May 18, 1991

The Honorable Robert E. Vanasek
Speaker of the House of Representatives

The Honorable Jerome M. Hughes
President of the Senate

We, the undersigned conferees for H. F. No. 317, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendment and that H. F. No. 317 be further amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1990, section 518.18, is amended to read:

518.18 [MODIFICATION OF ORDER.]

(a) Unless agreed to in writing by the parties, no motion to modify a custody order may be made earlier than one year after the date of the entry of a decree of dissolution or legal separation containing a provision dealing with custody, except in accordance with paragraph (c).

(b) If a motion for modification has been heard, whether or not it was granted, unless agreed to in writing by the parties no subsequent motion may be filed within two years after disposition of the prior motion on its merits, except in accordance with paragraph (c).

(c) The time limitations prescribed in paragraphs (a) and (b) shall not prohibit a motion to modify a custody order if the court finds that there is persistent and willful denial or interference with visitation, or has reason to believe that the child's present environment may endanger the child's physical or emotional health or impair the child's emotional development.

(d) If the court has jurisdiction to determine child custody matters, the court shall not modify a prior custody order unless it finds, upon the basis of facts that have arisen since the prior order or that were unknown to the court at the time of the prior order, that a change has occurred in the circumstances of the child or the eustodian parties and that the modification is necessary to serve the best interests of the child. In applying these standards the court shall retain the eustodian custody arrangement established by the prior order unless:

(i) the eustodian agrees both parties agree to the modification;

(ii) the child has been integrated into the family of the petitioner with the consent of the eustodian other party; or

(iii) the child's present environment endangers the child's physical or emotional health or impairs the child's emotional development and the harm likely to be caused by a change of environment is outweighed by the advantage of a change to the child.

In addition, a court may modify a custody order under section 631.52.

(e) In deciding whether to modify a prior joint custody order, the court shall apply the standards set forth in paragraph (d) unless: (1) the parties agree in writing to the application of a different standard, or (2) the party seeking the modification is asking the court for permission to move the residence of the child to another state.

Sec. 2. Minnesota Statutes 1990, section 518.551, subdivision 5, is amended to read:

Subd. 5. [NOTICE TO PUBLIC AUTHORITY; GUIDELINES.] (a) The petitioner shall notify the public authority of all proceedings for dissolution, legal separation, determination of parentage or for the custody of a child, if either party is receiving aid to families with dependent children or applies for it subsequent to the commencement of the proceeding. After receipt of the notice, the court shall set child support as provided in this subdivision. The court may order either or both parents owing a duty of support to a child of the marriage to pay an amount reasonable or necessary for the child's support, without regard to marital misconduct. The court shall approve a child support agreement of the parties if each party is represented by independent counsel, unless the agreement is not in the interest of justice. In other cases the court shall determine and order child support in a specific dollar amount in accordance with the guidelines and the other factors set forth in paragraph (b) and any departure therefrom. The court may also order the obligor to pay child support in the form of a percentage share of the obligor's net bonuses, commissions, or other forms of compensation, in addition to, or if the obligor receives no base pay, in lieu of, an order for a specific dollar amount.

The court shall derive a specific dollar amount by multiplying the obligor's net income by the percentage indicated by the following guidelines:

|------------------------------------|---|-----|-----|-----|-----|-----|--------------|
| | 1 | 2 | 3 | 4 | 5 | 6 | 7 or more |

Guidelines for support for an obligor with a monthly income of \$4,001 or more shall be the same dollar amounts as provided for in the guidelines for an obligor with a monthly income of \$4,000.

**(vii) Cost of Individual or Group

**(viii) A Child Support or

“Net income” does not include:

(1) the income of the obligor’s spouse, but does include in-kind payments received by the obligor in the course of employment, self-employment, or operation of a business if the payments reduce the obligor’s living expenses; or

(2) compensation received by a party for employment in excess of a 40-hour work week, provided that:

(a) support is nonetheless ordered in an amount at least equal to the guidelines amount based on income not excluded under this clause; and

(b) the party demonstrates, and the court finds, that:

(i) the excess employment began after the filing of the petition for dissolution;

(ii) the excess employment reflects an increase in the work schedule or hours worked over that of the two years immediately preceding the filing of the petition;

(iii) the excess employment is voluntary and not a condition of employment;

(iv) the excess employment is in the nature of additional, part-time or overtime employment compensable by the hour or fraction of an hour; and

(v) the party’s compensation structure has not been changed for the purpose of affecting a support or maintenance obligation.

(b) In addition to the child support guidelines, the court shall take into consideration the following factors in setting or modifying child support:

(1) all earnings, income, and resources of the parents, including real and personal property, but excluding income from excess employment of the obligor or obligee that meets the criteria of paragraph (a), clause (2)(b);

(2) the financial needs and resources, physical and emotional condition, and educational needs of the child or children to be supported;

(3) the standards of living the child would have enjoyed had the marriage not been dissolved, but recognizing that the parents now have separate households;

(4) the amount of the aid to families with dependent children grant for the child or children;

(5) which parent receives the income taxation dependency exemption and what financial benefit the parent receives from it; and

(6) the parents' debts as provided in paragraph (c).

(c) In establishing or modifying a support obligation, the court may consider debts owed to private creditors, but only if:

(1) the right to support has not been assigned under section 256.74;

(2) the court determines that the debt was reasonably incurred for necessary support of the child or parent or for the necessary generation of income. If the debt was incurred for the necessary generation of income, the court shall consider only the amount of debt that is essential to the continuing generation of income; and

(3) the party requesting a departure produces a sworn schedule of the debts, with supporting documentation, showing goods or services purchased, the recipient of them, the amount of the original debt, the outstanding balance, the monthly payment, and the number of months until the debt will be fully paid.

Any schedule prepared under paragraph (c), clause (3), shall contain a statement that the debt will be fully paid after the number of months shown in the schedule, barring emergencies beyond the party's control.

Any further departure below the guidelines that is based on a consideration of debts owed to private creditors shall not exceed 18 months in duration, after which the support shall increase automatically to the level ordered by the court. Nothing in this section shall be construed to prohibit one or more step increases in support to reflect debt retirement during the 18-month period.

Where payment of debt is ordered pursuant to this section, the payment shall be ordered to be in the nature of child support.

(d) Nothing shall preclude the court from receiving evidence on the above factors to determine if the guidelines should be exceeded or modified in a particular case.

(e) The above guidelines are binding in each case unless the court makes express findings of fact as to the reason for departure below or above the guidelines.

Sec. 3. Minnesota Statutes 1990, section 518.57, is amended by adding a subdivision to read:

Subd. 3. [SATISFACTION OF CHILD SUPPORT OBLIGATION.] The court may conclude that an obligor has satisfied a child support obligation by providing a home, care, and support for the child while the child is living with the obligor, if the court finds that the child was integrated into the family of the obligor with the consent of the obligee and child support payments were not assigned to the public agency under section 256.74.

Sec. 4. Minnesota Statutes 1990, section 518.58, subdivision 1, is amended to read:

Subdivision 1. [GENERAL.] Upon a dissolution of a marriage, an annulment, or in a proceeding for disposition of property following a dissolution of marriage by a court which lacked personal jurisdiction over the absent spouse or lacked jurisdiction to dispose of the property and which has since acquired jurisdiction, the court shall make a just and equitable division of the marital property of the parties without regard to marital misconduct, after making findings regarding the division of the property. The court shall base its findings on all relevant factors including the length of the marriage, any prior marriage of a party, the age, health, station, occupation, amount and sources of income, vocational skills, employability, estate, liabilities, needs, opportunity for future acquisition of capital assets, and income of each party. The court shall also consider the contribution of each in the acquisition, preservation, depreciation or appreciation in the amount or value of the marital property, as well as the contribution of a spouse as a homemaker. It shall be conclusively presumed that each spouse made a substantial contribution to the acquisition of income and property while they were living together as husband and wife. The court may also award to either spouse the household goods and furniture of the parties, whether or not acquired during the marriage. The court shall value marital assets for purposes of division between the parties as of the day of the initially scheduled prehearing settlement conference, unless a different date is agreed upon by the parties, or unless the court makes specific findings that another date of valuation is fair and equitable. If there is a substantial change in value of an asset

between the date of valuation and the final distribution, the court may adjust the valuation of that asset as necessary to effect an equitable distribution. ~~During the pendency of a marriage dissolution or annulment proceeding, each party owes a fiduciary duty to the other for any profit or loss derived by the party, without consent of the other, from a transaction or from any use by the party of the marital assets.~~

Sec. 5. Minnesota Statutes 1990, section 518.58, is amended by adding a subdivision to read:

Subd. 1a. [TRANSFER, ENCUMBRANCE, CONCEALMENT, OR DISPOSITION OF MARITAL ASSETS.] During the pendency of a marriage dissolution, separation, or annulment proceeding, or in contemplation of commencing a marriage dissolution, separation, or annulment proceeding, each party owes a fiduciary duty to the other for any profit or loss derived by the party, without the consent of the other, from a transaction or from any use by the party of the marital assets. If the court finds that a party to a marriage, without consent of the other party, has in contemplation of commencing, or during the pendency of, the current dissolution, separation, or annulment proceeding, transferred, encumbered, concealed, or disposed of marital assets except in the usual course of business or for the necessities of life, the court shall compensate the other party by placing both parties in the same position that they would have been in had the transfer, encumbrance, concealment, or disposal not occurred. The burden of proof under this subdivision is on the party claiming that the other party transferred, encumbered, concealed, or disposed of marital assets in contemplation of commencing or during the pendency of the current dissolution, separation, or annulment proceeding, without consent of the claiming party, and that the transfer, encumbrance, concealment, or disposal was not in the usual course of business or for the necessities of life. In compensating a party under this section, the court, in dividing the marital property, may impute the entire value of an asset and a fair return on the asset to the party who transferred, encumbered, concealed, or disposed of it. The absence of a restraining order against the transfer, encumbrance, concealment, or disposal of marital property is not available as a defense under this subdivision.

Sec. 6. Minnesota Statutes 1990, section 518.619, subdivision 6, is amended to read:

Subd. 6. [MEDIATOR RECOMMENDATIONS.] When the parties have not reached agreement as a result of the mediation proceeding, the mediator may recommend to the court that an investigation be conducted under section 518.167, or that other action be taken to assist the parties to resolve the controversy before hearing on the issues. The mediator may not conduct the investigation or evaluation unless: (1) the parties agree in writing, executed after the termination of mediation, that the mediator may conduct the

investigation or evaluation, or (2) there is no other person reasonably available to conduct the investigation or evaluation. The mediator may recommend that mutual restraining orders be issued in appropriate cases, pending determination of the controversy, to protect the well-being of the children involved in the controversy.

Sec. 7. Minnesota Statutes 1990, section 518.64, subdivision 2, is amended to read:

Subd. 2. [MODIFICATION.] (a) The terms of a decree respecting maintenance or support may be modified upon a showing of one or more of the following: (1) substantially increased or decreased earnings of a party; (2) substantially increased or decreased need of a party; (3) receipt of assistance under sections 256.72 to 256.87; or (4) a change in the cost of living for either party as measured by the federal bureau of statistics, any of which makes the terms unreasonable and unfair.

(b) On a motion for modification of maintenance, including a motion for the extension of the duration of a maintenance award, the court shall apply, in addition to all other relevant factors, the factors for an award of maintenance under section 518.552 that exist at the time of the motion. On a motion for modification of support, the court:

(1) shall take into consideration the needs of the children and shall not consider the financial circumstances of each party's spouse, if any; and

(2) shall not consider compensation received by a party for employment in excess of a 40-hour work week, provided that the party demonstrates, and the court finds, that:

(i) the excess employment began after entry of the existing support order;

(ii) the excess employment is voluntary and not a condition of employment;

(iii) the excess employment is in the nature of additional, part-time employment, or overtime employment compensable by the hour or fractions of an hour;

(iv) the party's compensation structure has not been changed for the purpose of affecting a support or maintenance obligation;

(v) in the case of an obligor, current child support payments are at least equal to the guidelines amount based on income not excluded under this clause; and

(vi) in the case of an obligor who is in arrears in child support payments to the obligee, any net income from excess employment must be used to pay the arrearages until the arrearages are paid in full.

(c) A modification of support or maintenance may be made retroactive only with respect to any period during which the petitioning party has pending a motion for modification but only from the date of service of notice of the motion on the responding party. However, modification may be applied to an earlier period if the court makes express findings that the party seeking modification was precluded from serving a motion by reason of a significant physical or mental disability or a material misrepresentation of another party and that the party seeking modification, when no longer precluded, promptly served a motion.

(d) Except for an award of the right of occupancy of the homestead, provided in section 518.63, all divisions of real and personal property provided by section 518.58 shall be final, and may be revoked or modified only where the court finds the existence of conditions that justify reopening a judgment under the laws of this state, including motions under section 518.145, subdivision 2. The court may impose a lien or charge on the divided property at any time while the property, or subsequently acquired property, is owned by the parties or either of them, for the payment of maintenance or support money, or may sequester the property as is provided by section 518.24.

(e) The court need not hold an evidentiary hearing on a motion for modification of maintenance or support.

(f) Section 518.14 shall govern the award of attorney fees for motions brought under this subdivision.

Sec. 8. Minnesota Statutes 1990, section 518.641, subdivision 1, is amended to read:

Subdivision 1. **[REQUIREMENT.]** An order for maintenance or child support shall provide for a biennial adjustment in the amount to be paid based on a change in the cost of living. An order that provides for a cost-of-living adjustment shall specify the cost-of-living index to be applied and the date on which the cost-of-living adjustment shall become effective. The court may use the consumer price index for all urban consumers, Minneapolis-St. Paul (CPI-U), the consumer price index for wage earners and clerical, Minneapolis-St. Paul (CPI-W), or another cost-of-living index published by the department of labor which it specifically finds is more appropriate. ~~The court may specify that the housing component be excluded from the cost-of-living adjustment.~~ Cost-of-living increases under this section shall be compounded. The court may also increase the amount by more than the cost-of-living adjustment by agreement of the parties or by making further findings. The adjustment becomes

effective on the first of May of the year in which it is made, for cases in which payment is made to the public authority. For cases in which payment is not made to the public authority, application for an adjustment may be made in any month but no application for an adjustment may be made sooner than two years after the date of the dissolution decree. A court may waive the requirement of the cost-of-living clause if it expressly finds that the obligor's occupation or income, or both, does not provide for cost-of-living adjustment or that the order for maintenance or child support has a provision such as a step increase that has the effect of a cost-of-living clause. The court may waive a cost-of-living adjustment in a maintenance order if the parties so agree in writing. The commissioner of human services may promulgate rules for child support adjustments under this section in accordance with the rulemaking provisions of chapter 14.

Sec. 9. Minnesota Statutes 1990, section 518.641, subdivision 2, is amended to read:

Subd. 2. [CONDITIONS.] No adjustment under this section may be made unless the order provides for it and until the following conditions are met:

(a) the obligee or public authority serves notice of its application for adjustment by mail on the obligor at the obligor's last known address at least 20 days before the effective date of the adjustment;

(b) the notice to the obligor ~~shall inform~~ informs the obligor ~~that an of the date on which the adjustment in payments shall will~~ become effective on the first of May; and

(c) after receipt of notice and before the effective day of the adjustment, the obligor fails to request a hearing on the issue of whether the adjustment should take effect, and ex parte, to stay imposition of the adjustment pending outcome of the hearing.

Sec. 10. Minnesota Statutes 1990, section 549.09, subdivision 1, is amended to read:

Subdivision 1. [WHEN OWED; RATE.] (a) When the judgment is for the recovery of money, including a judgment for the recovery of taxes, interest from the time of the verdict or report until judgment is finally entered shall be computed by the court administrator as provided in clause (c) and added to the judgment.

(b) Except as otherwise provided by contract or allowed by law, preverdict or prereport interest on pecuniary damages shall be computed as provided in clause (c) from the time of the commencement of the action, or the time of a written settlement demand, whichever occurs first, except as provided herein. The action must be

commenced within 60 days of a written settlement demand for interest to begin to accrue from the time of the demand. If either party serves a written offer of settlement, the other party may serve a written acceptance or a written counteroffer within 60 days. After that time interest on the judgment shall be calculated by the judge in the following manner. The prevailing party shall receive interest on any judgment from the time the action was commenced or a written settlement demand was made, or as to special damages from the time when special damages were incurred, if later, until the time of verdict or report only if the amount of its offer is closer to the judgment than the amount of the opposing party's offer. If the amount of the losing party's offer was closer to the judgment than the prevailing party's offer, the prevailing party shall receive interest only on the amount of the settlement offer or the judgment, whichever is less, and only from the time the action was commenced or a written settlement demand was made, or as to special damages from when the special damages were incurred, if later, until the time the settlement offer was made. Subsequent offers and counteroffers supersede the legal effect of earlier offers and counteroffers. For the purposes of clause (3), the amount of settlement offer must be allocated between past and future damages in the same proportion as determined by the trier of fact. Except as otherwise provided by contract or allowed by law, preverdict or prereport interest shall not be awarded on the following:

(1) judgments, awards, or benefits in workers' compensation cases, but not including third-party actions;

~~(2) judgments, decrees, or orders in dissolution, annulment, or legal separation actions;~~

~~(3) judgments for future damages;~~

~~(4) (3) punitive damages, fines, or other damages that are non-compensatory in nature;~~

~~(5) (4) judgments not in excess of the amount specified in section 487.30; and~~

~~(6) (5) that portion of any verdict or report which is founded upon interest, or costs, disbursements, attorney fees, or other similar items added by the court.~~

(c) The interest shall be computed as simple interest per annum. The rate of interest shall be based on the secondary market yield of one year United States treasury bills, calculated on a bank discount basis as provided in this section.

On or before the 20th day of December of each year the state court administrator shall determine the rate from the secondary market

yield on one year United States treasury bills for the most recent calendar month, reported on a monthly basis in the latest statistical release of the board of governors of the federal reserve system. This yield, rounded to the nearest one percent, shall be the annual interest rate during the succeeding calendar year. The state court administrator shall communicate the interest rates to the court administrators and sheriffs for use in computing the interest on verdicts.

When a judgment creditor, or the judgment creditor's attorney or agent, has received a payment after entry of judgment, whether the payment is made voluntarily by or on behalf of the judgment debtor, or is collected by legal process other than execution levy where a proper return has been filed with the court administrator, the judgment creditor, or the judgment creditor's attorney, before applying to the court administrator for an execution shall file with the court administrator an affidavit of partial satisfaction. The affidavit must state the dates and amounts of payments made upon the judgment after the most recent affidavit of partial satisfaction filed, if any; the part of each payment that is applied to taxable disbursements and to accrued interest and to the unpaid principal balance of the judgment; and the accrued, but the unpaid interest owing, if any, after application of each payment."

The proceeds of bonds issued under this section for closure, postclosure, and contingency costs and noncapital responses to releases may be used only for solid waste facilities in existence on May 15, 1989. Except as otherwise provided in this section, the bonds must be issued and sold in accordance with the provisions of chapter 475. The proceeds of the bonds may be used in part to establish a reserve as further security for the payment of the principal and interest of the bonds when due. Bonds issued under this section may be sold at public or private sale upon conditions that the county board determines, but any bonds issued after May 22, 1991, to which the full faith and credit and taxing powers of the county are pledged must be sold in accordance with the provisions of chapter 475. All assessments and interest thereon shall be collected and paid over in the same manner as other municipal taxes. The owner of any property so assessed may, at any time prior to certification of the assessment or the first installment thereof to the county auditor, pay the whole of the assessment on such property, with interest accrued to the date of payment, to the municipal treasurer, except that no interest shall be charged if the entire assessment is paid within 30 days from the adoption thereof; and, except as hereinafter provided, the owner may at any time prior to November 15 of any year, prepay to the treasurer of the municipality having levied said assessments, the whole assessment remaining due with interest accrued to December 31 of the year in which said prepayment is made. If the assessment roll is retained by the municipal clerk, the installment and interest in process of collection on the current tax list shall be paid to the county treasurer and the remaining principal balance of the assessment, if paid, shall be paid to the municipal treasurer. The council may by ordinance authorize the partial prepayment of assessments, in such manner as the ordinance may provide, prior to certification of the assessment or the first installment thereof to the county auditor.

S. F. No. 652 was reported to the House.

Dawkins and Morrison moved to amend S. F. No. 652, as follows:

Page 1, after line 13, insert:

“Section 2. [462A.30] [DEFINITIONS.]

Subdivision 1. [APPLICABILITY.] The definitions in this section apply to sections 1 to 3.

Subd. 2. [AGENCY.] “Agency” means the Minnesota housing finance agency.

Subd. 3. [FIRST OPTION TO PURCHASE.] “First option to purchase” means a right of a neighborhood land trust or the agency to purchase all or any portion of the improvements and leasehold interest of a lessee, sublessee, or other resident of property subject to a ground lease, prior to the rights of any other party and at a limited equity price.

Subd. 4. [GROUND LEASE.] “Ground lease” means a lease of real property in which the lease does not include buildings or other improvements.

Subd. 5. [LEASEHOLD INTEREST.] “Leasehold interest” means the real property interest of a lessee in a ground lease in which the neighborhood land trust is the lessor.

Subd. 6. [LIMITED EQUITY FORMULA.] “Limited equity formula” means a method, to be determined by rule adopted by the agency, for calculation of the limited equity price, designed to maintain the affordability of the housing and the public subsidy.

Subd. 7. [LIMITED EQUITY PRICE.] “Limited equity price” means a price for the sale of any building or other improvement located on land owned by a neighborhood land trust determined by means of the limited equity formula.

Subd. 8. [NEIGHBORHOOD LAND TRUST.] “Neighborhood land trust” means a nonprofit corporation organized under chapter 317A that complies with section 2 and that qualifies for tax exempt status under United States Code, title 26, section 501(c)(3), and meets all other criteria for neighborhood land trust set by the agency.

Subd. 9. [PERSONS AND FAMILIES OF LOW AND MODERATE INCOME.] “Persons and families of low and moderate income” has the meaning specified in section 462A.03, subdivision 10.

Sec. 2. [462A.31] [NEIGHBORHOOD LAND TRUSTS.]

Subdivision 1. [PURPOSES.] A neighborhood land trust must have as one of its purposes the holding of land and the leasing of land for the purpose of preserving the affordability of housing on that land for persons and families of low and moderate income.

Subd. 2. [POWERS.] A neighborhood land trust may have any or all of the powers permitted to a nonprofit corporation under chapter 317A, except that a neighborhood land trust must have the power to buy and sell land, to mortgage and otherwise encumber land, and to negotiate and enter into ground leases with an initial term of up to 99 years.

Subd. 3. [RESTRICTIONS.] A ground lease in which a neighborhood land trust is the lessor must contain provisions designed to preserve the affordability of housing on the land. Each ground lease must reserve to the neighborhood land trust the first option to purchase any building or improvement on the land, or any condominium or cooperative unit located in a building on the land, at a limited equity price specified in the ground lease. Each ground lease must grant to the Minnesota housing finance agency the right to exercise that first option to purchase if the neighborhood land trust does not, for any reason, exercise the first option. Each ground lease must exempt sales to persons and families of low and moderate income from the provisions granting the first option to purchase to the neighborhood land trust and to the Minnesota housing finance agency. Sales to persons and families of low and moderate income are not exempt from the limited equity price. A ground lease may also contain appropriate restrictions on:

- (1) subletting or assigning the ground lease;
- (2) construction and renovation of buildings and other improvements; and

(3) sale of buildings and improvements.

Subd. 4. [MORTGAGES.] (a) A ground lease with a neighborhood land trust must prohibit the lessee from mortgaging the lessee's interest in the lease or in buildings or other improvements without the consent of the neighborhood land trust. A ground lease may obligate a neighborhood land trust as lessor and fee title holder to consent to, join in, or subordinate its interest to, a mortgage entered into by a lessee as mortgagor for the purpose of obtaining financing for construction or renovation of housing on the land. A lease provision so obligating a neighborhood land trust must specify that the mortgage must provide to the neighborhood land trust the right to receive from the mortgagee prompt notice of default in the mortgage and the right to cure the default or to purchase the mortgagee's interest in the mortgage. The limited equity price and provisions in subdivision 3 do not apply if the lessee or the neighborhood land trust fails to cure the default or purchase the mortgagee's interest in the mortgage.

(b) A ground lease with a neighborhood land trust must provide that the neighborhood land trust will not, during the term of the lease, mortgage or otherwise encumber its interest in the property or permit any liens on its interest in the property to exist. This prohibition does not apply to mortgages that require the mortgagee to subordinate the lien of its mortgage to a mortgage entered into by a lessee as mortgagor for the purpose of obtaining financing for construction or renovation of housing on the land.

Subd. 5. [RIGHTS OF HEIRS.] A ground lease with a neighborhood land trust must provide that the heirs of the lessee may assume the lease, if the heirs agree to occupy the lease property as their homestead. For purposes of this subdivision, "the heirs" means the heirs at law of a lessee who dies intestate or the devisees of a lessee who dies testate.

Sec. 3. Minnesota Statutes 1990, section 462A.02, is amended by adding a subdivision to read:

Subd. 11. It is further declared that it is in the best interests of the citizens of the state of Minnesota that public money used for the purposes of this chapter be used in a manner that best assures the long-term affordability of housing to low- and moderate-income citizens. To achieve that public purpose, the agency shall consider, in the making of grants and loans and other uses of agency resources, the degree to which such grants, loans, and other uses will assure the long-term affordability of the housing, by use of the neighborhood land trust model or other techniques."

Subdivision 1. [CRIMINAL PENALTIES.] Any person, duly licensed or otherwise, who violates the provisions of sections 17A.01 to 17A.15 this chapter, for which violation a penalty has not been specifically set out, is guilty of a misdemeanor. Any subsequent violation is a gross misdemeanor.

Subd. 2. [CIVIL PENALTIES.] (a) The commissioner, as an alternate to misdemeanor prosecution, may impose a civil penalty on a person who violates a statute or rule enforceable by the commissioner. For a first violation, the commissioner may impose a civil penalty of not more than \$500 for each violation. For a second or succeeding violation, the commissioner may impose a penalty of not more than \$1,000 for each violation.

(b) In determining the amount of the civil penalty, the commissioner may consider:

- (1) the willfulness of the violation;
- (2) the gravity of the violation;
- (3) the person's history of past violations;
- (4) the number of violations;
- (5) the economic benefit from the violations; and
- (6) other factors identified in the commissioner's citation.

(c) For a second or succeeding violation, the commissioner shall determine the amount of a penalty by considering the factors in paragraph (b) and:

- (1) similarity between the violations;

- (2) time elapsed since the last violation; and
- (3) the person's response to the most recent violation.

Sec. 7. [17A.145] [CIVIL PENALTY PROCEDURES.]

Subdivision 1. [CITATION.] If the commissioner believes that a person has violated this chapter or a rule or order adopted under this chapter, the commissioner shall issue a written citation to the person by personal service or by certified mail. The citation must describe with particularity the nature of the violation, including a reference to the statute, rule, or order alleged to have been violated. In addition, the citation must fix a reasonable time for the abatement of the violation and notify the person of the penalty, if any, proposed to be assessed. The citation must also advise that the person has 30 working days within which to notify the commissioner in writing that the person wishes to contest the citation, proposed penalty assessment, or time allowed for correction. The commissioner may issue notices instead of citations with respect to minor violations if the commissioner believes a notice will best serve the public interest.

Subd. 2. [FINAL ORDER.] If within 30 working days after receiving the commissioner's notice or citation the person fails to notify the commissioner in writing that the person intends to contest the citation, proposed penalty, assessment, or time allowed for correction in the citation, the citation and assessment as proposed become a final order and are not subject to further review. For good cause shown the commissioner may extend the time period for responding.

Subd. 3. [APPEAL.] The time allowed for correcting a violation does not begin to run until the entry of a final order if the person has initiated review proceedings under this section in good faith. If the commissioner has reason to believe that a person has failed to correct a violation for which a citation has been issued within the time allowed, the commissioner shall notify the person by certified mail of the failure. The notification must state the penalty proposed to be assessed for the failure under section 17A.14 and must state that the person has 30 working days to notify the commissioner in writing that the person wishes to contest the notification or the proposed penalty assessment. If within 30 working days after receiving the notification the person fails to notify the commissioner in writing that the person intends to contest the notification or proposed penalty assessment, the notification and assessment as proposed become a final order and are not subject to further review. For good cause shown the commissioner may extend the time period for responding.

Subd. 4. [CITATION CONTEST.] If a person who has received a citation or a proposed penalty assessment notifies the commissioner

that the person intends to contest the citation or the proposed penalty assessment within the time limits in subdivisions 2 and 3, the commissioner shall file a complaint with the office of administrative hearings and serve a copy on the respondent by first class mail. The complaint must be served and copies filed within 40 days of receiving the notice of contest. The complaint must set forth all alleged violations and proposed penalties that are contested.

Subd. 5. [CONTESTED CASE HEARING.] Notwithstanding chapter 14, after an answer has been timely filed the case must be heard as a contested case except that the report of the administrative law judge is the final decision of the department of agriculture.

Sec. 8. [17A.151] [DUTY TO PROSECUTE.]

It is the duty of each county attorney or city attorney to whom the commissioner reports a violation of this chapter to cause appropriate proceedings to be instituted in the proper courts without delay and to be prosecuted in the manner required by law. Before a violation of this chapter is reported to a county attorney or city attorney for the institution of a criminal proceeding, the person against whom the proceeding is contemplated must be given appropriate notice and an opportunity to present views before the commissioner or the commissioner's designated agent, either orally or in writing, in person, or by attorney, with regard to the contemplated proceeding."

Subd. 2. [INCOME PROPERTY ASSESSMENT DATA.] The following data collected by political subdivisions from individuals or business entities concerning income properties are classified as private or nonpublic data pursuant to section 13.02, subdivisions 9 and 12:

- (a) detailed income and expense figures for the current year plus the previous three years;
- (b) average vacancy factors for the previous three years;
- (c) verified net rentable areas or net usable areas, whichever is appropriate;
- (d) anticipated income and expenses for the current year; ~~and~~

(e) projected vacancy factor for the current year; and

(f) lease information.

Sec. 2. Minnesota Statutes 1990, section 13.51, is amended by adding a subdivision to read:

Subd. 3. [DATA ON INCOME OF INDIVIDUALS.] Income information on individuals collected and maintained by political subdivisions to determine eligibility of property for classification 4c under section 273.13, subdivision 25, paragraph (c), is private data on individuals as defined in section 13.02, subdivision 12.

Sec. 3. Minnesota Statutes 1990, section 13.54, is amended by adding a subdivision to read:

[PRIVATE DATA ON INDIVIDUALS.] Income information on individuals collected and maintained by a housing agency to determine eligibility of property for classification 4c under section 273.13, subdivision 25, paragraph (c), is private data on individuals as defined in section 13.02, subdivision 12. The data may be disclosed to the county and local assessors responsible for determining eligibility of the property for classification 4c.

Sec. 4. [117.57] [AUTHORITIES; RAILROAD PROPERTIES.]

Subdivision 1. [EMINENT DOMAIN.] The power of eminent domain of an authority, as defined in section 469.174, subdivision 2, extends to railroad properties located within the authority's limits, provided:

(1) the railroad property is not a line of track for which abandonment is required under federal law, or if it is a line of track for which abandonment is required under federal law, abandonment has been approved;

(2) the railroad property is not currently used for the following activities of the railroad, not including storage, maintenance, and repair activities:

(i) switching;

(ii) loading or unloading; or

(iii) classification activities;

(3) some part of the property contains land pollution as defined in section 116.06, or contains a release or threatened release of petroleum, as provided in chapter 115C, or contains a release or

threatened release of a pollutant, contaminant, hazardous substance, or hazardous waste, as provided in chapter 115B; and

(4) the authority intends to develop the property and has a plan for its cleanup and development within five years in order to maximize its market value.

Property in current use under clause (2) includes only that area which is reasonably necessary for current operation.

Upon a showing by the petitioner in condemnation proceedings that the conditions described in clauses (1) to (3) exist, then the public use to which the authority would put the property is presumed a superior public use to railroad use or any other past, present, or proposed future use. A railroad may rebut the presumption by clear and convincing evidence that the railroad use is a superior use.

Subd. 2. [RELATION TO STATE RAIL BANK.] Nothing in this section shall supersede the provisions of section 222.63.

Subd. 3. [RELATION TO REGIONAL RAILROAD AUTHORITIES.] An authority shall not be adjudged to have a superior public use to that of a regional railroad authority as defined in section 398A.01, a railroad property which has been identified and approved as a light rail corridor by the metropolitan council under chapter 473, or a state trail covered by section 85.015.

Subd. 4. [LINE OF TRACK FOR AGRICULTURAL USE.] (a) Except as provided in paragraph (b), subdivision 1 does not apply to railroad property that is in a county outside of the metropolitan area as defined in section 473.121, subdivision 2, if:

(1) the property is a line of track in actual use; and

(2) the line of track is the principal means of transportation for an agricultural use, as defined in section 17.81, subdivision 4, by an owner or lessee of real estate abutting the line of track.

(b) The line of track may be acquired under subdivision 1 with the written consent of all the owners or lessees described in paragraph (a), clause (2).

Subd. 5. [RELOCATION COSTS.] No property with ongoing railroad use at the time of acquisition may be acquired under this section without payment of the costs of relocation under section 117.52.

Subd. 6. [QUICK TAKE LIMITED.] In a condemnation under this section, where the authority seeks title and possession under section

117.042, the time provided in that section must be extended by the court for a period, not to exceed 150 days, if reasonably required for the relocation of any ongoing railroad use at the time of the acquisition.

Subd. 7. [COAL SLURRY PIPELINES.] No property may be acquired under this section for use as a coal slurry pipeline or other related facility.

Sec. 5. Minnesota Statutes 1990, section 124A.03, subdivision 2, is amended to read:

Subd. 2. [REFERENDUM LEVY.] (a) The levy authorized by section 124A.23, subdivision 2, may be increased in the amount approved by the voters of the district at a referendum called for the purpose. The referendum may be called by the school board or shall be called by the school board upon written petition of qualified voters of the district. Unless the referendum is conducted by mail under paragraph (g), the referendum must be held on the first Tuesday after the first Monday in November. The ballot shall state the maximum amount of the increased levy as a percentage of net tax capacity, the amount that will be raised by that local tax rate in the first year it is to be levied, and that the local tax rate shall be used to finance school operations. The ballot may state that existing levy authority is expiring. In this case, the ballot may also compare the proposed levy authority to the existing expiring levy authority, and express the proposed increase as the amount, if any, over the expiring authority. The ballot shall designate the specific number of years for which the referendum authorization shall apply. The ballot may contain a textual portion with the information required in this subdivision and a question stating substantially the following:

“Shall the increase in the levy proposed by (petition to) the board of, School District No. ..., be approved?”

If approved, the amount provided by the approved local tax rate applied to the net tax capacity for the year preceding the year the levy is certified shall be authorized for certification for the number of years approved, if applicable, or until revoked or reduced by the voters of the district at a subsequent referendum.

(b) The school board shall prepare and deliver by first class mail at least 15 days but no more than 30 days prior to the day of the referendum to each taxpayer at the address listed on the school district's current year's assessment roll, a notice of the referendum and the proposed levy increase. For the purpose of giving mailed notice under this subdivision, owners shall be those shown to be owners on the records of the county auditor or, in any county where tax statements are mailed by the county treasurer, on the records of the county treasurer. Every property owner whose name does not appear on the records of the county auditor or the county treasurer

shall be deemed to have waived this mailed notice unless the owner has requested in writing that the county auditor or county treasurer, as the case may be, include the name on the records for this purpose. The notice must project the anticipated amount of increase in annual dollars and annual percentage for typical residential homesteads, agricultural homesteads, apartments, and commercial-industrial property within the school district.

The notice for a referendum may state that an existing referendum levy is expiring and project the anticipated amount of increase over the existing referendum levy, if any, in annual dollars and annual percentage for typical residential homesteads, agricultural homesteads, apartments, and commercial-industrial property within the school district.

The notice must include the following statement: "In 1989 the legislature reduced property taxes for education by increasing the state share of funding for education. However, state aid for cities and townships was reduced by a corresponding amount. As a result, property taxes for cities and townships may increase. Passage of this referendum will result in an increase in your property taxes."

(c) A referendum on the question of revoking or reducing the increased levy amount authorized pursuant to paragraph (a) may be called by the school board and shall be called by the school board upon the written petition of qualified voters of the district. A levy approved by the voters of the district pursuant to paragraph (a) must be made at least once before it is subject to a referendum on its revocation or reduction for subsequent years. Only one revocation or reduction referendum may be held to revoke or reduce a levy for any specific year and for years thereafter.

(d) A petition authorized by paragraph (a) or (c) shall be effective if signed by a number of qualified voters in excess of 15 percent of the registered voters of the school district on the day the petition is filed with the school board. A referendum invoked by petition shall be held on the date specified in paragraph (a).

(e) The approval of 50 percent plus one of those voting on the question is required to pass a referendum authorized by this subdivision.

(f) At least 15 days prior to the day of the referendum, the district shall submit a copy of the notice required under paragraph (b) to the commissioner of education. Within 15 days after the results of the referendum have been certified by the school board, or in the case of a recount, the certification of the results of the recount by the canvassing board, the district shall notify the commissioner of education of the results of the referendum.

(g) Any referendum under this section held on a day other than

the first Tuesday after the first Monday in November must be conducted by mail in accordance with section 204B.46. Notwithstanding paragraph (b) to the contrary, in the case of a referendum conducted by mail under this paragraph, the notice required by paragraph (b) shall be prepared and delivered by first class mail at least 20 days before the referendum.

Sec. 6. Minnesota Statutes 1990, section 124A.03, is amended by adding a subdivision to read:

Subd. 2a. [SCHOOL REFERENDUM LEVY; MARKET VALUE.] Notwithstanding the provisions of subdivision 2, a school referendum levy approved after November 1, 1992, for taxes payable in 1993 and thereafter, shall be levied against the market value of all taxable property. Any referendum levy amount subject to the requirements of this subdivision shall be certified separately to the county auditor under section 275.07.

The ballot shall state the maximum amount of the increased levy as a percentage of market value, the amount that will be raised by that new school referendum tax rate in the first year it is to be levied, and that the new school referendum tax rate shall be used to finance school operations.

If approved, the amount provided by the new school referendum tax rate applied to the market value for the year preceding the year the levy is certified, shall be authorized for certification for the number of years approved, if applicable, or until revoked or reduced by the voters of the district at a subsequent referendum.

All other provisions of subdivision 2 that do not conflict with this subdivision shall apply to referendum levies under this subdivision.

Sec. 7. Minnesota Statutes 1990, section 270.12, subdivision 2, is amended to read:

Subd. 2. The board shall meet annually between April 15 and June 30 at the office of the commissioner of revenue and examine and compare the returns of the assessment of the property in the several counties, and equalize the same so that all the taxable property in the state shall be assessed at its market value, subject to the following rules:

(1) The board shall add to the aggregate valuation of the real property of every county, which the board believes to be valued below its market value in money, such percent as will bring the same to its market value in money;

(2) The board shall deduct from the aggregate valuation of the real property of every county, which the board believes to be valued above

its market value in money, such percent as will reduce the same to its market value in money;

(3) If the board believes the valuation for a part of a class determined by a range of market value under clause (8), a class, or classes of the real property of any town or district in any county, or the valuation for a part of a class, a class, or classes of the real property of any county not in towns or cities, should be raised or reduced, without raising or reducing the other real property of such county, or without raising or reducing it in the same ratio, the board may add to, or take from, the valuation of a part of a class, a class, or classes in any one or more of such towns or cities, or of the property not in towns or cities, such percent as the board believes will raise or reduce the same to its market value in money;

(4) The board shall add to the aggregate valuation of any class of personal property of any county, town, or city, which the board believes to be valued below the market value thereof, such percent as will raise the same to its market value in money;

(5) The board shall take from the aggregate valuation of any class of personal property in any county, town or city, which the board believes to be valued above the market value thereof, such percent as will reduce the same to its market value in money;

(6) The board shall not reduce the aggregate valuation of all the property of the state, as returned by the several county auditors, more than one percent on the whole valuation thereof;

(7) When it would be of assistance in equalizing values the board may require any county auditor to furnish statements showing assessments of real and personal property of any individuals, firms, or corporations within the county. The board shall consider and equalize such assessments and may increase the assessment of individuals, firms, or corporations above the amount returned by the county board of equalization when it shall appear to be undervalued, first giving notice to such persons of the intention of the board so to do, which notice shall fix a time and place of hearing. The board shall not decrease any such assessment below the valuation placed by the county board of equalization; ~~and~~

(8) In equalizing values pursuant to this section, the board shall utilize a 12-month assessment/sales ratio study conducted by the department of revenue containing only sales that are filed in the county auditor's office under section 272.115, by November 1 of the previous year and that occurred between October 1 of the year immediately preceding the previous year and September 30 of the previous year.

The assessment/sales ratio study may separate the values of residential property into market value categories. The board may

adjust the market value categories and the number of categories as necessary to create an adequate sample size for each market value category. The board may determine the adequate sample size. To the extent practicable, the methodology used in preparing the assessment/sales ratio study must be consistent with the most recent Standard on Assessment Sales Ratio Studies published by the assessment standards committee of the International Association of Assessing Officers. The board may determine the geographic area used in preparing the study to accurately equalize values. A sales ratio study separating residential property into market value categories may not be used as the basis for a petition under chapter 278.

The sales prices used in the study must be discounted for terms of financing. The board shall use the median ratio as the statistical measure of the level of assessment for any particular category of property; and

(9) The board shall receive from each county the estimated market values on the assessment date falling within the study period for all parcels by magnetic tape or other medium as prescribed by the commissioner of revenue.

Sec. 8. Minnesota Statutes 1990, section 271.04, is amended to read:

271.04 [HEARINGS.]

Subdivision 1. [GENERALLY.] The tax court shall hold hearings and meetings as may be prescribed by the rules of the tax court. The principal office of the tax court shall be in Saint Paul, but it shall hold hearings at any other place within the state, so that taxpayers may appear before the court with as little inconvenience and expense to the taxpayer as is practicable. The tax court shall be allowed to use the district court court room in all of the counties. The administrator of the tax court shall consult with the court administrator of the district court involved before a schedule of court room to be used by the tax court is established. Each tax court judge may hear and decide cases. Upon petition by a party to a case, or upon a motion by a tax court judge, and approval by a majority of the tax court, a case may be tried before the entire tax court. When an appeal is taken by a resident taxpayer from an order of the commissioner, not involving property taxes, venue for the case shall be, at the election of the taxpayer, in Ramsey county or in the district court judicial district in which the taxpayer resides. Venue shall be in Ramsey county for an appeal taken by a nonresident taxpayer from an order of the commissioner. Venue for all other cases arising under the tax laws of the state shall be in the same judicial district as if the case was being tried in district court.

Subd. 2. [EXCLUSION OF CERTAIN EVIDENCE.] Information, including income and expense figures, verified net rentable areas,

and anticipated income and expenses, for income-producing property which is not provided to the county assessor at least 30 days before any hearing under this chapter, is not admissible except if necessary to prevent undue hardship or when the failure to provide it was due to the unavailability of the evidence at that time.

Sec. 9. Minnesota Statutes 1990, section 271.21, subdivision 6, is amended to read:

Subd. 6. (a) The hearing in the small claims division shall be informal and without a jury. The judge may hear any testimony and receive any evidence the judge deems necessary or desirable for a just determination of the case except as provided in paragraph (b). Subdivision 1. [GENERALLY.] Except as provided in subdivisions 6, 8, and 9 or section 273.17, subdivision 1, all property shall be valued at its market value. The market value as determined pursuant to this section shall be stated such that any amount under \$100 is rounded up to \$100 and any amount exceeding \$100 shall be rounded to the nearest \$100. In estimating and determining such value, the assessor shall not adopt a lower or different standard of value because the same is to serve as a basis of taxation, nor shall the assessor adopt as a criterion of value the price for which such property would sell at a forced sale, or in the aggregate with all the property in the town or district; but the assessor shall value each article or description of property by itself, and at such sum or price as the assessor believes the same to be fairly worth in money. The assessor shall take into account the effect on the market value of property of environmental factors in the vicinity of the property. In assessing any tract or lot of real property, the value of the land, exclusive of structures and improvements, shall be determined, and also the value of all structures and improvements thereon, and the aggregate value of the property, including all structures and improvements, excluding the value of crops growing upon cultivated land. In valuing real property upon which there is a mine or quarry, it shall be valued at such price as such property, including the mine or quarry, would sell for a fair, voluntary sale, for cash. In valuing real property which is vacant, the fact that such property is platted shall not be taken into account. An individual lot of such platted property shall not be assessed in excess of the valuation of the land as if it were unplatted until the lot is improved with a permanent improvement all or a portion of which is located upon the lot, or for a period of three years after final approval of said plat whichever is shorter at its market value beginning with the first assessment following final approval of the plat. When a lot is sold or construction begun, that lot or any single contiguous lot fronting on the same street shall be eligible for revaluation. All property, or the use thereof, which is taxable under section 272.01, subdivision 2, or 273.19, shall be valued at the market value of such property and not at the value of a leasehold estate in such property, or at some lesser value than its market value.

Sec. 13. Minnesota Statutes 1990, section 273.112, subdivision 7, is amended to read:

Subd. 7. When real property which is being, or has been, valued and assessed under this section no longer qualifies under subdivision 3, the portion which no longer qualifies shall be subject to additional taxes, in the amount equal to the difference between the taxes determined in accordance with subdivision 4, and the amount determined under subdivision 5, provided, however, that the amount determined under subdivision 5 shall not be greater than it would

have been had the actual bona fide sale price of the real property at an arms length transaction been used in lieu of the market value determined under subdivision 5. The additional taxes shall be extended against the property on the tax list for the current year, provided, however, that no interest or penalties shall be levied on the additional taxes if timely paid, and provided further, that the additional taxes shall only be levied with respect to the last seven years that the property has been valued and assessed under this section. This subdivision does not apply to real property that ceases to qualify under subdivision 3 because it is acquired by the state of Minnesota or a political subdivision, agency, or instrumentality of the state, provided that the property continues to be used for a qualifying purpose for at least five years from the date that the property was acquired.

Sec. 14. Minnesota Statutes 1990, section 273.12, is amended to read:

273.12 [ASSESSMENT OF REAL PROPERTY.]

It shall be the duty of every assessor and board, in estimating and determining the value of lands for the purpose of taxation, to consider and give due weight to every element and factor affecting the market value thereof, including its location with reference to roads and streets and the location of roads and streets thereon or over the same, and to take into consideration a reduction in the acreage of each tract or lot sufficient to cover the amount of land actually used for any improved public highway and the reduction in area of land caused thereby; ~~provided, that in determining the market value of vacant land, the fact that such land is platted shall not be taken into account. An individual lot of such platted property shall not be assessed in excess of the assessment of the land as if it were unplatted until the lot is improved with a permanent improvement all or a portion of which is located upon the lot, or for a period of three years after final approval of said plat whichever is shorter. When a lot is sold or construction begun, the net tax capacity of that lot or any single contiguous lot fronting on the same street shall be eligible for reassessment.~~ It shall be the duty of every assessor and board, in estimating and determining the value of lands for the purpose of taxation, to consider and give due weight to lands which are comparable in character, quality, and location, to the end that all lands similarly located and improved will be assessed upon a uniform basis and without discrimination and, for agricultural lands, to consider and give recognition to its earning potential as measured by its free market rental rate.

Notwithstanding the provisions of this or any other section, no additional value shall be assessed for unmined mineral value except for iron ore or taconite.

Sec. 15. Minnesota Statutes 1990, section 273.124, subdivision 1, is amended to read:

In order to receive homestead treatment for the noncontiguous property, the owner shall apply for it to the assessor by July 1 of the year when the treatment is initially sought. After initial qualification for the homestead treatment, additional applications for subsequent years are not required.

(c) In the case of property owned by a married couple in joint tenancy or tenancy in common, the assessor must not deny homestead treatment in whole or in part if only one of the spouses is occupying the property and the other spouse is absent due to divorce or separation, or is a resident of a nursing home or a boarding care facility.

(d) If an individual is purchasing property with the intent of claiming it as a homestead, and is required by the terms of the financing agreement to have ~~one or both parents~~ a relative shown on the deed as ~~coowners~~ a cowner, the assessor shall allow a full homestead classification and extend full homestead credit. ~~This provision only applies to first time purchasers, whether married or single, or to a person who had previously been married and is purchasing as a single individual for the first time. The application for homestead benefits must be on a form prescribed by the commissioner and must contain the data necessary for the assessor to determine if full homestead benefits are warranted. For purposes of this paragraph, "relative" means a parent, stepparent, child, step-~~

child, grandparent, brother, sister, uncle, or aunt. This relationship may be by blood or marriage.

(e) In the case of property owned and formerly occupied by two or more persons in joint tenancy or tenancy in common, when those persons are related to each other as parents and children or as stepparents and stepchildren, and when one or more of the owners ceases to occupy the property, the assessor shall continue to allow a full homestead classification as long as at least one of the owners continues to occupy the property for purposes of a homestead. This paragraph applies only to single family residential property.

Copies of the articles of incorporation and certificate of limited partnership shall be filed with the secretary of state after the expiration of the 60-day period unless the change to leasehold cooperative status does not proceed; and

(h) the county attorney of the county in which the property is located must certify to the assessor that the property meets the requirements of this subdivision.

The market value of the house and garage and immediately surrounding one acre of land has the same class rates as class 1a property under subdivision 22. If the market value of the house, garage, and surrounding one acre of land is less than ~~\$110,000~~ \$115,000, the value of the remaining land including improvements equal to the difference between ~~\$110,000~~ \$115,000 and the market value of the house, garage, and surrounding one acre of land has a net class rate of .45 percent of market value and a gross class rate of 1.75 percent of market value. The remaining value of class 2a property over ~~\$110,000~~ \$115,000 of market value that does not exceed 320 acres has a net class rate of 1.3 percent of market value for taxes payable in 1990 and thereafter, and a gross class rate of 2.25 percent of market value. The remaining property over the ~~\$110,000~~ \$115,000 market value in excess of 320 acres has a class rate of ~~1.7 percent of market value for taxes payable in 1990,~~ and 1.6 percent of market value for taxes payable in 1991, and thereafter, and a gross class rate of 2.25 percent of market value.

(b) Class 2b property is (1) real estate, rural in character and used

exclusively for growing trees for timber, lumber, and wood and wood products; and (2) real estate that is nonhomestead agricultural land. Class 2b property has a net class rate of ~~1.7 percent of market value for taxes payable in 1990, and 1.6 percent of market value for taxes payable in 1991, and thereafter,~~ and a gross class rate of 2.25 percent of market value.

(c) Agricultural land as used in this section means contiguous acreage of ten acres or more, primarily used during the preceding year for agricultural purposes. Agricultural use may include pasture, timber, waste, unusable wild land, and land included in state or federal farm programs. "Agricultural purposes" as used in this section means the raising or cultivation of agricultural products, and includes the commercial boarding of horses if the commercial boarding of horses is done in conjunction with the raising or cultivation of agricultural products.

(d) Real estate of less than ten acres used principally for raising poultry, livestock, fruit, vegetables or other agricultural products, including the breeding of fish for sale and consumption if the fish breeding occurs on land zoned for or cultivating agricultural use products, shall be considered as agricultural land, if it is not used primarily for residential purposes.

(e) The term "agricultural products" as used in the preceding sentence means any of the products identified in section 273.111, this subdivision 6, clause (2) includes:

(1) livestock, dairy animals, dairy products, poultry and poultry products, fur-bearing animals, horticultural and nursery stock described in sections 18.44 to 18.61, fruit of all kinds, vegetables, forage, grains, bees, and apiary products by the owner;

(1) wholesale and retail sales;

(2) processing of raw agricultural products or other goods;

(3) warehousing or storage of processed goods; and

(4) office facilities for the support of the activities enumerated in clauses (1), (2), and (3),

the assessor shall classify the part of the parcel used for agricultural purposes as class 1b, 2a, or 2b, whichever is appropriate, and the remainder in the class appropriate to its use. The grading, sorting, and packaging of raw agricultural products for first sale is considered an agricultural purpose. A greenhouse or other building where horticultural or nursery products are grown that is also used for the conduct of retail sales must be classified as agricultural if it is primarily used for the growing of horticultural or nursery products from seed, cuttings, or roots and occasionally as a showroom for the retail sale of those products. Use of a greenhouse or building only for the display of already grown horticultural or nursery products does not qualify as an agricultural purpose.

The assessor shall determine and list separately on the records the market value of the homestead dwelling and the one acre of land on which that dwelling is located. If any farm buildings or structures are located on this homesteaded acre of land, their market value shall not be included in this separate determination.

Classification pursuant to this clause is limited to a term of 15 years.

For all properties described in clauses (1), (2), and (3) and in paragraph (d), the market value determined by the assessor must be based on the normal approach to value using normal unrestricted rents unless the owner of the property elects to have the property assessed under section 55. If the owner of the property elects to have the market value determined on the basis of the actual restricted rents, as provided in section 55 the property will be assessed at the rate provided for class 4a or class 4b property, as appropriate. Properties described in clauses (1)(ii), (3), and (4) may apply to the assessor for valuation under section 55. The land on which these structures are situated has the class rate given in paragraph (b) if the structure contains fewer than four units, and the class rate given in paragraph (a) if the structure contains four or more units. If the property is purchased from the federal government by the nonprofit corporation for the purpose of continuing to provide transitional housing after the expiration of the lease, the property shall continue to be eligible for this classification. To qualify under this clause, the taxpayer must apply to the county assessor by May 30 of each year. The application must be accompanied by an affidavit or other proof required by the county assessor to determine qualification under this clause. Subd. 32. [TARGET CLASS RATE.] All classes of property with a class rate of 5.06 percent have a target class rate of four percent. At the time of submission of the biennial budget under section 16A.11, the governor shall recommend the effective class rate for taxes payable in the following two calendar years by designating a "phase-in percentage," equal to the proportion of the effective class rate that will be based on the target class rate of four percent, with the remaining proportion based on the class rate of 5.06 percent. The governor shall identify and include within the budget funding for the increased expenditures for homestead and agricultural credit aid over the amount of expenditures for homestead and agricultural credit aid provided in Laws 1989, First Special Session chapter 1, that are estimated to result from the recommendation. At that time, the governor may propose alternative programs other than homestead and agricultural credit aid to prevent other taxpayers' taxes from increasing as a result of the governor's recommended increase in the phase-in percentage. The effective net class rate is the sum of the products of:

(1) the phase-in percentage adopted by the legislature multiplied by four percent; and

(2) 100 percent minus the phase-in percentage multiplied by 5.06 percent.

The phase-in percentage in any year cannot be less than it was in the prior year. The phase-in percentage is ten percent for taxes payable in 1991 ~~is ten percent provided that the governor may recommend an alternative phase-in percentage for taxes payable in 1991,~~ 29.2 percent for taxes payable in 1992, 34.0 percent for taxes payable in 1993, and 43.4 percent for taxes payable in 1994 and thereafter.

Beginning in 1991, the commissioner of revenue shall annually set the effective class rate to use for taxes payable in the following year as provided in this subdivision and announce it by June 1. For purposes of any aid, levy limitation, debt limit, or salary limitation, and property tax administration, net tax capacity must be computed

with reference to the effective class rate for the properties affected by this subdivision.

Sec. 25. Minnesota Statutes 1990, section 273.13, is amended by adding a subdivision to read:

Subd. 33. [UNIMPROVED PROPERTY.] Real property that is not improved with a structure and that is not used as part of a commercial or industrial activity must be classified and assessed according to its highest and best use permitted under the local zoning ordinance. If the ordinance permits more than one use, the land must be classified and assessed according to the highest and best use permitted under the ordinance. If no such ordinance exists, the assessor shall consider the most likely potential use of the vacant land based upon the use made of surrounding land or land in proximity to the vacant land.

Sec. 26. [273.1317] [CLASSIFICATION OF 4C PROPERTY; LOW-INCOME HOUSING.]

(d) "Project" means a project for residential rental property. A project consists of a single building and must include the entire residential part of the building. Property must not be treated as failing to be residential rental property merely because part of the building is used for purposes other than residential rental purposes.

(e) "Rehabilitation expenditures" has the meaning given it in section 42(e)(2) of the Internal Revenue Code.

(f) "Rent restricted units" means rent restricted units as defined and limited by section 42(g)(2) of the Internal Revenue Code.

Subd. 2. [REQUIREMENTS.] Residential rental property that does not receive a low-income housing credit under section 42 of the Internal Revenue Code must meet the requirements in subdivisions 3 to 5 to qualify for classification 4c under section 273.13, subdivision 25, paragraph (c), clause (3), item (iii).

Subd. 3. [RENT RESTRICTIONS; INCOME LIMITS.] (a) At the irrevocable election of the taxpayer, either:

(1) 20 percent or more of the residential units in the project must be both rent-restricted and occupied by individuals whose income is 50 percent or less of area median gross income; or

(2) 40 percent or more of the residential units in the project must be both rent-restricted and occupied by individuals whose income is 60 percent or less of area median gross income.

(b) For purposes of meeting the income limits under paragraph (a) of tenants whose incomes increase, the provisions of section 42(g)(2)(D) and (E) of the Internal Revenue Code apply.

Subd. 4. [NEW OR REHABILITATED BUILDING.] A building must be (1) a new building, the original use of which begins with the owners or developers of the building, or (2) an existing building with respect to which rehabilitation expenditures have been paid or incurred by the owner or developer. The agreement must be for a term of 15 years. The agreement must provide that the requirements of subdivision 3 will be met during the term of the agreement. The agreement must provide that the owner or developer must maintain and make available to the authority the information and records the authority considers necessary to monitor compliance with the provisions of this section, including rents, the incomes of tenants, and the number of low-income units in the building.

Subd. 6. [RECORDS REVIEW.] The local housing and redevelopment authority or other authority shall annually review income and rental information and records maintained by the owner or developer to determine compliance with the requirements of this section. The local housing and redevelopment authority or other authority shall report to the assessor responsible for assessing the property at the time and in the manner required by the assessor. The assessor shall determine the classification of the property.

Subd. 7. [HOUSING AUTHORITY.] If a local housing or redevelopment authority does not exist in the jurisdiction, the county housing and redevelopment authority shall execute the duties imposed in subdivisions 5 and 6. If a county housing and redevelopment authority does not exist in the county, the municipality must appoint the administrator of section 8 certificates within the

jurisdiction or contract with a qualified person or entity to perform the duties imposed in subdivisions 5 and 6.

Subd. 8. [ADDITIONAL TAX.] Notwithstanding the provisions of section 273.01, 274.01, or any other law, if the assessor determines that the provisions of this section have not been met for any period during which the property was classified under section 273.13, subdivision 25, paragraph (c), clause (3), item (iii), or valued under section 55, and received the benefits of this section, an additional tax is imposed. The additional tax is equal to the tax which would have been imposed if the property had not been classified under section 273.13, subdivision 25, paragraph (c), clause (3), item (iii), or valued under section 55, and the tax actually imposed, during the period of noncompliance. The additional tax must be extended against the property on the tax list for the current year. No interest or penalties may be levied on additional taxes if timely paid. The tax imposed by this subdivision is a lien upon the property assessed to the same extent and for the same duration as other taxes imposed on the property.

Sec. 27. Minnesota Statutes 1990, section 275.08, subdivision 1b, is amended to read:

Subd. 1b. The resulting ratio, the local government's local tax rate, multiplied by each property's gross tax capacity for taxes payable in 1989 and net tax capacity for taxes payable in 1990 and subsequent years shall be each property's total tax for that local government unit before reduction by any credits.

Any amount certified to the county auditor under section 124A.03, subdivision 2a, or 275.60, after the dates given in those sections, shall be divided by the total estimated market value of all taxable properties within the taxing district. The resulting ratio, the taxing district's new referendum tax rate, multiplied by each property's estimated market value shall be each property's new referendum tax before reduction by any credits.

Sec. 28. [275.59] [LEVY OR BOND REFERENDUM; BALLOT NOTICE.]

Notwithstanding any general or special law or any charter provisions, any question submitted to the voters by any local governmental subdivision at a general or special election after the

day of final enactment, authorizing a property tax levy or tax rate increase, including the issuance of debt obligations payable in whole or in part from property taxes, must include on the ballot the following notice in bold-face type.

“BY VOTING “YES” ON THIS BALLOT QUESTION, YOU ARE VOTING FOR A PROPERTY TAX INCREASE.”

For purposes of this section and section 275.60, “local governmental subdivision” includes counties, home rule and statutory cities, towns, school districts, and all special taxing districts. This statement is in addition to any general or special laws or any charter provisions that govern the contents of a ballot question.

This section does not apply to a school district bond election if the debt service payments are to be made entirely from transfers of revenue from the capital fund to the debt service fund.

Sec. 29. [275.60] [REFERENDUM LEVY; MARKET VALUE.]

For local governmental subdivisions other than school districts, any levy required to be approved and approved by the voters at a general or special election for taxes payable in 1993 and thereafter, shall be levied against the market value of all taxable property within the governmental subdivision. Any levy amount subject to the requirements of this section shall be certified separately to the county auditor under section 275.07.

The ballot shall state the maximum amount of the increased levy as a percentage of market value and the amount that will be raised by the new referendum tax rate in the first year it is to be levied.

Sec. 30. Minnesota Statutes 1990, section 276.04, subdivision 2, is amended to read:

Subd. 2. [CONTENTS OF TAX STATEMENTS.] (a) The treasurer shall provide for the printing of the tax statements. The commissioner of revenue shall prescribe the form of the property tax statement and its contents. The statement must contain a tabulated statement of the dollar amount due to each taxing authority from the parcel of real property for which a particular tax statement is prepared. The dollar amounts due the county, township or municipality and school district must be separately stated. The amounts due other taxing districts, if any, may be aggregated. The dollar amounts, including the dollar amount of any special assessments, may be rounded to the nearest even whole dollar. For purposes of this section whole odd-numbered dollars may be adjusted to the next higher even-numbered dollar. The statement shall include the following sentence, printed in upper case letters in boldface print: “THE STATE OF MINNESOTA DOES NOT RECEIVE ANY PROP-

ERTY TAX REVENUES. THE STATE OF MINNESOTA REDUCES YOUR PROPERTY TAX BY PAYING CREDITS AND REIMBURSEMENTS TO LOCAL UNITS OF GOVERNMENT."

(b) The property tax statements for manufactured homes and sectional structures taxed as personal property shall contain the same information that is required on the tax statements for real property.

(c) Real and personal property tax statements must contain the following information in the order given in this paragraph. The information must contain the current year tax information in the right column with the corresponding information for the previous year in a column on the left:

(1) the property's estimated market value as defined in section 272.03, subdivision 8;

(2) the property's gross tax, calculated by multiplying the property's gross tax capacity times the total local tax rate and adding to the result the sum of the aids enumerated in clause (3);

(3) a total of the following aids:

(i) education aids payable under chapters 124 and 124A;

(ii) local government aids for cities, towns, and counties under chapter 477A; and

(iii) disparity reduction aid under section 273.1398;

(4) for homestead residential and agricultural properties, the homestead and agricultural credit aid apportioned to the property. This amount is obtained by multiplying the total local tax rate by the difference between the property's gross and net tax capacities under section 273.13. This amount must be separately stated and identified as "homestead and agricultural credit." For purposes of comparison with the previous year's amount for the statement for taxes payable in 1990, the statement must show the homestead credit for taxes payable in 1989 under section 273.13, and the agricultural credit under section 273.132 for taxes payable in 1989;

(5) any credits received under sections 273.119; 273.123; 273.135; 273.1391; 273.1398, subdivision 4; 469.171; and 473H.10, except that the amount of credit received under section 273.135 must be separately stated and identified as "taconite tax relief"; and

(6) the net tax payable in the manner required in paragraph (a); and

(7) any additional amount of tax authorized under sections 124A.03, subdivision 2a, and 275.60. These amounts shall be listed as "voter approved referenda levies."

The commissioner of revenue shall certify to the county auditor the actual or estimated aids enumerated in clauses (3) and (4) that local governments will receive in the following year. In the case of a county containing a city of the first class, for taxes levied in 1991, and for all counties for taxes levied in 1992 and thereafter, the commissioner must certify this amount by September 1.

Sec. 31. Minnesota Statutes 1990, section 278.05, is amended by adding a subdivision to read:

Subd. 6. [EXCLUSION OF CERTAIN EVIDENCE.] Information, including income and expense figures, verified net rentable areas, and anticipated income and expenses, for income-producing property which is not provided to the county assessor at least 30 days before any hearing under this chapter, is not admissible except if necessary to prevent undue hardship or when the failure to provide it was due to the unavailability of the evidence at that time.

Sec. 32. Minnesota Statutes 1990, section 279.03, subdivision 1a, is amended to read:

Subd. 1a. [RATE AFTER DECEMBER 31, 1990.] (a) Except as provided in paragraph (b), interest on delinquent property taxes, penalties, and costs unpaid on or after January 1, 1991, shall be payable at the per annum rate determined in section 270.75, subdivision 5. If the rate so determined is less than ten percent, the rate of interest shall be ten percent. The maximum per annum rate shall be 14 percent if the rate specified under section 270.75, subdivision 5, exceeds 14 percent. The rate shall be subject to change on January 1 of each year.

(b) If a person is the owner of one or more parcels of property on which taxes are delinquent, and the delinquent taxes are more than 25 percent of the prior year's school district levy, interest on the delinquent property taxes, penalties, and costs unpaid after January 1, 1992, shall be payable at twice the rate determined under paragraph (a) for the year.

Sec. 33. Minnesota Statutes 1990, section 281.17, is amended to read:

281.17 [PERIOD FOR REDEMPTION.]

The period of redemption for all lands sold to the state at a tax judgment sale shall be three years from the date of sale to the state of Minnesota if the land is within an incorporated area unless it is:

(a) nonagricultural homesteaded land as defined in section 273.13, subdivision 22;²; (b) homesteaded agricultural land as defined in section 273.13, subdivision 23, paragraph (a);³; or (c) seasonal recreational land as defined in section 273.13, subdivision 25, paragraph ~~(d)(1) or (c)(4)~~ clause (5), ~~in~~ for which event the period of redemption is five years from the date of sale to the state of Minnesota.

The period of redemption for homesteaded lands as defined in section 273.13, subdivision 22, located in a targeted neighborhood as defined in Laws 1987, chapter 386, article 6, section 4, and sold to the state at a tax judgment sale is three years from the date of sale. The period of redemption for all lands located in a targeted neighborhood as defined in Laws 1987, chapter 386, article 6, section 4, except homesteaded lands as defined in section 273.13, subdivision 22, and sold to the state at a tax judgment sale is one year from the date of sale.

The period of redemption for all other lands sold to the state at a tax judgment sale shall be five years from the date of sale, except that the period of redemption for nonhomesteaded agricultural land as defined in section 273.13, subdivision 23, paragraph (b), shall be two years from the date of sale if at that time, that property is owned by a person who owns one or more parcels of property on which taxes are delinquent, and the delinquent taxes are more than 25 percent of the prior year's school district levy.

Sec. 34. Minnesota Statutes 1990, section 290A.04, subdivision 2h, is amended to read:

Subd. 2h. (a) If the gross property taxes payable on a homestead increase more than ten percent over the net property taxes payable in the prior year on the same property that is owned by the same owner in both years, and the amount of that increase is \$40 or more for taxes payable in 1990 and 1991, \$60 or more for taxes payable in 1992, \$80 or more for taxes payable in 1993, and \$100 or more for taxes payable in 1994, a claimant who is a homeowner shall be allowed an additional refund equal to the sum of (1) 75 percent of the first \$250 of the amount of the increase over ten percent for taxes payable in 1990 and 1991, 75 percent of the first \$275 of the amount of the increase over ten percent for taxes payable in 1992, 75 percent of the first \$300 of the amount of the increase over ten percent for taxes payable in 1993, and 75 percent of the first \$325 of the amount of the increase over ten percent for taxes payable in 1994, and (2) 90 percent of the amount of the increase over ten percent plus \$250 for taxes payable in 1990 and 1991, 90 percent of the amount of the increase over ten percent plus \$275 for taxes payable in 1992, 90 percent of the amount of the increase over ten percent plus \$300 for taxes payable in 1993, and 90 percent of the amount of the increase over ten percent plus \$325 for taxes payable in 1994. This subdivision shall not apply to any increase in the gross property taxes

payable attributable to improvements made to the homestead after the assessment date for the prior year's taxes.

(b) For purposes of this subdivision, the following terms have the meanings given:

(1) "Net property taxes payable" means property taxes payable after reductions made under sections 273.13, subdivisions 22 and 23; 273.132; 273.135; 273.1391; and 273.42, subdivision 2, and any other state paid property tax credits and after the deduction of tax refund amounts for which the claimant qualifies pursuant to subdivision 2 and this subdivision.

(2) "Gross property taxes" means net property taxes payable determined without regard to the refund allowed under this subdivision.

(c) In addition to the other proofs required by this chapter, each claimant under this subdivision shall file with the property tax refund return a copy of the property tax statement for taxes payable in the preceding year or other documents required by the commissioner.

On or before December 1, 1990, and December 1 of each of the following three years, the commissioner shall estimate the cost of making the payments provided by this subdivision for taxes payable in the following year. Notwithstanding the open appropriation provision of section 290A.23, if the estimated total refund claims for taxes payable in 1991, 1993, or 1994 exceed the following amounts for the taxes payable year designated, the commissioner shall increase the dollar amount of tax increase which must occur before a taxpayer qualifies for a refund so that the estimated total refund claims do not exceed the appropriation limit.

| Taxes payable in: | Appropriation limit |
|-------------------|------------------------|
| 1991 | \$13,000,000 |
| 1992 | \$6,500,000 |
| 1993 | \$6,000,000 |
| 1994 | \$5,500,000 |

The determinations of the revised thresholds by the commissioner are not rules subject to chapter 14.

Sec. 35. Minnesota Statutes 1990, section 430.102, subdivision 3, is amended to read:

Subd. 3. [ANNUAL IMPROVEMENT ASSESSMENT PROCEDURE; APPEALS.] When the council has acted on the estimate of costs, the city engineer, with the assistance of the city assessor, shall prepare an assessment roll. The roll must list separately the amounts to be specially assessed against benefited and assessable

property in the district in proportion to the benefits, descriptions of the property, and the names of the owners of the property to the extent they are available to the engineer. The assessment roll must be filed in the office of the city clerk and be available there for inspection.

The city council shall meet to consider objections to the amounts of special assessments at least ten days after a notice of hearing has been mailed to the named owners of the tracts, parcels, and lots of property proposed to be assessed. The notice must give the time, place, and purpose of the meeting, but may refer to the assessment roll for further particulars. When the city council has approved the amounts of the special assessments in the assessment roll or has changed them, the city clerk shall certify a copy of the assessment roll, with any changes, to the county auditor to be extended on the tax lists of the county. The special assessments must be collected with and in the same manner as other taxes on property for the current year.

Within 20 days after the adoption of the assessment, an aggrieved person may appeal to the district court as provided in section 430.03 except that no commissioners will be appointed to consider the amount of benefits. If the court finds that the assessment is not arbitrary, unreasonable, or made under a demonstrable mistake of fact or erroneous theory of law, it shall confirm the proceedings. If the court finds that the assessment is valid but for the inclusion of one or more items of cost, it shall reduce the assessment by the amount erroneously included and confirm the assessment as reduced. Otherwise the court shall remand the matter to the city council for reconsideration and reassessment of the benefits after notice and hearing like those for the original assessments under this subdivision. Objections to the assessment are waived unless appealed under this paragraph.

Sec. 36. Minnesota Statutes 1990, section 430.102, subdivision 4, is amended to read:

Subd. 4. [COSTS AND ANNUAL IMPROVEMENTS DEFINED.] For the purposes of this chapter, with respect to pedestrian malls, "annual improvements" means any reconstruction, replacement, or repair of trees and plantings, furniture, roadway fixtures, sidewalks, shelters, and other facilities of a pedestrian mall, snow removal, sweeping, furnishing overhead or underground heating ~~for snow removal or~~ for enjoyment of pedestrians, and any other local improvement benefiting properties within the district. For the purposes of this chapter, with respect to annual improvements to and operation and maintenance of pedestrian malls, "costs" means costs of annual improvements, fees of consultants employed by the city council to assist in the planning of annual improvements, premiums on public liability insurance insuring the city and users of the pedestrian mall and on property damage insurance for pedestrian

mall facilities, reasonable and necessary costs to the city for the time of city officials, the advisory board, and employees spent in connection with annual improvements to and operating and maintaining a pedestrian mall and levying and collecting special assessments and special taxes for the mall, publication costs, and other costs incurred or to be incurred in connection with annual improvements to and operation and maintenance of pedestrian malls.

Sec. 37. Minnesota Statutes 1990, section 473F.01, is amended to read:

473F.01 [PURPOSE; USE OF PROCEEDS.]

Subdivision 1. [PURPOSE.] The legislature finds it desirable to improve the revenue raising and distribution system in the seven county Twin Cities area to accomplish the following objectives:

(1) To provide a way for local governments to share in the resources generated by the growth of the area, without removing any resources which local governments already have;

(2) To increase the likelihood of orderly urban development by reducing the impact of fiscal considerations on the location of business and residential growth and of highways, transit facilities and airports;

(3) To establish incentives for all parts of the area to work for the growth of the area as a whole;

(4) To provide a way whereby the area's resources can be made available within and through the existing system of local governments and local decision making;

(5) To help communities in different stages of development by making resources increasingly available to communities at those early stages of development and redevelopment when financial pressures on them are the greatest; and

(6) To encourage protection of the environment by reducing the impact of fiscal considerations so that flood plains can be protected and land for parks and open space can be preserved; and

(7) ~~To provide for the distribution to municipalities of additional revenues generated within the area or from outside sources pursuant to other legislation.~~

Subd. 2. [USE OF PROCEEDS.] Except as provided in section 473F.08, subdivision 3a, the proceeds from the areawide tax imposed under this chapter must be used by a local governmental unit

in the same manner and for the same purposes as the proceeds from other ad valorem taxes levied by the local governmental unit.

Sec. 38. Minnesota Statutes 1990, section 473F.02, subdivision 3, is amended to read:

Subd. 3. "Commercial-industrial property" means the following categories of property, as defined in section 273.13, excluding that portion of such property (1) which may, by law, constitute the tax base for a tax increment pledged pursuant to under section 469.042 or 469.162, certification of which was requested prior to August 1, 1979, to the extent and while such tax increment is so pledged; or (2) which may, by law, constitute the tax base for tax revenues set aside and paid over for credit to a sinking fund pursuant to direction of the city council in accordance with Laws 1963, chapter 881, as amended, to the extent that such revenues are so treated in any year; or (3) which is exempt from taxation pursuant to under section 272.02:

(a) That portion of class 3 property defined in Minnesota Statutes 1971, section 273.13, consisting of stocks of merchandise and furniture and fixtures used therewith; manufacturers' materials and manufactured articles; and tools, implements and machinery, whether fixtures or otherwise.

(b) That portion of class 4 property defined in Minnesota Statutes 1971, section 273.13, which is either used or zoned for use for any commercial or industrial purpose, except for such property which is, or, in the case of property under construction, will when completed be used exclusively for residential occupancy and the provision of services to residential occupants thereof. Property shall be considered as used exclusively for residential occupancy only if each of not less than 80 percent of its occupied residential units is, or, in the case of property under construction, will when completed be occupied under an oral or written agreement for occupancy over a continuous period of not less than 30 days.

If the classification of property prescribed by section 273.13 is modified by legislative amendment, the references in this subdivision shall be to such successor class or classes of property, or portions thereof, as embrace the kinds of property designated in this subdivision.

Sec. 39. Minnesota Statutes 1990, section 473F.02, subdivision 8, is amended to read:

Subd. 8. "Municipality" means a city, town, or township located in whole or part within the area, but not the cities of New Prague or Northfield. If a municipality is located partly within and partly without the area, the references in sections 473F.01 to 473F.13 to property or any portion thereof subject to taxation or taxing jurisdiction within the municipality are to such property or portion

thereof as is located in that portion of the municipality within the area, except that the fiscal capacity of such a municipality shall be computed upon the basis of the valuation and population of the entire municipality.

A municipality shall be excluded from the area if its municipal comprehensive zoning and planning policies conscientiously exclude most commercial-industrial development, for reasons other than preserving an agricultural use. The metropolitan council and the commissioner of revenue shall jointly make this determination annually and shall notify those municipalities that are ineligible to participate in the tax base sharing program provided in this chapter for the following year.

Sec. 40. Minnesota Statutes 1990, section 473F.02, subdivision 12, is amended to read:

Subd. 12. "Market value" of real and personal property within a municipality means the "actual market value" assessor's estimated market value of all real and personal property, including the value of manufactured housing, within the municipality, determined in the manner and with respect to the property described for school districts in section 475.53, subdivision 4, except that no adjustment shall be made for property on which taxes are paid into the state treasury under gross earnings tax laws applicable to common carrier railroads. For purposes of sections 473F.01 to 473F.13, the commissioner of revenue shall annually make determinations and reports with respect to each municipality which are comparable to those it makes for school districts under section 124.2131, subdivision 1, in the same manner and at the same times as are prescribed by the subdivision. The commissioner of revenue shall annually determine, for each municipality, information comparable to that required by section 475.53, subdivision 4, for school districts, as soon as practicable after it becomes available. The commissioner of revenue shall then compute the equalized market value of property within each municipality using the aggregate sales ratios from the department of revenue's sales ratio study.

Sec. 41. Minnesota Statutes 1990, section 473F.02, subdivision 13, is amended to read:

Subd. 13. "Valuation" means the market value of real and personal property within a municipality as defined in subdivision 12.

Sec. 42. Minnesota Statutes 1990, section 473F.05, is amended to read:

473F.05 [GROSS NET TAX CAPACITY YEARS.]

On or before August 5 of each year, the assessors within each

county in the area shall determine and certify to the county auditor the gross net tax capacity in that year of commercial-industrial property subject to taxation within each municipality in the county, determined without regard to section 469.177, subdivision 3.

Sec. 43. Minnesota Statutes 1990, section 473F.06, is amended to read:

473F.06 [INCREASE IN GROSS NET TAX CAPACITY.]

On or before July 15 of each year, the auditor of each county in the area shall determine the amount, if any, by which the gross net tax capacity determined in the preceding year ~~pursuant to under~~ section 473F.05, of commercial-industrial property subject to taxation within each municipality in the auditor's county exceeds the gross net tax capacity in 1971 of commercial-industrial property subject to taxation within that municipality. If a municipality is located in two or more counties within the area, the auditors of those counties shall certify the data required by section 473F.05 to the county auditor who is responsible under other provisions of law for allocating the levies of that municipality between or among the affected counties. That county auditor shall determine the amount of the net excess, if any, for the municipality under this section, and certify that amount under section 473F.07. Notwithstanding any other provision of sections 473F.01 to 473F.13. to the contrary, in the case of a municipality which is designated on July 24, 1971, as a redevelopment area ~~pursuant to under~~ section 401(a)(4) of the Public Works and Economic Development Act of 1965, Public Law Number 89-136, the increase in its gross net tax capacity of commercial-industrial property for purposes of this section shall be determined in each year ~~subsequent to the termination of such designation~~ by using as a base the gross net tax capacity of commercial-industrial property in that municipality in the 1989 assessment year following that in which such designation is terminated, rather than the gross net tax capacity of such property in 1971. The increase in gross total net tax capacity determined by this section shall be reduced by the amount of any decreases in the gross net tax capacity of commercial-industrial property resulting from any court decisions, court related stipulation agreements, or abatements for a prior year, and only in the amount of such decreases made during the 12-month period ending on May 1 of the current assessment year, where such decreases, if originally reflected in the determination of a prior year's gross net tax capacity under section 473F.05, would have resulted in a smaller contribution from the municipality in that year. An adjustment for such decreases shall be made only if the municipality made a contribution in a prior year based on the higher gross net tax capacity of the commercial-industrial property.

Sec. 44. Minnesota Statutes 1990, section 473F.07, is amended to read:

473F.07 [COMPUTATION OF AREAWIDE TAX BASE.]

Subdivision 1. Each county auditor shall certify the determinations ~~pursuant to~~ under sections 473F.05 and 473F.06 to the administrative auditor on or before August 1 of each year.

The administrative auditor shall determine an amount equal to 40 percent of the sum of the amounts certified ~~pursuant to~~ under section 473F.06, ~~and divide that sum by 2-1/2~~. The resulting amount shall be known as the "areawide gross net tax capacity for(year)."

Subd. 2. The commissioner of revenue shall certify to the administrative auditor, on or before August 10 of each year, the population of each municipality for the ~~second~~ preceding year, the proportion of that population which resides within the area, the average fiscal capacity of all municipalities in the area for the preceding year, and the fiscal capacity of each municipality in the area for the preceding year.

Subd. 3. The administrative auditor shall determine, for each municipality, the product of (a) its population, and (b) the proportion which the average fiscal capacity of municipalities for the preceding year bears to the fiscal capacity of that municipality for the preceding year, ~~and (c) two~~. The product shall be the areawide tax base distribution index for that municipality; ~~provided that (a) if the product in the case of any municipality is less than its population, its index shall be increased to its population, and (b)~~. If a municipality is located partly within and partly without the area its index shall be that which is otherwise determined hereunder, multiplied by the proportion which its population residing within the area bears to its total population as of the preceding year.

Subd. 4. The administrative auditor shall determine the proportion which the index of each municipality bears to the sum of the indices of all municipalities and shall then multiply this proportion in the case of each municipality, by the areawide net tax capacity, provided that if the distribution net tax capacity for a municipality is less than 95 percent of the municipality's previous year distribution net tax capacity, and more than ten percent of the municipality's fiscal capacity consists of manufactured home property, the municipality's distribution net tax capacity will be increased to 95 percent of the previous year net tax capacity and the distribution net tax capacity of other municipalities in the area will be proportionately reduced.

Subd. 5. The ~~product~~ result of the ~~multiplication~~ procedure prescribed by subdivision 4 shall be known as the "areawide gross net tax capacity for (year) attributable to (municipality)." The administrative auditor shall certify such product to

the auditor of the county in which the municipality is located on or before August 15.

Sec. 45. Minnesota Statutes 1990, section 473F.08, subdivision 2, is amended to read:

Subd. 2. The net tax capacity of a governmental unit is its net tax capacity, as determined in accordance with other provisions of law including section 469.177, subdivision 3, subject to the following adjustments:

(a) There shall be subtracted from its net tax capacity, in each municipality in which the governmental unit exercises ad valorem taxing jurisdiction, an amount which bears the same proportion to 40 percent of the amount certified in that year ~~pursuant to section 473F.06 in respect to that~~ and 473F.07 for the municipality as the total preceding year's net tax capacity of commercial-industrial property which is subject to the taxing jurisdiction of the governmental unit within the municipality, determined without regard to section 469.177, subdivision 3, bears to the total preceding year's net tax capacity of commercial-industrial property within the municipality, determined without regard to section 469.177, subdivision 3;

(b) There shall be added to its net tax capacity, in each municipality in which the governmental unit exercises ad valorem taxing jurisdiction, an amount which bears the same proportion to the areawide net tax capacity for the year attributable to that municipality as the total preceding year's net tax capacity of residential property which is subject to the taxing jurisdiction of the governmental unit within the municipality bears to the total preceding year's net tax capacity of residential property of the municipality.

Sec. 46. Minnesota Statutes 1990, section 473F.08, subdivision 5, is amended to read:

Subd. 5. On or before August 25 of each year, the county auditor shall certify to the administrative auditor that portion of the levy of each governmental unit determined ~~pursuant to~~ under subdivision 3, clause (a). The administrative auditor shall then determine the areawide tax rate sufficient to yield an amount equal to the sum of such levies from the areawide ~~gross~~ net tax capacity. On or before September 1 of each year, the administrative auditor shall certify the areawide tax rate to each of the county auditors.

Sec. 47. Minnesota Statutes 1990, section 473F.08, subdivision 6, is amended to read:

Subd. 6. The areawide tax rate determined in accordance with subdivision 5 shall apply ~~in the taxation of~~ to each item of commer-

cial-industrial property subject to taxation within a municipality, including property located within any tax increment financing district, as defined in section 469.174, subdivision 9, to that portion of the net tax capacity of the item which bears the same proportion to its total net tax capacity as 40 percent of the amount determined pursuant to section 473F.06 in respect to the municipality in which the property and 473F.07 is taxable bears to the amount determined pursuant to section 473F.05. The tax rate determined in accordance with subdivision 4 shall apply in the taxation of the remainder of the net tax capacity of the item.

Sec. 48. Minnesota Statutes 1990, section 473F.09, is amended to read:

473F.09 [ADJUSTMENTS IN DATES.]

If, by reason of the enactment of any other law, the date by which the commissioner of revenue is required to certify to the county auditors the records of proceedings affecting the gross net tax capacity of property is advanced to a date earlier than June 30, the dates specified in sections 473F.07 and 473F.10 may be modified in the years to which such other law applies in the manner and to the extent prescribed by the administrative auditor.

Sec. 49. Minnesota Statutes 1990, section 473F.13, subdivision 1, is amended to read:

Subdivision 1. If a qualifying municipality is dissolved, is consolidated with all or part of another municipality, annexes territory, has a portion of its territory detached from it, or is newly incorporated, the secretary of state shall immediately certify that fact to the commissioner of revenue. The secretary of state shall also certify to the commissioner of revenue the current population of the new, enlarged, or successor municipality, if determined by the Minnesota municipal board incident to consolidation, annexation, or incorporation proceedings. The population so certified shall govern for purposes of sections 473F.01 to 473F.13 until the metropolitan council files its first population estimate as of a later date with the commissioner of revenue. If an annexation of unincorporated land occurs without proceedings before the Minnesota municipal board, the population of the annexing municipality as previously determined shall continue to govern for purposes of sections 473F.01 to 473F.13 until the metropolitan council files its first population estimate as of a later date with the commissioner of revenue.

Sec. 50. Minnesota Statutes 1990, section 477A.014, subdivision 4, is amended to read:

Subd. 4. [COSTS BILLED TO COMMISSIONER OF REVENUE.] The commissioner of state planning shall annually bill the commissioner of revenue for one-half of the costs incurred by the state

planning agency in the preparation of materials required by section 116K.04, subdivision 4, clause (10). The commissioner of revenue shall deduct these amounts from the next payments to be made to appropriate local units of government. Amounts deducted must be credited to the general fund. The state auditor shall bill the commissioner of revenue for the costs of the services provided by the government information division and the parts of the constitutional office that are related to the government information function, not to exceed \$217,000 in fiscal year 1992 and \$217,000 in fiscal year 1993 and thereafter. Subdivision 1. ~~LIMITED VALUATION INCREASE.~~ (a) Notwithstanding Minnesota Statutes, section 273.11, or any other law to the contrary, the estimated market value of a manufactured home park, as defined in section 327.14, subdivision 3, and assessed under section 273.13, subdivision 25, for taxes levied in 1990, may not exceed 133-1/3 percent of its estimated market value for taxes levied in 1989 as limited by Laws 1989, First Special Session chapter 1, article 3, section 32, subdivision 1. The excess market value, including value added by the January 2, 1991, assessment, must be entered equally in the next two succeeding as follows: two-thirds in the 1991 assessment and one-third in the 1992 assessment years.

(b) This subdivision does not apply to increases in value attributable to improvements made to the real estate since the January 2, 1989, assessment. It does not apply to property becoming subject to taxation since the January 2, 1989, assessment. The limitation in this subdivision applies to any increase in valuation imposed by the local boards of review under section 274.01, the county boards of equalization under section 274.13, and the state board of equaliza-

tion and the commissioner of revenue under sections 270.11, 270.12, and 270.16.

Sec. 55. [CERTAIN COUNTIES; LOW-INCOME HOUSING.]

Subdivision 1. [LOW-INCOME HOUSING.] In addition to the normal market value determination under Minnesota Statutes, section 273.11, in the case of Hennepin, Dakota, Ramsey, St. Louis, and Beltrami counties, a special market value for properties classified under section 273.13, subdivision 25, paragraph (c), clauses (1), item (ii), (3) and (4), the owners of which have applied to the assessor for treatment in the initial year under this subdivision, shall be determined as provided in this subdivision. If a limited dividend entity owns the property, it must include as the managing general partner a nonprofit organization operating under the provisions of Minnesota Statutes, chapter 317A and qualifying under section 501(c)(3) of the Internal Revenue Code of 1986, as amended through December 31, 1990, and the limited partnership agreement must provide that the managing general partner has sufficient powers so that it materially participates in the management and control of the limited dividend entity. The value shall be determined by capitalizing the net operating income derived from actual restricted rents, rent subsidies under section 8 of the United States Housing Act of 1937, as amended, or other governmental programs, and standardized expenses which are from time to time determined by the housing finance agency for similar projects. Net operating incomes must be greater than zero. The special market value shall be used to compute the taxes owing only if the entire structure is occupied by low-income, elderly, or handicapped persons or low- and moderate-income families as defined in the applicable laws. The manager of properties valued under this subdivision must demonstrate annually to the assessor that tax savings realized by use of this method of valuation have inured to the tenants. The tax savings must be used for reduced rents, improved maintenance, capital improvements, or capital reserves. Capital reserves must be in accordance with agreements approved by the governmental regulatory authority. After the first year, certification that the funds have been spent as required shall be made by the housing and redevelopment authority performing the financial audit or review on the property as required by the regulatory authority. A copy of the certification must be submitted to the assessor by May 30 of each year. If the assessor determines upon review of the certification that the benefit has not inured to the tenants, the property shall be subject to additional property taxes in the amount of triple the difference between the taxes determined in accordance with this subdivision and the amount of tax payable on the property if it were valued according to subdivision 1 and classified according to section 273.13, subdivision 25, paragraph (a) or (b), as appropriate for those years in which the benefit of the tax savings did not inure to the tenants, less the amount of penalty imposed under Minnesota Statutes, section 273.1317, subdivision 8.

Sec. 62. [ADMINISTRATIVE DIRECTIVE TO ASSESSORS.]

local governments provide services or benefits not funded by state appropriations, and (2) development of incentives or mechanisms for increased local efficiencies through cooperation or combination of local government units.

Subd. 4. [MEMBERSHIP; TERMS.] (a) For July 1, 1991, through June 30, 1992, the commission consists of 20 members as follows:

(2) the payments authorized by law to be made out of the trust.

If the estimated payments exceed the estimated receipts of the trust fund, the appropriations from the trust to each program are proportionately reduced, unless otherwise provided by law.

If the estimated receipts of the trust fund exceed the estimated payments by \$1,000,000 or more, the appropriation from the trust fund to each intergovernmental aid program is increased proportionately. The aid paid to each local government under the program is increased proportionately unless otherwise provided by law.

(b) If as a result of changes in economic conditions or if information becomes available that indicates changes either in receipts or payments from the trust fund, the commissioner may at other times estimate the amount of receipts or payments and reduce or restore the appropriations under paragraph (a).

Subd. 4. [GENERAL FUND ADVANCES.] If the money in the trust fund is insufficient to make payments on the dates provided by law, but the commissioner estimates receipts for the fiscal year will be sufficient, the commissioner shall advance money from the general fund to the trust fund necessary to make the payments. On

or before the close of the biennium the trust shall repay the advances with interest, calculated at the rate of earnings on invested treasurer's cash, to the general fund.

The commissioner shall determine the portion as the sum of (i) the amount of trust fund money appropriated for county human service aid in fiscal years 1992 and 1993 and (ii) 67 percent of the commissioner's forecast of the increase in the receipts of the trust fund in fiscal years 1994 and 1995 over fiscal years 1992 and 1993, less an amount necessary to pay any increase in the estimated aid payable under clauses (1) to (5), and (7) over that paid in fiscal years 1992 and 1993;

(a) If a local option sales and use tax under section 297A.021 is not imposed in the county for the fiscal year, no payments may be made out of the local government trust fund to the county or to a city, town, or special taxing district located in the county for the fiscal year, except as provided in paragraph (b).

(b) If a city or special taxing district is located in two or more counties and the local option tax is not imposed in one or more of the counties, the city, town, or special taxing district's aid payments from the local government trust fund equal the amount of the aid multiplied by a fraction, the numerator of which is the net tax capacity of the taxing district in counties imposing the tax and the denominator of which is the total net tax capacity of the taxing district.

Copies of the city and town board resolutions must be filed with the county auditor.

(b) Effective in 1993, the county shall hold an election to rescind the local option sales tax, if a rescission petition is filed with the county. A rescission petition must be signed by ten percent of the voters, determined on the basis of the last general election, in each city and each town in the county. The commissioner of revenue shall prepare the form of the question to be presented at the election. If a majority of the voters voting on the question approve, the tax is rescinded.

(c) The county auditor must promptly notify the commissioner of a rescission of the tax. If the tax is rescinded, the tax remains in effect through the next June 30 after the first August 1 after the notice of the rescission is provided to the commissioner.

Section 1. Minnesota Statutes 1990, section 273.1398, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] (a) In this section, the terms defined in this subdivision have the meanings given them.

(b) "Unique taxing jurisdiction" means the geographic area subject to the same set of local tax rates.

(c) "Gross tax capacity" means the product of the gross class rates and estimated market values. "Total gross tax capacity" means the gross tax capacities for all property within the unique taxing jurisdiction. The total gross tax capacity used shall be reduced by the sum of (1) the unique taxing jurisdiction's gross tax capacity of commercial industrial property as defined in section 473F.02, subdivision 3, multiplied by the ratio determined pursuant to section 473F.08, subdivision 6, for the municipality, as defined in section 473F.02, subdivision 8, in which the unique taxing jurisdiction is located, (2) the gross tax capacity of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2, and (3) the gross tax capacity of transmission lines deducted from a local government's total gross tax capacity under section 273.425. Gross tax capacity cannot be less than zero.

(d) "Net tax capacity" means the product of (i) the appropriate net class rates for the year in which the aid is payable, except that for aids payable in 1991 the class rate applied to class 3 utility real and personal property shall be 5.38 percent; the class rate applied to class 4c property and that portion of class 3 property with an actual net class rate of 2.3 percent shall be 2.4 percent; the class rates applied to class 2a agricultural homestead property excluding the house, garage, and one acre shall be .4 percent for the first \$100,000 of value reduced by the value of the house, garage, and one acre, 1.3 percent for the remaining value of the first 320 acres, and 1.7 percent for the remaining value of any acreage in excess of 320 acres; the class rate applied to class 2b property shall be 1.7 percent; the class rate applied to class 1b property shall be .4 percent; and the class rate for the portion of class 1 property and the house, garage, and one acre portion of class 2a property with a market value in excess of \$100,000 shall be 3.0 percent 1992 the class rate applied to

class 4b property shall be 2.9 percent; the class rate applied to class 4a property shall be 3.55 percent; the class rate applied to noncommercial seasonal recreational residential property shall be 2.25 percent; and the class rates applied to portions of class 1a, 1b, and 2a property shall be 2 percent for the market value between \$68,000 and \$110,000 and 2.5 percent for the market value over \$110,000; for aid payable in 1993 the class rate applicable to class 4a shall be 3.5 percent; and the class rate applicable to class 4b shall be 2.65; and for aid payable in 1994 the class rate applicable to class 4b shall be 2.4 percent, and (ii) estimated market values for the assessment two years prior to that in which aid is payable. The reclassification of mobile home parks as class 4c shall not be considered in determining net tax capacity for purposes of this paragraph for aids payable in 1991 or 1992. The reclassification of fraternity and sorority houses as class 4e shall not be considered in determining net tax capacity for purposes of this paragraph for aids payable in 1991. Any reclassification of property by this act, shall not be considered in determining net tax capacity for aids payable in 1992. "Total net tax capacity" means the net tax capacities for all property within the unique taxing jurisdiction. The total net tax capacity used shall be reduced by the sum of (1) the unique taxing jurisdiction's net tax capacity of commercial industrial property as defined in section 473F.02, subdivision 3, multiplied by the ratio determined pursuant to section 473F.08, subdivision 6, for the municipality, as defined in section 473F.02, subdivision 8, in which the unique taxing jurisdiction is located, (2) the net tax capacity of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2, and (3) the net tax capacity of transmission lines deducted from a local government's total net tax capacity under section 273.425. For purposes of determining the net tax capacity of property referred to in clauses (1) and (2), the net tax capacity shall be multiplied by the ratio of the highest class rate for class 3a property for taxes payable in the year in which the aid is payable to the highest class rate for class 3a property in the prior year. Net tax capacity cannot be less than zero.

(e) "Previous net tax capacity" means the product of the appropriate net class rates for the year previous to the year in which the aid is payable, and estimated market values for the assessment two years prior to that in which aid is payable. "Total previous net tax capacity" means the previous net tax capacities for all property within the unique taxing jurisdiction. The total previous net tax capacity shall be reduced by the sum of (1) the unique taxing jurisdiction's previous net tax capacity of commercial-industrial property as defined in section 473F.02, subdivision 3, multiplied by the ratio determined pursuant to section 473F.08, subdivision 6, for the municipality, as defined in section 473F.02, subdivision 8, in which the unique taxing jurisdiction is located, (2) the previous net tax capacity of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2, and (3) the previous net tax capacity of transmission lines deducted from a local

government's total net tax capacity under section 273.425. Previous net tax capacity cannot be less than zero.

(f) "Equalized market values" are market values that have been equalized by dividing the assessor's estimated market value for the second year prior to that in which the aid is payable by the assessment sales ratios determined by class in the assessment sales ratio study conducted by the department of revenue pursuant to section 124.2131 in the second year prior to that in which the aid is payable. The equalized market values shall equal the unequalized market values divided by the assessment sales ratio.

(g) "1989 local tax rate" means the quotient derived by dividing the gross taxes levied within a unique taxing jurisdiction for taxes payable in 1989 by the gross tax capacity of the unique taxing jurisdiction for taxes payable in 1989. For computation of the local tax rate for aid payable in 1991 and subsequent years, gross taxes for taxes payable in 1989 exclude equalized levies as defined in subdivision 2a. For purposes of computation of the local tax rate only, gross taxes shall not be adjusted by inflation or household growth.

(h) "Current local tax rate" means the quotient derived by dividing the taxes levied within a unique taxing jurisdiction for taxes payable in the year prior to that for which aids are being calculated by the net tax capacity of the unique taxing jurisdiction.

(i) For purposes of calculating the homestead and agricultural credit aid authorized pursuant to subdivision 2, the "subtraction factor" is the product of (i) a unique taxing jurisdiction's 1989 local tax rate; (ii) its total net tax capacity; and (iii) 0.9767.

(j) For purposes of calculating and allocating homestead and agricultural credit aid authorized pursuant to subdivision 2 and the disparity reduction aid authorized in subdivision 3, "gross taxes levied on all properties," "gross taxes," or "taxes levied" means the total taxes levied on all properties except that levied on the captured value of tax increment districts as defined in section 469.177, subdivision 2, and that levied on the portion of commercial industrial properties' assessed value or gross tax capacity, as defined in section 473F.02, subdivision 3, subject to the areawide tax as provided in section 473F.08, subdivision 6, in a unique taxing jurisdiction. Gross taxes levied on all properties or gross taxes are before reduction by any credits for taxes payable in 1989. "Gross taxes" are before any reduction for disparity reduction aid but "taxes levied" are after any reduction for disparity reduction aid. Gross taxes levied or taxes levied cannot be less than zero.

For homestead and agricultural credit aid payable in 1991, "gross taxes" or "gross taxes levied on all properties" shall mean gross taxes payable in 1989, excluding actual amounts levied for the

~~purposes listed in subdivision 2a, multiplied by the cost-of-living adjustment factor and the household adjustment factor.~~

“Taxes levied” excludes actual amounts levied for purposes listed in subdivision 2a.

(12) medical assistance, medical transportation and related costs.

(l) “Cost-of-living adjustment factor” means the greater of one or one plus the percentage increase in the consumer price index minus .36 percent. In no case may the cost of living adjustment factor exceed 1.0394.

(m) The percentage increase in the consumer price index means the percentage, if any, by which:

(1) the consumer price index for the calendar year preceding that in which aid is payable, exceeds

(2) the consumer price index for calendar year 1989.

(n) "Consumer price index for any calendar year" means the average of the consumer price index as of the close of the 12-month period ending on May 31 of such calendar year.

(o) "Consumer price index" means the last consumer price index for all-urban consumers published by the department of labor. For purposes of the preceding sentence, the revision of the consumer price index which is most consistent with the consumer price index for calendar year 1989 shall be used.

In the case of school districts the growth adjustment factor means the average daily membership of the school district under section 124.17, subdivision 2, for the school year ending in the second most recent year preceding that in which the aids are payable divided by the average daily membership for the third most recent year. In the case of special taxing districts, the growth adjustment factor equals one. The growth adjustment factor cannot be less than one.

(r) For aid payable in 1992 and subsequent years, "homestead and agricultural credit base" means the previous year's certified homestead and agricultural credit aid determined under subdivision 2 less any permanent aid reduction in the previous year to homestead and agricultural credit aid under section 477A.0132, plus, for aid payable in 1992, fiscal disparity homestead and agricultural credit aid under subdivision 2b.

(s) "Net tax capacity adjustment" means (1) the total previous net tax capacity minus the total net tax capacity, multiplied by (2) the unique taxing jurisdiction's current local tax rate. The net tax capacity adjustment cannot be less than zero.

(t) "Fiscal disparity adjustment" means the difference between (1) a taxing jurisdiction's fiscal disparity distribution levy under section 473F.08, subdivision 3, clause (a), for taxes payable in the year prior to that for which aids are being calculated, and (2) the same distribution levy multiplied by the ratio of the highest class rate for class 3 property for taxes payable in the year prior to that for which aids are being calculated to the highest class rate for class 3 property for taxes payable in the second prior year to that for which aids are being calculated. In the case of school districts, the fiscal disparity

distribution levy shall exclude that part of the levy attributable to equalized school levies as defined in subdivision 2a.

Sec. 2. Minnesota Statutes 1990, section 273.1398, subdivision 3, is amended to read:

Subd. 3. [DISPARITY REDUCTION AID.] (a) For taxes payable in 1990, and subsequent years, the amount of disparity aid ~~originally~~ certified for each unique taxing jurisdiction for taxes payable in the prior year shall be multiplied by the ratio of (1) the jurisdiction's tax capacity using the class rates for taxes payable in the year for which aid is being computed, provided that the class rates for the portion of class 1a, 1b, and 2a property shall be 2 percent for the market value between \$68,000 and \$110,000 and 2.5 percent for the market value over \$110,000, to (2) its tax capacity using the class rates for taxes payable in the year prior to that for which aid is being computed, both based upon market values for taxes payable in the year prior to that for which aid is being computed. For taxes payable in 1992 and subsequent years, the amount of disparity aid certified to each taxing jurisdiction shall be reduced by any reductions required in the current year or permanent reductions required in previous years under section 477A.0132.

(b) The disparity reduction aid is allocated to each local government levying taxes in the unique taxing jurisdiction in the proportion that the local government's payable gross taxes bears to the total payable gross taxes levied within the unique taxing jurisdiction.

Sec. 3. Minnesota Statutes 1990, section 273.1398, subdivision 5, is amended to read:

Subd. 5. [ADDITIONAL HOMESTEAD AND AGRICULTURAL CREDIT GUARANTEE.] Beginning with taxes payable in 1990, each unique taxing jurisdiction may receive additional homestead and agricultural credit guarantee payments.

The commissioner shall apportion each ~~local government's~~ governmental unit's aids to the ~~unique taxing jurisdiction~~ each school district portion of each city and town based upon the proportion that ~~the unique taxing jurisdiction's~~ each school district portion of each city and town's tax capacity bears to the total tax capacity of the ~~local government~~ governmental unit. For purposes of this subdivision, "governmental

unit" includes counties, cities, towns, and school districts, and excludes special taxing districts.

(2) Each year, the commissioner will compute a gross local tax rate for each taxing jurisdiction equal to its total levy divided by its gross tax capacity under Minnesota Statutes 1988, section 273.13. For each unique taxing jurisdiction, a total gross local tax rate will be determined. This total gross local tax rate will be applied against the gross tax capacity of property that would have been eligible for the homestead credit or the agricultural credit for taxes payable in 1989. An estimated credit amount will be determined for all qualifying parcels based upon the credit rate structure in effect for taxes payable in 1989. The resulting credit amounts will be summed for all parcels in the unique taxing jurisdiction.

If the amount determined in clause (2) is greater less than the amount determined in clause (1), of homestead credit and agricultural credit received by all properties for taxes payable in 1989 in the school district portion of each city or town, the difference will be additional homestead and agricultural credit guarantee payments for the unique taxing jurisdiction that school district portion of the city or town in the following taxes payable year. The additional credit amount shall proportionately reduce the local tax rates of all local governments governmental units levying taxes within the unique taxing jurisdiction that school district portion of the city or town in the following year. The commissioner shall certify the amounts of additional credits determined under this subdivision to the county auditor at the time provided in subdivision 6. For aid payable in 1992 and subsequent years, the aid payable under this subdivision shall be reduced by any reductions required in the current year and permanent reductions required in previous years under section 477A.0132.

Sec. 11. [477A.0132] [AID REDUCTIONS TO LOCAL GOVERNMENTS.]

Subdivision 1. [AFFECTED LOCAL GOVERNMENTS.] The following permanent and nonpermanent reductions shall be made in aids paid to the following local units of government:

Subd. 2. [CALCULATION OF AID REDUCTION.] The aid reduction to each local government as provided under subdivision 1 will be equal to the product of the reduction percentage and its reduction base. The reduction base is defined as the following:

(a) For subdivision 1, clause (a), the reduction base is equal to the adjusted revenue base for 1991.

(b) For subdivision 1, clause (b), the reduction base is equal to the revenue base for 1992.

(e) For subdivision 1, clause (e), the reduction base is equal to the adjusted revenue base for the year in which the aid payment is to be made.

Subd. 3. [ORDER OF AID REDUCTIONS.] The aid reduction to a local government as calculated under subdivisions 1 and 2, is first applied to its local government aid under sections 477A.012 and 477A.013 excluding aid under section 477A.013, subdivision 5; then, if necessary, to its equalization aid under section 477A.013, subdivision 5; then if necessary, to its homestead and agricultural credit aid under section 273.1398, subdivision 2; and then, if necessary, to its disparity reduction aid under section 273.1398, subdivision 3; and then, if necessary, to its homestead and agricultural credit guarantee under section 273.1398, subdivision 5. No aid payment may be less than \$0. Aid reductions under this section in any given year shall be divided equally between the July 20 and December 15 aid payments unless specified otherwise in subdivision 1.

Sec. 12. Minnesota Statutes 1990, section 477A.014, subdivision 1, as amended by Laws 1991, chapter 2, article 8, section 10, is amended to read:

Subd. 1a. [ADJUSTMENTS FOR LOCAL GOVERNMENT TRUST FUND REVENUES.] For aids payable in 1991 and 1992 only, if the amount appropriated under article 2, section 3, for homestead and agricultural credit aid and disparity reduction aid under section 273.1398, and local government aid and equalization aid under sections 477A.011 to 477A.013, and the additional homestead and agricultural credit guarantee under section 273.1398, subdivision 5, is less than or greater than the amounts certified to be paid by the commissioner of revenue, the aids will be reduced or increased in the following manner unless otherwise provided for in law.

In the case of an aid reduction, each city's, county's, town's, and special taxing district's aids will be reduced as provided for in section 477A.0132. In the case of an aid increase, each city's, county's, town's, and special taxing district's aid shall be increased proportionately. The aid reduction or increase will be split equally between the July 20 and December aid payments each year.

If the commissioner estimates an additional reduction or increase in appropriations for these programs after the July 20 aid payment but before the December payment, the December aid payments to local governments for these programs will be reduced or increased proportionately.

Sec. 14. Minnesota Statutes 1990, section 477A.03, subdivision 1, is amended to read:

ARTICLE 4

LEVY LIMITS

Section 1. Minnesota Statutes 1990, section 275.125, is amended by adding a subdivision to read:

Subd. 6j. [LEVY FOR CRIME RELATED COSTS.] For taxes levied in 1991, payable in 1992 only, each school district may make a levy on all taxable property located within the school district for the purposes specified in this subdivision. The maximum amount which may be levied for all costs under this subdivision shall be equal to \$1 multiplied by the population of the school district. For purposes of this subdivision, "population" of the school district means the same as contained in section 275.14. The proceeds of the levy must be used for reimbursing the cities and counties who contract with the school district for the following purposes: (1) to pay the costs incurred for the salaries, benefits, and transportation costs of peace officers and sheriffs for liaison services in the district's middle and secondary schools, (2) to teach drug abuse resistance education curricula in the elementary schools, and (3) to pay the costs incurred for the salaries and benefits of peace officers and sheriffs whose primary responsibilities are to investigate controlled substance crimes under chapter 152. The school district must initially attempt to contract for these services with the police department of each city or the sheriff's department of the county within the school district containing the school receiving the services. If a local police department or a county sheriff's department does not wish to provide the necessary services, the district may contract for these services with any other police or sheriff's department located entirely or partially within the school district's boundaries. The levy authorized under this subdivision is not included in determining the school district's levy limitations and must be disregarded in computing any overall levy limitations under sections 275.50 to 275.56 of the participating cities or counties.

Sec. 2. Minnesota Statutes 1990, section 275.50, subdivision 5, is amended to read:

Subd. 5. Notwithstanding any other law to the contrary for taxes levied in 1990 payable in 1991 and subsequent years, "special levies" means those portions of ad valorem taxes levied by governmental subdivisions to:

(a) for taxes levied in 1990, payable in 1991 and subsequent years, pay the costs not reimbursed by the state or federal government, of payments made to or on behalf of recipients of aid under any public assistance program authorized by law, and the costs of purchase or delivery of social services. The aggregate amounts levied under this clause for the costs of purchase or delivery of social services and income maintenance programs, other than those identified in section 273.1398, subdivision 1, paragraph (i) (k), are subject to a maximum increase over the amount levied for the previous year of 12 percent for counties within the metropolitan area as defined in section 473.121, subdivision 2, or counties outside the metropolitan area but containing a city of the first class, and 15 percent for other counties. For purposes of this clause, "income maintenance programs" include income maintenance programs in section 273.1398, subdivision 1, paragraph (i) (k), to the extent the county provides benefits under those programs over the statutory mandated standards. Effective with taxes levied in 1990, the portion of this special levy for human service programs identified in section 273.1398, subdivision 1, paragraph (i) (k), is eliminated. For taxes levied in 1991, the amount levied under this clause may be increased by an amount equal to county costs that are not reimbursed by the state for emergency assistance under section 256.871, emergency general assistance under section 256D.06, subdivision 2, and Minnesota supplemental aid and general assistance negotiated rate payments under section 256I.04;

(b) pay the costs of principal and interest on bonded indebtedness except on bonded indebtedness issued under section 471.981, subdivisions 4 to 4c, or to reimburse for the amount of liquor store revenues used to pay the principal and interest due in the year preceding the year for which the levy limit is calculated on municipal liquor store bonds;

(c) pay the costs of principal and interest on certificates of indebtedness, except tax anticipation or aid anticipation certificates of indebtedness, issued for any corporate purpose except current expenses or funding an insufficiency in receipts from taxes or other sources or funding extraordinary expenditures resulting from a public emergency; and to pay the cost for certificates of indebtedness issued ~~pursuant to~~ under sections 298.28 and 298.282;

(d) fund the payments made to the Minnesota state armory

building commission pursuant to under section 193.145, subdivision 2, to retire the principal and interest on armory construction bonds;

(e) provide for the bonded indebtedness portion of payments made to another political subdivision of the state of Minnesota;

(f) pay the amounts required, in accordance with section 275.075, to correct for a county auditor's error of omission but only to the extent that when added to the preceding year's levy it is not in excess of an applicable statutory, special law or charter limitation, or the limitation imposed on the governmental subdivision by sections 275.50 to 275.56 in the preceding levy year;

(g) pay amounts required to correct for an error of omission in the levy certified to the appropriate county auditor or auditors by the governing body of a city or town with statutory city powers in a levy year, but only to the extent that when added to the preceding year's levy it is not in excess of an applicable statutory, special law or charter limitation, or the limitation imposed on the governmental subdivision by sections 275.50 to 275.56 in the preceding levy year;

(h) ~~pay amounts required by law to be paid to pay the interest on and to reduce the unfunded accrued liability of public pension funds in accordance with the actuarial standards and guidelines specified in sections 356.215 and 356.216 reduced by 106 percent of the amount levied for that purpose in 1976, payable in 1977. For the purpose of this special levy, the estimated receipts expected from the state of Minnesota pursuant to sections 60.011 to 60.031 or any other state aid expressly intended for the support of public pension funds shall be considered as a deduction in determining the required levy for the normal costs of the public pension funds. No amount of these aids shall be considered as a deduction in determining the governmental subdivision's required levy for the reduction of the unfunded accrued liability of public pension funds;~~

(~~i~~) to compensate the state for the cost of a reassessment ordered by the commissioner of revenue pursuant to under section 270.16;

(~~j~~) (i) pay the debt service on tax increment financing revenue bonds to the extent that revenue to pay the bonds or to maintain reserves for the bonds is insufficient as a result of the provisions of Laws 1988, chapter 719, article 5, provided that an appeal for the levy under this clause was approved by the commissioner of revenue under section 275.51, subdivision 3j;

(~~k~~) (j) pay the cost of hospital care under section 261.21;

(~~l~~) (k) pay the unreimbursed costs incurred in the previous year to satisfy judgments rendered against the governmental subdivision by a court of competent jurisdiction in any tort action, or to pay the

costs of settlements out of court against the governmental subdivision in a tort action when substantiated by a stipulation for the dismissal of the action filed with the court of competent jurisdiction and signed by both the plaintiff and the legal representative of the governmental subdivision, provided that an appeal for the unreimbursed costs under this clause was approved by the commissioner of revenue under section 275.51, subdivision ~~3~~ 3j;

~~(m)~~ (l) pay the expenses reasonably and necessarily incurred in preparing for or repairing the effects of natural disaster including the occurrence or threat of widespread or severe damage, injury, or loss of life or property resulting from natural causes such as earthquake, fire, flood, wind storm, wave action, oil spill, water contamination, air contamination, or drought in accordance with standards formulated by the emergency services division of the state department of public safety, provided that an appeal for the expenses incurred under this clause were approved by the commissioner of revenue under section 275.51, subdivision ~~3~~ 3j;

~~(n)~~ (m) pay a portion of the losses in tax receipts to a city due to tax abatements or court actions in the year preceding the current levy year, provided that an appeal for the tax losses was approved by the commissioner of revenue under section 275.51, subdivision ~~3~~ 3j. This special levy is limited to the amount of the losses times the ratio of the nonspecial levies to total levies for taxes payable in the year the abatements were granted. County governments are not authorized to claim this special levy;

~~(o)~~ (n) pay the operating cost of regional library services authorized under section 134.34, subject to a maximum increase over the previous year of the greater of ~~(1) 103 percent multiplied by one plus the percentage increase determined for the governmental subdivision under section 275.51, subdivision 3h, clause (b), or (2) six percent. If a governmental subdivision elected to include some or all of its levy for libraries within its adjusted levy limit base in the prior year, but elects to claim the levy as a special levy in the current levy year, the allowable increase is determined by applying the greater percentage determined under clause (1) or (2) to the total amount levied for libraries in the prior levy year. After levy year 1989, the increase must not be determined using a base amount other than the amount that could have been levied as a special levy in the prior year. This limit may be redistributed according to the provisions of section 134.342. In no event shall the special levy be less than the minimum levy required under sections 134.33 and 134.34, subdivisions 1 and 2;~~

~~(p)~~ (o) pay the amount of the county building fund levy permitted under section 373.40, subdivision 6;

~~(q)~~ (p) pay the county's share of the costs levied in 1989, 1990, and 1991 for the Minnesota cooperative soil survey under Minnesota

Statutes 1988, section 40.07, subdivision 15, provided that the amount levied in 1991 under this clause does not exceed the amount levied under this clause in 1990;

(r) for taxes levied in 1989, payable in 1990 only, pay the cost incurred for the minimum share required by counties levying for the first time under section 134.34 as required under section 134.341. For taxes levied in 1990, and thereafter, counties levying under this provision must levy under clause (e), and their allowable increase must be determined with reference to the amount levied in 1989 under this paragraph;

(s) for taxes levied in 1989, payable in 1990 only, provide an amount equal to 50 percent of the estimated amount of the reduction in aids to a county under sections 273.1398, subdivision 2, paragraph (d), and 477A.012, subdivision 3, for aids payable in 1990;

(t) for taxes levied in 1990 only by a county in the eighth judicial district, provide an amount equal to the amount of the levy, if any, that is required under Laws 1989, chapter 335, article 3, section 54, subdivision 8, as amended by Laws 1990, chapter 604, article 9, section 14;

(u) (g) for taxes levied in 1989, payable in 1990 only, pay the costs not reimbursed by the state or federal government:

(i) for the costs of purchase or delivery of social services. The aggregate amounts levied under this item are subject to a maximum increase over the amount levied in the previous year of 12 percent for counties within the metropolitan area as defined in section 473.121, subdivision 2, or counties outside the metropolitan area but containing a city of the first class, and 15 percent for other counties.

(ii) for payments made to or on behalf of recipients of aid under any public assistance program authorized by law. The aggregate amounts levied under this item are subject to a maximum increase over the amount levied in the previous year of 12 percent and must be used only for the public assistance programs.

(iii) If the amount levied under this paragraph (u) clause (ii) in 1989 for public assistance programs is less than the actual expenditures needed for these programs for 1990, the difference between the actual expenditures and the amount levied may be levied in 1990 as a special levy. If the amount levied under clause (ii) in 1989 for public assistance programs is greater than the actual expenditures needed for these programs for 1990, the difference between the amount levied and the actual expenditures shall be deducted from the 1990 levy limit, payable in 1991;

~~distribution and approved under section 115A.557, subdivision 3, paragraph (b), clause (3);~~

~~(w)~~ (r) pay the unreimbursed costs of per diem jail or correctional facilities services paid by the county in the previous 12-month period ending on July 1 of the current year provided that the county is operating under a department of corrections directive that limits the capacity of a county jail as authorized in section 641.01 or 641.262, or a correctional facility as defined in section 241.021, subdivision 1, paragraph (5);

~~(x)~~ (s) for taxes levied in 1990 and 1991, payable in 1991 and 1992 only, pay the operating or maintenance costs of a county jail as authorized in section 641.01 or 641.262, or of a correctional facility as defined in section 241.021, subdivision 1, paragraph (5), to the extent that the county can demonstrate to the commissioner of revenue that the amount has been included in the county budget as a direct result of a rule, minimum requirement, minimum standard, or directive of the department of corrections. If the county utilizes this special levy, any amount levied by the county in the previous levy year for the purposes specified under this clause and included in the county's previous year's levy limitation computed under section 275.51, shall be deducted from the levy limit base under section 275.51, subdivision 3f, when determining the county's current year levy limitation. The county shall provide the necessary information to the commissioner of revenue for making this determination;

~~(y)~~ for taxes levied in 1990, payable in 1991 only, pay an amount equal to the unreimbursed county costs paid in 1989 and 1990 for the purpose of grasshopper control; and, ~~(t)~~ for taxes levied in 1991 payable in 1992 only, pay an amount equal to the unreimbursed county costs paid in 1991 for the purpose of grasshopper control;

~~(z)~~ (u) for a county, provide an amount needed to fund comprehensive local water implementation activities under sections 103B.3361 to 103B.3369 as provided in this clause.

The water implementation local tax rate shall be set by August 1 each year by the commissioner of revenue for taxes payable in the following year. As used in this paragraph, the "adjusted net tax capacity of the county" means the net tax capacity of the county as equalized by the commissioner of revenue based upon the results of an assessment/sales ratio study. That rate shall be the rate, rounded up to the nearest one-thousandth of a percent, that, when applied to the adjusted net tax capacity for all counties, raises the amount specified in this clause. The water implementation local tax rate for taxes levied in 1990 shall be the rate that raises \$1,500,000 and the rate for taxes levied in 1991 shall be the rate that raises \$1,500,000. A county must levy a tax at the rate

~~(aa)~~ (v) pay the unreimbursed county costs for court-ordered family-based services and court-ordered out-of-home placement for children to the extent that the county can demonstrate to the commissioner of revenue that the estimated amount included in the county's budget for the following levy year is for the purposes specified under this clause. For purposes of this special levy, costs for "family-based services" and "out-of-home placement" means costs resulting from court-ordered targeted family services designed to avoid out-of-home placement and from court-ordered out-of-home placement under the provisions of sections 260.172 and 260.191, which are unreimbursed by the state or federal government, insurance proceeds, or parental or child obligations. Any amount levied under this clause must only be used by the county for the purposes specified in this clause.

If the county uses this special levy and the county levied an amount in the previous levy year, for the purposes specified under this clause, under another special levy or under the levy limitation in section 275.51, the following adjustments must be made:

(i) The amount levied in the previous levy year for the purposes specified under this clause under the levy limitation in section 275.51 must be deducted from the levy limit base under section 275.51, subdivision 3f, when determining the current year levy limitation.

(ii) The amount levied in the previous levy year, for the purposes specified under clause (a) ~~or (u)~~ must be deducted from the previous year's amount used to calculate the maximum amount allowable under clause (a) in the current levy year; ~~and~~

~~(bb)~~ (w) pay the amounts allowed as special levies under ~~Laws 1989, First Special Session chapter 1, article 5, section 50, and subdivisions~~ subdivision 5a and 5b;

(x) for taxes levied in 1991 only by a county, pay the costs reasonably expected to be incurred in 1992 related to the redistricting of election districts and establishment of election precincts under sections 204B.135 and 204B.14, the notice required by section 204B.14, subdivision 4, and the reassignment of voters in the statewide registration system, not to exceed \$1 per capita, provided that the county shall distribute a portion of the amount levied under this clause equal to 25 cents times the population of the city to all cities within the county with a population of 30,000 or greater;

(y) for taxes levied in 1991, payable in 1992 only, provide an amount equal to 50 percent of the estimated amount of the reduction in aids payable in 1992 under section 477A.012, subdivision 8, to a

county located in the third or sixth judicial district for public defense services in juvenile and misdemeanor cases; and

(z) for taxes levied in 1991, payable in 1992 only, provide an amount equal to 50 percent of the estimated amount of reduction in aids payable in 1992 under section 477A.012, subdivision 8, to a county for the cost of jury fees.

Sec. 3. Minnesota Statutes 1990, section 275.50, subdivision 5a, as amended by Laws 1991, chapter 3, section 1, is amended to read:

Subd. 5a. [SPECIAL LEVIES; LOCAL.] "Special levies" also includes those portions of ad valorem taxes levied by the following governmental subdivisions for the years and purposes given in the cited laws:

Subd. 3j. [APPEALS.] (a) A county may appeal to the commissioner of revenue for an adjustment in its levy limit base. If the county can provide evidence satisfactory to the commissioner that its levy for taxes payable in 1989 under Minnesota Statutes 1988, section 275.50, subdivision 5, paragraph (a), included a levy for the cost of administration of the programs listed in that paragraph, the commissioner may permit the county to increase its levy limit base under this section by the amount determined by the commissioner to have been levied for that purpose, provided that the total adjustment shall not be in excess of three percent of the total expense for income maintenance programs within the county. The commissioner's decision is final.

(b) A governmental subdivision subject to the limitations in this section may appeal to the commissioner of revenue for authorization to levy for the special levies as contained in section 275.50, subdivision 5, clauses (t), (m), and (n) (i), (k), (l), and (m). If the governmental subdivision can provide evidence satisfactory to the commissioner that it incurred costs for the specified purposes of those levies, the commissioner may allow the governmental subdivision to levy under section 275.50, subdivision 5, clause (t), (m), or (n) (i), (k), (l), or (m), by the amount determined by the commissioner. The commissioner's decision is final.

(c) A county may appeal to the commissioner of revenue for an adjustment to its levy limit base for taxes levied in 1989. If the county can provide evidence satisfactory to the commissioner that the percentage adjustments to the costs, fees, or fines described in subdivision 3f, paragraph (c) or (f), do not provide accurate adjustments for that county, the commissioner may permit the county to increase its levy limit base by the amount determined by the commissioner. The commissioner's decision is final.

(d) A county may appeal to the commissioner of revenue for an increase in its levy base for the 12 or 15 percent limit under section 275.50, subdivision 5, clause (u), item (i), for the portion of the amount of its payable 1989 special levy under Minnesota Statutes 1988, section 275.50, subdivision 5, clause (a), for the income maintenance programs that was actually used to finance social services and social services administration subject to the 18 percent limit under Minnesota Statutes 1988, section 275.50, subdivision 5, clause (a), for payable 1989. If the county can provide evidence satisfactory to the commissioner in support of this claim, the commissioner may permit the county to increase its levy base for the 12 or 15 percent limit under section 275.50, subdivision 5, clause (u), item (i), in the amount determined by the commissioner. The commissioner's decision is final.

(e) A county may appeal to the commissioner of revenue for an adjustment in its special levy for 1990 under section 275.50, subdivision 5, clause (u), item (ii), if the difference between the county share of costs not reimbursed by the state or federal government of payments made in 1989 to or on behalf of recipients of aid under any public assistance program authorized by law and the amount levied in 1988 to pay those costs is greater than 30 percent of the 1989 costs. (b) For taxes levied in 1991 and subsequent years, the commissioner must also indicate on the levy limit certification the additional amount for which the governmental subdivision may levy if it is located in a county where the local sales and use tax is not enacted. This additional amount is equal to the reduction under subdivision 3i, paragraph (1). For governmental subdivisions located in a county where the local sales and use tax is not enacted, this additional levy authority shall be added to the levy limit calculated under subdivision 3i when determining excess levies.

(1) the total proposed or, for a town, final property tax levy for taxes payable the following year after reduction for state aid;

(2) the percentage increase or decrease from the actual property tax levy for taxes payable in the current year; and

(3) for counties, cities, and towns, the increase or decrease in population from the second previous calendar year to the immediately prior calendar year, and for school districts, the increase or decrease in the number of pupils in average daily membership from the second previous current school year to the immediately prior following school year as determined by the commissioner of education. The data used to determine the increase or decrease in population under this clause must be the data used for purposes of the population adjustment to the levy limit base of the county, city, or town under section 275.51, subdivision 6.

For notices which are not parcel-specific, the notice must also state a total percentage increase or decrease in the proposed levy, relative to the actual property tax levy for taxes payable in the current year for the county, city or town, and school district. The county auditor shall compute the total percentage increase or decrease as an average percentage change weighted in proportion to each taxing jurisdiction's proportion of the total levy.

For purposes of this paragraph, "proposed property taxes after reduction for state aid" means the taxing authority's levy certified under section 275.07, subdivision 1.

(e) In the case of a county containing a city of the first class, or taxing authority lying wholly within a county or counties containing a city of the first class, for taxes levied in 1991, and thereafter, and for all counties for taxes levied in 1992 and thereafter, the notice must state for each parcel:

(1) the market value of the property as defined under section 272.03, subdivision 8, for property taxes payable in the following year and for taxes payable the current year;

(2) by county, city or town, school district, the sum of the special taxing districts, and as a total of the taxing authorities, including special taxing districts, the proposed or, for a town, final net tax on the property for taxes payable the following year and the actual tax for taxes payable the current year. In the case of a parcel where tax increment or the fiscal disparities areawide tax applies, the proposed tax levy on the captured value or the proposed tax levy on the tax capacity subject to the areawide tax must each be stated separately and not included in the sum of the special taxing districts; and

(3) the increase or decrease in the amounts in clause (2) from taxes payable in the current year to proposed or, for a town, final taxes payable the following year, expressed as a dollar amount and as a percentage.

(f) The notice must clearly state that the proposed or final taxes do not include the following:

(1) special assessments;

(2) levies approved by the voters after the date the proposed taxes are certified, including bond referenda, school district levy referenda, and levy limit increase referenda;

(3) amounts necessary to pay cleanup or other costs due to a natural disaster occurring after the date the proposed taxes are certified; ~~and~~

(4) amounts necessary to pay tort judgments against the taxing authority that become final after the date the proposed taxes are certified; and

(5) any additional amount levied in lieu of a local sales and use tax, unless this amount is included in the proposed or final taxes.

(g) Except as provided in subdivision 7, failure of the county auditor to prepare or the county treasurer to deliver the notice as required in this section does not invalidate the proposed or final tax levy or the taxes payable pursuant to the tax levy.

(h) In the case of class 4 residential property used as a residence for lease or rental periods of 30 days or more, the taxpayer must either:

(1) mail or deliver a copy of the notice of proposed property taxes to each tenant, renter, or lessee; or

(2) post a copy of the notice in a conspicuous place on the premises of the property.

The notice must be mailed or posted by the taxpayer by November 13 or within three days of receipt of the notice, whichever is later. A taxpayer may notify the county treasurer of the address of the taxpayer, agent, caretaker, or manager of the premises to which the notice must be mailed in order to fulfill the requirements of this paragraph.

The property tax levy certified under section 275.07 by a city, county, or school district must not exceed the proposed levy determined under subdivision 1, except by an amount up to the sum of the following amounts:

(2) the amount of a city or county levy approved by the voters under section 275.58 after the proposed levy was certified;

The dates elected or assigned must not conflict with the county hearing dates. By August 20, the county auditor shall notify the clerks of the cities within the county of the dates on which the county and school districts have elected to hold their hearings. At the time a city certifies its proposed levy under subdivision 1 it shall certify the dates on which it elects to hold its hearings and any continuations under subdivision 3. The city must not select dates that conflict with those elected by or assigned to the counties and school districts in which the city is located.

The hearing dates so elected or assigned must be designated on the notices required under subdivision 3.

This subdivision does not apply to towns and special taxing districts.

Sec. 7. Minnesota Statutes 1990, section 289A.12, is amended by adding a subdivision to read:

Subd. 14. [REGULATED INVESTMENT COMPANIES; REPORTING EXEMPT-INTEREST DIVIDENDS.] (a) A regulated investment company paying \$10 or more in exempt-interest dividends to an individual who is a resident of Minnesota must make a return indicating the amount of the exempt-interest dividends, the name, address, and social security number of the recipient, and any other information that the commissioner specifies. A copy of the

return must be provided to the shareholder no later than 30 days after the close of the taxable year. The copy of the return provided to the shareholder must include a clear statement, in the form prescribed by the commissioner, that the exempt-interest dividends must be included in the computation of Minnesota taxable income.

(b) This subdivision applies to regulated investment companies required to register under chapter 80A.

(c) For purposes of this subdivision, the following definitions apply.

(1) "Exempt-interest dividends" mean exempt-interest dividends as defined in section 852(b)(5) of the Internal Revenue Code of 1986, as amended through December 31, 1990, but does not include the portion of exempt-interest dividends that are not required to be added to federal taxable income under section 290.01, subdivision 19a, clause (1)(ii).

(2) "Regulated investment company" means regulated investment company as defined in section 851(a) of the Internal Revenue Code of 1986, as amended through December 31, 1990, or a fund of the regulated investment company as defined in section 851(h) of the Internal Revenue Code of 1986, as amended through December 31, 1990.

However, if the return shows timely deposits in full payment of the taxes due for that period, the return may be filed on or before the tenth day of the second calendar month following the period. An employer, in preparing a quarterly return, may take credit for monthly deposits previously made for that quarter. Entertainer withholding tax returns are due within 30 days after each performance. Returns for withholding from payments to out-of-state contractors are due within 30 days after the payment to the contractor. Returns for withholding by partnerships are due on or before the due date specified for filing partnership returns. Returns for withholding by ~~small business~~ S corporations are due on or before the due date specified for filing corporate franchise tax returns.

Sec. 9. Minnesota Statutes 1990, section 289A.19, subdivision 1, is amended to read:

Subdivision 1. [~~INDIVIDUAL INCOME, FIDUCIARY INCOME, ENTERTAINMENT TAX, AND INFORMATION RETURNS.~~] When, in the commissioner's judgment, good cause exists, the commissioner may extend the time for filing ~~individual and~~ fiduciary income tax returns, entertainment tax returns, and information returns for not more than six months. If an extension to file the federal ~~individual or~~ fiduciary income tax return or information return has been granted under section 6081 of the Internal Revenue Code of 1986, as amended through December 31, 1989, the time for filing the state return is extended for that period. The commissioner may require the taxpayer to file a tentative return when the regularly required return is due, and to pay a tax on the basis of the tentative return at the times required for the payment of taxes on the basis of the regularly required return from the taxpayer.

Sec. 10. Minnesota Statutes 1990, section 289A.20, is amended by adding a subdivision to read:

Subd. 5. [PAYMENT OF FRANCHISE TAX ON LIFO RECAPTURE.] If a corporation is subject to LIFO recapture under section 1363(d) of the Internal Revenue Code of 1986, as amended through December 31, 1990, any increase in the tax imposed by section 290.06, subdivision 1, by reason of the inclusion of the LIFO recapture amount in its income is payable in four equal installments.

The first installment must be paid on or before the due date, determined without regard to extensions, for filing the return for the first taxable year for which the corporation was subject to the LIFO recapture. The three succeeding installments must be paid on or before the due date, determined without regard to extensions, for filing the corporations's return for the three succeeding taxable years.

For purposes of computing interest on underpayments, the last three installments must not be considered underpayments until after the payment due date specified in this subdivision.

Sec. 11. Minnesota Statutes 1990, section 289A.30, subdivision 1, is amended to read:

Subdivision 1. [~~INDIVIDUAL AND FIDUCIARY INCOME, CORPORATE FRANCHISE TAX.~~] Where good cause exists, the commissioner may extend the time for payment of the amount determined as ~~an individual or~~ a fiduciary income tax or corporate franchise tax by the taxpayer, or an amount determined as a deficiency, for a period of not more than six months from the date prescribed for the payment of the tax.

Sec. 12. Minnesota Statutes 1990, section 289A.38, subdivision 9, is amended to read:

Subd. 9. [REPORT MADE OF CHANGE OR CORRECTION OF FEDERAL RETURN.] If a taxpayer is required to make a report under subdivision 7, and does report the change or files a copy of the amended return, the commissioner may recompute and reassess the tax due, including a refund (1) within one year after the report or amended return is filed with the commissioner, notwithstanding any period of limitations to the contrary, or (2) within any other applicable period stated in this section, whichever period is longer. The period provided for the carryback of any amount of loss or credit is also extended as provided in this subdivision, notwithstanding any law to the contrary. If the commissioner has completed a field audit of the taxpayer, and, but for this subdivision, the commissioner's time period to adjust the tax has expired, the additional tax due or refund is limited to only those changes that are required to be made to the return which relate to the changes made on the federal return. This subdivision does not apply to sales and use tax.

For purposes of this subdivision and section 289A.42, subdivision 2, a "field audit" is the physical presence of examiners in the taxpayer's or taxpayer's representative's office conducting an examination of the taxpayer with the intention of issuing an assessment or notice of change in tax or which results in the issuing of an assessment or notice of change in tax. The examination may include inspecting a taxpayer's place of business, tangible personal property, equipment, computer systems and facilities, pertinent books, records, papers, vouchers, computer printouts, accounts, and documents.

Sec. 13. Minnesota Statutes 1990, section 289A.38, subdivision 10, is amended to read:

Subd. 10. [INCORRECT DETERMINATION OF FEDERAL ADJUSTED GROSS INCOME.] Notwithstanding any other provision of this chapter, if a taxpayer whose gross net income is determined under section 290.01, ~~subdivisions 20 and 20e~~ subdivision 19, omits from income an amount that will under the Internal Revenue Code of 1986, as amended through December 31, 1989, extend the statute of limitations for the assessment of federal income taxes, or otherwise incorrectly determines the taxpayer's federal adjusted gross income resulting in adjustments by the Internal Revenue Service, then the period of assessment and determination of tax will be that under the Internal Revenue Code of 1986, as amended through December 31, 1989. When a change is made to federal income during the extended time provided under this subdivision, the provisions under subdivisions 7 to 9 regarding additional extensions apply.

Sec. 14. Minnesota Statutes 1990, section 289A.42, subdivision 2, is amended to read:

Subd. 2. [FEDERAL EXTENSIONS.] When a taxpayer who consents to an extension of time for the assessment of federal income

taxes must notify the commissioner within 90 days of the execution of the consent, the period in which the commissioner may recompute the tax is also extended, notwithstanding any period of limitations to the contrary, as follows:

(1) for the periods provided in section 289A.38, subdivisions 8 and 9;

(2) for six months following the expiration of the extended federal period of limitations when no change is made by the federal authority. If no change is made by the federal authority, and, but for this subdivision, the commissioner's time period to adjust the tax has expired, and if the commissioner has completed a field audit of the taxpayer, no additional changes resulting in additional tax due or a refund may be made. For purposes of this subdivision, "field audit" has the meaning given it in section 289A.38, subdivision 9.

Sec. 15. Minnesota Statutes 1990, section 289A.50, subdivision 1, is amended to read:

Subdivision 1. [GENERAL RIGHT TO REFUND.] (a) Subject to the requirements of this section and section 289A.40, a taxpayer who has paid a tax in excess of the taxes lawfully due and who files a written claim for refund will be refunded or credited the overpayment of the tax determined by the commissioner to be erroneously paid.

(b) The claim must specify the name of the taxpayer, the date when and the period for which the tax was paid, the kind of tax paid, the amount of the tax that the taxpayer claims was erroneously paid, the grounds on which a refund is claimed, and other information relative to the payment and in the form required by the commissioner. An income tax, estate tax, or corporate franchise tax return, or amended return claiming an overpayment constitutes a claim for refund.

(c) When, in the course of an examination, and within the time for requesting a refund, the commissioner determines that there has been an overpayment of tax, the commissioner shall refund or credit the overpayment to the taxpayer and no demand is necessary. If the overpayment exceeds \$1, the amount of the overpayment must be refunded to the taxpayer. If the amount of the overpayment is less than \$1, the commissioner is not required to refund. In these situations, the commissioner does not have to make written findings or serve notice by mail to the taxpayer.

(d) If the amount allowable as a credit for withholding or, estimated taxes, or dependent care exceeds the tax against which the credit is allowable, the amount of the excess is considered an overpayment. The refund allowed by section 290.06, subdivision 23, is also considered an overpayment.

(e) If the entertainment tax withheld at the source exceeds by \$1 or more the taxes, penalties, and interest reported in the return of the entertainment entity or imposed by section 290.9201, the excess must be refunded to the entertainment entity. If the excess is less than \$1, the commissioner need not refund that amount.

(f) If the surety deposit required for a construction contract exceeds the liability of the out-of-state contractor, the commissioner shall refund the difference to the contractor.

(g) An action of the commissioner in refunding the amount of the overpayment does not constitute a determination of the correctness of the return of the taxpayer.

(h) There is appropriated from the general fund to the commissioner of revenue the amount necessary to pay refunds allowed under this section.

Sec. 16. Minnesota Statutes 1990, section 289A.60, subdivision 2, is amended to read:

Subd. 2. [PENALTY FOR FAILURE TO MAKE AND FILE RETURN.] If a taxpayer fails to make and file a return other than an income tax return of an individual, within the time prescribed or an extension, a penalty is added to the tax. The penalty is three percent of the amount of tax not paid on or before the date prescribed for payment of the tax including any extensions if the failure is for not more than 30 days, with an additional five percent of the amount of tax remaining unpaid during each additional 30 days or fraction of 30 days, during which the failure continues, not exceeding 23 percent in the aggregate.

If a taxpayer fails to file a return, other than an income tax return of an individual, within 60 days of the date prescribed for filing of the return (determined with regard to any extension of time for filing), the addition to tax under this subdivision must not be less than the lesser of: (1) \$200; or (2) the greater of (a) 25 percent of the amount required to be shown as tax on the return without reduction for any payments made or refundable credits allowable against the tax, or (b) \$50.

If a taxpayer fails to file an individual income tax return within six months after the date prescribed for filing of the return, a penalty of ten percent of the amount of tax not paid by the end of that six-month period is added to the tax.

Sec. 17. Minnesota Statutes 1990, section 289A.60, subdivision 12, is amended to read:

Subd. 12. [PENALTIES RELATING TO PROPERTY TAX RE-

FUNDS.] (a) If the commissioner determines that a property tax refund claim is or was excessive and was filed with fraudulent intent, the claim must be disallowed in full. If the claim has been paid, the amount disallowed may be recovered by assessment and collection.

(b) If it is determined that a property tax refund claim is excessive and was negligently prepared, ten percent of the corrected claim must be disallowed. If the claim has been paid, the amount disallowed must be recovered by assessment and collection.

(c) An owner or managing agent who knowingly fails to give a certificate of rent constituting property tax to a renter, as required by section 290A.19, paragraph (a), is liable to the commissioner for a penalty of \$100 for each failure.

(d) If the owner or managing agent knowingly gives rent certificates that report total rent constituting property taxes in excess of the amount of actual rent constituting property taxes paid on the rented part of a property, the owner or managing agent is liable for a penalty equal to the greater of (1) \$100 or (2) 50 percent of the excess that is reported. An overstatement of rent constituting property taxes is presumed to be knowingly made if it exceeds by ten percent or more the actual rent constituting property taxes.

(e) ~~A claim filed after the original or extended due date will be reduced by five percent of the amount otherwise allowable, plus an additional five percent for each month of delinquency, not exceeding a total reduction of 25 percent, which may be canceled or reduced by the commissioner if the delinquency is due to reasonable cause. In any event, No claim is allowed if the initial claim is filed more than one year after the original due date for filing the claim.~~

Sec. 18. Minnesota Statutes 1990, section 290.01, subdivision 19, is amended to read:

Subd. 19. [NET INCOME.] The term "net income" means the federal taxable income, as defined in section 63 of the Internal Revenue Code of 1986, as amended through the date named in this subdivision, incorporating any elections made by the taxpayer in accordance with the Internal Revenue Code in determining federal taxable income for federal income tax purposes, and with the modifications provided in subdivisions 19a to 19f.

In the case of a regulated investment company or a fund thereof, as defined in section 851(a) or 851(h) of the Internal Revenue Code, federal taxable income means investment company taxable income as defined in section 852(b)(2) of the Internal Revenue Code, except that:

(1) the exclusion of net capital gain provided in section 852(b)(2)(A) of the Internal Revenue Code does not apply; and

(2) the deduction for dividends paid under section 852(b)(2)(D) of the Internal Revenue Code must be applied by allowing a deduction for capital gain dividends and exempt-interest dividends as defined in sections 852(b)(3)(C) and 852(b)(5) of the Internal Revenue Code.

| over \$19,000 | \$1,140 plus 8 percent of the excess over \$19,000 |

plus an amount computed using the following schedule of rates:

| | |

- (3) All over \$79,120, 8.5 percent.

Married individuals filing separate returns, estates, and trusts must compute their income tax by applying the above rates to their taxable income, except that the income brackets will be one-half of the above amounts. In the case of married individuals filing separately, the additional 0.5 percent tax provided in this subdivision shall be applied to taxable income over \$37,750, but not over \$127,500.

(b) The income taxes imposed by this chapter upon unmarried individuals must be computed by applying to taxable net income the following schedule of rates:

| | |
|-----------------------|-----------------------------|
| if taxable income is: | the tax is: |
| not over \$13,000 | 6 percent |
| over \$13,000 | \$780 plus 8 percent |

plus an amount computed using the following schedule of rates:

| if taxable income is: | the tax is: |
| over \$42,700, but not | 0.5 percent of the |
| over \$93,000 | excess over \$42,700 |

(c) The income taxes imposed by this chapter upon unmarried individuals qualifying as a head of household as defined in section 2(b) of the Internal Revenue Code of 1986, as amended through December 31, 1989, must be computed by applying to taxable net income the following schedule of rates:

if taxable income is:

if taxable income is:
 over \$64,300, but not
 over \$135,000
 over \$135,000

the tax is:
 0.5 percent of the
 excess over \$64,300
 \$353.50

- (1) On the first \$16,770, 6 percent;
- (2) On all over \$16,770, but not over \$67,390, 8 percent;
- (3) On all over \$67,390, 8.5 percent.

(d) In lieu of a tax computed according to the rates set forth in this subdivision, the tax of any individual taxpayer whose taxable net income for the taxable year is less than an amount determined by the commissioner must be computed in accordance with tables prepared and issued by the commissioner of revenue based on income brackets of not more than \$100. The amount of tax for each bracket shall be computed at the rates set forth in this subdivision, provided that the commissioner may disregard a fractional part of a dollar unless it amounts to 50 cents or more, in which case it may be increased to \$1.

(e) An individual who is not a Minnesota resident for the entire year must compute the individual's Minnesota income tax as provided in this subdivision. After the application of the nonrefundable credits provided in this chapter, the tax liability must then be multiplied by a fraction in which:

(1) The numerator is the individual's Minnesota source federal adjusted gross income as defined in section 62 of the Internal Revenue Code of 1986, as amended through December 31, 1989, less the deduction allowed by section 217 of the Internal Revenue Code of 1986, as amended through December 31, 1990, after applying the allocation and assignability provisions of section 290.081, clause (a), or 290.17; and

(2) the denominator is the individual's federal adjusted gross income as defined in section 62 of the Internal Revenue Code of 1986, as amended through December 31, ~~1989~~ 1990, increased by the addition required for interest income from non-Minnesota state and municipal bonds under section 290.01, subdivision 19a, clause (1).

Sec. 22. Minnesota Statutes 1990, section 290.06, subdivision 2d, is amended to read:

Subd. 2d. [INFLATION ADJUSTMENT OF BRACKETS.] (a) For taxable years beginning after December 31, ~~1990~~ 1991, the minimum and maximum dollar amounts for each rate bracket for which a tax is imposed in subdivision 2c shall be adjusted for inflation by the percentage determined under paragraph (b). For the purpose of making the adjustment as provided in this subdivision all of the rate brackets provided in subdivision 2c shall be the rate brackets as they existed for taxable years beginning after December 31, ~~1987~~ 1990, and before January 1, ~~1991~~ 1992. The rate applicable to any rate bracket must not be changed. The dollar amounts setting forth the tax shall be adjusted to reflect the changes in the rate brackets. The rate brackets as adjusted must be rounded to the nearest \$10 amount. If the rate bracket ends in \$5, it must be rounded up to the nearest \$10 amount.

(b) The commissioner shall adjust the rate brackets and by the percentage determined pursuant to the provisions of section 1(f) of the Internal Revenue Code of 1986, as amended through December 31, ~~1989~~ 1990, except that in section 1(f)(3)(B) the word "~~1989~~" "1990" shall be substituted for the word "1987." For 1991, the commissioner shall then determine the percent change from the 12 months ending on August 31, ~~1989~~ 1990, to the 12 months ending on August 31, ~~1990~~ 1991, and in each subsequent year, from the 12 months ending on August 31, ~~1989~~ 1990, to the 12 months ending on August 31 of the year preceding the taxable year. The determination of the commissioner pursuant to this subdivision shall not be considered a "rule" and shall not be subject to the administrative procedure act contained in chapter 14.

No later than December 15 of each year, the commissioner shall announce the specific percentage that will be used to adjust the tax rate brackets.

Sec. 23. Minnesota Statutes 1990, section 290.06, subdivision 22, is amended to read:

Subd. 22. [CREDIT FOR TAXES PAID TO ANOTHER STATE.] (a) A taxpayer who is liable for taxes on or measured by net income to another state or province or territory of Canada, as provided in paragraphs (b) through (f), upon income allocated or apportioned to Minnesota, is entitled to a credit for the tax paid to another state or province or territory of Canada if the tax is actually paid in the taxable year or a subsequent taxable year. A taxpayer who is a resident of this state pursuant to section 290.01, subdivision 7, clause (2), and who is subject to income tax as a resident in the state of the individual's domicile is not allowed this credit unless the state of domicile does not allow a similar credit.

(b) For an individual, estate, or trust, the credit is determined by multiplying the tax payable under this chapter by the ratio derived by dividing the income subject to tax in the other state or province or territory of Canada that is also subject to tax in Minnesota while a resident of Minnesota by the taxpayer's federal adjusted gross income, as defined in section 62 of the Internal Revenue Code of 1986, as amended through December 31, 1989, modified by the addition required by section 290.01, subdivision 19a, clause (1), and the subtraction allowed by section 290.01, subdivision 19b, clause (1), to the extent the income is allocated or assigned to Minnesota under sections 290.081 and 290.17.

(c) If the taxpayer is an athletic team that apportions all of its income under section 290.17, subdivision 5, paragraph (c), the credit is determined by multiplying the tax payable under this chapter by the ratio derived from dividing the total net income subject to tax in the other state or province or territory of Canada by the taxpayer's Minnesota taxable income.

(d) The credit determined under paragraph (b) or (c) shall not exceed the amount of tax so paid to the other state or province or territory of Canada on the gross income earned within the other state or province or territory of Canada subject to tax under this chapter, nor shall the allowance of the credit reduce the taxes paid under this chapter to an amount less than what would be assessed if such income amount was excluded from taxable net income.

(e) In the case of the tax assessed on a lump sum distribution under section 290.032, the credit allowed under paragraph (a) is the tax assessed by the other state or province or territory of Canada on the lump sum distribution that is also subject to tax under section 290.032, and shall not exceed the tax assessed under section 290.032. To the extent the total lump sum distribution defined in section 290.032, subdivision 1, includes lump sum distributions received in prior years or is all or in part an annuity contract, the reduction to the tax on the lump sum distribution allowed under section 290.032, subdivision 2, includes tax paid to another state that is properly apportioned to that distribution.

(f) If a Minnesota resident reported an item of income to Minnesota and is assessed tax in such other state or province or territory of Canada on that same income after the Minnesota statute of limitations has expired, the taxpayer shall receive a credit for that year under paragraph (a), notwithstanding any statute of limitations to the contrary. The claim for the credit must be submitted within one year from the date the taxes were paid to the other state or province or territory of Canada. The taxpayer must submit sufficient proof to show entitlement to a credit.

(g) For the purposes of this subdivision, a resident shareholder of a corporation having a valid election in effect under section 1362 of

the Internal Revenue Code of 1986, as amended through December 31, 1990, must be considered to have paid a tax imposed on the shareholder in an amount equal to the shareholder's pro rata share of any net income tax paid by the S corporation to a state that does not measure the income of the shareholder of the S corporation by reference to the income of the S corporation. For the purposes of the preceding sentence, the term "net income tax" means any tax imposed on or measured by a corporation's net income.

Sec. 24. Minnesota Statutes 1990, section 290.06, subdivision 23, is amended to read:

Subd. 23. [REFUND OF CONTRIBUTIONS TO POLITICAL PARTIES AND CANDIDATES.] (a) A taxpayer may claim a credit refund equal to the amount of the taxpayer's contributions made in the calendar year to candidates and to any political party. The maximum credit refund for an individual must not exceed \$50 and, for a married couple filing jointly, must not exceed \$100. A credit for refund of a contribution is allowed only if the taxpayer files a form required by the commissioner and attaches to the form a copy of an official credit refund receipt form issued by the candidate or party and signed by the candidate, the treasurer of the candidate's principal campaign committee, or the party chair. A claim must be filed with the commissioner not sooner than September 1 of the calendar year in which the contribution is made and no later than April 15 of the calendar year following the calendar year in which the contribution is made. A taxpayer may file only one claim per calendar year. Amounts paid by the commissioner after June 15 of the calendar year following the calendar year in which the contribution is made must include interest at the rate specified in section 270.76.

(b) No credit refund is allowed under this subdivision for a contribution to any candidate who unless the candidate:

(1) has not signed an agreement to limit campaign expenditures as provided in section 10A.322, or 10A.43, and;

(2) is seeking an office for whom which voluntary spending limits are specified in section 10A.25 or 10A.43; and

(3) has designated a principal campaign committee.

This subdivision does not limit the campaign expenditure of a candidate who does not sign an agreement but accepts a contribution for which the contributor improperly claims a credit refund.

(c) For purposes of this subdivision, "political party" means a major political party as defined in section 200.02, subdivision 7, or a minor political party qualifying for inclusion on the income tax or

property tax refund form under section 10A.31, subdivision 3a. A "major or minor party" includes the aggregate of the party organization within each house of the legislature, the state party organization, and the party organization within congressional districts, counties, legislative districts, municipalities, and precincts. "Candidate" means a congressional candidate as defined in section 10A.41, subdivision 4, or a candidate as defined in section 10A.01, subdivision 5, but does not include except a candidate for judicial office. Beginning January 1, 1991, "candidate" also means a candidate for the United States Senate or United States House of Representatives from Minnesota. "Contribution" means a gift of money.

(d) ~~The commissioner shall include a copy of the credit form with the instructions for the long and short individual taxation forms. The commissioner shall make copies of the form available to the public and candidates upon request.~~

(e) The following data collected or maintained by the commissioner under this subdivision are private: the identities of individuals claiming a credit refund, the identities of candidates to whom those individuals have made contributions, and the amount of each contribution.

(f) The amount necessary to pay claims for the credit refund provided in this section is appropriated from the general fund to the commissioner of revenue.

Sec. 25. Minnesota Statutes 1990, section 290.067, subdivision 1, is amended to read:

Subdivision 1. [AMOUNT OF CREDIT.] A taxpayer may take as a credit against the tax due from the taxpayer and a spouse, if any, under this chapter an amount equal to the dependent care credit for which the taxpayer is eligible pursuant to the provisions of section 21 of the Internal Revenue Code subject to the limitations provided in subdivision 2 except that in determining whether the child qualified as a dependent, income received as an aid to families with dependent children grant or allowance to or on behalf of the child must not be taken into account in determining whether the child received more than half of the child's support from the taxpayer, and the provisions of section 32(b)(1)(D) of the Internal Revenue Code of 1986, as amended through December 31, 1990, do not apply.

If a child who is six years of age or less at the close of the taxable year is cared for at a licensed family day care home operated by the child's parent, the taxpayer is deemed to have paid employment-related expenses. If the child is 16 months old or younger at the close of the taxable year, the amount of expenses deemed to have been paid equals the maximum limit for one qualified individual under section 21(c) and (d) of the Internal Revenue Code. If the child is older than 16 months of age but not older than six years of age at the

close of the taxable year, the amount of expenses deemed to have been paid equals the amount the licensee would charge for the care of a child of the same age for the same number of hours of care. These deemed amounts apply regardless of whether any employment-related expenses have been paid.

If the taxpayer is not required and does not file a federal individual income tax return for the tax year, no credit is allowed for any amount paid to any person unless:

(1) the name, address, and taxpayer identification number of the person are included on the return claiming the credit; or

(2) if the person is an organization described in section 501(c)(3) of the Internal Revenue Code and exempt from tax under section 501(a) of the Internal Revenue Code, the name and address of the person are included on the return claiming the credit.

In the case of a failure to provide the information required under the preceding sentence, the preceding sentence does not apply if it is shown that the taxpayer exercised due diligence in attempting to provide the information required.

In the case of a nonresident, part-year resident, or a person whose tax is computed under section 290.06, subdivision 2, paragraph (f) who has earned income not subject to tax under this chapter, the credit determined under section 21 of the Internal Revenue Code must be allocated based on the ratio by which the earned income of the claimant and the claimant's spouse from Minnesota sources bears to the total earned income of the claimant and the claimant's spouse.

Sec. 26. Minnesota Statutes 1990, section 290.067, subdivision 2a, is amended to read:

Subd. 2a. [INCOME.] (a) For purposes of this section, "income" means the sum of the following:

(1) ~~the greater of federal adjusted gross income as defined in section 62 of the Internal Revenue Code or zero;~~ and

(2) the sum of the following amounts to the extent not included in clause (1):

(i) all nontaxable income;

(ii) the amount of a passive activity loss that is not disallowed as a result of section 469, paragraph (i) or ~~(4)~~ (m) of the Internal Revenue Code and the amount of passive activity loss carryover allowed under section 469(b) of the Internal Revenue Code;

(iii) an amount equal to the total of any discharge of qualified farm indebtedness of a solvent individual excluded from gross income under section 108(g) of the Internal Revenue Code;

(iv) cash public assistance and relief;

(v) any pension or annuity (including railroad retirement benefits, all payments received under the federal Social Security Act, supplemental security income, and veterans benefits), which was not exclusively funded by the claimant or spouse, or which was funded exclusively by the claimant or spouse and which funding payments were excluded from federal adjusted gross income in the years when the payments were made;

(c) "Money market instruments" means federal funds sold and securities purchased under agreements to resell, commercial paper, banker's acceptances, and purchased certificates of deposit and similar instruments to the extent that the instruments are reflected as assets under generally accepted accounting principles.

(d) "Securities" means United States Treasury securities, obligations of United States government agencies and corporations, obligations of state and political subdivisions, corporate stock and other securities, participations in securities backed by mortgages held by United States or state government agencies, loan-backed securities and similar investments to the extent the investments are reflected as assets under generally accepted accounting principles.

(e) Receipts from the lease or rental of real or tangible personal property, including both finance leases and true leases, must be attributed to this state if the property is located in this state. Tangible personal property that is characteristically moving property, such as motor vehicles, rolling stock, aircraft, vessels, mobile equipment, and the like, is considered to be located in a state if:

(1) the operation of the property is entirely within the state; or

(2) the operation of the property is in two or more states, but the principal base of operations from which the property is sent out is in the state.

(f) Interest income and other receipts from assets in the nature of loans that are secured primarily by real estate or tangible personal property must be attributed to this state if the security property is located in this state under the principles stated in paragraph (e).

(g) Interest income and other receipts from consumer loans not secured by real or tangible personal property that are made to residents of this state, whether at a place of business, by traveling loan officer, by mail, by telephone or other electronic means, must be attributed to this state.

(h) Interest income and other receipts from commercial loans and installment obligations that are unsecured by real or tangible personal property or secured by intangible property must be attributed to this state if the proceeds of the loan are to be applied in this state. If it cannot be determined where the funds are to be applied, the income and receipts are attributed to the state in which the office of the borrower from which the application would be made in the regular course of business is located. If this cannot be determined, the transaction is disregarded in the apportionment formula.

(i) Interest income and other receipts from a participating financial institution's portion of participation and syndication loans must be attributed under paragraphs (e) to (h). A participation loan is an arrangement in which a lender makes a loan to a borrower and then sells, assigns, or otherwise transfers all or a part of the loan to a purchasing financial institution. A syndication loan is a ~~multibank~~ loan transaction involving multiple financial institutions in which all the lenders are named as parties to the loan documentation, are known to the borrower, and have privity of contract with the borrower.

(k) Merchant discount income derived from financial institution credit card holder transactions with a merchant must be attributed to the state in which the merchant is located. In the case of merchants located within and outside the state, only receipts from merchant discounts attributable to sales made from locations within the state are attributed to this state. It is presumed, subject to rebuttal, that the location of a merchant is the address shown on the invoice submitted by the merchant to the taxpayer.

(l) Receipts from the performance of fiduciary and other services must be attributed to the state in which the benefits of the services are consumed. If the benefits are consumed in more than one state, the receipts from those benefits must be apportioned to this state pro rata according to the portion of the benefits consumed in this state. If the extent to which the benefits of services are consumed in this state is not readily determinable, the benefits of the services shall be deemed to be consumed at the location of the office of the customer from which the services were ordered in the regular course of the customer's trade or business. If the ordering office cannot be determined, the benefits of the services shall be deemed to be consumed at the office of the customer to which the services are billed.

If a financial institution is subject to tax under this chapter, its interest in property described in section 290.015, subdivision 3, paragraph (b), is included in the receipts factor in the same manner as assets in the nature of securities or money market instruments are included under paragraph (n) and subdivision 7. and from money market instruments must be apportioned to this state based on the ratio that total deposits from this state, its residents, including any business with an office or other place of business in this state, its political subdivisions, agencies, and instrumentalities bear to the total deposits from all states, their residents, their political subdivisions, agencies, and instrumentalities. In the case of an unregulated financial institution subject to this section, these receipts are apportioned to this state based on the ratio that its gross business income, excluding such receipts, earned from sources within this state bears to gross business income, excluding such receipts, earned

from sources within all states. For purposes of this subdivision, deposits made by this state, its residents, its political subdivisions, agencies, and instrumentalities must be attributed to this state, whether or not the deposits are accepted or maintained by the taxpayer at locations within this state.

(o) A financial institution's interest in property described in section 290.015, subdivision 3, paragraph (b), is included in the receipts factor in the same manner as assets in the nature of securities or money market instruments are included in paragraph (n).

However, without limiting the generality of the term "money or its equivalent," any such account or instrument must be regarded as evidencing the receipt of the equivalent of money when credited or issued in exchange for checks or drafts or for a promissory note upon which the person obtaining the credit or instrument is primarily or secondarily liable, or for a charge against a deposit account, or in settlement of checks, drafts, or other instruments forwarded to the bank for collection.

(e) "Deposit" means outstanding drafts, including advice or another such institution, cashier's checks, money orders, or other officer's checks issued in the usual course of business for any purpose, but not including those issued in payment for services, dividends, or purchases or other costs or expenses of the financial institution itself.

If it cannot be determined where the funds are to be applied, the assets must be attributed to the state in which there is located the office of the borrower from which the application would be made in the regular course of business. If this cannot be determined, the transaction is disregarded in the apportionment formula.

(i) A participating financial institution's portion of participation and syndication loans must be attributed under paragraphs (e) to (h).

(j) Financial institution credit card and travel and entertainment credit card receivables must be attributed to the state to which the credit card charges and fees are regularly billed.

(k) Receivables arising from merchant discount income derived from financial institution credit card holder transactions with a merchant are attributed to the state in which the merchant is located. In the case of merchants located within and without the state, only receivables from merchant discounts attributable to sales made from locations within the state are attributed to this state. It is presumed, subject to rebuttal, that the location of a merchant is the address shown on the invoice submitted by the merchant to the taxpayer.

(l) Assets in the nature of securities and money market instruments are apportioned to this state based upon the ratio that total deposits from this state, its residents, its political subdivisions, agencies and instrumentalities bear to the total deposits from all states, their residents, their political subdivisions, agencies and instrumentalities. In the case of an unregulated financial institution, the assets are apportioned to this state based upon the ratio that its gross business income earned from sources within this state bears to gross business income earned from sources within all states. For purposes of this subsection, deposits made by this state, its residents, its political subdivisions, agencies, and instrumentalities are attributed to this state, whether or not the deposits are accepted or maintained by the taxpayer at locations within this state.

(m) A financial institution's interest in any property described in section 290.015, subdivision 3, paragraph (b), is not included in the numerator or the denominator of the property factor provided the financial institution's activities within this state with respect to any interest in such property are limited in the manner provided in section 290.015, subdivision 3, paragraph (b). If a financial institution is subject to tax under this chapter, its interest in property described in section 290.015, subdivision 3, paragraph (b), is included in the property factor in the same manner as assets in the

nature of securities or money market instruments are included under paragraph (1).

Subd. 2. [INVENTORY.] Within two days after the seizure of gasoline or special fuel, the person making the seizure shall deliver an inventory of the property seized to the person from whom the seizure was made, if known, and file a copy with the office of the commissioner. Within ten days after the date of service of the inventory, the person from whom the property was seized or any person claiming an interest in the property may file with the commissioner a demand for a judicial determination of whether the property was lawfully subject to seizure and forfeiture. The commissioner, within 30 days of demand for a judicial determination, shall begin an action in the district court of the county where the seizure was made to determine the issue of forfeiture. The action must be brought in the name of the state and prosecuted by the county attorney or by the attorney general. The court shall hear the action without a jury and shall try and determine the issues of fact and law involved. When a judgment of forfeiture is entered, the commissioner may, unless the judgment is stayed pending an appeal, either (1) cause the forfeited property to be destroyed; or (2) cause it to be sold at public auction as provided by law. Proceeds of a sale, after deducting the expense of keeping the gasoline or special fuel and costs of the sale, must be paid into the state treasury. The commissioner shall reimburse designees for costs incurred. If a demand for judicial determination is made and no action is commenced as provided in this subdivision, the property must be released by the commissioner and redelivered to the person entitled to it. If no demand is made, the property seized must be considered forfeited to the state by operation of law and may be disposed of by the commissioner as provided where there has been a judgment of forfeiture. When the commissioner is satisfied that a person from whom property is seized under this chapter was acting in good faith and without intent to evade the tax, the commissioner shall release the property seized, without further legal proceedings.

Subd. 3. [CONVEYANCES.] (a) The commissioner or authorized designees shall file with the court a separate complaint against the vehicle or conveyance, describing it and charging its use in the specified violation, and specifying substantially the time and place of the unlawful use. A copy of the complaint must be served on the

defendant or person in charge of the vehicle or conveyance at the time of seizure, if any. The court shall issue an order directed to any person known or believed to have a right or title to, interest in, or lien on the vehicle or conveyance and to persons unknown claiming a right, title, interest, or lien:

(1) describing the vehicle or conveyance and stating that it was seized and that a complaint against it, charging the specified violation, has been filed with the court;

(2) requiring the persons to file with the court administrator of the court their answer to the complaint, setting forth any claim they may have to a right or title to, interest in, or lien on the vehicle or conveyance, within ten days after the service of the order; and

(3) notifying them in substance that if they fail to file their answer within that time the vehicle or conveyance will be ordered sold by the commissioner.

(b) The court shall cause the order to be served on:

(1) the registered owner;

(2) any person who has duly filed a conditional sales contract, mortgage, or other lien instrument covering the property unless it has been released or satisfied;

(3) any other person known or believed to have a right, title, interest in, or lien upon, the vehicle or conveyance as in the case of a summons in a civil action; and

(4) on unknown persons by publication, as provided for service of summons in a civil action.

(c) If no answer is filed within the time prescribed, the court shall, on affidavit by the court administrator of the court setting forth that fact, order the vehicle or conveyance forfeited and direct that it be sold by the commissioner or the commissioner's agents. The proceeds of the sale, after deducting the expense of keeping the vehicle or conveyance and costs of the sale, including any costs incurred pursuant to paragraph (f), must be paid into the state treasury. The commissioner shall reimburse designees for costs incurred.

(d) If an answer is filed within the time provided, the court shall fix a time for hearing at least ten but no more than 30 days after the time for filing the answer expires. At the hearing, the matter must be heard and determined by the court, without a jury, as in other civil actions. If the court finds that the vehicle or conveyance, or any part of it, was used in a violation as specified in the complaint, it shall order the vehicle or conveyance forfeited and direct that it be

sold, as provided in this section, unless the owner shows to the satisfaction of the court that the vehicle was being used without the owner's consent or that, when giving the consent, the owner had no notice or knowledge or reason to believe that the vehicle or conveyance was intended to be used in a violation. After deducting the expense of keeping the vehicle or conveyance and costs of the sale, the officer making the sale shall pay, according to their priority, all liens established at the hearing as being bona fide and existing without the lienor having any notice or knowledge at the time the lien was created that the vehicle or conveyance was being used or was intended to be used in connection with any violation, and shall pay the balance of the proceeds into the state treasury. The commissioner shall reimburse designees for costs incurred. A sale under this section frees the conveyance sold from all liens.

(e) At any time after seizure and before the hearing, the vehicle or conveyance must be returned to the owner or person having a legal right to its possession on execution by that person of a valid bond to the state of Minnesota, with corporate surety, of at least \$100 but not more than double the value of the vehicle or conveyance seized, to be approved by the court in which the case is triable, or a judge of that court. The bond must guarantee compliance with the order and judgment of the court, and, if ordered by the court, payment of the full value of the vehicle or conveyance at the time of seizure.

(f) If the seized vehicle or conveyance is owned or operated by a for-hire common or contract motor carrier, and was being used without knowledge of the violation, the commissioner shall return the vehicle or conveyance to its owner or operator as soon as possible without need for court order, and shall provide to such owner or operator reasonable compensation for the time during which the vehicle or conveyance is held pursuant to seizure.

(b) In the absence of proof of a lesser or higher cost, the cost of doing business by the wholesaler is presumed to be four percent of the basic cost of the cigarettes, plus cartage to the retail outlet, if furnished or paid for by the wholesaler; in the absence of proof of a lesser or higher cost. Such cartage cost is presumed to be one-half of one percent of the basic cost of the cigarettes in the absence of proof of a lesser or higher cost. A manufacturer's timely payment and stamping discounts and any other discounts or rebates shall not be deducted in determining the cost of doing business by the wholesaler, whether it is determined under the percentage formula set forth in this paragraph or proof of actual cost.

(c) A wholesaler electing to sell cigarettes at a price other than that presumed by law must submit to the commissioner documentation substantiating the actual cost of the cigarettes before selling at actual cost. For purposes of this paragraph "actual cost" means basic cost as defined in subdivision 9 plus the wholesaler's cost of doing business. The commissioner shall review the documents submitted and, if necessary, request additional documentation to verify the accuracy of the cost computations. If, within 15 days of submission of the documentation, the commissioner has not notified the wholesaler of any deficiencies in the cost computations, the wholesaler may begin selling at actual cost. The cost computations are effective for a period of not more than 12 months beginning 15 days after submission of the documentation. Fifteen days before expiration of the 12-month period, the wholesaler must submit new cost documentation for review by the commissioner to continue selling at less than the price presumed by law. New cost documentation must also be submitted to the commissioner on the last day of a month in which the basic cost of cigarettes increases.

Sec. 44. [325D.405] [INVESTIGATIONS.]

The commissioner or duly authorized agents may conduct investigations to determine compliance with the provisions of sections 325D.30 to 325D.42 and, in connection with such investigations, the commissioner and duly authorized agents have all the powers conferred upon the commissioner by section 270.06.

ARTICLE 10

TAX INCREMENT FINANCING

Section 1. Minnesota Statutes 1990, section 273.1399, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] For purposes of this section, the following terms have the meanings given.

(a) "Qualifying captured tax capacity" means the following amounts:

(1) the captured tax capacity of a new or the expanded part of an existing economic development or soils condition tax increment financing district, other than a qualified manufacturing district, for which certification was requested after April 30, 1990; and

(2) the captured tax capacity of a qualified manufacturing district, multiplied by the following percentage based on the number of years that have elapsed since the district was first certified (measured from January 2 immediately preceding certification of the original tax capacity). In no case may the final amounts be less than zero or greater than the total captured tax capacity of the district:

| <u>Number of Years</u> | <u>Percentage</u> |
|------------------------|-------------------|
| <u>1</u> | <u>0</u> |
| <u>2</u> | <u>20</u> |
| <u>3</u> | <u>40</u> |
| <u>4</u> | <u>60</u> |
| <u>5</u> | <u>80</u> |
| <u>6 or more</u> | <u>100;</u> |

(3) the captured tax capacity of a new or the expanded part of an existing tax increment financing district, other than an economic development or soils condition district, for which certification was requested after April 30, 1990, multiplied by the following percentage based on the number of years that have elapsed since the district was first certified (measured from January 2 immediately preceding certification of the original tax capacity). In no case may the final amounts be less than zero or greater than the total captured tax capacity of the district.

| <u>Number of years</u> | <u>Renewal and Renovation Districts</u> | <u>All other Districts</u> |
|------------------------|---|----------------------------|
| 0 to 5 | 0 | 0 |
| 6 | 12.5 | 6.25 |
| 7 | 25 | 12.5 |
| 8 | 37.5 | 18.75 |
| 9 | 50 | 25 |
| 10 | 62.5 | 31.25 |
| 11 | 75 | 37.5 |
| 12 | 87.5 | 43.75 |
| 13 | 100 | 50 |
| 14 | 100 | 56.25 |
| 15 | 100 | 62.5 |
| 16 | 100 | 68.75 |
| 17 | 100 | 75 |
| 18 | 100 | 81.25 |
| 19 | 100 | 87.5 |
| 20 | 100 | 93.75 |
| 21 or more | 100 | 100 |

In the case of a hazardous substance subdistrict, the number of years must be measured from the date of certification of the subdistrict for purposes of the additional captured tax capacity resulting from the reduction in the subdistrict's or site's original tax capacity.

(b) The terms defined in section 469.174 have the meanings given in that section.

(c) "Qualified manufacturing district" means an economic development district that qualifies under section 469.176, subdivision 4c, paragraph (a), without regard to clauses (2) and (4), for which certification was requested after June 30, 1991, located in a home rule charter or statutory city that (1) has a population under 10,000

according to the last federal census and (2) is wholly located outside of a metropolitan statistical area as determined by the United States Office of Management and Budget.

Sec. 2. Minnesota Statutes 1990, section 273.1399, subdivision 3, is amended to read:

Subd. 3. [CALCULATION OF EDUCATION AIDS.] For each school district containing qualifying captured tax capacity, the commissioner of education shall compute a hypothetical state aid amount that would be paid to the school district if the qualifying captured tax capacity were divided by the sales ratio and included in the school district's adjusted tax capacity for purposes of calculating equalized levies as defined in section 273.1398, subdivision 2a, and associated state aids. The commissioner of education shall notify the commissioner of revenue of the difference between the actual aid paid and the hypothetical aid amounts calculated for each school district, broken down by the municipality that approved the tax increment financing district containing the qualifying captured tax capacity. The resulting amount is the reduction in state tax increment financing aid.

Sec. 3. Minnesota Statutes 1990, section 469.012, subdivision 8, is amended to read:

Subd. 8. [INTEREST REDUCTION PROGRAM; LIMITATIONS.] In developing the interest reduction program authorized by subdivision 7 the authority shall consider:

- (1) the availability and affordability of other governmental programs;
- (2) the availability and affordability of private market financing; and
- (3) the need for *additional affordable mortgage credit* to encourage the construction and enable the purchase of housing units within the jurisdiction of the authority.

The authority shall adopt rules for the interest reduction program. Interest reduction assistance shall not be provided if the authority determines that financing for the purchase of a housing unit or for the construction or rehabilitation of housing units is otherwise available from private lenders upon terms and conditions that are affordable by the applicant, as provided by the authority in its rules.

For the purposes of this subdivision an "assisted housing unit" is a housing unit which is rented or to be rented and which is a part of a rental housing development where the financing for the rental

housing development is assisted with interest reduction assistance provided by the authority during the calendar year. If interest reduction assistance is provided for construction period interest for a rental housing development, the housing units in the housing development shall be considered assisted housing units for a period after occupancy of the housing units which is equal to the period during which interest reduction assistance is provided to assist the construction financing of the rental housing development. In any calendar year when an authority provides interest reduction assistance for assisted housing units (1) at least 20 percent of the total assisted housing units within the jurisdiction of the authority shall be held available for rental to families or individuals with an adjusted gross income which is equal to or less than 80 percent of the median family income, and (2) at least an additional 55 percent of the total assisted housing units within the jurisdiction of the authority shall be held available for rental to individuals or families with an annual adjusted gross income which is equal to or less than 66 times 120 percent of the monthly fair market rent for the unit established by the United States Department of Housing and Urban Development. At least 80 percent of the aggregate dollar amount of funds appropriated by an authority within any calendar year to provide interest reduction assistance for financing of construction, rehabilitation, or purchase of single family housing, as that term is defined in section 462C.02, subdivision 4, shall be appropriated for housing units that are to be sold to or occupied by families or individuals with an adjusted gross income which is equal to or less than 110 percent of median family income. For the purposes of this subdivision, "median family income" means the median family income established by the United States Department of Housing and Urban Development for the nonmetropolitan county or the standard metropolitan statistical area, as the case may be. The adjusted gross income ~~may~~ must be adjusted by the authority for family size. The limitations imposed upon assisted housing units by this subdivision do not apply to interest reduction assistance for a rental housing development located in a targeted area as defined in section 462C.02. An authority that establishes a program pursuant to this subdivision shall by January 2 each year report to the commissioner of trade and economic development a description of the program established and a description of the recipients of interest reduction assistance.

Sec. 4. Minnesota Statutes 1990, section 469.174, subdivision 7, is amended to read:

Subd. 7. [ORIGINAL NET TAX CAPACITY.] (a) Except as provided in paragraph (b), "original net tax capacity" means the tax capacity of all taxable real property within a tax increment financing district as ~~most recently~~ certified by the commissioner of revenue as of the date of for the previous assessment year, provided that the request by an authority for certification by of a new tax increment financing district or for the expansion of an existing district has

been made to the county auditor, by June 30. The original tax capacity of districts for which requests are filed after June 30 has an original tax capacity based on the current assessment year. In any case, the original tax capacity must be determined together with subsequent adjustments as set forth in section 469.177, subdivisions 1 and 4. In determining the original net tax capacity the net tax capacity of real property exempt from taxation at the time of the request shall be zero, except for real property which is tax exempt by reason of public ownership by the requesting authority and which has been publicly owned for less than one year prior to the date of the request for certification, in which event the net tax capacity of the property shall be the net tax capacity as most recently determined by the commissioner of revenue.

(b) The original net tax capacity of any designated hazardous substance site or hazardous substance subdistrict shall be determined as of the date the authority certifies to the county auditor that the authority has entered a redevelopment or other agreement for the removal actions or remedial actions specified in a development response action plan, or otherwise provided funds to finance the development response action plan. The original net tax capacity equals (i) the net tax capacity of the parcel or parcels in the site or subdistrict, as most recently determined by the commissioner of revenue, less (ii) the estimated costs of the removal actions and remedial actions as specified in a development response action plan to be undertaken with respect to the parcel or parcels, (iii) but not less than zero.

(c) The original net tax capacity of a hazardous substance site or subdistrict shall be increased by the amount by which it was reduced pursuant to paragraph (b), clause (ii), upon certification by the municipality that the cost of the removal and remedial actions specified in the development response action plan, except for long-term monitoring and similar activities, have been paid or reimbursed.

(d) For purposes of this subdivision, "real property" shall include any property normally taxable as personal property by reason of its location on or over publicly owned property.

Sec. 5. Minnesota Statutes 1990, section 469.174, subdivision 10, is amended to read:

Subd. 10. [REDEVELOPMENT DISTRICT.] (a) "Redevelopment district" means a type of tax increment financing district consisting of a project, or portions of a project, within which the authority finds by resolution that one of the following conditions, reasonably distributed throughout the district, exists:

(1) parcels consisting of 70 percent of the area of the district are occupied by buildings, streets, utilities, or other improvements and

more than 50 percent of the buildings, not including outbuildings, are structurally substandard to a degree requiring substantial renovation or clearance; or

(2) the property consists of vacant, unused, underused, inappropriately used, or infrequently used railyards, rail storage facilities, or excessive or vacated railroad rights-of-way.

(b) For purposes of this subdivision, "structurally substandard" shall mean containing defects in structural elements or a combination of deficiencies in essential utilities and facilities, light and ventilation, fire protection including adequate egress, layout and condition of interior partitions, or similar factors, which defects or deficiencies are of sufficient total significance to justify substantial renovation or clearance.

A building is not structurally substandard if it is in compliance with the building code applicable to new buildings or could be modified to satisfy the building code at a cost of less than 15 percent of the cost of constructing a new structure of the same square footage and type on the site. The municipality may find that a building is not disqualified as structurally substandard under the preceding sentence on the basis of reasonably available evidence, such as the size, type, and age of the building, the average cost of plumbing, electrical, or structural repairs, or other similar reliable evidence. If the evidence supports a reasonable conclusion that the building is not disqualified as structurally substandard, the municipality may make such a determination without an interior inspection or an independent, expert appraisal of the cost of repair and rehabilitation of the building.

A parcel is deemed to be occupied by a structurally substandard building for purposes of the finding under paragraph (a) if all of the following conditions are met:

(1) the parcel was occupied by a substandard building within three years of the filing of the request for certification of the parcel as part of the district with the county auditor;

(2) the substandard building was demolished or removed by the authority or the demolition or removal was financed by the authority or was done by a developer under a development agreement with the authority;

(3) the authority found by resolution before the demolition or removal that the parcel was occupied by a structurally substandard building and that after demolition and clearance the authority intended to include the parcel within a district; and

(4) upon filing the request for certification of the tax capacity of

the parcel as part of a district, the authority notifies the county auditor that the original tax capacity of the parcel must be adjusted as provided by section 469.177, subdivision 1, paragraph (h).

(c) For purposes of this subdivision, a parcel is not occupied by buildings, streets, utilities, or other improvements unless 15 percent of the area of the parcel contains improvements.

(d) For districts consisting of two or more noncontiguous areas, each area must qualify as a redevelopment district under paragraph (a), clauses (1) to (3), to be included in the district, and the entire area of the district must satisfy paragraph (a).

Sec. 6. Minnesota Statutes 1990, section 469.176, subdivision 1, is amended to read:

Subdivision 1. [DURATION OF TAX INCREMENT FINANCING DISTRICTS.] (a) Subject to the limitations contained in paragraphs (b) to (g), any tax increment financing district as to which bonds are outstanding, payment for which the tax increment and other revenues have been pledged, shall remain in existence at least as long as the bonds continue to be outstanding. The municipality may, at the time of approval of the initial tax increment financing plan, provide for a shorter maximum duration limit than specified in paragraphs (b) to (g). The specified limit applies in place of the otherwise applicable limit.

(b) The tax increment pledged to the payment of the bonds and interest thereon may be discharged and the tax increment financing district may be terminated if sufficient funds have been irrevocably deposited in the debt service fund or other escrow account held in trust for all outstanding bonds to provide for the payment of the bonds at maturity or date of redemption and interest thereon to the maturity or redemption date.

(c) For bonds issued pursuant to section 469.178, subdivisions 2 and 3, the full faith and credit and any taxing powers of the municipality or authority shall continue to be pledged to the payment of the bonds until the principal of and interest on the bonds has been paid in full.

(d) No tax increment shall be paid to an authority for a tax increment financing district after three years from the date of certification of the original net tax capacity of the taxable real property in the district by the county auditor ~~or after August 1, 1982, for tax increment financing districts authorized prior to August 1, 1979,~~ unless within the three-year period (1) bonds have been issued in aid of the project containing the district pursuant to section 469.178, or in aid of a project pursuant to any other law, except revenue bonds issued pursuant to sections 469.152 to 469.165, ~~prior to August 1, 1979,~~ or (2) the authority has acquired

property within the district, or (3) the authority has constructed or caused to be constructed public improvements within the district.

(e) No tax increment shall in any event be paid to the authority (1) after 25 years from date of receipt by the authority of the first tax increment for a mined underground space development district, redevelopment district, or housing district, (2) after 15 years after receipt by the authority of the first increment for a renewal and renovation district, (3) after 12 years from approval of the tax increment financing plan for a soils condition district, and (4) after eight years from the date of the receipt, or ten years from approval of the tax increment financing plan, whichever is less, for an economic development district.

For tax increment financing districts created prior to August 1, 1979, no tax increment shall be paid to the authority after April 1, 2001, or the term of a nondefeased bond or obligation outstanding on April 1, 1990, secured by increments from the district or project area, whichever time is greater, provided that in no case will a tax increment be paid to an authority after August 1, 2009, from such a district. If a district's termination date is extended beyond April 1, 2001, because bonds were outstanding on April 1, 1990, with maturities extending beyond April 1, 2001, the following restrictions apply. No increment collected from the district may be expended after April 1, 2001, except to pay or defease (i) bonds issued before April 1, 1990, or (ii) bonds issued to refund the principal of the outstanding bonds and pay associated issuance costs, provided the average maturity of the refunding bonds does not exceed the bonds refunded.

(f) Modification of a tax increment financing plan pursuant to section 469.175, subdivision 4, shall not extend the durational limitations of this subdivision.

(g) If a parcel of a district is part of a designated hazardous substance site or a hazardous substance subdistrict, tax increment may be paid to the authority from the parcel for longer than the period otherwise provided by this subdivision. The extended period for collection of tax increment begins on the date of receipt of the first tax increment from the parcel that is more than any tax increment received from the parcel before the date of the certification under section ~~469.175~~ 469.174, subdivision 7, paragraph (b), and received after the date of certification to the county auditor described in section ~~469.175~~ 469.174, subdivision 7, paragraph (b). The extended period for collection of tax increment is the lesser of: (1) 25 years from the date of commencement of the extended period; or (2) the period necessary to recover the costs of removal actions or remedial actions specified in a development response action plan.

(h) If a parcel located in the district has delinquent property taxes when the district terminates under the duration limits under this

subdivision, the payment of the parcel's delinquent taxes made after decertification of the district are tax increments to the extent the nonpayment of property taxes caused the outstanding bonds or contractual obligations pledged to be paid by the district to be paid by sources other than tax increments or to go unpaid. The county auditor shall pay the appropriate amount to the district. The authority shall provide the county auditor with information regarding the payment of outstanding bonds or contractual obligations and any other information necessary to administer the payment, as requested by the county auditor.

Not more than 25 percent of the revenue derived from tax increments paid by properties in the district may be expended, through a development fund or otherwise, on activities outside of the district but within the defined geographic area of the project except to pay, or secure payment of, debt service on credit enhanced bonds. (c) All administrative expenses are for activities outside of the district.

Sec. 9. Minnesota Statutes 1990, section 469.1763, subdivision 3, is amended to read:

Subd. 3. [FIVE-YEAR RULE.] (a) Revenues derived from tax increments are considered to have been expended on an activity within the district under subdivision 2 only if one of the following occurs:

(b) For purposes of this subdivision, bonds include subsequent refunding bonds if ~~one of two tests is met: (1) the proceeds of the original refunded bonds were spent on activities within five years after the district was certified or (2) the original refunded bonds are issued within five years after the district was certified and the proceeds are expended on activities within a reasonable temporary period within the meaning of the use of that term under section 148(c)(1) of the Internal Revenue Code meet the requirements of paragraph (a), clause (2).~~

Sec. 10. Minnesota Statutes 1990, section 469.1763, subdivision 4, is amended to read:

(2) contracts, as defined in subdivision 3, paragraph (a), clauses (3) and (4); or

(3) credit enhanced bonds to which the revenues derived from tax increments are pledged, but only to the extent that revenues of the district for which the credit enhanced bonds were issued are insufficient to pay the bonds and to the extent that the increments from the unrestricted 25 percent share are insufficient.

(b) When the outstanding bonds have been defeased and when sufficient money has been set aside to pay contractual obligations as defined in subdivision 3, paragraph (a), clauses (3) and (4), the district must be decertified and the pledge of tax increment discharged.

Sec. 11. Minnesota Statutes 1990, section 469.1763, is amended by adding a subdivision to read:

Subd. 5. [CREDIT ENHANCED BONDS.] Except as otherwise provided in this section, revenues derived from tax increments may be used to pay debt service on credit enhanced bonds issued to finance activities outside of the district from which the revenues are derived, regardless of when the district is created. For purposes of this subdivision, "district" includes a district or a project area for which certification to collect increments was requested before August 1, 1979.

Sec. 12. Minnesota Statutes 1990, section 469.177, subdivision 1, is amended to read:

Subdivision 1. [ORIGINAL NET TAX CAPACITY.] (a) Upon or after adoption of a tax increment financing plan, the auditor of any county in which the district is situated shall, upon request of the authority, certify the original net tax capacity of the tax increment financing district as described in the tax increment financing plan and shall certify in each year thereafter the amount by which the original net tax capacity has increased or decreased as a result of a change in tax exempt status of property within the district, reduction or enlargement of the district or changes pursuant to subdivision 4.

(b) In the case of a mined underground space development district the county auditor shall certify the original net tax capacity as zero, plus the net tax capacity, if any, previously assigned to any subsurface area included in the mined underground space development district pursuant to section 272.04.

(c) For districts approved under section 469.175, subdivision 3, or parcels added to existing districts after May 1, 1988, if the classification under section 273.13 of property located in a district changes to a classification that has a different assessment ratio, the original net tax capacity of that property must be redetermined at the time when its use is changed as if the property had originally been classified in the same class in which it is classified after its use is changed.

(d) The amount to be added to the original net tax capacity of the district as a result of previously tax exempt real property within the district becoming taxable ~~shall be equal to~~ equals the net tax capacity of the real property as most recently assessed pursuant to section 273.18 or, if that assessment was made more than one year prior to the date of title transfer rendering the property taxable, the net tax capacity assessed by the assessor at the time of the transfer. If substantial taxable improvements were made to a parcel after certification of the district and if the property later becomes tax exempt, in whole or part, as a result of the authority acquiring the property through foreclosure or exercise of remedies under a lease or other revenue agreement, the amount to be added to the original net tax capacity of the district as a result of the property again becoming taxable is the amount of the parcel's value that was included in original net tax capacity when the parcel was first certified. The amount to be added to the original net tax capacity of the district as a result of enlargements thereof ~~shall be equal to~~ equals the net tax capacity of the added real property as most recently certified by the commissioner of revenue as of the date of modification of the tax increment financing plan pursuant to section 469.175, subdivision 4.

(f) Each year the auditor shall also add to the original net tax capacity of each economic development district an amount equal to the original net tax capacity for the preceding year multiplied by the

average percentage increase in the net tax capacity market value of all property included in the economic development district during the five years prior to certification of the district.

(g) The amount to be subtracted from the original net tax capacity of the district as a result of previously taxable real property within the district becoming tax exempt, or a reduction in the geographic area of the district, shall be the amount of original net tax capacity initially attributed to the property becoming tax exempt or being removed from the district. If the net tax capacity of property located within the tax increment financing district is reduced by reason of a court-ordered abatement, stipulation agreement, voluntary abatement made by the assessor or auditor or by order of the commissioner of revenue, the reduction shall be applied to the original net tax capacity of the district when the property upon which the abatement is made has not been improved since the date of certification of the district and to the captured net tax capacity of the district in each year thereafter when the abatement relates to improvements made after the date of certification. The county auditor may specify reasonable form and content of the request for certification of the authority and any modification thereof pursuant to section 469.175, subdivision 4.

(h) If a parcel of property contained a substandard building that was demolished or removed and if the authority elects to treat the parcel as occupied by a substandard building under section 469.174, subdivision 10, paragraph (b), the auditor shall certify the original net tax capacity of the parcel using the greater of (1) the current net tax capacity of the parcel, or (2) the estimated market value of the parcel for the year in which the building was demolished or removed, but applying the class rates for the current year.

(8) returns of mining companies must be filed on May 1 following the close of the calendar year.

Sec. 5. Minnesota Statutes 1990, section 289A.19, subdivision 2, is amended to read:

Subd. 2. [CORPORATE FRANCHISE AND MINING COMPANY TAXES.] The commissioner may grant an extension of up to seven months for filing the return of a corporation subject to tax under chapter 290 or a mining company if:

(1) the corporation or mining company files a tentative return when the regularly required return is due;

(2) the corporation or mining company pays the tax on the basis of the tentative return and the amount of tax, determined without regard to any prepayment of tax, shown on the tentative return, or the amount of tax paid on or before the regular due date of the return, is at least 90 percent of the amount shown on the corporation's or mining company's regularly required return;

(3) the balance due shown on the regularly required return is paid on or before the extended due date of the return; and

(4) interest on any balance due is paid at the rate specified in section 270.75 from the regular due date of the return until the tax is paid.

Sec. 6. Minnesota Statutes 1990, section 289A.20, subdivision 1, is amended to read:

Subdivision 1. [INDIVIDUAL INCOME, FIDUCIARY INCOME, MINING COMPANY, CORPORATE FRANCHISE, AND ENTERTAINMENT TAXES.] (a) Individual income, fiduciary, mining company, and corporate franchise taxes must be paid to the commissioner on or before the date the return must be filed under section 289A.18, subdivision 1, or the extended due date as provided in section 289A.19, unless an earlier date for payment is provided.

Notwithstanding any other law, a taxpayer whose unpaid liability for income or corporate franchise taxes, as reflected upon the return, is \$1 or less need not pay the tax.

(b) Entertainment taxes must be paid on or before the date the return must be filed under section 289A.18, subdivision 1.

Sec. 7. Minnesota Statutes 1990, section 289A.31, subdivision 1, is amended to read:

Subdivision 1. [INDIVIDUAL INCOME, FIDUCIARY INCOME, MINING COMPANY, CORPORATE FRANCHISE, AND ENTERTAINMENT TAXES.] (a) Individual income, fiduciary income, mining company, and corporate franchise taxes, and interest and penalties, must be paid by the taxpayer upon whom the tax is imposed, except in the following cases:

(1) The tax due from a decedent for that part of the taxable year in which the decedent died during which the decedent was alive and the taxes, interest, and penalty due for the prior years must be paid by the decedent's personal representative, if any. If there is no personal representative, the taxes, interest, and penalty must be paid by the transferees, as defined in section 289A.38, subdivision 13, to the extent they receive property from the decedent;

(2) The tax due from an infant or other incompetent person must be paid by the person's guardian or other person authorized or permitted by law to act for the person;

(3) The tax due from the estate of a decedent must be paid by the estate's personal representative;

(4) The tax due from a trust, including those within the definition of a corporation, as defined in section 290.01, subdivision 4, must be paid by a trustee; and

(5) The tax due from a taxpayer whose business or property is in charge of a receiver, trustee in bankruptcy, assignee, or other conservator, must be paid by the person in charge of the business or property so far as the tax is due to the income from the business or property.

(b) Entertainment taxes are the joint and several liability of the entertainer and the entertainment entity. The payor is liable to the state for the payment of the tax required to be deducted and withheld under section 290.9201, subdivision 7, and is not liable to the entertainer for the amount of the payment.

Sec. 8. Minnesota Statutes 1990, section 289A.35, is amended to read:

289A.35 [ASSESSMENTS.]

The commissioner shall make determinations, corrections, and assessments with respect to state taxes, including interest, additions to taxes, and assessable penalties. The commissioner may audit and adjust the taxpayer's computation of federal taxable income ~~to make it conform with the provisions of section 290.01, subdivisions 19 to 19g, or the~~ items of federal tax preferences, or federal credit amounts to make them conform with the provisions of chapter 290 or section 298.01. If a taxpayer fails to file a required return, the commissioner, from information in the commissioner's possession or obtainable by the commissioner, may make a return for the taxpayer. The return will be prima facie correct and valid. If a return has been filed, the commissioner shall examine the return and make any audit or investigation that is considered necessary. The commissioner may use statistical or other sampling techniques consistent with generally accepted accounting principles in examining returns or records and making assessments.

Sec. 9. Minnesota Statutes 1990, section 289A.38, subdivision 12, is amended to read:

Subd. 12. [REQUEST FOR EARLY AUDIT FOR INDIVIDUAL INCOME, FIDUCIARY INCOME, MINING COMPANY, AND CORPORATE FRANCHISE TAXES.] (a) Tax must be assessed within 18 months after written request for an assessment has been made in the case of income received (1) during the lifetime of a decedent, (2) by the decedent's estate during the period of administration, (3) by a trustee of a terminating trust or other fiduciary who, because of custody of assets, would be liable for the payment of tax under section 289A.31, subdivision 4, or (4) by a mining company or a corporation. A proceeding in court for the collection of the tax must

begin within two years after written request for the assessment (filed after the return is made and in the form the commissioner prescribes) by the personal representative or other fiduciary representing the estate of the decedent, or by the trustee of a terminating trust or other fiduciary who, because of custody of assets, would be liable for the payment of tax under section 289A.31, subdivision 4, or by the corporation. Except as provided in section 289A.42, subdivision 1, an assessment must not be made after the expiration of 3-1/2 years after the return was filed, and an action must not be brought after the expiration of four years after the return was filed.

(b) Paragraph (a) only applies in the case of a mining company or a corporation if:

(1) the written request notifies the commissioner that the corporation contemplates dissolution at or before the expiration of the 18-month period;

(2) the dissolution is begun in good faith before the expiration of the 18-month period; and

(3) the dissolution is completed within the 18-month period.

Sec. 10. Minnesota Statutes 1990, section 289A.56, subdivision 2, is amended to read:

Subd. 2. [CORPORATE FRANCHISE, MINING COMPANY, INDIVIDUAL AND FIDUCIARY INCOME, AND ENTERTAINER TAX OVERPAYMENTS.] Interest must be paid on an overpayment refunded or credited to the taxpayer from the date of payment of the tax until the date the refund is paid or credited. For purposes of this subdivision, the prepayment of tax made by withholding of tax at the source or payment of estimated tax before the due date is considered paid on the last day prescribed by law for the payment of the tax by the taxpayer. A return filed before the due date is considered as filed on the due date.

When the amount of tax withheld at the source or paid as estimated tax or allowable as other refundable credits, or withheld from compensation of entertainers, exceeds the tax shown on the original return by \$10, the amount refunded bears interest from 90 days after (1) the due date of the return of the taxpayer, or (2) the date on which the original return is filed, whichever is later, until the date the refund is paid to the taxpayer. Where the amount to be refunded is less than \$10, no interest is paid. However, to the extent that the basis for the refund is a net operating loss carryback, interest is computed only from the end of the taxable year in which the loss occurs.

Sec. 11. Minnesota Statutes 1990, section 289A.60, subdivision 4, is amended to read:

Subd. 4. [SUBSTANTIAL UNDERSTATEMENT OF LIABILITY; PENALTY.] The commissioner of revenue shall impose a penalty for substantial understatement of any tax payable to the commissioner, except a tax imposed under chapter 297A.

There must be added to the tax an amount equal to 20 percent of the amount of any underpayment attributable to the understatement. There is a substantial understatement of tax for the period if the amount of the understatement for the period exceeds the greater of: (1) ten percent of the tax required to be shown on the return for the period; or (2)(a) \$10,000 in the case of a mining company or a corporation, other than an S corporation as defined in section 290.9725, when the tax is imposed by chapter 290, or (b) \$5,000 in the case of any other taxpayer, and in the case of a mining company or a corporation any tax not imposed by chapter 290 or section 298.01 or 298.015. The term "understatement" means the excess of the amount of the tax required to be shown on the return for the period, over the amount of the tax imposed that is shown on the return. The amount of the understatement shall be reduced by that part of the understatement that is attributable to the tax treatment of any item by the taxpayer if there is or was substantial authority for the treatment, or any item with respect to which the relevant facts affecting the item's tax treatment are adequately disclosed in the return or in a statement attached to the return. The special rules in cases involving tax shelters provided in section 6662(d)(2)(C) of the Internal Revenue Code of 1986, as amended through December 31, 1989, shall apply and shall apply to a tax shelter the principal purpose of which is the avoidance or evasion of state taxes. The commissioner may abate all or any part of the addition to the tax provided by this section on a showing by the taxpayer that there was reasonable cause for the understatement, or part of it, and that the taxpayer acted in good faith. The additional tax and penalty shall bear interest at the rate specified in section 270.75 from the time the tax should have been paid until paid.

Sec. 12. Minnesota Statutes 1990, section 298.01, subdivision 3, is amended to read:

Subd. 3. The amount of the credit allowed under this paragraph is determined under section 290.06, subdivision 21.

(b) A credit is allowed against qualified regular tax for qualified alternative minimum tax previously paid. The amount of the credit allowed under this paragraph is determined under section 290.0921, subdivision 8. For purposes of calculating this credit, the following terms have the meanings given:

(1) "Qualified alternative minimum tax" means the amount determined under subdivision 4d and section 290.0921, subdivision 1.

(2) "Qualified regular tax" means the tax imposed under subdivision 4 and section 290.06, subdivision 1.

Subd. 13. [SOCIAL SECURITY NUMBER REQUIRED FOR HOMESTEAD APPLICATION.] Every property owner applying for homestead classification must furnish to the county assessor that owner's social security number. If the social security number is not provided, the county assessor shall classify the property as nonhomestead. The social security numbers of the property owners are private data on individuals as defined by section 13.02, subdivision 12, but, notwithstanding that section, the private data may be disclosed to the commissioner of revenue.

At the request of the commissioner, each county must give the commissioner a list that includes the name and social security number of each property owner applying for homestead classification.

If, in comparing the lists supplied by the counties, the commissioner finds that a property owner is claiming more than one homestead, the commissioner shall notify the appropriate counties. Within 90 days of the notification, the county assessor shall investigate to determine if the homestead classification was properly claimed. If the property owner does not qualify, the county assessor shall notify the county auditor who will determine the amount of homestead benefits that had been improperly allowed. The property owners may appeal the county's determination by filing a notice of appeal with the Minnesota tax court within 60 days of the date of the notice from the county.

If the amount of homestead benefits and penalty is not paid within 60 days, and if no appeal has been filed, the county auditor shall certify the amount to the succeeding year's tax list to be collected as part of the property taxes.

Any amount of homestead benefits recovered from the property owner must be transmitted to the commissioner by the end of each calendar quarter. Any amount recovered attributable to taconite homestead credit shall be transmitted to the St. Louis county auditor to be deposited in the taconite property tax relief account. The amount of penalty collected must be deposited in the county general fund.

The commissioner will provide suggested homestead applications to each county. If a property owner has applied for more than one homestead and the county assessors cannot determine which property should be classified as homestead, the county assessors will refer the information to the commissioner. The commissioner shall make the determination and notify the counties within 60 days.

In addition to lists of homestead properties, the commissioner may ask the counties to furnish lists of all properties and the record owners.

A person filing shall pay a filing fee of \$15 to the county auditor for each parcel. The filing expires after three years. The county auditor shall give a copy of the list of names and addresses to the county treasurer. Taxpayers of record with the county auditor and mortgagees who remit taxes on their behalf shall receive tax statements and other notices and are not required to file and pay fees under this section.

Sec. 12. Minnesota Statutes 1990, section 277.01, is amended to read:

277.01 [WHEN TAX IS DELINQUENT; PENALTY.]

Subdivision 1. Except as provided in this subdivision and subdivision 3, all unpaid personal property taxes shall be deemed delinquent on May 16 next after they become due or 21 days after the postmark date on the envelope containing the property tax statement, whichever is later, and thereupon a penalty of eight percent shall attach and be charged upon all such taxes. In the case of unpaid personal property taxes due and owing under section 272.01, subdivision 2, or 273.19, the first half shall become delinquent if not paid before May 16 or 21 days after the postmark date on the envelope containing the property tax statement, whichever is later, and thereupon a penalty of eight percent shall attach on the unpaid first half; and the second half shall become delinquent if not paid before October 16, and thereupon a penalty of eight percent shall attach on the unpaid second half. This section shall not apply to class 2a property taxed under section 274.19, subdivision 8, paragraph (c).

A county may provide by resolution that in the case of a property owner that has multiple personal property tax statements with the aggregate taxes exceeding \$50, payments may be made in installments as provided in this subdivision.

The county treasurer may accept payments of more or less than

the exact amount of a tax installment due. If the accepted payment is less than the amount due, payments must be applied first to the penalty accrued for the year the payment is made. Acceptance of partial payment of tax does not constitute a waiver of the minimum payment required as a condition for filing an appeal under section 277.011 or any other law, nor does it affect the order of payment of delinquent taxes under section 280.39.

Subd. 3. [IMPROVEMENTS TO REAL PROPERTY.] Personal property taxes assessed upon improvements made to real property taxed under section 272.01, subdivision 2, or 273.19, if unpaid, become delinquent on May 16 or 21 days after the postmark date on the envelope containing the property tax statement, whichever is later. If the tax against the improvements exceeds \$50, one-half may be paid before May 16 and the remaining one-half must be paid at any time before the following October 16, without penalty. Section 279.01, subdivision 1, otherwise governs imposition of penalties.

Sec. 13. Minnesota Statutes 1990, section 278.01, subdivision 1, is amended to read:

Subdivision 1. [DETERMINATION OF VALIDITY.] Any person having any estate, right, title, or interest in or lien upon any parcel of land, who claims that such property has been partially, unfairly, or unequally assessed in comparison with other property in the (1) city, or (2) county, or (3) in the case of a county containing a city of the first class, the portion of the county excluding the first class city, or that the parcel has been assessed at a valuation greater than its real or actual value, or that the tax levied against the same is illegal, in whole or in part, or has been paid, or that the property is exempt from the tax so levied, may have the validity of the claim, defense, or objection determined by the district court of the county in which the tax is levied or by the tax court by serving ~~two copies~~ one copy of a petition for such determination upon the county auditor, one copy on the county attorney, ~~and~~ one copy on the county treasurer, and three copies on the county assessor. In counties where the office of county treasurer has been combined with the office of county auditor, the petitioner must serve the number of copies required by the county. The petitioner must file the copies with proof of service, in the office of the court administrator of the district court before the 16th day of May of the year in which the tax becomes payable. The county ~~auditor assessor~~ shall immediately forward one copy of the petition to the appropriate governmental authority in a home rule charter or statutory city or town in which the property is located if that city or town employs its own certified assessor. A copy of the petition shall also be ~~sent~~ forwarded by the assessor to the school board of the school district in which the property is located. A petition for determination under this section may be transferred by the district court to the tax court. An appeal may also be taken to the tax court under chapter 271 at any time following receipt of the

valuation notice required by section 273.121 but prior to May 16 of the year in which the taxes are payable.

Sec. 14. Minnesota Statutes 1990, section 278.05, subdivision 4, is amended to read:

Subd. 4. [SALES RATIO STUDIES AS EVIDENCE.] The sales ratio studies published by the department of revenue, or any part of the studies, or any copy of the studies or records accumulated to prepare the studies which is prepared by the commissioner of revenue for use in determining education aids shall be admissible in evidence as a public record without the laying of a foundation if the sales prices used in the study are adjusted for the terms of the sale to reflect market value and are adjusted to reflect the difference in the date of sale compared to the assessment date. The department of revenue sales ratio study shall be prima facie evidence of the level of assessment. Additional evidence relevant to the sales ratio study is also admissible. No sales ratio study received into evidence shall be conclusive or binding on the court and evidence of its reliability or unreliability may be introduced by any party including, but not limited to, evidence of inadequate adjustment of sale prices for terms of financing, inadequate adjustment of sales prices to reflect the difference in the date of sale compared to the assessment date, and inadequate sample size.

No reduction in value on the grounds of discrimination shall be granted on the basis of a sales ratio study unless

(a) the sales prices are adjusted for the terms of the sale to reflect market value,

(b) the sales prices are adjusted to reflect the difference in the date of sale compared to the assessment date,

(c) there is an adequate sample size, and

(d) the median ratio of the same classification of property in the same county, city, or town as the subject property is lower than 90 percent, except that in the case of a county containing a city of the first class, the median ratio for the county shall be the ratio determined excluding sales from the first class city within the county.

If a reduction in value on the grounds of discrimination is granted based on the above criteria, the reduction shall equal the difference between (1) the ratio for the petitioner's property less five percentage points 95 percent and (2) the median ratio determined by the court. In order to receive relief on the basis of discrimination, the petitioner must establish the ratio of the assessor's estimated market value to the actual fair market value for the property.

Sec. 15. Minnesota Statutes 1990, section 279.01, subdivision 1, is amended to read:

Subdivision 1. Except as provided in subdivision 3, on May 16 or 21 days after the postmark date on the envelope containing the property tax statement, whichever is later, a penalty shall accrue and thereafter be charged upon all unpaid taxes on real estate on the current lists in the hands of the county treasurer. The penalty shall be at a rate of three percent on homestead property and seven percent on nonhomestead property. This penalty shall not accrue until June 1 of each year, or 21 days after the postmark date on the envelope containing the property tax statements, whichever is later, on commercial use real property used for seasonal residential recreational purposes and classified as class 1c or 4c, and on other commercial use real property classified as class 3a, provided that over 60 percent of the gross income earned by the enterprise on the class 3a property is earned during the months of May, June, July, and August. Any property owner of such class 3a property who pays the first half of the tax due on the property after May 15 and before June 1, or 21 days after the postmark date on the envelope containing the property tax statement, whichever is later, shall attach an affidavit to the payment attesting to compliance with the income provision of this subdivision. Thereafter, for both homestead and nonhomestead property, on the first day of each month, up to and including October 1 following, an additional penalty of one percent for each month shall accrue and be charged on all such unpaid taxes provided that if the due date was extended beyond May 15 as the result of any delay in mailing property tax statements no additional penalty shall accrue if the tax is paid by the extended due date. If the tax is not paid by the extended due date, then all penalties that would have accrued if the due date had been May 15 shall be charged. When the taxes against any tract or lot exceed \$50, one-half thereof may be paid prior to May 16 or 21 days after the postmark date on the envelope containing the property tax statement, whichever is later; and, if so paid, no penalty shall attach; the remaining one-half shall be paid at any time prior to October 16 following, without penalty; but, if not so paid, then a penalty of four percent shall accrue thereon for homestead property and a penalty of four percent on nonhomestead property. Thereafter, for homestead property, on the first day of November and December following, an additional penalty of two percent for each month shall accrue and be charged on all such unpaid taxes. Thereafter, for nonhomestead property, on the first day of November and December following, an additional penalty of four percent for each month shall accrue and be charged on all such unpaid taxes. If one-half of such taxes shall not be paid prior to May 16 or 21 days after the postmark date on the envelope containing the property tax statement, whichever is later, the same may be paid at any time prior to October 16, with accrued penalties to the date of payment added, and thereupon no penalty shall attach to the remaining one-half until October 16 following.

This section applies to payment of personal property taxes as-

sessed against improvements to leased property, except as provided by section 277.01, subdivision 3.

A county may provide by resolution that in the case of a property owner that has multiple tracts or parcels with aggregate taxes exceeding \$50, payments may be made in installments as provided in this subdivision.

The county treasurer may accept payments of more or less than the exact amount of a tax installment due. If the accepted payment is less than the amount due, payments must be applied first to the penalty accrued for the year the payment is made. Acceptance of partial payment of tax does not constitute a waiver of the minimum payment required as a condition for filing an appeal under section 278.03 or any other law, nor does it affect the order of payment of delinquent taxes under section 280.39.

Sec. 16. Minnesota Statutes 1990, section 279.01, subdivision 2, is amended to read:

Subd. 2. ~~In the case of any tax on class 1b, 2a, and 1a homestead property paid within 30 days after the due date specified in this section or after the 30-day extension as specified in subdivision 3,~~ The county board may, with the concurrence of the county treasurer, delegate to the county treasurer the power to abate the penalty provided for late payment of taxes in the current year. Notwithstanding section 270.07, if any county board so elects, the county treasurer may abate the penalty on finding that the imposition of the penalty would be unjust and unreasonable.

Sec. 17. Minnesota Statutes 1990, section 279.06, is amended to read:

279.06 [COPY OF LIST AND NOTICE.]

The names, descriptions, and figures employed in parentheses in the above forms are merely for purposes of illustration.

The name of the town, township, range or city, and addition or subdivision, as the case may be, shall be repeated at the head of each column of the printed lists as brought forward from the preceding column.

Errors in the list shall not be deemed to be a material defect to affect the validity of the judgment and sale.

Subd. 2. [FORM OF LIST AND NOTICE.] Notwithstanding the provisions of subdivision 1, the commissioner of revenue shall prescribe the form of the list and notice required under subdivision 1. The form shall contain the information required under subdivision 1, but shall be organized and presented in a manner easily read and understood. The print must be easily read and contain standard use of capital and lower-case letters. The court administrator shall use the form prescribed by the commissioner for purposes of this section. The notices published and mailed by the county auditor must also be in the form prescribed by the commissioner.

Sec. 18. Minnesota Statutes 1990, section 281.17, is amended to read:

281.17 [PERIOD FOR REDEMPTION.]

The period of redemption for all lands sold to the state at a tax judgment sale shall be three years from the date of sale to the state of Minnesota if the land is within an incorporated area unless it is: (a) nonagricultural homesteaded land as defined in section 273.13, subdivision 22, (b) homesteaded agricultural land as defined in section 273.13, subdivision 23, paragraph (a), or (c) seasonal recreational land as defined in section 273.13, subdivision subdivisions 22, paragraph (c), and 25, paragraph (d)(1) or (c)(4), clause (5), in which event the period of redemption is five years from the date of sale to the state of Minnesota.

The period of redemption for homesteaded lands as defined in section 273.13, subdivision 22, located in a targeted neighborhood as defined in Laws 1987, chapter 386, article 6, section 4, and sold to the state at a tax judgment sale is three years from the date of sale. The period of redemption for all lands located in a targeted neighborhood as defined in Laws 1987, chapter 386, article 6, section 4, except homesteaded lands as defined in section 273.13, subdivision 22, and sold to the state at a tax judgment sale is one year from the date of sale.

The period of redemption for all other lands sold to the state at a tax judgment sale shall be five years from the date of sale.

Sec. 19. Minnesota Statutes 1990, section 282.01, subdivision 1, is amended to read:

Subdivision 1. [CLASSIFICATION.] It is the general policy of this state to encourage the best use of tax-forfeited lands, recognizing that some lands in public ownership should be retained and managed for public benefits while other lands should be returned to private ownership. Parcels of land becoming the property of the state in trust under law declaring the forfeiture of lands to the state for taxes shall be classified by the county board of the county in which the parcels lie as conservation or nonconservation. In making the classification the board shall consider the present use of adjacent lands, the productivity of the soil, the character of forest or other growth, accessibility of lands to established roads, schools, and other public services, their peculiar suitability or desirability for particular uses and the suitability of the forest resources on the land for multiple use, sustained yield management. The classification, furthermore, must encourage and foster a mode of land utilization that will facilitate the economical and adequate provision of transportation, roads, water supply, drainage, sanitation, education, and recreation; facilitate reduction of governmental expenditures; conserve and develop the natural resources; and foster and develop

agriculture and other industries in the districts and places best suited to them.

In making the classification the county board may use information made available by any office or department of the federal, state, or local governments, or by any other person or agency possessing pertinent information at the time the classification is made. The lands may be reclassified from time to time as the county board may consider necessary or desirable, except for conservation lands held by the state free from any trust in favor of any taxing district.

If the lands are located within the boundaries of an organized town, with taxable valuation in excess of \$20,000, or incorporated municipality, the classification or reclassification and sale must first be approved by the town board of the town or the governing body of the municipality in which the lands are located. The town board of the town or the governing body of the municipality is considered to have approved the classification or reclassification and sale if the county board is not notified of the disapproval of the classification or reclassification and sale within 90 days of the date the request for approval was transmitted to the town board of the town or governing body of the municipality. If the town board or governing body desires to acquire any parcel lying in the town or municipality by procedures authorized in this subdivision, it must file a written application with the county board to withhold the parcel from public sale. The application must be filed within 90 days of the request for classification or reclassification and sale. The county board shall then withhold the parcel from public sale for one year. A clerical error made by county officials does not serve to eliminate the request of the town board or governing body if the board or governing body has forwarded the application to the county auditor.

Sec. 20. Minnesota Statutes 1990, section 282.33, subdivision 1, is amended to read:

Subdivision 1. Whenever an unrecorded deed from the state of Minnesota conveying tax-forfeited lands shall have been lost or destroyed, an application, in form approved by the attorney general, for a new deed may be made by the grantee or the grantee's successor in interest to the commissioner of revenue. If it appears to the commissioner of revenue that the facts stated in the petition are true, the commissioner shall issue a new deed to the original grantee, in form approved by the attorney general, with like effect as the original deed. The commissioner shall send the new deed to the county recorder, who after recording the deed will forward it to the county auditor. The application shall be accompanied by a fee of ~~\$20~~ \$25, payable to the commissioner of revenue, which shall be deposited with the state treasurer and credited to the general fund.

Sec. 21. Minnesota Statutes 1990, section 375.192, subdivision 2, is amended to read:

Subd. 2. Upon written application by the owner of the property, the county board may grant the reduction or abatement of estimated market valuation or taxes and of any costs, penalties, or interest on them as the board deems just and equitable and order the refund in whole or part of any taxes, costs, penalties, or interest which have been erroneously or unjustly paid. The county board may also grant the abatement of penalties for taxes paid within 30 days of the due date, regardless of the classification of the property. The application must include the social security number of the applicant. The social security number is private data on individuals as defined by section 13.02, subdivision 12. The application must be approved by the county assessor, or, if the property is located in a city of the first or second class having a city assessor, by the city assessor, and by the county auditor before consideration by the county board. If the application is for abatement of penalty or interest, the application must be approved by the county treasurer and county auditor. No reduction, abatement, or refund of any special assessments made or levied by any municipality for local improvements shall be made unless it is also approved by the board of review or similar taxing authority of the municipality. Before taking action on any reduction or abatement where the reduction of taxes, costs, penalties, and interest exceed \$10,000, the county board shall give 20 days' notice to the school board and the municipality in which the property is located. The notice must describe the property involved, the actual amount of the reduction being sought, and the reason for the reduction. If the school board or the municipality object to the granting of the reduction or abatement, the county board must refer the abatement or reduction to the commissioner of revenue with its recommendation. The commissioner shall consider the abatement or reduction under section 270.07, subdivision 1.

An appeal may not be taken to the tax court from any order of the county board made in the exercise of the discretionary authority granted in this section.

Sec. 22. Minnesota Statutes 1990, section 414.031, subdivision 6, is amended to read:

Subd. 6. [EFFECTIVE DATE OF ANNEXATION.] The annexation shall be effective as of the date fixed in the annexation order or on such later date as is fixed in the annexation order. A copy of the annexation order must be delivered immediately by the executive director of the Minnesota municipal board to the appropriate county auditor or auditors. For the purposes of taxation, if the annexation becomes effective on or before August 1 of a levy year, the municipality may levy on the annexed area beginning with that same levy year. If the annexation becomes effective after August 1 of a levy year, the town may continue to levy on the annexed area for that levy year, and the municipality may not levy on the annexed area until the following levy year.

Sec. 23. Minnesota Statutes 1990, section 414.0325, subdivision 4, is amended to read:

Subd. 4. [EFFECTIVE DATE OF ANNEXATION.] The board's order shall be effective upon the issuance of the order or at such later time as is provided by the board in its order. A copy of the annexation order must be delivered immediately by the executive director of the Minnesota municipal board to the appropriate county auditor or auditors. For the purposes of taxation, if the annexation becomes effective on or before August 1 of a levy year, the municipality may levy on the annexed area beginning with that same levy year. If the annexation becomes effective after August 1 of a levy year, the town may continue to levy on the annexed area for that levy year, and the municipality may not levy on the annexed area until the following levy year.

Sec. 24. Minnesota Statutes 1990, section 414.033, subdivision 7, is amended to read:

Subd. 7. Any annexation ordinance provided for in this section must be filed with the board, the township, the county auditor and the secretary of state and is final on the date the ordinance is approved by the board. A copy of the annexation ordinance must be delivered immediately by the governing body of the municipality to the appropriate county auditor or auditors. For the purposes of taxation, if the annexation becomes effective on or before August 1 of a levy year, the municipality may levy on the annexed area beginning with that same levy year. If the annexation becomes effective after August 1 of a levy year, the town may continue to levy on the annexed area for that levy year, and the municipality may not levy on the annexed area until the following levy year.

Sec. 25. Minnesota Statutes 1990, section 414.06, subdivision 4, is amended to read:

Subd. 4. [EFFECTIVE DATE OF DETACHMENT.] The detachment shall be effective upon the issuance of the board's order, or at such later date, as provided by the board in its order. A copy of the detachment order must be delivered immediately by the executive director of the Minnesota municipal board to the appropriate county auditor or auditors. For the purposes of taxation, if the detachment becomes effective on or before August 1 of a levy year, the town or towns acquiring the detached area may levy on it beginning with that same levy year. If the detachment becomes effective after August 1 of a levy year, the municipality may continue to levy on the detached area for that levy year, and the town or towns acquiring the detached area may not levy on it until the following levy year.

Sec. 26. Minnesota Statutes 1990, section 414.061, subdivision 3, is amended to read:

Subd. 3. [EFFECTIVE DATE.] The concurrent detachment and annexation shall be effective upon the issuance of the board's order, or at such later date as provided by the board in its order. A copy of the annexation order must be delivered immediately by the executive director of the Minnesota municipal board to the appropriate county auditor or auditors. For the purposes of taxation, if the annexation becomes effective on or before August 1 of a levy year, the municipality acquiring the detached area of another municipality may levy on it beginning with that same levy year. If the annexation becomes effective after August 1 of a levy year, the municipality losing the detached area may continue to levy on it for that levy year, and the municipality acquiring the detached area may not levy on it until the following levy year.

Sec. 27. Minnesota Statutes 1990, section 477A.014, subdivision 1, as amended by Laws 1991, chapter 2, article 8, section 10, is amended to read:

Subdivision 1. In addition, the commissioner shall notify the authorities of their aid amounts, as well as the computational factors used in making the calculations for their authority, and those statewide total figures that are pertinent, before August 15 1 of the year preceding the aid distribution year; ~~except that for aid payable in 1990 the commissioner of revenue must notify the authorities of their aid amounts as well as the computational factors used in the calculation before October 23, 1989.~~ The commissioner shall reduce the July 20, 1991, payment of local government aid, equalization aid, homestead and agricultural credit aid, and disparity reduction aid to counties, cities, towns, and special taxing districts by a combined amount of \$50,000,000.

Sec. 28. Minnesota Statutes 1990, section 515A.1-105, subdivision 1, is amended to read:

Subdivision 1. [HOMESTEAD.] (a) Each unit together with its common element interest constitutes for all purposes a separate parcel of real estate.

(b) If a declaration is recorded prior to ~~ten~~ 30 days before any installment of real estate taxes becomes payable, the local taxing authority shall split the taxes so payable on the condominium among the units. Following the public hearing, the city may determine to take no further action or adopt a resolution confirming its intention to exercise the authority. That resolution must also be published in the official newspaper of the city or, if there is no official newspaper, in a newspaper of general circulation in the city. If within 30 days after publication of the resolution a petition signed by voters equal in number to five percent of the votes cast in the city in the last general election requesting a vote on the proposed resolution is filed with the county auditor, the resolution is not effective until it has been submitted to the voters at a general or special election and a majority of votes cast on the question of approving the resolution are in the affirmative. The commissioner of revenue shall prepare a suggested form of question to be presented at the election. The referendum must be held at a special or general election before ~~December 1, 1991~~ 1990.

Sec. 30. Laws 1990, chapter 604, article 3, section 50, subdivision 3, is amended to read:

ARTICLE 14

LOCAL GOVERNMENT SERVICE SHARING AND COMBINATION INCENTIVES

Section 1. [465.80] [SERVICE SHARING GRANTS.]

Subdivision 1. [SCOPE.] This section establishes a program for grants to cities, counties, and towns to enable them to meet the start-up costs of providing shared services or functions.

Subd. 2. [ELIGIBILITY.] Any home rule charter or statutory city, county, or town that provides a plan for offering a governmental service under a joint powers agreement with another city, county, or town, or with an agency of state government, is eligible for a grant under this section, and is referred to in this section as an "eligible local government unit."

Subd. 3. [PLAN.] To apply for a grant under this section, the governing body of the eligible local government unit must by resolution adopt a plan that includes:

(1) a proposal to enter into an agreement for the joint exercise of powers under section 471.59 that will result in a fully integrated service or function provided by the eligible local unit of government and one or more other government units as defined in section 471.59. Agreements solely to make joint purchases are not sufficient to qualify under this section;

(2) specific projections of cost savings or more efficient service

operations that are reasonably likely to result from the combined service or function; and

(3) evidence of the need for financial assistance to meet start-up costs that would be entailed in providing the combined service or function.

Subd. 4. [SUBMISSION OF PLAN TO DEPARTMENT.] The plan must be submitted to the department of trade and economic development. The commissioner of trade and economic development will approve a plan only if it contains the elements set forth in subdivision 3, with sufficient information to verify the assertions under clauses (2) and (3). The commissioner may request modifications of a plan. If the commissioner rejects a plan, written reasons for the rejection must be provided, and a governmental unit may modify the plan and resubmit it.

Subd. 5. [GRANTS.] The amount of each grant shall be equal to the additional start-up costs for which evidence is presented under subdivision 3, clause (3). Only one grant will be given to a local government unit for any function or service it proposes to combine with another government unit, but a unit may apply for separate grants for different services or functions it proposes to combine. If the amount of money available for making the grants is not sufficient to fully fund the grants to eligible local government units with approved plans, the commissioner shall award grants on the basis of each qualified applicant's score under a scoring system to be devised by the commissioner to measure the relative needs for the grants and the ratio of costs to benefits for each proposal.

Sec. 2. [465.81] [COOPERATION AND COMBINATION.]

Subdivision 1. [SCOPE.] Sections 2 to 8 establish procedures to be used by counties, cities, or towns that adopt by resolution an agreement providing a plan to provide combined services during an initial two-year cooperation period and then to merge into a single unit of government over the succeeding two-year period.

Subd. 2. [DEFINITIONS.] As used in sections 2 to 8, the words defined in this subdivision have the meanings given them in this subdivision.

"City" means home rule charter or statutory cities.

"Commissioner" means the commissioner of trade and economic development.

"Department" means the department of trade and economic development.

“Governing body” means, in the case of a county, the county board; in the case of a city, the city council; and, in the case of a town, the town board.

“Local government unit” or “unit” includes counties, cities, and towns.

Subd. 3. [COMBINATION REQUIREMENTS.] Counties may combine with one or more other counties. Cities may combine with one or more other cities or with one or more towns. Towns may combine with one or more other towns or with one or more cities. Units that combine must be contiguous.

Sec. 3. [465.82] [COOPERATION AND COMBINATION PLAN.]

Subdivision 1. [ADOPTION AND STATE AGENCY REVIEW.] Each governing body that proposes to combine under sections 2 to 8 must adopt by resolution a plan for cooperation and combination. The plan must address each item in this section. The plan must be specific for any item that will occur within three years and may be general or set forth alternative proposals for an item that will occur more than three years in the future. The plan must be submitted to the department of trade and economic development for review and comment. Significant modifications and specific resolutions of items must be submitted to the department for review and comment. In the official newspaper of each local government unit proposed for combination, the governing body must publish at least a summary of the adopted plans, each significant modification and resolution of items, and the results of each department review and comment.

Subd. 2. [CONTENTS OF PLAN.] The plan shall state:

(1) the specific cooperative activities the units will engage in during the first two years of the venture;

(2) the steps to be taken to effect the merger of the governmental units, beginning in the third year of the process, with completion no later than four years after the process begins;

(3) the steps by which a single governing body will be created. Notwithstanding any other law to the contrary, all current members of the governing bodies of the local government units that propose to combine under sections 2 to 8 may serve on the initial governing body of the combined unit, until a gradual reduction in membership is achieved by foregoing election of new members when terms expire until the number permitted by other law is reached;

(4) changes in services provided, facilities used, administrative operations and staffing to effect the preliminary cooperative activities and the final merger;

(5) treatment of employees of the merging governmental units, specifically including provisions for reassigning employees, dealing with unions, and providing financial incentives to encourage early retirements;

(6) financial arrangements for the merger, specifically including responsibility for debt service on outstanding obligations of the merging entities;

(7) two, five, and ten-year projections prepared by the department of revenue at the request of the local government unit, of revenues, expenditures, and property taxes for each unit if it combined and if it remained separate;

(8) procedures for a referendum to be held prior to the year of the proposed combination to approve combining the local government units, specifically stating whether a majority of those voting in each district proposed for combination or a majority of those voting on the question in the entire area proposed for combination would be needed to pass the referendum; and

(9) a time schedule for implementation.

Sec. 4. [465.83] [STATE AGENCY APPROVAL.]

Before scheduling a referendum on the question of combining local government units under section 5, the units shall submit the plan adopted under section 3 to the commissioner. The commissioner may require any information it deems necessary to evaluate the plan. The commissioner shall disapprove the proposed combination if the commissioner finds that the plan is not reasonably likely to enable the combined unit to provide services in a more efficient or less costly manner than the separate units would provide them, or if the plans or plan modification are incomplete.

Sec. 5. [465.84] [REFERENDUM.]

During the first or second year of cooperation, and after approval of the plan by the department under section 4, a referendum on the question of combination shall be conducted. The referendum shall be on a date called by the governing bodies of the units that propose to combine. The referendum shall be conducted according to the Minnesota election law, as defined in section 200.01. If the referendum fails, the same question or a modified question may be submitted the following year. If the referendum fails again, the same question may not be submitted. Referendums shall be conducted on the same date in all local government units.

Sec. 6. [465.85] [COUNTY AUDITOR TO PREPARE PLAT.]

Upon the request of two or more local government units that have adopted a resolution to cooperate and combine, the county auditor shall prepare a plat. If the proposed combined local government unit is located in more than one county, the request shall be submitted to the county auditor of the county that has the greatest land area in the proposed district. The plat must show:

- (1) the boundaries of each of the present units;
- (2) the boundaries of the proposed unit;
- (3) the boundaries of proposed election districts, if requested; and
- (4) other information deemed pertinent by the governing bodies or the county auditor.

Sec. 7. [465.86] [BONDED DEBT AT THE TIME OF COMBINATION.]

Debt service for bonds outstanding at the time of the combination may be levied by the combined governing body consistent with the plan adopted according to section 3, and any subsequent modifications, subject to section 475.61. The primary obligation to pay the bonded indebtedness outstanding on the effective date of combination remains with the local government unit that issued the bonds, but a combined unit may make debt service payments on behalf of a preexisting unit.

Sec. 8. [465.87] [AIDS TO COOPERATING AND COMBINING UNITS.]

Subdivision 1. [ELIGIBILITY.] A local government unit is eligible for aid under this section if the commissioner has approved its plan to cooperate and combine under section 4.

Subd. 2. [AMOUNT OF AID.] The aid to be paid to each eligible local government unit is equal to the following per capita amounts, based on the combined population of the units, not to exceed \$100,000 per year for any unit.

| <u>Combined Population after Combination</u> | <u>Aid Per Capita</u> |
|--|---------------------------|
| 0 - 2,500 | \$25 |
| 2,500 - 5,000 | 20 |
| 5,000 - 20,000 | 15 |
| over 20,000 | 10 |

Payments shall be made on the dates provided for payments of local government aid under section 477A.013, beginning in the year during which substantial cooperative activities under the plan

initially occur, unless those activities begin after July 1, in which case the initial aid payment shall be made in the following calendar year.

Subd. 3. [TERMINATION OF AID; RECAPTURE.] If a second referendum under section 5 fails, or if an initial referendum fails and the governing body does not schedule a second referendum within one year after the first has failed, or if one or more of the local government units that proposed to combine terminates its participation in the cooperation or combination, no additional aid will be paid under this section. The amount previously paid under this section to a unit must be repaid if the governing body of the unit acts to terminate its current level of participation in the plan. The amount previously paid to the unit must be repaid in annual installments equal to the total amount paid to the unit for all years under subdivision 2, divided by the number of years when payments were made.

Sec. 9. [APPROPRIATION.]

\$1,500,000 is appropriated to the commissioner of trade and economic development to be used to make the grants under section 1 and to pay the aids under sections 2 to 8. At least 40 percent of the amount appropriated under this section shall be used to make aid payments under sections 2 to 8 unless there are not enough qualified applicants for the cooperation and combination program to make use of the full appropriation.

DELINQUENT TAXES ON PERSONAL PROPERTY

Section 1. [47.209] [MANUFACTURED HOME FINANCING; PROPERTY TAX ESCROW REQUIREMENT.]

Any agreement entered into after December 31, 1991, for the financing or refinancing of a purchase of a manufactured home shall require that the lender maintain an escrow account for deposit of payments for property taxes payable on the manufactured home, and that the borrower make the required payments. As used in this section, "lender" includes a state bank and trust company, national banking association, state or federally chartered savings and loan association, mortgage bank, mutual savings bank, insurance company, credit union, or a dealer as defined in section 327B.01, subdivision 7, who enters into an agreement for financing or refinancing a purchase of a manufactured home.

Sec. 2. Minnesota Statutes 1990, section 274.19, subdivision 3, is amended to read:

Subd. 3. [TAX STATEMENTS; PENALTIES; COLLECTIONS.] Not later than July 15 in the year of assessment the county treasurer shall mail to the taxpayer a statement of tax due on a manufactured home. The taxes are due on the last day of August, except that if the tax exceeds \$50, one-half of the amount due may be paid on August 31, and the remainder on November 15. Taxes remaining unpaid after the due date are delinquent, and a penalty of eight percent must be assessed and collected as part of the unpaid taxes. On September 30 the county treasurer shall make a list of taxes remaining unpaid and shall certify the list immediately to the court administrator of district court. The court administrator shall issue warrants to the sheriff for collection.

Sec. 3. [277.17] [ESCROW REQUIREMENT FOR DELINQUENCIES ON MANUFACTURED HOMES.]

Subdivision 1. [CERTIFICATION TO MANUFACTURED HOME OWNER.] On or before October 15 of each year, the county auditor shall send a letter to each owner of a manufactured home for which the personal property taxes due on August 31 are delinquent as of September 30. On or before December 31 of each year, the county auditor shall send a letter to each owner of a manufactured home for which the taxes due on August 31 were not delinquent but the personal property taxes due on November 15 are delinquent as of December 15. The letter must inform the owner that due to the delinquency, the owner will be required under state law to begin making monthly payments of delinquent property taxes, and that the property taxes will also be escrowed for payment of property taxes the following year. The form and content of the notice to the owner shall be specified by the commissioner of revenue.

Subd. 2. [ESTABLISHMENT OF TAX ESCROW ACCOUNTS.] The county auditor must establish a tax escrow account for delinquent property taxes for each owner receiving a letter under subdivision 1. An owner who receives a notice regarding taxes due August 31 must pay an additional amount each month equal to ten percent of the delinquent personal property taxes, penalties, and interest due, plus ten percent of the tax payable in the following calendar year. If the owner fails to pay the tax due on November 15, the additional amount of tax due but unpaid will be added to the delinquent property taxes payable by installment under this section. An owner who receives a notice regarding taxes due November 15 must pay an additional amount each month equal to 15 percent of the delinquent taxes, penalties, and interest due, plus 12 percent of the tax payable in the following calendar year.

Subd. 3. [COUNTY ESCROW.] Within 30 days of receipt of a letter from the county auditor under subdivision 1, the owner must make the first monthly payment under subdivision 2 to the county auditor. The commissioner of revenue shall prescribe the procedures to be used for monthly collections of the delinquent and current tax

payments. If an owner is making the payments at the time required under this section, no action may be taken under section 4 with respect to the manufactured home for which the property taxes are being paid into the escrow account.

Sec. 4. [277.20] [LIEN FOR PERSONAL PROPERTY TAX.]

Subdivision 1. [CREATION OF LIEN.] Except for property exempt under subdivision 3, the tax assessed on personal property or manufactured homes and collectible under this chapter is a lien on all the real and personal property within this state of the person liable for the payment of the tax. The lien arises on January 2 of the year in which the tax is assessed and continues until the tax is paid. For purposes of this section and section 277.21, "tax" also includes penalty, interest, recording fees, sheriff fees, and court costs that may accrue on the unpaid tax.

Subd. 2. [FILING OF LIEN FOR ENFORCEABILITY.] The lien imposed by subdivision 1 is not enforceable against any purchaser, mortgagee, pledgee, holder of a uniform commercial code security interest, mechanic's lienor, or judgment lien creditor until a notice of lien has been filed by the county treasurer in the office of the county recorder of the county in which the property is situated, or in the case of personal property belonging to an individual who is not a resident of this state, or that is a corporation, partnership, or other organization, in the office of the secretary of state. Priority of a lien created under this article shall be determined in accordance with the provisions of section 507.34. Liens filed in the office of the county recorder shall be filed with the state tax liens filed pursuant to section 270.69, and the index shall indicate the name of the county for which the lien was filed. If the land is registered, the notice of lien shall be filed in the office of the registrar of titles of the county in which the property is registered. Notwithstanding any other law to the contrary, the county treasurer is exempt from the payment of fees when the lien is offered for filing or recording; the fee for filing or recording the lien must be paid at the time the release of lien is offered for filing or recording. Notwithstanding any law to the contrary, the fee for filing or recording the lien or the release of lien is \$15.

Subd. 3. [EXEMPT PROPERTY.] The lien imposed on personal property by this section, even though properly filed, is not enforceable against the personal property listed as exempt in sections 550.37, 550.38, and 550.39, but manufactured homes otherwise exempt under section 550.37, subdivision 12, are subject to lien under this section.

Subd. 4. [PERIOD OF LIMITATIONS.] Notwithstanding any other law to the contrary, the lien imposed by this section is enforceable from the time the lien arises and for ten years from the date of filing the notice of lien. The notice of lien must be filed by the

county treasurer within five years after the date of assessment of the tax. A notice of lien filed in one county may be transcribed to any other county within ten years after the date of its filing, but the transcription does not extend the period during which the lien is enforceable. A notice of lien may be renewed by the county treasurer before the expiration of the ten-year period for an additional ten years. The taxpayer must receive written notice of the renewal.

Subd. 5. [ENFORCEABILITY OF LIEN.] The lien imposed by this section is enforceable by levy as authorized in section 277.21, or by judgment lien foreclosure as authorized in chapter 550.

Subd. 6. [NOTICE OF MORTGAGE FORECLOSURE OR CONTRACT TERMINATION.] If a lien has been filed by the county treasurer against real property under this section, and, after the recording of the lien, a mortgage foreclosure upon the real property is commenced under chapter 580, or a termination of contract of sale of the real property is commenced under section 559.21, notice of the mortgage foreclosure or termination of contract of sale must be mailed to the county treasurer at least 25 days before the foreclosure, sale, or date of termination. Notice need not be given under this subdivision if the lien has been filed within 30 days or less before the foreclosure, sale, or date of termination. The notice must contain the following information: (1) the name and address of the taxpayer; (2) a copy of the notice of mortgage foreclosure or contract for deed cancellation; (3) a copy of the lien filed by the county treasurer; (4) the total unpaid balance of the mortgage or contract for deed; and (5) a legal description of the property. Upon a request of a party providing notice under this subdivision, the county treasurer shall send to the party within one business day of receiving the notice a receipt for the notice.

Subd. 7. [FILING ENTITLEMENT.] Execution of notices of liens or of other notices affecting personal property tax liens by the county treasurer or a delegate entitles them to be filed, and no other attestation, certification, or acknowledgment is necessary.

Subd. 8. [LIEN SEARCH FEES.] Upon request of a person, the filing officer shall issue a certificate showing whether there is on file, on the date and hour stated in the certificate, any notice of lien or certificate or notice affecting any lien filed after December 31, 1991, naming a particular person, and giving the date and hour of filing of each notice or certificate naming the person. The fee for a certificate is as provided by section 336.9-407 or 357.18, subdivision I, clause (3). Upon request, the filing officer shall furnish a copy of any notice of lien, or notice or certificate affecting a lien, for a fee of \$1 per page.

Sec. 5. [277.21] [LEVY AND DISTRAINT.]

Subdivision 1. [COLLECTION AUTHORITY OF THE COUNTY

TREASURER.] If a tax assessed on personal property or manufactured homes and collectible under this chapter is not paid when due, the county treasurer shall, as soon as practicable, take action the county treasurer considers necessary and reasonable to collect the delinquent tax. By mutual agreement, the county treasurer may use the services of the district court or the central collection unit of the county to effect collection. In addition, by inclusion and not limitation, the county treasurer may request a writ of execution to enforce any tax judgment or may levy and seize property under authority granted by this section. Taxes may be collected by the county treasurer within five years after the date of assessment of the tax, or if a lien has been filed, within the period the lien is enforceable, or if the tax judgment has been filed, within the statutory period of enforcement of a valid tax judgment, by a levy upon all property and rights to property of the person liable for the payment of the tax. However, the right to levy does not extend to property that is exempt from execution under sections 550.37, 550.38, and 550.39, but manufactured homes otherwise exempt per section 550.37, subdivision 12, are subject to levy and sale under this section. The term "levy" includes the power of distraint and seizure by any means. For this purpose, the term "tax" includes penalty, interest, and costs properly payable.

Subd. 2. [NOTICE AND DEMAND; JEOPARDY COLLECTION.] At least 30 days before a levy is made, notice and demand for payment of the amount due must be given to the person liable for the payment or collection of the tax. If the county treasurer has reason to believe that collection of the tax is in jeopardy, notice and demand for immediate payment of the tax may be made by the county treasurer. If the tax is not paid, the county treasurer may proceed to collect by levy without regard to the 30-day period or the due date.

If collection of tax on personal property or manufactured homes is in jeopardy because of removal from the county or other reasons before the time that the taxes are calculated for the property for the current tax year, the county auditor shall immediately determine the amount of tax by applying the latest available levy rate and market value and shall notify the county treasurer of the amount of tax in jeopardy. The county treasurer may levy and seize the property without regard to prior notice or due date.

The notice required under this subdivision must be sent to the taxpayer's last known address and must include a brief statement that states in simple and nontechnical terms: (1) the administrative appeals available to the taxpayer with respect to the levy and sale; and (2) the alternatives available to the taxpayer that can prevent a levy, including an installment payment agreement under section 277.23.

Subd. 3. [MANNER OF EXECUTION AND SALE.] In making

the execution of the levy and in collecting the taxes due, the county treasurer has all of the powers in chapter 550 and in any other law for purposes of effecting an execution against property in this state. The sale of property levied upon, and the time and manner of redemption therefrom, must be consistent with authority granted to the commissioner of revenue to collect state taxes under sections 270.70 to 270.709. The seal of the court, subscribed by the court administrator, as provided in section 550.04, is not required. The levy for collection of taxes may be made, whether or not a legal action for collection of the taxes has been commenced.

Subd. 4. [STAY OF SALE.] (a) Except for a jeopardy collection under subdivision 2, property shall not be seized for collection of tax until the time has expired for filing an appeal of the assessment with the tax court under chapter 277, or section 274.19 in the case of a manufactured home. If a jeopardy assessment has been made, the owner may file an appeal with the tax court within 30 days after the notice of assessment is issued by the county. The notice shall advise the owner of the right of appeal. If a timely appeal has been filed, no sale may be made unless the taxes remain unpaid for a period of more than 30 days after final determination of the appeal by the tax court or by the appropriate judicial forum.

(b) Notwithstanding paragraph (a), seized property may be sold if:

(1) the taxpayer consents in writing to the sale; or

(2) the county treasurer determines that the property is perishable or may become greatly reduced in price or value by keeping, or that the property cannot be kept without great expense.

Subd. 5. [PROBATE COURT JURISDICTION.] If a levy has been made to collect taxes under this section and the property seized is properly included in a formal proceeding commenced under sections 524.3-401 to 524.3-505 and maintained under full supervision of the court, the property may not be sold until the probate proceedings are completed or until the court so orders.

Subd. 6. [BOND OR SECURITY TO RELEASE A SEIZURE.] The property seized must be returned to the owner if the owner gives a surety bond equal to the appraised value of the owner's interest in the property, or deposits with the county treasurer security in a form and amount that is necessary to ensure payment of the liability, but not more than twice the liability.

Subd. 7. [INJUNCTION.] Notwithstanding any other provision to the contrary, if a levy or sale under this section would irreparably injure rights in property that the court determines to be superior to rights of the taxing districts in the property, the district court may grant an injunction to prohibit the enforcement of the levy or to prohibit a sale.

Subd. 8. [PERSONAL LIABILITY.] A person who fails or refuses to surrender without reasonable cause any property or rights to property subject to levy, upon demand by the county treasurer, is personally liable to the treasurer in an amount equal to the value of the property or rights not so surrendered, but not exceeding the amount of taxes for the collection of which the levy has been made. Any amount recovered under this subdivision must be credited against the tax liability for the collection of which the levy was made.

Subd. 9. [PENALTY.] In addition to the personal liability imposed by subdivision 8, if a person required to surrender property or rights to property fails or refuses to surrender the property or rights to property without reasonable cause, the person is liable for a penalty equal to 25 percent of the amount recoverable under subdivision 8. No part of the penalty may be credited against the tax liability for the collection of which the levy was made.

Subd. 10. [PERSON DEFINED.] The term "person" as used in subdivision 8 includes an officer or employee of a corporation or a member or employee of a partnership who, as an officer, employee, or member is under a duty to surrender the property or rights to property or to discharge the obligation. The county attorney shall take appropriate action against any person who has failed to comply with subdivision 8 or 9.

Subd. 11. [OPTIONAL REMEDY.] An action taken by the county treasurer under this section does not constitute an election to pursue a remedy to the exclusion of any other remedy.

Subd. 12. [EQUITABLE RELIEF.] Upon the seizure of property of a person, that person may, upon giving 48-hours notice to the county treasurer and to the court, bring a claim for equitable relief before the district court for the release of the property to the taxpayer upon terms and conditions the court considers equitable.

Subd. 13. [LEVY AND SALE BY SHERIFF.] If a tax collectible under this chapter is not paid as provided in subdivision 1 or 2, the county treasurer may, within the time prescribed for collection in subdivision 1, delegate authority by issuing a warrant to the sheriff of a county in the state of Minnesota directing the sheriff as the county treasurer's agent to levy on and sell the real and personal property of the person liable for the payment of the tax and to return the warrant and pay to the county treasurer the money collected within 120 days from the date of the warrant.

The sheriff shall proceed under authority of the warrant to levy on and seize any property and rights to property in the county belonging to the person liable for the payment of the tax, except that the right to levy and seizure does not extend to property that is exempt from execution under sections 550.37, 550.38, and 550.39, but

manufactured homes otherwise exempt under section 550.37, subdivision 12, are subject to levy under this section. The sheriff shall sell so much of the property levied on as is necessary to satisfy the amount of the warrant and the sheriff's costs.

Sales procedures, and the time and manner of redemption from them, must be consistent with the procedures in sections 270.701 to 270.709 for warrants issued by the commissioner of revenue. The sale proceeds, less the sheriff's costs, must be turned over to the county treasurer who issued the warrant. The proceeds must be applied as provided in section 270.708.

Subd. 14. [PRIORITY OF LEVY.] Notwithstanding section 52.12, a levy by the county treasurer made under this section on a taxpayer's funds on deposit in a financial institution located in this state, has priority over an unexercised right of setoff of the financial institution to apply the levied funds toward the balance of an outstanding loan or loans owed by the taxpayer to the financial institution. A claim by the financial institution that it exercised its right to setoff before the levy must be substantiated by evidence of the date of the setoff, and must be verified by the sworn statement of a responsible corporate officer of the financial institution. Furthermore, for purposes of determining the priority of a levy made under this section, the levy must be treated as if it were an execution made under chapter 550.

Subd. 15. [EFFECT OF HONORING LEVY.] A person in possession of, or obligated with respect to, property or rights to property subject to levy on which a levy has been made who, upon demand by the county treasurer or agent, surrenders the property or rights to property, or pays a liability under subdivision 8, must be discharged from any obligation or liability to the person liable for the payment or collection of the delinquent tax with respect to the property or rights to property so surrendered or paid.

Subd. 16. [NOTICE OF LEVY.] Notwithstanding any other law to the contrary, the notice of a levy authorized by this section may be served by mail or by delivery by an employee or agent of the county treasurer.

Sec. 6. [277.22] [ADJUSTMENT OF TAX LIABILITY.]

If the amount of tax determined under section 277.21, subdivision 2, is greater than the corrected tax computed by applying the proper value and levy rate, the excess must be refunded to the person paying the tax. If the amount paid is less, the deficiency must be collected in the same manner as other personal property taxes not collected.

Sec. 7. [277.23] [CONFESSION OF JUDGMENT FOR HOME-STEAD.]

Subdivision 1. [PROCEDURE.] The owner or another person having an interest in a manufactured home classified and taxed as a homestead may confess judgment and pay the delinquent personal property tax on the manufactured home in installments in the general manner provided in section 279.37 for real property tax. The provisions of section 279.37 apply to these confessions of judgment and installment payments, except as otherwise provided in this section. A down payment must be tendered of 20 percent of the amount of taxes, costs, penalty, and interest accrued to the date of tender. The balance of the judgment must be paid in four equal annual installments, plus interest on the unpaid balance as provided in this chapter.

The confession of judgment must be substantially in the following form:

"To the court administrator of the district court of county:

Name of taxpayer:

Location of manufactured home (county):

Description of property:

Tax Year
(start with the most
recent tax year in
which you owe taxes)

Amount due
(total of delinquent
taxes, costs, interest,
and penalty)

.....
.....
.....
.....
.....
.....

.....
.....
.....
.....
.....
.....

I am the owner of the manufactured home described above.

I offer to confess judgment on the following amount of the delinquent taxes on the property named above:

Amount to be paid: \$.....

I direct the court to enter judgment for that amount.

I waive all irregularities in the tax proceedings affecting these taxes, and I waive any defense or objection I may have to them.

I agree to pay 20 percent of the total amount now.

Amount paid now: \$.....

I agree to pay the balance of the amount in four equal annual installments. I agree to pay each installment on or before December 31 of each year after the year in which I file this form.

I agree to pay interest as provided in Minnesota Statutes, chapter 277. I agree that the interest is payable annually on the installments remaining unpaid.

I agree to pay current taxes each year before they become delinquent, unless I contest the taxes under Minnesota Statutes, chapter 277. If I do contest them, I agree to pay the amount decided by the tax court within 30 days after the court enters its final judgment in the proceedings.

Date:

Signature of taxpayer:"

Upon receipt of the signed confession of judgment and the required payment, the county treasurer shall file the confession of judgment with the court administrator of the district court. When entered by the court administrator, the judgment has the same force and effect of other civil judgments in personam.

Subd. 2. [BILLING.] The county treasurer shall give notice by mail before December 1 of each year to the person making a confession of judgment at the address given in it of the payment due under the confession on the following December 31. If the county treasurer has not received the installment payment by December 31, the treasurer shall give notice by certified mail at the last known address of the person making the confession of judgment, without regard to the county or state of the person's residency. This notice must state that the property is subject to levy and sale if payment is not made for the preceding December 31 within 60 days. Failure to send or receive the notice does not postpone any payment or excuse any default under the confession of judgment. Proof of mailing must be made by the certificate of the county treasurer filed in the treasurer's office.

Subd. 3. [FEES.] The party making a confession of judgment shall pay the county treasurer a fee as set by the county board to defray the costs of processing the confession of judgment and making the annual billings required. Fees as set by the county board must be paid to the court administrator of the court for entry of judgment and for the entry of each full or partial release of the confession of judgment. Fees must be credited to the general revenue fund of the county.

Sec. 8. [277.24] [UNCOLLECTED TAXES.]

If at any time in the collection proceedings the county treasurer is satisfied that the tax cannot be collected for any reason or finds that the collection costs are excessive in comparison to the amount of tax involved, the treasurer may cancel the taxes due. A list of canceled taxes must be kept by the treasurer for a period of six years. The list must identify the taxpayer, the amount of uncollectible liability, and the reason for uncollectibility.

Sec. 9. [STUDY.]

The department of revenue shall study the issue of taxation of manufactured homes and report its specific recommendations to the legislature by March 1, 1993. The study shall include a review of the tax escrow requirements in section 1, and recommendations on the creation and enforcement of tax liens on manufactured homes. The department shall consult with the appropriate committees of the legislature and the Minnesota state bar association in conducting this study.

Sec. 10. [REPEALER.]

Minnesota Statutes 1990, sections 272.50; 272.51; 272.52; 272.53; 277.02; 277.03; 277.05; 277.06; 277.07; 277.08; 277.09; 277.10; 277.11; 277.12; and 277.13, are repealed.

Sec. 11. [EFFECTIVE DATE.]

Section 2 is effective for taxes payable in 1992 and thereafter. Section 3 is effective for taxes becoming delinquent in 1992 and thereafter.

Sections 4 to 8 and 10 are effective January 1, 1992, but the liens shall be enforceable only for taxes payable after January 1, 1992. A levy authorized by this article may be made to collect any tax remaining unpaid on the effective date, whether or not the tax is included in a judgment. Liens arising under Minnesota Statutes, section 272.50, shall remain in force until taxes are paid, notwithstanding repeal of Minnesota Statutes, section 272.50.

ARTICLE 16
COLLECTIONS

Section 1. Minnesota Statutes 1990, section 270.274, subdivision 1, is amended to read:

Subdivision 1. [ADMINISTRATIVE REVIEW.] Within five days after a jeopardy assessment or jeopardy collection is made to assess or collect a tax administered by the commissioner of revenue, the commissioner shall provide the taxpayer with a written statement of

the information relied on in making the assessment or levy. Within 30 days after the written statement is provided or, if not provided, within 35 days after the assessment or levy, the taxpayer may request the commissioner to review the action taken. After a request for review, the commissioner shall determine whether the assessment or levy is reasonable and whether the amount assessed or demanded as a result of the action is appropriate under the circumstances.

Sec. 2. Minnesota Statutes 1990, section 270.66, subdivision 3, is amended to read:

Subd. 3. [AGENCIES SHALL MAINTAIN RECORDS.] Notwithstanding any provision to the contrary, every person, organization, or corporation doing business (hereafter called vendor) with the state of Minnesota or any of its departments, agencies, or educational institutions including the University of Minnesota (all hereafter called agency) shall provide that agency with either their social security number, federal taxpayer identification number, or Minnesota tax identification number. The agency shall maintain records of this information, and shall make these records available, on request, to the commissioner for the sole purpose of identifying people who have not filed state tax returns or who have not paid uncontested state tax liabilities (hereafter called delinquent taxpayer). When an agency is notified by the commissioner that a vendor is a delinquent taxpayer, payments shall not be made by the agency to the vendor until the commissioner notifies the agency that the vendor no longer is a delinquent taxpayer. Furthermore, if the vendor has an uncontested delinquent tax liability, the setoff provided in subdivision 1 may be implemented. The commissioner shall determine that a vendor no longer is a delinquent taxpayer when the vendor has filed all delinquent state tax returns, paid all uncontested state tax liabilities or entered into an agreement with the commissioner which provides for the payment of these liabilities.

Sec. 3. Minnesota Statutes 1990, section 270.68, subdivision 1, is amended to read:

Subdivision 1. [LEGAL ACTION.] In addition to all other methods authorized by law for the collection of tax, if any tax payable to the commissioner of revenue or to the department of revenue, including penalties and interest thereon, is not paid within 60 days after it is required by law to be paid, the commissioner of revenue may proceed under this subdivision. Within five years after the date of assessment of the tax, or, if the action is to renew or enforce a judgment, at any time before the judgment's expiration, the commissioner may bring an action at law against the person liable for the payment or collection of the tax, in the name of the state, for the recovery of the tax and interest and penalties due in respect thereof. The action shall be brought in the district court of the judicial district in which lies the county of the residence or principal place of business within

this state of the taxpayer, or, in the case of an estate or trust, of the place of its principal administration, and for this purpose the place named as such in the return, if any, made by the taxpayer shall be conclusive against the taxpayer in this matter. If no place is named in the return, the action may be commenced in Ramsey county. The action shall be commenced by filing with the court administrator a statement showing the name and address of the taxpayer, if known, an itemized summary of the taxable periods and the type of tax, the tax due and unpaid and the interest and penalties due with respect thereto under the provisions of law applicable to the tax, and shall contain a prayer that the court adjudge the taxpayer to be indebted on account of the taxes, interest, and penalties in the amount specified in the statement; a copy of the statement shall be furnished to the court administrator therewith. The court administrator shall mail a copy of the statement by certified mail to the taxpayer at the address given in the return, if any; and to the taxpayer's last known address, within five days after the same is filed, except that, if the taxpayer's address is not known, notice shall be made by posting a copy of the statement for ten days in the place in the courthouse where public notices are regularly posted. To litigate the claim, or any part of it, the taxpayer shall serve an answer upon the commissioner on or before the 20th day after the date of mailing the statement; or, if notice has been given by posting, on or before the 20th day after the expiration of the period during which the notice was required to be posted. If no answer is served within the specified time, the court administrator, upon the filing of an affidavit of default, shall enter judgment for the state in the amount prayed for, plus costs of \$10. If an answer is filed, the issues raised shall stand for trial as soon as possible after the filing of the answer, and the court shall determine the issues and direct judgment accordingly; and, if the taxes, interest, or penalties are sustained to any extent over the amount rendered by the taxpayer, shall assess \$10 costs against the taxpayer. The court shall disregard all technicalities and matters of form not affecting the substantial merits. The commissioner may call upon the county attorney or the attorney general to conduct the proceedings on behalf of the state. If a proceeding is referred to a county attorney, and the county attorney fails to issue or cause to be issued an indictment or criminal complaint within 30 days after the referral by the commissioner, the attorney general may conduct the proceeding. Execution shall be issued upon the judgment at the request of the commissioner, and the execution shall, in all other respects, be governed by the laws applicable to executions issued on judgments. Only the homestead and household goods of the judgment debtor shall be exempt from seizure and sale upon the execution.

In addition to the procedure in this subdivision, legal action may be commenced by the commissioner in district court in the same manner or venue as any other civil action.

Sec. 4. Minnesota Statutes 1990, section 270.69, is amended by adding a subdivision to read:

Subd. 13. [FORTY-FIVE DAY RULE.] A notice of tax lien filed under this section has priority over a security interest arising under article 9 of the Uniform Commercial Code, codified as sections 336.9-101 to 336.9-508, that is perfected before the date of filing of the lien imposed by this section, but only if:

(1) the perfected security interest secures property acquired by the taxpayer or advances made by the secured party after the notice of tax lien is filed; and

(2) the property is acquired or the advance is made after the 45th day following the day on which the notice of tax lien is filed, or after the secured party has actual notice or knowledge of the tax lien filing, whichever is earlier.

Sec. 5. Minnesota Statutes 1990, section 270.70, subdivision 10, is amended to read:

Subd. 10. [PERSON DEFINED.] The term "person" as used in subdivision 8 includes an officer or employee of a corporation or a member or employee of a partnership who, as such officer, employee or member is under a duty to surrender the property or rights to property or to discharge the obligation. The personal liability imposed by subdivision 8 and the penalty imposed by subdivision 9 may, after demand to honor a levy has been made, be assessed by the commissioner within 60 days after service of the levy demand. An assessing tax order under this subdivision shall be appealable to the tax court without payment of the tax, penalty, or interest in the manner provided by law, but an appeal shall not preclude the commissioner from exercising any collection action the commissioner deems necessary to preserve the interests of the state while the matter is pending.

Sec. 6. Minnesota Statutes 1990, section 270.703, subdivision 2, is amended to read:

Subd. 2. [REDEMPTION OF REAL ESTATE AFTER SALE.] The owners of any real property sold as provided in this section, their heirs, executors, or administrators, or any person having any interest therein, or a lien thereon, or any person in their behalf, shall be permitted to redeem the property sold, or any particular tract of the property, at any time within 6 months, or in case the real property sold exceeds 10 acres in size, at any time within 12 months, after the sale thereof. The property or tract of property shall be permitted to be redeemed upon payment to the purchaser (or if not found in the county in which the property to be redeemed is situated, then to the commissioner, for the use of the purchaser, or the purchaser's heirs or assigns) of the amount paid by the purchaser together with interest at the rate ~~specified in section 549.09~~ from the date of the sale 20 percent per annum.

Sec. 7. Minnesota Statutes 1990, section 270.75, subdivision 4, is amended to read:

Subd. 4. There shall be added to the amount of any underpayment of estimated income tax, computed pursuant to chapter ~~290~~ 289A, an amount in lieu of interest. The amount in lieu of interest for that taxable year shall be the amount determined in subdivision 5 for January 1 on which begins the taxable year or precedes the beginning of the taxable year. The amount in lieu of interest does not bear interest after the due date of the return for that taxable year.

Sec. 8. Minnesota Statutes 1990, section 289A.37, subdivision 1, is amended to read:

Subdivision 1. [ORDER OF ASSESSMENT; NOTICE AND DEMAND TO TAXPAYER.] (a) When a return has been filed and the commissioner determines that the tax disclosed by the return is different than the tax determined by the examination, the commissioner shall send an order of assessment to the taxpayer. When no return has been filed, the commissioner may make a return for the taxpayer under section 289A.35 or may send an order of assessment under this subdivision. The order must explain the basis for the assessment and must explain the taxpayer's appeal rights. An order of assessment is final when made but may be reconsidered by the commissioner under section 289A.65.

(b) An amount of unpaid tax shown on the order must be paid to the commissioner: (1) within 60 days after notice of the amount and demand for its payment have been mailed to the taxpayer by the commissioner; or (2) if an administrative appeal is filed under section 289A.65, within 60 days following the determination of the appeal.

Sec. 9. Minnesota Statutes 1990, section 289A.42, subdivision 1, is amended to read:

Subdivision 1. [EXTENSION AGREEMENT.] If before the expiration of time prescribed in sections 289A.38 and 289A.40 for the assessment of tax or the filing of a claim for refund, both the commissioner and the taxpayer have consented in writing to the assessment or filing of a claim for refund after that time, the tax may be assessed or the claim for refund filed at any time before the expiration of the agreed upon period. The period may be extended by later agreements in writing before the expiration of the period previously agreed upon. The taxpayer and the commissioner may also agree to extend the period for collection of the tax.

Sec. 10. Minnesota Statutes 1990, section 289A.60, is amended by adding a subdivision to read:

Subd. 20. [PENALTY FOR PROMOTING ABUSIVE TAX SHELTERS.] Any person who:

(1)(i) organizes or assists in the organization of a partnership or other entity, an investment plan or arrangement, or any other plan or arrangement, or (ii) participates in the sale of any interest in an entity or plan or arrangement referred to in clause (i); and

(2) makes or furnishes in connection with the organization or sale a statement with respect to the allowability of a deduction or credit, the excludability of income, or the securing of any other tax benefit by reason of holding an interest in the entity or participating in the plan or arrangement that the person knows or has reason to know is false or fraudulent concerning any material matter, shall pay a penalty equal to the greater of \$1,000 or 20 percent of the gross income derived or to be derived by the person from the activity.

The penalty imposed by this subdivision is in addition to any other penalty provided by this section. The penalty must be collected in the same manner as any delinquent income tax. In a proceeding involving the issue of whether or not any person is liable for this penalty, the burden of proof is upon the commissioner.

Sec. 11. Minnesota Statutes 1990, section 290.92, is amended by adding a subdivision to read:

Subd. 6b. [JEOPARDY ASSESSMENTS.] The commissioner, on having reason to believe that the collection of the tax under this section, section 290.923, or chapter 289A will be jeopardized by delay, may immediately assess the tax, whether or not the time prescribed by law for making and filing the return and paying the tax has expired.

Sec. 12. [REPEALER.]

Minnesota Statutes 1990, sections 290.48, subdivisions 5 and 8; and 297A.39, subdivision 9, are repealed.

Sec. 13. [EFFECTIVE DATES.]

Sections 1, 2, 5, 7 to 10, and 12 are effective the day following final enactment.

Sections 3 and 11 are effective on the effective date of Laws 1990, chapter 480, article 1, section 45, in order that repealed provisions authorizing ordinary civil actions for the collection of taxes and jeopardy withholding tax assessments are replaced, with no lapse in time during which the repealed provisions and these sections are enforceable.

Section 4 is effective for liens filed on or after July 1, 1991.

Section 6 is effective for sales of seized property on or after August 1, 1991.

Section 1. Minnesota Statutes 1990, section 115B.24, subdivision 2, is amended to read:

Subd. 2. [DECLARATIONS OF ESTIMATED TAX.] For 1983, every generator of hazardous waste required to pay a tax pursuant to section 115B.22 shall make a declaration of estimated hazardous waste generated for the last six months of calendar year 1983 if the tax can reasonably be estimated to exceed \$500. The declaration of the estimated tax shall be filed by October 15, 1983. The amount of estimated tax with respect to which a declaration is required shall be paid in two equal installments by October 15, 1983 and January 15, 1984. For 1984 and subsequent years, every generator of hazardous waste required to pay a tax pursuant to section 115B.22 shall make a declaration of estimated hazardous waste generated for the calendar year if the tax can reasonably be expected to be in excess of \$1,000. The declaration of estimated tax shall be filed by March 15. The amount of estimated tax with respect to which a declaration is required shall be paid in four equal installments on or before the 15th day of March, June, September, and December.

An amendment of a declaration may be filed in any interval between installment dates prescribed above but only one amendment may be filed in each interval. If an amendment of a declaration is filed, the amount of each remaining installment shall be the amount which would have been payable if the new estimate had been made when the first estimate for the calendar year was made, increased or decreased, as the case may be, by the amount computed by dividing

(1) the difference between (A) the amount of estimated tax required to be paid before the date on which the amendment was made, and (B) the amount of estimated tax which would have been required to be paid before that date if the new estimate had been made when the first estimate was made, by

(2) the number of installments remaining to be paid on or after the date on which the amendment is made.

The commissioner of revenue may grant a reasonable extension of time for filing any declaration but the extension shall not be for more than six months.

If the aggregate amount of estimated tax payments made during a fiscal year ending June 30 is equal to or exceeds \$80,000, all estimated tax payments in the subsequent calendar year must be paid by means of a funds transfer as defined in section 336.4A-104, paragraph (a). The funds transfer payment date, as defined in section 336.4A-401, must be on or before the date the estimated tax payment is due. If the date the estimated tax payment is due is not a funds transfer business day, as defined in section 336.4A-105, paragraph (a), clause (4), the payment date must be on or before the funds transfer business day next following the date the estimated tax payment is due.

Sec. 2. Minnesota Statutes 1990, section 289A.20, subdivision 1, is amended to read:

Subdivision 1. [INDIVIDUAL INCOME, FIDUCIARY INCOME, CORPORATE FRANCHISE, AND ENTERTAINMENT TAXES.] (a) Individual income, fiduciary, and corporate franchise taxes must be paid to the commissioner on or before the date the return must be filed under section 289A.18, subdivision 1, or the extended due date as provided in section 289A.19, unless an earlier date for payment is provided.

Notwithstanding any other law, a taxpayer whose unpaid liability for income or corporate franchise taxes, as reflected upon the return, is \$1 or less need not pay the tax.

A corporation required to make estimated tax payments by means of an electronic funds transfer must also make the payment with the return in accordance with section 289A.26, subdivision 2a.

(b) Entertainment taxes must be paid on or before the date the return must be filed under section 289A.18, subdivision 1.

Sec. 3. Minnesota Statutes 1990, section 289A.20, subdivision 2, is amended to read:

Subd. 2. [WITHHOLDING FROM WAGES, ENTERTAINER WITHHOLDING, WITHHOLDING FROM PAYMENTS TO OUT-OF-STATE CONTRACTORS, AND WITHHOLDING BY PARTNERSHIPS AND SMALL BUSINESS CORPORATIONS.] (a) A tax required to be deducted and withheld during the quarterly period must be paid on or before the last day of the month following the close of the quarterly period, unless an earlier time for payment is provided. A tax required to be deducted and withheld from compensation of an entertainer and from a payment to an out-of-state contractor must be paid on or before the date the return for such tax must be filed under section 289A.18, subdivision 2. Taxes required to be deducted and withheld by partnerships and S corporations must be paid on or before the date the return must be filed under section 289A.18, subdivision 2.

(b)(1) Unless clause (2) applies, if during any calendar month, other than the last month of the calendar quarter, the aggregate amount of the tax withheld during that quarter under section 290.92, subdivision 2a or 3, or 290.923, subdivision 2, exceeds \$500, the employer shall deposit the aggregate amount with the commissioner within 15 days after the close of the calendar month. (2) If at the close of any eighth-monthly period the aggregate amount of undeposited taxes is \$3,000 or more, the employer, or person withholding tax under section 290.92, subdivision 2a or 3, or 290.923, subdivision 2, shall deposit the undeposited taxes with the commissioner within three banking days after the close of the eighth-monthly period. For purposes of this clause, the term "eighth-monthly period" means the first three days of a calendar month, the fourth day through the seventh day of a calendar month, the eighth day through the 11th day of a calendar month, the 12th day through the 15th day of a calendar month, the 16th day through the 19th day of a calendar month, the 20th day through the 22nd day of a calendar month, the 23rd day through the 25th day of a calendar month, or the part of a calendar month following the 25th day of the month.

(c) The commissioner may prescribe by rule other return periods or deposit requirements. In prescribing the reporting period, the commissioner may classify payors according to the amount of their tax liability and may adopt an appropriate reporting period for the class that the commissioner judges to be consistent with efficient tax collection. In no event will the duration of the reporting period be more than one year.

(d) If less than the correct amount of tax is paid to the commissioner, proper adjustments with respect to both the tax and the amount to be deducted must be made, without interest, in the manner and at the times the commissioner prescribes. If the underpayment cannot be adjusted, the amount of the underpayment will be assessed and collected in the manner and at the times the commissioner prescribes.

(e) If the aggregate amount of the tax withheld during a fiscal year ending June 30 under section 290.92, subdivision 2a or 3, is equal to or exceeds \$240,000, the employer must remit each required deposit in the subsequent calendar year by means of a funds transfer as defined in section 336.4A-104, paragraph (a). The funds transfer payment date, as defined in section 336.4A-401, must be on or before the date the deposit is due. If the date the deposit is due is not a funds transfer business day, as defined in section 336.4A-105, paragraph (a), clause (4), the payment date must be on or before the funds transfer business day next following the date the deposit is due.

(b) A vendor having a liability of \$1,500 or more in May of a year must remit the June liability in the following manner:

(1) On or before June 20 of the year, the vendor must remit the actual May liability and one-half of the estimated June liability to the commissioner.

(2) On or before August 20 of the year, the vendor must pay any additional amount of tax not remitted in June.

(c) When a retailer located outside of a city that imposes a local sales and use tax collects use tax to be remitted to that city, the retailer is not required to remit the tax until the amount collected reaches \$10.

(d) A vendor having a liability of \$240,000 or more during a fiscal year ending June 30 must remit all liabilities in the subsequent calendar year by means of a funds transfer as defined in section 336.4A-104, paragraph (a). The funds transfer payment date, as defined in section 336.4A-401, must be on or before the date the tax is due. The number of gallons of gasoline shall be reported in United States standard liquid gallons (231 cubic inches), except that the commissioner may upon written application therefor and for cause shown permit the distributor to report the number of gallons of such gasoline as corrected to a 60 degree Fahrenheit temperature. If such application is granted, all gasoline covered in such application and as allowed by the commissioner must continue to be reported by the distributor on the adjusted basis for a period of one year from the date of the granting of the application. The number of gallons of petroleum products other than gasoline shall be reported as originally invoiced.

Each report shall show separately the number of gallons of aviation gasoline received by the reporter during such calendar month.

Each report shall be accompanied by remittance covering inspection fees on petroleum products and gasoline tax on gasoline received by the reporter during the preceding month; provided that in computing such tax a deduction of three percent of the quantity of gasoline received by a distributor shall be made for evaporation and loss; provided further that at the time of remittance the distributor shall submit satisfactory evidence that one-third of such three percent deduction shall have been credited or paid to dealers on quantities sold to them. UNIFORM RECORDING OF STATE AND FEDERAL
TAX LIENS

Section 1. Minnesota Statutes 1990, section 268.161, subdivision 1, is amended to read:

Subdivision 1. [LIEN.] (a) Any contributions, benefit overpayments, or reimbursements due under this chapter and interest and penalties imposed with respect thereto, shall become a lien upon all the property, within this state, both real and personal, of the person liable therefor, from the date of assessment of the contribution, benefit overpayment, or reimbursement. The term "date of assessment" means the date a report was due or the payment due date of the notice of benefits charged to a reimbursable account.

(b)(1) The lien imposed by this section is not enforceable against any purchaser, mortgagee, pledgee, holder of a uniform commercial code security interest, mechanic's lien, or judgment lien creditor, until a notice of lien has been filed by the commissioner in the office of the county recorder of the county in which the property is situated, or in the case of personal property belonging to an individual who is not a resident of the state, or which is a corporation, partnership, or other organization, in the office of the secretary of state. When the filing of the notice of lien is made in the office of the county recorder, the fee for filing and indexing shall be as prescribed in sections 272.483 and 272.484.

(2) Notices of liens, lien renewals, and lien releases, in a form prescribed by the commissioner of jobs and training, may be filed with the county recorder or the secretary of state by mail, personal delivery, or by electronic transmission by the commissioner or a delegate into the computerized filing system of the secretary of state authorized under section 336.9-411. The secretary of state shall

transmit the notice electronically to the office of the county recorder, if that is the place of filing, in the county or counties shown on the computer entry. The filing officer, whether the county recorder or the secretary of state, shall endorse and index a printout of the notice in the same manner as if the notice had been mailed or delivered.

(3) County recorders and the secretary of state shall enter information relative to lien notices, renewals, and releases filed in their offices into the central data base of the secretary of state. If a partial transfer is made, a minimum of \$200 must be transferred and a minimum balance of \$200 must remain in the previously selected investment options. Upon expiration of a guaranteed investment contract, the participant's shares attributable to that contract must be transferred to a new guaranteed investment contract unless the executive director is otherwise directed by the participant. Shares in the guaranteed return account may not be withdrawn from the fund or transferred to another account until the guaranteed investment contract has expired, unless the participant qualifies for a benefit payment under section 353D.07.

(d) Twice in a calendar year, a participant or former participant may also change the investment options selected for all or a portion of the individual's previously purchased shares in accounts other than the guaranteed return account. If a partial transfer of previously purchased shares is selected, a minimum of \$200 must be transferred and a minimum balance of \$200 must remain in the previously selected investment option. A change under this para-

graph is effective as soon as cash flow to an account permits, but not later than six months from the requested change.

Subd. 3. [ADMINISTRATIVE EXPENSES.] The public employees retirement association may deduct an amount, set annually by the executive director of the association, but not to exceed two percent of the employing unit contributions to the plan, to defray the expenses of the association in administering the plan. The amount must be set annually by the executive director of the association, but not to exceed two percent of the total amount of the employing unit contributions to the plan and the ambulance service personnel incentive allocation received by the plan.

Sec. 8. [353D.051] [VESTING FOR INCENTIVE ALLOCATION.]

(a) Sixty months of service credit, accumulated after the date on which the person elects to participate in the plan, are required for vesting of retirement benefits under section 353D.07, other than on account of death, that are derived from ambulance service personnel incentive allocations under section 353D.031. These 60 months must be accumulated within 120 months of the first month of service credit earned after the date on which the person elects to participate in the plan. No minimum period of service is required for vesting of benefits under section 353D.07, on account of death, that are derived from ambulance service personnel incentive allocations under section 353D.031, once the person has elected to participate in the plan. Upon completion of 60 months of service under the plan with one or more participating ambulance services, a participant terminating active service is entitled to receive the value of the participant's individual account as provided in section 353D.07.

(b) Amounts derived from ambulance service personnel incentive allocations under section 353D.031 that are credited to a person's account are forfeited at the end of the 120th month after the first month of service credit earned after the date on which the person elects to participate in the plan, if the person does not have 60 months of service credit at that time. Funds forfeited must be added to the emergency medical services personnel account for the subsequent January 1 allocation under section 353D.031.

Sec. 9. Minnesota Statutes 1990, section 353D.06, is amended to read:

353D.06 [REPORTING.]

The executive director of the public employees retirement association shall prescribe the reporting forms required from employing units and the election forms required from participants. Reporting forms must contain names, identification numbers, amount of contribution by and on behalf of each participant, and such other data as is required to keep an accurate record of the account value of

each participant and to determine eligibility for aid allocations of ambulance service personnel incentive amounts under section 353D.031.

In the event an ambulance service fails to provide required information within 60 days after the public employees retirement association sends the service a notice that the information is overdue, its members forfeit the service units credited and its members are not entitled to the ambulance service personnel incentive amount allocated for that year. Ambulance services that provide fraudulent information are subject to criminal prosecution.

Sec. 10. [353D.091] [FEDERAL REQUIREMENTS.]

Subdivision 1. [PLAN TAX QUALIFICATION AND STATUS.] The public employees retirement association shall seek a determination from the Internal Revenue Service regarding the tax qualification status of the incentive program and from the United States Department of Labor regarding whether the incentive program must comply with federal Employee Retirement Income Security Act (ERISA) requirements.

Subd. 2. [REPORT TO LEGISLATURE.] The executive director shall immediately report the results of each determination to the chairs of the senate governmental operations committee, house governmental operations committee, and legislative commission on pensions and retirement.

Subd. 3. [IMPLEMENTATION DELAY.] The association shall not credit participants with service units nor transfer money from the emergency medical services personnel account under section 353D.031, subdivision 1, into individual accounts unless written notification is received from (1) the Internal Revenue Service that implementation of the incentive program does not jeopardize the tax-exempt status of the defined contribution plan or a public pension plan under section 356.30, subdivision 3, and (2) the United States Department of Labor that the incentive program need not comply with federal ERISA requirements, including any requirements for tax-deferred treatment of contributions and interest earned on contributions.

Subd. 4. [RULES AND POLICIES.] If the incentive program receives favorable determinations from both the Internal Revenue Service and the United States Department of Labor, the association shall formulate and adopt rules or policies in accordance with the restrictions and standards of the Internal Revenue Code and rules and regulations of the Internal Revenue Service.

Sec. 11. [EFFECTIVE DATE.]

If the requirements under section 10 are met by June, 1992, sections 1 to 5 and 9 are effective July 1, 1992, and section 6 is effective January 1, 1993. If not, sections 1 to 10 are inoperative.

ARTICLE 20 REVERSE MORTGAGES

Section 1. Minnesota Statutes 1990, section 47.58, subdivision 6, is amended to read:

Subd. 6. [TAXES; INSURANCE.] The borrower shall pay real estate taxes, assessments and insurance premiums on the property securing the loan, and the lender may require the borrower to provide evidence of payment. Mortgage registry tax required under sections 287.01 to 287.12 must be paid at the time of the recording or registering of the original reverse mortgage. If the borrower does not make timely payment the lender may pay taxes, assessments, insurance premiums and other similar charges for the protection of the property securing its loan and may add these payments to the outstanding loan balance if not repaid by the borrower within 60 days after the borrower receives notice that the lender has made the payment.

Sec. 2. Minnesota Statutes 1990, section 287.05, is amended to read:

287.05 [TAX ON RECORDATION OR REGISTRATION; SUPPLEMENTAL MORTGAGES.]

Subdivision 1. [TAX IMPOSED.] A tax of 23 cents is imposed upon each \$100, or fraction thereof, of the principal debt or obligation which is or may be secured by any mortgage of real property situated within the state executed, delivered, and recorded or registered; provided, however, that the tax shall be imposed but once upon any mortgage and extension thereof. If the mortgage describes real estate situated outside of this state, the tax shall be imposed upon that proportion of the whole debt secured thereby as the value of the real estate therein described situated in this state bears to the value of the whole of the real estate described therein. The tax imposed by this section shall not apply to a contract for the conveyance of any interest in real estate.

Subd. 2. [SUPPLEMENTAL MORTGAGES.] Any supplemental mortgage, not including revisions to a reverse mortgage as described under subdivision 6, securing a portion or all of the same indebtedness, whether or not additional security is included, shall be taxed in the following manner:

- (a) Any additional indebtedness shall be taxed on the ratio that

the value of the real estate therein described in this state bears to the value of the whole of the real estate described therein.

(b) If there is no additional indebtedness but the percentage of the Minnesota real estate as compared to the total real estate secured by the previous mortgage is increased, the tax shall be recomputed and paid on the remaining indebtedness multiplied by the difference between that percentage of Minnesota real estate included in the supplemental mortgage and that percentage included in any previous mortgage.

(c) In the event of both an increase in the indebtedness and a change in the Minnesota percentage of real estate given as security, the tax shall be recomputed on the portion representing new indebtedness in the manner provided in (a) and in the event of an increase in the percentage of Minnesota property included as security, the tax shall be computed on the remaining portion of the indebtedness as provided in (b).

Subd. 3. [REVOLVING LINES OF CREDIT.] When a mortgage, including a reverse mortgage, secures a revolving line of credit under which advances, payments, and readvances may be made from time to time, the tax imposed under subdivision 1 shall be paid on the maximum amount of the line of credit which may be secured at any one time, as expressed in the mortgage, regardless of the time or amount of advances, payments, or readvances.

Subd. 4. [ADVANCES BY MORTGAGEE.] No tax under subdivision 1 shall be paid on the indeterminate amount which may be advanced by the mortgagee in protection of the mortgaged premises or the mortgage, including taxes, assessments, charges, claims, fines, impositions, insurance premiums, amounts due upon prior or superior mortgages and other prior or superior liens, encumbrances and interests, and legal expenses and attorneys' fees.

Subd. 5. [INDETERMINATE AMOUNTS.] When a mortgage secures an indeterminate amount other than those described in subdivision 3 or 4, or 6, no tax shall be paid at the time the mortgage is recorded or registered, but the tax must be paid at the time of recording or filing an affidavit stating the amount and time of the actual advance.

Subd. 6. [REVERSE MORTGAGES.] If real property secures a reverse mortgage, the principal debt or obligation to which mortgage registry tax applies is the expected total disbursements or cash equivalent to be made under the terms of the loan. Interest accruing on the disbursements made is not subject to mortgage registry tax. In the case of periodic payments made for an indefinite length of time, the expected total disbursements must equal the product of the periodic payment amounts and the number of payments and, if applicable, the amount of cash distribution or its equivalent. The

number of payments must be based upon the life expectancy assumption used in determining the payment amount. In the case of reverse mortgages made as part of the Housing and Community Development Act of 1987, section 255 of the National Housing Act, and administered by the Department of Housing and Urban Development (HUD), mortgage registry tax must not be assessed on Federal Housing Administration mortgage insurance premiums, monthly lender service fees, or payments to be distributed to the borrower by HUD.

Sec. 3. [EFFECTIVE DATE.]

Sections 1 and 2 are effective the day following final enactment.

Sec. 3. Minnesota Statutes 1990, section 116.07, subdivision 4h, is amended to read:

Subd. 4h. [FINANCIAL RESPONSIBILITY RULES.] (a) The agency shall adopt rules requiring the operator or owner of a solid waste disposal facility to submit to the agency proof of the operator's or owner's financial capability to provide reasonable and necessary response during the operating life of the facility and for 20 years after closure, and to provide for the closure of the facility and postclosure care required under agency rules. Proof of financial responsibility is required of the operator or owner of a facility receiving an original permit or a permit for expansion after adoption of the rules. Within 180 days of the effective date of the rules or by July 1, 1987, whichever is later, proof of financial responsibility is required of an operator or owner of a facility with a remaining capacity of more than five years or 500,000 cubic yards that is in operation at the time the rules are adopted. Compliance with the rules is a condition of obtaining or retaining a permit to operate the facility.

(b) The agency shall amend the rules adopted under paragraph (a) to allow a municipality, as defined in section 475.51, subdivision 2, including a sanitary district, that owns or operates a solid waste disposal facility that was in operation on May 15, 1989, to meet its financial responsibility for all or a portion of the contingency action portion of the reasonable and necessary response costs at the facility

through its authority to issue bonds, provided that the method developed in the rules will ensure that when funds are needed for a contingency action, sufficient bonds can and will be issued by the municipality to meet its responsibility. The rules must include at least:

(1) a requirement that the governing body of the municipality enact an ordinance that clearly accepts responsibility for the costs of contingency action at the facility and that reserves, during the operating life of the facility and for 20 years after closure, a portion of the debt limit of the municipality, as established under section 475.53 or other law, that is equal to the total contingency action costs calculated under the rules;

(2) a requirement that the municipality assure that all collectors that haul to the facility implement a plan for reducing solid waste by using volume-based pricing, recycling incentives, or other means;

(3) a requirement that when a municipality opts under the rules to meet a portion of its financial responsibility by relying on its authority to issue bonds, it shall also begin setting aside funds that will cover a portion of the potential contingency action costs at the facility, the amount to be determined by the agency for each facility based on at least the amount of waste deposited in the disposal facility each year, and the likelihood and potential timing of conditions arising at the facility that will necessitate response action; and

(4) a requirement that a municipality have and consistently maintain an investment grade bond rating as a condition of using bonding authority to meet financial responsibility under this section.

(c) Counties shall comply with existing financial responsibility rules until those rules are amended under paragraph (b), and, after that time, counties shall comply with the amended rules. The method for proving financial responsibility developed under paragraph (b) may not be applied to a new solid waste disposal facility or to expansion of an existing facility, unless the expansion is a vertical expansion. Vertical expansions of qualifying existing facilities cannot be permitted for a duration of longer than three years.

regardless of the records' classification pursuant to chapter 13 or 270B. Employees of the archives shall be liable to the penalties set forth for improper disclosure by them of private, confidential, nonpublic, or protected nonpublic data inspected for this purpose.

Sec. 5. [268.55] [FOOD BANK PROGRAM.]

Subdivision 1. [DISTRIBUTION OF APPROPRIATION.] The economic opportunity office of the department of jobs and training shall distribute funds appropriated to it by law for that purpose to food banks, as defined in section 31.50, subdivision 1, paragraph (b). A food bank qualifies under this section if it is a nonprofit corporation, or is affiliated with a nonprofit corporation, as defined under section 501(c)(3) of the Internal Revenue Code of 1986, and distributes food to qualifying foodshelves. A foodshelf qualifies under this section if:

(1) it is a nonprofit corporation, or is affiliated with a nonprofit corporation, as defined in section 501(c)(3) of the Internal Revenue Code of 1986;

(2) it distributes standard food orders without charge to needy individuals. The standard food order must consist of at least a two-day supply or six pounds per person of nutritionally balanced food items;

(3) it does not limit food distributions to individuals of a particular religious affiliation, race, or other criteria unrelated to need or to requirements necessary to administration of a fair and orderly distribution system;

(4) it does not use the money received or the food distribution program to foster or advance religious or political views; and

(5) it has a stable address and directly serves individuals.

Subd. 2. [APPLICATION.] In order to receive money appropriated for food banks under this section, a food bank must apply to the economic opportunity office. The application must be in a form prescribed by the economic opportunity office and must contain information required by the economic opportunity office to verify that the applicant is a qualifying food bank, and the amount the applicant is entitled to receive under subdivision 3. Applications must be filed at the times and for the periods determined by the economic opportunity office.

Subd. 3. [DISTRIBUTION FORMULA.] The economic opportunity office shall distribute money appropriated to it for foodshelf programs to qualifying food banks in proportion to the number of individuals served by the foodshelf programs supplied by the food

bank. The economic opportunity office shall gather data from applications or other appropriate sources to determine the proportionate amount each qualifying program is entitled to receive. The economic opportunity office may increase or decrease the qualifying food bank's proportionate amount if it determines the increase or decrease is necessary or appropriate to meet changing needs or demands.

Subd. 4. [USE OF MONEY.] At least 95 percent of the money distributed to food banks under this section must be used to purchase nutritious food for distribution without charge to qualifying foodshelves serving needy individuals and families. No more than five percent of the money may be expended for other expenses, such as rent, salaries, and other administrative expenses of the food banks.

Subd. 5. [ENFORCEMENT.] Recipient food banks must retain records documenting expenditure of the money and comply with any additional requirements imposed by the economic opportunity office. The economic opportunity office may require a food bank receiving funds under this section to report on its use of the funds. The economic opportunity office may require that the report contain an independent audit. If ineligible expenditures are made by a food bank, the ineligible amount must be repaid to the economic opportunity office and deposited in the general fund.

Sec. 6. [270.0604] [REVENUE NOTICES.]

Subdivision 1. [AUTHORITY.] The commissioner of revenue may make, adopt, and publish interpretive revenue notices. A "revenue notice" is a policy statement that has been published pursuant to subdivision 5 and that provides interpretation, details, or supplementary information concerning the application of law or rules. Revenue notices are published for the information and guidance of taxpayers, the department of revenue, and others concerned.

Subd. 2. [EFFECT.] Revenue notices do not have the force and effect of law and have no precedential effect, but may be relied on by taxpayers until revoked or modified. A notice may be expressly revoked or modified by the department, by the issuance of a revenue notice, but may not be revoked or modified retroactively to the detriment of the taxpayers. A change in the law or an interpretation of the law occurring after the revenue notice is issued, whether in the form of a statute, court decision, administrative rule, or revenue notice, results in revocation or modification of the notice to the extent that the change affects the notice.

Subd. 3. [RETROACTIVITY.] Revenue notices are generally interpretive of existing law and therefore are retroactive to the effective date of the applicable law provision unless otherwise stated in the notice.

Subd. 4. [ISSUANCE.] The issuance of revenue notices is at the discretion of the commissioner of revenue. The commissioner shall establish procedures governing the issuance of revenue notices and tax information bulletins.

Subd. 5. [PUBLICATION.] The commissioner shall publish the revenue notices in the State Register and in any other manner that makes them accessible to the general public. The commissioner may charge a reasonable fee for publications.

Subd. 6. [APPLICABILITY.] This section does not apply to property tax law.

Sec. 7. [270.0605] [TAX INFORMATION BULLETINS.]

The commissioner of revenue may issue tax information bulletins. "Tax information bulletins" are informational guides to enable taxpayers to become more familiar with Minnesota tax laws and their rights and responsibilities under the tax laws. Nothing contained in the tax information bulletins supersedes, alters, or otherwise changes any provisions of the Minnesota tax law, administrative rules, court decisions, or revenue notices.

Sec. 8. Minnesota Statutes 1990, section 270.067, subdivision 1, is amended to read:

Subdivision 1. [STATEMENT OF PURPOSE.] State governmental policy objectives are sought to be achieved both by direct expenditure of governmental funds and by the granting of special and selective tax relief or tax expenditures. Both direct expenditures of governmental funds and tax expenditures have an effect on the ability of the state and local governments to lower tax rates or to increase expenditures. As a result, tax expenditures should receive a regular and comprehensive review by the legislature as to (a) their total cost, (b) their effectiveness in achieving their objectives, (c) their effect on the fairness and equity of the distribution of the tax burden, and (d) the public and private cost of administering tax expenditure financed programs. This section is intended to facilitate a regular review of the state and local tax expenditure budget by the legislature by providing for the preparation of a regular biennial tax expenditure budget.

Sec. 9. Minnesota Statutes 1990, section 270.067, subdivision 2, is amended to read:

Subd. 2. [PREPARATION; SUBMISSION.] The commissioner of revenue shall prepare a tax expenditure budget for the state ~~every four years~~. The tax expenditure budget report shall be submitted to the legislature as a supplement to the governor's budget and at the same time as provided for submission of the budget pursuant to

section 16A.11, subdivision 1, ~~except that the next such report shall be submitted in 1993, and every four years thereafter.~~

287.22 [EXCEPTIONS.]

(1) in the case of an individual whose active service is in the United States, six months; or

(2) in the case of an individual whose active service includes service abroad, the period of initial service plus six months.

Nothing in this paragraph reduces the time within which an act is required or permitted under paragraph (a).

(c) If an individual entitled to the benefit of paragraph (a) files a return during the period disregarded under paragraph (a), interest must be paid on an overpayment or refundable credit from the due date of the return, notwithstanding section 289A.56, subdivision 2.

The provisions of this subdivision shall not apply to disclosure by an employee of the department of revenue or of the Internal Revenue Service to other employees of such department or service where such disclosure is necessary for the effective administration of the tax laws of the state or the federal government.

Sec. 14. Minnesota Statutes 1990, section 469.167, subdivision 2, is amended to read:

Subd. 2. [DURATION.] The designation of an area as an enterprise zone shall be effective for seven years after the date of designation, except that enterprise zones in border cities eligible to receive allocations for tax reductions under section 469.169, subdivisions 7 and 8, and under section 469.171, subdivision 6a or 6b, shall be effective until these allocations have been expended.

Sec. 15. Minnesota Statutes 1990, section 469.171, is amended by adding a subdivision to read:

The money shall be allocated among the zones on a per capita basis. Limits on the maximum allocation to a zone imposed by section 469.169, subdivision 7, do not apply to allocations made under this subdivision.

Sec. 16. Minnesota Statutes 1990, section 462C.03, subdivision 10, is amended to read:

Subd. 10. Notwithstanding any provision of this chapter, not more than 20 percent of the aggregate dollar amount of tax-exempt bond proceeds and any other funds appropriated by any city within any calendar year to make or purchase loans providing single family housing or dwelling units for sale within multifamily housing developments described in section 462C.05, subdivision 3, shall be appropriated to provide single family housing for persons or families, including renters of the single family housing, whose gross income exceeds the limit in section 462C.03, subdivision 2. If 20 percent of the total amount of tax-exempt bond funds so appropriated by the city in any calendar year is expended for housing not within the limit, no additional funds may be expended pursuant to any other similar appropriation until the remaining 80 percent is expended for housing within the limit. Notwithstanding subdivision 2, the city may use taxable bond proceeds for single family housing for persons and families with adjusted gross incomes of up to 175 percent of the median family income as estimated by the United

States Department of Housing and Urban Development for the nonmetropolitan county or standard metropolitan statistical area, whichever is appropriate.

Sec. 17. [469.0813] [ROSEMOUNT; PORT AUTHORITY.]

Subdivision 1. [ESTABLISHMENT; POWERS.] The city of Rosemount may, by adoption of an enabling resolution in compliance with the procedural requirements of subdivision 3, establish a port authority commission that, subject to the provisions of subdivision 2, has the same powers as a port authority established under section 469.049 or other law, and a housing and redevelopment authority established under sections 469.001 to 469.047 or other law, and shall constitute an "agency" that may administer one or more municipal development districts under section 469.110. If the city establishes a port authority commission under this section, the city shall exercise all the powers relating to a port authority granted to any city by sections 469.048 to 469.068 or other law, and all powers relating to a housing and redevelopment authority granted to any city by sections 469.001 to 469.047 or other law.

Subd. 2. [LIMITATION OF POWERS.] (a) The enabling resolution may impose the following limitations upon the actions of the port authority:

(1) that the port authority shall not exercise any specified powers contained in sections 469.001 to 469.047 and 469.048 to 469.068 or that the port authority shall not exercise any powers without the prior approval of the city council;

(2) that, except when previously pledged by the port authority, the city council may, by resolution, require the port authority to transfer any portion of the reserves generated by activities of the port authority which the city council determines is not necessary for the successful operation of the port authority, to the city general fund, to be used for any general purpose of the city;

(3) that the sale of all bonds or obligations issued by the port authority be approved by the city council before issuance;

(4) that the port authority follow the budget process for city departments as provided by the city and as implemented by the city council and mayor;

(5) that all official actions of the port authority must be consistent with the adopted comprehensive plan of the city, and any official controls implementing the comprehensive plan;

(6) that the port authority submit to the city council for approval

by resolution any proposed project as defined in section 469.174, subdivision 8;

(7) that the port authority submit all planned activities for influencing the action of any other governmental agency, subdivision, or body to the city council for approval;

(8) that the port authority submit its administrative structure and management practices to the city council for approval; and

(9) any other limitation or control established by the city council by the enabling resolution.

(b) The enabling resolution may be modified at any time, subject to clause (e), and provided that any modification is made in accordance with the procedural requirements of subdivision 3.

(c) Without limiting the right of the port authority to petition the city council at any time, each year, within 60 days of the anniversary date of the initial adoption of the enabling resolution, the port authority shall submit to the city council a report stating whether and how the enabling resolution should be modified. Within 30 days of receipt of the recommendation, the city council shall review the enabling resolution, consider the recommendations of the port authority, and make any modifications it considers appropriate; provided that any modification shall be made in accordance with the procedural requirements of subdivision 3.

(d) A determination by the city council that the limitations imposed under this section have been complied with by the port authority shall be conclusive.

(e) Limitations imposed under this section must not be applied in a manner that impairs the security of any bonds issued or contracts executed prior to the imposition of the limitation. | | 1992 | 1993 |
|--|------|------|
| | \$ | \$ |

and the persons receiving home- and community-based services choose to receive services in an intermediate care facility for persons with mental retardation. After the commissioner has determined the need to convert the program, the commissioner of health shall certify the program as an intermediate care facility for persons with mental retardation if the program meets applicable certification standards. Notwithstanding the provisions of Minnesota Statutes, section 246.18, receipts collected for state-operated community-based services are appropriated to the commissioner and are dedicated to the operation of state-operated community-based services which are converted in this section or which were authorized in Laws 1988, chapter 689, article 1, section 2, subdivision 5. Any balance remaining in this account at the end of the fiscal year does not cancel and is available for the second year of the biennium. The commissioner may, upon approval of the governor after consultation with the legislative advisory commission, transfer funds from the Minnesota supplemental aid program to the medical assistance program to fund services converted under this section.

and that has a commitment to maximizing the salaries and benefits of its direct child care workers. The commissioner shall provide support to the center, including renovation expenses to meet and maintain all relevant building codes and ongoing building expenses including rent, maintenance, and utilities. The commissioner shall consult with the commissioner of administration regarding the establishment and operation of the on-site program. The child care contractor chosen by the commissioner shall become accredited by the National Academy of Early Childhood Programs within one year of beginning operation. The commissioner shall report to the chairs of the human resources division of the house appropriations committee and the senate finance committee on the status of the Ah-Gwah-Ching child care center by September 1, 1991.

During the biennium ending June 30, 1993, regional treatment center and state-operated nursing home employees, except temporary or emergency employees, affected by changes in the department of human services delivery system must receive, along with other options, priority consideration in order to transfer to vacant or newly created positions at the Minneapolis and Hastings veterans homes and at facilities operated by the commissioner of corrections. The veterans homes board, in cooperation with the commissioners of human services and corrections, shall develop procedures to facilitate these transfers.

Transfer of facilities at Faribault RTC: The legislature recognizes that the orderly transfer of some buildings at the Faribault regional treatment center from the department of human services to the department of corrections is necessary in order to develop a shared

1992

1993

\$

\$

campus and to abide by legislated policies concerning the future of the regional treatment center. If the transfer of the infirmary, the skilled nursing facility, the Osage, Willow, or Birch buildings, or any other building on the campus of the Faribault regional treatment center requires the transfer of developmentally disabled residents to community residential facilities, the commissioner of human services shall accomplish this transfer according to the following schedule:

(1) the commissioner of human services shall maintain the 35 skilled nursing facility beds for developmentally disabled residents and an infirmary at the Faribault regional treatment center;

(2) the transfer of the hospital building at the Faribault regional treatment center to the department of corrections may take place only after alternative, state-operated, skilled nursing facility and infirmary space has been developed for residents on the campus of the Faribault regional treatment center;

(3) the transfer of the Osage facility to the department of corrections may not occur before December 31, 1992. Residents affected by the transfer of the Osage building shall not be transferred to another regional treatment center or state nursing home but must either be housed at the Faribault regional treatment center or placed in appropriate community-based facilities. At least 60 percent of the community-based facility beds to which affected regional center residents are transferred must be state-operated community services (SOCS) beds;

(4) the transfer of the Willow and Birch facilities to the department of corrections must not occur before June 30, 1993. Residents affected by the transfer

1992

1993

\$

\$

of the Willow or Birch facilities shall not be transferred to another regional treatment center or state nursing home but must either be housed at the Faribault regional treatment center or placed in appropriate community-based facilities. At least 60 percent of the community-based facility beds to which affected regional treatment center residents are transferred must be state-operated community services (SOCS) beds.

Notwithstanding Minnesota Statutes, section 144A.071, the commissioner of health shall license and certify nursing home beds to be operated by the commissioner of human services in new or existing buildings if the following conditions are met: (1) the number of licensed and certified beds shall not exceed the number of beds that were operated by the commissioner of human services at the Oak Terrace nursing home; and (2) the beds will be located as follows: 105 at Brainerd in addition to the existing 28 beds at Brainerd; 70 beds at Cambridge; 85 beds at Fergus Falls; and up to 62 additional beds as needed at these or other regional treatment centers.

Any portion of the appropriation to remodel, set up, and operate state nursing home beds at the Fergus Falls and Cambridge regional treatment centers and state nursing home beds and security hospital beds at the Brainerd regional treatment center that is not spent in fiscal year 1992 does not cancel and shall be available for fiscal year 1993.

For the biennium ending June 30, 1993, savings realized from holding vacancies open at the regional treatment centers may only be used to pay negotiated salary increases for regional treatment center employees. The com-

1992

1993

\$

\$

missioner shall hold positions vacant in the general professional, supervisory, and managerial units at the regional treatment centers for the purpose of funding negotiated salary increases. Positions in other units shall not be held vacant for this purpose.

The appropriation for fiscal 1992 to improve property at regional treatment centers and state nursing homes to prepare the property for lease does not cancel but is available for fiscal 1993. For the biennium ending June 30, 1993, money collected as rent under Minnesota Statutes, section 16B.24, subdivision 5, for state property at any of the regional treatment centers or state nursing homes administered by the commissioner of human services is dedicated to the facility generating the rental income and is appropriated for the express purpose of maintaining the property. Any balance remaining at the end of the fiscal year shall not cancel and is available until expended.

If the resident population at the regional treatment centers is projected to be higher than the estimates upon which the medical assistance forecast and budget recommendations were based, the amount of the medical assistance appropriation that is attributable to the cost of services that would have been provided as an alternative to regional treatment center services is transferred to the residential facilities appropriation.

For purposes of restructuring the chemical dependency and developmental disabilities programs at the regional treatment centers during the biennium ending June 30, 1993, any regional treatment center employee whose position is to be eliminated shall be afforded the options provided in applicable collective bargaining agree-

| | | |
|----|------|------|
| | 1992 | 1993 |
| \$ | | \$ |

ments. Provided there is no conflict with any collective bargaining agreement, any regional treatment center position reduction must only be accomplished through mitigation, attrition, transfer, and other measures as provided in state or applicable collective bargaining agreements and Minnesota Statutes, section 252.50, subdivision 11, and not through layoff. However, if the commissioner proceeds with construction of 10 additional state-operated community residences for persons with developmental disabilities and 84 additional state nursing home beds during the biennium ending June 30, 1993, and begins siting and constructing 24 additional state-operated community residential facilities for persons with developmental disabilities, then the commissioner may use a mitigated layoff procedure to reduce unnecessary staff at the regional treatment centers, as negotiated with respective collective bargaining agents. Affected employees must be offered alternative employment, severance pay, retraining, transfers, and other options that do not conflict with collective bargaining agreements. All of the 24 additional state-operated community facilities shall be sited within a reasonable distance of a regional treatment center. Community facilities shall be allocated to these sites based on the proportionate number of developmentally disabled clients that have been discharged from the area regional treatment center in the period 1980 to 1990.

The commissioner shall consolidate both program and support functions at each of the regional centers and state nursing homes to ensure efficient and effective space utilization that is consistent with applicable licensing and certification standards. The commissioner may transfer residents and positions between the regional center and

| <p>state nursing home system as necessary to promote the most efficient use of available state buildings. Surplus buildings shall be reported to the commissioner of administration for appropriate disposition according to Minnesota Statutes, section 16B.24.</p> | | |

Any unencumbered balances in special equipment and repairs and betterments remaining in the first year do not cancel but are available for the second year of the biennium.

Rates paid for anesthesiology services provided by physicians and certified registered nurse anesthetists (CRNAs) shall be according to the formula utilized in the Medicare program. Implementation of the reduced rate for therapy services provided by a physical or occupational therapy assistant, to 65 percent of the rate paid for services provided by a physical or occupational therapist, will be implemented in conjunction with the department's complete therapy code conversion project, or January 1, 1992, whichever occurs first.

Any balances remaining in the clinic accounts at the end of the first year do not cancel but are available until spent.

Notwithstanding Minnesota Statutes, section 13.03, subdivision 5, the rate setting computer program except the edits and screens for nursing home payment rates is not trade secret information and is public data not on individuals. If a person requests this data, the commissioner of human services shall require the requesting person to pay no more than the actual costs of searching for and retrieving the data, including the cost of employee time, and for making, certifying, compiling, and electronically transmitting the copies of the data or the data, but may not charge for separating public data from not public data.

Notwithstanding Minnesota Statutes, section 256B.0641, and Minnesota Rules, part 9505.0465, the commissioner of human services shall not be required to recover nonallowable federal medical assistance payments made between October 1, 1986, and December 31, 1988, from nursing facilities declared on January 1, 1989, as institutions for mental diseases.

If the buyer knows of no wells on the property, a well disclosure certificate is not required; however, the deed or other instrument of conveyance must contain the statement: "The purchaser certifies the purchaser does not know of any wells on the property."

(c) This subdivision does not apply to the sale, exchange, or transfer of real property:

(1) that consists solely of a sale or transfer of severed mineral interests; or

(2) that consists of an individual condominium unit as described in chapters 515 and 515A.

The county recorder or registrar of titles shall note on each deed or other instrument of conveyance accompanied by a well disclosure certificate that the well disclosure certificate was received. The well disclosure certificate shall not be filed or recorded in the records maintained by the county recorder or registrar of titles. The commissioner shall maintain the well disclosure certificate for at least six years. The commissioner may store the certificate as an electronic image. A copy of that image shall be as valid as the original. The commissioner shall charge the buyer of the property a fee of \$10 for the processing of the well disclosure certificate.

(e) (g) The commissioner in consultation with county recorders shall prescribe the form for a well disclosure certificate and provide well disclosure certificate forms to county recorders and registrars of titles and other interested persons.

(f) (h) Failure to comply with a requirement of this subdivision does not impair:

(1) the validity of a deed or other instrument of conveyance as between the parties to the deed or instrument or as to any other person who otherwise would be bound by the deed or instrument; or

(2) the record, as notice, of any deed or other instrument of conveyance accepted for filing or recording contrary to the provisions of this subdivision.

(b) Within ten days after receiving an application for a license, the commissioner shall acknowledge receipt of the application in writing. The acknowledgment must indicate whether the application appears to be complete or whether additional information is required before the application will be considered complete. Within 90 days after receiving a complete application, the commissioner shall either grant or deny the license. If an applicant is not granted or denied a license within 90 days after submitting a complete application, the license must be deemed granted. An applicant whose license has been deemed granted must provide written notice to the commissioner before providing a home care service.

(c) Each application for a home care provider license, or for a renewal of a license, shall be accompanied by a fee to be set by the commissioner under section 144.122, except that the commissioner shall not charge a licensure fee to a home care provider operated by a statutory or home rule charter city, county, town, or other governmental entity.

Sec. 11. Minnesota Statutes 1990, section 144A.49, is amended to read:

144A.49 [TEMPORARY PROCEDURES.]

For purposes of this section, "home care providers" shall mean the providers described in section 144A.43, subdivision 4, including hospice programs described in section 144A.48. Home care providers are exempt from the licensure requirement in section 144A.46, subdivision 1, until 90 days after the effective date of the licensure rules. Beginning July 1, 1987, no home care provider, as defined in section 144A.43, subdivision 4, except a provider exempt from licensure under section 144A.46, subdivision 2, may provide home care services in this state without registering with the commissioner. A home care provider is registered with the commissioner when the commissioner has received in writing the provider's name; the name of its parent corporation or sponsoring organization, if any; the street address and telephone number of its principal place of business; the street address and telephone number of its principal place of business in Minnesota; the counties in Minnesota in which it may render services; the street address and telephone number of all other offices in Minnesota; and the name, educational back-

A registration fee must be submitted with the application for registration, except that the commissioner shall not collect a registration fee from a home care provider operated by a statutory or home rule charter city, county, town, or other governmental entity. The fee must be established pursuant to section 144.122 and must be based on a consideration of the following factors: the number of clients served by the home care provider, the number of employees, the number of services offered, and annual revenues of the provider. The registration is effective until 90 days after licensure rules are effective. In order to maintain its registration and provide services in Minnesota, a home care provider must comply with section 144A.44 and comply with requests for information under section 144A.47. A registered home care provider is subject to sections 144A.51 to 144A.54. Registration under this section does not exempt a home care provider from the licensure and other requirements later adopted by the commissioner.

Within 90 days after the effective date of the licensure rules under section 144A.45, the commissioner of health shall issue provisional licenses to all home care providers registered with the department as of that date. The provisional license shall be valid until superseded by a license issued under section 144A.46 or for a period of one year, whichever is shorter. Applications for licensure as a home care provider received on or after the effective date of the home care licensure rules, shall be issued under section 144A.46, subdivision 1.

(b) Recommend legislation and changes in rules to the state

commissioner of health, legislature, governor, administrative agencies or the federal government.

(c) Investigate, upon a complaint or upon initiative of the director, any action or failure to act by a health care provider, home care provider, or a health facility.

(d) Request and receive access to relevant information, records, incident reports, or documents in the possession of an administrative agency, a health care provider, a home care provider, or a health facility, and issue investigative subpoenas to individuals and facilities for oral information and written information, including privileged information which the director deems necessary for the discharge of responsibilities. For purposes of investigation and securing information to determine violations, the director need not present a release, waiver, or consent of an individual. The identities of patients or residents must be kept private as defined by section 13.02, subdivision 12.

(e) Enter and inspect, at any time, a health facility and be permitted to interview staff; provided that the director shall not unduly interfere with or disturb the provision of care and services within the facility or the activities of a patient or resident unless the patient or resident consents.

(f) Issue a correction order pursuant to section 144.653 or any other law which provides for the issuance of correction orders to health care facilities or home care provider, or under section 144A.45. A facility's refusal to cooperate in providing lawfully requested information may also be grounds for a correction order.

(h) Assist patients or residents of health facilities in the enforcement of their rights under Minnesota law.

(i) Work with administrative agencies, health facilities, home care providers, and health care providers and organizations representing consumers on programs designed to provide information about health facilities to the public and to health facility residents.

Supportive services also include other health-related support services identified by the commissioner in rule.

Sec. 15. [144B.02] [LICENSE REQUIRED.]

No person, partnership, association, or corporation, nor any state, county, or local governmental units, nor any division, department, board, or agency shall establish, operate, conduct, or maintain in the state any residential care home without first obtaining a license as required in sections 144B.01 to 144B.17. No person or entity shall advertise a home providing services required to be licensed under sections 144B.01 to 144B.17 without first obtaining a license. A

violation of this section is a misdemeanor punishable by a fine of not more than \$300. The commissioner may seek an injunction in the district court against the continuing operation of the unlicensed home. Proceedings for securing an injunction may be brought by the attorney general or by the appropriate county attorney. The sanctions in this section do not restrict other available sanctions.

Sec. 16. [144B.03] [LICENSE APPLICATION.]

Subdivision 1. [LICENSE PROCEDURES.] The commissioner shall by rule establish forms and procedures for processing residential care home license applications. An application for a residential care home license shall include:

(1) the name and address of the licensee and the manager of the home to be licensed;

(3) any other relevant information which the commissioner by rule may determine is necessary to properly evaluate an application for license.

An applicant for licensure which is a corporation shall submit copies of its articles of incorporation and bylaws and any amendments as they occur, together with the names and addresses of its officers and directors. An applicant for licensure which is a foreign corporation shall furnish the commissioner with a copy of its certificate of authority to do business in this state. The application of a corporation, association, or a governmental unit or instrumentality shall be signed by at least two officers or managing agents of that entity.

Subd. 2. [AGENTS IDENTIFIED.] Each application for a residential care home license or for renewal of a residential care home license shall specify one or more individuals or employees as agents:

(1) who shall be responsible for dealing with the commissioner on all matters provided for in sections 144B.01 to 144B.17; and

(2) on whom personal service of all notices and orders shall be made, and who shall be authorized to accept service on behalf of the licensee.

Notwithstanding any law to the contrary, personal service on the designated person or persons named in an application shall be deemed to be service on the licensee, and it shall not be a defense to any action arising, that personal service was not made on each individual. The designation of one or more individuals pursuant to

this subdivision shall not affect the legal responsibility of the licensee under sections 144B.01 to 144B.17.

Sec. 17. [144B.04] [FEES.]

Each application for a license to operate a residential care home, or for a renewal of license, shall be accompanied by a fee established by the commissioner according to section 144.122. No fee shall be refunded. The fee established must include an amount necessary to recover, over a five-year period, the commissioner's direct expenditures for adoption of the residential care home rules.

Sec. 18. [144B.05] [QUALIFICATIONS FOR LICENSE.]

Subdivision 1. [COMPLIANCE REQUIRED.] No license shall be issued to a home unless the commissioner of health determines that the home complies with the requirements of this chapter.

Subd. 2. [APPLICATION REQUIRED.] The applicant for a license under sections 144B.01 to 144B.17 must comply with the application requirements specified by section 144B.03.

Subd. 3. [HEALTH; SAFETY STANDARDS.] The home must meet the minimum health, safety, comfort, and well-being standards prescribed by the rules of the commissioner with respect to the construction, equipment, maintenance, and operation of a residential care home.

Subd. 4. [LICENSURE CONDITIONS OR LIMITATIONS.] The commissioner may attach to the license any conditions or limitations necessary to assure compliance with the laws or rules governing the operation of the home or to protect the health, safety, comfort, or well-being of the residents. A condition or limitation may be attached to the license when first issued, when renewed, or during the course of the licensure year. The commissioner shall adopt rules governing the procedures for issuing conditions or limitations.

Sec. 19. [144B.06] [LICENSE RENEWAL.]

Unless the license is suspended or revoked according to section 144B.08, a residential care home license is effective for one year from the date of its issuance. The commissioner shall by rule establish forms and procedures for the processing of license renewals. The commissioner shall approve a license renewal application if the home continues to satisfy the requirements, standards, and conditions of sections 144B.01 to 144B.17, and the rules adopted under those sections.

Sec. 20. [144B.07] [TRANSFERABILITY OF LICENSE.]

Subdivision 1. [TRANSFERS PROHIBITED; CHANGE OF OWNERSHIP.] A license shall be issued only for the premise identified in the application for license and may not be transferred or assigned to another party. Prior to any change of licensee of a home, the prospective licensee must apply for a license according to subdivision 2. "Change of licensee" means a transfer of the legal responsibility to operate the home to a different individual or entity.

Subd. 2. [NOTIFICATION.] At least 60 days prior to the final change of license, the prospective licensee shall notify the department of the intended change of licensee and shall file an application for a license. The original licensee shall notify the department of the intended change at least 90 days prior to the change. The original licensee remains responsible for the operation of the home until the date a new license is issued by the department. The original licensee is liable for all penalties assessed against the home and for all violations occurring prior to the transfer of operation. The commissioner may not issue a license to the prospective licensee if, at the time of the requested transfer, there are any uncorrected violations of sections 144B.01 to 144B.17 or rules adopted under those sections unless the commissioner determines that the violations will not create an imminent risk of harm to the residents and that the prospective licensee has submitted an acceptable plan of correction to the commissioner.

Sec. 21. [144B.08] [LICENSE SUSPENSION, REVOCATION, OR REFUSAL TO ISSUE; HEARING; RELICENSING.]

Subdivision 1. [PROCEEDINGS.] The commissioner may institute proceedings to suspend or revoke a residential care home license, or may refuse to grant or renew the license of a residential care home if any action by a licensee or employee of the residential care home:

(1) violates any of the provisions of sections 144B.01 to 144B.17, or the rules adopted under those sections;

(2) permits, aids, or abets the commission of any illegal act in the residential care home or relating to the operation of the home;

(3) performs any act contrary to the welfare of the residential care home; or

(4) obtains, or attempts to obtain, a license by fraudulent means or misrepresentation.

Subd. 2. [HEARING.] No residential care home license may be suspended or revoked, and renewal may not be denied, without a hearing held as a contested case in accordance with chapter 14. If the individual designated under section 144B.03, subdivision 2, as

an agent to accept service on behalf of the licensee has been notified by the commissioner that the home will not receive an initial license or that a license renewal has been denied, the licensee or a legal representative on behalf of the residential care home may request and receive a hearing on the denial. This hearing shall be held as a contested case in accordance with chapter 14.

Subd. 3. [MANDATORY REVOCATION OR REFUSAL TO ISSUE A LICENSE.] Notwithstanding subdivision 2, the commissioner shall revoke or refuse to issue a residential care home license if the applicant, licensee, or manager of the licensed home is convicted of a felony or gross misdemeanor that is punishable by a term of imprisonment of not more than 90 days and that relates to operation of the residential care home or directly affects resident safety or care. The commissioner shall notify the residential care home 30 days before the date of revocation.

Subd. 4. [RELICENSING.] If a residential care home license is revoked, a new application for license may be considered by the commissioner when the conditions upon which revocation was based have been corrected and satisfactory evidence of this fact has been furnished to the commissioner. A new license may be granted after an inspection has been made and the home has been found to comply with all provisions of sections 144B.01 to 144B.17, and the rules adopted under those sections.

Sec. 22. [144B.09] [RULES.]

The commissioner shall establish by rule minimum standards for the construction, maintenance, equipping, and operation of residential care homes. To the extent possible, the rules shall assure the health, safety, comfort, and well-being of residential care home residents. The rules shall include, but not be limited to the following provisions:

- (1) the supportive services that can be provided;
- (2) special service permit requirements for medication or other supportive services;
- (3) staffing requirements;
- (4) training and qualifications of staff;
- (5) criteria for admission and continued stay of a resident;
- (6) resident rights;
- (7) fire safety and physical plant requirements that are based on the size of the home, and the resident's ability to ambulate, taking

into consideration the need for differing standards for existing physical plants and for new construction; and

(8) procedures for granting variances or waivers from the rules.

Sec. 23. [144B.10] [INSPECTIONS; ENFORCEMENT.]

Subdivision 1. [ENFORCEMENT.] The department is the exclusive state agency charged with the responsibility and duty of inspecting all homes required to be licensed under sections 144B.01 to 144B.17. The commissioner shall enforce its rules subject only to the authority of the department of public safety respecting the enforcement of fire and safety standards in licensed residential care homes.

Subd. 2. [PERIODIC INSPECTION.] (a) All homes required to be licensed under sections 144B.01 to 144B.17 shall be periodically inspected by the commissioner to ensure compliance with rules and standards. Inspections shall occur at different times throughout the calendar year.

(b) Within the limits of the resources available to the commissioner, the commissioner shall conduct inspections and reinspections with a frequency and in a manner calculated to produce the greatest benefit to residents. In performing this function, the commissioner may devote proportionately more resources to the inspection of those homes in which conditions present the most serious concerns with respect to resident health, safety, comfort, and well-being, including: (1) change in ownership; (2) frequent change in management or staff; (3) complaints about care, safety, or rights; (4) previous inspections or reinspections which have resulted in correction orders related to care, safety, or rights; and (5) indictment of persons involved in ownership or operation of the home for alleged criminal activity.

(c) A home that does not have any of the conditions in paragraph (b) or any other condition established by the commissioner that poses a risk to resident care, safety, or rights shall be inspected once every two years.

Subd. 3. [AUTHORITY.] The commissioner may request and must be given access to relevant information, records, incident reports, or other documents in the possession of a home if the commissioner considers them necessary for the discharge of responsibilities. For the purposes of inspections and securing information to determine compliance with the licensure laws and rules, the commissioner need not present a release, waiver, or consent of the individual. The identities of patients or residents must be kept private as defined by section 13.02, subdivision 12.

Subd. 4. [INSPECTIONS WITHOUT NOTICE.] No prior notice shall be given of an inspection or reinspection conducted under this section.

Subd. 5. [CORRECTION ORDERS.] Whenever a duly authorized representative of the commissioner determines that a home is not in compliance with the provisions of this chapter or the rules adopted under it, a correction order shall be issued to the home. The correction order shall state the deficiency, cite the specific law or rule violated, and specify the time allowed for correction.

Subd. 6. [REINSPECTIONS; FINES.] If, upon reinspection, it is found that the home has not corrected deficiencies specified in the correction order, a notice of noncompliance shall be issued stating all deficiencies not corrected. Unless a hearing is requested under subdivision 8, the home shall forfeit to the state, within 15 days after receiving the notice of noncompliance, up to \$1,000 for each deficiency not corrected. For each subsequent reinspection, the home may be fined an additional amount for each deficiency which has not been corrected. All forfeitures shall be paid into the general fund. The commissioner shall adopt by rule a schedule of fines applicable for each type of uncorrected deficiency.

Subd. 7. [RECOVERY.] Any unpaid forfeitures may be recovered by the attorney general.

Subd. 8. [HEARINGS.] A licensee is entitled to a hearing on any notice of noncompliance provided that the licensee makes a written request within 15 days after receiving the notice of noncompliance. Failure to request a hearing shall result in the forfeiture of a penalty as determined by the commissioner according to subdivision 6. During the hearing and review process a request for a hearing shall operate as a stay of the payment of any forfeiture provided for in this section. The hearing shall be conducted as a contested case proceeding under the provisions of chapter 14.

Subd. 9. [RECORDS OF INSPECTIONS.] After each inspection or reinspection required or authorized by this section, the commissioner shall, by certified mail, send copies of any correction order or notice of noncompliance to the home. A copy of each correction order and notice of noncompliance shall be kept on file at the home and shall be made available for viewing by any person upon request.

Subd. 10. [POWERS NOT LIMITED.] Nothing in this section shall be construed to limit the powers granted to the commissioner in this chapter.

Sec. 24. [144B.11] [INJUNCTIVE RELIEF; SUBPOENAS.]

Subdivision 1. [INJUNCTIVE RELIEF.] In addition to any other

remedy provided by law, the commissioner may bring an action in the district court in Ramsey or Hennepin county or in the district in which a home is located to enjoin the licensee or an employee of the home from illegally engaging in activities regulated by sections 144B.01 to 144B.17. A temporary restraining order may be granted by the court in the proceeding if continued activity by the licensee or employee would create an imminent risk of harm to a resident of the facility.

Subd. 2. [SUBPOENAS.] In all matters pending before the commissioner under sections 144B.01 to 144B.17, the commissioner shall have the power to issue subpoenas, and to compel the attendance of witnesses and the production of all necessary papers, books, records, documents, and other evidentiary material. Any person failing or refusing to appear or testify regarding any matter about which that person may be lawfully questioned or refusing to produce any papers, books, records, documents, or evidentiary materials in the matter to be heard, after having been required by order of the commissioner or by a subpoena of the commissioner to do so may, upon application by the commissioner to the district court in any district, be ordered by the court to comply with the subpoena or order. The commissioner may issue subpoenas and may administer oaths to witnesses, or take their affirmation. Depositions may be taken within or without the state in the manner provided by law for the taking of depositions in civil actions, with the same fees and mileage and in the same manner as prescribed by law for process issued out of the district court of this state. Fees and mileage and other costs for persons subpoenaed by the commissioner shall be paid in the same manner as for proceedings in district court.

Sec. 25. [144B.12] [PLACEMENT OF A MONITOR.]

Subdivision 1. [AUTHORITY.] The commissioner may place a person to act as a monitor in a residential care home when the commissioner determines that violations of this chapter, or the rules adopted under it, require extended surveillance to enforce compliance or to protect the health, safety, or welfare of the residents.

Subd. 2. [DUTIES OF THE MONITOR.] The monitor shall observe the operation of the home, provide advice to the home on methods of complying with state law and rules, where documented deficiencies for the regulations exist, and periodically shall submit a written report to the commissioner on the ways in which the home meets or fails to meet state rules.

Subd. 3. [SELECTION OF THE MONITOR.] The commissioner may select as monitor an employee of the department or may contract with any other individual to serve as a monitor. The commissioner shall publish a notice in the State Register that requests proposals from individuals who wish to be considered for placement as monitors and that sets forth the criteria for selecting

individuals as monitors. The commissioner shall maintain a list of individuals who are not employees of the department who are interested in serving as monitors. The commissioner may contract with those individuals determined to be qualified.

Subd. 4. [PAYMENT OF THE MONITOR.] A residential care home in which a monitor is placed shall pay to the department the actual costs associated with the placement, unless the payment would create an undue hardship for the home.

Sec. 26. [144B.13] [FREEDOM FROM ABUSE AND NEGLECT.]

Residents shall be free from abuse and neglect as defined in section 626.557, subdivision 2. The commissioner shall by rule develop procedures for the reporting of alleged incidents of abuse or neglect in residential care homes. The office of health facility complaints shall investigate reports of alleged abuse or neglect according to sections 144A.51 to 144A.54.

Sec. 27. [144B.14] [CESSATION OF OPERATIONS.]

If a residential care home voluntarily plans to cease operations or to curtail operations to the extent that relocation of residents is necessary, the licensee of the home shall notify the commissioner at least 90 days prior to the scheduled cessation or curtailment. The commissioner shall cooperate with and advise the licensee of the home in the resettlement of residents. Failure to comply with this section shall be subject to the issuance of a correction order and fine under section 144B.10.

Sec. 28. [144B.15] [HUMAN SERVICES LICENSURE EXCLUSION.]

Notwithstanding section 245A.03, subdivision 2, board and lodging establishments licensed by the commissioner and registered under section 157.031, subdivision 2, that provide services for five or more persons whose primary diagnosis is mental illness and who have refused a residential program offered by a county agency are exempt from licensure under sections 245A.01 to 245A.16, until one year after the residential care home licensure rules required under sections 144B.01 to 144B.17 are adopted by the commissioner of health. At that time, these establishments shall be licensed under sections 245A.01 to 245A.16, or as residential care homes.

Sec. 29. [144B.16] [TRANSITIONAL PERIOD.]

Except as provided for in section 157.031, subdivision 4, the requirement to obtain a residential care home license is effective as of the effective date of the rules adopted by the commissioner. Until that time, board and lodging establishments that are required to be

registered under the provisions of section 157.031 shall continue to meet the requirements contained in that section.

Sec. 30. [144B.17] [ADVISORY WORK GROUP.]

The commissioner shall convene a work group to advise, consult with, and make recommendations to the commissioner regarding the development of rules required under sections 144B.01 to 144B.16. The work group must include consumers and providers of the services described in sections 144B.01 to 144B.16 and other interested parties.

Sec. 31. Minnesota Statutes 1990, section 145.924, is amended to read:

145.924 [AIDS PREVENTION GRANTS.]

(a) The commissioner may award grants to boards of health as defined in section 145A.02, subdivision 2, state agencies, state councils, or nonprofit corporations to provide evaluation and counseling services to populations at risk for acquiring human immunodeficiency virus infection, including, but not limited to, minorities, adolescents, intravenous drug users, and homosexual men.

(b) The commissioner may award grants to agencies experienced in providing services to communities of color, for the design of innovative outreach and education programs for targeted groups within the community who may be at risk of acquiring the human immunodeficiency virus infection, including intravenous drug users and their partners, adolescents, gay and bisexual individuals and women. Grants shall be awarded on a request for proposal basis and shall include funds for administrative costs. Priority for grants shall be given to agencies or organizations that have experience in providing service to the particular community which the grantee proposes to serve; that have policymakers representative of the targeted population; that have experience in dealing with issues relating to HIV/AIDS; and that have the capacity to deal effectively with persons of differing sexual orientations. For purposes of this paragraph, the "communities of color" are: the American-Indian community; the Hispanic community; the African-American community; and the Asian-Pacific community.

Sec. 32. Minnesota Statutes 1990, section 145.925, is amended by adding a subdivision to read:

Subd. 9. Notwithstanding any rules to the contrary, including rules proposed in the State Register on April 1, 1991, the commissioner, in allocating grant funds for family planning special projects, shall not limit the total amount of funds that can be allocated to an organization that has submitted applications from more than one

region, except that no more than \$75,000 may be allocated to any grantee within a single region. For two or more organizations who have submitted a joint application, that limit is \$75,000 for each organization. This subdivision does not affect any procedure established in rule for allocating special project money to the different regions. The commissioner shall revise the rules for family planning special project grants so that they conform to the requirements of this subdivision. In adopting these revisions, the commissioner is not subject to the rulemaking provisions of chapter 14, but is bound by section 14.38, subdivision 7.

Sec. 33. Minnesota Statutes 1990, section 148B.01, subdivision 7, is amended to read:

Subd. 7. [~~REGULATED INDIVIDUAL LICENSEE.~~] "~~Regulated individual licensee~~" means a person licensed by the board of social work or the board of marriage and family therapy, ~~or required to file with the board of unlicensed mental health service providers.~~

Sec. 34. Minnesota Statutes 1990, section 148B.03, is amended to read:

148B.03 [APPLICABILITY.]

~~Sections 148B.04 to 148B.17 apply to all of the social work and mental health boards the board of social work and the board of marriage and family therapy, and the regulated individuals licensees within their respective jurisdictions, unless superseded by an inconsistent law that relates specifically to a particular board.~~

Sec. 35. Minnesota Statutes 1990, section 148B.04, subdivision 3, is amended to read:

Subd. 3. [~~INFORMATION ON ADVERSE DISCIPLINARY ACTIONS.~~] If a board imposes disciplinary measures or takes ~~adverse disciplinary action~~ of any kind, the name and business address of the ~~regulated individual licensee~~, the nature of the misconduct, and the action taken by the board are public data.

Sec. 36. Minnesota Statutes 1990, section 148B.04, subdivision 4, is amended to read:

Subd. 4. [EXCHANGE OF INFORMATION.] The boards shall exchange information with other boards, agencies, or departments within the state, as required under section 214.10, subdivision 8, paragraph (d), ~~and may release information in the reports required under section 148B.02.~~

Sec. 37. Minnesota Statutes 1990, section 148B.05, subdivision 1, is amended to read:

Subdivision 1. [~~ADVERSE DISCIPLINARY ACTION BY A BOARD.~~] A suspension, revocation, condition, limitation, qualification, or restriction of a ~~regulated an individual's license, filing,~~ or right to practice is in effect pending determination of an appeal unless the court, upon petition and for good cause shown, orders otherwise. The right to provide services is automatically suspended if (1) a guardian of the person of a ~~regulated individual~~ licensee is appointed by order of a probate court pursuant to sections 525.54 to 525.61, for reasons other than the minority of the ~~individual~~ licensee, or (2) the ~~individual~~ licensee is committed by order of a probate court pursuant to chapter 253B or sections 526.09 to 526.11. The right to provide services remains suspended until the ~~individual~~ licensee is restored to capacity by a court and, upon petition by the ~~individual~~ licensee, the suspension is terminated by the board after a hearing. In its discretion, a board may restore and reissue permission to provide services, but as a condition thereof may impose any disciplinary or corrective measure that it might originally have imposed.

Sec. 38. Minnesota Statutes 1990, section 148B.06, subdivision 1, is amended to read:

Subdivision 1. [CERTIFICATE REQUIRED.] A board may not issue or renew a ~~filing~~ license if the commissioner of revenue notifies the board and the ~~regulated individual licensee~~ or applicant for a license or ~~filing~~ that the ~~individual~~ licensee or applicant owes the state delinquent taxes in the amount of \$500 or more. A board may issue or renew a license or filing only if the commissioner of revenue issues a tax clearance certificate and the commissioner of revenue or the ~~individual~~ licensee or applicant forwards a copy of the clearance to the board. The commissioner of revenue may issue a clearance certificate only if the ~~individual~~ licensee or applicant does not owe the state any uncontested delinquent taxes. For purposes of this section, "taxes" means all taxes payable to the commissioner of revenue, including penalties and interest due on those taxes. "Delinquent taxes" do not include a tax liability if (i) an administrative or court action that contests the amount or validity of the liability has been filed or served, (ii) the appeal period to contest the tax liability has not expired, or (iii) the ~~regulated individual licensee~~ or applicant has entered into a payment agreement to pay the liability and is current with the payments.

Subd. 3. [INFORMATION REQUIRED.] The boards shall require all ~~regulated individuals~~ licensees or applicants to provide their social security number and Minnesota business identification number on all license or ~~filing~~ applications. Upon request of the commissioner of revenue, the board of social work and the board of marriage and family therapy must provide to the commissioner of revenue a

Sec. 40. Minnesota Statutes 1990, section 148B.07, is amended to read:

148B.07 [REPORTING OBLIGATIONS.]

Subdivision 1. [PERMISSION TO REPORT.] A person who has knowledge of any conduct constituting grounds for ~~discipline or adverse disciplinary~~ action relating to licensure or ~~filing unlicensed practice under this chapter~~ may report the violation to the appropriate board.

Subd. 2. [INSTITUTIONS.] A state agency, political subdivision, agency of a local unit of government, private agency, hospital, clinic, prepaid medical plan, or other health care institution or organization located in this state shall report to the appropriate board any action taken by the agency, institution, or organization or any of its administrators or medical or other committees to revoke, suspend, restrict, or condition a ~~regulated individual's licensee's~~ privilege to practice or treat patients or clients in the institution, or as part of the organization, any denial of privileges, or any other ~~adverse action or disciplinary~~ action for conduct that might constitute grounds for ~~adverse action or disciplinary~~ action by a board under this chapter. The institution or organization shall also report the resignation of any ~~regulated individuals~~ licensees prior to the conclusion of any disciplinary or ~~adverse~~ action proceeding for conduct that might constitute grounds for disciplinary or ~~adverse~~ action under this chapter, or prior to the commencement of formal charges but after the ~~individual licensee~~ had knowledge that formal charges were contemplated or in preparation.

Subd. 3. [PROFESSIONAL SOCIETIES.] A state or local professional society for ~~regulated individuals~~ licensees shall report to the appropriate board any termination, revocation, or suspension of membership or any other disciplinary or ~~adverse~~ action taken against a ~~regulated individual~~ licensee. If the society has received a complaint that might be grounds for discipline under this chapter against a member on which it has not taken any disciplinary or ~~adverse~~ action, the society shall report the complaint and the reason why it has not taken action on it or shall direct the complainant to the appropriate board.

Subd. 4. [~~REGULATED INDIVIDUALS AND LICENSED PROFESSIONALS.~~] A ~~regulated individual or a licensed health professional~~ shall report to the appropriate board personal knowledge of any conduct that the ~~regulated individual or licensed health profes-~~

sional reasonably believes constitutes grounds for disciplinary or adverse action under this chapter by any regulated individual licensee, including conduct indicating that the individual licensee may be medically incompetent, or may be medically or physically unable to engage safely in the provision of services. If the information was obtained in the course of a client relationship, the client is another regulated individual licensee, and the treating individual successfully counsels the other individual to limit or withdraw from practice to the extent required by the impairment, the board may deem this limitation of or withdrawal from practice to be sufficient disciplinary action.

Subd. 5. [INSURERS.] Four times each year as prescribed by a board, each insurer authorized to sell insurance described in section 60A.06, subdivision 1, clause (13), and providing professional liability insurance to regulated individuals licensees, or the medical joint underwriting association under chapter 62F, shall submit to the appropriate board a report concerning the regulated individuals licensees against whom malpractice settlements or awards have been made to the plaintiff. The report must contain at least the following information:

(1) the total number of malpractice settlements or awards made to the plaintiff;

(2) the date the malpractice settlements or awards to the plaintiff were made;

(3) the allegations contained in the claim or complaint leading to the settlements or awards made to the plaintiff;

(4) the dollar amount of each malpractice settlement or award;

(5) the regular address of the practice of the regulated individual licensee against whom an award was made or with whom a settlement was made; and

(6) the name of the regulated individual licensee against whom an award was made or with whom a settlement was made.

The insurance company shall, in addition to the above information, report to the board any information it possesses that tends to substantiate a charge that a regulated individual licensee may have engaged in conduct violating this chapter.

Subd. 6. [COURTS.] The court administrator of district court or any other court of competent jurisdiction shall report to the board any judgment or other determination of the court that adjudges or includes a finding that a regulated individual licensee is mentally ill, mentally incompetent, guilty of a felony, guilty of a violation of

federal or state narcotics laws or controlled substances act, or guilty of an abuse or fraud under Medicare or Medicaid; or that appoints a guardian of the ~~regulated individual~~ licensee pursuant to sections 525.54 to 525.61 or commits a ~~regulated individual~~ licensee pursuant to chapter 253B or sections 526.09 to 526.11.

Subd. 7. [SELF-REPORTING.] A ~~regulated individual~~ licensee shall report to the appropriate board or to the office of mental health practice any personal action that would require that a report be filed with the board by any person, health care facility, business, or organization pursuant to subdivisions 2 to 6.

Subd. 8. [DEADLINES; FORMS.] Reports required by subdivisions 2 to 7 must be submitted not later than 30 days after the occurrence of the reportable event or transaction. The boards and the office of mental health practice may provide forms for the submission of reports required by this section, may require that reports be submitted on the forms provided, and may adopt rules necessary to assure prompt and accurate reporting.

Subd. 9. [SUBPOENAS.] The boards and the office of mental health practice may issue subpoenas for the production of any reports required by subdivisions 2 to 7 or any related documents.

Sec. 41. Minnesota Statutes 1990, section 148B.08, is amended to read:

148B.08 [IMMUNITY.]

Subdivision 1. [REPORTING.] Any person, health care facility, business, or organization is immune from civil liability or criminal prosecution for submitting a report to a board under section 148B.07 or for otherwise reporting to the board violations or alleged violations of this chapter. All the reports are confidential and absolutely privileged communications.

Subd. 2. [INVESTIGATION.] Members of the boards of social work, and marriage and family therapy, and ~~unlicensed mental health professionals~~, and persons employed by the ~~office boards~~ or engaged in the investigation of violations and in the preparation and management of charges of violations of this chapter on behalf of the ~~office or~~ boards, are immune from civil liability and criminal prosecution for any actions, transactions, or publications in the execution of, or relating to, their duties under this chapter.

Sec. 42. Minnesota Statutes 1990, section 148B.12, is amended to read:

148B.12 [MALPRACTICE HISTORY.]

Subdivision 1. [SUBMISSION.] ~~Regulated individuals~~ Licenses or applicants for licensure who have previously practiced in another state shall submit with their ~~filing or~~ application the following information:

(1) number, date, and disposition of any malpractice settlement or award made to the ~~plaintiff or other claimant~~ relating to the quality of services provided by the ~~regulated individual~~ licensee or applicant; and

(2) number, date, and disposition of any civil litigations or arbitrations relating to the quality of services provided by the ~~regulated individual~~ licensee or applicant in which the party complaining against the ~~individual~~ licensee or applicant prevailed or otherwise received a favorable decision or order.

Subd. 2. [BOARD ACTION.] The board shall give due consideration to the information submitted under this section. A ~~regulated individual~~ licensee or applicant for licensure who willfully submits incorrect information is subject to disciplinary action under this chapter.

Sec. 43. Minnesota Statutes 1990, section 148B.13, is amended to read:

148B.13 [PUBLICATION OF DISCIPLINARY ACTIONS.]

At least annually, each board shall publish and release to the public a description of all disciplinary measures or ~~adverse~~ actions taken by the board. The publication must include, for each disciplinary measure or ~~adverse~~ action taken, the name and business address of the ~~regulated individual~~ licensee, the nature of the misconduct, and the measure or action taken by the board.

Sec. 44. Minnesota Statutes 1990, section 148B.17, is amended to read:

148B.17 [FEES.]

Each board shall by rule establish fees, including late fees, for licenses ~~or filings~~ and renewals so that the total fees collected by the board will as closely as possible equal anticipated expenditures during the fiscal biennium, as provided in section 16A.128, ~~plus the prorated costs of the office of social work and mental health boards.~~ Fees must be credited to accounts in the special revenue fund.

Sec. 45. [148B.175] [COMPLAINTS; INVESTIGATION AND HEARING.]

Subdivision 1. [DISCOVERY; SUBPOENAS.] In all matters relat-

ing to its lawful regulatory activities, a board may issue subpoenas and compel the attendance of witnesses and the production of all necessary papers, books, records, documents, and other evidentiary material. Any person failing or refusing to appear to testify regarding any matter about which the person may be lawfully questioned or failing to produce any papers, books, records, documents, or other evidentiary materials in the matter to be heard, after having been required by order of the board or by a subpoena of the board to do so may, upon application to the district court in any district, be ordered to comply with the subpoena or order. Any board member may administer oaths to witnesses or take their affirmation. Depositions may be taken within or without the state in the manner provided by law for the taking of depositions in civil actions. A subpoena or other process or paper may be served upon a person it names anywhere within the state by any officer authorized to serve subpoenas or other process or paper in civil actions in the same manner as prescribed by law for service of process issued out of the district court of this state.

Subd. 2. [CLASSIFICATION OF DATA.] The board shall maintain any records, other than client records, obtained as part of an investigation, as investigative data under section 13.41. Client records are classified as private under chapter 13, and must be protected as such in the records of the board and in administrative or judicial proceeding unless the client authorizes the board in writing to make public the identity of the client or a portion or all of the client's records.

Subd. 3. [EXAMINATION.] If a board has probable cause to believe that an applicant or licensee has engaged in conduct prohibited by section 214.10, it may issue an order directing the applicant or licensee to submit to a mental or physical examination or chemical dependency evaluation. For the purpose of this section, every applicant or licensee is considered to have consented to submit to a mental or physical examination or chemical dependency evaluation when ordered to do so in writing by the board and to have waived all objections to the admissibility of the examiner's or evaluator's testimony or reports on the grounds that the testimony or reports constitute a privileged communication.

Subd. 4. [FAILURE TO SUBMIT TO AN EXAMINATION.] Failure to submit to an examination or evaluation when ordered, unless the failure was due to circumstances beyond the control of the applicant or licensee, constitutes an admission that the applicant or licensee violated section 214.10, based on the factual specifications in the examination or evaluation order, and may result in an application being denied or a default and final disciplinary order being entered after a contested case hearing. The only issues to be determined at the hearing are whether the designated board member had probable cause to issue the examination or evaluation order and whether the failure to submit was due to circumstances beyond

the control of the applicant or licensee. Neither the record of a proceeding under this subdivision nor the orders entered by the board are admissible, subject to subpoena, or to be used against the applicant or licensee in a proceeding in which the board is not a party or decision maker. Information obtained under this subdivision is classified as private under chapter 13 and the orders issued by a board as the result of an applicant or licensee to submit to an examination or evaluation are classified as public.

Subd. 5. [ACCESS TO DATA AND RECORDS.] In addition to ordering a physical or mental examination or chemical dependency evaluation and notwithstanding section 13.42, 144.651, 595.02, or any other law limiting access to medical or other health records, a board may obtain data and health records relating to an applicant or licensee without the applicant's or licensee's consent if the board has probable cause to believe that an applicant or licensee has engaged in conduct prohibited by section 214.10. An applicant, licensee, insurance company, health care facility, provider as defined in section 144.335, subdivision 1, paragraph (b), or government agency shall comply with any written request of the board under this subdivision and is not liable in any action for damages for releasing the data requested by the board if the data are released in accordance with a written request made under this subdivision, unless the information is false and the person or entity giving the information knew or had reason to know that the information was false. Information on individuals obtained under this section is investigative data under section 13.41.

Subd. 6. [FORMS OF DISCIPLINARY ACTION.] When grounds for disciplinary action exist under section 214.10, or statute or rule enforced by the board, it may take one or more of the following disciplinary actions:

- (1) deny the right to practice;
- (2) revoke the right to practice;
- (3) suspend the right to practice;
- (4) impose limitations on the practice of the licensee;
- (5) impose conditions on the practice of the licensee;
- (6) impose a civil penalty not exceeding \$10,000 for each separate violation, the amount of the civil penalty to be fixed so as to deprive the licensee of any economic advantage gained by reason of the violation charged, or to discourage repeated violations;
- (7) impose a fee to reimburse the board for all or part of the cost of the proceedings resulting in disciplinary action including, but not

limited to, the amount paid by the board for services from the office of administrative hearings, attorney fees, court reporters, witnesses, reproduction of records, board members' per diem compensation, board staff time, and expense incurred by board members and staff;

(8) censure or reprimand the licensee; or

(9) take any other action justified by the facts of the case.

Subd. 7. [TEMPORARY SUSPENSION.] In addition to any other remedy provided by law, the board may, acting through its designated board member and without a hearing, temporarily suspend the right of a licensee to practice if the board member finds that the licensee has violated a statute or rule that the board is empowered to enforce and that continued practice by the licensee would create a serious risk of harm to others. The suspension is in effect upon service of a written order on the licensee specifying the statute or rule violated. The order remains in effect until the board issues a final order in the matter after a hearing or upon agreement between the board and the licensee. Service of the order is effective if the order is served on the licensee or counsel of record personally or by first class mail to the most recent address provided to the board for the licensee or the counsel of record. Within ten days of service of the order, the board shall hold a hearing before its own members on the sole issue of whether there is a reasonable basis to continue, modify, or lift the suspension. Evidence presented by the board or licensee may be in affidavit form only. The licensee or the counsel of record may appear for oral argument. Within five working days after the hearing, the board shall issue its order and, if the suspension is continued, schedule a contested case hearing within 45 days after issuance of the order. The administrative law judge shall issue a report within 30 days after closing of the contested case hearing record. The board shall issue a final order within 30 days after receipt of that report.

Subd. 8. [AUTOMATIC SUSPENSION.] The right to practice is automatically suspended if (1) a guardian of a licensee is appointed by order of a probate court under sections 525.54 to 525.61, or (2) the licensee is committed by order of a probate court pursuant to chapter 253B or sections 526.09 to 526.11. The right to practice remains suspended until the licensee is restored to capacity by a court and, upon petition by the licensee, the suspension is terminated by the board after a hearing or upon agreement between the board and the licensee.

Subd. 9. [ADDITIONAL REMEDIES.] The board may in its own name issue a cease and desist order to stop a person from engaging in an unauthorized practice or violating or threatening to violate a statute, rule, or order which the board has issued or is empowered to enforce. The cease and desist order must state the reason for its issuance and give notice of the person's right to request a hearing

under sections 14.57 to 14.62. If, within 15 days of service of the order, the subject of the order fails to request a hearing in writing, the order is the final order of the board and is not reviewable by a court or agency.

A hearing must be initiated by the board not later than 30 days from the date of the board's receipt of a written hearing request. Within 30 days of receipt of the administrative law judge's report, the board shall issue a final order modifying, vacating, or making permanent the cease and desist order as the facts require. The final order remains in effect until modified or vacated by the board.

When a request for a stay accompanies a timely hearing request, the board may, in its discretion, grant the stay. If the board does not grant a requested stay, it shall refer the request to the office of administrative hearings within three working days of receipt of the request. Within ten days after receiving the request from the board, an administrative law judge shall issue a recommendation to grant or deny the stay. The board shall grant or deny the stay within five days of receiving the administrative law judge's recommendation.

In the event of noncompliance with a cease and desist order, the board may institute a proceeding in Ramsey county district court to obtain injunctive relief or other appropriate relief, including a civil penalty payable to the board not exceeding \$10,000 for each separate violation.

Subd. 10. [INJUNCTIVE RELIEF.] In addition to any other remedy provided by law, including the issuance of a cease and desist order under subdivision 1, a board may in its own name bring an action in Ramsey county district court for injunctive relief to restrain any unauthorized practice or violation or threatened violation of any statute, rule, or order which the board is empowered to regulate, enforce, or issue. A temporary restraining order must be granted in the proceeding if continued activity by a licensee would create a serious risk of harm to others. The board need not show irreparable harm.

Subd. 11. [ADDITIONAL POWERS.] The issuance of a cease and desist order or injunctive relief granted under this section does not relieve a licensee from criminal prosecution by a competent authority or from disciplinary action by the board. Nothing in this section limits the board's authority to seek injunctive relief under section 214.11.

Subd. 2. [INSTITUTIONS.] A state agency, political subdivision, agency of a local unit of government, private agency, hospital, clinic, prepaid medical plan, or other health care institution or organization located in this state shall report to the office of mental health practice any action taken by the agency, institution, or organization or any of its administrators or medical or other committees to revoke, suspend, restrict, or condition an unlicensed mental health practitioner's privilege to practice or treat patients or clients in the institution, or as part of the organization, any denial of privileges, or any other disciplinary action for conduct that might constitute grounds for disciplinary action by the office under this chapter. The institution, organization, or governmental entity shall also report the resignation of any unlicensed mental health practitioners prior to the conclusion of any disciplinary action proceeding for conduct that might constitute grounds for disciplinary action under this chapter, or prior to the commencement of formal charges but after the practitioner had knowledge that formal charges were contemplated or were being prepared.

Subd. 3. [PROFESSIONAL SOCIETIES.] A state or local professional society for unlicensed mental health practitioners shall report to the office of mental health practice any termination, revocation, or suspension of membership or any other disciplinary action taken against an unlicensed practitioner. If the society has received a complaint that might be grounds for discipline under this chapter against a member on which it has not taken any disciplinary action, the society shall report the complaint and the reason why it has not taken action on it or shall direct the complainant to the office of mental health practice.

Subd. 4. [LICENSED PROFESSIONALS.] A licensed health professional shall report to the office of mental health practice personal knowledge of any conduct that the licensed health professional reasonably believes constitutes grounds for disciplinary action under this chapter by any unlicensed mental health practitioner, including conduct indicating that the individual may be medically incompetent, or may be medically or physically unable to engage safely in the provision of services. If the information was obtained in the course of a client relationship, the client is an unlicensed mental health practitioner, and the treating individual successfully coun-

sels the other practitioner to limit or withdraw from practice to the extent required by the impairment, the office may deem this limitation of or withdrawal from practice to be sufficient disciplinary action.

Subd. 5. [INSURERS.] Four times each year as prescribed by the commissioner, each insurer authorized to sell insurance described in section 60A.06, subdivision 1, clause (13), and providing professional liability insurance to unlicensed mental health practitioners or the medical joint underwriting association under chapter 62F, shall submit to the office of mental health practice a report concerning the unlicensed mental health practitioners against whom malpractice settlements or awards have been made. - (3) the allegations contained in the claim or complaint leading to the settlements or awards made;
- (4) the dollar amount of each malpractice settlement or award;
- (5) the regular address of the practice of the unlicensed practitioner against whom an award was made or with whom a settlement was made; and
- (6) the name of the unlicensed practitioner against whom an award was made or with whom a settlement was made.

The insurance company shall, in addition to the above information, submit to the office of mental health practice any information, records, and files, including clients' charts and records, it possesses that tend to substantiate a charge that an unlicensed mental health practitioner may have engaged in conduct violating this chapter.

Subd. 6. [COURTS.] The court administrator of district court or any other court of competent jurisdiction shall report to the office of mental health practice any judgment or other determination of the court that adjudges or includes a finding that an unlicensed mental health practitioner is mentally ill, mentally incompetent, guilty of a felony, guilty of a violation of federal or state narcotics laws or controlled substances act, or guilty of abuse or fraud under Medicare or Medicaid; or that appoints a guardian of the unlicensed mental health practitioner under sections 525.54 to 525.61 or commits an unlicensed mental practitioner under chapter 253B or sections 526.09 to 526.11.

Subd. 7. [SELF-REPORTING.] An unlicensed mental health prac-

titioner shall report to the office of mental health practice any personal action that would require that a report be filed with the office by any person, health care facility, business, or organization pursuant to subdivisions 2 to 5. The practitioner shall also report the revocation, suspension, restriction, limitation, or other disciplinary action against the mental health practitioner's license, certificate, registration, or right of practice in another state or jurisdiction, for offenses that would be subject to disciplinary action in this state and also report the filing of charges regarding the practitioner's license, certificate, registration, or right of practice in another state or jurisdiction.

Subd. 8. [DEADLINES; FORMS.] Reports required by subdivisions 2 to 7 must be submitted not later than 30 days after the reporter learns of the occurrence of the reportable event or transaction. The office of mental health practice may provide forms for the submission of reports required by this section, may require that reports be submitted on the forms provided, and may adopt rules necessary to assure prompt and accurate reporting.

Sec. 54. [148B.64] [IMMUNITY.]

Subdivision 1. [REPORTING.] Any person, health care facility, business, or organization is immune from civil liability or criminal prosecution for submitting a report to the office of mental health practice, for otherwise reporting to the office violations or alleged violations of this chapter, or for cooperating with an investigation of a report, except as provided in this subdivision. Any person who knowingly or recklessly makes a false report is liable in a civil suit for any actual damages suffered by the person or persons so reported and for any punitive damages set by the court or jury. An action requires clear and convincing evidence that the defendant made the statement with knowledge of falsity or with reckless disregard for its truth or falsity. The report or statement or any statement made in cooperation with an investigation or as part of a disciplinary proceeding is privileged except in an action brought under this subdivision.

Subd. 2. [INVESTIGATION.] The commissioner and employees of the department of health, members of the advisory council on mental health practice, and other persons engaged in the investigation of violations and in the preparation, presentation, and management of and testimony pertaining to charges of violations of this chapter are absolutely immune from civil liability and criminal prosecution for any actions, transactions, or publications in the execution of, or relating to, their duties under this chapter.

Sec. 55. [148B.65] [DISCIPLINARY RECORD ON JUDICIAL REVIEW.]

Upon judicial review of any disciplinary action taken by the

commissioner under this chapter, the reviewing court shall seal the administrative record, except for the commissioner's final decision, and shall not make the administrative record available to the public.

Sec. 56. [148B.66] [PROFESSIONAL COOPERATION.]

Subdivision 1. [COOPERATION.] An unlicensed mental health practitioner who is the subject of an investigation, or who is questioned in connection with an investigation, by or on behalf of the office of mental health practice shall cooperate fully with the investigation. Cooperation includes responding fully and promptly to any question raised by or on behalf of the office relating to the subject of the investigation and providing copies of client records, as reasonably requested by the office, to assist the office in its investigation, and appearing at conferences or hearings scheduled by the commissioner. If the office does not have a written consent from a client permitting access to the client's records, the unlicensed mental health practitioner shall delete any data in the record that identifies the client before providing it to the board. The office shall maintain any records obtained pursuant to this section as investigative data pursuant to section 13.41. If an unlicensed mental health practitioner refuses to give testimony or produce any documents, books, records, or correspondence on the basis of the fifth amendment to the Constitution of the United States, the commissioner may compel the unlicensed mental health practitioner to provide the testimony or information; however, the testimony or evidence may not be used against the practitioner in any criminal proceeding. Challenges to requests of the office may be brought before the appropriate agency or court.

Subd. 2. [CLASSIFICATION OF DATA.] The commissioner shall maintain any records, other than client records, obtained as part of an investigation, as investigative data under section 13.41. Client records are classified as private under chapter 13 and must be protected as such in the records of the office and in any administrative or judicial proceeding unless the client authorizes the office in writing to make public the identity of the client or a portion or all of the client's records.

Sec. 57. [148B.67] [PROFESSIONAL ACCOUNTABILITY.]

The office of mental health practice shall maintain and keep current a file containing the reports and complaints filed against unlicensed mental health practitioners within the commissioner's jurisdiction. Each complaint filed with the office must be investigated. If the files maintained by the office show that a malpractice settlement or award has been made against an unlicensed mental health practitioner, as reported by insurers under section 148B.63, subdivision 5, the commissioner may authorize a review of the

practitioner's practice by the staff of the office of mental health practice.

Sec. 58. [148B.68] [PROHIBITED CONDUCT.]

Subdivision 1. [PROHIBITED CONDUCT.] The commissioner may impose disciplinary action as described in section 148B.69 against any unlicensed mental health practitioner. The following conduct is prohibited and is grounds for disciplinary action:

(a) Conviction of a crime, including a finding or verdict of guilt, an admission of guilt, or a no contest plea, in any court in Minnesota or any other jurisdiction in the United States, reasonably related to the provision of mental health services. Conviction, as used in this subdivision, includes a conviction of an offense which, if committed in this state, would be deemed a felony or gross misdemeanor without regard to its designation elsewhere, or a criminal proceeding where a finding or verdict of guilty is made or returned but the adjudication of guilt is either withheld or not entered.

(b) Conviction of crimes against persons. For purposes of this chapter, a crime against a person means violations of the following: sections 609.185; 609.19; 609.195; 609.20; 609.205; 609.21; 609.215; 609.221; 609.222; 609.223; 609.224; 609.23; 609.231; 609.235; 609.24; 609.245; 609.25; 609.255; 609.26, subdivision 1, clause (1) or (2); 609.265; 609.342; 609.343; 609.344; 609.345; 609.365; 609.498, subdivision 1; 609.50, clause (1); 609.561; 609.562; and 609.595.

(c) Failure to comply with the self-reporting requirements of section 148B.63, subdivision 6.

(d) Engaging in sexual contact with a client or former client as defined in section 148A.01, or engaging in contact that may be reasonably interpreted by a client as sexual, or engaging in any verbal behavior that is seductive or sexually demeaning to the patient, or engaging in sexual exploitation of a client or former client.

(e) Advertising that is false, fraudulent, deceptive, or misleading.

(f) Conduct likely to deceive, defraud, or harm the public; or demonstrating a willful or careless disregard for the health, welfare, or safety of a client; or any other practice that may create unnecessary danger to any client's life, health, or safety, in any of which cases, proof of actual injury need not be established.

(g) Adjudication as mentally incompetent, or as a person who has a psychopathic personality as defined in section 526.09, or who is dangerous to self, or adjudication pursuant to chapter 253B, as

chemically dependent, mentally ill, mentally retarded, or mentally ill and dangerous to the public.

(h) Inability to provide mental health services with reasonable safety to clients.

(i) The habitual overindulgence in the use of or the dependence on intoxicating liquors.

(j) Improper or unauthorized personal or other use of any legend drugs as defined in chapter 151, any chemicals as defined in chapter 151, or any controlled substance as defined in chapter 152.

(k) Revealing a communication from, or relating to, a client except when otherwise required or permitted by law.

(l) Failure to comply with a client's request made under section 144.335, or to furnish a client record or report required by law.

(m) Splitting fees or promising to pay a portion of a fee to any other professional other than for services rendered by the other professional to the client.

(n) Engaging in abusive or fraudulent billing practices, including violations of the federal Medicare and Medicaid laws or state medical assistance laws.

(o) Failure to make reports as required by section 148B.63, or cooperate with an investigation of the office.

(p) Obtaining money, property, or services from a client, other than reasonable fees for services provided to the client, through the use of undue influence, harassment, duress, deception, or fraud.

(q) Undertaking or continuing a professional relationship with a client in which the objectivity of the professional would be impaired.

(r) Failure to provide the client with a copy of the client bill of rights or violation of any provision of the client bill of rights.

(s) Violating any order issued by the commissioner.

(t) Failure to comply with sections 148B.60 to 148B.71, and the rules adopted under those sections.

(u) Failure to comply with any additional disciplinary grounds established by the commissioner by rule.

Subd. 2. [EVIDENCE.] In disciplinary actions alleging a violation of subdivision 1, paragraph (a), (b), (c), or (g), a copy of the judgment or proceeding under the seal of the court administrator or of the administrative agency that entered the same is admissible into evidence without further authentication and constitutes prima facie evidence of its contents.

Subd. 3. [EXAMINATION; ACCESS TO MEDICAL DATA.] (a) If the commissioner has probable cause to believe that an unlicensed mental health practitioner has engaged in conduct prohibited by subdivision 1, paragraph (g), (h), (i), or (j), the commissioner may issue an order directing the practitioner to submit to a mental or physical examination or chemical dependency evaluation. For the purpose of this subdivision, every unlicensed mental health practitioner is deemed to have consented to submit to a mental or physical examination or chemical dependency evaluation when ordered to do so in writing by the commissioner of health and further to have waived all objections to the admissibility of the testimony or examination reports of the health care provider performing the examination or evaluation on the grounds that the same constitute a privileged communication. Failure of an unlicensed mental health practitioner to submit to an examination or evaluation when ordered, unless the failure was due to circumstances beyond the practitioner's control, constitutes an admission that the unlicensed mental health practitioner violated subdivision 1, paragraph (g), (h), (i), or (j), based on the factual specifications in the examination or evaluation order and may result in a default and final disciplinary order being entered after a contested case hearing. An unlicensed mental health practitioner affected under this paragraph shall at reasonable intervals be given an opportunity to demonstrate that the practitioner can resume the provision of mental health services with reasonable safety to clients. In any proceeding under this paragraph, neither the record of proceedings nor the orders entered by the commissioner shall be used against a mental health practitioner in any other proceeding.

(b) In addition to ordering a physical or mental examination or chemical dependency evaluation, the commissioner may, notwithstanding section 13.42, 144.651, 595.02, or any other law limiting access to medical or other health data, obtain medical data and health records relating to an unlicensed mental health practitioner without the practitioner's consent if the commissioner has probable cause to believe that a practitioner has engaged in conduct prohibited by subdivision 1, paragraph (g), (h), (i), or (j). The medical data may be requested from a health care professional, as defined in section 144.335, subdivision 1, paragraph (b), an insurance company, or a government agency, including the department of human services. A health care professional, insurance company, or government agency shall comply with any written request of the commissioner under this subdivision and is not liable in any action for damages for releasing the data requested by the commissioner if the

data are released pursuant to a written request under this subdivision, unless the information is false and the person or organization giving the information knew, or had reason to believe, the information was false. Information obtained under this subdivision is private data under section 13.41.

Sec. 59. [148B.69] [DISCIPLINARY ACTIONS.]

Subdivision 1. [FORMS OF DISCIPLINARY ACTION.] When the commissioner finds that an unlicensed mental health practitioner has violated a provision or provisions of this chapter, the commissioner may take one or more of the following actions, only against the individual practitioner:

(1) revoke the right to practice;

(2) suspend the right to practice;

(3) impose limitations or conditions on the practitioner's provision of mental health services, the imposition of rehabilitation requirements, or the requirement of practice under supervision;

(4) impose a civil penalty not exceeding \$10,000 for each separate violation, the amount of the civil penalty to be fixed so as to deprive the practitioner of any economic advantage gained by reason of the violation charged or to reimburse the office of mental health practice for all costs of the investigation and proceeding;

(5) order the practitioner to provide unremunerated professional service under supervision at a designated public hospital, clinic, or other health care institution;

(6) censure or reprimand the practitioner;

(7) impose a fee on the practitioner to reimburse the office for all or part of the cost of the proceedings resulting in disciplinary action including, but not limited to, the amount paid by the office for services from the office of administrative hearings, attorney fees, court reports, witnesses, reproduction of records, advisory council members' per diem compensation, staff time, and expense incurred by advisory council members and staff of the office of mental health practice; or

(8) any other action justified by the case.

Subd. 2. [DISCOVERY; SUBPOENAS.] In all matters relating to the lawful activities of the office of mental health practice, the commissioner of health may issue subpoenas and compel the attendance of witnesses and the production of all necessary papers, books, records, documents, and other evidentiary material. Any person

failing or refusing to appear or testify regarding any matter about which the person may be lawfully questioned or failing to produce any papers, books, records, documents, or other evidentiary materials in the matter to be heard, after having been required by order of the commissioner or by a subpoena of the commissioner to do so may, upon application to the district court in any district, be ordered to comply with the order or subpoena. The commissioner of health may administer oaths to witnesses or take their affirmation. Depositions may be taken within or without the state in the manner provided by law for the taking of depositions in civil actions. A subpoena or other process or paper may be served upon a person it names anywhere within the state by any officer authorized to serve subpoenas or other process or paper in civil actions, in the same manner as prescribed by law for service of process issued out of the district court of this state.

Subd. 3. [REINSTATEMENT.] The commissioner may at the commissioner's discretion reinstate the right to practice and may impose any disciplinary measure listed under subdivision 1.

Subd. 4. [TEMPORARY SUSPENSION.] In addition to any other remedy provided by law, the commissioner may, acting through a person to whom the commissioner has delegated this authority and without a hearing, temporarily suspend the right of an unlicensed mental health practitioner to practice if the commissioner's delegate finds that the practitioner has violated a statute or rule that the commissioner is empowered to enforce and continued practice by the practitioner would create a serious risk of harm to others. The suspension is in effect upon service of a written order on the practitioner specifying the statute or rule violated. The order remains in effect until the commissioner issues a final order in the matter after a hearing or upon agreement between the commissioner and the practitioner. Service of the order is effective if the order is served on the practitioner or counsel of record personally or by first class mail. Within ten days of service of the order, the commissioner shall hold a hearing on the sole issue of whether there is a reasonable basis to continue, modify, or lift the suspension. Evidence presented by the office or practitioner shall be in affidavit form only. The practitioner or the counsel of record may appear for oral argument. Within five working days after the hearing, the commissioner shall issue the commissioner's order and, if the suspension is continued, schedule a contested case hearing within 45 days after issuance of the order. The administrative law judge shall issue a report within 30 days after closing of the contested case hearing record. The commissioner shall issue a final order within 30 days after receipt of that report.

Subd. 5. [AUTOMATIC SUSPENSION.] The right to practice is automatically suspended if (1) a guardian of an unlicensed mental health practitioner is appointed by order of a probate court under sections 525.54 to 525.61, or (2) the practitioner is committed by

order of a probate court pursuant to chapter 253B or sections 526.09 to 526.11. The right to practice remains suspended until the practitioner is restored to capacity by a court and, upon petition by the practitioner, the suspension is terminated by the commissioner after a hearing or upon agreement between the commissioner and the practitioner.

Subd. 6. [PUBLIC EMPLOYEES.] Notwithstanding subdivision 1, the commissioner must not take disciplinary action against an employee of the state or a political subdivision of the state. If, after an investigation conducted in compliance with and with the authority granted under sections 148B.60 to 148B.71, the commissioner determines that the employee violated a provision or provisions of this chapter, the commissioner shall report to the employee's employer the commissioner's findings and the actions the commissioner recommends that the employer take. The commissioner's recommendations are not binding on the employer.

Sec. 60. [148B.70] [ADDITIONAL REMEDIES.]

Subdivision 1. [CEASE AND DESIST.] The commissioner of health may issue a cease and desist order to stop a person from violating or threatening to violate a statute, rule, or order which the office of mental health practice has issued or is empowered to enforce. The cease and desist order must state the reason for its issuance and give notice of the person's right to request a hearing under sections 14.57 to 14.62. If, within 15 days of service of the order, the subject of the order fails to request a hearing in writing, the order is the final order of the commissioner and is not reviewable by a court or agency.

A hearing must be initiated by the office of mental health practice not later than 30 days from the date of the office's receipt of a written hearing request. Within 30 days of receipt of the administrative law judge's report, the commissioner shall issue a final order modifying, vacating, or making permanent the cease and desist order as the facts require. The final order remains in effect until modified or vacated by the commissioner.

When a request for a stay accompanies a timely hearing request, the commissioner may, in the commissioner's discretion, grant the stay. If the commissioner does not grant a requested stay, the commissioner shall refer the request to the office of administrative hearings within three working days of receipt of the request. Within ten days after receiving the request from the commissioner, an administrative law judge shall issue a recommendation to grant or deny the stay. The commissioner shall grant or deny the stay within five days of receiving the administrative law judge's recommendation.

In the event of noncompliance with a cease and desist order, the

commissioner may institute a proceeding in Hennepin county district court to obtain injunctive relief or other appropriate relief, including a civil penalty payable to the office of mental health practice not exceeding \$10,000 for each separate violation.

Subd. 2. [INJUNCTIVE RELIEF.] In addition to any other remedy provided by law, including the issuance of a cease and desist order under subdivision 1, the commissioner may in the commissioner's own name bring an action in Hennepin county district court for injunctive relief to restrain an unlicensed mental health practitioner from a violation or threatened violation of any statute, rule, or order which the commissioner is empowered to regulate, enforce, or issue. A temporary restraining order must be granted in the proceeding if continued activity by a practitioner would create a serious risk of harm to others. The commissioner need not show irreparable harm.

Subd. 3. [ADDITIONAL POWERS.] The issuance of a cease and desist order or injunctive relief granted under this section does not relieve a practitioner from criminal prosecution by a competent authority or from disciplinary action by the commissioner.

Sec. 61. [148B.71] [MENTAL HEALTH CLIENT BILL OF RIGHTS.]

Subdivision 1. [SCOPE.] All unlicensed mental health practitioners other than those providing services in a facility regulated under section 144.651 or a government agency shall provide to each client prior to providing treatment a written copy of the mental health client bill of rights. A copy must also be posted in a prominent location in the office of the mental health practitioner. The mental health client bill of rights shall include the following:

(g) a statement that the client has a right to reasonable notice of changes in services or charges;

Subd. 2. [ACKNOWLEDGMENT BY CLIENT.] Prior to the provision of any service, the client must sign a written statement attesting that the client has received the client bill of rights.

Sec. 62. [148B.72] [EXPENSES.]

The expenses of administering the office of mental health practice under sections 148B.60 to 148B.71 must be recovered by transferring to the commissioner a portion of the surplus of the fees collected by the health-related licensing boards and by assessing a fee surcharge on the indirect costs charged to each health-related licensing board. At the end of each biennium, the commissioner of finance shall identify the amount of any surplus remaining in the state government special revenue fund of the license fees collected by the health-related licensing boards. The commissioner of finance shall also determine a reasonable amount of the surplus that must remain in the state government special revenue fund as a cash flow reserve. Any surplus remaining in the account in excess of the cash flow reserve that is attributable to health-related licensing board collections must be transferred to the commissioner of health for the office of mental health practice for the next biennium, not to exceed the amount of the legislative appropriation for the office. At the end of each biennium, the commissioner of health shall determine the amount of the health-related licensing board surcharge for the next biennium that must be assessed in order to cover the costs of administering the office of mental health practice, after deducting the amount of any surplus transferred from the state government special revenue fund. The fee surcharge must be based on a percentage of the indirect costs charged to each health-related licensing board. The total amount collected through the surcharge must not exceed the amount of the legislative appropriation from the state government special revenue fund minus any surplus transferred from the special revenue fund, except that the commissioner may recover the costs of initial rulemaking and other one-time expenses over a four-year period. The commissioner of health and the commissioner of finance shall determine the amount of the surcharge without adopting rules.

When establishing financial and statistical reporting requirements, the commissioner shall evaluate all reports, in consultation with the counties,

to determine if the reports can be simplified or the number of reports can be reduced.

(b) The county board shall submit monthly or quarterly reports to the department as required by the commissioner. Monthly reports are due no later than 15 working days after the end of the month. (c) If the required reports are not received by the deadlines established in clause (b), the commissioner may delay payments and withhold funds from the county board until the next reporting period. (d) A county board that submits reports that are late, illegible, incomplete, or not in the required format for two out of three consecutive reporting periods is considered noncompliant. The corrective action plan must be submitted to the commissioner within 45 days after the date the county board received notice of noncompliance.

(e) The final deadline for fiscal reports or amendments to fiscal reports is one year after the date the report was originally due. If the commissioner does not receive a report by the final deadline, the county board forfeits the funding associated with the report for that reporting period and the county board must repay any funds associated with the report received for that reporting period.

(f) The commissioner may not delay payments, withhold funds, or require repayment under paragraph (c) or (e) if the county demonstrates that the commissioner failed to provide appropriate forms, guidelines, and technical assistance to enable the county to comply with the requirements. If the county board disagrees with an action taken by the commissioner under paragraph (c) or (e), the county board may appeal the action according to sections 14.57 to 14.69.

(g) Counties subject to withholding of funds under paragraph (c) or forfeiture or repayment of funds under paragraph (e) shall not reduce or withhold benefits or services to clients to cover costs

incurred due to actions taken by the commissioner under paragraph (c) or (e).

(18) Allocate federal fiscal disallowances or sanctions for audit exceptions when federal fiscal disallowances or sanctions are based on a statewide random sample for the foster care program under title IV-E of the Social Security Act, United States Code, title 42, in direct proportion to each county's title IV-E foster care maintenance claim for that period.

Subd. 2. [AGENCY NOTICE OF POTENTIAL OUT-OF-HOME PLACEMENT.] When a local social service agency or private child placing agency determines that an Indian child is in a dependent or other condition that could lead to an out-of-home placement and requires the continued involvement of the agency with the child for a period in excess of 30 days, the agency shall send notice of the condition and of the initial steps taken to remedy it to the Indian child's tribal social service agency within seven days of the determination. At this and any subsequent stage of its involvement with an Indian child, the agency shall, upon request, give the tribal social service agency full cooperation including access to all files concerning the child. If the files contain confidential or private data, the agency may require execution of an agreement with the tribal social service agency that the tribal social service agency shall maintain the data according to statutory provisions applicable to the data. This subdivision applies whenever the court transfers legal custody of an Indian child under section 260.185, subdivision 1, paragraph (c), clause (1), (2), or (3) following an adjudication for a misdemeanor-level delinquent act.

Sec. 33. Minnesota Statutes 1990, section 268.022, subdivision 2, is amended to read:

Subd. 2. [DISBURSEMENT OF SPECIAL ASSESSMENT FUNDS.] (a) The money collected under this section shall be deposited in the state treasury and credited to a dedicated fund to provide for the dislocated worker programs established under sections 268.975 to 268.98; including vocational guidance, training, placement, and job development.

(b) All money in the dedicated fund is appropriated to the commissioner who must act as the fiscal agent for the money and must disburse the money for the purposes of this section, not allowing the money to be used for any other obligation of the state. All money in the dedicated fund shall be deposited, administered, and disbursed in the same manner and under the same conditions and requirements as are provided by law for the other dedicated funds in the state treasury, except that all interest or net income resulting from the investment or deposit of money in the fund shall accrue to the fund for the purposes of the fund.

(c) No more than five percent of the dedicated funds collected in each fiscal year may be used by the department of jobs and training for its administrative costs.

(d) The dedicated funds, less amounts under paragraph (c), must be allocated as follows:

(1) 50 percent to be allocated according to paragraph (e) to the substate grantees under subchapter III of the Job Training Partnership Act, United States Code, title 29, section 1661a in proportion to each substate area's share of the federal allocated funds, to be used to assist dislocated workers under the standards in section 268.98;

(2) 50 percent to fund specific programs proposed under the state plan request for proposal process and recommended by the governor's job training council. This fund shall be used for state plan request for proposal programs addressing plant closings or layoffs regardless of size; and

(3) in fiscal years 1991, 1992, and 1993, any amounts transferred to the general fund or obligated before the effective date of this section shall be excluded from the calculation under this paragraph.

(e) In the event that a substate grantee has obligated 100 percent of its formula allocated federal funds under subchapter III of the Job

Training Partnership Act, United States Code, title 29, section 1651 et seq., and has demonstrated appropriate use of the funds to the governor's job training council, the substate grantee may request and the commissioner shall provide additional funds to the substate area in an amount equal to the federal formula allocated funds. When a substate grantee has obligated 100 percent of the additional funds provided under this section, and has demonstrated appropriate use of the funds to the governor's job training council, the substate grantee may request and the commissioner shall provide further additional funds in amounts equal to the federal formula allocated funds until the substate area receives its proportionate share of funds under paragraph (d), clause (1).

(f) By December 31 of each fiscal year each substate grantee and the governor's job training council shall report to the commissioner on the extent to which funds under this section are committed and the anticipated demand for funds for the remainder of the fiscal year. The commissioner shall reallocate those funds that the substate grantees and the council do not anticipate expending for the remainder of the fiscal year to be available for requests from other substate grantees or other dislocated worker projects proposed to the governor's job training council which demonstrate a need for additional funding.

(g) Due to the anticipated quarterly variations in the amounts collected under this section, the amounts allocated under paragraph (d) must be based on collections for each quarter. Any amount collected in the final two quarters of the fiscal year, but not allocated, obligated or expended in the fiscal year, shall be available for allocation, obligation and expenditure in the following fiscal year.

Sec. 34. Minnesota Statutes 1990, section 268.914, is amended to read:

268.914 [DISTRIBUTION OF APPROPRIATION.]

Subdivision 1. [STATE SUPPLEMENT FOR FEDERAL GRANTEES.] (a) The commissioner of jobs and training shall distribute money appropriated for that purpose to head start program grantees to expand services to additional low-income children. Money must be allocated to each project head start grantee in existence on the effective date of Laws 1989, chapter 282. Migrant and Indian reservation grantees must be initially allocated money based on the grantees' share of federal funds. The remaining money must be initially allocated to the remaining local agencies based equally on the agencies' share of federal funds and on the proportion of eligible children in the agencies' service area who are not currently being served. A head start grantee must be funded at a per child rate equal to its contracted, federally funded base level for program accounts 20 to 26 at the start of the fiscal year. The commissioner may provide

additional funding to grantees for start-up costs incurred by grantees due to the increased number of children to be served. Before paying money to the grantees, the commissioner shall notify each grantee of its initial allocation, how the money must be used, and the number of low-income children that must be served with the allocation. Each grantee must notify the commissioner of the number of additional low-income children it will be able to serve. For any grantee that cannot serve additional children to its full allocation, the commissioner shall reduce the allocation proportionately. Money available after the initial allocations are reduced must be redistributed to eligible grantees.

(b) Up to 11 percent of the funds appropriated annually may be used to provide grants to local head start agencies to provide funds for innovative programs designed either to target head start resources to particular at-risk groups of children or to provide services in addition to those currently allowable under federal head start regulations. The commissioner shall award funds for innovative programs under this paragraph on a competitive basis.

Subd. 2. [SERVICE EXPANSION GRANTS.] One-third of any biennial increase in the state appropriations for head start programs shall be allocated by the commissioner of jobs and training, under a request for proposal system, to existing head start grantees for service expansion.

Priority for state-funded service expansion grants must be given to applicants who propose to:

(1) coordinate or co-locate the services through an existing community-based, family-oriented program such as a family resource center;

(2) minimize the amount of state funding that is needed for initial construction or remodeling costs by using an existing facility, by sharing a facility with a school or other program, or by obtaining contributions for these costs from private or local sources;

(3) reduce the costs and time of transportation by enabling children to attend a program closer to their home communities;

(4) increase services in an area where less than 15 percent of eligible children are enrolled; and

(5) expand programs within a city where no center-based program exists.

The additional funds provided to a grantee under this subdivision shall be considered part of the grantees funding base for future formula allocations of state or federal funds.

Sec. 35. Minnesota Statutes 1990, section 268.975, subdivision 3, is amended to read:

Subd. 3. [DISLOCATED WORKER.] "Dislocated worker" means an individual who:

(2) public assistance on account of dependents in the home and no longer receives such support.

An additional dislocated worker must have resided in Minnesota at the time the support ceased.

Sec. 37. Minnesota Statutes 1990, section 268.977, is amended to read:

268.977 [RAPID RESPONSE PROGRAM.]

Subdivision 1. [PROGRAM ESTABLISHMENT.] (a) The commissioner shall establish a rapid response program to (1) assist employees, employers, business organizations or associations, labor organizations, local government units, and community organizations to quickly and effectively respond to announced or actual plant closings and substantial layoffs and (2) assist dislocated workers and additional dislocated workers. (7) when they can be provided without adversely affecting delivery of services to all dislocated workers, the services under clause (4) shall be available to additional dislocated workers as defined in section 268.975, subdivision 3a.

Subd. 2. [APPLICABILITY.] ~~Notwithstanding section 268.975, subdivisions 6 and 8, the commissioner may waive the threshold requirements for finding a plant closing or substantial layoff in special cases where the governor's job training council recommends waiver to the commissioner following a finding by the council that the number of workers dislocated as a result of a plant closing or substantial layoff would have a substantial impact on the community or labor market where the closure or layoff occurs and, in the absence of intervention through the rapid response program, would overwhelm the capacity of other programs to provide effective assistance. A proposal for a program recommended for funding by the governor's job training council shall not be denied based upon the increased funding and resources of substate areas.~~

Sec. 38. Minnesota Statutes 1990, section 268.98, is amended to read:

268.98 [PERFORMANCE STANDARDS.]

(a) The commissioner shall establish performance standards for the programs and activities administered or funded through the rapid response program under section 268.977. The commissioner may use existing federal performance standards or, if the commissioner determines that the federal standards are inadequate or not suitable, may formulate new performance standards to ensure that the programs and activities of the rapid response program are effectively administered.

(b) Not less than 20 percent of the funds expended under this section must be used to provide needs-related payments and other supportive services as those terms are used in subchapter III of the Job Training Partnership Act, United States Code, title 29, section 1661d(b). This requirement does not apply to the extent that a

program proposal requests less than 20 percent of such funds. At the end of the fiscal year, each substate grantee and each grant recipient shall report to the commissioner on the types of services funded under this paragraph and the amounts expended for such services. By January 15 of each year, the commissioner shall provide a summary report to the legislature.

All increased revenue produced by this calculation must be used for salary and related costs of personnel in positions below top management. The commissioner shall ensure that all increased revenue produced by this calculation is used for salary and related costs of personnel in positions below top management.

If the transfer requires the conveyance of any interest in real estate, the attorney general shall prepare appropriate instruments of conveyance. The deeds to convey the properties must contain a clause that the property will revert to the state if the property ceases to be used for a public purpose.

The city of Cambridge shall use the land to preserve flood plain open space, to construct a wastewater treatment facility, to construct a trail system, to access the regional treatment center cemetery, to access existing infrastructure, and other public purposes. Economic development is a public purpose within the meaning of the term in Laws 1990, chapter 610, article 1, section 12, subdivision 5, and sales or conveyances to private parties shall be deemed as economic development. Property conveyed by the state under this section shall not revert to the state if it is conveyed or otherwise encumbered by the city as part of a city economic development activity. The appropriation in Laws 1990, chapter 610, article 1, section 12, subdivision 5, expires upon the accomplishment or abandonment of its purpose and the purposes of this section.

Sec. 41. [REPEALER.]

Laws 1990, chapter 568, article 6, section 4, is repealed effective the day following final enactment.

Sec. 42. [EFFECTIVE DATE.]

Sections 35 to 37 are effective the day following final enactment.

ARTICLE 4 HEALTH CARE

Section 1. Minnesota Statutes 1990, section 144A.071, subdivision 3, is amended to read:

Subd. 3. [EXCEPTIONS.] The commissioner of health, in coordination with the commissioner of human services, may approve the addition of a new certified bed or the addition of a new licensed nursing home bed, under the following conditions:

(a) to replace a bed decertified after May 23, 1983, or to address an

extreme hardship situation, in a particular county that, together with all contiguous Minnesota counties, has fewer nursing home beds per 1,000 elderly than the number that is ten percent higher than the national average of nursing home beds per 1,000 elderly individuals. For the purposes of this section, the national average of nursing home beds shall be the most recent figure that can be supplied by the federal health care financing administration and the number of elderly in the county or the nation shall be determined by the most recent federal census or the most recent estimate of the state demographer as of July 1, of each year of persons age 65 and older, whichever is the most recent at the time of the request for replacement. In allowing replacement of a decertified bed, the commissioners shall ensure that the number of added or recertified beds does not exceed the total number of decertified beds in the state in that level of care. An extreme hardship situation can only be found after the county documents the existence of unmet medical needs that cannot be addressed by any other alternatives;

(b) to certify a new bed in a facility that commenced construction before May 23, 1983. For the purposes of this section, "commenced construction" means that all of the following conditions were met: the final working drawings and specifications were approved by the commissioner of health; the construction contracts were let; a timely construction schedule was developed, stipulating dates for beginning, achieving various stages, and completing construction; and all zoning and building permits were secured;

(c) to certify beds in a new nursing home that is needed in order to meet the special dietary needs of its residents, if: the nursing home proves to the commissioner's satisfaction that the needs of its residents cannot otherwise be met; elements of the special diet are not available through most food distributors; and proper preparation of the special diet requires incurring various operating expenses, including extra food preparation or serving items, not incurred to a similar extent by most nursing homes;

(d) to license a new nursing home bed in a facility that meets one of the exceptions contained in clauses (a) to (c);

(e) to license nursing home beds in a facility that has submitted either a completed licensure application or a written request for licensure to the commissioner before March 1, 1985, and has either commenced any required construction as defined in clause (b) before May 1, 1985, or has, before May 1, 1985, received from the commissioner approval of plans for phased-in construction and written authorization to begin construction on a phased-in basis. For the purpose of this clause, "construction" means any erection, building, alteration, reconstruction, modernization, or improvement necessary to comply with the nursing home licensure rules;

(f) to certify or license new beds in a new facility that is to be

operated by the commissioner of veterans' affairs or when the costs of constructing and operating the new beds are to be reimbursed by the commissioner of veterans' affairs or the United States Veterans Administration;

(g) to license or certify beds in a new facility constructed to replace a facility that was destroyed after June 30, 1987, by fire, lightning, or other hazard provided:

(1) destruction was not caused by the intentional act of or at the direction of a controlling person of the facility;

(2) at the time the facility was destroyed the controlling persons of the facility maintained insurance coverage for the type of hazard that occurred in an amount that a reasonable person would conclude was adequate;

(3) the net proceeds from an insurance settlement for the damages caused by the hazard are applied to the cost of the new facility;

(4) the new facility is constructed on the same site as the destroyed facility or on another site subject to the restrictions in section 144A.073, subdivision 5; and

(5) the number of licensed and certified beds in the new facility does not exceed the number of licensed and certified beds in the destroyed facility;

(h) to license or certify beds that are moved from one location to another within a nursing home facility, provided the total costs of remodeling performed in conjunction with the relocation of beds does not exceed ten percent of the appraised value of the facility or \$200,000, whichever is less, or to license or certify beds in a facility for which the total costs of remodeling or renovation exceed ten percent of the appraised value of the facility or \$200,000, whichever is less, if the facility makes a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate by reason of the remodeling or renovation;

(i) to license or certify beds in a facility that has been involuntarily delicensed or decertified for participation in the medical assistance program, provided that an application for relicensure or recertification is submitted to the commissioner within 120 days after delicensure or decertification;

(j) to license or certify beds in a project recommended for approval by the interagency board for quality assurance under section 144A.073;

(k) to license nursing home beds in a hospital facility that are relocated from a different hospital facility under common ownership or affiliation, provided: (1) the nursing home beds are not certified for participation in the medical assistance program; and (2) the relocation of nursing home beds under this clause should not exceed a radius of six miles;

(l) to license or certify beds that are moved from one location to another within an existing identifiable complex of hospital buildings, from a hospital-attached nursing home to the hospital building, or from a separate nursing home to a building formerly used as a hospital, provided the original nursing home building will no longer be operated as a nursing home and the building to which the beds are moved will no longer be operated as a hospital. As a condition of receiving a license or certification under this clause, the facility must make a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate as a result of the relocation. At the time of the licensure and certification of the nursing home beds, the commissioner of health shall delicense the same number of acute care beds within the existing complex of hospital buildings or building. Relocation of nursing home beds under this clause is subject to the limitations in section 144A.073, subdivision 5;

(m) to license or certify beds that are moved from an existing state nursing home to a different state facility, provided there is no net increase in the number of state nursing home beds. The relocated beds need not be licensed and certified at the new location simultaneously with the delicensing and decertification of the old beds and may be licensed and certified at any time after the old beds are delicensed and decertified;

(n) to license new nursing home beds in a continuing care retirement community affiliated with a national referral center engaged in substantial programs of patient care, medical research, and medical education meeting state and national needs that receives more than 40 percent of its residents from outside the state for the purpose of meeting contractual obligations to residents of the retirement community, provided the facility makes a written commitment to the commissioner of human services that it will not seek medical assistance certification for the new beds;

(o) to certify or license new beds in a new facility on the Red Lake Indian Reservation for which payments will be made under the Indian Health Care Improvement Act, Public Law Number 94-437, at the rates specified in United States Code, title 42, section 1396d(b);

(p) to certify and license as nursing home beds boarding care beds in a certified boarding care facility if the beds meet the standards for nursing home licensure and if the cost of any remodeling of the

facility does not exceed ten percent of the appraised value of the facility or \$200,000, whichever is less. If boarding care beds are licensed as nursing home beds, the number of boarding care beds in the facility must not increase in the future. The provisions contained in section 144A.073 regarding the upgrading of the facilities do not apply to facilities that satisfy these requirements;

(q) to license and certify up to 40 beds transferred from an existing facility owned and operated by the Amherst H. Wilder Foundation in the city of Saint Paul to a new unit at the same location as the existing facility that will serve persons with Alzheimer's disease and other related disorders. The transfer of beds may occur gradually or in stages, provided the total number of beds transferred does not exceed 40. At the time of licensure and certification of a bed or beds in the new unit, the commissioner of health shall delicense and decertify the same number of beds in the existing facility. As a condition of receiving a license or certification under this clause, the facility must make a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate as a result of the transfers allowed under this clause;

(r) to license and certify nursing home beds to replace currently licensed and certified boarding care beds which may be located either in a remodeled or renovated boarding care or nursing home facility or in a remodeled, renovated, newly constructed, or replacement nursing home facility within the identifiable complex of health care facilities in which the currently licensed boarding care beds are presently located, provided that the number of boarding care beds in the facility or complex are decreased by the number to be licensed as nursing home beds and further provided that, if the total costs of new construction, replacement, remodeling, or renovation exceed ten percent of the appraised value of the facility or \$200,000, whichever is less, the facility makes a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate by reason of the new construction, replacement, remodeling, or renovation. The provisions contained in section 144A.073 regarding the upgrading of facilities do not apply to facilities that satisfy these requirements; or

(s) to license or certify beds that are moved from a nursing home to a separate facility under common ownership or control that was formerly licensed as a hospital and is currently licensed as a nursing facility and that is located within eight miles of the original facility, provided the original nursing home building will no longer be operated as a nursing home. As a condition of receiving a license or certification under this clause, the facility must make a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate as a result of the relocation; or

(t) to license as a nursing home and certify as a nursing facility a facility that is licensed as a boarding care facility but not certified under the medical assistance program, but only if the commissioner of human services certifies to the commissioner of health that licensing the facility as a nursing home and certifying the facility as a nursing facility will result in a net annual savings to the state general fund of \$200,000 or more.

Sec. 2. Minnesota Statutes 1990, section 144A.071, is amended by adding a subdivision to read:

Subd. 3a. [CERTIFICATION OF LICENSED BEDS IN A CERTIFIED FACILITY.] Nothing in this section prohibits the commissioner of health from certifying licensed nursing home beds in a facility certified for medical assistance provided that these beds meet the certification requirements and the facility enters into a written agreement with the commissioner of human services specifying that medical assistance reimbursement shall not be requested for a greater number of residents than the facility had medical assistance certified beds on April 1, 1991.

Sec. 3. Minnesota Statutes 1990, section 144A.10, subdivision 4, is amended to read:

Subd. 4. [CORRECTION ORDERS.] Whenever a duly authorized representative of the commissioner of health finds upon inspection of a nursing home, that the facility or a controlling person or an employee of the facility is not in compliance with sections 144.651, 144A.01 to 144A.16, or 626.557 or the rules promulgated thereunder, a correction order shall be issued to the facility. The correction order shall state the deficiency, cite the specific rule or statute violated, state the suggested method of correction, and specify the time allowed for correction. If the commissioner finds that the nursing home had uncorrected or repeated violations which create a risk to resident care, safety, or rights, the commissioner shall notify the commissioner of human services who shall (1) review reimbursement to the nursing home to determine the extent to which the state has paid for substandard care and, (2) furnish the findings and disposition to the commissioner of health within 30 days of notification require the facility to use any efficiency incentive payments received under section 256B.431, subdivision 2b, paragraph (d), to correct the violations and shall require the facility to forfeit incentive payments for failure to correct the violations as provided in section 256B.431, subdivision 2p. The forfeiture shall not apply to correction orders issued for physical plant deficiencies.

Sec. 4. Minnesota Statutes 1990, section 245.465, is amended to read:

245.465 [DUTIES OF COUNTY BOARD.]

Subdivision 1. The county board in each county shall use its share of mental health and community social service act funds allocated by the commissioner according to a biennial local mental health service proposal approved by the commissioner. The county board must:

(1) develop and coordinate a system of affordable and locally available adult mental health services in accordance with sections 245.461 to 245.486;

(2) provide for case management services to adults with serious and persistent mental illness in accordance with sections 245.462, subdivisions 3 and 4; 245.4711; and 245.486;

(3) provide for screening of adults specified in section 245.476 upon admission to a residential treatment facility or acute care hospital inpatient, or informal admission to a regional treatment center;

(4) prudently administer grants and purchase-of-service contracts that the county board determines are necessary to fulfill its responsibilities under sections 245.461 to 245.486; and

(5) assure that mental health professionals, mental health practitioners, and case managers employed by or under contract with the county to provide mental health services have experience and training in working with adults with mental illness.

Subd. 2. [RESIDENTIAL AND COMMUNITY SUPPORT PROGRAMS FOR PERSONS WITH MENTAL ILLNESS: SALARY ADJUSTMENTS PER DIEM.] In establishing, operating, or contracting for the provision of programs licensed under Minnesota Rules, parts 9520.0500 to 9520.0690 and programs funded under Minnesota Rules, parts 9535.0100 to 9535.1600, for the fiscal year beginning July 1, 1991, a county board's contract must reflect increased salaries by multiplying the total salaries, payroll taxes, and fringe benefits related to personnel below top management by three percent. This increase shall remain in the base for purposes of wage determination in future contract years. County boards shall verify in writing to the commissioner that each program has complied with this requirement. If a county board determines that a program has not complied with this requirement for a specific contract period, the county board shall reduce the program's payment rates for the next contract period to reflect the amount of money not spent appropriately. The commissioner shall modify reporting requirements for programs and counties as necessary to monitor compliance with this provision.

Sec. 5. Minnesota Statutes 1990, section 246.23, is amended to read:

246.23 [PERSONS ADMISSIBLE TO REGIONAL TREATMENT CENTERS.]

Subdivision 1. [RESIDENCE.] No person who has not a settlement in a county, as defined in section 256D.18, shall be admitted to a regional treatment center for persons with mental illness, mental retardation, or chemical dependency, except that the commissioner of human services may authorize admission thereto when the residence cannot be ascertained, or when the circumstances in the judgment of the commissioner make it advisable. ~~Except for emergency admissions under sections 253B.05 and 253B.11, or when authorized by the commissioner, a chemical dependency program must not admit a chemically dependent person unless the cost of services will be paid for by private money or nongovernmental third-party payments, the person has been placed by a county or a federally recognized tribal unit that is responsible for payment, or the regional treatment center obtains approval of the admission from the county financially responsible for the person. The commissioner shall maintain and enhance cooperative and effective relationships between counties and regional treatment centers and between the various regional treatment center chemical dependency programs. In carrying out this responsibility. The commissioner shall maintain a regionally based, state administered system of chemical dependency programs.~~ When application is made to a judge of probate for admission to any of the regional treatment centers above named for admission thereto, if the judge finds that the person for whom application is made has not such residence, or that residence cannot be ascertained, the judge shall so report to the commissioner; and may recommend that such person be admitted notwithstanding, giving reasons therefor. The commissioner of human services shall thereupon investigate the question of residence and, if the commissioner finds that such person has not such residence and has a legal residence in another state or country, the commissioner may cause the person to be returned thereto at the expense of this state.

Subd. 2. [CHEMICAL DEPENDENCY TREATMENT.] The commissioner shall maintain a regionally based, state-administered system of chemical dependency programs. Counties may refer individuals who are eligible for services under chapter 254B to the chemical dependency units in the regional treatment centers. A 15 percent county share of the per diem cost of treatment is required for individuals served within the treatment capacity funded by direct legislative appropriation. By July 1, 1991, the commissioner shall establish criteria for admission to the chemical dependency units that will maximize federal and private funding sources, fully utilize the regional treatment center capacity, and make state-funded treatment capacity available to counties on an equitable basis. The admission criteria may be adopted without rulemaking. Existing rules governing placements under chapters 254A and 254B do not apply to admissions to the capacity funded by direct appropriation.

Private and third-party collections and payments are appropriated to the commissioner for the operation of the chemical dependency units. In addition to the chemical dependency treatment capacity funded by direct legislative appropriation, the regional treatment centers may provide treatment to additional individuals whose treatment is paid for out of the chemical dependency consolidated treatment fund under chapter 254B, in which case placement rules adopted under chapter 254B apply, or through other nonstate payment sources.

Sec. 6. Minnesota Statutes 1990, section 246.64, subdivision 3, is amended to read:

Subd. 3. [RESPONSIBILITIES OF COMMISSIONER.] The commissioner shall credit all receipts from billings for rates set in subdivision 1, except those credited according to subdivision 2, to the chemical dependency fund. This money must not be used for a regional treatment center activity that is not a chemical dependency service or an allocation of expenditures that are included in the base for computation of the rates under subdivision 1. The commissioner may expand chemical dependency services so long as expenditures are recovered by patient fees, transfer of funds, or supplementary appropriations. The commissioner may expand or reduce chemical dependency staff complement as long as expenditures are recovered by patient fees, transfer of funds, or supplementary appropriations. ~~An increase or decrease in chemical dependency staff shall not result in an increase or decrease in staff in any facility or unit not providing chemical dependency services.~~ Notwithstanding chapters 176 and 268, the commissioner shall provide for the self-insurance of regional treatment center chemical dependency programs for the costs of unemployment compensation and workers' compensation claims. The commissioner shall provide a biennial report to the chairs of the senate finance subcommittee on health and human services, the house of representatives human services division of appropriations, and the senate and house of representatives health and human services committees.

Sec. 7. Minnesota Statutes 1990, section 252.24, is amended by adding a subdivision to read:

Subd. 5. [DAC'S: SALARY ADJUSTMENT PER DIEM.] The commissioner shall approve a two percent increase in the payment rates for day training and habilitation services vendors effective July 1, 1991. All revenue generated shall be used by vendors to increase salaries, fringe benefits, and payroll taxes by at least three percent for personnel below top management. County boards shall amend contracts with vendors to require that all revenue generated by this provision is expended on salary increases to staff below top management. County boards shall verify in writing to the commissioner that each vendor has complied with this requirement. If a county board determines that a vendor has not complied with this

requirement for a specific contract period, the county board shall reduce the vendor's payment rates for the next contract period to reflect the amount of money not spent appropriately. The commissioner shall modify reporting requirements for vendors and counties as necessary to monitor compliance with this provision.

Each county agency shall report to the commissioner by July 30, 1991, its actual social service day training and habilitation expenditures for calendar year 1990. The commissioner shall allocate the day habilitation service CSSA appropriation made available for this purpose to county agencies in proportion to these expenditures.

Sec. 8. Minnesota Statutes 1990, section 252.275, is amended by adding a subdivision to read:

Subd. 9. [SILS: SALARY ADJUSTMENTS; RATES.] In establishing, operating, or contracting for the provision of semi-independent living services, for the fiscal year beginning July 1, 1991, a county board must contract at rates to pay for increased salaries by multiplying the total salaries, payroll taxes, and fringe benefits related to personnel below top management by three percent. Any maximum rate limit shall be adjusted to provide for this provision. The state shall provide counties with proper reimbursement to cover these increased costs. County boards shall verify in writing to the commissioner that each semi-independent living service provider has complied with this requirement. If a county board determines that a semi-independent living service provider has not complied with this requirement for a specific contract period, the county board shall reduce the provider's payment rates for the next contract period to reflect the amount of money not spent appropriately. The commissioner shall modify reporting requirements for providers and counties as necessary to monitor compliance with this provision.

Sec. 9. Minnesota Statutes 1990, section 252.46, subdivision 3, is amended to read:

Subd. 3. [RATE MAXIMUM.] Unless a variance is granted under subdivision 6, the maximum payment rates for each vendor for a calendar year must be equal to the payment rates approved by the commissioner for that vendor in effect December 1 of the previous calendar year increased by no more than the projected percentage change in the urban consumer price index, all items, published by the United States Department of Labor, for the upcoming calendar year over the current calendar year. The commissioner shall not provide an annual inflation adjustment for the biennium ending June 30, 1993.

Sec. 10. Minnesota Statutes 1990, section 252.46, subdivision 6, is amended to read:

Subd. 6. [VARIANCES.] A variance from the minimum or maxi-

imum payment rates in subdivisions 2 and 3 may be granted by the commissioner when the vendor requests and the county board submits to the commissioner a written variance request with the recommended payment rates. The commissioner shall develop by October 1, 1989, a uniform format for submission of documentation for the variance requests. This format shall be used by each vendor requesting a variance. The form shall be developed by the commissioner and shall be reviewed by representatives of advocacy and provider groups and counties. A variance may be utilized for costs associated with compliance with state administrative rules, compliance with court orders, capital costs required for continued licensure, increased insurance costs, start-up and conversion costs for supported employment, direct service staff salaries and benefits, and transportation. The county board shall review all vendors' payment rates that are ten or more than ten percent lower than the statewide median payment rates. If the county determines that the payment rates do not provide sufficient revenue to the vendor for authorized service delivery the county must recommend a variance under this section. When the county board contracts for increased services from any vendor for some or all individuals receiving services from the vendor, the county board shall review the vendor's payment rates to determine whether the increase requires that a variance to the minimum rates be recommended under this section to reflect the vendor's lower per unit fixed costs. The written variance request must include documentation that all the following criteria have been met:

(1) The commissioner and the county board have both conducted a review and have identified a need for a change in the payment rates and recommended an effective date for the change in the rate.

(2) The proposed changes are required for the vendor to deliver authorized individual services in an effective and efficient manner.

(3) The proposed changes are necessary to demonstrate compliance with minimum licensing standards, ~~or to provide community-integrated and supported employment services after a change in the vendor's existing services has been approved as provided in section 252.28.~~

(4) The vendor documents that the changes cannot be achieved by reallocating current staff or by reallocating financial resources.

(5) The county board submits evidence that the need for additional staff cannot be met by using temporary special needs rate exceptions under Minnesota Rules, parts 9510.1020 to 9510.1140.

(6) The county board submits a description of the nature and cost of the proposed changes, and how the county will monitor the use of money by the vendor to make necessary changes in services.

(7) The county board's recommended payment rates do not exceed 125 percent of the current calendar year's statewide median payment rates.

The commissioner shall have 60 calendar days from the date of the receipt of the complete request to accept or reject it, or the request shall be deemed to have been granted. If the commissioner rejects the request, the commissioner shall state in writing the specific objections to the request and the reasons for its rejection.

Sec. 11. Minnesota Statutes 1990, section 252.46, subdivision 14, is amended to read:

Subd. 14. **[PILOT STUDY.]** The commissioner may initiate a pilot payment rate system under section 252.47. The pilot project may establish training and demonstration sites. The pilot payment rate system must include actual transfers of funds, not simulated transfers. The pilot payment rate system may involve ~~up to four counties and four~~ vendors representing different geographic regions and rates of reimbursement. Participation in the pilot project is voluntary. Selection of participants by the commissioner is based on the vendor's submission of a complete application form provided by the commissioner. The application must include letters of agreement from the host county, counties of financial responsibility, and residential service providers. Evaluation of the pilot project must include consideration of the effectiveness of procedures governing establishment of equitable payment rates. Implementation of the pilot payment rate system is contingent upon federal approval and systems feasibility. The policies and procedures governing administration, participation, evaluation, service utilization, and payment for services under the pilot payment rate system are not subject to the rulemaking requirements of chapter 14.

Sec. 12. Minnesota Statutes 1990, section 252.478, subdivision 1, is amended to read:

Subdivision 1. **[ESTABLISHMENT OF PROGRAM METRO TRANSPORTATION SUPPORT GRANTS.]** The commissioner of human services shall establish and operate a metro transportation support grants program to provide reimbursement for client transportation by metro mobility, or cost-effective alternatives, to day training and habilitation services for which client transportation is a required and funded component, and to maximize use of federal funds for this reimbursement. A metro transportation support grants account shall be established in the department of human services chart of accounts.

Sec. 13. Minnesota Statutes 1990, section 252.478, subdivision 3, is amended to read:

Subd. 3. **[COUNTY SHARE.]** The county share of the metro

transportation support grants program costs will be distributed by the department to all metropolitan counties from the metro transportation support grants account. For state fiscal year 1991, the funds transferred from the regional transit board to this account shall be distributed to: Ramsey county, 48 percent; Hennepin county, 46 percent; Dakota county, five percent; and Anoka county, one percent. For subsequent fiscal years, funds shall be distributed annually based on each county's percentage of total expenses incurred for trips provided on metro mobility to and from day training and habilitation services during the preceding 12-month period, in amounts not to exceed those received by the counties and used for increased expenses incurred for trips provided on metro mobility during fiscal year 1991. Counties must recommend decreases to the payment rates for vendors whose transportation costs decrease with use of cost-effective alternatives. Counties should deposit these funds into the program accounts that will incur the transportation expenses.

Sec. 14. Minnesota Statutes 1990, section 254B.04, subdivision 1, is amended to read:

Subdivision 1. [ELIGIBILITY.] (a) Persons eligible for benefits under Code of Federal Regulations, title 25, part 20, persons eligible for medical assistance benefits under sections 256B.055 and 256B.056 or who meet the income standards of section 256B.056, subdivision 4, and persons eligible for general assistance medical care under section 256D.03, subdivision 3, are entitled to chemical dependency fund services. State money appropriated for this paragraph must be placed in a separate account established for this purpose.

(b) A person not entitled to services under paragraph (a), but with family income that is less than 60 percent of the state median income for a family of like size and composition, shall be eligible to receive chemical dependency fund services within the limit of funds available after persons entitled to services under paragraph (a) have been served. A county may spend money from its own sources to serve persons under this paragraph. State money appropriated for this paragraph must be placed in a separate account established for this purpose.

(c) Persons whose income is between 60 percent and 115 percent of the state median income shall be eligible for chemical dependency services on a sliding fee basis, within the limit of funds available, after persons entitled to services under paragraph (a) and persons eligible for services under paragraph (b) have been served. Persons eligible under this paragraph must contribute to the cost of services according to the sliding fee scale established under subdivision 3. A county may spend money from its own sources to provide services to persons under this paragraph. State money appropriated for this

paragraph must be placed in a separate account established for this purpose.

Sec. 15. Minnesota Statutes 1990, section 254B.05, is amended by adding a subdivision to read:

Subd. 4. [REGIONAL TREATMENT CENTERS.] Regional treatment center chemical dependency treatment units are eligible vendors. The commissioner may expand the capacity of chemical dependency treatment units beyond the capacity funded by direct legislative appropriation to serve individuals who are referred for treatment by counties and whose treatment will be paid for with a county's allocation under section 254B.02 or other funding sources.

Sec. 16. Minnesota Statutes 1990, section 256.045, subdivision 10, is amended to read:

Subd. 10. [PAYMENTS PENDING APPEAL.] If the commissioner of human services or district court orders monthly assistance or aid or services paid or provided in any proceeding under this section, it shall be paid or provided pending appeal to the commissioner of human services, district court, court of appeals, or supreme court. The human services referee may order the local human services agency to reduce or terminate medical assistance or general assistance medical care to a recipient before a final order is issued under this section if: (1) the human services referee determines at the hearing that the sole issue on appeal is one of a change in state or federal law; and (2) the commissioner or the local agency notifies the recipient before the action. The state or county agency has a claim for food stamps and, cash payments, medical assistance, and general assistance medical care made to or on behalf of a recipient or former recipient while an appeal is pending if the recipient or former recipient is determined ineligible for the food stamps and, cash payments, medical assistance, or general assistance medical care as a result of the appeal, except for medical assistance and general assistance medical care made on behalf of a recipient pursuant to a court order.

Sec. 17. Minnesota Statutes 1990, section 256.936, is amended by adding a subdivision to read:

Subd. 5. [APPEALS.] If the commissioner suspends, reduces, or terminates eligibility for the children's health plan, or services provided under the children's health plan, the commissioner must provide notification according to the laws and rules governing the medical assistance program. A children's health plan applicant or enrollee aggrieved by a determination of the commissioner has the right to appeal the determination according to section 256.045.

Sec. 18. Minnesota Statutes 1990, section 256.9365, subdivision 1, is amended to read:

Subdivision 1. Sec. 19. Minnesota Statutes 1990, section 256.9365, subdivision 3, is amended to read:

Subd. 3. [RULES.] The commissioner shall establish rules as necessary to implement the program. Special requirements for the payment of individual plan premiums under subdivision 2, clause (5), must be designed to ensure that the state cost of paying an individual plan premium over a two-year period does not exceed the estimated state cost that would otherwise be incurred in the medical assistance or general assistance medical care program.

Sec. 20. [256.656] [DEPOSITS INTO THE GENERAL FUND.]

All money collected under section 256.9657 shall be deposited in the general fund and is appropriated to the commissioner of human services for the purposes of section 256B.82. Deposits do not cancel and are available until expended.

Sec. 21. [256.9657] [PROVIDER SURCHARGES.]

Subdivision 1. [NURSING FACILITY LICENSE SURCHARGE.] Effective July 1, 1991, each nursing facility subject to the reimbursement principles in Minnesota Rules, parts 9549.0010 to 9549.0080, shall pay to the commissioner an annual surcharge according to the schedule in subdivision 4. The surcharge shall be calculated as \$500 per bed licensed on the previous April 1.

Subd. 2. [HOSPITAL SURCHARGE.] (a) Effective July 1, 1991, each Minnesota and local trade area hospital except facilities of the federal Indian Health Service and regional treatment centers shall pay to the medical assistance account a surcharge equal to ten percent of medical assistance payments issued to that provider for inpatient services according to the schedule in subdivision 4. Medicare crossovers and indigent care payments paid under section 256B.82 are excluded from the amount of medical assistance payments issued.

(b) Effective July 1, 1991, each Minnesota and local trade area

hospital except facilities of the federal Indian Health Service and regional treatment centers shall pay to the medical assistance account a surcharge equal to five percent of medical assistance payments issued to that provider for outpatient services according to the schedule in subdivision 4. Medicare crossovers are excluded from the amount of medical assistance payments issued.

Subd. 3. [HEALTH PLAN SURCHARGE.] Effective July 1, 1991, each health plan under contract with the commissioner shall pay to the commissioner a surcharge equal to the equivalent value of the surcharges described in subdivision 2 for each medical assistance rate cell payment according to the schedule in subdivision 4. The surcharge for each quarter or month of a fiscal year shall be calculated based on the payments due in September of the same fiscal year under subdivision 2.

Subd. 4. [PAYMENTS INTO THE ACCOUNT.] Payments to the commissioner under subdivision 1 must be paid in monthly installments due on the 15th of the month beginning August 15, 1991. The monthly payment must be equal to the annual surcharge divided by 12. Payments to the commissioner under subdivisions 2 and 3 must be paid as follows: the first payment is a quarterly payment due September 15, 1991, with subsequent payments due monthly on the fifteenth of each month. The September 15, 1991, payment under subdivisions 2 and 3 shall be determined by taking the amount of medical assistance payments issued to each provider in the calendar quarter beginning six months prior to the quarter in which the payment is due multiplied by the percentage surcharge for each provider. The subsequent monthly payments shall be determined by taking the amount of medical assistance payments issued to each provider in the month beginning six months prior to the month in which the payment is due multiplied by the percentage surcharge for each provider.

Subd. 5. [NOT ALLOWABLE COST.] Provider payments to the commissioner under this section are not an allowable cost for purposes of the medical assistance program.

Subd. 6. [NOTICE; APPEALS.] At least 30 days prior to the date the payment is due, the commissioner shall give each provider a written notice of each payment due. A provider may request a contested case hearing under chapter 14 within 30 days of receipt of the notice. The decision of the commissioner regarding the amount due stands until the appeal is decided. The provider shall pay the contested payment at the time of appeal with settle-up at the time of appeal resolution.

Subd. 7. [ENFORCEMENT.] The commissioner shall bring action in district court to collect provider payments due under subdivisions 1 to 3 that are more than 30 days in arrears.

Sec. 22. Minnesota Statutes 1990, section 256.9685, subdivision 1, is amended to read:

Subdivision 1. [AUTHORITY.] The commissioner shall establish procedures for determining medical assistance and general assistance medical care payment rates under a prospective payment system for inpatient hospital services in hospitals that qualify as vendors of medical assistance. The commissioner shall establish, by rule, procedures for implementing this section and sections 256.9686, 256.969, and 256.9695. The medical assistance payment rates must be based on methods and standards that the commissioner finds are adequate to provide for the costs that must be incurred for the care of recipients in efficiently and economically operated hospitals. Services must meet the requirements of section 256B.04, subdivision 15, or 256D.03, subdivision 7, paragraph (b), to be eligible for payment.

Sec. 23. Minnesota Statutes 1990, section 256.9686, subdivision 1, is amended to read:

Subdivision 1. [SCOPE.] For purposes of this section and sections ~~256.9685~~, 256.969, and 256.9695, the following terms and phrases have the meanings given.

Sec. 24. Minnesota Statutes 1990, section 256.9686, subdivision 6, is amended to read:

Subd. 6. [HOSPITAL.] "Hospital" means a facility licensed under sections 144.50 to 144.58 ~~or~~, an out-of-state facility licensed to provide acute care under the requirements of that state in which it is located, or an Indian health service facility designated to provide acute care by the federal government.

Sec. 25. Minnesota Statutes 1990, section 256.969, subdivision 1, is amended to read:

Subdivision 1. [HOSPITAL COST INDEX.] The hospital cost index shall be obtained from an independent source and shall represent a weighted average of historical, as limited to statutory maximums, and projected cost change estimates determined for expense categories to include wages and salaries, employee benefits, medical and professional fees, raw food, utilities, insurance including malpractice insurance, and other applicable expenses as determined by the commissioner. The index shall reflect Minnesota cost category weights. Individual indices shall be specific to Minnesota if the commissioner determines that sufficient accuracy of the hospital cost index is achieved. The hospital cost index shall be used to adjust the base year operating payment rate through the rate year on an annually compounded basis. Notwithstanding section 256.9695, subdivision 3, paragraph (c), the hospital cost index shall not be

effective under the general assistance medical care program for admissions occurring during the biennium ending June 30, 1993.

Sec. 26. Minnesota Statutes 1990, section 256.969, subdivision 2, is amended to read:

Subd. 2. [DIAGNOSTIC CATEGORIES.] The commissioner shall use to the extent possible existing diagnostic classification systems, including the system used by the Medicare program to determine the relative values of inpatient services and case mix indices. The commissioner may combine diagnostic classifications into diagnostic categories and may establish separate categories and numbers of categories based on program eligibility or hospital peer group. Relative values shall be recalculated when the base year is changed ~~and shall not be determined on a hospital specific basis.~~ Relative value determinations shall include paid claims for admissions during each hospital's base year. The commissioner may extend the time period forward to obtain sufficiently valid information to establish relative values. Relative value determinations shall not include property cost data, Medicare crossover data, and data ~~from the transferring hospital on admissions that are paid a per day transfer discharges, except data on transfer discharges with a burn diagnostic classification or data on transfer discharges for the patient's convenience that have been reported by the hospital to the commissioner by the October 1 preceding the rate year under subdivision 13.~~ The computation of the base year cost per admission must include identified outlier cases and their weighted costs up to the point that they become outlier cases, but must exclude costs recognized in outlier payments beyond that point. The commissioner may recategorize the diagnostic classifications and recalculate relative values and case mix indices to reflect actual hospital practices, the specific character of specialty hospitals, or to reduce variances within the diagnostic categories after notice in the State Register and a 30-day comment period.

Sec. 27. Minnesota Statutes 1990, section 256.969, subdivision 2c, is amended to read:

Subd. 2c. [PROPERTY PAYMENT RATES.] For each hospital's first two consecutive fiscal years beginning on or after July 1, 1988, the commissioner shall limit the annual increase in property payment rates for depreciation, rents and leases, and interest expense to the annual growth in the hospital cost index derived from the methodology in effect on the day before July 1, 1989. When computing budgeted and settlement property payment rates, the commissioner shall use the annual increase in the hospital cost index forecasted by Data Resources, Inc., consistent with the quarter of the hospital's fiscal year end. For admissions occurring on or after the rate year beginning January 1, 1991, the commissioner shall obtain property data from an updated base year and establish property payment rates per admission for each hospital. Property payment

rates shall be derived from data from the same base year that is used to establish operating payment rates. The property information shall include cost categories not subject to the hospital cost index and shall reflect the cost-finding methods and allowable costs of the Medicare program in effect during the base year. The base year property payment rate per admission rates shall be adjusted for positive percentage change differences increases in the net book value of hospital property and equipment cost by increasing the base year property payment rate per admission 85 percent of the percentage change from the base year through the most recent year ending prior to the rate year for which required information is available a Medicare cost report has been submitted to the Medicare program and filed with the department by the October 1 before the rate year. The percentage change shall be derived from equivalent audited information in both years and shall be adjusted to account for changes in generally accepted accounting principles, reclassification of assets, allocations to nonhospital areas, and fiscal years. The cost, audit, and charge data used to establish property rates shall only reflect inpatient services covered by medical assistance and shall not include operating cost information. To be eligible for the property payment rate per admission adjustment, the hospital must provide the necessary information to the commissioner, in a format specified by the commissioner, by the October 1 preceding the rate year. The commissioner shall adjust rates for the rate year beginning January 1, 1991, to ensure that all hospitals are subject to the hospital cost index limitation for two complete years.

Sec. 28. Minnesota Statutes 1990, section 256.969, subdivision 3a, is amended to read:

Subd. 3a. [PAYMENTS.] Acute care hospital billings under the medical assistance program must not be submitted until the recipient is discharged. However, the commissioner shall establish monthly interim payments for inpatient hospitals that have individual patient lengths of stay over 30 days regardless of diagnostic category. To establish interim rates, the commissioner is exempt from the requirements of chapter 14. Medical assistance reimbursement for treatment of mental illness shall be reimbursed based on diagnostic classifications. The commissioner may selectively contract with hospitals for services within the diagnostic categories relating to mental illness and chemical dependency under competitive bidding when reasonable geographic access by recipients can be assured. No physician shall be denied the privilege of treating a recipient required to use a hospital under contract with the commissioner, as long as the physician meets credentialing standards of the individual hospital. Individual hospital payments established under this section and sections 256.9685, 256.9686, and 256.9695, in addition to third party and recipient liability, for admissions discharges occurring during the rate year shall not exceed, in aggregate, the charges for the medical assistance covered inpatient services paid for the same period of time to the hospital. This

payment limitation is ~~not applicable~~ and shall ~~not~~ be calculated to ~~include separately for medical assistance and general assistance medical care services.~~ The limitation on general assistance medical care shall be effective for admissions occurring on or after July 1, 1991. Services that have rates established under subdivision 6a, paragraph (a), clause (5) or (6), must be limited separately from other services. After consulting with the affected hospitals, the commissioner may consider related hospitals one entity and may merge the payment rates while maintaining separate provider numbers. The operating and property base rates per admission or per day shall be derived from the best Medicare and claims data available when rates are established. The commissioner shall determine the best Medicare and claims data, taking into consideration variables of recency of the data, audit disposition, settlement status, and the ability to set rates in a timely manner. The commissioner shall notify hospitals of payment rates by December 1 of the year preceding the rate year. The rate setting data must reflect the admissions data used to establish relative values. Base year changes from 1981 to the base year established for the rate year beginning January 1, 1991, and for subsequent rate years, shall not be limited to the limits ending June 30, 1987, on the maximum rate of increase under subdivision 1. The commissioner may adjust base year cost, relative value, and case mix index data to exclude the costs of services that have been discontinued by the October 1 of the year preceding the rate year or that are paid separately from inpatient services. Inpatient stays that encompass portions of two or more rate years shall have payments established based on payment rates in effect at the time of admission unless the date of admission preceded the rate year in effect by six months or more. In this case, operating payment rates for services rendered during the rate year in effect and established based on the date of admission shall be adjusted to the rate year in effect by the hospital cost index.

Sec. 29. Minnesota Statutes 1990, section 256.969, subdivision 6a, is amended to read:

Subd. 6a. [SPECIAL CONSIDERATIONS.] ~~(a)~~ In determining the payment rates, the commissioner shall consider whether the ~~following~~ circumstances in subdivisions 7 to 14 exist:

~~(1)~~ Subd. 7. [MINIMAL MEDICAL ASSISTANCE USE.] Minnesota hospitals with 30 or fewer annualized admissions of Minnesota medical assistance recipients in the base year, excluding Medicare crossover admissions, may have the base year operating rates, as adjusted by the case mix index, and property payment rates established at the 70th percentile of hospitals in the peer group in effect during the base year as established by the Minnesota department of health for use by the rate review program. Rates within a peer group shall be adjusted for differences in fiscal years and outlier percentage payments before establishing the 70th percentile. The operating payment rate portion of the 70th percentile shall be adjusted by the

hospital cost index. To have rates established under this paragraph, the hospital must notify the commissioner in writing by November 1 of the year preceding the rate year. ~~This paragraph shall be applied to all payment rates of the affected hospital.~~

(2) Subd. 8. [UNUSUAL COST OR LENGTH OF STAY EXPERIENCE.] The commissioner shall establish day and cost outlier thresholds for each diagnostic category established under subdivision 2 at two standard deviations beyond the ~~geometric~~ mean length of stay or allowable cost. Payment for the days and cost beyond the outlier threshold shall be in addition to the operating and property payment rates per admission established under subdivisions 2, 2b, and 2c. Payment for outliers shall be at 70 percent of the allowable operating cost ~~calculated by dividing the operating payment rate per admission~~, after adjustment by the case mix index, hospital cost index, relative values and the disproportionate population adjustment, ~~by the arithmetic mean length of stay for the diagnostic category~~. The outlier threshold for neonatal and burn diagnostic categories shall be established at one standard deviation beyond the ~~geometric~~ mean length of stay or allowable cost, and payment shall be at 90 percent of allowable operating cost calculated in the same manner as other outliers. A hospital may choose an alternative ~~percentage to the 70 percent outlier payment~~ to that is at a minimum of 60 percent and a maximum of 80 percent if the commissioner is notified in writing of the request by October 1 of the year preceding the rate year. The chosen percentage applies to all diagnostic categories except burns and neonates. The percentage of allowable cost that is unrecognized by the outlier payment shall be added back to the base year operating payment rate per admission. Cost outliers shall be calculated using hospital specific allowable cost data. If a stay is both a day and a cost outlier, outlier payments shall be based on the higher outlier payment.

(3) Subd. 9. [DISPROPORTIONATE NUMBERS OF LOW-INCOME PATIENTS SERVED.] For admissions occurring on or after July 1, 1989, the medical assistance disproportionate population adjustment shall comply with federal law at fully implemented rates. The commissioner may establish a separate disproportionate population operating payment rate adjustment under the general assistance medical care program. ~~For admissions occurring on or after the rate year beginning January 1, 1991, the disproportionate population adjustment shall be derived from base year Medicare cost report data and may be adjusted by data reflecting actual claims paid by the department.~~

(4) Subd. 10. [SEPARATE BILLING BY CERTIFIED REGISTERED NURSE ANESTHETISTS.] Hospitals may exclude certified registered nurse anesthetist costs from the operating payment rate as allowed by section 256B.0625, subdivision 11. To be eligible, a hospital must notify the commissioner in writing by October 1 of the year preceding the rate year of the request to exclude certified

registered nurse anesthetist costs. The hospital must agree that all hospital claims for the cost and charges of certified registered nurse anesthetist services will not be included as part of the rates for inpatient services provided during the rate year. In this case, the operating payment rate shall be adjusted to exclude the cost of certified registered nurse anesthetist services. Payments made through separate claims for certified registered nurse anesthetist services shall not be paid directly through the hospital provider number or indirectly by the certified registered nurse anesthetist to the hospital or related organizations.

For admissions occurring on or after July 1, 1991, and until the expiration date of section 256.9695, subdivision 3, services of certified registered nurse anesthetists provided on an inpatient basis may be paid as allowed by section 256B.0625, subdivision 11, when the hospital's base year did not include the cost of these services. To be eligible, a hospital must notify the commissioner in writing by July 1, 1991, of the request and must comply with all other requirements of this subdivision.

(5) Subd. 11. [SPECIAL RATES.] The commissioner may establish special rate-setting methodologies, including a per day operating and property payment system, for hospice, ventilator dependent, and other services on a hospital and recipient specific basis taking into consideration such variables as federal designation, program size, and admission from a medical assistance waiver or home care program. The data and rate calculation method shall conform to the requirements of ~~paragraph (7) subdivision 13~~, except that rates shall not be standardized by the case mix index or adjusted by relative values and hospice rates shall not exceed the amount allowed under federal law and payment shall be secondary to any other medical assistance hospice program. Rates and payments established under this ~~paragraph subdivision~~ must meet the requirements of section 256.9685, subdivisions 1 and 2, and must not exceed payments that would otherwise be made to a hospital in total for rate year admissions under subdivisions 2, 2b, 2c, 3, 4, 5, and 6. The cost and charges used to establish rates shall only reflect inpatient medical assistance covered services. Hospital and claims data that are used to establish rates under this ~~paragraph subdivision~~ shall not be used to establish payments or relative values under subdivisions 2, 2b, 2c, 3, 4, 5 3a, 4a, 5a, and 6 7 to 14.

(6) Subd. 12. [REHABILITATION DISTINCT PARTS.] Units of hospitals that are recognized as rehabilitation distinct parts by the Medicare program shall have separate provider numbers under the medical assistance program for rate establishment and billing purposes only. These units shall also have operating and property payment rates and the disproportionate population adjustment, if allowed by federal law, established separately from other inpatient hospital services, based on the methods of subdivisions 2, 2b, 2c, 3, 4, 5, and 6. The commissioner may establish separate relative values

under subdivision 2 for rehabilitation hospitals and distinct parts as defined by the Medicare program. For individual hospitals that did not have separate medical assistance rehabilitation provider numbers or rehabilitation distinct parts in the base year, hospitals shall provide the information needed to separate rehabilitation distinct part cost and claims data from other inpatient service data.

(7) Subd. 13. [NEONATAL TRANSFERS.] For admissions occurring on or after July 1, 1989, neonatal diagnostic category transfers shall have operating and property payment rates established at receiving hospitals which have neonatal intensive care units on a per day payment system that is based on the cost finding methods and allowable costs of the Medicare program during the base year. Other neonatal diagnostic category transfers shall have rates established according to ~~paragraph (8)~~ subdivision 14. The rate per day for the neonatal service setting within the hospital shall be determined by dividing base year neonatal allowable costs by neonatal patient days. The operating payment rate portion of the rate shall be adjusted by the hospital cost index and the disproportionate population adjustment. For admissions occurring after the transition period specified in section 256.9695, subdivision 3, the operating payment rate portion of the rate shall be standardized by the case mix index and adjusted by relative values. The cost and charges used to establish rates shall only reflect inpatient services covered by medical assistance. Hospital and claims data used to establish rates under this ~~paragraph~~ subdivision shall not be used to establish ~~payments or relative values~~ rates under subdivisions 2, 2b, 2c, 3, 4, 5 3a, 4a, 5a, and 6 7 to 14.

(8) Subd. 14. [TRANSFERS.] Except as provided in ~~paragraphs (5)~~ subdivisions 11 and (7) 13, operating and property payment rates for admissions that result in transfers and transfers shall be established on a per day payment system. The per day payment rate shall be the sum of the adjusted operating and property payment rates determined ~~in~~ under this subdivision and subdivisions 2, 2b and, 2c, 3a, 4a, 5a, and 7 to 12, divided by the arithmetic mean length of stay for the diagnostic category. Each admission that results in a transfer and each transfer is considered a separate admission to each hospital, and the total of the admission and transfer payments to each hospital must not exceed the total per admission payment that would otherwise be made to each hospital under ~~paragraph (2) and this subdivision~~ and subdivisions 2, 2b and, 2c, 3a, 4a, 5a, and 7 to 13.

(b) Subd. 15. [ROUTINE SERVICE COST LIMITATION; APPLICABILITY.] The computation of each hospital's payment rate and the relative values of the diagnostic categories are not subject to the routine service cost limitation imposed under the Medicare program.

(e) Subd. 16. [INDIAN HEALTH SERVICE FACILITIES.] Indian

health service facilities are exempt from the rate establishment methods required by this section and shall be reimbursed at ~~the facility's usual and customary charges to the general public as limited to the amount allowed under federal law.~~ This exemption is not effective for payments under general assistance medical care.

(d) Subd. 17. [OUT-OF-STATE HOSPITALS IN LOCAL TRADE AREAS.] ~~Except as provided in paragraph (a), clauses (1) and (3),~~ Out-of-state hospitals that are located within a Minnesota local trade area shall have rates established using the same procedures and methods that apply to Minnesota hospitals. For this subdivision and subdivision 18, local trade area means a county contiguous to Minnesota. Hospitals that are not required by law to file information in a format necessary to establish rates shall have rates established based on the commissioner's estimates of the information. Relative values of the diagnostic categories shall not be redetermined under this ~~paragraph~~ subdivision until required by rule. Hospitals affected by this ~~paragraph~~ subdivision shall then be included in determining relative values. However, hospitals that have rates established based upon the commissioner's estimates of information shall not be included in determining relative values. This ~~paragraph~~ subdivision is effective for hospital fiscal years beginning on or after July 1, 1988. A hospital shall provide the information necessary to establish rates under this ~~paragraph~~ subdivision at least 90 days before the start of the hospital's fiscal year.

(e) Subd. 18. [OUT-OF-STATE HOSPITALS OUTSIDE LOCAL TRADE AREAS.] Hospitals that are not located within Minnesota or a Minnesota local trade area shall have operating and property rates established at the average of statewide and local trade area rates or, at the commissioner's discretion, at an amount negotiated by the commissioner. Relative values shall not include data from hospitals that have rates established under this ~~paragraph~~ subdivision. Payments, including third party and recipient liability, established under this ~~paragraph~~ subdivision may not exceed the charges on a claim specific basis for inpatient services that are covered by medical assistance.

(f) Subd. 19. [METABOLIC DISORDER TESTING OF MEDICAL ASSISTANCE RECIPIENTS.] Medical assistance inpatient payment rates must include the cost incurred by hospitals to pay the department of health for metabolic disorder testing of newborns who are medical assistance recipients, if the cost is not recognized by another payment source.

(g) Subd. 20. [INCREASES IN MEDICAL ASSISTANCE INPATIENT PAYMENTS; CONDITIONS.] (a) Medical assistance inpatient payments shall increase 20 percent for inpatient hospital originally paid admissions, excluding Medicare crossovers, that occurred between July 1, 1988, and December 31, 1990, if: (i) the hospital had 100 or fewer Minnesota medical assistance annualized

paid admissions, excluding Medicare crossovers, that were paid by March 1, 1988, for the period January 1, 1987, to June 30, 1987; (ii) the hospital had 100 or fewer licensed beds on March 1, 1988; (iii) the hospital is located in Minnesota; and (iv) the hospital is not located in a city of the first class as defined in section 410.01. For this paragraph, medical assistance does not include general assistance medical care.

(h) (b) Medical assistance inpatient payments shall increase 15 percent for inpatient hospital originally paid admissions, excluding Medicare crossovers, that occurred between July 1, 1988, and December 31, 1990, if: (i) the hospital had more than 100 but fewer than 250 Minnesota medical assistance annualized paid admissions, excluding Medicare crossovers, that were paid by March 1, 1988, for the period January 1, 1987, to June 30, 1987; (ii) the hospital had 100 or fewer licensed beds on March 1, 1988; (iii) the hospital is located in Minnesota; and (iv) the hospital is not located in a city of the first class as defined in section 410.01. For this paragraph, medical assistance does not include general assistance medical care.

(i) Subd. 21. [MENTAL HEALTH OR CHEMICAL DEPENDENCY ADMISSIONS; RATES.] Admissions occurring on or after July 1, 1990, that are classified to a diagnostic category of mental health or chemical dependency shall have rates established according to the methods of ~~paragraph (a), clause (8) subdivision 14~~, except the per day rate shall be multiplied by a factor of 2, provided that the total of the per day rates shall not exceed the per admission rate. This methodology shall also apply when a hold or commitment is ordered by the court for the days that inpatient hospital services are medically necessary. Stays which are medically necessary for inpatient hospital services and covered by medical assistance shall not be billable to any other governmental entity. Medical necessity shall be determined under criteria established to meet the requirements of section 256B.04, subdivision 15, or 256D.03, subdivision 7, paragraph (b).

Sec. 30. Minnesota Statutes 1990, section 256.9695, subdivision 1, is amended to read:

Subdivision 1. [APPEALS.] A hospital may appeal a decision arising from the application of standards or methods under section 256.9685, 256.9686, or 256.969, if an appeal would result in a change to the hospital's payment rate or payments. Both overpayments and underpayments that result from the submission of appeals shall be implemented. Regardless of any appeal outcome, relative values shall not be recalculated. The appeal shall be heard by an administrative law judge according to sections ~~14.48~~ 14.57 to ~~14.56~~ 14.62, or upon agreement by both parties, according to a modified appeals procedure established by the commissioner and the office of administrative hearings. In any proceeding under this section, the appealing party must demonstrate by a preponderance

of the evidence that the commissioner's determination is incorrect or not according to law.

(a) To appeal a payment rate or payment determination or a determination made from base year information, the hospital shall file a written appeal request to the commissioner within 60 days of the date the payment rate determination was mailed. The appeal request shall specify: (i) the disputed items; (ii) the authority in federal or state statute or rule upon which the hospital relies for each disputed item; and (iii) the name and address of the person to contact regarding the appeal. ~~A change to a payment rate or payments that results from a successful appeal to the Medicare program of the base year information establishing rates for the rate year beginning in 1991 and after is a prospective adjustment to subsequent rate years.~~ After December 31, 1990, payment rates shall not be adjusted for appeals of base year information that affect years prior to the rate year beginning January 1, 1991. Facts to be considered in any appeal of base year information are limited to those in existence at the time the payment rates of the first rate year were established from the base year information. In the case of Medicare settled appeals, the 60-day appeal period shall begin on the mailing date of the notice by the Medicare program or the date the medical assistance payment rate determination notice is mailed, whichever is later.

(b) To appeal a payment rate or payment change that results from a difference in case mix between the base year and a rate year, the procedures and requirements of paragraph (a) apply. However, the appeal must be filed with the commissioner within 120 days after the end of a rate year. A case mix appeal must apply to the cost of services to all medical assistance patients that received inpatient services from the hospital during the rate year appealed.

Sec. 31. Minnesota Statutes 1990, section 256B.031, subdivision 4, is amended to read:

Subd. 4. [PREPAID HEALTH PLAN RATES.] For payments made during calendar year 1988, the monthly maximum allowable rate established by the commissioner of human services for payment to prepaid health plans must not exceed 90 percent of the projected average monthly per capita fee-for-service medical assistance costs for state fiscal year 1988 for recipients of aid to families with dependent children. The base year for projecting the average monthly per capita fee-for-service medical assistance costs is state fiscal year 1986. A maximum allowable per capita rate must be established collectively for Anoka, Carver, Dakota, Hennepin, Ramsey, St. Louis, Scott, and Washington counties. A separate maximum allowable per capita rate must be established collectively for all other counties. The maximum allowable per capita rate may be adjusted to reflect utilization differences among eligible classes of recipients. For payments made during calendar year 1989, the

maximum allowable rate must be calculated in the same way as 1988 rates, except the base year is state fiscal year 1987. For payments made during calendar year 1990 and later years, the commissioner shall ~~contract~~ consult with an independent actuary ~~to establish~~ in establishing prepayment rates, but shall retain final control over the rate methodology. Rates established for prepaid health plans must be based on the services that the prepaid health plan provides under contract with the commissioner.

Sec. 32. Minnesota Statutes 1990, section 256B.031, is amended by adding a subdivision to read:

Subd. 11. [LIMITATION ON REIMBURSEMENT TO PROVIDERS NOT AFFILIATED WITH A PREPAID HEALTH PLAN.] A prepaid health plan may limit any reimbursement it may be required to pay to providers not employed by or under contract with the prepaid health plan to the medical assistance rates for medical assistance enrollees, and the general assistance medical care rates for general assistance medical care enrollees, paid by the commissioner of human services to providers for services to recipients not enrolled in a prepaid health plan.

Sec. 33. Minnesota Statutes 1990, section 256B.055, subdivision 10, is amended to read:

Subd. 10. [INFANTS.] Medical assistance may be paid for an infant less than one year of age born on or after October 1, 1984, whose mother was eligible for and receiving medical assistance at the time of birth and who remains in the mother's household or who is in a family with countable income that is equal to or less than the income standard established under section 256B.057, subdivision 1. Eligibility under this subdivision is concurrent with the mother's and does not depend on the father's income except as the income affects the mother's eligibility.

Sec. 34. Minnesota Statutes 1990, section 256B.055, subdivision 12, is amended to read:

Subd. 12. (a) The following amounts must be deducted from the institutionalized person's income in the following order:

- (1) the personal needs allowance under section 256B.35 or, for a

veteran who does not have a spouse or child, the amount of his or her veteran's pension not exceeding \$90 per month;

(4) a monthly income allowance determined under section 256B.058, subdivision 2, but only to the extent income of the institutionalized spouse is made available to the community spouse;

(5) a monthly allowance for children under age 18 which, together with the net income of the children, would provide income equal to the medical assistance standard for families and children according to section 256B.056, subdivision 4, for a family size that includes only the minor children. This deduction applies only if the children do not live with the community spouse and only if the children resided with the institutionalized person immediately prior to admission;

(6) a monthly family allowance for other family members, equal to one-third of the difference between 122 percent of the federal poverty guidelines and the monthly income for that family member; and

(7) reparations payments made by the Federal Republic of Germany; and

Hospital outpatient departments are subject to the same limitations and reimbursements as other enrolled vendors for all services, except initial triage, emergency services, and services not provided or immediately available in clinics, physicians' offices, or by other enrolled providers. ~~A second medical opinion is required before reimbursement for elective surgeries requiring a second opinion. The commissioner shall publish in the State Register a list of elective surgeries that require a second medical opinion before reimbursement and the criteria and standards for deciding whether an elective surgery should require a second surgical opinion. The list and the criteria and standards are not subject to the requirements of sections 14.001 to 14.60. The commissioner's decision whether a second medical opinion is required, made in accordance with rules governing that decision, is not subject to administrative appeal.~~ "Emergency services" means those medical services required for the immediate diagnosis and treatment of medical conditions that, if not immediately diagnosed and treated, could lead to serious physical or mental disability or death or are necessary to alleviate severe pain. Neither the hospital, its employees, nor any physician or dentist, shall be liable in any action arising out of a determination not to render emergency services or care if reasonable care is exercised in determining the condition of the person, or in determining the appropriateness of the facilities, or the qualifications and availability of personnel to render these services consistent with this section.

Sec. 42. Minnesota Statutes 1990, section 256B.0625, is amended by adding a subdivision to read:

Subd. 4a. [SECOND MEDICAL OPINION FOR SURGERY.] Certain surgeries require a second medical opinion to confirm the necessity of the procedure, in order for reimbursement to be made. The commissioner shall publish in the State Register a list of surgeries that require a second medical opinion and the criteria and standards for deciding whether a surgery should require a second medical opinion. The list and the criteria and standards are not subject to the requirements of sections 14.01 to 14.69. The commissioner's decision about whether a second medical opinion is required, made according to rules governing that decision, is not subject to administrative appeal.

Sec. 43. Minnesota Statutes 1990, section 256B.0625, subdivision 13, is amended to read:

Subd. 13. [DRUGS.] (a) Medical assistance covers drugs if prescribed by a licensed practitioner and dispensed by a licensed pharmacist, or by a physician enrolled in the medical assistance program as a dispensing physician. The commissioner shall designate a formulary committee to advise the commissioner on the names of drugs for which payment is made, recommend a system for reimbursing providers on a set fee or charge basis rather than the present system, and develop methods encouraging use of generic drugs when they are less expensive and equally effective as trademark drugs. The commissioner shall appoint the formulary committee members no later than 30 days following July 1, 1981. The formulary committee shall consist of nine members, four of whom shall be physicians who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, three of whom shall be pharmacists who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, a consumer representative, and a nursing home representative. Committee members shall serve two-year terms and shall serve without compensation. The commissioner may shall establish a drug formulary. Its establishment and publication shall not be subject to the requirements of the administrative procedure act, but the formulary committee shall review and comment on the formulary contents. The formulary committee shall review and recommend drugs which require prior authorization. Prior authorization may be required by the commissioner, with the consent of the drug formulary committee, before certain formulary drugs are eligible for payment. The formulary shall not include: drugs or products for which there is no federal funding; over-the-counter drugs, except for antacids, acetaminophen, family planning products, aspirin, insulin, products for the treatment of lice, and vitamins for children under the age of seven and pregnant or nursing women; or any other over-the-counter drug identified by the

commissioner, in consultation with the ~~appropriate professional consultants under contract with or employed by the state agency,~~ drug formulary committee as necessary, appropriate and cost effective for the treatment of certain specified chronic diseases, conditions or disorders, and this determination shall not be subject to the requirements of chapter 14, the administrative procedure act; nutritional products, except for those products needed for treatment of phenylketonuria, hyperlysinemia, maple syrup urine disease, a combined allergy to human milk, cow milk, and soy formula, or any other childhood or adult diseases, conditions, or disorders identified by the commissioner as requiring a similarly necessary nutritional product; anorectics; and drugs for which medical value has not been established. Separate payment shall not be made for nutritional products for residents of long-term care facilities; payment for dietary requirements is a component of the per diem rate paid to these facilities. Payment to drug vendors shall not be modified before the formulary is established except that the commissioner shall not permit payment for any drugs which may not by law be included in the formulary, and the commissioner's determination shall not be subject to chapter 14, the administrative procedure act. The commissioner shall publish conditions for prohibiting payment for specific drugs after considering the formulary committee's recommendations.

(b) The basis for determining the amount of payment shall be the lower of the actual acquisition costs of the drugs plus a fixed dispensing fee established by the commissioner, the maximum allowable cost set by the federal government or by the commissioner plus the fixed dispensing fee or the usual and customary price charged to the public. Actual acquisition cost includes quantity and other special discounts except time and cash discounts. The actual acquisition cost of a drug may be estimated by the commissioner. The maximum allowable cost of a multisource drug may be set by the commissioner and it shall be comparable to, but no higher than, the maximum amount paid by other third party payors in this state who have maximum allowable cost programs. Establishment of the amount of payment for drugs shall not be subject to the requirements of the administrative procedure act. An additional dispensing fee of \$.30 may be added to the dispensing fee paid to pharmacists for legend drug prescriptions dispensed to residents of long-term care facilities when a unit dose blister card system, approved by the department, is used. Under this type of dispensing system, the pharmacist must dispense a 30-day supply of drug. The National Drug Code (NDC) from the drug container used to fill the blister card must be identified on the claim to the department. The unit dose blister card containing the drug must meet the packaging standards set forth in Minnesota Rules, part 6800.2700, that govern the return of unused drugs to the pharmacy for reuse. The pharmacy provider will be required to credit the department for the actual acquisition cost of all unused drugs that are eligible for reuse. Over-the-counter medications must be dispensed in the manufactur-

er's unopened package. The commissioner may permit the drug clozapine to be dispensed in a quantity that is less than a 30-day supply. Whenever a generically equivalent product is available, payment shall be on the basis of the actual acquisition cost of the generic drug, unless the prescriber specifically indicates "dispense as written - brand necessary" on the prescription as required by section 151.21, subdivision 2. Implementation of any change in the fixed dispensing fee that has not been subject to the administrative procedure act is limited to not more than 180 days, unless, during that time, the commissioner initiates rulemaking through the administrative procedure act.

Sec. 44. Minnesota Statutes 1990, section 256B.0625, subdivision 17, is amended to read:

Subd. 17. [TRANSPORTATION COSTS.] (a) Medical assistance covers transportation costs incurred solely for obtaining emergency medical care or transportation costs incurred by nonambulatory persons in obtaining emergency or nonemergency medical care when paid directly to an ambulance company, common carrier, or other recognized providers of transportation services. For the purpose of this subdivision, a person who is incapable of transport by taxicab or bus shall be considered to be nonambulatory.

(b) Medical assistance covers special transportation, as defined in Minnesota Rules, part 9505.0315, subpart 1, item F, if the provider receives and maintains a current physician's order by the recipient's attending physician. The commissioner shall establish maximum medical assistance reimbursement rates for special transportation services for persons who need a wheelchair lift van or stretcher-equipped vehicle and for those who do not need a wheelchair lift van or stretcher-equipped vehicle. The average of these two rates must not exceed \$12.50 for the base rate and \$1 per mile. Special transportation provided to nonambulatory persons who do not need a wheelchair lift van or stretcher-equipped vehicle, may be reimbursed at a lower rate than special transportation provided to persons who need a wheelchair lift van or stretcher-equipped vehicle.

Payments to personal care assistants shall be adjusted annually to reflect changes in the cost of living or of providing services by the average annual adjustment granted to vendors such as nursing homes and home health agencies. The commissioner shall not provide an

annual inflation adjustment for the fiscal year ending June 30, 1993.

Sec. 46. Minnesota Statutes 1990, section 256B.0625, subdivision 24, is amended to read:

The commissioner shall include chemical dependency services in the state medical assistance plan for federal reporting purposes, but payment must be made under ~~Laws 1986, chapter 394, sections 8 to 20~~ chapter 254B. The commissioner shall publish in the State Register a list of elective surgeries that require a second medical opinion before medical assistance reimbursement, and the criteria and standards for deciding whether an elective surgery should require a second medical opinion. The list and criteria and standards are not subject to the requirements of sections 14.01 to 14.69.

The commissioner's decision whether prior authorization is required for a health service ~~or a second medical opinion is required for an elective surgery~~ is not subject to administrative appeal.

Sec. 59. Minnesota Statutes 1990, section 256B.431, subdivision 3f, is amended to read:

Subd. 3f. [PROPERTY COSTS AFTER JULY 1, 1988.] (a) [INVESTMENT PER BED LIMIT.] For the rate year beginning July 1, 1988, the replacement-cost-new per bed limit must be \$32,571 per licensed bed in multiple bedrooms and \$48,857 per licensed bed in a single bedroom. For the rate year beginning July 1, 1989, the replacement-cost-new per bed limit for a single bedroom must be \$49,907 adjusted according to Minnesota Rules, part 9549.0060, subpart 4, item A, subitem (1). Beginning January 1, 1990, the replacement-cost-new per bed limits must be adjusted annually as specified in Minnesota Rules, part 9549.0060, subpart 4, item A, subitem (1). Beginning January 1, 1991, the replacement-cost-new per bed limits will be adjusted annually as specified in Minnesota Rules, part 9549.0060, subpart 4, item A, subitem (1), except that the index utilized will be the Bureau of the Census: Composite fixed-weighted price index as published in the Survey of Current Business.

Sec. 60. Minnesota Statutes 1990, section 256B.431, is amended by adding a subdivision to read:

Subd. 14. [INTERIM PROPERTY-RELATED PAYMENT RATES.] For the rate period July 1, 1991, to June 30, 1993, the commissioner shall continue the property-related payment rate in effect on June 30, 1991, for each nursing facility, except as provided in section 256B.431, subdivision 3i, paragraphs (f) and (g), and subdivision 11, except that:

(1) A chain organization consisting of 28 nursing facilities which has a majority of owners beyond the retirement age of 62 and that has a change in ownership or reorganization of provider entity between July 1, 1991, and June 30, 1993, or until the property

reimbursement system is changed, shall receive the property-related payment rate in effect at the time of the sale or reorganization. This exception is not effective until the commissioner has received approval of its state plan from the federal government; and

(2) If the property-related payment rate in effect on June 30, 1991, is later adjusted by the commissioner, the property-related payment rate for the rate period July 1, 1991, to July 1, 1993, shall also be adjusted correspondingly.

Sec. 61. Minnesota Statutes 1990, section 256B.49, is amended by adding a subdivision to read:

Subd. 4. [INFLATION ADJUSTMENT.] For the biennium ending June 30, 1993, the commissioner of human services shall not provide an annual inflation adjustment for home and community-based waived services, except as provided in section 256B.491, subdivision 3, and except that the commissioner shall provide an inflation adjustment for the community alternatives for disabled individuals (CADI) and community alternative care (CAC) waived services programs for the fiscal year beginning July 1, 1991.

Sec. 62. Minnesota Statutes 1990, section 256B.491, is amended by adding a subdivision to read:

Subd. 3. [WAIVERED SERVICES; SALARY ADJUSTMENTS.] For the fiscal year beginning July 1, 1991, the commissioner of human services shall increase the statewide reimbursement rates for home and community-based waived services for persons with developmental disabilities to reflect a three percent increase in salaries, payroll taxes, and fringe benefits of personnel below top management employed by agencies under contract with the county board to provide these services. The specific rate increase made available to county boards shall be calculated based on the estimated portion of the fiscal year 1991 reimbursement rate that is attributable to these costs. County boards shall verify in writing to the commissioner that each waived service provider has complied with this requirement. If a county board determines that a waived service provider has not complied with this requirement for a specific contract period, the county board shall reduce the provider's payment rates for the next contract period to reflect the amount of money not spent appropriately. The commissioner shall modify reporting requirements for vendors and counties as necessary to monitor compliance with this provision.

Sec. 63. Minnesota Statutes 1990, section 256B.50, subdivision 1d, is amended to read:

Subd. 1d. [EXPEDITED APPEAL REVIEW PROCESS.] (a) Within 120 days of the date an appeal is due according to subdivision 1b, the department shall review an appealed adjustment equal to or

less than \$100 annually per licensed bed of the provider, make a determination concerning the adjustment, and notify the provider of the determination. Except as allowed in paragraph (g), this review does not apply to an appeal of an adjustment made to, or proposed on, an amount already paid to the provider. In this subdivision, an adjustment is each separate disallowance, allocation, or adjustment of a cost item or part of a cost item as submitted by a provider according to forms required by the commissioner.

(b) For an item on which the provider disagrees with the results of the determination of the department made under paragraph (a), the provider may, within 60 days of the date of the review notice, file with both the office of administrative hearings and the department its written argument and documents, information, or affidavits in support of its appeal. If the provider fails to make a submission timely submissions in accordance with this paragraph, the department's determinations on the disputed items must be upheld.

(c) Within 60 days of the date the department received the provider's submission under paragraph (b), the department may file with the office of administrative hearings and serve upon the provider its written argument and documents, information, and affidavits in support of its determination. If the department fails to make a submission in accordance with this paragraph, the administrative law judge shall proceed pursuant to paragraph (d) based on the provider's submission.

(d) Upon receipt by the office of administrative hearings of the department's submission made under paragraph (c) or upon the expiration of the 60-day filing period, whichever is earlier, the chief administrative law judge shall assign the matter to an administrative law judge. The administrative law judge shall consider the submissions of the parties and all relevant rules, statutes, and case law. The administrative law judge may request additional argument from the parties if it is deemed necessary to reach a final decision, but shall not allow witnesses to be presented or discovery to be made in the proceeding. Within 60 days of receipt by the office of administrative hearings of the department's submission or the expiration of the 60-day filing period in paragraph (c), whichever is earlier, the administrative law judge shall make a final decision on the items in issue, and shall notify the provider and the department by first-class mail of the decision on each item. The decision of the administrative law judge is the final administrative decision, is not appealable, and does not create legal precedent, except that the department may make an adjustment contrary to the decision of the administrative law judge based upon a subsequent cost report amendment or field audit that reveals information relating to the adjustment that was not known to the department at the time of the final decision.

(e) For a disputed item otherwise subject to the review set forth in

this subdivision, the department and the provider may mutually agree to bypass the expedited review process and proceed to a contested case hearing at any time prior to the time for the department's submission under paragraph (c).

(f) When the department determines that the appeals of two or more providers otherwise an appeal item subject to the review set forth in this subdivision present presents the same or substantially the same adjustment; presented in another appeal filed pursuant to this chapter, the department may remove the disputed items from the review in this subdivision, and the disputed items shall proceed in accordance with subdivision 1c. The department's decision to remove the appealed adjustments to contested case proceeding is final and is not reviewable.

(g) For a disputed item otherwise subject to the review in this subdivision, the department or a provider may petition the chief administrative law judge to issue an order allowing the petitioning party to bypass the expedited review process. If the petition is granted, the disputed item must proceed in accordance with subdivision 1c. In making the determination, the chief administrative law judge shall consider the potential impact and precedential and monetary value of the disputed item. A petition for removal to contested case hearing must be filed with the chief administrative law judge and the opposing party on or before the date on which its submission is due under paragraph (b) or (c). Within 20 days of receipt of the petition, the opposing party may submit its argument opposing the petition. Within 20 days of receipt of the argument opposing the petition, or if no argument is received, within 20 days of the date on which the argument was due, the chief administrative law judge shall issue a decision granting or denying the petition. If the petition is denied, the petitioning party has 60 days from the date of the denial to make a submission under paragraph (b) or (c).

(h) The department and a provider may mutually agree to use the procedures set forth in this subdivision for any disputed item not otherwise subject to this subdivision.

(i) Nothing shall prevent either party from making its submissions and arguments under this subdivision through a person who is not an attorney.

(j) This subdivision applies to all appeals for rate years beginning after June 30, 1988.

Sec. 64. Minnesota Statutes 1990, section 256B.501, subdivision 8, is amended to read:

Subd. 8. [PAYMENT FOR PERSONS WITH SPECIAL NEEDS.] The commissioner shall establish by December 31, 1983, procedures to be followed by the counties to seek authorization from the

commissioner for medical assistance reimbursement for very dependent persons with special needs in an amount in excess of the rates allowed pursuant to subdivisions 2 and 4, including rates established under section 252.46 when they apply to services provided to residents of intermediate care facilities for persons with mental retardation or related conditions, and procedures to be followed for rate limitation exemptions for intermediate care facilities for persons with mental retardation or related conditions. No excess payment or limitation exemption approved by the commissioner after June 30, 1991, shall be authorized unless the need for the service is documented in the individual service plan of the person or persons to be served, the type and duration of the services needed are stated, and there is a basis for estimated cost of the services.:

(1) the need for specific level of service is documented in the individual service plan of the person to be served;

(2) the level of service needed can be provided within the rates established under section 252.46 and Minnesota Rules, parts 9553.0010 to 9553.0080, without a rate exception within 12 months;

(3) staff hours beyond those available under the rates established under section 252.46 and Minnesota Rules, parts 9553.0010 to 9553.0080, necessary to deliver services do not exceed 720 hours within six months;

(4) there is a basis for the estimated cost of services;

(5) the provider requesting the exception documents that current per diem rates are insufficient to support needed services;

(6) estimated costs, when added to the costs of current medical assistance-funded residential and day training and habilitation services and calculated as a per diem, do not exceed the per diem established for the regional treatment centers for persons with mental retardation and related conditions on July 1, 1990, indexed annually by the urban consumer price index, all items, published by the United States Department of Labor, for the next fiscal year over the current fiscal year;

(7) any contingencies for an approval as outlined in writing by the commissioner are met; and

(8) any commissioner orders for use of preferred providers are met.

The commissioner shall evaluate the services provided pursuant to this subdivision through program and fiscal audits.

The commissioner may terminate the rate exception at any time under any of the conditions outlined in Minnesota Rules, part

9510.1120, subpart 3, for county termination, or by reason of information obtained through program and fiscal audits which indicate the criteria outlined in this subdivision have not been, or are no longer being, met.

The commissioner may approve no more than two consecutive six-month rate exceptions for an eligible client whose first application for funding occurs after June 30, 1991.

Sec. 65. Minnesota Statutes 1990, section 256B.501, subdivision 11, is amended to read:

Subd. 11. |INVESTMENT PER BED LIMITS, INTEREST EXPENSE LIMITATIONS, AND ARMS-LENGTH LEASES.| (a) The provisions of Minnesota Rules, part 9553.0075, except as modified under this subdivision, shall apply to newly constructed or established facilities that are certified for medical assistance on or after May 1, 1990.

(b) For purposes of establishing payment rates under this subdivision and Minnesota Rules, parts 9553.0010 to 9553.0080, the term "newly constructed or newly established" means a facility (1) for which a need determination has been approved by the commissioner under sections 252.28 and 252.291; (2) whose program is newly licensed under Minnesota Rules, parts 9525.0215 to 9525.0355, and certified under Code of Federal Regulations, title 42, section 442.400, et seq.; and (3) that is part of a proposal that meets the requirements of section 252.291, subdivision 2, paragraph (2). The term does not include a facility for which a need determination was granted solely for other reasons such as the relocation of a facility; a change in the facility's name, program, number of beds, type of beds, or ownership; or the sale of a facility, unless the relocation of a facility to one or more service sites is the result of a closure of a facility under section 252.292, in which case clause (3) shall not apply. The term does include a facility that converts more than 50 percent of its licensed beds from class A to class B residential or class B institutional to serve persons discharged from state regional treatment centers on or after May 1, 1990, in which case clause (3) does not apply.

(c) Newly constructed or newly established facilities that are certified for medical assistance on or after May 1, 1990, shall be allowed the capital asset investment per bed limits as provided in clauses (1) to (4).

(1) The 1990 calendar year investment per bed limit for a facility's land must not exceed \$5,700 per bed for newly constructed or newly established facilities in Hennepin, Ramsey, Anoka, Washington, Dakota, Scott, Carver, Chisago, Isanti, Wright, Benton, Sherburne, Stearns, St. Louis, Clay, and Olmsted counties, and must not exceed

\$3,000 per bed for newly constructed or newly established facilities in other counties.

(2) The 1990 calendar year investment per bed limit for a facility's depreciable capital assets must not exceed \$44,800 for class B residential beds, and \$45,200 for class B institutional beds.

(3) The investment per bed limit in clause (2) must not be used in determining the three-year average percentage increase adjustment in Minnesota Rules, part 9553.0060, subpart 1, item C, subitem (4), for facilities that were newly constructed or newly established before May 1, 1990.

(4) The investment per bed limits in clause (2) and Minnesota Rules, part 9553.0060, subpart 1, item C, subitem (2) shall be adjusted annually beginning January 1, 1991, and each January 1 following, as provided in Minnesota Rules, part 9553.0060, subpart 1, item C, subitem (2), except that the index utilized will be the Bureau of the Census: Composite fixed-weighted price index as published in the Survey of Current Business.

(d) A newly constructed or newly established facility's interest expense limitation as provided for in Minnesota Rules, part 9553.0060, subpart 3, item F, on capital debt for capital assets acquired during the interim or settle-up period, shall be increased by 2.5 percentage points for each full .25 percentage points that the facility's interest rate on its mortgage is below the maximum interest rate as established in Minnesota Rules, part 9553.0060, subpart 2, item A, subitem (2). For all following rate periods, the interest expense limitation on capital debt in Minnesota Rules, part 9553.0060, subpart 3, item F, shall apply to the facility's capital assets acquired, leased, or constructed after the interim or settle-up period. If a newly constructed or newly established facility is acquired by the state, the limitations of this paragraph and Minnesota Rules, part 9553.0060, subpart 3, item F, shall not apply.

(e) If a newly constructed or newly established facility is leased with an arms-length lease as provided for in Minnesota Rules, part 9553.0060, subpart 7, the lease agreement shall be subject to the following conditions:

(1) the term of the lease, including option periods, must not be less than 20 years;

(2) the maximum interest rate used in determining the present value of the lease must not exceed the lesser of the interest rate limitation in Minnesota Rules, part 9553.0060, subpart 2, item A, subitem (2), or 16 percent; and

(3) the residual value used in determining the net present value of

the lease must be established using the provisions of Minnesota Rules, part 9553.0060.

(f) All leases of the physical plant of an intermediate care facility for the mentally retarded shall contain a clause that requires the owner to give the commissioner notice of any requests or orders to vacate the premises 90 days before such vacation of the premises is to take place. In the case of unlawful detainer actions, the owner shall notify the commissioner within three days of notice of an unlawful detainer action being served upon the tenant. The only exception to this notice requirement is in the case of emergencies where immediate vacation of the premises is necessary to assure the safety and welfare of the residents. In such an emergency situation, the owner shall give the commissioner notice of the request to vacate at the time the owner of the property is aware that the vacating of the premises is necessary. This section applies to all leases entered into after May 1, 1990. Rentals set in leases entered into after that date that do not contain this clause are not allowable costs for purposes of medical assistance reimbursement.

(g) A newly constructed or newly established facility's preopening costs are subject to the provisions of Minnesota Rules, part 9553.0035, subpart 12, and must be limited to only those costs incurred during one of the following periods, whichever is shorter:

(1) between the date the commissioner approves the facility's need determination and 30 days before the date the facility is certified for medical assistance; or

(2) the 12-month period immediately preceding the 30 days before the date the facility is certified for medical assistance.

(h) The development of any newly constructed or newly established facility as defined in this subdivision and projected to be operational after July 1, 1991, by the commissioner of human services shall be delayed until July 1, 1993, except for those facilities authorized by the commissioner as a result of a closure of a facility according to section 252.292 prior to January 1, 1991, or those facilities developed as a result of a receivership of a facility according to section 245A.12. This paragraph does not apply to state-operated community facilities authorized in section 252.50.

Sec. 66. Minnesota Statutes 1990, section 256B.501, is amended by adding a subdivision to read:

Subd. 12. [ICF/MR SALARY ADJUSTMENTS.] For the rate period beginning January 1, 1992, and ending September 30, 1993, the commissioner shall add the appropriate salary adjustment cost per diem calculated in paragraphs (a) to (d) to the total operating cost payment rate of each facility. The salary adjustment cost per diem must be determined as follows:

(a) [COMPUTATION AND REVIEW GUIDELINES. Except as provided in paragraph (c), a state-operated community service, and any facility whose payment rates are governed by closure agreements, receivership agreements, or Minnesota Rules, part 9553.0075, are not eligible for a salary adjustment otherwise granted under this subdivision. For purposes of the salary adjustment per diem computation and reviews in this subdivision, the term "salary adjustment cost" means the facility's allowable program operating cost category employee training expenses, and the facility's allowable salaries, payroll taxes, and fringe benefits. The term does not include these same salary-related costs for both administrative or central office employees.

For the purpose of determining the amount of salary adjustment to be granted under this subdivision, the commissioner must use the reporting year ending December 31, 1990, as the base year for the salary adjustment per diem computation. For the purpose of each year's salary adjustment cost review, the commissioner must use the facility's salary adjustment cost for the reporting year ending December 31, 1991, as the base year. If the base year and the reporting year subject to review include salary cost reclassifications made by the department, the commissioner must reconcile those differences before completing the salary adjustment per diem review.

(b) [SALARY ADJUSTMENT PER DIEM COMPUTATION.] For the rate period beginning January 1, 1992, each facility shall receive a salary adjustment cost per diem equal to its salary adjustment costs multiplied by 1-1/2 percent, and then divided by the facility's resident days.

(c) [ADJUSTMENTS FOR NEW FACILITIES.] For newly constructed or newly established facilities, except for state-operated community services, whose payment rates are governed by Minnesota Rules, part 9553.0075, if the settle-up cost report includes a reporting year which is subject to review under this subdivision, the commissioner shall adjust the rule provision governing the maximum settle-up payment rate by increasing the .4166 percent for each full month of the settle-up cost report to .7083. For any subsequent rate period which is authorized for salary adjustments under this subdivision, the commissioner shall compute salary adjustment cost per diems by annualizing the salary adjustment costs for the settle-up cost report period and treat that period as the base year for purposes of reviewing salary adjustment cost per diems.

(d) [SALARY ADJUSTMENT PER DIEM REVIEW.] The commissioner shall review the implementation of the salary adjustments on a per diem basis. For reporting years ending December 31, 1992, and December 31, 1993, the commissioner must review and determine the amount of change in salary adjustment costs in each of the above

reporting years over the base year. In the case of each review, the commissioner must inflate the base year's salary adjustment costs by the cumulative percentage increase granted in paragraph (b), plus three percentage points for each of the two years reviewed. The commissioner must then compare each facility's salary adjustment costs for the reporting year divided by the facility's resident days for that reporting year to the base year's inflated salary adjustment cost divided by the facility's resident days for the base year. If the facility has had a one-time program operating cost adjustment settle-up during any of the reporting years subject to review, the commissioner must remove the per diem effect of the one-time program adjustment before completing the review and per diem comparison.

The review and per diem comparison must be done by the commissioner each year following the reporting years subject to review. If the salary adjustment cost per diem for the reporting year being reviewed is less than the base year's inflated salary adjustment cost per diem, the commissioner must recover the difference within 120 days after the date of written notice. The amount of the recovery shall be equal to the per diem difference multiplied by the facility's resident days in the reporting year being reviewed. Written notice of the amount subject to recovery must be given by the commissioner following each reporting year reviewed. Interest charges must be assessed by the commissioner after the 120th day of that notice at the same interest rate the commissioner assesses for other balance outstanding.

Sec. 67. [256B.82] [SPECIAL PAYMENTS.]

Subdivision 1. [HOSPITAL REIMBURSEMENT.] (a) Effective for admissions occurring on or after July 1, 1991, the commissioner shall make an indigent care payment to Minnesota and local trade area hospitals except facilities of the federal Indian Health Service and regional treatment centers, in addition to all other payment to hospitals for inpatient services. The indigent care payment shall be ten percent of the amount of medical assistance payments issued to that provider for inpatient services in a given calendar quarter or month, excluding indigent care payments paid under this section, divided by the number of related admissions, or patient days if applicable, and multiplying the result by 111 percent. The indigent care payment is added to each admission, or patient day if applicable, occurring (1) in the second calendar quarter beginning after the quarter on which the September 15, 1991, indigent care payment amount is based and (2) in the month beginning six months after the month on which the subsequent monthly indigent care payment amount is based. Medicare crossovers are excluded from indigent care payments and from the payments and admissions on which the indigent care payment is based. The commissioner may issue indigent care payments as disproportionate population adjustments for eligible hospitals.

(b) Effective for services rendered on or after July 1, 1991, the commissioner shall reimburse outpatient hospital facility fees at 80 percent of calendar year 1990 submitted charges, not to exceed the medicare upper payment limit. Services excepted from this payment methodology are emergency room facility fees, clinic facility fees, and those services for which there is a federal maximum allowable payment.

Subd. 2. [PHYSICIAN REIMBURSEMENT.] The commissioner shall make payments for physician services rendered on or after July 1, 1992, as follows:

(a) Payments for level one Health Care Finance Administration's common procedural coding system (HCPCS) codes titled "office and other outpatient medical services," "preventive medicine new and established patient," "delivery, antepartum and postpartum care," caesarean delivery, and pharmacologic management provided to psychiatric patients and HCPCS level three codes for enhanced services for prenatal high risk shall be calculated at the lower of (1) submitted charges, or (2) the median charges in 1989 minus 20 percent. If the median minus 20 percent results in a decrease to rates in effect June 30, 1991, for obstetrical and prenatal services, the rate on those codes in effect on June 30, 1991, shall be increased by an additional five percent.

(b) Payments for level one HCPCS codes titled "critical care" initial or subsequent visits only shall be calculated at the lower of (1) submitted charges, or (2) the median charges in 1989 minus 30 percent.

(c) Payments for all other services shall be calculated at the lower of (1) submitted charges, or (2) the median charges in 1989 minus 40 percent.

(d) In addition to the payment rates in paragraphs (a) to (c), rates for obstetrical services shall be adjusted by the ten percent increase in Laws 1989, chapter 689, article 1, section 2, subdivision 5, and rates for obstetrical and pediatric services shall be adjusted by the 15 percent increase in Laws 1990, chapter 568, article 1, section 2, subdivision 7.

Subd. 3. [NURSING FACILITY REIMBURSEMENT.] For rate years beginning on or after July 1, 1991, the commissioner shall reimburse nursing facilities participating in the medical assistance program as follows:

(1) a capital allowance of \$1.44 per resident day shall be paid. For a licensed provider with an operating lease on the nursing facility, the capital equipment allowance shall not be the property of the lessor but shall be the property of the licensed provider for the

duration of the operating lease or any renewal or extension of the operating lease; and

(2) the maximum efficiency incentive per diem payment established annually under section 256B.431, subdivision 2b, paragraph (d), shall be increased to \$2.10 effective July 1, 1991, and \$2.20 effective July 1, 1992.

Subd. 4. [PERSONAL NEEDS ALLOWANCE.] The commissioner shall provide cost of living increases in the personal needs allowance under section 256B.35, subdivision 1.

Subd. 5. [DENTISTS.] The commissioner shall increase reimbursement to dentists for services rendered on or after July 1, 1992, by 20 percent for preventative services and five percent for all other services.

Subd. 6. [HEALTH PLANS.] Effective for services rendered after July 1, 1991, the commissioner shall adjust the monthly medical assistance capitation rate cell established in contract by the amount necessary to accommodate the equivalent value of the reimbursement increase established under subdivisions 1, 2, and 5.

Subd. 7. [ADMINISTRATIVE COST.] The commissioner may expend up to \$1,700,000 for the administrative costs associated with sections 256.9657 and 256B.82.

Subd. 8. [CONTINGENT ON FEDERAL FINANCIAL PARTICIPATION.] The provisions of this section and section 256.9657 apply only as long as federal financial participation under Title XIX of the Social Security Act is available for medical assistance payments made under this section. In the event federal financial participation is denied for payments under this section, the commissioner shall discontinue collections from providers under section 256.9657, eliminate payments to providers and recipients under this section, and implement the contingent budget reductions in section 77, effective immediately.

Subd. 9. [NO ADJUSTMENTS WHILE FEES IN EFFECT.] The commissioner shall not adjust the payments under this section as long as the surcharges under section 256.9657 remain in effect. The commissioner shall report to the legislature when submitting the budget forecast regarding the amount of actual and anticipated surcharge collections and provider payments. The report must include recommendations for improving the operation of this section and section 256.9657, including any changes in surcharges or payments necessary to ensure that payments under this section do not exceed collections under section 256.9657.

Subd. 10. [IMPLEMENTATION; RULEMAKING.] The commis-

sioner shall implement sections 256.9657 and 256B.82 on July 1, 1991, without complying with the rulemaking requirements of the administrative procedure act. The commissioner shall begin to adopt emergency rules to implement this article within 30 days, and may adopt permanent rules to implement this article. Emergency and permanent rules adopted to implement this article supersede any provisions adopted under the exemption from rulemaking requirements in this section.

Sec. 68. Minnesota Statutes 1990, section 256D.03, subdivision 3, is amended to read:

Subd. 3. [GENERAL ASSISTANCE MEDICAL CARE; ELIGIBILITY.] (a) General assistance medical care may be paid for any person who is age 18 or older and who is not eligible for medical assistance under chapter 256B, including eligibility for medical assistance based on a spend-down of excess income according to section 256B.056, subdivision 5, and:

(1) who is receiving assistance under section 256D.05 or 256D.051 and is not eligible for medical assistance under chapter 256B including eligibility for medical assistance based on a spend-down of excess income according to section 256B.056, subdivision 5; or

(2)(i) who is a resident of Minnesota; and whose equity in assets is not in excess of \$1,000 per assistance unit. Exempt assets, the reduction of excess assets, and the waiver of excess assets must conform to the medical assistance program in chapter 256B; and

(ii) who has countable income not in excess of the assistance standards established in section 256B.056, subdivision 4, or whose excess income is spent down pursuant to section 256B.056, subdivision 5, using a six-month budget period, except that a one-month budget period must be used for recipients residing in a long-term care facility. The method for calculating earned income disregards and deductions for a person who resides with a dependent child under age 21 shall be as specified in section 256.74, subdivision 1. However, if a disregard of \$30 and one-third of the remainder described in section 256.74, subdivision 1, clause (4), has been applied to the wage earner's income, the disregard shall not be applied again until the wage earner's income has not been considered in an eligibility determination for general assistance, general assistance medical care, medical assistance, or aid to families with dependent children for 12 consecutive months. The earned income and work expense deductions for a person who does not reside with a dependent child under age 21 shall be the same as the method used to determine eligibility for a person under section 256D.06, subdivision 1, except the disregard of the first \$50 of earned income is not allowed; or

(3) who is over age 18 and who would be eligible for medical

assistance except that the person resides in a facility that is determined by the commissioner or the federal health care financing administration to be an institution for mental diseases.

(b) Eligibility is available for the month of application, and for three months prior to application if the person was eligible in those prior months. A redetermination of eligibility must occur every 12 months.

(c) General assistance medical care ~~may be paid for a person, regardless of age, who is not available for a person in a correctional facility unless the person is detained by law for less than one year in a county correctional or detention facility as a person accused or convicted of a crime, or admitted as an inpatient to a hospital on a criminal hold order, if and the person is a recipient of general assistance medical care at the time the person is detained by law or admitted on a criminal hold order and as long as the person continues to meet other eligibility requirements of this subdivision.~~

(d) General assistance medical care is not available for applicants or recipients who do not cooperate with the county agency to meet the requirements of medical assistance.

(e) In determining the amount of assets of an individual, there shall be included any asset or interest in an asset, including an asset excluded under paragraph (a), that was given away, sold, or disposed of for less than fair market value within the 30 months preceding application for general assistance medical care or during the period of eligibility. Any transfer described in this paragraph shall be presumed to have been for the purpose of establishing eligibility for general assistance medical care, unless the individual furnishes convincing evidence to establish that the transaction was exclusively for another purpose. For purposes of this paragraph, the value of the asset or interest shall be the fair market value at the time it was given away, sold, or disposed of, less the amount of compensation received. For any uncompensated transfer, the number of months of ineligibility, including partial months, shall be calculated by dividing the uncompensated transfer amount by the average monthly per person payment made by the medical assistance program to skilled nursing facilities for the previous calendar year. The individual shall remain ineligible until this fixed period has expired. The period of ineligibility may exceed 30 months, and a reapplication for benefits after 30 months from the date of the transfer shall not result in eligibility unless and until the period of ineligibility has expired. The period of ineligibility begins in the month the transfer was reported to the county agency, or if the transfer was not reported, the month in which the county agency discovered the transfer, whichever comes first. For applicants, the period of ineligibility begins on the date of the first approved application.

Sec. 69. Minnesota Statutes 1990, section 256D.03, subdivision 4, is amended to read:

Subd. 4. ~~[GENERAL ASSISTANCE MEDICAL CARE; SERVICES.]~~ (a) ~~Reimbursement under the general assistance medical care program shall be limited to the following categories of service~~ For a person who is eligible under subdivision 3, paragraph (a), clause (3), general assistance medical care covers:

- (1) inpatient hospital care, services;

- (6) eyeglasses and eye examinations provided by a physician or optometrist;
- (7) hearing aids;

(b) For a recipient who is eligible under subdivision 3, paragraph (a), clause (1) or (2), general assistance medical care covers the services listed in paragraph (a) with the exception of special transportation services.

(b) (c) In order to contain costs, the commissioner of human services shall select vendors of medical care who can provide the most economical care consistent with high medical standards and shall where possible contract with organizations on a prepaid capitation basis to provide these services. The commissioner shall consider proposals by counties and vendors for prepaid health plans, competitive bidding programs, block grants, or other vendor payment mechanisms designed to provide services in an economical manner or to control utilization, with safeguards to ensure that necessary services are provided. Before implementing prepaid programs in counties with a county operated or affiliated public teaching hospital or a hospital or clinic operated by the University of Minnesota, the commissioner shall consider the risks the prepaid program creates for the hospital and allow the county or hospital the opportunity to participate in the program in a manner that reflects the risk of adverse selection and the nature of the patients served by the hospital, provided the terms of participation in the program are competitive with the terms of other participants considering the nature of the population served. Payment for services provided pursuant to this subdivision shall be as provided to medical assistance vendors of these services under sections 256B.02, subdivision 8, and 256B.0625. For payments made during fiscal year 1990 and later years, the commissioner shall ~~contract~~ consult with an independent actuary ~~to establish~~ in establishing prepayment rates, but shall retain final control over the rate methodology.

(e) (d) The commissioner of human services may reduce payments provided under sections 256D.01 to 256D.21 and 261.23 in order to

remain within the amount appropriated for general assistance medical care, within the following restrictions.

For the period July 1, 1985, to December 31, 1985, reductions below the cost per service unit allowable under section 256.966, are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 30 percent; payments for all other inpatient hospital care may be reduced no more than 20 percent. Reductions below the payments allowable under general assistance medical care for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than ten percent.

For the period January 1, 1986, to December 31, 1986, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 20 percent; payments for all other inpatient hospital care may be reduced no more than 15 percent. Reductions below the payments allowable under general assistance medical care for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

For the period January 1, 1987, to June 30, 1987, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 15 percent; payments for all other inpatient hospital care may be reduced no more than ten percent. Reductions below the payments allowable under medical assistance for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

For the period July 1, 1987, to June 30, 1988, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 15 percent; payments for all other inpatient hospital care may be reduced no more than five percent. Reductions below the payments allowable under medical assistance for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

For the period July 1, 1988, to June 30, 1989, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency

or mental illness may be reduced no more than 15 percent; payments for all other inpatient hospital care may not be reduced. Reductions below the payments allowable under medical assistance for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

There shall be no copayment required of any recipient of benefits for any services provided under this subdivision. A hospital receiving a reduced payment as a result of this section may apply the unpaid balance toward satisfaction of the hospital's bad debts.

~~(d)~~ (e) Any county may, from its own resources, provide medical payments for which state payments are not made.

~~(e)~~ (f) Chemical dependency services that are reimbursed under Laws 1986, chapter 394, sections 8 to 20, chapter 254B must not be reimbursed under general assistance medical care.

~~(f)~~ (g) The maximum payment for new vendors enrolled in the general assistance medical care program after the base year shall be determined from the average usual and customary charge of the same vendor type enrolled in the base year.

~~(g)~~ (h) The conditions of payment for services under this subdivision are the same as the conditions specified in rules adopted under chapter 256B governing the medical assistance program, unless otherwise provided by statute or rule.

Sec. 70. Minnesota Statutes 1990, section 256D.06, subdivision 1b, is amended to read:

Subd. 1b. [EARNED INCOME SAVINGS ACCOUNT.] In addition to the \$50 disregard required under subdivision 1, the county agency shall disregard an additional earned income up to a maximum of \$150 per month for: (1) persons residing in facilities licensed under Minnesota Rules, parts 9520.0500 to 9520.0690 and 9530.2500 to 9530.4000, and for whom discharge and work are part of a treatment plan and for; (2) persons living in supervised apartments with services funded under Minnesota Rules, parts 9535.0100 to 9535.1600, and for whom discharge and work are part of a treatment plan; and (3) persons residing in a negotiated rate residence, as that term is defined in section 256I.03, subdivision 3, for whom the county agency has approved a discharge plan which includes work. The additional amount disregarded must be placed in a separate savings account by the eligible individual, to be used upon discharge from the residential facility into the community. A maximum of \$1,000, including interest, of the money in the savings account must be excluded from the resource limits established by section 256D.08, subdivision 1, clause (1). Amounts in that account in excess of \$1,000 must be applied to the resident's cost of care. If excluded money is removed from the savings account by the eligible individ-

ual at any time before the individual is discharged from the facility into the community, the money is income to the individual in the month of receipt and a resource in subsequent months. If an eligible individual moves from a community facility to an inpatient hospital setting, the separate savings account is an excluded asset for up to 18 months. During that time, amounts that accumulate in excess of the \$1,000 savings limit must be applied to the patient's cost of care. If the patient continues to be hospitalized at the conclusion of the 18-month period, the entire account must be applied to the patient's cost of care.

Sec. 71. Minnesota Statutes 1990, section 256I.05, is amended by adding a subdivision to read:

Subd. 1a. [LOWER MAXIMUM RATE.] The maximum monthly rate for a general assistance or Minnesota supplemental aid negotiated rate residence that enters into an initial negotiated rate agreement with a county agency on or after June 1, 1989, may not exceed 90 percent of the maximum rate established under subdivision 1. This is effective until June 30, 1993, or until the statewide system authorized under subdivision 6 is established, whichever occurs first.

Sec. 72. Minnesota Statutes 1990, section 256I.05, is amended by adding a subdivision to read:

Subd. 1b. [RATES FOR UNCERTIFIED BOARDING CARE HOMES.] Effective July 1, 1992, the maximum rate for a boarding care home not certified to receive medical assistance is equal to 65 percent of the average nursing home level "A" rate in effect for the geographic area in which the boarding care home is located, except that a facility's rate must not be reduced by more than ten percent for the year ending June 30, 1992. This is effective until June 30, 1993. A noncertified boarding care home licensed under Minnesota Rules, parts 9520.0500 to 9520.0690, is exempt from this rate limit. The commissioner shall study the numbers of facilities and residents that will be affected by the limit in this subdivision, the number of facilities likely to close because of the limit, the available alternatives for affected residents, methods of relocating or securing alternative placements for residents, and other effects of the limit. The commissioner shall provide a report to the legislature by January 1, 1992, on the commissioner's findings and recommendations relating to the rate limit.

Sec. 73. Minnesota Statutes 1990, section 256I.05, subdivision 2, is amended to read:

Subd. 2. [MONTHLY RATES; EXEMPTIONS.] (a) The maximum negotiated rate does not apply to a residence that on August 1, 1984, was licensed by the commissioner of health only as a boarding care home, certified by the commissioner of health as an intermediate

care facility, and licensed by the commissioner of human services under Minnesota Rules, parts 9520.0500 to 9520.0690. For residences in this clause that have less than five percent of their licensed boarding care capacity reimbursed by the medical assistance program, rate increases shall be provided according to section 256B.431, subdivision 4, paragraph (c).

(b) The maximum negotiated rate does not apply to a residence that on August 1, 1984, was licensed by the commissioner of human services under Minnesota Rules, parts 9525.0520 to 9525.0660, but funded as a negotiated rate residence under general assistance or Minnesota supplemental aid. Rate increases for these residences are subject to the provisions of subdivision 7.

~~(c) The following residences are exempt from the limit on negotiated rates and must be reimbursed for documented actual costs, until an alternative reimbursement system covering services excluding room and board maintenance services is developed by the commissioner:~~

~~(1) a residence that is not certified to participate in the medical assistance program; that was licensed as a boarding care facility by March 1, 1985, and does not receive supplemental program funding under Minnesota Rules, parts 9535.2000 to 9535.3000 or 9553.0010 to 9553.0080;~~

~~(2) The maximum negotiated rate does not apply to a residence certified to participate in the medical assistance program, licensed as a boarding care facility or a nursing home, and declared to be an institution for mental disease by January 1, 1989. Effective January 1, 1989, the actual documented cost rate for these residences is the individual's appropriate medical assistance case mix rate until the commissioner develops a comprehensive system of rates and payments for persons in all negotiated rate residences. The exclusion from the rate limit for residences under this clause expires July 1, 1991 continues until June 30, 1992. The commissioner of human services, in consultation with the counties in which these residences are located, shall review the status of each certified nursing home and board and care facility declared to be an institution for mental disease. This review shall include the cost effectiveness of continued payment for residents through general assistance or Minnesota supplemental aid; the appropriateness of placement of general assistance or supplemental aid clients in these facilities; the effects of Public Law Number 100-203 on these facilities; and the role of these facilities in the mental health service delivery system. The commissioner shall make recommendations to the legislature by January 1, 1990, regarding the need to continue the exclusion of these facilities from the negotiated rate maximum and the future role of these facilities in serving persons with mental illness.~~

(d) The commissioner of human services shall take the following

action in relation to certified boarding care facilities and nursing homes that have been declared institutions for mental diseases, excluding those facilities exempt under paragraph (a):

(1) All mental health and placement screenings and diagnostic assessments required under the federal Omnibus Budget Reconciliation Act (OBRA) must be completed by July 1, 1991, for all residents in institutions for mental diseases admitted before June 1, 1991. Residents determined to need relocation under the preadmission screening and annual resident review must be relocated to a more appropriate placement in accordance with the timelines established in the state's alternative disposition plan.

(2) By October 1, 1991, all institutions for mental diseases must be reviewed again by the commissioner to determine if they are still institutions for mental diseases, and the commissioner shall immediately revoke a declaration that a facility is an institution for mental diseases if the commissioner determines that the facility is not an institution for mental diseases.

(3) The commissioner shall provide to institutions for mental diseases training in the criteria used in assessing residents for determination of institutions for mental diseases status and the numbers of residents in each category.

(4) For facilities whose status as an institution for mental diseases is not revoked by the commissioner by October 1, 1991, a facility-specific plan must be developed by the commissioner and the facility, in consultation with the appropriate consumer groups, to offer alternative services to enough residents by July 1, 1992, to allow the commissioner to revoke the facility's status as an institution for mental diseases.

Sec. 74. Minnesota Statutes 1990, section 256I.05, is amended by adding a subdivision to read:

Subd. 7a. [RATE INCREASES FOR THE 1991-1993 BIENNIUM.] For the biennium ending June 30, 1993, no inflationary increases shall be provided in rates for negotiated rate settings under subdivision 7.

Sec. 75. [REGULATORY REVIEW.]

The commissioner of health shall study the regulation of long-term care facilities and report to the legislature by January 15, 1992, with any recommendations for changes in the current regulatory structure. The study must address at least the following issues:

- (1) the possibility of unifying the federal and state enforcement systems;
- (2) the effectiveness of existing enforcement tools;
- (3) the appropriateness of current licensure standards; and
- (4) alternative mechanisms for dispute resolution.

Sec. 76. [NURSING HOME FINANCIAL PERFORMANCE MONITORING.]

The commissioners of health and human services shall recommend to the legislature by January 15, 1992, a system to monitor the financial performance of nursing homes on an ongoing basis. The system may provide for the inclusion of nursing homes in the health care cost information act of 1984 or for another method to obtain, analyze, and report financial data. The system must be coordinated with existing nursing home financial reporting requirements and must provide for periodic reports to the legislature on the financial condition of nursing homes.

Sec. 77. [CONTINGENT BUDGET REDUCTIONS.]

Subdivision 1. [CONTINGENT MEDICAL ASSISTANCE PROVIDER REDUCTIONS.] This section is effective only if federal financial participation under Title XIX of the Social Security Act is not available for payments under Minnesota Statutes, section 256B.82. This section is effective on the date the commissioner of human services receives an official denial of federal financial participation or an official communication from the federal government stating that federal financial participation will not be available, or on the effective date of a federal law that specifically prohibits federal financial participation.

Subd. 2. [HOSPITAL PEER GROUPS.] (a) For admissions occurring after the transition period specified in Minnesota Statutes, section 256.9695, subdivision 3, operating payment rates of each hospital shall be limited to the operating payment rates within its peer group so that the statewide operating payment level is reduced by 4.5 percent. For subsequent rate years, the limits shall be adjusted by the hospital cost index. The commissioner shall contract for the development of criteria for and the establishment of the peer groups. Peer groups must be established based on variables that affect medical assistance cost such as scope and intensity of services, acuity of patients, location, and capacity. Rates shall be standardized by the case mix index and adjusted, if applicable, for the variable outlier percentage. The peer groups may exclude and have separate limits or be standardized for operating cost differences that are not common to all hospitals in order to establish a minimum

number of groups. The criteria and establishment of the peer groups is not subject to the requirements of Minnesota Statutes, chapter 14, the administrative procedure act.

(b) The commissioner shall not implement section 67, subdivision 1, paragraph (b).

Subd. 3. [MEDICAL ASSISTANCE COVERAGE OF DENTAL SERVICES.] Notwithstanding Minnesota Statutes, section 256B.0625, subdivision 9, medical assistance only covers dental services for children under age 18, and dental services not to exceed \$150 annually for adults. The commissioner shall not implement section 67, subdivision 5.

Subd. 4. [MEDICAL ASSISTANCE COVERAGE OF SPECIAL TRANSPORTATION.] For medical assistance coverage of special transportation under Minnesota Statutes, section 256B.0625, subdivision 17, the commissioner of human services shall establish maximum medical assistance reimbursement rates for special transportation services for persons who need a wheelchair lift van or stretcher-equipped vehicle and for those who do not need a wheelchair lift van or stretcher-equipped vehicle. The average of these two rates must not exceed \$12.50 for the base rate and 60 cents per mile.

Subd. 5. [NURSING HOME WORKERS' COMPENSATION COSTS.] Notwithstanding contrary provisions of Minnesota Statutes, section 256B.431, in determining medical assistance payments to nursing facilities, the commissioner must reduce the workers' compensation cost during the reporting year for each nursing facility to account for any savings in workers' compensation costs that result from actions of the 1991 legislature for the purposes of computing the payment rates for the rate year beginning July 1, 1991, and for the first nine months of the rate year beginning July 1, 1992. For any nursing facility that cannot separately report the workers' compensation costs, the commissioner shall determine the amount of the workers' compensation costs to be reduced by identifying the nursing facility's portion of total workers' compensation costs by applying the individual Medicare stepdowns which the nursing facility used to allocate its payroll taxes and fringe benefits and multiplying that amount by 16 percent.

Subd. 6. [NURSING HOME COST LIMITS.] (a) [NURSING HOME RATES.] The provisions in paragraphs (b) to (e) apply to medical assistance payments to nursing facilities and supersede any inconsistent provisions in Minnesota Statutes, section 256B.431.

(b) [OTHER OPERATING COST LIMITS.] For the rate year beginning July 1, 1991, the commissioner, in conjunction with the rebasing for the reporting year September 30, 1990, shall establish the other operating cost limits in Minnesota Rules, part 9549.0055,

subpart 2, item E, at 108 percent of the median of the array of allowable historical other operating cost per diems. The limits must be established according to Minnesota Statutes, section 256B.431, subdivision 2b, paragraph (d). For rate years beginning on or after July 1, 1992, the adjusted other operating cost limits must be indexed as in subdivision 2l.

(c) |CARE-RELATED OPERATING COST LIMITS.| For the rate year beginning July 1, 1991, the commissioner, in conjunction with the rebasing for the reporting year September 30, 1990, shall establish the care-related operating cost limits in Minnesota Rules, part 9549.0055, subpart 2, items A and B, at 122 percent of the median of the array of the allowable historical case mix operating cost standardized per diems and the allowable historical other care-related operating cost per diems. The limits must be established according to Minnesota Statutes, section 256B.431, subdivision 2b, paragraph (d). For rate years beginning on or after July 1, 1992, the adjusted care-related limits must be indexed as in Minnesota Statutes, section 256B.431, subdivision 2l.

(d) |ADMINISTRATIVE COST LIMITS.| For rate years beginning on or after July 1, 1991, the cost limitation for costs in the general and administrative cost category in Minnesota Rules, part 9549.0055, subpart 2, item D, shall be modified as in clauses (1) to (4):

(1) the percentage limitation for nursing homes with 60 or fewer licensed beds shall be 14 percent;

(2) the percentage limitation for nursing homes with 61 to 100 licensed beds shall be 13 percent;

Subd. 7. |NURSING HOME PROPERTY COSTS.| (a) The provisions of paragraphs (b) to (d) apply to medical assistance payments to nursing facilities and supersede any inconsistent provisions of Minnesota Statutes, section 256B.431.

(b) For the rate year beginning July 1, 1991, the property-related payment rate for a nursing home classified as a group A nursing home under Minnesota Statutes, section 256B.431, subdivision 3i,

shall be the lesser of the nursing home's property-related payment rate in effect on July 1, 1990; or the sum of 115 percent of the nursing home's allowable principal and interest expense, plus its equipment allowance multiplied by the resident days for the reporting year ending September 30, 1990, divided by the nursing home's capacity days as determined under Minnesota Rules, part 9549.0060, subpart 11, as modified by Minnesota Statutes, section 256B.431, subdivision 3f, paragraph (c); but not less than the lesser of \$3.25 or the nursing home's July 1, 1990, property-related payment rate.

Subd. 8. [PERSONAL NEEDS ALLOWANCE INFLATION.] Notwithstanding Minnesota Statutes, section 256B.35, subdivision 1, no increase for inflation may be provided to the personal needs allowance for persons receiving medical assistance.

Subd. 9. [NURSING HOME MORATORIUM EXCEPTIONS.] The commissioner of health shall not authorize exceptions to the nursing home moratorium under Minnesota Statutes, section 144A.073.

(1) reduce retroactive eligibility for general assistance medical care recipients who are not residents of institutions for mental diseases from three months to one month;

Sec. 4. [214.101] [CHILD SUPPORT; SUSPENSION OF LICENSE.]

Subdivision 1. [COURT ORDER; HEARING ON SUSPENSION.]
If a licensing board receives an order from a court under section 518.551, subdivision 12, dealing with suspension of a license of a person found by the court to be in arrears in child support payments, the board shall, within 30 days of receipt of the court order, provide notice to the licensee and hold a hearing. If the board finds that the person is licensed by the board and evidence of full payment of arrearages found to be due by the court is not presented at the hearing, the board shall suspend the license unless it determines that probation is appropriate under subdivision 2. The only issues to be determined by the board are whether the person named in the court order is a licensee, whether the arrearages have been paid, and whether suspension or probation is appropriate. The board may not consider evidence with respect to the appropriateness of the court order or the ability of the person to comply with the order. The board may not lift the suspension until the licensee files with the board proof showing that the licensee is current in child support payments.

Subd. 2. [PROBATION.] If the board determines that the suspension of the license would create an extreme hardship to either the licensee or to persons whom the licensee serves, the board may, in lieu of suspension, allow the licensee to continue to practice the occupation on probation. Probation must be conditioned upon full compliance with the court order that referred the matter to the board. The probation period may not exceed two years, and the terms of probation must provide for automatic suspension of the license if the licensee does not provide monthly proof to the board of full compliance with the court order that referred the matter to the board or a further court order if the original order is modified by the court.

Subd. 3. [REVOCAION OR REINSTATEMENT OF PROBATION.] If the licensee has a modification petition pending before the court, the board may, without a hearing, defer a revocation of probation and institution of suspension until receipt of the court's ruling on the modification order. A licensee who was placed on probation and then automatically suspended may be automatically reinstated upon providing proof to the board that the licensee is currently in compliance with the court order.

Subd. 4. [VERIFICATION OF PAYMENTS.] Before a board may terminate probation, remove a suspension, issue, or renew a license of a person who has been suspended or placed on probation under this section, it shall contact the court that referred the matter to the board to determine that the applicant is not in arrears for child support. The board may not issue or renew a license until the applicant proves to the board's satisfaction that the applicant is current in support payments.

Subd. 5. [APPLICATION.] This section applies to support obligations ordered by any state, territory, or district of the United States.

Sec. 5. Minnesota Statutes 1990, section 237.70, subdivision 7, is amended to read:

YOU MAY BE ELIGIBLE FOR ASSISTANCE IN PAYING YOUR TELEPHONE BILL IF YOU MEET CERTAIN HOUSEHOLD INCOME LIMITS, AND YOU ARE 65 YEARS OF AGE OR OLDER OR ARE DISABLED AND IF YOU MEET CERTAIN HOUSEHOLD INCOME LIMITS. FOR MORE INFORMATION OR AN APPLICATION FORM PLEASE CONTACT

(c) Each telephone company shall provide telephone assistance plan credits against monthly charges in the earliest possible month following receipt of an application form and shall continue to provide credits unless notified that the subscriber is ineligible. The company shall cease granting credits at the earliest possible billing cycle when notified by the department of human services that the subscriber is ineligible. An application may be made by the subscriber, the subscriber's spouse, or a person authorized by the subscriber to act on the subscriber's behalf. On completing the application certifying that the statutory criteria for eligibility are satisfied, the applicant must return the application to an office of the department of human services specially designated to process telephone assistance plan applications. On receiving a completed application from an applicant, the department of human services shall determine the applicant's eligibility or ineligibility within 120 days. If the department fails to do so, it shall within three working days provide written notice to the applicant's telephone company that the company shall provide telephone assistance plan credits against monthly charges in the earliest possible month following receipt of the written notice. The applicant must receive telephone assistance plan credits until the earliest possible month following the company's receipt of notice from the department that the applicant is ineligible.

eligible to receive telephone assistance plan credits, the department of human services shall provide written notification to the telephone company that serves the applicant. The notice must include the applicant's name, address, and telephone number.

The reports must be submitted monthly, identifying the subscribers disconnected. Telephone companies that do not disconnect a subscriber receiving the telephone assistance plan credit are not required to report.

If the telephone assistance plan credit is not itemized on the subscriber's monthly charges bill for local telephone service, the telephone company must notify the subscriber of the approval for the telephone assistance plan credit.

(d) The commission shall serve as the coordinator of the telephone assistance plan and be reimbursed for its administrative expenses from the surcharge revenue pool. As the coordinator, the commission shall:

(1) establish a uniform statewide surcharge in accordance with subdivision 6;

(2) establish a uniform statewide level of telephone assistance plan credit that each telephone company shall extend to each eligible household in its service area;

(3) require each telephone company to account to the commission on a periodic basis for surcharge revenues collected by the company, expenses incurred by the company, not to include expenses of collecting surcharges, and credits extended by the company under the telephone assistance plan;

(4) require each telephone company to remit surcharge revenues to the department of administration for deposit in the fund; and

(5) remit to each telephone company from the surcharge revenue pool the amount necessary to compensate the company for expenses, not including expenses of collecting the surcharges, and telephone assistance plan credits. When it appears that the revenue generated by the maximum surcharge permitted under subdivision 6 will be inadequate to fund any particular established level of telephone assistance plan credits, the commission shall reduce the credits to a level that can be adequately funded by the maximum surcharge. Similarly, the commission may increase the level of the telephone assistance plan credit that is available or reduce the surcharge to a level and for a period of time that will prevent an unreasonable overcollection of surcharge revenues.

(e) Each telephone company shall maintain adequate records of surcharge revenues, expenses, and credits related to the telephone assistance plan and shall, as part of its annual report or separately, provide the commission and the department of public service with a financial report of its experience under the telephone assistance plan for the previous year. That report must also be adequate to satisfy the reporting requirements of the federal matching plan.

(f) The department of public service shall investigate complaints against telephone companies with regard to the telephone assistance plan and shall report the results of its investigation to the commission.

Sec. 12. Minnesota Statutes 1990, section 256.031, is amended to read:

256.031 [MINNESOTA FAMILY INVESTMENT PLAN.]

Subdivision 1. [CITATION.] Sections 256.031 to ~~256.036~~ 256.0361 may be cited as the Minnesota family investment plan.

Subd. 2. [LEGISLATIVE FINDINGS.] The legislature recognizes the need to fundamentally change the way government supports families. The legislature finds that many features of the current system of public assistance do not help families carry out their two basic functions: the economic support of the family unit and the care and nurturing of children. The legislature recognizes that the Minnesota family investment plan is an investment strategy that will support and strengthen the family's social and financial functions. This investment in families will provide long-term benefits through stronger and more independent families.

Subd. 3. [AUTHORIZATION FOR THE DEMONSTRATION.] (a) The commissioner of human services, in consultation with the commissioners of education, finance, jobs and training, health, and planning, and the ~~directors~~ director of the higher education coordinating board and the ~~office of jobs policy~~, is authorized to proceed with the planning and designing of the Minnesota family investment plan and to implement the plan to test policies, methods, and cost impact on an experimental basis by using field trials. The commissioner, under the authority in section 256.01, subdivision 2, shall implement the plan according to sections 256.031 to ~~256.033~~ describe the basic principles of the program. Sections 256.034 to 256.036 provide a basis for congressional action. Using sections 256.031 to 256.036, the commissioner shall seek congressional authority to implement the program in field trials. After obtaining congressional authority to implement the Minnesota family investment plan in field trials, the commissioner shall request specific appropriations from the legislature to implement field trials 256.0361 and Public Law Numbers 101-202 and 101-239, section 8015, as amended. If major and unpredicted costs to the program occur, the commissioner may take corrective action consistent with Public Law Numbers 101-202 and 101-239, which may include

termination of the program. Before taking such corrective action, the commissioner shall consult with the chairs of the senate health and human services committee, the house health and human services committee, the health and human services division of the senate finance committee and the human resources division of the house appropriations committee, or, if the legislature is not in session, consult with the legislative advisory commission.

(b) The field trials must shall be conducted as permitted under federal law, for as many years as necessary, and in different geographical settings, to provide reliable instruction about the desirability of expanding the program statewide.

(c) The commissioner shall select the counties which shall serve as field trial or control sites based on criteria which ensure reliable evaluation of the program.

(d) The commissioner is authorized to determine the number of families and characteristics of subgroups to be included in the evaluation.

(i) A family that applies for or is currently receiving financial assistance from aid to families with dependent children; family general assistance or work readiness; or food stamps may be assigned by the commissioner to an experimental or a control group for the purposes of evaluating the family investment plan. Families assigned to an experimental group receive benefits and services through the family investment plan. Families assigned to a control group receive benefits and services through existing programs. A family may not select the group to which it is assigned. Once assigned to a group, a family must remain in that group for the duration of the project.

(ii) To evaluate the effectiveness of the family investment plan, the commissioner may designate a subgroup of families from the experimental group who shall be exempt from section 256.035, subdivision 1, and shall not receive case management services under section 256.035, subdivision 6a. Families are eligible for services under section 256.736 to the same extent as families receiving AFDC.

Subd. 4. [GOALS OF THE MINNESOTA FAMILY INVESTMENT PLAN.] The commissioner shall design the program to meet the following goals:

(d) For a parental caregiver whose employability plan is composed entirely of services described in paragraph (c), the family support agreement shall designate a date for reassessment of the activities needed to reach the parental caregiver's employment goal and this date shall be considered as the content of the family support agreement. (i) The caregiver may revise the family support agreement with the case manager when good cause indicates revision is warranted. Revisions for reasons other than good cause to employment goals or steps toward self-support may be made in the first six months after the signing of the family support agreement with the approval of the case manager. After that, the revision must be approved by the case management supervisor or other persons responsible for review of case management decisions.

The search may be extended for up to three months if the parental caregiver seeks and needs additional job search assistance.

Subd. 6e. [CONCILIATION.] A conciliation procedure shall be available as provided in section 256.736, subdivision 11, paragraph (c). The conciliation conference will be available to parental caregivers who cannot reach agreement with the case manager about the contents or interpretation of the family support agreement, or who have received a notice of intent to implement a sanction as required under subdivision 3. Implementation of the sanction will be postponed pending the outcome of conciliation. The conciliation conference will be facilitated by a neutral mediator, and the goal will be to achieve mutual agreement between the parental caregiver and case

manager. The conciliation conference is an optional procedure preceding the hearing process under section 256.045.

County agencies must be selected to be involved in the pilot projects based on their response to requests for proposals issued by the commissioner. One of the county agencies selected must be located in either Hennepin or Ramsey county, one must be from a county in the seven-county metropolitan area other than Hennepin and Ramsey counties, and two must be located outside the metropolitan area.

(b) If proposals are not submitted, the commissioner may select the county agencies to be involved. The county agencies must be selected from the locations described in paragraph (a). Within the limits of available appropriations, and to the extent required or authorized by applicable federal regulations, the commissioner of human services shall require the establishment of fraud prevention investigation programs in the seven counties participating in the fraud prevention investigation pilot project established under Laws 1989, chapter 282, article 5, section 41, and in 11 additional Minnesota counties with the largest aid to families with dependent children program caseloads as of July 1, 1991. If funds are sufficient, the commissioner may also extend fraud prevention investigation programs to other counties that have welfare fraud control programs already in place based on enhanced funding contracts covering the fraud investigation function.

Subd. 2. [COUNTY PROPOSALS.] Each participating county agency shall develop and submit an annual staffing and funding proposal to the commissioner no later than April 30 of each year. Each proposal shall include, but not be limited to, the staffing and funding of the fraud prevention investigation program, a job de-

scription for investigators involved in the fraud prevention investigation program, and the organizational structure of the county agency unit, training programs for case workers, and the operational requirements which may be directed by the commissioner. The proposal shall be approved, to include any changes directed or negotiated by the commissioner, no later than June 30 of each year.

Subd. 3. [DEPARTMENT RESPONSIBILITIES.] The commissioner shall establish training programs which shall be attended by all investigative and supervisory staff of the involved county agencies. The commissioner shall also develop the necessary operational guidelines, forms, and reporting mechanisms, which shall be used by the involved county agencies.

Subd. 4. [FUNDING.] Every involved county agency shall either have in place or obtain an approved contract which meets all federal requirements necessary to obtain enhanced federal funding for its welfare fraud control and fraud prevention investigation programs. County agency reimbursement shall be made through the settlement provisions applicable to the aid to families with dependent children and food stamp programs.

“I declare under the penalties of perjury that this application has been examined by me and to the best of my knowledge is a true and correct statement of every material point. I understand that a person convicted of perjury may be sentenced to imprisonment of not more than five years or to payment of a fine of not more than \$10,000, or both.”

Subd. 2. [PENALTY.] Any person who willfully and falsely makes the declaration in subdivision 1 is guilty of perjury and shall be subject to the penalties prescribed in section 609.48.

a vendor of medical care, except a nursing home or convalescent care facility, prior to the hearing if in the commissioner's opinion that action is necessary to protect the public welfare and the interests of the program.

Upon receipt of a notice that a monetary recovery or sanction is to be imposed, a vendor may request a contested case, as defined in section 14.02, subdivision 3, by filing with the commissioner a written request of appeal. The appeal request must be received by the commissioner no later than 30 days after the date the notification of monetary recovery or sanction was mailed to the vendor. The appeal request must specify:

(1) each disputed item, the reason for the dispute, and an estimate of the dollar amount involved for each disputed item;

(2) the computation that the vendor believes is correct;

(3) the authority in statute or rule upon which the vendor relies for each disputed item;

(4) the name and address of the person or entity with whom contacts may be made regarding the appeal; and

(5) other information required by the commissioner.

Sec. 30. Minnesota Statutes 1990, section 256D.03, subdivision 2, is amended to read:

Subd. 2. After December 31, 1980, state aid shall be paid to county agencies for 75 percent of all general assistance and work readiness grants up to the standards of sections 256D.01, subdivision 1a, and 256D.051, and according to procedures established by the commissioner, except as provided for under section 256.017 and except that, until January 1, 1991, state aid is reduced to 65 percent of all work readiness assistance if the county agency does not make occupational or vocational literacy training available and accessible to recipients who are eligible for assistance under section 256D.051. Benefits shall be issued to recipients by the state or county and funded according to section 256.025, subdivision 3.

Beginning July 1, 1991, the state will reimburse counties according to the payment schedule in section 256.025 for the county share of county agency expenditures made under this subdivision from January 1, 1991, on. Payment to counties under this subdivision is subject to the provisions of section 256.017.

Sec. 31. Minnesota Statutes 1990, section 256D.03, subdivision 2a, is amended to read:

Subd. 2a. [COUNTY AGENCY OPTIONS.] Any county agency may, from its own resources, make payments of general assistance and work readiness assistance: (a) at a standard higher than that established by the commissioner without reference to the standards of section 256D.01, subdivision 1; or (b) to persons not meeting the eligibility standards set forth in section 256D.05, subdivision 1, or 256D.051 but for whom the aid would further the purposes established in the general assistance or work readiness program in accordance with rules adopted by the commissioner pursuant to the administrative procedure act. The Minnesota department of human services may maintain client records and issue these payments, providing the cost of benefits is paid by the counties to the department of human services in accordance with sections 256.01 and 256.025, subdivision 3.

Sec. 32. Minnesota Statutes 1990, section 256D.05, subdivision 1, is amended to read:

Subdivision 1. [ELIGIBILITY.] (a) Each person or family whose income and resources are less than the standard of assistance established by the commissioner and who is a resident of the state shall be eligible for and entitled to general assistance if the person or family is:

(1) a person who is suffering from a professionally certified permanent or temporary illness, injury, or incapacity which is expected to continue for more than 30 days and which prevents the person from obtaining or retaining employment;

(2) a person whose presence in the home on a substantially continuous basis is required because of the professionally certified illness, injury, incapacity, or the age of another member of the household;

(3) a person who has been placed in, and is residing in, a licensed or certified facility for purposes of physical or mental health or rehabilitation, or in an approved chemical dependency domiciliary facility, if the placement is based on illness or incapacity and is pursuant to a plan developed or approved by the county agency through its director or designated representative;

(4) a person who resides in a shelter facility described in subdivision 3;

(5) a person not described in clause (1) or (3) who is diagnosed by a licensed physician, licensed psychologist, or other qualified professional, as mentally retarded or mentally ill, and that condition prevents the person from obtaining or retaining employment;

(6) ~~a person who has an application pending for the social security~~

disability program or the program of supplemental security income for the aged, blind, and disabled, provided that within 60 days of the initial denial of the application by the social security administration, the person produces medical evidence in support of the person's application; or a person who has been terminated from either program and has an appeal from that termination pending. A person whose benefits are terminated for failure to produce any medical evidence within 60 days of the denial of the application, is eligible as soon as medical evidence in support of the application for the social security disability program or the program of supplemental security income for the aged, blind, and disabled is produced. Except for a person whose application is based in whole or in part on mental illness or chemical dependency, a person whose application for either program is denied and who does not pursue an appeal is eligible under this paragraph based on a new application only if the new application concerns a different disability or alleges new or aggravated symptoms of the original disability a person who has an application pending for, or is appealing termination of benefits from, the social security disability program or the program of supplemental security income for the aged, blind, and disabled, provided the person has a professionally certified permanent or temporary illness, injury, or incapacity which is expected to continue for more than 30 days and which prevents the person from obtaining or retaining employment;

(7) a person who is unable to obtain or retain employment because advanced age significantly affects the person's ability to seek or engage in substantial work;

(8) a person who has been assessed by a qualified professional or a vocational specialist as not being likely to obtain permanent employment. The assessment must consider the recipient's age, physical and mental health, education, trainability, prior work experience, and the local labor market; following participation in the work readiness program, completion of an individualized employability assessment by the work readiness service provider, and consultation between the county agency and the work readiness service provider, the county agency determines is not employable. For purposes of this item, a person is considered employable if the county agency determines that there exist positions of employment in the local labor market, regardless of the current availability of openings for those positions, that the person is capable of performing. Eligibility under this category must be reassessed at least annually by the county agency and must be based upon the results of a new individualized employability assessment completed by the work readiness service provider. The recipient shall, if otherwise eligible, continue to receive general assistance while the annual individualized employability assessment is completed by the work readiness service provider, rather than receive work readiness payments under section 256D.051. Subsequent eligibility for general assistance is dependent upon the county agency determining,

following consultation with the work readiness service provider, that the person is not employable, or the person meeting the requirements of another general assistance category of eligibility;

(9) a person who is determined by the county agency, in accordance with emergency and permanent rules adopted by the commissioner, to be learning disabled, provided that if a rehabilitation plan for the person is developed or approved by the county agency, the person is following the plan;

(10) a child under the age of 18 who is not living with a parent, stepparent, or legal custodian, but only if: the child is legally emancipated or living with an adult with the consent of an agency acting as a legal custodian; the child is at least 16 years of age and the general assistance grant is approved by the director of the county agency or a designated representative as a component of a social services case plan for the child; or the child is living with an adult with the consent of the child's legal custodian and the county agency. For purposes of this clause, "legally emancipated" means a person under the age of 18 years who: (i) has been married; (ii) is on active duty in the uniformed services of the United States; (iii) has been emancipated by a court of competent jurisdiction; or (iv) is otherwise considered emancipated under Minnesota law, and for whom county social services has not determined that a social services case plan is necessary, for reasons other than that the child has failed or refuses to cooperate with the county agency in developing the plan;

(11) a woman in the last trimester of pregnancy who does not qualify for aid to families with dependent children. A woman who is in the last trimester of pregnancy who is currently receiving aid to families with dependent children may be granted emergency general assistance to meet emergency needs;

(12) a person whose need for general assistance will not exceed 30 days who is eligible for displaced homemaker services, programs, or assistance under section 268.96, but only if that person is enrolled as a full-time student;

(13) a person who lives more than two hours round-trip traveling time from any potential suitable employment; and

(14) a person who is involved with protective or court-ordered services that prevent the applicant or recipient from working at least four hours per day; and

(15) a family as defined in section 256D.02, subdivision 5, which is ineligible for the aid to families with dependent children program. If all children in the family are six years of age or older, or if suitable child care is available for children under age six at no cost to the family, all the adult members of the family must register for and

cooperate in the work readiness program under section 256D.051. If one or more of the children is under the age of six and suitable child care is not available without cost to the family, all the adult members except one adult member must register for and cooperate with the work readiness program under section 256D.051. The adult member who must participate in the work readiness program is the one having earned the greater of the incomes, excluding in-kind income, during the 24-month period immediately preceding the month of application for assistance. When there are no earnings or when earnings are identical for each adult, the applicant must designate the adult who must participate in work readiness and that designation must not be transferred or changed after program eligibility is determined as long as program eligibility continues without an interruption of 30 days or more. The adult members required to register for and cooperate with the work readiness program are not eligible for financial assistance under section 256D.051, except as provided in section 256D.051, subdivision 6, and shall be included in the general assistance grant. If an adult member fails to cooperate with requirements of section 256D.051, the local agency shall not take that member's needs into account in making the grant determination as provided by the termination provisions of section 256D.051, subdivision 1a, paragraph (b). The time limits of section 256D.051, subdivision 1, do not apply to persons eligible under this clause.

(b) Persons or families who are not state residents but who are otherwise eligible for general assistance may receive emergency general assistance to meet emergency needs.

(c) As a condition of eligibility under paragraph (a), clauses (1), (3), (5), (8), and (9), the recipient must complete an interim assistance agreement and must apply for other maintenance benefits as specified in section 256D.06, subdivision 5, and must comply with efforts to determine the recipient's eligibility for those other maintenance benefits.

(d) The burden of providing documentation for a county agency to use to verify eligibility for general assistance or work readiness is upon the applicant or recipient. The county agency shall use documents already in its possession to verify eligibility, and shall help the applicant or recipient obtain other existing verification necessary to determine eligibility which the applicant or recipient does not have and is unable to obtain.

Sec. 33. Minnesota Statutes 1990, section 256D.05, subdivision 2, is amended to read:

Subd. 2. [USE OF FEDERAL FUNDS.] Notwithstanding any law to the contrary, if any person otherwise eligible for general assistance would, but for state statutory restriction or limitation, be eligible for a funded federally aided assistance program providing

benefits equal to or greater than those of general assistance, the person shall be eligible for that federally aided program and ineligible for general assistance; provided, however, that (a) nothing in this section shall be construed to extend eligibility for federally aided programs to persons not otherwise eligible for general assistance; (b) this section shall not be effective to the extent that federal law or regulation require new eligibility for federal programs to persons not otherwise eligible for general assistance; and (c) nothing in this section shall deny general assistance to a person otherwise eligible who is determined ineligible for a substitute federally aided program.

Sec. 34. Minnesota Statutes 1990, section 256D.05, subdivision 6, is amended to read:

Subd. 6. **[ASSISTANCE FOR PERSONS WITHOUT A VERIFIED RESIDENCE.]** (a) For applicants or recipients of general assistance, emergency general assistance, or work readiness assistance who do not have a verified residence address, the county agency may provide assistance using one or more of the following methods:

(1) the county agency may provide assistance in the form of vouchers or vendor payments and provide separate vouchers or vendor payments for food, shelter, and other needs;

(2) the county agency may divide the monthly assistance standard into weekly payments, whether in cash or by voucher or vendor payment; or, if ~~actual need is greater than the standards of assistance established under section 256D.01, subdivision 1a, issue assistance based on actual need.~~ Nothing in this clause prevents the county agency from issuing voucher or vendor payments for emergency general assistance in an amount less than the standards of assistance; and

(3) the county agency may determine eligibility and provide assistance on a weekly basis. Weekly assistance can be issued in cash or by voucher or vendor payment and can be determined either on the basis of actual need or by prorating the monthly assistance standard.

(b) An individual may verify a residence address by providing a driver's license; a state identification card; a statement by the landlord, apartment manager, or homeowner verifying that the individual is residing at the address; or other written documentation approved by the commissioner.

(c) Notwithstanding the provisions of section 256D.06, subdivision 1, if the county agency elects to provide assistance on a weekly payment basis, the agency may not provide assistance for a period during which no need is claimed by the individual unless the individual has good cause for failing to claim need. The individual

must be notified, each time weekly assistance is provided, that subsequent weekly assistance will not be issued unless the individual claims need. The advance notice required under section 256D.10 does not apply to weekly assistance issued under this paragraph that is withheld because the individual failed to claim need without good cause.

(d) The county agency may not issue assistance on a weekly basis to an applicant or recipient who has professionally certified mental illness or mental retardation or a related condition, or to an assistance unit that includes minor children, unless requested by the assistance unit.

Sec. 35. Minnesota Statutes 1990, section 256D.05, is amended by adding a subdivision to read:

Subd. 7. [INELIGIBILITY FOR GENERAL ASSISTANCE.] No person disqualified from any federally aided assistance program shall be eligible for general assistance during the period covered by the disqualification sanction.

Sec. 36. Minnesota Statutes 1990, section 256D.051, subdivision 1, is amended to read:

Subdivision 1. [WORK REGISTRATION.] (a) A person, family, or married couple Except as provided in this subdivision, persons who are residents of the state and whose income and resources are less than the standard of assistance established by the commissioner, but who are not categorically eligible under section 256D.05, subdivision 1, are eligible for the work readiness program for a maximum period of five consecutive calendar months during any 12 consecutive calendar month period, subject to the provisions of paragraph (d), subdivision 3, and section 256D.052, subdivision 4. The person's five-month eligibility period begins on the first day of the calendar month following the date of application for assistance or following the date all eligibility factors are met, whichever is later, and ends on the last day of the fifth consecutive calendar month, whether or not the person has received benefits for all five months. The person is not eligible to receive work readiness benefits during the seven calendar months immediately following the five-month eligibility period; however, the person may voluntarily continue to participate in work readiness services for up to three additional consecutive months immediately following the last month of benefits to complete the provisions of the person's employability development plan. Prior to terminating work readiness assistance the county agency must advise the person of his or her eligibility for general assistance medical care and must assess the person's eligibility for general assistance under section 256D.05 to the extent possible, using information in the case file, and determine the person's eligibility for general assistance. A determination that the person is not

eligible for general assistance must be stated in the notice of termination of work readiness benefits.

(b) Persons, families, and married couples who are not state residents but who are otherwise eligible for work readiness assistance may receive emergency assistance to meet emergency needs.

(c) Except for family members who must participate in work readiness services under the provisions of section 256D.05, subdivision 1, clause (14), any person who would be defined for purposes of the food stamp program as being enrolled at least half-time in an institution of higher education is ineligible for the work readiness program.

(d) Notwithstanding the provisions of sections 256.045 and 256D.10, during the pendency of an appeal, work readiness payments and services shall not continue to a person who appeals the termination of benefits due to exhaustion of the period of eligibility specified in paragraph (a) or (d).

Sec. 37. Minnesota Statutes 1990, section 256D.051, subdivision 1a, is amended to read:

Subd. 1a. [WORK READINESS PAYMENTS.] (a) Except as provided in this subdivision, grants of work readiness shall be determined using the standards of assistance, exclusions, disregards, and procedures which are used in the general assistance program. Work readiness shall be granted in an amount that, when added to the nonexempt income actually available to the assistance unit, the total amount equals the applicable standard of assistance.

(b) Work readiness payments must be provided to persons determined eligible for the work readiness program as provided in this subdivision except when the special payment provisions in subdivision 1b are utilized. The initial payment must be prorated to provide assistance for the period beginning with the date the completed application is received by the county agency or the date the assistance unit meets all work readiness eligibility factors, whichever is later, and ending on the final day of that month. The amount of the first payment must be determined by dividing the number of days to be covered under the payment by the number of days in the month, to determine the percentage of days in the month that are covered by the payment, and multiplying the monthly payment amount by this percentage. Subsequent payments must be paid monthly on the first day of each month. Except as provided in section 256D.05, subdivision 6, work readiness assistance must be paid on the first day of each month.

At the time the county agency notifies the assistance unit that it is eligible for family general assistance or work readiness assistance and by the first day of each month of services, the county agency

must inform all mandatory registrants in the assistance unit that they must attend an orientation within 30 days comply with all work readiness requirements that month, and that work readiness eligibility will end at the end of the month in which the orientation is scheduled unless the registrants attend orientation comply with work readiness requirements specified in the notice. A registrant who fails, without good cause, to comply with requirements during this time period, including attendance at orientation, will lose family general assistance or work readiness eligibility without notice under section 256D.101, subdivision 1, paragraph (b). The registrant shall, however, be sent a notice, ~~on or before the date that~~ no later than five days after eligibility ends, which informs the registrant that family general assistance or work readiness eligibility has ended in accordance with this section for failure to comply with work readiness requirements. The notice shall set forth the factual basis for such determination and ~~advises~~ advise the registrant of the right to reinstate eligibility upon a showing of good cause for the failure to meet the requirements. Subsequent assistance must not be issued unless the person completes an application, is determined eligible, and attends an orientation complies with the work readiness requirements that had not been complied with, or demonstrates that the person had good cause for failing to comply with the requirement. The time during which the person is ineligible under these provisions is counted as part of the person's period of eligibility under subdivision 1.

(c) Notwithstanding the provisions of section 256D.01, subdivision 1a, paragraph (d), when one member of a married couple has exhausted the five months of work readiness eligibility in a 12-month period and the other member has one or more months of eligibility remaining within the same 12-month period, the standard of assistance applicable to the member who remains eligible is the first adult standard in the aid to families with dependent children program.

(d) Notwithstanding sections 256.045 and 256D.10, during the pendency of an appeal, work readiness payments and services shall not continue to a person who appeals the termination of benefits under paragraph (b).

Sec. 38. Minnesota Statutes 1990, section 256D.051, subdivision 2, is amended to read:

Subd. 2. [COUNTY AGENCY DUTIES.] (a) The county agency shall provide to registrants a work readiness program. The work readiness program must include:

(1) orientation to the work readiness program;

(2) an individualized employability assessment and an individualized employability development plan that includes assessment of

literacy, ability to communicate in the English language, ~~eligibility for displaced homemaker services under section 268.96~~, educational and employment history, and that estimates the length of time it will take the registrant to obtain employment. The employability assessment and development plan must be completed in consultation with the registrant, must assess the registrant's assets, barriers, and strengths, and must identify steps necessary to overcome barriers to employment. A copy of the employability development plan must be provided to the registrant;

(3) referral to available accredited remedial or skills training programs designed to address registrant's barriers to employment;

(4) referral to available programs including the Minnesota employment and economic development program;

(5) a job search program, including job seeking skills training; and

(6) other activities, to the extent of available resources designed by the county agency to prepare the registrant for permanent employment.

The work readiness program may include a public sector or nonprofit work experience component only if the component is established according to section 268.90.

In order to allow time for job search, the county agency may not require an individual to participate in the work readiness program for more than 32 hours a week. The county agency shall require an individual to spend at least eight hours a week in job search or other work readiness program activities.

(b) The county agency shall prepare an annual plan for the operation of its work readiness program. The plan must be submitted to and approved by the commissioner of jobs and training. The plan must include:

(1) a description of the services to be offered by the county agency;

(2) a plan to coordinate the activities of all public entities providing employment-related services in order to avoid duplication of effort and to provide services more efficiently;

(3) a description of the factors that will be taken into account when determining a client's employability development plan; ~~and~~

(4) provisions to assure that applicants and recipients are evaluated for eligibility for general assistance prior to termination from the work readiness program; and

(5) provisions to ensure that the county agency's employment and training service provider provides each recipient with an orientation, employability assessment, and employability development plan as specified in paragraph (a), clauses (1) and (2), within 30 days of the recipient's application for assistance.

Sec. 39. Minnesota Statutes 1990, section 256D.051, subdivision 3, is amended to read:

Subd. 3. [REGISTRANT DUTIES.] In order to receive work readiness assistance, a registrant shall: (1) cooperate with the county agency in all aspects of the work readiness program; (2) accept any suitable employment, including employment offered through the job training partnership act, ~~Minnesota employment and economic development act,~~ and other employment and training options; and (3) participate in work readiness activities assigned by the county agency. The county agency may terminate assistance to a registrant who fails to cooperate in the work readiness program, as provided in subdivision 3e 1a.

Sec. 40. Minnesota Statutes 1990, section 256D.051, subdivision 3a, is amended to read:

Subd. 3a. [PERSONS REQUIRED TO REGISTER FOR AND PARTICIPATE IN THE WORK READINESS PROGRAM.] Each person in a work readiness assistance unit who is 18 years old or older must register for and participate in the work readiness program. A ~~child~~ person in the assistance unit who is at least 16 years old but less than 19 years old and who is not a full-time secondary school student is required to register and participate. A student who was enrolled as a full-time student during the last school term must be considered a full-time student during summers and school holidays. ~~If an assistance unit includes children under age six and suitable child care is not available at no cost to the family, one adult member of the assistance unit is exempt from registration for and participation in the work readiness program. The county agency shall designate the adult who must register. The registrant must be the adult who is the principal wage earner, having earned the greater of the incomes, except for income received in-kind, during the 24 months immediately preceding the month of application for assistance. When there are no earnings or when earnings are identical for each parent, the applicant must designate the principal wage earner, and that designation must not be transferred after program eligibility is determined as long as assistance continues without interruption.~~

Sec. 41. Minnesota Statutes 1990, section 256D.051, subdivision 6, is amended to read:

Subd. 6. [SERVICE COSTS.] The commissioner shall reimburse 92 percent of county agency expenditures for providing work readi-

ness services including direct participation expenses and administrative costs, except as provided in section 256.017; and reimbursement from the state appropriation must not exceed an average of \$260 each year for each registrant who has completed an employment development plan for direct expenses incurred by the registrant for transportation, clothes, and tools necessary for employment. Beginning July 1, 1991, the state will reimburse counties, up to the limit of state appropriations, according to the payment schedule in section 256.025 for the county share of costs incurred under this subdivision from January 1, 1991, on. State work readiness funds shall be used only to pay the county agency's and work readiness service provider's actual costs of providing participant support services, direct program services, and program administrative costs for persons who participate in work readiness services. Beginning January 1, 1991, the average reimbursable cost per recipient must not exceed \$283 annually. Beginning July 1, 1991, the average annual reimbursable cost for providing work readiness services to a recipient for whom an individualized employability development plan is not completed must not exceed \$60 for the work readiness services, and \$223 for necessary recipient support services such as transportation or child care needed to participate in work readiness services. If an individualized employability development plan has been completed, the annual reimbursable cost for providing work readiness services must not exceed \$283 for all services and costs necessary to implement the plan, including the costs of training, employment search assistance, placement, work experience, on-the-job training, other appropriate activities, the administrative and program costs incurred in providing these services, and necessary recipient support services such as tools, clothing, and transportation needed to participate in work readiness services. Beginning July 1, 1991, the state will reimburse counties, up to the limit of state appropriations, according to the payment schedule in section 256.025 for the county share of costs incurred under this subdivision on or after January 1, 1991. Payment to counties under this subdivision is subject to the provisions of section 256.017. After paying direct expenses as needed by individual registrants, the county agency may use any remaining money to provide additional services as needed by any registrant including employability assessments and employability development plans, education, orientation, employment search assistance, placement, other work experience, on-the-job training, and other appropriate activities and the administrative costs incurred providing these services.

Sec. 42. Minnesota Statutes 1990, section 256D.051, subdivision 8, is amended to read:

Subd. 8. [VOLUNTARY QUIT.] A person who is required to participate in work readiness services is not eligible for general assistance or work readiness payments or services if, without good cause, the person refuses a legitimate offer of, or quits, suitable

employment within 60 days before the date of application. A person who is required to participate in work readiness services and, without good cause, voluntarily quits suitable employment or refuses a legitimate offer of suitable employment while receiving general assistance or work readiness payments or services shall be terminated from the general assistance or work readiness program and disqualified for two months according to rules adopted by the commissioner as specified in subdivision 1a.

Sec. 43. Minnesota Statutes 1990, section 256D.052, subdivision 3, is amended to read:

Subd. 3. [SERVICES PROVIDED.] Within the limits of the state appropriation the county agency must provide ~~child care and~~ transportation to enable people to participate in literacy training under this section. The state shall reimburse county agencies for the costs of providing transportation under this section up to the amount of the state appropriation. Counties must make every effort to ensure that child care is available as needed by recipients who are pursuing literacy training.

Sec. 44. Minnesota Statutes 1990, section 256D.052, subdivision 4, is amended to read:

Subd. 4. [PAYMENT OF WORK READINESS.] The county agency must provide assistance under section 256D.051 to persons who:

(1) participate in a literacy program assigned under subdivision 2. To "participate" means to attend regular classes, complete assignments, and make progress toward literacy goals; or

(2) are not assigned to literacy training because there is no program available or accessible to them.

Notwithstanding contrary provisions of section 256D.051, subdivision 1, a person eligible for assistance under this section is eligible for assistance for a maximum period of seven consecutive calendar months during any 12 consecutive calendar month period, subject to section 256D.051, subdivision 1, paragraph (d). Work readiness payments may be terminated for persons who fail to attend the orientation and participate in the assessment and development of the employment development plan.

Sec. 45. [256D.065] [GENERAL ASSISTANCE AND WORK READINESS PAYMENTS FOR NEW RESIDENTS.]

Notwithstanding any other provisions of sections 256D.01 to 256D.21, otherwise eligible applicants without minor children, who have been residing in the state less than six months, shall be granted general assistance and work readiness payments in an

amount that, when added to the nonexempt income actually available to the applicant, shall equal 60 percent of the amount that the applicant would be eligible to receive under section 256D.06, subdivision 1. A person may receive benefits in excess of this amount, equal to the lesser of the benefits actually received in the last state of residence or the maximum benefits allowable under section 256D.06, subdivision 1. To receive the higher benefit amount, the person must provide verification of the amount of assistance received in the last state of residence. Nonexempt income is the income considered available under Minnesota Rules, parts 9500.1200 to 9500.1270.

Sec. 46. Minnesota Statutes 1990, section 256D.07, is amended to read:

256D.07 [TIME OF PAYMENT OF ASSISTANCE.]

An applicant for general assistance or general assistance medical care authorized by section 256D.03, subdivision 3, shall be deemed eligible if the application and the verification of the statement on that application demonstrate that the applicant is within the eligibility criteria established by sections 256D.01 to 256D.21 and any applicable rules of the commissioner. Any person requesting general assistance or general assistance medical care shall be permitted by the county agency to make an application for assistance as soon as administratively possible and in no event later than the fourth day following the date on which assistance is first requested, and no county agency shall require that a person requesting assistance appear at the offices of the county agency more than once prior to the date on which the person is permitted to make the application. The application shall be in writing in the manner and upon the form prescribed by the commissioner and attested to by the oath of the applicant or in lieu thereof shall contain the following declaration which shall be signed by the applicant: "I declare that this application has been examined by me and to the best of my knowledge and belief is a true and correct statement of every material point." On the date that general assistance is first requested, the county agency shall inquire and determine whether the person requesting assistance is in immediate need of food, shelter, clothing, assistance for necessary transportation, or other emergency assistance pursuant to section 256D.06, subdivision 2. A person in need of emergency assistance shall be granted emergency assistance immediately, and necessary emergency assistance shall continue until either the person is determined to be ineligible for general assistance or the first grant of general assistance is paid to the person for up to 30 days following the date of application. A determination of an applicant's eligibility for general assistance shall be made by the county agency as soon as the required verifications are received by the county agency and in no event later than 30 days following the date that the application is made. Any verifications required of the applicant shall be reasonable, and the

commissioner shall by rule establish reasonable verifications. General assistance shall be granted to an eligible applicant without the necessity of first securing action by the board of the county agency. The first month's grant must be computed to cover the time period starting with the date a signed application form is received by the county agency or from the date that the applicant meets all eligibility factors, whichever occurs later. ~~The first grant may be reduced by the amount of emergency general assistance provided to the applicant.~~

If upon verification and due investigation it appears that the applicant provided false information and the false information materially affected the applicant's eligibility for general assistance or general assistance medical care provided pursuant to section 256D.03, subdivision 3, or the amount of the applicant's general assistance grant, the county agency may refer the matter to the county attorney. The county attorney may commence a criminal prosecution or a civil action for the recovery of any general assistance wrongfully received, or both.

Sec. 47. Minnesota Statutes 1990, section 256D.10, is amended to read:

256D.10 [HEARINGS PRIOR TO REDUCTION; TERMINATION; SUSPENSION OF GENERAL ASSISTANCE GRANTS.]

No grant of general assistance except one made pursuant to ~~sections~~ section 256D.06, subdivision 2; 256D.051, subdivisions 1, paragraph (d), and 1a, paragraph (b); or 256D.08, subdivision 2, shall be reduced, terminated or suspended unless the recipient receives notice and is afforded an opportunity to be heard prior to any action by the county agency.

Nothing herein shall deprive a recipient of the right to full administrative and judicial review of an order or determination of a county agency as provided for in section 256.045 subsequent to any action taken by a county agency after a prior hearing.

Sec. 48. Minnesota Statutes 1990, section 256D.101, subdivision 1, is amended to read:

Subdivision 1. [NOTICE REQUIREMENTS.] (a) At the time a registrant is registered for the work readiness program, and ~~at least every 30 days on the first day of each month of services after that,~~ the county agency shall provide, in advance, a clear, written description of the specific tasks and assigned duties the registrant which the mandatory registrant must complete to receive general assistance or work readiness pay. The notice must explain that the registrant will be terminated from the work readiness program unless the registrant has completed the specific tasks and assigned duties. The notice must inform the registrant that at the end of the

month if the registrant fails without good cause to comply with work readiness requirements more than once every six months, the registrant will be terminated from the work readiness program and disqualified from receiving assistance for one month if it is the registrant's first disqualification within the preceding six months, or for two months if the registrant has been previously disqualified within the preceding six months, and must include the name, location, and telephone number of a person or persons the registrant may contact to discuss the registrant's work readiness compliance obligations.

(b) If after the initial certification period the county agency determines that a registrant has failed to comply with work readiness requirements, the county agency shall notify the registrant of the determination. Notice must be hand delivered or mailed to the registrant within three days after the agency makes the determination but no later than the date work readiness pay was scheduled to be paid. For a recipient who has failed to provide the county agency with a mailing address, the recipient must be assigned a schedule by which a recipient is to visit the agency to pick up any notices. For a recipient without a mailing address, notices must be deemed delivered on the date of the registrant's next scheduled visit with the county agency. The notification shall be in writing and shall state the facts that support the county agency's determination. For the first time in a six-month period that the registrant has failed without good cause to comply with program requirements, the notification shall inform the registrant that the registrant may lose eligibility for work readiness pay and must specify the particular actions that must be taken by the registrant to achieve compliance and reinstate work readiness payments. The notice must state that the recipient must take the specified actions by a date certain, which must be at least five working days following the date the notification is mailed or delivered to the registrant; must explain the ramifications of the registrant's failure to take the required actions by the specified date; and must advise the registrant that the registrant may request and have a conference with the county agency to discuss the notification. A registrant who fails without good cause to comply with requirements of the program more than once in a six-month period must be notified of termination.

Sec. 49. Minnesota Statutes 1990, section 256D.101, subdivision 3, is amended to read:

Subd. 3. [BENEFITS AFTER NOTIFICATION.] Assistance payments otherwise due to the registrant under section 256D.051 may not be paid after the notification required in subdivision 1 has been provided to the registrant unless, before the date stated in the notification, the registrant takes the specified action necessary to achieve compliance or, within five days after the effective date stated in the notice, files an appeal of the grant reduction, suspension, or termination. If, by the required date, the registrant does

take the specified action necessary to achieve compliance, both the notification required by subdivision 1 and the notice required by subdivision 2 shall be canceled and all benefits due to the registrant shall be paid promptly. If, by the required date, the registrant files an appeal of the grant termination, benefits otherwise due to the registrant shall be continued pending the outcome of the appeal. An appeal of a proposed termination shall be brought under section 256.045, except that the timelines specified in this section shall apply, notwithstanding the requirements of section 256.045, subdivision 3. Appeals of proposed terminations from the work readiness program shall be heard within 30 days of the date that the appeal was filed.

Sec. 50. Minnesota Statutes 1990, section 256D.111, is amended to read:

256D.111 [REGISTRATION FOR WORK; DISQUALIFICATION TERMINATION.]

Subd. 5. [RULEMAKING.] The commissioner shall adopt rules and is authorized to adopt emergency rules:

(a) providing for the disqualification termination from the receipt of general assistance or work readiness assistance for a recipient who has been determined to have failed to comply with work requirements or the requirements of the work readiness program;

(b) providing for the use of vouchers or vendor payments with respect to the family of a disqualified recipient terminated for failure to comply with requirements of the work readiness program; and

(c) providing that at the time of the approval of an application for assistance, the county agency gives to the recipient a written notice in plain and easily understood language describing the recipient's job registration, search, and acceptance obligations, and the disqualification that will be imposed for a failure to comply with those obligations.

Sec. 51. Minnesota Statutes 1990, section 256D.36, subdivision 1, is amended to read:

Subdivision 1. [STATE PARTICIPATION.] (a) [ELIGIBILITY.] Commencing January 1, 1974, the commissioner shall certify to each county agency the names of all county residents who were eligible for and did receive aid during December, 1973, pursuant to a categorical aid program of old age assistance, aid to the blind, or aid to the disabled. The amount of supplemental aid for each individual eligible under this section shall be calculated according

to the formula in title II, section 212(a) (3) of Public Law Number 93-66, as amended.

(b) [DIVISION COSTS.] From and after January 1, 1980, until January 1, 1981, the state shall pay 70 percent and the county shall pay 30 percent of the supplemental aid calculated for each county resident certified under this section who is an applicant for or recipient of supplemental security income. After December 31, 1980, the state share of aid paid shall be 85 percent and the county share shall be 15 percent. ~~The amount of supplemental aid for each individual eligible under this section shall be calculated according to the formula in title II, section 212 (a) (3) of Public Law Number 93-66, as amended.~~ Benefits shall be issued to recipients by the state or county and funded according to section 256.025, subdivision 3, subject to provisions of section 256.017.

Beginning July 1, 1991, the state will reimburse counties according to the payment schedule in section 256.025 for the county share of county agency expenditures for financial benefits to individuals under this subdivision from January 1, 1991, on. Payment to counties under this subdivision is subject to the provisions of section 256.017.

Sec. 52. Minnesota Statutes 1990, section 256H.02, is amended to read:

256H.02 [DUTIES OF COMMISSIONER.]

The commissioner shall develop standards for county and human services boards to provide child care services to enable eligible families to participate in employment, training, or education programs. Within the limits of available appropriations, the commissioner shall distribute money to counties to reduce the costs of child care for eligible families. The commissioner shall adopt rules to govern the program in accordance with this section. The rules must establish a sliding schedule of fees for parents receiving child care services. In the rules adopted under this section, county and human services boards shall be authorized to establish policies for payment of child care spaces for absent children, when the payment is required by the child's regular provider. The rules shall not set a maximum number of days for which absence payments can be made, but instead shall direct the county agency to set limits and pay for absences according to the prevailing market practice in the county. County policies for payment of absences shall be subject to the approval of the commissioner. The commissioner shall maximize the use of federal money under the AFDC employment special needs program in section 256.736, subdivision 8, and other programs that provide federal reimbursement for child care services for recipients of aid to families with dependent children who are in education, training, job search, or other activities allowed under those programs. Money appropriated under this section must be coordinated

with the AFDC employment special needs program and other programs that provide federal reimbursement for child care services to accomplish this purpose. Federal reimbursement obtained must be allocated to the county that spent money for child care that is federally reimbursable under the AFDC employment special needs program or other programs that provide federal reimbursement for child care services. The counties shall use the federal money to expand child care services to AFDC recipients. The commissioner may adopt rules under chapter 14 to implement and coordinate federal program requirements.

Sec. 53. Minnesota Statutes 1990, section 256H.03, is amended to read:

256H.03 [BASIC SLIDING FEE PROGRAM.]

Subdivision 1. [COUNTIES ALLOCATION PERIOD; NOTICE OF ALLOCATION.] When the commissioner notifies county and human service boards of the forms and instructions they are to follow in the development of their biennial community social services plans required under section 256E.08, the commissioner shall also notify county and human services boards of their estimated child care fund program allocation for the two years covered by the plan. By June 1 of each year, the commissioner shall notify all counties of their final child care fund program allocation.

Subd. 1a. [WAITING LIST.] Each county that receives funds under this section and section 256H.05 must keep a written record and report to the commissioner the number of eligible families who have applied for a child care subsidy or have requested child care assistance. Counties shall perform a cursory determination of eligibility when a family requests information about child care assistance. A family that appears to be eligible must be put on a waiting list if funds are not immediately available. The waiting list must identify students in need of child care. When money is available counties shall expedite the processing of student applications during key enrollment periods.

Subd. 2. [ALLOCATION; LIMITATIONS.] From July 1, 1991, through June 30, 1992, the commissioner shall allocate the money appropriated under the child care fund for the basic sliding fee program and shall allocate those funds between the metropolitan area, comprising the counties of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, and Washington, and the area outside the metropolitan area as follows:

(1) 50 percent of the money shall be allocated among the counties on the basis of the number of families below the poverty level, as determined from the most recent census or special census; and

(2) 50 percent of the money shall be allocated among the counties

on the basis of the counties' portion of the AFDC caseload for the preceding state fiscal year.

If, under the preceding formula, either the seven-county metropolitan area consisting of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, and Washington counties or the area consisting of counties outside the seven-county metropolitan area is allocated more than 55 percent of the basic sliding fee funds, each county's allocation in that area shall be proportionally reduced until the total for the area is no more than 55 percent of the basic sliding fee funds. The amount of the allocations proportionally reduced shall be used to proportionally increase each county's allocation in the other area.

Subd. 2a. [ELIGIBLE RECIPIENTS.] Families that meet the eligibility requirements under sections 256H.10, except AFDC recipients and transition year families, and 256H.11 are eligible for child care assistance under the basic sliding fee program. From July 1, 1990, to June 30, 1991, a county may not accept new applications for the basic sliding fee program unless the county can demonstrate that its state money expenditures for the basic sliding fee program for this period will not exceed 95 percent of the county's allocation of state money for the fiscal year ending June 30, 1990. As basic sliding fee program money becomes available to serve new families, eligible families whose benefits were terminated during the fiscal year ending June 30, 1990, for reasons other than loss of eligibility shall be reinstated. Families enrolled in the basic sliding fee program as of July 1, 1990, shall be continued until they are no longer eligible. Counties shall make vendor payments to the child care provider or pay the parent directly for eligible child care expenses on a reimbursement basis.

Subd. 2b. [FUNDING PRIORITY.] (a) First priority for child care assistance under the basic sliding fee program must be given to eligible non-AFDC families who do not have a high school or general equivalency diploma or who need remedial and basic skill courses in order to pursue employment or to pursue education leading to employment. Within this priority, the following subpriorities must be used:

- (1) child care needs of minor parents;
- (2) child care needs of parents under 21 years of age; and
- (3) child care needs of other parents within the priority group described in this paragraph.

(b) Second priority must be given to ~~all other parents who are eligible for the basic sliding fee program~~ have completed their AFDC transition year.

Subd. 3. [REVIEW OF USE OF FUNDS; REALLOCATION.] After each quarter, the commissioner shall review the use of basic sliding fee program and AFDC child care program allocations by county. The commissioner may reallocate unexpended or unencumbered money among those counties who have expended their full allocation. Any unexpended money from the first year of the biennium may be carried forward to the second year of the biennium.

Subd. 4. [ALLOCATION FORMULA.] Beginning July 1, 1992, the basic sliding fee funds shall be allocated according to the following formula:

(a) One-half of the funds shall be allocated in proportion to each county's total expenditures for the basic sliding fee child care program reported during the 12-month period ending on December 31 of the preceding state fiscal year.

(b) One-fourth of the funds shall be allocated based on the number of children under age 13 in each county who are enrolled in general assistance medical care, medical assistance, and the children's health plan on July 1, of each year.

(c) One-fourth of the funds shall be allocated based on the number of children under age 13 who reside in each county, from the most recent estimates of the state demographer.

Subd. 5. [FORMULA LIMITATION.] The amounts computed under subdivision 4 shall be subject to the following limitation. No county shall be allocated an amount less than its guaranteed floor as provided in subdivision 6. If the amount allocated to a county under subdivision 4 would be less than its guaranteed floor, the shortage shall be recovered proportionally from all counties which would be allocated more than their guaranteed floor.

Subd. 6. [GUARANTEED FLOOR.] (a) Each county's guaranteed floor shall equal the lesser of:

(1) the county's original allocation in the preceding state fiscal year; or

(2) 110 percent of the county's basic sliding fee child care program state earnings for the 12-month period ending on December 31 of the preceding state fiscal year. For purposes of this clause, "state earnings" means the reported nonfederal share of direct child care expenditures adjusted for the 15 percent required county match and seven percent administration limit.

(b) When the amount of funds available for allocation is less than the amount available in the previous year, each county's previous year allocation shall be reduced in proportion to the reduction in the

statewide funding, for the purpose of establishing the guaranteed floor.

Subd. 3. [CONTRACTS; OTHER USES ALLOWED.] Counties may contract for administration of the program or may arrange for or contract for child care funds to be used by other appropriate programs, in accordance with this section and as permitted by federal law and regulations.

Counties may not limit the duration of child care subsidies for a person in an employment or educational program, except when the person is found to be ineligible under the child care fund eligibility standards. Any limitation must be based on a person's employability plan in the case of an AFDC recipient, and county policies included in the child care allocation plan. Time limitations for child care assistance, as specified in Minnesota Rules, parts 9565.5000 to 9565.5200, do not apply to basic or remedial educational programs needed to prepare for post-secondary education or employment. These programs include: high school, general equivalency diploma, and English as a second language. Programs exempt from this time limit must not run concurrently with a post-secondary program. Financially eligible students who have received child care assistance for one academic year shall be provided child care assistance in the following academic year if funds allocated

under sections 256H.03 and 256H.05 are available. If an AFDC recipient who is receiving AFDC child care assistance under this chapter moves to another county as ~~authorized in their employability plan~~, continues to participate in educational or training programs authorized in their employability development plans, and continues to be eligible for AFDC child care assistance under this chapter, the AFDC caretaker must receive continued child care assistance from the county responsible for their current employability development plan, without interruption.

Sec. 58. Minnesota Statutes 1990, section 256H.15, subdivision 1, is amended to read:

Subdivision 1. [SUBSIDY RESTRICTIONS.] (a) Until June 30, 1991, the maximum child care rate is determined under this paragraph. The maximum rate set by any county shall not be lower than 110 percent or higher than 125 percent of the median rate in that county for like care arrangements for all types of care, including special needs and handicapped care, as determined by the commissioner. If the county sets a maximum rate, it must pay the provider's rate for each child receiving a subsidy, up to the maximum rate set by the county. If a county does not set a maximum provider rate, it shall pay the provider's rate for every child in care. The maximum state payment is 125 percent of the median provider rate. If the county has not set a maximum provider rate and the provider rate is greater than 125 percent of the median provider rate in the county, the county shall pay the amount in excess of 125 percent of the median provider rate from county funding sources. The county shall pay the provider's full charges for every child in care up to the maximum established. A rate which includes a provider bonus paid under subdivision 2 or a special needs rate paid under subdivision 3 may be in excess of the maximum rate allowed under this subdivision 2. The department of human services shall monitor the effect of this paragraph on provider rates. The county shall pay the provider's full charges for every child in care up to the maximum established. The commissioner shall determine the maximum rate for each type of care, including special needs and handicapped care.

(c) When the provider charge is greater than the maximum

provider rate allowed, the parent is responsible for payment of the difference in the rates in addition to any family copayment fee.

dissolution, legal separation, determination of parentage or for the custody of a child, if either party is receiving aid to families with dependent children or applies for it subsequent to the commencement of the proceeding. After receipt of the notice, the court shall set child support as provided in this subdivision. The court may order either or both parents owing a duty of support to a child of the marriage to pay an amount reasonable or necessary for the child's support, without regard to marital misconduct. The court shall approve a child support agreement stipulation of the parties if each party is represented by independent counsel, unless the agreement is not in the interest of justice stipulation does not meet the conditions of paragraph (h). In other cases the court shall determine and order child support in a specific dollar amount in accordance with the guidelines and the other factors set forth in paragraph (b) and any departure therefrom.

The court shall derive a specific dollar amount by multiplying the obligor's net income by the percentage indicated by the following guidelines:

| Net Income Per Month of Obligor | Number of Children | | | | | | |
|------------------------------------|---|-----|-----|-----|-----|-----|--------------|
| | 1 | 2 | 3 | 4 | 5 | 6 | 7 or more |

Guidelines for support for an obligor with a monthly income of \$4,001 or more shall be the same dollar amounts as provided for in the guidelines for an obligor with a monthly income of \$4,000.

Net Income defined as:

| | |
|---|---|
| Total monthly income less | *(i) Federal Income Tax |
| | *(ii) State Income Tax |
| | (iii) Social Security Deductions |
| | (iv) Reasonable Pension Deductions |
| *Standard Deductions apply-use of tax tables recommended | (v) Union Dues |
| | (vi) Cost of Dependent Health Insurance Coverage |
| | (vii) Cost of Individual or Group Health/Hospitalization Coverage or an Amount for Actual Medical Expenses |
| | (viii) A Child Support or Maintenance Order that is Currently Being Paid. |

“Net income” does not include:

(1) the income of the obligor’s spouse, but does include in-kind payments received by the obligor in the course of employment, self-employment, or operation of a business if the payments reduce the obligor’s living expenses; or

(2) compensation received by a party for employment in excess of a 40-hour work week, provided that:

~~(a)~~ (i) support is nonetheless ordered in an amount at least equal to the guidelines amount based on income not excluded under this clause; and

~~(b)~~ (ii) the party demonstrates, and the court finds, that:

~~(i)~~ (A) the excess employment began after the filing of the petition for dissolution;

~~(ii)~~ (B) the excess employment reflects an increase in the work schedule or hours worked over that of the two years immediately preceding the filing of the petition;

~~(iii)~~ (C) the excess employment is voluntary and not a condition of employment;

~~(iv)~~ (D) the excess employment is in the nature of additional, part-time or overtime employment compensable by the hour or fraction of an hour; and

~~(v)~~ (E) the party’s compensation structure has not been changed for the purpose of affecting a support or maintenance obligation.

(b) In addition to the child support guidelines, the court shall take into consideration the following factors in setting or modifying child support:

(1) all earnings, income, and resources of the parents, including real and personal property, but excluding income from excess employment of the obligor or obligee that meets the criteria of paragraph (a), clause (2)(b) (ii);

(2) the financial needs and resources, physical and emotional condition, and educational needs of the child or children to be supported;

(3) the standards of living the child would have enjoyed had the marriage not been dissolved, but recognizing that the parents now have separate households;

(4) the amount of the aid to families with dependent children grant for the child or children;

(5) which parent receives the income taxation dependency exemption and what financial benefit the parent receives from it; and

(6) the parents' debts as provided in paragraph (c).

(c) In establishing or modifying a support obligation, the court may consider debts owed to private creditors, but only if:

(1) the right to support has not been assigned under section 256.74;

(2) the court determines that the debt was reasonably incurred for necessary support of the child or parent or for the necessary generation of income. If the debt was incurred for the necessary generation of income, the court shall consider only the amount of debt that is essential to the continuing generation of income; and

(3) the party requesting a departure produces a sworn schedule of the debts, with supporting documentation, showing goods or services purchased, the recipient of them, the amount of the original debt, the outstanding balance, the monthly payment, and the number of months until the debt will be fully paid.

(d) Any schedule prepared under paragraph (c), clause (3), shall contain a statement that the debt will be fully paid after the number of months shown in the schedule, barring emergencies beyond the party's control.

(e) Any further departure below the guidelines that is based on a consideration of debts owed to private creditors shall not exceed 18

months in duration, after which the support shall increase automatically to the level ordered by the court. Nothing in this section shall be construed to prohibit one or more step increases in support to reflect debt retirement during the 18-month period.

(f) Where payment of debt is ordered pursuant to this section, the payment shall be ordered to be in the nature of child support.

(d) (g) Nothing shall preclude the court from receiving evidence on the above factors to determine if the guidelines should be exceeded or modified in a particular case.

(e) The above guidelines are binding in each case unless the court makes express findings of fact as to the reason for departure below or above the guidelines. (h) The guidelines in this subdivision are a rebuttable presumption and shall be used in all cases when establishing or modifying child support. If the court does not deviate from the guidelines, the court shall make written findings concerning the amount of the obligor's income used as the basis for the guidelines calculation and any other significant evidentiary factors affecting the determination of child support. If the court deviates from the guidelines, the court shall make written findings giving the reasons for the deviation and shall specifically address the criteria in paragraph (b) and how the deviation serves the best interest of the child. The provisions of this paragraph apply whether or not the parties are each represented by independent counsel and have entered into a written agreement. The court shall review stipulations presented to it for conformity to the guidelines and the court is not required to conduct a hearing, but the parties shall provide the documentation of earnings required under subdivision 5b.

Sec. 76. Minnesota Statutes 1990, section 518.551, is amended by adding a subdivision to read:

Subd. 5b. [DETERMINATION OF INCOME.] (a) The parties shall timely serve and file documentation of earnings and income. When there is a prehearing conference, the court must receive the documentation of income at least ten days prior to the prehearing conference. Documentation of earnings and income also includes, but is not limited to, pay stubs for the most recent three months, employer statements, or statement of receipts and expenses if self-employed. Documentation of earnings and income also includes copies of each parent's most recent federal tax returns, including W-2 forms, 1099 forms, unemployment compensation statements, workers' compensation statements, and all other documents evidencing income as received that provide verification of income over a longer period.

(b) If a parent under the jurisdiction of the court does not appear at a court hearing after proper notice of the time and place of the hearing, the court shall set income for that parent based on credible

evidence before the court or in accordance with paragraph (c). Credible evidence may include documentation of current or recent income, testimony of the other parent concerning recent earnings and income levels, and the parent's wage reports filed with the Minnesota department of jobs and training under section 268.121.

(c) If the court finds that a parent is voluntarily unemployed or underemployed, child support shall be calculated based on a determination of imputed income. A parent is not considered voluntarily unemployed or underemployed upon a showing by the parent that the unemployment or underemployment: (1) is temporary and will ultimately lead to an increase in income; or (2) represents a bona fide career change that outweighs the adverse effect of that parent's diminished income on the child. Imputed income means the estimated earning ability of a parent based on the parent's prior earnings history, education, and job skills, and on availability of jobs within the community for an individual with the parent's qualifications. If the court is unable to determine or estimate the earning ability of a parent, the court may calculate child support based on full-time employment of 40 hours per week at the federal minimum wage or the Minnesota minimum wage, whichever is higher. If a parent is physically or mentally incapacitated, it shall be presumed that the parent is not voluntarily unemployed or underemployed.

Sec. 77. Minnesota Statutes 1990, section 518.551, is amended by adding a subdivision to read:

Subd. 5c. [CHILD SUPPORT GUIDELINES TO BE REVIEWED EVERY FOUR YEARS.] No later than 1994 and every four years after that, the department of human services shall conduct a review of the child support guidelines.

Sec. 78. Minnesota Statutes 1990, section 518.551, is amended by adding a subdivision to read:

Subd. 12. [OCCUPATIONAL LICENSE SUSPENSION.] Upon petition of an obligee or public agency responsible for child support enforcement, if the court finds that the obligor is or may be licensed by a licensing board listed in section 214.01 and the obligor is in arrears in court-ordered child support payments, the court may direct the licensing board to conduct a hearing under section 214.101 concerning suspension of the obligor's license. If the obligor is a licensed attorney, the court may report the matter to the lawyers professional responsibility board for appropriate action in accordance with the rules of professional conduct. The remedy under this subdivision is in addition to any other enforcement remedy available to the court.

Sec. 79. Minnesota Statutes 1990, section 518.64, is amended to read:

518.64 [MODIFICATION OF ORDERS OR DECREES.]

Subdivision 1. After an order for maintenance or support money, temporary or permanent, or for the appointment of trustees to receive property awarded as maintenance or support money, the court may from time to time, on ~~petition~~ motion of either of the parties, a copy of which is served on the public authority responsible for child support enforcement if payments are made through it, or on ~~petition~~ motion of the public authority responsible for support enforcement, modify the order respecting the amount of maintenance or support money, and the payment of it, and also respecting the appropriation and payment of the principal and income of property held in trust, and may make an order respecting these matters which it might have made in the original proceeding, except as herein otherwise provided.

Subd. 2. [MODIFICATION.] (a) The terms of a ~~decree~~ an order respecting maintenance or support may be modified upon a showing of one or more of the following: (1) substantially increased or decreased earnings of a party; (2) substantially increased or decreased need of a party or the child or children that are the subject of these proceedings; (3) receipt of assistance under sections 256.72 to 256.87; or (4) a change in the cost of living for either party as measured by the federal bureau of statistics, any of which makes the terms unreasonable and unfair.

The terms of a current support order shall be rebuttably presumed to be unreasonable and unfair if the application of the child support guidelines in section 518.551, subdivision 5, to the current circumstances of the parties results in a calculated court order that is at least 20 percent and at least \$50 per month higher or lower than the current support order.

(b) On a motion for modification of maintenance, the court shall apply, in addition to all other relevant factors, the factors for an award of maintenance under section 518.552 that exist at the time of the motion. On a motion for modification of support, the court:

(1) ~~shall take into consideration the needs of the children~~ apply section 518.551, subdivision 5, and shall not consider the financial circumstances of each party's spouse, if any; and

(2) shall not consider compensation received by a party for employment in excess of a 40-hour work week, provided that the party demonstrates, and the court finds, that:

(i) the excess employment began after entry of the existing support order;

(ii) the excess employment is voluntary and not a condition of employment;

(iii) the excess employment is in the nature of additional, part-time employment, or overtime employment compensable by the hour or fractions of an hour;

(iv) the party's compensation structure has not been changed for the purpose of affecting a support or maintenance obligation;

(v) in the case of an obligor, current child support payments are at least equal to the guidelines amount based on income not excluded under this clause; and

(vi) in the case of an obligor who is in arrears in child support payments to the obligee, any net income from excess employment must be used to pay the arrearages until the arrearages are paid in full.

(c) A modification of support or maintenance may be made retroactive only with respect to any period during which the petitioning party has pending a motion for modification but only from the date of service of notice of the motion on the responding party and on the public authority if public assistance is being furnished or the county attorney is the attorney of record. However, modification may be applied to an earlier period if the court makes express findings that the party seeking modification was precluded from serving a motion by reason of a significant physical or mental disability ~~or~~, a material misrepresentation of another party, or fraud upon the court and that the party seeking modification, when no longer precluded, promptly served a motion.

(d) Except for an award of the right of occupancy of the homestead, provided in section 518.63, all divisions of real and personal property provided by section 518.58 shall be final, and may be revoked or modified only where the court finds the existence of conditions that justify reopening a judgment under the laws of this state, including motions under section 518.145, subdivision 2. The court may impose a lien or charge on the divided property at any time while the property, or subsequently acquired property, is owned by the parties or either of them, for the payment of maintenance or support money, or may sequester the property as is provided by section 518.24.

Subd. 3. Unless otherwise agreed in writing or expressly provided in the decree, the obligation to pay future maintenance is terminated upon the death of either party or the remarriage of the party receiving maintenance.

Subd. 4. Unless otherwise agreed in writing or expressly provided in the decree order, provisions for the support of a child are

terminated by emancipation of the child but not by the death of a parent obligated to support the child. When a parent obligated to pay support dies, the amount of support may be modified, revoked, or commuted to a lump sum payment, to the extent just and appropriate in the circumstances.

Subd. 5. [FORM.] The department of human services shall prepare and make available to courts, obligors and persons to whom child support is owed a form to be submitted by the obligor or the person to whom child support is owed in support of a motion for a modification of an order pursuant to this section or section 256.87 for support or maintenance. The rulemaking provisions of chapter 14 shall not apply to the preparation of the form.

Subd. 6. [EXPEDITED PROCEDURE.] (a) The public authority may seek a modification of the child support order in accordance with the rules of civil procedure or under the expedited procedures in this subdivision.

(b) The public authority may serve the following documents upon the obligor either by certified mail or in the manner provided for service of a summons under the rules of civil procedure:

(i) a notice of its application for modification of the obligor's support order stating the amount and effective date of the proposed modification which date shall be no sooner than 30 days from the date of service;

(ii) an affidavit setting out the basis for the modification under subdivision 2, including evidence of the current income of the parties;

(iii) any other documents the public authority intends to file with the court in support of the modification;

(iv) the proposed order;

(v) notice to the obligor that if the obligor fails to move the court and request a hearing on the issue of modification of the support order within 30 days of service of the notice of application for modification, the public authority will likely obtain an order, ex parte, modifying the support order; and

(vi) an explanation to the obligor of how a hearing can be requested, together with a motion for review form that the obligor can complete and file with the court to request a hearing.

(c) If the obligor moves the court for a hearing, any modification must be stayed until the court has had the opportunity to determine the issue. Any modification ordered by the court is effective on the

date set out in the notice of application for modification, but no earlier than 30 days following the date the obligor was served.

(d) If the obligor fails to move the court for hearing within 30 days of service of the notice, the public authority shall file with the court a copy of the notice served on the obligor as well as all documents served on the obligor, proof of service, and a proposed order modifying support.

(e) If, following judicial review, the court determines that the procedures provided for in this subdivision have been followed and the requested modification is appropriate, the order shall be signed ex parte and entered.

(f) Failure of the court to enter an order under this subdivision does not prejudice the right of the public authority or either party to seek modification in accordance with the rules of civil procedure.

(g) The supreme court shall develop standard forms for the notice of application of modification of the support order, the supporting affidavit, the obligor's responsive motion, and proposed order granting the modification.

Sec. 80. Minnesota Statutes 1990, section 609.52, is amended by adding a subdivision to read:

Subd. 4. [WRONGFULLY OBTAINED PUBLIC ASSISTANCE; CONSIDERATION OF DISQUALIFICATION.] When determining the sentence for a person convicted of theft by wrongfully obtaining public assistance, as defined in section 256.98, subdivision 1, the court shall consider the fact that, under section 256.98, subdivision 8, the person will be disqualified from receiving public assistance as a result of the person's conviction.

Sec. 81. [STUDY.]

The commissioner of human services shall monitor the families who are unable to get child care subsidies through the basic sliding fee program after completing their year of transition child care and shall report findings to the legislature by January 1, 1993. The report shall include, but not be limited to, the following data on these families: the total number losing child care and the counties in which they live, the length of time for each family to reach the top of the waiting list, the number of families returning to AFDC while they are waiting for child care, and, if available, the type of child care arrangements made by families who lost child care subsidies.

Counties shall be reimbursed for all expenditures made pursuant to subdivision 1 at a rate of 70 percent, up to the allocation determined pursuant to subdivisions 4, 4a, and 4b. However, the commissioner shall not reimburse costs of services for any person if the costs exceed the state share of the average medical assistance costs for services provided by intermediate care facilities for a person with mental retardation or a related condition for the same fiscal year, and shall not reimburse costs of a one-time living allowance for any person if the costs exceed \$1,500 in a state fiscal year. For the biennium ending June 30, 1993, the commissioner shall not reimburse costs in excess of the 85th percentile of hourly

If the legislature appropriates funds for special purposes, the commissioner may allocate the funds based on proposals submitted by the counties to the commissioner in a format prescribed by the commissioner. Nothing in this subdivision section prevents a county from using other funds to pay for additional costs of semi-independent living services.

As of July 1, 1987, the commissioner shall allocate funds and reimburse county costs for persons approved for funding. The commissioner shall proportionally allocate funds to counties based on the approved budgeted costs for persons approved for funding. The commissioner shall adjust county grants based on actual approved expenditures and shall reallocate funds to the extent necessary. The commissioner may set aside up to two percent of the appropriations to fund county demonstration projects that improve the efficiency and effectiveness of semi-independent living services.

Subd. 4a. [FORMULA LIMITATION.] For calendar year 1993 and all subsequent years, the amounts computed pursuant to subdivision 4 shall be subject to the following limitation: no county shall be allocated an amount less than its guaranteed floor as provided in subdivision 4b. If the amount allocated to any county pursuant to subdivision 4 would be less than its guaranteed floor, the shortage shall be recovered proportionally from all counties which would be allocated more than their guaranteed floor.

Subd. 4b. [GUARANTEED FLOOR.] Each county with an original allocation for the preceding year that is equal to or less than the guaranteed floor minimum index shall have a guaranteed floor equal to its original allocation for the preceding year. Each county with an original allocation for the preceding year that is greater than the guaranteed floor minimum index shall have a guaranteed floor equal to the lesser of clause (1) or (2):

(1) the county's original allocation for the preceding year; or

(2) 70 percent of the county's reported expenditures eligible for reimbursement during the 12 months ending on June 30 of the preceding calendar year.

When the amount of funds available for allocation is less than the amount available in the previous year, each county's previous year allocation shall be reduced in proportion to the reduction in the statewide funding, to establish each county's guaranteed floor.

Subd. 4c. [REVIEW OF FUNDS; REALLOCATION.] After each quarter, the commissioner shall review county program expenditures. The commissioner may reallocate unexpended money at any time among those counties which have earned their full allocation.

Subd. 5. Subd. 3. [LICENSING DETERMINATIONS.] (1) No new license shall be granted pursuant to this section when the issuance of the license would substantially contribute to an excessive concentration of community residential facilities within any town, municipality or county of the state.

(2) In determining whether a license shall be issued pursuant to this subdivision, the commissioner of human services shall specifically consider the population, size, land use plan, availability of community services and the number and size of existing public and private community residential facilities in the town, municipality or county in which a licensee seeks to operate a residence. Sec. 37. Minnesota Statutes 1990, section 252.28, is amended by adding a subdivision to read:

Subd. 5. [APPEALS.] A county may appeal a determination of need, size, location, or program according to chapter 14. Notice of appeals must be provided to the commissioner within 30 days after the receipt of the commissioner's determination.

An emergency situation exists when it appears to the commissioner of human services that the health, safety, or welfare of residents may be in jeopardy due to imminent or actual loss of use of the physical plant or damage to the physical plant making it temporarily or permanently uninhabitable. The subsequent rate for a facility providing services for the same resident following the temporary emergency situation must be based upon the costs incurred during the interim period if the residents are permanently placed in the same facility. If the residents need to be relocated for permanent placements, the temporary emergency location must close and the procedures for establishing rates for newly constructed or newly established facilities must be followed. This provision regarding emergency situations does not apply to facilities placed in receivership by the commissioner of human services under section 245A.12 or 245A.13, or facilities that have rates set under section 252.292, subdivision 4, or to relocations of residents to existing facilities.

Subd. 2. [APPROVAL OF TEMPORARY LOCATIONS.] The commissioner of human services shall notify the commissioner of health of the existence of the emergency and the decision to order the relocation of residents. This notice shall also identify the temporary location or locations selected by the commissioner of human services for the relocation of the residents. Notwithstanding the provisions of section 252.291, the commissioner of health may license and certify the temporary location or locations as an intermediate care facility for persons with mental retardation or related conditions if the

location complies with the applicable state rules and federal regulations. The facility from which the residents were relocated shall not be used to house residents until the commissioner of human services authorizes the return of residents to the facility and the commissioner of health verifies that the facility complies with the applicable state and federal regulations. If the temporary location closes under the provisions of subdivision 1, the license and certification of the temporary location is voided. The voiding of the license and certification shall not be considered as a suspension, revocation, or nonrenewal of the license or as an involuntary decertification of the facility.

(2) prior to the admission of a person to a regional treatment center program for persons with developmental disabilities, the county agency made efforts to secure community-based alternatives. If these alternatives were rejected in favor of a regional treatment center placement, the county agency must also document the reasons why they were rejected; and

(3) the county agency has made a request for state funds or new capacity for services to meet the individual's unmet needs, since those needs have been identified in the person's individual service plan.

Subd. 1e. [COORDINATION, EVALUATION, AND MONITORING OF SERVICES IDENTIFIED IN THE INDIVIDUAL SERVICE PLAN.] (a) If the individual service plan identifies the need for individual program plans for authorized services, the case manager shall assure that individual program plans are developed by the providers according to clauses (2) to (5). The providers shall assure that the individual program plans:

(1) are developed according to the respective state and federal licensing and certification requirements;

(2) are designed to achieve the goals of the individual service plan;

(3) are consistent with other aspects of the individual service plan;

(4) assure the health and safety of the person; and

(5) are developed with consistent and coordinated approaches to services among the various service providers.

(b) The case manager shall monitor the provision of services:

(1) to assure that the individual service plan is being followed according to paragraph (a);

(2) to identify any changes or modifications that might be needed

in the individual service plan, including changes resulting from recommendations of current service providers;

(3) to determine if the person's legal rights are protected, and if not, notify the person's legal guardian or conservator, or the parent if the person is a minor, protection services, or licensing agencies as appropriate; and

(4) to determine if the person, the person's legal guardian or conservator, or the parent if the person is a minor, is satisfied with the services provided.

(c) If the provider fails to develop or carry out the individual program plan according to paragraph (a), the case manager shall notify the person's legal guardian or conservator, or the parent if the person is a minor, the provider, the respective licensing and certification agencies, and the county board where the services are being provided. In addition, the case manager shall identify other steps needed to assure the person receives the services identified in the individual service plan.

Subd. 1e. 1f. [COUNTY WAITING LIST.] The county agency shall maintain a waiting list of persons with developmental disabilities specifying the services needed but not provided. This waiting list shall be used by county agencies to assist them in developing needed services or amending their community social services plan as required in section 256E.09, subdivision 1.

Subd. 1g. [CONDITIONS NOT REQUIRING DEVELOPMENT OF INDIVIDUAL SERVICE PLAN.] Unless otherwise required by federal law, the county agency is not required to complete an individual service plan as defined in subdivision 1b for:

(1) persons whose families are requesting respite care as a single service for their family member who resides with them, or whose families are requesting only a family subsidy grant and are not requesting purchase or arrangement of other habilitative or social services; and

(2) persons with mental retardation or related conditions, living independently without authorized services or receiving funding for services at a rehabilitation facility as defined in section 268A.01, subdivision 6, and not in need of or requesting additional services.

Subd. 2. [MEDICAL ASSISTANCE.] To assure quality case management to those county clients persons who are eligible for medical assistance, the commissioner shall, upon request by the county board:

(a) provide consultation on the case management process;

(b) assist county agencies in the screening and annual reviews of clients review process to assure that appropriate levels of service are provided to persons;

Services provided to persons with mental retardation or related conditions may only be authorized and terminated by case managers according to (1) rules of the commissioner and (2) the individual service plan as defined in subdivision 1b. Medical assistance services not needed shall not be authorized by county agencies nor or funded by the commissioner. When purchasing or arranging for unlicensed respite care services for persons with overriding health needs, the county agency shall seek the advice of a health care professional in assessing provider staff training needs and skills necessary to meet the medical needs of the person.

Subd. 4. [ALTERNATIVE HOME AND COMMUNITY-BASED SERVICES FOR PERSONS WITH MENTAL RETARDATION OR RELATED CONDITIONS.] The commissioner shall make payments to ~~county boards~~ approved vendors participating in the medical assistance program to pay costs of providing alternative home and community-based services, including case management service activities provided as an approved home and community-based service, to medical assistance eligible persons with mental retardation or related conditions who have been screened under subdivision 7 and according to federal requirements. Payments for home and community-based services shall not exceed amounts authorized by the county of financial responsibility. For specifically identified former residents of regional treatment centers and nursing facilities, the commissioner shall be responsible for authorizing payments and payment limits under the appropriate home and community-based service program. Payment is available under this subdivision only for persons who, if not provided these services, would require the level of care provided in an intermediate care facility for persons with mental retardation or related conditions.

Subd. 4a. [DEMONSTRATION PROJECTS.] The commissioner may waive state rules governing home and community-based ser-

vices in order to demonstrate other methods of administering these services and to improve efficiency and responsiveness to individual needs of persons with mental retardation or related conditions, notwithstanding section 14.05, subdivision 4. All demonstration projects approved by the commissioner must comply with state laws and federal regulations, must remain within the fiscal limitations of the home and community-based services program for persons with mental retardation or related conditions, and must assure the health and safety of the persons receiving services according to section 256E.08, subdivision 1.

Subd. 4b. [CASE MANAGEMENT FOR PERSONS RECEIVING HOME AND COMMUNITY-BASED SERVICES.] Persons authorized for and receiving home and community-based services may select from vendors of case management which have provider agreements with the state to provide home and community-based case management service activities. This subdivision becomes effective July 1, 1992, only if the state agency is unable to secure federal approval for limiting choice of case management vendors to the county of financial responsibility.

Subd. 5. [FEDERAL WAIVERS.] The commissioner shall apply for any federal waivers necessary to secure, to the extent allowed by law, federal financial participation under United States Code, title 42, sections 1396 to 1396p et seq., as amended through December 31, 1987, for the provision of services to persons who, in the absence of the services, would need the level of care provided in a state hospital regional treatment center or a community intermediate care facility for persons with mental retardation or related conditions. The commissioner may seek amendments to the waivers or apply for additional waivers under United States Code, title 42, sections 1396 to 1396p et seq., as amended through December 31, 1987, to contain costs. The commissioner shall ensure that payment for the cost of providing home and community-based alternative services under the federal waiver plan shall not exceed the cost of intermediate care services including day training and habilitation services that would have been provided without the waived services.

Subd. 6. [RULES.] The commissioner shall adopt emergency and permanent rules to establish required controls, documentation, and reporting of services provided in order to assure proper administration of the approved waiver plan, and to establish policy and procedures to reduce duplicative efforts and unnecessary paperwork on the part of case managers.

Subd. 7. [SCREENING TEAMS ESTABLISHED.] (a) Each county agency shall establish a screening team which, under the direction of the county case manager, shall make an evaluation of need for home and community-based services of persons who are entitled to the level of care provided by an intermediate care facility for persons with mental retardation or related conditions or for whom there is a

reasonable indication that they might require the level of care provided by an intermediate care facility. For persons with mental retardation or a related condition, screening teams shall be established which shall evaluate the need for the level of care provided by residential-based habilitation services, residential services, training and habilitation services, and nursing facility services. The evaluation shall address whether home and community-based services are appropriate for persons who are at risk of placement in an intermediate care facility for persons with mental retardation or related conditions, or for whom there is reasonable indication that they might require this level of care. The screening team shall make an evaluation of need within 15 working days of the date that the assessment is completed or within 60 working days of a request for service by a person with mental retardation or related conditions, whichever is the earlier, and within five working days of an emergency admission of an individual a person to an intermediate care facility for persons with mental retardation or related conditions. The screening team shall consist of the case manager for persons with mental retardation or related conditions, the client person, a parent or the person's legal guardian or conservator, or the parent if the person is a minor, and a qualified mental retardation professional, as defined in the Code of Federal Regulations, title 42, section 483.430, as amended through June 3, 1988. The case manager may also act as the qualified mental retardation professional if the case manager meets the federal definition. County social service agencies may contract with a public or private agency or individual who is not a service provider for the person for the public guardianship representation required by the screening or individual service and habilitation planning process. The contract shall be limited to public guardianship representation for the screening and individual service and habilitation planning activities. The contract shall require compliance with the commissioner's instructions and may be for paid or voluntary services. For individuals persons determined to have overriding health care needs, a registered nurse must be designated as either the case manager or the qualified mental retardation professional. The case manager shall consult with the client's person's physician, other health professionals or other persons individuals as necessary to make this evaluation. The case manager, with the concurrence of the client or the client's person, the person's legal representative guardian or conservator, or the parent if the person is a minor, may invite other persons individuals to attend meetings of the screening team. No member of the screening team shall have any direct or indirect service provider interest in the case. Nothing in this section shall be construed as requiring the screening team meeting to be separate from the service planning meeting.

(b) In addition to the requirements of paragraph (a), the following conditions apply to the discharge of persons with mental retardation or a related condition from a regional treatment center:

- (1) For a person under public guardianship, at least two weeks**

prior to each screening team meeting the case manager must notify in writing parents, near relatives, and the ombudsman established under section 245.92 or a designee, and invite them to attend. The notice to parents and near relatives must include: (i) notice of the provisions of section 252A.03, subdivision 4, regarding assistance to persons interested in assuming private guardianship; (ii) notice of the rights of parents and near relatives to object to a proposed discharge by requesting a review as provided in clause (7); and (iii) information about advocacy services available to assist parents and near relatives of persons with mental retardation or related conditions. In the case of an emergency screening meeting, the notice must be provided as far in advance as practicable.

(2) Prior to the discharge, a screening must be conducted under subdivision 8 and a plan developed under subdivision 1a. For a person under public guardianship, the county shall encourage parents and near relatives to participate in the screening team meeting. The screening team shall consider the opinions of parents and near relatives in making its recommendations. The screening team shall determine that the services outlined in the plan are available in the community before recommending a discharge. The case manager shall provide a copy of the plan to the person, legal representative, parents, near relatives, the ombudsman established under section 245.92, and the protection and advocacy system established under United States Code, title 42, section 6042, at least 30 days prior to the date the proposed discharge is to occur. The information provided to parents and near relatives must include notice of the rights of parents and near relatives to object to a proposed discharge by requesting a review as provided in clause (7). If a discharge occurs, the case manager and a staff person from the regional treatment center from which the person was discharged must conduct a monitoring visit as required in Minnesota Rules, part 9525.0115, within 90 days of discharge and provide an evaluation within 15 days of the visit to the person, legal representative, parents, near relatives, ombudsman, and the protection and advocacy system established under United States Code, title 42, section 6042.

(3) In order for a discharge or transfer from a regional treatment center to be approved, the concurrence of a majority of the screening team members is required. The screening team shall determine that the services outlined in the discharge plan are available and accessible in the community before the person is discharged. The recommendation of the screening team cannot be changed except by subsequent action of the team and is binding on the county and on the commissioner. If the commissioner or the county determines that the decision of the screening team is not in the best interests of the person, the commissioner or the county may seek judicial review of the screening team recommendation. A person or legal representative may appeal under section 256.045, subdivision 3 or 4a.

(4) For persons who have overriding health care needs or behaviors that cause injury to self or others, or cause damage to property that is an immediate threat to the physical safety of the person or others, the following additional conditions must be met:

(i) For a person with overriding health care needs, either a registered nurse or a licensed physician shall review the proposed community services to assure that the medical needs of the person have been planned for adequately. For purposes of this paragraph, "overriding health care needs" means a medical condition that requires daily clinical monitoring by a licensed registered nurse.

(ii) For a person with behaviors that cause injury to self or others, or cause damage to property that is an immediate threat to the physical safety of the person or others, a qualified mental retardation professional, as defined in paragraph (a), shall review the proposed community services to assure that the behavioral needs of the person have been planned for adequately. The qualified mental retardation professional must have at least one year of experience in the areas of assessment, planning, implementation, and monitoring of individual habilitation plans that have used behavior intervention techniques.

(5) No person with mental retardation or a related condition may be discharged from a regional treatment center before an appropriate community placement is available to receive the person.

(6) Effective July 1, 1991, a resident of a regional treatment center may not be discharged to a community intermediate care facility with a licensed capacity of more than 15 beds. Effective July 1, 1993, a resident of a regional treatment center may not be discharged to a community intermediate care facility with a licensed capacity of more than ten beds.

(7) If the person, legal representative, parent, or near relative of the person proposed to be discharged from a regional treatment center objects to the proposed discharge, the individual who objects to the discharge may request a review under section 256.045, subdivision 4a, and may request reimbursement as allowed under section 256.045. The person must not be transferred from a regional treatment center while a review or appeal is pending. Within 30 days of the request for a review, the local agency shall conduct a conciliation conference and inform the individual who requested the review in writing of the action the local agency plans to take. The conciliation conference must be conducted in a manner consistent with section 256.045, subdivision 4a. A person, legal representative, parent, or near relative of the person proposed to be discharged who is not satisfied with the results of the conciliation conference may submit to the commissioner a written request for a hearing before a state human services referee under section 256.045, subdivision 4a. The person, legal representative, parent, or near relative of the

person proposed to be discharged may appeal the order to the district court of the county responsible for furnishing assistance by serving a written copy of a notice of appeal on the commissioner and any adverse party of record within 30 days after the day the commissioner issued the order and by filing the original notice and proof of service with the court administrator of the district court. Judicial review must proceed under section 256.045, subdivisions 7 to 10. For a person under public guardianship, the ombudsman established under section 245.92 may object to a proposed discharge by requesting a review or hearing or by appealing to district court as provided in this clause. The person must not be transferred from a regional treatment center while a conciliation conference or appeal of the discharge is pending.

Subd. 8. [SCREENING TEAM DUTIES.] The screening team shall:

- (a) review diagnostic data;
- (b) review health, social, and developmental assessment data using a uniform screening tool specified by the commissioner;
- (c) identify the level of services appropriate to maintain the person in the most normal and least restrictive setting that is consistent with the person's treatment needs;
- (d) identify other noninstitutional public assistance or social service that may prevent or delay long-term residential placement;
- (e) assess whether a client person is in need of long-term residential care;
- (f) make recommendations regarding placement and payment for: (1) social service or public assistance support, or both, to maintain a client person in the client's person's own home or other place of residence; (2) training and habilitation service, vocational rehabilitation, and employment training activities; (3) community residential placement; (4) regional treatment center placement; or (5) a home and community-based service alternative to community residential placement or state hospital regional treatment center placement;
- (g) evaluate the availability, location, and quality of the services listed in paragraph (f), including the impact of placement alternatives on the client's person's ability to maintain or improve existing patterns of contact and involvement with parents and other family members;
- (h) identify the cost implications of recommendations in paragraph (f);

(i) make recommendations to a court as may be needed to assist the court in making commitments decisions regarding commitment of mentally retarded persons with mental retardation; and

(j) inform clients the person and the person's legal guardian or conservator, or the parent if the person is a minor, that appeal may be made to the commissioner pursuant to section 256.045.

Subd. 8a. [COUNTY CONCURRENCE.] (a) When a person has been screened and authorized for services in an intermediate care facility for persons with mental retardation or related conditions or for home and community-based services for persons with mental retardation or related conditions, the case manager shall assist that person in identifying a service provider who is able to meet the needs of the person according to the person's individual service plan. If the identified service is to be provided in a county other than the county of financial responsibility, the county of financial responsibility shall request concurrence of the county where the person is requesting to receive the identified services. The county of service may refuse to concur if:

(1) it can demonstrate that the provider is unable to provide the services identified in the person's individual service plan as services that are needed and are to be provided;

(2) in the case of an intermediate care facility for persons with mental retardation or related conditions, there has been no authorization for admission by the admission review team as required in section 256B.0925; or

(3) in the case of home and community-based services for persons with mental retardation or related conditions, the county of service can demonstrate that the prospective provider has failed to substantially comply with the terms of a past contract or has had a prior contract terminated within the last 12 months for failure to provide adequate services, or has received a notice of intent to terminate the contract.

(b) The county of service shall notify the county of financial responsibility of concurrence or refusal to concur no later than 20 working days following receipt of the written request. Unless other mutually acceptable arrangements are made by the involved county agencies, the county of financial responsibility is responsible for costs of social services and the costs associated with the development and maintenance of the placement. The county of service may request that the county of financial responsibility purchase case management services from the county of service or from a contracted provider of case management when the county of financial responsibility is not providing case management as defined in section 256B.092 and rules adopted under that section, unless other mutually acceptable arrangements are made by the involved county

agencies. Standards for payment limits under this section may be established by the commissioner. Financial disputes between counties shall be resolved as provided in section 256G.09.

Subd. 9. [REIMBURSEMENT.] Payment for services shall not be provided to a service provider for any ~~recipient person~~ placed in an intermediate care facility for persons with mental retardation or related conditions prior to the ~~recipient person~~ being screened by the screening team. The commissioner shall not deny reimbursement for: (a) ~~an individual~~ a person admitted to an intermediate care facility for persons with mental retardation or related conditions who is assessed to need long-term supportive services, if long-term supportive services other than intermediate care are not available in that community; (b) any ~~individual person~~ admitted to an intermediate care facility for persons with mental retardation or related conditions under emergency circumstances; (c) any eligible ~~individual person~~ person placed in the intermediate care facility for persons with mental retardation or related conditions pending an appeal of the screening team's decision; or (d) any medical assistance recipient when, after full discussion of all appropriate alternatives including those that are expected to be less costly than intermediate care for persons with mental retardation or related conditions, the ~~individual person or the individual's person's legal representative guardian or conservator, or the parent if the person is a minor, insists on intermediate care placement.~~ The screening team shall provide documentation that the most cost effective alternatives available were offered to this individual or the individual's legal representative guardian or conservator.

Subd. 10. [ADMISSION OF PERSONS TO AND DISCHARGE OF PERSONS FROM REGIONAL TREATMENT CENTERS.] (a) Prior to the admission of a person to a regional treatment center program for persons with mental retardation, the case manager shall make efforts to secure community-based alternatives. If these alternatives are rejected by the person, the person's legal guardian or conservator, or the county agency in favor of a regional treatment center placement, the case manager shall document the reasons why the alternatives were rejected.

(b) When discharge of a person from a regional treatment center to a community-based service is proposed, the case manager shall convene the screening team and in addition to members of the team identified in subdivision 7, the case manager shall invite to the meeting the person's parents and near relatives, and the ombudsman established under section 245.92 if the person is under public guardianship. The meeting shall be convened at a time and place that allows for participation of all team members and invited individuals who choose to attend. The notice of the meeting shall inform the person's parents and near relatives about the screening team process, and their right to request a review if they object to the discharge, and shall provide the names and functions of advocacy

organizations, and information relating to assistance available to individuals interested in establishing private guardianships under the provisions of section 252A.03. The screening team meeting shall be conducted according to subdivisions 7 and 8. Discharge of the person shall not go forward without consensus of the screening team.

(c) The results of the screening team meeting and individual service plan developed according to subdivision 1b shall be used by the interdisciplinary team assembled in accordance with Code of Federal Regulations, title 42, section 483.440, to evaluate and make recommended modifications to the individual service plan as proposed. The individual service plan shall specify postplacement monitoring to be done by the case manager according to section 253B.15, subdivision 1a.

(d) Notice of the meeting of the interdisciplinary team assembled in accordance with Code of Federal Regulations, title 42, section 483.440, shall be sent to all team members 15 days prior to the meeting, along with a copy of the proposed individual service plan. The case manager shall request that proposed providers visit the person and observe the person's program at the regional treatment center prior to the discharge. Whenever possible, preplacement visits by the person to proposed service sites should also be scheduled in advance of the meeting. Members of the interdisciplinary team assembled for the purpose of discharge planning shall include but not be limited to the case manager, the person, the person's legal guardian or conservator, parents and near relatives, the person's advocate, representatives of proposed community service providers, representatives of the regional treatment center residential and training and habilitation services, a registered nurse if the person has overriding medical needs that impact the delivery of services, and a qualified mental retardation professional specializing in behavior management if the person to be discharged has behaviors that may result in injury to self or others. The case manager may also invite other service providers who have expertise in an area related to specific service needs of the person to be discharged.

(e) The interdisciplinary team shall review the proposed plan to assure that it identifies service needs, availability of services, including support services, and the proposed providers' abilities to meet the service needs identified in the person's individual service plan. The interdisciplinary team shall review the most recent licensing reports of the proposed providers and corrective action taken by the proposed provider, if required. The interdisciplinary team shall review the current individual program plans for the person and agree to an interim individual program plan to be followed for the first 30 days in the person's new living arrangement. The interdisciplinary team may suggest revisions to the service plan, and all team suggestions shall be documented. If the person is to be discharged to a community intermediate care facility

for persons with mental retardation or related conditions, the team shall give preference to facilities with a licensed capacity of 15 or fewer beds. Thirty days prior to the date of discharge, the case manager shall send a final copy of the service plan to all invited members of the team, the ombudsman, if the person is under public guardianship, and the advocacy system established under United States Code, title 42, section 6042.

(f) No discharge shall take place until disputes are resolved under section 256.045, subdivision 4a, or until a review by the commissioner is completed upon request of the chief executive officer or program director of the regional treatment center, or the county agency. For persons under public guardianship, the ombudsman may request a review or hearing under section 256.045. Notification schedules required under this subdivision may be waived by members of the team when judged urgent and with agreement of the parents or near relatives participating as members of the interdisciplinary team.

(e) If a nursing facility reduces its total number of licensed beds before June 28, 1991, by notifying the commissioner of health by that date, the dates and computations in this subdivision shall be accelerated by one year.

(f) A nursing facility eligible under this subdivision may use the notification date and the date on which the licensed beds are reduced for purposes of applying the provisions in section 256B.431, subdivision 3a, paragraph (d), clause (2).

Sec. 50. Minnesota Statutes 1990, section 256B.431, is amended by adding a subdivision to read:

Subd. 2n. [NEGOTIATED RATE CAP EXEMPTION.] A nursing facility which requests, after January 1991, that its boarding care beds be decertified from participation in the medical assistance program, is not eligible for the exception to the negotiated rate cap in section 256I.05, subdivision 2, paragraph (c), clause (1).

Sec. 51. Minnesota Statutes 1990, section 256I.05, is amended by adding a subdivision to read:

Subd. 10. [FOSTER CARE.] Beginning July 1, 1992, the negotiated rate of a residence licensed as a foster home is limited to the rate set for room and board costs provided the foster home is not the license holder's primary residence, or the license holder is not the primary caregiver to persons receiving services in the negotiated rate residence, and federal funding is available to pay for the cost of other necessary services. For the purpose of this section, room and board costs mean costs of providing food and shelter for eligible persons, and includes the directly identifiable costs of:

- (1) normal and special diet, food preparation and food services;
- (2) providing linen, bedding, laundering, and laundry supplies;
- (3) housekeeping, including cleaning and lavatory supplies;
- (4) maintenance and operation of the residence and grounds, including fuel, utilities, supplies, and equipment;
- (5) the allocation of salaries related to these areas; and
- (6) the lease or mortgage payment, property tax and insurance, furnishings and appliances.

Sec. 52. Minnesota Statutes 1990, section 462A.02, subdivision 13, is amended to read:

Subd. 13. "Eligible mortgagor" means a nonprofit or cooperative housing corporation;₁ the department of administration for the purpose of developing nursing home beds under section 251.011, community-based programs as defined in sections 252.50 and 253.28, or secure beds for mentally ill persons under section 253.015, subdivision 2, paragraph (c); a limited profit entity or a builder as defined by the agency in its rules, which sponsors or constructs residential housing as defined in subdivision 7;₂ or a natural person of low or moderate income, except that the return to a limited dividend entity shall not exceed ten percent of the capital contribution of the investors or such lesser percentage as the agency shall establish in its rules;₂ provided that residual receipts funds of a limited dividend entity may be used for agency-approved, housing-related investments owned by the limited dividend entity without

regard to the limitation on returns. Owners of existing residential housing occupied by renters shall be eligible for rehabilitation loans, only if, as a condition to the issuance of the loan, the owner agrees to conditions established by the agency in its rules relating to rental or other matters that will insure that the housing will be occupied by persons and families of low or moderate income. The agency shall require by rules that the owner give preference to those persons of low or moderate income who occupied the residential housing at the time of application for the loan.

Sec. 53. [DEMONSTRATION PROJECTS.]

The commissioner shall demonstrate the development of family foster care services for persons with developmental disabilities in order to achieve regional treatment center census reduction or to develop alternative placements for persons inappropriately placed in nursing homes. For all persons participating in this demonstration that receive services funded by the enhanced waived services fund, the costs of waived services shall not exceed an average of \$120 per person per day in fiscal year 1993. The commissioner shall demonstrate a family choice option for 100 persons with developmental disabilities and their families in fiscal year 1992 and for 200 persons and their families in fiscal year 1993. For all persons authorized by the commissioner to receive services under the family choice option, the cost of services funded by the Title XIX home- and community-based waiver are limited to an average of \$35 per person per day in fiscal year 1992 with annual cost adjustments as authorized by the legislature.

Sec. 54. [RULE REVISION.]

The commissioner must revise Minnesota Rules, parts 9545.0900 to 9545.1090, which govern facilities that provide residential services for children with emotional handicaps. The rule revisions must be adopted within 12 months of the effective date of this section.

Sec. 55. [JOINT LEGISLATIVE STUDY OF RESIDENTIAL PLACEMENT FOR CHILDREN WITH SPECIAL MENTAL HEALTH NEEDS.]

A joint legislative committee composed of members of the house and senate shall hold interim hearings to study the need for specialized residential treatment programs for all children with emotional disturbance, particularly those who exhibit violent or destructive behavior and for whom local treatment programs are not feasible due to the small number of children who need the services and the specialized nature of the services required. The joint committee shall be appointed under the rules of the house and senate and shall be drawn from membership of the health and human services and judiciary committees in both houses, and the house human resources division of appropriations and the health

and human services division of the senate finance committee. The committee shall solicit information from representatives of the commissioners of the departments of human services, corrections, education, and health; from the children's mental health advisory committee; from representatives of mental health advocacy organizations, counties, service providers, the juvenile court system, and other interest groups. The committee shall solicit information on the estimated number of children who need specialized services and the extent to which these children are now being served in other states, and shall make recommendations for action that is needed to develop resources within Minnesota and any cost-containment initiatives necessary for efficient use of these resources. The joint committee shall report back to the full legislature by December 1, 1991, with its findings and recommendations, including recommendations on additional mechanisms by which the commissioner shall approve out-of-state placements of children for whom the commissioner is responsible for payment of a portion of specialized treatment costs.

Sec. 56. [PILOT PROJECT FOR MENTAL HEALTH SERVICES DELIVERY SYSTEM.]

(a) Upon adoption of a resolution by the Dakota county board of commissioners, a pilot project shall be established to design and plan a mental health services delivery system that would reduce the number of commitments to regional treatment centers and improve service delivery to mentally ill persons. Dakota county will provide in-kind staff resources to study the monetary feasibility of implementing the plan, to match the appropriation of grant funds from the legislature.

(b) The pilot project will seek to maximize local community-based living and treatment alternatives for Dakota county residents who have serious and persistent mental illness, and to create a system by which residents committed for treatment pursuant to Minnesota Statutes, chapter 253B, would be committed to community facilities and programs.

(c) The pilot project will offer services that are more accessible and community-based and provide better coordination and linkage to other services and resources in the community or county than those that are currently provided.

(d) The pilot project will be implemented July 1, 1991. The planning process for implementation will continue during the 1992 fiscal year. The planning process will require that new services be developed, existing services be modified, and numerous legislative proposals be developed for presentation to the legislature in 1992.

Sec. 57. [CHILDREN'S MENTAL HEALTH FUNDING.]

Subdivision 1. [STATEWIDE TASK FORCE.] The commissioner of human services shall convene a task force to study the feasibility of establishing an integrated children's mental health fund. The task force shall consist of mental health professionals, county social services personnel, service providers, advocates, and parents of children who have experienced episodes of emotional disturbance. The task force shall also include representatives of the children's mental health subcommittee of the state advisory council and local coordinating councils established under Minnesota Statutes, sections 245.487 to 245.4887. The task force shall include the commissioners of education, health, and human services; two members of the senate; and two members of the house of representatives. The task force shall examine all possible county, state, and federal sources of funds for children's mental health with a view to designing an integrated children's mental health fund, improving methods of coordinating and maximizing all funding sources, and increasing federal funding. Programs to be examined shall include, but not be limited to, the following: medical assistance, title IV-E of the social security act, title XX social service programs, chemical dependency programs, education and special education programs, and, for children with a dual diagnosis, programs for the developmentally disabled. The task force may consult with experts in the field, as necessary. The task force shall make a preliminary report and recommendations on local coordination of funding sources by January 1, 1992, to facilitate the development of local protocols and procedures under subdivision 2. The task force shall submit a final report to the legislature by January 1, 1993, with its findings and recommendations.

Subd. 2. [DEVELOPMENT OF LOCAL PROTOCOLS AND PROCEDURES.] (a) By January 1, 1992, each local children's mental health coordinating council established under Minnesota Statutes, section 245.4875, subdivision 6, shall establish a task force to develop recommended protocols and procedures that will ensure that the planning, case management, and delivery of services for children with severe emotional disturbance are coordinated and make the most efficient and cost-effective use of available funding. The task force must include, at a minimum, representatives of local school districts and county medical assistance and mental health staff. The protocols and procedures must be designed to:

(1) ensure that services to children are driven by the children's needs, rather than by the availability or source of funding for services;

(2) ensure that planning for services, case management, service delivery, and payment for services involves coordination of all affected agencies, providers, and funding sources; and

(2) maximize available funding by making full use of all available funding, including medical assistance.

(b) By October 1, 1992, each council shall make recommendations to the statewide task force established under subdivision 1 regarding the feasibility and desirability of methods of consolidating or pooling funding sources to ensure that services are tailored to the specific needs of each child and to allow greater flexibility in paying for services.

(c) By October 1, 1992, each local coordinating council shall report to the commissioner of human services the council's findings and the recommended protocols and procedures. The council shall also recommend legislative changes or rule changes that will improve local coordination and further maximize available funding.

Subd. 3. [FINAL REPORT.] By February 15, 1993, the commissioner of human services shall provide a report to the legislature that describes the reports and recommendations of the statewide task force under subdivision 1 and of the local coordinating councils under subdivision 2, and provides the commissioner's recommendations for legislation or other needed changes.

Sec. 58. [INSTRUCTION TO REVISOR.]

Subdivision 1. [RENUMBERING.] The revisor of statutes shall renumber Minnesota Statutes, section 245.4886 as section 245.4887 and Minnesota Statutes, section 245.4887 as section 245.4888, and shall correct all relevant cross-references in Minnesota Statutes and Minnesota Rules.

Subd. 2. [INDIVIDUAL HABILITATION PLAN.] The revisor of statutes shall delete references to "individual habilitation plan" wherever appearing in Minnesota Statutes, chapters 252 and 252A, and sections 120.17 and 256.045.

Subd. 3. [INSTRUCTION TO REVISOR.] In the next edition of Minnesota Statutes, the revisor of statutes is directed to change the words "Ah-Gwah-Ching Nursing Home" wherever they appear to "Ah-Gwah-Ching Center".

Sec. 59. [REPEALER.]

Subdivision 1. Minnesota Statutes 1990, section 245.476, subdivisions 1, 2, and 3, are repealed.

Subd. 2. Minnesota Statutes 1990, section 252.275, subdivision 2, is repealed effective January 1, 1992.

Sec. 61. [EFFECTIVE DATE.]

Subdivision 1. Sections 5 and 10 are effective the day following final enactment.

Subd. 2. Section 20 is effective July 1, 1993.

Subd. 3. Section 32 is effective January 1, 1992.

Subd. 4. Section 48 is effective September 30, 1991.

ARTICLE 7

ALTERNATIVE CARE/SAIL

Section 1. Minnesota Statutes 1990, section 144A.31, is amended to read:

144A.31 [INTERAGENCY BOARD FOR QUALITY ASSURANCE LONG-TERM CARE PLANNING COMMITTEE.]

Subdivision 1. [INTERAGENCY BOARD LONG-TERM CARE PLANNING COMMITTEE.] The commissioners of health and human services shall establish, by July 1, 1983, an interagency board committee of managerial employees of their respective departments who are knowledgeable and employed in the areas of long-term care, geriatric care, community services for the elderly, long-term care facility inspection, or quality of care assurance. The number of interagency board committee members shall not exceed eight twelve; ~~three~~ four members each to represent the commissioners of health and human services and one member each to represent the commissioners of state planning and, housing finance, finance, and the chair of the Minnesota board on aging. The board shall identify long-term care issues requiring coordinated interagency policies and shall conduct analyses, coordinate policy development, and make recommendations to the commissioners for effective implementation of these policies. The commissioner of human services and the commissioner of health or their designees shall annually alternate chairing and convening the board committee. The board committee may utilize the expertise and time of other individuals employed by either each department as needed. The board committee may recommend that the commissioners contract for services as needed. The board committee shall meet as often as necessary to accomplish its duties, but at least quarterly. The board committee shall establish procedures, including public hearings, for allowing regular opportunities for input from residents, nursing homes consumers of long-term care services, advocates, trade associations, facility administrators, county agency administrators, and other interested persons.

Subd. 2. [INSPECTIONS.] No later than January 1, 1988, the board shall develop and recommend implementation and enforcement of an effective system to ensure quality of care in each nursing home in the state. Quality of care includes evaluating, using the resident's care plan, whether the resident's ability to function is

optimized and should not be measured solely by the number of amount of services provided.

The board shall assist the commissioner of health in developing methods to ensure that inspections and reinspections of nursing homes are conducted with a frequency and in a manner calculated to most effectively and appropriately fulfill its quality assurance responsibilities and achieve the greatest benefit to nursing home residents. The board shall identify and recommend criteria and methods for identifying those nursing homes that present the most serious concerns with respect to resident health, treatment, comfort, safety, and well-being. The commissioner of health shall require a higher frequency and extent of inspections with respect to those nursing homes that present the most serious concerns with respect to resident health, treatment, comfort, safety, and well-being. These concerns include but are not limited to: complaints about care, safety, or rights; situations where previous inspections or reinspections have resulted in correction orders related to care, safety, or rights; instances of frequent change in administration in excess of normal turnover rates; and situations where persons involved in ownership or administration of the nursing home have been convicted of engaging in criminal activity. A nursing home that presents none of these concerns or any other concern or condition recommended by the board and established by the commissioner that poses a risk to resident care, safety, or rights shall be inspected once every two years for compliance with key requirements as determined by the board.

The board shall develop and recommend to the commissioners mechanisms beyond the inspection process to protect resident care, safety, and rights, including but not limited to coordination with the office of health facility complaints and the nursing home ombudsmen program.

Subd. 3. [METHODS FOR DETERMINING RESIDENT CARE NEEDS.] The board shall develop and recommend to the commissioners definitions for levels of care and methods for determining resident care needs for implementation on July 1, 1985, in order to adjust payments for resident care based on the mix of resident needs in a nursing home. The methods for determining resident care needs shall include assessments of ability to perform activities of daily living and assessments of medical and therapeutic needs.

Subd. 2a. [DUTIES.] The interagency committee shall identify long-term care issues requiring coordinated interagency policies and shall conduct analyses, coordinate policy development, and make recommendations to the commissioners for effective implementation of these policies. The committee shall refine state long-term goals, establish performance indicators, and develop other methods or measures to evaluate program performance, including

client outcomes. The committee shall review the effectiveness of programs in meeting their objectives.

The committee shall also:

(1) facilitate the development of regional and local bodies to plan and coordinate regional and local services;

(2) recommend a single regional or local point of access for persons seeking information on long-term care services;

(3) recommend changes in state funding and administrative policies that are necessary to maximize the use of home and community-based care and that promote the use of the least costly alternative without sacrificing quality of care; and

(4) develop methods of identifying and serving seniors who need minimal services to remain independent but who are likely to develop a need for more extensive services in the absence of these minimal services.

Subd. 2b. [GOALS OF THE COMMITTEE.] The long-term goals of the committee are:

(1) to achieve a broad awareness and use of low-cost home care and other residential alternatives to nursing homes;

(2) to develop a statewide system of information and assistance to enable easy access to long-term care services;

(3) to develop sufficient alternatives to nursing homes to serve the increased number of people needing long-term care; and

(4) to maintain the moratorium on new construction of nursing home beds and to lower the percentage of elderly served in institutional settings.

These goals are designed to create a new community-based care paradigm for long-term care in Minnesota in order to maximize independence of the older adult population, and to ensure cost-effective use of financial and human resources.

Subd. 4. [ENFORCEMENT.] The ~~board~~ committee shall develop and recommend for implementation effective methods of enforcing quality of care standards. The ~~board~~ committee shall develop and monitor, and the commissioner of human services shall implement, a resident relocation plan that instructs a county in which a nursing home or certified boarding care home is located of procedures to ensure that the needs of residents in nursing homes or certified boarding care homes about to be closed are met. The duties of a

county under the relocation plan also apply when residents are to be discharged from a nursing home or certified boarding care home as a result of a change in certification, closure, or loss or termination of the facility's medical assistance provider agreement. The resident relocation plans and county duties required in this subdivision apply to the voluntary or involuntary closure, or reduction in services or size of, an intermediate care facility for the mentally retarded. The relocation plan for intermediate care facilities for the mentally retarded must conform to Minnesota Rules, parts 4655.6810 to 4655.6830, 9525.0015 to 9525.0165, and 9546.0010 to 9546.0060, or their successors. The commissioners of health and human services may waive a portion of existing rules that the commissioners determine does not apply to persons with mental retardation or related conditions. The county shall ensure appropriate placement of residents in licensed and certified facilities or other alternative care such as home health care and foster care placement. In preparing for relocation, the board committee shall ensure that residents and their families or guardians are involved in planning the relocation.

Subd. 5. [REPORTS.] The board committee shall prepare a biennial report and the commissioners of health and human services shall deliver this report to the legislature no later than January 15, 1984, on the board's proposals and progress on implementation of the methods required under subdivision 2 beginning January 31, 1993, listing progress, achievements, and current goals and objectives. The commissioners shall recommend changes in or additions to legislation necessary or desirable to fulfill their responsibilities. The board shall prepare an annual report and the commissioners shall deliver this report annually to the legislature, beginning in January 1985, on the implementation of the provisions of this section.

Subd. 6. [DATA.] The interagency board ~~may~~ committee shall have access to data from the commissioners of health, human services, and public safety housing finance, and state planning for carrying out its duties under this section. The commissioner of health and the commissioner of human services may each have access to data on persons, including data on vendors of services, from the other to carry out the purposes of this section. If the interagency board committee, the commissioner of health, or the commissioner of human services receives data on persons, including data on vendors of services, that is collected, maintained, used or disseminated in an investigation, authorized by statute and relating to enforcement of rules or law, the board committee or the commissioner shall not disclose that information except:

- (a) pursuant to section 13.05;
- (b) pursuant to statute or valid court order; or

(c) to a party named in a civil or criminal proceeding, administrative or judicial, for preparation of defense.

Data described in this subdivision is classified as public data upon its submission to an administrative law judge or court in an administrative or judicial proceeding.

Subd. 7. [LONG-TERM CARE RESEARCH AND DATABASE.] The interagency long-term care planning committee shall collect and analyze state and national long-term care data and research, including relevant health data and information and research relating to long-term care and social needs, service utilization, costs, and client outcomes. The committee shall make recommendations to state agencies and other public and private agencies for methods of improving coordination of existing data, develop data needed for long-term care research, and promote new research activities. Research and data activities must be designed to:

(1) improve the validity and reliability of existing data and research information;

(2) identify sources of funding and potential uses of funding sources;

(3) evaluate the effectiveness and client outcomes of existing programs; and

(4) identify and plan for future changes in the number, level, and type of services needed by seniors.

Sec. 2. Minnesota Statutes 1990, section 144A.46, subdivision 4, is amended to read:

Subd. 4. [RELATION TO OTHER REGULATORY PROGRAMS.] In the exercise of the authority granted under sections 144A.43 to 144A.49, the commissioner shall not duplicate or replace standards and requirements imposed under another state regulatory program. The commissioner shall not impose additional training or education requirements upon members of a licensed or registered occupation or profession, except as necessary to address or prevent problems that are unique to the delivery of services in the home or to enforce and protect the rights of consumers listed in section 144A.44. ~~For home care providers certified under the Medicare program, the state standards must not be inconsistent with the Medicare standards for Medicare services.~~ The commissioner of health shall not require a home care provider certified under the Medicare program to comply with a rule adopted under section 144A.45 if the home care provider is required to comply with any equivalent federal law or regulation relating to the same subject matter. The commissioner of health shall specify in the rules those provisions that are not applicable to

certified home care providers. To the extent possible, the commissioner shall coordinate the inspections required under sections 144A.45 to 144A.48 with the health facility licensure inspections required under sections 144.50 to 144.58 or 144A.10 when the health care facility is also licensed under the provisions of Laws 1987, chapter 378.

Sec. 3. Minnesota Statutes 1990, section 198.007, is amended to read:

198.007 [QUALITY ASSURANCE.]

The board shall create a utilization review committee for each home comprised of the appropriate professionals employed by or under contract to the home. The committee shall use the case-mix system established under section 144.072 to assess the appropriateness and quality of care and services provided residents of the homes.

The board shall create an admissions committee for each home comprised of the appropriate professionals employed by or under contract to each home and adopt a preadmission screening program, ~~such as the one established under section 256B.091,~~ for all applicants for admission to the homes who may require nursing or boarding care, taking into account the eligibility requirements in section 198.022, the admissions criteria established by board rules, and the availability of space in the homes.

Sec. 4. Minnesota Statutes 1990, section 256.025, subdivision 2, is amended to read:

Subd. 2. [COVERED PROGRAMS AND SERVICES.] The procedures in this section govern payment of county agency expenditures for benefits and services distributed under the following programs:

(1) aid to families with dependent children under sections 256.82, subdivision 1, and 256.935, subdivision 1;

(2) medical assistance under sections 256B.041, subdivision 5, and 256B.19, subdivision 1;

(3) general assistance medical care under section 256D.03, subdivision 6;

(4) general assistance under section 256D.03, subdivision 2;

(5) work readiness under section 256D.03, subdivision 2;

(6) emergency assistance under section 256.871, subdivision 6;

(7) Minnesota supplemental aid under section 256D.36, subdivision 1;

(8) preadmission screening and alternative care grants ~~under section 256B.001;~~

(9) work readiness services under section 256D.051;

(10) case management services under section 256.736, subdivision 13;

(11) general assistance claims processing, medical transportation and related costs; and

(12) medical assistance, medical transportation and related costs.

Sec. 5. Minnesota Statutes 1990, section 256B.0625, subdivision 2, is amended to read:

Subd. 2. [SKILLED AND INTERMEDIATE NURSING CARE.] Medical assistance covers skilled nursing home services and services of intermediate care facilities, including training and habilitation services, as defined in section 252.41, subdivision 3, for persons with mental retardation or related conditions who are residing in intermediate care facilities for persons with mental retardation or related conditions. Medical assistance must not be used to pay the costs of nursing care provided to a patient in a swing bed as defined in section 144.562, unless (a) the facility in which the swing bed is located is eligible as a sole community provider, as defined in Code of Federal Regulations, title 42, section 412.92, or the facility is a public hospital owned by a governmental entity with 15 or fewer licensed acute care beds; (b) the health care financing administration approves the necessary state plan amendments; (c) the patient was screened as provided ~~in section 256B.001~~ by law; (d) the patient no longer requires acute care services; and (e) no nursing home beds are available within 25 miles of the facility. The daily medical assistance payment for nursing care for the patient in the swing bed is the statewide average medical assistance skilled nursing care per diem as computed annually by the commissioner on July 1 of each year.

Sec. 6. Minnesota Statutes 1990, section 256B.48, subdivision 1, is amended to read:

Subdivision 1. [PROHIBITED PRACTICES.] A nursing home is not eligible to receive medical assistance payments unless it refrains from all of the following:

(a) Charging private paying residents rates for similar services which exceed those which are approved by the state agency for

medical assistance recipients as determined by the prospective desk audit rate, except under the following circumstances: the nursing home may (1) charge private paying residents a higher rate for a private room, and (2) charge for special services which are not included in the daily rate if medical assistance residents are charged separately at the same rate for the same services in addition to the daily rate paid by the commissioner. Services covered by the payment rate must be the same regardless of payment source. Special services, if offered, must be available to all residents in all areas of the nursing home and charged separately at the same rate. Residents are free to select or decline special services. Special services must not include services which must be provided by the nursing home in order to comply with licensure or certification standards and that if not provided would result in a deficiency or violation by the nursing home. Services beyond those required to comply with licensure or certification standards must not be charged separately as a special service if they were included in the payment rate for the previous reporting year. A nursing home that charges a private paying resident a rate in violation of this clause is subject to an action by the state of Minnesota or any of its subdivisions or agencies for civil damages. A private paying resident or the resident's legal representative has a cause of action for civil damages against a nursing home that charges the resident rates in violation of this clause. The damages awarded shall include three times the payments that result from the violation, together with costs and disbursements, including reasonable attorneys' fees or their equivalent. A private paying resident or the resident's legal representative, the state, subdivision or agency, or a nursing home may request a hearing to determine the allowed rate or rates at issue in the cause of action. Within 15 calendar days after receiving a request for such a hearing, the commissioner shall request assignment of an administrative law judge under sections 14.48 to 14.56 to conduct the hearing as soon as possible or according to agreement by the parties. The administrative law judge shall issue a report within 15 calendar days following the close of the hearing. The prohibition set forth in this clause shall not apply to facilities licensed as boarding care facilities which are not certified as skilled or intermediate care facilities level I or II for reimbursement through medical assistance.

(b) Requiring an applicant for admission to the home, or the guardian or conservator of the applicant, as a condition of admission, to pay any fee or deposit in excess of \$100, loan any money to the nursing home, or promise to leave all or part of the applicant's estate to the home.

(c) Requiring any resident of the nursing home to utilize a vendor of health care services who is a licensed physician or pharmacist chosen by the nursing home.

(d) Providing differential treatment on the basis of status with regard to public assistance.

(e) Discriminating in admissions, services offered, or room assignment on the basis of status with regard to public assistance or refusal to purchase special services. Admissions discrimination shall include, but is not limited to:

(1) basing admissions decisions upon assurance by the applicant to the nursing home, or the applicant's guardian or conservator, that the applicant is neither eligible for nor will seek public assistance for payment of nursing home care costs; and

(2) engaging in preferential selection from waiting lists based on an applicant's ability to pay privately or an applicant's refusal to pay for a special service.

The collection and use by a nursing home of financial information of any applicant pursuant to ~~the a~~ a preadmission screening program established by ~~section 256B.091~~ law shall not raise an inference that the nursing home is utilizing that information for any purpose prohibited by this paragraph.

(f) Requiring any vendor of medical care as defined by section 256B.02, subdivision 7, who is reimbursed by medical assistance under a separate fee schedule, to pay any amount based on utilization or service levels or any portion of the vendor's fee to the nursing home except as payment for renting or leasing space or equipment or purchasing support services from the nursing home as limited by section 256B.433. All agreements must be disclosed to the commissioner upon request of the commissioner. Nursing homes and vendors of ancillary services that are found to be in violation of this provision shall each be subject to an action by the state of Minnesota or any of its subdivisions or agencies for treble civil damages on the portion of the fee in excess of that allowed by this provision and section 256B.433. Damages awarded must include three times the excess payments together with costs and disbursements including reasonable attorney's fees or their equivalent.

(g) Refusing, for more than 24 hours, to accept a resident returning to the same bed or a bed certified for the same level of care, in accordance with a physician's order authorizing transfer, after receiving inpatient hospital services.

The prohibitions set forth in clause (b) shall not apply to a retirement home with more than 325 beds including at least 150 licensed nursing home beds and which:

(1) is owned and operated by an organization tax-exempt under section 290.05, subdivision 1, clause (i); and

(2) accounts for all of the applicant's assets which are required to

be assigned to the home so that only expenses for the cost of care of the applicant may be charged against the account; and

(3) agrees in writing at the time of admission to the home to permit the applicant, or the applicant's guardian, or conservator, to examine the records relating to the applicant's account upon request, and to receive an audited statement of the expenditures charged against the applicant's individual account upon request; and

(4) agrees in writing at the time of admission to the home to permit the applicant to withdraw from the home at any time and to receive, upon withdrawal, the balance of the applicant's individual account.

For a period not to exceed 180 days, the commissioner may continue to make medical assistance payments to a nursing home or boarding care home which is in violation of this section if extreme hardship to the residents would result. In these cases the commissioner shall issue an order requiring the nursing home to correct the violation. The nursing home shall have 20 days from its receipt of the order to correct the violation. If the violation is not corrected within the 20-day period the commissioner may reduce the payment rate to the nursing home by up to 20 percent. The amount of the payment rate reduction shall be related to the severity of the violation and shall remain in effect until the violation is corrected. The nursing home or boarding care home may appeal the commissioner's action pursuant to the provisions of chapter 14 pertaining to contested cases. An appeal shall be considered timely if written notice of appeal is received by the commissioner within 20 days of notice of the commissioner's proposed action.

The amount of personal care services authorized must be based on the recipient's case mix classification according to section 256B.0911, except that a child may not be found to be dependent in an activity of daily living if because of the child's age an adult would either perform the activity for the child or assist the child with the activity and the amount of assistance needed is similar to the assistance appropriate for a typical child of the same age. Based on medical necessity, the commissioner may authorize:

The commissioner may authorize medically necessary private duty nursing services when:

(i) the recipient requires more individual and continuous care than can be provided during a nurse visit; or

(ii) the cares are outside of the scope of services that can be provided by a home health aide or personal care assistant.

The commissioner may authorize up to 16 hours per day of private duty nursing services or up to 24 hours per day of private duty nursing services until such time as the commissioner is able to make a determination of eligibility for recipients who are applying for home care services under the community alternative care program developed under section 256B.49, or until it is determined that a health benefit plan is required to pay for medically necessary nursing services. Recipients who are eligible for the community alternative care program may not receive more hours of nursing under this section than would otherwise be authorized under section 256B.49.

service and must be conducted by the public health nurse within ten working days following request.

(6) A home care provider shall request a new home care cost assessment when the needs of the individual have changed enough to require that a revised care plan be implemented that will increase costs beyond what was approved by the previous home care cost assessment and the change is anticipated to last for more than 30 days. The home care provider must request the home care cost assessment before the end of the first 30 days of provided service. Whenever a home care cost assessment is completed, the public health nurse that completes the home care cost assessment, in consultation with the home care provider,

The commissioner may publish additional criteria for determining medical necessity according to section 256B.04.

Based on the client needs, physician orders, diagnosis, condition, and plan of care, the department may give prior approval for care that exceeds level II described in paragraph (c). The amount approved shall not exceed the maximum cost for the appropriate level of care as determined in paragraph (c), clause (1), which will be the maximum ICF/MR rate for intermediate care facilities for persons with mental retardation or related conditions,

of the maximum nursing home case mix payment, or the highest hospital cost for the state.

(i) [PRIOR AUTHORIZATION REQUESTS; TEMPORARY SERVICES.] The department has 30 days from receipt of the request to complete the level III determination prior authorization, during which time it may approve the higher level while reviewing the case a temporary level of home care service. The commissioner may not authorize:

(2) assist the recipient in obtaining services necessary to allow the recipient to remain safely in or return to the community;

(3) coordinate home care services with other medical assistance services under section 256B.0625;

(4) assist the recipient with problems related to the provision of home care services; and

(5) assure the quality of home care services.

(d) For the purposes of this section, "home care services" means medical assistance services defined under section 256B.0625, subdivisions 6a, 7, and 19a.

Sec. 14. [256B.0911] [NURSING HOME PREADMISSION SCREENING.]

Subdivision 1. [PURPOSE AND GOAL.] The purpose of the preadmission screening program is to prevent or delay certified nursing facility placements by assessing applicants and residents and offering cost-effective alternatives appropriate for the person's needs. Further, the goal of the program is to contain costs associated with unnecessary certified nursing facility admissions. The commissioners of human services and health shall seek to maximize use of available federal and state funds and establish the broadest program possible within the funding available.

Subd. 2. [PERSONS REQUIRED TO BE SCREENED; EXEMPTIONS.] All applicants to Medicaid certified nursing facilities must be screened prior to admission, regardless of income, assets, or funding sources, except the following:

(1) patients who, having entered acute care facilities from certified nursing facilities, are returning to a certified nursing facility;

(2) residents transferred from other certified nursing facilities;

(3) individuals whose length of stay is expected to be 30 days or less based on a physician's certification, if the facility notifies the screening team prior to admission and provides an update to the screening team on the 30th day after admission;

(4) individuals who have a contractual right to have their nursing facility care paid for indefinitely by the veteran's administration; or

(5) individuals who are enrolled in the Ebenezer/Group Health social health maintenance organization project at the time of application to a nursing home; or

(6) individuals who are screened by another state within three months before admission to a certified nursing facility.

Regardless of the exemptions in clauses (2) to (6), persons who have a diagnosis or possible diagnosis of mental illness, mental retardation, or a related condition must be screened before admission unless the admission prior to screening is authorized by the local mental health authority or the local developmental disabilities case manager, or unless authorized by the county agency according to Public Law Number 101-508.

Persons transferred from an acute care facility to a certified nursing facility may be admitted to the nursing facility before screening, if authorized by the county agency; however, the person must be screened within ten working days after the admission.

Other persons who are not applicants to nursing facilities must be screened if a request is made for a screening.

Subd. 3. [PERSONS RESPONSIBLE FOR CONDUCTING THE PREADMISSION SCREENING.] (a) A local screening team shall be established by the county agency and the county public health nursing service of the local board of health. Each local screening team shall be composed of a social worker and a public health nurse from their respective county agencies. Two or more counties may collaborate to establish a joint local screening team or teams.

(b) Both members of the team must conduct the screening. However, individuals who are being transferred from an acute care facility to a certified nursing facility may be screened by only one member of the screening team in consultation with the other member.

(c) In assessing a person's needs, each screening team shall have a physician available for consultation and shall consider the assessment of the individual's attending physician, if any. The individual's physician shall be included on the screening team if the physician chooses to participate. Other personnel may be included on the team as deemed appropriate by the county agencies.

(d) If a person who has been screened must be reassessed to assign a case mix classification because admission to a nursing facility occurs later than the time allowed by rule following the initial screening and assessment, the reassessment may be completed by the public health nurse member of the screening team.

Subd. 4. [RESPONSIBILITIES OF THE COUNTY AGENCY AND THE SCREENING TEAM.] (a) The county agency shall:

(1) provide information and education to the general public regarding availability of the preadmission screening program;

(2) accept referrals from individuals, families, human service and health professionals, and hospital and nursing facility personnel;

(3) assess the health, psychological, and social needs of referred individuals and identify services needed to maintain these persons in the least restrictive environments;

(4) determine if the individual screened needs nursing facility level of care;

(5) assess active treatment needs in cooperation with:

(i) a qualified mental health professional for persons with a primary or secondary diagnosis of mental illness; and

(ii) a qualified mental retardation professional for persons with a primary or secondary diagnosis of mental retardation or related conditions. For purposes of this clause, a qualified mental retardation professional must meet the standards for a qualified mental retardation professional in Code of Federal Regulations, title 42, section 483.430;

(6) make recommendations for individuals screened regarding cost-effective community services which are available to the individual;

(7) make recommendations for individuals screened regarding nursing home placement when there are no cost-effective community services available;

(8) develop an individual's community care plan and provide follow-up services as needed; and

(9) prepare and submit reports that may be required by the commissioner of human services.

The county agency may determine in cooperation with the local board of health that the public health nursing agency of the local board of health is the lead agency which is responsible for all of the activities above except clause (5).

(b) The screening team shall document that the most cost-effective alternatives available were offered to the individual or the individual's legal representative. For purposes of this section, "cost-effective alternatives" means community services and living arrangements that cost the same or less than nursing facility care.

The screening shall be conducted within ten working days after the date of referral or, for those approved for transfer from an acute care facility to a certified nursing facility, within ten working days

after admission to the nursing facility. For persons who are eligible for medical assistance or who would be eligible within 180 days of admission to a nursing facility and who are admitted to a nursing facility, the nursing facility must include the screening team or the case manager in the discharge planning process for those individuals who the team has determined have discharge potential. The screening team or the case manager must ensure a smooth transition and follow-up for the individual's return to the community.

Local screening teams shall cooperate with other public and private agencies in the community, in order to offer a variety of cost-effective services to the disabled and elderly. The screening team shall encourage the use of volunteers from families, religious organizations, social clubs, and similar civic and service organizations to provide services.

Subd. 5. [SIMPLIFICATION OF FORMS.] The commissioner shall minimize the number of forms required in the preadmission screening process and shall limit the screening document to items necessary for care plan approval, reimbursement, program planning, evaluation, and policy development.

Subd. 6. [REIMBURSEMENT FOR PREADMISSION SCREENING.] (a) The total screening cost for each county must be paid monthly by certified nursing facilities in the county. The monthly amount to be paid by each nursing facility for each fiscal year must be determined by dividing the county's estimate of the total annual cost of screenings allowed in the county for the following rate year by 12 to determine the monthly cost estimate and allocating the monthly cost estimate to each nursing facility based on the number of licensed beds in the nursing facility.

(b) The rate allowed for a screening where two team members are present shall be the actual costs up to \$195. The rate allowed for a screening where only one team member is present shall be the actual costs up to \$117. Annually on July 1, the commissioner shall adjust the rate up to the percentage change forecast in the fourth quarter of the prior calendar year by the Home Health Agency Market Basket of Operating Costs, unless otherwise adjusted by statute. The Home Health Agency Market Basket of Operating Costs is published by Data Resources, Inc.

(c) The monthly cost estimate for each certified nursing facility must be submitted to the state by the county no later than February 15 of each year for inclusion in the nursing facility's payment rate on the following rate year. The commissioner shall include the reported annual estimated cost of screenings for each nursing facility as an operating cost of that nursing facility in accordance with section 256B.431, subdivision 2b, paragraph (g). The monthly cost estimates approved by the commissioner must be sent to the nursing facility by the county no later than April 15 of each year.

(d) If in more than ten percent of the total number of screenings performed by a county in a fiscal year for all individuals regardless of payment source, the screening timelines were not met because a county was late in screening the individual, the county is solely responsible for paying the cost of those delayed screenings that exceed ten percent.

(e) Notwithstanding section 256B.0641, overpayments attributable to payment of the screening costs under the medical assistance program may not be recovered from a facility.

(f) The commissioner of human services shall amend the Minnesota medical assistance plan to include reimbursement for the local screening teams.

Subd. 7. [REIMBURSEMENT FOR CERTIFIED NURSING FACILITIES.] Medical assistance reimbursement for nursing facilities shall be authorized for a medical assistance recipient only if a preadmission screening has been conducted or the local county agency has authorized an exemption. Medical assistance reimbursement for nursing facilities shall not be provided for any recipient who the local screening team has determined does not meet the level of care criteria for nursing facility placement.

An individual has a choice and makes the final decision between nursing facility placement and community placement after the screening team's recommendation. However, the local county mental health authority or the local mental retardation authority under Public Law Numbers 100-203 and 101-508 may prohibit admission to a nursing facility, if the individual does not meet the nursing facility level of care criteria or does need active treatment as defined in Public Law Numbers 100-203 and 101-508.

Appeals from the screening team's recommendation or the county agency's final decision shall be made according to section 256.045, subdivision 3.

Subd. 8. [ADVISORY COMMITTEE.] The commissioner shall appoint an advisory committee to advise the commissioner on the preadmission screening program, the alternative care program under section 256B.0913, and the home- and community-based services waiver programs for the elderly and the disabled. The advisory committee shall review policies and procedures and provide advice and technical assistance to the commissioner regarding the effectiveness and the efficient administration of the programs. The advisory committee must consist of not more than 20 people appointed by the commissioner and must be comprised of representatives from public agencies, public and private service providers, and consumers from all areas of the state. Members of the advisory committee must not be compensated for service.

Sec. 15. [256B.0913] [ALTERNATIVE CARE PROGRAM.]

Subdivision 1. [PURPOSE AND GOALS.] The purpose of the alternative care program is to provide funding for or access to home and community-based services for frail elderly persons, in order to limit nursing facility placements. The program is designed to support frail elderly persons in their desire to remain in the community as independently and as long as possible and to support informal caregivers in their efforts to provide care for frail elderly people. Further, the goals of the program are:

(1) to contain medical assistance expenditures by providing care in the community at a cost the same or less than nursing facility costs; and

(2) to maintain the moratorium on new construction of nursing home beds.

Subd. 2. [ELIGIBILITY FOR SERVICES.] Alternative care services are available to all frail older Minnesotans. This includes:

(1) persons who are receiving medical assistance and served under the medical assistance program or the Medicaid waiver program;

(2) persons who would be eligible for medical assistance within 180 days of admission to a nursing facility and served under subdivisions 4 to 13; and

(3) persons who are paying for their services out-of-pocket.

Subd. 3. [ELIGIBILITY FOR FUNDING FOR SERVICES FOR MEDICAL ASSISTANCE RECIPIENTS.] Funding for services for persons who are eligible for medical assistance is available under section 256B.0627, governing home care services, or 256B.0915, governing the Medicaid waiver for home and community-based services.

Subd. 4. [ELIGIBILITY FOR FUNDING FOR SERVICES FOR NONMEDICAL ASSISTANCE RECIPIENTS.] (a) Funding for services under the alternative care program is available to persons who meet the following criteria:

(1) the person has been screened by the county screening team or, if previously screened and served under the alternative care program, assessed by the local county social worker or public health nurse;

(2) the person is age 65 or older;

(3) the person would be eligible for medical assistance within 180 days of admission to a nursing facility;

(4) the screening team would recommend nursing facility admission or continued stay for the person if alternative care services were not available;

(5) the person needs services that are not available at that time in the county through other county, state, or federal funding sources; and

(6) the monthly cost of the alternative care services funded by the program for this person does not exceed 75 percent of the statewide average monthly medical assistance payment for nursing facility care at the individual's case mix classification to which the individual would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059.

(b) Individuals who meet the criteria in paragraph (a) and who have been approved for alternative care funding are called 180-day eligible clients.

(c) The statewide average payment for nursing facility care is the statewide average monthly nursing facility rate in effect on July 1 of the fiscal year in which the cost is incurred, less the statewide average monthly income of nursing facility residents who are age 65 or older and who are medical assistance recipients in the month of March of the previous fiscal year. This monthly limit does not prohibit the 180-day eligible client from paying for additional services needed or desired.

(d) In determining the total costs of alternative care services for one month, the costs of all services funded by the alternative care program, including supplies and equipment, must be included.

(e) Alternative care funding under this subdivision is not available for a person who is a medical assistance recipient or who would be eligible for medical assistance without a spend-down if the person applied, unless authorized by the commissioner.

(f) Alternative care funding is not available for a person who resides in a licensed nursing home or boarding care home, except for case management services which are being provided in support of the discharge planning process.

Subd. 5. [SERVICES COVERED UNDER ALTERNATIVE CARE.] (a) Alternative care funding may be used for payment of costs of:

(1) adult foster care;

- (2) adult day care;
- (3) home health aide;
- (4) homemaker services;
- (5) personal care;
- (6) case management;
- (7) respite care;
- (8) assisted living; and
- (9) care-related supplies and equipment.

(b) The county agency may use up to ten percent of the annual allocation of alternative care funding for payment of costs of meals delivered to the home, transportation, skilled nursing, chore services, companion services, nutrition services, and training for direct informal caregivers. The commissioner shall determine the impact on alternative care costs of allowing these additional services to be provided and shall report the findings to the legislature by February 15, 1993, including any recommendations regarding provision of the additional services.

(c) The county agency must ensure that the funds are used only to supplement and not supplant services available through other public assistance or services programs.

(d) These services must be provided by a licensed provider, a home health agency certified for reimbursement under Titles XVIII and XIX of the Social Security Act, or by persons or agencies employed by or contracted with the county agency or the public health nursing agency of the local board of health.

(e) The adult foster care rate shall be considered a difficulty of care payment and shall not include room and board.

(f) Personal care services may be provided by a personal care provider organization. A county agency may contract with a relative of the client to provide personal care services, but must ensure nursing supervision. Covered personal care services defined in section 256B.0627, subdivision 4, must meet applicable standards in Minnesota Rules, part 9505.0335.

(g) Costs for supplies and equipment that exceed \$150 per item per month must have prior approval from the commissioner.

(h) For the purposes of this section, "assisted living" refers to supportive services provided by a single vendor to two or more alternative care grant clients who reside in the same apartment building of ten or more units. These services may include care coordination, the costs of preparing one or more nutritionally balanced meals per day, general oversight, and other supportive services which the vendor is licensed to provide according to sections 144A.43 to 144A.49, and which would otherwise be available to individual alternative care grant clients. Reimbursement from the lead agency shall be made to the vendor as a monthly capitated rate negotiated with the county agency. The capitated rate shall not exceed the state share of the average monthly medical assistance nursing facility payment rate of the case mix resident class to which the 180-day eligible client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059. The capitated rate may not cover rent and direct food costs. A person's eligibility to reside in the building must not be contingent on the person's acceptance or use of the assisted living services. Assisted living services as defined in this section shall not be authorized in boarding and lodging establishments licensed according to sections 157.01 to 157.031.

(i) For purposes of this section, companion services are defined as nonmedical care, supervision and oversight, provided to a functionally impaired adult. Companions may assist the individual with such tasks as meal preparation, laundry and shopping, but do not perform these activities as discrete services. The provision of companion services does not entail hands-on medical care. Providers may also perform light housekeeping tasks which are incidental to the care and supervision of the recipient. This service must be approved by the case manager as part of the care plan. Companion services must be provided by individuals or nonprofit organizations who are under contract with the local agency to provide the service. Any person related to the waiver recipient by blood, marriage or adoption cannot be reimbursed under this service. Persons providing companion services will be monitored by the case manager.

(j) For purposes of this section, training for direct informal caregivers is defined as a classroom or home course of instruction which may include: transfer and lifting skills, nutrition, personal and physical cares, home safety in a home environment, stress reduction and management, behavioral management, long-term care decision making, care coordination and family dynamics. The training is provided to an informal unpaid caregiver of a 180-day eligible client which enables the caregiver to deliver care in a home setting with high levels of quality. The training must be approved by the case manager as part of the individual care plan. Individuals, agencies, and educational facilities which provide caregiver training and education will be monitored by the case manager.

Subd. 6. [ALTERNATIVE CARE PROGRAM ADMINISTRATION.] The alternative care program is administered by the county

agency. This agency is the lead agency responsible for the local administration of the alternative care program as described in this section. However, it may contract with the public health nursing service to be the lead agency.

Subd. 7. [CASE MANAGEMENT.] The lead agency shall appoint a social worker from the county agency or a registered nurse from the county public health nursing service of the local board of health to be the case manager for any person receiving services funded by the alternative care program. The case manager must ensure the health and safety of the individual client and is responsible for the cost effectiveness of the alternative care individual care plan.

Subd. 8. [REQUIREMENTS FOR INDIVIDUAL CARE PLAN.] The case manager shall implement the plan of care for each 180-day eligible client and ensure that a client's service needs and eligibility are reassessed at least every six months. The plan shall include any services prescribed by the individual's attending physician as necessary to allow the individual to remain in a community setting. In developing the individual's care plan, the case manager should include the use of volunteers from families and neighbors, religious organizations, social clubs, and civic and service organizations to support the formal home care services. The county shall be held harmless for damages or injuries sustained through the use of volunteers under this subdivision including workers' compensation liability. The lead agency shall provide documentation to the commissioner verifying that the individual's alternative care is not available at that time through any other public assistance or service program. The lead agency shall provide documentation in each individual's plan of care and to the commissioner that the most cost-effective alternatives available have been offered to the individual and that the individual was free to choose among available qualified providers, both public and private.

Subd. 9. [CONTRACTING PROVISIONS FOR PROVIDERS.] The lead agency shall document to the commissioner that the agency made reasonable efforts to inform potential providers of the anticipated need for services under the alternative care program, including a minimum of 14 days' written advance notice of the opportunity to be selected as a service provider and an annual public meeting with providers to explain and review the criteria for selection. The lead agency shall also document to the commissioner that the agency allowed potential providers an opportunity to be selected to contract with the county agency. Funds reimbursed to counties under this subdivision are subject to audit by the commissioner for fiscal and utilization control.

The lead agency must select providers for contracts or agreements using the following criteria and other criteria established by the county:

- (1) the need for the particular services offered by the provider;
- (2) the population to be served, including the number of clients, the length of time services will be provided, and the medical condition of clients;
- (3) the geographic area to be served;
- (4) quality assurance methods, including appropriate licensure, certification, or standards, and supervision of employees when needed;
- (5) rates for each service and unit of service exclusive of county administrative costs;
- (6) evaluation of services previously delivered by the provider; and
- (7) contract or agreement conditions, including billing requirements, cancellation, and indemnification.

The county must evaluate its own agency services under the criteria established for other providers. The county shall provide a written statement of the reasons for not selecting providers.

Subd. 10. [ALLOCATION FORMULA.] (a) The alternative care appropriation for fiscal years 1992 and beyond shall cover only 180-day eligible clients.

(b) Prior to July 1 of each year, the commissioner shall allocate to county agencies the state funds available for alternative care for persons eligible under subdivision 2. The allocation for fiscal year 1992 shall be calculated using a base that is adjusted to exclude the medical assistance share of alternative care expenditures. The adjusted base is calculated by multiplying each county's allocation for fiscal year 1991 by the percentage of county alternative care expenditures for 180-day eligible clients. The percentage is determined based on expenditures for services rendered in fiscal year 1989 or calendar year 1989, whichever is greater.

(c) If the county expenditures for 180-day eligible clients are 95 percent or more of its adjusted base allocation, the allocation for the next fiscal year is 100 percent of the adjusted base, plus inflation to the extent that inflation is included in the state budget.

(d) If the county expenditures for 180-day eligible clients are less than 95 percent of its adjusted base allocation, the allocation for the next fiscal year is the adjusted base allocation less the amount of unspent funds below the 95 percent level.

(e) For fiscal year 1992 only, a county may receive an increased allocation if annualized service costs for the month of May 1991 for 180-day eligible clients are greater than the allocation otherwise determined. A county may apply for this increase by reporting projected expenditures for May to the commissioner by June 1, 1991. The amount of the allocation may exceed the amount calculated in paragraph (b). The projected expenditures for May must be based on actual 180-day eligible client caseload and the individual cost of clients' care plans. If a county does not report its expenditures for May, the amount in paragraph (c) or (d) shall be used.

(f) Calculations for paragraphs (c) and (d) are to be made as follows: for each county, the determination of expenditures shall be based on payments for services rendered from April 1 through March 31 in the base year, to the extent that claims have been submitted by June 1 of that year.

Subd. 11. [TARGETED FUNDING.] (a) The purpose of targeted funding is to make additional money available to counties with the greatest need. Targeted funds are not intended to be distributed equitably among all counties, but rather, allocated to those with long-term care strategies that meet state goals.

(b) The funds available for targeted funding shall be the total appropriation for each fiscal year minus county allocations determined under subdivision 10 as adjusted for any inflation increases provided in appropriations for the biennium.

(c) The commissioner shall allocate targeted funds to counties that demonstrate to the satisfaction of the commissioner that they have developed feasible plans to increase alternative care grant spending. In making targeted funding allocations, the commissioner shall use the following priorities:

(1) counties that received a lower allocation in fiscal year 1991 than in fiscal year 1990. Counties remain in this priority until they have been restored to their fiscal year 1990 level plus inflation;

(2) counties that sustain a base allocation reduction for failure to spend 95 percent of the allocation if they demonstrate that the base reduction should be restored;

(3) counties that propose projects to divert community residents from nursing home placement or convert nursing home residents to community living; and

(4) counties that can otherwise justify program growth by demonstrating the existence of waiting lists, demographically justified needs, or other unmet needs.

(d) Counties that would receive targeted funds according to paragraph (c) must demonstrate to the commissioner's satisfaction that the funds would be appropriately spent by showing how the funds would be used to further the state's alternative care goals as described in subdivision 1, and that the county has the administrative and service delivery capability to use them.

(e) The commissioner shall request applications by June 1 each year, for county agencies to apply for targeted funds. The counties selected for targeted funds shall be notified of the amount of their additional funding by August 1 of each year. Targeted funds allocated to a county agency in one year shall be treated as part of the county's base allocation for that year in determining allocations for subsequent years. No reallocations between counties shall be made.

(f) The allocation for each year after fiscal year 1992 shall be determined using the previous fiscal year's allocation, including any targeted funds, as the base and then applying the criteria under subdivision 10, paragraphs (c), (d), and (f), to the current year's expenditures.

Subd. 12. [CLIENT PREMIUMS.] (a) A premium is required for all 180-day eligible clients to help pay for the cost of participating in the program.

(b) The county agency must collect the premium from the client and forward the amounts collected to the commissioner in the manner and at the times prescribed by the commissioner. Money collected must be deposited in the general fund and is appropriated to the commissioner for the alternative care program. The client must supply the county with the client's social security number at the time of application. If a client fails or refuses to pay the premium due, the county shall supply the commissioner with the client's social security number and other information the commissioner requires to collect the premium from the client. The commissioner shall collect unpaid premiums using the revenue recapture act in chapter 270A and other methods available to the commissioner. The commissioner may require counties to inform clients of the collection procedures that may be used by the state if a premium is not paid.

(c) The commissioner shall establish a premium schedule ranging from \$25 to \$75 per month based on the client's income and assets. The schedule is not subject to chapter 14, but the commissioner shall publish the schedule and any later changes in the State Register and allow a period of 20 working days from the publication date for interested persons to comment before adopting the schedule in final form. The commissioner shall begin to adopt emergency or permanent rules governing client premiums within 30 days after the effective date of this section, including criteria for determining

when services to a client must be terminated due to failure to pay a premium. Emergency or permanent rules governing client premiums supersede any schedule adopted under the exemption from chapter 14 in this section.

Subd. 13. [COUNTY ALTERNATIVE CARE BIENNIAL PLAN.] The commissioner shall establish by rule, in accordance with chapter 14, procedures for the submittal and approval of a biennial county plan for the administration of the alternative care program and the coordination with other planning processes for the older adult. In addition to the procedures in rule, this county biennial plan shall also include:

(1) information on the administration of the preadmission screening program;

(2) information on the administration of the home and community-based services waivers for the elderly under section 256B.0915, and for the disabled under section 256.49;

(3) an application for targeted funds under subdivision 11; and

(4) an optional notice of intent to apply to participate in the long-term care projects under section 256B.0917.

Subd. 14. [REIMBURSEMENT AND RATE ADJUSTMENTS.] (a) Reimbursement for expenditures for the alternative care services shall be through the invoice processing procedures of the department's Medicaid management information system (MMIS), only with the approval of the client's case manager. To receive reimbursement, the county or vendor must submit invoices within 120 days following the month of service. The county agency and its vendors under contract shall not be reimbursed for services which exceed the county allocation.

(b) If a county collects less than 50 percent of the client premiums due under subdivision 12, the commissioner may withhold up to three percent of the county's final alternative care program allocation determined under subdivisions 10 and 11.

(c) Beginning July 1, 1991, the state will reimburse counties, up to the limits of state appropriations, according to the payment schedule in section 256.025 for the county share of costs incurred under this subdivision on or after January 1, 1991, for individuals who would be eligible for medical assistance within 180 days of admission to a nursing home.

(d) Annually on July 1, the commissioner must adjust the rates allowed for alternative care services by the forecasted percentage change in the Home Health Agency Market Basket of Operating

Costs, for the fiscal year beginning July 1, compared to the previous fiscal year, unless otherwise adjusted by statute. The Home Health Agency Market Basket of Operating Costs is published by Data Resources, Inc. The forecast to be used is the one published for the calendar quarter beginning January 1, six months prior to the beginning of the fiscal year for which rates are set.

Sec. 16. [256B.0915] [MEDICAID WAIVER FOR HOME AND COMMUNITY-BASED SERVICES.]

Subdivision 1. [AUTHORITY.] The commissioner is authorized to apply for a home and community-based services waiver for the elderly, authorized under section 1915(c) of the Social Security Act, in order to obtain federal financial participation to expand the availability of services for persons who are eligible for medical assistance. The commissioner may apply for additional waivers or pursue other federal financial participation which is advantageous to the state for funding home care services for the frail elderly who are eligible for medical assistance. The provision of waived services to medical assistance recipients must comply with the criteria approved in the waiver.

Subd. 2. [SPOUSAL IMPOVERISHMENT POLICIES.] The commissioner shall seek to amend the federal waiver and the medical assistance state plan to allow spousal impoverishment criteria as authorized in Code of Federal Regulations, title 42, section 435.726(1924), and as implemented in sections 256B.0575, 256B.058, and 256B.059 to be applied to persons who are screened and determined to need a nursing facility level of care.

Subd. 3. [LIMITS OF CASES, RATES, REIMBURSEMENT, AND FORECASTING.] (a) The number of medical assistance waiver recipients that a county may serve must be allocated according to the number of medical assistance waiver cases open on July 1 of each fiscal year. Additional recipients may be served with the approval of the commissioner.

(b) The monthly limit for the cost of waived services to an individual waiver client shall be the statewide average payment rate of the case mix resident class to which the waiver client would be assigned under medical assistance case mix reimbursement system. The statewide average payment rate is calculated by determining the statewide average monthly nursing home rate effective July 1 of the fiscal year in which the cost is incurred, less the statewide average monthly income of nursing home residents who are age 65 or older, and who are medical assistance recipients in the month of March of the previous state fiscal year. The following costs must be included in determining the total monthly costs for the waiver client:

(1) cost of all waived services, including extended medical supplies and equipment; and

(2) cost of skilled nursing, home health aide, and personal care services reimbursable by medical assistance.

(c) Medical assistance funding for skilled nursing services, home health aide, and personal care services for waiver recipients must be approved by the case manager and included in the individual care plan.

(d) Expenditures for extended medical supplies and equipment that cost over \$150 per month must have the commissioner's prior approval.

(e) Annually on July 1, the commissioner must adjust the rates allowed for services by the forecasted percentage change in the Home Health Agency Market Basket of Operating Costs, for the fiscal year beginning July 1, compared to the previous fiscal year, unless otherwise adjusted by statute. The Home Health Agency Market Basket of Operating Costs is published by Data Resources, Inc. The forecast to be used is the one published for the calendar quarter beginning January 1, six months prior to the beginning of the fiscal year for which rates are set.

(f) Reimbursement for the medical assistance recipients under the approved waiver shall be made from the medical assistance account through the invoice processing procedures of the department's Medicaid management information system (MMIS), only with the approval of the client's case manager. The budget for the state share of the Medicaid expenditures shall be forecasted with the medical assistance budget, and shall be consistent with the approved waiver.

(g) Beginning July 1, 1991, the state shall reimburse counties according to the payment schedule in section 256.025 for the county share of costs incurred under this subdivision on or after January 1, 1991, for individuals who are receiving medical assistance.

Sec. 17. [256B.0917] [SENIORS' AGENDA FOR INDEPENDENT LIVING (SAIL) PROJECTS FOR A NEW LONG-TERM CARE STRATEGY.]

Subdivision 1. [PURPOSE, MISSION, GOALS, AND OBJECTIVES.] (a) The purpose of implementing seniors' agenda for independent living (SAIL) projects under this section is to demonstrate a new cooperative strategy for the long-term care system in the state of Minnesota.

The projects are part of the initial biennial plan for a 20-year strategy. The mission of the 20-year strategy is to create a new

community-based care paradigm for long-term care in Minnesota in order to maximize independence of the older adult population, and to ensure cost-effective use of financial and human resources. The goals for the 20-year strategy are to:

(1) achieve a broad awareness and use of low-cost home care and other residential alternatives to nursing homes;

(2) develop a statewide system of information and assistance to enable easy access to long-term care services;

(3) develop sufficient alternatives to nursing homes to serve the increased number of people needing long-term care;

(4) maintain the moratorium on new construction of nursing home beds and to lower the percentage of elderly served in institutional settings; and

(5) build a community-based approach and community commitment to delivering long-term care services for elderly persons in their homes.

(b) The objective for the fiscal years 1992 and 1993 biennial plan is to implement at least four but not more than six projects in anticipation of a statewide program. These projects will begin the process of implementing: (1) a coordinated planning and administrative process; (2) a refocused function of the preadmission screening program; (3) the development of additional home, community, and residential alternatives to nursing homes; (4) a program to support the informal caregivers for elderly persons; (5) programs to strengthen the use of volunteers; and (6) programs to support the building of community commitment to provide long-term care for elderly persons.

This is done in conjunction with an expanded role of the interagency long-term care planning committee as described in section 144A.31. The services offered through these projects will be available to those who have their own funds to pay for services, as well as to persons who are eligible for medical assistance and to persons who are 180-day eligible clients to the extent authorized in this section.
