Dear Mr. Speaker:

I have vetoed and am returning to you Chapter 302, H. F. No. 564, a bill relating to workers' compensation. During discussions on workers' compensation, I have requested that any reform bill must authorize the state to examine the books of insurance companies before they are allowed to raise their rates. This bill does not meet that requirement.

While the bill does propose a form of regulation, that regulation is too weak—it does not give the Commissioner of Commerce any additional powers to regulate workers' compensation insurance companies. Further, the one time premium reduction would only be in effect for three months, from October 1, 1989 to January 1, 1990. It offers no guarantee for long term premium reductions. Lastly, the contingent regulation does not go into effect until July 1991, and then, only if the Governor notifies the Legislature of his intent to regulate. Not only do I believe that the contingent regulation is inadequate, but this bill leaves open the possibility that even this protection will never go into effect. The Attorney General's Office has also raised questions regarding the constitutionality of this provision.

We have previously seen that cutting benefits in injured workers will not necessarily result in reduced premiums. In 1983, the Legislature enacted a workers' compensation reform bill which cut

benefits to injured workers while deregulation of the insurance industry was taking place. We expected to see reductions in workers' compensation insurance premiums. Instead, the deregulated insurance industry raised its rates and drove up the cost of workers' compensation for Minnesota businesses. I cannot sign a bill which again cuts benefits to injured workers without providing adequate guarantees that it will reduce compensation premiums to Minnesota businesses. While I could support a balanced approach to workers' compensation reform, this bill does not provide that balance.

Minnesota would not be alone if it chose to regulate workers' compensation insurance. Thirty-seven states—including three of our surrounding states—impose strict regulations on their workers' compensation insurance companies. Unless we return to adequate regulation, small businesses across Minnesota will continue to pay higher than necessary workers' compensation premiums.

In an effort to obtain an accurate picture of the profitability of the workers' compensation insurance companies, I have asked Commerce Commissioner Mike Hatch to conduct a study of these insurance companies and report to the Legislature in 1990.

In light of the failure of the legislature to pass a balanced package, I am vetoing this bill and returning it to you.

Sincerely,

RUDY PERPICH

The Honorable Robert E. Vanasek
Speaker of the House of Representatives
The State of Minnesota

Dear Speaker Vanasek:

I have vetoed and am returning to you Chapter 281, H. F. No. 1285, a bill relating to the Minnesota Comprehensive Health Association (MCHA).

I understand that this bill proposes a number of reforms for this insurance program which includes health care cost containment measures. The purpose of these measures is to better manage the program so that current and future enrollees can continue to receive quality health care.

I commend the authors, Senator Brandl and Representative Skoglund, for their work on a difficult and complex issue.

However, a major misunderstanding has resulted from the passage of the bill. Current enrollees believe that access to quality care will be reduced and that the present level of premiums will increase. This perception of the bill adds to the burden of a serious and often times continuing illness these people and their families already face.

I am directing Commissioner Hatch and the MCHA board to work

on the questions this bill addresses over the interim. In addition, I am directing the Commissioner and the MCHA board to work with MCHA enrollees to arrive at a better understanding of the issues and solutions and to shape a proposal for the next legislative session.

In light of the serious concerns raised by MCHA enrollees, I am vetoing this bill and returning it to you.

Sincerely,

RUDY PERPICH

Speaker of the House of Representatives
The State of Minnesota

Dear Mr. Speaker:

I have today vetoed Chapter 297, H. F. No. 1734, the Omnibus Tax Bill for the 1989 session.

My decision to veto was not an easy one; the bill contains many good features. However, the bill falls far short of meeting our need for permanent, meaningful reform of our property tax and state-local fiscal systems.

We need simplification, fairness and stability. Your bill, unfortunately, is a \$270 million band-aid that provides only a temporary fix to our long-term problem. Without a start toward major reform this year, I guarantee you that we will be back in coming years trying to find the money for additional expensive and temporary fixes. We cannot afford to continue pumping more and more money into a broken system.

I look forward to working with you in a cooperative manner to enact a bill with permanent, meaningful reform.

Sincerely,

RUDY PERPICH

The Honorable Robert E. Vanasek
Speaker of the House of Representatives
The State of Minnesota

Dear Mr. Speaker:

I have today signed into law Chapter 335, H. F. No. 372, the omnibus State Departments appropriations bill. However, I have, pursuant to the powers vested in me by Article IV, Section 23 of the Minnesota Constitution, determined to line-item veto the following provisions in this bill.

1. Article 1, section 8, page 9, lines 46 to 50 which read as follows:

\$2,000 the first year is a one-time appropriation to the governor's residence council for repairs and replacements in the governor's residence.

I did not request this funding in our budget, and it has been our practice and intention to fund Residence rehabilitation from private contributions.

2. Article 1, section 19, page 24, lines 4 to 8 which read as follows:

Subd. 7. Base Cut	
\$ (618,000)	\$ (620,000)

The base cut must be allocated among the agency's programs by the agency head.

All of the base reductions contained in your bill will prove harmful to the efficient operation of state government. The reduction to the Revenue Department would prove especially harmful, not only to departmental operations, but also to revenues to the state from tax enforcement efforts. The lost revenues would be greater than the savings from the reduction.

3. Article 1, section 25, page 45, lines 30 to 60 and page 46, lines 1 to 35 which read as follows:

\$800,000 of any funds except those designated by law specifically for agricultural related purposes received by the Greater Minnesota Corporation through an appropriation, a

transfer from another state fund, investment income, fees, and other charges, repayment of loans, royalty and dividend income and lottery proceeds are transferred to the department of trade and economic development for deposit in the capital access account in the special revenue fund for the capital access program.

Subd. 9. Greater Minnesota Corporation Reallocations

\$1,000,000 the first year of any funds except those designated by law specifically for agricultural related purposes received by the Greater Minnesota Corporation through an appropriation, a transfer from another state fund, investment income, fees, and other charges, repayment of loans, royalty and dividend income and lottery proceeds shall be transferred to Minnesota Project Innovation by October 1, 1989, for the purposes of providing research bridge grants. The commissioner of trade and economic development shall be responsible for coordinating the grant. Upon written notice from the commissioner of trade and economic development, the Greater Minnesota Corporation shall transfer the funds requested to Minnesota Project Innovation.

\$150,000 the first year of any funds except those designated by law specifically for agricultural related purposes received by the Greater Minnesota Corporation through an appropriation, a transfer from another state fund, investment income, fees, and other charges, repayment of loans, royalty and dividend income, and lottery proceeds shall be transferred by August 1, 1989, to the Western Five Community Development Corporation for the purpose of establishing a statewide system of aiding small businesses in preparing proposals for and negotiating federal government procurement contracts. The Western Five Community Development Corporation shall cooperate with the other community development corporations in the state to develop this statewide system. Responsibilities of the community development corporations may include preparation and negotiation of federal government procurement proposals on behalf of small businesses and administration of federal government procurement contracts. This funding must be matched on a dollar-for-dollar basis from nonstate sources.

4. Article 4, section 15, on page 290, those portions of lines 7 to 15 which read as follows:

The trustee and insurance accounts related to the energy loan insurance program established under Minnesota Statutes 1986, section 116M.11, are transferred to the energy loan insurance account of the special revenue fund. All repayments, earnings, releases from insurance accounts, and trust accounts of the energy loan insurance account must be credited to the energy loan insurance account. All other

money in the economic development account is credited to the general fund.

These provisions inappropriately reallocate funding already committed by the Legislature to the Greater Minnesota Corporation. The idea behind the GMC was to establish a corporate entity removed from direct control of government which would help to finance critically needed research and development efforts in Minnesota. For the Legislature to rescind its prior commitments would jeopardize the independence critical to GMC operations and would impair its ability to promote economic development and job creation in Minnesota.

Pursuant to the requirement of Article IV, Section 23 of the Minnesota Constitution, an executed copy of this letter has been appended to the bill as filed with the Secretary of State.

Sincerely,

RUDY PERPICH
Governor
