#### HOUSE RESOLUTION NO. 7

A House resolution stating the sense of the House that the governments of the United States and the Socialist Republic of Vietnam take all possible action to determine the fate of persons missing in action and/or held as prisoners of war in Asian nations.

*Whereas*, on the 27th of January 1987, 14 years will have elapsed since the agreement to end American involvement in the war in Southeast Asia; and

*Whereas*, one of the conditions of that agreement was a provision for a return or an accounting of those persons who were missing in action and those persons who were prisoners of war; and

*Whereas*, the government of Vietnam has only provided information on a limited number of those still carried as unaccounted for, and this only through the pressure of determined families, concerned citizens, and very dedicated elected officials; and

*Whereas*, 2,421 Americans, including 44 Minnesotans, remain unaccounted for, with investigation of their status arrested by failure of the Socialist Republic of Vietnam and its allied governments to cooperate and assist; and

*Whereas*, there have been and continue to be live sightings and reports that some of these missing men are still alive in Southeast Asia; and

*Whereas*, the sorrow, anxiety, and frustration of the families and the citizens of the State of Minnesota for these men cannot be dispelled by either delay or neglect; and

*Whereas*, it is America's duty to ensure, through an authentic, comprehensive investigation, the return of Americans still within Southeast Asia and to account for Americans who have perished there; and

*Whereas*, Congress has established several task forces on American Prisoners and Missing in Southeast Asia that have held hearings to consider evidence relating to the status of the missing in Southeast Asia; and

*Whereas*, through these many hearings over the years, it has been resolved to not rule out the possibility that Americans remain alive in Asian nations; and

*Whereas*, many of those who have served on those committees and have knowledge resulting from the hearings have attempted to express their beliefs that there are Americans possibly still detained; and

*Whereas*, it is absolutely essential that the governments of the United States and the Socialist Republic of Vietnam act NOW to address this question of those missing Americans; *Now, Therefore,*

*Be It Resolved* by the House of Representatives of the State of Minnesota that the government of the United States should do all it can to answer the questions surrounding the status of the missing men, to secure the return of any living prisoners or missing men, and to secure the return of the remains of those that have died.

*Be It Further Resolved* that the Socialist Republic of Vietnam should immediately yield all information it has on the status of the missing especially since there is no reason for them to refuse to give this information other than a calculated effort to protract the agony of the families of the missing.

The motion prevailed and House Resolution No. 7 was adopted.

Haukoos moved that H. F. No. 90 be recalled from the Committee on Health and Human Services and be re-referred to the Committee on Judiciary. The motion prevailed.

Kelly moved that H. F. No. 142 be recalled from the Committee on Judiciary and be re-referred to the Committee on Transportation. The motion prevailed.

(1) Rule 1.6 is amended to read:

1.6 RULES TO APPLY TO COMMITTEE OF THE WHOLE. The Rules of the House shall be observed in the Committee of the Whole so far as may be applicable except that the previous question shall not be forced or speaking limited.

Upon demand of 15 members, the ~~ayes~~ yeas and nays shall be called, the question voted on, and the ~~ayes~~ yeas and nays recorded in the Journal of the House.

In the Committee of the Whole no amendment increasing the amount of any appropriation shall be passed without the ~~ayes~~ yeas and nays recorded in the Journal of the House.

A motion that the Committee arise shall always be in order and shall be decided without debate.

Upon the request of any member, a bill shall be excepted from the report of the Committee of the Whole. Only a motion to strike an amendment to the bill adopted in the Committee of the Whole or to amend the recommendation of the Committee of the Whole concerning the disposition of the bill shall be in order.

(2) Rule 1.9 is amended to read:

1.9 SPECIAL ORDERS. A bill may be made the Order of the Day for a special time and be placed upon a separate list known as "Special Orders."

The Committee on Rules and Legislative Administration may by committee report designate as a Special Order any bill which has had its second reading.

Any member may move to make a bill a Special Order by giving notice at least two legislative days in advance of and specifying the day on which he will so move. The notice shall include the number and title of the bill and the day and time certain for the Special Order. Only the member giving such notice, or another member

designated by him in writing to the Speaker, may make the motion for the Special Order. A two-thirds vote of the whole House on such motion is required to make a bill a Special Order.

The time set for the motion may not be extended, and failure to make the motion on the specified day forfeits the right to make the motion.

A motion to make a bill a Special Order, when made according to the procedures herein prescribed, shall be a privileged motion, shall take precedence over all other motions except a motion to adjourn or to set the time to adjourn and questions of personal privilege, and may be made at any time on the day designated in the notice. A three-fourths vote of the whole House is required to suspend the motion.

Any Special Order, or any part of it, may be continued or postponed by two-thirds vote of the whole House at the time of such Special Order; however, a Special Order designated by the Committee on Rules and Legislative Administration may be continued or postponed by a majority vote of the whole House at the time of such Special Order.

When the time arrives for the consideration of any Special Order, the House shall consider each bill upon the Special Order in the order in which it is listed. After consideration it shall immediately be read the third time and placed upon final passage.

The committee shall have ten calendar days thereafter in which to vote upon the bill requested. If the Committee fails to vote upon it within the ten days, the chief author may, at any time within five calendar days thereafter, present a written demand to the Speaker for its immediate return to the House. The demand shall be entered in the Journal for that day and shall constitute the demand of the House. The bill shall

then be considered to be in the possession of the House, given its second reading and placed at the foot of General Orders.

Such bill is subject to re-reference by a majority vote of the whole House. If the motion to re-refer is made on the day of the demand or within one legislative day thereafter, the motion shall take precedence over all other motions except privileged motions and shall be in order at any time.

The House may neither receive a committee report nor take other action, other than introduction and referral to committee, on any bill described in rule 5.7 or 5.9 until a budget resolution is adopted by the House as provided in this rule.

The Committee on Budget shall hold any hearings necessary to determine a limitation on state taxes and appropriations for the coming fiscal biennium. The Committee shall then introduce budget resolutions that set, as a single amount, the maximum limitation on taxes and appropriations for the fiscal biennium. The resolutions must be in the form of a House resolution and a House concurrent resolution. The limitation in the House resolution is effective, if adopted, until the House adopts a different limitation in a later

House resolution or until the House and Senate adopt a limitation in a concurrent resolution.

No bill or amendment, other than a conference committee report, may be considered by the House if, upon a point of order being raised, the speaker determines that its approval would raise taxes or appropriations above the limitation adopted in the budget resolution. To make this determination, the speaker may consider:

(a) whether the bill or amendment increases and decreases taxes or appropriations equally;

(b) the total amount of taxes or appropriations already law or in bills already passed by the legislature;

(c) whether the bill or amendment provides that costs incurred will be entirely offset by fees or other revenue; or

Not later than seven days after the Governor presents the last state revenue forecast during the regular legislative session, but in no case later than March 31, 1987, the Committee on Ways and Means shall report a budget resolution to the House for consideration. The budget resolution shall take the form of a House resolution that sets the maximum limitation on expenditures and taxes for the coming fiscal biennium for the general fund and an amount to be set aside as a budget reserve. The limitation is effective, if adopted, unless the House adopts a different limitation in a subsequent budget resolution.

No bill described in Rule 5.7 or 5.9 shall be given its second reading until the House has received a statement from the Committee on Ways and Means certifying that the major expenditure and tax bills are reconciled and do not exceed the limitation specified in the budget resolution for the general fund. Major expenditure and tax bills are: the education appropriation bill; the health and human services appropriation bill; the state departments appropriation bill; the agriculture, transportation, and semi-state appropriation bill; the education finance bill; the agriculture finance bill; and the omnibus tax bill. However, a bill may be given its second reading by special authorization of the Committee on Ways and Means or by majority vote of the whole House. A special authorization may be reported by an oral notice to the House from the Chairman of the

Committee on Ways and Means or his designee stating that the fiscal impact of a bill will be accounted for in the reconciliation statement.

The Committee on Appropriations and the Committee on Taxes, upon recommending passage of any bill described in Rule 5.7 or 5.9, shall provide to the Committee on Ways and Means a fiscal statement on the bill.

After the House has received a reconciliation statement from the Committee on Ways and Means, the House shall not give a second reading to any bill described in Rule 5.7 or 5.9 other than the major expenditure and tax bills. However, a bill may be given its second reading after the House has received from the Committee on Ways and Means a statement certifying that the fiscal impact of the bill is within the guidelines of the budget resolution, or after authorization by majority vote of the whole House. The statement of the Committee on Ways and Means may be reported orally by the Chairman of the Committee on Ways and Means or his designee.

## PERMANENT RULES OF THE HOUSE

### ARTICLE I - DAILY BUSINESS

1.1 CONVENING OF THE HOUSE. Unless otherwise ordered, regular sessions of the House shall convene at two o'clock p.m. The Speaker shall take the chair at the hour at which the House convenes and the House shall then be called to order. After prayer by the Chaplain or a brief meditation, a roll of members shall be called and the names of members present and members excused shall be entered in the Journal of the House.

1.2 READING OF THE JOURNAL. A quorum being present, the Journal of the preceding day shall be read by the Chief Clerk unless otherwise ordered. The House may correct any errors in the Journal of the preceding day.

1.3 ORDER OF BUSINESS. After the reading of the Journal, the order of business of the day shall be:

- (1) Presentation of petitions or other communications.
- (2) Reports of standing committees.
- (3) Second reading of House bills.

- (4) Second reading of Senate bills.
- (5) Reports of select committees.
- (6) Introduction and first reading of House bills.
- (7) Consideration of messages from the Senate.
- (8) First reading of Senate bills.
- (9) Consent Calendar.
- (10) Calendar for the day.
- (11) General Orders.
- (12) Motions and resolutions.

Conference committees and the Committee on Rules and Legislative Administration may report at any time.

1.4 SECOND READING OF BILLS. Every bill shall require a second reading.

Except as otherwise ordered, every bill requiring the approval of the Governor shall, after a second reading, be considered in a Committee of the Whole before it shall be finally acted upon by the House.

1.5 COMMITTEE OF THE WHOLE. The Committee of the Whole is a committee of the entire membership of the House. The Speaker may appoint another member as chairman to preside over the Committee of the Whole.

When the House arrives at the General Orders of the Day, it shall resolve itself into a Committee of the Whole to consider bills on General Orders.

A bill considered in the Committee of the Whole shall be reported and then debated by sections, with the title considered last. All amendments shall be typewritten and five copies shall be submitted to the Chairman who shall report them to the House.

1.6 RULES TO APPLY TO COMMITTEE OF THE WHOLE. The Rules of the House shall be observed in the Committee of the Whole so far as may be applicable except that the previous question shall not be forced or speaking limited.

Upon demand of 15 members, the yeas and nays shall be called, the question voted on, and the yeas and nays recorded in the Journal of the House.

In the Committee of the Whole no amendment increasing the amount of any appropriation shall be passed without the yeas and nays recorded in the Journal of the House.

A motion that the Committee arise shall always be in order and shall be decided without debate.

Upon the request of any member, a bill shall be excepted from the report of the Committee of the Whole. Only a motion to strike an amendment to the bill adopted in the Committee of the Whole or to amend the recommendation of the Committee of the Whole concerning the disposition of the bill shall be in order.

**1.7 GENERAL ORDERS OF THE DAY.** The Chief Clerk at the direction of the Speaker shall prepare the General Orders of the Day, which is a list of all bills which have not been made Special Orders or placed on the Consent Calendar, numbered according to their order at second reading. Unless otherwise ordered by a majority of the Committee, items on General Orders shall be taken up in numerical order.

The Chief Clerk shall see that a copy of each bill printed under the Rules or Orders of the House is placed in each member's file, which is to be kept at his desk in the chamber, at least 24 hours before the bill shall be considered in the Committee of the Whole. Under the first order of business each day, the Chief Clerk shall report to the House which bills he has placed in the files.

If a bill is progressed three times it shall be placed at the end of General Orders unless otherwise ordered by majority vote.

Except during the last five days in any year on which a bill may be passed, a bill amended in the Committee of the Whole shall not be given its third reading until it is engrossed and reproduced as amended.

**1.8 THIRD READING OF BILLS.** No amendment shall be received after the third reading without the unanimous consent of the House, except to fill blanks or to amend titles.

At any time prior to its passage any bill or resolution may be committed or recommitted by a majority vote of the whole House. If the committee, other than the Committee of the Whole, to which it was committed or recommitted reports an amendment on it, it shall again be given its second reading, considered in Committee of the Whole, given its third reading and placed upon its final passage.

**1.9 SPECIAL ORDERS.** A bill may be made the Order of the Day for a special time and be placed upon a separate list known as "Special Orders."

The Committee on Rules and Legislative Administration may by committee report designate as a Special Order any bill which has had its second reading.

Any member may move to make a bill a Special Order by giving notice at least two legislative days in advance of and specifying the

day on which he will so move. The notice shall include the number and title of the bill and the day and time certain for the Special Order. Only the member giving such notice, or another member designated by him in writing to the Speaker, may make the motion for the Special Order. A two-thirds vote of the whole House on such motion is required to make a bill a Special Order.

The time set for the motion may not be extended, and failure to make the motion on the specified day forfeits the right to make the motion.

A motion to make a bill a Special Order, when made according to the procedures herein prescribed, shall be a privileged motion, shall take precedence over all other motions except a motion to adjourn or to set the time to adjourn and questions of personal privilege, and may be made at any time on the day designated in the notice. A three-fourths vote of the whole House is required to suspend the motion.

Any Special Order, or any part of it, may be continued or postponed by two-thirds vote of the whole House at the time of such Special Order; however, a Special Order designated by the Committee on Rules and Legislative Administration may be continued or postponed by a majority vote of the whole House at the time of such Special Order.

When the time arrives for the consideration of any Special Order, the House shall consider each bill upon the Special Order in the order in which it is listed. After consideration it shall immediately be read the third time and placed upon final passage.

**1.10 TAX AND APPROPRIATION BILLS GIVEN PRECEDENCE.** After adoption by the House of a budget resolution pursuant to Rule 5.10, any bill relating to taxes or raising revenue shall be acted upon whenever requested by the Chairman of the Committee on Taxes, and any appropriation bill shall be acted upon whenever requested by the Chairman of the Committee on Appropriations.

**1.11 CONSENT CALENDAR.** Any bill of a non-controversial nature for which the committee report recommends placement upon the Consent Calendar shall be given its second reading after the report is adopted and placed upon the Consent Calendar. The bill shall be printed and placed in the members' files at least one day before it can be considered. The bill shall be placed upon the Consent Calendar in the order in which it is given its second reading.

The Consent Calendar shall immediately precede the order of business known as "Calendar for the Day." Every bill on the Consent Calendar shall be debated, given its third reading and voted upon, provided, however, that at any time prior to third reading, ten members may object to any bill as being controversial. Any bill so

objected to shall be stricken from the Consent Calendar and be immediately returned to General Orders, taking its place in the usual order.

1.12 SUSPENSION OF RULES TO ADVANCE A BILL. Every bill shall be reported on three different days, except that in case of urgency, a two-thirds majority of the whole House may suspend this Rule. A motion for suspension of the Rules to advance a bill for consideration out of its regular order is in order under the order of business "Motions and Resolutions" or at any time the bill is before the House. The motion must be presented to the Speaker in writing and must state the present position of the bill.

1.13 MINORITY REPORTS. Any minority report shall be made separately from the majority report and shall be considered before the majority report. If the minority report is adopted the majority report shall not be considered. If the minority report is not adopted the majority report shall then be considered.

1.14 COMMITTEE REPORT LAID OVER. The report of any committee may be laid over one day and printed in the Journal, if so ordered by the House.

1.15 RECALLING BILL FROM COMMITTEE. Except after the deadline for committee reports on bills originating in the House, any bill or resolution may be recalled from any committee at any time by majority vote of the whole House, be given a second reading and be advanced to General Orders. A motion to recall a bill or resolution shall be in order only under the order of business "Motions and Resolutions."

1.16 TIME LIMIT FOR CONSIDERATION OF BILLS. If 20 legislative days after a bill has been referred to committee (other than a bill in Appropriations) no report has been made upon it by the committee, its chief author may request that it be returned to the House and the request shall be entered in the Journal for the day. The committee shall have ten calendar days thereafter in which to vote upon the bill requested. If the Committee fails to vote upon it within the ten days, the chief author may, at any time within five calendar days thereafter, present a written demand to the Speaker for its immediate return to the House. The demand shall be entered in the Journal for that day and shall constitute the demand of the House. The bill shall then be considered to be in the possession of the House, given its second reading and placed at the foot of General Orders.

Such bill is subject to re-reference by a majority vote of the whole House. If the motion to re-refer is made on the day of the demand or within one legislative day thereafter, the motion shall take precedence over all other motions except privileged motions and shall be in order at any time.

After Friday, May 8, 1987, the House shall not act on bills other than those recommended by conference committee reports or the Committee on Rules and Legislative Administration, and those bills contained in messages from the Senate or from the Governor.

1.17 DISPOSITION OF SENATE BILLS. Any Senate File received by the House, accompanied by a message announcing its passage by the Senate, shall be referred to the appropriate standing committee in accordance with Rule 5.4. However, if a Senate File is received which is stated by a member to be identical to a House File already reported by a standing committee of the House and placed on General Orders, Calendar, Consent Calendar, or Special Orders, the Senate File shall be referred to the Chief Clerk for comparison. If the Chief Clerk reports that the Senate File is identical with the House File, the Senate File may by majority vote be substituted for the House File and take its place. The fact that the bills are identical shall be entered in the Journal and the House File is then considered withdrawn.

Any Senate File which has been amended on the floor of the House, except at time of final passage, and any Senate File which has been reported to the House with amendments by a House standing committee, shall be unofficially engrossed and reprinted by the Chief Clerk. Amendments to unofficial engrossments of a Senate File may be offered by members on the floor of the House but shall not be offered in standing committees.

1.18 RECORDED FLOOR PROCEEDINGS. All proceedings on the floor of the House shall be recorded on magnetic tape or similar recording device under the direction of the Chief Clerk. Two copies of each tape shall be delivered to the Director of the Legislative Reference Library and there maintained on file for use by any member of the public in accordance with the rules of the Legislative Reference Library. At the end of each biennium, the Director of the Legislative Reference Library shall deliver one copy of each tape to the Director of the Minnesota Historical Society.

Any person may obtain a copy of any such tape during the biennium in which it is recorded upon payment of a fee determined by the Chief Clerk to be adequate to cover the cost of preparing the copy.

Discussion preserved under this rule is not intended to be admissible in any court or administrative proceeding on an issue of legislative intent.

## ARTICLE II - VOTING

2.1 AUTHORIZING ELECTRIC VOTING SYSTEM. Except for a vote upon elections or the overriding of a Governor's veto, any vote may

be taken by means of the electric voting system which shall be under the control of the Speaker of the House.

**2.2 CALL OF THE HOUSE.** Ten members may demand a call of the House at any time except after voting has commenced. When such call is demanded, the doors shall be closed, the roll shall be called, the absent members shall be sent for, and no member may be permitted to leave until the roll call is suspended or completed. During the roll call, no motion shall be in order except a motion pertaining to matters incidental to the call. Proceedings under the roll call may be suspended by a majority vote of the whole House. After the roll call is suspended or completed the Sergeant at Arms shall not permit any member to leave the Chamber unless excused by the Speaker. A call of the House may be lifted by a majority vote of the whole House.

**2.3 DEMANDING YEAS AND NAYS.** Yeas and nays shall be ordered without demand upon final passage of bills and upon adoption of resolutions or motions directing the payment of money. In all other cases the yeas and nays shall be ordered only upon demand of 15 members.

**2.4 EXPLAINING OR CHANGING VOTE.** No member shall be allowed to explain his vote or discuss the question while the yeas and nays are being taken, nor be allowed to change his vote after the yeas and nays have been announced from the chair by the Speaker.

**2.5 EVERY UNEXCUSED MEMBER TO VOTE.** Any member who is immediately interested in the question being voted on shall not vote.

Every other member present before a vote is declared from the chair shall vote for or against the matter before the House, unless the House excuses him from voting.

When a member declines to vote on a call of his name, he shall be required to state his reasons for so declining. After the vote has been taken but before the chair has announced the vote, he shall submit to the House the question, "Shall the member, for the reasons stated, be excused from voting?" which shall be decided without debate. Any other proceedings in reference thereto shall take place after announcement of the vote.

### ARTICLE III - MOTIONS AND AMENDMENTS

**3.1 MOTIONS.** No motion shall be debated until after it is stated by the Speaker.

After a motion has been stated by the Speaker it is in possession of the House, but the mover may withdraw it at any time before amendment or decision. Unless a motion, resolution or amendment

is withdrawn on the day it is made, it shall be entered in the Journal, together with the name of the member offering it.

The Speaker may require any motion to be written.

**3.2 PRECEDENCE OF MOTIONS.** When a question is under consideration, no motion shall be received except the following, the first four of which shall be decided without debate:

- (1) To fix the time of adjournment.
- (2) To adjourn.
- (3) To lay on the table.
- (4) For the previous question.
- (5) To refer.
- (6) To postpone to a day certain.
- (7) To amend.
- (8) To postpone indefinitely.
- (9) To pass.

The motions shall have precedence in the order listed. However, if the motion for the previous question has been seconded and the main question ordered, the motion to lay on the table shall not be in order.

**3.3 MOTION TO ADJOURN.** A motion to adjourn shall always be in order except during roll call.

When a motion to adjourn is made it shall be in order for the Speaker, before putting the question, to permit any member to state reasons which would seem to render adjournment improper at that time. Such a statement shall not be debatable and shall be limited to not over two minutes.

**3.4 MOTION FOR RECONSIDERATION.** When a question has been decided either in the affirmative or negative, it shall be in order for any member who voted with the prevailing side to move its reconsideration, provided that such motion is made either on the same day the vote was taken or within the following two days of actual session of the House. A motion for reconsideration can be made at any time in the Order of Business and shall take precedence over all other questions except the motion to adjourn and the notice of intention to move reconsideration. Such motion or notice shall not be in order if the document, bill, resolution, message, report or other official action on which the vote was taken shall have left the possession of the House.

When a member gives notice of intention to move reconsideration of the final action of the House on any bill, resolution, message, report or other official action, the Chief Clerk shall retain the same until after the matter is disposed of or the time has expired during which the motion for reconsideration can be made.

On the last day allowed for the motion to reconsider, it shall be in order for any member who voted on the prevailing side to make the motion, unless the matter has been already disposed of.

A motion for reconsideration having been voted upon and lost shall not be renewed.

In an odd-numbered year, notice of intention to move reconsideration shall not be in order after Monday, April 20.

**3.5 ORDER OF PUTTING QUESTION.** Except in the case of privileged questions, all questions, whether in committee or in the House, shall be put in the order in which they are moved. When filling blanks, a motion for the largest sum or the longest time shall be put first.

**3.6 DIVISION OF A QUESTION.** Any member may request the division of a question which contains several points. A motion to strike out and insert shall not be divisible. If a motion to strike out is lost it shall not preclude another motion to amend or to strike out and insert.

**3.7 THE PREVIOUS QUESTION.** The motion calling for the previous question must be seconded by 15 members. If the motion for the previous question is ordered by a majority of members present, it shall have the effect of cutting off all debate and bringing the House to direct vote upon the question or questions.

The previous question may be moved and ordered upon a single motion, a series of motions allowable under the Rules, or an amendment or amendments; or it may include all authorized motions or amendments, including a vote on final passage of a bill.

On a motion for the previous question, but prior to its being ordered, a call of the House shall be in order. After a majority has ordered the previous question, no call shall be in order prior to the decision on the main question.

When the previous question is decided in the negative, the main question remains under debate until disposed of by taking a vote either on the question or in some other manner.

All incidental questions of order arising after a motion is made for the previous question and prior to the vote on the main question shall be decided without debate.

**3.8 UNANIMOUS CONSENT TO MAKE A MOTION.** Whenever unanimous consent to make a motion is requested by a member, the member as a part of such request shall state briefly the purpose of such motion and the subject matter involved.

3.9 MOTIONS AND PROPOSITIONS TO BE GERMANE. No motion or proposition on a subject different from that under consideration shall be admitted under guise of its being an amendment.

3.10 AMENDMENT NOT TO ANNEX ANOTHER BILL. Except in a standing committee no bill or resolution shall at any time be amended by annexing or incorporating any other bill or resolution.

3.11 RESOLUTIONS AND MOTIONS INVOLVING EXPENDITURE OF MONEY. Any resolution or motion involving the expenditure of money out of the legislative expense fund shall be referred to the Committee on Rules and Legislative Administration before being acted upon by the House. A majority vote of the whole House, determined by a roll call, is required to pass any such resolution or motion.

3.12 AMENDMENTS TO APPROPRIATION AND TAX BILLS. No amendment increasing an appropriation and no amendment increasing a tax shall be declared passed until voted for by a majority of the whole House determined by a roll call vote.

3.13 MOTION TO LAY ON THE TABLE. A motion to lay on the table shall not be in order on a motion to amend, except that a motion to amend the Rules may be tabled.

3.14 MOTION TO RESCIND. The motion to rescind shall not be in order at any time in any proceeding in the House or in any committee of the House.

3.15 SUSPENSION OR AMENDMENT OF THE RULES. The concurrence of two-thirds of the whole House is required to suspend, alter, or amend any Rule of the House, except that any amendment to the Rules reported by the Committee on Rules and Legislative Administration may be adopted by a majority of the whole House.

Except as provided in Rule 1.12, a motion to suspend, alter, or amend any Rule of the House must be made under the order of business "Motions and Resolutions." If the motion is made at any other time, unanimous consent is required before the Speaker can entertain the motion.

A motion to suspend the Rules, together with the subject matter to which it pertains, is debatable, but the previous question may be applied to the motion.

#### ARTICLE IV - DEBATE AND DECORUM

4.1 ABSENCE OF MEMBERS AND OFFICERS. Unless illness or other sufficient cause prevents attendance, no member or officer of the

House shall absent himself from any session of the House without first having obtained from the Speaker permission to be absent.

4.2 DUTIES OF MEMBERS. Members shall keep their seats until the Speaker announces adjournment.

Every member, before speaking, shall rise from his seat and respectfully address the Speaker and shall not speak further until recognized by the Speaker. When two or more members rise at the same time, the Speaker shall designate the member to speak first.

4.3 QUESTIONS OF ORDER. If any member of the House transgresses the Rules, either in speaking or in any other way, the Speaker shall, or any member may, call him to order. A member so called to order shall immediately sit down unless another member moves to permit him to explain. In either case, the House, if appealed to, shall decide without debate. Only if the decision is in favor of the member called to order shall he be at liberty to proceed. A member called to order shall be liable to censure or such other punishment as the House may deem proper.

4.4 ORDER IN DEBATE. No member shall speak more than twice on the same subject without leave of the House, nor more than once until every other member wishing to speak on the pending question has had an opportunity to do so.

4.5 NOTICE OF INTENTION TO DEBATE A RESOLUTION. Any member may give notice of his intention to debate a resolution. Such notice may be given at any time before the vote is taken on the resolution. If such notice is given, the resolution shall be laid over one day without debate or any other action.

4.6 OFFENSIVE WORDS IN DEBATE. If any member is called to order for offensive words in debate, the member calling him to order shall report the words to which exception is taken and the Clerk shall record them. No member shall be held to answer or be subject to censure of the House for any language used in debate if exception is not taken before any other member has spoken or any other business has taken place.

4.7 ORDER DURING SESSION. No member shall walk out of or across the Chamber when the Speaker is putting the question. No member shall engage in private conversation while another member is speaking or pass between the speaking member and the Chair.

4.8 NO ONE TO REMAIN BY THE CHIEF CLERK'S DESK. No member or other person shall remain by the Chief Clerk's desk while the yeas and nays are being called.

4.9 WHO MAY BE ADMITTED TO THE FLOOR. No person shall be admitted within the House Chamber, except members themselves, properly authorized employees, the Chief Executive and ex-governors of the State of Minnesota, members of the Senate, heads of departments of the state government, judges of the Supreme and District Courts, members of Congress, properly accredited representatives of radio and television stations, newspapers and press associations, as herein provided for, and none other. When a former member of Congress or the Minnesota Legislature or any other person is issued a permit by the Speaker good for the day he shall be provided with a seat near the Speaker's rostrum, and at no time shall a conversation be carried on so as to disturb the business of the House. Before issuing the permit, the Speaker shall satisfy himself that the person does not seek the floor of the House for the purpose of influencing decisions of the House.

The alcoves shall be kept for the use of members only, and the Sergeant at Arms shall keep them cleared.

It shall not be in order for the Speaker to entertain a request for the suspension of this Rule, or to present from the Chair the request of any member for unanimous consent unless an extraordinary condition exists, in which event he may consent to entertain a motion for its suspension.

During the period extending from one hour prior to the time the House is scheduled to convene until one hour after the House adjourns for the day, the retiring room shall be reserved for the exclusive use of the members and employees of the House or Senators specifically authorized to be present by a House member. No committee meetings shall be held therein except for emergency meetings authorized by the Speaker of the House. The Sergeant at Arms is charged with the duty of strict enforcement of this provision.

4.10 PRESENTATION OF PETITIONS. Any petition, memorial or other paper presented to the House shall include the name of the member introducing it and a brief description of its contents and shall be presented by the Speaker, who shall state briefly its contents.

4.11 NO SMOKING IN HOUSE CHAMBER. No member of the House of Representatives or officer of the House, or other person, shall be permitted to smoke in the House Chamber except in designated smoking areas, confined only to the front desk and the legislative retiring room. There shall be no smoking in the visitors' section of the galleries.

#### ARTICLE V - BILLS

5.1 BILL AND RESOLUTION FORM. No bill or resolution shall be introduced until it has been examined and approved by the Revisor

of Statutes as to form and compliance with the Joint Rules of the House and Senate and the Rules of the House. Approval as to form shall be endorsed on the bill or resolution by the Revisor of Statutes.

**5.2 INTRODUCTION OF BILLS AND RESOLUTIONS.** A bill, advisory bill or resolution offered for introduction shall be placed in the hands of the Speaker at least 24 hours prior to the convening of the daily session. Every bill, advisory bill and resolution shall be introduced in quadruplicate and each copy shall contain the signature of the member or name of the committee introducing it. No bill, advisory bill, memorial or resolution shall have more than five authors. A statement of facts being forwarded for action to a governmental official, agency, or body or other similar proposal is a memorial and shall be introduced in the same form as a bill and take the same course as a bill. No resolution shall authorize the expenditure of monies from any source other than the legislative expense fund.

**5.3 ADVISORY BILLS.** An advisory bill may be introduced by any member in the same manner as a bill except that the requirements of Rule 5.1 shall not apply.

Each advisory bill shall be typewritten on a form provided by the Chief Clerk. It shall have a title not exceeding 12 words in length and shall contain a specific proposal for the initiation, termination or alteration of a law or program of the state or any of its subdivisions. It need not be drafted in a form appropriate for enactment into law.

An advisory bill may be considered only in committee and shall not be given a second reading or be otherwise considered by the House, except that the committee may report its recommendation for re-referral to another committee.

**5.4 FIRST READING AND REFERENCE OF BILLS.** Each bill, advisory bill and resolution shall be reported and given its first reading upon its introduction. No bill, advisory bill or resolution shall be objected to upon its introduction.

Except as provided in Rule 1.17 and Rule 5.5 each bill, advisory bill or resolution shall, after first reading, be referred by the Speaker to the appropriate standing committee.

Congratulatory resolutions are exempt from this rule and may be adopted by the Committee on Rules and Legislative Administration without further consideration by the House.

Except as otherwise provided in these Rules, after a bill, advisory bill or resolution has been referred by the Speaker, a majority vote of the whole House shall be required for a re-referral or recommittal of the bill, advisory bill or resolution by the House.

5.5 COMMITTEE BILLS. A committee bill shall be read for the first time and may be referred by the Speaker to any standing committee. If it is not so referred, it shall be laid over one day. It shall then be read for the second time and placed upon General Orders, or, if recommended by the Committee, upon the Consent Calendar.

5.6 PRINTING OF BILLS. Every bill shall be printed after it has been given its second reading. A bill may be printed at any other time a majority of the House so orders.

5.7 BILLS CARRYING AN APPROPRIATION. Any bill, whether originating in the House or Senate, carrying an appropriation, or which may involve any present or future financial obligation on the part of the State, after being reported to the House, shall be referred, or re-referred, as the case may be, to the Committee on Appropriations for action by that committee. Any committee, other than the Committee on Appropriations, to which such bill has been referred shall note in its report that the bill carries an appropriation.

5.8 BILLS AFFECTING STATE GOVERNMENT POWERS AND STRUCTURE. Any bill, whether originating in the House or the Senate, which creates any new department, agency, commission, board or bureau, or which substantially changes or alters the organization of or delegates emergency rulemaking authority to or exempts from rulemaking any department or agency thereof of state government, or substantially changes, alters, vests or divests official rights, powers, or duties of any official, department or agency of the state government or any institution under its control, after being reported to the House, shall be referred, or re-referred, as the case may be, to the Committee on Governmental Operations for action by that committee. Any committee other than the Committee on Governmental Operations to which such bill is referred shall, in its report, recommend re-referral to the Committee on Governmental Operations.

5.9 BILLS AFFECTING TAXES. Any bill whether originating in the House or Senate, which substantially affects state tax policy or the administration of state tax policy, after being reported to the House, shall be referred, or re-referred, as the case may be, to the Committee on Taxes for action by that committee. Any standing committee other than the Committee on Taxes to which such a bill is referred shall, in its report, recommend re-referral to the Committee on Taxes. The provisions of this rule, however, shall not apply to the Education Finance Bill.

5.10 WAYS AND MEANS COMMITTEE; RESOLUTION; EFFECT ON EXPENDITURES AND TAX BILLS. The Committee on Ways and Means shall hold hearings as necessary to determine state expenditures and taxes for the coming fiscal biennium. Not later than seven days after the Governor presents the last state revenue forecast during

the regular legislative session, but in no case later than March 31, 1987, the Committee on Ways and Means shall report a budget resolution to the House for consideration. The budget resolution shall take the form of a House resolution that sets the maximum limitation on expenditures and taxes for the coming fiscal biennium for the general fund and an amount to be set aside as a budget reserve. The limitation is effective, if adopted, unless the House adopts a different limitation in a subsequent budget resolution.

No bill described in Rule 5.7 or 5.9 shall be given its second reading until the House has received a statement from the Committee on Ways and Means certifying that the major expenditure and tax bills are reconciled and do not exceed the limitation specified in the budget resolution for the general fund. Major expenditure and tax bills are: the education appropriation bill; the health and human services appropriation bill; the state departments appropriation bill; the agriculture, transportation and semi-state appropriation bill; the education finance bill; the agriculture finance bill; and the omnibus tax bill. However, a bill may be given its second reading by special authorization of the Committee on Ways and Means or by majority vote of the whole House. A special authorization may be reported by an oral notice to the House from the Chairman of the Committee on Ways and Means or his designee stating that the fiscal impact of a bill will be accounted for in the reconciliation statement.

The Committee on Appropriations and the Committee on Taxes, upon recommending passage of any bill described in Rule 5.7 or 5.9, shall provide to the Committee on Ways and Means a fiscal statement on the bill.

After the House has received a reconciliation statement from the Committee on Ways and Means, the House shall not give a second reading to any bill described in Rule 5.7 or 5.9 other than the major expenditure and tax bills. However, a bill may be given its second reading after the House has received from the Committee on Ways and Means a statement certifying that the fiscal impact of the bill is within the guidelines of the budget resolution, or after authorization by majority vote of the whole House. The statement of the Committee on Ways and Means may be reported orally by the Chairman of the Committee on Ways and Means or his designee.

When a court sentences a person convicted of a felony, gross misdemeanor, or misdemeanor, other than a petty misdemeanor such as a traffic or parking violation, and if the sentence does not include payment of a fine, the court shall impose an assessment of not less than \$25 nor more than \$50. This section applies whether or not the person is sentenced to imprisonment and when the sentence is suspended. The court may, ~~upon a showing of indigency or undue hardship upon the convicted person or the person's immediate family, not~~ waive payment or authorize payment of the assessment or surcharge in installments unless it makes written findings on the record that the convicted person is indigent or that the assessment or surcharge would create undue hardship for the convicted person or that person's immediate family; ~~however, if the court waives payment or authorizes payment in installments, it shall state in writing on the record the reasons for its action.~~

The court shall collect and forward to the commissioner of finance the total amount of the assessment or surcharge and the commissioner shall credit all money so forwarded to a crime victim and witness account, which is established as a special account in the state treasury.

(3) loss of income greater than \$50 that the victim would have earned had the victim not been injured; and

(4) reasonable expenses incurred for substitute child care or household services to replace those the victim would have performed had the victim not been injured. The owner may sell and convey the homestead without subjecting it, or the proceeds of such sale for the period of one year after sale, to any judgment or debt from which it was exempt in the owner's hands except that the proceeds of the sale shall not be exempt from a judgment or debt for a court ordered child support or maintenance obligation in arrears. The owner may remove therefrom without affecting such exemption, if the owner does not thereby abandon the same as the place of abode. If the owner shall cease to occupy such homestead for more than six consecutive months the owner shall be deemed to have abandoned the same unless, within such period, the owner shall file with the county recorder of the county in which it is situated a notice, executed, witnessed, and acknowledged as in the case of a deed, describing the premises and claiming the same as the owner's homestead. In no case shall the exemption continue more than five years after such filing, unless during some part of the term the premises shall have been occupied as the actual dwelling place of the debtor or the debtor's family.

Sec. 8. Minnesota Statutes 1986, section 518.171, subdivision 1, is amended to read:

Subdivision 1. [ORDER.] Unless the obligee has comparable or better group dependent health insurance coverage available at a

If the court finds that dependent health or dental insurance is not available to the obligor on a group basis or through an employer or union, or that the group insurer is not accessible to the obligee, the court may require the obligor to obtain dependent health or dental insurance, or to be liable for reasonable and necessary medical or dental expenses of the child.

If the court finds that the dependent health or dental insurance required to be obtained by the obligor does not pay all the reasonable and necessary medical or dental expenses of the child or that the dependent health or dental insurance available to the obligee does not pay all the reasonable and necessary medical or dental expenses of the child and the court finds that the obligor has the financial ability to contribute to the payment of these medical or dental expenses, the court shall require the obligor to be liable for all or a portion of the medical or dental expenses of the child not covered by the required health or dental plan.

Sec. 9. Minnesota Statutes 1986, section 518.24, is amended to read:

518.24 [SECURITY; SEQUESTRATION; CONTEMPT.]

Subdivision 1. [PAYMENT TO PUBLIC AGENCY.]

The court shall direct that all payments ordered for maintenance and support be made to the public agency responsible for child support enforcement so long as the obligee is receiving or has

applied for public assistance, or has applied for child support and maintenance collection services. Amounts received by the public agency responsible for child support enforcement greater than the amount granted to the obligee shall be remitted to the obligee.

Sec. 11. Minnesota Statutes 1986, section 518.611, subdivision 1, is amended to read:

Subdivision 1. [ORDER.] Whenever an obligation for support of a dependent child or maintenance of a spouse, or both, is determined and ordered by a court of this state, that court shall order the withholding of the amount of child support or maintenance as determined by court order, shall be withheld from the income, regardless of source, of the person obligated to pay the support or maintenance. When an order for withholding has not previously been secured, the obligee may or the public agency responsible for child support enforcement shall move the court, and the court shall grant the order. Every order for maintenance or support shall include the obligor's social security number and the name and address of the obligor's employer or other payor of funds.

Sec. 12. Minnesota Statutes 1986, section 518.611, subdivision 3, is amended to read:

Subd. 3. [WITHHOLDING HEARING.] Within 45 days from the date of the notice given under subdivision 2, the court shall hold the hearing on the motion under subdivision 2 and notify the parties of its decision. At the hearing to deny withholding, if the court finds that there was no mistake of fact, the court shall order income withholding to begin no later than the first pay period that occurs after 14 days following the date of the hearing. If the court finds that an arrearage of at least 30 days existed as of the date of the notice of income withholding, but finds a mistake in the amount of arrearage, the court shall order income withholding, but it shall correct the amount of arrearage to be withheld under subdivision 2, paragraph (b) (c).

Sec. 13. Minnesota Statutes 1986, section 518.611, subdivision 4, is amended to read:

Subd. 4. [EFFECT OF ORDER.] Notwithstanding any law to the contrary, the order is binding on the employer, trustee, or other payor of the funds when service under subdivision 2 has been made. Withholding must begin no later than the first pay period that occurs after 14 days following the date of the notice. An employer or other payor of funds in this state is required to withhold income according to court orders for withholding issued by other states or territories. The payor shall withhold from the income payable to the obligor the amount specified in the order and amounts required under subdivision 2, paragraph (b) and section 17 and shall remit, within ten days of the date the obligor is paid the remainder of the

income, the amounts withheld to the public authority. Employers may combine all amounts withheld from one pay period into one payment to each public authority, but shall separately identify each obligor making payment. Amounts received by the public authority which are in excess of public assistance expended for the party or for a child shall be remitted to the party. An employer shall not discharge, or refuse to hire, or otherwise discipline an employee as a result of a wage or salary withholding authorized by this section. The employer or other payor of funds shall be liable to the obligee for any amounts required to be withheld.

Sec. 14. Minnesota Statutes 1986, section 518.611, subdivision 6, is amended to read:

Subd. 6. [PRIORITY.] An order for withholding under this section or execution or garnishment upon a judgment for child support arrearages or preadjudicated expenses shall have priority over an attachment, execution, garnishment, or wage assignment and shall not be subject to the statutory limitations on amounts levied against the income of the obligor. Amounts withheld from an employee's income must not exceed the maximum permitted under the Consumer Credit Protection Act, United States Code, title 15, section 1673(b)(2). If there is more than one withholding order on a single employee, the employer shall put them into effect, giving priority first to amounts currently due and not in arrears and then to other amounts, in the sequence in which the withholding orders were received up to the maximum allowed in the Consumer Credit Protection Act. Notwithstanding any law to the contrary, no funds from income sources included in section 518.54, subdivision 6, whether periodic or lump sum, shall be exempt from attachment or execution upon a judgment for child support arrearages.

Sec. 15. Minnesota Statutes 1986, section 518.611, subdivision 8, is amended to read:

Subd. 8. [EMPLOYER OR PAYOR AND OBLIGOR NOTICE.] When an individual is hired for employment, the employer shall request that the individual disclose whether or not the individual has court-ordered child support obligations that are required by law to be withheld from income and the terms of the court order, if any. The individual shall disclose this information at the time of hiring. When an individual discloses that the individual owes child support that is required to be withheld, the employer shall begin withholding according to the terms of the order and under this section. When a withholding order is in effect and the obligor's employment is terminated or the periodic payment terminates, the obligor and the obligor's employer or the payor of funds shall notify the public agency responsible for child support enforcement of the termination within 30 ten days of the termination date. The notice shall include the obligor's home address and the name and address of the obligor's new employer or payor of funds, if known. Information disclosed

under this section shall not be divulged except to the extent necessary for the administration of the child support enforcement program or when otherwise authorized by law.

Sec. 17. [518.613] [AUTOMATIC WITHHOLDING.]

Notwithstanding any provisions of chapter 518 to the contrary, any county may, by resolution adopted by a majority vote of its county board, require the withholding of child support from an obligor's income pursuant to this section. On and after August 1, 1987, whenever an obligation for support of a dependent child or maintenance is initially determined and ordered or modified by the court in any county which has chosen to comply with this section, the amount of child support or maintenance ordered by the court shall be withheld from the income, regardless of source, of the person obligated to pay the support. For purposes of this section "modified" does not mean a cost-of-living adjustment without any other modification of the support order. Every order for child support shall include the obligor's social security number and the name and address of the obligor's employer or other payor of funds. Upon entry of the order for support or maintenance the court shall mail a copy of the court's order and the provisions of section 518.611 to the obligor's employer or other payor of funds and to the public agency responsible for child support enforcement. An obligee who is not a recipient of public assistance shall apply for the collection services of the public authority when an order for support is entered. The employer or other payor shall withhold and forward the child support or maintenance ordered in the manner and within the time limits provided in section 518.611, subdivisions 4, 6, 7, 8, and 10. Amounts received from employers or other payors pursuant to this section by the public agency responsible for child support enforcement which are in excess of any public assistance received by the obligee shall be remitted to the obligee. A county which chooses to comply with this section may contract for services to carry out the provisions of this section.

Sec. 18. [INSTRUCTION TO REVISOR.]

In the next edition of Minnesota Statutes, the revisor of statutes shall substitute in chapter 257 the term "biological" when referring to a parent, mother, or father for the term "natural."

In addition, by June 30, 1989, the commissioner must complete a feasibility study to determine the best method of preserving, protecting, maintaining, and providing access to Niagara Cave, including:

(2) the need for protection of the Niagara Cave resource;

H. F. No. 420, A bill for an act relating to utilities; regulating certain intrastate gas pipelines; amending Minnesota Statutes 1986, section 216B.08.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

"Section 1. [216B.045] [REGULATION OF INTRASTATE PIPELINES.]

Subdivision 1. [DEFINITION.] For purposes of this section, "intrastate pipeline" means a pipeline that is located wholly within the state and that transports or delivers natural gas received from another person at a point inside or at the border of the state to a point within the state to another, so long as all of the natural gas is consumed within the state. This section does not apply to a public utility that owns or operates intrastate pipeline facilities. Intrastate

pipeline facilities owned or operated by a public utility must be treated for regulatory purposes as part of the public utility's plant.

Subd. 2. [REASONABLE RATES.] Rates charged by and contracts relating to gas sales and transportation by intrastate pipelines must be just and reasonable. No intrastate pipeline shall provide its services in a manner that unreasonably discriminates among customers receiving like and contemporaneous services.

Subd. 3. [SERVICE.] An intrastate pipeline shall offer transportation services by contract on an open-access, nondiscriminatory basis. To the extent the intrastate pipeline has available capacity, the pipeline must provide both firm and interruptible transportation on behalf of any shipper. If physical facilities are needed to establish service to a customer, the customer may provide those facilities or the pipeline may provide the facilities for a reasonable and compensatory charge.

Subd. 4. [CONTRACTS; COMMISSION APPROVAL.] Contracts establishing the rates for, terms of, and conditions of service and facilities provided by intrastate pipelines must be filed with the commission. The commission is vested with the power to approve the contracts and to regulate the types and quality of services provided by intrastate pipelines. Approval of a contract for an intrastate pipeline to provide service to a public utility does not constitute a determination by the commission that the prices actually paid by the public utility under that contract are reasonable or prudent, nor does approval constitute a determination that purchases of gas made or deliveries of gas taken by the public utility under that contract are reasonable or prudent.

Subd. 5. [COMPLAINT.] (a) A customer of an intrastate pipeline, a person seeking to become a customer of an intrastate pipeline, the department of public service, or the commission on its own motion, may bring a complaint regarding the rates, contracts, terms, conditions, and types of service provided or proposed to be provided by an intrastate pipeline, including a complaint that an intrastate pipeline service that can reasonably be demanded is not offered by the intrastate pipeline.

(b) If a complaint is made that involves the question of whether an intrastate pipeline has capacity available, the commission shall make a determination, after a hearing, of the available capacity but shall not impair the intrastate pipeline's contractual obligations to provide firm transportation service.

(c) If a complaint is made concerning the use of available capacity by one or more new customers of an intrastate pipeline, the commission shall determine, after a hearing, the reasonable use of the available capacity by the new customers.

(d) The commission shall not require an intrastate pipeline to expand its available capacity, but may require the pipeline to maintain a reasonable quality of service. The commission may dismiss a complaint without a hearing if in its opinion a hearing is not in the public interest. Complaints brought under this subdivision are governed by section 216B.17, subdivisions 2 to 7.

Subd. 6. [APPLICABILITY.] This section and sections 216B.10, subdivisions 1 and 4; 216B.12; and 216B.13 apply to intrastate pipelines.

Subd. 7. [NATURAL GAS SUPPLY EMERGENCY.] The commission may declare a natural gas supply emergency if it finds that a severe natural gas shortage, endangering the health or safety of the citizens of the state, exists or is imminent in the state. If the commission declares that a natural gas supply emergency exists, it may by order suspend any sales and transportation contracts of an intrastate pipeline for the duration of the emergency, and may by order direct the intrastate pipeline to furnish the transportation services that are required by the public interest for the duration of the emergency. The intrastate pipeline must be compensated for its services furnished under an emergency order, and the commission shall determine the just and reasonable compensation for the intrastate pipeline's transportation services that are required to be provided during the emergency.

Sec. 2. [EFFECTIVE DATE.]

Section 1 is effective the day following final enactment."

Amend the title as follows:

Page 1, delete lines 3 and 4, and insert "gas pipelines; proposing coding for new law in Minnesota Statutes, chapter 216B."

(1) evaluate, monitor, and license home care providers in accordance with sections 5 to 8 and 14;

(2) inspect the office and records of a provider during regular business hours, provided that when conducting routine office visits

or inspections, the commissioner shall provide at least 48 hours' advance notice to the home care provider;

(3) with the consent of the consumer, visit the home where services are being provided;

(4) issue correction orders and assess civil penalties in accordance with section 144.653, subdivisions 5 to 8;

(5) take other action reasonably required to accomplish the purposes of sections 2 to 8 and 14; and

(6) adopt rules governing home care providers. The rules adopted by the commissioner may include the following:

(a) provisions to assure, to the extent possible, the health, safety and well-being, and appropriate treatment of persons who receive home care services;

(b) requirements that home care providers furnish the commissioner specified information necessary to implement sections 2 to 8 and 14;

(c) standards of training of home care provider personnel, which may vary according to the nature of the services provided or the health status of the consumer;

(d) standards of supervision by a registered nurse of personnel providing home care services, which may vary according to the nature of the services provided or the health status of the consumer;

(e) requirements for the involvement of a consumer's physician, the documentation of physicians' orders and the consumer's treatment plan, and the maintenance of accurate, current clinical records;

(f) the establishment of different classes of licenses for different types of providers and different standards and requirements for different kinds of home care services; and

(g) operating procedures required to implement the home care bill of rights.

In the exercise of the authority granted in sections 2 to 8 and 14, the commissioner shall comply with the applicable requirements of section 144.122, the government data practices act, and the administrative procedure act.

Subd. 3. [ADVISORY TASK FORCE.] The commissioner of health shall establish and appoint a home care advisory task force consist-

ing of 15 members representing the various kinds of home care providers, including a hospice program, health care professionals, community health services agencies, and consumers. The appointment, removal, and compensation of members is as provided in section 15.059, subdivision 6. The task force shall provide advice and recommendations to the commissioner regarding the development of rules required by subdivision 2.

Sec. 6. [144A.46] [LICENSURE.]

Subdivision 1. [LICENSE REQUIRED.] (a) A home care provider may not operate in the state without a current license issued by the commissioner of health.

(b) Within ten days after receiving an application for a license, the commissioner shall acknowledge receipt of the application in writing. The acknowledgement must indicate whether the application appears to be complete or whether additional information is required before the application will be considered complete. Within 90 days after receiving a complete application, the commissioner shall either grant or deny the license. If an applicant is not granted or denied a license within 90 days after submitting a complete application, the license must be deemed granted. An applicant whose license has been deemed granted must provide written notice to the commissioner before providing a home care service.

Subd. 2. [EXEMPTIONS.] The following individuals are exempt from the requirement to obtain a home care provider license:

(1) a person who is licensed under sections 148.171 to 148.285 and who independently provides nursing services in the home without any contractual or employment relationship to a home care provider or other organization;

(2) a personal care assistant who provides services under the medical assistance program as authorized under section 256B.02, subdivision 8, paragraph (17), and section 15;

(3) a person who is registered under sections 148.65 to 148.78 and who independently provides physical therapy services in the home without any contractual or employment relationship to a home care provider or other organization;

(4) a person who provides services to a person with mental retardation under a program of semi-independent living services regulated by Minnesota Rules, parts 9525.0500 to 9525.0660; or

(5) a person who provides services to a person with mental retardation under contract with a county to provide home and community-based services that are reimbursed under the medical

assistance program, chapter 256B, and regulated by Minnesota Rules, parts 9525.1800 to 9525.1930.

An exemption under this subdivision does not excuse the individual from complying with applicable provisions of the home care bill of rights.

Subd. 3. [ENFORCEMENT.] The commissioner may refuse to grant or renew a license, or may suspend or revoke a license, for violation of statutes or rules relating to home care services or for conduct detrimental to the welfare of the consumer. Prior to any suspension, revocation, or refusal to renew a license, the home care provider shall be entitled to notice and a hearing as provided by sections 14.57 to 14.70. In addition to any other remedy provided by law, the commissioner may, without a prior contested case hearing, temporarily suspend a license or prohibit delivery of services by a provider for not more than 60 days if the commissioner determines that the health or safety of a consumer is in imminent danger, provided (1) advance notice is given to the provider; (2) after notice, the provider fails to correct the problem; (3) the commissioner has reason to believe that other administrative remedies are not likely to be effective; and (4) there is an opportunity for a contested case hearing within the 60 days. The process of suspending or revoking a license must include a plan for transferring affected clients to other providers.

Subd. 4. [RELATION TO OTHER REGULATORY PROGRAMS.] In the exercise of the authority granted under sections 2 to 8 and 14, the commissioner shall not duplicate or replace standards and requirements imposed under another state regulatory program. The commissioner shall not impose additional training or education requirements upon members of a licensed or registered occupation or profession, except as necessary to address or prevent problems that are unique to the delivery of services in the home or to enforce and protect the rights of consumers listed in section 4. For home care providers certified under the Medicare program, the state standards must not be inconsistent with the Medicare standards for Medicare services.

Subd. 5. [PRIOR CRIMINAL CONVICTIONS.] An applicant for a home care provider license shall disclose to the commissioner all criminal convictions of persons involved in the management, operation, or control of the provider. A home care provider shall require employees of the provider and applicants for employment to disclose all criminal convictions. No person may be employed by a home care provider or involved in the management, operation, or control of a provider, if the person has been convicted of a crime that relates to the provision of home care services or to the position, duties, or responsibilities undertaken by that person in the operation of the home care provider, unless the person can provide sufficient evidence of rehabilitation. The commissioner shall adopt rules for determin-

ing whether a crime relates to home care services and what constitutes sufficient evidence of rehabilitation. The rules must require consideration of the nature and seriousness of the crime; the relationship of the crime to the purposes of home care licensure and regulation; the relationship of the crime to the ability, capacity, and fitness required to perform the duties and discharge the responsibilities of the person's position; mitigating circumstances or social conditions surrounding the commission of the crime; the length of time elapsed since the crime was committed; the seriousness of the risk to the home care client's person or property; and other factors the commissioner considers appropriate.

Sec. 7. [144A.47] [INFORMATION AND REFERRAL SERVICES.]

The commissioner shall ensure that information and referral services relating to home care are available in all regions of the state. The commissioner shall collect and make available information about available home care services, sources of payment, providers, and the rights of consumers. The commissioner may require home care providers to provide information requested for the purposes of this section, including price information, as a condition of registration or licensure. Specific price information furnished by providers under this section is not public data and must not be released without the written permission of the agency. The commissioner may publish and make available:

- (1) general information and a summary of the range of prices of home care services in the state;
- (2) limitations on hours, availability of services, and eligibility for third-party payments, applicable to individual providers; and
- (3) other information the commissioner determines to be appropriate.

The director may require a complainant to pursue other remedies or channels of complaint open to the complainant before accepting or investigating the complaint.

The director shall keep written records of all complaints and any action upon them. After completing an investigation of a complaint, the director shall inform the complainant, the administrative agency having jurisdiction over the subject matter, the health care provider, the home care provider, and the health facility of the action taken.

Subd. 3. [RECOMMENDATIONS.] If, after duly considering a complaint and whatever material the director deems pertinent, the director determines that the complaint is valid, the director may recommend that an administrative agency, a health care provider, a home care provider, or a health facility should:

- (a) Modify or cancel the actions which gave rise to the complaint;
  - (b) Alter the practice, rule or decision which gave rise to the complaint;

If the director has reason to believe that an official or employee of an administrative agency, a home care provider, or health facility has acted in a manner warranting criminal or disciplinary proceedings, the director shall refer the matter to the state commissioner of health, the commissioner of human services, an appropriate prosecuting authority, or other appropriate agency.

Sec. 13. Minnesota Statutes 1986, section 144A.54, subdivision 1, is amended to read:

When publishing an opinion adverse to an administrative agency, a health care provider, a home care provider, or a health facility, the director shall include in the publication any statement of reasonable length made to the director by that agency, health care provider, home care provider, or health facility in defense or explanation of the action.

Sec. 14. [TEMPORARY PROCEDURES.]

For purposes of this section, "home care providers" shall mean the providers described in section 3, subdivision 4, including hospice programs described in section 8. Home care providers are exempt from the licensure requirement in section 6, subdivision 1, until 90 days after the effective date of the licensure rules. Beginning July 1, 1987, no home care provider, as defined in section 3, subdivision 4, except a provider exempt from licensure under section 6, subdivision 2, may provide home care services in this state without registering with the commissioner. A home care provider is registered with the commissioner when the commissioner has received in writing the provider's name; the name of its parent corporation or sponsoring organization, if any; the street address and telephone number of its principal place of business; the street address and telephone number of its principal place of business in Minnesota; the counties in Minnesota in which it may render services; the street address and telephone number of all other offices in Minnesota; and the name, educational background, and ten-year employment history of the person responsible for the management of the agency. A registration fee must be submitted with the application for registration. The fee must be established pursuant to section 144.122 and must be based on a consideration of the following factors: the number of clients served by the home care provider, the number of employees, the number of services offered, and annual revenues of the provider. The registration is effective until 90 days after licensure rules are effective. In order to maintain its registration and provide services in Minnesota, a home care provider must comply with section 4 and comply with requests for information under section 7. A registered home care provider is subject to sections 144A.51 to 144A.54. Registration under this section does not exempt a home care provider from the licensure and other requirements later adopted by the commissioner.

Within 90 days after the effective date of the licensure rules under section 5, the commissioner of health shall issue provisional licenses to all home care providers registered with the department as of that date. The provisional license shall be valid until superseded by a license issued under section 6 or for a period of one year, whichever is shorter. Applications for licensure as a home care provider received on or after the effective date of the home care licensure rules, shall be issued under section 6, subdivision 1.

H. F. No. 91, A bill for an act relating to utilities; enacting the Minnesota pipeline safety act; creating the office of pipeline safety and providing for its powers and duties; granting rulemaking authority to the environmental quality board; authorizing rulemaking for purposes of delegation of federal authority; creating the pipeline safety advisory commission; regulating the operation of certain pipelines; regulating excavations in the area of buried utilities; providing for a pipeline inspection fee; establishing the pipeline safety fund; requiring a study; providing penalties; appropriating money; amending Minnesota Statutes 1986, sections 116I.02, subdivisions 2 and 3; 216B.16, by adding a subdivision; and 299F.56, by adding a subdivision; proposing coding for new law in Minnesota Statutes, chapter 116I; proposing coding for new law as Minnesota Statutes, chapters 216C and 299J.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

### "PIPELINE ROUTING

Section 1. [116I.015] [ROUTING OF CERTAIN PIPELINES.]

Subdivision 1. [DEFINITION.] "Pipeline" for purposes of this section and notwithstanding section 116I.01, subdivision 3, has the meaning given it in section 23, subdivision 12.

Subd. 2. [PROHIBITION.] A person may not construct a pipeline without a pipeline routing permit issued by the environmental quality board unless the pipeline is exempted from the board's routing authority under this section or rules adopted under this

section. A pipeline requiring a permit may only be constructed on a route designated by the board.

Subd. 3. [RULES.] (a) The environmental quality board shall adopt rules governing the routing of pipelines. The rules shall apply only to the route of pipelines and may not set safety standards for the construction of pipelines.

(b) The rules must:

(1) require that a person proposing construction of a pipeline submit to the board one preferred route for the pipeline and evidence of consideration of alternatives;

(2) provide for notice of proposed pipeline routes to owners and lessees of property along the routes being considered;

(3) provide opportunity for public hearings on proposed pipeline routes;

(4) provide criteria that the board will use in determining pipeline routes, which must include the existence of populated areas, consideration of local government land use laws including ordinances adopted under section 26, and the impact of the proposed facility on the natural environment;

(5) provide a procedure that the board will follow in issuing pipeline routing permits and require the board to issue the permits within nine months after the permit application is received by the board, unless the board extends this deadline for cause;

(6) provide for the payment of fees by persons proposing to construct pipelines to cover the costs of the board in implementing this section;

(7) allow the board to provide exemptions from all or part of the pipeline routing permit application process in emergencies or if the board determines that the proposed pipeline will not have a significant impact on humans or the environment, and requiring exemption determinations to be made within 90 days after an application; and

(8) require that a person who has constructed a pipeline, to the extent possible, restore the area affected by the pipeline to the natural conditions that existed immediately before construction of the pipeline, provided that this restoration is compatible with the safe operation, maintenance, and inspection of the pipeline.

(c) The board's routing authority does not apply to temporary use of a route for purposes other than installation of a pipeline, to

securing survey or geological data, to repair or replacement of an existing pipeline within the existing right-of-way, or to minor relocation of less than three-quarters of a mile of an existing pipeline. The board's routing authority does not apply to construction of new pipeline in a right-of-way in which pipeline has been constructed before the effective date of this section or in a right-of-way that has been approved by the board after the effective date of this section, except when the board determines that there is a significant chance of an adverse effect on the environment or that there has been a significant change in land use or population density in or near the right-of-way since the first construction of pipeline in the right-of-way, or since the board first approved the right-of-way.

Subd. 4. [PRIMARY RESPONSIBILITY AND REGULATION OF ROUTE DESIGNATION, IMPROVEMENT AND USE.] The issuance of a pipeline routing permit under this section and subsequent purchase and use of the route locations is the only site approval required to be obtained by the person owning, constructing, or operating the pipeline. The pipeline routing permit supersedes and preempts all zoning, building, or land use rules, regulations, or ordinances promulgated by regional, county, local, and special purpose governments.

Sec. 2. Minnesota Statutes 1986, section 116I.02, subdivision 2, is amended to read:

Subd. 2. Any person proposing to construct or operate a pipeline for which a pipeline routing permit is not required under section 1, shall so notify the environmental quality board and the county board of each county through which the pipeline will be constructed. The notice shall include a description of the route on which the pipeline is proposed to be located, the size and type of pipeline to be constructed, the types of commodities to be carried and the construction and operational characteristics of the pipeline. The proposed route shall be described in sufficient detail so that the owners or lessees of property on which the route is located can be identified. Notice to the environmental quality board shall be accompanied by a fee of \$25,000 for preparation of an information book as provided in section 116I.03 and for expenses incurred by state agencies to participate in public meetings as provided in section 116I.04. All fees received are appropriated to the environmental quality board for its own use and for distribution to state agencies for these purposes. The environmental quality board shall refund any amount that exceeds the actual cost to the board of preparing the information book, including necessary revisions, and to state agencies for participating in the public meetings.

If the pipeline route described in the notice is changed to the extent that, in any county, 20 percent or more of the owners or lessees of property on which the new route is located were not owners or lessees of property on which the other route was located, the

person proposing to construct and operate the pipeline shall notify the environmental quality board and the county board of that county of the change in the proposed route. No additional fee shall be required for a notice of change of a proposed route.

Sec. 3. Minnesota Statutes 1986, section 116I.02, subdivision 3, is amended to read:

Subd. 3. ~~No~~ (a) If a pipeline routing permit is not required for construction of a pipeline under section 1, a person shall may not negotiate or acquire an easement or right-of-way agreement for the purpose of constructing and operating a pipeline until 30 days after:

(a) A (1) public meeting has been held as provided in section 116I.04 in the county in which the right-of-way in question is located; and

(b) (2) that person has provided to the owner or lessee from whom the easement or agreement is acquired a copy of the information book prepared pursuant to section 116I.03.

(b) If the original information book is revised pursuant to section 116I.03, each owner or lessee of property which the original route did not affect shall be provided with a copy of the revised book.

Sec. 4. Minnesota Statutes 1986, section 117.48, is amended to read:

117.48 [CRUDE OIL PIPELINE COMPANIES, EMINENT DOMAIN.]

The business of transporting crude petroleum, oil, their related products and derivatives including liquefied hydrocarbons, or natural gas by pipeline as a common carrier, is declared to be in the public interest and necessary to the public welfare, and the taking of private property therefor is declared to be for a public use and purpose. Any corporation or association qualified to do business in the state of Minnesota engaged in or preparing to engage in the business of transporting crude petroleum, oil, their related products and derivatives including liquefied hydrocarbons, or natural gas by pipeline as a common carrier, is authorized to acquire, for the purpose of such business, easements or rights of way, over, through, under or across any lands, not owned by the state or devoted to a public purpose for the construction, erection, laying, maintaining, operating, altering, repairing, renewing and removing in whole or in part, a pipeline for the transportation of crude petroleum, oil, their related products and derivatives including liquefied hydrocarbons, or natural gas. To such end it shall have and enjoy the right of eminent domain to be exercised in accordance with this chapter, and acts amendatory thereof, all of which provisions shall govern insofar as they may be applicable hereto. Nothing herein shall be construed

as authorizing the taking of any property owned by the state, or any municipal subdivision thereof, or the acquisition of any rights in public waters except after permit, lease, license or authorization issued pursuant to law.

Sec. 5. Minnesota Statutes 1986, section 117.49, is amended to read:

**117.49 [APPROVAL OF PROCEEDINGS BY COMMISSIONER OF NATURAL RESOURCES.]**

In the event that the right to exercise the power of eminent domain in accordance with this chapter, is granted by law to any person, corporation or association qualified to do business in the state of Minnesota engaged in or preparing to engage in the business of transporting crude petroleum, oil, their related products and derivatives including liquefied hydrocarbons, or natural gas by pipeline as a common carrier, the right shall not be exercised by such person, corporation, or association until the plans of the project for which the exercise of the power of eminent domain is proposed shall have first been submitted to and approved by the commissioner of natural resources. The plans shall be submitted in sufficient detail so that the commissioner can make a determination as to the impact that the proposed project will have on the environment. The commissioner of natural resources shall make a comprehensive review of such plans and make detailed comments on the effect that such project, if pursued, would have on the environment, including recommendations for changes or alterations, if any, that would be required before such project would be approved by the commissioner. Failure of the commissioner to approve or disapprove the plans so submitted within 90 days after submission shall be deemed approval of the plans and the power of eminent domain may thereupon be exercised for such project. This section does not apply to use of eminent domain in regard to a pipeline for which a routing permit is required by section 1.

Sec. 6. Minnesota Statutes 1986, section 216B.16, is amended by adding a subdivision to read:

Subd. 9a. [PIPELINE COSTS.] All costs of a public utility that are necessary to comply with state pipeline safety programs and pipeline routing requirements must be recognized and included by the commission in the determination of just and reasonable rates as if the costs were directly incurred by the utility in furnishing utility service.

**ONE CALL EXCAVATION NOTICE SYSTEM**

Sec. 7. [216C.01] [DEFINITIONS.]

Subdivision 1. [APPLICABILITY.] The definitions in this section apply to sections 7 to 13.

Subd. 2. [DAMAGE.] "Damage" means:

(1) the substantial weakening of structural or lateral support of an underground facility;

(2) penetration, impairment, or destruction of any underground protective coating, housing, or other protective device; or

(3) impact with or the partial or complete severance of any underground facility to the extent that the facility operator determines that repairs are required.

Subd. 3. [EMERGENCY.] "Emergency" means a condition that poses a clear and immediate danger to life or health, or a significant loss of property.

Subd. 4. [EMERGENCY RESPONDER.] "Emergency responder" means a fire department or company, a law enforcement official or office, an ambulance or other emergency rescue service, or the division of emergency services created by section 12.04, subdivision 1.

Subd. 5. [EXCAVATION.] "Excavation" means any operation by which rock, earth, or other material in or on the ground is moved, removed, compressed, or otherwise displaced by use of a motor, engine, hydraulic or pneumatically-powered tool, or machine-powered equipment of any kind, or by explosives. It includes demolition in the case of a structure with a foundation depth of two feet or more. It includes terracing, post hole digging, using a subsoiler or ripper, and similar farming operations, except as provided in this subdivision.

Excavation does not include plowing, cultivating, planting, harvesting, and similar operations in connection with growing crops, landscaping, or gardening, unless any of these activities disturbs the soil to a depth of 18 inches or more. It does not include the repair or installation of agricultural drainage tile, for which notice has been given as provided by section 1161.07, subdivision 2. It does not include the extraction of minerals, the opening of a grave in a cemetery, or normal maintenance of roads and streets if the maintenance does not change the original grade and does not involve the ditch.

Subd. 6. [EXCAVATOR.] "Excavator" means a person that conducts excavation in the state.

Subd. 7. [LOCAL GOVERNMENTAL UNIT.] “Local governmental unit” means a county, town, or statutory or home rule charter city.

Subd. 8. [NOTIFICATION CENTER.] “Notification center” means a single statewide center that receives notice from excavators of planned excavation and transmits this notice to participating operators.

Subd. 9. [OPERATOR.] “Operator” means a person who owns or operates an underground facility. However, operator does not include a person who is an owner or tenant of real property where underground facilities are located if the underground facilities are used exclusively to furnish services or commodities on that property.

Subd. 10. [PERSON.] “Person” means the state, a public agency, an individual, corporation, partnership, association, or other business or public entity or a trustee, receiver, assignee, or personal representative of any of them.

Subd. 11. [UNDERGROUND FACILITY.] “Underground facility” means an underground line, facility, system, and its appurtenances used to produce, store, convey, transmit, or distribute communication, data, electricity, power, heat, gas, oil, petroleum products, water including storm water, steam, sewage, and other similar substances.

**Sec. 8. [216C.02] [NOTICE TO EXCAVATORS AND UNDERGROUND FACILITY OPERATORS.]**

Subdivision 1. [DISPLAY AND DISTRIBUTION.] Local governmental units that issue permits for an activity involving excavation must continuously display an excavator’s and operator’s notice at the location where permits are applied for and obtained. A copy of the notice and a copy of sections 9 to 13 must be furnished to each person obtaining a permit for excavation.

Subd. 2. [FORM.] The notification center must prescribe an excavator’s and operator’s notice. The notice must inform excavators and operators of their obligations to comply with sections 9 to 13. The center must furnish to local governmental units:

(1) a copy of the notice and sections 9 to 13 in a form suitable for photocopying;

(2) a copy of the display and distribution requirements under subdivision 1; and

(3) the telephone number and mailing address of the notification center.

Sec. 9. [216C.03] [NOTIFICATION CENTER.]

Subdivision 1. [PARTICIPATION.] An operator must participate in and share in the costs of one statewide notification center operated by a vendor selected under subdivision 2.

Subd. 2. [ESTABLISHMENT OF NOTIFICATION CENTER.] The center shall be organized as a nonprofit corporation governed by a board of directors consisting of 20 members. Nineteen of the members must represent and be elected by operators, excavators, and other persons who participate in the notification center. The remaining member must be the director of the office of pipeline safety. By January 1, 1988, the board shall, with input from all interested parties, determine the operating procedures and technology needed for a single statewide notification center. The board shall select a vendor to provide the statewide notification service for all operators. The vendor must be selected through a competitive bidding process similar to the process described in section 16B.09, subdivision 1, after advertising in a manner similar to that provided in section 16B.07, subdivision 3. An operator may submit a bid and may be selected as the vendor. The notification center must begin operating by June 1, 1988.

Subd. 3. [NOTICE TO LOCAL GOVERNMENTAL UNITS.] The notification center must provide local governmental units with a master list, by county, of the operators in the county who are participants in the notification center, and the telephone number and mailing address of the notification center.

Sec. 10. [216C.04] [EXCAVATION.]

Subdivision 1. [NOTICE OF EXCAVATION REQUIRED; CONTENTS.] (a) Except in an emergency, an excavator must contact the notification center and provide an excavation notice at least 48 hours before beginning any excavation, excluding Saturdays, Sundays, and holidays. An excavation begins, for purposes of this requirement, the first time excavation occurs in an area that was not previously identified by the excavators in an excavation notice.

(b) The excavation notice may be oral or written, and must contain the following information:

- (1) the name of the individual providing the excavation notice;
- (2) the precise location of the proposed area of excavation;
- (3) the name, address, and telephone number of the excavator or excavator's company;
- (4) the excavator's field telephone number, if one is available;

- (5) the type and the extent of the proposed excavation work;
- (6) whether or not the discharging of explosives is anticipated; and
- (7) the date and time when excavation is to commence.

Subd. 2. [DUTIES OF NOTIFICATION CENTER.] The notification center must assign an inquiry identification number to each excavation notice and retain a record of all excavation notices received for at least six years. The center must immediately transmit the information contained in an excavation notice to every operator that has an underground facility in the area of the proposed excavation.

Subd. 3. [LOCATING UNDERGROUND FACILITIES.] (a) An operator must, within 48 hours after receiving an excavation notice from the center, excluding Saturdays, Sundays, and holidays, unless otherwise agreed to between the excavator and operator, locate and mark or otherwise provide the approximate horizontal location of the underground facilities of the operator, without cost to the excavator. The excavator must determine the precise location of the underground facility, without damage, before excavating within two feet of the marked location of the underground facility.

(b) For the purpose of this section, the approximate horizontal location of the underground facilities is a strip of land two feet on either side of the underground facilities.

(c) Markers used to designate the approximate location of underground facilities must follow the color code standard used by the American Public Works Association.

(d) If the operator cannot complete marking of the excavation area before the excavation commencement time stated in the excavation notice, the operator must promptly contact the excavator. If the excavator postpones the excavation commencement time stated in the excavation notice by more than 48 hours, or cancels the excavation, the excavator must notify the notification center.

Sec. 11. [216C.05] [PRECAUTIONS TO AVOID DAMAGE.]

An excavator must:

(1) plan the excavation to avoid damage to and minimize interference with underground facilities in and near the construction area;

(2) maintain a clearance between an underground facility and the cutting edge or point of any mechanized equipment, considering the known limit of control of the cutting edge or point to avoid damage to the facility;

(3) provide support for underground facilities in and near the construction area, including during backfill operations, to protect the facilities; and

(4) conduct the excavation in a careful and prudent manner.

Sec. 12. [216C.06] [DAMAGE TO FACILITIES.]

Subdivision 1. [NOTICE; REPAIRS.] (a) If any damage occurs to an underground facility or its protective covering, the excavator must notify the operator as soon as reasonably possible. When the operator receives a damage notice, the operator must promptly dispatch personnel to the damage area to investigate. If the damage endangers life, health, or property, the excavator responsible for the work must take immediate action to protect the public and property and to minimize the hazard until arrival of the operator's personnel or until emergency responders have arrived and taken charge of the damaged area.

(b) An excavator must delay backfilling in the immediate area of the damaged underground facilities until the damage has been investigated by the operator, unless the operator authorizes otherwise. The repair of damage must be performed by the operator or by qualified personnel authorized by the operator.

(c) An excavator who knowingly damages an underground facility, and who does not notify the operator as soon as reasonably possible or who backfills in violation of paragraph (b), is guilty of a misdemeanor.

Subd. 2. [COST REIMBURSEMENT.] (a) If an excavator damages an underground facility, the excavator must reimburse the operator for all costs of necessary repairs, including lost product costs.

(b) Reimbursement is not required if the damage to the underground facility was caused by the sole negligence of the operator or the operator failed to comply with section 10, subdivision 3.

Subd. 3. [PRIMA FACIE EVIDENCE OF NEGLIGENCE.] It is prima facie evidence of the excavator's negligence in a civil court action if damage to the underground facilities of an operator resulted from excavation, and the excavator failed to give an excavation notice under section 10 or provide support as required by section 11.

Sec. 13. [216C.07] [EFFECT ON LOCAL ORDINANCES.]

(a) Sections 7 to 13 do not affect or impair local ordinances, charters, or other provisions of law requiring permits to be obtained before excavating.

(b) A person with a permit for excavation from the state or a public agency is subject to sections 7 to 13. The state or public agency that issued a permit for excavation is not liable for the actions of an excavator who fails to comply with sections 7 to 13.

### INTRASTATE GAS PIPELINE SAFETY

Sec. 14. Minnesota Statutes 1986, section 299F.56, is amended by adding a subdivision to read:

Subd. 7. "Commissioner" means the commissioner of public safety, acting through the office of pipeline safety.

Sec. 15. Minnesota Statutes 1986, section 299F.57, is amended to read:

#### 299F.57 [MINIMUM SAFETY STANDARDS.]

Subdivision 1. The state fire marshal commissioner shall, by order, establish minimum safety standards for the transportation of gas and pipeline facilities. Such standards may apply to the design, installation, inspection, testing, construction, extension, operation, replacement and maintenance of pipeline facilities. Standards affecting the design, installation, construction, initial inspection and initial testing shall not be applicable to pipeline facilities in existence on the date such standards are adopted. Such safety standards shall be practicable and designed to meet the need for pipeline safety. In prescribing such standards, the state fire marshal commissioner shall consider:

- (a) relevant available pipeline safety data;
- (b) whether such standards are appropriate for the particular type of pipeline transportation;
- (c) the reasonableness of any proposed standards;
- (d) the extent to which any such standards will contribute to public safety; and
- (e) the existing standards established by the Secretary of Transportation of the United States pursuant to the Natural Gas Pipeline Safety Act of 1968 of the United States.

Provided, however, that the state fire marshal commissioner shall not be empowered to adopt any such standards as to the transportation of gas or to pipeline facilities which are subject to the jurisdiction of the Federal Power Commission under the Natural Gas Act of the United States, except as provided in sections 22 to 39.

Subd. 2. Any standards prescribed under this section, and amendments thereto, shall become effective 30 days after the date of issuance of such standards unless the state fire marshal commissioner, for good cause recited, determines an earlier or later effective date is required as the result of the period reasonably necessary for compliance.

Subd. 3. The rulemaking, contested case and judicial review provisions of chapter 14, shall apply to all orders establishing, amending, revoking, or waiving compliance with, any standard established under sections 299F.56 to 299F.64 ~~or any penalty imposed under sections 299F.56 to 299F.64~~. The state fire marshal commissioner shall afford interested persons an opportunity to participate fully in the establishment of such safety standards through submission of written data, views or arguments, with opportunity to present oral testimony and argument.

Subd. 4. The state fire marshal commissioner, on finding a particular facility to be hazardous to life or property, shall be empowered to require the person operating such facility to take such steps necessary to remove such hazards.

Subd. 5. Upon application by any person engaged in the transportation of gas or the operation of pipeline facilities, the state fire marshal commissioner may, after notice and opportunity for hearing and under such terms and conditions and to such extent as the state fire marshal commissioner deems appropriate, waive in whole or in part compliance with any standards established under sections 299F.56 to 299F.64, on determining that a waiver of compliance with such standard is not inconsistent with gas pipeline safety. The state fire marshal commissioner shall state the reasons for any such waiver.

Sec. 16. Minnesota Statutes 1986, section 299F.58, is amended to read:

#### 299F.58 [CERTIFICATIONS AND REPORTS.]

The state fire marshal commissioner is authorized to make such certifications and reports to the United States Secretary of Transportation as may be required from time to time under the Natural Gas Pipeline Safety Act of 1968 of the United States.

Sec. 17. Minnesota Statutes 1986, section 299F.60, is amended to read:

#### 299F.60 [CIVIL PENALTIES.]

Subdivision 1. Any person who violates any provision of sections 299F.56 to 299F.64, or any rule issued thereunder, shall be subject to

a civil penalty in an amount to be imposed determined by the state fire marshal court not to exceed ~~\$1,000~~ \$10,000 for each such violation for each day that such the violation persists, except that the maximum civil penalty shall not exceed \$200,000 for any related series of violations.

Subd. 2. The ~~state fire marshal~~ commissioner may negotiate a compromise settlement of a civil penalty. In determining the amount of ~~such the~~ penalty, or the amount of the compromise settlement, the ~~state fire marshal commissioner or the court~~ shall consider the appropriateness of ~~such the~~ penalty to the size of the business of the person charged, the gravity of the violation, and the good faith of the person charged in attempting to achieve compliance, after notification of a violation. The contested case and judicial review provisions of chapter 14 shall apply to all orders of the state fire marshal imposing any penalty under sections 299F.56 to 299F.64 or under any rule promulgated thereunder. The penalty may be recovered by an action brought in the district court of Ramsey county or in the county of the defendant's residence. The amount of such the penalty, when finally determined, may be deducted from any sums owing by the state of Minnesota to the person charged.

Subd. 3. No person shall be subjected to civil penalties under both sections 299F.56 to 299F.64 and under Public Law Number 90-481, Statutes at Large, volume 82, page 720, 90th Congress, S. 1166, approved August 12, 1968, for conduct which may give rise to a violation of both acts.

Whenever practicable, the ~~state fire marshal~~ commissioner shall give notice to any person against whom an action for injunctive relief is contemplated and afford the person an opportunity to present views, and, except in the case of a knowing and willful violation, shall afford the person reasonable opportunity to achieve compliance. However, the failure to give such notice and

afford such opportunity shall not preclude the granting of appropriate relief.

Subd. 2. Actions under sections 299F.56 to 299F.64 shall ~~may~~ be brought in the any district court in the state of Minnesota wherein the defendant's principal place of business is located, and process in such cases may be served in any other district in the state of Minnesota where the defendant may be found or of which the defendant is an inhabitant or transacts business.

Sec. 19. Minnesota Statutes 1986, section 299F.62, is amended to read:

On finding that such plan is inadequate to achieve safe operation, the ~~state fire marshal~~ commissioner shall, after notice and opportunity for a hearing, require such plan to be revised. The plan required by the ~~state fire marshal~~ commissioner shall be practicable and designed to meet the need for pipeline safety. In determining the adequacy of any such plan, the ~~state fire marshal~~ commissioner shall consider the following:

- (a) relevant available pipeline safety data;
- (b) whether the plan is appropriate for the particular type of pipeline transportation;

299F.63 [RECORDS AND REPORTS; INSPECTIONS; TRADE SECRETS.]

Subdivision 1. Each person who engages in the transportation of gas or who owns or operates pipeline facilities shall establish and maintain such records, make such reports, and provide such information as the ~~state fire marshal~~ commissioner may reasonably require to determine whether such person has acted or is acting in compliance with sections 299F.56 to 299F.64 and the standards

established under sections 299F.56 to 299F.64. Each such person shall, upon request of an officer, employee, or agent authorized by the state fire marshal commissioner, permit such officer, employee, or agent to inspect books, papers, records and documents relevant to determining whether such person has acted or is acting in compliance with sections 299F.56 to 299F.64 and the standards established pursuant to sections 299F.56 to 299F.64. Each such inspection shall be commenced and completed with reasonable promptness.

Subd. 2. In the course of the exercise of duties and responsibilities under sections 299F.56 to 299F.64, the state fire marshal commissioner shall wherever practicable employ a practice of spot checking and issuance of certificates of compliance, with respect to persons subject to sections 299F.56 to 299F.64, to limit costs of enforcement of the safety standards established pursuant to sections 299F.56 to 299F.64.

Subd. 3. All information reported to or otherwise obtained by the state fire marshal commissioner or a representative, which contains or relates to a trade secret, as referred to in section 1905 of title 18 of the United States Code, or otherwise constitutes a trade secret under law, shall be considered confidential for the purpose of such laws, except that such information and is private or nonpublic data as defined in section 13.02. Sec. 21. Minnesota Statutes 1986, section 299F.64, is amended to read:

#### 299F.64 [FEDERAL MONEYS.]

The state fire marshal commissioner may accept any and all moneys provided for or made available to this state by the United States of America or any department or agency thereof with respect to prescribing, setting, and enforcing rules and safety standards for

the transportation of natural and other gas by pipelines in accordance with the provisions of federal law and any rules or regulations promulgated thereunder and the state fire marshal commissioner is further authorized to do any and all things, not contrary to the laws of this state, required of this state by such federal law and the rules and regulations promulgated thereunder in order to obtain such federal moneys.

## OFFICE OF PIPELINE SAFETY

### Sec. 22. [299J.01] [LEGISLATIVE FINDINGS AND PURPOSE.]

The legislature finds that the pipelines in the state carrying hazardous liquids and gas present a hidden danger in that they are used to carry highly explosive material but are subject to only minimal safety regulation by the state. The legislature further finds that the regulation of these pipelines by the United States has proved inadequate to prevent injury and death to state residents.

The legislature therefore finds that a broad range of regulatory measures is necessary to protect the health and safety of Minnesotans living near pipelines carrying hazardous liquids and gas. It is the intent of the legislature in enacting sections 22 to 39 to create a comprehensive regulatory program to the extent allowed by federal law. The commissioner of public safety through the office of pipeline safety, shall exercise safety regulatory and enforcement authority over intrastate pipelines carrying hazardous liquids and gas. The commissioner shall, to the extent authorized by agreement between the office of pipeline safety and the United States Secretary of Transportation, act as agent for the United States Secretary of Transportation to implement the federal Hazardous Liquid Pipeline Safety Act (United States Code, title 49, section 2001 et seq.) the federal Natural Gas Pipeline Safety Act (United States Code, title 49, section 1671 et seq.) and federal pipeline safety regulations with respect to interstate pipelines located within this state, as necessary to obtain annual federal certification.

Sec. 25. [299J.04] [DUTIES OF THE OFFICE OF PIPELINE SAFETY.]

Subdivision 1. [GENERAL DUTIES.] The commissioner shall:

(1) promote the use of the 911 emergency telephone system as an appropriate method for the public to notify emergency responders of an emergency release;

(2) provide training on a regular basis to all potentially affected local governmental units in pipeline incident contingency planning and emergency response by itself or in cooperation with pipeline operators, other state offices, or local governmental units;

(3) require local governmental units to work with pipeline operators to provide a program of continuing public education on the subject of pipeline operation and safety;

(4) monitor and gather information on the development of reliable pipeline technologies capable of detecting and geographically locating pipeline releases, use the information gathered in the development of rules as provided in this section, and report to the legislature every two years in the manner provided by section 3.195 on the activities of the office under this clause;

(5) maintain a comprehensive data base on the underlying causes of all pipeline releases, which must be based on annual reports from all pipeline operators;

(6) inspect, as necessary, any record, map, or written procedure required by sections 22 to 39 to be kept by a pipeline operator concerning the reporting of releases, and the design, construction, testing, or operation and maintenance of pipelines; and

(7) adopt rules to implement sections 22 to 39. The rules must treat separately and distinguish between hazardous liquid and gas pipelines.

Subd. 2. [DELEGATED DUTIES.] The commissioner shall seek and accept federal designation of the office's pipeline inspectors as federal agents for the purposes of enforcement of the federal Hazardous Liquid Pipeline Safety Act, United States Code, title 49, section 2001, et seq., the federal Natural Gas Pipeline Safety Act, United States Code, title 49, section 1671, et seq., and federal rules adopted to implement those acts. If the federal department of transportation delegates inspection authority to the state as provided in this subdivision, the commissioner shall do the following to carry out the delegated federal authority:

(i) inspect pipelines periodically at times determined by rules of the commissioner;

(ii) collect inspection fees; and

(iii) order and oversee the testing of pipelines as provided in rules adopted under this section to the extent permitted by the federal delegation.

Subd. 3. [RULEMAKING CONTINGENT ON FEDERAL AUTHORITY.] (a) The commissioner shall consider adoption of rules on subjects in this subdivision if federal law authorizes the state regulation. The rules must treat separately and distinguish between hazardous liquid and gas pipelines.

(b) The commissioner shall consider higher safety margin requirements for operating pressures on pipelines located in populated or environmentally sensitive areas.

(c) The commissioner shall consider having pipeline operators periodically submit comprehensive reports to the office on the condition of their pipelines, and requiring appropriate pipeline testing based on concerns identified in these reports. The testing requirements must apply more strictly to pipelines in populated or environmentally sensitive areas.

(d) The commissioner shall consider methods for pipeline operators to improve their ability to rapidly locate and isolate releases. The methods considered must include:

(1) remote control shutoff valves on all new pipelines, with the distance between the valves dependent on the type and density of development, the presence of environmentally sensitive areas, and the application of appropriate engineering standards;

(2) remotely monitored pressure gauges and flow meters installed at each pump station and remote valve location;

(3) specific emergency response procedures and training requirements for shutting down pumps; and

(4) use of reliable technology for detecting and geographically locating releases, and for shutting appropriate valves as rapidly as possible.

(e) The commissioner must consider standards for the manufacture of pipe used in pipelines, pipeline construction, and pipeline operation. Best available technology in pipe manufacture, pipeline construction, and pipeline reconstruction must be required and developed in consultation with the commissioner of labor and industry.

Subd. 4. [RELATION TO OTHER LAW.] Rules adopted to implement sections 22 to 39 must be consistent with sections 299F.56 to 299F.64 to the extent that the rules deal with pipelines governed by those sections.

Sec. 26. [299J.05] [PIPELINE SETBACK ORDINANCE.]

(a) The commissioner shall adopt a model ordinance under chapter 14 requiring a setback from pipelines in areas where residential or other development is allowed. The model ordinance must apply only to new development and not to development that has occurred, or for which development permits have been issued, before the ordinance becomes effective.

(b) If a county or other local governmental unit fails to adopt a pipeline setback ordinance within two years after the effective date of the rules adopting the model ordinance, or if the commissioner finds, at any time after that date, after opportunity for a contested case hearing under chapter 14, that a county or other local governmental unit has adopted a pipeline setback ordinance that fails to meet the minimum standards established under subdivision 1, the commissioner shall adapt the model ordinance to the part of the county that does not have an ordinance that meets minimum standards. The commissioner must hold at least one public hearing

on the proposed ordinance in the manner provided in section 394.26, after giving notice as provided in that section. This ordinance is effective for the parts of the county on the date and in accordance with the rules relating to compliance that the commissioner prescribes. The ordinance must be enforced as provided in section 394.37, and the penalties provided in section 394.37 apply to violations of the ordinance adopted by the commissioner.

Sec. 27. [299J.06] [PIPELINE SAFETY ADVISORY COMMISSION.]

Subdivision 1. [COMMISSION CREATED.] The pipeline safety advisory commission is created and is attached for administrative purposes to the department of public safety. The commissioner shall provide offices and administrative assistance necessary for the performance of the commission's duties.

Subd. 2. [MEMBERSHIP.] The commission consists of 11 members to be appointed by the commissioner. Four members shall be chosen from the pipeline industry, two each from hazardous liquid and gas pipeline operators. Three members must be associated with state or local government. Four members must be state residents unaffiliated with state or local government or the pipeline or utility industries.

Subd. 3. [POWERS AND DUTIES.] The members of the commission shall serve on a part-time basis and shall advise the commissioner and other appropriate federal, state, and local government agencies and officials on matters relating to pipeline safety and operation. The commission shall advise the environmental quality board on implementation of sections 1 to 3, and the commissioner on the implementation of sections 7 to 13, and 14 to 39. The commission shall review and comment on proposed rules and on the operation of the office of pipeline safety.

Subd. 4. [TERMS; COMPENSATION; REMOVAL.] The terms, compensation, and removal of members are governed by section 15.059.

Sec. 28. [299J.07] [PENALTY FOR OPERATOR WHO FAILS TO GIVE NOTICE OF RELEASE.]

(a) A pipeline operator is guilty of a felony for an emergency release from the operator's pipeline that causes the death or serious bodily injury of any person if the pipeline operator:

- (1) knows or should have known of an emergency release;

(2) knows or should have known that the emergency release was likely to cause the death or serious bodily injury of an individual; and

(3) fails to immediately report the emergency release to the department of public safety.

(b) A person convicted under this section may be sentenced to imprisonment for not more than seven years or to payment of a fine of not more than \$14,000, or both.

**Sec. 29. [299J.08] [COMMISSIONER TO REPORT RELEASE; ADVICE AND COORDINATION.]**

Upon receiving notice of an emergency release the commissioner or a designee shall immediately report the emergency release to the emergency responder of the appropriate local government unit, to the pollution control agency if the notice of the release is required by section 115.061, and to any other person or office, as provided by the rules or procedures of the office. A pipeline operator's report of an emergency release to the commissioner satisfies the notification requirements of section 115.061. The commissioner shall advise the emergency responder concerning appropriate emergency procedures and coordinate the procedures.

**Sec. 30. [299J.09] [PIPELINE OPERATORS TO FILE INFORMATION AND GIVE NOTICE.]**

Subdivision 1. [MAP REQUIRED.] (a) The operator of every pipeline in operation must file a detailed pipeline map in the scale required by the rules:

(1) with the commissioner and the commissioner of transportation, showing the location of the pipelines and appurtenances operated by that operator within the state; and

(2) with the recorder and with the director of emergency services or the sheriff of every county traversed by the pipeline, showing the location of the pipelines and appurtenances operated by that operator within the county.

(b) The maps required under paragraph (a) must be filed by the operator of a newly constructed pipeline before it is operational, and by the operator of a pipeline for which the route has been changed after the original filing of a map under this section. The maps required by this paragraph must be filed at least 30 days before a hazardous liquid or gas is first pumped into the pipeline.

Subd. 2. [EMERGENCY RESPONSE PLAN.] (a) At least 30 days before a hazardous liquid or gas is pumped into a pipeline, the

pipeline operator must file an emergency response plan with the commissioner and with the director of emergency services or the sheriff of every county traversed by the pipeline. The emergency response plan must describe the operator's procedures for responding to and containing releases, including:

(1) an identification of specific actions that will be taken by the operator on discovery of a release;

(2) the operator's liaison procedure with emergency responders;

(3) the operator's means of communication with the responders; and

(4) the operator's means of preventing ignition of vapors resulting from a release.

(b) An operator must file significant changes made to an emergency response plan in the same manner as the original response plan within ten days of the effective date of the change.

Subd. 3. [PROCEDURAL MANUAL.] At least 30 days before a hazardous liquid or gas is pumped into a pipeline, the pipeline operator must file with the commissioner its procedural manual as required under Code of Federal Regulations, title 49, part 192, subparts L and M, and part 195, subpart F.

Subd. 4. [NOTICE OF TESTING AND TEST RESULTS.] (a) At least 48 hours before conducting a hydrostatic test, whether or not the test is required by sections 22 to 39 or the rules of the commissioner, a pipeline operator must give notice of the test to the commissioner and the local governmental units traversed by the portion of pipeline to be tested. This notice must include:

(1) the name, address, and telephone numbers of the pipeline operator;

(2) the specific location of the pipeline or pipeline section to be tested, including a suitable map of the route of the pipeline, and the location of the test equipment;

(3) the date and time the test is to be conducted;

(4) the method by which the test will be accomplished and the type of test medium to be used; and

(5) the name and telephone number of any independent testing firm or other person responsible for certification of results.

(b) Authorized representatives of the commissioner and any affected local governmental unit may observe the test.

(c) The results of a hydrostatic test conducted by the operator or by an independent testing company must be sent to the commissioner and to every local governmental unit traversed by the tested portion of the pipeline within ten days of completion of the test. The test results must include:

- (1) the date of the test;
- (2) the specific location of the pipeline or pipeline section tested, including a suitable map of the route of the pipeline;
- (3) the results of the test; and
- (4) other information required by rule.

Subd. 5. [NOTICE OF PRODUCT.] (a) Within ten days after the effective date of this section or within ten days of beginning operation of the pipeline, whichever is later, a pipeline operator must file information with the commissioner and the sheriff of every county traversed by a pipeline of the types of products that will be carried in the pipeline. The operator must include in its filing to sheriffs a material safety data sheet for each product that the operator expects to carry in the pipeline. The sheriff must transmit copies of the material safety data sheets to the appropriate emergency responders.

(b) After filing the information required by paragraph (a), the pipeline operator must file information in the same manner of any additional types of substances that will be carried in the pipeline at least three days before the change.

Subd. 6. [PENALTY.] A pipeline operator that does not comply with the requirements of this section or rules of the commissioner implementing this section is subject to the civil penalty provided in section 37.

Subd. 7. [ENFORCEMENT.] The commissioner may bring an action to enforce the requirements of this section, as provided in section 37.

Sec. 31. [299J.10] [LOCAL GOVERNMENT EMERGENCY RESPONSE PLAN.]

(a) A local governmental unit having a pipeline within its jurisdiction must prepare a pipeline release emergency response plan. The local governmental unit must consult with the pipeline owner or operator when preparing the plan. Preparation of the plan must be

coordinated by the county traversed by the pipeline for the other local governmental units within that county. The commissioner shall prescribe rules for the content of the plan. The plan must be completed and adopted by local governmental units within six months after the effective date of the rules prescribing the contents of the plan.

(b) A local governmental unit must review its plan annually and amend it to reflect changes in the operation of the local governmental unit, in the operation of the pipeline, or other matters relating to pipeline safety. The commissioner may at any reasonable time examine a response plan required by this section.

(c) The cost of the plan required by paragraph (a) shall be assessed by a county and collected from every pipeline operator that has pipeline within the county's borders. Methods for collection and calculation of the fee assessed on an operator must be included in the rules of the commissioner required under section 25.

**Sec. 32. [299J.11] [ADOPTION OF FEDERAL PIPELINE INSPECTION RULES.]**

To enable the state to qualify for annual federal certification to enforce the federal pipeline inspection program authorized by the Hazardous Liquid Pipeline Safety Act, United States Code, title 49, section 2001, et seq., the federal Natural Gas Pipeline Safety Act, United States Code, title 49, section 1671, et seq., and the rules implementing those acts, the federal pipeline inspection rules and safety standards are adopted.

**Sec. 33. [299J.12] [PIPELINE INSPECTION FEE.]**

Subdivision 1. [ASSESSMENT AND DEPOSIT OF FEE.] For each year following the delegation to the state of the inspection authority described in section 25, the commissioner shall assess and collect from every pipeline operator an inspection fee in an amount calculated under subdivision 2. If an operator does not pay the fee within 60 days after the assessment was mailed, the commissioner may impose a delinquency fee of ten percent of the annual inspection fee and interest at the rate of 15 percent per year on the portion of the annual fee not paid. Fees collected by the commissioner under this section shall be deposited in the pipeline safety account.

Subd. 2. [CALCULATION OF FEE.] Fees for pipelines governed by section 299F.63, subdivision 4, must be established as provided in the rules adopted under that section. For other pipelines, in each calendar year that an inspection fee is to be assessed, the commissioner shall calculate the total number of miles of other pipeline to be inspected, the total cost of inspection, and the percentage of the total miles to be inspected that are or will be operated by each pipeline operator. Each pipeline operator shall be assessed a portion

of the total inspection costs equal to the percentage of the total miles of pipeline in the state to be operated by the pipeline operator, but the total fee may not exceed five dollars for each mile of the operator's pipeline.

Sec. 34. [299J.13] [ACCESS TO INFORMATION; CLASSIFICATION OF DATA.]

Subdivision 1. [DUTY TO PROVIDE INFORMATION.] A person who the commissioner has reason to believe is responsible for an emergency release shall, when requested by the commissioner or an authorized agent of the commissioner, furnish to the commissioner any information that the person may have or may reasonably obtain that is relevant to the emergency release.

Subd. 2. [ACCESS TO INFORMATION AND PROPERTY.] The commissioner or an authorized agent, upon presentation of credentials, may:

(1) examine and copy any books, papers, records, memoranda, or data of any person who has a duty to provide information under subdivision 1; and

(2) enter upon any property, public or private, for the purpose of taking any action authorized by sections 22 to 39 including obtaining information from any person who has a duty to provide the information under subdivision 1, and conducting surveys or investigations.

Subd. 3. [CLASSIFICATION OF DATA.] Except as otherwise provided in this subdivision, data obtained from any person pursuant to sections 22 to 39 is public data as defined in section 13.02. Upon certification by the subject of the data that the data relates to sales figures, processes or methods of production unique to that person, or information which would tend to affect adversely the competitive position of that person, the commissioner shall classify the data as private or nonpublic data as defined in section 13.02. Information reported to or otherwise obtained by the commissioner under sections 22 to 39 that contains or relates to a trade secret as referred to in United States Code, title 18, section 1905 is private or nonpublic data, as defined in section 13.02. Data classified as private or nonpublic data under this subdivision may be disclosed when relevant in any proceeding concerning an emergency release, or to other public agencies directly involved with the emergency release.

Subd. 4. [RECOVERY OF EXPENSES.] Reasonable and necessary expenses incurred by the commissioner under this section, including administrative and legal expenses, may be recovered in an action brought by the attorney general against a person who has been found liable under section 36 or 37. The commissioner's

certification of expenses is prima facie evidence that the expenses are reasonable and necessary.

Sec. 35. [299J.14] [LINE MARKERS REQUIRED; VANDALISM PROHIBITED; PENALTY.]

Subdivision 1. [LINE MARKERS REQUIRED.] A pipeline operator must place and maintain line markers over each pipeline as required by Code of Federal Regulations, title 49, parts 192.707 and 195.410.

Subd. 2. [VANDALISM PROHIBITED; PENALTY.] A person may not deface, mar, damage, remove, injure, displace, destroy, or tamper with any sign or line marker marking the location of a pipeline. A person violating the provisions of this subdivision is guilty of a misdemeanor.

Sec. 36. [299J.15] [PRESERVATION OF PIPELINE; PENALTY; ENFORCEMENT.]

Subdivision 1. [PRESERVATION MANDATED.] (a) After an emergency release has occurred, a pipeline operator must preserve the pipeline or part of the pipeline that was involved in the emergency release until the commissioner grants approval for disposal, destruction, or alteration. The authority of the commissioner to grant approval may not be delegated.

(b) This subdivision does not prevent:

(1) excavation and removal from the ground of a pipeline or part of a pipeline; or

(2) repair of a pipeline in the ground without approval of the commissioner if the pipeline is not excavated, removed, or altered with the intent to prevent or hinder a determination of the cause of the emergency release.

Subd. 2. [CRIMINAL PENALTY.] A pipeline operator who violates subdivision 1, or the rules of the commissioner implementing subdivision 1, or who denies the commissioner or the commissioner's designee access to the pipeline for the purposes of inspection, is guilty of a felony and may be sentenced to imprisonment for not more than five years or to payment of a fine of not more than \$10,000, or both.

Subd. 3. [ENFORCEMENT.] The commissioner may bring an action to enforce the requirements of subdivision 1, or the rules of the commissioner implementing that subdivision, in the manner provided by section 37.

## Sec. 37. [299J.16] [CIVIL PENALTY; INJUNCTIVE RELIEF.]

Subdivision 1. [CIVIL PENALTY.] (a) A pipeline operator who violates section 30 or 36 shall forfeit and pay to the state a civil penalty in an amount to be determined by the court of not more than \$10,000 per day for each day that the operator remains in violation of the provision.

(b) The penalty provided under this subdivision may be recovered by an action brought by the attorney general in the name of the state in connection with an action to recover expenses of the commissioner under section 34, subdivision 4, or by a separate action in the district court of Ramsey county or in the county of the defendant's residence.

Subd. 2. [ACTION TO COMPEL PERFORMANCE; INJUNCTIVE RELIEF.] A person who fails to perform an act required by section 30, 34, or 36 may be compelled to do so by an action in district court brought by the attorney general in the name of the state.

## Sec. 38. [299J.17] [OTHER REMEDIES PRESERVED.]

Nothing in sections 22 to 39 shall be construed to abolish or diminish the right of any person to bring a legal action or use any remedy available under any other provision of state or federal law, including common law, to recover for personal injury, disease, economic loss, or other costs arising out of a release.

## Sec. 39. [299J.18] [PIPELINE SAFETY ACCOUNT.]

Subdivision 1. [ESTABLISHMENT.] (a) The pipeline safety account is established as an account in the state treasury. All fees and penalties collected under sections 22 to 39 shall be deposited in the state treasury and credited to the pipeline safety account.

Money received by the office in the form of gifts, grants, reimbursements, or appropriations from any source shall be credited to the pipeline safety account.

(b) The money in the pipeline safety account is continually appropriated to the commissioner to administer sections 22 to 39.

No seed potato, the product of which is intended for sale, may be planted in the state in lots of ten or more acres unless that seed meets the minimum disease standards prescribed by the commissioner. Seed potatoes may meet those standards by being certified in accordance with this chapter and rules adopted by the commissioner, or under the certification program of another state or province which, in the judgment of the commissioner, provides equivalent assurances of seed potato quality. Seed potatoes may also be used whether or not they have completed the certification process if they have been inspected in the field as required for certified seed potatoes, have passed the field inspection standards of disease tolerance, and are free from ring rot. A person, firm, or corporation that plants potatoes in violation of this section is subject to a civil penalty of \$20 per acre for each acre or part of an acre planted in violation of this section. Failure to maintain complete and accurate records in accordance with this section or rules adopted by the commissioner is an additional violation resulting in a separate civil

penalty of \$200 for each failure. Civil penalties collected under this section must be credited to the seed potato inspection fund established in section 21.115.

If there is not available to be planted in Minnesota, in any year, a sufficient volume of Minnesota potato seed meeting Minnesota certified seed potato disease standards, in any or all varieties, the commissioner may, upon application by one or more growers, permit seed of a higher disease content to be planted for that growing season.

Each grower shall keep records of each lot of seed planted. For each growing season, the records must include, by field, the variety and source of the seed potatoes. Each grower shall file an affidavit of compliance as prescribed by the commissioner. All records must be made available for inspection by the commissioner or the commissioner's agents during normal business hours.

In addition to the enforcement powers and penalties in this section, the commissioner may issue a subpoena to an individual in order to compel delivery of reports or records which are required under this section. These subpoenas are enforceable by any court of competent jurisdiction.

[PENALTY AUTHORIZED.] In addition or as an alternative to an order issued under section 4, the commissioner may issue an order requiring violations to be corrected and assessing administrative penalties for violations of any provision of sections 2 to 7 relating to the transportation of hazardous waste, or any rule, order, license, or term or conditions of a license issued or adopted by the commissioner under this section.

Subd. 2. [AMOUNT OF PENALTY; CONSIDERATIONS.] The commissioner may issue an order assessing an administrative penalty in an amount of not more than \$10,000 for violations identified during an inspection or audit. - (4) a statement of the person's right to a hearing.

Subd. 4. [PROCEDURE FOR ORDER.] (a) The commissioner may issue an order requiring that the violations cited in the order to be corrected within 30 calendar days from the date the order is mailed.

(b) If the person to whom the order was issued fails to demonstrate to the satisfaction of the commissioner within 30 days of the date the order was mailed that the violation has been corrected or that appropriate steps have been taken toward correcting the violation, the penalty set forth in the order is then due and payable unless a hearing under subdivision 5 has been requested within the 30-day period.

(c) The commissioner may, in lieu of the procedure set out in paragraph (a), issue an order that immediately assesses a penalty if the commissioner determines that, considering the factors set out in subdivision 2, an immediate penalty is appropriate. The penalty shall be due and payable 30 days from the date the order was mailed unless a hearing under subdivision 5 has been requested.

(d) Interest at the rate established in section 549.09 begins to accrue on the 31st day after the order was originally mailed.

(e) Failure to pay a penalty owed under this section constitutes grounds for the commissioner to revoke or refuse to reissue or renew any license issued under section 3 by the department.

(f) Penalties collected under this section shall be paid to the trunk highway fund.

Subd. 5. [HEARING.] On request of the person to whom an order is issued under this section, the order shall be subject to an expedited hearing process. The procedure for the expedited hearing shall include the following:

(b) The person to whom the order is directed and the commissioner shall be the parties to the hearing.

(c) The commissioner must notify the person to whom the order is directed of the time and place of the hearing at least 20 days before the hearing.

(d) The hearing will be limited to no more than six hours of hearing time, exclusive of any prehearing, unless the administrative law judge determines that there are circumstances requiring a longer hearing.

(e) The factual record shall close at the close of the hearing.

(f) Written arguments must be submitted within ten days following the close of the record.

(g) The administrative law judge shall issue a report making recommendations to the commissioner within 30 days following the close of the record.

(h) The administrative law judge shall not recommend a change in the amount of the proposed penalty unless the administrative law judge makes a determination based on the factors set out in subdivision 2 that the commissioner has committed an abuse of discretion in setting the amount of the penalty.

(i) The hearing shall be conducted under the conference contested case rules of the office of administrative hearings, as modified by this subdivision. The hearing examiner may, in consultation with the commissioner, adopt rules specifically applicable to cases under this section.

Subd. 6. [FINAL ORDERS.] (a) If a hearing has been held, the commissioner shall not issue a final order until at least five days after receipt of the report of the administrative law judge. The person to whom an order is issued may within those five days comment to the commissioner on the recommendations and the

commissioner shall consider the comments. The final order may be appealed in the manner provided in sections 14.63 to 14.69.

(b) If the administrative law judge makes a finding that the hearing was requested for purposes of delay or that there was no reasonable basis in law or fact for requesting a hearing, the commissioner may add to the amount of the penalty the costs paid by the commissioner to the offices of administrative hearings for the hearing.

(c) If a hearing has been held and a final order issued by the commissioner, the penalty shall be paid within 15 days from the date the final order is mailed, together with interest accruing at the rate established in section 549.09 from the 31st day following the day the original order was mailed.

#### Sec. 6. [221.038] [ENFORCEMENT.]

The attorney general may proceed on behalf of the state to enforce penalties imposed under section 5 in any manner provided by law for the collection of debts. This power shall include the following means of debt collection:

(a) The attorney general may petition the district court to file the administrative order as an order of the court. At any court hearing, the only issues parties may contest are procedural and notice issues. Once entered, the administrative order may be enforced in the manner as a final judgment of the district court.

(b) If any party liable to pay a penalty imposed under section 5 fails to pay the penalty, the amount of the penalty together with interest and costs shall be a lien in favor of the state on any real or personal property of the person, except the person's homestead. The lien is effective for real property after the attorney general files a notice of lien in the office of the county recorder or in the office of the registrar of titles of the county in which the property is situated.

(c) The lien created under this section is effective for personal property after the attorney general files a notice of lien describing the property to which the lien attaches in the office of the county recorder of the county where the attorney general believes the property is located when the lien is filed. The lien against personal property shall also be filed with the secretary of state. In the case of personal property belonging to an individual who is not a resident of this state or personal property belonging to a corporation, partnership, or other organization, the attorney general shall file the notice of lien in the office of the secretary of state.

(d) The notice of lien for real property shall be filed in the office of the county recorder or in the office of the registrar of titles of the county in which the property is located and shall contain the names

of the parties subject to the lien, the legal description of the land subject to the lien, the amount of the lien, the legal basis for the lien, and the name, address, and telephone number of the party filing the lien. No attestation, certification, or acknowledgment is required as a condition of filing.

(e) If any person fails to pay the penalty, the attorney general may bring a civil action in district court seeking payment of the penalties, injunctive, or other appropriate relief including monetary damages, attorney's fees, costs and interest.

(f) Failure to pay a penalty owed under this section constitutes grounds for the commissioner to revoke or refuse to renew a license issued by the department.

Sec. 7. [221.039] [CUMULATIVE REMEDY.]

The authority to issue an order assessing penalties under section 5 is in addition to all other remedies available under statutory or common law. The penalty imposed under that section does not preclude the use of any other enforcement provisions in connection with the violation for which the penalty was assessed.

Sec. 8. Minnesota Statutes 1986, section 221.291, subdivision 3, is amended to read:

Subd. 3. [TRANSPORTATION OF HAZARDOUS MATERIALS.]  
A person who ships, transports, or offers for transportation hazardous waste or, hazardous material or hazardous substances in violation of a provision of this chapter or a rule or order of the commissioner or board adopted or issued under this chapter which specifically applies to the transportation of hazardous material or, hazardous waste or hazardous substances is guilty of a misdemeanor and upon conviction may shall, except as provided in section 2 of revisor's bill draft number 87-0573, be fined up to the maximum fine which may be imposed for a misdemeanor for each violation.

(b) The town board must prepare an official map as provided in subdivision 3, and set a time, place, and date for a public hearing on adopting a recorded town road map to record roads.

(c) The hearing notice must state that the roads to be recorded will be as four rod roads with the official and permanent alignment being 33 feet on either side of the existing center line, except that (1) townline roads may be recorded for only the 33 feet located within the town holding that public hearing, and (2) a road previously recorded as less or greater than a 66-foot right-of-way may be recorded at its actual width and the width must be duly recorded on the map. (h) Notwithstanding section 43A.27, subdivision 3, an employee of the state of Minnesota or the regents of the University of Minnesota who is at least 60 and not yet 65 years of age on July 1, 1982 who is otherwise eligible for employee and dependent insurance and benefits pursuant to section 43A.18 or other law, who has at least 20 years of service and retires, earlier than required, within 60 days of March 23, 1982; or an employee who is at least 60 and not yet 65 years of age on July 1, 1982 who has at least 20 years of state service and retires, earlier than required, from employment at Rochester state hospital after July 1, 1981; or an employee who is at least 55 and not yet 65 years of age on July 1, 1982 and is covered by the Minnesota state retirement system correctional employee retirement plan or the state patrol retirement fund, who has at least 20 years of state service and retires, earlier than required, within 60 days of March 23, 1982. Eligibility shall cease when the retired employee attains the age of 65, or when the employee chooses not to receive the annuity that the employee has applied for. The retired employee shall be eligible for coverages to which the employee was entitled at the time of retirement, subject to any changes in coverage through collective bargaining or plans established pursuant to section 43A.18, for employees in positions equivalent to that from which retired, provided that the retired employee shall not be eligible for state-paid life insurance. The commissioner must prepare a plan identifying eligible employees not covered by a collective bargaining agreement in accordance with the process outlined in section 43A.18, subdivisions 2 and 3. For purposes of this paragraph, a person retires when the person terminates active employment in state service and applies for a retirement annuity. Eligibility ends as provided in the agreement or plan, but must cease at the end of the month in which the retired employee attains age 65, the employee chooses not to receive an annuity, or the employee is eligible for employer-paid health insurance from a new employer. The retired employees shall be eligible for coverages to which they were entitled at the time of retirement, subject to any changes in coverage through collective bargaining or plans established under section 43A.18 for employees in positions equivalent to that from which they retired, provided that the retired employees shall not be eligible for state-paid life insurance.

"Section 1. [116.072] [ADMINISTRATIVE PENALTIES.]

Subdivision 1. [AUTHORITY TO ISSUE PENALTY ORDERS.] The director may issue an order requiring violations to be corrected and administratively assessing monetary penalties for violations of any provision of chapters 115 and 116 relating to hazardous waste, or any standard, rule, variance, order, stipulation agreement, permit, or material term or conditions of a permit relating to hazardous waste issued or adopted by the agency under those chapters. An order shall be issued as provided in this section.

Subd. 2. [AMOUNT OF PENALTY; CONSIDERATIONS.] The director may issue an order assessing a penalty in an amount not to exceed \$10,000 for all violations identified during an inspection. In the case of repeat violations, the director shall issue an order assessing a penalty in an amount not to exceed \$25,000.

(a) In determining the amount of a penalty to be assessed, the director shall consider:

- (1) the willfulness of the violation;
- (2) the gravity of the violation, including damage to humans, animals, air, water, land, or other natural resources of the state;
- (3) the ability of the person to whom the order is issued to pay the penalty;
- (4) the history of past violations;
- (5) the number of violations; and
- (6) other factors as justice may require, if the director specifically identifies the additional factors in the director's order.

(b) In determining the amount of a penalty to be assessed in the case of repeat violations, the director shall consider:

- (1) how similar the previous violation was to the current one;
- (2) how recent was the previous violation;

(3) the number of previous violations; and

(4) the violator's response to the previous violation.

Subd. 3. [CONTENTS OF ORDER.] An order assessing an administrative penalty under this section shall include the following:

(1) a concise statement of the facts alleged to constitute a violation;

(2) a reference to the section of the statute, rule, variance, order, stipulation agreement, permit, or term or condition of a permit that has been violated;

(3) a statement of the amount of the administrative penalty to be imposed and the factors upon which the penalty is based; and

(4) a statement of the person's right to a hearing.

Subd. 4. [PROCEDURE.] (a) The director may issue an order requiring the violations cited in the order to be corrected within 30 calendar days from the date the order is received.

(b) The person to whom the order was issued shall provide information to the director on or before the 30th day after the order was received demonstrating that the violation has been corrected or that appropriate steps toward correcting the violation have been undertaken. The director shall make a determination as to whether the violation has been corrected and shall notify the person subject to the order of the director's determination. The penalty set forth in the order is due and payable on the 31st day after the order was received if the person subject to the order fails to provide information to the director showing that the violation has been corrected or that appropriate steps have been taken toward correcting the violation, unless the person subject to the order has requested a review of the order under subdivision 5. If the person subject to the order has provided information to the director that the director determines is not sufficient to show the violation has been corrected or that appropriate steps have been taken toward correcting the violation, the penalty set forth in the order is due and payable within 20 days after notice of the director's determination is received, unless the person subject to the order has sought review of the order under subdivision 5 prior to the end of the 20-day period.

(c) In the case of repeated or serious violations the director may, in lieu of the procedure in paragraph (a), issue an order that immediately assesses a penalty. The penalty shall be paid within 30 days from the date the order is received unless review of the order under subdivision 5 has been sought.

(d) Interest at the rate established in section 549.09 begins to accrue on the 31st day after the order was originally received.

Subd. 5. [REVIEW OF ORDERS.] A person subject to an order under this section may seek review of the order under paragraph (a) or (b).

(a) Within 30 days of the receipt of an order or within 20 days of receipt of notice that the director has determined that a violation has not been corrected, the person subject to an order under this section may request an expedited hearing. The procedure for the expedited hearing shall include the following:

(i) The hearing will be held within 30 days after a request for hearing has been filed with the director unless the parties agree to a later date.

(ii) The person to whom the order is directed and the director shall be the parties to the hearing.

(iii) The director must notify the person to whom the order is directed of the time and place of the hearing at least 20 days before the hearing.

(iv) The hearing will be limited to no more than six hours of hearing time, exclusive of any prehearing, unless the administrative law judge determines that circumstances require a lengthier hearing.

(v) All written arguments must be submitted within ten days following the close of the hearing.

(vi) The administrative law judge shall issue a report making recommendations to the director within 30 days following the close of the record.

(vii) The administrative law judge shall not recommend a change in the amount of the proposed penalty unless the administrative law judge determines that, based on the factors in subdivision 2, the director has committed an abuse of discretion in setting the amount of the penalty.

(viii) The hearing shall be conducted under the conference contested case rules of the office of administrative hearings, as modified by this subdivision. The hearing examiner may, in consultation with the agency, adopt rules specifically applicable to cases under this section.

(b) Within 30 days of the receipt of an order or within 20 days of receipt of notice that the director has determined that a violation

has not been corrected, the person subject to an order under this section may file a petition in district court for review of the order. The petition shall be filed with the court administrator together with proof of service on the director.

The petition shall be captioned in the name of the person making the petition as petitioner and the director as respondent. The petition shall state with specificity the grounds upon which the petitioner seeks rescission of the order, including the facts upon which each claim is based.

Subd. 6. [FINAL ORDERS.] (a) If a hearing has been held, the director shall not issue a final order until at least five days after receipt of the report of the administrative law judge. The person to whom an order is issued may, within those five days, comment to the director on the recommendations and the director will consider the comments. The final order may be appealed in the manner provided in sections 14.63 to 14.69.

(b) If the administrative law judge makes a finding that the hearing was requested solely for purposes of delay or that the hearing request was frivolous, the director may add to the amount of the penalty the costs charged to the agency by the office of administrative hearings for the hearing.

(c) If a hearing has been held and a final order issued by the director, the penalty shall be paid within 15 days from the date the final order is mailed, together with interest accruing at the rate established in section 549.09 from the 31st day following the day the original order was mailed.

Subd. 7. [ENFORCEMENT.] The attorney general may proceed on behalf of the state to enforce penalties that are due and payable under this section in any manner provided by law for the collection of debts. The power shall include the following means of debt collection:

(a) The attorney general may petition the district court to file the administrative order as an order of the court. At any court hearing, the only issues parties may contest are procedural and notice issues. Once entered, the administrative order may be enforced in the same manner as a final judgment of the district court.

(b) If a party liable to pay a penalty imposed under this section fails to pay the penalty, the amount of the penalty together with interest and costs shall be a lien in favor of the state on any real or personal property of the person, except the person's homestead. The lien is effective for real property after the attorney general files a notice of lien in the office of the county recorder or the office of the registrar of titles of the county in which the property is located.

(c) The lien created under this subdivision is effective for personal property after the attorney general files a notice of lien describing the property to which the lien attaches in the office of the county recorder of the county where the attorney general believes the property is located when the lien is filed. The lien on personal property shall also be filed with the secretary of state. In the case of personal property belonging to an individual who is not a resident of this state or personal property belonging to a corporation, partnership, or other organization, the attorney general shall file the notice of lien in the office of the secretary of state.

(d) The notice of lien for real property shall be filed in the office of the county recorder or the office of the registrar of titles of the county in which the property is located, and shall contain the names of the parties subject to the lien, the legal description of the land subject to the lien, the amount of the lien, the legal basis for the lien, and the name, address, and telephone number of the party filing the lien. No attestation, certification, or acknowledgment is required as a condition of filing.

(e) If a person fails to pay the penalty, the attorney general may bring a civil action in district court seeking payment of the penalties, injunctive, or other appropriate relief including monetary damages, attorney fees, costs, and interest.

(f) Failure to pay a penalty due and payable under this section constitutes grounds for the agency to revoke or refuse to reissue or renew a permit issued by the agency.

Subd. 8. [CUMULATIVE REMEDY.] The authority to issue an order assessing penalties is in addition to other remedies available under statutory or common law. The payment of a penalty does not preclude the use of any other enforcement provisions in connection with the violation for which the penalty was assessed."

237.17 [EXTENSION OF LONG DISTANCE LINES.]

Any telephone company may extend its long distance lines into or through any city of this state for the furnishing of long distance service only, subject to the regulation of the governing body of such city relative to the location of the poles and wires and the preservation of the safe and convenient use of such streets and alleys to the public; ~~provided that if such lines are to furnish service between communities or localities then served by another company, a certificate of public convenience must first be obtained as required by section 237.16.~~

Sec. 2. [237A.01] [DEFINITIONS.]

Subdivision 1. [SCOPE.] The definitions in this section apply to this chapter.

Subd. 2. [COMMISSION.] "Commission" means the Minnesota public utilities commission.

Subd. 3. [EXCHANGE.] "Exchange" means a unit area established and described by the tariff of a telephone company for the administration of telephone service in a specified geographical area, usually embracing a city, town, or village and its environs, and served by one or more central offices, together with associated facilities used in providing service within that area.

Subd. 4. [INTEREXCHANGE SERVICE.] "Interexchange service" means telephone service between points in two or more exchanges.

Subd. 5. [INTER-LATA INTEREXCHANGE SERVICE.] "Inter-LATA interexchange service" means interexchange service originating and terminating in different LATAs.

Subd. 6. [LOCAL ACCESS AND TRANSPORT AREA.] "Local access and transport area (LATA)" means a geographical area designated by the Modification of Final Judgment in U.S. v. Western Electric Co., Inc., 552 F. Supp. 131 (D.D.C. 1982), including modifications in effect on the effective date of sections 2 to 5.

Subd. 7. [LOCAL EXCHANGE SERVICE.] "Local exchange service" means telephone service between points within an exchange.

Subd. 8. [TELEPHONE COMPANY.] "Telephone company" has the meaning given it in section 237.01, subdivision 2.

### Sec. 3. [237A.02] [REGULATION.]

Except as provided in this chapter, telephone companies are subject to the jurisdiction and supervisory powers of the department of public service and the public utilities commission as provided in chapter 237. Any person, the department of public service, the attorney general, or the commission on its own motion may file a complaint with the commission that an interexchange carrier has violated the requirements of sections 2 to 5.

### Sec. 4. [237A.03] [PRICE CHANGES.]

Subdivision 1. [FILING PRICE LISTS; NOTICE.] Telephone companies offering or providing inter-LATA interexchange services are not subject to the provisions governing rates and charges in sections 237.07; 237.075; 237.081; 237.10; and 237.21 with respect to inter-LATA interexchange services. Decreases in prices for services may become effective 21 days after filing the changed price list with the commission. No price shall be increased without providing 21 days notice of the increased price to and filing a supporting cost study with the department and the commission and providing 21 days notice of the increased price to all affected customers. The department shall investigate the increased price and report its conclusions

to the commission. The commission may order price adjustments if the commission finds that the price charged by the company is excessive. Refunds may be ordered in cases where the commission determines that the increased rates were excessive if the company was earning at a level which was unreasonable during the period the rates were in effect. Price lists must contain the rates, toll, and charges for every kind of service, together with the rules, regulations, and classifications used in conducting the telephone business. This chapter does not prohibit a telephone company from including limitations on liability as terms or conditions in the price lists.

Subd. 2. [UNIFORM PRICING.] In setting prices for inter-LATA interexchange services, a telephone company that offers or provides these services shall offer uniform prices where the services are made available unless the commission, upon application and hearing, orders otherwise. A rate must not be unreasonably discriminatory. This subdivision does not prohibit the passing through of state, municipal, or local taxes in the specific geographic areas from which the taxes originate. Telephone companies that provide inter-LATA interexchange services shall make available the services, including new service offerings, in areas where they provide inter-LATA service unless facilities necessary for the services are not available and cannot be made available at reasonable costs.

Subd. 3. [COMPENSATION.] Telephone companies providing interexchange services shall pay compensation to telephone companies providing local exchange services that includes a fair and reasonable portion of:

(1) the costs of local exchange facilities used in connection with interexchange services, including facilities connecting a customer to local switching facilities; and

(2) the common costs of companies providing local services.

Subd. 4. [DISCONTINUING SERVICE; NOTICE.] A telephone company offering or providing an inter-LATA interexchange service may not discontinue or abandon the service to any area of the state once initiated without first obtaining an order from the commission after notice and hearing. Notice must be given by publication in a newspaper of general circulation within the area affected. Written notice must be given to customers who access the interexchange carrier by dialing the numeral one.

Subd. 5. [FAILURE OF COMPETITION.] The commission, on its own motion or upon complaint, shall reinstate, in whole or in part, rate regulation of an inter-LATA interexchange telecommunications service, pursuant to chapter 237 if, after notice and hearing, the commission finds (1) that the competitive market for that service has failed so that rate regulation of that service is necessary to protect the interest of consumers, (2) that it has considered the

alternatives to rate regulation, and (3) that the benefits of rate regulation outweigh the burdens of rate regulation.

Subd. 6. [PROHIBITION AGAINST PREDATORY PRICING.] Rates or charges must not be offered that are inadequate to recover incremental costs and that are intended to or naturally tend to destroy competition or produce a monopoly. The commission shall investigate and remedy complaints pursuant to this subdivision.

Sec. 5. [237A.04] [CERTIFICATES OF SERVICE AUTHORITY.]

Subdivision 1. [INTEREXCHANGE SERVICES.] A telephone company offering or providing interexchange services is not subject to section 237.16 with respect to interexchange services. Instead, a telephone company shall not offer or provide any interexchange service until it has applied for and received a certificate of interexchange service authority to provide interexchange service under this section.

Subd. 2. [LOCAL EXCHANGE SERVICES.] A telephone company shall not offer or provide any local exchange services until it has applied for and received a certificate of exchange service authority pursuant to the standards for a certificate of territorial authority under section 237.16.

Subd. 3. [NO MONOPOLY.] A certificate of interexchange service authority issued by the commission does not grant a monopoly or exclusive privilege, immunity, or franchise. The issuance of a certificate of interexchange service authority to a telephone company does not preclude the commission from issuing additional certificates of service authority to other telephone companies providing the same or equivalent service or serving the same geographical area or customers as a previously certified company.

Subd. 4. [CONDITIONS FOR GRANTING CERTIFICATE.] The commission shall approve an application for a certificate of interexchange service authority only upon a showing by the applicant, and a finding by the commission, after notice and hearing, that the applicant has sufficient technical, financial, and managerial resources and abilities to provide interexchange service.

Subd. 5. [EFFECT OF OLD CERTIFICATES.] A certificate of territorial authority granted by the commission to a telephone company before the effective date of sections 2 to 5 remains in effect. A company need not apply for a certificate of service authority to continue offering or providing service to the extent authorized in the certificate of territorial authority.

Subd. 6. [EMERGENCIES; TEMPORARY CERTIFICATES.] In cases of emergency, the commission may issue a temporary certificate of interexchange service authority to ensure maintenance of

adequate service or to serve particular customers. The certificate may be issued without notice and hearing, pending the determination of an application for a certificate. The temporary certificate remains in effect for no longer than one year.

(3) Administer and supervise all noninstitutional service to handicapped persons, including those who are visually impaired, hearing impaired, or physically impaired or otherwise handicapped. The commissioner may provide and contract for the care and treatment of qualified indigent children in facilities other than those located and available at state hospitals when it is not feasible to provide the service in state hospitals.

(4) Assist and actively cooperate with other departments, agencies and institutions, local, state, and federal, by performing services in conformity with the purposes of Laws 1939, chapter 431.

(5) Act as the agent of and cooperate with the federal government in matters of mutual concern relative to and in conformity with the provisions of Laws 1939, chapter 431, including the administration of any federal funds granted to the state to aid in the performance of any functions of the commissioner as specified in Laws 1939, chapter 431, and including the promulgation of rules making uniformly available medical care benefits to all recipients of public assistance, at such times as the federal government increases its participation in assistance expenditures for medical care to recipients of public

assistance, the cost thereof to be borne in the same proportion as are grants of aid to said recipients.

(6) Establish and maintain any administrative units reasonably necessary for the performance of administrative functions common to all divisions of the department.

(7) Administer and supervise any additional welfare activities and services as are vested by law in the department.

(8) The commissioner is designated as guardian of both the estate and the person of all the wards of the state of Minnesota, whether by operation of law or by an order of court, without any further act or proceeding whatever, except as to persons committed as mentally retarded.

(9) Act as coordinating referral and informational center on requests for service for newly arrived immigrants coming to Minnesota.

(10) The specific enumeration of powers and duties as hereinabove set forth shall in no way be construed to be a limitation upon the general transfer of powers herein contained.

(11) Establish county, regional, or statewide schedules of maximum fees and charges which may be paid by local agencies for medical, dental, surgical, hospital, nursing and nursing home care and medicine and medical supplies under all programs of medical care provided by the state and for congregate living care under the income maintenance programs.

(12) Have the authority to conduct and administer experimental projects to test methods and procedures of administering assistance and services to recipients or potential recipients of public welfare. To carry out such experimental projects, it is further provided that the commissioner of human services is authorized to waive the enforcement of existing specific statutory program requirements, rules, and standards in one or more counties. The order establishing the waiver shall provide alternative methods and procedures of administration, shall not be in conflict with the basic purposes, coverage, or benefits provided by law, and in no event shall the duration of a project exceed two years. It is further provided that no order establishing an experimental project as authorized by the provisions of this section shall become effective until the following conditions have been met:

(a) The proposed comprehensive plan including estimated project costs and the proposed order establishing the waiver shall be filed

with the secretary of the senate and chief clerk of the house of representatives at least 60 days prior to its effective date.

(b) The secretary of health, education, and welfare of the United States has agreed, for the same project, to waive state plan requirements relative to statewide uniformity.

(c) A comprehensive plan, including estimated project costs, shall be approved by the legislative advisory commission and filed with the commissioner of administration.

(13) In accordance with federal requirements establish procedures to be followed by local welfare boards in creating citizen advisory committees, including procedures for selection of committee members.

(a) One-half of the total amount of the disallowance shall be borne by the county boards responsible for administering the programs and shall be shared by each county board in the same proportion as that county's expenditures for the sanctioned program are to the total of all counties' expenditures for that program. Each county shall pay its share of the disallowance to the state of Minnesota. When a county fails to pay the amount due hereunder, the commissioner may deduct the amount from reimbursement otherwise due the county, or the attorney general, upon the request of the commissioner, may institute civil action to recover the amount due.

(b) Notwithstanding the provisions of paragraph (a), if the disallowance results from knowing noncompliance by one or more counties with a specific program instruction, and that knowing noncompliance is a matter of official county board record, the commissioner may require payment or recover from the county or counties, in the manner prescribed in paragraph (a), an amount equal to the portion of the total disallowance which resulted from the noncompliance, and may distribute the balance of the disallowance according to paragraph (a).

(15) Develop and implement special projects that maximize reimbursements and result in the recovery of money to the state. For the purpose of recovering state money, the commissioner may enter into contracts with third parties. Any recoveries that result from projects or contracts entered into under this paragraph shall be deposited in the state treasury and credited to a special account until the balance in the account reaches \$400,000. When the balance in the account exceeds \$400,000, the excess shall be transferred and credited to the

general fund. All money in the account is appropriated to the commissioner for the purposes of this paragraph.

(16) Have the authority to make direct payments to facilities providing shelter to women and their children pursuant to section 256D.05, subdivision 3. Upon the written request of a shelter facility that has been denied payments under section 256.05, subdivision 3, the commissioner shall review all relevant evidence and make a determination within 30 days of the request for review regarding issuance of direct payments to the shelter facility. Failure to act within 30 days shall be considered a determination not to issue direct payments.

The appeal shall be heard by an administrative law judge according to sections 14.48 to 14.62, except that the report of the administrative law judge is binding on all parties. Within 15 days of receipt of a written appeal request from a shelter facility, the local agency shall file a request for assignment of a judge together with a notice of and order for hearing proposed to be issued. (1) the employer has a reasonable suspicion, based on specific, objective facts and reasonable inferences drawn from those facts in light of experience, that the employee's faculties are impaired on the job; and

Subd. 4. [TYPE OF TESTS.] The employer must ensure, to the extent feasible, that the drug tests measure only controlled substances, their metabolites, or alcohol. The employer may maintain and use information from only those tests that have been confirmed under subdivision 7 and that show the presence or absence of controlled substances, their metabolites, or alcohol.

No drug test other than urine or blood analysis or breath-testing is permitted.

Subd. 7. [CONFIRMATION OF TEST RESULTS.] (a) An employer shall not discharge, discipline, refuse to hire or otherwise discriminate against or penalize a job applicant or employee on the basis of a drug test for a controlled substance, or its metabolite, unless the results of the test are confirmed by a second test that uses a technology different from that used for the first test. The tests must employ a combination of methods using immuno-chemical technology or chromatography as a screening test, confirmed by gas chromatography/mass spectrometry, where that is the scientifically

accepted reference method of choice. Where gas chromatography/mass spectrometry is not the method of choice, the test must be confirmed by a method using some form of chromatography.

(b) An employer shall not discharge, discipline, refuse to hire or otherwise discriminate against or penalize a job applicant or employee on the basis of a drug test for alcohol using a breath-testing instrument unless the test is confirmed by a blood analysis.

Subd. 8. [WRITTEN POLICY.] (a) An employer shall not require an employee or job applicant to submit to drug testing except pursuant to a written policy, which shall be provided to job applicants who have been offered employment and employees upon adoption of the policy or when the individual is offered employment, if the policy was previously adopted.

The employer may require the subject of a drug test to sign a form verifying that the test specimen, in fact, came from the test subject.

Sec. 4. [181.97] [RIGHTS OF EMPLOYEES AND JOB APPLICANTS.]

Subdivision 1. [RESULTS OF TEST.] A job applicant or employee must be informed of a confirmed positive drug test. The job applicant or employee has the right to a copy of the results and the right to see any information related to the test that is placed in the employee's

personnel file. The applicant or employee must be given a reasonable opportunity to explain a positive test result. An employer who withdraws an offer because of a drug test must inform the applicant of the reason for its action.

(b) An employer may not discharge, discipline, or discriminate against an employee on the basis of a disability or a medical or psychiatric condition, other than use of controlled substances or alcohol, revealed to the employer through a drug test or revealed before or after a test to explain the presence of a controlled substance or metabolite, unless the employee was under an affirmative duty to provide the information at the time of or subsequent to hire.

Subd. 2. [RETESTING.] Within five working days of receipt of the confirmed test results, the job applicant or employee may request an additional retest of the original sample at the applicant's or employee's expense. The retest must be performed by a laboratory that meets the qualifications of section 3, subdivision 6, must be confirmed as provided in section 3, subdivision 7, and must use the same drug threshold detection level as used in the original confirmatory test. If the retest does not confirm the original positive test result, no adverse action based on the original test may be taken against the job applicant or employee.

Subd. 3. [CONFIDENTIALITY.] (a) Employers must establish a reasonable system to prevent mislabeling or mishandling of specimens, to prevent chain of custody problems and to ensure confidentiality of test results.

(b) All information acquired by the employer in the testing process is private and privileged and cannot be released to anyone, including other employers or government agencies, other than the subject of the test. The employer shall designate the individual authorized to receive the test results who may not share the test results with another employee or agent of the employer except where there is a demonstrated business necessity.

(c) Notwithstanding paragraph (b), evidence of a positive test which was confirmed under section 3, subdivision 7, may be: (1) provided to a substance abuse treatment facility for the purpose of evaluation or treatment of the employee; (2) used in an arbitration or grievance proceeding pursuant to a collective bargaining agreement; an administrative hearing under chapter 43A or other applicable state or local law, or a judicial proceeding, provided that information is relevant to the hearing or proceeding; or (3) disclosed to any federal agency or other unit of the United States government as required under federal law or in accordance with compliance requirements of a federal government contract.

(d) Notwithstanding paragraph (c), the results of any drug test requested, required, or conducted by an employer may not be used in a criminal case.

Subd. 4. [RETALIATION.] An employer shall not penalize an employee for asserting rights provided by sections 1 to 7.

**Sec. 5. [181.98] [FREEDOM OF COLLECTIVE BARGAINING.]**

Nothing in sections 1 to 7 shall be construed to interfere with or diminish any protection already provided under collective bargaining agreements that exceed the minimum standards of employee protection provided by sections 1 to 7. In addition, nothing in sections 1 to 7 shall be construed to limit the freedom of employees to bargain collectively for different drug testing policy, if the protection provided by the negotiated plan meets or exceeds the minimum standards of employee protection provided by sections 1 to 7.

**Sec. 6. [181.99] [FEDERAL PREEMPTION.]**

Sections 1 to 5 do not apply to employees or job applicants of employers where the specific work performed requires those employees or job applicants to be subject to drug and alcohol testing pursuant to federal rules, regulations, or requirements necessary to operate federally regulated facilities, or federal contracts where drug and alcohol testing is conducted for security, safety, or protection of sensitive or proprietary data provided that employers must comply with those provisions that are not inconsistent with any federal rules, regulations, or requirements necessary to operate federally regulated facilities or federal contracts requiring drug and alcohol testing.

**Sec. 7. [181.991] [INDIVIDUAL REMEDIES.]**

In addition to any remedies provided by law, any employee or job applicant injured by a violation of sections 2 to 6 may bring a civil action to recover damages allowable at law, including punitive damages, together with costs and disbursements, including reasonable attorney's fees, and may receive such injunctive and other equitable relief, including reinstatement and backpay, as determined by the court."

For each vehicle with a gross weight in excess of 81,000 pounds an additional tax of \$50 is imposed for each ton or fraction thereof in excess of 81,000 pounds, subject to subdivision 12.

Truck-tractors except those herein defined as farm and commercial zone vehicles shall be taxed in accord with the foregoing gross

During the ninth and succeeding years of vehicle life the tax shall be 50 percent of the Minnesota base rate schedule.

On trucks, truck-tractors and semitrailer combinations, except those defined as farm trucks and farm combinations, except for pickup trucks with a carrying capacity of 2,000 pounds or less and in the 11th or succeeding year of vehicle life, and except for those commercial zone vehicles specifically provided for in this subdivision, the tax for each of the first eight years of vehicle life shall be 100 percent of the tax imposed in the Minnesota base rate schedule, and during the ninth and succeeding years of vehicle life, the tax shall be 75 percent of the Minnesota base rate prescribed by this subdivision.

A truck with a manufacturer's nominal rated carrying capacity of 2,000 pounds or less, in the 11th or succeeding year of vehicle life, that would conform to the definition of pickup truck except that the

carrying capacity of the truck is greater than 1,500 pounds, the tax shall be the same as for a pickup truck of the same age, taxed under subdivision 1a. Subdivision 1. [DEFINITIONS.] The definitions in this subdivision apply to this section.

(a) "Agency" means the pollution control agency.

(b) "Release" means a release of a hazardous substance or pollutant or contaminant as those terms are defined in section 115B.02, or an unauthorized discharge of pollutants for which any state expenses are recoverable under section 115.071, subdivision 3, clause (a).

(c) "Remedial action" means action to prevent, control, mitigate, or remedy a release or threatened release, including related investigation, preparation, and monitoring activities.

Subd. 2. [NATURE AND AMOUNT OF LIEN.] When an agency takes remedial action that is reasonable and necessary to protect the public health, safety, or the environment, the expenses incurred in taking the remedial action, including administrative and legal expenses, constitute a lien against the real property where the release originated or where the remedial action is taken. The lien is effective upon filing of a notice of lien in the office of the county recorder in the county where the property is located. The lien expires ten years after the date the notice of lien is filed unless, before the date of expiration, the agency files a lien statement under subdivision 6.

[AMOUNT OF LIEN LIMITED; PRIORITY.] Except as provided in subdivisions 4 and 5, the amount of the lien created under this section is limited to any increase in market value of the real property attributable to the remedial action taken, and has priority over all other liens and encumbrances on the real property regardless of when they were recorded, including liens and encumbrances recorded before the effective date of this section.

Subd. 4. [EXCEPTION FOR RESIDENTIAL PROPERTY.] A lien on any real property, the greater part of which is devoted to single or multifamily housing, is subordinate to all other liens and encumbrances recorded before the notice of lien is filed.

Subd. 5. [LIEN WHERE OWNER IS LEGALLY RESPONSIBLE FOR RELEASE.] If the owner of the real property where the release originated, or where the remedial action is taken, is legally responsible for the release, then the following provisions apply:

(a) The amount of the lien is the full amount of the expenses incurred in taking the remedial action, including legal and administrative expenses.

(b) Except as provided in subdivision 4, the lien has priority over all other liens and encumbrances on the real property, regardless of when they were recorded, to the extent of any increase in market value of the real property attributable to the remedial action.

(c) With respect to any amount of a lien that exceeds the increase in market value of the real property attributable to the remedial action or a lien on real property where there is no increase in market value attributable to the remedial action, the lien is subordinate to all other liens and encumbrances recorded before the notice of the lien is filed.

(d) In addition to real property against which a lien may be filed under subdivision 2, the following real property of the same owner is subject to the lien created under this section:

(1) real property contiguous to the property against which the lien may be filed under subdivision 2, if the contiguous property was included in the legal description of the other property within the five years preceding the filing of the notice of lien; and

(2) real property where the substances contained in the release were generated or stored before coming to be located at the property where the release occurred.

Subd. 6. [FILING AND RECORDING; APPRAISAL.] (a) A notice of the lien may be filed after the agency has provided to the owner of the property against which the lien is to be filed, and to any record holder of a first mortgage on the property, notice of the agency's intent to take remedial action and an opportunity to negotiate an agreement with the agency concerning the taking of remedial action and reimbursement of the agency's remedial action expenses. In the case of remedial action to be taken under section 115B.17, the procedures required as a condition of taking action under section 115B.17, subdivision 1, constitute notice and opportunity for negotiation under this subdivision provided that the owner and any record holder of a first mortgage on the property are notified of the requested actions and are afforded an opportunity to negotiate with the agency.

(b) The notice of lien must state the date when remedial action began, the name, address, and telephone number of the agency taking the remedial action, the purpose of the remedial action, the name of the owner, and the legal description of the real property subject to the lien. Within 60 days of filing the notice of lien, the agency shall send a copy of the notice by certified mail to the owner and any holder of a first mortgage on the property.

(c) At any time after expenses have been incurred, a lien statement may be filed showing:

(1) the purpose and amount of the expenses incurred in taking the remedial action;

(2) the name, address, and telephone number of the agency that incurred the expenses;

(3) the amount of any increase in the market value of the real property attributable to the remedial action;

(4) the amount of the lien claim if the owner is legally responsible for the release for which the remedial action was taken; and

(5) the name of the owner and the legal description of the property subject to the lien.

(d) Except for a lien under subdivision 5 against real property where no increase in market value is claimed, an appraisal of the market value of the real property before and after the remedial action must be attached to the lien statement. Any appraisal of the market value of the real property before remedial action must be made before the agency takes the action, other than preparation and investigation, and must take into account the existence and scope of the release for which remedial action will be taken. Appraisals must be performed by a qualified, independent appraiser selected by the agency.

(e) When a notice of lien has been filed but no lien statement has been filed, the agency shall execute a release of the notice upon request of any person with a legal interest in the real property if the agency determines that any claim for expenses incurred in taking the remedial action has been satisfied by payment, agreement, stipulation, or otherwise. After a lien statement has been filed, the agency shall execute a partial or full satisfaction of the lien upon request of any person with a legal interest in the real property if the claim for expenses incurred in taking remedial action has been partially or fully paid.

(f) Notices and statements must be filed in the office of the county recorder of the county in which the real property is located. No attestation, certification, or acknowledgement is required as a condition of filing.

Subd. 7. [ACTION TO CHALLENGE LIEN.] Within 30 days after filing a lien statement, the agency shall serve, in the manner provided for service of pleadings under the rules of civil procedure, a copy of the lien statement and any appraisal on all owners, lien holders, or encumbrancers of record. Any owner, lienholder, or encumbrancer may challenge the amount, validity, or priority of the lien by commencing an action in district court within 60 days after the date of service.

If an action is brought challenging the amount of increase in value of the real property attributable to the remedial action, the court shall appoint commissioners to determine the increase in value and shall make a final determination of the increased value attributable to the remedial action consistent with the provisions for determining value of property as provided in chapter 117, as far as practica-

ble. The agency's certification of expenses shall be prima facie evidence that the expenses are reasonable and necessary. The action provided in this subdivision is the exclusive method of challenging the amount, validity, or priority of a lien for which a lien statement is filed under this section.

Subd. 8. [ENFORCEMENT.] A lien created under this section is enforceable at the time that ownership of property subject to the lien is transferred or in any bankruptcy proceeding in which the property is an asset of the bankrupt estate.

Subd. 9. [OFFICER RESPONSIBLE FOR ADMINISTRATION; DISPOSITION OF PAYMENTS.] The filing, mailing, or serving of a document authorized or required under this section is the responsibility of the director of the agency, or a delegate of the director. Amounts received in payment of claims for expenses incurred in taking remedial action, or in satisfaction of any lien under this section, must be deposited in the fund from which the expenses were paid.

Subd. 10. [OTHER REMEDIES PRESERVED.] Nothing in this section affects the right of the agency to use a remedy available under other law to recover expenses incurred in taking remedial action.

**60A.30 [RENEWAL OF INSURANCE POLICY WITH ALTERED RATES.]**

If an insurance company licensed to do business in this state offers or purports to offer to renew any commercial liability and/or property insurance policy at less favorable terms as to the dollar amount of coverage or deductibles, higher rates, and/or higher rating plan, the new terms, the new rates and/or rating plan may take effect on the renewal date of the policy if the insurer has sent to the policyholder notice of the new terms, new rates and/or rating plan at least ~~30~~ 60 days prior to the expiration date. If the insurer has not so notified the policyholder, the policyholder may elect to cancel the renewal policy within the ~~30-day~~ 60-day period after receipt of the notice. Earned premium for the period of coverage, if any, shall be calculated pro rata upon the prior rate. This subdivision does not apply to ocean marine insurance, accident and health insurance, and reinsurance.

Except as specifically limited in section 60A.30, sections 11 to 14 apply to all commercial liability and/or property insurance policies issued by companies licensed to do business in this state except ocean marine insurance, accident and health insurance, excess insurance, surplus lines insurance, and reinsurance.

Sec. 12. [60A.36] [MIDTERM CANCELLATION.]

Subdivision 1. [REASON FOR CANCELLATION.] No insurer may cancel a policy of commercial liability and/or property insurance during the term of the policy, except for one or more of the following reasons:

- (1) nonpayment of premium;
- (2) misrepresentation or fraud made by or with the knowledge of the insured in obtaining the policy or in pursuing a claim under the policy;
- (3) actions by the insured that have substantially increased or substantially changed the risk insured;
- (4) refusal of the insured to eliminate known conditions that increase the potential for loss after notification by the insurer that the condition must be removed;
- (5) substantial change in the risk assumed, except to the extent that the insurer should reasonably have foreseen the change or contemplated the risk in writing the contract;
- (6) loss of reinsurance by the insurer which provided coverage to the insurer for a significant amount of the underlying risk insured. A notice of cancellation under this clause shall advise the policyholder that the policyholder has ten days from the date of receipt of the notice to appeal the cancellation to the commissioner of commerce and that the commissioner will render a decision as to whether the cancellation is justified because of the loss of reinsurance within five business days after receipt of the appeal;
- (7) a determination by the commissioner that the continuation of the policy could place the insurer in violation of the insurance laws of this state; or
- (8) nonpayment of dues to an association or organization, other than an insurance association or organization, where payment of dues is a prerequisite to obtaining or continuing the insurance. This provision for cancellation for failure to pay dues does not apply to persons who are retired at 62 years of age or older or who are disabled according to social security standards.

Subd. 2. [NOTICE.] Cancellation under subdivision 1, clauses (2) to (8), shall not be effective before 60 days after notice to the policyholder. The notice of cancellation shall contain a specific reason for cancellation as provided in subdivision 1.

A policy shall not be canceled for nonpayment of premium pursuant to subdivision 1, clause (1) unless the insurer, at least ten days before the effective cancellation date, has given notice to the policyholder of the amount of premium due and the due date. The notice shall state the effect of nonpayment by the due date. No cancellation for nonpayment of premium shall be effective if payment of the amount due is made before the effective date in the notice.

Subd. 3. [NEW POLICIES.] Subdivisions 1 and 2 do not apply to any insurance policy that has not been previously renewed if the policy has been in effect less than 90 days at the time the notice of cancellation is mailed or delivered. No cancellation under this subdivision is effective until at least ten days after the written notice to the policyholder.

Subd. 4. [LONGER TERM POLICIES.] A policy may be issued for a term longer than one year or for an indefinite term with a clause providing for cancellation by the insurer for the reasons stated in subdivision 1 by giving notice as required by subdivision 2 at least 60 days before any anniversary date.

**Sec. 13. [60A.37] [NONRENEWAL.]**

Subdivision 1. [NOTICE REQUIRED.] At least 60 days before the date of expiration provided in the policy, a notice of intention not to renew the policy beyond the agreed expiration date must be made to the policyholder by the insurer. If the notice is not given at least 60 days before the date of expiration provided in the policy, the policy shall continue in force until 60 days after a notice of intent not to renew is received by the policyholder.

Subd. 2. [EXCEPTIONS.] This section does not apply if the policyholder has insured elsewhere, has accepted replacement coverage, or has requested or agreed to nonrenewal.

**Sec. 14. [60A.38] [INTERPRETATION AND PENALTIES.]**

Subdivision 1. [SECTIONS NOT EXCLUSIVE.] Sections 11 to 14 are not exclusive, and the commissioner may also consider other provisions of Minnesota law to be applicable to the circumstances or situations addressed by sections 11 to 14. The rights provided by sections 11 to 14 are in addition to and do not prejudice any other rights the policyholder may have at common law, under statute, or rules.

Subd. 2. [PENALTIES.] A violation of any provisions of sections 11 to 14 shall be deemed to be an unfair trade practice in the business of insurance and shall subject the violator to the penalties provided by sections 72A.17 to 72A.32 in addition to any other penalty provided by law.

Subd. 3. [NOTICES REQUIRED.] All notices required by sections 11 to 14 shall only be made by first class mail addressed to the policyholder's last known address or by delivery to the policyholder's last known address. Notice by first class mail is effective upon deposit in the United States mail. In addition to giving notice to the policyholder, the insurer must also give notice to the agent of record, if any, in the manner specified for the policyholder.

Sec. 15. Minnesota Statutes 1986, section 60B.44, subdivision 1, is amended to read:

Subdivision 1. [DEDUCTIBLE PROVISION.] The distribution of claims from the insurer's estate shall be in the order stated in this section with a descending degree of preference for each subdivision. The first \$50 of the amount allowed on each claim in the classes under subdivisions 3 to 7 shall be deducted from the claim and included in the class under subdivision 9. Claims may not be cumulated by assignment to avoid application of the \$50 deductible provision. Subject to the \$50 deductible provision, Every claim in each class shall be paid in full or adequate funds retained for the payment before the members of the next class receive any payment. No subclasses shall be established within any class.

Sec. 16. Minnesota Statutes 1986, section 60B.44, subdivision 4, is amended to read:

Subd. 4. [LOSS CLAIMS; INCLUDING CLAIMS NOT COVERED BY A GUARANTY ASSOCIATION.] All claims under policies or contracts of coverage for losses incurred including third party claims, and all claims against the insurer for liability for bodily injury or for injury to or destruction of tangible property which are not under policies or contracts, except the first \$200 of losses otherwise payable to any claimant under this subdivision. All claims under life insurance and annuity policies, whether for death proceeds, annuity proceeds, or investment values, shall be treated as loss claims. Claims may not be cumulated by assignment to avoid application of the \$200 deductible provision. That portion of any loss for which indemnification is provided by other benefits or advantages recovered or recoverable by the claimant shall not be included in this class, other than benefits or advantages recovered or recoverable in discharge of familial obligations of support or by way of succession at death or as proceeds of life insurance, or as gratuities. No payment made by an employer to an employee shall be treated as a gratuity. Claims not covered by a guaranty association are loss claims. If any portion of a claim is covered by a reinsurance treaty or

similar contractual obligation, that claim shall be entitled to a pro rata share, based upon the relationship the claim amount bears to all claims payable under the treaty or contract, of the proceeds received under that treaty or contractual obligation.

Each individual policy of accident and health insurance and each individual health maintenance contract shall provide the same coverage for maternity benefits to unmarried women and minor female dependents as that provided for married women. If an unmarried insured or an unmarried enrollee is a parent of a dependent child, each individual policy and each individual contract shall also provide the same coverage for that child as that provided for the child of a married insured or a married enrollee choosing dependent family coverage if the insured or the enrollee elects dependent family coverage.

In no event shall the amount of premium or fee contributions charged exceed 102 percent of the cost to the plan for such period of coverage for other similarly-situated spouses and dependent children who are not the survivors of a deceased insured, without regard to whether such cost is paid by the employer or employee. In event of termination by reason of the survivor's failure to make required premium or fee contributions, written notice of cancellation must be mailed to the survivor's last known address at least 30 days before the cancellation. If the coverage is provided under a group policy or plan, any required premium or fee contributions for the coverage shall be paid by the survivor to the group policyholder or contract holder for remittance to the insurer, nonprofit health service plan corporation, or health maintenance organization.

This prior authorization must be based upon the severity of the disorder, the patient's risk of deterioration without ongoing treatment and maintenance, degree of functional impairment, and a concise treatment plan. Authorization for extended treatment may not exceed a maximum of 30 visit hours during any 12-month benefit period.

For purposes of this section, covered treatment for a minor shall include treatment for the family if family therapy is recommended by a provider listed above in clause (1), (2) or (3).

Sec. 2. Minnesota Statutes 1986, section 290.06, is amended by adding a subdivision to read:

Subd. 20. [LOW INCOME HOUSING CREDIT.] A taxpayer may take as a credit against the tax due under this chapter an amount equal to the low income housing credit for which the taxpayer is eligible pursuant to section 42 of the Internal Revenue Code of 1986, as amended through December 31, 1986, for the taxable year. The taxpayer's tax under this chapter shall be increased for any taxable year in which a recapture is required under section 42(j) of the Internal Revenue Code of 1986, as amended through December 31, 1986, by the amount of the federal recapture for that taxable year.

Sec. 3. Minnesota Statutes 1986, section 429.061, subdivision 2, is amended to read:

Subd. 2. [ADOPTION; INTEREST.] At such meeting or at any adjournment thereof the council shall hear and pass upon all objections to the proposed assessment, whether presented orally or in writing. The council may amend the proposed assessment as to any parcel and by resolution adopt the same as the special assessment against the lands named in the assessment roll. Notice of any adjournment of the hearing shall be adequate if the minutes of the meeting so adjourned show the time and place when and where the hearing is to be continued.

The council may consider any objection to the amount of a proposed assessment as to a specific parcel of land at an adjourned hearing upon further notice to the affected property owner as it deems advisable. At the adjourned hearing the council or a committee of it may hear further written or oral testimony on behalf of the objecting property owner and may consider further written or oral testimony from appropriate city officials and other witnesses as to the amount of the assessment. The council or committee shall prepare a record of the proceedings at the adjourned hearing and written findings as to the amount of the assessment. The amount of the assessment as finally determined by the council shall become a part of the adopted assessment roll. No appeal may be taken as to the amount of any assessment adopted under this section unless written objection signed by the affected property owner is filed with the municipal clerk prior to the assessment hearing or presented to the presiding officer at the hearing. All objections to the assessments not received at the assessment hearing in the manner prescribed by this subdivision are waived, unless the failure to object at the assessment hearing is due to a reasonable cause.

If the adopted assessment differs from the proposed assessment as to any particular lot, piece, or parcel of land, the clerk must mail to

the owner a notice stating the amount of the adopted assessment. Owners must also be notified by mail of any changes adopted by the council in interest rates or prepayment requirements from those contained in the notice of the proposed assessment.

The assessment, with accruing interest, shall be a lien upon all private and public property included therein, from the date of the resolution adopting the assessment, concurrent with general taxes; but the lien shall not be enforceable against public property as long as it is publicly owned, and during such period the assessment shall be recoverable from the owner of such property only in the manner and to the extent provided in section 435.19. ~~Except as provided below~~ Unless otherwise provided in the resolution, all assessments shall be payable in equal annual installments extending over such period, not exceeding 30 years, as the resolution determines, payable on the first Monday in January in each year, but the number of installments need not be uniform for all assessments included in a single assessment roll if a uniform criterion for determining the number of installments is provided by the resolution. The first installment of each assessment shall be included in the first tax rolls completed after its adoption and shall be payable in the same year as the taxes contained therein; except that the payment of the first installment of any assessment levied upon unimproved property may be deferred until a designated future year, or until the platting of the property or the construction of improvements thereon, upon such terms and conditions and based upon such standards and criteria as may be provided by resolution of the council. If special assessments against the property have been deferred pursuant to this subdivision, the governmental unit shall file with the county recorder in the county in which the property is located a certificate containing the legal description of the affected property and of the amount deferred. In any event, every assessment the payment of which is so deferred, when it becomes payable, shall be divided into a number of installments such that the last installment thereof will be payable not more than 30 years after the levy of the assessment. All assessments shall bear interest at such rate as the resolution determines, not exceeding eight percent per annum, except that the rate may in any event equal the average annual interest rate on bonds issued to finance the improvement for which the assessments are levied. To the first installment of each assessment shall be added interest on the entire assessment from a date specified in the resolution levying the assessment, not earlier than the date of the resolution, until December 31 of the year in which the first installment is payable, and to each subsequent installment shall be added interest for one year on all unpaid installments; or alternatively, any assessment may be made payable in equal annual installments including principal and interest, each in the amount annually required to pay the principal over such period with interest at such rate as the resolution determines, not exceeding the maximum period and rate specified above. In the latter event no prepayment shall be accepted under subdivision 3 without payment of all installments due to and including December 31 of the year of

prepayment, together with the original principal amount reduced only by the amounts of principal included in such installments, computed on an annual amortization basis. When payment of an assessment is deferred, as authorized in this subdivision, interest thereon for the period of deferment may be made payable annually at the same times as the principal installments of the assessment would have been payable if not deferred; or interest for this period may be added to the principal amount of the assessment when it becomes payable; or, if so provided in the resolution levying the assessment, interest thereon to December 31 of the year before the first installment is payable may be forgiven.

Sec. 4. Minnesota Statutes 1986, section 462.445, subdivision 1, is amended to read:

Subdivision 1. [SCHEDULE OF POWERS.] An authority shall be a public body corporate and politic and shall have all the powers necessary or convenient to carry out the purposes of sections 462.415 to 462.705 (but not the power to levy and collect taxes or special assessments except as provided in sections 462.515 to 462.545 with respect to redevelopment projects only) including the following powers in addition to others granted in these sections:

(1) To sue and be sued; to have a seal, which shall be judicially noticed, and to alter the same at pleasure; to have perpetual succession; and to make, and from time to time to amend and repeal, rules and regulations not inconsistent with these sections;

(2) To employ an executive director, technical experts, and such officers, agents, and employees, permanent and temporary, as it may require, and determine their qualifications, duties, and compensation; for such legal services as it may require, to call upon the chief law officer of the municipality or to employ its own counsel and legal staff; so far as practicable, to use the services of local public bodies, in its area of operation, such local public bodies, if requested, to make such services available;

(3) To delegate to one or more of its agents or employees such powers or duties as it may deem proper;

(4) Within its area of operation to undertake, prepare, carry out, and operate projects and to provide for the construction, reconstruction, improvement, extension, alteration, or repair of any project or part thereof;

(5) Subject to the provisions of section 462.511, to give, sell, transfer, convey, or otherwise dispose of real or personal property or any interest therein and to execute such leases, deeds, conveyances, negotiable instruments, purchase agreements, and other contracts or instruments, and take such action, as may be necessary or convenient to carry out the purposes of these sections;

(6) Within its area of operation to acquire real or personal property or any interest therein by gifts, grant, purchase, exchange, lease, transfer, bequest, devise, or otherwise, and by the exercise of the power of eminent domain, in the manner provided by Minnesota Statutes 1945, chapter 117, and any amendments thereof or supplements thereto, to acquire real property which it may deem necessary for its purposes under these sections, after the adoption by it of a resolution declaring that the acquisition of the real property is necessary to eliminate one or more of the conditions found to exist in the resolution adopted pursuant to section 462.425 or found to exist by section 462.415, subdivision 5, or is necessary to carry out a redevelopment project as defined in section 462.421, subdivision 13;

(7) Within its area of operation, and without the adoption of an urban renewal plan, to acquire, by all means as set forth in clause (6) of this subdivision, including by the exercise of the power of eminent domain, in the manner provided by chapter 117, and without the adoption of a resolution provided for in subdivision 1, clause (6), real property, and to demolish, remove, rehabilitate or reconstruct the buildings and improvements or construct new buildings and improvements thereon, or to so provide through other means as set forth in Laws 1974, chapter 228, or to grade, fill and construct foundations or otherwise prepare the site for improvements, and to dispose of said property pursuant to section 462.525, provided that the provisions of section 462.525 requiring conformance to an urban renewal plan shall not apply, and to finance such activities by means of the redevelopment project fund or by means of tax increments or tax increment bonds or by the methods of financing provided for in section 462.545 or by means of contributions from the municipality provided for in section 462.581, clause (9), or by any combination of such means; provided that, real property with buildings or improvements thereon shall only be acquired when the buildings or improvements are substandard; and provided further that the exercise of the power of eminent domain under this clause shall be limited to real property which contains buildings and improvements which are vacated and substandard. For the purpose of this subparagraph, substandard buildings or improvements mean buildings or improvements that are dilapidated or obsolescent, faultily designed, lack adequate ventilation, light, or sanitary facilities, or any combination of these or other factors that are detrimental to the safety or health of the community; or is a hazardous building as defined in section 463.15, subdivision 3.

(8) Within its area of operation to determine the level of income constituting low or moderate family income. Such income level shall be that level below which there is not available within the area of operation a substantial supply of decent, safe and sanitary housing provided by private enterprise without subsidy at prices or rents within the financial means of persons and families of such incomes. The authority may establish various income levels for various family sizes. In making its determination the authority may consider

income levels which may be established by the federal housing administration or a similar or successor federal agency for the purpose of federal loan guarantees or subsidies for persons of low or moderate income. The authority may use such determination as a basis for the maximum amount of income for admissions to housing development projects owned or operated by it;

(9) To provide in federally assisted projects such relocation payments and assistance as may be necessary to comply with the requirements of the Federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, and any amendments or supplements thereto.

#### Sec. 5. [FINDINGS AND PURPOSE.]

The legislature finds that certain neighborhoods in the cities of Minneapolis and Saint Paul are socially and economically distressed and physically blighted. The distressed and blighted nature of these neighborhoods is an economic and social crisis that affects the social and economic health of Minneapolis and Saint Paul, the metropolitan area, and the entire state. The distressed and blighted nature of these neighborhoods is evidenced by substandard, deteriorating, and vacant housing and commercial properties, declining property values, high crime rates, unemployment, poverty, and other adverse social and economic conditions.

The legislature further finds that the cities of Minneapolis and Saint Paul must build upon their past progress and intensify their efforts to revitalize distressed neighborhoods, and that the cities are unable to bear the sole financial burden for revitalizing their distressed neighborhoods due in part to the declining availability of federal funds and other resources. Therefore, the effort to revitalize distressed neighborhoods must include participation by state government and by organizations and individuals in the private and nonprofit sectors.

The public funds made available by this act should be used primarily to benefit those households with income less than 50 percent of the household median income for the Minneapolis and Saint Paul standard metropolitan statistical area. The two needs that these households require are jobs at sufficient wages to meet living needs and suitable housing at affordable costs. It is therefore a valid purpose for the state to assist the cities to preserve and promote the health, welfare, and safety of its low income citizens by providing funds for the preservation, improvement, expansion, and creation of housing and commercial properties serving, employing, or benefiting low income residents. It is not the purpose of this act to foster destruction of existing housing stock or commercial properties in the absence of plans for the relocation of current residents and replacement of commercial opportunities or lost housing units.

The purpose and intent of the Minneapolis and Saint Paul urban revitalization action act is to provide state assistance to a comprehensive effort by the cities of Minneapolis and Saint Paul to revitalize the most distressed neighborhoods in their cities. It is not the intent of this act to provide state assistance in order to replace funding from sources already available to the city, but rather to provide additional resources for carrying out the purposes of this act.

Sec. 6. [DEFINITIONS.]

Subdivision 1. [TERMS DEFINED.] For the purposes of sections 6 to 14, the following terms have the meaning given them.

Subd. 2. [CITY.] "City" means the city of Minneapolis or the city of Saint Paul. For each city, any port authority, housing and redevelopment authority, or other agency or instrumentality, the jurisdiction of which is the territory of either city, shall be included within the meaning of city.

[LOST UNIT.] "Lost unit" means a rental housing unit that is lost as a result of revitalization activities because it is demolished, converted to an owner-occupied unit which is not a cooperative, converted to a nonresidential use, or if the gross rent to be charged exceeds 125 percent of the gross rent charged for the unit six months prior to the start of rehabilitation.

Subd. 6. [TARGETED NEIGHBORHOOD.] "Targeted neighborhood" means an area including one or more census tracts as determined and measured by the Bureau of Census of the United States Department of Commerce that meet the criteria of section 7, subdivision 2, and any additional area designated under section 7, subdivision 3.

#### Sec. 7. [DESIGNATION OF TARGETED NEIGHBORHOODS.]

Subdivision 1. [CITY AUTHORITY.] A city may by resolution designate targeted neighborhoods within its borders after adopting detailed findings that the designated neighborhoods meet the eligibility requirements set forth in subdivisions 2 and 3.

Subd. 2. [ELIGIBILITY REQUIREMENTS FOR TARGETED NEIGHBORHOODS.] An area within a city is eligible for designa-

tion as a targeted neighborhood if the area meets two of the following three requirements:

(a) The area had an unemployment rate that was twice the unemployment rate for the Minneapolis and Saint Paul standard metropolitan statistical area as determined by the 1980 federal decennial census.

(b) The median household income in the area was equal to or less than 50 percent of the median household income for the Minneapolis and Saint Paul standard metropolitan statistical area as determined by the 1980 federal decennial census.

(c) The area is characterized by residential dwelling units in need of substantial rehabilitation. An area qualifies under this clause if (1) 25 percent or more of the residential dwelling units are in substandard condition as determined by the city; or (2) 70 percent or more of the residential dwelling units in the area were built before 1940 as determined by the 1980 federal decennial census.

Subd. 3. [ADDITIONAL AREA ELIGIBLE FOR INCLUSION IN TARGETED NEIGHBORHOOD.] The city may add to the area designated as a targeted neighborhood under subdivision 2 additional area extending up to four contiguous city blocks in all directions from the designated targeted neighborhood. For the purpose of this subdivision, "city block" shall have the meaning determined by the city.

Sec. 8. [TARGETED NEIGHBORHOOD REVITALIZATION AND FINANCING PROGRAM REQUIREMENTS.]

Subdivision 1. [COMPREHENSIVE REVITALIZATION AND FINANCING PROGRAM.] For each targeted neighborhood for which a city requests state financial assistance under section 11, the city must prepare a comprehensive revitalization and financing program that includes the following:

(1) the revitalization objectives of the city for the targeted neighborhood;

(2) the specific activities or means by which the city intends to pursue and implement the revitalization objectives;

(3) the extent to which the activities identified in clause (2) will benefit low and moderate income families, will alleviate the blighted condition of the targeted neighborhood, or otherwise assist in the revitalization of the targeted neighborhood;

(4) a statement of the intended outcomes to be achieved by implementation of the revitalization program, how the outcomes

will be measured both qualitatively and quantitatively, and the estimated time over which they will occur; and

(5) a financing program and budget that identifies the financial resources necessary to implement the revitalization program. The financing program and budget must include the following items:

(i) the estimated total cost to implement the revitalization program;

(ii) the estimated cost to implement each activity in the revitalization program identified in clause (2);

(iii) the estimated amount of financial resources that will be available from all sources other than from the appropriation available under section 9 to implement the revitalization program;

(iv) the estimated amount of the appropriation available under section 9 that will be necessary to implement the revitalization program;

(v) a description of the activities identified in the revitalization program for which the state appropriation will be used and the time or times at which the state appropriation will be committed or expended; and

(vi) a statement of how the city intends to meet the requirement for a financial contribution matching the state appropriation from city matching funds in accordance with section 9, subdivision 3.

Subd. 2. [TARGETED NEIGHBORHOOD PARTICIPATION IN REVITALIZATION PROGRAM DEVELOPMENT.] The city must develop a process to consult the residents in the targeted neighborhood concerning the development, drafting, and implementation of the revitalization program. The process may include the establishment of an advisory board in each city as provided for in subdivision 2a to assist the city in implementing the urban revitalization action act. The process must include at least one public hearing, in addition to any public hearing held by the advisory board, to be held within the targeted neighborhood to describe urban revitalization action programs prior to the development or drafting of a revitalization program for it. Any comments received by the city within 30 days after the public hearing in the targeted neighborhood must be reviewed and a written response provided to the individual or organization who initiated the comment. The response and comments shall be addressed in the public hearing by the city prior to approval for the program. Notice of the hearing must be provided to individuals and groups in the targeted neighborhood not less than ten days nor more than 30 days before the hearing by a newspaper of general circulation within the targeted neighborhood and by other general means of communication in the targeted neighborhood. The

city shall provide the necessary staff and other resources to implement the consultation process and to develop, draft, and implement the revitalization program.

Subd. 2a. [ADVISORY BOARD.] The governing body of the city may establish a seven-member advisory board to assist the city in implementing sections 5 to 14. The advisory board shall consist of one city council member appointed by the city council, one county commissioner appointed by the county board of the county in which the city is located, two legislators appointed by the city legislative delegation, and three residents who reside in a targeted neighborhood appointed by the city council. The advisory board shall advise the city on the preparation of the revitalization program including the conversion from absent-owner rental housing to home ownership, the promotion of commercial and industrial growth in targeted neighborhoods, and the integration of human service programs and the redevelopment in targeted neighborhoods.

Subd. 3. [PRELIMINARY CITY REVIEW; STATE AGENCY AND METROPOLITAN COUNCIL REVIEW.] Before adoption of the revitalization program under subdivision 4, the city must submit a draft program to the state planning agency, the department of energy and economic development, the Minnesota housing finance agency, and the metropolitan council for their comment. At the time of the submission of the draft program, the city shall publish a notice of the availability of the draft program for public review in a newspaper of general circulation within the targeted neighborhood and by other general means of communication in the targeted neighborhood. The city may not adopt the revitalization program until comments have been received from the state agencies and the metropolitan council or 30 days have elapsed without response after the program was sent to them. Any comments received by the city from the state agencies or the metropolitan council within the 30-day period must be responded to in writing by the city before adoption of the program by the city.

Subd. 4. [CITY APPROVAL.] The city may adopt the revitalization program only after holding a public hearing after the program has been prepared. Notice of the hearing must be provided in a newspaper of general circulation in the city and in the targeted neighborhood not less than ten days nor more than 30 days prior to the date of the hearing.

Subd. 5. [CERTIFICATION TO DEPARTMENT OF ENERGY AND ECONOMIC DEVELOPMENT.] A certification by the city that a revitalization program has been approved by the city council for the targeted neighborhood must be provided to the community development division of the department of energy and economic development together with a copy of the program. Copies of the program must also be provided to the state planning agency, the Minnesota housing finance agency, and the metropolitan council.

Subd. 6. [REVITALIZATION PROGRAM MODIFICATION.] The revitalization program may be modified at any time by the city council after a public hearing, notice of which is published in a newspaper of general circulation in the city and in the targeted neighborhood not less than ten days nor more than 30 days before the date of the hearing. If the city council determines that the proposed modification is a significant modification to the program originally certified under subdivision 5, it must implement the revitalization program approval process of subdivisions 2 to 5 for the proposed modification. If the proposed modification will require an increase in the amount of state appropriation available under section 9 for the revitalization program, the state planning agency, the department of energy and economic development, the Minnesota housing finance agency, and the metropolitan council must be notified and afforded an opportunity to comment on it in accordance with subdivision 3. Any modification to the revitalization program must be certified to the community development division of the department of energy and economic development as provided in subdivision 5.

**Sec. 9. [DISBURSEMENT; CITY MATCH; DRAWDOWN; USES OF STATE FUNDS.]**

Subdivision 1. [DISBURSEMENT OF STATE FUNDS.] Upon receipt from a city of the certification that a revitalization program has been adopted or modified, the community development division of the department of energy and economic development must, within 30 days, disburse to the city the amount of state funds identified as necessary to implement the revitalization program or program modification. State funds may be disbursed to the city only to the extent that the appropriation limit for the city specified in subdivision 2 is not exceeded. Once the state funds have been disbursed to the city, they shall become targeted neighborhood funds for use by the city in accordance with an adopted revitalization program and subject only to the restrictions on their use contained in this act and in the revitalization program.

Subd. 2. [FUND DISBURSEMENT.] A city may receive a part of the appropriations made available that is the proportion that the population of that city bears to the total population of both Minneapolis and Saint Paul. One city may agree to reduce its entitlement amount so that the other may receive an amount in excess of its entitlement amount. The population of each city for the purposes of this subdivision shall be determined according to the most recent estimates available to the community development division of the department of energy and economic development. Any interest earned by a city from funds disbursed to the city must be rebated to the community development division of the department of energy and economic development annually unless the revitalization program identifies the interest as necessary to implement the revital-

ization program and the requirement for city matching funds is satisfied with respect to the interest.

Subd. 3. [CITY MATCHING FUNDS; DRAWDOWN OF STATE FUNDS; RESTRICTION ON USE OF STATE FUNDS.] A city may expend state funds only if the revitalization program identifies city matching funds to be used to implement the program in an amount equal to the state appropriation. A city must keep the state funds in a segregated fund for accounting purposes. No state funds shall be used to pay the general administrative expenses of a city that are incurred in connection with the planning or implementation of sections 5 to 14.

Sec. 10. [CITY POWERS AND ELIGIBLE USES OF TARGETED NEIGHBORHOOD FUNDS.]

Subdivision 1. [CONSOLIDATION OF EXISTING POWERS IN TARGETED NEIGHBORHOODS.] A city may exercise any of its corporate powers within a targeted neighborhood including, but not limited to, all of the powers enumerated and granted by chapters 458, 462, 462C, 472, 472A, and 474. For the purposes of chapter 458, a targeted neighborhood shall be considered an industrial development district. A city may exercise the powers of chapter 458 in conjunction with, and in addition to, exercising the powers granted by chapters 462 and 462C in order to promote and assist housing construction and rehabilitation within a targeted neighborhood. For the purposes of section 462C.02, subdivision 9, a targeted neighborhood shall be considered a "targeted area."

Subd. 2. [GRANTS AND LOANS.] In addition to the authority granted by other law, a city may make grants and loans to individuals, for profit and nonprofit corporations, and other organizations to implement a revitalization program. The grants and loans shall contain the terms concerning use of funds, repayment, and other conditions the city deems proper to implement a revitalization program.

Subd. 3. [ELIGIBLE USES OF TARGETED NEIGHBORHOOD FUNDS.] The city may expend targeted neighborhood funds for any purpose authorized by subdivision 1 or 2. Any use of targeted neighborhood funds must be authorized by a revitalization program.

Sec. 11. [DELAYED VALUATION OF IMPROVEMENTS.]

Subdivision 1. [VALUATION INCREASE DELAYED.] Notwithstanding other provisions of law relating to assessed valuation of real property, the assessed valuation of property described in subdivision 2 based on the qualified improvements made during rehabilitation of a building on the property may not be increased during the rehabilitation year or any of the following five years. After the fifth

year following rehabilitation, the property shall be valued as other property in the same property class in that taxing district.

Subd. 2. [ELIGIBLE PROPERTY.] To be eligible for the valuation increase delay authorized in subdivision 1, (1) the property must be located in a designated targeted neighborhood as defined in section 6, and (2) the city must have certified that the revitalization and financing program for that neighborhood has been completed as required in section 8.

Subd. 3. [QUALIFIED IMPROVEMENTS.] To qualify for the valuation increase delay authorized in subdivision 1, the improvements to the eligible property must (1) be completed within one year after the issuance of the building permit for the improvements, and (2) not be recreational in character including, but not limited to, swimming pools, tennis courts, and hot tubs.

Subd. 4. [ASSESSOR.] The owner of the property must apply to the assessor prior to undertaking the rehabilitation. The application must include a description of the proposed rehabilitation project, an estimate of the cost of the project, and a projected completion date for the project. The assessor must determine if the property meets the eligibility requirements established in subdivision 2. The assessor shall maintain records of the location and number of eligible buildings having qualified improvements.

Subd. 5. [GENERAL INCREASES IN VALUATION.] Any increase in value of property which results from causes other than qualified improvements which are part of the project description provided to the assessor shall be added to the assessed valuation of the building.

## Sec. 12. [HAZARDOUS BUILDING PENALTY.]

A city may assess a penalty equal to one percent of the assessed value of a building located in a targeted neighborhood defined in section 6 that the city determined to be hazardous as defined in section 463.15, subdivision 3. If the owner of the building has not paid the penalty within 30 days after receiving notice of the penalty, the penalty shall be considered delinquent. For the purposes of this section, a penalty which is delinquent shall be considered as a delinquent property tax and subject to chapters 279, 280, and 281 in the same manner as delinquent property taxes.

## Sec. 13. [ANNUAL AUDIT AND REPORT.]

Subdivision 1. [ANNUAL FINANCIAL AUDIT.] At the end of each calendar year beginning in 1988, the legislative auditor shall conduct a financial audit to review the spending of state funds under sections 5 to 14. Before spending any state funds to implement a revitalization program, the city must consult the legislative auditor

to determine appropriate accounting methods and principles that will assist the legislative auditor in conducting its financial audit. The results of the financial audit must be submitted to the legislative audit commission, the state planning agency, the department of energy and economic development, the Minnesota housing finance agency, and the metropolitan council.

Subd. 2. [ANNUAL REPORT.] A city that begins to implement a revitalization program in any calendar year must, by March 1 of the succeeding calendar year, provide a detailed report on the revitalization program or programs being implemented in the city. The report must describe the status of the program implementation and analyze whether the intended outcomes identified in section 8, subdivision 1, clause (4), are being achieved. The report must include at least the following:

(a) The number of housing units removed, created, lost, replaced, relocated, and assisted as a result of the program. The level of rent of the units and the income of the households affected must be included in the report.

(b) The number and type of commercial establishments removed, created, and assisted as a result of a revitalization program. The report must include information regarding the number of new jobs created by category, whether the jobs are full time or part time, and the salary or wage levels of both new and expanded jobs in the affected commercial establishments.

(c) A description of a statement of the cost of the public improvement projects that are part of the program and the number of jobs created per each \$20,000 of funds expended on commercial projects and applicable public improvement projects.

(d) The increase in the assessed valuation for the city as a result of the assistance to commercial and housing assistance.

(e) The amount of private investment that is a result of the use of public funds in a targeted neighborhood.

The report must be submitted to the state planning agency, the department of energy and economic development, the Minnesota housing finance agency, the metropolitan council, and the legislative audit commission, and must be available to the public.

"Subd. 8. [ADDITIONAL ENTERPRISE ZONE ALLOCATIONS.]  
(a) In addition to tax reductions authorized in subdivision 7, the commissioner may allocate \$600,000 for tax reductions pursuant to section 172, subdivisions 1 to 8, to hardship area zones or border city zones. Of this amount, a minimum of \$200,000 must be allocated to an area added to an enterprise zone pursuant to Laws 1986, chapter 465, article 2, section 3. Allocations made pursuant to this subdivision may not be used to reduce a tax liability, or increase a tax refund, prior to July 1, 1987. Limits on the maximum allocation to a zone imposed by subdivision 7 do not apply to allocations made under this subdivision.

(b) A city encompassing an enterprise zone, or portion of an enterprise zone, qualifies for an additional allocation under this subdivision if the following requirements are met:

(1) the city encompassing an enterprise zone, or portion of an enterprise zone, has signed contracts with qualifying businesses that commit the city's total initial allocation received pursuant to subdivision 7; and

(2) the city encompassing an enterprise zone, or portion of an enterprise zone, submits an application to the commissioner requesting an additional allocation for tax reductions authorized by section 172, subdivisions 1 to 8. The application must identify a specific business expansion project which would not take place but for the availability of enterprise zone tax incentives.

(c) The commissioner shall use the following criteria when determining which qualifying cities shall receive an additional allocation

under this subdivision and the amount of the additional allocation the city is to receive:

(1) additional allocations to qualifying cities under this subdivision shall be made within 60 days of receipt of an application;

(2) applications from cities with the highest level of economic distress, as determined using criteria listed in section 169, subdivision 4, paragraph (a), clauses (1) to (5), shall receive priority for an additional allocation under this subdivision;

(3) if the commissioner determines that two cities submitting applications within one week of each other have equal levels of economic distress, the application from the city with the business prospect which will have the greatest positive economic impact shall receive priority for an additional allocation. Criteria used by the commissioner to determine the potential economic impact a business would have shall include the number of jobs created and retained, the amount of private investment which will be made by the business, and the extent to which the business would help alleviate the economic distress in the immediate community; and

(4) the commissioner shall determine the amount of any additional allocation a city may receive. The commissioner shall base the amount of additional allocations on the commissioner's determination of the amount of tax incentives which are necessary to ensure the business prospect will expand in the city. No single allocation under this subdivision may exceed \$100,000. No city may receive more than \$250,000 under this subdivision."
