H. F. No. 2058, A bill for an act relating to education; approving a capital loan; directing the commissioner of finance to issue bonds to make the loan to independent school district No. 912, Milaca.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1986, section 124.43, subdivision 1, is amended to read:

Subdivision 1. [REVIEW BY COMMISSIONER.] (a) ~~To the extent moneys are from time to time available hereunder,~~ The commissioner may, after review and a favorable recommendation by the state board of education, recommend to the legislature capital loans to school districts. Proceeds of the loans shall be used only for sites for school buildings and for acquiring, bettering, furnishing, or equipping school buildings under contracts to be entered into within 12 months from and after the date on which each loan is granted. ~~Applications with the accompanying data specified in subdivision 2 shall be filed between October 1 of any year and the following June 1.~~

(b) Any school board which intends to submit an application for a capital loan shall submit a proposal to the commissioner for review and comment pursuant to section 121.15 by September 1 of any year, and the commissioner shall prepare a review and comment on the proposed facility, regardless of the amount of the capital expenditure required to construct the facility. The state board shall not make a favorable recommendation on an application for a capital loan for any facility unless:

(1) the facility receives a favorable review and comment pursuant to section 121.15; and

(2) the state board determines that

(A) the facilities are needed to replace facilities dangerous to the health and safety of pupils, or to provide for pupils for whom no adequate facilities exist;

(B) the facilities could not be made available through dissolution and attachment of the district to another district or through pairing, interdistrict cooperation, or consolidation with another district, or through the purchase or lease of facilities from existing institutions within the area. The preference of the school district regarding reorganization shall not be a criterion used by the state board in determining whether the facilities could be made available through reorganization;

(C) the facilities are comparable in size and quality to facilities recently constructed in other districts of similar enrollment; and

(D) the district's need for the facilities is comparable to needs which comparable districts are meeting through local bond issues.

The state board may recommend that the loan be approved in a reduced amount in order to meet the foregoing criteria. If the state board recommends that a loan not be approved, the commissioner shall not recommend approval of the loan. If the state board recommends that the loan be approved in a reduced amount, the commissioner shall not recommend approval of a loan larger than that recommended by the state board.

(c) As part of reviewing an application for a capital loan, the commissioner of education shall prepare estimated yearly repayments by the school district and the estimated amount of principal and interest that may be forgiven after the term of the loan. These estimates shall assume no growth in assessed valuation over the term of the loan, shall assume a 16 mill levy, and shall be prepared using a methodology approved by the commissioner of finance. The commissioner of education shall use a discount factor provided by the commissioner of finance in determining the present value of the estimated amount of interest and principal which may be forgiven after the term of the loan.

(d) No loan shall be recommended for approval for any district exceeding an amount computed as follows:

(1) The amount ~~voted~~ requested by the district under subdivision 2;

(2) Plus the aggregate principal amount of general obligation bonds of the district outstanding on the date of approval June 30 of the year following the year the application was received, not

exceeding the limitation on net debt of the district in section 475.53, subdivision 4, or 24 percent of the adjusted assessed value, whichever is less;

(3) Less the maximum net debt permissible for the district on the date of approval on December 1 of the year the application is received, under the limitation in section 475.53, subdivision 4, or 24 percent of the most recent adjusted assessed value available at the time of application, whichever is less; and

(4) Less any amount by which the amount voted exceeds the total cost of the facilities for which the loan is granted, as estimated in accordance with subdivision 4, provided that the loan may be approved in an amount computed as provided in clauses (1) to (3), subject to subsequent reduction in accordance with this clause.

Sec. 2. Minnesota Statutes 1986, section 124.43, subdivision 2, is amended to read:

Subd. 2. [DISTRICT PROCEDURES.] The school board of any district desiring a capital loan shall adopt a resolution stating the amount proposed to be borrowed, the purpose for which the debt is to be incurred, and an estimate of the dates when the facilities for which the loan is requested will be contracted for and completed. ~~The question of authorizing the borrowing of funds for the facilities shall be submitted to the voters of the district at a regular or special election. The question submitted shall state the total amount to be borrowed from all sources. A majority of those voting on the question shall be sufficient to authorize the district to effect the state loan application and also to issue the bonds on public sale in accordance with chapter 475. Applications for loans shall be accompanied by (a) a copy of the resolution, and (b) a certificate by the clerk showing the vote at the election, (c) a certificate by the clerk and treasurer showing the then outstanding indebtedness of the district, and (d) a certificate by the county auditor of each county in which a portion of the district lies showing the information in the auditor's official records which is required to be used in computing the debt limit of the district under section 475.53, subdivision 4. The clerk's and treasurer's certificate shall show, as to each outstanding bond issue, the amount originally issued, the purpose for which issued, the date of issue, the amount remaining unpaid as of the date of the resolution, and the interest rates and due dates and amounts of principal thereon. Applications shall be in the form and accompanied by the additional data which the commissioner and state board of education prescribe. Applications must be received by the commissioner by December 1 of any year. When an application is received, the commissioner shall obtain from the commissioner of revenue, and from the public utilities commission when required, the information in their official records which is required to be used in computing the debt limit of the district under section 475.53, subdivision 4.~~

Sec. 3. Minnesota Statutes 1986, section 124.43, subdivision 3, is amended to read:

Subd. 3. [AWARD OF LOANS RECOMMENDATIONS OF THE COMMISSIONER.] The commissioner shall examine and consider all applications for capital loans which have been recommended by the state board of education, and if any applicant district is promptly notify any district found not qualified it shall be promptly notified thereof by the state board of the state board's decision. The commissioner shall make recommendations concerning each capital loan to the education committees of both houses of the legislature by February 1 of each year. The commissioner shall also report on the funds remaining in the capital loan account, and if necessary, request that the legislature authorize another bond issue. On January 1 and July 1 of each year, the commissioner shall make a determination on all pending applications which have been on file with the commissioner more than one month. If an applicant is qualified in the opinion of the commissioner and the aggregate of the amounts applied for does not exceed the amount available or which can be made available in the capital loan account, all loans so applied for shall be granted, subject to acceptance by the respective districts as specified below. If the aggregate exceeds the amount which is or can be made available, the commissioner shall allot the available amount among the qualified applicant districts, or any of them, according to the commissioner's judgment and discretion based upon their respective needs. The commissioner shall promptly certify to each qualified applicant district the amount, if any, of the capital loan granted to it, subject to adjustment under subdivision 1, clause (4).

Sec. 4. Minnesota Statutes 1986, section 124.43, is amended by adding a subdivision to read:

Subd. 3a. [LEGISLATIVE ACTION.] Upon recommendation of the commissioner of education, the legislature may approve, disapprove, or modify each district's application. The legislature must pass legislation to authorize a capital loan.

If the aggregate amount of the capital loans exceeds the amount which is or can be made available, the commissioner shall allot the available amount among any number of qualified applicant districts, according to the commissioner's judgment and discretion, based upon the districts' respective needs.

Sec. 5. Minnesota Statutes 1986, section 124.43, is amended by adding a subdivision to read:

Subd. 3b. [DISTRICT REFERENDUM.] Upon passage of legislation authorizing a capital loan, the question authorizing the borrowing of funds for the facilities must be submitted by the school board to the voters of the district at a regular or special election. The

question submitted shall state the total amount to be borrowed from all sources. A majority of those voting on the question shall be sufficient to authorize the issuance of the obligations on public sale in accordance with chapter 475. The district must mail to the commissioner of education a certificate by the clerk showing the vote at the election.

Sec. 6. [124.477] [BOND ISSUE; MAXIMUM EFFORT SCHOOL LOANS; 1988.]

The same amount is appropriated to the maximum effort school loan fund and must be spent under the direction of the commissioner of education to make debt service loans and capital loans to school districts as provided in sections 124.36 to 124.47. The bonds must be issued and sold and provision for their payment must be made according to section 124.46. Enough money to pay interest on the bonds to and including July 1 in the second year after the date of issue must be credited from the bond proceeds to the school loan bond account in the state bond fund. Expenses incidental to the sale, printing, execution, and delivery of the bonds, including, but without limitation, actual and necessary travel and subsistence expenses of state officers and employees for those purposes, must be paid from the maximum effort school loan fund, and the money necessary for the expenses is appropriated from that fund.
