"Section 1. [CITATION.]

Sections 1 to 4 may be cited as the farm crisis intervention act.

Sec. 2. [LEGISLATIVE FINDINGS.]

The legislature finds that a crisis situation exists in rural Minnesota that demands state action. The legislature finds that there is a lack of comprehensive, sound, financial data on which to design a state relief program for farmers. The severe problems facing farmers require an immediate and comprehensive data collection effort to thoroughly document the extent and nature of the problem in order to allow the state to design an agriculture program that will best utilize the state's limited resources and best direct the state resources to the farmers who are most in need. The legislature further finds that this crisis can in part be eased and this need be met by providing additional support for efforts of the agricultural extension service and vocational technical education system aimed at enhancing farm financial recordkeeping and evaluating existing farm financial information.

Sec. 3. [TASK FORCE CREATED.]

Subdivision 1. [MEMBERSHIP.] The data collection task force is created to consist of two members of the house of representatives appointed by the speaker of the house, two members

of the senate appointed by the senate committee on committees, the director of the agricultural extension service, the director of the vocational technical education system, a representative appointed by the governor and two representatives appointed by the commissioner of agriculture.

Subd. 2. [DUTIES.] The duties of the data collection task force are to:

(1) develop a uniform procedure for collecting data on the financial status of agriculture in Minnesota;

(2) oversee the implementation of the farm crisis intervention act; and

(3) report the results of the program to the legislature no later than December 31, 1985.

Subd. 3. [REPORT.] The report to the legislature must summarize the financial condition of farmers in Minnesota and include summary statistics on the number of foreclosures, the degree and extent of delinquent payments, the amount and types of outstanding debt including information on the interest charged on that debt, the levels and changes in levels on farm asset values, the level of income and expenditures, and the relevant tax burdens. The report must also include any other information that the data collection task force determines is relevant. The staff needed to assemble the report shall come from the existing staff of the agricultural extension service and the vocational technical education system.

Subd. 4. [DATA PRIVACY.] To the extent allowable under the data privacy act, all data shall be summarized and made available for release to the legislature.

Subd. 5. [COMPENSATION.] The expenses and per diem payments of the legislative members of the task force shall be paid from the legislative expense fund of their respective body. Compensation and expenses for nonlegislative members of the task force shall be in accordance with the provisions of section 15.059 except that payments shall be as follows. Public employees will not receive the \$35 per day and will not be subject to the corresponding loss of compensation and benefits as required by section 15.059. Members who are not public employees will receive compensation and expenses as provided in section 15.059. Compensation and expenses of nonlegislative members shall be paid in equal parts by the legislative expense funds of the house and senate.

Subd. 6. [EXPIRATION.] The data collection task force shall cease to exist within ten days of submitting its report to the legislature.

Sec. 4. [APPROPRIATIONS.]

Subdivision 1. [A.V.T.I. CRISIS INTERVENTION.] There is appropriated \$1,166,550 from the general fund to the state board of vocational technical education to provide farm financial crisis intervention services, to be available until June 30, 1985, as follows:

the department of health. The board will consist of three members who will serve part-time and who will be appointed by the governor subject to the advice and consent of the senate. At least one member shall be a physician knowledgeable in toxicology; at least one member shall be a member of the bar of this state; and the final member shall be a health professional knowledgeable in the area of hazardous substance injuries. Filling of vacancies on the board and removal of members are governed by section 15.0575.

Subd. 2. [MEMBERSHIP TERMS.] The initial members shall be appointed to terms as follows:

- (a) The first member appointed for six years;*

(f) prepare and transmit to the governor and the legislature a biennial report to include data collected pursuant to clause (e), data from actual cases determined by the board including but not limited to number of cases, actual compensation received by each claimant, types of cases, and types of injuries compensated as they relate to types of hazardous substances as well as length of exposure, and board recommendations for legislative changes, further study, or any other recommendation aimed at improving the system of compensation.

Subd. 2. [POWERS.] In addition to exercising any powers specified elsewhere in sections 3 to 16 or in other law, the board on its own initiative or on request by a claimant may:

(a) issue subpoenas for the appearance of witnesses and the production of books, records, studies, and other documents;

Sec. 6. [115B.29] [LIMITATION OF CLAIMS.]

Subdivision 1. [COMPENSABLE INJURIES.] Claims for compensation are limited to out of pocket, economic losses suffered by the claimant as the result of any medically verifiable chronic or progressive disease or condition such as cancer,

genetic mutations, behavioral abnormalities, physiological malfunctions, and physical deformations in humans or their offspring, or death. A chronic or progressive disease is a disease that does not typically manifest itself in humans within one year after initial exposure to the particular chemical substance or mixture under the circumstances in question. If the board, after experience, determines that the above criterion is inappropriate or inequitable, it may recommend that the legislature amend it. The board may only disregard the above criterion if an individual claimant would be egregiously prejudiced by applying the criterion to the specific case. In disregarding the criterion the board must make specific findings supporting its action.

Subd. 2. [NONCOMPENSABLE INJURIES.] The following injuries are not compensable from this fund:

(a) an acute disease or condition that typically manifests itself within one year after initial exposure;

(c) any injury arising out of a release which occurred or is occurring within the geographical boundaries of any state other than Minnesota;

(d) damage to property;

(e) any injury about which the claimant knew or should have known more than six years prior to the date of initial application for compensation, except that any person whose claim accrued prior to July 1, 1981, may file a claim by July 1, 1987; and

(f) any other injury or loss not compensable under subdivision 1.

Sec. 7. [115B.30] [CHOICE OF FORUM.]

A claimant who receives an administrative award from the fund is not precluded from later bringing a personal injury action in court for the same injury. Any judgment won by a claimant in a court action must be used first to repay the fund the amount of the administrative award. In any case where the final judgment does not exceed the administrative award by at least 25 percent, the presiding judge may assess costs and fees not including attorney fees against the claimant. A determination by the board whether to grant or deny compensation and the rationale for that determination are inadmissible as evidence in any later court action brought on the basis of the same

injury, except the board determination is admissible solely as a basis for determining the amount to be subtracted from the judgment and returned to the fund.

Sec. 8. [115B.31] [CLAIM FOR COMPENSATION.]

Subdivision 1. [FORM.] A claim for compensation from the fund must be filed with the board on a claim form provided by the board. When a claim does not include all of the information required by subdivision 2 and applicable board rules, board staff shall notify a claimant of the absence of required information within 14 days of the filing of the claim. All required information must be received by the board not later than 60 days after the claimant received notice of its absence or the claim will be inactivated and may not be resubmitted for at least one year following the date of inactivation. The board may decide to refuse to inactivate a claim under this subdivision if it finds serious extenuating circumstance.

Subd. 2. [REQUIRED INFORMATION.] A claimant must provide as part of the claim:

(a) a sworn verification by the claimant of the facts set forth in the claim to the best of the claimant's knowledge;

(b) evidence of the claimant's exposure to a named hazardous substance;

(c) evidence that the exposure experienced by the claimant causes or significantly contributes to death or to personal injury or disease of the type suffered by the claimant;

(d) evidence of the death, personal injury or disease, and the resulting expenses incurred by the claimant;

(e) evidence of other economic losses resulting from the death, personal injury, or disease; and

(f) information regarding any collateral sources of compensation.

Evidence required by clause (c) is unnecessary only in a case pertaining to the same hazardous substance released at the same site, the same level and duration of exposure, and the same injury or disease that were the subjects of an earlier case. In such a case, the claimant may cite or otherwise bring to the board's attention its own determination in the earlier case in place of the information required by (c) and the board may use the earlier case as dispositive of the case before it. In any other case where the facts are similar but not the same the board may not rely on an earlier determination as dispositive of the specific claim before it.

Sec. 9. [115B.32] [STANDARD FOR DETERMINATION OF PERSONAL INJURY CLAIM.]

The board shall grant compensation to a claimant who shows by a preponderance of the evidence that he or she:

(a) suffers or has suffered death, personal injury or disease which has caused compensable loss and

(b) has been exposed to a hazardous substance in an amount and duration sufficient to cause or significantly contribute to death or personal injury or disease of the type suffered by claimant.

Sec. 10. [115B.33] [COMPENSABLE PERSONAL INJURY LOSSES.]

Losses compensable by the fund are limited to:

(a) medical expenses directly related to the claimant's death, personal injury or disease;

(b) up to two-thirds of the claimant's lost wages not to exceed \$2,000 per month or \$24,000 per year;

(c) up to two-thirds of a self-employed claimant's lost profits, not to exceed \$2,000 per month or \$24,000 per year;

(d) death benefits to dependents as follows:

(i) to a spouse with no dependent children, a sum computed by one-half of the deceased claimant's lost wages or lost profits, calculated on a monthly basis not to exceed \$2,000 per month, multiplied by 60 months;

(ii) to a spouse with three or fewer dependent children, a sum computed by two-thirds the deceased claimant's lost wages or lost profits, calculated on a monthly basis not to exceed \$2,000 per month, multiplied by the number of months remaining until the youngest dependent child attains the age of 18;

(iii) to a spouse with four or more dependent children, a sum computed by three-fourths the deceased claimant's lost wages or lost profits, calculated on a monthly basis not to exceed \$2,000 per month, multiplied by the number of months remaining until the youngest dependent child attains the age of 18;

(iv) to three or fewer dependent children where there is no surviving spouse, an amount as calculated in paragraph (ii) but using one-half the deceased claimant's lost wages or lost profits as the base for the calculation;

(v) to four or more dependent children where there is no surviving spouse, an amount as calculated in paragraph (iii) but using two-thirds the deceased claimant's lost wages or lost profits as the base for the calculation; and

(vi) to any one else who can show dependence on the deceased claimant, an amount equal to the amount of actual average monthly contribution made by the claimant to the dependents prior to his or her inability to contribute or one-fourth of the deceased claimant's lost wages or lost profits, calculated on a monthly basis not to exceed \$2,000 per month, whichever is less, multiplied by 36 months. No one who cannot show actual dependence on the deceased claimant may recover death benefits. For the purposes of all the provisions in clause (d), lost wages includes the value of lost household labor; and

(e) the value of household labor lost due to the claimant's injury or disease.

Sec. 11. [115B.35] [DETERMINATION OF CLAIMS.]

Subdivision 1. [ASSIGNMENT OF CLAIMS.] The chairman of the board shall assign each claim that has been accepted for filing to himself or herself or to another member of the board.

Subd. 2. [INITIAL DETERMINATION.] The board member to whom the claim is assigned shall examine the papers filed in support of the claim and cause an investigation to be conducted into the validity of the claim. The board member may decide in favor of the claimant in the amount claimed on the basis of the papers filed in support of the claim and the report of the investigation of it.

Subd. 3. [HEARING.] If the board member is unable to decide the case on the basis of the information in subdivision 2, he or she shall order an informal hearing. At this hearing the claimant may introduce further evidence to support the claim, including books, studies, reports, and any other written material as well as oral testimony of witnesses including experts. The board member may ask questions of the claimant and of any witnesses presented by the claimant. After the hearing, the board member shall make a determination granting or denying compensation.

Subd. 4. [CIRCULATION OF INITIAL DETERMINATION.] A determination made under subdivision 2 or 3 along with written reasons for the determination must be circulated to the other two board members as soon as practicable. On receipt of the determination each of the other two members will have 14 days to challenge it. If neither challenges the determination, a copy must be sent to the claimant who may challenge the decision by notifying the board within 30 days of receipt of the decision.

Subd. 5. [CHALLENGES.] If a board member or a claimant challenges a determination made pursuant to subdivision 2, 3, or 4, the full board must meet in conference to decide the claim. The board may decide to hold an informal hearing if one has not already been held or if not rehearing the claim would unfairly prejudice the claimant. The board shall make a final decision on the claim as soon as practicable. A copy of the final decision must be sent to the claimant, including, for a claim which is granted, an explanation of the form in which the claim will be paid.

Subd. 6. [APPEAL.] A decision of the board made pursuant to subdivision 5 is final. There shall be no appeal.

Sec. 12. [115B.36] [POWER TO DISBURSE MONEY FROM THE FUND.] *The board has the power to authorize disbursement from the fund by the secretary of the treasury for:*

- (a) paying claims granted by the board and*
- (b) reasonable administrative costs.*

Sec. 13. [115B.37] [AMOUNT AND FORM OF PAYMENT.]

The board shall compute the total amount of actual losses suffered by a successful claimant. From this amount, the board shall subtract the total amount of any compensation for these losses received by the claimant from other sources including, but not limited to, all forms of insurance and social security. If the amount of net uncompensated loss is less than \$250,000, the claimant shall receive the full amount of the net uncompensated loss in compensation from the fund. If the net uncompensated loss is greater than \$250,000, the claimant shall receive \$250,000.

Compensation from the fund may be awarded in a lump sum or in installments in the discretion of the board. The amount of any emergency award must be deducted from the final award, prorated over time if the final award is made in installments. Compensation from the fund is exempt from execution or attachment except by persons who have supplied services, products or accommodations to the claimant directly related to the claimant's death, injury or disease. The board may order that all or part of the compensation award be paid directly to these suppliers.

Sec. 14. [115B.38] [ATTORNEY FEES.] *The board shall adopt a rule to limit the fee charged by any attorney for representing a claimant before the board.*

Sec. 15. [115B.39] [SUBROGATION.]

The state shall be subrogated, to the extent of compensation awarded from that portion of the fund attributable to general revenue, to all the claimant's rights to recover for losses covered by the fund from other sources including responsible persons as defined in section 115B.03.

Sec. 16. [115B.40] [PARTIAL RECOUPMENT.]

On June 30 at the end of each biennium, the state treasurer shall certify to the commissioner of revenue the actual amount expended from the fund to compensate persons injured by hazardous substances. The commissioner of revenue shall compute an appropriate surtax to be added to the hazardous waste generator tax in section 115B.22 which collected over the next biennium will recoup 50 percent of the actual expenditures from the fund. All surtaxes collected under this section must be deposited in the fund.

Sec. 17. [REPEALER.]

Minnesota Statutes 1984, section 115B.07 is repealed.

Sec. 18. [APPROPRIATION.]

\$2,000,000 is appropriated on the effective date of sections 1 to 18 to the hazardous substance injury compensation trust fund from the general fund for the fiscal year ending June 30, 1985, to be available through the biennium ending June 30, 1987, for the purpose of administering sections 3 to 16.
