Sec. 2. HUMAN SERVICES

Subdivision 1. Social Services (8,175,000)

The commissioner shall transfer \$5,000,000 in fiscal year 1991 from the consolidated chemical dependency treatment fund to the general fund. Notwithstanding Minnesota Statutes, sections 254B.02, subdivision 4, and 254B.09, all money remaining in the

consolidated chemical dependency treatment fund after all services provided in fiscal year 1991 are reimbursed shall cancel. This cancellation shall apply to state money remaining in county allocations, the reserve account, tribal allocations, the tribal reserve account, and the nonreservation Indian reserve account.

Laws 1990, chapter 568, article 2, section 59, is effective February 1, 1991, notwithstanding Laws 1990, chapter 568, article 2, section 104, subdivision 3. In conjunction with this provision, the commissioner shall transfer \$3,000,000 in fiscal year 1991 from the consolidated chemical dependency treatment fund to the general fund.

For the biennium ending June 30, 1991, and notwithstanding Minnesota Statutes, section 254B.03, subdivision 4, the commissioner may refuse to pay for services to persons not eligible under Minnesota Statutes, section 254B.04, subdivision 1, and the state is not financially liable for payment of services to ineligible persons.

The department of human services is authorized to receive new federal funds as of October 1, 1990, for child care. The new funds are authorized under Section 5081 of the federal Omnibus Budget Reconciliation Act of 1990, which amends the Social Security Act adding section 402(1), providing child care to low income families.

Subd. 3. Mental Health	(500,000)
------------------------	-----------

Subd. 4. Family Support Programs	(1,919,000)
----------------------------------	-------------

For the biennium ending June 30, 1991, and notwithstanding any other law to the contrary, counties may not enter into agreements for new general assistance or Minnesota supplemental aid negotiated rate beds except under the following two circumstances, both

of which are limited to existing funding caps: limited adult foster care development needed to ensure census reduction targets for developmentally disabled persons at regional treatment centers; and development to ensure compliance with the federal Omnibus Budget Reconciliation Act of 1990 alternative disposition plan requirements for inappropriately placed developmentally disabled persons.

For the biennium ending June 30, 1991, and notwithstanding Minnesota Statutes, section 256D.051 and Minnesota Rules, parts 9500.1200 to 9500.1318, the commissioner shall identify groups of nonexempt work readiness registrants receiving food stamps who must participate in the work readiness employment and training program as a condition of eligibility for work readiness assistance. The number of persons required to participate shall be sufficient to meet federal performance requirements for the Food Stamp Employment and Training Program. All other nonexempt registrants *shall be deferred from participation* in the Work Readiness Employment and Training Program. The notice and disqualification provisions of Minnesota Statutes, section 256D.101, remain in effect. The commissioner shall modify the groups identified in order to increase the number of registrants who must participate if necessary to meet federal participation requirements or if sufficient funds are available to expand program operations. Counties must provide ongoing employment and training services to all registrants in the county who are members of the groups identified by the commissioner.

For the biennium ending June 30, 1991, and notwithstanding Minnesota Statutes, sections 256D.01 to 256D.21 and Minnesota Rules, parts 9500.1200 to 9500.1318, an applicant's eligibility for work readiness assistance shall not

begin until the first day of the calendar month following the date of application for assistance. The initial date of eligibility for emergency assistance under Minnesota Statutes, section 256D.051, subdivision 1, is not affected. Notwithstanding Minnesota Statutes, section 256D.051, subdivision 1b, counties shall not provide special payments prorated to cover an initial certification period.

Notwithstanding Minnesota Statutes, chapter 256D, or any other law or administrative rule to the contrary, commencing March 1, 1991, and ending June 30, 1991, any person who would be defined for purposes of the federal Food Stamp Program as being enrolled at least half-time in an institution of higher education is ineligible to receive payments or services from the Work Readiness Program.

\$100,000 of this reduction is from the appropriation in Laws 1989, chapter 282, article 1, section 2, subdivision 6, to reimburse local agencies for the costs of providing transportation for work readiness literacy training. The commissioner shall reimburse counties for these purposes up to the amount of this appropriation, and state financial liability shall not extend beyond the appropriation amount.

Subd. 5. Health Care

(5,143,000)

If the existing 1991 appropriation for the 180-day portion of the alternative care grant program is insufficient to fund payments to counties for services provided through June 30, 1991, the commissioner may transfer up to \$3,500,000 from the department's non-grant accounts to fund these payments.
