H. F. No. 189, A bill for an act relating to utilities; deregulating certain telecommunication services; proposing coding for new law as Minnesota Statutes, chapter 237A.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1986, section 237.17, is amended to read:

237.17 [EXTENSION OF LONG DISTANCE LINES.]

Any telephone company may extend its long distance lines into or through any city of this state for the furnishing of long distance service only, subject to the regulation of the governing body of such city relative to the location of the poles and wires and the preservation of the safe and convenient use of such streets and alleys to the public; ~~provided that if such lines are to furnish service between communities or localities then served by another company, a certificate of public convenience must first be obtained as required by section 237.16.~~

Sec. 2. [237A.01] [DEFINITIONS.]

Subdivision 1. [SCOPE.] The definitions in this section apply to this chapter.

Subd. 2. [COMMISSION.] "Commission" means the Minnesota public utilities commission.

Subd. 3. [EXCHANGE.] "Exchange" means a unit area established and described by the tariff of a telephone company for the administration of telephone service in a specified geographical area, usually embracing a city, town, or village and its environs, and served by one or more central offices, together with associated facilities used in providing service within that area.

Subd. 4. [INTEREXCHANGE SERVICE.] "Interexchange service" means telephone service between points in two or more exchanges.

Subd. 5. [INTER-LATA INTEREXCHANGE SERVICE.] "Inter-LATA interexchange service" means interexchange service originating and terminating in different LATAs.

Subd. 6. [LOCAL ACCESS AND TRANSPORT AREA.] "Local access and transport area (LATA)" means a geographical area designated by the Modification of Final Judgment in U.S. v. Western Electric Co., Inc., 552 F. Supp. 131 (D.D.C. 1982), including modifications in effect on the effective date of sections 2 to 5.

Subd. 7. [LOCAL EXCHANGE SERVICE.] "Local exchange service" means telephone service between points within an exchange.

Subd. 8. [TELEPHONE COMPANY.] "Telephone company" has the meaning given it in section 237.01, subdivision 2.

Sec. 3. [237A.02] [REGULATION.]

Except as provided in this chapter, telephone companies are subject to the jurisdiction and supervisory powers of the department of public service and the public utilities commission as provided in chapter 237. Any person, the department of public service, the attorney general, or the commission on its own motion may file a complaint with the commission that an interexchange carrier has violated the requirements of sections 2 to 5.

Sec. 4. [237A.03] [PRICE CHANGES.]

Subdivision 1. [FILING PRICE LISTS; NOTICE.] Telephone companies offering or providing inter-LATA interexchange services are not subject to the provisions governing rates and charges in sections 237.07; 237.075; 237.081; 237.10; and 237.21 with respect to inter-LATA interexchange services. Decreases in prices for services may become effective 21 days after filing the changed price list with the commission. No price shall be increased without providing 21 days notice of the increased price to and filing a supporting cost study with the department and the commission and providing 21 days notice of the increased price to all affected customers. The department shall investigate the increased price and report its conclusions

to the commission. The commission may order price adjustments if the commission finds that the price charged by the company is excessive. Refunds may be ordered in cases where the commission determines that the increased rates were excessive if the company was earning at a level which was unreasonable during the period the rates were in effect. Price lists must contain the rates, toll, and charges for every kind of service, together with the rules, regulations, and classifications used in conducting the telephone business. This chapter does not prohibit a telephone company from including limitations on liability as terms or conditions in the price lists.

Subd. 2. [UNIFORM PRICING.] In setting prices for inter-LATA interexchange services, a telephone company that offers or provides these services shall offer uniform prices where the services are made available unless the commission, upon application and hearing, orders otherwise. A rate must not be unreasonably discriminatory. This subdivision does not prohibit the passing through of state, municipal, or local taxes in the specific geographic areas from which the taxes originate. Telephone companies that provide inter-LATA interexchange services shall make available the services, including new service offerings, in areas where they provide inter-LATA service unless facilities necessary for the services are not available and cannot be made available at reasonable costs.

Subd. 3. [COMPENSATION.] Telephone companies providing interexchange services shall pay compensation to telephone companies providing local exchange services that includes a fair and reasonable portion of:

(1) the costs of local exchange facilities used in connection with interexchange services, including facilities connecting a customer to local switching facilities; and

(2) the common costs of companies providing local services.

Subd. 4. [DISCONTINUING SERVICE; NOTICE.] A telephone company offering or providing an inter-LATA interexchange service may not discontinue or abandon the service to any area of the state once initiated without first obtaining an order from the commission after notice and hearing. Notice must be given by publication in a newspaper of general circulation within the area affected. Written notice must be given to customers who access the interexchange carrier by dialing the numeral one.

Subd. 5. [FAILURE OF COMPETITION.] The commission, on its own motion or upon complaint, shall reinstate, in whole or in part, rate regulation of an inter-LATA interexchange telecommunications service, pursuant to chapter 237 if, after notice and hearing, the commission finds (1) that the competitive market for that service has failed so that rate regulation of that service is necessary to protect the interest of consumers, (2) that it has considered the

alternatives to rate regulation, and (3) that the benefits of rate regulation outweigh the burdens of rate regulation.

Subd. 6. [PROHIBITION AGAINST PREDATORY PRICING.] Rates or charges must not be offered that are inadequate to recover incremental costs and that are intended to or naturally tend to destroy competition or produce a monopoly. The commission shall investigate and remedy complaints pursuant to this subdivision.

Sec. 5. [237A.04] [CERTIFICATES OF SERVICE AUTHORITY.]

Subdivision 1. [INTEREXCHANGE SERVICES.] A telephone company offering or providing interexchange services is not subject to section 237.16 with respect to interexchange services. Instead, a telephone company shall not offer or provide any interexchange service until it has applied for and received a certificate of interexchange service authority to provide interexchange service under this section.

Subd. 2. [LOCAL EXCHANGE SERVICES.] A telephone company shall not offer or provide any local exchange services until it has applied for and received a certificate of exchange service authority pursuant to the standards for a certificate of territorial authority under section 237.16.

Subd. 3. [NO MONOPOLY.] A certificate of interexchange service authority issued by the commission does not grant a monopoly or exclusive privilege, immunity, or franchise. The issuance of a certificate of interexchange service authority to a telephone company does not preclude the commission from issuing additional certificates of service authority to other telephone companies providing the same or equivalent service or serving the same geographical area or customers as a previously certified company.

Subd. 4. [CONDITIONS FOR GRANTING CERTIFICATE.] The commission shall approve an application for a certificate of interexchange service authority only upon a showing by the applicant, and a finding by the commission, after notice and hearing, that the applicant has sufficient technical, financial, and managerial resources and abilities to provide interexchange service.

Subd. 5. [EFFECT OF OLD CERTIFICATES.] A certificate of territorial authority granted by the commission to a telephone company before the effective date of sections 2 to 5 remains in effect. A company need not apply for a certificate of service authority to continue offering or providing service to the extent authorized in the certificate of territorial authority.

Subd. 6. [EMERGENCIES; TEMPORARY CERTIFICATES.] In cases of emergency, the commission may issue a temporary certificate of interexchange service authority to ensure maintenance of

adequate service or to serve particular customers. The certificate may be issued without notice and hearing, pending the determination of an application for a certificate. The temporary certificate remains in effect for no longer than one year.

(10) The specific enumeration of powers and duties as hereinabove set forth shall in no way be construed to be a limitation upon the general transfer of powers herein contained.

(11) Establish county, regional, or statewide schedules of maximum fees and charges which may be paid by local agencies for medical, dental, surgical, hospital, nursing and nursing home care and medicine and medical supplies under all programs of medical care provided by the state and for congregate living care under the income maintenance programs.

(12) Have the authority to conduct and administer experimental projects to test methods and procedures of administering assistance and services to recipients or potential recipients of public welfare. To carry out such experimental projects, it is further provided that the commissioner of human services is authorized to waive the enforcement of existing specific statutory program requirements, rules, and standards in one or more counties. The order establishing the waiver shall provide alternative methods and procedures of administration, shall not be in conflict with the basic purposes, coverage, or benefits provided by law, and in no event shall the duration of a project exceed two years. It is further provided that no order establishing an experimental project as authorized by the provisions of this section shall become effective until the following conditions have been met:

(a) The proposed comprehensive plan including estimated project costs and the proposed order establishing the waiver shall be filed

with the secretary of the senate and chief clerk of the house of representatives at least 60 days prior to its effective date.

(b) The secretary of health, education, and welfare of the United States has agreed, for the same project, to waive state plan requirements relative to statewide uniformity.

(c) A comprehensive plan, including estimated project costs, shall be approved by the legislative advisory commission and filed with the commissioner of administration.

(13) In accordance with federal requirements establish procedures to be followed by local welfare boards in creating citizen advisory committees, including procedures for selection of committee members.

(14) Allocate federal fiscal disallowances or sanctions which are based on quality control error rates for the aid to families with dependent children, medical assistance, or food stamp program in the following manner:

(a) One-half of the total amount of the disallowance shall be borne by the county boards responsible for administering the programs and shall be shared by each county board in the same proportion as that county's expenditures for the sanctioned program are to the total of all counties' expenditures for that program. Each county shall pay its share of the disallowance to the state of Minnesota. When a county fails to pay the amount due hereunder, the commissioner may deduct the amount from reimbursement otherwise due the county, or the attorney general, upon the request of the commissioner, may institute civil action to recover the amount due.

(b) Notwithstanding the provisions of paragraph (a), if the disallowance results from knowing noncompliance by one or more counties with a specific program instruction, and that knowing noncompliance is a matter of official county board record, the commissioner may require payment or recover from the county or counties, in the manner prescribed in paragraph (a), an amount equal to the portion of the total disallowance which resulted from the noncompliance, and may distribute the balance of the disallowance according to paragraph (a).

(15) Develop and implement special projects that maximize reimbursements and result in the recovery of money to the state. For the purpose of recovering state money, the commissioner may enter into contracts with third parties. Any recoveries that result from projects or contracts entered into under this paragraph shall be deposited in the state treasury and credited to a special account until the balance in the account reaches \$400,000. When the balance in the account exceeds \$400,000, the excess shall be transferred and credited to the

general fund. All money in the account is appropriated to the commissioner for the purposes of this paragraph.

(16) Have the authority to make direct payments to facilities providing shelter to women and their children pursuant to section 256D.05, subdivision 3. Upon the written request of a shelter facility that has been denied payments under section 256.05, subdivision 3, the commissioner shall review all relevant evidence and make a determination within 30 days of the request for review regarding issuance of direct payments to the shelter facility. Failure to act within 30 days shall be considered a determination not to issue direct payments.

Sec. 2. Minnesota Statutes 1986, section 256D.05, is amended by adding a subdivision to read:

Subd. 3a. [SHELTER FACILITY'S RIGHT TO APPEAL.] A facility providing shelter for women and their children may appeal a decision of a local agency arising from a request for payment pursuant to section 256D.05, subdivision 3. To appeal, the shelter facility shall submit a written appeal request within 30 days of receiving notice of the commissioner's refusal to issue payment pursuant to section 256.01, subdivision 2, paragraph (16). The appeal shall be heard by an administrative law judge according to sections 14.48 to 14.62, except that the report of the administrative law judge is binding on all parties. Within 15 days of receipt of a written appeal request from a shelter facility, the local agency shall file a request for assignment of a judge together with a notice of and order for hearing proposed to be issued. Notwithstanding any law to the contrary, the record in the contested case proceeding shall not include any evidence, including records and documents, developed by the commissioner in the commissioner's review, pursuant to section 256.01, subdivision 1, paragraph (16)."
