In addition, three percent of the value of all procurements shall be designated for award under the preference program provided for below. The commissioner shall designate set-aside procurements in a manner that will encourage proportional distribution of set-aside awards among the geographical regions of the state. To promote the geographical distribution of set-aside awards, the commissioner may designate a portion of the set-aside for small businesses owned and operated by socially or economically disadvantaged persons for award to bidders from a specified congressional district or other geographical region specified by the commissioner. The commissioner may allow small businesses owned and operated by socially or economically disadvantaged persons a five percent preference in the bid amount on selected state procurements. The commissioner may promulgate rules relative to the set-aside and preference programs provided for in this subdivision. In the event small businesses owned and operated by socially or economically disadvantaged persons are unable to perform at least 24 percent of the set-aside awards, the commissioner shall award the balance of the set-aside contracts to other small businesses. At least 50 percent of the value of the procurements awarded to businesses owned and operated by socially or economically disadvantaged persons shall actually be performed by the business to whom the award is made or another business owned and operated by a socially or economically disadvantaged person or persons. The commissioner shall not designate more than 20 percent of any commodity class for set-aside to businesses owned and operated by socially or economically disadvantaged persons. A business owned and operated by socially or economically disadvantaged persons that has been awarded more than (FIVE PERCENT) three-tenths of one percent of the value of the total anticipated (SET-ASIDE) procurements for a fiscal year under this subdivision is disqualified from receiving further set-aside (AWARDS) or preference advantages for that fiscal year.

Subd. 4a. [CONTRACTS IN EXCESS OF \$200,000; SET-ASIDE.] The commissioner as a condition of awarding state procurements for construction contracts or approving contracts for consultant, professional, or technical services pursuant to section 16.098 in excess of \$200,000 shall require that at least ten percent of the contract award to a prime contractor be subcontracted to a business owned and operated by a socially or economically disadvantaged person or persons. Any subcontracting pursuant to this subdivision shall not be included in determining the total amount of (SET-ASIDE) awards required by subdivisions 1, 1a, and 4 (, OR ANY PREFERENCE PROGRAM AUTHORIZED BY THE COMMISSIONER PURSUANT TO SECTION 16.085). In the event small businesses owned and operated by socially and economically disadvantaged persons are unable to perform ten percent of the prime contract award, the commissioner shall require that other small businesses perform at least ten percent of the prime contract award. The commissioner may

determine that small businesses owned and operated by socially and economically disadvantaged persons are unable to perform at least ten percent of the prime contract award prior to the advertising for bids. Each construction contractor bidding on a project over \$200,000 shall submit with the bid a list of the businesses owned and operated by socially or economically disadvantaged persons that are proposed to be utilized on the project with a statement indicating the portion of the total bid to be performed by each business. The commissioner shall reject any bid to which this subdivision applies that does not contain this information. Prime contractors receiving construction contract awards in excess of \$200,000 shall furnish to the commissioner the name of each business owned and operated by a socially or economically disadvantaged person or persons or other small business that is performing work on the prime contract and the dollar amount of the work performed or to be performed.

[PREFERENCE TO MINNESOTA CORRECTIONAL INDUSTRIES.] AT LEAST 15 PERCENT OF THE VALUE OF PROCUREMENTS DESIGNATED FOR SET-ASIDE AWARDS SHALL BE AWARDED, IF POSSIBLE, TO MINNESOTA CORRECTIONAL INDUSTRIES, ESTABLISHED AND UNDER THE CONTROL OF THE COMMISSIONER OF CORRECTIONS UNDER SECTION 241.27, FOR THE VARIETY OF GOODS AND SERVICES PRODUCED BY THE MINNESOTA CORRECTIONAL INDUSTRIES, UNLESS THE COMMISSIONER OF CORRECTIONS ACTING THROUGH AN AUTHORIZED AGENT CERTIFIES THAT MINNESOTA CORRECTIONAL INDUSTRIES CANNOT PROVIDE THEM. IF THE CORRECTIONAL INDUSTRIES ARE UNABLE TO PERFORM AT LEAST 15 PERCENT OF THE SET-ASIDE AWARDS, THE COMMISSIONER SHALL AWARD THE BALANCE OF THE SET-ASIDE CONTRACTS TO SMALL BUSINESSES.)

Subd. 5. [RECOURSE TO OTHER BUSINESSES.] In the event that subdivisions 1 to (4B) 4a do not operate to extend a contract award to a small business (OR THE MINNESOTA CORRECTIONAL INDUSTRIES,) the award shall be placed pursuant to the normal solicitation and award provisions set forth in this chapter. The commissioner shall thereupon designate (AND SET ASIDE) for small businesses (OR THE MINNESOTA CORRECTIONAL INDUSTRIES) additional state procurements corresponding in approximate value to the contract unable to be awarded pursuant to subdivisions 1 to (4B) 4a.

((2)) the agency making the purchases has adopted a plan to make ten percent of the purchases on an annual basis from businesses owned and operated by socially and economically disadvantaged persons and to make purchases from vendors throughout the state for any agency that has offices located statewide, and to make purchases from local vendors by agency offices. *If an agency plan does not provide for making the ten percent of purchases required, it must submit to the commissioner written evidence of the agency's good faith effort to locate vendors that are businesses owned and operated by socially or economically disadvantaged persons. The commissioner of administration may promulgate temporary rules that will define, for purposes of this section, what constitutes a "good faith effort." Before the commissioner approves any agency plan that provides for less than ten percent purchases from socially and economically disadvantaged vendors, the plan must be provided to the small business advisory council for its review;*

((3)) (2) the amount involved does not exceed \$1,000 from July 1, 1983 to June 30, 1984, and \$1,500 on and after July 1, 1984; and

((4)) (3) the purchases are made after solicitation of at least three price quotations, whenever possible, which may be oral quotations, but of which the agency must keep a written record.

Sec. 104. Minnesota Statutes 1983 Supplement, section 116J.31, is amended to read:

116J.31 [ENERGY AUDITS.]

The commissioner shall develop and administer state programs of energy audits of residential and commercial buildings including those required by United States Code, title 42, (SECTION 8211, ET SEQ.) sections 8211 to 8222 and (SECTION) sections 8281 to 8284. (THE ATTORNEY GENERAL MAY RELEASE INFORMATION ON CONSUMER COMPLAINTS ABOUT THE OPERATION OF THE PROGRAM TO THE COMMISSIONER.) The commissioner shall continue to administer the residential energy audit program as originally established under the provisions of United States Code, title 42, sections 8211 to 8222; through July 1, 1986 irrespective of any prior expiration date provided in United States Code, title 42, section 8216. The commissioner may approve temporary programs if they are likely to result in the installation of as many conservation measures as would have been installed had the utility met the requirements of United States Code, title 42, sections 8211 to 8222. The consumer services division and the attorney general may release information on consumer comments about the operation of the program to the commissioner.

Sec. 105. Minnesota Statutes 1982, section 116J.36, as amended by Laws 1983, chapter 301, section 129, is amended to read:

116J.36 [DISTRICT HEATING AND QUALIFIED ENERGY IMPROVEMENT LOANS.]

Subdivision 1. [POLICIES.] Developing and improving efficient and economical district heating systems *and certain public works capital improvements that conserve energy or substitute a lower cost, more plentiful, or indigenous fuel* is a public purpose for state and local financing and a proper function of state and local government. Climate and geography make a reliable, economic supply of energy essential for (INDUSTRIAL, COMMERCIAL) *industry, commerce,* and residential heating. Imported supplies of *certain fuels* are increasingly costly, unreliable, and environmentally disadvantageous. District heating systems employing cogeneration techniques and innovative technology offer an important means of increasing the efficiency of Minnesota's energy systems and reducing the state's reliance on imported energy supplies. The combination of the large initial capital cost and investors' lack of familiarity with district heating has made the private market reluctant to provide the necessary capital for district heating projects. As a result, public leadership, cooperation, and aid are needed to demonstrate the feasibility of district heating systems by establishing economically viable municipal district heating systems as demonstration projects. *Qualified energy improvements may offer municipalities opportunities for reducing energy costs or generating revenues from wastes.* Municipal district heating systems *and other qualified improvements* may be financed by loans from the state and from other sources available to municipalities.

Subd. 2. [DEFINITIONS.] In this section:

(a) "Construction costs" means all costs associated with the construction, modification or expansion of a district heating system except for preliminary planning costs and detailed design costs. Construction costs include the cost of debt service from the time a construction loan is made until five years after the beginning of the operation of the district heating system constructed or the part of the system being modified or expanded.

(b) "District heating" means the use of a central energy conversion facility to produce hot water or steam for a district heating system. District heating facilities may also produce electricity in addition to hot water or steam.

(c) "Municipality" means any county, city, town, *school district or a municipal power agency* (, OR) *formed pursuant to sections 453.53 to 453.62. Municipality also means a public utility, as defined in section 452.01, subdivision 3, owned and operated by a city, however organized (OR). For purposes of a district heating system only, municipality also means a nonprofit corporation organized pursuant to the provisions of chapter 317 whose membership is limited to the mayor and governing body of the city in which the district heating system is located.*

(d) "District heating system" means any existing or proposed facility for (1) the production, through cogeneration or otherwise, of hot water or steam to be used for district heating, or (2) the transmission and distribution of hot water or steam for district heating either directly to heating consumers or to another facility or facilities for transmission and distribution, or (3) any part or combination of the foregoing facilities.

(e) "Qualified energy improvement" means a cost-effective capital improvement to public land, buildings, or energy using systems, other than a district heating system, including the purchase or installation of equipment to reduce the usage of conventional energy sources or to use alternative energy resources. Qualified energy improvements also include waste-to-energy facilities that meet the criteria specified in subdivision 8a and any rule adopted under that subdivision. Qualified energy improvements shall meet all environmental and permitting standards established by state and federal law.

Subd. 3. [ELIGIBILITY, DISTRICT HEATING.] The commissioner of finance, upon (REQUEST) recommendation of the (GOVERNOR) authority, may make loans to municipalities for the acquisition, construction, expansion, or modification of district heating systems. A loan shall be made only to a municipality that has demonstrated to the authority that:

(a) The municipality has the financial capability to sponsor the project;

(b) The project is technologically feasible;

(c) The district heating project will become a cogeneration facility or the project will utilize hot water or, if the project involves an existing district steam heating system, the project will become integrated with a hot water district heating system, or the project will allow the use of nonpetroleum fuels or will construct an efficient heat transmission system; and

(d) The municipality has made adequate provision to assure proper and efficient operation and maintenance of the project after construction is completed.

Subd. 3a. [ELIGIBILITY, QUALIFIED ENERGY IMPROVEMENTS.] The commissioner of finance, upon recommendation of the authority, may make loans to a municipality for the acquisition, construction, or expansion of a qualified energy improvement. A loan shall be made only to a municipality that has demonstrated that:

(a) The municipality has the financial capability to sponsor the qualified energy improvement;

(b) *The improvement is technologically feasible;*

(c) *The improvement conforms to criteria specified in subdivision 8a and any rule adopted under it; and*

(d) *The municipality has made adequate provision to assure proper and efficient operation and maintenance of the improvement after construction is completed.*

Subd. 3b. [GRANT ELIGIBILITY, DISTRICT HEATING.] The commissioner of energy (, PLANNING) and economic development may provide planning grants to municipalities for planning related to the development of district heating systems. The municipality must demonstrate that a community heatload survey and map have been successfully completed, that potential district heating load is sufficiently large to justify further consideration, and that sufficient resources are available for the municipality to meet its financial requirements. Eligible planning grant costs include project definition, development of preliminary financing and distribution system plans, and obtaining commitment for detailed planning or design and preparation of a final report. The amount of the grant to a municipality is limited to 90 percent of eligible planning costs and shall not exceed \$70,000 as established by rule or temporary rule.

Subd. 3c. [GRANT ELIGIBILITY, QUALIFIED ENERGY IMPROVEMENTS.] *The commissioner of energy and economic development may provide planning grants to municipalities for planning related to the development of qualified energy improvements. The municipality must demonstrate that sufficient resources are available for the municipality to meet its financial requirements. Eligible planning grant costs include definition of the improvement, development of preliminary financing plans, and obtaining commitment for detailed planning or design and preparation of a final report. The amount of a grant to a municipality is limited to 90 percent of eligible planning costs and must not exceed \$100,000 as established by rule or temporary rule.*

Subd. 4. [PRIORITIES, DISTRICT HEATING.] The (COMMISSIONER OF ENERGY, PLANNING AND DEVELOPMENT) authority shall give higher priority to a project that does more to achieve the following goals:

(a) The district heating conversion facility employs cogeneration techniques;

(b) The facility uses renewal or nonpetroleum sources of energy;

(c) The district heating facility will save petroleum or natural gas;

(d) The operation of the district heating facility will not have an adverse impact on the environment;

(e) The district heating facility may readily be expanded to serve additional customers or to supply additional amounts of energy, and market demand for the energy exists;

(f) The project has obtained additional financing from the federal government, private sources, or other sources of capital; and

(g) Other goals the (COMMISSIONER OF ENERGY, PLANNING AND DEVELOPMENT) authority finds desirable for district heating systems.

Subd. 4a. [PRIORITIES, ENERGY IMPROVEMENTS.] The authority shall give higher priority to qualified energy improvements that best meet the following goals:

(a) to increase the proportion of a municipality's energy needs that are met by renewable or indigenous energy resources;

(b) to provide a cost reduction or revenue source for the municipality;

(c) to provide multiple benefits to residents within the municipality; and

(d) to demonstrate technologies for solid waste treatment.

Subd. 5. [APPLICATION.] Application for a loan to be made pursuant to subdivision 6 or 7 shall be made by a municipality to the (COMMISSIONER OF ENERGY, PLANNING AND DEVELOPMENT) authority on a form prescribed by the (COMMISSIONER OF ENERGY, PLANNING AND ECONOMIC DEVELOPMENT BY RULE) authority. The (COMMISSIONER OF ENERGY, PLANNING AND DEVELOPMENT) authority shall (REVIEW EACH APPLICATION AND) determine:

(a) Whether or not the project or proposed energy improvement is eligible for a loan;

(b) The priority of the project or qualified energy improvement when ranked with (ALL) other eligible projects or improvements for which a loan application has been submitted;

(c) The total estimated cost of the project or improvement;

(d) The amount of the loan for which the project or improvement is eligible;

- (e) The terms upon which the loan would be made; and
- (f) The means by which the municipality proposes to finance the project *or improvement*, including:
- (1) A loan authorized by state law; or
 - (2) A grant of money appropriated by state law; or
 - (3) A grant to the municipality by an agency of the federal government within the amount of money then appropriated to that agency and allocated by it to projects *or improvements* within the state; or
 - (4) The appropriation of proceeds of bonds or other money of the municipality to an account for the construction of the project *or improvement*; or
 - (5) User charges, franchise fees, special assessments or taxes; or
 - (6) Any or all of the means referred to in clauses (1) to (5).

Subd. 6. [LOANS, DISTRICT HEATING AND QUALIFIED ENERGY IMPROVEMENTS.] Upon the recommendation of the (GOVERNOR) *authority* pursuant to subdivision 8, the commissioner of finance shall make loans to municipalities on the following terms:

(a) In the case of loans for design costs, the maximum amount of the loan shall be limited by the provisions of this clause. For cities of the first class *and counties containing a city of the first class, individually or through the exercise of joint powers agreements*, the amount of the loan shall not exceed 40 percent of the design costs. For cities of the second, third and fourth class, *and other municipalities*, the amount of the loan shall not exceed 90 percent of the design costs;

(b) In the case for loans for construction costs, a municipality must demonstrate that all design activities have been completed; that the project *or improvement* is economically and technologically feasible; that the district heating system *or qualified energy improvement* will be constructed, and that it has made adequate provisions to assure proper and efficient operation and maintenance of the project *or improvement*. For cities of the first class *and counties containing a city of the first class, individually or through the exercise of joint powers agreements*, the amount of the loan shall be up to 50 percent of the construction costs. For cities of the second class, the amount of the loan shall be up to 80 percent of the construction costs. For cities of the

third or fourth class, and other municipalities, the amount of the loan shall be up to 90 percent of the construction costs.

(c) A loan made pursuant to this section is repayable over a period of *not more than 20 years* (**WITH INTEREST PAYMENTS BEGINNING THE FIRST YEAR**) *from the date the loan is made*. Interest shall accrue from the date of the loan at a rate of interest assigned at the date of loan commitment, *but the first payment of interest shall not be due until one year after the loan was made*. Principal payments shall begin in the sixth year after the receipt of the loan on a 25 year level payment schedule with the balance of the principal to be retired with the payment due 20 years after receipt of the loan. *Interest attributable to the first year of deferred payment shall be amortized in equal periodic payments over the remainder of the term of the loan*. For each loan, the initial deposit to the state bond fund required by section 16A.65, subdivision 1, shall be made by the commissioner of finance, and no loan may be refused solely because the municipality does not provide the initial deposit.

(d) *The authority may also pledge a segregated portion of the energy development fund to guarantee or insure bonds and notes, or the interest rate thereon, issued by the commissioner of finance on behalf of the state of Minnesota for purposes of section 116J.36 or 116J.37.*

Subd. 7. [MODERN STEAM SYSTEMS.] (a) A municipality which has operating within its boundaries a modern steam district heating system owned by a district heating utility may apply for a loan or grant under this section even though the district heating project for which the loan or grant application is made may be planned, constructed, or owned by a district heating utility. The loan or grant application shall be treated in the same manner as loan or grant applications for district heating projects where the projects are to be planned, constructed, or owned by a municipality.

All or a portion of the proceeds of a loan made to a municipality described in this subdivision may be used to make loans to a district heating utility to provide financial assistance for the planning, modification, expansion or construction of a district heating project. Prior to making the loan to the district heating utility, the municipality shall:

(1) Adopt a district heating plan which identifies the areas of the city to be served by district heating; a time schedule indicating when service would be available in different areas of the city and the type of service to be offered; and

(2) Enter into a written agreement with the district heating utility which includes a requirement that the district heating utility restrict expansion of its existing steam system within its

current geographic boundaries as determined by the municipality and develop a hot water system on a specific time schedule.

(b) The powers, authority and obligations granted to a municipality under this subdivision are supplemental to the powers, authority and obligations granted all municipalities under this section.

(c) As used in this subdivision, "modern steam district heating system" means a steam district heating system with condensate return built after 1970 and before May 30, 1981. "District heating utility" means any person, corporation, or other legal entity which owns or operates or plans to own or operate a district heating system. "District heating project" means a new district heating system, or the expansion or modification of the existing modern steam district heating system.

Subd. 8. [LOAN APPROVAL.] The commissioner of energy (, PLANNING) and economic development shall prepare and submit to the (LEGISLATIVE ADVISORY COMMISSION A LIST OF) *energy and economic development authority separate lists of loan requests for district heating (LOAN REQUESTS) systems and qualified energy improvements.* The list for district heating loans shall contain the supporting information required by subdivisions 3, 4, 5, 6, and 7. *The list for qualified energy improvements shall contain the supporting information required by subdivisions 3a, 3c, 4a, 5, and 6.* The recommendation of the (LEGISLATIVE ADVISORY COMMISSION) *authority shall be transmitted to the (GOVERNOR) commissioner of finance.* The (GOVERNOR) *commissioner of finance shall (APPROVE OR DISAPPROVE, OR RETURN FOR FURTHER CONSIDERATION, EACH PROJECT RECOMMENDED FOR APPROVAL BY THE LEGISLATIVE ADVISORY COMMISSION. LOANS MAY BE DISBURSED ONLY UPON APPROVAL BY THE GOVERNOR) sell bonds and make loans for district heating projects and qualified energy improvements only upon the recommendation of the authority.*

Subd. 8a. [CRITERIA FOR QUALIFIED ENERGY IMPROVEMENTS.] *Qualified energy improvements eligible for loans must meet criteria established in rule by the commissioner of energy and economic development. Rules shall include criteria for analyzing the cost-effectiveness of improvements. Rules relating to qualified energy improvements involving a waste-to-energy facility must be adopted in consultation with the waste management board and the pollution control agency. An improvement involving a waste-to-energy facility must be part of a solid waste management plan approved by the pollution control agency or a plan approved under section 473.803.*

Subd. 9. [PAYMENT; OBLIGATION.] The commissioner of finance shall not pay money to a municipality pursuant to an approved loan until he has determined that:

(a) Financing of the project or improvement as proposed by the municipality is assured by an irrevocable undertaking, by resolution of the governing body of the municipality, to use all money made available by the financing plan exclusively for the eligible costs of the project or improvement, and to pay any additional amount by which the cost of the project or improvement exceeds the estimate by the appropriation to the construction account of additional (MUNICIPAL) money of the municipality or the proceeds of additional bonds to be issued by the municipality; and that

(b) The governing body of the municipality has adopted a resolution obligating the municipality to repay the loan according to the terms in the loan. The obligation may be payable from user charges, franchise fees, special assessments or other money available to the municipality. The resolution shall obligate the municipality to annually impose and collect user charges, franchise fees, special assessments, or to use any other money available to it from any other specified source, in amounts and at times that if collected in full will annually produce at least five percent in excess of the amount needed for all annual costs of the system, including annual repayment on state loans. A municipality may also pledge to levy an ad valorem tax to guarantee the payments under the loan agreement. For the purpose of repaying the loan, the municipality by resolution of its governing body may fix the rates and charges for district heating system or qualified energy improvement service and products, may enter into contracts for the payment by others of costs of construction, maintenance, and use of the project or improvement in accordance with section 444.075 and may pledge the revenues derived therefrom. The commissioner of finance shall condition a loan upon the establishment of rates and charges or the execution of contracts sufficient to produce annually the revenues pledged for repayment of all annual costs of the system, including annual repayment of the state loan.

Subd. 10. [RECEIPTS.] All principal and interest payments received by the commissioner of finance in repayment of the loans authorized by this section shall be deposited in the state treasury and credited to the state bond fund and are appropriated to the commissioner of finance for the purposes of that account.

Subd. 11. [RULES.] The commissioner of energy (, PLANNING) and economic development shall adopt rules necessary to carry out the programs of this section. The commissioner of energy (, PLANNING) and economic development (SHALL) may adopt temporary rules pursuant to sections 14.29 to 14.36, meeting the requirements of this section. The rules shall contain as a minimum:

- (a) Procedures for application by municipalities; and
- (b) Criteria for reviewing grant and loan applications.

Sec. 106. [116J.381] [COMMUNITY ENERGY PROGRAM.]

Subdivision 1. [FINDINGS.] The legislature finds that community based energy programs are an effective means of implementing improved energy practices including conservation, greater efficiency in energy use, and the use of alternative resources. Further, community based energy programs are found to be a public purpose for which public money may be spent.

Subd. 2. [COMMUNITY ENERGY COUNCILS; CREATION.] Cities or counties, individually or through the exercise of joint powers agreements, may create community energy councils. Membership on a council shall include representatives of labor, small business, voluntary organizations, senior citizens, and low and moderate income residents, and may include city and county officials, and other interested parties.

Subd. 3. [POWERS AND DUTIES.] In order to develop and implement community based energy programs, a community energy council may:

(1) analyze social and economic impacts caused by energy expenditures;

(2) plan, coordinate, advertise, and provide energy programs to minimize negative social and economic impacts;

(3) seek, accept, and disburse grants and other aids from public or private sources for purposes authorized in this subdivision; and

(4) exercise other powers and duties imposed on it by statute, charter, or by ordinance.

Subd. 4. [DEPARTMENT ASSISTANCE.] The commissioner may provide professional and financial assistance to communities to establish community energy councils, and develop and implement community energy programs, within available resources.

Sec. 107. [116J.873] [ECONOMIC RECOVERY GRANTS.]

Subdivision 1. [ADMINISTRATION.] Economic recovery grants shall be made available to local communities and recognized Indian tribal governments in accordance with the rules adopted for economic development grants in the small cities community development block grant programs, except that all units of general purpose local government are eligible applicants for economic recovery grants. The commissioner of energy and economic development shall administer the economic recovery grant program as a part of the small cities development program.

Subd. 2. [ECONOMIC RECOVERY GRANT DEFINED.] "Economic recovery grant" means an agreement between the state and an eligible recipient through which the state provides money to carry out specified programs, services, or activities designed to create new employment, maintain existing employment, increase the local tax base, or otherwise increase economic activity in a community.

Subd. 3. [GRANT EVALUATION.] The division of community development in the department shall accept, review, and evaluate applications for grants to local units of government made in accordance with rules adopted for economic development grants in the small cities development program. Applications recommended for funding, including recommended grant awards, shall be submitted by the division to the commissioner for approval.

Subd. 4. [GRANT LIMITS.] An economic recovery grant may not be approved for an amount over \$500,000. The division may recommend less funding than requested if, in the opinion of the division, the amount requested is more than is necessary to meet the applicant's needs. If the amount of the grant is reduced, the reasons for the reduction shall be given to the applicant. The portion of an economic recovery grant that exceeds \$100,000 must be repaid to the state when it is repaid to the local community or recognized Indian tribal government by the person or entity to which it was loaned by the local community or Indian tribal government. Money repaid to the state is appropriated to the commissioner of energy and economic development for the purpose of making additional economic recovery grants.

Subd. 2a. [WASTE TIRE RECYCLING LOANS AND GRANTS.] The authority may make waste tire recycling loans to businesses. Applications for the loans are not complete unless the waste tire recycling project for which the loan is to be made is certified to be technically feasible by the director of the pollution control agency. The authority may make grants from the waste tire recycling account for studies necessary to demonstrate the technical and economic feasibility of a proposed waste tire recycling project. A grant must be less than \$30,000 and may not exceed 75 percent of the costs of the study. The commissioner shall adopt rules for administration of waste tire recycling grants and loans.

Sec. 111. Minnesota Statutes 1983 Supplement, section 116J.91, subdivision 4, is amended to read:

Furthermore, this prohibition shall not apply to factories, warehouses and similar places of

work not usually frequented by the general public, except that (THE DEPARTMENT OF LABOR AND INDUSTRY SHALL, IN CONSULTATION WITH) the state commissioner of health (,) shall establish rules to restrict or prohibit smoking in those places of work where the close proximity of workers or the inadequacy of ventilation causes smoke pollution detrimental to the health and comfort of nonsmoking employees.

This right shall be exercised by petition (DURING THE PERIOD COMMENCING ON APRIL 25, 1980 AND CONCLUDING 30 DAYS AFTER THAT DATE OR, AFTER JANUARY 1, 1981,) during the 60 day period commencing 270 days prior to the termination of a contract covering the units. If one of these groups of employees exercises the right to separate from the units they shall have no right to meet and negotiate, but shall retain the right to meet and confer with the commissioner of employee relations and with the appropriate appointing authority on any matter of concern to them. The manner of exercise of the right to separate shall be as follows: An employee organization or group of employees claiming that a majority of any one of these groups of employees on a state-wide basis wish to separate from their units may petition the director for an election during the petitioning period. If the petition is supported by a showing of at least 30 percent support for the petitioner from the employees, the director shall hold an election to ascertain the wishes of the majority with respect to the issue of remaining within or severing from the units provided in subdivision 1. This election shall be conducted within 30 days of the close of the petition period. If a majority of votes cast endorse severance from the unit in favor of separate meet and confer status for any one of these groups of employees, the director shall certify that result. This election shall, where not inconsistent with other provisions of this section, be governed by section 179.67. If a group of employees elects to sever they may rejoin that unit by following the same procedures specified above for severance, but may only do so during the periods provided for severance.

Sec. 118. Minnesota Statutes 1983 Supplement, section 179.7411, is amended to read:

179.7411 [LIMITATION ON THE CONTRACTING-OUT OF SERVICES PROVIDED BY MEMBERS OF A STATE OF MINNESOTA OR UNIVERSITY OF MINNESOTA BARGAINING UNIT.]

Any contract entered into after March 23, 1982 by the state of Minnesota or the University of Minnesota involving services, any part of which, in the absence of the contract, would be performed by members of a unit provided in section 179.741, subdivision 1 or 3, shall be subject to section 16.07 and shall provide for the preferential employment by such a party of mem-

The Red Lake watershed district may study ways to improve the management of the Clearwater River.

Sec. 151. [MANUFACTURING GROWTH COUNCIL.]

Subdivision 1. [LEGISLATIVE FINDINGS AND PURPOSE.] The legislature finds that manufacturing is vital to the economic growth of Minnesota; that there is little knowledge or consensus of future economic policy orientation in manufacturing in Minnesota; that plant closings, job losses, and economic loss to communities continue to threaten economic life in our state; and that state and national business growth are undergoing patterns of change.

In response to these findings, Minnesota must provide leadership to examine issues relating to manufacturing by establishing a mechanism to encourage consensus, compromise, and broad support among diverse groups interested in Minnesota's economic growth. Representatives of manufacturing management, labor, and state government must work together to establish long-term goals for manufacturing growth through careful economic analysis. The legislature must clearly indicate to manufacturing labor and management that it is willing to address the problems of Minnesota manufacturers.

Subd. 2. [CREATION OF COUNCIL.] There is created the Minnesota Manufacturing Growth Council whose purpose is to address manufacturing concerns in Minnesota. The council shall consist of 21 members appointed by the governor. The governor shall serve as chairperson of the council. The governor shall appoint seven members who represent manufacturing labor; seven members who represent manufacturing management; the commissioners of economic security, energy and economic development, and labor and industry; one economist; and two members of the public-at-large. The governor shall seek to appoint at least one member representing manufacturing businesses owned or managed by women.

Subd. 3. [DUTIES.] The duties and responsibilities of the council are:

(1) to recommend realistic objectives and goals for state manufacturing growth;

(2) to collect and analyze manufacturing data necessary for state policymaking; the council shall monitor permanent plant closings, plant relocations to other states, out-of-state expansions by firms with headquarters or significant facilities in Minnesota, expansions within the state, and new plant start-ups; the council shall identify Minnesota's competitive position in the na-

tional and international marketplace in both general and industry-by-industry terms and shall forecast the current and long-term supply and demand by industry for Minnesota manufacturing labor and products;

(3) to devise a strategy for encouraging Minnesota-based firms to maintain or expand production and jobs in the state;

(4) to identify the kinds of manufacturing firms that may have a special economic advantage for locating in Minnesota;

(5) to provide a forum within state government to address concerns and problems of individual manufacturers;

(6) to make regularly scheduled advisory reports to the legislature that outline specific proposals for allocating state resources necessary to implement a manufacturing policy;

(7) to design systematic procedures for measuring the effect that proposed state policies will have on Minnesota's position in the competition for manufacturing jobs;

(8) to create a center for productivity with the following responsibilities: to organize an adopt-a-company program designed to give small- to medium-sized companies assistance in productivity, planning, implementation, and review; to promote productivity improvements by acting as an information resource; to determine a research program to evaluate productivity processes and measure the improvements of various programs; to encourage additional productivity partnerships between manufacturing labor, management, and educational institutions; and to sponsor group roundtables to discuss technology, improved productivity, and concern for job security on a sector-by-sector basis; and

(9) to conduct a study to consider establishing a program to assist troubled manufacturing firms by determining the feasibility of a state assistance program, outlining how the program might work, and estimating its potential costs.

Subd. 4. [OFFICES, STAFF, SUPPORT.] The commissioner of energy and economic development shall provide the council with suitable offices, staff, and general administrative support.

Subd. 5. [REPEALER.] This section is repealed June 30, 1986.

Sec. 152. [CONVENTION FACILITY COMMISSION.]

Subdivision 1. [LEGISLATIVE POLICY; PURPOSE.] The legislature finds that Minnesota does not have a conven-

tion facility that is competitive in the national and international convention market. The legislature also finds that establishing a world class convention center in Minnesota could be an economic development initiative of statewide significance that may make a major contribution to the state's economic development and employment objectives. It is therefore necessary to determine the potential for improving Minnesota's position in the national convention market, and to prepare a proposal for the construction, operation, maintenance, promotion, location, and financing of a world-class state convention facility.

Subd. 2. [COMMISSION; MEMBERSHIP, ADMINISTRATION.] (a) The Minnesota convention facility commission is established and shall be organized, structured, and administered as provided in this section.

(b) [SELECTION OF HOST CITY.] *By September 11, 1984, the commission shall choose the city in which the convention facility is to be located. The commission shall hold at least one hearing at which any city wishing to be considered as the location for the convention facility may give testimony. For the purposes of this section, the term "city" includes statutory and home rule charter cities.*

(c) [MARKET ANALYSIS.] *The commission's report shall contain a market analysis that evaluates Minnesota's potential to compete successfully for large national conventions and describes the type of convention, hotel, and related facilities and promotional efforts needed to be competitive in the national market.*

(d) [ECONOMIC BENEFIT ANALYSIS.] *The commission's report shall estimate the economic and other impact of the proposed facility.*

(e) [OWNERSHIP AND OPERATION.] *The commission's report shall contain a primary proposal for ownership, operation, and promotion of the facility along with a list of alternate proposals.*

[TOWN LIQUOR LICENSE.] *Notwithstanding any other provision of law, the town of Shingobee in Cass County and the town of Lake Edward in Crow Wing County may renew any off-sale intoxicating liquor licenses issued by it prior to the effective date of this act, and all licenses issued by the town prior to the effective date of this act may remain in effect.*

Subd. 2. [ON-SALE AND OFF-SALE LICENSES; INDIAN RESERVATIONS.] *Notwithstanding section 340.11 or any other law to the contrary, a license to sell off-sale or on-sale intoxicating liquor in effect on July 1, 1984, and issued by the governing body of an Indian tribe in accordance with United*

States Code, title 18, section 1161, is valid under chapter 340 without obtaining a license from a local unit of government. A valid license under this section may be renewed with the approval of the commissioner of public safety.

If a county or a municipality in the county disputes the determination of the commissioner relating to the elements under this chapter, the county or municipality may request that the commissioner initiate a contested case proceeding under chapter 14 within 30 days after receiving the determination. In addition, ten or more eligible voters of the county who own real estate within the county may request a contested case proceeding. The commissioner shall initiate the proceeding within 30 days after receiving the request. Judicial review of the contested case decision is as provided in chapter 14.

Sec. 37. [40A.07] [MUNICIPAL AGRICULTURAL LAND PRESERVATION.]

Subdivision 1. [FAILURE BY COUNTY TO PLAN.] As of January 1, 1990, if a county has not submitted a proposed agricultural land preservation plan and proposed official controls to the commissioner and the regional development commission, if one exists, a municipality within the county may request by resolution that the county submit a plan and official controls to the commissioner and the regional development commission. If the county does not do so within one year of receipt of the resolution, the municipality may perform the duties of the county with respect to land under its jurisdiction.

Subd. 2. [RELATIONSHIP TO OTHER LAWS.] Nothing in this chapter limits a municipality's power to plan or zone under other laws or to adopt official controls that are consistent with or more restrictive than those enacted by the county.

Sec. 38. [40A.08] [STATE PLANNING AGENCY; REGIONAL DEVELOPMENT COMMISSIONS.]

The state planning agency shall cooperate with and assist the commissioner in administering the agricultural land preservation program under this chapter. The commissioner may enter into agreements with the agency or a regional development commission under which staff are loaned for the purpose of selecting pilot counties and reviewing plans and official controls for consistency with the state guidelines.

Sec. 39. [40A.09] [EXCLUSIVE AGRICULTURAL USE ZONE; ELIGIBILITY.]

An owner or owners of land that has been designated for exclusive long-term agricultural use under a plan submitted to or approved by the commissioner is eligible to apply for the creation of an exclusive agricultural use zone. Eligibility continues unless the commissioner determines that the plan and official controls do not address the elements contained in this chapter or unless the county fails to implement the plan and official controls as required by this chapter.

Sec. 40. [40A.10] [APPLICATION FOR CREATION OF EXCLUSIVE AGRICULTURAL USE ZONE.]

Subdivision 1. [CONTENTS.] An eligible person may apply to the county in which the land is located for the creation of an exclusive agricultural use zone on forms provided by the commissioner. In case a zone is located in more than one county, the application must be submitted to the county in which the majority of the land is located. The application must contain at least the following information and other information the commissioner requires:

(a) Legal description of the area to be designated and parcel identification numbers where designated by the county auditor;

(b) Name and address of the owner;

(c) A witnessed signature of the owner covenanting that the land will be kept in exclusive agricultural use and will be used in accordance with the provisions of this chapter that exist on the date of application; and

(d) A statement that the restrictive covenant will be binding on the owner or the owner's successor or assignee, and will run with the land.

In the case of registered property, the owner shall submit the owner's duplicate certificate of title along with the application.

Subd. 2. [REVIEW AND NOTICE.] Upon receipt of an application, the county shall determine if all material required by subdivision 1 has been submitted and, if so, shall determine that the application is complete. The county shall send a copy of the application to the regional development commission, where applicable, and the soil and water conservation district where the land is located. The district shall prepare an advisory statement of existing and potential conservation problems in the zone. The district shall send the statement to the owner of record and to the commissioner.

Subd. 3. [RECORDING.] Within five days of the date of application, the county shall forward the application to the county recorder, together with the owner's duplicate certificate of title in the case of registered property. The county recorder shall record the restrictive covenant and return it to the applicant. In the case of registered property, the recorder shall memorialize the restrictive covenant upon the certificate of title and the owner's duplicate certificate of title. The recorder shall notify the county that the covenant has been recorded or memorialized.

Subd. 4. [COMMENCEMENT OF EXCLUSIVE AGRICULTURAL USE ZONE.] The land is an exclusive agricultural use zone and subject to the benefits and restrictions of this chapter commencing 30 days from the date the county determines the application is complete under subdivision 1.

Subd. 5. [FEE.] The county may require an application fee, not to exceed \$50.

Sec. 41. [40A.11] [DURATION OF EXCLUSIVE AGRICULTURAL USE ZONE.]

Subdivision 1. [GENERAL.] An exclusive agricultural use zone continues in existence until either the owner or the county initiates expiration as provided in this section. The date of expiration by the owner or the county must be at least eight years from the date of notice under this section.

Subd. 2. [TERMINATION BY OWNER.] The owner may initiate expiration of an exclusive agricultural use zone by notifying the county on a form prepared by the commissioner and available in each county. The notice must describe the property involved and must state the date of expiration. The notice may be rescinded by the owner during the first two years following notice.

Subd. 3. [TERMINATION BY COUNTY.] The county may initiate expiration of the exclusive agricultural use zone by notifying the owner by registered mail on a form provided by the commissioner, provided that before notification the following conditions are met:

(a) The agricultural land preservation plan and official controls have been amended so that the land is no longer designated for long-term agricultural use; and

(b) The commissioner has reviewed and approved the amended plan and official controls for consistency with the guidelines contained in this chapter. The notice must describe the property involved and must state the date of expiration.

Subd. 4. [NOTICE AND RECORDING; TERMINATION.] When the county receives notice under subdivision 2 or serves notice under subdivision 3, the county shall forward the original notice to the county recorder for recording and shall notify the regional development commission and the county soil and water conservation district of the date of expiration. Designation as an exclusive agricultural use zone and the benefits and limitations contained in this chapter and the restrictive covenant filed with the application cease on the date of expiration. In the case of registered property, the county recorder shall cancel the restrictive covenant upon the certificate of title and the owner's duplicate certificate of title on the effective date of the expiration.

Subd. 5. [EARLY EXPIRATION.] An exclusive agricultural use zone may be terminated earlier than as provided in this section only in the event of a public emergency upon petition from the owner or county to the governor. The determination of a public emergency must be made by the governor through executive order under section 4.035 and chapter 12. The executive order must identify the exclusive agricultural use zone, the reasons requiring the action, and the date of expiration.

Sec. 42. [40A.12] [PROTECTION FOR NORMAL AGRICULTURAL PRACTICES.]

Local governments may not enact ordinances or regulations that may restrict or regulate normal agricultural practices within an exclusive agricultural use zone unless the restriction or regulation has a direct relationship to public health and safety. This section applies to the operation of vehicles and machinery for planting, maintaining, and harvesting crops and timber and for caring and feeding farm animals, to the type of farming, and to the design of farm structures, except for residences.

Sec. 43. [40A.13] [SOIL CONSERVATION PRACTICES.]

Subdivision 1. [CONSERVATION PRACTICES TO PREVENT SOIL LOSS REQUIRED.] An owner of agricultural land in an exclusive agricultural use zone shall manage the land with sound soil conservation practices that prevent excessive soil loss. Soil loss is excessive if it is greater than the soil loss tolerance for each soil type described in the United States soil conservation service field office technical guide or if the soil loss is greater than the soil loss allowed in an ordinance of the county. A sound soil conservation practice prevents excessive soil loss or reduces soil loss to the most practicable extent. The county shall enforce this subdivision.

Subd. 2. [COMPLAINT.] An elected local government official or district board member from the affected jurisdiction may submit a written complaint to the county attorney if conditions exist that indicate there is excessive soil loss from a tract of land that affects another tract of land or body of water. The written complaint must contain the name and address of the landowner, the location of the tract of land with the excessive soil loss, other land or water that is affected by the excessive soil loss, and a description of the nature of the excessive soil loss and resulting sedimentation. The county attorney may submit the complaint to the district for soil loss determination.

Subd. 3. [DISTRICT DETERMINATION OF SOIL LOSS.]

(a) Upon request by the county attorney the district shall determine the average soil loss in tons per acre per year of the tract of land cited in the complaint.

(b) The district shall submit a report to the county attorney that states the average soil loss in tons per acre per year for each

tract of land and if that soil loss exceeds the amounts allowed in subdivision 1. If the soil loss is excessive the report must include the existing management and soil conservation practices and alternative practices that will prevent excessive soil loss or reduce the soil loss to the most practicable extent. If the report shows that the soil loss from the tract of land is excessive and alternative practices are available to reduce the soil loss the county attorney shall submit the complaint and the report to the county board.

(c) The district may enter public or private land to make an inspection for the determination of soil loss or to complete the report. The landowners must be notified of the time of the inspections and be given an opportunity to be present when the inspection is made.

Subd. 4. [COUNTY BOARD INSPECTION; RESOLUTION.] *(a) Upon receipt of the complaint and district report from the county attorney the county board may make an inspection of the land cited in the complaint to determine if the land is managed properly. The county board may enter public or private land to make an inspection for the determination. The county board must notify landowners of the time of the inspection and give them an opportunity to be present when the inspection is made.*

(b) If the county board determines that the land is managed properly the complaint must be dismissed. If the county board determines that the land is not being managed properly the board shall adopt a resolution that describes alternative management practices; requires the owner within one year after receiving the resolution to commence practices or measures to reduce soil loss to the most practicable extent or prevent excessive soil loss, or submit a completed application for cost-sharing funds; and require that the practices or measures must be completed within one year after cost-sharing funds are available, or two years after receiving the resolution, whichever is later. The resolution must be delivered by personal service or certified mail to the landowner cited in the complaint.

Subd. 5. [DISTRICT ASSISTANCE.] *At the request of a landowner receiving a resolution under subdivision 4, the district shall assist in the planning, design, and application of practices necessary to reduce soil loss to the amounts allowed in subdivision 1 or to the greatest practicable extent. The district shall give the landowner a high priority for technical and cost-sharing assistance.*

Sec. 44. [40A.14] [AGRICULTURAL LAND PRESERVATION AND CONSERVATION AWARENESS PROGRAM.]

Subdivision 1. [ESTABLISHMENT AND ADMINISTRATION.] *An agricultural land preservation and conservation*

awareness program is created. The commissioner shall administer the program as provided in this section. The purposes of the program are to promote and increase public awareness of:

(1) the need for agricultural land preservation and conservation and the consequences of resource degradation;

(2) the physical, environmental, and social factors that affect agricultural land use; and

(3) the availability and effectiveness of agricultural land preservation and conservation approaches and technologies.

The commissioner shall administer the program in order to develop a working partnership between the state and local governments.

Subd. 2. [SURVEY.] The commissioner shall survey awareness of agricultural land preservation and conservation problems, technologies, and available technical and financial resources. The survey must include:

(1) an assessment of related efforts of the United States department of agriculture, the state soil and water conservation board, the Minnesota association of soil and water conservation districts, and other related public and private organizations;

(2) an assessment of programs in other states; and

(3) an assessment of attitudes among a variety of target audiences in Minnesota that are involved in or affected by land use decisions.

Subd. 3. [PUBLIC PARTICIPATION.] The commissioner shall ensure the participation of a cross-section of the public in developing and promoting programs under this chapter. The commissioner shall actively solicit public involvement in reviewing proposed agricultural land preservation plans and proposed official controls. The commissioner shall assist the public in obtaining information concerning the status of county proposals and the agricultural land preservation and conservation assistance program. The department may form a citizen advisory board to assist it in assessing needs, determining the feasibility of different approaches, and securing applications for assistance and resources in local situations.

Sec. 45. [40A.15] [AGRICULTURAL LAND PRESERVATION AND CONSERVATION ASSISTANCE PROGRAM.]

Subdivision 1. [ESTABLISHMENT AND ADMINISTRATION.] An agricultural land preservation and conservation assistance program is created to provide technical and financial assistance for agricultural land preservation and conservation activities and to provide assistance to counties and municipalities

in preparing agricultural land preservation plans and official controls. The commissioner shall administer the program under rules promulgated under chapter 14. The commissioner shall actively seek the involvement of local government officials in the rulemaking process.

Subd. 2. [ELIGIBLE RECIPIENTS.] All counties within the state, municipalities that prepare plans and official controls instead of a county, and districts are eligible for assistance under the program. Counties and districts may apply for assistance on behalf of other municipalities. In order to be eligible for financial assistance a county or municipality must agree to levy at least one-half mill on the dollar of assessed value of property within its jurisdiction for agricultural land preservation and conservation activities or otherwise spend the equivalent amount of local money on those activities, or spend \$15,000 of local money, whichever is less.

Subd. 3. [PROGRAM DEVELOPMENT.] In administering the program the commissioner shall time the promotion of public awareness and the distribution of technical and financial assistance in order to maximize the use of available resources, facilitate the agricultural land preservation process, and promote sound soil conservation practices.

Subd. 4. [FINANCIAL ASSISTANCE.] The commissioner shall administer grants for up to 50 percent of the cost of the activity to be funded, except that grants to the pilot counties shall be for 100 percent of the cost of preparing new plans and official controls required under this chapter. Grants may not be used to reimburse the recipient for activities that are already completed. Grants may be used to employ and train staff, contract with other units of government or private consultants, and pay other expenses related to promoting and implementing agricultural land preservation and conservation activities. The commissioner shall prepare and publish an inventory of sources of financial assistance. To the extent practicable, the commissioner shall assist recipients in obtaining matching grants from other sources.

Subd. 5. [TECHNICAL ASSISTANCE]. The commissioner shall provide for technical assistance for eligible recipients. The commissioner shall provide model plans and model official controls for the preservation of land for long-term agricultural use that address the elements contained in this chapter. To the extent practicable, the commissioner shall provide technical assistance through existing administrative structures. The commissioner may contract for the delivery of technical assistance by a regional development commission, a district, any state or federal agency, any political subdivision of the state, or private consultants. The commissioner shall prepare and publish an inventory of sources of technical assistance, including studies, publications, agencies, and persons available.

Sec. 46. [40A.16] [INTERAGENCY COOPERATION.]

The board, districts, the agency, and the department of natural resources shall cooperate with and assist the commissioner in developing and implementing the agricultural land preservation and conservation awareness and assistance programs. The commissioner may enter into agreements under which staff from those agencies are loaned for the purpose of administering the programs.

Sec. 47. [40A.17] [REPORT.]

The commissioner shall report to the legislature on January 1 and July 1 of each year on activities under this chapter. By July 1, 1985, the report must include the survey of public awareness in the awareness program. The report shall include recommendations for funding levels and other necessary legislative action.

Sec. 48. Minnesota Statutes 1983 Supplement, section 43A.04, subdivision 8, is amended to read:

Subd. 8. [DONATION OF TIME (BY STATE PATROL).] Notwithstanding any law to the contrary, the commissioner shall authorize the appointing authority to permit the donation of up to three hours of accumulated vacation time in each year by each employee who is a member of law enforcement unit number 1 to their union representative for the purpose of carrying out the duties of his or her office.

Sec. 49. Minnesota Statutes 1982, section 117.195, subdivision 1, is amended to read:

Subdivision 1. [AWARD; INTEREST.] All damages allowed under this chapter, whether by the commissioners or upon appeal, shall bear interest from the time of the filing of the commissioner's report or from the date of the petitioner's possession whichever occurs first. *The rate of interest shall be determined according to section 549.09.* If the award is not paid within 70 days after the filing, or, in case of an appeal within 45 days after final judgment, or within 45 days after a stipulation of settlement, the court, on motion of the owner of the land, shall vacate the award and dismiss the proceedings against the land.

Sec. 50. Minnesota Statutes 1982, section 117.232, subdivision 1, is amended to read:

Subdivision 1. When acquisition of private property is accomplished by the state department of transportation by direct purchase the owner shall be entitled to reimbursement for appraisal fees, not to exceed a total of (\$300) \$500. When acquisition of private property is accomplished by any other acquiring authority, the owner is entitled to reimbursement for appraisal

fees, not to exceed (\$300) \$500, if the owner is otherwise entitled to reimbursement under sections 117.50 to 117.56. The purchaser in all instances shall inform the owner of his right, if any, to reimbursement for appraisal fees reasonably incurred, in an amount not to exceed (\$300) \$500, together with relocation costs, moving costs and any other related expenses to which an owner is entitled by sections 117.50 to 117.56. This subdivision does not apply to acquisition for utility purposes made by a public service corporation organized pursuant to section 300.03 or electric cooperative associations organized pursuant to section 308.05.

Sec. 51. Minnesota Statutes 1982, section 155A.06, subdivision 1, is amended to read:

Subdivision 1. [CREATION.] The Minnesota cosmetology advisory council is created, consisting of (NINE) 11 members, as follows: Three members representative of consumers; (THREE) four cosmetologists or shop managers; (TWO) three cosmetology school representatives, *at least one* (REPRESENTING) *of whom shall represent* public cosmetology schools and one (REPRESENTING) *represent* private cosmetology schools; and one representative of manufacturers of cosmetology products. The chair shall be selected at the first meeting of each year by the council from among its members by majority vote and shall serve until a successor is elected.

Sec. 52. Minnesota Statutes 1982, section 161.173, is amended to read:

161.173 [SUBMISSION OF CORRIDOR PROPOSAL.]

The commissioner shall submit to the governing body of each municipality wherein a trunk highway is proposed to be constructed or improved, and to the governing body of each municipality adjacent to any such municipality, a report containing: a statement of the need for this proposed construction or improvement, a description of alternate routes which were considered by the commissioner and an explanation of the advantages and disadvantages in the selection of any route considered. The report shall also contain for each alternate, the following information: general alignment and profile, approximate points of access, highway classification, an approximate cost estimate, relation to existing and planned regional and local development and to other transportation routes and facilities, and a statement of the expected general effect on present and future use of the property within the corridor. Where a state trunk highway is proposed to be constructed or improved within the metropolitan area, a copy of the report shall also be submitted to the metropolitan council and the (METROPOLITAN TRANSIT COMMISSION) *regional transit board* established by chapter 473. In all areas of the state a copy of the report shall be sent to established regional, county and municipal planning commissions in

the area affected by the highway project. Not less than 45 nor more than 90 days, or as otherwise mutually agreed, after the report has been submitted, the commissioner shall hold a public hearing on the proposed highway construction or improvement at such time and place within any municipality wherein a portion of the proposed construction or improvement is located, as the commissioner shall determine. Not less than 30 days before the hearing the commissioner shall mail notice thereof to the governing body of each municipality or agency entitled to receive a copy of the report, and shall cause notice of the hearing to be published at least once each week for two successive weeks in a newspaper or newspapers having general circulation in such municipalities, the second publication to be not less than five days before the date of the hearing. The notice shall state the date, time, place and purpose of the hearing, shall describe the proposed or actual general location of the highway to be constructed or improved, and shall state where the report may be inspected prior to the hearing by any interested person. The hearing shall be conducted by the commissioner or his designee, and shall be transcribed and a record thereof mailed to each municipality or agency entitled to receive a copy of the report. All interested persons shall be permitted to present their views on the proposed highway construction or improvement. The hearing may be continued as often as necessary. Within 120 days after the hearing is completed, the governing body of each municipality or agency entitled to receive a copy of the report shall submit to the commissioner its approval or disapproval of the report. If all or any part of the report is disapproved, the municipality or agency shall state the reasons for such disapproval and suggested changes in the report. The commissioner shall, before preparing additional plans for the proposed highway construction or improvement, submit to the governing body of each municipality or agency disapproving the report, a statement accepting or rejecting any suggested changes and the reasons for his acceptance or rejection.

Sec. 53. Minnesota Statutes 1982, section 161.174, is amended to read:

161.174 [SUBMISSION OF LAYOUT PLANS.]

The commissioner shall submit to the governing body of each municipality wherein a highway is proposed to be constructed or improved, a proposed layout plan for the highway construction or improvement containing: the proposed location, elevation, width and geometrics of the construction or improvement, together with a statement of the reasons therefor. Said plan shall also contain: approximate right-of-way limits; a tentative schedule for right-of-way acquisition, if known; proposed access points; frontage roads; separation structures and interchanges; location of utilities, when known; landscaping, illumination, a tentative construction schedule, if known; and the estimated cost of the construction or improvement. The commissioner shall

submit more than one layout plan. Each such plan shall also be submitted to the metropolitan council and the (METROPOLITAN TRANSIT COMMISSION) *regional transit board* if any portion of the proposed highway construction or improvement is located in the metropolitan area. In all areas of the state a copy of the layout plan shall be sent to established regional, county and municipal planning commissions in the area affected by the highway project. Not less than 90 nor more than 120 days after said plan has been submitted, the commissioner shall hold a public hearing on the proposed highway construction or improvement at such time and place within any municipality wherein a portion of the construction or improvement is located, as the commissioner shall determine. The hearing shall be noticed, held and conducted in the manner provided in section 161.173, except that the commissioner shall mail notice of the hearing only to those municipalities and agencies entitled to receive a copy of the layout plan. The hearing shall be transcribed and a record thereof made available to each municipality or agency entitled to receive a copy of said plan. Within 180 days after the hearing is completed, the commissioner shall formally adopt a layout plan. A copy of the layout plan as adopted shall be submitted to each municipality or agency entitled to receive a copy of the proposed plan, together with the reasons for any change in the plan as presented at the hearing. Within 120 days after the receipt of the adopted layout plan, each such municipality or agency shall submit to the commissioner its approval or disapproval of the layout plan and the reasons for such disapproval, and proposed alternatives, which may include a recommendation of no highway. Such alternatives submitted by a municipality located within the metropolitan area shall, upon request of the municipality, be reviewed by the metropolitan council in order to determine whether such alternatives are likely to meet minimum federal requirements. The metropolitan council is authorized to provide whatever assistance it deems advisable to the submitting municipality in order to assist it in arriving at an alternative which meets minimum federal requirements. If said plan or any part thereof is not disapproved within such period, the commissioner may proceed to prepare final construction plans and specifications for the highway construction or improvement consistent with the adopted layout plan, and may acquire the necessary right-of-way. If the layout plan or any part thereof is disapproved by any municipality or agency, and the commissioner determines to proceed with the plan without modifications, he shall proceed in the manner provided in section 161.175. If the commissioner determines to proceed with the plan with modifications, he shall submit the modified layout plan to the municipalities and agencies entitled to receive the original layout plan in the manner described above, for approval or disapproval by each such municipality or agency within 60 days after receipt of the modified layout plan. If the modified layout plan or any part thereof is not disapproved by any municipality or agency within 60 days after its receipt, the commissioner may proceed to prepare final construction

plans and specifications consistent with the modified layout plan, and may acquire the necessary right-of-way. If the modified plan is disapproved by any municipality and the commissioner determines to proceed with the plan without additional modification, he shall proceed in the manner provided in section 161.175. If the layout plan is disapproved, either as originally submitted or as modified and the commissioner does not act pursuant to section 161.175, within one year from the date of the completion of the hearing, any objecting municipality entitled to receive a copy of the layout plan by virtue of this section may invoke the appellate procedure pursuant to section 161.175, in the same manner as the same might be invoked by the commissioner. In the event the appellate procedure is invoked by either the commissioner or the municipality, the commissioner shall hold a public hearing prior to the appointment of an appeal board. Such hearing shall be limited to the proposed alternative layout plans.

Sec. 54. Minnesota Statutes 1982, section 161.242, subdivision 3, is amended to read:

Subd. 3. [UNAUTHORIZED JUNK YARDS PROHIBITED.] ((1) NO) (a) A junk yard may *not* exist or be operated outside a zoned or unzoned industrial area, including those located on public lands (AND RESERVATIONS OF THE UNITED STATES), unless it (BE) is screened (SO AS) to effectively conceal it from the view of motorists using the highway. The screening required by this section may be effected by trees, shrubs, or foliage, natural objects, fences or other appropriate means as determined by standards established by the commissioner. Plantings (WHICH) *that* will eventually achieve effective screening shall be acceptable. Plantings shall be used in connection with any fence or other non-natural screening device.

((2) ANY SUCH) (b) A *portion of a* junk yard (OR PORTION THEREOF WHICH) *that* cannot be effectively (BE) screened (SHALL) *must* be removed or relocated (PURSUANT TO) *under* the provisions of this section (ON OR BEFORE JULY 1, 1979). (ANY SUCH) A junk yard lawfully existing (ON) *along* a highway (WHICH) *that* is made a part of the trunk highway system after January 1, 1975, and becomes nonconforming thereby shall be effectively screened or removed or relocated within four years (THEREAFTER). Any junk yard (WHICH) *that* comes into existence after July 1, 1971 (WHICH) *that* does not conform to this section, or (WHICH) *that* becomes nonconforming after July 1, 1971, or (WHICH) *that* becomes nonconforming after action by the commissioner pursuant to this section, is hereby declared to be a public nuisance and illegal, and the commissioner may enter upon the land where the junk yard is located and may screen the same, or may relocate or dispose of the junk yard after 90 days notice to the owner or dealer thereof, if known, or to the owner of the land. In this event, no compensation shall be paid to the owner or dealer or owner of the land, and the commissioner may (COLLECT) *recover* the cost of screen-

ing, removal, relocation or disposal from the owner or dealer, if known, or from the owner of the land upon which the junk yard is located. *Any costs recovered by the commissioner shall be deposited in the general fund.*

((3)) (c) None of the articles commonly found in junk yards shall be allowed to remain on the grounds for more than 24 hours unless within the buildings or the properly screened area as provided herein, nor shall any junk in any junk yard be allowed to extend above existing or planned screening so as to be visible from the highway.

Sec. 55. Minnesota Statutes 1982, section 161.242, subdivision 4, is amended to read:

Subd. 4. [AUTHORITY; ENFORCEMENT.] The commissioner shall screen junk yards when required by this section at locations on the right-of-way of the highway or on lands within 1,000 feet of the right-of-way and shall pay for the costs thereof. If screening is not feasible because of economic or topographic reasons, the commissioner shall secure the removal, relocation or disposal of such junk yard by sale, agreement, or other means, and pay for the costs thereof. Notwithstanding the other provisions of this section, if a junk yard exists within one-half mile of the right-of-way of any trunk highway and is visible from the highway, the commissioner may acquire easements for screening purposes up to one-half mile from the edge of the right-of-way of the highway. The commissioner shall acquire such rights and interest in property, personal or real, necessary to carry out the purposes of this section by purchase, gift, or eminent domain proceedings and shall pay just compensation therefor. (THE COMMISSIONER SHALL NOT EXPEND ANY MONEY TO ACQUIRE RIGHTS OR INTERESTS IN JUNK YARDS UNDER THIS SECTION, EXCEPT THOSE FOR WHICH ACQUISITION PROCEEDINGS WERE BEGUN BEFORE JUNE 8, 1979 OR FOR WHICH FEDERAL MONEY HAS BEEN APPROPRIATED BY CONGRESS FOR JUNK YARDS DESCRIBED IN TITLE 23, UNITED STATES CODE, SECTION 136(J) AND THE FEDERAL SHARE HAS BEEN MADE AVAILABLE TO THE COMMISSIONER. ALL COSTS DESCRIBED HEREIN SHALL BE NECESSARY FOR A HIGHWAY PURPOSE.)

Sec. 56. Minnesota Statutes 1982, section 161.31, subdivision 1, is amended to read:

Subdivision 1. [MAPS.] The commissioner shall periodically publish a map showing the location and status of improvements of the trunk highway system. *Trunk highway maps may contain advertising as a means of offsetting the costs of preparing and distributing the maps. All advertising revenues received by the commissioner under this subdivision shall be deposited in the trunk highway fund.*

Sec. 57. Minnesota Statutes 1983 Supplement, section 161.43, is amended to read:

161.43 [RELINQUISHMENT OF HIGHWAY EASEMENTS.]

The commissioner of transportation may relinquish and quitclaim to the fee owner an easement or portion of an easement owned but no longer needed by the transportation department for trunk highway purposes, upon payment to the transportation department of an amount of money equal to the appraised current market value of the easement. If the fee owner refuses to pay the required amount, or if after diligent search the fee owner cannot be found, the commissioner may convey the easement to an agency or to a political subdivision of the state upon terms and conditions agreed upon, or the commissioner may acquire the fee title to the land underlying the easement in the manner provided in section 161.20, subdivision 2. After acquisition of the fee title, the lands may be sold to the highest responsible bidder upon three weeks published notice of the sale in a newspaper or other periodical of general circulation in the county where the land is located. All bids may be rejected and new bids received upon like publication. If the lands remain unsold after being offered for sale to the highest bidder, the commissioner may retain the services of a licensed real estate broker to find a buyer. The sale price may be negotiated by the broker, but must not be less than 90 percent of the appraised market value as determined by the commissioner. The broker's fee must be established by prior agreement between the commissioner and the broker, and must not exceed ten percent of the sale price *for sales of \$10,000 or more*. The broker's fee must be paid to the broker from the proceeds of the sale.

Sec. 58. Minnesota Statutes 1983 Supplement, section 161.44, subdivision 6a, is amended to read:

Subd. 6a. [SERVICES OF A LICENSED REAL ESTATE BROKER.] If the lands remain unsold after being offered for sale to the highest bidder, the commissioner may retain the services of a licensed real estate broker to find a buyer. The sale price may be negotiated by the broker, but must not be less than 90 percent of the appraised market value as determined by the commissioner. The broker's fee must be established by prior agreement between the commissioner and the broker, and must not exceed ten percent of the sale price *for sales of \$10,000 or more*. The broker's fee must be paid to the broker from the proceeds of the sale.

Sec. 59. Minnesota Statutes 1982, section 168.27, subdivision 2, is amended to read:

Subd. 2. [NEW MOTOR VEHICLE DEALER.] No person shall engage in the business of selling *or arranging the sale of*

new motor vehicles or shall offer to sell, solicit, *arrange* or advertise the sale of new motor vehicles without first acquiring a new motor vehicle dealer license. A new motor vehicle dealer licensee shall be entitled thereunder to sell, broker, wholesale or auction and to solicit and advertise the sale, broker, wholesale or auction of new motor vehicles covered by his franchise and any used motor vehicles or to lease and to solicit and advertise the lease of new motor vehicles and any used motor vehicles and such sales or leases may be either for consumer use at retail or for resale to a dealer. Nothing herein shall be construed to require an applicant for a dealer license who proposes to deal in new and unused motor vehicle bodies to have a bona fide contract or franchise in effect with the manufacturer or distributor of any motor vehicle chassis upon which the new and unused motor vehicle body is mounted.

Sec. 60. Minnesota Statutes 1982, section 168.27, subdivision 3, is amended to read:

Subd. 3. A used motor vehicle dealer licensee shall be entitled thereunder to sell, lease, broker, wholesale or auction and to solicit and advertise the sale, lease, broker, wholesale or auction of any used motor vehicles for consumer use at retail or for resale to a dealer.

Sec. 61. Minnesota Statutes 1982, section 168.33, subdivision 2, is amended to read:

Subd. 2. [POWERS.] The registrar shall have the power to appoint, hire and discharge and fix the compensation of the necessary employees, in the manner provided by law, as may be required to enable him to properly carry out the duties imposed upon him by the provisions of this chapter. As of April 14, 1976, the registrar may appoint, and for cause discontinue, a deputy registrar for any city as the public interest and convenience may require, without regard to whether the county auditor of the county in which the city is situated has been appointed as the deputy registrar for the county or has been discontinued as the deputy registrar for the county, and without regard to whether the county in which the city is situated has established a county license bureau which issues motor vehicle licenses as provided in section 373.32.

Effective August 1, 1976, the registrar may appoint, and for cause discontinue, a deputy registrar for any city as the public interest and convenience may require, if the auditor for the county in which the city is situated chooses not to accept appointment as the deputy registrar for the county or is discontinued as a deputy registrar, or if the county in which the city is sit-

uated has not established a county license bureau which issues motor vehicle license as provided in section 373.32. Any person appointed by the registrar as a deputy registrar for any city shall be a resident of the county in which the city is situated.

The registrar may appoint, and for cause discontinue, the county auditor of each county as a deputy registrar. The auditor, with the approval of the director of motor vehicles, may appoint, and for cause discontinue, the clerk or equivalent officer of each city or any other person as a deputy registrar as public interest and convenience may require, regardless of his county of residence. Notwithstanding any other provision, a person other than a county auditor or a director of a county license bureau, who was appointed by the registrar before August 1, 1976, as a deputy registrar for any city, may continue to serve as deputy registrar and may be discontinued for cause only by the registrar. The county auditor shall be responsible for the acts of deputy registrars appointed by him. Each such deputy, before entering upon the discharge of his duties, shall take and subscribe an oath to faithfully discharge his duties and to uphold the laws of the state. If a deputy registrar appointed hereunder is not an officer or employee of a county or city, such deputy shall in addition give bond to the state in the sum of \$10,000, or such larger sum as may be required by the registrar, conditioned upon the faithful discharge of his duties as deputy registrar. *A corporation governed by chapter 302A may be appointed a deputy registrar. Upon application by an individual serving as a deputy registrar and the giving of the requisite bond as provided in subdivision 2 of this section, personally assured by the individual or another individual approved by the commissioner of public safety, a corporation named in an application shall become the duly appointed and qualified successor to the deputy registrar.* Each deputy registrar appointed hereunder shall keep and maintain, in a convenient public place within the place for which he is appointed, a registration and motor vehicle tax collection bureau, to be approved by the registrar, for the registration of motor vehicles and the collection of motor vehicle taxes thereon. He shall keep such records and make such reports to the registrar as that officer, from time to time, may require. Such records shall be maintained at the facility of the deputy registrar. The records and facilities of the deputy registrar shall at all times be open to the inspection of the registrar or his agents. He shall report daily to the registrar all registrations made and taxes and fees collected by him. The filing fee imposed pursuant to subdivision 7 shall be deposited in the treasury of the place for which he is appointed, or if such deputy is not a public official, he shall retain the filing fee, but the registration tax and any additional fees for delayed registration he has collected he shall deposit each day in an approved state depository to the credit of the state through the state treasurer. The place for which the deputy registrar is appointed through its governing body shall provide the deputy registrar with facilities and personnel to carry out the duties imposed by this subdivision if such deputy

is a public official. In all other cases, the deputy shall maintain a suitable facility for serving the public.

Sec. 62. Minnesota Statutes 1983 Supplement, section 169.81, subdivision 2, is amended to read:

Subd. 2. [LENGTH OF VEHICLES.] (a) No single unit motor vehicle, except truck cranes which may not exceed 45 feet, unladen or with load may exceed a length of 40 feet extreme overall dimensions inclusive of front and rear bumpers, except that the governing body of a city is authorized by permit to provide for the maximum length of a motor vehicle, or combination of motor vehicles, or the number of vehicles that may be fastened together, and which may be operated upon the streets or highways of a city; provided, that the permit may not prescribe a length less than that permitted by state law. A motor vehicle operated in compliance with the permit on the streets or highways of the city is not in violation of this chapter.

(b) No single semitrailer may have an overall length, exclusive of non-cargo-carrying accessory equipment, including refrigeration units or air compressors, necessary for safe and efficient operation mounted or located on the end of the semitrailer adjacent to the truck or truck-tractor, in excess of 48 feet, except as provided in paragraph (d). No single trailer may have an overall length inclusive of tow bar assembly and exclusive of rear protective bumpers which do not increase the overall length by more than six inches, in excess of 45 feet. For determining compliance with the provisions of this subdivision, the length of the semitrailer or trailer must be determined separately from the overall length of the combination of vehicles.

(c) No semitrailer or trailer used in a three-vehicle combination may have an overall length, exclusive of non-cargo-carrying accessory equipment, including refrigeration units or air compressors, necessary for safe and efficient operation mounted or located on the end of the semitrailer or trailer adjacent to the truck or truck-tractor, and further exclusive of the tow bar assembly, in excess of 28-1/2 feet. *The commissioner may not grant a permit authorizing the movement, in a three-vehicle combination, of a semitrailer or trailer that exceeds 28-1/2 feet, except that the commissioner may renew a permit that was granted before April 16, 1984 for the movement of a semitrailer or trailer that exceeds the length limitation in this paragraph.*

(d) The commissioner may issue an annual permit for a semitrailer in excess of 48 feet in length, if the distance from the kingpin to the centerline of the rear axle group of the semitrailer does not exceed 41 feet and if a combination of vehicles, which includes a semitrailer in excess of 48 feet for which a permit has been issued under this paragraph, does not exceed an overall length of 65 feet. The annual fee for a permit issued under this paragraph is \$36.

Subd. 2. [FINANCIAL ASSISTANCE.] The commissioner shall seek out and select eligible recipients of financial assistance under sections 174.21 to 174.27. The commissioner shall establish by rule the procedures and standards for review and approval of applications for financial assistance submitted to the commissioner pursuant to sections 174.21 to 174.27. Any applicant shall provide to the commissioner any financial or other information required by the commissioner to carry out his duties. The commissioner may require local contributions from applicants as a condition for receiving financial assistance. Before the commissioner approves any grant, the application for the grant shall be reviewed and approved by the appropriate re-

gional development commission (OR THE METROPOLITAN COUNCIL) only for consistency with regional transportation plans and development guides. If an applicant proposes a project within the jurisdiction of a transit authority or commission or a transit system assisted or operated by a city or county, the application shall also be reviewed by that commission, authority or political subdivision for consistency with its transit programs, policies and plans. Any regional development commission that has not adopted a transportation plan may review but may not approve or disapprove of any application.

Sec. 68. Minnesota Statutes 1982, section 174.23, subdivision 4, is amended to read:

Subd. 4. [RESEARCH; EVALUATION.] The commissioner shall conduct research and shall study, analyze, and evaluate concepts, techniques, programs, and projects to accomplish the purposes of sections 174.21 to 174.27, including traffic operations improvements, preferential treatment and other encouragement of transit and paratransit services and high-occupancy vehicles, improvements in the management and operation of regular route transit services, special provision for pedestrians and bicycles, management and control of parking, changes in work schedules, and reduction of vehicle use in congested and residential areas. The commissioner shall examine and evaluate such concepts, techniques, programs, and projects now or previously employed or proposed in this state and elsewhere. The commissioner or an independent third party under contract to the commissioner shall monitor and evaluate the management and operation of public transit systems, services, and projects receiving financial or professional and technical assistance under sections 174.21 to 174.27 or other state programs to determine the manner in which and the extent to which such systems, services, and projects contribute or may contribute to the purposes of sections 174.21 to 174.27. The commissioner shall develop and promote proposals and projects to accomplish the purposes of sections 174.21 to 174.27 and shall actively solicit such proposals from municipalities, counties, legislatively established transit commissions and authorities, regional development commissions, (THE METROPOLITAN COUNCIL,) and potential vendors. In conducting such activities the commissioner shall make the greatest possible use of already available research and information. The commissioner shall use the information developed under sections 174.21 to 174.27 in developing or revising the state transportation plan.

Sec. 69. Minnesota Statutes 1982, section 174.24, subdivision 1, is amended to read:

Subdivision 1. [ESTABLISHMENT; PURPOSE.] A public transit participation program is established to carry out the objectives stated in section 174.21 by providing financial assis-

tance from the state to eligible recipients *outside of the metropolitan area.*

Sec. 70. Minnesota Statutes 1982, section 174.24, subdivision 2, is amended to read:

Subd. 2. [ELIGIBILITY; APPLICATIONS.] Any legislatively established public transit commission or authority, any county or statutory or home rule charter city providing financial assistance to or operating public transit, any private operator of public transit, or any combination thereof is eligible to receive financial assistance through the public transit participation program. *Eligible recipients must be located outside of the metropolitan area.*

Sec. 71. Minnesota Statutes 1983 Supplement, section 174.24, subdivision 3, is amended to read:

Subd. 3. [FINANCIAL ASSISTANCE.] Payment of financial assistance shall be by contract between the commissioner and an eligible recipient. The commissioner shall determine the total operating cost of any public transit system receiving or applying for assistance in accordance with generally accepted accounting principles. To be eligible for financial assistance, an applicant or recipient shall provide to the commissioner all financial records and other information and shall permit any inspection reasonably necessary to determine total operating cost and correspondingly the amount of assistance which may be paid to the applicant or recipient. Where more than one county or municipality contributes assistance to the operation of a public transit system, the commissioner shall identify one as lead agency for the purpose of receiving moneys under this section.

(THE COMMISSIONER SHALL ADOPT RULES ESTABLISHING UNIFORM PERFORMANCE STANDARDS FOR PRIVATE OPERATORS OF REGULAR ROUTE TRANSIT SYSTEMS IN THE TRANSIT TAXING DISTRICT, AS DEFINED IN SECTION 473.446, SUBDIVISION 2. THE RULES ARE SUBJECT TO THE PROVISIONS IN THE ADMINISTRATIVE PROCEDURE ACT OF SECTIONS 14.01 TO 14.70. PAYMENTS TO THOSE PRIVATE OPERATORS SHALL BE BASED ON THE UNIFORM PERFORMANCE STANDARDS AND OPERATING DEFICIT AND SHALL NOT EXCEED 100 PERCENT OF THE OPERATING DEFICIT AS DETERMINED BY THE COMMISSIONER. PAYMENTS SHALL BE BASED ON APPROVED ESTIMATES OF EXPENDITURES DURING THE CONTRACT PERIOD AND SHALL BE SUBJECT TO AUDIT AND ADJUSTMENT AFTER ANY PAYMENT HAS BEEN MADE.)

Prior to distributing operating assistance to eligible recipients for any contract period, the commissioner shall place all recipi-

ents into one of the following classifications: large urbanized area service, urbanized area service, small urban area service, rural area service, and elderly and handicapped service. The commissioner shall distribute funds under this section so that the percentage of total operating cost paid by any recipient from local sources will not exceed the percentage for that recipient's classification, except as provided in an undue hardship case. The percentages shall be: for large urbanized area service, 55 percent; for urbanized area service and small urban area service, 40 percent; for rural area service, 35 percent; and for elderly and handicapped service, 35 percent. The remainder of the total operating cost will be paid from state funds less any assistance received by the recipient from any federal source. For purposes of this subdivision "local sources" means all local sources of funds and includes all operating revenue, tax levies, and contributions from public funds, except that the commissioner may exclude from the total assistance contract revenues derived from operations the cost of which is excluded from the computation of total operating cost.

If a recipient informs the commissioner in writing after the establishment of these percentages but prior to the distribution of financial assistance for any year that paying its designated percentage of total operating cost from local sources will cause undue hardship, the commissioner may reduce the percentage to be paid from local sources by the recipient and increase the percentage to be paid from local sources by one or more other recipients inside or outside the classification, provided that no recipient shall have its percentage thus reduced or increased for more than two years successively. If for any year the funds appropriated to the commissioner to carry out the purposes of this section are insufficient to allow the commissioner to pay the state share of total operating cost as provided in this paragraph, the commissioner shall reduce the state share in each classification to the extent necessary.

Sec. 72. Minnesota Statutes 1982, section 174.24, subdivision 5, is amended to read:

Subd. 5. [METHOD OF PAYMENT.] Payments under this section (TO RECIPIENTS OTHER THAN THE METROPOLITAN TRANSIT COMMISSION AND PRIVATE OPERATORS WITHIN THE SEVEN-COUNTY METROPOLITAN AREA WHOSE DEFICITS ARE FUNDED 100 PERCENT BY THE STATE) shall be made in the following manner:

50 percent of the total contract amount in the first month of operation;

40 percent of the total contract amount in the seventh month of operation;

9 percent of the total contract amount in the twelfth month of operation; and

1 percent of the total contract amount after the final audit.

(THE METHOD OF PAYMENT UNDER THIS SECTION TO PRIVATE OPERATORS WITHIN THE SEVEN-COUNTY METROPOLITAN AREA WHOSE DEFICITS ARE FUNDED 100 PERCENT BY THE STATE SHALL BE DETERMINED BY THE COMMISSIONER.)

Sec. 73. Minnesota Statutes 1982, section 174.265, subdivision 3, is amended to read:

Subd. 3. [ELIGIBILITY.] The commissioner may provide assistance under the program to any statutory or home rule charter city or town, or group of such cities or towns, which: (a) is located within the metropolitan transit taxing district, as defined in section 473.446, subdivision 2; (b) is not served by the metropolitan transit commission or is served only with bus routes which end or begin within the city or town, or group of cities or towns; (AND) (c) has fewer than four scheduled runs of bus service provided by the commission during off-peak hours; and (d) is receiving assistance or has submitted an application or a letter of intent to apply for assistance under the program by July 1, 1984. Eligible cities or towns may apply on behalf of any operator of public transit with whom they propose to contract for service.

Sec. 74. [174.32] [TRANSIT ASSISTANCE PROGRAM.]

Subdivision 1. [ESTABLISHMENT; PURPOSE.] A transit assistance program is established to provide transit assistance within the state. The commissioner shall provide financial assistance from the fund created in subdivision 2 to eligible recipients for transit service activities as provided in this section.

Subd. 2. [TRANSIT ASSISTANCE FUND; DISTRIBUTION.] A transit assistance fund is created for the purpose of receiving money distributed under section 297B.09. The commissioner shall distribute 80 percent of the receipts of the fund to recipients located in the metropolitan area and 20 percent to recipients located outside of the metropolitan area.

Subd. 3. [ELIGIBLE RECIPIENTS.] A legislatively established public transit commission; a public authority organized and existing under chapter 398A; a county or statutory or home rule charter city operating, intending to operate, or providing financial assistance to a transit service; a rail authority; or a private operator of public transit is eligible for assistance under the program.

- (3) commuter van, car pool, ride share, and park and ride; and*
- (4) other services that further the purposes of section 174.21.*

Subd. 5. [ELIGIBLE ACTIVITIES.] Activities eligible for assistance under the program include but are not limited to:

- (1) planning and engineering design for transit services;*
- (2) capital assistance to purchase or refurbish transit vehicles, purchase rail lines and associated facilities for light rail transit, purchase rights-of-way, and other capital expenditures necessary to provide a transit service; and*
- (3) other assistance for public transit services.*

Sec. 76. Minnesota Statutes 1983 Supplement, section 221.041, is amended by adding a subdivision to read:

Subd. 4. [NONAPPLICABILITY.] This section does not apply to any regular-route passenger transportation being performed with operating assistance provided by the regional transit board.

Sec. 77. Minnesota Statutes 1983 Supplement, section 221.071, subdivision 1, is amended to read:

Subdivision 1. [CONSIDERATIONS; TEMPORARY CERTIFICATES; AMENDING.] If the board finds from the evidence that the petitioner is fit and able to properly perform the services proposed and that public convenience and necessity require the granting of the petition or a part of the petition, it shall issue a certificate of public convenience and necessity to the petitioner. In determining whether a certificate should be issued, the

board shall give primary consideration to the interests of the public that might be affected, to the transportation service being furnished by a railroad which may be affected by the granting of the certificate, and to the effect which the granting of the certificate will have upon other transportation service essential to the communities which might be affected by the granting of the certificate. The board may issue a certificate as applied for or issue it for a part only of the authority sought and may attach to the authority granted terms and conditions as in its judgment public convenience and necessity may require. *If the petitioner is seeking authority to operate regular-route transit service wholly within the seven-county metropolitan area with operating assistance provided by the regional transit board, the board shall consider only whether the petitioner is fit and able to perform the proposed service. The operating authority granted to such a petitioner must be the operating authority for which the petitioner is receiving operating assistance from the regional transit board. A carrier receiving operating assistance from the regional transit board may amend his certificate to provide for additional routes by filing a copy of the amendment with the board, and approval of the amendment by the board is not required if the additional service is provided with operating assistance from the regional transit board.*

The board may grant a temporary certificate, ex parte, valid for a period not exceeding 180 days, upon a showing that no regular route common carrier or petroleum carrier is then authorized to serve on the route sought, that no other petition is on file with the board covering the route, and that a need for the proposed service exists.

A certificate issued to a regular route common carrier or petroleum carrier may be amended by the board on ex parte petition and payment of a \$25 fee to the commissioner, to grant an additional or alternate route if there is no other means of transportation over the proposed additional route or between its termini, and the proposed additional route does not exceed ten miles in length.

(FURTHER, SUCH) Notification (SHALL) *must* in all cases be given in a manner, at such time, and with such information and data available to the commissioner or board (SO) as to enable the (METROPOLITAN TRANSIT COMMISSION) *regional transit board* to meaningfully evaluate, participate in, and comment upon the matter. The commissioner or board shall not approve, deny, or otherwise attempt to resolve or act upon (ANY SUCH) *the* matter until receipt of the comments and advice of the (METROPOLITAN TRANSIT COMMISSION) *regional transit board* with respect thereto, but if none are received they may act within 30 days after demand (THEREFOR UPON) of the (METROPOLITAN TRANSIT COMMISSION) *regional transit board*, or otherwise by mutual agreement. If the commissioner or board takes action in any way contrary to or different from the comments and advice of the (METROPOLITAN TRANSIT COMMISSION) *regional transit board*, they shall specifically state the reasons and factual data for (SUCH) *the* action.

The cost of any other inspection (SHALL) *must* be paid by the owner if the inspection is performed at (HIS) *the owner's* request or if the inspection is made at the request of some other person and the scale, weight, measure, or weighing or measuring device is found to be incorrect. The department may fix the fees and expenses for (ALL) regular inspections and special services, *except that no additional fee may be charged for retail petroleum pumps, petroleum vehicle meters, and petroleum bulk meters that dispense petroleum products for which the petroleum inspection fee required by section 296.13 is collected.* (ALL MONEYS) Money collected by the department for its regular inspections, special services, fees, and penalties (SHALL) *must* be paid into the state treasury and credited to the state general fund.

Sec. 80. Minnesota Statutes 1983 Supplement, section 240.06, subdivision 7, is amended to read:

Subd. 7. [LICENSE SUSPENSION AND REVOCATION.] The commission may revoke a class A license for a violation of law, order, or rule which in the commission's opinion adversely affects the integrity of horse racing in Minnesota, or for an intentional false statement made in a license application, or for a willful failure to pay any money required to be paid by

Laws 1983, chapter 214, and may revoke for failure to perform material covenants or representations made in a license application.

The commission may suspend a class A license for up to one year for a violation of law, order, or rule which in the commission's opinion adversely affects the integrity of horse racing in Minnesota, and may suspend a class A license indefinitely if it determines that the licensee has as an officer, director, shareholder, or other person with a direct, indirect, or beneficial interest a person who is in the commission's opinion inimical to the integrity of horse racing in Minnesota or who cannot be certified under subdivision 1, clause (d).

A license revocation or suspension under this subdivision is a contested case under sections 14.57 to 14.70 of the Administrative Procedure Act, and is in addition to criminal penalties imposed for a violation of law or rule.

(THE FEE CHARGED SHALL BE UNIFORM AND IN AN AMOUNT DETERMINED BY THE COMMISSIONER BUT NOT TO EXCEED ONE AND THREE-QUARTERS CENTS PER 50 GALLONS.) *The commissioner shall adjust the inspection fee to recover the amount appropriated for petroleum product quality inspection expenses and the amount appropriated for the inspection and testing of petroleum product measuring devices as required by chapter 239. The commissioner shall review and adjust the inspection fee as required by section 16A.128 but notwithstanding section 16A.128, the review of the fee shall occur annually on or before January 1, of each year.*

Credit shall be allowed the distributor by the commissioner for inspection fees previously paid in error or on any material exported or sold for export from the state upon filing of a report in a manner approved by the commissioner.

If it is determined that property delivered to the (STATE TREASURER) commissioner has no commercial or historical value he may thereafter destroy or otherwise dispose of the property, and in that event no action or proceeding shall be brought or maintained against the state or any officer thereof or against the holder for or on account of any action taken by the (STATE TREASURER) commissioner pursuant to chapter 345 with respect to the property. The (STATE TREASURER) commissioner shall keep a record of all items destroyed under this section, and all items held by the historical society, including the name and address of the owner of the property and the person who delivered the property to him, the date of delivery, a description of the property destroyed and the date of destruction.*

Subd. 2. [APPLICATION; REQUIREMENTS.] (a) Every application for a license must be made on a form prescribed by the department and must state the name and address of the applicant. If the applicant is a firm, partnership, or association, the application must state the name and address of each of its members. (d) No distributor may also be a wholesale distributor of liquor or alcoholic beverages.

Subd. 3. [FEES.] (a) The annual license fee for a distributor license is \$10,000.

(b) The annual license fee for an operator license is \$2,500.

Subd. 4. [DISTRIBUTOR BOND.] An application for a distributor's license must be accompanied by a corporate surety bond issued by a surety licensed to do business in this state, in the sum of \$10,000, conditioned upon the true and faithful compliance by the distributor with all the provisions of the license. The bond required by this subdivision must be kept in full force during the period covered by the license.

Subd. 5. [LICENSE ISSUED.] Upon receipt of the application, the bond in proper form, and payment of the license required by subdivision 3, the department shall issue a license in form as prescribed by the department to the applicant, unless it determines that the applicant is otherwise unqualified. The license permits the applicant to whom it is issued to engage in business as a distributor or operator at the place of business shown in the application. The department must assign a license number to each person licensed at the time the initial license is issued. The license number must be inscribed upon all licenses issued to that distributor or operator.

Sec. 91. [349.52] [VIDEO GAME OF CHANCE LICENSES.]

Subdivision 1. [REQUIREMENTS.] *In addition to a license, an operator must obtain from the commissioner an annual nontransferable license for each video game of chance. The license fee is \$120 per game. The fee must be prorated according to the number of months remaining in the calendar year at the time of the license application.*

Subd. 2. [COLLECTION.] *At the time a video game of chance is sold to an operator, the distributor must collect the license fee specified in subdivision 1. The distributor must affix to each game a stamp containing the operator's license number. All license fees must be given to the state treasurer for deposit in the account created in subdivision 3.*

Subd. 3. [VIDEO GAMING LICENSE ACCOUNT.] *There is created in the state treasury an account to be known as the "video gaming license account." All fees received by the state treasury pursuant to this section must be credited to this account. The commissioner shall, by January 10 of each year, certify to the state treasurer the number of video games of chance located in each city, and in each county outside of incorporated areas, on December 31 of the previous year. Within ten days of receiving this certification the state treasurer shall pay from the video gaming license account to each city and county \$30 for each video game of chance located in the city or in the county outside city limits. After making these payments he shall transfer the unexpended balance in the account to the general fund.*

Subd. 4. [LOCAL FEES PROHIBITED.] *A municipality may not impose a fee or tax of any kind on video games of chance.*

Sec. 92. [349.53] [RECORD KEEPING DUTIES OF DISTRIBUTORS.]

A distributor shall keep at each licensed place of business complete and accurate records for that place of business, including invoices of video games of chance held, purchased, manufactured, brought in or caused to be brought in from outside the state, or shipped or transported to operators in this state, and of all sales of video games of chance made. The distributor must also keep adequate records of the names, addresses, and license numbers of operators to whom video games of chance are sold. All books, records, and other papers and documents required by this section to be kept must be preserved for a period of at least one year after the date of the documents, or the date of their entries as they appear in the records, unless the department, in writing, authorizes their destruction or disposal at an earlier date. At any time during usual business hours, the commissioner or his designated representatives may enter any place of business of a distributor without a search warrant and inspect the premises and the records required to be kept under

this section, to determine whether or not all the provisions of this chapter are being fully complied with. If the commissioner or any representative is denied free access or is hindered or interfered with in making an examination, the license of the distributor at the premises is subject to revocation.

Sec. 93. [349.54] [ACCESS TO GAMES.]

The commissioner and his designated representatives must be given access to all video games of chance, whether the games are in the possession of distributors, operators, or owners, upon reasonable notice.

No payment may be made directly from any game or in connection with the operation of any device. Each game must contain a random character generator, and any internal meter must be nonresetable. Any game canceling replays or credits must cancel them no more than one at a time.

Sec. 95. [349.56] [LOCATION AGREEMENTS.]

An operator is required to have a location agreement with the owner where the game is placed for use by the public. The location agreement must show that the game is to be placed only in locations permitted by law. The location agreements, together with the other records of the operator, must be accessible to the commissioner and his designated representatives. The operator is required to certify under oath to the department annually the name and address of the location in which each game has been placed and that the games have been placed only in locations permitted by law. Placing a game in an illegal location is grounds for suspension or revocation of the operator's license.

Sec. 96. [349.57] [PLACEMENT LIMITATIONS.]

Subdivision 1. [NUMERICAL.] No more than two video games of chance may be operated in any location.

Subd. 2. [LOCATIONS.] Video games of chance may be operated only at licensed on-sale intoxicating liquor establishments and private clubs.

(3) all video games of chance at a location at which there is no location agreement in force; and

(4) all video games of chance illegally brought into the state.

Subd. 2. [SEIZURE.] Contraband may be seized by the commissioner or his designated representatives or by any sheriff or other police officer, with or without process, and is subject to forfeiture as provided in subdivision 3.

Subd. 3. [DISPOSITION OF SEIZED PROPERTY.] The person who has seized the property must follow the procedure set forth under section 297A.15, subdivision 4. Whenever the commissioner is satisfied that any person from whom property is seized under this section acting in good faith and without intent to evade the tax imposed by those sections, he shall release the property seized without further legal proceedings.

Sec. 99. [349.60] [CONSTRUCTION; OTHER ACTIONS.]

Subdivision 1. [CONSTRUCTION.] Video games of chance are also governed by sections 349.30 to 349.31 and 609.75 to 609.76.

Sec. 117. [473.375] [POWERS OF BOARD.]

Subd. 3. [CONTRACTS.] The board may enter into contracts necessary to carry out its responsibilities.

Subd. 4. The board may not rent or lease any premises from a recipient of financial assistance from the board.

Subd. 5. [INSURANCE.] The board may require any employee to obtain and file with it an individual bond or fidelity insurance policy. Subd. 6. [INVESTIGATIONS.] When necessary and proper to the performance of its duties, the board may enter in a reasonable manner upon any premises for the purpose of making any reasonably necessary or proper investigations and examinations. The entry is not a trespass. The board is liable for any actual and consequential loss, injury, or damage from the entry. When necessary and proper to the performance of its duties, the board or its authorized agents may require the production of accounts, books, records, memoranda, correspondence, and other documents and papers of a person receiving financial assistance from the board, may inspect and copy them, and may have access to and may inspect the lands, buildings, facilities, or equipment of the person.

Subd. 8. It may enter into an agreement required for the gifts, grants, or loans and may hold, use, and dispose of money or property received therefrom according to the terms of the gift, grant, or loan. When the board

has adopted an approved implementation plan and has certified to the governor that it is ready to receive federal funds, the governor shall take whatever steps are necessary to designate the board as a recipient of federal transit assistance for the metropolitan area.

No political subdivision within the metropolitan area may apply for federal transit assistance unless its application has been submitted to and approved by the board.

Subd. 11. [RIDESHARING.] Upon certification by the board, after June 30, 1985, that it has adopted an approved interim implementation plan and is ready to assume responsibilities for the program, the board shall assume the responsibilities identified by the board that are imposed on the commissioner of transportation, the metropolitan council, or the transit commission pursuant to section 174.257 and other applicable provisions of law for the establishment and implementation of a ridesharing program in the metropolitan area, except for the statewide vanpool leasing program conducted by the commissioner. The commissioner, the council, and the commission shall cooperate with the board in the transfer of these duties and in the conduct of ridesharing activities in areas where the commissioner's programs and the board's program overlap. The board shall establish a rideshare advisory committee to advise it in carrying out the program. The board may contract for services in operating the program.

Subd. 14. [COORDINATION.] The board shall coordinate transit operations within the metropolitan area and shall establish a transit information program to provide transit users with accurate information on transit schedules and service.

Subd. 15. [PERFORMANCE STANDARDS.] The board may establish performance standards for recipients of financial assistance.

Subd. 16. [REPORT.] The board shall annually submit a report to the metropolitan council, the governor, and the legislature detailing its activities and finances for the previous year.

Sec. 118. [473.377] [IMPLEMENTATION PLAN.]

Subdivision 1. [REQUIREMENT.] The transit board shall adopt a transit service implementation plan describing the planning, functions, and activities to be performed by or under the direction or auspices of the board in implementing the policy plan adopted by the council pursuant to section 473.146. The plan must cover at least the five-year period commencing with the first calendar year beginning after the plan's approval, or a longer period prescribed by the council.

Except as otherwise provided in this section, the implementation plan must be prepared, submitted for review by the council, adopted, and implemented in the same manner, with the same requirements and restrictions, and to the same effect as provided for development programs in section 473.161. The board shall prepare an implementation plan meeting the requirements of this section and submit the plan to the council by August 1, 1986, and thereafter in even-numbered years at a time prescribed by the council.

Subd. 2. [CONTENTS.] The implementation plan of the board must contain at least the following elements:

(a) a development program meeting the requirements of section 473.161, subdivision 1;

(b) a description of the needs for services, based upon detailed surveys and analysis of service areas and markets identified in the council's policy plan;

(c) a detailed statement of service objectives, including service areas and markets, changes in existing service, deployment of new service, the distribution and coordination of services, and other similar matters;

(d) a detailed description of services and facilities planned to meet the needs and service objectives, along with a statement

of priorities, timing, proposed delivery methods and providers, and performance standards;

(e) a schedule of expected levels of public expenditure, both capital and operating, for the services and facilities planned;

(f) a schedule showing the expected sources of funds, including proceeds of bonds of the board and the transit commission, areas and levels of taxes, user charges, and state and federal subsidies; and

(g) a plan and schedule showing the distribution of funds among various services, service areas and markets, and providers.

Subd. 3. [INTERIM IMPLEMENTATION PLAN.] The board shall prepare an interim implementation plan, for calendar years 1985, 1986, and 1987. The board shall submit the interim plan to the council by December 1, 1984. The interim plan should be in the scope and detail that the board deems appropriate and practicable, except that the plan must contain a capital development program meeting the requirements of subdivision 2, clause (a), and schedules and plans meeting the requirements of subdivision 2, clauses (e), (f), and (g).

Sec. 119. [473.38] [BUDGET; REGIONAL TRANSIT BOARD.]

Subdivision 1. [REQUIREMENT.] The regional transit board shall prepare, submit for review, adopt, and implement budgets and conduct its financial affairs in the same manner, with the same requirements and restrictions, and to the same effect as provided in section 473.163, subdivisions 1 to 4, except as otherwise provided in this section.

Subd. 2. [FINANCIAL PLAN; COUNCIL APPROVAL.] Along with its annual budget, each year the board shall prepare a financial plan for the succeeding three calendar years. The financial plan must be consistent with the board's implementation plan and must contain the elements specified in section 473.377, subdivision 2, clauses (a), (e), (f), and (g). The financial plan prepared in even-numbered years must contain a proposed request for state financial assistance for the succeeding biennium. The board shall submit the financial plan to the council for review and approval or disapproval. The council may approve or disapprove in whole or in part. The council may disapprove only for inconsistency with the policy plan of the council.

Subd. 3. [EXCEPTION.] The capital budget and financial plan of the board prepared in 1984 need not be submitted to the

council until December 1, 1984, and the council has 30 days for review.

Sec. 120. [473.382] [LOCAL PLANNING AND DEVELOPMENT PROGRAM.]

In preparing and amending its implementation plan pursuant to section 473.377, the transit board shall establish a program to ensure participation by representatives of local government units and the coordination of the planning and development of transit by local government units. The board shall encourage the establishment of local transit planning and development boards by local governments for the purpose of:

(a) *assisting and advising the transit board in preparing the implementation plan, including the identification of service needs and objectives;*

(b) *preparing, or advising and assisting local units of government in preparing the transit study and service plan required by section 473.384;*

(c) *preparing or advising the transit board in the review of applications for assistance under section 473.384.*

The board may provide local boards with whatever assistance it deems necessary and appropriate.

Sec. 121. [473.384] [CONTRACTS.]

Subdivision 1. [CONTRACTS REQUIRED.] The transit board shall make contracts with eligible recipients for financial assistance to transit service within the metropolitan area. The board may not give financial assistance to a transit provider other than the commission without first having executed a contract. The provisions of this section do not apply to contracts made under sections 473.386 and 473.388.

Subd. 2. [ELIGIBILITY.] To be eligible to receive financial assistance by contract under this section a recipient must be:

(a) *a county, statutory or home rule charter city or town or combination thereof, or public authority organized and existing pursuant to chapter 398A, providing financial assistance to or providing or operating public transit; or*

(b) *a private provider of public transit.*

Subd. 3. [APPLICATIONS.] The board shall establish procedures and standards for review and approval of applica-

tions for financial assistance under this section consistent with its approved implementation plan. An applicant must provide the board with the financial and other information the board requires to carry out its duties. The board may specify procedures, including public hearing requirements, to be followed by applicants that are cities, towns, or counties or combinations thereof in conducting transit studies and formulating service plans under subdivisions 4 and 5.

Subd. 4. [TRANSIT STUDY.] The board shall require that prior to applying for financial assistance by contract under clause (a) of subdivision 2, the applicant must prepare and submit a transit study which includes the following elements:

(a) a determination of existing and future transit needs within the area to be served, and an assessment of the adequacy of existing service to meet the needs;

(b) an assessment of the level and type of service required to meet unmet needs;

(c) an assessment of existing and future resources available for the financing of transit service; and

(d) the type or types of any new government arrangements or agreements needed to provide adequate service.

The transit study for any applicant may be done by the board.

Subd. 5. [SERVICE PLAN.] The board shall, before making a contract with an eligible recipient, require the submission of a service plan which includes the following elements:

(a) a description of the service proposed for financial assistance, including vehicles, routes, and schedules;

(b) an assessment of the extent to which the proposed service meets the needs as determined by the transit study;

(c) a description of the contract administration and review process if the operation of the proposed service is to be done by a private contractor;

(d) a description of the amount required to establish and operate the proposed service and the proposed sources of the required amount including operating revenue, other local sources, and assistance from the board and from federal sources;

(e) the fare structure of the proposed service; and

(f) projections of usage of the system.

The board may specify procedures, including public hearing requirements, to be followed by applicants that are cities, towns, or counties or combinations thereof in conducting transit studies and formulating service plans.

Subd. 6. [FINANCIAL ASSISTANCE FOR CERTAIN PROVIDERS.] The board shall provide financial assistance to recipients who were receiving assistance by contract with the commissioner of transportation under Minnesota Statutes 1982, section 174.24, subdivision 3 on the effective date of this section so that the percentage of total operating cost, as defined by the board, paid by the recipient from all local sources of revenue, including operating revenue, does not exceed the percentage for of transportation under his final contract with the recipient. The board may include funds received under section 473.446, subdivision 1a, as a local source of revenue. The remainder of the total operating cost will be paid by the board less all assistance received by the recipient for that purpose from any federal source.

If a recipient informs the board in writing prior to the distribution of financial assistance for any year that paying its designated percentage of total operating cost from local sources will cause undue hardship, the board may adjust the percentage as it deems equitable. If for any year the funds available to the board are insufficient to allow the board to pay its share of total operating cost for those recipients, the board shall reduce its share in each classification to the extent necessary.

Subd. 7. [MTC IMPACT ASSESSMENT.] Prior to entering into a contract for operating assistance with a recipient other than the transit commission the board shall evaluate the effect, if any, of the contract on the ridership, routes, schedules, fares, and staffing levels of the existing and proposed service provided by the commission. A copy of the assessment must be provided to the commission. The board may enter into the contract only if it determines that the service to be assisted under the contract will not impose an undue hardship on the ridership or financial condition of the commission, cause the dismissal of persons that are employed by the commission, or reduce the total level of service in the metropolitan area provided by the commission.

Subd. 8. [PARATRANSIT CONTRACTS.] In executing and administering contracts for paratransit projects, the board has the powers and duties given to the commissioner of transportation in section 174.255, subdivisions 1 and 2 relating to handicapped accessibility and insurance coverage. The provisions of section 174.255, subdivision 3, apply to paratransit projects which receive assistance by contract with the board.

Subd. 9 [ASSUMPTION OF CONTRACTS.] The board shall certify to the commissioner of transportation when it has adopted an approved interim implementation plan and is ready to assume responsibility for administering contracts made by the commis-

sioner with recipients in the metropolitan area under section 174.24. On receiving the certification the commissioner shall transfer to the board from funds appropriated to him an amount sufficient to permit the board to pay all state financial assistance contracted for and shall make no further contracts under section 174.24, subdivision 3, with recipients in the metropolitan area. On receipt of this amount by the board the contracts so assumed become a responsibility of the board.

Sec. 122. [473.386] [SPECIAL TRANSPORTATION SERVICE.]

Subdivision 1. [PROJECT OBJECTIVES.] The transit board shall implement a project to coordinate special transportation service in the metropolitan area. The project has the following objectives:

(a) to provide greater access to transportation for the elderly, handicapped, and others with special transportation needs in the metropolitan area;

(b) to develop an integrated system of special transportation service providing transportation tailored to meet special individual needs in the most cost-efficient manner; and

(c) to use existing public and private providers of service wherever possible, to supplement rather than replace existing service, and to increase the productivity of all special transportation vehicles available in the area.

Subd. 2. [FINANCING; IMPLEMENTATION; MANAGEMENT AND ADVISORY GROUPS.] The board shall contract for services necessary for the project's operation. All transportation service provided through the project must be provided under a contract between the board and the provider which specifies the service to be provided and the rates for providing it. The board shall establish a committee to set management policies for the project. The management policy committee must include the chairman of the board or his designee, representatives of persons contracting to provide services for the project, representatives of users of the service, and representatives of appropriate agencies. The meetings of the management policy committee are public and minutes of all meetings must be taken, preserved, and made available for public inspection. The board shall establish an advisory task force of individuals representing the elderly, handicapped, and other users of service provided by the project to advise the management policy committee.

Subd. 3. [DUTIES OF BOARD.] In implementing the project the board shall:

(a) encourage participation in the project by public and private providers of special transportation service currently receiving capital or operating assistance from a public agency;

(b) contract with public and private providers that have demonstrated their ability to effectively provide service at a reasonable cost;

(c) encourage individuals using service provided through the project to use the type of service most appropriate to their particular needs;

(d) ensure that all persons providing service through the project receive equitable treatment in the allocation of the ridership;

(e) encourage shared rides to the greatest extent practicable;

(f) encourage public agencies that provide transportation to eligible individuals as a component of human services and educational programs to coordinate with the project and to allow reimbursement for services provided through the project at rates that reflect the public cost of providing those services; and

(g) establish criteria to be used in determining individual eligibility for special transportation services.

Subd. 4. [COORDINATION REQUIRED.] The board may not grant any financial assistance to any recipient that proposes to use any part of the grant to provide special transportation service in the metropolitan area unless the program is coordinated with the project in the manner determined by the board.

Subd. 5. [EQUITABLE ALLOCATION AND ANNUAL REALLOCATION.] The board shall distribute all available funding under this section in a manner designed to achieve an equitable allocation of special transportation services based on the proportion of the number of elderly, handicapped, disabled, or economically disadvantaged individuals with special transportation needs who actually use the special transportation service.

Subd. 6. [OPERATING AND SERVICE STANDARDS.] A vehicle providing special transportation service which is subject to the operating standards adopted pursuant to section 174.-30 may not be allowed to provide service through the project unless a current certificate of compliance has been issued to the vehicle. A person operating or assisting the operation of a vehicle may leave the vehicle to enter premises in order to help a passenger who does not require emergency ambulance service. Operators and assistants shall provide the help necessary for door-through-door service, including help in entering and leaving the vehicle and help through the exterior entrance and over any exterior steps at either departure or destination buildings, provided that both the steps and the wheelchair are in good re-

pair. If an operator or assistant refuses help because of the condition of the steps or the wheelchair, the operator of the service shall send letters to the board and the person denied service describing the corrective measures necessary to qualify for service.

Subd. 7. [ASSUMPTION OF PROGRAM.] The board shall certify to the commissioner of transportation when it has adopted an approved interim implementation plan and is ready to assume responsibility for the special transportation service project administered by the commissioner under section 174.31. On receiving the certification the commissioner shall transfer to the board the unexpended balance of the funds appropriated to him by law for operation of the special transportation service coordination project under Minnesota Statutes 1982, section 174.31, and shall take no further actions under that section. On receipt of this amount the project becomes a responsibility of the board.

Sec. 123. [473.388] [REPLACEMENT SERVICE PROGRAM.]

Subdivision 1. [PROGRAM ESTABLISHED.] A replacement service program is established to continue the metropolitan transit service demonstration program established in Minnesota Statutes 1982, section 174.265, as provided in this section.

Subd. 2. [REPLACEMENT SERVICE; ELIGIBILITY.] The transit board may provide assistance under the program to a statutory or home rule charter city or town or combination thereof, that:

- (a) is located in the metropolitan transit taxing district;
- (b) is not served by the transit commission or is served only with transit commission bus routes which begin or end within the applying city or town or combination thereof; and
- (c) has fewer than four scheduled runs of metropolitan transit commission bus service during off-peak hours defined in section 473.408, subdivision 1.

Eligible cities or towns or combinations thereof may apply on behalf of a transit operator with whom they propose to contract for service.

The board may not provide assistance under this section to a statutory or home rule charter city or town unless the city or town was receiving assistance under Minnesota Statutes 1982, section 174.265 or had submitted an application or a letter of intent to apply for assistance under that section by July 1, 1984.

Subd. 3. [APPLICATION FOR ASSISTANCE.] An application for assistance under this section must:

(a) describe the existing service provided to the applicant by the transit commission, including the estimated number of passengers carried and the routes, schedules, and fares;

(b) describe the transit service proposed for funding under the demonstration program, including the anticipated number of passengers and the routes, schedules, and fares; and

(c) indicate the total amount of available local transit funds, the portion of the available local transit funds proposed to be used to subsidize replacement services, and the amount of assistance requested for the replacement services.

Subd. 4. [FINANCIAL ASSISTANCE.] The board may grant the requested financial assistance if it determines that the proposed service is consistent with the approved implementation plan and is intended to replace the service to the applying city or town or combination thereof by the transit commission and that the proposed service will meet the needs of the applicant at least as efficiently and effectively as the existing service.

The amount of assistance which the board may provide under this section may not exceed the sum of:

(a) the portion of the available local transit funds which the applicant proposes to use to subsidize the proposed service; and

(b) an amount of financial assistance bearing an identical proportional relationship to the amount under clause (a) as the total amount of financial assistance to the transit commission bears to the total amount of taxes collected by the board under section 473.446. The board shall pay the amount to be provided to the recipient from the assistance the board would otherwise pay to the transit commission.

For purposes of this section "available local transit funds" means 90 percent of the tax revenues which would accrue to the board from the tax it levies under section 473.446 in the applicant city or town or combination thereof.

Subd. 5. [OTHER ASSISTANCE.] A city or town receiving assistance under this section may also receive assistance from the board under section 473.384. In applying for assistance under that section an applicant must describe the portion of the available local transit funds which are not obligated to subsidize replacement service and which the applicant proposes to use to subsidize additional service. An applicant which has exhausted its available local transit funds may use any other local subsidy funds to complete the required local share.

Subd. 6. [ASSUMPTION OF PROGRAM.] The board shall certify to the commissioner of transportation when it has adopted an approved interim implementation plan and is ready to assume responsibility for the metropolitan transit service demonstration program administered by the commissioner under Minnesota Statutes 1982, section 174.265. On receipt of the certification by the commissioner he shall make no further contracts under that program and shall assign all contracts then in effect under that program to the board, and the contracts at that time become obligations of the board.

Sec. 124. [473.39] [BORROWING MONEY.]

Subdivision 1. [GENERAL AUTHORITY.] The transit board if authorized by vote of at least two-thirds of all its members, may borrow money on terms, and in the manner it deems proper. The board may not issue obligations pursuant to this subdivision in excess of the amount specifically authorized by law. A loan made under this section and interest thereon shall be payable from collections of any funds of the board not otherwise appropriated by law and not otherwise pledged by resolution of the board. The loans may be evidenced by certificates of indebtedness, bonds, or other obligations, to which the board may pledge money received upon collection of the tax authorized by section 473.446 or received as proceeds of bonds issued under this section or any other revenue of the board. The loans may also be secured by a security interest in property acquired in whole or in part from their proceeds. The obligations are not a charge, lien, or encumbrance upon and may not be enforced against any property of the board except tax collections and bond proceeds specifically pledged by the board and security interests granted by it. In the enforcement or collection of the obligations, exercise of the taxing power of the board may not be required unless the board has specifically pledged tax levies or tax collections authorized by section 473.446 to the payment of the obligations. The obligations are not a debt of the state or any municipality or political subdivision within the meaning of any debt limitation or requirement pertaining to those entities. Neither the state nor any municipality or political subdivision except the board, nor any member or officer or employee of it is liable on the obligations.

Subd. 2. [LEGAL INVESTMENTS.] Certificates of indebtedness, bonds, or other obligations issued by the board to which tax levies have been pledged pursuant to section 473.446, are proper for investment of any funds by a bank, savings bank, savings and loan association, credit union, trust company, insurance company, or public or municipal corporation, and may be pledged by any bank, savings bank, savings and loan association, credit union, or trust company as security for the deposit of public money.

Subd. 3. [TEMPORARY BORROWING.] After the board has adopted a budget, the board may borrow money in amounts it deems necessary, which may be used or expended by the board for any purpose, including but not limited to current expenses, capital expenditures, and the discharge of any obligation or indebtedness of the board. The indebtedness must be represented by a note or notes which may be issued from time to time in any denomination and sold at public or private sale pursuant to a resolution authorizing their issuance. The resolution must set forth the form and manner of execution of the notes and must contain other terms and conditions the board deems necessary or desirable to provide security for the holders of the notes. The note or notes are payable from committed or appropriated money from taxes, grants or loans of the state or federal government made to the board, or other revenues of the board, and the money may be pledged to the payment of the notes. To the extent the notes are not paid from the grant or loan money pledged for the payment thereof, the principal and interest of the notes must be paid from any taxes, income, and revenue received or accrued during the fiscal year in which the note or notes were issued, or other money of the board lawfully available therefor.

Sec. 125. [473.394] [BOARD EXEMPT FROM TAXATION.]

The properties, moneys, and other assets of the transit board, all revenues or other income of the board, are exempt from all taxation, licenses, fees, or charges of any kind imposed by the state or by any county, municipality, political subdivision, taxing district, or other public agency or body of the state.

Otherwise the court shall award judgment to the commission. An aggrieved party may appeal from the judgment of the district court in the same manner as is provided for such appeals in other civil actions. Subd. 2. [CRITERIA FOR REGULATION.] The legislature declares that no regulation shall (HEREAFTER) be imposed upon any occupation unless required for the safety and well being of the citizens of the state. In evaluating whether an occupation shall (HEREAFTER) be regulated, the following factors shall be considered:

(a) Whether the unregulated practice of an occupation may harm or endanger the health, safety and welfare of citizens of the state and whether the potential for harm is recognizable and not remote;

(b) Whether the practice of an occupation requires specialized skill or training and whether the public needs and will benefit by assurances of initial and continuing occupational ability; (AND)

(c) Whether the citizens of this state are or may be effectively protected by other means; and

(d) *Whether the overall cost effectiveness and economic impact would be positive for citizens of the state.*

Sec. 10. Minnesota Statutes 1983 Supplement, section 214.06, subdivision 1, is amended to read:

Subdivision 1. Notwithstanding any law to the contrary, the commissioner of health as authorized by section 214.13, all health related licensing boards and all nonhealth related licensing boards shall by rule, with the approval of the commissioner of finance, adjust any fee which the *commissioner of health or the board* is empowered to assess a sufficient amount so that the total fees collected by each board will as closely as possible equal anticipated expenditures during the fiscal biennium, as provided in section 16A.128. *For members of an occupation registered*

after July 1, 1984 by the commissioner of health under the provisions of section 214.13, the fee established must include an amount necessary to recover, over a five year period, the commissioner's direct expenditures for adoption of the rules providing for registration of members of the occupation. All fees received shall be deposited with the state treasurer and credited to the general fund.

Subdivision 1. [APPLICATION FOR CREDENTIAL.] The commissioner of health shall promote the recognition of human services occupations useful in the effective delivery of human services. The commissioner shall coordinate the development of a credentials policy among the health related licensing boards consistent with section 214.001. The commissioner shall, consistent with section 214.001, establish procedures for the identification of human services occupations not now credentialed by the state, recommend appropriate regulatory modes, and promulgate by rule standards and procedures relating to the credentialing of persons practicing in the affected occupations. *At the time of submission of a letter of intent to enter the credentialing process, an occupational applicant group shall pay a fee of \$1,000 to the commissioner. The fee is nonrefundable and must be deposited with the state treasurer and credited to the general fund. The commissioner may require an occupational applicant group to submit information relating to, and to recommend and justify regulatory modes and standards consistent with, the provisions of section 214.001. If the commissioner determines that credentialing of an occupation is appropriate, the commissioner is empowered only to register the occupation. Before promulgating any rules resulting in registration for an occupation the commissioner shall consult with state boards or agencies charged with regulating similar occupations in order to define the scope and range of practice for the registered occupation and the degree of supervision required. As used in this section and section 214.14, registration (SHALL BE) is defined as in section 214.001, subdivision 3, clause (c).*

The agency shall review the rules to insure compliance with laws which are administered or enforced by that agency. (THE RULES MUST HAVE

RECEIVED THE APPROVAL OF THAT AGENCY BEFORE PROMULGATION) *Agency comment shall be forwarded to the commissioner within 90 days of receiving the proposed rules. After receipt of agency comment, the commissioner may proceed to promulgate the rules.*

Three years after the effective date of the commissioner's rules, the commissioner shall make a report to the legislature on the usefulness of the new occupational group, any problems encountered in administering the regulation of the group, and any necessary statutory changes recommended to continue, discontinue, or modify the regulation of the group.*

Subd. 5. [RECOMMENDATION ON REGULATION; APPLICATION RENEWAL.] The commissioner of health shall exercise care to prevent the proliferation of unessential registered human services occupations. If in evaluating a currently unregistered occupation the commissioner determines that registration of the occupation is not appropriate, but that implementation of another mode as set forth in section 214.001, subdivision 3, is appropriate the commissioner shall promptly so report to the legislature. *For a period of two years after a determination by the commissioner as to the appropriate regulatory mode, if any, for an occupational applicant group, the same or substantially equivalent group may not submit a letter of intent to enter the credentialing process, unless invited to do so by the commissioner.*

Sec. 16. [214.141] [ADVISORY COUNCIL; MEMBERSHIP.]

There is established a human services occupations advisory council to assist the commissioner of health in formulating policies and rules pursuant to section 214.13. In cases in which the council has been charged by the commissioner to evaluate an application submitted under the provisions of section 214.13, the commissioner may appoint to the council as temporary voting members, for the purpose of evaluating that application alone, one or two representatives from among the appropriate licensed or registered human services occupations or from among the state agencies that have been identified under section 214.13, subdivision 2. In determining whether a temporary voting member or members should be appointed and which human services occupations or state agencies should be represented by temporary voting members, the commissioner shall attempt to systematically involve those who would be most directly affected by a decision to credential a particular applicant group and who are not already represented on the

council. The terms of temporary voting members shall not exceed 12 months. The terms of the other council members, and the compensation and removal of all members, shall be as provided in section 15.059.

Sec. 17. Minnesota Statutes 1982, section 241.66, subdivision 2, is amended to read:

Sec. 19. [246.023] [INTERAGENCY BOARD.]

Subdivision 1. [LEGISLATIVE POLICY.] It is recognized that closure and consolidation of state hospitals have negative economic effects upon public employees and communities. It is the policy of the state that deinstitutionalization policies shall be carried out in a manner that ensures fair and equitable arrangements to protect the interests of employees and communities affected by deinstitutionalization of state hospitals.

Subd. 2. [INTERAGENCY BOARD.] There is established an interagency board to be known as the institutional care and economic impact planning board. The board shall consist of the following members: the commissioners of public welfare, administration, employee relations, economic security, energy and

economic development; the director of the state planning agency; and other appropriate agency heads. The board shall be directed by the director of the state planning agency with assistance from the commissioner of public welfare in consultation with the other agency heads.

Subd. 3. [STUDY.] A comprehensive study shall be conducted by the interagency board to provide information on topics to include, but not be limited to, the following:

Subd. 4. [PLAN.] The board shall develop a plan. The plan shall include proposals which protect the general interests of employees and communities affected by the deinstitutionalization of state hospitals, including proposals that attempt to preserve employment rights and benefits, provide training and retraining of employees and, to the extent possible, promote the employment of these employees. In addition, the plan shall propose specific methods for assuring minimal impact on the economic life of communities affected by the deinstitutionalization of state hospitals. The plan shall provide specific direction with respect to the following:

(1) retention of collective bargaining agreements including seniority, vacation, health insurance and other contractual benefits, and pension rights;

(2) *maximum utilization of state hospital employees in the provision of noninstitutional services to the mentally retarded;*

(3) *negotiated agreements with exclusive representatives addressing job security issues, where deinstitutionalization causes displacement of employees;*

(4) *development of noninstitutional, state-operated or non-state-operated services for the mentally retarded, including community-based intermediate care facilities for the mentally retarded, supported living arrangements, semi-independent living arrangements, day activity services, and other services;*

(5) *methods for ensuring that staff displaced by termination of programs at state hospitals are utilized to provide needed services within the continuum of care for individuals;*

Board members shall, to the extent possible, propose legislation for program implementation based upon the plan including, if appropriate, pilot demonstration projects.*

Sec. 20. [LEGISLATIVE COMMISSION ON LONG-TERM CARE.]

The legislative commission on long-term health care authorized by Laws 1983, chapter 199, section 17, shall:

(1) *monitor the deinstitutionalization of state hospitals in accord with the plan developed pursuant to section 19;*

(2) *study the impact of state hospital deinstitutionalization on affected communities;*

(3) *ensure that displaced state hospital employees are provided opportunities for reemployment or retraining; and*

Sec. 21. Minnesota Statutes 1983 Supplement, section 256.01, subdivision 2, is amended to read:

Subd. 2. [SPECIFIC POWERS.] Subject to the provisions of section 241.021, subdivision 2, the commissioner of public welfare shall:

(3) Administer and supervise all noninstitutional service to handicapped persons. The commissioner may provide and contract for the care and treatment of qualified indigent children in facilities other than those located and available at state hospitals when it is not feasible to provide the service in state hospitals.

(4) Assist and actively cooperate with other departments, agencies and institutions, local, state, and federal, by performing services in conformity with the purposes of Laws 1939, chapter 431.

(5) Act as the agent of and cooperate with the federal government in matters of mutual concern relative to and in conformity with the provisions of Laws 1939, chapter 431, including the administration of any federal funds granted to the state to aid in the performance of any functions of the commissioner as specified in Laws 1939, chapter 431, and including the promulgation of rules making uniformly available medical care benefits to all recipients of public assistance, at such times as the federal government increases its participation in assistance expendi-

tures for medical care to recipients of public assistance, the cost thereof to be borne in the same proportion as are grants of aid to said recipients.

(6) Establish and maintain any administrative units reasonably necessary for the performance of administrative functions common to all divisions of the department.

(7) Administer and supervise any additional welfare activities and services as are vested by law in the department.

(8) The commissioner is designated as guardian of both the estate and the person of all the wards of the state of Minnesota, whether by operation of law or by an order of court, without any further act or proceeding whatever, except as to persons committed as mentally retarded or epileptic.

(9) Act as coordinating referral and informational center on requests for service for newly arrived immigrants coming to Minnesota.

(10) The specific enumeration of powers and duties as hereinabove set forth shall in no way be construed to be a limitation upon the general transfer of powers herein contained.

(11) Establish county, regional, or state-wide schedules of maximum fees and charges which may be paid by local agencies for medical, dental, surgical, hospital, nursing and nursing home care and medicine and medical supplies under all programs of medical care provided by the state and for congregate living care under the income maintenance programs.

(12) Have the authority to conduct and administer experimental projects to test methods and procedures of administering assistance and services to recipients or potential recipients of public welfare. To carry out such experimental projects, it is further provided that the commissioner of public welfare is authorized to waive the enforcement of existing specific statutory program requirements, regulations, and standards in one or more counties. The order establishing the waiver shall provide alternative methods and procedures of administration, shall not be in conflict with the basic purposes, coverage, or benefits provided by law, and in no event shall the duration of a project exceed two years. It is further provided that no order establishing an experimental project as authorized by the provisions of this section shall become effective until the following conditions have been met:

(a) The proposed comprehensive plan including estimated project costs and the proposed order establishing the waiver

shall be filed with the secretary of the senate and chief clerk of the house of representatives at least 60 days prior to its effective date.

(b) The secretary of health, education, and welfare of the United States has agreed, for the same project, to waive state plan requirements relative to state-wide uniformity.

(c) A comprehensive plan, including estimated project costs, shall be approved by the legislative advisory commission and filed with the commissioner of administration.

(13) In accordance with federal requirements establish procedures to be followed by local welfare boards in creating citizen advisory committees, including procedures for selection of committee members.

(a) One-half of the total amount of the disallowance shall be borne by the county boards responsible for administering the programs and shall be shared by each county board in the same proportion as that county's expenditures for the sanctioned program are to the total of all counties' expenditures for that program. Each county shall pay its share of the disallowance to the state of Minnesota. When a county fails to pay the amount due hereunder, the commissioner may deduct the amount from reimbursement otherwise due the county, or the attorney general, upon the request of the commissioner, may institute civil action to recover the amount due.

(b) Notwithstanding the provisions of paragraph (a), if the disallowance results from knowing noncompliance by one or more counties with a specific program instruction, and that knowing noncompliance is a matter of official county board record, the commissioner may require payment or recover from the county or counties, in the manner prescribed in paragraph (a), an amount equal to the portion of the total disallowance which resulted from the noncompliance, and may distribute the balance of the disallowance according to paragraph (a).

(15) *Develop and implement special projects that maximize reimbursements and result in the recovery of money to the state. For the purpose of recovering state money, the commissioner may enter into contracts with third parties. Any recoveries that result from projects or contracts entered into under this paragraph shall be deposited in the state treasury and credited to a special account until the balance in the account reaches \$400,000. When the balance in the account exceeds \$400,000, the excess shall be transferred and credited to the general fund.*

All money in the account is appropriated to the commissioner for the purposes of this paragraph.

Sec. 22. Minnesota Statutes 1983 Supplement, section 256.737, is amended to read:

256.737 [COMMUNITY WORK EXPERIENCE PROGRAM.]

In order that persons receiving aid under this chapter may be assisted in achieving self-sufficiency by enhancing their employability through meaningful work experience and training and the development of job search skills, the commissioner of public welfare may (ESTABLISH) *continue the pilot community work experience demonstration programs that were approved by January 1, 1984. No new pilot community work experience demonstration programs may be established.* The commissioner shall: (a) assist counties in the design, implementation, and evaluation of these demonstration programs; (b) promulgate, in accordance with chapter 14, temporary rules necessary for the implementation of this section, except that the time restrictions of section 14.35 shall not apply and the rules may be in effect until the termination of the demonstration programs; and (c) seek any federal waivers necessary for proper implementation of this section in accordance with federal law. The commissioner shall prohibit use of participants in the programs to do work that was part or all of the duties or responsibilities of an authorized public employee position established as of January 1, 1983. *The exclusive bargaining representative shall be notified no less than 14 days in advance of any placement by the community work experience program. Concurrence with respect to job duties of persons placed under the community work experience program shall be obtained from the appropriate exclusive bargaining representative. The appropriate oversight committee shall be given monthly lists of all job placements under a community work experience program.*

Projects shall end no later than June 30, (1984) 1985, and a preliminary report shall be made to the legislature by February 15, (1984) 1985, on the feasibility of permanent implementation and on the cost effectiveness of each of the demonstration programs.

Sec. 23. Minnesota Statutes 1982, section 256.851, is amended to read:

256.851 [RULES.]

The commissioner of public welfare shall promulgate temporary and permanent rules necessary to implement Laws 1981, Third Special Session Chapter 3, Sections 1 to 19, and sections 256.72 to 256.871.

Sec. 24. [256B.49] [CHRONICALLY ILL CHILDREN; HOME AND COMMUNITY-BASED WAIVER STUDY AND APPLICATION.]

Subdivision 1. [STUDY; WAIVER APPLICATION.] The commissioner shall authorize a study to assess the need for home and community-based waivers for chronically ill children who have been and will continue to be hospitalized without a waiver, and for disabled individuals under the age of 65 who are likely to reside in an acute care or nursing home facility in the absence of a waiver. If a need for these waivers can be demonstrated, the commissioner shall apply for federal waivers necessary to secure, to the extent allowed by law, federal participation under United States Code, title 42, sections 1396-1396p, as amended through December 31, 1982, for the provision of home and community-based services to chronically ill children who, in the absence of such a waiver, would remain in an acute care setting, and to disabled individuals under the age of 65 who, in the absence of a waiver, would reside in an acute care or nursing home setting. If the need is demonstrated, the commissioner shall request a waiver under United States Code, title 42, sections 1396-1396p, to allow medicaid eligibility for blind or disabled children with ineligible parents where income deemed from the parents would cause the applicant to be ineligible for supplemental security income if the family shared a household and to furnish necessary services in the home or community to disabled individuals under the age of 65 who would be eligible for medicaid if institutionalized in an acute care or nursing home setting. These waivers are requested to furnish necessary services in the home and community setting to children or disabled adults under age 65 who are medicaid eligible when institutionalized in an acute care or nursing home setting. The commissioner shall assure that the cost of home and community-based care will not be more than the cost of care if the eligible child or disabled adult under age 65 were to remain institutionalized.

Subd. 2. [RULES.] The commissioner of public welfare may adopt temporary and permanent rules as necessary to implement subdivision 1.

Sec. 25. Minnesota Statutes 1983 Supplement, section 256B.-501, subdivision 10, is amended to read:

Subd. 10. [RULES.] To implement this section, the commissioner shall promulgate temporary and permanent rules in accordance with chapter 14. To implement subdivision 3, the commissioner shall promulgate temporary rules (BY OCTOBER 1, 1983,) and permanent rules in accordance with sections 14.01 to 14.38. Notwithstanding the provisions of section 14.35, the temporary rule promulgated to implement subdivision 3 shall be effective for up to 720 days.

Sec. 26. Minnesota Statutes 1983 Supplement, section 256D.-01, subdivision 1, is amended to read:

Subdivision 1. [POLICY (; STANDARDS OF ASSISTANCE).] The objectives of sections 256D.01 to 256D.21 are to provide a sound administrative structure for public assistance programs; to maximize the use of federal money for public assistance purposes; and to provide an integrated public assistance program for all persons in the state without adequate income or resources to maintain a subsistence reasonably compatible with decency and health.

It is declared to be the policy of this state that persons unable to provide for themselves and not otherwise provided for by law and who meet the eligibility requirements of sections 256D.01 to 256D.21 are entitled to receive grants of general assistance necessary to maintain a subsistence reasonably compatible with decency and health. Providing this assistance is a matter of public concern and a necessity in promoting the public health and welfare.

Subd. 1a. [STANDARDS.] A principal objective in providing general assistance is to provide for persons ineligible for federal programs who are unable to provide for themselves. To achieve these aims, the commissioner shall establish minimum standards of assistance for general assistance. The minimum standard of assistance determines the total amount of the general assistance grant without separate standards for shelter, utilities, or other needs and shall not be less than the combined total of the minimum standards of assistance for shelter and basic needs in effect on February 1, 1983. The standards of assistance shall not be lower for a recipient sharing a residence with another person unless that person is a responsible relative (OF THE RECIPIENT WHO IS ALSO ELIGIBLE FOR GENERAL ASSISTANCE). The standards shall be lowered for recipients who share a residence with a responsible relative who also receives general assistance or who receives AFDC. If the responsible relative is receiving AFDC, then the amount payable to the general assistance recipient must not exceed the amount that would be attributable to him if he were included in the AFDC grant. For recipients who are not exempt from registration with the department of economic security pursuant to section 256D.111, subdivision 2, clauses (a), (f), (g), and (h), and who share a residence with a responsible relative who is not eligible for general assistance, the standards shall be lowered, subject to these limitations:

(a) The general assistance grant shall be in an amount such that total household income is equal to the AFDC standard for a household of like size and composition, except that the grant shall not exceed that paid to a general assistance recipient living independently.

(b) Benefits received by a responsible relative under the supplemental security income program, the social security disability program, a workers' compensation program, the Minne-

sota supplemental aid program, or on the basis of the relative's disability, must not be included in the household income calculation.

Subd. 1b. [RULES.] The commissioner shall adopt temporary and permanent rules to set standards of assistance and methods of calculating payment to conform with subdivision 1a. The minimum standards of assistance shall authorize the payment of rates negotiated by local agencies for recipients living in a room and board arrangement. (b) One-third shall be allocated on the basis of the number of persons residing in the county as determined by the most recent (DATA) *estimate* of the state demographer.

(c) The commissioner shall allocate to the counties pursuant to this section the total money received from the federal gov-

ernment for social services pursuant to title XX of the social security act, except that portion of the state's allocation which the legislature authorizes for administrative purposes and for migrant day care.

((D) IN FEDERAL FISCAL YEAR 1980 AND IN SUBSEQUENT YEARS THE MINIMUM TITLE XX SHARE OF A COUNTY SHALL BE THE SUM OF:)

(IF THE AMOUNT ALLOCATED TO ANY COUNTY PURSUANT TO PARAGRAPHS (A), (B), AND (C) IS LESS THAN THE MINIMUM TITLE XX SHARE OF THAT COUNTY, ITS ALLOCATION SHALL BE RAISED TO ITS MINIMUM TITLE XX SHARE THROUGH A PERCENT REDUCTION APPLIED TO THE AMOUNTS THAT ALLOCATIONS TO OTHER COUNTIES EXCEED THEIR MINIMUM TITLE XX SHARES. IF IN ANY YEAR THE AMOUNT OF TITLE XX FUNDS TO THE STATE IS REDUCED BELOW THE LEVEL IT RECEIVED IN FEDERAL FISCAL YEAR 1979, THE GUARANTEE PROVIDED IN THIS PARAGRAPH SHALL BE REDUCED BY A PERCENTAGE REDUCTION EQUAL TO THE PERCENTAGE REDUCTION IN TITLE XX MONEY TO THE STATE AS A WHOLE. THE COMMISSIONER OF PUBLIC WELFARE SHALL ANNUALLY REVIEW THE USE OF TITLE XX MONEY BY EACH COUNTY AND REALLOCATE UNUSED MONEY AMONG THE OTHER COUNTIES, EXCEPT HENNEPIN, RAMSEY AND ST. LOUIS COUNTIES, SO AS TO RAISE THEM TO THEIR EARNINGS IN FEDERAL FISCAL YEAR 1979. ANY FEDERAL TITLE XX MONEY UNUSED AFTER THIS REALLOCATION SHALL BE REALLOCATED BY THE COMMISSIONER ACCORDING TO THE FORMULA IN PARAGRAPHS (A), (B), AND (C) SO THAT ALL AVAILABLE FEDERAL MONEY IS USED WITHIN THE FEDERAL FISCAL YEAR.)

(2) For all counties whose previous year allocation exceeds its current year formula share, the difference shall be divided by the number of years remaining until federal fiscal year 1994; the resulting amount shall be subtracted from the previous year allocation to obtain the final allocation;

(3) For all counties whose current year formula share equals or exceeds its previous year allocation, any difference shall be divided by the number of years remaining until federal fiscal year 1994. The resulting amount shall be added to the previous year allocation to obtain the final allocation.

(b) Whenever the amount of federal title XX funds available for allocation to counties is less than the amount available in the previous year, the procedure described in clause (a) shall be followed, except that each county's previous year allocation shall mean its actual previous year allocation reduced in proportion to the reduction in federal fund availability.

(c) Whenever the amount of federal title XX funds available for allocation to counties is greater than the amount available in the previous year, the procedure described in clause (a) shall be followed, except that each county's previous year allocation shall mean:

(1) the actual previous year allocation; plus

(2) the amount to which the county would be entitled by apportioning 40 percent of the excess federal funds available according to the distribution formula contained in subdivision 1; plus

(3) for all counties whose current year formula share exceeds the amount prescribed by items (1) and (2) of this paragraph, the amount to which the county would be entitled by apportioning the remaining 60 percent of the excess federal funds available among the remaining counties according to the distribution formula contained in subdivision 1.

For the purposes of the federal fiscal year 1985 allocation, the federal fiscal year 1982 corrected allocation shall be considered the previous year allocation.

Sec. 51. Minnesota Statutes 1983 Supplement, section 268.80, is amended to read:

268.80 [APPLICATION PROCESS; DETERMINATIONS.]

Any person may apply to the commissioner for services under the Minnesota emergency employment development jobs program. Upon receiving an application, the commissioner shall promptly determine the person's eligibility for services under the program; the person's ability to successfully perform a job available through the program; and, within three business days, the person's eligibility for an allowance pursuant to section 268.81. *The commissioner shall not accept applications for the allowance after September 30, 1984.* In determining the eligibility of a person for the allowance, the commissioner shall apply the eligibility standards set forth in sections 256D.01 to 256D.21. A person referred by a local agency pursuant to the provisions of section 256D.112 *prior to October 1, 1984* shall be deemed to be eligible for the allowance. If the commissioner finds at any time that a person is not eligible for services under the jobs program, or if the commissioner determines after a three-month period that the person is unlikely to secure a job through the jobs program, then the commissioner shall issue a written determination stating the findings and provide the person with a written referral to the appropriate local agency. *However, once a person has been referred to the local agency because of a determination*

that the person is unlikely to secure a job through the emergency employment development jobs program, the person may not be referred back to the commissioner for the payment of the allowance under section 268.81. If the person is receiving an allowance, the allowance will be terminated upon provision of a notice of termination of the allowance which must coincide with issuance of the allowance and must include a written referral to the local agency. Upon sending a notice of termination, the commissioner shall forward copies of applications, verifications, and other documents related to the person's eligibility for and payments of general assistance to the local agency. If the person applies to the local agency for general assistance before or on the last date of the period covered by the allowance, the person is eligible for general assistance, and the local agency shall issue a general assistance payment to cover the calendar month immediately following the calendar month covered by the last allowance. The local agency shall use verifications obtained in its determination of eligibility pursuant to section 256D.112 and those provided by the commissioner and may only require the applicant to supply verification of factors that the local agency has reason to believe have changed. If the commissioner finds at any time, pursuant to standards established by the commissioner by rule or temporary rule, that a person is not able to successfully perform a job available through the jobs program, the commissioner shall issue a written determination stating the findings and explaining the person's right to appeal pursuant to section 268.82, and shall provide the person with a written referral to the appropriate local agency. If the commissioner finds that a person is not eligible for an allowance pursuant to section 268.81, the commissioner shall advise the person in writing that the person may make an application for general assistance with the appropriate local agency.

Sec. 52. Minnesota Statutes 1983 Supplement, section 268.81, is amended to read:

268.81 [PAYMENT OF ALLOWANCE.]

The commissioner shall adopt a permanent or temporary rule establishing the amounts of allowances to be paid pursuant to this section. The initial allowance shall be paid to the person as soon as administratively feasible. A person referred by a local agency pursuant to section 256D.112 shall be paid the initial allowance upon the expiration of the period covered by the one-month grant received from the local agency. Thereafter, the allowance shall be paid at intervals as the com-

missioner shall prescribe by rule or temporary rule: (UNTIL JUNE 30, 1985, A PERSON RECEIVING AN ALLOWANCE WHEN THE MINNESOTA EMERGENCY EMPLOYMENT DEVELOPMENT JOBS PROGRAM IS TERMINATED UNDER SECTION 268.685, SHALL CONTINUE TO BE PAID AN ALLOWANCE UNDER THIS SECTION IF HE CONTINUES TO MEET THE ELIGIBILITY STANDARDS SET FORTH IN SECTIONS 256D.01 TO 256D.21.) *After December 31, 1984, the department of economic security shall make no allowance payments. All persons who receive an allowance during December 1984 shall be provided a notice of termination of the allowance which must coincide with issuance of the allowance and must include a written referral to the local agency. Upon sending a notice of termination, the commissioner shall forward copies of applications, verifications, and other documents related to the person's eligibility for and payments of general assistance to the local agency. If the person applies to the local agency for general assistance before or on the final day of the period covered by the allowance, the person is eligible for general assistance, and the local agency shall issue a general assistance payment to cover the calendar month immediately following the calendar month covered by the last allowance. The local agency shall use verifications obtained in its determination of eligibility pursuant to section 256D.112 and those provided by the commissioner and may only require the applicant to supply verification of factors that the local agency has reason to believe have changed.*

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1983 Supplement, section 169.09, subdivision 1, is amended to read:

Subdivision 1. [DRIVER TO STOP.] The driver of any vehicle involved in an accident resulting in *immediately demonstrable* bodily injury to or death of any person shall immediately stop the vehicle at the scene of the accident, or as close to the scene as possible, but shall then return to and in every event, shall remain at, the scene of the accident until he has fulfilled the requirements of this chapter as to the giving of information. The stop shall be made without unnecessarily obstructing traffic.

((C)) (d) Any person who violates subdivision 3, clause (b) is guilty of a petty misdemeanor.

((D)) (e) Any person who violates subdivision 3, clause (a), or subdivision 4, 5, 7, 8, 10, 11, or 12 is guilty of a misdemeanor.

The attorney in the jurisdiction in which the violation occurred who is responsible for prosecution of misdemeanor violations of this section shall also be responsible for prosecution of gross misdemeanor violations of this section.

Sec. 4. Minnesota Statutes 1983 Supplement, section 169.09, subdivision 15, is amended to read:

Subd. 15. [DEFENSE.] It is an affirmative defense to prosecution under subdivisions 1, 2, and 6 that the driver left the scene of the accident to take any person suffering (SUBSTANTIAL) *immediately demonstrable* bodily injury in the accident to receive emergency medical care if the driver of the involved vehicle gives notice to a law enforcement agency as required by subdivision 6 as soon as reasonably feasible after the emergency medical care has been undertaken.

Sec. 5. Minnesota Statutes 1983 Supplement, section 169.121, subdivision 1, is amended to read:

Subdivision 1. [CRIME.] It is a misdemeanor for any person to drive, operate or be in physical control of any motor vehicle within this state:

- (a) When the person is under the influence of alcohol;
- (b) When the person is under the influence of a controlled substance;
- (c) When the person is under the influence of a combination of any two or more of the elements named in clauses (a) and (b); (OR)
- (d) When the person's alcohol concentration is 0.10 or more;
or
- (e) *When the person's alcohol concentration as measured within two hours of the time of driving is 0.10 or more.*

The provisions of this subdivision apply, but are not limited in application, to any person who drives, operates, or is in physical control of any motor vehicle in the manner prohibited by this subdivision upon the ice of any lake, stream, or river, including but not limited to the ice of any boundary water.

Sec. 6. Minnesota Statutes 1983 Supplement, section 169.121, subdivision 1a, is amended to read:

Subd. 1a. [ARREST.] (WHEN AN ACCIDENT HAS OCCURRED,) A peace officer may lawfully arrest a person for violation of subdivision 1 without a warrant upon probable

cause, without regard to whether the violation was committed in the officer's presence.

When a peace officer has probable cause to believe that a person is driving or operating a motor vehicle in violation of subdivision 1, and before a stop or arrest can be made the person escapes from the geographical limits of the officer's jurisdiction, the officer in fresh pursuit of the person may stop or arrest the person in another jurisdiction within this state and may exercise the powers and perform the duties of a peace officer under sections 169.121 and 169.123. An officer acting in fresh pursuit pursuant to this subdivision is serving in his regular line of duty as fully as though he was within his jurisdiction.

The express grant of arrest powers in this subdivision does not limit the arrest powers of peace officers pursuant to sections 626.65 to 626.70 or section 629.40 in cases of arrests for violation of subdivision 1 or any other provision of law.

Sec. 7. Minnesota Statutes 1983 Supplement, section 169.121, subdivision 2, is amended to read:

Subd. 2. [EVIDENCE.] Upon the trial of any prosecution arising out of acts alleged to have been committed by any person arrested for driving, operating, or being in physical control of a motor vehicle in violation of subdivision 1, the court may admit evidence of the amount of alcohol or a controlled substance in the person's blood, breath, or urine as shown by a medical or chemical analysis of it (, IF THE TEST IS TAKEN VOLUNTARILY OR PURSUANT TO SECTION 169.123).

For the purposes of this subdivision:

(a) evidence that there was at the time an alcohol concentration of 0.05 or less is prima facie evidence that the person was not under the influence of alcohol;

(b) evidence that there was at the time an alcohol concentration of more than 0.05 and less than 0.10 is relevant evidence in indicating whether or not the person was under the influence of alcohol.

Evidence of the refusal to take a test is admissible into evidence in a prosecution under this section or an ordinance in conformity with it.

(FOR PURPOSES OF THIS SECTION AND SECTION 169.123, THE RESULT OF AN EVIDENTIARY TEST ADMINISTERED WITHIN TWO HOURS OF THE ALLEGED VIOLATION IS DEEMED TO BE THE ALCOHOL CONCENTRATION AT THE TIME OF THE VIOLATION.) *If proven by a preponderance of the evidence, it shall be an affirmative*

defense to a violation of subdivision 1, clause (e) that the defendant consumed a sufficient quantity of alcohol after the time of actual driving, operating, or physical control of a motor vehicle and before the administration of the evidentiary test to cause the defendant's alcohol concentration to exceed 0.10. Provided, that this evidence may not be admitted unless notice is given to the prosecution prior to the omnibus or pretrial hearing in the matter.

The foregoing provisions do not limit the introduction of any other competent evidence bearing upon the question whether or not the person was under the influence of alcohol or a controlled substance, including tests obtained more than two hours after the alleged violation.

Sec. 8. Minnesota Statutes 1983 Supplement, section 169.121, subdivision 3, is amended to read:

Subd. 3. [CRIMINAL PENALTIES.] A person who violates this section or an ordinance in conformity with it is guilty of a misdemeanor.

The following persons are guilty of a gross misdemeanor:

(a) A person who violates this section or an ordinance in conformity with it within five years of a prior conviction under this section, section 169.129, (OR) an ordinance *in conformity with either of them*, or a statute or ordinance from another state in conformity with (IT) *either of them*; and

(b) A person who violates this section or an ordinance in conformity with it within ten years of two or more prior convictions under this section, section 169.129, (OR) an ordinance *in conformity with either of them*, or a statute or ordinance from another state in conformity with (IT) *either of them*.

For purposes of this subdivision, a prior juvenile adjudication under this section, section 169.129, an ordinance in conformity with either of them, or a statute or ordinance from another state in conformity with either of them is a prior conviction.

The attorney in the jurisdiction in which the violation occurred who is responsible for prosecution of misdemeanor violations of this section shall also be responsible for prosecution of gross misdemeanor violations of this section.

Sec. 9. Minnesota Statutes 1982, section 169.121, subdivision 4, is amended to read:

Subd. 4. [PENALTIES.] A person convicted of violating this section shall have his driver's license or operating privileges revoked by the commissioner of public safety as follows:

- (a) First offense: not less than 30 days;
- (b) Second offense in less than five years: not less than 90 days and until the court has certified that treatment or rehabilitation has been successfully completed where prescribed in accordance with section 169.126;
- (c) Third offense in less than five years: not less than one year, together with denial under section 171.04, clause (8), until rehabilitation is established in accordance with standards established by the commissioner;
- (d) Fourth or subsequent offense on the record: not less than two years, together with denial under section 171.04, clause (8), until rehabilitation is established in accordance with standards established by the commissioner.

If the person convicted of violating this section is under the age of 18 years, the commissioner of public safety shall revoke the offender's driver's license or operating privileges until the offender reaches the age of 18 years or for a period of six months or for the appropriate period of time under clauses (a) to (d) for the offense committed, whichever is the greatest period.

For purposes of this subdivision, a juvenile adjudication under this section, section 169.129, an ordinance in conformity with either of them, or a statute or ordinance from another state in conformity with either of them is an offense.

Whenever department records show that the violation involved personal injury or death to any person, not less than 90 additional days shall be added to the base periods provided above.

Any person whose license has been revoked pursuant to section 169.123 as the result of the same incident is not subject to the mandatory revocation provisions of clause (a) or (b).

Sec. 10. Minnesota Statutes 1983 Supplement, section 169.123, subdivision 2, is amended to read:

Subd. 2. [IMPLIED CONSENT; CONDITIONS; ELECTION AS TO TYPE OF TEST.] (a) Any person who drives, operates, or is in physical control of a motor vehicle within this state consents, subject to the provisions of this section and section 169.121, to a chemical test of his blood, breath, or urine for the purpose of determining the presence of alcohol or a controlled substance. The test shall be administered at the direction of a peace officer. The test may be required of a person when an officer has (REASONABLE) and probable (GROUNDS) cause to believe the person was driving, operating, or in physical control of a motor vehicle in violation of section 169.121 and one of the following conditions exist: (1) the person has been lawfully

placed under arrest for violation of section 169.121, or an ordinance in conformity with it; or (2) the person has been involved in a motor vehicle accident or collision resulting in property damage, personal injury, or death; or (3) the person has refused to take the screening test provided for by section 169.121, subdivision 6; or (4) the screening test was administered and recorded an alcohol concentration of 0.10 or more. (NO ACTION MAY BE TAKEN AGAINST THE PERSON FOR DECLINING TO TAKE A DIRECT BLOOD TEST, IF OFFERED, UNLESS AN ALTERNATIVE TEST WAS OFFERED.)

(b) At the time a chemical test specimen is requested, the person shall be informed:

(1) *that Minnesota law requires the person to take a test to determine if the person is under the influence of alcohol or a controlled substance;*

((1)) (2) *that if testing is refused, the person's right to drive will be revoked for a minimum period of (SIX MONTHS) one year or, if the person is under the age of 18 years, for a period of one year or until he or she reaches the age of 18 years, whichever is greater;*

((2)) (3) *that if a test is taken and the results indicate that the person is under the influence of alcohol or a controlled substance, the person will be subject to criminal penalties and the person's right to drive may be revoked for a minimum period of 90 days or, if the person is under the age of 18 years, for a period of six months or until he or she reaches the age of 18 years, whichever is greater;*

((3)) THAT THE PERSON HAS A RIGHT TO CONSULT WITH AN ATTORNEY BUT THAT THIS RIGHT IS LIMITED TO THE EXTENT THAT IT CANNOT UNREASONABLY DELAY ADMINISTRATION OF THE TEST OR THE PERSON WILL BE DEEMED TO HAVE REFUSED THE TEST; AND)

(4) *that after submitting to testing, the person has the right to consult with an attorney and to have additional tests made by a person of his own choosing; and*

(5) *that if he refuses to take a test, the refusal will be offered into evidence against him at trial.*

(c) *The peace officer who requires a test pursuant to this subdivision may direct whether the test shall be of blood, breath, or urine. However, if the officer directs that the test shall be of a person's blood or urine, the person may choose whether the test shall be of his blood or urine.*

Sec. 11. Minnesota Statutes 1982, section 169.123, is amended by adding a subdivision to read:

Subd. 2b. [CONSENT OF PERSON INCAPABLE OF REFUSAL NOT WITHDRAWN.] A person who is unconscious or who is otherwise in a condition rendering the person incapable of refusal is deemed not to have withdrawn the consent provided by subdivision 2 and the test may be given.

Sec. 12. Minnesota Statutes 1982, section 169.123, subdivision 4, is amended to read:

Subd. 4. [REFUSAL (, CONSENT TO PERMIT TEST); REVOCATION OF LICENSE.] If a person refuses to permit chemical testing, none shall be given; but the peace officer shall report the refusal to the commissioner of public safety and the authority having responsibility for prosecution of misdemeanor offenses for the jurisdiction in which the acts occurred. A refusal to submit to an alcohol concentration test does not constitute a violation of section 609.50, unless the refusal was accompanied by force or violence or the threat of force or violence. If a person submits to chemical testing and the test results indicate an alcohol concentration of 0.10 or more, the results of the test shall be reported to the commissioner of public safety and to the authority having responsibility for prosecution of misdemeanor offenses for the jurisdiction in which the acts occurred.

Upon certification by the peace officer that there existed (REASONABLE AND) probable (GROUNDS) *cause* to believe the person had been driving, operating, or in physical control of a motor vehicle while under the influence of alcohol or a controlled substance and that the person refused to submit to chemical testing, the commissioner of public safety shall revoke the person's license or permit to drive, or his nonresident operating privilege, for a period of (SIX MONTHS) *one year. If the person refusing to submit to testing is under the age of 18 years, the commissioner shall revoke the person's license or permit to drive, or his or her nonresident operating privilege, for a period of one year or until the person reaches the age of 18 years, whichever is greater.* Upon certification by the peace officer that there existed (REASONABLE AND) probable (GROUNDS) *cause* to believe the person had been driving, operating or in physical control of a motor vehicle while under the influence of alcohol or a controlled substance and that the person submitted to chemical testing and the test results indicate an alcohol concentration of 0.10 or more, the commissioner of public safety shall revoke the person's license or permit to drive, or his nonresident operating privilege, for a period of 90 days or, if the person is under the age of 18 years, for a period of six months or until he or she reaches the age of 18 years, whichever is greater.

If the person is a resident without a license or permit to operate a motor vehicle in this state, the commissioner of public safety shall deny to the person the issuance of a license or permit for the same period after the date of the alleged violation as provided herein for revocation, subject to review as hereinafter provided.

Sec. 13. Minnesota Statutes 1982, section 169.123, subdivision 5a, is amended to read:

Subd. 5a. [PEACE OFFICER AGENT FOR NOTICE OF REVOCATION.] On behalf of the commissioner of public safety a peace officer (OFFERING) *requiring* a chemical test or directing the administration of a chemical test shall serve immediate notice of intention to revoke and of revocation on a person who refuses to permit chemical testing or on a person who submits to a chemical test the results of which indicate an alcohol concentration of 0.10 or more. The officer shall take the license or permit of the driver, if any, and issue a temporary license effective only for 7 days. The peace officer shall send the person's driver's license to the commissioner of public safety along with the certificate required by subdivision 4.

Sec. 14. Minnesota Statute 1983 Supplement, section 169.123, subdivision 6, is amended to read:

Subd. 6. [HEARING.] A hearing under this section shall be before a municipal or county judge, in any county in the judicial district where the alleged offense occurred. The hearing shall be to the court and may be conducted at the same time and in the same manner as hearings upon pre-trial motions in the criminal prosecution under section 169.121, if any. The hearing shall be recorded. The commissioner of public safety shall appear and be represented by the attorney general or through the prosecuting authority for the jurisdiction involved.

The hearing shall be held at the earliest practicable date, and in any event no later than 60 days following the filing of the petition for review. The judicial district administrator shall establish procedures to ensure efficient compliance with the provisions of this subdivision. To accomplish this, the administrator may, whenever possible, consolidate and transfer review hearings among the county courts within the judicial district.

The scope of the hearing shall be limited to the issues of:

(1) whether the peace officer had (REASONABLE AND) probable (GROUNDS) *cause* to believe the person was driving, operating, or in physical control of a motor vehicle while under the influence of alcohol or a controlled substance, and whether the person was lawfully placed under arrest for violation of sec-

tion 169.121, or the person was involved in a motor vehicle accident or collision resulting in property damage, personal injury or death, or the person refused to take a screening test provided for by section 169.121, subdivision 6, or the screening test was administered and recorded an alcohol concentration of 0.10 or more; and

(2) whether at the time of the request for the test the peace officer informed the person of his rights and the consequences of taking or refusing the test as required by subdivision 2; and

(3) either (a) whether the person refused to permit the test, or (b) whether a test was taken and the test results indicated an alcohol concentration of 0.10 or more at the time of testing, and whether the testing method used was valid and reliable, and whether the test results were accurately evaluated.

It shall be an affirmative defense for the petitioner to prove that, at the time of the refusal, his refusal to permit the test was based upon reasonable grounds.

Certified or otherwise authenticated copies of laboratory or medical personnel reports, records, documents, licenses and certificates shall be admissible as substantive evidence.

The court shall order either that the revocation be rescinded or sustained and forward the order to the commissioner of public safety. The court shall file its order within 14 days following the hearing. If the revocation is sustained, the court shall also forward the person's driver's license or permit to the commissioner of public safety for his further action if the license or permit is not already in the commissioner's possession.

Sec. 15. Minnesota Statutes 1982, section 169.13, subdivision 3, is amended to read:

Subd. 3. [APPLICATION.] The provisions of this section apply, but are not limited in application, to any person who drives any vehicle in the manner prohibited by this section:

(1) upon the ice of any lake, stream, or river, including but not limited to the ice of any boundary water; or

(2) *in a parking lot ordinarily used by or available to the public though not as a matter of right, and a driveway connecting such a parking lot with a street or highway.*

Sec. 16. Minnesota Statutes 1982, section 171.16, subdivision 5, is amended to read:

Subd. 5. [JUVENILE COURT.] When any judge of a juvenile court, or any of its duly authorized agents, shall de-

termine formally or informally that any person under the age of 18 years has violated any of the provisions of any law of this state, or ordinances of political subdivisions thereof, regulating the operation of motor vehicles on streets and highways, except parking violations, and except traffic offenses involving a violation of section 169.121, such judge, or duly authorized agent, shall immediately report such determination to the department and may recommend the suspension of the driver's license of such person, and the commissioner is hereby authorized to suspend such license, without a hearing.

Sec. 17. Minnesota Statutes 1982, section 171.24, is amended to read:

171.24 [VIOLATIONS (MISDEMEANORS; EXCEPTIONS); DRIVING AFTER REVOCATION, SUSPENSION, OR CANCELLATION.]

Any person whose driver's license or driving privilege has been cancelled, suspended, or revoked and who has been given notice of, or reasonably should know of the revocation, suspension, or cancellation, and who disobeys such order by operating anywhere in this state any motor vehicle, the operation of which requires a driver's license, (UPON THE HIGHWAYS IN THIS STATE) while such license or privilege is (CANCELED) cancelled, suspended, or revoked is guilty of a misdemeanor.

(IT IS A MISDEMEANOR FOR ANY PERSON TO WILLFULLY VIOLATE ANY OF THE PROVISIONS OF THIS CHAPTER UNLESS SUCH VIOLATION IS BY ANY LAW DECLARED TO BE A FELONY OR A GROSS MISDEMEANOR.)

Notice of revocation, suspension, or cancellation is sufficient if personally served, or if mailed by first class mail to the person's last known address or to the address listed on the person's driver's license. Notice is also sufficient if the person was informed that revocation, suspension, or cancellation would be imposed upon a condition occurring or failing to occur, and where the condition has in fact occurred or failed to occur. It is not a defense that a person failed to file a change of address with the post office, or failed to notify the department of public safety of a change of name or address as required under section 171.11.

Sec. 18. [171.241] [VIOLATIONS; MISDEMEANORS.]

It is a misdemeanor for any person to willfully violate any of the provisions of this chapter unless the violation is declared by any law to be a felony or gross misdemeanor, or the violation is declared by a section of this chapter to be a misdemeanor.

Sec. 19. Minnesota Statutes 1982, section 171.30, subdivision 1, is amended to read:

Subdivision 1. [ISSUANCE.] In any case where a person's license has been suspended under section 171.18 or revoked under sections 169.121, 169.123, or 171.17, (IF THE DRIVER'S LIVELIHOOD OR ATTENDANCE AT A CHEMICAL DEPENDENCY TREATMENT OR COUNSELING PROGRAM DEPENDS UPON THE USE OF HIS DRIVER'S LICENSE,) the commissioner may at his own discretion issue a limited license to the driver *under the following conditions:*

(1) *if the driver's livelihood or attendance at a chemical dependency treatment or counseling program depends upon the use of the driver's license; or*

(2) *if attendance at a post-secondary institution of education by an enrolled student of that institution depends upon the use of the driver's license.*

The commissioner in issuing a limited license may impose such conditions and limitations as in his judgment are necessary to the interests of the public safety and welfare including re-examination as to the driver's qualifications. The license may be limited to the operation of particular vehicles, to particular classes and times of operation and to particular conditions of traffic. *The commissioner may require that an applicant for a limited license affirmatively demonstrate that use of public transportation or carpooling as an alternative to a limited license would be a significant hardship.*

The limited license issued by the commissioner shall clearly indicate the limitations imposed and the driver operating under the limited license shall have the license in his possession at all times when operating as a driver.

In determining whether to issue a limited license, the commissioner shall consider the number and the seriousness of prior convictions and the entire driving record of the driver and shall consider the number of miles driven by the driver annually.

Sec. 20. Minnesota Statutes 1982, section 260.195, subdivision 3, is amended to read:

Subd. 3. [DISPOSITIONS.] If the juvenile court finds that a child is a juvenile alcohol or controlled substance offender, the court may require the child to:

- (a) Pay a fine of up to \$100;
- (b) Participate in a community service project;
- (c) Participate in a drug awareness program; or

(d) Order the child to undergo a chemical dependency evaluation and if warranted by this evaluation, order participation by the child in an inpatient or outpatient chemical dependency treatment program; or

(e) Perform any other activities or participate in any other treatment programs deemed appropriate by the court.

In all cases where the juvenile court finds that a child has purchased or attempted to purchase an alcoholic beverage in violation of section 340.731, if the child has a driver's license or permit to drive, and if the child used a driver's license or permit to purchase or attempt to purchase the alcoholic beverage, the court shall forward its finding in the case and the child's driver's license or permit to the commissioner of public safety. Upon receipt, the commissioner shall revoke the child's license or permit for a period of 30 days.

None of the dispositional alternatives described in (THIS SUBDIVISION) clauses (a) to (e) shall be imposed by the court in a manner which would cause an undue hardship upon the child.

Sec. 21. Minnesota Statutes 1982, section 340.035, is amended to read:

Delete everything after the enacting clause and insert:

“Section 1. Minnesota Statutes 1982, section 16.851, is amended by adding a subdivision to read:

Subd. 4. A licensed day care center serving fewer than 30 preschool age persons and which is located in a below ground space in a church building is exempt from the state building code requirement for a ground level exit when the center has more than two stairways to the ground level and its exit.

Sec. 2. Minnesota Statutes 1982, section 245.802, is amended by adding a subdivision to read:

Subd. 4a. The commissioners of public welfare, public safety, and administration shall conduct a comprehensive study of the issues surrounding the licensure of family or group family day care homes and day care centers. The commissioners shall prepare a report for the legislature with recommendations for regulations that will ensure a safe environment for children but which do not discourage the provision of quality day care services. The report must be delivered to the appropriate legislative committees by February 1, 1985.

Before adopting any rules regulating family or group family day care homes, the commissioner of public welfare shall consult with the state fire marshal and the state building inspector. The fire marshal and the state building inspector shall review the rules to ensure compliance with laws that are administered and enforced by their agencies.

Sec. 3. Minnesota Statutes 1982, section 299F.011, is amended by adding a subdivision to read:

Subd. 4a. [FAMILY OR GROUP FAMILY DAY CARE HOME REGULATION.] Notwithstanding any contrary provision of this section, the fire marshal shall not adopt or enforce a rule:

(1) establishing staff requirements for family or group family day care homes;

(2) regulating the means of egress from family or group family day care homes in addition to the egress regulations that apply to the home as a single family dwelling; or

(3) confining family or group family day care home activities to the floor of exit discharge.

For purposes of this subdivision, "family or group family day care home" means a single family dwelling in which the day care provider: (1) resides as a member of the household; and (2) provides the services referred to in section 245.782, subdivision 5, to one or more persons. Residency must not be contingent upon caring for children or employment by a licensed or approved child placing agency.

April 19, 1984

The Honorable Harry A. Sieben, Jr.
Speaker of the House of Representatives

The Honorable Jerome M. Hughes
President of the Senate

We, the undersigned conferees for H. F. No. 1577, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendment and that H. F. No. 1577 be further amended as follows:

Delete everything after the enacting clause and insert:

“Section 1. Minnesota Statutes 1982, section 115A.03, subdivision 15, is amended to read:

Subd. 15. “Intrinsic suitability” of a land area or site means that, based on existing data on the inherent and natural at-

tributes, physical features, and location of the land area or site, there is no known reason why the waste facility proposed to be located in the area or site cannot reasonably be expected to qualify for permits in accordance with agency rules. Agency certification of intrinsic suitability shall be based on data submitted to the agency by the proposing entity and data included by the hearing examiner in the record of any public hearing on recommended certification, and applied against criteria in agency rules and any additional criteria developed by the agency in effect at the time the proposing entity submits the site for certification.

In the event that all candidate sites selected by the board before the effective date of this section are eliminated from further consideration and a new search for candidate sites is commenced, "intrinsic suitability" of a land area or site shall mean that, because of the inherent and natural attributes, physical features, and location of the land area or site, the waste facility proposed to be located in the area or site would not be likely to result in material harm to the public health and safety and natural resources and that therefore the proposed facility can reasonably be expected to qualify for permits in accordance with agency rules.

Sec. 2. Minnesota Statutes 1982, section 115A.03, subdivision 28, is amended to read:

Subd. 28. "Resource recovery facility" means a waste facility established and used primarily for resource recovery, *including related and appurtenant facilities such as transmission facilities and transfer stations primarily serving the resource recovery facility.*

Sec. 3. Minnesota Statutes 1982, section 115A.06, is amended by adding a subdivision to read:

Subd. 5a. [ACQUISITION OF EASEMENTS.] *If the board determines that any activity deemed necessary to accomplish its purposes under subdivision 5 constitutes a substantial interference with the possession, enjoyment, or value of the property where the activity will take place, the board may acquire a temporary easement interest in the property that permits the board to carry out the activity and other activities incidental to the accomplishment of the same purposes. The board may acquire temporary easement interests under this subdivision by purchase, gift, or condemnation. The right of the board to acquire a temporary easement is subject to the same requirements and may be exercised with the same authority as provided for acquisition of property interests by the commissioner of administration under subdivision 4.*

Sec. 4. [115A.075] [LEGISLATIVE POLICY AGAINST DISPOSAL OF HAZARDOUS WASTE.]

The legislature finds that hazardous waste must be managed in a manner that protects the health, safety, and welfare of the citizens of the state and protects and conserves the state's natural resources and environment; that reduction of the amount of waste generated and processing, treatment, separation, and resource recovery are the preferred methods to manage hazardous waste; and that disposal of hazardous waste should be used only as a last resort when all other management methods are ineffective, and then only if an environmentally suitable site can be identified in the state.

The board, in its planning, facility approval, and other activities related to hazardous waste shall give first priority to eliminating the generation of hazardous waste and eliminating or reducing the hazardous character of the waste generated in the state through processing, treatment, separation, and resource recovery.

Sec. 5. Minnesota Statutes 1983 Supplement, section 115A.08, subdivision 5, is amended to read:

Subd. 5. [REPORT ON MITIGATION OF LOCAL EFFECTS OF HAZARDOUS WASTE FACILITIES.] (WITH THE REPORT REQUIRED BY SUBDIVISION 4,) The board through its chairperson shall (ISSUE A) report and make recommendations on methods of mitigating and compensating for the local risks, costs, and other adverse effects of various types of hazardous waste facilities and on methods of financing mitigation and compensation measures. The methods of mitigating and compensating to be considered (SHALL) *must* include but not be limited to the following: payment outside of levy limitations in lieu of taxes for all property taken off the tax rolls; preference in reviews of applications for federal funds conducted by the metropolitan council and regional development commissions; payment of all costs to service the facilities including the cost of roads, monitoring, inspection, enforcement, police and fire, and litter clean up costs; payment for buffer zone amenities and improvement; local control over buffer zone design; a guarantee against any and all liability that may occur. *The recommendations on processing facilities must be made with the report required by subdivision 4. The recommendations on disposal facilities must be made with the report required by section 6.*

Sec. 6. Minnesota Statutes 1982, section 115A.08, is amended by adding a subdivision to read:

Subd. 5b. [REPORT ON NEED AND FEASIBILITY OF HAZARDOUS WASTE DISPOSAL FACILITIES.] *The board through its chairperson shall issue a report on the estimate of need and the economic feasibility analysis required by section 115A.24. The report must be issued before the hearing required by section 115A.27. The board through its chairperson shall issue*

an interim report by February 1, 1985, on the research on need and economic feasibility.

Sec. 7. Minnesota Statutes 1982, section 115A.09, is amended by adding a subdivision to read:

Subd. 5. [INCLUSION OF VOLUNTEER SITES.] The owner of property that may be a suitable location for a hazardous waste processing facility may apply to the board for inclusion of the property in the inventory of preferred areas. If the board accepts the application, the property must be evaluated as provided in subdivision 2. If the board determines that the property is suitable as a preferred area, it may include it in the inventory after complying with the procedures provided in subdivision 3.

Sec. 8. Minnesota Statutes 1982, section 115A.11, is amended to read:

115A.11 [HAZARDOUS WASTE MANAGEMENT PLAN.]

Subdivision 1. [(CONTENTS) REQUIREMENT.] The board shall adopt, *amend as appropriate, and implement a hazardous waste management plan.*

Subd. 1a. [POLICY.] In developing and implementing the plan, the highest priority of the board (SHALL) must be placed upon alternatives to land disposal of hazardous wastes including: technologies to modify industrial processes or introduce new processes (WHICH) that will reduce or eliminate hazardous waste generation; recycling, re-use, and recovery methods to reduce or eliminate hazardous waste disposal; and conversion and treatment technologies to reduce the degree of environmental risk from hazardous waste. The board shall also consider technologies for retrievable storage of hazardous wastes for later recycling, re-use, recovery, conversion, or treatment.

Subd. 1b. [CONTENTS.] The plan (SHALL) must include at least the (FOLLOWING) elements (:) prescribed in this subdivision.

(a) (AN) *The plan must estimate (OF) the types and (VOLUMES) quantities of hazardous waste (WHICH) that will be generated in the state through the year 2000 (;).*

(c) (A DESCRIPTION OF) *The plan must estimate the minimum disposal capacity and capability (NEEDED TO BE*

DEVELOPED WITHIN) *required by generators in the state for use through the year 2000 (,). The estimate must be based on the achievement of the objectives under (CLAUSE) paragraph (b) (;).*

(d) (A DESCRIPTION OF) *The plan must describe and recommend the implementation strategies required to (DEVELOP THE NEEDED) assure availability of disposal capacity for the types and quantities of waste estimated under (CLAUSE) paragraph (c) and to achieve the objectives (UNDER CLAUSE) required by paragraph (b) (, INCLUDING). The recommendations must address at least the following: the necessary private and government actions; the types of facilities and programs required; the availability and use of specific facilities outside of the state; development schedules for facilities, services, and (REGULATIONS) rules that should be established in the state; revenue-raising and financing measures; levels of public and private effort and expenditure; legal and institutional changes; and other similar matters.*

(e) *The plan (SHALL) must provide for the orderly development of hazardous waste management sites and facilities to protect the health and safety of rural and urban communities. In preparing the plan the board shall consider its impact upon agriculture and natural resources.*

(f) *The plan (SHALL REQUIRE THE ESTABLISHMENT IN THE STATE OF AT LEAST ONE COMMERCIAL RETRIEVABLE STORAGE OR DISPOSAL FACILITY AND SHALL RECOMMEND AND ENCOURAGE) must include methods and procedures that will (INSURE) encourage the establishment of (AT LEAST ONE FACILITY) programs, services, and facilities that the board recommends for development in the state for the recycling, re-use, recovery, conversion, treatment, destruction, transfer, (OR) storage, or disposal, including retrievable storage, of hazardous waste.*

The plan must be consistent with the estimate of need and feasibility analysis prepared under section 115A.24, the analysis provided in the phase I environmental impact statement determined to be adequate under section 115A.25, subdivision 1a, and the decisions made by the board under sections 115A.28 and 115A.291.

The board may make the implementation of elements of the plan contingent on actions of the legislature (WHICH) that have been recommended in the draft plan (AND CERTIFICATION OF NEED AND CONSIDERED IN THE REPORTS SUBMITTED PURSUANT TO SECTION 115A.08).

Subd. 2. [PROCEDURE.] (THE PLAN SHALL BE BASED UPON THE REPORTS PREPARED PURSUANT TO

SECTION 115A.08:) The plan (, THE CERTIFICATE OF NEED ISSUED UNDER SECTION 115A.24,) and the procedures for hearings on the (DRAFT) plan (AND DRAFT CERTIFICATE OF NEED, SHALL) are not (BE) subject to the rule-making or contested case provisions of chapter 14. *Before revising the draft plan prepared under subdivision 3 or amending its adopted plan, the board shall provide notice and hold a public hearing in a manner consistent with the procedure followed by the board in the hearings on the draft plan, as provided in subdivision 3 and approved by the legislative commission.*

Subd. 3. [PREPARATION OF DRAFT PLAN.] By July 1, 1983, the (CHAIRMAN) *chairperson* of the board shall report to the legislative commission on waste management about the hearing to be held pursuant to this subdivision. The (CHAIRMAN) *chairperson* shall describe the board's plans and procedures for the hearing, the provisions for encouraging public participation in the hearing, and the board's plans for preparing the required report to the legislature fully and accurately summarizing the results of the hearing, the objections raised to the board's draft plan (AND CERTIFICATION), and the board's response to the testimony received. The legislative commission shall hold a hearing to receive public comment on the board's proposed hearing procedures and thereafter shall make any recommendations it deems appropriate for changes in the board's procedures. By November 1, 1983, the board through its chairperson shall issue a draft hazardous waste management plan proposed for adoption pursuant to this section (, AND A DRAFT CERTIFICATE OR CERTIFICATES OF NEED PROPOSED FOR ISSUANCE UNDER SECTION 115A.24). The draft plan (AND CERTIFICATES) must include an explanation of the basis of the findings, conclusions, and recommendations contained therein. The board shall hold a public hearing on the draft plan (AND DRAFT CERTIFICATE OR CERTIFICATES OF NEED) within 30 days of (THEIR) *its* issuance. Notices of the draft plan (AND THE DRAFT CERTIFICATE OR CERTIFICATES) and notice of the hearing (SHALL) *must* be published in the state register and newspapers of general circulation in the state. The notices must indicate how copies of the draft plan (AND DRAFT CERTIFICATE OR CERTIFICATES OF NEED) may be obtained. The board shall make the draft plan (AND DRAFT CERTIFICATE OR CERTIFICATES OF NEED) available for public review and comment at least 21 days before the hearing. The hearing (SHALL) *must* be ordered by the chairperson of the board and (SHALL) *must* be conducted by the state office of administrative hearings in a manner consistent with the completion of the proceedings in the time allowed by this section. The hearing officer (SHALL) *may* not issue a report but shall preside at the hearing to ensure that the hearing is conducted in a fair, orderly, and expeditious manner and in accordance with the hearing procedures of the board. A majority of the permanent members of the board shall attend the hearing. In connection with the hearing, the chairperson of the board shall provide copies of the studies and reports on which the draft

plan (AND CERTIFICATION OF NEED ARE) is based and shall present an explanation of the basis of the findings, conclusions, and recommendations in the draft plan (AND CERTIFICATION OF NEED).

Within 15 days following the hearing the director of the agency shall issue a hazardous waste pollution control report. The report must be submitted to the legislative commission. The report must be based on existing and proposed federal and state pollution control rules and available information and expertise on the character, nature, and degree of hazard of the types and categories of hazardous waste identified in the plan. The report must:

(a) assess the pollution control problems and risks associated with each type and category of hazardous waste identified by the (DRAFT CERTIFICATION OF NEED) *plan* as eligible for disposal, before or after pretreatment, at a facility or facilities of the type and design selected by the board, and identify design and pretreatment alternatives or other methods for dealing with those problems and risks;

(b) identify at least one specific alternative technology for dealing with each waste (WHICH) *that* the report recommends should not be (CERTIFIED) *accepted* for disposal, and assess the pollution control problems and risks associated with the alternatives;

(c) assess the pollution control problems and risks associated with each standard and criteria contained in the plan (AND CERTIFICATION) for determining the eligibility or ineligibility of waste for disposal;

(d) assess the pollution control programs and risks associated with the processing and other alternatives to disposal (WHICH) *that* are recommended in the plan for specific types or categories of hazardous waste, and identify methods for dealing with those problems and risks.

Within 30 days following the hearing, the board shall revise the draft plan (AND THE DRAFT CERTIFICATE OR CERTIFICATES OF NEED) as it deems appropriate, shall make a written response to the testimony received at the hearing and to the agency's report explaining its disposition of any recommendations made with respect to the plan (AND CERTIFICATION), and shall submit to the legislative commission the revised draft plan (AND CERTIFICATION OF NEED), together with a report on the testimony received, the board's response, and the results of the hearing process.

Sec. 9. [115A.152] [TECHNICAL AND RESEARCH ASSISTANCE TO GENERATORS.]

Subdivision 1. [PURPOSES.] The board shall provide for the establishment of a technical and research assistance program for generators of hazardous waste in the state. The program must be designed to assist generators in the state to obtain information about management of hazardous wastes, to identify and apply methods of reducing the generation of hazardous wastes, to facilitate improved management of hazardous waste and compliance with hazardous waste regulations, and for other similar purposes. The program must emphasize assistance to smaller businesses that have inadequate technical and financial resources for obtaining information, assessing waste management methods, and developing and applying waste reduction techniques. Information and techniques developed under this program must be made available through the program to all generators in the state.

Subd. 2. [ASSISTANCE.] The assistance program must include at least the following elements:

(a) outreach programs including on-site consultation at locations where hazardous waste is generated, seminars, workshops, training programs, and other similar activities designed to assist generators to evaluate their hazardous waste generation and management practices, identify opportunities for waste reduction and improved management, and identify subjects that require additional information and research;

(b) a program to assemble, catalog, and disseminate information about hazardous waste reduction and management methods, available commercial waste management facilities and consultant services, and regulatory programs (provided that specific questions by generators about interpretation or application of waste management rules or regulations should be referred to appropriate regulatory agencies);

(c) evaluation and interpretation of information needed by generators to improve their management of hazardous waste; and

(d) informational and technical research to identify alternative technical solutions that can be applied by specific generators to reduce the generation of hazardous waste.

Subd. 3. [ADMINISTRATION; EVALUATION.] The assistance program must be coordinated with other public and private programs that provide management and technical assistance to smaller businesses and generators of small quantities of hazardous waste, including programs operated by public and private educational institutions. The board may make grants to a public or private person or association that will establish and operate the elements of the program, but the grants must require that the assistance be provided at no cost to the generators and

that the grantees provide periodic reports on the improvements in waste management, waste reduction, and regulatory compliance achieved by generators through the assistance provided.

Sec. 10. [115A.154] [WASTE REDUCTION GRANTS.]

Subdivision 1. [PROPOSALS AND GRANTS.] The board may make grants to generators of hazardous waste in the state for studies to determine the feasibility of applying specific methods and technologies to reduce the generation of hazardous waste. Grants may be awarded only on the basis of proposals submitted to the board by generators. The board shall select proposals that offer the greatest opportunity to significantly reduce the generation of hazardous waste by the generators making the proposal and, if applied generally, to significantly reduce the generation of hazardous waste in the state. The significance of waste reduction may be measured by the volume of hazardous waste that is eliminated or by the reduction in risk to public health and safety and the environment that is achieved by the reduction. In awarding grants, the board may consider the extent of any financial and technical support that will be available from other sources for the study. The board may adopt additional criteria for awarding grants consistent with the purposes of this section.

Subd. 2. [LIMITATIONS.] The waste reduction information and techniques developed using grants awarded under this section must be made available to all generators in the state through the technical assistance and research program established under section 9. Grant money awarded under this section may not be spent for capital improvements or equipment.

Sec. 11. [115A.156] [WASTE PROCESSING AND COLLECTION FACILITIES AND SERVICES; DEVELOPMENT GRANTS.]

Subdivision 1. [PURPOSE.] The board may make grants to eligible recipients to determine the feasibility and method of developing and operating specific types of commercial facilities and services for collecting and processing hazardous waste. Grants may be made for:

- (1) market assessment, including generator surveys;*
- (2) conceptual design and preliminary engineering;*
- (3) financial and business planning necessary to address sources of funding, financial security, liability, pricing structure, and similar matters necessary to the development and proper operation of a facility or service;*
- (4) environmental impact and site analysis, preparation of permit applications, and environmental and permit reviews;*

(5) *analysis of methods of overcoming identified technical, institutional, legal, regulatory, market, or other constraints; and*

(6) *analysis of other factors affecting development, operation, and use of a facility or service.*

Subd. 2. [ELIGIBILITY.] A person proposing to develop and operate specific collection and processing facilities or services to serve generators in the state is eligible for a grant. The board may give preference to applications by associations of two or more generators in the state proposing to develop and operate commercial facilities or services capable of collecting or processing their hazardous wastes.

Subd. 3. [PROCEDURE FOR AWARDING GRANTS.] The board may establish procedures for awarding grants under this section. The procedures for awarding grants shall include consideration of the following factors:

(1) *the need to provide collection and processing for a variety of types of hazardous wastes;*

(2) *the extent to which the facility or service would provide a significant amount of processing or collection capacity for waste generated in the state, measured by the volume of waste to be managed, the number and geographic distribution of generators to be served, or the reduction of risk to public health and safety and the environment achieved by the operation of the facility or service;*

(3) *the availability of the facility or service to all generators needing the service in the area to be served;*

(4) *the contribution of the facility or service to achieving the policies and objectives of the hazardous waste management plan;*

(5) *participation by persons with demonstrated experience in developing, designing, or operating hazardous waste collection or processing facilities or services;*

(6) *the need for assistance from the board to accomplish the work;*

(7) *the extent to which a proposal would produce and analyze new information; and*

(8) *other factors established by the board consistent with the purposes of this section.*

The board may adopt temporary rules under sections 14.29 to 14.36 to implement the grant program. Temporary rules adopted

by the board remain in effect for 360 days or until permanent rules are adopted, whichever occurs first.

Subd. 4. [LIMITATIONS.] A grant may not exceed \$50,000. The board may award more than one grant for a single proposed facility or service if the board finds that results of previous studies justify additional work on other aspects of the development and operation of the facility or service. Grant money may not be spent for capital improvements or equipment.

Subd. 5. [MATCHING FUNDS REQUIRED.] A recipient other than an association of generators in the state must agree to pay at least 50 percent of the cost of the study. An association of two or more generators in the state must agree to pay at least 20 percent of the cost of the study.

Sec. 12. [115A.158] [DEVELOPMENT OF PROCESSING AND COLLECTION FACILITIES AND SERVICES; REQUESTS FOR PROPOSALS.]

Subdivision 1. [REQUEST BY BOARD; CONTENTS OF PROPOSAL.] The board through its chairperson shall request proposals for the development and operation of specific types of commercial hazardous waste processing and collection facilities and services that offer the greatest possibility of achieving the policies and objectives of the waste management plan including the goal of reducing to the greatest extent feasible and prudent the need for and practice of disposal. The proposals must contain at least the following information:

(1) the technical, managerial, and financial qualifications and experience of the proposer in developing and operating facilities and services of the type proposed;

(2) the technical specifications of the proposed facility or service including the process that will be used, the amount and types of hazardous waste that can be handled, the types, volume, and proposed disposition of any residuals, and a description of anticipated adverse environmental effects;

(3) the requirements of the site or sites needed to develop and operate the facility or service and the likelihood that a suitable site or sites will be available for the facility or service;

(4) projections of the costs and revenues of the facility or service, the types and numbers of generators who will use it, and the fee structure and estimated user charges necessary to make the facility or services economically viable;

(5) the schedule for developing and commencing operation of the facility or service; and

(6) *the financial, technical, institutional, legal, regulatory, and other constraints that may hinder or prevent the development or operation of the facility or service and the actions that could be taken by state and local governments or by the private sector to overcome those constraints.*

The information provided in the proposal must be based on current and projected market conditions, hazardous waste streams, legal and institutional arrangements, and other circumstances specific to the state.

Subd. 2. [PROCEDURE; EVALUATION; REPORT.] *In requesting proposals, the board shall inform potential developers of the assistance available to them in siting and establishing hazardous waste processing and collection facilities and services in the state including the availability of sites listed on the board's inventory of preferred areas for hazardous waste processing facilities, the authority of the board to acquire sites and order the establishment of facilities in those areas, the policies and objectives of the hazardous waste management plan, and the availability of information developed by the board on hazardous waste generation and management in the state.*

The board shall evaluate the proposals received in response to its request and determine the extent to which the proposals demonstrate the qualifications of the developers, the technical and economic feasibility of the proposed facility or service, and the extent to which the proposed facility or service will contribute in a significant way to the achievement of the policies and objectives of the hazardous waste management plan.

The board shall report to the legislative commission on the proposals that it has received and evaluated, and on the legislative, regulatory, and other actions needed to develop and operate the proposed facilities or services.

Subd. 3. [TIME FOR PROPOSALS.] *The board shall issue the first round of requests under this section by June 1, 1984. The first round proposals must be returned to the board by November 1, 1984. The board shall submit its report on these proposals to the legislative commission by January 1, 1985. The board may issue additional requests in 1985 and in future years.*

Sec. 13. [115A.159] [DEVELOPMENT OF HAZARDOUS WASTE COLLECTION AND TRANSPORTATION SERVICES.]

The board through its chairperson shall request, pursuant to the first round of requests under section 12, proposals for the development and operation of a system of commercial collection and transportation services for hazardous waste especially designed to serve smaller businesses and generators of small quantities of hazardous waste that have difficulty securing effective

and reliable collection and shipment services and acceptance of wastes at appropriate waste facilities. The board's request under this section should require proposals containing at least the following elements:

- (1) a collection service;*
- (2) assistance to clients about on-site waste management;*
- (3) a shipping coordination service, which may include transfer and temporary storage and bulking facilities and computerized inventory tracking capabilities, as the proposer deems appropriate and necessary to provide efficient and reliable combined shipment of wastes from generators to processing and disposal facilities;*
- (4) a brokerage service to ensure acceptance of wastes at appropriate processing and disposal facilities;*
- (5) recommendations on the utility of local or regional associations of generators to increase the efficiency and reliability of the services; and*
- (6) recommendations on processing facilities, including mobile modular processing units, that would complement the collection and transportation system.*

The board's request must require proposals that offer the delivery of services in stages commencing no later than July 1, 1985. The board should specify or require specification of immediate and staged performance standards for the services proposed, which may include standards relating to the volume and types of waste, the number and geographic distribution of generators served, accessibility, the percent of total waste and generators served, and other appropriate matters. After evaluating proposals received in response to its request, the board may select a proposer as the recipient of a development grant under section 11. Notwithstanding the provisions of section 11, subdivisions 4 and 5, on the amount of the grant and the required match, the grant made under this section may be up to \$350,000 and may not require a match greater than ten percent of the grant award.

Sec. 14. [115A.162] [HAZARDOUS WASTE PROCESSING FACILITY LOANS.]

The board shall review applications for hazardous waste processing facility loans received by the economic development authority and forwarded to the board under section 51. The board may certify a loan application only if it determines that:

- (1) the applicant has demonstrated that the proposed facility is technically feasible;*

(2) *the applicant has made a reasonable assessment of the market for the services offered by the proposed facility;*

(3) *the applicant has agreed to provide funds for the proposed facility in an amount equal to at least 25 percent of the capital cost of the facility excluding land acquisition cost;*

(4) *the applicant has agreed to pay the cost of any land acquisition necessary to develop the facility; and*

(5) *the facility will contribute in a significant way to achievement of the policies and objectives of the hazardous waste management plan and, in particular, to reduce the need for and practice of hazardous waste disposal.*

As a condition of its certification the board may require an applicant to agree to provide funds in excess of 25 percent of the capital cost of the facility in addition to any land acquisition costs. In certifying an application or in determining the share of the capital costs that will be provided by the loan, the board may consider the types and volumes of hazardous waste that will be handled by the facility, the number of generators served by the facility, and the extent to which the facility serves the need of smaller businesses that generate hazardous waste. The board may establish additional criteria for certifying loan applications consistent with the provisions of this section.

The board may adopt temporary rules under sections 14.29 to 14.36 to implement the loan program. Temporary rules adopted by the board remain in effect for 360 days or until permanent rules are adopted, whichever occurs first.

Sec. 15. [115A.165] [EVALUATION OF PROGRAMS; REPORT.]

By November 1, 1986, the board shall evaluate the extent to which the programs provided in sections 9 to 14 have contributed to the achievement of the policies and objectives of the hazardous waste management plan. The evaluation must consider the amount of waste reduction achieved by generators through the technical and research assistance and waste reduction grant programs and the progress in reducing the need for and practice of disposal achieved through the development grants and the request for proposal program. The board shall report the results of its evaluation to the legislative commission with its recommendations for further action.

Sec. 16. [115A.17] [HAZARDOUS WASTE, FACILITY DEVELOPMENT.]

Notwithstanding any other law to the contrary on the effective date of this section, the waste management board shall sus-

pend all activity under sections 115A.18 to 115A.30 relating to the selection and evaluation of locations for hazardous waste disposal, except that the reductions in number of sites permitted by section 115A.21, subdivision 1, may be effected, until the report on the status of processing facilities required in this section has been presented to the legislature and the legislature has acted affirmatively to reinstate the disposal evaluation and siting process. After June 1, 1985 and before December 1, 1985 the waste management board shall prepare a status report on hazardous waste processing facilities indicating the amount and type of hazardous waste treatment residual and untreated material that is expected to require disposal.

Sec. 17. Minnesota Statutes 1982, section 115A.18, is amended to read:

115A.18 [LEGISLATIVE FINDINGS; PURPOSE.]

The legislature finds that proper management of hazardous waste generated in the state is needed to conserve and protect the natural resources in the state and the health, safety, and welfare of its citizens, that the establishment of safe *commercial* disposal facilities (IS) *in the state may be necessary and practicable* to properly manage the waste, that this cannot be accomplished solely by the activities of private persons and political subdivisions acting alone or jointly, and that therefore it is necessary to provide a procedure for making final determinations on *whether commercial disposal facilities should be established in the state and on the locations, sizes, types, and functions of any such facilities.*

Sec. 18. Minnesota Statutes 1983 Supplement, section 115A.-21, subdivision 1, is amended to read:

Subdivision 1. [SELECTION.] The board shall select (AT LEAST FOUR LOCATIONS) *more than one location* in the state, no more than one site per county, as candidate sites for commercial disposal facilities for hazardous waste. Candidate sites (SELECTED BY THE BOARD BEFORE FEBRUARY 1, 1983, AND ADDITIONAL CANDIDATE SITES SELECTED PURSUANT TO THIS SECTION.) must be reviewed pursuant to sections 115A.22 to 115A.30. No location shall be selected as a candidate site unless the agency certifies its intrinsic suitability for the use intended pursuant to subdivision 2a.

Sec. 19. Minnesota Statutes 1983 Supplement, section 115A.-21, is amended by adding a subdivision to read:

Subd. 1a. [VOLUNTEER CANDIDATE SITES.] The board may select candidate sites under this subdivision in addition to sites selected under subdivision 1. The board may submit a site to the agency if the site is proposed as a candidate site by a

facility operator with the approval of the owners of the site and the statutory or home rule charter city or town and county in which the site is located. A location may be selected as a candidate site under this subdivision if the agency determines and certifies that the site is intrinsically suitable for the use intended. The director of the agency shall identify the information needed by the agency to make the determination of intrinsic suitability. The board shall obtain the necessary information and provide it to the director.

The director of the agency shall make a recommendation to the agency board on intrinsic suitability within 30 days after receiving the information from the board. The agency board shall make the determination on intrinsic suitability not later than the first regular meeting of the agency board held at least ten days after the director's recommendation.

The decisions of the board and the agency under this subdivision are not subject to the contested case or rulemaking provisions of chapter 14, or the procedures provided in subdivision 2a.

Sec. 20. Minnesota Statutes 1983 Supplement, section 115A.22, subdivision 1, is amended to read:

Subdivision 1. [GENERAL.] In order systematically to involve those who would be affected most directly by disposal facilities in all decisions leading to their establishment, the board's decisions on reports referred to in subdivision 7, the plan adopted under section 115A.11, and the (CERTIFICATION OF NEED) *estimates and analysis* required under section 115A.24 shall not be made until after the establishment of local project review committees for each candidate site, with representation on the board, pursuant to this section.

Sec. 21. Minnesota Statutes 1983 Supplement, section 115A.22, subdivision 4, is amended to read:

Subd. 4. [APPOINTMENT OF TEMPORARY BOARD MEMBERS.] Within 30 days following the appointment of a local project review committee, the local committee shall select a temporary board member to be added to the board for the purposes of the reports to be issued under section 115A.08, the plan to be adopted under section 115A.11; and the (NEED CERTIFICATIONS) *estimates, the analysis and the review* of candidate sites conducted under sections 115A.18 to 115A.30. Temporary board members shall not participate or vote in decisions affecting the selection and certification of sites under sections 115A.201 and 115A.21. If a local committee fails to appoint a temporary board member within the time permitted by this subdivision, the governor shall appoint a temporary board member to represent the committee on the board. Temporary board members may be members of the local project review committee, and they shall be residents of the county where the candidate site is

located. Temporary board members shall serve for terms lasting as long as the location the member represents is a candidate site or, in the case of members representing (THE) a site or sites finally chosen for the facility, until the commencement of the operation of the facility at that site.

Sec. 22. Minnesota Statutes 1982, section 115A.24, is amended to read:

115A.24 [(CERTIFICATION OF NEED) DISPOSAL FACILITIES; ESTIMATE OF NEED; ANALYSIS OF ECONOMIC FEASIBILITY.]

Subdivision 1. [(CERTIFICATE) *ESTIMATE OF NEED FOR DISPOSAL FACILITIES.*] (ON THE BASIS OF AND CONSISTENT WITH ITS HAZARDOUS WASTE MANAGEMENT PLAN ADOPTED UNDER SECTION 115A.11, THE BOARD SHALL ISSUE A CERTIFICATE OR CERTIFICATES OF NEED FOR DISPOSAL FACILITIES FOR HAZARDOUS WASTES IN THE STATE. THE CERTIFICATE OR CERTIFICATES SHALL INDICATE THE TYPES AND VOLUMES OF WASTE FOR WHICH DISPOSAL FACILITIES ARE AND WILL BE NEEDED THROUGH THE YEAR 2000 AND) *The board shall develop an estimate of the number, types, capacity, and function or use of (THE) any hazardous waste disposal facilities needed in the state. (BEFORE FINALLY ADOPTING THE CERTIFICATE OF NEED THE BOARD SHALL SUBMIT IT TO THE AGENCY FOR A REVISION OF THE HAZARDOUS WASTE POLLUTION CONTROL REPORT REQUIRED UNDER SECTION 115A.11, SUBDIVISION 2.)*

In developing its estimate the board shall:

(1) *prepare a preliminary estimate of the types and quantities of waste generated in the state for which disposal will be needed through the year 2000 based to the extent practical on data obtained from generators who are likely to use the facility;*

(2) *estimate the disposal capacity located outside of the state, taking into account the status of facility permits, current and planned capacity, and prospective restrictions on expansion of capacity;*

(3) *estimate the prospects for the continued availability of capacity outside of the state for disposal of waste generated in the state;*

(4) *estimate the types and quantities of waste likely to be generated as residuals of the commercial hazardous waste processing facilities recommended by the board for development in the state and for which disposal will be needed, taking into account the likely users of the facilities; and*

(5) *compare the indirect costs and benefits of developing disposal facilities in the state or relying on facilities outside the state to dispose of hazardous waste generated in the state, taking into account the effects on business, employment, economic development, public health and safety, the environment, and the development of collection and processing facilities and services in the state.*

In preparing the estimate, the board (SHALL CERTIFY NEED) may identify need for disposal only to the extent that the board has determined that there are no feasible and prudent alternatives, including waste reduction, separation, pretreatment, processing, and resource recovery, which would minimize adverse impact upon air, water, land and all other natural resources (, PROVIDED THAT THE BOARD SHALL REQUIRE THE ESTABLISHMENT OF AT LEAST ONE COMMERCIAL DISPOSAL FACILITY IN THE STATE). Economic considerations alone (SHALL) may not justify (CERTIFICATION) an estimate of need for disposal nor the rejection of alternatives. Alternatives that are speculative and conjectural (SHALL) are not (BE DEEMED TO BE) feasible and prudent. The board shall consider all technologies being developed in other countries as well as in the United States when it considers the alternatives to hazardous waste disposal. (THE CERTIFICATE OR CERTIFICATES SHALL NOT BE SUBJECT TO THE PROVISIONS OF CHAPTER 14 BUT SHALL BE THE FINAL DETERMINATION REQUIRED ON THE MATTERS DECIDED BY THE CERTIFICATE OR CERTIFICATES AND SHALL HAVE THE FORCE AND EFFECT OF LAW. THE CERTIFICATE OR CERTIFICATES SHALL NOT BE AMENDED FOR FIVE YEARS EXCEPT AS PROVIDED IN SECTION 115A.291. IN REVIEWING AND SELECTING SITES, COMPLETING AND DETERMINING THE ADEQUACY OF ENVIRONMENTAL IMPACT STATEMENTS, AND ISSUING APPROVALS AND PERMITS FOR WASTE DISPOSAL FACILITIES DESCRIBED IN THE CERTIFICATE OR CERTIFICATES OF NEED, MATTERS DETERMINED IN THE CERTIFICATION SHALL NOT BE RECONSIDERED EXCEPT AS OTHERWISE PROVIDED IN SECTION 115A.291. THE BOARD AND THE PERMITTING AGENCIES SHALL BE REQUIRED TO MAKE A FINAL DECISION APPROVING THE ESTABLISHMENT OF FACILITIES CONSISTENT WITH THE CERTIFICATION EXCEPT AS OTHERWISE PROVIDED IN SECTION 115A.291.)

Subd. 3. [RADIOACTIVE WASTE.] The board's (CERTIFICATE) *estimate* of need shall not allow the use of a facility for disposal of radioactive waste, as defined by section 116C.71, subdivision 6.

Subd. 4. [ECONOMIC FEASIBILITY ANALYSIS.] *The board shall prepare an economic feasibility analysis for disposal facilities of the type, capacity, and function or use estimated by*

the board to be needed in the state under subdivision 1. The analysis must be specific to the sites where the facilities are proposed to be located. The analysis must include at least the following elements:

(1) an estimate of the capital, operating, and other direct costs of the facilities and the fee schedules and user charges necessary to make the facilities economically viable;

(2) an assessment of the other costs of using the disposal facilities, such as transportation costs and disposal surcharges;

(3) an assessment of the market for the facility for waste generated in the state, that identifies the generators that would use the facility under existing and likely future market conditions, describes the methods otherwise available to those generators to manage their wastes and the costs of using those methods, and establishes the level at which the cost of using the proposed facilities would be competitive with the cost of using other available methods of waste management;

(4) an estimate of the subsidy, if any, needed to make the facility competitive for Minnesota generators under existing market conditions and the changes in market conditions that would increase or lower any subsidy.

Sec. 23. Minnesota Statutes 1983 Supplement, section 115A.-241, is amended to read:

115A.241 [PARTICIPATION BY FACILITY DEVELOPERS AND OPERATORS.]

The board shall solicit the participation of private developers and operators of waste facilities in the evaluation of hazardous waste disposal sites and facility specifications. (TO QUALIFY FOR CONSIDERATION AS A DEVELOPER OR OPERATOR, A PERSON SHALL SUBMIT A LETTER) *The board shall request developers and operators to submit letters of intent to participate in evaluating sites, economic feasibility of disposal facilities, and facility specifications. The letters must be submitted to the board (WITHIN 90 DAYS FOLLOWING THE PUBLICATION OF THE BOARD'S DRAFT PLAN PURSUANT TO SECTION 115A.08, SUBDIVISION 4) by September 1, 1984. To qualify for selection as a developer or operator, a person shall submit operability reports to the board at least 60 days before the board's hearings under section 115A.27, and shall submit an amended report within 60 days following the decisions under section 115A.28. The letters of intent and reports (SHALL) must be in the form and contain the information deemed appropriate by the board.*

Sec. 24. Minnesota Statutes 1983 Supplement, section 115A.-25, subdivision 1, is amended to read:

Subdivision 1. [ENVIRONMENTAL IMPACT STATEMENT.] A phased environmental impact statement (SHALL) *must* be completed by the board and the agency *before any permits are issued under section 115A.291*. The statement must be prepared and reviewed in accordance with chapter 116D and the rules issued pursuant thereto, except as otherwise required by this section and sections 115A.11 (, 115A.24), 115A.28, and 115A.30. The board and agency shall follow the procedures in subdivisions 2 and 3 in lieu of the scoping requirements of chapter 116D and rules issued pursuant thereto. The statement (SHALL) *must* be completed in two phases as provided in subdivisions 1a and 1b.

Sec. 25. Minnesota Statutes 1983 Supplement, section 115A.-25, subdivision 1a, is amended to read:

Subd. 1a. [PHASE I.] Phase I of the statement (SHALL) *must* be completed by the board on the environmental effects of the (BOARD'S DECISION ON SITES AND FACILITY SPECIFICATIONS) *decisions that the board is required to make* under section 115A.28. Phase I of the statement (SHALL) *must* not address or reconsider (ALTERNATIVE SITES OR FACILITY NUMBERS, TYPES, CAPACITY, FUNCTION, AND USE WHICH) *alternatives that have been eliminated from consideration by the board's decisions under sections 115A.201 and 115A.21 (AND 115A.24)*. The determination of the adequacy of phase I of the statement is exclusively the authority of the board. The governor shall establish an interagency advisory group to comment on the scope of phase I of the statement, to review drafts, and to provide technical assistance in the preparation and review of phase I of the statement. The advisory group (SHALL) *must* include representatives of the agency, the departments of natural resources, health, agriculture, energy, planning and development, and transportation, and the Minnesota geological survey. In order to obtain the staff assistance necessary to prepare the statement, the chairperson of the board may request reassignment of personnel pursuant to section 16.21 and may arrange to have other agencies prepare parts of the statement pursuant to section 16.135.

Sec. 26. Minnesota Statutes 1983 Supplement, section 115A.-25, subdivision 1b, is amended to read:

Subd. 1b. [PHASE II.] Phase II of the statement (SHALL) *must* be completed by the agency as a supplement to phase I specifically for the purpose of examining the environmental effects of (THE) *any* permitting decisions *that may be required to be made by the permitting agencies under section 115A.291*. In preparing, reviewing, and determining the adequacy of phase II of the statement, the agency shall not repeat or duplicate the research and analysis contained in phase I of the statement, unless the agency determines that the information available is not adequate or that additional information is necessary to

examine the environmental effects of the permitting decisions. Phase II of the statement (SHALL) *may* not address or reconsider (ALTERNATIVE SITES AND FACILITY NUMBERS, TYPES, CAPACITY, FUNCTION, AND USE WHICH) *alternatives that* have been eliminated from consideration by the board's decisions under sections 115A.201, 115A.21, (115A.24,) and 115A.28. The determination of adequacy of phase II of the statement must be made by the agency within 180 days following submission of the preliminary permit application or applications under section 115A.291. The determination of the adequacy of phase II of the statement is exclusively the authority of the agency.

Sec. 27. Minnesota Statutes 1983 Supplement, section 115A.26, is amended to read:

115A.26 [AGENCIES; REPORT ON PERMIT CONDITIONS AND APPLICATION REQUIREMENTS.]

Within 30 days following the board's determination of the adequacy of phase I of the environmental impact statement, and after consulting with the board, facility developers, affected local government units, and the local project review committees, the chief executive officer of each permitting state agency shall issue to the board draft reports on permit conditions and permit application requirements at each candidate site. The reports must indicate, to the extent possible based on existing information, the probable terms, conditions, and requirements of permits, including the types and categories of waste eligible for disposal with or without pretreatment, and the probable supplementary documentation that will be required for phase II of the environmental impact statement under section 115A.25 and for permit applications under section 115A.291. The reports may be revised following the hearings under section 115A.27 as the chief executive officer deems necessary. (THE REPORTS MUST BE CONSISTENT WITH THE ESTABLISHMENT OF FACILITIES IN ACCORDANCE WITH THE CERTIFICATION OF NEED.)

Sec. 28. Minnesota Statutes 1983 Supplement, section 115A.27, subdivision 2, is amended to read:

Subd. 2. [BOARD HEARINGS.] Within 120 days following the board's determination of the adequacy of phase I of the environmental impact statement under section 115A.25, the board shall conduct a hearing in each county containing a candidate site, for the purpose of receiving testimony on the decisions required under section 115A.28. The hearings (SHALL) *must* be ordered by the chairperson of the board. The subject of the board hearing (SHALL) *may* not extend to matters previously decided in the board's decision on sites under (SECTION) sections 115A.201 and 115A.21 (AND THE CERTIFICATE

OF NEED ISSUED UNDER SECTION 115A.24). *The record of the hearings must include the estimate of need for disposal facilities and the economic feasibility analysis prepared under section 115A.24, the phase I environmental impact statement, and the reports on permit conditions issued under section 115A.26.* The hearing (SHALL) *must* be conducted for the board by the state office of administrative hearings in a manner consistent with the completion of the proceedings in the time allowed. The proceedings and the hearing procedures are not subject to the rule-making or contested case provisions of chapter 14. The hearing officer (SHALL) *may* not issue a report but shall preside at the hearings to ensure that the hearings are conducted in a fair, orderly, and expeditious manner and in accordance with the hearing procedures of the board. A majority of the permanent members of the board shall be present at the hearing.

Sec. 29. Minnesota Statutes 1983 Supplement, section 115A.28, subdivision 1, is amended to read:

Subdivision 1. [DECISION OF BOARD.] Within 60 days following the conclusion of the hearings under section 115A.27, subdivision 2, and after consulting with private facility developers, the permitting agencies, affected local government units, and the local project review committees, *the board shall make the decisions as required by this subdivision. If the board decides that a disposal facility should not be developed in the state, it shall dismiss the candidate sites from further consideration. If the board determines and certifies that a disposal facility is needed and should be developed in the state, the board shall* (FINALLY) select (THE) a site or sites (FOR THE FACILITIES AND THE DEVELOPER AND OPERATOR OF THE FACILITY AND SHALL PRESCRIBE FURTHER SPECIFICATIONS ON) *and specify* the number, type, capacity, function, and use of (THE) *any* facilities (AS THE BOARD DEEMS APPROPRIATE, CONSISTENT WITH THE BOARD'S CERTIFICATION OF NEED ISSUED UNDER SECTION 115A.24) *to be established under sections 115A.18 to 115A.30. Sites that are not selected by the board cease to be candidate sites. If the chairperson of the board determines that an agency report on permit conditions and application requirements has been substantially revised following hearings held pursuant to section 115A.27, subdivision 2, the chairperson may delay the decision for 30 days and may order a public hearing to receive further testimony on the sites and facilities to be established. The proceeding* (SHALL) *must* be conducted as provided in section 115A.27, subdivision 2, except that hearings shall not be separately held in the affected counties and the issues relating to all agency reports (SHALL) *must* be considered at one hearing. (THE BOARD'S DECISION SHALL PROVIDE FOR THE ESTABLISHMENT OF FACILITIES CONSISTENT WITH THE BOARD'S CERTIFICATION OF NEED.)

The board may not make any final decision under this subdivision until the board:

(1) determines the current status of and future prospects for the final development of commercial hazardous waste processing facilities in the state based on the responses to the board's requests for proposals, the results of the board's processing facility development grant and loan programs, and any applications which have been filed for processing facility operation permits; and

(2) adjusts the estimate of need prepared under section 115A.24 to reflect the types and quantities of hazardous waste likely to be generated as residuals of processing facilities based on the board's determination under clause (1).

Sec. 30. Minnesota Statutes 1983 Supplement, section 115A.291, is amended to read:

115A.291 [PERMITS.]

Research and analysis necessary to the permit applications and permit decisions required under this chapter, and the supporting environmental study, must commence immediately following the board's decision (UNDER SECTION 115A.28) *to apply for permits under this section.* Within 180 days following its (FINAL DECISION) decisions under section 115A.28, the board shall *conclude its analysis of the financial requirements for the facility and shall decide whether to submit, or cause to be submitted by a developer and operator selected by the board, a preliminary application for permits for a facility or facilities consistent with its decision under section 115A.28.* Following review by the permitting agencies and within 60 days following the agency's determination of the adequacy of phase II of the environmental impact statement, the board shall revise the application, or cause it to be revised, in accordance with the recommendations of the permitting agencies. In preparing its revised permit application, the board may amend its (CERTIFICATION OF NEED ISSUED UNDER SECTION 115A.24 OR ITS) facility specifications under section 115A.28, if the board finds and determines, based upon the recommendations of the permitting agencies, that: (a) the amendments are necessary to secure permits for the construction and operation of the proposed facility at the proposed site, and (b) the recommendations and amendments are the result of new information or rules produced after the board's decisions under (SECTIONS 115A.24 AND) section 115A.28. Within 210 days following the submission of the revised permit application, the permitting agencies shall issue the necessary permits unless the pollution control agency determines that the facility or facilities proposed for permitting present environmental problems which cannot be addressed through the imposition of permit conditions. *The permits may not allow the use of the facility for disposal of radioactive waste, as defined by section 116C.71, subdivision 6.*

Sec. 31. [115A.301] [INDEMNIFICATION FOR CERTAIN DAMAGES ARISING FROM DISPOSAL FACILITY.]

Subdivision 1. [INDEMNIFICATION BY OPERATOR; EXCEPTIONS.] (a) As a condition of obtaining an agency permit and except as provided in paragraph (b), the operator of a hazardous waste disposal facility established under sections 115A.18 to 115A.30, upon the acceptance of any hazardous waste for disposal, shall agree to indemnify any other person for any liability the person may have under chapter 115B as a result of a release or threatened release of hazardous waste from the disposal facility to the extent of the financial responsibility requirement established in subdivision 2.

(b) The operator is not required to indemnify any person for liability to the extent that:

(1) the liability is the result of a violation by that person of state or federal law that governs the handling, transportation, or disposal of hazardous substances;

(2) the liability is the result of a negligent act or omission of that person with respect to the handling, transportation, or disposal of hazardous substances; or

(3) the liability is one for which a claim has been or may be paid by the Federal Post-Closure Liability Fund under United States Code, title 42, section 9607(k).

The operator is not required to indemnify any person for any claim filed more than 30 years after closure of the disposal facility in accordance with agency rules.

(c) The operator may intervene as of right in any action that may result in a claim for indemnification under this subdivision.

Subd. 2. [FINANCIAL RESPONSIBILITY.] (a) As a condition of obtaining a permit to operate a hazardous waste disposal facility established under sections 115A.18 to 115A.30, the operator shall demonstrate financial responsibility to pay claims of liability for personal injury, economic loss, response costs, and natural resources damage that the operator may incur as a result of a release or threatened release of a hazardous waste from the facility, including liability for which the operator is required to indemnify other persons under subdivision 1. The amount of the operator's financial responsibility must be at least \$40,000,000.

(b) The agency may require a higher level of financial responsibility as a condition of a permit for a disposal facility depending upon the size of the facility, the location of the facility, the types of waste that will be accepted at the facility, and

other factors affecting the risk of a release and potential liability. The operator may demonstrate financial responsibility by any mechanism approved by the agency's hazardous waste rules. The operator shall maintain financial responsibility as provided in this subdivision during operation of the facility and until 30 years after facility closure in accordance with agency rules, provided that the operator shall maintain financial responsibility after 30 years in the amount and for the time necessary to satisfy any outstanding claims filed within 30 years after facility closure.

Subd. 3. [LIABILITY TRUST FUND.] (a) A state facility liability trust fund is established as an account in the state treasury. Money in the fund shall be held in trust by the state to pay claims of liability resulting from the release or threatened release of hazardous waste from a disposal facility established under sections 115A.18 to 115A.30, and to purchase insurance to pay the claims. Subject to the limitations provided in paragraph (b), the fund and insurance purchased by the fund shall pay claims to the extent that the claims are not satisfied by the operator of the facility under subdivision 1, by the Federal Post-Closure Liability Fund under United States Code, title 42, section 9607(k), or by any person, including the operator, who is liable for the claim as a result of violation of a state or federal law or a negligent act or omission.

(b) The state is not obligated to pay any claims in excess of the amount of money in the fund and the limits of any insurance purchased by the fund.

(c) Interest earned by the money in the fund must be credited to the fund.

Subd. 4. [DETERMINATION OF AMOUNTS IN FUND.] The board shall determine the amount of money that will be needed in the state facility liability trust fund to maintain insurance coverage for each facility of at least \$10,000,000 during the operating life of the facility and to accumulate a balance of at least \$10,000,000 within 20 years after the facility begins operation. The board may require insurance coverage and accumulation of a fund balance in amounts greater than those provided in this subdivision based upon the factors that the agency must consider in establishing the level of financial responsibility under subdivision 2 and the amount of claims for which the fund is likely to be liable under subdivision 3. Based on the amounts required to purchase insurance and accumulate the fund balance, the board shall establish a surcharge amount to be collected under subdivision 5. The board may adjust the amount of the surcharge based on the actual quantities of waste received at the facility. Determinations by the board under this subdivision are subject to the rulemaking provisions of chapter 14.

Subd. 5. [DISPOSAL SURCHARGE.] A surcharge must be paid for every ton or part of a ton of hazardous waste accepted for disposal at a facility. The operator shall collect and hold the surcharge in a separate account. By the first day of each month, the operator shall pay any money in this account to the commissioner of finance for credit to the state facility liability trust fund.

Subd. 6. [ADMINISTRATION.] (a) The commissioner of finance shall administer the state facility liability trust fund. Money in the fund is appropriated to the commissioner of finance for expenditure as provided in subdivision 3. The commissioner shall establish separate accounts in the fund for purchase of insurance and for accumulation of a fund balance as required by the board under subdivision 4. After closure of the facility in accordance with agency rules, the commissioner shall consolidate the two accounts and may use any interest income from the fund to purchase insurance to pay claims for which the fund may be liable.

(b) The commissioner, in consultation with the attorney general, may settle any claims that the fund may be required to pay. If two or more claims are made against the fund, the amount of which would exceed the amount in the fund, the commissioner shall pay any valid claims on a pro rata basis. The commissioner, on behalf of the fund, may intervene as of right in an action that may result in a claim against the fund.

Subd. 7. [RIGHTS PRESERVED.] Nothing in this section affects the right of any person to bring an action under any law to recover costs or damages arising out of the release or threatened release of a hazardous substance from a disposal facility established under sections 115A.18 to 115A.30. Any costs or damages recoverable in such an action shall be reduced to the extent that the cost or damages have been paid under subdivisions 1 to 3.

Sec. 32. Minnesota Statutes 1982, section 115A.46, subdivision 1, is amended to read:

Subdivision 1. [GENERAL.] Plans shall address the state policies and purposes expressed in section 115A.02. Plans for the location, establishment, operation, maintenance, and post-closure use of facilities and facility sites, for ordinances, and for licensing, permit, and enforcement activities shall be consistent with the rules adopted by the agency pursuant to chapter 116. Plans shall address the resolution of conflicting, duplicative, or overlapping local management efforts. Plans shall address the establishment of joint powers management programs or waste management districts where appropriate. (PLANS PROPOSING A DESIGNATION OF RESOURCE RECOVERY FACILITIES PURSUANT TO SECTIONS 115A.70 AND 400.162 SHALL BE SUBMITTED TO THE WASTE MANAGEMENT BOARD

FOR REVIEW AND APPROVAL OR DISAPPROVAL. THE REVIEW SHALL BE BASED ON WHETHER THE PLANS CONFORM TO THE REQUIREMENTS OF THIS SECTION. THE BOARD MAY REQUIRE REVISION OF A PLAN AS A CONDITION OF ITS APPROVAL.) Plans shall address other matters as the rules of the agency may require consistent with the purposes of sections 115A.42 to 115A.46. Political subdivisions preparing plans under sections 115A.42 to 115A.46 shall consult with persons presently providing solid waste collection, processing, and disposal services. Plans (PREPARED BY LOCAL UNITS OF GOVERNMENT IN THE METROPOLITAN AREA SHALL CONFORM TO THE REQUIREMENTS OF CHAPTER 473) shall be approved by the agency, or the metropolitan council pursuant to section 473.803. After initial approval, each plan shall be updated every five years and revised as necessary for further approval.

Sec. 33. Minnesota Statutes 1982, section 115A.46, subdivision 2, is amended to read:

Subd. 2. [CONTENTS.] The plans shall describe existing collection, processing, and disposal systems, including schedules of rates and charges, financing methods, environmental acceptability, and opportunities for improvements in the systems. The plans shall include an estimate of the land disposal capacity in acre-feet which will be needed through the year 2000, on the basis of current and projected waste generation practices. (THE PLANS SHALL CONTAIN AN ASSESSMENT OF OPPORTUNITIES TO REDUCE THE NEED FOR LAND DISPOSAL THROUGH WASTE REDUCTION AND RESOURCE RECOVERY, THE ALTERNATIVE DEGREES OF REDUCTION ACHIEVABLE, AND) *The plans shall require the most feasible and prudent reduction of the need for and practice of land disposal of mixed municipal solid waste. The plans shall address at least waste reduction, separation, and resource recovery, and shall include objectives, immediately and over specified time periods, for reducing the land disposal of mixed municipal solid waste. The plans shall describe specific functions to be performed and activities to be undertaken to achieve the abatement objectives and shall describe the estimated cost, proposed manner of financing, and timing of the functions and activities. The plans shall include a comparison of the costs of (ALTERNATIVES) the activities to be undertaken, including capital and operating costs, and the effects of the (ALTERNATIVES) activities on the cost to generators and on persons currently providing solid waste collection, processing, and disposal services. The plans shall include alternatives which could be used to achieve the abatement objectives if the proposed functions and activities are not established. The plans shall designate how public education shall be accomplished.* The plans shall, to the extent practicable and consistent with the achievement of other public policies and purposes, encourage ownership and operation of solid waste facilities by private industry. For solid waste facilities owned or operated by

public agencies or supported primarily by public funds or obligations issued by a public agency, the plans shall include criteria and standards to protect comparable private and public facilities already existing in the area from displacement unless the displacement is required in order to achieve the waste management objectives identified in the plan. The plans shall establish a siting procedure and development program to assure the orderly location, development, and financing of new or expanded solid waste facilities and services sufficient for a prospective ten-year period, including estimated costs and implementation schedules, proposed procedures for operation and maintenance, estimated annual costs and gross revenues, and proposals for the use of facilities after they are no longer needed or usable. The plans shall describe existing and proposed county and municipal ordinances and license and permit requirements relating to solid waste management and shall describe existing and proposed regulation and enforcement procedures.

Sec. 34. Minnesota Statutes 1982, section 115A.70, is amended by adding a subdivision to read:

Subd. 8. [AUTHORITY.] A waste management district possessing designation authority in its articles of incorporation may be authorized to designate a resource recovery facility under sections 35 to 44.

Sec. 35. [115A.80] [DESIGNATION OF RESOURCE RECOVERY FACILITIES; PURPOSE.]

In order to further the state policies and purposes expressed in section 115A.02, and to advance the public purposes served by resource recovery, the legislature finds and declares that it may be necessary pursuant to sections 35 to 44 to authorize a qualifying solid waste management district or county to designate a resource recovery facility.

Sec. 36. [115A.81] [DEFINITIONS.]

Subdivision 1. [SCOPE.] The terms used in sections 35 to 44 have the meanings given them in this section.

Subd. 2. [DESIGNATION.] "Designation" means a requirement by a waste management district or county that all or any portion of the solid waste that is generated within its boundaries or any service area thereof and is deposited within the state be delivered to a resource recovery facility identified by the district or county.

Sec. 37. [115A.82] [ELIGIBILITY.]

Facilities may be designated under sections 35 to 44 by (1) a solid waste management district established pursuant to sec-

tions 115A.62 to 115A.72 and possessing designation authority in its articles of incorporation; or (2) a county, but only for waste generated outside of the boundaries of a district qualifying under clause (1) or the Western Lake Superior Sanitary District established by Laws 1971, chapter 478, as amended.

Sec. 38. [115A.83] [EXEMPTION.]

The designation may not apply to or include: (1) materials that are separated from solid waste and recovered for reuse in their original form or for use in manufacturing processes; or (2) materials that are processed at another resource recovery facility at the capacity in operation at the time that the designation plan is approved by the reviewing authority.

Sec. 39. [115A.84] [DESIGNATION PLAN.]

Subdivision 1. [REQUIREMENT.] Before commencing the designation procedure under section 40, the district or county shall adopt a comprehensive solid waste management plan or, under chapter 478, a master plan. The comprehensive or master plan must include a plan for designation approved under this section.

Subd. 2. [DESIGNATION; PLAN CONTENTS.] (a) The designation plan must evaluate (1) the benefits of the designation, including the public purposes achieved by the conservation and recovery of resources, the furtherance of local and any district or regional waste management plans and policies, and the furtherance of the state policies and purposes expressed in section 115A.02; and (2) the estimated costs of the designation, including the direct capital, operating, and maintenance costs of the facility designated, the indirect costs, and the long-term effects of the designation.

(b) In particular the designation plan must evaluate:

(1) whether the designation will result in the recovery of resources or energy from materials which would otherwise be wasted;

(2) whether the designation will lessen the demand for and use of land disposal;

(3) whether the designation is necessary for the financial support of the facility;

(4) whether less restrictive methods for ensuring an adequate solid waste supply are available; and

(5) other feasible and prudent waste processing alternatives for accomplishing the purposes of the proposed designation, the

direct and indirect costs of the alternatives, including capital and operating costs, and the effects of the alternatives on the cost to generators.

Subd. 3. [PLAN APPROVAL.] A district or county planning a designation for waste generated wholly within the metropolitan area defined in section 473.121 shall submit its designation plan to the metropolitan council for review and approval or disapproval. Other districts or counties shall submit the designation plan to the waste management board for review and approval or disapproval. The reviewing authority shall complete its review and make its decision within 90 days following submission of the plan for review. The reviewing authority shall approve the designation plan if the plan satisfies the requirements of subdivision 2.

Subd. 4. [EXCLUSION OF CERTAIN MATERIALS.] When it approves the designation plan, the reviewing authority shall exclude from the designation materials that the reviewing authority determines will be processed at another resource recovery facility if:

- (1) the other resource recovery facility is substantially completed or will be substantially completed within 18 months of the time that the designation plan is approved by the reviewing authority; and*
- (2) the other facility has or will have contracts for purchases of its product; and*
- (3) the materials are or will be under contract for delivery to the other facility at the time the other facility is completed.*

In order to qualify for the exclusion of materials under this subdivision, the operator or owner of the other resource recovery facility shall file with the reviewing authority and the district or county or counties a written description of the facility, its intended location, its waste supply sources, purchasers of its products, its design capacity and other information that the reviewing authority and the district or county or counties may reasonably require. The information must be filed as soon as it becomes available but not later than the date when the county or district submits its designation plan for approval.

The reviewing authority may revoke the exclusion granted under this subdivision when it approves the designation ordinance under section 41 if in its judgment the excluded materials will not be processed at the other facility.

Sec. 40. [115A.85] [PROCEDURE.]

Subdivision 1. [REQUIREMENT.] A district or county with an approved designation plan shall proceed as provided in

this section when designating facilities. A district need not repeat the designation procedures in this section to the extent that the procedures have been completed by each county having territory in the district or by a joint powers board composed of each county having territory in the district.

Subd. 2. [HEARING.] The district or county shall hold a public hearing to take testimony on the designation. Notice of the hearing must be published in a newspaper of general circulation in the area for two successive weeks ending at least 15 days before the date of the hearing and must be mailed to political subdivisions, landfill operators, and licensed solid waste collectors who may be expected to use the facility. The notification must: (1) describe the area in which the designation will apply and the plans for the use of the solid waste; (2) specify the point or points of delivery of the solid waste; (3) estimate the types and quantities of solid waste subject to the designation; and (4) estimate the fee to be charged for the use of the facilities and for any products of the facilities. A designation or contract for use is not invalid by reason of the failure of the district or county to provide written notice to an entity listed in this subdivision.

Subd. 3. [NEGOTIATED CONTRACTS FOR USE.] During a period of 90 days following the hearing, the district or county shall negotiate with the persons entitled to written notice under subdivision 2 for the purpose of developing contractual agreements that will require use of the facilities proposed to be designated.

Subd. 4. [DESIGNATION DECISION.] At the end of the 90-day contract negotiation period the district or county may proceed to secure approval for and implement the designation as provided in section 41.

Sec. 41. [115A.86] [IMPLEMENTATION OF DESIGNATION.]

Subdivision 1. [DESIGNATION ORDINANCE.] (a) The district or county shall prepare a designation ordinance to implement a designation. The designation ordinance must: (1) define the geographic area and the types and quantities of solid waste subject to designation; (2) specify the point or points of delivery of the solid waste; (3) require that the designated solid waste be delivered to the specified point or points of delivery; (4) set out the procedures and principles to be followed by the county or district in establishing and amending any rates and charges at the designated facility; and (5) state any additional regulations governing waste collectors or other matters necessary to implement the designation.

(b) The designation ordinance must provide an exception for: (1) materials that are exempt or excluded from the designa-

tion under section 38 or 39, subdivision 4; and (2) materials otherwise subject to the designation for which negotiated contractual arrangements exist that will require and effect the delivery of the waste to the facility for the term of the contract.

Subd. 2. [APPROVAL.] A district or county whose designation applies wholly within the metropolitan area defined in section 473.121 shall submit the designation ordinance, together with any negotiated contracts assuring the delivery of solid waste, to the metropolitan council for review and approval or disapproval. Other districts or counties shall submit the designation ordinance, together with any negotiated contracts assuring the delivery of solid waste, to the waste management board for review and approval or disapproval. The reviewing authority shall complete its review and make its decision within 90 days following submission of the designation for review. The reviewing authority shall approve the designation if it determines that the designation procedure specified in section 40 was followed and that the designation is based on a plan approved under section 39. The reviewing authority may attach conditions to its approval.

Subd. 3. [IMPLEMENTATION.] The designation may be placed into effect no less than 60 days following the approval required in subdivision 2. The effective date of the designation must be specified at least 60 days in advance. If the designation is not placed into effect within two years of approval, the designation must be resubmitted to the reviewing authority for approval or disapproval under subdivision 2, unless bonds have been issued to finance the resource recovery facility to which the designation applies.

Subd. 4. [EFFECT.] The designation is binding on all political subdivisions, landfill operators, solid waste generators, and solid waste collectors in the designation area.

Subd. 5. [AMENDMENTS.] Amendments to a designation ordinance must be submitted to the reviewing authority for approval. The reviewing authority shall approve the amendment if the amendment is in the public interest and in furtherance of the state policies and purposes expressed in section 115A.02. If the reviewing authority does not act within 90 days, the amendment is approved.

Sec. 42. [115A.87] [JUDICIAL REVIEW.]

An action challenging a designation must be brought within 60 days of the approval of the designation by the reviewing authority. The action is subject to section 562.02.

Sec. 43. [115A.88] [SERVICE GUARANTEE.]

The district or county may not arbitrarily terminate, suspend, or curtail services provided to any person required by contract

or designation ordinance to use designated facilities without the consent of the person or without just cause.

Sec. 44. [115A.89] [SUPERVISION OF IMPLEMENTATION.]

The reviewing authority shall: (1) require regular reports on the implementation of each designation; (2) periodically evaluate whether each designation as implemented has accomplished its purposes and whether the designation is in the public interest and in furtherance of the state policies and purposes expressed in section 115A.02; and (3) report periodically to the legislature on its conclusions and recommendations.

Sec. 45. [115A.917] [CERTIFICATE OF NEED.]

No new capacity for disposal of mixed municipal solid waste may be permitted in counties outside the metropolitan area without a certificate of need issued by the agency indicating the agency's determination that the additional disposal capacity is needed in the county. A certificate of need may not be issued until the county has a plan approved under section 115A.46. If the original plan was approved more than five years before, the agency may require the plan to be revised before a certificate of need is issued under this section. The agency shall certify need only to the extent that there are no feasible and prudent alternatives to the additional disposal capacity, including waste reduction, source separation, and resource recovery, that would minimize adverse impact upon natural resources. Alternatives that are speculative or conjectural are not feasible and prudent. Economic considerations alone do not justify the certification of need or the rejection of alternatives.

Sec. 46. [115A.919] [COUNTY FEE AUTHORITY.]

A county may impose a fee on operators of facilities for mixed municipal solid waste located within the county. The fee in the metropolitan area may not exceed 25 cents per cubic yard. The revenue from the fees shall be credited to the county general fund and shall be used only for landfill abatement purposes, or costs of closure, postclosure care, and response actions or for purposes of mitigating and compensating for the local risks, costs, and other adverse effects of facilities.

Waste residue from energy and resource recovery facilities at which solid waste is processed for the purpose of extracting, reducing, converting to energy, or otherwise separating and preparing solid waste for reuse shall be exempt from one-half the amount of the fee imposed by a county under this section if there is at least an 85 percent volume reduction in the solid waste processed. Before any fee is reduced, the verification procedures of section 73, subdivision 1, paragraph (c), must be followed and submitted to the appropriate county.

The schedule (SHALL) *must* include a facility closure schedule and plans for post-closure management and disposition, for the use of property after acquisition and before facility development, and for the disposition of property and development rights, as defined in section 473.833, no longer needed for disposal facilities. The schedule (SHALL) *must* also include a closure schedule and plans for post-closure management for facilities in existence before the adoption of the development schedule.

Sec. 66. Minnesota Statutes 1982, section 473.811, subdivision 10, is amended to read:

Subd. 10. [COUNTY DESIGNATION OF RESOURCE RECOVERY FACILITIES.] (THE AUTHORITY GRANTED TO METROPOLITAN COUNTIES BY THIS SUBDIVISION SHALL NOT APPLY WITHIN ANY SOLID WASTE MANAGEMENT DISTRICT ESTABLISHED UNDER SECTIONS 115A.62 TO 115A.72. IN ORDER TO ACCOMPLISH THE OBJECTIVES OF COUNTY WASTE MANAGEMENT, TO FURTHER THE STATE POLICIES AND PURPOSES EX-

PRESSED IN SECTION 115A.02, AND TO ADVANCE THE PUBLIC PURPOSES SERVED BY RESOURCE RECOVERY, THE LEGISLATURE FINDS AND DECLARES THAT IT MAY BE NECESSARY TO AUTHORIZE A COUNTY TO REQUIRE THAT ALL OR ANY PORTION OF THE SOLID WASTE THAT IS GENERATED WITHIN THE BOUNDARIES OF THE COUNTY OR ANY SERVICE AREA THEREOF AND IS DISPOSED OF IN THE STATE BE DELIVERED TO A RESOURCE RECOVERY FACILITY DESIGNATED BY THE COUNTY BOARD OR A TRANSFER STATION SERVING SUCH A FACILITY. ANY COUNTY DESIGNATION SHALL BE BASED UPON AN APPROVED MASTER PLAN AND SHALL BE SUBMITTED PURSUANT TO SECTION 473.827, SUBDIVISION 1, FOR REVIEW AND APPROVAL OR DISAPPROVAL BY THE METROPOLITAN COUNCIL. Sec. 67. Minnesota Statutes 1983 Supplement, section 473.823, subdivision 6, is amended to read:

Subd. 6. [COUNCIL; CERTIFICATION OF NEED.] No new mixed municipal solid waste disposal facility or capacity shall be permitted in the metropolitan area without a certificate of need issued by the council indicating the council's determination that the additional disposal capacity planned for the facility is needed in the metropolitan area. The council shall amend its policy plan, adopted pursuant to section 473.149, to include standards and procedures for certifying need. The standards and procedures shall be based on the council's disposal abatement plan adopted pursuant to section 473.149, subdivision 2d, the council's solid waste disposal facilities development schedule adopted under section 473.149, subdivision 2e, and the (ABATEMENT) master plans of counties adopted pursuant to section 473.803, subdivision 1b and approved by the council under section 473.803, subdivision 2. The council shall certify need only to the extent that there are no feasible and prudent alternatives to the disposal facility, including waste reduction, source separation and resource recovery which would minimize adverse impact upon natural resources. Alternatives that are speculative or conjectural shall not be deemed to be feasible and prudent. Economic considerations alone shall not justify the certification of need or the rejection of alternatives. In its certification the council shall not consider alternatives which have been eliminated from consideration by the adoption of the inventory pursuant to section 473.149, subdivision 2b, or the selection of sites under section 473.833, subdivision 3.

Sec. 68. Minnesota Statutes 1983 Supplement, section 473.831, is amended to read:

473.831 [DEBT OBLIGATIONS; SOLID WASTE DISPOSAL.]

Subdivision 1. [GENERAL OBLIGATION BONDS.] The council may by resolution authorize the issuance of general obligation bonds of the council to provide funds for the environmental analysis and acquisition of permanent or temporary right, title, or interest in real property, including easements and development rights, for sites and surrounding buffer areas for solid waste disposal facilities pursuant to this section and (SECTION) sections 473.833 and 473.840 and to provide funds for refunding obligations issued under this section. The bonds shall be sold, issued, and secured in the manner provided in chapter 475 for general obligation bonds, and the council shall have the same power and duties as a municipality and its governing body in issuing bonds under chapter 475, except as otherwise provided in this chapter. No election shall be required, and the net debt limitations in chapter 475 shall not apply. The council shall have the power to levy ad valorem taxes for debt service of the council's solid waste bonds upon all taxable property within the metropolitan area, without limitation of rate or amount and without affecting the amount or rate of taxes which may be levied by the council for other purposes or by any local government unit in the area. Each of the county auditors shall annually assess and extend upon the tax rolls in his county the portion of the taxes levied by the council in each year which is certified to him by the council. The principal amount of bonds issued pursuant to this section shall not exceed \$15,000,000.

Subd. 2. [USE OF PROCEEDS.] The proceeds of bonds issued under subdivision 1 shall be used by the council, for the purposes provided in subdivision 1 and to make grants to metropolitan counties to pay the cost of the environmental review of sites, the acquisition of development rights for all or part of the period that the development limitation imposed by section 473.806 is in effect, and the acquisition of all property or interests in property for solid waste disposal sites and surrounding buffer areas required to be acquired by the county, pursuant to (SECTION) sections 473.833 and 473.840, by the council's policy plan and development schedule adopted pursuant to section 473.149, subdivision 2e. If the council is required by law or regulation to prepare environmental analyses on one or more solid waste disposal sites and surrounding buffer areas, the council may use the proceeds of the bonds issued under subdivision 1 to contract for consultant services in the preparation of such analyses only upon a finding that equivalent expertise is not available among its own staff.

Sec. 69. Minnesota Statutes 1982, section 473.833, subdivision 4, is amended to read:

Subd. 4. [ACQUISITION AND DISPOSITION.] In order to prevent the development of conflicting land uses at and around future solid waste disposal facility sites, (THE COUNCIL SHALL PROVIDE FOR THE ACQUISITION BY A) *each metropolitan county (OF) shall acquire property and rights in property at and around each solid waste disposal site selected within the county pursuant to subdivision 3. Each site scheduled for development as a facility through the year 1990 (SHALL) must be acquired in fee. Development rights (SHALL) must be acquired for each site scheduled for development as a facility after the year 1990 through the year 2000. Development rights (SHALL) must be acquired in a buffer area surrounding and at least equal to the area of each site scheduled for development as a facility through the year 2000. The owner of any property for which development rights are to be or have been acquired pursuant to this subdivision may elect by written notice at any time up to 90 days following the issuance of a permit by the agency for a facility to have the county acquire fee title to the property. Fee title (SHALL) may not be acquired by counties for buffer areas (ONLY) except at the election of the owner of the fee.*

Sec. 70. [473.840] [PURCHASE OF CERTAIN PROPERTY.]

Subdivision 1. [PUBLIC PURPOSE.] In order for the responsible public agency to select and acquire environmentally suitable sites and buffer areas for the safe disposal of waste, the legislature finds that it is necessary and proper for the responsible agency to evaluate more than one site for disposal facilities and that it is appropriate to purchase property, within the sites and buffer areas selected for evaluation, to avoid or mitigate any undue hardship that may be imposed on property owners as a result of the selection of sites for evaluation.

Subd. 2. [DEFINITIONS.] (a) "Qualifying property" is a parcel of real property any part of which is located within the site or buffer area of a candidate site selected under section 473.153, subdivision 2, for purposes of environmental review under subdivision 5 of that section, or a site included in the metropolitan inventory adopted under section 473.149, subdivision 2b, for the purposes of environmental review under section 473.833, subdivision 2a.

(b) An "eligible owner" is a person who: (1) owns the entire parcel of qualifying property; (2) owned the entire parcel of property at the time the site was selected as a candidate site or included in the metropolitan inventory; (3) since the site was selected or included in the inventory, has for at least six months offered to sell the entire parcel on the open market through a licensed real estate agent; and (4) has not previously entered a contract under subdivision 4 for the sale of any or all of the parcel.

Subd. 3. [CONTRACT REQUEST.] *An eligible owner of property qualifying under section 473.153 may request in writing that the waste control commission and the metropolitan council enter a contract for the purchase of the property as provided in subdivision 4. An eligible owner of property qualifying under sections 473.149 and 473.833 may request in writing that the county in which the property is located and the metropolitan council enter a contract for the purchase of property as provided in subdivision 4. A contract may not be executed under subdivision 4 after the determination of adequacy of the environmental impact statement. Environmental review commences on the day of publication of the environmental impact statement preparation notice.*

Subd. 4. [CONTRACT; TERMS AND REQUIREMENTS.] *The council and the county or commission shall enter a contract as provided in this subdivision with an eligible owner of qualifying property who requests the council and the county or commission to enter the contract as provided in subdivision 3. The council and the county or commission have 90 days to act on a request submitted under subdivision 3. The contract must include at least the following terms:*

(a) *The owner must offer to sell the entire parcel of property on the open market through a licensed real estate agent approved by the council for at least a six month period beginning within one month after the appraised market value of the property is determined as provided in paragraph (b). The offer to sell must be made at no more than the appraised market value.*

(b) *The appraised market value of the property must be determined by an appraiser selected by the council. If the owner disagrees with the appraisal the owner shall select an appraiser to make a second appraisal. If a second appraisal is made, the council and the owner may agree on an appraised market value equal to either the first or second appraisal or any amount between those appraisals. If the council and owner do not agree on an appraised market value the two appraisers shall select a third appraiser, and the appraised market value must be determined by a majority of the three appraisers. Appraisers must be selected from the approved list of real property appraisers of the state commissioner of administration. Appraisers shall take an oath that they have no interest in any of the property to be appraised or in the purchase thereof. Each party shall pay the cost of the appraiser selected by that party and shall share equally in the cost of a third appraiser selected under this paragraph. The appraised market value of the property may not be increased or decreased by reason of its selection as a candidate or inventoried site or buffer area.*

(c) *The county or commission must purchase the entire parcel of property at the appraised market value determined under paragraph (b) if: (1) the council determines, based upon affi-*

davits provided by the owner and the real estate agent and other evidence the council may require, that the owner has made a good faith effort to sell the property as provided in paragraph (a) and has been unable to sell the property at the appraised market value; (2) the council determines that the owner will be subject to undue hardship as a result of failure to sell; (3) the county or commission determines that the owner has marketable title to the property and that the owner has cured any defects in the title within a reasonable time as specified in the contract; and (4) the owner conveys the property by warranty deed in a form acceptable to the county or commission.

(d) The owner may not assign or transfer any rights under the contract to another person.

(e) The contract expires and the obligations of the parties under the contract cease when the property is sold or is either selected or eliminated from consideration by a final decision of the council under section 473.153, subdivision 6, or by a final decision of the county site selection authority or council under section 473.833, subdivision 3.

(f) The council and the commission or county may require other terms of contract that are consistent with the purposes of this section and necessary to protect the interests of the parties.

Subd. 5. [COMPENSATION OF AGENT; LIMITATION.] *A real estate agent may not receive a commission or any other compensation from an owner of property which is subject to a contract under subdivision 4 if the property is purchased by the public agency under that contract. Any term of a contract between a real estate agent and a property owner contrary to the provisions of this subdivision is void and unenforceable.*

Subd. 6. [ADMINISTRATION.] *The council, the county, and the commission are authorized to perform all acts required to enter and enforce contracts to purchase real property as provided in this section, including selecting and compensating appraisers and real estate agents.*

Subd. 7. [DISPOSITION OF PROPERTY.] *(a) Property acquired by the county or commission under this section must be retained in ownership until the selection of sites is completed under section 473.153 or 473.833, whereupon the county or commission shall sell all property located in the area of any site eliminated from further consideration and all property in the area of the selected sites that is not needed for the site or buffer area. The commission or county, with the approval of the council, may temporarily delay sale to protect the interests of the public agencies involved. The sale must be approved by the council, and the proceeds of the sale must be returned to the council and used to pay principal and interest on debt issued for acquisition.*

(b) *The county or commission may lease or rent any property acquired under this section for any use which is consistent with the development limitations until it is sold or is needed for use as a facility site or buffer area. Lease and rental agreements must be approved by the council, and proceeds of any lease or rental must be returned to the council and used to pay principal and interest on debt issued for acquisition. The county or commission may insure against loss to the property by fire, lightning, windstorm, tornado, flood, or hail, in the amount determined by the county or commission, using any insurance company licensed to do business in the state.*

Sec. 73. [473.843] [METROPOLITAN SOLID WASTE LANDFILL FEE.]

Subdivision 1. [AMOUNT OF FEE; APPLICATION.] The operator of a mixed municipal solid waste disposal facility in the metropolitan area shall pay a fee on solid waste accepted and disposed at the facility as follows:

(a) A facility that weighs the waste that it accepts must pay a fee of 50 cents per cubic yard based on equivalent cubic yards of waste accepted at the entrance of the facility.

(b) A facility that does not weigh the waste but that measures the volume of the waste that it accepts must pay a fee of 50 cents per cubic yard of waste accepted at the entrance of the facility.

(c) Waste residue from energy and resource recovery facilities at which solid waste is processed for the purpose of extracting, reducing, converting to energy, or otherwise separating and preparing solid waste for reuse is exempt from one-half of the amount of fee imposed by this subdivision if there is at least an 85 percent volume reduction in the solid waste processed. To qualify for exemption under this clause, waste residue must be brought to a disposal facility separately. Sec. 74. [473.844] [METROPOLITAN LANDFILL ABATEMENT FUND.]

Subdivision 1. [ESTABLISHMENT; PURPOSES.] The metropolitan landfill abatement fund is created as an account in the state treasury in order to reduce to the greatest extent feasible and prudent the need for and practice of land disposal of mixed municipal solid waste in the metropolitan area. The fund consists of revenue deposited in the fund under section 73, subdivision 2, clause (a) and interest earned on investment of money in the fund. All repayments to loans made under this section shall be credited to the fund. Except as otherwise provided in section 81, subdivisions 2 and 3, and section 73, subdivision 7, the money in the fund may be spent, upon appropriation by the legislature, only for the following purposes:

Subd. 3. [COMMISSION RECOMMENDATION.] *The legislative commission on waste management shall make recommendations to the standing legislative committees on finance and appropriations about appropriations from the fund.*

Subd. 4. [RESOURCE RECOVERY GRANTS AND LOANS.] *The grant and loan program under this subdivision is administered by the metropolitan council. Grants and loans may be made to any person for resource recovery projects. The grants and loans may include the cost of planning, acquisition of land and equipment, and capital improvements. Grants and loans for planning may not exceed 50 percent of the planning costs. Grants and loans for acquisition of land and equipment and for capital improvements may not exceed 50 percent of the cost of the project. Grants and loans may be made for public education on the need for the resource recovery projects. A grant or loan for land, equipment, or capital improvements may not be made until the metropolitan council has determined the total estimated capital cost of the project and ascertained that full financing of the project is assured. Grants and loans made to cities, counties, or solid waste management districts must be for projects that are in conformance with approved master plans.*

Subd. 5. [LANDFILL ABATEMENT COST RECOVERY.] *By January 31, 1986, and each January 31 afterwards, the director of the agency shall pay each city in the metropolitan area an amount not to exceed 50 cents per household, as defined in section 477A.011, subdivision 3a, for qualifying landfill abatement and resource recovery expenses incurred in the previous calendar year. To qualify under this subdivision, the landfill abatement and resource recovery must be included in the applicable county master plan or approved by the metropolitan council and the city must certify expenses for the landfill abatement and resource recovery. The amounts necessary to make these payments are appropriated from the metropolitan landfill abatement fund to the director of the agency.*

Sec. 75. [473.845] [METROPOLITAN LANDFILL CONTINGENCY ACTION FUND.]

The fund consists of revenue deposited in the fund under section 73, subdivision 2, clause (b); amounts recovered under subdivision 6; and interest earned on investment of money in the fund.*

Subd. 2. [WATER SUPPLY MONITORING.] *Up to ten percent of the money in the fund may be appropriated to the commissioner of health for water supply monitoring. The commissioner shall monitor the quality of water in public water supply wells in the metropolitan area that may be affected by*

their location in relation to a facility for mixed municipal solid waste. Testing under this subdivision must be for substances not funded under the Federal Safe Drinking Water Act.

Subd. 3. [CLOSURE AND POSTCLOSURE, RESPONSE PAYMENTS.] *Money in the fund may only be appropriated to the agency for expenditure for:*

(1) reasonable and necessary expenses for closure and post-closure care of a mixed municipal solid waste disposal facility in the metropolitan area for a 20-year period after closure, if the agency determines that the operator or owner will not take the necessary actions requested by the agency for closure and postclosure in the manner and within the time requested; or

Subd. 7. [RECOVERY OF EXPENSES.] *When the agency incurs expenses for response actions at a facility, the agency is subrogated to any right of action which the operator or owner of the facility may have against any other person for the recovery of the expenses. The attorney general may bring an action to recover amounts spent by the agency under this section from persons who may be liable for them. Amounts recovered, in-*

cluding money paid under any agreement, stipulation, or settlement must be deposited in the metropolitan landfill contingency action fund.

Subd. 8. [CIVIL PENALTIES.] The civil penalties of section 115.071 apply to any person in violation of this section. All money recovered by the state under any statute or rule related to the regulation of solid waste in the metropolitan area, including civil penalties and money paid under any agreement, stipulation, or settlement, shall be deposited in the fund.

Sec. 76. [473.846] [REPORT TO LEGISLATURE.]

By November 1, 1986, and each year thereafter, the agency and metropolitan council shall submit to the senate finance committee, the house appropriations committee, and the legislative commission on waste management separate reports describing the activities for which money from the landfill abatement and contingency action funds has been spent during the previous fiscal year.

Sec. 77. [473.847] [OPERATOR OR OWNER LIABILITY FOR RESPONSE EXPENSES.]

The operator or owner of a mixed municipal solid waste disposal facility in the metropolitan area is not liable under any other law for response costs incurred by the agency at that facility under section 75, if the facility has been closed for 20 years in compliance with the closure and postclosure rules of the agency. Any provision of this section which relieves the operator or owner of a facility from liability for the payment of the agency's response costs must not be construed to affect the liability of any other person who may be liable for those costs.

Sec. 78. [ORGANIZED COLLECTION STUDY.]

The metropolitan council shall study the need for a system to implement organized collection of residential, commercial, and industrial solid wastes in the metropolitan area. The council shall submit the study to the legislative commission on waste management by June 1, 1985.

Sec. 79. [INSURANCE FEASIBILITY STUDY.]

The waste management board shall conduct a study of the feasibility and desirability of providing insurance for the costs of response actions and third party damages resulting from facilities for the disposal of mixed municipal solid waste. The waste management board shall submit findings, conclusions, and recommendations in a report to the legislative commission on waste management by December 1, 1984.

Sec. 80. [RESOURCE RECOVERY FACILITIES.]

Subd. 2. [USE OF COUNTY FUNDS AND LONG-TERM CONTRACTS.] Any available funds of the county including rates and charges imposed pursuant to subdivision 1 may be used for resource recovery purposes including reduction of the tipping fees at a resource recovery facility. Subject to review and approval by the metropolitan council, pursuant to section 473.813, the county may by a contract with a term of not more than 30 years covenant to apply available funds of the county for any resource recovery purposes.

Subd. 3. [LEASE OR SALE OF PROPERTY TO PRIVATE PERSONS.] Notwithstanding section 473.811, subdivision 8, to accomplish the purposes set out in section 473.803, a county may, without review of the disposition by the pollution control agency or metropolitan council, lease or sell all or part of the resource recovery or related facility, including transmission facilities and property or property rights for a resource recovery or related facility to a private person, on the terms the county deems appropriate, but a lease or sale contract shall provide for the operation and maintenance of the facility in accordance with the rules criteria and standards of the pollution control agency, the waste management board, the metropolitan council, and the county.

Subd. 4. [APPLICATION.] This section applies separately to each of Ramsey and Washington Counties the day after compliance with Minnesota Statutes, section 645.021, subdivision 3, by its governing body.

An application for official state livestock weighing constitutes an agreement between the business entity requesting state weighing and the commissioner. The agreement is for one year beginning July 1 and ending the following June 30. The agreement automatically renews each year unless the average daily number of livestock weighed falls below 500 head, in which case the business entity must give the commissioner a written notice of intent to terminate at least 90 days prior to July 1. Otherwise the commissioner shall continue to provide state weighing services in accordance with this chapter.*

State weighing service that exists on January 1, 1984, may not be terminated except as provided in this subdivision.

Subd. 3. [REQUEST BY PETITION.] Sellers of record of any weighing station employing one or more public livestock weighers may request by petition state livestock weighmasters. The commissioner shall, upon a petition signed by at least five percent of the sellers of record from the previous 12-month period submit to all sellers of record from the previous 12-month period the question of requiring state livestock weighmasters at the weighing station. The question on the ballot shall be stated substantially as follows:

"Shall state livestock weighmasters be required at weighing station?"

If the majority of the votes cast on the proposition is in the positive, the commissioner shall appoint state livestock weighmasters to the weighing station as necessary.

Subd. 4. [SUPERVISION AND ENFORCEMENT.] State livestock weighmasters have charge over the scales on which of-

official certificates of state weight are issued to ensure compliance with scale maintenance and testing requirements and proper weighing procedures.

The commissioner shall appoint law compliance personnel as necessary to provide maintenance inspections, check-weighing, comparison weighing, and record audits and to investigate complaints in order to enforce this chapter.

The regulations pertaining to livestock and monorail scales adopted by the Packers and Stockyards Administration of the United States Department of Agriculture are applicable in Minnesota, and a memorandum of understanding with the Packers and Stockyards Administration provides for a cooperative state and federal enforcement program.

Sec. 16. [17A.17] [AUDIT BY DEPARTMENT.]

The department may audit records, including incoming purchase records of a livestock packer and shipping weights or transfer of weight invoices, in order to ensure there are no weight discrepancies in hot weight or grade and yield transactions.

Sec. 17. Minnesota Statutes 1982, section 31.11, is amended to read:

31.11 [RULES (AND REGULATIONS).]

For the purpose of preventing fraud and deception in the manufacture, use, sale, and transportation of food, or for the purpose of protecting and preserving the public health, it shall also be the duty of the commissioner to (MAKE AND PUBLISH UNIFORM) *adopt temporary or permanent* rules (AND REGULATIONS), not inconsistent with law, for carrying out and enforcing the provisions of laws now or hereafter enacted relating to food; which rules (AND REGULATIONS) shall be made in the manner provided by law. Until such rules (AND REGULATIONS) are made and published, the rules (AND REGULATIONS) heretofore made by the commissioner shall remain in full force and effect, except as otherwise prescribed by law. Any person who shall manufacture, use, sell, transport, offer for use, sale or transportation, or have in possession with intent to use, sell or transport, any article of food contrary to the provisions of any such rule (OR REGULATION), or who shall fail to comply with any such rule (OR REGULATION), shall be guilty of a misdemeanor.

Sec. 18. Minnesota Statutes 1983 Supplement, section 32.417, is amended to read:

32.417 [INVESTMENT REIMBURSEMENTS TO MANUFACTURED MILK PRODUCERS.]

An operator of a dairy farm that produces milk for sale in cans may apply for a reimbursement in the amount of \$100 for the first \$500 or fraction thereof, and ten percent of the next \$2,000, of the net expenditures by the operator for any capital improvements or equipment installed primarily for the purpose of conforming to the standards adopted in section 32.415. (NO) *An investment* reimbursement (MAY) *shall* be made to an applicant (UNLESS) *as soon as practicable after*:

(a) the applicant provides receipts for the expenditures;

(b) a dairy inspector authorized by the commissioner certifies that the applicant's dairy operation complies with the stan-

dards adopted in section 32.415 as a result of the installation of the improvements or equipment; and

(c) *the applicant provides a signed statement asserting that expenditures for the improvements and equipment were made on or after the effective date of this section but before (JULY 1) April 20, 1985.*

The commissioner shall provide (AN) *to the operator of each dairy farm that produces milk for sale in cans a simple application form for the reimbursement (PROGRAM) provided by this section. (BY JANUARY 1, 1984, THE COMMISSIONER SHALL ADOPT TEMPORARY RULES UNDER SECTIONS 14.29 TO 14.36 WHICH PROVIDE REIMBURSEMENT APPLICATION AND PAYMENT PROCEDURES, AND ELIGIBILITY CRITERIA BASED ON AN APPLICANT'S NEED FOR A REIMBURSEMENT. NOTWITHSTANDING THE PROVISIONS OF SECTION 14.35, THE RULES SHALL BE EFFECTIVE UNTIL JULY 1, 1985. NO REIMBURSEMENT APPLICATION MAY BE APPROVED AFTER JUNE 30, 1985). The department shall accept applications for the investment reimbursement program until April 30, 1985.*

Sec. 19. Minnesota Statutes 1982, section 41.56, subdivision 3, is amended to read:

Subd. 3. [DEFAULT, FILING CLAIM.] (a) Within 90 days (OF) *after a default on a guaranteed family farm security loan, the lender shall send notice to the applicant stating that the commissioner must be notified if the default continues for 180 days, and the consequences of that default. The lender and the applicant may agree to take any steps reasonable to assure the fulfillment of the loan obligation.*

(b) *If the participant who is an applicant proves to the commissioner that he cannot meet scheduled loan payments due to circumstances of a unique or temporary nature and the participant provides evidence to the commissioner that sufficient cash flow can be generated in the future to fully meet all needs, the commissioner may use funds in the special account under section 41.61, subdivision 1, to pay the applicant's loan obligation for not more than two consecutive years. The funds paid by the commissioner must be paid back to the fund within five years with interest charged at the rate of four percent below the prevailing Federal Land Bank rates.*

(c) After 180 days from the initial default, if the applicant has not made arrangements to meet his obligation, the lender shall file a claim with the commissioner, identifying the loan and the nature of the default, and assigning to the state all of the lender's security and interest in the loan in exchange for payment according to the terms of the family farm security loan guarantee. In the case of a seller-sponsored loan, the seller may

elect to pay the commissioner all sums owed the commissioner by the applicant and retain title to the property in lieu of payment by the commissioner under the terms of the loan guarantee. If the commissioner determines that the terms of the family farm security loan guarantee have been met, he shall authorize payment of state funds to the lender, and shall notify the defaulting party. The state of Minnesota shall then succeed to the interest of the mortgagee or the vendor of the contract for deed. Taxes shall be levied and paid on the land as though the owner were a natural person and not a political subdivision of the state. The commissioner may, on behalf of the state, commence foreclosure or termination proceedings in the manner provided by law.

As used herein the term premium shall mean the cash award paid to an exhibitor for the merit of an exhibit of livestock, livestock products, grains, fruits, flowers, vegetables, articles of domestic science, handicrafts, hobbies, fine arts, and articles made by school pupils, or the cash award paid to the merit winner of events such as 4H Club or Future Farmer Contest, Youth Group Contests, school spelling contests and school current events contests, the award corresponding to the amount offered in the advertised premium list referred to in schedule 2. Payments of awards for horse races, ball games, musical contests, talent contests, parades, and for amusement features for which admission is charged, are specifically excluded from consideration as premiums within the meaning of that term as used herein. Upon receipt of the statement by the commissioner of agriculture, it shall be the duty of the commissioner of finance to draw his voucher in favor of the agricultural society or association for the amount to which it is entitled under the provisions of this chapter, which amount shall be computed as follows: On the first \$750 premiums paid by each society or association, such society or association shall receive 100 percent reimbursement; on the second \$750 premiums paid, 80 percent; on the third \$750 premiums paid, 60 percent; and on any sum in excess of \$2,250, 40 percent.

(4) If the total amount of state aid to which the agricultural societies and associations are entitled under the provisions of this chapter exceeds the amount of the appropriation therefor, the amounts to which the societies or associations are entitled shall be pro rated so that the total payments by the state will not exceed the appropriation.

Sec. 22. Minnesota Statutes 1983 Supplement, section 38.02, subdivision 3, is amended to read:

April 19, 1984

The Honorable Jerome M. Hughes
President of the Senate

The Honorable Harry A. Sieben, Jr.
Speaker of the House of Representatives

We, the undersigned conferees for S. F. No. 1880, report that we have agreed upon the items in dispute and recommend as follows:

That the House recede from its amendments and that S. F. No. 1880 be further amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1982, section 117.52, is amended to read:

117.52 [UNIFORM RELOCATION ASSISTANCE.]

Subdivision 1. [LACK OF FEDERAL FUNDING.] In all acquisitions undertaken by any acquiring authority and in all voluntary rehabilitation carried out by a person pursuant to acquisition or as a consequence thereof, in which, due to the lack of federal financial participation, relocation assistance, services, payments and benefits under the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, 84 Stat. 1894 (1971), 42 United States Code, Section 4601, et seq., are not available, the acquiring authority, as a cost of acquisition, shall provide all relocation assistance, services, payments and benefits required by the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and (ANY) those regulations adopted pursuant thereto by the United States department of housing and urban development, (EXCEPT THAT) *in effect as of January 1, 1984.*

Subd. 2. [ACQUISITIONS FOR HIGHWAY PURPOSES.] *Despite subdivision 1,* with respect to acquisitions for highway purposes or acquisitions for which the state department of transportation performs relocation assistance services for the department of administration, the regulations of the United States department of transportation may be applied (, AS OF THE DATE OF ENACTMENT OF SECTIONS 117.50 TO 117.56,) to all displaced persons who would otherwise be eligible for such relocation assistance, services, payments and benefits thereunder but for the lack of federal financial participation.

Subd. 3. [EXCEPTION.] This section shall not apply in the case where federal financial participation for provision of relocation assistance, services, payments and benefits in connection with an acquisition has been procured or committed pursuant to section 117.51 and has then been withdrawn by the United States, unless the acquiring authority subsequently determines to proceed with the acquisition in question using non-federal funds.

Sec. 2. Minnesota Statutes 1982, section 429.021, subdivision 1, is amended to read:

Subdivision 1. [IMPROVEMENTS AUTHORIZED.] The council of a municipality shall have power to make the following improvements:

(1) To acquire, open, and widen any street, and to improve the same by constructing, reconstructing, and maintaining sidewalks, pavement, gutters, curbs, and vehicle parking strips of any material, or by grading, graveling, oiling, or otherwise improving the same, including the beautification thereof and including storm sewers or other street drainage and connections from sewer, water or similar mains to curb lines.

(2) To acquire, develop, construct, reconstruct, extend and maintain storm and sanitary sewers and systems, including out-

Sec. 3. Minnesota Statutes 1982, section 429.031, subdivision 3, is amended to read:

Subd. 3. [PETITION BY ALL OWNERS.] Whenever all owners of real property abutting upon any street named as the location of any improvement shall petition the council to construct the improvement and to assess the entire cost against their property, the council may, without a public hearing, adopt a resolution determining such fact and ordering the improvement. The validity of the resolution shall not be questioned by any taxpayer or property owner or the municipality unless an action for that purpose is commenced within 30 days after adoption of the resolution as provided in section 429.036. Nothing herein prevents any property owner from questioning the amount or validity of the special assessment against his property pursuant to section 429.081. *In the case of a petition for the installation of a fire protection or a pedestrian skyway system, the petition must contain or be accompanied by an undertaking satisfactory to the city by the petitioner that the petitioner will grant the municipality the necessary property interest in the building to permit the city to enter upon the property and the building to construct, maintain, and operate the fire protection or pedestrian skyway system. In the case of a petition for the installation of a fire protection or pedestrian skyway system which will be privately owned, the petition shall also contain the plans and specifications for the improvement, the estimated cost of the improvement and a statement indicating whether the city or the owner will contract for the construction of the improvement. If the owner is contracting for the construction of the improvement, the city shall not approve the petition until it has reviewed and approved the plans, specifications, and cost estimates contained in the petition. The construction cost financed under section 429.091 shall not exceed the amount of the cost estimate contained in the petition. In the case of a petition for the installation of a fire protection or a pedestrian skyway system, the petitioner may request abandonment of the improvement at any time after it has been ordered pursuant to subdivision 1 and before contracts have been awarded for the construction of the improvement under section 429.041, subdivision 2. If such a request is received, the city council shall abandon the proceedings but in such case the petitioner shall reimburse the city for any and all expenses incurred by the city in connection with the improvement.*

Sec. 4. Minnesota Statutes 1982, section 429.091, subdivision 2, is amended to read:

Subd. 2. [TYPES OF OBLIGATIONS PERMITTED.] *Except for bonds issued for a pedestrian skyway system, the council may by resolution adopted prior to the sale of obligations pledge the full faith, credit, and taxing power of the municipality for the payment of the principal and interest. Such obligations shall be called improvement bonds and the council shall pay the*

principal and interest out of any fund of the municipality when the amount credited to the specified fund is insufficient for the purpose and shall each year levy a sufficient amount to take care of accumulated or anticipated deficiencies, which levy shall not be subject to any statutory or charter tax limitation. Obligations for the payment of which the full faith and credit of the municipality is not pledged shall be called improvement warrants or, in the case of bonds for fire protection or pedestrian skyway systems, revenue bonds and shall contain a promise to pay solely out of the proper special fund or funds pledged to their payment. It shall be the duty of the municipal treasurer to pay maturing principal and interest on warrants or revenue bonds out of funds on hand in the proper (SPECIAL FUND) funds and not otherwise.

Sec. 5. Minnesota Statutes 1982, section 429.101, subdivision 1, is amended to read:

Subdivision 1. [ORDINANCES.] In addition to any other method authorized by law or charter, the governing body of any municipality may provide for the collection of unpaid special charges for all or any part of the cost of

- (a) snow, ice, or rubbish removal from sidewalks,
- (b) weed elimination from streets or private property,
- (c) removal or elimination of public health or safety hazards from private property, excluding any structure included under the provisions of sections 463.15 to 463.26,
- (d) installation or repair of water service lines, street sprinkling or other dust treatment of streets,
- (e) the trimming and care of trees and the removal of unsound trees from any street,
- (f) the treatment and removal of insect infested or diseased trees on private property, the repair of sidewalks and alleys, (OR)
- (g) the operation of a street lighting system, or
- (h) the operation and maintenance of a fire protection or a pedestrian skyway system,

as a special assessment against the property benefited. The council may by ordinance adopt regulations consistent with this section to make this authority effective, including, at the option of the council, provisions for placing primary responsibility upon the property owner or occupant to do the work himself (except

in the case of street sprinkling or other dust treatment, alley repair, tree trimming, care, and removal or the operation of a street lighting system) upon notice before the work is undertaken, and for collection from the property owner or other person served of the charges when due before unpaid charges are made a special assessment.

Sec. 6. Minnesota Statutes 1982, section 462.441, is amended to read:

462.441 [POWERS; QUORUM; OFFICERS; MEETING; COMPENSATION; EXPENSES.]

The powers of each authority shall be vested in the commissioners thereof in office at any time; a majority of whom shall constitute a quorum for all purposes. Each authority shall select a chairman and a secretary from among its commissioners and shall adopt such bylaws and other rules for the conduct of its affairs as it deems appropriate. The regular meetings of an authority shall be held in a fixed place and shall be open to the public. Each commissioner shall be entitled to receive necessary expenses, including traveling expenses, incurred in the performance of his duties. Each commissioner may be paid for attending meetings of the authority, regular and special (\$25) \$35 per meeting, the aggregate of all payments to each such commissioner for any one year not to exceed, however, (\$1,500) \$2,500.

Sec. 7. Minnesota Statutes 1982, section 462.461, subdivision 1, is amended to read:

Subdivision 1. All construction work, and work of demolition or clearing, and every purchase of equipment, supplies, or materials, necessary in carrying out the purposes of sections 462.415 to 462.705, that shall involve the expenditure of (\$5,000) \$15,000 or more shall be awarded by contract as hereinafter provided. Before receiving bids under the provisions of these sections the authority shall publish, once a week for two consecutive weeks in an official newspaper of general circulation in the community a notice that bids will be received for that construction work, or that purchase of equipment, supplies, or materials, stating the nature of the work and the terms and conditions upon which the contract is to be let, naming therein a time and place where bids will be received, opened and read publicly, which time shall be not less than seven days after the date of the last publication. After the bids have been duly received, opened and read publicly and recorded, the authority shall award the contract to the lowest responsible bidder, the authority reserving the right, however, to reject any or all bids, each such contract to be duly executed in writing, and the person to whom the contract is awarded shall give sufficient bond to the authority for its faithful performance. If no satisfactory bid is received, the authority may readvertise. The authority shall have the right to set up

reasonable qualifications to determine the fitness and responsibility of bidders and to require bidders to meet such qualifications before bids are accepted.

Sec. 8. Minnesota Statutes 1982, section 462.461, subdivision 2, is amended to read:

Subd. 2. If the authority by an affirmative vote of four-fifths of its members shall declare that an emergency exists requiring the immediate purchase of any equipment or material or supplies at a cost in excess of (\$5,000) \$15,000, but not exceeding (\$10,000) \$30,000 in amount, or making of emergency repairs, it shall not be necessary to advertise for bids, but the material, equipment, or supplies may be purchased in the open market at the lowest price obtainable, or the emergency repairs may be contracted for or performed without securing formal competitive bids. An emergency, as considered in sections 462.415 to 462.705, shall be understood to be unforeseen circumstances or conditions which result in the placing in jeopardy of human life or property.

Sec. 9. Minnesota Statutes 1982, section 462.461, subdivision 3, is amended to read:

Subd. 3. Bonds shall be required from contractors for any works of construction as provided in and subject to all the provisions of (MINNESOTA STATUTES 1945,) sections 574.26 to 574.31. *Sections 574.21 to 574.31 and this subdivision do not apply to contracts entered into by an authority for an expenditure of less than \$15,000.*

Sec. 10. Minnesota Statutes 1982, section 462C.09, is amended by adding a subdivision to read:

Subd. 2a. [1985 CITY ALLOCATION.] *Notwithstanding the allocation provisions of subdivision 2, this subdivision applies to the January 1985 allocations. Unless otherwise authorized by law, a city that intends to issue during the calendar year 1985 mortgage revenue bonds that are subject to the volume limitation imposed by section 103A(g) of the Internal Revenue Code of 1954, as amended through March 1, 1983, shall by January 2, 1985 submit to the Minnesota housing finance agency a program that will use a portion of the state mortgage revenue bond ceiling. The total amount of bonds included in all programs submitted pursuant to this subdivision by a city may not exceed \$10,000,000. Each program shall be accompanied by a certificate from the city that states that the revenue bond issue is feasible. By February 1, the Minnesota housing finance agency shall review each program pursuant to section 462C.04, subdivision 2. The Minnesota housing finance agency shall approve all programs that the agency determines are consistent with this chapter, and that meet the following conditions:*

(a) all of the loans must be reserved for a period of not less than six months for persons and families whose adjusted family income is below 80 percent of the limits on adjusted gross income provided in section 462C.03, subdivision 2; and

(b) loans must be made only to finance homes that are serviced by municipal water and sewer utilities; provided that if the approval of all programs would result in an allocation to cities in excess of 27-1/2 percent of the state ceiling for the calendar year 1985, reduced by the amount of bonds that are allocated by law to specified cities, the Minnesota housing finance agency shall approve programs that are submitted by a city which meets any of the following three criteria: (1) a city of the first class, or (2) a city that did not receive an allocation under this subdivision during the preceding two calendar years, or (3) a group of cities that plan to jointly issue bonds for the program provided further that if approval of all of the programs submitted by cities that meet one or more of the criteria in (1), (2), or (3) would result in a total allocation to cities in excess of the portion of the state ceiling available for allocation, then from among those programs the agency shall select by lot the programs to be approved. If a portion of the state ceiling remains unallocated after the agency has approved all programs submitted by cities that meet one or more of the criteria in (1), (2), or (3), the Minnesota housing finance agency shall select by lot from among the remaining programs the programs to be approved. The Minnesota housing finance agency shall determine if a program meets the conditions in clauses (a) and (b) based solely upon the program with accompanying information submitted to the agency. Approval of a program shall constitute an allocation of a portion of the state ceiling for mortgage revenue bonds equal to the proposed bond issue or issues contained in the program, provided that the allocation for the last selected program that receives an allocation may be equal to or less than the amount of the bond issue or issues proposed in the program.

If a city which received an allocation pursuant to this subdivision, or which has been allocated a portion of the state ceiling by law and has received approval of one or more programs, has not issued bonds by September 1 in an amount equal to the allocation, and the city intends to issue mortgage revenue bonds prior to the end of the calendar year, the city shall by September 1 submit to the Minnesota housing finance agency for each program a letter that states the city's intent to issue the mortgage revenue bonds prior to the end of the calendar year. If the Minnesota housing finance agency does not receive the letter from the city, then the allocation of the state ceiling for that program shall expire on September 1, and the applicable limit for the Minnesota housing finance agency shall be increased by an amount equal to the unused portion of the allocation to the city. A city referred to in subdivision 1, clause (i), shall not be required to apply under this subdivision with respect to bonds allocated by law to any such city. Nothing in this subdivision

shall prevent any such city from applying for an additional allocation of bonds under this subdivision.

Sec. 11. Minnesota Statutes 1983 Supplement, section 474.03, subdivision 3, is amended to read:

Subd. 3. [REVENUE BONDS.] It may issue revenue bonds, in anticipation of the collection of revenues of (THE) a project to be situated within the state, whether wholly or partially within or without the municipality or redevelopment agency, to finance, in whole or in part, the cost of the acquisition, construction, reconstruction, improvement, betterment, or extension thereof.

Sec. 12. Minnesota Statutes 1982, section 641.24, is amended to read:

641.24 [LEASING.]

The county may, by resolution of the county board, enter into a lease agreement with any statutory or home rule charter city situated within the county, or a county housing and redevelopment authority established pursuant to chapter 462 or any special law whereby the city or county housing and redevelopment authority will construct a (COUNTY) jail in accordance with plans prepared by or at the request of the county board and approved by the commissioner of corrections and will finance it by the issuance of revenue bonds, and the county (WILL) may lease the jail site and improvements for a term and upon rentals sufficient to produce revenue for the prompt payment of the bonds and all interest accruing thereon and, upon completion of payment, will acquire title thereto. The real and personal property acquired for the jail shall constitute a project and the lease agreement shall constitute a revenue agreement as contemplated in chapter 474, and all proceedings shall be taken by the city or county housing and redevelopment authority and the county in the manner and with the force and effect provided in chapter 474; provided that:

(1) No tax shall be imposed upon or in lieu of a tax upon the property;

(2) The approval of the project by the commissioner of securities and real estate shall not be required;

(3) The department of corrections shall be furnished and shall record such information concerning each project as it may prescribe, in lieu of reports required on other projects to the commissioner of energy, planning and development;

(4) The rentals required to be paid under the lease agreement shall not exceed in any year four-tenths of one percent of

the assessed value of property within the county, as last finally equalized before the execution of the agreement;

(5) The county board shall provide for the payment of all rentals due during the term of the lease, in the manner required in section 641.264, subdivision 2; (AND)

(6) No mortgage on the jail property shall be granted for the security of the bonds, but compliance with clause (5) hereof may be enforced as a nondiscretionary duty of the county board; and

(7) *The county board may sublease any part of the jail property for purposes consistent with the maintenance and operation of a county jail.*

That the House recede from its amendment and that S. F. No. 1628 be further amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1982, section 245.783, is amended by adding a subdivision to read:

Subd. 7. When issuing new licenses pursuant to this section, the commissioner shall implement a policy preference for residential facilities serving less than 17 individuals who are mentally retarded.

Sec. 2. Minnesota Statutes 1982, section 245.812, is amended by adding a subdivision to read:

Subd. 2a. It is the policy of this state that handicapped persons and children should not be excluded by municipal zoning ordinances or other land use regulations from the benefits of normal residential surroundings.

Sec. 3. Minnesota Statutes 1982, section 245.812, subdivision 3, is amended to read:

Subd. 3. A licensed residential facility serving six or fewer persons or a licensed day care facility serving (TEN) 12 or fewer persons shall be considered a permitted single family residential use of property for the purposes of zoning.

Sec. 4. Minnesota Statutes 1982, section 245.812, subdivision 4, is amended to read:

Subd. 4. Unless otherwise provided in any town, municipal or county zoning regulation, a licensed (DAY CARE OR) residential facility serving from seven through sixteen persons or a licensed day care facility serving from 13 through 16 persons shall be considered a permitted multi-family residential use of property for purposes of zoning. A township, municipal or county zoning authority may require a conditional use or special use permit in order to assure proper maintenance and operation of a facility, provided that no conditions shall be imposed on the (HOMES) facility which are more restrictive than those

imposed on other conditional uses or special uses of residential property in the same zones, unless such additional conditions are necessary to protect the health and safety of the residents of the facility. Nothing herein shall be construed to exclude or prohibit residential (HOMES) or day care facilities from single family zones if otherwise permitted by a local zoning regulation.

Sec. 5. Minnesota Statutes 1982, section 245.812, subdivision 7, is amended to read:

Subd. 7. (a) Residential facilities for adult mentally ill persons established on or before July 1, 1980, are exempt from the requirements of this section until July 1, (1984) 1985. (THE COMMISSIONER SHALL DEVELOP A MECHANISM FOR ENSURING FULL COMPLIANCE WITH THIS SECTION BY RESIDENTIAL FACILITIES FOR ADULT MENTALLY ILL PERSONS BY JULY 1, 1984.)

(b) Before January 1, 1985, each county having one or more group residential facilities within 1,320 feet of any existing group residential facility shall submit to the department of public welfare a plan to promote dispersal of group residential facilities. In formulating its plan, the county shall solicit the participation of affected persons, facilities, municipalities having highly concentrated residential facility populations, and advocacy groups. For purposes of this subdivision, "highly concentrated" means having a population in residential facilities serving seven or more persons that exceeds one-half of one percent of the population of a recognized planning district or other administrative subdivision.

(c) Within 45 days after submission of the plan by the county, the commissioner shall certify whether the plan fulfills the purposes and requirements of this subdivision including the following requirements.

(1) No new facility serving seven or more persons shall be located in any recognized planning district or other administrative subdivision where the population in residential facilities is highly concentrated.

(2) The county plan shall promote dispersal of highly concentrated residential facility populations.

(3) The county plan shall promote the development of residential facilities in areas that are not highly concentrated.

(4) No person in a residential facility shall be displaced as a result of this section until a relocation plan has been implemented that provides for an acceptable alternative placement.

(5) If the plan provides for the relocation of residential facilities, the relocation shall be completed by January 1, 1990.

If the commissioner certifies that the plan does not do so, he shall state the reasons, and the county shall have 30 days to submit a plan amended to comply with the requirements of the commissioner.

(d) After July 1, 1985, the commissioner may reduce grants pursuant to section 245.73 to a county required to have an approved plan under clause (b) if the county does not have a plan approved by the commissioner. The county board has the right to be provided with advance notice and to appeal the commissioner's decision. If the county requests a hearing within 30 days of the notification of intent to reduce grants, the commissioner shall not certify any reduction in grants until a hearing is conducted and a decision rendered in accordance with the contested case provisions of chapter 14.

Sec. 6. Minnesota Statutes 1982, section 462.357, is amended by adding a subdivision to read:

Sec. 7. Minnesota Statutes 1982, section 462.357, subdivision 7, is amended to read:

Subd. 7. [PERMITTED SINGLE FAMILY USE.] (IN ORDER TO IMPLEMENT THE POLICY OF THIS STATE THAT MENTALLY RETARDED AND PHYSICALLY HANDICAPPED PERSONS SHOULD NOT BE EXCLUDED BY MUNICIPAL ZONING ORDINANCES FROM THE BENEFITS OF NORMAL RESIDENTIAL SURROUNDINGS.) A state licensed (GROUP HOME OR FOSTER HOME) residential facility serving six or fewer (MENTALLY RETARDED OR PHYSICALLY HANDICAPPED) persons or a licensed day care facility serving 12 or fewer persons shall be considered a permitted single family residential use of property for the purposes of zoning.

Sec. 8. Minnesota Statutes 1982, section 462.357, subdivision 8, is amended to read:

Subd. 8. [PERMITTED MULTI-FAMILY USE.] Unless otherwise provided in any town, municipal or county zoning regulation as authorized by this subdivision, a state licensed residential facility serving from 7 through 16 (MENTALLY RETARDED OR PHYSICALLY HANDICAPPED) persons or a licensed day care facility serving from 13 through 16 persons shall be considered a permitted multi-family residential use of property for purposes of zoning. A township, municipal or county zoning authority may require a conditional use

or special use permit in order to assure proper maintenance and operation of a facility, provided that no conditions shall be imposed on the (HOMES) facility which are more restrictive than those imposed on other conditional uses or special uses of residential property in the same zones, unless the additional conditions are necessary to protect the health and safety of the residents of the residential facility (FOR THE MENTALLY RETARDED OR THE PHYSICALLY HANDICAPPED). Nothing herein shall be construed to exclude or prohibit residential (HOMES FOR THE MENTALLY RETARDED OR PHYSICALLY HANDICAPPED) or day care facilities from single family zones if otherwise permitted by a local zoning regulation.
