An agency or department head must consult with the chairs of the house appropriations and senate finance committees before entering into any agreement that would cause an agency's rental costs to increase by ten percent or more per square foot or would increase the number of square feet of office space rented by the agency by 25 percent or more in any fiscal year.

(b) [USE VACANT PUBLIC SPACE.] No agency may initiate or renew a lease for space for its own use in a private building unless

the commissioner has thoroughly investigated presently vacant space in public buildings, such as closed school buildings, and found that none is available.

(c) [PREFERENCE FOR CERTAIN BUILDINGS.] For needs beyond those which can be accommodated in state-owned buildings, the commissioner shall acquire and utilize space in suitable buildings of historical, architectural, or cultural significance for the purposes of this subdivision unless use of that space is not feasible, prudent and cost effective compared with available alternatives. Buildings are of historical, architectural, or cultural significance if they are listed on the national register of historic places, designated by a state or county historical society, or designated by a municipal preservation commission.

(d) [RECYCLING SPACE.] Leases for space of 30 days or more for 5,000 square feet or more must require that space be provided for recyclable materials."
