The court shall hold hearings upon the petition and render its opinion within 60 days of the date that the petition is filed.*

Subd. 2. If the court determines that an original, unamended plan of the reapportionment commission does not comply with constitutional or legal requirements, the court shall specify the reasons for its finding and immediately remand the plan to the commission for amendment. If the court retains jurisdiction of an action to review an apportionment plan when the plan is remanded to the commission, the court shall render its opinion on any amended plan within 90 days after the effective date of the amended plan.

Subd. 3. If a federal court determines that an original unamended plan of the reapportionment commission does not comply with constitutional or legal requirements, and the court permits the commission to redraw the boundaries with consideration to the court's findings and conclusions, the plan shall be remanded to the commission for amendment.

Subd. 4. If the commission fails to adopt an apportionment plan or an amended plan within the time provided by law, or an amended plan adopted by the commission is found invalid upon review by the district court, the district court shall adopt its own reapportionment plan. The notice shall include the number and title of the bill and the day and time certain for the Special Order. Only the member giving such notice, or another member designated by him in writing to the Speaker, may make the motion for the Special Order. A two-thirds vote of the whole House on such motion is required to make a bill a Special Order.

The time set for the motion may not be extended, and failure to make the motion on the specified day forfeits the right to make the motion.

A motion to make a bill a Special Order, when made according to the procedures herein prescribed, shall be a privileged motion, shall take precedence over all other motions except a motion to adjourn or to set the time to adjourn and questions of personal privilege, and may be made at any time on the day designated in the notice. A three-fourths vote of the whole House is required to suspend the motion.

Any Special Order, or any part of it, may be continued or postponed by two-thirds vote of the whole House at the time of such Special Order.

1.12 SUSPENSION OF RULES TO ADVANCE A BILL. Every bill shall be reported on three different days, except that in case of urgency, a two-thirds majority of the whole House may suspend this Rule. A motion for suspension of the Rules to advance a bill for consideration out of its regular order is in order under the order of business "Motions and Resolutions" or at any time the bill is before the House. The motion must be presented to the Speaker in writing and must state the present position of the bill.

1.13 MINORITY REPORTS. Any minority report shall be made separately from the majority report and shall be considered before the majority report. If the minority report is adopted the majority report shall not be considered. If the minority report is not adopted the majority report shall then be considered.

The committee shall have ten calendar days thereafter in which to vote upon the bill requested. If the committee fails to vote upon it within the ten days, the chief author may, at any time within five calendar days thereafter, present a written demand to the Speaker for its immediate return to the House. The demand shall be entered in the Journal for that day and shall constitute the demand of the House. The bill shall then be considered to be in the possession of the House, given its second reading and placed at the foot of General Orders.

Such bill is subject to re-reference by (THE) *a majority vote of the whole House*. If the motion to re-refer is made on the day of the demand or within one legislative day thereafter, the motion shall take precedence over all other motions except privileged motions and shall be in order at any time.

After (MAY 20, 1977) *March 27, 1980*, the House shall not act on bills other than those recommended by conference committee reports or the Committee on Rules and Legislative Administration, and those bills contained in messages from the Senate or from the Governor.

If the Chief Clerk reports that the Senate File is identical with the House File, the Senate File may by majority vote be substituted for the House File and take its place. The fact that the bills are identical shall be entered in the Journal and the House File is then considered withdrawn.

Any Senate File which has been amended on the floor of the House, except at time of final passage, and any Senate File which has been reported to the House with amendments by a House standing committee, shall be unofficially engrossed and reprinted by the Chief Clerk. Amendments to unofficial engrossments of a Senate File may be offered by members on the floor of the House but shall not be offered in standing committees.

1.18 RECORDED FLOOR PROCEEDINGS. All proceedings on the floor of the House shall be recorded on magnetic tape or similar recording device under the direction of the Chief Clerk. Two copies of each tape shall be delivered to the Director of the Legislative Reference Library and there maintained on file for use by any member of the public in accordance with the rules of the Legislative Reference Library. At the end of each biennium, the Director of the Legislative Reference Library shall deliver one copy of each tape to the Director of the Minnesota Historical Society.

Any person may obtain a copy of any such tape during the biennium in which it is recorded upon payment of a fee determined by the Chief Clerk to be adequate to cover the cost of preparing the copy.

Discussion preserved under this rule is not intended to be admissible in any court or administrative proceeding on an issue of legislative intent.

ARTICLE II — VOTING

2.1 AUTHORIZING ELECTRIC VOTING SYSTEM. Except for a vote upon elections or the overriding of a Governor's veto, any

vote may be taken by means of the electric voting system which shall be under the control of the Speaker of the House.

2.2 CALL OF THE HOUSE. Ten members may demand a call of the House at any time except after voting has commenced. When such call is demanded, the doors shall be closed, the roll shall be called, the absent members shall be sent for, and no member may be permitted to leave until the roll call is suspended or completed. During the roll call, no motion shall be in order except a motion pertaining to matters incidental to the call. Proceedings under the roll call may be suspended by a majority vote of the whole House. After the roll call is suspended or completed the Sergeant at Arms shall not permit any member to leave the Chamber unless excused by the Speaker. A call of the House may be lifted by a majority vote of the whole House.

2.3 DEMANDING YEAS AND NAYS. Yeas and Nays shall be ordered without demand upon final passage of bills and upon adoption of resolutions or motions directing the payment of money. In all other cases the yeas and nays shall be ordered only upon demand of 15 members.

2.4 EXPLAINING OR CHANGING VOTE. No member shall be allowed to explain his vote or discuss the question while the yeas and nays are being taken, nor be allowed to change his vote after the yeas and nays have been announced from the chair by the Speaker.

2.5 EVERY UNEXCUSED MEMBER TO VOTE. Any member who is immediately interested in the question being voted on shall not vote.

Every other member present before a vote is declared from the chair shall vote for or against the matter before the House, unless the House excuses him from voting.

When a member declines to vote on a call of his name, he shall be required to state his reasons for so declining. After the vote has been taken but before the chair has announced the vote, he shall submit to the House the question, "Shall the member, for the reasons stated, be excused from voting?" which shall be decided without debate. Any other proceedings in reference thereto shall take place after announcement of the vote.

ARTICLE III — MOTIONS AND AMENDMENTS

3.1 MOTIONS. No motion shall be debated until after it is stated by the Speaker. (THE SPEAKER MAY REQUIRE ANY MOTION TO BE WRITTEN.)

After a motion has been stated by the Speaker it is in possession of the House, but the mover may withdraw it at any time

before amendment or decision. Unless a motion, resolution or amendment is withdrawn on the day it is made, it shall be entered in the Journal, together with the name of the member offering it.

The Speaker may require any motion to be written.

3.2 PRECEDENCE OF MOTIONS. When a question is under (DEBATE) *consideration*, no motion shall be received except the following, the first four of which shall be decided without debate:

- (1) To fix the time of adjournment.
- (2) To adjourn.
- (3) To lay on the table.
- (4) For the previous question.
- (5) To (COMMIT) *refer*.
- (6) To postpone to a day certain.
- (7) To amend.
- (8) To postpone indefinitely.
- (9) *To pass*.

The motions shall have precedence in the order listed. However, if the motion for the previous question has been seconded and the main question ordered, the motion to lay on the table shall not be in order.

3.3 MOTION TO ADJOURN. A motion to adjourn shall always be in order except during roll call.

When a motion to adjourn is made it shall be in order for the Speaker, before putting the question, to permit any member to state reasons which would seem to render adjournment improper at that time. Such a statement shall not be debatable and shall be limited to not over two minutes.

3.4 MOTION FOR RECONSIDERATION. When a question has been decided either in the affirmative or negative, it shall be in order for any member who voted with the prevailing side to move its reconsideration, provided that such motion is made either on the same day the vote was taken or within the following two days of actual session of the House. A motion for reconsideration *can be made at any time in the Order of Business* and shall take precedence over all other questions except the motion to adjourn

and the notice of intention to move reconsideration. Such motion or notice shall not be in order if the document, bill, resolution, message, report or other official action on which the vote was taken shall have left the possession of the House.

When a member gives notice of intention to move reconsideration of the final action of the House on any bill, resolution, message, report or other official action, the Chief Clerk shall retain the same until after the matter is disposed of or the time has expired during which the motion for reconsideration can be made.

On the last day allowed for the motion to reconsider, it shall be in order for any member who voted on the prevailing side to make the motion, unless the matter has been already disposed of.

A motion for reconsideration having been voted upon and lost shall not be renewed.

The notice of intention to move reconsideration shall not be in order after (MAY 2, 1977 THROUGH MAY 23, 1977) *March 8, 1980*.

3.5 ORDER OF PUTTING QUESTION. Except in the case of privileged questions, all questions, whether in committee or in the House, shall be put in the order in which they are moved. When filling blanks, a motion for the largest sum or the longest time shall be put first.

3.6 DIVISION OF A QUESTION. Any member may request the division of a question which contains several points. A motion to strike out and insert shall not be divisible. If a motion to strike out is lost it shall not preclude another motion to amend or to strike out and insert.

3.7 THE PREVIOUS QUESTION. The motion calling for the previous question must be seconded by 15 members. If the motion for the previous question is ordered by a majority of members present, it shall have the effect of cutting off all debate and bringing the House to direct vote upon the question or questions.

The previous question may be moved and ordered upon a single motion, a series of motions allowable under the rules, or an amendment or amendments; or it may include all authorized motions or amendments, including a vote on final passage of a bill.

On a motion for the previous question, but prior to its being ordered, a call of the House shall be in order. After a majority has ordered the previous question, no call shall be in order prior to the decision on the main question.

When the previous question is decided in the negative, the main question remains under debate until disposed of by taking a vote either on the question or in some other manner.

All incidental questions of order arising after a motion is made for the previous question and prior to the vote on the main question shall be decided without debate.

3.8 UNANIMOUS CONSENT TO MAKE A MOTION. Whenever unanimous consent to make a motion is requested by a member, the member as a part of such request shall state briefly the purpose of such motion and the subject matter involved.

3.9 MOTIONS AND PROPOSITIONS TO BE GERMANE. No motion or proposition on a subject different from that under consideration shall be admitted under guise of its being an amendment.

3.10 AMENDMENT NOT TO ANNEX ANOTHER BILL. Except in a standing committee no bill or resolution shall at any time be amended by annexing or incorporating any other bill or resolution pending before the House.

3.11 RESOLUTIONS AND MOTIONS INVOLVING EXPENDITURE OF MONEY. Any resolution or motion involving the expenditure of money out of the legislative expense fund shall be referred to the Committee on Rules and Legislative Administration before being acted upon by the House. A majority vote of the whole House, determined by a roll call, is required to pass any such resolution or motion.

3.12 AMENDMENTS TO APPROPRIATION BILLS. No amendment increasing the amount or amounts carried by any appropriation bill shall be declared passed until voted for by a majority of the whole House *determined by a roll call vote.*

3.13 MOTION TO RESCIND. The motion to rescind shall not be in order at any time in any proceeding in the House or in any committee of the House.

3.14 SUSPENSION OR AMENDMENT OF THE RULES. The concurrence of two-thirds of the whole House is required to suspend, alter, or amend any Rule of the House, except that any amendment to the Rules reported by the Committee on Rules and Legislative Administration may be adopted by a majority of the whole House.

Except as provided in Rule 1.12, a motion to suspend, alter, or amend any Rule of the House must be made under the order of business "Motions and Resolutions". If the motion is made at any other time, unanimous consent is required before the Speaker can entertain the motion.

A motion to suspend the Rules, together with the subject matter to which it pertains, is debatable, but the previous question may be applied to the motion.

ARTICLE IV — DEBATE AND DECORUM

4.1 ABSENCE OF MEMBERS AND OFFICERS. Unless illness or other sufficient cause prevents attendance, no member or officer of the House shall absent himself from any session of the House without first having obtained from the Speaker permission to be absent.

4.2 DUTIES OF MEMBERS. Members shall keep their seats until the Speaker announces adjournment.

Every member, before speaking, shall rise from his seat and respectfully address the Speaker and shall not speak further until recognized by the Speaker. When two or more members rise at the same time, the Speaker shall designate the member to speak first.

4.3 QUESTIONS OF ORDER. If any member of the House transgresses the Rules, either in speaking or in any other way, the Speaker shall, or any member may, call him to order. A member so called to order shall immediately sit down unless another member moves to permit him to explain. In either case, the House, if appealed to, shall decide without debate. Only if the decision is in favor of the member called to order shall he be at liberty to proceed. A member called to order shall be liable to censure or such other punishment as the House may deem proper.

4.4 ORDER IN DEBATE. No member shall speak more than twice on the same subject without leave of the House, nor more than once until every other member wishing to speak on the pending question has had an opportunity to do so.

4.5 NOTICE OF INTENTION TO DEBATE A RESOLUTION. Any member may give notice of his intention to debate a resolution. Such notice may be given at any time before the vote is taken on the resolution. If such notice is given, the resolution shall be laid over one day without debate or any other action.

4.6 OFFENSIVE WORDS IN DEBATE. If any member is called to order for offensive words in debate, the member calling him to order shall report the words to which exception is taken and the Clerk shall record them. No member shall be held to answer or be subject to censure of the House for any language used in debate if exception is not taken before any other member has spoken or any other business has taken place.

4.7 ORDER DURING SESSION. No member shall walk out of or across the Chamber when the Speaker is putting the ques-

tion. No member shall engage in private conversation while another member is speaking or pass between the speaking member and the chair.

When a former member of Congress or the Minnesota Legislature or any other person is issued a permit by the Speaker good for the day he shall be provided with a seat near the Speaker's rostrum, and at no time shall a conversation be carried on so as to disturb the business of the House. Before issuing the permit, the Speaker shall satisfy himself that the person does not seek the floor of the House for the purpose of influencing decisions of the House.

The alcoves shall be kept for the use of members only, and the Sergeant at Arms shall keep them cleared.

It shall not be in order for the Speaker to entertain a request for the suspension of this Rule, or to present from the Chair the request of any member for unanimous consent unless an extraordinary condition exists, in which event he may consent to entertain a motion for its suspension.

During the period extending from one hour prior to the time the House is scheduled to convene until one hour after the House adjourns for the day, the retiring room shall be reserved for the exclusive use of the members and employees of the House or Senators specifically authorized to be present by a House member. No committee meetings shall be held therein except for emergency meetings authorized by the Speaker of the House. The Sergeant at Arms is charged with the duty of strict enforcement of this provision.

4.10 PRESENTATION OF PETITIONS. Any petition, memorial or other paper presented to the House shall include the name of the member introducing it and a brief description of its contents and shall be presented by the Speaker, who shall state briefly its contents.

4.11 NO SMOKING IN HOUSE CHAMBER. No member of the House of Representatives or officer of the House, or other person, shall be permitted to smoke in the House Chamber except

in designated smoking areas, confined only to the front desk and the legislative retiring room. There shall be no smoking in the visitors' section of the galleries.

Subd. 8. "Recreational camping area" has the meaning given it in Minnesota Statutes 1978, Section 327.14, Subdivision 8.

Subd. 9. "Local road" means any nontrunk highway.

Subd. 10. "Specific service" means resorts, motels or recreational camping areas that provide sleeping accommodations for the tourist type traveling public.

Sec. 2. [INTENDED USE.] Subdivision 1. [PURPOSE.] Specific service signs are to be used to create and implement a system of signing for the purpose of displaying resort, motel and recreational camping area information to the traveling public on nonfreeway type trunk highways in rural areas. They may be used on by-passes of outstate municipalities consistent with other provisions herein.

Subd. 2. [SPECIFIC SERVICE SIGNS ON NONFREEWAY HIGHWAYS.] A specific service sign may not be included in the signing of trunk highway intersections if the subject business is readily visible or effective directional advertising is visible or the sign may be legally and effectively located near the intersection. Specific service signs may be placed on the approaches of a trunk highway intersection with a local road.

Subd. 3. [NUMBER OF TRUNK HIGHWAY INTERSECTIONS.] A specific service sign for any resort, motel or recreational camping area is limited to one intersection on the trunk highway system.

Subd. 4. [TRAILBLAZING.] Appropriate signing on local roads between a trunk highway intersection and a specific service shall be the responsibility of the specific service and the local road authority.

The directional arrow and mileage shall be displayed on the same side of the panel as the direction of turn. Signing for straight ahead movement shall not be permitted.

Subd. 2. [SPECIFIC SERVICE SIGN ASSEMBLIES.] Left directional panels shall be placed on top of the right directional panels. A gap shall separate a left panel from the right panel. An assembly shall be spaced preferably 300 feet, but a minimum of 200 feet from other required signing. If no other signing is located at an intersection, the assembly shall be placed 300 feet in advance of the intersection. Assemblies within a cluster shall not be placed closer than 300 feet. No specific service sign or assembly shall be placed at a location that will interfere with other necessary signing.

Sec. 4. [CRITERIA FOR SPECIFIC SERVICE SIGNS.] Subdivision 1. [CONFORMITY WITH LAW.] Each specific service identified on a specific service sign shall be in conformity with all applicable laws and regulations concerning the provisions for public accommodation without regard to race, religion, color, sex or national origin.

The applicant shall pay a fee to the commissioner of transportation to cover all costs for fabricating, installing, maintaining, replacing and removing. The requests for specific service sign panels shall be renewed every three years.

Subd. 2. [SEASONAL SERVICES.] All sign panels for seasonal services shall be covered or removed when the service is not available.

Subd. 3. [COMMUNICATIONS.] Any new or participating specific service business shall respond to any communication from the commissioner of transportation within 30 days or an in place sign panel will be removed.

Subd. 4. [SIGN REMOVAL.] The specific service sign panels shall be removed by the department of transportation if any of the requirements in sections 1 to 5 are not continually met.

Sec. 6. [OTHER LAWS.] Sections 1 to 5 provide additional authority to erect signs on nonfreeway type highways and does not limit the authority to erect highway signs provided by other law or rule.

Sec. 5. [ENTRANCE FEE ESCROW.] As a condition of registration under section 3, the commissioner shall require that the provider establish an escrow account with a bank, trust company or other escrow agent approved by the commissioner, and that any entrance fees received by the provider prior to the date the resident is permitted to occupy a living unit in the facility be placed in the escrow account, subject to release as follows:

(a) If the entrance fee applies to a living unit which has been previously occupied in the facility, the entrance fee shall be released to the provider at the time the living unit becomes available for occupancy by the new resident, or shall be returned to the resident or the resident's personal representative under the conditions described in section 4, clause (o);

(b) If the entrance fee applies to a living unit which has not previously been occupied by any resident, the entrance fee shall be returned to the resident or the resident's personal representative under the conditions described in section 4, clause (o) or shall be released to the provider at the time the commissioner is satisfied that:

(1) The facility has 65 percent of its units reserved as determined by signed subscription agreements and minimum deposits received; or if the subscription agreement requires a minimum deposit of more than one-third of the entrance fee, then the facility may have 50 percent of the units reserved and 50 percent of the facility must be completely constructed; and

(2) Aggregate entrance fees received or receivable by the provider pursuant to binding contracts for continuing care, plus the anticipated proceeds of any first mortgage loan or other long-term financing commitment, plus funds from other sources in the actual possession of the provider, are equal to not less than 90 percent of the aggregate cost of constructing or purchasing, equipping and furnishing the facility plus not less than 90 percent of the funds estimated in the statement of anticipated source and application of funds submitted by the provider as part of its permit application, to be necessary to fund start-up losses of the facility plus not less than 90 percent of the amount of the reserve fund escrow, if any, required to be maintained by the provider pursuant to section 6; and

(3) A commitment has been received by the provider for any permanent mortgage loan or other long term financing described in the statement of anticipated source and application of funds submitted by the provider as part of its registration application, and any conditions of the commitment prior to disbursement of funds thereunder, other than completion of the construction or closing of the purchase of the facility, have been substantially satisfied; and either

(4)(i) If construction of the facility has not been substantially completed, all governmental permits or approvals necessary prior to the commencement of construction have been obtained; and a maximum price contract has been entered into between the provider and a general contractor responsible for construction of the facility, and a bond covering the faithful performance of the construction contract by the general contractor and the payment of all obligations arising thereunder has been issued by an insurer authorized to do business in this state with the provider as obligee; and a loan agreement has been entered into by the provider for an interim construction loan in an amount which, when combined with the amount of entrance fees then held in escrow under the provisions of this section plus the amount of funds from other sources then in the actual possession of the provider, will equal or exceed the estimated cost of constructing, equipping and furnishing the facility, and not less than ten percent of the amount of the construction loan has been disbursed by the lender for physical construction or site preparation work completed; and orders at firm prices have been placed by the provider for not less than 50 percent in value, including installation charges if applicable, of items necessary for equipping and furnishing the facility in accordance with the description set forth in the disclosure statement required by section 4; or

(ii) If construction or purchase of the facility has been substantially completed, an occupancy permit covering the living unit has been issued by the local government having authority to issue these permits; or

(iii) The aggregate amount of entrance fees which may be released to the provider pursuant to clause (b) prior to the date on which any reserve fund escrow under section 6 is established shall not exceed an amount equal to the aggregate amount of entrance fees then received or receivable by the provider pursuant to binding contracts for continuing care less the amount of the entrance fees received or receivable which will be required to be initially maintained in the reserve fund escrow;

(iv) If the funds in an escrow account to which clause (b) applies are not released pursuant thereto within a period of 36 months or a greater time that has been specified by the provider with the consent of the commissioner, or any extensions thereof approved by the commissioner in writing, then the funds shall be returned by the escrow agent to the persons who had made payment thereof to the provider;

(v) Nothing in this section shall be interpreted as requiring the escrow of any nonrefundable application fee, not to exceed two percent of the entrance fee, clearly designated as such in the contract for continuing care;

(vi) *In lieu of any escrow which may be required by the commissioner under this section, a provider may post a bond issued by an insurer authorized to do business in this state. The bond shall be filed with the commissioner with the state as obligee, conditioned for the prompt payment to persons who are entitled to a refund of entrance fees from the provider.*

Any interest accrued on entrance fees or deposits held in escrow is the property of the provider.

Sec. 6. [RESERVE FUND ESCROW.] *As a condition of initial or continuing registration under section 3, the commissioner shall require the provider to establish at the time the facility is first occupied by any resident and thereafter, to maintain on a current basis, in escrow with a bank, trust company or other escrow agent approved by the commissioner, a portion of all entrance fees received by the provider in an aggregate amount of up to the total of all principal and interest payments due during the next 12 months on account of any first mortgage loan or other long term financing of the facility. The funds in the escrow account may be invested with the earnings thereon payable to the provider. If the provider requests in writing, the escrow agent shall release up to one-twelfth of the original principal balance of the escrow account. A release of funds shall not be made more than once during any calendar month, and then only after the escrow agent has given written notice to the commissioner at least ten days prior to the release.*

The provider shall notify the commissioner ten days prior to the withdrawal. Any corporation, partnership, trust, association, firm or professional service which controls any reserve fund comprised in part or totally of funds removed from the providers resources, is liable for the debts of the provider up to the amount of the providers contribution to the fund plus any prorated interest the fund may earn.

Sec. 7. [ENTRANCE FEE REIMBURSEMENT AFTER OCCUPANCY.] *Any resident may terminate his residency agreement at any time after he has assumed residency. A residency agreement may not require more than 120 days written notice; nor any additional fees for termination of residency.*

The termination terms and provisions for reimbursement shall be stated in the residency agreement.

Sec. 8. [LIEN ON BEHALF OF RESIDENTS.] *The provider shall notify the commissioner at the time the facility is ready for occupancy. Upon receiving this notification the commissioner shall file a lien on the real and personal property of the provider or facility to secure the obligations of the provider pursuant to existing and future contracts for continuing care. A lien filed under this section is effective for a period of ten years following the filing and may be extended by the commis-*

sioner upon a finding that the extension is advisable for the protection of residents of the facility. The lien may be foreclosed upon the liquidation of the facility or the insolvency or bankruptcy of the provider, and in that event the proceeds thereof shall be used in full or partial satisfaction of obligations of the provider pursuant to contracts for continuing care then in effect. The lien provided for in this section shall be subordinate to the lien of any first mortgage on the real property of the facility and may be subordinated with the written consent of the commissioner to the claims of other persons if the commissioner determines the subordination to be advisable for the efficient operation of the facility.

Sec. 9. [ANNUAL REPORT.] *The registration of a facility under section 3 shall remain effective until withdrawn by the provider or revoked or suspended by the commissioner under section 12. Annually within 120 days following the end of the provider's fiscal year, unless the time is extended with the written consent of the commissioner, the provider shall file with the commissioner an annual report which includes a revised disclosure statement setting forth, as of the end of the fiscal year, information meeting the requirements of section 4. The annual report shall be accompanied by a narrative describing any material differences between (a) the pro forma income statements filed in response to section 4, clause (l) as a part of the most immediately preceding registration application or annual report and (b) the actual results of operations during the fiscal year together with the revised pro forma income statements being filed as a part of the current annual report. A provider may amend its disclosure statement on file with the commissioner at any other time if, in the opinion of the provider, an amendment is necessary to prevent the disclosure statement from containing a material misstatement of fact or omitting to state a material fact required to be stated therein.*

Sec. 10. [FEES.] *The fee for filing an application for registration of a facility under section 3 is \$250. The fee for filing an annual report or amendment to a disclosure statement for a facility which has been registered is \$50.*

Sec. 11. [REHABILITATION OR LIQUIDATION.] *Subdivision 1. If the commissioner determines, after notice and an opportunity for the provider to be heard, that (a) a portion of a reserve fund escrow required under section 6 has been or is proposed to be released, or (b) a provider has been or will be unable, in a manner as may endanger the ability of the provider to fully perform its obligations pursuant to contracts for continuing care or to meet the pro forma income or cash flow projections previously filed by the provider, or (c) a provider is bankrupt or insolvent or in imminent danger of becoming bankrupt or insolvent, then the commissioner may apply to a district court of this state, or to the federal bankruptcy court which may have previously taken jurisdiction over the provider or facility for an order directing the commissioner, or authorizing the commissioner to appoint a trustee, to rehabilitate or liquidate a facility.*

Subd. 2. An order to rehabilitate a facility shall direct the commissioner or trustee to take possession of the property of the provider and to conduct the business thereof, including the employment of such managers or agents as the commissioner or trustee may deem necessary, and to take steps as the court may direct toward removal of the causes and conditions which have made rehabilitation necessary.

Subd. 3. If the court finds, upon petition of the commissioner, trustee or the provider, or on its own motion, that the objectives of an order to rehabilitate a provider have been accomplished and that the facility can be returned to the provider's management without further jeopardy to the residents of the facility, creditors, owners of the facility, and to the public, the court may, upon a full report and accounting of the conduct of the facility's affairs during the rehabilitation and of the facility's current financial condition, terminate the rehabilitation and by order return the facility and its assets and affairs to the provider's management.

Subd. 4. If, at any time, the commissioner determines that further efforts to rehabilitate the provider would be useless, it may apply to the court for an order of liquidation.

Subd. 5. An order to liquidate a facility may be issued upon application of the commissioner whether or not there has been issued a prior order to rehabilitate the facility. The order shall act as a revocation of the registration of the facility under section 3, and shall order the commissioner or a trustee to marshall and liquidate all of the provider's assets located within this state.

Subd. 6. In applying for an order to rehabilitate or liquidate a facility, the commissioner shall give due consideration in the application to the manner in which the welfare of persons who have previously contracted with the provider for continuing care may be best served. In furtherance of this objective, the proceeds of any lien obtained by the commissioner pursuant to section 8 may be used in full or partial payment of entrance fees, on behalf of residents of a facility being liquidated, to other facilities registered under section 3.

Subd. 7. An order for rehabilitation under this section shall be refused or vacated if the provider posts a bond issued by an insurer authorized to do business in this state. The bond shall be filed with the commissioner, with the state as obligee, conditioned for the prompt payment to persons who are entitled to a refund of entrance fees from the provider or for the prompt payment of other damages, in the event the provider is unable to fulfill its contracts to provide continuing care at the facility. The bond shall be in an amount determined by the court to be equal to the reserve funding which would otherwise be needed to fulfill the obligations.

Sec. 12. [REVOCAION OF REGISTRATION.] *A registration of a facility under section 3 shall be revoked or suspended by the commissioner if the provider fails to file an annual report as required by section 9 or if, after notice to the provider and an opportunity for all interested parties to be heard, the commissioner determines that (a) the provider has established a pattern of failure to deliver the disclosure statement as required by section 4, or (b) has delivered a disclosure statement which contains a material misstatement of fact or which omits to state a material fact required to be stated therein or necessary in order to make the statements made therein, in light of the circumstances under which they are made, not misleading, if the provider, at the time of delivery, had actual knowledge of the misstatement or omission.*

Sec. 13. [CIVIL LIABILITY.] *Subdivision 1. Any person who, as or on behalf of a provider, enters into a contract for continuing care at a facility which is not registered under section 3, or enters into a contract for continuing care at a facility without having first delivered a disclosure statement meeting the requirements of section 4 to the person contracting for the continuing care, or enters into a contract for continuing care at a facility with a person who has relied on a disclosure statement which omits to state a material fact required to be stated therein or necessary in order to make the statements made therein, in light of the circumstances under which they are made, not misleading, is liable to the person contracting for the continuing care for damages and repayment of all fees paid to the provider, facility or person violating sections 1 to 12, less the reasonable value of care and lodging provided to the resident by or on whose behalf the contract for continuing care was entered into prior to discovery of the violation, misstatement or omission or the time the violation, misstatement or omission should reasonably have been discovered, together with interest thereon at the legal rate for judgements, and court costs and reasonable attorney fees.*

Subd. 2. Liability under this section exists regardless of whether or not the provider or person liable had actual knowledge of the misstatement or omission.

Subd. 3. Nothing contained in sections 1 to 16 shall be construed to limit the remedies a person has under any other law.

Sec. 14. [INVESTIGATIONS AND SUBPOENAS.] *The commissioner may make public or private investigations within or outside of this state as necessary to determine whether any person has violated or is about to violate any provision of sections 3 to 16 or any rule hereunder, or to aid in the enforcement of sections 3 to 16 or in the prescribing of rules and forms hereunder, and may publish information concerning any violation of sections 3 to 16 or any rule hereunder.*

For the purpose of any investigation or proceeding under sections 3 to 16, the commissioner may require or permit any person to file a statement in writing, under oath or otherwise as the commissioner determines, as to any of the facts and circumstances concerning the matter to be investigated.

For the purpose of any investigation or proceeding under sections 3 to 16, the commissioner or any officer designated by it may administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any books, papers, correspondence, memoranda, agreements or other documents or records which the commissioner deems relevant or material to the inquiry, all of which may be enforced in any court of this state which has appropriate jurisdiction.

Sec. 15. [CEASE AND DESIST ORDERS, INJUNCTIONS.] *Whenever it appears to the commissioner that any person has engaged or is about to engage in any act or practice constituting a violation of any provision of sections 3 to 16 or any rule hereunder, the commissioner may:*

(a) Issue an order directed at any person requiring the person to cease and desist from engaging in the act or practice; or

(b) Bring an action in any court which has appropriate jurisdiction to enjoin the acts or practices and to enforce compliance with sections 3 to 16 or any rule hereunder. Upon a proper showing a permanent or temporary injunction, restraining order, or writ of mandamus shall be granted and a receiver or conservator may be appointed for the defendant or the defendant's assets. The commissioner is not required to post a bond.

Sec. 16. [CRIMINAL PENALTIES.] *Any person who willfully and knowingly violates any provision of sections 3 to 16, or any rule under this act, shall upon conviction be fined not more than \$10,000 or imprisoned not more than one year, or both.*

The commissioner may refer such evidence concerning violations of this act or of any rule hereunder to the attorney general or the proper county attorney who may, with or without such a reference, institute the appropriate criminal proceedings under this act.

Nothing in this act limits the power of the state to punish any person for any conduct which constitutes a crime under any other statute.

Sec. 17. Minnesota Statutes 1978, Section 82.18, is amended to read:

82.18 [EXCEPTIONS.] Unless a person is licensed or otherwise required to be licensed under this chapter, the term real estate broker does not include:

H. F. No. 908, A bill for an act relating to education; establishing a procedure for transferring certain territory from one school district to another; permitting a district from which territory was transferred to enroll certain students from the transferred territory under certain conditions.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

"Section 1. [TRANSFER OF TERRITORY.] Subdivision 1. The provisions of this section shall apply to that territory within the city limits of Edina south of Maloney Avenue and an eastward extension of Maloney Avenue which is part of Independent School District No. 274, Hopkins, on the effective date of this section.

Subd. 2. Upon a resolution of the school board of a district which would gain or lose territory in a proposed transfer, or upon receipt of a petition for transfer of territory executed by 25 percent of the voters resident in the territory proposed for transfer, the county auditor of the county which contains the

land area of the territory proposed for transfer shall prepare a plat. The plat shall be prepared within 30 days of receipt of the resolution or petition, unless the county auditor finds that proceedings are pending for the dissolution of a district which would gain or lose territory through the proposed transfer or for a consolidation which would include either of the districts or any part of either of the districts. If such proceedings are pending, the county auditor shall prepare the plat within 30 days of the conclusion of the proceedings, and the plat shall reflect boundary changes resulting from those proceedings. The plat shall show:

- (a) Boundaries of the territory proposed for transfer;
- (b) Boundaries of the school districts which would gain or lose territory through the transfer;
- (c) The location of school buildings in the school districts which would gain or lose territory through the proposed transfer;
- (d) The location of residences in the territory proposed for transfer;
- (e) The location of roads and rivers, lakes and other natural barriers in the territory proposed for transfer and in the school districts which would gain or lose territory through the proposed transfer; and
- (f) Any other information deemed pertinent by the county auditor.

Subd. 3. The county auditor shall also prepare a supporting statement to accompany the plat. The statement shall contain:

- (a) The assessed and adjusted assessed valuation of property in the territory proposed for transfer and in the school districts which would gain or lose territory through the proposed transfer;
- (b) The number of pupils residing in the territory proposed for transfer and in the school districts which would gain or lose territory through the proposed transfer;
- (c) The reasons for the proposed transfer;
- (d) Any other information deemed pertinent by the county auditor; and

(e) The signature of the county auditor.

Subd. 4. The county auditor shall submit the plat and supporting statement to the state board and a copy of each to the boards of the districts which would gain or lose territory through the proposed transfer. The auditor shall immediately notify the county board of the county of which he is auditor about the plat and supporting statement. While the transfer proceedings are pending or for a period of six months after notification of transfer proceedings, whichever is shorter, the county board may not take action to dissolve a district which would gain or lose territory through the proposed transfer or to detach and annex any land which is within the territory proposed for transfer or which is within the district to which the transfer is proposed to be made.

Subd. 5. The board of the district which would gain territory through the proposed transfer shall within 60 days of receipt of the plat either accept or reject the proposed transfer. If it rejects the proposed transfer, the transfer proceedings are terminated. If it accepts the proposed transfer, it shall notify the state board and the board of the district which would lose territory through the transfer of its acceptance within five days of the decision.

Subd. 6. The state board shall approve, disapprove or modify a proposed transfer of territory within 60 days of being notified of the acceptance of the transfer by the board of the district which would gain territory through the transfer; provided, if while the transfer proceedings are pending, the state board receives a consolidation plat which would include either of the districts which would gain or lose territory through the proposed transfer or any part of either district, it may delay action on the transfer plat until 30 days after it has taken action on the consolidation plat. If within 20 days of the state board's notification of the acceptance of the transfer by the board of the district which would gain territory through the transfer, a hearing is requested by the board of a district which would gain or lose territory through the proposed transfer or by 20 voters resident in either district, the state board or its designee shall hold a hearing on the transfer upon reasonable notice to the boards and residents of both districts at a location in a district which would gain or lose territory through the transfer. The hearing shall be held before the state board acts on the proposed transfer. The state board shall base its decision on the transfer on the following considerations:

(a) The compatibility of the transfer with any consolidation plat which it has approved;

(b) The effect of the transfer on the participating districts' transportation patterns and distances which pupils travel to school;

- (c) The effect of the transfer on the use of the participating districts' building and staff;
- (d) The effect of the transfer on the educational programs available to pupils in the participating districts;
- (e) The effect of the transfer on the financial condition of the participating districts; and
- (f) Any other issues deemed relevant by the state board.

The state board shall send the plat or a copy of the plat and a statement of its reasons for its actions to the county auditor who submitted the plat and to the board of each district which would gain or lose territory through the transfer.

Subd. 7. The proposed transfer of territory as approved by the state board shall be submitted to the voters who reside or own land in the territory proposed for transfer for their approval at an election. The county auditor who prepared the plat shall call the election within 30 days of the state board's approval of the plat, according to the procedures specified in Minnesota Statutes, Section 122.23, Subdivisions 11 and 12, except that the ballot shall be in the following form:

Subd. 8. If 60 percent of the votes cast on the question at the election approve the transfer, the transfer shall become effective on the next July 1 after the election; otherwise, the transfer proceedings are terminated.

Subd. 9. The property in the transferred territory shall remain subject to taxation for any outstanding bonded indebtedness of the district from which it was transferred which existed on the effective date of the transfer. It shall not become subject to taxation for any outstanding bonded indebtedness of the district to which it was transferred which existed on the effective date of the transfer.

Subd. 10. Upon the request of a parent or guardian who resides in the transferred territory and who has a child who has completed tenth grade by the effective date of the transfer, the board of the district from which the territory was transferred may enroll a child of that parent or guardian, and while the child is enrolled in a school of that district, the child shall be considered a resident of that district for all school purposes until the child completes secondary school or reaches age 21, whichever occurs first.

No. 1753, A bill for an act relating to energy; creating the Minnesota state energy fund; authorizing the Minnesota energy agency to administer and supervise programs of loans and grants for public improvements of a capital nature relating to the construction of energy systems utilizing from renewable resources and for efficient energy delivery and use; creating a program of aid to small businesses and low and moderate incomes to assist in the large scale conversion to energy systems using renewable resources and otherwise making the use of existing systems more efficient; authorizing the issuance of state bonds pursuant to Article XI of the Minnesota Constitution; appropriating money.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

"Section 1. [116H.50] [MINNESOTA STATE ENERGY FUND; FINDINGS AND PURPOSES.] The economy of Minnesota developed using fossil fuels as principal energy sources. Some of those sources will, in the foreseeable future, be in critically short supply or may no longer be available in all parts of the state. Unless significant changes are made in the energy sources available and the distribution of available energy sources, future development will be impossible and existing development will stagnate. The problem is further complicated by the fact that Minnesota's climate and geography make a large and reliable supply of fuel essential for residential and commercial space heating, transportation, agriculture, and industry. Yet, existing supplies of fuel are increasingly costly and unreliable. In view of these problems, it is essential to establish the economic viability of supplementing traditional energy supplies with alternative and renewable energy sources. It is also necessary to change from scarce traditional fuels to more plentiful fuels and to ensure that all fuels are efficiently used. The change to non-traditional energy sources or more plentiful traditional energy sources or making existing energy systems more efficient must be broadly based. However, persons of low and moderate income and small business enterprises are financially unable to finance improvements for more efficient use of energy and for conversion to non-traditional energy sources or conversion to energy sources that are more plentiful. Only the state government possesses the power to supervise, coordinate, motivate and finance the energy programs sufficient in scope to meet these needs.

It is intended by sections 1 to 15 to provide funds through appropriations and the incurring of public debt for a variety of energy programs. Public debt will be incurred to provide energy

programs which are public improvements of a capital nature. Appropriated funds are provided for assistance to allow persons of low or moderate income to convert to the use of renewable energy sources or traditional sources that are more plentiful and for energy conservation.

Sec. 2. [116H.51] [DEFINITIONS.] Subdivision 1. As used in sections 1 to 14, the following terms shall have the meanings given.

Subd. 2. "Agency" means the Minnesota energy agency except that in section 14 "agency" means the Minnesota housing finance agency.

Subd. 3. "Energy bond account" means the account created in the state bond fund by section 12, subdivision 4.

Subd. 4. "Energy fund" means the Minnesota state energy fund created by section 3.

Subd. 5. "Energy system" means all equipment and related accessories necessary to convert conventional or renewable energy sources or peat to useful heat and to distribute that heat to its point of end use.

Subd. 6. "Low and moderate income persons" means those persons whose income and other financial resources are insufficient to finance the improvements and changes sought by sections 1 to 14. The term shall be more fully defined by rule, but during calendar year 1980 only persons having an annual household income between 125 percent of the United States office of management and budget poverty guideline level and \$30,000 as determined pursuant to Minnesota Statutes Section 290A.03, Subdivision 5, shall be considered low and moderate income persons. The income limits may be adjusted for inflation, by not more than 5 percent each year, for years subsequent to 1980.

Subd. 7. "Municipality" means any county, city, town, school district, public or private institution of higher education, the Metropolitan Council, the Region 7 Development Commission, a municipal power agency, or any group or combination of those units operating under an agreement to jointly undertake projects authorized by sections 1 to 13. If operating by joint agreement, any action taken to legally obligate the municipality shall be approved by the governing body of each member of the joint agreement.

Subd. 8. "Renewable energy source" includes energy from the following sources:

- (a) solar radiation;

- (b) wind;
- (c) water power;
- (d) geothermal;
- (e) wood and timber, including wastes;
- (f) biomass of all types; and,
- (g) agricultural or urban wastes.

Specifically excluded from this definition are fossil fuels such as petroleum, coal and natural gas and their derivatives.

Subd. 9. "Small business" means "small business concern," as defined by 15 U.S.C. section 632 and 15 C.F.R. section 121.3-10 and other regulations defining small business concern for purposes of federal small business administration loans.

Subd. 10. "Total estimated cost of a qualifying municipal project" includes:

- (a) Preliminary planning to determine the economic, engineering, and environmental feasibility of the project;
- (b) Engineering, architectural, legal, fiscal, economic, and project administrative costs of the agency and the municipality, and other necessary investigations and studies;
- (c) Surveys, designs, plans, working drawings, specifications, procedures, and other actions necessary to the planning, design, and construction of the project;
- (d) Erection, building, acquisition, alteration, remodeling, improvement, and extension of qualifying energy systems;
- (e) Inspection and supervision of construction; and,
- (f) All other expenses of the types enumerated in Minnesota Statutes, Section 475.65.

Feasibility studies performed pursuant to clauses (a) and (b) shall in no case exceed five percent of total estimated cost of a project.

Subd. 11. "Traditional fuel" includes energy from the following sources:

- (a) fuel oil;

- (b) gasoline;
- (c) natural gas;
- (d) coal;
- (e) liquified petroleum gas (LPG or propane); and
- (f) any other fossil fuels or their derivatives.

Within this definition, the agency shall designate those traditional fuels which are scarce. Until a rule shall provide to the contrary, fuel oil, natural gas, and gasoline are designated scarce fuels.

Sec. 3. [116H.52] [ESTABLISHMENT OF MINNESOTA STATE ENERGY FUND.] The commissioner of finance shall maintain a Minnesota state energy fund debt account. The account shall receive the proceeds of state bonds and disburse money from the fund to municipalities for the purposes of and in the manner provided by sections 1 to 14.

The commissioner of finance shall also maintain a Minnesota state energy fund appropriation account. The account shall receive any money appropriated and money from any source, other than from the proceeds of state bonds, and disburse money to low and middle income persons in the manner provided in section 14.

Sec. 4. [116H.53] [RULES FOR ADMINISTRATION OF FUND.] The agency shall promulgate rules for the administration of loans authorized to be made from the state energy fund debt account. The rules shall not apply to the issuance of bonds. The rules shall contain as a minimum:

- (1) Application procedures for municipalities;
- (2) Conditions governing the administration of loans;
- (3) Criteria for eligibility for loans, including:
 - (a) the financial capability of the municipality,
 - (b) the feasibility of the project, and
 - (c) the adequacy of provisions to assure proper and efficient operation and maintenance of the project after the construction is completed; and,
- (4) Priorities for the evaluation of loan applications, including:

- (a) the quantities and costs of scarce fuels estimated to be saved by the project;
 - (b) the environmental benefits of the project;
 - (c) the type and extent of employment created by the project;
 - (d) the extent to which the project has obtained additional financial support from federal, private, or other sources; and
 - (e) other matters the director finds necessary for the proper ranking of proposals submitted by qualified municipal applicants.
- (5) A limit of five percent of total project cost for feasibility studies.

Sec. 5. [116H.54] [RECEIPTS.] Subdivision 1. The commissioner of finance and the state treasurer shall deposit in the energy fund debt account all proceeds of Minnesota energy bonds, except accrued interest and premiums received upon the sale of the bonds.

Subd. 2. The commissioner of finance and the state treasurer shall deposit in the energy fund appropriation account all money appropriated by law for loans to low and moderate income persons and all money granted to the state for this purpose by the federal government, any federal agency or by any other entity.

Subd. 3. Receipts of the energy funds are annually appropriated from each account of the funds to the Minnesota energy agency and the Minnesota housing finance agency for the purposes of the funds and shall remain available until expended.

Sec. 6. [116H.55] [DISBURSEMENTS.] Disbursements from the energy fund debt account shall be made at the times and in the amounts authorized by the director of the agency in accordance with applicable state laws and agency rules.

Sec. 7. [116H.56] [TOTAL FUNDING OF MUNICIPAL PROJECTS REQUIRED.] Subdivision 1. No loan of state funds for any project shall be disbursed to any municipality until the agency has determined the total estimated cost of a qualified municipal project and ascertained that financing of the project is assured by:

- (1) A loan or grant of funds authorized by state law;
- (2) A grant of funds to the municipality by an agency of the federal government which is within the amount of funds appropriated to that agency and allocated by it to the project;

- (3) A grant of funds from any other public or private entity;
- (4) The appropriation of the proceeds of bonds or other funds of the municipality; or,
- (5) Any combination of the sources referred to in clauses (1) to (4).

Subd. 2. In addition to the requirements of subdivision 1, no loan of state funds shall be disbursed until the governing body of the municipality has adopted a resolution agreeing to utilize not only all funds it allocates specifically for the qualifying project, but also to pay any additional amount by which the cost of the project exceeds those allocated funds. The resolution shall agree to obtain the additional amounts which are necessary to fully fund the project from either the appropriation of additional municipal funds or the appropriation of the proceeds of additional bonds to be issued by the municipality.

Sec. 8. [116H.57] [PROJECTS FUNDED BY MUNICIPALITIES.] Subdivision 1. The agency may make loans from the state energy fund debt account to municipalities for public improvements which are energy system projects of a capital nature. The projects include:

- (1) Neighborhood solar heating or heating and cooling;
- (2) Hydroelectric generation and distribution;
- (3) Wind electric generation and distribution;
- (4) Extraction of gaseous or liquid fuels from biomass sources by biological or physical-chemical processes;
- (5) Alcohol fuel production;
- (6) District heating projects using waste materials, peat, or renewable energy resources for not less than 80 percent of the thermal input;
- (7) Electric generation using peat or renewable energy resources for not less than 80 percent of the thermal input; or
- (8) District heating using cogeneration techniques.

Subd. 2. No loans shall be made to municipalities, pursuant to subdivision 1, unless the agency determines that the project is feasible; energy efficient and cost effective in comparison with scarce traditional fuels; and that it has a reasonable prospect of generating revenue in excess of its costs within an acceptable period of time. The acceptable time may be in excess of the time required to repay a loan from the agency.

Subd. 3. [MUNICIPAL LOANS TO SMALL BUSINESSES.] (a) The agency, in consultation with the department of economic development, may make loans from the state energy fund debt account to municipalities for the purpose of funding programs of loans and grants to small businesses. To the extent possible, loans and grants made for these purposes shall constitute at least 25 percent of loan monies disbursed pursuant to sections 1 to 13 in each year. Loans and grants pursuant to these programs shall be made only for purposes of assisting small businesses with the expenses incurred in connection with (a) installing or converting to energy systems utilizing renewable energy resources, (b) converting energy systems using relatively scarce fossil fuels to systems using more plentiful fossil fuels or peat, and (c) installing energy conserving components, materials, or equipment as defined by the agency.

(b) Each loan made pursuant to this subdivision shall be secured by a resolution adopted by the governing body of the municipality. The resolution shall obligate the municipality to make annual payments to the energy bond account. The payments of principal shall be in amounts sufficient to pay the principal amount of the loan within the period required by the agency. The payments of principal are not required to be equal or at a regular increasing rate. The rate on the loan shall be calculated on the declining balance at a rate not less than the average annual interest rate on the state bonds of the issue from which proceeds the loan was made.

(c) Prior to issuing any bonds for the purposes of this subdivision, the commissioner of finance shall obtain either a revenue ruling from the Internal Revenue Service or other adequate assurance that the bonds' interest payments will be exempt from taxation under section 103(a) of the internal revenue code.

(d) Section 10 shall not apply to loans made pursuant to this subdivision.

Sec. 9. [116H.59] [APPLICATION FOR, ACCEPTANCE AND PAYMENT OF LOAN BY MUNICIPALITY.] Applications by municipalities for loans from the fund shall be made to the agency on forms provided by the agency. The agency shall review all applications for completeness and shall award loans on the basis of the criteria and priorities established by rule and in this act.

Each loan made to a municipality shall be secured by a resolution adopted by the governing body of the municipality. The resolution shall obligate the municipality to pay the energy bond account in annual installments including both principal and interest. The payments of principal shall be in an amount sufficient to pay the principal amount within the period required by the agency. However, it is not required that payments of the principal be equal or at a regular increasing rate. The interest on

the loan shall be calculated on the declining balance at a rate not less than the average annual interest rate on the state bonds of the issue from which proceeds of the loan were made. The resolution shall obligate the municipality to provide money for the repayment from user charges, special assessments or any other funds pledged for the support of the project.

Sec. 10. [116H.60] [LOCAL FUNDING OF PROJECTS.]
Subdivision 1. [FIXING RATES ON ENERGY SERVICE.]
The municipality, by resolution of its governing body, may fix reasonable rates and reasonable charges for the service and products of the energy system projects funded by a loan.

The municipality may also enter into contracts with other municipalities, or with corporations or persons who are located outside the jurisdictional area of the municipality, to furnish them with service or products of the energy system in exchange for the payment of reasonable rates and reasonable charges.

Rates and charges may be imposed with respect to energy system facilities made available by agreement with other municipalities, as well as those owned and operated by the municipality itself.

Rates and charges shall be as nearly as possible proportionate to the cost of furnishing the services or products or by reference to a reasonable classification of the types of premises to which services or products are furnished, or on any other equitable basis. Minimum charges for the availability of the energy system services or products may be imposed on all premises located in the municipality. Rates and charges for connections to the energy system may, in the discretion of the municipality, be fixed by reference to the portion of the cost which has been paid by assessment of the premises to be connected, in comparison with other premises, as well as the cost of making or supervising the connection. The municipality may make any charges a charge against the owner, lessee, occupant or all of them and may provide for certifying unpaid charges to the county auditor with taxes against the property served for collection as other taxes are collected. The municipality may fix and levy taxes for the payment of reasonable charges for the use and availability of the energy system and for maintaining it in public buildings and other public places.

In determining the reasonableness of the charges to be imposed, the municipality may give consideration to all costs of the establishment, operation, maintenance, depreciation and necessary replacements of the system, and of improvements, enlargements and extensions necessary to serve adequately the territory of the municipality including the principal and interest to become due on obligations issued or to be issued by the municipality. When net revenues have been appropriated to the payment of the cost of the establishment, or of any specified re-

placement, improvement, enlargement or extension, or to pay the principal and interest due on obligations issued or to be issued, no charges imposed are unreasonable because the project to be financed has not been commenced or completed, if proceedings are taken with reasonable dispatch and the project, when completed, may be expected to make service available to the premises charged which will have a value reasonably commensurate with such charges. All charges, when collected, and all funds received from the sale of any energy system facilities or equipment or any services or products, shall be placed in a separate fund, and shall be used first to pay the normal, reasonable and current costs of operating and maintaining the energy system. The net revenues received in excess of costs may be pledged by resolutions of the municipality, or may be used though not pledged, for the payment of principal and interest on obligations issued by the municipality. Net revenues derived from any energy system facilities, whether or not financed by the issuance of obligations of the municipality, may be pledged or used to pay principal and interest on obligations issued for energy system facilities.

In resolutions authorizing the issuance of either general or special obligations and pledging net revenues, the municipality may make covenants for the protection of holders of the obligations and taxpayers of the municipality as are necessary. The covenants permitted include a covenant that the municipality will impose and collect charges of the nature authorized at the times and in the amounts required to produce, together with any taxes or special assessments designated as a primary source of payment of the obligations, net revenues adequate to pay all principal and interest when due on the bonds and to create and maintain reserves securing the payments. When a covenant is made it shall be enforceable by appropriate action on the part of any holder of the obligations of the municipality or any taxpayer of the municipality in a court of competent jurisdiction. The obligations are payable wholly from the income of the energy system whose revenues are pledged, within the meaning of sections 475.51 and 475.58.

Subd. 2. [LEVY ASSESSMENTS.] The municipality may (a) levy assessments against property within the limits benefited by the energy system under the procedure authorized by law or charter with reference to other assessments for benefits of local improvements; (b) transfer and use for the purposes of the project any surplus funds of the municipality not specifically dedicated to any other purpose; and (c) levy taxes of up to one mill but not in excess of \$30 per capita on property within the municipal limits, except that the one mill and \$30 per capita limits shall not apply if higher limits are approved by a referendum. Any taxes levied on property within the limits of the municipality, pursuant to this subdivision, are not subject to the limitations of section 275.11 and shall be treated as a special levy pursuant to section 275.50, subdivision 5, clause (f).

Subd. 3. [PAYMENTS FOR CONSTRUCTION OF THE FACILITIES.] Any municipality may contract with a person, including a company or corporation, for the payment by the person, in whole or part, of the cost of construction, maintenance, or use of the energy system facilities. The payment may be made to the municipality in a lump sum or installments of the portion of the cost of the construction, maintenance, or use as may be agreed upon or contracted for with the municipality. The municipality shall devote the money so received for the purpose of construction, maintenance, or use. The proportionate cost of construction, maintenance, or use of the energy system facilities to be paid by the person may be made payable in installments due at not greater than annual intervals for a period not to exceed 30 years. Any person who pays any part of the cost of construction, maintenance or use of the energy system facilities shall have the right to use the facilities upon the payment of reasonable charges for the use of the facilities or the charges contracted for in case there is a contract.

Subd. 4. [LOANS CONDITIONAL ON RATES AND CHARGES.] The agency may condition any loans upon the establishment of rates and charges sufficient to produce the revenue to meet or exceed the cost of the project including the repayment of any loans from the state bond fund.

Sec. 11. [116H.63] [DISBURSEMENTS TO OTHER STATE AGENCIES.] Funds appropriated to the energy fund for expenditure by other state agencies or departments may only be disbursed for renewable energy source projects approved by the energy agency. Funds appropriated may be combined with proceeds of bonds of other agencies and with funds appropriated to the other agencies for similar purposes.

Sec. 12. [116H.64] [MINNESOTA STATE ENERGY BONDS.] Subdivision 1. [AUTHORITY TO ISSUE BONDS.] The commissioner of finance shall sell bonds of the state of Minnesota and deposit the proceeds in the Minnesota state energy fund. The full faith, credit, and taxing powers of the state are irrevocably pledged for the prompt and full payment of the bonds together with interest. Bonds shall be sold only upon request of the agency and in the amount authorized by section 13 or as may subsequently be authorized by a subsequently enacted law which authorizes the sale of additional bonds and the deposit of the proceeds in the state energy fund. Any authorized amount of bonds in this law or any subsequently enacted law authorizing the issuance of bonds for the purposes of the state energy fund, together with this section, constitute complete authority for the issue. The bonds shall not be subject to restrictions or limitations contained in any other law.

Subd. 2. [ISSUANCE OF BONDS.] Upon request by the agency and upon authorization as provided in subdivision 1, the

commissioner of finance shall sell Minnesota state energy bonds. The bonds shall be in the aggregate amount requested, and sold upon sealed bids upon the notice, at the price, in the form and denominations, bearing interest at the rate or rates, maturing in the amounts and on the dates (without option of prepayment or subject to prepayment upon the notice and at the times and prices), payable at the bank or banks within or outside the state (with provisions for registration, conversion, and exchange and for the issuance of notes in anticipation of the sale or delivery of definitive bonds), and in accordance with any further provisions as the commissioner of finance shall determine. The sale is subject to the approval of the attorney general, but not subject to the provisions of Minnesota Statutes, Sections 15.0411 to 15.0422. The bonds shall be executed by the commissioner of finance and attested by the state treasurer under their official seals. The signatures of the officers on the bonds and any interest coupons and their seals may be printed, lithographed, engraved, or stamped, except that each bond shall be authenticated by the manual signature on its face of one of the officers or of an officer of a bank designated by them as authenticating agent. The commissioner of finance shall ascertain and certify to the purchasers of the bonds the performance and existence of all acts, conditions, and things necessary to make them valid and binding general obligations of the state of Minnesota, subject to the approval of the attorney general.

Subd. 3. [EXPENSES.] All expenses incidental to the sale, printing, execution, and delivery of bonds pursuant to this section, including actual and necessary travel and subsistence expenses of state officers and employees for these purposes, and any expenses of litigation relating to the validity of the bonds, shall be paid from the energy fund, and the amounts necessary are appropriated from that fund.

Subd. 4. [ENERGY BOND ACCOUNT IN THE STATE BOND FUND.] The commissioner of finance shall maintain in the state bond fund established by the Minnesota Constitution, Article XI, Section 7, a separate account to be called the state energy bond account. The account shall record receipts of premium and accrued interest, loan repayments, or other money transferred to the fund and income from the investment of the money. It shall also record any disbursements to pay Minnesota the principal and interest on energy bonds. Income from investment shall be credited to the account in each fiscal year. The amount credited shall be equal to the average return that year on all funds invested by the state treasurer, as determined by the treasurer, times the average balance in the account that year.

Subd. 5. [APPROPRIATIONS TO STATE BOND FUND; APPROPRIATION FROM FUND TO PAY DEBT SERVICE.] The premium and accrued interest received on each issue of Minnesota energy bonds, and all payments received in repayment of loans are appropriated to the energy bond account of the state

bond fund. All income from the investment of the Minnesota state energy fund is also appropriated to the account. In order to reduce the amount of taxes otherwise required to be levied, there is annually appropriated to the account from the general fund on November 1 in each year, a sum of money sufficient in amount, when added to the balance then on hand, to pay all principal and interest on Minnesota energy bonds due and to become due before July 1 in the second ensuing year. So much of the account as is necessary to pay principal and interest on energy bonds is annually appropriated from the account for the payment of principal and interest of the energy bonds. All funds appropriated by this subdivision shall be available in the account prior to any levy of the tax in any year required by the Minnesota Constitution, Article XI, Section 7.

Subd. 6. [TAX LEVY.] On or before December 1 in each year the state auditor shall levy on all taxable property within the state whatever tax may be necessary to produce an amount sufficient, with all money currently credited to the energy bond account of the state bond fund, to pay the entire amount of principal and interest currently due and the principal and interest to become due before July 1 in the second year thereafter on Minnesota energy bonds. This tax shall be levied upon all real property used for the purposes of a homestead, as well as other taxable property, notwithstanding the provisions of Minnesota Statutes, Section 273.13, Subdivisions 6 and 7, and shall be subject to no limitation of rate or amount until all the bonds and interest thereon are fully paid. The proceeds of this tax are appropriated to the energy bond account of the state bond fund. The principal of and interest on the bonds are payable from the proceeds of this tax.

If the proceeds of the tax is insufficient to pay the principal and interest due on the energy bonds, there is annually appropriated to the account from the general fund a sum of money sufficient in amount, when added to the balance then on hand, to pay all principal and interest on Minnesota energy bonds when due.

Sec. 13. [BOND AUTHORIZATION AND APPROPRIATION OF PROCEEDS.] The commissioner of finance is authorized, upon request of the energy agency, to sell Minnesota state energy bonds in the amount of up to \$ in the manner and upon the conditions prescribed in section 12 and in the Minnesota Constitution, Article XI, Sections 4 to 7. The proceeds of the bonds, except as provided in section 12, subdivision 5, are appropriated to the Minnesota state energy fund. The amount of bonds issued pursuant to this authorization shall not exceed at any time the amount needed to produce a balance in the energy fund equal to the aggregate amount of the municipal loans and grants then approved and not previously disbursed, plus the amount of the loans and grants to be approved in the current and the following fiscal year, as estimated by the energy agency.

Sec. 14. [462A.27] [LOANS PROGRAM FOR LOW AND MODERATE INCOME PERSONS.] Subdivision 1. For purposes of this section only, the term "agency" shall mean the Minnesota housing finance agency.

Subd. 2. The agency shall establish a program of loans for persons of low and moderate income to improve the energy efficiency of their principal residences or to equip their principal residences for the use of renewable energy sources or traditional fuels that are less costly and more plentiful. Both renters and homeowners are eligible for loans offered under this program.

Subd. 3. Expenses that qualify for loans under this section shall be established by rule but shall include:

(a) weatherization retrofit materials or materials and labor on residences constructed prior to January 1, 1980,

241.021 [LICENSING AND SUPERVISION OF INSTITUTIONS AND FACILITIES.] Subdivision 1. [SUPERVISION OVER CORRECTIONAL INSTITUTIONS; ADVISORY TASK FORCES.] (1) The commissioner of corrections shall inspect and license all correctional facilities throughout the state, whether public or private, established and operated for the detention and confinement of persons detained or confined therein according to law except to the extent that they are inspected or licensed by other state regulating agencies. He shall promulgate pursuant to chapter 15, rules establishing minimum standards for these facilities with respect to their management, operation, physical condition, and the security, safety, health, treatment and discipline of persons detained or confined therein. Commencing September 1, 1980, no individual, corporation, partnership, voluntary association or other private organization legally responsible for the operation of a correctional facility may operate the facility unless licensed by the commissioner of corrections. (THE COMMISSIONER MAY PROVIDE BY RULE FOR PROVISIONAL LICENSES WHICH AUTHORIZE THE OPERATION OF A CORRECTIONAL FACILITY ON A TEMPORARY BASIS WHERE THE OPERATOR IS TEMPORARILY UNABLE TO COMPLY WITH ALL OF THE REQUIREMENTS FOR A LICENSE. NOTWITHSTANDING THE PROVISIONS OF SECTIONS 15.0412 AND 15.0413, RULES SETTING STANDARDS FOR GROUP HOMES ESTABLISHED UNDER THE DIRECTION OF THE JUVENILE COURT SHALL NOT TAKE EFFECT UNTIL SEPTEMBER 1, 1979) *The commissioner shall annually review the correctional facilities described in this subdivision, except as otherwise provided herein, to determine compliance with the minimum standards established pursuant to this subdivision. The commissioner shall grant a license to any facility found to conform to minimum standards or to any facility which, in his judgment, is making satisfactory progress toward substantial conformity and the interests and well-being of the persons detained or confined therein are protected.* The commissioner shall have access to the buildings, grounds, books, records, staff and to persons detained or confined in these facilities. He may require the officers in charge of these facilities to furnish all information and statistics he deems necessary, upon forms furnished by him.

(2) Any state agency which regulates, inspects, or licenses certain aspects of correctional facilities shall, insofar as is possible, ensure that the minimum standards it requires are substantially the same as those required by other state agencies which regulate, inspect, or license the same aspects of similar types of correctional facilities, although at different correctional facilities.

(3) Nothing in this section shall be construed to limit the commissioner of corrections' authority to promulgate rules establishing standards of eligibility for counties to receive funds under sections 401.01 to 401.16, or to require counties to comply with operating standards the commissioner establishes as a condition precedent for counties to receive that funding.

(4) When the commissioner finds that any facility described in clause (1) of this subdivision, except foster care facilities for delinquent children and youth as provided in subdivision 2, does not *substantially* conform to the minimum standards established by (LAW OR BY) the commissioner *and is not making satisfactory progress toward substantial conformance*, he shall promptly notify the chief executive officer and the governing board of the facility of the deficiencies and order that they be remedied within a reasonable period of time. The commissioner may by written order restrict the use of any facility which does not substantially conform to minimum standards to prohibit the detention of any person therein for more than 72 hours at one time. When, after due notice and hearing, the commissioner finds that any facility described in this subdivision, except county jails and lockups as provided in sections 641.26, 642.10, and 642.11, does not conform to minimum standards, or is not making satisfactory progress toward substantial compliance therewith, he may issue his order revoking the license of that facility. After revocation of its license, that facility shall not be used until its license is renewed. When the commissioner is satisfied that satisfactory progress towards substantial compliance with minimum standard is being made, he may, at the request of the appropriate officials of the affected facility supported by a written schedule for compliance, grant an extension of time for a period not to exceed one year.

(5) As used in this subdivision, "correctional facility" means any facility, including a group home, having a residential component, the primary purpose of which is to serve persons placed therein by a court, court services department, parole authority, or other correctional agency having dispositional power over persons charged with, convicted or adjudicated to be guilty or delinquent.

The proceeds and

income from all industrial and commercial activities conducted at state correctional facilities shall be deposited in the correctional industries revolving fund subject to disbursement as hereinabove provided. *The commissioner of corrections may request that money in the fund be invested pursuant to section 11.10; the proceeds from the investment not currently needed shall be accounted for separately and credited to the fund.*

256D.05 [ELIGIBILITY FOR GENERAL ASSISTANCE.]
Subdivision 1. [STANDARDS.] *The commissioner shall establish minimum standards of assistance for general assistance, and those minimum standards of assistance shall not be lower for an individual sharing a place of residence with another person unless that person is a responsible relative who is also eligible for general assistance. The minimum standards of assistance shall determine the total amount of the general assistance grant without separate standards for shelter, utilities or basic needs and shall not be less than the combined total of the minimum standards of assistance for shelter and basic needs in effect on July 1, 1980. The minimum standards may require higher payments for persons who are not able to accept suitable employment due to advanced age, a physical or mental impairment expected to continue for one or more months, or other determinable cause defined in rules promulgated by the commissioner. The minimum standards of assistance shall authorize the payment of rates negotiated by local agencies for recipients living in a room and board arrangement. In order to maximize the use of federal funds, the commissioner shall promulgate rules, to the extent permitted by federal law for eligibility for the emergency assis-*

tance program, under the terms of sections 256D.01 to 256D.18 for general assistance. The commissioner shall provide by rule for the eligibility for general assistance of persons with seasonal income, and may attribute seasonal income to other periods not in excess of one year from receipt by an applicant or recipient. Each person or family whose income and resources are less than the standard of assistance established by the commissioner shall be eligible for and entitled to general assistance; provided that no individual shall be eligible for general assistance if he is eligible for any of the following federally aided assistance programs: emergency assistance, aid to families with dependent children, or any successor to the above.

Sec. 13. Minnesota Statutes 1978, Section 256D.06, Subdivision 1, is amended to read:

256D.06 [AMOUNT OF ASSISTANCE.] Subdivision 1. General assistance shall be granted in such an amount that when added to the nonexempt income actually available to the individual or family, the total amount equals the applicable standard of assistance established by the commissioner for general assistance. *In determining eligibility for and the amount of assistance the local agency shall disregard the first \$50 of earned income per month.*

Sec. 14. Minnesota Statutes 1978, Section 256D.06, Subdivision 2, is amended to read:

Subd. 2. Notwithstanding the provisions of subdivision 1, a grant of general assistance (MAY) *shall be made to an eligible individual or family (FOR ONE OR MORE ITEMS ENCOMPASSED WITHIN THE DEFINITION OF GENERAL ASSISTANCE) for an emergency need, as defined in rules promulgated by the commissioner, where the applicant or recipient requests temporary assistance not exceeding 30 days (AND) if an emergency situation appears to exist (IF) and the individual is ineligible for the federally aided program of emergency assistance. If an applicant or recipient relates facts to the local agency which may be sufficient to constitute an emergency situation, the local agency shall advise the applicant or recipient of the procedure for applying for assistance pursuant to this subdivision.*

Sec. 15. Minnesota Statutes 1978, Section 256D.06, is amended by adding a subdivision to read:

Subd. 3. When a general assistance grant is used to pay a negotiated rate for a recipient living in a room and board or congregate care arrangement, the allowance for clothing and personal needs shall not be less than that authorized for a medical assistance recipient pursuant to section 256B.35.

256D.07 [TIME OF PAYMENT OF ASSISTANCE.] *Subdivision 1.* An applicant for general assistance or *general assistance* medical care authorized by section 256D.03, subdivision 3 shall be deemed presumptively eligible if his application on its face demonstrates that he is within the eligibility criteria established by (LAWS 1973, CHAPTER 650, ARTICLE 21) *sections 256D.05 and 256D.06* and any applicable rules (AND REGULATIONS) of the commissioner. The application shall be in writing in the manner and upon the form prescribed by the commissioner and verified by the oath of the applicant or in lieu thereof shall contain the following declaration which shall be signed by the applicant: "I declare that this application has been examined by me and to the best of my knowledge and belief is a true and correct statement of every material point." General assistance shall be immediately granted to such presumptively eligible applicant without the necessity of first securing action by the board of the local agency.

If upon verification and due investigation it appears that the applicant provided false information and the false information materially affected his eligibility for general assistance or *general assistance* medical care provided pursuant to section 256D.03, subdivision 3 or the amount of his general assistance grant, the local agency may refer the matter to the county attorney. The county attorney may commence a criminal prosecution or a civil action for the recovery of any general assistance wrongfully received, or both.

Subd. 2. General assistance payments shall not be reduced on the basis of the availability of nonexempt earned income during the first month in which nonexempt earned income is available to a recipient.

Sec. 17. Minnesota Statutes, 1979 Supplement, Section 256D.08, subdivision 1, is amended to read:

256D.08 [EXCLUSION FROM RESOURCES.] *Subdivision 1.* In determining eligibility of a family or individual there shall be excluded the following resources:

The commissioner shall further provide by rule (AND REGULATION) for those situations in which property *not excluded under this subdivision* may be retained by the family or individual where there is a reasonable probability that in the foreseeable future the property will be used for the self-support of the individual or family; and

Sec. 18. Minnesota Statutes 1978, Section 256D.08, Subdivision 2, is amended to read:

Subd. 2. Notwithstanding any other provision of (LAWS 1973, CHAPTER 650, ARTICLE 21) *sections 256D.01 to 256D.-18*, the commissioner shall provide by rule (AND REGULATION) for the exclusion of property from the determination of eligibility for general assistance when it appears likely that the need for general assistance will not exceed 30 days (AND) *or an undue hardship would be imposed on an individual or family by the forced disposal of (SUCH) the property.*

Nothing herein shall deprive a recipient of his right to full administrative and judicial review of an order or determination of a local agency as provided for in section (256D.12) 256.045 subsequent to any action taken by a local agency after a prior hearing.

Sec. 21. Minnesota Statutes 1978, Section 256D.11, Subdivision 2, is amended to read:

Local agencies shall adopt a list of work priorities to be met through the employment of eligible recipients when such recipients are *determined, in accordance with rules promulgated by the commissioner, to be unable to gain suitable* employment through the state employment service or through their own initiative. *Upon a determination that a recipient is unable to gain suitable employment through the state employment service or through his own initiative, the local agency may assign the recipient such work or training program as he is able to perform but which is not that ordinarily performed and which would supplement but not replace projects which are ordinarily performed by regular employees of the county.*

The contract agreed upon by the commissioner shall provide for the necessary methods of funding work equity program jobs, which methods may include a transfer of state and local agency general assistance grant moneys directly to the governor's manpower office. Subd. 3. The minimum acreage requirement in subdivision 1 may be reduced to 35 acres provided the land is a single quarter/quarter parcel and the amount less than 40 acres is due to a public road right-of-way or a perturbation in the rectangular survey system resulting in a quarter/quarter of less than 40 acres.

Subd. 4. Contiguous long term agricultural land comprising not less than 20 acres and surrounded by eligible land on not less than two sides shall be eligible for designation as an agricultural preserve provided the authority by resolution determines that: (i) the land area predominantly comprises Class I, II, III, or is irrigated Class IV land according to the Land Capability Classification Systems of the Soil Conservation Service and the county soil survey; (ii) the land area is considered by the authority to be an essential part of the agricultural region; and (iii) the parcel was a parcel of record prior to January 1, 1980, or the land was an agricultural preserve prior to becoming a separate parcel of at least 20 acres.

Notification of the decertification shall be published in a newspaper having a general circulation within the area of jurisdiction of the authority.

Subd. 3. The authority shall provide the metropolitan council with suitable maps showing any lands certified eligible pursuant to subdivision 1 or decertified pursuant to subdivision 2. Sec. 5. [APPLICATION; COVENANT AGREEMENT.]

Subd. 2. A landowner may initiate expiration by notifying the authority on a form provided by the commissioner of agriculture. The notice shall describe the property for which expiration is desired and shall state the date of expiration which shall be at least eight years from the date of notice. The notice and expiration may be rescinded by the owner at any time during the first two years following notice.

Subd. 3. The authority may initiate expiration by notifying the landowner by registered letter on a form provided by the commissioner of agriculture, provided that before notification (i) the comprehensive plan and the zoning for the land have been officially amended so that the land is no longer planned for long term agriculture and is no longer zoned for long term agriculture, evidenced by a maximum residential density permitting more than one unit per quarter/quarter, and (ii) the authority has certified such changes pursuant to section 4, subdivision 2. to its agricultural capability value, notwithstanding Minnesota Statutes, Sections 272.03, Subdivision 8, and 273.11. Agricultural capability value shall be determined in a manner prescribed by the commissioner of revenue for this purpose. Factors that shall be considered when applicable are rent capitalization, crop equivalency rating, climate, soils, distance from market, normal farm practices, crops, commodity prices, transportation costs, and interest rates. Added value from nonagricultural factors shall not be considered.

Subd. 3. (a) After the assessor has determined the market value of all land valued according to subdivision 2, he shall compute the assessed value of those properties by applying the appropriate classification percentages. When the county auditor computes the rate of tax pursuant to Minnesota Statutes, Section 275.09, he shall include the assessed value of land as provided in this clause.

(b) The county auditor shall compute the original ad valorem property taxes on lands valued according to subdivision 2 and nonresidential buildings by multiplying the assessed value times the total rate of tax for all purposes as provided in clause (a).

(c) The county auditor shall then compute the maximum ad valorem property tax on lands valued according to subdivision 2 and nonresidential buildings by multiplying the assessed value times 105 percent of the previous year's statewide average township mill rate for all purposes.

(d) The tax due and payable by the owner of preserve land valued according to subdivision 2 and nonresidential buildings is the amount determined in clause (b) or (c), whichever is less. If the gross tax in clause (c) is less than the gross tax in clause (b), the state shall reimburse the taxing jurisdictions for the amount of difference.

The county auditor shall certify to the commissioner of revenue on or before June 1, 1982, and each year thereafter, the total amount of tax lost to the taxing jurisdictions located within his county as a result of this subdivision. Payments shall be made by the state annually on July 15, 1982 and each year thereafter to each of the affected taxing jurisdictions. There is annually appropriated from the general fund in the state treasury to the commissioner of revenue an amount sufficient to make the reimbursement provided in this subdivision.

Sec. 11. [LIMITATION ON CERTAIN PUBLIC PROJECTS.] Notwithstanding Minnesota Statutes, Chapter 429, construction projects for public sanitary sewer systems and public water systems benefiting land or buildings in agricultural preserves shall be prohibited. New connections between land or buildings in agricultural preserves and sanitary sewers or wa-

ter systems shall be prohibited. Public sanitary sewer or water systems built in the vicinity of agricultural preserves are deemed of no benefit to the land and buildings in agricultural preserves.

Sec. 12. [PROTECTION FOR NORMAL FARM PRACTICES.] Local governments and counties shall be prohibited from enacting ordinances or regulations within an agricultural preserve which would unreasonably restrict or regulate normal farm structures or farm practices in contravention of the purpose of sections 2 to 19 unless the restriction or regulation bears a direct relationship to the public health and safety. This section shall apply to the operation of farm vehicles and machinery in the planting, maintenance and harvesting of crops and in the care and feeding of farm animals, the type of farming, and the design of farm structures, exclusive of residences.

Sec. 13. [STATE AGENCIES TO BE SUPPORTIVE.] Subdivision 1. It shall be the policy of all state agencies to encourage the maintenance of viable farming in agricultural preserves.

Subd. 2. The joint legislative committee on agricultural and forest land shall undertake a study of state agency regulations which negatively affect long term agricultural lands. The committee shall identify any state regulations which have the effect of favoring nonagricultural development and adversely affecting the long term nature of farming in an agricultural preserve. For any regulations so identified, the committee shall propose modifications for application to agricultural preserves that would be supportive of agriculture as the primary and long term use of land within an agricultural preserve while maintaining the statutory objective to protect the health, safety, and welfare of the public. The committee shall make a report on this study to the legislature by January 1, 1982.

Subd. 3. The joint committee shall study at least the following state agency rules and regulations:

APC6, preventing particulate matter from becoming airborne;

APC8, open burning;

APC9, control of odors in ambient air;

APC29, standards of performance for grain handling facilities;

SW54, location requirements for livestock feedlots, poultry lots, and other animal lots;

SW55, nonconforming feedlots;

WPC40, regulation for the administration of municipal facilities assistance program and the Minnesota state water pollution control fund and federal grant funds allotted to Minnesota;

6MCAR 3, routing high voltage transmission lines and siting large electric power generating plants.

Sec. 14. [ANNEXATION PROCEEDINGS.] Agricultural preserve land within a township shall not be annexed to a municipality pursuant to Minnesota Statutes, Chapter 414, without a specific finding by the Minnesota municipal board that either (a) the expiration period as provided for in section 8 has begun; (b) the surviving unit of government due to size, tax base, population or other relevant factors would not be able to provide normal governmental functions and services; or (c) the agricultural preserve would be completely surrounded by lands within a municipality.

This section shall not apply to annexation agreements approved by the Minnesota municipal board prior to creation of the preserve.

Sec. 15. [EMINENT DOMAIN ACTIONS.] Subdivision 1. Any agency of the state, any public benefit corporation, any local, county or regional unit of government, or any other entity possessing powers of eminent domain under Minnesota Statutes, Chapter 117, shall follow the procedures contained in this section before (1) moving to acquire any land or easement having a gross area over ten acres in size within agricultural preserves and on certified long term agricultural land; or (2) moving to advance a grant, loan, interest subsidy or other funds for the construction of dwellings, commercial or industrial facilities, or water or sewer facilities that could be used to serve nonfarm structures within agricultural preserves and on certified long term agricultural land.

Subd. 2. Notice of intent shall be filed with the environmental quality board 60 days prior to such action containing information and in the manner and form required by the environmental quality board. The notice of intent shall contain a report justifying the proposed action, including an evaluation of alternatives which would not require acquisition within agricultural preserves and on certified long term agricultural land.

Subd. 3. The environmental quality board, in consultation with affected units of government, shall review the proposed action to determine the effect on the preservation and enhancement of agriculture and agricultural resources within the preserves and on certified long term agricultural land, and the relationship to local and regional comprehensive plans.

Subd. 4. The environmental quality board shall issue an order within the 60 day period for the party to desist from such action for an additional 60 day period.

Subd. 5. During the additional 60 day period, the environmental quality board shall hold a public hearing pursuant to the contested case provisions of Chapter 15 concerning the proposed action at a place within the preserve or otherwise easily accessible to the preserves and on certified long term agricultural land upon notice in a newspaper having a general circulation within the area of the preserves and on certified long term agricultural land, and individual notice, in writing, to the municipalities whose territory encompasses the preserves and on certified long term agricultural land, and the agency, corporation or government proposing to take the action, to any public agency having the power of review of or approval of the action, and in a manner conducive to the wide dissemination of the findings to the public.

Subd. 6. The review process required in this section may be conducted jointly with any other environmental impact review conducted by the environmental quality board.

Subd. 7. The environmental quality board may request the attorney general to bring an action to enjoin any agency, corporation or government from violating the provisions of this section.

Subd. 8. This section shall not apply to an emergency project which is immediately necessary for the protection of life and property.

Subd. 9. The environmental quality board shall suspend any eminent domain action indefinitely when, it determines it is contrary to the purposes of sections 2 to 19 and for which it determines there are reasonable and cost effective alternatives which have less negative impact on the agricultural preserves and on certified long term agricultural land.

Sec. 16. [CONSERVATION.] Subdivision 1. Land within an agricultural preserve shall be farmed and otherwise managed according to sound soil and water conservation management practices. Management practices which are not sound shall be any use of the land resulting in wind or water erosion in excess of the soil loss tolerance for each soil type as found in the United States soil conservation service, Minnesota technical guide.

Subd. 2. The authority shall be responsible for enforcing this section. Upon receipt of a written complaint stating the conditions or land management practices which are believed to be in violation of this section, the authority shall consult with

the county soil and water conservation district. The district shall determine the average soil loss in tons per acre per year for each field cited in the complaint according to the universal soil loss equation and the wind erosion equation, and shall return to the authority a report showing the average soil loss in tons per acre per year for each field and a list of alternative practices that the landowner can use to reduce the soil loss to the limit allowed in subdivision 1. After consultation, and if in the judgment of the authority there is ample evidence that the land is not being managed properly as required by this section, the authority shall adopt a resolution to this effect and shall seek corrective measures from the owner. At the request of the landowner, the district shall assist in the planning, design and application of the practices selected to reduce the soil loss to an acceptable level and shall give such landowners a high priority for providing technical and cost share assistance.

Subd. 3. Any owner who fails to implement corrective measures to the satisfaction of the authority within one year of notice from the authority shall be subject to a fine of not more than \$1,000. The authority may recover the penalty by a civil action in a court of competent jurisdiction.

Subd. 4. Costs incurred by the authority in the enforcement of this section may be charged to the property owner. Charges not timely paid may be placed on the tax rolls and collected as a special assessment against the property.

Sec. 17. [LAND USE.] Subdivision 1. Land within an agricultural preserve shall be maintained for agricultural production. The average maximum density of residential structures within an agricultural preserve shall not exceed one unit per 40 acres. The location of any new structure shall conform to locally applicable zoning regulations. Commercial and industrial uses shall not be permitted except that small on-farm commercial or industrial operations normally associated with and important to farming in the area may be permitted by the authority. The authority shall be responsible for enforcing this section.

Subd. 2. When a separate parcel is created for a residential structure permitted under subdivision 1, the parcel shall cease to be an agricultural preserve unless the eligibility requirements of section 3 are met. However, the residential unit shall continue to be included in the maximum residential density for the original preserve.

Sec. 18. [TRANSFER FROM AGRICULTURAL PROPERTY TAX LAW TREATMENT.] When land which has been receiving the special agricultural valuation and tax deferment provided in Minnesota Statutes, Section 273.111, becomes an agricultural preserve pursuant to sections 2 to 19, the recapture of deferred tax and special assessments, as provided in Minne-

sota Statutes, Section 273.111, Subdivisions 9 and 11, shall not be made. Special assessments deferred under Minnesota Statutes, Section 273.111, at the date of commencement of the preserve shall continue to be deferred for the duration of the preserve. All special assessments so deferred shall be payable within 90 days of the date of expiration unless other terms are mutually agreed upon by the authority and the owner. In the event of early termination under section 9, all special assessments plus interest shall be payable within 90 days of the date of termination unless otherwise deferred or abated by executive order of the governor.

Sec. 19. [EFFECTIVE DATE.] This act shall become effective on June 1, 1980."

The commission and department shall ascertain the expenses, and the department shall render a bill therefor to the public utility, either at the conclusion of the investigation, appraisal, or services, or from time to time during its progress, which bill shall constitute notice of the assessment and a demand for payment. The amount of the bills so rendered by the department shall be paid by the public utility into the state treasury within 30 days from the date of rendition. The total amount, in any one calendar year, for which any public utility shall become liable, by reason of costs incurred by the commission within that calendar year, shall not exceed two-fifths of one percent of the gross operating revenue from retail sales of gas, or electric service by the public utility within the state in the last preceding calendar year. Where, pursuant to this subdivision, costs are incurred within any calendar year which are in excess of two-fifths of one percent of the gross operating revenues, the excess costs shall not be chargeable as part of the remainder under subdivision 3, but shall be paid out of the general appropriation to the department and commission. In the case of public utilities offering more than one public utility service only the gross operating revenues from the public utility service in connection with which the investigation is being conducted shall be considered when determining this limitation.

Subd. 3. The department and commission shall annually, within 90 days after the close of each fiscal year, ascertain the

total of (ITS) *their* expenditures to the performance of (ITS) *their* duties relating to public utilities under Laws 1974, Chapter 429, and shall deduct therefrom all amounts chargeable to public utilities under subdivision 2. The remainder shall be assessed by the commission *and department* to the several public utilities in proportion to their respective gross operating revenues from retail sales of gas or electric service within the state during the last calendar year. The assessment shall be paid into the state treasury within 30 days after the bill has been mailed to the several public utilities, which shall constitute notice of the assessment and demand of payment thereof. The total amount which may be assessed to the public utilities, under authority of this subdivision, shall not exceed one-eighth of one percent of the total gross operating revenues of the public utilities during such calendar year from retail sales of gas or electric service within the state.

Subd. 4. Within 30 days after the date of the mailing of any bill as provided by subdivisions 2 and 3, the public utility against which the bill has been rendered may file with the commission objections setting out the grounds upon which it is claimed the bill is excessive, erroneous, unlawful or invalid. The commission shall within 60 days hold a hearing and issue an order in accordance with its findings. The order shall be appealable in the same manner as other final orders of the commission.

Subd. 5. The commission *and department* shall be authorized to charge cooperative electric associations their proportionate share of the expenses incurred in the adjudication of service area disputes and all of the costs incurred in the adjudication of complaints over service standards and practices. Cooperative electric associations electing to become subject to rate regulation by the commission pursuant to section 216B.02, subdivision 4, shall be subject to this section.

The attorney general shall perform all duties and services in connection with Laws 1974, Chapter 429 and the enforcement thereof as the commission *or department* may require. He shall also bring all actions to collect penalties herein provided.

Sec. 18. Minnesota Statutes 1978, Section 237.02, is amended to read:

237.02 [UNDER DEPARTMENT OF PUBLIC SERVICE AND PUBLIC UTILITIES COMMISSION.] The department of public service and the public utilities commission, now existing under the laws of this state, (IS) are hereby vested with the same jurisdiction and supervisory power over telephone companies doing business in this state as it now has over railroad and express companies (;). (AND, WHEREVER THE TERM "DEPARTMENT" IS USED IN THIS CHAPTER, IT SHALL MEAN THE DEPARTMENT OF PUBLIC SERVICE) *The definitions set forth in section 216A.02 shall apply also to this chapter.*

Sec. 19. Minnesota Statutes 1978, Section 237.12, is amended to read:

237.12 [CONNECTIONS BETWEEN TELEPHONE COMPANIES DISCONTINUED ONLY ON ORDER.] When public convenience requires the same, every telephone company shall, for a reasonable compensation, permit a physical connection or connections to be made, and telephone service to be furnished between any telephone exchange system operated by it, and the telephone toll line or lines operated by another company, or between its telephone toll line or lines and the telephone exchange system of another telephone company, or between its toll line and the toll line of another company, whenever such physical connection or connections are practicable and will not result in irreparable injury to the telephone system so compelled to be connected. The term "physical connection," as used in this section, means such number of trunk lines or complete wire circuits and connections as may be required to furnish reasonable and adequate service between such telephone lines and exchanges and shall not be deemed to provide for any connection whereby one line or circuit is to be bridged upon another line or circuit. In case of failure of the telephone companies concerned to allow or agree upon such physical connection or connections, or the terms and conditions upon which the same shall be made, application may be made to the department for an order requiring such connection and fixing the compensation, terms and conditions thereof, and if after investigation and hearing the department shall find that such physical connections will not result in irreparable injury to such telephone properties, it shall by order direct that such connections be made, and prescribe reasonable conditions and compensation therefor and for the joint use thereof, and by whom the expense of making and maintaining such connection or connections shall be paid. When application is made to the department requesting physical connection it shall be presumed that such connection is necessary, and that the public convenience will be promoted thereby, and the burden of overcoming such presumption shall be upon the party resisting such application. The telephone companies so connecting shall give service over the connecting line or lines without preference to or discrimination against any service or telephone company whatever.

Wherever a physical connection or connections exist between any telephone exchange system operated by a telephone company and the toll line or lines operated by another telephone company or between its toll line or lines and the telephone exchange system of another telephone company, or between its toll line and the toll line of another telephone company, neither of the companies shall cause such connection to be severed or the service between the companies to be discontinued without first obtaining an order from the department upon an application for permission to discontinue such physical connection. Upon the filing of an application for discontinuance of such a connection, the department shall investigate and ascertain whether public convenience requires the continuance of such physical connection, and if the department so finds, *the commission* shall fix the compensation, terms and conditions of the continuance of the physical connection and service between the telephone companies.

Sec. 20. Minnesota Statutes 1978, Section 237.295, Subdivision 1, is amended to read:

237.295 [COST OF EXAMINATION; ASSESSMENT OF EXPENSES; LIMITATION; OBJECTIONS.] Subdivision 1. Whenever the department or *commission*, in a proceeding upon its own motion, on complaint, or upon an application to it, shall deem it necessary in order to carry out the duties imposed on it to investigate the books, accounts, practices, and activities of, or make appraisals of the property of any telephone company, or to render any engineering or accounting services to any telephone company, the telephone company shall pay the expenses reasonably attributable to the investigation, appraisal, or service. The department and *commission* shall ascertain the expenses, and *the department* shall render a bill therefor to the telephone company, either at the conclusion of the investigation, appraisal, or services, or from time to time during its progress, which bill shall constitute notice of the assessment and a demand for payment. The amount of the bills so assessed by the department shall be paid by the telephone company into the state treasury within 30 days from the date of assessment. The total amount, in any one calendar year, for which any telephone company shall become liable, by reason of costs incurred by the department and *commission* within that calendar year, shall not exceed two-fifths of one percent of the gross jurisdictional operating revenue of the telephone company in the last preceding calendar year. Where, pursuant to this subdivision, costs are incurred within any calendar year which are in excess of two-fifths of one percent of the gross jurisdictional operating revenues, the excess costs shall not be chargeable as part of the remainder under subdivision 2, but shall be paid out of the general appropriation of the department.

Sec. 21 Minnesota Statutes 1978, Section 237.295, Subdivision 2, is amended to read:

Subd. 2. The department and *commission* shall annually, within 90 days after the close of each fiscal year, ascertain the

total of its expenditures to the performance of its duties relating to telephone companies, and shall deduct therefrom all amounts chargeable to telephone companies under subdivision 1. The remainder shall be assessed by the department to the several telephone companies in proportion to their respective gross jurisdictional operating revenues during the last calendar year. The assessment shall be paid into the state treasury within 30 days after the bill has been mailed to the several telephone companies, which shall constitute notice of the assessment and demand of payment thereof. The total amount which may be assessed to the telephone companies, under authority of this subdivision, shall not exceed one-eighth of one percent of the total gross jurisdictional operating revenues during such calendar year.

Sec. 22. [TRANSFER OF COMPLEMENT, FUNDS, EQUIPMENT.] *All unexpended funds appropriated to the department of public service for the commission support division by the Laws 1979, Chapter 333, Section 37, are hereby transferred to the public utilities commission. The department of finance shall determine what funds are to be transferred.*

[473.406] [CERTAIN PROCUREMENT CONTRACTS.]
Subdivision 1. [DEFINITIONS.] For purposes of this section the following terms have the meanings given to them, except where the context clearly indicates a different meaning is intended:

(a) "Socially or economically disadvantaged person" means a person who has been deprived of the opportunity to develop and maintain a competitive position in the economy because of social or economic disadvantage. This disadvantage may arise from cultural, social or economic circumstances or background, physical location if the person resides or is employed in an area declared as a labor surplus area by the United States department of commerce, physical handicap, or other similar cause.

(b) "Award" means the granting of a contract in accordance with all applicable laws, regulations and rules governing competitive bidding except as hereinafter specially modified.

(c) "Contract" means an agreement entered into between a business entity and the metropolitan transit area, by its governing body, the metropolitan transit commission, including construction contracts.

The failure of the commission to set aside particular procurements shall not be deemed to prohibit or discourage business entities controlled by socially or economically disadvantaged persons or handicapped persons from seeking the procurement award through the normal solicitation and bidding processes.

Subd. 3. [NEGOTIATED PRICE OR BID CONTRACT.] The commission may elect to use either a negotiated price or bid contract procedure in the awarding of a procurement contract under the set-aside program established in this section. The amount of an award based on a negotiated price shall not exceed by more than five percent the commission's estimated price for the goods or services if they were purchased on the open market and not under the set-aside program.

Subd. 4. [DETERMINATION OF ABILITY TO PERFORM.] Before announcing a set-aside award, the commission

shall evaluate whether the business entity controlled by socially or economically disadvantaged persons or handicapped persons scheduled to receive the award is able to perform the set-aside contract. This determination may include consideration of production and financial capacity and technical competence.

Subd. 5. [RECOURSE TO OTHER BUSINESSES.] *If this section does not operate to extend a contract award to a business entity controlled by socially or economically disadvantaged persons or handicapped persons, the award shall be placed pursuant to the normal solicitation and award procedures set forth in section 471.345.*

Subd. 6. [RULES.] *The commission shall promulgate by rule standards and procedures for certifying that business entities eligible to participate in the set aside program authorized in this section are controlled by socially or economically disadvantaged persons or handicapped persons. The commission shall promulgate other rules as may be necessary or advisable to carry out the provisions of this section.*

Subd. 7. [OTHER LAWS SUPERSEDED.] *In the event of conflict with other laws, regulations or rules, the provisions of this section and rules promulgated pursuant to it shall govern.*

(1) "Actual closing costs" mean reasonable charges for or sums paid for the following, whether or not retained by the mortgagee or lender:

(a) Any insurance premiums including but not limited to premiums for title insurance, fire and extended coverage insurance, flood insurance, and private mortgage insurance, but excluding any charges or sums retained by the mortgagee or lender as self-insured retention.

(c) The preparation and recording of any or all documents required by law or custom for closing a conventional loan.

(d) Appraisal and survey of real property securing a conventional loan.

(e) A single service charge, which (SHALL INCLUDE) includes any consideration, not otherwise specified herein as an "actual closing cost" paid by the borrower and received and re-

tained by the lender for or related to the acquisition, making, refinancing or modification of a conventional loan, and (SHALL) also (INCLUDE) *includes* any consideration received by the lender for making a borrower's interest rate commitment or for making a borrower's loan commitment, whether or not an actual loan follows (SUCH) *the* commitment. The term service charge (SHALL) *does* not include forward commitment fees. The service charge shall not exceed one percent of the original bona fide principal amount of the conventional loan, except that in the case of a construction loan, the service charge shall not exceed two percent of the original bona fide principal amount of the loan. That portion of the service charge imposed because the loan is a construction loan shall be itemized and a copy of the itemization furnished the borrower. A lender shall not collect from a borrower the additional one percent service charge permitted for a construction loan if it does not perform the service for which the charge is imposed or if third parties perform and charge the borrower for the service for which the lender has imposed the charge.

(f) Charges and fees necessary for or related to the transfer of real property securing a conventional loan or the closing of a conventional loan paid by the borrower and received by any party other than the lender.

The term mortgage (SHALL) *does* not include contracts for deed or installment land contracts.

(3) (4) "Forward commitment fee" means a fee or other consideration paid to a lender for the purpose of securing a binding forward commitment by or through the lender to make conventional loans to two or more credit worthy purchasers, including future purchasers, of residential units, or a fee or other consideration paid to a lender for the purpose of securing a binding forward commitment by or through the lender to make conventional loans to two or more credit worthy purchasers, including future purchasers, of apartments as defined in section 515.02

to be created out of existing structures pursuant to the Minnesota condominium act, provided that the forward commitment rate of interest does not exceed the maximum lawful rate of interest effective as of the date the forward commitment is issued by the lender.

((4)) (5) "Borrower's interest rate commitment" means a binding commitment made by a lender to a borrower wherein the lender agrees that, if a conventional loan is made following issuance of and pursuant to the commitment, the conventional loan shall be made at a rate of interest not in excess of the rate of interest agreed to in the commitment, provided that the rate of interest agreed to in the commitment is not in excess of the maximum lawful rate of interest effective as of the date the commitment is issued by the lender to the borrower.

((5)) (6) "Borrower's loan commitment" means a binding commitment made by a lender to a borrower wherein the lender agrees to make a conventional loan pursuant to the provisions, including the interest rate, of the commitment, provided that the commitment rate of interest does not exceed the maximum lawful rate of interest effective as of the date the commitment is issued and the commitment when issued and agreed to shall constitute a legally binding obligation on the part of the mortgagee or lender to make a conventional loan within a specified time period in the future at a rate of interest not exceeding the maximum lawful rate of interest effective as of the date the commitment is issued by the lender to the borrower; provided that a lender who issues a borrower's loan commitment pursuant to the provisions of a forward commitment is authorized to issue (SUCH) *the* borrower's loan commitment at a rate of interest not to exceed the maximum lawful rate of interest effective as of the date the forward commitment is issued by the lender.

((6)) (7) "Finance charge" means the total cost of a conventional loan including extensions or grant of credit regardless of the characterization of the same and includes interest, finders fees, and other charges levied by a lender directly or indirectly against the person obtaining the conventional loan or against a seller of real property securing a conventional loan, or any other party to the transaction except any actual closing costs and any forward commitment fee. The finance charges plus the actual closing costs and any forward commitment fee, charged by a lender shall include all charges made by a lender other than the principal of the conventional loan.

((7)) (8) "Lender" means any person making a conventional loan, or any person arranging financing for a conventional loan. The term (SHALL) also (INCLUDE) *includes* the holder or assignee at any time of a conventional loan.

((8)) (9) "Loan yield" means the annual rate of return obtained by a lender over the term of a conventional loan and shall

be computed as the annual percentage rate as computed in accordance with sections 226.5 (b), (c) and (d) of Regulation Z, 12 C.F.R. section 226, but using the definition of finance charge provided for in this subdivision.

((9)) (10) "Monthly index of long term United States government bond yields" means the monthly unweighted average of the daily unweighted average of the closing bid yield quotations in the over the counter market for all outstanding United States treasury bond issues, based on available statistics, which are either maturing or callable in ten years or more. This index is expressed in terms of percentage interest per annum.

((10)) (11) "Monthly index of the federal national mortgage association auction yields" means the gross weighted average yield of accepted offers in the second free market system conventional home mortgage auction held by the federal national mortgage association in a month.

((11)) (12) "Person" means an individual, corporation, business trust, partnership or association or any other legal entity.

((12)) (13) "Residential unit" means any structure used principally for residential purposes or any portion thereof, and (SHALL INCLUDE) *includes* a unit in a townhouse or planned unit development, a condominium apartment, a non-owner occupied residence, and any other type of residence regardless of whether such unit is used as a principal residence, secondary residence, vacation residence or residence of some other denomination.

(14) "*Vendor*" means any person or persons who agree to sell real estate and finance any part or all of the purchase price by a contract for deed. The term also includes the holder or assignee at any time of the vendor's interest in a contract for deed.

Sec. 2. Minnesota Statutes, 1979 Supplement, Section 47.20, Subdivision 3, is amended to read:

Subd. 3. Notwithstanding the provisions of section 334.01, lenders are authorized to make conventional loans and purchases of obligations representing conventional loans pursuant to (SUCH) rules (AS) the commissioner of banks finds to be necessary and proper, if any, at an interest rate not in excess of the maximum lawful interest rate prescribed in subdivision 4 or 4a. *Contract for deed vendors are authorized to charge interest on contracts for deed at an interest rate not in excess of the maximum lawful interest rate prescribed in subdivision 4 or 4a.*

Sec. 3. Minnesota Statutes, 1979 Supplement, Section 47.20, Subdivision 4, is amended to read:

Subd. 4. No conventional loan *or contract for deed* shall be made at a rate of interest or loan yield in excess of a maximum lawful interest rate which (SHALL BE) *is* based upon the monthly index of long term United States government bond yields as compiled by the United States treasury department and published by the department in the monthly treasury bulletin. The maximum lawful interest rate shall be computed as follows:

(1) The maximum lawful rate of interest for a conventional loan *or contract for deed* made or contracted for during any calendar month (SHALL BE) *is* equal to the monthly index of long term United States government bond yields for the second preceding calendar month plus an additional two percent per annum rounded off to the nearest quarter of one percent per annum or rounded off to the highest quarter of one percent per annum if equidistant.

(2) On or before the 20th day of each month the commissioner of banking shall determine, based on available statistics, the monthly index of long term United States government bond yields for the preceding calendar month and shall determine the maximum lawful rate of interest for conventional loans *or contracts for deed* for the next succeeding month, as defined in clause (1) and shall cause the maximum lawful rate of interest to be published in a legal newspaper in Ramsey County on or before the 20th day of each month and in the state register on or before the last day of each month; the maximum lawful rate of interest to be effective on the first day of the next succeeding month.

(3) A contract rate within the maximum lawful interest rate applicable to a conventional loan *or contract for deed* at the time the loan is made shall be the maximum lawful interest rate for the term of the conventional loan *or contract for deed*.

(4) *Contracts for deed executed pursuant to a commitment for a contract for deed, or conventional loans made pursuant to a borrower's interest rate commitment, or made pursuant to a borrower's loan commitment, or made pursuant to a commitment for conventional loans made upon payment of a forward commitment fee including a borrower's loan commitment issued pursuant to a forward commitment, which commitment provides for consummation within some future time following the issuance of the commitment may be consummated pursuant to the provisions, including the interest rate, of the commitment notwithstanding the fact that the maximum lawful rate of interest at the time the contract for deed or conventional loan is actually executed or made is less than the commitment rate of interest, provided the commitment rate of interest does not exceed the maximum lawful interest rate in effect on the date the commitment was issued. The refinancing of (a) an existing conventional loan, (b) a loan insured or guaranteed by the secretary of housing and urban development, the administrator*

of veterans affairs, or the administrator of the farmers home administration, or (c) a contract for deed by making a conventional loan (SHALL BE) is deemed to be a new conventional loan for purposes of determining the maximum lawful rate of interest under this subdivision. A borrower's interest rate commitment or a borrower's loan commitment (SHALL BE) is deemed to be issued on the date the commitment is hand delivered by the lender to, or mailed to the borrower. A forward commitment (SHALL BE) is deemed to be issued on the date the forward commitment is hand delivered by the lender to, or mailed to the person paying the forward commitment fee to the lender, or to any one of them if there should be more than one. *A commitment for a contract for deed is deemed to be issued on the date the commitment is initially executed by the contract for deed vendor or his authorized agent.*

(5) *A contract for deed executed pursuant to a commitment for a contract for deed, or a loan made pursuant to a borrower's interest rate commitment, or made pursuant to a borrower's loan commitment, or made pursuant to a forward commitment for conventional loans made upon payment of a forward commitment fee including a borrower's loan commitment issued pursuant to a forward commitment, issued on or before July 31, 1983 at a rate of interest not in excess of the rate of interest authorized by this subdivision at the time the commitment was made (SHALL CONTINUE) continues to be enforceable in accordance with its terms until the indebtedness is fully satisfied.*

(6) This subdivision expires July 31, 1983.

Sec. 4. Minnesota Statutes, 1979 Supplement, Section 47.20, Subdivision 4a, is amended to read:

Subd. 4a. No conventional loan or contract for deed shall be made at a rate of interest or loan yield in excess of a maximum lawful interest rate which shall be based upon the monthly index of the federal national mortgage association auction yields as compiled by the federal national mortgage association. The maximum lawful interest rate shall be computed as follows:

(1) The maximum lawful rate of interest for a conventional loan or contract for deed made or contracted for during any calendar month (SHALL BE) is equal to the monthly index of the federal national mortgage association auction yields for the first preceding calendar month rounded off to the next highest quarter of one percent per annum.

(2) On or before the last day of each month the commissioner of banking shall determine, based on available statistics, the monthly index of the federal national mortgage association auction yields for that calendar month and shall determine the

maximum lawful rate of interest for conventional loans *or contracts for deed* for the next succeeding month, as defined in clause (1) and shall cause the maximum lawful rate of interest to be published in a legal newspaper in Ramsey County on or before the first day of each month or as soon thereafter as practicable and in the state register on or before the last day of each month; the maximum lawful rate of interest to be effective on the first day of that month. If a federal national mortgage association free market system conventional home mortgage auction is not held in any month, the maximum lawful rate of interest determined by the commissioner of banks pursuant to the last auction (SHALL BE) *is* the maximum lawful rate of interest through the last day of the month in which the next auction is held.

(3) A contract rate within the maximum lawful interest rate applicable to a conventional loan *or contract for deed* at the time the loan is made (SHALL BE) *is* the maximum lawful interest rate for the term of the conventional loan *or contract for deed*.

(4) *Contracts for deed executed pursuant to a commitment for a contract for deed, or conventional loans made pursuant to a borrower's interest rate commitment or made pursuant to a borrower's loan commitment, or made pursuant to a commitment for conventional loans made upon payment of a forward commitment fee including a borrower's loan commitment issued pursuant to a forward commitment, which commitment provides for consummation within some future time following the issuance of the commitment may be consummated pursuant to the provisions, including the interest rate, of the commitment notwithstanding the fact that the maximum lawful rate of interest at the time the contract for deed or conventional loan is actually executed or made is less than the commitment rate of interest, provided the commitment rate of interest does not exceed the maximum lawful interest rate in effect on the date the commitment was issued. The refinancing of (a) an existing conventional loan, (b) a loan insured or guaranteed by the secretary of housing and urban development, the administrator of veterans affairs, or the administrator of the farmers home administration, or (c) a contract for deed by making a conventional loan (SHALL BE) is deemed to be a new conventional loan for purposes of determining the maximum lawful rate of interest under this subdivision. A borrower's interest rate commitment or a borrower's loan commitment (SHALL BE) is deemed to be issued on the date the commitment is hand delivered by the lender to, or mailed to the borrower. A forward commitment (SHALL BE) is deemed to be issued on the date the forward commitment is hand delivered by the lender to, or mailed to the person paying the forward commitment fee to the lender, or to any one of them if there should be more than one. A commitment for a contract for deed is deemed to be issued on the date the*

commitment is initially executed by the contract for deed vendor or his authorized agent.

(5) A contract for deed executed pursuant to a commitment for a contract for deed, or a loan made pursuant to a borrower's interest rate commitment, or made pursuant to a borrower's loan commitment, or made pursuant to a forward commitment for conventional loans made upon payment of a forward commitment fee including a borrower's loan commitment issued pursuant to a forward commitment, issued on or before November 30, 1982, at a rate of interest not in excess of the rate of interest authorized by this subdivision at the time the commitment was made (SHALL CONTINUE) *continues* to be enforceable in accordance with its terms until the indebtedness is fully satisfied.

(6) This subdivision supersedes subdivision 4 from May 31, 1979 until November 30, 1982.

(7) This subdivision expires November 30, 1982.

Sec. 5. Minnesota Statutes 1978, Section 47.20, is amended by adding a subdivision to read:

Subd. 13a. Any contract for deed having an interest rate in excess of the maximum lawful interest rate provided for in subdivision 4 or 4a as applicable is usurious. No contract for deed is unenforceable solely because the interest rate thereon is usurious. Persons who have paid usurious interest may recover an amount not to exceed five times the usurious portion of the interest paid under the contract for deed plus attorneys' fees from the person to whom the interest has been paid. The penalty provisions of chapter 334, do not apply to usurious contracts for deed.

Sec. 6. Minnesota Statutes 1978, Section 559.21, is amended to read:

559.21 [TERMINATION OF CONTRACT OF SALE; NOTICE, SERVICE AND RETURN, COSTS, REINSTATEMENT.] *Subdivision 1.* When default is made in the conditions of any contract for the conveyance of real estate or any interest therein *executed prior to May 1, 1980*, whereby the vendor has a right to terminate the same, he may do so by serving upon the purchaser, his personal representatives or assigns, either within or without the state, a notice specifying the conditions in which default has been made, and stating that (SUCH) *the* contract will terminate (1) 30 days after the service of (SUCH) *the* notice if the purchaser has paid less than 30 percent of the purchase price, exclusive of interest thereon, and any mortgages or prior contracts for deed which are assumed by the purchaser, (2) 45 days after service of (SUCH) *the* notice if the purchaser has paid 30 percent, or more, but less than 50 percent of the purchase price, exclusive of interest there-

on, and any mortgages or prior contracts for deed which are assumed by the purchaser, (3) 60 days after service of (SUCH) *the* notice if the (VENDEE) *purchaser* has paid 50 percent, or more, of the purchase price, exclusive of interest thereon, and any mortgages or prior contracts for deed which are assumed by the purchaser, unless prior thereto the purchaser (SHALL COMPLY) *complies* with (SUCH) *the* conditions and (PAY) *pays* the costs of service, the mortgage registration tax, if actually paid by the vendor, together with an amount to apply on attorneys' fees actually expended or incurred, of \$75 when the amount in default is less than \$750, and of \$200 when the amount in default is \$750 or more; provided, however, that no amount (SHALL BE) *is* required to be paid for attorneys' fees as provided hereunder, unless some part of the conditions of default (SHALL HAVE) *has* existed at least 45 days prior to the date of service of (SAID) *the* notice.

Subd. 2. When default is made in the conditions of any contract for the conveyance of real estate or any interest therein executed on or after May 1, 1980, whereby the vendor has a right to terminate the same; he may do so by serving upon the purchaser, his personal representatives or assigns, either within or without the state, a notice specifying the conditions in which default has been made, and stating that the contract will terminate (1) 30 days after the service of the notice if the purchaser has paid less than 10 percent of the purchase price, exclusive of interest thereon, and any mortgages or prior contracts for deed which are assumed by the purchaser, (2) 60 days after service of the notice if the purchaser has paid 10 percent, or more, but less than 25 percent of the purchase price, exclusive of interest thereon, and any mortgages or prior contracts for deed which are assumed by the purchaser, (3) 90 days after service of the notice if the purchaser has paid 25 percent, or more, of the purchase price, exclusive of interest thereon, and any mortgages or prior contracts for deed which are assumed by the purchaser, unless prior thereto the purchaser complies with the conditions and makes all payments due and owing to the vendor under the contract through the date payment is made and pays the costs of service, the mortgage registration tax, if actually paid by the vendor, together with an amount to apply on attorneys' fees actually expended or incurred, of \$125 when the amount in default is less than \$750, and of \$250 when the amount in default is \$750 or more; provided, however, that no amount is required to be paid for attorneys' fees as provided hereunder, unless some part of the conditions of default has existed at least 45 days prior to the date of service of the notice.

Subd. 3. [DEFINITION OF NOTICE.] For purposes of this section, the term "notice" means a writing stating the information required in this section, stating the name, address and telephone number of the vendor or of an attorney autho-

ized by the vendor to accept payments pursuant to the notice, and the fact that the person named is authorized to receive the payments, and including the following information in 12 point or larger bold type or in large legible handwritten letters:

(a) For contracts executed prior to May 1, 1980:

This notice is to inform you that by this notice the seller has begun proceedings under Minnesota Statutes, Section 559.21, to terminate your contract for deed for the reasons specified in this notice. The contract will terminate days after (service of this notice upon you) (the first date of publication of this notice) unless before then the person authorized in this notice to receive payments receives from you the amount this notice says you owe plus the costs of service of this notice together with the mortgage registration tax of \$ and \$ to apply to attorneys' fees actually expended or incurred; or unless before then you secure from a county or district court an order that the termination of the contract be suspended until your claims or defenses are finally disposed of by trial, hearing or settlement. Your action must specifically state those facts and grounds that demonstrate your claims or defenses. If you do not do one or the other of the above things within the time period specified in this notice, your contract will terminate at the end of the period and you will lose all the money you have paid on the contract; you will lose your right to possession of the property; you may lose your right to assert any claims or defenses that you might have; and you will be evicted. If you have any questions about this notice, contact an attorney immediately.

(b) For contracts executed on or after May 1, 1980:

This notice is to inform you that by this notice the seller has begun proceedings under Minnesota Statutes, Section 559.21, to terminate your contract for deed for the reasons specified in this notice. The contract will terminate days after (service of this notice upon you) (the first date of publication of this notice) unless before then the person authorized in this notice to receive payments receives from you the amount this notice says you owe plus any additional payments due under the contract to the seller since the notice was served plus the costs of service of this notice together with the mortgage registration tax of \$ and \$ to apply to attorneys' fees actually expended or incurred; or unless before then you secure from a county or district court an order that the termination of the contract be suspended until your claims or defenses are finally disposed of by trial, hearing or settlement. Your action must specifically state those facts and grounds that demonstrate your claims or defenses. If you do not do one or the other of the above things within the time period specified in this notice, your contract will terminate at the end of the period and you will lose all the money you have paid on the contract; you will lose your right to possession of the property; you may lose your right to assert any claims or defenses that you might have; and you will be

evicted. If you have any questions about this notice, contact an attorney immediately.

Subd. 4. (SUCH) The notice required by this section must be given notwithstanding any provisions in the contract to the contrary, and shall be served within the state in the same manner as a summons in the district court, without the state, in the same manner, and without securing any sheriff's return of not found, making any preliminary affidavit, mailing a copy of (SAID) the notice or doing any other preliminary act or thing whatsoever. Service of the notice without the state may be proved by the affidavit of the person making the same, made before an authorized officer having a seal, and within the state by such an affidavit or by the return of the sheriff of any county therein.

Three weeks published notice, and if the premises described in the contract are actually occupied, then in addition thereto, the personal service of a copy of the notice within ten days after the first date of publication of the notice, and in like manner as the service of a summons in a civil action in the district court upon the person in possession of the premises, (SHALL HAVE) has the same effect as the personal service of the notice upon the purchaser, his personal representatives or assigns, either within or without the state as herein provided for. In case of (SUCH) service by publication, as herein provided, the notice shall specify the conditions in which default has been made and state that (SUCH) the contract will terminate 90 days after the first date of publication of the notice, unless prior thereto the purchaser (COMPLY) complies with (SUCH) the conditions and, if required pursuant to subdivision 2, makes all payments due and owing to the vendor under the contract through the date payment is made and (PAY) pays the costs of service, the mortgage registration tax, if actually paid by the vendor, and attorneys' fees as provided herein, and the purchaser, his personal representatives or assigns, shall be allowed 90 days from and after the first date of publication of the notice to comply with the conditions of (SUCH) the contract.

If, within the time mentioned, the person served complies with (SUCH) the conditions and, if required pursuant to subdivision 2, makes all payments due and owing to the vendor under the contract through the date payment is made and pays the costs of service, the mortgage registration tax, if actually paid by the vendor, and attorneys' fees as provided herein, the contract shall be thereby reinstated; but otherwise shall terminate. In the event that (SUCH) the notice was not signed by an attorney for the vendor and the vendor is not present in the state, or cannot be found therein, then compliance with the conditions specified in the notice may be made by paying to the clerk of the district court in the county wherein the real estate or any part thereof is situated any money due and filing proof of compliance with other defaults specified, and the clerk of the district court shall be deemed the agent of the vendor for such purposes. A copy of the notice with proof of service thereof, and the affidavit of the

vendor, his agent or attorney, showing that the purchaser has not complied with the terms of the notice, may be recorded with the county recorder, and (SHALL BE) is prima facie evidence of the facts therein stated; but this section (SHALL) in no case (BE HELD TO APPLY) applies to contracts for the sale or conveyance of lands situated in another state or in a foreign country.

Sec. 7. Minnesota Statutes 1978, Chapter 559, is amended by adding a section to read:

[559.211] [RESTRAINING OR ENJOINING FURTHER PROCEEDINGS PURSUANT TO NOTICE OF TERMINATION OF CONTRACT OF SALE.] *Subdivision 1.* [ORDER RESTRAINING OR ENJOINING FURTHER PROCEEDINGS; SECURITY.] *In an action arising under or in relation to a contract for the conveyance of real estate or any interest therein, the county or district court, notwithstanding the service or publication pursuant to the provisions of section 559.21 of a notice of termination of the contract, has the authority at any time prior to the effective date of termination of the contract and subject to the requirements of Rule 65 of the Rules of Civil Procedure for the District Courts or comparable county court rule to enter an order temporarily restraining or enjoining further proceedings to effectuate the termination of the contract, including recording of the notice of termination with proof of service, recording of an affidavit showing noncompliance with the terms of the notice, taking any action to recover possession of the real estate, or otherwise interfering with the purchaser's lawful use of the real estate. In the action, the purchaser may plead affirmatively any matter that would constitute a defense to an action to terminate the contract. Upon a motion for a temporary restraining order the court has the discretion, notwithstanding any rule of court to the contrary, to grant the order without requiring the giving of any security or undertaking, and in exercising that discretion, the court shall consider, as one factor, the moving party's ability to afford monetary security. Upon a motion for a temporary injunction, the court shall condition the granting of the order either upon the tender to the court or vendor of installments as they become due under the contract or upon the giving of other security in a sum as the court deems proper. Upon written application, the court may disburse from payments tendered to the court an amount the court determines necessary to insure the timely payment of property taxes, property insurance, installments of special assessments, mortgage installments, prior contract for deed installments or other similar expenses directly affecting the real estate, or for any other purpose the court deems just. If a temporary restraining order or injunction is granted pursuant to this subdivision, the contract shall not terminate until the expiration of 15 days after the entry of the order or decision dissolving or modifying the temporary restraining order or injunction.*

Subd. 2. [REMEDIES ADDITIONAL.] *The remedies provided in this section are in addition to and do not limit other*

rights of remedies available to purchasers or vendors of real estate.

Subd. 3. [APPLICABILITY.] This section is applicable to contracts for the conveyance of real estate or any interest therein executed before, on and after the effective date of this section.

Sec. 8. *This act is effective May 1, 1980."*

Facilities designated in subdivision 2, clause (b)(2) shall develop plans for any vulnerable adults receiving services from them. (c) The commissioner of public welfare shall promulgate rules as necessary to implement the requirements of subdivision 10.

Auxiliary aids may include taped or brailled materials, interpreters or other effective means of making orally delivered material available to participants with hearing impairments, and equipment adaptable for use by participants with manual impairments and other similar services and action; however, nothing in this section shall require a state agency to provide attendants, individually prescribed devices, or other devices or services of a personal nature. When sign language interpreters are provided, they shall be provided in a manner so that hearing impaired participants will be able to see their signing clearly. For the purposes of this section, "physically handicapped" has the meaning given in section 16.84, subdivision 8.*

Sec. 2. Minnesota Statutes 1978, Section 16.85, Subdivision 1b, is amended to read:

When sign language interpreters will be provided, meetings or conference sites shall be chosen which allow hearing impaired participants to see their signing clearly.

The commissioner of administration may grant an exemption from the requirements of subdivisions 1b and 1c in advance if a state agency has demonstrated that reasonable efforts were made to secure facilities which complied with the requirements of subdivision 1b and 1c and if the selected facilities are the best available for access for handicapped persons. Exemptions shall be granted using criteria developed by the commissioner in consultation with the council for the handicapped.

The board shall meet with local officials and sponsor at least one public meeting in areas of the state affected by the inventory of preferred processing facility sites prepared pursuant to section 7. The board shall follow the procedures set out in article III, section 6, for consulting with citizens in areas affected by the selection of candidate sites for disposal facilities. The board shall request recommendations from the private waste management industry, the advisory committee, affected regional development commissions, and the metropolitan council and shall consult with them on the board's intended disposition of the recommendations. The board shall summarize in its reports the comments received and the board's response to the comments.*

tory may propose an alternative site or sites to the board. The board shall evaluate the sites in consultation with the advisory committee, the affected counties and regions, generators of hazardous waste, and prospective facility developers. In its evaluation the board shall consider at least the consistency of sites with state and federal regulations, local land use and land use controls, existing and future development patterns, transportation and other services appropriate to the hazardous waste facilities, the quality of other potential sites, and the location of hazardous waste generators. No site shall be included in the inventory unless the agency certifies its intrinsic suitability for the use intended, based on preliminary environmental analysis. No land shall be excluded from consideration for inclusion in the inventory except land determined by the agency to be intrinsically unsuitable for the use intended.

Subd. 3. [ADOPTION; EFFECT.] *The inventory of sites shall be adopted by October 1, 1981. The inventory shall not exclude other locations in the state from consideration as sites, but appearance in the inventory shall signify that a site is available for facility development and shall qualify it for supplementary review under article IV. When any site in the inventory becomes unavailable as a hazardous waste facility site, the inventory shall be amended, in the manner of its original adoption, provided, however, that during the period when the inventory is being amended any other site in the inventory may be reviewed and approved under article IV.*

Subd. 4. [GRANTS; TECHNICAL ASSISTANCE.] *To assist counties participating in the inventory required by this section, the board shall make grants to the counties to be used to employ staff, pay administrative expenses, or contract with qualified consultants. In preparing the reports under section 6 and the inventory of processing facility sites under section 7, in adopting the facilities development and disposal abatement plan under subdivision 2 of this section, and in its actions and decisions under articles III and IV, the board shall solicit the active participation of private waste management firms and shall so conduct its activities as to encourage private permit applications for facilities needed in the state.*

Subd. 2. [FACILITIES DEVELOPMENT AND DISPOSAL ABATEMENT PLAN.] *By May 1, 1982, the board*

shall adopt a facilities development and disposal abatement plan. The plan shall include at least the following elements:

(a) a certificate or certificates of need for disposal facilities issued pursuant to and in accordance with article III, section 9;

(b) a strategy, including specific and quantifiable objectives, for developing the alternatives to disposal determined by the board to be feasible and prudent, along with a description of the methods, private and government actions, facilities and services, development schedules, revenue-raising measures, and levels of public and private expenditure and effort necessary to the implementation of the disposal abatement strategy and the achievement of the disposal abatement objectives.

Subd. 3. [SELECTING PERMITTEES; STANDARDS AND PROCEDURES.] The board shall promulgate rules for accepting, evaluating, and selecting applications for permits for the construction and operation of facilities at sites preferred or selected by the board pursuant to section 7 or article III. The rules shall include standards and procedures for making determinations on the minimum qualifications, including technical competence and financial capability, of permit applicants. The rules shall include standards and procedures for soliciting and accepting bids or permit applications and for selecting developers and operators of hazardous waste disposal facilities at sites chosen by the board pursuant to article III, which shall include a preference for qualified permit applicants who control a site chosen by the board.

(1) Five members of the senate to be appointed by the subcommittee on committees and to serve until their successors are appointed;

(2) Five members of the house to be appointed by the speaker and to serve until their successors are appointed;

(3) Vacancies occurring on the commission shall not affect the authority of the remaining members of the commission to carry out the functions thereof, and such vacancies shall be filled in the same manner as the original positions.

Subd. 2. [STAFF.] The commission is authorized, without regard to the civil service laws and regulations, to appoint and

fix the compensation of such additional legal and other personnel and consultants as may be necessary to enable it to carry out its functions, or to contract for services to supply necessary data, except that any state employees subject to the civil service laws and regulations who may be assigned to the commission shall retain civil service status without interruption or loss of status or privilege.

Subd. 3. [DATA FROM STATE AGENCIES; AVAILABILITY.] The commission may request information from any state officer or agency in order to assist it in carrying out its duties and such officer or agency is authorized and directed to promptly furnish any data required.

Any data or information compiled by the commission shall be made available to any standing or interim committee of the legislature upon request of the chairperson of the respective committee.

Subd. 5. [EXPIRATION.] The commission shall cease to exist on June 30, 1985.

Sec. 13. [STATE GOVERNMENT RESOURCE RECOVERY.] *Subdivision 1. [ESTABLISHMENT OF PROGRAM.] There is established within state government a resource recovery program to promote the reduction of waste generated by state agencies, the separation and recovery of recyclable and reusable commodities, the procurement of recyclable commodities and commodities containing recycled materials, and the uniform disposition of recovered materials and surplus property. The program shall be administered by the commissioner of administration.*

Subd. 2. [DUTIES OF COMMISSIONER.] The commissioner of administration shall develop policies to reduce the volume of waste generated by state agencies. The commissioner shall develop and institute procedures for the separation, collection, and storage of used commodities wherever feasible in state agencies and shall establish policies for the reuse, sale, or disposition of recovered materials and surplus property. The commissioner shall promote and publicize the waste reduction and waste separation and recovery procedures on an on going basis to all state employees. The commissioner shall issue guidelines for the procurement of recyclable commodities and commodities containing recycled materials that include definitions of recycled materials, the percentage of recycled materials to be contained in each commodity and performance specifications.

To the extent practicable, the guidelines shall be written so as to give preference to recyclable commodities and commodities containing recycled materials. The commissioner shall inform state agencies whenever recycled commodities are available for purchase. The commissioner shall investigate opportunities for the inclusion of local governments and regional agencies in administrative programs to reduce, separate, and recover waste materials. The commissioner shall investigate opportunities for the inclusion of local governments and regional agencies in the resource recovery program.

Subd. 3. [POWERS OF COMMISSIONER.] The commissioner of administration shall have such powers as are necessary to implement and operate the program. All state agencies shall comply with the policies, guidelines, and procedures established by the commissioner pursuant to this section. The revolving account shall consist of all funds appropriated by the state for the program and all revenues resulting from the sale of used commodities made available for sale as a result of the resource recovery program. The account may be used for all activities associated with the program including payment of administrative and operating costs.

ARTICLE III

COMMERCIAL HAZARDOUS WASTE DISPOSAL FACILITIES

Section 1. [LEGISLATIVE FINDINGS; PURPOSE.] The legislature finds that proper management of hazardous waste generated in the state is needed to conserve and protect the nat-

ural resources in the state and the health, safety, and welfare of its citizens, that the establishment of safe disposal facilities is necessary to properly manage the waste, that this cannot be accomplished solely by the activities of private persons and political subdivisions acting alone or jointly, and that therefore it is necessary to provide a procedure for making final determinations on the locations, sizes, types, and functions of such facilities.

Sec. 2. [PROCEDURE NOT EXCLUSIVE.] *The procedure established by this article for the permitting of hazardous waste disposal facilities is not exclusive and shall not preclude the issuance of other permits by the agency pursuant to section 116.07.*

Sec. 3. [SITE EVALUATION FACTORS.] *In evaluating and selecting sites for disposal facilities, the board shall consider at least the following factors:*

(a) *economic feasibility and viability and proximity to concentrations of generators of the types of hazardous waste likely to be proposed and permitted for disposal;*

(b) *willingness of qualified private waste management firms to establish a facility at the site, as indicated by facility proposals and permit applications;*

(c) *intrinsic suitability of the sites;*

(d) *federal and state pollution control and environmental protection rules;*

(e) *the risk and effect for local residents, units of government, and the local public health, safety, and welfare, including such dangers as an accidental release of wastes during transportation to a facility or at a facility, water, air, and land pollution, and fire or explosion;*

(f) *the consistency of a facility with, and its effect on, existing and planned local land use and development; local laws, ordinances, and permits; and local public facilities and services;*

(g) *the adverse effects of a facility at the site on the natural environment, resources, and ecology and scenic, cultural, historic, aesthetic, and recreational values, and opportunities to mitigate or eliminate such adverse effects by stipulations, conditions, and requirements respecting the design and operation of a disposal facility at the proposed site.*

No land shall be excluded from consideration except land determined by the agency to be intrinsically unsuitable for the use intended.

Sec. 4. [RULES NOT REQUIRED.] *The board shall not be required to promulgate rules pursuant to chapter 15 governing its activities under this article.*

Sec. 5. [CANDIDATE SITES.] *Subdivision 1. [SELECTION.] By July 1, 1981, the board shall select six locations in the state as candidate sites for commercial disposal facilities for hazardous waste. No location shall be selected as a candidate site unless the agency certifies its intrinsic suitability for the use intended, based on preliminary environmental analysis and on-site surveys and investigations conducted by the board or agency. The board shall consult with the agency and the private waste management industry in selecting candidate sites. Any sites proposed in applications for permits for disposal facilities being reviewed by the agency on July 1, 1981, may be included by the board as candidate sites, provided the agency certifies the intrinsic suitability of the sites.*

Subd. 2. [PROCEDURE.] As soon as practicable, the board shall publish a request soliciting proposals and permit applications for hazardous waste disposal facilities from potential developers and operators of such facilities. Notice of the request shall be published in the state register and newspapers of general circulation in the state and shall be transmitted to all regional development commissions, the metropolitan council, and all counties in the state. By January 1, 1981, for the purpose only of informing the selection of candidate sites under this section, the board shall select conceptual design and operating specifications for a variety of hazardous waste disposal facilities in sufficient detail and extent in the judgment of the board to allow the evaluation of sites and the selection of candidate sites. By January 1, 1981, the board shall notify each regional development commission, or the metropolitan council, and each county, city, and town within whose jurisdiction the board intends to search for candidate sites. The notification shall explain the selection of the jurisdiction as a search area; shall summarize the conceptual specifications and the evaluation factors, criteria, standards, and procedures the board intends to use in selecting candidate sites; and shall describe the relationship of the candidate site selection process to the other review procedures under this article and the hazardous waste reports and plans required under article II. The notification shall request recommendations and suggestions from each such commission, the metropolitan council, and county, city, and town on the criteria, standards, and procedures the board should use in selecting candidate sites within the time allowed. The board shall make a written response to any recommendations, explaining its disposition of the recommendations.

Subd. 3. [MORATORIUM.] A moratorium is hereby imposed on all development, except hazardous waste facilities, within each candidate site identified pursuant to this section and in a buffer area identified by the board surrounding and

at least equal in area to the site. The moratorium shall extend until six months following final action of the board pursuant to this article. No such development shall be allowed to occur within a proposed site or buffer area during the period of the moratorium. No county, city, or town land use control shall permit such development, nor shall any county, city, or town sanction or approve any subdivision, permit, license, or other authorization which would allow such development to occur.

Sec. 6. [PARTICIPATION BY AFFECTED LOCALITIES.]
Subdivision 1. [GENERAL.] In order systematically to involve those who would be affected most directly by disposal facilities in all decisions leading to their establishment, the board's decisions on the preliminary specifications under section 7, the reports referred to in section 8 and the certification of need required under section 9 shall not be made until after the establishment of local project review committees for each candidate site, with representation on the board, pursuant to this section.

Subd. 2. [ESTABLISHMENT OF LOCAL PROJECT REVIEW COMMITTEES.] A local project review committee shall be established for each location selected as a candidate site. The local committee shall exist, and its members shall serve, so long as the location for which the committee was formed is a candidate site or, for the site or sites finally chosen, until the commencement of the operation of the facility at that site.

Subd. 3. [MEMBERSHIP ON LOCAL COMMITTEES.] By August 1, 1981, the governor shall appoint the chairperson and members of each local project review committee, ensuring a balanced representation of all parties with a legitimate and direct interest in the outcome of the project review. The governor shall consult particularly with affected local units of government before selecting members. Members may be added to the local committee from time to time by the governor or by the governor upon motion of the committee or the board.

Subd. 4. [APPOINTMENT OF TEMPORARY BOARD MEMBERS.] By September 1, 1981, each local committee shall select a temporary board member to be added to the board for the purposes of the reports, certifications, and review conducted under this article. Temporary board members may be members of the local project review committee, and they shall be residents of the county where the candidate site is located.

Subd. 5. [DUTIES OF LOCAL COMMITTEES.] During the review, the local project review committee shall: inform affected local communities, government units, and residents of the proposed land containment and disposal facilities and of the planning and environmental review process relating to the proposed facilities; solicit and record local attitudes and concerns respecting the proposed facilities and represent and communicate such attitudes and concerns to the board, the legislative

commission, the environmental quality board, the agency, and other units and agencies of government; and act as a forum for the exchange of local attitudes and concerns and the development, where possible, of local consensus.

Subd. 6. [TECHNICAL ASSISTANCE; GRANTS.] To assist local project review committees to participate in the certification of need and the review process, the board shall make grants to the committees to be used to employ staff, pay administrative expenses, or contract with qualified consultants. The board shall ensure the delivery to the committees of technical information and assistance by appropriate state agencies.

Sec. 7. [DISPOSAL FACILITIES; PRELIMINARY DESIGN AND OPERATING SPECIFICATIONS.] By January 1, 1982, the board shall select, for further study and consideration, design and operating specifications for a variety of disposal facilities for hazardous waste, in sufficient detail and extent in the judgement of the agency to allow the agency to begin preparing an environmental impact statement on the alternative facilities at each of the candidate sites pursuant to section 10. The preliminary design and operating specifications shall describe the facility alternatives which will be considered at each site but shall not foreclose the subsequent addition by the board or agency of other disposal facility alternatives to be considered.

Sec. 8. [HAZARDOUS WASTE MANAGEMENT REPORTS.] The board shall prepare and submit the hazardous waste management reports required by Article II, section 6, subdivisions 4 and 5, in consultation with the local project review committees. The board shall request recommendations from the local committees and shall consult with the committees on the board's intended disposition of the recommendations. In its reports, the board shall summarize the recommendations of the committees and the board's response to the recommendations. Before submitting the reports, the board shall hold at least one public meeting in each county in which a candidate site is located. Notice of the public meeting shall be published in a newspaper or newspapers of general circulation in the area for two successive weeks ending at least 15 days before the date of the meeting. The notice shall describe the proposed facilities, the proposed location, the purpose of the board's report to the legislature, and the subsequent and related activities of the board.

Sec. 9. [CERTIFICATION OF NEED.] By May 1, 1982, as part of its facilities development and disposal abatement plan adopted under article II, section 8, the board shall issue a certificate or certificates of need for disposal facilities for hazardous wastes in the state. The certificate or certificates shall indicate the types and volumes of waste for which disposal facilities are and will be needed through the year 2000 and the number, types, sizes, and general design, operating character, and function or use of the disposal facilities needed in the state. The board shall

certify need only to the extent that the board has determined that there are no feasible and prudent alternatives including waste reduction, separation, pretreatment, processing, and resource recovery which would minimize adverse impact upon natural resources, provided that the board shall require the establishment of at least one commercial disposal facility in the state. Economic considerations alone shall not justify certification nor the rejection of alternatives. The certification shall be the final determination required on the matters decided by the certificate or certificates of need. The board and the permitting agencies, in reviewing and selecting sites, completing environmental impact statements, and issuing approvals and permits for waste disposal facilities described in the certificate or certificates of need, shall not reconsider matters determined in the certification. The board and the permitting agencies shall be required to make a final decision approving the establishment of facilities having the waste management capabilities described in the certification. The board and the permitting agencies shall be required to make a final decision approving the establishment of at least one commercial disposal facility for hazardous waste in the state.

Sec. 10. [AGENCY; ENVIRONMENTAL REVIEW PROCEDURES.] *Subdivision 1. [ENVIRONMENTAL IMPACT STATEMENT.] An environmental impact statement meeting the requirements of chapter 116D shall be completed by the agency. The parts of the statement required by the board to prepare the reports required by article II, section 6, subdivisions 4 and 5, the plan required by article II, section 8, and the certification of need required by section 9 of this article shall be finally accepted or rejected at least 90 days before the report, plan, or certification is required. The parts of the statement required to make decisions pursuant to sections 11 and 12 on disposal facilities at each candidate site shall be finally accepted or rejected within 120 days following the issuance of a certificate or certificates of need under section 9.*

Subd. 2. [PUBLIC DISCLOSURE.] Before commencing preparation of the environmental impact statement, the agency shall issue a document summarizing and making full disclosure of the intended objectives and contents of the environmental impact statement and the environmental review. Announcement of the disclosure shall be published in the state register. The disclosure shall:

- (a) identify the candidate sites;*
- (b) summarize preliminary design and operating specifications and indicate where and when the specifications are available for inspection;*
- (c) describe as fully as possible the object of the review, including the significant actions, issues, alternatives, types of impacts, and compensation and mitigation measures expected to be*

addressed in the statement; the depth of the analysis expected; and subjects which the statement will not address in depth because they have been disposed of previously or because they are believed to be insignificant or remote and speculative;

(d) identify, by reference and brief summary, any related planning activities and environmental reviews which have been, are being, or will be conducted, and the substantive, chronological, and procedural relationship between the proposed review and the other activities and reviews;

(e) identify the membership and address of the local project review committees and the names of the local representatives on the board;

(f) summarize the comments and suggestions received from the public pursuant to subdivision 3 and the agency's response.

Subd. 3. [PUBLIC PARTICIPATION PROCEDURES.] *The public disclosure document shall be issued following diligent effort to involve the public in determining the objective and contents of the environmental impact statement. At least one public meeting shall be held in each county with a candidate site. The advice of the board, facility developers, state agencies, the local project review committees, and local units of government shall be actively solicited. The agency may engage the state hearing examiner to conduct meetings and make recommendations concerning the review. Each local project review committee shall present to the agency a written report summarizing local concerns and attitudes about the proposed action and the specific issues which the local communities and residents wish to see addressed in the environmental review.*

Sec. 11. [AGENCIES; PERMIT CONDITIONS.] *Within 60 days following the acceptance of the final environmental impact statement, and after consulting with the board, facility developers, affected local government units, and the local project review committees, the permitting state agency or agencies shall finally indicate the conditions and terms of agency approval for all permits needed at each candidate site for construction of the facilities described in the board's certification of need. The agency decisions shall be consistent with the establishment of facilities in accordance with the certification of need.*

Sec. 12. [FINAL ACTION.] *Subdivision 1. [DECISION OF BOARD.] Within 60 days following the agency decisions on permit conditions, and after consulting with private facility developers, the agency, affected local government units, and the local project review committees, the board shall finally select the site or sites for the facilities and shall submit or cause to be submitted final permit applications. The final permit applications shall contain the provisions required by the permitting agencies, plus other stipulations, conditions, and requirements*

of the board relating to the facility as may be consistent with the certification of need and the agency rules and permit conditions. The board's decision shall finally resolve any conflicts among state agency permit terms and conditions. The board's decision and the permit applications shall provide for the establishment of facilities having the waste management capabilities described in the board's certification of need.

Subd. 2. [BOARD'S DECISION PARAMOUNT.] To assure the paramount and controlling effect of the review process conducted under this article, the board's decision pursuant to subdivision 1 shall be final and shall supersede and preempt conflicting requirements of state agencies and political subdivisions. The permitting agencies shall issue permits within 30 days in accordance with the board's final decision and the final permit applications. All construction and operating permits shall conform to the terms of the decision and applications. No charter provision, ordinance, regulation, permit, or other requirement of any state agency or political subdivision shall prevent or restrict the establishment and operation of a facility in accordance with the final decision of the board.

Sec. 13. [RECONCILIATION AND INTERVENTION PROCEDURES.] Subdivision 1. [REPORTS TO LEGISLATIVE COMMISSION.] At least 30 days before making final decisions on final site selection and permit application under section 12, the board may report to the legislative commission describing permit conditions or requirements being considered which are not within the existing authority of the agency or the board or which would require legislation or public financial assistance. The report shall not raise issues previously decided by the board's certification of need. In any such report the board may request the commission to intervene in the review.

Subd. 2. [PRE-INTERVENTION ASSESSMENT.] If the legislative commission determines that intervention might be warranted under the terms of subdivision 1, the commission may suspend the review process for up to 60 days to allow a pre-intervention assessment. The pre-intervention assessment shall be conducted by an independent, impartial, and qualified public intervenor appointed by the commission with the advice and consent of the parties to the dispute. The intervenor shall report to the commission. The report shall include:

(a) an assessment of whether the dispute is ripe for mediation and whether the parties are willing to mediate;

(b) an assessment of whether, within the terms of subdivision 1, substantive issues exist which were not decided by the certification of need and which cannot be resolved effectively through normal administrative and judicial procedures;

(c) a preliminary definition of the facts and issues in dispute and actions and decisions being considered;

(d) a description of the diverse parties having a legitimate and direct interest in the outcome of the dispute.

Subd. 3. [SUSPENSION OF REVIEW PROCESS; INTERVENTION PROCEEDING.] *Following the report of the intervenor, the legislative commission may suspend the review process for an additional period not to exceed 90 days for an intervention proceeding. The intervention proceeding shall not consider issues previously decided by the board's certification of need. The intervenor shall be in charge of the intervention proceeding and may call for such participation and establish such procedures as he deems necessary and appropriate to facilitate agreement. The intervenor shall keep the chairperson of the legislative commission informed on the progress of the intervention proceeding, particularly with respect to agreements or proposed agreements which may require action or decisions not within the authority of the agency or board, legislative action, or public financial assistance. The intervenor shall make recommendations to the commission respecting any such agreements or proposed agreements. The commission may make recommendations to the intervenor respecting any such agreement or proposed agreement. If the commission approves of an agreement, or a decision based upon an agreement, which requires action or decisions not within the authority of the agency or board, legislative action, or public financial assistance, the commission shall cause the matter and recommendations to be submitted to the legislature for consideration.*

Sec. 14. [JUDICIAL REVIEW.] *Any civil action maintained by or against the agency or board under this article shall be brought in the county where the site is located and shall take precedence over all other matters of a civil nature and be expedited to the maximum extent possible. Any person aggrieved by a final decision of the board authorizing facilities under this Article may appeal therefrom within 30 days as provided in chapter 15. No civil action shall be maintained pursuant to section 116B.03 with respect to conduct taken by a person pursuant to any environmental quality standard, limitation, regulation, rule, order, license, stipulation agreement or permit issued by the board under this article. Notwithstanding any provision of chapter 116B to the contrary, in any action brought under that chapter with respect to any decision or conduct undertaken by any person or the board or agency pursuant to this article after the period for appeal under this section has lapsed, the plaintiff shall have the burden of proving that the evidence required under section 116B.10 was not reasonably available within the time provided for appeal. The trial court shall, upon motion of any prevailing non-governmental party, award costs, disbursements, reasonable attorney's fees, and reasonable expert witness fees, if the court finds the action hereunder was commenced or defended in bad faith or was frivolous.*

(e) the need for the proposed facility, the availability of alternative sites, and opportunities to mitigate or eliminate need by additional and alternative solid waste management strategies or actions of a significantly different nature;

(f) whether, in the case of resource recovery facilities, the applicant has considered all other feasible and prudent waste processing alternatives for accomplishing the purposes of the proposed project and has compared and evaluated the costs of

all such alternatives, including capital and operating costs, and the effects of all such alternatives on the cost to generators.

Subd. 6. [DECISION OF BOARD.] In its final decision in the review, the board may:

(a) disapprove the facility;

(b) approve the facility and the agency permits; or

(c) approve the facility but add more stringent stipulations, conditions, and requirements respecting the design and operation of the proposed facility at the site proposed.

ARTICLE V

SOLID WASTE MANAGEMENT PLANNING ASSISTANCE PROGRAM

Section 1. [ESTABLISHMENT AND ADMINISTRATION.] *Commencing July 1, 1981, there is established a planning assistance program to provide technical and financial assistance to political subdivisions of the state for the purpose of encouraging and improving regional and local solid waste management planning activities and efforts. The program shall be administered by the agency, except in the metropolitan area where the program shall be administered by the metropolitan council pursuant to chapter 473. The agency shall promulgate rules pursuant to chapter 15 for its administration of the program outside the metropolitan area. The agency and the metropolitan council shall ensure conformance with existing agency rules and federal requirements and programs established pursuant to the Resource Conservation and Recovery Act of 1976 and amendments thereto.*

Sec. 2. [ELIGIBLE RECIPIENTS.] *Political subdivisions shall be eligible for assistance under the program.*

Sec. 3. [FINANCIAL ASSISTANCE.] *Eligible recipients may receive grants for up to 50 percent of the cost of the planning activity, except that planning by a regional development commission and joint planning by two or more contiguous counties or contiguous political subdivisions located within two or more counties may receive grants for up to 100 percent of the cost of the planning activity. Financial assistance provided under the program may be used to employ staff, contract with other units of government or qualified consultants, and pay such other planning expenses as the agency or metropolitan council may allow.*

Sec. 4. [TECHNICAL ASSISTANCE.] *The agency and metropolitan council shall provide for technical assistance for eligible recipients. The agency and metropolitan council shall provide model plans for regional and local solid waste management. The agency and metropolitan council may contract for the delivery of technical assistance by a regional development commission, any state or federal agency, or private consultants. The agency shall prepare and publish an inventory of sources of technical assistance for solid waste planning, including studies, publications, agencies, and persons available.*

Sec. 5. [CONTENTS.] Plans prepared by local units of government in the metropolitan area shall conform to the requirements of chapter 473. Plans prepared by political subdivisions outside the metropolitan area with assistance from the program shall conform to the requirements of this section. The plans shall describe existing collection, processing, and disposal systems, including schedules of rates and charges, financing methods, environmental acceptability, and opportunities for improvements in the systems. The plans shall include an estimate of the land disposal capacity in acre-feet which will be needed through the year 2000, on the basis of current and projected waste generation practices. The plans shall contain an assessment of opportunities to reduce the need for land disposal through waste reduction and resource recovery, the alternative degrees of reduction achievable, and a comparison of the costs of all such alternatives, including capital and operating costs, and the effects of all such alternatives on the cost to generators. The plans shall establish a siting procedure and development program to assure the orderly location, development, and financing of new or expanded solid waste facilities and services sufficient for a prospective ten-year period, including estimated costs and implementation schedules, proposed procedures for operation and maintenance, estimated annual costs and gross revenues, and proposals for the use of facilities after they are no longer needed or usable. The plans shall describe existing and proposed county and municipal ordinances and license and permit requirements relating to solid waste management and shall describe existing and proposed regulation and enforcement procedures. Plans for location, establishment, operation, maintenance, and post-closure use of facilities and facility sites, for ordinances, and for licensing, permit, and enforcement activities shall be consistent with the rules adopted by the agency pursuant to chapter 116. The plans shall address the resolution of conflicting, duplicative, or overlapping local management efforts. The plans shall address the establishment of joint powers management programs or waste districts where appropriate. The plans shall address such other matters as the rules of the agency may require consistent with the purposes of article V.

ARTICLE VI

SOLID WASTE MANAGEMENT DEMONSTRATION PROGRAM

Section 1. [DEMONSTRATION PROGRAM; ESTABLISHMENT; ADMINISTRATION.] Commencing July 1, 1981, there is established a solid waste management demonstration program to encourage and assist cities, counties, and solid waste management districts in the development and implementation of solid waste management projects of potential state wide application or significance and to transfer the knowledge and experience gained from such projects to other communities in the state. The program shall be administered so as to demonstrate the application of all feasible and prudent waste process-

ing methods, including waste reduction; waste separation by generators, collectors, and other persons; and waste processing. The program shall be administered by the agency in accordance with the requirements of article VI and rules promulgated by the agency pursuant to chapter 15.

Sec. 2. [TECHNICAL ASSISTANCE FOR DEMONSTRATION PROJECTS.] The agency shall ensure the delivery of the technical assistance necessary to proper implementation of each demonstration project funded under the program. The agency may contract for the delivery of technical assistance by any state or federal agency, a regional development commission, the metropolitan council, or private consultants and may use program funds to reimburse the agency, commission, council, or consultants. The agency shall prepare and publish an inventory of sources of technical assistance, including studies, publications, agencies, and persons available. The agency shall ensure state wide benefit from projects assisted under the demonstration program by developing exchange and training programs for local officials and employees and by using the experienced gained in demonstration projects to provide technical assistance and education for other solid waste management projects in the state. With at least one contract for financial assistance under the demonstration program, the agency shall provide a locally-based agent, approved by the recipient of the assistance, who shall be the chief project officer responsible to the recipient for technical assistance and implementation of the project.

Sec. 3. [ELIGIBLE PROJECTS; PRIORITIES.] The program shall be limited to projects which are determined by the agency to serve one of the following objectives: (a) the reduction of dependence on land disposal of solid waste; (b) the development of resource recovery facilities; (c) the development of systems for the separation of materials from solid waste for reuse or recycling; (d) the reduction of waste generation. In administering the program, the agency shall give priority to: (a) areas where natural geologic and soil conditions are unsuitable for land disposal of solid waste; (b) areas where the capacity of existing solid waste disposal facilities is determined by the agency to be less than five years; (c) projects demonstrating, in order of preference, waste reduction, waste separation, and waste processing. In administering the program, the agency shall allocate at least 15 percent of program funds, excluding those available under sections 6 to 8, to projects in each of the following categories: waste reduction; waste separation; and alternative methods of waste processing.

Sec. 4. [ELIGIBLE RECIPIENTS AND ACTIVITIES.] Eligible recipients for assistance under the program shall be limited to cities, counties, and solid waste management districts established pursuant to article VIII. Eligible recipients may apply for assistance for other persons. Activities eligible for assistance under the program include legal, financial, economic, educational, marketing, social, governmental, and administrative

activities related to the implementation of a demonstration project. Preliminary planning and development, feasibility study, and conceptual design costs shall also be eligible activities, but no more than 20 percent of the money appropriated for the demonstration program shall be used to fund such activities. Acquisition and construction costs for resource recovery facilities are eligible for capital assistance under sections 6 to 8.

Sec. 5. [APPLICATION REQUIREMENTS.] Applications for assistance under the program shall demonstrate: (a) that the project is conceptually and technically feasible; (b) that affected political subdivisions are committed to implement the project, to provide necessary local financing, and to accept and exercise the government powers necessary to the project; (c) that operating revenues from the project, considering the availability and security of sources of solid waste and of markets for recovered resources, together with any proposed federal, state, or local financial assistance, will be sufficient to pay all costs over the projected life of the project; (d) that the applicant has considered all other feasible and prudent waste processing alternatives for accomplishing the purposes of the proposed project and has compared and evaluated the costs of all such alternatives, including capital and operating costs, and the effects of all such alternatives on the cost to generators. The agency may require completion of a comprehensive solid waste management plan conforming to the requirements of article V, section 5 before accepting an application.

Sec. 6. [RESOURCE RECOVERY FACILITY DEMONSTRATION PROGRAM.] As part of the demonstration program established under article VI, the agency shall provide assistance pursuant to sections 6 to 8 to eligible recipients for the acquisition and betterment of demonstration resource recovery facilities or systems.

Sec. 7. [PURPOSES; PUBLIC INTEREST; DECLARATION OF POLICY.] The legislature finds that the establishment of resource recovery facilities and systems is needed to manage properly the solid waste generated in the state and to conserve and protect the natural resources in the state and the health, safety, and welfare of its citizens; that opportunities to establish such facilities and systems are not being fully realized by individual political subdivisions or by agreements among subdivisions; and that therefore it is necessary to provide capital assistance for demonstration resource recovery facilities and systems to stimulate and encourage the acquisition and betterment of such facilities and systems.

Sec. 8. [FINANCIAL ASSISTANCE.] Subdivision 1. **[GRANTS AND LOANS.]** Of revenues derived from the issuance of bonds authorized by article VII, section 2, for the purposes of the demonstration program, at least 70 percent shall be distributed as loans, and the remainder shall be distributed as

grants. An individual project may receive assistance totaling up to 100 percent of the capital cost of the project and grants up to 50 percent of the capital cost of the project.

Subd. 2. [CAPITAL COSTS; ASSURANCE OF FUNDS.] No grant or loan shall be disbursed to any recipient until the agency has determined the total estimated capital cost of the project and ascertained that financing of the cost is assured by funds provided by the state, by an agency of the federal government within the amount of funds then appropriated to that agency and allocated by it to projects within the state, by any person, or by the appropriation of proceeds of bonds or other funds of the recipient to a fund for the construction of the project.

Subd. 3 [OBLIGATIONS OF RECIPIENT.] No grant or loan for any project shall be disbursed until the governing body of the recipient has made an irrevocable undertaking, by resolution, to use all funds made available exclusively for the capital cost of the project and to pay any additional amount by which the cost of the project exceeds the estimate by appropriation to the construction fund of additional funds or proceeds of additional bonds of the recipient. The resolution shall also indicate that any subsequent withdrawal of allocated or additional funds of the recipient will impair the obligation of contract between the state of Minnesota, the recipient, and the bondholders. The resolution shall pledge payment to the debt service account of all revenues of the project to the extent that they exceed costs and shall also obligate the recipient to levy a tax sufficient to make timely payments under the loan agreement, if a deficiency occurs in the amount of user charges, taxes, special assessments, or other moneys pledged for payment under the loan agreement. Each loan made to a recipient shall be secured by resolutions adopted by the agency and the governing body of the recipient, obligating the recipient to repay the loan to the state treasurer in annual installments including both principal and interest. Installments shall be in an amount sufficient to pay the principal amount within the period required by the agency. The interest on the loan shall be calculated on the declining balance at a rate not less than the average annual interest rate on the state bonds of the issue from which proceeds of the loan were made. The resolution shall obligate the recipient to provide money for the repayment from user charges, taxes, special assessments or any other funds available to it.

ARTICLE VII

STATE WASTE MANAGEMENT BONDS

Section 1. [WASTE MANAGEMENT FUND.] Subdivision 1. [CREATION; RECEIPTS.] The commissioner of finance shall maintain a Minnesota state waste management fund. The fund shall receive the proceeds of state bonds and

other money appropriated to the fund and disburse money for the acquisition of real property and interests in real property for hazardous waste facility sites and surrounding buffer and impact areas, as authorized by article II, section 3, subdivision 4 and money to be granted or loaned to political subdivisions pursuant to the capital assistance program created by article VI, sections 6 to 8. The commissioner of finance and state treasurer shall deposit in the fund as received (a) all proceeds of Minnesota state waste management bonds, except accrued interest and premiums received upon the sale of the bonds; (b) all other money appropriated by law for purposes stated in article VII, and (c) all money granted to the state for those purposes by the federal government or any agency thereof. All the receipts are annually appropriated for the purposes of the fund, and shall remain available until expended.

Subd. 2. [DISBURSEMENTS.] Disbursements from the fund shall be made at the times and in the amounts authorized by the agency or board in accordance with applicable state laws and the agency's or board's rules.

Sec. 2. [MINNESOTA STATE WASTE MANAGEMENT BONDS.] Subdivision 1. [AUTHORITY TO ISSUE BONDS.] The commissioner of finance shall sell bonds of the state of Minnesota for the prompt and full payment of which, together with interest, the full faith, credit, and taxing powers of the state are irrevocably pledged. Bonds shall be sold only upon request of the agency and in the amount as may otherwise be authorized by this or a subsequently enacted law which authorizes the sale of additional bonds and the deposit of the proceeds in the state waste management fund. Any authorized amount of bonds in this law or any subsequently enacted law authorizing the issuance of bonds for the purposes of the state waste management fund, together with this section, constitute complete authority for the issue. The bonds shall not be subject to restrictions or limitations contained in any other law.

Subd. 2. [ISSUANCE OF BONDS.] Upon request by the agency and upon authorization as provided in subdivision 1, the commissioner of finance shall sell Minnesota state waste management bonds. The bonds shall be in the aggregate amount requested, and sold upon sealed bids upon the notice, at the price, in the form and denominations, bearing interest at the rate or rates, maturing in the amounts and on the dates (without option of prepayment or subject to prepayment upon the notice and at the times and prices), payable at the bank or banks within or outside the state (with provisions for registration, conversion, and exchange and for the issuance of notes in anticipation of the sale or delivery of definitive bonds), and in accordance with any further provisions as the commissioner of finance shall determine. The sale is subject to the approval of the attorney general, but not subject to the provisions of Minnesota Statutes, Sections 15.0411 to 15.0422. The bonds shall be executed by the commissioner of finance and attested

by the state treasurer under their official seals. The signatures of the officers on the bonds and any interest coupons and their seals may be printed, lithographed, engraved, or stamped thereon, except that each bond shall be authenticated by the manual signature on its face of one of the officers or of an officer of a bank designated by them as authenticating agent. The commissioner of finance shall ascertain and certify to the purchasers of the bonds the performance and existence of all acts, conditions, and things necessary to make them valid and binding general obligations of the state of Minnesota, subject to the approval of the attorney general.

Subd. 3. [EXPENSES.] All expenses incidental to the sale, printing, execution, and delivery of bonds pursuant to this section, including but not limited to actual and necessary travel and subsistence expenses of state officers and employees for these purposes, and any expenses of litigation relating to the validity of the bonds, shall be paid from the waste management fund, and the amounts necessary are appropriated from that fund.

Subd. 4. [DEBT SERVICE ACCOUNT IN THE STATE WASTE MANAGEMENT FUND.] The commissioner of finance shall maintain in the Minnesota state waste management fund a separate account to be called the state waste management debt service account. It shall record receipts of premium and accrued interest, loan repayments, project revenue or other money transferred to the fund and income from the investment of the money and record any disbursements to pay the principal and interest on waste management bonds. Income from investment shall be credited to the account in each fiscal year. The amount credited shall be equal to the average return that year on all funds invested by the state treasurer, as determined by the treasurer, times the average balance in the account that year.

Subd. 5. [APPROPRIATIONS TO DEBT SERVICE ACCOUNT: APPROPRIATION FROM ACCOUNT TO PAY DEBT SERVICE.] The premium and accrued interest received on each issue of Minnesota waste management bonds, and all payments received in repayment of loans and other revenue received are appropriated to the debt service account. All income from the investment of the Minnesota state waste management fund is appropriated to the debt service account. In order to reduce the amount of taxes otherwise required to be levied, there is also appropriated to the debt service account from any funds available in the general fund on November 1 in each year, a sum of money sufficient in amount, when added to the balance then on hand, to pay all principal and interest on Minnesota waste management bonds due and to become due before July 1 in the second ensuing year. So much of the debt service account of the state waste management fund as is necessary to pay principal and interest on waste management bonds is annually appropriated from the debt service account for the payment of principal and interest of the waste management bonds. All funds appropriated by this subdivision shall be available in the debt service account

prior to any levy of the tax in any year required by the Minnesota Constitution, Article XI, Section 7.

Subd. 6. [SECURITY.] On or before December 1 in each year the state auditor shall levy on all taxable property within the state whatever tax may be necessary to produce an amount sufficient, with all money currently credited to the debt service account, to pay the entire amount of principal and interest currently due and the principal and interest to become due before July 1 in the second year thereafter on Minnesota waste management bonds. This tax shall be levied upon all real property used for the purposes of a homestead, as well as other taxable property, notwithstanding the provisions of Minnesota Statutes, Section 273.13, Subdivisions 6 and 7, and shall be subject to no limitation of rate or amount until all the bonds and interest thereon are fully paid. The proceeds of this tax are appropriated to the debt service account. The principal of an interest on the bonds are payable from the proceeds of this tax.

Sec. 3. [BOND AUTHORIZATION AND APPROPRIATION OF PROCEEDS.] The commissioner of finance is authorized, upon request of the agency, to sell Minnesota state waste management bonds in the amount of up to \$100,000,000 in the manner and upon the conditions prescribed in article VII, section 2, and in the Minnesota Constitution, Article XI, Sections 4 to 7. Of this amount, up to five percent may be issued for the purpose of acquiring real property and interests in real property for hazardous waste facility sites as authorized by article II, section 3, subdivision 4 and the remainder may be issued for the purposes of the capital assistance program established pursuant to article VI, sections 6 to 8. The proceeds of the bonds, except as provided in section 2, subdivision 5, are appropriated to the Minnesota state waste management fund. The amount of bonds issued pursuant to this authorization shall not exceed at any time the amount needed to produce a balance in the waste management fund equal to the aggregate amount of the loans and grants then approved and not previously disbursed, plus the amount of the loans and grants to be approved in the current and the following fiscal year, as estimated by the agency.

ARTICLE VIII

SOLID WASTE MANAGEMENT DISTRICTS

Section 1. [PURPOSE; PUBLIC INTEREST; DECLARATION OF POLICY.] The legislature finds that the development of integrated and coordinated solid waste management systems is needed to manage properly the solid waste generated in the state and to conserve and protect the natural resources in the state and the health, safety, and welfare of its citizens; that this need cannot always be met solely by the activities of individual political subdivisions or by agreements among subdivisions; and that therefore it is necessary to establish a procedure

for the creation of solid waste management districts having the powers and performing the functions prescribed in article VIII.

Sec. 2. [SOLID WASTE MANAGEMENT DISTRICTS.]
Subdivision 1. [LEGAL STATUS.] *Solid waste management districts established pursuant to article VIII shall be public corporations and political subdivisions of the state.*

Subd. 2. [ESTABLISHMENT BY AGENCY.] *The agency may establish waste districts as public corporations and political subdivisions of the state, define the powers of such districts in accordance with article VIII, define and alter the boundaries of such districts as provided in section 3, and terminate districts as provided in section 5. The agency shall promulgate rules pursuant to chapter 15 governing the establishment, alteration, and termination of districts.*

Subd. 3. [RESTRICTIONS.] *No waste district shall be established within the boundaries of the western lake superior sanitary district established by Laws 1971, Chapter 478, as amended. No waste district shall be established wholly within one county. The agency shall not establish a waste district within or extending into the metropolitan area, nor define or alter the powers or boundaries of such a district, without the approval of the metropolitan council. The council shall not approve such a district unless the articles of incorporation of the district require that the district will have the same procedural and substantive responsibilities, duties, and relationship to the metropolitan agencies as a metropolitan county. The agency shall not establish a district unless it determines that the petitioners would be unable to fulfill the purposes of the district through joint action under Minnesota Statutes, section 471.59. The agency may require the completion of a comprehensive solid waste management plan conforming to the requirements of article V, section 5, by petitioners seeking to establish a district.*

Sec. 3. [PROCEDURE FOR ESTABLISHMENT AND ALTERATION.]
Subdivision 1. [LOCAL PETITION.] *Waste districts shall be established and their powers and boundaries defined or altered by the agency only after petition requesting such action jointly submitted by the governing bodies of petitioners comprising at least one-half of the counties partly or wholly within the district. A petition for alteration shall include a resolution by the board of directors of the district approving the alteration.*

Subd. 2. [PETITION CONTENTS.] *A petition requesting establishment or alteration of a waste district shall contain such information as the agency may require, including at least the following:*

- (a) *the name of the proposed district;*

(b) a description of the territory and political subdivisions within and the boundaries of the proposed district or alteration thereto, along with a map showing the district or alteration;

(c) resolutions of support for the district, as proposed to the agency, from the governing body of each of the petitioning counties;

(d) a statement of the reason, necessity, and purpose for the district, plus a general description of the solid waste management improvements and facilities contemplated for the district showing how its activities will accomplish the purpose of the district and the purposes for waste resource districts stated in article VIII;

(e) articles of incorporation stating the powers of the district consistent with article VIII, including a statement of powers proposed pursuant to sections 9 and 10.

After the petition has been filed, no petitioner may withdraw from it except with the written consent of all other petitioners filed with the agency.

Subd. 3. [LOCAL REVIEW AND COMMENT.] At least 60 days before submitting the petition to the agency, the petitioners shall publish notice of the petition in newspapers of general circulation in the proposed district and shall cause a copy of the petition to be served upon the agency and the governing body of each political subdivision which is wholly or partly within the proposed district or is affected by the proposed alteration. Each entity receiving service shall have 60 days within which to comment to the petitioners on the petition and the proposed district or alteration. Proof of service, along with any comments received, shall be attached to the petition when it is submitted to the agency.

Subd. 4. [REVIEW PROCEDURES.] Upon receipt of the petition, the director of the agency shall determine whether the petition conforms in form and substance to the requirements of law and rule. If the petition does not conform to the requirements, the director shall return it immediately to the petitioners with a statement describing the deficiencies and the amendments necessary to rectify them. If the petition does conform to the requirements, and if comments have been received objecting to the establishment or alteration of the district as proposed, the director shall request the office of hearing examiners to conduct a hearing on the petition. The hearing shall be conducted in the proposed district in the manner provided in chapter 15 for contested cases.

Subd. 5. [CORRECTIONS ALLOWED.] No petition submitted by the requisite number of counties shall be void or dismissed on account of defects exposed in the hearing documents

or report. The agency shall permit the petition to be amended in form and substance to conform to the facts by correcting any errors in the description of the territory or any other defects.

Subd. 6. [AGENCY ORDER.] After consideration of the report of the hearing examiner and whether the proposed boundaries, purposes, powers, and management plans of the district or alteration thereto serve the purposes of waste resource districts, are approximately related to the waste generation, collection, processing, and disposal patterns in the area, and are generally consistent with the purposes of the agency's regulatory program, the agency shall make a final decision on the petition. If the agency finds and determines that the establishment or alteration of a district as proposed in the petition would not be in the public interest and would not serve the purposes of article VIII, it shall, by its decision, dismiss the proceedings and mail a copy of its decision to the governing body of each affected political subdivision. If the agency finds and determines that the establishment or alteration of a district as proposed in the petition would be in the public interest and would serve the purposes of article VIII, it shall, by order, establish the district, define its boundaries, and give it a corporate name by which, in all proceedings, it shall thereafter be known. The order shall include articles of incorporation stating the powers of the district and the location of its registered office. Upon the filing of a certified copy of the order of the agency with the secretary of state, the district shall become a political subdivision of the state and a public corporation, with the authority, power, and duties prescribed in article VIII and the order of the agency. At the time of filing, a copy of the order shall be mailed by the agency to the governing body of each political subdivision wholly or partly within the district or affected by the alteration of the district.

Sec. 4. [PERPETUAL EXISTENCE.] A waste district created under the provisions of article VII shall have perpetual existence to the extent necessary to perform all acts necessary and proper for carrying out and exercising the powers and duties expressly given in it. A district shall not be terminated except pursuant to section 5.

Sec. 5. [TERMINATION.] Subdivision 1. [PETITION.] Proceedings for the termination of a district shall be initiated by the filing of a petition with the agency. The petition shall be submitted by the governing bodies of not less than 50 percent of the counties which are in the district. The petition shall state that the existence of the district is no longer in the public interest. The petitioners shall publish notice of the petition in newspapers of general circulation in the district and shall cause to be served upon each political subdivision wholly or partly within the district a copy of the petition, and proof of service shall be attached to the petition filed with the agency.

Subd. 2. [BOND; PAYMENT OF COSTS.] If the petition is dismissed or denied, the petitioners shall be required to pay all costs and expenses of the proceeding for termination. At the time of filing the petition a bond shall be filed by the petitioners with the agency in such sum as the agency determines to be necessary to ensure payment of costs.

Subd. 3. [HEARING; DECISION.] If objection is made to the agency against the petition for termination, a contested case hearing on the petition shall be held in the waste district pursuant to chapter 15. If the agency determines after the hearing that the termination of the district as proposed in the petition would not be in the public interest, the agency shall dismiss the petition and all costs of the proceeding shall be assessed against the petitioner. If the agency determines that the existence of the district is no longer in the public interest, the agency shall by its findings and order terminate the district. Upon the filing of a certified copy of the findings and order with the secretary of state the district shall cease to be a public corporation and a political subdivision of the state.

Subd. 4. [LIMITATION.] The agency shall not entertain a petition for termination of a district within five years from the date of the formation of the district nor shall the agency entertain a petition for termination of the same district more often than once in five years.

Sec. 6. [ORGANIZATION OF DISTRICT.] The governing body of each county wholly or partly within the district shall appoint two persons to serve on the first board of directors of the district. The first chairperson of the board of directors shall be appointed by the agency and shall be a local elected official within the district. The first chairperson shall serve for a term of two years. Thereafter the chairperson shall be elected from outside the board of directors by majority vote of the board of directors. The first meeting of the board of directors shall be held at the call of the chairperson, after notice, for the purpose of proposing the by laws, electing officers and for any other business that comes before the meeting. The by laws of the district, and amendments thereto, shall be adopted by a majority vote of the board of directors unless the certificate of incorporation requires a greater vote. The by laws shall state:

(a) the manner and time of calling regular meetings of the representatives and the board of directors, not less than once annually;

(b) the title, manner of selection, and term of office of officers of the district;

(c) the term of office of members of the board of directors, the manner of their removal, and the manner of filling vacancies on the board of directors;

(d) *the powers and duties of the board of directors consistent with the order and articles of incorporation establishing the district;*

(e) *the definition of a quorum for meetings of the board of directors, which shall be not less than a majority of the members;*

(f) *the compensation and reimbursement for expenses for members of the board of directors, which shall not exceed that provided for in section 15.0575, subdivision 3;*

(g) *such other provisions for regulating the affairs of the district as the board of directors shall determine to be necessary.*

Sec. 7. [REGISTERED OFFICE.] *Every district shall maintain an office in this state to be known as its registered office. When a district desires to change the location of its registered office, it shall file with the secretary of state and the director of the agency, a certificate stating the new location by city, town, or other community and effective date of change. When the certificate has been duly filed, the board of directors may make the change without any further action.*

Sec. 8. [POWERS.] Subdivision 1. [GENERAL.] *A district shall have all powers necessary or convenient to perform its duties, including the powers provided in this section.*

Subd. 2. [ACTIONS.] *The district may sue and be sued, and shall be a public body within the meaning of chapter 562.*

Subd. 3. [ACQUISITION OF PROPERTY.] *The district may acquire by purchase, lease, condemnation, gift, or grant, any right, title, and interest in and to real or personal property deemed necessary for the exercise of its powers or the accomplishment of its purposes, including positive and negative easements and water and air rights. Any local government unit and the commissioners of transportation, natural resources, and administration may convey to or permit the use of any property or facilities by the district, subject to the rights of the holders of any bonds issued with respect thereto, with or without compensation and without an election or approval by any other government agency. The district may hold the property for its purposes, and may lease or rent the property so far as not needed for its purposes, upon the terms and in the manner as it deems advisable. The right to acquire lands and property rights by condemnation shall be exercised in accordance with Minnesota Statutes, Chapter 117. The district may take possession of any property for which condemnation proceedings have been commenced at any time after the issuance of a court order appointing commissioners for its condemnation.*

Subd. 4. [RIGHT OF ENTRY.] Whenever the district deems it necessary to the accomplishment of its purposes, the district or any member, employee, or agent thereof, when authorized by it, may enter upon any property, public or private, for the purpose of obtaining information or conducting surveys or investigations, provided that the entrance and activity is undertaken after reasonable notice and during normal business hours and provided that compensation is made for any damage to the property caused by the entrance and activity.

Subd. 5. [GIFTS AND GRANTS.] The district may apply for and accept gifts, loans, or other property from the United States, the state, or any person for any of its purposes, may enter into any agreement required in connection therewith, and may hold, use, and dispose of the money or property in accordance with the terms of the gift, grant, loan or agreement.

Subd. 6. [PROPERTY EXEMPT FROM TAXATION.] Any real or personal property owned, leased, controlled, used, or occupied by the district for any authorized purpose is declared to be acquired, owned, leased, controlled, used and occupied for public and governmental purposes, and shall be exempted from taxation by the state or any political subdivision of the state, provided that those properties shall be subject to special assessments levied by a political subdivision for a local improvement in amounts proportionate to and not exceeding the special benefit received by the properties from the improvement. No possible use of the properties in any manner different from their use for solid waste management at the time shall be considered in determining the special benefit received by the properties. All bonds, certificates of indebtedness or other obligations of the district shall be exempted from taxation by the state or any political subdivision of the state. Interest on the obligations of the district shall be exempted from taxation in the same manner provided for interest on obligations qualifying under section 290.08, subdivision 7.

Subd. 7. [FACILITIES AND SERVICES.] The district may construct, equip, develop, enlarge, improve, and operate solid waste facilities and services as it deems necessary and may negotiate contracts for the use of public or private facilities and services. Whenever practicable, the district shall contract with private persons for the construction, maintenance, and operation of solid waste facilities.

Subd. 8. [RATES; CHARGES.] The district may establish and collect rates and charges for the facilities and services provided and may negotiate and collect rates and charges for facilities and services contracted for by the district. The board of directors of the district may agree with the holders of district obligations which are secured by revenues of the district as to the maximum or minimum amounts which the district shall charge and collect for services provided by the district. Before

establishing or raising any rates and charges the board of directors shall hold a public hearing regarding the proposed rates and charges. Notice of the hearing shall be published at least once in a legal newspaper of general circulation throughout the area affected by the rates and charges. Publication shall be no more than 45 days and no less than 15 days prior to the date of the hearing.

Subd. 9. [DISPOSITION OF PROPERTY.] The district may sell or otherwise dispose of any real or personal property acquired by it which is no longer required for accomplishment of its purposes. The property shall be sold in the manner provided by Minnesota Statutes, Section 458.196, insofar as practical. The district shall give notice of sale which it deems appropriate. When the district determines that any property which has been acquired from a government unit without compensation is no longer required, the district shall transfer it to the government unit.

Subd. 10. [DISPOSITION OF PRODUCTS AND ENERGY.] The district may use, sell, or otherwise dispose of all of the products and energy produced by its facilities. The district may, on a competitive basis, enter into short or long term contracts, make spot sales, solicit bids, enter into direct negotiations, deal with brokers, or use such other methods of disposal as it chooses, provided that the dealings of the district shall be on a competitive basis so as not to create an unfair or unreasonable advantage or restraint of trade on the part of the district. The district shall give particular consideration to the needs of purchasers in this state and shall actively promote sales to such purchasers so long as this can be done at prices and under conditions that meet constitutional requirements and that are consistent with the district's object of being financially self supporting to the greatest extent possible.

Subd. 11. [CONTRACTS.] The district may enter into any contract necessary or proper for the exercise of its powers or the accomplishment of its purposes.

Subd. 12. [JOINT POWERS.] The district may act under the provisions of Minnesota Statutes, Section 471.59, or any other law providing for joint or cooperative action between government units.

Subd. 13. [RESEARCH.] The district may conduct research studies and programs, collect and analyze data, prepare reports, maps, charts, and tables, and conduct all necessary hearings and investigations in connection with its work and may advise and assist other government units on planning matters within the scope of its powers, duties, and objectives.

Subd. 14. [EMPLOYEES; CONTRACTS FOR SERVICES.] The district may employ persons or firms and contract for ser-

VICES TO PERFORM ENGINEERING, LEGAL OR OTHER SERVICES NECESSARY TO CARRY OUT ITS FUNCTIONS.

Subd. 15. [INSURANCE.] The district may require any employee to obtain and file with it an individual bond or fidelity insurance policy. It may procure insurance in amounts it deems necessary to insure against liability of the board of directors and employees or both, for personal injury or death and property damage or destruction, with the force and effect stated in Minnesota Statutes, Chapter 466, and against risks of damage to or destruction of any of its facilities, equipment, or other property as it deems necessary.

Subd. 16. [REVIEW OF PROJECTS.] The district may require that persons shall not acquire, construct, alter, reconstruct or operate a solid waste facility within the district without prior consultation with and approval of the district.

Subd. 17. [COLLECTION SERVICES; LIMITATION OF POWER.] A district shall not provide collection service unless it is unable to secure the service from private providers.

Sec. 9. [DESIGNATION OF RESOURCE RECOVERY FACILITIES; REQUIRED USE.] Subdivision 1. [GENERAL.] A district may be authorized by the order and articles of incorporation establishing the district to require that all or any portion of the solid waste that is generated within its boundaries or any service area thereof and is deposited within the state be taken for processing to a resource recovery facility designated by the district or a transfer station serving such a facility.

Subd. 2. [STANDARDS.] In determining whether to designate and require use of resource recovery facilities the district shall consider whether:

(a) the required use will result in the recovery of resources or energy from materials which would otherwise be wasted;

(b) the required use will lessen the demand for and use of land disposal;

(c) the required use is necessary for the financial support of the facility;

(d) less restrictive methods for ensuring an adequate solid waste supply are available;

(e) the applicant has considered all other feasible and prudent waste processing alternatives for accomplishing the purposes of the proposed project and has compared and evaluated the costs of all such alternatives, including capital and operating

costs, and the effects of all such alternatives on the cost to generators.

Subd. 3. [EXEMPTION.] The district shall not designate and require use of facilities for materials which are separated from solid waste and recovered for reuse or recycling by the generator, by a private person under contract with the generator, or by a licensed solid waste collector.

Subd. 4. [PROCEDURE.] The district shall proceed as follows when designating and requiring use of facilities:

(a) The district shall notify those persons whom the district has determined should use the facilities. Notification to political subdivisions shall be in writing. All other persons shall be notified at least by publication in a legal newspaper or newspapers having general circulation in the area. The notification shall specify types and quantities of solid wastes, plans for use of the solid wastes, the point of delivery of the solid wastes, and the fee to be charged. During a period of 90 days following the notification, the district shall negotiate with the persons within the areas to be served in order to develop contractual agreements on the terms of required use of the designated facilities.

(b) If contracts have not been made at the end of the 90 day period, or if persons subject to the required use have not made arrangements sufficient to justify exemption under subdivision 3, the district shall hold a public hearing to take testimony on the required use of the designated facilities. The hearing shall be preceded by the notice required under clause (a).

(c) If contracts have not been made within 30 days after the public hearing, or if persons subject to the required use have not made arrangements sufficient to justify exemption under subdivision 3, the district may order any person identified in the notice of the district to use the designated facilities, starting at a specified date which shall be at least 30 days after the order has been issued.

Subd. 5. [SERVICE GUARANTEE.] The district shall not arbitrarily terminate, suspend, or curtail services provided to any person required pursuant to this section to use designated facilities without the consent of the person or without just cause.

Subd. 6. [TERMINATION.] Use required under contract or order pursuant to this section may be terminated by a person upon an adequate showing to the district that the solid waste has value and that arrangements have been made by the person sufficient to justify exemption under subdivision 3, unless the district determines that the requirement must be continued to assure delivery of waste necessary to the financial support of the district facilities.

Sec. 10. [BONDING AND TAXING POWERS.] *Subdivision 1. [GENERAL.] A district may exercise any or all of the bonding and taxing powers provided in this section to the extent such powers are authorized by the order of the agency establishing the district and by its articles of incorporation.*

Subd. 2. [DEBT.] The district's bonds shall be sold, issued, and secured in the manner provided in chapter 475 and the district shall have the same powers and duties as a municipality and its governing body in issuing bonds under that chapter. No election shall be required. The bonds may be sold at any price and at public or private sale as determined by the district and shall not be subject to any limitation as to rate.

Subd. 3. [REVENUE BONDS.] A district may borrow money and incur indebtedness by issuing bonds and obligations which are payable solely:

(a) from revenues, income, receipts, and profits derived by the district from its operation and management of solid waste facilities;

(b) from the proceeds of warrants, notes, revenue bonds, debentures, or other evidences of indebtedness issued and sold by the district which are payable solely from such revenues, income, receipts, and profits;

(c) from federal or state grants, gifts, or other moneys received by the district which are available therefor.

Every issue of revenue bonds by the district shall be payable out of any funds or revenues from any facility of the district, subject only to agreements with the holders of particular bonds or notes pledging particular revenues or funds. If any facility of the district is funded in whole or in part by Minnesota state waste management bonds pursuant to articles VI and VII the state bonds shall take priority. The district may provide for priorities of liens in the revenues between the holders of district obligations issued at different times or under different resolutions. The district may provide for the refunding of any district obligation through the issuance of other district obligations entitled to rights and priorities similar in all respects to those held by the obligations that are refunded.

Subd. 4. [GENERAL OBLIGATION BONDS.] The district may borrow money and incur indebtedness by issuing its bonds and obligations for the payment of which the full faith and credit of the district are pledged. By October 1 of each year the treasurer of the board of directors shall examine the debt service fund of the district and determine whether or not there are sufficient funds to pay all principal and interest of bonds coming due the following year. If the available funds are insufficient, the treasurer shall notify and direct each county or city

auditor within the district to levy a tax. If the tax is to be levied solely in proportion to the value of the property in the district, the commissioner of revenue is authorized to adjust the rate of taxation pursuant to section 270.12, subdivision 3. The tax shall be subject to no limitation of rate or amount until the money in the debt service fund becomes sufficient to pay all principal and interest payments coming due. Taxes levied by the district for the payment of its bonds in accordance with section 475.61 shall be included in computing the levy limitations under section 275.11. If the tax required by section 475.61 to be levied for any year of the term of a bond issue upon would, when added to the taxes levied by a political subdivision for all purposes in the year preceding such issue, exceed the limitations prescribed in section 275.11, the bonds shall not be issued without the consent by resolution of the governing body of the political subdivision.

Sec. 11. [AUDIT.] *The board of directors, at the close of each year's business, shall cause an audit of the books, records and financial affairs of the district to be made by a certified public accountant or the state auditor. Copies of a written report of the audit, certified to by the auditors, shall be placed and kept on file at the principal place of business of the district and shall be filed with the secretary of state and the agency.*

If the generator fails to complete such procedures, the county may recover the costs of completion in a civil action in any court of competent jurisdiction or, in the discretion of the board, the costs may be certified to the county auditor as a special tax against the land as other taxes are collected. The ordinance may be enforced by injunction, action to compel performance, or other action in district court. The agency may require the county to complete a comprehensive solid waste management plan conforming to the requirements of article V, section 5. In establishing, continuing, and terminating the designation, the county shall be governed by all standards, exemptions, procedures, and other requirements provided in article VIII, section 9, subdivisions 2 to 6.*

ARTICLE X

SOLID WASTE AND SEWAGE SLUDGE MANAGEMENT:
METROPOLITAN AREA

Section 1. Minnesota Statutes 1978, Section 473.121, is amended by adding a subdivision to read:

Subd. 36. The definitions of terms relating to waste in chapter 116 and article I, section 3, also apply to the same terms relating to waste used in chapter 473.

Sec. 2. Minnesota Statutes 1978, Section 473.149, is amended to read:

473.149 [SOLID WASTE COMPREHENSIVE PLANNING.] Subdivision 1. [POLICY PLAN; GENERAL REQUIREMENTS.] (BY JULY 1, 1978,) The metropolitan council shall prepare and by resolution adopt as part of its development guide a long range policy plan for (THE COLLECTION AND PROCESSING OF) solid (AND HAZARDOUS) waste *management* in the metropolitan area. When adopted, the plan shall be followed in the metropolitan area. The plan shall substantially conform to all policy statements, purposes, goals, standards, maps and plans in development guide sections and plans adopted by the council, *provided that no land shall be thereby excluded from consideration as a solid waste facility site except land determined by the agency to be intrinsically unsuitable for such use.* The plan shall include goals and policies for (THE COLLECTION AND PROCESSING OF) solid (AND HAZARDOUS) waste *management* in the metropolitan area and, to the extent appropriate, statements and information similar to that required under section 473.146, subdivision 1. The plan shall include criteria and standards for *solid* waste facilities and *solid* waste facility sites respecting the following matters: general location; capacity; operation; processing techniques; environmental impact; effect on existing, planned, or proposed collection services and waste facilities; and economic viability. For *solid* waste facilities owned or operated by public agencies or supported primarily by public funds or obligations, the plan shall include additional criteria and standards (RESPECTING FINANCIAL SELF SUFFICIENCY BASED UPON COMPETITIVE RATES AND CHARGES) *to ensure that the facilities are operated on a competitive basis so as not to create an unfair or unreasonable advantage or restraint of trade in relation to comparable private facilities existing in the area.* In developing the plan the council shall consider the orderly and economic development, public and private, of the metropolitan area; the preservation and best and most economical use of land and water resources in the metropolitan area; the protection and enhancement of environmental quality; the conservation and reuse of resources and energy; the preservation and promotion of conditions conducive to efficient, (LOW COST,) competitive, and adaptable systems of waste (COLLEC-

TION AND PROCESSING) *management*; and the orderly resolution of questions concerning changes in systems of waste (COLLECTION AND PROCESSING) *management*. Criteria and standards for solid (AND HAZARDOUS) waste facilities shall be consistent with regulations adopted by the pollution control agency pursuant to chapter 116 and (SECTIONS 473.823. THE HAZARDOUS WASTE PORTION OF THE POLICY PLAN SHALL BE APPROVED BY THE POLLUTION CONTROL AGENCY IN ACCORDANCE WITH ITS STANDARDS AND REGULATIONS PRIOR TO ADOPTION BY THE COUNCIL) *shall be at least as stringent as the guidelines, regulations, and standards of the federal environmental protection agency.*

Subd. 2. [DISPOSAL CAPACITY ESTIMATE.] By July 1, 1980, the council shall adopt by resolution an estimate of the added solid waste disposal capacity needed in appropriate sectors of the metropolitan area in annual increments through the year 1990 and thereafter in five year increments through the year 2000. The council's estimate shall be based upon existing and projected solid waste generation rates without regard to potential waste reduction, separation, and recovery activity except that provided by services and facilities in operation or under construction.

Subd. 2a. [DISPOSAL ABATEMENT REPORT.] By January 1, 1981, the council shall prepare and submit a report to metropolitan counties on potentials for abating the need for and practice of land disposal of mixed municipal solid waste in the metropolitan area, for use by the counties in developing land disposal abatement plans pursuant to section 473.803, subdivision 3. The report shall contain an analysis of abatement achievable through waste reduction, waste separation, waste processing, and resource recovery. The report shall contain specific and quantifiable alternative abatement objectives and degrees of abatement, along with solid waste management methods and technologies, private and government actions, facilities and services, development schedules, revenue-raising measures, and levels of public and private expenditure and effort necessary to the achievement of those alternative objectives and degrees of abatement. The report shall recommend priorities and objectives for abating, immediately and over specified time periods, the disposal of mixed municipal solid waste in the metropolitan area. During the preparation of the report, the council shall encourage public debate and discussion of the issues relating to land disposal abatement and shall hold a public meeting on the issues in each metropolitan county.

Subd. 2b. [INVENTORY OF SOLID WASTE DISPOSAL SITES.] By October 1, 1981, the council shall adopt by resolution an inventory of eligible solid waste disposal sites and buffer areas within the metropolitan area. The council's inventory shall be composed of the sites and buffer areas proposed by the counties and reviewed and approved by the council pursuant to sec-

tion 473.803, subdivision 2. If a county does not have an approved inventory, the council shall adopt the required inventory for the county, following such investigations by the council and such public hearings as the council deems appropriate. The council's inventory shall satisfy all requirements and standards described in section 473.803, subdivision 2, for sites and buffer areas proposed by counties. For sites and buffer areas included in the council's inventory, the moratorium imposed under section 473.-803, subdivision 2, shall extend until October 1, 1983.

Subd. 2c. [REPORT ON LOCAL EFFECTS OF SOLID WASTE DISPOSAL FACILITIES.] By January 1, 1982, the council shall report to the legislative commission on methods of mitigating and compensating for the local risks, costs, and other adverse effects of solid waste disposal facilities and on methods of financing mitigation and compensation measures. The methods of mitigating and compensating to be considered shall include but not be limited to the following: payment outside of levy limitations in lieu of taxes for all property taken off the tax rolls; preference for the city or town containing a facility in federal A-95 reviews conducted by the council; payment of all costs to service the facilities including the costs of roads, monitoring, inspection, enforcement, police and fire, and litter clean up costs; payment for buffer zone amenities and improvements; city or town control over buffer zone design; elimination of the tipping charge for solid waste collected in the city or town; a guarantee against any and all liability that may occur; payment for reclamation of closed sites to local design specifications.

Subd. 2d. [LAND DISPOSAL ABATEMENT PLAN; REPORT TO LEGISLATURE.] By January 1, 1983, after considering county land disposal abatement proposals submitted pursuant to section 473.803, subdivision 3, the council shall amend its policy plan to include specific and quantifiable objectives for abating the land disposal of mixed municipal solid waste. The plan shall include a reduced estimate, based on the council's abatement objectives, of the added solid waste disposal capacity needed in appropriate sectors of the metropolitan area, stated in annual increments through the year 1990 and thereafter in five year increments through the year 2000. The objectives in the plan shall be based upon standards for county resource recovery and waste reduction and separation programs and activities. The plan shall include standards and procedures to be used by the council in determining that metropolitan counties have not implemented the council's land disposal abatement plan and have not met the standards for county abatement programs and activities. The council shall report to the legislative commission on its abatement plan and on legislation that may be required to implement the plan.

Subd. 2e. [SOLID WASTE DISPOSAL FACILITIES DEVELOPMENT SCHEDULE.] By January 1, 1983, after requesting and considering recommendations from the counties,

cities, and towns, the council as part of its policy plan shall determine the number of sites to be acquired within each metropolitan county for solid waste disposal facilities in accordance with section 15. The council shall adopt a schedule for development of disposal facilities by each such county through the year 2000. The schedule shall be based upon the council's reduced estimate of the disposal capacity needed because of the council's land disposal abatement plan. The schedule may include procedures to be used by counties in selecting sites for acquisition pursuant to section 15. The schedule shall include standards and procedures for council certification of need pursuant to section 473.823. The schedule shall include a facility closure schedule and plans for post-closure management and disposition, for the use of property after acquisition and before facility development, and for the disposition of property and development rights no longer needed for disposal facilities.

Subd. 3. [PREPARATION AND ADOPTION.] *The solid waste policy plan shall be prepared, adopted, and amended in accordance with section 473.146, subdivision 2, provided that the procedural duties and responsibilities established therein for the affected metropolitan commission shall extend to the metropolitan counties and the pollution control agency. In addition to the requirements of section 473.146, subdivision 2, the council shall send notice of any hearing to the pollution control agency and the governing body of each metropolitan county and each local governmental unit, as defined in section 473.801, wherein a solid waste facility is or may be located in accordance with the plan. Any comprehensive (SOLID AND HAZARDOUS WASTE) plan adopted by the council (PRIOR TO THE EFFECTIVE DATE OF THIS ACT) shall remain in force and effect (UNTIL A POLICY PLAN IS) while new or amended plans are being prepared (IN ACCORDANCE WITH SUBDIVISION 1) and adopted by the council. By October 1, 1976, the council shall adopt either interim policies or amendments to the existing comprehensive plan establishing standards and criteria for the review under section 473.823 of permit applications for solid waste facilities used primarily for resource recovery. For permit applications received by the council prior to October 1, 1976, the council may extend the time period provided for review under section 473.823 until 60 days after the adoption of the interim policies or amendments. No metropolitan county, local government unit, commission, or person shall acquire, construct, improve or operate any solid waste facility in the metropolitan area except in accordance with the council's plan and section 473.823, provided that no solid waste facility in use when a plan is adopted shall be discontinued solely because it is not located in an area designated in the plan as acceptable for the location of such facilities.*

Subd. 4. [ADVISORY COMMITTEE.] *The council shall establish an advisory committee to aid in the preparation of the policy plan (AND,) the performance of the council's responsibilities under subdivisions 2 to 7, the review of county master plans and reports and applications for permits for waste*

facilities, under sections 473.151 and 473.801 to 473.823 and sections 13 to 15, and other duties determined by the council. The committee shall consist of one-third citizen representatives, one-third representatives from metropolitan counties and municipalities, and one-third representatives from private waste management firms. From October 1, 1981 to January 1, 1983, for the purpose only of participating in the preparation of the legislative report required by subdivision 5 and the land disposal abatement plan required by subdivision 6, additional members shall be included on the advisory committee sufficient to assure that at least one-third of the members of the committee are residents of cities or towns containing eligible solid waste disposal sites included in the councils' disposal site inventory. A representative from the pollution control agency, one from the waste management board established under article II, section 1, and one from the Minnesota health department shall serve as ex officio members of the committee.

Sec. 3. Minnesota Statutes 1978, Chapter 473, is amended by adding a section to read:

[473.153] [COMPREHENSIVE DISPOSAL FACILITIES PLAN FOR SEWAGE SLUDGE AND SOLID WASTE FROM SEWAGE TREATMENT.] *Subdivision 1. [FACILITIES REQUIRED.] Except as provided in subdivision 7 and article IV, section 2, all sewage sludge disposal facilities and facilities for the disposal of solid waste generated by the metropolitan waste control commission shall be established and operated in accordance with this section and section 473.516. The council and the commission shall establish at least one facility for sewage sludge disposal and at least one facility for solid waste disposal.*

Subd. 2. [CANDIDATE SITE SELECTION.] By July 1, 1981, the council shall select three candidate sites for the disposal of the commission's sewage sludge and three candidate sites for the disposal of the commission's solid waste, together with appropriate surrounding buffer areas. The council shall evaluate sites for candidacy on the basis of at least the following factors: local land use and land use controls, existing and future development patterns, transportation facilities, distance from the points of generation, and the intrinsic suitability of sites compared with other potential sites. Notwithstanding any plan, charter provision, law, ordinance, regulation, or other requirement of the council, counties, or local units of government, no land shall be excluded from consideration for candidacy except land determined by the agency to be intrinsically unsuitable. No site shall be selected for candidacy unless the agency certifies its apparent intrinsic suitability for the use intended, based on preliminary environmental analysis and on-site surveys and investigations conducted by the agency. In selecting candidate sites, the council shall prefer land which is capable of being returned to its existing use or the use antici-

pated in a plan of a metropolitan agency, county, or local unit of government use after closure of a disposal facility.

Subd. 3. [MORATORIUM.] *A moratorium is hereby imposed on development within the area of each proposed site and buffer area selected by the council. The moratorium shall extend until six months following the council's decision under subdivision 6. No development shall be allowed to occur within the area of a proposed site or buffer area during the period of the moratorium. No county, city, or town land use control shall permit such development, nor shall any county, city, or town sanction or approve any subdivision, permit, license, or other authorization which would allow such development to occur.*

Subd. 4. [ADVISORY COMMITTEE.] *For the purposes only of advising the council on decisions under this section, additional members shall be added to the advisory committee established by section 473.149, subdivision 9, sufficient to assure that each city and town containing a candidate site has at least one representative on the committee.*

Subd. 5. [ENVIRONMENTAL AND PERMIT REVIEW.] *An environmental impact statement meeting the requirements of chapter 116D shall be completed on each candidate site, provided that the statement shall be finally accepted or rejected within 280 days of the selection of candidate sites. Within 90 days following the acceptance of the statement, the agency shall indicate the conditions and terms of approval of all permits needed at each candidate site.*

Subd. 6. [COUNCIL SITE SELECTION.] *Within 90 days following the agency's decision on permit conditions and terms, the council shall select at least one of the candidate sites for acquisition and development by the commission as a sewage sludge disposal facility and at least one of the candidates sites for acquisition and development by the commission as a solid waste disposal facility. Before its selection the council shall consult with the advisory committee and affected counties, cities, and towns.*

Subd. 7. [EXISTING FACILITIES EXEMPTED.] *Nothing in this section shall be construed to preclude the commission from continuing to use existing sewage sludge disposal facilities. In addition, to the same extent and upon the same conditions as sewage sludge may be applied on private property pursuant to section 473.516, subdivisions 3 and 4, the commission may use any site owned by the commission for the purpose of land-spreading sewage sludge for a period no longer than four years.*

Sec. 4. *Minnesota Statutes 1978, Section 473.502, is amended to read:*

473.502 [LEGISLATIVE PURPOSE AND POLICY.] *The legislature determines that in the metropolitan area there are*

serious problems of water pollution and *processing and disposal of sewage and waste resulting from sewage treatment*, which cannot be effectively or economically dealt with by existing local government units in the area under existing laws. The legislature therefore declares that for the protection of the public health, safety, and welfare of the area, for the preservation and best use of waters and other natural resources of the state in the area, for the prevention, control and abatement of water pollution in the area, and for the efficient and economic collection, treatment and disposal of sewage *and waste resulting from sewage treatment* it is necessary to assign to the metropolitan council the responsibility of carrying on a continuous, long-range program of planning with respect thereto and to establish a waste control commission, which, together with the council, can take over, acquire, construct, operate, and maintain all interceptors and treatment works *and waste facilities* necessary for the collection, treatment and disposal of sewage *and waste resulting from sewage treatment* in the metropolitan area, and can take over, acquire, construct, operate, and maintain waste facilities in the metropolitan area.

Sec. 5. Minnesota Statutes 1978, Section 473.516, is amended to read:

473.516 [WASTE FACILITIES; SEWAGE SLUDGE DISPOSAL.] *Subdivision 1.* [ACQUISITION AND OPERATION.] Without limiting the grant or enumeration of any of the powers conferred on the council or commission under sections 473.501 to 473.549, the commission shall have the specific power to acquire by purchase, lease, condemnation, gift or grant any real or personal property including *development rights*, positive and negative easements and water and air rights, and it may construct, enlarge, improve, replace, repair, maintain and operate (HAZARDOUS) waste facilities in the metropolitan area deemed to be necessary or convenient in connection with the *processing or disposal* of (HAZARDOUS) waste *resulting from sewage treatment*, and the commission may contract for the maintenance and operation of such waste facilities, subject to the bidding requirements of section 473.523. The commission may accept for processing (HAZARDOUS) waste derived from outside the metropolitan area in the state, as well as (HAZARDOUS) waste derived from within the metropolitan area, and may fix and collect fees and charges for the acceptance of (HAZARDOUS) waste as the commission determines to be reasonable.

Subd. 2. [GENERAL REQUIREMENTS.] With respect to its activities under this section, the commission shall be subject to and comply with the applicable provisions of this chapter. Property acquired by the commission under this section shall be subject to the provisions of section 473.545. Any site or facility owned or operated for or by the commission shall conform to the policy plan adopted by the council under section 473.149 and shall be authorized in accordance with the commission's development program and capital budget approved by the council.

Whenever possible, the commission shall contract with private persons for the construction, maintenance, and operation of waste facilities, subject to the bidding requirements of section 473.523.

Subd. 3. [LOCAL RESTRICTIONS.] Counties and local units of government may impose conditions respecting the construction, operation, inspection, monitoring, and maintenance of a waste facility of the commission and conditions respecting the sale, gift, delivery, storage, use, and disposal of sewage sludge of the commission on private property as a soil conditioner or amendment, but only in the manner and only to the extent authorized and approved by the council and the agency as being consistent with the establishment and use of the commission's waste facilities and the disposal of the commission's sewage sludge on private property in accordance with the council's plan, adopted under section 3, and agency permits and rules. Counties may exercise the enforcement powers granted under section 473.-811, subdivision 10, in the manner and to the extent authorized and approved in accordance with this subdivision.

Subd. 4. [TECHNICAL MONITORING; SEWAGE SLUDGE DISPOSAL.] Each sewage sludge disposal facility of the waste control commission, or site used for the disposal of sewage sludge of the commission, shall be required to have an agency permit issued pursuant to agency rules for permitting sewage sludge disposal facilities sites. Each such permit shall require a regular monitoring, inspection, and testing program to be carried out by the agency, or the state department of health or county under contract to the agency, to prevent impairment or threat of impairment of ground and surface water. The commission shall reimburse the agency quarterly for the cost of the program.

Sec. 6. Minnesota Statutes 1978, Section 473.801, Subdivision 1, is amended to read:

473.801 [DEFINITIONS.] Subdivision 1. For the purposes of sections 473.801 to 473.823 and sections 13 to 16 the terms defined in this section have the meanings given them.

Sec. 7. Minnesota Statutes 1978, section 473.802, is amended to read:

473.802 [LEGISLATIVE PURPOSE AND POLICY.] The legislature determines that for the protection of the public health, safety, and welfare of the people of the metropolitan area, for the prevention, control and abatement of pollution of air and waters of the state in the metropolitan area, and for the efficient and economic (COLLECTION AND PROCESSING) management of solid (AND HAZARDOUS) waste in the metropolitan area, it is necessary to (AUTHORIZE THE AGENCY TO REGULATE THE HANDLING OF HAZARDOUS WASTE AND THE LOCATION AND OPERATION OF WASTE FACILI-

TIES IN THE AREA; TO) authorize the metropolitan council to carry on a continuous, long range program of planning with respect to solid (AND HAZARDOUS) waste (COLLECTION AND PROCESSING) *management*, (AND) to establish criteria and standards and approve permits for *solid waste facilities* in the area, *and to provide funds for the acquisition of property for solid waste disposal purposes*; and to authorize the metropolitan counties if necessary to acquire, construct, operate and maintain solid waste facilities, to plan for and regulate *solid waste collection services and facilities*, to collect data on solid and hazardous waste (COLLECTION AND PROCESSING) *management* systems and procedures, and to *assist state agencies* to regulate the (HANDLING) *management* of hazardous waste. The legislature declares that a public purpose is served by the recovery and utilization of resources from solid (WASTE AND HAZARDOUS) waste where economically viable and compatible with source reduction. The plans, criteria, standards and regulations of the agency, council and metropolitan counties shall, to the extent practicable, encourage ownership and operation of solid waste facilities by private industry.

Sec. 8. Minnesota Statutes 1978, Section 473.803, is amended to read:

473.803 [METROPOLITAN COUNTY PLANNING.] Subdivision 1. [COUNTY MASTER PLANS; GENERAL REQUIREMENTS.] Each metropolitan county, following adoption or revision of the council's solid (AND HAZARDOUS) waste policy plan and in accordance with the dates specified therein, and after consultation with all affected (MUNICIPALITIES) *local government units*, shall prepare and submit to the council for its approval, a county solid (AND HAZARDOUS) waste master plan to implement the policy plan. *The master plan shall be revised and resubmitted at such times as the council's policy plan may require.* The master plan shall describe county solid (AND HAZARDOUS) waste activities, functions, and facilities; the existing system of solid (AND HAZARDOUS) waste generation, collection, and processing, *and disposal* within the county; existing and proposed county and municipal ordinances and license and permit requirements relating to *solid waste facilities* and (HAZARDOUS AND) solid waste generation, collection, and processing, *and disposal*; existing or proposed municipal, county, or private *solid waste facilities* and collection services within the county together with schedules of existing rates and charges to users and statements as to the extent to which such facilities and services will or may be used to implement the policy plan; and any solid waste facility which the county owns or plans to acquire, construct, or improve together with statements as to the planned method, estimated cost and time of acquisition, proposed procedures for operation and maintenance of each facility; an estimate of the annual cost of operation and maintenance of each facility; an estimate of the annual gross revenues which will be received from the operation

of each facility; and a proposal for the use of each facility after it is no longer needed or usable as a waste facility. The master plan shall, to the extent practicable, encourage ownership and operation of solid waste facilities by private industry. For solid waste facilities owned or operated by public agencies or supported primarily by public funds or obligations, the master plan shall contain policies to ensure (FINANCIAL SELF SUFFICIENCY BASED UPON COMPETITIVE RATES AND CHARGES) that the facilities are operated on a competitive basis so as not to create an unfair or unreasonable advantage or restraint of trade in relation to comparable private facilities existing in the area.

Subd. 1a. [PROPOSED INVENTORY OF DISPOSAL SITES.] By June 1, 1981, each county shall adopt, by resolution of its governing body, an inventory of three proposed sites in the county suitable for mixed municipal solid waste disposal facilities and one proposed site in the county suitable for the disposal of demolition debris and shall submit the inventory to the council for approval or disapproval. The council shall evaluate and approve or disapprove each proposed site in accordance with the standards set out in this subdivision. Except as otherwise provided in this subdivision, each site shall satisfy the standards and criteria in federal and state regulations and the council's policy plan for solid waste waste management. In proposing and approving sites for the inventory, the counties and the council shall prefer land which is capable of being returned to its existing use or the use anticipated in a plan of a metropolitan agency, county, or local unit of government use after closure of a disposal facility. Each site shall contain no less than 80 acres and no more than 250 acres. Each proposed site shall be surrounded by a buffer area at least equal to the area of the site. No site shall be proposed by the county or approved by the council unless the agency certifies its intrinsic suitability for the use intended, based on preliminary environmental analysis and on site surveys and investigations conducted by the county or agency. Notwithstanding any plan, charter provision, law, ordinance, regulation, or other requirement of any state agency or political subdivision, no land shall be excluded from consideration for inclusion in the inventory except land determined by the agency to be intrinsically unsuitable. The council shall evaluate each site with respect to local land use and land use controls, existing and future development patterns, transportation facilities and other services and facilities appropriate to land disposal facilities, the quality of other potential sites, and patterns of generation of solid waste. The council shall notify a county of any site proposed by the county which the council disapproves and shall allow the county 60 days to propose an alternative site. If the county fails to propose an alternative acceptable to the council in the time allowed, the council shall propose a site acceptable to it for inclusion in the inventory of sites in that county. If in the council's judgment a county does not contain the requisite number of satisfactory sites, the council may reduce the number of sites required

of that county. A moratorium is hereby imposed on development within the area of each site and buffer area proposed by a county, pending the council's adoption of an inventory pursuant to section 473.149, subdivision 2b. For sites and buffer areas included in the council's inventory, the moratorium shall extend until October 1, 1983. No development shall be allowed to occur within the area of a site or buffer area during the period of the moratorium. No county, city, or town land use control shall permit such development, nor shall any county, city, or town sanction or approve any subdivision, permit, license, or other authorization which would allow such development to occur.

Subd. 1b. [LAND DISPOSAL ABATEMENT.] By April 1, 1982, after considering the council's disposal abatement report submitted to the counties pursuant to section 473.149, subdivision 2a, each county shall submit to the council a proposal to reduce to the greatest feasible and prudent extent the need for and practice of land disposal of mixed municipal solid waste. The proposal shall include programs for waste reduction and separation and resource recovery. The proposal shall include objectives, immediately and over specified time periods, for reducing the land disposal of mixed municipal solid waste generated within the county. The proposal shall describe specific functions to be performed and activities to be undertaken by the county and cities and towns within the county to achieve the objectives and shall describe the estimated cost, proposed manner of financing, and timing of the functions and activities. The proposal shall include alternatives which could be used to achieve the objectives if the proposed functions and activities are not established. By June 1, 1983, each county shall revise its master plan to include a land disposal abatement element to implement the council's land disposal abatement plan adopted under section 473.149, subdivision 2d, and shall submit the revised plan to the council for review under subdivision 2. The proposal and master plan revision required by this subdivision shall be prepared in consultation with cities and towns within the county, particularly the cities and towns in which a solid waste disposal facility is or may be located pursuant to the county master plan.

Subd. 2. [COUNCIL REVIEW.] The council shall review each master plan or revision thereof to determine whether it is consistent with the council's policy plan. If it is not consistent, the council shall disapprove and return the plan with its comments to the county for revision and resubmittal. The county shall have 90 days to revise and resubmit the plan for council approval. Any county solid (OR HAZARDOUS) waste plan or report approved by the council prior to April 9, 1976, shall remain in effect until a new master plan is submitted to and approved by the council in accordance with this section.

Subd. 3. [ANNUAL REPORT.] Each metropolitan county shall prepare and submit annually to the council for its approval a report containing information, as the council may prescribe

in its policy plan, concerning solid (AND HAZARDOUS) waste generation (, COLLECTION, AND PROCESSING) and management within the county. *The report shall include a statement of progress in achieving the land disposal abatement objectives of the council's policy plan and county master plan.* The report shall include a schedule of rates and charges in effect or proposed for the use of any solid waste facility owned or operated by or on its behalf, together with a statement of the basis for such charges.

Sec. 9. Minnesota Statutes 1978, Section 473.811, is amended to read:

473.811 [COUNTIES AND LOCAL UNITS OF GOVERNMENT; WASTE MANAGEMENT.] Subdivision 1. [COUNTY ACQUISITION OF FACILITIES.] To accomplish the purpose specified in section 473.803, each metropolitan county may acquire by purchase, lease, gift or condemnation as provided by law, upon such terms and conditions as it shall determine, including contracts for deed and conditional sales contracts, solid waste facilities or properties or easements or development rights for solid waste facilities which are in accordance with regulations adopted by the agency, the policy plan adopted by the council and the county master plan as approved by the council, and may improve or construct improvements on any property or facility so acquired. No metropolitan city, county or town shall own or operate a hazardous waste facility. Each metropolitan county is authorized to levy a tax in anticipation of need for expenditure for the acquisition and betterment of solid waste facilities. If (SUCH) a tax is levied in anticipation of need, the purpose must be specified in a resolution of the county directing that the levy and the proceeds of the tax may be used only for that purpose. Until so used, the proceeds shall be retained in a separate fund or invested in the same manner as surplus in a sinking fund may be invested under section 475.66. The right of condemnation shall be exercised in accordance with chapter 117. (A METROPOLITAN COUNTY MAY ACQUIRE PROPERTY FOR AND OPERATE A SOLID WASTE FACILITY WITHIN THE BOUNDARIES OF ANY CITY OR TOWN IN THE METROPOLITAN AREA, WITHOUT COMPLYING WITH THE PROVISIONS OF ANY ZONING ORDINANCE ADOPTED AFTER APRIL 15, 1969.)

Subd. 1a. [RIGHT OF ACCESS.] Whenever the county deems it necessary to the evaluation of a waste facility for enforcement purposes or to the evaluation of a site or buffer area for inclusion in the inventory of disposal sites pursuant to section 473.149, subdivision 2b, and section 473.803, subdivision 1a, or for final acquisition under section 15, the county or any member, employee, or agent thereof, when authorized by it, may enter upon any property, public or private, for the purpose of obtaining information or conducting surveys or investigations, provided that the entrance and activity is undertaken after reasonable notice and during normal business hours and

provided that compensation is made for any damage to the property caused by the entrance and activity.

Subd. 2. [COUNTY FINANCING OF FACILITIES.] Each metropolitan county may by resolution authorize the issuance of bonds to provide funds for the acquisition or betterment of solid waste facilities or property or property rights for a solid waste facility, or for refunding any outstanding bonds issued for any such purpose, and may pledge to the payment of the bonds and the interest thereon, its full faith, credit and taxing powers, or the proceeds of any designated tax levies, or the gross or net revenues or charges to be derived from any facility operated by or for the county, or any combination thereof. Taxes levied for the payment of the bonds and interest shall not reduce the amounts of other taxes which the county is authorized by law to levy. No election shall be required to authorize the issuance of the bonds. Except as otherwise provided, the bonds shall be issued and sold in accordance with the provisions of chapter 475.

Subd. 3. [COUNTY OPERATION OF FACILITIES.] Each metropolitan county may operate and maintain solid waste facilities, and for this purpose may employ all necessary personnel, may adopt regulations governing operation, and may establish and collect reasonable, non-discriminatory rates and charges for the use of the facilities by any local government unit or person, estimated to be sufficient, with any other moneys appropriated for the purpose, to pay all costs of acquisition, operation and maintenance. Each metropolitan county may use itself or sell all or any part of materials or energy recovered from solid waste to private interests or public agencies for consumption or reuse by them. Section 471.345 and Laws 1951, Chapter 556, as amended shall not apply to the sale of the materials or energy provided that the dealings of each county shall be on a competitive basis so as not to create an unfair or unreasonable advantage or restraint of trade on the part of the county.

Subd. 4. [COUNTY CONTRACTS.] Each metropolitan county *may contract* for the use of existing public or private *solid waste facilities and* may contract with any person for the operation and maintenance of any solid waste facility owned by the county. The contract shall provide for the operation and maintenance of the facility in accordance with any regulations, criteria, and standards of the agency, the metropolitan council and the county relating thereto.

Subd. 4a. [ORDINANCES: GENERAL CONDITIONS; RESTRICTIONS; APPLICATION.] *Ordinances of counties and local government units related to or affecting waste management shall embody plans, policies, rules, standards and requirements adopted by any state agency authorized to manage or plan for or regulate the management of waste and the waste management plans adopted by the council and shall be consistent with county master plans approved by the council.*

Subd. 5. [ORDINANCES; SOLID WASTE COLLECTION AND TRANSPORTATION.] Each metropolitan county may adopt ordinances governing the collection of solid waste. (THE ORDINANCES SHALL NOT PREVENT THE HAULING OF SOLID WASTE FROM ONE COUNTY TO ANOTHER.) Each (MUNICIPALITY AND TOWN) *local unit of government* within the metropolitan area shall adopt an ordinance governing the collection of solid waste within its boundaries. If the county within which it is located has adopted an ordinance, the (MUNICIPALITY OR TOWN) *local unit* shall adopt either the county ordinance by reference or a more strict ordinance. (A HAULER WHO QUALIFIED UNDER THE ORDINANCE OF THE MUNICIPALITY WHERE HE IS MAKING PICKUPS MAY TRANSPORT SOLID WASTE ON STREETS AND HIGHWAYS IN OTHER MUNICIPALITIES WITHIN THE COUNTY WITHOUT CONFORMING TO THEIR ORDINANCES.) *Ordinances of counties and local government units may establish reasonable conditions respecting but shall not prevent the transportation of solid waste by a licensed collector through and between counties and local units, except as required for the enforcement of any designation of a facility by the council pursuant to section 13. A licensed collector or a metropolitan county or local government unit may request review by the council of an ordinance adopted under this subdivision. Upon such a request the ordinance shall be invalid unless it is approved by the council as reasonable. Ordinances of counties and local units of government shall provide for the enforcement of any designation of facilities by the council under section 13. Nothing in this subdivision shall be construed to limit the authority of the local government unit to regulate and license collectors of solid waste or to require review or approval by the council for ordinances regulating collection.*

Subd. 5a. [ORDINANCES; SOLID WASTE FACILITIES.] Each metropolitan county shall by ordinance establish and from time to time revise rules, regulations, and standards for *solid waste facilities* within the county, relating to location, sanitary operation, periodic inspection and monitoring, maintenance, termination and abandonment, and other pertinent matters. The *county ordinance* shall require permits or licenses for *solid waste facilities* and shall require that such facilities be registered with a county office.

Subd. 5b. [ORDINANCES; HAZARDOUS WASTE MANAGEMENT.] Each metropolitan county shall by ordinance establish and revise rules, regulations, and standards (FOR HAZARDOUS WASTE MANAGEMENT) relating to (a) the identification of hazardous waste, (b) the labeling and classification of hazardous waste, (c) the (HANDLING,) collection, storage, transportation (AND STORAGE), processing, disposal, and land containment of hazardous waste, and (d) (THE ULTIMATE DISPOSAL SITE OF HAZARDOUS WASTE, AND (E)) other matters necessary for the public health, welfare and safety. The county shall require permits or licenses for the gen-

eration, collection, (AND) processing, *disposal, and land containment* of hazardous waste and shall require registration with a county office. *Ordinances of counties and local government units shall not prevent the location, establishment, operation, expansion, continuance, or closure of any hazardous waste facility in accordance with certificates, permits, and other approvals by state agencies pursuant to articles III and IV, except that ordinances approved by the agency as being consistent with the establishment and use of facilities in accordance with such certificates, permits, and approvals may impose conditions respecting the construction, inspection, monitoring, and maintenance of a facility.* (ANY ORDINANCE ENACTED UNDER THIS SUBDIVISION SHALL EMBODY REGULATIONS, STANDARDS, AND REQUIREMENTS ADOPTED BY THE AGENCY AND GOALS, POLICIES, CRITERIA, AND STANDARDS ADOPTED BY THE COUNCIL AND SHALL BE CONSISTENT WITH THE COUNTY MASTER PLAN APPROVED BY THE COUNCIL. COUNTY ORDINANCES ADOPTED PURSUANT TO THIS SUBDIVISION SHALL NOT APPLY TO THE LOCATION OR OPERATION OF ANY HAZARDOUS WASTE FACILITY OWNED OR OPERATED BY THE WASTE CONTROL COMMISSION UNDER SECTION 473.-516.) Issuing, denying, *suspending*, modifying, imposing conditions upon, or revoking hazardous waste permits or licenses, and county hazardous waste regulations and *ordinances*, shall be subject to review, denial, suspension, *modification*, and reversal by the agency. The agency shall after written notification have 15 days to review, suspend, modify, or reverse the action of the county. After this period, the action of the county board shall be final subject to appeal to the district court in the manner provided in (SECTION 115.05. ANY ORDINANCE ENACTED SHALL BE PUBLISHED IN ACCORDANCE WITH THE PROVISIONS OF SECTION 375.51) *chapter 15.*

Subd. (5A) 5c. [COUNTY ENFORCEMENT.] Each metropolitan county shall be responsible for insuring that waste facilities, solid waste collection operations licensed or regulated by the county and hazardous waste generation (,) and collection (, AND PROCESSING) operations are brought into conformance with, or terminated and abandoned in accordance with, applicable county ordinances; rules, regulations and requirements of the (AGENCY) *state*; and (GOALS, POLICIES, CRITERIA, AND STANDARDS) *the policy plan* of the council. Counties may provide by ordinance that operators or owners or both of such facilities or operations shall be responsible to the county for satisfactorily performing the procedures required. If operators or owners or both fail to perform, the county may recover the costs incurred by the county in completing the procedures in a civil action in any court of competent jurisdiction or, in the discretion of the board, the costs may be certified to the county auditor as a special tax against the land. The ordinances may be enforced by action in district court. The county may prescribe a criminal penalty for the violation of any ordinance enacted under

this section not exceeding the maximum which may be specified for a misdemeanor.

Subd. 6. [GRANTS AND LOANS TO COUNTIES.] Each metropolitan county may accept gifts, may apply for and accept grants or loans of money or other property from the United States, the state, the metropolitan council, any local government unit, or any person, to accomplish the purposes specified in sections 473.149, 473.151, and 473.801 to 473.823 and sections 13 to 16, may enter into any agreement required in connection therewith, and may hold, use, and dispose of the money or property in accordance with the terms of the gift, grant, loan or agreement relating thereto.

Subd. 7. [JOINT ACTION.] Each metropolitan county and local government unit may act *together with any county, city, or town within or without the metropolitan area* under the provisions of section 471.59 or any other appropriate law providing for joint or cooperative action between government units, to accomplish any purpose specified in sections 473.149, 473.151, and 473.801 to 473.823 and sections 13 to 16.

Subd. 8. [COUNTY SALE OR LEASE.] Each metropolitan county may sell or lease any facilities or property or property rights previously used or acquired to accomplish the purposes specified by sections 473.149, 473.151, and 473.801 to 473.823 and sections 13 to 16. Such property may be sold in the manner provided by section 458.196. Each metropolitan county may convey to or permit the use of any such property by a local government unit, with or without compensation, without submitting the matter to the voters of the county. No real property or property rights acquired pursuant to this section, may be disposed of in any manner unless and until the county shall have submitted to the agency and the metropolitan council for review and comment the terms on and the use for which the property will be disposed of. The agency and the council shall review and comment on the proposed disposition within 60 days after each has received the data relating thereto from the county.

Subd. 9. [SOLID AND HAZARDOUS WASTE FUND.] All moneys received by any metropolitan county from any source specified in sections 473.149, 473.151, and 473.801 to 473.823 and sections 13 to 16 shall be paid into the county treasury, placed in a special fund designated as the county solid and hazardous waste fund, and used only for the purposes authorized in those sections, as appropriated by the county board, subject to any lawful restrictions, conditions, or pledges applicable thereto.

Sec. 10. Minnesota Statutes 1978, Chapter 473, is amended by adding a section to read:

[473.812] [SOLID WASTE ORDINANCES; RESTRICTIONS.] *Subdivision 1. [DISPOSAL FACILITIES.] Except as provided in this subdivision, a metropolitan county may*

acquire a site for a solid waste disposal facility anywhere within the county without complying with local ordinances, if the action is approved by the council as being taken pursuant to the policy plan and the development schedule adopted under section 473.-149, subdivision 7, and the provisions of section 15, and the county may establish and operate or contract for the establishment or operation of a disposal facility at such a site without complying with local ordinances, if the council certifies need under section 12. With the approval of the council, local government units may impose and enforce reasonable conditions respecting the construction, operation, inspection, monitoring, and maintenance of such disposal facilities.

Subd. 2. [OTHER FACILITIES.] *A metropolitan county may establish a solid waste facility, other than a disposal facility, within the county without complying with local ordinances, if the action is approved by the council in accordance with the review process established by this subdivision. A county requesting review by the council shall show that the required permits for the proposed facility have been or will be issued by the agency, that the facility is consistent with the council's policy plan and the approved county master plan and that a local government unit has refused to approve the establishment or operation of the facility. The council shall meet to commence the review within 90 days of the submission of a request determined by the council to satisfy the requirements for review under this subdivision. At the meeting commencing the review the chairman shall recommend and the council establish a scope and procedure for its review and final decision on the proposed facility. The procedure shall require the council to make a final decision on the proposed facility within 120 days following the commencement of review. The council shall conduct at least one public hearing in the city or town within which the proposed facility would be located. Notice of the hearing shall be published in a newspaper or newspapers of general circulation in the area for two successive weeks ending at least 15 days before the date of the hearing. The notice shall describe the proposed facility, its location, the proposed permits, and the council's scope and procedure for review. The notice shall identify a location or locations within the local government unit and county where the permit applications and the council's scope and procedure for review are available for review and where copies may be obtained. In its review and final decision on the proposed facility, the council shall consider at least the following matters:*

(a) the risk and effect of the proposed facility on local residents, units of government, and the local public health, safety, and welfare, and the degree to which the risk or effect may be alleviated;

(b) the consistency of the proposed facility with, and its effect on, existing and planned local land use and development; local laws, ordinances, and permits; and local public facilities and services;

(c) *the adverse effects of the facility on natural resources, as defined in chapter 116B, and opportunities to mitigate or eliminate such adverse effects by additional stipulations, conditions, and requirements respecting the design and operation of the proposed facility at the proposed site;*

(d) *the need for the proposed facility and the availability of alternative sites;*

(e) *the consistency of the proposed facility with the county master plan and the council's policy plan adopted pursuant to section 473.149;*

(f) *transportation facilities and distance to points of waste generation.*

In its final decision in the review, the council may:

(a) *disapprove the facility;*

(b) *approve the facility and the agency permits; or*

(c) *approve the facility but add more stringent stipulations, conditions, and requirements respecting the design and operation of the proposed facility at the site proposed.*

The council shall not stipulate or establish conditions or requirements which are less stringent than those established by the agency permits. The council shall not stipulate or establish conditions or requirements affecting the location proposed for the facility in the agency permits. The council shall not stipulate or establish conditions or requirements for additional solid waste management capabilities at the facility of a different nature than those permitted in the agency permits.

No local government unit shall prevent the establishment or operation of any solid waste facility in accordance with the council's decision under this subdivision, except that, with the approval of the council, the local government unit may impose reasonable conditions respecting the construction, inspection, monitoring, and maintenance of a facility.

Sec. 11. Minnesota Statutes 1978, Section 473.813, is amended to read:

473.813 [CITIES, COUNTIES, TOWNS; SOLID WASTE CONTRACTS.] Subdivision 1. Notwithstanding any contrary provision of law or charter, and in addition to the powers or authority granted by any other law or charter, a city, county, or town in the metropolitan area may directly negotiate and enter into contracts, for a term not to exceed 30 years, for the delivery of solid waste to a waste facility and the processing of

solid waste. Contracts made by direct negotiations shall be approved by resolution adopted by the governing body of the city, county, or town.

Subd. 2. Before a city, county, or town (MAY ENTER) enters into any contract pursuant to subdivision 1 (, WHICH CONTRACT IS) for a period of more than five years, the city, county, or town shall submit the proposed contract and a description of the proposed activities under the contract to the council for review and approval. The council shall approve the proposed contract if it determines that the contract (WILL NOT ADVERSELY AFFECT COLLECTION RATES AND CHARGES DURING THE TERM OF THE CONTRACT AND THAT THE CONTRACT) is consistent with the council's plan, permits issued under section 473.823, and county reports or master plans approved by the council. The council may consolidate its review of contracts submitted under this section with its review of related permit applications submitted under section 473.823 and for this purpose may delay the review required by this section.

Sec. 12. Minnesota Statutes 1978, Section 473.823, Subdivision 3, is amended to read:

Subd. 3. [SOLID WASTE FACILITIES; REVIEW PROCEDURES.] (THE AGENCY MAY PRESCRIBE PERMIT AND PERMIT APPLICATION FORMS, AND MAY REQUEST APPLICANTS TO SUBMIT IN WRITING ALL INFORMATION DEEMED RELEVANT BY THE AGENCY.) The agency shall request applicants for *solid waste facility permits* to submit all information deemed relevant by the council to its review, including without limitation information relating to the geographic areas and population served, the need, the effect on existing facilities and services, the anticipated public cost and benefit, the anticipated rates and charges, the manner of financing, the effect on metropolitan plans and development programs, the supply of waste, anticipated markets for any product, and alternative means of disposal or energy production. (THE AGENCY, OR ANY EMPLOYEE OR AGENT THEREOF, WHEN AUTHORIZED BY IT, MAY EXAMINE ANY BOOKS, PAPERS, RECORDS OR MEMORANDA OF THE APPLICANT PERTAINING TO ITS WASTE FACILITY, AND MAY ENTER ON ANY PROPERTY, PUBLIC OR PRIVATE, FOR THE PURPOSE OF OBTAINING INFORMATION, CONDUCTING SURVEYS OR MAKING INVESTIGATIONS RELATIVE TO THE LOCATION OR OPERATION OF A WASTE FACILITY. THE AGENCY MAY ISSUE PERMITS FOR THE OPERATION OF WASTE FACILITIES BY ANY METROPOLITAN COUNTY OR COMMISSION, LOCAL GOVERNMENT UNIT OR PERSON WHERE THE OPERATION THEREOF IS CONSISTENT WITH APPLICABLE REGULATIONS ADOPTED BY THE AGENCY PURSUANT TO SUBDIVISION 1, PROVIDED THAT) No permit may be

issued for the operation of a *solid* waste facility in the metropolitan area which is not in accordance with the metropolitan council's solid (AND HAZARDOUS) waste policy plan. The metropolitan council shall determine whether a permit is in accordance with the (GOALS, POLICIES, STANDARDS, AND CRITERIA IN ITS) policy plan. In making its determination, the council shall consider the area-wide need and benefit of the applicant facility and may consider, without limitation, the effect of the applicant facility on existing and planned *solid* waste facilities described in a waste control commission development program or county report or master plan. If the council determines that a permit is in accordance with its policy plan, the council shall approve the permit. If the council determines that a permit is not in accordance with its policy plan, it shall disapprove the permit. The council's approval of permits may be subject to conditions necessary to satisfy criteria and standards in its policy plan, including conditions respecting the type, character, and quantities of waste to be processed at a *solid* waste facility used primarily for resource recovery and (RESTRICTIONS ON) the geographic territory from which a (WASTE FACILITY USED PRIMARILY FOR) resource recovery facility or transfer station serving such a facility may draw its waste. For the purpose of this review and approval by the council, the agency shall send a copy of each permit application and any supporting information furnished by the applicant to the metropolitan council within 15 days after receipt of the application and all other information requested from the applicant. Within 60 days after the application and supporting information are received by the council, unless a time extension is authorized by the agency, the council shall issue to the agency in writing its determination whether the permit is disapproved, approved, or approved with conditions. If the council does not issue its determination to the agency within the 60 day period, unless a time extension is authorized by the agency, the permit shall be deemed to be in accordance with the council's policy plan. No permit may be issued in the metropolitan area for a *solid* waste facility used primarily for resource recovery, if the facility or site is owned and operated by a public agency or if the acquisition or betterment of the facility or site is secured by *public funds or obligations* (PLEDGING THE FULL FAITH AND CREDIT OR TAXING POWERS OF A CITY, COUNTY, OR TOWN,) unless the council finds that adequate markets exist for the products recovered without substantially reducing the supply of solid waste available for existing resource recovery operations and that (ALL COSTS OF OPERATION, ADMINISTRATION, MAINTENANCE AND DEBT SERVICE WILL BE COVERED BY REASONABLE RATES AND CHARGES FOR THE USE OF THE FACILITY) *the facility is operated on a competitive basis so as not to create an unfair or unreasonable advantage or restraint of trade in relation to comparable private facilities existing in the area.*

Sec. 13. Minnesota Statutes 1978, Section 473.823, is amended by adding a subdivision to read:

Subd. 5. [COUNCIL; CERTIFICATION OF NEED.] No new mixed municipal solid waste disposal facility shall be permitted in the metropolitan area without a certificate of need issued by the council indicating the council's determination that the additional disposal capacity planned for the facility is needed in the metropolitan area. The council shall amend its policy plan, adopted pursuant to section 473.149, to include standards and procedures for certifying need. The standards and procedures shall be based on the council's disposal abatement plan adopted pursuant to section 473.149, subdivision 2d, and the abatement master plans of counties adopted pursuant to section 473.803, subdivision 1b. The council shall certify need only if and only to the extent that the county or permit applicant demonstrates that there are no feasible and prudent alternatives to the disposal facility, including waste reduction, source separation and resource recovery which would minimize adverse impact upon natural resources. Economic considerations alone shall not justify the certification of need or the rejection of alternatives.

Sec. 14. Minnesota Statutes 1978, Chapter 473, is amended by adding a section to read:

[473.827] [COUNCIL DESIGNATION OF SOLID WASTE FACILITY; REQUIRED USE.] *Subdivision 1. [AUTHORITY.] The council may require that all or any portion of the solid waste that is generated within the metropolitan area or any service area thereof and is disposed of in the state be delivered to a resource recovery facility designated by the council or a transfer station serving such a facility. The council may designate a facility under this section without the approval of the agency except that the approval of the agency shall be required if the solid waste required to be delivered is generated outside of the metropolitan area.*

Subd. 2. [STANDARDS.] In determining whether to designate and require the use of the facility the council shall consider whether:

(a) the required use will result in the recovery of resources or energy from materials which would otherwise be wasted;

(b) the required use will lessen the demand for and use of land disposal;

(c) the required use is necessary for the financial support of the facility;

(d) less restrictive methods for ensuring an adequate solid waste supply are available;

(e) the applicant has considered all other feasible and prudent waste processing alternatives for accomplishing the purposes of the proposed project and has compared and evaluated

the costs of all such alternatives, including capital and operating costs, and the effects of all such alternatives on the cost to generators.

Subd. 3. [EXEMPTION.] The council shall not designate and require use of facilities for materials which are separated from solid waste and recovered for reuse or recycling by the generator, by a private person under contract with the generator, or by a licensed solid waste collector.

Subd. 4. [PROCEDURE.] The council shall proceed as follows when designing and requiring use of facilities:

(a) The council shall notify those persons whom the council has determined should use the facilities. Notification to political subdivisions shall be in writing. All other persons shall be notified at least by publication in a legal newspaper or newspapers having general circulation in the area. The notification shall specify types and quantities of solid wastes, plans for use of the solid wastes, the point of delivery of the solid wastes, and the fee to be charged. During a period of 90 days following the notification, the council shall negotiate with the persons within the areas to be served in order to develop contractual agreements on the terms of required use of the designated facilities.

(b) If contracts have not been made at the end of the 90-day period, or if persons subject to the required use have not made arrangements sufficient to justify exemption, the council shall hold a public hearing to take testimony on the required use of the designated facilities. The hearing shall be preceded by the notice required under clause (a).

(c) If contracts have not been made within 30 days after the public hearing, or if persons subject to the required use have not made arrangements sufficient to justify exemption, the council may order any person identified in the notice of the council to use the designated facilities, starting at a specified date which shall be at least 30 days after the order has been issued.

Subd. 5. [SERVICE GUARANTEE.] The facility designated by the council shall not arbitrarily terminate, suspend, or curtail services provided to any person required pursuant to this section to use designated facilities without the consent of the person, or without just cause.

Subd. 6. [TERMINATION.] Use required under contract or order pursuant to this section may be terminated by a person upon an adequate showing to the council that the solid waste has value and that arrangements have been made sufficient to justify exemption under subdivision 3, unless the council determines that the requirement must be continued to assure delivery of waste necessary to the financial support of the facilities designated by the council.

Sec. 15. Minnesota Statutes 1978, Chapter 473, is amended by adding a section to read:

[473.831] [DEBT OBLIGATIONS; SOLID WASTE DISPOSAL.] *Subdivision 1. [GENERAL OBLIGATION BONDS] Following the adoption of the revisions to its policy plan required by section 473.149, subdivision 2e, the council may by resolution authorize the issuance of general obligation bonds of the council to provide funds for the acquisition of sites and surrounding buffer areas for development as solid waste disposal facilities pursuant to this section and section 15 and to provide funds for refunding obligations issued under this section. The bonds shall be sold, issued, and secured in the manner provided in chapter 475 for general obligation bonds, and the council shall have the same power and duties as a municipality and its governing body in issuing bonds under chapter 475, except as otherwise provided in this chapter. No election shall be required, and the net debt limitations in chapter 475 shall not apply.*

Subd. 2. [USE OF PROCEEDS.] The proceeds of bonds issued under subdivision 1 shall be used pursuant to section 15, by the council to make grants to metropolitan counties to pay the cost of the acquisition of all property or interests in property for solid waste disposal sites and surrounding buffer areas required to be acquired by the county, pursuant to section 15, by the council's policy plan and development schedule adopted pursuant to section 473.149, subdivision 7.

Sec. 16. Minnesota Statutes 1978, Chapter 473, is amended by adding a section to read:

[473.833] [SOLID WASTE DISPOSAL SITES AND BUFFER AREAS.] *Subdivision 1. [REQUIREMENT.] Each metropolitan county shall select and acquire sites for solid waste disposal facilities in accordance with this section and the council's policy plan and development schedule adopted pursuant to section 473.149, subdivision 7.*

Subd. 2. [COUNTY SITE SELECTION AUTHORITIES.] Each metropolitan county shall establish a site selection authority. By June 1, 1983, each site selection authority shall select specific sites within the county from the council's disposal site inventory, in accordance with the standards, criteria, and procedures established by the council under section 473.149, subdivision 2e, and in a number equal to that required by the council to be acquired by the county. Each site selection authority shall be composed of the county board, plus one member appointed by the governing body of each city or town within the county containing a site in the council's disposal site inventory or the majority of the land contained within such a site. If the number of members on the site selection authority who reside in a city or town containing all or part of a site or buffer area is equal to or greater than the number of members who do not, the chairman

of the county board shall appoint to the authority an additional member or members, residing within the county but not within a city or town containing all or part of a site or buffer area, sufficient to assure a majority of one on the authority of members residing in cities and towns not containing all of any part of a site of buffer area. The chairman of the county board shall be the chairman of the site selection authority. If a site selection authority has not selected the requisite number of sites in accordance with the council's standards, criteria, and procedures by June 1, 1983, the council shall make the selection.

Subd. 3. [ACQUISITION AND DISPOSITION.] In order to prevent the development of conflicting land uses at and around future solid waste disposal facility sites, the council shall provide for the acquisition by a metropolitan county of property and rights in property at and around each solid waste disposal site selected pursuant to subdivision 1. Each site scheduled for development as a facility through the year 1990 shall be acquired in fee. Development rights shall be acquired for each site scheduled for development as a facility after the year 1990 through the year 2000. Development rights shall be acquired in a buffer area surrounding and at least equal to the area of each site scheduled for development as a facility through the year 2000. An increase or decrease in the value of property resulting from its designation in the inventory of disposal sites and buffer areas or its selection as a site or buffer area shall not be considered in establishing the value of the property in a condemnation proceeding. The county may sell property and development rights, with the permission of the council, when they are no longer needed for a site or surrounding buffer area. The owner of the fee shall have the right of first refusal of any development rights at the price of purchase plus interest at the rate permitted under section 344.01. The proceeds from any sale of property or development rights shall be returned to the council and used to pay debt service on the council's solid waste bonds.

Subd. 4. [FAILURE OF COUNTIES TO ACQUIRE; REPORT TO LEGISLATURE.] If any county fails to identify property for acquisition or if any county refuses to proceed with acquisition, as required by this section and the council's disposal facility development schedule adopted pursuant to section 473.149, subdivision 2e, the council shall prepare and recommend to the legislature, no later than January 1, 1984, legislation to transfer solid waste management authority and responsibility in the metropolitan area from the counties to the waste control commission or a new metropolitan commission established for that purpose.

Sec. 17. Minnesota Statutes 1978, Chapter 473, is amended by adding a section to read:

[473.834] [DEBT SERVICE; SOLID WASTE BONDS.]
Subdivision 1. [CERTAIN CITIES AND TOWNS; EXEMPTION.] Each city or town in which a solid waste disposal fa-

ility is operating after January 1, 1980, shall be permanently exempt from the payments required by this section, if the facility is a commercial facility disposing of garbage and mixed municipal refuse under an agency permit.

Subd. 2. [ALLOCATION OF DEBT SERVICE.] *The annual debt service on the council's solid waste bonds, issued under section 15, shall be annually apportioned by the council to each city and town in the metropolitan area, as follows: (a) One-half in the proportion that the assessed value of all taxable property within such city or town bears the assessed value of the taxable property in all such cities and towns, as last finally equalized before October 1 in the year in which the allocation is made; and (b) one-half in the proportion that the population of each such city or town bears to the total population in all such cities and towns, as estimated by the council.*

Subd. 3. [CERTAIN CITIES AND TOWNS; REDUCED PAYMENTS.] *When a solid waste reduction, separation, or resource recovery program is implemented or solid waste processing facilities are established in a city or town pursuant to a county land disposal abatement plan approved by the council, the annual payment otherwise required of the city or town pursuant to subdivision 2, shall be reduced by an amount determined by the council to be proportionate to the abatement in the waste going from the city or town into a solid waste disposal facility as a result of the local abatement program or processing facility.*

Subd. 4. [PROCEDURES FOR PAYMENT.] *By January 1 of each year, the council shall certify to each city and town in the metropolitan area the payment required from it to pay debt service on the council's bonds in the next succeeding calendar year. The amounts so certified shall be due and payable to the council, for deposit in the council's debt service fund, at such time or times during the year as the council determines. The council shall set the dates for payment with reference to the dates on which tax, assessment, and revenue collections become available to the government units required to pay such charges, provided that all payments shall be due in time to allow the council to certify deficiency tax levies pursuant to subdivision 5.*

Subd. 5. [DEFICIENCY TAX LEVIES.] *If the governing body of any local government unit fails to make payment to the council when due, the council shall certify to the auditor of the county in which the government unit is located the amount required for payment with interest at six percent per annum. The auditor shall levy and extend such amount as a tax upon all taxable property in the government unit for the next calendar year, free from any existing limitations imposed by law or charter. Such tax shall be collected in the same manner as the general taxes of the government unit, and the proceeds thereof, when collected, shall be paid by the county treasurer to the council for deposit in the debt service fund and credited to the government unit for which the tax was levied.*

Subd. 6. [SECURITY.] In addition to the power to require payments and tax levies under subdivisions 3 to 5 for the payment of debt service on bonds issued under section 15, the council may levy taxes for the payment of the debt service upon all taxable property within the metropolitan area without limitation of rate or amount and without affecting the amount or rate of taxes which may be levied by the council for other purposes or by any local government unit in the area.

Sec. 18. Article X applies in the counties of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott and Washington.

Subd. 10. "Solid waste" means garbage, refuse, *sludge from a water supply treatment plant or air contaminant treatment facility*, and other discarded (SOLID) waste materials and *sludges*, (INCLUDING SOLID WASTE MATERIALS AND WASTE SLUDGES) in solid, semi-solid, liquid, or contained gaseous form, resulting from industrial, commercial, mining, and agricultural operations, and from community activities, but does not include *hazardous waste*; animal waste used as fertilizer (,); earthen fill, boulders, rock (, SOLIDS); *sewage sludge*; solid or dissolved material in domestic sewage or other (SIGNIFICANT) common pollutants in water resources, such as silt, dissolved or suspended solids in industrial waste water effluents or discharges which are point sources subject to permits under section 402 of the federal water pollution control act, as amended, dissolved materials in irrigation return flows (, OR OTHER COMMON WATER POLLUTANTS); or source, special nuclear, or by-product material as defined by The Atomic Energy Act of 1954, as amended.

Sec. 4. Minnesota Statutes 1978, Section 116.06, Subdivision 13, is amended to read:

Subd. 13. "Hazardous waste" means any refuse or discarded material or combinations of refuse or discarded materials in solid, semi-solid, liquid, or gaseous form which cannot be handled by routine waste management techniques because they pose a substantial present or potential hazard to human health or other living organisms because of their chemical, biological, or physical properties. Categories of hazardous waste materials include, but are not limited to: explosives, flammables, oxidizers, poisons, irritants, and corrosives. *Hazardous waste does not include sewage sludge and source, special nuclear, or by-product material as defined by the Atomic Energy Act of 1954, as amended.*

Sec. 5. Minnesota Statutes 1978, Section 116.07, Subdivision 2, is amended to read:

Subd. 2. [ADOPTION OF STANDARDS.] The pollution control agency shall improve air quality by promoting, in the most practicable way possible, the use of energy sources and waste disposal methods which produce or emit the least air contaminants consistent with the agency's overall goal of reducing all forms of pollution. The agency shall also adopt standards of air quality, including maximum allowable standards of emission of air contaminants from motor vehicles, recognizing that due to variable factors, no single standard of purity of air is applicable to all areas of the state. In adopting standards the pollution control agency shall give due recognition to the fact that the quantity or characteristics of air contaminants or the duration of their presence in the atmosphere, which may cause air pollution in one area of the state, may cause less or not cause any air pollution in another area of the state, and it shall take into consideration in this connection such factors, including others which it

may deem proper, as existing physical conditions, zoning classifications, topography, prevailing wind directions and velocities, and the fact that a standard of air quality which may be proper as to an essentially residential area of the state, may not be proper as to a highly developed industrial area of the state. Such standards of air quality shall be premised upon scientific knowledge of causes as well as effects based on technically substantiated criteria and commonly accepted practices. No local government unit shall set standards of air quality which are more stringent than those set by the pollution control agency.

The pollution control agency shall promote solid waste disposal control by encouraging the updating of collection systems, elimination of open dumps, and improvements in incinerator practices. The agency shall also adopt standards for the control of the collection, transportation, storage, *processing*, and disposal of solid waste *and the disposal of sewage sludge* for the prevention and abatement of water, air and land pollution, recognizing that due to variable factors, no single standard of (SOLID WASTE) control is applicable to all areas of the state. In adopting standards, the pollution control agency shall give due recognition to the fact that elements of control which may be reasonable and proper in densely populated areas of the state may be unreasonable and improper in sparsely populated or remote areas of the state, and it shall take into consideration in this connection such factors, including others which it may deem proper, as existing physical conditions, topography, soils and geology, climate, transportation, and land use. Such standards of (SOLID WASTE) control shall be premised on technical criteria and commonly accepted practices.

The pollution control agency shall also adopt standards describing the maximum levels of noise in terms of sound pressure level which may occur in the outdoor atmosphere, recognizing that due to variable factors no single standard of sound pressure is applicable to all areas of the state. Such standards shall give due consideration to such factors as the intensity of noises, the types of noises, the frequency with which noises recur, the time period for which noises continue, the times of day during which noises occur, and such other factors as could affect the extent to which noises may be injurious to human health or welfare, animal or plant life, or property, or could interfere unreasonably with the enjoyment of life or property. In adopting standards, the pollution control agency shall give due recognition to the fact that the quantity or characteristics of noise or the duration of its presence in the outdoor atmosphere, which may cause noise pollution in one area of the state, may cause less or not cause any noise pollution in another area of the state, and it shall take into consideration in this connection such factors, including others which it may deem proper, as existing physical conditions, zoning classifications, topography, meteorological conditions and the fact that a standard which may be proper in an essentially residential area of the state, may not be proper as to a highly developed industrial area of the state. Such noise standards shall

be premised upon scientific knowledge as well as effects based on technically substantiated criteria and commonly accepted practices. No local governing unit shall set standards describing the maximum levels of sound pressure which are more stringent than those set by the pollution control agency.

The pollution control agency shall adopt standards for the identification of hazardous waste and for the *management, identification*, labeling, classification, storage, collection, transportation, *processing*, and disposal of hazardous waste, recognizing that due to variable factors, (NO) a single standard of hazardous waste control (IS) *may not be* applicable to all areas of the state. In adopting standards, the pollution control agency shall recognize that elements of control which may be reasonable and proper in densely populated areas of the state may be unreasonable and improper in sparsely populated or remote areas of the state. The agency shall consider existing physical conditions, topography, soils, and geology, climate, transportation and land use. Standards of hazardous waste control shall be premised on technical knowledge, and commonly accepted practices. No local government unit shall set standards of hazardous waste control which are in conflict or inconsistent with those set by the pollution control agency.

Sec. 6. Minnesota Statutes 1978, Section 116.07, Subdivision 4, is amended to read:

Subd. 4. [RULES AND STANDARDS.] Pursuant and subject to the provisions of chapter 15, and the provisions hereof, the pollution control agency may adopt, amend and rescind (REGULATIONS) *rules* and standards having the force of law relating to any purpose within the provisions of Laws 1969, Chapter 1046, for the prevention, abatement, or control of air pollution. Any such (REGULATION) *rule* or standard may be of general application throughout the state, or may be limited as to times, places, circumstances, or conditions in order to make due allowance for variations therein. Without limitation, (REGULATIONS) *rules* or standards may relate to sources or emissions of air contamination or air pollution, to the quality or composition of such emissions, or to the quality of or composition of the ambient air or outdoor atmosphere or to any other matter relevant to the prevention, abatement, or control of air pollution.

Pursuant and subject to the provisions of chapter 15, and the provisions hereof, the pollution control agency may adopt, amend, and rescind (REGULATIONS) *rules* and standards having the force of law relating to any purpose within the provisions of Laws 1969, Chapter 1046, for the collection, transportation, storage, *processing*, and disposal of solid waste and the prevention, abatement, or control of water, air, and land pollution which may be related thereto, and the deposit in or on land of any other material that may tend to cause pollution. *The agency shall adopt such rules and standards for the disposal of sewage*

sludge, addressing the intrinsic suitability of land, the volume and rate of application of sewage sludge of various degrees of intrinsic hazard, design of disposal facilities, and operation of disposal facilities and disposal sites. The agency shall promulgate temporary rules for sewage sludge disposal pursuant to section 15.0412, subdivision 5. Any such (REGULATION) rule or standard may be of general application throughout the state or may be limited as to times, places, circumstances, or conditions in order to make due allowance for variations therein. Without limitation, (REGULATIONS) rules or standards may relate to collection, transportation, processing, disposal, equipment, location, procedures, methods, systems or techniques or to any other matter relevant to the prevention, abatement or control of water, air, and land pollution which may be advised through the control of collection, transportation, processing, and disposal of solid waste and the disposal of sewage sludge, and the deposit in or on land of any other material that may tend to cause pollution.

Pursuant and subject to the provisions of chapter 15, and the provisions hereof, the pollution control agency may adopt, amend and rescind (REGULATIONS) rules and standards having the force of law relating to any purpose within the provisions of Laws 1971, Chapter 727, for the prevention, abatement, or control of noise pollution. Any such (REGULATION) rule or standard may be of general application throughout the state, or may be limited as to times, places, circumstances or conditions in order to make due allowances for variations therein. Without limitation, (REGULATIONS) rules or standards may relate to sources or emissions of noise or noise pollution, to the quality or composition of noises in the natural environment, or to any other matter relevant to the prevention, abatement, or control of noise pollution.

As to any matters subject to this chapter, local units of government may set emission regulations with respect to stationary sources which are more stringent than those set by the pollution control agency.

Pursuant to chapter 15, the pollution control agency may adopt, amend, and rescind (REGULATIONS) rules and standards having the force of law relating to any purpose within the provisions of this chapter for the *management*, identification, labeling, classification, storage, collection, treatment, *transportation, processing*, and disposal of hazardous waste and location of hazardous waste (DISPOSAL) facilities. A (REGULATION) rule or standard may be of general application throughout the state or may be limited as to time, places, circumstances, or conditions. The public service commission, in cooperation with the pollution control agency, shall set standards for the transportation of hazardous waste in accordance with chapter 221.

The pollution control agency shall give highest priority in the consideration of permits to authorize disposal of diseased shade trees by open burning at designated sites to evidence concern-

ing economic costs of transportation and disposal of diseased shade trees by alternative methods.

Sec. 7. Minnesota Statutes 1978, Section 116.07, Subdivision 4a, is amended to read:

Subd. 4a. [PERMITS.] The pollution control agency may issue, continue in effect or deny permits, under such conditions as it may prescribe for the prevention of pollution, for the emission of air contaminants, or for the installation or operation of any emission facility, air contaminant treatment facility, treatment facility, potential air contaminant storage facility, or storage facility, or any part thereof, or for the sources or emissions of noise pollution.

The pollution control agency may also issue, continue in effect or deny permits, under such conditions as it may prescribe for the prevention of pollution, for the *storage*, collection, transportation, *processing*, or disposal of (SOLID) waste, or for the installation or operation of any system or facility, or any part thereof, related to the *storage*, collection, transportation, *processing*, or disposal of (SOLID) waste.

The pollution control agency may revoke or modify any permit issued under this subdivision and section 116.081 whenever it is necessary, in the opinion of the agency, to prevent or abate pollution.

(THE POLLUTION CONTROL AGENCY MAY ISSUE, CONTINUE IN EFFECT OR DENY PERMITS, UNDER SUCH CONDITIONS AS IT MAY PRESCRIBE FOR THE TREATMENT OR DISPOSAL OR BOTH OF HAZARDOUS WASTE, OR FOR THE INSTALLATION OR OPERATION OF ANY SYSTEM OR FACILITY OR ANY PART THEREOF.)

Sec. 8. Minnesota Statutes 1978, Section 116.07, is amended by adding a subdivision to read:

Subd. 4b. [PERMITS; HAZARDOUS WASTE FACILITIES.] *In reviewing applications for hazardous waste facility permits, in addition to the requirements imposed on it under this chapter and chapter 116D, the agency shall act in accordance with articles III and IV. The agency shall provide to the waste management board copies of each preliminary and final permit application for a hazardous waste facility immediately upon its submittal to the agency. The agency shall request recommendations on each permit application from the board and shall consult with the board on the agency's intended disposition of the recommendations. The agency shall respond to a preliminary permit application for a hazardous waste facility within 120 days following a decision not to prepare environmental documents or following the acceptance of a negative declaration notice or an environmental impact statement by the environmental*

quality board. Except as otherwise provided in article III, within 60 days following the submission of a final permit application for a hazardous waste facility, unless a time extension is agreed to by the applicant, the agency shall issue or deny all permits needed for the construction of the proposed facility.

Sec. 9. Minnesota Statutes 1978, Section 116.07, is amended by adding a subdivision to read:

Subd. 4c. [PERMITS; INTERIM HAZARDOUS WASTE STORAGE FACILITIES.] A generator of hazardous waste within the state, or an entity composed of or under contract to such generators, may apply to the agency for permits for interim storage facilities for hazardous waste generated within the state. The application shall demonstrate: (a) that no feasible and prudent alternative is available to eliminate the hazardous properties of the waste or the need for a waste facility to handle the waste, and (b) that no waste facility is reasonably available to accept the waste. The agency and the environmental quality board shall give highest priority to and shall expedite consideration of such applications. The agency shall make a determination on environmental documents required on the application within 30 days of submittal of the application. The environmental quality board shall finally accept or reject any environmental impact statement required within 280 days following publication of the impact statement preparation notice. The agency shall finally issue or deny permits within 30 days following a decision not to prepare environmental documents or following acceptance of a negative declaration notice or an environmental impact statement by the environmental quality board. An interim storage permit issued pursuant to this subdivision or pursuant to or in accordance with an order or decision of the board regarding such a permit under article IV shall not affect the responsibility of the generator for removal and final processing or disposal in a permitted hazardous waste facility. A permit shall not be issued under this subdivision for a period longer than three years, but such permits may be renewed by administrative action of the agency without a hearing or other review procedures for up to three additional one year periods.

Sec. 10. Minnesota Statutes 1978, Section 116.07, is amended by adding a subdivision to read:

Subd. 9. [ORDERS; INVESTIGATIONS.] The agency shall have the following powers and duties for the enforcement of any provision of chapter 116, relating to waste:

(a) to adopt, issue, reissue, modify, deny, revoke, enter into or enforce reasonable orders, schedules of compliance and stipulation agreements;

(b) to require by rule the owner or operator of any system or facility related to the storage, collection, transportation, pro-

cessing, land containment, or disposal of waste to establish and maintain records; to make reports; to install, use, and maintain monitoring equipment or methods; and to make tests, in accordance with methods, at locations, at intervals, and in a manner as the agency shall prescribe; and to provide other information as the agency may reasonably require;

(c) to conduct investigations, issue notices, public and otherwise, and hold hearings as it may deem necessary or advisable for the discharge of its duties under chapter 116, including but not limited to the issuance of permits; and to authorize any member, employee, or agent appointed by it to conduct the investigations and issue the notices.

Sec. 11. Minnesota Statutes 1978, Section 116.081, Subdivision 1, is amended to read:

116.081 [PROHIBITIONS.] Subdivision 1. [OBTAIN PERMIT.] It shall be unlawful for any person to construct, install or operate an emission facility, air contaminant treatment facility, treatment facility, potential air contaminant storage facility, storage facility, or system or facility related to the collection, transportation, storage, *processing*, or disposal of (SOLID) waste, or any part thereof unless otherwise exempted by any agency (REGULATION) *rule* now in force or hereinafter adopted, until plans therefor shall have been submitted to the agency, and a written permit therefor shall have been granted by the agency. The requirements of this section shall not be applied to motor vehicles. Abatement and control of air and land pollution during each biennium to the legislature with recommendations for action in furtherance of the air and land pollution and (SOLID) waste programs.

Sec. 12. Minnesota Statutes 1978, Section 116.101, is amended to read:

116.101 [HAZARDOUS WASTE CONTROL AND SPILL CONTINGENCY PLAN.] The pollution control agency shall study and investigate the problems of hazardous waste control and shall develop a statewide hazardous waste (MANAGEMENT) *spill contingency* plan detailing the location of hazardous waste (DISPOSAL) facilities and storage sites throughout the state and the needs relative to the interstate transportation of hazardous waste.

(ELEMENTS OF) The statewide hazardous *waste* spill contingency plan (WHICH RELATE TO HAZARDOUS WASTES,) shall be incorporated into the statewide hazardous waste management (PLAN) *plans of the waste management board established by article II*. The pollution control agency shall develop an informational reporting system of hazardous waste quantities generated, *processed*, and disposed of in the state.

Sec. 13. Minnesota Statutes 1978, Section 116.41, is amended to read:

116.41 [WASTE AND WASTE FACILITIES CLASSIFICATION; TRAINING AND CERTIFICATION.] Subdivision 1. [LAND CONTAINMENT AND DISPOSAL FACILITY CLASSIFICATION.] *By January 1, 1982, the pollution control agency (MAY) shall classify, respectively, facilities for the disposal of solid waste, facilities for the disposal of sewage sludge, and facilities for the disposal of hazardous waste according to the degree of hazard to public health or the environment involved in their operation (, AND ACCORDING TO THE VOLUME OR HAZARDOUS CHARACTER OF SOLID WASTE DISPOSED OF AT THE FACILITY. THE AGENCY MAY DEVELOP STANDARDS OF COMPETENCE FOR PERSONS OPERATING VARIOUS CLASSES OF FACILITIES FOR THE DISPOSAL OF SOLID WASTE). The classification of disposal facilities for waste shall be based upon the degree of intrinsic hazard and the volume and rate of application of the waste accepted by a facility, the intrinsic suitability of the location of the facility, the design and operating character of the facility, and other factors deemed relevant by the agency.*

Subd. 1a. [HAZARDOUS WASTE CLASSIFICATION.] *By January 1, 1982, the agency shall prescribe criteria for excluding types and categories of hazardous wastes from disposal, criteria for accepting types and categories of wastes as suitable for disposal, and minimum pre-treatment standards required as a condition of acceptance for disposal. The criteria and standards shall be based upon the degree of intrinsic hazard of the waste; the availability of conventional processing technologies for reducing, separating, reusing, recycling, and treating the waste; the feasibility and cost of applying the processing technologies in relation to the benefits to be achieved by such application; the class of facility; and other factors deemed relevant by the agency.*

Subd. 2. [TRAINING AND CERTIFICATION PROGRAMS.] *The agency shall develop standards of competence for persons operating and inspecting various classes of disposal facilities. The agency (MAY) shall conduct training programs for persons operating facilities for the disposal of (SOLID) waste and for, inspectors of such facilities, and may charge such fees as are necessary to cover the actual costs of the training programs.*

(SUBD. 3. AFTER JULY 1, 1976, WHEN A FACILITY FOR THE DISPOSAL OF SOLID WASTE, OTHER THAN AN ANIMAL FEEDLOT, IS OPERATING UNDER A PERMIT FROM THE AGENCY,) *The agency (MAY) shall require (THE OPERATOR) operators and inspectors of (THE FACILITY) such facilities to obtain from the agency a certificate of (HIS) competence (TO OPERATE THE FACILITY). The agency*

(MAY) shall conduct examinations to test the competence of applicants for certification, and (MAY) shall require that certificates be renewed at reasonable intervals. The agency may charge such fees as are necessary to cover the actual costs of receiving and processing applications, conducting examinations, and issuing and renewing certificates.

Subd. 3. [REGULATION AND ENFORCEMENT ASSISTANCE.] The agency shall establish a program to provide technical and financial assistance for regulation and enforcement to counties which have certified operators and inspectors conforming to the requirements of the agency, chapters 400 and 473, and articles I to VIII.

Subd. 4. [RULES.] The agency (MAY) shall adopt, amend, and rescind (SUCH) rules (AND REGULATIONS) as may be necessary to carry out the provisions of this section in accordance with chapter 15.

Sec. 14. [REPORT ON SEWAGE SLUDGE.] By January 1, 1981, the agency shall prepare and submit a report on sewage sludge disposal to the legislative commission. The report shall recommend appropriate strategies, procedures, and programs to abate potential health hazards resulting from sewage sludge disposal facilities. In preparing the report, the agency shall: (a) analyze the potential public health hazards resulting from sewage sludge disposal facilities and methods of abatement; (b) monitor and evaluate representative disposal facilities to determine characteristics of the sewage sludge, soil, groundwater, and vegetation; (c) examine existing regional, state, and federal regulations regarding the pre-treatment of industrial wastewater and efforts which are being or could be made by industry to pre-treat their industrial wastewaters; (d) analyze the need and potential effects of state regulations on concentrations of toxic and hazardous substances in industrial wastewater effluent; (e) summarize the duties and relationships among government entities responsible for sewage and sewage sludge treatment and regulation.

“Section 1. Minnesota Statutes 1978, Section 116D.04, is amended by adding a subdivision to read:

Subd. 1a. [DEFINITIONS.] For the purposes of sections 116D.01 to 116D.07, the following terms have the meanings given to them in this subdivision.

(a) “Natural resources” has the meaning given it in section 116B.02, subdivision 4.

(b) “Pollution, impairment or destruction” has the meaning given it in section 116B.02, subdivision 5.

(c) “Environmental assessment worksheet” means a brief document which is designed to set out the basic facts necessary to determine whether an environmental impact statement is required for a proposed action.

(d) “Governmental action” means activities, including projects wholly or partially conducted, permitted, assisted, financed, regulated or approved by units of government including the federal government.

(e) “Governmental unit” means any state agency and any general or special purpose unit of government in the state including, but not limited to, watershed districts organized under chapter 112, counties, towns, cities, port authorities and housing authorities, but not including courts, school districts and regional development commissions other than the metropolitan council.

Sec. 2. Minnesota Statutes 1978, Section 116D.04, is amended by adding a subdivision to read:

Subd. 2a. Where there is potential for significant environmental effects resulting from any major governmental action, the action shall be preceded by a detailed environmental impact statement prepared by the responsible governmental unit. The environmental impact statement shall be an analytical rather than an encyclopedic document which describes the proposed action in detail, analyzes its significant environmental impacts, discusses appropriate alternatives to the proposed action and their impacts, and explores methods by which adverse environmental impacts of an action could be mitigated. The environmental impact statement shall also analyze those economic, employment and sociological effects that cannot be avoided should the action be implemented. To ensure its use in the decision making process, the environmental impact statement shall be prepared as early as practical in the formulation of an action.

(a) *The board shall by rule establish categories of actions for which environmental impact statements and for which environmental assessment worksheets shall be prepared as well as categories of actions for which no environmental review is required under this section.*

(b) *The responsible governmental unit shall promptly publish notice of the completion of an environmental assessment worksheet in a manner to be determined by the board and shall provide copies of the environmental assessment worksheet to the board and its member agencies. Comments on the need for an environmental impact statement may be submitted to the responsible governmental unit during a 30 day period following publication of the notice that an environmental assessment worksheet has been completed. The responsible governmental unit's decision on the need for an environmental impact statement shall be based on the environmental assessment worksheet and the comments received during the comment period, and shall be made within 15 days after the close of the comment period. The board's chairman may extend the 15 day period by not more than 15 additional days upon the request of the responsible governmental unit.*

(c) *An environmental assessment worksheet shall also be prepared for a proposed action whenever material evidence accompanying a petition by not less than 25 individuals, submitted before the proposed project has received final approval by the appropriate governmental units, demonstrates that, because of the nature or location of a proposed action, there may be potential for significant environmental effects. Petitions requesting the preparation of an environmental assessment worksheet shall be submitted to the board. The chairman of the board shall determine the appropriate responsible governmental unit and forward the petition to it. A decision on the need for an environmental assessment worksheet shall be made by the responsible governmental unit within 15 days after the petition is received by the responsible governmental unit. The board's chairman may extend the 15 day period by not more than 15 additional days upon request of the responsible governmental unit.*

(d) *The board may, prior to final approval of a proposed project, require preparation of an environmental assessment worksheet by a responsible governmental unit selected by the board for any action where environmental review under this section has not been specifically provided for by rule or otherwise initiated.*

(e) *An early and open process shall be utilized to limit the scope of the environmental impact statement to a discussion of those impacts, which, because of the nature or location of the project, have the potential for significant environmental effects. The same process shall be utilized to determine the form, content and level of detail of the statement as well as the alterna-*

tives which are appropriate for consideration in the statement. In addition, the permits which will be required for the proposed action shall be identified during the scoping process. Further, the process shall identify those permits for which information will be developed concurrently with the environmental impact statement. The board shall provide in its rules for the expeditious completion of the scoping process. The determinations reached in the process shall be incorporated into the order requiring the preparation of an environmental impact statement.

(f) Whenever practical, information needed by a governmental unit for making final decisions on permits or other actions required for a proposed project shall be developed in conjunction with the preparation of an environmental impact statement.

(g) An environmental impact statement shall be prepared and its adequacy determined within 280 days after notice of its preparation unless the time is extended by consent of the parties or by the governor for good cause. The responsible governmental unit shall determine the adequacy of an environmental impact statement, unless within 60 days after notice is published that an environmental impact statement will be prepared, the board chooses to determine the adequacy of an environmental impact statement. If an environmental impact statement is found to be inadequate, the responsible governmental unit shall have 60 days to prepare an adequate environmental impact statement.

Sec. 3. Minnesota Statutes 1978, Section 116D.04, is amended by adding a subdivision to read:

Subd. 3a. Within 90 days after final approval of an environmental impact statement, final decisions shall be made by the appropriate governmental units on those permits which were identified as required and for which information was developed concurrently with the preparation of the environmental impact statement. Provided, however, that the 90 day period may be extended where a longer period is required by federal law or state statute or is consented to by the permit applicant. The permit decision shall include the reasons for the decision, including any conditions under which the permit is issued, together with a final order granting or denying the permit.

Sec. 4. Minnesota Statutes 1978, Section 116D.04, is amended by adding a subdivision to read:

Subd. 4a. The board shall by rule identify alternative forms of environmental review which will address the same issues and utilize similar procedures as an environmental impact statement in a more timely or more efficient manner to be utilized in lieu of an environmental impact statement.

Sec. 5. Minnesota Statutes 1978, Section 116D.04, is amended by adding a subdivision to read:

Subd. 5a. The board shall, by January 1, 1981, promulgate rules in conformity with this chapter and the provisions of chapter 15, establishing:

(a) The governmental unit which shall be responsible for environmental review of a proposed action;

(b) The form and content of environmental assessment worksheets;

(c) A scoping process in conformance with subdivision 2a, clause (e);

(d) A procedure for identifying during the scoping process the permits necessary for a proposed action and a process for coordinating review of appropriate permits with the preparation of the environmental impact statement;

(e) A standard format for environmental impact statements;

(f) Standards for determining the alternatives to be discussed in an environmental impact statement;

(g) Alternative forms of environmental review which are acceptable pursuant to subdivision 4a;

(h) A model ordinance in lieu of the environmental impact statement process required by this section which may be adopted by local governmental units where the local governmental unit is the responsible governmental unit for reviewing a proposed action. The model ordinance shall provide for adequate consideration of appropriate alternatives, and shall ensure that decisions are made in accordance with the policies and purposes of this act;

(i) Procedures to reduce paperwork and delay through inter-governmental cooperation and the elimination of unnecessary duplication of environmental reviews;

(j) Procedures for expediting the selection of consultants by the governmental unit responsible for the preparation of an environmental impact statement; and

(k) Any additional rules which are reasonably necessary to carry out the requirements of this section.

Sec. 6. Minnesota Statutes 1978, Section 116D.04, is amended by adding a subdivision to read:

Subd. 6a. Prior to the preparation of a final environmental impact statement, the governmental unit responsible for the statement shall consult with and request the comments of every governmental office which has jurisdiction by law or special expertise with respect to any environmental effect involved. Copies of the drafts of such statements and the comments and views of the appropriate offices shall be made available to the public. The final detailed environmental impact statement and the comments received thereon shall precede final decisions on the proposed action and shall accompany the proposal through an administrative review process.

Sec. 7. Minnesota Statutes 1978, Section 116D.04, is amended by adding a subdivision to read:

Subd. 10. Decisions on the need for an environmental assessment worksheet, the need for an environmental impact statement and the adequacy of an environmental impact statement may be reviewed by certiorari by the district court of the county wherein the proposed action, or any part thereof, would be undertaken. No bond shall be required under Minnesota Statutes, Section 562.02, as a prerequisite to review under this subdivision. The board may initiate judicial review of decisions referred to herein and may intervene as of right in any proceeding brought under this subdivision.

Sec. 8. Minnesota Statutes 1978, Section 116D.04, is amended by adding a subdivision to read:

Subd. 11. If the board or governmental unit which is required to act within a time period specified in this section fails to so act, any person may seek an order of the district court requiring the board or governmental unit to immediately take the action mandated by subdivisions 2a and 3a.

Sec. 9. [APPROPRIATIONS.] *There is appropriated from the general fund to the environmental quality board the sum of \$5,000 for the implementation of this act.*

Sec. 10. *Rules adopted under the authority of section 116D.04 which are in effect on the effective date of this act shall remain in effect until the rules required by this act become effective.*

Sec. 11. [REPEALER.] *Minnesota Statutes 1978, Section 116D.04, Subdivision 1, 2, 3, 4 and 5 are repealed.*

Sec. 12. [EFFECTIVE DATE.] *Sections 1 to 11 are effective the day following final enactment."*

(b) Sections 515.1-101 to 515.4-116 apply to all condominiums created within this state after August 1, 1980. The provisions of Minnesota Statutes, Sections 515.01 to 515.29 do not apply to condominiums created after August 1, 1980 and do not invalidate any amendment to the declaration, bylaws, or floor plans of any condominium created before August 1, 1980 if the amendment would be permitted by sections 515.1-101 to 515.4-116. (16) "Real estate" means any leasehold for three years or more or other estate or interest in, over, or under land, including structures, fixtures, and other improvements and interests which by custom, usage, or law pass with a conveyance of land though not described in the contract of sale or instrument of

(20) "Unit owner" means a declarant who owns a unit, a person to whom ownership of a unit has been conveyed, or in a leasehold condominium a lessee of a unit whose lease expires simultaneously with any lease the expiration or termination of which will remove the unit from the condominium, but does not include a holder of an interest as security for an obligation.

Sec. 515.1-104. [VARIATION BY AGREEMENT.] Except as expressly otherwise provided in sections 515.1-101 to 515.4-116, provisions of sections 515.1-101 to 515.4-116 may not be varied by agreement, and rights conferred by sections 515.1-101 to 515.4-116 may not be waived. A declarant may not act under a power of attorney, or use any other device, to evade the limitations or prohibitions of sections 515.1-101 to 515.4-116 or the declaration.

Sec. 515.1-105. [SEPARATE TITLES AND TAXATION; HOMESTEAD.] (a) Each unit together with its common element interest constitutes for all purposes a separate parcel of real estate.

(b) If a declaration is filed prior to ten days before any installment of real estate taxes becomes payable, the local taxing authority shall split the taxes so payable on the condominium among the units. Interest and penalties which would otherwise accrue shall not begin to accrue until at least 30 days after the split is accomplished.

(c) A unit used for residential purposes together with not more than two units used for vehicular parking and their common element interests shall be treated the same as any other real estate in determining whether homestead exemptions or classifications shall apply.

Sec. 515.1-106 [APPLICABILITY OF LOCAL ORDINANCES, REGULATIONS, AND BUILDING CODES.] (a) Except as provided in subsections (b) and (c), a zoning, subdivision, building code, or other real estate use law, ordinance, or regulations may not prohibit the condominium form of ownership or impose any requirement upon a condominium which it would not impose upon a physically identical development under a different form of ownership. Otherwise, no provision of sections 515.1-101 to 515.4-116 invalidates or modifies any provision of any zoning, subdivision, building code, or other real estate use law, ordinance, or regulation. (b) The limitation in subsection (a) shall not apply to any ordinance, rule or regulation relating to the financing of housing construction, rehabilitation, or purchases provided by or through a housing finance program established and operated pursuant to state law by a state agency or local unit of government.

(c) A statutory or home rule charter city, pursuant to an ordinance or charter provision establishing standards to be applied uniformly within its jurisdiction, may prohibit, restrict, or impose conditions upon the conversion of buildings to the condominium form of ownership (1) as a condition to the provision of public financial assistance to preserve or improve buildings containing residential dwellings or to reduce the rents charged to tenants occupying residential dwellings, (2) to prevent a significant reduction in the supply of rental housing, (3) to minimize the adverse effects of displacement caused by the conversion of occupied residential dwellings to the condominium form of ownership, or (4) to establish or maintain the city's eligibility for any federal or state program providing direct or indirect financial assistance to the city.

Sec. 515.1-107. [EMINENT DOMAIN.] (a) If a unit is acquired by eminent domain, or if part of a unit is acquired by eminent domain leaving the unit owner with a remnant which may not practically or lawfully be used for any purpose permitted by the declaration, the award shall compensate the unit owner and holders of an interest as security for an obligation in the unit and its common element interest as their interests may appear, whether or not any common element interest is acquired. Upon acquisition, unless the decree otherwise provides, that unit's entire common element interest, votes in the association, and common expense liability are automatically reallocated to the remaining units in proportion to the respective interests, votes, and liabilities of those units prior to the taking, and the association shall promptly prepare, execute, and record an amendment to the declaration reflecting the reallocations. Any

remnant of a unit remaining after part of a unit is taken under this subsection is thereafter a common element.

(b) Except as provided in subsection (a), if part of a unit is acquired by eminent domain, the award shall compensate the unit owner and the holders of an interest as security for an obligation as their interests may appear for the reduction in value of the unit and its common element interest. Upon acquisition, unless the apportionment thereof pursuant to the declaration is based upon equality, (1) that unit's common element interest, votes in the association, and common expense liability are reduced in proportion to the reduction in the size of the unit, and (2) the portion of common element interest, votes, and common expense liability divested from the partially acquired unit are automatically reallocated to that unit and the remaining units in proportion to the respective interests, votes, and liabilities of those units prior to the taking, with the partially acquired unit participating in the reallocation on the basis of its reduced interests, votes, and liabilities.

(c) If part of the common elements is acquired by eminent domain, the award shall be paid to the association. The association shall divide any portion of the award not used for any restoration or repair of the remaining common elements among the unit owners and holders of an interest as security for an obligation as their interests may appear in proportion to their respective interests in the common elements before the taking, but the portion of the award attributable to the acquisition of a limited common element shall be equally divided among the owners of the units and the respective holders of an interest as security for an obligation of the units as their interests may appear of the units to which that limited common element was allocated at the time of acquisition, or in such other manner as the declaration may provide.

(d) The court decree shall be recorded in every county in which any portion of the condominium is located.

Sec. 515.1-108. [SUPPLEMENTAL GENERAL PRINCIPLES OF LAW APPLICABLE.] The principles of law and equity, including the law of corporations, the law of real property and the law relative to capacity to contract, principal and agent, eminent domain, estoppel, fraud, misrepresentation, duress, coercion, mistake, receivership, substantial performance, or other validating or invalidating cause supplement the provisions of sections 515.1-101 to 515.4-116, except to the extent inconsistent with sections 515.1-101 to 515.4-116. Documents required by sections 515.1-101 to 515.4-116 to be recorded shall in the case of registered land be filed.

Sec. 515.1-109. [CONSTRUCTION AGAINST IMPLICIT REPEAL.] Sections 515.1-101 to 515.4-116 being a general act intended as a unified coverage of its subject matter, no part of

it shall be construed to be impliedly repealed by subsequent legislation if that construction can reasonably be avoided.

Sec. 515.1-110. [UNIFORMITY OF APPLICATION AND CONSTRUCTION.] Sections 515.1-101 to 515.4-116 shall be applied and construed so as to effectuate its general purpose to make uniform the law with respect to the subject of sections 515.1-101 to 515.4-116 among states enacting it.

Sec. 515.1-111. [SEVERABILITY.] If any provision of sections 515.1-101 to 515.4-116 or the application thereof to any person or circumstances is held invalid, the invalidity does not affect other provisions or applications of sections 515.1-101 to 515.4-116 which can be given effect without the invalid provisions or application, and to this end the provisions of sections 515.1-101 to 515.4-116 are severable.

Sec. 515.1-112. [UNCONSCIONABLE AGREEMENT OR TERM OF CONTRACT.] (a) The court, upon finding as a matter of law that a contract or contract clause to which the declarant or the affiliate of a declarant is a party was unconscionable at the time the contract was made, may refuse to enforce the contract, enforce the remainder of the contract without the unconscionable clause, or limit the application of any unconscionable clause in order to avoid an unconscionable result.

(b) Whenever it is claimed, or appears to the court that such a contract or contract clause is or may be unconscionable, the parties, in order to aid the court in making the determination, shall be afforded a reasonable opportunity to present evidence as to:

(1) the commercial setting of the negotiations;

(2) whether a party has knowingly taken advantage of the inability of the other party reasonably to protect his interests by reason of physical or mental infirmity, illiteracy, or inability to understand the language of the agreement or similar factors;

(3) the effect and purpose of the contract or clause; and

(4) if a sale, any gross disparity, at the time of contracting, between the amount charged for the real estate and the value of the real estate measured by the price at which similar real estate was readily obtainable in similar transactions, but a disparity between the contract price and the value of the real estate measured by the price at which similar real estate was readily obtainable in similar transactions does not, of itself, render the contract unconscionable.

Sec. 515.1-113. [OBLIGATION OF GOOD FAITH.] Every contract or duty governed by sections 515.1-101 to 515.4-116

imposes an obligation of good faith in its performance or enforcement.

Sec. 515.1-114. [REMEDIES TO BE LIBERALLY ADMINISTERED.] (a) The remedies provided by sections 515.1-101 to 515.4-116 shall be liberally administered to the end that the aggrieved party is put in as good a position as though the other party had fully performed, provided that rights of bona fide purchasers shall be protected. However, consequential, special, or punitive damages may not be awarded except as specifically provided in sections 515.1-101 to 515.4-116 or by other rule of law.

(b) Any right or obligation declared by sections 515.1-101 to 515.4-116 is enforceable by judicial proceeding unless the provision declaring it provides otherwise.

Sec. 515.1-115. [NOTICE.] Except as otherwise stated in sections 515.1-101 to 515.4-116 all notices required by sections 515.1-101 to 515.4-116 shall be in writing and shall be effective upon hand delivery or upon mailing if properly addressed with postage prepaid and deposited in the United States mail.

ARTICLE II

CREATION, ALTERATION, AND TERMINATION OF CONDOMINIUMS

Sec. 515.2-101. [CREATION OF CONDOMINIUM.] (a) A condominium may be created pursuant to sections 515.1-101 to 515.4-116 only by recording a declaration executed, in the same manner as a deed, by all persons whose interests in the real estate will be conveyed to unit owners, except vendors under contracts for deed, and by every lessor of a lease the expiration or termination of which will terminate the condominium. The declaration and bylaws shall be recorded in every county in which any portion of the condominium is located. Failure of any party to join in a declaration shall have no effect on the validity of a condominium if after the recording of the declaration the party acknowledges the condominium in a recorded instrument.

(b) A declaration, or an amendment to a declaration adding units to a condominium, shall not be recorded unless all structural components and mechanical systems of all buildings containing or comprising any units thereby created are substantially completed consistent with the floor plans, as evidenced by a certificate executed by an independent registered engineer, surveyor or architect, whichever may be appropriate, and recorded or attached to the floor plans.

(c) No interest in a unit shall be conveyed until the unit is substantially completed as evidenced by a recorded certificate of completion executed by an independent registered architect,

surveyor or engineer. For the purpose of this section "substantially completed" means entirely completed consistent with the floor plans. This subsection does not prevent the conveyance prior to substantial completion of all units owned by the declarant to a person who is a transferee of special declarant rights.

(d) The declaration, any amendment or amendments thereof, and every instrument affecting a condominium or any unit shall be entitled to be recorded.

(e) In addition to the records and indexes required to be maintained by the recording officer, the recording officer shall maintain an index or indexes whereby the record of each declaration contains a reference to the record of each conveyance of a unit affected by the declaration.

(f) The recording officer shall upon request assign a number to a condominium to be formed.

(g) The recording officer shall separate the floor plans from the declaration and the floor plans shall be kept by the recording officer in a separate file for each condominium indexed in the same manner as a conveyance entitled to record indicating the number of the condominium.

Sec. 515.2-102. [UNIT BOUNDARIES.] Except as otherwise provided by the declaration:

(1) If walls, floors, or ceilings are designated as boundaries of a unit, all lath, furring, wallboard, plasterboard, plaster, paneling, tiles, wallpaper, paint, finished flooring, and any other materials constituting any part of the finished surfaces thereof are a part of the unit, and all other portions of the walls, floors, or ceilings are a part of the common elements.

(2) If any chute, flue, duct, pipe, wire, conduit, bearing wall, bearing column, or any other fixture lies partially within and partially outside of the designated boundaries of a unit, any portion thereof serving only that unit is a limited common element allocated solely to that unit, and any portion thereof serving more than one unit or any portion of the common elements is a part of the common elements.

(3) Subject to the provisions of paragraph (2), all spaces, interior partitions, and other fixtures and improvements within the boundaries of a unit are a part of the unit.

(4) All exterior doors and windows and any shutters, awnings, window boxes, doorsteps, stoops, porches, balconies, patios, or other fixtures designed to serve a single unit, but located outside the unit's boundaries, are limited common elements allocated exclusively to that unit.

Sec. 515.2-103. [CONSTRUCTION AND VALIDITY OF DECLARATION AND BYLAWS.] (a) All provisions of the declaration and bylaws are severable.

(b) The rule against perpetuities may not be applied to defeat any provision of the declaration or sections 515.1-101 to 515.4-116, or any instrument executed pursuant to the declaration or sections 515.1-101 to 515.4-116.

(c) In the event of a conflict between the provisions of the declaration and the bylaws, the declaration prevails except to the extent that the declaration is inconsistent with sections 515.1-101 to 515.4-116.

Sec. 515.2-104. [DESCRIPTION OF UNITS.] After the declaration is recorded, a description of a unit which sets forth the number of the condominium, the county in which the condominium is located, and the identifying number of the unit, is a sufficient legal description of that unit and its common element interest whether or not the common element interest is described or referred to therein.

Sec. 515.2-105. [CONTENTS OF DECLARATION; ALL CONDOMINIUMS.] The declaration for a condominium shall contain:

(1) the name and number of the condominiums, which shall include the word "condominium" or be followed by the words "a condominium";

(2) the name of every county in which any part of the condominium is situated;

(3) a legally sufficient description of the real estate included in the condominium;

(4) a description or delineation of the boundaries of a unit;

(5) the floor plans as required by section 515.2-110;

(6) an allocation to each unit of an undivided interest in the common elements, a portion of the votes in the association, and a percentage or fraction of the common expenses of the association (section 515.2-108);

(7) a statement of the maximum number of any units which may be created by the subdivision or conversion of units owned by the declarant pursuant to section 515.2-114(c);

(8) an allocation of any limited common elements, as provided in section 515.2-109;

- (9) any restrictions on use, occupancy, and alienation of the units;
- (10) any other matters the declarant deems appropriate.

Sec. 515.2-106. [CONTENTS OF DECLARATION; FLEXIBLE CONDOMINIUMS.] The declaration for a flexible condominium shall include, in addition to the matters specified in section 515.2-105:

- (1) an explicit reservation of any options to add additional real estate;

- (2) a statement of any time limit, not exceeding seven years after the recording of the declaration upon which any option reserved under paragraph (i) will lapse, together with a statement of any circumstances that will terminate the option before the expiration of the time limit. If no time limit is set forth in the declaration, the time limit shall be seven years after the recording of the declaration;

- (3) a statement of any limitations on any option reserved under paragraph (i), other than limitations created by or imposed pursuant to law;

- (4) legally sufficient descriptions of each portion of additional real estate;

- (5) if portions of any additional real estate may be added at different times, a statement to that effect together with a statement fixing the boundaries of those portions and regulating the order in which they may be added or a statement that no assurances are made in those regards;

- (6) a statement of (i) the maximum number of units that may be created within any additional real estate and within any portion, the boundaries of which are fixed pursuant to paragraph (5), and (ii) how many of those units will be restricted exclusively to residential use;

- (7) a statement that any buildings and units that may be erected upon the additional real estate or a portion thereof will be compatible with the other buildings and units in the condominium in terms of architectural style, quality of construction, principal materials employed in construction, and size, or a statement of any differences with respect to the buildings or units, or a statement that no assurances are made respecting those matters;

- (8) a statement that all restrictions in the declaration affecting use, occupancy, and alienation of units will apply to units created in the additional real estate, or a statement of any differentiations that may be made as to those units;

(9) general descriptions of all other improvements and common elements that may be made or created upon or within the additional real estate or each portion thereof;

(10) a statement of the extent to which any assurances made in the declaration regarding additional real estate pursuant to paragraphs (5) to (9) apply in the event any additional real estate is not added to the condominium, or a statement that those assurances do not apply if the real estate is not added to the condominium.

Sec. 515.2-107. [LEASEHOLD CONDOMINIUMS.] (a) Any lease the expiration or termination of which may terminate the condominium shall be recorded and the declaration shall include, in addition to the matters specified in section 515.2-105:

(1) the county of recording and recorder's document number for the lease;

(2) the date on which the lease is scheduled to expire;

(3) any right of the unit owners to purchase the lessor's interest in the real estate and the manner whereby those rights may be exercised, or a statement that they do not have those rights;

(4) any right of the unit owners to remove any improvements within a reasonable time after the expiration or termination of the lease, or a statement that they do not have those rights; and

(5) any rights of the unit owners to renew the lease and the conditions of any renewal, or a statement that they do not have those rights.

(b) After the declaration for a leasehold condominium is recorded, neither the lessor nor his successor in interest may terminate the leasehold interest of a unit owner who makes timely payment of his share of the rent which shall be the same portion thereof as that of his common area expense and who otherwise complies so far as practicable with his share of all other covenants which, if violated, would entitle the lessor to terminate the lease. No unit owner's leasehold interest is affected by failure of any other person to pay rent or fulfill any other covenant.

(c) Acquisition of the leasehold interest of any unit owner by the lessor does not merge the leasehold and fee simple interests and the lessor shall hold the title to the unit subject to the declaration unless the leasehold interests of all unit owners subject to the lease are so acquired.

Sec. 515.2-108. [ALLOCATION OF COMMON ELEMENT INTERESTS, VOTES, AND COMMON EXPENSE LIABILITY]

TIES.] (a) The declaration shall allocate a fraction or percentage of the undivided interests in the common elements, common expenses and votes in the association to each unit in such manner that each of the items is equally allocated or is allocated according to the proportion of the area or volume of each unit to the area or volume of all units, and the items need not be allocated the same for all purposes. The declaration may provide that a portion of each common expense assessment may be allocated on the basis of equality and the remainder on the basis of area or volume of each unit. The sum of the fractions or percentages shall equal 1 or 100 percent.

(b) Except in the case of eminent domain (section 515.1-107), expansion of a flexible condominium (section 515.2-111), relocation of boundaries between adjoining units (section 515.2-113), or subdivision of units (section 515.2-114), the common element interest, votes and common expense liability allocated to any unit may not be altered, except as an amendment to the declaration which is signed by all unit owners and first mortgagees, and which complies with section 515.2-118. The common elements are not subject to partition, and any purported conveyance, encumbrance, judicial sale or other voluntary or involuntary transfer of an undivided interest or involuntary transfer of an undivided interest in the common elements without the unit to which the interest is allocated is void.

(c) The association may assess certain common expenses against fewer than all units pursuant to section 515.3-111.

Sec. 515.2-109. [COMMON ELEMENTS AND LIMITED COMMON ELEMENTS.] Common elements other than limited common elements may be used in common with all unit owners. Except for the limited common elements described in section 515.2-102(2) and (4), the declaration shall specify to which unit each limited common element is allocated.

Sec. 515.2-110. [FLOOR PLANS.] (a) Floor plans are a part of the declaration. The floor plans shall contain a certification by a registered professional engineer, surveyor or architect that the floor plans accurately depict all information required by this section.

(b) Each floor plan shall show:

(1) the number of the condominium, and the boundaries and dimensions of the land included in the condominium;

(2) the dimensions and location of all existing structural improvements and roadways;

(3) the intended location and dimensions of any contemplated common element improvements to be constructed within

the condominium labeled either "MUST BE BUILT" or "NEED NOT BE BUILT";

(4) the location and dimensions of any additional real estate, labeled as such;

(5) the extent of any encroachments by or upon any portion of the condominium;

(6) the location and dimensions of all recorded easements within the condominium serving or burdening any portion of the condominium;

(7) the distance between noncontiguous parcels of real estate;

(8) the location and dimensions of limited common elements, including porches, balconies and patios, other than limited common elements described in section 515.2-102(2) and (4);

(9) the location and dimensions of the vertical boundaries of each unit, and that unit's identifying number;

(10) the location and dimensions of the horizontal unit boundaries with reference to established or assumed datum, and that unit's identifying number;

(11) any units which may be converted by the declarant to create additional units or common elements (section 515.2-114) identified separately.

(c) When adding additional real estate (section 515.2-111), the declarant shall record supplemental floor plans for that real estate conforming to the requirements of subsection (b). If less than all additional real estate is being added, the supplemental floor plans shall also show the location and dimensions of the remaining portion.

(d) If a declarant subdivides or converts any unit into two or more units, common elements or limited common elements (section 515.2-114), he shall record an amendment to the floor plans showing the location and dimensions of any new units, common elements and limited common elements thus created.

Sec. 515.2-111. [EXPANSION OF FLEXIBLE CONDOMINIUMS.] (a) To add additional real estate pursuant to an option reserved under section 515.2-106(1), all persons having an interest in the additional real estate, excepting any holder of an easement or any holder of an interest to secure an obligation which interest was recorded or created subsequent to the recording of the declaration, shall prepare and execute and, after notice as provided in subsection (b), record an amendment to

the declaration. The amendment to the declaration shall assign an identifying number to each unit formed in the additional real estate, and reallocate common element interests, votes in the association, and common expense liabilities according to section 515.2-108. The amendment shall describe or delineate any limited common elements formed out of the additional real estate, showing or designating the unit to which each is allocated to the extent required by section 515.2-109 (Limited Common Elements).

(b) The declarant shall serve notice of his intention to add additional real estate as follows:

(1) To the association in the same manner as service of summons in a civil action in district court at least 30 days prior to the recordation of the amendment. The amendment shall be attached to the notice and shall not thereafter be changed so as to materially affect the rights of unit owners.

(2) To the occupants of each unit by notice given in the manner provided in section 515.1-115 not less than 20 days prior to the recordation of the amendment addressed to "Occupant" at each unit. Attached to the notice shall be a statement that the amendment has been served on the association.

(3) Proof of service upon the association and the occupants shall be attached to the recorded amendment.

Sec. 515.2-112. [ALTERATIONS OF UNITS.] Subject to the provisions of the declaration and other provisions of law, a unit owner:

(1) may make any improvements or alterations to his unit that do not impair the structural integrity or mechanical systems or lessen the support of any portion of the condominium;

(2) after acquiring an adjoining unit or an adjoining part of an adjoining unit, may with consent of the association and first mortgagees of the units, remove or alter any intervening partition or create apertures therein, even if the partition in whole or in part is a common element, if those acts do not impair the structural integrity or mechanical systems or lessen the support of any portion of the condominium. The adjoining unit owners shall have the exclusive license to use the space occupied by the common elements, but the use shall not create an easement or vested right. Removal of partitions or creation of apertures under this paragraph is not an alteration of boundaries. The association may require that the owner or owners of units affected replace or restore any such partition.

Sec. 515.2-113. [RELOCATION OF BOUNDARIES BETWEEN ADJOINING UNITS.] (a) Subject to the provisions of the declaration and other provisions of law, the boundar-

ies between adjoining units may be relocated by an amendment to the declaration upon application to the association by the owners of those units. The owners of the adjoining units shall specify the proposed reallocation between their units of their common element interests, votes in the association, and common expense liabilities in the application and in accord with section 515.2-108. Unless the board of directors determines within 60 days after receipt of the application by the association that the proposed amendment is not in the best interests of the condominium, the unit owners shall prepare an amendment which shall identify the units involved, state the reallocation, be executed by those unit owners and by any holder of an interest as security for an obligation, contain words of conveyance between them, contain written consent of the association, and upon recordation be indexed in the name of the grantor and the grantee. The amendment shall include an amended floor plan to show the altered boundaries between the adjoining units and their dimensions and identifying numbers. If a holder of an interest as security for an obligation joins in the amendment pursuant to this section, the extent of the interest and the remedies shall be deemed to be modified as provided in the amendment. The association shall incur no liability to any party by reason of performing those acts enumerated in this section.

(b) The association may require the owners of the affected units to build a boundary wall and other common elements between the units.

(c) The applicant shall deliver a certified copy of the amendment to the association.

Sec. 515.2-114. [SUBDIVISION OR CONVERSION OF UNITS.] (a) If the declaration expressly so permits, (i) a unit may be subdivided into two or more units, or, (ii) if owned by a declarant, a unit may be subdivided or converted into two or more units, limited common elements, common elements, or a combination of units, limited common elements and common elements. Subject to the provisions of the declaration and other provisions of law, the unit owner shall prepare and execute an amendment to the declaration, including the floor plans, subdividing or converting that unit. The amendment to the declaration shall be executed by the unit owner and any holder of an interest as security for an obligation of the unit to be subdivided or converted, assign an identifying number to each unit created, and reallocate the common element interest, votes in the association, and common expense liability formerly allocated to the subdivided unit to the units in accord with section 515.2-108.

(b) The unit owner shall deliver a certified copy of the recorded amendment to the association.

(c) In the case of a unit owned by a declarant, if a declarant converts part or all of a unit to common elements, the amend-

ment to the declaration shall reallocate among the other units the common element interest, votes in the association, and common expense liability formerly allocated to the converted unit or portion thereof on the same basis used for the initial allocation thereof.

(d) If a holder of an interest as security for an obligation joins in the amendment pursuant to this section, the interest and remedies shall be deemed to apply to the units and the common element interests that result from the subdivision or conversion under this section. In the event of enforcement of any remedy, including foreclosure by advertisement, all instruments and notices shall describe the subject property in terms of the amended description.

Sec. 515.2-115. [INTERPRETATION OF DEEDS.] The existing physical boundaries of a unit or of a unit reconstructed in substantial accordance with the floor plans are conclusively presumed to be its boundaries regardless of settling or lateral movement of the building.

Sec. 515.2-116. [USE FOR SALES PURPOSES.] If the declaration so provides and specifies the rights of a declarant with regard to the number, size, location and relocation thereof, a declarant may maintain sales offices, management offices, and models in the condominium. Any sales office, management office, or model not designated a unit by the declaration is a common element, and if a declarant ceases to be a unit owner, he ceases to have any rights with regard thereto unless it is removed promptly from the condominium in accordance with a right to remove reserved in the declaration. Subject to any limitations in the declaration, a declarant may maintain signs on the common elements advertising the condominium.

Sec. 515.2-117. [EASEMENT TO FACILITATE COMPLETION, CONVERSION, AND EXPANSION.] Subject to the provisions of the declaration, a declarant has an easement through the common elements as may be reasonably necessary for the purpose of discharging a declarant's obligations or exercising special declarant rights, whether arising under sections 515.1-101 to 515.4-116 or reserved in the declaration.

Sec. 515.2-118. [AMENDMENT OF DECLARATION.] (a) Except in cases of amendments which may be executed by a declarant under sections 515.2-110(c) and (d), 515.2-111(a); the association under section 515.1-107(a); or certain unit owners under sections 515.2-113, 515.2-114, or 515.2-119(b), and except as limited by subsection (d), the declaration may be amended by the association only by a vote or written agreement of unit owners to which at least 67 percent of the votes in the association are allocated, and 67 percent of the first mortgagees of the units (each mortgagee having one vote) or any larger or smaller majority the declaration specifies. The declaration may specify

any percentage if all of the units are restricted exclusively to nonresidential use.

(b) Every amendment to the declaration shall be recorded in every county in which any portion of the condominium is located, and is effective only when recorded.

(c) Except to the extent expressly permitted or required by other provisions of sections 515.1-101 to 515.4-116, no amendment may create or increase special declarant rights, increase the number of units, convert common elements to limited common elements, or change the boundaries of any unit, the common element interest, common expense liability, or voting strength in the association allocated to a unit, or the uses to which any unit is restricted, in the absence of unanimous written agreement of the unit owners and holders of an interest as security for an obligation.

(d) Limited common elements shall not be altered without the written agreement of the unit owners and holders of an interest to secure an obligation of the units to which the limited common elements are allocated.

(e) An affidavit of the secretary of the association stating that the votes or agreements required by this section have occurred, shall be attached to the amendment and shall constitute prima facie evidence of the representations contained therein.

Sec. 515.2-119. [TERMINATION OF CONDOMINIUM.]

(a) Except in the case of a taking of all the units by eminent domain (section 515.1-107), a condominium may be terminated only by agreement of unit owners of units to which at least 80 percent of the votes in the association are allocated, and 80 percent of the first mortgagees of the units (each mortgagee having one vote), or any larger percentage the declaration specifies. The declaration may specify a smaller percentage only if all of the units in the condominium are restricted exclusively to nonresidential uses.

(b) An agreement of unit owners and mortgagees to terminate a condominium must be evidenced by their execution of a termination agreement or ratification thereof. If, pursuant to a termination agreement, the real estate constituting the condominium is to be sold following termination, the termination agreement shall set forth the terms of the sale. A termination agreement and all ratifications thereof shall be effective upon recording in every county in which a portion of the condominium is situated.

(c) If the termination agreement provides that the real estate constituting the condominium is to be sold following termination, title to that real estate, upon termination, vests in the

association as trustee for the holders of all interests in the units. The association as trustee thereafter has all powers necessary and appropriate to effect the sale. Until the sale has been concluded and the proceeds thereof distributed, the association continues in existence with all powers and responsibilities it had before termination whether under the declaration or otherwise. Unless the termination agreement otherwise provides, proceeds of the sale shall be paid to the association as trustee and shall be distributed to the unit owners and holders of an interest as security for an obligation as their interests may appear and according to the priority enjoyed prior to termination in proportion to the respective interests of unit owners as provided in subsection (f). Any interest as security for an obligation formerly affecting a unit shall constitute a claim against the proceeds in the amount existing at the time of termination plus interest and other amounts accrued until distributions. Except as otherwise specified in the termination agreement, as long as the association as trustee holds title to the real estate, each unit owner and his successors in interest have the right to use the real estate that formerly constituted the common elements and have an exclusive right to occupancy of the portion of the real estate that formerly constituted his unit and limited common elements. During the period of such occupancy, each unit owner and his successors in interest remain liable for all assessments and other obligations imposed on unit owners by sections 515.1-101 to 515.4-116, the declaration, or the termination agreement.

(d) If the real estate constituting the condominium is not to be sold following termination, title to the real estate, upon termination, vests in the unit owners as tenants in common in proportion to their respective interests as provided in subsection (f). Any interests held as security for an obligation and the respective instruments formerly affecting a unit shall be deemed to be an interest affecting the resulting undivided interest in the same manner as they formerly affected the unit. As long as the tenancy in common exists, each unit owner and his successors in interest have an exclusive right to occupancy of the portion of the real estate that formerly constituted his unit and limited common elements. Unless the termination agreement otherwise provides during the period of tenancy in common, the cotenants and the association shall have the rights and obligations under sections 515.1-101 to 515.4-116, the declaration and bylaws and the termination agreement.

(e) Following termination of the condominium, and after payment of or provision for the claims of the association's creditors, the assets of the association shall be distributed to unit owners and holders of an interest as security for an obligation in proportion to their respective interests as provided in subsection (f). The proceeds of sale described in subsection (c) and held by the association as trustee are not assets of the association.

(f) The respective interests of unit owners referred to in subsections (c), (d), and (e) are as follows:

(1) except as provided in paragraph (2), the respective interests of unit owners are the fair market values of their units, limited common elements, and common element interests immediately before the termination, as determined by one or more independent appraisers selected by the association. The decision of the independent appraisers shall be delivered in the manner provided in section 515.1-115 addressed to the occupant at each unit and the first mortgagee of each unit at its last known address and becomes final unless disapproved within 30 days after delivery by unit owners of units to which 25 percent of the votes in the association are allocated or by 25 percent of the first mortgagees, each mortgagee having one vote. The proportion of any unit owner's interest to that of all unit owners is determined by dividing the fair market value of his interest by the total fair market values of all of such interests.

(2) if any unit is destroyed to the extent that an appraisal of the fair market value thereof prior to destruction cannot be made and there is not satisfactory evidence to afford such an appraisal, the interests of all unit owners are their respective common element interests immediately before the termination.

Sec. 515.2-120. [RIGHTS OF HOLDERS OF AN INTEREST AS SECURITY FOR AN OBLIGATION.] (a) Nothing in sections 515.1-101 to 515.4-116 unless expressly stated diminishes the rights of holders of an interest as security for an obligation or prevents the declaration from requiring that all or a specified number or percentage of holders of an interest as security for an obligation affecting the units approve specified actions of the unit owners or the association as a condition to the effectiveness of those actions, but no requirement for approval may operate to (1) deny or delegate control over the general administrative affairs of the association by the unit owners, or (2) prevent the association from commencing, intervening in or settling any litigation or proceeding, or receiving and distributing any insurance proceeds pursuant to section 515.3-109.

(b) Foreclosure or enforcement of a lien or encumbrance against the entire condominium does not of itself terminate the condominium. Foreclosure or enforcement of an interest as security for an obligation against a portion of the condominium withdraws that portion from the condominium unless (i) the interest is recorded subsequent to the recording of the declaration or is otherwise subordinate to the declaration, or (ii) the holder or his predecessor has issued a release or deed for a unit.

ARTICLE III

MANAGEMENT OF THE CONDOMINIUM

Section 515.3-101. [ORGANIZATION OF UNIT OWNERS ASSOCIATION.] A unit owners association shall be organized no later than the date the condominium is created. The member-

ship of the association at all times shall consist exclusively of all the unit owners or, following termination of the condominium, of all former unit owners entitled to distributions of proceeds under section 515.2-119, or their heirs, successors, or assigns. The association shall be organized as a profit or nonprofit corporation.

Sec. 515.3-102. [POWERS OF UNIT OWNERS ASSOCIATION.] (a) Unless limited by the provisions of the declaration, the association may:

- (1) adopt and amend rules and regulations;
- (2) adopt and amend budgets for revenues, expenditures, and reserves and collect assessments for common expenses from unit owners;
- (3) hire and terminate managing agents and other employees, agents, and independent contractors;
- (4) institute, defend, or intervene in litigation or administrative proceedings in its own name on behalf of itself or two or more unit owners on matters affecting the condominium;
- (5) regulate the use, maintenance, repair, replacement and modification of common elements;
- (6) cause improvements to be made as a part of the common elements;
- (7) grant leases, licenses, and concessions not to exceed one year and utility easements through or over the common elements; provided, however, that after conveyance to owners other than the declarant or affiliate of a declarant of units to which more than 50 percent of the voting power is allocated, the association may by resolution of a meeting of the members duly called grant leases, licenses, and concessions in excess of one year and easements through or over the common elements;
- (8) impose and receive any payments, fees, or charges for the use, rental, or operation of the common elements other than limited common elements described in section 515.2-102(2) and (4);
- (9) impose reasonable charges including reasonable costs and attorneys' fees, for the evaluation, preparation and recordation of amendments to the declaration, resale certificates required by section 515.4-105, or statements of unpaid assessments;
- (10) provide for the indemnification of its officers and board and maintain directors' and officers' liability insurance;

(11) impose charges for late payment of assessments and, after notice and an opportunity to be heard, levy reasonable fines for violations of the declaration, bylaws, and rules and regulations of the association;

(12) exercise any other powers conferred by state law, the declaration, or bylaws.

(b) Notwithstanding subsection (a), the declaration may not impose limitations on the power of the association to deal with the declarant that are more restrictive than the limitations imposed on the power of the association to deal with other persons.

Sec. 515.3-103. [BOARD OF DIRECTORS, MEMBERS AND OFFICERS.] (a) The declaration may provide for a period of declarant control of the association, during which period a declarant, or persons designated by him, may elect the members of the board of directors. Any period of declarant control extends from the date of the first conveyance of a unit to a unit owner other than a declarant for a period not exceeding five years in the case of a flexible condominium or three years in the case of any other condominium. Regardless of the period provided in the declaration, a period of declarant control terminates upon surrender of control by the declarant or no later than 60 days after conveyance of 75 percent of the units to unit owners other than a declarant.

(b) Not later than 60 days after conveyance of 50 percent of the units to unit owners other than a declarant not less than 33 1/3 percent of all of the members of the board of directors shall be elected by unit owners other than the declarant.

(c) Not later than the termination of the period of declarant control and thereafter the unit owners shall elect a board of directors of at least three members, at least a majority of whom shall be unit owners or the individual nominees of unit owners other than individuals. The board of directors shall elect the officers. The persons elected shall take office upon election.

(d) In determining whether the period of declarant control has terminated under subsection (a), or whether unit owners other than a declarant are entitled to elect members of the board of directors under subsection (b), the percentage of the units which has been conveyed is presumed to be that percentage which would have been conveyed if all the units which the declarant has built or reserved the right to build in the declaration were included in the condominium.

Sec. 515.3-104. [TRANSFER OF SPECIAL DECLARANT RIGHTS.] (a) No special declarant rights (section 515.1-103 (18)) created or reserved under sections 515.1-101 to 515.4-116

may be transferred except by an instrument evidencing the transfer recorded in every county where any portion of the condominium is located. The instrument is recordable and is not effective unless executed by the transferor and transferee. In the event that additional real estate is transferred by the declarant, the transferee shall be deemed to receive all special declarant rights with respect thereto and shall be subject to any obligations imposed by the declaration respecting the additional real estate so transferred.

(b) Upon transfer of any special declarant right, the liability of a transferor declarant is as follows:

(1) a transferor is not relieved of any obligation or liability which arose before the transfer, and remains liable for warranty obligations imposed on him by sections 515.1-101 to 515.4-116. Lack of privacy does not deprive any unit owner of standing to bring an action to enforce any obligation of the transferor;

(2) If a transferor retains any special declarant right, or if a successor to any special declarant right is an affiliate of a declarant (section 515.1-103(2)), the transferor is subject to liability for all obligations and liabilities imposed on a declarant by sections 515.1-101 to 515.4-116 or by the declaration arising after the transfer and is jointly and severally liable with the successor for the liabilities and obligations of the successor which relate to the condominium; and

(3) a transferor who retains no special declarant right has no liability for any act or omission or any breach of a contractual or warranty obligation arising from the exercise of a special declarant right by a successor declarant who is not an affiliate of the transferor.

(c) In case of foreclosure of a mortgage or cancellation of a contract for deed or sale under the bankruptcy act or receivership proceeding or the foreclosure of any other lien against any unit owned by a declarant in the condominium, a person first acquiring title to all the units being cancelled, foreclosed or sold, succeeds to all then existing special declarant rights except the special declarant rights with respect to additional real estate, unless the mortgage or other instrument or proceeding also covers additional real estate.

(d) The liabilities and obligations of persons who succeed to special declarant rights are as follows:

(1) A successor to any special declarant right who is an affiliate of a declarant is subject to all the obligations and liabilities imposed on any declarant by sections 515.1-101 to 515.4-116 or by the declaration.

(2) A successor to any special declarant right, other than a successor described in paragraphs (3) or (4) of this subsection, who is not an affiliate of a declarant, is subject to all obligations and liabilities imposed on a declarant by sections 515.1-101 to 515.4-116 or the declaration, except that he is not subject to liability for misrepresentations or warranty obligations on improvements made by any previous declarant, or made before the condominium was created, or for a breach of fiduciary obligation by any previous declarant.

° (3) A successor to only a right reserved in the declaration to maintain models, sales offices, and signs (section 515.2-116), if he is not an affiliate of a declarant, may not exercise any other special declarant right, and is not subject to any liability or obligation as a declarant, except the obligation to provide a disclosure statement and any liability arising as a result thereof.

(4) A successor to all special declarant rights, who is not an affiliate of a declarant and who succeeded to those rights pursuant to a deed in lieu of foreclosure or by reason of subsection (c), may declare his intention in a recorded instrument to hold those rights solely for transfer to another person. Thereafter, until transferring all special declarant rights to any person acquiring title to any unit owned by the successor, or until recording an instrument permitting exercise of all those rights, that successor may not exercise any of those rights other than the right to control the board of directors in accordance with the provisions of section 515.3-103 for the duration of any period of declarant control, and any attempted exercise of those rights is void. So long as any successor declarant may not exercise special declarant rights under this subsection, he is not subject to any liability or obligation as a declarant other than liability for his acts and omissions under section 515.3-103.

(e) Nothing in this section subjects any successor to a special declarant right to any claims against or other obligations of a transferor declarant, other than claims and obligations arising under sections 515.1-101 to 515.4-116 or the declaration.

Sec. 515.3-105. [TERMINATION OF CONTRACTS AND LEASES OF DECLARANT.] If entered into prior to expiration of the period of declarant control pursuant to section 515.3-103, (1) any management contract, employment contract, or lease of recreational or parking areas or facilities, (2) any other contract or lease binding the association or any unit owner other than the declarant or an affiliate of the declarant to which a declarant or an affiliate of a declarant is a party, or (3) any contract or lease binding the association or any unit owner other than the declarant or an affiliate of the declarant which is not bona fide or which was unconscionable to the unit owners at the time entered into under the circumstances then prevailing, may be terminated without penalty by the association at any time after the expiration of declarant control upon not less than 90 days' notice to the other party. This section does not apply to

any lease the termination of which would terminate the condominium.

Sec. 515.3-106. [BYLAWS.] The bylaws and any amendments thereto must be recorded to be effective and shall provide:

(a) The meeting of the members shall be held at least once each year and shall specify an officer who shall, at least 21 days in advance of any annual or regularly scheduled meeting and at least seven days in advance of any other meeting, send to each unit owner notice of the time, place and complete agenda of the meeting. The notice shall be hand delivered or sent by United States mail to all unit owners of record at the address of the respective units and to other addresses as any of them may have designated to the officer.

(b) No vote in the association of apartment owners shall be deemed to inure to any unit during the time when the unit owner is the association.

(c) For a mechanism to resolve disputes regarding voting among more than one unit owner of a unit in such a way that the vote allocated to the unit is not split or otherwise cast separately by the several unit owners.

(d) An annual report be prepared by the association and a copy of the report be provided to each unit owner and the report contain a minimum of the following:

(1) A statement of any capital expenditures in excess of two percent of the current budget or \$5,000 whichever is the greater anticipated by the association during the current year or succeeding two fiscal years.

(2) A statement of the status and amount of any reserve or replacement fund and portion of the fund designated for any specified project by the board of directors.

(3) A copy of the statement of financial condition for the association for the last fiscal year.

(4) A statement of the status of any pending suits or judgments in which the association is a party.

(5) A statement of the insurance coverage provided by the association.

(6) A statement of any unpaid assessments by the association on individual units identifying the unit number and the amount of the unpaid assessment.

Sec. 515.3-107. [UPKEEP OF THE CONDOMINIUM.] Except to the extent otherwise provided by the declaration or

section 515.3-109(d), the association is responsible for maintenance, repair, and replacement of the common elements and each unit owner is responsible for maintenance, repair, and replacement of his unit. Each unit owner shall afford to the association and the other unit owners, and to their agents or employees, access through his unit reasonably necessary for those purposes.

If damage is inflicted on the common elements or any unit through which access is taken, the unit owner responsible for the damage, or the association if it is responsible, is liable for the prompt repair thereof.

Sec. 515.3-108. [TORT AND CONTRACT LIABILITY.]

(a) If a tort or breach of contract occurred during any period of declarant control (Section 515.3-103), the declarant shall indemnify the association for all losses suffered by the association as a result of that tort or breach of contract, including legal fees. Any statute of limitation affecting the association's right of action under this section is tolled until the period of declarant control terminates.

(b) No unit owner shall have tort liability arising out of his ownership of the common elements if the association has liability insurance coverage on the occurrence in an amount not less than \$1,000,000.

Sec. 515.3-109. [INSURANCE.] (a) Commencing not later than the time of the first conveyance of a unit to a unit owner other than a declarant, the association shall maintain, to the extent reasonably available:

(1) Property insurance on the common elements and units, exclusive of land, excavations, foundations, and other items normally excluded from property policies, insuring against all risks of direct physical loss. The total amount of insurance after application of any deductibles shall be not less than 80 percent of the full insurable replacement cost of the insured property.

(2) Comprehensive general liability insurance, in an amount determined by the board of directors but not less than any amount specified in the declaration, covering all occurrences commonly insured against for death, bodily injury, and property damage arising out of or in connection with the use, ownership, or maintenance of the common elements.

(b) If the insurance described in subsection (a) is not maintained, the association shall immediately cause notice of that fact to be sent postage prepaid by United States mail to all unit owners at their respective units and other addresses provided to the association. The declaration may require the association to carry any other insurance, and the association in any event may carry any other insurance it deems appropriate to protect the association or the unit owners.

(c) Insurance policies carried pursuant to subsection (a) shall provide that:

(1) Each unit owner and holder of a vendor's interest in a contract for deed is an insured person under the policy with respect to liability arising out of his ownership of an undivided interest in the common elements;

(2) The insurer waives its right to subrogation under the policy against any unit owner of the condominium or members of his household and against the association and members of the board of directors;

(3) No act or omission by any unit owner or holder of an interest as security for an obligation, unless acting within the scope of his authority on behalf of the association, shall void the policy or be a condition to recovery under the policy; and

(4) If, at the time of a loss under the policy, there is other insurance in the name of a unit owner covering the same property covered by the policy, the policy is primary insurance not contributing with the other insurance.

(d) Any loss covered by the property policy under subsection (a) (1) shall be adjusted with the association, but the insurance proceeds for that loss shall be payable to any insurance trustee designated for that purpose, or otherwise to the association. The insurance trustee or the association shall hold any insurance proceeds in trust for unit owners and holders of an interest as security for an obligation as their interests may appear. The proceeds shall be disbursed first for the repair or restoration of the damaged common elements and units, and unit owners and holders of an interest as security for an obligation are not entitled to receive payment of any portion of the proceeds unless there is a surplus of proceeds after the common elements and units have been completely repaired or restored, or the condominium is terminated.

(e) An insurance policy issued to the association does not prevent a unit owner from obtaining insurance for his own benefit.

(f) An insurer that has issued an insurance policy under this section shall issue certificates or memoranda of insurance, upon request, to any unit owner, or holder of an interest as security for an obligation. The insurance may not be cancelled until 30 days after notice of the proposed cancellation has been mailed to the association and to each unit owner and holder of an interest as security for an obligation to whom certificates of insurance have been issued.

(g) Any portion of the condominium damaged or destroyed shall be promptly repaired or replaced by the association unless (1) the condominium is terminated and the association votes not

to repair or replace all or part thereof, (2) repair or replacement would be illegal under any state or local health or safety statute or ordinance, or (3) 80 percent of the unit owners, including every owner and first mortgagee of a unit or assigned limited common element which will not be rebuilt, vote not to rebuild. The cost of repair or replacement of a unit or the common area in excess of insurance proceeds and reserves shall be a common expense. If less than the entire condominium is repaired or replaced, (1) the insurance proceeds attributable to the damaged common elements shall be used to restore the damaged area to a condition compatible with the remainder of the condominium, (2) the insurance proceeds attributable to units and limited common elements which are not rebuilt shall be distributed to the owners of those units and the holders of an interest as security for an obligation of those units and the owners and holders of an interest as security for an obligation of the units to which those limited common elements were assigned, and (3) the remainder of the proceeds shall be distributed to all the unit owners and holders of an interest as security for an obligation as their interests may appear in proportion to their common element interest. In the event the unit owners vote not to rebuild a unit, that unit's entire common element interest, votes in the association, and common expense liability are automatically reallocated upon the vote as if the unit had been condemned under section 515.1-107(a), and the association shall promptly prepare, execute and record an amendment to the declaration reflecting the reallocations. Notwithstanding the provisions of this subsection, if the condominium is terminated, insurance proceeds not used for repair or replacement shall be distributed in the same manner as sales proceeds pursuant to section 515.2-119.

(h) The provisions of this section may be varied or waived in the case of a condominium all of the units of which are restricted to nonresidential use.

Sec. 515.3-110. [SURPLUS FUNDS.] Unless otherwise provided in the declaration, any surplus funds of the association remaining after payment of or provision for common expenses and any prepayment of reserves shall be credited to the unit owners to reduce their future common expense assessments.

Sec. 515.3-111. [ASSESSMENTS FOR COMMON EXPENSES.] (a) Until the association levies a common expense assessment, the declarant shall pay all accrued expenses of the condominium.

After any assessment has been levied by the association, assessments shall be levied at least annually and shall be based on a budget adopted at least annually by the association.

(b) Except for assessments under subsections (c) and (d), common expenses shall be assessed against all the units in accordance with the common expense liability allocated to each unit (section 515.2-108). Any past due assessment or installment

thereof shall bear interest at the rate established by the association not exceeding the maximum lawful rate of interest.

(c) Except as provided by the declaration any common expense associated with the maintenance, repair, or replacement of a limited common element shall be assessed against the unit or in equal shares against the units to which that limited common element was assigned at the time the expense was incurred.

(d) If the declaration so provides, the association may assess any common expense benefiting less than all of the units against the units benefited. In such case the common expense shall be allocated among units benefited in proportion to their common expense liability.

Sec. 515.3-112. [LIEN FOR ASSESSMENTS.] (a) The association has a lien on a unit for any assessment levied against that unit from the time the assessment becomes payable. The association's lien may be foreclosed as provided by the laws of this state as if it were a lien under a mortgage containing a power of sale. The rights of the parties shall be the same as those provided by law except that the period of redemption for unit owners shall be six months from the date of sale. Unless the declaration otherwise provides, fees, charges, late charges, and interest charges pursuant to section 515.3-102(8), (9) and (12) are enforceable as assessments under this section.

(b) A lien under this section is prior to all other liens and encumbrances on a unit except (1) liens and encumbrances recorded before the recordation of the declaration, (2) any recorded mortgage on the unit securing a first mortgage holder, and (3) liens for real estate taxes and other governmental assessments or charges against the unit. This subsection does not affect the priority of mechanics' or materialmen's liens.

(c) Recording of the declaration constitutes record notice and perfection of the lien, and no further recordation of any claim of lien for assessment under this section is required.

(d) Proceedings to enforce an assessment must be instituted within three years after the last installment of the assessment becomes payable.

(e) Unit owners at the time an assessment is payable are personally liable to the association for payment of the assessments.

(f) A foreclosure sale, judgment or decree in any action, proceeding or suit brought under this section shall include costs and reasonable attorney's fees for the prevailing party.

(g) The association shall furnish to a unit owner upon written request a recordable statement setting forth the amount of

unpaid assessments currently levied against his unit. The statement shall be furnished within ten business days after receipt of the request and is binding on the association and every unit owner.

Sec. 515.3-113. [ASSOCIATION RECORDS.] The association shall keep financial records sufficiently detailed to enable the association to comply with section 515.4-105. All financial records shall be made reasonably available for examination by any unit owner and his authorized agents.

Sec. 515.3-114. [ASSOCIATION AS TRUSTEE.] With respect to a third person dealing with the association in the association's capacity as a trustee, the existence of trust powers and their proper exercise by the association may be assumed without inquiry. A third person is not bound to inquire whether the association has power to act as trustee or is properly exercising trust powers and a third person, without actual knowledge that the association is exceeding its powers or improperly exercising them, is fully protected in dealing with the association as if it possessed and properly exercised the powers it purports to exercise. A third person is not bound to assure the proper application of trust assets paid or delivered to the association in its capacity as trustee.

(b) If a purchaser elects to cancel a purchase agreement pursuant to subsection (a), he may do so by hand delivering notice thereof to the declarant or by mailing notice thereof by postage prepaid United States mail to the declarant or to his agent for service of process. Cancellation is without penalty, and all payments made by the purchaser pursuant to the purchase agreement shall be refunded promptly.

(c) If a declarant fails to provide a purchaser to whom a unit is conveyed with a disclosure statement and all amendments thereto as required by subsections (a) and (d), that purchaser, in addition to any rights to damages or other relief, is entitled to receive from the declarant an amount equal to ten percent of the sales price of the unit.

(d) The disclosure statement and any information furnished in connection therewith may be amended prior to conveyance if the amendment is delivered to the purchaser to whom the disclosure statement was delivered. If the amendment materially adversely affects a purchaser, then the purchaser shall have 15

days after delivery of the amendment to cancel the purchase agreement in accordance with this section.

Sec. 515.4-105. [RESALES OF UNITS.] (a) In the event of a resale of a unit by a unit owner other than a declarant, the unit owner shall furnish to a purchaser before execution of any purchase agreement for a unit, or otherwise before conveyance, a copy of the declaration, other than the floor plans, the bylaws, the rules and regulations of the association, and any amendments thereto, and a certificate dated not more than 90 days prior to the date of the purchase agreement or otherwise before conveyance, containing:

(1) a statement disclosing any right of first refusal or other restraint on the free alienability of the unit contained in the declaration, bylaws, rules and regulations, or any amendment thereof;

(2) a statement setting forth the amount of periodic installments of common expense assessments and special assessments and any unpaid common expense or special assessment currently payable;

(3) a statement of any other fees payable by unit owners;

(4) a statement of any capital expenditures proposed by the association for the current and next succeeding two fiscal years;

(5) a statement that a copy of the floor plans and any amendments thereof are available in the office of the association for inspection;

(6) a statement of the amount of any reserves for capital expenditures and of any portions of those reserves designated by the association for any specified projects;

(7) the most recent regularly prepared balance sheet and income and expense statement, if any, of the association;

(8) the current budget of the association;

(9) a statement of any judgments against the association and the status of any pending suits to which the association is a party;

(10) a statement describing any insurance coverage provided for the benefit of unit owners.

(b) The association shall, within seven days after a request by a unit owner, furnish a certificate containing the information necessary to enable the unit owner to comply with this section. A unit owner without actual knowledge providing a certifi-

cate pursuant to subsection (a) shall have no liability to the purchaser for any erroneous information provided by the association and included in the certificate.

(c) A purchaser is not liable for any unpaid assessment or fee existing as of the date of the certificate greater than the amount set forth in the certificate prepared by the association. A unit owner is not responsible to a purchaser for the failure or delay of the association to provide the certificate in a timely manner.

Sec. 515.4-106. [PURCHASER'S RIGHT TO CANCEL.]

(a) The information required to be delivered by section 515.4-105 shall be delivered to a purchaser not later than the date of any purchase agreement. Unless a purchaser is given the information more than 15 days prior to the execution of the purchase agreement for the unit the purchaser may, prior to the conveyance, cancel the agreement within 15 days after receiving the information.

(b) If a purchaser elects to cancel a purchase agreement pursuant to subsection (a), he may do so by hand delivering notice thereof to the seller or his real estate agent or by mailing notice thereof by postage prepaid United States mail to the seller or his real estate agent. Cancellation is without penalty and all payments made by the purchaser shall be refunded promptly.

Sec. 515.4-107. [ESCROW OF DEPOSITS.] Any earnest money paid in connection with the purchase or reservation of a unit from a declarant shall be escrowed and held in this state in an account, savings deposit or certificate of deposit designated solely for that purpose in an institution whose accounts are insured by a governmental agency or instrumentality until (1) delivered to the declarant at closing; (2) delivered to the declarant because of purchaser's default under the purchase agreement or reservation; or (3) delivered to the purchaser.

Sec. 515.4-108. [RELEASE OF LIENS.] (a) Before conveying a unit to a purchaser other than a declarant, the seller shall furnish to the purchaser releases for that unit and its common element interest of all liens affecting more real estate than that unit and its common element interest, if the purchaser expressly agrees, a policy of title insurance free from exception regarding such liens. Failure to furnish the releases does not of itself invalidate the lien or the conveyance. This subsection does not apply to conveyance of all of the units in the condominium or to deeds in lieu of foreclosure.

(b) Whether perfected before or after creation of the condominium, if a lien other than a mortgage, including a lien attributable to work performed or materials supplied before creation of a the condominium, becomes effective against two or more units, the unit owner of such a unit may pay to the lienhold-

er the amount of the lien attributable to his unit, and the lienholder, upon receipt of payment, shall promptly deliver a release of the lien covering that unit and its common element interest. The amount of the payment shall be proportionate to the ratio which that unit owner's common expense liability bears to the common expense liabilities of all unit owners whose units are subject to the lien. After payment, the association may not assess or have a lien against that unit owner's unit for any portion of the common expenses incurred in connection with that lien.

(c) Labor performed or materials furnished for the common elements, if duly authorized by the association, shall be deemed to be performed or furnished with the express consent of each unit owner and shall be the basis for the filing of a lien pursuant to the lien law against each of the units and shall be subject to the provisions of subsection (b) of this section.

Sec. 515.4-109. [CONVERSION CONDOMINIUMS.] (a) A declarant of a conversion condominium shall give each of the tenants and any subtenant in possession of buildings subject to this act notice of the conversion or the intent to convert no later than 180 days before the declarant will require them to vacate. The notice shall set forth generally the rights conferred by this section and shall have attached thereto a form of purchase agreement setting forth the terms of sale contemplated by subsection (b) and a statement of any significant restrictions on the use and occupancy of the unit to be imposed by the declarant and shall be hand delivered or mailed by postage prepaid United States mail to the tenant and subtenant at the address of the unit. The notice shall be contained in an envelope upon which the following words shall be boldly printed: "Notice of Condominium Conversion". No party in possession may be required by the declarant to vacate upon less than 180 days notice, except by reason of nonpayment of rent, waste, or conduct which disturbs other tenants' peaceful enjoyment of the premises, and the terms of the tenancy may not be altered during that period. No repair work or remodeling may be commenced or undertaken in the occupied units or common areas of the building during the notice period, unless adequate precautions are taken to ensure the safety and security of the tenants or subtenants in possession of the premises. Failure of a declarant to give notice as required by this section shall constitute a defense to an action for possession.

(b) For 60 days after delivery or mailing of the notice described in subsection (a), the holder of the lessee's interest for each unit on the date the notice is delivered or mailed shall have an option to purchase that unit on the terms set forth in the purchase agreement attached to the notice. The purchase agreement shall contain no terms or conditions preventing the purchase of the unit by the holder because of the age of the holder or of persons residing with the holder. If the holder fails to exercise the option during that 60 day period, the declarant may not offer to dispose of an interest in that unit during the follow-

ing 180 days at a price or on terms more favorable to the offeree than the price or terms offered to the holder. This subsection does not apply to any unit in a conversion condominium if that unit will be restricted exclusively to nonresidential use or if the boundaries of the converted unit do not substantially conform to the dimensions of the residential unit before conversion.

(c) If a declarant, in violation of subsection (b), conveys a unit to a purchaser for value who has no knowledge of the violation, delivery of the deed conveying the unit extinguishes any right which a holder of a lessee's interest not in possession may have under subsection (b) to purchase that unit, but does not affect the right of the holder to recover damages from the declarant for a violation of subsection (b).

(d) Nothing in this section permits termination of a lease by a declarant in violation of its terms.

Sec. 515.4-110. [EXPRESS WARRANTIES.] (a) Express warranties made by any seller to a purchaser of a unit if relied upon by the purchaser, are created as follows:

(1) any affirmation of fact or promise which relates to the unit, its use, or rights appurtenant thereto, area improvements to the condominium that would directly benefit the unit, or the right to use or have the benefit of facilities not located in the condominium, creates an express warranty that the unit and related rights and uses will conform to the affirmation or promise;

(2) any model or description of the physical characteristics of the condominium, including plans and specifications of or for improvements, creates an express warranty that the condominium will conform to the model, or description;

(3) any description of the quantity or extent of the real estate comprising the condominium, including plats or surveys, creates an express warranty that the condominium will conform to the description, subject to customary tolerance; and

(4) a provision that a buyer may put a unit only to a specified use is an express warranty that the specified use is lawful.

(b) Neither formal words, such as "warranty" or "guarantee", nor a specific intention to make a warranty, are necessary to create an express warranty. A statement purporting to be merely an opinion or commendation of the real estate or its value does not create a warranty.

(c) Any conveyance of a unit transfers to the purchaser all express warranties made by prior sellers.

Sec. 515.4-111. [IMPLIED WARRANTIES.] (a) A declarant warrants that a unit will be in at least as good condition at the earlier of the time of the conveyance or delivery of possession as it was at the time of contracting, reasonable wear and tear excepted.

(b) A declarant warrants that a unit and the common elements in the condominium are structurally suitable for the ordinary uses of real estate of its type and that any improvements or repairs made or contracted for by him or made by any person before the creation of the condominium, will be:

(1) free from defective materials; and

(2) constructed in accordance with applicable law, according to sound engineering and construction standards, and in a workmanlike manner.

(c) A declarant warrants to a purchaser of a unit which may be used for residential use that the residential use does not violate applicable law.

(d) Warranties imposed by this section may be excluded or modified as specified in section 515.4-112.

(e) For purposes of this section, improvements made or contracted for by an affiliate of a declarant (section 515.1-103(2)) are made or contracted for by the declarant.

(f) Any conveyance of a unit transfers to the purchaser all of any declarant's implied warranties.

Sec. 515.4-112. [EXCLUSION OR MODIFICATION OF IMPLIED WARRANTIES.] (a) Except as limited by subsection (b) implied warranties:

(1) may be excluded or modified by agreement of the parties; and

(2) are excluded by expression of disclaimer, such as "as is", "with all faults", or other language which in common understanding calls the buyer's attention to the exclusion of warranties.

(b) With respect to a purchaser of a unit which may be occupied for residential use, no general disclaimer of implied warranties is effective, but a declarant may disclaim liability in an instrument signed by the purchaser for a specified defect or specified failure to comply with applicable law, if the defect or failure entered into and became a part of the basis of the bargain.

Sec. 515.4-113. [STATUTE OF LIMITATIONS FOR WARRANTIES.] (a) A judicial proceeding for breach of any obligation arising under section 515.4-110 or 515.4-111 must be commenced within six years after the cause of action accrues; but the parties may reduce the period of limitation to not less than two years. With respect to a unit which may be occupied for residential use, an agreement to reduce the period of limitation shall be evidenced by a separate instrument executed by the purchaser.

(b) Subject to subsection (c), a cause of action under section 515.4-110 or 515.4-111, regardless of the purchaser's lack of knowledge of the breach, accrues:

(1) as to a unit, when the purchaser to whom the warranty is first made enters into possession after a conveyance of a possessory interest if a possessory interest is conveyed or otherwise at the time of acceptance of the instrument of conveyance if a nonpossessory interest was conveyed; and

(2) as to each common element, the later of (i) the time the common element is completed, (ii) the time the first unit in the condominium is conveyed to a bona fide purchaser, and (iii) as to a common element within any additional real estate or portion thereof the time the first unit therein is conveyed to a bona fide purchaser.

(c) If a warranty under section 515.4-110 or 515.4-111 explicitly extends to future performance or duration of any improvement or component of the condominium, the cause of action accrues at the time the breach is discovered or at the end of the period for which the warranty explicitly extends, whichever is earlier.

Sec. 515.4-114. [EFFECT OF VIOLATIONS ON RIGHTS OF ACTIONS; ATTORNEYS' FEES.] If a declarant or any other person subject to sections 515.1-101 to 515.4-116 violates any provision thereof or any provision of the declaration or by-laws, any person or class of persons adversely affected by the violation has a claim for appropriate relief. Punitive damages may be awarded in the case of a willful violation of sections 515.1-101 to 515.4-116. The court, in an appropriate case, may award reasonable attorneys' fees.

Sec. 515.4-115. [LABELING OF PROMOTIONAL MATERIAL.] If any improvement contemplated in a condominium is required by section 515.2-110(b)(3) to be labeled "NEED NOT BE BUILT" on the floor plan, no promotional material may be displayed or delivered to prospective purchasers which describes or depicts that improvement unless the description or depiction of the improvement is conspicuously labeled or identified as "NEED NOT BE BUILT".

Sec. 515.4-116. [DECLARANT'S OBLIGATION TO COMPLETE AND RESTORE.] (a) The declarant shall complete all improvements labeled "MUST BE BUILT" on the floor plans prepared pursuant to section 515.2-110.

(b) The declarant is subject to liability for the prompt repair and restoration to a condition compatible with the remainder of the condominium of any portion of the condominium affected by the exercise of rights reserved pursuant to or created by sections 515.2-111, 515.2-116, and 515.2-117."

Subd. 2. No insurer, company, corporation, association, society, trust or other person may solicit, deliver or issue to any

After the finding is made, the commissioner may institute the penalties provided in subdivision 1 and may issue an order directing the insurer to cease and desist the solicitation, delivery or issuance of the insurance. The order shall be in effect until the total charges for the insurance are found to be reasonable in relation to the benefits. For the purposes of this section:

(a) "Mass marketed life or health insurance" means the insurance under any individual, franchise, group or blanket policy of life or health insurance which is offered by means of direct response solicitation through a sponsoring organization or through the mails or other mass communications media under which the person insured pays all or substantially all of the cost of the insurance.

(b) "Direct response solicitation" means any offer by an insurer to persons in this state, either directly or through a third party, to effect life or health insurance coverage which enables the individual to apply or enroll for the insurance on the basis of the offer. It does not include solicitations for insurance through an employee benefit plan which is defined in P.L. 93-406, 88 Stat. 829, nor does it include such a solicitation through the individual's creditor with respect to credit life or credit health insurance.

Subd. 3. Any insurer extending mass marketed life or health insurance under a group or blanket policy issued outside this state to residents of this state shall:

Subd. 2. *The total amounts of credits allowed pursuant to subdivision 1 and the total amounts of revenue lost as a result of the exemption provided in section 272.02, subdivision 1, clause (17), shall be submitted by the county auditor to the commissioner of revenue as part of the abstracts of tax lists required to be filed with the commissioner under the provisions of section*

275.29. *The amount of revenue lost as a result of the exemption shall be computed each year by applying the current mill rates of the taxing jurisdictions in which the native prairie is located to the assessed valuation of the native prairie for purposes of taxes levied in 1979, payable in 1980. Provided that payment to the county for lost revenue shall not be less than the revenue which would have been received in taxes if the native prairie had an assessed value of \$5 per acre. To initially qualify for the credit for taxes levied in 1980, payable in 1981, the agreement shall be made by June 30, 1980; to initially qualify for the credit for taxes levied subsequent to 1980, the agreement shall be made by a date to be set by the county board. After initial qualification, an owner of native prairie shall not be required to reapply to receive the credit for subsequent years. The agreement shall remain in effect until the native prairie is no longer maintained in its natural state. The credit shall not be available (a) for any year prior to which a timely agreement has been made or (b) for any year in which the owner ceases to maintain the native prairie in its natural state. The local assessor shall certify that each land owner receiving the credit has so agreed.

Subd. 6. The amount of the native prairie credit shall be reflected on the property tax statement of each eligible taxpayer.

Subd. 7. The total credits allowed by subdivision 1 shall be deducted from the gross property tax before determination of the homestead credit provided by section 273.13, subdivisions 6 and 7 and the taconite homestead credit provided by section 273.135.

Sec. 2. Minnesota Statutes 1978, Section 125.12, Subdivision 3, is amended to read:

Subd. 3. [PROBATIONARY PERIOD.] The first and second consecutive years of a teacher's first teaching experience in Minnesota in a single school district shall be deemed to be a probationary period of employment, and after completion thereof, the probationary period in each school district in which (HE) *the teacher* is thereafter employed shall be one year. If the teacher requests reasons for any nonrenewal of a teaching contract *within 20 days of receipt by the teacher of the notice of nonrenewal*, the school board shall give the teacher its reason in writing (, INCLUDING) *within ten days after receiving the request. The rea-*

Subd. 4. [TERMINATION OF CONTRACT AFTER PROBATIONARY PERIOD.] A teacher who has completed (HIS) the probationary period in any school district, and who has not been discharged or advised of a refusal to renew (HIS) the teacher's contract pursuant to subdivision 3, shall have a continuing contract with (SUCH) the district. (SUCH) A written resignation by the teacher shall be effective as of June 30 if submitted prior to that date, and the (TEACHERS') teacher's right of resignation for the school year then beginning shall cease on July 15. Before a teacher's contract is terminated by the board or the teacher is placed on unrequested leave of absence, the board shall notify the teacher in writing and state its ground for the proposed termination or placement on unrequested leave in reasonable detail together with a statement that the teacher may make a written request for a hearing (BEFORE THE BOARD) within (14) ten days after receipt of (SUCH) the notification. If the final decision is favorable to the teacher, there shall be no abatement of pay and interest shall be paid to the teacher on the amount of pay withheld at a rate of interest equal to two percent in excess of the discount rate on 90 day commercial paper in effect of the federal reserve bank in the federal reserve district encompassing Minnesota, calculated from the date of suspension to the date of payment.

Sec. 5. Minnesota Statutes 1978, Section 125.12, is amended by adding a subdivision to read:

Subd. 8a. [HEARING PROCEDURES; TERMINATIONS AND DISCHARGES FOR CAUSES OTHER THAN THOSE IN SUBDIVISIONS 6A AND 6B.] (1) This subdivision shall govern hearings which are requested pursuant to subdivision 4 because a board proposes to terminate a continuing contract teacher's contract on any of the grounds specified in subdivision 6 or to discharge a continuing contract or probationary teacher on any of the grounds specified in subdivision 8.

(2) A request for a hearing pursuant to this subdivision shall be in writing, and it shall be served personally on a member of the school board within ten days after the teacher received the notification of termination of the teacher's contract or the notification of discharge.

(3) Upon receipt of a request for a hearing, the school board shall assign a neutral hearing examiner who shall schedule and commence conduct of the hearing within 14 days after receipt of service of the teacher's request by the school board. The hearing officer shall not be a school board member or an employee of the school district, or any person with a personal or professional interest which would conflict with his objectivity at the hearing. A person who serves as a hearing officer is not an employee of the district solely because he is paid by the district to serve as a hearing officer. The hearing officer shall inform the teacher and the school board of the date, time and place of the hearing. The hearing shall be private or public at the discretion of the teacher. Unless the parties agree otherwise, the hearing shall be conducted in the county in which the principal office of the school board is located.

(4) The hearing officer shall preside over the hearing and shall have authority to administer oaths to witnesses. The board and the teacher may each be represented by counsel at its or the teacher's own expense. Counsel may examine and cross-examine witnesses and present arguments. Upon the written request of either the board or the teacher, the clerk of the board shall issue subpoenas for witnesses or the production of records pertinent to the grounds for the proposed action. The

board shall employ a court reporter to record the proceedings at the hearing, and either party may obtain a transcript thereof at its own expense.

(5) Within ten days of the conclusion of all proceedings, the hearing officer shall make a report stating findings of fact, conclusions of law and a recommended decision upon the proposed action. The hearing officer's report shall be served upon the board and the teacher. Any discharge or suspension of the teacher or termination of the teacher's contract recommended in the hearing officer's report or contained in the final decision of the board shall be based upon substantial and competent evidence. The board shall make a final decision within 30 days of receipt of the officer's report; provided that the board shall not make a final decision until the officer's report has been made available to the parties for at least seven days within which time each party adversely affected by the report shall file exceptions to the school board in order to preserve the right to present arguments to the school board based on these exceptions. The final decision of the school board shall be served on the teacher, accompanied by an order of termination or discharge or suspension if applicable. If the decision of the school board or subsequent judicial review is favorable to the teacher, the decision shall be entered in the board minutes and all references to the proceedings shall be excluded from the teacher's record file.

(6) Each party shall pay an equal share of the total fees and expenses for the hearing officer, except that if the decision of the school board or subsequent judicial review is favorable to the teacher, the fees and expenses shall be paid by the school board.

Sec. 6. Minnesota Statutes 1978, Section 125.12, Subdivision 9, is amended to read:

Subd. 9. [HEARING PROCEDURES; TERMINATIONS FOR CAUSES SPECIFIED IN SUBDIVISIONS 6A AND 6B.] This subdivision shall govern hearings which are requested pursuant to subdivision 4 because a board proposes to place a teacher on unrequested leave of absence on any of the grounds specified in subdivision 6a or 6b. Any hearing held pursuant to this (SECTION) subdivision shall be held upon appropriate and timely notice to the teacher, and shall be (PRIVATE OR) public (AT THE DISCRETION OF THE TEACHER). All hearings pursuant to this subdivision requested by individual teachers pursuant to subdivision 4 may be consolidated by the school board. The school board shall issue a written decision and order as provided in subdivision 10 for each teacher involved. At the hearing, the board and the teacher may each be represented by counsel at its or (HIS) the teacher's own expense (, AND SUCH). Counsel may examine and cross-examine witnesses and present arguments. The board shall first present evidence to sustain the grounds for (TERMINATION OR DISCHARGE) placement on unrequested leave and then receive evidence presented

by the teacher. Each party may then present rebuttal evidence. (DISMISSAL) *Placement of the teacher on unrequested leave of absence* shall be based upon substantial and competent evidence in the record. All witnesses shall be sworn upon oath administered by the presiding officer of the board. The clerk of the board shall issue subpoenas for witnesses or the production of records pertinent to the grounds upon the request of either the board or the teacher. The board shall employ a court reporter to record the proceedings at the hearing, and either party may obtain a transcript thereof at its own expense.

Sec. 7. Minnesota Statutes 1978, Section 125.12, Subdivision 10, is amended to read:

Subd. 10. [DECISION.] After the hearing *pursuant to subdivision 9*, the board shall issue a written decision and order. If the board orders (TERMINATION OF A CONTINUING CONTRACT OR DISCHARGE OF A TEACHER) *placement of a teacher on unrequested leave of absence*, its decision shall include findings of fact based upon competent evidence in the record and shall be served on the teacher, accompanied by an order (OF TERMINATION OR DISCHARGE) *placing the teacher on unrequested leave of absence and terminating the employment or contract of the teacher*, prior to (APRIL 1 IN THE CASE OF A CONTRACT TERMINATION FOR GROUNDS SPECIFIED IN SUBDIVISION 6, PRIOR TO) June 1 (FOR GROUNDS SPECIFIED IN SUBDIVISION 6A OR 6B, OR WITHIN TEN DAYS AFTER CONCLUSION OF THE HEARING IN THE CASE OF A DISCHARGE). If the decision of the board or of a reviewing court is favorable to the teacher, the proceedings shall be dismissed and the decision entered in the board minutes, and all references to (SUCH) *the proceedings shall be excluded from the teacher's record file.*

Sec. 8. Minnesota Statutes 1978, Section 125.12, Subdivision 11, is amended to read:

Subd. 11. [JUDICIAL REVIEW.] The pendency of judicial proceedings shall not be ground for postponement of the effective date of the school board's (ORDER) *decision pursuant to section 5 or subdivision 10*, but if judicial review eventuates in reinstatement of the teacher, the board shall pay the teacher all compensation withheld as a result of the termination or dismissal (ORDER) *decision plus interest equal to two percent in excess of the discount rate on 90-day commercial paper in effect at the federal reserve bank in the federal reserve district encompassing Minnesota calculated from the date of suspension to the date of payment."*

Anderson, I., from the Committee on General Legislation and Veterans Affairs to which was referred:

H. F. No. 2304, A bill for an act proposing an amendment to the Minnesota Constitution, adding a section to Article VII; providing for a popular initiative.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

"Section 1. An amendment to the Minnesota Constitution, adding a section to Article VII, is proposed to the people. If the amendment is adopted, the section will read:

Sec. 9. Legislative power is vested in the legislature, but the people reserve to themselves the power to propose laws and to approve or reject laws, which is called the initiative. The power to propose laws includes the power to propose repeals of laws. The power of initiative extends only to laws which the legislature may enact under this constitution. An initiative may not propose a law which proposes an amendment to this constitution. To invoke the initiative, petitions signed by a number of eligible electors greater than five percent of the total vote cast in each congressional district for all candidates for governor at the last

preceding general election at which a governor was elected, are required.

A law proposed by initiative petition shall be acted upon by the legislature before adjournment sine die.

If the law proposed is not acted upon by the legislature the state officer authorized by law shall submit the proposed law to the people for approval or rejection at the next general election.

The legislature may reject any measure proposed by initiative petition and propose a different measure upon the same subject by votes upon separate roll calls, and in that event the measures shall not be submitted to the electors for approval or rejection at the next general election.

Any law submitted to the people and approved by a majority of all the electors voting at the election shall take effect ten days after the date of the official declaration of the vote. No law initiated by the people shall be subject to the veto power of the governor, and no law adopted by the people at the polls under the initiative provisions of this section shall be amended or repealed, until another general election has intervened. If two or more measures approved by the electors at the same election conflict, that receiving the highest affirmative vote shall prevail.

The legislature shall implement the provisions of this section. The manner in which measures are prepared and qualified and petitions are circulated, presented, and certified, and the manner in which measures are submitted to the electors may be regulated by law but not to impair the effect of this article.

This section expires December 31, 1984.

Sec. 2. The amendment shall be submitted at the 1980 general election. The question proposed shall be:

“Shall the Minnesota Constitution be amended to provide for an initiative process?”

Yes

No”

Sec. 3. [3B.01] [CITATION.] Sections 3 to 29 may be cited as “The Initiative Implementation Act”.

Sec. 4. [3B.02] [DEFINITIONS.] Subdivision 1. The words defined by this section shall, when used in sections 3 to 29, have the meanings given them.

Subd. 2. "General election" is as defined in section 200.02, subdivision 2.

Subd. 3. "Measure" means the proposed law in an initiative petition.

Subd. 4. "Petition drive" means the organized process by which the sponsors and their authorized agents solicit the general public to sign initiative petitions.

Subd. 5. "Eligible elector" means those persons who may register to vote under the provisions of chapter 201.

Subd. 6. "Sponsors" means the persons specified by section 5, subdivision 2, clause (a).

Sec. 5. [3B.03] [PREPARATION FOR PETITIONING ON AN INITIATIVE MEASURE.] *Subdivision 1. Before circulation of any petitions to propose an initiative measure to the legislature, the sponsors shall file a declaration with the secretary of state not later than October 31 of an odd numbered year or not later than August 1 in calendar year 1980.*

Subd. 2. The declaration shall:

(a) State the names, mailing addresses and any business or residential phone numbers of not less than 25 eligible electors with an indication of who is the chairman and who is the treasurer; and,

(b) State the name and mailing address of all committees, groups or organizations known to the sponsors who intend to support the petition drive on the measure or otherwise aid the sponsors; and,

(c) Give a description of the intent or purpose of the measure, or, if the proposed measure is already drafted, include a copy of the draft; and,

(d) State the name, address and phone number of a sponsor who will assist in drafting the measure and is authorized to approve its final form and wording.

Subd. 3. The secretary of state shall, by rule, provide a sample declaration form.

Subd. 4. The sponsors shall pay to the secretary of state a filing fee of \$200 which shall be deposited in the general fund.

Sec. 6. [3B.04] [ADVICE BY REVISOR OF STATUTES.] *Subdivision 1. The secretary of state shall forward one copy of each declaration provided for in section 5 to the revisor of stat-*

utes. The secretary of state shall also advise the sponsors to consult with the revisor.

Subd. 2. The revisor of statutes shall, within 30 calendar days of receipt of the declaration, prepare a final draft of the initiative measure in accordance with the intent and purpose expressed in the declaration. The intent and purpose may be amplified or refined by the sponsor authorized in the declaration to approve the form and wording of the measure. The revisor shall advise that sponsor as to the measure's constitutionality, and the best form of the measure to accomplish the sponsors' intent and purpose. However, if the revisor and the sponsors disagree as to the best form and content of the measure to accomplish the sponsors' intent and purpose, or disagree as to constitutionality, the directions of the sponsors shall prevail. All discussions by the revisor with the sponsors shall be treated by the revisor as confidential. If, after consulting with the revisor, the sponsors do not desire the revisor's assistance, they shall sign a written waiver of assistance. The waiver shall then be filed with the secretary of state and the revisor, together with a final draft of the initiative measure prepared by the sponsors. With the final draft prepared by the revisor, or within seven calendar days after receiving the waiver and final draft prepared by the sponsors, the revisor shall furnish the sponsors and the secretary of state with a summary of the measure to be proposed to the legislature.

Subd. 3. The form of initiative measures shall conform to the form of bills considered by the legislature. The enacting clause shall be "BE IT ENACTED BY THE PEOPLE OF THE STATE OF MINNESOTA". No initiative shall embrace more than one subject. The measure may not provide for the form of the ballot question by which it would be submitted to the electors in the event the legislature does not act on the measure.

Subd. 4. If the sponsors have not, within 21 calendar days of receiving the revisor's final draft, either filed it with the secretary of state or filed a waiver and draft prepared by the sponsors, the petition drive shall be deemed abandoned.

Sec. 7. [3B.05] [PETITIONS FOR INITIATIVE.] Subdivision 1. Each initiative petition shall consist of as many copies as the sponsors print, each of which shall be not more than one sheet of paper and contain the following on the front:

(a) In not less than 25 point bold type on a 30 point body at the top of the front page, the printed words "OFFICIAL INITIATIVE PETITION";

(b) A summary of the purpose and effect of the measure prepared by the revisor of statutes;

(c) A statement that a verbatim copy of the initiative measure is available for public examination at the office of the secretary of state; and,

(d) Space for the signature, printed name, telephone number, mailing address, congressional district of residence, indication of status as eligible elector and the date of signing of each petition signer.

Subd. 2. On the front or back of each petition shall be an affidavit for the person circulating the petition which shall include his name, mailing address, and phone number; indicate that he circulated the petition; indicate that to the best of his knowledge each of the signers is an eligible elector and resident in the congressional district indicated; and identify the sponsors on whose behalf the petition was circulated.

Subd. 3. At the time the final draft of the initiative measure is filed with the secretary of state, as provided by section 6, subdivision 4, the sponsors shall also file a copy of the petition with the secretary of state. Within seven calendar days the secretary shall examine the petition and determine whether it complies with this section. If the petition complies, the secretary shall approve it and notify the sponsors. If the secretary finds that the form of the petition is not in compliance, he shall disapprove it and order it redrafted. The secretary shall notify the sponsors that the petition is not in compliance with the law and specify what changes are necessary to bring it into compliance. Failure to refile a new petition drafted in accordance with the secretary's instructions not later than seven calendar days after the secretary's notice constitutes abandonment of the drive. Upon refile, the secretary shall again examine the petition for its compliance with this section and approve it or again reject it. The petition may subsequently be refiled until it is found to comply with the law and rules.

Sec. 8. [3B.06] [TIME OF CIRCULATION OF INITIATIVE PETITIONS; VOLUNTARY ABANDONMENT.]
Subdivision 1. Initiative petitions may only be circulated on those days of odd numbered years or calendar year 1980 which are more than eight calendar days after the date of the secretary of state's approval of the petition. This limitation shall not prevent the sponsors from undertaking organizational activity or completing the procedures of section 5 or 6 prior to the time petitions are circulated.

Subd. 2. The sponsors may voluntarily abandon the drive any time before the certification by the secretary of state provided for in section 14. To abandon the drive, a declaration to that effect shall be filed with the secretary of state. The filing of the declaration shall not prevent other sponsors from beginning a similar or identical petition drive. All petitions signed

prior to the declaration are invalid upon the filing of the declaration and may not subsequently be utilized by the new sponsors.

Subd. 3. Petitions which are signed but never filed, or which are filed but the number of signatures are later determined to be insufficient, are invalid on January 8 of the year after they are signed. The petitions may not be used for similar or identical petition circulation efforts in subsequent years.

Sec. 9. [3B.07] [NUMBER OF SIGNATURES FOR INITIATIVE.] *An initiative measure shall be proposed to the legislature if petitions for the measure are signed by eligible electors in a number not less than five percent of the number of votes cast for all candidates for governor at the last gubernatorial election. Signatures shall be from eligible electors in every congressional district of the state. For no congressional district shall the number of signatures be less than five percent of the votes cast for all candidates for governor in that congressional district at the last gubernatorial election.*

Sec. 10. [3B.08] [FILING OF PETITIONS.] *Subdivision 1. Not later than January 7 of the year succeeding the one in which the petitions were circulated, the sponsors may file the signed petitions with the secretary of state. When filed, the signed petitions shall be securely bound together by the sponsors.*

Subd. 2. Only the sponsors, or those authorized in writing by the sponsors, may file petitions.

Sec. 11. [3B.09] [PETITIONS RECEIVED BY SECRETARY OF STATE AND SIGNATURES COUNTED.] *Not later than January 28, the secretary of state shall determine the total number of signatures on the petitions filed and shall, not later than February 16, give written notification to the sponsors of the number of signatures. If the number of signatures filed is less than the minimum number of signatures required the secretary of state shall notify the sponsors. No further action shall then be taken on the petitions.*

Sec. 12. [3B.10] [VERIFICATION OF PETITIONS.] *Subdivision 1. The secretary of state shall determine whether a sufficient number of valid signatures has been obtained. The secretary may verify signatures by the random sampling method provided in Section 13. County auditors shall assist the secretary in verifying signatures, at the secretary's request. Any eligible elector may challenge the number or validity of signatures on the petition. The secretary of state shall determine the contest of number or validity of signatures by an eligible elector.*

Subd. 2. A signature is valid when:

(a) It is signed by the person named;

(b) *It is voluntarily signed;*

(c) *The signatory was an eligible elector on the date he signed the petition;*

(d) *The signatory is a resident of the congressional district indicated on the petition; and,*

(e) *The signature is identifiable.*

Subd. 3. An eligible elector contesting the sufficiency or validity of signatures shall file the protest on or before March 31 and shall include a brief statement of the evidence of insufficiency or invalidity. If an eligible elector contests the sufficiency or validity of signatures on a petition in bad faith, he may be assessed costs of the contest up to a maximum of \$200. The secretary of state shall hear evidence and determine contests not later than April 30.

Subd. 4. If the secretary of state determines that the number of valid signatures is less than the number required, petitions for additional signatures may be circulated for an additional period of 10 days, in the case of a determination of an actual number deficiency, or 20 days, in the case of an estimated number deficiency, commencing from the date of determination.

Sec. 13. [3B.11] [RANDOM SAMPLING METHOD OF SIGNATURE VERIFICATION.] *Subdivision 1. A sample of signatures to be verified shall be drawn in such a manner that every signature filed with the secretary of state shall be given an equal opportunity to be included in the sample. The sample shall include five percent of the signatures.*

Subd. 2. If the verification from the statistical sample shows that the total number of valid signatures on the petitions is within 90 to 110 percent of the minimum number of signatures needed to declare the number of petition signatures to be sufficient for the congressional district, the secretary of state may verify any remaining unverified signatures.

Subd. 3. If the verification from the statistical sample shows that the total number of valid signatures on all the petitions is 110 percent or more of the minimum number of signatures needed to declare the number of petition signatures to be sufficient for the congressional district, the secretary of state may determine the number of valid signatures to be sufficient. The number of valid signatures shall be determined by taking the total number of signatures filed and multiplying it by the percentage of signatures in the statistical sample which were found to be valid. In calculating the number of valid signatures, any fractions shall be rounded up to one.

Subd. 4. If the verification from the statistical sample shows that the number of valid signatures is less than 90 percent of the minimum number of signatures needed to declare the number of petition signatures to be sufficient for the congressional district the secretary of state may determine that the number of petition signatures is insufficient.

Sec. 14. [3B.12] [CERTIFICATION BY SECRETARY OF STATE; LEGISLATIVE ACTION.] *If the number of valid signatures meets or exceeds the minimum, the secretary of state shall certify the sufficiency of the initiative petitions to the sponsors and to the legislature. The secretary shall also forward to the legislature the final draft of the initiative measure prepared as provided by Section 6, subdivision 2. The measure shall be introduced in each house of the legislature and shall be acted upon in the same manner as legislative bill introductions. At any time before adjournment sine die the legislature may enact the proposed initiative measure into law and provide for its effective date. If the legislature rejects the initiative measure shall do so by roll call vote. It then, by separate roll call vote, may enact instead a different law on the same subject, which shall become effective on the date provided by the enactment. In either of these cases, no measure shall appear on the general election ballot. If the legislature rejects the initiative measure without enacting a different law on the same subject before adjournment sine die, it shall return to the secretary of state the final draft of the initiative measure prepared pursuant to section 6, subdivision 2.*

Sec. 15. [3B.13] [PREPARATION OF BALLOT MEASURE.] *If the legislature returns an initiative measure to the secretary of state, the question of adoption of the initiative measure shall be placed on the ballot for the general election. The secretary of state's certificate shall state the wording of the question to be placed on the ballot. The revisor of statutes shall recommend to the secretary of state a wording for the question. The ballot question shall be a true and impartial statement of the intent and purpose of the initiative measure. It shall be in similar form as a ballot issue which may be on the ballot as a result of a legislative proposal for a constitutional amendment.*

Sec. 16. [3B.14] [NUMBERING OF BALLOT MEASURES.] *The secretary of state shall number in consecutive order each initiative and referendum ballot measure with the wording "BALLOT QUESTION . . .". Ballot questions shall be numbered sequentially starting from the number 1 for the first ballot question certified to be on the ballot after the effective date provided in section 34. Ballot questions which are certified to appear on the ballot in general elections in subsequent years shall be numbered sequentially beginning with the first number after the number of the last ballot question at the last general election. The order shall be assigned by the secretary of state in the order that it is finally determined that each question will be placed on the statewide ballot at the next general election.*

Sec. 17. [3B.15] [BALLOTS, VOTING AND CANVASSING OF INITIATIVE QUESTIONS.] *On all initiative measures, the ballots shall be prepared, voting conducted, results canvassed, contests conducted and results certified as provided by chapters 200 to 210A.*

Sec. 18. [3B.16] [TIME OF ELECTION ON INITIATIVE QUESTIONS.] *Voting upon initiative questions shall be held only at a general election.*

Sec. 19. [3B.17] [SIMULTANEOUS PETITIONS FOR INITIATIVE MEASURES.] *Nothing shall prevent multiple simultaneous petition drives involving identical initiative petitions, whether by the same or different sponsors. However, the first determination by the secretary of state of the sufficiency of the signatures for one measure shall automatically constitute abandonment of the other petition drives as of the date of the secretary's determination.*

Sec. 20. [3B.18] [COSTS OF COUNTY AUDITORS TO VERIFY SIGNATURES.] *Subdivision 1. The state shall reimburse county auditors for all reasonable costs of assisting the secretary of state in the verification of signatures on initiative petitions.*

Subd. 2. Each year prior to May 1, each auditor shall submit to the secretary of state a verified statement of expenditures incurred in the calendar year prior to the previous April 1. The statement shall specify how all costs were incurred.

Subd. 3. The secretary of state shall, within 30 days after receipt of each auditor's statement, pay to each county auditor the costs which the secretary determines are reasonable.

Subd. 4. The secretary of state shall, by rule, provide for the standards of what costs will be reimbursed by the state.

Sec. 21. [3B.19] [RESOLUTION OF CONFLICTS BETWEEN INITIATIVE MEASURES.] *Subdivision 1. Nothing shall prevent petitioning for measures which are apparently in substantial conflict.*

Subd. 2. If two or more measures which substantially conflict are adopted by a vote of the people, the one receiving the highest percentage affirmative vote shall be effective. In the event that it is finally determined that the measures received an equal number of votes, neither measure shall become effective, but they shall again be placed on the ballot at the next general election.

Subd. 3. A petition may be filed with the district court in Ramsey County by any eligible elector alleging that two or more adopted measures substantially conflict. A copy of the petition

shall be served upon the sponsors and upon the attorney general. The district court shall issue its findings and conclusions on the matter within 60 days of the filing of the petition. The district court shall find that two or more measures substantially conflict when any material provision in one measure is irreconcilable with a material provision in another measure. Upon a finding that any provisions of measures substantially conflict, the district court shall find that the entire measures conflict and state which measure prevails under the provisions of subdivision 2.

Sec. 22. [3B.20] [LIMITATION ON SUCCESSIVE INITIATIVE OR REFERENDUM MEASURES.] *Subdivision 1. An initiative petition for a measure which is substantially the same as a measure previously rejected by the people, is not valid until after another general election has intervened. Upon a finding by the secretary of state that a declaration is for a petition for a matter substantially the same as the previously rejected measure, the secretary shall, after the filing and analysis by the secretary of the final draft, strike the declaration from his files.*

Subd. 2. A petition is substantially the same as a measure previously rejected by the people when all material provisions of the measure are identical in substance with material provisions in the other. Differences solely in the manner in which those provisions are expressed are not material.

Sec. 23. [3B.21] [PUBLICATION OF ADOPTED INITIATIVE MATTERS.] *Initiative measures which are adopted by the people shall be published by the revisor of statutes in the laws of Minnesota for the legislative session for the year subsequent to the year of the election at which the law is adopted. Initiative measures shall be placed in a separate section of the Laws of Minnesota and given chapter numbers by the revisor of statutes distinctive from the chapter numbers given legislative enactments by the secretary of state. If an initiative measure is adopted by the people, the revisor of statutes may incorporate it into the next edition of the Minnesota Statutes or the supplement to the Minnesota Statutes in the same manner as for legislative enactments. Initiative measures enacted by the legislature shall be published with other legislative enactments.*

Sec. 24. [3B.22] [LITERATURE MUST INCLUDE NAMES.] *Any person or committee who shall publish, issue, post, circulate, or cause to be published, issued, posted, circulated, other than in a newspaper as provided in section 25, any literature, campaign material, or any publication, including cards, pamphlets, flyers, signs, banners, leaflets, announcements, or other material tending to influence the desire to sign or refusal to sign an initiative petition or the voting at an election on a ballot issue, which fails to prominently display the name and mailing address of the author, the name of the person or committee in whose behalf the same is published, issued, posted, or circulated, and the name and mailing address of any other*

son or committee causing the same to be published, issued, posted, circulated, or broadcasted shall be guilty of a misdemeanor.

Sec. 25. [3B.23] [PAID ADVERTISEMENTS IN NEWS.]

Subdivision 1. No publisher of a newspaper, periodical, or magazine shall print, and no radio or television station shall broadcast any matter paid or to be paid for which tends or is intended to influence directly or indirectly the desire to sign or refusal to sign an initiative petition or any voting at an election on a ballot issue unless it is prominently indicated that it is a paid advertisement. There shall also be a statement of the amount paid or to be paid, or a statement that the same is to be paid at regular advertising rates, the name of the person or committee in whose behalf the matter is printed or broadcast; and the names of any other person or of the officer and the committee authorizing the publication.

Subd. 2. To the extent that any person sells either advertising space or broadcast time used on behalf of any measure, the charges made shall not exceed the charges made for any other comparable purpose or use according to the seller's rate schedule.

Sec. 26. [3B.24] [PROHIBITIONS.] *Subdivision 1. No person shall:*

- (a) Be paid compensation for signing an initiative petition;*
- (b) Willfully refuse to file a statement of expenses regarding an initiative matter when required by law;*
- (c) Publish any literature, campaign material or any publication including cards, pamphlets, flyers, signs, banners, leaflets, or other material or any radio or television broadcast regarding an initiative measure which does not bear the identification required by law;*
- (d) Publish in any newspaper, periodical or magazine any matter relating to an initiative matter which does not contain the identification required by law;*
- (e) Induce a person to sign a petition by fraud, force or the threat of force;*
- (f) Pay compensation for signing an initiative petition;*
- (g) With knowledge that it is false, publish any information regarding an initiative which tends to substantially affect adoption or rejection of the measure;*
- (h) Pay compensation or expenses to employ or contract for the circulation of an initiative petition;*

(i) *Be paid compensation or expenses as an employee or contractor for the circulation of an initiative petition; or,*

(j) *Sign a petition with a name other than his or her own name.*

Subd. 2. Any person violating any provision of subdivision 1, clauses (a), (b), (c) or (d) is guilty of a misdemeanor. Any person violating any provision of subdivision 1, clauses (e), (f) or (g) is guilty of a gross misdemeanor.

Sec. 27. [3B.25] [ACTION BY AND NOTIFICATIONS TO SPONSORS.] *Subdivision 1. Only sponsors, or those authorized by them in writing, may file any required filing or statement regarding initiative petitions, measures or campaigns including election contests or petition signature count or validity contests.*

Subd. 2. The signature of the chairman, any other sponsor, or a person authorized in writing by a chairman, is sufficient to authorize the filing of any statement required by law.

Subd. 3. If notice is required to be given to the sponsors, it shall be given to those persons provided in subdivision 2 who may authorize any filing.

Sec. 28. [3B.26] [DATES OF ACTIONS.] *Subdivision 1. In sections 3 to 29, whenever an action is required to be taken on a specified date or by the end of an elapsed number of days, and that day is a Saturday, Sunday or a legal holiday, the action shall be accomplished on the next day which is not a Saturday, Sunday or a legal holiday.*

Subd. 2. In sections 3 to 29, whenever a document is required to be filed or received, only physical deposit of the document with the indicated person constitutes filing or receipt. It is not sufficient for the document to be postmarked by the required date.

Sec. 29. [3B.27] [JUDICIAL REVIEW OF INITIATIVE MATTERS.] *Subdivision 1. The district court shall have jurisdiction of any suit involving:*

(a) *the sufficiency of the number or validity of signatures on petitions after the administrative determinations by the secretary of state have been exhausted;*

(b) *resolution of conflicts between initiative measures as provided by section 21; or,*

(c) *any suit alleging the unconstitutionality of an adopted initiative which rejects a law but only to the extent of determining that issue.*

Subd. 2. Venue for all suits and criminal prosecutions involving initiative matters shall be in the district court in Ramsey County.

Subd. 3. Suits contesting a final administrative determination of the number or validity of signatures on petitions shall be filed not later than 15 calendar days after the final determination.

Suits involving conflicts between initiative measures shall be filed prior to the effective date of the initiated measures.

Subd. 4. A court may defer the effective date of an initiative measure enactment or a referendum measure repeal when a deferral, in the discretion of the court, is found to be in the interest of justice.

Sec. 30. Minnesota Statutes 1978, Section 10A.01, Subdivision 15, is amended to read:

Subd. 15. "Political committee" means any association as defined in subdivision 3 whose major purpose is to influence the nomination or election of a candidate.

"Political committee" includes a major political party as defined in subdivision 12, a minor political party as defined in subdivision 13, and any principal campaign committee formed pursuant to section 10A.19.

"Political committee" also includes any association which is organized to influence a petition drive, as defined by section 4, subdivision 4, or a ballot issue campaign. An association is organized to influence a petition drive or ballot issue if:

(1) They are the sponsors as defined by section 4, subdivision 6; or,

(2) They receive contributions or make expenditures in excess of \$100 to favor or oppose a petition drive or ballot issue campaign; or,

(3) They give implicit or explicit consent for any other person to receive contributions or make expenditures to favor or oppose a petition drive or ballot issue campaign.

Sec. 31. Minnesota Statutes 1978, Section 10A.20, is amended by adding a subdivision to read:

Subd. 2a. In addition to the reports required by subdivision 2, a political committee which favors or opposes a petition drive or ballot issue campaign shall also file reports within five days

after the secretary of state issues the certification provided for in section 14.

Sec. 32. Minnesota Statutes 1978, Section 203A.31, Subdivision 2, is amended to read:

Subd. 2. [STATE PINK BALLOT.] There shall be one ballot on pink paper, hereinafter called the "pink ballot," upon which all (PROPOSITIONS AND QUESTIONS) *constitutional amendments* to be voted upon throughout the state shall be printed so that the voters may indicate by a mark (X) either a negative or affirmative vote. *All initiative ballot questions shall be on one blue ballot. The order of the questions shall be in the order of their sequential numbers assigned pursuant to section 16.* In preparing the pink (BALLOT) and blue ballots the secretary of state shall apply an appropriate title to each proposition and question, which title shall be approved by the attorney general, and shall consist of not more than one printed line above the proposition or question to which it refers. (AT THE HEAD OF THE BALLOT OR IN SOME OTHER PROMINENT PLACE ON THE BALLOT THERE SHALL BE PRINTED CONSPICUOUSLY) *After each question on a constitutional amendment shall be printed a notice stating in substance that a voter's failure to vote on a constitutional amendment has the effect of a negative vote. The pink ballots shall be deposited in a separate pink ballot box. The blue ballots shall be deposited in a separate blue ballot box.* They shall be counted, canvassed and returned as in the case of white ballots, and the tally books and return blanks shall provide suitable columns and spaces therefor. The total of the "yes" votes, the total of the "no" votes, and the total number of votes cast shall be reported in the returns.

Sec. 33. Minnesota Statutes 1978, Section 645.02, is amended to read:

645.02 [EFFECTIVE DATE AND TIME OF LAWS.] *Subdivision 1.* Each act, except one making appropriations, enacted finally at any session of the legislature takes effect on August 1 next following its final enactment, unless a different date is specified in the act.

Subd. 2. A special law required to be approved by the local government unit affected before it goes into effect becomes effective as to the approving unit the day following the day on which the certificate of approval prescribed by section 645.021, subdivision 1, is filed with the secretary of state, unless a later date is specified in the act. When approval of such a special law is required by two or more local government units before it may become effective, the day after the day when the last of the required certificates is filed is the effective date, unless a later date is specified in the act.

Subd. 3. An appropriation act or an act having appropriation items enacted finally at any session of the legislature takes effect at the beginning of the first day of July next following its final enactment, unless a different date is specified in the act.

Subd. 4. Any measure initiated by the electors shall be effective ten days after the date of the official declaration of the vote on the measure at the general election.

Sec. 34. Sections 3 to 33 shall be effective the day following final enactment but shall expire on the earlier of the following dates: (1) December 31, 1980 if the constitutional amendment provided in sections 1 and 2 is not ratified as provided by the constitution; or (2) December 31, 1984."

"Section 1. [MINNEAPOLIS, CITY OF; DEVELOPMENT AND REDEVELOPMENT, PURPOSE.] *The legislature of the state of Minnesota finds that the preservation of the quality of life in a major metropolitan city is dependent upon creation of an expanding tax base including commercial and industrial valuation, maintaining economically viable commercial and industrial areas within the city, encouraging private reinvestment within the city, encouraging redevelopment, maintaining and increasing employment opportunities, and providing improved housing opportunities, and that assistance which is provided by local government to accomplish these objectives should be provided as efficiently and effectively as possible, and that a coherent organized structure is necessary to maximize the impact of local government's activities while maintaining local government's involvement at the minimum level necessary, and that the economic development, housing and redevelopment activity of the city of Minneapolis is in need of increased efficiency and improved organization.*

Sec. 2. [MINNEAPOLIS REDEVELOPMENT STRUCTURE.] *Subdivision 1. Notwithstanding any contrary provision of law or charter, the city council of the city of Minneapolis may, by ordinance:*

(a) *Establish an independent development and redevelopment agency, corporate and politic, which shall be a governmental subdivision of the state of Minnesota. The agency shall be governed by a board of commissioners. The city council by ordinance shall provide for the establishment of the board of commissioners, and shall state the number of commissioners, terms of office, the appointing authority of the commissioners, and other matters relating to the composition of the board and shall designate the name for the agency. Notwithstanding any contrary provisions of the Minneapolis city charter, state statute, veterans preference act, or civil service rule, law, or regulation, all employees of the agency shall be selected and employed by the board of commissioners and shall not by virtue of employment by the agency be employees of the city of Minneapolis, and the terms and conditions of employment, including salary, shall be determined by the board of commissioners, subject only to limitations contained in this act. Throughout this act the term "agency" means the agency established pursuant to this clause.*

The passage of the first ordinance establishing an agency, the passage of any ordinance changing the number of commissioners, the term of office of the commissioners, or the appointing authority of the commissioners, shall require affirmative votes of nine members of the City Council. The vote of the City Council adopting the ordinance shall be subject to Mayoral veto and City Council override of that veto.

(b) Establish a development and redevelopment department of the city. Notwithstanding any contrary provision of the Minneapolis city charter, statute, veterans preference act, or civil service rule, law or regulation, the ordinance creating the department may provide for a director and three assistant directors, who shall be in the unclassified service of the city of Minneapolis, and may provide for the director to appoint not more than ten employees to perform managerial duties as defined by the director who shall be in the unclassified service of the city. The ordinance shall establish the appointing authority of the director and assistant directors, and the manner of appointment and term of office, if any, and shall provide for the terms and conditions of employment, including salary, subject only to the limitations contained within this act for all employees of the department, and shall designate the name for the department. The director shall select and appoint all employees of the department. Throughout this act the term "department" means the department established pursuant to this clause.

(c) Any time up to six months after the passage of the first ordinance implementing the provisions of this section, transfer any employee of the city of Minneapolis or the Minneapolis housing and redevelopment authority or the Minneapolis industrial development commission to the employment of the agency or the department or the Minneapolis housing and redevelopment authority or the Minneapolis industrial development commission. An employee who is in the classified service of the city of Minneapolis whose position is being transferred pursuant to this clause, may elect to remain in the classified service and exercise the rights provided by the Minneapolis civil service commission to an employee as if the position held by the employee had been eliminated. Any employee who is transferred from employment with one employer pursuant to this clause to another employer shall retain rights and benefits accumulated including seniority, accumulated vacation and sick leave, and length of service for the purposes of calculating benefits, layoffs, seniority rating for promotions and merit increases, emoluments or rewards.

Notwithstanding any contrary provisions of law or city charter, any employee of the Minneapolis Industrial Development Commission who is not in the classified service of the city of Minneapolis, and any person employed as a director or deputy director of the Minneapolis Housing and Redevelopment Agency shall either be transferred to employment of the agency or department, or the city of Minneapolis, or shall remain an employee

of the commission or authority, as determined by the City Council, and the City Council may transfer the person into the classified service of the city of Minneapolis and into a position for which the person is qualified as determined by the City Council.

Following implementation of this act, all existing employees of the Minneapolis housing and redevelopment authority except the director and deputy directors shall either be transferred to employment of the agency or department or shall continue to be employed by the Minneapolis housing and redevelopment or shall be transferred to employment of the city, as determined by the City Council. In the event of transfer of employment to the city of Minneapolis, the City Council may transfer the person into the classified service into a position for which the employee is qualified. In any event:

(a) the employee's salary shall not be diminished as a result of implementation of this act;

(b) the employee's job responsibilities shall not be substantially diminished as a result of implementation of this act;

(c) the employee shall not be required to change residence as a result of this legislation; and

(d) the employee shall have the right to apply and be considered for positions with the agency or department on an equal basis with the other employees of the agency or department. Length of service with Minneapolis housing and redevelopment authority shall count on the same basis as length of service is counted for existing employees of the city of Minneapolis.

The director and deputy directors shall be considered employees for the purposes of clauses (c) and (d).

If a person employed as an employee of the agency or as a director or assistant director or as a managerial employee of the department or as an employee of the Minneapolis Housing and Redevelopment Authority is, at the time of agency employment or department employment or Minneapolis Housing and Redevelopment Authority Employment, a member of the classified service of the city of Minneapolis, the employee shall be deemed to be on leave of absence during his tenure in the employment, and upon termination of service, shall be returned to his permanent civil service classification. If no vacancy is available in his permanent civil service classification position, seniority shall prevail, and the person most recently certified to the position shall be returned to the permanent civil service classification held by him prior to certification.

Subd. 2. The ordinance which creates the agency or department shall establish procedures for including citizen input when

(g) A technical assistance policy for citizen organizations and affected groups must be developed.

Subd. 3. Notwithstanding any contrary provision of the public employees labor relations act, the several employee groups in the department as identified by the city council who are not supervisory or confidential employees shall be designated as appropriate bargaining units. The designation conferred by this subdivision shall expire October 1, 1981.

Subd. 4. All employees of the agency shall be considered employees of the city of Minneapolis for the purposes of membership in the public employee retirement association. The City Council shall not exercise the powers contained in Minnesota Statutes, Chapter 462 prior to the initial adoption of an ordinance provided for in section 2, subdivision 1, or this subdivision. The city council or the agency or the Minneapolis housing and redevelopment authority or the Minneapolis industrial development commission may exercise the powers granted by this subdivision and any other development or redevelopment powers authorized by other laws, independently or in conjunction with each other as though all of the powers had been granted to a single entity.*

Subd. 2. In addition to any other powers granted to the city of Minneapolis and not in limitation thereof, the city council

may by ordinance divide economic development, housing, and redevelopment powers granted to the city between the agency or department created pursuant to this act, and any authority or commission established pursuant to statute or the Minneapolis city charter for the purposes of economic development, or housing, or redevelopment.

Subd. 3. The city council may, upon the request of the department, levy a general ad valorem tax for any purpose for which a housing and redevelopment authority pursuant to Minnesota Statutes, Chapter 462 may levy an ad valorem tax. The agency may levy a general ad valorem tax upon all taxable property in the city of Minneapolis for any economic development, housing, or redevelopment purpose for which the city council may levy a tax, or for which a housing and redevelopment authority pursuant to Minnesota Statutes, Chapter 462 may levy a tax. The levy of this tax shall be in the same manner as for a tax levied by the city council. The tax levied by the agency pursuant to this subdivision shall not exceed three mills levied upon all taxable property in the city of Minneapolis, provided that this limitation shall not apply to any levy for the repayment of bonds or obligations of the agency.

Subd. 4. The agency may pledge the full faith and credit of the agency for the repayment of any bonds which the agency is authorized to issue pursuant to any statute or charter provision. The city council may pledge any anticipated revenues of or reserves accumulated by the department for the repayment of any bonds issued by the city for economic development, housing or redevelopment purposes.

Subd. 5. The city council may by ordinance upon request of the agency, pledge the full faith and credit of the city of Minneapolis for the repayment of bonds to be issued by the agency. The pledge of the full faith and credit of the city of Minneapolis shall not be subject to the provisions of Minnesota Statutes, Section 475.58 or to any limitations of the Minneapolis city charter. The amount of bonds issued by the agency and outstanding at any one time for which the full faith and credit of the city of Minneapolis is pledged shall not exceed six percent times the market value of all taxable real and personal property within the city of Minneapolis and shall not be included in any debt limitations imposed upon the city of Minneapolis.

Subd. 6. Notwithstanding any contrary law or provision of the Minneapolis city charter, the city council may, by resolution, transfer the control, authority, and operation of any project as defined in Minnesota Statutes, Section 273.73, Subdivision 8, or any other program or project authorized by Minnesota Statutes, Chapter 462 for the purpose of rehabilitation of housing units or for the purpose of providing public housing as provided in Minnesota Statutes, Chapter 462, located within the city of Minneapolis, from the governmental agency or subdivision which established the project to any other governmental agency or

subdivision established in whole or in part for the purpose of economic development housing or redevelopment within the city of Minneapolis, including the city council. The city council may also require acceptance of control, authority, and operation of the project by the governmental entity to which the transfer is intended. Upon the transfer of a project or program, the receiving agency or body shall covenant and pledge to perform the terms, conditions, and covenants of bond indenture or other agreement executed for the security of any bonds issued by the governmental subdivision which initiated the project or program. The receiving governmental subdivision is granted by this act all powers necessary to perform the terms, conditions, and covenants of any indenture or other agreement executed for the security of bonds on which it shall become obligated by operation of this subdivision.

The powers authorized by this subdivision may be exercised only after either (a) the City Council adopts the first ordinance exercising the powers granted pursuant to section 2, subdivision 1 or (b) the City Council adopts the first ordinance granting to the Minneapolis Housing and Redevelopment Authority or the Minneapolis Industrial Development Commission powers authorized pursuant to section 3, subdivision 1.

Subd. 7. The city council may transfer funds so received to any account and may expend the funds for any purpose.

Subd. 9. Notwithstanding any contrary provisions of law, if the City Council grants any additional powers to the Minneapolis Housing and Redevelopment Authority by the ordinance exercising any of the powers authorized by section 3, subdivision 1, at that time or any subsequent time the City Council may by ordinance approved by nine members of the City Council change or modify the terms, number, and the appointing authority of the commissioners of the Minneapolis Housing and Redevelopment Authority and the City Council by ordinance approved by seven members of the City Council may also impose any of the limitations authorized in section 4 upon the Minneapolis Housing and Redevelopment Authority. The vote of the City Council adopting the ordinance shall be subject to Mayoral veto and City Council override.

City council shall not amend any limitations in effect at the time any bonds or obligations are issued pursuant to this act to the detriment of the holder of the bonds or obligations. A determination by the city council that the limitations imposed pursuant to this section have been complied with by the agency shall be conclusive.

Sec. 2. [PARENT AND CHILD RELATIONSHIP DEFINED.] *As used in sections 1 to 24, "parent and child relationship" means the legal relationship existing between a child and his natural or adoptive parents incident to which the law confers or imposes rights, privileges, duties, and obligations. It includes the mother and child relationship and the father and child relationship.*

Sec. 3. [RELATIONSHIP NOT DEPENDENT ON MARRIAGE.] *The parent and child relationship may exist regardless of the marital status of the parents.*

Sec. 4. [HOW PARENT AND CHILD RELATIONSHIP ESTABLISHED.] *The parent and child relationship between a child and*

(a) *the natural mother may be established by proof of her having given birth to the child, or under sections 1 to 24;*

(b) *the natural father may be established under sections 1 to 24; or*

(c) *an adoptive parent may be established by proof of adoption.*

Sec. 5. [PRESUMPTION OF PATERNITY.] *Subdivision 1. A man is presumed to be the natural father of a child if:*

(a) *He and the child's natural mother are or have been married to each other and the child is born during the marriage, or within 280 days after the marriage is terminated by death, annulment, declaration of invalidity, dissolution, or divorce, or after a decree of legal separation is entered by a court;*

(b) *Before the child's birth, he and the child's natural mother have attempted to marry each other by a marriage solemnized in apparent compliance with law, although the attempted marriage is or could be declared void, voidable, or otherwise invalid, and,*

(1) *if the attempted marriage could be declared invalid only by a court, the child is born during the attempted marriage, or within 280 days after its termination by death, annulment, declaration of invalidity, dissolution or divorce; or*

(2) *if the attempted marriage is invalid without a court order, the child is born within 280 days after the termination of cohabitation;*

(c) *After the child's birth, he and the child's natural mother have married, or attempted to marry, each other by a marriage solemnized in apparent compliance with law, although the attempted marriage is or could be declared void, voidable, or otherwise invalid, and*

(1) *he has acknowledged his paternity of the child in writing filed with the district court or the state registrar of vital statistics;*

(2) *with his consent, he is named as the child's father on the child's birth certificate; or*

(3) *he is obligated to support the child under a written voluntary promise or by court order;*

(d) *While the child is under the age of majority, he receives the child into his home and openly holds out the child as his natural child; or*

(e) *He acknowledges his paternity of the child in a writing filed with the district court or the state registrar of vital statistics, which shall promptly inform the mother of the filing of the acknowledgment, and she does not within a reasonable time after being informed thereof dispute the acknowledgment in a writing filed with the district court or the state registrar of vital statistics. If another man is presumed under this clause to be the child's father, acknowledgment may be effected only*

with the written consent of the presumed father or after the presumption has been rebutted.

Subd. 2. A presumption under this section may be rebutted in an appropriate action only by clear and convincing evidence. If two or more presumptions arise which conflict with each other, the presumption which on the facts is founded on the weightier considerations of policy and logic controls. The presumption is rebutted by a court decree establishing paternity of the child by another man.

Sec. 6. [ARTIFICIAL INSEMINATION.] *Subdivision 1. If, under the supervision of a licensed physician and with the consent of her husband, a wife is inseminated artificially with semen donated by a man not her husband, the husband is treated in law as if he were the natural father of a child thereby conceived. The husband's consent must be in writing and signed by him and his wife. The physician shall certify their signatures and the date of the insemination, and file the husband's consent with the commissioner of health, who shall keep it confidential and in a sealed file. However, the physician's failure to file the consent does not affect the father and child relationship.*

All papers and records pertaining to the insemination, whether part of the permanent record of a court or of a file held by the supervising physician or elsewhere, are subject to inspection only upon an order of the court for good cause shown.

Subd. 2. The donor of semen provided to a licensed physician for use in artificial insemination of a married woman other than the donor's wife is treated in law as if he were not the natural father of a child thereby conceived.

Sec. 7. [DETERMINATION OF FATHER AND CHILD RELATIONSHIP; WHO MAY BRING ACTION; WHEN ACTION MAY BE BROUGHT.] *Subdivision 1. A child, his natural mother, or a man presumed to be his father under section 5, subdivision 1, clauses (a), (b), or (c) may bring an action:*

(a) At any time for the purpose of declaring the existence of the father and child relationship presumed under section 5, subdivision 1, clauses (a), (b), or (c); or

(b) For the purpose of declaring the nonexistence of the father and child relationship presumed under section 5, subdivision 1, clauses (a), (b), or (c) only if the action is brought within a reasonable time after the person bringing the action has obtained knowledge of relevant facts, but in no event later than three years after the child's birth. After the presumption has been rebutted, paternity of the child by another man may be determined in the same action, if he has been made a party.

Subd. 2. An action to determine the existence or nonexistence of the father and child relationship presumed under section 5, subdivision 1, clauses (d) or (e) may be brought at any time by the child, the mother or personal representative of the child, the public authority chargeable by law with the support of the child, the personal representative or a parent of the mother if the mother has died or is a minor, a man alleged or alleging himself to be the father, or the personal representative or a parent of the alleged father if the alleged father has died or is a minor.

Subd. 3. An action to determine the existence of the father and child relationship with respect to a child who has no presumed father under section 5 may be brought by the child, the mother or personal representative of the child, the public authority chargeable by law with the support of the child, the personal representative or a parent of the mother if the mother has died or is a minor, a man alleged or alleging himself to be the father, or the personal representative or a parent of the alleged father if the alleged father has died or is a minor.

Subd. 4. Regardless of its terms, an agreement, other than an agreement approved by the court in accordance with section 14, between an alleged or presumed father and the mother, does not bar an action under this section by the child or the public authority chargeable by law with the support of the child.

Subd. 5. If an action under this section is brought before the birth of the child, all proceedings shall be stayed until after the birth, except service of process and the taking of depositions to perpetuate testimony.

Subd. 6. If the child has been adopted, an action may not be brought.

Sec. 8. [LIMITATION OF ACTIONS; EXCEPTIONS.]
Except for an action brought by or on behalf of a child whose paternity has not been determined, an action to determine the existence of the father and child relationship as to a child who has no presumed father under section 5 may not be brought later than three years after the birth of the child, or later than three years after the effective date of sections 1 to 24, whichever is later. An action brought by or on behalf of a child whose paternity has not been determined is not barred until one year after the child reaches the age of majority.

Sections 7 and 8 do not extend the time within which a right of inheritance or a right to a succession may be asserted beyond the time provided by law relating to distribution and closing of decedents' estates or to the determination of heirship, or otherwise.

Sec. 9. [JURISDICTION; VENUE.] *Subdivision 1. Except in Hennepin and Ramsey counties, the county court has jurisdiction of an action brought under sections 1 to 24. In Hennepin and Ramsey counties, the district court has jurisdiction of an action brought under sections 1 to 24.*

Subd. 2. In addition to any other method provided by rule or statute, personal jurisdiction may be acquired by service in accordance with Minnesota Statutes, Section 543.19.

Subd. 3. The action may be brought in the county in which the child or the alleged father resides or is found or, if the father is deceased, in which proceedings for probate of his estate have been or could be commenced.

Sec. 10. [PARTIES.] *The child may be made a party to the action. If the child is a minor and is made a party, a general guardian or a guardian ad litem shall be appointed by the court to represent the child. The child's mother or father may not represent the child as guardian or otherwise. The court may appoint the commissioner of public welfare as guardian ad litem for the child. If the child is a minor and the case involves a compromise under section 14, subdivision 1 or a lump sum payment under section 16, subdivision 4, the child shall be made a party and the commissioner of public welfare shall be appointed as guardian ad litem before the court approves a compromise or orders a lump sum payment. The natural mother, each man presumed to be the father under section 5, and each man alleged to be the natural father, shall be made parties or, if not subject to the jurisdiction of the court, shall be given notice of the action in a manner prescribed by the court and shall be given an opportunity to be heard. The court may align the parties.*

Sec. 11. [PRE-TRIAL PROCEEDINGS.] *Subdivision 1. As soon as practicable, after an action to declare the existence or nonexistence of the father and child relationship has been brought, a pre-trial hearing shall be held in accordance with rules of civil procedure. The public shall be barred from the hearing. A record of the proceeding or any portion thereof shall be kept if any party requests, or the court so orders.*

Subd. 2. Upon refusal of a witness, including a party, to testify under oath or produce evidence, the court may order him to testify under oath and produce evidence concerning all relevant facts. If the refusal is upon the grounds that his testimony or evidence might tend to incriminate him, the court may grant him immunity from all criminal liability on account of the testimony or evidence he is required to produce. An order granting immunity bars prosecution of the witness for any offense shown, in whole or in part, by testimony or evidence which he is required to produce, except for perjury committed in his testimony. The refusal of a witness, who has been granted im-

munity, to obey an order to testify or produce evidence is subject to the sanctions within the jurisdiction of the court.

Subd. 3. Testimony of a physician concerning the medical circumstances of the pregnancy itself and the condition and characteristics of the child upon birth is not privileged.

Sec. 12. [BLOOD AND GENETIC TESTS.] *Subdivision 1. The court may, and upon request of a party shall, require the child, mother, or alleged father to submit to blood tests or genetic tests, or both. The tests shall be performed by a qualified expert appointed by the court.*

Subd. 2. The court, upon reasonable request by a party, shall order that independent tests be performed by other qualified experts.

Subd. 3. In all cases, the court shall determine the number and qualifications of the experts.

Subd. 4. The refusal to submit to blood tests or genetic tests, or both, may be admitted into evidence and is subject to the sanctions within the jurisdiction of the court.

Sec. 13. [EVIDENCE RELATING TO PATERNITY.] *Evidence relating to paternity may include:*

(a) Evidence of sexual intercourse between the mother and alleged father at any possible time of conception;

(b) An expert's opinion concerning the statistical probability of the alleged father's paternity based upon the duration of the mother's pregnancy;

(c) Genetic and blood test results, weighed in accordance with evidence, if available, of the statistical probability of the alleged father's paternity;

(d) Medical or anthropological evidence relating to the alleged father's paternity of the child based on tests performed by experts. If a man has been identified as a possible father of the child, the court may, and upon request of a party shall, require the child, the mother, and the man to submit to appropriate tests; and

(e) All other evidence relevant to the issue of paternity of the child.

Sec. 14. [PRETRIAL RECOMMENDATIONS.] *Subdivision 1. On the basis of the information produced at the pretrial hearing, the court shall evaluate the probability of determining the existence or nonexistence of the father and child relationship*

in a trial and whether a judicial declaration would be in the best interest of the child. On the basis of the evaluation, an appropriate recommendation for settlement shall be made to the parties, which may include any of the following:

(a) That the action dismissed with or without prejudice;

(b) That the alleged father voluntarily acknowledge his paternity of the child;

(c) That the matter be compromised by an agreement among the alleged father, the mother, and the child, in which the father and child relationship is not determined but in which a defined economic obligation is undertaken by the alleged father in favor of the child and, if appropriate, in favor of the mother, subject to approval by the court. In reviewing the obligation undertaken by the alleged father in a compromise agreement, the court shall consider the best interest of the child, in the light of the applicable factors enumerated in section 518.17, subdivision 3, discounted by the improbability, as it appears to the court, of establishing the alleged father's paternity or nonpaternity of the child in a trial of the action. In the best interest of the child, the court may order that the alleged father's identity be kept confidential. In that case, the court may designate a person or agency to receive from the alleged father and disburse on behalf of the child all amounts paid by the alleged father in fulfillment of obligations imposed on him. When the child reaches 21 years of age or older he may petition the court to disclose the alleged father's identity. The court shall grant the petition if after considering the interests of all known persons involved, the court determines that disclosure of the information would be of greater benefit than nondisclosure.

Subd. 2. If the parties accept a recommendation made in accordance with subdivision 1, judgment shall be entered accordingly.

Subd. 3. If a party refuses to accept a recommendation made under subdivision 1 and blood tests have not been taken, the court shall require the parties to submit to blood tests, if practicable. Thereafter the court shall make an appropriate final recommendation. If a party refuses to accept the final recommendation the action shall be set for trial.

Subd. 4. The guardian ad litem may accept or refuse to accept a recommendation under this section.

Subd. 5. The informal hearing may be terminated and the action set for trial if the court finds it unlikely that all parties would accept a recommendation made under subdivisions 1 or 3.

Sec. 15. [CIVIL ACTION.] *An action under sections 1 to 24 is a civil action governed by the rules of civil procedure. The*

mother of the child and the alleged father are competent to testify and may be compelled to testify. Section 11, subdivisions 2 and 3, and sections 12 and 13 apply to proceedings under this section.

Sec. 16. [JUDGMENT OR ORDER.] *Subdivision 1. The judgment or order of the court determining the existence or non-existence of the parent and child relationship is determinative for all purposes.*

Subd. 2. If the judgment or order of the court is at variance with the child's birth certificate, the court shall order that a new birth certificate be issued under section 23.

Subd. 3. The judgment or order may contain provisions concerning the duty of support, the custody and guardianship of the child, the name of the child, visitation privileges with the child, the furnishing of bond or other security for the payment of the judgment, or any other matter in the best interest of the child. When issuing an order providing for custody or support the court shall consider the factors set forth in section 518.17. An order providing for visitation shall be issued in accordance with section 518.175. The judgment or order may direct the appropriate party to pay all or a proportion of the reasonable expenses of the mother's pregnancy and confinement, after consideration of the relevant facts, including the relative financial means of the parents; the earning ability of each parent; and any health insurance policies held by either parent, or by a spouse or parent of the parent, which would provide benefits for the expenses incurred by the mother during her pregnancy and confinement.

Subd. 4. Support judgments or orders ordinarily shall be for periodic payments which may vary in amount. In the best interest of the child, a lump sum payment may be ordered in lieu of periodic payments of support. The court shall limit the father's liability for past support of the child to the proportion of the expenses that the court deems just, which were incurred in the immediate preceding two years.

Sec. 17. [ENFORCEMENT OF JUDGMENT OR ORDER.] *Subdivision 1. If existence of the father and child relationship is declared, or paternity or a duty of support has been acknowledged or adjudicated under sections 1 to 24 or under prior law, the obligation of the father may be enforced in the same or other proceedings by the mother, the child, the public authority that has furnished or may furnish the reasonable expenses of pregnancy, confinement, education, support, or funeral, or by any other person, including a private agency, to the extent he has furnished or is furnishing these expenses.*

Subd. 2. The court may order support payments to be made to the mother, the clerk of the court, or a person, corporation, or

agency designated to administer them for the benefit of the child under the supervision of the court.

Subd. 3. Willful failure to obey the judgment or order of the court is a civil contempt of the court. All remedies for the enforcement of judgments apply including those available under sections 518.41 to 518.53 and 256.872 to 256.878.

Sec. 18. [MODIFICATION OF JUDGMENT OR ORDER.] *The court has continuing jurisdiction to modify or revoke a judgment or order*

(a) *for future education and support, and*

(b) *with respect to matters listed in section 16, subdivisions 3 and 4, and section 17, subdivision 2, except that a court entering a judgment or order for the payment of a lump sum under section 16, subdivision 4, may specify that the judgment or order may not be modified or revoked.*

Sec. 19. [RIGHT TO COUNSEL; COSTS; FREE TRANSCRIPT ON APPEAL.] *Subdivision 1. At the pre-trial hearing and in further proceedings, any party may be represented by counsel. If the public authority charged by law with support of a child is a party, the county attorney shall represent the public authority. If the child receives public assistance and no conflict of interests exists, the county attorney shall also represent the mother. If a conflict of interest exists, the court shall appoint counsel for the mother at no cost to her. If the child does not receive public assistance, the county attorney may represent the mother at her request. The court shall appoint counsel for an indigent party who is unable to obtain counsel.*

Subd. 2. The court may order reasonable counsel, expert witnesses, and guardian ad litem fees, and other costs of the trial and pre-trial proceedings, including appropriate tests, to be paid by the parties in proportions and at times determined by the court. The court shall require an indigent party to pay part of the fees of court-appointed counsel according to the party's ability to pay, but if counsel has been appointed the appropriate agency shall pay the indigent party's proportion of all other fees and costs. When a party bringing an action is represented by the county attorney, no filing fee shall be paid to the clerk of court.

Subd. 3. If a party is financially unable to pay the cost of a transcript, the court shall furnish on request a transcript for purposes of appeal.

Sec. 20. [HEARINGS AND RECORDS; CONFIDENTIALITY.] *Notwithstanding any other law concerning public hearings and records, any hearing or trial held under sections 1 to 24 shall be held in closed court without admittance of any person other than those necessary to the action or proceeding.*

All papers and records, other than the final judgment, pertaining to the action or proceeding, whether part of the permanent record of the court or of a file in the state department of public welfare or elsewhere, are subject to inspection only upon consent of the court and all interested persons, or in exceptional cases only upon an order of the court for good cause shown.

Sec. 21. [ACTION TO DECLARE MOTHER AND CHILD RELATIONSHIP.] *A child, the father or personal representative of the child, the public authority chargeable by law with the support of the child, the personal representative or a parent of the father if the father has died, a woman alleged or alleging herself to be the mother, or the personal representative or a parent of the alleged mother if the alleged mother has died or is a minor may bring an action to determine the existence or nonexistence of a mother and child relationship. Insofar as practicable, the provisions of section 1 to 24 applicable to the father and child relationship apply.*

Sec. 22. [PROMISE TO RENDER SUPPORT.] *Subdivision 1. A person's signed promise to furnish support for a child, growing out of a supposed or alleged father and child relationship, does not require consideration and is enforceable according to its terms, subject to section 7, subdivision 4.*

Subd. 2. In the best interest of the child or the mother, the court may, and if a provision of the writing so requires shall, order the promise to be kept in confidence and designate a person or agency to receive and disburse on behalf of the child all amounts paid in performance of the promise.

Sec. 23. [BIRTH RECORDS.] *Subdivision 1. Upon compliance with the provisions of section 5, subdivision 1, clause (e) or upon order of a court of this state or upon request of a court of another state, the local registrar of vital statistics shall prepare a new certificate of birth consistent with the acknowledgment or the findings of the court and shall substitute the new certificate for the original certificate of birth.*

Subd. 2. The fact that the father and child relationship was declared after the child's birth shall not be ascertainable from the new certificate but the actual place and date of birth shall be shown.

Subd. 3. The evidence upon which the new certificate was made and the original birth certificate shall be kept in a sealed and confidential file and be subject to inspection only upon consent of the court and all interested persons, or in exceptional cases only upon an order of the court for good cause shown.

Sec. 24. [ADOPTION; TERMINATION PROCEEDINGS.] *Subdivision 1. If a mother relinquishes or proposes to relinquish for adoption a child who has*

(a) *a presumed father under section 5, subdivision 1,*

(b) *a father whose relationship to the child has been determined by a court, or*

(c) *a father as to whom the child is a legitimate child under prior law of this state or under the law of another jurisdiction, the father shall be given notice of the adoption proceeding as provided in section 259.26.*

Subd. 2. If a mother relinquishes or proposes to relinquish for adoption a child who does not have

(a) *a presumed father under section 5, subdivision 1,*

(b) *a father whose relationship to the child has been determined by a court, or*

(c) *a father as to whom the child is a legitimate child under prior law of this state or under the law of another jurisdiction, notice of the adoption proceeding shall be given as required by sections 259.26 and 259.261.*

Sec. 25. Minnesota Statutes 1978, Section 62A.041, is amended to read:

62A.041 [MATERNITY BENEFITS; UNMARRIED WOMEN.] Each group policy of accident and health insurance issued or renewed after June 4, 1971, shall provide the same coverage for maternity benefits to unmarried women and minor female dependents that it provides to married women including the wives of employees choosing dependent family coverage. If an *unmarried* insured is a parent (OR AN ACKNOWLEDGED OR ADJUDICATED PARENT) of a dependent (ILLEGITIMATE) child, each group policy issued or renewed after July 1, 1976, shall provide the same coverage for that child as that provided for the child of (AN) a *married* employee choosing dependent family coverage if the insured elects dependent family coverage.

Each individual policy of accident and health insurance shall provide the same coverage for maternity benefits to unmarried women and minor female dependents as that provided for married women. If (THE) an *unmarried* insured is a parent (OR AN ACKNOWLEDGED OR ADJUDICATED PARENT) of a dependent (ILLEGITIMATE) child, each individual policy issued or renewed after July 1, 1976, shall also provide the same coverage for that child as that provided for the child of (AN) a *married* insured choosing dependent family coverage if the insured elects dependent family coverage.

For the purposes of this section, the term "maternity benefits" shall not include elective, induced abortion whether performed in a hospital, other abortion facility, or the office of a physician.

Sec. 26. Minnesota Statutes 1978, Section 62C.14, Subdivision 5a, is amended to read:

Subd. 5a. Any group subscriber's contract delivered or issued for delivery or renewed in this state after August 1, 1973, shall provide the same coverage for maternity benefits to unmarried women and minor female dependents as that provided for married women. If (A) *an unmarried* subscriber is a parent (OR AN ACKNOWLEDGED OR ADJUDICATED PARENT) of a dependent (ILLEGITIMATE) child, each group subscriber's contract delivered or issued for delivery or renewed after July 1, 1976, shall, if the subscriber chooses family coverage, provide the same coverage for that child as that provided for the child of any other subscriber choosing dependent family coverage. Any group contracting for a group subscriber's contract may request that the coverage required by this section be omitted.

An individual subscriber's contract delivered or issued for delivery in this state shall provide the same coverage for maternity benefits to unmarried women and minor female dependents as that provided for married women. If (THE) *an unmarried* subscriber is a parent (OR THE ACKNOWLEDGED OR ADJUDICATED PARENT) of a dependent (ILLEGITIMATE) child, each subscriber's individual contract delivered or issued for delivery or renewed after July 1, 1975, shall, if the subscriber chooses dependent family coverage, provide the same coverage for that child as that provided for the child of any other subscriber choosing dependent family coverage.

Sec. 27. Minnesota Statutes 1978, Section 64A.22, Subdivision 1, is amended to read:

64A.22 [BENEFICIARIES.] Subdivision 1. [CHANGE; ELIGIBILITY; RIGHTS.] The member shall have the right at all times to change the beneficiary or beneficiaries in accordance with the constitution, laws or rules of the association. Every association by its constitution, laws or rules may limit the scope of beneficiaries and shall provide that no beneficiary shall have or obtain any vested interest in the proceeds of any certificate until the certificate has become due and payable in conformity with the provisions of the insurance contract; except that associations which fail to meet the requirements of section 64A.20, clause (3) shall confine the payment of death benefits to the wife, husband, family, relatives by blood or marriage, including (ILLEGITIMATE) children *as to whom he is a parent, as defined in sections 1 to 24*, parent or child by adoption, affianced husband or wife, a person dependent on the member or on whom the member is dependent, the member's estate, a benevolent, educational, religious, or charitable corporation, or to an incor-

porated institution for the support of the member. Any association may limit the beneficiaries within the above classes.

Sec. 28. Minnesota Statutes 1978, Section 144.215, Subdivision 3, is amended to read:

Subd. 3. In any case in which paternity of a child is determined by a court of competent jurisdiction, *or upon compliance with the provisions of section 5, subdivision 1, clause (e)*, the name of the father shall be entered on the birth certificate. If the order of the court declares the name of the child, it shall also be entered on the birth certificate (;). If the order of the court does not declare the name of the child, *or there is no court order*, then upon the request of both parents in writing, the surname of the child shall be that of the father.

Sec. 29. Minnesota Statutes 1978, Section 257.025, is amended to read:

257.025 [CUSTODY DISPUTES.] In any proceeding where two or more parties seek custody of a child the court shall determine the best interests of the child by considering and evaluating the following factors:

(a) The love, affection and other emotional ties existing between the competing parties and the child;

(b) The capacity and disposition of competing parties to give the child love, affection and guidance and continuation of the educating and raising of the child in its religion, creed, if any, or culture;

(c) The capacity and disposition of competing parties to provide the child with food, clothing, medical care or other remedial care recognized and permitted under the laws of this state in lieu of medical care, and other material needs;

(d) The length of time the child has lived in a stable, satisfactory environment and the desirability of maintaining continuity;

(e) The permanence, as a family unit, of the existing or proposed custodial home;

(f) The mental and physical health of the competing parties;

(g) The home, school and community record of the child;

(h) The cultural background of the child;

(i) The reasonable preference of the child, if the court deems the child to be of sufficient age to express preference;

(j) Any other factor considered by the court to be relevant to a particular child custody dispute.

The fact that the parents of the child are not or were never married to each other shall not be determinative of the custody of the child.

Sec. 30. Minnesota Statutes 1978, Section 257.175, is amended to read:

257.175 [DUTIES OF COMMISSIONER OF PUBLIC WELFARE.] It shall be the duty of the commissioner of public welfare to promote the enforcement of all laws for the protection of defective, (ILLEGITIMATE,) dependent, neglected, and delinquent children, to cooperate to this end with juvenile courts and all reputable child-helping and child-placing agencies of a public or private character, and to take the initiative in all matters involving the interests of such children where adequate provision therefore has not already been made. The commissioner may appoint a chief executive officer and such assistants as shall be necessary to carry out the purposes of (SECTIONS 257.175, 257.32, AND 257.33) *this section.*

Sec. 31. Minnesota Statutes 1978, Section 259.24, Subdivision 1, is amended to read:

259.24 [CONSENTS.] Subdivision 1. [EXCEPTIONS.] No child shall be adopted without the consent of (HIS) *the child's* parents and (HIS) *the child's* guardian, if there be one, except in the following instances:

(a) Consent shall not be required of (THE) *a* parent (OF AN ILLEGITIMATE CHILD) not entitled to notice of the proceedings (UNDER EITHER SECTIONS 259.26 OR 259.261).

(b) Consent shall not be required of a parent who has abandoned the child, or of a parent who has lost custody of the child through a divorce decree *or a decree of dissolution*, and upon whom notice has been served as required by section 259.26.

(c) Consent shall not be required of a parent whose parental rights to the child have been terminated by a juvenile court or who has lost custody of a child through a final commitment of the juvenile court or through a decree in a prior adoption proceeding.

(d) If there be no parent or guardian qualified to consent to the adoption, the consent may be given by the commissioner.

(e) The commissioner or agency having authority to place a child for adoption pursuant to section 259.25, subdivision 1, shall have the exclusive right to consent to the adoption of such child.

Sec. 32. Minnesota Statutes 1978, Section 259.24, Subdivision 2, is amended to read:

Subd. 2. [PARENTS, GUARDIAN.] If (A) *an unmarried* parent who consents to the adoption of (AN ILLEGITIMATE) *a* child is under 18 years of age, the consent of his parents or guardian, if any, also shall be required; if either or both the parents are disqualified for any of the reasons enumerated in subdivision 1, the consent of such parent shall be waived, and the consent of the guardian only shall be sufficient; and, if there be neither parent nor guardian qualified to give such consent, the consent may be given by the commissioner.

Sec. 33. Minnesota Statutes 1978, Section 259.25, Subdivision 1, is amended to read:

259.25 [AGREEMENT CONFERRING AUTHORITY TO PLACE FOR ADOPTION.] Subdivision 1. [CONSENTS REQUIRED.] The parents and guardian, if there be one, of a (LEGITIMATE) child may enter into a written agreement with the commissioner of public welfare or an agency, giving the commissioner or such agency authority to place the child for adoption. (THE PARENTS OF AN ILLEGITIMATE CHILD ALSO MAY ENTER INTO SUCH WRITTEN AGREEMENT, BUT,) If (HE) *an unmarried parent* is under the age of 18 years the written consent of his parents and guardian, if any, also shall be required; if either or both of the parents are disqualified from giving such consent for any of the reasons enumerated in section 259.24, subdivision 1, then the written consent of the guardian shall be required. (SUCH) *The* agreement and consent shall be in the form prescribed by the commissioner. The agreement shall be executed by the commissioner or agency, or one of their authorized agents, and all other necessary parties, and shall be filed, together with the consent, in the proceedings for the adoption of the child.

Sec. 34. Minnesota Statutes 1978, Section 259.26, Subdivision 1, is amended to read:

259.26 [NOTICE, HEARING ON PETITION.] Subdivision 1. [TO WHOM GIVEN.] Except as provided in subdivision 3, and subject to section 259.261, notice of the hearing upon a petition to adopt a child shall be given to:

(1) (THE PARENTS AND GUARDIAN, IF ANY, OF ANY LEGITIMATE CHILD;)

((2)) The guardian, if any, of (AN ILLEGITIMATE) *a* child;

((3)) (2) The parent of (AN ILLEGITIMATE) *a* child if

- (a) The person's name appears on the child's birth certificate, as a parent, or
- (b) The person has substantially supported the child, or
- (c) The person either was married to the person designated on the birth certificate as the natural mother within the 325 days before the child's birth or married that person within the ten days after the child's birth, or
- (d) The person is openly living with the child or the person designated on the birth certificate as the natural mother of the child, or both, or
- (e) The person has been adjudicated the child's parent, or
- (f) The person has filed an affidavit pursuant to section 259.261.

This notice need not be given to any above named person whose parental rights have been terminated, whose notice of intention to retain parental rights filed pursuant to section 259.261 has been successfully challenged, who (HAVE) *has* consented to the adoption or who (HAVE) *has* waived notice of the hearing. The notice of the hearing may be waived by a parent, guardian or other interested party by a writing executed before two competent witnesses and duly acknowledged. (SUCH) *The* waiver shall be filed in the adoption proceedings at any time before the matter is heard.

Sec. 35. Minnesota Statutes, 1979 Supplement, Section 259.29, Subdivision 1, is amended to read:

259.29 [EFFECT OF ADOPTION.] Subdivision 1. Upon adoption, the child shall become the legal child of the *adopting* persons (ADOPTING HIM,) and they shall become (HIS) *the* legal parents of *the child* with all the rights and duties between them of natural parents and legitimate child. By virtue of the adoption (HE) *the child* shall inherit from (HIS) *the* adoptive parents or their relatives the same as though (HE) *the child* were the (LEGITIMATE) *natural* child of the parents, and in case of (HIS) *the child's* death intestate the adoptive parents and their relatives shall inherit (HIS) *the child's* estate as if they had been (HIS) *the child's* natural parents and relatives. After a decree of adoption is entered the natural parents of an adopted child shall be relieved of all parental responsibilities for the child, and they shall not exercise or have any rights over the adopted child or (HIS) *the child's* property. The child shall not owe (HIS) *the* natural parents or their relatives any legal duty nor shall (HE) *the child* inherit from (HIS) *the* natural parents or kindred, except as provided in subdivision 1a.

Subd. 1a. Notwithstanding any other provisions to the contrary in this section, the adoption of a child by (HIS) a step-parent shall not in any way change the status of the relationship between the child and (HIS) *the child's* natural parent who is the spouse of the petitioning step-parent.

If a parent dies and a child is subsequently adopted by a step-parent who is the spouse of a surviving parent, any rights of inheritance of the child or the child's issue from or through the deceased parent of the child which exist at the time of the death of that parent shall not be affected by the adoption.

Subd. 2. Notwithstanding the provisions of subdivision 1, the adoption of a child whose natural parent or parents are enrolled in an American Indian tribe shall not change the child's enrollment in that tribe.

Sec. 36. Minnesota Statutes 1978, Section 260.231, Subdivision 3, is amended to read:

Subd. 3. The court shall have notice of the time, place, and purpose of the hearing served on the parents, *as defined in sections 1 to 24 or in Section 34, subdivision 1, clause (2)*, in the manner provided in sections 260.135 and 260.141, except that personal service shall be made at least ten days before the day of the hearing (PROVIDED THAT IN THE CASE OF AN ILLEGITIMATE CHILD, NOTICE SHALL BE GIVEN TO THE PARENT OF AN ILLEGITIMATE CHILD MEETING THE REQUIREMENTS OF SECTION 259.26,) SUBDIVISION 1, CLAUSE (3)). Published notice shall be made for three weeks, the last publication to be at least ten days before the day of the hearing; and notice sent by certified mail shall be mailed at least 20 days before the day of the hearing. A parent who consents to the termination of parental rights under the provisions of section 260.221, clause (a), may waive in writing the notice required by this subdivision; however, if the parent is a minor or incompetent (HIS) *the* waiver shall be effective only if (HIS) *the parent's* guardian ad litem concurs in writing.

Sec. 37. *Minnesota Statutes 1978, Sections 257.251; 257.252; 257.253; 257.254; 257.255; 257.256; 257.257; 257.258; 257.259; 257.261; 257.262; 257.263; 257.264; 257.27; 257.28; 257.29; 257.30; 257.31; 257.32; 257.33; and 517.19; are repealed."*

The commissioner of economic security shall make grants to community action agencies, county boards, or other public or private nonprofit agencies for the purpose of providing emergency residential heating grants to low income households. These grants shall be made to the same agencies and in the same manner as provided for federal grants under the energy crisis assistance program of 42 U.S.C.A., Section 2809, Paragraph (a), Clause (5), except as otherwise provided in sections 1 to 5.*

Subd. 2. The commissioner of economic security shall promulgate rules that provide: (a) procedures for the administration of grants; (b) data to be reported by grant recipients and heating fuel suppliers; and (c) other matters the commissioner finds necessary for the proper administration of the state and federal grant programs. The rules may take effect as temporary rules upon approval by the attorney general and without the normal publication in the state register and, 20 day wait for comments from the public, and may be amended in the same manner at a later date if comments from the public demonstrate that amendments are justified.

Grants for recipients who use two or more types of fuel shall be based on the household's primary energy source.

Users of wood as the primary heating source, whether the wood is purchased or not, shall be eligible for assistance under this section.

Grants shall not be considered as income or resources under any other public or publicly assisted income tested program.

Sec. 4. [DISCRETIONARY GRANTS.] *A local administrative agency may use money allocated to it for discretionary grants to assist households in extraordinary need whose income, assets, or heating costs fall outside the limits set in section 3 and who are not eligible for additional assistance under any federal program.*

Sec. 5. [LEGISLATIVE AUDITOR REPORT.] *The legislative auditor shall submit to the legislature by January 1 of each year an audit report of the department of economic security concerning their administration of the emergency residential heating grant program. These financial and compliance audits of the local agencies shall be initiated, monitored, and approved by the department of economic security. The legislative auditor must approve the selection of the auditors and scope of the audit.

Sec. 6. Minnesota Statutes, 1979 Supplement, Section 268.37, is amended to read:

268.37 [COORDINATION OF FEDERAL AND STATE RESIDENTIAL WEATHERIZATION PROGRAMS.] Subdivision 1. The department of economic security is the state agency to apply for, receive, and disburse (FEDERAL) money made available to the state by federal law (OR RULES PROMULGATED THEREUNDER) for the purpose of weatherizing the residences of low-income persons. The commissioner of economic security shall coordinate available federal money with (ANY) state money appropriated for this purpose.

Subd. 2. The commissioner shall make grants of federal and state money to community action agencies and other public or private nonprofit agencies for the purpose of weatherizing the residences of low-income persons. Grant applications shall be submitted in accordance with rules developed pursuant to 42 U.S.C., Sections 6861 to 6872, any other relevant federal weatherization program, and rules promulgated by the commissioner.

Subd. 3. The commissioner shall promulgate temporary rules as necessary to administer the grants program (BY JULY 1, 1979) and shall promulgate permanent rules by July 1, 1980. The rules shall describe: (a) procedures for the administration

of grants, (b) data to be reported by grant recipients, and (c) other matters the commissioner finds necessary for the proper administration of the grant program including compliance with relevant federal regulations. Weatherization assistance shall be given to households where the total income does not exceed 125 percent of the poverty level as updated by the federal office of management and budget poverty guidelines.

Subd. 4. [SUPPLEMENTARY STATE GRANTS.] The commissioner shall distribute supplementary state grants in a manner consistent with the goal of producing the maximum number of weatherized units feasible. Supplementary state grants are provided primarily for the payment of additional labor costs for the federal weatherization program, and as an incentive for the increased production of weatherized units.

Criteria for the allocation of state grants to local agencies include: (a) existing local agency production levels, (b) availability of CETA resources in the area, (c) emergency needs, and (d) the potential for maintaining or increasing acceptable levels of production in the area.

An eligible local agency may receive advance funding for 90 days' production, but thereafter shall receive grants solely on the basis of program criteria.

Subd. 5. The commissioner shall submit reports to the legislature by March 1 of each year, (1980, AND MARCH 1, 1981,) evaluating the weatherization program. The reports shall describe: (a) the number of households weatherized, (b) the average cost per household, (c) any change in energy consumption after weatherization, (d) outreach efforts, and (e) any other information the commissioner feels is relevant, including information routinely submitted to the federal government.

Sec. 7. Minnesota Statutes, 1979 Supplement, Section 290.01, Subdivision 20, is amended to read:

(2) Interest income on obligations of any authority, commission, or instrumentality of the United States, which the laws of the United States exempt from federal income tax, but not from state income taxes;

(3) Income taxes imposed by this state or any other taxing jurisdiction, to the extent deductible in determining federal adjusted gross income and not credited against federal income tax;

(4) Interest on indebtedness incurred or continued to purchase or carry securities the income from which is exempt from tax under this chapter, to the extent deductible in determining federal adjusted gross income;

(5) Amounts received as reimbursement for an expense of sickness or injury which was deducted in a prior taxable year to the extent that the deduction for such reimbursed expenditure resulted in a tax benefit;

(6) The amount of any federal income tax overpayment for any previous taxable year, received as refund or credited to another taxable year's income tax liability, proportionate to the percentage of federal income tax that was claimed as a deduction in determining Minnesota income tax for such previous taxable year.

The overpayment refund or credit, determined with respect to a husband and wife on a joint federal income tax return for a previous taxable year, shall be reported on joint or separate Minnesota income tax returns. In the case of separate Minnesota returns, the overpayment shall be reported by each spouse proportionately according to the relative amounts of federal income tax claimed as a deduction on his or her separate Minnesota income tax return for such previous taxable year;

(7) In the case of a change of residence from Minnesota to another state or nation, the amount of moving expenses which exceed total reimbursements and which were therefore deducted in arriving at federal adjusted gross income;

(8) In the case of property disposed of on or after January 1, 1978, the amount of any increase in the taxpayer's federal tax liability under section 47 of the Internal Revenue Code of 1954, as amended through December 31, 1976, to the extent of the credit under section 38 of the Internal Revenue Code of 1954, as amended through December 31, 1976, that was previously allowed as a deduction either under section 290.01, subdivision 20 (b) (7) or under section 290.09, subdivision 24;

(9) Expenses and losses arising from a farm which are not allowable under section 290.09, subdivision 29;

(11) The amount by which the gain determined pursuant to section 41.59, subdivision 2 exceeds the amount of such gain included in federal adjusted gross income;

(12) To the extent deducted in computing the taxpayer's federal adjusted gross income for the taxable year, losses realized upon a transfer of property to the spouse or former spouse of the taxpayer in exchange for the release of the spouse's marital rights;

(13) Interest income from qualified scholarship funding bonds as defined in section 103(e) of the Internal Revenue Code of 1954, as amended through December 31, 1976, if the non-profit corporation is domiciled outside of Minnesota; and

(14) Exempt-interest dividends, as defined in section 852 (b) (5) (A) of the Internal Revenue Code of 1954, as amended through December 31, 1976, not included in federal adjusted gross income pursuant to section 852(b) (5) (B) of the Internal Revenue Code of 1954, as amended through December 31, 1976, except for that portion of such exempt-interest dividends derived from interest income on obligations of the state of Minnesota, any of its political or governmental subdivisions, any of its municipalities, or any of its governmental agencies or instrumentalities;

(15) The amount of any excluded gain realized by a trust on the sale or exchange of property as defined in section 641 (c) (1).

(2) The portion of any gain, from the sale or other disposition of property having a higher adjusted basis for Minnesota income tax purposes than for federal income tax purposes, that does not exceed such difference in basis; but if such gain is considered a long-term capital gain for federal income tax purposes, the modification shall be limited to 50 per centum of such portion of the gain. This modification shall not be applicable if the difference in basis is due to disallowance of depreciation pursuant to section 290.101.

(3) Interest or dividend income on securities to the extent exempt from income tax under the laws of this state authorizing the issuance of such securities but includible in gross income for federal income tax purposes;

(4) Losses, not otherwise reducing federal adjusted gross income assignable to Minnesota, arising from events or transactions which are assignable to Minnesota under the provisions of sections 290.17 to 290.20, including any capital loss or net operating loss carryforwards or carrybacks resulting from such losses;

(5) If included in federal adjusted gross income, the amount of any credit received, whether received as a refund or credit to another taxable year's income tax liability, pursuant to chapter 290A, and the amount of any overpayment of income tax to Minnesota, or any other state, for any previous taxable year, whether such amount is received as a refund or credited to another taxable year's income tax liability;

(6) To the extent included in federal adjusted gross income, notwithstanding any other law to the contrary, the amount received by any person (i) from the United States, its agencies or instrumentalities, the Federal Reserve Bank or from the state of Minnesota or any of its political or governmental subdivisions or from any other state or its political or governmental subdivisions, or a Minnesota volunteer firefighter's relief association, by way of payment as a pension, public employee retirement benefit, or any combination thereof, or (ii) as a retirement or survivor's benefit made from a plan qualifying under section 401, 403, 404, 405, 408, 409 or 409A of the Internal Revenue Code of 1954, as amended through December 31, 1977. The maximum amount of this subtraction shall be \$10,000 less the amount by which the individual's federal adjusted gross income exceeds \$17,000. In the case of a volunteer firefighter who receives an involuntary lump sum distribution of his pension or retirement benefits, the maximum amount of this subtraction shall be \$10,000; this subtraction shall not be reduced by the amount of the individual's federal adjusted gross income in excess of \$17,000;

(7) In the case of property acquired on or after January 1, 1973, the amount of any credit to the taxpayer's federal tax liability under section 38 of the Internal Revenue Code of 1954, as amended through December 31, 1976, but only to the extent that the credit is connected with or allocable against the pro-

duction or receipt of income included in the measure of the tax imposed by this chapter;

(8) To the extent included in the taxpayer's federal adjusted gross income for the taxable year, gain realized upon a transfer of property to the spouse or former spouse of the taxpayer in exchange for the release of the spouse's marital rights;

(9) The amount of any distribution from a qualified pension or profit sharing plan included in federal adjusted gross income in the year of receipt to the extent of any contribution not previously allowed as a deduction by reason of a change in federal law which was not adopted by Minnesota law for a taxable year beginning in 1974 or later;

(10) Interest, including payment adjustment to the extent that it is applied to interest, earned by the seller of the property on a family farm security loan executed after December 31, 1977 and before January 1, 1982 that is guaranteed by the commissioner of agriculture as provided in sections 41.51 to 41.60;

(11) The amount of gain on the sale of the taxpayer's residence excluded from the federal gross income of the taxpayer pursuant to section 121 of the Internal Revenue Code of 1954, as amended through December 31, 1978 provided that a taxpayer who elects under that section shall not, for the purpose of this subdivision, also take an exclusion according to the provisions of section 121 of the Internal Revenue Code, as amended through December 31, 1976;

(12) The first \$3,000 of compensation for personal services in the armed forces of the United States or the United Nations, and the next \$2,000 of compensation for personal services in the armed forces of the United States or the United Nations wholly performed outside the state of Minnesota; (AND)

(13) The amount of any income earned for personal services rendered prior to the date when the taxpayer became a resident of Minnesota; and

(14) The amount of any credit to the taxpayer's federal tax liability for qualified expenditures for energy conservation or renewable energy sources under section 44C of the Internal Revenue Code of 1954, as amended through December 31, 1979 and as amended in H. R. 3919 (Crude Oil Windfall Profit Tax Act of 1980) as passed by the United States House of Representatives on March 13, 1980.

(c) Modifications affecting shareholders of electing small business corporations under section 1372 of the Internal Revenue Code of 1954, or section 290.972 of this chapter.

(1) Shareholders in a small business corporation, which has elected to be so taxed under the Internal Revenue Code of 1954, but has not made an election under section 290.972 of this chapter, shall deduct from federal adjusted gross income the amount of any imputed income from such corporation and shall add to federal adjusted gross income the amount of any loss claimed as a result of such stock ownership. Also there shall be added to federal adjusted gross income the amount of any distributions in cash or property made by said corporation to its shareholders during the taxable year.

(2) In cases where the small business corporation has made an election under section 1372 of the Internal Revenue Code of 1954, but has not elected under section 290.972 of this chapter and said corporation is liquidated or the individual shareholder disposes of his stock and there is no capital loss reflected in federal adjusted gross income because of the fact that corporate losses have exhausted the shareholders basis for federal purposes, such shareholders shall be entitled, nevertheless, to a capital loss commensurate to their Minnesota basis for the stock.

(3) In cases where the election under section 1372 of the Internal Revenue Code of 1954 antedates the election under section 290.972 of this chapter and at the close of the taxable year immediately preceding the effective election under section 290.972 the corporation has a reserve of undistributed taxable income previously taxed to shareholders under the provisions of the Internal Revenue Code of 1954, in the event and to the extent that such reserve is distributed to shareholders such distribution shall be taxed as a dividend for purposes of this act.

Items of gross income includible within these definitions shall be deemed such regardless of the form in which received. Items of gross income shall be included in gross income of the taxable year in which received by a taxpayer unless properly to be accounted for as of a different taxable year under methods of accounting permitted by section 290.07, except that (1) amounts transferred from a reserve or other account, if in effect transfers to surplus, shall, to the extent that such amounts were accumulated through deductions from gross income or entered into the computation of taxable net income during any taxable year, be treated as gross income for the year in which the transfer occurs, but only to the extent that such amounts resulted in a reduction of the tax imposed by this act, and (2) amounts received as refunds on account of taxes deducted from gross income during any taxable year shall be treated as gross income for the year in which actually received, but only to the extent that such amounts resulted in a reduction of the tax imposed by this act.

(d) Modification in computing taxable income of the estate of a decedent. Amounts allowable under section 291.07, subdivision 1(2) in computing Minnesota inheritance tax liability shall not be allowed as a deduction in computing the taxable income

of the estate unless there is filed within the time and in the manner and form prescribed by the commissioner a statement that the amounts have not been allowed as a deduction under section 291.07 and a waiver of the right to have such amounts allowed at any time as deductions under section 291.07. The provisions of this paragraph shall not apply with respect to deductions allowed under section 290.077 (relating to income in respect of decedents). In the event that the election made for federal tax purposes under section 642(g) of the Internal Revenue Code of 1954 differs from the election made under this paragraph appropriate modification of the estate's federal taxable income shall be made to implement the election made under this paragraph in accordance with regulations prescribed by the commissioner.

Sec. 8. Minnesota Statutes, 1979 Supplement, Section 290.06, Subdivision 14, is amended to read:

Subd. 14. [RESIDENTIAL ENERGY CREDIT.] A credit of 20 percent of the first \$10,000 of renewable energy source expenditures, including the expenditures described in clauses (a), (b) and (d) if made by an individual taxpayer on a Minnesota building of six dwelling units or less and expenditures for biomass conversion equipment described in clause (c), and a credit of 15 percent of the first \$2,000 of energy conservation expenditures made by a taxpayer and installed in or on a dwelling unit located in Minnesota, may be deducted from the tax due under this chapter for the taxable year in which the expenditures were made. For purposes of this subdivision, the term "building" shall include a condominium or townhouse used by the taxpayer as a residence. In the case of qualifying expenditures incurred in connection with a building under construction by a contractor, the credit shall be deducted from the tax liability of the first individual to purchase the building for use as a principal residence or for residential rental purposes; the contractor shall not be eligible for the credit given pursuant to this subdivision for that expenditure.

A "renewable energy source expenditure" which qualifies shall include:

(a) Expenditures which qualify for the federal renewable energy credit, pursuant to Section 44C of the Internal Revenue Code of 1954, as amended through December 31, 1978, and any regulations promulgated pursuant thereto;

(b) Expenditures for earth sheltered dwelling units. For purposes of this credit, an "earth sheltered dwelling unit" shall mean a structure which complies with applicable building standards and which is constructed so that:

(1) 80 percent or more of the (WALL) roof area is covered with a minimum depth of 12 inches of earth; and

(2) 50 percent or more of the wall area is covered with a minimum depth of 12 inches of earth; and

(3) Those portions of the structure not insulated with a minimum of seven feet of earth shall have additional insulation;

(c) Expenditures for biomass conversion equipment which produces ethanol, methane or methanol for use as a liquid fuel which is not offered for sale; and

(d) Expenditures for passive solar energy systems. For purposes of this credit, a "passive solar energy system" is defined to include systems which utilize elements of the building and its operable components to heat or cool a building (UNIT) *with* the sun's energy by means of conduction, convection, radiation, or evaporation. A passive system shall include:

(1) Collection aperture, including glazing installed in south facing walls and roofs; and

(2) Storage element, including thermal mass in the form of water, masonry, rock, concrete, or other mediums which is designed to store heat collected from solar radiation.

A passive system may include:

(1) Control and distribution element, including fans, louvers, and air ducts; and/or

(2) Retention element, including movable insulation used to minimize heat loss caused by nocturnal radiation through areas used for direct solar heat gain during daylight hours.

Eligible passive expenditures shall be for equipment, materials or devices that are an integral part of the components listed above and essential to the functioning of a passive design which qualifies pursuant to rules promulgated by the commissioner of revenue in cooperation with the director of the energy agency. Expenditures for equipment, materials, or devices which are a part of the normal heating, cooling, or insulation system of a building are not eligible for the credit.

An "energy conservation expenditure" is an expenditure which qualifies for the federal energy conservation credit pursuant to section 44C of the Internal Revenue Code of 1954, as amended through December 31, 1979, and any regulations promulgated pursuant thereto.

If a credit for a renewable energy expenditure was allowed to a taxpayer under this subdivision for any prior taxable year, the dollar amount of the maximum renewable energy expenditure

for which a taxpayer may qualify for a credit under this subdivision in subsequent years shall be \$10,000 reduced by the amount of *renewable energy* expenditures which a credit was claimed pursuant to this subdivision in prior years. *If a credit for an energy conservation expenditure was allowed to a taxpayer under this subdivision for any prior taxable year, the dollar amount of the maximum energy conservation expenditure for which a taxpayer may qualify for a credit under this subdivision in subsequent years shall be \$2,000 reduced by the amount of energy conservation expenditures for which a credit was claimed pursuant to this subdivision in prior years.*

(THE) A credit provided in this subdivision shall not be allowed in a taxable year if the (AMOUNT) *sum of the (CREDIT) credits provided in this subdivision would be less than \$10.*

If (THE) a credit allowable under this subdivision exceeds the amount of tax due in a taxable year, the excess credit shall not be refunded but may be carried forward to the succeeding taxable year and added to the credit allowable for that year. No amount *attributable to renewable energy source expenditures* may be carried forward to a taxable year beginning after December 31, 1984. *No amount attributable to energy conservation expenditures may be carried forward to a taxable year beginning after December 31, 1982. In the case of energy conservation expenditures, excess credits may be carried back two years, in chronological order. No credit may be carried back to a taxable year beginning before January 1, 1978. For the purposes of sections 290.46 and 290.50, if the claim for refund relates to an overpayment attributable to an energy conservation credit carryback under this subdivision, in lieu of the period of limitation prescribed in sections 290.46 and 290.50, the period of limitation shall be that period which ends with the expiration of the 15th day of the 46th month following the end of the taxable year of the energy conservation credit which results in the carryback. In the case in which a taxpayer is entitled to a refund in a carryback year due to the carryback of the energy conservation credit, interest shall be computed only from the end of the taxable year in which the energy conservation credit occurs.*

A shareholder in a family farm corporation and each partner in a partnership operating a family farm shall be eligible for the (CREDIT) *credits provided by this subdivision in the same manner and to the same extent allowed a joint owner of property under (CLAUSE (A)) section 44C (d) of the Internal Revenue Code of 1954, as amended through December 31, 1979. "Family farm corporation" and "family farm" have the meanings given in section 500.24.*

The (CREDIT) *credits provided in this subdivision (IS) are subject to the provisions of Section 44C, (c) (7), (d) (1) to (3), and (e), of the Internal Revenue Code of 1954, as amended*

through December 31, 1978, and any regulations promulgated pursuant thereto.

The commissioner of revenue in cooperation with the director of the energy agency shall promulgate rules establishing additional qualifications and definitions for the credits provided in (CLAUSES (A) TO (D)) *this subdivision.*

Notwithstanding section 290.61, the commissioner of revenue may request the energy agency to assist in the review and auditing of the information furnished by the taxpayer for purposes of claiming this credit. The provisions of section 290.61 shall apply to employees of the energy agency who receive information furnished by the taxpayer for purposes of claiming this credit.

(THIS SUBDIVISION) *The credit for renewable energy source expenditures is effective for expenditures made during taxable years beginning after December 31, 1978 and before January 1, 1983. The credit for energy conservation expenditures is effective for expenditures made during taxable years beginning after December 31, 1979, and before January 1, 1983.*

Sec. 9. Minnesota Statutes 1978, Section 462A.05, is amended by adding a subdivision to read:

Subd. 15b. It may make grants to assist in energy conservation rehabilitation measures for existing owner occupied housing including, but not limited to: insulation, storm windows and doors, furnace or space heater repair or replacement, chimney construction or improvement, weatherstripping and caulking, and structural or other directly related repairs essential for energy conservation. The grant to any household shall not exceed \$2,000.

To be eligible for an emergency conservation grant, a household must be certified as eligible to receive emergency residential heating assistance under either the federal or the state program, and either (1) have had a heating cost for the preceding heating season that exceeded 120 percent of the regional average for the preceding heating season for that energy source as determined by the energy agency, or (2) be eligible to receive a federal energy conservation grant, but be precluded from receiving the grant because of a need for directly related repairs that cannot be paid for under the federal program. The housing finance agency shall make a reasonable effort to determine whether other state or federal loan and grant programs are available and adequate to finance the intended improvements. An emergency energy conservation grant may be made in conjunction with grants or loans from other state or federal programs that finance other needed rehabilitation work. The receipt of a grant pursuant to this section shall not affect the applicant's eligibility for other housing finance agency loan or grant programs.

Temporary rules to implement this subdivision may be promulgated and amended pursuant to chapter 15. The temporary rules may remain in effect until July 1, 1981.

Sec. 10. Minnesota Statutes 1978, Section 462A.21, is amended by adding a subdivision to read:

Subd. 4g. It may make emergency energy conservation grants as provided in section 9 and may pay the costs and expenses necessary and incidental to the development of the emergency energy conservation grant program.

Sec. 11. [STATE PLAN FOR SPENDING FEDERAL MONEY.] *Subdivision 1. The governor shall submit to the appropriate federal agency a state delivery plan for money the state receives under the Federal Home Energy Assistance Act of 1980, that includes the following elements:*

(a) Those households in which one or more individuals are eligible for (a) aid to families with dependent children, (b) supplemental security income payments, (c) food stamps, or (d) certain veteran's benefits as limited by the Home Energy Assistance Act of 1980 shall be categorically eligible for assistance under the state plan, and procedures for simplified application shall be developed.

(b) Users of wood as a primary heating source, whether the wood is purchased or not, shall be eligible for assistance if otherwise eligible under federal law.

(c) Grants under the state plan may be in the form of a direct payment to an eligible household or as a line of credit to an energy supplier. The plan shall describe the conditions under which direct payment is permitted.

(d) Eligible households that have medically necessary cooling costs, as limited by federal law, shall be eligible for assistance.

(e) The state plan shall provide that three percent of the federal money shall be set aside for the emergency uses specified in federal law.

Subd. 2. Before the state plan is submitted to the appropriate federal agency, the governor shall deliver the plan to the appropriate committees of the legislature for review and comment. Thereafter, the governor shall notify the committees of any changes made in the plan.

No designation may be noted upon the driver's license or Minnesota identification card of any person under 18. Delivery of the license or Minnesota identification card during the donor's lifetime is not necessary to make the gift valid.

Sec. 5. [STUDY.] *The commissioner of public safety shall make a study to determine the potential delay in processing driver license applications, renewal applications and applications for Minnesota identification cards in the metropolitan area as defined in section 473.122 if the persons authorized to accept those applications were required to inquire of each applicant whether he or she desired to make an anatomical gift. "Sec. 16. Minnesota Statutes 1978, Section 169.13, Subdivision 2, is amended to read:

Subd. 2. [IMPLIED CONSENT; CONDITIONS; ELECTION AS TO TYPE OF TEST.] (a) Any person who drives, operates, or is in physical control of a motor vehicle within this state consents, subject to the provisions of this section and section 169.121, to a chemical test of his blood, breath, or urine for the purpose of determining the presence of alcohol or a controlled substance. The test shall be administered at the direction of a peace officer. The test may be required of a person when an officer has reasonable and probable grounds to believe the person was driving, operating, or in physical control of a motor vehicle in violation of section 169.121 and one of the following conditions exist: (1) the person has been lawfully placed under arrest for violation of section 169.121, or an ordinance in conformity therewith; or (2) the person has been involved in a motor vehicle accident or collision resulting in property damage, personal injury, or death; or (3) the person has refused to take the screening test provided for by section 169.121, subdivision 6; or (4) the screening test was administered and recorded an alcohol concentration of 0.10 or more. Any person may decline to take a direct blood test and elect to take either a breath or urine test, whichever is available and offered. No action may be taken against the person for declining to take a direct blood test unless either a breath or urine test was available and offered.

(b) At the time a chemical test specimen is requested, the person shall be informed:

(1) that if testing is refused, the person's right to drive will be revoked for a period of six months *or if the person is under 21 years of age, for a period of one year; and*

(2) that if a test is taken and the results indicate that the person is under the influence of alcohol or a controlled substance, the person will be subject to criminal penalties and the person's right to drive may be revoked for a period of 90 days *or if the person is under 21 years of age, the person's right to drive will be revoked for a period of one year*; and

(3) that the person has a right to consult with an attorney but that this right is limited to the extent that it cannot unreasonably delay administration of the test or the person will be deemed to have refused the test; and

(4) that after submitting to testing, the person has the right to have additional tests made by a person of his own choosing.

Sec. 17. Minnesota Statutes 1978, Section 169.123, Subdivision 4, is amended to read:

Subd. 4. [REFUSAL, CONSENT TO PERMIT TEST; REVOCATION OF LICENSE.] If a person refuses to permit chemical testing, none shall be given, but the peace officer shall report the refusal to the commissioner of public safety and the authority having responsibility for prosecution of misdemeanor offenses for the jurisdiction in which the acts occurred. If a person submits to chemical testing and the test results indicate an alcohol concentration of 0.10 or more, the results of the test shall be reported to the commissioner of public safety and to the authority having responsibility for prosecution of misdemeanor offenses for the jurisdiction in which the acts occurred.

Upon certification by the peace officer that there existed reasonable and probable grounds to believe the person had been driving, operating, or in physical control of a motor vehicle while under the influence of alcohol or a controlled substance and that the person refused to submit to chemical testing, the commissioner of public safety shall revoke the person's license or permit to drive, or his nonresident operating privilege, for a period of six months, *or if the person was under 21 years of age at the time of the refusal, for a period of one year*. Upon certification by the peace officer that there existed reasonable and probable grounds to believe the person had been driving, operating or in physical control of a motor vehicle while under the influence of alcohol or a controlled substance and that the person submitted to chemical testing and the test results indicate an alcohol concentration of 0.10 or more, the commissioner of public safety shall revoke the person's license or permit to drive, or his nonresident operating privilege, for a period of 90 days *or, if the person was under the age of 21 years at the time of the test, for a period of one year*.

If the person is a resident without a license or permit to operate a motor vehicle in this state, the commissioner of public

safety shall deny to the person the issuance of a license or permit for the same period after the date of the alleged violation as provided herein for revocation, subject to review as hereinafter provided.

Sec. 18. [EFFECTIVE DATE.] *Sections 1 to 17 are effective September 1, 1980. For purposes of sections 1 to 17, a person who has attained the age of 19 years prior to September 1, 1980 shall be deemed to have attained the age of 21 years. Sections 3, 6, 9, 12, 15, 16, and 17 apply to offenses committed on or after September 1, 1980.*"

"Section 1. Minnesota Statutes 1978, Section 327.43, Subdivision 1, is amended to read:

327.43 [ENTRANCE AND TRANSFER FEES PROHIBITED; SECURITY DEPOSITS LIMITED.] Subdivision 1. No fee other than the periodic rental payment specified in the lease or rental agreement may be charged to a mobile home park tenant or prospective tenant or any agent of a tenant or prospective tenant for the right to obtain or retain a space or lot, provided that a lessor may impose a reasonable charge for goods and services actually furnished by or at his expense in setting up a mobile home on a space or lot.

Sec. 2. Minnesota Statutes, 1979 Supplement, Section 327.43, Subdivision 2, is amended to read:

Subd. 2. No lessor shall deny any mobile home park tenant the right to sell said tenant's mobile home within the park or

require the tenant to remove the mobile home from the park solely on the basis of the sale thereof unless the home is more than 15 years old. The lessor may reserve the right to approve the purchaser of said mobile home as a tenant, but such permission may not be unreasonably withheld, and the lessor shall not exact a commission or fee with respect to the price realized by the seller unless the lessor has acted as agent for the seller in the sale pursuant to a written contract. *The rights of a tenant as provided in this subdivision shall also extend to any party holding a security interest in the tenant's mobile home who chooses to exercise its rights under a security agreement to repossess and sell the mobile home and who so notifies the lessor in writing. Temporary vacancy of a mobile home during a period not to exceed 90 days when the mobile home is being sold shall not be cause for removal so long as the mobile home is maintained in a manner consistent with the reasonable regulations of the mobile home park.*

Sec. 3. Minnesota Statutes, 1979 Supplement, Section 327.44, is amended to read:

327.44 [TERMINATION FOR CAUSE.] A lessor may recover possession of land upon which an occupied mobile home is situated only if:

(b) The tenant fails to comply with the terms and conditions of the lease or rental agreement within 30 days after the tenant has received written notice of the alleged noncompliance except the 30 day notice shall not apply to nonpayment of rent;

(c) The owner voluntarily ceases to operate as a park all or the part of the mobile home park occupied by the tenant, and the tenant has received six months written notice of the planned cessation of operation;

(d) The tenant conducts himself upon the mobile home park premises in a manner which substantially annoys or endangers the health or safety of other tenants or causes substantial damage to the mobile home park premises and has received 30 days written notice to vacate, except the park owner may require the tenant to vacate immediately if the tenant violates this clause a second or subsequent time after receipt of the notice;

(e) The mobile home park owner intends to make improvements to the mobile home park premises which necessitate removal of the tenant's mobile home from the park and the tenant has received 90 days' written notice; or

(f) (A LEASE OF A TERM OF AT LEAST ONE YEAR EXPIRES AND THE LESSOR SEEKS TO RECOVER POSSESSION WITHIN 15 DAYS AFTER EXPIRATION.) *The lessor seeking to recover possession on grounds of nonpayment of rent or utilities gives ten days written notice to the tenant, and to any party holding a security interest in the mobile home known to the lessor, to pay the amounts then owing and cure the default. If neither the tenant nor the secured party cures within ten days from receipt of notice, the lessor may commence legal proceedings to recover possession.*

A dealer shall deposit only trust funds in a trust account and shall not commingle personal funds or other funds in that account, except that a dealer may deposit and maintain a sum from his personal funds not to exceed one hundred dollars in a trust account, which sum shall be specifically identified and used to pay service charges relating to the trust account.

Subd. 4. (3) In cases where the election under section 1372 of the Internal Revenue Code of 1954 antedates the election under section 290.972 of this chapter and at the close of the taxable year immediately preceding the effective election under section 290.972 the corporation has a reserve of undistributed taxable income previously taxed to shareholders under the provisions of the Internal Revenue Code of 1954, in the event and to the extent that (SUCH) *the* reserve is distributed to shareholders (SUCH) *the* distribution shall be taxed as a dividend for purposes of this act.

Amounts allowable under section 291.07, subdivision 1(2) in computing Minnesota inheritance tax liability shall not be allowed as a deduction in computing the taxable income of the estate unless there is filed within the time and in the manner and form prescribed by the commissioner a statement that the amounts have not been allowed as a deduction under section 291.07 and a waiver of the right to have (SUCH) *the* amounts allowed at any time as deductions under section 291.07. The provisions of this paragraph shall not apply with respect to deductions allowed under section 290.077 (relating to income in respect of decedents). In the event that the election made for federal tax purposes under section 642(g) of the Internal Revenue Code of 1954 differs from the election made under this paragraph appropriate modification of the estate's federal taxable income shall be made to implement the election made under this paragraph in accordance with regulations prescribed by the commissioner.

Sec. 2. Minnesota Statutes 1978, Section 290.01, is amended by adding a subdivision to read:

Subd. 27. [MINNESOTA EXEMPT-INTEREST DIVIDENDS.] If, at the close of each quarter of its taxable year, at least 50 percent of the value (as defined in section 851(c)(4) of the Internal Revenue Code of 1954 as amended through December 31, 1979) of the total assets of a regulated investment company (as defined and limited by section 851 of the Internal Revenue Code of 1954 as amended through December 31, 1979 and to which sections 851 to 855 of the Code apply for the taxable year) consists of obligations described in subdivision 20, clause (b)(1), or section 290.08, subdivision 8 (determined without regard to subdivision 13), such company shall be qualified to pay Minnesota exempt-interest dividends, as defined herein, to its shareholders.

(A) A Minnesota exempt-interest dividend means any dividend or part thereof (other than a capital gain dividend as defined in subdivision 21, paragraph (5) or an exempt-interest dividend as defined in section 852(b)(5)(A) of the Internal Revenue Code of 1954, as amended through December 31, 1979) paid by a regulated investment company and designated by it as a Minnesota exempt-interest dividend in a written notice mailed to its shareholders not later than 45 days after the close of its taxable year. If the aggregate amount so designated with respect to a taxable year of the company (including Minnesota ex-

empt-interest dividends paid after the close of the taxable year as described in section 290.21, subdivision 6) is greater than the excess of—

(i) The amount of interest that would be excludable from gross income under section 290.08, subdivision 8 (determined without regard to subdivision 13), if the company were subject to chapter 290 (whether or not the company is subject to chapter 290), over

(ii) The amounts that would be disallowed as deductions under section 290.09, subdivisions 3(b) and 13, if the company were subject to chapter 290 (whether or not the company is subject to chapter 290), as a result of the company's ownership of obligations described in section 290.03, subdivision 8 (determined without regard to subdivision 13), the portion of such distribution which shall constitute a Minnesota exempt-interest dividend shall be only that proportion of the amount so designated as the amount of such excess for such taxable year bears to the amount so designated.

(B) A Minnesota exempt-interest dividend shall be treated by the shareholders for all purposes of chapter 290 as an item of interest excludable from gross income under subdivision 20, clause (b)(1), and section 290.08, subdivision 8 (subject to subdivision 13). Such purposes include but are not limited to—

(i) The determination of gross income and taxable income,

(ii) The determination of distributable net income under section 290.23,

(iii) The allowance of, or calculation of the amount of, any credit or deduction, and

(iv) The determination of the basis in the hands of any shareholder of any share of stock of the company.

Subd. 11. [CONTRIBUTIONS TO POLITICAL PARTIES AND CANDIDATES.] In lieu of the credit against taxable net income provided by section 290.21, subdivision 3, clause (e), a taxpayer may take a credit against the tax due under this chapter of 50 percent (BUT NOT MORE THAN \$50) of his contributions to (A POLITICAL PARTY AND CANDIDATE.) candidates for elective state, federal or local public office and to any political party. The maximum credit for an individual shall not exceed \$50 and, for a married couple (.) filing jointly, (MAY TAKE A SIMILAR CREDIT OF) shall not (MORE THAN) exceed \$100. No credit shall be allowed under this sub-

division for a contribution to any candidate *as defined in section 10A.01, subdivision 5*, other than a candidate for elective judicial office or a candidate in a special election, who has not signed an agreement to limit his campaign expenditures as provided in section 10A.32, subdivision 3b. (THE COMMISSIONER OF REVENUE SHALL PROVIDE IN THE TAX INSTRUCTION BOOKLET LANGUAGE UNDERSTANDABLE TO A PERSON OF AVERAGE INTELLIGENCE WHICH STATES THAT THE TAXPAYER MAY ONLY CLAIM A CREDIT AGAINST HIS TAX DUE FOR CONTRIBUTIONS TO CANDIDATES FOR (A) JUDICIAL OFFICE OR (B) STATE-WIDE OR LEGISLATIVE OFFICE WHO HAVE AGREED TO LIMIT THEIR EXPENDITURES. FOR PURPOSES OF THIS SUBDIVISION, "CANDIDATE" MEANS A CANDIDATE AS DEFINED IN SECTION 10A.01, SUBDIVISION 5 OTHER THAN A COUNTY COURT, PROBATE COURT OR COUNTY MUNICIPAL COURT JUDGESHIP. THE DEPARTMENT OF REVENUE SHALL PROVIDE ON THE FIRST PAGE OF THE MINNESOTA TAX FORM AN APPROPRIATE PROVISION FOR THE CREDIT PROVIDED BY THIS SUBDIVISION.)

This credit shall be allowed only if the contribution is verified in the manner the commissioner of revenue shall prescribe.

Sec. 4. Minnesota Statutes, 1979 Supplement, Section 290.06, Subdivision 14, is amended to read:

Subd. 14. [RESIDENTIAL ENERGY CREDIT.] A credit of 20 percent of the first \$10,000 of renewable energy source expenditures, including the expenditures described in clauses (a), (b) and (d) if made by an individual taxpayer on a Minnesota building of six dwelling units or less and expenditures for biomass conversion equipment described in clause (c), and a credit of 15 percent of the first \$2,000 of energy conservation expenditures made by a taxpayer and installed in or on a dwelling unit located in Minnesota, may be deducted from the tax due under this chapter for the taxable year in which the expenditures were made. For purposes of this subdivision, the term "building" shall include a condominium or townhouse used by the taxpayer as a residence. In the case of qualifying expenditures incurred in connection with a building under construction by a contractor, the credit shall be deducted from the tax liability of the first individual to purchase the building for use as a principal residence or for residential rental purposes; the contractor shall not be eligible for the credit given pursuant to this subdivision for that expenditure.

A "renewable energy source expenditure" which qualifies shall include:

(a) Expenditures which qualify for the federal renewable energy source credit, pursuant to Section 44C of the Internal

Revenue Code of 1954, as amended through December 31, 1978, and any regulations promulgated pursuant thereto, *provided that, after December 31, 1980, any solar collector included in the claimed expenditure is certified by the energy agency. A solar collector is a device designed to absorb incident solar radiation, convert it to thermal energy, and transfer the thermal energy to a fluid passing through or in contact with the device. "Solar collector" shall not include passive solar energy systems as defined in clause (d);*

(b) Expenditures for earth sheltered dwelling units. For purposes of this credit, an "earth sheltered dwelling unit" shall mean a structure which complies with applicable building standards and which is constructed so that:

(1) 80 percent or more of the (WALL) roof area is covered with a minimum depth of 12 inches of earth; and

(2) 50 percent or more of the wall area is covered with a minimum depth of 12 inches of earth; and

(3) Those portions of the structure not insulated with a minimum of seven feet of earth shall have additional insulation;

(c) Expenditures for biomass conversion equipment *located in Minnesota* which produces ethanol, methane or methanol for use as a *gaseous or as a liquid fuel* which is not offered for sale; and

(d) Expenditures for passive solar energy systems. For purposes of this credit, a "passive solar energy system" is defined to include systems which utilize elements of the building and its operable components to heat or cool a building unit *with the sun's energy* by means of conduction, convection, radiation, or evaporation. A passive system shall include:

(1) Collection aperture, including glazing installed in south facing walls and roofs; and

(2) Storage element, including thermal mass in the form of water, masonry, rock, concrete, or other mediums which is designed to store heat collected from solar radiation.

A passive system may include:

(1) Control and distribution element, including fans, louvers, and air ducts; and/or

(2) Retention element, including movable insulation used to minimize heat loss caused by nocturnal radiation through areas used for direct solar heat gain during daylight hours.

Eligible passive expenditures shall be for equipment, materials or devices that are an integral part of the components listed above and essential to the functioning of a passive design which qualifies pursuant to rules promulgated by the commissioner of revenue in cooperation with the director of the energy agency. Expenditures for equipment, materials, or devices which are a part of the normal heating, cooling, or insulation system of a building are not eligible for the credit.

An "energy conservation expenditure" is an expenditure which qualifies for the federal energy conservation credit pursuant to section 44C of the Internal Revenue Code of 1954, as amended through December 31, 1979, and any regulations promulgated pursuant thereto.

If a credit for a renewable energy expenditure was allowed to a taxpayer under this subdivision for any prior taxable year, the dollar amount of the maximum renewable energy expenditure for which a taxpayer may qualify for a credit under this subdivision in subsequent years shall be \$10,000 reduced by the amount of renewable energy expenditures which a credit was claimed pursuant to this subdivision in prior years. A taxpayer shall never be allowed to claim more than \$10,000 of expenditures during the duration of the renewable energy credit.

If a credit for an energy conservation expenditure was allowed to a taxpayer under this subdivision for any prior taxable year, the dollar amount of the maximum energy conservation expenditure for which a taxpayer may qualify for a credit under this subdivision in subsequent years shall be \$2,000 reduced by the amount of energy conservation expenditures for which a credit was claimed pursuant to this subdivision in prior years.

(THE) A credit provided in this subdivision shall not be allowed in a taxable year if the (AMOUNT) sum of the (CREDIT) credits provided in this subdivision would be less than \$10.

If (THE) a credit allowable under this subdivision exceeds the amount of tax due in a taxable year, the excess credit shall not be refunded but may be carried forward to the succeeding taxable year and added to the credit allowable for that year. No amount attributable to renewable energy source expenditures may be carried forward to a taxable year beginning after December 31, 1984. No amount attributable to energy conservation expenditures may be carried forward to a taxable year beginning after December 31, 1982. In the case of energy conservation expenditures, excess credits may be carried back two years, in chronological order. No credit may be carried back to a taxable year beginning before January 1, 1978. For the purposes of sections 290.46 and 290.50, if the claim for refund relates to an overpayment attributable to an energy conservation credit carry-back under this subdivision, in lieu of the period of limitation prescribed in sections 290.46 and 290.50, the period of limitation

shall be that period which ends with the expiration of the 15th day of the 46th month following the end of the taxable year of the energy conservation credit which results in the carryback. In the case in which a taxpayer is entitled to a refund in a carryback year due to the carryback of the energy conservation credit, interest shall be computed only from the end of the taxable year in which the energy conservation credit occurs.

A shareholder in a family farm corporation and each partner in a partnership operating a family farm shall be eligible for the (CREDIT) credits provided by this subdivision in the same manner and to the same extent allowed a joint owner of property under (CLAUSE (A)) section 44C (d) of the Internal Revenue Code of 1954, as amended through December 31, 1979. "Family farm corporation" and "family farm" have the meanings given in section 500.24.

The (CREDIT) credits provided in this subdivision (IS) are subject to the provisions of Section 44C, (c) (7), (d) (1) to (3), and (e), of the Internal Revenue Code of 1954, as amended through December 31, 1978, and any regulations promulgated pursuant thereto.

The commissioner of revenue in cooperation with the director of the energy agency shall promulgate rules establishing additional qualifications and definitions for the credits provided in (CLAUSES (A) TO (D)) *this subdivision.*

Notwithstanding section 290.61, the commissioner of revenue may request the energy agency to assist in the review and auditing of the information furnished by the taxpayer for purposes of claiming this credit. The provisions of section 290.61 shall apply to employees of the energy agency who receive information furnished by a taxpayer for purposes of claiming this credit.

The director of the energy agency shall promulgate rules establishing the criteria for certification of solar collectors as required by clause (a). The criteria shall:

(1) *Specify the testing procedures to be used in the evaluation of solar collectors;*

(2) *Establish minimum levels of collector quality for safety;*

(3) *Provide a means to determine the maintainability and structural integrity of solar collectors;*

(No deduction shall be allowed under this clause for any contribution or gift which would be allowable as a credit under section 290.21 were it not for the percentage limitations set forth in such section);

(d) All expense money paid by the legislature to legislators;

(e) The provisions of section 280A (disallowing certain expenses in connection with the business use of the home and rental of vacation homes) of the Internal Revenue Code of 1954, as amended through December 31, (1976) 1979, shall be applicable in determining the availability of any deduction under this subdivision.

Sec. 6. Minnesota Statutes, 1979 Supplement, Section 290.067, Subdivision 1, is amended to read:

290.067 [DEPENDENT CARE CREDIT.] Subdivision 1. [AMOUNT OF CREDIT.] A taxpayer may take as a credit against the tax due from him and his spouse, if any, under this chapter an amount equal to (50 PERCENT OF) the dependent care credit for which he is eligible pursuant to the provisions of section 44A of the Internal Revenue Code of 1954, as amended through December 31, (1978) 1979, subject to the limitations provided in subdivision 2.

Sec. 7. Minnesota Statutes 1978, Section 290.067, Subdivision 2, is amended to read:

Subd. 2. [LIMITATIONS.] The credit for expenses incurred for the care of each dependent shall not exceed (\$150) \$400 in any taxable year, and the total credit for all dependents of a claimant shall not exceed (\$300) \$800 in a taxable year. The total credit shall be reduced by (FIVE) *eight* percent of the amount by which the combined federal adjusted gross income of the claimant and his spouse, if any, exceeds (\$12,000) \$15,000. A married claimant shall file his income tax return for the year for which he claims the credit either jointly or separately on one form with his spouse. In the case of a married claimant only

one spouse may claim the credit. No expense for which a medical expense deduction is claimed pursuant to section 290.09, subdivision 10, shall be claimed as a dependent care expense.

Sec. 8. Minnesota Statutes, 1979 Supplement, Section 290.09, Subdivision 3, is amended to read:

Subd. 3. [INTEREST.] (a) All interest paid or accrued within the taxable year on indebtedness, except as hereinafter provided.

(b) Interest paid or accrued within the taxable year on indebtedness incurred or continued to purchase or carry obligations or securities the income from which is excludable from gross income under section 290.08, or shares of a regulated investment company which during the taxable year of the holder thereof distributes Minnesota exempt-interest dividends as defined in section 2, or on indebtedness incurred or continued in connection with the purchasing or carrying of a single premium life insurance, annuity, or endowment contract, shall not be allowed as a deduction. (For purposes of this paragraph, a contract shall be treated as a single premium contract if substantially all the premiums on the contract are paid within a period of four years from the date on which the contract is purchased, or if an amount is deposited after January 1, 1955 with the insurer for payment of a substantial number of future premiums on the contract.)

(c) If personal property or educational services are purchased under a contract which provides that payment of part or all of the purchase price is to be made in installments, and in which carrying charges are separately stated but the interest charge cannot be ascertained, then the payments made during the taxable year under the contract shall be treated for purposes of this paragraph as if they included interest equal to six percent of the average unpaid balance under the contract during the taxable year, and such interest shall be allowed as a deduction. For purposes of the preceding sentence, the average unpaid balance is the sum of the unpaid balance outstanding on the first day of each month beginning during the taxable year, divided by 12. In the case of any contract to which this paragraph applies, the amount treated as interest for any taxable year shall not exceed the aggregate carrying charges which are properly attributable to such taxable year.

For purposes of this subdivision the term "educational services" means any service including lodging which is purchased from an educational institution (as defined in section 151(e) (4) of the Internal Revenue Code of 1954, as amended through December 31, 1976) and which is provided for a student of such institution.

(d) A cash basis taxpayer may elect to deduct interest as it accrues on a reverse mortgage loan as defined in section 47.58,

subdivision 1, rather than when it is actually paid. This election must be made, if at all, in the first taxable year in which it is available to the cash basis taxpayer and, if made, shall be binding on the taxpayer for each subsequent taxable year until maturity of the loan.

Sec. 9. Minnesota Statutes 1978, Section 290.09, Subdivision 24, is amended to read:

Subd. 24. [ADDITIONAL INVESTMENT CREDIT DEDUCTIONS.] (a) The basis of any property placed in service before January 1, 1964, which base was reduced in accordance with the provisions of Laws 1963, Chapter 236, shall as of the first day of the taxpayer's first taxable year which begins after December 31, 1963, be increased by an amount equal to the reduction permitted under the aforesaid chapter 236.

(b) In the case of property disposed of on or before January 1, 1973, there shall be added to the taxpayer's income, in the year in which the property is disposed of, the amount of any increase in the taxpayer's federal tax liability under section 47 of the Internal Revenue Code of 1954, as amended through December 31, 1976, to the extent of the credit under section 38 of the Internal Revenue Code of 1954, as amended through December 31, 1976 that was previously allowed as a deduction under this section.

(c) *In the case of property acquired on or after January 1, 1980, a deduction shall be allowed to a family farm corporation as defined in section 500.24, subdivision 2 for the amount of any credit to the corporation's federal tax liability under section 38 of the Internal Revenue Code of 1954, as amended through December 31, 1979, but only to the extent that the credit is connected with or allocable against the production or receipt of income included in the measure of the tax imposed by this chapter.*

Sec. 10. Minnesota Statutes 1978, Section 290.09, Subdivision 28, is amended to read:

Subd. 28. [REAL ESTATE INVESTMENT TRUSTS; DEDUCTIBLE DIVIDENDS.] A "real estate investment trust," as defined in section 856 of the Internal Revenue Code of 1954, as amended through December 31, (1976) 1979, and to which sections 856 to (858) 860 of the Code apply for the taxable year, may deduct its dividends paid to the extent permitted by section (857(B) (2) (C)) 857(b) (2) (B) of the Code (, AND ITS CAPITAL GAINS DIVIDENDS PAID AS DEFINED AND LIMITED BY SECTION 857(B) (3) (C) OF THE CODE). Such a trust and its shareholders and beneficiaries shall be subject to all of the provisions of sections 857 and 858 of the Code which are applicable under this chapter, in determining their respective taxable net incomes, provided that the (EXCESS) amount determined and (SUBJECTED TO) *available for the al-*

ternative tax under section 857(b) (3) (A) (ii) of the Code shall be included in gross income subject to the deduction provided by section 290.16, subdivision 4.

Sec. 11. Minnesota Statutes, 1979 Supplement, Section 290.-091, is amended to read:

290.091 [MINIMUM TAX ON PREFERENCE ITEMS.]

(a) In addition to all other taxes imposed by this chapter there is hereby imposed, a tax which, in the case of a resident individual, estate or trust, shall be equal to 40 percent of the amount of the taxpayer's minimum tax liability for tax preference items pursuant to the provisions of sections (56) 55 to 58 and 443(d) of the Internal Revenue Code of 1954 as amended through December 31, (1976) 1979 except that for purposes of the tax imposed by this section, excess itemized deductions as defined in section 57(b) shall not include any deduction taken for Minnesota income tax paid and capital gain as defined in section 57(a) of the Internal Revenue Code shall not include that portion of any gain occasioned by sale, transfer or the granting of a perpetual easement pursuant to any eminent domain proceeding or threat thereof as described in section 290.13, subdivision 5. This modification shall apply to the years in which the gain or reduction in loss is actually included in federal adjusted gross income even though amounts received pursuant to the eminent domain proceedings were received in prior years. *In the case of a taxpayer other than a corporation, an amount equal to one-half of the net capital gain for the taxable year shall be used as the definition of capital gain in place of the deduction determined under section 1202 of the Internal Revenue Code.* In the case of a resident individual, estate or trust having preference items which could not be taken to reduce income from sources outside the state pursuant to section 290.17, subdivision 1, or any other taxpayer the tax shall equal 40 percent of that federal liability, multiplied by a fraction the numerator of which is the amount of the taxpayer's preference item income allocated to this state pursuant to the provisions of sections 290.17, subdivision 1, to 290.20, and the denominator of which is the taxpayer's total preference item income for federal purposes.

(b) In the case of a resident individual, estate or trust having preference items in taxable years beginning after December 31, 1976, and before January 1, 1978, which are not allocable to Minnesota under the provisions of sections 290.17 to 290.20 in effect for such years, the tax shall equal 40 percent of the taxpayer's federal minimum tax liability, multiplied by a fraction the numerator of which is the amount of the taxpayer's preference items allocable to Minnesota under the provisions of sections 290.17 to 290.20 in effect for (SUCH) *those* years and the denominator of which is the taxpayer's total preference items for federal purposes.

((C) THE PREFERENCE ITEMS FOR TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1978 SHALL

NOT INCLUDE THE PORTION OF THE SALE OF RESIDENCE EXCLUDED UNDER SECTION 121 OF THE INTERNAL REVENUE CODE OF 1954 AS AMENDED THROUGH DECEMBER 31, 1978.)

Sec. 12. Minnesota Statutes, 1979 Supplement, Section 290.095, Subdivision 1, is amended to read:

290.095 [OPERATING LOSS DEDUCTION.] Subdivision 1. [ALLOWANCE OF DEDUCTION.] (a) There shall be allowed as a deduction for the taxable year the amount of any net operating loss deduction as defined in subdivision 2, clause (b); provided, however, that the modifications specified in subdivision 4 shall be made in computing the taxable net income for the taxable year before the net operating loss deduction shall be allowed.

(b) A net operating loss deduction shall be available under this section only to corporate taxpayers except as provided in subdivisions 6, 7 and 9 hereof, and, with respect to individuals, (ESTATES AND TRUSTS,) no deduction shall be allowed for or with respect to losses which constitute tax preference items as set forth in section 290.17, subdivision 1.

Sec. 13. Minnesota Statutes 1978, Section 290.095, is amended by adding a subdivision to read:

Subd. 10. [PRODUCT LIABILITY LOSS CARRYBACK.] In the case of a taxpayer which has a product liability loss, as defined in section 172(i) of the Internal Revenue Code of 1954 as amended through December 31, 1979, for a taxable year beginning after September 30, 1979 (referred to as "loss year"), the product liability loss shall be a net operating loss carryback to each of the 10 taxable years preceding the loss year.

Sec. 14. Minnesota Statutes 1978, Section 290.13, is amended by adding a subdivision to read:

Subd. 5a. [GAIN OR LOSS FROM SALE OR EXCHANGE TO EFFECTUATE POLICIES OF F.C.C.] If the sale or exchange of property, including stock in a corporation, is certified by the Federal Communications Commission to be necessary or appropriate to effectuate a change in a policy of, or the adoption of a new policy by the commission with respect to the ownership and control of radio broadcasting stations, the sale or exchange shall, if the taxpayer so elects, be treated as an involuntary conversion of the property within the meaning of subdivision 5. For purposes of this subdivision, "radio broadcasting" includes telecasting.

For purposes of subdivision 5 as made applicable by the provisions of this subdivision, stock of a corporation operating a radio broadcasting station, whether or not representing control of the

corporation, shall be treated as property similar or related in service or use to the property so converted. The part of the gain, if any, on the sale or exchange to which subdivision 5 is not applied shall nevertheless not be recognized, if the taxpayer so elects, to the extent that it is applied to reduce the basis for determining gain or loss on sale or exchange of property of a character subject to the allowance for depreciation under section 290.09, subdivision 7, remaining in the hands of the taxpayer immediately after the sale or exchange, or acquired in the same taxable year. The manner and amount of the reduction shall be determined under regulations prescribed by the commissioner. Any election made by the taxpayer under this subdivision shall be made by a statement to that effect in his return for the taxable year in which the sale or exchange takes place, and the election shall be binding for that taxable year and all subsequent taxable years.

The basis of property acquired on a sale or exchange treated as an involuntary conversion under this subdivision shall be determined pursuant to the provisions of subdivision 5.

Sec. 15. Minnesota Statutes, 1979 Supplement, Section 290.-14, is amended to read:

290.14 [GAIN OR LOSS ON DISPOSITION OF PROPERTY, BASIS.] The basis for determining the gain or loss from the sale or other disposition of property acquired on or after January 1, 1933, shall be the cost to the taxpayer of such property, with the following exceptions:

(1) If the property should have been included in the last inventory, it shall be the last inventory value thereof;

(2) If the property was acquired by gift, it shall be the same as it would be if it were being sold or otherwise disposed of by the last preceding owner not acquiring it by gift, if the facts required for this determination cannot be ascertained, it shall be the fair market value as of the date, or approximate date, of acquisition by (SUCH) *the* last preceding owner, as nearly as the requisite facts can be ascertained by the commissioner;

(3) If the property was acquired by gift through an *inter vivos* transfer in trust, it shall be the same as it would be if it were being sold or otherwise disposed of by the grantor;

(4) Except as otherwise provided in this clause, the basis of property in the hands of a person acquiring the property from a decedent or to whom the property passed from a decedent shall, if not sold, exchanged or otherwise disposed of before the decedent's death by (SUCH) *the* person, be the fair market value of the property at the date of decedent's death.

For the purposes of the preceding paragraph, the following property shall be considered to have been acquired from or to have passed from the decedent:

(a) Property acquired by bequest, devise, or inheritance, or by the decedent's estate from the decedent;

(b) Property transferred by the decedent during his lifetime in trust to pay the income for life to or on the order or direction of the decedent, with the right reserved to the decedent at all times before his death to revoke the trust;

(c) Property transferred by the decedent during his lifetime in trust to pay the income for life to or on the order or direction of the decedent with the right reserved to the decedent at all times before his death to make any change in the enjoyment thereof through the exercise of a power to alter, amend, or terminate the trust;

(d) Property passing without full and adequate consideration under a general power of appointment exercised by the decedent by will;

(e) In the case of a decedent's dying after December 31, 1956, property acquired from the decedent by reason of death, form of ownership, or other conditions (including property acquired through the exercise or non-exercise of a power of appointment), if by reason thereof the property is required to be included in determining the value of the decedent's gross estate for Minnesota inheritance tax purposes. In (SUCH) *this* case, if the property is acquired before the death of the decedent, the basis shall be the amount determined under the first paragraph of this clause reduced by the amount allowed to the taxpayer as deductions in computing taxable net income under this chapter or prior Minnesota income tax laws for exhaustion, wear and tear, obsolescence, amortization, and depletion on (SUCH) *the* property before the death of the decedent. (SUCH) *The* basis shall be applicable to the property commencing on the death of the decedent. This paragraph shall not apply to annuities described in section 290.08; and property described in paragraphs (a), (b), (c) and (d) of this clause.

This clause shall not apply to property which constitutes a right to receive an item of income in respect of a decedent under section 290.077. Nor shall it apply to restricted stock options described in section 290.078 which the employee has not exercised at death.

(5) If the property was acquired after December 31, 1932, upon an exchange described in section 290.13, subdivision 1, the basis shall be the same as in the case of the property exchanged, decreased in the amount of any money received by the taxpayer and increased in the amount of gain or decreased in the amount

of loss to the taxpayer that was recognized upon (SUCH) *the* exchange under the law applicable to the year in which the exchange was made. If the property so acquired consisted in part of the type of property permitted by section 290.13, subdivision 1, to be received without the recognition of gain or loss, and in part of other property, the basis provided in this clause shall be allocated between the properties, other than money, received, and for the purpose of the allocation there shall be assigned to (SUCH) *the* other property an amount equivalent to its fair market value at the date of the exchange. This clause shall not apply to property acquired by a corporation by the issuance of its stock or securities as the consideration, in whole or in part, for the transfer of the property to it;

(6) If substantially identical property was acquired in the place of stocks or securities which were sold or disposed of and in respect of which loss was not allowed as a deduction under section 290.09, subdivision 5, the basis in the case of property so acquired shall be the same as in the case of the stock or securities so sold or disposed of, increased by the excess of the repurchase price of (SUCH) *the* property over the sale price of (SUCH) *the* stock or securities, or decreased by the excess of the sale price of (SUCH) *the* stock or securities over the repurchase price of (SUCH) *the* property;

(7) If the property was acquired after December 31, 1932, as the result of a compulsory or involuntary conversion described in section 290.13, subdivision 5, the basis shall be the same as in the case of the property so converted, decreased in the amount of any money received by the taxpayer which was not expended in accordance with the provisions of law applicable to the year in which (SUCH) conversion was made, determining the taxable status of the gain or loss upon (SUCH) conversion, and increased in the amount of gain or decreased in the amount of loss to the taxpayer recognized upon (SUCH) conversion under the law applicable to the year in which (SUCH) conversion was made.

(8) Neither the basis nor the adjusted basis of any portion of real property shall, in the case of a lessor of (SUCH) *the* property, be increased or diminished on account of income derived by the lessor in respect of (SUCH) *the* property and excludable from gross income under section 290.08, subdivision 14.

If an amount representing any part of the value of real property attributable to buildings erected or other improvements made by a lessee in respect of (SUCH) *the* property was included in gross income of the lessor for any taxable year beginning before January 1, 1943, the basis of each portion of (SUCH) *the* property shall be properly adjusted for the amount (SO) included in gross income.

(9) If the property was acquired by the taxpayer as a transfer of property in exchange for the release of the taxpayer's

marital rights, the basis of the property shall be the same as it would be if it were being sold or otherwise disposed of by the person who transferred the property to the taxpayer.

(10) The basis of property subject to the provisions of section 1034 of the Internal Revenue Code of 1954, as amended through December 31, 1979 (relating to the rollover of gain on sale of principal residence) shall be the same as the basis for federal income tax purposes. The basis shall be increased by the amount of gain realized on the sale of a principal residence outside of Minnesota, while a nonresident of this state, which gain was not recognized because of the provisions of section 1034.

Sec. 16. Minnesota Statutes, 1979 Supplement, Section 290.-17, Subdivision 1, is amended to read:

290.17 [GROSS INCOME, ALLOCATION TO STATE.] Subdivision 1. [INCOME OF RESIDENT INDIVIDUALS, ESTATES AND TRUSTS.] The gross income of individuals during the period of time when they are residents of Minnesota (AND THE GROSS INCOME OF RESIDENT ESTATES AND TRUSTS) shall be their gross income as defined in section 290.-01, subdivision 20, except that the amount of otherwise deductible losses incurred in connection with income derived from sources outside the state shall be reduced by the sum of the taxpayer's items of tax preference as defined in section 57 of the Internal Revenue Code of 1954, as amended through December 31, 1978, which are attributable to losses incurred in connection with sources of income outside the state.

Sec. 17. Minnesota Statutes 1978, Section 290.26, Subdivision 2, is amended to read:

Subd. 2. The trustee or other fiduciary of property held in trust shall file a return with respect to the taxable net income of such trust if that exceeds an amount on which a tax at the rates herein provided would exceed the specific credits allowed, or if the gross income of such trust exceeds \$750, if in either case such trust belongs to the class of taxable persons.

Every corporation shall file a return with respect to its taxable net income if in excess of \$500, or if its gross income exceeds \$5,000. The return in this case shall be signed by an officer of the corporation.

(i) The day on which the executor or administrator of the estate qualifies; or

(ii) The last day of the taxable year of the corporation in which the decedent died.

(C) Any termination of an election under subparagraph (A) by reason of the affirmative refusal of any person to consent to (SUCH) *the* election shall be effective for the taxable year of the corporation in which (SUCH) *the* person becomes a shareholder in the corporation (AND FOR ALL SUCCEEDING TAXABLE YEARS OF THE CORPORATION) *or, if later, the first taxable year for which the election would otherwise have been effective, and for all succeeding taxable years of the corporation.*

(2) [REVOCAION.] An election under subdivision 1 made by a small business corporation may be revoked by it for any taxable year of the corporation after the first taxable year for which the election is effective. An election may be revoked only if all persons who are shareholders in the corporation on the day on which the revocation is made consent to the revocation. A revocation under this paragraph shall be effective

(A) for the taxable year in which made, if made before the close of the first month of (SUCH) *the* taxable year,

(B) for the taxable year following the taxable year in which made, if made after the close of (SUCH) *the* first month,

and for all succeeding taxable years of the corporation. (SUCH) *The* revocation shall be made in (SUCH) *a* manner as the commissioner shall prescribe by (REGULATION) *rule*.

Such termination shall be effective for the taxable year of the corporation in which the corporation ceases to be a small business corporation and for all succeeding taxable years of the corporation.

(4) [FOREIGN INCOME.] An election under subdivision 1 made by a small business corporation shall terminate if for any taxable year of the corporation for which the election is in effect, such corporation derives more than 80 percent of its gross receipts from sources outside the United States. (B) Subparagraph (A) shall not apply with respect to a taxable year in which a small business corporation has gross receipts more than 20 percent of which is passive investment income, if

(i) such taxable year is the first taxable year in which the corporation commenced the active conduct of any trade or business or the next succeeding taxable year; and

(C) For purposes of this paragraph, the term "passive investment income" means gross receipts derived from royalties, rents, dividends, interest, annuities, and sales or exchanges of stock or securities (gross receipts from such sales or exchanges being taken into account for purposes of this paragraph only to the extent of gains therefrom). Gross receipts derived from sales or exchanges of stock or securities for purposes of this paragraph shall not include amounts received by an electing small business corporation which are treated under section 331 of the Internal Revenue Code of 1954, as amended through December 31, (1976) 1979 (relating to corporate liquidations), as payments in exchange for stock where the electing small business corporation owned more than 50 percent of each class of the stock of the liquidating corporation.

PROPERTY TAX

Section 1. Minnesota Statutes 1978, Section 168.012, Subdivision 9, is amended to read:

Subd. 9. Mobile homes shall not be taxed as motor vehicles using the public streets and highways and shall be exempt from the motor vehicle tax provisions of this chapter. *Except as provided in section 273.13*, mobile homes shall be taxed as personal property. The provisions of Minnesota Statutes 1957, Section 272.02 or any other act providing for tax exemption shall be inapplicable to mobile homes, except such mobile homes as are held by a licensed dealer and exempted as inventory. House trailers not used on the highway during any calendar year shall be taxed as mobile homes if occupied as human dwelling places.

Sec. 2. Minnesota Statutes 1978, Chapter 273, is amended by adding a section to read:

[273.1106] [DELAYED ASSESSMENT OF HOMESTEAD IMPROVEMENTS.] *Subdivision 1. In determining the value of lands for the purpose of taxation, the first \$45,000 in market value of improvements per homestead dwelling unit to any single or multiple dwelling structures or to buildings accessory to homestead dwelling unit shall not be regarded as increasing the value of the property for a period of six years from the date of commencement of the improvements except as follows: Thirty-three and one-third percent of the value of the improvement shall be considered at the end of two years from the date of the improvement. At the expiration of a two year period thereafter an additional 33-1/3 percent of the value of the improvement shall be considered. At the end of six years the total value of the improvement shall be considered. This section shall apply only to improvements made to a dwelling unit which was originally constructed ten or more years prior to the time of making the improvement.*

Subd. 2. Application for delayed assessments shall be on forms prescribed by the county assessor of the county in which the homestead is located. When delayed assessment is granted, the assessor shall record a notice thereof with the register of deeds of the county which shall set forth the amount of market value to be added at the expiration of each period by reason of the delayed assessment. Filing fees shall be collected by the assessor from the person making application and forwarded to the register of deeds together with the notice described above within 30 days after granting the delayed assessment. Subsequent applications for delayed assessment of additional improvements shall be granted only to the extent of \$15,000 less that portion of the fair market value of prior improvements which remain unassessed under a prior delayed assessment.

Sec. 3. Minnesota Statutes, 1979 Supplement, Section 273.122, is amended to read:

273.122 [FLEXIBLE HOMESTEAD BASE VALUE.] Subdivision 1. [HOMESTEAD BASE VALUE.] For (1979) 1980, the homestead base value shall mean (\$21,000) \$30,000 of market value of any property which qualifies as homestead property for assessment purposes, *except that the class 3cc homestead base value shall mean \$33,000 of market value.* The homestead base value *and class 3cc homestead base value* shall be increased in any subsequent assessment year as provided in subdivision 2.

Subd. 2. [HOMESTEAD BASE VALUE INDEX.] In assessment years subsequent to (1979) 1980, the homestead base value *and the class 3cc homestead base value* shall be adjusted pursuant to the homestead base value index. The homestead base value index shall be computed by the equalization aid review committee for each year immediately preceding an assessment year. This index is computed in the following manner. The annual statewide average market value of homestead property as indicated by bona fide real estate sales during the year shall be divided by the statewide average market value of all homestead property sold in (1978) 1979. This quotient is multiplied by 100. For each increase of a full 3-1/2 points in the index the homestead base value *and the class 3cc homestead base value* shall be increased \$1,000 in the following assessment year. On or before December 1 of any year preceding an assessment year the commissioner of revenue shall certify the homestead base value *and the class 3cc homestead base value* for that year.

Sec. 4. Minnesota Statutes 1978, Section 273.13, Subdivision 3, is amended to read:

Subd. 3. [CLASS 2a; MOBILE HOMES; SECTIONAL STRUCTURES.] (a) *Except as provided in this subdivision* all mobile homes (, AS DEFINED IN SECTION 168.011, SUBDIVISION 8,) shall constitute class 2a and shall be valued and assessed at (40) 28 percent of the market value thereof. The valuation of class 2a property shall be subject to review and the taxes payable thereon in the manner provided in (LAWS 1975, CHAPTER 376) section 274.19. *For purposes of this section, a "mobile home" means a structure transportable in one or more sections, which is built on a permanent chassis, and designed to be used as a dwelling with or without a permanent foundation when connected to the required utilities, and contains the plumbing, heating, air conditioning, and electrical systems therein, including any accessory structure which is an addition or supplement to the mobile home and, when installed, becomes a part of the mobile home.*

(ii) The unit is affixed to the land by a permanent foundation or is installed at its location in accordance with the mobile homes building code contained in sections 327.31 to 327.34, and the rules adopted thereto, or is affixed to the land in a manner comparable to other real property in the taxing district; and

(iii) The unit is connected to public utilities, has a well and septic tank system, or is serviced by water and sewer facilities comparable to other real property in the taxing district.

(c) A mobile home which meets each of the following criteria shall be assessed at the rate provided by the appropriate real property classification but shall be classified as 2a property, and the valuation shall be subject to review and the taxes payable thereon in the manner provided in section 274.19:

(i) The owner of the unit is a lessee of the land pursuant to the terms of a lease;

(ii) The unit is affixed to the land by a permanent foundation or is installed at its location in accordance with the mobile homes building code contained in sections 327.31 to 327.34, and the rules adopted thereto, or is affixed to the land in a manner comparable to other real property in the taxing district; and

(iii) The unit is connected to public utilities, has a well and septic tank system, or is serviced by water and sewer facilities comparable to other real property in the taxing district.

(d) Sectional structures shall be valued and assessed as an improvement to real property provided the owner of the structure holds title to the land upon which it is located or is a qualifying lessee of the land under the provisions of section 273.19. For purposes of this clause "sectional structure" means a building or structural unit which has been in whole or substantial part manufactured or constructed at an off site location to be wholly or partially assembled on site alone or with other units and attached to a permanent foundation.

(e) The commissioner of revenue may promulgate rules pursuant to the administrative procedure act for the purpose of establishing additional criteria for the classification of mobile homes and sectional structures pursuant to the provisions of this subdivision.

Sec. 5. Minnesota Statutes, 1979 Supplement, Section 273.13, Subdivision 4, is amended to read:

Subd. 4. Except as provided in subdivision 5a, all real property devoted to temporary and seasonal residential occupancy for recreational purposes, and which is not devoted to commercial purposes for more than 200 days in the year preceding the year of assessment, shall be class 3 property and assessed accordingly. For this purpose, property is devoted to commercial use on a specific day if it is used, or offered for use, and a fee is charged for such use.

(b) For taxes assessed in 1979, payable in 1980, agricultural land and real property devoted to temporary and seasonal residential occupancy for recreation purposes which is classified as class 3 shall be assessed at 25 percent of its market value, and for taxes assessed in 1980, payable in 1981 and thereafter, it shall be assessed at (22) 19 percent of its market value.

Sec. 6. Minnesota Statutes, 1979 Supplement, Section 273.13, Subdivision 5a, is amended to read:

Subd. 5a. [CLASS 3A.] Class 3a shall constitute commercial use real property which abuts a lakeshore line and is devoted to temporary and seasonal residential occupancy for recreational purposes but not devoted to commercial purposes for more than 200 days in the year preceding the year of assessment, which includes a portion used as a homestead by the owner, with the following limitations: the area of the property which shall be included in class 3a shall not exceed 100 feet of lakeshore footage for each cabin or *campsite* located on the property, up to a total of 800 feet, and 500 feet in depth measured away from the lakeshore. Class 3a shall be assessed at 12 percent of the market value thereof in 1979, for taxes payable in 1980, and *at 11 percent for taxes payable in 1981 and thereafter*. The remainder of the parcel shall be classified and assessed according to the provisions of subdivision 4.

Subd. 6. [CLASS 3B.] Agricultural land, except as provided by class 1 hereof, and which is used for the purposes of a homestead shall constitute class 3b and shall be valued and assessed at 12 percent of its market value in 1979, for taxes pay-

The property tax to be paid on class 3b property as otherwise determined by law less any reduction received pursuant to section 273.135, regardless of whether or not the market value is in excess of the homestead base value, shall be reduced by 50 percent of the tax for taxes payable in 1980, and (55) 60 percent thereafter; provided that the amount of said reduction shall not exceed \$550 for taxes payable in 1980, and (\$600) \$700 thereafter. Valuation subject to relief shall be limited to 240 acres of land, most contiguous surrounding, bordering, or closest to the house occupied by the owner as his dwelling place, and such other structures as may be included thereon utilized by the owner in an agricultural pursuit, provided that noncontiguous land shall constitute class 3b only if the homestead is classified as class 3b and the detached land is located in the same township or city or not farther than two townships or cities or combination thereof from the homestead. If the market value is in excess of the homestead base value, the amount in excess of that sum shall be valued and assessed at 25 percent of its market value in 1979, for taxes payable in 1980, and at (22) 17 percent thereafter. The first \$12,000 market value of each tract of real estate which is rural in character and devoted or adaptable to rural but not necessarily agricultural use, used for the purpose of a homestead shall be exempt from taxation for state purposes; except as specifically provided otherwise by law.

Agricultural land as used herein, and in section 273.132, shall mean contiguous acreage of ten acres or more, primarily used during the preceding year for agricultural purposes. Agricultural use may include pasture, timber, waste, unusable wild land and land included in federal farm programs.

Real estate of less than ten acres used principally for raising poultry, livestock, fruit, vegetables or other agricultural products, shall be considered as agricultural land, if it is not used primarily for residential purposes.

Effective for the 1981 assessment and in subsequent years, the assessor shall determine and list separately on his records the market value of the homestead dwelling and the one acre of land on which that dwelling is located. If any farm buildings or structures are located on this homesteaded acre of land, their market value shall not be included in this separate determination.

Sec. 8. Minnesota Statutes, 1979 Supplement, Section 273.13, Subdivision 7, is amended to read:

Subd. 7. [CLASS 3C, 3CC.] All other real estate and class 2a property, except as provided by classes 1 and 3cc, which is used for the purposes of a homestead, shall constitute class 3c, and shall be valued and assessed at 18 percent of the market value thereof in 1979, for taxes payable in 1980 and at (17) 15

percent thereafter. The property tax to be paid on class 3c property as otherwise determined by law, less any reduction received pursuant to section 273.135, regardless of whether or not the market value is in excess of the homestead base value, shall be reduced by 50 percent of the amount of such tax for taxes payable in 1980, and (55) 60 percent thereafter; provided that the amount of said reduction shall not exceed \$550 for taxes payable in 1980, and (\$600) \$700 thereafter. If the market value is in excess of the sum of the homestead base value, the amount in excess of that sum shall be valued and assessed at 30 percent of market value in 1979, for taxes payable in 1980 and at (28) 25 percent thereafter. The first \$12,000 market value of each tract of such real estate used for the purposes of a homestead shall be exempt from taxation for state purposes; except as specifically provided otherwise by law. Class 3cc property shall include only real estate which is used for the purposes of a homestead by (a) any blind person, if such blind person is the owner thereof or if such blind person and his or her spouse are the sole owners thereof; or (b) any person (hereinafter referred to as veteran) who: (1) served in the active military or naval service of the United States and (2) is entitled to compensation under the laws and regulations of the United States for permanent and total service-connected disability due to the loss, or loss of use, by reason of amputation, ankylosis, progressive muscular dystrophies, or paralysis, of both lower extremities, such as to preclude motion without the aid of braces, crutches, canes, or a wheelchair, and (3) with assistance by the administration of veterans affairs has acquired a special housing unit with special fixtures or movable facilities made necessary by the nature of the veteran's disability; or (c) any person who: (1) is permanently and totally disabled and (2) is receiving (i) aid from any state as a result of that disability, or (ii) supplemental security income for the disabled, or (iii) workers' compensation based on a finding of total and permanent disability, or (iv) social security disability, or (v) aid under the Federal Railroad Retirement Act of 1937, 45 United States Code Annotated, Section 228b(a)5; which aid is at least 90 percent of the total income of such disabled person from all sources. Class 3cc property shall be valued and assessed at five percent of the market value thereof. Permanently and totally disabled for the purpose of this subdivision means a condition which is permanent in nature and totally incapacitates the person from working at an occupation which brings him an income. The property tax to be paid on class 3cc property as otherwise determined by law, less any reduction received pursuant to section 273.135, regardless of whether or not the market value is in excess of the homestead base value, for all purposes shall be reduced by 50 percent of the amount of such tax for taxes payable in 1980, and (55) 60 percent thereafter; provided that the amount of said reduction shall not exceed \$550 for taxes payable in 1980, and (\$600) \$700 thereafter. If the market value is in excess of the sum of \$28,000 for taxes payable in 1980, \$33,000 for taxes payable in 1981, and indexed pursuant to section 273.-122 in subsequent years, the amount in excess of that sum shall

be valued and assessed at 25 percent in 1979 for taxes payable in 1980 and (22) 17 percent thereafter, in the case of agricultural land used for a homestead, and 30 percent in the case of all other real estate used for a homestead for taxes payable in 1980 and (28) 25 percent for taxes payable in subsequent years.

(f) pay the costs of principal and interest on certificates of indebtedness, except tax anticipation or aid anticipation certificates of indebtedness, issued for any corporate purpose except current expenses or funding an insufficiency in receipts from taxes or other sources or funding extraordinary expenditures resulting from a public emergency;

(g) fund the payments made to the Minnesota state armory building commission pursuant to section 193.145, subdivision 2, to retire the principal and interest on armory construction bonds;

(h) provide for the bonded indebtedness portion of payments made to another political subdivision of the state of Minnesota;

(i) pay the amounts required to compensate for a decrease in revenues from public service enterprises, municipal liquor stores, licenses, permits, fines and forfeits and no other, to the extent that the aggregate of revenues from these sources in the calendar year preceding the year of levy are less than the aggregate of revenues from these sources in calendar year 1971. "Rev-

enues" from a public service enterprise or a municipal liquor store shall mean the net income or loss of such public service enterprise or municipal liquor store, determined by subtracting total expenses from total revenues, and before any contribution to or from the governmental subdivision. "Fines" for a municipal court means the net amount remaining after subtracting total municipal court expenses from total collections of municipal court fines. A governmental subdivision shall qualify for this special levy only if the decrease in aggregate revenues as computed herein and divided by the population of the governmental subdivision in the preceding levy year is equal to or greater than two percent of the per capita levy limitation for the preceding levy year;

(j) pay the amounts required to compensate for a decrease in mobile homes property tax receipts to the extent that the governmental subdivision's portion of the total levy in the current levy year, pursuant to section 273.13, subdivision 3, as amended, is less than the distribution of the mobile homes tax to the governmental subdivision pursuant to section 273.13, subdivision 3, in calendar year 1971;

(k) pay the amounts required, in accordance with section 275.075, to correct for a county auditor's error of omission in levy year 1971 or a subsequent levy year, but only to the extent that when added to the preceding year's levy it is not in excess of an applicable statutory, special law or charter limitation, or the limitation imposed on the governmental subdivision by sections 275.50 to 275.56 in the preceding levy year;

(l) pay amounts required to correct for an error of omission in the levy certified to the appropriate county auditor or auditors by the governing body of a city or town with statutory city powers in a levy year, but only to the extent that when added to the preceding year's levy it is not in excess of an applicable statutory, special law or charter limitation, or the limitation imposed on the governmental subdivision by sections 275.50 to 275.56 in the preceding levy year;

(m) pay the increased cost of municipal services as the result of an annexation or consolidation ordered by the Minnesota municipal board in levy year 1971 or a subsequent levy year, but only to the extent and for the levy years as provided by the board in its order pursuant to section 414.01, subdivision 15. Special levies authorized by the board shall not exceed 50 percent of the levy limit base of the governmental subdivision and may not be in effect for more than three years after the board's order;

(n) pay the increased costs of municipal services provided to new private industrial and nonresidential commercial development, to the extent that the extension of such services are not paid for through bonded indebtedness or special assessments,

and not to exceed the amount determined as follows. The governmental subdivision may calculate the aggregate of:

(1) The increased expenditures necessary in preparation for the delivering of municipal services to new private industrial and nonresidential commercial development, but limited to one year's expenditures one time for each such development;

(2) The amount determined by dividing the overall levy limitation established pursuant to sections 275.50 to 275.56, and exclusive of special levies and special assessments, by the total taxable value of the governmental subdivision, and then multiplying this quotient times the total increase in assessed value of private industrial and nonresidential commercial development within the governmental subdivision. For the purpose of this clause, the increase in the assessed value of private industrial and nonresidential commercial development is calculated as the increase in assessed value over the assessed value of the real estate parcels subject to such private development as most recently determined before the building permit was issued. In the fourth levy year subsequent to the levy year in which the building permit was issued, the increase in assessed value of the real estate parcels subject to such private development shall no longer be included in determining the special levy.

The aggregate of the foregoing amounts, less any costs of extending municipal services to new private industrial and nonresidential commercial development which are paid by bonded indebtedness or special assessments, equals the maximum amount that may be levied as a "special levy" for the increased costs of municipal services provided to new private industrial and nonresidential commercial development. In the levy year following the levy year in which the special levy made pursuant to this clause is discontinued, one-half of the amount of that special levy made in the preceding year shall be added to the permanent levy base of the governmental subdivision;

(o) recover a loss or refunds in tax receipts incurred in non-special levy funds resulting from abatements or court action in the previous year pursuant to section 275.48;

(p) pay amounts required by law to be paid to reduce unfunded accrued liability of public pension funds, including interest thereon, in accordance with the actuarial standards and guidelines specified in sections 69.71 to 69.776 and 356.215 reduced for levy year 1977 and subsequent years by 106 percent of the amount levied for that purpose in 1976, payable in 1977. For the purpose of this special levy, the estimated receipts expected from the state of Minnesota pursuant to sections 69.011 to 69.031 or any other state aid expressly intended for the support of public pension funds shall be considered as a deduction in determining the required levy for the normal costs of the public pension funds. No amount of these aids shall be

considered as a deduction in determining the governmental subdivision's required levy for the reduction of the unfunded accrued liability of public pension funds;

(q) the amounts allowed under section 174.27 to establish and administer a commuter van program;

(r) pay the costs of financial assistance to local governmental units and certain administrative, engineering, and legal expenses pursuant to Laws 1979, Chapter 253, Section 3;

(s) *pay reasonable and necessary expenses incurred in preventing, preparing for or repairing the effects of a natural disaster. For purposes of this clause, "natural disaster" means the occurrence of or the threat of an occurrence of widespread or severe property damage, injury or loss of life resulting from natural causes, limited to fire, flood, earthquake, windstorm, wave action, oil spill, or other water contamination requiring action to avert danger or damage, volcanic activity, drought or air contamination. The emergency services division of the state department of public safety shall formulate standards by which an occurrence of any of the aforementioned natural phenomena would be deemed a natural disaster by reason of the level of damage, injury or loss of life or property that has occurred or would occur if preventive action was not taken;*

(t) *pay the cost of complying with a law enacted by the 1971 or a subsequent legislature that directly requires a new or altered activity of the government after levy year 1979, taxes payable in 1980, but only to the extent of the increased cost of the activity resulting from legislatively mandated changes initially effective after levy year 1979, taxes payable in 1980; and*

(u) *pay the cost of complying with the social security amendments of 1977, Pub. L. 95-216, 91 Stat. 1509, but only to the extent of the resulting increased social security costs after levy year 1979, taxes payable in 1980.*

Sec. 14. Minnesota Statutes 1978, Section 275.52, Subdivision 2, is amended to read:

Subd. 2. The levy limit base, as adjusted for previous increases pursuant to this section, may be increased each year by the governing body of the governmental subdivision affected thereby in the amount not to exceed (SIX) *eight* percent of the previous year's levy limit base.

Sec. 15. Minnesota Statutes 1978, Section 275.52, Subdivision 5, is amended to read:

Subd. 5. For taxes levied in (1977) 1980 payable in (1978 OR FOR TAXES LEVIED IN 1978 PAYABLE IN 1979) 1981 and subsequent years a city other than a city of the first class,

town, or county not containing a city of the first class which, in the preceding levy year, levied at least 98 percent of its total limited levy amount, may determine to levy in excess of the limitation provided in sections 275.50 to 275.56 by not to exceed 10 percent of its levy limit base by passing a resolution setting forth the amount by which the levy limit is proposed to be exceeded. The resolution shall be published for four successive weeks in the official newspaper of the governmental subdivision or if there is no official newspaper, in a newspaper of general circulation therein, together with a notice fixing a date for a public hearing on the proposed increase which hearing shall be held not less than four weeks nor more than six weeks after the first publication of the resolution. Following the public hearing, the governing body may determine to take no further action, or in the alternative, adopt a resolution authorizing the levy as originally proposed, or adopt a resolution approving a levy in such lesser amount as it so determines. The resolution shall be published in the official newspaper of the governmental subdivision or if there is no official newspaper, in a newspaper of general circulation therein. If within 30 days thereafter, a petition signed by voters equal in number to five percent of the votes cast in the governmental subdivision in the last general election or 2,000 voters, whichever is less, requesting a referendum on the proposed resolution is filed with the clerk or recorder of the governmental subdivision if the governmental subdivision is a city or town, or with the county auditor if the governmental subdivision is a county, the resolution shall not be effective until it has been submitted to the voters at a general or special election and a majority of votes cast on the question of approving the resolution are in the affirmative. The commissioner of revenue shall prepare a suggested form of question to be presented at any such referendum. A levy increased pursuant to this subdivision, whether not challenged or approved at a referendum held at a special or general election held prior to October 1 in any levy year, increases the allowable levy in that same levy year and provides a permanent adjustment to the levy limit base of the governmental subdivision for future levy years. There shall be no reduction in distributions of formula aids to the governmental subdivision as a result of the additional levy.

The excess levy authorized by this subdivision is a one-time levy adjustment to the levy limit base. If an adjustment was made after June 3, 1977, pursuant to this subdivision, in an amount less than ten percent of the base, calculated at the time of the adjustment, an additional adjustment to the current levy limit base is authorized in an amount equal to ten percent less the percent by which it was previously adjusted.

Sec. 16. Minnesota Statutes 1978, Section 276.09, is amended to read:

the county treasurer shall make full settlement with the county auditor of (HIS) *all* receipts (AND COLLECTIONS) *collected by him* for all purposes, from the date of the last settlement up to and including each day mentioned (, AND). The *county* auditor shall, within 30 days after each settlement, send an abstract of same to the state auditor in (SUCH) *the* form (AS) *prescribed by* the state auditor (MAY PRESCRIBE). Sec. 17. Minnesota Statutes 1978, Section 276.10, is amended to read:

276.10 [APPORTIONMENT AND DISTRIBUTION OF FUNDS.] On the (LAST) *settlement* day (OF FEBRUARY) *in March*, (MAY) *June*, and (OCTOBER) *November*, of each year, the county auditor and county treasurer shall (MAKE DISTRIBUTION OF) *distribute* all undistributed funds (REMAINING) in the treasury, apportioning (THE SAME) *them*, as provided by law, and placing (THE SAME) *them* to the credit of the state, town, city, (OR) school district, *special district* and each county fund. Within 20 days after (SUCH) *the* distribution is completed, the county auditor shall make a report (THEREOF) *of it* to the state auditor, in (SUCH) *the* form (AS) *prescribed by* the state auditor (MAY PRESCRIBE). The county auditor shall issue his warrant for the payment of (ANY) moneys (REMAINING) in the county treasury to the credit of the state, town, city, (OR) school district, *or special districts* on application of the persons entitled to receive (THE SAME) *them*.

Sec. 18. Minnesota Statutes 1978, Section 276.11, is amended to read:

276.11 [WHEN TREASURER SHALL PAY FUNDS.] As soon as practical after each settlement in (FEBRUARY) *March*, (MAY) *June*, and (OCTOBER) *November* the county treasurer shall pay over to the state treasurer or the treasurer of any town, city, (OR) school district, *or special district*, on the warrant of the county auditor, all (MONEYS RECEIVED BY HIM) *receipts* arising from taxes levied (AND COLLECTED) *by and* belonging to the state, or to such municipal corporation, or other body, and deliver up all orders and other evidences of indebtedness of such municipal corporation or other body, taking triplicate receipts therefor. He shall file one of the receipts with the county auditor, and shall return one by mail on the day of its reception to the clerk of the town, city, or school district, *or special*

district to which (SUCH) payment was made (, WHO). The clerk shall preserve the (SAME) receipt in his office. Upon written request of the state, a municipal corporation or other public body, the county treasurer (IS AUTHORIZED AND DIRECTED TO) shall, to the extent practicable, make (SUCH) partial payments of amounts collected periodically in advance of (FINAL SETTLEMENTS AS MAY BE PRACTICABLE) the next settlement and distribution. Accompanying each payment (TO THE STATE TREASURER OR TREASURER OF ANY TOWN, CITY, OR SCHOOL DISTRICT) shall be a statement prepared by the county treasurer designating the years for which taxes included in the payment were collected and, for each year, the amount of (SUCH) the taxes and any penalties thereon. The county treasurer shall upon written request of the state, a municipal corporation or other public body pay at least 70 percent of the estimated collection (WITHIN) 30 days after the settlement date. He shall pay the balance of the amounts collected to the state or to a municipal corporation or other body within 60 days after the settlement date, provided, however, that after 45 days interest shall accrue at a rate of eight percent per annum to the credit of and shall be paid to the state, municipal corporation or other body. Interest shall be payable upon appropriation from the general revenue fund of the county and, if not paid, may be recovered by the state, municipal corporation, or other body, in a civil action.

Sec. 19. [DULUTH, CITY OF; REVIEW OF ASSESSMENTS BY ST. LOUIS COUNTY ASSESSOR.] *Assessments for property tax purposes made by the city assessor of the city of Duluth shall be reviewed by the county assessor of St. Louis county. If the St. Louis county assessor finds that assessments made by the Duluth city assessor are incorrect, he may adjust the assessments either upward or downward.*

Sec. 20. Minnesota Statutes 1978, Section 429.061, Subdivision 1, is amended to read:

429.061 [ASSESSMENT PROCEDURE.] Subdivision 1. [CALCULATION, NOTICE.] At any time after (A CONTRACT IS LET OR THE WORK ORDERED BY DAY LABOR,) the expense incurred or to be incurred in (ITS) making an improvement shall be calculated under the direction of the council (.), the council shall (THEN) determine by resolution the amount of the total expense the municipality will pay, other than the amount, if any, which it will pay as a property owner, and the amount to be assessed. Thereupon the clerk, with the assistance of the engineer or other qualified person selected by the council, shall calculate the proper amount to be specially assessed for the improvement against every assessable lot, piece or parcel of land, without regard to cash valuation, in accordance with the provisions of section 429.051. The proposed assessment roll shall be filed with the clerk and be open to public inspection.

tion. The clerk shall thereupon, under the council's direction, publish notice that the council will meet to consider the proposed assessment. Such notice shall be published in the newspaper at least once and shall be mailed to the owner of each parcel described in the assessment roll. For the purpose of giving mailed notice under this subdivision, owners shall be those shown to be such on the records of the county auditor or, in any county where tax statements are mailed by the county treasurer, on the records of the county treasurer; but other appropriate records may be used for this purpose. Such publication and mailing shall be no less than two weeks prior to such meeting of the council. Except as to the owners of tax exempt property or property taxes on a gross earnings basis, every property owner whose name does not appear on the records of the county auditor or the county treasurer shall be deemed to have waived such mailed notice unless he has requested in writing that the county auditor or county treasurer, as the case may be, include his name on the records for such purpose. Such notice shall state the date, time, and place of such meeting, the general nature of the improvement, the area proposed to be assessed, that the proposed assessment roll is on the file with the clerk, and that written or oral objections thereto by any property owner will be considered. *No appeal may be taken as to the amount of any assessment adopted pursuant to subdivision 2, unless a written objection signed by the affected property owner is filed with the municipal clerk prior to the assessment hearing or presented to the presiding officer at the hearing, and unless the objection is supported by the written or oral testimony of a person other than the owner who is familiar with real property values in the area of the proposed assessment.* The notice shall also state that an owner may appeal an assessment to district court pursuant to section 429.081 by serving notice of the appeal upon the mayor or clerk of the municipality within 20 days after the adoption of the assessment and filing such notice with the district court within ten days after service upon the mayor or clerk. The notice shall also inform property owners of the provisions of sections 435.193 to 435.195 and the existence of any deferment procedure established pursuant thereto in the municipality.

Sec. 21. Minnesota Statutes 1978, Section 429.061, Subdivision 2, is amended to read:

Subd. 2. [ADOPTION; INTEREST.] At such meeting or at any adjournment thereof the council shall hear and pass upon all objections to the proposed assessment, whether presented orally or in writing. The council may amend the proposed assessment as to any parcel and by resolution adopt the same as the special assessment against the lands named in the assessment roll. Notice of any adjournment of the hearing shall be adequate if the minutes of the meeting so adjourned show the time and place when and where the hearing is to be continued, or if three days notice thereof be published in the newspaper.

The council may consider any objection to the amount of a proposed assessment as to a specific parcel of land at an adjourned hearing upon further notice to the affected property owner as it deems advisable. At the adjourned hearing the council or a committee of it may hear further written or oral testimony on behalf of the objecting property owner and may consider further written or oral testimony from appropriate city officials and other witnesses as to the amount of the assessment. The council or committee shall prepare a record of the proceedings at the adjourned hearing and written findings as to the amount of the assessment. The amount of the assessment as finally determined by the council shall become a part of the adopted assessment roll. All objections to the assessments not received at the assessment hearing in the manner prescribed by the section are waived.

The assessment, with accruing interest, shall be a lien upon all private and public property included therein, from the date of the resolution adopting the assessment, concurrent with general taxes; but the lien shall not be enforceable against public property as long as it is publicly owned, and during such period the assessment shall be recoverable from the owner of such property only in the manner and to the extent provided in section 435.19. Except as provided below, all assessments shall be payable in equal annual installments extending over such period, not exceeding 30 years, as the resolution determines, payable on the first Monday in January in each year, but the number of installments need not be uniform for all assessments included in a single assessment roll if a uniform criterion for determining the number of installments is provided by the resolution. The first installment of each assessment shall be included in the first tax rolls completed after its adoption and shall be payable in the same year as the taxes contained therein; except that the payment of the first installment of any assessment levied upon unimproved property may be deferred until a designated future year, or until the platting of the property or the construction of improvements thereon, upon such terms and conditions and based upon such standards and criteria as may be provided by resolution of the council. In any event, every assessment the payment of which is so deferred, when it becomes payable, shall be divided into a number of installments such that the last installment thereof will be payable not more than 30 years after the levy of the assessment. All assessments shall bear interest at such rate as the resolution determines, not exceeding eight percent per annum, except that the rate may in any event equal the average annual interest rate on bonds issued to finance the improvement for which the assessments are levied. To the first installment of each assessment shall be added interest on the entire assessment from a date specified in the resolution levying the assessment, not earlier than the date of the resolution, until December 31 of the year in which the first installment is payable, and to each subsequent installment shall be added interest for one year on all unpaid installments; or alternatively, any assessment may be made payable in equal annual installments including principal and interest, each in the amount annually required to pay the

principal over such period with interest at such rate as the resolution determines, not exceeding the maximum period and rate specified above. In the latter event no prepayment shall be accepted under subdivision 3 without payment of all installments due to and including December 31 of the year of prepayment, together with the original principal amount reduced only by the amounts of principal included in such installments, computed on an annual amortization basis. When payment of an assessment is deferred, as authorized in this subdivision, interest thereon for the period of deferment may be made payable annually at the same times as the principal installments of the assessment would have been payable if not deferred; or interest for this period may be added to the principal amount of the assessment when it becomes payable; or, if so provided in the resolution levying the assessment, interest thereon to December 31 of the year before the first installment is payable may be forgiven.

Sec. 22. Minnesota Statutes 1978, Section 429.081, is amended to read:

429.081 [APPEAL TO DISTRICT COURT.] Within 30 days after the adoption of the assessment, any person aggrieved and not precluded by failure to object prior to or at the assessment hearing may appeal to the district court by serving a notice upon the mayor or clerk of the municipality. The notice shall be filed with the clerk of the district court within ten days after its service. The municipal clerk shall furnish appellant a certified copy of objections filed in the assessment proceedings, the assessment roll or part complained of, and all papers necessary to present the appeal. The appeal shall be placed upon the calendar of the next general term commencing more than five days after the date of serving the notice and shall be tried as other appeals in such cases. The court shall either affirm the assessment or set it aside and order a reassessment as provided in section 429.071, subdivision 2. If appellant does not prevail upon the appeal, the costs incurred shall be taxed by the court and judgment entered therefor. All objections to the assessment shall be deemed waived unless presented on such appeal. This section provides the exclusive method of appeal from a special assessment levied pursuant to this chapter.

Sec. 23. [EFFECTIVE DATE.] Sections 1 and 3 through 11 and 13 through 15 and 19 are effective for taxes levied in 1980 payable in 1981 and subsequent years. Section 2 is effective for taxes levied in 1981 payable in 1982 and subsequent years. Section 16 through 18 are effective the day following final enactment.

Nothing herein shall be construed to prohibit the commissioner from publishing or releasing the information concerning amounts of property tax accrued and the relief granted to taxpayers without including information which would identify individual taxpayers. The commissioner may examine income tax returns as he deems necessary and may utilize the information in legal and administrative proceedings to insure proper administration of sections 290A.01 to 290A.21, notwithstanding section 290.61.

Sec. 5. Minnesota Statutes 1978, Section 290A.18, is amended to read:

Any owner or managing agent who willfully fails to furnish a certificate as provided herein shall be liable to the commissioner for a penalty of \$20 for each act or failure to act. 375.192 [REDUCTIONS IN ASSESSED VALUATION OF REAL PROPERTY.] Subdivision 1. Notwithstanding section 270.07, upon written application by the owner of the property, the county board of each county shall have power to grant such reduction, for the current year, of the assessed valuation of any real property in that county which erroneously has been classified, for tax purposes, as non-homestead property, as is necessary to give it the assessed valuation which it would have received if it had been classified correctly. The application shall be made on a form prescribed by the commissioner of revenue. It shall include *the social security number of the applicant and a statement of facts of ownership and occupancy, and shall be sworn to by the owner of the property before an officer authorized to take acknowledgements. Delete everything after the enacting clause and insert:

"Section 1. In any product liability action based on strict liability in tort commenced or maintained against a defendant other than the manufacturer, the non-manufacturing defendant shall be entitled to tender the defense of said action to the manufacturer, by filing with the trial court a notice of the tender of the defense and by filing an affidavit stating as follows:

(a) That the non-manufacturing defendant has exercised no control over the design or manufacture of the product or the instructions or warnings accompanying the product, relative to the alleged defect in the product which caused the injury, death or damage.

(b) That the non-manufacturing defendant had, at the time of sale, no actual knowledge of the defect in the product which caused the injury, death or damage;

(c) That the product left the control of the manufacturer with the alleged defect in the product which caused the injury, death or damage and the non-manufacturing defendant did no act or omission which may have caused or contributed to the defect which caused the injury, death or damage;

(d) That the non-manufacturing defendant did not order or request that the alleged specific defect which caused the injury, death or damage be included in the product.

Sec. 3. In the event that the manufacturer shall refuse to accept the tender of the defense, the manufacturer shall indemnify the non-manufacturing defendant for any judgment rendered against it, and shall also reimburse the non-manufacturing defendant for all attorney's fees expended in the defense of the action, together with all costs and economic losses incurred by the non-manufacturing defendant in connection therewith, unless it is shown by a preponderance of the evidence at trial that the facts required to be in the affidavit of the non-manufacturing defendant pursuant to Section 1 are incorrect."

241.26 [PRIVATE EMPLOYMENT OF INMATES OF STATE CORRECTIONAL INSTITUTIONS IN COMMUNITY.] Subdivision 1. [BOARD.] When consistent with the public interest and the public safety, the board may, with the recommendation of the commissioner, conditionally release an inmate *who is eligible and being considered for parole under sec-*

tion 243.05, to work at paid employment, seek employment, or participate in a vocational training or educational program (, IF THE INMATE HAS SERVED AT LEAST ONE-HALF OF HIS TERM OF IMPRISONMENT AS REDUCED BY GOOD TIME EARNED BY THE INMATE). Release under this subdivision constitutes an extension of the limits of confinement and each inmate so released shall be confined in the institution from which released or in some other suitable place of confinement designated by the commissioner of corrections during the hours he is not employed, seeking employment, or engaged in a vocational training or educational program, or, if employed, seeking employment, or engaged in a vocational training or educational program, between the hours of such activity. A reasonable allowance for travel time and meals shall be permitted.

Sec. 7. Minnesota Statutes 1978, Section 241.26, Subdivision 2, is amended to read:

Subd. 2. [USE OF LOCAL DETENTION FACILITIES.] The commissioner of corrections shall designate state correctional institutions for participation in the program authorized in subdivision 1 and shall adapt facilities of such institutions to provide housing and supervision of inmates participating in such program. He may also enter into contractual agreements with appropriate city and county authorities for the confinement of and provision of other correctional services to such inmates whose employment, *educational* or vocational training programs so require, and such city and county authorities are hereby authorized to make and enter such contracts and agreements. When determined by the commissioner that the circumstances of a participant in the program authorized by subdivision 1 do not require the security of a public detention facility, he may contract with public and private agencies for the custody and separate care of such participant or house him in a community correction center.

Sec. 8. Minnesota Statutes 1978, Section 241.26, Subdivision 4, is amended to read:

Subd. 4. [REVOCATION.] The willful failure of an inmate to report to or return from planned employment, the seeking of employment, *educational* or vocational training, or furlough as provided in subdivision 3 shall be considered an escape under section 609.485. If an inmate violates any of the rules as provided for in subdivision 3, his work placement, *educational* or vocational training privileges may be withdrawn by the board granting such conditional release.

Sec. 9. Minnesota Statutes 1978, Section 243.05, is amended to read:

243.05 [BOARD; POWERS, LIMITATIONS.] The corrections board may parole any person sentenced to confinement in

the state prison, the state reformatory, or the Minnesota correctional institution for women, provided that no convict serving a life sentence for murder other than murder committed in violation of clause (1) of section 609.185 who has not been previously convicted of a felony shall be paroled until he has served 20 years, less the diminution which he would have been allowed for good conduct had his sentence been for 20 years; and provided further that no convict serving a life sentence for murder who has been previously convicted of a felony or though not previously convicted of a felony is serving a life sentence for murder in the first degree committed in violation of clause (1) of section 609.185 shall be paroled until he has served 25 years, less the diminution which would have been allowed for good conduct had his sentence been for 25 years; provided further that any convict sentenced prior to September 1, 1963 who would be eligible for parole had he been sentenced after September 1, 1963, shall be eligible for parole; provided further, in all cases where a convict is serving a life sentence for murder, unanimous consent of the corrections board shall be required for parole of such convict. *Any new rule or policy or change thereof adopted by the board which has the effect of postponing eligibility for parole shall have prospective effect only and shall apply only with respect to persons committing offenses after the effective date of the new rule or policy or change thereof.* Upon being paroled and released, such convicts shall be and remain in the legal custody and under the control of the corrections board, subject at any time to be returned to the state prison, the state reformatory, the Minnesota correctional institution for women, or other facility of the department of corrections established by law for the confinement or treatment of convicted persons and the parole rescinded by such board, when the legal custody of such convict shall revert to the commissioner of corrections. The written order of the corrections board, certified by the chairman of the board, shall be sufficient to any peace officer or state parole and probation agent to retake and place in actual custody any person on parole to the corrections board, but any state parole and probation agent may, without order of warrant, when it appears to him necessary in order to prevent escape or enforce discipline, take and detain a parolee to the corrections board for its action. The written order of the commissioner of corrections shall be sufficient to any peace officer or state parole and probation agent to retake and place in actual custody any person on probation under the supervision of the commissioner pursuant to section 609.135, but any state parole and probation agent may, without such order, when it appears to him necessary in order to prevent escape or enforce discipline, retake and detain such probationer and bring him before the court for further proceedings under section 609.14. Paroled persons, and those on probation under the supervision of the commissioner of corrections pursuant to section 609.135 may be placed within or without the boundaries of the state at the discretion of the board or of the commissioner of corrections, and the limits fixed for such persons may be enlarged or reduced according to their conduct.

In considering applications for parole or final release, the board shall not be required to hear oral argument from any attorney or other person not connected with the prison or the reformatory in favor of or against the parole or release of any prisoners, but it may institute inquiries by correspondence, taking testimony or otherwise, as to the previous history, physical or mental condition, and character of such prisoner, and to that end shall have authority to require the attendance of the warden of the state prison or the superintendent of the state reformatory or the Minnesota correctional institution for women and the production of the records of these institutions, and to compel the attendance of witnesses, and each member of the board is hereby authorized to administer oaths to witnesses for every such purpose.

Sec. 10. Minnesota Statutes 1978, Section 243.18, is amended to read:

243.18 [DIMINUTION OF SENTENCE.] Every (CONVICT) *inmate* sentenced for any term other than life, (WHETHER) confined in (THE STATE PRISON, THE STATE REFORMATORY, OR THE MINNESOTA CORRECTIONAL INSTITUTION FOR WOMEN,) *a state adult correctional facility* or on parole therefrom, may diminish the term of his sentence (AS FOLLOWS:)

((1) FOR EACH MONTH, COMMENCING ON THE DAY OF HIS ARRIVAL,) *one day for each two days* during which he has not violated any prison rule or discipline (, AND HAS LABORED WITH DILIGENCE AND FIDELITY, FIVE DAYS;)

((2) AFTER ONE YEAR OF SUCH CONDUCT, SEVEN DAYS FOR EACH MONTH;)

((3) AFTER TWO YEARS OF SUCH CONDUCT, NINE DAYS FOR EACH MONTH;)

((4) AFTER THREE YEARS, TEN DAYS FOR EACH MONTH FOR THE ENTIRE TIME THEREAFTER).

The commissioner of corrections, in view of the aggravated nature and frequency of offenses, may take away any or all of the good time previously gained, and, in consideration of mitigating circumstances or ignorance on the part of the (CONVICT) *inmate*, may afterwards restore him, in whole or in part, to the standing he possessed before such good time was taken away.

Two or more employee organizations which represent the employees in a unit established by section 38, may petition jointly pursuant to this subdivision, provided that any organization may withdraw from a joint certification in favor of the remaining organization or organizations on 30 days notice without effect upon the rights and obligations of the remaining organization or organizations or the employer. The director shall make a determination on a timely petition within 45 days of its receipt.

Subd. 3. Two or more employee organizations, each of which represents employees included in the unit established by section 38 may petition jointly pursuant to this clause, provided that any organization may withdraw from a joint certification in favor of the remaining organization or organizations on 30 days notice without effect upon the rights and obligations of the remaining organization or organizations or the employer. The director shall make a determination on a timely petition within 45 days of its receipt.

(2) If no exclusive representative is certified under subdivision 2 or subdivision 3, clause (1), and an employee organization petitions the director within 45 days of the effective date of this

section stating that at least 30 percent of the employees included within a unit established by section 38 wish to be represented by the petitioner, where this 30 percent is evidenced by current dues deduction rights, signed statements plainly indicating that the signatories wish to be represented for collective bargaining purposes by the petitioner rather than by any other organization, or a combination thereof, the director shall conduct a secret ballot election to determine the wishes of the majority. The election shall be conducted within 75 days of the effective date of this section and shall, where not inconsistent with other provisions of this section, be governed by section 179.67.

This section shall in no way affect any existing collective bargaining contract. Should an exclusive bargaining agent not be certified for the unit provided for in section 38, subdivision 3, clause (2), the employees assigned to that unit shall continue to be compensated pursuant to the appropriate university of Minnesota civil service rules, or by the terms of any master or uniform contract of their particular trade which exists between associations of employers in their local area representing all or substantially all of the employees of that trade, if such method of compensation has been elected by the employee previous to the effective date of this section.

Nothing in sections 1 to 42 shall prevent an exclusive representative certified after the effective date of sections 1 to 42 from assessing fair share or dues deductions immediately upon certification for employees in a unit established under section 38 if the employees were unrepresented for collective bargaining purposes prior to that certification.

For the purposes of the certification of a bargaining agent for units provided in subdivision 1 of section 38 employees sought to be excluded by a timely and valid petition as supervisory or confidential shall be counted and shall vote separately in a fashion which shall permit them to be individually excluded or included after a determination as to their status. When a certification is dependent upon challenged employees, the director shall determine the status of the challenged employees prior to deciding the cases of challenged employees whose status need not be determined for a certification. In the latter situation the certification of a bargaining agent shall proceed irrespective of pending challenges.*
