### "ARTICLE 3

Section 1. Minnesota Statutes 1990, section 69.031, subdivision 5, is amended to read:

Subd. 5. [DEPOSIT OF STATE AID.] (1) The municipal treasurer, on receiving the fire state aid, shall within 30 days after receipt transmit it to the treasurer of the duly incorporated firefighters' relief association if there is one organized and the association has filed a financial report with the municipality; but if there is no relief association organized, or if any association dissolve, be removed, or has heretofore dissolved, or has been removed as trustees of state

aid, then the treasurer of the municipality shall keep the money in the municipal treasury as provided for in section 424A.08 and shall be disbursed only for the purposes and in the manner set forth in that section.

(2) The municipal treasurer, upon receipt of the police state aid, shall disburse the police state aid in the following manner:

(a) For a municipality in which a local police relief association exists and all peace officers are members of the association, the total state aid shall be transmitted to the treasurer of the relief association within 30 days of the date of receipt, and the treasurer of the relief association shall immediately deposit the total state aid in the special fund of the relief association;

(b) For a municipality in which police retirement coverage is provided by the public employees police and fire fund and all peace officers are members of the fund, the total state aid shall be applied toward the municipality's employer contribution to the public employees police and fire fund pursuant to section 353.65, subdivision 3, and any state aid in excess of the amount required to meet the employer's contribution pursuant to section 353.65, subdivision 3, shall be deposited in the public employees insurance reserve holding account of the public employees retirement association; or

(c) For a municipality other than a city of the first class with a population of more than ~~300,000~~ 200,000 in which both a police relief association exists and police retirement coverage is provided in part by the public employees police and fire fund, the municipality may elect at its option to transmit the total state aid to the treasurer of the relief association as provided in clause (a), to use the total state aid to apply toward the municipality's employer contribution to the public employees police and fire fund subject to all the provisions set forth in clause (b), or to allot the total state aid proportionately to be transmitted to the police relief association as provided in this subdivision and to apply toward the municipality's employer contribution to the public employees police and fire fund subject to the provisions of clause (b) on the basis of the respective number of active full-time peace officers, as defined in section 69.011, subdivision 1, clause (g).

For a city of the first class with a population of more than ~~300,000~~ 200,000, in addition, the city may elect to allot the appropriate portion of the total police state aid to apply toward the employer contribution of the city to the public employees police and fire fund based on the covered salary of police officers covered by the fund each payroll period and to transmit the balance to the police relief association.

(3) The county treasurer, upon receipt of the police state aid for the county, shall apply the total state aid toward the county's employer

contribution to the public employees police and fire fund pursuant to section 353.65, subdivision 3, and any state aid in excess of the amount required to meet the employer's contribution pursuant to section 353.65, subdivision 3, shall be deposited in the public employees insurance reserve holding account of the public employees retirement association.

Sec. 2. Minnesota Statutes 1990, section 69.77, subdivision 2b, is amended to read:

Subd. 2b. [RELIEF ASSOCIATION FINANCIAL REQUIREMENTS; MINIMUM MUNICIPAL OBLIGATION.] The officers of the relief association shall determine the financial requirements of the relief association and minimum obligation of the municipality for the following calendar year in accordance with the requirements of this subdivision. The financial requirements of the relief association and the minimum obligation of the municipality shall be determined on or before the submission date established by the municipality pursuant to subdivision 2c.

The financial requirements of the relief association for the following calendar year shall be based on the most recent actuarial valuation or survey of the special fund of the association if more than one fund is maintained by the association, or of the association, if only one fund is maintained, prepared in accordance with sections 356.215, subdivisions 4 to 4k and 356.216, as required pursuant to subdivision 2h. If an actuarial estimate is prepared by the actuary of the relief association as part of obtaining a modification of the benefit plan of the relief association and the modification is implemented, the actuarial estimate shall be used in calculating the financial requirements of the relief association.

If the relief association has an unfunded actuarial accrued liability as reported in the most recent actuarial valuation or survey, the total of the amounts calculated pursuant to clauses (a), (b), and (c) shall constitute the financial requirements of the relief association for the following year. If the relief association does not have an unfunded actuarial accrued liability as reported in the most recent actuarial valuation or survey, the amount calculated pursuant to clauses (a) and (b) shall constitute the financial requirements of the relief association for the following year.

(a) The normal level cost requirement for the following year, expressed as a dollar amount, which shall be determined by applying the normal level cost of the relief association as reported in the actuarial valuation or survey and expressed as a percentage of covered payroll to the estimated covered payroll of the active membership of the relief association, including any projected increase in the active membership, for the following year.

(b) To the dollar amount of normal cost thus determined shall be

added an amount equal to the dollar amount of the administrative expenses of the special fund of the association if more than one fund is maintained by the association, or of the association if only one fund is maintained, for the most recent year, multiplied by the factor of 1.035. For a relief association in a municipality, the administrative expenses are those authorized under section 69.80. No amount of administrative expenses under this clause shall be included in the financial requirements of a relief association in a city of the first class with a population of more than ~~300,000~~ 200,000.

(c) To the dollar amount of normal cost and expenses determined under clauses (a) and (b) shall be added an amount equal to the level annual dollar amount which is sufficient to amortize the unfunded actuarial accrued liability by December 31, 2010, as determined from the actuarial valuation or survey of the fund, using an interest assumption set at the rate specified in section 356.215, subdivision 4d. The amortization date specified in this clause shall apply to all local police or salaried firefighters' relief associations and shall supersede any amortization date specified in any applicable special law.

The minimum obligation of the municipality shall be an amount equal to the financial requirements of the relief association reduced by the estimated amount of member contributions from covered salary anticipated for the following calendar year and the estimated amounts anticipated for the following calendar year from the applicable state aid program established pursuant to sections 69.011 to 69.051 receivable by the relief association after any allocation made pursuant to section 69.031, subdivision 5, clause (2), subclause (c) or 423A.01, subdivision 2, clause (6), from the local police and salaried firefighters' relief association amortization aid program established pursuant to section 423A.02 and from the supplementary amortization state-aid program established under Laws 1984, chapter 564, section 48, and Laws 1985, chapter 261, section 17.

Sec. 3. Minnesota Statutes 1990, section 356.216, is amended to read:

**356.216 [CONTENTS OF ACTUARIAL VALUATIONS FOR LOCAL POLICE AND FIRE FUNDS.]**

(a) The provisions of section 356.215 governing the contents of actuarial valuations shall apply to any local police or fire pension fund or relief association required to make an actuarial report under this section except as follows:

(1) in calculating normal cost and other requirements, if required to be expressed as a level percentage of covered payroll, the salaries used in computing covered payroll shall be the maximum rate of salary from which retirement and survivorship credits and amounts

of benefits are determined and from which any member contributions are calculated and deducted;

(2) in lieu of the amortization date specified in section 356.215, subdivision 4g, the appropriate amortization target date specified in section 69.77, subdivision 2b, or 69.773, subdivision 4, clause (b), shall be used in calculating any required amortization contribution;

(3) in addition to the tabulation of active members and annuitants provided for in section 356.215, subdivision 4i, the member contributions for active members for the calendar year and the prospective annual retirement annuities under the benefit plan for active members shall be reported;

(4) actuarial valuations required pursuant to section 69.773, subdivision 2, shall be made at least every four years and actuarial valuations required pursuant to section 69.77 shall be made annually; and

(5) the actuarial balance sheet showing accrued assets valued at market value if the actuarial valuation is required to be prepared at least every four years or valued as current assets under section 356.215, subdivision 1, clause (6), or paragraph (b), whichever applies, if the actuarial valuation is required to be prepared annually, actuarial accrued liabilities, and the unfunded actuarial accrued liability shall include the following required reserves:

- (a) For active members
  - 1. Retirement benefits
  - 2. Disability benefits
  - 3. Refund liability due to death or withdrawal
  - 4. Survivors' benefits
- (b) For deferred annuitants' benefits
- (c) For former members without vested rights
- (d) For annuitants
  - 1. Retirement annuities
  - 2. Disability annuities
  - 3. Surviving spouses' annuities
  - 4. Surviving children's annuities

In addition to those required reserves, separate items shall be shown for additional benefits, if any, which may not be appropriately included in the reserves listed above.

(6) actuarial valuations shall be due by the first day of the seventh month after the end of the fiscal year which the actuarial valuation covers.

- (b) For a relief association in a city of the first class with a

population of more than ~~300,000~~ 200,000, the following provisions additionally apply:

(1) in calculating the actuarial balance sheet, unfunded actuarial accrued liability, and amortization contribution of the relief association, "current assets" means the value of all assets at cost, including realized capital gains and losses; plus or minus, whichever applies, the average value of total unrealized capital gains or losses for the most recent three-year period ending with the end of the plan year immediately preceding the actuarial valuation report transmission date; and

(2) in calculating the applicable portions of the actuarial valuation, an annual preretirement interest assumption of six percent, an annual postretirement interest assumption of six percent, and an annual salary increase assumption of four percent must be used.

Sec. 4. Minnesota Statutes 1990, section 423A.01, subdivision 2, is amended to read:

Subd. 2. [OPERATION OF LOCAL RELIEF ASSOCIATION UPON MODIFICATION OF RETIREMENT COVERAGE FOR NEWLY HIRED POLICE OFFICERS AND FIREFIGHTERS.] The following provisions shall govern the operation of a local relief association upon the modification of retirement coverage for newly hired police officers or firefighters:

(1) The minimum obligation of a municipality in which the retirement coverage for newly hired police officers or salaried firefighters has been modified pursuant to subdivision 1 with respect to the local relief association shall be determined and governed in accordance with the provisions of sections 69.77, 356.215, and 356.216, except that the normal cost calculation for the relief association shall be computed as a percentage of the compensation paid to the active members of the relief association. The compensation paid to persons with retirement coverage modified pursuant to subdivision 1 shall not be included in any of the computations made in determining the obligation of the municipality with respect to the local relief association.

(2) The contribution rate of members of the local relief association shall be governed by section 69.77, unless a special law establishing a greater member contribution rate is applicable whereupon it shall continue to govern. The member contribution rate of persons with retirement coverage modified pursuant to subdivision 1 shall be governed by section 353.65.

(3) Unless otherwise provided for by law, when every active member of the local relief association retires or terminates from active duty, the local relief association shall cease to exist as a legal entity and the assets of the special fund of the relief association shall

be transferred to a trust fund to be established by the appropriate municipality for the purpose of paying service pensions and retirement benefits to recipient beneficiaries. Recipient beneficiaries who are competent to act on their own behalf shall be entitled to select the prescribed number of trustees of the trust fund as provided in this clause, subject to the approval of the governing body of the municipality. If there are at least five recipient beneficiaries, the trust fund shall be managed by a board of trustees composed of five persons selected by the recipient beneficiaries of the fund. When there are fewer than five recipient beneficiaries, the number of trustees selected by the recipient beneficiaries shall be equal to the number of the remaining recipient beneficiaries. The governing body of the municipality shall select the additional trustees. The term of the elected members of the board of trustees shall be indefinite and shall continue until a vacancy occurs in one of the board of trustee member positions. Board of trustee members shall not be compensated for their services, but shall be reimbursed for any expenses actually and necessarily incurred as a result of the performance of their duties in their capacity as board of trustee members. The municipality shall perform whatever services are necessary to administer the trust fund. When all obligations of the trust fund are paid, the balance of the assets remaining in the trust fund shall revert to the municipality for expenditure for law enforcement or firefighting purposes, whichever is applicable.

(4) The financial requirements of the trust fund and the minimum obligation of the municipality with respect to the trust fund shall be determined in accordance with sections 69.77, 356.215, and 356.216 until the unfunded accrued liability of the trust fund is fully amortized in accordance with section 69.77, subdivision 2b. The municipality shall provide in its annual budget for at least the aggregate amount of service pensions, disability benefits, survivorship benefits, and refunds which are projected as payable for the following calendar year, as determined by the board of trustees of the trust fund, less the amount of assets in the trust fund as of the end of the most current calendar year for which figures are available, valued pursuant to section 356.20, subdivision 4, clause (1)(a), if the difference between those two figures is a positive number.

(5) In calculating the amount of service pensions and other retirement benefits payable from the local relief association and in calculating the amount of any automatic postretirement increases in those service pensions and retirement benefits based on the salary paid or payable to active members or escalated in any fashion, the salary for use as the base for the service pension or retirement benefit calculation and the postretirement increase calculation for the local relief association shall be the salary for the applicable position as specified in the articles of incorporation or bylaws of the relief association as of the date immediately prior to the effective date of the modification of retirement coverage for newly hired personnel pursuant to subdivision 1, as the applicable salary is reset

by the municipality periodically, irrespective of whether retirement coverage for persons holding the applicable position used in calculations is provided by the relief association or by the public employees police and fire fund. If for a local salaried firefighters relief association, the specified position no longer exists because of a reorganization of the fire department as a volunteer fire department, the percentage increase in the salary of the position of a top grade patrol officer in the police department of the municipality must be the basis for service pension and retirement benefit postretirement increase calculations.

(6) If the modification of retirement coverage implemented pursuant to subdivision 1 is applicable to a local police relief association, the police state aid received by the municipality shall be disbursed pursuant to section 69.031, subdivision 5, clause (2)(c). If the modification of retirement coverage implemented pursuant to subdivision 1 is applicable to a local firefighters' relief association, the fire state aid received by the applicable municipality other than a city of the first class with a population of more than ~~300,000~~ 200,000 shall be disbursed as the municipality at its option may elect. The municipality may elect: (a) to transmit the total fire state aid to the treasurer of the local relief association for immediate deposit in the special fund of the relief association; or (b) to apply the total fire state aid toward the employer contribution of the municipality to the public employees police and fire fund pursuant to section 353.65, subdivision 3; or (c) to allocate the total fire state aid proportionately between the special fund of the local relief association and employer contribution of the municipality to the public employees police and fire fund on the basis of the respective number of active full-time salaried firefighters receiving retirement coverage from each.

For a city of the first class with a population of more than ~~300,000~~ 200,000, in addition, the city may elect to allot the appropriate portion of the total fire state aid to apply toward the employer contribution of the city to the public employees police and fire fund based on the covered salary of firefighters covered by the fund each payroll period and to transmit the balance to the firefighters relief association.

Sec. 5. Laws 1989, chapter 319, article 19, section 6, is amended to read:

**Sec. 6. [DISPOSITION OF ASSETS UPON CONCLUSION OF BENEFIT PAYMENTS.]**

Upon the death of the last benefit recipient and the certification by the chief administrative officer of a city of the first class with a population of more than ~~300,000~~ 200,000 to the state auditor of the absence of any remaining person with a benefit entitlement, the assets of the relief association or trust fund, whichever applies, must revert to the city and may be used by the city only for law

enforcement or firefighting expenditure purposes, whichever applies.

Sec. 6. Laws 1989, chapter 319, article 19, section 7, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] For the purposes of this section, each of the terms in this subdivision have the meanings given them in paragraphs (a) to (h).

(a) "Annual postretirement payment" means the payment of a lump sum postretirement benefit to an eligible member on June 1 following the determination date in any year.

(b) "City" means a city of the first class with a population of more than ~~300,000~~ 200,000.

(c) "Determination date" means December 31 of each year.

(d) "Eligible member" means a person, including a service pensioner, a disability pensioner, a survivor, or dependent of a deceased active member, service pensioner, or disability pensioner, who received a pension or benefit during the 12 months before the determination date. A person who received a pension or benefit for the entire 12 months before the determination date are eligible for a full annual postretirement payment. A person who received a pension or benefit for less than 12 months before the determination date is eligible for a prorated annual postretirement payment.

(e) "Excess investment income" means the amount by which the time weighted total rate of return earned by the fund in the most recent fiscal year has exceeded the actual percentage increase in the current monthly salary of a top grade patrol officer or top grade firefighter, whichever applies, in the most recent fiscal year plus two percent. The excess investment income must be expressed as a dollar amount and may not exceed one percent of the total assets of the fund and does not exist unless the yearly average percentage increase of the time weighted total rate of return of the fund for the previous five years exceeds by two percent the yearly average percentage increase in monthly salary of a top grade patrol officer or top grade firefighter, whichever applies, during the previous five calendar years.

(f) "Fund" means a police relief association or firefighters relief association, whichever applies, located in the city and governed by Minnesota Statutes, section 69.77.

(g) "Relief association" means the police relief association or the firefighters relief association, whichever applies, located in the city.

(h) "Time weighted total rate of return" means the percentage amount determined by using the formula or formulas established by the state board of investment under Minnesota Statutes, section 11A.04, clause (11), and in effect on January 1, 1987.

Sec. 7. Laws 1989, chapter 319, article 19, section 7, subdivision 4, as amended by Laws 1990, chapter 570, article 12, section 63, is amended to read:

Subd. 4. [AMOUNT OF ANNUAL POSTRETIREMENT PAYMENT.] The amount determined under subdivision 3 must be applied in accordance with this subdivision. The relief association in a city of the first class with a population exceeding 300,000 shall apply the first one-half of one percent of assets which constitute excess investment income to the payment of an annual postretirement payment as specified in this subdivision. The relief association in a city of the first class with a population of more than 200,000 but less than 300,000 shall apply the first one-half of assets which constitute excess investment income to the payment of the annual postretirement payment. The second one-half of one percent of assets which constitute excess investment income in a city of the first class with a population exceeding 300,000 shall be applied to reduce the state amortization state aid or supplementary amortization state aid payments otherwise due to the relief association under section 423A.02 for the current calendar year. The remaining one-half of assets constituting excess investment income in a city of the first class with a population of more than 200,000 but less than 300,000 shall likewise be applied to reduce state amortization or supplementary amortization aid payments otherwise due for the current calendar year under section 423A.02 for the current calendar year. The relief association shall pay an annual postretirement payment to all eligible members in an amount not to exceed one-half of one percent of the assets of the fund. Payment of the annual postretirement payment must be in a lump sum amount on June 1 following the determination date in any year. Payment of the annual postretirement payment may be made only if the time weighted total rate of return exceeds by two percent the actual percentage increase in the current monthly salary of a top grade patrol officer or a top grade firefighter, whichever applies, in the most recent fiscal year and the yearly average percentage increase of the time weighted total rate of return of the fund for the previous five years exceeds by two percent the yearly average percentage increase in monthly salary of a top grade patrol officer or a top grade firefighter, whichever applies, of the previous five years. The total amount of all payments to members may not exceed the amount determined under subdivision 3. Payment to each eligible member must be calculated by dividing the total number of pension units to which eligible members are entitled into the excess investment income available for distribution to members, and then multiplying that result by the number of units to which each eligible member is entitled to determine each eligible member's annual postretirement payment.

Payment to each eligible member may not exceed an amount equal to the total monthly benefit that the eligible member was entitled to in the prior year under the terms of the benefit plan of the relief association or each eligible member's proportionate share of the excess investment income, whichever is less. In addition to the provisions of subdivision 1 and this subdivision that require that the time weighted total rate of return earned by the fund in the most recent fiscal year exceeds by two percent the actual percentage increase in the current monthly salary of a top grade patrol officer or a top grade firefighter in the most recent fiscal year, a relief association in a city of the first class with a population of more than 200,000 but less than 300,000 may pay an annual postretirement payment only if the percent of assets to accrued liability equals or exceeds amounts determined as follows:

(1) The relief association shall certify the percent of assets to accrued liability, based on the actuarial valuation for calendar year 1990, and subtract this percent from 100 percent.

(2) The relief association shall divide the remainder in clause (1) by 19.

(3) For calculations made in 1992, the relief association shall add to the base percent in clause (1), the amount calculated under clause (2).

(4) For calculations made in every year after 1992, the relief association shall add to the amount from the previous year, the amount calculated under clause (2).

#### Sec. 8. [EFFECTIVE DATE.]

Sections 1 to 7 are effective on approval by the St. Paul city council and compliance with Minnesota Statutes, section 645.021. These sections apply to 1990 investment performance, actuarial valuations covering the calendar year ending December 31, 1990, and the annual financial requirements and minimum municipal obligation based on the 1990 actuarial valuation. Sections 1 to 7 are not severable. However, a resolution by the St. Paul city council granting approval pursuant to section 645.021 may apply sections 1 to 7 to either a police fund or to a fire fund or both.

Amend the title accordingly

The motion prevailed and the amendment was adopted.

The Speaker resumed the Chair.

Blatz and Olsen, S., moved to amend H. F. No. 1631, the second engrossment, as amended, as follows:

Page 16, after line 41, insert:

"The commissioner of finance shall determine \$24,000,000 in total expenditure reductions among the legislature, the judicial branch, state agencies, the governor's office, and the offices of the constitutional officers. The reduction as to each entity shall be determined in proportion to their total general fund appropriation for fiscal years 1992-1993. Once the appropriate amount has been determined as to each entity, the governor shall implement these reductions. To the extent possible, each entity shall implement its budget reduction by reducing expenditures for upper and middle management personnel."

A roll call was requested and properly seconded.

“Sec. 82. [403.13] [SYSTEM IMPROVEMENTS, GRANTS.]

The department of administration shall provide up to 90 percent of the financial assistance to counties needed for the improvement of local emergency telephone services. Activities eligible for assistance under this section include providing access to minimum 911 service for telephone service subscribers currently without access, upgrading existing 911 emergency service to include automatic location identification or automatic number identification, upgrading communications systems used by 911 emergency service providers, and other improvements in 911 emergency service approved by the department. To be eligible for assistance under this section, a county must assume and pay for ten percent of the costs to implement the improvements and amend its plan under section 403.08 to include the improvements for which the assistance will be requested. The plan amendments must be approved by the department of administration. A county shall apply for assistance under this section in the manner prescribed by the department.

Money appropriated to the department of administration for the purposes of the improved emergency telephone services financial assistance program must be deposited in an account separate from the emergency telephone service account established in section 403.11, subdivision 1.”

Welker, Pugh, Kahn, Krueger, Solberg, Bettermann, Seaberg, Runbeck, Haukoos, Pellow, Dempsey and Tompkins moved to amend H. F. No. 1631, the second engrossment, as amended, as follows:

Page 79, after line 29, insert:

"Sec. 99. Minnesota Statutes 1990, section 611.17, is amended to read:

611.17 [ELIGIBILITY ANALYST; FINANCIAL INQUIRY; STATEMENTS.]

(a) The district court administrator in each judicial district shall appoint an eligibility analyst to screen requests under paragraph (b).

(b) Upon a request for the appointment of counsel, the court shall refer the request to the eligibility analyst. The analyst shall make appropriate inquiry into the financial circumstances of the applicant, who shall submit a financial statement under oath or affirmation setting forth the applicant's assets and liabilities, source or sources of income, and any other information required by the court analyst. The analyst may also require the applicant to produce relevant financial records. The state public defender shall furnish appropriate forms for the financial statements. The information contained in the statement shall be confidential and for the exclusive use of the court and analyst, except for any prosecution under section 609.48. A refusal to execute the financial statement or

produce financial records constitutes a waiver of the right to the appointment of a public defender.”

Page 80, after line 27, insert:

“Sec. 101. Minnesota Statutes 1990, section 611.20, is amended to read:

611.20 [SUBSEQUENT ABILITY TO PAY COUNSEL.]

If at any time after the state public defender or a district public defender has been directed to act, the court having jurisdiction in the matter is satisfied that the defendant or other person is financially able to obtain counsel or to make partial payment for the representation, the court may terminate the appointment of the public defender, unless the person so represented is willing to pay therefor. If a public defender continues the representation, the court shall direct payment for such representation as the interests of justice may dictate. Any payments directed by the court shall be recorded by the court administrator, who shall transfer the payments to the governmental unit responsible for the costs of the public defender. The eligibility analyst appointed under section 611.17 may investigate the financial status of a defendant or other person for whom a public defender has been appointed and may act to collect payments directed by the court.

If at any time after appointment a public defender should have reason to believe that a defendant is financially able to obtain counsel or to make partial payment for counsel, it shall be the public defender's duty to so advise the court so that appropriate action may be taken.”
