"Section 1. [SHORT TITLE.]

Sections 2 to 17 may be cited as the "fish and wildlife enhancement act of 1985."

Sec. 2. [84.941] [POLICY.]

It is hereby declared to be the policy of the state to conserve, maintain, enhance, and wisely use fish and wildlife resources through natural resource planning, protection, and utilization. This policy shall include the following goals:

(1) to perpetuate all species of wild animals for their social, spiritual, economic, ecologic, and recreational values;

(2) to maintain diversified recreational uses of wild animals, including hunting, fishing, and trapping as proper uses of certain species of wild animals subject to scientific management and regulations that ensure the development and maintenance of optimum populations of wild animals consistent with public safety and quality outdoor experiences;

(3) to provide for the beneficial use and enjoyment of wild animals by all citizens of the state;

(4) to protect, provide, and maintain well distributed high-quality habitat for wild animals;

(5) to recognize that wild animals are renewable resources from which citizens of the state may derive economic return consistent with the public ownership of these resources;

(6) to provide for aesthetic, cultural, and educational uses of wild animals;

(7) to reduce damages, public health, or safety problems caused by wild animals in a manner consistent with the goals stated in this section;

(8) to stimulate private sector involvement as a partner with the state of Minnesota in promoting conservation of critical habitats, soil, water, and wildlife resources; and

(9) to establish a funding mechanism for the management of wild animals which is financed by all citizens of the state not just hunters, trappers, and anglers.

Sec. 3. [84.942] [FISH AND WILDLIFE RESOURCES MANAGEMENT PLAN.]

Subdivision 1. [PREPARATION.] The commissioner of natural resources shall prepare a comprehensive fish and wildlife management plan designed to accomplish the policy and goals stated in section 2. Phase 1 of the plan shall include a program outline and issues analysis and shall be completed by July 1, 1986. The final plan shall include a resource assessment

and the program elements as provided in subdivisions 2 and 3 and any other matter which the commissioner of the department of natural resources determines appropriate and shall be completed by July 1, 1988.

Subd. 2. [RESOURCE ASSESSMENT.] The resource assessment shall be updated every five years and shall include but not be limited to the following:

(1) a description of historical use as well as present use, supply, and demand for fish and wildlife resources statewide;

(2) an assessment of the projected use and demand for fish and wildlife resources statewide;

(3) an assessment of the capability of fish and wildlife resources to meet future demand; and

(4) development of a data base capable of continuous updating and useable as a resource management tool.

Subd. 3. [PROGRAM ELEMENTS.] The program elements shall be continuously reviewed and shall be updated every two years and shall describe specific actions to address the assessment and to accomplish the policy and goals of section 2, including but not limited to:

(1) an issue analysis describing major fish and wildlife management problems;

(2) a strategic plan which shall include a statement of goals, policies, and alternative actions by the commissioner of natural resources to address the resource management issues, and recommendations for actions of other agencies to accomplish fish and wildlife resource goals and policies;

(3) an operational plan including a description of the management program's objectives and specific actions needed to address the issues, an estimate of expenditures necessary to implement the management actions, and a description of the sources and amounts of revenue available and needed to finance the estimated expenditures as well as recommendations for additional funding sources; and

(4) a review to administer expenditures and to evaluate the effectiveness of the plan.

Subd. 4. [FEDERAL COORDINATION.] The commissioner of natural resources shall coordinate all fish and wildlife planning efforts with the appropriate federal agencies in order to achieve optimum public benefit.

Subd. 5. [PUBLIC AND PRIVATE COORDINATION.]
The commissioner of natural resources shall coordinate fish and wildlife planning efforts with other public agencies and private organizations engaged in fish and wildlife resource management and research.

Sec. 4. [84.943] [MINNESOTA CRITICAL HABITAT
PRIVATE SECTOR MATCHING FUND.]

There is hereby established a Minnesota critical habitat private sector matching fund. The fund shall be administered by the commissioner of natural resources as follows:

(a) *The fund shall consist of contributions from private sources and appropriations by the legislature.*

(b) *Fund resources from appropriations by the legislature may be expended only to the extent that they are matched with contributions to the fund from private sources in an amount equal in value to any appropriation. The private contributions may be made in cash or in contributions of land or interests in land that are designated by the commissioner as program acquisitions. For the purposes of this section, the private contributions of land or interests in land shall be valued in accordance with their appraised value.*

(c) *The fund shall be managed to earn the highest interest compatible with prudent investment, preservation of principal, and reasonable liquidity. Absent reversion under the terms of clause (d), principal and interest shall remain in the fund until expended under the terms of this act.*

(d) *Any fund resources appropriated by the legislature and not matched within three years from the date of the appropriation shall revert to the general fund.*

(e) *The commissioner of natural resources may accept contributions and pledges to the fund. Pledges made contingent on appropriation of funds by the legislature are acceptable and shall be reported with other pledges as set forth in this section. On each December 1 preceding a new budgetary biennium until the fund size limit is reached, the commissioner shall report the amount that has been contributed and the amount that has been pledged for payment in the succeeding two calendar years in his budget request. In addition, the commissioner shall report the contributed and pledged amounts to the governor and to the chairs of the standing committees in the house of representatives and the senate dealing with finance and natural resources so that these public officials know what an appropriate matching amount of general fund appropriation is for the fund to equal the value of the private contributions. A similar state match to private contributions and pledges for successive years shall be requested in successive biennial years by the commissioner.*

Fund resources may be expended only for the direct acquisition of land or interests in land in accordance with section 5 of this act. Acquisition includes (1) purchase of land or any interest in land by the commissioner, or (2) acceptance by the department of gifts of land or interests in land as program projects.

Sec. 5. [84.944] [DESIGNATION OF SITES AS PROGRAM ACQUISITIONS.]

The commissioner of natural resources shall utilize the fund created in section 4, in accordance with the provisions of this act, to acquire by purchase or gift lands which are critical natural habitat for the benefit of wildlife and related resources.

(a) In determining what critical natural habitat shall be acquired utilizing the fund, the commissioner shall consider whether the area is:

- (1) significant habitat for wildlife and waterfowl;*
- (2) significant habitat for nongame species;*
- (3) significant habitat for native plant or animal species classified as endangered or threatened by the Minnesota natural heritage program;*
- (4) a significant example of a native ecological community which is now uncommon or diminishing; or*
- (5) significant enough to enhance efforts to protect or manage natural systems or features in an existing state-owned wildlife or natural area which meets the criteria of the program.*

(b) All sites acquired by the commissioner in accordance with the provisions of this section shall be designated by the commissioner as outdoor recreation units pursuant to section 86A.05 as is appropriate for the specific critical habitat or features on the required site.

Sec. 6. [PURPOSE AND POLICY.]

It is the purpose of sections 6 to 10 that certain marginal farm lands should be kept out of annual crop production to protect our soil and water quality and support wildlife habitat, to help our depressed farm economy by placing conservation dollars where they would give ailing farmers relief, to enhance the natural resource values of marginal agricultural land, and to protect and develop wildlife habitat. It is hereby declared to be the policy of the state to encourage the retirement of marginal or highly erodible lands from crop production and to reestablish on those lands a cover of perennial vegetation.

Sec. 7. [40.41] [DEFINITIONS.]

For the purposes of sections 7 to 10, "commissioner" means the commissioner of the department of agriculture.

"Marginal agricultural land" means land which is composed of class IIIe, IVe, V, VI, VII, or VIII soil as identified in the land capability classification system of the United States Department of Agriculture and the county soil survey, if completed. Examples of this land include, but are not limited to, cropland adjacent to streams, lakes and marshes, hillsides, drainage ditch rights-of-way, native and perennial grasses, sinkholes, roadsides, and river bottoms.

Sec. 8. [40.42] [ELIGIBLE LAND.]

Marginal agricultural land that is eligible for the conservation reserve program must be:

- (1) privately owned by a Minnesota resident landowner;*
- (2) land that is not currently set aside or diverted under another federal or state government program; and*
- (3) land that has been in crop production for wheat, corn, oats, barley, soy beans, grain or cane sorghum, sugar beets, forage crops, or pasture in two of the five years prior to the final enactment of this act.*

Sec. 9. [40.43] [CONSERVATION RESERVE PROGRAM.]

Subdivision 1. [AUTHORITY.] The commissioner may enter into contractual agreements with landowners for the conservation of marginal agricultural land. In entering agreements, the commissioner must give priority to protection of class IIIe and IVe soils in choosing marginal agricultural lands for annual payments. The agreements must be for a period of five to ten years with provision for renewal for additional five-year to ten-year periods. The commissioner may reexamine the payment rates and the condition of the established cover at the beginning of any five-year renewal period in the light of the then current land and crop values and make needed adjustments in rates and cover payments for any renewal period. Contracts authorized by this section are exempt from contractual provisions of chapter 16B. No contract may provide for payment of more than \$10,000 to any landowner in any year.

Subd. 2. [AGREEMENT.] In the agreement with the commissioner, a landowner must agree:

- (1) to place in the program for the period of the agreement marginal agricultural land he or she and the commissioner des-*

ignate which is not more than 20 percent of the landowner's total acreage within the state;

(2) to seed the lands by the date specified in the agreement, which shall be as early as practicable, so as to establish and maintain a continuous cover either of a grass-legume mixture or of native grasses or planting of conifers or hardwoods for the term of the agreement at seeding rates determined by the commissioner;

(3) not to burn, fill, impair, or destroy the wildlife habitat and other natural features of the land nor to use the land for agricultural crop production purposes as determined by the commissioner;

(4) not to allow the grazing of livestock except, with the approval of the commissioner after consultation with the commissioner of natural resources, in the case of severe drought or other natural disasters;

(5) not to conduct chemical spraying or mowing except for spot weed control or emergency control of pests necessary to protect public health;

(6) not to convert other woodlots, shelterbelts, windbreaks, brushlands, native prairie, wild hay land or other marginal agricultural land which has not been in crop production and which is a part of the same farm operation to the production of wheat, corn, oats, barley, soybeans, grain or cane sorghum, sugar beets, forage crops, or pasture during the term of the agreement;

(7) to forfeit all rights to further payments and to refund to the state all payments received under the agreement upon violation of the agreement at any stage during the time the landowner has control of the land subject to the agreement, if the commissioner determines that the violation is of such a nature as to warrant termination of the agreement. The commissioner may require that the landowner make refunds or accept payment adjustments the commissioner considers appropriate if the commissioner determines that the violation by the landowner does not warrant termination of the agreement;

(8) not to adopt any practice specified by the commissioner in the agreement as a practice that would tend to defeat the purposes of the agreement; and

(9) to any additional provisions which the commissioner determines are desirable and includes in the agreement to effectuate the purposes of the program or to facilitate its administration.

Subd. 3. [DUTY OF COMMISSIONER.] In return for the agreement of the landowner, the commissioner shall (1) immediately make a payment to the landowner to establish the cover crop required by the agreement in an amount determined by the commissioner, but not more than \$75 per acre; (2) make an annual payment to the owner for the period of the agreement at a rate determined by multiplying the most recent fair market value of the landowner's agricultural land as established by the county assessor by five percent; and (3) provide advice on land conservation through the local soil and water conservation district as the commissioner determines to be appropriate in cooperation with field personnel of the department of natural resources.

Subd. 4. [AGREEMENT RENEWAL] Any agreement may be renewed or extended at the end of the agreement period for an additional period of five to ten years by mutual agreement of the commissioner and the landowner, subject to any rate re-determination by the commissioner. If during the agreement period the landowner sells or otherwise divests himself or herself of the ownership or right of occupancy of the land, the new landowner must continue the agreement under the same terms or conditions, or enter into a new agreement in accordance with the provisions of this section, including the provisions for renewal and adjustment of payment rates.

Subd. 5. [AGREEMENT TERMINATION.] The commissioner may terminate any agreement by mutual agreement with the owner if the commissioner determines that the termination would be in the public interest, and the commissioner may agree to any modification of agreements the commissioner determines to be desirable to carry out the purposes of the program or facilitate its administration, except that no changes in payment rates are authorized during the terms of the agreement.

Sec. 10. [40.44] [COOPERATION AND TECHNICAL ASSISTANCE.]

Subdivision 1. [COOPERATION.] In implementing sections 6 to 10 the commissioner must share information and cooperate with the department of natural resources, the United States Fish and Wildlife Service, the Agricultural Stabilization and Conservation Service and Soil Conservation Service of the United States Department of Agriculture, the agricultural extension service of the University of Minnesota, county boards, and interested private organizations and individuals.

Subd. 2. [TECHNICAL ASSISTANCE.] The commissioner must provide needed technical assistance through the local soil and water conservation districts to landowners enrolled in the conservation reserve program. The commissioner of natural resources must provide technical advice and assistance to the commissioner on the form and content of the conservation re-

serve agreement, on cultural practices relating to the establishment and maintenance of permanent cover, and in monitoring the terms and conditions of the agreements. The commissioners of agriculture and natural resources shall jointly prepare an informational booklet on other state and federal programs for land acquisition, conservation, and retirement that shall be made available to each eligible landowner for the conservation reserve program under sections 6 to 10.

Sec. 11. [40.45] [RULEMAKING.]

The commissioner may adopt rules and is authorized to adopt emergency rules in order to carry out the purposes of sections 6 to 10.

Sec. 12. [88.80] [ASPEN RECYCLING PROGRAM.]

Subdivision 1. [ESTABLISHMENT.] The commissioner may:

(1) establish and accelerate an aspen recycling program to assure that marketable stands of aspen are available on state lands;

(2) designate priority areas on state lands for aspen recycling; and

(3) establish the pilot project under subdivision 2 in the highest priority area for aspen recycling.

Subd. 2. [PILOT PROJECT.] The commissioner may establish a pilot project to develop methods and practices to recycle aspen stands in the state. The commissioner may restrict bidding to loggers residing in the pilot project area designated under subdivision 1 that are financially distressed. The commissioner may establish standards and procedures for awarding logging contracts under section 86.35 relating to eligibility for employment for conservation work projects.

Subd. 3. [REPORT.] The commissioner shall report to the legislature by July 1, 1986, with the results of the pilot project and a plan to recycle the overmature aspen stands of the state.

Sec. 13. Minnesota Statutes 1984, section 97.49, subdivision 3, is amended to read:

Subd. 3. A sum equal to: (1) 35 percent of the gross receipts from all special use permits and leases of lands acquired for public hunting grounds and game refuges, or (2) 50 cents per acre on purchased land actually used for public hunting grounds and game refuges, or (3) three-quarters of one percent of the appraised value of purchased land actually used for public hunt-

ing grounds and game refuges, whichever amount is the greater, shall be paid out of the (GAME AND FISH) *general* fund annually to the county in which said lands are located, to be distributed by the county treasurer among the county and the respective towns and school districts wherein such grounds and refuges lie, on the same basis as if the payments were received as taxes on such lands, payable in the current year, but this provision shall not apply to state trust fund lands or any other state lands not purchased for game refuge and public hunting ground purposes. The county's share of the proceeds shall be deposited in the county general revenue fund. For the purpose of determining the applicability of payments pursuant to clause (3) above, the appraised value of the lands acquired shall be deemed to be the purchase or acquisition price thereof during the first five years following acquisition. After the expiration of five years from the date of acquisition or, in the case of lands acquired prior to July 1, 1974, within 90 days after July 1, 1979, and thereafter at five year intervals, a current appraisal of the land shall be made by the appropriate county assessor, and shall govern payments.

Sec. 14. Minnesota Statutes 1984, section 97.55, is amended by adding a subdivision to read:

Subd. 17. Any person who illegally buys or sells any protected wild animal when the total amount of the sale or sales exceeds \$1,000 is guilty of a felony punishable by a fine of not less than \$3,000 or more than \$10,000 or by imprisonment for not less than one year and one day and not more than 10 years or by both the fine and imprisonment.

Any person convicted of a second or subsequent unlawful sale or purchase of a protected wild animal within a period of one year from the date of the prior conviction shall be sentenced at the felony level described in this section.

Sec. 15. Minnesota Statutes 1984, section 98.52, is amended by adding a subdivision to read:

Subd. 6. When a person is convicted of unlawfully buying or selling a protected wild animal and is subject to the penalty prescribed in section 14, any license to take wild animals possessed by the person immediately becomes void and the person forfeits all rights to take any wild animals in any manner for a period of three years after the date of conviction.

Sec. 16. Minnesota Statutes 1984, section 296.421, subdivision 4, is amended to read:

Subd. 4. [DISTRIBUTION OF UNREFUNDED TAX FOR MOTOR BOAT PURPOSES.] The amount of unrefunded tax paid on gasoline used for motor boat purposes as computed in Minnesota Statutes 1961, Section 296.421, Subdivision 5, shall be

paid into the state treasury and (33 1/3 PERCENT THEREOF SHALL BE CREDITED TO THE STATE PARK DEVELOPMENT ACCOUNT; 33 1/3 PERCENT THEREOF SHALL BE CREDITED TO THE GAME AND FISH FUND TO BE USED TO DEFRAY THE COST AND EXPENSE OF THE DIVISION OF GAME AND FISH AND THE DEPARTMENT OF NATURAL RESOURCES IN THE ACQUISITION, IMPROVEMENT, DEVELOPMENT AND MAINTENANCE OF SITES FOR PUBLIC ACCESS TO PUBLIC WATERS OF THIS STATE AND FOR LAKE IMPROVEMENT; AND THE REMAINING 33 1/3 PERCENT THEREOF SHALL BE CREDITED TO THE GENERAL FUND FOR PURPOSES OF BOAT AND WATER SAFETY) *be credited to the department of natural resources water recreation account which is hereby established for the purpose of providing additional funds for acquisition, development, maintenance, and rehabilitation of sites for public access and boating facilities on public waters; lake and river improvement; state park development; and boat and water safety.*

Sec. 17. Minnesota Statutes 1984, section 296.421, subdivision 5, is amended to read:

Subd. 5. [COMPUTATION OF UNREFUNDED TAX.] The amount of unrefunded tax shall be a sum equal to (THREE-FOURTHS OF) one *and one-half* percent of all revenues derived from the excise taxes on gasoline, except on gasoline used for aviation purposes, together with interest thereon and penalties for delinquency in payment, paid or collected pursuant to the provisions of sections 296.02 to 296.17. The amount of such tax shall be computed for each six-month period commencing January 1, 1961, and shall be paid into the state treasury on November 1 and June 1 following each six-month period.

Sec. 18. Minnesota Statutes 1984, section 290.431, is amended to read:

290.431 [NONGAME WILDLIFE CHECKOFF.]

Every individual who files an income tax return or property tax refund claim form may designate on their original return that \$1 or more shall be added to the tax or deducted from the refund that would otherwise be payable by or to that individual and paid into an account to be established for the management of nongame wildlife. The commissioner of revenue shall, on the income tax return and the property tax refund claim form, notify filers of their right to designate that a portion of their tax or refund shall be paid into the nongame wildlife management account. The sum of the amounts so designated to be paid shall be credited to the nongame wildlife management account for use by the nongame section of the division of wildlife in the department of natural resources. *All interest earned on money accrued in the nongame wildlife management account shall be credited*

to the account by the state treasurer. The commissioner of natural resources shall submit a work program for each fiscal year and semi-annual progress reports to the legislative commission on Minnesota resources in the form determined by the commission. None of the money provided in this section may be expended unless the commission has approved the work program.

The state pledges and agrees with all contributors to the nongame wildlife management account to use the funds contributed solely for the management of nongame wildlife projects and further agrees that it will not impose additional conditions or restrictions that will limit or otherwise restrict the ability of the commissioner of natural resources to use the available funds for the most efficient and effective management of nongame wildlife.

Sec. 19. [STUDY OF DRAINAGE.]

The departments of agriculture and natural resources shall conduct a joint study of drainage to assess whether current law includes maximum citizen participation, equity of treatment, protection of legal rights, procedural consistency, evaluation and limitation of natural resource damage, proper hydrological considerations, effective governmental management, limitation of water quality degradation, and any other concerns that the departments agree on. The joint report shall include findings, conclusions, and recommendations and be submitted to the appropriate standing committees in the house and senate by February 1, 1986.

Sec. 20. [APPROPRIATION.]

\$850,000 is appropriated from the general fund to the commissioner of natural resources for the period ending June 30, 1987, to carry out the provisions of section 3.

\$3,000,000 is appropriated from the general fund to the commissioner of natural resources for the period ending June 30, 1987, to carry out the provisions in section 4.

\$10,000,000 is appropriated from the general fund to the commissioner of agriculture for the period ending June 30, 1987, to carry out the provisions of sections 6 to 10. No more than ten percent shall be expended for administrative expenses, including technical assistance.

\$2,000,000 is appropriated from the general fund to the commissioner of natural resources for the purpose of carrying out the duties assigned by section 12. The appropriation shall be available until June 30, 1987.

Sec. 21. [REPEALER.]

Section 12, subdivisions 2 and 3, are repealed effective July 1, 1987.

Sec. 22. [EFFECTIVE DATE.]

Sections 1 to 20 are effective the day following final enactment."

Delete the title and insert:

"A bill for an act relating to game and fish; enhancement of fish and wildlife; planning and implementation of wildlife management; conservation of marginal agricultural lands; habitat management; aspen recycling program; appropriating money; amending Minnesota Statutes 1984, sections 97.49, subdivision 3; 97.55, by adding a subdivision; 98.52, by adding a subdivision; 290.431; and 296.421, subdivisions 4 and 5; proposing coding for new law in Minnesota Statutes, chapters 40, 84, and 88."
