposes of this section, a "person handicapped in communication" means a person who, because of a hearing, speech or other communication disorder, or because of the inability to speak or comprehend the English language, is unable to understand the proceedings in which he is required to participate. The presence of an interpreter as an aid to communication does not destroy an otherwise existing privilege;

(9) A parent or his minor child may not be examined as to any communication made in confidence by the minor to his parent. A communication is confidential if made out of the presence of persons not members of the child's immediate family living in the same household. This exception may be waived by express consent to disclosure by a parent entitled

to claim the privilege or by the child who made the communication, or by failure of the child or parent to object when the contents of a communication are demanded. This exception does not apply to a civil action or proceeding by one spouse against the other or by a parent or child against the other, nor to a proceeding to commit either the child or parent to whom the communication was made or to place the person or property or either under the control of another because of his alleged mental or physical condition, nor to a criminal action or proceeding in which the parent is charged with a crime committed against the person or property of the communicating child, the parent's spouse, or a child of either the parent or the parent's spouse, or in which a child is charged with a crime or act of delinquency committed against the person or property of a parent or a child of a parent, nor to an action or proceeding for termination of parental rights, nor any other action or proceeding on a petition alleging child abuse, child neglect, abandonment or nonsupport by a parent;

(10) Sexual assault counselors may not be compelled to testify about any opinion or information received from or about the victim without the consent of the victim. However, a counselor may be compelled to identify or disclose information in investigations or proceedings related to neglect or termination of parental rights if the court determines good cause exists. In determining whether to compel disclosure, the court shall weigh the public interest and need for disclosure against the effect on the victim, the treatment relationship, and the treatment services if disclosure occurs. Nothing in this clause exempts sexual assault counselors from compliance with the provisions of sections 626.556 and 626.557.

“Sexual assault counselor” for the purpose of this section means a person who has undergone at least 40 hours of crisis counseling training and works under the direction of a supervisor in a crisis center, whose primary purpose is to render advice, counseling or assistance to victims of sexual assault.

Sec. 4. Minnesota Statutes 1982, section 609.341, subdivision 11, is amended to read:

It shall be unlawful for any person to operate a motor vehicle in any manner in violation of the restrictions imposed in a restricted license issued to him.

Subd. 2. [CONDITIONAL DRIVER'S LICENSE.] (a) When the commissioner has revoked the license of any person for a violation of section 169.121 or 169.123, a new license issued to the person must be marked as a conditional license for a period of five years less the revocation period required by law for the violation.

(b) *When the commissioner receives notice that a person has been convicted of violating section 169.13, subdivision 1 or 609.21, he shall forthwith require the person's license to be returned to the commissioner and marked as a conditional license for a period of five years less any revocation or suspension.*

(c) *When the commissioner restores a license which had been suspended for a violation of section 169.13, subdivision 1 or 609.21, or issues a new license following a revocation for a violation of those provisions, he shall mark the restored or new license as a conditional license for a period of five years less the revocation or suspension period. A conditional driver's license which is renewed must be marked as conditional for the remainder of the period for which the conditional marking is required. A person holding a conditional license may exchange the license for one not so marked at the expiration of the period during which marking is required."*
