Page 2, after line 17 insert:

"Sec. 3. Minnesota Statutes 1978, Chapter 334, is amended by adding a section to read:

[334.20] [FINANCE CHARGES FOR OTHER THAN OPEN END CREDIT.] *Subdivision 1. The parties to a consumer credit sale other than a sale pursuant to an open end credit plan may lawfully agree to payment by the consumer of a maximum finance charge which may not exceed one and one-third percent per month on the unpaid balance of the amount financed.*

Subd. 2. For the purposes of this section:

(a) The finance charge may be calculated on the assumption that all scheduled payments will be made when due;

(b) The effect of prepayment is governed by the provisions on rebate upon prepayment under section 5 of this act; and

(c) The term of a consumer credit sale other than one pursuant to an open end credit plan commences thirty days after the credit is granted. Differences in lengths of months are disregarded and a day may be counted as 1/30 of a month.

Subd. 3. Notwithstanding the provisions of subdivisions 1 and 2 of this section, a seller may contract for and receive a minimum finance charge of not more than \$10 with respect to a sale other than one pursuant to an open end credit plan.

Sec. 4. Minnesota Statutes 1978, Chapter 334, is amended by adding a section to read:

[334.21] [PREPAYMENT PENALTIES PROHIBITED.]
Subject to section 5, a buyer may prepay in full, or in any part, the unpaid balance of a consumer credit sale at any time without penalty.

Sec. 5. Minnesota Statutes 1978, Chapter 334, is amended by adding a section to read:

[334.22] [REBATE ON PREPAYMENT.] *Subdivision 1. Unless otherwise authorized by statute, and upon prepayment in full of the unpaid balance of a precomputed consumer credit sale, refinancing or consolidation, an amount not less than the unearned portion of the finance charge calculated according to this section shall be rebated to the buyer; provided, however, that the seller may collect or retain a minimum charge not to exceed \$10, but in no event more than the finance charge contracted for. If the total of all rebates, refunds and credits to be paid to the buyer is less than \$1, no rebate need be made.*

Subd. 2. The unearned portion of the precomputed finance charge on consumer credit sales shall be at least as great a proportion of the time price differential as the sum of the periodic time balances after the month in which prepayment is made bears to the sum of all the periodic time balances under the schedule of payments in the original contract, which method of calculating rebates is commonly known as the "rule of 78" or "sum of the digits" method. When a rebate computed by this method results in a buyer having been charged an effective rate of interest in excess of that allowable under section 3, it shall not be a violation of law.

Subd. 3. Unless otherwise authorized by statute, the parties to a consumer credit sale other than one pursuant to an open end credit plan, may agree in writing at any time subsequent to the transaction to a deferral of all or part of any installments and an appropriate deferral charge which may not exceed one percent per month on the amount deferred. If prepayment in full is made on a transaction for which there was a prior agreement for a deferral and a deferral charge, the unearned portion of the finance charge shall be computed without regard to the deferral. The amount of deferral charge accumulated at the date of prepayment shall also be calculated. If the deferral charge accumulated is less than the deferral charge actually paid by the buyer, the difference shall be added to the unearned portion of the finance charge to be rebated to the buyer. If any part of a deferral charge has been accumulated but has not been paid, that part shall be subtracted from the unearned portion of the finance charge to be rebated to the buyer.

Subd. 4. In the absence of an agreement for deferral of any installment, as provided in subdivision 3, and if the contract between the seller and the buyer so provides, the seller may collect, or retain, in the event of prepayment, a delinquency charge with respect to any installment not paid in full within ten days after its due date, as originally scheduled or as deferred by agreement, up to a maximum amount which is five percent of the unpaid amount of the delinquent installments or \$5, whichever is less. A delinquency charge with respect to any single delinquent installment may be collected only once, however long the installment remains in default. A separate delinquency charge, as computed above, may be imposed with respect to each separate installment that is delinquent. A delinquency charge may not be collected on an installment paid in full within ten days after its scheduled or deferred installment due date even though an earlier maturing installment or a delinquency or deferral charge on an earlier installment has not been paid in full. For purposes of this subdivision, and in the absence of specific direction by the buyer to the contrary, a payment is applied first to any installment due and not delinquent at the time in which it is received and then to delinquent installments and charges. A delinquency charge may be collected at the time it accrues or at any time thereafter.

Subd. 5. Unless otherwise authorized by statute, if the maturity of the obligation is accelerated for any reason and judgment is obtained, the buyer is entitled to the same rebate as if payment in full had been made on the date judgment is entered against the buyer excluding delinquency charges previously collected by the creditor.

Sec. 6. Minnesota Statutes 1978, Chapter 334, is amended by adding a section to read:

[334.23] [ASSIGNEES AND PURCHASERS.] *Any conditional sales contract, personal note or other instrument arising out of or given in connection with a consumer credit sale which reflects or bears a finance charge higher than allowed under sections 3 to 8, or higher than otherwise authorized by statute, may not be held in good faith by an assignee or purchaser of commercial or negotiable paper, and any assignee who acquires the instrument shall be liable for the penalties provided in section 7.*

Sec. 7. Minnesota Statutes 1978, Chapter 334, is amended by adding a section to read:

[334.24] [PENALTY.] *Any seller who violates any of the provisions of sections 3 to 8 except as a bona fide error, shall forfeit to the buyer an amount which is equal to three times any finance charge imposed, charged or collected in connection with a consumer credit sale, with a minimum forfeiture of \$100 plus reasonable attorneys' fees and court costs.*

Sec. 8. Minnesota Statutes 1978, Chapter 334, is amended by adding a section to read:

[334.25] [MOTOR VEHICLE RETAIL INSTALLMENT SALES ACT.] *Sections 3 to 8 shall not apply to sales covered by sections 168.66 to 168.77, known as the motor vehicle retail installment sales act.*"

(2) To design and implement, in cooperation with the affected agencies and the commissioner, an evaluation plan for the program, in accordance with accepted research criteria, to ascertain the effect of job-sharing on employee satisfaction, productivity, absenteeism, administrative and supervisory time demands, and increased costs both direct and indirect, as well as any other relevant impact on employer or employee;

When an employee in a shared position is not scheduled to work on an observed holiday the next scheduled working day shall be treated as the holiday;

(6) Employees in shared positions shall accrue seniority time in every relevant category at the same rate accorded to comparable full-time employees. No full-time employee accepting a shared position shall suffer any loss of or gap in seniority time in the relevant categories applicable to the full-time employment, but shall be treated as though on leave of absence from that full-time employment; and

(7) Any other benefits of employment for employees in shared positions shall be prorated at a rate of the appropriate shared-time percent of those available to comparable full-time employees, whenever the benefits are divisible, with contributions toward the benefits, if any, to be diminished in the same proportion. When not divisible, the cost of the full-time benefits normally allocable to the employer shall be allocated, the appropriate shared-time percent to the employee in a shared position, by payroll deduction, and the remaining percent to the employer.

Sec. 6. No employee holding a full-time or three-quarter time position on the effective date of this act shall be required to accept a shared position pursuant to sections 1 to 7.

Subd. 7. [INCOME DISREGARDED.] Payments made under this section shall not be considered as income or resources for purposes of determining eligibility or benefits under any income maintenance program including but not limited to medical assistance, aid to families with dependent children, general assistance, food stamps, or Minnesota supplemental aid.

Subd. 8. [ADMINISTRATIVE COSTS.] Money appropriated for local administrative costs shall be used to reimburse local administrative agencies for the costs involved in administering grants, including publicizing the availability of grants. Grants shall not exceed \$2,000 per household.*

To be eligible for an emergency energy conservation grant, an applicant must demonstrate that (1) his projected annual heating cost for the winter heating season or projected heating costs for the calendar year for households using an annual budget plan, exceed 10 percent of his income as determined pursuant to subdivision 5. Projected heating costs shall be determined by multiplying energy consumption during the preceding heating season by projected costs for the appropriate fuel type as published by the energy agency, or (2) the household has been precluded from receiving a federal energy conservation grant due to the need for directly related repairs which cannot be funded under the federal program. The energy conservation rehabilitation measures that qualify under this section include: ceiling insulation, storm windows or doors, furnace or space heater repair or replacement, weatherstripping and caulking and structural or building envelope repairs essential for proper weaterization. Subd. 4. [SUPPLEMENTARY STATE GRANTS.] *The commissioner shall distribute supplementary state grants in a manner consistent with the goal of producing the maximum number of weatherized units feasible. Supplementary state grants are provided primarily for the payment of additional labor costs for the federal weatherization program, and as an incentive for the increased production on weatherized units.*

Criteria for the allocation of state grants to local agencies include: (a) existing local agency production levels, (b) avail-

ability of CETA resources in the area, (c) emergency needs, and (d) the potential for maintaining or increasing acceptable levels of production in the area.

To the extent that state matching funds are required for participation in federal programs, the legislative advisory commission shall provide the match from these appropriated monies. In case no state matching funds are required by federal rule the legislative advisory commission shall use this appropriation to extend the scope or effectiveness of programs of fuel assistance and weatherization.

[EMERGENCY ENERGY CONSERVATION GRANT FUND.] The housing finance agency may make grants to assist in energy conservation rehabilitation measures for existing housing owned by households whose incomes do not exceed 150 percent of the community services administration poverty guidelines, and who are referred to the housing finance agency by a community action agency or other appropriate entity. Grants shall not exceed \$2,000 per household.

To be eligible for an emergency energy conservation grant, an applicant must demonstrate that (1) his projected annual heating cost for the winter heating season or projected heating costs for the calendar year for households using an annual budget plan, exceed 10 percent of his income. Projected heating costs shall be determined by multiplying energy consumption during the preceding heating season by projected costs for the appropriate fuel type as published by the energy agency, or (2) the household has been precluded from receiving a federal energy conservation grant due to the need for directly related repairs which cannot be funded under the federal program. The energy conservation rehabilitation measures that qualify under this subdivision include: ceiling insulation, storm windows or doors, furnace or space heater repair or replacement, chimney construction or improvement, weatherstripping and caulking and structural or building envelope repairs or other directly related activities essential for proper weatherization. The entity designated to administer the program shall make a reasonable effort to determine whether other state or federal grant or loan programs are available and adequate to finance the intended improvements. An emergency energy conservation grant may be made in conjunction with grants or loans from other state or federal programs which finance other needed rehabilitation work. The receipt of a grant pursuant to this subdivision shall not affect the applicant's eligibility for other housing finance agency loan or grant programs. Temporary rules required to implement this subdivision may be promulgated and amended pursuant to Minnesota Statutes, Section 15.0412, Subdivision 5 and shall remain in effect until July 1, 1981.

Except as otherwise provided in sections 1 to 3, grants from the emergency energy conservation grant fund shall be made in the same manner and pursuant to the same procedures provided for the home improvement grant fund, administered pursuant to Minnesota Statutes, Section 462A.05, Subdivision 15, provided that grants shall not be recovered by the agency pursuant to section 462A.21, subdivision 4a. Grants may be made without regard

to the housing finance agency home improvement grant allocation formula.

Subd. 10. [PILOT RESIDENTIAL ENVELOPE IMPROVEMENT PROGRAM.] The commissioner of economic security shall establish a pilot program to assist households that are on a weatherization waiting list. Such households shall be provided, without cost, weatherization materials such as caulking compound, weatherstripping, plastic sheeting and attachment devices. The value of weatherization materials offered to an eligible household pursuant to this subdivision shall not exceed \$80. As part of the pilot program, the commissioner shall offer a course of appropriate instruction to enable eligible recipients to properly install the materials. The commissioner shall conclude the pilot program by December 31, 1980 and report to the legislature by January 31, 1981.

Page 7, after line 14, insert:

"Sec. 3. Minnesota Statutes, 1979 Supplement, Section 290.06, Subdivision 14, is amended to read:

Subd. 14. [RESIDENTIAL ENERGY CREDIT.] A credit of 20 percent of the first \$10,000 of renewable energy source expenditures, including the expenditures described in clauses (a), (b) and (d) if made by an individual taxpayer on a Minnesota building of six dwelling units or less and expenditures for biomass conversion equipment described in clause (c), *and a credit of 15 percent of the first \$2,000 of energy conservation expenditures made by a taxpayer and installed in or on a dwelling unit located in Minnesota*, may be deducted from the tax due under this chapter for the taxable year in which the expenditures were made. For purposes of this subdivision, the term "building" shall include a condominium or townhouse used by the taxpayer as a residence. In the case of qualifying expenditures incurred in connection with a building under construction by a contractor, the credit shall be deducted from the tax liability of the first individual to purchase the building for use as a principal residence or for residential rental purposes; the contractor shall not be eligible for the credit given pursuant to this subdivision for that expenditure.

A "renewable energy source expenditure" which qualifies shall include:

(a) Expenditures which qualify for the federal renewable energy credit, pursuant to Section 44C of the Internal Revenue Code of 1954, as amended through December 31, 1978, and any regulations promulgated pursuant thereto;

(b) Expenditures for earth sheltered dwelling units. For purposes of this credit, an "earth sheltered dwelling unit" shall mean a structure which complies with applicable building standards and which is constructed so that:

(1) 80 percent or more of the (WALL) roof area is covered with a minimum depth of 12 inches of earth; and

(2) 50 percent or more of the wall area is covered with a minimum depth of 12 inches of earth; and

(3) Those portions of the structure not insulated with a minimum of seven feet of earth shall have additional insulation;

(c) Expenditures for biomass conversion equipment which produces ethanol, methane or methanol for use as a liquid fuel which is not offered for sale; and

(d) Expenditures for passive solar energy systems. For purposes of this credit, a "passive solar energy system" is defined to include systems which utilize elements of the building and its operable components to heat or cool a building (UNIT) with the sun's energy by means of conduction, convection, radiation, or evaporation. A passive system shall include:

(1) Collection aperture, including glazing installed in south facing walls and roofs; and

(2) Storage element, including thermal mass in the form of water, masonry, rock, concrete, or other mediums which is designed to store heat collected from solar radiation.

A passive system may include:

(1) Control and distribution element, including fans, louvers, and air ducts; and/or

(2) Retention element, including movable insulation used to minimize heat loss caused by nocturnal radiation through areas used for direct solar heat gain during daylight hours.

Eligible passive expenditures shall be for equipment, materials or devices that are an integral part of the components listed above and essential to the functioning of a passive design which qualifies pursuant to rules promulgated by the commissioner of revenue in cooperation with the director of the energy agency. Expenditures for equipment, materials, or devices which are a part of the normal heating, cooling, or insulation system of a building are not eligible for the credit.

An "energy conservation expenditure" is an expenditure which qualifies for the federal energy conservation credit pursuant to section 44C of the Internal Revenue Code of 1954, as amended through December 31, 1979, and any regulations promulgated pursuant thereto.

If a credit for a renewable energy expenditure was allowed to a taxpayer under this subdivision for any prior taxable year, the dollar amount of the maximum renewable energy expendi-

ture for which a taxpayer may qualify for a credit under this subdivision in subsequent years shall be \$10,000 reduced by the amount of *renewable energy* expenditures which a credit was claimed pursuant to this subdivision in prior years. *If a credit for an energy conservation expenditure was allowed to a taxpayer under this subdivision for any prior taxable year, the dollar amount of the maximum energy conservation expenditure for which a taxpayer may qualify for a credit under this subdivision in subsequent years shall be \$2,000 reduced by the amount of energy conservation expenditures for which a credit was claimed pursuant to this subdivision in prior years.*

(THE) A credit provided in this subdivision shall not be allowed in a taxable year if the (AMOUNT) sum of the (CREDIT) credits provided in this subdivision would be less than \$10.

If (THE) a credit allowable under this subdivision exceeds the amount of tax due in a taxable year, the excess credit shall not be refunded but may be carried forward to the succeeding taxable year and added to the credit allowable for that year. No amount attributable to *renewable energy source expenditures* may be carried forward to a taxable year beginning after December 31, 1984. *No amount attributable to energy conservation expenditures may be carried forward to a taxable year beginning after December 31, 1982. In the case of energy conservation expenditures, excess credit may be carried back to the taxpayer's two first taxable years beginning after December 31, 1977.*

A shareholder in a family farm corporation and each partner in a partnership operating a family farm shall be eligible for the (CREDIT) credits provided by this subdivision in the same manner and to the same extent allowed a joint owner of property under (CLAUSE (A)) *section 44C (d) of the Internal Revenue Code of 1954, as amended through December 31, 1979.* "Family farm corporation" and "family farm" have the meanings given in section 500.24.

The (CREDIT) credits provided in this subdivision (IS) are subject to the provisions of Section 44C, (c) (7), (d) (1) to (3), and (e), of the Internal Revenue Code of 1954, as amended through December 31, 1978, and any regulations promulgated pursuant thereto.

The commissioner of revenue in cooperation with the director of the energy agency shall promulgate rules establishing additional qualifications and definitions for the credits provided in (CLAUSES (A) TO (D)) *this subdivision.*

(THIS SUBDIVISION) *The credit for renewable energy source expenditures is effective for expenditures made during*

taxable years beginning after December 31, 1978 and before January 1, 1983. *The credit for energy conservation expenditures is effective for expenditures made during taxable years beginning after December 31, 1979, and before January 1, 1983.*

In the case of married taxpayers, the maximum credit available for energy conservation expenditures shall apply to both spouses."

Renumber the remaining Sections accordingly.

Amend the title as follows:

Page 1, line 3, after the semi-colon, insert "providing a credit for energy conservation expenditures;"

Page 1, line 7, before the period, insert "; and 290.06, subdivision 14"

Osthoff; Carlson, L.; Pehler and Adams moved to amend S. F. No. 1670, the unofficial engrossment, as follows:

Page 7, after line 14, insert:

"Sec. 4. Minnesota Statutes, 1979 Supplement, Section 290.01, Subdivision 20, is amended to read:

Subd. 20. [GROSS INCOME.] Except as otherwise provided in this chapter, the term "gross income," as applied to corporations includes every kind of compensation for labor or personal services of every kind from any private or public employment, office, position or services; income derived from the ownership or use of property; gains or profits derived from every kind of disposition of, or every kind of dealing in, property; income derived from the transaction of any trade or business; and income derived from any source; except that gross income shall not include "exempt function income" of a "home-owners association" as those terms are defined in Section 528 of the Internal Revenue Code of 1954, as amended.

For each of the taxable years beginning after December 31, 1960 and prior to January 1, 1971, the term "gross income" in its application to individuals, estates, and trusts, shall mean the adjusted gross income as computed for federal income tax purposes as defined in the Internal Revenue Code of 1954, as amended through December 31, 1970 for the applicable taxable year, with the modifications specified in this section.

For each of the taxable years beginning after December 31, 1970, the term "gross income" in its application to individuals, estates, and trusts shall mean the adjusted gross income as computed for federal income tax purposes as defined in the Internal Revenue Code of 1954, as amended through the date specified herein for the applicable taxable year, with the modifications specified in this section.

(i) The Internal Revenue Code of 1954, as amended through December 31, 1970, shall be in effect for taxable years beginning after December 31, 1970 and prior to January 1, 1973.

(iv) The Internal Revenue Code of 1954, as amended through December 31, 1974, shall be in effect for the taxable years beginning after December 31, 1974.

(v) The Internal Revenue Code of 1954, as amended through December 31, 1976, including the amendments made to section 280A (relating to licensed day care centers) in H.R. 3477 as it

passed the Congress on May 16, 1977, shall be in effect for the taxable years beginning after December 31, 1976. The provisions of the Tax Reform Act of 1976, P.L. 94-455, which affect adjusted gross income shall become effective for purposes of this chapter at the same time they become effective for federal income tax purposes. Section 207 (relating to extension of period for nonrecognition of gain on sale or exchange of residence) and section 402 (relating to time for making contributions to pension plans of self employed people) of P.L. 94-12 shall be effective for taxable years beginning after December 31, 1974.

The amendments made to sections 219(c) (3) and 220(c) (4) (extending the time for which a taxpayer is deemed to have made a contribution to an individual retirement account for the taxable year) by section 157(a) of P.L. 95-600 shall be effective for taxable years beginning after December 31, 1977.

References to the Internal Revenue Code of 1954 in clauses (a), (b) and (c) following shall mean the code in effect for the purpose of defining gross income for the applicable taxable year.

(a) Modifications increasing federal adjusted gross income. There shall be added to federal adjusted gross income:

(1) Interest income on obligations of any state other than Minnesota or a political subdivision of any such other state exempt from federal income taxes under the Internal Revenue Code of 1954;

(2) Interest income on obligations of any authority, commission, or instrumentality of the United States, which the laws of the United States exempt from federal income tax, but not from state income taxes;

(3) Income taxes imposed by this state or any other taxing jurisdiction, to the extent deductible in determining federal adjusted gross income and not credited against federal income tax;

(4) Interest on indebtedness incurred or continued to purchase or carry securities the income from which is exempt from tax under this chapter, to the extent deductible in determining federal adjusted gross income;

(5) Amounts received as reimbursement for an expense of sickness or injury which was deducted in a prior taxable year to the extent that the deduction for such reimbursed expenditure resulted in a tax benefit;

(6) The amount of any federal income tax overpayment for any previous taxable year, received as refund or credited to

another taxable year's income tax liability, proportionate to the percentage of federal income tax that was claimed as a deduction in determining Minnesota income tax for such previous taxable year.

The overpayment refund or credit, determined with respect to a husband and wife on a joint federal income tax return for a previous taxable year, shall be reported on joint or separate Minnesota income tax returns. In the case of separate Minnesota returns, the overpayment shall be reported by each spouse proportionately according to the relative amounts of federal income tax claimed as a deduction on his or her separate Minnesota income tax return for such previous taxable year;

(7) In the case of a change of residence from Minnesota to another state or nation, the amount of moving expenses which exceed total reimbursements and which were therefore deducted in arriving at federal adjusted gross income;

(8) In the case of property disposed of on or after January 1, 1973, the amount of any increase in the taxpayer's federal tax liability under section 47 of the Internal Revenue Code of 1954, as amended through December 31, 1976, to the extent of the credit under section 38 of the Internal Revenue Code of 1954, as amended through December 31, 1976, that was previously allowed as a deduction either under section 290.01, subdivision 20 (b) (7) or under section 290.09, subdivision 24;

(9) Expenses and losses arising from a farm which are not allowable under section 290.09, subdivision 29;

(10) Expenses and depreciation attributable to substandard buildings disallowed by section 290.101;

(11) The amount by which the gain determined pursuant to section 41.59, subdivision 2 exceeds the amount of such gain included in federal adjusted gross income;

(12) To the extent deducted in computing the taxpayer's federal adjusted gross income for the taxable year, losses realized upon a transfer of property to the spouse or former spouse of the taxpayer in exchange for the release of the spouse's marital rights;

(13) Interest income from qualified scholarship funding bonds as defined in section 103(e) of the Internal Revenue Code of 1954, as amended through December 31, 1976, if the nonprofit corporation is domiciled outside of Minnesota; and

(14) Exempt-interest dividends, as defined in section 852 (b)(5)(A) of the Internal Revenue Code of 1954, as amended through December 31, 1976, not included in federal adjusted

gross income pursuant to section 852(b)(5)(B) of the Internal Revenue Code of 1954, as amended through December 31, 1976, except for that portion of such exempt-interest dividends derived from interest income on obligations of the state of Minnesota, any of its political or governmental subdivisions, any of its municipalities, or any of its governmental agencies or instrumentalities;

(15) The amount of any excluded gain realized by a trust on the sale or exchange of property as defined in section 641(c)(1).

(b) Modifications reducing federal adjusted gross income. There shall be subtracted from federal adjusted gross income:

(1) Interest income on obligations of any authority, commission or instrumentality of the United States to the extent includible in gross income for federal income tax purposes but exempt from state income tax under the laws of the United States;

(2) The portion of any gain, from the sale or other disposition of property having a higher adjusted basis for Minnesota income tax purposes than for federal income tax purposes, that does not exceed such difference in basis; but if such gain is considered a long-term capital gain for federal income tax purposes, the modifications shall be limited to 50 per centum of such portion of the gain. This modification shall not be applicable if the difference in basis is due to disallowance of depreciation pursuant to section 290.101.

(3) Interest or dividend income on securities to the extent exempt from income tax under the laws of this state authorizing the issuance of such securities but includible in gross income for federal income tax purposes;

(4) Losses, not otherwise reducing federal adjusted gross income assignable to Minnesota, arising from events or transactions which are assignable to Minnesota under the provisions of sections 290.17 to 290.20, including any capital loss or net operating loss carryforwards or carrybacks resulting from such losses;

(5) If included in federal adjusted gross income, the amount of any credit received, whether received as a refund or credit to another taxable year's income tax liability, pursuant to chapter 290A, and the amount of any overpayment of income tax to Minnesota, or any other state, for any previous taxable year, whether such amount is received as a refund or credited to another taxable year's income tax liability;

(6) To the extent included in federal adjusted gross income, notwithstanding any other law to the contrary, the amount re-

ceived by any person (i) from the United States, its agencies or instrumentalities, the Federal Reserve Bank or from the state of Minnesota or any of its political or governmental subdivisions or from any other state or its political or governmental subdivisions, or a Minnesota volunteer firefighter's relief association, by way of payment as a pension, public employee retirement benefit, or any combination thereof, or (ii) as a retirement or survivor's benefit made from a plan qualifying under section 401, 403, 404, 405, 408, 409 or 409A of the Internal Revenue Code of 1954, as amended through December 31, 1977. The maximum amount of this subtraction shall be \$10,000 less the amount by which the individual's federal adjusted gross income exceeds \$17,000. In the case of a volunteer firefighter who receives an involuntary lump sum distribution of his pension or retirement benefits, the maximum amount of this subtraction shall be \$10,000; this subtraction shall not be reduced by the amount of the individual's federal adjusted gross income in excess of \$17,000;

(7) In the case of property acquired on or after January 1, 1973, the amount of any credit to the taxpayer's federal tax liability under section 38 of the Internal Revenue Code of 1954, as amended through December 31, 1976, but only to the extent that the credit is connected with or allocable against the production or receipt of income included in the measure of the tax imposed by this chapter;

(8) To the extent included in the taxpayer's federal adjusted gross income for the taxable year, gain realized upon a transfer of property to the spouse or former spouse of the taxpayer in exchange for the release of the spouse's marital rights;

(9) The amount of any distribution from a qualified pension or profit sharing plan included in federal adjusted gross income in the year of receipt to the extent of any contribution not previously allowed as a deduction by reason of a change in federal law which was not adopted by Minnesota law for a taxable year beginning in 1974 or later;

(10) Interest, including payment adjustment to the extent that it is applied to interest, earned by the seller of the property on a family farm security loan executed after December 31, 1977 and before January 1, 1982 that is guaranteed by the commissioner of agriculture as provided in sections 41.51 to 41.60;

(11) The amount of gain on the sale of the taxpayer's residence excluded from the federal gross income of the taxpayer pursuant to section 121 of the Internal Revenue Code of 1954, as amended through December 31, 1978 provided that a taxpayer who elects under that section shall not, for the purpose of this subdivision, also take an exclusion according to the provisions of section 121 of the Internal Revenue Code, as amended through December 31, 1976;

(12) The first \$3,000 of compensation for personal services in the armed forces of the United States or the United Nations, and the next \$2,000 of compensation for personal services in the armed forces of the United States or the United Nations wholly performed outside the state of Minnesota; (AND)

(13) The amount of any income earned for personal services rendered prior to the date when the taxpayer became a resident of Minnesota; and

(14) *Effective for taxable years beginning December 31, 1979, the amount of any credit to the taxpayer's federal tax liability for qualified expenditures for energy conservation or renewable energy sources under section 44C of the Internal Revenue Code of 1954, as amended through December 31, 1979.*

(c) Modifications affecting shareholders of electing small business corporations under section 1372 of the Internal Revenue Code of 1954, or section 290.972 of this chapter.

(1) Shareholders in a small business corporation, which has elected to be so taxed under the Internal Revenue Code of 1954, but has not made an election under section 290.972 of this chapter, shall deduct from federal adjusted gross income the amount of any imputed income from such corporation and shall add to federal adjusted gross income the amount of any loss claimed as a result of such stock ownership. Also there shall be added to federal adjusted gross income the amount of any distributions in cash or property made by said corporation to its shareholders during the taxable year.

(2) In cases where the small business corporation has made an election under section 1372 of the Internal Revenue Code of 1954, but has not elected under section 290.972 of this chapter and said corporation is liquidated or the individual shareholder disposes of his stock and there is no capital loss reflected in federal adjusted gross income because of the fact that corporate losses have exhausted the shareholders basis for federal purposes, such shareholders shall be entitled, nevertheless, to a capital loss commensurate to their Minnesota basis for the stock.

(3) In cases where the election under section 1372 of the Internal Revenue Code of 1954 antedates the election under section 290.972 of this chapter and at the close of the taxable year immediately preceding the effective election under section 290.972 the corporation has a reserve of undistributed taxable income previously taxed to shareholders under the provisions of the Internal Revenue Code of 1954, in the event and to the extent that such reserve is distributed to shareholders such distribution shall be taxed as a dividend for purposes of this act.

Items of gross income includible within these definitions shall be deemed such regardless of the form in which received. Items of gross income shall be included in gross income of the taxable year in which received by a taxpayer unless properly to be accounted for as of a different taxable year under methods of accounting permitted by section 290.07, except that (1) amounts transferred from a reserve or other account, if in effect transfers to surplus, shall, to the extent that such amounts were accumulated through deductions from gross income or entered into the computation of taxable net income during any taxable year, be treated as gross income for the year in which the transfer occurs, but only to the extent that such amounts resulted in a reduction of the tax imposed by this act, and (2) amounts received as refunds on account of taxes deducted from gross income during any taxable year shall be treated as gross income for the year in which actually received, but only to the extent that such amounts resulted in a reduction of the tax imposed by this act.

(d) Modification in computing taxable income of the estate of a decedent. Amounts allowable under section 291.07, subdivision 1(2) in computing Minnesota inheritance tax liability shall not be allowed as a deduction in computing the taxable income of the estate unless there is filed within the time and in the manner and form prescribed by the commissioner a statement that the amounts have not been allowed as a deduction under section 291.07 and a waiver of the right to have such amounts allowed at any time as deductions under section 291.07. The provisions of this paragraph shall not apply with respect to deductions allowed under section 290.077 (relating to income in respect of decedents). In the event that the election made for federal tax purposes under section 642(g) of the Internal Revenue Code of 1954 differs from the election made under this paragraph appropriate modification of the estate's federal taxable income shall be made to implement the election made under this paragraph in accordance with regulations prescribed by the commissioner."

Page 7, after line 14, insert:

"Sec. 3. Minnesota Statutes, 1979 Supplement, Section 290.06, Subdivision 14, is amended to read:

Subd. 14. [RESIDENTIAL ENERGY CREDIT.] A credit of 20 percent of the first \$10,000 of renewable energy source expenditures, including the expenditures described in clauses (a), (b) and (d) if made by an individual taxpayer on a Minnesota building of six dwelling units or less and expenditures for biomass conversion equipment described in clause (c), and a credit of 15 percent of the first \$2,000 of energy conservation expenditures made by a taxpayer and installed in or on a dwelling unit located in Minnesota, may be deducted from the tax due under this chapter for the taxable year in which the expenditures were made. For purposes of this subdivision, the term "building" shall include a condominium or townhouse used by the taxpayer as a residence. In the case of qualifying expenditures incurred in connection with a building under construction by a contractor, the credit shall be deducted from the tax liability of the first individual to purchase the building for use as a principal residence or for residential rental purposes; the contractor shall not be eligible for the credit given pursuant to this subdivision for that expenditure.

A "renewable energy source expenditure" which qualifies shall include:

(a) Expenditures which qualify for the federal renewable energy credit, pursuant to Section 44C of the Internal Revenue Code of 1954, as amended through December 31, 1978, and any regulations promulgated pursuant thereto;

(b) Expenditures for earth sheltered dwelling units. For purposes of this credit, an "earth sheltered dwelling unit" shall mean a structure which complies with applicable building standards and which is constructed so that:

(1) 80 percent or more of the (WALL) roof area is covered with a minimum depth of 12 inches of earth; and

(2) 50 percent or more of the wall area is covered with a minimum depth of 12 inches of earth; and

(3) Those portions of the structure not insulated with a minimum of seven feet of earth shall have additional insulation;

(c) Expenditures for biomass conversion equipment which produces ethanol, methane or methanol for use as a liquid fuel which is not offered for sale; and

(d) Expenditures for passive solar energy systems. For purposes of this credit, a "passive solar energy system" is defined to include systems which utilize elements of the building and its

operable components to heat or cool a building (UNIT) with the sun's energy by means of conduction, convection, radiation, or evaporation. A passive system shall include:

(1) Collection aperture, including glazing installed in south facing walls and roofs; and

(2) Storage element, including thermal mass in the form of water, masonry, rock, concrete, or other mediums which is designed to store heat collected from solar radiation.

A passive system may include:

(1) Control and distribution element, including fans, louvers, and air ducts; and/or

(2) Retention element, including movable insulation used to minimize heat loss caused by nocturnal radiation through areas used for direct solar heat gain during daylight hours.

Eligible passive expenditures shall be for equipment, materials or devices that are an integral part of the components listed above and essential to the functioning of a passive design which qualifies pursuant to rules promulgated by the commissioner of revenue in cooperation with the director of the energy agency. Expenditures for equipment, materials, or devices which are a part of the normal heating, cooling, or insulation system of a building are not eligible for the credit.

An "energy conservation expenditure" is an expenditure which qualifies for the federal energy conservation credit pursuant to section 44C of the Internal Revenue Code of 1954, as amended through December 31, 1979, and any regulations promulgated pursuant thereto.

If a credit for a renewable energy expenditure was allowed to a taxpayer under this subdivision for any prior taxable year, the dollar amount of the maximum renewable energy expenditure for which a taxpayer may qualify for a credit under this subdivision in subsequent years shall be \$10,000 reduced by the amount of renewable energy expenditures which a credit was claimed pursuant to this subdivision in prior years. If a credit for an energy conservation expenditure was allowed to a taxpayer under this subdivision for any prior taxable year, the dollar amount of the maximum energy conservation expenditure for which a taxpayer may qualify for a credit under this subdivision in subsequent years shall be \$2,000 reduced by the amount of energy conservation expenditures for which a credit was claimed pursuant to this subdivision in prior years.

(THE) A credit provided in this subdivision shall not be allowed in a taxable year if the (AMOUNT) *sum* of the (CREDIT) *credits provided in this subdivision* would be less than \$10.

If (THE) a credit allowable under this subdivision exceeds the amount of tax due in a taxable year, the excess credit shall not be refunded but may be carried forward to the succeeding taxable year and added to the credit allowable for that year. No amount *attributable to renewable energy source expenditures* may be carried forward to a taxable year beginning after December 31, 1984. No amount *attributable to energy conservation expenditures* may be carried forward to a taxable year beginning after December 31, 1982. In the case of *energy conservation expenditures, excess credit may be carried back to the taxpayer's two first taxable years beginning after December 31, 1977.*

A shareholder in a family farm corporation and each partner in a partnership operating a family farm shall be eligible for the (CREDIT) *credits* provided by this subdivision in the same manner and to the same extent allowed a joint owner of property under (CLAUSE (A)) *section 44C (d) of the Internal Revenue Code of 1954, as amended through December 31, 1979.* "Family farm corporation" and "family farm" have the meanings given in section 500.24.

The (CREDIT) *credits* provided in this subdivision (IS) *are* subject to the provisions of Section 44C, (c) (7), (d) (1) to (3), and (e), of the Internal Revenue Code of 1954, as amended through December 31, 1978, and any regulations promulgated pursuant thereto.

The commissioner of revenue in cooperation with the director of the energy agency shall promulgate rules establishing additional qualifications and definitions for the credits provided in (CLAUSES (A) TO (D)) *this subdivision.*

(THIS SUBDIVISION) *The credit for renewable energy source expenditures* is effective for expenditures made during taxable years beginning after December 31, 1978 and before January 1, 1983. *The credit for energy conservation expenditures* is effective for expenditures made during taxable years beginning after December 31, 1979, and before January 1, 1983.

In the case of married taxpayers, the maximum credit available for energy conservation expenditures shall apply to both spouses."

Renumber the remaining Sections accordingly.

Amend the title as follows:

Page 1, line 3, after the semi-colon, insert "providing a credit for energy conservation expenditures;"

Page 1, line 7, before the period, insert "; and 290.06, subdivision 14"

A roll call was requested and properly seconded.

Sec. 2. Minnesota Statutes 1978, Section 525.54, is amended to read:

525.54 [ADULTS SUBJECT TO GUARDIANSHIP AND CONSERVATORSHIP.] Subdivision 1. [ADULTS SUBJECT

TO GUARDIANSHIP AND CONSERVATORSHIP.] *Upon petition as provided in this chapter, the court, if satisfied of the need therefor, may appoint one or two persons suitable and competent to discharge the trust as guardians of the person or estate or of both or as conservators of the person or the estate or of both of any incapacitated person (WHO IS A MINOR, WHO BECAUSE OF OLD AGE, OR IMPERFECTION OR DETERIORATION OF MENTALITY IS INCOMPETENT TO MANAGE HIS PERSON OR ESTATE, WHO BECAUSE OF EXCESSIVE INTOXICATION, GAMBLING, IDLENESS, OR DEBAUCHERY, SO SPENDS OR WASTES HIS ESTATE OR INJURES HIS PERSON AS TO BE LIKELY TO EXPOSE HIMSELF OR HIS FAMILY TO WANT OR SUFFERING, OR WHO, THOUGH NOT OTHERWISE INCOMPETENT TO MANAGE HIS PERSON OR ESTATE, REQUESTS THE COURT TO APPOINT SUCH A GUARDIAN, PROVIDED SUCH PERSON IS A RESIDENT OF THE COUNTY OR BEING A NONRESIDENT OF THIS STATE HAS PROPERTY IN THE COUNTY. NO GUARDIAN OF THE PERSON OF ANY MINOR SHALL BE APPOINTED WHILE PROCEEDINGS FOR HIS CARE AND CUSTODY ARE PENDING IN ANY JUVENILE COURT OF THIS STATE. NOTHING HEREIN CONTAINED SHALL DIMINISH THE POWER OF ANY COURT TO APPOINT A GUARDIAN TO SERVE OR PROTECT THE INTEREST OF ANY MINOR OR OTHER PERSON UNDER DISABILITY IN ANY PROCEEDINGS THEREIN, NOR ABRIDGE THE RIGHTS OF THE FATHER AND MOTHER, IF SUITABLE AND COMPETENT, AS THE NATURAL GUARDIANS OF THEIR MINOR CHILDREN). The standard of proof in contested cases shall be that of clear and convincing evidence.*

Subd. 2. [GUARDIANSHIP OR CONSERVATORSHIP OF THE PERSON.] (THE COURT MAY APPOINT ONE OR TWO PERSONS SUITABLE AND COMPETENT TO DISCHARGE THE TRUST AS CONSERVATORS OF THE PERSON OR ESTATE OR OF BOTH OF ANY PERSON WHO IS A MINOR, OR WHO BECAUSE OF OLD AGE OR OTHER CAUSE IS UNABLE PROPERLY TO CARE FOR HIMSELF OR FOR HIS PROPERTY, OR WHO BECAUSE OF OLD AGE OR OTHER CAUSE IS LIKELY TO BE DECEIVED OR IMPOSED UPON BY ARTFUL OR DESIGNING PERSONS, OR WHO, FOR THESE CAUSES OR OTHER CAUSE REQUESTS THE COURT TO APPOINT SUCH A CONSERVATOR AND ESTABLISHES TO THE SATISFACTION OF THE COURT THE NEED THEREOF, PROVIDED SUCH PERSON IS A RESIDENT OF THE COUNTY OR BEING A NON-RESIDENT OF THIS STATE HAS PROPERTY IN THE COUNTY. NO CONSERVATOR OF THE PERSON OF ANY MINOR SHALL BE APPOINTED WHILE PROCEEDINGS FOR HIS CARE AND CUSTODY ARE PENDING IN ANY JUVENILE COURT OF THIS STATE) "*Incapacitated person*" means, in the case of guardianship or conservatorship of the person, an

adult person who is impaired by reason of mental condition to the extent that he lacks sufficient understanding or capacity to make or communicate responsible decisions concerning his person, and who has demonstrated behavior which evidences his inability to meet essential requirements for his health or safety. "Unable to meet essential requirements for his health or safety" means unable to meet his needs for medical care, nutrition, clothing, shelter, or safety so that, in the absence of guardianship, injury or illness is likely to occur in the near future.

Subd. 3. [GUARDIANSHIP OR CONSERVATORSHIP OF THE ESTATE.] Appointment of a guardian or conservator may be made in relation to the estate and financial affairs of an adult person: (a) voluntarily, upon the person's request if the court is satisfied of the need for it, or (b) involuntarily, upon the court's determination that (1) that person is unable to manage his property and affairs effectively because he is an incapacitated person, and (2) he has property which will be wasted or dissipated unless proper management is provided, or that funds are needed for the support, care and welfare of the person or those entitled to be supported by him and (3) no less restrictive form of intervention is available which will adequately protect his estate or financial affairs. "Incapacitated person" means, in the case of guardianship or conservatorship of the estate of an adult, any adult person who is impaired by reason of mental condition to the extent that he lacks sufficient understanding or capacity to make or communicate responsible decisions concerning his estate or financial affairs, and who has demonstrated behavior which evidences his inability to manage his estate.

Subd. 4. Appointment of a guardian is a determination of the incompetency of the word.

Subd. 5. Appointment of a conservator is not evidence of incompetency of the incapacitated person, and does not remove or modify any civil or legal right of the incapacitated person except as specifically ordered by the court, pursuant to section 525.551. The appointment of a conservator shall not deprive the conservatee of the right to vote or marry if otherwise competent.

Subd. 6. Nothing contained in this section shall diminish the power of the court to appoint a guardian ad litem to serve or protect the interest of any person under disability in any proceedings therein.

Sec. 3. Minnesota Statutes 1978, Section 525.541, is amended to read:

525.541 [PETITIONERS.] Any person may petition for the appointment of a guardian or guardians or conservator or

conservators for any person believed to be subject to guardianship or conservatorship (, PROVIDED THAT). The petition of (A) *an adult* person (OVER THE AGE OF 14 YEARS) for the appointment of a guardian or guardians or conservator or conservators of his own person or estate (, AND THE PETITION OF ANY PERSON NOMINATED BY THE WILL OF A DECEASED PARENT WITH THE WRITTEN CONSENT OF THE OTHER PARENT IF LIVING AND NOT UNDER DISABILITY, FOR THE APPOINTMENT OF A GUARDIAN OR CONSERVATOR OR GUARDIANS OR CONSERVATORS FOR THEIR MINOR CHILD) shall have priority over the petition of any other person. (WHEN ANY MINOR UNDER GUARDIANSHIP OR CONSERVATORSHIP ATTAINS THE AGE OF 14 YEARS, HE MAY PETITION FOR THE APPOINTMENT OF A GUARDIAN OR CONSERVATOR OR GUARDIANS OR CONSERVATORS NOMINATED BY HIM IN LIEU OF THE GUARDIANS OR CONSERVATORS THERETOFORE APPOINTED.)

Sec. 4. Minnesota Statutes 1978, Section 525.542, is amended to read:

525.542 [CONTENTS OF PETITION.] The petition shall show (1) the name and address of the person for whom a guardian or conservator, is sought, (2) the date and place of his birth, (3) (IF HE BE A MINOR,) the names and addresses of his parents, (OR IF THE PARENTS BE DEAD OR HAVE ABANDONED THE MINOR, THE NAMES AND ADDRESSES OF HIS CUSTODIANS AND OF ANY PERSON NAMED AS TESTAMENTARY GUARDIANS OR CONSERVATORS IN THE WILL OF A DECEDENT, (4) IF HE BE NOT A MINOR,) *children, and siblings, or in the event that none of these persons are living,* the names and addresses of his nearest kindred, ((5)) (4) if he (BE) is married, the name and address of his spouse, ((6)) (5) the reasons for the guardianship or conservatorship, *including specific factual information which the petitioner believes supports the need for appointment of a guardian or conservator, such as mental and physical condition, financial transactions, personal actions, or actual occurrences which are claimed to demonstrate his inability to manage his estate, or to provide for personal needs for food, clothing, shelter or health care,* (6) the powers the petitioner believes are necessary in order for a guardian or conservator to protect and supervise the proposed ward's or conservatee's person or property, (7) the probable value and general character of his real and personal property and the probable amount of his debts, (8) the names, ages, addresses, and occupations of the proposed guardians or conservators.

Sec. 5. Minnesota Statutes 1978, Section 525.543, is amended to read:

525.543 [LIS PENDENS.] After the filing of the petition, a certificate of the probate court certified to that fact may be

filed for record in the office of the county recorder of any county in which any real estate owned by the *proposed* ward or conservatee is situated and if a resident of this state, in the county of his residence. (SUCH) *The certificate shall state that (SUCH) a petition is pending and shall state the name and address of the person for whom a guardian or conservator is sought. If a guardian or conservator (BE) is appointed on (SUCH) the petition, and, in the case of a conservatorship, if the letters of conservatorship remove or restrict the right of the conservatee to transfer property or to contract, then all contracts except for necessities, and all transfers of real or personal property made by the ward or conservatee after (SUCH) the filing and before the termination of the guardianship or conservatorship shall be void.*

Sec. 6. Minnesota Statutes 1978, Section 525.544, is amended to read:

525.544 [PLANNING PROVISIONS.] In the petition or in a written instrument executed before or after the petition is filed, the person may, if at the time of signing the same, he has sufficient capacity to form an intelligent preference, nominate a conservator or guardian or give instructions to the conservator or guardian or he may do both. The written instrument shall be executed and attested in the same manner as a will. The court shall appoint the person so nominated as conservator or guardian and shall charge him with the instructions, unless the court finds that the appointment of the nominee or the instructions or both are not in the best interests of the person to be placed under conservatorship or guardianship. When any person lacks capacity or fails to nominate a conservator or guardian, the court may appoint any qualified person as *conservator or guardian*. If the proposed ward or conservatee lacks capacity or fails to give instructions, the court may give such powers as required *in accordance with section 525.56*.

Sec. 7. Minnesota Statutes 1978, Section 525.55, is amended to read:

525.55 [NOTICE OF HEARING.] *Subdivision 1. (IF THE PETITION BE MADE BY THE PERSON FOR WHOM A GUARDIAN OR CONSERVATOR IS SOUGHT, OR BY A PARENT, CUSTODIAN, OR TESTAMENTARY GUARDIAN OR CONSERVATOR OF A MINOR UNDER THE AGE OF 14 YEARS, THE COURT MAY HEAR THE SAME WITH OR WITHOUT NOTICE.)* In all (OTHER) cases, upon the filing of the petition the court shall fix the time and place for the hearing (THEREOF) *and shall order that notice of it be given. At least 14 days prior to (SUCH TIME) the hearing, personal service of the notice shall be made upon the proposed ward or conservatee. (IF HE HAS A SPOUSE, CUSTODIAN, OR IF THERE BE A TESTAMENTARY GUARDIAN OR CONSERVATOR NAMED IN THE WILL OF A DECEDENT, NOTICE SHALL BE GIVEN TO SUCH PERSONS AND TO SUCH OF THE NEAREST KINDRED AND IN SUCH MANNER AS*

THE COURT MAY DIRECT) Notice shall also be served on his spouse, parents, adult children and siblings, and on any other persons the court may direct by mail postmarked at least 14 days prior to the hearing. If he (BE) is a patient or resident of any hospital or (ASYLUM) other institution, notice by mail shall be given to the (SUPERINTENDENT THEREOF) administrative head of it. If he (BE) is a non-resident or if after diligent search he cannot be found in this state, notice shall be given in (SUCH) the manner and to (SUCH) the persons (AS) the court (MAY DETERMINE) directs.

Subd. 2. The notice shall be written in language which can be easily understood. Included with the notice shall be a copy of the petition. The notice shall contain information regarding the nature, purpose and legal effects of the guardianship or conservatorship proceedings on the proposed ward or conservatee. The notice shall state that he may be adjudged incapable of caring for his person or property, and by reason of the adjudication, a guardian or conservator may be appointed for him, and that the adjudication may transfer to the appointed guardian or conservator certain rights, including his right to manage and control property, to enter into contracts and to determine his residence. The notice shall further contain information regarding the rights of the proposed ward or conservatee in the proceeding, including his right to attend the hearing, to be represented by an attorney, to oppose the proceeding, and to present evidence. The notice shall state that if the proposed ward or conservatee wishes to exercise the right to be represented by an attorney, he must either obtain counsel of his own choice or ask the court to appoint an attorney to represent him, and that the county shall pay a reasonable attorney's fee if he is indigent. The procedure for requesting a court appointed attorney shall be described in the notice.

The process server shall inquire whether the proposed ward or conservatee desires the notice and petition to be read to him, and shall read the notice and petition if requested to do so.

Sec. 8. Minnesota Statutes, 1979 Supplement, Section 525.551, is amended to read:

525.551 [HEARING; APPOINTMENT; BOND; PROSECUTION; NOTICE.] Subdivision 1. [ATTENDANCE AT HEARING.] (UPON PROOF OF THE PETITION, THE COURT SHALL APPOINT ONE OR TWO PERSONS SUITABLE AND COMPETENT TO DISCHARGE THE TRUST AS GENERAL GUARDIANS OR CONSERVATORS OF THE PERSON OR ESTATE OR OF BOTH. UPON THE FILING OF A BOND IN AN AMOUNT AS THE COURT MAY DIRECT AND AN OATH ACCORDING TO LAW, OR UPON THE FILING OF AN ACCEPTANCE OF THE TRUST PURSUANT TO SECTION 48.79, LETTERS OF GUARDIANSHIP OR CONSERVATORSHIP SHALL ISSUE. IF THERE BE

NO PERSONAL PROPERTY, THE COURT MAY WAIVE THE FILING OF A BOND, BUT IF THE GUARDIAN OR CONSERVATOR RECEIVES OR BECOMES ENTITLED TO ANY SUCH PROPERTY HE SHALL IMMEDIATELY FILE A REPORT THEREOF AND A BOND IN SUCH AMOUNT AS THE COURT MAY DIRECT. IN CASE OF BREACH OF ANY CONDITION OF THE BOND AN ACTION THEREON MAY BE PROSECUTED BY LEAVE OF THE COURT BY ANY INTERESTED PERSON. IF THE WARD OR CONSERVATEE BE A PATIENT OF A STATE HOSPITAL FOR THE MENTALLY ILL, OR COMMITTED TO THE GUARDIANSHIP OR CONSERVATORSHIP OF THE COMMISSIONER OF PUBLIC WELFARE AS MENTALLY RETARDED, EPILEPTIC, DEPENDENT AND NEGLECTED OR IS UNDER THE TEMPORARY CUSTODY OF THE COMMISSIONER OF PUBLIC WELFARE, THE COURT SHALL NOTIFY THE COMMISSIONER OF PUBLIC WELFARE OF THE APPOINTMENT OF A GUARDIAN OR CONSERVATOR OR SUCCESSOR GUARDIAN OR CONSERVATOR OF THE ESTATE OF THE WARD OR CONSERVATEE.) *If the proposed ward or conservatee is within the state, he shall be present at the hearing unless he is not able to attend by reason of medical condition, as evidenced by a letter from a licensed physician. The letter shall be evidence only of the proposed ward's or conservatee's medical inability to attend the hearing and shall not be considered in determining the issue of his incapacity. In any instance in which a proposed ward or conservatee is absent from the hearing, the court shall specify in its findings of fact the reason for nonattendance.*

Subd. 2. [INTERCHANGE ABILITY OF HEARING.] If the circumstances warrant, the court may treat a petition for guardianship as a petition for conservatorship.

Subd. 3. [CONDUCT OF HEARING; BURDEN OF PROOF.] *The proposed ward or conservatee has the right to summon and cross-examine witnesses. The rules of evidence shall apply, and no hearsay evidence which is not otherwise admissible by exception in a court of law shall be admitted into evidence. In the proceedings there shall be a legal presumption of capacity, and the burden of proof shall be on the petitioner.*

Subd. 4. [RECORD OF PROCEEDINGS.] *In all contested proceedings the court shall take and preserve an accurate stenographic record or tape recording of the proceedings.*

Subd. 5. [FINDINGS.] *In all cases the court shall find the facts specifically, state separately its conclusions of law, and direct the entry of an appropriate judgment.*

If upon completion of the hearing and consideration of the record the court finds: (1) that the proposed ward or conserva-

tee is incapacitated as defined in section 525.54; and (2) that the proposed ward or conservatee is in need of the supervision and protection of a guardian or conservator; and (3) that no appropriate alternatives to the guardianship or conservatorship exist which are less restrictive of the person's civil rights and liberties, it shall enter judgment specifying the powers of the guardian or conservator pursuant to section 525.56. Before appointing a guardian or conservator, the court shall make a finding that the person to be appointed as guardian or conservator is the most suitable and best qualified person to discharge the trust.

Subd. 6. [BOND.] Upon the filing of a bond in an amount the court may direct and upon taking an oath according to law, or upon the filing of an acceptance of the trust pursuant to section 48.79, letters of guardianship or conservatorship shall issue. If there is no personal property, the court may waive the filing of a bond, but if the guardian or conservator receives or becomes entitled to any property of the ward or conservatee he shall immediately file a report of it and a bond in an amount the court may direct. In case of breach of a condition of the bond an action on it may be prosecuted by leave of the court by any interested person.

Subd. 7. [NOTIFICATION OF COMMISSIONER OF PUBLIC WELFARE.] If the ward or conservatee is a patient of a state hospital for the mentally ill, or is committed to the guardianship or conservatorship of the commissioner of public welfare as mentally retarded or dependent and neglected, or is under the temporary custody of the commissioner of public welfare, the court shall notify the commissioner of public welfare of the appointment of a conservator or successor conservator of the estate of the conservatee.

Sec. 9. Minnesota Statutes 1978, Chapter 525, is amended by adding a section to read:

[525.5515] [LETTERS OF GUARDIANSHIP OR CONSERVATORSHIP.] Subdivision 1. A copy of the order appointing the guardian or conservator shall be served upon the ward or conservatee and his counsel, if he was represented at the hearing. The order shall be accompanied by a notice which advises the ward or conservatee of his right to appeal the guardianship or conservatorship appointment within 30 days.

Subd. 2. Letters of guardianship or conservatorship shall contain: (a) the name, address and telephone number of the guardian or conservator; (b) the name, address and telephone number of the ward or conservatee; (c) the nature and scope of the guardianship or conservatorship; (d) the specific powers and legal limitations imposed by the court on the guardian or conservator.

Subd. 3. Letters of guardianship or conservatorship shall issue to the guardian or conservator. Copies shall be mailed or personally served on the ward or conservatee, his counsel, if he was represented at the hearing, the relatives of the ward or conservatee whose names and addresses appear on the original petition, and any other person, institution, organization or agency which the court deems reasonable to notify under the circumstances of the guardianship or conservatorship.

Sec. 10. Minnesota Statutes 1978, Section 525.56, is amended to read:

525.56 [GUARDIAN'S OR CONSERVATOR'S POWERS AND DUTIES.] Subdivision 1. A guardian or conservator shall be subject to the control and direction of the court at all times and in all things.

Subd. 2. (A GENERAL GUARDIAN OR CONSERVATOR OF THE PERSON SHALL HAVE CHARGE OF THE PERSON OF THE WARD OR CONSERVATEE.) *The court shall grant to a guardian or conservator only those powers necessary to provide for the demonstrated needs of the ward or conservatee.*

Subd. 3. The court may appoint a guardian of the person if it determines that all of the powers and duties listed in this subdivision are needed to provide for the needs of the incapacitated person. The court may appoint a conservator of the person if it determines that a conservator is needed to provide for the needs of the incapacitated person through the exercise of some, but not all, of the powers and duties listed in this subdivision. The duties and powers which the court may grant to a guardian or conservator of the person include, but are not limited to:

(1) The power to have custody of the ward or conservatee and the power to establish his place of abode within or without the state, except as otherwise provided in this clause. The ward, conservatee, or any person interested in his welfare may petition the court to prevent or to initiate a change in abode. A ward or conservatee may not be admitted to any state institution by his guardian or conservator except after a hearing pursuant to section 253A.07.

(2) The duty to provide for the ward's or conservatee's care, comfort and maintenance needs, including food, clothing, shelter, health care, social and recreational requirements, and, whenever appropriate, training, education and rehabilitation. The guardian or conservator has no duty to pay for these requirements out of his own funds. Whenever possible and appropriate, the guardian or conservator has the duty to meet these requirements

through governmental benefits or services to which the ward or conservatee is entitled, rather than from the ward's estate.

(3) *The duty to take reasonable care of the ward's or conservatee's clothing, furniture, vehicles and other personal effects, and, if other property requires protection, the power to seek appointment of a guardian or conservator of the estate. A guardian or conservator may not dispose of a ward's or conservatee's clothing, furniture, vehicles or other personal effects without the consent of the court.*

(4) (a) *The power to give any necessary consent to enable the ward or conservatee to receive necessary medical or other professional care, counsel, treatment or service, except that no guardian or conservator may give consent for psychosurgery, electroshock, sterilization or experimental treatment of any kind unless the procedure is first approved by order of the court as provided in this clause. The guardian shall not consent to any medical care for the ward which violates the known conscientious, religious, or moral belief of the ward.*

(b) *A guardian or conservator who believes a procedure described in clause (4)(a) requiring prior court approval to be necessary for the proper care of the ward or conservatee shall petition the court for an order. The court shall fix the time and place for the hearing and shall give notice to the ward or conservatee and to the other persons specified in section 525.55, subdivision 1. The notice shall comply with the requirements of, and be served in the manner provided in section 525.55, subdivision 2. The court shall appoint an attorney to represent the ward or conservatee, unless he has counsel of his own choice. In every case the court shall determine if the procedure is in the best interests of the ward or conservatee. In making its determination the court shall consider a written medical report which specifically considers the medical risks of the procedure and whether alternative, less restrictive methods of treatment could be used to protect the best interests of the ward or conservatee.*

(c) *In the case of a petition for sterilization of a mentally retarded ward or conservatee whose right to consent to medical treatment has been restricted, the court shall utilize the procedures specified in section 252A.13, subdivision 4, except that the consent of the guardian or conservator shall be required rather than the consent of the commissioner.*

(5) *The power to approve or withhold approval of any contract, except for necessities, which the ward or conservatee may make or wish to make.*

(6) *The duty and power to exercise supervisory authority over the ward or conservatee in a manner which limits his civil rights and restricts his personal freedom only to the extent necessary to provide needed care and services.*

Subd. (3) 4. (A GENERAL GUARDIAN OR CONSERVATOR OF THE ESTATE SHALL) *The court may appoint a guardian of the estate if it determines that all of the powers and duties listed in this subdivision are needed to provide for the needs of the incapacitated person. The court may appoint a conservator of the estate if it determines that a conservator is necessary to provide for the needs of the incapacitated person through the exercise of some, but not all of the powers and duties listed in this subdivision. The duties and powers which the court may order include, but are not limited to:*

(1) *The duty to pay the reasonable charges for the support, maintenance, and education of the ward or conservatee in a manner suitable to his station in life and the value of his estate (; BUT). Nothing herein contained shall release parents from obligations imposed by law for the support, maintenance, and education of their children. The guardian or conservator has no duty to pay for these requirements out of his own funds. Wherever possible and appropriate, the guardian or conservator has the duty to meet these requirements through governmental benefits or services to which the ward or conservatee is entitled, rather than from the ward's or conservatee's estate;*

(2) *The duty to pay out of the ward's or conservatee's estate all just and lawful debts of the ward or conservatee and the reasonable charges incurred for the support, maintenance, and education of (HIS WIFE) the ward's or conservatee's spouse and dependent children and, upon order of the court, the duty to pay such sum as the court may fix as reasonable for the support of any person unable to earn a livelihood who is (OR MAY BECOME) legally entitled to support from the ward or conservatee;*

(3) *The duty to possess and manage the estate, collect all debts and claims in favor of the ward or conservatee, or, with the approval of the court, compromise (THE SAME) them, institute suit on behalf of the ward or conservatee and represent the ward or conservatee in any court proceedings, and invest all funds not currently needed for the debts and charges named in clauses (1) and (2) and the management of the estate, in accordance with the provisions of sections 48.84 (,) and 501.125, subdivision 1 (AND SECTION 51.29, SUBDIVISION 2). Where a bank or trust company is a guardian or conservator, with or without coguardians or coconservators, it may invest in (SUCH) securities without approval of the probate court, but the investments (OF) by other guardians or conservators in (SUCH) securities shall be subject to the approval of the probate court except as otherwise specifically provided by law. A guardian or conservator shall also have the power to purchase certain contracts of insurance as provided in section 50.14, subdivision 14(b);*

(4) *Where a ward or conservatee has inherited an undivided interest in real estate, the court, on a showing that it is for the best interest of the ward or conservatee, may authorize an ex-*

change or sale of the ward's or conservatee's interest or a purchase by the ward or conservatee of any interest other heirs may have in the real estate.

Sec. 11. Minnesota Statutes 1978, Section 525.57, is amended to read:

525.57 [TRANSFER OF VENUE.] When it is for the best interest of the ward or conservatee or his estate, the venue may be transferred to another county. Upon the filing of a petition by any person interested in the ward or conservatee or in his estate, the court shall fix the time and place for the hearing (THEREOF,) *of it and shall give notice (OF WHICH SHALL BE GIVEN) to (SUCH) the persons and in (SUCH) the manner (AS THE COURT MAY DIRECT) required by section 525.55.* Upon proof that a transfer of venue is for the best interest of the ward or conservatee or his estate, and upon the settlement and allowance of the guardian's or conservator's accounts to the time of (SUCH) *the* hearing, the court shall transmit the entire file to the court of (SUCH) *the* other county (IN WHICH) *where* all subsequent proceedings shall be (HAD) *held*.

Sec. 12. Minnesota Statutes 1978, Section 525.58, is amended to read:

525.58 [FILING OF ACCOUNTS; FILING OF AFFIDAVIT.] *Subdivision 1.* Except where expressly waived by the court, every guardian or conservator annually shall file *with the court* a verified account covering the period from the date of appointment or his last account *and give a copy of the annual account to the ward or conservatee. The court or its designee shall annually examine the accounts filed pursuant to this subdivision and if the accounts do not comply with the provisions of this chapter, the court shall order that an appropriate accounting be refiled or shall order that other corrective action be taken.* At the termination of the guardianship or conservatorship, or upon the guardian's or conservator's removal or resignation, he or his surety, or, in the event of his death or disability, his representative or surety shall file a verified final account with a petition for the settlement and allowance (THEREOF) *of it.* Every account shall show in detail all property received and disbursed, the property on hand, the present address of the ward or conservatee and of the guardian or conservator, and unless the guardian or conservator be a corporation, the amount of the bond, the names and addresses of all sureties (THEREON) *on it,* that each unincorporated surety is a resident of this state, is not under disability, and is worth the amount in which he justified.

Subd. 2. *Except where expressly waived by the court after a finding that the ward or conservatee is so incapacitated as to be unable to understand any notice, every guardian or con-*

servator shall annually give notice to the ward or conservatee of his right to petition for restoration to capacity, discharge of guardian or conservator, or modification of the orders of guardianship or conservatorship. The notice shall describe the procedure for preparing and filing such a petition. Notice shall also inform the ward or conservatee that after a petition is filed the court will hold a hearing on the matter and that he has the right to be present and to be represented by counsel at the hearing. The form of the notice shall be approved or supplied by the court.

Subd. 3. Except where expressly waived by the court as provided in subdivision 2, every guardian or conservator shall file annually with the court an affidavit stating that he has given a copy of the annual account and the notice required by subdivision 2 to the ward or conservatee.

Sec. 13. Minnesota Statutes 1978, Section 525.581, is amended to read:

525.581 [NOTICE OF HEARING ON ACCOUNT.] The court on its own motion may, or upon the petition of the guardian (OR), conservator, *ward, conservatee*, or any person interested in the ward or conservatee or his estate, shall (,) fix the time and place for the hearing on any account, notice of which shall be given (IN SUCH MANNER) *to the ward or conservatee* and to (SUCH) *other* persons as the court may direct. Wherever any funds have been received from the veterans' administration, notice by mail shall be given to the regional office having charge (THEREOF) *of it*.

Sec. 14. Minnesota Statutes 1978, Section 525.583, is amended to read:

525.583 [ALLOWANCE AND WAGES OF CONSERVATEE; LIMITED ACCOUNTABILITY OF CONSERVATOR.] The court, *upon its own motion* or upon petition of the conservator or conservatee, may authorize or *direct* the conservator to pay to the conservatee out of the conservatorship estate a reasonable allowance for the personal use of the conservatee in (SUCH) *the* amount (AS) the court may determine to be for the best interests of the conservatee. Unless otherwise ordered by the court, if the conservatee shall at any time during the continuance of the conservatorship be employed, his wages or salary for employment shall not be a part of the conservatorship estate and the wages and salaries shall be paid to the conservatee and shall be subject to his control to the same extent as if the conservatorship did not exist. The conservator shall not be accountable for (SUCH) *the* allowances or wages and salary.

Sec. 15. Minnesota Statutes 1978, Section 525.59, is amended to read:

525.59 [SUCCEEDING GUARDIAN OR CONSERVATOR.] If a guardian or conservator dies, resigns, or is removed, the court (WITH OR WITHOUT NOTICE) may appoint a successor *with at least 14 days prior notice to the ward or conservatee, his spouse, parents, adult children and siblings, and to other persons as the court may direct. If the ward or conservatee has capacity to do so, he may nominate a person to serve as successor or may give instructions to the succeeding guardian or conservator or he may do both. The court shall appoint the person so nominated and shall charge him with the instructions, unless the court finds that the appointment of the nominee or the instructions or both are not in the best interests of the ward or conservatee.*

Sec. 16. Minnesota Statutes 1978, Section 525.591, is amended to read:

525.591 [SPECIAL GUARDIAN OR CONSERVATOR.]
Subdivision 1. Any person may file a verified petition for a special guardian or conservator. The petition shall contain: (a) all of the information required in section 525.542; (b) the reasons that the petitioner believes the proposed ward or conservatee is in need of a special guardian or conservator; and (c) the reasons why the regular procedure for obtaining guardianship or conservatorship is not appropriate.

Subd. 2. Upon a clear showing of necessity (OR EXPEDIENCY), the court with (OR WITHOUT) notice may appoint a special guardian or conservator (OF THE PERSON OR ESTATE) or both of any adult person designated in section 525.54, whether or not a petition for general guardianship or conservatorship has been filed (OR NOT). Notice shall be given in language which can be easily understood at least 24 hours prior to the hearing, and shall contain the information required by section 525.55, subdivision 2, regarding the purpose of the hearing and the rights of the proposed ward or conservatee. A copy of the petition shall be served with the notice. The court may waive the 24 hour notice requirement upon a showing that immediate and reasonably foreseeable harm to the person or his estate will result from the 24 hour delay. Notice of the court's order shall be given to the proposed ward or conservatee.

Subd. 3. (THERE SHALL BE NO) An appeal may be taken from any order appointing (OR REFUSING TO APPOINT) a special guardian or conservator. (A SPECIAL GUARDIAN OR CONSERVATOR OF THE PERSON SHALL HAVE CHARGE OF THE PERSON OF THE WARD OR CONSERVATEE. A SPECIAL GUARDIAN OR CONSERVATOR OF THE ESTATE SHALL COLLECT THE ASSETS AND CONSERVE THE ESTATE, UNLESS HIS POWERS ARE LIMITED BY THE COURT IN THE ORDER OF APPOINTMENT AND IN THE LETTERS TO THE PERFORMANCE OF SPECIFIED ACTS. UPON A SHOWING OF NECESSITY OR

EXPEDIENCY, THE COURT WITH OR WITHOUT NOTICE MAY EXPRESSLY CONFER UPON A SPECIAL GUARDIAN OR CONSERVATOR POWER TO PERFORM ANY OR ALL ACTS IN THE ADMINISTRATION OF THE GUARDIANSHIP OR CONSERVATORSHIP, NOT EXCEEDING THE POWERS CONFERRED BY LAW UPON GENERAL GUARDIANS OR CONSERVATORS) *The appeal shall be handled on an expedited basis by the district court.*

Subd. 4. The court shall grant to a special guardian or conservator only those powers necessary to provide for the demonstrated needs of the ward or conservatee. Subject to this limitation the court may grant any of the powers specified in section 525.56.

Subd. 5. Within 14 days after appointment, a special guardian or conservator of the estate shall file an inventory and appraisal of the personal property according to the requirements of sections 525.561 and 525.562. The court shall specify in its order the duration of the special guardianship or conservatorship. At the expiration of the time specified in the court's order, or upon the granting of letters of general guardianship or conservatorship, the power of a special guardian or conservator shall cease, and he shall proceed forthwith to a final accounting. When a special guardian or conservator has been appointed to protect the ward's or conservatee's interest in any matter wherein the interest of the general guardian or conservator appears to conflict with that of the ward or conservatee, or to protect the ward's or conservatee's interest upon suspension of an order of removal of a general guardian or conservator by appeal, the power of (SUCH) the special guardian or conservator shall not cease until terminated by the court.

Sec. 17. Minnesota Statutes 1978, Section 525.60, Subdivision 1, is amended to read:

525.60 [TERMINATION.] Subdivision 1. (A GUARDIANSHIP OR CONSERVATORSHIP OF A MINOR SHALL TERMINATE UPON HIS DEATH OR UPON HIS ATTAINMENT OF LEGAL AGE. THE MARRIAGE OF A FEMALE WARD OR CONSERVATEE UNDER GUARDIANSHIP OR CONSERVATORSHIP AS A MINOR ONLY AND NOT UNDER A JUVENILE COURT GUARDIANSHIP OR CONSERVATORSHIP SHALL TERMINATE THE GUARDIANSHIP OR CONSERVATORSHIP OF HER PERSON BUT NOT OF HER ESTATE.) The guardianship or conservatorship of (A) *an adult ward or conservatee (OTHER THAN A MINOR)* shall terminate upon his death or upon (HIS) *the ward's or conservatee's restoration to capacity.* When there is no further need for any guardianship or conservatorship, the court may terminate the same upon (SUCH) notice as it may direct. *Termination does not affect a guardian's or conservator's liability for*

prior acts, nor his obligation to account for funds and assets of his ward or conservatee.

Sec. 18. Minnesota Statutes, 1979 Supplement, Section 525.61, is amended to read:

525.61 [RESTORATION TO CAPACITY; MODIFICATION OF GUARDIANSHIP OR CONSERVATORSHIP.] Any *adult* person who is under guardianship or conservatorship ((EXCEPT AS A MINOR, OR AS A FEEBLE MINDED OR EPILEPTIC PERSON, OR A PERSON UNDER GUARDIANSHIP OR CONSERVATORSHIP IN THE JUVENILE COURT), OR), his guardian or conservator, or any other person (INTERESTED IN HIM OR HIS ESTATE) may petition the court in which (HE WAS SO ADJUDICATED) *the ward or conservatee was placed under guardianship or conservatorship to be restored to capacity (OR), to have a guardianship transferred to a conservatorship or to modify the guardianship or conservatorship.* Upon the filing of (A) *the* petition, the court shall fix the time and place for the hearing (THEREOF) *of it,* notice of which shall be given to the (COMMISSIONER OF PUBLIC WELFARE IF HE WAS UNDER THE CONTROL OF THE COMMISSIONER AND HAS NOT BEEN DISCHARGED BY THE COMMISSIONER,) *ward or conservatee, guardian or conservator,* and to those other persons and in (A) *the* manner (AS THE COURT MAY DIRECT) *provided in section 525.55.*

(ANY PERSON MAY OPPOSE THE RESTORATION. UPON PROOF THAT THE PERSON IS OF SOUND MIND AND CAPABLE OF MANAGING HIS PERSON AND ESTATE, AND THAT HE IS NOT LIKELY TO EXPOSE HIMSELF OR HIS FAMILY TO WANT OR SUFFERING, THE COURT SHALL ADJUDGE HIM RESTORED TO CAPACITY) *To obtain an order of restoration to capacity the petitioner must prove by a preponderance of the evidence that the ward or conservatee is no longer incapacitated as defined in section 525.54 and is able to make provisions for his care or manage his property. If a ward or conservatee has the functional ability to care for himself or for his property, or to make provisions for his care or the care of his property, the fact that he may be impaired to some extent by a mental condition shall not preclude his restoration to capacity. In any proceedings for restoration, the court may appoint (TWO) one person duly licensed (DOCTORS OF MEDICINE TO ASSIST IN THE DETERMINATION OF THE MENTAL CAPACITY OF THE PATIENT) by a health related licensing board and one accredited social worker with expertise in evaluating persons who have disabilities similar to those found to be the reason for the ward's or conservatee's incapacity, to assist in the determination of the ward's or conservatee's mental condition and functional ability to care for himself or his property. The court shall allow and order paid to each (DOCTOR) health professional and social worker a reasonable sum for his services. Upon the order,*

the county auditor shall issue a warrant on the county treasurer for the payment (THEREOF) of it.

Sec. 19. Minnesota Statutes 1978, Section 525.62, is amended to read:

525.62 [MORTGAGE AND LEASE.] Sections 525.62 to 525.702 shall be applicable only to guardianships and conservatorships and not to decedents' estates. As used in sections 525.62 to 525.702, the word "mortgage" includes an extension of an existing mortgage, subject to the provisions of section 525.691 (; THE WORD "LEASE," UNLESS THE CONTEXT OTHERWISE INDICATES, MEANS A LEASE FOR MORE THAN THREE YEARS).

Sec. 20. Minnesota Statutes 1978, Section 525.63, is amended to read:

525.63 [REASONS FOR SALE, MORTGAGE, LEASE.] The court may direct a sale, mortgage, or lease of any real estate of a ward or conservatee when the personal property is insufficient to pay his debts and other charges against his estate, or to provide for the support, maintenance, and education of the ward or conservatee, his (WIFE) *spouse*, and *dependent* children, or when it shall determine (SUCH) *the* sale, mortgage, or lease to be for the best interest of the ward or conservatee.

The homestead of a ward or conservatee shall not be sold, mortgaged, or leased unless the written consent of the spouse has been filed.

Sec. 21. Minnesota Statutes 1978, Section 525.67, is amended to read:

525.67 [AGREEMENT AND SALE FOR PUBLIC PURPOSE.] When any real estate of a ward or conservatee is desired by any person, firm, association, corporation, or governmental agency having the power of eminent domain, the guardian or conservator may agree, in writing, upon the compensation to be made for the taking, injuring, damaging, or destroying (THEREOF) of it, subject to the approval of the court. When (SUCH) *the* agreement has been made, the guardian or conservator shall file a petition, of which the agreement shall be a part, setting forth the facts relative to the transaction. The court, with (OR WITHOUT) notice *as provided in section 525.83*, shall hear, determine, and act upon the petition. If the court approves the agreement, the guardian or conservator, upon payment of the agreed compensation, shall convey the real estate sought to be acquired and execute any release which may be authorized.

Sec. 22. Minnesota Statutes 1978, Section 525.69, is amended to read:

525.69 [CONVEYANCE OF VENDOR'S TITLE.] When any ward or conservatee is legally bound to make a conveyance or lease, the court, with (OR WITHOUT) notice *as provided in section 525.83*, may direct the guardian or conservator to make the conveyance or lease to the person entitled (THERE TO) to it. The petition may be made by any person claiming to be entitled to (SUCH) *the* conveyance or lease, (OR) by the guardian or conservator, or by any person interested in the estate or claiming an interest in (SUCH) *the* real estate or contract, and shall show the description of the land and the facts upon which (SUCH) *the* claim for conveyance or lease is based. Upon proof of the petition, the court may order the guardian or conservator to execute and deliver an instrument of conveyance or lease upon performance of the contract.

Sec. 23. Minnesota Statutes 1978, Chapter 525, is amended by adding a section to read:

[525.703] [COSTS.] *In proceedings under sections 525.54 to 525.702, except in cases in which the petitioner filed a petition in bad faith, fees for counsel representing the proposed ward or conservatee shall be borne by the proposed ward or conservatee. In cases in which the petitioner acted in bad faith, he shall bear the costs. Except as otherwise provided in this section, the fee of petitioner's counsel shall be borne by the petitioner. In uncontested cases the court may order the fee charged to the ward or conservatee if the petition is granted. If the proposed ward or conservatee is indigent, the fees for which the ward or conservatee is responsible shall be borne by the county having jurisdiction over the guardianship proceedings.*

Sec. 24. Minnesota Statutes 1978, Section 525.83, is amended to read:

525.83 [NOTICE.] When notice of hearing is required by any provision of this chapter by reference to this section, (SUCH) *the* notice shall be given once a week for three consecutive weeks in a legal newspaper designated by the petitioner in the county wherein the proceedings are pending; or, if no such designation (BE) is made, in any legal newspaper in (SUCH) *the* county; or, if the city of the decedent's residence is situated in more than one county, in any legal newspaper in (SUCH) *the* city. The first publication shall be had within two weeks after the date of the order fixing the time and place for the hearing.

At least 14 days prior to the date fixed for hearing the petitioner, his attorney or agent, shall in guardianship or conservatorship mail a copy of the notice to (SUCH) *the* ward or conservatee, and other persons as the court may direct and in decedents' estates shall mail a copy of the notice to each heir, devisee, and legatee whose name and address are known to him.

Proof of (SUCH) publication and mailing shall be filed before the hearing. No defect in any notice nor in the publication or service (THEREOF) of it shall invalidate any proceedings.

Sec. 25. [525.615] [STATUS OF GUARDIAN OF MINOR; GENERAL.] *A person becomes a guardian of a minor by acceptance of a testamentary appointment or upon appointment by the court. The guardianship status continues until terminated, without regard to the location from time to time of the guardian and minor ward.*

Sec. 26. [525.6155] [TESTAMENTARY APPOINTMENT OF GUARDIAN OF MINOR.] *The parent of a minor may appoint by will a guardian of an unmarried minor. Subject to the right of the minor under section 26, a testamentary appointment becomes effective upon filing the guardian's acceptance in the court in which the will is probated, if before acceptance both parents are dead or the surviving parent is adjudged incapacitated. If both parents are dead, an effective appointment by the parent who died later has priority. This state recognizes a testamentary appointment effected by filing the guardian's acceptance under a will probated in another state which is the testator's domicile. Upon acceptance of appointment, written notice of acceptance must be given within five days by the guardian to the minor, to the person having his care, to his adult siblings, his grandparents, aunts and uncles. Notice shall state that any person interested in the welfare of the minor or the minor, if 14 or more years of age, may file with the court a written objection to the appointment in accordance with section 26.*

Sec. 27. [525.616] [OBJECTION BY MINOR OF 14 OR OLDER OR INTERESTED ADULT TO TESTAMENTARY APPOINTMENT.] *A minor of 14 or more years or any adult interested in his welfare may prevent an appointment of a testamentary guardian from becoming effective, or may cause a previously accepted appointment to terminate, by filing with the court in which the will is probated a written objection to the appointment before it is accepted or within 30 days after its acceptance. An objection may be withdrawn. An objection shall not preclude appointment by the court in a proper proceeding of the testamentary nominee, or any other suitable person.*

Sec. 28. [525.6165] [COURT APPOINTMENT OF GUARDIAN OF MINOR; CONDITIONS FOR APPOINTMENT.] *The court may appoint a guardian for an unmarried minor if all parental rights of custody have been terminated or suspended by circumstances or prior court order. A guardian appointed by will as provided in section 25 whose appointment has not been prevented or nullified under section 26 has priority over any guardian who may be appointed by the court, but the court may proceed with an appointment upon a finding that the testamentary guardian has failed to accept the testamentary appointment within 30 days after notice of the guardianship proceeding.*

Sec. 29. [525.617] [COURT APPOINTMENT OF GUARDIAN OF MINOR; VENUE.] *The venue for guardianship pro-*

ceedings for a minor is in the place where the minor resides or is present.

Sec. 30. [525.6175] [COURT APPOINTMENT OF GUARDIAN OF MINOR; QUALIFICATION; PRIORITY OF MINOR'S NOMINEE.] *The court may appoint as guardian any person whose appointment would be in the best interests of the minor. The court shall appoint a person nominated by the minor, if the minor is 14 years of age or older, unless the court finds the appointment contrary to the best interests of the minor.*

Sec. 31. [525.618] [COURT APPOINTMENT OF GUARDIAN OF MINOR; PROCEDURE.] *Subdivision 1. Notice of the time and place of hearing of a petition for the appointment of a guardian of a minor shall be given by the petitioner in the following manner and to the following persons:*

(a) *The minor, if he is 14 or more years of age, by personal service at least 14 days prior to the date of hearing;*

(b) *The person who has had the principal care and custody of the minor during the 60 days preceding the date of the petition, by personal service at least 14 days prior to the date of hearing;*

(c) *Any living parent of the minor by personal service, at least 14 days prior to the date of hearing;*

(d) *Any adult siblings of the minor, service by mail, at least 14 days prior to the date of hearing; and*

(e) *To any other persons that the court may direct.*

Subd. 2. Upon hearing, if the court finds that a qualified person seeks appointment, venue is proper, the required notices have been given, the requirements of section 27 have been met, and the welfare and best interests of the minor will be served by the requested appointment, it shall make the appointment. In other cases the court may dismiss the proceedings, or make any other disposition of the matter that will best serve the interests of the minor.

Subd. 3. If necessary, the court may appoint a temporary guardian, with the status of an ordinary guardian of a minor, but the authority of a temporary guardian shall not last longer than six months.

Subd. 4. If, at any time in the proceeding, the court determines that the interests of the minor are or may be inadequately represented, it may appoint an attorney to represent the minor, giving consideration to the preference of the minor if the minor is 14 years of age or older.

Sec. 32. [525.6185] [CONSENT TO SERVICE BY ACCEPTANCE OF APPOINTMENT; NOTICE.] *By accepting a testamentary or court appointment as guardian, a guardian submits personally to the jurisdiction of the court in any proceeding relating to the guardianship that may be instituted by any interested person. Notice of any proceeding shall be given by personal service upon the guardian at least 14 days prior to the date of the hearing. Letters of guardianship must indicate whether the guardian was appointed by will or by court order.*

Sec. 33. [525.619] [POWERS AND DUTIES OF GUARDIAN OF MINOR.] *A guardian of a minor has the powers and responsibilities of a parent who has not been deprived of custody of his minor and unemancipated child, except that a guardian is not legally obligated to provide from his own funds for the ward and is not liable to third persons by reason of the parental relationship for acts of the ward. In particular, and without qualifying the foregoing, a guardian has the following powers and duties:*

(a) *He must take reasonable care of his ward's personal effects and commence protective proceedings if necessary to protect other property of the ward.*

(b) *He may receive money for the support of the ward payable to the ward's parent, guardian or custodian under the terms of any statutory benefit or insurance system, or under any private contract, devise, trust, conservatorship or custodianship. He also may receive money or property of the ward paid or delivered by virtue of section 36. Any sums so received shall be applied to the ward's current needs for support, care and education. The guardian must exercise due care to conserve any excess for the ward's future needs unless a conservator has been appointed for the estate of the ward, in which case the excess shall be paid over at least annually to the conservator. Sums so received by the guardian are not to be used for compensation for his services except as approved by order of court or as determined by a duly appointed conservator other than the guardian. A guardian may institute proceedings to compel the performance by any person of a duty to support the ward or to pay sums for the welfare of the ward.*

(c) *The guardian is empowered to facilitate the ward's education, social, or other activities and to authorize medical or other professional care, treatment or advice. A ward may not be committed to any state institution except pursuant to sections 253A.01 to 253A.21, and no guardian may give consent for psychosurgery, electroshock, sterilization or experimental treatment of any kind unless the procedure is first approved by the order of the court, after a hearing as prescribed by section 525.56, subdivision 2.*

A guardian is not liable by reason of his consent for injury to the ward resulting from the negligence or acts of third persons unless it would have been illegal for a parent to have consented, or unless he fails to comply with the requirements of this section which provide that a court order is necessary for commitment and for certain types of medical procedures. A guardian may consent to the marriage or adoption of his ward.

(d) A guardian must report the condition of his ward and of the ward's estate which has been subject to his possession or control, as ordered by the court on petition of any person interested in the minor's welfare and as required by section 525.58, subdivision 1.

Sec. 34. [525.6192] [TERMINATION OF APPOINTMENT OF GUARDIAN; GENERAL.] *A guardian's authority and responsibility terminates upon the death, resignation or removal of the guardian or upon the minor's death, adoption, marriage or attainment of majority, but termination does not affect the guardian's liability for prior acts, nor his obligation to account for funds and assets of his ward. Resignation of a guardian does not terminate the guardianship until it has been approved by the court. A testamentary appointment under an informally probated will terminates if the will is later denied probate in a formal proceeding.*

Sec. 35. [525.6194] [PROCEEDINGS SUBSEQUENT TO APPOINTMENT; VENUE.] *(a) The court where the ward resides has concurrent jurisdiction with the court which appointed the guardian or in which acceptance of a testamentary appointment was filed, over resignation, removal, accounting and other proceedings relating to the guardianship.*

(b) If the court located where the ward resides is not the court in which acceptance of appointment is filed, the court in which proceedings subsequent to appointment are commenced shall in all appropriate cases notify the other court, in this or another state, and after consultation with that court shall determine whether to retain jurisdiction or transfer the proceedings to the other court, whichever is in the best interests of the ward. A copy of any order accepting a resignation or removing a guardian shall be sent to the court in which acceptance of appointment is filed.

Sec. 36. [525.6195] [RESIGNATION OR REMOVAL PROCEEDINGS.] *(a) Any person interested in the welfare of a ward or the ward, if 14 or more years of age, may petition for removal of a guardian on the ground that removal would be in the best interests of the ward. A guardian may petition for permission to resign. A petition for removal or for permission to resign may, but need not, include a request for appointment of a successor guardian.*

(b) After notice and hearing on a petition for removal or for permission to resign, the court may terminate the guardianship and make any further order that may be appropriate.

(c) If, at any time in the proceeding, the court determines that the interests of the ward are, or may be, inadequately represented, it may appoint an attorney to represent the minor, giving consideration to the preference of the minor if the minor is 14 or more years of age.

Sec. 37. [525.6196] [FACILITY OF PAYMENT OR DELIVERY.] Any person under a duty to pay or deliver money or personal property to a minor may perform this duty, in amounts not exceeding \$5,000 per annum, by paying or delivering the money or property to, (1) any person having the care and custody of the minor with whom the minor resides; (2) a guardian of the minor; or (3) a financial institution incident to a deposit in a federally insured savings account in the sole name of the minor and giving notice of the deposit to the minor. This section does not apply if the person making payment or delivery has actual knowledge that a conservator has been appointed or that proceedings for appointment of a conservator of the estate of the minor are pending. The persons, other than the minor or any financial institution under (3) above, receiving money or property for a minor, are obligated to apply the money to the support and education of the minor, but may not pay themselves except by way of reimbursement for out-of-pocket expenses for goods and services necessary for the minor's support. Any excess sums shall be preserved for future support of the minor and any balance not so used and any property received for the minor must be turned over to the minor when he attains majority. Persons who pay or deliver money or personal property in accordance with provisions of this section are not responsible for the proper application of it.

Sec. 38. [525.6198] [PROTECTIVE PROCEEDINGS; APPOINTMENT OF CONSERVATOR OF ESTATE OF MINOR.] Upon petition and after notice and hearing in accordance with the provisions of section 30 the court may appoint a conservator or make other protective order for cause as follows:

(1) Appointment of a conservator or other protective order may be made in relation to the estate and affairs of a minor if the court determines that a minor owns money or property requiring management or protection which cannot otherwise be provided, that a minor has or may have business affairs which may be jeopardized or prevented by his minority, or that funds are needed for the minor's support and education and that protection is necessary or desirable to obtain or provide funds.

(2) The court may grant to the conservator of the estate of a minor any or all of the powers and duties enumerated in

section 525.56, subdivision 3, and the conservator shall be subject to the requirements of 525.58 to 525.582 regarding an inventory and accounting. The conservator shall file a bond with the court in such amount as the court may direct.

Sec. 39. [REPEALER.] *Minnesota Statutes 1978, Sections 525.60, Subdivision 2; 525.611; 525.612; 525.613; 525.614; and 525.621 are repealed."*

HOUSE RESOLUTION NO. 30

A house resolution relating to extending congratulations to the United States ice hockey team at the XIII Olympic Winter Games.

Whereas, residents of the State of Minnesota make up the majority of the United States ice hockey team at the XIII Olympic Winter Games; and,

Whereas, the team was coached by Herb Brooks of the University of Minnesota; and,

Whereas, even before the games all Minnesotans were proud of the fact that the state is so heavily represented on the ice hockey team at the Olympics; and,

Whereas, against the predictions of "experts" who predicted that the team would not do well and, in particular, that they would be beaten by a "vastly superior" Russian team; and,

Whereas, the winning of the gold medal in ice hockey by the team involving a victory over the skilled team from the Union of Soviet Socialist Republics was inspirational to all Minnesotans; and,

Whereas, throughout the Olympics the Minnesotans performed with great skill and tenacity against the rugged competition from many nations; and,

Whereas, it is proper to recognize the coach and players from Minnesota on the ice hockey team; *Now Therefore*,

Whereas, our Minnesota athletes have made significant contributions to the United States Olympic Team which are recognized and applauded by the people of the State of Minnesota; *Now, Therefore*,

Be It Resolved by the House of Representatives of the State of Minnesota that the United States Olympic Team be congratulated for the exemplary sportsmanship shown by all members of the team in its participation in the XIII Olympic Winter Games.

Sec. 2. Minnesota Statutes 1978, Section 299F.56, Subdivision 5, is amended to read:

Subd. 5. "Transportation of gas" means the gathering, transmission, or distribution of gas by pipeline or its storage; except that it shall not include any such transportation of gas which is subject to the jurisdiction of the Federal Power Commission under the Natural Gas Act of the United States, or the gathering of gas in those rural locations which lie outside the limits of any incorporated or unincorporated city, town, or any other designated residential or commercial area such as a subdivision, a business or shopping center, a community development or any similar populated area which the (STATE FIRE MARSHAL) *department* may define as a nonrural area.

"Pipeline facilities" shall not include any facilities subject to the jurisdiction of the Federal Power Commission under the Natural Gas Act of the United States.

(SUCH) Standards may apply to the design, installation, inspection, testing, construction, extension, operation, replacement and maintenance of pipeline facilities. Standards affecting the design, installation, construction, initial inspection and initial testing shall not be applicable to pipeline facilities in existence on the date such standards are adopted. (SUCH) Safety standards shall be practicable and designed to meet the need for pipeline safety. In prescribing (SUCH) standards, the (STATE FIRE MARSHAL) *department* shall consider:

- (a) relevant available pipeline safety data;
- (b) whether such standards are appropriate for the particular type of pipeline transportation;
- (c) the reasonableness of any proposed standards;
- (d) the extent to which any such standards will contribute to public safety; and
- (e) the existing standards established by the Secretary of Transportation of the United States pursuant to the Natural Gas Pipeline Safety Act of 1968 of the United States.

Provided, however, that the (STATE FIRE MARSHAL) *department* shall not be empowered to adopt any such standards as to the transportation of gas or to pipeline facilities which are subject to the jurisdiction of the Federal Power Commission under the Natural Gas Act of the United States.

Subd. 2. Any standards prescribed under this section (, AND AMENDMENTS THERETO,) shall become effective 30 days after the date of issuance of such standards unless the (STATE FIRE MARSHAL) *department*, for good cause (RECITED), determines an earlier or later effective date is required as the result of the period reasonably necessary for compliance.

Subd. 3. The rulemaking, contested case and judicial review provisions of chapter 15, shall apply to all orders establishing, amending, revoking, or waiving compliance with, any standard established under sections 299F.56 to 299F.64 or any penalty imposed under sections 299F.56 to 299F.64. The (STATE FIRE MARSHAL) *department* shall afford interested persons an opportunity to participate fully in the establishment of such safety

standards through submission of written data, views or arguments, with opportunity to present oral testimony and argument.

Subd. 4. Whenever the (STATE FIRE MARSHAL) *department* shall find a particular facility to be hazardous to life or property, he shall be empowered to require the person operating such facility to take such steps necessary to remove such hazards.

Subd. 5. Upon application by any person engaged in the transportation of gas or the operation of pipeline facilities, the (STATE FIRE MARSHAL) *department* may, after notice and opportunity for hearing and under such terms and conditions and to such extent as he deems appropriate, waive in whole or in part compliance with any standards established under sections 299F.56 to 299F.64, if he determines that a waiver of compliance with such standard is not inconsistent with gas pipeline safety. The (STATE FIRE MARSHAL) *department* shall state (HIS) *the* reasons for any such waiver.

Sec. 5. Minnesota Statutes 1978, Section 299F.58, is amended to read:

299F.58 [CERTIFICATIONS AND REPORTS.] The (STATE FIRE MARSHAL) *department* is authorized to make such certifications and reports to the United States Secretary of Transportation as may be required from time to time under the Natural Gas Pipeline Safety Act of 1968 of the United States.

Sec. 7. Minnesota Statutes 1978, Section 299F.60, Subdivision 2, is amended to read:

Subd. 2. The (STATE FIRE MARSHAL) *department* may negotiate a compromise settlement of a civil penalty. In determining the amount of such penalty, or the amount of the compromise settlement, the (STATE FIRE MARSHAL) *department* shall consider the appropriateness of such penalty to the size of the business of the person charged, the gravity of the violation, and the good faith of the person charged in attempting to achieve compliance, after notification of a violation. The contested case and judicial review provisions of chapter 15 shall apply to all orders of the (STATE FIRE MARSHAL) *department* imposing

any penalty under sections 299F.56 to 299F.64 or under any regulation promulgated thereunder. The amount of such penalty, when finally determined, may be deducted from any sums owing by the state of Minnesota to the person charged.

Whenever practicable, the (STATE FIRE MARSHAL) *department* shall give notice to any person against whom an action for injunctive relief is contemplated and afford him an opportunity to present his views, and, except in the case of a knowing and willful violation, shall afford him reasonable opportunity to achieve compliance. However, the failure to give such notice and afford such opportunity shall not preclude the granting of appropriate relief.

Sec. 9. Minnesota Statutes 1978, Section 299F.62, is amended to read:

If the (STATE FIRE MARSHAL) *department* finds that such plan is inadequate to achieve safe operation, (HE) *it* shall, after notice and opportunity for a hearing, require such plan to be revised. The plan required by the (STATE FIRE MARSHAL) *department* shall be practicable and designed to meet the need for pipeline safety. In determining the adequacy of any such plan, the (STATE FIRE MARSHAL) *department* shall consider the following:

- (a) relevant available pipeline safety data;

The commissioner shall investigate opportunities for the inclusion of local governments and regional agencies in the resource recovery program.

Subd. 3. [POWERS OF COMMISSIONER.] The commissioner of administration shall have such powers as are necessary to implement and operate the program. All state agencies shall comply with the policies, guidelines, and procedures established by the commissioner pursuant to this section. The commissioner shall have the power to issue orders to compel such compliance.

Subd. 4. [STAFF.] The commissioner of administration shall employ an administrator to manage the resource recovery program and such other staff and consultants as are necessary to carry out the program.

Subd. 5. [REPORTS.] By January 1, 1981, and each odd-numbered year thereafter, the commissioner of administration shall submit a report to the governor and to the legislative commission summarizing past activities and proposed goals of the program for the following biennium. By July 1, 1980, and thereafter within three months following the commissioner's report to the legislative commission, the directors of the energy agency and the pollution control agency shall submit recommen-

dations to the commissioner regarding the operation of the program.

Subd. 6. [RESOURCE RECOVERY REVOLVING ACCOUNT.] Upon the certification of the commissioner of administration, the commissioner of finance shall establish an account in the general services revolving fund, effective June 30, 1980, for the operation of the state government resource recovery program. The revolving account shall consist of all funds appropriated by the state for the program and all revenues resulting from the sale of used commodities made available for sale as a result of the resource recovery program. The account may be used for all activities associated with the program including payment of administrative and operating costs.

ARTICLE III

COMMERCIAL HAZARDOUS WASTE DISPOSAL FACILITIES

Section 1. [LEGISLATIVE FINDINGS; PURPOSE.] The legislature finds that commercial hazardous waste disposal facilities are needed in the state to manage properly the hazardous waste generated in the state and to conserve and protect the natural resources in the state and the health, safety, and welfare of its citizens, that this need cannot be met solely by the activities of private persons and political subdivisions acting alone or jointly, and that therefore it is necessary to provide a procedure for making final determinations on the locations, sizes, types, and functions of such facilities.

Sec. 2. [PROCEDURE NOT EXCLUSIVE.] The procedure established by this article for the permitting of hazardous waste disposal facilities is not exclusive and shall not preclude the issuance of other permits by the agency pursuant to section 116.07.

Sec. 3. [SITE EVALUATION FACTORS.] In evaluating and selecting sites for disposal facilities, the board shall consider at least the following factors:

(a) economic feasibility and viability, proximity to concentrations of generators of the types of hazardous wastes likely to be proposed and permitted for disposal;

(b) willingness of qualified private waste management firms to establish a facility at the site, as indicated by facility proposals and permit applications;

(c) intrinsic suitability of the sites;

(d) *federal and state pollution control and environmental protection rules;*

(e) *the risk and effect for local residents, units of government, and the local public health, safety, and welfare, including such dangers as an accidental release of wastes during transportation to a facility or at a facility, water, air, and land pollution, and fire or explosion;*

(f) *the consistency of a facility with, and its effect on, existing and planned local land use and development; local laws, ordinances, and permits; and local public facilities and services;*

(g) *the adverse effects of a facility at the site on the natural environment, resources, and ecology and scenic, cultural, historic, aesthetic, and recreational values, and opportunities to mitigate or eliminate such adverse effects by stipulations, conditions, and requirements respecting the design and operation of a disposal facility at the proposed site.*

Sec. 4. [RULES NOT REQUIRED.] *The board shall not be required to promulgate rules pursuant to chapter 15 governing its activities under this article.*

Sec. 5. [CANDIDATE SITES.] *Subdivision 1. [SELECTION.] By July 1, 1981, the board shall select six locations in the state as candidate sites for commercial disposal facilities for hazardous waste. No location shall be selected as a candidate site unless the agency certifies its intrinsic suitability for the use intended, based on preliminary environmental analysis and on-site surveys and investigations conducted by the board or agency. The board shall consult with the agency and the private waste management industry in selecting candidate sites. Any sites proposed in applications for permits for disposal facilities being reviewed by the agency on July 1, 1981, may be included by the board as candidate sites, provided the agency certifies the apparent intrinsic suitability of the sites.*

Subd. 2. [PROCEDURE.] *As soon as practicable, the board shall publish a request soliciting proposals and permit applications for hazardous waste disposal facilities from potential developers and operators of such facilities. Notice of the request shall be published in the state register and newspapers of general circulation in the state and shall be transmitted to all regional development commissions, the metropolitan council, and all counties in the state. By January 1, 1981, for the purpose only of informing the selection of candidate sites under this section, the board shall select conceptual design and operating specifications for a variety of hazardous waste disposal facilities in sufficient detail and extent in the judgment of the board to allow the evaluation of sites and the selection of candidate sites. By January 1, 1981, the board shall notify each regional development commission, or the metropolitan council, and each county,*

city, and town within whose jurisdiction the board intends to search for candidate sites. The notification shall explain the selection of the jurisdiction as a search area; shall summarize the conceptual specifications and the evaluation factors, criteria, standards, and procedures the board intends to use in selecting candidate sites; and shall describe the relationship of the candidate site selection process to the other review procedures under this article and the hazardous waste reports and plans required under article II. The notification shall request recommendations and suggestions from each such commission, the metropolitan council, and county, city, and town on the criteria, standards, and procedures the board should use in selecting candidate sites within the time allowed. The board shall make a written response to any recommendations, explaining its disposition of the recommendations.

Subd. 3. [MORATORIUM.] A moratorium is hereby imposed on all development, except hazardous waste facilities, within each candidate site identified pursuant to this section and in a buffer area identified by the board surrounding and at least equal in area to the site. The moratorium shall extend until six months following final action of the board pursuant to this article. No such development shall be allowed to occur within a proposed site or buffer area during the period of the moratorium. No county, city, or town land use control shall permit such development, nor shall any county, city, or town sanction or approve any subdivision, permit, license, or other authorization which would allow such development to occur.

Sec. 6. [PARTICIPATION BY AFFECTED LOCALITIES.]
Subdivision 1. [GENERAL.] In order systematically to involve those who would be affected most directly by disposal facilities in all decisions leading to their establishment, the board's decisions on the preliminary specifications under section 7, the reports referred to in section 8 and the certification of need required under section 9 shall not be made until after the establishment of local project review committees for each candidate site, with representation on the board, pursuant to this section.

Subd. 2. [ESTABLISHMENT OF LOCAL PROJECT REVIEW COMMITTEES.] A local project review committee shall be established for each location selected as a candidate site. The local committee shall exist, and its members shall serve, so long as the location for which the committee was formed is a candidate site or, for the site or sites finally chosen, until the commencement of the operation of the facility at that site.

Subd. 3. [MEMBERSHIP ON LOCAL COMMITTEES.] By August 1, 1981, the governor shall appoint the chairperson and members of each local project review committee, ensuring a balanced representation of all parties with a legitimate and direct interest in the outcome of the project review. The gov-

ernor shall consult particularly with affected local units of government before selecting members. Members may be added to the local committee from time to time by the governor or by the governor upon motion of the committee or the board.

Subd. 4. [APPOINTMENT OF TEMPORARY BOARD MEMBERS.] *By September 1, 1981, each local committee shall select a temporary board member to be added to the board for the purposes of the reports, certifications, and review conducted under this article. Temporary board members may be members of the local project review committee, and they shall be residents of the county where the candidate site is located.*

Subd. 5. [DUTIES OF LOCAL COMMITTEES.] *During the review, the local project review committee shall: inform affected local communities, government units, and residents of the proposed land containment and disposal facilities and of the planning and environmental review process relating to the proposed facilities; solicit and record local attitudes and concerns respecting the proposed facilities and represent and communicate such attitudes and concerns to the board, the legislative commission, the environmental quality board, the agency, and other units and agencies of government; and act as a forum for the exchange of local attitudes and concerns and the development, where possible, of local consensus.*

Subd. 6. [TECHNICAL ASSISTANCE; GRANTS.] *To assist local project review committees to participate in the certification of need and the review process, the board shall make grants to the committees to be used to employ staff, pay administrative expenses, or contract with qualified consultants. The board shall ensure the delivery to the committees of technical information and assistance by appropriate state agencies.*

Sec. 7. [DISPOSAL FACILITIES; PRELIMINARY DESIGN AND OPERATING SPECIFICATIONS.] *By January 1, 1982, the board shall select, for further study and consideration, design and operating specifications for a variety of disposal facilities for hazardous waste, in sufficient detail and extent in the judgement of the agency to allow the agency to begin preparing an environmental impact statement on the alternative facilities at each of the candidate sites pursuant to section 10. The preliminary design and operating specifications shall describe the facility alternatives which will be considered at each site but shall not foreclose the subsequent addition by the board or agency of other disposal facility alternatives to be considered.*

Sec. 8. [HAZARDOUS WASTE MANAGEMENT REPORTS.] *The board shall prepare and submit the hazardous waste management reports required by Article II, section 6, subdivisions 4 and 5, in consultation with the local project review committees. The board shall request recommendations from the local committees and shall consult with the committees on the*

board's intended disposition of the recommendations. In its reports, the board shall summarize the recommendations of the committees and the board's response to the recommendations. Before submitting the reports, the board shall hold at least one public meeting in each county in which a candidate site is located. Notice of the public meeting shall be published in a newspaper or newspapers of general circulation in the area for two successive weeks ending at least 15 days before the date of the meeting. The notice shall describe the proposed facilities, the proposed location, the purpose of the board's report to the legislature, and the subsequent and related activities of the board.

Sec. 9. [CERTIFICATION OF NEED.] *By May 1, 1982, as part of its facilities development and disposal abatement plan adopted under article II, section 8, the board shall issue a certificate or certificates of need for disposal facilities for hazardous wastes in the state. The certificate or certificates shall indicate the types and volumes of waste for which disposal facilities are and will be needed through the year 2000 and the number, types, sizes, and general design, operating character, and function or use of the disposal facilities needed in the state. The board shall certify need only to the extent that the board has determined that there are no feasible and prudent alternatives including waste reduction, separation, pretreatment, processing, and resource recovery which would minimize adverse impact upon natural resources, provided that the board shall require the establishment of at least one commercial disposal facility in the state. Economic considerations alone shall not justify certification nor the rejection of alternatives. The certification shall be the final determination required on the matters decided by the certificate or certificates of need. The board and the permitting agencies, in reviewing and selecting sites, completing environmental impact statements, and issuing approvals and permits for waste disposal facilities described in the certificate or certificates of need, shall not reconsider matters determined in the certification. The board and the permitting agencies shall be required to make a final decision approving the establishment of facilities having the waste management capabilities described in the certification. The board and the permitting agencies shall be required to make a final decision approving the establishment of at least one commercial disposal facility for hazardous waste in the state.*

Sec. 10. [AGENCY; ENVIRONMENTAL REVIEW PROCEDURES.] *Subdivision 1. [ENVIRONMENTAL IMPACT STATEMENT.] An environmental impact statement meeting the requirements of chapter 116D shall be completed by the agency. The parts of the statement required by the board to prepare the reports required by article II, section 6, subdivisions 4 and 5, the plan required by article II, section 8, and the certification of need required by section 9 of this article shall be finally accepted or rejected at least 90 days before the report, plan, or certification is required. The parts of the statement required to*

make decisions pursuant to sections 11 and 12 on disposal facilities at each candidate site shall be finally accepted or rejected within 120 days following the issuance of a certificate or certificates of need under section 9.

Subd. 2. [PUBLIC DISCLOSURE.] Before commencing preparation of the environmental impact statement, the agency shall issue a document summarizing and making full disclosure of the intended objectives and contents of the environmental impact statement and the environmental review. Announcement of the disclosure shall be published in the state register. The disclosure shall:

- (a) identify the candidate sites;*
- (b) summarize preliminary design and operating specifications and indicate where and when the specifications are available for inspection;*
- (c) describe as fully as possible the object of the review, including the significant actions, issues, alternatives, types of impacts, and compensation and mitigation measures expected to be addressed in the statement; the depth of the analysis expected; and subjects which the statement will not address in depth because they have been disposed of previously or because they are believed to be insignificant or remote and speculative;*
- (d) identify, by reference and brief summary, any related planning activities and environmental reviews which have been, are being, or will be conducted, and the substantive, chronological, and procedural relationship between the proposed review and the other activities and reviews;*
- (e) identify the membership and address of the local project review committees and the names of the local representatives on the board;*
- (f) summarize the comments and suggestions received from the public pursuant to subdivision 3 and the agency's response.*

Subd. 3. [PUBLIC PARTICIPATION PROCEDURES.] The public disclosure document shall be issued following diligent effort to involve the public in determining the objective and contents of the environmental impact statement. At least one public meeting shall be held in each county with a candidate site. The advice of the board, facility developers, state agencies, the local project review committees, and local units of government shall be actively solicited. The agency may engage the state hearing examiner to conduct meetings and make recommendations concerning the review. Each local project review committee shall present to the agency a written report summarizing local concerns and attitudes about the proposed action and the specific

issues which the local communities and residents wish to see addressed in the environmental review.

Sec. 11. [AGENCIES; PERMIT CONDITIONS.] *Within 60 days following the acceptance of the final environmental impact statement, and after consulting with the board, facility developers, affected local government units, and the local project review committees, the permitting state agency or agencies shall finally indicate the conditions and terms of agency approval for all permits needed at each candidate site for construction of the facilities described in the board's certification of need. The agency decisions shall be consistent with the establishment of facilities in accordance with the certification of need.*

Sec. 12. [FINAL ACTION.] *Subdivision 1. [DECISION OF BOARD.] Within 60 days following the agency decisions on permit conditions, and after consulting with private facility developers, the agency, affected local government units, and the local project review committees, the board shall finally select the site or sites for the facilities and shall submit or cause to be submitted final permit applications. The final permit applications shall contain the provisions required by the permitting agencies, plus other stipulations, conditions, and requirements of the board relating to the facility as may be consistent with the certification of need and the agency rules and permit conditions. The board's decision shall finally resolve any conflicts among state agency permit terms and conditions. The board's decision and the permit applications shall provide for the establishment of facilities having the waste management capabilities described in the board's certification of need.*

Subd. 2. [BOARD'S DECISION PARAMOUNT.] To assure the paramount and controlling effect of the review process conducted under this article, the board's decision pursuant to subdivision 1 shall be final and shall supercede and preempt conflicting requirements of state agencies and political subdivisions. The permitting agencies shall issue permits within 30 days in accordance with the board's final decision and the final permit applications. All construction and operating permits shall conform to the terms of the decision and applications. No charter provision, ordinance, regulation, permit, or other requirement of any state agency or political subdivision shall prevent or restrict the establishment and operation of a facility in accordance with the final decision of the board.

Sec. 13. [RECONCILIATION AND INTERVENTION PROCEDURES.] *Subdivision 1. [REPORTS TO LEGISLATIVE COMMISSION.] At least 30 days before making final decisions on final site selection and permit application under section 12, the board may report to the legislative commission describing permit conditions or requirements being considered which are not within the existing authority of the agency or the board or which would require legislation or public financial assis-*

tance. The report shall not raise issues previously decided by the board's certification of need. In any such report the board may request the commission to intervene in the review.

Subd. 2. [PRE-INTERVENTION ASSESSMENT.] If the legislative commission determines that intervention might be warranted under the terms of subdivision 1, the commission may suspend the review process for up to 60 days to allow a pre-intervention assessment. The pre-intervention assessment shall be conducted by an independent, impartial, and qualified public intervenor appointed by the commission with the advice and consent of the parties to the dispute. The intervenor shall report to the commission. The report shall include:

(a) an assessment of whether the dispute is ripe for mediation and whether the parties are willing to mediate;

(b) an assessment of whether, within the terms of subdivision 1, substantive issues exist which were not decided by the certification of need and which cannot be resolved effectively through normal administrative and judicial procedures;

(c) a preliminary definition of the facts and issues in dispute and actions and decisions being considered;

(d) a description of the diverse parties having a legitimate and direct interest in the outcome of the dispute.

Subd. 3. [SUSPENSION OF REVIEW PROCESS; INTERVENTION PROCEEDING.] Following the report of the intervenor, the legislative commission may suspend the review process for an additional period not to exceed 90 days for an intervention proceeding. The intervention proceeding shall not consider issues previously decided by the board's certification of need. The intervenor shall be in charge of the intervention proceeding and may call for such participation and establish such procedures as he deems necessary and appropriate to facilitate agreement. The intervenor shall keep the chairperson of the legislative commission informed on the progress of the intervention proceeding, particularly with respect to agreements or proposed agreements which may require action or decisions not within the authority of the agency or board, legislative action, or public financial assistance. The intervenor shall make recommendations to the commission respecting any such agreements or proposed agreements. The commission may make recommendations to the intervenor respecting any such agreement or proposed agreement. If the commission approves of an agreement, or a decision based upon an agreement, which requires action or decisions not within the authority of the agency or board, legislative action, or public financial assistance, the commission shall cause the matter and recommendations to be submitted to the legislature for consideration.

Sec. 14. [JUDICIAL REVIEW.] *Any civil action maintained by or against the agency or board under this article shall be brought in the county where the site is located and shall take precedence over all other matters of a civil nature and be expedited to the maximum extent possible. Any person aggrieved by a final decision of the board authorizing facilities under this Article may appeal therefrom within 30 days as provided in chapter 15. No civil action shall be maintained pursuant to section 116B.03 with respect to conduct taken by a person pursuant to any environmental quality standard, limitation, regulation, rule, order, license, stipulation agreement or permit issued by the board under this article. Notwithstanding any provision of chapter 116B to the contrary, in any action brought under that chapter with respect to any decision or conduct undertaken by any person or the board or agency pursuant to this article after the period for appeal under this section has lapsed, the plaintiff shall have the burden of proving that the evidence required under section 116B.10 was not reasonably available within the time provided for appeal. The trial court shall, upon motion of any prevailing non-governmental party, award costs, disbursements, reasonable attorney's fees, and reasonable expert witness fees, if the court finds the action hereunder was commenced or defended in bad faith or was frivolous.*

Temporary members shall be residents of the county or counties in which the proposed facility would be located and shall be selected to represent broadly the local interests that would be directly affected by the proposed facility. At least one member appointed by the city or town shall live within one mile of the proposed facility, and at least one member appointed by the county shall be a resident of a city or town in which the proposed facility would be located. Temporary board members shall serve for terms lasting until the board has taken final action on the project.

Subd. 4. [REVIEW PROCEDURE.] The board shall meet to commence the supplementary review within 90 days of the submission of a request determined by the board to satisfy the requirements for review under this section. At the meeting commencing the review the chairman shall recommend and the board establish a scope and procedure for its review and final decision on the proposed facility. The procedure shall require the board to make a final decision on the proposed facility within 90 days following the commencement of review. The procedure shall require the board to conduct at least one public meeting in the county within which the proposed facility would be located. Notice of the meeting shall be published in a newspaper or newspapers of general circulation in the area for two successive weeks ending at least 15 days before the date of the meeting. The notice shall describe the proposed facility, its location, the proposed permits, and the board's scope and procedure for review. The notice shall identify a location or locations within the city or town and county where the permit applications, the agency notice of intent, and the board's scope and procedure for review are available for review and where copies may be obtained.

Subd. 5. [SCOPE AND CONTENT OF REVIEW.] In its review and final decision on the proposed facility, the board shall consider at least the following matters:

(a) the risk and effect of the proposed facility on local residents, units of government, and the local public health, safety,

and welfare, and the degree to which the risk or effect may be alleviated;

(b) the consistency of the proposed facility with, and its effect on, existing and planned local land use and development; local laws, ordinances, and permits; and local public facilities and services;

(c) opportunities to apply local regulations and requirements to the proposed facility at the proposed site;

(d) the adverse effects of the facility on the natural environment and ecology and scenic, cultural, historic, aesthetic, and recreational values, and opportunities to mitigate or eliminate such adverse effects by additional stipulations, conditions, and requirements respecting the design and operation of the proposed facility at the proposed site; and

(e) the need for the proposed facility, the availability of alternative sites, and opportunities to mitigate or eliminate need by additional and alternative solid waste management strategies or actions of a significantly different nature;

(f) whether, in the case of resource recovery facilities, the applicant has considered all other feasible and prudent waste processing alternatives for accomplishing the purposes of the proposed project and has compared and evaluated the costs of all such alternatives, including capital and operating costs, and the effects of all such alternatives on the cost to generators.

Subd. 6. [DECISION OF BOARD.] In its final decision in the review, the board may:

(a) disapprove the facility;

(b) approve the facility and the agency permits; or

(c) approve the facility but add more stringent stipulations, conditions, and requirements respecting the design and operation of the proposed facility at the site proposed.

The board shall not stipulate or establish conditions or requirements which are less stringent than those established by the agency permits. The board shall not stipulate or establish conditions or requirements affecting the location proposed for the facility in the agency permits. The board shall not stipulate or establish conditions or requirements for additional solid waste management capabilities at the facility of a different nature than those permitted in the agency permits. The board shall not stipulate or establish conditions or requirements relating to alternative solid waste management strategies, actions, or facilities not proposed by the applicant or addressed in the agency permits.

Sec. 3. [HAZARDOUS WASTE FACILITIES.] *Subdivision 1. [ELIGIBILITY.] The following persons shall be eligible to request supplementary review by the board pursuant to this section: (a) a generator of hazardous waste within the state who has been issued permits by the agency for a hazardous waste facility to be owned and operated by the generator, on property owned by the generator, and to be used by the generator exclusively for managing the hazardous wastes produced by the generator; (b) a generator of hazardous waste within the state, or an entity composed of or under contract to such generators, which has been issued permits by the agency for an interim storage facility for hazardous waste pursuant to article XI, section 9; and (c) a person who has been issued permits by the agency for a commercial hazardous waste processing facility at a site included in the board's inventory of preferred sites for such facilities adopted pursuant to article II, section 7.*

Subd. 2. [REQUEST FOR REVIEW.] An eligible person may request a supplementary review by the board. The request shall show that the required permits for the facility have been issued by the agency and that another state agency or political subdivision has refused to approve the establishment or operation of the facility.

Subd. 3. [APPOINTMENT OF TEMPORARY BOARD MEMBERS.] Within 45 days of the submission of a request determined by the board to satisfy the requirements for review under this section, temporary board members shall be added to the board for the purpose of the supplementary review. Three members shall be selected by the governing body of the city or town in which the waste management board determines the facility would be principally located, and three members shall be selected by the governing body of the county in which the waste management board determines the proposed facility would be principally located. Temporary members shall be residents of the county or counties in which the proposed facility would be located and shall be selected to represent broadly the local interests that would be directly affected by the proposed facility. At least one member appointed by the city or town shall live within one mile of the proposed facility, and at least one member appointed by the county shall be a resident of a city or town in which the proposed facility would be located. Temporary board members shall serve for terms lasting until the board has taken final action on the project.

Subd. 4. [REVIEW PROCEDURE.] The board shall meet to commence the supplementary review within 90 days of the submission of a request determined by the board to satisfy the requirements for review under this section. At the meeting commencing the review the chairperson shall recommend and the board establish a scope and procedure for its review and final decision on the proposed facility. The procedure shall require the board to make a final decision on the proposed facility within

90 days following the commencement of review. The procedure shall require the board to conduct at least one public meeting in the county within which the proposed facility would be located. Notice of the meeting shall be published in a newspaper or newspapers of general circulation in the area for two successive weeks ending at least 15 days before the date of the meeting. The notice shall describe the proposed facility, its location, the proposed permits, and the board's scope and procedure for review. The notice shall identify a location or locations within the city or town and county where the permit applications, the agency notice of intent, and the board's scope and procedure for review are available for review and where copies may be obtained.

Subd. 5. [SCOPE AND CONTENT OF REVIEW.] In its review and final decision on the proposed facility, the board shall consider at least the following matters:

(a) the risk and effect of the proposed facility on local residents, units of government, and the local public health, safety, and welfare, including such dangers as an accidental release of wastes during transportation to the facility or at the facility, water, air, and land pollution, and fire or explosion;

(b) the consistency of the proposed facility with, and its effect on, existing and planned local land use and development; local laws, ordinances, and permits; and local public facilities and services;

(c) opportunities to apply local regulations and requirements to the proposed facility at the proposed site;

(e) the need for the proposed facility, especially its contribution to abating disposal, and opportunities to mitigate or eliminate need by additional and alternative waste management strategies or actions of a significantly different nature.

Subd. 6. [DECISION OF BOARD.] In its final decision in the review, the board may:

(a) disapprove the facility;

(b) approve the facility and the agency permits; or

(c) approve the facility but add more stringent stipulations, conditions, and requirements respecting the design and operation of the proposed facility at the site proposed.

The board shall not stipulate or establish conditions or requirements which are less stringent than those established by the agency permits. The board shall not stipulate or establish conditions or requirements affecting the location proposed for the facility in the agency permits. The board shall not stipulate or establish conditions or requirements for additional waste management capabilities at the facility of a different nature than those permitted in the agency permits. The board shall not stipulate or establish conditions or requirements relating to alternative waste management strategies, actions, or facilities not proposed by the applicant or addressed in the agency permits.

Sec. 4. [BOARD'S DECISION PARAMOUNT.] To assure the paramount and controlling effect of the reviews conducted under this article, the board's decisions under sections 2 and 3, shall supersede and preempt conflicting requirements of state agencies and political subdivisions. The permitting agency or agencies shall withdraw, modify, or issue the permits for the facility in accordance with the decision of the board following a supplementary review under article IV. All permits issued by the agency or agencies shall conform to the terms of the board's decision. No charter provision, ordinance, regulation, permit, or other requirement of any state agency or political subdivision shall prevent or restrict the establishment and operation of the facility in accordance with the board's final decision.

Sec. 5. [RECONCILIATION AND INTERVENTION PROCEDURES.] Subdivision 1. [REPORTS TO LEGISLATIVE COMMISSION.] At least 30 days before making a final decision under section 3 the board may report to the legislative commission describing permit conditions or requirements being considered which are not within the existing authority of the agency or the board or which would require legislation or public financial assistance. In any such report the board may request the commission to intervene in the review.

(d) a description of the diverse parties having a legitimate and direct interest in the outcome of the dispute.

Subd. 3. [SUSPENSION OF REVIEW PROCESS; INTERVENTION PROCEEDING.] *Following the report of the intervenor, the legislative commission may suspend the review process of an additional period not to exceed 90 days for an intervention proceeding. The intervenor shall be in charge of the intervention proceeding and may call for such participation and establish such procedures as he deems necessary and appropriate to facilitate agreement. The intervenor shall keep the chairman of the legislative commission informed on the progress of the intervention proceeding, particularly with respect to agreements or proposed agreements which may require action or decisions not within the authority of the agency or board, legislative action, or public financial assistance. The intervenor shall make recommendations to the commission respecting any such agreements or proposed agreements. The commission may make recommendations to the intervenor respecting any such agreement or proposed agreement. If the commission approves of an agreement, or a decision based upon an agreement, which requires action or decisions not within the authority of the agency or board, legislative action, or public financial assistance, the commission shall cause the matter and recommendations to be submitted to the legislature for consideration.*

Sec. 6. [JUDICIAL REVIEW.] *Judicial review with respect to conduct or decisions in reviews brought pursuant to section 3 of this article shall be as provided in article III, section 14.*

ARTICLE V

SOLID WASTE MANAGEMENT PLANNING ASSISTANCE PROGRAM

Section 1. [ESTABLISHMENT AND ADMINISTRATION.] *There is established a planning assistance program to provide technical and financial assistance to political subdivisions of the state for the purpose of encouraging and improving regional and local solid waste management planning activities and efforts. The program shall be administered by the board, except in the metropolitan area where the program shall be administered by the metropolitan council pursuant to chapter 473. The board shall promulgate rules pursuant to chapter 15 for its administration of the program outside the metropolitan area. The board and the metropolitan council shall ensure conformance with agency rules and federal requirements and programs established pursuant to the Resource Conservation and Recovery Act of 1976 and amendments thereto.*

Sec. 2. [ELIGIBLE RECIPIENTS.] *Political subdivisions shall be eligible for assistance under the program.*

Sec. 3. [FINANCIAL ASSISTANCE.] *Eligible recipients may receive grants for up to 50 percent of the cost of the planning activity, except that planning by a regional development commission and joint planning by two or more contiguous counties or contiguous political subdivisions located within two or more counties may receive grants for up to 100 percent of the cost of the planning activity. Financial assistance provided under the program may be used to employ staff, contract with other units of government or qualified consultants, and pay such other planning expenses as the board or metropolitan council may allow.*

Sec. 4. [TECHNICAL ASSISTANCE.] *The board and metropolitan council shall provide for technical assistance for eligible recipients. The board and metropolitan council shall provide model plans for regional and local solid waste management. The board and metropolitan council may contract for the delivery of technical assistance by a regional development commission, any state or federal agency, or private consultants. The board shall prepare and publish an inventory of sources of technical assistance for solid waste planning, including studies, publications, agencies, and persons available.*

Sec. 5. [CONTENTS.] *Plans prepared by local units of government in the metropolitan area shall conform to the requirements of chapter 473. Plans prepared by political subdivisions outside the metropolitan area with assistance from the program shall conform to the requirements of this section. The plans shall describe existing collection, processing, and disposal systems, including schedules of rates and charges, financing methods, environmental acceptability, and opportunities for improvements in the systems. The plans shall include an estimate of the land disposal capacity in acre-feet which will be needed through the year 2000, on the basis of current and projected waste generation practices. The plans shall contain an assessment of opportunities to reduce the need for land disposal through waste reduction and resource recovery, the alternative degrees of reduction achievable, and a comparison of the costs of all such alternatives, including capital and operating costs, and the effects of all such alternatives on the cost to generators. The plans shall establish a siting procedure and development program to assure the orderly location, development, and financing of new or expanded solid waste facilities and services sufficient for a prospective ten-year period, including estimated costs and implementation schedules, proposed procedures for operation and maintenance, estimated annual costs and gross revenues, and proposals for the use of facilities after they are no longer needed or usable. The plans shall describe existing and proposed county and municipal ordinances and license and permit requirements relating to solid waste management and shall describe existing and proposed regulation and enforcement procedures. Plans for location, establishment, operation, main-*

tenance, and post-closure use of facilities and facility sites, for ordinances, and for licensing, permit, and enforcement activities shall be consistent with the rules adopted by the agency pursuant to chapter 116. The plans shall address the resolution of conflicting, duplicative, or overlapping local management efforts. The plans shall address the establishment of joint powers management programs or waste districts where appropriate. The plans shall address such other matters as the rules of the board may require consistent with the purposes of article V.

ARTICLE VI

SOLID WASTE MANAGEMENT DEMONSTRATION PROGRAM

Section 1. [DEMONSTRATION PROGRAM; ESTABLISHMENT; ADMINISTRATION.] *There is established a solid waste management demonstration program to encourage and assist cities, counties, and solid waste management districts in the development and implementation of solid waste management projects of potential state wide application or significance and to transfer the knowledge and experience gained from such projects to other communities in the state. The program shall be administered so as to demonstrate the application of all feasible and prudent waste processing methods, including waste reduction; waste separation by generators, collectors, and other persons; and waste processing. The program shall be administered by the board in accordance with the requirements of article VI and rules promulgated by the board pursuant to chapter 15.*

Sec. 2. [TECHNICAL ASSISTANCE FOR DEMONSTRATION PROJECTS.] *The board shall ensure the delivery of the technical assistance necessary to proper implementation of each demonstration project funded under the program. The board may contract for the delivery of technical assistance by any state or federal agency, a regional development commission, the metropolitan council, or private consultants and may use program funds to reimburse the agency, commission, council, or consultants. The board shall prepare and publish an inventory of sources of technical assistance, including studies, publications, agencies, and persons available. The board shall ensure state wide benefit from projects assisted under the demonstration program by developing exchange and training programs for local officials and employees and by using the experience gained in demonstration projects to provide technical assistance and education for other solid waste management projects in the state. With at least one contract for financial assistance under the demonstration program, the board shall provide a locally-based agent, approved by the recipient of the assistance, who shall be the chief project officer responsible to the recipient for technical assistance and implementation of the project.*

Sec. 3. [ELIGIBLE PROJECTS; PRIORITIES.] *The program shall be limited to projects which are determined by the*

board to serve one of the following objectives: (a) the reduction of dependence on land disposal of solid waste; (b) the development of resource recovery facilities; (c) the development of systems for the separation of materials from solid waste for reuse or recycling; (d) the reduction of waste generation. In administering the program, the board shall give priority to: (a) areas where natural geologic and soil conditions are unsuitable for land disposal of solid waste; (b) areas where the capacity of existing solid waste disposal facilities is determined by the board to be less than five years; (c) projects demonstrating, in order of preference, waste reduction, waste separation, and waste processing. In administering the program, the board shall allocate at least 15 percent of program funds, excluding those available under sections 6 to 8, to projects in each of the following categories: waste reduction; waste separation; and alternative methods of waste processing.

Sec. 4. [ELIGIBLE RECIPIENTS AND ACTIVITIES.] Eligible recipients for assistance under the program shall be limited to cities, counties, and solid waste management districts established pursuant to article VIII. Eligible recipients may apply for assistance for other persons. Activities eligible for assistance under the program include legal, financial, economic, educational, marketing, social, governmental, and administrative activities related to the implementation of a demonstration project. Preliminary planning and development, feasibility study, and conceptual design costs shall also be eligible activities, but no more than 20 percent of the money appropriated for the demonstration program shall be used to fund such activities. Acquisition and construction costs for resource recovery facilities are eligible for capital assistance under sections 6 to 8.

Sec. 5. [APPLICATION REQUIREMENTS.] Applications for assistance under the program shall demonstrate: (a) that the project is conceptually and technically feasible; (b) that affected political subdivisions are committed to implement the project, to provide necessary local financing, and to accept and exercise the government powers necessary to the project; (c) that operating revenues from the project, considering the availability and security of sources of solid waste and of markets for recovered resources, together with any proposed federal, state, or local financial assistance, will be sufficient to pay all costs over the projected life of the project; (d) that the applicant has considered all other feasible and prudent waste processing alternatives for accomplishing the purposes of the proposed project and has compared and evaluated the costs of all such alternatives, including capital and operating costs, and the effects of all such alternatives on the cost to generators. The board may require completion of a comprehensive solid waste management plan conforming to the requirements of article V, section 5 before accepting an application.

Sec. 6. [RESOURCE RECOVERY FACILITY DEMONSTRATION PROGRAM.] As part of the demonstration pro-

gram established under article VI, the board shall provide assistance pursuant to sections 6 to 8 to eligible recipients for the acquisition and betterment of demonstration resource recovery facilities or systems.

Sec. 7. [PURPOSES; PUBLIC INTEREST; DECLARATION OF POLICY.] *The legislature finds that the establishment of resource recovery facilities and systems is needed to manage properly the solid waste generated in the state and to conserve and protect the natural resources in the state and the health, safety, and welfare of its citizens; that opportunities to establish such facilities and systems are not being fully realized by individual political subdivisions or by agreements among subdivisions; and that therefore it is necessary to provide capital assistance for demonstration resource recovery facilities and systems to stimulate and encourage the acquisition and betterment of such facilities and systems.*

Sec. 8. [FINANCIAL ASSISTANCE.] Subdivision 1. [GRANTS AND LOANS.] *Of revenues derived from the issuance of bonds authorized by article VII, section 2, for the purposes of the demonstration program, at least 70 percent shall be distributed as loans, and the remainder shall be distributed as grants. An individual project may receive assistance totaling up to 100 percent of the capital cost of the project and grants up to 50 percent of the capital cost of the project.*

Subd. 2. [CAPITAL COSTS; ASSURANCE OF FUNDS.] *No grant or loan shall be disbursed to any recipient until the board has determined the total estimated capital cost of the project and ascertained that financing of the cost is assured by funds provided by the state, by an agency of the federal government within the amount of funds then appropriated to that agency and allocated by it to projects within the state, by any person, or by the appropriation of proceeds of bonds or other funds of the recipient to a fund for the construction of the project.*

Subd. 3. [OBLIGATIONS OF RECIPIENT.] *No grant or loan for any project shall be disbursed until the governing body of the recipient has made an irrevocable undertaking, by resolution, to use all funds made available exclusively for the capital cost of the project and to pay any additional amount by which the cost of the project exceeds the estimate by appropriation to the construction fund of additional funds or proceeds of additional bonds of the recipient. The resolution shall also indicate that any subsequent withdrawal of allocated or additional funds of the recipient will impair the obligation of contract between the state of Minnesota, the recipient, and the bondholders. The resolution shall pledge payment to the debt service account of all revenues of the project to the extent that they exceed costs and shall also obligate the recipient to levy a tax sufficient to make timely payments under the loan agreement, if a deficiency occurs in the amount of user charges, taxes, special assessments,*

or other moneys pledged for payment under the loan agreement. Each loan made to a recipient shall be secured by resolutions adopted by the board and the governing body of the recipient, obligating the recipient to repay the loan to the state treasurer in annual installments including both principal and interest. Installments shall be in an amount sufficient to pay the principal amount within the period required by the board. The interest on the loan shall be calculated on the declining balance at a rate not less than the average annual interest rate on the state bonds of the issue from which proceeds of the loan were made. The resolution shall obligate the recipient to provide money for the repayment from user charges, taxes, special assessments or any other funds available to it.

ARTICLE VII

STATE WASTE MANAGEMENT BONDS

Section 1. [WASTE MANAGEMENT FUND.] *Subdivision 1. [CREATION; RECEIPTS.] The commissioner of finance shall maintain a Minnesota state waste management fund. The fund shall receive the proceeds of state bonds and other money appropriated to the fund and disburse money for the acquisition of real property and interests in real property for hazardous waste facility sites and surrounding buffer and impact areas, as authorized by article II, section 3, subdivision 4 and money to be granted or loaned to political subdivisions pursuant to the capital assistance program created by article VI, sections 6 to 8. The commissioner of finance and state treasurer shall deposit in the fund as received (a) all proceeds of Minnesota state waste management bonds, except accrued interest and premiums received upon the sale of the bonds; (b) all other money appropriated by law for purposes stated in article VII, and (c) all money granted to the state for those purposes by the federal government or any agency thereof. All the receipts are annually appropriated for the purposes of the fund, and shall remain available until expended.*

Subd. 2. [DISBURSEMENTS.] Disbursements from the fund shall be made at the times and in the amounts authorized by the board in accordance with applicable state laws and the board's rules.

Sec. 2. [MINNESOTA STATE WASTE MANAGEMENT BONDS.] *Subdivision 1. [AUTHORITY TO ISSUE BONDS.] The commissioner of finance shall sell bonds of the state of Minnesota for the prompt and full payment of which, together with interest, the full faith, credit, and taxing powers of the state are irrevocably pledged. Bonds shall be sold only upon request of the board and in the amount as may otherwise be authorized by this or a subsequently enacted law which authorizes the sale of additional bonds and the deposit of the proceeds in the state waste management fund. Any authorized amount of bonds in this law or any subsequently enacted law authorizing the issuance of*

bonds for the purposes of the state waste management fund, together with this section, constitute complete authority for the issue. The bonds shall not be subject to restrictions or limitations contained in any other law.

Subd. 2. [ISSUANCE OF BONDS.] Upon request by the board and upon authorization as provided in subdivision 1, the commissioner of finance shall sell Minnesota state waste management bonds. The bonds shall be in the aggregate amount requested, and sold upon sealed bids upon the notice, at the price, in the form and denominations, bearing interest at the rate or rates, maturing in the amounts and on the dates (without option of prepayment or subject to prepayment upon the notice and at the times and prices), payable at the bank or banks within or outside the state (with provisions for registration, conversion, and exchange and for the issuance of notes in anticipation of the sale or delivery of definitive bonds), and in accordance with any further provisions as the commissioner of finance shall determine. The sale is subject to the approval of the attorney general, but not subject to the provisions of Minnesota Statutes, Sections 15.0411 to 15.0422. The bonds shall be executed by the commissioner of finance and attested by the state treasurer under their official seals. The signatures of the officers on the bonds and any interest coupons and their seals may be printed, lithographed, engraved, or stamped thereon, except that each bond shall be authenticated by the manual signature on its face of one of the officers or of an officer of a bank designated by them as authenticating agent. The commissioner of finance shall ascertain and certify to the purchasers of the bonds the performance and existence of all acts, conditions, and things necessary to make them valid and binding general obligations of the state of Minnesota, subject to the approval of the attorney general.

Subd. 3. [EXPENSES.] All expenses incidental to the sale, printing, execution, and delivery of bonds pursuant to this section, including but not limited to actual and necessary travel and subsistence expenses of state officers and employees for these purposes, and any expenses of litigation relating to the validity of the bonds, shall be paid from the waste management fund, and the amounts necessary are appropriated from that fund.

Subd. 4. [DEBT SERVICE ACCOUNT IN THE STATE WASTE MANAGEMENT FUND.] The commissioner of finance shall maintain in the Minnesota state waste management fund a separate account to be called the state waste management debt service account. It shall record receipts of premium and accrued interest, loan repayments, project revenue or other money transferred to the fund and income from the investment of the money and record any disbursements to pay the principal and interest on waste management bonds. Income from investment shall be credited to the account in each fiscal year. The amount credited shall be equal to the average return that year on all funds invested by the state treasurer, as determined by the treasurer, times the average balance in the account that year.

Subd. 5. [APPROPRIATIONS TO DEBT SERVICE ACCOUNT; APPROPRIATION FROM ACCOUNT TO PAY DEBT SERVICE.] *The premium and accrued interest received on each issue of Minnesota waste management bonds, and all payments received in repayment of loans and other revenue received are appropriated to the debt service account. All income from the investment of the Minnesota state waste management fund is appropriated to the debt service account. In order to reduce the amount of taxes otherwise required to be levied, there is also appropriated to the debt service account from any funds available in the general fund on November 1 in each year, a sum of money sufficient in amount, when added to the balance then on hand, to pay all principal and interest on Minnesota waste management bonds due and to become due before July 1 in the second ensuing year. So much of the debt service account of the state waste management fund as is necessary to pay principal and interest on waste management bonds is annually appropriated from the debt service account for the payment of principal and interest of the waste management bonds. All funds appropriated by this subdivision shall be available in the debt service account prior to any levy of the tax in any year required by the Minnesota Constitution, Article XI, Section 7.*

Subd. 6. [SECURITY.] *On or before December 1 in each year the state auditor shall levy on all taxable property within the state whatever tax may be necessary to produce an amount sufficient, with all money currently credited to the debt service account, to pay the entire amount of principal and interest currently due and the principal and interest to become due before July 1 in the second year thereafter on Minnesota waste management bonds. This tax shall be levied upon all real property used for the purposes of a homestead, as well as other taxable property, notwithstanding the provisions of Minnesota Statutes, Section 273.13, Subdivisions 6 and 7, and shall be subject to no limitation of rate or amount until all the bonds and interest thereon are fully paid. The proceeds of this tax are appropriated to the debt service account. The principal of and interest on the bonds are payable from the proceeds of this tax.*

Sec. 3. [BOND AUTHORIZATION AND APPROPRIATION OF PROCEEDS.] *The commissioner of finance is authorized, upon request of the board, to sell Minnesota state waste management bonds in the amount of up to \$100,000,000 in the manner and upon the conditions prescribed in article VII, section 2, and in the Minnesota Constitution, Article XI, Sections 4 to 7. Of this amount, up to five percent may be issued for the purpose of acquiring real property and interests in real property for hazardous waste facility sites as authorized by article II, section 3, subdivision 4 and the remainder may be issued for the purposes of the capital assistance program established pursuant to article VI, sections 6 to 8. The proceeds of the bonds, except as provided in section 2, subdivision 5, are appropriated to the Minnesota state waste management fund. The amount of bonds*

issued pursuant to this authorization shall not exceed at any time the amount needed to produce a balance in the waste management fund equal to the aggregate amount of the loans and grants then approved and not previously disbursed, plus the amount of the loans and grants to be approved in the current and the following fiscal year, as estimated by the board.

ARTICLE VIII

SOLID WASTE MANAGEMENT DISTRICTS

Section 1. [PURPOSE; PUBLIC INTEREST; DECLARATION OF POLICY.] *The legislature finds that the development of integrated and coordinated solid waste management systems is needed to manage properly the solid waste generated in the state and to conserve and protect the natural resources in the state and the health, safety, and welfare of its citizens; that this need cannot always be met solely by the activities of individual political subdivisions or by agreements among subdivisions; and that therefore it is necessary to establish a procedure for the creation of solid waste management districts having the powers and performing the functions prescribed in article VIII.*

Sec. 2. [SOLID WASTE MANAGEMENT DISTRICTS.]
Subdivision 1. [LEGAL STATUS.] *Solid waste management districts established pursuant to article VIII shall be public corporations and political subdivisions of the state.*

Subd. 2. [ESTABLISHMENT BY BOARD.] *The board may establish waste districts as public corporations and political subdivisions of the state, define the powers of such districts in accordance with article VIII, define and alter the boundaries of such districts as provided in section 3, and terminate districts as provided in section 5. The board shall promulgate rules pursuant to chapter 15 governing the establishment, alteration, and termination of districts.*

Subd. 3. [RESTRICTIONS.] *No waste district shall be established within the boundaries of the western lake superior sanitary district established by Laws 1971, Chapter 478, as amended. No waste district shall be established wholly within one county. The board shall not establish a waste district within or extending into the metropolitan area, nor define or alter the powers or boundaries of such a district, without the approval of the metropolitan council. The council shall not approve such a district unless the articles of incorporation of the district require that the district will have the same procedural and substantive responsibilities, duties, and relationship to the metropolitan agencies as a metropolitan county. The board shall not establish a district unless it determines that the petitioners would be unable to fulfill the purposes of the district through joint action under Minnesota Statutes, section 471.59. The board*

may require the completion of a comprehensive solid waste management plan conforming to the requirements of article V, section 5, by petitioners seeking to establish a district.

Sec. 3. [PROCEDURE FOR ESTABLISHMENT AND ALTERATION.] *Subdivision 1. [LOCAL PETITION.]* Waste districts shall be established and their powers and boundaries defined or altered by the board only after petition requesting such action jointly submitted by the governing bodies of petitioners comprising at least one-half of the counties partly or wholly within the district. A petition for alteration shall include a resolution by the board of directors of the district approving the alteration.

Subd. 2. [PETITION CONTENTS.] A petition requesting establishment or alteration of a waste district shall contain such information as the board may require, including at least the following:

- (a) the name of the proposed district;
- (b) a description of the territory and political subdivisions within and the boundaries of the proposed district or alteration thereto, along with a map showing the district or alteration;
- (c) resolutions of support for the district, as proposed to the board, from the governing body of each of the petitioning counties;
- (d) a statement of the reason, necessity, and purpose for the district, plus a general description of the solid waste management improvements and facilities contemplated for the district showing how its activities will accomplish the purpose of the district and the purposes for waste resource districts stated in article VIII;
- (e) the location of the registered office of the proposed district;
- (f) articles of incorporation stating the powers of the district consistent with article VIII, including a statement of powers proposed pursuant to sections 9 and 10.

After the petition has been filed, no petitioner may withdraw from it except with the written consent of all other petitioners filed with the board.

Subd. 3. [LOCAL REVIEW AND COMMENT.] At least 60 days before submitting the petition to the board, the petitioners shall publish notice of the petition in newspapers of general circulation in the proposed district and shall cause a

copy of the petition to be served upon the agency and the governing body of each political subdivision which is wholly or partly within the proposed district or is affected by the proposed alteration. Each entity receiving service shall have 60 days within which to comment to the petitioners on the petition and the proposed district or alteration. Proof of service, along with any comments received, shall be attached to the petition when it is submitted to the board.

Subd. 4. [REVIEW PROCEDURES.] Upon receipt of the petition, the chairperson of the board shall determine whether the petition conforms in form and substance to the requirements of law and rule. If the petition does not conform to the requirements, the chairperson shall return it immediately to the petitioners with a statement describing the deficiencies and the amendments necessary to rectify them. If the petition does conform to the requirements, and if comments have been received objecting to the establishment or alteration of the district as proposed, the chairperson shall request the office of hearing examiners to conduct a hearing on the petition. The hearing shall be conducted in the proposed district in the manner provided in chapter 15 for contested cases. If the petition conforms to the requirements, the chairperson shall also immediately forward the petition to the director of the agency, who shall prepare and submit to the board a report containing recommendations on the disposition of the petition. The director's report shall contain at least the director's findings and conclusions on whether the proposed boundaries, purposes, powers, and management plans of the district or alteration thereto serve the purposes of waste resource districts, are appropriately related to the waste generation, collection, processing, and disposal patterns in the area, and are generally consistent with the purposes of the agency's regulatory program.

Subd. 5. [CORRECTIONS ALLOWED.] No petition submitted by the requisite number of counties shall be void or dismissed on account of defects exposed in the hearing documents or report. The board shall permit the petition to be amended in form and substance to conform to the facts by correcting any errors in the description of the territory or any other defects.

Subd. 6. [BOARD ORDER.] After considering of the reports of the hearing examiner and the director of the pollution control agency, the board shall make a final decision on the petition. If the board finds and determines that the establishment or alteration of a district as proposed in the petition would not be in the public interest and would not serve the purposes of article VIII, it shall, by its decision, dismiss the proceedings and mail a copy of its decision to the governing body of each affected political subdivision. If the board finds and determines that the establishment or alteration of a district as proposed in the petition would be in the public interest and would serve

the purposes of article VIII, it shall, by order, establish the district, define its boundaries, and give it a corporate name by which, in all proceedings, it shall thereafter be known. The order shall include articles of incorporation stating the powers of the district and the location of its registered office. Upon the filing of a certified copy of the order of the board with the secretary of state, the district shall become a political subdivision of the state and a public corporation, with the authority, power, and duties prescribed in article VIII and the order of the board. At the time of filing, a copy of the order shall be mailed by the board to the governing body of each political subdivision wholly or partly within the district or affected by the alteration of the district.

Sec. 4. [PERPETUAL EXISTENCE.] *A waste district created under the provisions of article VIII shall have perpetual existence to the extent necessary to perform all acts necessary and proper for carrying out and exercising the powers and duties expressly given in it. A district shall not be terminated except pursuant to section 5.*

Sec. 5. [TERMINATION.] *Subdivision 1. [PETITION.] Proceedings for the termination of a district shall be initiated by the filing of a petition with the board. The petition shall be submitted by the governing bodies of not less than 50 percent of the counties which are in the district. The petition shall state that the existence of the district is no longer in the public interest. The petitioners shall publish notice of the petition in newspapers of general circulation in the district and shall cause to be served upon each political subdivision wholly or partly within the district a copy of the petition, and proof of service shall be attached to the petition filed with the board.*

Subd. 2. [BOND; PAYMENT OF COSTS.] If the petition is dismissed or denied, the petitioners shall be required to pay all costs and expenses of the proceeding for termination. At the time of filing the petition a bond shall be filed by the petitioners with the board in such sum as the board determines to be necessary to ensure payment of costs.

Subd. 3. [HEARING; DECISION.] If objection is made to the board against the petition for termination, a contested case hearing on the petition shall be held in the waste district pursuant to chapter 15. If the board determines after the hearing that the termination of the district as proposed in the petition would not be in the public interest, the board shall dismiss the petition and all costs of the proceeding shall be assessed against the petitioner. If the board determines that the existence of the district is no longer in the public interest, the board shall by its findings and order terminate the district. Upon the filing of a certified copy of the findings and order with the secretary of state the district shall cease to be a public corporation and a political subdivision of the state.

Subd. 4. [LIMITATION.] *The board shall not entertain a petition for termination of a district within five years from the date of the formation of the district nor shall the board entertain a petition for termination of the same district more often than once in five years.*

Sec. 6. [ORGANIZATION OF DISTRICT.] *The governing body of each county wholly or partly within the district shall appoint two persons to serve on the first board of directors of the district. The first chairperson of the board of directors shall be appointed by the waste management board and shall be a local elected official within the district. The first chairperson shall serve for a term of two years. Thereafter the chairperson shall be elected from outside the board of directors by majority vote of the board of directors. The first meeting of the board of directors shall be held at the call of the chairperson, after notice, for the purpose of proposing the by laws, electing officers and for any other business that comes before the meeting. The by laws of the district, and amendments thereto, shall be adopted by a majority vote of the board of directors unless the certificate of incorporation requires a greater vote. The by laws shall state:*

(a) *the manner and time of calling regular meetings of the representatives and the board of directors, not less than once annually;*

(b) *the title, manner of selection, and term of office of officers of the district;*

(c) *the term of office of members of the board of directors, the manner of their removal, and the manner of filling vacancies on the board of directors;*

(d) *the powers and duties of the board of directors consistent with the order and articles of incorporation establishing the district;*

(e) *the definition of a quorum for meetings of the board of directors, which shall be not less than a majority of the members;*

(f) *the compensation and reimbursement for expenses for members of the board of directors, which shall not exceed that provided for in section 15.0575, subdivision 3;*

(g) *such other provisions for regulating the affairs of the district as the board of directors shall determine to be necessary.*

Sec. 7. [REGISTERED OFFICE.] *Every district shall maintain an office in this state to be known as its registered office. When a district desires to change the location of its registered office, it shall file with the secretary of state, the board,*

and the director of the agency, a certificate stating the new location by city, town, or other community and effective date of change. When the certificate has been duly filed, the board of directors may make the change without any further action.

Sec. 8. [POWERS.] Subdivision 1. [GENERAL.] A district shall have all powers necessary or convenient to perform its duties, including the powers provided in this section.

Subd. 2. [ACTIONS.] The district may sue and be sued, and shall be a public body within the meaning of chapter 562.

Subd. 3. [ACQUISITION OF PROPERTY.] The district may acquire by purchase, lease, condemnation, gift, or grant, any right, title, and interest in and to real or personal property deemed necessary for the exercise of its powers or the accomplishment of its purposes, including positive and negative easements and water and air rights. Any local government unit and the commissioners of transportation, natural resources, and administration may convey to or permit the use of any property or facilities by the district, subject to the rights of the holders of any bonds issued with respect thereto, with or without compensation and without an election or approval by any other government agency. The district may hold the property for its purposes, and may lease or rent the property so far as not needed for its purposes, upon the terms and in the manner as it deems advisable. The right to acquire lands and property rights by condemnation shall be exercised in accordance with Minnesota Statutes, Chapter 117. The district may take possession of any property for which condemnation proceedings have been commenced at any time after the issuance of a court order appointing commissioners for its condemnation.

Subd. 4. [RIGHT OF ENTRY.] Whenever the district deems it necessary to the accomplishment of its purposes, the district or any member, employee, or agent thereof, when authorized by it, may enter upon any property, public or private, for the purpose of obtaining information or conducting surveys or investigations, provided that the entrance and activity is undertaken after reasonable notice and during normal business hours and provided that compensation is made for any damage to the property caused by the entrance and activity.

Subd. 5. [GIFTS AND GRANTS.] The district may apply for and accept gifts, loans, or other property from the United States, the state, or any person for any of its purposes, may enter into any agreement required in connection therewith, and may hold, use, and dispose of the money or property in accordance with the terms of the gift, grant, loan or agreement.

Subd. 6. [PROPERTY EXEMPT FROM TAXATION.] Any real or personal property owned, leased, controlled, used, or occupied by the district for any authorized purpose is declared

to be acquired, owned, leased, controlled, used and occupied for public and governmental purposes, and shall be exempted from taxation by the state or any political subdivision of the state, provided that those properties shall be subject to special assessments levied by a political subdivision for a local improvement in amounts proportionate to and not exceeding the special benefit received by the properties from the improvement. No possible use of the properties in any manner different from their use for solid waste management at the time shall be considered in determining the special benefit received by the properties. All bonds, certificates of indebtedness or other obligations of the district shall be exempted from taxation by the state or any political subdivision of the state. Interest on the obligations of the district shall be exempted from taxation in the same manner provided for interest on obligations qualifying under section 290.08, subdivision 7.

Subd. 7. [FACILITIES AND SERVICES.] The district may construct, equip, develop, enlarge, improve, and operate solid waste facilities and services as it deems necessary and may negotiate contracts for the use of public or private facilities and services. Whenever practicable, the district shall contract with private persons for the construction, maintenance, and operation of solid waste facilities.

Subd. 8. [RATES; CHARGES.] The district may establish and collect rates and charges for the facilities and services provided and may negotiate and collect rates and charges for facilities and services contracted for by the district. The board of directors of the district may agree with the holders of district obligations which are secured by revenues of the district as to the maximum or minimum amounts which the district shall charge and collect for services provided by the district. Before establishing or raising any rates and charges the board of directors shall hold a public hearing regarding the proposed rates and charges. Notice of the hearing shall be published at least once in a legal newspaper of general circulation throughout the area affected by the rates and charges. Publication shall be no more than 45 days and no less than 15 days prior to the date of the hearing.

Subd. 9. [DISPOSITION OF PROPERTY.] The district may sell or otherwise dispose of any real or personal property acquired by it which is no longer required for accomplishment of its purposes. The property shall be sold in the manner provided by Minnesota Statutes, Section 458.196, insofar as practical. The district shall give notice of sale which it deems appropriate. When the district determines that any property which has been acquired from a government unit without compensation is no longer required, the district shall transfer it to the government unit.

Subd. 10. [DISPOSITION OF PRODUCTS AND ENERGY.] The district may use, sell, or otherwise dispose of all of

the products and energy produced by its facilities. The district may, on a competitive basis, enter into short or long term contracts, make spot sales, solicit bids, enter into direct negotiations, deal with brokers, or use such other methods of disposal as it chooses, provided that the dealings of the district shall be on a competitive basis so as not to create an unfair or unreasonable advantage or restraint of trade on the part of the district. The district shall give particular consideration to the needs of purchasers in this state and shall actively promote sales to such purchasers so long as this can be done at prices and under conditions that meet constitutional requirements and that are consistent with the district's object of being financially self supporting to the greatest extent possible.

Subd. 11. [CONTRACTS.] The district may enter into any contract necessary or proper for the exercise of its powers or the accomplishment of its purposes.

Subd. 12. [JOINT POWERS.] The district may act under the provisions of Minnesota Statutes, Section 471.59, or any other law providing for joint or cooperative action between government units.

Subd. 13. [RESEARCH.] The district may conduct research studies and programs, collect and analyze data, prepare reports, maps, charts, and tables, and conduct all necessary hearings and investigations in connection with its work and may advise and assist other government units on planning matters within the scope of its powers, duties, and objectives.

Subd. 14. [EMPLOYEES; CONTRACTS FOR SERVICES.] The district may employ persons or firms and contract for services to perform engineering, legal or other services necessary to carry out its functions.

Subd. 15. [INSURANCE.] The district may require any employee to obtain and file with it an individual bond or fidelity insurance policy. It may procure insurance in amounts it deems necessary to insure against liability of the board of directors and employees or both, for personal injury or death and property damage or destruction, with the force and effect stated in Minnesota Statutes, Chapter 466, and against risks of damage to or destruction of any of its facilities, equipment, or other property as it deems necessary.

Subd. 16. [REVIEW OF PROJECTS.] The district may require that persons shall not acquire, construct, alter, reconstruct or operate a solid waste facility within the district without prior consultation with and approval of the district.

Subd. 17. [COLLECTION SERVICES; LIMITATION OF POWER.] A district shall not provide collection service unless it is unable to secure the service from private providers.

Sec. 9. [DESIGNATION OF RESOURCE RECOVERY FACILITIES; REQUIRED USE.] *Subdivision 1. [GENERAL.] A district may be authorized by the order and articles of incorporation establishing the district to require that all or any portion of the solid waste that is generated within its boundaries or any service area thereof and is deposited within the state be taken for processing to a resource recovery facility designated by the district.*

Subd. 2. [STANDARDS.] In determining whether to designate and require use of resource recovery facilities the district shall consider whether:

(a) the required use will result in the recovery of resources or energy from materials which would otherwise be wasted;

(b) the required use will lessen the demand for and use of land disposal;

(c) the required use is necessary for the financial support of the facility;

(d) less restrictive methods for ensuring an adequate solid waste supply are available;

(e) the applicant has considered all other feasible and prudent waste processing alternatives for accomplishing the purposes of the proposed project and has compared and evaluated the costs of all such alternatives, including capital and operating costs, and the effects of all such alternatives on the cost to generators.

Subd. 3. [EXEMPTION.] The district shall not designate and require use of facilities for materials which are separated from solid waste and recovered for reuse or recycling by the generator or by a private person under contract with the generator.

Subd. 4. [PROCEDURE.] The district shall proceed as follows when designating and requiring use of facilities:

(a) The district shall notify those persons whom the district has determined should use the facilities. Notification to political subdivisions shall be in writing. All other persons shall be notified at least by publication in a legal newspaper or newspapers having general circulation in the area. The notification shall specify types and quantities of solid wastes, plans for use of the solid wastes, the point of delivery of the solid wastes, and the fee to be charged. During a period of 90 days following the notification, the district shall negotiate with the persons within the areas to be served in order to develop contractual agreements on the terms of required use of the designated facilities.

(b) *If contracts have not been made at the end of the 90 day period, or if persons subject to the required use have not made arrangements sufficient to justify exemption under subdivision 3, the district shall hold a public hearing to take testimony on the required use of the designated facilities. The hearing shall be preceded by the notice required under clause (a).*

(c) *If contracts have not been made within 30 days after the public hearing, or if persons subject to the required use have not made arrangements sufficient to justify exemption under subdivision 3, the district may order any person identified in the notice of the district to use the designated facilities, starting at a specified date which shall be at least 30 days after the order has been issued.*

Subd. 5. [SERVICE GUARANTEE.] The district shall not arbitrarily terminate, suspend, or curtail services provided to any person required pursuant to this section to use designated facilities without the consent of the person or without just cause.

Subd. 6. [TERMINATION.] Use required under contract or order pursuant to this section may be terminated by a person upon an adequate showing to the district that the solid waste generated by the person has value and that arrangements have been made by the person sufficient to justify exemption under subdivision 3, unless the district determines that the requirement must be continued to assure delivery of waste necessary to the financial support of the district facilities.

Sec. 10. [BONDING AND TAXING POWERS.] Subdivision 1. [GENERAL.] A district may exercise any or all of the bonding and taxing powers provided in this section to the extent such powers are authorized by the order of the board establishing the district and by its articles of incorporation.

Subd. 2. [DEBT.] The district's bonds shall be sold, issued, and secured in the manner provided in chapter 475 and the district shall have the same powers and duties as a municipality and its governing body in issuing bonds under that chapter. No election shall be required. The bonds may be sold at any price and at public or private sale as determined by the district and shall not be subject to any limitation as to rate.

Subd. 3. [REVENUE BONDS.] A district may borrow money and incur indebtedness by issuing bonds and obligations which are payable solely:

(a) from revenues, income, receipts, and profits derived by the district from its operation and management of solid waste facilities;

(b) from the proceeds of warrants, notes, revenue bonds, debentures, or other evidences of indebtedness issued and sold by the district which are payable solely from such revenues, income, receipts, and profits;

(c) from federal or state grants, gifts, or other moneys received by the district which are available therefor.

Every issue of revenue bonds by the district shall be payable out of any funds or revenues from any facility of the district, subject only to agreements with the holders of particular bonds or notes pledging particular revenues or funds. If any facility of the district is funded in whole or in part by Minnesota state waste management bonds pursuant to articles VI and VII the state bonds shall take priority. The district may provide for priorities of liens in the revenues between the holders of district obligations issued at different times or under different resolutions. The district may provide for the refunding of any district obligation through the issuance of other district obligations entitled to rights and priorities similar in all respects to those held by the obligations that are refunded.

Subd. 4. [GENERAL OBLIGATION BONDS.] The district may borrow money and incur indebtedness by issuing its bonds and obligations for the payment of which the full faith and credit of the district are pledged. By October 1 of each year the treasurer of the board of directors shall examine the debt service fund of the district and determine whether or not there are sufficient funds to pay all principal and interest of bonds coming due the following year. If the available funds are insufficient, the treasurer shall notify and direct each county or city auditor within the district to levy a tax. If the tax is to be levied solely in proportion to the value of the property in the district, the commissioner of revenue is authorized to adjust the rate of taxation pursuant to section 270.12, subdivision 3. The tax shall be subject to no limitation of rate or amount until the money in the debt service fund becomes sufficient to pay all principal and interest payments coming due. Taxes levied by the district for the payment of its bonds in accordance with section 475.61 shall be included in computing the levy limitations under section 275.11. If the tax required by section 475.61 to be levied for any year of the term of a bond issue upon would, when added to the taxes levied by a political subdivision for all purposes in the year preceding such issue, exceed the limitations prescribed in section 275.11, the bonds shall not be issued without the consent by resolution of the governing body of the political subdivision.

Sec. 11. [AUDIT.] The board of directors, at the close of each year's business, shall cause an audit of the books, records and financial affairs of the district to be made by a certified public accountant or the state auditor. Copies of a written re-

port of the audit, certified to by the auditors, shall be placed and kept on file at the principal place of business of the district and shall be filed with the secretary of state and the board.

In the event that (SUCH) *the property and facilities* are not so in compliance, the county board shall take (SUCH) actions (AS ARE) necessary to assure future compliance with all applicable ordinances, rules, regulations, standards and requirements according to law, and shall cooperate with the agency in obtaining and maintaining (SUCH) compliance. *All inspectors provided or used by the county under this section shall be certified by the agency in accordance with section 116.41.*

Sec. 4. Minnesota Statutes 1978, Section 400.07, is amended to read:

400.07 [DEVELOPMENT OF RESOURCE RECOVERY SYSTEMS.] All counties shall cooperate with (THE AGENCY) *the waste management board* in the *planning, development and implementation of resource recovery systems (FOR THE RECOVERY AND USE OF MATERIALS AND ENERGY FROM SOLID WASTE)*, and toward that end, shall modify applicable county ordinances consistent with rules (, REGULATIONS) and standards of the agency (CONCERNING THIS SUBJECT).

Separate accounts may be established within this fund for the segregation of revenues pledged for the payment of bonds or loans, or money granted or borrowed for use for a specific purpose.*

Sec. 6. Minnesota Statutes 1978, Section 400.16, is amended to read:

400.16 [SOLID WASTE AND SEWAGE SLUDGE DISPOSAL REGULATIONS.] The county may by ordinance establish and (FROM TIME TO TIME) revise rules, regulations, and standards for solid waste management and land pollution, relating to (a) the location, sanitary operation, and maintenance of solid waste (MANAGEMENT) facilities by the county and any municipality or other public agency and by private operators; (b) the collection, (TRANSPORTATION, STORAGE) processing, and disposal of solid waste; (c) the amount and type of equipment required in relation to the amount and type of material received at any *solid waste facility*; (d) the control of salvage operations, water or air or land pollution, and rodents *at such facilities*; (e) the termination or abandonment of *such facilities or activities*; and (f) (SUCH) other matters *relating to such facilities* as may be determined necessary for the public health, welfare, and safety. *The county shall adopt such ordinances for mixed municipal solid waste management and for sewage sludge disposal. The county (MAY ISSUE) shall make provision for issuing permits or licenses for mixed municipal solid waste (MANAGEMENT) facilities and sewage sludge disposal facilities and (MAY) shall require that such facilities be registered with an appropriate county office. The county ordinance shall not prevent or restrain the location, establishment, operation, expansion, continuance, or closure of any solid waste or sewage sludge disposal facility in accordance with certificates, permits and other approvals by state agencies pursuant to Article IV, except that ordinances approved by the agency as being consistent with the establishment and use of facilities in accordance with such certificates, permits, and approvals may im-*

pose conditions respecting the construction, inspection, monitoring, and maintenance of a facility. No permit or license shall be issued for a mixed municipal solid waste facility unless the applicant has demonstrated the availability of sufficient solid waste to provide operating revenues necessary to operate the facility in accordance with applicable state and local laws, ordinances, and rules. The county ordinance (MAY) shall require appropriate procedures for termination or abandonment of any mixed municipal solid waste facilities or sewage sludge disposal facilities or services, which shall include provision for long term monitoring for possible land pollution, and for the payment by the owners or operators thereof, or both, of any costs incurred by the county in completing such procedures. In the event the operators or owners fail to complete such procedures in accordance with the ordinance, the county may recover the costs of completion in a civil action in any court of competent jurisdiction or, in the discretion of the board, the costs may be certified to the county auditor as a special tax against the land to be collected as other taxes are collected. The ordinance may be enforced by injunction, action to compel performance, or other appropriate action in the district court. Any ordinance enacted under this section shall embody minimum standards and requirements established by rule of the agency.

Sec. 7. Minnesota Statutes 1978, Section 400.161, is amended to read:

The county may issue permits or licenses for hazardous waste generation and may require the generators be registered with a county office. *The county ordinance shall not prevent or restrain the location, establishment, operation, expansion, continuance, or closure of any hazardous waste facility in accordance with certificates, permits, and other approvals by state agencies pursuant to articles III and IV, except that ordinances approved by the agency as being consistent with the establishment and use of facilities in accordance with such certificates, permits, and approvals may impose conditions respecting the construction, inspection, monitoring, and maintenance of a facility.* The ordinance may require appropriate procedures for the payment by the generator of any costs incurred by the county in completing such procedures. If the generator fails to complete such procedures, the county may recover the costs of completion in a civil action in any court of competent jurisdiction or, in the discretion

of the board, the costs may be certified to the county auditor as a special tax against the land as other taxes are collected. The ordinance may be enforced by injunction, action to compel performance, or other action in district court. Any ordinance under this section shall embody standards and requirements established by rule of the agency. Issuing, denying, modifying, imposing conditions upon, or revoking permits pursuant to the provisions of this section or regulations promulgated hereunder shall be (,) subject to review, denial, suspension, *modification*, and reversal by the (POLLUTION CONTROL) agency. Sec. 8. Minnesota Statutes 1978, Chapter 400, is amended by adding a section to read:

[400.162] [COUNTY DESIGNATION OF RESOURCE RECOVERY FACILITY.] *Except within the metropolitan area, the western lake superior sanitary district established by Laws 1971, Chapter 47B, as amended, and any solid waste management district established under article VIII, any county may require that all or any portion of the solid waste that is generated within the boundaries of the county or any service area thereof and is disposed of in the state be delivered to a resource recovery facility designated by the county board, provided that the designation is approved by the board. The board may require the county to complete a comprehensive solid waste management plan conforming to the requirements of article V, section 5. In establishing, continuing, and terminating the designation, the county shall be governed by all standards, exemptions, procedures, and other requirements provided in article VIII, section 9, subdivisions 2 to 6.*

ARTICLE X

SOLID WASTE AND SEWAGE SLUDGE MANAGEMENT: METROPOLITAN AREA

Section 1. Minnesota Statutes 1978, Section 473.121, is amended by adding a subdivision to read:

Subd. 36. The definitions of terms relating to waste in chapter 116 and article I, section 3, also apply to the same terms relating to waste used in chapter 473.

Sec. 2. Minnesota Statutes 1978, Section 473.149, is amended to read:

473.149 [SOLID WASTE COMPREHENSIVE PLANNING.] Subdivision 1. [POLICY PLAN; GENERAL REQUIREMENTS.] (BY JULY 1, 1978.) The metropolitan council shall prepare and by resolution adopt as part of its development guide a long range policy plan for (THE COLLECTION AND PROCESSING OF) solid (AND HAZARDOUS) waste *management* in the metropolitan area. When adopted, the plan shall be followed in the metropolitan area. The plan shall substantially conform to all policy statements, purposes, goals, standards, maps and plans in development guide sections and plans adopted by the council. The plan shall include goals and policies for (THE COLLECTION AND PROCESSING OF) solid (AND HAZARDOUS) waste *management* in the metropolitan area and, to the extent appropriate, statements and information similar to that required under section 473.146, subdivision 1. The plan shall include criteria and standards for *solid* waste facilities and *solid* waste facility sites respecting the following matters: general location; capacity; operation; processing techniques; environmental impact; effect on existing, planned, or proposed collection services and waste facilities; and economic viability. For *solid* waste facilities owned or operated by public agencies or supported primarily by public funds or obligations, the plan shall include additional criteria and standards (RESPECTING FINANCIAL SELF-SUFFICIENCY BASED UPON COMPETITIVE RATES AND CHARGES) *to ensure that the facilities are operated on a competitive basis so as not to create an unfair or unreasonable advantage or restraint of trade in relation to comparable private facilities existing in the area.* In developing the plan the council shall consider the orderly and economic development, public and private, of the metropolitan area; the preservation and best and most economical use of land and water resources in the metropolitan area; the protection and enhancement of environmental quality; the conservation and reuse of resources and energy; the preservation and promotion of conditions conducive to efficient, (LOW COST,) competitive, and adaptable systems of waste (COLLECTION AND PROCESSING) *management*; and the orderly resolution of questions concerning changes in systems of waste (COLLECTION AND PROCESSING) *management*. Criteria and standards for solid (AND HAZARDOUS) waste facilities shall be consistent with regulations adopted by the pollution control agency pursuant to chapter 116 and (SECTION 473.823. THE HAZARDOUS WASTE PORTION OF THE POLICY PLAN SHALL BE APPROVED BY THE POLLUTION CONTROL AGENCY IN ACCORDANCE WITH ITS STANDARDS AND REGULATIONS PRIOR TO ADOPTION BY THE COUNCIL) *shall be at least as stringent as the guidelines, regulations, and standards of the federal environmental protection agency.*

Subd. 2. [DISPOSAL CAPACITY ESTIMATE.] By July 1, 1980, the council shall adopt by resolution an estimate of the added solid waste disposal capacity needed in appropriate sectors

of the metropolitan area in annual increments through the year 1990 and thereafter in five year increments through the year 2000. The council's estimate shall be based upon existing and projected solid waste generation rates without regard to potential waste reduction, separation, and recovery activity except that provided by services and facilities in operation or under construction.

Subd. 3. [DISPOSAL ABATEMENT REPORT.] By January 1, 1981, the council shall prepare and submit a report to metropolitan counties on potentials for abating the need for and practice of land disposal of mixed municipal solid waste in the metropolitan area, for use by the counties in developing land disposal abatement plans pursuant to section 473.803, subdivision 3. The report shall contain an analysis of abatement achievable through waste reduction, waste separation, waste processing, and resource recovery. The report shall contain specific and quantifiable alternative abatement objectives and degrees of abatement, along with solid waste management methods and technologies, private and government actions, facilities and services, development schedules, revenue-raising measures, and levels of public and private expenditure and effort necessary to the achievement of those alternative objectives and degrees of abatement. The report shall recommend priorities and objectives for abating, immediately and over specified time periods, the disposal of mixed municipal solid waste in the metropolitan area. During the preparation of the report, the council shall encourage public debate and discussion of the issues relating to land disposal abatement and shall hold a public meeting on the issues in each metropolitan county.

Subd. 4. [INVENTORY OF SOLID WASTE DISPOSAL SITES.] By October 1, 1981, the council shall adopt by resolution an inventory of eligible solid waste disposal sites and buffer areas within the metropolitan area. The council's inventory shall be composed of the sites and buffer areas proposed by the counties and reviewed and approved by the council pursuant to section 473.803, subdivision 2. If a county does not have an approved inventory, the council shall adopt the required inventory for the county, following such investigations by the council and such public hearings as the council deems appropriate. The council's inventory shall satisfy all requirements and standards described in section 473.803, subdivision 2, for sites and buffer areas proposed by counties. For sites and buffer areas included in the council's inventory, the moratorium imposed under section 473.803, subdivision 2, shall extend until October 1, 1983.

Subd. 5. [REPORT ON LOCAL EFFECTS OF SOLID WASTE DISPOSAL FACILITIES.] By January 1, 1982, the council shall report to the legislative commission on methods of mitigating and compensating for the local risks, costs, and other adverse effects of solid waste disposal facilities and on methods of financing mitigation and compensation measures. The methods of mitigating and compensating to be considered shall in-

clude but not be limited to the following: payment outside of levy limitations in lieu of taxes for all property taken off the tax rolls; preference for the city or town containing a facility in federal A-95 reviews conducted by the council; payment of all costs to service the facilities including the costs of roads, monitoring, inspection, enforcement, police and fire, and litter clean up costs; payment for buffer zone amenities and improvements; city or town control over buffer zone design; elimination of the tipping charge for solid waste collected in the city or town; a guarantee against any and all liability that may occur; payment for reclamation of closed sites to local design specifications.

Subd. 6. [LAND DISPOSAL ABATEMENT PLAN; REPORT TO LEGISLATURE.] By January 1, 1983, after considering county land disposal abatement proposals submitted pursuant to section 473.803, subdivision 3, the council shall amend its policy plan to include specific and quantifiable objectives for abating the land disposal of mixed municipal solid waste. The plan shall include a reduced estimate, based on the council's abatement objectives, of the added solid waste disposal capacity needed in appropriate sectors of the metropolitan area, stated in annual increments through the year 1990 and thereafter in five year increments through the year 2000. The objectives in the plan shall be based upon standards for county resource recovery and waste reduction and separation programs and activities. The plan shall include standards and procedures to be used by the council in determining that metropolitan counties have not implemented the council's land disposal abatement plan and have not met the standards for county abatement programs and activities. The council shall report to the legislative commission on its abatement plan and on legislation that may be required to implement the plan.

Subd. 7. [SOLID WASTE DISPOSAL FACILITIES DEVELOPMENT SCHEDULE.] By January 1, 1983, after requesting and considering recommendations from the counties, cities, and towns, the council as part of its policy plan shall determine the number of sites to be acquired within each metropolitan county for solid waste disposal facilities in accordance with section 15. The council shall adopt a schedule for development of disposal facilities by each such county through the year 2000. The schedule shall be based upon the council's reduced estimate of the disposal capacity needed because of the council's land disposal abatement plan. The schedule may include standards, criteria, and procedures to be used by counties in selecting sites for acquisition pursuant to section 15. The schedule shall include standards and procedures for council certification of need pursuant to section 473.823. The schedule shall include a facility closure schedule and plans for post-closure management and disposition, for the use of property after acquisition and before facility development, and for the disposition of property and development rights no longer needed for disposal facilities.

Subd. (3) 8. [PREPARATION AND ADOPTION.] The solid waste policy plan shall be prepared, adopted, and amended

in accordance with section 473.146, subdivision 2, provided that the procedural duties and responsibilities established therein for the affected metropolitan commission shall extend to the metropolitan counties and the pollution control agency. In addition to the requirements of section 473.146, subdivision 2, the council shall send notice of any hearing to the pollution control agency and the governing body of each metropolitan county and each local governmental unit, as defined in section 473.801, wherein a *solid* waste facility is or may be located in accordance with the plan. Any comprehensive (SOLID AND HAZARDOUS WASTE) plan adopted by the council (PRIOR TO THE EFFECTIVE DATE OF THIS ACT) shall remain in force and effect (UNTIL A POLICY PLAN IS) *while new or amended plans are being prepared* (IN ACCORDANCE WITH SUBDIVISION 1) and adopted by the council. By October 1, 1976, the council shall adopt either interim policies or amendments to the existing comprehensive plan establishing standards and criteria for the review under section 473.823 of permit applications for *solid* waste facilities used primarily for resource recovery. For permit applications received by the council prior to October 1, 1976, the council may extend the time period provided for review under section 473.823 until 60 days after the adoption of the interim policies or amendments. No metropolitan county, local government unit, commission, or person shall acquire, construct, improve or operate any *solid* waste facility in the metropolitan area except in accordance with the council's plan and section 473.823, provided that no *solid* waste facility in use when a plan is adopted shall be discontinued solely because it is not located in an area designated in the plan as acceptable for the location of such facilities.

Subd. (4) 9. [ADVISORY COMMITTEE.] The council shall establish an advisory committee to aid in the preparation of the policy plan (AND,) *the performance of the council's responsibilities under subdivisions 2 to 7, the review of county master plans and reports and applications for permits for waste facilities, under sections 473.151 and 473.801 to 473.823 and sections 13 to 15, and other duties determined by the council.* The committee shall consist of one-third citizen representatives, one-third representatives from metropolitan counties and municipalities, and one-third representatives from private waste management firms. *From October 1, 1981 to January 1, 1983, for the purpose only of participating in the preparation of the legislative report required by subdivision 5 and the land disposal abatement plan required by subdivision 6, additional members shall be included on the advisory committee sufficient to assure that at least one-third of the members of the committee are residents of cities or towns containing eligible solid waste disposal sites included in the councils' disposal site inventory.* A representative from the pollution control agency, one from the waste management board established under article II, section 1, and one from the Minnesota health department shall serve as ex officio members of the committee.

Sec. 3. Minnesota Statutes 1978, Chapter 473 is amended by adding a section to read:

[473.153] [COMPREHENSIVE DISPOSAL FACILITIES PLAN FOR SEWAGE SLUDGE AND SOLID WASTE FROM SEWAGE TREATMENT.] *Subdivision 1. [FACILITIES REQUIRED.] Except as provided in subdivision 7 and article IV, section 2, all sewage sludge disposal facilities and facilities for the disposal of solid waste generated by the metropolitan waste control commission shall be established and operated in accordance with this section and section 473.516. The council and the commission shall establish at least one facility for sewage sludge disposal and at least one facility for solid waste disposal.*

Subd. 2. [CANDIDATE SITE SELECTION.] By July 1, 1981, the council shall select three candidate sites for the disposal of the commission's sewage sludge and three candidate sites for the disposal of the commission's solid waste, together with appropriate surrounding buffer areas. The council shall evaluate sites for candidacy on the basis of at least the following factors: local land use and land use controls, existing and future development patterns, transportation facilities, distance from the points of generation, and the intrinsic suitability of sites compared with other potential sites. Notwithstanding any plan, charter provision, law, ordinance, regulation, or other requirement of the council, counties, or local units of government, no land shall be excluded from consideration for candidacy except land determined by the agency to be intrinsically unsuitable. No site shall be selected for candidacy unless the agency certifies its apparent intrinsic suitability for the use intended, based on preliminary environmental analysis and on-site surveys and investigations conducted by the agency.

Subd. 3. [MORATORIUM.] A moratorium is hereby imposed on development within the area of each proposed site and buffer area selected by the council. The moratorium shall extend until six months following the council's decision under subdivision 6. No development shall be allowed to occur within the area of a proposed site or buffer area during the period of the moratorium. No county, city, or town land use control shall permit such development, nor shall any county, city, or town sanction or approve any subdivision, permit, license, or other authorization which would allow such development to occur.

Subd. 4. [ADVISORY COMMITTEE.] For the purposes only of advising the council on decisions under this section, additional members shall be added to the advisory committee established by section 473.149, subdivision 9, sufficient to assure that each city and town containing a candidate site has at least one representative on the committee.

Subd. 5. [ENVIRONMENTAL AND PERMIT REVIEW.] An environmental impact statement meeting the requirements of chapter 116D shall be completed on each candidate site, pro-

vided that the statement shall be finally accepted or rejected within 280 days of the selection of candidate sites. Within 90 days following the acceptance of the statement, the agency shall indicate the conditions and terms of approval of all permits needed at each candidate site.

Subd. 6. [COUNCIL SITE SELECTION.] Within 90 days following the agency's decision on permit conditions and terms, the council shall select at least one of the candidate sites for acquisition and development by the commission as a sewage sludge disposal facility and at least one of the candidate sites for acquisition and development by the commission as a solid waste disposal facility. Before its selection the council shall consult with the advisory committee and affected counties, cities, and towns.

Subd. 7. [EXISTING FACILITIES EXEMPTED.] Nothing in this section shall be construed to preclude the commission from continuing to use existing sewage sludge disposal facilities.

Sec. 4. Minnesota Statutes 1978, Section 473.502, is amended to read:

473.502 [LEGISLATIVE PURPOSE AND POLICY.] The legislature determines that in the metropolitan area there are serious problems of water pollution and processing and disposal of sewage and waste resulting from sewage treatment, which cannot be effectively or economically dealt with by existing local government units in the area under existing laws. The legislature therefore declares that for the protection of the public health, safety, and welfare of the area, for the preservation and best use of waters and other natural resources of the state in the area, for the prevention, control and abatement of water pollution in the area, and for the efficient and economic collection, treatment and disposal of sewage and waste resulting from sewage treatment it is necessary to assign to the metropolitan council the responsibility of carrying on a continuous, long-range program of planning with respect thereto and to establish a waste control commission, which, together with the council, can take over, acquire, construct, operate, and maintain all interceptors and treatment works and waste facilities necessary for the collection, treatment and disposal of sewage and waste resulting from sewage treatment in the metropolitan area, and can take over, acquire, construct, operate, and maintain waste facilities in the metropolitan area.

Sec. 5. Minnesota Statutes 1978, Section 473.516, is amended to read:

473.516 [WASTE FACILITIES; SEWAGE SLUDGE DISPOSAL.] *Subdivision 1. [ACQUISITION AND OPERATION.] Without limiting the grant or enumeration of any of the powers conferred on the council or commission under sections*

473.501 to 473.549, the commission shall have the specific power to acquire by purchase, lease, condemnation, gift or grant any real or personal property including *development rights*, positive and negative easements and water and air rights, and it may construct, enlarge, improve, replace, repair, maintain and operate (HAZARDOUS) waste facilities in the metropolitan area deemed to be necessary or convenient in connection with the processing or disposal of (HAZARDOUS) waste *resulting from sewage treatment*, and the commission may contract for the maintenance and operation of such waste facilities, subject to the bidding requirements of section 473.523. The commission may accept for processing (HAZARDOUS) waste derived from outside the metropolitan area in the state, as well as (HAZARDOUS) waste derived from within the metropolitan area, and may fix and collect fees and charges for the acceptance of (HAZARDOUS) waste as the commission determines to be reasonable.

Subd. 2. [GENERAL REQUIREMENTS.] With respect to its activities under this section, the commission shall be subject to and comply with the applicable provisions of this chapter. Property acquired by the commission under this section shall be subject to the provisions of section 473.545. Any site or facility owned or operated for or by the commission shall conform to the policy plan adopted by the council under section 473.149 and shall be authorized in accordance with the commission's development program and capital budget approved by the council. *Whenever possible, the commission shall contract with private persons for the construction, maintenance, and operation of waste facilities, subject to the bidding requirements of section 473.523.*

Subd. 3. [LOCAL RESTRICTIONS.] *Counties and local units of government may impose conditions respecting the construction, operation, inspection, monitoring, and maintenance of a waste facility of the commission and conditions respecting the sale, gift, delivery, storage, use, and disposal of sewage sludge of the commission on private property as a soil conditioner or amendment, but only in the manner and only to the extent authorized and approved by the council and the agency as being consistent with the establishment and use of the commission's waste facilities and the disposal of the commission's sewage sludge on private property in accordance with the council's plan, adopted under section 3, and agency permits and rules. Counties may exercise the enforcement powers granted under section 473.811, subdivision 10, in the manner and to the extent authorized and approved in accordance with this subdivision.*

Subd. 4. [TECHNICAL MONITORING; SEWAGE SLUDGE DISPOSAL.] *Each sewage sludge disposal facility of the waste control commission, or site used for the disposal of sewage sludge of the commission, shall be required to have an agency permit issued pursuant to agency rules for permitting sewage sludge disposal facilities sites. Each such permit shall*

require a regular monitoring, inspection, and testing program to be carried out by the agency, or the state department of health or county under contract to the agency, to prevent impairment or threat of impairment of ground and surface water. The commission shall reimburse the agency quarterly for the cost of the program.

Sec. 6. Minnesota Statutes 1978, Section 473.801, Subdivision 1, is amended to read:

473.801 [DEFINITIONS.] Subdivision 1. For the purposes of sections 473.801 to 473.823 and sections 13 to 16 the terms defined in this section have the meanings given them.

Sec. 7. Minnesota Statutes 1978, Section 473.802, is amended to read:

473.802 [LEGISLATIVE PURPOSE AND POLICY.] The legislature determines that for the protection of the public health, safety, and welfare of the people of the metropolitan area, for the prevention, control and abatement of pollution of air and waters of the state in the metropolitan area, and for the efficient and economic (COLLECTION AND PROCESSING) *management* of solid (AND HAZARDOUS) waste in the metropolitan area, it is necessary to (AUTHORIZE THE AGENCY TO REGULATE THE HANDLING OF HAZARDOUS WASTE AND THE LOCATION AND OPERATION OF WASTE FACILITIES IN THE AREA; TO) authorize the metropolitan council to carry on a continuous, long range program of planning with respect to solid (AND HAZARDOUS) waste (COLLECTION AND PROCESSING) *management*, (AND) to establish criteria and standards and approve permits for *solid waste* facilities in the area, and to provide funds for the acquisition of property for solid waste disposal purposes; and to authorize the metropolitan counties if necessary to acquire, construct, operate and maintain solid waste facilities, to plan for and regulate *solid waste* collection services and facilities, to collect data on solid and hazardous waste (COLLECTION AND PROCESSING) *management* systems and procedures, and to assist state agencies to regulate the (HANDLING) *management* of hazardous waste. The legislature declares that a public purpose is served by the recovery and utilization of resources from solid (WASTE AND HAZARDOUS) waste where economically viable and compatible with source reduction. The plans, criteria, standards and regulations of the agency, council and metropolitan counties shall, to the extent practicable, encourage ownership and operation of solid waste facilities by private industry.

Sec. 8. Minnesota Statutes 1978, Section 473.803, is amended to read:

473.803 [METROPOLITAN COUNTY PLANNING.] Subdivision 1. [COUNTY MASTER PLANS; GENERAL REQUIREMENTS.] Each metropolitan county, following adoption or revision of the council's solid (AND HAZARDOUS) waste policy plan and in accordance with the dates specified therein, and after consultation with all affected (MUNICIPALITIES) *local government units*, shall prepare and submit to the council for its approval, a county solid (AND HAZARDOUS) waste master plan to implement the policy plan. *The master plan shall be revised and resubmitted at such times as the council's policy plan may require.* The master plan shall describe county solid (AND HAZARDOUS) waste activities, functions, and facilities; the existing system of solid (AND HAZARDOUS) waste generation, collection, and processing, and disposal within the county; existing and proposed county and municipal ordinances and license and permit requirements relating to *solid* waste facilities and (HAZARDOUS AND) solid waste generation, collection, and processing, and disposal; existing or proposed municipal, county, or private *solid* waste facilities and collection services within the county together with schedules of existing rates and charges to users and statements as to the extent to which such facilities and services will or may be used to implement the policy plan; and any solid waste facility which the county owns or plans to acquire, construct, or improve together with statements as to the planned method, estimated cost and time of acquisition, proposed procedures for operation and maintenance of each facility; an estimate of the annual cost of operation and maintenance of each facility; an estimate of the annual gross revenues which will be received from the operation of each facility; and a proposal for the use of each facility after it is no longer needed or usable as a waste facility. The master plan shall, to the extent practicable, encourage ownership and operation of solid waste facilities by private industry. For *solid* waste facilities owned or operated by public agencies or supported primarily by public funds or obligations, the master plan shall contain policies to ensure (FINANCIAL SELF-SUFFICIENCY BASED UPON COMPETITIVE RATES AND CHARGES) *that the facilities are operated on a competitive basis so as not to create an unfair or unreasonable advantage or restraint of trade in relation to comparable private facilities existing in the area.*

Subd. 2. [PROPOSED INVENTORY OF DISPOSAL SITES.] *By June 1, 1981, each county shall adopt, by resolution of its governing body, an inventory of three proposed sites in the county suitable for mixed municipal solid waste disposal facilities and one proposed site in the county suitable for the disposal of demolition debris and shall submit the inventory to the council for approval or disapproval. The council shall evaluate and approve or disapprove each proposed site in accordance with the standards set out in this subdivision. Each proposed site shall contain no less than 80 acres and no more than 250 acres. The inventory shall include, for each proposed site, a buffer*

area surrounding and at least equal to the area of the site. Each proposed site shall satisfy the standards and criteria in the council's policy plan and state and federal regulations. No site shall be proposed by the county or approved by the council unless the agency certifies its apparent intrinsic suitability for the use intended, based on preliminary environmental analysis and on site surveys and investigations conducted by the county or agency. Notwithstanding any plan, charter provision, law, ordinance, regulation, or other requirement of any federal or state agency or political subdivision, no public land shall be excluded from consideration for inclusion in the inventory except land determined by the agency to be intrinsically unsuitable. The council shall evaluate each proposed site with respect to local land use and land use controls, existing and future development patterns, transportation facilities and other services and facilities appropriate to land disposal facilities, the quality of other potential sites, and patterns of generation of solid waste. The council shall notify a county of any site proposed by the county which the council disapproves and shall allow the county 60 days to propose an alternative site. If the county fails to propose an alternative acceptable to the council in the time allowed, the council shall propose a site acceptable to it for inclusion in the inventory of proposed sites in that county. If in the council's judgment a county does not contain the requisite number of satisfactory sites, the council may reduce the number of proposed sites required of that county. A moratorium is hereby imposed on development within the area of each proposed site and buffer area pending the council's adoption of an inventory pursuant to section 473.149, subdivision 4. For sites and buffer areas included in the council's inventory, the moratorium shall extend until October 1, 1983. No development shall be allowed to occur within the area of a proposed site or buffer area during the period of the moratorium. No county, city, or town land use control shall permit such development, nor shall any county, city, or town sanction or approve any subdivision, permit, license, or other authorization which would allow such development to occur.

Subd. 3. [LAND DISPOSAL ABATEMENT.] By April 1, 1982, after considering the council's disposal abatement report submitted to the counties pursuant to section 473.149, subdivision 3, each county shall submit to the council a proposal to reduce to the greatest feasible and prudent extent the need for and practice of land disposal of mixed municipal solid waste. The proposal shall include programs for waste reduction and separation and resource recovery. The proposal shall include objectives, immediately and over specified time periods, for reducing the land disposal of mixed municipal solid waste generated within the county. The proposal shall describe specific functions to be performed and activities to be undertaken by the county and cities and towns within the county to achieve the objectives and shall describe the estimated cost, proposed manner of financing, and timing of the functions and activities. The proposal shall include alternatives which could be used to achieve the objectives if the proposed functions and activities are not es-

tablished. By June 1, 1983, each county shall revise its master plan to include a land disposal abatement element to implement the council's land disposal abatement plan adopted under section 473.149, subdivision 6, and shall submit the revised plan to the council for review under subdivision 4. The proposal and master plan revision required by this subdivision shall be prepared in consultation with cities and towns within the county, particularly the cities and towns in which a solid waste disposal facility is or may be located pursuant to the county master plan.

Subd. (2) 4. [COUNCIL REVIEW.] The council shall review each master plan or revision thereof to determine whether it is consistent with the council's policy plan. If it is not consistent, the council shall *disapprove* and return the plan with its comments to the county for revision and resubmittal. *The county shall have 90 days to revise and resubmit the plan for council approval.* Any county solid (OR HAZARDOUS) waste plan or report approved by the council prior to April 9, 1976, shall remain in effect until a new master plan is submitted to and approved by the council in accordance with this section.

Subd. (3) 5. [ANNUAL REPORT.] Each metropolitan county shall prepare and submit annually to the council *for its approval* a report containing information, as the council may prescribe in its policy plan, concerning solid (AND HAZARDOUS) waste generation (, COLLECTION, AND PROCESSING) *and management* within the county. *The report shall include a statement of progress in achieving the land disposal abatement objectives of the council's policy plan and county master plan.* The report shall include a schedule of rates and charges in effect or proposed for the use of any *solid* waste facility owned or operated by or on its behalf, together with a statement of the basis for such charges.

Sec. 9. Minnesota Statutes 1978, Section 473.811, is amended to read:

473.811 [COUNTIES AND LOCAL UNITS OF GOVERNMENT: WASTE MANAGEMENT.] Subdivision 1. [COUNTY ACQUISITION OF FACILITIES.] To accomplish the purpose specified in section 473.803, each metropolitan county may acquire by purchase, lease, gift or condemnation as provided by law, upon such terms and conditions as it shall determine, including contracts for deed and conditional sales contracts, solid waste facilities or properties *or easements or development rights* for solid waste facilities which are in accordance with regulations adopted by the agency, the policy plan adopted by the council and the county master plan as approved by the council, and may improve or construct improvements on any property or facility so acquired. No metropolitan city, county or town shall own or operate a hazardous waste facility. Each metropolitan county is authorized to levy a tax in anticipation of need for expenditure for the acquisition and betterment of solid waste facilities. If (SUCH) a tax is levied in anticipation of need, the

purpose must be specified in a resolution of the county directing that the levy and the proceeds of the tax may be used only for that purpose. Until so used, the proceeds shall be retained in a separate fund or invested in the same manner as surplus in a sinking fund may be invested under section 475.66. The right of condemnation shall be exercised in accordance with chapter 117. (A) *Except as provided in subdivision 9, metropolitan county may acquire property for and operate a solid waste disposal facility within the boundaries of any (CITY) other county or (TOWN IN THE METROPOLITAN AREA,) local unit of government without complying with the provisions of any (ZONING) ordinance (ADOPTED AFTER APRIL 15, 1969) of the other county or local unit, if the action is approved by the council as being in conformance with its policy plan. For facilities outside the metropolitan area, approval of the board shall also be required, following review pursuant to article IV.*

Subd. 2. [RIGHT OF ACCESS.] Whenever the county deems it necessary to the evaluation of a waste facility for enforcement purposes or to the evaluation of a site or buffer area for inclusion in the inventory of disposal sites pursuant to section 473.149, subdivision 4, and section 473.803, subdivision 2, or for final acquisition under section 15, the county or any member, employee, or agent thereof, when authorized by it, may enter upon any property, public or private, for the purpose of obtaining information or conducting surveys or investigations, provided that the entrance and activity is undertaken after reasonable notice and during normal business hours and provided that compensation is made for any damage to the property caused by the entrance and activity.

Subd. (2) 3. [COUNTY FINANCING OF FACILITIES.] Each metropolitan county may by resolution authorize the issuance of bonds to provide funds for the acquisition or betterment of solid waste facilities or property or property rights for a solid waste facility, or for refunding any outstanding bonds issued for any such purpose, and may pledge to the payment of the bonds and the interest thereon, its full faith, credit and taxing powers, or the proceeds of any designated tax levies, or the gross or net revenues or charges to be derived from any facility operated by or for the county, or any combination thereof. Taxes levied for the payment of the bonds and interest shall not reduce the amounts of other taxes which the county is authorized by law to levy. No election shall be required to authorize the issuance of the bonds. Except as otherwise provided, the bonds shall be issued and sold in accordance with the provisions of chapter 475.

Subd. (3) 4. [COUNTY OPERATION OF FACILITIES.] Each metropolitan county may operate and maintain solid waste facilities, and for this purpose may employ all necessary personnel, may adopt regulations governing operation, and may establish and collect reasonable, non-discriminatory rates and charges for the use of the facilities by any local government unit or person, estimated to be sufficient, with any other moneys appropri-

ated for the purpose, to pay all costs of acquisition, operation and maintenance. Each metropolitan county may use itself or sell all or any part of materials or energy recovered from solid waste to private interests or public agencies for consumption or reuse by them. Section 471.345 and Laws 1951, Chapter 556, as amended shall not apply to the sale of the materials or energy provided that the dealings of each county shall be on a competitive basis so as not to create an unfair or unreasonable advantage or restraint of trade on the part of the county.

Subd. (4) 5. [COUNTY CONTRACTS.] Each metropolitan county *may contract* for the use of existing public or private *solid waste facilities and may contract* with any person for the operation and maintenance of any solid waste facility owned by the county. The contract shall provide for the operation and maintenance of the facility in accordance with any regulations, criteria, and standards of the agency, the metropolitan council and the county relating thereto.

Subd. 6. [ORDINANCES; GENERAL CONDITIONS; RESTRICTIONS; APPLICATION.] *Ordinances of counties and local government units related to or affecting waste management shall embody plans, policies, rules, standards and requirements adopted by any state agency authorized to manage or plan for or regulate the management of waste and the waste management plans adopted by the council and shall be consistent with county master plans approved by the council.*

Subd. (5) 7. [ORDINANCES; SOLID WASTE COLLECTION AND TRANSPORTATION.] Each metropolitan county may adopt ordinances governing the collection of solid waste. (THE ORDINANCES SHALL NOT PREVENT THE HAULING OF SOLID WASTE FROM ONE COUNTY TO ANOTHER.) Each (MUNICIPALITY AND TOWN) *local unit of government* within the metropolitan area shall adopt an ordinance governing the collection of solid waste within its boundaries. If the county within which it is located has adopted an ordinance, the (MUNICIPALITY OR TOWN) *local unit* shall adopt either the county ordinance by reference or a more strict ordinance. (A HAULER WHO QUALIFIED UNDER THE ORDINANCE OF THE MUNICIPALITY WHERE HE IS MAKING PICKUPS MAY TRANSPORT SOLID WASTE ON STREETS AND HIGHWAYS IN OTHER MUNICIPALITIES WITHIN THE COUNTY WITHOUT CONFORMING TO THEIR ORDINANCES.) *Ordinances of counties and local government units may establish reasonable conditions respecting but shall not prevent the transportation of solid waste by a licensed collector through and between counties and local units, except as required for the enforcement of any designation of a facility by the council pursuant to section 13. A licensed collector or a metropolitan county or local government unit may request review by the council of an ordinance adopted under this subdivision. Upon such a request the ordinance shall be invalid*

unless it is approved by the council as reasonable. Ordinances of counties and local units of government shall provide for the enforcement of any designation of facilities by the council under section 13. Nothing in this subdivision shall be construed to limit the authority of the local government unit to regulate and license collectors of solid waste or to require review or approval by the council for ordinances regulating collection.

Subd. 8. [ORDINANCES; SOLID WASTE FACILITIES.] Each metropolitan county shall by ordinance establish and from time to time revise rules, regulations, and standards for *solid waste facilities* within the county, relating to location, sanitary operation, periodic inspection and monitoring, maintenance, termination and abandonment, and other pertinent matters. The county ordinance shall require permits or licenses for *solid waste facilities* and shall require that such facilities be registered with a county office. *Ordinances of counties and local government units shall not prevent or restrain the acquisition, establishment, operation, expansion, continuance, or closure of solid waste disposal facilities and solid waste disposal facility sites pursuant to the council's policy plan and development schedule for such facilities, adopted pursuant to section 473.149, subdivision 7, except that ordinances approved by the council and the agency as being consistent with the establishment and use of facilities in accordance with the council's plan and agency rules and permits may impose conditions respecting the construction, operation, inspection, monitoring, and maintenance of a facility.*

Subd. 9. [ORDINANCES; HAZARDOUS WASTE MANAGEMENT.] Each metropolitan county shall by ordinance establish and revise rules, regulations, and standards (FOR HAZARDOUS WASTE MANAGEMENT) relating to (a) the identification of hazardous waste, (b) the labeling and classification of hazardous waste, (c) the (HANDLING,) collection, storage, transportation (AND STORAGE), *processing, disposal, and land containment* of hazardous waste, and (d) (THE ULTIMATE DISPOSAL SITE OF HAZARDOUS WASTE, AND (E)) other matters necessary for the public health, welfare and safety. The county shall require permits or licenses for the generation, collection, (AND) processing, *disposal, and land containment* of hazardous waste and shall require registration with a county office. *Ordinances of counties and local government units shall not prevent or restrain the location, establishment, operation, expansion, continuance, or closure of any hazardous waste facility in accordance with certificates, permits, and other approvals by state agencies pursuant to articles III and IV, except that ordinances approved by the agency as being consistent with the establishment and use of facilities in accordance with such certificates, permits, and approvals may impose conditions respecting the construction, inspection, monitoring, and maintenance of a facility. (ANY ORDINANCE ENACTED UNDER THIS SUBDIVISION SHALL EMBODY REGULATIONS, STANDARDS, AND REQUIREMENTS ADOPTED*

BY THE AGENCY AND GOALS, POLICIES, CRITERIA, AND STANDARDS ADOPTED BY THE COUNCIL AND SHALL BE CONSISTENT WITH THE COUNTY MASTER PLAN APPROVED BY THE COUNCIL. COUNTY ORDINANCES ADOPTED PURSUANT TO THIS SUBDIVISION SHALL NOT APPLY TO THE LOCATION OR OPERATION OF ANY HAZARDOUS WASTE FACILITY OWNED OR OPERATED BY THE WASTE CONTROL COMMISSION UNDER SECTION 473.516.) Issuing, denying, *suspending*, modifying, imposing conditions upon, or revoking hazardous waste permits or licenses, and county hazardous waste regulations *and ordinances*, shall be subject to review, denial, suspension, *modification*, and reversal by the agency. The agency shall after written notification have 15 days to review, suspend, modify, or reverse the action of the county. After this period, the action of the county board shall be final subject to appeal to the district court in the manner provided in (SECTION 115.05. ANY ORDINANCE ENACTED SHALL BE PUBLISHED IN ACCORDANCE WITH THE PROVISIONS OF SECTION 375.51) *chapter 15*.

Subd. (5A) 10. [COUNTY ENFORCEMENT.] Each metropolitan county shall be responsible for insuring that waste facilities, solid waste collection operations licensed or regulated by the county and hazardous waste generation (,) *and* collection (, AND PROCESSING) operations are brought into conformance with, or terminated and abandoned in accordance with, applicable county ordinances; rules, regulations and requirements of the (AGENCY) *state*; and (GOALS, POLICIES, CRITERIA, AND STANDARDS) *the policy plan* of the council. Counties may provide by ordinance that operators or owners or both of such facilities or operations shall be responsible to the county for satisfactorily performing the procedures required. If operators or owners or both fail to perform, the county may recover the costs incurred by the county in completing the procedures in a civil action in any court of competent jurisdiction or, in the discretion of the board, the costs may be certified to the county auditor as a special tax against the land. The ordinances may be enforced by action in district court. The county may prescribe a criminal penalty for the violation of any ordinance enacted under this section not exceeding the maximum which may be specified for a misdemeanor.

Subd. (6) 11. [GRANTS AND LOANS TO COUNTIES.] Each metropolitan county may accept gifts, may apply for and accept grants or loans of money or other property from the United States, the state, the metropolitan council, any local government unit, or any person, to accomplish the purposes specified in sections 473.149, 473.151, and 473.801 to 473.823 *and sections 13 to 16*, may enter into any agreement required in connection therewith, and may hold, use, and dispose of the money or property in accordance with the terms of the gift, grant, loan or agreement relating thereto.

Subd. (7) 12. [JOINT ACTION.] Each metropolitan county and local government unit may act *together with any county, city, or town within or without the metropolitan area* under the provisions of section 471.59 or any other appropriate law providing for joint or cooperative action between government units, to accomplish any purpose specified in sections 473.149, 473.151, and 473.801 to 473.823 and sections 13 to 16.

Subd. (8) 13. [COUNTY SALE OR LEASE.] Each metropolitan county may sell or lease any facilities or property or property rights previously used or acquired to accomplish the purposes specified by sections 473.149, 473.151, and 473.801 to 473.823 and sections 13 to 16. Such property may be sold in the manner provided by section 458.196. Each metropolitan county may convey to or permit the use of any such property by a local government unit, with or without compensation, without submitting the matter to the voters of the county. No real property or property rights acquired pursuant to this section, may be disposed of in any manner unless and until the county shall have submitted to the agency and the metropolitan council for review and comment the terms on and the use for which the property will be disposed of. The agency and the council shall review and comment on the proposed disposition within 60 days after each has received the data relating thereto from the county.

Subd. (9) 14. [SOLID AND HAZARDOUS WASTE FUND.] All moneys received by any metropolitan county from any source specified in sections 473.149, 473.151, and 473.801 to 473.823 and sections 13 to 16 shall be paid into the county treasury, placed in a special fund designated as the county solid and hazardous waste fund, and used only for the purposes authorized in those sections, as appropriated by the county board, subject to any lawful restrictions, conditions, or pledges applicable thereto.

Sec. 10. Minnesota Statutes 1978, Section 473.813, is amended to read:

473.813 [CITIES, COUNTIES, TOWNS; SOLID WASTE CONTRACTS.] Subdivision 1. Notwithstanding any contrary provision of law or charter, and in addition to the powers or authority granted by any other law or charter, a city, county, or town in the metropolitan area may directly negotiate and enter into contracts, for a term not to exceed 30 years, for the delivery of solid waste to a waste facility and the processing of solid waste. Contracts made by direct negotiations shall be approved by resolution adopted by the governing body of the city, county, or town.

Subd. 2. Before a city, county, or town (MAY ENTER) enters into any contract pursuant to subdivision 1 (, WHICH CONTRACT IS) for a period of more than five years, the city,

county, or town shall submit the proposed contract and a description of the proposed activities under the contract to the council for review and approval. The council shall approve the proposed contract if it determines that the contract (WILL NOT ADVERSELY AFFECT COLLECTION RATES AND CHARGES DURING THE TERM OF THE CONTRACT AND THAT THE CONTRACT) is consistent with the council's plan, permits issued under section 473.823, and county reports or master plans approved by the council. The council may consolidate its review of contracts submitted under this section with its review of related permit applications submitted under section 473.823 and for this purpose may delay the review required by this section.

Sec. 11. Minnesota Statutes 1978, Section 473.823, Subdivision 3, is amended to read:

Subd. 3. [SOLID WASTE FACILITIES; REVIEW PROCEDURES.] (THE AGENCY MAY PRESCRIBE PERMIT AND PERMIT APPLICATION FORMS, AND MAY REQUEST APPLICANTS TO SUBMIT IN WRITING ALL INFORMATION DEEMED RELEVANT BY THE AGENCY.) The agency shall request applicants for *solid waste facility permits* to submit all information deemed relevant by the council to its review, including without limitation information relating to the geographic areas and population served, the need, the effect on existing facilities and services, the anticipated public cost and benefit, the anticipated rates and charges, the manner of financing, the effect on metropolitan plans and development programs, the supply of waste, anticipated markets for any product, and alternative means of disposal or energy production. (THE AGENCY, OR ANY EMPLOYEE OR AGENT THEREOF, WHEN AUTHORIZED BY IT, MAY EXAMINE ANY BOOKS, PAPERS, RECORDS OR MEMORANDA OF THE APPLICANT PERTAINING TO ITS WASTE FACILITY, AND MAY ENTER ON ANY PROPERTY, PUBLIC OR PRIVATE, FOR THE PURPOSE OF OBTAINING INFORMATION, CONDUCTING SURVEYS OR MAKING INVESTIGATIONS RELATIVE TO THE LOCATION OR OPERATION OF A WASTE FACILITY. THE AGENCY MAY ISSUE PERMITS FOR THE OPERATION OF WASTE FACILITIES BY ANY METROPOLITAN COUNTY OR COMMISSION, LOCAL GOVERNMENT UNIT OR PERSON WHERE THE OPERATION THEREOF IS CONSISTENT WITH APPLICABLE REGULATIONS ADOPTED BY THE AGENCY PURSUANT TO SUBDIVISION 1, PROVIDED THAT) No permit may be issued for the operation of a *solid waste facility* in the metropolitan area which is not in accordance with the metropolitan council's solid (AND HAZARDOUS) waste policy plan. The metropolitan council shall determine whether a permit is in accordance with the (GOALS, POLICIES, STANDARDS, AND CRITERIA IN ITS) policy plan. In making its determination, the council shall consider the area-wide need and benefit of the applicant facility and may consider, without limitation, the effect of the applicant facility on existing and planned *solid waste facilities* described in a waste

control commission development program or county report or master plan. If the council determines that a permit is in accordance with its policy plan, the council shall approve the permit. If the council determines that a permit is not in accordance with its policy plan, it shall disapprove the permit. The council's approval of permits may be subject to conditions necessary to satisfy criteria and standards in its policy plan, including conditions respecting the type, character, and quantities of waste to be processed at a *solid* waste facility used primarily for resource recovery and (RESTRICTIONS ON) the geographic territory from which a (WASTE FACILITY USED PRIMARILY FOR) resource recovery *facility or transfer station serving such a facility* may draw its waste. For the purpose of this review and approval by the council, the agency shall send a copy of each permit application and any supporting information furnished by the applicant to the metropolitan council within 15 days after receipt of the application and all other information requested from the applicant. Within 60 days after the application and supporting information are received by the council, unless a time extension is authorized by the agency, the council shall issue to the agency in writing its determination whether the permit is disapproved, approved, or approved with conditions. If the council does not issue its determination to the agency within the 60 day period, unless a time extension is authorized by the agency, the permit shall be deemed to be in accordance with the council's policy plan. No permit may be issued in the metropolitan area for a *solid* waste facility used primarily for resource recovery, if the facility or site is owned and operated by a public agency or if the acquisition or betterment of the facility or site is secured by *public funds or obligations* (PLEDGING THE FULL FAITH AND CREDIT OR TAXING POWERS OF A CITY, COUNTY, OR TOWN,) unless the council finds that adequate markets exist for the products recovered without substantially reducing the supply of solid waste available for existing resource recovery operations and that (ALL COSTS OF OPERATION, ADMINISTRATION, MAINTENANCE AND DEBT SERVICE WILL BE COVERED BY REASONABLE RATES AND CHARGES FOR THE USE OF THE FACILITY) *the facility is operated on a competitive basis so as not to create an unfair or unreasonable advantage or restraint of trade in relation to comparable private facilities existing in the area.*

Sec. 12. Minnesota Statutes 1978, Section 473.823, is amended by adding a subdivision to read:

Subd. 5. [COUNCIL; CERTIFICATION OF NEED.] No new mixed municipal solid waste disposal facility shall be permitted in the metropolitan area without a certificate of need issued by the council indicating the council's determination that the additional disposal capacity planned for the facility is needed in the metropolitan area. The council shall amend its policy plan, adopted pursuant to section 473.149, to include standards and procedures for certifying need. The standards and procedures shall be based on the council's disposal abatement plan adopted

pursuant to section 473.149, subdivision 6, and the abatement master plans of counties adopted pursuant to section 473.803, subdivision 3. The council shall certify need only if and only to the extent that the county or permit applicant demonstrates that there are no feasible and prudent alternatives to the disposal facility, including waste reduction, source separation and resource recovery which would minimize adverse impact upon natural resources. Economic considerations alone shall not justify the certification of need or the rejection of alternatives.

Sec. 13. Minnesota Statutes 1978, Chapter 473, is amended by adding a section to read:

[473.827] [COUNCIL DESIGNATION OF SOLID WASTE FACILITY; REQUIRED USE.] *Subdivision 1. [AUTHORITY.] The council may require that all or any portion of the solid waste that is generated within the metropolitan area or any service area thereof and is disposed of in the state be delivered to a resource recovery facility designated by the council or a transfer station serving such a facility. The council may designate a facility under this section without the approval of the board except that the approval of the board shall be required if the solid waste required to be delivered is generated outside of the metropolitan area.*

Subd. 2. [STANDARDS.] In determining whether to designate and require the use of the facility the council shall consider whether:

(a) the required use will result in the recovery of resources or energy from materials which would otherwise be wasted;

(b) the required use will lessen the demand for and use of land disposal;

(c) the required use is necessary for the financial support of the facility.

(d) less restrictive methods for ensuring an adequate solid waste supply are available.

Subd. 3. [EXEMPTION.] The council shall not designate and require use of facilities for materials which are separated from solid waste and recovered for reuse or recycling by the generator, by a private person under contract with the generator, or by a licensed solid waste collector.

Subd. 4. [PROCEDURE.] The council shall proceed as follows when designating and requiring use of facilities:

(a) The council shall notify those persons whom the council has determined should use the facilities. Notification to politi-

cal subdivisions shall be in writing. All other persons shall be notified at least by publication in a legal newspaper or newspapers having general circulation in the area. The notification shall specify types and quantities of solid wastes, plans for use of the solid wastes, the point of delivery of the solid wastes, and the fee to be charged. During a period of 90 days following the notification, the council shall negotiate with the persons within the areas to be served in order to develop contractual agreements on the terms of required use of the designated facilities.

(b) If contracts have not been made at the end of the 90-day period, or if persons subject to the required use have not made arrangements sufficient to justify exemption, the council shall hold a public hearing to take testimony on the required use of the designated facilities. The hearing shall be preceded by the notice required under clause (a).

(c) If contracts have not been made within 30 days after the public hearing, or if persons subject to the required use have not made arrangements sufficient to justify exemption, the council may order any person identified in the notice of the council to use the designated facilities, starting at a specified date which shall be at least 30 days after the order has been issued.

Subd. 5. [SERVICE GUARANTEE.] The facility designated by the council shall not arbitrarily terminate, suspend, or curtail services provided to any person required pursuant to this section to use designated facilities without the consent of the person, or without just cause.

Subd. 6. [TERMINATION.] Use required under contract or order pursuant to this section may be terminated by a person upon an adequate showing to the council that the solid waste has value and that arrangements have been made sufficient to justify exemption from the designation, unless the council determines that the requirement must be continued to assure delivery of waste necessary to the financial support of the facilities designated by the council.

Sec. 14. Minnesota Statutes 1978, Chapter 473, is amended by adding a section to read:

[473.831] [DEBT OBLIGATIONS; SOLID WASTE DISPOSAL.] Subdivision 1. [GENERAL OBLIGATION BONDS.] Following the adoption of the revisions to its policy plan required by section 473.149, subdivision 7, the council may by resolution authorize the issuance of general obligation bonds of the council to provide funds for the acquisition of sites and surrounding buffer areas for development as solid waste disposal facilities pursuant to this section and section 15 and to provide funds for refunding obligations issued under this section. The bonds shall be sold, issued, and secured in the manner provided in chapter 475 for general obligation bonds, and the

council shall have the same power and duties as a municipality and its governing body in issuing bonds under chapter 475, except as otherwise provided in this chapter. No election shall be required, and the net debt limitations in chapter 475 shall not apply.

Subd. 2. [USE OF PROCEEDS.] The proceeds of bonds issued under subdivision 1 shall be used pursuant to section 15, by the council to make grants to metropolitan counties to pay the cost of the acquisition of all property or interests in property for solid waste disposal sites and surrounding buffer areas required to be acquired by the county in the council's policy plan and development schedule adopted pursuant to section 473.149.

Sec. 15. Minnesota Statutes 1978, Chapter 473, is amended by adding a section to read:

[473.833] [SOLID WASTE DISPOSAL SITES AND BUFFER AREAS.] Subdivision 1. [COUNTY SITE SELECTION AUTHORITIES.] Each metropolitan county shall establish a site selection authority. By June 1, 1983, each site selection authority shall select specific sites within the county from the council's disposal site inventory, in accordance with the standards, criteria, and procedures established by the council under section 473.149, subdivision 7, and in a number equal to that required by the council to be acquired by the county. Each site selection authority shall be composed of the county board, plus one member appointed by the governing body of each city or town within the county containing a site in the council's disposal site inventory or the majority of the land contained within such a site. If the number of members on the site selection authority who reside in a city or town containing all or part of a site or buffer area is equal to or greater than the number of members who do not, the chairman of the county board shall appoint to the authority an additional member or members, residing within the county but not within a city or town containing all or part of a site or buffer area, sufficient to assure a majority of one on the authority of members residing in cities and towns not containing all or any part of a site or buffer area. The chairman of the county board shall be the chairman of the site selection authority. If a site selection authority has not selected the requisite number of sites in accordance with the council's standards, criteria, and procedures by June 1, 1983, the council shall make the selection.

Subd. 2. [ACQUISITION AND DISPOSITION.] In order to prevent the development of conflicting land uses at and around future solid waste disposal facility sites, the council shall provide for the acquisition by a metropolitan county of property and rights in property at and around each solid waste disposal site selected pursuant to subdivision 1. Each site scheduled for development as a facility through the year 1990 shall be acquired in fee. Development rights shall be acquired for

each site scheduled for development as a facility after the year 1990 through the year 2000. Development rights shall be acquired in a buffer area surrounding and at least equal to the area of each site scheduled for development as a facility through the year 2000. An increase or decrease in the value of property resulting from its designation in the inventory of disposal sites and buffer areas or its selection as a site or buffer area shall not be considered in establishing the value of the property in a condemnation proceeding. The county may sell property and development rights, with the permission of the council, when they are no longer needed for a site or surrounding buffer area. The owner of the fee shall have the right of first refusal of any development rights at the price of purchase plus interest at the rate permitted under section 344.01. The proceeds from any sale of property or development rights shall be returned to the council and used to pay debt service on the council's solid waste bonds.

Subd. 3. [ACQUISITION PROCEDURE.] The council shall offer a grant covering the full cost of acquisition to the county or counties in which the property is located. If the acquisition is not made or condemnation proceedings initiated within 60 days following June 1, 1983, the council shall offer the grant to any other county in the metropolitan area.

Subd. 4. [FAILURE OF COUNTIES TO ACQUIRE; REPORT TO LEGISLATURE.] If any county fails to identify property for acquisition or if counties refuse to proceed with acquisition, as required by this section and the council's disposal facility development schedule adopted pursuant to section 473.149, subdivision 7, the council shall prepare and recommend to the legislature, no later than January 1, 1984, legislation to transfer solid waste management authority and responsibility in the metropolitan area from the counties to the waste control commission or a new metropolitan commission established for that purpose.

Sec. 16. Minnesota Statutes 1978, Chapter 473, is amended by adding a section to read:

[473.834] [DEBT SERVICE; SOLID WASTE BONDS.]
Subdivision 1. [CERTAIN CITIES AND TOWNS; EXEMPTION.] Each city or town in which a solid waste disposal facility is operating after January 1, 1980, shall be permanently exempt from the payments required by this section, if the facility is a commercial facility disposing of garbage and mixed municipal refuse under an agency permit.

Subd. 2. [ALLOCATION OF DEBT SERVICE.] The annual debt service on the council's solid waste bonds, issued under section 15, shall be annually apportioned by the council to each city and town in the metropolitan area, as follows: (a)

one-half in the proportion that the assessed value of all taxable property within such city or town bears the assessed value of the taxable property in all such cities and towns, as last finally equalized before October 1 in the year in which the allocation is made; and (b) one-half in the proportion that the population of each such city or town bears to the total population in all such cities and towns, as estimated by the council.

Subd. 3. [CERTAIN CITIES AND TOWNS; REDUCED PAYMENTS.] *When a solid waste reduction, separation, or resource recovery program is implemented or solid waste processing facilities are established in a city or town pursuant to a county land disposal abatement plan approved by the council, the annual payment otherwise required of the city or town pursuant to subdivision 2, shall be reduced by an amount determined by the council to be proportionate to the abatement in the waste going from the city or town into a solid waste disposal facility as a result of the local abatement program or processing facility.*

Subd. 4. [PROCEDURES FOR PAYMENT.] *By January 1 of each year, the council shall certify to each city and town in the metropolitan area the payment required from it to pay debt service on the council's bonds in the next succeeding calendar year. The amounts so certified shall be due and payable to the council, for deposit in the council's debt service fund, at such time or times during the year as the council determines. The council shall set the dates for payment with reference to the dates on which tax, assessment, and revenue collections become available to the government units required to pay such charges, provided that all payments shall be due in time to allow the council to certify deficiency tax levies pursuant to subdivision 5.*

Subd. 5. [DEFICIENCY TAX LEVIES.] *If the governing body of any local government unit fails to make payment to the council when due, the council shall certify to the auditor of the county in which the government unit is located the amount required for payment with interest at six percent per annum. The auditor shall levy and extend such amount as a tax upon all taxable property in the government unit for the next calendar year, free from any existing limitations imposed by law or charter. Such tax shall be collected in the same manner as the general taxes of the government unit, and the proceeds thereof, when collected, shall be paid by the county treasurer to the council for deposit in the debt service fund and credited to the government unit for which the tax was levied.*

Subd. 6. [SECURITY.] *In addition to the power to require payments and tax levies under subdivisions 3 to 5 for the payment of debt service on bonds issued under section 15, the council may levy taxes for the payment of the debt service upon all taxable property within the metropolitan area without limitation of rate or amount and without affecting the amount or rate of*

taxes which may be levied by the council for other purposes or by any local government unit in the area.

Sec. 17. *Article X applies in the counties of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, and Washington.*

ARTICLE XI

POLLUTION CONTROL AGENCY

Section 1. Minnesota Statutes 1978, Section 116.06, Subdivision 9, is amended to read:

Subd. 9. "Land pollution" means the presence in or on the land of any (SOLID) waste in such quantity, of such nature and duration, and under such condition as would affect injuriously any waters of the state, create air contaminants or cause air pollution.

Sec. 2. Minnesota Statutes 1978, Section 116.06, is amended by adding subdivisions to read:

Subd. 9a. "Waste" has the meaning given it in article I, section 3.

Subd. 9b. "Waste management" has the meaning given it in article I, section 3.

Subd. 9c. "Collection" of waste has the meaning given it in article I, section 3.

Subd. 9d. "Processing" of waste has the meaning given it in article I, section 3.

Subd. 9e. "Disposal" of waste has the meaning given it in article I, section 3.

Subd. 9f. "Degree of intrinsic hazard" of a waste has the meaning given it in article I, section 3.

Subd. 9g. "Degree of intrinsic suitability" of a land area or site has the meaning given it in article I, section 3.

Subd. 9h. "Sewage sludge" has the meaning given it in article I, section 3.

Sec. 3. Minnesota Statutes 1978, Section 116.06, Subdivision 10, is amended to read:

Subd. 10. "Solid waste" means garbage, refuse, sludge from a water supply treatment plant or air contaminant treatment

facility, and other discarded (SOLID) waste materials and sludges, (INCLUDING SOLID WASTE MATERIALS AND WASTE SLUDGES) in solid, semi-solid, liquid, or contained gaseous form, resulting from industrial, commercial, mining, and agricultural operations, and from community activities, but does not include hazardous waste; animal waste used as fertilizer (,); earthen fill, boulders, rock (, SOLIDS); sewage sludge; solid or dissolved material in domestic sewage or other (SIGNIFICANT) common pollutants in water resources, such as silt, dissolved or suspended solids in industrial waste water effluents or discharges which are point sources subject to permits under section 402 of the federal water pollution control act, as amended, dissolved materials in irrigation return flows (, OR OTHER COMMON WATER POLLUTANTS); or source, special nuclear, or by-product material as defined by The Atomic Energy Act of 1954, as amended.

Sec. 4. Minnesota Statutes 1978, Section 116.06, Subdivision 13, is amended to read:

Subd. 13. "Hazardous waste" means any refuse or discarded material or combinations of refuse or discarded materials in solid, semi-solid, liquid, or gaseous form which cannot be handled by routine waste management techniques because they pose a substantial present or potential hazard to human health or other living organisms because of their chemical, biological, or physical properties. Categories of hazardous waste materials include, but are not limited to: explosives, flammables, oxidizers, poisons, irritants, and corrosives. *Hazardous waste does not include sewage sludge and source, special nuclear, or by-product material as defined by the Atomic Energy Act of 1954, as amended.*

Sec. 5. Minnesota Statutes 1978, Section 116.07, Subdivision 2, is amended to read:

Subd. 2. [ADOPTION OF STANDARDS.] The pollution control agency shall improve air quality by promoting, in the most practicable way possible, the use of energy sources and waste disposal methods which produce or emit the least air contaminants consistent with the agency's overall goal of reducing all forms of pollution. The agency shall also adopt standards of air quality, including maximum allowable standards of emission of air contaminants from motor vehicles, recognizing that due to variable factors, no single standard of purity of air is applicable to all areas of the state. In adopting standards the pollution control agency shall give due recognition to the fact that the quantity or characteristics of air contaminants or the duration of their presence in the atmosphere, which may cause air pollution in one area of the state, may cause less or not cause any air pollution in another area of the state, and it shall take into consideration in this connection such factors, including others which it may deem proper, as existing physical conditions, zoning classifications, topography, prevailing wind directions and velocities, and the fact that a standard of air quality which may be proper

as to an essentially residential area of the state, may not be proper as to a highly developed industrial area of the state. Such standards of air quality shall be premised upon scientific knowledge of causes as well as effects based on technically substantiated criteria and commonly accepted practices. No local government unit shall set standards of air quality which are more stringent than those set by the pollution control agency.

The pollution control agency shall promote solid waste disposal control by encouraging the updating of collection systems, elimination of open dumps, and improvements in incinerator practices. The agency shall also adopt standards for the control of the collection, transportation, storage, *processing*, and disposal of solid waste *and the disposal of sewage sludge* for the prevention and abatement of water, air and land pollution, recognizing that due to variable factors, no single standard of (SOLID WASTE) control is applicable to all areas of the state. In adopting standards, the pollution control agency shall give due recognition to the fact that elements of control which may be reasonable and proper in densely populated areas of the state may be unreasonable and improper in sparsely populated or remote areas of the state, and it shall take into consideration in this connection such factors, including others which it may deem proper, as existing physical conditions, topography, soils and geology, climate, transportation, and land use. Such standards of (SOLID WASTE) control shall be premised on technical criteria and commonly accepted practices.

The pollution control agency shall also adopt standards describing the maximum levels of noise in terms of sound pressure level which may occur in the outdoor atmosphere, recognizing that due to variable factors no single standard of sound pressure is applicable to all areas of the state. Such standards shall give due consideration to such factors as the intensity of noises, the types of noises, the frequency with which noises recur, the time period for which noises continue, the times of day during which noises occur, and such other factors as could affect the extent to which noises may be injurious to human health or welfare, animal or plant life, or property, or could interfere unreasonably with the enjoyment of life or property. In adopting standards, the pollution control agency shall give due recognition to the fact that the quantity or characteristics of noise or the duration of its presence in the outdoor atmosphere, which may cause noise pollution in one area of the state, may cause less or not cause any noise pollution in another area of the state, and it shall take into consideration in this connection such factors, including others which it may deem proper, as existing physical conditions, zoning classifications, topography, meteorological conditions and the fact that a standard which may be proper in an essentially residential area of the state, may not be proper as to a highly developed industrial area of the state. Such noise standards shall be premised upon scientific knowledge as well as effects based on technically substantiated criteria and commonly accepted practices. No local governing

unit shall set standards describing the maximum levels of sound pressure which are more stringent than those set by the pollution control agency.

The pollution control agency shall adopt standards for the identification of hazardous waste and for the *management, identification, labeling, classification, storage, collection, transportation, processing, and disposal* of hazardous waste, recognizing that due to variable factors, (NO) a single standard of hazardous waste control (IS) *may not be applicable* to all areas of the state. In adopting standards, the pollution control agency shall recognize that elements of control which may be reasonable and proper in densely populated areas of the state may be unreasonable and improper in sparsely populated or remote areas of the state. The agency shall consider existing physical conditions, topography, soils, and geology, climate, transportation and land use. Standards of hazardous waste control shall be premised on technical knowledge, and commonly accepted practices. No local government unit shall set standards of hazardous waste control which are in conflict or inconsistent with those set by the pollution control agency.

Sec. 6. Minnesota Statutes 1978, Section 116.07, Subdivision 4, is amended to read:

Subd. 4. [RULES AND STANDARDS.] Pursuant and subject to the provisions of chapter 15, and the provisions hereof, the pollution control agency may adopt, amend and rescind (REGULATIONS) *rules* and standards having the force of law relating to any purpose within the provisions of Laws 1969, Chapter 1046, for the prevention, abatement, or control of air pollution. Any such (REGULATION) *rule* or standard may be of general application throughout the state, or may be limited as to times, places, circumstances, or conditions in order to make due allowance for variations therein. Without limitation, (REGULATIONS) *rules* or standards may relate to sources or emissions of air contamination or air pollution, to the quality or composition of such emissions, or to the equality of or composition of the ambient air or outdoor atmosphere or to any other matter relevant to the prevention, abatement, or control of air pollution.

Pursuant and subject to the provisions of chapter 15, and the provisions hereof, the pollution control agency may adopt, amend, and rescind (REGULATIONS) *rules* and standards having the force of law relating to any purpose within the provisions of Laws 1969, Chapter 1046, for the collection, transportation, storage, *processing, and disposal* of solid waste and the prevention, abatement, or control of water, air, and land pollution which may be related thereto, and the deposit in or on land of any other material that may tend to cause pollution. *The agency shall adopt such rules and standards for the disposal of sewage sludge, addressing the intrinsic suitability of land, the volume and rate*

of application of sewage sludge of various degrees of intrinsic hazard, design of disposal facilities, and operation of disposal facilities and disposal sites. The agency shall promulgate temporary rules for sewage sludge disposal pursuant to section 15.0412, subdivision 5. Any such (REGULATION) rule or standard may be of general application throughout the state or may be limited as to times, places, circumstances, or conditions in order to make due allowance for variations therein. Without limitation, (REGULATIONS) rules or standards may relate to collection, transportation, *processing*, disposal, equipment, location, procedures, methods, systems or techniques or to any other matter relevant to the prevention, abatement or control of water, air, and land pollution which may be advised through the control of collection, transportation, *processing*, and disposal of solid waste and the disposal of sewage sludge, and the deposit in or on land of any other material that may tend to cause pollution.

Pursuant and subject to the provisions of chapter 15, and the provisions hereof, the pollution control agency may adopt, amend and rescind (REGULATIONS) rules and standards having the force of law relating to any purpose within the provisions of Laws 1971, Chapter 727, for the prevention, abatement, or control of noise pollution. Any such (REGULATION) rule or standard may be of general application throughout the state, or may be limited as to times, places, circumstances or conditions in order to make due allowances for variations therein. Without limitation, (REGULATIONS) rules or standards may relate to sources or emissions of noise or noise pollution, to the quality or composition of noises in the natural environment, or to any other matter relevant to the prevention, abatement, or control of noise pollution.

As to any matters subject to this chapter, local units of government may set emission regulations with respect to stationary sources which are more stringent than those set by the pollution control agency.

Pursuant to chapter 15, the pollution control agency may adopt, amend, and rescind (REGULATIONS) rules and standards having the force of law relating to any purpose within the provisions of this chapter for the *management*, identification, labeling, classification, storage, collection, treatment, *transportation*, *processing*, and disposal of hazardous waste and location of hazardous waste (DISPOSAL) facilities. A (REGULATION) rule or standard may be of general application throughout the state or may be limited as to time, places, circumstances, or conditions. The public service commission, in cooperation with the pollution control agency, shall set standards for the transportation of hazardous waste in accordance with chapter 221.

The pollution control agency shall give highest priority in the consideration of permits to authorize disposal of diseased

shade trees by open burning at designated sites to evidence concerning economic costs of transportation and disposal of diseased shade trees by alternative methods.

Sec. 7. Minnesota Statutes 1978, Section 116.07, Subdivision 4a, is amended to read:

Subd. 4a. [PERMITS.] The pollution control agency may issue, continue in effect or deny permits, under such conditions as it may prescribe for the prevention of pollution, for the emission of air contaminants, or for the installation or operation of any emission facility, air contaminant treatment facility, treatment facility, potential air contaminant storage facility, or storage facility, or any part thereof, or for the sources or emissions of noise pollution.

The pollution control agency may also issue, continue in effect or deny permits, under such conditions as it may prescribe for the prevention of pollution, for the *storage*, collection, transportation, *processing*, or disposal of (SOLID) waste, or for the installation or operation of any system or facility, or any part thereof, related to the *storage*, collection, transportation, *processing*, or disposal of (SOLID) waste.

The pollution control agency may revoke or modify any permit issued under this subdivision and section 116.081 whenever it is necessary, in the opinion of the agency, to prevent or abate pollution.

(THE POLLUTION CONTROL AGENCY MAY ISSUE, CONTINUE IN EFFECT OR DENY PERMITS, UNDER SUCH CONDITIONS AS IT MAY PRESCRIBE FOR THE TREATMENT OR DISPOSAL OR BOTH OF HAZARDOUS WASTE, OR FOR THE INSTALLATION OR OPERATION OF ANY SYSTEM OR FACILITY OR ANY PART THEREOF.)

Sec. 8. Minnesota Statutes 1978, Section 116.07, is amended by adding a subdivision to read:

Subd. 4b. [PERMITS; HAZARDOUS WASTE FACILITIES.] *In reviewing applications for hazardous waste facility permits, in addition to the requirements imposed on it under this chapter and chapter 116D, the agency shall act in accordance with articles III and IV. The agency shall provide to the waste management board copies of each preliminary and final permit application for a hazardous waste facility immediately upon its submittal to the agency. The agency shall request recommendations on each permit application from the board and shall consult with the board on the agency's intended disposition of the recommendations. The agency shall respond to a preliminary permit application for a hazardous waste facility within 120*

days following a decision not to prepare environmental documents or following the acceptance of a negative declaration notice or an environmental impact statement by the environmental quality board. Except as otherwise provided in article III, within 60 days following the submission of a final permit application for a hazardous waste facility, unless a time extension is agreed to by the applicant, the agency shall issue or deny all permits needed for the construction of the proposed facility.

Sec. 9. Minnesota Statutes 1978, Section 116.07, is amended by adding a subdivision to read:

Subd. 4c. [PERMITS; INTERIM HAZARDOUS WASTE STORAGE FACILITIES.] A generator of hazardous waste within the state, or an entity composed of or under contract to such generators, may apply to the agency for permits for interim storage facilities for hazardous waste generated within the state. The application shall demonstrate: (a) that no feasible and prudent alternative is available to eliminate the hazardous properties of the waste or the need for a waste facility to handle the waste, and (b) that no waste facility is reasonably available to accept the waste. The agency and the environmental quality board shall give highest priority to and shall expedite consideration of such applications. The agency shall make a determination on environmental documents required on the application within 30 days of submittal of the application. The environmental quality board shall finally accept or reject any environmental impact statement required within 280 days following publication of the impact statement preparation notice. The agency shall finally issue or deny permits within 30 days following a decision not to prepare environmental documents or following acceptance of a negative declaration notice or an environmental impact statement by the environmental quality board. An interim storage permit issued pursuant to this subdivision or pursuant to or in accordance with an order or decision of the board regarding such a permit under article IV shall not affect the responsibility of the generator for removal and final processing or disposal in a permitted hazardous waste facility. A permit shall not be issued under this subdivision for a period longer than three years, but such permits may be renewed by administrative action of the agency without a hearing or other review procedures for up to three additional one year periods.

Sec. 10. Minnesota Statutes 1978, Section 116.07, is amended by adding a subdivision to read:

Subd. 9. [ORDERS; INVESTIGATIONS.] The agency shall have the following powers and duties for the enforcement of any provision of chapter 116, relating to waste:

(a) to adopt, issue, reissue, modify, deny, revoke, enter into or enforce reasonable orders, schedules of compliance and stipulation agreements;

(b) to require by rule the owner or operator of any system or facility related to the storage, collection, transportation, processing, land containment, or disposal of waste to establish and maintain records; to make reports; to install, use, and maintain monitoring equipment or methods; and to make tests, in accordance with methods, at locations, at intervals, and in a manner as the agency shall prescribe; and to provide other information as the agency may reasonably require;

(c) to conduct investigations, issue notices, public and otherwise, and hold hearings as it may deem necessary or advisable for the discharge of its duties under chapter 116, including but not limited to the issuance of permits; and to authorize any member, employee, or agent appointed by it to conduct the investigations and issue the notices.

Sec. 11. Minnesota Statutes 1978, Section 116.081, Subdivision 1, is amended to read:

116.081 [PROHIBITIONS.] Subdivision 1. [OBTAIN PERMIT.] It shall be unlawful for any person to construct, install or operate an emission facility, air contaminant treatment facility, treatment facility, potential air contaminant storage facility, storage facility, or system or facility related to the collection, transportation, storage, *processing*, or disposal of (SOLID) waste, or any part thereof unless otherwise exempted by any agency (REGULATION) *rule* now in force or hereinafter adopted, until plans therefor shall have been submitted to the agency, and a written permit therefor shall have been granted by the agency. The requirements of this section shall not be applied to motor vehicles, abatement and control of air and land pollution during each biennium to the legislature with recommendations for action in furtherance of the air and land pollution and (SOLID) waste programs.

Sec. 12. Minnesota Statutes 1978, Section 116.101, is amended to read:

116.101 [HAZARDOUS WASTE CONTROL AND SPILL CONTINGENCY PLAN.] The pollution control agency shall study and investigate the problems of hazardous waste control and shall develop a statewide hazardous waste (MANAGEMENT) *spill contingency* plan detailing the location of hazardous waste (DISPOSAL) facilities and storage sites throughout the state and the needs relative to the interstate transportation of hazardous waste.

(ELEMENTS OF) The statewide hazardous *waste* spill contingency plan (WHICH RELATE TO HAZARDOUS

WASTES,) shall be incorporated into the statewide hazardous waste management (PLAN) *plans of the waste management board established by article II.* The pollution control agency shall develop an informational reporting system of hazardous waste quantities generated, *processed,* and disposed of in the state.

Sec. 13. Minnesota Statutes 1978, Section 116.41, is amended to read:

116.41 [WASTE AND WASTE FACILITIES CLASSIFICATION; TRAINING AND CERTIFICATION.] Subdivision 1. [LAND CONTAINMENT AND DISPOSAL FACILITY CLASSIFICATION.] *By January 1, 1982, the (POLLUTION CONTROL) agency (MAY) shall classify, respectively, facilities for the disposal of solid waste, facilities for the disposal of sewage sludge, and facilities for the disposal of hazardous waste according to the degree of hazard to public health or the environment involved in their operation (, AND ACCORDING TO THE VOLUME OR HAZARDOUS CHARACTER OF SOLID WASTE DISPOSED OF AT THE FACILITY. THE AGENCY MAY DEVELOP STANDARDS OF COMPETENCE FOR PERSONS OPERATING VARIOUS CLASSES OF FACILITIES FOR THE DISPOSAL OF SOLID WASTE). The classification of disposal facilities for waste shall be based upon the degree of intrinsic hazard and the volume and rate of application of the waste accepted by a facility, the degree of intrinsic suitability of the location of the facility, the design and operating character of the facility, and other factors deemed relevant by the agency.*

Subd. 1a. [HAZARDOUS WASTE CLASSIFICATION.] *By January 1, 1982, the agency shall prescribe criteria for excluding types and categories of hazardous wastes from disposal criteria for accepting types and categories of wastes as suitable for disposal, and minimum pre-treatment standards required as a condition of acceptance for disposal. The criteria and standards shall be based upon the degree of intrinsic hazard of the waste; the availability of conventional processing technologies for reducing, separating, reusing, recycling, and treating the waste; the feasibility and cost of applying the processing technologies in relation to the benefits to be achieved by such application; the class of facility; and other factors deemed relevant by the agency.*

Subd. 2. [TRAINING AND CERTIFICATION PROGRAMS.] *The agency shall develop standards of competence for persons operating and inspecting various classes of disposal facilities. The agency (MAY) shall conduct training programs for persons operating facilities for the disposal of (SOLID) waste and for inspectors of such facilities, and may charge such fees as are necessary to cover the actual costs of the training programs.*

(SUBD. 3. AFTER JULY 1, 1976, WHEN A FACILITY FOR THE DISPOSAL OF SOLID WASTE, OTHER THAN AN ANIMAL FEEDLOT, IS OPERATING UNDER A PERMIT FROM THE AGENCY.) The agency (MAY) shall require (THE OPERATOR) operators and inspectors of (THE FACILITY) such facilities to obtain from the agency a certificate of (HIS) competence (TO OPERATE THE FACILITY). The agency (MAY) shall conduct examinations to test the competence of applicants for certification, and (MAY) shall require that certificates be renewed at reasonable intervals. H. F. No. 2095, A bill for an act relating to energy; requiring the public service commission to develop rules for conservation expenditures by public utilities; and amending the certificate of need requirements for large energy facilities.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

"Section 1. [216B.241] [ENERGY CONSERVATION IMPROVEMENTS.] *Subdivision 1. [DEFINITIONS.] For purposes of this section, the terms defined in this subdivision shall have the meanings given them:*

(a) "Commission" means the public service commission, department of public service;

(b) "Energy conservation improvement" means the purchase or installation of any device, method or material that increases the efficiency in the residential use of electricity or natural gas including, but not limited to:

- (1) insulation and ventilation;
- (2) storm or thermal doors or windows;
- (3) caulking and weatherstripping;
- (4) furnace efficiency modifications;
- (5) thermostat or lighting controls;
- (6) awnings; or

(7) systems to turn off or vary the delivery of energy. The term "energy conservation improvement" does not include any device or method which creates, converts or actively uses energy from renewable sources such as solar, wind and biomass.

(c) "Investments and expenses of a public utility" includes the investments and expenses incurred by a public utility in connection with an energy conservation improvement including, but not limited to:

(1) the differential in interest cost between the market rate and the rate charged on a no interest or below market interest loan made by a public utility to a customer for the purchase or installation of an energy conservation improvement;

(2) the difference between the utility's cost of purchase or installation of energy conservation improvements and any price charged by a public utility to a customer for such improvements.

(d) "Public utility" has the same meaning as given that term in section 216B.02, subdivision 4. For the purposes of this section, "public utility" shall not include cooperative electric associations that become subject to rate regulation after the effective date of this act.

Subd. 2. [PROGRAMS.] Prior to May 1, 1981, the commission, after consultation with the energy agency, shall adopt rules to allow investments and expenses of a public utility in energy conservation improvements. The commission shall order each public utility to make investments and expenditures in energy conservation improvements, explicitly setting forth the interest rates, prices, and terms under which the improvements shall be offered to the customers. The commission shall not order a utility to make any energy conservation improvement investment or expenditure unless it first finds that the improvement will result in energy savings at a total cost to the utility less than the cost to the utility to produce or purchase an equivalent amount of new supply of energy. Investments and expenditures made pursuant to such orders shall be treated for ratemaking purposes in the manner prescribed in section 2 of this act. No utility shall make an energy conservation improvement pursuant to this section to a residential building envelope unless it is the primary supplier of energy used for either space heating or cooling in the building.

Subd. 3. [OWNERSHIP OF RESIDENTIAL ENERGY CONSERVATION IMPROVEMENTS.] Any energy conservation improvement made to or installed in any residential building pursuant to this section shall be the exclusive property of the owner of said building except insofar as it is subjected to a security interest in favor of the utility in case of a loan to the building owner. The utility shall have no liability for loss, damage or injury caused directly or indirectly by any energy conservation improvement except for negligence by the utility in purchase, installation, or modification of the product.

Subd. 4. [FEDERAL LAW PROHIBITIONS.] If investments by public utilities in energy conservation improvements are in any manner prohibited or restricted by federal law and there is a provision under which such prohibition or restriction may be waived, then the commission, the governor, or any other necessary state agency or officer shall take all necessary and appropriate steps to secure such waiver with respect to those public utility investments in energy conservation improvements included in this section.

Sec. 2. Minnesota Statutes 1978, Section 216B.16, is amended by adding a subdivision to read:

Subd. 6b. All investments and expenses of a public utility incurred in connection with energy conservation improvements as defined in section 1, subdivision (1)(c) shall be recognized and included by the commission in the determination of just and reasonable rates as if the investments and expenses were directly made or incurred by the utility in furnishing utility service.

Sec. 3. Minnesota Statutes, 1979 Supplement, Section 116H.13, Subdivision 3, is amended to read:

Subd. 3. No proposed large energy facility shall be certified for construction unless the applicant has justified its need. In assessing need, the director shall evaluate:

- (1) The accuracy of the long range energy demand forecasts on which the necessity for the facility is based;
- (2) The effect of existing or possible energy conservation programs under sections 116H.01 to 116H.15 or other federal or state legislation on long term energy demand;
- (3) The relationship of the proposed facility to overall state energy needs, such as are described in the most recent state energy policy and conservation report prepared pursuant to section 116H.11;
- (4) Promotional activities which may have given rise to the demand for this facility;
- (5) Socially beneficial uses of the output of this facility including its uses to protect or enhance environmental quality;
- (6) The effects of the facility in inducing future development;
- (7) Possible alternatives for satisfying the energy demand including but not limited to potential for increased efficiency of existing energy generation facilities;
- (8) The policies, rules and regulations of other state and federal agencies and local governments (.); and
- (9) *Any feasible combination of energy conservation improvements, required by the public service commission pursuant to section 1, that can (1) replace part or all of the energy to be provided by the proposed facility, and (2) compete with it economically.*

Sec. 4. *This act is effective the day following final enactment.*"

REPORTS OF STANDING COMMITTEES

Nelson from the Committee on Energy and Utilities to which was referred:

H. F. No. 378, A bill for an act relating to nuclear waste management and disposal; requiring certificates of feasibility; administration by the Minnesota energy agency; legislative approval; providing penalties.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

“Section 1. [CITATION.] Sections 1 to 8 shall be known and may be cited as the “Minnesota Nuclear Waste Management and Disposal Feasibility Act.”

Sec. 2. [FINDINGS.] The state of Minnesota has a substantial interest in the technological and economic feasibility of safe, permanent, and terminal disposal of radioactive wastes generated by nuclear fission thermal power plants located in the state. This interest results from the fact that unsafe disposal of radioactive wastes may result in higher electrical costs, unreliable supply of electricity, higher taxes, and a danger to public health and safety.

Sec. 3. [DEFINITIONS.] Subdivision 1. For purposes of sections 1 to 8, the terms defined in this section have the following meanings.

Subd. 2. “Agency” means the Minnesota energy agency.

Subd. 3. “Person” means any individual, corporation, partnership or other unincorporated association.

Subd. 4. “Radioactive waste” means the following when produced as a result of and incident to operation of a nuclear fission thermal power plant:

(a) Useless or unwanted capturable radioactive residues produced incidental to the use of radioactive material; or

(b) Useless or unwanted radioactive material; or

(c) Otherwise nonradioactive material made radioactive by contamination with radioactive material.

Radioactive waste does not include discharges of radioactive effluents to air or surface water when subject to applicable federal or state regulations.

Sec. 4. [NUCLEAR FISSION THERMAL POWER PLANT; CERTIFICATE REQUIRED.] Subdivision 1. On and after the effective date of this act, no utility shall apply for a certificate of need pursuant to Minnesota Statutes, Section 116H.13, for a nuclear fission thermal power plant or for expansion of the generating capacity of an existing plant until it has received a certificate of economic and technological feasibility for the plant by the agency pursuant to and consistent with the requirement set forth in section 5. Receiving said certificate of economic and technological feasibility shall be the first step toward obtaining a certificate of need for a nuclear fission power plant. No other type of electrical generating facility shall require a certificate of economic and technological feasibility. For purposes of this section, expansion of the generating capacity of an existing power plant shall constitute construction. Expansion or modification of existing spent nuclear fuel assembly storage at the site of the nuclear generating facility shall not constitute construction.

Subd. 2. Application for a certificate shall be on forms and in a manner prescribed by the agency by rule. In reviewing each application the agency shall hold at least one public hearing pursuant to Minnesota Statutes, Chapter 15. For purposes of Minnesota Statutes, Chapter 15, the application shall be considered a contested case.

Subd. 3. Other state agencies with responsibilities over licensing, construction, operation and rate determination of nuclear fission power plants in the state may present testimony and participate in the certification of economic and technological feasibility process. This includes, but is not limited to, department of health, department of natural resources, pollution control agency, environmental quality board, and public service commission.

Sec. 5. [CERTIFICATE OF ECONOMIC AND TECHNOLOGICAL FEASIBILITY; CRITERIA.] In order for the agency to grant a certificate of economic and technological feasibility, the agency shall first find that each of the following conditions has been satisfied:

(1) That at the time of the application there exist demonstrated technological means and facilities for the safe, permanent, and final disposition of radioactive waste material from the proposed plant;

(2) That the cost for such demonstrated technologically feasible means and facilities can be calculated to reasonable accuracy and shown to be just and reasonable for ratepayers and the applicant; and

(3) That the Nuclear Regulatory Commission, or its successor, has licensed use of the means and facilities specified in clauses (1) and (2).

Sec. 6. [PENALTIES; INJUNCTION.] Subdivision 1. Any person who violates sections 4 to 5 or knowingly submits false information in an application for a certificate of economic and technological feasibility, or in conjunction therewith, shall be guilty of a gross misdemeanor and subject to either or both of a fine of \$1,000 or a year in jail. Each day a violation continues shall constitute a separate offense.

Subd. 2. The provisions of sections 4 to 5 may be enforced by injunction, action to compel performance, or other appropriate action in the district court of the county wherein the violation takes place. The attorney general shall bring any action under this subdivision upon the request of the agency.

Sec. 7. Subd. 11. The payment of special local assessments levied after the date of Extra Session Laws 1967, Chapter 60, for improvements made to any real property described in subdivision 3 together with the interest thereon shall, on timely application as provided in subdivision 8, be deferred as long as such property meets the conditions contained in subdivisions 3 and 6. *If special assessments against the property have been deferred pursuant to this subdivision, the governmental unit shall file with the county recorder in the county in which the property is located a certificate containing the description of the affected property and of the amount deferred.* When such property is sold or no longer qualifies under subdivisions 3 and 6, all deferred special assessments plus interest shall be payable within 90 days. Penalty shall not be levied on any such special assessments if timely paid. If not paid within such 90 days, the county auditor shall include such deferred special assessments plus a 10 percent penalty on the tax list for the current year.

Sec. 4. Minnesota Statutes 1978, Section 429.061, Subdivision 2, is amended to read:

Subd. 2. [ADOPTION; INTEREST.] At such meeting or at any adjournment thereof the council shall hear and pass upon all objections to the proposed assessment, whether presented orally or in writing. The Council may amend the proposed assessment as to any parcel and by resolution adopt the same as the special assessment against the lands named in the assessment roll. Notice of any adjournment of the hearing shall be adequate if the minutes of the meeting so adjourned show the time and place when and where the hearing is to be continued, or if three days notice thereof be published in the newspaper. The assess-

ment, with accruing interest, shall be a lien upon all private and public property included therein, from the date of the resolution adopting the assessment, concurrent with general taxes; but the lien shall not be enforceable against public property as long as it is publicly owned, and during such period the assessment shall be recoverable from the owner of such property only in the manner and to the extent provided in section 435.19. Except as provided below, all assessments shall be payable in equal annual installments extending over such period, not exceeding 30 years, as the resolution determines, payable on the first Monday in January in each year, but the number of installments need not be uniform for all assessments included in a single assessment roll if a uniform criterion for determining the number of installments is provided by the resolution. The first installment of each assessment shall be included in the first tax rolls completed after its adoption and shall be payable in the same year as the taxes contained therein; except that the payment of the first installment of any assessment levied upon unimproved property may be deferred until a designated future year, or until the platting of the property or the construction of improvements thereon, upon such terms and conditions and based upon such standards and criteria as may be provided by resolution of the council. *If special assessments against the property have been deferred pursuant to this subdivision, the governmental unit shall file with the county recorder in the county in which the property is located a certificate containing the description of the affected property and of the amount deferred.* In any event, every assessment the payment of which is so deferred, when it becomes payable, shall be divided into a number of installments such that the last installment thereof will be payable not more than 30 years after the levy of the assessment. All assessments shall bear interest at such rate as the resolution determines, not exceeding eight percent per annum, except that the rate may in any event equal the average annual interest rate on bonds issued to finance the improvement for which the assessments are levied. To the first installment of each assessment shall be added interest on the entire assessment from a date specified in the resolution levying the assessment, not earlier than the date of the resolution, until December 31 of the year in which the first installment is payable, and to each subsequent installment shall be added interest for one year on all unpaid installments; or alternatively, any assessment may be made payable in equal annual installments including principal and interest, each in the amount annually required to pay the principal over such period with interest at such rate as the resolution determines, not exceeding the maximum period and rate specified above. In the latter event no prepayment shall be accepted under subdivision 3 without payment of all installments due to and including December 31 of the year of prepayment, together with the original principal amount reduced only by the amounts of principal included in such installments, computed on an annual amortization basis. When payment of an assessment is deferred, as authorized in this subdivision, interest thereon for the period of deferment may be made payable annually at the same times as the principal installments of the as-

assessment would have been payable if not deferred; or interest for this period may be added to the principal amount of the assessment when it becomes payable; or, if so provided in the resolution levying the assessment, interest thereon to December 31 of the year before the first installment is payable may be forgiven.

Sec. 5. [PRIOR SPECIAL ASSESSMENTS DEFERRED; NOTICE.] *In the case of special assessments deferred prior to the effective date of this act, the governmental unit shall file with the county recorder prior to January 1, 1982 a certified list of the affected properties and the amount of the unpaid deferment on each property.*"

The commissioner shall not acquire any interest in an abandoned right-of-way for inclusion in the state rail bank by eminent domain except when all owners as defined in section 117.025 that are known to the court have no objection to the taking.

An abandoned right-of-way is eligible for inclusion in the state rail bank if the right-of-way meets one or more of the following criteria:

(a) Provides or is expected to provide access to a present or proposed major energy generating or using facility such as an electrical generating plant, major heating plant or other major industrial user of energy;

The commissioner shall provide for the maintenance including control of weeds, of any right-of-way that is included in the rail bank. The commissioner shall provide for the maintenance and management of any right-of-way that is acquired under the rail bank program in a manner that minimizes maintenance costs and provides a benefit to the state. The commissioner may allow interim uses of the right-of-way compatible with the adjacent land use. The commissioner may also require that any existing railroad track that is included in the acquired right-of-way shall not be removed during the period the right-of-way is included in the state rail bank.

Subd. 3. [PUBLIC AND AGENCY PARTICIPATION.] *If the commissioner desires to acquire, dispose of or utilize any right-of-way which he is authorized to acquire or has acquired pursuant to authorization under subdivision 2, he shall publish a notice of the proposed action in the state register and in at least one newspaper of general circulation in the area where the right-of-way is located. If any person objects in writing to the proposed action within 30 days of publication of notice the commissioner shall proceed in the manner provided for a contested case. If no written objection is received the commissioner may take the proposed action only after holding a public meeting to seek public comment on the action. At least one hearing or meeting required under this subdivision shall be held in the area where the right-of-way is located.*

Subd. 4. [DISPOSITION PERMITTED.] *The commissioner shall lease any right-of-way acquired under the state rail bank program for any of the purposes set forth in subdivision 2 in accordance with a fee schedule to be developed by the commissioner in consultation with the advisory task force established in section 222.65.*

Subd. 5. [SPECIFIC USE OF RIGHT-OF-WAY; DISPOSITION REQUIRED.] *If a property acquired for the state rail bank has not been disposed of according to subdivision 4 and no specific commercial transportation use for that property has been identified by the commissioner within 20 years after its acquisition the commissioner shall offer it for sale to the owners of private property adjacent to the rail bank property. If a specific commercial transportation use has been identified for a rail bank property but the property is not disposed of or utilized as provided in subdivision 4 within 30 years after its acquisition it shall be offered for sale to the owners of private property adjacent to the rail bank property. The commissioner may not offer any property required to be disposed of under this subdivision to any other state department or agency until the owners of adjacent private property have had an opportunity for at least six months to make offers to purchase the property from the commissioner at its fully appraised value.*

Subd. 6. [INTERVENTION IN ABANDONMENT PROCEEDING.] *The commissioner may intervene in a proceeding of the interstate commerce commission on the issue of suitability for a public use of a rail line proposed to be abandoned if the commissioner finds that the right-of-way of the line would be eligible for inclusion in the state rail bank. To the extent practicable before intervening as provided in this section the commissioner shall hold at least one public meeting in the area in which the line is located to solicit opinions of interested persons concerning the commissioner's proposed action.*

Subd. 7. [RULES.] *The commissioner of transportation shall adopt rules necessary to establish criteria for properties*

eligible for inclusion in the rail bank and to establish public procedures for acquisition and disposition of rail bank properties.

Sec. 4. Minnesota Statutes, 1979 Supplement, Section 222.65, is amended to read:

H. F. No. 2045, A bill for an act relating to economic development; creating a small business finance agency with authority to borrow to provide loans for small business projects.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

"Section 1. [362.50] [DEFINITIONS.] Subdivision 1. Each term defined in this section has the meaning given it whenever used in sections 1 to 4.

Subd. 2. "Agency" means the small business finance agency created in section 2.

Subd. 3. "Owner" means a person, partnership, firm, or corporation engaged in a small business and applying to the agency for a loan for a project.

Subd. 4. "Small business" means an enterprise defined as a small business concern by the United States small business administration or by another agency or instrumentality of the United States to which the same or similar power may be granted, as authorized by 15 U.S. Code, Sections 631 et seq. on the effective date of this section.

Sec. 2. [362.51] [SMALL BUSINESS FINANCE AGENCY.] Subdivision 1. A small business finance agency is hereby created as a public body corporate and politic and a public corporation and is constituted as an authority to act on behalf of the state within the scope of the powers granted to it in sections 1 to 4 to implement a loan program by which, in cooperation with cities, towns, counties and private or public

lenders, adequate funds may be provided on sufficiently favorable terms to assist and encourage the establishment, maintenance and growth of small business in Minnesota and to reduce to a manageable level the cost of the control of pollution and disposal of waste resulting from the operations of small business.

Subd. 2. Sections 1 to 5 are enacted to promote the welfare and prosperity of the state by maintaining and increasing the career and job opportunities of its citizens, by reducing, controlling and preventing environmental pollution and waste of resources and by protecting and enhancing the tax base on which state and local governments depend for the financing of public services.

Subd. 3. Neither the state nor any other agency or political subdivision of the state shall be liable on any bond, note or other obligation of the agency, and no bond, note, or other obligation of the agency shall constitute a debt or loan of credit of the state or any political subdivision or any individual member of the agency.

Subd. 4. The state pledges and agrees with all holders of obligations of the agency that it will not limit or alter the rights vested in the agency to fulfill their terms, and will not in any way impair the rights or remedies of the holders, until all of the obligations and interest on them, with interest on any unpaid installments of interest and all costs and expenses in connection with any action or proceeding by or on behalf of such holders to enforce the payment and other provisions of the obligations, are fully met and discharged. The agency is authorized to include and recite this pledge and agreement of the state in any obligation or related document.

Subd. 5. The provisions of this section do not affect the power of the state to supervise and control the agency or to discontinue its operation or alter its organization, programs or activities or transfer its powers to a successor agency, provided that the action of the state is consistent with the provisions of subdivision 4.

Subd. 6. The property of the agency and its income and operation shall be exempt from all taxation by the state or any of its political subdivisions and all bonds and notes of the agency shall be exempt from all taxation by the state or any of its political subdivisions.

Subd. 7. The state covenants with the purchasers and all subsequent holders and transferees of notes and bonds issued by the agency in consideration of the acceptance of and payment for the notes and bonds, that the notes and bonds of the agency issued pursuant to sections 1 to 4 and the income therefrom and all its fees, charges, gifts, grants, revenues, receipts, and other

moneys received or to be received, pledges to pay or secure the payment of such notes or bonds shall at all times be free and exempt from all state, city, county or other taxation provided by the laws of the state, except for estate and gift taxes and taxes on transfers, and except for the Minnesota corporate franchise tax measured by income, so long as the interest on federal bonds is included in the income by which such tax is measured.

Subd. 8. The members and governing body of the agency shall be the commissioner of economic development and six other members holding no other elective or appointive office of the state or any local government, appointed by the governor with advice and consent of the senate. The commissioner shall be vice chairman, and the governor shall designate the chairman from among the other members, to serve as chairman at the pleasure of the governor. Minnesota Statutes, Section 15.0575 governs the terms, compensation, removal and filling vacancies in the offices of members other than the commissioner.

Subd. 9. The members shall be responsible for management and control of the agency. A majority of the members, excluding vacant memberships, is a quorum. When a quorum is present at any meeting of which notice has been given to or waived by all absent members in the manner provided in bylaws adopted by the vote of a majority of all members, any action of the agency may be taken by the vote of a majority of the members present. Fewer than a quorum may hear reports and adjourn from time to time.

Subd. 10. The commissioner of economic development shall designate an assistant commissioner as executive director of the agency and may appoint permanent and temporary employees necessary for the administration of the agency. The governing body of the agency may enter into agreements under which the department will provide administrative support for the agency.

Sec. 3. [362.52] [LOANS.] Subdivision 1. On the effective date of this section, the guaranties are authorized by 15 U.S. Code, Sections 694-1 and 694-2, in which pollution control facilities are defined as real and personal property as the administration, in its discretion, determines is likely to help prevent, reduce, abate or control noise, air, or water pollution or contamination by removing, altering, disposing or storing pollutants, contaminants, wastes or heat and real and personal property as the administration determines will be used for the collection, storage, treatment, utilization, processing or final disposal of solid or liquid waste.

Subd. 4. The agency's participation in any business facilities loan may not exceed 90 percent of the principal amount thereof. The total principal amount of any business facilities loan may not exceed 90 percent of the appraised value or the purchase price of the property which will secure the loan, whichever is less, unless the amount in excess of 90 percent is loaned from surplus funds of the agency available for that purpose under the terms of the instrument securing its outstanding obligations, or unless insurance is procured from a federal agency or from a private insurer satisfactory to the governing body of the agency and qualified to write the insurance in the state, insuring a percentage of any claim for loss at least equal to that percentage of the value or price by which the loan exceeds 90 percent of the value or price, as the case may be. No other indebtedness of the borrower for any loan made other than pursuant to this section may be secured by a mortgage on or security interest in property securing a loan made pursuant to this section.

Subd. 5. No business facilities loan made for the purpose of providing long term financing for construction or substantial

improvement of property shall be disbursed unless the construction or improvement has been completed in accordance with plans and specifications or unless the bank, savings institution, investment banker, mortgage banker, insurance company or other financial institution furnishes an irrevocable letter of credit or a qualified corporate surety furnishes payment and performance bonds or both satisfactory to the governing body of the agency and in the aggregate amount payable under the construction contract.

Subd. 6. The maximum loan allowable under sections 1 to 6 is \$300,000.

Sec. 4. [362.53] [POWERS; DUTIES.] Subdivision 1. In implementing its corporate purposes and the programs described in sections 1 to 3, the agency shall have the powers and duties set forth in this section.

Subd. 8. It may sell, at public or private sale, any note, mortgage or other instrument or obligation evidencing or securing a loan.

Subd. 9. It may procure insurance against any loss in connection with its property in such amounts, and from such insurers, as may be necessary or desirable.

The aggregate principal amount of the agency's general obligation bonds and notes outstanding at any one time, excluding the amount satisfied and discharged by payment or provision for payment in accordance with their terms, and deducting amounts held in debt service reserve funds therefor, shall not exceed \$100,000,000 unless authorized by another law.

Any loan accepted by the Moorhead-Clay County area redevelopment authority under this section may be secured by mortgages or other security interests upon property held by or to be held by the Moorhead-Clay County area redevelopment authority or by pledge of all or any part of the revenues of the Moorhead-Clay County area redevelopment authority, including any grants or gifts.

A commissioner with an interest shall abstain from the discussion, consideration and vote on the sale, lease or contract for development. An employee with an interest shall refrain from discussion or consideration of or making any recommendation with respect to the sale, lease or contract for development.

Violation of this section shall not impair the validity of any bonds or the underlying security therefor.

[MEMBERSHIP OF BOARD OF COMMISSIONERS.] The Moorhead-Clay County area redevelopment authority shall be governed by a board of seven commissioners, two of which may be elected public officials. The present commissioners of the Moorhead-Clay County area redevelopment agency are confirmed in their offices for the terms for which they were respectively originally appointed and until the expiration dates that the board determines by resolution for the purpose of staggering the terms of the present commissioners. Future appointments to the board, whether occasioned by a vacancy or the expiration of a term, shall be made as follows:

In addition to the payment for attendance at meetings of the board, each commissioner shall be entitled to receive reimbursement for necessary expenses, including travel expenses, incurred in the performance of activities authorized by the board, but only upon the submission of reimbursement requests in a written form satisfactory to the board.

Sec. 14. [EXEMPTION OF PROPERTY.] Notwithstanding any contrary provision of law, any real or personal property acquired, owned, leased, controlled, used or occupied by the Moorhead-Clay County area redevelopment authority for any of its purposes is declared to be acquired, owned, leased, controlled, used and occupied for public, governmental, and municipal purposes, and shall be exempt from taxation by the state or any political subdivision of the state, subject however to the requirements of Minnesota Statutes, Section 272.01, Subdivision 2. The properties are subject to special assessments levied by a political subdivision for a local improvement in amounts proportionate to and not exceeding the special benefit received by the properties from the improvement.

February 29, 1980

The Honorable Fred C. Norton
Speaker of the House of Representatives

The Honorable Edward J. Gearty
President of the Senate

We, the undersigned conferees for H. F. No. 455, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendments and that H. F. No. 455 be further amended as follows:

Strike everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1978, Section 126.21, is amended to read:

126.21 [ATHLETIC PROGRAMS; SEX DISCRIMINATION.] Subdivision 1. **[POLICY.]** *The legislature recognizes certain past inequities in access to athletic programs and in the various degrees of athletic opportunity previously afforded members of each sex. The purpose of this section is to provide an equal opportunity for members of both sexes to participate in athletic programs.*

Subd. 2. Each educational institution or public service shall provide equal opportunity for members of both sexes to participate in its athletic program. In determining whether equal opportunity to participate in athletic programs is available for the purposes of this section, at least the following factors shall be considered to the extent that they are applicable to a given situation: whether the opportunity for males and females to participate in the athletic program reflects the demonstrated interest in athletics of the males and females in the student body of the educational institution or the population served by the public service; whether the variety and selection of sports and levels of competition effectively accommodate the demonstrated interests of members of both sexes; the provision of equipment and supplies; scheduling of games and practice times; assignment of coaches; provision of locker rooms; practice and competitive facilities; and the provision of necessary funds for teams of one sex.

Subd. 3. (1) Notwithstanding any other state law to the contrary, in athletic programs operated by educational institutions or public services and designed for participants 12 years old or older or in the seventh grade or above, it is not an unfair discriminatory practice (: (1)) to restrict membership on an athletic team to participants of one sex (, IF THIS RESTRICTION IS NECESSARY TO PROVIDE MEMBERS OF EACH SEX WITH AN EQUAL OPPORTUNITY TO PARTICIPATE IN THE ATHLETIC PROGRAM; PROVIDED, IF A MEMBERSHIP RESTRICTION ON THE BASIS OF SEX RESULTS IN THE OPERATION OF TWO TEAMS IN THE SAME SPORT WHICH ARE SEPARATED OR SUBSTANTIALLY SEPARATED ACCORDING TO SEX, THE TWO TEAMS SHALL BE OPERATED IN COMPLIANCE WITH ALL THE PROVISIONS OF CLAUSE (2); OR) whose overall athletic opportunities have previously been limited.

(2) When an educational institution or a public service provides athletic teams for children eleven years old or younger or in the sixth grade or below, those teams shall be operated with-

out restrictions on the basis of sex, except that when overall athletic opportunities for one sex have previously been limited and there is a demonstrated interest by members of that sex to participate on a team restricted to members of that sex, the educational institution or public service may provide a team restricted to members of that sex.

(2) TO PROVIDE) (3) *When two teams in the same sport (WHICH) are in fact separated or substantially separated according to sex, (IF) the two teams (ARE) shall be provided with substantially equal budgets per participant, exclusive of gate receipts and other revenues generated by that sport, and in all other respects (ARE) shall be treated in a substantially equal manner. (THE TWO TEAMS SHALL BE OPERATED SEPARATELY ONLY IN THOSE ACTIVITIES WHERE SEPARATION IS NECESSARY TO PROVIDE THE MEMBERS OF EACH SEX EQUAL OPPORTUNITY TO PARTICIPATE IN THE ATHLETIC PROGRAM.) However, nothing in this section shall be construed to require the two teams to conduct combined practice sessions or any other combined activities related to athletics.*

(4) *If two teams are provided in the same sport, one of these teams may be restricted to members of a sex whose overall athletic opportunities have previously been limited, and members of either sex shall be permitted to try out for the other team.*

Subd. 4. When an equal opportunity to participate in the elementary or secondary school level athletic program of an educational institution or public service is not provided to members of a sex whose overall athletic opportunities have previously been limited, that educational institution or public service shall, where there is demonstrated interest, provide separate teams for members of the excluded sex in sports which it determines will provide members of that excluded sex with an equal opportunity to participate in its athletic program and which will attempt to accommodate their demonstrated interests.

Subd. (2) 5. *The state board of education, after consultation with the commissioner of human rights shall promulgate rules in accordance with chapter 15 to implement this section to prevent discrimination in elementary and secondary school athletic programs operated by educational institutions. The rules promulgated by the state board pursuant to this section shall not require athletic competition or tournaments for teams whose membership may be restricted to members of a sex whose overall athletic opportunities have previously been limited to be scheduled in conjunction with the scheduling of athletic competition or tournaments for teams whose membership is not so restricted by this section. Any organization, association or league entered into by (EDUCATIONAL INSTITUTIONS) elementary or secondary schools or public services for the purpose of promoting sports or adopting rules and regulations for the conduct of ath-*

letic contests between members shall (EFFECTIVE JULY 1, 1976) provide rules and regulations and conduct its activities so as to permit its members to comply fully with (SUBDIVISION 1 AND SECTION 363.03, SUBDIVISIONS 4 AND 5) *this section. The rules of that organization, association or league may provide separate seasons for athletic competition or tournaments in a sport for teams whose membership may be restricted to members of a sex whose overall athletic opportunities have previously been limited from athletic competition or tournaments established for teams in that same sport whose membership is not so restricted by this section, and its rules may prohibit a participating student from competing on more than one school team in a given sport during a single school year.*

(SUBD. 3. EDUCATIONAL INSTITUTIONS AND PUBLIC SERVICES SHALL MAKE EVERY REASONABLE EFFORT TO PROVIDE SUBSTANTIALLY EQUAL BUDGETS PER PARTICIPANT PURSUANT TO SUBDIVISION 1 DURING THE SCHOOL YEAR 1975-1976, AND THEREAFTER SHALL PROVIDE SUBSTANTIALLY EQUAL BUDGETS PER PARTICIPANT PURSUANT TO SUBDIVISION 1. EDUCATIONAL INSTITUTIONS AND PUBLIC SERVICES SHALL PHASE OUT SEPARATION BASED ON SEX IN ATHLETIC PROGRAMS DESIGNED FOR PARTICIPANTS 11 YEARS OLD OR YOUNGER AND IN THE SIXTH GRADE OR BELOW DURING THE SCHOOL YEARS 1975-1976, 1976-1977, AND 1977-1978, AND THEREAFTER SHALL COMPLY FULLY WITH SUBDIVISION 1 AND SECTION 363.03, SUBDIVISIONS 4 AND 5.)

Sec. 2. Minnesota Statutes 1978, Section 129.121, is amended by adding a subdivision to read:

Subd. 5. For the purposes of section 471.705, the Minnesota state high school league shall be deemed to be a state agency required by law to transact business in meetings open to the public.

Sec. 3. Minnesota Statutes 1978, Section 363.02, Subdivision 3, is amended to read:

Subd. 3. [EDUCATION.] (a) It is not an unfair discriminatory practice for a religious or denominational institution to limit admission or give preference to applicants of the same religion. The provisions of section 363.03, subdivision 5, relating to sex, shall not apply to a private educational institution, or branch or level of a private educational institution, in which students of only one sex are permitted to enroll. Nothing in this chapter shall be construed to require any educational institution to provide any special service to any person because of the disability of such person or to modify in any manner its buildings, grounds, facilities, or admission procedures because of the disability of any such person. Nothing in this chapter shall pro-

hibit an educational institution from discriminating on the basis of academic qualifications or achievements or requiring from applicant's information which relates to academic qualifications or achievements.

(b) Notwithstanding any other provisions of this chapter or any law to the contrary, it is not an unfair discriminatory practice for an educational institution or a public service to operate or sponsor separate athletic teams and activities for members of each sex or to restrict membership on an athletic team to participants of one sex, if this separation or restriction meets the requirements of section 126.21.

(c) The department of human rights shall investigate all charges alleging sex discrimination in athletic programs in educational institutions and public services pursuant to the standards and requirements of section 126.21 and the procedures enumerated in chapter 363."

Further, delete the title and insert:

"A bill for an act relating to education; providing equal opportunity for members of both sexes to participate in certain athletics; modifying the coverage and terms of the current law providing for equal opportunity in certain athletics; requiring the state board of education after consultation with the commissioner of human rights to promulgate certain rules; providing for the rights of certain parties in the case of certain sex discrimination charges; requiring the Minnesota state high school league to transact business in an open meeting; amending Minnesota Statutes 1978, Sections 126.21; 129.121, by adding a subdivision; and 363.02, Subdivision 3."

(2) To comply with every duly authorized rule, regulation or directive of the commissioner or commission except as the same may be stayed, pending appeal therefrom.

(3) To put into effect and observe all schedules of rates, fares and charges and classifications and any amendments or changes therein duly ordered by the commission, except as the same may be stayed, pending appeal.

(4) To maintain as may be directed by the commissioner for public inspection at stations and depots all schedules showing all classifications, rates, fares and charges for transportation of freight (AND PASSENGERS) currently in force applying from such station. Sec. 6. Minnesota Statutes 1978, Section 218.041, is amended to read:

218.041 [DUTIES OF PUBLIC SERVICE COMMISSION AND COMMISSIONER.] Subdivision 1. With respect to all common carriers including express companies (AND SLEEPING CAR COMPANIES,) the commissioner shall investigate the management thereof, the manner in which their businesses are conducted, and the adequacy of the services they are affording the public and shall prescribe uniform systems of keeping and rendering accounts and the time within which such systems shall be adopted. The commission shall make all appropriate orders relating to continuation, termination, modification or extension of services and facilities with a view to properly promoting the security and convenience of the public.

Subd. 2. The public service commission shall, upon petition after hearing:

(1) Review and ascertain the reasonableness and equalities of all schedules of rates, fares and charges or any part or classification thereof, including joint through rates, and, if found unreasonable or discriminatory, establish new schedules and prescribe the form and manner of filing, posting and publication thereof.

(2) Order the issuance of any franchises, permits or certificates of convenience and necessity.

(3) Prescribe schedules of reasonable maximum rates or charges for the transportation of freight and cars on each railroad, including the classification of such rates and rules governing the same, and revise the same from time to time.

((4) FIX RATES OR CHARGES FOR CARRYING LIVESTOCK TO ST. PAUL OR BETWEEN ST. PAUL AND SOUTH ST. PAUL, PROVIDED THAT THE RAILROAD TRANSPORTING SUCH LIVESTOCK TO ST. PAUL SHALL ABSORB SWITCHING CHARGES FROM ST. PAUL TO SOUTH ST. PAUL OUT OF ITS LINE HAUL RATES OR CHARGES FOR TRANSPORTATION OF SUCH LIVESTOCK TO ST. PAUL, OR THE COMMON RATE POINT WHICH INCLUDES ST. PAUL.)

((5) PRESCRIBE RATES FOR FEEDING CATTLE APPLICABLE TO OUTMOVEMENT FROM TERMINAL MARKETS.) (4) The commission may unite two or more stations or commercial centers into a common rate point and may designate the classes of freight which shall take common rates, and fix the mileage that shall govern between the common rate point and any or all other points in the state. The distance so fixed shall not apply as a measure of the rate for the movement of the same class of freight for similar distances between other points.

((6)) (5) Prescribe a schedule of joint through railway rates for freight over two or more connecting lines of railway and revise the same from time to time. In so doing, the commission shall

consider, among other things, rates established for shipments within this state for like distances over single lines, rates charged by the railway companies operating such connecting lines for joint interstate shipments, and the increased cost, if any, of a joint through shipment as compared with a shipment over a single line for like distances. In establishing rates for shipments in less than carload lots, in cases where connecting railways are not required to have common stations or stopping place for loading or unloading freight at connecting points, the commission shall regulate the transportation of such freight from the usual unloading place of one railway to the usual loading place of the other. The share of any railway company of any joint through rates shall not be construed to fix the charge that it may make for a similar distance over any part of its line for any single rate shipment, or the share of any other joint rate. Where the line of a railway company connects the point of shipment with the point of destination but would require a longer haul than a joint haul for which a joint rate has been established, the commission may authorize charging the joint rate for the single haul without affecting the charge upon any other part of its line except that the charge for a like kind of property must not be greater for a shorter than for a longer distance upon that railroad, all of the shorter hauls being included within the longer.

((7)) (6) Define switching and drayage service to apply to the movement of traffic within and between points and fix reasonable maximum rates for the same, which shall be independent of any rates that may be made for line haul transportation. There shall be but one terminal charge for switching or transferring any car within any one municipality and, if it is necessary that any car in such transfer pass over the tracks of more than one railroad within such limits, the company first so transferring such car shall receive the entire charge therefor and be liable to each company doing subsequent switching for its just share of such charge as may be agreed upon among the companies, or, in the event of disagreement, as prescribed by the commissioner.

((8) UPON APPLICATION BY A CARRIER STATING THAT IT DESIRES TO ESTABLISH A RATE FOR A TEMPORARY PERIOD FOR THE PROTECTION OF THE INTERESTS OF THE CARRIERS OR ITS SHIPPERS, AUTHORIZE AND ESTABLISH THE TEMPORARY RATE, AND EXTEND THE RATE AS THE CIRCUMSTANCES OF THE CASE MAY REQUIRE, AND PERMIT THE RESTORATION OF THE RATE EXISTING AT THE TIME OF THE APPLICATION WITHOUT FURTHER PROCEEDINGS.)

((9) AUTHORIZE LESS THAN FULL FARE RATES FOR TRANSPORTATION OF CHILDREN UNDER 12 YEARS OF AGE.)

((10) APPROVE THE ESTABLISHMENT, CHANGE, OR ALTERATION OF ANY RATE, CHARGE, OR CLASSI-

FICATION, MINIMUM RATE, OR RULE GOVERNING THE SAME, TO WHICH A COMMON CARRIER IS A PARTY, UPON APPLICATION OF SUCH COMMON CARRIER IN WRITING WHEN SUCH APPLICATION APPEARS TO BE NONCONTROVERSIAL.)

Subd. 3. The commissioner shall, upon petition:

(1) At all points of intersection and crossings of different railroads, or where two railroads are not more than one-half mile apart, and at all terminals, prescribe ample facilities by track connection, joint use of tracks, (PASSENGER AND) freight platforms and depots, warehouses, docks over which general merchandise is handled and forwarded, and other necessary appliances and conveniences for the transfer, forwarding and handling of general merchandise and parcel freight between such railroads and between such railroads and such docks, warehouses and vessels at such docks.

(2) Determine the proportionate share of each company in the cost of providing connecting and transfer facilities in the event the companies fail to agree.

(3) Direct construction, maintenance and operation at any points prescribed by law of all side tracks and reasonable facilities connecting any road with any grain warehouse or mill, dock, wharf, coal yard, quarry, brick or lime kiln, sand or gravel pit, crushed rock or concrete plant, or manufactory adjacent thereto, and prescribe the terms therefor.

((4) DIRECT THE DISCONTINUANCE OF ANY REGULARLY SCHEDULED INTRASTATE PASSENGER TRAINS UPON A FINDING THAT THE PUBLIC WILL NOT BE DEPRIVED OF REASONABLY ADEQUATE SERVICE THEREBY.)

((5) PRESCRIBE RULES FOR DISTRIBUTION OF CARS AT STATIONS FOR USE OF SHIPPERS OF LIVESTOCK AND FARM PRODUCTS.)

((6) REQUIRE INSTALLATION OF TRACK SCALES AT TERMINALS, WAREHOUSES AND AT ALL OTHER POINTS IN THE STATE WHERE THE SAME ARE DEEMED NECESSARY AND PRESCRIBE REASONABLE REGULATIONS FOR THE WEIGHING OF CARS AND OF FREIGHT.)

((7) PRESCRIBE THE SPEED AT WHICH AND THE CONDITIONS UNDER WHICH CARS OF LIVESTOCK SHALL BE MOVED BY ANY CARRIER WITHIN THE STATE IN INTRASTATE SHIPMENTS.)

(8) PRESCRIBE THE FEES NECESSARY TO COVER COST OF SUPERVISION AND WEIGHING AND THE METHOD OF ASSESSMENT AND COLLECTION THEREOF.)

The surfaces shall extend the full width of the public highway within the railroad track structure.*

Subd. 2. If a grade crossing surface, as defined in section 219.16, is in need of repair or maintenance, the cost for the repair or maintenance may be paid jointly by the owner or lessee of the track, the road authority having jurisdiction over the public highway involved and funds that may be available to the department for grade crossing surfaces from the following sources:

The commissioner may designate any (SUCH) grade crossings requiring (SUCH) additional signs on either or both sides of (SAID) *the* crossing. 219.23 [WATCHMEN; RAILROADS TO PROVIDE.] When the commissioner, in any investigation instituted upon (HE) *his* own motion or upon complaint and after (NOTICE AND) *opportunity* for hearing, finds that (THE PRESENCE OF) a watchman is necessary for the protection of life and property at any grade crossing, he shall order the railway company operating the railroad thereat to provide (SUCH) a watchman and shall specify in (SUCH) *the* order the hours during which the presence of the same is required. It shall thereupon be the duty of (SUCH) *the* railway company to provide (SUCH) a watchman during (SUCH) *that* time. Sec. 18. Minnesota Statutes 1978, Section 219.39, is amended to read:

219.39 [DANGEROUS CROSSINGS; COMPLAINTS; HEARINGS.] (ON HIS OWN MOTION OR) Upon written complaint authorized by the governing body of any city or county, or by the board of supervisors of any town, *or authorized officers of a subject railroad*, alleging that any railroad crossing with any street, road or highway in the city, town or county is dangerous to life and property, and giving the reasons therefor, the commissioner shall investigate the matters contained in the complaint, and, where necessary, convene a hearing, at a time and place to be fixed by the commissioner, after such notice to the (COMPLAINANT) *road authority* and the railroad as the commissioner may deem reasonable.

Sec. 19. Minnesota Statutes 1978, Section 219.40, is amended to read:

219.40 [DETERMINATION; ORDER; FLAGMEN OR SAFETY DEVICE.] If a complaint is made under section 219.39, the commissioner shall determine whether the crossing is (DANGEROUS) *hazardous* and may with or without a hearing require the railroad company (COMPLAINED OF) to provide flagmen at (SUCH) *the* crossing, or to adopt (SUCH) safety

devices as the commissioner may deem necessary for the proper protection of the crossing, or may require the removal of any structure, embankment or other obstruction to the view, or may require the crossing complained of or other crossing in the vicinity thereof closed, or (IT) may require the railroad company to construct an overhead or maintain an underground crossing and divide the cost thereof between the railroad company, the town, county, municipal corporation, or state transportation department interested, on (SUCH) terms and conditions as may seem just and equitable. (WHERE THE RAILROAD HAS BEEN CONSTRUCTED OR THE GRADE THEREOF LOWERED AFTER THE LAYING OUT OF THE HIGHWAY AND THE RAILROAD TRACKS ARE SEVEN FEET OR MORE BELOW THE NATURAL SURFACE OF THE GROUND,) The commissioner may require the (MAINTENANCE OF AN OVERHEAD BRIDGE WITH SUITABLE APPROACHES AND REQUIRE THE) complaining city, town, or county to remove any embankment, structure or other obstruction to the view as may be reasonable and necessary to properly protect the crossing (; PROVIDED, THAT NO HIGHWAY SHALL BE LAID OUT OVER ANY RAILROAD SO AS TO CROSS AT THE SAME GRADE UNTIL SUCH CROSSING HAS BEEN APPROVED BY THE COMMISSIONER). If the complainant, *road authority*, or the railroad files exceptions to an order of the commissioner made under this section without a hearing, the commissioner shall convene a hearing on the original complaint. If the commissioner or his designee after notice and hearing orders the installation of a safety device, or the construction, reconstruction, modernization or replacement of major parts, as defined by rule of the commissioner, of said safety device, gates, or other type of special protection, or the removal of a structure, embankment or other obstruction to the view, or orders the construction, reconstruction or maintenance of an underground or overhead crossing on any public road, street, or highway, he may in the same order direct that the costs thereof be divided between the railroad company and the public authority involved on (SUCH) *the* basis as the parties may agree, or, if they fail to agree, then the costs thereof shall be as determined by the commissioner or his designee on the basis of benefit to the users of each; or the commissioner or his designee may defer determination of the division of costs to a subsequent order to be made on the basis of evidence previously taken. Where a state trunk highway is involved, the state's share of the costs shall be paid from any funds available to the department of transportation. In all other cases the public's share of the costs shall be paid from available funds or from the trunk highway fund, if ordered by the commissioner or his designee, or from any combination of the above or other available funds; provided that any highway, street or road fund shall only be expended for (SUCH) *the* costs on a highway, street or road within the political subdivision charged with the maintenance and care thereof and only upon the highways, streets or roads for which the fund was allocated, or for which the fund was created. *Any crossing safety devices or improvements installed or maintained under provisions of this chapter as approved by the commissioner, whether by*

"Section 1. Minnesota Statutes 1978, Section 116H.01, is amended to read:

116H.01 [FINDINGS AND PURPOSE.] The legislature finds and declares that (THE PRESENT RAPID) *continued* growth in demand for energy (IS IN PART DUE TO UN-NECESSARY ENERGY USE; THAT A CONTINUATION OF THIS TREND WILL RESULT IN SERIOUS DEPLETION OF FINITE QUANTITIES OF FUELS, LAND AND WATER RESOURCES, AND THREATS TO THE STATE'S ENVIRONMENTAL QUALITY; THAT THE STATE MUST INSURE CONSIDERATION OF URBAN EXPANSION, TRANSIT SYSTEMS; ECONOMIC DEVELOPMENT, ENERGY CONSERVATION AND ENVIRONMENTAL PROTECTION IN PLANNING FOR LARGE ENERGY FACILITIES; THAT THERE IS A NEED TO CARRY OUT ENERGY CONSERVATION MEASURES; AND THAT ENERGY PLANNING, PROTECTION OF ENVIRONMENTAL VALUES, DEVELOPMENT OF MINNESOTA ENERGY SOURCES, AND CONSERVATION OF ENERGY REQUIRE EXPANDED AUTHORITY AND TECHNICAL CAPABILITY AND A UNIFIED, COORDINATED RESPONSE WITHIN STATE GOVERNMENT.)

(THE LEGISLATURE SEEKS TO ENCOURAGE THRIFT IN THE USE OF ENERGY, AND TO MAXIMIZE USE OF ENERGY EFFICIENT SYSTEMS, THEREBY REDUCING THE RATE OF GROWTH OF ENERGY CONSUMPTION, PRUDENTLY CONSERVING ENERGY RESOURCES, AND ASSURING STATEWIDE ENVIRONMENTAL PROTECTION CONSISTENT WITH AN ADEQUATE, RELIABLE SUPPLY OF ENERGY.) *will cause severe social and economic dislocations, and that the state has a vital interest in providing for: increased efficiency in energy consumption, the development and use of renewable energy resources wherever possible, and the creation of an effective energy forecasting, planning and education program.*

The legislature further finds and declares that the protection of life, safety and financial security for citizens during an energy crisis is of paramount importance.

Therefore, the legislature finds that it is in the public interest to encourage and support those energy programs which will prevent the need for annual increases in fossil fuel consumption by 1990 and the need for additional electrical generating plants, and provide for an optimum combination of energy sources consistent with environmental protection and the protection of citizens.

The legislature intends to monitor through energy policy, planning, and implementation the transition from historic growth in energy demand to a period when demand for traditional fuels becomes stable and the supply of renewable energy resources is readily available and adequately utilized.

Sec. 2. [116H.089] [COMMUNITY ENERGY PLANNING; GRANTS.] *Subdivision 1. [PURPOSE.] In order to improve the energy planning capabilities of local governments, the energy agency shall make grants to counties and cities, however organized. The energy agency shall give priority when granting funds to those units of government that submit plans that would result in significant savings of traditional energy sources, development of renewable energy systems, and broad community involvement. The director shall give priority to local units of government which agree to pay part of the cost of a program and which request grants for programs which can be duplicated by other local governments. The grants may be used to purchase materials, employ staff or contract with other units of government or qualified consultants.*

Subd. 2. [QUALIFYING EXPENDITURES.] *Community energy planning grants may be used for the following purposes:*

(a) To gather, monitor, and analyze local energy supply, demand, and cost information;

(b) Preparation of community energy plans which may be incorporated into other community plans and ordinances;

(c) Implementation of programs which result in significant energy savings or the development of alternative and renewable energy resources and which have the potential to achieve community energy conservation goals; and

(d) To assist neighborhood organizations in counties, and cities to do energy planning; and

(e) Any other purposes deemed appropriate by the director of the energy agency.

Subd. 3. [ADMINISTRATION.] The energy agency shall determine priorities pursuant to subdivisions 1 and 2, and shall promulgate rules for the submission and review of applications in accordance with the provisions of chapter 15. For this purpose the energy agency may adopt temporary rules pursuant to the provisions of section 15.0412, subdivision 5.

The remainder of the administrative and general expenses of operating a program of energy audits pursuant to 42 U.S.C. 8211, including those associated with program audits, list distribution, customer billing services, arranging services and post-installation inspections shall be treated as current operating expenses of providing utility service and shall be charged to all ratepayers of the public utility in the same manner as other current operating expenses of providing utility service.*

Subd. 2. All audits performed pursuant to 42 U.S.C. 8211 of residences which are required by section 116H.129, subdivision 3 to comply with energy efficiency standards shall include a separate list of those improvements to the residence which are required to bring the residence into compliance with section 116H.129, subdivision 3, and a statement describing remedies available to tenants for violations.

Sec. 4. Minnesota Statutes, 1979 Supplement, Section 116H.13, Subdivision 7, is amended to read:

Subd. 7. Other state agencies authorized to issue permits for siting, construction or operation of large energy facilities, including the department of public service when the proposed facility would be subject to its ratemaking authority, shall present their position regarding need and participate in the public hearing process prior to the issuance or denial of a certificate of need. Issuance or denial of certificates of need shall be the sole and exclusive prerogative of the director and said determinations and certificates shall be binding upon other state departments and agencies, regional, county and local governments and special purpose government districts except as provided in sections 116C.01 to 116C.08 and 116D.04, subdivision 9.

Sec. 5. [APPROPRIATION.] *Subdivision 1. There is appropriated from the general fund to the energy agency the sum of \$50,000 to administer the grant program established by section 2 and to develop model community energy plans and ordinances of statewide applicability pursuant to section 2. This*

"Sec. 9. Minnesota Statutes 1978, Chapter 216B, is amended by adding a section to read:

[216B.166] [COGENERATING POWER PLANTS.] *Subdivision 1. The legislature finds and declares that significant public benefits may be derived from the cogeneration of elec-*

trical and thermal energy and that cogenerated district heating may result in improved utilization and conservation of fuel, the substitution of coal for scarce oil and natural gas, the substitution of domestic fuel for imported fuel, and the establishment of a reliable, competitively priced heat source. Since the cost of cogenerated thermal energy is dependent upon the method used to allocate costs between the production of electric and thermal energy at a power plant, and because the method of cost allocation can be a significant factor in determining investment in district heating, it is necessary to develop cost allocation methods rapidly.

Subd. 2. For the purpose of this section, the following terms shall have the meanings given.

(a) "Cogeneration" means a combined process whereby electrical and thermal energy are simultaneously produced by a public utility power plant.

(b) "District heating" means a process whereby thermal energy is distributed within a community for use as a primary heat source.

(c) "District heating utility" means any person, corporation, or other legal entity which owns and operates a facility for district heating.

Subd. 3. In determining just and reasonable rates to be charged for electrical and thermal energy produced by cogenerating power plants owned by public utilities, the commission shall utilize methods and procedures to allocate costs which are consistent with the following principles:

(a) The method used shall result in a cost per unit of electricity which is no greater than the cost per unit which would exist if the power plants owned by the public utility had been optionally constructed and operated without cogenerating capability;

(b) The method shall result in a cost per unit of thermal energy which is no greater than would exist if the district heating utility optimally constructed and operated a separate facility without cogeneration capability;

(c) Costs which the public utility incurs for the exclusive benefit of the district heating utility, including but not limited to backup and peaking facilities, shall be assigned and included in the rate charged for thermal energy produced by cogeneration;

(d) The methods and procedures may be different for retrofitted and new cogenerating power plants; and

(e) *The methods should encourage cogeneration while preventing subsidization by electric consumers so that both heating and electricity consumers are treated fairly and equitably with respect to the costs and benefits of cogeneration.*

Sec. 7. Minnesota Statutes, 1979 Supplement, Section 275.-125, Subdivision 2a, is amended to read:

Subd. 2a. (1) In 1979, a school district may levy for all general and special school purposes, an amount equal to the amount raised by 23 mills times the 1978 adjusted assessed valuation of the district.

(2) In 1980, a school district may levy for all general and special school purposes, an amount equal to the amount raised by 21 mills times the 1979 adjusted assessed valuation of the district.

(3) For any district levying less than 95 percent of the maximum levy allowable in clauses (1) and (2), (BEGINNING WITH THE LEVY CERTIFIED IN 1978, PAYABLE IN 1979,) the foundation aid to the district for the (1979-1980) school year (, AND FOR SUBSEQUENT LEVIES, FOUNDATION AID FOR SUBSEQUENT SCHOOL YEARS) *when the levy is recognized as revenue*, calculated pursuant to section 124.212, subdivision 7c, clauses (1) and (6), or their successor

provisions, as applicable, shall be reduced to an amount equal to the ratio between the actual levy and the maximum levy allowable under clauses (1) and (2) times the foundation aid calculated pursuant to section 124.212, subdivision 7c, clauses (1) and (6), or section 124.212, subdivision 7d, clauses (1) and (6), or their successor provisions, as applicable, to which the district is otherwise entitled for that year. For purposes of computations pursuant to this clause, the maximum levy allowable and the actual levy under clauses (1) and (2) shall be increased by any reduction of this levy which is required by section 275.125, subdivision 9 or any other law.

(4) (a) The levy authorized by clauses (1) or (2) may be increased in any amount which is approved by the voters of the district at a referendum called for the purpose. Such a referendum may be called by the school board or shall be called by the school board upon written petition of qualified voters of the district. The referendum shall be held on a date set by the school board. Only one such election may be held to approve a levy increase which will commence in a specific school year. The question on the ballot shall state the maximum amount of the increased levy in mills, the amount that will be raised by that millage in the first year it is to be levied, and that the millage shall be used to finance school operations. The question may designate a specific number of years for which the referendum authorization shall apply. If approved, the amount provided by the approved millage applied to each year's taxable valuation shall be authorized for certification for the number of years approved, if applicable, or until revoked by the voters of the district at a subsequent referendum.

(b) A referendum on the question of revoking the increased levy amount authorized pursuant to clause (a) of this clause may be called by the school board and shall be called by the school board upon the written petition of qualified voters of the district. The amount approved by the voters of the district pursuant to clause (a) of this clause must be levied at least once before it is subject to a referendum on its revocation for subsequent years. Only one such revocation election may be held to revoke a levy for any specific year and for years thereafter.

(c) A petition authorized by clauses (a) or (b) of this clause shall be effective if signed by a number of qualified voters in excess of 15 percent, or 10 percent if the school board election is held in conjunction with a general election, of the average number of voters at the two most recent district wide school elections. A referendum invoked by petition shall be held within three months of submission of the petition to the school board.

(d) Notwithstanding any law to the contrary, the approval of 50 percent plus one of those voting on the question is required to pass a referendum.

(e) Within 30 days after the district holds a referendum pursuant to this clause, the district shall notify the commissioner of education of the results of the referendum.

Sec. 8. Minnesota Statutes, 1979 Supplement, Section 275.125, Subdivision 2b, is amended to read:

Subd. 2b. (1) (BEGINNING IN 1979,) In any year when the amount of the maximum levy allowed by subdivision 2a, clause (1) or (2), for any district with 950 or more pupil units under section 124.17, subdivision 1, clauses (1) and (2), exceeds the product of the district's foundation aid formula allowance under section 124.212 for the (CORRESPONDING) school year *in which the levy is recognized as revenue* times the *estimated* number of pupil units computed for that district under section 124.17, subdivision 1, clauses (1), (2), (4) and (5), for that school year, the levy permitted that district by subdivision 2a, clause (1) or (2) shall be limited to the greater of the dollar amount of the levy the district certified in 1977 under subdivision 2a, clause (1) or (107 PERCENT OF) the sum of the following, but not to exceed the (AMOUNT RAISED BY THE NUMBER OF MILLS PERMITTED) *levy limitation* under subdivision 2a, clause (1) or (2):

(a) (i) the product of the district's foundation aid formula allowance under section 124.212 for the school year in which the levy is (CERTIFIED) *recognized as revenue*, times the *estimated* number of pupil units computed for that district under section 124.17, subdivision 1, clauses (1), (2), (4) and (5), for (THE) *that* school year (IN WHICH THE LEVY IS CERTIFIED); (PLUS) *less*

(ii) *the estimated amount of any payments which would reduce the district's foundation aid entitlement as provided in section 124.212, subdivision 5a in the school year in which the levy is recognized as revenue; plus*

(b) the district's estimated aid entitlement pursuant to section 124.20 for the summer school which begins in the school year in which the levy is (CERTIFIED) *recognized as revenue*; plus

(c) that district's *estimated* entitlement, for the year in which the levy is (CERTIFIED) *recognized as revenue*, for transportation aid pursuant to section 124.225, special education aid pursuant to section 124.32, secondary vocational aid pursuant to section 124.573 and secondary vocational aid for handicapped children pursuant to section 124.574.

(2) IF A DISTRICT LEVIES THE FULL 107 PERCENT OF ITS ENTITLEMENT UNDER CLAUSE (1) FOR A SCHOOL YEAR AND THAT AMOUNT IS LESS THAN THE AMOUNT TO WHICH THE DISTRICT WOULD ACTUALLY

HAVE BEEN ENTITLED UNDER SECTIONS 124.20, 124.212, 124.225, 124.32, 124.573, AND 124.574, FOR THE YEAR TO WHICH THE LEVY IS ATTRIBUTABLE, THE DISTRICT MAY ADJUST ITS LEVIES IN THE SUCCEEDING YEARS TO MAKE UP THIS DIFFERENCE. THE AMOUNT BY WHICH THE DISTRICT ADJUSTS ANY LEVY IN THE SUCCEEDING YEARS PURSUANT TO THIS SECTION SHALL BE RECOGNIZED AS REVENUE IN THE SCHOOL YEAR WHEN THE LEVY WHICH IS SO ADJUSTED IS RECOGNIZED AS REVENUE.)

((3) IF A DISTRICT LEVIES PURSUANT TO CLAUSE (1) FOR SCHOOL YEAR AND THE AMOUNT LEVIED IS GREATER THAN THE AMOUNT TO WHICH THE DISTRICT WOULD ACTUALLY HAVE BEEN ENTITLED UNDER SECTIONS 124.20, 124.212, 124.225, 124.32, 124.573, AND 124.574, FOR THE YEAR TO WHICH THE LEVY IS ATTRIBUTABLE, THE DISTRICT SHALL REDUCE ITS LEVIES IN THE SUCCEEDING YEARS BY THE AMOUNT OF THIS DIFFERENCE.)

((4) HOWEVER, IF THE AMOUNT OF THE DIFFERENCE IN CLAUSE (2), WHEN CALCULATED AS AN ADDITION TO THE ORIGINAL LEVY FOR THAT YEAR, WOULD HAVE EXCEEDED THE AMOUNT RAISED BY THE MILLAGE LIMITATION IN SUBDIVISION 2A, CLAUSE (1) OR (2) FOR THAT YEAR, THE STATE SHALL PAY THE AMOUNT TO WHICH THE DISTRICT IS ENTITLED UNDER SECTIONS 124.20, 124.212, 124.225, 124.32, 124.573, AND 124.574, FOR THAT SCHOOL YEAR, WHICH EXCEEDS THE AMOUNT RAISED BY THAT MILLAGE LIMITATION.)

((5) IF THE DISTRICT IS UNABLE TO LEVY THE FULL 107 PERCENT OF ITS ENTITLEMENT FOR A SCHOOL YEAR BECAUSE OF THE MILLAGE LIMITATION IN SUBDIVISION 2A, CLAUSE (1) OR (2), THE STATE SHALL PAY THE AMOUNT UNDER SECTIONS 124.28, 124.212, 124.225, 124.32, 124.573, OR 124.574 TO WHICH THE DISTRICT IS ENTITLED FOR THAT SCHOOL YEAR WHICH EXCEEDS THE AMOUNT RAISED BY THAT MILLAGE LIMITATION.)

((6)) (2). Prior to the certification of levies, the commissioner of education shall notify an applicable district that it is subject to the levy limitation of this subdivision and of its estimated entitlements pursuant to sections 124.20, 124.212, 124.225, 124.32, 124.573, and 124.574. (THE COMMISSIONER SHALL DECIDE THAT A DISTRICT IS SUBJECT TO THIS LEVY LIMITATION IF IT APPEARS REASONABLY CERTAIN THAT THE MAXIMUM LEVY ALLOWED THAT DISTRICT PURSUANT TO SUBDIVISION 2A, CLAUSE (1) OR (2) WILL EXCEED THE DISTRICT'S FOUNDATION AID FORMULA ALLOWANCE TIMES THE NUMBER OF PUPIL

UNITS COMPUTED FOR THAT DISTRICT UNDER SECTION 124.17, SUBDIVISION 1, CLAUSES (1), (2), (4) AND (5); FOR THAT CORRESPONDING YEAR. IF, UPON THE ORDER OF THE COMMISSIONER, THE DISTRICT LEVIES PURSUANT TO THIS SUBDIVISION BUT THE MAXIMUM LEVY ALLOWED THAT DISTRICT PURSUANT TO SUBDIVISION 2A, CLAUSE (1) OR (2) WOULD NOT ACTUALLY HAVE EXCEEDED THE DISTRICT'S FOUNDATION AID FORMULA ALLOWANCE TIMES THE NUMBER OF PUPIL UNITS COMPUTED FOR THAT DISTRICT UNDER SECTION 124.17, SUBDIVISION 1, CLAUSES (1), (2), (4) AND (5), FOR THAT CORRESPONDING YEAR, THE DISTRICT SHALL REDUCE ITS LEVY FOR THE NEXT YEAR BY THE AMOUNT BY WHICH THE LEVY CERTIFIED PURSUANT TO THIS SUBDIVISION EXCEEDED THE AMOUNT THE DISTRICT COULD HAVE LEVIED UNDER SUBDIVISION 2A, CLAUSE (1) OR (2). ALSO IN THAT CASE, THE DISTRICT SHALL RECEIVE ALL AID FROM THE STATE PURSUANT TO SECTIONS 124.20, 124.212, 124.225, 124.32, 124.573, AND 124.574 TO WHICH IT WOULD OTHERWISE HAVE BEEN ENTITLED IF ITS PERMITTED LEVY HAD NOT BEEN COMPUTED PURSUANT TO THIS SUBDIVISION.)

((7)) (3) Any district which is required to compute its (PERMITTED LEVY) *levy limitation* under this subdivision shall not be eligible to receive *that amount of aid for the corresponding school year* under sections 124.20, (124.212,) 124.225, 124.32, 124.573, and 124.574 (FOR THE CORRESPONDING YEAR EXCEPT AS AUTHORIZED BY THIS SUBDIVISION) *for which it is eligible to levy pursuant to this subdivision and subdivision 20. Clause (1) and this clause shall apply to aids pursuant to these sections in the following order: (a) 124.20; (b) 124.225; (c) 124.32; (d) 124.573; (e) 124.574.*

((8)) (4) Nothing within the provisions of this subdivision shall be construed to affect any other levy under this section, including levies made pursuant to subdivision 2a, clause (4), to which a district is otherwise entitled.

((9)) (5) A levy made by a district pursuant to the provisions of this subdivision shall be construed to be the levy made by that district pursuant to subdivision 2a, clause (1) and (2), for purposes of statutory cross-reference.

((10)) THE PROVISIONS OF CLAUSES (2) TO (9) SHALL GOVERN 1979-1980 AID, THE ADJUSTMENT OF LEVIES, AND STATUTORY CROSS-REFERENCES TO THE 1978 LEVY, FOR ANY DISTRICT WHICH LEVIED PURSUANT TO CLAUSE (1) IN 1978 AND WHICH IS NOT REQUIRED TO LEVY PURSUANT TO CLAUSE (1) IN 1979 OR SUBSEQUENT YEARS.)

Sec. 9. Minnesota Statutes, 1979 Supplement, Section 275-125, Subdivision 7a, is amended to read:

(3) (BY AUGUST 1 BEFORE A DISTRICT CERTIFIES ANY LEVY PURSUANT TO THIS SUBDIVISION IN 1979, OR) By the July 1 before a district certifies any levy pursuant to this subdivision in 1980, in any even-numbered year thereafter, or in any odd-numbered year thereafter when the district has not certified a levy pursuant to this subdivision in the preceding year, the board of the district shall hold a public hearing on the need for the proposed levy pursuant to this subdivision. At least three weeks published notice of the hearing in 10 point type, on 12 point body, with a larger headline, shall be given in the legal newspaper with the largest circulation in the district. The notice shall state the amount of the proposed levy in dollars and mills, the *estimated* net unappropriated fund balance in the district's operating funds as of the June 30 before the levy is certified, and the tax impact of the proposed levy on homesteads with market values of \$30,000 and \$50,000. At the hearing, the district shall present its proposed revenue and expenditure budgets for the next two school years and the *estimated* net unappropriated fund balances in all district funds as of the June 30 before the levy is certified, and the board shall hear all parties requesting to give testimony for and against the proposed levy. Upon petition within 20 days after the hearing of (FIVE PERCENT) *the greater of (a) 50 voters, or (b) 15 percent, or 10 percent if the school board election was held in conjunction with a general or municipal election,* of the number of voters who voted in the district at the (PRECEDING STATEWIDE GENERAL)

most recent regular school board election, the board shall call a referendum on a reduction of the proposed levy. The petition shall state the number of mills on the district's adjusted assessed valuation by which it proposes to reduce the proposed levy. No petition or referendum shall provide for a reduction of a proposed levy pursuant to this subdivision to a rate less than one-half mill on the district's adjusted assessed valuation below the rate levied by the district pursuant to this subdivision in the preceding year. The referendum shall be held on a date set by the school board, but no later than (SEPTEMBER 20 IN 1979 OR) the August 20 before the levy is certified (IN SUBSEQUENT YEARS). The question on the ballot shall state the maximum amount of the proposed levy, the amount of the proposed reduction of the levy and the amount of the levy if the reduction is approved, in mills on the district's adjusted assessed valuation and in dollars in the first year of the proposed levy. The district may levy the amount provided by the millage proposed by the school board, reduced by any reduction in millage approved at a referendum pursuant to this clause, applied to the preceding year's adjusted assessed valuation until the next even-numbered year. The district is not required to hold a public hearing or call a referendum on a levy pursuant to this subdivision in any odd-numbered year (AFTER 1979) which succeeds a year in which a levy is certified pursuant to this subdivision.

Sec. 10. Minnesota Statutes, 1979 Supplement, Section 275.-125, Subdivision 7b is amended to read:

Subd. 7b. (1) It is the intention of the legislature that the revenue provided by the discretionary levy authorized in subdivision 7a and by the corresponding portion of foundation aid provided in section 124.212, subdivisions 7c, clause (5), and 7d, clause (5), be used to improve instructional programs in grades kindergarten through 12 and not be used to increase a district's fund balance. (IF THE BOARD OF ANY DISTRICT WITH A REASONABLE GENERAL FUND BALANCE DETERMINES THAT ALL OR PART OF THIS REVENUE IS NOT NEEDED FOR THIS PURPOSE AND IF THIS DETERMINATION IS DEMONSTRATED BY AN INCREASE IN THE DISTRICT'S GENERAL FUND BALANCE IN ANY FISCAL YEAR STARTING IN FISCAL YEAR 1981, THE MILL RATE USED TO CALCULATE THE AUTHORIZED DISCRETIONARY LEVY AND THE CORRESPONDING PORTION OF FOUNDATION AID SHALL BE REDUCED AS PROVIDED IN THIS SUBDIVISION.) For purposes of this subdivision, a "reasonable (GENERAL FUND) balance" shall mean (\$150) an amount per pupil unit identified in section 124.17, subdivision 1, clauses (1), (2), (4) and (5), equal to 15 percent of the foundation aid formula allowance for the school year ending on the second June 30 before the levy is certified.

(2) In any district where the maximum permissible levy pursuant to subdivision 7a in 1981 or in any year thereafter is de-

terminated according to clause (2), part (a), of that subdivision, and where the net unappropriated (GENERAL) fund balance *in all operating funds* has increased between the second June 30 before the levy is certified and the June 30 before the levy is certified, the maximum permissible levy pursuant to subdivision 7a in that year shall be reduced by an amount equal to the product obtained by multiplying

(a) the ratio of

(i) the quotient obtained by dividing the amount of that increase in the (GENERAL FUND) balance *in all operating funds* by the number of pupil units identified in section 124.17, subdivision 1, clauses (1), (2), (4) and (5), in the district in the year when the levy is certified, to

(ii) the equalizing factor, times

(b) the district's adjusted assessed valuation for the preceding year.

No levy reduction pursuant to this clause, however, shall exceed an amount equal to the product obtained by multiplying

(a) the ratio of

(i) the difference obtained by subtracting (\$150) *the amount of a reasonable balance as defined in clause (1)* from the quotient obtained by dividing the *total* amount of the net unappropriated (GENERAL FUND) balance *in all operating funds* of the district as of the June 30 before the levy is certified, by the number of pupil units identified in section 124.17, subdivision 1, clauses (1), (2), (4) and (5), in the district in the year when the levy is certified, to

(ii) the equalizing factor, times

(b) the district's adjusted assessed valuation for the preceding year.

(3) In any district where the maximum permissible levy pursuant to subdivision 7a in 1981 or in any year thereafter is determined according to clause (2), part (b), of that subdivision, and where the net unappropriated (GENERAL FUND) balance *in all operating funds* has increased between the second June 30 before the levy is certified and the June 30 before the levy is certified, the maximum permissible levy pursuant to subdivision 7a in that year shall be reduced by the *total* amount of (THAT) *the* increase in the (GENERAL FUND) *balances of all operating funds*. No levy reduction pursuant to this clause, however, shall exceed an amount equal to the difference obtained by subtracting

(a) the product obtained by multiplying (\$150) the amount of a reasonable balance as defined in clause (1) times the number of pupil units identified in section 124.17, subdivision 1, clauses (1), (2), (4) and (5), in the district in the year when the levy is certified, from

(b) the total amount of the net unappropriated (GENERAL FUND) balance in all operating funds in the district as of the June 30 before the levy is certified.

Sec. 11. Minnesota Statutes, 1979 Supplement, Section 275.125, Subdivision 20 is amended to read:

Subd. 20. The computation of levy limitations pursuant to subdivisions 2b, 2c, 6c and 19 shall be based on estimates where necessary. If as a result of using estimates for these computations the amount of any levy is different from the amount which could actually have been levied if actual data had been available, levy limitations in the first year when the actual data is known shall be adjusted to reflect for this difference. The amount of any adjustment to levy limitations pursuant to this subdivision shall be recognized as revenue in the school year when the levy for which the levy limitation is so adjusted is recognized as revenue.

Sec. 12. [REPEALER.] Minnesota Statutes 1978, Section 122.531, subdivision 3, is repealed.

Sec. 13. [DEFICIENCY APPROPRIATION; SUMMER SCHOOL.] The sum of \$685,000 is appropriated from the general fund to the department of education for the fiscal year ending June 30, 1980, for the payment of a deficiency in funds available for state aid for summer school. This amount is for 1979 summer school programs and shall be added to the sum appropriated for fiscal year 1980 for summer school aid in Laws 1979, Article I, Section 28, subdivision 3.

Sec. 14. [DEFICIENCY APPROPRIATION SPARSITY AID.] There is appropriated from the general fund to the department of education the sum of \$30,000 for the fiscal year ending June 30, 1980, and the sum of \$6,000 for the fiscal year ending June 30, 1981, for the payment of a deficiency in funds available for sparsity aid for 1980 pursuant to section 124.224. These appropriations shall be added to the amounts appropriated for sparsity aid in Laws 1979, Chapter 334, Article I, Section 28, Subdivision 4.

Sec. 15. [EFFECTIVE DATES.] Sections 4, 13 and 14, of this article shall be effective the day following final enactment.

ARTICLE II

(a) "FTE" means a transported full time equivalent pupil whose transportation is authorized for aid purposes by section 124.223.

(b) "*Region*" means development region as defined in section 462.384, subdivision 5, except that for purposes of this section, development regions 1 and 2 shall be considered one region, development regions 4 and 5 shall be considered one region, development regions 6E and 6W shall be considered one region, and development regions 7E and 7W shall be considered one region.

(ii) an amount equal to one year's depreciation on the district's school bus fleet computed on a straight line basis at the rate of 12-1/2 percent per year of the cost of the fleet, plus

(iii) an amount equal to one year's depreciation on district school buses reconditioned by the department of corrections

computed on a straight line basis at the rate of 33-1/3 percent per year of the cost to the district of the reconditioning.

((C)) (d) "Total authorized predicted cost" means the total authorized cost predicted by a (LINEAR) *multiple regression formula* determined by the department of education.

((D)) (e) *For the 1979-1980 school year, "regular and summer school authorized FTE's transported" means full time equivalent pupils transported under section 124.223, clause (1), during the regular school year and in conjunction with a state board approved summer school program.*

(f) *"Transportation category" means a category of transportation service provided to pupils. Each category includes transportation provided during the regular school year and in conjunction with a state board approved summer school program. For purposes of this section, transportation categories are as follows:*

(i) *Regular transportation is transportation services provided under section 124.223, clauses (1) and (2), excluding transportation between schools under section 124.223, clause (1);*

(ii) *Secondary vocational center transportation is transportation services provided under section 124.223, clause (3);*

(iii) *Handicapped transportation is transportation services provided under section 124.223, clause (4), excluding board and lodging and excluding transportation to and from board and lodging facilities;*

(iv) *Board and lodging is services provided, in lieu of transportation, under section 124.223, clauses (4) and (5);*

(v) *Between schools transportation is transportation services between schools provided under section 124.223, clause (1);*

(vi) *Shared time regular transportation is transportation services provided under section 124.223, clause (6), excluding transportation provided for pupils attending shared time special education classes;*

(ix) *Cooperative academic and vocational transportation is transportation services provided under section 124.223, clause (9);*

(x) *Nonpublic health, guidance and counseling transportation is transportation services provided under section 124.223, clause (10);*

(g) *"Pupil weighting factor" means the ratio of the actual regional average cost per FTE in a particular transportation category to the actual regional average cost per FTE in the regular transportation category.*

(h) *"Weighted FTE's" means the number of FTE's in each transportation category multiplied by the pupil weighting factor for that category.*

Subd. 1a. In computing transportation aid for each school year the department of education shall establish the pupil weighting factors for each transportation category for each region using transportation cost data for the second prior school year. The department shall establish an appropriate pupil weighting factor for any transportation category for which a region had no experience during the second prior school year.

Subd. 2. For the 1979-1980 school year, the state shall pay to each school district for all pupil transportation and related services for which the district is authorized by law to receive state aid an amount determined according to this section. A linear regression formula shall be determined for each planning region by the department of education, using the terms specified in subdivision 4, to maximize the amount of variance accounted for between the total actual authorized cost per FTE for the 1977-1978 school year and the total authorized predicted cost per FTE for the 1977-1978 school year. The formula determined for each region shall be used to determine a total authorized predicted cost per FTE for the 1977-1978 school year for each district in the region. The amount determined for each district shall be adjusted according to the provisions of subdivisions 5 and 7. (THE LINEAR REGRESSION FORMULAS SHALL BE DETERMINED SO THAT THE TOTAL TRANSPORTATION AID FOR THE 1979-1980 SCHOOL YEAR DOES NOT EXCEED THE AMOUNT APPROPRIATED FOR TRANSPORTATION AID FOR THE 1979-1980 SCHOOL YEAR.)

Subd. 3. For the 1980-1981 school year, the state shall pay to each school district for all pupil transportation and related services for which the district is authorized by law to receive state aid an amount determined according to this section. A (LINEAR) multiple regression formula shall be determined through stepwise multiple regression analysis for each (PLANNING) region by the department of education, using the terms specified in subdivision (4) 4a, to maximize the amount of variance accounted for between

the total actual authorized cost per *weighted* FTE for the 1978-1979 school year and the total authorized predicted cost per *weighted* FTE for the 1978-1979 school year. The formula determined for each region shall be used to determine a total authorized predicted cost per *weighted* FTE for the 1978-1979 school year for each district in the region. The amount determined for each district shall be adjusted according to the provisions of subdivisions 6 and (7) 7a. (THE LINEAR REGRESSION FORMULAS SHALL BE DETERMINED SO THAT THE TOTAL TRANSPORTATION AID FOR ALL DISTRICTS FOR THE 1980-1981 SCHOOL YEAR DOES NOT EXCEED THE AMOUNT APPROPRIATED FOR TRANSPORTATION AID FOR THE 1980-1981 SCHOOL YEAR.)

Subd. 4. To predict the natural logarithm of the total authorized cost per FTE transported authorized by law for the 1979-1980 school year, the linear regression formula shall use the following terms and all their cross products:

(1) The natural logarithm of the quotient of 1.00 divided by the total number of authorized FTE's transported;

(2) The natural logarithm of the sum of 100 plus the difference between the average of the square roots computed for all districts in the state of the number of regular and summer school authorized FTE's transported per square mile minus the square root of the number of regular and summer school authorized FTE's transported per square mile in the district;

(3) The natural logarithm of the ratio of the number of regular and summer school authorized FTE's transported to the district's total average daily membership;

(4) The natural logarithm of the number of regular and summer school authorized FTE's transported per square mile;

(5) The natural logarithm of the district's average daily membership;

(6) The natural logarithm of the size of the district measured in square miles; and

(7) The natural logarithm of the total number of FTE's transported by the district authorized for aid pursuant to section 124.223 minus the number of regular and summer school authorized FTE's transported.

Subd. 4a. To predict the total authorized cost per weighted FTE for each district beginning in the 1980-1981 school year, each regional multiple regression formula shall use the following terms and their squares for each district in the region:

- (1) *The area of the district measured in square miles;*
- (2) *The district's average daily membership;*
- (3) *The total number of authorized FTE's transported by the district;*
- (4) *The total number of authorized FTE'S transported by the district in the handicapped, shared time special education, and to and from board and lodging facility transportation categories as a percentage of the total number of authorized FTE's transported by the district;*
- (5) *The number of authorized FTE's transported by the district in the board and lodging transportation category as a percentage of the total number of authorized FTE's transported by the district;*
- (6) *The number of authorized FTE's transported by the district in the between schools transportation category as a percentage of the total number of authorized FTE's transported by the district;*
- (7) *The number of authorized FTE's transported by the district in the shared time regular transportation category as a percentage of the total number of authorized FTE's transported by the district;*
- (8) *The number of authorized FTE's transported by the district in the secondary vocational center transportation category as a percentage of the total number of authorized FTE's transported by the district;*
- (9) *The number of authorized FTE's per square mile transported by the district in the regular transportation category;*
- (10) *The number of authorized FTE's per square mile transported by the district in the handicapped transportation category;*
- (11) *The number of authorized FTE's transported by the district in the regular transportation category as a percentage of the district's average daily membership;*
- (12) *An index of the district's shape computed by the department of education based on a comparison of the perimeter of the district to the perimeter of a circle with the same square mile area as the district;*
- (13) *The percentage of the district's square mile area which is classified by the state planning agency as water-covered or marshland;*

(14) *The number of 40 acre parcels of land in the district which are contiguous to or intersected by unpaved roads, as a percentage of the number of 40 acre parcels of land in the district which are contiguous to or intersected by any roads, paved or unpaved. The number of 40 acre parcels of each type shall be obtained from the state planning agency;*

(15) *The percentage of the district's square mile area which is classified by the state planning agency as having a slope of land exceeding six percent;*

(16) *The number of authorized FTE's transported to non-public schools by the district in the regular transportation category as a percentage of the total number of authorized FTE's transported by the district in the regular transportation category.*

Subd. 5. The total authorized predicted cost per FTE determined for a district under subdivision 2 for 1977-1978 shall be increased by (17) 27 percent.

Subd. 6. The total authorized predicted cost per *weighted* FTE determined for a district under subdivision 3 for 1978-1979 shall be increased by (17) 31 percent.

Subd. 7. (1) Each district's adjusted total authorized predicted cost per FTE determined for (EACH) *the 1979-1980* school year according to subdivision 5. (OR 6) shall be compared to the total actual expenditure per FTE for authorized transportation for that district for that year to determine the district's aid entitlement per FTE for that year.

(2) *For the 1979-1980 school year*, if the adjusted total authorized predicted cost per FTE is greater than the district's actual authorized expenditure per FTE, its aid entitlement per FTE shall equal the adjusted predicted cost per FTE minus 10 percent of the first \$10 of difference between the adjusted total authorized predicted cost per FTE and the actual expenditure per FTE; minus 20 percent of the next \$20; minus 40 percent of the next \$20; minus 60 percent of the next \$50; and minus 75 percent of the difference which exceeds \$100.

(3) *For the 1979-1980 school year*, if the adjusted total authorized predicted cost per FTE is less than the district's actual authorized expenditure per FTE, its aid entitlement per FTE shall equal the adjusted total authorized predicted cost per FTE plus 10 percent of the first \$10 of difference between the adjusted predicted cost per FTE and the actual expenditure per FTE; plus 20 percent of the next \$20; plus 40 percent of the next \$20; plus 60 percent of the next \$50; and plus 75 percent of the difference which exceeds \$100.

(4) Notwithstanding clauses (2) and (3), for the 1979-1980 school year, no district's aid entitlement per FTE shall be less than its actual authorized expenditure per FTE minus \$20 or more than its actual authorized expenditure per FTE plus \$20.

Subd. 7a. (1) Each district's adjusted total authorized predicted cost per weighted FTE determined for the 1980-1981 school year and each year thereafter according to subdivision 6 shall be compared to the total actual expenditure per weighted FTE for authorized transportation for that district for that year to determine the district's aid entitlement per weighted FTE for that year.

(2) If the adjusted total authorized predicted cost per weighted FTE is greater than the district's actual authorized expenditure per weighted FTE, its aid entitlement per weighted FTE shall equal the adjusted predicted cost per weighted FTE minus 20 percent of the first \$10 of difference between the adjusted total authorized predicted cost per weighted FTE and the actual expenditure per weighted FTE; minus 40 percent of the next \$10; minus 60 percent of the next \$10; minus 80 percent of the next \$10; and minus 100 percent of the difference which exceeds \$40.

(3) If the adjusted total authorized predicted cost per weighted FTE is less than the district's actual authorized expenditure per weighted FTE, its aid entitlement per weighted FTE shall equal the adjusted total authorized predicted cost per weighted FTE plus 20 percent of the first \$10 of difference between the adjusted predicted cost per weighted FTE and the actual expenditure per weighted FTE; plus 40 percent of the next \$10; plus 60 percent of the next \$10; plus 80 percent of the next \$10; and plus 100 percent of the difference which exceeds \$40.

Subd. 8. A district's aid pursuant to this section for (EACH) the 1979-1980 school year shall equal the district's aid entitlement per FTE determined according to subdivision 7 times the total number of authorized FTE's transported in the district in that school year, minus the amount raised by one mill times the adjusted assessed valuation which is used to compute the transportation levy limitation for the levy attributable to that school year.

Subd. 8a. A district's aid pursuant to this section for the 1980-1981 school year and each year thereafter shall equal the district's aid entitlement per weighted FTE determined according to subdivision 7a times the total number of authorized weighted FTE's transported in the district in that school year, minus the amount raised by one mill times the adjusted assessed valuation which is used to compute the transportation levy limitation for the levy attributable to that school year.

Subd. 9. Each district shall report to the department before July 1 of each year an estimate for the next school year of the total number of FTE's transported by *transportation* category and an estimate of the district's total actual authorized transportation expenditure by *transportation* category. The district's aid shall be determined for purposes of the first three transportation aid payments for the school year using these estimates. Before August 15 (OF EACH YEAR), 1980, each district shall provide the department with the information for the (PRECEDING) 1979-1980 school year which the department determines is necessary to compute the district's actual authorized expenditure per FTE for purposes of the computation in subdivision 7 and the district's actual total number of FTE's transported for purposes of the aid computation in subdivision 8. *Before August 15, 1981 and each August 15 thereafter, each district shall provide the department with the information for the preceding school year which the department determines is necessary to compute the district's actual authorized expenditure per weighted FTE for purposes of the computation in subdivision 7a and the district's actual total number of weighted FTE's transported for purposes of the aid computation in subdivision 8a.* The district's final transportation aid payment for (THAT) the school year shall be based on these computations.

Subd. 10. Any school district which owns school buses shall transfer annually from *the unappropriated fund balance account* in its transportation fund to *the appropriated fund balance account for bus purchases* in its (BUS PURCHASE) transportation fund at least an amount equal to 12-1/2 percent of the original cost of each bus until the original cost of each bus is fully amortized, plus 33-1/3 percent of the cost to the district as of July 1 of each year for school bus reconditioning done by the department of corrections until the cost of the reconditioning is fully amortized. Any school district may transfer any amount from *the unappropriated fund balance account* in its transportation fund to any other operating fund or to *the appropriated fund balance account for bus purchases* in its (BUS PURCHASE) transportation fund.

Subd. 11. [PAYMENT SCHEDULE.] *Except as may be otherwise authorized by the commissioner to accommodate a flexible school year program, the state shall pay to each school district 30 percent of its estimated school transportation aid entitlement for the fiscal year on or before each of the following dates: August 31, December 31, and March 31. The final aid distribution to each district shall be made on or before October 31 of the following fiscal year.*

Sec. 3. Minnesota Statutes 1978, Section 275.125, Subdivision 5, is amended to read:

Subd. 5. For school transportation services, a school district may levy an amount not to exceed the amount raised by a levy

of one mill times the adjusted assessed valuation of the taxable property of the district for the preceding year. A district may levy under this subdivision for the (ANNUAL CASH PAYMENTS TO BE MADE FOR THE PURCHASE OF BUSES, BUT ONLY FOR THAT PORTION OF THE PAYMENTS NOT OFFSET BY STATE TRANSPORTATION AID RECEIVED ON ACCOUNT OF DEPRECIATION) *amount necessary to eliminate any projected deficit in the appropriated fund balance account for bus purchases in its transportation fund as of June 30 in the school year when the levy is recognized as revenue.* (BEGINNING WITH THE LEVY CERTIFIED IN 1976,) A district may also levy for transportation costs or other related services which are approved by the commissioner as necessary because of extraordinary traffic hazards for the current fiscal year.

Sec. 4. Minnesota Statutes 1978, Section 275.125, Subdivision 5a, is amended to read:

Subd. 5a. (UPON APPROVAL OF THE COMMISSIONER, A DISTRICT MAY LEVY FOR INCREASED TRANSPORTATION COSTS ABOVE THE FORMULA LIMITATION RESULTING FROM CHANGES IN TRANSPORTATION PATTERNS REQUIRED BY LEASING A SCHOOL IN ANOTHER DISTRICT PROVIDED THAT THE COST INCREASES ARE ESTIMATED TO BE A DIRECT RESULT OF LEASING THAT SCHOOL AND THE INCREASES RESULT IN COSTS ABOVE THE FORMULA LIMITATION.) *When the transportation patterns of a district change as a result of leasing a school in another district, the district may, upon approval of the commissioner, levy for any increase in transportation cost above the cost that would occur without the leasing of the school. The commissioner shall approve a specific dollar amount which may be levied because of these increased costs. The levy authorized by this subdivision may be computed on the basis of estimated increased costs. In the first year a district makes the levy authorized by this subdivision, the commissioner may authorize a levy sufficient to pay for estimated increased costs resulting from leasing for two years. The amount provided by this levy shall not be included in the computation of the actual net operating cost per pupil transported in future years.*

Sec. 5. *In accordance with section 648.34, in the next edition of Minnesota Statutes, the revisor of statutes shall renumber section 124.224 as section 124.2131 and alter references to it in the statutes to conform to the change.*

Sec. 6. [SCHOOL BUS ALCOHOL FUEL DEMONSTRATION.] *Subdivision 1: The commissioner of education may make grants to school districts for the purpose of converting gasoline-fueled school buses to the use of straight alcohol fuel. Each grant shall be limited to the actual cost of the conversion from gasoline fuel to alcohol fuel, but the total grant shall not*

exceed \$700 per bus to be converted plus reimbursement for additional costs necessary for compliance with subdivision 4. If a school district contracts for transportation services the district may make its grant available to its contractor. The commissioner shall provide general guidelines for districts to follow in making these conversions.

Subd. 2. [SELECTION OF PARTICIPATING DISTRICTS.] To the extent feasible, the commissioner shall make grants pursuant to subdivision 1 so as to include one or more school districts in each of the following categories: districts with primarily urban bus routes, districts with primarily rural bus routes, districts with gravel or unpaved roads on their bus routes, and suburban school districts having a broad range of population densities.

Subd. 3. [ALCOHOL FUEL STORAGE FACILITIES.] School districts or transportation contractors which participate in this program may apply for an additional grant to cover the costs of establishing satisfactory alcohol fuel storage facilities. These additional grants shall be limited to \$1,000 per school district or contractor or to the actual cost of the necessary storage facilities, whichever is less.

Subd. 4. [REPORT BY DISTRICTS.] On or before February 1, 1981, every school district receiving a grant pursuant to subdivision 1 shall make a report to the commissioner including the following information: (1) the fuel cost differences between using alcohol as a fuel and using gasoline as a fuel in its school buses, (2) any fuel system or drivability problems with its buses converted to alcohol, (3) any differences in maintenance costs between gasoline-fueled and alcohol-fueled buses, (4) any difficulties with the availability of alcohol fuel, and (5) any other observations the district deems pertinent.

The total amount of this aid for each school district for each school year shall be determined by the department of education according to the following formula:*

Subd. 2. [PARTICIPATION OF NONPUBLIC SCHOOL PUPILS.] In counting the number of pupils of limited English proficiency for purposes of this section, districts may include pupils of limited English proficiency who attend nonpublic schools in the district. A district which counts those pupils and receives aid pursuant to this section shall offer those pupils the same programs on the same terms that it offers to pupils of limited English proficiency who attend the public school. The commissioner of education may pay additional aid pursuant to subdivision 5 only for the net increase in limited English proficient pupils enrolled in the district's program for limited English proficient pupils between the number counted by the district in its application submitted by the preceding September 15 and its application for additional aid. To determine the net increase, the commissioner shall subtract the number of pupils counted in the district's previous application who are no longer participating in that district's educational program for limited English proficient students from the number of additional students who were not included in the district's previous application for aid pursuant to this section.

The per pupil dollar amount of additional aid shall be based upon the total number of limited English proficient pupils enrolled in the district's educational program for limited English proficient students as of January 15. ARTICLE III

COMMERCIAL HAZARDOUS WASTE DISPOSAL FACILITIES

Section 1. [LEGISLATIVE FINDINGS; PURPOSE.] The legislature finds that proper management of hazardous waste generated in the state is needed to conserve and protect the natural resources in the state and the health, safety, and welfare of its citizens, that the establishment of safe disposal facilities is necessary to properly manage the waste, that this cannot be accomplished solely by the activities of private persons and political subdivisions acting alone or jointly, and that therefore it is necessary to provide a procedure for making final determinations on the locations, sizes, types, and functions of such facilities.

Sec. 2. [PROCEDURE NOT EXCLUSIVE.] The procedure established by this article for the permitting of hazardous waste disposal facilities is not exclusive and shall not preclude the issuance of other permits by the agency pursuant to section 116.07.

Sec. 3. [SITE EVALUATION FACTORS.] In evaluating and selecting sites for disposal facilities, the board shall consider at least the following factors:

(a) economic feasibility and viability and proximity to concentrations of generators of the types of hazardous wastes likely to be proposed and permitted for disposal;

(b) willingness of qualified private waste management firms to establish a facility at the site, as indicated by facility proposals and permit applications;

(c) intrinsic suitability of the sites;

(d) *federal and state pollution control and environmental protection rules;*

(e) *the risk and effect for local residents, units of government, and the local public health, safety, and welfare, including such dangers as an accidental release of wastes during transportation to a facility or at a facility, water, air, and land pollution, and fire or explosion;*

(f) *the consistency of a facility with, and its effect on, existing and planned local land use and development; local laws, ordinances, and permits; and local public facilities and services;*

(g) *the adverse effects of a facility at the site on the natural environment, resources, and ecology and scenic, cultural, historic, aesthetic, and recreational values, and opportunities to mitigate or eliminate such adverse effects by stipulations, conditions, and requirements respecting the design and operation of a disposal facility at the proposed site.*

No land shall be excluded from consideration except land determined by the agency to be intrinsically unsuitable for the use intended.

Sec. 4. [RULES NOT REQUIRED.] *The board shall not be required to promulgate rules pursuant to chapter 15 governing its activities under this article.*

Sec. 5. [CANDIDATE SITES.] *Subdivision 1. [SELECTION.] By July 1, 1981, the board shall select six locations in the state as candidate sites for commercial disposal facilities for hazardous waste. No location shall be selected as a candidate site unless the agency certifies its intrinsic suitability for the use intended, based on preliminary environmental analysis and on-site surveys and investigations conducted by the board or agency. The board shall consult with the agency and the private waste management industry in selecting candidate sites. Any sites proposed in applications for permits for disposal facilities being reviewed by the agency on July 1, 1981, may be included by the board as candidate sites, provided the agency certifies the intrinsic suitability of the sites.*

Subd. 2. [PROCEDURE.] As soon as practicable, the board shall publish a request soliciting proposals and permit applications for hazardous waste disposal facilities from potential developers and operators of such facilities. Notice of the request shall be published in the state register and newspapers of general circulation in the state and shall be transmitted to all regional development commissions, the metropolitan council, and all counties in the state. By January 1, 1981, for the purpose only of informing the selection of candidate sites under this section, the board shall select conceptual design and operating specifications for a variety of hazardous waste disposal facilities

in sufficient detail and extent in the judgment of the board to allow the evaluation of sites and the selection of candidate sites. By January 1, 1981, the board shall notify each regional development commission, or the metropolitan council, and each county, city, and town within whose jurisdiction the board intends to search for candidate sites. The notification shall explain the selection of the jurisdiction as a search area; shall summarize the conceptual specifications and the evaluation factors, criteria, standards, and procedures the board intends to use in selecting candidate sites; and shall describe the relationship of the candidate site selection process to the other review procedures under this article and the hazardous waste reports and plans required under article II. The notification shall request recommendations and suggestions from each such commission, the metropolitan council, and county, city, and town on the criteria, standards, and procedures the board should use in selecting candidate sites within the time allowed. The board shall make a written response to any recommendations, explaining its disposition of the recommendations.

Subd. 3. [MORATORIUM.] A moratorium is hereby imposed on all development, except hazardous waste facilities, within each candidate site identified pursuant to this section and in a buffer area identified by the board surrounding and at least equal in area to the site. The moratorium shall extend until six months following final action of the board pursuant to this article. No such development shall be allowed to occur within a proposed site or buffer area during the period of the moratorium. No county, city, or town land use control shall permit such development, nor shall any county, city, or town sanction or approve any subdivision, permit, license, or other authorization which would allow such development to occur.

Sec. 6. [PARTICIPATION BY AFFECTED LOCALITIES.]
Division 1. [GENERAL.] In order systematically to involve those who would be affected most directly by disposal facilities in all decisions leading to their establishment, the board's decisions on the preliminary specifications under section 7, the reports referred to in section 8 and the certification of need required under section 9 shall not be made until after the establishment of local project review committees for each candidate site, with representation on the board, pursuant to this section.

Subd. 2. [ESTABLISHMENT OF LOCAL PROJECT REVIEW COMMITTEES.] A local project review committee shall be established for each location selected as a candidate site. The local committee shall exist, and its members shall serve, so long as the location for which the committee was formed is a candidate site or, for the site or sites finally chosen, until the commencement of the operation of the facility at that site.

Subd. 3. [MEMBERSHIP ON LOCAL COMMITTEES.] By August 1, 1981, the governor shall appoint the chairperson and members of each local project review committee, ensuring

a balanced representation of all parties with a legitimate and direct interest in the outcome of the project review. The governor shall consult particularly with affected local units of government before selecting members. Members may be added to the local committee from time to time by the governor or by the governor upon motion of the committee or the board.

Subd. 4. [APPOINTMENT OF TEMPORARY BOARD MEMBERS.] *By September 1, 1981, each local committee shall select a temporary board member to be added to the board for the purposes of the reports, certifications, and review conducted under this article. Temporary board members may be members of the local project review committee, and they shall be residents of the county where the candidate site is located.*

Subd. 5. [DUTIES OF LOCAL COMMITTEES.] *During the review, the local project review committee shall: inform affected local communities, government units, and residents of the proposed land containment and disposal facilities and of the planning and environmental review process relating to the proposed facilities; solicit and record local attitudes and concerns respecting the proposed facilities and represent and communicate such attitudes and concerns to the board, the legislative commission, the environmental quality board, the agency, and other units and agencies of government; and act as a forum for the exchange of local attitudes and concerns and the development, where possible, of local consensus.*

Subd. 6. [TECHNICAL ASSISTANCE; GRANTS.] *To assist local project review committees to participate in the certification of need and the review process, the board shall make grants to the committees to be used to employ staff, pay administrative expenses, or contract with qualified consultants. The board shall ensure the delivery to the committees of technical information and assistance by appropriate state agencies.*

Sec. 7. [DISPOSAL FACILITIES; PRELIMINARY DESIGN AND OPERATING SPECIFICATIONS.] *By January 1, 1982, the board shall select, for further study and consideration, design and operating specifications for a variety of disposal facilities for hazardous waste, in sufficient detail and extent in the judgement of the agency to allow the agency to begin preparing an environmental impact statement on the alternative facilities at each of the candidate sites pursuant to section 10. The preliminary design and operating specifications shall describe the facility alternatives which will be considered at each site but shall not foreclose the subsequent addition by the board or agency of other disposal facility alternatives to be considered.*

Sec. 8. [HAZARDOUS WASTE MANAGEMENT REPORTS.] *The board shall prepare and submit the hazardous waste management reports required by Article II, section 6, subdivisions 4 and 5, in consultation with the local project review*

committees. The board shall request recommendations from the local committees and shall consult with the committees on the board's intended disposition of the recommendations. In its reports, the board shall summarize the recommendations of the committees and the board's response to the recommendations. Before submitting the reports, the board shall hold at least one public meeting in each county in which a candidate site is located. Notice of the public meeting shall be published in a newspaper or newspapers of general circulation in the area for two successive weeks ending at least 15 days before the date of the meeting. The notice shall describe the proposed facilities, the proposed location, the purpose of the board's report to the legislature, and the subsequent and related activities of the board.

Sec. 9. [CERTIFICATION OF NEED.] By May 1, 1982, as part of its facilities development and disposal abatement plan adopted under article II, section 8, the board shall issue a certificate or certificates of need for disposal facilities for hazardous wastes in the state. The certificate or certificates shall indicate the types and volumes of waste for which disposal facilities are and will be needed through the year 2000 and the number, types, sizes, and general design, operating character, and function or use of the disposal facilities needed in the state. The board shall certify need only to the extent that the board has determined that there are no feasible and prudent alternatives including waste reduction, separation, pretreatment, processing, and resource recovery which would minimize adverse impact upon natural resources, provided that the board shall require the establishment of at least one commercial disposal facility in the state. Economic considerations alone shall not justify certification nor the rejection of alternatives. The certification shall be the final determination required on the matters decided by the certificate or certificates of need. The board and the permitting agencies, in reviewing and selecting sites, completing environmental impact statements, and issuing approvals and permits for waste disposal facilities described in the certificate or certificates of need, shall not reconsider matters determined in the certification. The board and the permitting agencies shall be required to make a final decision approving the establishment of facilities having the waste management capabilities described in the certification. The board and the permitting agencies shall be required to make a final decision approving the establishment of at least one commercial disposal facility for hazardous waste in the state.

Sec. 10. [AGENCY; ENVIRONMENTAL REVIEW PROCEDURES.] Subdivision 1. [ENVIRONMENTAL IMPACT STATEMENT.] An environmental impact statement meeting the requirements of chapter 116D shall be completed by the agency. The parts of the statement required by the board to prepare the reports required by article II, section 6, subdivisions 4 and 5, the plan required by article II, section 8, and the certification of need required by section 9 of this article shall be finally accepted or rejected at least 90 days before the report, plan, or

certification is required. The parts of the statement required to make decisions pursuant to sections 11 and 12 on disposal facilities at each candidate site shall be finally accepted or rejected within 120 days following the issuance of a certificate or certificates of need under section 9.

Subd. 2. [PUBLIC DISCLOSURE.] Before commencing preparation of the environmental impact statement, the agency shall issue a document summarizing and making full disclosure of the intended objectives and contents of the environmental impact statement and the environmental review. Announcement of the disclosure shall be published in the state register. The disclosure shall:

- (a) identify the candidate sites;
- (b) summarize preliminary design and operating specifications and indicate where and when the specifications are available for inspection;
- (c) describe as fully as possible the object of the review, including the significant actions, issues, alternatives, types of impacts, and compensation and mitigation measures expected to be addressed in the statement; the depth of the analysis expected; and subjects which the statement will not address in depth because they have been disposed of previously or because they are believed to be insignificant or remote and speculative;
- (d) identify, by reference and brief summary, any related planning activities and environmental reviews which have been, are being, or will be conducted, and the substantive, chronological, and procedural relationship between the proposed review and the other activities and reviews;
- (e) identify the membership and address of the local project review committees and the names of the local representatives on the board;
- (f) summarize the comments and suggestions received from the public pursuant to subdivision 3 and the agency's response.

Subd. 3. [PUBLIC PARTICIPATION PROCEDURES.] The public disclosure document shall be issued following diligent effort to involve the public in determining the objective and contents of the environmental impact statement. At least one public meeting shall be held in each county with a candidate site. The advice of the board, facility developers, state agencies, the local project review committees, and local units of government shall be actively solicited. The agency may engage the state hearing examiner to conduct meetings and make recommendations concerning the review. Each local project review committee shall present to the agency a written report summarizing local concerns and attitudes about the proposed action and the specific

issues which the local communities and residents wish to see addressed in the environmental review.

Sec. 11. [AGENCIES; PERMIT CONDITIONS.] *Within 60 days following the acceptance of the final environmental impact statement, and after consulting with the board, facility developers, affected local government units, and the local project review committees, the permitting state agency or agencies shall finally indicate the conditions and terms of agency approval for all permits needed at each candidate site for construction of the facilities described in the board's certification of need. The agency decisions shall be consistent with the establishment of facilities in accordance with the certification of need.*

Sec. 12. [FINAL ACTION.] *Subdivision 1. [DECISION OF BOARD.] Within 60 days following the agency decisions on permit conditions, and after consulting with private facility developers, the agency, affected local government units, and the local project review committees, the board shall finally select the site or sites for the facilities and shall submit or cause to be submitted final permit applications. The final permit applications shall contain the provisions required by the permitting agencies, plus other stipulations, conditions, and requirements of the board relating to the facility as may be consistent with the certification of need and the agency rules and permit conditions. The board's decision shall finally resolve any conflicts among state agency permit terms and conditions. The board's decision and the permit applications shall provide for the establishment of facilities having the waste management capabilities described in the board's certification of need.*

Subd. 2. [BOARD'S DECISION PARAMOUNT.] To assure the paramount and controlling effect of the review process conducted under this article, the board's decision pursuant to subdivision 1 shall be final and shall supersede and preempt conflicting requirements of state agencies and political subdivisions. The permitting agencies shall issue permits within 30 days in accordance with the board's final decision and the final permit applications. All construction and operating permits shall conform to the terms of the decision and applications. No charter provision, ordinance, regulation, permit, or other requirement of any state agency or political subdivision shall prevent or restrict the establishment and operation of a facility in accordance with the final decision of the board.

Sec. 13. [RECONCILIATION AND INTERVENTION PROCEDURES.] *Subdivision 1. [REPORTS TO LEGISLATIVE COMMISSION.] At least 30 days before making final decisions on final site selection and permit application under section 12, the board may report to the legislative commission describing permit conditions or requirements being considered which are not within the existing authority of the agency or the board or which would require legislation or public financial assistance. The report shall not raise issues previously decided by*

the board's certification of need. In any such report the board may request the commission to intervene in the review.

Subd. 2. [PRE-INTERVENTION ASSESSMENT.] If the legislative commission determines that intervention might be warranted under the terms of subdivision 1, the commission may suspend the review process for up to 60 days to allow a pre-intervention assessment. The pre-intervention assessment shall be conducted by an independent, impartial, and qualified public intervenor appointed by the commission with the advice and consent of the parties to the dispute. The intervenor shall report to the commission. The report shall include:

(a) an assessment of whether the dispute is ripe for mediation and whether the parties are willing to mediate;

(b) an assessment of whether, within the terms of subdivision 1, substantive issues exist which were not decided by the certification of need and which cannot be resolved effectively through normal administrative and judicial procedures;

(c) a preliminary definition of the facts and issues in dispute and actions and decisions being considered;

(d) a description of the diverse parties having a legitimate and direct interest in the outcome of the dispute.

Subd. 3. [SUSPENSION OF REVIEW PROCESS; INTERVENTION PROCEEDING.] Following the report of the intervenor, the legislative commission may suspend the review process for an additional period not to exceed 90 days for an intervention proceeding. The intervention proceeding shall not consider issues previously decided by the board's certification of need. The intervenor shall be in charge of the intervention proceeding and may call for such participation and establish such procedures as he deems necessary and appropriate to facilitate agreement. The intervenor shall keep the chairperson of the legislative commission informed on the progress of the intervention proceeding, particularly with respect to agreements or proposed agreements which may require action or decisions not within the authority of the agency or board, legislative action, or public financial assistance. The intervenor shall make recommendations to the commission respecting any such agreements or proposed agreements. The commission may make recommendations to the intervenor respecting any such agreement or proposed agreement. If the commission approves of an agreement, or a decision based upon an agreement, which requires action or decisions not within the authority of the agency or board, legislative action, or public financial assistance, the commission shall cause the matter and recommendations to be submitted to the legislature for consideration.

Sec. 14. [JUDICIAL REVIEW.] Any civil action maintained by or against the agency or board under this article shall be brought in the county where the site is located and shall take precedence over all other matters of a civil nature and be expe-

dated to the maximum extent possible. Any person aggrieved by a final decision of the board authorizing facilities under this Article may appeal therefrom within 30 days as provided in chapter 15. No civil action shall be maintained pursuant to section 116B.03 with respect to conduct taken by a person pursuant to any environmental quality standard, limitation, regulation, rule, order, license, stipulation agreement or permit issued by the board under this article. Notwithstanding any provision of chapter 116B to the contrary, in any action brought under that chapter with respect to any decision or conduct undertaken by any person or the board or agency pursuant to this article after the period for appeal under this section has lapsed, the plaintiff shall have the burden of proving that the evidence required under section 116B.10 was not reasonably available within the time provided for appeal. The trial court shall, upon motion of any prevailing non-governmental party, award costs, disbursements, reasonable attorney's fees, and reasonable expert witness fees, if the court finds the action hereunder was commenced or defended in bad faith or was frivolous.

Temporary members shall be residents of the county or counties in which the proposed facility would be located and shall be selected to represent broadly the local interests that would be directly affected by the proposed facility. At least one member appointed by the city or town shall live within one mile of the proposed facility, and at least one member appointed by the county shall be a resident of a city or town in which the proposed facility would be located. Temporary board members shall serve for terms lasting until the board has taken final action on the project.*

Subd. 4. [REVIEW PROCEDURE.] *The board shall meet to commence the supplementary review within 90 days of the submission of a request determined by the board to satisfy the requirements for review under this section. At the meeting commencing the review the chairman shall recommend and the board establish a scope and procedure for its review and final decision on the proposed facility. The procedure shall require the board to make a final decision on the proposed facility within 90 days following the commencement of review. The procedure shall require the board to conduct at least one public meeting in the county within which the proposed facility would be located. Notice of the meeting shall be published in a newspaper or newspapers of general circulation in the area for two successive weeks ending at least 15 days before the date of the meeting. The notice shall describe the proposed facility, its location, the proposed permits, and the board's scope and procedure for review. The notice shall identify a location or locations within the city or town and county where the permit applications, the agency notice of intent, and the board's scope and procedure for review are available for review and where copies may be obtained.*

Subd. 5. [SCOPE AND CONTENT OF REVIEW.] *In its review and final decision on the proposed facility, the board shall consider at least the following matters:*

(a) *the risk and effect of the proposed facility on local residents, units of government, and the local public health, safety, and welfare, and the degree to which the risk or effect may be alleviated;*

local laws, ordinances, and permits; and local public facilities and services;

(c) opportunities to apply local regulations and requirements to the proposed facility at the proposed site;

(d) the adverse effects of the facility on the natural environment and ecology and scenic, cultural, historic, aesthetic, and recreational values, and opportunities to mitigate or eliminate such adverse effects by additional stipulations, conditions, and requirements respecting the design and operation of the proposed facility at the proposed site; and

(e) the need for the proposed facility, the availability of alternative sites, and opportunities to mitigate or eliminate need by additional and alternative solid waste management strategies or actions of a significantly different nature;

(f) whether, in the case of resource recovery facilities, the applicant has considered all other feasible and prudent waste processing alternatives for accomplishing the purposes of the proposed project and has compared and evaluated the costs of all such alternatives, including capital and operating costs, and the effects of all such alternatives on the cost to generators.

Subd. 6. [DECISION OF BOARD.] In its final decision in the review, the board may:

(a) disapprove the facility;

(b) approve the facility and the agency permits; or

(c) approve the facility but add more stringent stipulations, conditions, and requirements respecting the design and operation of the proposed facility at the site proposed.

The board shall not stipulate or establish conditions or requirements which are less stringent than those established by the agency permits. The board shall not stipulate or establish conditions or requirements affecting the location proposed for the facility in the agency permits. The board shall not stipulate or establish conditions or requirements for additional solid waste management capabilities at the facility of a different nature than those permitted in the agency permits. Subd. 4. [REVIEW PROCEDURE.] The board shall meet to commence the supplementary review within 90 days of the submission of a request determined by the board to satisfy the requirements for review under this section. At the meeting commencing the review the chairperson shall recommend and the board establish a scope and procedure for its review and final decision on the proposed facility. The procedure shall require the board to make a final decision on the proposed facility within 90 days following the commencement of review. The procedure shall require the board to conduct at least one public meeting in the county within which the proposed facility would be located. Notice of the meeting shall be published in a newspaper

or newspapers of general circulation in the area for two successive weeks ending at least 15 days before the date of the meeting. The notice shall describe the proposed facility, its location, the proposed permits, and the board's scope and procedure for review. The notice shall identify a location or locations within the city or town and county where the permit applications, the agency notice of intent, and the board's scope and procedure for review are available for review and where copies may be obtained.

Subd. 5. [SCOPE AND CONTENT OF REVIEW.] In its review and final decision on the proposed facility, the board shall consider at least the following matters:

(a) the risk and effect of the proposed facility on local residents, units of government, and the local public health, safety, and welfare, including such dangers as an accidental release of wastes during transportation to the facility or at the facility, water, air, and land pollution, and fire or explosion;

(b) the consistency of the proposed facility with, and its effect on, existing and planned local land use and development; local laws, ordinances, and permits; and local public facilities and services;

(c) opportunities to apply local regulations and requirements to the proposed facility at the proposed site;

(a) disapprove the facility;

(b) approve the facility and the agency permits; or

(c) approve the facility but add more stringent stipulations, conditions, and requirements respecting the design and operation of the proposed facility at the site proposed.

The board shall not stipulate or establish conditions or requirements which are less stringent than those established by the

agency permits. The board shall not stipulate or establish conditions or requirements affecting the location proposed for the facility in the agency permits. The board shall not stipulate or establish conditions or requirements for additional waste management capabilities at the facility of a different nature than those permitted in the agency permits. Sec. 4. [BOARD'S DECISION PARAMOUNT.] *To assure the paramount and controlling effect of the reviews conducted under this article, the board's decisions under sections 2 and 3, shall supersede and preempt conflicting requirements of state agencies and political subdivisions. The permitting agency or agencies shall withdraw, modify, or issue the permits for the facility in accordance with the decision of the board following a supplementary review under article IV. All permits issued by the agency or agencies shall conform to the terms of the board's decision. No charter provision, ordinance, regulation, permit, or other requirement of any state agency or political subdivision shall prevent or restrict the establishment and operation of the facility in accordance with the board's final decision.*

Sec. 5. [RECONCILIATION AND INTERVENTION PROCEDURES.] *Subdivision 1. [REPORTS TO LEGISLATIVE COMMISSION.] At least 30 days before making a final decision under section 3 the board may report to the legislative commission describing permit conditions or requirements being considered which are not within the existing authority of the agency or the board or which would require legislation or public financial assistance. The intervenor shall keep the chairman of the legislative commission informed on the progress of the intervention proceeding, particularly with respect to agreements or proposed agreements which may require action or decisions not within the authority of the agency or board, legislative action, or public financial assistance. The intervenor shall make recommendations to the commission respecting any such agreements or proposed agreements. The commission may make recommendations to the intervenor respecting any such agreement or proposed agreement. If the commission approves of an agreement, or a decision based upon an agreement, which requires action or decisions not within the authority of the agency or board, legislative action, or public financial assistance, the commission shall cause the matter and recommendations to be submitted to the legislature for consideration.

Sec. 6. [JUDICIAL REVIEW.] Judicial review with respect to conduct or decisions in reviews brought pursuant to section 3 of this article shall be as provided in article III, section 14.

ARTICLE V

SOLID WASTE MANAGEMENT PLANNING ASSISTANCE PROGRAM

Section 1. [ESTABLISHMENT AND ADMINISTRATION.] Commencing July 1, 1981, there is established a planning assistance program to provide technical and financial assistance to political subdivisions of the state for the purpose of encouraging and improving regional and local solid waste management planning activities and efforts. The program shall be administered by the agency, except in the metropolitan area where the program shall be administered by the metropolitan council pursuant to chapter 473. The agency shall promulgate rules pursuant to chapter 15 for its administration of the program outside the metropolitan area. The agency and the metropolitan council shall ensure conformance with existing agency rules and federal requirements and programs established pursuant to the Resource Conservation and Recovery Act of 1976 and amendments thereto.

Sec. 2. [ELIGIBLE RECIPIENTS.] Political subdivisions shall be eligible for assistance under the program.

Sec. 3. [FINANCIAL ASSISTANCE.] *Eligible recipients may receive grants for up to 50 percent of the cost of the planning activity, except that planning by a regional development commission and joint planning by two or more contiguous counties or contiguous political subdivisions located within two or more counties may receive grants for up to 100 percent of the cost of the planning activity. Financial assistance provided under the program may be used to employ staff, contract with other units of government or qualified consultants, and pay such other planning expenses as the agency or metropolitan council may allow.*

Sec. 4. [TECHNICAL ASSISTANCE.] *The agency and metropolitan council shall provide for technical assistance for eligible recipients. The agency and metropolitan council shall provide model plans for regional and local solid waste management. The agency and metropolitan council may contract for the delivery of technical assistance by a regional development commission, any state or federal agency, or private consultants. The agency shall prepare and publish an inventory of sources of technical assistance for solid waste planning, including studies, publications, agencies, and persons available.*

Sec. 5. [CONTENTS.] *Plans prepared by local units of government in the metropolitan area shall conform to the requirements of chapter 473. Plans prepared by political subdivisions outside the metropolitan area with assistance from the program shall conform to the requirements of this section. The plans shall describe existing collection, processing, and disposal systems, including schedules of rates and charges, financing methods, environmental acceptability, and opportunities for improvements in the systems. The plans shall include an estimate of the land disposal capacity in acre-feet which will be needed through the year 2000, on the basis of current and projected waste generation practices. The plans shall contain an assessment of opportunities to reduce the need for land disposal through waste reduction and resource recovery, the alternative degrees of reduction achievable, and a comparison of the costs of all such alternatives, including capital and operating costs, and the effects of all such alternatives on the cost to generators. The plans shall establish a siting procedure and development program to assure the orderly location, development, and financing of new or expanded solid waste facilities and services sufficient for a prospective ten-year period, including estimated costs and implementation schedules, proposed procedures for operation and maintenance, estimated annual costs and gross revenues, and proposals for the use of facilities after they are no longer needed or usable. The plans shall describe existing and proposed county and municipal ordinances and license and permit requirements relating to solid waste management and shall describe existing and proposed regulation and enforcement procedures. Plans for location, establishment, operation, maintenance, and post-closure use of facilities and facility sites, for*

ordinances, and for licensing, permit, and enforcement activities shall be consistent with the rules adopted by the agency pursuant to chapter 116. The plans shall address the resolution of conflicting, duplicative, or overlapping local management efforts. The plans shall address the establishment of joint powers management programs or waste districts where appropriate. The plans shall address such other matters as the rules of the agency may require consistent with the purposes of article V.

ARTICLE VI

SOLID WASTE MANAGEMENT DEMONSTRATION PROGRAM

Section 1. [DEMONSTRATION PROGRAM; ESTABLISHMENT; ADMINISTRATION.] *Commencing July 1, 1981, there is established a solid waste management demonstration program to encourage and assist cities, counties, and solid waste management districts in the development and implementation of solid waste management projects of potential state wide application or significance and to transfer the knowledge and experience gained from such projects to other communities in the state. The program shall be administered so as to demonstrate the application of all feasible and prudent waste processing methods, including waste reduction; waste separation by generators, collectors, and other persons; and waste processing. The program shall be administered by the agency in accordance with the requirements of article VI and rules promulgated by the agency pursuant to chapter 15.*

Sec. 2. [TECHNICAL ASSISTANCE FOR DEMONSTRATION PROJECTS.] *The agency shall ensure the delivery of the technical assistance necessary to proper implementation of each demonstration project funded under the program. The agency may contract for the delivery of technical assistance by any state or federal agency, a regional development commission, the metropolitan council, or private consultants and may use program funds to reimburse the agency, commission, council, or consultants. The agency shall prepare and publish an inventory of sources of technical assistance, including studies, publications, agencies, and persons available. The agency shall ensure state wide benefit from projects assisted under the demonstration program by developing exchange and training programs for local officials and employees and by using the experience gained in demonstration projects to provide technical assistance and education for other solid waste management projects in the state. With at least one contract for financial assistance under the demonstration program, the agency shall provide a locally-based agent, approved by the recipient of the assistance, who shall be the chief project officer responsible to the recipient for technical assistance and implementation of the project.*

Sec. 3. [ELIGIBLE PROJECTS; PRIORITIES.] *The program shall be limited to projects which are determined by the agency to serve one of the following objectives: (a) the reduction of dependence on land disposal of solid waste; (b) the development of resource recovery facilities; (c) the development of systems for the separation of materials from solid waste for reuse or recycling; (d) the reduction of waste generation. In administering the program, the agency shall give priority to: (a) areas where natural geologic and soil conditions are unsuitable for land disposal of solid waste; (b) areas where the capacity of existing solid waste disposal facilities is determined by the agency to be less than five years; (c) projects demonstrating, in order of preference, waste reduction, waste separation, and waste processing. In administering the program, the agency shall allocate at least 15 percent of program funds, excluding those available under sections 6 to 8, to projects in each of the following categories: waste reduction; waste separation; and alternative methods of waste processing.*

Sec. 4. [ELIGIBLE RECIPIENTS AND ACTIVITIES.] *Eligible recipients for assistance under the program shall be limited to cities, counties, and solid waste management districts established pursuant to article VIII. Eligible recipients may apply for assistance for other persons. Activities eligible for assistance under the program include legal, financial, economic, educational, marketing, social, governmental, and administrative activities related to the implementation of a demonstration project. Preliminary planning and development, feasibility study, and conceptual design costs shall also be eligible activities, but no more than 20 percent of the money appropriated for the demonstration program shall be used to fund such activities. Acquisition and construction costs for resource recovery facilities are eligible for capital assistance under sections 6 to 8.*

Sec. 5. [APPLICATION REQUIREMENTS.] *Applications for assistance under the program shall demonstrate: (a) that the project is conceptually and technically feasible; (b) that affected political subdivisions are committed to implement the project, to provide necessary local financing, and to accept and exercise the government powers necessary to the project; (c) that operating revenues from the project, considering the availability and security of sources of solid waste and of markets for recovered resources, together with any proposed federal, state, or local financial assistance, will be sufficient to pay all costs over the projected life of the project; (d) that the applicant has considered all other feasible and prudent waste processing alternatives for accomplishing the purposes of the proposed project and has compared and evaluated the costs of all such alternatives, including capital and operating costs, and the effects of all such alternatives on the cost to generators. The agency may require completion of a comprehensive solid waste management plan conforming to the requirements of article V, section 5 before accepting an application.*

Sec. 6. [RESOURCE RECOVERY FACILITY DEMONSTRATION PROGRAM.] *As part of the demonstration program established under article VI, the agency shall provide assistance pursuant to sections 6 to 8 to eligible recipients for the acquisition and betterment of demonstration resource recovery facilities or systems.*

Sec. 7. [PURPOSES; PUBLIC INTEREST; DECLARATION OF POLICY.] *The legislature finds that the establishment of resource recovery facilities and systems is needed to manage properly the solid waste generated in the state and to conserve and protect the natural resources in the state and the health, safety, and welfare of its citizens; that opportunities to establish such facilities and systems are not being fully realized by individual political subdivisions or by agreements among subdivisions; and that therefore it is necessary to provide capital assistance for demonstration resource recovery facilities and systems to stimulate and encourage the acquisition and betterment of such facilities and systems.*

Sec. 8. [FINANCIAL ASSISTANCE.] Subdivision 1. [GRANTS AND LOANS.] *Of revenues derived from the issuance of bonds authorized by article VII, section 2, for the purposes of the demonstration program, at least 70 percent shall be distributed as loans, and the remainder shall be distributed as grants. An individual project may receive assistance totaling up to 100 percent of the capital cost of the project and grants up to 50 percent of the capital cost of the project.*

Subd. 2. [CAPITAL COSTS; ASSURANCE OF FUNDS.] *No grant or loan shall be disbursed to any recipient until the agency has determined the total estimated capital cost of the project and ascertained that financing of the cost is assured by funds provided by the state, by an agency of the federal government within the amount of funds then appropriated to that agency and allocated by it to projects within the state, by any person, or by the appropriation of proceeds of bonds or other funds of the recipient to a fund for the construction of the project.*

Subd. 3. [OBLIGATIONS OF RECIPIENT.] *No grant or loan for any project shall be disbursed until the governing body of the recipient has made an irrevocable undertaking, by resolution, to use all funds made available exclusively for the capital cost of the project and to pay any additional amount by which the cost of the project exceeds the estimate by appropriation to the construction fund of additional funds or proceeds of additional bonds of the recipient. The resolution shall also indicate that any subsequent withdrawal of allocated or additional funds of the recipient will impair the obligation of contract between the state of Minnesota, the recipient, and the bondholders. The resolution shall pledge payment to the debt service account of all revenues of the project to the extent that*

they exceed costs and shall also obligate the recipient to levy a tax sufficient to make timely payments under the loan agreement, if a deficiency occurs in the amount of user charges, taxes, special assessments, or other moneys pledged for payment under the loan agreement. Each loan made to a recipient shall be secured by resolutions adopted by the agency and the governing body of the recipient, obligating the recipient to repay the loan to the state treasurer in annual installments including both principal and interest. Installments shall be in an amount sufficient to pay the principal amount within the period required by the agency. The interest on the loan shall be calculated on the declining balance at a rate not less than the average annual interest rate on the state bonds of the issue from which proceeds of the loan were made. The resolution shall obligate the recipient to provide money for the repayment from user charges, taxes, special assessments or any other funds available to it.

ARTICLE VII

STATE WASTE MANAGEMENT BONDS

Section 1. [WASTE MANAGEMENT FUND.] Subdivision 1. [CREATION; RECEIPTS.] The commissioner of finance shall maintain a Minnesota state waste management fund. The fund shall receive the proceeds of state bonds and other money appropriated to the fund and disburse money for the acquisition of real property and interests in real property for hazardous waste facility sites and surrounding buffer and impact areas, as authorized by article II, section 3, subdivision 4 and money to be granted or loaned to political subdivisions pursuant to the capital assistance program created by article VI, sections 6 to 8. The commissioner of finance and state treasurer shall deposit in the fund as received (a) all proceeds of Minnesota state waste management bonds, except accrued interest and premiums received upon the sale of the bonds; (b) all other money appropriated by law for purposes stated in article VII, and (c) all money granted to the state for those purposes by the federal government or any agency thereof. All the receipts are annually appropriated for the purposes of the fund, and shall remain available until expended.

Subd. 2. [DISBURSEMENTS.] Disbursements from the fund shall be made at the times and in the amounts authorized by the agency or board in accordance with applicable state laws and the agency's or board's rules.

Sec. 2. [MINNESOTA STATE WASTE MANAGEMENT BONDS.] Subdivision 1. [AUTHORITY TO ISSUE BONDS.] The commissioner of finance shall sell bonds of the state of Minnesota for the prompt and full payment of which, together with interest, the full faith, credit, and taxing powers of the state are irrevocably pledged. Bonds shall be sold only

upon request of the agency and in the amount as may otherwise be authorized by this or a subsequently enacted law which authorizes the sale of additional bonds and the deposit of the proceeds in the state waste management fund. Any authorized amount of bonds in this law or any subsequently enacted law authorizing the issuance of bonds for the purposes of the state waste management fund, together with this section, constitute complete authority for the issue. The bonds shall not be subject to restrictions or limitations contained in any other law.

Subd. 2. [ISSUANCE OF BONDS.] Upon request by the agency and upon authorization as provided in subdivision 1, the commissioner of finance shall sell Minnesota state waste management bonds. The bonds shall be in the aggregate amount requested, and sold upon sealed bids upon the notice, at the price, in the form and denominations, bearing interest at the rate or rates, maturing in the amounts and on the dates (without option of prepayment or subject to prepayment upon the notice and at the times and prices), payable at the bank or banks within or outside the state (with provisions for registration, conversion, and exchange and for the issuance of notes in anticipation of the sale or delivery of definitive bonds), and in accordance with any further provisions as the commissioner of finance shall determine. The sale is subject to the approval of the attorney general, but not subject to the provisions of Minnesota Statutes, Sections 15.0411 to 15.0422. The bonds shall be executed by the commissioner of finance and attested by the state treasurer under their official seals. The signatures of the officers on the bonds and any interest coupons and their seals may be printed, lithographed, engraved, or stamped thereon, except that each bond shall be authenticated by the manual signature on its face of one of the officers or of an officer of a bank designated by them as authenticating agent. The commissioner of finance shall ascertain and certify to the purchasers of the bonds the performance and existence of all acts, conditions, and things necessary to make them valid and binding general obligations of the state of Minnesota, subject to the approval of the attorney general.

Subd. 3. [EXPENSES.] All expenses incidental to the sale, printing, execution, and delivery of bonds pursuant to this section, including but not limited to actual and necessary travel and subsistence expenses of state officers and employees for these purposes, and any expenses of litigation relating to the validity of the bonds, shall be paid from the waste management fund, and the amounts necessary are appropriated from that fund.

Subd. 4. [DEBT SERVICE ACCOUNT IN THE STATE WASTE MANAGEMENT FUND.] The commissioner of finance shall maintain in the Minnesota state waste management fund a separate account to be called the state waste management debt service account. It shall record receipts of premium and accrued interest, loan repayments, project revenue or other

money transferred to the fund and income from the investment of the money and record any disbursements to pay the principal and interest on waste management bonds. Income from investment shall be credited to the account in each fiscal year. The amount credited shall be equal to the average return that year on all funds invested by the state treasurer, as determined by the treasurer, times the average balance in the account that year.

Subd. 5. [APPROPRIATIONS TO DEBT SERVICE ACCOUNT; APPROPRIATION FROM ACCOUNT TO PAY DEBT SERVICE.] *The premium and accrued interest received on each issue of Minnesota waste management bonds, and all payments received in repayment of loans and other revenue received are appropriated to the debt service account. All income from the investment of the Minnesota state waste management fund is appropriated to the debt service account. In order to reduce the amount of taxes otherwise required to be levied, there is also appropriated to the debt service account from any funds available in the general fund on November 1 in each year, a sum of money sufficient in amount, when added to the balance then on hand, to pay all principal and interest on Minnesota waste management bonds due and to become due before July 1 in the second ensuing year. So much of the debt service account of the state waste management fund as is necessary to pay principal and interest on waste management bonds is annually appropriated from the debt service account for the payment of principal and interest of the waste management bonds. All funds appropriated by this subdivision shall be available in the debt service account prior to any levy of the tax in any year required by the Minnesota Constitution, Article XI, Section 7.*

Subd. 6. [SECURITY.] *On or before December 1 in each year the state auditor shall levy on all taxable property within the state whatever tax may be necessary to produce an amount sufficient, with all money currently credited to the debt service account, to pay the entire amount of principal and interest currently due and the principal and interest to become due before July 1 in the second year thereafter on Minnesota waste management bonds. This tax shall be levied upon all real property used for the purposes of a homestead, as well as other taxable property, notwithstanding the provisions of Minnesota Statutes, Section 273.13, Subdivisions 6 and 7, and shall be subject to no limitation of rate or amount until all the bonds and interest thereon are fully paid. The proceeds of this tax are appropriated to the debt service account. The principal of an interest on the bonds are payable from the proceeds of this tax.*

Sec. 3. [BOND AUTHORIZATION AND APPROPRIATION OF PROCEEDS.] *The commissioner of finance is authorized, upon request of the agency, to sell Minnesota state waste management bonds in the amount of up to \$100,000,000 in the manner and upon the conditions prescribed in article VII, section 2, and in the Minnesota Constitution, Article XI, Sections*

4 to 7. Of this amount, up to five percent may be issued for the purpose of acquiring real property and interests in real property for hazardous waste facility sites as authorized by article II, section 3, subdivision 4 and the remainder may be issued for the purposes of the capital assistance program established pursuant to article VI, sections 6 to 8. The proceeds of the bonds, except as provided in section 2, subdivision 5, are appropriated to the Minnesota state waste management fund. The amount of bonds issued pursuant to this authorization shall not exceed at any time the amount needed to produce a balance in the waste management fund equal to the aggregate amount of the loans and grants then approved and not previously disbursed, plus the amount of the loans and grants to be approved in the current and the following fiscal year, as estimated by the agency.

ARTICLE VIII

SOLID WASTE MANAGEMENT DISTRICTS

Section 1. [PURPOSE; PUBLIC INTEREST; DECLARATION OF POLICY.] *The legislature finds that the development of integrated and coordinated solid waste management systems is needed to manage properly the solid waste generated in the state and to conserve and protect the natural resources in the state and the health, safety, and welfare of its citizens; that this need cannot always be met solely by the activities of individual political subdivisions or by agreements among subdivisions; and that therefore it is necessary to establish a procedure for the creation of solid waste management districts having the powers and performing the functions prescribed in article VIII.*

Sec. 2. [SOLID WASTE MANAGEMENT DISTRICTS.]
Subdivision 1. [LEGAL STATUS.] *Solid waste management districts established pursuant to article VIII shall be public corporations and political subdivisions of the state.*

Subd. 2. [ESTABLISHMENT BY AGENCY.] *The agency may establish waste districts as public corporations and political subdivisions of the state, define the powers of such districts in accordance with article VIII, define and alter the boundaries of such districts as provided in section 3, and terminate districts as provided in section 5. The agency shall promulgate rules pursuant to chapter 15 governing the establishment, alteration, and termination of districts.*

Subd. 3. [RESTRICTIONS.] *No waste district shall be established within the boundaries of the western lake superior sanitary district established by Laws 1971, Chapter 478, as amended. No waste district shall be established wholly within one county. The agency shall not establish a waste district within or extending into the metropolitan area, nor define or alter the powers or boundaries of such a district, without the approval of the metropolitan council. The council shall not approve such*

a district unless the articles of incorporation of the district require that the district will have the same procedural and substantive responsibilities, duties, and relationship to the metropolitan agencies as a metropolitan county. The agency shall not establish a district unless it determines that the petitioners would be unable to fulfill the purposes of the district through joint action under Minnesota Statutes, Section 471.59. The agency may require the completion of a comprehensive solid waste management plan conforming to the requirements of article V, section 5, by petitioners seeking to establish a district.

Sec. 3. [PROCEDURE FOR ESTABLISHMENT AND ALTERATION.] *Subdivision 1. [LOCAL PETITION.]* Waste districts shall be established and their powers and boundaries defined or altered by the agency only after petition requesting such action jointly submitted by the governing bodies of petitioners comprising at least one-half of the counties partly or wholly within the district. A petition for alteration shall include a resolution by the board of directors of the district approving the alteration.

Subd. 2. [PETITION CONTENTS.] A petition requesting establishment or alteration of a waste district shall contain such information as the agency may require, including at least the following:

- (a) the name of the proposed district;
- (b) a description of the territory and political subdivisions within and the boundaries of the proposed district or alteration thereto, along with a map showing the district or alteration;
- (c) resolutions of support for the district, as proposed to the agency, from the governing body of each of the petitioning counties;
- (d) a statement of the reason, necessity, and purpose for the district, plus a general description of the solid waste management improvements and facilities contemplated for the district showing how its activities will accomplish the purpose of the district and the purposes for waste resource districts stated in article VIII;
- (e) articles of incorporation stating the powers of the district consistent with article VIII, including a statement of powers proposed pursuant to sections 9 and 10.

After the petition has been filed, no petitioner may withdraw from it except with the written consent of all other petitioners filed with the agency.

Subd. 3. [LOCAL REVIEW AND COMMENT.] At least 60 days before submitting the petition to the agency, the petitioners shall publish notice of the petition in newspapers of general circulation in the proposed district and shall cause a copy of the petition to be served upon the agency and the governing body of each political subdivision which is wholly or partly within the proposed district or is affected by the proposed alteration. Each entity receiving service shall have 60 days within which to comment to the petitioners on the petition and the proposed district or alteration. Proof of service, along with any comments received, shall be attached to the petition when it is submitted to the agency.

Subd. 4. [REVIEW PROCEDURES.] Upon receipt of the petition, the director of the agency shall determine whether the petition conforms in form and substance to the requirements of law and rule. If the petition does not conform to the requirements, the director shall return it immediately to the petitioners with a statement describing the deficiencies and the amendments necessary to rectify them. If the petition does conform to the requirements, and if comments have been received objecting to the establishment or alteration of the district as proposed, the director shall request the office of hearing examiners to conduct a hearing on the petition. The hearing shall be conducted in the proposed district in the manner provided in chapter 15 for contested cases.

Subd. 5. [CORRECTIONS ALLOWED.] No petition submitted by the requisite number of counties shall be void or dismissed on account of defects exposed in the hearing documents or report. The agency shall permit the petition to be amended in form and substance to conform to the facts by correcting any errors in the description of the territory or any other defects.

Subd. 6. [AGENCY ORDER.] After considering of the report of the hearing examiner and at least considering of whether the proposed boundaries, purposes, powers, and management plans of the district or alteration thereto serve the purposes of waste resource districts, are approximately related to the waste generation, collection, processing, and disposal patterns in the area, and are generally consistent with the purposes of the agency's regulatory program, the agency shall make a final decision on the petition. If the agency finds and determines that the establishment or alteration of a district as proposed in the petition would not be in the public interest and would not serve the purposes of article VIII, it shall, by its decision, dismiss the proceedings and mail a copy of its decision to the governing body of each affected political subdivision. If the agency finds and determines that the establishment or alteration of a district as proposed in the petition would be in the public interest and would serve the purposes of articles VIII, it shall, by order, establish the district, define its boundaries, and

give it a corporate name by which, in all proceedings, it shall thereafter be known. The order shall include articles of incorporation stating the powers of the district and the location of its registered office. Upon the filing of a certified copy of the order of the agency with the secretary of state, the district shall become a political subdivision of the state and a public corporation, with the authority, power, and duties prescribed in article VIII and the order of the agency. At the time of filing, a copy of the order shall be mailed by the agency to the governing body of each political subdivision wholly or partly within the district or affected by the alteration of the district.

Sec. 4. [PERPETUAL EXISTENCE.] A waste district created under the provisions of article VIII shall have perpetual existence to the extent necessary to perform all acts necessary and proper for carrying out and exercising the powers and duties expressly given in it. A district shall not be terminated except pursuant to section 5.

Sec. 5. [TERMINATION.] Subdivision 1. [PETITION.] Proceedings for the termination of a district shall be initiated by the filing of a petition with the agency. The petition shall be submitted by the governing bodies of not less than 50 percent of the counties which are in the district. The petition shall state that the existence of the district is no longer in the public interest. The petitioners shall publish notice of the petition in newspapers of general circulation in the district and shall cause to be served upon each political subdivision wholly or partly within the district a copy of the petition, and proof of service shall be attached to the petition filed with the agency.

Subd. 2. [BOND; PAYMENT OF COSTS.] If the petition is dismissed or denied, the petitioners shall be required to pay all costs and expenses of the proceeding for termination. At the time of filing the petition a bond shall be filed by the petitioners with the agency in such sum as the agency determines to be necessary to ensure payment of costs.

Subd. 3. [HEARING; DECISION.] If objection is made to the agency against the petition for termination, a contested case hearing on the petition shall be held in the waste district pursuant to chapter 15. If the agency determines after the hearing that the termination of the district as proposed in the petition would not be in the public interest, the agency shall dismiss the petition and all costs of the proceeding shall be assessed against the petitioner. If the agency determines that the existence of the district is no longer in the public interest, the agency shall by its findings and order terminate the district. Upon the filing of a certified copy of the findings and order with the secretary of state the district shall cease to be a public corporation and a political subdivision of the state.

Subd. 4. [LIMITATION.] The agency shall not entertain a petition for termination of a district within five years from

the date of the formation of the district nor shall the agency entertain a petition for termination of the same district more often than once in five years.

Sec. 6. [ORGANIZATION OF DISTRICT.] *The governing body of each county wholly or partly within the district shall appoint two persons to serve on the first board of directors of the district. The first chairperson of the board of directors shall be appointed by the agency and shall be a local elected official within the district. The first chairperson shall serve for a term of two years. Thereafter the chairperson shall be elected from outside the board of directors by majority vote of the board of directors. The first meeting of the board of directors shall be held at the call of the chairperson, after notice, for the purpose of proposing the by laws, electing officers and for any other business that comes before the meeting. The by laws of the district, and amendments thereto, shall be adopted by a majority vote of the board of directors unless the certificate of incorporation requires a greater vote. The by laws shall state:*

(a) the manner and time of calling regular meetings of the representatives and the board of directors, not less than once annually;

(b) the title, manner of selection, and term of office of officers of the district;

(c) the term of office of members of the board of directors, the manner of their removal, and the manner of filling vacancies on the board of directors;

(d) the powers and duties of the board of directors consistent with the order and articles of incorporation establishing the district;

(e) the definition of a quorum for meetings of the board of directors, which shall be not less than a majority of the members;

(f) the compensation and reimbursement for expenses for members of the board of directors, which shall not exceed that provided for in section 15.0575, subdivision 3;

(g) such other provisions for regulating the affairs of the district as the board of directors shall determine to be necessary.

Sec. 7. [REGISTERED OFFICE.] *Every district shall maintain an office in this state to be known as its registered office. When a district desires to change the location of its registered office, it shall file with the secretary of state and the director of the agency, a certificate stating the new location by city, town, or other community and effective date of change.*

When the certificate has been duly filed, the board of directors may make the change without any further action.

Sec. 8. [POWERS.] *Subdivision 1. [GENERAL.] A district shall have all powers necessary or convenient to perform its duties, including the powers provided in this section.*

Subd. 2. [ACTIONS.] The district may sue and be sued, and shall be a public body within the meaning of chapter 562.

Subd. 3. [ACQUISITION OF PROPERTY.] The district may acquire by purchase, lease, condemnation, gift, or grant, any right, title, and interest in and to real or personal property deemed necessary for the exercise of its powers or the accomplishment of its purposes, including positive and negative easements and water and air rights. Any local government unit and the commissioners of transportation, natural resources, and administration may convey to or permit the use of any property or facilities by the district, subject to the rights of the holders of any bonds issued with respect thereto, with or without compensation and without an election or approval by any other government agency. The district may hold the property for its purposes, and may lease or rent the property so far as not needed for its purposes, upon the terms and in the manner as it deems advisable. The right to acquire lands and property rights by condemnation shall be exercised in accordance with Minnesota Statutes, Chapter 117. The district may take possession of any property for which condemnation proceedings have been commenced at any time after the issuance of a court order appointing commissioners for its condemnation.

Subd. 4. [RIGHT OF ENTRY.] Whenever the district deems it necessary to the accomplishment of its purposes, the district or any member, employee, or agent thereof, when authorized by it, may enter upon any property, public or private, for the purpose of obtaining information or conducting surveys or investigations, provided that the entrance and activity is undertaken after reasonable notice and during normal business hours and provided that compensation is made for any damage to the property caused by the entrance and activity.

Subd. 5. [GIFTS AND GRANTS.] The district may apply for and accept gifts, loans, or other property from the United States, the state, or any person for any of its purposes, may enter into any agreement required in connection therewith, and may hold, use, and dispose of the money or property in accordance with the terms of the gift, grant, loan or agreement.

Subd. 6. [PROPERTY EXEMPT FROM TAXATION.] Any real or personal property owned, leased, controlled, used, or occupied by the district for any authorized purpose is declared to be acquired, owned, leased, controlled, used and occupied for public and governmental purposes, and shall be exempt-

ed from taxation by the state or any political subdivision of the state, provided that those properties shall be subject to special assessments levied by a political subdivision for a local improvement in amounts proportionate to and not exceeding the special benefit received by the properties from the improvement. No possible use of the properties in any manner different from their use for solid waste management at the time shall be considered in determining the special benefit received by the properties. All bonds, certificates of indebtedness or other obligations of the district shall be exempted from taxation by the state or any political subdivision of the state. Interest on the obligations of the district shall be exempted from taxation in the same manner provided for interest on obligations qualifying under section 290.08, subdivision 7.

Subd. 7. [FACILITIES AND SERVICES.] The district may construct, equip, develop, enlarge, improve, and operate solid waste facilities and services as it deems necessary and may negotiate contracts for the use of public or private facilities and services. Whenever practicable, the district shall contract with private persons for the construction, maintenance, and operation of solid waste facilities.

Subd. 8. [RATES; CHARGES.] The district may establish and collect rates and charges for the facilities and services provided and may negotiate and collect rates and charges for facilities and services contracted for by the district. The board of directors of the district may agree with the holders of district obligations which are secured by revenues of the district as to the maximum or minimum amounts which the district shall charge and collect for services provided by the district. Before establishing or raising any rates and charges the board of directors shall hold a public hearing regarding the proposed rates and charges. Notice of the hearing shall be published at least once in a legal newspaper of general circulation throughout the area affected by the rates and charges. Publication shall be no more than 45 days and no less than 15 days prior to the date of the hearing.

Subd. 9. [DISPOSITION OF PROPERTY.] The district may sell or otherwise dispose of any real or personal property acquired by it which is no longer required for accomplishment of its purposes. The property shall be sold in the manner provided by Minnesota Statutes, Section 458.196, insofar as practical. The district shall give notice of sale which it deems appropriate. When the district determines that any property which has been acquired from a government unit without compensation is no longer required, the district shall transfer it to the government unit.

Subd. 10. [DISPOSITION OF PRODUCTS AND ENERGY.] The district may use, sell, or otherwise dispose of all of the products and energy produced by its facilities. The

district may, on a competitive basis, enter into short or long term contracts, make spot sales, solicit bids, enter into direct negotiations, deal with brokers, or use such other methods of disposal as it chooses, provided that the dealings of the district shall be on a competitive basis so as not create an unfair or unreasonable advantage or restraint of trade on the part of the district. The district shall give particular consideration to the needs of purchasers in this state and shall actively promote sales to such purchasers so long as this can be done at prices and under conditions that meet constitutional requirements and that are consistent with the district's object of being financially self supporting to the greatest extent possible.

Subd. 11. [CONTRACTS.] The district may enter into any contract necessary or proper for the exercise of its powers or the accomplishment of its purposes.

Subd. 12. [JOINT POWERS.] The district may act under the provisions of Minnesota Statutes, Section 471.59, or any other law providing for joint or cooperative action between government units.

Subd. 13. [RESEARCH.] The district may conduct research studies and programs, collect and analyze data, prepare reports, maps, charts, and tables, and conduct all necessary hearings and investigations in connection with its work and may advise and assist other government units on planning matters within the scope of its powers, duties, and objectives.

Subd. 14. [EMPLOYEES; CONTRACTS FOR SERVICES.] The district may employ persons or firms and contract for services to perform engineering, legal or other services necessary to carry out its functions.

Subd. 15. [INSURANCE.] The district may require any employee to obtain and file with it an individual bond or fidelity insurance policy. It may procure insurance in amounts it deems necessary to insure against liability of the board of directors and employees or both, for personal injury or death and property damage or destruction, with the force and effect stated in Minnesota Statutes, Chapter 466, and against risks of damage to or destruction of any of its facilities, equipment, or other property as it deems necessary.

Subd. 16. [REVIEW OF PROJECTS.] The district may require that persons shall not acquire, construct, alter, reconstruct or operate a solid waste facility within the district without prior consultation with and approval of the district.

Subd. 17. [COLLECTION SERVICES; LIMITATION OF POWER.] A district shall not provide collection service unless it is unable to secure the service from private providers.

Sec. 9. [DESIGNATION OF RESOURCE RECOVERY FACILITIES; REQUIRED USE.] *Subdivision 1. [GENERAL.] A district may be authorized by the order and articles of incorporation establishing the district to require that all or any portion of the solid waste that is generated within its boundaries or any service area thereof and is deposited within the state be taken for processing to a resource recovery facility designated by the district or a transfer station serving such a facility.*

Subd. 2. [STANDARDS.] In determining whether to designate and require use of resource recovery facilities the district shall consider whether:

(a) the required use will result in the recovery of resources or energy from materials which would otherwise be wasted;

(b) the required use will lessen the demand for and use of land disposal;

(c) the required use is necessary for the financial support of the facility;

(d) less restrictive methods for ensuring an adequate solid waste supply are available;

(e) the applicant has considered all other feasible and prudent waste processing alternatives for accomplishing the purposes of the proposed project and has compared and evaluated the costs of all such alternatives, including capital and operating costs, and the affects of all such alternatives on the cost to generators.

Subd. 3. [EXEMPTION.] The district shall not designate and require use of facilities for materials which are separated from solid waste and recovered for reuse or recycling by the generator, by a private person under contract with the generator, or by a licensed solid waste collector.

Subd. 4. [PROCEDURE.] The district shall proceed as follows when designating and requiring use of facilities:

(a) The district shall notify those persons whom the district has determined should use the facilities. Notification to political subdivisions shall be in writing. All other persons shall be notified at least by publication in a legal newspaper or newspapers having general circulation in the area. The notification shall specify types and quantities of solid wastes, plans for use of the solid wastes, the point of delivery of the solid wastes, and the fee to be charged. During a period of 90 days following the notification, the district shall negotiate with the persons within

the areas to be served in order to develop contractual agreements on the terms of required use of the designated facilities.

(b) If contracts have not been made at the end of the 90 day period, or if persons subject to the required use have not made arrangements sufficient to justify exemption under subdivision 3, the district shall hold a public hearing to take testimony on the required use of the designated facilities. The hearing shall be preceded by the notice required under clause (a).

(c) If contracts have not been made within 30 days after the public hearing, or if persons subject to the required use have not made arrangements sufficient to justify exemption under subdivision 3, the district may order any person identified in the notice of the district to use the designated facilities, starting at a specified date which shall be at least 30 days after the order has been issued.

Subd. 5. [SERVICE GUARANTEE.] The district shall not arbitrarily terminate, suspend, or curtail services provided to any person required pursuant to this section to use designated facilities without the consent of the person or without just cause.

Subd. 6. [TERMINATION.] Use required under contract or order pursuant to this section may be terminated by a person upon an adequate showing to the district that the solid waste has value and that arrangements have been made by the person sufficient to justify exemption under subdivision 3, unless the district determines that the requirement must be continued to assure delivery of waste necessary to the financial support of the district facilities.

Sec. 10. [BONDING AND TAXING POWERS.] Subdivision 1. [GENERAL.] A district may exercise any or all of the bonding and taxing powers provided in this section to the extent such powers are authorized by the order of the agency establishing the district and by its articles of incorporation.

Subd. 2. [DEBT.] The district's bonds shall be sold, issued, and secured in the manner provided in chapter 475 and the district shall have the same powers and duties as a municipality and its governing body in issuing bonds under that chapter. No election shall be required. The bonds may be sold at any price and at public or private sale as determined by the district and shall not be subject to any limitation as to rate.

Subd. 3. [REVENUE BONDS.] A district may borrow money and incur indebtedness by issuing bonds and obligations which are payable solely:

(a) from revenues, income, receipts, and profits derived by the district from its operation and management of solid waste facilities;

(b) from the proceeds of warrants, notes, revenue bonds, debentures, or other evidence of indebtedness issued and sold by the district which are payable solely from such revenues, income, receipts, and profits;

(c) from federal or state grants, gifts, or other moneys received by the district which are available therefor.

Every issue of revenue bonds by the district shall be payable out of any funds or revenues from any facility of the district, subject only to agreements with the holders of particular bonds or notes pledging particular revenues or funds. If any facility of the district is funded in whole or in part by Minnesota state waste management bonds pursuant to articles VI and VII the state bonds shall take priority. The district may provide for priorities of liens in the revenues between the holders of district obligations issued at different times or under different resolutions. The district may provide for the refunding of any district obligation through the issuance of other district obligations entitled to rights and priorities similar in all respects to those held by the obligations that are refunded.

Subd. 4. [GENERAL OBLIGATION BONDS.] The district may borrow money and incur indebtedness by issuing its bonds and obligations for the payment of which the full faith and credit of the district are pledged. By October 1 of each year the treasurer of the board of directors shall examine the debt service fund of the district and determine whether or not there are sufficient funds to pay all principal and interest of bonds coming due the following year. If the available funds are insufficient, the treasurer shall notify and direct each county or city auditor within the district to levy a tax. If the tax is to be levied solely in proportion to the value of the property in the district, the commissioner of revenue is authorized to adjust the rate of taxation pursuant to section 270.12, subdivision 3. The tax shall be subject to no limitation of rate or amount until the money in the debt service fund becomes sufficient to pay all principal and interest payments coming due. Taxes levied by the district for the payment of its bonds in accordance with section 475.61 shall be included in computing the levy limitations under section 275.11. If the tax required by section 475.61 to be levied for any year of the term of a bond issue upon would, when added to the taxes levied by a political subdivision for all purposes in the year preceding such issue, exceed the limitations prescribed in section 275.11, the bonds shall not be issued without the consent by resolution of the governing body of the political subdivision.

Sec. 11. [AUDIT.] *The board of directors, at the close of each year's business, shall cause an audit of the books, records and financial affairs of the district to be made by a certified public accountant or the state auditor. Copies of a written report of the audit, certified to by the auditors, shall be placed and kept on file at the principal place of business of the district and shall be filed with the secretary of state and the agency.*

except that ordinances approved by the agency as being consistent with the establishment and use of facilities in accordance with such certificates, permits, and approvals may impose conditions respecting the construction, inspection, monitoring, and maintenance of a facility. No permit or license shall be issued for a mixed municipal solid waste facility unless the applicant has demonstrated the availability of sufficient solid waste to provide operating revenues necessary to operate the facility in accordance with applicable state and local laws, ordinances, and rules. The county ordinance (MAY) shall require appropriate procedures for termination or abandonment of any mixed municipal solid waste facilities or services, which shall include provision for long term monitoring for possible land pollution, and for the payment by the owners or operators thereof, or both, of any costs incurred by the county in completing such procedures. If the generator fails to complete such

procedures, the county may recover the costs of completion in a civil action in any court of competent jurisdiction or, in the discretion of the board, the costs may be certified to the county auditor as a special tax against the land as other taxes are collected. The ordinance may be enforced by injunction, action to compel performance, or other action in district court. The agency may require the county to complete a comprehensive solid waste management plan conforming to the requirements of article V, section 5. In establishing, continuing, and terminating the designation, the county shall be governed by all standards, exceptions, procedures, and other requirements provided in article VIII, section 9, subdivisions 2 to 6.*

ARTICLE X

SOLID WASTE AND SEWAGE SLUDGE MANAGEMENT: METROPOLITAN AREA

Section 1. Minnesota Statutes 1978, Section 473.121, is amended by adding a subdivision to read:

Subd. 36. The definitions of terms relating to waste in chapter 116 and article I, section 3, also apply to the same terms relating to waste used in chapter 473.

Sec. 2. Minnesota Statutes 1978, Section 473.149, is amended to read:

473.149 [SOLID WASTE COMPREHENSIVE PLANNING.] Subdivision 1. [POLICY PLAN; GENERAL REQUIREMENTS.] (BY JULY 1, 1978,) The metropolitan council shall prepare and by resolution adopt as part of its development guide a long range policy plan for (THE COLLECTION AND PROCESSING OF) solid (AND HAZARDOUS) waste *management* in the metropolitan area. When adopted, the plan shall be followed in the metropolitan area. The plan shall substantially conform to all policy statements, purposes, goals, standards, maps and plans in development guide sections and plans adopted by the council, *provided that no land shall be thereby excluded from consideration as a solid waste facility site except land determined by the agency to be intrinsically unsuitable for such use.* The plan shall include goals and policies for (THE COLLECTION AND PROCESSING OF) solid (AND HAZARDOUS) waste *management* in the metropolitan area and, to the extent appropriate, statements and information similar to that required under section 473.146, subdivision 1. The plan shall include criteria and standards for *solid waste facilities and solid waste facility sites* respecting the following matters: general location; capacity; operation; processing techniques; environmental impact; effect on existing, planned, or proposed collection services and waste facilities; and economic viability. For *solid waste facilities* owned or operated by public agencies or supported primarily by public funds or obligations, the plan shall include additional criteria and standards (RESPECTING FINANCIAL SELF SUFFICIENCY BASED UPON COMPETITIVE RATES AND CHARGES) *to ensure that the facilities are operated on a competitive basis so as not to create an unfair or unreasonable advantage or restraint of trade in relation to comparable private facilities existing in the area.* In developing the plan the council shall consider the orderly and economic development, public and private, of the metropolitan area; the preservation and best and most economical use of land and water resources in the metropolitan area; the protection and enhancement of environmental quality; the conservation and reuse of resources and energy; the preservation and promotion of conditions conducive to efficient, (LOW COST,) competitive, and adaptable systems of waste (COLLECTION AND PROCESSING) *management*; and the orderly resolution of questions concerning changes in systems of waste (COLLECTION AND PROCESSING) *management*. Criteria and standards for solid (AND HAZARDOUS) waste facilities shall be consistent with regulations adopted by the pollution control agency pursuant to chapter 116 and (SECTION 473.823. THE HAZARDOUS WASTE PORTION OF THE POLICY PLAN SHALL BE APPROVED BY THE POLLUTION CONTROL AGENCY IN ACCORDANCE WITH ITS STANDARDS AND REGULATIONS PRIOR TO ADOPTION BY THE COUNCIL) *shall be at least as stringent as the guidelines, regulations, and standards of the federal environmental protection agency.*

Subd. 2. [DISPOSAL CAPACITY ESTIMATE.] By July 1, 1980, the council shall adopt by resolution an estimate of the added solid waste disposal capacity needed in appropriate sectors of the metropolitan area in annual increments through the year 1990 and thereafter in five year increments through the year 2000. The council's estimate shall be based upon existing and projected solid waste generation rates without regard to potential waste reduction, separation, and recovery activity except that provided by services and facilities in operation or under construction.

Subd. 3. [DISPOSAL ABATEMENT REPORT.] By January 1, 1981, the council shall prepare and submit a report to metropolitan counties on potentials for abating the need for and practice of land disposal of mixed municipal solid waste in the metropolitan area, for use by the counties in developing land disposal abatement plans pursuant to section 473.803, subdivision 3. The report shall contain an analysis of abatement achievable through waste reduction, waste separation, waste processing, and resource recovery. The report shall contain specific and quantifiable alternative abatement objectives and degrees of abatement, along with solid waste management methods and technologies, private and government actions, facilities and services, development schedules, revenue-raising measures, and levels of public and private expenditure and effort necessary to the achievement of those alternative objectives and degrees of abatement. The report shall recommend priorities and objectives for abating, immediately and over specified time periods, the disposal of mixed municipal solid waste in the metropolitan area. During the preparation of the report, the council shall encourage public debate and discussion of the issues relating to land disposal abatement and shall hold a public meeting on the issues in each metropolitan county.

Subd. 4. [INVENTORY OF SOLID WASTE DISPOSAL SITES.] By October 1, 1981, the council shall adopt by resolution an inventory of eligible solid waste disposal sites and buffer areas within the metropolitan area. The council's inventory shall be composed of the sites and buffer areas proposed by the counties and reviewed and approved by the council pursuant to section 473.803, subdivision 2. If a county does not have an approved inventory, the council shall adopt the required inventory for the county, following such investigations by the council and such public hearings as the council deems appropriate. The council's inventory shall satisfy all requirements and standards described in section 473.803, subdivision 2, for sites and buffer areas proposed by counties. For sites and buffer areas included in the council's inventory, the moratorium imposed under section 473.803, subdivision 2, shall extend until October 1, 1983.

Subd. 5. [REPORT ON LOCAL EFFECTS OF SOLID WASTE DISPOSAL FACILITIES.] By January 1, 1982, the council shall report to the legislative commission on methods of mitigating and compensating for the local risks, costs, and other adverse effects of solid waste disposal facilities and on methods

of financing mitigation and compensation measures. The methods of mitigating and compensating to be considered shall include but not be limited to the following: payment outside of levy limitations in lieu of taxes for all property taken off the tax rolls; preference for the city or town containing a facility in federal A-95 reviews conducted by the council; payment of all costs to service the facilities including the costs of roads, monitoring, inspection, enforcement, police and fire, and litter clean up costs; payment for buffer zone amenities and improvements; city or town control over buffer zone design; elimination of the tipping charge for solid waste collected in the city or town; a guarantee against any and all liability that may occur; payment for reclamation of closed sites to local design specifications.

Subd. 6. [LAND DISPOSAL ABATEMENT PLAN; REPORT TO LEGISLATURE.] By January 1, 1983, after considering county land disposal abatement proposals submitted pursuant to section 473.803, subdivision 3, the council shall amend its policy plan to include specific and quantifiable objectives for abating the land disposal of mixed municipal solid waste. The plan shall include a reduced estimate, based on the council's abatement objectives, of the added solid waste disposal capacity needed in appropriate sectors of the metropolitan area, stated in annual increments through the year 1990 and thereafter in five year increments through the year 2000. The objectives in the plan shall be based upon standards for county resource recovery and waste reduction and separation programs and activities. The plan shall include standards and procedures to be used by the council in determining that metropolitan counties have not implemented the council's land disposal abatement plan and have not met the standards for county abatement programs and activities. The council shall report to the legislative commission on its abatement plan and on legislation that may be required to implement the plan.

Subd. 7. [SOLID WASTE DISPOSAL FACILITIES DEVELOPMENT SCHEDULE.] By January 1, 1983, after requesting and considering recommendations from the counties, cities, and towns, the council as part of its policy plan shall determine the number of sites to be acquired within each metropolitan county for solid waste disposal facilities in accordance with section 15. The council shall adopt a schedule for development of disposal facilities by each such county through the year 2000. The schedule shall be based upon the council's reduced estimate of the disposal capacity needed because of the council's land disposal abatement plan. The schedule may include standards, criteria, and procedures to be used by counties in selecting sites for acquisition pursuant to section 15. The schedule shall include standards and procedures for council certification of need pursuant to section 473.823. The schedule shall include a facility closure schedule and plans for post-closure management and disposition, for the use of property after acquisition and before facility development, and for the disposition of property and development rights no longer needed for disposal facilities.

Subd. (3) 8. [PREPARATION AND ADOPTION.] The *solid waste* policy plan shall be prepared, adopted, and amended in accordance with section 473.146, subdivision 2, provided that the procedural duties and responsibilities established therein for the affected metropolitan commission shall extend to the metropolitan counties and the pollution control agency. In addition to the requirements of section 473.146, subdivision 2, the council shall send notice of any hearing to the pollution control agency and the governing body of each metropolitan county and each local governmental unit, as defined in section 473.801, wherein a *solid waste* facility is or may be located in accordance with the plan. Any comprehensive (SOLID AND HAZARDOUS WASTE) plan adopted by the council (PRIOR TO THE EFFECTIVE DATE OF THIS ACT) shall remain in force and effect (UNTIL A POLICY PLAN IS) *while new or amended plans are being prepared* (IN ACCORDANCE WITH SUBDIVISION 1) and adopted by the council. By October 1, 1976, the council shall adopt either interim policies or amendments to the existing comprehensive plan establishing standards and criteria for the review under section 473.823 of permit applications for *solid waste* facilities used primarily for resource recovery. For permit applications received by the council prior to October 1, 1976, the council may extend the time period provided for review under section 473.823 until 60 days after the adoption of the interim policies or amendments. No metropolitan county, local government unit, commission, or person shall acquire, construct, improve or operate any *solid waste* facility in the metropolitan area except in accordance with the council's plan and section 473.823, provided that no *solid waste* facility in use when a plan is adopted shall be discontinued solely because it is not located in an area designated in the plan as acceptable for the location of such facilities.

Subd. (4) 9. [ADVISORY COMMITTEE.] The council shall establish an advisory committee to aid in the preparation of the policy plan (AND,) *the performance of the council's responsibilities under subdivisions 2 to 7, the review of county master plans and reports and applications for permits for waste facilities, under sections 473.151 and 473.801 to 473.823 and sections 13 to 15, and other duties determined by the council.* The committee shall consist of one-third citizen representatives, one-third representatives from metropolitan counties and municipalities, and one-third representatives from private waste management firms. *From October 1, 1981 to January 1, 1983, for the purpose only of participating in the preparation of the legislative report required by subdivision 5 and the land disposal abatement plan required by subdivision 6, additional members shall be included on the advisory committee sufficient to assure that at least one-third of the members of the committee are residents of cities or towns containing eligible solid waste disposal sites included in the councils' disposal site inventory.* A representative from the pollution control agency, *one from the waste management board established under article II, section 1,* and one from

the Minnesota health department shall serve as ex officio members of the committee.

Sec. 3. Minnesota Statutes 1978, Chapter 473, is amended by adding a section to read:

[473.153] [COMPREHENSIVE DISPOSAL FACILITIES PLAN FOR SEWAGE SLUDGE AND SOLID WASTE FROM SEWAGE TREATMENT.] *Subdivision 1. [FACILITIES REQUIRED.] Except as provided in subdivision 7 and article IV, section 2, all sewage sludge disposal facilities and facilities for the disposal of solid waste generated by the metropolitan waste control commission shall be established and operated in accordance with this section and section 473.516. The council and the commission shall establish at least one facility for sewage sludge disposal and at least one facility for solid waste disposal.*

Subd. 2. [CANDIDATE SITE SELECTION.] By July 1, 1981, the council shall select three candidate sites for the disposal of the commission's sewage sludge and three candidate sites for the disposal of the commission's solid waste, together with appropriate surrounding buffer areas. The council shall evaluate sites for candidacy on the basis of at least the following factors: local land use and land use controls, existing and future development patterns, transportation facilities, distance from the points of generation, and the intrinsic suitability of sites compared with other potential sites. Notwithstanding any plan, charter provision, law, ordinance, regulation, or other requirement of the council, counties, or local units of government, no land shall be excluded from consideration for candidacy except land determined by the agency to be intrinsically unsuitable. No site shall be selected for candidacy unless the agency certifies its apparent intrinsic suitability for the use intended, based on preliminary environmental analysis and on-site surveys and investigations conducted by the agency. In selecting candidate sites, the council shall prefer land which is suited and likely to be put to beneficial use after closure of a disposal facility.

Subd. 3. [MORATORIUM.] A moratorium is hereby imposed on development within the area of each proposed site and buffer area selected by the council. The moratorium shall extend until six months following the council's decision under subdivision 6. No development shall be allowed to occur within the area of a proposed site or buffer area during the period of the moratorium. No county, city, or town land use control shall permit such development, nor shall any county, city, or town sanction or approve any subdivision, permit, license, or other authorization which would allow such development to occur.

Subd. 4. [ADVISORY COMMITTEE.] For the purposes only of advising the council on decisions under this section, additional members shall be added to the advisory committee estab-

lished by section 473.149, subdivision 9, sufficient to assure that each city and town containing a candidate site has at least one representative on the committee.

Subd. 5. [ENVIRONMENTAL AND PERMIT REVIEW.] *An environmental impact statement meeting the requirements of chapter 116D shall be completed on each candidate site, provided that the statement shall be finally accepted or rejected within 280 days of the selection of candidate sites. Within 90 days following the acceptance of the statement, the agency shall indicate the conditions and terms of approval of all permits needed at each candidate site.*

Subd. 6. [COUNCIL SITE SELECTION.] *Within 90 days following the agency's decision on permit conditions and terms, the council shall select at least one of the candidate sites for acquisition and development by the commission as a sewage sludge disposal facility and at least one of the candidate sites for acquisition and development by the commission as a solid waste disposal facility. Before its selection the council shall consult with the advisory committee and affected counties, cities, and towns.*

Subd. 7. [EXISTING FACILITIES EXEMPTED.] *Nothing in this section shall be construed to preclude the commission from continuing to use existing sewage sludge disposal facilities.*

Sec. 4. Minnesota Statutes 1978, Section 473.502, is amended to read:

473.502 [LEGISLATIVE PURPOSE AND POLICY.] *The legislature determines that in the metropolitan area there are serious problems of water pollution and processing and disposal of sewage and waste resulting from sewage treatment, which cannot be effectively or economically dealt with by existing local government units in the area under existing laws. The legislature therefore declares that for the protection of the public health, safety, and welfare of the area, for the preservation and best use of waters and other natural resources of the state in the area, for the prevention, control and abatement of water pollution in the area, and for the efficient and economic collection, treatment and disposal of sewage and waste resulting from sewage treatment it is necessary to assign to the metropolitan council the responsibility of carrying on a continuous, long-range program of planning with respect thereto and to establish a waste control commission, which, together with the council, can take over, acquire, construct, operate, and maintain all interceptors and treatment works and waste facilities necessary for the collection, treatment and disposal of sewage and waste resulting from sewage treatment in the metropolitan area, and can take over, acquire, construct, operate, and maintain waste facilities in the metropolitan area.*

Sec. 5. Minnesota Statutes 1978, Section 473.516, is amended to read:

473.516 [WASTE FACILITIES; SEWAGE SLUDGE DISPOSAL.] *Subdivision 1.* [ACQUISITION AND OPERATION.] Without limiting the grant or enumeration of any of the powers conferred on the council or commission under sections 473.501 to 473.549, the commission shall have the specific power to acquire by purchase, lease, condemnation, gift or grant any real or personal property including *development rights*, positive and negative easements and water and air rights, and it may construct, enlarge, improve, replace, repair, maintain and operate (HAZARDOUS) waste facilities in the metropolitan area deemed to be necessary or convenient in connection with the processing or disposal of (HAZARDOUS) waste *resulting from sewage treatment*, and the commission may contract for the maintenance and operation of such waste facilities, subject to the bidding requirements of section 473.523. The commission may accept for processing (HAZARDOUS) waste derived from outside the metropolitan area in the state, as well as (HAZARDOUS) waste derived from within the metropolitan area, and may fix and collect fees and charges for the acceptance of (HAZARDOUS) waste as the commission determines to be reasonable.

Subd. 2. [GENERAL REQUIREMENTS.] With respect to its activities under this section, the commission shall be subject to and comply with the applicable provisions of this chapter. Property acquired by the commission under this section shall be subject to the provisions of section 473.545. Any site or facility owned or operated for or by the commission shall conform to the policy plan adopted by the council under section 473.149 and shall be authorized in accordance with the commission's development program and capital budget approved by the council. *Whenever possible, the commission shall contract with private persons for the construction, maintenance, and operation of waste facilities, subject to the bidding requirements of section 473.523.*

Subd. 3. [LOCAL RESTRICTIONS.] *Counties and local units of government may impose conditions respecting the construction, operation, inspection, monitoring, and maintenance of a waste facility of the commission and conditions respecting the sale, gift, delivery, storage, use, and disposal of sewage sludge of the commission on private property as a soil conditioner or amendment, but only in the manner and only to the extent authorized and approved by the council and the agency as being consistent with the establishment and use of the commission's waste facilities and the disposal of the commission's sewage sludge on private property in accordance with the council's plan, adopted under section 3, and agency permits and rules. Counties may exercise the enforcement powers granted under section 473.811, subdivision 10, in the manner and to the extent authorized and approved in accordance with this subdivision.*

Subd. 4. [TECHNICAL MONITORING; SEWAGE SLUDGE DISPOSAL.] Each sewage sludge disposal facility of the waste control commission, or site used for the disposal of sewage sludge of the commission, shall be required to have an agency permit issued pursuant to agency rules for permitting sewage sludge disposal facilities sites. Each such permit shall require a regular monitoring, inspection, and testing program to be carried out by the agency, or the state department of health or county under contract to the agency, to prevent impairment or threat of impairment of ground and surface water. The commission shall reimburse the agency quarterly for the cost of the program.

Sec. 6. Minnesota Statutes 1978, Section 473.801, Subdivision 1, is amended to read:

473.801 [DEFINITIONS.] Subdivision 1. For the purposes of sections 473.801 to 473.823 and sections 13 to 16 the terms defined in this section have the meanings given them.

Sec. 7. Minnesota Statutes 1978, Section 473.802, is amended to read:

473.802 [LEGISLATIVE PURPOSE AND POLICY.] The legislature determines that for the protection of the public health, safety, and welfare of the people of the metropolitan area, for the prevention, control and abatement of pollution of air and waters of the state in the metropolitan area, and for the efficient and economic (COLLECTION AND PROCESSING) management of solid (AND HAZARDOUS) waste in the metropolitan area, it is necessary to (AUTHORIZE THE AGENCY TO REGULATE THE HANDLING OF HAZARDOUS WASTE AND THE LOCATION AND OPERATION OF WASTE FACILITIES IN THE AREA; TO) authorize the metropolitan council to carry on a continuous, long range program of planning with respect to solid (AND HAZARDOUS) waste (COLLECTION AND PROCESSING) management, (AND) to establish criteria and standards and approve permits for solid waste facilities in the area, and to provide funds for the acquisition of property for solid waste disposal purposes; and to authorize the metropolitan counties if necessary to acquire, construct, operate and maintain solid waste facilities, to plan for and regulate solid waste collection services and facilities, to collect data on solid and hazardous waste (COLLECTION AND PROCESSING) management systems and procedures, and to assist state agencies to regulate the (HANDLING) management of hazardous waste. The legislature declares that a public purpose is served by the recovery and utilization of resources from solid (WASTE AND HAZARDOUS) waste where economically viable and compatible with source reduction. The plans, criteria, standards and regulations of the agency, council and metropolitan counties shall, to the extent practicable, en-

courage ownership and operation of solid waste facilities by private industry.

Sec. 8. Minnesota Statutes 1978, Section 473.803, is amended to read:

473.803 [METROPOLITAN COUNTY PLANNING.] Subdivision 1. [COUNTY MASTER PLANS; GENERAL REQUIREMENTS.] Each metropolitan county, following adoption or revision of the council's solid (AND HAZARDOUS) waste policy plan and in accordance with the dates specified therein, and after consultation with all affected (MUNICIPALITIES) *local government units*, shall prepare and submit to the council for its approval, a county solid (AND HAZARDOUS) waste master plan to implement the policy plan. *The master plan shall be revised and resubmitted at such times as the council's policy plan may require.* The master plan shall describe county solid (AND HAZARDOUS) waste activities, functions, and facilities; the existing system of solid (AND HAZARDOUS) waste generation, collection, and processing, *and disposal* within the county; existing and proposed county and municipal ordinances and license and permit requirements relating to *solid* waste facilities and (HAZARDOUS AND) solid waste generation, collection, and processing, *and disposal*; existing or proposed municipal, county, or private *solid* waste facilities and collection services within the county together with schedules of existing rates and charges to users and statements as to the extent to which such facilities and services will or may be used to implement the policy plan; and any solid waste facility which the county owns or plans to acquire, construct, or improve together with statements as to the planned method, estimated cost and time of acquisition, proposed procedures for operation and maintenance of each facility; an estimate of the annual cost of operation and maintenance of each facility; an estimate of the annual gross revenues which will be received from the operation of each facility; and a proposal for the use of each facility after it is no longer needed or usable as a waste facility. The master plan shall, to the extent practicable, encourage ownership and operation of solid waste facilities by private industry. For *solid* waste facilities owned or operated by public agencies or supported primarily by public funds or obligations, the master plan shall contain policies to ensure (FINANCIAL SELF-SUFFICIENCY BASED UPON COMPETITIVE RATES AND CHARGES) *that the facilities are operated on a competitive basis so as not to create an unfair or unreasonable advantage or restraint of trade in relation to comparable private facilities existing in the area.*

Subd. 2. [PROPOSED INVENTORY OF DISPOSAL SITES.] *By June 1, 1981, each county shall adopt, by resolution of its governing body, an inventory of three proposed sites in the county suitable for mixed municipal solid waste disposal facilities and one proposed site in the county suitable for the dis-*

posal of demolition debris and shall submit the inventory to the council for approval or disapproval. The council shall evaluate and approve or disapprove each proposed site in accordance with the standards set out in this subdivision. Except as otherwise provided in this subdivision, each site shall satisfy the standards and criteria in federal and state regulations and the council's policy plan for solid waste management. In proposing and approving sites for the inventory, the counties and the council shall prefer land which is suited and likely to be put to beneficial use after closure of a disposal facility. Each site shall contain no less than 80 acres and no more than 250 acres. Each proposed site shall be surrounded by a buffer area at least equal to the area of the site. No site shall be proposed by the county or approved by the council unless the agency certifies its intrinsic suitability for the use intended, based on preliminary environmental analysis and on site surveys and investigations conducted by the county or agency. Notwithstanding any plan, charter provision, law, ordinance, regulation, or other requirement of any state agency or political subdivision, no land shall be excluded from consideration for inclusion in the inventory except land determined by the agency to be intrinsically unsuitable. The council shall evaluate each site with respect to local land use and land use controls, existing and future development patterns, transportation facilities and other services and facilities appropriate to land disposal facilities, the quality of other potential sites, and patterns of generation of solid waste. The council shall notify a county of any site proposed by the county which the council disapproves and shall allow the county 60 days to propose an alternative site. If the county fails to propose an alternative acceptable to the council in the time allowed, the council shall propose a site acceptable to it for inclusion in the inventory of sites in that county. If in the council's judgment a county does not contain the requisite number of satisfactory sites, the council may reduce the number of sites required of that county. A moratorium is hereby imposed on development within the area of each site and buffer area proposed by a county, pending the council's adoption of an inventory pursuant to section 473.149, subdivision 4. For sites and buffer areas included in the council's inventory, the moratorium shall extend until October 1, 1983. No development shall be allowed to occur within the area of a site or buffer area during the period of the moratorium. No county, city, or town land use control shall permit such development, nor shall any county, city, or town sanction or approve any subdivision, permit, license, or other authorization which would allow such development to occur.

Subd. 3. [LAND DISPOSAL ABATEMENT.] By April 1, 1982, after considering the council's disposal abatement report submitted to the counties pursuant to section 473.149, subdivision 3, each county shall submit to the council a proposal to reduce to the greatest feasible and prudent extent the need for and practice of land disposal of mixed municipal solid waste. The proposal shall include programs for waste reduction and separation

and resource recovery. The proposal shall include objectives, immediately and over specified time periods, for reducing the land disposal of mixed municipal solid waste generated within the county. The proposal shall describe specific functions to be performed and activities to be undertaken by the county and cities and towns within the county to achieve the objectives and shall describe the estimated cost, proposed manner of financing, and timing of the functions and activities. The proposal shall include alternatives which could be used to achieve the objectives if the proposed functions and activities are not established. By June 1, 1983, each county shall revise its master plan to include a land disposal abatement element to implement the council's land disposal abatement plan adopted under section 473.149, subdivision 6, and shall submit the revised plan to the council for review under subdivision 4. The proposal and master plan revision required by this subdivision shall be prepared in consultation with cities and towns within the county, particularly the cities and towns in which a solid waste disposal facility is or may be located pursuant to the county master plan.

Subd. (2) 4. [COUNCIL REVIEW.] The council shall review each master plan or revision thereof to determine whether it is consistent with the council's policy plan. If it is not consistent, the council shall *disapprove and* return the plan with its comments to the county for revision and resubmittal. *The county shall have 90 days to revise and resubmit the plan for council approval.* Any county solid (OR HAZARDOUS) waste plan or report approved by the council prior to April 9, 1976, shall remain in effect until a new master plan is submitted to and approved by the council in accordance with this section.

Subd. (3) 5. [ANNUAL REPORT.] Each metropolitan county shall prepare and submit annually to the council for its approval a report containing information, as the council may prescribe in its policy plan, concerning solid (AND HAZARDOUS) waste generation (, COLLECTION, AND PROCESSING) and management within the county. *The report shall include a statement of progress in achieving the land disposal abatement objectives of the council's policy plan and county master plan.* The report shall include a schedule of rates and charges in effect or proposed for the use of any solid waste facility owned or operated by or on its behalf, together with a statement of the basis for such charges.

Sec. 9. Minnesota Statutes 1978, Section 473.811, is amended to read:

473.811 [COUNTIES AND LOCAL UNITS OF GOVERNMENT; WASTE MANAGEMENT.] Subdivision 1. [COUNTY ACQUISITION OF FACILITIES.] To accomplish the purpose specified in section 473.803, each metropolitan county may acquire by purchase, lease, gift or condemnation as provided by law, upon such terms and conditions as it shall determine, in-

cluding contracts for deed and conditional sales contracts, solid waste facilities or properties or easements or development rights for solid waste facilities which are in accordance with regulations adopted by the agency, the policy plan adopted by the council and the county master plan as approved by the council, and may improve or construct improvements on any property or facility so acquired. No metropolitan city, county or town shall own or operate a hazardous waste facility. Each metropolitan county is authorized to levy a tax in anticipation of need for expenditure for the acquisition and betterment of solid waste facilities. If (SUCH) a tax is levied in anticipation of need, the purpose must be specified in a resolution of the county directing that the levy and the proceeds of the tax may be used only for that purpose. Until so used, the proceeds shall be retained in a separate fund or invested in the same manner as surplus in a sinking fund may be invested under section 475.66. The right of condemnation shall be exercised in accordance with chapter 117. (A) *Except as provided in subdivision 9, a metropolitan county may acquire property for and operate a solid waste disposal facility within the boundaries of any (CITY) other county or (TOWN IN THE METROPOLITAN AREA,) local unit of government without complying with the provisions of any (ZONING) ordinance (ADOPTED AFTER APRIL 15, 1969) of the other county or local unit, if the action is approved by the council as being in conformance with its policy plan. For facilities outside the metropolitan area, approval of the agency shall also be required, following review pursuant to article IV.*

Subd. 2 [RIGHT OF ACCESS.] Whenever the county deems it necessary to the evaluation of a waste facility for enforcement purposes or to the evaluation of a site or buffer area for inclusion in the inventory of disposal sites pursuant to section 473.149, subdivision 4, and section 473.803, subdivision 2, or for final acquisition under section 15, the county or any member, employee, or agent thereof, when authorized by it, may enter upon any property, public or private, for the purpose of obtaining information or conducting surveys or investigations, provided that the entrance and activity is undertaken after reasonable notice and during normal business hours and provided that compensation is made for any damage to the property caused by the entrance and activity.

Subd. (2) 3. [COUNTY FINANCING OF FACILITIES.] Each metropolitan county may by resolution authorize the issuance of bonds to provide funds for the acquisition or betterment of solid waste facilities or property or property rights for a solid waste facility, or for refunding any outstanding bonds issued for any such purpose, and may pledge to the payment of the bonds and the interest thereon, its full faith, credit and taxing powers, or the proceeds of any designated tax levies, or the gross or net revenues or charges to be derived from any facility operated by or for the county, or any combination thereof. Taxes levied for the payment of the bonds and interest shall not reduce

the amounts of other taxes which the county is authorized by law to levy. No election shall be required to authorize the issuance of the bonds. Except as otherwise provided, the bonds shall be issued and sold in accordance with the provisions of chapter 475.

Subd. (3) 4. [COUNTY OPERATION OF FACILITIES.] Each metropolitan county may operate and maintain solid waste facilities, and for this purpose may employ all necessary personnel, may adopt regulations governing operation, and may establish and collect reasonable, non-discriminatory rates and charges for the use of the facilities by any local government unit or person, estimated to be sufficient, with any other moneys appropriated for the purpose, to pay all costs of acquisition, operation and maintenance. Each metropolitan county may use itself or sell all or any part of materials or energy recovered from solid waste to private interests or public agencies for consumption or reuse by them. Section 471.345 and Laws 1951, Chapter 556, as amended shall not apply to the sale of the materials or energy provided that the dealings of each county shall be on a competitive basis so as not to create an unfair or unreasonable advantage or restraint of trade on the part of the county.

Subd. (4) 5. [COUNTY CONTRACTS.] Each metropolitan county *may contract* for the use of existing public or private *solid waste facilities and* may contract with any person for the operation and maintenance of any solid waste facility owned by the county. The contract shall provide for the operation and maintenance of the facility in accordance with any regulations, criteria, and standards of the agency, the metropolitan council and the county relating thereto.

Subd. 6. [ORDINANCES; GENERAL CONDITIONS; RESTRICTIONS; APPLICATION.] *Ordinances of counties and local government units related to or affecting waste management shall embody plans, policies, rules, standards and requirements adopted by any state agency authorized to manage or plan for or regulate the management of waste and the waste management plans adopted by the council and shall be consistent with county master plans approved by the council.*

Subd. (5) 7. [ORDINANCES; SOLID WASTE COLLECTION AND TRANSPORTATION.] Each metropolitan county may adopt ordinances governing the collection of solid waste. (THE ORDINANCES SHALL NOT PREVENT THE HAULING OF SOLID WASTE FROM ONE COUNTY TO ANOTHER.) Each (MUNICIPALITY AND TOWN) *local unit of government* within the metropolitan area shall adopt an ordinance governing the collection of solid waste within its boundaries. If the county within which it is located has adopted an ordinance, the (MUNICIPALITY OR TOWN) *local unit* shall adopt either the county ordinance by reference or a more strict ordinance. (A HAULER WHO QUALIFIED UNDER THE ORDINANCE

OF THE MUNICIPALITY WHERE HE IS MAKING PICK-UPS MAY TRANSPORT SOLID WASTE ON STREETS AND HIGHWAYS IN OTHER MUNICIPALITIES WITHIN THE COUNTY WITHOUT CONFORMING TO THEIR ORDINANCES.) *Ordinances of counties and local government units may establish reasonable conditions respecting but shall not prevent the transportation of solid waste by a licensed collector through and between counties and local units, except as required for the enforcement of any designation of a facility by the council pursuant to section 13. A licensed collector or a metropolitan county or local government unit may request review by the council of an ordinance adopted under this subdivision. Upon such a request the ordinance shall be invalid unless it is approved by the council as reasonable. Ordinances of counties and local units of government shall provide for the enforcement of any designation of facilities by the council under section 13. Nothing in this subdivision shall be construed to limit the authority of the local government unit to regulate and license collectors of solid waste or to require review or approval by the council for ordinances regulating collection.*

Subd. 8. [ORDINANCES; SOLID WASTE FACILITIES.] Each metropolitan county shall by ordinance establish and from time to time revise rules, regulations, and standards for *solid waste facilities* within the county, relating to location, sanitary operation, periodic inspection and monitoring, maintenance, termination and abandonment, and other pertinent matters. The *county ordinance* shall require permits or licenses for *solid waste facilities* and shall require that such facilities be registered with a county office. *Ordinances of counties and local government units shall not prevent or restrain the acquisition, establishment, operation, expansion, continuance, or closure of solid waste disposal facilities and solid waste disposal facility sites pursuant to the council's policy plan and development schedule for such facilities, adopted pursuant to section 473.149, subdivision 7, except that ordinances approved by the council and the agency as being consistent with the establishment and use of facilities in accordance with the council's plan and agency rules and permits may impose conditions respecting the construction, operation, inspection, monitoring, and maintenance of a facility.*

Subd. 9. [ORDINANCES; HAZARDOUS WASTE MANAGEMENT.] Each metropolitan county shall by ordinance establish and revise rules, regulations, and standards (FOR HAZARDOUS WASTE MANAGEMENT) relating to (a) the identification of hazardous waste, (b) the labeling and classification of hazardous waste, (c) the (HANDLING,) collection, storage, transportation (AND STORAGE), processing, disposal, and land containment of hazardous waste, and (d) (THE ULTIMATE DISPOSAL SITE OF HAZARDOUS WASTE, AND (C)) other matters necessary for the public health, welfare and safety. The county shall require permits or licenses for the generation, collection, (AND) processing, disposal, and land containment of hazardous waste and shall require registration with a county

office. *Ordinances of counties and local government units shall not prevent or restrain the location, establishment, operation, expansion, continuance, or closure of any hazardous waste facility in accordance with certificates, permits, and other approvals by state agencies pursuant to articles III and IV, except that ordinances approved by the agency as being consistent with the establishment and use of facilities in accordance with such certificates, permits, and approvals may impose conditions respecting the construction, inspection, monitoring, and maintenance of a facility.* (ANY ORDINANCE ENACTED UNDER THIS SUBDIVISION SHALL EMBODY REGULATIONS, STANDARDS, AND REQUIREMENTS ADOPTED BY THE AGENCY AND GOALS, POLICIES, CRITERIA, AND STANDARDS ADOPTED BY THE COUNCIL AND SHALL BE CONSISTENT WITH THE COUNTY MASTER PLAN APPROVED BY THE COUNCIL. COUNTY ORDINANCES ADOPTED PURSUANT TO THIS SUBDIVISION SHALL NOT APPLY TO THE LOCATION OR OPERATION OF ANY HAZARDOUS WASTE FACILITY OWNED OR OPERATED BY THE WASTE CONTROL COMMISSION UNDER SECTION 473.516.) Issuing, denying, *suspending*, modifying, imposing conditions upon, or revoking hazardous waste permits or licenses, and county hazardous waste regulations and ordinances, shall be subject to review, denial, suspension, *modification*, and reversal by the agency. The agency shall after written notification have 15 days to review, suspend, modify, or reverse the action of the county. After this period, the action of the county board shall be final subject to appeal to the district court in the manner provided in (SECTION 115.05. ANY ORDINANCE ENACTED SHALL BE PUBLISHED IN ACCORDANCE WITH THE PROVISIONS OF SECTION 375.51) *chapter 15.*

Subd. (5A) 10. [COUNTY ENFORCEMENT.] Each metropolitan county shall be responsible for insuring that waste facilities, solid waste collection operations licensed or regulated by the county and hazardous waste generation (,) and collection (, AND PROCESSING) operations are brought into conformance with, or terminated and abandoned in accordance with, applicable county ordinances; rules, regulations and requirements of the (AGENCY) *state*; and (GOALS, POLICIES, CRITERIA, AND STANDARDS) *the policy plan* of the council. Counties may provide by ordinance that operators or owners or both of such facilities or operations shall be responsible to the county for satisfactorily performing the procedures required. If operators or owners or both fail to perform, the county may recover the costs incurred by the county in completing the procedures in a civil action in any court of competent jurisdiction or, in the discretion of the board, the costs may be certified to the county auditor as a special tax against the land. The ordinances may be enforced by action in district court. The county may prescribe a criminal penalty for the violation of any ordinance enacted under this section not exceeding the maximum which may be specified for a misdemeanor.

Subd. (6) 11. [GRANTS AND LOANS TO COUNTIES.] Each metropolitan county may accept gifts, may apply for and accept grants or loans of money or other property from the United States, the state, the metropolitan council, any local government unit, or any person, to accomplish the purposes specified in sections 473.149, 473.151, and 473.801 to 473.823 and sections 13 to 16, may enter into any agreement required in connection therewith, and may hold, use, and dispose of the money or property in accordance with the terms of the gift, grant, loan or agreement relating thereto.

Subd. (7) 12. [JOINT ACTION.] Each metropolitan county and local government unit may act *together with any county, city, or town within or without the metropolitan area* under the provisions of section 471.59 or any other appropriate law providing for joint or cooperative action between government units, to accomplish any purpose specified in sections 473.149, 473.151, and 473.801 to 473.823 and sections 13 to 16.

Subd. (8) 13. [COUNTY SALE OR LEASE.] Each metropolitan county may sell or lease any facilities or property or property rights previously used or acquired to accomplish the purposes specified by sections 473.149, 473.151, and 473.801 to 473.823 and sections 13 to 16. Such property may be sold in the manner provided by section 458.196. Each metropolitan county may convey to or permit the use of any such property by a local government unit, with or without compensation, without submitting the matter to the voters of the county. No real property or property rights acquired pursuant to this section, may be disposed of in any manner unless and until the county shall have submitted to the agency and the metropolitan council for review and comment the terms on and the use for which the property will be disposed of. The agency and the council shall review and comment on the proposed disposition within 60 days after each has received the data relating thereto from the county.

Subd. (9) 14. [SOLID AND HAZARDOUS WASTE FUND.] All moneys received by any metropolitan county from any source specified in sections 473.149, 473.151, and 473.801 to 473.823 and sections 13 to 16 shall be paid into the county treasury, placed in a special fund designated as the county solid and hazardous waste fund, and used only for the purposes authorized in those sections, as appropriated by the county board, subject to any lawful restrictions, conditions, or pledges applicable thereto.

Sec. 10. Minnesota Statutes 1978, Section 473.813, is amended to read:

473.813 [CITIES, COUNTIES, TOWNS; SOLID WASTE CONTRACTS.] Subdivision 1. Notwithstanding any contrary provision of law or charter, and in addition to the powers or

authority granted by any other law or charter, a city, county, or town in the metropolitan area may directly negotiate and enter into contracts, for a term not to exceed 30 years, for the delivery of solid waste to a waste facility and the processing of solid waste. Contracts made by direct negotiations shall be approved by resolution adopted by the governing body of the city, county, or town.

Subd. 2. Before a city, county, or town (MAY ENTER) enters into any contract pursuant to subdivision 1 (, WHICH CONTRACT IS) for a period of more than five years, the city, county, or town shall submit the proposed contract and a description of the proposed activities under the contract to the council for review and approval. The council shall approve the proposed contract if it determines that the contract (WILL NOT ADVERSELY AFFECT COLLECTION RATES AND CHARGES DURING THE TERM OF THE CONTRACT AND THAT THE CONTRACT) is consistent with the council's plan, permits issued under section 473.823, and county reports or master plans approved by the council. The council may consolidate its review of contracts submitted under this section with its review of related permit applications submitted under section 473.823, and for this purpose may delay the review required by this section.

Sec. 11. Minnesota Statutes 1978, Section 473.823, Subdivision 3, is amended to read:

Subd. 3. [SOLID WASTE FACILITIES; REVIEW PROCEDURES.] (THE AGENCY MAY PRESCRIBE PERMIT AND PERMIT APPLICATION FORMS, AND MAY REQUEST APPLICANTS TO SUBMIT IN WRITING ALL INFORMATION DEEMED RELEVANT BY THE AGENCY.) The agency shall request applicants for *solid waste facility permits* to submit all information deemed relevant by the council to its review, including without limitation information relating to the geographic areas and population served, the need, the effect on existing facilities and services, the anticipated public cost and benefit, the anticipated rates and charges, the manner of financing, the effect on metropolitan plans and development programs, the supply of waste, anticipated markets for any product, and alternative means of disposal or energy production. (THE AGENCY, OR ANY EMPLOYEE OR AGENT THEREOF, WHEN AUTHORIZED BY IT, MAY EXAMINE ANY BOOKS, PAPERS, RECORDS OR MEMORANDA OF THE APPLICANT PERTAINING TO ITS WASTE FACILITY, AND MAY ENTER ON ANY PROPERTY, PUBLIC OR PRIVATE, FOR THE PURPOSE OF OBTAINING INFORMATION, CONDUCTING SURVEYS OR MAKING INVESTIGATIONS RELATIVE TO THE LOCATION OR OPERATION OF A WASTE FACILITY. THE AGENCY MAY ISSUE PERMITS FOR THE OPERATION OF WASTE FACILITIES BY ANY METROPOLITAN COUNTY OR COMMISSION, LOCAL GOV-

ERNMENT UNIT OR PERSON WHERE THE OPERATION THEREOF IS CONSISTENT WITH APPLICABLE REGULATIONS ADOPTED BY THE AGENCY PURSUANT TO SUBDIVISION 1, PROVIDED THAT) No permit may be issued for the operation of a *solid* waste facility in the metropolitan area which is not in accordance with the metropolitan council's solid (AND HAZARDOUS) waste policy plan. The metropolitan council shall determine whether a permit is in accordance with the (GOALS, POLICIES, STANDARDS, AND CRITERIA IN ITS) policy plan. In making its determination, the council shall consider the area-wide need and benefit of the applicant facility and may consider, without limitation, the effect of the applicant facility on existing and planned *solid* waste facilities described in a waste control commission development program or county report or master plan. If the council determines that a permit is in accordance with its policy plan, the council shall approve the permit. If the council determines that a permit is not in accordance with its policy plan, it shall disapprove the permit. The council's approval of permits may be subject to conditions necessary to satisfy criteria and standards in its policy plan, including conditions respecting the type, character, and quantities of waste to be processed at a *solid* waste facility used primarily for resource recovery and (RESTRICTIONS ON) the geographic territory from which a (WASTE FACILITY USED PRIMARILY FOR) resource recovery *facility or transfer station serving such a facility* may draw its waste. For the purpose of this review and approval by the council, the agency shall send a copy of each permit application and any supporting information furnished by the applicant to the metropolitan council within 15 days after receipt of the application and all other information requested from the applicant. Within 60 days after the application and supporting information are received by the council, unless a time extension is authorized by the agency, the council shall issue to the agency in writing its determination whether the permit is disapproved, approved, or approved with conditions. If the council does not issue its determination to the agency within the 60 day period, unless a time extension is authorized by the agency, the permit shall be deemed to be in accordance with the council's policy plan. No permit may be issued in the metropolitan area for a *solid* waste facility used primarily for resource recovery, if the facility or site is owned and operated by a public agency or if the acquisition or betterment of the facility or site is secured by *public funds or obligations (PLEDGING THE FULL FAITH AND CREDIT OR TAXING POWERS OF A CITY, COUNTY, OR TOWN,)* unless the council finds that adequate markets exist for the products recovered without substantially reducing the supply of solid waste available for existing resource recovery operations and that (ALL COSTS OF OPERATION, ADMINISTRATION, MAINTENANCE AND DEBT SERVICE WILL BE COVERED BY REASONABLE RATES AND CHARGES FOR THE USE OF THE FACILITY) *the facility is operated on a competitive basis so as not to create an unfair or unreasonable advantage or restraint of trade in relation to comparable private facilities existing in the area.*

Sec. 12. Minnesota Statutes 1978, Section 473.823, is amended by adding a subdivision to read:

Subd. 5. [COUNCIL; CERTIFICATION OF NEED.] No new mixed municipal solid waste disposal facility shall be permitted in the metropolitan area without a certificate of need issued by the council indicating the council's determination that the additional disposal capacity planned for the facility is needed in the metropolitan area. The council shall amend its policy plan, adopted pursuant to section 473.149, to include standards and procedures for certifying need. The standards and procedures shall be based on the council's disposal abatement plan adopted pursuant to section 473.149, subdivision 6, and the abatement master plans of counties adopted pursuant to section 473.803, subdivision 3. The council shall certify need only if and only to the extent that the county or permit applicant demonstrates that there are no feasible and prudent alternatives to the disposal facility, including waste reduction, source separation and resource recovery which would minimize adverse impact upon natural resources. Economic considerations alone shall not justify the certification of need or the rejection of alternatives.

Sec. 13. Minnesota Statutes 1978, Chapter 473, is amended by adding a section to read:

[473.827] [COUNCIL DESIGNATION OF SOLID WASTE FACILITY; REQUIRED USE.] *Subdivision 1. [AUTHORITY.] The council may require that all or any portion of the solid waste that is generated within the metropolitan area or any service area thereof and is disposed of in the state be delivered to a resource recovery facility designated by the council or a transfer station serving such a facility. The council may designate a facility under this section without the approval of the agency except that the approval of the agency shall be required if the solid waste required to be delivered is generated outside of the metropolitan area.*

Subd. 2. [STANDARDS.] In determining whether to designate and require the use of the facility the council shall consider whether:

- (a) the required use will result in the recovery of resources or energy from materials which would otherwise be wasted;*
- (b) the required use will lessen the demand for and use of land disposal;*
- (c) the required use is necessary for the financial support of the facility;*
- (d) less restrictive methods for ensuring an adequate solid waste supply are available;*

(e) *the applicant has considered all other feasible and prudent waste processing alternatives for accomplishing the purposes of the proposed project and has compared and evaluated the costs of all such alternatives, including capital and operating costs, and the effects of all such alternatives on the cost to generators.*

Subd. 3. [EXEMPTION.] *The council shall not designate and require use of facilities for materials which are separated from solid waste and recovered for reuse or recycling by the generator, by a private person under contract with the generator, or by a licensed solid waste collector.*

Subd. 4. [PROCEDURE.] *The council shall proceed as follows when designating and requiring use of facilities:*

(a) *The council shall notify those persons whom the council has determined should use the facilities. Notification to political subdivisions shall be in writing. All other persons shall be notified at least by publication in a legal newspaper or newspapers having general circulation in the area. The notification shall specify types and quantities of solid wastes, plans for use of the solid wastes, the point of delivery of the solid wastes, and the fee to be charged. During a period of 90 days following the notification, the council shall negotiate with the persons within the areas to be served in order to develop contractual agreements on the terms of required use of the designated facilities.*

(b) *If contracts have not been made at the end of the 90-day period, or if persons subject to the required use have not made arrangements sufficient to justify exemption, the council shall hold a public hearing to take testimony on the required use of the designated facilities. The hearing shall be preceded by the notice required under clause (a).*

(c) *If contracts have not been made within 30 days after the public hearing, or if persons subject to the required use have not made arrangements sufficient to justify exemption, the council may order any person identified in the notice of the council to use the designated facilities, starting at a specified date which shall be at least 30 days after the order has been issued.*

Subd. 5. [SERVICE GUARANTEE.] *The facility designated by the council shall not arbitrarily terminate, suspend, or curtail services provided to any person required pursuant to this section to use designated facilities without the consent of the person, or without just cause.*

Subd. 6. [TERMINATION.] *Use required under contract or order pursuant to this section may be terminated by a person upon an adequate showing to the council that the solid waste*

has value and that arrangements have been made sufficient to justify exemption under subdivision 3, unless the council determines that the requirement must be continued to assure delivery of waste necessary to the financial support of the facilities designated by the council.

Sec. 14. Minnesota Statutes 1978, Chapter 473, is amended by adding a section to read:

[473.831] [DEBT OBLIGATIONS; SOLID WASTE DISPOSAL.] *Subdivision 1. [GENERAL OBLIGATION BONDS.] Following the adoption of the revisions to its policy plan required by section 473.149, subdivision 7, the council may by resolution authorize the issuance of general obligation bonds of the council to provide funds for the acquisition of sites and surrounding buffer areas for development as solid waste disposal facilities pursuant to this section and section 15 and to provide funds for refunding obligations issued under this section. The bonds shall be sold, issued, and secured in the manner provided in chapter 475 for general obligation bonds, and the council shall have the same power and duties as a municipality and its governing body in issuing bonds under chapter 475, except as otherwise provided in this chapter. No election shall be required, and the net debt limitations in chapter 475 shall not apply.*

Subd. 2. [USE OF PROCEEDS.] The proceeds of bonds issued under subdivision 1 shall be used pursuant to section 15, by the council to make grants to metropolitan counties to pay the cost of the acquisition of all property or interests in property for solid waste disposal sites and surrounding buffer areas required to be acquired by the county in the council's policy plan and development schedule adopted pursuant to section 473.149.

Sec. 15. Minnesota Statutes 1978, Chapter 473, is amended by adding a section to read:

[473.833] [SOLID WASTE DISPOSAL SITES AND BUFFER AREAS.] *Subdivision 1. [COUNTY SITE SELECTION AUTHORITIES.] Each metropolitan county shall establish a site selection authority. By June 1, 1983, each site selection authority shall select specific sites within the county from the council's disposal site inventory, in accordance with the standards, criteria, and procedures established by the council under section 473.149, subdivision 7, and in a number equal to that required by the council to be acquired by the county. Each site selection authority shall be composed of the county board, plus one member appointed by the governing body of each city or town within the county containing a site in the council's disposal site inventory or the majority of the land contained within such a site. If the number of members on the site selection authority who reside in a city or town containing all or part of a site or buffer area is equal to or greater than the number of members who do not, the chairman of the county board shall appoint to*

the authority an additional member or members, residing within the county but not within a city or town containing all or part of a site or buffer area, sufficient to assure a majority of one on the authority of members residing in cities and towns not containing all or any part of a site of buffer area. The chairman of the county board shall be the chairman of the site selection authority. If a site selection authority has not selected the requisite number of sites in accordance with the council's standards, criteria, and procedures by June 1, 1983, the council shall make the selection.

Subd. 2. [ACQUISITION AND DISPOSITION.] *In order to prevent the development of conflicting land uses at and around future solid waste disposal facility sites, the council shall provide for the acquisition by a metropolitan county of property and rights in property at and around each solid waste disposal site selected pursuant to subdivision 1. Each site scheduled for development as a facility through the year 1990 shall be acquired in fee. Development rights shall be acquired for each site scheduled for development as a facility after the year 1990 through the year 2000. Development rights shall be acquired in a buffer area surrounding and at least equal to the area of each site scheduled for development as a facility through the year 2000. An increase or decrease in the value of property resulting from its designation in the inventory of disposal sites and buffer areas or its selection as a site or buffer area shall not be considered in establishing the value of the property in a condemnation proceeding. The county may sell property and development rights, with the permission of the council, when they are no longer needed for a site or surrounding buffer area. The owner of the fee shall have the right of first refusal of any development rights at the price of purchase plus interest at the rate permitted under section 344.01. The proceeds from any sale of property or development rights shall be returned to the council and used to pay debt service on the council's solid waste bonds.*

Subd. 3. [ACQUISITION PROCEDURE.] *The council shall offer a grant covering the full cost of acquisition to the county or counties in which the property is located. If the acquisition is not made or condemnation proceedings initiated within 60 days following June 1, 1983, the council shall offer the grant to any other county in the metropolitan area.*

Subd. 4. [FAILURE OF COUNTIES TO ACQUIRE; REPORT TO LEGISLATURE.] *If any county fails to identify property for acquisition or if counties refuse to proceed with acquisition, as required by this section and the council's disposal facility development schedule adopted pursuant to section 473.149, subdivision 7, the council shall prepare and recommend to the legislature, no later than January 1, 1984, legislation to transfer solid waste management authority and responsibility in the metropolitan area from the counties to the waste control commission or a new metropolitan commission established for that purpose.*

Sec. 16. Minnesota Statutes 1978, Chapter 473, is amended by adding a section to read:

[473.834] [DEBT SERVICE; SOLID WASTE BONDS.]
Subdivision 1. [CERTAIN CITIES AND TOWNS; EXEMPTION.] Each city or town in which a solid waste disposal facility is operating after January 1, 1980, shall be permanently exempt from the payments required by this section, if the facility is a commercial facility disposing of garbage and mixed municipal refuse under an agency permit.

Subd. 2. [ALLOCATION OF DEBT SERVICE.] The annual debt service on the council's solid waste bonds, issued under section 15, shall be annually apportioned by the council to each city and town in the metropolitan area, as follows: (a) one-half in the proportion that the assessed value of all taxable property within such city or town bears the assessed value of the taxable property in all such cities and towns, as last finally equalized before October 1 in the year in which the allocation is made; and (b) one-half in the proportion that the population of each such city or town bears to the total population in all such cities and towns, as estimated by the council.

Subd. 3. [CERTAIN CITIES AND TOWNS; REDUCED PAYMENTS.] When a solid waste reduction, separation, or resource recovery program is implemented or solid waste processing facilities are established in a city or town pursuant to a county land disposal abatement plan approved by the council, the annual payment otherwise required of the city or town pursuant to subdivision 2, shall be reduced by an amount determined by the council to be proportionate to the abatement in the waste going from the city or town into a solid waste disposal facility as a result of the local abatement program or processing facility.

Subd. 4. [PROCEDURES FOR PAYMENT.] By January 1 of each year, the council shall certify to each city and town in the metropolitan area the payment required from it to pay debt service on the council's bonds in the next succeeding calendar year. The amounts so certified shall be due and payable to the council, for deposit in the council's debt service fund, at such time or times during the year as the council determines. The council shall set the dates for payment with reference to the dates on which tax, assessment, and revenue collections become available to the government units required to pay such charges, provided that all payments shall be due in time to allow the council to certify deficiency tax levies pursuant to subdivision 5.

Subd. 5. [DEFICIENCY TAX LEVIES.] If the governing body of any local government unit fails to make payment to the council when due, the council shall certify to the auditor of the county in which the government unit is located the amount required for payment with interest at six percent per annum. The auditor shall levy and extend such amount as a tax upon all tax-

able property in the government unit for the next calendar year, free from any existing limitations imposed by law or charter. Such tax shall be collected in the same manner as the general taxes of the government unit, and the proceeds thereof, when collected, shall be paid by the county treasurer to the council for deposit in the debt service fund and credited to the government unit for which the tax was levied.

Subd. 6. [SECURITY.] In addition to the power to require payments and tax levies under subdivisions 3 to 5 for the payment of debt service on bonds issued under section 15, the council may levy taxes for the payment of the debt service upon all taxable property within the metropolitan area without limitation of rate or amount and without affecting the amount or rate of taxes which may be levied by the council for other purposes or by any local government unit in the area.

Sec. 17. Article X applies in the counties of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, and Washington.

ARTICLE XI

Section 1. Minnesota Statutes 1978, Section 116.06, Subdivision 9, is amended to read:

Subd. 9. "Land pollution" means the presence in or on the land of any (SOLID) waste in such quantity, of such nature and duration, and under such condition as would affect injuriously any waters of the state, create air contaminants or cause air pollution.

Sec. 2. Minnesota Statutes 1978, Section 116.06, is amended by adding subdivisions to read:

Subd. 9a. "Waste" has the meaning given it in article I, section 3.

Subd. 9b. "Waste management" has the meaning given it in article I, section 3.

Subd. 9c. "Collection" of waste has the meaning given it in article I, section 3.

Subd. 9d. "Processing" of waste has the meaning given it in article I, section 3.

Subd. 9e. "Disposal" of waste has the meaning given it in article I, section 3.

Subd. 9f. "Degree of intrinsic hazard" of a waste has the meaning given it in article I, section 3.

Sec. 3. Minnesota Statutes 1978, Section 116.06, Subdivision 10, is amended to read:

Subd. 10. "Solid waste" means garbage, refuse, *sludge from a water supply treatment plant or air contaminant treatment facility*, and other discarded (SOLID) waste materials and *sludges*, (INCLUDING SOLID WASTE MATERIALS AND WASTE SLUDGES) *in solid, semi-solid, liquid, or contained gaseous form*, resulting from industrial, commercial, *mining*, and agricultural operations, and from community activities, but does not include *hazardous waste*; animal waste used as fertilizer (,); earthen fill, boulders, rock (, SOLIDS); *sewage sludge*; solid or dissolved material in domestic sewage or other (SIGNIFICANT) common pollutants in water resources, such as silt, dissolved or suspended solids in industrial waste water effluents or discharges which are point sources subject to permits under section 402 of the federal water pollution control act, as amended, dissolved materials in irrigation return flows (, OR OTHER COMMON WATER POLLUTANTS); or source, special nuclear, or by-product material as defined by The Atomic Energy Act of 1954, as amended.

Sec. 4. Minnesota Statutes 1978, Section 116.06, Subdivision 13, is amended to read:

Subd. 13. "Hazardous waste" means any refuse or discarded material or combinations of refuse or discarded materials in solid, semi-solid, liquid, or gaseous form which cannot be handled by routine waste management techniques because they pose a substantial present or potential hazard to human health or other living organisms because of their chemical, biological, or physical properties. Categories of hazardous waste materials include, but are not limited to: explosives, flammables, oxidizers, poisons, irritants, and corrosives. *Hazardous waste does not include sewage sludge and source, special nuclear, or by-product material as defined by the Atomic Energy Act of 1954, as amended.*

Sec. 5. Minnesota Statutes 1978, Section 116.07, Subdivision 2, is amended to read:

Subd. 2. [ADOPTION OF STANDARDS.] The pollution control agency shall improve air quality by promoting, in the

most practicable way possible, the use of energy sources and waste disposal methods which produce or emit the least air contaminants consistent with the agency's overall goal of reducing all forms of pollution. The agency shall also adopt standards of air quality, including maximum allowable standards of emission of air contaminants from motor vehicles, recognizing that due to variable factors, no single standard of purity of air is applicable to all areas of the state. In adopting standards the pollution control agency shall give due recognition to the fact that the quantity or characteristics of air contaminants or the duration of their presence in the atmosphere, which may cause air pollution in one area of the state, may cause less or not cause any air pollution in another area of the state, and it shall take into consideration in this connection such factors, including others which it may deem proper, as existing physical conditions, zoning classifications, topography, prevailing wind directions and velocities, and the fact that a standard of air quality which may be proper as to an essentially residential area of the state, may not be proper as to a highly developed industrial area of the state. Such standards of air quality shall be premised upon scientific knowledge of causes as well as effects based on technically substantiated criteria and commonly accepted practices. No local government unit shall set standards of air quality which are more stringent than those set by the pollution control agency.

The pollution control agency shall promote solid waste disposal control by encouraging the updating of collection systems, elimination of open dumps, and improvements in incinerator practices. The agency shall also adopt standards for the control of the collection, transportation, storage, *processing*, and disposal of solid waste *and the disposal of sewage sludge* for the prevention and abatement of water, air and land pollution, recognizing that due to variable factors, no single standard of (SOLID WASTE) control is applicable to all areas of the state. In adopting standards, the pollution control agency shall give due recognition to the fact that elements of control which may be reasonable and proper in densely populated areas of the state may be unreasonable and improper in sparsely populated or remote areas of the state, and it shall take into consideration in this connection such factors, including others which it may deem proper, as existing physical conditions, topography, soils and geology, climate, transportation, and land use. Such standards of (SOLID WASTE) control shall be premised on technical criteria and commonly accepted practices.

The pollution control agency shall also adopt standards describing the maximum levels of noise in terms of sound pressure level which may occur in the outdoor atmosphere, recognizing that due to variable factors no single standard of sound pressure is applicable to all areas of the state. Such standards shall give due consideration to such factors as the intensity of noises, the types of noises, the frequency with which noises recur, the time period for which noises continue, the times of day during which

noises occur, and such other factors as could affect the extent to which noises may be injurious to human health or welfare, animal or plant life, or property, or could interfere unreasonably with the enjoyment of life or property. In adopting standards, the pollution control agency shall give due recognition to the fact that the quantity or characteristics of noise or the duration of its presence in the outdoor atmosphere, which may cause noise pollution in one area of the state, may cause less or not cause any noise pollution in another area of the state, and it shall take into consideration in this connection such factors, including others which it may deem proper, as existing physical conditions, zoning classifications, topography, meteorological conditions and the fact that a standard which may be proper in an essentially residential area of the state, may not be proper as to a highly developed industrial area of the state. Such noise standards shall be premised upon scientific knowledge as well as effects based on technically substantiated criteria and commonly accepted practices. No local governing unit shall set standards describing the maximum levels of sound pressure which are more stringent than those set by the pollution control agency.

The pollution control agency shall adopt standards for the identification of hazardous waste and for the *management, identification*, labeling, classification, storage, collection, transportation, *processing*, and disposal of hazardous waste, recognizing that due to variable factors, (NO) a single standard of hazardous waste control (IS) *may not be* applicable to all areas of the state. In adopting standards, the pollution control agency shall recognize that elements of control which may be reasonable and proper in densely populated areas of the state may be unreasonable and improper in sparsely populated or remote areas of the state. The agency shall consider existing physical conditions, topography, soils, and geology, climate, transportation and land use. Standards of hazardous waste control shall be premised on technical knowledge, and commonly accepted practices. No local government unit shall set standards of hazardous waste control which are in conflict or inconsistent with those set by the pollution control agency.

Sec. 6. Minnesota Statutes 1978, Section 116.07, Subdivision 4, is amended to read:

Subd. 4. [RULES AND STANDARDS.] Pursuant and subject to the provisions of chapter 15, and the provisions hereof, the pollution control agency may adopt, amend and rescind (REGULATIONS) *rules* and standards having the force of law relating to any purpose within the provisions of Laws 1969, Chapter 1046, for the prevention, abatement, or control of air pollution. Any such (REGULATION) *rule* or standard may be of general application throughout the state, or may be limited as to times, places, circumstances, or conditions in order to make due allowance for variations therein. Without limitation, (REGULATIONS) *rules* or standards may relate to sources or

emissions of air contamination or air pollution, to the quality or composition of such emissions, or to the quality of or composition of the ambient air or outdoor atmosphere or to any other matter relevant to the prevention, abatement, or control of air pollution.

Pursuant and subject to the provisions of chapter 15, and the provisions hereof, the pollution control agency may adopt, amend, and rescind (REGULATIONS) *rules* and standards having the force of law relating to any purpose within the provisions of Laws 1969, Chapter 1046, for the collection, transportation, storage, *processing*, and disposal of solid waste and the prevention, abatement, or control of water, air, and land pollution which may be related thereto, and the deposit in or on land of any other material that may tend to cause pollution. *The agency shall adopt such rules and standards for the disposal of sewage sludge, addressing the intrinsic suitability of land, the volume and rate of application of sewage sludge of various degrees of intrinsic hazard, design of disposal facilities, and operation of disposal facilities and disposal sites. The agency shall promulgate temporary rules for sewage sludge disposal pursuant to section 15.0412, subdivision 5.* Any such (REGULATION) *rule* or standard may be of general application throughout the state or may be limited as to times, places, circumstances, or conditions in order to make due allowance for variations therein. Without limitation, (REGULATIONS) *rules* or standards may relate to collection, transportation, *processing*, disposal, equipment, location, procedures, methods, systems or techniques or to any other matter relevant to the prevention, abatement or control of water, air, and land pollution which may be advised through the control of collection, transportation, *processing*, and disposal of solid waste and the disposal of sewage sludge, and the deposit in or on land of any other material that may tend to cause pollution.

Pursuant and subject to the provisions of chapter 15, and the provisions hereof, the pollution control agency may adopt, amend and rescind (REGULATIONS) *rules* and standards having the force of law relating to any purpose within the provisions of Laws 1971, Chapter 727, for the prevention, abatement, or control of noise pollution. Any such (REGULATION) *rule* or standard may be of general application throughout the state, or may be limited as to times, places, circumstances or conditions in order to make due allowances for variations therein. Without limitation, (REGULATIONS) *rules* or standards may relate to sources or emissions of noise or noise pollution, to the quality or composition of noises in the natural environment, or to any other matter relevant to the prevention, abatement, or control of noise pollution.

As to any matters subject to this chapter, local units of government may set emission regulations with respect to stationary sources which are more stringent than those set by the pollution control agency.

Pursuant to chapter 15, the pollution control agency may adopt, amend and rescind (REGULATIONS) *rules* and standards having the force of law relating to any purpose within the provisions of this chapter for the *management*, identification, labeling, classification, storage, collection, treatment, *transportation*, *processing*, and disposal of hazardous waste and location of hazardous waste (DISPOSAL) facilities. A (REGULATION) *rule* or standard may be of general application throughout the state or may be limited as to time, places, circumstances, or conditions. The public service commission, in cooperation with the pollution control agency, shall set standards for the transportation of hazardous waste in accordance with chapter 221.

The pollution control agency shall give highest priority in the consideration of permits to authorize disposal of diseased shade trees by open burning at designated sites to evidence concerning economic costs of transportation and disposal of diseased shade trees by alternative methods.

Sec. 7. Minnesota Statutes 1978, Section 116.07, Subdivision 4a, is amended to read:

Subd. 4a. [PERMITS.] The pollution control agency may issue, continue in effect or deny permits, under such conditions as it may prescribe for the prevention of pollution, for the emission of air contaminants, or for the installation or operation of any emission facility, air contaminant treatment facility, treatment facility, potential air contaminant storage facility, or storage facility, or any part thereof, or for the sources or emissions or noise pollution.

The pollution control agency may also issue, continue in effect or deny permits, under such conditions as it may prescribe for the prevention of pollution, for the *storage*, collection, transportation, *processing*, or disposal of (SOLID) waste, or for the installation or operation of any system or facility, or any part thereof, related to the *storage*, collection, transportation, *processing*, or disposal of (SOLID) waste.

The pollution control agency may revoke or modify any permit issued under this subdivision and section 116.081 whenever it is necessary, in the opinion of the agency, to prevent or abate pollution.

(THE POLLUTION CONTROL AGENCY MAY ISSUE, CONTINUE IN EFFECT OR DENY PERMITS, UNDER SUCH CONDITIONS AS IT MAY PRESCRIBE FOR THE TREATMENT OR DISPOSAL OR BOTH OF HAZARDOUS WASTE, OR FOR THE INSTALLATION OR OPERATION OF ANY SYSTEM OR FACILITY OR ANY PART THEREOF.)

Sec. 8. Minnesota Statutes 1978, Section 116.07, is amended by adding a subdivision to read:

Subd. 4b. [PERMITS; HAZARDOUS WASTE FACILITIES.] In reviewing applications for hazardous waste facility permits, in addition to the requirements imposed on it under this chapter and chapter 116D, the agency shall act in accordance with articles III and IV. The agency shall provide to the waste management board copies of each preliminary and final permit application for a hazardous waste facility immediately upon its submittal to the agency. The agency shall request recommendations on each permit application from the board and shall consult with the board on the agency's intended disposition of the recommendations. The agency shall respond to a preliminary permit application for a hazardous waste facility within 120 days following a decision not to prepare environmental documents or following the acceptance of a negative declaration notice or an environmental impact statement by the environmental quality board. Except as otherwise provided in article III, within 60 days following the submission of a final permit application for a hazardous waste facility, unless a time extension is agreed to by the applicant, the agency shall issue or deny all permits needed for the construction of the proposed facility.

Sec. 9. Minnesota Statutes 1978, Section 116.07, is amended by adding a subdivision to read:

Subd. 4c. [PERMITS; INTERIM HAZARDOUS WASTE STORAGE FACILITIES.] A generator of hazardous waste within the state, or an entity composed of or under contract to such generators, may apply to the agency for permits for interim storage facilities for hazardous waste generated within the state. The application shall demonstrate: (a) that no feasible and prudent alternative is available to eliminate the hazardous properties of the waste or the need for a waste facility to handle the waste, and (b) that no waste facility is reasonably available to accept the waste. The agency and the environmental quality board shall give highest priority to and shall expedite consideration of such applications. The agency shall make a determination on environmental documents required on the application within 30 days of submittal of the application. The environmental quality board shall finally accept or reject any environmental impact statement required within 280 days following publication of the impact statement preparation notice. The agency shall finally issue or deny permits within 30 days following a decision not to prepare environmental documents or following acceptance of a negative declaration notice or an environmental impact statement by the environmental quality board. An interim storage permit issued pursuant to this subdivision or pursuant to or in accordance with an order or decision of the board regarding such a permit under article IV shall not affect the responsibility of the generator for removal and final processing or disposal in a permitted hazardous waste facility. A permit shall not be issued under this subdivision for a period longer than three years, but such permits may be renewed by administrative action of the agency without a hearing or other review procedures for up to three additional one year periods.

Sec. 10. Minnesota Statutes 1978, Section 116.07, is amended by adding a subdivision to read:

Subd. 9. [ORDERS; INVESTIGATIONS.] The agency shall have the following powers and duties for the enforcement of any provision of chapter 116, relating to waste:

(a) to adopt, issue, reissue, modify, deny, revoke, enter into or enforce reasonable orders, schedules of compliance and stipulation agreements;

(b) to require by rule the owner or operator of any system or facility related to the storage, collection, transportation, processing, land containment, or disposal of waste to establish and maintain records; to make reports; to install, use, and maintain monitoring equipment or methods; and to make tests, in accordance with methods, at locations, at intervals, and in a manner as the agency shall prescribe; and to provide other information as the agency may reasonably require;

(c) to conduct investigations, issue notices, public and otherwise, and hold hearings as it may deem necessary or advisable for the discharge of its duties under chapter 116, including but not limited to the issuance of permits; and to authorize any member, employee, or agent appointed by it to conduct the investigations and issue the notices.

Sec. 11. Minnesota Statutes 1978, Section 116.081, Subdivision 1, is amended to read:

116.081 [PROHIBITIONS.] Subdivision 1. [OBTAIN PERMIT.] It shall be unlawful for any person to construct, install or operate an emission facility, air contaminant treatment facility, treatment facility, potential air contaminant storage facility, storage facility, or system or facility related to the collection, transportation, storage, *processing*, or disposal of (SOLID) waste, or any part thereof unless otherwise exempted by any agency (REGULATION) *rule* now in force or hereinafter adopted, until plans therefor shall have been submitted to the agency, and a written permit therefor shall have been granted by the agency. The requirements of this section shall not be applied to motor vehicles, abatement and control of air and land pollution during each biennium to the legislature with recommendations for action in furtherance of the air and land pollution and (SOLID) waste programs.

Sec. 12. Minnesota Statutes 1978, Section 116.101, is amended to read:

116.101 [HAZARDOUS WASTE CONTROL AND SPILL CONTINGENCY PLAN.] The pollution control agency shall study and investigate the problems of hazardous waste control

and shall develop a statewide hazardous waste (MANAGEMENT) *spill contingency* plan detailing the location of hazardous waste (DISPOSAL) facilities and storage sites throughout the state and the needs relative to the interstate transportation of hazardous waste.

(ELEMENTS OF) The statewide hazardous *waste* spill contingency plan (WHICH RELATE TO HAZARDOUS WASTES,) shall be incorporated into the statewide hazardous waste management (PLAN) *plans of the waste management board established by article II*. The pollution control agency shall develop an informational reporting system of hazardous waste quantities generated, *processed*, and disposed of in the state.

Sec. 13. Minnesota Statutes 1978, Section 116.41, is amended to read:

116.41 [WASTE AND WASTE FACILITIES CLASSIFICATION; TRAINING AND CERTIFICATION.] Subdivision 1. [LAND CONTAINMENT AND DISPOSAL FACILITY CLASSIFICATION.] *By January 1, 1982, the (POLLUTION CONTROL) agency (MAY) shall classify, respectively, facilities for the disposal of solid waste, facilities for the disposal of sewage sludge, and facilities for the disposal of hazardous waste according to the degree of hazard to public health or the environment involved in their operation (, AND ACCORDING TO THE VOLUME OR HAZARDOUS CHARACTER OF SOLID WASTE DISPOSED OF AT THE FACILITY. THE AGENCY MAY DEVELOP STANDARDS OF COMPETENCE FOR PERSONS OPERATING VARIOUS CLASSES OF FACILITIES FOR THE DISPOSAL OF SOLID WASTE). The classification of disposal facilities for waste shall be based upon the degree of intrinsic hazard and the volume and rate of application of the waste accepted by a facility, the intrinsic suitability of the location of the facility, the design and operating character of the facility, and other factors deemed relevant by the agency.*

Subd. 1a. [HAZARDOUS WASTE CLASSIFICATION.] By January 1, 1982, the agency shall prescribe criteria for excluding types and categories of hazardous wastes from disposal, criteria for accepting types and categories of wastes as suitable for disposal, and minimum pre-treatment standards required as a condition of acceptance for disposal. The criteria and standards shall be based upon the degree of intrinsic hazard of the waste; the availability of conventional processing technologies for reducing, separating, reusing, recycling, and treating the waste; the feasibility and cost of applying the processing technologies in relation to the benefits to be achieved by such application; the class of facility; and other factors deemed relevant by the agency.

Subd. 2. [TRAINING AND CERTIFICATION PROGRAMS.] The agency shall develop standards of competence

for persons operating and inspecting various classes of disposal facilities. The agency (MAY) shall conduct training programs for persons operating facilities for the disposal of (SOLID) waste and for inspectors of such facilities, and may charge such fees as are necessary to cover the actual costs of the training programs.

(SUBD. 3. AFTER JULY 1, 1976, WHEN A FACILITY FOR THE DISPOSAL OF SOLID WASTE, OTHER THAN AN ANIMAL FEEDLOT, IS OPERATING UNDER A PERMIT FROM THE AGENCY,) The agency (MAY) shall require (THE OPERATOR) operators and inspectors of (THE FACILITY) such facilities to obtain from the agency a certificate of (HIS) competence (TO OPERATE THE FACILITY). The agency (MAY) shall conduct examinations to test the competence of applicants for certification, and (MAY) shall require that certificates be renewed at reasonable intervals. The agency may charge such fees as are necessary to cover the actual costs of receiving and processing applications, conducting examinations, and issuing and renewing certificates.

Subd. 3. [REGULATION AND ENFORCEMENT ASSISTANCE.] The agency shall establish a program to provide technical and financial assistance for regulation and enforcement to counties which have certified operators and inspectors conforming to the requirements of the agency, chapters 400 and 473, and articles I to VIII.

Subd. 4. [RULES.] The agency (MAY) shall adopt, amend, and rescind (SUCH) rules (AND REGULATIONS) as may be necessary to carry out the provisions of this section in accordance with chapter 15.

ARTICLE XII

Pages 1 to 6, delete section 1 and insert:

"Section 1. Minnesota Statutes 1978, Section 69.77, Subdivision 2, as amended by Laws 1980, Chapter 341, Section 1, is amended to read:

Subd. 2. Subdivision 1 does not apply to an association enumerated in subdivision 1a under the following circumstances:

(1) Each member of the association pays into the retirement funds of the association during his term of covered employment from and after January 1, 1981, a contribution for retirement and survivorship benefits of not less than eight percent of the maximum rate of salary from which retirement and survivorship credits and amounts of benefits are determined, and that such contributions of a member are deducted from his salary by his governmental employer, transmitted to the association, and deposited to the credit of the proper fund thereof, provided that to avoid undue increase in the amount of employee contributions in any one year, any increase in the amount of contributions required by this section may be spread

over several years, but the increase in rate of contribution in each year commencing in 1981 shall not be less than one percent until the appropriate levels of required employee contributions have been reached. This paragraph shall not apply to members who are volunteer firefighters, provided that the local governing body shall have given their approval to the exemption following consideration of the most recent actuarial survey.

(2) The officers of the association determine on or before the date established by the municipality, which shall not be later than September 1 and shall not be earlier than August 1, of each year the financial requirements and minimum obligation of the association for the following calendar year in accordance with the following requirements:

The financial requirements shall be based on the most recent actuarial survey prepared in accordance with sections 356.215, subdivision 4 and 356.216.

For a relief association which is located in a municipality which has adopted and filed a resolution as provided in section 2, subdivision 1, or section 4, the total of the amounts calculated pursuant to clauses (a) and (c) shall constitute the financial requirements of the relief association for the following year. For a relief association which is located in a municipality which has not adopted and filed a resolution as provided in section 2, subdivision 1, or section 4, the total of the amounts calculated pursuant to clauses (a) and (b) shall constitute the financial requirements of the relief association for the following year.

(a) The normal level cost expressed as a percent of covered payroll determined from the actuarial survey shall be applied to the estimated covered payroll of the membership for the following year to determine the dollar amount of normal cost for said following year.

(b) To the dollar amount of normal cost thus determined shall be added the amount of one year's interest at five percent on the amount of the (deficit) unfunded liability found by the actuarial survey of the fund.

(THE TOTAL OF THESE TWO AMOUNTS REPRESENTS THE FINANCIAL REQUIREMENTS OF THE ASSOCIATION FOR THE FOLLOWING YEAR.)

(c) *To the dollar amount of normal cost thus determined shall be added an amount equal to the level annual dollar amount sufficient to amortize the unfunded accrued liability by December 31, 2010, as determined from the actuarial survey of the fund.*

Except as otherwise provided in this paragraph, the minimum obligation of the governmental subdivision shall be the financial requirements of the association less *the estimated amount of member contributions herein provided from covered salary anticipated for the following calendar year* and less one year's estimated receipts expected from the *applicable state (OF MINN-SOTA THROUGH STATE COLLECTED INSURANCE PREMIUM TAXES OR OTHER STATE AIDS) aid program established pursuant to sections 69.011 to 69.051, and from the local police and salaried firefighters' relief association amortization aid program established pursuant to section 3.* The minimum obligation may, by vote of the governing body of the governmental subdivision, be reduced to the amount levied in the preceding year for purposes of the association, plus the following percentage of the difference between that levy and the amount of the minimum obligation determined without benefit of this sentence: for the levy made in 1971, 10 percent; in 1972, 20 percent; in 1973, 30 percent; in 1974, 40 percent; in 1975, 50 percent; in 1976, 60 percent; in 1977, 70 percent; in 1978, 80 percent; and in 1979, 90 percent. Commencing with the levy made in 1980, there shall be no reduction in the minimum obligation pursuant to this paragraph.

(3) The foregoing determination of the obligation of a governmental subdivision shall be submitted to its governing body *on or before the date established by the municipality which shall not be earlier than August 1 and shall not be later than September 1* of each year so that it may ascertain if it has been prepared in accordance with law.

(4) The governmental subdivision shall provide and pay as promptly as funds are available to the association at least the amount of the minimum obligation each year. Any portion of this amount not paid to the association at the end of any calendar year shall be increased at the rate of six percent per annum until so paid. On September 1 of any year the unpaid amount subject to interest shall be added to the obligation of the governmental subdivision.

(5) The governmental subdivision shall provide in its annual budget at least its minimum obligation and may levy taxes for the payment thereof without limitation as to rate or amount and irrespective of limitations imposed by other provisions of law upon the rate or amount of taxation when the balance of any fund of the association has attained a specified level; the levy of such taxes shall not cause the amount of other taxes levied or to be levied by the governmental subdivision, which are subject to any such limitation, to be reduced in any amount whatsoever. If the governmental subdivision does not include the full amount of the minimum obligation in its levy for any year, the officers of the association shall certify that amount to the county auditor, who shall spread a levy in the amount of such obligation.

(6) Moneys paid by the governmental subdivision to the association in excess of the minimum amount so required shall be applied to the reduction in the unfunded liabilities of the association.

(7) The funds of the association shall be invested in securities which are proper investments for funds of the Minnesota state retirement system, except that up to \$10,000 may be invested in the stock of any one corporation in any account of such small size that the three percent stock limitation applicable to the Minnesota state retirement system would necessitate a lesser investment. Securities held by the association before July 1, 1971, which do not meet the requirements of this paragraph may be retained after that date if they were proper investments for the association on April 28, 1969. The governing board of the association may select and appoint investment agencies to act for and in its behalf or may certify funds for investment by the state board of investment under the provisions of section 11.21, provided that there be no limit to the amount which may be invested in the income share account described in section 11.18, subdivision 2, or in the fixed-return account described in section 11.18, subdivision 3a, and that up to 20 percent of that portion of the assets of the association invested in the Minnesota supplemental retirement fund may be invested in the growth share account described in section 11.18, subdivision 3.

(8) The association shall procure an actuarial survey showing the condition of its fund pursuant to section 356.216 as of December 31, 1978, and shall procure an actuarial survey every two years thereafter. The association shall also procure a quadrennial experience study pursuant to section 356.216 as of December 31, 1978, and shall procure a quadrennial experience study every four years thereafter. A copy of the actuarial survey and the quadrennial experience study shall be filed with the director of the legislative reference library, the governing body of the municipality in which the association is organized, the executive secretary of the legislative commission on pensions and retirement, and the commissioner of insurance, not later than June 1 of the following year."

retirement adjustment in the amount of the service pension calculated pursuant to clause (2). A person meets the requirements for entitlement if:

(a) the person is a member of a covered local police or salaried firefighters relief association enumerated in clause (3) concerning which the municipality has adopted a municipal resolution pursuant to subdivision 1, if applicable, commences receiving a service pension at an age no earlier than attaining the age of 55 years, and has met all applicable requirements for entitlement to a service pension specified in the applicable laws and relief association articles of incorporation or bylaws governing the local relief association;

(b) the person is a retired member of a covered local police or salaried firefighters relief association enumerated in clause (3) concerning which the municipality has adopted a municipal resolution pursuant to subdivision 1, if applicable, retired on a service pension after the effective date of this section and after attaining the age of at least 50 years but prior to attaining the age of 55 years and attains the age of 55 years subsequent to retirement; or

The maximum percentage increase shall not exceed three and one-half percent in any year and any increase in the salary level of the applicable position used to govern the determination of annual automatic post retirement adjustments in excess of three and one-half percent in any year shall not carry over to or be used to calculate the rate of salary increase for any succeeding year in which the increase in the applicable position does not exceed three and one-half percent.

(3) The provisions of this subdivision shall apply to the active members and retired members of a local police or salaried firefighters relief association or to the retired members of a retirement trust fund contained in the following enumeration of covered relief associations if the governing body of the applicable municipality approves the modification in the benefit plan of the relief association specified in this subdivision following consideration of an actuarial valuation which is, or actuarial estimate based on the most recent actuarial valuation which was, prepared in accordance with Minnesota Statutes, Sections 356.215 and 356.216, based on the benefit plan of the applicable local relief association or retirement trust fund including the modification provided for in this subdivision, approves the modification in retirement coverage for newly hired personnel specified in subdivision 2, and files a resolution indicating that approval with the secretary of state, the commissioner of insurance and the executive secretary of the legislative commission on pensions and retirement on or before the first day of the tenth month following the effective date of this act:
