Subd. 4. [SUMMONS AND COMPLAINT.] The party foreclosing a mortgage or holding a sheriff's certificate of sale may initiate a proceeding in district court to have the mortgagor's redemption period reduced under this section. The proceeding must be initiated by the filing of a complaint, naming the mortgagor, or the mortgagor's personal representatives or assigns of record, as defendant, in district court for the county in which the mortgaged premises are located. The complaint must identify the mortgaged premises by legal description and must identify the mortgage by: (1) the names of the mortgagor and mortgagee, and any assignee of the mortgagee; (2) the date of its making; and (3) pertinent recording information. The complaint must allege that the mortgaged premises are:

(1) comprised of ten acres or less;

(2) improved with a residential dwelling consisting of less than five units, which is not a model home or a dwelling under construction;

(3) not property used in agricultural production within the meaning of Laws 1986, chapter 398, section 5; and

(4) abandoned.

The complaint must request an order reducing the mortgagor's redemption period to five weeks. When the complaint has been filed, the court shall issue a summons commanding the person or persons named in the complaint to appear before the court on a day and at a place stated in the summons. The appearance day shall be not less than 15 nor more than 25 days from the day of the issuing of the summons. A copy of the filed complaint must be attached to the summons.

Subd. 5. [SERVICE.] The summons may be served by any person not named a party to the action. The summons must be served at least seven days before the appearance day, in the manner provided for service of a summons in a civil action in the district court. If the defendant cannot be found in the county, the summons may be

served by sending a copy by certified mail to the defendant's last usual place of abode known to the plaintiff, if any, at least ten days before the appearance day. The summons must be posted in a conspicuous place on the mortgaged premises not less than seven days before the appearance day. If personal or certified mail service cannot be made on the defendant, or the defendant's last usual place of abode is unknown to the plaintiff, then the plaintiff or plaintiff's attorney may file an affidavit to that effect with the court and service by posting the summons on the mortgaged premises is sufficient.

Subd. 6. [HEARING; EVIDENCE; ORDER.] At the hearing on the summons and complaint, the court shall enter an order reducing the mortgagor's redemption period as provided in subdivision 1 or 2, as applicable, if evidence is presented supporting the allegations in the complaint and no appearance is made to oppose the relief sought. An affidavit by the sheriff or a deputy sheriff of the county in which the mortgaged premises are located, or of a building inspector, zoning administrator, housing official, or other municipal or county official having jurisdiction over the mortgaged premises, stating that the mortgaged premises are not actually occupied and further setting forth any of the following supporting facts, is prima facie evidence of abandonment:

(1) windows or entrances to the premises are boarded up or closed off, or multiple window panes are broken and unrepaired;

(2) doors to the premises are smashed through, broken off, unhinged, or continuously unlocked;

(3) gas, electric, or water service to the premises has been terminated;

(4) rubbish, trash, or debris has accumulated on the mortgaged premises;

(5) the police or sheriff's office has received at least two reports of trespassers on the premises, or of vandalism or other illegal acts being committed on the premises; or

(6) the premises are deteriorating and are either below or are in imminent danger of falling below minimum community standards for public safety and sanitation.

An affidavit of the party foreclosing the mortgage or holding the sheriff's certificate, or one of their agents or contractors, stating any of the above supporting facts, and that the affiant has changed locks on the premises under this section and that for a period of ten days no party having a legal possessory right has requested entrance to the premises, is also prima facie evidence of abandonment. Either

affidavit described above, or an affidavit from any other person having knowledge, may state facts supporting any other allegations in the complaint and is prima facie evidence of the same. Written statements of the mortgagor, the mortgagor's personal representatives or assigns, including documents of conveyance, which indicate a clear intent to abandon the premises, is conclusive evidence of abandonment. In the absence of affidavits or written statements, or if rebuttal evidence is offered by the defendant or a party lawfully claiming through the defendant, the court may consider any competent evidence, including oral testimony, concerning any allegation in the complaint. An order entered under this section must contain a legal description of the mortgaged premises.

Subd. 7. [RECORDING.] A certified copy of an order entered under this section may be recorded in the office of the county recorder or registrar of titles for the county in which the mortgaged premises are located, provided that the order contains a legal description of the mortgaged premises.

Sec. 17. Minnesota Statutes 1988, section 581.10, is amended to read:

581.10 [REDEMPTION BY MORTGAGOR, CREDITOR.]

Creditors having a lien may redeem in the order and manner specified in section 580.24, but no creditor shall be entitled to redeem unless within such specified redemption period the creditor files with the court administrator notice of intention to redeem.

Sec. 18. Minnesota Statutes 1988, section 582.03, is amended to read:

582.03 [PURCHASER AT FORECLOSURE, EXECUTION, OR JUDICIAL SALE MAY PAY TAXES, ASSESSMENTS, INSURANCE PREMIUMS, OR INTEREST.]

Such payments shall be proved by the affidavit of the purchaser or the purchaser's agent or attorney, stating the items and describing the premises, which must be filed for record with the county recorder or registrar of titles, and a copy thereof shall be furnished to the sheriff at least ten days before the expiration of the year period of redemption.

Sec. 19. [582.031] [LIMITED RIGHT OF ENTRY BY MORTGAGEE OR PURCHASER AT FORECLOSURE SALE.]

Subdivision 1. [RIGHT OF ENTRY.] If premises described in a mortgage or sheriff's certificate are vacant or unoccupied, the holder of the mortgage or sheriff's certificate or the holder's agents and contractors may enter upon the premises to protect the premises from waste, until the holder of the mortgage or sheriff's certificate receives notice that the premises are occupied. The holder of the mortgage or sheriff's certificate does not become a mortgagee in possession by taking actions authorized under this section. An affidavit of the sheriff, the holder of the mortgage or sheriff's certificate, or a person acting on behalf of the holder, describing the premises and stating that the same are vacant or unoccupied, is prima facie evidence of the facts stated in the affidavit when recorded in the office of the county recorder or the registrar of titles in the county where the premises are located.

Subd. 2. [AUTHORIZED ACTIONS.] The holder of the mortgage or sheriff's certificate may take the following actions to protect the premises from waste: install or change locks on doors and windows, board windows, and otherwise prevent or minimize damage to the premises from the elements, vandalism, trespass, or other illegal activities. If the holder of the mortgage or sheriff's certificate installs or changes locks under this section, a key to the premises must be promptly delivered to the mortgagor or any person lawfully claiming through the mortgagor, upon request.

Subd. 3. [COSTS.] All costs incurred by the holder of the mortgage to protect the premises from waste may be added to the principal balance of the mortgage. The costs may bear interest to the extent provided in the mortgage and may be added to the redemption price if the costs are incurred after a foreclosure sale. If the costs are incurred after a foreclosure sale, the purchaser at the foreclosure sale must comply with the provisions of section 582.03. The provisions of this section are in addition to, and do not limit or replace, any other rights or remedies available to holders of mortgages and sheriff's certificates, at law or under the applicable mortgage agreements.

Sec. 20. Minnesota Statutes 1988, section 582.30, subdivision 2, is amended to read:

Subd. 2. [GENERAL PROHIBITION FOR PROPERTY WITH A SIX-MONTH OR FIVE-WEEK REDEMPTION PERIOD.] A deficiency judgment is not allowed if a mortgage is foreclosed by advertisement under chapter 580, and has a redemption period of six months under section 580.23, subdivision 1 or five weeks under section 580.231.

Sec. 21. [566.35] [ESCROW OF RENT TO REMEDY VIOLATIONS.]

Subdivision 1. [DEFINITIONS.] The definitions in section 566.18, apply to this section.

Subd. 2. [ESCROW OF RENT.] If a violation exists in a building, a tenant may deposit the full amount of rent due to the owner with the court administrator using the following procedure:

(a) For a violation of section 566.18, subdivision 6, paragraph (a), the tenant may deposit with the court administrator the rent due to the owner along with a copy of the written notice of code violation provided in section 566.19, subdivision 2. The tenant may not deposit the rent or file the written notice of code violation until the time granted to make repairs has expired without satisfactory repairs being accomplished, unless the tenant alleges that the time granted is excessive.

(b) For a violation of section 566.18, subdivision 6, paragraph (b) or (c), the tenant shall give written notice to the owner specifying the violation. The notice must be delivered personally or sent to the person or place where rent is normally paid. If the violation is not corrected within 14 days, the tenant may deposit the amount of rent due to the owner with the court administrator along with an affidavit specifying the violation. The court shall provide a simplified form affidavit for use under this paragraph.

As long as proceedings are pending under this section, the tenant shall pay rent to the owner or as directed by the court and may not withhold rent in order to remedy a violation.

Subd. 3. [COUNTERCLAIM FOR POSSESSION.] The owner may file a counterclaim for possession of the premises in cases where the owner alleges that the tenant did not deposit the full amount of rent with the court administrator. The court must set the date for a hearing on the counterclaim not less than seven nor more than 14 days from the day of filing the counterclaim. If the rent escrow hearing and the hearing on the counterclaim for possession cannot be heard on the same day, the matters must be consolidated and

heard on the date scheduled for the hearing on the counterclaim. The contents of the counterclaim for possession must meet the requirements for a complaint in unlawful detainer under section 566.05. The owner must serve the counterclaim as provided in section 566.06, except that the affidavits of service or mailing may be brought to the hearing rather than filed with the court before the hearing. The court shall provide a simplified form for use under this section.

Subd. 4. [DEFENSES.] The defenses provided in section 566.23 are defenses to an action brought under this section.

Subd. 5. [FILING FEE.] The court administrator may charge a filing fee in the amount set for complaints and counterclaims in conciliation court subject to the filing of an inability to pay affidavit.

Subd. 6. [NOTICE OF HEARING.] A hearing must be held within ten to 14 days of the day a tenant deposits rent with the court administrator. If the cost of remedying the violation, as estimated by the tenant, is within the jurisdictional limit for conciliation court, the court administrator shall notify the owner and the tenant of the time and place of the hearing by first class mail. The tenant shall provide the court administrator with the owner's name and address. If the owner has disclosed a post office box as the owner's address under section 504.22, then notice of the hearing may be mailed to the post office box. If the cost of remedying the violation, as estimated by the tenant, is above the jurisdictional limit for conciliation court, the tenant shall serve the notice of hearing according to the rules of civil procedure. The notice of hearing must specify the amount the tenant has deposited with the court administrator and must inform the owner that possession of the premises will not be an issue at the hearing unless the owner files a counter claim for possession or an action under sections 566.01 to 566.17.

Subd. 7. [RELEASE OF RENT PRIOR TO HEARING.] If the tenant gives written notice to the court administrator that the code violation has been remedied, the court administrator shall release the rent to the owner and, unless the hearing has been consolidated with another action pending in housing court, shall cancel the hearing. If the tenant and the owner enter into a written agreement signed by both parties apportioning the rent between them, the court administrator shall release the rent in accordance with the written agreement and cancel the hearing.

Subd. 8. [CONSOLIDATION WITH UNLAWFUL DETAINER.] Actions under this section and actions in unlawful detainer brought under sections 566.01 to 566.17 that involve the same parties must be consolidated and heard on the date scheduled for the unlawful detainer.

Subd. 9. [HEARING.] The hearing shall be conducted by a court

without a jury. A certified copy of an inspection report meets the requirements of Rule 803(8) of the Rules of Evidence as an exception to the rule against hearsay, and meets the requirements of Rules 901 and 902 of the Rules of Evidence as to authentication.

Subd. 10. [JUDGMENT.] (a) Upon finding that a violation exists, the court may, in its discretion, do any or all of the following:

(1) order relief as provided in section 566.25, paragraph (a), (b), (d), or (e), including retroactive rent abatement;

(2) order that all or a portion of the rent in escrow be released for the purpose of remedying the violation;

(3) order that rent be deposited with the court as it becomes due to the owner or abate future rent until the owner remedies the violation; or

(4) impose fines as required in section 22.

(b) When a proceeding under this section has been consolidated with a counterclaim for possession or an action in unlawful detainer under sections 566.01 to 566.17, and the owner prevails, the tenant may redeem the tenancy as provided in section 504.02.

(c) When a proceeding under this section has been consolidated with a counterclaim for possession or an action under an unlawful detainer under sections 566.01 to 566.17 on the grounds of nonpayment, the court may not require the tenant to pay the owner's filing fee as a condition of retaining possession of the premises when the tenant has deposited with the court the full amount of money found by the court to be owing the owner.

Subd. 11. [RELEASE OF RENT AFTER HEARING.] Upon finding, after a hearing on the matter has been held, that no violation exists in the building, or that the tenant did not deposit the full amount of rent due with the court administrator, the court shall order the immediate release of the rent to the owner. Upon finding that a violation existed but was remedied between the commencement of the action and the hearing, the court may order rent abatement and shall release the rent to the parties accordingly. Any rent found owing the tenant must be released to the tenant.

Subd. 12. [RETRIBUTION; WAIVER; RIGHTS AS ADDITIONAL.] The provisions of section 566.28 apply to proceedings under this section. The tenant rights under this section may not be waived or modified and are in addition to and do not limit other rights or remedies which may be available to the tenant and owner, except as provided in subdivision 2.

Sec. 22. [566.36] [VIOLATIONS OF BUILDING REPAIR ORDERS.]

Subdivision 1. [DEFINITIONS.] The definitions in section 566.18, apply to subdivision 2.

Subd. 2. [NONCOMPLIANCE; FINES.] Upon finding an owner has failed to comply with a court order for building repairs, the court shall fine the owner according to the following schedule:

- (1) \$250 for the first violation of a court order;
- (2) \$500 for the second violation of the same court order; and
- (3) \$750 for the third and subsequent violations of the same court order.

The court must find that there has been a willful disregard of a court order before a fine may be imposed. An owner fined twice in a period of three years for failure to comply with a court order for repairs on any building owned is guilty of a gross misdemeanor for a third or subsequent violation and may be sentenced accordingly.

Subd. 3. [FINES COLLECTED.] Fines collected under this section must be paid to the state treasurer, deposited in the general fund, and credited to the general fund.

ARTICLE 4
SPECIAL LAWS

Section 1. [DEFINITION.]

"City" means the city of Saint Paul and the city of Minneapolis for the purposes of sections 2 to 6.

Sec. 2. Laws 1974, chapter 285, section 1, is amended to read:

Section 1. [~~MINNEAPOLIS, CITY OF;~~ HOUSING ACQUISITION AND REHABILITATION LOAN AND GRANT PROGRAM; PURPOSE.] The legislature of the state of Minnesota finds that preservation of the quality of life in a major metropolitan city is dependent upon the preservation of adequate housing, that many houses in the ~~city~~ cities of Minneapolis and Saint Paul do not meet the applicable housing code or otherwise need rehabilitation or modernizing, that there is a need for a comprehensive housing rehabilitation program in the ~~city~~ cities of Minneapolis and Saint Paul which will complement any statewide housing rehabilitation program, that some home owners are unable to afford any rehabilitation expenses, that many home owners are unable to afford housing rehabilitation loans at market rate of interest, and that because the availability of mortgage credit for housing rehabilitation is limited some home owners cannot obtain such credit, and that reinvestment in the housing stock by rehabilitating and updating homes is necessary to maintain the stability of neighborhoods in the city. The legislature further finds that the construction of housing to replace individual dilapidated and obsolete buildings, for which rehabilitation is not economically feasible, is necessary to increase the stability and maintain the value of housing in established neighborhoods.

Sec. 3. Laws 1974, chapter 285, section 2, is amended to read:

Sec. 2. [~~CITY OF MINNEAPOLIS;~~ HOUSING REHABILITATION LOAN PROGRAM.] The city of Minneapolis is authorized to develop and administer a housing rehabilitation loan program with respect to property located anywhere within its boundaries on such terms and conditions as it determines; provided that in approving applications for ~~this~~ such a program, the following factors shall be considered:

(1) The availability of other governmental programs affordable by the applicant;

(2) The availability and affordability of private market financing;

(3) Whether the housing is required, pursuant to an urban renewal program or a code enforcement program, to be repaired, improved, or rehabilitated;

(4) Whether the housing is required, pursuant to a court order issued under Minnesota Statutes, 1973 Supplement, Section 566.25, Clauses (b), (c), and (e), to be repaired, improved, or rehabilitated;

(5) Whether the housing has been determined to be uninsurable because of physical hazards after inspection pursuant to a statewide property insurance plan approved by the United States Department of Housing and Urban Development under Title XII of the National Housing Act; and further provided that all loans and grants shall be issued primarily for rehabilitating housing so that it meets applicable housing codes.

(6) Whether rehabilitation of the housing will maintain or improve the value of the housing and will help to stabilize the neighborhood in which the housing is located.

Sec. 4. Laws 1974, chapter 285, is amended by adding a new section to read:

Sec. 2a. [NEW SINGLE FAMILY RESIDENCES.]

Any housing rehabilitation loan program undertaken under section 3 may also provide for the city to make or purchase loans made to finance the acquisition of single family residences that have been newly constructed in established neighborhoods on land owned by the city or any agency of the city. For purposes of this section, land shall be considered to be owned by the city if the city or one of its agencies previously owned the land and conveyed it to an individual under a development agreement in which the individual has agreed to construct single family housing on such land. In approving applications for a loan to be made under this section, the following factors shall be considered:

(1) the availability and affordability of other governmental programs or private market financing; and

(2) whether the construction of such housing enhances the stability of the neighborhood in which it is located.

Sec. 5. Laws 1974, chapter 285, section 3, is amended to read:

Sec. 3. [CITY OF MINNEAPOLIS; HOUSING REHABILITATION GRANT PROGRAM.] The city of Minneapolis is authorized to develop and administer a housing rehabilitation grant program with respect to property within its boundaries, on such terms and conditions as it determines; provided that in approving applications for grants under this program, all of the considerations and limitations enumerated in section 2 for loans must be considered ~~in making grants under this program~~, and the following factors must also be considered:

(1) Whether the housing unit is a single family dwelling or homesteaded unit and

(2) Whether the applicant is a person of low income; and further provided that the city council of the city of Minneapolis shall by ordinance set forth the regulations for ~~this its grant program~~; and further provided that the dollar value of grants made shall not exceed five percent of the total value of the bonds issued for the loan and grant program together, and that all grants shall be made primarily to rehabilitate housing so that it meets applicable housing codes.

Sec. 6. Laws 1974, chapter 285, section 4, is amended to read:

Sec. 4. [ISSUANCE OF BONDS.] To finance the programs authorized in sections 2, 2a, and 3 of this act, the governing body of the city of Minneapolis may by resolution authorize, issue, and sell general obligation bonds of the city of Minneapolis in accordance with the provisions of Minnesota Statutes, Chapter 475. The total amount of all bonds in a city outstanding for the programs shall not exceed ~~\$10,000,000~~ \$25,000,000. The amount of all bonds issued shall ~~not be included in the net indebtedness of the city for the purpose of any charter or statutory debt limitation.~~

Sec. 7. Laws 1987, chapter 386, article 6, section 6, subdivision 2, is amended to read:

Subd. 2. [TARGETED NEIGHBORHOOD PARTICIPATION IN REVITALIZATION PROGRAM DEVELOPMENT.] The city shall develop a process to consult the residents in the targeted neighborhood concerning the development, drafting, and implementation of the revitalization program. The process may include the establishment of an advisory board in each city. The process must include at least one public hearing in addition to a public hearing held by the advisory board. The cities of Minneapolis and Duluth must use the certification process outlined in subdivisions 3 to 7. The city of Saint Paul must use the process outlined in section 2.

Sec. 8. Laws 1987, chapter 386, article 6, section 6, is amended by adding a subdivision to read:

Subd. 8. [CITY OF SAINT PAUL APPROVAL.] (a) For the purposes of this subdivision, "city" means the city of Saint Paul.

(b) A city may approve the preliminary revitalization program developed through a process that includes the citizen participation required under subdivision 2 only after holding a public hearing. Notice of the hearing must be provided in a newspaper of general circulation in the city and in the targeted neighborhoods not less than ten days nor more than 30 days before the date of the hearing. After the public hearing and after the city has incorporated any changes into the preliminary program as a result of the public hearing, the city may approve the preliminary program and shall submit the approved preliminary program for final approval to the review board.

(c) After approval, the city shall submit the preliminary program to the commissioner and the Minnesota housing finance agency for their comments. The state agencies have 30 days to provide comments to the preliminary program. State agency comments must be submitted in writing to the review board established under paragraph (d).

(d) The city shall each establish a city urban revitalization action program review board whose purpose is to review the preliminary program submitted by the city, and approve all or portions of the program. The review board consists of two city council members who represent targeted neighborhoods, two members representing the city's business community appointed by the chamber of commerce representing businesses in the city, and three residents of targeted neighborhoods appointed by the city council. Two members of the house of representatives and one member of the state senate appointed by the city's legislative delegation shall be nonvoting members of the review board. Nonvoting legislative members of the review board shall represent targeted neighborhoods. A member of the review board who is appointed as a targeted neighborhood resident may not be a member of a formal community planning organization, an elected public official, or in any way be involved in preparing or implementing the program or any portion of the program. The review board may require the city to contract for staff assistance in reviewing and approving the program. Persons who provide staff assistance to the review board may not be city employees or in any way involved in a formal or informal organization representing residents of a targeted neighborhood. The city may use state money available under section 7 to pay for the costs of staffing the review board.

(e) The review board shall review the city's preliminary program and approve all or portions of the program. In reviewing the program, the review board shall take into account any comments submitted by state agencies under paragraph (c). The review board

may only reject the revitalization program or portions of the program for the following reasons:

(1) the revitalization program does not include the information required under subdivision 1;

(2) the city did not follow the community-based process required under subdivision 2 for developing the revitalization program; or

(3) the revitalization program results in undue concentration of targeted neighborhood money in a single proposed activity or project.

The review board may approve all of the preliminary program and submit it to the city council for certification under paragraph (f) or submit for certification only those specific portions of the program approved by the review board. If the review board does not approve a portion of the program, it shall specify in writing to the city the reasons for not approving that portion of the program and any recommendations for changes. If the review board determines that a portion of the program needs significant changes, it may require the city to implement the community participation process under subdivision 2 and state review under this subdivision for making changes to that portion of the program.

(f) The city council may, by formal resolution, certify only those portions of a program approved by the review board under paragraph (e). A certification by the city council that all or portions of a revitalization program has been approved by the review board must be provided to the commissioner together with a copy of the approved portions of the program. A copy of the approved portions of the program must be submitted to the Minnesota housing finance agency.

(g) A revitalization program may be modified at any time by the city after a public hearing and approval by the review board. Notice of the public hearing must be published in a newspaper of general circulation in the city and in the targeted neighborhoods not less than ten days nor more than 30 days before the date of the hearing. If the review board determines that the proposed modification is a significant modification to the program originally certified under paragraph (f), it must require the implementation of the revitalization program approval and certification process under this subdivision for the proposed modification.

Sec. 9. [REPEALER.]

Laws 1974, chapter 351, sections 1, 2, 3, and 4, as amended by

Laws 1975, chapter 260, section 5; and Laws 1975, chapter 260, sections 1, 2, 3, 4, and 5 are repealed.

Sec. 10. [EFFECTIVE DATE; REHABILITATION LOAN AND GRANT PROGRAM.]

Sections 1 to 9 are effective the day after enactment without local approval in accordance with Minnesota Statutes, section 645.023, subdivision 1, clause (a):

ARTICLE 5

OTHER HOUSING PROVISIONS

Section 1. Minnesota Statutes 1988, section 282.01, subdivision 1, is amended to read:

Subdivision 1. [CLASSIFICATION; USE; EXCHANGE.] It is the general policy of this state to encourage the best use of tax-forfeited lands, recognizing that some lands in public ownership should be retained and managed for public benefits while other lands should be returned to private ownership. All parcels of land becoming the property of the state in trust under the provisions of any law now existing or hereafter enacted declaring the forfeiture of lands to the state for taxes, shall be classified by the county board of the county wherein such parcels lie as conservation or nonconservation. Such classification shall be made with consideration, among other things, to the present use of adjacent lands, the productivity of the soil, the character of forest or other growth, accessibility of lands to established roads, schools, and other public services, their peculiar suitability or desirability for particular uses and the suitability of the forest resources on the land for multiple use, sustained yield management. Such classification, furthermore, shall aid: to encourage and foster a mode of land utilization that will facilitate the economical and adequate provision of transportation, roads, water supply, drainage, sanitation, education, and recreation; to facilitate reduction of governmental expenditures; to conserve and develop the natural resources; and to foster and develop agriculture and other industries in the districts and places best suited thereto.

In making such classification the county board may make use of such data and information as may be made available by any office or department of the federal, state, or local governments, or by any other person or agency possessing information pertinent thereto at the time such classification is made. Such lands may be reclassified from time to time as the county board may deem necessary or desirable, except as to conservation lands held by the state free from any trust in favor of any taxing district.

If any such lands are located within the boundaries of any

organized town, with taxable valuation in excess of \$20,000, or incorporated municipality, the classification or reclassification and sale shall first be approved by the town board of such town or the governing body of such municipality insofar as the lands located therein are concerned. The town board of the town or the governing body of the municipality will be deemed to have approved the classification or reclassification and sale if the county board is not notified of the disapproval of the classification or reclassification and sale within 90 days of the date the request for approval was transmitted to the town board of the town or governing body of the municipality. If the town board or governing body desires to acquire any parcel lying in the town or municipality by procedures authorized in this subdivision, it shall, within 90 days of the request for classification or reclassification and sale, file a written application with the county board to withhold the parcel from public sale. The county board shall then withhold the parcel from public sale for one year.

Any tax-forfeited lands may be sold by the county board to any organized or incorporated governmental subdivision of the state for any public purpose for which such subdivision is authorized to acquire property or may be released from the trust in favor of the taxing districts upon application of any state agency for any authorized use at not less than their value as determined by the county board. The commissioner of revenue shall have power to convey by deed in the name of the state any tract of tax-forfeited land held in trust in favor of the taxing districts, to any governmental subdivision for any authorized public use, provided that an application therefor shall be submitted to the commissioner with a statement of facts as to the use to be made of such tract and the need therefor and the recommendation of the county board: and provided further, that upon application of a political subdivision and the filing with the commissioner of revenue and the county board of a resolution adopted by the governing body of the political subdivision finding that the conveyance of a tract of tax-forfeited land to the political subdivision is necessary to provide for the redevelopment of land as productive taxable property, the commissioner of revenue shall convey by deed in the name of the state the tract of land to the political subdivision. The deed of conveyance shall be upon a form approved by the attorney general and shall be conditioned upon continued use for the purpose stated in the application, provided, however, that if the governing body of such governmental subdivision by resolution determines that some other public use shall be made of such lands, and such change of use is approved by the county board and an application for such change of use is made to, and approved by, the commissioner, such changed use may be made of such lands without the necessity of the governing body conveying the lands back to the state and securing a new conveyance from the state to the governmental subdivision for such new public use.

Whenever any governmental subdivision to which any tax-for-

feited land has been conveyed for a specified public use as provided in this section shall fail to put such land to such use, or to some other authorized public use as provided herein, or shall abandon such use, the governing body of the subdivision shall authorize the proper officers to convey the same, or such portion thereof not required for an authorized public use, to the state of Minnesota, and such officers shall execute a deed of such conveyance forthwith, which conveyance shall be subject to the approval of the commissioner and in form approved by the attorney general, provided, however, that a sale, lease, transfer or other conveyance of such lands by a housing and redevelopment authority, a port authority, an economic development authority, or a city as authorized by sections 469.001 to 469.047 chapter 469 shall not be an abandonment of such use and such lands shall not be reconveyed to the state nor shall they revert to the state. A certificate made by a housing and redevelopment authority, a port authority, an economic development authority, or a city referring to a conveyance by it and stating that the conveyance has been made as authorized by sections 469.001 to 469.047 chapter 469 may be filed with the county recorder or registrar of titles, and the rights of reverter in favor of the state provided by this subdivision will then terminate. No vote of the people shall be required for such conveyance. In case any such land shall not be so conveyed to the state, the commissioner of revenue shall by written instrument, in form approved by the attorney general, declare the same to have reverted to the state, and shall serve a notice thereof, with a copy of the declaration, by certified mail upon the clerk or recorder of the governmental subdivision concerned, provided, that no declaration of reversion shall be made earlier than five years from the date of conveyance for failure to put such land to such use or from the date of abandonment of such use if such lands have been put to such use. The commissioner shall file the original declaration in the commissioner's office, with verified proof of service as herein required. The governmental subdivision may appeal to the district court of the county in which the land lies by filing with the court administrator a notice of appeal, specifying the grounds of appeal and the description of the land involved, mailing a copy thereof by certified mail to the commissioner of revenue, and filing a copy thereof for record with the county recorder or registrar of titles, all within 30 days after the mailing of the notice of reversion. The appeal shall be tried by the court in like manner as a civil action. If no appeal is taken as herein provided, the declaration of reversion shall be final. The commissioner of revenue shall file for record with the county recorder or registrar of titles, of the county within which the land lies, a certified copy of the declaration of reversion and proof of service.

Any city of the first class now or hereafter having a population of 450,000, or over, or its board of park commissioners, which has acquired tax-forfeited land for a specified public use pursuant to the terms of this section, may convey said land in exchange for other land of substantially equal worth located in said city of the first

class, provided that the land conveyed to said city of the first class now or hereafter having a population of 450,000, or over, or its board of park commissioners, in exchange shall be subject to the public use and reversionary provisions of this section; the tax-forfeited land so conveyed shall thereafter be free and discharged from the public use and reversionary provisions of this section, provided that said exchange shall in no way affect the mineral or mineral rights of the state of Minnesota, if any, in the lands so exchanged.

Sec. 2. Minnesota Statutes 1988, section 462A.05, subdivision 24, is amended to read:

Subd. 24. It may engage in housing programs for low and moderate income elderly, handicapped, or developmentally disabled persons, as defined by the agency, to provide grants or loans, with or without interest, for

(1) accessibility improvements to residences occupied by elderly persons;

(2) housing sponsors, as defined by the agency, of home sharing programs to match existing elderly homeowners with prospective tenants who will contribute either rent or services to the homeowner, where either the homeowner or the prospective tenant is elderly, handicapped, or developmentally disabled;

(3) the construction of or conversion of existing buildings into structures for occupancy by the elderly that contain from three to 12 private sleeping rooms with shared cooking facilities and common space; and

(4) housing sponsors, as defined by the agency, to demonstrate the potential for home equity conversion in Minnesota for the elderly, in both rural and urban areas, and to determine the need in those equity conversions for consumer safeguards.

In making the grants or loans, the agency shall determine the terms and conditions of repayment and the appropriate security, if any, should repayment be required. The agency may provide technical assistance to sponsors of home sharing programs or may contract or delegate the provision of the technical assistance in accordance with section 462A.07, subdivision 12.

Housing sponsors who receive funding through these programs shall provide homeowners and tenants participating in a home sharing program with information regarding their rights and obligations as they relate to federal and state tax law including, but not limited to, taxable rental income, homestead credit under chapter 273, and the property tax refund act under chapter 290A.

Sec. 3. Minnesota Statutes 1988, section 462C.02, is amended by adding a subdivision to read:

Subd. 12. [LOAN.] "Loan" means:

(1) for single family housing, any loan, mortgage, or other form of owner financing; and

(2) for multifamily housing developments which are rental property, any loan, mortgage, financing lease, or revenue agreement.

Sec. 4. Minnesota Statutes 1988, section 462C.02, is amended by adding a subdivision to read:

Subd. 13. [REVENUE AGREEMENT] "Revenue agreement" has the meaning given that term in section 469.153, subdivision 10.

Sec. 5. Minnesota Statutes 1988, section 462C.05, is amended by adding a subdivision to read:

Subd. 8. [REVENUE AGREEMENT AND FINANCING LEASE.] Any revenue agreement or financing lease that includes a provision for a conveyance of real estate to the lessee or contracting party may be terminated in accordance with the revenue agreement or financing lease, notwithstanding that the revenue agreement or financing lease may constitute an equitable mortgage. No financing lease of any development shall be subject to section 504.02, unless expressly so provided in the financing lease. Leases of specific dwelling units in the development to the tenants thereof are not affected by this subdivision.

Sec. 6. Minnesota Statutes 1988, section 463.15, subdivision 3, is amended to read:

Subd. 3. [HAZARDOUS BUILDING PROPERTY.] "Real property, including any building, shall be deemed hazardous building" means any building which if the property, because of inadequate maintenance, dilapidation, physical damage, unsanitary condition, or abandonment, constitutes a fire hazard or a hazard to public safety or health.

Sec. 7. Minnesota Statutes 1988, section 463.15, subdivision 4, is amended to read:

Subd. 4. [OWNER, OWNER OF RECORD, AND LIEN HOLDER OF RECORD.] "Owner," "owner of record," and "lien holder of record" means a person having a right or interest in property to which Laws 1967, chapter 324, applies described in subdivision 3 and evidence of which is filed and recorded in the office of the county

recorder or registrar of titles in the county in which the property is situated.

Sec. 8. [465.271] [HAZARDOUS PROPERTY PENALTY.]

Any home rule charter or statutory city may assess a penalty up to one percent of the market value of real property, including any building located within the city that the city determines to be hazardous as defined in section 463.15, subdivision 3. The city shall send a written notice to the address to which the property tax statement is sent at least 90 days before it may assess the penalty. If the owner of the property has not paid the penalty and fixed the property within 90 days after receiving notice of the penalty, the penalty is considered delinquent and is increased by 25 percent each 60 days the penalty is not paid and the property remains hazardous. For the purposes of this section, a penalty that is delinquent is considered a delinquent property tax and subject to chapters 279, 280, and 281, in the same manner as delinquent property taxes.

Sec. 9. Minnesota Statutes 1988, section 469.007, is amended to read:

469.007 [POWERS OF COUNTY AND MULTICOUNTY AUTHORITIES.]

Subdivision 1. [POWERS.] A county or multicounty authority and its commissioners shall, within the area of operation of the authority, have the same functions, rights, powers, duties, privileges, immunities, and limitations as are provided for housing and redevelopment authorities created for cities, and for the commissioners of those authorities. The provisions of law applicable to housing and redevelopment authorities created for cities and their commissioners shall be applicable to county and multicounty authorities and their commissioners, except as clearly indicated otherwise.

Subd. 2. [POWERS AS TO HOUSING DEVELOPMENT PROJECTS.] When a county or multicounty authority undertakes any housing project or housing development project involving the acquisition of multifamily housing rental properties that (1) were financed under the Federal Section 8 or Section 236 programs, or (2) are designed to be affordable to persons or families with incomes not greater than 80 percent of median income for the metropolitan statistical area or nonmetropolitan county, and are located within any village, city, or township, the authority shall notify the governing body of such village, city, or township in writing of the location of such housing project or housing development project. requiring local approval of the location of housing projects and housing development projects undertaken by county or multicounty authorities.

Sec. 10. Minnesota Statutes 1988, section 469.012, subdivision 1, is amended to read:

Subdivision 1. [SCHEDULE OF POWERS.] An authority shall be a public body corporate and politic and shall have all the powers necessary or convenient to carry out the purposes of sections 469.001 to 469.047, except that the power to levy and collect taxes or special assessments is limited to the power provided in sections 469.027 to 469.033. Its powers include the following powers in addition to others granted in sections 469.001 to 469.047:

(3) to delegate to one or more of its agents or employees the powers or duties it deems proper;

(4) within its area of operation, to undertake, prepare, carry out, and operate projects and to provide for the construction, reconstruction, improvement, extension, alteration, or repair of any project or part thereof;

of the conditions found to exist in the resolution adopted pursuant to section 469.003 or to provide decent, safe, and sanitary housing for persons of low and moderate income, or is necessary to carry out a redevelopment project. Real property needed or convenient for a project may be acquired by the authority for the project by condemnation pursuant to this section. This includes any property devoted to a public use, whether or not held in trust, notwithstanding that the property may have been previously acquired by condemnation or is owned by a public utility corporation, because the public use in conformity with the provisions of sections 469.001 to 469.047 shall be deemed a superior public use. Property devoted to a public use may be so acquired only if the governing body of the municipality has approved its acquisition by the authority. An award of compensation shall not be increased by reason of any increase in the value of the real property caused by the assembly, clearance or reconstruction, or proposed assembly, clearance or reconstruction for the purposes of sections 469.001 to 469.047 of the real property in an area;

The authority may dispose of the property pursuant to section 469.029, provided that the provisions of section 469.029 requiring conformance to an urban renewal plan shall not apply. The authority may finance these activities by means of the redevelopment project fund or by means of tax increments or tax increment bonds or by the methods of financing provided for in section 469.033 or by means of contributions from the municipality provided for in section 469.041, clause (9), or by any combination of those means. Real property with buildings or improvements thereon shall only be acquired under this clause when the buildings or improvements are substandard. The exercise of the power of eminent domain under this clause shall be limited to real property which contains buildings and improvements which are vacated and substandard. For the purpose of this clause, substandard buildings or improvements mean hazardous buildings as defined in section 463.15, subdivision 3, or buildings or improvements that are dilapidated or obsolescent, faultily designed, lack adequate ventilation, light, or sanitary facilities, or any combination of these or other factors that are detrimental to the safety or health of the community;

(8) within its area of operation, to determine the level of income constituting low or moderate family income. The authority may establish various income levels for various family sizes. In making its determination, the authority may consider income levels that

may be established by the federal housing administration or a similar or successor federal agency for the purpose of federal loan guarantees or subsidies for persons of low or moderate income. The authority may use that determination as a basis for the maximum amount of income for admissions to housing development projects or housing projects owned or operated by it;

(9) to provide in federally assisted projects any relocation payments and assistance necessary to comply with the requirements of the Federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, and any amendments or supplements thereto;

(12) to make plans for carrying out a program of voluntary repair and rehabilitation of buildings and improvements; and plans for the enforcement of laws, codes, and regulations relating to the use of land and the use and occupancy of buildings and improvements, and to the compulsory repair, rehabilitation, demolition, or removal of buildings and improvements. The authority may develop, test, and report methods and techniques, and carry out demonstrations and other activities for the prevention and elimination of slums and blight;

(13) to borrow money or other property and accept contributions, grants, gifts, services, or other assistance from the federal government, the state government, state public bodies, or from any other public or private sources;

(14) to include in any contract for financial assistance with the federal government any conditions that the federal government may attach to its financial aid of a project, not inconsistent with purposes of sections 469.001 to 469.047, including obligating itself (which obligation shall be specifically enforceable and not constitute a mortgage, notwithstanding any other laws) to convey to the federal government the project to which the contract relates upon the occurrence of a substantial default with respect to the covenants or conditions to which the authority is subject; to provide in the contract that, in case of such conveyance, the federal government may complete, operate, manage, lease, convey, or otherwise deal

(18) to carry out studies of the housing and redevelopment needs within its area of operation and of the meeting of those needs. This includes study of data on population and family groups and their distribution according to income groups, the amount and quality of available housing and its distribution according to rentals and sales prices, employment, wages, desirable patterns for land use and community growth, and other factors affecting the local housing and redevelopment needs and the meeting of those needs; to make the results of those studies and analyses available to the public and to building, housing, and supply industries;

(19) if a local public body does not have a planning agency or the planning agency has not produced a comprehensive or general community development plan, to make or cause to be made a plan to be used as a guide in the more detailed planning of housing and redevelopment areas;

(20) to lease or rent any dwellings, accommodations, lands, buildings, structures, or facilities included in any project and, subject to the limitations contained in sections 469.001 to 469.047 with respect to the rental of dwellings in housing projects, to establish and revise the rents or charges therefor;

(21) to own, hold, and improve real or personal property and to sell, lease, exchange, transfer, assign, pledge, or dispose of any real or personal property or any interest therein;

(22) to insure or provide for the insurance of any real or personal property or operations of the authority against any risks or hazards;

(23) to procure or agree to the procurement of government insur-

(25) to enter into an agreement or agreements with any state public body to provide informational service and relocation assistance to families, individuals, business concerns, and nonprofit organizations displaced or to be displaced by the activities of any state public body;

(26) to compile and maintain a catalog of all vacant, open and undeveloped land, or land which contains substandard buildings and improvements as that term is defined in clause (7), that is owned or controlled by the authority or by the governing body within its area of operation and to compile and maintain a catalog of all authority owned real property that is in excess of the foreseeable needs of the authority, in order to determine and recommend if the real property compiled in either catalog is appropriate for disposal pursuant to the provisions of section 469.029, subdivisions 9 and 10;

(27) to recommend to the city concerning the enforcement of the applicable health, housing, building, fire prevention, and housing maintenance code requirements as they relate to residential dwelling structures that are being rehabilitated by low or moderate income persons pursuant to section 469.029, subdivision 9, for the period of time necessary to complete the rehabilitation, as determined by the authority;

(28) to recommend to the city the initiation of municipal powers, against certain real properties, relating to repair, closing, condemnation, or demolition of unsafe, unsanitary, hazardous, and unfit buildings, as provided in section 469.041, clause (5); and

(29) to sell, at private or public sale, at the price or prices determined by the authority, any note, mortgage, lease, sublease, lease purchase, or other instrument or obligation evidencing or securing a loan made for the purpose of economic development, job creation, redevelopment, or community revitalization by a public agency to a business, for-profit or nonprofit organization, or an individual; and

(30) within its area of operation, to acquire and sell real property that is benefited by federal housing assistance payments, other rental subsidies, or interest reduction payments, other rental subsidies, or interest reduction contracts for the purpose of preserving the affordability of low- and moderate-income multifamily housing.

Section 9 is effective the day following final enactment.

"ARTICLE 1

FEDERAL CROP INSURANCE; OTHER PROVISIONS

Section 1. [17.752] [FINDING OF PUBLIC PURPOSE.]

The legislature finds that federal crop insurance represents the lowest cost, most economically feasible mechanism for protecting farm families from severe economic stress caused by drought and other natural disasters. The legislature further finds that costs to the state for rural disaster relief are greatly reduced when a majority of farmers carry federal crop insurance. In order to encourage all farmers to carry federal crop insurance, it is a valid public purpose for state funds to be used to make grants for a portion of the premium costs of the crop insurance.

Sec. 2. [17.754] [GRANTS FOR PARTIAL PAYMENT OF FEDERAL CROP INSURANCE.]

Subdivision 1. [ELIGIBLE CROPS.] Crops eligible for partial payment of federal crop insurance are barley, corn, flax, oats, soybeans, sugar beets, canning crops grown under contract, and wheat.

Subd. 2. [CERTIFICATION OF ELIGIBILITY.] An applicant for partial payment of the federal crop insurance premium on an eligible crop must apply to the federal crop insurance corporation for a determination of eligibility. The federal crop insurance corporation must certify the eligibility of each applicant and determine the total premium to be paid for crop insurance coverage on all eligible crops.

Subd. 3. [APPLICATION FOR STATE PAYMENT; REPORT.] The federal crop insurance corporation shall apply to the commissioner for payment of the state share of the premium on eligible crops. Before a state payment for crop insurance is authorized, the federal crop insurance corporation must report to the commissioner the following information:

(1) the total cost to the state for crop insurance premiums at the rate authorized in subdivision 5;

(2) the acreage of each eligible crop in each county;

(3) the participation rate for each eligible crop in each county; and

(4) other information the commissioner reasonably requires.

Subd. 4. [COMMISSIONER TO REPORT TO LEGISLATURE.] By June 1, 1989, and June 1 in each succeeding year, the commissioner shall report to the chairs of the house and senate committees on agriculture on the program of partial state payment for federal crop insurance. The report must include county costs and participation rates for each eligible crop and the commissioner's recommendations for changes in the program, if any.

Subd. 5. [COMMISSIONER TO MAKE PAYMENT.] To the extent of funds appropriated for this program, the commissioner shall make a payment to the federal crop insurance corporation in an amount equal to ten percent of the total annual farmer-paid crop insurance premium on eligible crops covered by the application under subdivision 3.

Sec. 3. [17.756] [RULES.]

The commissioner of agriculture shall adopt rules for purposes of sections 1 to 3.

Sec. 4. Minnesota Statutes 1988, section 38.013, is amended to read:

38.013 [TORT LIABILITY.]

The provisions of chapter 466, regarding tort liability apply to county agricultural societies organized under this chapter, except that no person who serves without compensation as a member of the board of a county agricultural society created or organized under this chapter shall be held civilly liable for an act or omission by that person if the act or omission was in good faith, was within the scope of the person's responsibilities as a member of the board, and did not constitute willful or reckless misconduct.

This subdivision does not apply to:

(1) an action or proceeding brought by the attorney general for a breach of a fiduciary duty as a director;

(2) a cause of action to the extent it is based on federal law; or

(3) a cause of action based on the board member's express contractual obligation.

Nothing in this subdivision shall be construed to limit the liability of a member of the board for physical injury to the person of another or for wrongful death which is personally and directly caused by the board member.

For purposes of this subdivision, the term "compensation" means any thing of value received for services rendered, except:

(1) reimbursement for expenses actually incurred;

(2) a per diem in an amount not to exceed the per diem authorized for state advisory councils and committees pursuant to section 15.059, subdivision 3; or

(3) payment by the county agricultural society of insurance premiums on behalf of a member of the board.

Sec. 5. Minnesota Statutes 1988, section 1160.09, subdivision 5, is amended to read:

Subd. 5. [ADVISORY BOARD.] A 26-member advisory board is established to identify priorities for the agricultural utilization research institute. Members of the advisory board are appointed by the board. The advisory board consists of: the chair of the Minnesota house of representatives agricultural committee or the chair's designee; the chair of the Minnesota senate agricultural committee or the chair's designee; a representative from each of the ten largest agricultural-related businesses in the state as determined by the corporation; a member from each of the appropriate trade organizations representing producers of beef cattle, dairy, corn, soybeans, pork, wheat, turkey, barley, wild rice, edible beans, eggs, and potatoes; a member of the Farmers's Union; and a member of the Farm Bureau. (3) the load is firmly secured; and

(4) the vehicle and its load pose no undue risk to the operator or other persons or property.

Subd. 2. [ELIGIBLE PARTICIPANTS.] Public and private entities willing to participate in the experimental grasshopper control program may not be required to pay more than 20 percent of the cost of the experimental control methods on property they are responsible for controlling.

Subd. 3. [ADMINISTRATION.] The commissioner shall develop the experimental grasshopper control program and may adopt rules, guidelines, and procedures notwithstanding chapter 14 to implement the program, except the commissioner must comply with section 14.38, subdivisions 7 and 8.

Sec. 5. [EFFECTIVE DATE.]

Sections 1, 2, and 4, and section 3, subdivisions 1, 2, and 5, are effective the day following final enactment.

ARTICLE 10

AGRICULTURAL LIMING MATERIALS

Section 1. Minnesota Statutes 1988, section 17.7242, subdivision 1, is amended to read:

Subdivision 1. [PURPOSE.] The purpose of the demonstration project required under sections 17.7241 to this section and sections 17.7243 and 17.7245 is to identify appropriate and mutually beneficial methods for the use of industrial by-product soil buffering materials. Proper use will minimize current waste disposal problems, provide a market for an underutilized resource, and make available to farmers an effective, low-cost soil buffering product.

Sec. 2. Minnesota Statutes 1988, section 17.7242, subdivision 2, is amended to read:

Subd. 2. [AUTHORITY.] The commissioner shall coordinate the design and implementation of a demonstration project to examine the technical feasibility, economic benefits, and environmental impacts of using industrial by-product soil buffering materials as a substitute for limestone and other traditional soil buffering materials.

Sec. 3. [17.731] [CITATION.]

Sections 3 to 15 are known and may be cited as the "Minnesota agricultural liming materials law."

Sec. 4. [17.732] [POWERS AND DUTIES OF COMMISSIONER.]

Subdivision 1. [ADMINISTRATION.] The commissioner shall administer, implement, and enforce sections 3 to 15, and the department of agriculture is the lead state agency for the regulation of agricultural liming materials. Sec. 6. [17.736] [LICENSE, RENEWAL.]

Subdivision 1. [LICENSE TO SELL.] Before a person may sell, offer for sale, or dispose of in this state agricultural liming material to be used for the correction of soil acidity or soil fertility, the distributor and producer must obtain a license by filing with the commissioner an acceptable application for a license to sell, together with the license fee, on or before January 1 of each year. The application must state the name of the producer or distributor, the location of the principal office of the producer or distributor, the number and location of each source of production covered by the license, and the name, brand, or trademark under which the agricultural liming material will be sold.

Subd. 2. [OUT-OF-STATE SOURCE OF PRODUCTION.] One license for all sources of production for a firm that is located outside of the state must be obtained from the commissioner.

Subd. 3. [EFFECTIVE DATES.] Each license is effective until January 1 next following the date of its issuance or approval. A license must not be transferable from one person to another, or from the ownership to whom issued to another ownership, or from one location to another location.

Subd. 4. [LICENSE POSTING.] The license must be posted in a conspicuous place in each location in this state where these operations are performed.

Subd. 5. [SUBSTANTIATION OF CLAIMS.] The commissioner may require a person applying for a license to sell or produce an agricultural liming material for use in Minnesota to submit authentic experimental evidence or university research data to substantiate the claims made for the product. As evidence to substantiate claims, the commissioner may rely on experimental data, evaluations, or advice furnished by experts at the University of Minnesota and may accept or reject additional sources of evidence in evaluating the agricultural liming material. In all cases, the experimental evidence must relate to conditions in Minnesota for which use of the product is intended. The commissioner may also require evidence of value when used as directed or recommended.

Subd. 6. [INSUFFICIENT EVIDENCE.] If the commissioner determines that the evidence submitted under subdivision 5 does not substantiate the product's usefulness in this state, the commissioner may require the applicant to submit samples, conduct tests, or submit additional information, including conditions affecting performance, in order to evaluate its performance and usefulness.

Sec. 7. [17.737] [LABELING; GUARANTEED ANALYSIS.]

Subdivision 1. [PRODUCT LABEL.] An agricultural liming material offered for sale in this state must be labeled in accordance with rules adopted under this chapter.

Subd. 2. [BULK SHIPMENT LABEL.] If agricultural liming material is transported or sold in bulk, the data in written or printed form as required by subdivision 1 must accompany each delivery and be supplied to each purchaser at the time of delivery.

Sec. 8. [17.738] [LICENSE AND SAMPLING FEES.]

Subdivision 1. [APPLICATION FEE.] An application for a license must be accompanied by a fee of \$100.

Subd. 2. [ADDITIONAL FEE AFTER JANUARY 1.] If an application for license renewal is not filed before January 1 of any year, an additional fee amounting to 50 percent of the amount due must be assessed before the renewal license may be issued.

Subd. 3. [ADDITIONAL FEES FOR PRIOR YEARS.] The applicant shall also pay any license fees for prior years in which the applicant sold an agricultural liming material in Minnesota in violation of this chapter plus an additional fee of 100 percent of the amount due.

Subd. 4. [SAMPLE FEE.] The commissioner may sample agricultural liming material from a source of production as often as deemed necessary to implement sections 3 to 15. A sampling fee of \$25 must be assessed for each sample collected but may not exceed \$25 per calendar year at each source of production.

Sec. 9. [17.739] [TONNAGE REPORT.]

Subdivision 1. [SEMIANNUAL STATEMENT.] Each licensed distributor or producer of agricultural liming material shall file with the commissioner on forms furnished by the commissioner, a semiannual statement for the periods ending December 31 and June 30 setting forth the number of net tons of agricultural liming material sold in this state during the reporting period. The report is due on or before the last day of the month following the close of each reporting period of each calendar year. For a tonnage report that is not filed within 31 days after the end of the reporting period, a penalty of \$50 must be paid by the licensee and is a debt and may be recovered in a civil action against the licensee. The assessment of this penalty does not prevent the department from taking other actions as provided in sections 3 to 15. The commissioner may by rule require additional reports for the purpose of gathering statistical data relating to agricultural liming material distributed in Minnesota.

Subd. 2. [SEPARATE REPORTS.] A separate report under subdivision 1 is due for each source of production.

Subd. 3. [RECORD VERIFICATION.] Submission of each tonnage report is authority for the commissioner to verify the records upon which the statement of tonnage is based.

Sec. 10. [17.74] [INSPECTION AND INVESTIGATION.]

Subdivision 1. [ACCESS AND ENTRY.] (a) The commissioner, upon presentation of official department credentials, must be granted access at reasonable times without delay to sites (1) where a person produces, handles, distributes, uses, disposes of, stores, or transports an agricultural liming material; and (2) which the commissioner reasonably believes are affected, or possibly affected, by the use of an agricultural liming material or device in violation of sections 3 to 15.

(b) The commissioner may enter sites for:

(1) inspection of equipment for the production, handling, distribution, disposal, or application of an agricultural liming material and the premises on which the equipment is stored;

(2) sampling of sites actually or reportedly exposed to agricultural liming materials;

(3) inspection of storage, handling, distribution, use, or disposal areas of agricultural liming material;

(4) inspection or investigation of complaints of injury to the environment;

(5) sampling of agricultural liming materials;

(6) observation of the use and application of an agricultural liming material;

(7) inspection of records related to the production, handling, distribution, storage, sale, use, or disposal of agricultural liming material; and

(8) other purposes necessary to implement sections 3 to 15.

Subd. 2. [NOTICE OF INSPECTION SAMPLES AND ANALYSES.] (a) The commissioner shall provide the owner, operator, or agent in charge with a receipt describing any samples obtained. If an analysis is made of the samples, a copy of the results of the analysis must be furnished to the owner, operator, or agent in charge.

(b) The methods of sampling and analysis must be those adopted by the association of official analytical chemists. In cases not covered by those methods, or in cases where methods are available in which improved applicability has been demonstrated, the commissioner may adopt appropriate methods from other sources.

Sec. 11. [17.741] [FALSE OR MISLEADING STATEMENTS.]

An agricultural liming material is misbranded if it carries a false or misleading statement on the container or on the label attached to the container, or if false or misleading statements concerning the agricultural liming material are disseminated in any manner or by any means. It is unlawful to sell a misbranded agricultural liming material.

Sec. 12. [17.742] [ADULTERATION.]

No person may sell an adulterated agricultural liming material. An agricultural liming material is adulterated if:

(1) it contains a deleterious or harmful ingredient in sufficient amount to render it injurious to plant life or the environment when applied in accordance with directions for use on the label;

(2) its composition falls below or differs from that it is purported to possess by its labeling; or

(3) it contains unwanted crop seed or weed seed.

Adulterated products that cannot be reconditioned must be disposed of by methods approved by the commissioner.

Sec. 13. [17.743] [RULES.]

Subdivision 1. [FOR ADMINISTRATION.] The commissioner shall adopt permanent rules necessary to administer sections 3 to 15.

Subd. 2. [LIMING MATERIALS.] The commissioner may adopt rules governing the distribution, labeling, sale, handling, certification, use, application, storage, sampling, and analysis of liming materials.

Sec. 14. [17.744] [VIOLATIONS; PENALTY.]

Subdivision 1. [LICENSE.] The commissioner may cancel a license issued under sections 3 to 15 upon satisfactory evidence that the licensee has used fraudulent and deceptive practices in the evasion or attempted evasion of the provisions of this section. No license may be revoked until the licensee has been given opportunity for a hearing by the commissioner.

Subd. 2. [COMMISSIONER'S DISCRETION.] Nothing in sections 3 to 15 requires the commissioner to report a person for prosecution or issue a withdrawal from distribution (stop-sale) order as a result of a minor violation of sections 3 to 15 or when the commissioner believes the public interest will be best served by a suitable notice of warning in writing.

Sec. 15. [17.745] [ADMINISTRATIVE ACTION.]

Subdivision 1. [ADMINISTRATIVE REMEDIES.] The commissioner may seek to remedy violations of sections 3 to 15 or the commissioner's orders by a written warning, administrative meeting, cease and desist, stop-use, stop-sale, or other special order, stipulation, or agreement, if the commissioner determines that the remedy is in the public interest.

Subd. 2. [REVOCAION AND SUSPENSION.] The commissioner may, after written notice and hearing, revoke, suspend, or refuse to grant or renew a license if a person violates sections 3 to 15 or has a history of violations of sections 3 to 15.

Sec. 16. [INSTRUCTION TO REVISOR.]

In the next and all future editions of Minnesota Statutes, the revisor of statutes shall renumber the sections listed in column A to the numbers listed in column B:

Column A
17.7242
17.7243
17.7245

Column B
17.734
17.735
17.735, subdivision 3

The revisor shall also correct all cross-references to the renumbered sections.

Sec. 17. [REPEALER.]

Minnesota Statutes 1988, sections 17.7241; 17.7244; and 17.7246, are repealed.

Sec. 18. [REPEALER.]

Sections 3 to 15 are repealed effective June 30, 1991.

Sec. 19. [EFFECTIVE DATE.]

This article is effective the day following final enactment.

ARTICLE 11

ADVISORY TASK FORCE ON FARM SAFETY

Section 1. [ADVISORY TASK FORCE ON FARM SAFETY.]

Subdivision 1. [PURPOSE AND DUTIES.] An advisory task force on farm safety consisting of 11 members is established. The principal purpose of the task force is to determine ways in which the very high risks of accident and injury to farm operators and their families and employees can be minimized. The task force may review relevant research and studies by other groups and organizations within or outside of Minnesota. The task force may give particular attention to the safety of farm children and youth, accident prevention, equipment design, stress management, and safety education.

Subd. 2. [MEMBERSHIP.] The commissioner of agriculture shall appoint members of the task force who are broadly representative of groups with an interest in farm safety. At least one member must represent each of the following: farm operators; farm organizations; farm equipment manufacturers or dealers; the rural health care industry; the agricultural chemicals industry; and the insurance industry.

Subd. 3. [EXPENSES AND EXPIRATION.] Expenses and expiration of the task force are governed by Minnesota Statutes, section 15.059, subdivision 6.

Subd. 4. [STAFF ASSISTANCE.] The commissioner of agriculture shall provide staff assistance as required for efficient operation of the task force.

Subd. 5. [REPORTS.] On or before March 1, 1990, the task force shall report to the house and senate committees on agriculture its findings and recommendations for legislation on farm accident prevention and other public policy changes that would be likely to improve health and safety on Minnesota farms.

Subd. 6. [FUNDING.] In addition to money appropriated for purposes of this article, the commissioner may solicit from organizations and individuals contributions of money or in-kind services for purposes of the advisory task force and its report.

ARTICLE 12

FARM LAND OWNERSHIP, DEBT

Section 1. Minnesota Statutes 1988, section 47.20, subdivision 15, is amended to read:

Subd. 15. (a) Notwithstanding the provisions of any other law to the contrary, any notice of default on homestead property to which the provisions of chapter 583 apply, mailed after May 24, 1983 and prior to May 1, 1985, or after June 8, 1985, and prior to May 1, 1987, or after the effective date of this article and prior to May 1, 1991, shall indicate that the borrower has 60 days from the date the notice is mailed in which to cure the default. The notice shall include a statement that the borrower may be eligible for an extension of the time prior to foreclosure and execution sale under sections 583.01 to 583.12.

(b) The statement must be in bold type, capitalized letters, or other form sufficient for the reader to quickly and easily distinguish the statement from the rest of the notice. The requirements of this paragraph must be followed on notices mailed under this subdivision on or after August 1, 1985. A violation of this paragraph is a petty misdemeanor.

Sec. 2. Minnesota Statutes 1988, section 500.24, subdivision 6, is amended to read:

Subd. 6. [DISPOSAL OF LAND.] (a) A state or federal agency, limited partnership, or a corporation, ~~other than a family farm corporation or an authorized farm corporation,~~ may not lease or sell

agricultural land or a farm homestead that was acquired by enforcing a debt against the agricultural land or farm homestead, including foreclosure of a mortgage, accepting a deed in lieu of foreclosure, terminating a contract for deed, or accepting a deed in lieu of terminating a contract for deed, before offering or making a good faith effort to offer the land for sale or lease to the immediately preceding former owner at a price no higher than the highest price offered by a third party that is acceptable to the seller or lessor. The offer must be made on the notice to offer form under subdivision 7. The requirements of this subdivision do not apply to a sale or lease by a corporation that is a family farm corporation or an authorized farm corporation. This subdivision applies only to a sale or lease when the seller or lessor acquired the property by enforcing a debt against the agricultural land or farm homestead, including foreclosure of a mortgage, accepting a deed in lieu of foreclosure, terminating a contract for deed, or accepting a deed in lieu of terminating a contract for deed. Selling or leasing property to a third party at a price is prima facie evidence that the price is acceptable to the seller or lessor. The seller must provide written notice to the immediately preceding former owner that the agricultural land or farm homestead will be offered for sale at least 14 days before the agricultural land or farm homestead is offered for sale.

(b) An immediately preceding former owner is the entity with record legal title to the agricultural land or farm homestead before acquisition by the state or federal agency or corporation except: if the immediately preceding former owner is a bankruptcy estate, the debtor in bankruptcy is the immediately preceding former owner; and if the agricultural land or farm homestead was acquired by termination of a contract for deed or deed in lieu of termination of a contract for deed, the immediately preceding former owner is the purchaser under the contract for deed. For purposes of this subdivision, only a family farm, family farm corporation, or family farm partnership can be an immediately preceding former owner.

(c) An immediately preceding former owner may elect to purchase or lease the entire property or an agreed to portion of the property. If the immediately preceding former owner elects to purchase or lease a portion of the property, the election must be reported in writing to the seller or lessor prior to the time the property is first offered for sale or lease. If election is made to purchase or lease a portion of the property, the portion must be contiguous and compact so that it does not unreasonably reduce access to or the value of the remaining property.

(d) For purposes of this subdivision, the term "a price no higher than the highest price offered by a third party" means the acceptable cash price offered by a third party or the acceptable time-price offer made by a third party. A cash price offer is one that involves simultaneous transfer of title for payment of the entire amount of the offer. If the acceptable offer made by a third party is a time-price

offer, the seller or lessor must make the same time-price offer or an equivalent cash offer to the immediately preceding former owner. An equivalent cash offer is equal to the total of the payments made over a period of the time-price offer discounted by yield curve of the United States treasury notes and bonds on the first business day of the month in which the offer is personally delivered or mailed for time periods similar to the time period covered by the time-price offer, plus 2.0 percent. A time-price offer is an offer that is financed entirely or partially by the seller and includes an offer to purchase under a contract for deed or mortgage. An equivalent cash offer is not required to be made if the state participates in an offer to a third party through the rural finance authority.

(e) This subdivision applies to a seller when the property is sold and to a lessor each time the property is leased, for five years after the agricultural land is acquired except:

(1) an offer to lease to the immediately preceding former owner is required only until the immediately preceding owner fails to accept an offer to lease the property or the property is sold;

(2) an offer to sell to the immediately preceding former owner is required until the property is sold; and

(3) if the immediately preceding former owner elects to lease or purchase a portion of the property, this subdivision does not apply to the seller with regard to the balance of the property after the election is made under paragraph (c).

(f) The notice of an offer under subdivision 7 that is personally delivered with a signed receipt or sent by certified mail with a receipt of mailing to the immediately preceding former owner's last known address is a good faith offer.

(g) This subdivision does not apply to a sale or lease that occurs after the seller or lessor has held the property for five years or longer.

(h) For purposes of this subdivision, if the immediately preceding former owner is a bankruptcy estate the debtor in the bankruptcy is the immediately preceding owner.

(i) The immediately preceding former owner must exercise the right to lease all or a portion of the agricultural land or a homestead located on agricultural land in writing within 15 days after an offer to lease under this subdivision is mailed with a receipt of mailing or personally delivered. If election is made to lease only the homestead or a portion of the agricultural land, the portion to be leased must be clearly identified in writing. The immediately preceding former owner must exercise the right to buy the agricultural land, a portion

of the agricultural land, or a farm homestead located on agricultural land, in writing, within 65 days after an offer to buy under this subdivision is mailed with a receipt of mailing or is personally delivered. Within ten days after exercising the right to lease or buy by accepting the offer, the immediately preceding owner must fully perform according to the terms of the offer including paying the amounts due. A seller may sell and a lessor may lease the agricultural land or farm homestead subject to this subdivision to the third party in accordance with their lease or purchase agreement if:

(1) the immediately preceding former owner does not accept an offer to lease or buy before the offer terminates; or

(2) the immediately preceding former owner does not perform the obligations of the offer, including paying the amounts due, within ten days after accepting the offer.

(j) A certificate indicating whether or not the property contains agricultural land or a farm homestead that is signed by the county assessor where the property is located and recorded in the office of the county recorder or the registrar of titles where the property is located is prima facie evidence of whether the property is agricultural land or a farm homestead.

(k) As prima facie evidence that an offer to sell or lease agricultural land or a farm homestead has terminated, a receipt of mailing the notice under subdivision 7 and an affidavit, signed by a person authorized to act on behalf of a state, federal agency, or corporation selling or leasing the agricultural land or a farm homestead may be filed in the office of the county recorder or registrar of titles of the county where the agricultural land or farm homestead is located. The affidavit must state that:

(1) notice of an offer to buy or lease the agricultural land or farm homestead was provided to the immediately preceding former owner at a price not higher than the highest price offered by a third party that is acceptable;

(2) the time during which the immediately preceding former owner is required to exercise the right to buy or lease the agricultural land or farm homestead has expired;

(3) the immediately preceding former owner has not exercised the right to buy or lease the agricultural land or farm homestead as provided in this subdivision or has accepted an offer and has not fully performed according to the terms of the offer; and

(4) the offer to the immediately preceding former owner has terminated.

(l) The right of an immediately preceding former owner to receive an offer to lease or purchase agricultural land under this subdivision or to lease or purchase at a price no higher than the highest price offered by a third party that is acceptable to the seller or lessor may be extinguished or limited by an express statement signed by the immediately preceding owner that complies with the plain language requirements of section 325G.31. The right may not be extinguished or limited except by:

(1) an express statement in a deed in lieu of foreclosure of the agricultural land;

(2) an express statement in a deed in lieu of a termination of a contract for deed for the agricultural land;

(3) an express statement conveying the right to the state or federal agency or corporation owning the agricultural land that is required to make an offer under this subdivision, however, the preceding former owner may rescind the conveyance by notifying the state or federal agency or corporation in writing within 20 calendar days after signing the express statement;

(4) to cure a title defect, an express statement conveying the right may be made to a person to whom the agricultural land has been transferred by the state or federal agency or corporation; or

(5) an express statement conveying the right to a contract for deed vendee to whom the agricultural land or farm homestead was sold under a contract for deed by the immediately preceding former owner if the express statement and the contract for deed are recorded.

(m) The right of an immediately preceding former owner to receive an offer to lease or purchase agricultural land under this subdivision may not be assigned or transferred except as provided in paragraph (l), but may be inherited.

(n) An immediately preceding former owner, except a former owner who is actively engaged in farming as defined in subdivision 2, paragraph (a), and who agrees to remain actively engaged in farming on a portion of the agricultural land or farm homestead for at least one year after accepting an offer under this subdivision, may not sell agricultural land acquired by accepting an offer under this subdivision if the arrangement of the sale was negotiated or agreed to prior to the former owner accepting the offer under this subdivision. A person who sells property in violation of this paragraph is liable for damages plus reasonable attorney fees to a person who is damaged by a sale in violation of this paragraph. There is a rebuttable presumption that a sale by an immediately preceding former owner is in violation of this paragraph if the sale takes place within 180 days of the former owner accepting the offer under this

subdivision. This paragraph does not apply to a sale by an immediately preceding former owner to the owner's spouse, the owner's parents, the owner's sisters and brothers, the owner's spouse's sisters and brothers, or the owner's children.

Sec. 3. Minnesota Statutes 1988, section 550.37, subdivision 4a, is amended to read:

Subd. 4a. [ADJUSTMENT OF DOLLAR AMOUNTS.] (a) Except for subdivisions 5 and 7, the dollar amounts in this section shall change periodically as provided in this subdivision to the extent of changes in the implicit price deflator for the gross national product, 1972 = 100, compiled by the United States Department of Commerce, and hereafter referred to as the index. The index for December, 1980, is the reference base index.

(b) The designated dollar amounts shall change on July 1 of each even-numbered year if the percentage of change, calculated to the nearest whole percentage point, between the index for December of the preceding year and the reference base index is ten percent or more. The portion of the percentage change in the index in excess of a multiple of ten percent shall be disregarded and the dollar amounts shall change only in multiples of ten percent of the amounts stated in this section.

(c) If the index is revised, the percentage of change pursuant to this section shall be calculated on the basis of the revised index. If a revision of the index changes the reference base index, a revised reference base index shall be determined by multiplying the reference base index then applicable by the rebasing factor furnished by the department of commerce. If the index is superseded, the index referred to in this section is the one represented by the department of commerce as reflecting most accurately changes in the purchasing power of the dollar for consumers.

(d) The commissioner of commerce shall announce and publish:

(1) on or before April 30 of each year in which dollar amounts are to change, the changes in dollar amounts required by paragraph (b); and

(2) promptly after the changes occur, changes in the index required by paragraph (c) including, if applicable, the numerical equivalent of the reference base index under a revised reference base index and the designation or title of any index superseding the index.

(e) A person does not violate this chapter with respect to a transaction otherwise complying with this chapter if the person relies on dollar amounts either determined according to paragraph

(b) or appearing in the last publication of the commissioner announcing the then current dollar amounts.

Sec. 4. Minnesota Statutes 1988, section 550.37, subdivision 5, is amended to read:

Subd. 5. Farm machines and implements used in farming operations by a debtor engaged principally in farming, livestock, farm produce, and standing crops, not exceeding ~~\$10,000~~ \$13,000 in value. When a debtor is a partnership of spouses or a partnership of natural persons related to each other within the third degree of kindred according to the rules of the civil law, for the purposes of the exemption in this subdivision, the partners may elect to treat the assets of the partnership as assets of the individual partners.

ARBITRATION OF SEED CLAIMS

Section 1. [21.93] [ARBITRATION.]

Subdivision 1. [DEFINITIONS.] (a) The definitions in this subdivision apply to this section.

(b) "Arbitration council" means the arbitration council established by rule.

(c) "Buyer" means a buyer of a seed for planting.

(d) "Seed claim" means a claim for damages for the failure of the seed for planting to produce or perform as represented by the label required to be attached to the seed under section 21.82, by warranty, or as a result of negligence.

(e) "Seller" means a seller of a seed for planting.

Subd. 2. [APPLICABILITY.] (a) This section applies to seed if conspicuous language notifying the buyer that claims for damages must be submitted to arbitration under this section before a legal action is started is stated on the analysis label under section 21.82 or other label attached to the seed bag or package.

(b) Arbitration is not required unless the notice under paragraph (a) is provided.

(c) If arbitration is required, the arbitration report is binding on all parties to the arbitration to the extent the parties have agreed to be bound in a contract governing the sale of the seed.

(d) In the absence of an agreement if a buyer has not agreed to be bound by arbitration, a buyer may begin a legal action for a seed claim against a seller or assert the seed claim as a counterclaim or defense in an action brought by the seller after the arbitration report is received.

Subd. 3. [ARBITRATION BEFORE INITIATING LEGAL CLAIM.] (a) A buyer must enter arbitration under this section

before beginning a legal action against a dealer or seller for damages resulting from a seed claim if the seed contains the label prescribed in subdivision 2, paragraph (a). Notwithstanding chapter 541, the applicable period of limitations to file a legal action for a seed claim is tolled from the time the buyer's claim is filed in arbitration until ten days after the arbitration report is filed with the commissioner.

(b) A seed claim for which the seed contains the label prescribed in subdivision 2, paragraph (a), may not be asserted by a buyer as a counterclaim or defense in a legal action brought by a seller against a buyer, until the buyer has filed the seed claim for arbitration. When the buyer files a written notice of intention to assert a seed claim as a counterclaim or defense in a seller's action against the buyer with a copy of the buyer's complaint filed in arbitration, the legal action of the seller against the buyer is stayed, and notwithstanding chapter 541 the applicable statute of limitations is suspended with respect to the claim, until ten days after the arbitration report is filed with the commissioner.

Subd. 4. [ARBITRATION REPORT AS EVIDENCE.] In legal action involving a seed claim that has been arbitrated under this section, a party may introduce the arbitration report as evidence of the facts found in the arbitration report. The court may consider the arbitration council's findings and conclusions of law and recommendations concerning damages and costs, as the court determines based on the evidence before the court. The court may consider findings of the arbitration council with respect to the failure of a party to cooperate in the arbitration proceedings, including a finding concerning the effect of delay in filing the arbitration claim on the arbitration council's ability to determine the facts of the case.

Subd. 5. [RULES.] (a) The commissioner shall by rule establish an arbitration council and procedures for the implementation of this section including the establishment of fees for application.

(b) The commissioner shall appoint members of the arbitration council.

Subd. 2. [LOANS FOR ACQUISITION.] The council may make loans to counties, towns, and statutory and home rule charter cities within the metropolitan area for the purchase of property within the right-of-way of a state trunk highway shown on an official map adopted pursuant to section 394.361 or 462.359 or for the purchase of property within the proposed right-of-way of a principal or intermediate arterial highway designated by the council as a part of the metropolitan highway system plan and approved by the council pursuant to subdivision 1. The loans shall be made by the council, from the fund established pursuant to this subdivision, for purchases approved by the council. The loans shall bear no interest. The council shall make loans only: (1) to accelerate the acquisition of primarily undeveloped property when there is a reasonable probability that the property will increase in value before highway construction, and to update an expired environmental impact statement on a project for which the right-of-way is being purchased; or (2) to avert the imminent conversion or the granting of approvals which would allow the conversion of property to uses which would jeopardize its availability for highway construction. The council shall not make loans for the purchase of property at a price which exceeds the fair market value of the property or which includes the costs of relocating or moving persons or property. A private property owner may elect to receive the purchase price either in a lump sum or in not more than four annual installments without interest on the deferred installments. If the purchase agreement provides for installment payments, the council shall make the loan in installments corresponding to those in the purchase agreement. The recipient of an acquisition loan shall convey the property for the construction of the highway at the same price which the recipient paid for the property. The price may include the costs of preparing environmental documents that were required for the acquisition and that were paid for with money that the recipient received from the loan fund. Upon notification by the council that the plan to construct the highway has been abandoned or the anticipated location of the highway changed, the recipient shall sell the property at market value in accordance with the procedures required for the disposition of the property. All rents and other money received because of the recipient's ownership of the property and all proceeds from the conveyance or sale of the property shall be paid to the council. If a recipient is not permitted to include in the conveyance price the cost

of preparing environmental documents that were required for the acquisition, then the recipient is not required to repay the council an amount equal to 40 percent of the money received from the loan fund and spent in preparing the environmental documents. The proceeds of the tax authorized by subdivision 3, all money paid to the council by recipients of loans, and all interest on the proceeds and payments shall be maintained as a separate fund. For administration of the loan program the council may expend from the fund each year an amount no greater than three percent of the amount of the authorized levy for that year."

Subd. 4. [EXCEPTION; CERTAIN PROJECTS.] An authority need not require either competitive bidding or performance bonds in the case of a contract for the acquisition of a low rent housing project for which financial assistance is provided by the federal government, and which does not require any direct loan or grant of money from the municipality as a condition of the federal financial assistance, and where the contract provides for the construction of such a project upon land not owned by the authority at the time of the contract, or owned by the authority for redevelopment purposes, and provides for the conveyance or lease to the authority of the project or improvements upon completion of construction. Sec. 5. Minnesota Statutes 1988, section 469.152, is amended to read:

469.152 [PURPOSES.]

The welfare of the state requires the active promotion, attraction, encouragement, and development of economically sound industry and commerce through governmental action for the purpose of preventing the emergence of blighted and marginal lands and areas of chronic unemployment. It is the policy of the state to facilitate and encourage action by local government units to prevent the economic deterioration of such areas to the point where the process can be reversed only by total redevelopment through the use of local, state, and federal funds derived from taxation, necessitating relocating displaced persons and duplicating public services in other areas. By the use of the powers and procedures described in sections 469.152 to 469.165, local government units and their agencies and authorities responsible for redevelopment and economic development may prevent occurrence of conditions requiring redevelopment, or aid in the redevelopment of existing areas of blight, marginal land, and avoidance of substantial and persistent unemployment.

The welfare of the state further requires the provision of necessary health care facilities, so that adequate health care services are available to residents of the state at reasonable cost. The welfare of the state further requires the provision of county jail facilities for the purpose of providing adequately for the care, control, and safeguarding of civil rights of prisoners. The welfare of the state requires that, whenever feasible, employment opportunities made available in part by sections 469.152 to 469.165 or other state law providing for similar financing mechanisms should be offered to individuals who are unemployed or who are economically disadvantaged.

The welfare of the state further requires that, whenever feasible, action should be taken to reduce the cost of borrowing by local governments for public purposes.

Sec. 13. [473.132] [SHORT-TERM INDEBTEDNESS.]

The council may issue certificates of indebtedness or capital notes to purchase equipment to be owned and used by the council and having an expected useful life of at least as long as the terms of the certificates or notes. The certificates or notes shall be payable in not more than five years and shall be issued on such terms and in such manner as the council may determine, and for this purpose the council may secure payment of the certificates or notes by resolution or by trust indenture entered into by the council with a corporate trustee within or outside the state, and by a mortgage in the equipment financed. The total principal amount of the notes or certificates issued in a fiscal year should not exceed one-half of one percent of the tax capacity of the metropolitan area for that year. The full faith and credit of the council shall be pledged to the payment of the certificates or notes, and a tax levy shall be made for the payment of the principal and interest on the certificates or notes, in accordance with section 475.61, as in the case of bonds issued by a municipality. The tax levy authorized by this section must be deducted from the amount of taxes the council is otherwise authorized to levy under section 473.249.

Sec. 14. Minnesota Statutes 1988, section 473.541, is amended by adding a subdivision to read:

Subd. 4. [REVENUE BONDS.] (a) The council may, by resolution,

The bonds shall be sold, issued, and secured in the manner provided in chapter 475 for bonds payable solely from revenues, except as otherwise provided in this subdivision, and the council shall have the same powers and duties as a municipality and its governing body in issuing bonds under that chapter. The bonds shall be payable from and secured by a pledge of all or any part of revenues receivable under section 473.517, shall not, and shall state they do not, represent or constitute a general obligation or debt of the council, and shall not be included in the net debt of any city, county, or other subdivision of the state for the purpose of any net debt limitation. The proceeds of the bonds may be used to pay credit enhancement fees.

(b) The bonds may be secured by a bond resolution, or a trust indenture entered into by the council with a corporate trustee within or outside the state, which shall define the revenues and bond proceeds pledged for the payment and security of the bonds. The pledge shall be a valid charge on the revenues received under section 473.517. No mortgage of or security interest in any tangible real or personal property shall be granted to the bondholders or the trustee, but they shall have a valid security interest in the revenues and bond proceeds received by the council and pledged to the payment of the bonds as against the claims of all persons in tort, contract, or otherwise, irrespective of whether such parties have notice thereof and without possession or filing as provided in the uniform commercial code or any other law, subject, however, to the rights of the holders of any general obligation bonds issued under subdivision 3. In the bond resolution or trust indenture, the council may make such covenants as it determines to be reasonable for the protection of the bondholders, including a covenant to issue general obligation bonds to refund the revenue bonds if and to the extent required to pay principal and interest on the bonds and to certify a deficiency tax levy as provided in section 473.521, subdivision 4.

(c) Neither the council, nor any council member, officer, employee, or agent of the council, nor any person executing the bonds shall be liable personally on the bonds by reason of their issuance. The bonds shall not be payable from nor a charge upon any funds other than the revenues and bond proceeds pledged to the payment thereof, nor shall the council be subject to any liability thereon or have the power to obligate itself to pay or to pay the bonds from funds other than the revenues and bond proceeds pledged, and no holder or holders of bonds shall ever have the right to compel any exercise of the taxing power of the council (except any deficiency tax levy the council covenants to certify under section 473.521, subdivision 4) or any other public body, to the payment of principal of or interest on the bonds, nor to enforce payment thereof against any property of the council or other public body other than that expressly pledged for the payment thereof.

Sec. 15. Minnesota Statutes 1988, section 473.811, subdivision 2, is amended to read:

Subd. 2. [COUNTY FINANCING OF FACILITIES.] Each metropolitan county may by resolution authorize the issuance of bonds to provide funds for the acquisition or betterment of solid waste facilities, related transmission facilities, or property or property rights for the facilities, for improvements of a capital nature to respond, as defined in section 115B.02, to releases from closed solid waste facilities, or for refunding any outstanding bonds issued for any such purpose. The county may pledge to the payment of the bonds and the interest thereon, its full faith, credit and taxing powers, or the proceeds of any designated tax levies, or the gross or net revenues or charges to be derived from any facility operated by or for the county, or any combination thereof. Taxes levied for the payment of the bonds and interest shall not reduce the amounts of other taxes which the county is authorized by law to levy. The proceeds of the bonds may be used in part to establish a reserve as further security for the payment of the principal and interest of the bonds when due. ~~Revenue~~ Bonds issued pursuant to this section may be sold at public or private sale upon such conditions as the county board shall determine, but any bonds issued after May 22, 1991, to which the full faith and credit and taxing powers of the county are pledged shall be sold in accordance with the provisions of chapter 475. No election shall be required to authorize the issuance of the bonds. Except as otherwise provided, the bonds shall be issued and sold in accordance with the provisions of chapter 475.

Notice of the call of any prepayable obligation shall be published in a daily or weekly periodical published in a Minnesota city of the first class, or its metropolitan area, which circulates throughout the state and furnishes financial news as a part of its service; provided that published notice of the call need not be given if the obligation is in registered form and notice has been mailed to the registered holder of the obligation. When any such obligation has been validly called for redemption in accordance with its terms, and the principal

thereof and all interest thereon to the date of redemption have been paid or deposited with the paying agent, interest thereon shall cease; provided that no obligation issued subsequent to July 1, 1967, shall be deemed validly called for redemption unless the notice herein required has been published or so mailed prior to the date fixed for its redemption. If actual notice of the call has been given through a different means of communication, the holder of an obligation may waive published or mailed notice.

Sec. 18. Minnesota Statutes 1988, section 475.60, subdivision 1, is amended to read:

Subdivision 1. [ADVERTISEMENT.] All obligations shall be negotiated and sold by the governing body, except when authority therefor is delegated by the governing body or by the charter of the municipality to a board, department, or officers of the municipality. Except as provided in section 475.56, obligations shall be sold at not less than par value plus accrued interest to date of delivery. Except as provided in subdivision 2 all obligations shall be sold at public sale after notice given at least ten days in advance by publication in a legal newspaper having general circulation in the municipality and ten days in advance by publication in a daily or weekly periodical, published in a Minnesota city of the first class, or its metropolitan area, which circulates throughout the state and furnishes financial news as a part of its service.

Sec. 19. Minnesota Statutes 1988, section 475.60, subdivision 2, is amended to read:

Subd. 2. [REQUIREMENTS WAIVED.] The requirements as to public sale shall not apply to:

(1) obligations issued under the provisions of a home rule charter or of a law specifically authorizing a different method of sale, or authorizing them to be issued in such manner or on such terms and conditions as the governing body may determine;

(2) obligations sold by an issuer in an amount not exceeding the total sum of \$1,200,000 in any 12-month period;

(3) obligations issued by a governing body other than a school board in anticipation of the collection of taxes or other revenues appropriated for expenditure in a single year, if sold in accordance with the most favorable of two or more proposals solicited privately;

(4) obligations sold to any board, department, or agency of the United States of America or of the state of Minnesota, in accordance with rules or regulations promulgated by such board, department, or agency;

(5) obligations issued to fund pension and retirement fund liabilities under section 475.52, subdivision 6, obligations issued with tender options under section 475.54, subdivision 5a, crossover refunding obligations referred to in section 475.67, subdivision 13, and any issue of obligations comprised in whole or in part of obligations bearing interest at a rate or rates which vary periodically referred to in section 475.56; and

(6) obligations to be issued for a purpose, in a manner, and upon terms and conditions authorized by law, if the governing body of the municipality, on the advice of bond counsel or special tax counsel, determines that interest on the obligations cannot be represented to be excluded from gross income for purposes of federal income taxation; and

Sec. 20. Minnesota Statutes 1988, section 475.60, subdivision 3, is amended to read:

Subd. 3. [PUBLISHED NOTICE.] Published notice, where required, shall specify the maximum principal amount of the obligations, the place of receipt and consideration of bids and such other details as to the obligations and terms of sale as the governing body deems suitable. The published notice shall either specify the date and time for receipt of bids or provide that the bids will be received at a date and time not less than ten nor more than 60 days after the date of publication. If the published notice does not state the specific date or amount for the sale, it shall specify the manner in which notice of the date or amount of the sale will be given to prospective bidders. Notification of prospective bidders shall be given by electronic data transmission or other form of communication common to the municipal bond trade at least four days (omitting Saturdays, Sundays, and legal holidays) before the date for receipt of bids. If within five days after the date of publication a prospective bidder requests in writing to be notified by mail, the municipality shall do so. Failure to give the notice as described in the preceding sentence to a bidder shall not affect the validity of the sale or of the obligations. The governing body may employ an agent to receive and open the bids at any place within or outside the corporate limits of the municipality, in the presence of an officer of the municipality or the officer's designee, but the obligations shall not be sold except by action of the governing body or authorized officers of the municipality after communication of the bids to them. Additional notice may be given for such time and in such manner as the governing body deems suitable. At the time and place so fixed, the bids shall be opened and the offer complying with the terms of sale and deemed most favorable shall be accepted, but the governing body may reject any and all such offers, in which event, or if no offers have been received, it may award the obligations to any person who within 30

days thereafter presents an offer complying with the terms of sale and deemed more favorable than any received previously, or upon like notice the governing body may invite other bids upon the same or different terms and conditions, except that if the original published notice does not state the specific date or amount for the sale and if the material terms and conditions of the sale remain the same, except for the date and amount, notice of the date or amount may be given in the manner provided above.

CONFERENCE COMMITTEE REPORT ON H. F. NO. 956

A bill for an act relating to insurance; clarifying the calculation of underinsured motorist benefits; amending Minnesota Statutes 1988, section 65B.49, subdivisions 3a and 4a.

May 10, 1989

The Honorable Robert E. Vanasek
Speaker of the House of Representatives.

The Honorable Jerome M. Hughes
President of the Senate

We, the undersigned conferees for H. F. No. 956, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendments and that H. F. No. 956 be further amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1988, section 65B.49, subdivision 3a, is amended to read:

Subd. 3a. [UNINSURED AND UNDERINSURED MOTORIST COVERAGES.] (1) No plan of reparation security may be renewed, delivered or issued for delivery, or executed in this state with respect to any motor vehicle registered or principally garaged in this state unless separate uninsured and underinsured motorist coverages are provided therein. ~~The coverages combined~~ Each coverage, at a minimum, must provide limits of \$25,000 because of injury to or the death of one person in any accident and \$50,000 because of injury to or the death of two or more persons in any accident. In the case of injury to, or the death of, two or more persons in any accident, the amount available to any one person must not exceed the coverage limit provided for injury to, or the death of, one person in any accident. ~~For purposes of this subdivision, uninsured motorist coverage and underinsured motorist coverage shall be a single coverage.~~

(2) Every owner of a motor vehicle registered or principally garaged in this state shall maintain uninsured and underinsured motorist coverages as provided in this subdivision.

(3) No reparation obligor is required to provide limits of uninsured and underinsured motorist coverages in excess of the bodily injury liability limit provided by the applicable plan of reparation security.

(4) No recovery shall be permitted under the uninsured and underinsured motorist coverages of this section for basic economic loss benefits paid or payable, or which would be payable but for any applicable deductible.

(5) If at the time of the accident the injured person is occupying a motor vehicle, the limit of liability for uninsured and underinsured motorist coverages available to the injured person is the limit specified for that motor vehicle. However, if the injured person is occupying a motor vehicle of which the injured person is not an insured, the injured person may be entitled to excess insurance protection afforded by a policy in which the injured party is otherwise insured. The excess insurance protection is limited to the extent of covered damages sustained, and further is available only to the extent by which the limit of liability for like coverage applicable to any one motor vehicle listed on the automobile insurance policy of which the injured person is an insured exceeds the limit of liability of the coverage available to the injured person from the occupied motor vehicle.

If at the time of the accident the injured person is not occupying a motor vehicle, the injured person is entitled to select any one limit of liability for any one vehicle afforded by a policy under which the injured person is insured.

(6) Regardless of the number of policies involved, vehicles involved, persons covered, claims made, vehicles or premiums shown on the policy, or premiums paid, in no event shall the limit of liability for uninsured and underinsured motorist coverages for two or more motor vehicles be added together to determine the limit of insurance coverage available to an injured person for any one accident.

(7) The uninsured and underinsured motorist coverages required by this subdivision do not apply to bodily injury of the insured while occupying a motor vehicle owned by the insured, unless the occupied vehicle is an insured motor vehicle.

Sec. 2. Minnesota Statutes 1988, section 65B.49, subdivision 4a, is amended to read:

Subd. 4a. [LIABILITY ON UNDERINSURED MOTOR VEHICLES.] With respect to underinsured motor vehicles coverage, the maximum liability of an insurer is the lesser of the difference between the limit of underinsured motorist coverage and the amount paid to the insured by or for any person or organization who may be held legally liable for the bodily injury; or the amount of damages sustained but not recovered from the insurance policy of the driver or owner of any underinsured at fault vehicle. If a person is injured by two or more vehicles, underinsured motorist coverage is payable whenever any one of those vehicles meets the definition of underinsured motorist vehicle in Minnesota Statutes, section 65B.43, subdivision 17. However, in no event shall the underinsured motorist carrier have to pay more than the amount of its underinsured motorist limits.

Sec. 3. [EFFECTIVE DATE.]

Sections 1 and 2 are effective for all contracts issued or renewed on or after August 1, 1989, or for all injuries occurring on or after August 1, 1989, or for deaths occurring as the result of injuries sustained on or after August 1, 1989.

Delete the title and insert:

This section may be applied to a foreclosure by action conducted under chapter 581 and to a foreclosure by advertisement conducted under this chapter.

Subd. 2. [BEFORE FORECLOSURE SALE.] Notwithstanding section 580.23 or 581.10, if the party foreclosing a mortgage, at any time before the foreclosure sale but not more than 30 days before the first publication of the notice of sale, obtains a court order which reduces the mortgagor's redemption period to five weeks under subdivision 6, after the mortgaged premises have been sold as provided in this chapter, the mortgagor, and the mortgagor's personal representatives or assigns, within five weeks after the sale, may redeem the mortgaged premises as provided in section 580.23, subdivision 1. Subd. 4. [SUMMONS AND COMPLAINT.] The party foreclosing a mortgage or holding a sheriff's certificate of sale may initiate a proceeding in district court to have the mortgagor's redemption period reduced under this section. The proceeding must be initiated by the filing of a complaint, naming the mortgagor, or the mortgagor's personal representatives or assigns of record, as defendant, in district court for the county in which the mortgaged premises are located. The complaint must identify the mortgaged premises by legal description and must identify the mortgage by: (1) the names of the mortgagor and mortgagee, and any assignee of the mortgagee; (2) the date of its making; and (3) pertinent recording information. The complaint must allege that the mortgaged premises are:

(1) comprised of ten acres or less;

(2) improved with a residential dwelling consisting of less than five units, which is not a model home or a dwelling under construction;

(3) not property used in agricultural production within the meaning of Laws 1986, chapter 398, section 5; and

The complaint must request an order reducing the mortgagor's redemption period to five weeks. When the complaint has been filed, the court shall issue a summons commanding the person or persons named in the complaint to appear before the court on a day and at a place stated in the summons. The appearance day shall be not less than 15 nor more than 25 days from the day of the issuing of the summons. A copy of the filed complaint must be attached to the summons.

The summons must be posted in a conspicuous place on the mortgaged premises not less than seven days before the appearance day. If personal or certified mail service cannot be made on the defendant, or the defendant's last usual place of abode is unknown to the plaintiff, then the plaintiff or plaintiff's attorney may file an affidavit to that effect with the court and service by posting the summons on the mortgaged premises is sufficient.

Subd. 6. [HEARING; EVIDENCE; ORDER.] At the hearing on the summons and complaint, the court shall enter an order reducing the

mortgagor's redemption period as provided in subdivision 1 or 2, as applicable, if evidence is presented supporting the allegations in the complaint and no appearance is made to oppose the relief sought. An affidavit by the sheriff or a deputy sheriff of the county in which the mortgaged premises are located, or of a building inspector, zoning administrator, housing official, or other municipal or county official having jurisdiction over the mortgaged premises, stating that the mortgaged premises are not actually occupied and further setting forth any of the following supporting facts, is prima facie evidence of abandonment:

(1) windows or entrances to the premises are boarded up or closed off, or multiple window panes are broken and unrepaired;

(2) doors to the premises are smashed through, broken off, unhinged, or continuously unlocked;

(3) gas, electric, or water service to the premises has been terminated;

(4) rubbish, trash, or debris has accumulated on the mortgaged premises;

(5) the police or sheriff's office has received at least two reports of trespassers on the premises, or of vandalism or other illegal acts being committed on the premises; or

(6) the premises are deteriorating and are either below or are in imminent danger of falling below minimum community standards for public safety and sanitation.

An affidavit of the party foreclosing the mortgage or holding the sheriff's certificate, or one of their agents or contractors, stating any of the above supporting facts, and that the affiant has changed locks on the premises under this section and that for a period of ten days no party having a legal possessory right has requested entrance to the premises, is also prima facie evidence of abandonment. Either affidavit described above, or an affidavit from any other person having knowledge, may state facts supporting any other allegations in the complaint and is prima facie evidence of the same. Written statements of the mortgagor, the mortgagor's personal representatives or assigns, including documents of conveyance, which indicate a clear intent to abandon the premises, is conclusive evidence of abandonment. In the absence of affidavits or written statements, or if rebuttal evidence is offered by the defendant or a party lawfully claiming through the defendant, the court may consider any competent evidence, including oral testimony, concerning any allegation in the complaint. An order entered under this section must contain a legal description of the mortgaged premises.

(a) For a violation of section 566.18, subdivision 6, paragraph (a), the tenant may deposit with the court administrator the rent due to the owner along with a copy of the written notice of code violation provided in section 566.19, subdivision 2. The tenant may not deposit the rent or file the written notice of code violation until the time granted to make repairs has expired without satisfactory repairs being accomplished, unless the tenant alleges that the time granted is excessive.

(b) For a violation of section 566.18, subdivision 6, paragraph (b) or (c), the tenant shall give written notice to the owner specifying the violation. The notice must be delivered personally or sent to the person or place where rent is normally paid. If the violation is not corrected within 14 days, the tenant may deposit the amount of rent due to the owner with the court administrator along with an affidavit specifying the violation. The court shall provide a simplified form affidavit for use under this paragraph.

As long as proceedings are pending under this section, the tenant shall pay rent to the owner or as directed by the court and may not withhold rent in order to remedy a violation.

Subd. 3. [COUNTERCLAIM FOR POSSESSION.] The owner may file a counterclaim for possession of the premises in cases where the owner alleges that the tenant did not deposit the full amount of rent with the court administrator. The court must set the date for a hearing on the counterclaim not less than seven nor more than 14 days from the day of filing the counterclaim. If the rent escrow hearing and the hearing on the counterclaim for possession cannot be heard on the same day, the matters must be consolidated and heard on the date scheduled for the hearing on the counterclaim. The contents of the counterclaim for possession must meet the requirements for a complaint in unlawful detainer under section 566.05. The owner must serve the counterclaim as provided in section 566.06, except that the affidavits of service or mailing may be brought to the hearing rather than filed with the court before the hearing. Subd. 6. [NOTICE OF HEARING.] A hearing must be held within ten to 14 days of the day a tenant deposits rent with the court administrator. If the cost of remedying the violation, as estimated by the tenant, is within the jurisdictional limit for conciliation court, the court administrator shall notify the owner and the tenant of the time and place of the hearing by first class mail. The tenant shall provide the court administrator with the owner's name and address. If the owner has disclosed a post office box as the owner's address under section 504.22, then notice of the hearing may be mailed to the post office box. If the cost of remedying the violation, as estimated by the tenant, is above the jurisdictional limit for conciliation court, the tenant shall serve the notice of hearing according to the rules of civil procedure. The notice of hearing must specify the amount the tenant has deposited with the court administrator and must inform the owner that possession of the premises will not be an issue at the hearing unless the owner files a counter claim for possession or an action under sections 566.01 to 566.17.

Subd. 7. [RELEASE OF RENT PRIOR TO HEARING.] If the tenant gives written notice to the court administrator that the code violation has been remedied, the court administrator shall release the rent to the owner and, unless the hearing has been consolidated with another action pending in housing court, shall cancel the hearing. If the tenant and the owner enter into a written agreement signed by both parties apportioning the rent between them, the court administrator shall release the rent in accordance with the written agreement and cancel the hearing.

Subd. 8. [CONSOLIDATION WITH UNLAWFUL DETAINER.] Actions under this section and actions in unlawful detainer brought under sections 566.01 to 566.17 that involve the same parties must be consolidated and heard on the date scheduled for the unlawful detainer.

Subd. 9. [HEARING.] The hearing shall be conducted by a court without a jury. A certified copy of an inspection report meets the requirements of Rule 803(8) of the Rules of Evidence as an exception to the rule against hearsay, and meets the requirements of Rules 901 and 902 of the Rules of Evidence as to authentication.

Subd. 10. [JUDGMENT.] (a) Upon finding that a violation exists, the court may, in its discretion, do any or all of the following:

(1) order relief as provided in section 566.25, paragraph (a), (b), (d), or (e), including retroactive rent abatement;

(2) order that all or a portion of the rent in escrow be released for the purpose of remedying the violation;

(3) order that rent be deposited with the court as it becomes due to the owner or abate future rent until the owner remedies the violation; or

(4) impose fines as required in section 22.

(b) When a proceeding under this section has been consolidated with a counterclaim for possession or an action in unlawful detainer under sections 566.01 to 566.17, and the owner prevails, the tenant may redeem the tenancy as provided in section 504.02.

(c) When a proceeding under this section has been consolidated with a counterclaim for possession or an action under an unlawful detainer under sections 566.01 to 566.17 on the grounds of nonpayment, the court may not require the tenant to pay the owner's filing fee as a condition of retaining possession of the premises when the tenant has deposited with the court the full amount of money found by the court to be owing the owner.

Subd. 11. [RELEASE OF RENT AFTER HEARING.] Upon finding, after a hearing on the matter has been held, that no violation exists in the building, or that the tenant did not deposit the full amount of rent due with the court administrator, the court shall order the immediate release of the rent to the owner. Upon finding that a violation existed but was remedied between the commencement of the action and the hearing, the court may order rent abatement and shall release the rent to the parties accordingly. Any rent found owing the tenant must be released to the tenant.

Subd. 12. [RETALIATION; WAIVER; RIGHTS AS ADDITIONAL.] The provisions of section 566.28 apply to proceedings under this section. The tenant rights under this section may not be waived or modified and are in addition to and do not limit other rights or remedies which may be available to the tenant and owner, except as provided in subdivision 2.

Sec. 22. [566.36] [VIOLATIONS OF BUILDING REPAIR ORDERS.]

Subdivision 1. [DEFINITIONS.] The definitions in section 566.18, apply to subdivision 2.

Subd. 2. [NONCOMPLIANCE; FINES.] Upon finding an owner has failed to comply with a court order for building repairs, the court shall fine the owner according to the following schedule:

(1) \$250 for the first violation of a court order;

(2) \$500 for the second violation of the same court order; and

(3) \$750 for the third and subsequent violations of the same court order.

The court must find that there has been a willful disregard of a court order before a fine may be imposed. An owner fined twice in a period of three years for failure to comply with a court order for repairs on any building owned is guilty of a gross misdemeanor for a third or subsequent violation and may be sentenced accordingly.

Subd. 3. [FINES COLLECTED.] Fines collected under this section must be paid to the state treasurer, deposited in the general fund, and credited to the general fund.

Section 1. [~~MINNEAPOLIS, CITY OF; HOUSING ACQUISITION AND REHABILITATION LOAN AND GRANT PROGRAM;~~ PURPOSE.] The legislature of the state of Minnesota finds that preservation of the quality of life in a major metropolitan city is dependent upon the preservation of adequate housing, that many houses in the city cities of Minneapolis and Saint Paul do not meet the applicable housing code or otherwise need rehabilitation or modernizing, that there is a need for a comprehensive housing rehabilitation program in the city cities of Minneapolis and Saint Paul which will complement any statewide housing rehabilitation program, that some home owners are unable to afford any rehabilitation expenses, that many home owners are unable to afford housing rehabilitation loans at market rate of interest, and that because the availability of mortgage credit for housing rehabilitation is limited some home owners cannot obtain such credit, and that reinvestment in the housing stock by rehabilitating and updating homes is necessary to maintain the stability of neighborhoods in the city. The legislature further finds that the construction of housing to replace individual dilapidated and obsolete buildings, for which rehabilitation is not economically feasible, is necessary to increase the stability and maintain the value of housing in established neighborhoods.

Sec. 3. Laws 1974, chapter 285, section 2, is amended to read:

Sec. 2. [~~CITY OF MINNEAPOLIS; HOUSING REHABILITATION LOAN PROGRAM.~~] The city of Minneapolis is authorized to develop and administer a housing rehabilitation loan program with respect to property located anywhere within its boundaries on such terms and conditions as it determines; provided that in approving applications for ~~this~~ such a program, the following factors shall be considered:

Sec. 5. Laws 1974, chapter 285, section 3, is amended to read:

Sec. 3. [CITY OF MINNEAPOLIS; HOUSING REHABILITATION GRANT PROGRAM.] The city of Minneapolis is authorized to develop and administer a housing rehabilitation grant program with respect to property within its boundaries, on such terms and conditions as it determines; provided that in approving applications for grants under this program, all of the considerations and limitations enumerated in section 2 for loans must be considered in making grants under this program, and the following factors must also be considered:

After the public hearing and after the city has incorporated any changes into the preliminary program as a result of the public hearing, the city may approve the preliminary program and shall

submit the approved preliminary program for final approval to the review board.

(c) After approval, the city shall submit the preliminary program to the commissioner and the Minnesota housing finance agency for their comments. (d) The city shall each establish a city urban revitalization action program review board whose purpose is to review the preliminary program submitted by the city, and approve all or portions of the program. The review board consists of two city council members who represent targeted neighborhoods, two members representing the city's business community appointed by the chamber of commerce representing businesses in the city, and three residents of targeted neighborhoods appointed by the city council. The city may use state money available under section 7 to pay for the costs of staffing the review board.

If the review board does not approve a portion of the program, it shall specify in writing to the city the reasons for not approving that portion of the program and any recommendations for changes. If the review board determines that a portion of the program needs significant changes, it may require the city to implement the community participation process under subdivision 2 and state review under this subdivision for making changes to that portion of the program.

(f) The city council may, by formal resolution, certify only those portions of a program approved by the review board under paragraph (e). A certification by the city council that all or portions of a revitalization program has been approved by the review board must be provided to the commissioner together with a copy of the approved portions of the program. A copy of the approved portions of the program must be submitted to the Minnesota housing finance agency.

(g) A revitalization program may be modified at any time by the city after a public hearing and approval by the review board. Notice of the public hearing must be published in a newspaper of general circulation in the city and in the targeted neighborhoods not less than ten days nor more than 30 days before the date of the hearing. If the review board determines that the proposed modification is a significant modification to the program originally certified under paragraph (f), it must require the implementation of the revitalization program approval and certification process under this subdivision for the proposed modification.

Sec. 9. [REPEALER.]

Laws 1974, chapter 351, sections 1, 2, 3, and 4, as amended by Laws 1975, chapter 260, section 5; and Laws 1975, chapter 260, sections 1, 2, 3, 4, and 5 are repealed.

ARTICLE 5

OTHER HOUSING PROVISIONS

Section 1. Minnesota Statutes 1988, section 282.01, subdivision 1, is amended to read:

Subdivision 1. [CLASSIFICATION; USE; EXCHANGE.] It is the general policy of this state to encourage the best use of tax-forfeited lands, recognizing that some lands in public ownership should be retained and managed for public benefits while other lands should be returned to private ownership. All parcels of land becoming the property of the state in trust under the provisions of any law now existing or hereafter enacted declaring the forfeiture of lands to the state for taxes, shall be classified by the county board of the county wherein such parcels lie as conservation or nonconservation. Such classification shall be made with consideration, among other things, to the present use of adjacent lands, the productivity of the soil, the character of forest or other growth, accessibility of lands to established roads, schools, and other public services, their peculiar suitability or desirability for particular uses and the suitability of the forest resources on the land for multiple use, sustained yield management. Such classification, furthermore, shall aid: to encourage and foster a mode of land utilization that will facilitate the economical and adequate provision of transportation, roads, water supply, drainage, sanitation, education, and recreation; to facilitate reduction of governmental expenditures; to conserve and develop the natural resources; and to foster and develop agriculture and other industries in the districts and places best suited thereto.

In making such classification the county board may make use of such data and information as may be made available by any office or department of the federal, state, or local governments, or by any other person or agency possessing information pertinent thereto at the time such classification is made. Such lands may be reclassified from time to time as the county board may deem necessary or desirable, except as to conservation lands held by the state free from any trust in favor of any taxing district.

If any such lands are located within the boundaries of any organized town, with taxable valuation in excess of \$20,000, or incorporated municipality, the classification or reclassification and sale shall first be approved by the town board of such town or the governing body of such municipality insofar as the lands located therein are concerned. The town board of the town or the governing body of the municipality will be deemed to have approved the classification or reclassification and sale if the county board is not notified of the disapproval of the classification or reclassification and sale within 90 days of the date the request for approval was transmitted to the town board of the town or governing body of the municipality. If the town board or governing body desires to acquire any parcel lying in the town or municipality by procedures authorized in this subdivision, it shall, within 90 days of the request for classification or reclassification and sale, file a written application with the county board to withhold the parcel from public sale. The county board shall then withhold the parcel from public sale for one year.

Any tax-forfeited lands may be sold by the county board to any organized or incorporated governmental subdivision of the state for any public purpose for which such subdivision is authorized to acquire property or may be released from the trust in favor of the taxing districts upon application of any state agency for any authorized use at not less than their value as determined by the county board. The commissioner of revenue shall have power to convey by deed in the name of the state any tract of tax-forfeited land held in trust in favor of the taxing districts, to any governmental subdivision for any authorized public use, provided that an application therefor shall be submitted to the commissioner with a statement of facts as to the use to be made of such tract and the need therefor and the recommendation of the county board; and provided further, that upon application of a political subdivision and the filing with the commissioner of revenue and the county board of a resolution adopted by the governing body of the political subdivision finding that the conveyance of a tract of tax-forfeited land to the political subdivision is necessary to provide for the redevelopment of land as productive taxable property, the commissioner of revenue shall convey by deed in the name of the state the tract of land to the political subdivision. The deed of conveyance shall be upon a form approved by the attorney general and shall be conditioned upon continued use for the purpose stated in the application, provided, however, that if the governing body of such governmental subdivision by resolution determines that some other public use shall be made of such lands, and such change of use is approved by the county board and an application for such change of use is made to, and approved by, the commissioner, such changed use may be made of such lands without the necessity of the governing body conveying the lands back to the state and securing a new conveyance from the state to the governmental subdivision for such new public use.

Whenever any governmental subdivision to which any tax-forfeited land has been conveyed for a specified public use as provided in this section shall fail to put such land to such use, or to some other authorized public use as provided herein, or shall abandon such use, the governing body of the subdivision shall authorize the proper officers to convey the same, or such portion thereof not required for an authorized public use, to the state of Minnesota, and such officers shall execute a deed of such conveyance forthwith, which conveyance shall be subject to the approval of the commissioner and in form approved by the attorney general, provided, however, that a sale, lease, transfer or other conveyance of such lands by a housing and redevelopment authority, a port authority, an economic development authority, or a city as authorized by sections 469.001 to 469.047 chapter 469 shall not be an abandonment of such use and such lands shall not be reconveyed to the state nor shall they revert to the state. A certificate made by a housing and redevelopment authority, a port authority, an economic development authority, or a city referring to a conveyance by it and stating that the conveyance has been made as authorized by sections 469.001 to 469.047 chapter

469 may be filed with the county recorder or registrar of titles, and the rights of reverter in favor of the state provided by this subdivision will then terminate. No vote of the people shall be required for such conveyance. In case any such land shall not be so conveyed to the state, the commissioner of revenue shall by written instrument, in form approved by the attorney general, declare the same to have reverted to the state, and shall serve a notice thereof, with a copy of the declaration, by certified mail upon the clerk or recorder of the governmental subdivision concerned; provided, that no declaration of reversion shall be made earlier than five years from the date of conveyance for failure to put such land to such use or from the date of abandonment of such use if such lands have been put to such use. The commissioner shall file the original declaration in the commissioner's office, with verified proof of service as herein required. The governmental subdivision may appeal to the district court of the county in which the land lies by filing with the court administrator a notice of appeal, specifying the grounds of appeal and the description of the land involved, mailing a copy thereof by certified mail to the commissioner of revenue, and filing a copy thereof for record with the county recorder or registrar of titles, all within 30 days after the mailing of the notice of reversion. The appeal shall be tried by the court in like manner as a civil action. If no appeal is taken as herein provided, the declaration of reversion shall be final. The commissioner of revenue shall file for record with the county recorder or registrar of titles, of the county within which the land lies, a certified copy of the declaration of reversion and proof of service.

Any city of the first class now or hereafter having a population of 450,000, or over, or its board of park commissioners, which has acquired tax-forfeited land for a specified public use pursuant to the terms of this section, may convey said land in exchange for other land of substantially equal worth located in said city of the first class, provided that the land conveyed to said city of the first class now or hereafter having a population of 450,000, or over, or its board of park commissioners, in exchange shall be subject to the public use and reversionary provisions of this section; the tax-forfeited land so conveyed shall thereafter be free and discharged from the public use and reversionary provisions of this section, provided that said exchange shall in no way affect the mineral or mineral rights of the state of Minnesota, if any, in the lands so exchanged.

Sec. 2. Minnesota Statutes 1988, section 462A.05, subdivision 24, is amended to read:

Subd. 24. It may engage in housing programs for low and moderate income elderly, handicapped, or developmentally disabled persons, as defined by the agency, to provide grants or loans, with or without interest, for

(1) accessibility improvements to residences occupied by elderly persons;

(2) housing sponsors, as defined by the agency, of home sharing programs to match existing elderly homeowners with prospective tenants who will contribute either rent or services to the homeowner, where either the homeowner or the prospective tenant is elderly, handicapped, or developmentally disabled;

(3) the construction of or conversion of existing buildings into structures for occupancy by the elderly that contain from three to 12 private sleeping rooms with shared cooking facilities and common space; and

(4) housing sponsors, as defined by the agency, to demonstrate the potential for home equity conversion in Minnesota for the elderly, in both rural and urban areas, and to determine the need in those equity conversions for consumer safeguards.

In making the grants or loans, the agency shall determine the terms and conditions of repayment and the appropriate security, if any, should repayment be required. The agency may provide technical assistance to sponsors of home sharing programs or may contract or delegate the provision of the technical assistance in accordance with section 462A.07, subdivision 12.

Housing sponsors who receive funding through these programs shall provide homeowners and tenants participating in a home sharing program with information regarding their rights and obligations as they relate to federal and state tax law including, but not limited to, taxable rental income, homestead credit under chapter 273, and the property tax refund act under chapter 290A.

Sec. 3. Minnesota Statutes 1988, section 462C.02, is amended by adding a subdivision to read:

Subd. 12. [LOAN.] "Loan" means:

(1) for single family housing, any loan, mortgage, or other form of owner financing; and

(2) for multifamily housing developments which are rental property, any loan, mortgage, financing lease, or revenue agreement.

Sec. 4. Minnesota Statutes 1988, section 462C.02, is amended by adding a subdivision to read:

Subd. 13. [REVENUE AGREEMENT] "Revenue agreement" has the meaning given that term in section 469.153, subdivision 10.

Sec. 5. Minnesota Statutes 1988, section 462C.05, is amended by adding a subdivision to read:

Subd. 8. [REVENUE AGREEMENT AND FINANCING LEASE.] Any revenue agreement or financing lease that includes a provision for a conveyance of real estate to the lessee or contracting party may be terminated in accordance with the revenue agreement or financing lease, notwithstanding that the revenue agreement or financing lease may constitute an equitable mortgage. No financing lease of any development shall be subject to section 504.02, unless expressly so provided in the financing lease. Leases of specific dwelling units in the development to the tenants thereof are not affected by this subdivision.

Sec. 6. Minnesota Statutes 1988, section 463.15, subdivision 3, is amended to read:

Subd. 3. [HAZARDOUS BUILDING PROPERTY.] "Real property, including any building, shall be deemed hazardous building" means any building which if the property, because of inadequate maintenance, dilapidation, physical damage, unsanitary condition, or abandonment, constitutes a fire hazard or a hazard to public safety or health.

Sec. 7. Minnesota Statutes 1988, section 463.15, subdivision 4, is amended to read:

Subd. 4. [OWNER, OWNER OF RECORD, AND LIEN HOLDER OF RECORD.] "Owner," "owner of record," and "lien holder of record" means a person having a right or interest in property to which Laws 1967, chapter 324, applies described in subdivision 3 and evidence of which is filed and recorded in the office of the county recorder or registrar of titles in the county in which the property is situated.

Sec. 8. [465.271] [HAZARDOUS PROPERTY PENALTY.]

Any home rule charter or statutory city may assess a penalty up to one percent of the market value of real property, including any building located within the city that the city determines to be hazardous as defined in section 463.15, subdivision 3. The city shall send a written notice to the address to which the property tax statement is sent at least 90 days before it may assess the penalty. If the owner of the property has not paid the penalty and fixed the property within 90 days after receiving notice of the penalty, the penalty is considered delinquent and is increased by 25 percent each 60 days the penalty is not paid and the property remains hazardous. For the purposes of this section, a penalty that is delinquent is considered a delinquent property tax and subject to chapters 279, 280, and 281, in the same manner as delinquent property taxes.

Sec. 9. Minnesota Statutes 1988, section 469.007, is amended to read:

469.007 [POWERS OF COUNTY AND MULTICOUNTY AUTHORITIES.]

Subdivision 1. [POWERS.] A county or multicounty authority and its commissioners shall, within the area of operation of the authority, have the same functions, rights, powers, duties, privileges, immunities, and limitations as are provided for housing and redevelopment authorities created for cities, and for the commissioners of those authorities. The provisions of law applicable to housing and redevelopment authorities created for cities and their commissioners shall be applicable to county and multicounty authorities and their commissioners, except as clearly indicated otherwise.

Subd. 2. [POWERS AS TO HOUSING DEVELOPMENT PROJECTS.] When a county or multicounty authority undertakes any housing project or housing development project involving the acquisition of multifamily housing rental properties that (1) were financed under the Federal Section 8 or Section 236 programs, or (2) are designed to be affordable to persons or families with incomes not greater than 80 percent of median income for the metropolitan statistical area or nonmetropolitan county, and are located within any village, city, or township, the authority shall notify the governing body of such village, city, or township in writing of the location of such housing project or housing development project. If the governing body fails to take action on a housing project or housing development project in a writing which sets forth its reasons for such action within 30 days, the governing body shall be deemed to have approved the location of such housing project or housing development project for purposes of any special or general law requiring local approval of the location of housing projects and housing development projects undertaken by county or multicounty authorities.

Sec. 10. Minnesota Statutes 1988, section 469.012, subdivision 1, is amended to read:

Subdivision 1. [SCHEDULE OF POWERS.] An authority shall be a public body corporate and politic and shall have all the powers necessary or convenient to carry out the purposes of sections 469.001 to 469.047, except that the power to levy and collect taxes or special assessments is limited to the power provided in sections 469.027 to 469.033. Its powers include the following powers in addition to others granted in sections 469.001 to 469.047:

Real property needed or convenient for a project may be acquired by the authority for the project by condemnation pursuant to this section. This includes any property devoted to a public use, whether or not held in trust, notwithstanding that the property may have been previously acquired by condemnation or is owned by a public utility corporation, because the public use in conformity with the provisions of sections 469.001 to 469.047 shall be deemed a superior public use. Property devoted to a public use may be so acquired only if the governing body of the municipality has approved its acquisition by the authority. An award of compensation shall not be increased by reason of any increase in the value of the real property caused by the assembly, clearance or reconstruction, or proposed assembly, clearance or reconstruction for the purposes of sections 469.001 to 469.047 of the real property in an area;

The authority may finance these activities by means of the redevelopment project fund or by means of tax increments or tax increment bonds or by the methods of financing provided for in section 469.033 or by means of contributions from the municipality provided for in section 469.041, clause (9), or by any combination of those means. Real property with buildings or improvements thereon shall only be acquired under this clause when the buildings or improvements are substandard. The exercise of the power of eminent domain under this clause shall be limited to real property which contains buildings and improvements which are vacated and substandard. For the purpose of this clause, substandard buildings or improvements mean hazardous buildings as defined in section 463.15, subdivision 3, or buildings or improvements that are dilapidated or obsolescent, faultily designed, lack adequate ventilation, light, or sanitary facilities, or any combination of these or other factors that are detrimental to the safety or health of the community;

(8) within its area of operation, to determine the level of income constituting low or moderate family income. The authority may establish various income levels for various family sizes. In making its determination, the authority may consider income levels that may be established by the federal housing administration or a similar or successor federal agency for the purpose of federal loan guarantees or subsidies for persons of low or moderate income. The authority may use that determination as a basis for the maximum amount of income for admissions to housing development projects or housing projects owned or operated by it;

(9) to provide in federally assisted projects any relocation payments and assistance necessary to comply with the requirements of the Federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, and any amendments or supplements thereto;

469.001 to 469.047 or of any other related federal, state, or local legislation; and upon the consent of the governing body of the city to purchase, lease, manage, or otherwise take over any housing project already owned and operated by the federal government;

(12) to make plans for carrying out a program of voluntary repair and rehabilitation of buildings and improvements, and plans for the enforcement of laws, codes, and regulations relating to the use of land and the use and occupancy of buildings and improvements, and to the compulsory repair, rehabilitation, demolition, or removal of buildings and improvements. The authority may develop, test, and report methods and techniques, and carry out demonstrations and other activities for the prevention and elimination of slums and blight;

(13) to borrow money or other property and accept contributions, grants, gifts, services, or other assistance from the federal government, the state government, state public bodies, or from any other public or private sources;

(18) to carry out studies of the housing and redevelopment needs within its area of operation and of the meeting of those needs. This

includes study of data on population and family groups and their distribution according to income groups, the amount and quality of available housing and its distribution according to rentals and sales prices, employment, wages, desirable patterns for land use and community growth, and other factors affecting the local housing and redevelopment needs and the meeting of those needs; to make the results of those studies and analyses available to the public and to building, housing, and supply industries;

(19) if a local public body does not have a planning agency or the planning agency has not produced a comprehensive or general community development plan, to make or cause to be made a plan to be used as a guide in the more detailed planning of housing and redevelopment areas;

(20) to lease or rent any dwellings, accommodations, lands, buildings, structures, or facilities included in any project and, subject to the limitations contained in sections 469.001 to 469.047 with respect to the rental of dwellings in housing projects, to establish and revise the rents or charges therefor;

(27) to recommend to the city concerning the enforcement of the applicable health, housing, building, fire prevention, and housing maintenance code requirements as they relate to residential dwelling structures that are being rehabilitated by low or moderate income persons pursuant to section 469.029, subdivision 9, for the period of time necessary to complete the rehabilitation, as determined by the authority;

(28) to recommend to the city the initiation of municipal powers, against certain real properties, relating to repair, closing, condemnation, or demolition of unsafe, unsanitary, hazardous, and unfit buildings, as provided in section 469.041, clause (5); and

(29) to sell, at private or public sale, at the price or prices determined by the authority, any note, mortgage, lease, sublease, lease purchase, or other instrument or obligation evidencing or securing a loan made for the purpose of economic development, job creation, redevelopment, or community revitalization by a public agency to a business, for-profit or nonprofit organization, or an individual; and

(30) within its area of operation, to acquire and sell real property that is benefited by federal housing assistance payments, other rental subsidies, or interest reduction payments, other rental subsidies, or interest reduction contracts for the purpose of preserving the affordability of low- and moderate-income multifamily housing.

"Displace" does not include providing or expending funds that directly result in, and are limited to, those improvements of housing which are made to comply with health, housing, building, fire prevention, housing maintenance, or energy codes or standards of the applicable government unit, or to make the housing more accessible to any handicapped person.

Subd. 4. [GOVERNMENT UNIT.] "Government unit" means any state agency; any public or private agency, corporation, or entity receiving a direct appropriation from the state for the purpose of a project that would displace low-income housing; or any general or special purpose unit of government in the state, including, but not limited to, any city, county, county housing and redevelopment authority, town, and regional development commission.

Subd. 5. [LOW-INCOME HOUSING.] "Low-income housing" means rental housing with a rent less than or equal to 30 percent of 50 percent of the median income for the county in which the rental housing is located, adjusted by size. "Low-income housing" also includes rental housing that has been vacant for less than two years, that was low-income housing when it was last occupied, and that is not condemned as being unfit for human habitation by the applicable government unit.

Subd. 6. [RENTAL HOUSING.] "Rental housing" includes, but is not limited to, rental apartments, rooms, and housing; board and lodging units; rooms in single-occupancy buildings and hotels that offer to be used as the sole residence of the occupant; transitional housing; and shelters. (3) be in at least standard condition; and

(4) be located in the city or town where the displaced low-income housing units were located.

Replacement housing may be provided as, but not limited to, newly constructed housing; or rehabilitated or rent subsidized existing housing that did not already qualify as low-income housing.

Subd. 8. [SIZE.] "Size" means the number of bedrooms in a housing unit.

Sec. 2. [504.31] [ANNUAL HOUSING IMPACT REPORT.]

Subdivision 1. [ANNUAL REPORT REQUIRED.] A government unit shall prepare an annual housing impact report for each year in which the government unit displaces ten or more units of low-income housing.

Subd. 2. [DRAFT ANNUAL HOUSING IMPACT REPORT.] A government unit subject to this section must prepare a draft annual housing impact report for review and comment by interested persons. The draft report must be completed by January 31 of the year immediately following a year in which the government unit has displaced ten or more units of low-income housing.

Subd. 3. [CONTENTS.] The draft and final annual housing impact reports must include:

(1) identification of each low-income housing unit that was displaced in the previous year in the city or town where housing was displaced by the government unit, including the unit's address, size, and rent; the number of persons who could have occupied the unit; the condition the unit was in, and whether it was habitable at the time of displacement; the owner of the unit; whether it was owner occupied; and how and when it was displaced;

(2) identification of each unit of replacement housing provided in the previous year in the city or town, including the unit's address, size, and rent; the number of persons who could occupy the unit; the owner of the unit; whether it is owner occupied; and an identification of the displaced low-income housing unit that was replaced by the unit of replacement housing;

(3) analysis of the supply of and demand for all sizes of low-income housing units, by size and rent, in the city or town;

(4) determination of whether there is an adequate supply of available and unoccupied low-income housing units to meet the demand for all sizes of low-income housing, by size and rent, in the city or town where housing has been displaced by the government unit;

(5) estimation of the cost of providing replacement housing for low-income housing not in adequate supply to meet the demand for

all sizes of low-income housing, by size and rent, in the city or town where housing has been displaced by the government unit; and

(6) analysis of the government unit's compliance with the replacement plans of previous housing annual impact reports and project housing impact statements.

Subd. 4. [REPLACEMENT PLAN.] If there is an inadequate supply of available and unoccupied low-income housing units to meet the demand for the replacement housing in the city or town where housing has been displaced by the government unit, the draft and final annual housing impact reports shall include a plan for providing the replacement housing within 36 months following the date of the final annual housing impact report.

Subd. 5. [NOTICE; REQUEST FOR COMMENTS.] A government unit subject to this section must provide for public input in preparing the annual housing impact report, including a public comment period and a public hearing. The government unit must publish notice of its draft annual housing impact report in a newspaper of general circulation in the city or town by the deadline for completion of the draft annual housing impact report. "ARTICLE 1

PROTECTION OF GROUNDWATER

Section 1. [115D.01] [GOAL; PREVENTION OF GROUNDWATER DEGRADATION.]

It is the goal of the state that groundwater be maintained in its natural condition, free from any degradation caused by human activities. It is recognized that for some human activities this nondegradation goal cannot be practicably achieved. However, where prevention is practicable, it is intended that it be achieved. Where it is not currently practicable, the development of methods and technology that will make prevention practicable is encouraged. The prevention and cleanup of groundwater pollution is crucial to the public health and welfare and the environment of the state because:

(1) Minnesota's high quality groundwater is a precious natural resource upon which Minnesotans depend for many uses, including drinking water and agricultural and industrial uses;

(2) this resource is currently being threatened by pollution from a

variety of land and water uses, including domestic, agricultural, and industrial uses;

(3) groundwater of the state is contained in a series of related and often interconnected aquifers, and pollutants entering the groundwater may spread both horizontally and vertically and may enter and impair surface waters;

(4) once groundwater becomes polluted, it is extremely difficult and at times impossible to return it to its natural state;

(5) consumption of polluted groundwater can result in significant health impacts, even at relatively low concentrations; and

(6) groundwater must be protected for consumption and other uses by future generations.

Sec. 2. [115D.02] [DEFINITIONS.]

Subdivision 1. [APPLICABLE DEFINITIONS.] The definitions provided in this section apply to terms used in sections 1 to 7, unless the context requires otherwise. The definitions provided in section 115.01 apply to terms used in sections 1 to 7, unless a different definition is provided in this section or the context requires otherwise.

Subd. 2. [BEST MANAGEMENT PRACTICES.] "Best management practices" means those practices that are most capable of preventing, reducing, minimizing, or eliminating the pollution of the waters of the state, and are most practicable, considering availability, economic factors, effectiveness, environmental impacts, ability to be implemented, and technical feasibility. Best management practices apply to, but are not limited to, schedules of activities, operation procedures, practices, techniques, maintenance procedures, application and use of chemicals, drainage from raw material storage, treatment requirements, and other activities that may cause or contribute to water pollution.

Subd. 3. [PERSON.] "Person" means a human being; a municipality or other governmental or political subdivision; a public agency; a public or private corporation; a partnership, firm, association, or other organization; a receiver, trustee, assignee, agent, or other legal representative of any of the foregoing; or any other legal entity.

Subd. 4. [REGULATING AUTHORITY.] "Regulating authority" means a state agency, political subdivision, special purpose district, or other governmental unit with legal authority to adopt and enforce water resources protection requirements.

Subd. 5. [WATER RESOURCES PROTECTION REQUIREMENTS.] “Water resources protection requirements” means requirements intended to prevent, reduce, minimize, or eliminate pollution of the waters of the state that are enforceable under law, ordinance, permit, license, or order. Water resources protection requirements include: design criteria, guidance, or requirements; standards; operation and maintenance procedures; practices to control releases, spills, leaks, and sludge and waste disposal; restrictions on use and practices; and treatment requirements.

Sec. 3. [115D.03] [STATE PROGRAMS.]

Subdivision 1. [PROGRAM REVIEW.] The environmental quality board shall identify those state agency programs that affect activities that may cause or contribute to groundwater pollution.

Subd. 2. [STATE AGENCIES.] (a) Each state agency that has a program identified pursuant to subdivision 1 shall identify and develop best management practices to ensure that the program is consistent with and is effective in achieving the goal of section 1 and is effective in meeting the limits established under section 5. For those activities which may cause or contribute to pollution of groundwater, but are not directly regulated by the state, best management practices shall be promoted through education, support programs, incentives, and other mechanisms.

(b) State agencies must concentrate efforts to identify and develop best management practices in sensitive areas with Karst and sand plain features as provided in section 7, subdivision 1.

Subd. 3. [DEPARTMENT OF AGRICULTURE.] The department of agriculture shall identify and develop best management practices for the distribution, storage, and use of pesticides and fertilizers, except as otherwise provided in law.

Subd. 4. [EDUCATION.] The Minnesota extension service shall develop and implement educational programs, in cooperation with state agencies and local units of government involved in comprehensive water planning, that promote the use of best management practices for the protection of groundwater.

Sec. 4. [115D.04] [DUTY TO PREVENT POLLUTION.]

Persons whose activity may cause or contribute to pollution of groundwater shall use all practicable means of preventing the pollution.

Sec. 5. [115D.05] [HEALTH AND POLLUTION LIMITS.]

Subdivision 1. [DEPARTMENT OF HEALTH.] (a) The depart-

ment of health shall adopt rules specifying procedures and criteria for establishing and periodically revising a list of health risk limits for drinking water. The rules shall require the limits to be set at levels such that there is no significant long-term risk to human health from using that water, considering prudent margins of safety and complicating effects due to the presence of multiple pollutants or breakdown products. The rules shall provide for the establishment of temporary emergency limits that are not subject to paragraph (b).

(b) After rules are adopted under paragraph (a), the department shall establish a list of health risk limits in accordance with the rules and the procedures provided in this paragraph. The establishment of the list is exempt from the requirements of chapter 14. The department shall reevaluate each limit at least every four years after it has been established. Before a list of health risk limits is established or revised, the department shall:

(1) publish in the State Register and disseminate through the Minnesota extension service and through soil and water conservation districts notice of its intent to establish or revise health risk limits for specific substances and shall solicit information on the health impacts of those substances;

(2) publish a proposed list of health risk limits in the State Register and disseminate through the Minnesota extension service and through soil and water conservation districts allowing 60 days for public comment; and

(3) publish the final list of health risk limits in the State Register and, at the same time, make available a summary of the public comments received and the department's responses to the comments.

(c) A limit established by the department under paragraph (b) may be challenged in the manner provided in sections 14.44 and 14.45, except that the court may declare a limit invalid only if it finds that the limit was not established in accordance with the rules adopted under paragraph (a) or the procedures provided in paragraph (b) or that the limit is arbitrary or capricious.

Subd. 2. [POLLUTION CONTROL AGENCY.] The pollution control agency may adopt rules establishing numerical groundwater pollution limits. The rules shall:

(1) use the department of health's health risk limits as the measure of health risk;

(2) provide for the establishment of more protective limits where

groundwater interactions with surface water may otherwise result in impairment of surface water quality;

(3) not preclude regulating authorities from adopting requirements for facilities or practices to further minimize pollution consistent with section 1, where it is practicable; and

(4) provide standards for guiding the actions of regulating authorities under section 6.

Sec. 6. [115D.06] [ACTIONS BY REGULATING AUTHORITIES.]

Subdivision 1. [GROUNDWATER POLLUTION OCCURRENCE.]

(a) Where groundwater pollution is detected during ongoing monitoring programs, the responsible state agency shall take appropriate actions consistent with the goal of section 1 to confirm detection and may investigate possible sources, investigate the extent of groundwater pollution, and may conduct informational and educational efforts and other appropriate actions in the affected areas.

(b) A water resources protection requirement may not be enforced by a state agency before September 30, 1991 except as provided in section 7, subdivision 1 for sensitive areas with Karst or sand plain features.

Subd. 2. [GROUNDWATER POLLUTION IN EXCESS OF LIMITS.] If groundwater pollution exceeds or is likely to exceed limits established under section 5, the regulating authority shall take appropriate actions consistent with the goal of section 1 and the limits established under section 5.

Subd. 3. [APPROPRIATE ACTIONS.] For the purpose of this section and section 7, "appropriate actions" include actions to confirm detection and investigate possible sources, investigate the extent of groundwater pollution, conduct informational or educational efforts in the affected areas, require implementation of management practices, develop water resources protection requirements, require changes in monitoring, restrict or modify the activity or use in question, or require or provide groundwater remediation or containment. Nothing in this section shall be interpreted to confer any authority to adopt water resources protection requirements upon any state agency, political subdivision, special purpose district, or other local governmental unit beyond the authority conferred by other law.

Subd. 4. [NITROGEN COMPOUNDS IN GROUNDWATER.] The department of agriculture and the pollution control agency, in consultation with the board of water and soil resources and Minnesota agricultural experiment station, shall prepare a report on nitrate and related nitrogen compounds in groundwater. The report

shall consider recommendations made by local government in comprehensive local water plans and the program review required in section 3, subdivision 2, use data developed by the Minnesota agricultural experiment station, and shall incorporate the findings of the fertilizer nitrogen task force identified in article 2, section 12. This report shall be submitted to the environmental quality board by July 1, 1991. The board shall provide recommendations to the legislature by November 15, 1991, based upon this report.

The report shall be based on existing information and shall examine areas in which improvements in the state and local response to this problem are feasible. The report shall address, but not be limited to, the following issues: the determination of trends in nitrogen pollution; causative factors; the development of recommended best management practices to reduce or minimize pollution; regulatory controls; the feasibility of proposed treatment and corrective or mitigative measures; and the economic impacts of proposed corrective measures.

Sec. 7. [115D.07] [PROTECTION OF SENSITIVE AREAS.]

Subdivision 1. [POLICY.] In order to achieve the goal of section 1 and comply with the limits established under section 5, a concentration of state and local efforts to protect groundwater in sensitive areas is required. Until the application of criteria for determination of sensitive areas pursuant to subdivisions 3 and 4 is complete, state agencies shall consider areas with Karst and sand plain features to be sensitive and must concentrate efforts to develop and implement best management practices, water resources protection requirements, and educational programs.

Subd. 2. [DEFINITION.] "Sensitive area" or "sensitive groundwater area" means a geographic area defined by natural features where the groundwater is at significant risk of contamination from activities conducted at or near the land surface.

Subd. 3. [CRITERIA FOR DETERMINATION OF SENSITIVE AREAS.] The environmental quality board shall, after consultation with representatives of local government, and members of agricultural and environmental groups adopt a list of specific criteria for identifying sensitive groundwater areas and establish procedures for applying the criteria in such areas, by September 30, 1991.

Subd. 4. [INCORPORATION OF CRITERIA.] State agencies must incorporate the criteria into appropriate programs according to the procedures established under subdivision 3.

Subd. 5. [ACTIONS BY REGULATING AUTHORITIES.] Upon adoption of a comprehensive local water plan as defined in article 7, a regulating authority must take into account the plan and any

geological assessments referenced in the plan when taking appropriate actions in sensitive areas.

Subd. 6. [INFORMATION GATHERING.] The environmental quality board is responsible for coordinating state and state-funded local information gathering efforts pursuant to the identification of sensitive groundwater areas. Information shall be collected and automated in accordance with article 6.

Sec. 8. [115D.08] [EFFECT ON OTHER LAW.]

Sections 1 to 7 do not limit any person's cause of action under chapter 116B; restrict the authority that a state agency or a local unit of government may have from any other law; or create new enforcement authority.

Subdivision 1. [SUBSTANTIATION OF CLAIMS.] The commissioner may require a person applying for a license or registration to manufacture or distribute a product for use in Minnesota to submit authentic experimental evidence or university research data to substantiate the claims made for the product. As evidence to substantiate claims, the commissioner may rely on experimental data, evaluations, or advice furnished by experts at the University of Minnesota and may accept or reject additional sources of evidence in evaluating a fertilizer or soil or plant amendment. The experimental evidence must relate to conditions in Minnesota for which the product is intended. The commissioner may also require evidence of value when used as directed or recommended.

Subd. 2. [INSUFFICIENT EVIDENCE.] If the commissioner determines that the evidence submitted does not substantiate the product's usefulness in this state, the commissioner may require the applicant to submit samples, conduct tests, or submit additional information, including conditions affecting performance, in order to evaluate its performance and usefulness.

Subd. 3. [REFUSAL TO LICENSE OR REGISTER.] The commissioner may refuse to license a person or register a specialty fertilizer or soil or plant amendment:

(1) if the application for license or registration is not complete;

(2) if the commissioner determines that the fertilizer, soil amendment, plant amendment, or any other additives with substantially the same contents, will not or is not likely to produce the results or effects claimed when used as directed;

(3) if the commissioner determines that the fertilizer, soil amend-

ment, plant amendment, or any other additive with substantially the same contents, is not useful in this state; or

(4) the facility is not safeguarded for bulk storage under section 17.7155 and as required by rule.

Subd. 4. [APPLICATION REVIEW AND REGISTRATION.] After reviewing the application accompanied by the application fee, the commissioner may issue a conditional license or registration to prevent unreasonable adverse effects on the environment or if the commissioner determines that the applicant needs the license or registration to accumulate information necessary to substantiate claims or to correct minor label violations. The commissioner may prescribe terms, conditions, and a limited period of time for the conditional license or registration. After a conditional license or registration is issued, the commissioner may revoke or modify the license or registration if the commissioner finds that its terms or conditions are being violated or are inadequate to avoid unreasonable adverse effects on the environment.

The commissioner may deny issuance of a conditional license or registration if the commissioner determines that issuance of a license or registration is not warranted or that the use to be made of the product under the proposed terms and conditions may cause unreasonable adverse effects on the environment.

Subd. 5. [PROTECTION OF TRADE SECRETS.] (a) In submitting data required by this chapter, the applicant may:

(1) clearly mark any portions that in the applicant's opinion are trade secrets, or commercial, or financial information; and

(2) submit the marked material separately from other material.

(b) After consideration of the applicant's request submitted under paragraph (a), the commissioner shall not make any information public that in the commissioner's judgment contains or relates to trade secrets or to commercial or financial information obtained from an applicant. When necessary, information relating to formulas of products may be revealed to a state or federal agency consulted with similar protection of trade secret authority and may be revealed at a public hearing or in findings of facts issued by the commissioner.

(c) If the commissioner proposes to release information that the applicant or registrant believes to be protected from disclosure under paragraph (b), the commissioner shall notify the applicant or registrant by certified mail. The commissioner shall not make the information available for inspection until 30 days after receipt of the notice by the applicant or registrant. During this period, the

applicant or registrant may institute an action in an appropriate court for a declaratory judgment as to whether the information is subject to protection under this section.

Sec. 15. [17.7153] [FERTILIZER PRACTICES.]

The commissioner shall:

(1) establish best management practices and water resources protection requirements involving fertilizer use, distribution, storage, handling, and disposal;

(2) cooperate with other state agencies and local governments to protect public health and the environment from harmful exposure to fertilizer; and

(3) appoint a task force to study the effects and impact on water resources from nitrogen fertilizer use so that best management practices, a fertilizer management plan, and nitrogen fertilizer use regulations can be developed. The task force must include farmers, representatives from farm organizations, the fertilizer industry, University of Minnesota, environmental groups, representatives of local government involved with comprehensive local water planning, and other state agencies, including the Minnesota pollution control agency, the Minnesota department of health, the Minnesota department of natural resources, the Minnesota state planning agency, the board of animal health, and the board of water and soil resources.

The task force shall review existing research including pertinent research from the University of Minnesota and shall develop recommendations for a nitrogen fertilizer management plan for the prevention, evaluation, and mitigation of nonpoint source occurrences of nitrogen fertilizer in waters of the state. The nitrogen fertilizer management plan must include components promoting prevention and developing appropriate responses to the detection of nitrate and related nitrogen from fertilizer sources in ground or surface water.

The task force shall report its recommendations to the commissioner by May 1, 1990. The commissioner shall report to the environmental quality board by July 1, 1990, on the task force's recommendations. The recommendations of this task force shall be incorporated into an overall nitrate and related nitrogen plan prepared by the pollution control agency and the department of agriculture as set forth in article 1, section 6.

Subd. 2. [USE OF PUBLIC WATER SUPPLIES FOR FILLING EQUIPMENT.] A person may not fill fertilizer application equipment directly from a public water supply, as defined in section 144.382, unless the outlet from the public water supply is equipped with a backflow prevention device that complies with Minnesota Rules, parts 4715.2000 to 4715.2280.

Subd. 3. [USE OF PUBLIC WATERS FOR FILLING EQUIPMENT.] A person may not fill fertilizer application equipment directly from public waters of the state, as defined in section 105.37, subdivision 14, unless the equipment contains proper and functioning anti-backsiphoning mechanisms. The person may not introduce fertilizers into the application equipment until after filling the equipment from the public waters.

Subdivision 1. [RIGHT OF APPORTIONMENT; FACTORS.] A person held liable under this chapter has the right to have the trier of fact apportion liability among the parties as provided in this section. The burden is on each responsible party to show how that responsible party's liability should be apportioned. The trier of fact shall reduce the amount of damages in proportion to any amount of liability apportioned to the party recovering.

In apportioning the liability of a party under this section, the trier of fact shall consider the following:

Sec. 48. Minnesota Statutes 1988, section 18B.37, subdivision 4, is amended to read:

Subd. 4. [STORAGE, HANDLING, AND DISPOSAL PLAN.] A commercial, noncommercial, or structural pest control applicator or the licensed business that the applicator is employed by must develop and maintain a plan that describes its pesticide storage, handling, and disposal practices. The plan must be kept at a principal business site or location within this state and must be submitted to the commissioner upon request on forms provided by the commissioner. The plan must be available for inspection by the commissioner.

Sec. 49. [18B.41] [PESTICIDE MANAGEMENT PLAN.]

Subdivision 1. [PLAN SPECIFICATIONS.] The commissioner shall develop a pesticide management plan for the prevention, evaluation, and mitigation of occurrences of pesticides or pesticide breakdown products in groundwaters and surface waters of the state. The pesticide management plan must include components promoting prevention, developing appropriate responses to the detection of pesticides or pesticide breakdown products in groundwater and surface waters, and providing responses to reduce or eliminate continued pesticide movement to groundwater and surface water as outlined in subdivisions 3 to 8.

The pesticide management plan shall be coordinated and developed with other state agency plans and with other state agencies through the environmental quality board. In addition, the University of Minnesota extension service, farm organizations, farmers, environmental organizations, and industry shall be involved in the pesticide management plan development.

Subd. 2. [DEFINITIONS.] The definitions in this subdivision apply to this section.

(a) "Pesticide" means a pesticide active ingredient as defined in section 18B.01, subdivision 18, or the breakdown product or metabolite of the pesticide active ingredient.

(b) "Specific management plan" means a plan applied to a pesticide and may be specific to a pesticide-sensitive groundwater protection area that incorporates voluntary chemical and nonchemical activities, procedures, and practices or pesticide use restrictions established by the department of agriculture in consultation with the University of Minnesota agricultural extension service due to determination of common detection of a pesticide in groundwater.

(c) "Nonpoint source" means the presence of a pesticide in groundwater or surface water from normal registered use of a pesticide.

(d) "Pesticide-sensitive groundwater protection areas" means a geographically definable area with characteristics of susceptibility

to pesticide migration to groundwater and containing criteria as stipulated in article 1, section 5, subdivision 2.

(e) "Best management practices" means practices as defined in article 1, section 2, subdivision 2.

(f) "Water resources protection measures" has the meaning given it in article 1, section 2, subdivision 5.

(g) "Monitoring" means a program designed for the collection of data, through a network of groundwater quality sampling stations or surface water sampling points, for scientific inquiry and statistically significant analysis.

Subd. 3. [PESTICIDE-SENSITIVE GROUNDWATER PROTECTION AREAS.] The commissioner shall designate pesticide-sensitive groundwater protection areas based on criteria established in article 1, section 7, subdivision 2, and may involve cooperation with the department of natural resources, the pollution control agency, the University of Minnesota, and other pertinent local, state, or federal agencies. Pesticide-sensitive groundwater protection areas must be based on factors associated with susceptibility of groundwater to the leaching or direct movement of pesticides to the groundwater.

Upon designation of pesticide-sensitive groundwater protection areas the commissioner shall conduct an assessment of the likelihood of certain pesticides to migrate to groundwater. Determination of pesticide mobility must be based on the best currently available data and may involve pesticide registrants data and state and federal data bases. Mobile pesticide determination must include pesticide use, physiochemical properties, and previous groundwater detection information.

The commissioner shall increase regulatory efforts in pesticide-sensitive groundwater protection areas, provide additional and increased pesticide educational and training activities for prevention of movement of pesticides to water resources.

Subd. 4. [PESTICIDE USE INFORMATION.] The commissioner shall monitor urban and rural pesticide use on a biennial basis. Information shall be collected and automated consistent with article 6, section 7.

Subd. 5. [BEST MANAGEMENT PRACTICES.] The commissioner shall promote best management practices that minimize the potential for pesticide movement to water resources throughout the state. Within a pesticide-sensitive groundwater protection area the commissioner shall promote additional appropriate best management practices and may consult with representatives of farmers,

local and state agencies, the University of Minnesota, federal agencies, and the pesticide industry. The best management practices for agricultural and urban pesticide use must be practical and appropriate for implementation in the pesticide-sensitive groundwater protection areas. In addition to agronomic and horticultural best management practices, increased and expanded pesticide educational programs for counties with designated pesticide groundwater protection areas shall be provided in cooperation with the Minnesota extension service.

Subd. 6. [EVALUATION OF DETECTION.] The commissioner shall evaluate the detection of pesticides in groundwaters of the state to determine the probable source and possible courses of action. Evaluation of the detection of the presence of a pesticide may include, but is not limited to, the following items:

(1) the methods of sample collection, handling, and confirmation mechanisms;

(2) the adherence of the reporting laboratory to good laboratory practices;

(3) the adequacy of the quality control and quality assurance programs;

(4) the physiochemical properties of the pesticide and their relationship, if any, to the detection;

(5) the general climatological, geographical, and hydrogeological factors that may impact the detection of the pesticide;

(6) the relationship of the concentration detected to the health based standard;

(7) the information available of the construction of the well from which the sample was obtained;

(8) the information available on pesticide use in the area;

(9) other potential pesticide sources; and

(10) the adherence to label directions, including precautions on the pesticide product label.

If conditions indicate a likelihood that the detection of the pesticide to be a result of normal registered use, the commissioner shall evaluate the need for increased promotion of best management practices and water resources protection measures to mitigate potential nonpoint source impact. Monitoring and subsequent evaluation shall occur on an as needed basis to determine if the pesticide

is commonly detected and the potential nonpoint impacts of the pesticide in similar conditions.

Subd. 7. [SPECIFIC PESTICIDE MANAGEMENT PLAN.] The commissioner shall develop a specific pesticide management plan for a pesticide if the pesticide has been determined to be commonly detected in groundwater as a result of normal registered use following evaluation by the commissioner. Each specific pesticide management plan must be designed to minimize movement to groundwater through a series of efforts such as increased educational activities, increased training and certification, and increased enforcement activities.

The commissioner shall develop and implement a focused groundwater monitoring and hydrogeologic evaluation following common pesticide detection to evaluate contamination frequency and concentration trend. Assessment of the site-specific and pesticide-specific conditions and the likelihood of common detection must include monitoring, pesticide use information, physical and chemical properties of the pesticide hydrogeologic information and review of information, and data from other local, state, or federal monitoring data bases.

The specific pesticide management plan must be developed following evaluation, increased monitoring efforts, and site-specific and pesticide-specific information. The specific management plan must include best management practices and water resources protection measures and pesticide use restrictions commensurate with applicable information obtained by the commissioner, the severity of the groundwater contamination and the trend assessment. The specific pesticide management plan must involve the registrant and be coordinated with the department of natural resources, the pollution control agency, the University of Minnesota agricultural extension service, the Minnesota environmental education board, the environmental quality board, the state planning agency, the department of health, the board of water and soil resources, and may include consultation with appropriate federal agencies, local governmental units, farm organizations, and the pesticide industry. The specific pesticide management plan shall be updated at no more than two-year intervals.

Subd. 8. [ACTIONS TO COMMON DETECTIONS WITH CONCENTRATIONS OR TRENDS GREATER THAN HEALTH LIMITS.] The commissioner shall impose additional use restrictions, or label modifications or cancel a pesticide use when:

(1) common detections of pesticides exceed previous or newly established limits as described in article 1, section 5 or, where applicable, state drinking water standards; or

(2) if trend analysis indicates that common detections will exceed

limits as described in article 1, section 5 or, where applicable, state drinking water standards notwithstanding implementation of best management practices and water resources protection measures or previous use restrictions.

Restrictions may include limitations on product purpose, rate, time of application, frequency of application, method of application, application to soil types or crops, or geographic area of application. Restrictions may be altered based on continued trend analysis of common pesticide detections.

Subd. 9. [RULES.] The commissioner shall adopt permanent rules necessary to implement this section. The rules must contain at a minimum:

(1) an education and information plan to promote pesticide best management practices and water resources protection measures in pesticide-sensitive groundwater protection areas;

(2) investigation and monitoring procedures to assess unusual pesticide detections in groundwater;

(3) procedures to implement best management practices and water resources protection measures, increased monitoring, and trend evaluation following the common detection of pesticides; and

(4) regulatory actions to be taken if trend analysis or common detections indicate exceedance of limits as described in article 1, section 5 or, where appropriate, state drinking water standards.

Sec. 50. [PESTICIDE CONTAINER COLLECTION AND RECYCLING PILOT PROJECT.]

Subdivision 1. [PESTICIDE; DEFINITION.] For the purposes of this section, "pesticide" means a substance or mixture of substances intended to prevent, destroy, repel, or mitigate a pest, and a substance or mixture of substances intended for use as a plant regulator, defoliant, or desiccant.

Subd. 2. [PROJECT.] The department of agriculture, in consultation and cooperation with the commissioner of the pollution control agency and the director of the Minnesota extension service, shall design and implement a pilot collection project, to be completed by June 30, 1991, to:

(1) collect, recycle, and dispose of empty, triple-rinsed pesticide containers;

(2) develop, demonstrate, and promote proper pesticide container management; and

(3) evaluate the current pesticide container management methods and the cause and extent of the problems associated with pesticide containers.

Subd. 3. [COLLECTION AND DISPOSAL.] The department of agriculture shall provide for the establishment and operation of temporary collection sites for pesticide containers. The department may limit the type and quantity of pesticide containers acceptable for collection.

Subd. 4. [INFORMATION AND EDUCATION.] The department shall develop informational and educational materials, in consultation and cooperation with the Minnesota extension service, to promote proper methods of pesticide container management.

Subd. 5. [REPORT.] During the pilot project, the department of agriculture shall conduct surveys and collect information on proper and improper pesticide container storage and disposal. By November 30, 1991, the department shall report to the legislature its conclusions from the project and recommendations for additional legislation or rules governing management of pesticide containers.

Subd. 6. [MANAGEMENT AND DISPOSAL.] The department of agriculture or other entity collecting pesticide containers must manage and dispose of the containers in compliance with applicable federal and state requirements.

A person may not construct a monitoring well until the owner of the property on which the well is located and the well owner sign a written contract that describes the nature of the work to be performed, the estimated cost of the work, and provisions for sealing the well.

Subd. 2. [WATER WELLS MUST BE IDENTIFIED.] When a water well has been constructed, the contractor shall attach to the well a label showing the unique well number, the depth of the well, the contractor's name, and the date the well was constructed.

Subd. 3. [NONCONFORMING MONITORING WELL.] Any monitoring well whose casing is completed less than 12 inches above grade, may only be constructed if there is no alternative location for constructing a well that ends at least 12 inches above grade. All these monitoring wells must be constructed and sealed in accordance with rules to be adopted by the commissioner.

Subd. 4. [DISTANCE REQUIREMENTS FOR SOURCES OF CONTAMINATION.] No person may place, construct, or install an actual or potential source of contamination any closer to a well than the isolation distances set in the Minnesota water well code adopted under section 156A.05 unless a variance has been issued by the

commissioner according to the procedures in the water well construction code.

Subd. 5. [REPORT OF WORK.] Within 30 days after completion or sealing of a well or completion of an excavation for or sealing of an elevator shaft or hydraulic cylinder, a person licensed or registered under this chapter or a person exempt under section 156A.03, subdivision 4, paragraph (a), clause (1), shall submit to the commissioner of health a verified report upon forms provided by the commissioner. [DISCLOSURE OF WELLS TO BUYER.] Effective July 1, 1990, before signing an agreement to sell or transfer property, the seller or transferor shall disclose in writing to the buyer or transferee information about the status and the location of all wells on the property. In the disclosure, the seller or transferor must indicate, for each well, whether it is in use, not in use, or permanently sealed. At the time of sale, the same information must be provided on the certificate of value required pursuant to section 272.115, or on some other form prescribed by the commissioner. The well information shall be signed by the seller or transferor of the property or a person authorized to act on behalf of the seller. If a seller fails to provide the well information, a buyer or a person authorized to act on behalf of the seller, may sign the well information portion based on the information provided on the disclosure required by this section or based on other available information. The county recorder shall not record a deed, instrument, or writing for which a certificate of value is required under section 272.115, unless the well information required by this section has been provided. The owner shall retain a copy.

Subd. 2. [FAILURE TO DISCLOSE AT TIME OF SALE.] If a seller or transferor fails to disclose the existence of a well at the time of sale, and knew or had reason to know of the existence of a well, the seller or transferor is liable to the buyer for costs and damages related to the sealing of a well and reasonable attorney fees. The right of action must be exercised by the buyer or transferee within six years after the date the buyer purchased or transferee received the property on which the well is located.

Subd. 3. [WHO MUST SEAL WELLS.] To seal wells, the owner of property on which a well is located shall employ a licensed water well contractor or a contractor with a license to seal unused wells. The owner of property with monitoring wells, or holes for elevator shafts, or hydraulic cylinders for elevators shall employ a licensed water well contractor, a contractor with a license to seal unused wells, or a monitoring well contractor to seal monitoring wells no longer in use; and an elevator shaft contractor to seal holes no longer used for elevator shafts or shafts for hydraulic cylinders for elevators.

Subd. 4. [OWNER'S CAUSE OF ACTION.] The owner of the property on which a water well or a shaft for an elevator or hydraulic cylinder for an elevator is located has a cause of action for civil damages against a person whose action or inaction caused contamination of the well. The right of an owner to maintain a cause of action extends for a period of six years after the owner knows or becomes aware of the contamination of the well. The court may award damages, reasonable attorneys' fees, and costs and disbursements.

Sec. 7. [156A.044] [PERMITS FOR GROUNDWATER THERMAL EXCHANGE DEVICES.]

Subdivision 1. [PERMIT REQUIRED.] Notwithstanding any department or agency rule to the contrary, the commissioner shall issue, upon request by the owner of the property and submission of a \$50 fee, permits for the reinjection of water by a properly constructed well into the same aquifer from which the water was drawn for the operation of a groundwater thermal exchange device.

Subd. 2. [PROCEDURES FOR GROUNDWATER EXCHANGE.] Withdrawal and reinjection shall be accomplished by a closed system in which the waters drawn for thermal exchange have no contact or commingling with water from other sources or with any polluting material or substances. The closed system must be constructed to allow opening for inspection by the commissioner. Wells that are part of a groundwater thermal exchange system shall serve no other function. However, water may be supplied to the domestic water system if the supply is taken off the thermal exchange system ahead of the heat exchange unit, and if the water discharges to a break tank through an air gap that is at least twice the effective

diameter of the water inlet to the tank. A groundwater thermal exchange system may be used for domestic water heating only if the water heating device is an integral part of the heat exchange unit that is used for space heating and cooling.

Subd. 3. [LIMITATIONS AND REQUIREMENTS FOR PERMITS.] As a condition of the permit issued under subdivision 1, an applicant shall agree to allow inspection by the commissioner of health during regular working hours for department inspectors. A maximum of 200 permits shall be issued for small systems having maximum capacities of 20 gallons per minute or less. The small systems shall be subject to inspection twice a year. A maximum of ten permits shall be issued for larger systems having maximum capacities from 20 to 50 gallons per minute. These larger systems shall be subject to inspection four times a year. The commissioner may adopt rules to administer this section.

Subd. 4. [REQUIREMENTS FOR WATER APPROPRIATION APPLY.] Water appropriation permit requirements and penalties provided in sections 105.41 to 105.416 and related rules adopted and enforced by the department of natural resources apply to groundwater thermal exchange permit recipients. A person issued a permit under subdivision 1 must comply with this section for the permit to be valid. Noncompliance subjects the person to sanctions for the noncomplying activity that are available to the department of health and pollution control agency.

Sec. 8. [156A.047] [VERTICAL HEAT EXCHANGER; LICENSING AND REGULATION.]

Subdivision 1. [LICENSE REQUIREMENTS.] No water well contractor shall drill or construct any excavation used to install a vertical heat exchanger unless the water well contractor has a valid water well contractor's license.

Subd. 2. [REGULATIONS FOR VERTICAL HEAT EXCHANGERS.] Vertical heat exchangers must be constructed, maintained, and sealed according to sections 156A.01 to 156A.09, and rules adopted under those sections.

Subd. 3. [PERMIT REQUIRED.] No water well contractor shall install a vertical heat exchanger without first obtaining a permit from the commissioner of health. The water well contractor must apply for the permit on forms provided by the commissioner and must pay a \$50 fee. As a condition of the permit, the owner of the property on which the vertical heat exchanger is to be installed shall agree to allow inspection by the commissioner, or an agent, during regular working hours of department of health inspectors.

[COMMISSIONER MAY ORDER REPAIRS AND SEALING OF WELLS.] The commissioner may order the owner of a well to take remedial measures, including making repairs, reconstructing or ~~abandoning~~ sealing the well in accordance with according to rules of the commissioner. The order may be issued if the commissioner determines, based upon inspection of the well and site or an analysis of water from the well, that any of the following conditions exist:

(1) the well is contaminated,

(2) the well has not been abandoned in accordance with sealed according to the rules of the commissioner,

(4) the water well does not produce water because it is not equipped with an operable pump or the electrical supply has been disconnected from the well, or

(5) the well is located in such a place or constructed in such a manner that its continued use or existence endangers the quality of the groundwater the water well has construction failure that may include holes in the casing, collapsed holes, plugged screens, or pumps only sediment or sand.

The order may be enforced in an action to seek compliance brought by the commissioner in the district court of the county in which the well is located.

The owner has a cause of action for civil damages against any person whose action or inaction caused contamination of the well. The court shall award damages, reasonable attorneys' fees, and costs and disbursements.

Subd. 5. [COMMISSIONER MAY RECOVER COSTS.] Failure to comply with a commissioner's order to seal a water well may result in the commissioner entering into a contract to have the well sealed. Any expense incurred by the state in sealing a well pursuant to an order to seal shall constitute and be a lien in favor of the state against the land involved. The state may recover its costs by either of the following means:

(a) The amount of the expense shall be certified to the county auditor, who shall enter the expense upon the tax books, as a special assessment upon the land, to be collected in the same manner as other real estate taxes on the parcel for the next year.

(b) If the amount certified in paragraph (a) exceeds \$1,000, the state may allow the assessment to be collected in ten equal annual installments payable to the county treasurer with the taxes on the property next due. When collected by the county treasurer the amount shall be reimbursed to the state treasurer.

(c) The lien attaches to real property on which the well is located. The lien is perfected by filing a copy of the lien with the county recorder or registrar of deed where the well and property are located and serving or mailing by return receipt a copy of the lien to the property owner.

Subd. 6. [SATISFACTION OF LIEN.] The amount due of a lien under this section may be paid at any time. When the amount of the lien is paid, the commissioner must execute a satisfaction of the lien and record the satisfaction with the county recorder or registrar of deeds where the lien was filed.

Subd. 7. [APPROPRIATION OF RECOVERED COSTS.] Costs of sealing wells recovered from property owners shall be deposited in the state treasury and credited to the account from which the amounts were originally appropriated.

The commissioner shall report to the legislature by January 1, 1990, the commissioner's recommendations for alternatives to the once-through heating and cooling systems including potential uses for discharge water from the systems, the environmental and economic implications of the alternatives, and other uses for the discharge water. The report shall also describe the relative impact on affected aquifers, examine the efficiency of once-through cooling systems, and make recommendations for corrective action on inefficient systems. The corrective action shall include either upgrading such systems or the conversion to an alternative system within a time schedule to be recommended by the commissioner of natural resources, but not later than January 2, 1994.

Sec. 3. Minnesota Statutes 1988, section 105.41, subdivision 1a, is amended to read:

Subd. 1a. [WATER ALLOCATION RULES, PRIORITIES.] The commissioner shall submit to the legislature by January 1, 1975, for its approval, proposed adopt rules in the manner provided in chapter 14, governing the allocation of waters among potential water users. For the purposes of this section, "consumption" shall mean water withdrawn from a supply which is lost for immediate further use in the area. These rules must be based on the following priorities for the consumptive appropriation and use of water:

First priority: domestic water supply, excluding industrial and commercial uses of municipal water supply, and use for power production that meets the contingency planning provisions of section 105.417, subdivision 5.

Second priority: any use of water that involves consumption of less than 10,000 gallons of water a day. In this section "consumption"

means water withdrawn from a supply that is lost for immediate further use in the area.

Third priority: agricultural irrigation, involving consumption in excess of 10,000 gallons a day, and processing of agricultural products.

Fourth priority: power production involving consumption in excess of 10,000 gallons a day in excess of the use provided for in the contingency plan developed pursuant to section 105.417, subdivision 5.

Fifth priority: other uses, involving consumption in excess of 10,000 gallons a day.

Appropriation and use of surface water from streams during periods of flood flows and high water levels must be encouraged subject to consideration of the purposes for use, quantities to be used, and the number of persons appropriating water.

Appropriation and use of surface water from lakes of less than 500 acres in surface area must be discouraged.

The treatment and reuse of water from nonconsumptive uses shall be encouraged.

Diversions of water from the state for use in other states or regions of the United States or Canada must be discouraged.

No permit may be issued under this section unless it is consistent with state, regional, and local water and related land resources management plans, if regional and local plans are consistent with statewide plans. The commissioner must not modify or restrict the amount of appropriation from a groundwater source authorized in a permit issued under section 105.44, subdivision 8, between May 1 and October 1 of any year, unless the commissioner determines the authorized amount of appropriation endangers any domestic water supply.

During periods of critical water deficiency as determined by the governor and declared by order of the governor, public water supply authorities appropriating water shall adopt and enforce restrictions consistent with rules adopted by the commissioner of natural resources within their areas of jurisdiction. The restrictions must limit lawn sprinkling, car washing, golf course and park irrigation,

and other nonessential uses and have appropriate penalties for failure to comply with the restrictions. The commissioner may adopt emergency rules according to sections 14.29 to 14.36 relating to matters covered by this section during the year 1977. Disregard of critical water deficiency orders, even though total appropriation remains less than that permitted, is grounds for immediate modification of any public water supply authority's appropriator's permit.

Subd. 2a. [SOLID WASTE MANAGEMENT PROJECTS.] (a) The board shall provide technical and financial assistance for the acquisition and betterment of solid waste management projects as provided in this subdivision and section 115A.52. Money appropriated for the purposes of this subdivision must be distributed as grants.

(b) Except as provided in paragraph (c), a project may receive grant assistance up to 25 percent of the capital cost of the project or \$2,000,000, whichever is less.

(c) A recycling project or a project to compost or co-compost waste may receive grant assistance up to 50 percent of the capital cost of the project or \$2,000,000, whichever is less.

(d) Projects without resource recovery are not eligible for assistance. The agency may award grants for transfer stations that will initially transfer waste to landfills provided those transfer stations are part of a planned resource recovery project, and provided the county where the planned resource recovery facility will be located has a comprehensive solid waste management plan approved by the agency and that plan proposes the development of the resource recovery facility. If the proposed resource recovery facility is not in place and operating within five years of the date of the grant award, the recipient shall repay the grant amount to the state.

(e) In addition to any assistance received under clause (b) or (c), a project may receive grant assistance for the cost of tests necessary to determine the appropriate pollution control equipment for the project or the environmental effects of the use of any product or material produced by the project.

(f) In addition to the application requirements of section 115A.51, an application for a project serving eligible jurisdictions in only a single county must demonstrate that cooperation with jurisdictions in other counties to develop the project is not needed or not feasible. Each application must also demonstrate that the project is not financially prudent without the state assistance, because of the

applicant's financial capacity and the problems inherent in the waste management situation in the area, particularly transportation distances and limited waste supply and markets for resources recovered.

(g) For the purposes of this subdivision, a "project" means a processing facility, together with any transfer stations, transmission facilities, and other related and appurtenant facilities primarily serving the processing facility. The board shall adopt rules for the program by July 1, 1985."

(c) The limits under paragraph (b) apply to response costs incurred between the date a request for response action is issued to the political subdivision by the agency and the date one year after the construction certificate of completion for the response action is approved by the commissioner. The limits under paragraph (b) do not apply to response costs incurred outside the dates set forth in this paragraph or to costs incurred to negotiate a consent order or other agreement with the agency concerning any response action.

A publicly operated mixed municipal solid waste landfill that stops accepting waste before July 1, 1990, is exempt from Minnesota Rules, parts 7035.2665 to 7035.2805, relating to financial assurance requirements.

Nothing in this section may be construed to eliminate public owner or operator responsibility and liability for closure or postclosure care required of facilities under Minnesota Statutes, section 116.07 and the rules adopted under it.

The pollution control agency shall study additional alternatives within the financial assurance requirements set forth in Minnesota Rules, parts 7035.2665 to 7035.2805 and report to the legislative commission on waste management by January 1, 1990.

Sec. 56. [ASH DEMONSTRATION PROJECTS; STATE INDEMNIFICATION.]

Subdivision 1. [SEWAGE SLUDGE ASH PROJECT; REPORT.] The metropolitan waste control commission and the commissioner of transportation shall jointly conduct one or more demonstration projects to determine the long-term potential and effects of the use of sewage sludge ash generated by the commission as a fine aggregate in asphalt for use in state paving projects. The commission and the commissioners of transportation and the pollution control agency shall assess the practicality, costs, and potential environmental effects of use of the ash in asphalt and shall report to the legislative commission on waste management by November 1, 1990. The report must include a description of the projects undertaken, findings, and recommendations for further research needs and the future use of sewage sludge ash in asphalt.

Subd. 2. [SOLID WASTE ASH PROJECT; REPORT.] The Hennepin county board and the commissioner of transportation may jointly conduct a demonstration project to determine the long-term potential and effects of using solid waste ash as an aggregate in asphalt for use in road projects. The commissioners of transportation and the pollution control agency shall assess the practicality, costs, and potential effects of the use of the ash in asphalt and shall submit a report to the legislative commission on waste management by May 1, 1990, to include a description of the projects undertaken, findings, and recommendations for the future research needs and future use of solid waste ash in asphalt.

Subd. 3. [INDEMNIFICATION.] The state, through the general fund, assumes any and all liability related to the projects authorized in this section that is imposed on the metropolitan waste control commission, the commissioner of transportation, the county of

Hennepin, and their employees, agents, and contractors, if the liability is based on classification of the ash as hazardous waste or a pollutant or contaminant under state or federal law. The state assumes the liability only if:

(1) the project is conducted in compliance with a permit issued by the pollution control agency; and

(2) if the entity held liable used due care in implementing the project.

The commissioner of transportation and the commissioner's agents and contractors are not responsible parties under chapters 115 and 115B for a release that occurs as a result of a project authorized by this section.

Sec. 57. [COLLECTOR COMPENSATION REPORT.]

The legislative commission on waste management with the participation of representatives of local government and of the solid waste collection industry shall prepare a report which examines whether and under what circumstances a local unit of government shall ensure just and reasonable compensation to solid waste collectors who are displaced when a local unit of government organizes solid waste collection under Minnesota Statutes, section 115A.94. The commission shall complete its report and recommend for legislative action any compensation mechanism found necessary by January 31, 1990.

Sec. 2. Minnesota Statutes 1988, section 219.072, is amended to read:

219.072 [ESTABLISHMENT OF NEW GRADE CROSSINGS.]

The establishment of all new grade crossings must be approved by the commissioner. When establishment of a new grade crossing is desired, either by the public officials having the necessary authority or by the railroad company, and the public officials and the railroad company cannot agree as to need, location, or type of warning devices required, either party may file a petition with the commissioner setting forth the facts and submitting the matter for determination. The commissioner, after notice as the commissioner deems reasonable, shall conduct a hearing and issue an order determining the matters submitted. If the commissioner approves the establishment of a new grade crossing, the commissioner may in the same order direct that the costs, including the costs of the type of warning devices required, be divided between the railroad company and the public authority involved as the parties may agree, or, if they fail to agree, then as determined by the commissioner on the basis of benefit to the users of each. All money so deposited is appropriated to the department for expenditure for rail service improvement in accordance with applicable state and federal law. This appropriation shall not lapse but shall be available until the purpose for which it was appropriated has been accomplished. No money appropriated to the department for the purposes of administering the rail service improvement program shall be

The participants in these contracts shall be railroads, rail users and the department, and may be political subdivisions of the state and the federal government. In such contracts, participation by all parties shall be voluntary. The terms and conditions for use of money in the fund shall be stipulated in the contract. The contract shall also stipulate a penalty for use of such money in a manner other than as set forth in the contract and

(d) To provide for aerial photography survey of proposed and abandoned railroad tracks for the purpose of recording and reestablishing by analytical triangulation the existing alignment of the in-place track; or

(e) To pay a portion of the costs of acquiring a rail line by a regional railroad authority established pursuant to chapter 398A.

All money derived by the commissioner from the disposition of railroad right-of-way or of any other property acquired pursuant to sections 222.46 to 222.62 shall be deposited in the rail service improvement account.

Funds received by the commissioner of transportation from rentals, fees, or charges for the use of rail bank property shall be credited to

the maintenance account and used for the maintenance of that property, and held as a reserve for maintenance expenses in an amount determined by the commissioner, and amounts received in the maintenance account in excess of the reserve requirements shall be transferred to the rail service improvement account. "Section 1. [ADMINISTRATIVE FUND.]

Notwithstanding Minnesota Statutes, section 112.61, subdivision 3, the administrative fund for the Kanaranzi-Little Rock watershed district consists of an ad valorem tax levy not to exceed a net tax capacity rate computed under this section or \$125,000, whichever is less.

The maximum net tax capacity rate applicable under this section shall be determined as follows:

(a) determine the product of the applicable mill rate limitation imposed under Minnesota Statutes, section 112.61, subdivision 3, for taxes payable in 1988, multiplied by the total assessed valuation of all taxable property subject to the tax; and, at the election of the district, as adjusted by the provisions of Minnesota Statutes 1986, sections 272.64; 273.13, subdivision 7a; and 275.49 for that year;

(b) for taxes payable in 1989, determine the product of (1) the property tax levy limitation for the taxes payable in year 1988 determined under clause (a) multiplied by (2) an index for market valuation changes equal to the assessment year 1988 total market valuation of all taxable property subject to the tax divided by the assessment year 1987 total market valuation of all taxable property subject to the tax; and

(c) for taxes payable in 1990 and subsequent years, determine the product of (1) the property tax levy limitation for the previous year determined pursuant to this subdivision multiplied by (2) an index

for market valuation changes equal to the total market valuation of all taxable property subject to the tax for the current assessment year divided by the total market valuation of all taxable property subject to the tax for the previous assessment year.

For the purpose of determining the property tax levy limitation for the taxes payable in year 1988 and subsequent years under this subdivision, "total market valuation" means the total market valuation of all taxable property subject to the tax without valuation adjustments for tax increment financing under sections 469.174 to 469.179, and high voltage transmission lines under section 273.425."

[REQUIREMENT FOR DRIVER WHETHER OR NOT THE OWNER.] Every driver shall have in immediate possession at all times when operating a motor vehicle or motorcycle an insurance identification card indicating that insurance covering the vehicle is in effect and shall produce it, upon demand of a peace officer. If the driver is unable to produce the required proof of insurance upon the demand of a peace officer, the driver shall, within 14 days after the demand, produce an insurance identification card, as defined under section 65B.482, subdivision 2, or policy, as defined under section 65B.482, subdivision 4, or a written statement, as defined under section 65B.482, subdivision 3, stating that security had been provided for the vehicle that was being operated at the time of the demand, or the name and address of the owner to the place stated in the notice provided by the officer. The required proof of insurance may be sent by mail by the driver as long as it is received within 14 days. Except as provided in subdivision 2, any driver who fails to produce proof of insurance as required by this section within 14 days of the demand is guilty of a misdemeanor. The peace officer may mail the citation to the address given by the driver or to the address stated on the driver's license, and such service by mail is valid notwithstanding section 629.34. It is not a defense to service that a person failed to notify the department of public safety of a change of name or address as required under section 171.11. The citation may be sent after the 14-day period. A driver who is not the owner of the motor vehicle or motorcycle does not violate this section unless the driver knew or had reason to know that the owner did not have proof of insurance required by this section.

Notice by mail is presumed to be received within five days after mailing and shall be sent to the owner's current address or the address listed on the owner's driver's license. Within 14 days after receipt of the notice, the owner shall produce the required proof of

insurance to the place stated in the notice received by the owner. The required proof of insurance may be sent by mail by the owner as long as it is received within 14 days. Any owner who fails to produce an insurance identification card, policy, or written statement within 14 days of an officer's request is guilty of a misdemeanor. It is an affirmative defense to the owner that the driver used the owner's vehicle without consent or misrepresented his or her insurance coverage to the owner. The peace officer may mail the citation to the owner's current address or address stated on the owner's driver's license. It is not a defense that a person failed to notify the department of public safety of a change of name or address as required under section 171.11. The citation may be sent after the 14-day period.

Subd. 4. [EXEMPTIONS.] Buses or other commercial vehicles operated by the metropolitan transit commission, commercial vehicles required to file proof of insurance pursuant to chapter 221 and school buses as defined in section 171.01, subdivision 21, are exempt from this section.

[IMPLIED CONSENT.] Any driver or owner of a motor vehicle or motorcycle consents, subject to the provisions of this section and section 169.791, to the requirement of having possession of proof of insurance, and to the revocation of the person's license if the driver or owner is unable to produce the required proof of insurance within 14 days of an officer's demand. Any driver of a motor vehicle or motorcycle who is not the owner of the motor vehicle or motorcycle consents, subject to the provisions of this section and section 169.791, to providing to the officer the name and address of the owner of the motor vehicle or motorcycle.

Subd. 2. [REQUIREMENT FOR DRIVER WHETHER OR NOT THE OWNER.] Except as provided in subdivision 3, every driver of a motor vehicle or motorcycle shall, either immediately or within 14 days after the demand of a peace officer, produce an insurance identification card, as defined under section 65B.482, subdivision 2, or policy, as defined under section 65B.482, subdivision 4, or a written statement, as defined under section 65B.482, subdivision 3, stating that security had been provided for the vehicle that was being operated at the time of the demand, to the place stated in the notice provided by the officer. The required proof of insurance may be sent by the driver by mail as long as it is received within 14 days. A driver who is not the owner does not violate this section unless the driver knew or had reason to know that the owner did not have proof of insurance required by this section.

Subd. 3. [REQUIREMENT FOR DRIVER WHO IS NOT THE OWNER.] If the driver is not the owner of the vehicle, then the driver shall within 14 days of the officer's demand provide the officer with proof of insurance or the name and address of the owner.

Within 14 days after receipt of the notice, the owner shall produce the required proof of insurance to the place stated in the notice received by the owner. Notice by mail is presumed to be received within five days after mailing. It is not a defense that a person failed to notify the department of public safety of a change of name or address as required under section 171.11.

Subd. 5. [NOTICE OF REVOCATION.] When an insurance identification card is demanded and none is in possession, the officer shall give the driver written notice as provided herein. If the driver is not the owner and does not produce the required proof of insurance within 14 days of the demand, the officer may send written notice to the owner of the vehicle. The department of public safety shall prescribe a form setting forth the written notice to be provided to the driver or owner. The notice shall specify the place to which the driver or owner must produce the insurance identification card, policy, or written statement. The notice shall also state:

(1) that Minnesota law requires every driver and owner to produce an insurance identification card, policy, or written statement indicating that the vehicle had insurance at the time of an officer's demand within 14 days of the demand, provided, however, that a driver who does not own the vehicle shall provide the name and address of the owner;

(2) that if the driver fails to produce the information within 14 days from the date of demand or if the owner fails to produce the information within 14 days of receipt of the notice from the peace officer, the commissioner of public safety shall revoke the person's driver's license or permit to drive, or nonresident operating privileges. The revocation will be effective beginning 14 days after the date of notification by the officer to the department of public safety. The person's driver's license or permit to drive, or nonresident operating privileges, shall be revoked for the longer of: (i) not less than 30 days, or (ii) until the driver or owner files proof of insurance with the department of public safety satisfactory to the commissioner of public safety;

(3) that any person who displays or causes another to display an

insurance identification card, policy, or written statement, knowing that the insurance is not in force, is guilty of a misdemeanor; and

(4) that any person who alters or makes a fictitious identification card, policy, or written statement, or knowingly displays an altered or fictitious identification card, policy, or written statement, is guilty of a misdemeanor.

Subd. 6. [REPORT TO THE COMMISSIONER OF PUBLIC SAFETY.] If a driver fails to produce a valid insurance identification card, policy, or written statement or name and address of the owner within 14 days of the demand, the officer shall report the failure to the commissioner of public safety and may send a written notice to the owner. If the owner fails to produce a valid insurance identification card, policy, or written statement within 14 days of receipt of the notice, the officer shall report the failure to the commissioner of public safety.

Subd. 7. [LICENSE REVOCATION.] Upon receiving the notification under subdivision 6, the commissioner of public safety shall revoke the person's driver's license or permit to drive, or nonresident operating privileges. The revocation shall be effective beginning 14 days after the date of notification by the officer to the department of public safety. In order to be revoked, notice must have been given or mailed to the person, as provided in this section. The person's driver's license or permit to drive, or nonresident operating privileges, shall be revoked for the longer of: (i) not less than 30 days, or (ii) until the driver or owner files proof of insurance with the department of public safety satisfactory to the commissioner of public safety indicating that insurance was in effect at the time of the officer's demand.

Subd. 8. has been finally determined that a nonresident's operating privilege in this state has been revoked or denied, the commissioner of public safety shall give information in writing of the action taken to the official in charge of traffic control or public safety of the state of the person's residence and of any state in which the person has a license.

The provisions of section 45.027 do not apply to license revocations under section 169.792.

Sec. 13. [169.795] [RULES.]

The commissioner of public safety shall adopt rules necessary to implement sections 1 to 15.

If the person's driver's license or permit to drive, or nonresident operating privileges, have been revoked under section 169.792, the commissioner may only issue a limited license to the person after the person has presented an insurance identification card, policy, or written statement indicating that the driver or owner has insurance coverage satisfactory to the commissioner of public safety. Section 1. [115D.01] [GOAL; PREVENTION OF GROUNDWATER DEGRADATION.]

It is the goal of the state that groundwater be maintained in its natural condition, free from any degradation caused by human activities. It is recognized that for some human activities this nondegradation goal cannot be practicably achieved. However, where prevention is practicable, it is intended that it be achieved. Where it is not currently practicable, the development of methods and technology that will make prevention practicable is encouraged. The prevention and cleanup of groundwater pollution is crucial to the public health and welfare and the environment of the state because:

(1) Minnesota's high quality groundwater is a precious natural resource upon which Minnesotans depend for many uses, including drinking water and agricultural and industrial uses;

(2) this resource is currently being threatened by pollution from a variety of land and water uses, including domestic, agricultural, and industrial uses;

(3) groundwater of the state is contained in a series of related and often interconnected aquifers, and pollutants entering the groundwater may spread both horizontally and vertically and may enter and impair surface waters;

(4) once groundwater becomes polluted, it is extremely difficult and at times impossible to return it to its natural state;

(5) consumption of polluted groundwater can result in significant health impacts, even at relatively low concentrations; and

(6) groundwater must be protected for consumption and other uses by future generations.

Sec. 2. [115D.02] [DEFINITIONS.]

Subdivision 1. [APPLICABLE DEFINITIONS.] The definitions provided in this section apply to terms used in sections 1 to 7, unless the context requires otherwise. The definitions provided in section 115.01 apply to terms used in sections 1 to 7, unless a different definition is provided in this section or the context requires otherwise.

Subd. 2. [BEST MANAGEMENT PRACTICES.] "Best management practices" means those practices that are most capable of preventing, reducing, minimizing, or eliminating the pollution of the waters of the state, and are most practicable, considering availability, economic factors, effectiveness, environmental impacts, ability to be implemented, and technical feasibility. Best management practices apply to, but are not limited to, schedules of activities, operation procedures, practices, techniques, maintenance procedures, application and use of chemicals, drainage from raw material storage, treatment requirements, and other activities that may cause or contribute to water pollution.

Subd. 3. [PERSON.] "Person" means a human being; a municipality or other governmental or political subdivision; a public agency; a public or private corporation; a partnership, firm, association, or other organization; a receiver, trustee, assignee, agent, or other legal representative of any of the foregoing; or any other legal entity.

Subd. 4. [REGULATING AUTHORITY.] "Regulating authority" means a state agency, political subdivision, special purpose district, or other governmental unit with legal authority to adopt and enforce water resources protection requirements.

Subd. 5. [WATER RESOURCES PROTECTION REQUIREMENTS.] "Water resources protection requirements" means requirements intended to prevent, reduce, minimize, or eliminate pollution of the waters of the state that are enforceable under law, ordinance, permit, license, or order. Water resources protection requirements include: design criteria, guidance, or requirements; standards; operation and maintenance procedures; practices to

control releases, spills, leaks, and sludge and waste disposal; restrictions on use and practices; and treatment requirements.

Sec. 3. [115D.03] [STATE PROGRAMS.]

Subdivision 1. [PROGRAM REVIEW.] The environmental quality board shall identify those state agency programs that affect activities that may cause or contribute to groundwater pollution.

Subd. 2. [STATE AGENCIES.] (a) Each state agency that has a program identified pursuant to subdivision 1 shall identify and develop best management practices to ensure that the program is consistent with and is effective in achieving the goal of section 1 and is effective in meeting the limits established under section 5. For those activities which may cause or contribute to pollution of groundwater, but are not directly regulated by the state, best management practices shall be promoted through education, support programs, incentives, and other mechanisms.

(b) State agencies must concentrate efforts to identify and develop best management practices in sensitive areas with Karst and sand plain features as provided in section 7, subdivision 1.

Subd. 3. [DEPARTMENT OF AGRICULTURE.] The department of agriculture shall identify and develop best management practices for the distribution, storage, and use of pesticides and fertilizers, except as otherwise provided in law.

Subd. 4. [EDUCATION.] The Minnesota extension service shall develop and implement educational programs, in cooperation with state agencies and local units of government involved in comprehensive water planning, that promote the use of best management practices for the protection of groundwater.

Sec. 4. [115D.04] [DUTY TO PREVENT POLLUTION.]

Persons whose activity may cause or contribute to pollution of groundwater shall use all practicable means of preventing the pollution.

Sec. 5. [115D.05] [HEALTH AND POLLUTION LIMITS.]

Subdivision 1. [DEPARTMENT OF HEALTH.] (a) The department of health shall adopt rules specifying procedures and criteria for establishing and periodically revising a list of health risk limits for drinking water. The rules shall require the limits to be set at levels such that there is no significant long-term risk to human health from using that water, considering prudent margins of safety and complicating effects due to the presence of multiple pollutants or breakdown products. The rules shall provide for the establish-

ment of temporary emergency limits that are not subject to paragraph (b).

(b) After rules are adopted under paragraph (a), the department shall establish a list of health risk limits in accordance with the rules and the procedures provided in this paragraph. The establishment of the list is exempt from the requirements of chapter 14. The department shall reevaluate each limit at least every four years after it has been established. Before a list of health risk limits is established or revised, the department shall:

(1) publish in the State Register and disseminate through the Minnesota extension service and through soil and water conservation districts notice of its intent to establish or revise health risk limits for specific substances and shall solicit information on the health impacts of those substances;

(2) publish a proposed list of health risk limits in the State Register and disseminate through the Minnesota extension service and through soil and water conservation districts allowing 60 days for public comment; and

(3) publish the final list of health risk limits in the State Register and, at the same time, make available a summary of the public comments received and the department's responses to the comments.

(c) A limit established by the department under paragraph (b) may be challenged in the manner provided in sections 14.44 and 14.45, except that the court may declare a limit invalid only if it finds that the limit was not established in accordance with the rules adopted under paragraph (a) or the procedures provided in paragraph (b) or that the limit is arbitrary or capricious.

Subd. 2. [POLLUTION CONTROL AGENCY.] The pollution control agency may adopt rules establishing numerical groundwater pollution limits. The rules shall:

(1) use the department of health's health risk limits as the measure of health risk;

(2) provide for the establishment of more protective limits where groundwater interactions with surface water may otherwise result in impairment of surface water quality;

(3) not preclude regulating authorities from adopting requirements for facilities or practices to further minimize pollution consistent with section 1, where it is practicable; and

(4) provide standards for guiding the actions of regulating authorities under section 6.

Sec. 6. [115D.06] [ACTIONS BY REGULATING AUTHORITIES.]

Subdivision 1. [GROUNDWATER POLLUTION OCCURRENCE.]

(a) Where groundwater pollution is detected during ongoing monitoring programs, the responsible state agency shall take appropriate actions consistent with the goal of section 1 to confirm detection and may investigate possible sources, investigate the extent of groundwater pollution, and may conduct informational and educational efforts and other appropriate actions in the affected areas.

(b) A water resources protection requirement may not be enforced by a state agency before September 30, 1991 except as provided in section 7, subdivision 1 for sensitive areas with Karst or sand plain features.

Subd. 2. [GROUNDWATER POLLUTION IN EXCESS OF LIMITS.] If groundwater pollution exceeds or is likely to exceed limits established under section 5, the regulating authority shall take appropriate actions consistent with the goal of section 1 and the limits established under section 5.

Subd. 3. [APPROPRIATE ACTIONS.] For the purpose of this section and section 7, "appropriate actions" include actions to confirm detection and investigate possible sources, investigate the extent of groundwater pollution, conduct informational or educational efforts in the affected areas, require implementation of management practices, develop water resources protection requirements, require changes in monitoring, restrict or modify the activity or use in question, or require or provide groundwater remediation or containment. Nothing in this section shall be interpreted to confer any authority to adopt water resources protection requirements upon any state agency, political subdivision, special purpose district, or other local governmental unit beyond the authority conferred by other law.

Subd. 4. [NITROGEN COMPOUNDS IN GROUNDWATER.] The department of agriculture and the pollution control agency, in consultation with the board of water and soil resources and Minnesota agricultural experiment station, shall prepare a report on nitrate and related nitrogen compounds in groundwater. The report shall consider recommendations made by local government in comprehensive local water plans and the program review required in section 3, subdivision 2, use data developed by the Minnesota agricultural experiment station, and shall incorporate the findings of the fertilizer nitrogen task force identified in article 2, section 12. This report shall be submitted to the environmental quality board by July 1, 1991. The board shall provide recommendations to the legislature by November 15, 1991, based upon this report.

The report shall be based on existing information and shall examine areas in which improvements in the state and local response to this problem are feasible. The report shall address, but not be limited to, the following issues: the determination of trends in nitrogen pollution; causative factors; the development of recommended best management practices to reduce or minimize pollution; regulatory controls; the feasibility of proposed treatment and corrective or mitigative measures; and the economic impacts of proposed corrective measures.

Sec. 7. [115D.07] [PROTECTION OF SENSITIVE AREAS.]

Subdivision 1. [POLICY.] In order to achieve the goal of section 1 and comply with the limits established under section 5, a concentration of state and local efforts to protect groundwater in sensitive areas is required. Until the application of criteria for determination of sensitive areas pursuant to subdivisions 3 and 4 is complete, state agencies shall consider areas with Karst and sand plain features to be sensitive and must concentrate efforts to develop and implement best management practices, water resources protection requirements, and educational programs.

Subd. 2. [DEFINITION.] "Sensitive area" or "sensitive groundwater area" means a geographic area defined by natural features where the groundwater is at significant risk of contamination from activities conducted at or near the land surface.

Subd. 3. [CRITERIA FOR DETERMINATION OF SENSITIVE AREAS.] The environmental quality board shall, after consultation with representatives of local government, and members of agricultural and environmental groups adopt a list of specific criteria for identifying sensitive groundwater areas and establish procedures for applying the criteria in such areas, by September 30, 1991.

Subd. 4. [INCORPORATION OF CRITERIA.] State agencies must incorporate the criteria into appropriate programs according to the procedures established under subdivision 3.

Subd. 5. [ACTIONS BY REGULATING AUTHORITIES.] Upon adoption of a comprehensive local water plan as defined in article 7, a regulating authority must take into account the plan and any geological assessments referenced in the plan when taking appropriate actions in sensitive areas.

Subd. 6. [INFORMATION GATHERING.] The environmental quality board is responsible for coordinating state and state-funded local information gathering efforts pursuant to the identification of sensitive groundwater areas. Information shall be collected and automated in accordance with article 6.

Sec. 8. [115D.08] [EFFECT ON OTHER LAW.]

Sections 1 to 7 do not limit any person's cause of action under chapter 116B; restrict the authority that a state agency or a local unit of government may have from any other law; or create new enforcement authority.

The experimental evidence must relate to conditions in Minnesota for which the product is intended. The commissioner may also require evidence of value when used as directed or recommended.

Subd. 2. [INSUFFICIENT EVIDENCE.] If the commissioner determines that the evidence submitted does not substantiate the product's usefulness in this state, the commissioner may require the applicant to submit samples, conduct tests, or submit additional information, including conditions affecting performance, in order to evaluate its performance and usefulness.

Subd. 3. [REFUSAL TO LICENSE OR REGISTER.] The commissioner may refuse to license a person or register a specialty fertilizer or soil or plant amendment:

- (1) if the application for license or registration is not complete;

The task force must include farmers, representatives from farm organizations, the fertilizer industry, University of Minnesota, environmental groups, representatives of local government involved with comprehensive local water planning, and other state agencies, including the Minnesota pollution control agency, the Minnesota department of health, the Minnesota department of natural resources, the Minnesota state planning agency, the board of animal health, and the board of water and soil resources.

The task force shall review existing research including pertinent research from the University of Minnesota and shall develop recommendations for a nitrogen fertilizer management plan for the prevention, evaluation, and mitigation of nonpoint source occurrences of nitrogen fertilizer in waters of the state. The nitrogen fertilizer management plan must include components promoting prevention and developing appropriate responses to the detection of nitrate and related nitrogen from fertilizer sources in ground or surface water.

The task force shall report its recommendations to the commissioner by May 1, 1990. The commissioner shall report to the environmental quality board by July 1, 1990, on the task force's recommendations. If upon receipt of the notice the commissioner reasonably believes that a violation occurred, the commissioner shall provide the party believed responsible with a copy of the request for investigation, excluding the name of the person who made the request, and notice of intent to investigate. The commissioner shall make a special inspection in accordance with this section as soon as practicable to determine if a violation occurred. An inspection conducted because of a complaint may cover an entire site and is not limited to that portion of the site specified in the notice. If the commissioner determines that there are no reasonable grounds to believe that a violation occurred, the commissioner shall notify the person in writing of that determination.

Subd. 5. [REFUSAL TO PERMIT ENTRY.] Upon the refusal or anticipated refusal, based on a refusal to permit entrance on a prior occasion, of an owner, operator, or agent in charge to permit entry under this chapter, the commissioner may apply for an order in the district court in the county in which a site is located to compel a person with authority to permit the commissioner to enter and inspect the site.

Subd. 6. [EXEMPTIONS FROM SUBPOENA AUTHORITY.] (a) Neither the commissioner nor any employee of the department, including those employees of other approved agencies providing services to the department, is subject to subpoena for purposes of inquiry into any inspection except in enforcement proceedings brought under this chapter.

(b) Once an inspection file is closed by the commissioner, the commissioner shall, upon request from any person, certify as official department records any information contained in a file which is public information.

Subd. 7. [COSTS OF INVESTIGATION.] In addition to any other penalties, the cost of reinspection and reinvestigation may be assessed by the commissioner if the person subject to a corrective action order or remedial action order does not comply with the order in a reasonable time as provided in the order.

Sec. 25. [18B.191] [RESPONSIBILITY FOR COSTS.]

Subdivision 1. [RESPONSIBLE PARTY.] (a) A responsible party is liable for the costs including administrative costs for corrective action under section 18B.15. The commissioner may issue an order for recovery of those costs.

(b) A responsible party is liable for the costs of any destruction of wildlife. Payments of these costs must be deposited in the game and fish fund in the state treasury.

Subd. 2. [AVOIDANCE OF LIABILITY.] (a) A responsible party may not avoid liability by means of a conveyance of any right, title, or interest in real property or by any indemnification, hold harmless agreement, or similar agreement.

(b) This subdivision does not:

(1) prohibit a person who may be liable from entering an agreement by which the person is insured, held harmless, or indemnified for part or all of the liability;

(2) prohibit the enforcement of an insurance, hold harmless, or indemnification agreement; or

(3) bar a cause of action brought by a person who may be liable or by an insurer or guarantor, whether by right of subrogation or otherwise.

Subd. 3. [OWNER OF REAL PROPERTY.] An owner of real property is not a responsible party for an incident on the owner's property unless that owner:

(1) was engaged in manufacturing, formulating, transporting, storing, handling, applying, distributing, or disposing of a pesticide on the property;

(2) knowingly permitted a person to make regular use of the property for disposal of pesticides; or

(3) violated this chapter in a way that contributed to the incident.

Subd. 4. [DEFENSES.] As a defense to a penalty or liability for damages, a person may prove that the violation was caused solely by an act of God, an act of war, or an act or failure to act that constitutes sabotage or vandalism, or any combination of these defenses.

Sec. 26. [18B.192] [APPORTIONMENT AND CONTRIBUTION.]

Subdivision 1. [RIGHT OF APPORTIONMENT; FACTORS.] A responsible party held liable under this chapter may have the trier of fact apportion liability among the responsible parties under this section. The burden is on each responsible party to show how that responsible party's liability should be apportioned. The trier of fact shall reduce the amount of damages in proportion to any amount of liability apportioned to the party recovering.

In apportioning the liability of a party under this section, the trier of fact shall consider the following:

(1) the extent to which that responsible party contributed to the incident;

(2) the amount of pesticide involved;

(3) the degree of toxicity of the pesticide involved;

(4) the degree of involvement of and care exercised by the responsible party in manufacturing, formulating, handling, storing, distributing, transporting, applying, and disposing of the pesticide;

(5) the degree of cooperation by the responsible party with federal, state, or local officials to prevent harm to the public health or the environment; and

(6) knowledge by the responsible party of the hazardous nature of the pesticide.

Subd. 2. [CONTRIBUTION.] If a responsible party is held liable under this chapter and establishes a proportionate share of the aggregate liability, the provisions of section 604.02, subdivisions 1 and 2, apply with respect to contribution and reallocation of any uncollectible amounts, except that an administrative law judge may also perform the functions of a court identified in section 604.02, subdivision 2.

Sec. 27. [18B.193] [ADMINISTRATIVE PENALTIES.]

Subdivision 1. [FACTORS.] In determining the size of the penalty, the commissioner shall give due consideration to the economic benefit gained by the person by allowing or committing the violation, the gravity of the violation in terms of actual or potential damage to the environment, and the violator's culpability, good faith, and history of violations.

Subd. 2. [DOLLAR LIMIT.] The commissioner may by administrative order assess penalties of up to \$5,000 for a violation of this chapter.

Subd. 3. [PAYMENT.] Penalties assessed under this chapter must be paid to the commissioner for deposit in the pesticide regulatory account. If a violator fails to pay a penalty which is part of a final order within 30 days, the commissioner may commence a civil action for double the assessed penalty and attorney fees and costs. A penalty may be recovered in a civil action in the name of the department brought in the district court of the county where the violation is alleged to have occurred or the district court where the commissioner has an office.

Subd. 4. [COMPLIANCE TIME.] The administrative penalty may be assessed if the person subject to a corrective action order or remedial action order does not comply with the order in a reasonable time as provided in the order.

Sec. 28. [18B.194] [LIABILITY FOR APPLICATION ACCORDING TO THE LABEL.]

(a) Notwithstanding other provisions relating to liability for pesticide use, a pesticide end user or landowner is not liable for the cost of active cleanup or damages associated with or resulting from a pesticide in groundwater if the end user or landowner has applied or has had others apply the pesticide in compliance with the label or labeling of the pesticide and other state law and orders of the commissioner.

(b) It is a complete defense to liability that the end user or landowner has complied with the provisions in paragraph (a).

Sec. 29. Minnesota Statutes 1988, section 18B.20, is amended by adding a subdivision to read:

Subd. 7. [EMPLOYER LIABILITY FOR EMPLOYEES.] Structural pest control applicators, commercial applicators, noncommercial applicators, and pesticide dealers are civilly liable for violations of this chapter by their employees and agents.

Sec. 30. [18B.205] [ADMINISTRATIVE COMPLIANCE.]

Subdivision 1. [CONTESTED ORDER.] After being served with an order, a person has at least 45 days from receipt of the order within which to notify the commissioner in writing that the person intends to contest the order. If the person fails to properly notify the commissioner that the person intends to contest the order, the order is a final order of the agency and not subject to review by any court or agency.

Subd. 2. [ADMINISTRATIVE REVIEW.] (a) If a person notifies the commissioner that the person intends to contest an order issued under this chapter, the state office of administrative hearings shall conduct a hearing in accordance with the applicable provisions of chapter 14 for hearings. A hearing shall be conducted at a place designated by the commissioner, within the county where the violation occurred, or where the person contesting the order resides or has a principal place of business or any other place on which all the parties agree.

(b) Notwithstanding any provision of chapter 14, the final administrative law report shall be the final decision of the agency. Only an administrative law judge, under rules adopted by the office of administrative hearings, may entertain an application for reconsideration of a final agency decision.

Subd. 3. [JUDICIAL REVIEW.] (a) The commissioner or any party aggrieved by a final agency decision may seek judicial review of a final agency decision under sections 14.63 to 14.69.

(b) Any additional evidence required by a reviewing court under section 14.67 shall be taken by an administrative law judge. Only an administrative law judge may change the agency decision or any findings contained in it. The administrative law judge shall file with the reviewing court the additional evidence, together with any modifications or new findings or decisions, as provided in section 14.67.

Subd. 4. [EXPENSES.] A prevailing party, including the commis-

sioner, may recover the reasonable and necessary expenses in a contested case or an appeal from a contested case.

Subd. 2. [REVOCAION AND SUSPENSION.] The commissioner may, after written notice and hearing, revoke, suspend, or refuse to grant or renew a registration, permit, license, or certification if a person violates a provision of this chapter or has a history, within the last three years, of violations of chapter 18A or 18B.

Subd. 3. [REMEDIAL ACTION ORDERS SERVICE OF ORDER OR NOTICE.] (a) If the commissioner has probable cause that a pesticide, pesticide container, rinsate, pesticide equipment, or device is being used, manufactured, distributed, stored, or disposed of in violation of a provision of this chapter, the commissioner may investigate and issue a written cease and desist, stop-sale, stop-use, or removal order or other remedial action to the owner, custodian, or other responsible party. If the owner, custodian, or other responsible party a person is not available for service of the an order, the commissioner may attach the order to the pesticide, pesticide container, rinsate, pesticide equipment, or device or facility and notify the owner, custodian, other responsible party, or the registrant. The pesticide, pesticide container, rinsate, pesticide equipment, or device may not be sold, used, or removed until the violation has been corrected and the pesticide, pesticide container, rinsate, pesticide equipment, or device has been released in writing under conditions specified by the commissioner, or until the violation has been otherwise disposed of by an administrative, law judge, or a court.

(b) If a violation of a provision of this chapter results in conditions that may have an unreasonable adverse effect on humans, domestic animals, wildlife, or the environment, the commissioner may, by order, require remedial action, including removal and proper disposal.

Sec. 32. Minnesota Statutes 1988, section 18B.26, subdivision 1, is amended to read:

Sec. 48. Minnesota Statutes 1988, section 18B.37, subdivision 4, is amended to read:

Subd. 4. [STORAGE, HANDLING, AND DISPOSAL PLAN.] A commercial, noncommercial, or structural pest control applicator or the ~~licensed~~ business that the applicator is employed by must develop and maintain a plan that describes its pesticide storage, handling, and disposal practices. The plan must be kept at a principal business site or location within this state and must be submitted to the commissioner upon request on forms provided by the commissioner. The plan must be available for inspection by the commissioner.

Sec. 49. [18B.41] [PESTICIDE MANAGEMENT PLAN.]

Subdivision 1. [PLAN SPECIFICATIONS.] The commissioner shall develop a pesticide management plan for the prevention, evaluation, and mitigation of occurrences of pesticides or pesticide breakdown products in groundwaters and surface waters of the state. The pesticide management plan must include components promoting prevention, developing appropriate responses to the

detection of pesticides or pesticide breakdown products in groundwater and surface waters, and providing responses to reduce or eliminate continued pesticide movement to groundwater and surface water as outlined in subdivisions 3 to 8.

The pesticide management plan shall be coordinated and developed with other state agency plans and with other state agencies through the environmental quality board. In addition, the University of Minnesota extension service, farm organizations, farmers, environmental organizations, and industry shall be involved in the pesticide management plan development.

Subd. 2. [DEFINITIONS.] The definitions in this subdivision apply to this section.

(a) "Pesticide" means a pesticide active ingredient as defined in section 18B.01, subdivision 18, or the breakdown product or metabolite of the pesticide active ingredient.

(b) "Specific management plan" means a plan applied to a pesticide and may be specific to a pesticide-sensitive groundwater protection area that incorporates voluntary chemical and nonchemical activities, procedures, and practices or pesticide use restrictions established by the department of agriculture in consultation with the University of Minnesota agricultural extension service due to determination of common detection of a pesticide in groundwater.

(c) "Nonpoint source" means the presence of a pesticide in groundwater or surface water from normal registered use of a pesticide.

(d) "Pesticide-sensitive groundwater protection areas" means a geographically definable area with characteristics of susceptibility to pesticide migration to groundwater and containing criteria as stipulated in article 1, section 5, subdivision 2.

(e) "Best management practices" means practices as defined in article 1, section 2, subdivision 2.

(f) "Water resources protection measures" has the meaning given it in article 1, section 2, subdivision 5.

(g) "Monitoring" means a program designed for the collection of data, through a network of groundwater quality sampling stations or surface water sampling points, for scientific inquiry and statistically significant analysis.

Subd. 3. [PESTICIDE-SENSITIVE GROUNDWATER PROTECTION AREAS.] The commissioner shall designate pesticide-sensitive groundwater protection areas based on criteria established in article 1, section 7, subdivision 3, and may involve cooperation with

the department of natural resources, the pollution control agency, the University of Minnesota, and other pertinent local, state, or federal agencies. Pesticide-sensitive groundwater protection areas must be based on factors associated with susceptibility of groundwater to the leaching or direct movement of pesticides to the groundwater.

Upon designation of pesticide-sensitive groundwater protection areas the commissioner shall conduct an assessment of the likelihood of certain pesticides to migrate to groundwater. Determination of pesticide mobility must be based on the best currently available data and may involve pesticide registrants data and state and federal data bases. Mobile pesticide determination must include pesticide use, physiochemical properties, and previous groundwater detection information.

The commissioner shall increase regulatory efforts in pesticide-sensitive groundwater protection areas, provide additional and increased pesticide educational and training activities for prevention of movement of pesticides to water resources.

Subd. 4. [PESTICIDE USE INFORMATION.] The commissioner shall monitor urban and rural pesticide use on a biennial basis. Information shall be collected and automated consistent with section 116C.41, subdivision 1.

Subd. 5. [BEST MANAGEMENT PRACTICES.] The commissioner shall promote best management practices that minimize the potential for pesticide movement to water resources throughout the state. Within a pesticide-sensitive groundwater protection area the commissioner shall promote additional appropriate best management practices and may consult with representatives of farmers, local and state agencies, the University of Minnesota, federal agencies, and the pesticide industry. The best management practices for agricultural and urban pesticide use must be practical and appropriate for implementation in the pesticide-sensitive groundwater protection areas. In addition to agronomic and horticultural best management practices, increased and expanded pesticide educational programs for counties with designated pesticide groundwater protection areas shall be provided in cooperation with the Minnesota extension service.

Subd. 6. [EVALUATION OF DETECTION.] The commissioner shall evaluate the detection of pesticides in groundwaters of the state to determine the probable source and possible courses of action. Evaluation of the detection of the presence of a pesticide may include, but is not limited to, the following items:

(1) the methods of sample collection, handling, and confirmation mechanisms;

(2) the adherence of the reporting laboratory to good laboratory practices;

(3) the adequacy of the quality control and quality assurance programs;

(4) the physiochemical properties of the pesticide and their relationship, if any, to the detection;

(5) the general climatological, geographical, and hydrogeological factors that may impact the detection of the pesticide;

(6) the relationship of the concentration detected to the health based standard;

(7) the information available of the construction of the well from which the sample was obtained;

(8) the information available on pesticide use in the area;

(9) other potential pesticide sources; and

(10) the adherence to label directions, including precautions on the pesticide product label.

If conditions indicate a likelihood that the detection of the pesticide to be a result of normal registered use, the commissioner shall evaluate the need for increased promotion of best management practices and water resources protection measures to mitigate potential nonpoint source impact. Monitoring and subsequent evaluation shall occur on an as needed basis to determine if the pesticide is commonly detected and the potential nonpoint impacts of the pesticide in similar conditions.

Subd. 7. [SPECIFIC PESTICIDE MANAGEMENT PLAN.] The commissioner shall develop a specific pesticide management plan for a pesticide if the pesticide has been determined to be commonly detected in groundwater as a result of normal registered use following evaluation by the commissioner. Each specific pesticide management plan must be designed to minimize movement to groundwater through a series of efforts such as increased educational activities, increased training and certification, and increased enforcement activities.

The commissioner shall develop and implement a focused groundwater monitoring and hydrogeologic evaluation following common pesticide detection to evaluate contamination frequency and concentration trend. Assessment of the site-specific and pesticide-specific conditions and the likelihood of common detection must include monitoring, pesticide use information, physical and chemical prop-

erties of the pesticide hydrogeologic information and review of information, and data from other local, state, or federal monitoring data bases.

The specific pesticide management plan must be developed following evaluation, increased monitoring efforts, and site-specific and pesticide-specific information. The specific management plan must include best management practices and water resources protection measures and pesticide use restrictions commensurate with applicable information obtained by the commissioner, the severity of the groundwater contamination and the trend assessment. The specific pesticide management plan must involve the registrant and be coordinated with the department of natural resources, the pollution control agency, the University of Minnesota agricultural extension service, the Minnesota environmental education board, the environmental quality board, the state planning agency, the department of health, the board of water and soil resources, and may include consultation with appropriate federal agencies, local governmental units, farm organizations, and the pesticide industry. The specific pesticide management plan shall be updated at no more than two-year intervals.

Subd. 8. [ACTIONS TO COMMON DETECTIONS WITH CONCENTRATIONS OR TRENDS GREATER THAN HEALTH LIMITS.] The commissioner shall impose additional use restrictions, or label modifications or cancel a pesticide use when:

(1) common detections of pesticides exceed previous or newly established limits as described in article 1, section 5 or, where applicable, state drinking water standards; or

(2) if trend analysis indicates that common detections will exceed limits as described in article 1, section 5 or, where applicable, state drinking water standards notwithstanding implementation of best management practices and water resources protection measures or previous use restrictions.

Restrictions may include limitations on product purpose, rate, time of application, frequency of application, method of application, application to soil types or crops, or geographic area of application. Restrictions may be altered based on continued trend analysis of common pesticide detections.

Subd. 9. [RULES.] The commissioner shall adopt permanent rules necessary to implement this section. The rules must contain at a minimum:

A person may not construct a monitoring well until the owner of the property on which the well is located and the well owner sign a written contract that describes the nature of the work to be performed, the estimated cost of the work, and provisions for sealing the well.

Subd. 2. [WATER WELLS MUST BE IDENTIFIED.] When a water well has been constructed, the contractor shall attach to the well a label showing the unique well number, the depth of the well, the contractor's name, and the date the well was constructed.

Subd. 3. [DISCLOSURE OF WELLS TO BUYER.] Effective July 1, 1990, before signing an agreement to sell or transfer property, the seller or transferor shall disclose in writing to the buyer or transferee information about the status and the location of all wells on the property. In the disclosure, the seller or transferor must indicate, for each well, whether it is in use, not in use, or permanently sealed. At the time of sale, the same information must be provided on the certificate of value required pursuant to section 272.115, or on some other form prescribed by the commissioner. The well information shall be signed by the seller or transferor of the property or a person authorized to act on behalf of the seller. If a seller fails to provide the well information, a buyer or a person authorized to act on behalf of the seller, may sign the well information portion based on the information provided on the disclosure required by this section or based on other available information. The county recorder shall not record a deed, instrument, or writing for which a certificate of value is required under section 272.115, unless the well information required by this section has been provided. The owner shall retain a copy.

Subd. 2. [FAILURE TO DISCLOSE AT TIME OF SALE.] If a seller or transferor fails to disclose the existence of a well at the time of sale, and knew or had reason to know of the existence of a well, the seller or transferor is liable to the buyer for costs and damages related to the sealing of a well and reasonable attorney fees. The right of action must be exercised by the buyer or transferee within six years after the date the buyer purchased or transferee received the property on which the well is located.

Subd. 3. [WHO MUST SEAL WELLS.] To seal wells, the owner of property on which a well is located shall employ a licensed water well contractor or a contractor with a license to seal unused wells. The owner of property with monitoring wells, or holes for elevator shafts, or hydraulic cylinders for elevators shall employ a licensed water well contractor, a contractor with a license to seal unused wells, or a monitoring well contractor to seal monitoring wells no

longer in use; and an elevator shaft contractor to seal holes no longer used for elevator shafts or shafts for hydraulic cylinders for elevators.

Subd. 4. [OWNER'S CAUSE OF ACTION.] The owner of the property on which a water well or a shaft for an elevator or hydraulic cylinder for an elevator is located has a cause of action for civil damages against a person whose action or inaction caused contamination of the well. The right of an owner to maintain a cause of action extends for a period of six years after the owner knows or becomes aware of the contamination of the well. The court may award damages, reasonable attorneys' fees, and costs and disbursements.

Sec. 7. [156A.044] [PERMITS FOR GROUNDWATER THERMAL EXCHANGE DEVICES.]

Subdivision 1. [PERMIT REQUIRED.] Notwithstanding any department or agency rule to the contrary, the commissioner shall issue, upon request by the owner of the property and submission of a \$50 fee, permits for the reinjection of water by a properly constructed well into the same aquifer from which the water was drawn for the operation of a groundwater thermal exchange device.

Subd. 2. [PROCEDURES FOR GROUNDWATER EXCHANGE.] Withdrawal and reinjection shall be accomplished by a closed system in which the waters drawn for thermal exchange have no contact or commingling with water from other sources or with any polluting material or substances. The closed system must be constructed to allow opening for inspection by the commissioner. Wells that are part of a groundwater thermal exchange system shall serve no other function. However, water may be supplied to the domestic water system if the supply is taken off the thermal exchange system ahead of the heat exchange unit, and if the water discharges to a break tank through an air gap that is at least twice the effective diameter of the water inlet to the tank. A groundwater thermal exchange system may be used for domestic water heating only if the water heating device is an integral part of the heat exchange unit that is used for space heating and cooling.

Subd. 3. [LIMITATIONS AND REQUIREMENTS FOR PERMITS.] As a condition of the permit issued under subdivision 1, an applicant shall agree to allow inspection by the commissioner of health during regular working hours for department inspectors. A maximum of 200 permits shall be issued for small systems having maximum capacities of 20 gallons per minute or less. The small systems shall be subject to inspection twice a year. A maximum of ten permits shall be issued for larger systems having maximum capacities from 20 to 50 gallons per minute. These larger systems shall be subject to inspection four times a year. The commissioner may adopt rules to administer this section.

Subd. 4. [REQUIREMENTS FOR WATER APPROPRIATION APPLY.] Water appropriation permit requirements and penalties provided in sections 105.41 to 105.416 and related rules adopted and enforced by the department of natural resources apply to ground-water thermal exchange permit recipients. A person issued a permit under subdivision 1 must comply with this section for the permit to be valid. Noncompliance subjects the person to sanctions for the noncomplying activity that are available to the department of health and pollution control agency.

Sec. 8. [156A.047] [VERTICAL HEAT EXCHANGER; LICENSING AND REGULATION.]

Subdivision 1. [LICENSE REQUIREMENTS.] No water well contractor shall drill or construct any excavation used to install a vertical heat exchanger unless the water well contractor has a valid water well contractor's license.

Subd. 2. [REGULATIONS FOR VERTICAL HEAT EXCHANGERS.] Vertical heat exchangers must be constructed, maintained, and sealed according to sections 156A.01 to 156A.09, and rules adopted under those sections.

Subd. 3. [PERMIT REQUIRED.] No water well contractor shall install a vertical heat exchanger without first obtaining a permit from the commissioner of health. The water well contractor must apply for the permit on forms provided by the commissioner and must pay a \$50 fee. As a condition of the permit, the owner of the property on which the vertical heat exchanger is to be installed shall agree to allow inspection by the commissioner, or an agent, during regular working hours of department of health inspectors.

Sec. 9. Minnesota Statutes 1988, section 156A.05, is amended to read:

[INSPECTIONS BY COMMISSIONER.] The state commissioner of health may inspect and have access at all reasonable times to any well site, including water wells drilled, abandoned sealed, or repaired or being drilled, abandoned, or repaired, and shall have access to same at all reasonable times. The commissioner may also collect water samples from the wells.

Subd. 4. [COMMISSIONER MAY ORDER REPAIRS AND SEALING OF WELLS.] The commissioner may order the owner of a well to take remedial measures, including making repairs, reconstructing or abandoning sealing the well in accordance with according to rules of the commissioner. The order may be issued if the commissioner determines, based upon inspection of the well and site or an analysis of water from the well, that any of the following conditions exist:

- (1) the well is contaminated,
- (2) the well has not been abandoned in accordance with sealed according to the rules of the commissioner,
- (3) the well is in such a state of disrepair that its continued existence endangers the quality of the groundwater located, constructed, or maintained in such a manner that its continued use or existence endangers the quality of the groundwater or provides a health or safety hazard,
- (4) the water well does not produce water because it is not equipped with an operable pump or the electrical supply has been disconnected from the well, or
- (5) the well is located in such a place or constructed in such a manner that its continued use or existence endangers the quality of the groundwater the water well has construction failure that may

When collected by the county treasurer the amount shall be reimbursed to the state treasurer.

(c) The lien attaches to real property on which the well is located. The lien is perfected by filing a copy of the lien with the county recorder or registrar of deed where the well and property are located and serving or mailing by return receipt a copy of the lien to the property owner.

Subd. 6. [SATISFACTION OF LIEN.] The amount due of a lien under this section may be paid at any time. When the amount of the lien is paid, the commissioner must execute a satisfaction of the lien and record the satisfaction with the county recorder or registrar of deeds where the lien was filed.

WATER APPROPRIATION PRIORITIES

Section 1. [105.406] [NEW ONCE-THROUGH PERMITS PROHIBITED.]

No new water use permits for groundwater may be issued for once-through cooling systems for human comfort constructed after the effective date of this act. The renewal or amendment of existing permits shall be allowed.

Sec. 2. [CONSUMPTIVE WATER USE STUDY.]

The commissioner of natural resources shall conduct a study of consumptive water use and its impact on existing aquifers. The commissioner shall review methods of reducing consumptive groundwater use, including the conversion of once-through cooling

systems for human comfort to alternative systems. The commissioner shall report to the legislature by January 1, 1990, the commissioner's recommendations for alternatives to the once-through heating and cooling systems including potential uses for discharge water from the systems, the environmental and economic implications of the alternatives, and other uses for the discharge water. The report shall also describe the relative impact on affected aquifers, examine the efficiency of once-through cooling systems, and make recommendations for corrective action on inefficient systems. The corrective action shall include either upgrading such systems or the conversion to an alternative system within a time schedule to be recommended by the commissioner of natural resources, but not later than January 2, 1994.

Sec. 3. Minnesota Statutes 1988, section 105.41, subdivision 1a, is amended to read:

Subd. 1a. [WATER ALLOCATION RULES, PRIORITIES.] The commissioner shall ~~submit to the legislature by January 1, 1975, for its approval, proposed adopt rules in the manner provided in chapter 14, governing the allocation of waters among potential water users. For the purposes of this section, "consumption" shall mean water withdrawn from a supply which is lost for immediate further use in the area.~~ These rules must be based on the following priorities for the consumptive appropriation and use of water:

First priority: domestic water supply, excluding industrial and commercial uses of municipal water supply, and use for power production that meets the contingency planning provisions of section 105.417, subdivision 5.

Second priority: any use of water that involves consumption of less than 10,000 gallons of water a day. In this section "consumption" means water withdrawn from a supply that is lost for immediate further use in the area.

Third priority: agricultural irrigation, involving consumption in excess of 10,000 gallons a day, and processing of agricultural products.

Fourth priority: power production involving consumption in excess of 10,000 gallons a day in excess of the use provided for in the contingency plan developed pursuant to section 105.417, subdivision 5.

Fifth priority: other uses, involving consumption in excess of 10,000 gallons a day.

Appropriation and use of surface water from streams during periods of flood flows and high water levels must be encouraged

subject to consideration of the purposes for use, quantities to be used, and the number of persons appropriating water.

Appropriation and use of surface water from lakes of less than 500 acres in surface area must be discouraged.

The treatment and reuse of water from nonconsumptive uses shall be encouraged.

Diversions of water from the state for use in other states or regions of the United States or Canada must be discouraged.

No permit may be issued under this section unless it is consistent with state, regional, and local water and related land resources management plans, if regional and local plans are consistent with statewide plans. The commissioner must not modify or restrict the amount of appropriation from a groundwater source authorized in a permit issued under section 105.44, subdivision 8, between May 1 and October 1 of any year, unless the commissioner determines the authorized amount of appropriation endangers any domestic water supply.

Sec. 4. Minnesota Statutes 1988, section 105.418, is amended to read:

105.418 [CONSERVATION OF PUBLIC WATER SUPPLIES.]

During periods of critical water deficiency as determined by the governor and declared by order of the governor, public water supply authorities appropriating water shall adopt and enforce restrictions consistent with rules adopted by the commissioner of natural resources within their areas of jurisdiction. The restrictions must limit lawn sprinkling, car washing, golf course and park irrigation, and other nonessential uses and have appropriate penalties for failure to comply with the restrictions. The commissioner may adopt emergency rules according to sections 14.29 to 14.36 relating to matters covered by this section during the year 1977. Disregard of critical water deficiency orders, even though total appropriation remains less than that permitted, is grounds for immediate modification of any public water supply authority's appropriator's permit.

A bill for an act relating to motor vehicles; allowing custodial parent of handicapped minor to obtain special license plates for the handicapped; amending Minnesota Statutes 1988, section 168.021, subdivisions 1 and 3.

May 15, 1989

The Honorable Jerome M. Hughes
President of the Senate

The Honorable Robert E. Vanasek
Speaker of the House of Representatives

We, the undersigned conferees for S. F. No. 169, report that we have agreed upon the items in dispute and recommend as follows:

That the House recede from its amendment and that S. F. No. 169 be further amended as follows:

Page 1, line 10, before "When" insert "(a)"

Page 1, line 21, before the period insert "or proof of physical handicap provided for in that section"

Page 1, after line 21, insert:

"(b) The owner of a motor vehicle may apply for and secure a set of special plates for a motor vehicle if:

(1) the owner employs a permanently physically handicapped person who would qualify for special plates under this section; and

(2) the owner furnishes the motor vehicle to the physically handicapped person for the exclusive use of that person in the course of employment."

Page 2, after line 16, insert:

"Sec. 3. Minnesota Statutes 1988, section 169.345, subdivision 2, is amended to read:

Subd. 2. [DEFINITIONS.] For the purpose of this section, "physically handicapped person" means a person who:

(1) because of disability cannot walk without significant risk of falling;

(2) because of disability cannot walk 200 feet without stopping to rest;

(3) because of disability cannot walk without the aid of another person, a walker, a cane, crutches, braces, a prosthetic device, or a wheelchair;

(4) is restricted by a respiratory disease to such an extent that the person's forced (respiratory) expiratory volume for one second, when measured by spirometry, is less than one meter;

(5) has an arterial oxygen tension (PAO₂) of less than 60 mm/hg on room air at rest;

(6) uses portable oxygen; or

(7) has a cardiac condition to the extent that the person's functional limitations are classified in severity as class III or class IV according to standards set by the American Heart Association; or

(8) has lost an arm or a leg and does not have or cannot use an artificial limb.

Sec. 4. Minnesota Statutes 1988, section 169.345, subdivision 2a, is amended to read:

Subd. 2a. [PHYSICIAN'S OR CHIROPRACTOR'S STATEMENT.]

(a) The commissioner shall develop a form for the physician's or chiropractor's statement. The statement must be signed by a licensed physician or chiropractor who certifies that the applicant is a physically handicapped person as defined in subdivision 2. The commissioner may request additional information from the physician or chiropractor if needed to verify the applicant's eligibility. The statement that the applicant is a physically handicapped person must specify whether the disability is permanent or temporary, and if temporary, the opinion of the physician or chiropractor as to the duration of the disability. A physician or chiropractor who fraudulently certifies to the commissioner that a person is a physically handicapped person as defined in subdivision 2, and that the person is entitled to the license plates authorized by section 168.021 or to the certificate authorized by this section, is guilty of a misdemeanor and is subject to a fine of \$500.

(b) The commissioner may waive the requirement of providing a statement of a licensed physician or chiropractor, if the applicant has previously filed with the commissioner a statement of a licensed physician or chiropractor certifying that the applicant has a permanent physical handicap.

Sec. 5. Minnesota Statutes 1988, section 169.345, subdivision 3, is amended to read:

Subd. 3. [IDENTIFYING CERTIFICATE.] (a) The division of driver and vehicle services in the department of public safety shall issue a special identifying certificate for a motor vehicle when a physically handicapped applicant submits a statement of a physician or chiropractor proof of physical handicap under subdivision 2a. The commissioner shall design separate certificates for persons with permanent and temporary disabilities that can be readily distinguished from each other from outside a vehicle at a distance of 25 feet. The certificate is valid for the duration of the person's disability, as specified in the physician's or chiropractor's statement, up to a maximum of six years. A person with a disability of longer duration will be required to renew the certificate for additional periods of time, up to six years each, as specified in the physician's or chiropractor's statement.

(b) When the commissioner is satisfied that a motor vehicle is used primarily for the purpose of transporting physically handicapped persons, the division may issue without charge a special identifying certificate for the vehicle. The operator of a vehicle displaying the certificate has the parking privileges provided in subdivision 1 while the vehicle is in use for transporting physically handicapped persons. The certificate issued to a person transporting physically handicapped persons must be renewed every third year. On application and renewal, the person must present evidence that the vehicle continues to be used for transporting physically handicapped persons.

(c) A certificate must be made of plastic or similar durable material, must be distinct from certificates issued before January 1, 1988, and must bear its expiration date prominently on its face. A certificate issued to a temporarily disabled person must display the date of expiration of the duration of the disability, as determined under paragraph (a). Each certificate must have printed on the back a summary of the parking privileges and restrictions that apply to each vehicle in which it is used. The commissioner may charge a fee of \$5 for issuance or renewal of a certificate, and a fee of \$5 for a duplicate to replace a lost, stolen, or damaged certificate.

Sec. 6. [EFFECTIVE DATE.]

Sections 1 to 5 are effective the day following final enactment."

Amend the title as follows:

Page 1, line 4, after the semicolon insert "allowing second set of handicapped license plates to be issued to physically handicapped person who is furnished a vehicle as part of employment; defining a handicapped person for purposes of parking privileges; allowing

commissioner of public safety to waive requirement of physician's statement in certain circumstances,"

Page 1, line 5, delete "section" and insert "sections" and before the period insert "; and 169.345, subdivisions 2, 2a, and 3"

CONFERENCE COMMITTEE REPORT ON H. F. NO. 472

A bill for an act relating to transportation; motor carriers; increasing maximum length of certain semitrailers; defining mobile cranes and providing for their maximum length; requiring a highway cost allocation study; amending Minnesota Statutes 1988, sections 169.01, by adding a subdivision; 169.81, subdivision 2; and 169.86, subdivision 5.

May 15, 1989

The Honorable Robert E. Vanasek
Speaker of the House of Representatives

The Honorable Jerome M. Hughes
President of the Senate

We, the undersigned conferees for H. F. No. 472, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendments and that H. F. No. 472 be further amended as follows:

Delete everything after the enacting clause and insert:

“Section 1. Minnesota Statutes 1988, section 169.01, is amended by adding a subdivision to read:

Subd. 74. [MOBILE CRANE.] “Mobile crane” means a vehicle (1) not designed or used to transport persons or property, (2) operated only incidentally on the highway and not subject to vehicle registration under chapter 168, and (3) comprising a boom and hoisting mechanism used in the construction industry. Mobile crane does not include a motor vehicle, designed to transport persons or property, to which a boom, hoist, crane, or other machinery has been attached.

Sec. 2. Minnesota Statutes 1988, section 169.81, subdivision 2, is amended to read:

Subd. 2. [LENGTH OF VEHICLES.] (a) No single unit motor vehicle, except mobile cranes which may not exceed 45 48 feet, unladen or with load may exceed a length of 40 feet extreme overall dimensions inclusive of front and rear bumpers, except that the governing body of a city is authorized by permit to provide for the maximum length of a motor vehicle, or combination of motor vehicles, or the number of vehicles that may be fastened together, and which may be operated upon the streets or highways of a city; provided, that the permit may not prescribe a length less than that permitted by state law. A motor vehicle operated in compliance with

the permit on the streets or highways of the city is not in violation of this chapter.

(b) No single semitrailer may have an overall length, exclusive of non-cargo-carrying accessory equipment, including refrigeration units or air compressors, necessary for safe and efficient operation mounted or located on the end of the semitrailer adjacent to the truck or truck-tractor, in excess of 48 feet, except that a single semitrailer may have an overall length in excess of 48 feet but not greater than 53 feet if (1) the distance from the kingpin to the centerline of the rear axle group of the semitrailer does not exceed 41 feet, and (2) if the semitrailer is operated only in a combination of vehicles which does not exceed an overall length of 65 feet. No single trailer may have an overall length inclusive of tow bar assembly and exclusive of rear protective bumpers which do not increase the overall length by more than six inches, in excess of 45 feet. For determining compliance with the provisions of this subdivision, the length of the semitrailer or trailer must be determined separately from the overall length of the combination of vehicles.

(c) No semitrailer or trailer used in a three-vehicle combination may have an overall length, exclusive of non-cargo-carrying accessory equipment, including refrigeration units or air compressors, necessary for safe and efficient operation mounted or located on the end of the semitrailer or trailer adjacent to the truck or truck-tractor, and further exclusive of the tow bar assembly, in excess of 28½ feet. The commissioner may not grant a permit authorizing the movement, in a three-vehicle combination, of a semitrailer or trailer that exceeds 28½ feet, except that the commissioner may renew a permit that was granted before April 16, 1984, for the movement of a semitrailer or trailer that exceeds the length limitation in this paragraph.

Sec. 3. Minnesota Statutes 1988, section 169.86, subdivision 5, is amended to read:

Subd. 5. [FEES.] The commissioner, with respect to highways under the commissioner's jurisdiction, may charge a fee for each permit issued. All such fees for permits issued by the commissioner of transportation shall be deposited in the state treasury and credited to the trunk highway fund. Except for those annual permits for which the permit fees are specified elsewhere in this chapter, the fees shall be:

(a) \$15 for each single trip permit.

(b) \$36 for each job permit. A job permit may be issued for like loads carried on a specific route for a period not to exceed two months. "Like loads" means loads of the same product, weight and dimension.

(c) \$60 for an annual permit to be issued for a period not to exceed 12 consecutive months. Annual permits may be issued for:

(1) refuse compactor vehicles that carry a gross weight up to but not in excess of 22,000 pounds on a single rear axle and not in excess of 38,000 pounds on a tandem rear axle;

(2) motor vehicles used to alleviate a temporary crisis adversely affecting the safety or well-being of the public;

(3) motor vehicles which travel on interstate highways and carry loads authorized under subdivision 1a;

(4) motor vehicles operating with gross weights authorized under section 169.825, subdivision 11, paragraph (a), clause (3).

(d) \$120 for an oversize annual permit to be issued for a period not to exceed 12 consecutive months. Annual permits may be issued for:

(1) ~~truck~~ mobile cranes;

(2) construction equipment, machinery, and supplies;

(3) manufactured homes;

(4) farm equipment when the movement is not made according to the provisions of section 169.80, subdivision 1, paragraphs (a) to (f);

(5) double-deck buses;

(6) commercial boat hauling.

(e) for vehicles which have axle weights exceeding the weight limitations of section 169.825, an additional cost added to the fees listed above. The additional cost is equal to the product of the distance traveled times the sum of the overweight axle group cost factors shown in the following chart:

Overweight Axle Group Cost Factors

Weight (pounds) exceeding weight limi- tations on axles	Cost Per Mile For Each Group Of:		
	Two consec- utive axles spaced within 8 feet or less	Three consec- utive axles spaced within 9 feet or less	Four consec- utive axles spaced with- in 14 feet or less
0-2,000	.100	.040	.036

The amounts added are rounded to the nearest cent for each axle or axle group. The additional cost does not apply to paragraph (c), clauses (1) and (3).

(f) As an alternative to paragraph (e), an annual permit may be issued for overweight, or oversize and overweight, construction equipment, machinery, and supplies. The fees for the permit are as follows:

Gross Weight (pounds) of vehicle	Annual Permit Fee
90,000 or less	\$200
90,001-100,000	\$300
100,001-110,000	\$400
110,001-120,000	\$500
120,001-130,000	\$600
130,001-140,000	\$700
140,001-145,000	\$800

If the gross weight of the vehicle is more than 145,000 pounds the permit fee is determined under paragraph (e).

(g) for vehicles which exceed the width limitations set forth in section 169.80 by more than 72 inches, an additional cost equal to \$120 added to the amount in paragraph (a) when the permit is issued while seasonal load restrictions pursuant to section 169.87 are in effect.

Sec. 4. Minnesota Statutes 1988, section 221.022, is amended to read:

Sec. 6. [COST ALLOCATION STUDY.]

This study shall:

(2) determine the extent to which those costs are attributable to various classes of vehicles using those highways;

(3) determine the extent to which various classes of vehicles contribute revenue, including federal highway user taxes, for the design, construction, administration, and maintenance of those highways; and

S. F. No. 299 was reported to the House.

Rukavina moved to amend S. F. No. 299, as follows:

Delete everything after the enacting clause and insert:

“Section 1. Minnesota Statutes 1988, section 97A.065, is amended by adding a subdivision to read:

Subd. 5. [RESTITUTION FOR WILD ANIMALS.] Money collected from restitution under section 2 for wild animals killed, injured, or possessed in violation of the game and fish laws must be used by the commissioner for replacement, propagation, or protection of wild animals.

Sec. 2. [97A.341] [RESTITUTION FOR WILD ANIMALS ILLEGALLY TAKEN.]

Subdivision 1. [LIABILITY FOR RESTITUTION.] A person who kills, injures, or possesses a wild animal in violation of the game and

fish laws is liable to the state for the value of the wild animal as provided in this section. Species afforded protection include members of the following groups as defined by statute or rule: game fish, game birds, big game, small game, fur-bearing animals, minnows, and threatened and endangered animal species. Other animal species may be added by order of the commissioner as determined after public meetings and with the approval of the chairs of the environment and natural resources committees in the senate and house of representatives.

Subd. 2. [ARREST AND CHARGING PROCEDURE.] (a) An enforcement officer who arrests a person for killing, injuring, or possessing a wild animal in violation of the game and fish laws must describe the number, species, and restitution value of wild animals illegally killed, injured, or possessed on the warrant or the notice to appear in court.

(b) As part of the charge against a person arrested for killing, injuring, or possessing a wild animal in violation of the game and fish laws, the prosecuting attorney must include a demand that restitution be made to the state for the value of the wild animal killed, injured, or possessed. The demand for restitution is in addition to the criminal penalties otherwise provided for the violation.

Subd. 3. [SENTENCING PROCEDURE.] If a person is convicted of or pleads guilty to killing, injuring, or possessing a wild animal in violation of the game and fish laws, the court must require the person to pay restitution to the state for replacement of the wild animal as part of the sentence or state in writing why restitution was not imposed. The court may consider the economic circumstances of the person and, in lieu of monetary restitution, order the person to perform conservation work representing the amount of restitution that will aid the propagation of wild animals. If the court does not order a person to pay restitution, the court administrator must send a copy of the court order to the commissioner.

Subd. 4. [AMOUNT OF RESTITUTION.] The amount of restitution shall be determined by the court by a preponderance of the evidence. In determining the amount of restitution, the court must consider the value of the wild animal under section 3.

Subd. 5. [RESTITUTION CREDITED TO GAME AND FISH FUND.] The court administrator shall forward restitution collected under this section to the commissioner of finance and the commissioner shall credit all money forwarded to the game and fish fund in the state treasury.

Sec. 3. [97A.345] [RESTITUTION VALUE OF WILD ANIMALS.]

(a) The commissioner may, by rules adopted under chapter 14,

prescribe the dollar value to the state of species of wild animals. The value may reflect the value to other persons to legally take the wild animal, the replacement cost, or the intrinsic value to the state of the wild animals. Species of wild animals with similar values may be grouped together.

(b) The value of a wild animal under the rules adopted by the commissioner is prima facie evidence of a wild animal's value under section 2.

(c) The commissioner shall report annually to the legislature the amount of restitution collected under section 2 and the manner in which the funds were expended.

Sec. 4. [EFFECTIVE DATE.]

Sections 1 and 2 are effective November 1, 1989, and apply to game and fish law violations committed on or after that date. Section 3 is effective the day after final enactment."

Sec. 3. Minnesota Statutes 1988, section 115A.46, is amended by adding a subdivision to read:

Subd. 4. [DELEGATION; SOLID WASTE RESPONSIBILITIES.] A county or a solid waste management district established under sections 115A.62 to 115A.72 may not delegate to another governmental unit or other person any portion of its responsibility for solid waste management unless it establishes a funding mechanism to assure the ability of the entity to which it delegates responsibility to adequately carry out the responsibility delegated.

Sec. 4. [115A.551] [RECYCLING.]

Subdivision 1. [DEFINITION.] The definitions in this section apply to this section.

(a) "Recycling" means, in addition to the meaning given in section 115A.03, subdivision 25b, yard waste composting and recycling that occurs through mechanical or hand separation of materials that are then delivered for reuse in their original form or for use in manufacturing processes that do not cause the destruction of recyclable materials in a manner that precludes further use.

(b) "Total solid waste generation" means the total by weight of:

- (1) materials separated for recycling;
- (2) materials separated for yard waste composting; and
- (3) mixed municipal solid waste plus yard waste, used oil, tires, lead acid batteries, and white goods.

Subd. 2. [COUNTY RECYCLING GOALS.] It is the goal of each county to recycle a minimum of 25 percent by weight of its annual total solid waste generation by July 1, 1993. Each county shall either develop and implement or require political subdivisions within the county to develop and implement programs, practices, or methods designed to meet its recycling goal. Nothing in this section or any other law may be construed to prohibit a county from establishing a higher recycling goal. The Western Lake Superior Sanitary District established by Laws 1971, chapter 478, as amended, shall have all of the duties, authority, and rights of a county under this section with respect to recycling and total solid waste generation within the district.

Subd. 3. [INTERIM GOALS; NONMETROPOLITAN COUN-

TIES.] The board shall establish interim recycling goals for the nonmetropolitan counties to assist them in meeting the 1993 goal.

Subd. 4. [INTERIM MONITORING.] The board, for the nonmetropolitan counties, and the metropolitan council, for the metropolitan counties, shall monitor the progress of the counties toward meeting the recycling goal in subdivision 2. If the board or the council finds that a county is not progressing toward the goal in subdivision 2, it shall negotiate with the county to develop and implement solid waste management techniques designed to assist the county in meeting the goal, such as organized collection, curbside collection of source-separated materials, and volume-based pricing.

Subd. 5. [FAILURE TO MEET GOAL.] If, based on the recycling monitoring described in subdivision 4, the board or the metropolitan council finds that a county will be unable to meet the recycling goal established in subdivision 2, the board or council shall, after consideration of the reasons for the county's inability to meet the goal, recommend legislation for consideration by the legislative commission on waste management to establish mandatory recycling standards and to authorize the board or council to mandate appropriate solid waste management techniques designed to meet the standards in those counties that are unable to meet the goal.

Subd. 6. [COUNTY AND DISTRICT SOLID WASTE PLANS.] Each county and the Western Lake Superior Sanitary District shall include in its solid waste management plan described in section 115A.46, or its solid waste master plan described in section 473.803, a plan for implementing the recycling goal established in subdivision 2 along with mechanisms for providing financial incentives to solid waste generators to reduce the amount of waste generated and to separate recyclable materials from the waste stream. The recycling plan must include detailed recycling implementation information to form the basis for the strategy required in subdivision 7.

Each county required to submit its plan to the board under section 115A.46 shall amend its plan to comply with this subdivision within one year after the effective date of this section.

Subd. 7. [RECYCLING IMPLEMENTATION STRATEGY.] Within one year of board approval of the portion of the plan required in subdivision 6, each nonmetropolitan county shall submit for board approval a local recycling implementation strategy. The local recycling implementation strategy must:

(1) be consistent with the approved county solid waste management plan;

(2) identify the materials that are being and will be recycled in the

county to meet the goals under this section and the parties responsible and methods for recycling the material; and

(3) define the need for funds to ensure continuation of local recycling, methods of raising and allocating such funds, and permanent sources and levels of local funding for recycling.

Subd. 8. [EMERGENCY RULEMAKING.] The board may adopt emergency rules implementing subdivision 6 and article 4, section 8.

Sec. 5. [115A.555] [RECYCLING CENTER DESIGNATION.]

The commissioner of the agency shall designate recycling centers for the purpose of section 11. To be designated as a recycling center, a recycling facility must be open a minimum of 12 operating hours each week, 12 months each year, and must accept for recycling at least three different materials such as paper, glass, and metal.

Sec. 6. [115A.556] [MATERIALS USED FOR RECYCLING.]

Materials and products used for recycling, including containers, receptacles, and storage bins with short life cycles, must be recyclable and made at least in part from recycled materials from this state, if available.

Sec. 7. [115A.557] [COUNTY WASTE REDUCTION AND RECYCLING; FUNDING.]

Subdivision 1. [DISTRIBUTION; FORMULA.] Any funds appropriated to the board for the purpose of distribution to counties under this section must be annually distributed by the board to eligible counties based on population, except that a county may not receive less than \$60,000 annually. For the purposes of this subdivision "population" has the meaning given it in section 477.011, subdivision 3.

Subd. 2. [PURPOSES FOR WHICH MONEY MAY BE SPENT.] A county receiving money distributed by the board under this section may use the money only for the development and implementation of programs to:

- (1) reduce the amount of solid waste generated;
- (2) recycle the maximum amount of solid waste technically feasible;
- (3) create and support markets for recycled products;

(4) remove problem materials from the solid waste stream and develop proper disposal options for them;

(5) inform and educate all sectors of the public about proper solid waste management procedures;

(6) provide technical assistance to public and private entities to ensure proper solid waste management; and

(7) provide educational, technical, and financial assistance for litter prevention.

Subd. 3. [ELIGIBILITY TO RECEIVE MONEY.] (a) To be eligible to receive money distributed by the board under this section, a county shall within one year of the effective date of this section:

(1) create a separate account in its general fund in which to deposit the money;

(2) set up accounting procedures to ensure that money in the separate account is spent only for the purposes in subdivision 2; and

(3) provide evidence to the board that local revenue equal to 25 percent of the money sought for distribution under this section will be expended for the purposes in subdivision 2.

(b) In each following year, each county shall also:

(1) have in place an approved solid waste management plan or master plan including a recycling implementation strategy under section 4, subdivision 7, or section 473.803, subdivision 1e, and a household hazardous waste management plan under article 4, section 8, by the dates specified in those provisions; and

Sec. 9. Minnesota Statutes 1988, section 116K.04, is amended by adding a subdivision to read:

Subd. 6. [MODEL ZONING CRITERIA.] The commissioner shall, in consultation with the advisory council on state and local relations, develop and disseminate model zoning criteria for use by local units of government in siting recycling facilities.

Sec. 10. [121.938] [DISTRICTS TO RECYCLE PAPER.]

Subdivision 1. [DEFINITION.] For the purposes of this section, "recycle" has the meaning given it in section 115A.03, subdivision 25b.

Subd. 2. [RECYCLING REQUIRED.] The state board of education shall require all public school districts to recycle paper used by the districts. The board may exempt from its requirement to recycle any district that the board determines will spend more money to recycle paper than will be saved by recycling.

Sec. 11. [173.086] [RECYCLING CENTER SIGNS.]

Subdivision 1. [AUTHORITY TO ERECT.] A recycling facility that has complied with the permitting rules of the pollution control agency and has been designated a recycling center by the agency under section 5 may erect a recycling center sign upon payment of a fee to the department of transportation or to the local road authority required to cover all costs of fabrication and installation of the signs.

Subd. 2. [SIGN STANDARDS.] The department of transportation shall design and manufacture the recycling center sign to specifications not contrary to other federal and state highway sign standards. The sign must contain the international three arrow recycling symbol followed by the words "recycling center."

Subd. 3. [LOCATION.] Each local road authority shall permit recycling center signs to be located on roads, excluding freeways, in its jurisdiction, subject to sign placement and distance requirements of the local authority in conformance with standard policies for placement of signs for other traffic generators.

(2) require collectors to provide financial incentives to solid waste generators who separate recyclable materials from their waste; or

(3) require use of any other mechanism to provide encouragement or rewards to solid waste generators who reduce their waste generation or who separate recyclable materials from their waste.

Notwithstanding any other law to the contrary, the Western Lake Superior Sanitary District may amend its solid waste management plan to require that the cities contained within the district require variable rates under clauses (1) to (3).

Sec. 13. Minnesota Statutes 1988, section 473.149, subdivision 1, is amended to read:

Subdivision 1. [POLICY PLAN; GENERAL REQUIREMENTS.] The metropolitan council shall prepare and by resolution adopt as part of its development guide a long range policy plan for solid waste management in the metropolitan area. When adopted, the plan shall be followed in the metropolitan area. The plan shall address the state policies and purposes expressed in section 115A.02. The plan shall substantially conform to all policy statements, purposes, goals, standards, maps and plans in development guide sections and plans adopted by the council, provided that no land shall be thereby excluded from consideration as a solid waste facility site except land determined by the agency to be intrinsically unsuitable for such use. The plan shall include goals and policies for solid waste management, including recycling consistent with section 4 and household hazardous waste management consistent with article 4, section 8, in the metropolitan area and, to the extent appropriate, statements and information similar to that required under section 473.146, subdivision 1. The plan shall include criteria and standards for solid waste facilities and solid waste facility sites respecting the following matters: general location; capacity; operation; processing techniques; environmental impact; effect on existing, planned, or proposed collection services and waste facilities; and economic viability. The plan shall, to the extent practicable and consistent with the achievement of other public policies and purposes, encourage ownership and operation of solid waste facilities by private industry. For solid waste facilities owned or operated by public agencies or supported primarily by public funds or obligations issued by a public agency, the plan shall include additional criteria and standards to protect comparable private and public facilities already existing in the area from displacement unless the displacement is required in order to achieve the waste management objectives identified in the plan. In developing the plan the council shall consider the orderly and economic development, public and private, of the metropolitan area; the preservation and best and most economical use of land and water resources in the metropolitan area; the protection and enhancement of environmental quality; the conservation and reuse of resources and energy; the preservation and promotion of conditions

conductive to efficient, competitive, and adaptable systems of waste management; and the orderly resolution of questions concerning changes in systems of waste management. Criteria and standards for solid waste facilities shall be consistent with rules adopted by the pollution control agency pursuant to chapter 116 and shall be at least as stringent as the guidelines, regulations, and standards of the federal environmental protection agency.

Sec. 14. Minnesota Statutes 1988, section 473.803, subdivision 1, is amended to read:

Subdivision 1. [COUNTY MASTER PLANS; GENERAL REQUIREMENTS.] Each metropolitan county, following adoption or revision of the council's solid waste policy plan and in accordance with the dates specified therein, and after consultation with all affected local government units, shall prepare and submit to the council for its approval, a county solid waste master plan to implement the policy plan. The master plan shall be revised and resubmitted at such times as the council's policy plan may require. The master plan shall describe county solid waste activities, functions, and facilities; the existing system of solid waste generation, collection, and processing, and disposal within the county; proposed mechanisms for complying with the recycling requirements of section 4 and the household hazardous waste management requirements of article 4, section 8; existing and proposed county and municipal ordinances and license and permit requirements relating to solid waste facilities and solid waste generation, collection, and processing, and disposal; existing or proposed municipal, county, or private solid waste facilities and collection services within the county together with schedules of existing rates and charges to users and statements as to the extent to which such facilities and services will or may be used to implement the policy plan; and any solid waste facility which the county owns or plans to acquire, construct, or improve together with statements as to the planned method, estimated cost and time of acquisition, proposed procedures for operation and maintenance of each facility; an estimate of the annual cost of operation and maintenance of each facility; an estimate of the annual gross revenues which will be received from the operation of each facility; and a proposal for the use of each facility after it is no longer needed or usable as a waste facility. The master plan shall, to the extent practicable and consistent with the achievement of other public policies and purposes, encourage ownership and operation of solid waste facilities by private industry. For solid waste facilities owned or operated by public agencies or supported primarily by public funds or obligations issued by a public agency, the master plan shall contain criteria and standards to protect comparable private and public facilities already existing in the area from displacement unless the displacement is required in order to achieve the waste management objectives identified in the plan.

Sec. 15. [SAFETY GUIDE.]

The pollution control agency, in cooperation with the waste management board and the metropolitan council, shall prepare and distribute to all interested persons a guide for operation of a recycling or yard waste composting facility to protect the environment and public health.

Sec. 16. [EFFECTIVE DATE.]

Section 6 is effective August 1, 1990.

FUNDING

Section 1. Minnesota Statutes 1988, section 275.50, subdivision 5, is amended to read:

Subd. 5. Notwithstanding any other law to the contrary for taxes levied in 1988 1989 payable in 1989 1990 and subsequent years, "special levies" means those portions of ad valorem taxes levied by governmental subdivisions to:

(a) pay the costs not reimbursed by the state or federal government, of payments made to or on behalf of recipients of aid under any public assistance program authorized by law, and the costs of purchase or delivery of social services. Except for the costs of general assistance as defined in section 256D.02, subdivision 4, general assistance medical care under section 256D.03 and the costs of hospital care pursuant to section 261.21, the aggregate amounts levied pursuant to this clause are subject to a maximum increase of 18 percent over the amount levied for these purposes in the previous year. Effective with taxes levied in 1989, the portion of this special levy for income maintenance programs identified in section 273.1398, subdivision 1, paragraph (i), is eliminated;

(b) pay the costs of principal and interest on bonded indebtedness except on bonded indebtedness issued under section 471.981, subdivisions 4 to 4c or to reimburse for the amount of liquor store revenues used to pay the principal and interest due in the year preceding the year for which the levy limit is calculated on municipal liquor store bonds;

(c) pay the costs of principal and interest on certificates of indebtedness, except tax anticipation or aid anticipation certificates of indebtedness, issued for any corporate purpose except current expenses or funding an insufficiency in receipts from taxes or other sources or funding extraordinary expenditures resulting from a public emergency; and to pay the cost for certificates of indebtedness issued pursuant to sections 298.28 and 298.282;

(d) fund the payments made to the Minnesota state armory building commission pursuant to section 193.145, subdivision 2, to retire the principal and interest on armory construction bonds;

(e) provide for the bonded indebtedness portion of payments made to another political subdivision of the state of Minnesota;

(f) pay the amounts required, in accordance with section 275.075, to correct for a county auditor's error of omission but only to the extent that when added to the preceding year's levy it is not in excess of an applicable statutory, special law or charter limitation, or the limitation imposed on the governmental subdivision by sections 275.50 to 275.56 in the preceding levy year;

(g) pay amounts required to correct for an error of omission in the levy certified to the appropriate county auditor or auditors by the governing body of a city or town with statutory city powers in a levy year, but only to the extent that when added to the preceding year's levy it is not in excess of an applicable statutory, special law or charter limitation, or the limitation imposed on the governmental subdivision by sections 275.50 to 275.56 in the preceding levy year;

(h) pay amounts required by law to be paid to pay the interest on and to reduce the unfunded accrued liability of public pension funds in accordance with the actuarial standards and guidelines specified in sections 356.215 and 356.216 reduced by 106 percent of the amount levied for that purpose in 1976, payable in 1977. For the purpose of this special levy, the estimated receipts expected from the state of Minnesota pursuant to sections 69.011 to 69.031 or any other state aid expressly intended for the support of public pension funds shall be considered as a deduction in determining the required levy for the normal costs of the public pension funds. No amount of these aids shall be considered as a deduction in determining the governmental subdivision's required levy for the reduction of the unfunded accrued liability of public pension funds;

(i) to compensate the state for the cost of a reassessment ordered by the commissioner of revenue pursuant to section 270.16; and

(j) pay the debt service on tax increment financing revenue bonds to the extent that revenue to pay the bonds or to maintain reserves for the bonds is insufficient as a result of the provisions of Laws 1988, chapter 719, article 5; and

(k) pay an amount of up to 25 percent of the money sought for distribution and approved under article 2, section 7, subdivision 3, paragraph (a), clause (3).

Sec. 2. [115A.922] [SOLID WASTE COLLECTION AND DISPOSAL SURCHARGE.]

Subdivision 1. [SURCHARGE.] A surcharge of six percent is imposed on the gross receipts for the collection and disposal of mixed municipal solid waste waste as described in subdivision 2.

Subd. 2. [APPLICATION.] The surcharge imposed by subdivision 1 applies to all public and private mixed municipal solid waste collection and disposal services. A political subdivision that purchases collection or disposal services on behalf of its citizens shall pay the surcharge. A political subdivision that provides collection or disposal services to its citizens without direct charge to the citizens for the service shall pay the surcharge based on the cost to the political subdivision of providing the service. A person who transports mixed municipal solid waste generated by that person or by another person without compensation shall pay the surcharge at the disposal or resource recovery facility based on the disposal charge or tipping fee.

Subd. 3. [EXEMPTIONS.] (a) The cost of a service or the portion of a service to collect recyclable materials separated from mixed municipal solid waste by the waste generator is exempt from the surcharge imposed in subdivision 1.

(b) Waste from a recycling facility that separates or processes recyclable materials and that reduces the volume of the waste by at least 85 percent is exempt from the surcharge. To qualify for this exemption under this paragraph, waste must be brought to the disposal facility separately.

Subd. 4. [COLLECTION.] The commissioner of revenue shall collect the surcharge and shall use the collection procedures and has the enforcement powers under chapters 290 and 297A to collect the surcharge. The commissioner shall deposit 91 percent of the receipts from the surcharge in the environmental fund and nine percent of the receipts in the recycling accounts of counties that have developed recycling programs and are in immediate need of market development assistance, as certified by the waste management board.

"Sec. 2. [VETERANS HOMES SITING STUDY.]

Subdivision 1. [STUDY AUTHORIZATION.] The commissioner of administration, in cooperation with the veterans home board of directors and the interagency board for quality assurance must by January 1, 1990, complete a study that will assist the legislature to determine:

(1) if additional veterans homes should be established in any regions of the state; and

(2) in which communities homes should be sited if the legislature determines additional homes are necessary.

Subd. 2. [NEED FOR ADDITIONAL VETERANS HOMES.] In analyzing whether additional veterans homes should be established in the state, the study should consider the following factors:

(1) the number of veterans that are projected to need nursing home care in the state and in each region of the state;

(2) the availability and feasibility of other long-term care alternatives for veterans;

(3) the impact of additional veterans homes on existing community nursing homes;

(4) the availability of federal funding for construction and operation of additional veterans homes and the impact of other federal regulations;

(5) the overall cost to the state of a regional system of veterans nursing homes; and

(3) availability of staff to operate a home;

(4) construction costs;

(5) operating costs;

(6) local financial contributions toward construction and operating costs;

(7) physical features of a site; and

(8) the number of veterans needing nursing care in the area.

The commissioner may allow local communities in the affected regions to submit proposals for veterans homes, and the study must recommend in rank order sites for new veterans homes in each affected region giving equal weight to each of the above factors.

"Section 1. [244.12] [LOCAL CORRECTIONAL RESOURCES; DATA COLLECTION; NEEDS ASSESSMENT.]

Subdivision 1. [PURPOSE.] The scarcity of adequate correctional resources at the local level is a crisis that is becoming increasingly acute as crime rates increase and as the state correctional institutions experience similar capacity problems. One way to respond to this problem is to develop a more uniform and structured approach to the use of local correctional resources as a condition of a stayed felony sentence. The purpose of this section is to enable counties, the sentencing guidelines commission, and the legislature to develop a

workable system of nonimprisonment sentencing guidelines based on a clear understanding of local resources, needs, and priorities.

Subd. 2. [DUTIES OF COUNTIES AND COMMISSIONER OF CORRECTIONS.] The corrections administrator for each county or group of counties participating in chapter 401 shall furnish data and information to assist the sentencing guidelines commission in making its determinations under this subdivision as the determinations pertain to the county or counties served by each administrator. In a like manner the commissioner of corrections shall furnish pertinent data on those counties which do not participate in chapter 401. The sentencing guidelines commission, with the assistance of the supreme court, the state planning agency, corrections administrators, and the commissioner of corrections, shall determine how more detailed information can be gathered on a routine basis on local sentencing practices, usage of local correctional resources, and local alternatives to incarceration for convicted felons.

Subd. 3. [NONIMPRISONMENT GUIDELINES PILOT PROJECT.] The commissioner of corrections shall report to the sentencing guidelines commission on the results of its nonimprisonment guidelines pilot project when the project is completed. If the pilot project is not completed by July 1, 1990, the commissioner shall provide an interim report to the commission on or before that date.

Subd. 4. [REPORT.] The sentencing guidelines commission shall report to the legislature on or before February 1, 1991, describing what improvements have been made to address subdivision 2 and whether any legislative action is necessary to implement further improvements.

Sec. 2. Minnesota Statutes 1988, section 69.031, subdivision 5, is amended to read:

Subd. 5. [DEPOSIT OF STATE AID.] (1) The municipal treasurer, on receiving the fire state aid, shall within 30 days after receipt transmit it to the treasurer of the duly incorporated firefighters' relief association if there is one organized and the association has filed a financial report with the municipality; but if there is no relief association organized, or if any association dissolve, be removed, or has heretofore dissolved, or has been removed as trustees of state aid, then the treasurer of the municipality shall keep the money in the municipal treasury as provided for in section 424A.08 and shall be disbursed only for the purposes and in the manner set forth in that section.

(2) The municipal treasurer, upon receipt of the police state aid, shall disburse the police state aid in the following manner:

(a) For a municipality in which a local police relief association exists and all peace officers are members of the association, the total state aid shall be transmitted to the treasurer of the relief association within 30 days of the date of receipt, and the treasurer of the relief association shall immediately deposit the total state aid in the special fund of the relief association;

(b) For a municipality in which police retirement coverage is provided by the public employees police and fire fund and all peace officers are members of the fund, the total state aid shall be applied toward the municipality's employer contribution to the public employees police and fire fund pursuant to section 353.65, subdivision 3, and any state aid in excess of the amount required to meet the employer's contribution pursuant to section 353.65, subdivision 3, shall also be contributed to the public employees police and fire fund and credited in the manner to be specified by the board of trustees of the public employees retirement association; or

(c) For a municipality other than a city of the first class with a population of more than 300,000 in which both a police relief association exists and police retirement coverage is provided in part by the public employees police and fire fund, the municipality may elect at its option to transmit the total state aid to the treasurer of the relief association as provided in clause (a), to use the total state aid to apply toward the municipality's employer contribution to the public employees police and fire fund subject to all the provisions set forth in clause (b), or to allot the total state aid proportionately to be transmitted to the police relief association as provided in this subdivision and to apply toward the municipality's employer contribution to the public employees police and fire fund subject to the provisions of clause (b) on the basis of the respective number of active full-time peace officers, as defined in section 69.011, subdivision 1, clause (g).

For a city of the first class with a population of more than 300,000, in addition, the city may elect to allot the appropriate portion of the total police state aid to apply toward the employer contribution of the city to the public employees police and fire fund based on the covered salary of police officers covered by the fund each payroll period and to transmit the balance to the police relief association.

(3) The county treasurer, upon receipt of the police state aid for the county, shall apply the total state aid toward the county's employer contribution to the public employees police and fire fund pursuant to section 353.65, subdivision 3, and any state aid in excess of the amount required to meet the employer's contribution pursuant to section 353.65, subdivision 3, shall also be contributed to the public employees police and fire fund and credited in the manner to be specified by the board of trustees of the public employees retirement association.

Sec. 3. Minnesota Statutes 1988, section 69.77, subdivision 2b, is amended to read:

Subd. 2b. [RELIEF ASSOCIATION FINANCIAL REQUIREMENTS; MINIMUM MUNICIPAL OBLIGATION.] The officers of the relief association shall determine the financial requirements of the relief association and minimum obligation of the municipality for the following calendar year in accordance with the requirements of this subdivision. The financial requirements of the relief association and the minimum obligation of the municipality shall be determined on or before the submission date established by the municipality pursuant to subdivision 2c.

The financial requirements of the relief association for the following calendar year shall be based on the most recent actuarial valuation or survey of the special fund of the association if more than one fund is maintained by the association, or of the association, if only one fund is maintained, prepared in accordance with sections

356.215, subdivisions 4 to 4k and 356.216, as required pursuant to subdivision 2h. If an actuarial estimate is prepared by the actuary of the relief association as part of obtaining a modification of the benefit plan of the relief association and the modification is implemented, the actuarial estimate shall be used in calculating the financial requirements of the relief association.

If the relief association has an unfunded actuarial accrued liability as reported in the most recent actuarial valuation or survey, the total of the amounts calculated pursuant to clauses (a), (b), and (c) shall constitute the financial requirements of the relief association for the following year. If the relief association does not have an unfunded actuarial accrued liability as reported in the most recent actuarial valuation or survey, the amount calculated pursuant to clauses (a) and (b) shall constitute the financial requirements of the relief association for the following year.

(a) The normal level cost requirement for the following year, expressed as a dollar amount, which shall be determined by applying the normal level cost of the relief association as reported in the actuarial valuation or survey and expressed as a percentage of covered payroll to the estimated covered payroll of the active membership of the relief association, including any projected increase in the active membership, for the following year.

(b) To the dollar amount of normal cost thus determined shall be added an amount equal to the dollar amount of the administrative expenses of the special fund of the association if more than one fund is maintained by the association, or of the association if only one fund is maintained, for the most recent year, multiplied by the factor of 1.035. For a relief association in a municipality, the administrative expenses are those authorized under section 69.80. No amount of administrative expenses under this clause shall be included in the financial requirements of a relief association in a city of the first class with a population of more than 300,000.

(c) To the dollar amount of normal cost and expenses determined under clauses (a) and (b) shall be added an amount equal to the level annual dollar amount which is sufficient to amortize the unfunded actuarial accrued liability by December 31, 2010, as determined from the actuarial valuation or survey of the fund, using an interest assumption set at the rate specified in section 356.215, subdivision 4d. The amortization date specified in this clause shall apply to all local police or salaried firefighters' relief associations and shall supersede any amortization date specified in any applicable special law.

The minimum obligation of the municipality shall be an amount equal to the financial requirements of the relief association reduced by the estimated amount of member contributions from covered salary anticipated for the following calendar year and the estimated

amounts anticipated for the following calendar year from the applicable state aid program established pursuant to sections 69.011 to 69.051 receivable by the relief association after any allocation made pursuant to section 69.031, subdivision 5, clause (2), subclause (c) or 423A.01, subdivision 2, clause (6), from the local police and salaried firefighters' relief association amortization aid program established pursuant to section 423A.02 and from the supplementary amortization state-aid program established under Laws 1984, chapter 564, section 48, and Laws 1985, chapter 261, section 17.

Sec. 4. Minnesota Statutes 1988, section 356.216, is amended to read:

356.216 [CONTENTS OF ACTUARIAL VALUATIONS FOR LOCAL POLICE AND FIRE FUNDS.]

(a) The provisions of section 356.215 governing the contents of actuarial valuations shall apply to any local police or fire pension fund or relief association required to make an actuarial report under this section except as follows:

(1) in calculating normal cost and other requirements, if required to be expressed as a level percentage of covered payroll, the salaries used in computing covered payroll shall be the maximum rate of salary from which retirement and survivorship credits and amounts of benefits are determined and from which any member contributions are calculated and deducted;

(2) in lieu of the amortization date specified in section 356.215, subdivision 4g, the appropriate amortization target date specified in section 69.77, subdivision 2b, or 69.773, subdivision 4, clause (b), shall be used in calculating any required amortization contribution;

(3) in addition to the tabulation of active members and annuitants provided for in section 356.215, subdivision 4i, the member contributions for active members for the calendar year and the prospective annual retirement annuities under the benefit plan for active members shall be reported;

(4) actuarial valuations required pursuant to section 69.773, subdivision 2, shall be made at least every four years and actuarial valuations required pursuant to section 69.77 shall be made annually; and

(5) the actuarial balance sheet showing accrued assets valued at market value if the actuarial valuation is required to be prepared at least every four years or valued as current assets under section 356.215, subdivision 1, clause ~~(5)~~ (6), or paragraph (b), whichever applies, if the actuarial valuation is required to be prepared annu-

ally, actuarial accrued liabilities, and the unfunded actuarial accrued liability shall include the following required reserves:

(a) For active members

1. Retirement benefits
2. Disability benefits
3. Refund liability due to death or withdrawal
4. Survivors' benefits

(b) For deferred annuitants' benefits

(c) For former members without vested rights

(d) For annuitants

1. Retirement annuities
2. Disability annuities
3. Surviving spouses' annuities
4. Surviving children's annuities

In addition to those required reserves, separate items shall be shown for additional benefits, if any, which may not be appropriately included in the reserves listed above.

(6) actuarial valuations shall be due by the first day of the seventh month after the end of the fiscal year which the actuarial valuation covers.

(b) For a relief association in a city of the first class with a population of more than 300,000, the following provisions additionally apply:

(1) in calculating the actuarial balance sheet, unfunded actuarial accrued liability, and amortization contribution of the relief association, "current assets" means the value of all assets at cost, including realized capital gains and losses, plus or minus, whichever applies, the average value of total unrealized capital gains or losses for the most recent three-year period ending with the end of the plan year immediately preceding the actuarial valuation report transmission date; and

(2) in calculating the applicable portions of the actuarial valuation, an annual preretirement interest assumption of six percent, an annual postretirement interest assumption of six percent, and an annual salary increase assumption of four percent must be used.

Sec. 5. Minnesota Statutes 1988, section 423A.01, subdivision 2, is amended to read:

Subd. 2. [OPERATION OF LOCAL RELIEF ASSOCIATION UPON MODIFICATION OF RETIREMENT COVERAGE FOR NEWLY HIRED POLICE OFFICERS AND FIREFIGHTERS.] The following provisions shall govern the operation of a local relief

association upon the modification of retirement coverage for newly hired police officers or firefighters:

(1) The minimum obligation of a municipality in which the retirement coverage for newly hired police officers or salaried firefighters has been modified pursuant to subdivision 1 with respect to the local relief association shall be determined and governed in accordance with the provisions of sections 69.77, 356.215 and 356.216, except that the normal cost calculation for the relief association shall be computed as a percentage of the compensation paid to the active members of the relief association. The compensation paid to persons with retirement coverage modified pursuant to subdivision 1 shall not be included in any of the computations made in determining the obligation of the municipality with respect to the local relief association.

(2) The contribution rate of members of the local relief association shall be governed by section 69.77, unless a special law establishing a greater member contribution rate is applicable whereupon it shall continue to govern. The member contribution rate of persons with retirement coverage modified pursuant to subdivision 1 shall be governed by section 353.65.

(3) Unless otherwise provided for by law, when every active member of the local relief association retires or terminates from active duty, the local relief association shall cease to exist as a legal entity and the assets of the special fund of the relief association shall be transferred to a trust fund to be established by the appropriate municipality for the purpose of paying service pensions and retirement benefits to recipient beneficiaries. Recipient beneficiaries who are competent to act on their own behalf shall be entitled to select the prescribed number of trustees of the trust fund as provided in this clause, subject to the approval of the governing body of the municipality. If there are at least five recipient beneficiaries, the trust fund shall be managed by a board of trustees composed of five persons selected by the recipient beneficiaries of the fund. When there are fewer than five recipient beneficiaries, the number of trustees selected by the recipient beneficiaries shall be equal to the number of the remaining recipient beneficiaries. The governing body of the municipality shall select the additional trustees. The term of the elected members of the board of trustees shall be indefinite and shall continue until a vacancy occurs in one of the board of trustee member positions. Board of trustee members shall not be compensated for their services, but shall be reimbursed for any expenses actually and necessarily incurred as a result of the performance of their duties in their capacity as board of trustee members. The municipality shall perform whatever services are necessary to administer the trust fund. When all obligations of the trust fund are paid, the balance of the assets remaining in the trust fund shall revert to the municipality for expenditure for law enforcement or firefighting purposes, whichever is applicable.

(4) The financial requirements of the trust fund and the minimum obligation of the municipality with respect to the trust fund shall be determined in accordance with sections 69.77, 356.215 and 356.216 until the unfunded accrued liability of the trust fund is fully amortized in accordance with section 69.77, subdivision 2b. The municipality shall provide in its annual budget for at least the aggregate amount of service pensions, disability benefits, survivorship benefits and refunds which are projected as payable for the following calendar year, as determined by the board of trustees of the trust fund, less the amount of assets in the trust fund as of the end of the most current calendar year for which figures are available, valued pursuant to section 356.20, subdivision 4, clause (1)(a), if the difference between those two figures is a positive number.

(5) In calculating the amount of service pensions and other retirement benefits payable from the local relief association and in calculating the amount of any automatic post retirement increases in those service pensions and retirement benefits based on the salary paid or payable to active members or escalated in any fashion, the salary for use as the base for the service pension or retirement benefit calculation and the post retirement increase calculation for the local relief association shall be the salary for the applicable position as specified in the articles of incorporation or bylaws of the relief association as of the date immediately prior to the effective date of the modification of retirement coverage for newly hired personnel pursuant to subdivision 1, as the applicable salary is reset by the municipality periodically, irrespective of whether retirement coverage for persons holding the applicable position used in calculations is provided by the relief association or by the public employees police and fire fund.

(6) If the modification of retirement coverage implemented pursuant to subdivision 1 is applicable to a local police relief association, the police state aid received by the municipality shall be disbursed pursuant to section 69.031, subdivision 5, clause (2)(c). If the modification of retirement coverage implemented pursuant to subdivision 1 is applicable to a local firefighters' relief association, the fire state aid received by the applicable municipality other than a city of the first class with a population of more than 300,000 shall be disbursed as the municipality at its option may elect. The municipality may elect: (a) to transmit the total fire state aid to the treasurer of the local relief association for immediate deposit in the special fund of the relief association; or (b) to apply the total fire state aid toward the employer contribution of the municipality to the public employees police and fire fund pursuant to section 353.65, subdivision 3; or (c) to allocate the total fire state aid proportionately between the special fund of the local relief association and employer contribution of the municipality to the public employees police and fire fund on the basis of the respective number of active full time salaried firefighters receiving retirement coverage from each.

For a city of the first class with a population of more than 300,000, in addition, the city may elect to allot the appropriate portion of the total fire state aid to apply toward the employer contribution of the city to the public employees police and fire fund based on the covered salary of firefighters covered by the fund each payroll period and to transmit the balance to the firefighters relief association.

Sec. 6. [DISPOSITION OF ASSETS UPON CONCLUSION OF BENEFIT PAYMENTS.]

Upon the death of the last benefit recipient and the certification by the chief administrative officer of a city of the first class with a population of more than 300,000 to the state auditor of the absence of any remaining person with a benefit entitlement, the assets of the relief association or trust fund, whichever applies, must revert to the city and may be used by the city only for law enforcement or firefighting expenditure purposes, whichever applies.

Sec. 7. [INVESTMENT RELATED POSTRETIREMENT ADJUSTMENTS.]

Subdivision 1. [DEFINITIONS.] For the purposes of this section, each of the terms in this subdivision have the meanings given them in paragraphs (a) to (h).

(a) "Annual postretirement payment" means the payment of a lump sum postretirement benefit to an eligible member on June 1 following the determination date in any year.

(b) "City" means a city of the first class with a population of more than 300,000.

(c) "Determination date" means December 31 of each year.

(d) "Eligible member" means a person, including a service pensioner, a disability pensioner, a survivor, or dependent of a deceased active member, service pensioner, or disability pensioner, who received a pension or benefit during the 12 months before the determination date. A person who received a pension or benefit for the entire 12 months before the determination date are eligible for a full annual postretirement payment. A person who received a pension or benefit for less than 12 months before the determination date is eligible for a prorated annual postretirement payment.

(e) "Excess investment income" means the amount by which the time weighted total rate of return earned by the fund in the most recent fiscal year has exceeded the actual percentage increase in the current monthly salary of a top grade patrol officer or top grade firefighter, whichever applies, in the most recent fiscal year plus two percent. The excess investment income must be expressed as a

dollar amount and may not exceed one percent of the total assets of the fund and does not exist unless the yearly average percentage increase of the time weighted total rate of return of the fund for the previous five years exceeds by two percent the yearly average percentage increase in monthly salary of a top grade patrol officer or top grade firefighter, whichever applies, during the previous five calendar years.

(f) "Fund" means a police relief association or firefighters relief association, whichever applies, located in the city and governed by Minnesota Statutes, section 69.77.

(g) "Relief association" means the police relief association or the firefighters relief association, whichever applies, located in the city.

(h) "Time weighted total rate of return" means the percentage amount determined by using the formula or formulas established by the state board of investment under Minnesota Statutes, section 11A.04, clause (11), and in effect on January 1, 1987.

Subd. 2. [ANNUAL POSTRETIREMENT PAYMENT AUTHORIZED.] Notwithstanding the provisions of Minnesota Statutes, chapter 69, or any other law to the contrary, the relief association may provide annual postretirement payments to eligible members under this section.

Subd. 3. [DETERMINATION OF EXCESS INVESTMENT INCOME.] The board of trustees of the relief association shall determine by May 1 of each year whether or not the relief association has excess investment income. The amount of excess investment income, if any, must be stated as a dollar amount and reported by the chief administrative officer of the relief association to the mayor and governing body of the city, the state auditor, the commissioner of finance, and the executive director of the legislative commission on pensions and retirement. The dollar amount of excess investment income up to one percent of the assets of the fund must be applied for the purpose specified in subdivision 4. Excess investment income must not be considered as income to or assets of the fund for actuarial valuations of the fund for that year under sections 69.77, 356.215, and 356.216 and the provisions of this section except to offset the annual postretirement payment. Additional investment income is any realized or unrealized investment income other than the excess investment income and must be included in the actuarial valuations performed under sections 69.77, 356.215, and 356.216 and the provisions of this section.

Subd. 4. [AMOUNT OF ANNUAL POSTRETIREMENT PAYMENT.] The amount determined under subdivision 3 must be applied in accordance with this subdivision. The relief association shall apply the first one-half of one percent of excess investment income to the payment of an annual postretirement payment as

specified in this subdivision. The second one-half of one percent of excess investment income shall be applied to reduce the state amortization state aid or supplementary amortization state aid payments otherwise due to the relief association under section 423A.02 for the current calendar year. The relief association shall pay an annual postretirement payment to all eligible members in an amount not to exceed one-half of one percent of the assets of the fund. Payment of the annual postretirement payment must be in a lump sum amount on June 1 following the determination date in any year. Payment of the annual postretirement payment may be made only if the time weighted total rate of return exceeds by two percent the actual percentage increase in the current monthly salary of a top grade patrol officer or a top grade firefighter, whichever applies, in the most recent fiscal year and the yearly average percentage increase of the time weighted total rate of return of the fund for the previous five years exceeds by two percent the yearly average percentage increase in monthly salary of a top grade patrol officer or a top grade firefighter, whichever applies, of the previous five years. The total amount of all payments to members may not exceed the amount determined under subdivision 3. Payment to each eligible member must be calculated by dividing the total number of pension units to which eligible members are entitled into the excess investment income available for distribution to members, and then multiplying that result by the number of units to which each eligible member is entitled to determine each eligible member's annual postretirement payment. Payment to each eligible member may not exceed an amount equal to the total monthly benefit that the eligible member was entitled to in the prior year under the terms of the benefit plan of the relief association or each eligible member's proportionate share of the excess investment income, whichever is less.

Subd. 5. [ANNUAL POSTRETIREMENT PAYMENT IN THE EVENT OF DEATH.] In the event an eligible member dies after the determination date and before the payment of the annual postretirement payment, the chief administrative officer of the relief association shall pay that eligible member's estate the amount to which the eligible member was entitled.

Subd. 6. [REPORT ON ANNUAL POSTRETIREMENT PAYMENT.] The chief administrative officer of the relief association shall submit a report on the amount of all postretirement payments made under this section and the manner in which those payments were determined to the state auditor, the executive director of the legislative commission on pensions and retirement, and the city clerk of the city.

Subd. 7. [NO GUARANTEE OF ANNUAL POSTRETIREMENT PAYMENT.] No provision of or payment made under this section may be interpreted or relied upon by any member of the relief association to guarantee or entitle a member to annual postretire-

ment payments for a period when no excess investment income is earned by the fund.

Sec. 8. [EFFECTIVE DATE.]

Sections 1 to 7 are effective on the day following final enactment and apply to 1988 investment performance, actuarial valuations covering the calendar year ending December 31, 1988, and the annual financial requirements and minimum municipal obligation based on the 1988 actuarial valuations.

S. F. No. 1123 was reported to the House.

Scheid moved to amend S. F. No. 1123, as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1988, section 53.04, subdivision 3a, is amended to read:

Subd. 3a. (a) The right to make loans, secured or unsecured, at the rates and on the terms and other conditions permitted licensees under chapter 56. Loans made under the authority of section 56.125 must be in amounts in compliance with section 53.05, clause (7). All other loans made under the authority of chapter 56 must be in amounts in compliance with section 53.05, clause (7), or 56.131, subdivision 1, paragraph (a), whichever is less. The right to extend credit or lend money and to collect and receive charges therefor as provided by chapter 334, or in lieu thereof to charge, collect, and receive interest at the rate of 21.75 percent per annum, including the right to contract for, charge, and collect all other charges including discount points, fees, late payment charges, and insurance premiums on the loans to the same extent permitted on loans made under the authority of chapter 56, regardless of the amount of the loan. The provisions of sections 47.20 and 47.21 do not apply to loans made under this subdivision, except as specifically provided in this subdivision. Nothing in this subdivision is deemed to supersede, repeal, or amend any provision of section 53.05. A licensee making a loan under this chapter secured by a lien on real estate shall comply with the requirements of section 47.20, subdivision 8.

(b) Loans made under this subdivision at a rate of interest not in excess of that provided for in paragraph (a) may be secured by real or personal property, or both. If the proceeds of a loan secured by a first lien on the borrower's primary residence are used to finance the purchase of the borrower's primary residence, the loan must comply with the provisions of section 47.20.

(c) A loan made under this subdivision that is secured by real estate and that is in a principal amount of \$7,500 or more and a maturity of 60 months or more may contain a provision permitting discount points, if the loan does not provide a loan yield in excess of the maximum rate of interest permitted by this subdivision. Loan yield means the annual rate of return obtained by a licensee computed as the annual percentage rate is computed under Federal Regulation Z. ~~If the loan is prepaid in full, the licensee must make a refund to the borrower to the extent that the loan yield will exceed the maximum rate of interest provided by this subdivision when the prepayment is taken into account.~~

(d) An agency or instrumentality of the United States government or a corporation otherwise created by an act of the United States Congress or a lender approved or certified by the secretary of housing and urban development, or approved or certified by the administrator of veterans affairs, or approved or certified by the administrator of the farmers home administration, or approved or certified by the federal home loan mortgage corporation, or approved or certified by the federal national mortgage association, that engages in the business of purchasing or taking assignments of mortgage loans and undertakes direct collection of payments from or enforcement of rights against borrowers arising from mortgage loans, is not required to obtain a certificate of authorization under this chapter in order to purchase or take assignments of mortgage loans from persons holding a certificate of authorization under this chapter.

Sec. 2. Minnesota Statutes 1988, section 53.04, is amended by adding a subdivision to read:

Subd. 3c. The right to extend credit and make loans under chapter 51A on the same terms and subject to the same conditions as apply to other lenders under that chapter. This subdivision does not authorize an industrial loan and thrift company to make loans under a credit card or overdraft checking plan.

Sec. 3. Minnesota Statutes 1988, section 53.06, is amended to read:

53.06 [DIRECTORS, RESIDENCE.]

At least three-fourths of the directors of any industrial loan and thrift company holding a certificate that includes the right to issue thrift certificates for investment must be residents of the county in which the industrial loan and thrift company maintains its principal place of business, an adjacent county or any county in which the industrial loan and thrift company maintains a place of business pursuant to this chapter Minnesota.

Sec. 4. Minnesota Statutes 1988, section 56.12, is amended to read:

56.12 [ADVERTISING; TAKING OF SECURITY; PLACE OF BUSINESS.]

No licensee shall advertise, print, display, publish, distribute, or broadcast, or cause or permit to be advertised, printed, displayed, published, distributed, or broadcast, in any manner any statement or representation with regard to the rates, terms, or conditions for the lending of money, credit, goods, or things in action which is false, misleading, or deceptive. The commissioner may order any licensee to desist from any conduct which the commissioner shall find to be a violation of the foregoing provisions.

The commissioner may require that rates of charge, if stated by a licensee, be stated fully and clearly in such manner as the commissioner may deem necessary to prevent misunderstanding thereof by prospective borrowers. In lieu of the disclosure requirements of this section and section 56.14, a licensee may give the disclosures required by the federal Truth-in-Lending Act.

A licensee may take a lien upon real estate as security for any loan exceeding \$2,700 in principal amount made under this chapter. The provisions of sections 47.20 and 47.21 do not apply to loans made under this chapter, except as provided in this section. No loan secured by a first lien on a borrower's primary residence shall be made pursuant to this section if the proceeds of the loan are used to finance the purchase of the borrower's primary residence and section 56.131, subdivision 2. If the proceeds of a loan secured by a first lien on the borrower's primary residence are used to finance the purchase of the borrower's primary residence, the loan must comply with section 47.20, unless:

- (1) the proceeds of the loan are used to finance the purchase of a manufactured home; or
- (2) the proceeds of the loan are used in whole or in part to satisfy the balance owed on a contract for deed.

If the proceeds of the loan are used to finance the purchase of the borrower's primary residence, the licensee shall consent to the subsequent transfer of the real estate if the existing borrower continues after transfer to be obligated for repayment of the entire remaining indebtedness. The licensee shall release the existing borrower from all obligations under the loan instruments, if the transferee (1) meets the standards of credit worthiness normally used by persons in the business of making loans, including but not limited to the ability of the transferee to make the loan payments and satisfactorily maintain the property used as collateral, and (2) executes an agreement in writing with the licensee whereby the

transferee assumes the obligations of the existing borrower under the loan instruments. Any such agreement shall not affect the priority, validity or enforceability of any loan instrument. A licensee may charge a fee not in excess of one-tenth of one percent of the remaining unpaid principal balance in the event the loan is assumed by the transferee and the existing borrower continues after the transfer to be obligated for repayment of the entire assumed indebtedness. A licensee may charge a fee not in excess of one percent of the remaining unpaid principal balance in the event the remaining indebtedness is assumed by the transferee and the existing borrower is released from all obligations under the loan instruments, but in no event shall the fee exceed \$150.

A licensee making a loan under this chapter secured by a lien on real estate shall comply with the requirements of section 47.20, subdivision 8.

No licensee shall conduct the business of making loans under this chapter within any office, room, or place of business in which any other business is solicited or engaged in, or in association or conjunction therewith, if the commissioner finds that the character of the other business is such that it would facilitate evasions of this chapter or of the rules lawfully made hereunder. The commissioner may promulgate rules dealing with such other businesses.

No licensee shall transact the business or make any loan provided for by this chapter under any other name or at any other place of business than that named in the license. No licensee shall take any confession of judgment or any power of attorney. No licensee shall take any note or promise to pay that does not accurately disclose the principal amount of the loan, the time for which it is made, and the agreed rate or amount of charge, nor any instrument in which blanks are left to be filled in after execution. Nothing herein is deemed to prohibit the making of loans by mail.

Sec. 5. Minnesota Statutes 1988, section 56.131, subdivision 1, is amended to read:

Subdivision 1. [INTEREST RATES AND CHARGES.] (a) On any loan in a principal amount not exceeding \$35,000 or ten percent of a corporate licensee's contributed capital and appropriated reserves as defined in section 53.015, if greater, a licensee may contract for and receive interest, calculated according to the actuarial method, not exceeding the equivalent of the greater of any of the following:

- (1) the total of: (i) 33 percent per year on that part of the unpaid

balance of the principal amount not exceeding ~~\$350~~ \$1,000; and (ii) 19 percent per year on that part of the unpaid balance of the principal amount exceeding ~~\$350~~ \$1,000; or

(2) 21.75 percent per year on the unpaid balance of the principal amount.

(b) On any loan where interest has been calculated according to the method provided for in paragraph (a), clause (1), interest must be contracted for and earned as provided in that provision or at the single annual percentage rate computed to the nearest 1/100 of one percent that would earn the same total interest at maturity of the contract as would be earned by the application of the graduated rates provided in paragraph (a), clause (1), when the debt is paid according to the agreed terms and the calculations are made according to the actuarial method.

(c) Loans may be interest-bearing or precomputed.

(d) To compute time on interest-bearing and precomputed loans, including, but not limited to the calculation of interest, a day is considered 1/30 of a month when calculation is made for a fraction of a calendar month. A year is 12 calendar months. A calendar month is that period from a given date in one month to the same numbered date in the following month, and if there is no same numbered date, to the last day of the following month. When a period of time includes a whole month and a fraction of a month, the fraction of a month is considered to follow the whole month.

In the alternative, for interest-bearing loans, a licensee may charge interest at the rate of 1/365 of the agreed annual rate for each actual day elapsed.

(e) With respect to interest-bearing loans:

(1) Interest must be computed on unpaid principal balances outstanding from time to time, for the time outstanding. Each payment must be applied first to the accumulated interest and the remainder of the payment applied to the unpaid principal balance; provided however, that if the amount of the payment is insufficient to pay the accumulated interest, the unpaid interest continues to accumulate to be paid from the proceeds of subsequent payments and is not added to the principal balance.

(2) Interest must not be payable in advance or compounded. However, if part or all of the consideration for a new loan contract is the unpaid principal balance of a prior loan, then the principal amount payable under the new loan contract may include any unpaid interest which has accrued. The unpaid principal balance of a precomputed loan is the balance due after refund or credit of

unearned interest as provided in paragraph (f), clause (3). The resulting loan contract is deemed a new and separate loan transaction for all purposes.

(f) With respect to precomputed loans:

(1) Loans must be repayable in substantially equal and consecutive monthly installments of principal and interest combined, except that the first installment period may be more or less than one month by not more than 15 days, and the first installment payment amount may be larger than the remaining payments by the amount of interest charged for the extra days and must be reduced by the amount of interest for the number of days less than one month to the first installment payment; and monthly installment payment dates may be omitted to accommodate borrowers with seasonal income.

(2) Payments may be applied to the combined total of principal and precomputed interest until the loan is fully paid. Payments must be applied in the order in which they become due.

(3) When any loan contract is paid in full by cash, renewal or refinancing, or a new loan, one month or more before the final installment due date, a licensee shall refund or credit the borrower with the total of the applicable charges for all fully unexpired installment periods, as originally scheduled or as deferred, which follow the day of prepayment; if the prepayment is made other than on a scheduled payment date, the nearest scheduled installment payment date must be used in the computation; provided further, if the prepayment occurs prior to the first installment due date, the licensee may retain 1/30 of the applicable charge for a first installment period of one month for each day from the date of the loan to the date of prepayment, and shall refund or credit the borrower with the balance of the total interest contracted for. If the maturity of the loan is accelerated for any reason and judgment is entered, the licensee shall credit the borrower with the same refund as if prepayment in full had been made on the date the judgment is entered.

(4) If an installment, other than the final installment, is not paid in full within ten days of its scheduled due date, a licensee may contract for and receive a default charge not exceeding five percent of the amount of the installment, but not less than \$4.

A default charge under this subdivision may not be collected on an installment paid in full within ten days of its scheduled due date, or deferred installment due date with respect to deferred installments, even though a default or deferral charge on an earlier installment has not been paid in full. A default charge may be collected at the time it accrues or at any time thereafter.

(5) If the parties agree in writing, either in the loan contract or in

a subsequent agreement, to a deferment of wholly unpaid installments, a licensee may grant a deferment and may collect a deferment charge as provided in this section. A deferment postpones the scheduled due date of the earliest unpaid installment and all subsequent installments as originally scheduled, or as previously deferred, for a period equal to the deferment period. The deferment period is that period during which no installment is scheduled to be paid by reason of the deferment. The deferment charge for a one-month period may not exceed the applicable charge for the installment period immediately following the due date of the last undeferred payment. A proportionate charge may be made for deferment for periods of more or less than one month. A deferment charge is earned pro rata during the deferment period and is fully earned on the last day of the deferment period. Should a loan be prepaid in full during a deferment period, the licensee shall make or credit to the borrower a refund of the unearned deferment charge in addition to any other refund or credit made for prepayment of the loan in full.

(6) If two or more installments are delinquent one full month or more on any due date, and if the contract so provides, the licensee may reduce the unpaid balance by the refund credit which would be required for prepayment in full on the due date of the most recent maturing installment in default. Thereafter, and in lieu of any other default or deferment charges, the single annual percentage rate permitted by this subdivision may be charged on the unpaid balance until fully paid.

(7) Following the final installment as originally scheduled or deferred, the licensee, for any loan contract which has not previously been converted to interest-bearing under paragraph (f), clause (6), may charge interest on any balance remaining unpaid, including unpaid default or deferment charges, at the single annual percentage rate permitted by this subdivision until fully paid.

Sec. 6. Minnesota Statutes 1988, section 56.131, subdivision 2, is amended to read:

Subd. 2. [ADDITIONAL CHARGES.] In addition to the charges provided for by this section and section 56.155, no further or other amount whatsoever, shall be directly or indirectly charged, contracted for, or received for the loan made, except actual out of pocket expenses of the licensee to realize on a security after default, and except for the following additional charges which may be included in the principal amount of the loan:

(a) lawful fees and taxes paid to any public officer to record, file, or release security;

(b) with respect to a loan secured by an interest in real estate, the following actual closing costs authorized in section 47.20, subdivi-

sion 2, clause (1), if they are bona fide, reasonable in amount, and not for the purpose of circumvention or evasion of this section; provided the costs do not exceed one percent of the principal amount or \$250, whichever is greater:

(1) fees or premiums for title examination, abstract of title, title insurance, surveys, or similar purposes;

(2) fees, if not paid to the licensee, an employee of the licensee, or a person related to the licensee, for preparation of a mortgage, settlement statement, or other documents; fees for notarizing mortgages and other documents, and appraisal fees;

(c) the premium for insurance in lieu of perfecting and releasing a security interest to the extent that the premium does not exceed the fees described in paragraph (a).

Sec. 7. Minnesota Statutes 1988, section 56.131, subdivision 6, is amended to read:

Subd. 6. [DISCOUNT POINTS.] A loan made under this section that is secured by real estate and that is in a principal amount of \$7,500 or more and has a maturity of 60 months or more may contain a provision permitting discount points, if the loan does not provide a loan yield in excess of the maximum rate of interest permitted by this section. Loan yield means the annual rate of return obtained by a licensee computed as the annual percentage rate is computed under Federal Regulation Z. If the loan is prepaid in full, the licensee must make a refund to the borrower to the extent that the loan yield will exceed the maximum rate of interest provided by this section when the prepayment is taken into account.

Sec. 8. Minnesota Statutes 1988, section 56.14, is amended to read:

56.14 [DUTIES OF LICENSEE.]

Every licensee shall:

(1) deliver to the borrower (or if there are two or more borrowers to one of them) at the time any loan is made a statement making the disclosures and furnishing the information required by the federal Truth-in-Lending Act, as amended from time to time, with respect to the contract of loan. A copy of the loan contract may be delivered in lieu of a statement if it discloses the required information;

(2) deliver or mail to the borrower without request, a written receipt within 30 days following payment for each payment by coin or currency made on account of any loan wherein charges are computed and paid on unpaid principal balances for the time

actually outstanding, specifying the amount applied to charges and the amount, if any, applied to principal, and stating the unpaid principal balance, if any, of the loan; and wherein precomputed charges have been added to the principal of the loan specifying the amount of the payment applied to principal and charges combined, the amount applied to default or extension charges, if any, and stating the unpaid balance, if any, of the precomputed loan contract. A periodic statement showing a payment received by mail complies with this clause;

(3) permit payment to be made in advance in any amount on any contract of loan at any time, but the licensee may apply the payment first to all charges in full at the agreed rate up to the date of the payment;

(4) upon repayment of the loan in full, mark indelibly every obligation and security, other than a mortgage or security agreement which secures a new loan to the licensee, signed by the borrower with the word "Paid" or "Canceled," and release any mortgage or security agreement which no longer secures a loan to the licensee, restore any pledge, and cancel and return any note, and any assignment given to the licensee which does not secure a new loan to the licensee within 20 days after the repayment;

(5) display prominently in each licensed place of business a full and accurate schedule, to be approved by the commissioner, of the charges to be made and the method of computing the same; furnish a copy of the contract of loan to any person obligated on it or who may become obligated on it at any time upon the request of that person;

(6) show in the loan contract or statement of loan the rate or rates of charge on which the charge in the contract is based, expressed in terms of rate or rates per annum. The rate expression shall be printed in at least 8-point type on the loan statement or copy of the loan contract given to the borrower.

Sec. 9. Minnesota Statutes 1988, section 168.71, is amended to read:

168.71 [RETAIL INSTALLMENT CONTRACTS.]

(a)(1) Every retail installment contract shall be in writing, shall contain all the agreements of the parties, shall be signed by the retail buyer and seller, and a copy thereof shall be furnished to such retail buyer at the time of the execution of the contract.

(2) No provisions for confession of judgment or power of attorney therefor contained in any retail installment contract or contained in a separate agreement relating thereto, shall be valid or enforceable.

(3) The holder of a precomputed retail installment contract may, if the contract so provides, collect a delinquency and collection charge on each installment in arrears for a period not less than ten days in an amount not in excess of five percent of each installment or \$5, whichever is the less greater. In addition to such delinquency and collection charge, the retail installment contract, whether interest-bearing or precomputed, may provide for the payment of attorneys' fees not exceeding 15 percent of the amount due and payable under such contract where such contract is referred to an attorney not a salaried employee of the holder of the contract for collection plus the court costs.

(4) Unless written notice has been given to the retail buyer of actual or intended assignment of a retail installment contract, payment thereunder or tender thereof made by the retail buyer to the last known holder of such contract shall be binding upon all subsequent holders or assignees.

(5) Upon written request from the retail buyer, the holder of the retail installment contract shall give or forward to the retail buyer a written statement of the dates and amounts of payments and the total amount unpaid under such contract. A retail buyer shall be given a written receipt for any payment when made in cash.

(b) The retail installment contract shall contain the following items:

(1) The cash sale price of the motor vehicle which is the subject matter of the retail installment contract;

(2) The total amount of the retail buyer's down payment, whether made in money or goods, or partly in money or partly in goods;

(3) The difference between items one and two;

(4) The charge, if any, included in the transaction for any insurance and other benefits not included in clause (1), specifying the types of coverage and taxes, fees, and charges that actually are or will be paid to public officials or government agencies, including those for perfecting, releasing, or satisfying a security interest if such taxes, fees, or charges are not included in clause (1);

(5) Principal balance, which is the sum of items three and four;

(6) The amount of the finance charge;

(7) The total of payments payable by the retail buyer to the retail seller and the number of installment payments required and the amount of each installment expressed in dollars or percentages, and

date of each payment necessary finally to pay the total of payments which is the sum of item five and item six.

Provided, however, that said items one to seven inclusive need not be stated in the terms, sequence or order set forth above. Provided further, that clauses (6) and (7) may be disclosed on the assumption that all scheduled payments under the contract will be made when due.

In lieu of the above clauses, the retail seller may give the retail buyer disclosures which satisfy the requirements of the Federal Truth-In-Lending Act in effect as of the time of the contract, notwithstanding whether or not that act applies to the transaction.

(c) Every retail seller or sales finance company, if a charge for insurance on the motor vehicle is included in a retail installment contract shall within 30 days after execution of the retail installment contract send or cause to be sent to the retail buyer a policy or policies or certificate of insurance, which insurance shall be written by a company authorized to do business in this state, clearly setting forth the amount of the premium, the kind or kinds of insurance and the scope of the coverage and all the terms, exceptions, limitations, restrictions and conditions of the contract or contracts of the insurance. The buyer of a motor vehicle under a retail installment contract shall have the privilege of purchasing such insurance from an agent or broker of the buyer's own selection and selecting an insurance company mutually acceptable to the seller and the buyer; provided, however, that the inclusion of the cost of the insurance premium in the retail installment contract when the buyer selects the agent, broker or company, shall be optional with the seller.

(d) Any sales finance company hereunder may purchase or acquire from any retail seller any retail installment contract on such terms and conditions as may be mutually agreed upon between them.

(e) An acknowledgment by the retail buyer of the delivery of any such copy or notice as required in subsection (a) contained in the body of the statement or contract shall be conclusive proof of delivery in any action or proceeding by or against any assignee of a retail installment contract.

Subd. 4. [ADJUSTMENT OF DOLLAR AMOUNTS.] (a) The dollar amounts in this section, not including subdivision 1(a)(1), sections 56.01 and 56.12 shall change periodically, as provided in this section, according to and to the extent of changes in the implicit price deflator for the gross national product, 1972 = 100, compiled by the United States Department of Commerce, and hereafter referred to as the index. The index for December, 1980 is the reference base index for adjustments of dollar amounts, except that the index for December, 1984 is the reference base index for the minimum default charge of \$4.

(b) The designated dollar amounts shall change on July 1 of each even-numbered year if the percentage of change, calculated to the nearest whole percentage point, between the index for December of the preceding year and the reference base index is ten percent or more, but;

(1) the portion of the percentage change in the index in excess of a multiple of ten percent shall be disregarded and the dollar amounts shall change only in multiples of ten percent of the amounts appearing in Laws 1981, chapter 258 on the date of enactment; and

(2) the dollar amounts shall not change if the amounts required by this section are those currently in effect pursuant to Laws 1981, chapter 258 as a result of earlier application of this section.

(c) If the index is revised, the percentage of change pursuant to this section shall be calculated on the basis of the revised index. If a

revision of the index changes the reference base index, a revised reference base index shall be determined by multiplying the reference base index then applicable by the rebasing factor furnished by the department of commerce. If the index is superseded, the index referred to in this section is the one represented by the department of commerce as reflecting most accurately changes in the purchasing power of the dollar for consumers.

(d) The commissioner shall announce and publish:

(1) on or before April 30 of each year in which dollar amounts are to change, the changes in dollar amounts required by paragraph (b); and

(2) promptly after the changes occur, changes in the index required by paragraph (c) including, if applicable, the numerical equivalent of the reference base index under a revised reference base index and the designation or title of any index superseding the index.

(e) A person does not violate this chapter with respect to a transaction otherwise complying with this chapter if that person relies on dollar amounts either determined according to paragraph (b), clause (2) or appearing in the last publication of the commissioner announcing the then current dollar amounts.

(f) The adjustments provided in this section shall not be affected unless explicitly provided otherwise by law."

Dawkins moved to amend S. F. No. 1123, as amended, as follows:

Page 12, after line 9, insert:

"Sec. 9. Minnesota Statutes 1988, section 56.155, subdivision 1, is amended to read:

Subdivision 1. [AUTHORIZATION.] No licensee shall, directly or indirectly, sell or offer for sale any insurance in connection with any loan made under this chapter except as and to the extent authorized by this section. The sale of credit life and credit accident and health insurance is subject to the provisions of chapter 62B, except that the term of the insurance may exceed 60 months if the term of the loan exceeds 60 months. Credit life, credit accident and health insurance, or any of them, may be written upon or in connection with any loan but must not be required as additional security for the indebtedness. If the debtor chooses to procure credit life insurance or credit accident and health insurance as security for the indebtedness, the debtor shall have the option of furnishing this security through existing policies of insurance that the debtor owns or controls, or of furnishing the coverage through any insurer authorized to transact business in this state. A statement in substantially the following form must be made orally and provided in writing in bold face type of a minimum size of 12 points to the borrower before the transaction is completed for each credit life and accident and health insurance coverage sold:

CREDIT LIFE INSURANCE AND CREDIT DISABILITY INSURANCE ARE NOT REQUIRED TO OBTAIN CREDIT. YOU MAY BUY ANY INSURANCE FROM ANYONE YOU CHOOSE OR YOU MAY USE EXISTING INSURANCE.

The licensee shall disclose whether or not the benefits commence as of the first day of disability and shall further disclose the number of days that an insured obligor must be disabled, as defined in the policy, before benefits, whether retroactive or nonretroactive, commence. In case there are multiple obligors under a transaction subject to this chapter, no policy or certificate of insurance providing credit accident and health benefits may be procured by or through a licensee upon more than one of the obligors. In case there are multiple obligors under a transaction subject to this chapter, no policy or certificate of insurance providing credit life insurance may be procured by or through a licensee upon more than two of the obligors in which case they shall be insured jointly. The premium or identifiable charge for the insurance must not exceed that filed by

the insurer with the department of commerce. The charge, computed at the time the loan is made for a period not to exceed the full term of the loan contract on an amount not to exceed the total amount required to pay principal and charges, may be deducted from the proceeds or may be included as part of the principal of any loan. If a borrower procures insurance by or through a licensee, the statement required by section 56.14 must disclose the cost to the borrower and the type of insurance, and the licensee shall cause to be delivered to the borrower a copy of the policy, certificate, or other evidence thereof, within a reasonable time. No licensee shall decline new or existing insurance which meets the standards set out in this section nor prevent any obligor from obtaining this insurance coverage from other sources. Notwithstanding any other provision of this chapter, any gain or advantage to the licensee or to any employee, affiliate, or associate of the licensee from this insurance or the sale or provision thereof is not an additional or further charge in connection with the loan; nor are any of the provisions pertaining to insurance contained in this section prohibited by any other provision of this chapter."

CONFERENCE COMMITTEE REPORT ON H. F. NO. 1160

A bill for an act relating to education; authorizing school district participation in certain energy efficiency projects; proposing coding for new law in Minnesota Statutes, chapter 124.

May 17, 1989

The Honorable Robert E. Vanasek
Speaker of the House of Representatives

The Honorable Jerome M. Hughes
President of the Senate

We, the undersigned conferees for H. F. No. 1160, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendments and that H. F. No. 1160 be further amended as follows:

Delete everything after the enacting clause and insert:

“Section 1. [124.85] [ENERGY EFFICIENCY PROJECTS.]

Subdivision 1. [DEFINITIONS.] The definitions in this subdivision apply to this section.

(a) “Energy conservation measure” means a training program or facility alteration designed to reduce energy consumption or operating costs and includes:

(1) Insulation of the building structure and systems within the building;

(2) Storm windows and doors, caulking or weatherstripping, multiglazed windows and doors, heat absorbing or heat reflective glazed and coated window and door systems, additional glazing, reductions in glass area, and other window and door system modifications that reduce energy consumption;

(3) Automatic energy control systems;

(4) Heating, ventilating, or air conditioning system modifications or replacements;

(5) Replacement or modifications of lighting fixtures to increase the energy efficiency of the lighting system without increasing the overall illumination of a facility, unless such increase in illumination is necessary to conform to the applicable state or local building code for the lighting system after the proposed modifications are made;

(6) Energy recovery systems;

(7) Cogeneration systems that produce steam or forms of energy such as heat, as well as electricity, for use primarily within a building or complex of buildings;

(8) Energy conservation measures that provide long-term operating cost reductions.

(b) “Guaranteed energy savings contract” means a contract for the evaluation and recommendations of energy conservation measures, and for one or more energy conservation measures. The contract must provide that all payments, except obligations on termination of the contract before its expiration, are to be made over time, but not to exceed ten years from the date of final installation, and the

savings are guaranteed to the extent necessary to make payments for the systems.

(c) "Qualified provider" means a person or business experienced in the design, implementation, and installation of energy conservation measures. A qualified provider to whom the contract is awarded shall give a sufficient bond to the school district for its faithful performance.

Subd. 2. [ENERGY EFFICIENCY CONTRACT.] Notwithstanding any law to the contrary, a school district may enter into a guaranteed energy savings contract with a qualified provider to significantly reduce energy or operating costs.

Before entering into a contract under this subdivision, the board shall provide published notice of the meeting in which it proposes to award the contract, the names of the parties to the proposed contract, and the contract's purpose.

Before installation of equipment, modification, or remodeling, the qualified provider shall first issue a report, summarizing estimates of all costs of installations, modifications, or remodeling, including costs of design, engineering, installation, maintenance, repairs, or debt service, and estimates of the amounts by which energy or operating costs will be reduced.

Subd. 3. [CONTRACT PROVISIONS.] Guaranteed energy savings contracts that include a written guarantee that savings will meet or exceed the cost of energy conservation measures is not subject to competitive bidding requirements. The contract is not subject to section 123.37 or 471.345.

Subd. 4. [DISTRICT ACTION.] A district may enter into a guaranteed energy savings contract with a qualified provider if, after review of the report, it finds that the amount it would spend on the energy conservation measures recommended in the report is not likely to exceed the amount to be saved in energy and operation costs over ten years from the date of installation if the recommendations in the report were followed, and the qualified provider provides a written guarantee that the energy or operating cost savings will meet or exceed the costs of the system. The guaranteed energy savings contract may provide for payments over a period of time, not to exceed ten years.

Subd. 5. [INSTALLATION CONTRACTS.] A school district may enter into an installment payment contract for the purchase and installation of energy conservation measures. The contract must provide for payments of not less than one-tenth of the price to be paid within two years from the date of the first operation, and the remaining costs to be paid monthly, not to exceed a ten-year term from the date of the first operation.

Subd. 6. [CONTRACT CONTINUANCE.] Guaranteed energy savings contracts may extend beyond the fiscal year in which they become effective. The school district shall include in its annual appropriations measure for each later fiscal year any amounts payable under guaranteed energy savings contracts during the year. Failure of a board to make such an appropriation does not affect the validity of the guaranteed energy savings contract or the school district's obligations under the contracts.

Sec. 2. [EFFECTIVE DATE.]

Section 1 is effective the day after its final enactment."

Delete the title and insert:

The Honorable Robert E. Vanasek
Speaker of the House of Representatives

The Honorable Jerome M. Hughes
President of the Senate

We, the undersigned conferees for H. F. No. 1285, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendment and that H. F. No. 1285 be further amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1988, section 13.71, is amended by adding a subdivision to read:

Subd. 6. [DATA ON ENROLLEES OF MCHA.] The names and addresses of enrollees of the comprehensive health association maintained by or submitted to the department of commerce are private data.

Sec. 2. Minnesota Statutes 1988, section 62E.10, subdivision 1, is amended to read:

(3) establish, through innovative cost and quality control programs including, to the extent feasible, programs providing for the use of health care outcomes and other data in the choice and regulation of health care services, mechanisms to ensure that cost controls do not have a significant negative impact on the access to services or the quality or effectiveness of health care services actually provided to enrollees; and

(4) to promote the public health and welfare of the state of Minnesota with.

(c) The membership consisting of all the comprehensive health association consists of insurers, self-insurers, fraternal, and health maintenance organizations licensed or authorized to do business in this state.

Sec. 3. Minnesota Statutes 1988, section 62E.10, subdivision 2, is amended to read:

Subd. 2. [BOARD OF DIRECTORS; ORGANIZATION.] (a) The board of directors of the association shall be made up of nine members as follows: five insurer directors selected by participating members, subject to approval by the commissioner; four public directors selected by the commissioner. Public members may include licensed insurance agents.

(b) The public members of the board shall be compensated at the rate of at least \$35 per day spent on board activities, when authorized by the board, plus expenses in the same manner and amount as authorized by the commissioner of employee relations' plan adopted under section 43A.18, subdivision 2. Compensation under this subdivision must be paid by the association.

(c) In determining voting rights at members' meetings, each member shall be entitled to vote in person or proxy. The vote shall be a weighted vote based upon the member's cost of self-insurance, accident and health insurance premium, subscriber contract charges, or health maintenance contract payment derived from or on behalf of Minnesota residents in the previous calendar year, as determined by the commissioner.

(d) In approving directors of the board, the commissioner shall consider, among other things, whether all types of members are fairly represented. Insurer directors may be reimbursed from the money of the association for expenses incurred by them as directors, but shall not otherwise be compensated by the association for their services. The costs of conducting meetings of the association and its board of directors shall be borne by members of the association.

Sec. 4. Minnesota Statutes 1988, section 62E.10, subdivision 2a, is amended to read:

Subd. 2a. [APPEALS.] A person may appeal to the commissioner within 30 days after notice of an action, ruling, or decision by the board. If the appeal relates to an action taken by the writing carrier, the person must first exhaust the writing carrier's internal grievance process before appealing to the commissioner, except in emergency or life-threatening situations. If the internal grievance process is not concluded within 45 days after it is commenced, the person may appeal to the commissioner before the internal process has been exhausted.

A final action or order of the commissioner under this subdivision is subject to judicial review in the manner provided by chapter 14.

In lieu of the appeal to the commissioner, a person may seek judicial review of the board's action.

Sec. 5. Minnesota Statutes 1988, section 62E.10, subdivision 7, is amended to read:

Subd. 7. [GENERAL POWERS.] The association may:

(a) Exercise the powers granted to insurers under the laws of this state;

(b) Sue or be sued;

(c) Enter into contracts with insurers, similar associations in other states or with other persons for the performance of administrative functions including the functions provided for in clauses (e) and (f);

(d) Establish administrative and accounting procedures for the operation of the association;

(e) Provide for the reinsuring of risks incurred as a result of issuing the coverages required by sections 62E.04 and 62E.16 by members of the association. Each member which elects to reinsure its required risks shall determine the categories of coverage it elects to reinsure in the association. The categories of coverage are:

(1) Individual qualified plans, excluding group conversions;

(2) Group conversions;

(3) Group qualified plans with fewer than 50 employees or members; and

(4) Major medical coverage.

A separate election may be made for each category of coverage. If a member elects to reinsure the risks of a category of coverage, it must reinsure the risk of the coverage of every life covered under every policy issued in that category. A member electing to reinsure risks of a category of coverage shall enter into a contract with the association establishing a reinsurance plan for the risks. This contract may include provision for the pooling of members' risks reinsured through the association and it may provide for assessment of each member reinsuring risks for losses and operating and administrative expenses incurred, or estimated to be incurred in the operation of the reinsurance plan. This reinsurance plan shall be approved by the commissioner before it is effective. Members electing to administer the risks which are reinsured in the association shall comply with the benefit determination guidelines and accounting procedures established by the association. The fee charged by the association for the reinsurance of risks shall not be less than 110 percent of the total anticipated expenses incurred by the association for the reinsurance; and

(f) Provide for the administration by the association of policies which are reinsured pursuant to clause (e). Each member electing to reinsure one or more categories of coverage in the association may elect to have the association administer the categories of coverage on the member's behalf. If a member elects to have the association administer the categories of coverage, it must do so for every life

covered under every policy issued in that category. The fee for the administration shall not be less than 110 percent of the total anticipated expenses incurred by the association for the administration;

(g) Notwithstanding the usual and customary charge requirement under section 62E.06, subdivision 1, establish a fee schedule for payments for services covered by the comprehensive health insurance plan according to section 7;

(h) Provide for the assignment of benefits on the terms and subject to the conditions the association determines are appropriate; and

(i) Provide for the development of new methods to allow the enrollee to participate in the choice and regulation of the enrollee's own health care in accordance with the principle that participation by the health care consumer in decisions affecting care is an effective means of ensuring that the health care services actually rendered are necessary, low in cost, and reasonably effective.

Sec. 6. Minnesota Statutes 1988, section 62E.10, subdivision 9, is amended to read:

Subd. 9. [STUDIES, DEMONSTRATION PROJECTS, AND EXPERIMENTAL DELIVERY METHOD SYSTEMS.] The association may petition the commissioner of commerce for a waiver to allow the experimental use of alternative means of health care delivery. The commissioner may approve the use of the alternative means the commissioner considers appropriate. The commissioner may waive any of the requirements of this chapter and chapters 60A, 62A, and 62D in granting the waiver. The commissioner may also grant to the association any additional powers as are necessary to facilitate the specific waiver, including the power to implement a provider payment schedule.

This subdivision is effective until August 1, 1990.

The commissioner of commerce in consultation with the governor's commission on health plan regulatory reform shall study and report to the legislature by January 15, 1989, on the current means utilized to finance the annual operating deficits incurred under the association. In conducting the study, the commissioner shall analyze any negative financial impacts which the current deficits are having on the contributing members of the association and recommend alternative sources of funding or other approaches which could be utilized to finance the operating deficit. The study shall also address the current association funding inequities between employers which self-insure for employee health benefit coverage and those employers which have health coverage subject to state regulation. The association shall conduct studies, demonstration projects, and experimental delivery systems the association considers appropriate

to give effect to the principles in section 62E.10, subdivisions 1, paragraph (b), and 7, paragraph (i). The studies, demonstration projects, and experimental delivery systems may be administered by the writing carrier or by third parties the association in its discretion considers most likely to achieve its purposes. The writing carrier, as a condition of its acceptance of a contract to provide comprehensive health insurance, shall agree to provide data and information for studies and demonstration projects and other experimental delivery systems the association considers appropriate in discharging its obligations under this section. The association may petition the commissioner of commerce for, and the commissioner may grant, a waiver of any of the requirements of this chapter and chapters 60A, 62A, and 62D, to allow the experimental use of alternative health delivery systems.

Sec. 7. Minnesota Statutes 1988, section 62E.10, is amended by adding a subdivision to read:

Subd. 10. [FEE SCHEDULE.] (a) The association shall establish a fee schedule for payments for services and articles covered by the comprehensive health insurance plan, subject to applicable copayments and deductibles. The fee schedule must be designed to reduce the amount paid for services rendered under the plan without substantially reducing the access to services or quality of services. The fee schedule must be established no later than January 1, 1990. In determining the fee schedule, the association must consider, in addition to other relevant factors, a weighted average of the following payments made to providers in the seven-county Minneapolis-St. Paul metropolitan area:

- (1) payments made under the medical assistance program;
- (2) payments made under the Medicare program;
- (3) payments made by the two largest contributing members of the association;
- (4) workers' compensation payments; and
- (5) payments by commercial insurers according to the most recent compilation of data regarding prevailing hospital, surgical, and dental charges conducted by the Health Insurance Association of America.

(b) A proposed fee schedule established under paragraph (a) must be published in the State Register along with notice of a public hearing on the fee schedule and solicitation of public comment on the fee schedule. Following the public hearing and comment period, the final fee schedule must be published in the State Register and is effective 30 days after publication.

(c) The association and the writing carrier must not reduce payments for services below approved plan benefit provisions prior to the establishment of a fee schedule under this section.

(d) Information provided for purposes of establishing a fee schedule under paragraph (a) is nonpublic, trade secret information as defined in section 13.37, subdivision 1, paragraph (b), and shall be provided directly to an agent selected by the association for the purposes of determining the fee schedule required under paragraph (a). The detailed payment information used in developing the fee schedule shall not be disclosed by the agent unless directed by a unanimous vote of the association board of directors. When the fee schedule has been determined by the association, the payment information shall be destroyed or returned to the entity which provided the information, if so requested. The association or its agent may not disclose any information, formulas, or calculations relating to the fee schedule that would result in the direct or indirect release of the information described in paragraph (a), clause (3).

(e) As a condition of receiving a payment from the association or enrollee for services or articles covered by the plan, a provider shall be deemed to have agreed not to charge to or collect from the enrollee any amount in excess of the fee schedule.

Sec. 8. Minnesota Statutes 1988, section 62E.12, is amended to read:

62E.12 [MINIMUM BENEFITS OF COMPREHENSIVE HEALTH INSURANCE PLAN.]

The association through its comprehensive health insurance plan shall offer policies which provide the benefits of a number one qualified plan, a number two qualified plan and a qualified medicare supplement plan. They shall offer health maintenance organization contracts in those areas of the state where a health maintenance organization has agreed to make the coverage available and has been selected as a writing carrier. Notwithstanding the provisions of section 62E.06 the state plan shall exclude coverage of:

(1) services of a private duty nurse other than on an inpatient basis and;

(2) any charges for treatment in a hospital located outside of the state of Minnesota in which the covered person is receiving treatment for a mental or nervous disorder, unless similar treatment for the mental or nervous disorder is medically necessary, unavailable in Minnesota and provided upon referral by a licensed Minnesota medical practitioner; and

(3) services or articles that are determined by the writing carrier

to be not medically necessary, experimental, or investigative, as defined in the policy.

Sec. 9. [RESEARCH AND DATA COLLECTION; REPORT.]

Subdivision 1. [SPECIAL PROJECTS.] To the extent possible under the terms of existing contracts with the writing carrier, the board shall conduct studies, demonstration projects, and experimental delivery systems under section 6.

Subd. 2. [DATA COLLECTION.] The board of directors of the comprehensive health association shall collect and analyze information and data concerning:

(1) the characteristics of the persons enrolled in the comprehensive health insurance plan;

(2) the types and locations of providers who serve enrollees;

(3) the amounts of payments made to providers for covered services; and

(4) other related information.

Subd. 3. [REPORT.] The board shall review the data collected under subdivision 2 and other relevant data and research relating to the delivery of health care, and report to the legislature by November 1, 1990, with recommendations for administrative and legislative changes to improve the efficiency and effectiveness of the comprehensive health insurance plan. The board shall propose specific language for legislation to accompany any recommendation for legislative change. The report must include at least the following:

(1) an analysis of the feasibility of an assumption of risk by the writing carrier;

(2) an analysis of the risk factors in the population served by the plan;

(3) a discussion of the feasibility of developing and implementing outcome measurements;

(4) a description of the types and locations of medical providers who serve enrollees and a comparison of provider payments to payments made by other payers;

(5) a description and analysis of the demographics of the enrollee population;

(6) a description and evaluation of studies, demonstration projects, and experimental delivery systems conducted under section 6;

(7) an analysis of potential cost-containment activities and alternative health care delivery methods; and

(8) other information and recommendations the board considers appropriate.

Sec. 10. [EFFECTIVE DATE.]

(1) any person specifically designated by the individual who may have within the preceding two years received the personal information;

(2) any insurance-support organization whose primary source of personal information is insurers, if the insurance-support organization has systematically received the personal information from the insurer within the preceding seven years, provided that the correction, amendment, or fact of deletion need not be provided to an insurance-support organization if the insurance-support organization no longer maintains personal information about the individual; and

(3) any insurance-support organization that provided the personal information that has been corrected, amended, or deleted.

Subd. 3. [STATEMENT.] If the insurer, insurance agent, or insurance-support organization refuses to correct, amend, or delete disputed personal information, the individual must be permitted to file with the insurer, insurance agent, or insurance-support organization a concise statement setting forth what the person thinks is the correct, relevant, or fair information and stating the reasons why the individual disagrees with the insurer's, insurance agent's, or insurance-support organization's refusal to correct, amend, or delete disputed personal information.

Subd. 4. [DISPUTED INFORMATION.] In the event an individual files a statement described in subdivision 3, the insurer, insurance agent, or insurance-support organization shall:

(1) file the statement with the disputed personal information and provide a means by which anyone reviewing the disputed personal information will be made aware of the individual's statement and have access to it;

(2) in any subsequent disclosure by the insurer, insurance agent, or insurance-support organization of the disputed personal information, clearly identify the matter or matters in dispute and provide the individual's statement along with the personal information being disclosed; and

(3) furnish the statement to the persons and in the manner specified in subdivision 2.

Subd. 5. [APPEAL.] (a) If an insurer, insurance-support organization, or insurance agent refuses to correct, amend, or delete disputed personal information, the individual may file an appeal with the commissioner.

(b) The commissioner may, after providing the insurer, insurance-support organization, or insurance agent an opportunity for a hearing, order the insurer, insurance-support organization, or insurance agent to amend, correct, or delete disputed personal information if the commissioner finds that the personal information kept

by the insurer, insurance-support organization, or insurance agent is in error. If the commissioner finds that the disputed personal information maintained by the insurer, insurance agent, or insurance-support organization is correct, the insurer, insurance agent, or insurance-support organization may delete from the individual's records any statement filed with them by that individual relating to the disputed information under subdivision 3.

Sec. 11. [72A.499] [REASONS FOR ADVERSE UNDERWRITING DECISIONS.]

Subdivision 1. [NOTICE AND INFORMATION.] In the event of an adverse underwriting decision, the insurer or insurance agent responsible for the decision shall provide in writing to the applicant, policyholder, or individual proposed for coverage:

(1) the specific reason or reasons for the adverse underwriting decision, a summary of the person's rights under sections 9 and 10, and that upon request the person may receive the specific items of personal information that support those reasons and the specific sources of the information; or

(2) the specific reason or reasons for the adverse underwriting decision, the specific items of personal and privileged information that support those reasons, the names and addresses of the sources that supplied the specific items of information specified, and a summary of the rights established under sections 9 and 10.

Subd. 2. [HEALTH REASONS.] If the specific reason for an adverse underwriting decision is based on health record information, the insurer may, in lieu of providing the specific reason to the individual under subdivision 1, provide the individual with the specific source of the adverse underwriting decision referring to the specific date, page, and line of the information received from a health professional or health care institution. If the insured has been informed of the condition indicated by their health provider and is unable to determine the reason for the adverse underwriting decision, then the insurer must provide the specific reason to the individual. The insurer must provide the specific reason for the adverse underwriting decision to a health professional designated by the individual, if requested either orally or in writing by the individual.

Subd. 3. [EXEMPTION.] (a) This section is not applicable to group policies or contracts, except for group policies that are individually underwritten. For group policies or contracts that are individually underwritten, the notice required under this section must be given to the individual or individuals in the group whose personal information resulted in the adverse underwriting decision.

(b) If a policy or contract is terminated on a class or statewide

basis, or an insurance coverage is declined solely because the coverage is unavailable on a class or statewide basis, the insurer or agent is not required to provide the notice required under this section provided that the applicant or policyholder is provided with the specific reason for the termination or declination of coverage.

Subd. 4. [PRIVILEGED INFORMATION.] (a) An insurer or insurance agent is not required to provide particular, specific items of privileged information under subdivision 1 if it has a reasonable suspicion, based upon that specific information, that the applicant, policyholder, or person proposed for coverage has engaged in criminal activity, fraud, material misrepresentation, or material nondisclosure. If an insurer or insurance agent does not provide the specific items of information because the information is privileged under this subdivision, the insurer or insurance agent must notify the applicant, policyholder, or individual proposed for coverage that the specific items of information are privileged and of the person's right to appeal to the commissioner under this subdivision.

(b) If a person is not provided with the specific items of information relating to an adverse underwriting decision because the information is privileged under this subdivision, the person may request that the commissioner review the information. The commissioner may then order the insurer or insurance agent to supply the privileged information to the commissioner. If the commissioner determines that the information is not privileged under this subdivision, the commissioner shall order the insurer or insurance agent to provide the information to the applicant, policyholder, or person proposed for coverage.

Subd. 5. [HEALTH RECORDS INFORMATION.] Specific items of health record information supplied by a health care institution or health professional, and the identity of the health professional or health care institution that supplied the information, must be disclosed in the manner required under section 9, subdivision 3.

Subd. 6. [OTHER COMPANIES OR AGENTS ACTING ON THEIR BEHALF.] The obligations imposed by this section upon an insurer or insurance agent may be satisfied by another insurer or insurance agent authorized to act on its behalf.

Sec. 12. [72A.50] [PREVIOUS ADVERSE UNDERWRITING DECISIONS.]

Subdivision 1. [ADDITIONAL INFORMATION REQUIRED.] An insurer, insurance agent, or insurance-support organization must not seek information in connection with an insurance transaction concerning any previous adverse underwriting decision experienced by a person, or any previous insurance coverage obtained by a person through a residual market mechanism, unless the inquiry also requests the reasons for the previous adverse underwriting

decision or the reasons why insurance coverage was previously obtained through a residual market mechanism.

Subd. 2. [PROHIBITIONS.] An insurer or insurance agent may not base an adverse underwriting decision, in whole or in part, on:

(1) the fact of a previous adverse underwriting decision or the fact that a person previously obtained insurance coverage through a residual market mechanism, provided that an insurer or insurance agent may base an adverse underwriting decision on further information obtained from an insurer or insurance agent responsible for a previous adverse underwriting decision; or

(2) personal information received from an insurance-support organization whose primary source of information is insurers, provided that an insurer or insurance agent may base an adverse underwriting decision on further personal information obtained as the result of information received from the insurance-support organization.

Sec. 13. [72A.501] [DISCLOSURE AUTHORIZATION.]

Subdivision 1. [REQUIREMENT; CONTENT.] An authorization used by an insurer, insurance-support organization, or insurance agent to disclose or collect personal information must be in writing and must meet the following requirements:

(6) specifies the purposes for which the information is collected; and

(7) specifies the length of time the authorization remains valid.

Subd. 2. [APPLICATION.] (a) If the authorization is signed to collect information in connection with an application for a property and casualty insurance policy, a policy reinstatement, or a request for a change in benefits, the authorization must not remain valid for

longer than one year from the date the authorization is signed or the date the insurer grants or denies coverage, reinstatement, or change in benefits, whichever is sooner.

(b) If the authorization is signed to collect information in connection with an application for a life, disability, and health insurance policy or contract, reinstatement, or request for change in benefits, the authorization may not remain valid for longer than 26 months from the date the authorization is signed.

Subd. 3. [CLAIMS.] If the authorization is signed to collect information in connection with a claim for benefits under an insurance policy, the authorization must not remain valid for longer than:

(1) the term of coverage of the policy, if the claim is for a health insurance benefit; or

(2) the duration of the claim, if the claim is for a claim other than for a health insurance benefit.

Subd. 4. [AUTHORIZATION; NONINSURERS.] If an authorization is submitted to an insurer, insurance-support organization, or insurance agent by a person other than an insurer, insurance-support organization, or insurance agent, the authorization must be dated, signed by the person, and obtained one year or less before the date a disclosure is sought.

Sec. 14. [72A.502] [DISCLOSURE OF INFORMATION; LIMITATIONS AND CONDITIONS.]

Subdivision 1. [REQUIREMENT.] An insurer, insurance agent, or insurance-support organization must not disclose any personal or privileged information about a person collected or received in connection with an insurance transaction without the written authorization of that person except as authorized by this section. An insurer, insurance agent, or insurance-support organization must not collect personal information about a policyholder or an applicant not relating to a claim from sources other than public records without a written authorization from the person.

Subd. 2. [PREVENTION OF FRAUD.] Personal or privileged information may be disclosed without a written authorization to another person if the information is limited to that which is reasonably necessary to detect or prevent criminal activity, fraud, material misrepresentation, or material nondisclosure in connection with an insurance transaction, and that person agrees not to disclose the information further without the individual written authorization unless the further disclosure is otherwise permitted

by this section if made by an insurer, insurance agent, or insurance-support organization.

Subd. 3. [HEALTH CARE INSTITUTIONS AND PROFESSIONALS.] Personal or privileged information may be disclosed without a written authorization to a health care institution or health professional for the purpose of verifying insurance coverage benefits, informing a person of a health problem of which the person must not be aware, or conducting an operations or services audit, if the information is only disclosed that is reasonably necessary to accomplish the purposes under this subdivision.

Subd. 4. [REGULATORY AUTHORITY.] Personal or privileged information may be disclosed without a written authorization to an insurance regulatory authority.

Subd. 5. [OTHER GOVERNMENTAL AUTHORITIES.] Personal or privileged information may be disclosed without a written authorization to a law enforcement or other governmental authority if:

(1) the disclosure is to protect the interests of the insurer, agent, or insurance-support organization in preventing or prosecuting the perpetration of fraud upon it; or

(2) the insurer, agent, or insurance-support organization reasonably believes that illegal activities have been conducted by the individual.

Subd. 6. [OTHER LAWS OR ORDER.] Personal or privileged information may be disclosed without a written authorization if permitted or required by another law or in response to a facially valid administrative or judicial order, including a search warrant or subpoena.

(2) materials allowing an individual to be identified are returned or destroyed as soon as they are no longer needed; and

(3) the actuarial or research organization agrees not to disclose the information unless the disclosure would otherwise be permitted by this section if made by an insurance company, agent, or insurance-support organization.

Subd. 8. [AFFILIATE COMPANIES.] Personal or privileged information may be disclosed without a written authorization to an affiliate whose only use of the information will be in connection with an audit of the insurer or agent or the marketing of an insurance product or service, provided the affiliate agrees to not disclose the information for any other purpose or to unaffiliated persons.

Subd. 9. [GROUP POLICYHOLDER.] Personal or privileged information may be disclosed with written authorization to a group policyholder only to report claims experience or conduct an audit of the insurer's or agent's operations or services, if the information disclosed is reasonably necessary for the group policyholder to conduct the review or audit.

Subd. 10. [GOVERNMENTAL LICENSING BOARD.] Personal or privileged information may be disclosed without a written authorization to a governmental professional licensing or regulatory board to review the service or conduct of a health care institution or health professional that the insurer has reason to believe has violated its licensing act or engaged in the unlawful practice of a licensed professional.

Subd. 11. [PROFESSIONAL PEER REVIEW.] Subject to the terms of a contract between an insurer and a health professional or health care institution, personal or privileged information may be disclosed without a written authorization to a professional peer review organization to review the service or conduct of a health care institution or health professional.

Subd. 12. [NOTICE.] Whenever an insurer, insurance agent, or insurance-support organization discloses personal or privileged information about a person that requires the written authorization of that person under this section, the insurer, insurance agent, or insurance-support organization shall notify that person in writing within ten days of the date the information was disclosed. The notification must specify the identity of the person to whom information was disclosed and the nature and substance of the information that was disclosed. (3) If the board believes the valuation for a class or classes of the real property of any town or district in any county, or the valuation for a class or classes of the real property of any county not in towns or cities, should be raised or reduced, without raising or reducing the other real property of such county, or without raising or reducing it in the same ratio, the board may add to, or take from, the valuation of a class or classes in any one or more of such towns or cities, or of the property not in towns or cities, such percent as the board believes will raise or reduce the same to its market value in money;

(7) When it would be of assistance in equalizing values the board may require any county auditor to furnish statements showing assessments of real and personal property of any individuals, firms, or corporations within the county. The board shall consider and equalize such assessments and may increase the assessment of individuals, firms, or corporations above the amount returned by the county board of equalization when it shall appear to be undervalued, first giving notice to such persons of the intention of the board so to do, which notice shall fix a time and place of hearing. The board shall not decrease any such assessment below the valuation placed by the county board of equalization; and

Sec. 18. Minnesota Statutes 1988, section 273.061, subdivision 2, is amended to read:

Subd. 2. [TERM; VACANCY.] (a) The terms of county assessors appointed under this section shall be four years. A new term shall begin on January 1 of every fourth year after 1973. When any vacancy in the office occurs, the board of county commissioners, within 30 days thereafter, shall fill the same by appointment for the remainder of the term, following the procedure prescribed in subdivision 1. The term of the county assessor may be terminated by the board of county commissioners at any time, on charges of inefficiency or neglect of duty by the commissioner of revenue. If the board of county commissioners does not intend to reappoint a county assessor who has been certified by the state board of assessors, the board shall present written notice to the county assessor not later than 90 days prior to the termination of the assessor's term, that it does not intend to reappoint the assessor. If written notice is not timely made, the county assessor will automatically be reappointed by the board of county commissioners.

The commissioner of revenue may recommend to the state board of assessors the nonrenewal, suspension, or revocation of an assessor's license as provided in sections 270.41 to 270.53.

Sec. 19. Minnesota Statutes 1988, section 273.111, subdivision 3, is amended to read:

Subd. 3. (a) Real estate consisting of ten acres or more or a nursery or greenhouse qualifying for classification as class 1b, 2a, or 2b under section 273.13, subdivision 23, paragraph (d), shall be entitled to valuation and tax deferral under this section only if it is actively and exclusively devoted to agricultural use as defined in subdivision 6 and either:

(1) is the homestead of the owner, or of a surviving spouse, child, or sibling of the owner or is real estate which is farmed with the real estate which contains the homestead property; or

(2) has been in possession of the applicant, the applicant's spouse, parent, or sibling, or any combination thereof, for a period of at least seven years prior to application for benefits under the provisions of Laws 1969, chapter 1039, this section, or is real estate which is farmed with the real estate which qualifies under this clause and is within two townships or cities or combination thereof from the qualifying real estate; or

(3) is the homestead of a shareholder in a family farm corporation as defined in section 500.24, notwithstanding the fact that legal title

to the real estate may be held in the name of the family farm corporation; or

(4) is in the possession of a nursery or greenhouse or an entity owned by a proprietor, partnership, or corporation which also owns the nursery or greenhouse operations on the parcel or parcels.

(b) Valuation of real estate under this section is limited to parcels the ownership of which is in noncorporate entities except for:

(1) family farm corporations organized pursuant to section 500.24; and

(2) corporations that derive 80 percent or more of their gross receipts from the wholesale or retail sale of horticultural or nursery stock.

Corporate entities who previously qualified for tax deferment pursuant to this section and who continue to otherwise qualify under subdivisions 3 and 6 for a period of at least three years following the effective date of this section will not be required to make payment of the previously deferred taxes, notwithstanding the provisions of subdivision 9. Sale of the land prior to the expiration of the three-year period shall result in payment of deferred taxes as follows: sale within the first year requires payment of payable 1980, 1981, and 1982 deferred taxes; sale during the second year requires payment of payable 1981 and 1982 taxes deferred; and sale at any time during the third year will require payment of payable 1983 taxes deferred. Deferred taxes shall be paid even if the land qualifies pursuant to subdivision 11a. Special assessments are payable at the end of the three-year period or at time of sale, whichever comes first.

Sec. 20. Minnesota Statutes 1988, section 273.112, subdivision 3, is amended to read:

Subd. 3. Real estate shall be entitled to valuation and tax deferment under this section only if it is:

(a) actively and exclusively devoted to golf, skiing or archery or firearms range recreational use or uses and other recreational uses carried on at the establishment;

(b) five acres in size or more, except in the case of an archery or firearms range;

(c)(1) operated by private individuals and open to the public; or

(2) operated by firms or corporations for the benefit of employees or guests; or

(3) operated by private clubs having a membership of 50 or more, provided that the club does not discriminate in membership requirements or selection on the basis of sex; and

(d) made available, in the case of real estate devoted to golf, for use without discrimination on the basis of sex during the time when the facility is open to use by the public or by members, except that use for golf may be restricted on the basis of sex no more frequently than one, or part of one, weekend each calendar month for each sex and no more than two, or part of two, weekdays each week for each sex.

If a golf club membership allows use of golf course facilities by more than one adult per membership, the use must be equally available to all adults entitled to use of the golf course under the membership, except that use may be restricted on the basis of sex as permitted in this section. Memberships that permit play during restricted times may be allowed only if the restricted times apply to all adults using the membership. A golf club may not offer a membership or golfing privileges to a spouse of a member that provides greater or less access to the golf course than is provided to that person's spouse under the same or a separate membership in that club, except that the terms of a membership may provide that one spouse may have no right to use the golf course at any time while the other spouse may have either limited or unlimited access to the golf course.

A golf club may have or create an individual membership category which entitles a member for a reduced rate to play during restricted hours as established by the club. The club must have on record a written request by the member for such membership.

For purposes of this subdivision and subdivision 7a, discrimination means a pattern or course of conduct and not linked to an isolated incident.

Sec. 21. Minnesota Statutes 1988, section 273.112, is amended by adding a subdivision to read:

Subd. 6a. The commissioner of revenue shall develop and issue guidelines for qualification by private golf clubs under this section covering the access to and use of the golf course by members and other adults so as to be consistent with the purposes and terms of this section. The guidelines shall be mailed to the county attorney and assessor of each county not later than 60 days following the date of enactment of this act. Within 15 days of receipt of the guidelines from the commissioner, the assessor shall mail a copy of the guidelines to each golf club in the county. The guidelines issued under this subdivision are not subject to the administrative procedure act under chapter 14.

Sec. 22. Minnesota Statutes 1988, section 273.124, subdivision 1, is amended to read:

Subdivision 1. [GENERAL RULE.] Residential real estate that is occupied and used for the purposes of a homestead by its owner, who must be a Minnesota resident, is a residential homestead.

Agricultural land, as defined in section 273.13, subdivision 23, that is occupied and used as a homestead by its owner, who must be a Minnesota resident, is an agricultural homestead.

Dates for establishment of a homestead and homestead treatment provided to particular types of property are as provided in this section.

The assessor shall require proof, by affidavit or otherwise, of the facts upon which classification as a homestead may be determined.

For purposes of this section, homestead property shall include property which is used for purposes of the homestead but is separated from the homestead by a road, street, lot, waterway, or other similar intervening property. The term "used for purposes of the homestead" shall include but not be limited to uses for gardens, garages, or other outbuildings commonly associated with a homestead, but shall not include vacant land held primarily for future development. In order to receive homestead treatment for the noncontiguous property, the owner shall apply for it to the assessor by July 1 of the year when the treatment is initially sought. After initial qualification for the homestead treatment, additional applications for subsequent years are not required.

In the case of property owned by a married couple in joint tenancy or tenancy in common, the assessor must not deny homestead treatment in whole or in part if only one of the spouses is occupying the property and the other spouse is absent due to divorce or separation, or is a resident of a nursing home or a boarding care facility.

If an individual is purchasing property with the intent of claiming it as a homestead, and is required by the terms of the financing agreement to have one or both parents shown on the deed as coowners, the assessor shall allow a full homestead classification and extend full homestead credit. This provision only applies to first time purchasers, whether married or single, or to a person who had previously been married and is purchasing as a single individual for the first time. The application for homestead benefits must be on a form prescribed by the commissioner and must contain the data necessary for the assessor to determine if full homestead benefits are warranted.

Sec. 23. Minnesota Statutes 1988, section 273.124, subdivision 8, is amended to read:

Subd. 8. [HOMESTEAD OWNED BY FAMILY FARM CORPORATION OR PARTNERSHIP.] (a) Each family farm corporation and each partnership operating a family farm is entitled to class 1b under section 273.13, subdivision 22, paragraph (b), or class 2a assessment for one homestead occupied by a shareholder or partner thereof who is residing on the land and actively engaged in farming of the land owned by the corporation or partnership. Homestead treatment applies even if legal title to the property is in the name of the corporation or partnership and not in the name of the person residing on it. "Family farm corporation" and "family farm" have the meanings given in section 500.24, except that the number of allowable shareholders or partners under this subdivision shall not exceed 12.

(b) In addition to property specified in paragraph (a), any other residences owned by corporations or partnerships described in paragraph (a) which are located on agricultural land and occupied as homesteads by shareholders or partners who are actively engaged in farming on behalf of the corporation or partnership must also be assessed as class 2a property or as class 1b property under section 273.13, subdivision 22, paragraph (b), but the property eligible is limited to the residence itself and as much of the land surrounding the homestead, not exceeding one acre, as is reasonably necessary for the use of the dwelling as a home, and does not include any other structures that may be located on it.

Sec. 24. Minnesota Statutes 1988, section 273.124, subdivision 9, is amended to read:

Subd. 9. [HOMESTEAD ESTABLISHED AFTER ASSESSMENT DATE.] Any property that was not used for the purpose of a homestead on the assessment date, but which was used for the purpose of a homestead ~~on~~ by June 1 of a year, constitutes class 1 or class 2a to the extent of ~~one-half~~ of the valuation that would have been includable in class 1 or class 2a.

Any taxpayer meeting the requirements of this subdivision must notify the county assessor, or the assessor who has the powers of the county assessor pursuant to section 273.063, in writing, prior to June 15 of the year of occupancy in order to qualify under this subdivision.

The county assessor and the county auditor may make the necessary changes on their assessment and tax records to provide for proper homestead classification as provided in this subdivision.

The owner of any property qualifying under this subdivision, which has not been accorded the benefits of this subdivision,

regardless of whether or not the notification has been timely filed, may be entitled to receive homestead classification by proper application as provided in section 270.07 or 375.192.

The county assessor shall publish in a newspaper of general circulation within the county no later than June 1 of each year a notice informing the public of the requirement to file an application for homestead prior to June 15.

Sec. 25. Minnesota Statutes 1988, section 273.124, subdivision 12, is amended to read:

Subd. 12. [HOMESTEAD OF MEMBER OF UNITED STATES ARMED FORCES; PEACE CORPS; VISTA.] Real estate actually occupied and used for the purpose of a homestead by a member of the armed forces of the United States person, or by a member of that person's immediate family shall, notwithstanding the absence of the person, while on active duty with the armed forces of the United States or the family under such conditions, be classified as a homestead provided that absence of the owner is solely by reason of service in the armed forces, and that even though the person or family is absent if (1) the person or the person's family is absent solely because the person is on active duty with the armed forces of the United States, or is serving as a volunteer under the VISTA or Peace Corps program; (2) the owner intends to return as soon as discharged or relieved from service; and (3) the owner claims it as a homestead. Sec. 26. Minnesota Statutes 1988, section 273.124, subdivision 13, is amended to read:

Subd. 13. [SOCIAL SECURITY NUMBER REQUIRED FOR HOMESTEAD APPLICATION.] Every property owner applying for homestead classification must furnish to the county assessor that owner's social security or taxpayer identification number. If the social security or taxpayer identification number is not provided, the county assessor shall classify the property as nonhomestead. The social security numbers of the property owners are private data on individuals as defined by section 13.02, subdivision 12, but, notwithstanding that section, the private data may be disclosed to the commissioner of revenue.

At the request of the commissioner, each county must give the commissioner a list that includes the name and social security or taxpayer identification number of each property owner applying for homestead classification.

If, in comparing the lists supplied by the counties, the commissioner finds that a property owner is claiming more than one homestead, the commissioner shall notify the appropriate counties. Within 90 days of the notification, the county assessor shall investigate to determine if the homestead classification was properly claimed. If the property owner does not qualify, the county assessor shall notify the county auditor who will determine the amount of homestead benefits that had been improperly allowed. For the purpose of this section, "homestead benefits" means the tax reduction resulting from the classification as a homestead under section 273.13, the homestead credit under section 273.13 for taxes payable in 1989 and under section 273.1398 for taxes payable in 1990 and thereafter, the taconite homestead credit, and the supplemental homestead credit, and the tax reduction resulting from the agricultural credit under section 273.132 for taxes payable in 1989 and under section 273.1398 for taxes payable in 1990 and thereafter. The county auditor shall send a notice to the owners of the affected property, demanding reimbursement of the homestead benefits plus a penalty equal to 25 percent of the homestead benefits. The property owners may appeal the county's determination by filing a notice of appeal with the Minnesota tax court within 60 days of the date of the notice from the county.

If the amount of homestead benefits and penalty is not paid within 60 days, and if no appeal has been filed, the county auditor shall certify the amount to the succeeding year's tax list to be collected as part of the property taxes.

Any amount of homestead benefits recovered from the property owner must be transmitted to the commissioner by the end of each calendar quarter. Any amount recovered attributable to taconite homestead credit shall be transmitted to the St. Louis county auditor to be deposited in the taconite property tax relief account. The amount of penalty collected must be deposited in the county general fund.

The commissioner will provide suggested homestead applications to each county. If a property owner has applied for more than one homestead and the county assessors cannot determine which property should be classified as homestead, the county assessors will refer the information to the commissioner. The commissioner shall make the determination and notify the counties within 60 days.

In addition to lists of homestead properties, the commissioner may ask the counties to furnish lists of all properties and the record owners.

Sec. 27. Minnesota Statutes 1988, section 273.124, is amended by adding a subdivision to read:

Subd. 14. [AGRICULTURAL HOMESTEADS; SPECIAL PROVI-

SIONS.] (a) Real estate of less than ten acres that is the homestead of its owner must be classified as class 2a under section 273.13, subdivision 23, paragraph (a), if:

(1) the parcel on which the house is located is contiguous to agricultural land on at least two sides;

(2) its owner also owns a noncontiguous parcel of agricultural land that is at least 20 acres;

(3) the noncontiguous land is located not farther than two townships or cities, or a combination of townships or cities from the homestead; and

(4) the agricultural use value of the noncontiguous land and farm buildings is equal to at least 50 percent of the market value of the house, garage and one acre of land.

Homesteads initially classified as class 2a under the provisions of this subdivision shall remain classified as class 2a, irrespective of subsequent changes in the use of adjoining properties, as long as the homestead remains under the same ownership, the owner owns a noncontiguous parcel of agricultural land that is at least 20 acres, and the agricultural use value qualifies under clause (4).

(b) Noncontiguous land shall be included as part of a homestead under section 273.13, subdivision 23, paragraph (a), only if the homestead is classified as class 2a and the detached land is located in the same township or city, or not farther than two townships or cities or combination thereof from the homestead.

(c) Agricultural land used for purposes of a homestead and actively farmed by a person holding a vested remainder interest in it must be classified as a homestead under section 273.13, subdivision 23, paragraph (a). If agricultural land is classified class 2a, any other dwellings on the land used for purposes of a homestead by persons holding vested remainder interests who are actively engaged in farming the property, and up to one acre of the land surrounding each homestead and reasonably necessary for the use of the dwelling as a home, must also be assessed class 2a.

Sec. 28. Minnesota Statutes 1988, section 273.13, subdivision 22, is amended to read:

Subd. 22. [CLASS 1.] (a) Except as provided in subdivision 23, real estate which is residential and used for homestead purposes is class 1. The market value of class 1a property must be determined based upon the value of the house, garage, and land.

The first \$68,000 of market value of class 1a property has a net tax

capacity of one percent of its market value and a gross tax capacity of 2.17 percent of its market value. The market value of class 1a property that exceeds \$68,000 but does not exceed \$100,000 has a tax capacity of 2.5 percent of its market value. The market value of class 1a property that exceeds \$100,000 has a tax capacity of 3.3 percent of its market value.

(b) Class 1b property includes real estate or manufactured homes used for the purposes of a homestead by

(1) any blind person, if the blind person is the owner thereof or if the blind person and the blind person's spouse are the sole owners thereof; or

(2) any person, hereinafter referred to as "veteran," who:

(i) served in the active military or naval service of the United States; and

(ii) is entitled to compensation under the laws and regulations of the United States for permanent and total service-connected disability due to the loss, or loss of use, by reason of amputation, ankylosis, progressive muscular dystrophies, or paralysis, of both lower extremities, such as to preclude motion without the aid of braces, crutches, canes, or a wheelchair; and

(iii) whose household income as defined in section 290A.03, subdivision 5, is 150 percent or less of the federal poverty level.

Property is classified and assessed pursuant to clause (1) only if the commissioner of jobs and training certifies to the assessor that the owner of the property satisfies the requirements of this subdivision. ~~The commissioner of jobs and training shall provide a copy of the certification to the commissioner of revenue.~~

Permanently and totally disabled for the purpose of this subdivision means a condition which is permanent in nature and totally incapacitates the person from working at an occupation which brings the person an income. The first \$32,000 market value of class 1b property has a net tax capacity of .4 percent of its market value and a gross tax capacity of .87 percent of its market value. The remaining market value of class 1b property has a gross or net tax capacity using the rates for class 1 or class 2a property, whichever is appropriate, of similar market value.

(c) Class 1c property is commercial use real property that abuts a lakeshore line and is devoted to temporary and seasonal residential occupancy for recreational purposes but not devoted to commercial purposes for more than 200 days in the year preceding the year of assessment, and that includes a portion used as a homestead by the owner. Class 1c property has a tax capacity of .9 percent of market value with the following limitation: the area of the property must not exceed 100 feet of lakeshore footage for each cabin or campsite located on the property up to a total of 800 feet and 500 feet in depth, measured away from the lakeshore.

(d) For taxes levied in 1988, payable in 1989 only, the tax to be paid on class 1a or class 1b property shall be reduced by 54 percent of the tax imposed on the first \$68,000 of market value. The amount of the reduction shall not exceed \$725.

Sec. 29. Minnesota Statutes 1988, section 273.13, subdivision 23, is amended to read:

Subd. 23. [CLASS 2.] (a) Class 2a property is agricultural land including any improvements that is homesteaded. The market value of the house and garage and immediately surrounding one acre of land that does not exceed \$65,000 has a net tax capacity of .805 percent of market value and a gross tax capacity of 1.75 percent of market value. The excess market value over \$65,000 has a tax

capacity of 2.2 percent. If the market value of the house, garage, and surrounding one acre of land is less than \$65,000, the value of the remaining land including improvements equal to the difference between \$65,000 and the market value of the house, garage, and surrounding one acre of land has a net tax capacity of 1.12 percent of market value and a gross tax capacity of 1.75 percent of market value for the first 320 acres of land and the remaining value over 320 acres has a net tax capacity of 1.295 percent of market value and a gross tax capacity of 1.75 percent of market value. The remaining value of class 2a property over the \$65,000 market value that does not exceed 320 acres has a net tax capacity of 1.44 percent of market value and a gross tax capacity of 2.25 percent of market value. The remaining property over the \$65,000 market value in excess of 320 acres has a net tax capacity of 1.665 percent of market value and a gross tax capacity of 2.25 percent of market value.

Nonecontiguous land shall constitute class 2a only if the homestead is classified as class 2a and the detached land is located in the same township or city or not farther than two townships or cities or combination thereof from the homestead.

Agricultural land used for purposes of a homestead and actively farmed by a person holding a vested remainder interest in it must be classified class 2a. If agricultural land is classified class 2a, any other dwellings on the land used for purposes of a homestead by persons holding vested remainder interests who are actively engaged in farming the property, and up to one acre of the land surrounding each homestead and reasonably necessary for the use of the dwelling as a home, must also be assessed class 2a and is entitled to the homestead credit.

For taxes levied in 1988, payable in 1989 only, the tax to be paid on class 2a property and class 1b property under section 273-13, subdivision 22, paragraph (b), used for agricultural purposes shall be reduced by 54 percent of the tax. The amount of the reduction shall not exceed \$725.

(b) Class 2b property is (1) real estate, rural in character and used exclusively for growing trees for timber, lumber, and wood and wood products; and (2) real estate that is nonhomestead agricultural land. Class 2b property has a net tax capacity of 1.665 percent of market value and a gross tax capacity of 2.25 percent of market value.

(c) Agricultural land as used in this section means contiguous acreage of ten acres or more, primarily used during the preceding year for agricultural purposes. Agricultural use may include pasture, timber, waste, unusable wild land, and land included in federal farm programs.

(d) Real estate of less than ten acres used principally for raising poultry, livestock, fruit, vegetables or other agricultural products,

including the breeding of fish for sale and consumption provided that it is located if the fish breeding occurs on land zoned for agricultural use, shall be considered as agricultural land, if it is not used primarily for residential purposes. The term "agricultural products" as used in the preceding sentence means any of the products identified in section 273.111, subdivision 6, clause (2). "Agricultural purposes" as used in this section means the raising or cultivation of agricultural products.

(e) If a parcel used for agricultural purposes is also used for commercial or industrial purposes, including but not limited to:

- (1) wholesale and retail sales;
- (2) processing of raw agricultural products or other goods;
- (3) warehousing or storage of processed goods; and
- (4) office facilities for the support of the activities enumerated in clauses (1), (2), and (3),

the assessor shall classify the part of the parcel used for agricultural purposes as class 1b, 2a, or 2b, whichever is appropriate, and the remainder in the class appropriate to its use. The grading, sorting, and packaging of raw agricultural products for first sale is considered an agricultural purpose. A greenhouse or other building where horticultural or nursery products are grown that is also used for the conduct of retail sales must be classified as agricultural if it is primarily used for the growing of horticultural or nursery products from seed, cuttings, or roots and occasionally as a showroom for the retail sale of those products. Use of a greenhouse or building only for the display of already grown horticultural or nursery products does not qualify as an agricultural purpose.

The assessor shall determine and list separately on the records the market value of the homestead dwelling and the one acre of land on which that dwelling is located. If any farm buildings or structures are located on this homesteaded acre of land, their market value shall not be included in this separate determination.

Sec. 30. Minnesota Statutes 1988, section 273.135, subdivision 2, is amended to read:

Subd. 2. For taxes payable in 1989 only, the amount of the reduction authorized by subdivision 1 shall be:

(a) In the case of property located within the boundaries of a municipality which meets the qualifications prescribed in section 273.134, 66 percent of the net tax up to the taconite breakpoint plus

a percentage equal to the homestead credit equivalency percentage of the net tax in excess of the taconite breakpoint, provided that the reduction shall not exceed the maximum amounts specified in clause (c), and shall not exceed an amount sufficient to reduce the effective tax rate on each parcel of property to 95 percent of the base year effective tax rate. In no case will the reduction for each homestead resulting from this credit be less than \$10.

In no case will the reduction for each homestead resulting from this credit be less than \$10.

(c)(1) The maximum reduction of the net tax up to the taconite breakpoint is \$225.40 on property described in clause (a) and \$200.10 on property described in clause (b), for taxes payable in 1985. These maximum amounts shall increase by \$15 times the quantity one minus the homestead credit equivalency percentage per year for taxes payable in 1986 and subsequent years.

(2) The total maximum reduction of the net tax on property described in clause (a) is \$490 for taxes payable in 1985. The total maximum reduction for the net tax on property described in clause (b) is \$435 for taxes payable in 1985. These maximum amounts shall increase by \$15 per year for taxes payable in 1986 and thereafter.

A new parcel of property or a parcel with a current year classification that is different from its base year classification has the same base year effective tax rate as an equivalent homesteaded parcel.

Sec. 31. Minnesota Statutes 1988, section 273.1391, subdivision 2, is amended to read:

Subd. 2. For taxes payable in 1989 only, the amount of the reduction authorized by subdivision 1 shall be:

In no case will the reduction for each homestead resulting from this credit be less than \$10. The reduction provided by this clause shall only be applicable to property located within the boundaries of the county described therein.

(b) In the case of property located within a school district which does not meet the qualifications of section 273.134 as a tax relief area, but which is located in a school district in a county containing a city of the first class and a qualifying municipality, but not in a school district containing a city of the first class or adjacent to a school district containing a city of the first class unless the school district so adjacent contains a qualifying municipality, 57 percent of the net tax up to the taconite breakpoint plus a percentage equal to the homestead credit equivalency percentage of the net tax in excess of the taconite breakpoint, but not to exceed the maximums specified in clause (c), and shall not exceed an amount sufficient to reduce the effective tax rate on each parcel of property to 95 percent of the base year effective tax rate. In no case will the reduction for each homestead resulting from this credit be less than \$10.

(c)(1) The maximum reduction of the net tax up to the taconite breakpoint is \$200.10 for taxes payable in 1985. This maximum amount shall increase by \$15 multiplied by the quantity one minus the homestead credit equivalency percentage per year for taxes payable in 1986 and subsequent years.

Sec. 33. Minnesota Statutes 1988, section 273.1398, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] (a) In this section, the terms defined in this subdivision have the meanings given them.

(b) "Unique taxing jurisdiction" means the geographic area subject to the same set of tax capacity rates.

(c) "Gross tax capacity" means the product of the appropriate percentages of market value listed as gross tax capacities in section 273.13 and equalized market values. "Total gross tax capacity" means the gross tax capacities for all property within the unique taxing jurisdiction. The total gross tax capacity used shall be reduced by the sum of (1) the unique taxing jurisdiction's gross tax capacity of commercial industrial property as defined in section 473F.02, subdivision 3, multiplied by the ratio determined pursuant to section 473F.08, subdivision 6, for the municipality, as defined in section 473F.02, subdivision 8, in which the unique taxing jurisdiction is located and (2) the gross tax capacity of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2. For purposes of determining the gross tax capacity of property referred to in clauses (1) and (2) for disparity reduction aid payable in 1989, the gross tax capacity before equalization shall equal the property's 1987 assessed value multiplied by 12 percent. Gross tax capacity cannot be less than zero.

(d) "Net tax capacity" means the product of the appropriate percentages of market value listed as net tax capacities in section 273.13 and equalized market values. "Total net tax capacity" means the net tax capacities for all property within the unique taxing jurisdiction. The total net tax capacity used shall be reduced by the sum of (1) the unique taxing jurisdiction's net tax capacity of commercial industrial property as defined in section 473F.02, subdivision 3, multiplied by the ratio determined pursuant to section 473F.08, subdivision 6, for the municipality, as defined in section 473F.02, subdivision 8, in which the unique taxing jurisdiction is located and (2) the net tax capacity of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2. For purposes of determining the net tax capacity of property referred to in clauses (1) and (2), the net tax capacity before equalization shall equal the property's 1987 assessed value multiplied by 12 percent. Net tax capacity cannot be less than zero.

(e) "Equalized market values" are market values that have been equalized by dividing the assessor's estimated market value for the second year prior to that in which the aid is payable by the assessment sales ratios determined by class in the assessment sales ratio study conducted by the department of revenue pursuant to section 124.2131 in the second year prior to that in which the aid is payable. For computation of aids payable in 1989 only, if the aggregate assessment sales ratio is less than or equal to 92 percent, the assessment sales ratios by class shall be adjusted proportionally so that the aggregate ratio of the unequalized market values to the

equalized market values equals 92 percent; otherwise the equalized market values shall equal the unequalized market values divided by the assessment sales ratio.

(f) "Homestead effective rate" means the product of (i) 46 percent; (ii) 2.17 percent; and (iii) the total tax capacity rate for taxes payable in 1989 within a unique taxing jurisdiction multiplied by the 1988 aggregate assessment sales ratio. A sales ratio of .92 is used if the actual sales ratio is less than .92.

(g) For purposes of calculating the ~~transition~~ homestead and agricultural credit aid authorized pursuant to subdivision 2, the "subtraction factor" is the product of (i) a unique taxing jurisdiction's homestead effective rate; (ii) its net tax capacity; and (iii) 103.

(h) For purposes of calculating and allocating ~~transition~~ homestead and agricultural credit aid authorized pursuant to subdivision 2 and the disparity reduction aid authorized in subdivision 3, "gross taxes levied on all properties" or "gross taxes" means the total gross taxes levied on all properties except that levied on the captured value of tax increment districts as defined in section 469.177, subdivision 2, and that levied on the portion of commercial industrial properties' assessed value or gross tax capacity, as defined in section 473F.02, subdivision 3, subject to the areawide tax as provided in section 473F.08, subdivision 6, in a unique taxing jurisdiction before reduction by any credits for taxes payable in the year prior to that in which the aids are payable. For purposes of disparity reduction aid only, total gross taxes shall be reduced by the taxes levied for any school district referendum levies authorized pursuant to section 124A.03, subdivision 2, and any school district debt levies authorized pursuant to section 475.61. Gross taxes levied cannot be less than zero.

(i) "Income maintenance aids" means:

(1) medical assistance under sections 256B.041, subdivision 5, and 256B.19, subdivision 1;

(2) preadmission screening and alternative care grants under section 256B.091, subdivision 8;

(3) general assistance, and work readiness under section 256D.03, subdivision 2;

(4) general assistance medical care under section 256D.03, subdivision 6;

(6) supplemental aid under section 256D.36, subdivision 1.

Sec. 34. Minnesota Statutes 1988, section 273.1398, subdivision 4, is amended to read:

Subd. 4. [DISPARITY REDUCTION CREDIT.] (a) Beginning with taxes payable in 1989, class 4a, class 3a, and class 3b property qualifies for a disparity reduction credit if: (1) the property is located in a border city that has an enterprise zone designated pursuant to section 469.168, subdivision 4; (2) the property is located in cities a city with a population greater than 2,500 and less than 35,000 according to the 1980 decennial census which are; (3) the city is adjacent to cities a city in another state or immediately adjacent to a city adjacent to a city in another state qualify for disparity reduction credits, if; and (4) the adjacent city in the other state has a population of greater than 5,000 and less than 75,000.

(b) The credit is an amount sufficient to reduce (i) the taxes levied on class 4a property to three percent of the property's market value and (ii) the tax on class 3a and class 3b property to 3.3 percent of market value.

~~(b)~~ (c) The county auditor shall annually certify the costs of the credits to the department of revenue. The department shall reimburse local governments for the property taxes foregone as the result of the credits in proportion to their total levies.

Sec. 35. Minnesota Statutes 1988, section 273.1398, subdivision 5, is amended to read:

Subd. 5. [ADDITIONAL HOMESTEAD AND AGRICULTURAL CREDIT GUARANTEE.] Beginning with taxes payable in 1990, each unique taxing jurisdiction may receive additional homestead and agricultural credit guarantee payments.

(1) Each year, the commissioner shall certify to the county auditor the total education aids, paid under chapters 124 and 124A, ~~transition homestead and agricultural credit aid~~ and disparity reduction aid paid under section 273.1398, local government aid to cities, counties, and towns paid under chapter 477A, and income maintenance aid paid to counties for each taxing jurisdiction. The county auditor shall apportion each local government's aids to the unique taxing jurisdiction based upon the proportion that the unique taxing jurisdiction's tax capacity bears to the total tax capacity of the local government.

(2) Each year, the county auditor will compute a gross tax capacity

rate for each taxing jurisdiction equal to its total levy divided by its gross tax capacity. For each unique taxing jurisdiction, a total gross tax capacity rate will be determined. This total gross tax capacity rate will be applied against the gross tax capacity of each property that would have been eligible for the homestead credit or the agricultural credit for taxes payable in 1989. A credit amount will be determined for each parcel based upon the credit rate structure in effect for taxes payable in 1989. The resulting credit amounts will be summed for all parcels in the unique taxing jurisdiction.

If the amount determined in clause (2) is greater than the amount determined in clause (1), the difference will be additional homestead and agricultural credit guarantee payments for the unique taxing jurisdiction. The additional credit amount shall proportionately reduce the tax capacity rates of all local governments levying taxes within the unique taxing jurisdiction. The county auditor shall certify the amounts of ~~all~~ additional credits determined under this ~~section~~ subdivision in a form prescribed by the commissioner.

Sec. 36. Minnesota Statutes 1988, section 273.1398, subdivision 6, is amended to read:

Subd. 6. [PAYMENT.] The commissioner shall certify the aids provided in subdivisions 2 and 3 before September 30 of the year preceding the distribution year to the county auditor of the affected local government and pay them and the credit reimbursements to local governments other than school districts at the times provided in section 477A.015 for payment of local government aid to taxing jurisdictions. Aids and credit reimbursements to school districts must be certified to the commissioner of education and paid under section 273.1392. Payment shall not be made to any taxing jurisdiction that has ceased to levy a property tax nor shall transition homestead and agricultural credit aid be payable on the part of a levy to which transition homestead and agricultural credit aid was separately allocated under subdivision 2, paragraph (b), clause (2), which is no longer levied.

Sec. 37. Minnesota Statutes 1988, section 275.07, subdivision 3, is amended to read:

Subd. 3. The county auditor shall adjust each local government's levy certified under subdivision 1 by the amount of transition homestead and agricultural credit aid certified by section 273.1398, subdivision 2. If a local government's transition homestead and agricultural credit aid was further allocated between portions of its levy pursuant to section 273.1398, subdivision 2, paragraph (b)(2), the levy or fund to which the transition homestead and agricultural credit aid was allocated is the levy or fund which must be adjusted.

Sec. 38. [276.131] [DISTRIBUTION OF PENALTIES, INTEREST, AND COSTS.]

The penalties, interest, and costs collected on special assessments and real and personal property taxes must be distributed as follows:

(1) all penalties and interest collected on special assessments against real or personal property must be distributed to the taxing jurisdiction that levied the assessment;

(2) 50 percent of all penalties and interest collected on real and personal property taxes must be distributed to the county in which the property is located, and the other 50 percent must be distributed to the school district in which the property is located. The distribution to the school district must be in accordance with the provisions of section 124.10; and

(3) all costs collected by the county on special assessments and on delinquent real and personal property taxes must be distributed to the county in which the property is located.

Sec. 39. Minnesota Statutes 1988, section 278.01, subdivision 1, is amended to read:

Subdivision 1. [DETERMINATION OF VALIDITY.] Any person having any estate, right, title, or interest in or lien upon any parcel of land, who claims that such property has been partially, unfairly, or unequally assessed in comparison with other property in the (1) city, or (2) county, or (3) in the case of a county containing a city of the first class, the portion of the county excluding the first class city, or that the parcel has been assessed at a valuation greater than its real or actual value, or that the tax levied against the same is illegal, in whole or in part, or has been paid, or that the property is exempt from the tax so levied, may have the validity of the claim, defense, or objection determined by the district court of the county in which the tax is levied or by the tax court by serving two copies of a petition for such determination upon the county auditor and one copy each on the county treasurer and the county attorney and filing the same, with proof of service, in the office of the court administrator of the district court before the 16th day of May of the year in which the tax becomes payable. The county auditor shall immediately forward one copy of the petition to the appropriate governmental authority in a home rule charter or statutory city or town in which the property is located if that city or town employs its own certified assessor. A copy of the petition shall also be sent to the school board of the school district in which the property is located. A petition for determination under this section may be transferred by the district court to the tax court. An appeal may also be taken to the tax court under chapter 271 at any time following receipt of the valuation notice required by section 273.121 but prior to May 16 of the year in which the taxes are payable.

Sec. 40. Minnesota Statutes 1988, section 278.03, is amended to read:

278.03 [PAYMENT OF TAX.]

If the proceedings instituted by the filing of the petition have not been completed before the 16th day of May next following the filing, the petitioner shall pay to the county treasurer 50 percent of the tax levied for such year against the property involved, unless permission to continue prosecution of the petition without such payment is obtained as herein provided. If the proceedings instituted by the filing of the petition have not been completed by the next October 16, or, in the case of class 1b agricultural homestead, class 2a agricultural homestead, and class 2e 2b(2) agricultural nonhomestead property, November 16, the petitioner shall pay to the county treasurer 50 percent of the unpaid balance of the taxes levied for the year against the property involved if the unpaid balance is \$2,000 or less and 80 percent of the unpaid balance if the unpaid balance is over \$2,000, unless permission to continue prosecution of the petition without payment is obtained as herein provided. The petitioner, upon ten days notice to the county attorney and to the county auditor, given at least ten days prior to the 16th day of May or the 16th day of October, or, in the case of class 1b agricultural homestead, class 2a agricultural homestead, and class 2e 2b(2) agricultural nonhomestead property, the 16th day of November, may apply to the court for permission to continue prosecution of the petition without payment; and, if it is made to appear

(1) That the proposed review is to be taken in good faith;

(2) That there is probable cause to believe that the property may be held exempt from the tax levied or that the tax may be determined to be less than 50 percent of the amount levied; and

(3) That it would work a hardship upon petitioner to pay the taxes due,

the court may permit the petitioner to continue prosecution of the petition without payment, or may fix a lesser amount to be paid as a condition of continuing the prosecution of the petition.

Failure to make payment of the amount required when due shall operate automatically to dismiss the petition and all proceedings thereunder unless the payment is waived by an order of the court permitting the petitioner to continue prosecution of the petition without payment. The county treasurer shall, upon request of the petitioner, issue duplicate receipts for the tax payment, one of which shall be filed by the petitioner in the proceeding.

Sec. 41. Minnesota Statutes 1988, section 278.05, subdivision 4, is amended to read:

Subd. 4. [SALES RATIO STUDIES AS EVIDENCE.] The sales

ratio studies published by the department of revenue, or any part of the studies, or any copy of the studies or records accumulated to prepare the studies which is prepared by the commissioner of revenue for use in determining school education aids shall be admissible in evidence as a public record without the laying of a foundation if the sales prices used in the study are adjusted for the terms of the sale to reflect market value and are adjusted to reflect the difference in the date of sale compared to the assessment date. The department of revenue sales ratio study shall be prima facie evidence of the level of assessment. Additional evidence relevant to the sales ratio study is also admissible. No sales ratio study received into evidence shall be conclusive or binding on the court and evidence of its reliability or unreliability may be introduced by any party including, but not limited to, evidence of inadequate adjustment of sale prices for terms of financing, inadequate adjustment of sales prices to reflect the difference in the date of sale compared to the assessment date, and inadequate sample size.

No reduction in value on the grounds of discrimination shall be granted on the basis of a sales ratio study published by the department of revenue unless

(a) the sales prices are adjusted for the terms of the sale to reflect market value,

(b) the sales prices are adjusted to reflect the difference in the date of sale compared to the assessment date, and

(c) there is an adequate sample size, and

(d) the median ratio of the same classification of property in the same county, city, or town as the subject property is lower than 90 percent, except that in the case of a county containing a city of the first class, the median ratio for the county shall be the ratio determined excluding sales from the first class city within the county.

If a reduction in value on the grounds of discrimination is granted based on the above criteria, the reduction shall equal the difference between 90 percent and the median ratio determined by the court.

Sec. 42. Minnesota Statutes 1988, section 278.05, subdivision 5, is amended to read:

Subd. 5. Any time after the filing of the petition and before the trial of the issues raised thereby, when the defense or claim presented is that the property has been partially, unfairly, or unequally assessed, or that the parcel has been assessed at a valuation greater than its real or actual value, or that a parcel which is classified as homestead under the provisions of section 273.13,

subdivision 22 or 23, has been assessed at a valuation which exceeds by ten percent or more the valuation which the parcel would have if it were valued at the average assessment/sales ratio for real property in the same class in that portion of the county in which the parcel is located, for which the commissioner is able to establish and publish a sales ratio study, the attorney representing the state, county, city or town in the proceedings may serve on the petitioner, or the petitioner's attorney, and file with the court administrator of the district court, an offer to reduce the valuation of any tract or tracts to a valuation set forth in the offer. If, within ten days thereafter, the petitioner, or the attorney, gives notice in writing to the county attorney, or the attorney for the city or town, that the offer is accepted, the official notified may file the offer with proof of notice, and the court administrator shall enter judgment accordingly. Otherwise, the offer shall be deemed withdrawn and evidence thereof shall not be given; and, unless a lower valuation than specified in the offer is found by the court, no costs or disbursements shall be allowed to the petitioner, but the costs and disbursements of the state, county, city or town, including interest at six percent on the tax based on the amount of the offer from and after the 16th day of October, or, in the case of class 1b agricultural homestead, class 2a agricultural homestead, and class 2e 2b(2) agricultural nonhomestead property, the 16th day of November, of the year the taxes are payable, shall be taxed in its favor and included in the judgment and when collected shall be credited to the county revenue fund, unless the taxes were paid in full before the 16th day of October, or, in the case of class 1b agricultural homestead, class 2a agricultural homestead, and class 2e 2b(2) agricultural nonhomestead property, the 16th day of November, of the year in which the taxes were payable, in which event interest shall not be taxable.

Sec. 43. Minnesota Statutes 1988, section 279.01, subdivision 1, is amended to read:

Subdivision 1. Except as provided in subdivision 3, on May 16, of each year, with respect to property actually occupied and used as a homestead by the owner of the property, a penalty of three percent shall accrue and thereafter be charged upon all unpaid taxes on real estate on the current lists in the hands of the county treasurer, and a penalty of seven percent on nonhomestead property, except that this penalty shall not accrue until June 1 of each year on commercial use real property used for seasonal residential recreational purposes and classified as class 4d 1c or 4c, and on other commercial use real property classified as class 3a, provided that over 60 percent of the gross income earned by the enterprise on the class 3a property is earned during the months of May, June, July, and August. Any property owner of such class 3a property who pays the first half of the tax due on the property after May 15 and before June 1 shall attach an affidavit to the payment attesting to compliance with the income provision of this subdivision. Thereafter, for both homestead and nonhomestead property, on the first day of each month, up to

and including October 1 following, an additional penalty of one percent for each month shall accrue and be charged on all such unpaid taxes. When the taxes against any tract or lot exceed \$50, one-half thereof may be paid prior to May 16; and, if so paid, no penalty shall attach; the remaining one-half shall be paid at any time prior to October 16 following, without penalty; but, if not so paid, then a penalty of four percent shall accrue thereon for homestead property and a penalty of four percent on nonhomestead property. Thereafter, for homestead property, on the first day of November and December following, an additional penalty of two percent for each month shall accrue and be charged on all such unpaid taxes. Thereafter, for nonhomestead property, on the first day of November and December following, an additional penalty of four percent for each month shall accrue and be charged on all such unpaid taxes. If one-half of such taxes shall not be paid prior to May 16, the same may be paid at any time prior to October 16, with accrued penalties to the date of payment added, and thereupon no penalty shall attach to the remaining one-half until October 16 following.

A county may provide by resolution that in the case of a property owner that has multiple tracts or parcels with aggregate taxes exceeding \$50, payments may be made in installments as provided in this subdivision.

The county treasurer may accept payments of more or less than the exact amount of a tax installment due. If the accepted payment is less than the amount due, payments must be applied first to the penalty accrued for the year the payment is made. Acceptance of partial payment of tax does not constitute a waiver of the minimum payment required as a condition for filing an appeal under section 278.03 or any other law, nor does it affect the order of payment of delinquent taxes under section 280.39.

Sec. 44. Minnesota Statutes 1988, section 279.01, subdivision 3, is amended to read:

Subd. 3. In the case of class 1b agricultural homestead, class 2a agricultural homestead property, and class 2e 2b(2) agricultural nonhomestead property, no penalties shall attach to the second one-half property tax payment as provided in this section if paid by November 15. Thereafter for class 1b agricultural homestead and class 2a homestead property, on November 16 following, a penalty of six percent shall accrue and be charged on all such unpaid taxes and on December 1 following, an additional two percent shall be charged on all such unpaid taxes. Thereafter for class 2e 2b(2) agricultural nonhomestead property, on November 16 following, a penalty of eight percent shall accrue and be charged on all such unpaid taxes and on December 1 following, an additional four percent shall be charged on all such unpaid taxes.

If the owner of class 1b agricultural homestead, class 2a, or class ~~2e~~ 2b(2) agricultural property receives a consolidated property tax statement that shows only an aggregate of the taxes and special assessments due on that property and on other property not classified as class 1b agricultural homestead, class 2a, or class ~~2e~~ 2b(2) agricultural property, the aggregate tax and special assessments shown due on the property by the consolidated statement will be due on November 15 provided that at least 50 percent of the property's market value is classified class 1b agricultural, class 2a, or class ~~2e~~ 2b(2) agricultural.

Sec. 45. Minnesota Statutes 1988, section 279.37, subdivision 7, is amended to read:

Subd. 7. The county auditor's statement and county treasurer's receipt issued for payment of a deferred installment, as herein provided for, shall not read for any specific year's taxes, but shall read for partial or full release of judgment, as the case may be, and shall show the year that such judgment was entered. In distributing the taxes collected in this manner, the county auditor shall apply the same in the inverse order to that in which such taxes were levied. All penalties and interest collected under the provisions of this section shall be apportioned by the county auditor in accordance with Minnesota Statutes 1941, sections 276.13 and 276.14 section 276.131. A duplicate treasurer's receipt for payment of a deferred installment, as hereinafter provided, shall be delivered to the court administrator of the district court, and the court administrator of the district court shall credit the amount so paid upon the judgment entered.

Sec. 46. Minnesota Statutes 1988, section 290A.03, subdivision 12, is amended to read:

Subd. 12. [GROSS RENT.] "Gross rent" means rental paid for the right of occupancy, at arms-length, of a homestead, exclusive of charges for any medical services furnished by the landlord as a part of the rental agreement, whether expressly set out in the rental agreement or not. If the landlord and tenant have not dealt with each other at arms-length and the commissioner determines that the gross rent charged was excessive, the commissioner may adjust the gross rent to a reasonable amount for purposes of this chapter.

Any amount paid by a claimant residing in property assessed pursuant to ~~section 273.13~~ 273.124, subdivision 3, 4, 5, or 6 for occupancy in that property shall be excluded from gross rent for purposes of this chapter. However, property taxes imputed to the homestead of the claimant or the dwelling unit occupied by the claimant that qualifies for homestead treatment pursuant to ~~section 273.13~~ 273.124, subdivision 3, 4, 5, or 6 shall be included within the term "property taxes payable" as defined in subdivision 13, notwithstanding the fact that ownership is not in the name of the claimant.

Sec. 47. Minnesota Statutes 1988, section 298.28, subdivision 3, is amended to read:

Subd. 3. [CITIES; TOWNS.] (a) 12.5 cents per taxable ton, less any amount distributed under subdivision 8, and paragraph (b), must be allocated to the taconite municipal aid account to be distributed as provided in section 298.282.

(b) An amount must be allocated to towns or cities that is annually certified by the county auditor of a county containing a taconite tax relief area within which there is (1) an organized township if, as of January 2, 1982, more than 75 percent of the assessed valuation of the township consists of iron ore or (2) a city if, as of January 2, 1980, more than 75 percent of the assessed valuation of the city consists of iron ore.

(c) The amount allocated under paragraph (b) will be the portion of a township's or city's certified levy equal to the proportion of (1) the difference between 50 percent of January 2, 1982, assessed value in the case of a township and 50 percent of the January 2, 1980, assessed value in the case of a city and its current assessed value to (2) the sum of its current assessed value plus the difference determined in (1), provided that the amount distributed shall not exceed \$55 per capita in the case of a township or \$75 per capita in the case of a city. For purposes of this limitation, population will be determined according to the 1980 decennial census conducted by the United States Bureau of the Census. The county auditor shall extend the township's or city's levy against the sum of the township's or city's current assessed value plus the difference between 50 percent of its January 2, 1982, assessed value and its current assessed value in the case of a township and between 50 percent of its January 2, 1980, assessed value and its current assessed value in the case of a city. If the current assessed value of the township exceeds 50 percent of the township's January 2, 1982, assessed value, or if the current assessed value of the city exceeds 50 percent of the city's January 2, 1980, assessed value, this paragraph shall not apply. For purposes of this paragraph, "assessed value," when used in reference to years other than 1980 or 1982, means, for distributions for production year 1989, production taxes payable in 1990, the appropriate gross tax capacities multiplied by 8.2 and for distributions for production year 1990 and thereafter, production taxes payable in 1991 and thereafter, the appropriate net tax capacities multiplied by 10.2.

Sec. 48. [365B.01] [TOWNS; SUBORDINATE SERVICE DISTRICTS; PURPOSE.]

It is the purpose of sections 48 to 57 to provide a means by which a town as a unit of general local government can effectively provide and finance various governmental services for its residents.

Sec. 49. [365B.02] [DEFINITION.]

“Subordinate service district” means a defined area within the town in which one or more governmental services or additions to townwide services are provided by the town specially for the area and financed from revenues from the area. The boundaries of a single subordinate service district may not embrace an entire town.

Sec. 50. [365B.03] [ESTABLISHMENT OF SERVICE DISTRICT.]

Notwithstanding any provision of law requiring uniform property tax rates on real or personal property within the town, a town may establish subordinate service districts to provide and finance a governmental service or function that it is otherwise authorized to undertake. A function or service to be provided may include a function or service that the town ordinarily provides throughout the town only to the extent that there is an increase in the level of the function or service provided in the service district over that provided throughout the town.

Sec. 51. [365B.04] [CREATION BY PETITION.]

Subdivision 1. [PETITION.] A petition signed by at least 50 percent of the property owners in the part of the town proposed for the subordinate service district may be submitted to the town board requesting the establishment of a subordinate service district to provide a service that the town is otherwise authorized by law to provide. The petition must include the territorial boundaries of the proposed district and specify the kinds of services to be provided within the district.

Subd. 2. [PUBLIC HEARING.] Upon receipt of the petition, and the verification of the signatures by the town clerk, the town board shall, within 30 days following verification, hold a public hearing on the question of whether or not the requested district shall be established.

Subd. 3. [APPROVAL; DISAPPROVAL.] Within 30 days after the public hearing, the town board by resolution shall approve or disapprove the establishment of the requested district. A resolution approving the establishment of the district may contain amendments or modifications of the district's boundaries or functions as set forth in the petition.

Sec. 52. [365B.05] [PUBLICATION AND EFFECTIVE DATE.]

Within 20 days after passage of a resolution authorizing the establishment of a subordinate service district, the town board shall have the resolution published once in a qualified newspaper of general circulation within the town. The resolution must include a

general description of the territory to be included within the district, the kind of service to be provided, and a statement of how the service will be financed. A notice must also be mailed to the owner of each parcel within the area proposed to be included in the district. The notice shall be sent to the same address as on the property tax statement. The district shall begin 60 days after publication or at a later date specified in the resolution.

Sec. 53. [365B.06] [REVERSE REFERENDUM.]

Subdivision 1. [PETITION.] Upon receipt of a petition signed by at least 25 percent of the property owners within the territory of the proposed district, before the effective date of its establishment as specified in section 52, the establishment shall be in abeyance pending referendum vote within the boundaries of the proposed district.

Subd. 2. [ELECTION.] The town board shall hold a special election within the boundaries of the proposed district not less than 30 nor more than 90 days after receipt of the petition. The question submitted and voted upon by the property owners within the territory of the proposed district must be phrased substantially as follows:

"Shall a subordinate service district be established to provide (service or services to be provided) financed by (revenue sources)?"

If a majority of those voting on the question favor creation of the district, the district shall begin upon certification of the vote by the town clerk. The town clerk shall administer the election.

Sec. 54. [365B.07] [EXPANSION OF BOUNDARIES OF A DISTRICT.]

The town board, upon petition, may enlarge any existing subordinate service district under the procedures specified in sections 50 to 53. Only property owners residing in territory to be added to the district shall be eligible to participate in an election, unless at least 25 percent of the property owners residing in the existing district petition to participate, in which case all property owners residing in the proposed enlarged district shall be eligible.

Sec. 55. [365B.08] [FINANCING.]

Upon adoption of the next annual budget following the creation of a subordinate service district the town board shall include in the budget appropriate provisions for the operation of the district including either a property tax levied only on property of the users of the service within the boundaries of the district or a levy of a service charge against the users of the service within the district, or

a combination of a property tax and a service charge on the users of the service.

A tax or service charge or a combination of them may be imposed to finance a function or service in the district that the town ordinarily provides throughout the town only to the extent that there is an increase in the level of the function or service provided in the service district over that provided throughout the town. In that case, in addition to the townwide tax levy, an amount necessary to pay for the increase in the level of the function or service may be imposed in the district.

Sec. 56. [365B.09] [WITHDRAWAL; ELECTION.]

Upon receipt of a petition signed by at least 50 percent of the property owners in the territory of the subordinate service district requesting the removal of the district, the town board shall hold a special election within the service district not less than 30 nor more than 90 days after the resolution or receipt of the petition. The question to be submitted and voted upon by the property owners in the district shall be phrased substantially as follows:

"Shall the subordinate service district presently established be removed and the service or services of the town as provided for the service district be discontinued?"

If a majority of those voting on the question favor the removal and discontinuance of the services, the service district shall be removed and the services shall be discontinued upon certification of the vote by the town clerk. The town clerk shall administer the election.

Sec. 57. [365B.10] [COORDINATION OF DISTRICTS.]

If a county establishes a subordinate service district in part of a town under enabling law for counties, a town may not establish a subordinate service district to provide the same service in the part of the town served by the county. If a town establishes a subordinate service district in part of the town under this chapter or other law, a county may not establish a subordinate service district to provide the same service in the part of the town served by the town.

Sec. 58. Minnesota Statutes 1988, section 375.192, subdivision 2, is amended to read:

Subd. 2. Notwithstanding section 270.07, upon written application by the owner of the property, if the application seeks a reduction in estimated market value not in excess of \$2,000 ~~\$10,000~~, the county board may grant the reduction or abatement of estimated market valuation or taxes and of any costs, penalties or interest on them as the board deems just and equitable and order the refund in

whole or part of any taxes, costs, penalties or interest which have been erroneously or unjustly paid. The application must be approved by the county assessor, or, if the property is located in a city of the first or second class having a city assessor, by the city assessor, and by the county auditor before consideration by the county board. The methods of obtaining a reduction or abatement of ad valorem values contained in subdivisions 1 and 2 are in addition to the method provided in section 270.07.

Sec. 59. Minnesota Statutes 1988, section 459.14, is amended by adding a subdivision to read:

Subd. 8. [PROPERTY EXEMPT FROM TAXATION.] Any real or personal property owned, leased, maintained, or operated as a municipal parking facility under this section is owned, leased, maintained, or operated for essential public and governmental purposes, and is exempt from all ad valorem taxes levied by the state or a political subdivision of the state.

Sec. 60. Minnesota Statutes 1988, section 469.012, is amended by adding a subdivision to read:

Subd. 12. [PARKING FACILITIES.] An authority may operate and maintain public parking facilities in connection with any of its projects.

Sec. 61. Minnesota Statutes 1988, section 469.040, subdivision 2, is amended to read:

Subd. 2. [LEASED PROPERTY, EXCEPTION.] Notwithstanding the provisions of subdivision 1, any property other than property to be operated as a parking facility that the authority leases to private individuals or corporations for development in connection with a redevelopment project shall have the same tax status as if the leased property were owned by the private individuals or corporations.

Sec. 62. Minnesota Statutes 1988, section 469.174, subdivision 8, is amended to read:

Subd. 8. [PROJECT.] "Project" means a project as described in section 469.142; an industrial development district as described in section 469.058, subdivision 1; an economic development district as described in section 469.101, subdivision 1; a project as defined in section 469.002, subdivision 12; a development district as defined in section 469.125, subdivision 8 9; or any special law; or a project as defined in section 469.153, subdivision 2, paragraph (a), (b), or (c).

Sec. 63. Minnesota Statutes 1988, section 469.175, subdivision 7, is amended to read:

Subd. 7. [CREATION OF HAZARDOUS SUBSTANCE SUBDISTRICT; RESPONSE ACTIONS.] (a) A municipality or authority which is creating or has created a tax increment financing district may establish within the district a hazardous substance subdistrict upon the notice and after the discussion, public hearing, and findings required for approval of the original plan. The geographic area of the subdistrict is made up of any parcels in the district designated for inclusion by the municipality or authority that are designated hazardous substance sites, and any additional parcels in the district designated for inclusion that are contiguous to the hazardous substances sites except for the interposition of a right-of-way. Before or at the time of approval of the tax increment financing plan, the municipality must make the findings under paragraphs (b) to (d), and set forth in writing the reasons and supporting facts for each.

(b) Development or redevelopment of the site, in the opinion of the municipality, would not reasonably be expected to occur solely through private investment and tax increment otherwise available, and therefore the hazardous substance district is deemed necessary.

(c) Other parcels that are not designated hazardous substance sites are expected to be developed together with a designated hazardous substance site.

(d) The subdistrict is not larger than, and the period of time during which increments are elected to be received is not longer than, that which is necessary in the opinion of the municipality to provide for the additional costs due to the designated hazardous substance site.

(e) Upon request by a municipality or authority that has incurred expenses for removal or remedial actions to implement a development response action plan, the attorney general may:

(1) bring a civil action on behalf of the municipality or authority to recover the expenses, including administrative costs and litigation expenses, under section 115B.04 or other law; or

(2) assist the municipality or agency in bringing an action as described in clause (1), by providing legal and technical advice, intervening in the action, or other appropriate assistance.

The decision to participate in any action to recover expenses is at the discretion of the attorney general.

(f) If the attorney general brings an action as provided in paragraph (e), clause (1), the municipality or authority shall certify its reasonable and necessary expenses incurred to implement the development response action plan and shall cooperate with the

attorney general as required to effectively pursue the action. The certification by the municipality or authority is prima facie evidence that the expenses are reasonable and necessary. The attorney general may deduct litigation expenses incurred by the attorney general from any amounts recovered in an action brought under paragraph (e), clause (1). The municipality or authority shall reimburse the attorney general for litigation expenses not recovered in an action under paragraph (e), clause (1), and for litigation expenses incurred to assist in bringing an action under paragraph (e), clause (1) (2). All money recovered or paid to the attorney general for litigation expenses under this paragraph shall be paid to the general fund of the state for deposit to the account of the attorney general. For the purposes of this section, "litigation expenses" means attorney fees and costs of discovery and other preparation for litigation.

(g) The municipality or authority shall reimburse the pollution control agency for its administrative expenses incurred to review and approve a development action response plan and associated activities, and for expenses incurred for any services rendered to the attorney general to support the attorney general in actions brought or assistance provided under paragraph (e). All money paid to the pollution control agency under this paragraph shall be deposited in the environmental response, compensation and compliance fund.

(h) Actions taken by a municipality or authority consistent with a development response action plan are deemed to be authorized response actions for the purpose of section 115B.17, subdivision 12. A municipality or agency that takes actions consistent with a development response action plan qualifies for the defenses available under sections 115B.04, subdivision 11, and 115B.05, subdivision 9.

(i) All money recovered by a municipality or authority in an action brought under paragraph (e) in excess of the amounts paid to the attorney general and the pollution control agency must be treated as excess increments and be distributed as provided in section 469.176, subdivision 2, clause (4), to the extent the removal and remedial actions were initially financed with increment revenues.

Sec. 64. Minnesota Statutes 1988, section 469.176, subdivision 4c, is amended to read:

Subd. 4c. [ECONOMIC DEVELOPMENT DISTRICTS.] Revenue derived from tax increment from an economic development district may not be used to provide improvements, loans, subsidies, grants, interest rate subsidies, or assistance in any form to developments consisting of buildings and ancillary facilities, if at least 25 percent of the buildings and facilities (determined on the basis of square footage) are used for the purposes listed in section 144(a)(8) of the Internal Revenue Code of 1986 (determined without regard to the 25

percent restriction in subparagraph (A)). The restrictions under this paragraph apply only to districts located in development regions, as defined in section 462.384, with populations in excess of 1,000,000. Population must be determined under the provisions of section 477A.011.

Sec. 65. Minnesota Statutes 1988, section 475.53, subdivision 4, is amended to read:

Subd. 4. [SCHOOL DISTRICTS.] Except as otherwise provided by law, no school district shall be subject to a net debt in excess of ten percent of the actual market value of all taxable property situated within its corporate limits, as computed in accordance with this subdivision. The county auditor of each county containing taxable real or personal property situated within any school district shall certify to the district upon request the market value of all such property. The commissioner of revenue shall certify to the district upon request the market value of railroad property within the district as most recently determined under section 270.87. Whenever the commissioner of revenue, in accordance with section 124.2131, subdivision 1, has determined that the gross tax capacity of any district furnished by county auditors is not based upon the market value of taxable property in the district, the commissioner of revenue shall certify to the district upon request the ratio most recently ascertained to exist between such value and the actual market value of property within the district. The actual market value of property within a district, on which its debt limit under this subdivision is based, is (a) the value certified by the county auditors and, where applicable, by the commissioner of revenue under section 270.87, or (b) this value divided by the ratio certified by the commissioner of revenue, whichever results in a higher value.

Sec. 66. Minnesota Statutes 1988, section 477A.011, subdivision 15, is amended to read:

Subd. 15. [CITY REVENUE.] "City revenue" equals the sum of (i) the city's aid payable under section 477A.013, in the year prior to that for which aids are being calculated, and (ii) its levy for taxes payable in the year prior to that for which aids are being calculated, and (iii) for aids payable in 1991 and subsequent years, the city's transition aid payable under section 273.1398, subdivision 2, in the year prior to that for which aids are being calculated.

Sec. 67. Minnesota Statutes 1988, section 477A.013, subdivision 1, is amended to read:

273.139, and 477A.011 to 477A.03; or (b) the amount certified in 1987 pursuant to sections 477A.011 to 477A.03. In calendar year 1989, each town that had levied for taxes payable in 1988 at least one mill on the dollar of the assessed value of the town shall receive a distribution equal to 106 percent of the distribution received under Minnesota Statutes 1987 Supplement, section 477A.013, subdivision 1, in 1988. In calendar year 1990 and subsequent years, each town that had levied for taxes payable in the prior year a tax capacity rate of at least ~~0.125~~ .008 shall receive a distribution equal to the amount received in 1989 under this subdivision.

Subd. 6. [TAX METER MACHINES; STAMPING MACHINES.]
(a) Before January July 1, 1990, the commissioner may authorize any person licensed as a distributor to stamp packages with a tax

meter machine, approved by the commissioner, which shall be provided by the distributor. The commissioner may provide for the use of such a machine by the distributor, supervise and check its operation, provide for the payment of the tax on any package so stamped, subject to the discount provided in subdivision 5. Subdivision 1. The property tax levied for any purpose under a special law that is not codified in Minnesota Statutes or a city charter provision and that is subject to a mill rate limitation imposed by statute or the special law or city charter provision, excluding levies subject to mill rate limitations that use adjusted assessed values determined by the commissioner of revenue under section 124.2131, must not exceed the following amount for the years specified:

(a) for taxes payable in 1988, the product of the applicable mill rate limitation imposed by ~~statute or special law or city charter provision~~ multiplied by the total assessed valuation of all taxable property subject to the tax as adjusted by the provisions of Minnesota Statutes 1986, sections 272.64; 273.13, subdivision 7a; and 275.49;

(b) for taxes payable in 1989, the product of (1) the property tax levy limitation for the taxes payable year 1988 determined under clause (a) multiplied by (2) an index for market valuation changes

(c) for taxes payable in 1990 and subsequent years, the product of (1) the property tax levy limitation for the previous year determined pursuant to this subdivision multiplied by (2) an index for market valuation changes equal to the total market valuation of all taxable property subject to the tax for the current assessment year divided by the total market valuation of all taxable property subject to the tax for the previous assessment year.

For the purpose of determining the property tax levy limitation for the taxes payable year 1988 and subsequent years under this subdivision, "total market valuation" means the total market valuation of all taxable property subject to the tax without valuation adjustments for fiscal disparities (chapter 473F), tax increment financing (sections 469.174 to 469.179), and high voltage transmission lines (section 273.425).

Sec. 27. Minnesota Statutes 1988, section 298.28, subdivision 4, is amended to read:

Subd. 4. [SCHOOL DISTRICTS.] (a) 27.5 cents per taxable ton plus the increase provided in paragraph (d) must be allocated to qualifying school districts to be distributed, based upon the certification of the commissioner of revenue, under paragraphs (b) and (c).

(b) 5.5 cents per taxable ton must be distributed to the school districts in which the lands from which taconite was mined or quarried were located or within which the concentrate was produced. The distribution must be based on the apportionment formula prescribed in subdivision 2.

(c)(i) 22 cents per taxable ton, less any amount distributed under paragraph (e), shall be distributed to a group of school districts comprised of those school districts ~~wherein in which~~ the taconite was mined or quarried or the concentrate produced or in which there is a qualifying municipality as defined by section 273.134 in direct proportion to school district indexes as follows: for each school district, its pupil units determined under section 124.17 for the prior school year shall be multiplied by the ratio of the average adjusted gross tax capacity per pupil unit for school districts receiving aid under this clause as calculated pursuant to chapter 124A for the school year ending prior to distribution to the adjusted gross tax capacity per pupil unit of the district. Each district shall receive that portion of the distribution which its index bears to the sum of the indices for all school districts that receive the distributions.

(ii) Notwithstanding clause (i), each school district that receives a distribution under sections 298.018; 298.23 to 298.28, exclusive of any amount received under this clause; 298.34 to 298.39; 298.391 to 298.396; 298.405; or any law imposing a tax on severed mineral values that is less than the amount of its levy reduction under section 275.125, subdivision 9, for the second year prior to the year of the distribution shall receive a distribution equal to the difference; the amount necessary to make this payment shall be derived

from proportionate reductions in the initial distribution to other school districts under clause (i).

(d) On July 15, in years prior to 1988, an amount equal to the increase derived by increasing the amount determined by paragraph (c) in the same proportion as the increase in the steel mill products index over the base year of 1977 as provided in section 298.24, subdivision 1, clause (a), shall be distributed to any school district described in paragraph (c) where a levy increase pursuant to section 124A.03, subdivision 2, is authorized by referendum, according to the following formula. On July 15, 1988, the increase over the amount established for 1987 shall be determined as if there had been an increase in the tax rate under section 298.24, subdivision 1, paragraph (b), according to the increase in the implicit price deflator. On July 15, 1989, and subsequent years, the increase over the amount established for the prior year shall be determined according to the increase in the implicit price deflator as provided in section 298.24, subdivision 1, paragraph (a). Each district shall receive the product of:

(i) \$150 times the pupil units identified in section 124.17, subdivision 1, enrolled in the second previous year or the 1983-1984 school year, whichever is greater, less the product of $1\frac{3}{4}$ mills 0.04231 percent times the district's taxable valuation market value in the second previous year; times

(ii) the lesser of:

(A) one, or

(B) the ratio of the amount certified pursuant to section 124A.03, subdivision 2, in the previous year, to the product of $1\frac{3}{4}$ mills 0.04231 percent times the district's taxable valuation market value in the second previous year.

If the total amount provided by paragraph (d) is insufficient to make the payments herein required then the entitlement of \$150 per pupil unit shall be reduced uniformly so as not to exceed the funds available. Any amounts received by a qualifying school district in any fiscal year pursuant to paragraph (d) shall not be applied to reduce general education aid which the district receives pursuant to section 124A.23 or the permissible levies of the district. Any amount remaining after the payments provided in this paragraph shall be paid to the commissioner of iron range resources and rehabilitation who shall deposit the same in the taconite environmental protection fund and the northeast Minnesota economic protection trust fund as provided in subdivision 11.

(e) There shall be distributed to any school district the amount which the school district was entitled to receive under section 298.32 in 1975.

Sec. 28. Minnesota Statutes 1988, section 298.282, subdivision 2, is amended to read:

Subd. 2. (a) Each year following the final determination of the amount of taxes payable under section 298.24, the commissioner of revenue shall determine the amount in the taconite municipal aid account as of July 1 of such that year and the amount to be distributed to each qualifying municipality during such the year. The amount to be distributed to each qualifying municipality shall be determined by determining an index for each qualifying municipality by subtracting its local effort tax capacity rate, multiplied by its equalized gross tax capacity, from its fiscal need factor. For the purposes of this subdivision, the following terms have the meanings given them herein. A municipality's "local effort tax capacity rate" means its fiscal need factor per capita divided by ~~\$17~~ \$21 per capita ~~per mill for each one percent of the gross tax capacity rate or \$17 per capita for each one percent of the net tax capacity rate for the first~~ \$350 of its fiscal need factor per capita; plus its fiscal need factor per capita divided by \$15 \$18 per capita ~~per mill for each one percent of the gross tax capacity rate or \$15 per capita for each one percent of the net tax capacity rate on that part of its fiscal need factor per capita, if any, in excess of \$350.~~ In no case shall a municipality's local effort tax capacity rate be less than ~~eight mills: a gross tax capacity rate of 6.56 percent or a net tax capacity rate of 8.16 percent.~~ A municipality's "equalized captured gross tax capacity" means its previous year tax capacity, less the tax capacity in any tax increment district, divided by the municipality's aggregate sales ratio covering the period ending two years prior to the year of aid distribution. A municipality's "fiscal need factor" means the three-year average of the sum of its municipal levy, taconite aids received under section 298.28, subdivisions 2, 11, paragraph (b), and this section and its local government aid distribution amount, for taxes payable and distribution amounts receivable in the three years immediately preceding the aid distribution year.

The ratio of the resulting index for each qualifying municipality to the sum of all qualifying municipalities' indexes shall be multiplied by the total amount in the taconite municipal aid account less the amount distributed pursuant to subdivision 5. ~~For the distribution made in 1987, one-third of the distribution shall be distributed pursuant to this subdivision and two-thirds pursuant to Minnesota Statutes 1984, section 298.282, subdivision 2. For the distribution made in 1988, two-thirds shall be distributed pursuant to this subdivision and one-third pursuant to Minnesota Statutes 1984, section 298.282, subdivision 2.~~

(b) If the distribution under this section, sections 273.138, 298.26 and 298.28, and chapter 477A, to any municipality would exceed that municipality's levy limit base for that year, computed pursuant to sections 275.50 to 275.58, the amount in excess of the levy limit base for that year shall reduce the amount distributed to the

municipality under this section and this excess amount shall be distributed to the other qualifying municipalities in the same manner as the distribution made pursuant to subdivision 2, except that the qualifying municipality receiving an initial distribution when added to that received pursuant to sections 273.138, 298.26, 298.28, and chapter 477A in excess of the qualifying municipality's levy limit base, shall not receive a distribution nor shall its index be used in computing the distribution pursuant to this clause. The distributions to be received in the year in which the taxes are payable shall be compared to the levy limit base for that same year. Upon completion of such the determination, the commissioner of revenue shall certify to the chief clerical officer of each qualifying municipality the amount which will be distributed to such the municipality from the taconite municipal aid account that year.

Sec. 72. Minnesota Statutes 1988, section 473.325, subdivision 2, is amended to read:

Subd. 2. The metropolitan council shall sell and issue such the bonds in the manner provided in chapter 475, and shall have the same powers and duties as a municipality issuing bonds under that

law, except that the approval of a majority of the electors shall not be required and the net debt limitations therein shall not apply. The terms of each series of such bonds shall be fixed so that the amount of principal and interest on all outstanding and undischarged bonds, together with the bonds proposed to be issued, due in any year shall not exceed ~~5 mills times the gross tax capacity~~ 0.01209 percent of market value of all taxable property in the metropolitan area as last finally equalized prior to a proposed issue. The bonds shall be secured in accordance with section 475.61, subdivision 1, and any taxes required for their payment shall be levied by the council, shall not affect the amount or rate of taxes which may be levied by the council for other purposes, shall be spread against all taxable property in the metropolitan area and shall not be subject to limitation as to rate or amount. Any taxes certified by the council to the county auditors for collection shall be reduced by the amount received by the council from the commissioner of finance or the federal government for the purpose of paying the principal and interest on bonds to which the levy relates. The council shall certify the fact and amount of all money so received to the county auditors, and the auditors shall reduce the levies ~~theretofore~~ previously made for such the bonds in the manner and to the extent provided in section 475.61, subdivision 3.

Sec. 73. Minnesota Statutes 1988, section 473.446, subdivision 1, is amended to read:

Subdivision 1. [TAXATION WITHIN TRANSIT TAXING DISTRICT.] For the purposes of sections 473.404 to 473.449 and the metropolitan transit system, except as otherwise provided in this subdivision, the regional transit board shall levy each year upon all taxable property within the metropolitan transit taxing district, defined in subdivision 2, a transit tax consisting of:

(a) an amount which shall be used for payment of the expenses of operating transit and paratransit service and to provide for payment of obligations issued by the commission under section 473.436, subdivision 6;

(b) an additional amount, if any, as the board determines to be necessary to provide for the full and timely payment of its certificates of indebtedness and other obligations outstanding on July 1, 1985, to which property taxes under this section have been pledged; and

(c) an additional amount necessary to provide full and timely payment of certificates of indebtedness, bonds, including refunding bonds or other obligations issued or to be issued under section 473.39 by the council for purposes of acquisition and betterment of property and other improvements of a capital nature and to which the council or board has specifically pledged tax levies under this clause.

The property tax levied by the regional transit board for general purposes under clause (a) must not exceed the following amount for the years specified:

(1) for taxes payable in 1988, the product of two mills multiplied by the total assessed valuation of all taxable property located within the metropolitan transit taxing district as adjusted by the provisions of Minnesota Statutes 1986, sections 272.64; 273.13, subdivision 7a; and 275.49;

(2) for taxes payable in 1989, the product of (i) the regional transit board's property tax levy limitation for general purposes for the taxes payable year 1988 determined under clause (1) multiplied by (ii) an index for market valuation changes equal to the assessment year 1988 total market valuation of all taxable property located within the metropolitan transit taxing district divided by the assessment year 1987 total market valuation of all taxable property located within the metropolitan transit taxing district; and

(3) for taxes payable in 1990 and subsequent years, the product of (i) the regional transit board's property tax levy limitation for general purposes for the previous year determined under this subdivision multiplied by (ii) an index for market valuation changes equal to the total market valuation of all taxable property located within the metropolitan transit taxing district for the current assessment year divided by the total market valuation of all taxable property located within the metropolitan transit taxing district for the previous assessment year.

For the purpose of determining the regional transit board's property tax levy limitation for general purposes for the taxes payable year 1988 and subsequent years under this subdivision, "total market valuation" means the total market valuation of all taxable property within the metropolitan transit taxing district without valuation adjustments for fiscal disparities (chapter 473F), tax increment financing (sections 469.174 to 469.179), and high voltage transmission lines (section 273.425).

The county auditor shall reduce the tax levied pursuant to this subdivision on all property within statutory and home rule charter cities and towns that receive full peak service and limited off-peak service by an amount equal to the tax levy that would be produced by applying a rate of 0.5 mills 0.01209 percent of market value on the property. The county auditor shall reduce the tax levied pursuant to this subdivision on all property within statutory and home rule charter cities and towns that receive limited peak service by an amount equal to the tax levy that would be produced by applying a rate of 0.75 mills 0.01813 percent of market value on the property. The amounts so computed by the county auditor shall be submitted to the commissioner of revenue as part of the abstracts of tax lists required to be filed with the commissioner under section 275.29.

Any prior year adjustments shall also be certified in the abstracts of tax lists. The commissioner shall review the certifications to determine their accuracy and may make changes in the certification as necessary or return a certification to the county auditor for corrections. The commissioner shall pay to the regional transit board the amounts certified by the county auditors on the dates provided in section 273.1398. There is annually appropriated from the general fund in the state treasury to the department of revenue the amounts necessary to make these payments in fiscal year 1987 and thereafter.

For the purposes of this subdivision, "full peak and limited off-peak service" means peak period regular route service, plus weekday midday regular route service at intervals longer than 60 minutes on the route with the greatest frequency; and "limited peak period service" means peak period regular route service only.

Sec. 74. Minnesota Statutes 1988, section 473.661, subdivision 3, is amended to read:

Subd. 3. In any budget certified by the commissioners, pursuant to any of the provisions of under this section, the amount included for operation and maintenance shall not exceed an amount which, when extended against the gross tax capacity of property then taxable therefor under the provisions of section 473.621, subdivision 5, will require a levy at the a rate of one-third of one mill upon such gross tax capacity 0.00806 percent of market value. Taxes levied by the corporation shall not affect the amount or rate of taxes which may be levied by any other local government unit within the metropolitan area under the provisions of any law or charter.

Sec. 75. Minnesota Statutes 1988, section 473.667, subdivision 9, is amended to read:

Subd. 9. [ADDITIONAL TAXES.] Nothing herein shall prevent the commission from levying a tax not to exceed in any year 1/20 of one mill on the gross tax capacity of 0.00121 percent of market value on taxable property within its taxing jurisdiction, over and above in addition to any levies found necessary for the debt service fund as authorized by section 473.671. Nothing herein shall prevent the levy and appropriation for purposes of the commission of any other tax on property or on any income, transaction, or privilege, when and if authorized by law. All collections of any taxes so levied shall be included in the revenues appropriated for the purposes referred to in this section, unless otherwise provided in the law authorizing such the levies; but no covenant as to the continuance or as to the rate and amount of any such levy shall be made with the holders of the commission's bonds unless specifically authorized by law.

Sec. 76. Minnesota Statutes 1988, section 473.671, is amended to read:

473.671 [LIMIT OF TAX LEVY.]

The taxes levied against the property of the metropolitan area in any one year shall not exceed ~~one-third of one mill upon the gross tax capacity thereof~~ 0.00806 percent of taxable market value, exclusive of the taxes it may be necessary to ~~levy~~ levied to pay the principal or interest on any bonds or indebtedness of said the city issued by it under the provisions of Laws 1943, chapter 500, and exclusive of any ~~amounts required~~ taxes levied to pay the share of ~~such~~ the city for payments on bonded indebtedness of the corporation provided for in Laws 1943, chapter 500. The tax levied may not exceed one mill 0.02418 percent of market value on taxable property located in rural towns other than urban towns, unless allowed by resolution of the town electors. The proceeds of the tax shall be paid into a fund reserved for these purposes. Any proceeds remaining in the reserve fund at the time the tax is terminated or the district is dissolved shall be transferred and irrevocably pledged to the debt service fund of the local unit to be used solely to reduce tax levies for bonded indebtedness of taxable property in the district. A tax levied in accordance with this subdivision for paying capital costs is a levy for the payment of principal and interest on bonded indebtedness within the meaning of section 275.50, subdivision 5, clause (e).

Sec. 78. Minnesota Statutes 1988, section 473.883, subdivision 6, is amended to read:

If at any time the amounts available from the levy on property in the territory of the organization are insufficient to pay principal and interest on the bonds when due, the county shall make payment from any available funds in the county treasury. The amount of any taxes which are required to be levied outside of the territory of the watershed management organization or unit or taken from the general funds of the county to pay principal or interest on the bonds shall be reimbursed to the county from taxes levied within the territory of the watershed management organization or unit.

Sec. 4. Minnesota Statutes 1988, section 115A.46, subdivision 2, is amended to read:

Subd. 2. [CONTENTS.] The plans shall describe existing collection, processing, and disposal systems, including schedules of rates and charges, financing methods, environmental acceptability, and

opportunities for improvements in the systems. The plans shall include an estimate of the land disposal capacity in acre-feet which will be needed through the year 2000, on the basis of current and projected waste generation practices. The plans shall require the most feasible and prudent reduction of the need for and practice of land disposal of mixed municipal solid waste. The plans shall address at least waste reduction, separation, recycling, and other resource recovery options, and shall include specific and quantifiable objectives, immediately and over specified time periods, for reducing the land disposal of mixed municipal solid waste and for the implementation of feasible and prudent reduction, separation, recycling, and other resource recovery options. The objectives must be consistent with statewide objectives identified in statute. In assessing the need for additional resource recovery or disposal capacity, plans must take into account the characteristics of waste stream components and must give priority to waste reduction, separation, and recycling. The plans shall describe specific functions to be performed and activities to be undertaken to achieve the abatement, reduction, separation, recycling, and other resource recovery objectives and shall describe the estimated cost, proposed manner of financing, and timing of the functions and activities. The plans shall include a comparison of the costs of the activities to be undertaken, including capital and operating costs, and the effects of the activities on the cost to generators and on persons currently providing solid waste collection, processing, and disposal services. The plans shall include alternatives which could be used to achieve the abatement objectives if the proposed functions and activities are not established. The plans shall designate how public education shall be accomplished. The plans shall, to the extent practicable and consistent with the achievement of other public policies and purposes, encourage ownership and operation of solid waste facilities by private industry. For solid waste facilities owned or operated by public agencies or supported primarily by public funds or obligations issued by a public agency, the plans shall include criteria and standards to protect comparable private and public facilities already existing in the area from displacement unless the displacement is required in order to achieve the waste management objectives identified in the plan. The plans shall establish a siting procedure and development program to assure the orderly location, development, and financing of new or expanded solid waste facilities and services sufficient for a prospective ten-year period, including estimated costs and implementation schedules, proposed procedures for operation and maintenance, estimated annual costs and gross revenues, and proposals for the use of facilities after they are no longer needed or usable. The plans shall describe existing and proposed county and municipal ordinances and license and permit requirements relating to solid waste management and shall describe existing and proposed regulation and enforcement procedures.

Sec. 5. Minnesota Statutes 1988, section 115A.54, subdivision 2a, is amended to read:

Subd. 2a. [SOLID WASTE MANAGEMENT PROJECTS.] (a) The board shall provide technical and financial assistance for the acquisition and betterment of solid waste management projects as provided in this subdivision and section 115A.52. Money appropriated for the purposes of this subdivision must be distributed as grants.

(b) Except as provided in paragraph (c), a project may receive grant assistance up to 25 percent of the capital cost of the project or \$2,000,000, whichever is less.

(c) A recycling project or a project to compost or co-compost waste may receive grant assistance up to 50 percent of the capital cost of the project or \$2,000,000, whichever is less.

(d) Projects without resource recovery are not eligible for assistance. The agency may award grants for transfer stations that will initially transfer waste to landfills provided those transfer stations are part of a planned resource recovery project, and provided the county where the planned resource recovery facility will be located has a comprehensive solid waste management plan approved by the agency and that plan proposes the development of the resource recovery facility. If the proposed resource recovery facility is not in place and operating within five years of the date of the grant award, the recipient shall repay the grant amount to the state.

(e) In addition to any assistance received under clause (b) or (c), a project may receive grant assistance for the cost of tests necessary to determine the appropriate pollution control equipment for the project or the environmental effects of the use of any product or material produced by the project.

(f) In addition to the application requirements of section 115A.51, an application for a project serving eligible jurisdictions in only a single county must demonstrate that cooperation with jurisdictions in other counties to develop the project is not needed or not feasible. Each application must also demonstrate that the project is not financially prudent without the state assistance, because of the applicant's financial capacity and the problems inherent in the waste management situation in the area, particularly transportation distances and limited waste supply and markets for resources recovered.

(g) For the purposes of this subdivision, a "project" means a processing facility, together with any transfer stations, transmission facilities, and other related and appurtenant facilities primarily serving the processing facility. The board shall adopt rules for the program by July 1, 1985.

Sec. 6. Minnesota Statutes 1988, section 115A.80, is amended to read:

115A.80 [DESIGNATION OF RESOURCE RECOVERY SOLID WASTE MANAGEMENT FACILITIES; PURPOSE.]

In order to further the state policies and purposes expressed in section 115A.02, and to advance the public purposes served by resource recovery effective solid waste management, the legislature finds and declares that it may be necessary pursuant to sections 115A.80 to 115A.89 to authorize a qualifying solid waste management district or county to designate a resource recovery solid waste processing or disposal facility.

Sec. 7. Minnesota Statutes 1988, section 115A.81, subdivision 2, is amended to read:

Subd. 2. [DESIGNATION.] "Designation" means a requirement by a waste management district or county that all or any portion of the mixed municipal solid waste that is generated within its boundaries or any service area thereof be delivered to a resource recovery processing or disposal facility identified by the district or county.

Sec. 8. Minnesota Statutes 1988, section 115A.83, is amended to read:

115A.83 [EXEMPTION.]

The designation may not apply to or include: (1) materials that are separated from solid waste and recovered for reuse in their original form or for use in manufacturing processes; or (2) materials that are processed at ~~another~~ a resource recovery facility at the capacity in operation at the time that the designation plan is approved by the reviewing authority.

Sec. 9. Minnesota Statutes 1988, section 115A.84, is amended to read:

115A.84 [DESIGNATION PLAN.]

Subdivision 1. [REQUIREMENT.] Before commencing the designation procedure under section 115A.85, the district or county shall adopt a comprehensive solid waste management plan or, under chapter 473, a master plan. The comprehensive or master plan must include county or district shall then submit a plan for designation to be approved under this section. A county or district's designation plan must be consistent with its solid waste management plan or master plan and with regional and statewide waste management goals.

Subd. 2. [DESIGNATION; PLAN CONTENTS.] (a) The designation plan must evaluate (1) the benefits of the designation, including the public purposes achieved by the conservation and recovery of

resources, the furtherance of local and any district or regional waste management plans and policies, and the furtherance of the state policies and purposes expressed in section 115A.02; and (2) the estimated costs of the designation, including the direct capital, operating, and maintenance costs of the facility designated, the indirect costs, and the long-term effects of the designation.

(b) In particular the designation plan must evaluate:

(1) whether the designation will result in the recovery of resources or energy from materials which would otherwise be wasted;

(2) whether the designation will lessen the demand for and use of indiscriminate land disposal;

(3) whether the designation is necessary for the financial support of the facility;

(4) whether less restrictive methods for ensuring an adequate solid waste supply are available; ~~and~~

(5) other feasible and prudent waste ~~processing management~~ alternatives for accomplishing the purposes of the proposed designation, the direct and indirect costs of the alternatives, including capital and operating costs, and the effects of the alternatives on the cost to generators; and

(6) whether the designation takes into account and promotes local, regional, and state waste management goals.

(c) When the plan proposes designation to disposal facilities, the designation plan must also evaluate:

(1) whether the disposal facility is part of an integrated waste management system involving a processing facility and the designation is necessary for the financial support of the processing facility;

(2) whether the designation will better serve to protect public health and safety;

(3) the impacts upon other disposal facilities and collectors inside and outside the area;

(4) whether the designation is necessary to promote regional waste management programs and cooperation; and

(5) the extent to which the design and operation of the disposal facility protects the environment including whether it is permitted

under current agency rules and whether any portion of the facility's site is listed under section 115B.17, subdivision 13.

(d) When the plan proposes designation to disposal facilities, all of the mixed municipal solid waste generated in the affected area must be subject to the designation unless it is subject to a contract between a hauler and a different facility and that contract is in force on the date designation is implemented.

Subd. 3. [PLAN APPROVAL.] A district or county planning a designation for waste generated wholly within the metropolitan area defined in section 473.121 shall submit its designation plan to the metropolitan council for review and approval or disapproval. Other districts or counties shall submit the designation plan to the waste management board for review and approval or disapproval. The reviewing authority shall complete its review and make its decision within 120 days following submission of the plan for review. The reviewing authority shall approve the designation plan if the plan satisfies the requirements of subdivision 2 and, in the case of designation to disposal facilities, if the reviewing authority finds that the plan has demonstrated that the designation is necessary and is consistent with section 115A.02. The reviewing authority may attach conditions to its approval that relate to matters required in a designation ordinance under section 115A.86, subdivision 1, paragraph (a), clauses (1) to (4), and paragraph (b). Amendments to plans must be submitted for review in accordance with this subdivision.

Subd. 4. [EXCLUSION OF CERTAIN MATERIALS.] When it approves the designation plan the reviewing authority shall exclude from the designation materials that the reviewing authority determines will be processed at ~~another~~ a resource recovery facility separate from the designated facility if:

(1) ~~the other~~ resource recovery facility requesting the exclusion is substantially completed or will be substantially completed within 18 months of the time that the designation plan is approved by the reviewing authority; and

(2) ~~the other~~ facility requesting the exclusion has or will have contracts for purchases of its product; and

(3) the materials are or will be under contract for delivery to the ~~other~~ facility requesting the exclusion at the time ~~the other~~ that facility is completed.

In order to qualify for the exclusion of materials under this subdivision, the operator or owner of the ~~other~~ resource recovery facility requesting the exclusion shall file with the reviewing authority and the district or county or counties a written description of the facility, its intended location, its waste supply sources,

purchasers of its products, its design capacity and other information that the reviewing authority and the district or county or counties may reasonably require. The information must be filed as soon as it becomes available but not later than 30 days following the date when the county or district submits its designation plan for approval.

The reviewing authority may revoke the exclusion granted under this subdivision when it approves the designation ordinance under section 115A.86 if in its judgment the excluded materials will not be processed at the other facility.

Sec. 10. Minnesota Statutes 1988, section 115A.85, subdivision 2, is amended to read:

Subd. 2. [HEARING.] The district or county shall hold a public hearing to take testimony on the designation. Notice of the hearing must be published in a newspaper of general circulation in the area for two successive weeks ending at least 15 days before the date of the hearing and must be mailed to political subdivisions, ~~landfill~~ processing and disposal facility operators, and licensed solid waste collectors who may be expected to use the facility. The notification must: (1) describe the area in which the designation will apply and the plans for the use of the solid waste; (2) specify the point or points of delivery of the solid waste; (3) estimate the types and quantities of solid waste subject to the designation; and (4) estimate the fee to be charged for the use of the facilities and for any products of the facilities. A designation or contract for use is not invalid by reason of the failure of the district or county to provide written notice to an entity listed in this subdivision.

Sec. 11. Minnesota Statutes 1988, section 115A.86, subdivision 3, is amended to read:

Subd. 3. [IMPLEMENTATION.] The designation may be placed into effect no less than 60 days following the approval required in subdivision 2. The effective date of the designation must be specified at least 60 days in advance. If the designation is not placed into effect within two years of approval, the designation must be resubmitted to the reviewing authority for approval or disapproval under subdivision 2, unless bonds have been issued to finance the ~~resource~~ recovery facility to which the designation applies.

Sec. 12. Minnesota Statutes 1988, section 115A.86, subdivision 5, is amended to read:

Subd. 5. [AMENDMENTS.] (a) Amendments to a designation ordinance must be submitted to the reviewing authority for approval. The reviewing authority shall approve the amendment if the amendment is in the public interest and in furtherance of the state policies and purposes expressed in section 115A.02. If the reviewing

authority finds that the proposed amendment is a substantive change from the existing designation plan, the reviewing authority may require that the county or solid waste management district submit a revised designation plan to the reviewing authority for approval. After receiving approval for the designation plan amendment from the reviewing authority, the county or district shall follow the procedure outlined in section 115A.85 prior to submitting the amended designation ordinance to the reviewing authority for approval. If the reviewing authority does not act within 90 days after receiving the proposed amendment to the designation ordinance, the amendment is approved.

(b) Prior to amending an ordinance to designate solid waste to a disposal facility, a county or district shall submit an amended designation plan to the reviewing authority for approval, and shall follow the procedures outlined in section 115A.85.

Sec. 13. Minnesota Statutes 1988, section 115A.893, is amended to read:

115A.893 [PETITION FOR EXCLUSION.]

Any person proposing to own or operate a resource recovery processing facility using waste materials subject to a designation ordinance may petition the waste district or county for exclusion of the materials from the designation ordinance. In order to qualify for the exclusion of materials under this section, the petitioner shall submit with the petition a written description of the proposed facility, its intended location, its waste supply sources, purchasers of its products, its design capacity, and other information that the district or county may reasonably require. The district or county, after appropriate notice and hearing, shall issue a written decision with findings of fact and conclusions on all material issues. The district or county shall grant the petition if it determines that: (a) the materials will be processed at the resource recovery facility, and (b) the exclusion can be implemented without impairing the financial viability of the designated facility or impairing contractual obligations or preventing the performance of contracts by the facility owner or operator, the district or county, or users of the facility. Any person aggrieved by the decision of the district or county may appeal to the reviewing authority. The review is confined to the record. The decision of the reviewing authority must be based on the standards stated in this section. If the reviewing authority approves the petition, the designation ordinance must be amended in conformance with the decision of the reviewing authority. The petition may be amended during the proceedings by agreement between the petitioner and the district or county.

Sec. 14. Minnesota Statutes 1988, section 115A.906, is amended by adding a subdivision to read:

Subd. 2a. [EMERGENCY ABATEMENT.] The commissioner may take emergency action to abate a waste tire nuisance without following the procedures of subdivision 2 if the commissioner determines that the nuisance constitutes a clear and immediate danger of uncontrollable fire, mosquito infestation, or other hazard requiring immediate action to prevent, minimize, or mitigate damage to the public health and welfare or the environment. Before taking an action under this subdivision, the commissioner shall make all reasonable efforts, taking into account the urgency of the situation and any historical pattern of responses by the tire collector to any past problems or abatement orders, to follow as much of the procedure in subdivision 2 as is practical. Emergency action under this subdivision may include all of the activities authorized for an abatement order.

Sec. 15. Minnesota Statutes 1988, section 115A.94, is amended by adding a subdivision to read:

Subd. 6. [EFFECT.] Except as provided in subdivision 5, nothing in this section requires a city, town, or county to organize collection, or prevents a city, town, or county from organizing collection, for either solid waste or recyclable material.

Sec. 16. [115A.981] [SOLID WASTE DISPOSAL FACILITIES ANNUAL REPORTING.]

Subdivision 1. [RECORD KEEPING REQUIREMENTS.] The owner or operator of a solid waste disposal facility must maintain the records necessary to comply with the requirements of subdivisions 2 and 3.

Subd. 2. [ANNUAL REPORTING.] (a) The owner or operator of a solid waste disposal facility must:

(1) submit an annual report to the agency under section 115A.32, and Minnesota Rules, part 7035.2585;

(2) annually certify that it has established financial assurance for closure, postclosure care, and corrective action at the facility by using one or more of the financial assurance mechanisms specified by rule; and

(3) file a fee schedule with the agency with the annual report.

(b) The fee schedule must list all tipping fees, rates, charges, surcharges, and any other fees charged by each classification of customer. The owner or operator of a facility may not increase fees until 30 days after the owner or operator has submitted a fee schedule amendment to the agency.

Subd. 3. [CLASSIFICATION OF DATA.] Information declared proprietary information by the submitter that is received by the agency under subdivision 2 is nonpublic data as defined in section 13.02, subdivision 9, except that the attorney general has access to the information.

Subd. 4. [AGENCY REPORT.] The agency shall report to the legislative commission on waste management by July 1 of each even-numbered year on the viability of the state's waste processing and disposal capability, the status of competitive forces in the market including recycling, composting, waste reduction and incineration, the extent to which existing fees for services are sufficient for facility development, engineering, environmental and safety factors, the progress of the industry in meeting the state's waste management goals, and recommendations for regulations to ensure protection of human health and the environment. In preparing the report, the agency shall consider information received under subdivision 2.

Sec. 17. Minnesota Statutes 1988, section 115B.04, subdivision 4, is amended to read:

Subd. 4. [LIABILITY OF POLITICAL SUBDIVISIONS.] (a) The liability of a political subdivision under this section is subject to the limits imposed under section 466.04, subdivision 1, except when the political subdivision is liable under this section as the owner or operator of a disposal facility as defined in section 115A.03, subdivision 10.

(b) Except as provided in paragraph (c), when a political subdivision is liable as an owner or operator of a disposal facility as defined in section 115A.03, subdivision 10, including a facility owned or operated under a valid joint powers agreement to which the political subdivision is a party, the liability of the political subdivision under this section is limited to \$400,000 for the facility; provided that, if a facility is owned or operated under a joint powers agreement by three or more political subdivisions, the aggregate liability for the facility of all political subdivisions that are parties to the joint powers agreement is limited to \$1,200,000.

(c) The limits under paragraph (b) apply to response costs incurred between the date a request for response action is issued to the political subdivision by the agency and the date one year after the construction certificate of completion for the response action is approved by the commissioner. The limits under paragraph (b) do not apply to response costs incurred outside the dates set forth in this paragraph or to costs incurred to negotiate a consent order or other agreement with the agency concerning any response action.

(d) When a political subdivision subject to the liability limits under paragraph (b) incurs response costs between the dates in

paragraph (c) for response actions under a work plan approved by the agency:

(1) the liability of the political subdivision for response costs to which limits apply under paragraph (c) is reduced by the amount spent; and

(2) the agency may reimburse the political subdivision for any amount spent that exceeds the applicable limit under paragraph (b).

Sec. 18. Minnesota Statutes 1988, section 115B.17, is amended by adding a subdivision to read:

Subd. 15. [ACQUISITION OF PROPERTY.] The agency may acquire, by purchase or donation, an interest in real property, including easements and leases, that the agency determines is necessary for response action. The agency may acquire an easement by condemnation only if the agency is unable, after reasonable efforts, to acquire an interest in real property by purchase or donation. The provisions of chapter 117 govern condemnation proceedings by the agency under this subdivision. A donation of an interest in real property to the agency is not effective until the agency executes a certificate of acceptance. The state is not liable under this chapter solely as a result of acquiring an interest in real property under this subdivision.

Sec. 19. Minnesota Statutes 1988, section 115B.20, subdivision 2, is amended to read:

(1) the reasonable cost of replacing or decontaminating the primary source of drinking water for the property not to exceed the amount actually expended by the claimant or assessed by a local taxing authority, if the department of health has determined confirmed that the remedy provides safe drinking water and advised that the water is contaminated not be used for drinking or has included the property in a well advisory area and has certified determined that the replacement or decontamination of the source of drinking water effectively has or will eliminate the contamination was necessary, up to a maximum of \$25,000; and

(2) losses incurred as a result of a bona fide sale of the property at less than the appraised market value under circumstances that constitute a hardship to the owner, limited to 75 percent of the difference between the appraised market value and the selling price, but not to exceed \$25,000; and

(3) losses incurred as a result of the inability of an owner in hardship circumstances to sell the property due to the presence of harmful substances, limited to the increase in costs associated with the need to maintain two residences, but not to exceed \$25,000. In computation of the loss, the board shall offset the loss by the amount of any income received by the claimant from the rental of the property.

(b) For purposes of paragraph (a), the following definitions apply:

(1) "appraised market value" means an appraisal of the market value of the property disregarding any decrease in value caused by the presence of a hazardous harmful substance in or on the property; and

(2) "hardship" means an urgent need to sell the property based on a special circumstance of the owner including catastrophic medical expenses, inability of the owner to physically maintain the property due to a physical or mental condition, and change of employment of the owner or other member of the owner's household requiring the owner to move to a different location.

(c) Appraisals are subject to board approval. The board may adopt rules governing approval of appraisals, criteria for establishing a hardship, and other matters necessary to administer this subdivision.

Sec. 34. Minnesota Statutes 1988, section 115C.08, subdivision 4, is amended to read:

Subd. 4. [EXPENDITURES.] Money in the fund may only be spent:

(1) to administer the petroleum tank release cleanup program established in sections 115C.03 to 115C.10;

(2) for agency administrative costs under sections 116.46 to 116.50, sections 115C.03 to 115C.06, and costs of corrective action taken by the agency under section 115C.03, including investigations;

(3) for costs of recovering expenses of corrective actions under section 115C.04; and

(4) for training, certification, and rulemaking under sections 116.46 to 116.50; and

(5) for reimbursement of the harmful substance compensation fund under sections 115B.26, subdivision 4, and 115C.08, subdivision 5.

Sec. 35. Minnesota Statutes 1988, section 115C.08, is amended by adding a subdivision to read:

Subd. 5. [FUND TRANSFER.] The board shall authorize the commissioner of finance to transfer to the harmful substance compensation fund the amount requested by the harmful substance compensation board under section 115B.26, subdivision 4. Transfer of the amount must be made at the earliest practical date after authorization by the board unless the unexpended balance in the fund is less than \$1,000,000 in which case transfer must be made at the earliest practical date after the unexpended balance in the fund exceeds that amount.

Sec. 36. Minnesota Statutes 1988, section 116.07, is amended by adding a subdivision to read:

Subd. 4j. [PERMITS; SOLID WASTE FACILITIES.] The agency may not issue a permit for new or additional capacity for a mixed municipal solid waste resource recovery or disposal facility as defined in section 115A.03 unless each county projected in the permit to use the facility has in place a solid waste management plan approved under section 115A.46 or section 473.803. The agency shall issue the permit only if the capacity of the facility is consistent with the needs for resource recovery or disposal capacity identified in the approved plan or plans. Consistency must be determined by the metropolitan council for counties in the metropolitan area and by the agency for counties outside the metropolitan area. Plans approved before January 1, 1990, need not be revised if the capacity sought in the permit is consistent with the approved plan or plans.

The agency shall require as part of the permit application for a waste incineration facility identification of preliminary plans for ash management and ash leachate treatment or ash utilization. The permit issued by the agency must include requirements for ash management and ash leachate treatment.

Sec. 37. Minnesota Statutes 1988, section 466.04, subdivision 1, is amended to read:

Subdivision 1. [LIMITS; PUNITIVE DAMAGES.] Liability of any municipality on any claim within the scope of sections 466.01 to 466.15 shall not exceed

(a) \$200,000 when the claim is one for death by wrongful act or omission and \$200,000 to any claimant in any other case;

(b) \$600,000 for any number of claims arising out of a single occurrence;

(c) Twice the limits provided in clauses (a) and (b), ~~but not less than \$300,000 per claim,~~ when the claim arises out of the release or threatened release of a hazardous substance, whether the claim is brought under sections 115B.01 to 115B.15 or under any other law.

No award for damages on any such claim shall include punitive damages.

Sec. 38. Minnesota Statutes 1988, section 473.149, subdivision 2d, is amended to read:

Subd. 2d. [LAND DISPOSAL ABATEMENT PLAN.] ~~By January 1, 1985,~~ After considering any county land disposal abatement proposals and waste stream analysis that have been submitted by that date, pursuant to under section 473.803, subdivision 1b, the council shall amend its policy plan to include specific and quantifiable metropolitan objectives for abating to the greatest feasible and prudent extent the need for and practice of land disposal of mixed municipal solid waste and of specific components of the solid waste stream, including residuals and ash, either by type of waste or class of generator. The objectives must be stated in annual increments through the year 1990 and thereafter in five-year increments ~~through the year 2000~~ for a period of at least 20 years from the date of adoption of policy plan revisions. The plan must identify the capacity, based on the council's abatement objectives, needed for the disposal of various types of waste in each five-year increment and the general area of the region where the capacity should be developed. The plan must include a reduced estimate, based on the council's abatement objectives, of the added solid waste disposal capacity needed in appropriate sectors of the metropolitan area, stated in annual increments through the year 1990 and thereafter in five year increments through the year 2000. The plan must include objectives for waste reduction and measurable objectives for local abatement of solid waste through resource recovery and waste reduction, recycling and source separation programs and activities for each metropolitan county and for cities of the first class, the second class, and the third class, respectively, stated in annual increments through the year 1990 and in five-year increments through the year 2000 for a period of at least 20 years. The standards must be based upon and implement the council's metropolitan abatement objectives. The council's plan must include standards and procedures to be used by the council in determining whether a metropolitan county or class of cities within a metropolitan county has implemented the council's metropolitan land dis-

posal abatement plan and has achieved the objectives for local abatement.

Sec. 39. Minnesota Statutes 1988, section 473.149, subdivision 2e, is amended to read:

Subd. 2e. [SOLID WASTE DISPOSAL FACILITIES DEVELOPMENT SCHEDULE.] By January 1, 1985, After requesting and considering recommendations from the counties, cities, and towns, the council as part of its policy plan shall determine the number of sites and the capacity of sites to be acquired within each the metropolitan county area for solid waste disposal facilities in accordance with section 473.833. The council shall adopt a schedule of disposal capacity to be developed in each county through the year 2000 within the metropolitan area in five-year increments for a period of at least 20 years from adoption of development schedule revisions. The schedule may not allow capacity in excess of the council's reduced estimate of the disposal capacity needed because of the council's land disposal abatement plan, except as the council deems necessary to allow reallocation of capacity as required by this subdivision. The council shall make the implementation of elements of the schedule, including the disposal capacity allocated to each county, contingent on actions of each county and class of city in that county in adopting and implementing abatement plans pursuant to section 473.803, subdivision 1b. The council shall may review the development schedule every year and shall revise the development schedule and the allocation of disposal capacity required for each county based on the progress made in that county in the implementation of the council's abatement plans and achievement of metropolitan and local abatement objectives. The council shall review and revise, by resolution following public hearing, the development schedule and the allocation of disposal capacity required based on significant changes in the landfill capacity of the metropolitan area. The schedule may include procedures to be used by counties in selecting sites for acquisition pursuant to section 473.833. The schedule must include standards and procedures for council certification of need pursuant to section 473.823. The schedule must include a facility closure schedule and plans for postclosure management and disposition, for the use of property after acquisition and before facility development, and for the disposition of property and development rights, as defined in section 473.833, no longer needed for disposal facilities. The schedule must also include a closure schedule and plans for postclosure management for facilities in existence before the adoption of the development schedule.

Sec. 40. Minnesota Statutes 1988, section 473.803, is amended by adding a subdivision to read:

Subd. 2a. [WASTE ABATEMENT.] The council may require any county that fails to meet the waste abatement objectives contained in the council's policy plan to amend its master plan to address

methods to achieve the objectives. The master plan amendment is subject to council review and approval as provided in subdivision 2 and must consider at least:

- (1) minimum recycling service levels for solid waste generators;
- (2) mandatory generator participation in recycling programs including separation of recyclable material from mixed municipal solid waste;
- (3) use of organized solid waste collection under section 115A.94; and
- (4) waste abatement participation incentives including provision of storage bins, weekly collection of recyclable material, expansion of the types of recyclable material for collection, collection of recyclable material on the same day as collection of solid waste, and financial incentives such as basing charges to generators for waste collection services on the volume of waste generated and discounting collection charges for generators who separate recyclable material for collection separate from their solid waste.

Sec. 41. Minnesota Statutes 1988, section 473.811, subdivision 4, is amended to read:

Subd. 4. [COUNTY CONTRACTS.] Each metropolitan county may contract for the acquisition or use of existing public or private solid waste facilities or any facilities deemed necessary or useful for resource recovery from solid waste and may contract with any person for the operation or maintenance, or both, of any solid waste facility owned by the county. The contract shall provide for the operation or maintenance, or both, of the facility in accordance with any regulations, criteria, and standards of the agency, the metropolitan council and the county relating thereto. Any contract for the operation or maintenance of a solid waste facility may provide for the sale of solid waste, materials, electric energy, steam or other product to the operator or for a fee payable to the operator, which may be a fixed fee, or a fee based on tonnage or a percentage of income or other measure, or any combination thereof. A metropolitan county may warrant to the operator of a solid waste facility or contract purchaser of any solid waste, materials, electric energy, steam or other product the quality, composition and available quantity of the solid waste, materials, electric energy, steam or other product to be sold or delivered. A metropolitan county may enter into an agreement with a local government unit or the University of Minnesota for the purpose of compensating for the local risks, costs, or other effects of a waste processing facility.

Sec. 42. Minnesota Statutes 1988, section 473.823, subdivision 3, is amended to read:

Subd. 3. [SOLID WASTE FACILITIES; REVIEW PROCEDURES.] The agency shall request applicants for solid waste facility permits to submit all information deemed relevant by the council to its review, including without limitation information relating to the geographic areas and population served, the need, the effect on existing facilities and services, the effectiveness of proposed buffer areas to ensure at least protection of surrounding land uses from adverse impacts due to landfill operation and related activities, the anticipated public cost and benefit, the anticipated rates and charges, the manner of financing, the effect on metropolitan plans and development programs, the supply of waste, anticipated markets for any product, and alternative means of disposal or energy production. No permit may be issued for the operation of a solid waste facility in the metropolitan area which is not in accordance with the metropolitan council's solid waste policy plan. The metropolitan council shall determine whether a permit is in accordance with the policy plan. In making its determination, the council shall consider the areawide need and benefit of the applicant facility and the effectiveness of proposed buffer areas to adequately protect surrounding land uses in accordance with its policy plan, and may consider, without limitation, the effect of the applicant facility on existing and planned solid waste facilities described in a waste control commission implementation plan or county report or master plan. If the council determines that a permit is in accordance with its policy plan, the council shall approve the permit. If the council determines that a permit is not in accordance with its policy plan, it shall disapprove the permit. The council's approval of permits may be subject to conditions necessary to satisfy criteria and standards in its policy plan, including conditions respecting the type, character, and quantities of waste to be processed at a solid waste facility used primarily for resource recovery and the geographic territory from which a resource recovery facility or transfer station serving such a facility may draw its waste. For the purpose of this review and approval by the council, the agency shall send a copy of each permit application and any supporting information furnished by the applicant to the metropolitan council within 15 days after receipt of the application and all other information requested from the applicant. Within 60 days after the application and supporting information are received by the council, unless a time extension is authorized by the agency, the council shall issue to the agency in writing its determination whether the permit is disapproved, approved, or approved with conditions. If the council does not issue its determination to the agency within the 60-day period, unless a time extension is authorized by the agency, the permit shall be deemed to be in accordance with the council's policy plan. No permit shall be issued in the metropolitan area for a solid waste facility used primarily for resource recovery or a transfer station serving such a facility, if the facility or station is owned or operated by a public agency or if the acquisition or betterment of the facility or station is secured by public funds or obligations issued by a public agency, unless the council finds and determines that adequate markets exist for the products recovered and that establishment of the facility is consis-

tent with the criteria and standards in the metropolitan and county plans respecting the protection of existing resource recovery facilities and transfer stations serving such facilities.

Sec. 43. Minnesota Statutes 1988, section 473.831, subdivision 2, is amended to read:

Subd. 2. [USE OF PROCEEDS.] The proceeds of bonds issued under subdivision 1 shall be used by the council:

(a) to provide funds for the environmental analysis of solid waste disposal sites; and

(b) to make grants to metropolitan counties to pay for: (1) the cost of the environmental review of sites, (2) the acquisition of development rights for all or part of the period that the development limitation imposed by section 473.806 is in effect, (3) the acquisition of permanent or temporary right, title, or interests in property, including easements and development rights, for solid waste disposal sites and surrounding buffer areas required to be acquired by the county, pursuant to sections 473.833 and 473.840, by the council's policy plan and development schedule adopted pursuant to section 473.149, subdivision 2e, and (4) the acquisition and improvement of resource recovery facilities; and

(c) to reimburse a city or town that contains a solid waste disposal site identified by the council under section 473.149, subdivision 2b, for costs incurred by the city or town after publication of an environmental impact statement preparation notice for the site. Reimbursement may not exceed \$100,000 for a city or town. Costs eligible for reimbursement under this paragraph are those incurred for data collection, technical review, and analysis necessary to evaluate the draft environmental impact statement prepared by the county under section 473.833, subdivision 2a and the site selection decision made under section 473.833, subdivision 3. Legal fees are not eligible for reimbursement under this paragraph.

If the council is required by law or rule to prepare environmental analyses on one or more solid waste disposal sites and surrounding buffer areas, the council may use the proceeds of the bonds issued under subdivision 1 to contract for consultant services in the preparation of such analyses only upon a finding that equivalent expertise is not available among its own staff.

Sec. 44. Minnesota Statutes 1988, section 473.833, subdivision 2, is amended to read:

Subd. 2. [REQUIREMENT.] Each metropolitan county shall select and acquire sites and buffer areas for solid waste disposal facilities in accordance with this section and the council's policy plan and

development schedule adopted pursuant to section 473.149, subdivision 2e. Each county in which a site is selected and acquired must ensure development of the site in accordance with the landfill development schedule in the council's policy plan if the site is permittable by the agency and if its development is prudent as determined by the council.

Sec. 45. Minnesota Statutes 1988, section 473.833, subdivision 2a, is amended to read:

Subd. 2a. [ENVIRONMENTAL IMPACT STATEMENT.] Each metropolitan county shall complete an environmental impact statement on the environmental effects of the decision required by subdivision 3. The statement shall be prepared and reviewed in accordance with chapter 116D and the rules issued pursuant thereto, except as otherwise required by section 473.149 and this section. The determination of adequacy must be made within one year following the council's adoption of the facilities development schedule pursuant to section 473.149, subdivision 2e. The statement must be consistent with the establishment of facilities in accordance with the requirements of the council's development schedule, must not address or reconsider alternatives eliminated from consideration under sections 473.149, 473.803, subdivisions 1, 1a, and 1b, and this section, and must not address matters to be determined by the council under section 473.823, subdivision 6. The statement must address matters respecting permitting under section 473.823 only to the extent deemed necessary for the siting decision required by subdivision 3. The pollution control agency and the council shall assist and advise counties in the scoping decision and the preparation notice. The site selection authority established in subdivision 3, or the council, if it makes the selection under subdivision 3, shall prepare a record of decision, including specific findings of fact, that identifies how the environmental impact statement required by this subdivision was used by the site selection authority to make its site selection decision.

Sec. 46. Minnesota Statutes 1988, section 473.843, subdivision 1, is amended to read:

Subdivision 1. [AMOUNT OF FEE; APPLICATION.] The operator of a mixed municipal solid waste disposal facility in the metropolitan area shall pay a fee on solid waste accepted and disposed at the facility as follows:

(a) A facility that weighs the waste that it accepts must pay a fee of ~~50 cents~~ \$2 per cubic yard based on equivalent cubic yards of waste accepted at the entrance of the facility.

(b) A facility that does not weigh the waste but that measures the volume of the waste that it accepts must pay a fee of ~~50 cents~~ \$2 per cubic yard of waste accepted at the entrance of the facility.

(c) Waste residue from energy and resource recovery facilities at which solid waste is processed for the purpose of extracting, reducing, converting to energy, or otherwise separating and preparing solid waste for reuse, or from recycling facilities at which recyclable materials are separated or processed for the purposes of recycling, is exempt from one-half of the amount of the fee imposed by this subdivision if there is at least an 85 percent volume reduction in the solid waste processed. To qualify for exemption under this clause, waste residue must be brought to a disposal facility separately. The commissioner of revenue, with the advice and assistance of the council and the agency, shall prescribe procedures for determining the amount of waste residue qualifying for exemption.

Sec. 47. Minnesota Statutes 1988, section 473.843, subdivision 2, is amended to read:

Subd. 2. [DISPOSITION OF PROCEEDS.] After reimbursement to the department of revenue for costs incurred in administering this section, the proceeds of the fees imposed under this section, including interest and penalties, must be deposited as follows:

(a) one-half three-fourths of the proceeds must be deposited in the landfill abatement fund established in section 473.844; and

(b) one-half one-fourth of the proceeds must be deposited in the metropolitan landfill contingency action fund established in section 473.845.

Sec. 48. Minnesota Statutes 1988, section 473.844, subdivision 1a, is amended to read:

Subd. 1a. [USE OF FUNDS.] (a) The money in the fund may be spent only for the following purposes:

(1) assistance to any person for resource recovery projects funded under subdivision 4 or projects to develop and coordinate markets for reusable or recyclable waste materials, including related public education, planning, and technical assistance;

(2) grants to counties under section 473.8441; and

(3) program administration by the metropolitan council;

(4) public education on solid waste reduction and recycling; and

(5) solid waste research.

(b) The council shall allocate 50 percent of the annual revenue received by the fund for grants to counties under section 473.8441.

Sec. 49. Minnesota Statutes 1988, section 473.8441, subdivision 5, is amended to read:

Subd. 5. [GRANT ALLOCATION PROCEDURE.] (a) The council shall distribute the funds annually so that each qualifying county receives a base amount of \$25,000 an equal share of 50 percent of the council's allocation to the program described in this section, plus a proportionate share of the remaining funds available for the program. A county's proportionate share is an amount that has the same proportion to the total remaining funds as the number of households in the county has to the total number of households in all metropolitan counties. The council shall distribute the funds in two parts.

(b) The first distribution consists of the base amount plus one-third of the county's proportionate share. To qualify for the first distribution, a county must submit an application for council approval before December 1, 1987. Not more than one-half of the first distribution may be spent for planning and consultants.

(c) The second distribution consists of the remaining funds available for the program. To qualify for the second distribution, a county must have received funds under the first distribution and must submit for council approval by December 1, 1988, a report on expenditures and activities under the program, a local recycling implementation strategy as required by section 473.803, subdivision 1c, and a proposed performance funding system that will allocate all of the remaining funds available under the program for recycling implementation activities in accordance with performance. To qualify for distribution of funds, a county, by August 15 of each year, must submit for council approval a report on expenditures and activities under the program during the preceding fiscal year and any proposed changes in its recycling implementation strategy or performance funding system.

Sec. 50. Minnesota Statutes 1988, section 473.845, subdivision 2, is amended to read:

Subd. 2. [WATER SUPPLY MONITORING AND HEALTH ASSESSMENTS.] Up to ten percent of the money in the fund may be appropriated to the commissioner of health for water supply monitoring and health assessments. The commissioner shall monitor the quality of water in public water supply wells and may monitor private water supply wells in the metropolitan area that may be affected by their location in relation to a facility for mixed municipal solid waste. Testing under this subdivision must be for substances not funded under the Federal Safe Drinking Water Act. The health assessments may be conducted in areas that may be affected by contaminants from mixed municipal solid waste facilities.

Sec. 51. Minnesota Statutes 1988, section 473.848, is amended to read:

473.848 [RESTRICTION ON DISPOSAL.]

Subdivision 1. [RESTRICTION.] After January 1, 1990, no person may dispose of unprocessed mixed municipal solid waste at waste disposal facilities located in the metropolitan area may not accept mixed municipal solid waste for disposal unless:

(1) the waste has been certified as unprocessable by a county under subdivision 2; or

(2)(i) the waste has been transferred to the disposal facility from a resource recovery facility identified by the council;

(ii) no other resource recovery facility in the metropolitan area is capable of processing the waste; and

(iii) the waste has been certified as unprocessable by the operator of the resource recovery facility under subdivision 3.

For purposes of this section, mixed municipal solid waste does not include street sweepings, construction debris, mining waste, foundry sand, and other materials, if they are not capable of being processed by resource recovery as determined by the council.

Subd. 2. [COUNTY CERTIFICATION; COUNCIL APPROVAL.] Each county that has not implemented designation of all or a portion of its mixed municipal solid waste to a resource recovery facility shall submit a semiannual certification report to the council detailing the quantity of waste generated in the county that was not processed prior to transfer to a disposal facility during the six months preceding the report, the reasons the waste was not processed, a strategy for development of techniques to ensure processing of waste including a specific timeline for implementation of those techniques, and any progress made by the county in reducing the amount of unprocessed waste.

The council shall approve a county's report if it determines that the county is reducing and will continue to reduce the amount of unprocessed waste, based on the report and the county's progress in development and implementation of techniques to reduce the amount of unprocessed waste transferred to disposal facilities. If the council does not approve a county's report, it shall negotiate with the county to develop and implement specific techniques to reduce unprocessed waste. If the council does not approve three or more consecutive reports from any one county, the council shall develop specific reduction techniques that are designed for the particular

needs of the county. The county shall implement those techniques by specific dates to be determined by the council.

Subd. 3. [FACILITY CERTIFICATION; COUNTY REPORTS.] The operator of each resource recovery facility that receives waste from counties in the metropolitan area shall certify as unprocessable each load of mixed municipal solid waste it does not process. Certification must be made to each county that sends its waste to the facility at intervals specified by the county. Certification must include at least the number and size of loads certified as unprocessable, including those that would otherwise have been processed but were not processed because the facility was not in operation, and the reasons the waste is unprocessable.

Each county that sends its waste to a resource recovery facility shall submit a semiannual report to the council detailing the quantity of waste generated within the county that was not processed during the six months preceding the report, the reasons the waste was not processed, and a strategy for reducing the amount of unprocessed waste.

Subd. 4. [COUNCIL REPORT.] The council shall include, as part of its report to the legislative commission on waste management required under section 473.149, an accounting of the quantity of unprocessed mixed municipal solid waste transferred to disposal facilities, the reasons the waste was not processed, a strategy for reducing the amount of unprocessed waste, and progress made by counties to reduce the amount of unprocessed waste. The council may adopt standards for determining when waste is unprocessable and procedures for expediting certification and reporting of unprocessed waste.

Sec. 52. Laws 1984, chapter 644, section 85, as amended by Laws 1987, chapter 348, section 50, is amended to read:

Sec. 85. [EFFECTIVE DATE.]

Sections 1 to 45, 48 to 51, 56 to 72, and 78 to 84 are effective the day following final enactment. Sections 46, 47, and 73 to 77 are effective January 1, 1985, except that the fees imposed in sections 46, 47, and 73 shall be effective January 1, ~~1990~~ 1991, with respect to nonhazardous solid waste from metalcasting facilities. Prior to January 1, ~~1990~~ 1991, an operator of a facility that is located in the metropolitan area for the disposal of mixed municipal solid waste shall deduct from the disposal charge for nonhazardous solid waste from metalcasting facilities the fee imposed under sections 46, 47, and 73.

Section 52 is effective for taxable years after December 31, 1983. Section 55 is effective for sales after June 30, 1984. Sections 53 and 54 are effective for taxable years after December 31, 1984.

Sec. 53. [SOLID WASTE MANAGEMENT DISTRICT; STUDY.]

The agency shall conduct a study of the legislation authorizing the establishment of solid waste management districts, Minnesota Statutes, sections 115A.62 to 115A.72, and related mechanisms, such as joint powers agreements authorized by section 471.59, to determine their effectiveness in the area of solid waste management. By December 1, 1989, the agency shall report its findings, together with any recommendation for legislation, to the legislative commission on waste management.

Sec. 54. [METROPOLITAN COUNCIL; SOLID WASTE POLICY PLAN.]

At the earliest practical date, the metropolitan council shall amend its solid waste management policy plan, required under section 473.149, to include a definition of and standards and criteria for a buffer area as that term is used in relation to the inventory of solid waste disposal sites in section 473.149, subdivision 2b, and other related state law. The standards and criteria for a buffer area must ensure, at a minimum, protection of surrounding land uses from adverse or incompatible impacts due to landfill operation and related activities.

Sec. 55. [CLOSED MUNICIPAL LANDFILLS; FINANCIAL ASSURANCE AND CLOSURE REQUIREMENTS.]

A publicly operated mixed municipal solid waste landfill that stops accepting waste before July 1, 1990, is exempt from Minnesota Rules, parts 7035.2665 to 7035.2805, relating to financial assurance requirements.

Nothing in this section may be construed to eliminate public owner or operator responsibility and liability for closure or postclosure care required of facilities under Minnesota Statutes, section 116.07 and the rules adopted under it.

The pollution control agency shall study additional alternatives within the financial assurance requirements set forth in Minnesota Rules, parts 7035.2665 to 7035.2805 and report to the legislative commission on waste management by January 1, 1990.

Sec. 56. [ASH DEMONSTRATION PROJECTS; STATE INDEMNIFICATION.]

Subdivision 1. [SEWAGE SLUDGE ASH PROJECT; REPORT.] The metropolitan waste control commission and the commissioner of transportation shall jointly conduct one or more demonstration projects to determine the long-term potential and effects of the use of sewage sludge ash generated by the commission as a fine

aggregate in asphalt for use in state paving projects. The commission and the commissioners of transportation and the pollution control agency shall assess the practicality, costs, and potential environmental effects of use of the ash in asphalt and shall report to the legislative commission on waste management by November 1, 1990. The report must include a description of the projects undertaken, findings, and recommendations for further research needs and the future use of sewage sludge ash in asphalt.

Subd. 2. [SOLID WASTE ASH PROJECT; REPORT.] The Hennepin county board and the commissioner of transportation may jointly conduct a demonstration project to determine the long-term potential and effects of using solid waste ash as an aggregate in asphalt for use in road projects. The commissioners of transportation and the pollution control agency shall assess the practicality, costs, and potential effects of the use of the ash in asphalt and shall submit a report to the legislative commission on waste management by May 1, 1990, to include a description of the projects undertaken, findings, and recommendations for the future research needs and future use of solid waste ash in asphalt.

Subd. 3. [INDEMNIFICATION.] The state, through the general fund, assumes any and all liability related to the projects authorized in this section that is imposed on the metropolitan waste control commission, the commissioner of transportation, the county of Hennepin, and their employees, agents, and contractors, if the liability is based on classification of the ash as hazardous waste or a pollutant or contaminant under state or federal law. The state assumes the liability only if:

(1) the project is conducted in compliance with a permit issued by the pollution control agency; and

(2) if the entity held liable used due care in implementing the project.

The council shall amend its policy plan, adopted pursuant to section 473.149, to include standards and procedures for certifying need that conform to the certification standards stated in this subdivision. The standards and procedures shall be based on the council's disposal abatement plan adopted pursuant to section 473.149, subdivision 2d, the council's solid waste disposal facilities development schedule adopted under section 473.149, subdivision 2e, and the provisions of any master plans of counties that have been approved by the council under section 473.803, subdivision 2, and that are consistent with the council's abatement plan and development schedule. The council shall certify need only to the extent that there are no feasible and prudent alternatives to the disposal facility, including waste reduction, source separation and resource recovery which would minimize adverse impact upon natural resources. Alternatives that are speculative or conjectural shall not be deemed to be feasible and prudent. Economic considerations alone shall not justify the certification of need or the rejection of alternatives. In its certification the council shall not consider alternatives which have been eliminated from consideration by the adoption of the inventory pursuant to section 473.149, subdivision 2b, or the selection of sites under section 473.833, subdivision 3."

Subdivision 1. [DEFINITIONS.] (a) The definitions in this subdivision apply to this section.

(b) "Refuse derived fuel" means a product resulting from the processing of mixed municipal solid waste in a manner that reduces the quantity of noncombustible material present in the waste, reduces the size of waste components through shredding or other mechanical means, and produces a fuel suitable for combustion in existing or new solid fuel fired boilers.

(c) "Solid fuel fired boiler" means a device that is designed to combust solid fuel, including but not limited to: wood, coal, biomass, or lignite to produce steam or heat water.

(d) "Minor physical or operational modifications" means physical or operational changes that do not increase the rated energy production capacity of a solid fuel fired boiler and which do not involve capital costs in excess of 20 percent of a new solid fuel fired boiler having the same rated capacity.

Subd. 2. [INTERIM PERMITTING AND USE OF REFUSE DERIVED FUEL.] (a) The provisions in this subdivision are applicable to the permitting and use of refuse derived fuel in solid fuel fired boilers for an interim period that expires on occurrence of the earliest of the following events:

(1) final promulgation of rules by the United States Environmental Protection Agency establishing new permitting, emissions or performance requirements for municipal waste combustion facilities;

(2) final promulgation of rules by the pollution control agency establishing new standards of performance for incinerators or solid waste energy recovery facilities; or

(3) June 30, 1991.

(b) Existing or new solid fuel fired boilers may utilize refuse derived fuel for up to 25 percent of their rated heat input capacity during the interim period under the following conditions:

(1) utilization of refuse derived fuel involves no modification or only minor modification to the solid fuel fired boiler;

(2) utilization of refuse derived fuel does not cause a violation of existing emissions limitations or ambient air quality standards applicable to the solid fuel fired boiler; and

"Sec. 6. Minnesota Statutes 1988, section 297B.09, subdivision 1, is amended to read:

Subdivision 1. [GENERAL FUND SHARE.] (a) Money collected and received under this chapter must be deposited in the state treasury and credited to the general fund. The amounts collected and received shall be credited as provided in this subdivision, and transferred from the general fund on July 15 and January 15 of each fiscal year. The commissioner of finance must make each transfer based upon the actual receipts of the preceding six calendar months and include the interest earned during that six-month period. The commissioner of finance may establish a quarterly or other schedule providing for more frequent payments to the transit assistance fund if the commissioner determines it is necessary or desirable to provide for the cash flow needs of the recipients of money from the transit assistance fund.

(b) Thirty percent of the money collected and received under this chapter after June 30, 1988, and before July 1, 1991, must be

deposited in transferred to the highway user tax distribution fund and the transit assistance fund for apportionment as follows: 75 percent must be credited transferred to the highway user tax distribution fund for apportionment in the same manner and for the same purposes as other money in that fund, and the remaining 25 percent of the money must be credited transferred to the transit assistance fund to be appropriated to the commissioner of transportation for transit assistance within the state and to the regional transit board.

(c) Thirty Five percent of the money collected and received under this chapter after June 30, 1989 and before July 1, 1991, must be transferred as follows: 75 percent must be transferred to the trunk highway fund and 25 percent must be transferred to the transit assistance fund.

(d) Thirty-five percent of the money collected and received under this chapter after June 30, 1991, must be deposited in the trunk highway fund and the transit assistance fund for apportionment transferred as follows: 75 percent must be credited transferred to the trunk highway fund and the remaining 25 percent must be credited transferred to the transit assistance fund.

(d) (e) The distributions under this subdivision to the highway user tax distribution fund until June 30, 1991, and to the trunk highway fund thereafter, must be reduced by the amount necessary to fund the appropriation under section 41A.09, subdivision 1. For the fiscal years ending June 30, 1988, and June 30, 1989, the commissioner of finance, before making the transfers required on July 15 and January 15 of each year, shall estimate the amount required to fund the appropriation under section 41A.09, subdivision 1, for the six-month period for which the transfer is being made. The commissioner shall then reduce the amount transferred to the highway user tax distribution fund by the amount of that estimate. The commissioner shall reduce the estimate for any six-month period by the amount by which the estimate for the previous six-month period exceeded the amount needed to fund the appropriation under section 41A.09, subdivision 1, for that previous six-month period. If at any time during a six-month period in those fiscal years the amount of reduction in the transfer to the highway user tax distribution fund is insufficient to fund the appropriation under section 41A.09, subdivision 1 for that period, the commissioner shall transfer to the general fund from the highway user tax distribution fund an additional amount sufficient to fund the appropriation for that period, but the additional amount so transferred to the general fund in a six-month period may not exceed the amount transferred to the highway user tax distribution fund for that six-month period."

SPECIAL ORDERS, Continued

S. F. No. 738 was reported to the House.

Tunheim moved to amend S. F. No. 738, as follows:

Page 4, after line 23, insert:

"Sec. 3. Minnesota Statutes 1988, section 219.071, subdivision 2, is amended to read:

Subd. 2. [PAYMENT OF COSTS.] If a grade-crossing surface, as defined in section 219.16, needs improvement, repair or maintenance, the cost for the improvement, repair or maintenance may be paid jointly by the owner or lessee of the track, the road authority having jurisdiction over the public highway involved and funds available to the department for grade-crossing surfaces from the following sources:

- (1) money appropriated to the department in the future for the purposes of this section;
- (2) available federal funds allocated for the grade-crossing program established by this section; and
- (3) money acquired by the department by gift, grant, or contribution from any source for purposes of this section.

Sec. 4. Minnesota Statutes 1988, section 219.072, is amended to read:

219.072 [ESTABLISHMENT OF NEW GRADE CROSSINGS.]

The establishment of all new grade crossings must be approved by the commissioner. When establishment of a new grade crossing is desired, either by the public officials having the necessary authority or by the railroad company, and the public officials and the railroad company cannot agree as to need, location, or type of warning devices required, either party may file a petition with the commissioner setting forth the facts and submitting the matter for determination. The commissioner, after notice as the commissioner deems reasonable, shall conduct a hearing and issue an order determining the matters submitted. If the commissioner approves the establishment of a new grade crossing, the commissioner may in the same order direct that the costs, including the costs of the type of warning devices required, be divided between the railroad company and the public authority involved as the parties may agree, or, if they fail to agree, then as determined by the commissioner on the basis of benefit to the users of each. However, the commissioner may defer determination of the division of costs to a subsequent order to be made on the basis of evidence previously taken.

Sec. 5. [219.265] [MAINTENANCE COSTS.]

A railroad company that incurs expenses for the maintenance of signals or other safety devices used at grade crossings may annually file a claim for reimbursement with the commissioner. The commissioner shall reimburse claimants for up to 50 percent of the costs, as

determined by the commissioner, from funds made available for this purpose. The commissioner shall designate by rule the expenses that may be reimbursed under this section.

Sec. 6. Minnesota Statutes 1988, section 222.49, is amended to read:

222.49 [RAIL SERVICE IMPROVEMENT ACCOUNT.]

The rail service improvement account is created in the special revenue fund in the state treasury. The commissioner shall deposit in this account all money appropriated to or received by the department for the purpose of rail service improvement, including bond proceeds as authorized by Article XI, Section 5, Clause (i) of the Minnesota Constitution and federal money, but excluding proceeds of state bonds or other funds appropriated to the commissioner from the state transportation fund for the acquisition or betterment of property pertaining to the state rail bank established by section 222.63, and excluding income of the state rail bank and any other funds appropriated for its maintenance or improvement. All money so deposited is appropriated to the department for expenditure for rail service improvement in accordance with applicable state and federal law. This appropriation shall not lapse but shall be available until the purpose for which it was appropriated has been accomplished. No money appropriated to the department for the purposes of administering the rail service improvement program shall be deposited in the rail service improvement account nor shall such administrative costs be paid from the account.

Sec. 7. Minnesota Statutes 1988, section 222.50, subdivision 4, is amended to read:

Subd. 4. The commissioner may negotiate and enter into contracts for the purpose of rail line rehabilitation and for the purpose of assisting in the payment of up to 50 percent of the nonfederal share of a rehabilitation project under service improvement and may incorporate funds available from the federal rail service continuation program. The participants in these contracts shall be railroads, rail users and the department, and may be political subdivisions of the state and the federal government. In such contracts, participation by all parties shall be voluntary. The commissioner may provide a portion of the money required to carry out the terms of any such contract by expenditure from the rail service improvement account.

Sec. 8. Minnesota Statutes 1988, section 222.50, subdivision 5, is amended to read:

Subd. 5. In making any contract pursuant to subdivision 4 the commissioner may:

(a) Stipulate minimum operating standards for rail lines designed to achieve reasonable transportation service for shippers and to achieve best use of funds invested in rail line rehabilitation;

(b) Require a portion of the total assistance for improving a rail line to be loaned to the railroad by rail users and require the railroad to reimburse rail users for any loan on the basis of use of the line and the revenues produced when the line has been improved; and

(c) Determine the terms and conditions under which all or any portion of state funds allocated shall be repaid to the department by the railroads. Reimbursement may be made as a portion of the increased revenue derived from the improved rail line. Any reimbursement received by the department pursuant to this clause shall be deposited in the rail service improvement account and shall be appropriated exclusively for rehabilitating other rail lines in the state pursuant to subdivision 4; and.

(d) Require, in lieu of reimbursement as provided in clause (c) of this subdivision, that the railroad establish and maintain a separate railroad fund to be used exclusively for rehabilitation of other rail lines in Minnesota, to which a portion of the increase in revenue derived from the improved rail line shall be credited. The terms and conditions for use of money in the fund shall be stipulated in the contract. The contract shall also stipulate a penalty for use of such money in a manner other than as set forth in the contract and require the railroad to report to the department at such times as the commissioner requires, concerning the disbursement of money from the fund and the general status of rail line improvements.

Sec. 9. Minnesota Statutes 1988, section 222.50, subdivision 7, is amended to read:

Subd. 7. The commissioner may expend money from the rail service improvement account for the following purposes:

(a) To pay interest adjustments on loans guaranteed under the state rail user loan guarantee program;

(b) To pay a portion of the costs of capital improvement projects designed to improve rail service including construction or improvement of short segments of rail line such as side track, team track and connections between existing lines, and construction and improvement of loading, unloading, storage and transfer facilities of a rail user;

(c) To acquire, maintain, manage and dispose of railroad right-of-way pursuant to ~~subdivision 8~~ and the state rail bank program;

(d) To provide for aerial photography survey of proposed and

abandoned railroad tracks for the purpose of recording and reestablishing by analytical triangulation the existing alignment of the in-place track; or

(e) To pay a portion of the costs of acquiring a rail line by a regional railroad authority established pursuant to chapter 398A.

All money derived by the commissioner from the disposition of railroad right-of-way or of any other property acquired pursuant to sections 222.46 to 222.62 shall be deposited in the rail service improvement account.

Sec. 10. Minnesota Statutes 1988, section 222.63, subdivision 8, is amended to read:

Subd. 8. [RAIL BANK MAINTENANCE AND IMPROVEMENT ACCOUNTS.] A special ~~accounts~~ account shall be maintained in the state treasury, designated as the rail bank maintenance account ~~and the rail bank improvement account~~, to record the receipts and expenditures of the commissioner of transportation for the maintenance ~~and for the acquisition and betterment~~ of rail bank property. ~~Expenditures of proceeds of state transportation bonds and any other amounts appropriated to the commissioner from the state transportation fund shall be recorded in the improvement account.~~ Funds received by the commissioner of transportation from rentals, fees, or charges for the use of rail bank property shall be credited to the maintenance account and used for the maintenance of that property and held as a reserve for maintenance expenses in an amount determined by the commissioner, and amounts received in the maintenance account in excess of the reserve requirements shall be transferred to the rail service improvement account. All proceeds of the sale of abandoned rail lines shall be deposited in the rail service improvement account. ~~The improvement account shall be used only for the acquisition and betterment of abandoned rail lines and right-of-way.~~ All money to be deposited in ~~these accounts~~ this rail service improvement account as provided in this subdivision is appropriated to the commissioner of transportation for the purposes of this section. The appropriations shall not lapse but shall be available until the purposes for which the funds are appropriated are accomplished.

Sec. 11. Minnesota Statutes 1988, section 398A.02, is amended to read:

398A.02 [PURPOSE.]

The purpose of the regional railroad authorities act is to provide a means whereby one or more municipalities, with state and federal aids as may be available, may provide for the preservation and improvement of local rail service for agriculture, industry, or passenger traffic and provide for the preservation of abandoned rail

right-of-way for future transportation uses, when determined to be practicable and necessary for the public welfare, particularly in the case of abandonment of local rail lines.

Sec. 12. [REPEALER.]

Minnesota Statutes 1988, section 222.50, subdivision 8, is repealed."

Ogren moved that the Rules of the House be so far suspended that S. F. No. 491 be given its third reading and be placed upon its final passage. The motion prevailed.

Ogren moved to amend S. F. No. 491, as follows:

Delete everything after the enacting clause and insert:

"ARTICLE 1

Section 1. [62J.01] [FINDINGS.]

The legislature finds that substantial numbers of Minnesotans have no health care coverage and that most of these residents are wage earners or their dependents. One-third of these individuals are children.

The legislature further finds that when these individuals enter the health care system they have often foregone preventive care and are in need of more expensive treatment that often exceeds their financial resources. Much of the cost for these uncompensated services to the uninsured are already in the health care system in the form of increased insurance and provider rates and property and income taxes.

The legislature further finds that these costs, spread among the already insured, represent a woefully inefficient method for providing basic preventive and acute care for the uninsured and represent an added cost to employers now providing health insurance to their employees.

The legislature further finds that it is essential for the state to initiate and participate in a program of last resort to ensure basic and affordable health care to all Minnesotans while addressing the economic pressures on the health care system as a whole in Minnesota.

Sec. 2. [62J.02] [HEALTH CARE ACCESS COMMISSION.]

Subdivision 1. [MEMBERSHIP; COMPENSATION; CHAIR.] The Minnesota health care access commission consists of seven members. Three members are appointed by the governor, one of whom must be an experienced health care professional, one of whom must be a representative of small business, and one of whom must be a

representative of consumers. Beginning on February 2, 1990, the two members appointed under the rules of the senate and the two members appointed under the rules of the house shall become ex officio, nonvoting members. The commissioners of health, human services, employee relations, and commerce, or their designated representatives are also members. The governor shall appoint the chair of the commission after considering the commission's recommendation.

In addition, two ex officio, nonvoting members shall be appointed under the rules of the senate and two ex officio, nonvoting members shall be appointed under the rules of the house.

The terms, compensation, and removal of the members appointed by the governor are as provided in section 15.0575.

Subd. 2. [STAFF.] The commission shall select a director to serve at its pleasure as the chief administrative officer of the commission. The director may hire advisors, consultants, and employees, as authorized by the commission, and prescribe their duties. Employees are not state employees, but are covered by section 3.736. At the option of the commission, the employees may participate in the following plans for employees in the unclassified service: the state retirement plan, the state deferred compensation plan, and the health insurance and life insurance plans.

Subd. 3. [INITIAL DUTIES.] The health care access commission shall:

(1) develop a system to estimate the total number of uninsured Minnesotans by age, sex, employment status, income level, geography, and other relevant characteristics;

(2) explore all potential insurance options including size and makeup of risk groups;

(3) prepare a legal analysis of restrictions and other potential legal issues of the Employee Retirement Income Security Act, United States Code, title 29, sections 1001 to 1461;

(4) study and make recommendations on insurance and health care law changes including a review of all state imposed mandates on health care coverage that will improve access to health care;

(5) study and make recommendations on incentives and disincentives to ensure that employers continue to provide health insurance coverage;

(6) identify cost savings to public programs that will result from implementation of the health care access program;

(7) develop a cost containment policy after reviewing cost containment methods such as hospital admission precertification, concurrent review of hospital stays, discharge planning, hospital bill audit prior to discharge, primary gatekeepers, claims data analysis, a drug formulary, pharmacy data analysis, bulk discounts, emergency room use, outpatient surgery oversight, protocols for preventive care and common acute care, practice data compared to peers, practitioner rewards and penalties, and other cost containment methods;

(8) develop a financial plan for implementing the health care access program, including an actuarial analysis; a sliding fee scale analysis; reserve fund requirements; revenue projections from a payroll tax or other funding sources in an amount sufficient to generate one-half of the total costs of the health care access program, but not more than \$150,000,000 per year; and recommendations;

(9) develop a system to administer the health care access program;

(10) define the number, functions, and duties of administrative staff;

(11) study alternatives for financing the state share of the cost of the premiums, including, but not limited to, a payroll tax that is imposed primarily on employers who do not provide health coverage to their employees; and

(12) develop a system for collection of premium payments.

This subdivision is repealed February 1, 1990.

Subd. 4. [REPORT.] The commission shall report to the legislature by February 1, 1990, with the results of its study and its specific recommendations pursuant to subdivision 3.

This subdivision is repealed February 1, 1990.

Subd. 5. [GENERAL DUTIES.] The commission shall:

(1) implement and administer the health care access program created in sections 1 to 11, including its coordination with other government-subsidized programs;

(2) administer the health care access account created in section 11;

(3) subject to chapter 14, adopt, amend, and repeal rules, including emergency rules, necessary to implement and administer sections 1 to 11;

(4) conduct necessary investigations and inquiries and compel the submission of information, documents, and records it considers necessary to carry out its duties;

(5) report annually to the legislature and the governor on its activities and on recommended insurance and health care law changes to improve access to health care for residents of this state;

(6) employ and supervise staff;

(7) make every effort to ensure representation in service delivery by eligible practitioners, without regard to race, color, or sex; and

(8) conduct other activities it considers necessary to carry out the intent of the legislature as expressed in sections 1 to 11.

The commission shall be treated as an executive branch agency for purposes of sections 16A.095, 16A.10, 16A.11, 16A.123, 16A.14, and 16A.15.

Sec. 3. [62J.03] [CONTRACTING AUTHORITY.]

Subdivision 1. [GENERAL.] The commission may request bids from, and negotiate and contract with, carriers the commission determines are best qualified to underwrite and service health care plans that meet the requirements of section 4. The commission may also contract directly with health care providers. The commission may establish any conversion and continuation privileges for those plans it considers appropriate. The commission may negotiate premium rates and coverage provisions with all carriers regulated under chapters 62A, 62C, and 62D. The commission may negotiate separate contracts to cover eligible persons who are in need of, and receive, immediate medical treatment but who have not as yet selected a health care plan. The commission shall also negotiate reasonable cost containment measures to be applied to all carriers under chapters 62A, 62C, and 62D. Contracts to manage enrollment and plan selection must be bid or negotiated separately from contracts to service the plans, which shall be awarded only on the basis of competitive bids. The commission shall consider the cost of the plans, conversion options relating to the contracts, service capabilities, financial position, and reputation of the carriers and other factors the commission considers appropriate including, but not limited to, plan utilization review provisions, case management provisions, and preauthorization requirements. Each contract must be for a uniform term of at least one year but may be made automatically renewable from term to term in the absence of notice of termination by either party. The commission shall, to the extent feasible, offer a choice of plans available from two or more carriers regulated under chapters 62A, 62C, and 62D. The commission may offer only one plan in an area of the state if only one acceptable bid exists or if offering more than one would result in substantial,

additional administrative costs. Payments from the commission to a carrier are exempt from the tax imposed by section 60A.15 and are not included in the carrier's premiums for the purposes of assessments under 62E.11.

Subd. 2. [COMMUNITY CLINICS.] The commission, or an entity selected by the commission to administer health care plans on its behalf, shall to the extent appropriate contract with community clinics.

For purposes of this subdivision, "community clinics" means an entity that:

(1) through its staff and supporting resources or through its contracts or cooperative arrangements with other public or private entities, provides primary health services for all intended residents of its service area;

(2) was established to serve the primary health needs of low-income population groups;

(3) uses a sliding fee scale based on ability to pay, and does not limit access or care because of the financial limitations of the client;

(4) has nonprofit status under chapter 317; and

(5) has a governing board, for which at least 51 percent of the membership resides in and represents the local community served by the clinic.

Subd. 3. [CONTRACT TO CONTAIN STATEMENT OF BENEFITS.] A contract under this section must contain a detailed statement of benefits offered and must include any maximums, limitations, exclusions, and other provisions the commission considers necessary or desirable.

A contract providing only the coverage specified in section 4, subdivision 2, shall not contain a provision denying coverage for any preexisting conditions.

Subd. 4. [ACTUARIAL DATA.] The commission shall estimate, on an actuarially sound basis, the expected cost of providing coverage under the health care access program, recognizing variations in the cost of providing coverage through various systems and in different areas in the state. The commission shall make this actuarial data available to potential carriers under the health care access program.

Sec. 4. [62J.04] [BENEFITS.]

Subdivision 1. [AVAILABILITY.] The commission shall make available to all residents of this state health care plans meeting the requirements of subdivisions 2 and 3.

Subd. 2. [MINIMUM CORE COVERAGE.] The commission shall make available a health care plan that provides the following benefits:

(a) Covered expenses include only the following services and articles:

(1) inpatient and outpatient hospital services, but coverage for inpatient hospital services shall not exceed 30 days in any calendar year;

(2) professional services for the diagnosis or treatment of injuries, illnesses, or conditions covered under this subdivision, other than dental, which are rendered by a physician or at a physician's direction;

(3) prenatal and well child care and other preventive health services, including screenings, immunizations, and yearly disease detection;

(4) diagnostic x-rays and laboratory tests;

(5) prostheses, not including eye glasses and hearing aids;

(6) maternity benefits, subject to section 62A.041;

(7) transportation provided by a licensed ambulance service to the nearest facility qualified to treat the condition; and

(8) drugs requiring a physician's prescription, but not to exceed \$500 in any year. This dollar limitation does not apply to maintenance drugs prescribed by a physician for chronic conditions.

The commission may examine and make recommendations to the legislature on alternative gatekeeping mechanisms for access to health care services, different benefit and service packages for the minimum core coverage plan, and alternative dollar limitations for prescription drug costs.

(b) Covered expenses for the services and articles specified in this subdivision do not include the following:

(1) any charge for care for injury or disease either (i) arising out of an injury in the course of employment and subject to a workers' compensation or similar law, (ii) for which benefits are payable without regard to fault under coverage statutorily required to be

contained in any motor vehicle, or other liability insurance policy or equivalent self-insurance, or (iii) for which benefits are payable under another policy of accident and health insurance, Medicare or any other governmental program except as otherwise provided by section 62A.04, subdivision 3, clause (4);

(2) any charge for treatment for cosmetic purposes other than for reconstructive surgery when the service is incidental to or follows surgery resulting from injury, sickness, or other diseases of the involved part or when the service is performed on a covered dependent child because of congenital disease or anomaly which has resulted in a functional defect as determined by the attending physician;

(3) care which is primarily for custodial or domiciliary purposes which would not qualify as eligible services under Medicare;

(4) any charge for confinement in a private room to the extent it is in excess of the institution's charge for its most common semiprivate room, unless a private room is prescribed as medically necessary by a physician, provided, however, that if the institution does not have semiprivate rooms, its most common semiprivate room charge is considered to be 90 percent of its lowest private room charge;

(5) that part of any charge for services or articles rendered or prescribed by a physician, dentist, or other health care personnel which exceeds the prevailing charge in the locality where the service is provided; and

(6) any charge for services or articles that are not within the scope of authorized practice of the institution or individual providing the services or articles.

The commission may also consider alternative or additional limits on provider reimbursement and covered services, and make recommendations to the legislature.

(c) The commission shall establish copayment requirements and a dollar limitation per person on the total annual out-of-pocket expenses for covered services. Copayments shall be imposed for prescription drug benefits at a level of \$5 per prescription. Copayments shall be imposed for routine office visits at a level of \$5 per visit. Copayments shall be imposed for ambulance transportation covered under this subdivision at a level of \$25 per use of those services, if there is no admittance to a hospital within 24 hours after the services. Copayments shall be imposed for emergency room services at a level of \$25 per visit if there is no admittance to a hospital within 24 hours after the visit. No copayments shall be imposed on preventive health services covered under paragraph (a), clause (3). The commission may examine the effect of different

copayment levels on access to health care for persons with low incomes, and provide recommendations to the legislature based on this analysis.

(d) Coverage under a minimum core coverage plan is subject to a maximum lifetime benefit of \$50,000 per individual. The commission may also examine and make recommendations to the legislature on alternative maximum lifetime benefits.

(e) Coverage under this subdivision does not include any coverages otherwise required under chapters 62A, 62C, 62D, or 62E unless they are specifically referred to in this subdivision.

Subd. 3. [OPTIONAL COVERAGES.] The commission shall make available a number one qualified plan, a number two qualified plan, a number three qualified plan, and a qualified medicare supplement plan under chapter 62E and other optional coverages provided by carriers selected by the commission. Eligible persons may elect to purchase optional coverages.

Sec. 5. [62J.05] [MANDATORY HEALTH INSURANCE; ENROLLMENT IN HEALTH CARE ACCESS PROGRAM.]

Subdivision 1. [DEFINITIONS.] For purposes of sections 1 to 11, the following terms have the meanings given:

(1) "Dependent child" means a person who is: (1) under 18 years old, or under 22 years old and a student regularly attending school, college, or training; (2) not married; and (3) not the head of a household.

(2) "Enrollee" means an eligible resident who is enrolled in the health care access plan.

(3) "Family" means one or more people who live together and between whom there is a legal duty of support. "Family" includes dependent children, whether or not they live in the household of the parent.

(4) "Income" means income as defined in the federal poverty income guidelines. Income considered available to a dependent child whose parents are not enrollees is determined under chapter 256B.

(5) "Resident" means a person who is currently living in Minnesota and has been living in Minnesota for the six months immediately preceding the date of receipt by the commission or its carrier of a completed application for coverage and who meets the eligibility requirements of subdivision 2.

Subd. 2. [MANDATORY HEALTH INSURANCE.] By January 1,

1992, every resident of the state is required to have coverage under a health care plan that provides benefits at least equivalent to the minimum core coverage in section 4, subdivision 2.

For purposes of this subdivision, health coverage under Medicare; medical assistance; general assistance medical care; a plan of coverage as defined by section 62E.02, subdivision 9, that meets the requirements of a qualified plan under chapter 62E; or the state comprehensive health insurance plan, is considered at least equivalent to the minimum core coverage in section 4, subdivision 2.

Subd. 3. [HEALTH CARE ACCESS PROGRAM.] A Minnesota resident must enroll in the health care access program if the resident:

(1) does not have coverage available under:

(i) a policy, plan, or contract of health or accident insurance regulated under chapter 62A, 62C, 62D, 62H, or 64B; or

(ii) Medicare, medical assistance, general assistance medical care, an employment-based insurance program, or other subsidized health insurance program; or

(2) has coverage under a health care plan that does not meet the level of minimum core benefits in section 4, subdivision 2; or

(3) does not have coverage available under an employment-based group insurance program, and for whom all income received is self-employment income; or

(4) has coverage from the comprehensive health insurance plan under chapter 62E.

Sec. 6. [62J.06] [EMPLOYER PARTICIPATION.]

(a) The following employers are eligible to participate in the health care access program:

(1) an employer who does not provide or make available a health care plan to employees; or

(2) an employer who provides or makes available to employees a health care plan, including plans under section 62E.03. However, if the employer chooses to participate in the health care access program, the employer must obtain and provide employees with at least the level of coverage required under section 62E.03.

(b) An employee enrolled in the health care access program

pursuant to this subdivision is not eligible for any premium subsidy under section 8.

Sec. 7. [62J.07] [UNINSURED PERSONS REQUIRED TO PARTICIPATE; RECOVERY OF PAYMENTS BY COMMISSION.]

A resident who has no coverage under a health care plan who seeks medical care from a health care provider is enrolled in the health care access program from the time the person first seeks treatment. The commission may recover from the person the costs of the treatment if the person is financially able to pay for the costs. The commission may also recover the annual premium amount the person would owe for coverage under the health care access program.

Sec. 8. [62J.08] [PREMIUMS.]

Subdivision 1. [GENERALLY.] An enrollee in the health care access program shall pay the first installment of the premium for coverage upon the effective date of the coverage. The premium payment must be deposited in the account in section 11. The enrollee's share of the premium for minimum core coverage under section 4, subdivision 2, is determined by the income-based sliding fee schedule in subdivision 2. The remainder of the premium for this coverage is paid by the health care access account established in section 11. An enrollee who chooses optional coverage under section 4, subdivision 3, must pay the entire premium for the optional coverage and minimum core coverage.

Subd. 2. [SLIDING FEE SCHEDULE FOR PREMIUMS.] An enrollee's share of premium for minimum core coverage is based on the federal poverty income guidelines and the income of the enrollee's family, according to the following table:

<u>Family Income as a Percent of Poverty Income Guidelines</u>	<u>Enrollee's Share of Premium</u>
<u>Under 125 percent</u>	<u>0 percent</u>
<u>126 to 200 percent</u>	<u>15 percent</u>
<u>201 to 250 percent</u>	<u>50 percent</u>
<u>251 to 300 percent</u>	<u>75 percent</u>
<u>301 percent +</u>	<u>100 percent</u>

The commission may also consider and make recommendations to the legislature on alternative sliding fee scales.

Sec. 9. [62J.09] [ENROLLMENT AND PREMIUM PAYMENTS.]

The time, manner, conditions, limitations, and terms of eligibility and payment of premiums for enrollment of eligible residents for coverage under section 6 shall be determined by the commission in rule.

The rules shall: (1) include a procedure for referring persons eligible for coverage under the comprehensive health insurance plan to that plan if the commission considers it appropriate; and

(2) provide for the withholding by employers of premiums payable under section 8 from the wages of employees.

Sec. 10. [62J.10] [PROGRAM INFORMATION AND ENROLLMENT.]

Subdivision 1. [SOLICITATION OF ELIGIBLE PERSONS.] The commission shall disseminate appropriate information to the residents of this state about the existence of the program and the means of enrollment. Means of communication must include use of the press, radio, and television, as well as publication in appropriate state offices and publications.

The commission shall devise and implement methods to maintain public awareness of the provisions of sections 1 to 11 and shall administer sections 1 to 11 in a manner that facilitates public participation.

Subd. 2. [HEALTH INSURANCE INFORMATION; PENALTY.] A resident of the state shall furnish to the health care access commission the information required by the commission to determine the health care coverage of the person and the person's dependents. The commission may require proof of coverage. An employer shall distribute evidence of insurance forms to all employees. The commission shall establish civil penalties for the failure to supply information or the supplying of false information. Information furnished to the commission is classified as nonpublic data under chapter 13.

Subd. 3. [HEALTH CARE APPLICATIONS.] The health care access commission shall prepare and distribute information and evidence of insurance and application forms for health insurance under sections 1 to 11. The applications and other information must be made available to employers, health care provider offices and facilities, local human services agencies, public and community health offices and clinics, school clinics, county extension offices, and women, infants, and children (WIC) program sites. Employers must furnish applications and information to employees.

Sec. 11. [62J.11] [HEALTH CARE ACCESS ACCOUNT.]

Subdivision 1. [CREATION.] An account is established in the state treasury to be known as the health care access account. There is annually appropriated from the account to the commission the amount needed to pay for implementing and administering the health care access program established under sections 1 to 11, including payment of approved claims, refunds, administrative costs, and other related service charges.

This appropriation may not exceed \$150,000,000 in any fiscal year. The commission may, however, recommend to the legislature a different maximum appropriation level, based upon its examination of issues related to financing a health care program for the uninsured.

Subd. 2. [FUNDING.] The account is funded with revenue from the sources specified in subdivision 5 and section 8.

Subd. 3. [INVESTMENT OF ACCOUNT ASSETS.] Except as otherwise provided in subdivision 6, when there are funds in the account in excess of the amount the commission determines is currently needed, the commission shall direct the state treasurer to certify this amount to the state board of investment for investment subject to section 11A.24. Investment income and losses attributable to the account must be credited to the account.

Subd. 4. [ALLOCATION.] The commission shall allocate the appropriation to ensure that eligible persons of every income level for which there is a premium subsidy are enrolled and the appropriation is not used to disproportionately subsidize any particular income group.

Subd. 5. [ASSESSMENT ON EMPLOYERS THAT DISCONTINUE COVERAGE.] An employer that discontinues all plans of health coverage provided or made available to employees employed in this state and does not provide actuarially equivalent coverage to replace it shall pay a special assessment to the account.

The special assessment consists of an amount equal to two times the total annual premium or financing obligation of that employer for the previous calendar year.

One-half of the assessment must be paid to the account by January 1 of the year following the discontinuance, and one-half of the assessment must be paid to the account by January 1 of the next year.

The commission has all the powers under chapter 290 to impose and collect the assessment under this subdivision.

The commissioner of revenue shall provide the commission with

information necessary to allow the commission to administer and enforce this subdivision.

Subd. 6. [SURPLUS.] Surplus remaining in the fund at the end of a fiscal year may be used by the commission, in its discretion, to increase the premium subsidies.

Sec. 12. [APPROPRIATION.]

\$2,000,000 is appropriated from the general fund to the health care access commission to pay for the administrative and operating expenses of the commission. Of this appropriation, \$500,000 must be used by the commission for a subsidy program for community clinics meeting the definition in section 3, subdivision 2. In allocating this money between clinics, the commission shall take into account each clinic's financial condition and the proportion of low-income persons served by each clinic.

The appropriation is available until June 30, 1991, at which time the commission shall repay this amount to the general fund from the account created in section 11.

Sec. 13. [EFFECTIVE DATES.]

Sections 2, subdivisions 1 to 4; and 12 are effective July 1, 1989.

Section 2, subdivision 5, is effective July 1, 1990.

Sections 3 and 11 are effective May 15, 1991.

Sections 1 and 4 to 10 are effective January 1, 1992.

ARTICLE 2

Section 1. [SEVERABILITY.]

If any provision of article 1 of this act is found to be unconstitutional and void, the remainder of the article shall remain valid.

Sec. 2. [EFFECTIVE DATE.]

Section 1 is effective the day following final enactment."

This easement must begin at a point east of the Lester River (Milepost 8) and shall continue to the Two Harbors Depot (Milepost 26.5).

The conveyances of the exchanged properties must be in a form approved by the attorney general. The regional rail authority and commissioner of transportation shall provide complete and accurate property descriptions of the lands to be exchanged.

The rail authority retains the right to determine where on their right-of-way this easement may be granted and may impose restrictions or alterations if it determines that the recreational trail interferes with the operation of the railroad right-of-way or any of its revenue-related uses.

This easement is conveyed exclusively to the regional railroad authority and is terminated if the line is abandoned.
