There being no objection, the order of business reverted to Reports of Standing Committees.

REPORTS OF STANDING COMMITTEES

Carruthers from the Committee on Rules and Legislative Administration to which was referred:

H. F. No. 2171, A bill for an act relating to metropolitan government; requiring the metropolitan council to adopt rules allocating comprehensive choice housing among cities and towns in the metropolitan area; requiring metropolitan council review of efforts of cities and towns to comply with the allocation; establishing penalties for noncompliance; proposing coding for new law in Minnesota Statutes, chapters 16A; and 473.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

"Section 1. [473.202] [AFFORDABLE HOUSING.]

Subdivision 1. [POLICY; GOALS.] In order to protect and enhance the social and economic health of the metropolitan region and each community in the region, it is the legislature's policy to encourage development of a full range of housing options in every community in the metropolitan area. The legislature's goals are to: provide citizens with housing choices; remove barriers to the development of a comprehensive range of housing; create incentives for each community to develop housing that will serve residents as their income and housing needs change; reduce traffic congestion in the metropolitan area by providing people opportunities to live near their work in housing that is affordable to them; allow people to live near where jobs are being created; allow people to remain in their community as their situations and needs change; and have each community implement the housing policy and goals of the region.

Subd. 2. [DEFINITIONS.] The definitions in this subdivision apply to this section.

(a) "Affordable housing" means housing that requires households to spend no more than 30 percent of their household income on housing and housing-related expenses.

(b) "Comprehensive choice housing" means single-family and multifamily housing that is affordable for households with incomes less than or equal to 30 percent, 50 percent, and 80 percent of area median income.

(c) "Comprehensive choice housing allotment" means a city's or town's allocation of comprehensive choice housing distributed on a fair-share basis under subdivision 3.

(d) "Median income" means median household income, adjusted for family size, for the Minneapolis-St. Paul metropolitan statistical area, as determined by the federal Department of Housing and Urban Development.

(e) "Substantial compliance" means that at least 75 percent of the cities and towns in a sub-area of the metropolitan region are certified as meeting the comprehensive choice requirements under subdivision 3, paragraph (b), clause (5).

Subd. 3. [COMPREHENSIVE CHOICE HOUSING ALLOTMENT; GUIDELINES.] (a) Before July 1, 1995, the metropolitan council shall adopt guidelines for establishing comprehensive choice housing in the metropolitan urban service area and freestanding growth centers. The council shall contract with the office of administrative hearings to conduct public hearings to adopt guidelines under this subdivision. The council shall give notice at least 30 days before the hearing by publishing a notice in the State Register and mailing a notice to persons and groups who have requested notification. At the hearing, the public shall have an opportunity to give testimony and question council members and council staff.

(b) Guidelines adopted under this subdivision must:

(1) analyze the metropolitan urban service area's and freestanding growth centers' present and prospective need for comprehensive choice housing, including the need for single-family and multifamily housing for individuals and households at 30 percent, 50 percent, and 80 percent of median income. Local, state, and federal agencies shall work cooperatively with the council to identify, collect, and augment relevant data and studies without duplicating other analytical efforts;

(2) using the formula required by paragraph (c), allocate the metropolitan urban service area's and freestanding growth centers' comprehensive choice housing needs, on a fair-share basis, to cities and towns in the metropolitan urban service area and freestanding growth centers' areas;

(3) determine the extent to which each city or town has, in the past, accomplished its comprehensive choice housing allotment. For the purpose of determining substantial compliance with comprehensive choice housing allotment, full credit shall be given for current and past efforts to provide affordable housing;

(4) study and identify on a city-by-city basis, the existing barriers to comprehensive choice housing including, but not limited to, zoning requirements, development agreements, and local development practices that impose barriers to the development of comprehensive choice housing;

(5) describe actions that a city or town may take to:

(i) eliminate barriers to comprehensive choice housing;

(ii) make use of available opportunities and resources to meet the objective of providing comprehensive choice housing development; and

(iii) maintain housing affordability;

(6) establish annual review procedures, requirements, and guidelines for council review and certification of city and town compliance with the fair-share housing allocation; and

(7) establish procedures through which the council shall adopt and execute a plan to facilitate, coordinate, and, subject to its authority under sections 473.194 to 473.201, cause the development of affordable housing in all cities and towns where the supply of affordable housing is inadequate to meet the objectives under this section. Based on the factors in clause (2), the plan shall prioritize the proposed development of affordable comprehensive choice housing in inverse proportion to the percentage of available low- and moderate-income affordable housing in each respective city or town.

(c) Using the most current and reliable information available, the council shall develop, as required by paragraph (b), clause (2), a formula for allocating the metropolitan area's comprehensive choice housing needs to cities and towns within the metropolitan urban service area and to freestanding growth centers. The formula developed by the council shall include the following factors:

(1) distribution of housing units by value or rent and the proportion of those units affordable to households with incomes at or below 30 percent, 50 percent, and 80 percent of median income considering housing tenure, type, and availability;

(2) income distribution of households considering the number of households with incomes that are 30 percent, 50 percent, and 80 percent of median income, and the proportion of those households paying more than 30 percent of their household income on housing and housing-related expenses;

(3) job base, considering those jobs that provide employment opportunities for lower-income households and the ratio of jobs to households;

(4) future development potential considering vacant land, the council's forecasts of households and employment, and the annual deviation from the council's forecasts resulting from variation in overall housing construction in the metropolitan area;

(5) future redevelopment potential in cities and towns with inadequate supplies of vacant land to meet their allocation needs, considering age and value of housing, and redevelopment plans of cities and towns; and

(6) cities' and towns' current and past efforts to provide and sanction housing or housing assistance for low-income households.

Sec. 2. [APPLICATION.]

Section 1 applies in the counties of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, and Washington.

Sec. 3. [EFFECTIVE DATE.]
