H. F. No. 297, A bill for an act relating to real property; creating a lien against real property for expenses incurred by agencies or political subdivisions in taking action to protect public health, safety, or the environment with respect to the release of substances; providing for filing, enforcement, and appeal of the lien; proposing coding for new law in Minnesota Statutes, chapter 514.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

“Section 1. [514.675] [LIEN FOR EXPENSES OF ACTIONS TO PROTECT PUBLIC HEALTH, SAFETY, OR THE ENVIRONMENT.]

Subdivision 1. [DEFINITIONS.] The definitions in this subdivision apply to this section unless the context clearly requires otherwise.

(a) “Agency” means the pollution control agency.

(b) “Release” means a release of a hazardous substance or pollutant or contaminant as those terms are defined in section 115B.02, or a discharge of pollutants subject to the requirements of section 115.061.

(c) “Remedial action” means action to prevent, control, mitigate, or remedy a release or threatened release, including related investigation, preparation, and monitoring activities.

Subd. 2. [LIEN CREATED; EXPIRATION.] When the agency takes remedial action that is reasonable and necessary to protect the public health, safety, or the environment, all expenses incurred by the agency in taking the remedial action, including administrative and legal expenses, constitute a lien against the real property owned by any person who is legally responsible for the release. The lien is effective upon filing of a notice of lien in the office of the county recorder or the registrar of titles in the county where the property is located. The lien expires ten years after the date the notice of lien is filed unless, before the date of expiration, the agency perfects the lien by filing a lien statement as provided in subdivision 5. If the agency determines that remedial action has been completed and that the remedial action is adequate to protect the public health, safety, and environment, no lien under this section may attach to the property where the remedial action was taken except for expenses of

remedial action required by a release that had not yet occurred or was unknown at the time the determination was made.

Subd. 3. [RELATIONSHIP TO OTHER LIENS.] (a) Except as provided in paragraph (c), and to the extent of any increase in market value of the real property attributable to the remedial action, the lien has priority over all other liens and encumbrances on the real property, regardless of when recorded, including liens and encumbrances recorded before the effective date of this section.

(b) With respect to any amount of a lien that exceeds the increase in market value of the real property attributable to the remedial action or a lien on real property where there is no increase in market value attributable to the remedial action, the lien is subordinate to all other liens and encumbrances recorded or arising before the notice of the lien is filed.

(c) A lien on any real property, the greater part of which is devoted to single or multifamily housing, is subordinate to all other liens and encumbrances recorded or arising before the notice of lien is filed.

Subd. 4. [PROPERTY SUBJECT TO LIEN.] The following real property owned by a person who is legally responsible for the release is subject to the lien created under this section:

(1) real property where the release occurred or where the remedial action is taken;

(2) real property contiguous to the property against which the lien may be filed under clause (1) if, within the five years preceding the filing of the notice of lien, the contiguous property was included in the legal description of the property against which the lien may be filed under clause (1); and

(3) real property where the substances present in the release were generated or stored before coming to be located at the property where the release originated.

Subd. 5. [FILING AND RECORDING; APPRAISAL.] (a) A notice of the lien created by this section may be filed after the agency has provided to the owner of the property against which the lien is to be filed, and to any record holder of a first mortgage on the property, notice of the agency's intent to take remedial action and an opportunity to negotiate an agreement with the agency concerning the taking of remedial action and reimbursement of the agency's remedial action expenses. In the case of remedial action to be taken under section 115B.17, the procedures required as a condition of taking action under section 115B.17, subdivision 1, constitute notice and opportunity for negotiation under this subdivision provided that any record holder of a first mortgage on the property is afforded the

same notice and opportunity to negotiate as that afforded to a legally responsible person.

(b) The notice of lien must state the date when remedial action began, the address and telephone number of the agency, the purpose of the remedial action, the name of the owner, and the legal description of the real property subject to the lien.

(c) At any time after expenses have been incurred, a lien statement may be filed showing (1) the purpose and amount of the expenses incurred in taking the remedial action; (2) the address and telephone number of the agency; (3) the amount of any increase in the market value of the real property attributable to the remedial action; and (4) the name of the owner and the legal description of the property subject to the lien. The filing of a lien statement perfects the lien retroactively to the date on which the notice of lien was filed.

(d) Except for a lien against real property where no increase in market value is claimed, appraisals of the market value of the real property before and after the remedial action shall be attached to the lien statement. Except as otherwise provided in this clause, an appraisal of the market value of the real property shall be made before the agency takes remedial action, and shall take into account the existence and scope of the release for which remedial action will be taken. Appraisals shall be performed by a qualified, independent appraiser selected by the agency. No appraisal is required before any preparation or investigation incident to the remedial action is completed, or before taking remedial action to address an emergency requiring immediate action. In the case of emergency remedial action, the appraisal of market value of the real property before remedial action shall be made as soon as practicable after the remedial action begins.

(e) When a notice of lien has been filed but no lien statement has been filed, the agency shall execute a release of the notice upon request of any person with a legal interest in the real property if the agency determines that any claim for expenses incurred in taking remedial action has been satisfied or that legally enforceable arrangements have been made by agreement, stipulation, or otherwise for taking remedial action or reimbursement of the agency's remedial action expenses. After a lien statement has been filed, the agency shall execute a partial or full satisfaction of the lien upon request of any person with a legal interest in the real property if the claim for expenses incurred in taking remedial action has been partially or fully paid.

(f) Notices and statements shall be filed in the office of the county recorder or the office of the registrar of titles of the county in which the real property is located. No attestation, certification, or acknowledgement is required as a condition of filing.

Subd. 6. [ACTION TO CHALLENGE LIEN.] Within 30 days after filing a lien statement, the agency shall serve a copy of the lien statement upon the owner of the property in the manner provided for service of pleadings under the rules of civil procedure. If the lien statement shows an increase in the market value of the real property attributable to the remedial action, the agency shall serve a copy of the lien statement and appraisals on the owner and all lien holders and encumbrancers of record. The owner, and any holder of a lien or encumbrance that is made subordinate to the lien, may challenge the amount, validity, or priority of the lien by commencing an action in district court within 60 days after the date of service.

If an action is brought challenging the amount of increase in value of the real property attributable to the remedial action the court shall appoint commissioners to determine the increase in value and shall make a final determination of the increased value attributable to the remedial action consistent with the provisions for determining value of property as provided in chapter 117, as far as practicable. The agency's certification of expenses shall be prima facie evidence that the expenses are reasonable and necessary. The action provided in this subdivision is the exclusive method of challenging the amount, validity, or priority of a lien for which a lien statement is filed as provided under this section.

Subd. 7. Subd. 2. [APPLICATION.] The application of the prosecuting authority required by this chapter must contain:

(1) a copy of a criminal complaint issued by a court of competent jurisdiction that alleges the commission of a felony by the account holder;

(2) a statement of the actual financial loss caused by the account holder in the commission of the alleged felony, if not already stated in the complaint; and

(3) identification of the account holder's name or names and bank or financial institution account number or numbers.

Subd. 3. [ISSUANCE OF A COURT ORDER.] If the court is satisfied that (1) there is probable cause that the account holder was involved in the commission of a felony offense; (2) the accounts of the account holder are specifically identified; (3) there was an aggregate loss of \$10,000 or more as a result of the commission of the alleged felony; and (4) it is necessary to freeze the account holder's funds or assets to ensure eventual restitution to victims of the alleged offense, the court may order the bank or financial institution to freeze all or part of the account holder's deposited funds or assets so that the funds or assets may not be withdrawn or disposed of until further order of the court.

Subd. 4. [DUTY OF BANKS OR FINANCIAL INSTITUTIONS.] Upon receipt of the order authorized by this section, a bank or financial institution must not permit any funds or assets that were frozen by the order to be withdrawn or disposed of, absent further order of the court.

(3) that the amount of funds or assets frozen is more than is necessary to pay complete restitution to all victims of the alleged offense;

(4) that a joint account holder who is not involved in the alleged criminal activity has deposited all or part of the funds; or

(5) that the funds or assets should be returned in the interests of justice.

(c) It is not grounds for the release of funds or assets that the particular accounts frozen do not contain funds or assets that were proceeds from or used in the commission of the alleged offense.

This section may be carried out by an appropriate court order to the bank or financial institution that directs that all or part of the frozen funds or assets be turned over to the court or its designee.

The annuity shall be computed as provided in sections 352.115, subdivisions 1, 2, and 3, and 352.116, subdivisions 1 and 3. (2) An employee on layoff or on leave of absence without pay, except a leave of absence for health reasons, who does not return to state service shall have any annuity, deferred annuity or other benefit to which the employee may become entitled computed under the law in effect on the last working day.

(3) No application for a deferred annuity shall be made more than 60 days prior to the time the former employee reaches the required age for entitlement to the payment of the annuity. The deferred annuity shall begin to accrue no earlier than 60 days prior to the

The annuity from each fund shall be determined by the appropriate provisions of the law except that the requirement that a person must have at least ~~ten~~ five years allowable service in the respective system or association shall not apply for the purposes of this section provided the combined service in two or more of these funds equals ~~ten~~ five or more years.

(a) A member with at least ~~ten~~ five years of allowable service or a former member with at least 20 years of allowable service is deemed to have elected a 100 percent joint and survivor annuity payable to a surviving spouse only on or after the date the member or former member attained or would have attained the age of 55.

(b) The surviving spouse of a member who had credit for less than ~~ten~~ five years of service shall receive, for life, a monthly annuity equal to 20 percent of that portion of the average monthly salary of the member from which deductions were made for retirement. If the surviving spouse remarries, the annuity shall cease as of the date of the remarriage.

A dependent child over the age of 18 years and under the age of 22 years also may receive the monthly benefit provided herein, if the child is continuously attending an accredited school as a full-time student during the normal school year as determined by the director. If the child does not continuously attend school but separates from full time attendance during any portion of a school year, the annuity shall cease at the end of the month of separation. In addition, a payment of \$20 per month shall be prorated equally to surviving dependent children when the former member is survived by one or more dependent children. Payments for the benefit of any qualified dependent child shall be made to the surviving spouse, or if there be none, to the legal guardian of the child. The maximum monthly benefit shall not exceed 40 percent of the average monthly salary for any number of children.

(f) If the member shall die under circumstances which entitle the surviving spouse and dependent children to receive benefits under the workers' compensation law, amounts equal to the workers' compensation benefits received by them shall not be deducted from the benefits payable pursuant to this section.

(g) The surviving spouse of a deceased former member who had credit for ~~ten~~ five or more years of allowable service, but excluding the spouse of a former member receiving a disability benefit under the provisions of section 352B.10, clause (3), shall be entitled to receive the 100 percent joint and survivor annuity at such time as the deceased member would have reached the age of 55 years, provided the surviving spouse has not remarried prior to that date. "Section 1. [MINNEAPOLIS TEACHERS RESTRUCTURING OF RETIREMENT BENEFITS; POSTRETIREMENT ADJUSTMENT MECHANISM.]

(a) In accordance with Minnesota Statutes, section 354A.12, subdivision 4, approval is granted for the Minneapolis teachers retirement fund association to amend its articles of incorporation by repealing article IX, subsection (18), authorizing lump sum postretirement adjustments payable to retirees or beneficiaries.

(b) In accordance with Minnesota Statutes, section 354A.12, subdivision 4, if the repeal authorized by paragraph (a) occurs, approval is granted for the Minneapolis teachers retirement fund association to amend or make an addition to its articles of incorporation as follows:

(1) Article IX, subsection (11), authorizing formula retirement annuity benefits, may be amended to authorize all teachers who retired before June 1, 1985, other than persons receiving a money purchase annuity under article IX, subsection (3), receiving a death benefit under article IX, subsection (4), item C, or receiving a total disability benefit under article IX, subsection (5), to receive as of the first day of the month following the effective date of the amendment a recomputed annuity determined according to the 1975

revised formula annuity without regard to the 30-year service limitation applicable to teachers who retired after May 1, 1974, and before June 1, 1985;

(2) Article IX, subsection (14) D, providing an annual automatic annuity increase of 1½ percent to all annuitants who have been receiving an annuity for at least 24 months and who have attained the age of 65 may be amended to increase the annual automatic increase annuity to two percent per fiscal year on January 1, or July 1, whichever applies, and to extend eligibility for that increase annuity to all annuitants who have been receiving an annuity for at least 12 months, irrespective of the attained age of the annuitant;

(3) Article IX, subsection (14), may be amended by adding a provision authorizing an increase in the annuity of any annuitant who retired on or before July 1, 1986, in the amount of four percent of the annuity the member is otherwise eligible to receive on July 1, 1987, including any other increases granted as of that date under articles of incorporation amendments authorized by the section but excluding the annual automatic increase annuity payable under article IX, subsection (14), item D, on July 1, 1987, for each full year that the member has been retired and receiving an annuity, to a maximum of 20 percent;

(4) Article IX, subsection (14), may be amended by adding a provision authorizing payment, as of July 1, 1987, of an increase in a normal retirement annuity, joint and survivor annuity or term certain optional annuity of retired teachers of the positive dollar amount difference between a minimum normal retirement annuity equal to \$25 per month for each full year of teaching service, to a maximum of 30 years, and the amount of the normal retirement annuity, joint and survivor annuity or term certain optional annuity payable on June 1, 1987, to retired teachers who were members of the basic program, who ceased active teaching service in the city public schools, who are receiving a normal retirement annuity and who have not withdrawn a portion of required member deposits upon applying for the normal retirement annuity. If the difference is not a positive dollar amount, no increase shall be payable and no reduction shall be imposed. For persons to whom a remainder portion of a joint and survivor annuity or a term certain optional annuity is payable, a proportional increase is payable; and

(5) Article IX may be amended by adding a new subsection providing for an investment related postretirement adjustment mechanism. An annual postretirement may be paid if there is any excess investment income. The determination shall be made by the board of trustees in consultation with the actuary retained by the legislative commission on pensions and retirement. The fund has excess investment income if the time weighted total rate of return earned by the fund over the most recent three year fiscal year period has exceeded the rate of eight percent or the applicable postretire-

ment interest rate assumption specified in Minnesota Statutes, section 356.215, subdivision 4d, whichever is greater. In determining the total rate of return, the board shall use the formula or formulas established by the state board of investment under Minnesota Statutes, section 11A.04, clause (11) and in effect on January 1, 1987. The amount by which the excess investment income exceeds the minimum interest rate shall be expressed as a percentage and carried to four decimal places. An annual postretirement adjustment is payable to a person who is receiving an annuity under article IX, subsections (8), (9), or (11), or article XI, subsection (5), who is receiving a death benefit under article IX, subsection (4), or who is receiving a joint and survivor annuity or term certain optional annuity under article IX, subsection (2), clauses (b) or (c), and who has received the annuity or benefit in the person's own right or in combination with the initial recipient of the annuity for at least 12 months as of the determination date. The determination date is June 30 and determinations shall be made as soon as practicable after that date. The board of trustees shall determine the percentage amount of the postretirement adjustment payable, but the percentage amount shall not exceed the amount by which the excess investment income exceeds the minimum interest rate. The board of trustees shall include in the provision criteria to govern the exercise of its discretion in determining the instances under which an annual postretirement adjustment of less than the full determined percentage is payable. The annual postretirement adjustment is payable on January 1 following the determination date and is payable for the duration of the annuity or benefit.

Sec. 2. [WITHDRAWAL OF AUTHORITY.]

Sec. 3. [237.52] [CONTINUED REGULATION OF NONCOMPETITIVE, ESSENTIAL SERVICES.]

Subd. 2. [RATE CHANGE PROCEDURES.] A company may change its rates and charges for the following noncompetitive, essential services identified in subdivision 3 by complying with section 237.075 and sections 7 and 8. The commission may also investigate matters related to the provision of these services and make orders relating to the services as may be appropriate under section 237.081.

A telephone company may not discontinue any of these services without the express approval of the commission.

Subd. 4. [OTHER SERVICES.] Services except those identified in subdivision 3 are deemed to be either nonessential or subject to emerging competition unless and until a different determination is made under section 4 or 5, subdivision 7.

Sec. 4. [237.53] [CLASSIFICATION OF COMPETITIVE SERVICES; HEARING.]

Subdivision 1. [PETITION.] A person, or the commission on its own motion, may petition to have a service of a telephone company classified as subject to effective competition or emerging competition. The petition must be served on the commission, the department of public service, the office of the attorney general, and any other person designated by the commission. The petition must contain at least:

(1) a list of the known alternative providers of the service available to the company's customers;

(2) an estimate of the company's current market share;

(3) identification of barriers to entry or exit from the market for the service; and

If an expedited proceeding is requested, the commission must provide interested persons an opportunity to comment on the appropriateness of the process and the merits of the petition.

When an expedited proceeding is requested, the commission must make a final determination within 60 days of the date on which all

required information required pursuant to subdivision 1 is filed, unless during the 60 days the commission finds that a material issue of fact is in dispute in which case it must order a contested case hearing be conducted to evaluate the petition.

Subd. 3. [CONTESTED CASE HEARING.] If a contested case hearing is held under this section, the commission shall make a final determination on the petition within eight months from the date the petitioning party requests a contested case hearing or from the date the commission orders a contested case hearing under subdivision 2. When a contested case hearing is requested in the petition or when the commission acts on its own motion, this deadline may be extended for no more than 60 days by agreement of all parties or by order of the commission if the commission finds that the case cannot be completed within the required time and that without an extension there is substantial probability that the public interest will be harmed.

Subd. 4. [CRITERIA.] (a) In determining whether a service is subject to either effective competition or emerging competition from available alternative services, the commission shall consider and make findings on the following factors:

(1) the number and sizes of alternative providers of service and affiliation to other providers;

(3) the ability of alternative providers to make functionally equivalent or substitute services readily available at competitive rates, terms, and conditions of service;

(4) the market share, the ability of the market to hold prices close to cost, and other economic measures of market power; and

(5) the necessity of the service to the well-being of the customer.

(b) In order for the commission to find a service subject to effective competition the alternative service must be available to over 50 percent of the company's customers for that service.

(c) In order for the commission to find a service subject to emerging competition the alternative service must be available to over 20 percent of the company's customers for that service.

Subd. 5. [BURDEN OF PROOF.] The person that files the petition under subdivision 1 has the burden of proving that competition exists and that classifying the service as other than noncompetitive will serve the public interest.

Subd. 6. [INTERIM RELIEF.] A telephone company that has a petition pending before the commission under this section to declare a service competitive may decrease its price for that service without

notice while the commission considers the petition. A company must provide an incremental cost study if requested by the commission. The commission shall suspend a company's right under this subdivision to decrease rates if, after an expedited hearing conducted under subdivision 2, the commission finds that the service is being priced below cost, or that the company has within the previous 12 months charged customers interim rates under this subdivision for the same service, and that service was determined by the commission to be noncompetitive.

Sec. 5. [237.54] [EFFECTIVE COMPETITION.]

Subdivision 1. [RATE CHANGE; EFFECTIVE COMPETITION.] A company whose service has been determined to be subject to effective competition may decrease the rate for that service effective without notice to its customers or the commission, and may increase the rate for that service effective upon notice to its customers at least one billing cycle in advance of the increase. A company whose service is declared subject to effective competition is not subject to the requirements of section 237.07 for that service. When an interLATA long distance service is classified as subject to effective competition, it must be so classified for all providers of that service.

Subd. 2. [RATE CHANGE; EMERGING COMPETITION.] A company must file a price list for nonessential services and services subject to emerging competition with the public utilities commission and the department of public service. Price lists must contain the rates, toll, and charges for every kind of service together with the rules, regulations, and classifications used in conducting the telephone business. This chapter does not prohibit a telephone company from including limitations on liability as terms or conditions in the price lists. A company may decrease the rate for a nonessential service or service subject to emerging competition that is listed in the price list, effective ten days after filing a new price list with the commission. A company may increase the rate for a nonessential service or a service subject to emerging competition effective 30 days after notice is given to affected customers, the commission, and the department. The notice to the commission and the department for a rate increase must include an incremental cost study supporting the increase. The department shall investigate an increase or decrease in rates and report its findings to the commission. The commission may, after a contested case hearing or an expedited hearing under section 4, subdivision 2, order price adjustments retroactive to the date the price change went into effect and order the company to make necessary refunds to affected customers if the commission finds that the price charged by the company is excessive. A refund must be ordered within ten months of the date of the notice of the rate change.

Subd. 3. [DISCRIMINATION.] No telephone company shall offer telecommunications service within the state upon terms or rates

that are unreasonably discriminatory. No telephone company shall unreasonably limit its service offerings to particular geographic areas unless facilities necessary for the service are not available and cannot be made available at reasonable costs. The rates of a telephone company must be the same in all geographic locations of the state unless for good cause the commission approves different rates. A company that offers long-distance services shall charge uniform rates and charges on all long-distance routes and in all geographic areas in the state where it offers the services. However, a company may offer or provide volume discounts in connection with intrastate long-distance services and may pass through any state, municipal, or local taxes in the specific geographic areas from which the taxes originate. Nothing in this subdivision authorizes a telephone company to provide service outside of its franchised service area except as provided in section 237.16.

Subd. 4. [COST OF SERVICE.] Prices or rates charged for competitive services must cover the incremental costs of providing the service. If a telephone company provides both local service and long distance toll services, that company shall, in determining the cost of toll, include at least the same level of contribution to common and joint costs as is contained in the access charges to other telephone companies. The company may do so on an aggregate basis, instead of on a time or mileage band basis.

Subd. 5. [REPORTING REQUIREMENTS; EXCEPTION.] A telephone company that offers only competitive services is not subject to the accounting and reporting requirements of this chapter unless otherwise ordered by the commission for good cause. A telephone company that offers both competitive and noncompetitive services is not subject to the reporting requirements with regard to its effective competition services.

Subd. 6. [COMPLAINTS.] Competitive and nonessential services are subject to the complaint procedures of section 237.081. In a complaint proceeding, the company providing the service bears the burden of proving that the prices charged cover its incremental costs and a reasonable contribution to the common and joint costs of the company and are fair, just, and reasonable.

Subd. 7. [REGULATION REINSTATED.] The commission, on its own motion or upon complaint, shall reclassify a service as noncompetitive or as subject to emerging competition and reinstate, in whole or in part, rate regulation of the service, if, after notice and hearing, the commission finds either:

(1) that the competitive market for that service, on review of the criteria found in section 4, subdivision 4, has failed so that rate regulation of that service is necessary to protect the interest of consumers, that it has considered the alternatives to rate regula-

tion, and that the benefits of rate regulation outweigh the burdens of rate regulation; or

(2) that unreasonable discrimination has occurred between different areas of the state.

In a proceeding begun under this section to reclassify a service, except in a proceeding begun by a provider of telephone services, the telephone company bears the burden of proving that the services are appropriately classified. In a proceeding begun under this section by a provider of telephone services, that party bears the burden of proving that the existing classification is inappropriate.

Sec. 6. [237.55] [EXPEDITED PROCEEDINGS.]

Notwithstanding chapter 14, the commission may conduct an expedited proceeding when authorized under this chapter. In an expedited proceeding, the commission shall give prior notice to interested persons and provide them with an opportunity to present statements of fact and argument and to reply, either orally or in writing or both. In an expedited proceeding, the pleadings must be verified, and oral statements of fact must be made under oath or affirmation. The commission shall make a decision in an expedited proceeding based on the record.

Sec. 7. [237.56] [GENERAL RATE PROCEEDINGS; JOINT COSTS; NONCOMPETITIVE SERVICES.]

Subdivision 1. [FINANCIAL REQUIREMENTS.] Paragraph (a) or (b) governs a proceeding initiated under section 237.075 or 237.081 to change the rates for noncompetitive services. The company shall elect that rate changes be made in accordance with either paragraph (a) or (b) and that election is binding on the commission in all respects.

(a) The company may demonstrate the revenue requirement for its noncompetitive services by providing:

(1) revenues, expenses, and embedded investments directly related to the provision of the noncompetitive services;

(2) a reasonable portion of the net income generated jointly or arising from jointly competitive and noncompetitive services, and net income received by a telephone company as a result of the sale of telephone number listings, charges and advertising for use in white pages, yellow pages, other directory and other related services, must be treated as arising jointly from competitive and noncompetitive services; and

(3) a reasonable portion of the company's total joint and common costs to be attributable to the provision of the noncompetitive services.

(b) Alternatively, the company may demonstrate the revenue requirement for its noncompetitive services by providing:

(1) revenues, expenses, and embedded investments related to all of its services; and

(2) to the extent that the company's embedded costs for competitive services, and a reasonable portion of the joint and common costs attributable to the competitive services, exceed the revenues produced by those competitive services, the difference must be added to the company's total revenues.

Subd. 2. [CROSS-SUBSIDIZATION.] A telephone company shall not subsidize its competitive services from its noncompetitive services through allocations of costs, cost-sharing agreements, or by other means, direct or indirect. When an investment is for both noncompetitive and competitive services, the company shall demonstrate that the benefits received by the noncompetitive customers justify the allocation of costs proposed by the company. Allocations and cost assignments must be reviewed at least every five years and a report detailing the methods and results must be filed with the department and the commission. An independent telephone company or a municipal or cooperative telephone association is not required to file a report as required by this subdivision provided that its allocations and cost assignments are subject to review upon order of the commission. If the commission determines that the methods chosen by the company are not satisfactory, the commission may order changes in the methods used and make necessary prospective adjustments in noncompetitive rates being charged to reflect the changes in cost.

Subd. 3. [ADDITIONAL INFORMATION.] The commission may require a telephone company to provide information regarding the revenues, expenses, investments, and costs for all of its services.

Sec. 8. [237.57] [MISCELLANEOUS TARIFFS.]

Subdivision 1. [GENERAL.] Notwithstanding section 237.075, rates for noncompetitive services may be set or changed subject to this section.

Subd. 2. [LANGUAGE CHANGES.] If language describing a rate, term, or condition of service in a tariff is changed, without substantially altering the application of the tariff, the change may take effect upon one-day notice to the public utilities commission.

Subd. 3. [COST INCREASES.] If the actual costs of providing a particular service have increased since the last proceeding under section 237.075, the rate for that service may be increased to recover those costs. The company requesting this rate increase shall file with its request the cost data it relies upon for the increase. The department of public service shall review the request and make a recommendation to the commission regarding the appropriateness of the request within 20 calendar days of filing the request by the telephone company. If the department notifies the company within 15 days of the filing that additional information is required, the department shall make its recommendation to the commission within 20 calendar days after receipt of that additional information. If the company fails to provide adequate information within 20 calendar days of the department request, the department shall recommend denial of the company request on the basis of failure to provide adequate information. The commission shall either approve or reject the request under this subdivision within 20 calendar days of the receipt of the department recommendation. In order to qualify as a change in costs, it must be a cost change related to a particular service rather than a general overall increase applicable to most of the company's services, and an actual change in costs must have occurred rather than the discovery of a change in costs as a result of conducting a new cost study.

Subd. 4. [REDUCING RATES.] A company may reduce its rates for one or more services effective 20 days after filing the rates with the commission.

Subd. 5. [BURDEN OF PROOF.] The burden of proof that the requested rates are reasonable under this section is on the telephone company.

Subd. 6. [FILING OF DOCUMENTS.] A copy of filings made under this section must be served on the commission, the department, and the attorney general.

Subd. 7. [COMMISSION REVIEW.] Nothing in this section prevents the commission from ordering that a requested change not take effect, or from subsequently amending the rates either through a complaint proceeding, a commission investigation, or through a proceeding conducted under section 237.075.

Sec. 9. [237.58] [REGISTRATION; BOND.]

A person, firm, or corporation seeking to offer a telephone service to the public, that is nonessential or competitive, shall register with the department of public service and the public utilities commission 30 days before beginning operation in this state. A telephone company holding authority under this chapter before August 1, 1987, does not need to register under this section. A person, firm, or corporation seeking to offer a noncompetitive essential telephone

service to the public is governed by section 237.16. Telephone companies offering services that have been found to be nonessential or competitive shall, unless waived by the commission, either post and maintain a bond or other security with the department to cover liabilities owed to customers for deposits or advance payments, or shall not require advance payments or deposits from customers.

**Sec. 10. [237.59] [PRIVATE SHARED TELECOMMUNICATIONS SERVICES.]**

Subdivision 1. [DEFINITION.] For the purposes of this section, "private shared telecommunications services" means the provision of telephone services and equipment within a user group located in discrete private premises, in building complexes, campuses, or high-rise buildings, by a commercial shared services provider or by a user association, through privately owned customer premises equipment and includes the provision of connections to the facilities of a local exchange and to interexchange telecommunications companies.

Subd. 2. [REQUIREMENTS.] A person who owns or operates a building, property, complex, or other facility where a private shared telecommunications system is operated shall establish a single demarcation point for services and facilities provided by a franchised local exchange telephone company that is mutually agreeable to the property owner or operator and the telephone company. The obligation of a telephone company to provide service to a customer at a location where a private shared telecommunications system is operated is limited to providing telephone company service and facilities up to the demarcation point established for the property where the private shared telecommunications system is located.

Subd. 3. [ACCESS TO ALTERNATIVE PROVIDERS.] A tenant of a building, property, complex, or other facility where a private shared telecommunications system is operated may establish a direct connection to and receive telephone service from the regularly franchised local exchange telephone company serving the area where the private shared telecommunications system is located. At the request of a tenant where a private shared telecommunications system is operated, the owner or manager of the property shall make facilities or conduit space available to the tenant to allow the tenant to make separate connection to and to receive telephone service directly from the telephone company operating local exchange service in the area. The tenant has the choice of installing the tenant's own facilities or using the existing facilities. The facilities or conduit space must be provided by the owner or operator to the tenant at a reasonable rate and on reasonable terms and conditions. It is the obligation of the tenant to arrange for premises wire, cable, or other equipment necessary to connect the tenant's telephone equipment with the facilities of the telephone company operating local exchange service at the location of the demarcation point.

Subd. 4. [ENFORCEMENT.] If the commission finds that the owner or operator of a private shared telecommunications system has failed to comply with a request under this section, the commission may order the owner or operator to make facilities or conduit space available sufficient to allow the tenant to make separate connection with the telephone company, and provide the services at reasonable prices and on reasonable terms and conditions.

Subd. 5. [EXEMPTION.] A provider of private shared telecommunications services is exempt from section 237.16 if the telecommunications services are only provided to tenants or for the provider's own use.

Subd. 6. [SERVICE BY LOCAL TELEPHONE COMPANY.] The telephone company providing local exchange service shall provide service to anyone located within a shared services building at the demarcation point within a reasonable time upon request.

Sec. 11: [237.59] [AFFILIATED TRANSACTIONS.]

Subdivision 1. [DEFINITION.] For the purposes of this section, "affiliated company" means a person, company, corporation, or other entity in which the telephone company has an affiliated interest as defined under section 216B.48, subdivision 1.

Subd. 2. [RECORDS.] Telephone companies, except companies that provide only services that have been found to be competitive, shall maintain records for a period of three years documenting transactions in excess of \$50,000 with an affiliated company. The documentation must contain:

- (1) the name of the affiliate;
- (2) a description of the transaction or contract;
- (3) the dollar value of the transaction or contract;
- (4) in the case of goods and services purchased from an affiliate, evidence of efforts made by the telephone company to secure the same or functionally equivalent goods or services from a nonaffiliated supplier;
- (5) in the case of services provided to an affiliate, evidence of the fair market value of those goods or services.

Subd. 3. [COMMISSION REVIEW.] In a proceeding for the approval of rates for noncompetitive services, the burden is on the company to prove that goods or services acquired from or sold to affiliates were transferred at fair market value. The determination

of fair market value shall include but not be limited to durability, quality, service, and price.

Sec. 12. [237.60] [DISCLOSURE.]

Subdivision 1. [NOTICE OF SERVICE OPTIONS.] A telephone company, when a residential customer initially requests service or requests a change of service, and annually in the form of a bill insert, shall advise each residential customer of the price of all service options available to that customer. The requirement of an annual notice through a bill insert does not apply to interexchange service.

Subd. 2. [FILING.] Copies of both the written notices and information provided to customer service representatives concerning full disclosure must be filed once every 12 months with the commission and the department. Independent telephone companies and municipal, cooperative telephone associations are exempt from the requirements of this subdivision unless otherwise ordered by the commission.

Subd. 3. [ENFORCEMENT.] If, after an expedited procedure conducted under section 6, the commission finds that a telephone company is failing to provide full disclosure, it shall order the company to take corrective action as necessary.

Sec. 13. Minnesota Statutes 1986, section 237.01, subdivision 3, is amended to read:

Subd. 3. [INDEPENDENT TELEPHONE COMPANY.] "Independent telephone company" means a telephone company organized and operating under chapter 301 or 302A or authorized to do business in Minnesota under chapter 303 as of January 1, 1983, and providing local exchange service to fewer than 15,000 30,000 subscribers within the state.

Sec. 14. Minnesota Statutes 1986, section 237.081, subdivision 1a, is amended to read:

Subd. 1a. Upon a complaint made against any cooperative telephone association, independent telephone company, or a municipal telephone utility by any other provider of telecommunications service, the governing body of any political subdivision, or by no fewer than five percent or 100, whichever is the lesser number, of the subscribers or spouses of subscribers of the particular cooperative telephone association, independent telephone company, or municipal telephone utility, that any of the rates, tolls, tariffs, charges or schedules or any regulation, measurement, practice, act or omission affecting or relating to the production, transmission, delivery or furnishing of telephone service or any service in connection therewith is in any respect unreasonable, insufficient or unjustly discrim-

inatory, or that any service is inadequate or cannot be obtained, the commission shall proceed to make an investigation as it may deem necessary. If the commission may dismiss any complaint without a hearing if in its opinion a hearing is not in the public interest finds that all significant issues raised have not been resolved to its satisfaction, it shall order a hearing.

Sec. 15. Minnesota Statutes 1986, section 237.11, is amended to read:

**237.11 [INSPECTION OF BOOKS OF TELEPHONE COMPANIES IN CASE OF FAILURE TO MAKE REPORTS.]**

Every telephone company subject to the provisions of this chapter, wherever organized, shall keep an office in this state, and make such reports to the department as it shall from time to time require. All books, records, and files, whether they relate to competitive or noncompetitive services, and all of its property shall be at all times subject to inspection by the commission, the department, and the attorney general. It shall close its accounts and take therefrom a balance sheet on December 31 of each year, and on or before May 1 following, such balance sheet, together with such other information as the department shall require, verified by an officer of the telephone company, shall be filed with the commission, the department, and the attorney general.

In the event that any telephone company shall fail to file its annual report, as provided by this section, the department is authorized to make such an examination of the books, records, and vouchers of the company as is necessary to procure the necessary data for the annual report and cause the same to be prepared. The expense of procuring this data and preparing this report shall be paid by the telephone company failing to report, and the amount paid shall be credited by the state treasurer to funds appropriated for the expense of the department.

The department is authorized to force collection of such sum by an action at law in the name of the department.

Sec. 16. Minnesota Statutes 1986, section 237.12, is amended to read:

**237.12 [CONNECTIONS BETWEEN TELEPHONE COMPANIES DISCONTINUED ONLY ON ORDER.]**

**Subdivision 1. [INTERCONNECTION.]** When public convenience requires the same, every telephone company shall, for a reasonable compensation, permit a physical connection or connections to be made, and telephone service to be furnished between any telephone exchange system operated by it, and the telephone toll line or lines operated by another company, or between its telephone toll line or

lines and the telephone exchange system of another telephone company, or between its toll line and the toll line of another company, whenever such physical connection or connections are practicable and will not result in irreparable injury to the telephone system so compelled to be connected. The term "physical connection," as used in this section, means such number of trunk lines or complete wire circuits and connections as may be required to furnish reasonable and adequate service between such telephone lines and exchanges and shall not be deemed to provide for any connection whereby one line or circuit is to be bridged upon another line or circuit. In case of failure of the telephone companies concerned to allow or agree upon such physical connection or connections, or the terms and conditions upon which the same shall be made, application may be made to the department commission for an order requiring such connection and fixing the compensation, terms and conditions thereof, and if after investigation and hearing the department commission shall find that such physical connections will not result in irreparable injury to such telephone properties, it the commission shall by order direct that such connections be made, and prescribe reasonable conditions and compensation therefor and for the joint use thereof, and by whom the expense of making and maintaining such connection or connections shall be paid. When application is made to the department requesting physical connection it shall be presumed that such connection is necessary, and that the public convenience will be promoted thereby, and the burden of overcoming such presumption shall be upon the party resisting such application. The telephone companies so connecting shall give service over the connecting line or lines without preference to or discrimination against any service or telephone company whatever.

Subd. 2. [DISCONTINUANCE.] Wherever a physical connection or connections exist between any telephone exchange system operated by a telephone company and the toll line or lines operated by another telephone company or between its toll line or lines and the telephone exchange system of another telephone company, or between its toll line and the toll line of another telephone company, neither of the companies shall cause such connection to be severed or the service between the companies to be discontinued without first obtaining an order from the department commission upon an application for permission to discontinue such physical connection. Upon the filing of an application for discontinuance of such a connection, the department shall investigate and ascertain whether public convenience requires the continuance of such physical connection, and if the department so finds, the commission shall fix the compensation, terms and conditions of the continuance of the physical connection and service between the telephone companies.

Subd. 3. [COMPENSATION.] Telephone companies providing interexchange telecommunications services shall pay compensation to telephone companies providing local telecommunications services that includes a fair and reasonable portion of:

(1) the costs of local exchange facilities used in connection with interexchange telecommunications services, including facilities connecting a customer to local switching facilities; and

(2) the common costs of companies providing local telecommunications services.

Sec. 17. Minnesota Statutes 1986, section 237.16, subdivision 1, is amended to read:

Subdivision 1. For the purpose of bringing about uniformity of practice, the commission shall have the exclusive right to grant authority to any telephone company to construct telephone lines or exchanges for furnishing local service to subscribers in any municipality of this state, and to prescribe the terms and conditions upon which construction may be carried on, and whenever the commission grants such authority, it shall be in the form of a permit of indeterminate duration—coupled with the right to the municipality to purchase the telephone plant within the city, as hereinafter provided. No lines or equipment shall be constructed or installed for the purpose of furnishing local rural or toll telephone service to the inhabitants or telephone users in any locality in this state, where there is then in operation in the locality or territory affected thereby another telephone company already furnishing such service, without first securing from the commission a declaration, after a public hearing, that public convenience requires such proposed telephone lines or equipment; but the governing body of any municipality shall have the same powers of regulation which it now possesses with reference to the location of poles and wires so as to prevent any interference with the safe and convenient use of streets and alleys by the public.

Sec. 18. Minnesota Statutes 1986, section 237.17, is amended to read:

#### 237.17 [EXTENSION OF LONG DISTANCE LINES.]

Any telephone company may extend its long distance lines into or through any city of this state for the furnishing of long distance service only, subject to the regulation of the governing body of such city relative to the location of the poles and wires and the preservation of the safe and convenient use of such streets and alleys to the public; provided that if such lines are to furnish service between communities or localities then served by another company, a certificate of public convenience must first be obtained as required by section 237.16.

Sec. 19. Minnesota Statutes 1986, section 237.22, is amended to read:

#### 237.22 [DEPRECIATION; AMORTIZATION.]

The commission shall fix proper and adequate rates and methods of depreciation and amortization with respect to telephone company property and every telephone company shall conform its depreciation accounts for property used in whole or in part to provide noncompetitive services to the rates and methods fixed by the commission.

Sec. 20. [UNIVERSAL SERVICE ASSISTANCE; STUDY AND REPORT.]

The state planning agency shall conduct a study to determine whether a universal service assistance program should be adopted in order to help low-income individuals obtain and retain telephone service. The state planning agency shall seek advice from the telephone industry, the human services department, the public utilities commission, the department of public service, the attorney general, and the various nongovernmental organizations representing consumers. The state planning agency shall report its findings to the legislature by January 1, 1988.

Sec. 21. [REPEALER.]

Minnesota Statutes 1986, sections 237.13, 237.41, 237.42, and 237.43, are repealed.

Sec. 22. [EFFECTIVE DATE.]

Sections 1 to 12 are effective August 1, 1987, and are repealed effective August 1, 1992."

“Section 1. [325G.40] [CITATION.]

Sections 325G.40 to 325G.45 may be cited as the “credit card disclosure act.”

Sec. 2. [325G.41] [DEFINITIONS AND COMPUTATIONS.]

Subdivision 1. Except as otherwise provided, the terms used in sections 325G.40 to 325G.45 have the meanings prescribed in the Code of Federal Regulations, title 12, part 226. Except as otherwise provided, the computations required under sections 325G.40 to 325G.45 shall be made as provided in the Code of Federal Regulations, title 12, part 226.

Subd. 2. "Credit card application" means any written form, document, or material distributed by or on behalf of a creditor and designed to be used by a consumer to request or accept the issuance of a credit card.

Subd. 3. "Creditor" includes any credit card issuer that extends either open-end credit or credit that is not subject to a finance charge and is not payable in installments.

Sec. 3. [325G.42] [CREDIT CARD DISCLOSURES.]

Subdivision 1. [REQUIRED DISCLOSURES.] Any credit card application distributed in this state must disclose the following terms of the credit card plan, if applicable:

(1) Any periodic rate or rates that may be applied to the account, expressed as an annual percentage rate or rates. If the account is subject to a variable rate, the creditor may disclose the rate as of a specific date and indicate that the rate may vary, or may identify the index and any amount or percentage added to, or subtracted from, that index and used to determine the rate. For purposes of this section, the amount or percentage shall be referred to as the "spread." If charges incurred by use of the credit card are due and payable upon receipt of a periodic statement of charges, then that fact shall be disclosed.

(2) Any membership, participation, or other fee that may be imposed as a condition of the issuance or renewal of a credit card, expressed as an annual amount.

(3) Any minimum, fixed, transaction, activity or similar charge.

(4) Any other fees that may be charged to the account, including late payment fees and charges for exceeding credit limits.

(5) The date or occasion upon which the finance charge, if any, begins to accrue on a transaction.

Subd. 2. [FORM OF DISCLOSURES.] The disclosures required under this section shall be written in plain language, as defined in section 325G.11; shall be in bold face type of a minimum size of ten points; shall be clear and conspicuous; and shall be prominently set apart from the remaining portions of the credit card application or other written material, by the use of margins, enclosures, underlining, contrasting colors, or similar methods.

Subd. 3. [OPTIONAL DISCLOSURE CHART.] A creditor need not present the disclosures required by subdivision 1 of this section in any specific form other than as provided in subdivision 2. However, disclosures shall be conclusively presumed to satisfy the require-

ments of subdivision 1 if the required disclosures satisfy the requirements of subdivision 2 and are presented in a chart, substantially similar to the following description:

(1) The chart shall consist of contiguous boxes, and each required disclosure shall appear exclusively within one of the boxes.

(2) The first box shall contain the wording "Annual Percentage Rate" in capital letters, underneath which the creditor's rate will appear. If the rate is a variable rate, the creditor may eliminate the box, leave the box blank, or indicate "no," "none," or "does not apply." If the creditor does not impose a periodic rate but instead requires that credit incurred by use of the credit card be repaid upon receipt of a periodic statement of charges, then the first box shall state "Full payment due upon receipt of billing statement."

(3) The second box shall contain the wording "Variable Rate Index and Spread" in capital letters, underneath which the creditor's rate will appear. If the rate is a fixed rate, or if full payment is due upon receipt of a periodic statement of charges, then the creditor may eliminate the box, leave the box blank, or indicate "no," or "none," or "does not apply."

(4) The third box shall contain the wording "Other Fees" in capital letters and shall disclose all other fees, including late payment penalties and any charges for exceeding the credit limit.

(5) The fourth box shall contain the wording "Annual Fee" in capital letters, beneath which the appropriate information shall be disclosed.

(6) The fifth box shall contain the wording "Transaction Fee" in capital letters, underneath which the appropriate information shall be disclosed.

(7) The sixth box shall contain the wording "Free Period" or "Grace Period," in capital letters, underneath which the appropriate information shall be disclosed. For example, "30 days" or "yes, if full payment is received by next billing date" or "yes, if full new balance is paid by due date."

Subd. 4. [ADDITIONAL DISCLOSURES PERMITTED.] Nothing in this section prohibits a creditor from disclosing additional terms, conditions, or information, whether or not relating to the disclosures required under this section, in conjunction with the disclosures required by this section.

Subd. 5. [EXCEPTION.] This section does not apply to any advertisement, catalogue, or other written document or material which does not contain a credit card application.

## Sec. 4. [325G.43] [PENALTIES.]

A person violating section 325G.42 is subject to the penalties provided in section 8.31.

## Sec. 5. [325G.44] [DAMAGES.]

A person injured by a violation of section 325G.42 may recover actual damages in an action other than a class action, together with costs and disbursements, including a reasonable attorney's fee and receive other equitable relief as determined by the court.

## Sec. 6. [325G.45] [FEDERAL LAW.]

If a creditor is required under federal law to make disclosure of the terms required in section 325G.42, and the creditor makes such disclosures in connection with the distribution of a credit card application, then the creditor shall be deemed to have complied with the requirements of section 325G.42 if the creditor complies with the federal disclosure requirement.

## Sec. 7. [325G.46] [NOTIFICATION OF ANNUAL FEE.]

The customer must be notified of the amount of the annual fee, if any, and the date the fee is payable at least 30 days before the account is charged for the fee, and during that 30-day period the customer may cancel the open-end credit plan without penalty other than payment of any outstanding balance.

Subdivision 1. [NUMBER PLATES; VISIBILITY, PERIODS OF ISSUANCE.] The registrar, upon the approval and payment, shall issue to the applicant the number plates required by law, bearing the state name and the number assigned. The number assigned may be a combination of a letter or sign with figures. The plates shall be lettered, spaced, or distinguished to suitably indicate the registration of the vehicle according to the rules of the registrar, and when a vehicle is registered on the basis of total gross weight, the plates issued shall clearly indicate by letters or other suitable insignia the maximum gross weight for which the tax has been paid. These number plates shall be so treated as to be at least 100 times brighter than the conventional painted number plates. When properly

mounted on an unlighted vehicle, these number plates, when viewed from a vehicle equipped with standard headlights, shall be visible for a distance of not less than 1,500 feet and readable for a distance of not less than 110 feet. The registrar shall issue these number plates for the following periods:

(1) Number plates issued pursuant to sections 168.27, subdivisions 16 and 17, and 168.053 shall be for a one-year period;

(3) Plates issued for passenger automobiles as defined in section 168.011, subdivision 7, ~~motorcycles, motorized bicycles, and motor scooters~~ shall be issued for a six-year period ~~starting not later than October 1986, or until the next general reissuance of plates every six years thereafter, whichever is less; and. All plates issued under this paragraph must be replaced if they are six years old or older at the time of annual registration or will become so during the registration period.~~

(4) Plates for any vehicle not specified in ~~clauses~~ paragraphs (1), (2) and (3), except for trailers as hereafter provided, shall be issued for the life of the vehicle. Beginning with number plates issued for the year 1981, plates issued for trailers with a total gross weight of 3,000 pounds or less shall be issued for the life of the trailer and shall be not more than seven inches in length and four inches in width.

In a year in which plates are not issued, the registrar shall issue for each registration a tab or sticker to designate the year of registration. This tab or sticker shall show the calendar year or years for which issued, and is valid only for that period. The number plates, number tabs, or stickers issued for a motor vehicle may not be transferred to another motor vehicle during the period for which it is issued.

Notwithstanding any other provision of this subdivision, number plates issued to a vehicle which is used for behind-the-wheel instruction in a driver education course in a public school may be transferred to another vehicle used for the same purpose without payment of any additional fee. The registrar shall be notified of each transfer of number plates under this paragraph, and may prescribe a form for notification.

Sec. 2. Minnesota Statutes 1986, section 168.12, subdivision 2a, is amended to read:

Subd. 2a. [PERSONALIZED LICENSE PLATES.] Personalized license plates must be issued to an applicant for registration of a passenger automobile, van, or pickup truck, motorcycle, or self-propelled recreational vehicle, upon compliance with the laws of this state relating to registration of the vehicle and upon payment of a one-time fee of \$100 in addition to the registration tax required by law for the vehicle. The commissioner shall designate a replacement fee for personalized license plates that is calculated to cover the cost of replacement. This fee is required whenever the personalized license plates are required to be replaced by law. In lieu of the numbers assigned as provided in subdivision 1, personalized license plates must have imprinted on them a series of not more than six numbers and letters in any combination. When an applicant has once obtained personalized plates, the applicant shall have a prior claim for similar personalized plates in the next succeeding year that plates are issued if application is made for them at least 30 days before the first date that registration can be renewed. The commissioner of public safety shall adopt rules in the manner provided by chapter 14, regulating the issuance and transfer of personalized license plates. No words or combination of letters placed on personalized license plates may be used for commercial advertising, be of an obscene, indecent, or immoral nature, or be of a nature that would offend public morals or decency. The call signals or letters of a radio or television station are not commercial advertising for the purposes of this subdivision.

Notwithstanding the provisions of subdivision 1, personalized license plates issued under this subdivision may be transferred to another motor vehicle owned or jointly owned by the applicant, upon the payment of a fee of \$5, which must be paid into the state treasury and credited to the highway user tax distribution fund. The registrar may by rule provide a form for notification.

Notwithstanding any law to the contrary, if the personalized license plates are lost, stolen, or destroyed, the applicant may apply and shall receive duplicate license plates bearing the same combination of letters and numbers as the former personalized plates upon the payment of a \$5 fee.

~~The fee prescribed for personalized license plates must be paid only in those years in which the number plate itself is issued, and must not be payable in a year in which a year plate, tab, or sticker is issued in lieu of a number plate.~~

Fees from the sale of permanent and duplicate personalized license plates must be paid into the state treasury and credited to the highway user tax distribution fund.

H. F. No. 302, A bill for an act relating to health and environment; providing for asbestos regulation; directing the commissioner of health to regulate and license persons or entities enclosing, removing, or encapsulating asbestos; providing penalties; proposing coding for new law as Minnesota Statutes, chapter 160.

Reported the same back with the following amendments:

"Section 1. [326.70] [TITLE.]

Sections 1 to 12 may be cited as the "asbestos abatement act."

Sec. 2. [326.71] [PURPOSE.]

The legislature finds that the enclosure, removal, and encapsulation of asbestos, when improperly performed, creates unnecessary health and safety hazards that are detrimental to the state's interest, and that of its citizens, in terms of wages lost, insurance, medical expenses, disability compensation payments, family life, preservation of human resources, and unfair competition to craftspersons, their unions, and their employers. The legislature declares it to be the purpose and policy of the state to reduce asbestos-related hazards by:

(1) encouraging contracting parties, citizens, and insurance companies in their efforts to reduce disabling asbestos hazards and to stimulate initiation of new programs and to perfect existing programs for controlling the use and removal of asbestos;

(2) creating a climate for developing innovative methods for dealing with the severe health hazards caused by asbestos materials;

(3) encouraging competence and knowledge in, and reducing exposure to, asbestos through the licensing of contractors and workers;

(4) providing for the adoption of standards for the enclosure, removal, encapsulation, storage, sale, disposal, and use of asbestos and asbestos-containing material; and

(5) establishing an enforcement program for these standards, that includes reporting procedures.

Sec. 3. [326.72] [DEFINITIONS.]

Subdivision 1. [APPLICABILITY.] The definitions in this section apply to sections 1 to 12.

Subd. 2. [ASBESTOS.] "Asbestos" means the asbestiform varieties of chrysotile (serpentine), crocidolite (riebeckite), amosite (cummingtonite-grunerite), anthophyllite, tremolite, and actinolite.

Subd. 3. [ASBESTOS-CONTAINING MATERIAL.] "Asbestos-containing material" means material that contains more than one percent asbestos by weight.

Subd. 4. [ASBESTOS-RELATED WORK.] "Asbestos-related work" means the enclosure, removal, or encapsulation of asbestos-containing material in a quantity that meets or exceeds the United States Environmental Protection Agency's requirement of 260 lineal feet of friable asbestos on pipes or 160 square feet of friable asbestos on other facility components.

Subd. 8. [EMPLOYER.] "Employer" means an individual, body, board, corporation, partnership, proprietorship, joint venture, fund, authority, or similar entity directly or indirectly employing an employee. This term applies to private employers and to the state, its political subdivisions, and any boards, commissions, schools, institutions, or authorities created or recognized by them.

Sec. 4. [326.73] [ASBESTOS LICENSE.]

Subdivision 1. [WHEN LICENSE REQUIRED.] An employer or other person within the state intending to directly perform or cause to be performed through subcontracting or similar delegation any asbestos-related work either for financial gain or with respect to the employer's or person's own property shall first apply for and obtain a license from the commissioner. The license shall be in writing, be dated when issued, contain an expiration date, be signed by the commissioner, and give the name and address of the employer or person to whom it is issued.

Subd. 2. [DISPLAY OF LICENSE.] Licensees shall post a sign with the words, in letters four or more inches high, "licensed by the state of Minnesota for asbestos work" in a conspicuous place outside of the asbestos abatement work area. The actual license or a copy certified by the commissioner shall be readily available at the work site for inspection by the commissioner, other public officials charged with the health, safety, and welfare of the state's citizens and the contracting entity.

Sec. 5. [326.74] [EMPLOYEE ASBESTOS CERTIFICATIONS.]

Before an employee performs asbestos-related work, the employee shall first obtain a certificate from the commissioner certifying that the employee is qualified to perform the work. No certificate shall be issued unless the employee has taken a course of training in asbestos control and removal, passed an examination in those subjects, and demonstrated to the commissioner the ability to perform asbestos-related work safely in accordance with the current state-of-the-art technology. The commissioner shall specify the course of training necessary. The certificate issued by the commissioner shall be in writing, be dated when issued, contain an expiration date, be signed by the commissioner, and contain the name and address of the employee to whom it is issued. Subd. 3. [PERMIT FEE.] Before beginning asbestos-related work, a licensee shall pay a project permit fee to the commissioner equal to one percent of the total costs of the asbestos-related work. Proceeds of the fee are continually appropriated to the commissioner and shall be used by the commissioner to pay for necessary project inspections and air testing.

Subd. 4. [DEPOSIT OF FEES.] Fees collected under this section shall be deposited in the asbestos abatement revolving fund created by section 12.

Sec. 8. [326.77] [DUTIES OF CONTRACTING ENTITIES.]

A contracting entity intending to have asbestos-related work performed for its benefit shall include in the specifications and contracts for the work a requirement that the work be performed by contractors and subcontractors licensed by the commissioner under sections 1 to 12. No contracting entity shall allow asbestos-related work to be performed for its benefit unless it has seen that the employer has a valid license. A contracting entity's failure to comply with this section does not relieve an employer from any of its responsibilities under sections 1 to 12.

Sec. 9. [326.78] [INDOOR AIR STANDARD.]

(a) The commissioner may adopt rules establishing an indoor air standard for asbestos.

(b) Until the rules become effective, asbestos remaining in the air following the completion of an abatement project shall not exceed .01 fibers greater than 5.0 microns in length per cubic centimeter of air.

Subd. 2. [ISSUANCE OF LICENSES AND CERTIFICATES.] The commissioner may issue licenses to employers and certificates to employees who meet the criteria in sections 1 to 12 and the commissioner's rules. Licenses and certificates shall be valid for at least 12 months.

Subd. 3. [DELEGATION.] The commissioner may, in writing, delegate the inspection and enforcement authority granted in sections 1 to 12 to other state agencies regulating asbestos.

Subd. 4. [ACCESS TO INFORMATION AND PROPERTY.] (a) Any person who the commissioner has reason to believe is engaged in asbestos-related work, or who is the owner of real property where the asbestos-related work is being undertaken, when requested by the commissioner, or any member, employee, or agent thereof who is authorized by the commissioner, shall furnish the commissioner any information that the person may have or may reasonably obtain that is relevant to the asbestos-related work.

(b) The commissioner or any person authorized by the commissioner, upon presentation of credentials and with reason to believe that violations of this act may be occurring, may:

Fees and mileage and other costs of persons subpoenaed by the commissioner shall be paid in the manner prescribed for proceedings in district court.

Subd. 6. [CEASE AND DESIST ORDER.] (a) The commissioner may issue an order requiring an employer to cease asbestos-related work if the commissioner determines that a condition exists that poses an immediate danger to the public health. For purposes of this

subdivision, an immediate danger to the public health exists if the commissioner determines that:

(1) air quality standards are being exceeded;

(2) asbestos-related work is being undertaken in a manner violative of applicable state or federal law;

(3) the employer or an employee working at the project site is not licensed or certified, or in possession of a current license or certificate, as the case may be; or

(4) the employer has not reported the project under section 6.

(b) The order is effective for a maximum of 60 days. Following issuance of the order, the commissioner shall provide the contractor or individual with an opportunity for a hearing under the contested case provisions of chapter 14. At the hearing, the commissioner shall decide whether to rescind, modify, or reissue the previously made order. A modified or reissued order is effective for a maximum of 60 days from the date of modification or reissuance.

Subd. 7. [ORDER FOR CORRECTIVE ACTION.] After notice and opportunity for hearing under the contested case provisions of chapter 14, the commissioner may issue an order requiring anyone violating sections 1 to 12 or a rule of the commissioner to take corrective action as the commissioner determines will accomplish the purpose of the project and prevent future violation. The order shall contain a date by which the violation must be corrected.

Subd. 8. [INJUNCTIVE RELIEF.] In addition to any other remedy provided by law, the commissioner may bring an action for injunctive relief in the district court in Ramsey county or, at the commissioner's discretion, in the district court in the county in which an asbestos-related work is being undertaken to halt the work or an activity connected with it. A temporary restraining order or other injunctive relief may be granted by the court in the proceeding if continuation of the work or an activity connected with it would result in an imminent risk of harm to any person.

Subd. 9. [OTHER POWERS.] The commissioner may exercise any other power necessary to assure the implementation and administration of sections 1 to 12.

Sec. 11. [326.81] [SUSPENSIONS; REVOCATIONS.]

The commissioner or the commissioner's designee may suspend or revoke a license or certificate for repeated or serious violations of sections 1 to 12 in accordance with procedures adopted by rule by the commissioner and the contested case procedures of chapter 14.

(b) arrangements for an ongoing evaluation of the quality of health care;

(d) reasonable provisions for emergency and out of area health care services;

(e) demonstrated that it is financially responsible and may reasonably be expected to meet its obligations to enrollees and prospective enrollees. In making this determination, the commissioner of health may consider:

(2) the adequacy of its working capital;

(3) arrangements which will guarantee for a reasonable period of time the continued availability or payment of the cost of health care services in the event of discontinuance of the health maintenance organization;

(5) any deposit of cash or securities submitted in accordance with section 62D.041.

(f) demonstrated that it will assume full financial risk on a prospective basis for the provision of comprehensive health maintenance services, including hospital care; provided, however, that the requirement in this paragraph shall not prohibit the following:

(1) a health maintenance organization from obtaining insurance or making other arrangements (i) for the cost of providing to any enrollee comprehensive health maintenance services, the aggregate value of which exceeds \$5,000 in any year, (ii) for the cost of providing comprehensive health care services to its members on a nonelective emergency basis, or while they are outside the area served by the organization, or (iii) for not more than 95 percent of the amount by which the health maintenance organization's costs for any of its fiscal years exceed 105 percent of its income for such fiscal years; and

(2) a health maintenance organization from having a provision in a group health maintenance contract allowing an adjustment of premiums paid based upon the actual health services utilization of the enrollees covered under the contract, except that at no time during the life of the contract shall the contract holder fully self-insure the financial risk of health care services delivered under the contract. Risk sharing arrangements shall be subject to the requirements of sections 62D.01 to 62D.30;

(g) otherwise met the requirements of sections 62D.01 to 62D.29.

(d) A report of the names and addresses of all persons set forth in section 62D.03, subdivision 4, clause (c) who were associated with the health maintenance organization or the major participating entity during the preceding year, and the amount of wages, expense reimbursements, or other payments to such individuals for services to the health maintenance organization or the major participating entity, as those services relate to the health maintenance organization, including a full disclosure of all financial arrangements during the preceding year required to be disclosed pursuant to section 62D.03, subdivision 4, clause (d); and

(e) Such other information relating to the performance of the health maintenance organization as is reasonably necessary to enable the commissioner of health to carry out the duties under sections 62D.01 to 62D.29.

Sec. 3. Minnesota Statutes 1986, section 62D.10, is amended by adding a subdivision to read:

Subd. 6. [SUSPENSION, REVOCATION, AND REFUSAL TO RENEW.] (a) The commissioner may refuse to grant or renew, or may suspend or revoke, a license on any of the following grounds:

(1) Violation of any of the provisions of sections 144.50 to 144.56 or the rules or standards issued pursuant thereto;

(2) Permitting, aiding, or abetting the commission of any illegal act in the institution;

(3) Conduct or practices detrimental to the welfare of the patient; or

(4) Obtaining or attempting to obtain a license by fraud or misrepresentation.

(b) The commissioner shall not renew a license for a boarding care bed in a resident room with more than four beds.

Sec. 2. Minnesota Statutes 1986, section 144A.05, is amended to read:

#### 144A.05 [LICENSE RENEWAL.]

Unless the license expires in accordance with section 144A.06 or is suspended or revoked in accordance with section 144A.11, a nursing home license shall remain effective for a period of one year from the date of its issuance. The commissioner of health by rule shall establish forms and procedures for the processing of license renewals. The commissioner of health shall approve a license renewal application if the facility continues to satisfy the requirements, standards and conditions prescribed by sections 144A.01 to 144A.17 and the rules promulgated thereunder. The commissioner shall not approve the renewal of a license for a nursing home bed in a resident room with more than four beds. Except as provided in section 144A.08, a facility shall not be required to submit with each application for a license renewal additional copies of the architectural and engineering plans and specifications of the facility. Before approving a license renewal, the commissioner of health shall determine that the facility's most recent balance sheet and its most

recent statement of revenues and expenses, as audited by the state auditor, by a certified public accountant licensed by this state or by a public accountant as defined in section 412.222, have been received by the department of human services.

Sec. 3. Minnesota Statutes 1986, section 144A.071, subdivision 3, is amended to read:

Subd. 3. [EXCEPTIONS.] The commissioner of health, in coordination with the commissioner of human services, may approve the addition of a new certified bed or the addition of a new licensed nursing home bed, under the following conditions:

(a) to replace a bed decertified after May 23, 1983 or to address an extreme hardship situation, in a particular county that, together with all contiguous Minnesota counties, has fewer nursing home beds per 1,000 elderly than the number that is ten percent higher than the national average of nursing home beds per 1,000 elderly individuals. For the purposes of this section, the national average of nursing home beds shall be the most recent figure that can be supplied by the federal health care financing administration and the number of elderly in the county or the nation shall be determined by the most recent federal census or the most recent estimate of the state demographer as of July 1, of each year of persons age 65 and older, whichever is the most recent at the time of the request for replacement. In allowing replacement of a decertified bed, the commissioners shall ensure that the number of added or recertified beds does not exceed the total number of decertified beds in the state in that level of care. An extreme hardship situation can only be found after the county documents the existence of unmet medical needs that cannot be addressed by any other alternatives;

(b) to certify a new bed in a facility that commenced construction before May 23, 1983. For the purposes of this section, "commenced construction" means that all of the following conditions were met: the final working drawings and specifications were approved by the commissioner of health; the construction contracts were let; a timely construction schedule was developed, stipulating dates for beginning, achieving various stages, and completing construction; and all zoning and building permits were secured;

(c) to certify beds in a new nursing home that is needed in order to meet the special dietary needs of its residents, if: the nursing home proves to the commissioner's satisfaction that the needs of its residents cannot otherwise be met; elements of the special diet are not available through most food distributors; and proper preparation of the special diet requires incurring various operating expenses, including extra food preparation or serving items, not incurred to a similar extent by most nursing homes;

(d) to license a new nursing home bed in a facility that meets one of the exceptions contained in clauses (a) to (c);

(e) to license nursing home beds in a facility that has submitted either a completed licensure application or a written request for licensure to the commissioner before March 1, 1985, and has either commenced any required construction as defined in clause (b) before May 1, 1985, or has, before May 1, 1985, received from the commissioner approval of plans for phased-in construction and written authorization to begin construction on a phased-in basis. For the purpose of this clause, "construction" means any erection, building, alteration, reconstruction, modernization, or improvement necessary to comply with the nursing home licensure rules; or

(f) to certify or license new beds in a new facility that is to be operated by the commissioner of veterans' affairs or when the costs of constructing and operating the new beds are to be reimbursed by the commissioner of veterans' affairs or the United States Veterans Administration;

(g) to license or certify beds in a new facility constructed to replace a facility that was destroyed after June 30, 1987, by fire, lightning, or other hazard provided:

(1) destruction was not caused by the intentional act of or at the direction of a controlling person of the facility;

(2) at the time the facility was destroyed the controlling persons of the facility maintained insurance coverage for the type of hazard that occurred in an amount that a reasonable person would conclude was adequate;

(3) the net proceeds from an insurance settlement for the damages caused by the hazard are applied to the cost of the new facility;

(4) the new facility is constructed on the same site as the destroyed facility or to another site subject to the restrictions in section 4, subdivision 5; and

(5) the number of licensed and certified beds in the new facility does not exceed the number of licensed and certified beds in the destroyed facility;

(h) to license or certify beds that are moved from one location to another within a nursing home facility, provided the total costs of remodeling performed in conjunction with the relocation of beds does not exceed ten percent of the appraised value of the facility or \$200,000, whichever is less, or to license or certify beds in a facility for which the total costs of remodeling or renovation exceed ten percent of the appraised value of the facility or \$200,000, whichever

is less, if the facility makes a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate by reason of the remodeling or renovation;

(i) to license or certify beds in a facility that has been involuntarily delicensed or decertified for participation in the medical assistance program, provided that an application for relicensure or recertification is submitted to the commissioner within 120 days after delicensure or decertification;

(j) to license or certify beds in a project approved by the interagency board for quality assurance under section 4;

(k) to license or certify nursing home beds in a hospital facility that are relocated from a different hospital facility provided:

(1) the hospital in which the nursing home beds were originally located ceases to function as an acute care facility; or

(2) necessary support services for nursing homes as required for licensure under sections 144A.02 to 144A.10, such as dietary, physical plant, housekeeping, physical therapy, occupational therapy, and administration, are no longer available from the original hospital site; and

(3) the hospitals share common ownership or affiliation; and

(4) the nursing home beds are not certified for participation in the medical assistance program; or

(l) to license or certify beds that are moved from one location to another within an existing identifiable complex of hospital buildings if the facility will make a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate as a result of the relocation and will delicense the same number of acute care beds within the existing complex of hospital buildings.

Sec. 4. [144A.073] [REVIEW OF PROPOSALS REQUIRING EX-CEPTIONS TO THE MORATORIUM.]

Subdivision 1. [DEFINITIONS.] For purposes of this section, the following terms have the meanings given them:

(a) "Conversion" means the relocation of a nursing home bed from a nursing home to an attached hospital.

(b) "Renovation" means extensive remodeling of, or construction of an addition to, a facility on an existing site with a total cost

exceeding ten percent of the appraised value of the facility or \$200,000, whichever is less.

(c) "Replacement" means the demolition and reconstruction of all or part of an existing facility.

(d) "Upgrading" means a change in the level of licensure of a bed from a boarding care bed to a nursing home bed, in a certified boarding care facility that is attached to a nursing home.

Subd. 2. [REQUEST FOR PROPOSALS.] By July 1, 1988, and subsequent years, the interagency board shall publish in the State Register a request for proposals for nursing home projects requiring exceptions to the nursing home moratorium. The notice must describe the information that must accompany a request and state that proposals must be submitted to the interagency board by September 30. The notice must include the amount of the legislative appropriation available for the additional costs to the medical assistance program of projects approved under this section. If no money is appropriated for a year, the notice for that year must state that proposals will not be requested because no appropriations were made. To be considered for approval, a proposal must include the following information:

(1) whether the request is for renovation, replacement, upgrading, or conversion;

(2) a description of the problem the project is designed to address;

(3) a description of the proposed project;

(4) an analysis of projected costs, including initial construction and remodeling costs, site preparation costs, financing costs, and estimated operating costs during the first two years after completion of the project;

(5) for proposals involving replacement of all or part of a facility, the proposed location of the replacement facility and an estimate of the cost of addressing the problem through renovation;

(6) for proposals involving renovation, an estimate of the cost of addressing the problem through replacement; and

(7) the proposed timetable for commencing construction and completing the project.

Subd. 3. [REVIEW AND APPROVAL OF PROPOSALS.] Within the limits of money specifically appropriated to the medical assistance program for this purpose, the interagency board for quality assurance may grant exceptions to the nursing home licensure or

certification moratorium for proposals that satisfy the requirements of this section. The interagency board shall appoint an advisory review panel composed of representatives of consumers and providers to review proposals and provide comments and recommendations to the board. The commissioners of human services and health shall provide staff and technical assistance to the board for the review and analysis of proposals. The interagency board shall hold a public hearing before making a final decision on project approvals. The board shall approve or disapprove proposals before December 1 based on a comparison and ranking of proposals using the criteria in subdivision 4. The cost to the medical assistance program of the proposals approved must be within the limits of the appropriations specifically made for this purpose. Approval of a proposal expires seven months after approval unless the facility has commenced construction as defined in section 144A.071, subdivision 3, paragraph (b). The board shall report to the legislature annually by January 1. The report must include the projects approved, the criteria used to select proposals for approval, and the estimated costs of the projects, including the costs of initial construction and remodeling, and the estimated operating costs during the first two years after the project is completed.

Subd. 4. [CRITERIA FOR REVIEW.] (a) The following criteria must be used to compare and rank all proposals submitted:

(1) the extent to which the average occupancy rate of the facility supports the need for the proposed project;

(2) the extent to which the average occupancy rate of all facilities in the county in which the applicant is located, together with all contiguous Minnesota counties, supports the need for the proposed project;

(3) the extent to which the proposal furthers state long-term care goals, including the goal of enhancing the availability and use of alternative care services and the goal of reducing the number of long-term care resident rooms with more than two beds;

(4) the cost effectiveness of the proposal, including the proposal's long-term effects on the costs of the medical assistance program, as determined by the commissioner of human services; and

(5) the feasibility and appropriateness of the proposal, as determined by the commissioner of health.

(b) In addition to the criteria in paragraph (a), the following criteria must be used to evaluate, compare, and rank proposals involving renovation or replacement:

(1) the extent to which the project improves conditions that affect the health or safety of residents, such as narrow corridors, narrow door frames, unenclosed fire exits, and wood frame construction;

(2) the extent to which the project improves conditions that affect the quality of life of residents in a facility or the ability of the facility to provide efficient care, such as a relatively high number of residents in a room; inadequate lighting or ventilation; poor access to bathing or toilet facilities; a lack of available ancillary space for dining rooms, day rooms, or rooms used for other activities; problems relating to heating, cooling, or energy efficiency; inefficient location of nursing stations; or narrow corridors.

Subd 5. [REPLACEMENT RESTRICTIONS.] Proposals submitted or approved under this section involving replacement must provide for replacement of the facility on the existing site except as allowed in this subdivision. Facilities located in a metropolitan statistical area may relocate to a site within the same census tract or a contiguous census tract. In the seven-county metropolitan area, the health planning areas as adopted in March 1982 by the metropolitan council shall be used. Facilities located outside a metropolitan statistical area may relocate to a site within the same city or township, or within a contiguous township. A replacement facility must not be relocated to a site more than six miles from the existing site.

Subd. 6. [CONVERSION RESTRICTIONS.] Proposals submitted or approved under this section involving conversion must satisfy the following conditions:

- (a) Conversion is limited to a total of five beds.
- (b) An equivalent number of hospital beds must be delicensed.
- (c) The average occupancy rate in the existing nursing home beds must be greater than 96 percent according to the most recent annual statistical report of the department of health.
- (d) The cost of remodeling the hospital rooms to meet current nursing home construction standards must not exceed ten percent of the appraised value of the nursing home or \$200,000, whichever is less.
- (e) The conversion must not result in an increase in operating costs.

Subd. 7. [UPGRADING RESTRICTIONS.] Proposals submitted or approved under this section involving upgrading must satisfy the following conditions:

(a) No proposal for upgrading may be approved after June 30, 1989.

(b) No more than one proposal for upgrading may be approved for a facility.

(c) Upgrading is limited to a total of ten beds.

(d) The facility must meet minimum nursing home care standards.

(e) Upgrading must not result in an increase in per diem operating costs.

(f) If beds are upgraded to nursing home beds, the number of boarding care beds in a facility must not increase in the future.

(g) The average occupancy rate in the existing nursing home beds must be greater than 96 percent according to the most recent annual statistical report of the department of health.

(h) The cost of remodeling the facility to meet current nursing home construction standards must not exceed ten percent of the appraised value of the facility or \$200,000, whichever is less.

Subd. 8. [RULEMAKING.] The interagency board shall adopt rules to implement this section.

Sec. 5. Minnesota Statutes 1986, section 144A.27, is amended to read:

144A.27 [ACTING ADMINISTRATORS.]

If a licensed nursing home administrator is removed from the position by death or other unexpected cause, the controlling persons of the nursing home suffering the removal may designate an acting nursing home administrator who may serve without a license for no more than 90 days, unless an extension is granted by the board of examiners shall secure an acting administrator's license within 30 days of appointment as the acting administrator.

Sec. 6. Minnesota Statutes 1986, section 256B.431, subdivision 2b, is amended to read:

Subd. 2b. [OPERATING COSTS, AFTER JULY 1, 1985.] (a) For rate years beginning on or after July 1, 1985, the commissioner shall establish procedures for determining per diem reimbursement for operating costs.

(b) The commissioner shall contract with an econometric firm with recognized expertise in and access to national economic change indices that can be applied to the appropriate cost categories when determining the operating cost payment rate.

(c) The commissioner shall analyze and evaluate each nursing home's cost report of allowable operating costs incurred by the nursing home during the reporting year immediately preceding the rate year for which the payment rate becomes effective.

(d) The commissioner shall establish limits on actual allowable historical operating cost per diems based on cost reports of allowable operating costs for the reporting year that begins October 1, 1983, taking into consideration relevant factors including resident needs, geographic location, size of the nursing home, and the costs that must be incurred for the care of residents in an efficiently and economically operated nursing home. In developing the geographic groups for purposes of reimbursement under this section, the commissioner shall ensure that nursing homes in any county contiguous to the Minneapolis-St. Paul seven-county metropolitan area are included in the same geographic group. The limits established by the commissioner shall not be less, in the aggregate, than the 60th percentile of total actual allowable historical operating cost per diems for each group of nursing homes established under subdivision 1 based on cost reports of allowable operating costs in the previous reporting year. The limits established under this paragraph remain in effect until the commissioner establishes a new base period. Until the new base period is established, the commissioner shall adjust the limits annually using the appropriate economic change indices established in paragraph (e). In determining allowable historical operating cost per diems for purposes of setting limits and nursing home payment rates, the commissioner shall divide the allowable historical operating costs by the actual number of resident days, except that where a nursing home is occupied at less than 90 percent of licensed capacity days, the commissioner may establish procedures to adjust the computation of the per diem to an imputed occupancy level at or below 90 percent. The commissioner shall establish efficiency incentives as appropriate. The commissioner may establish efficiency incentives for different operating cost categories. The commissioner shall consider establishing efficiency incentives in care related cost categories. The commissioner may combine one or more operating cost categories and may use different methods for calculating payment rates for each operating cost category or combination of operating cost categories. For the rate year beginning on July 1, 1985, the commissioner shall:

(1) allow nursing homes that have an average length of stay of 180 days or less in their skilled nursing level of care, 125 percent of the care related limit and 105 percent of the other operating cost limit established by rule; and

(2) exempt nursing homes licensed on July 1, 1983, by the commissioner to provide residential services for the physically handicapped under Minnesota Rules, parts 9570.2000 to 9570.3600, from the care related limits and allow 105 percent of the other operating cost limit established by rule.

For the purpose of calculating the other operating cost efficiency incentive for nursing homes referred to in clause (1) or (2), the commissioner shall use the other operating cost limit established by rule before application of the 105 percent.

(e) The commissioner shall establish a composite index or indices by determining the appropriate economic change indicators to be applied to specific operating cost categories or combination of operating cost categories.

(f) Each nursing home shall receive an operating cost payment rate equal to the sum of the nursing home's operating cost payment rates for each operating cost category. The operating cost payment rate for an operating cost category shall be the lesser of the nursing home's historical operating cost in the category increased by the appropriate index established in paragraph (e) for the operating cost category plus an efficiency incentive established pursuant to paragraph (d) or the limit for the operating cost category increased by the same index. If a nursing home's actual historic operating costs are greater than the prospective payment rate for that rate year, there shall be no retroactive cost settle-up. In establishing payment rates for one or more operating cost categories, the commissioner may establish separate rates for different classes of residents based on their relative care needs.

(g) The commissioner shall include the reported actual real estate tax liability or payments in lieu of real estate tax of each proprietary nursing home as an operating cost of that nursing home. For rate years beginning on or after July 1, 1987, the reported actual real estate tax liability or payments in lieu of real estate tax of nursing homes shall be adjusted to include an amount equal to one-half of the dollar change in real estate taxes from the prior year. The commissioner shall include a reported actual special assessment, and reported actual license fees required by the Minnesota department of health, for each nursing home as an operating cost of that nursing home. Total adjusted real estate tax liability, payments in lieu of real estate tax, actual special assessments paid, and license fees paid as required by the Minnesota department of health, for each nursing home (1) shall be divided by actual resident days in order to compute the operating cost payment rate for this operating cost category, (2) shall not be used to compute the 60th percentile or other operating cost limits established by the commissioner, and (3) shall not be increased by the composite index or indices established pursuant to paragraph (e).

(h) For rate years beginning on or after July 1, 1987, the commissioner shall adjust the rates of the nursing home that meets the criteria for special dietary needs of its residents as described in section 144A.071, subdivision 3, clause (c), and the special dietary needs involve the preparation of Kosher foods as defined in section 31.651. The adjustment shall be the difference between the nursing home's allowable historical raw food cost per diem and 115 percent of the median historical allowable raw food cost per diem of the corresponding geographic group. The adjustment shall be calculated based on allowable costs incurred during the reporting year ending in 1986, and shall be adjusted each rate year by the raw food component of the economic change index established pursuant to section 256B.431, 2b(e). An adjustment for dietary consulting shall be the difference between the nursing home's allowable historical dietary consulting cost per diem and 115 percent of the median historical allowable dietary consulting cost per diem of the corresponding geographic group. An adjustment for dietary supplies shall be the difference between the nursing home's allowable historical dietary supply cost per diem and 105 percent of the median historical allowable dietary supply cost per diem of the corresponding geographic group. The rate adjustment shall be reduced by the applicable phase-in percentage as provided under section 256B.431, subdivision 2(h).

Sec. 7. Minnesota Statutes 1986, section 256B.431, subdivision 2e, is amended to read:

Subd. 2e. [NEGOTIATED RATES CONTRACTS FOR SERVICES FOR VENTILATOR DEPENDENT PERSONS.] Until procedures for determining operating cost payment rates according to mix of resident needs are established, the commissioner may negotiate, with a nursing home that is eligible to receive medical assistance payments, a payment rate of up to 125 percent of the allowed payment rate to be paid for a period of up to three months for individuals who have been hospitalized for more than 100 days, or who have extensive care needs based on nursing hours actually provided or mental or physical disability, or who need respite care for a specified and limited time period. In addition, the commissioner shall take into consideration facilities which historically provided nursing hours at or near the maximum limits which were subsequently reduced as a consequence of payment rate reductions. The payment rate shall be based on an assessment of the nursing home's resident mix as determined by the commissioner of health. When circumstances dictate, the commissioner has authority to renegotiate payment rates for an additional period of time. The payment rate negotiated and The commissioner may contract with a nursing home eligible to receive medical assistance payments to provide services to a ventilator dependent person identified by the commissioner according to criteria developed by the commissioner, including:

(1) nursing home care has been recommended for the person by a preadmission screening team;

- (2) the person has been assessed at case mix classification K;
- (3) the person has been hospitalized for at least six months and no longer requires inpatient acute care hospital services; and
- (4) the commissioner has determined that necessary services for the person cannot be provided under existing nursing home rates.

The commissioner may issue a request for proposals to provide services to a ventilator dependent person to nursing homes eligible to receive medical assistance payments and shall select nursing homes from among respondents according to criteria developed by the commissioner, including:

- (1) the cost effectiveness and appropriateness of services;
- (2) the nursing home's compliance with federal and state licensing and certification standards; and
- (3) the proximity of the nursing home to a ventilator dependent person identified by the commissioner who requires nursing home placement.

The commissioner may negotiate an adjustment to the operating cost payment rate for a nursing home selected by the commissioner from among respondents to the request for proposals. The negotiated adjustment must reflect only the actual additional cost of meeting the specialized care needs of a ventilator dependent person identified by the commissioner for whom necessary services cannot be provided under existing nursing home rates and which are not otherwise covered under Minnesota Rules, parts 9549.0010 to 9549.0080 or 9505.0170 to 9505.0475. The negotiated adjustment shall not affect the payment rate charged to private paying residents under the provisions of section 256B.48, subdivision 1. The negotiated adjustment paid pursuant to this paragraph is specifically exempt from the definition of "rule" and the rulemaking procedures required by chapter 14 and section 256B.502.

Sec. 8. Minnesota Statutes 1986, section 256B.431, subdivision 3a, is amended to read:

Subd. 3a. [PROPERTY-RELATED COSTS AFTER JULY 1, 1985.]  
(a) For rate years beginning on or after July 1, 1985, the commissioner, by permanent rule, shall reimburse nursing home providers that are vendors in the medical assistance program for the rental use of real estate and depreciable equipment. "Real estate" means land improvements, buildings, and attached fixtures used directly for resident care. "Depreciable equipment" means the standard moveable resident care equipment and support service equipment generally used in long-term care facilities.

(b) In developing the method for determining payment rates for the rental use of nursing homes, the commissioner shall consider factors designed to:

- (1) simplify the administrative procedures for determining payment rates for property-related costs;
- (2) minimize discretionary or appealable decisions;
- (3) eliminate any incentives to sell nursing homes;
- (4) recognize legitimate costs of preserving and replacing property;
- (5) recognize the existing costs of outstanding indebtedness allowable under the statutes and rules in effect on May 1, 1983;
- (6) address the current value of, if used directly for patient care, land improvements, buildings, attached fixtures, and equipment;
- (7) establish an investment per bed limitation;
- (8) reward efficient management of capital assets;
- (9) provide equitable treatment of facilities;
- (10) consider a variable rate; and
- (11) phase-in implementation of the rental reimbursement method.

(c) No later than January 1, 1984, the commissioner shall report to the legislature on any further action necessary or desirable in order to implement the purposes and provisions of this subdivision.

(d) For rate years beginning on or after July 1, 1987, a nursing home which reduces licensed bed capacity shall be allowed to:

(1) aggregate the applicable investment per bed limits based on the number of beds licensed prior to the reduction; and

(2) establish capacity days for each rate year following the licensure reduction based on the number of beds licensed on the previous April 1 if the commissioner is notified of the change by April 4. The notification must include a copy of the delicensure request that has been submitted to the commissioner of health.

Sec. 9. Minnesota Statutes 1986, section 256B.431, is amended by adding a subdivision to read:

Subd. 3b. [DEPRECIATION RECAPTURE.] The sale of a nursing home which occurred on or after July 1, 1987, shall result in depreciation recapture payments to be paid by the buyer to the commissioner within 60 days of the department's notification if the sale price exceeds the nursing home's allowable historical cost of capital assets including land recognized by the commissioner at the time of the sale, reduced by accumulated depreciation. The gross recapture amount shall be the lesser of the actual gain on the sale or actual depreciation recognized for the purpose of calculating medical assistance payment rates from November 1, 1972, through the date of the sale. The gross recapture amount shall be allocated to each reporting year from November 1, 1972, through the date of the sale in the same ratio as depreciation amounts recognized for the purpose of calculating medical assistance payment rates. The amount allocated to each reporting year shall be divided by the total actual resident days in that reporting year, thereby determining a cost-per-resident day. The recapture amount shall be the cost-per-resident day for each reporting year times the actual medical assistance resident days for the corresponding rate year following each reporting year. No payment of depreciation recapture shall be assessed with respect to a portion of a rate year beginning after June 30, 1985, in which the property-related payment rate was based on the nursing home's rental value. For the purpose of this subdivision, the sale of a nursing home means the sale or transfer of a nursing home's capital assets or capital stock or the redemption of ownership interests by members of a partnership. In the case of a sale or transfer of a nursing home in which the new operator leases depreciable equipment used in the nursing home business from the prior operator, or an affiliate of the prior operator, the net present value of the lease shall be added to the transaction price for the purpose of determining the actual gain on the sale. In the case of a partial sale of a nursing home, the provisions of this subdivision will be applied proportionately to sales or accumulations of sales that exceed 20 percent of a nursing home's capital assets or capital stock. Depreciation recapture payments resulting from the sale of a nursing home which occurred before July 1, 1985, shall be calculated in accordance with reimbursement regulations in effect on the date of the sale.

Sec. 10. Minnesota Statutes 1986, section 256B.431, is amended by adding a subdivision to read:

Subd. 3c. [PLANT AND MAINTENANCE COSTS.] For the rate years beginning on or after July 1, 1987, the commissioner shall allow as an expense in the reporting year of occurrence the lesser of the actual allowable plant and maintenance costs for supplies, minor equipment, equipment repairs, building repairs, purchased services and service contracts, except for arms-length service contracts whose primary purpose is supervision, or \$325 per licensed bed.

Sec. 11. Minnesota Statutes 1986, section 256B.431, subdivision 4, is amended to read:

Subd. 4. [SPECIAL RATES.] (a) For the rate years beginning July 1, 1983, and July 1, 1984, a newly constructed nursing home or one with a capacity increase of 50 percent or more may, upon written application to the commissioner, receive an interim payment rate for reimbursement for property-related costs calculated pursuant to the statutes and rules in effect on May 1, 1983 and for operating costs negotiated by the commissioner based upon the 60th percentile established for the appropriate group under subdivision 2a, to be effective from the first day a medical assistance recipient resides in the home or for the added beds. For newly constructed nursing homes which are not included in the calculation of the 60th percentile for any group, subdivision 2f, the commissioner shall establish by rule procedures for determining interim operating cost payment rates and interim property-related cost payment rates. The interim payment rate shall not be in effect for more than 17 months. The commissioner shall establish, by emergency and permanent rules, procedures for determining the interim rate and for making a retroactive cost settle-up after the first year of operation; the cost settled operating cost per diem shall not exceed 110 percent of the 60th percentile established for the appropriate group. Until procedures determining operating cost payment rates according to mix of resident needs are established, the commissioner shall establish by rule procedures for determining payment rates for nursing homes which provide care under a lesser care level than the level for which the nursing home is certified.

(b) For the rate years beginning on or after July 1, 1985, a newly constructed nursing home or one with a capacity increase of 50 percent or more may, upon written application to the commissioner, receive an interim payment rate for reimbursement for property related costs, operating costs, and real estate taxes and special assessments calculated under rules promulgated by the commissioner.

(c) For rate years beginning on or after July 1, 1983, the commissioner may exclude from a provision of 12 MCAR S 2.050 any facility that is licensed by the commissioner of health only as a boarding care home, certified by the commissioner of health as an intermediate care facility, is licensed by the commissioner of human services under Minnesota Rules, parts 9520.0500 to 9520.0690, and has less than five percent of its licensed boarding care capacity reimbursed by the medical assistance program. Until a permanent rule to establish the payment rates for facilities meeting these criteria is promulgated, the commissioner shall establish the medical assistance payment rate as follows:

(1) The desk audited payment rate in effect on June 30, 1983, remains in effect until the end of the facility's fiscal year. The commissioner shall not allow any amendments to the cost report on which this desk audited payment rate is based.

(2) For each fiscal year beginning between July 1, 1983, and June 30, 1985, the facility's payment rate shall be established by increasing the desk audited operating cost payment rate determined in clause (1) at an annual rate of five percent.

(3) For fiscal years beginning on or after July 1, 1985, the facility's payment rate shall be established by increasing the facility's payment rate in the facility's prior fiscal year by the increase indicated by the consumer price index for Minneapolis and St. Paul.

(4) For the purpose of establishing payment rates under this paragraph, the facility's rate and reporting years coincide with the facility's fiscal year.

A facility that meets the criteria of this paragraph shall submit annual cost reports on forms prescribed by the commissioner.

For the rate year beginning July 1, 1985, each nursing home total payment rate must be effective two calendar months from the first day of the month after the commissioner issues the rate notice to the nursing home. From July 1, 1985, until the total payment rate becomes effective, the commissioner shall make payments to each nursing home at a temporary rate that is the prior rate year's operating cost payment rate increased by 2.6 percent plus the prior rate year's property-related payment rate and the prior rate year's real estate taxes and special assessments payment rate. The commissioner shall retroactively adjust the property-related payment rate and the real estate taxes and special assessments payment rate to July 1, 1985, but must not retroactively adjust the operating cost payment rate.

(d) For the purposes of reimbursement under Minnesota Rules, parts 9549.0010 to 9549.0080, the following types of transactions shall not be considered a sale or reorganization of a provider entity:

- (1) the sale or transfer of a nursing home upon death of an owner;
- (2) the sale or transfer of a nursing home due to serious illness or disability of an owner as defined under the social security act; or
- (3) the sale or transfer of the nursing home upon retirement of an owner at 62 years of age or older.

Sec. 12. Minnesota Statutes 1986, section 256B.50, subdivision 2, is amended to read:

Subd. 2. [APPRAISED VALUE; APPEALS BOARD.] (a) Appeals concerning the appraised value of a nursing home's real estate must be heard by a three-person appeal board appointed by the commis-

sioner. The real estate as defined in section 256B.431, subdivision 3, must be appraised using the depreciated replacement cost method.

(b) Members of the appeals board shall be appointed by the commissioner from the list of appraisers approved for state contracts by the commissioner of administration. In making the selection, the commissioner of human services shall ensure that each member is experienced in the use of the depreciated replacement cost method and is free of any personal, political, or economic conflict of interest that may impair the member's ability to function in a fair and objective manner.

(c) The appeals board shall appoint one of its members to act as chief representative and shall examine witnesses when it is necessary to make a complete record. Facts to be considered by the board are limited to those in existence at the time of the appraisal being appealed. The board shall issue a written report regarding each appeal to the commissioner within 30 days following the close of the record. The report must contain findings of fact, conclusions, and a recommended disposition based on a majority decision of the board. A copy of the report must be served upon all parties.

(d) The commissioner shall issue an order adopting, rejecting, or modifying the appeal board's recommendation within 30 days of receipt of the report. A copy of the decision must be served upon all parties.

(e) Within 30 days of receipt of the commissioner's order, the appealing party may appeal to the Minnesota court of appeals. The court's decision is limited to a determination of the appraised value of the real estate and must not include costs assessed against either party. (a) An appeal request concerning the appraised value of a nursing home's real estate as established by an appraisal conducted after July 1, 1986, shall state the appraised value the nursing home believes is correct for the building, land improvements, and attached equipment and the name and address of the firm with whom contacts may be made regarding the appeal. The appeal request shall include a separate appraisal report prepared by an independent appraiser of real estate which supports the total appraised value claimed by the nursing home. The appraisal report shall be based on an on-site inspection of the nursing home's real estate using the depreciated replacement cost method and must be in a form comparable to that used in the commissioner's appraisal. The appraisal report shall include information related to the training, experience, and qualifications of the appraiser who conducted and prepared the appraisal report for the nursing home.

(b) A nursing home which has filed an appeal request prior to the effective date of this law concerning the appraised value of its real estate as established by an appraisal conducted before July 1, 1986, must submit to the commissioner the information described under

paragraph (a) within 60 days of the effective date of this act in order to preserve the appeal.

(c) An appeal request which has been filed pursuant to the provisions of paragraph (a) or (b) shall be finally resolved through an agreement entered into by and between the commissioner and the nursing home or by the determination of an independent review appraiser based upon an on-site inspection of the nursing home's real estate using the depreciated replacement cost method in a form comparable to that used in the commissioner's appraisal. The review appraiser shall be selected by the commissioner and the nursing home by alternately striking names from a list of appraisers approved for state contracts by the commissioner of administration. The review appraiser shall make assurances to the satisfaction of the commissioner and the nursing home that the review appraiser is experienced in the use of the depreciated cost method of appraisals and that the review appraiser is free of any personal, political, or economic conflict of interest that may impair the ability to function in a fair and objective manner. The commissioner shall pay costs of the review appraiser through a negotiated rate for services of the review appraiser.

(d) The decision of the review appraiser is final and is not appealable. Exclusive jurisdiction for appeals of the appraised value of nursing homes lies with the procedures set out in this subdivision. No court of law shall possess subject matter jurisdiction to hear appeals of appraised value determinations of nursing homes.

### Sec. 13. [STUDY AND REPORT.]

The interagency board for quality assurance shall study the following issues and report to the legislature by December 15, 1988, on its findings and recommendations:

(1) their right to retain certain resources under section 256B.14, subdivision 2; and

"Section 1. Minnesota Statutes 1986, section 500.24, subdivision 6, is amended to read:

Subd. 6. [DISPOSAL OF LAND.] A state or federal agency or a corporation, other than a family farm corporation or an authorized farm corporation, when leasing or selling farm land or a farm homestead, must offer or make a good faith effort to offer land for

sale or lease to the immediately preceding former owner at a price no higher than the highest price offered by a third party that is acceptable to the seller or lessor. “Highest price offered by a third party” means the acceptable cash price offered by a third party or the acceptable time-price offer made by a third party. A cash-price offer is one which involves contemporaneous transfer of title. If the acceptable offer made by a third party is a time-price offer, the seller or lessor must make the same time-price offer or an equivalent cash offer to the immediately preceding former owner. An equivalent cash offer is equal to the total of the payments made over a period of the time-price offer discounted by the treasury yield curve for like time periods plus 2.0 percent. A time-price offer is an offer that defers payment of any portion of the price and does not involve a transfer of fee title until full payment is made. An offer to lease to the former owner is required only on the first each occasion on which the property is leased until the property is actually sold or until the former owner fails to exercise the right of first refusal. An offer to sell to the former owner is required only on the first occasion on which the property is sold. An offer to sell or lease to the preceding former owner must be in writing and must accurately report all relevant details of the sale or lease offer acceptable to the seller or lessor. An offer to sell must have a copy of the purchase agreement for the highest offer made by a third party that is acceptable to the seller and must be included with the notice under this subdivision. An offer to lease must have a copy of the lease agreement for the highest offer made by a third party that is acceptable to the seller and must be included with the notice under this subdivision. An offer delivered by certified mail to the former owner’s last known address is a good faith offer. This subdivision does not apply to a sale or lease that occurs after the seller or lessor has held the property for five years except for a corporation that holds land under subdivision 3, clause (i) in which case the requirement to offer to sell or lease to the immediately preceding owner remains in effect for ten years.

The former owner must exercise the right to lease farm land within ten days after receiving an offer to lease under this subdivision. The former owner must exercise the right to buy farm land within 60 days after receiving an offer to buy under this subdivision. This subdivision does not apply if the former owner is a bankrupt estate.

The right under this subdivision may not be waived unless the waiver is signed after the right actually exists and could be exercised by the previous owner.”

(9) homes providing programs for persons placed there by a licensed agency for legal adoption, unless the adoption is not completed within two years;

(10) programs licensed by the commissioner of corrections;

(11) recreation programs for children or adults that operate for fewer than 40 calendar days in a calendar year;

(12) programs not located in family or group family day care homes whose primary purpose is to provide activities outside of the regular school day for children age five and older, until such time as appropriate rules have been adopted by the commissioner;

(13) head start nonresidential programs which operate for less than 31 days in each calendar year;

(14) noncertified boarding care homes unless they provide services for five or more persons whose primary diagnosis is mental illness or mental retardation;

(15) family day care for nonhandicapped children provided for a cumulative total of less than 30 days in any 12-month period; or

(16) residential programs for persons with mental illness, that are located in hospitals, until the commissioner adopts appropriate rules.

Subd. 3. [UNLICENSED PROGRAMS.] (a) It is a misdemeanor for an individual, corporation, partnership, voluntary association, or other organization to provide a residential or nonresidential pro-

gram without a license and in willful disregard of sections 1 to 16 unless the program is excluded from licensure under subdivision 2.

(b) If, after receiving notice that a license is required, the individual, corporation, partnership, voluntary association, or other organization has failed to apply for a license, the commissioner may ask the appropriate county attorney or the attorney general to begin proceedings to secure a court order against the continued operation of the program. The county attorney and the attorney general have a duty to cooperate with the commissioner.

#### Sec. 4. [245A.04] [APPLICATION PROCEDURES.]

Subdivision 1. [APPLICATION FOR LICENSURE.] An individual, corporation, partnership, voluntary association or other organization subject to licensure under section 3 must apply for a license. The application must be made on the forms and in the manner prescribed by the commissioner. The commissioner shall provide the applicant with instruction in completing the application and provide information about the rules and requirements of other state agencies that affect the applicant.

The commissioner shall act on the application within 90 working days after a complete application and any required reports have been received from other state agencies or departments, counties, municipalities, or other political subdivisions.

Subd. 2. [NOTIFICATION OF AFFECTED MUNICIPALITY.] The commissioner must not issue a license without giving 30 calendar days' written notice to the affected municipality or other political subdivision unless the program is considered a permitted single-family residential use under sections 11 and 14. The notification must be given before the first issuance of a license and annually after that time if annual notification is requested in writing by the affected municipality or other political subdivision. State funds must not be made available to or be spent by an agency or department of state, county, or municipal government for payment to a residential or nonresidential program licensed under sections 1 to 16 until the provisions of this subdivision have been complied with in full. The provisions of this subdivision shall not apply to programs located in hospitals.

Subd. 3. [STUDY OF THE APPLICANT.] (a) Before issuing a license, the commissioner shall conduct a study of the applicant. The applicant, the bureau of criminal apprehension, county attorneys, county sheriffs, county agencies, and local chiefs of police, after notice to the subject of the data, shall help with the study by giving the commissioner criminal conviction data, arrest information, reports about abuse or neglect of children or adults, and investigation results available from local, state, and national criminal record

repositories, including the criminal justice data communications network, about:

(1) the applicant;

(2) persons living in the household where the licensed program will be provided;

(3) employees or contractors of the applicant who will have direct contact with persons served by the program; and

(4) volunteers who have direct contact with persons served by the program, if the contact is not directly supervised by the individuals listed in clause (1) or (3).

The commissioner and agencies required to help conduct the study may charge the applicant or the subject of the data a reasonable fee for conducting the study.

(b) A study must meet the following minimum criteria:

(1) if the subject of the data has resided in the same county for at least the past five years, the study must include information from the county sheriff and the county attorney;

(2) if the subject of the data has resided in the state, but not in the same county, for the past five years, the study must include information from the agencies listed in clause 1 and the bureau of criminal apprehension; and

(3) if the subject of the data has not resided in the state for at least five years, the study must include information from the agencies listed in clauses 1 and 2 and the national criminal records repository and the state law enforcement agencies in the states where the subject of the data has maintained a residence during the past five years.

(c) An applicant's failure or refusal to cooperate with the commissioner is reasonable cause to deny an application or revoke or suspend a license. Failure or refusal of an individual to cooperate with the study is just cause for denying or terminating employment of the individual if the individual's failure or refusal to cooperate could cause the applicant's application to be denied or the license holder's license to be immediately suspended, suspended, or revoked.

(d) The commissioner shall not consider an application to be complete until all of the information required to be provided under this subdivision has been received.

Subd. 4. [INSPECTIONS; WAIVER.] (a) Before issuing a license, the commissioner shall conduct an inspection of the program. The inspection must include but is not limited to:

- (1) an inspection of the physical plant;
- (2) an inspection of records and documents;
- (3) an evaluation of the program by consumers of the program; and
- (4) observation of the program in operation.

For the purposes of this subdivision, "consumer" means a person who receives the services of a licensed program, the person's legal guardian, or the parent or individual having legal custody of a child who receives the services of a licensed program.

(b) The evaluation required in paragraph (a), clause (3) or the observation in paragraph (a), clause (4) is not required prior to issuing a provisional license under subdivision 7. If the commissioner issues a provisional license under subdivision 7, these requirements must be completed within one year after the issuance of a provisional license. The observation in paragraph (a), clause (4) is not required if the commissioner determines that the observation would hinder the persons receiving services in benefitting from the program.

Subd. 5. [COMMISSIONER'S RIGHT OF ACCESS.] When the commissioner is exercising the powers conferred by sections 1 to 16, the commissioner must be given access to the physical plant and grounds where the program is provided, documents, persons served by the program, and staff whenever the program is in operation and the information is relevant to inspections or investigations conducted by the commissioner. The commissioner must be given access without prior notice and as often as the commissioner considers necessary if the commissioner is conducting an investigation of allegations of abuse, neglect, or other violation of applicable laws or rules. In conducting inspections, the commissioner may request and shall receive assistance from other state, county, and municipal governmental agencies and departments. The applicant or license holder shall allow the commissioner to photocopy, photograph, and make audio and video tape recordings during the inspection of the program at the commissioner's expense. The commissioner shall obtain a court order before photocopying hospital medical records.

Persons served by the program have the right to refuse to consent to be interviewed, photographed, or audio or videotaped. Failure or refusal of an applicant or license holder to fully comply with this subdivision is reasonable cause for the commissioner to deny the application or immediately suspend or revoke the license.

Subd. 6. [COMMISSIONER'S EVALUATION.] Before granting, suspending, revoking, or making probationary a license, the commissioner shall evaluate information gathered under this section. The commissioner's evaluation shall consider facts, conditions, or circumstances concerning the program's operation, the well-being of persons served by the program, consumer evaluations of the program, and information about the character and qualifications of the personnel employed by the applicant or license holder.

The commissioner shall evaluate the results of the study required in subdivision 3 and determine whether a risk of harm to the persons served by the program exists. In conducting this evaluation, the commissioner shall apply the disqualification standards set forth in rules adopted under this chapter. If any rule currently does not include these disqualification standards, the commissioner shall apply the standards in section 364.03, subdivision 2 until the rule is revised to include disqualification standards. The commissioner shall revise all rules authorized by this chapter to include disqualification standards. The provisions of chapter 364 do not apply to applicants or licenseholders governed by sections 1 to 16 except as provided in this subdivision.

Subd. 7. [ISSUANCE OF A LICENSE; PROVISIONAL LICENSE.] (a) If the commissioner determines that the program complies with all applicable rules and laws, the commissioner shall issue a license. At minimum, the license shall state:

(1) the name of the license holder;

(2) the address of the program;

(3) the effective date and expiration date of the license;

(4) the type of license;

(5) the maximum number and ages of persons that may receive services from the program; and

(6) any special conditions of licensure.

(b) The commissioner may issue a provisional license for a period not to exceed one year if:

(1) the commissioner is unable to conduct the evaluation or observation required by subdivision 4, paragraph (a), clauses 3 and 4, because the program is not yet operational;

(2) certain records and documents are not available because persons are not yet receiving services from the program; and

(3) the applicant complies with applicable laws and rules in all other respects.

A provisional license must not be issued except at the time that a license is first issued to an applicant.

A license shall not be transferable to another individual, corporation, partnership, voluntary association or other organization, or to another location. All licenses expire at 12:01 a.m. on the day after the expiration date stated on the license. A license holder must apply for and be granted a new license to operate the program or the program must not be operated after the expiration date.

#### Sec. 5. [245A.05] [DENIAL OF APPLICATION.]

An applicant whose application has been denied by the commissioner must be given notice of the denial. Notice must be given by certified mail. The notice must state the reasons the application was denied and must inform the applicant of the right to a contested case hearing under chapter 14. The applicant may appeal the denial by notifying the commissioner in writing by certified mail within 20 calendar days after receiving notice that the application was denied. Section 8 applies to hearings held to appeal the commissioner's denial of an application.

#### Sec. 6. [245A.06] [CORRECTION ORDER AND FINES.]

Subdivision 1. [CONTENTS OF CORRECTION ORDERS.] If the commissioner finds that the applicant or license holder has failed to comply with an applicable law or rule and this failure does not imminently endanger the health, safety, or rights of the persons served by the program, the commissioner may issue a correction order to the applicant or license holder. The correction order must state:

- (1) the conditions that constitute a violation of the law or rule;
- (2) the specific law or rule violated; and
- (3) the time allowed to correct each violation.

Subd. 2. [RECONSIDERATION OF CORRECTION ORDERS.] If the applicant or license holder believes that the contents of the commissioner's correction order are in error, the applicant or license holder may ask the department of human services to reconsider the parts of the correction order that are alleged to be in error. The request for reconsideration must be in writing, delivered by certified mail, and:

- (1) specify the parts of the correction order that are alleged to be in error;

(2) explain why they are in error; and

(3) include documentation to support the allegation of error.

A request for reconsideration does not stay any provisions or requirements of the correction order. The commissioner shall respond to requests made under this subdivision within 15 working days after receipt of the request for reconsideration. The commissioner's disposition of a request for reconsideration is final and not subject to appeal under chapter 14.

Subd. 3. [FAILURE TO COMPLY.] If upon reinspection, the commissioner finds that the applicant or license holder has not corrected the violations specified in the correction order, the commissioner may order a fine. This section does not prohibit the commissioner from seeking a court order, denying an application, or suspending, revoking, or making probationary the license in addition to ordering a fine.

Subd. 4. [NOTICE OF FINE; APPEAL.] A license holder who is ordered to pay a fine must be notified of the order by certified mail. The notice must be mailed to the address shown on the application or the last known address of the license holder. The notice must state the reasons the fine was ordered and must inform the license holder of the right to a contested case hearing under chapter 14. The license holder may appeal the order to forfeit a fine by notifying the commissioner by certified mail within 15 calendar days after receiving the order. A timely appeal shall stay forfeiture of the fine until the commissioner issues a final order under section 8, subdivision 5.

Subd. 5. [FORFEITURE OF FINES.] The license holder shall pay the fines assessed within 15 calendar days of receipt of notice of the commissioner's order. If the license holder fails to fully comply with the order, the commissioner shall suspend the license until the license holder complies. If the license holder receives state funds, the state, county, or municipal agencies or departments responsible for administering the funds shall withhold payments and recover any payments made while the license is suspended for failure to pay a fine.

Subd. 6. [AMOUNT OF FINES.] Until the commissioner adopts one or more schedules of fines, fines shall be assessed as follows:

(1) the license holder shall forfeit \$1,000 for each occurrence of violation of law or rule prohibiting the maltreatment of children or the abuse, neglect, or exploitation of vulnerable adults, including but not limited to corporal punishment, illegal or unauthorized use of physical, mechanical, or chemical restraints, and illegal or unauthorized use of aversive or deprivation procedures;

(2) the license holder shall forfeit \$200 for each occurrence of a violation of law or rule governing matters of health, safety, or supervision, including but not limited to the provision of adequate staff to child or adult ratios, except that the holder of a family or group family day care license shall forfeit \$100 for a violation under this clause; and

(3) the license holder shall forfeit \$100 for each occurrence of a violation of law or rule other than those included in clauses (1) and (2), except that the holder of a family or group family day care license shall forfeit \$50 for a violation under this clause.

For the purposes of this section, "occurrence" means each calendar day or part of a day that a violation continues to exist after the date set for correction in the commissioner's correction order.

### Sec. 7. [245A.07] [SANCTIONS.]

Subdivision 1. [SANCTIONS AVAILABLE.] In addition to ordering forfeiture of fines, the commissioner may propose to suspend, revoke, or make probationary the license or secure an injunction against the continuing operation of the program of a license holder who does not comply with applicable law or rule. When applying sanctions authorized under this section, the commissioner shall consider the nature, chronicity, or severity of the violation of law or rule and the effect of the violation on the health, safety, or rights of persons served by the program.

Subd. 2. [IMMEDIATE SUSPENSION IN CASES OF IMMINENT DANGER TO HEALTH, SAFETY, OR RIGHTS.] If the license holder's failure to comply with applicable law or rule has placed the health, safety, or rights of persons served by the program in imminent danger, the commissioner shall act immediately to suspend the license. No state funds shall be made available or be expended by any agency or department of state, county, or municipal government for use by a license holder regulated under sections 1 to 16 while a license is under immediate suspension. A notice stating the reasons for the immediate suspension and informing the license holder of the right to a contested case hearing under chapter 14 must be delivered by personal service to the address shown on the application or the last known address of the license holder. The license holder may appeal an order immediately suspending a license by notifying the commissioner in writing by certified mail within five calendar days after receiving notice that the license has been immediately suspended. A license holder shall discontinue operation of the program upon receipt of the commissioner's order to immediately suspend the license.

Subd. 3. [SUSPENSION, REVOCATION, PROBATION.] The commissioner may suspend, revoke, or make probationary a license if a license holder fails to comply fully with applicable laws or rules. A

license holder who has had a license suspended, revoked, or made probationary must be given notice of the action by certified mail. The notice must be mailed to the address shown on the application or the last known address of the license holder. The notice must state the reasons the license was suspended, revoked, or made probationary and must inform the license holder of the right to a contested case hearing under chapter 14. The license holder may appeal an order suspending, revoking, or making a license probationary by notifying the commissioner in writing by certified mail within ten calendar days after receiving notice that the license has been suspended, revoked, or made probationary.

Sec. 8. [245A.08] [HEARINGS.]

Subdivision 1. [RECEIPT OF APPEAL; CONDUCT OF HEARING.] Upon receiving a timely appeal or petition pursuant to sections 5 to 7, the commissioner shall issue a notice of and order for hearing to the appellant under chapter 14.

Subd. 2. [CONDUCT OF HEARINGS.] At any hearing provided for by sections 5 to 7, the appellant may be represented by counsel and has the right to call, examine, and cross-examine witnesses. The administrative law judge may require the presence of witnesses and evidence by subpoena on behalf of any party.

Subd. 3. [BURDEN OF PROOF.] (a) At a hearing regarding suspension, immediate suspension, revocation, or making probationary a license for family day care or foster care, the commissioner may demonstrate reasonable cause for action taken by submitting statements, reports, or affidavits to substantiate the allegations that the license holder failed to comply fully with applicable law or rule. If the commissioner demonstrates that reasonable cause existed, the burden of proof in hearings involving suspension, immediate suspension, revocation, or making probationary a family day care or foster care license shifts to the license holder to demonstrate by a preponderance of the evidence that the license holder was in full compliance with those laws or rules that the commissioner alleges the license holder violated, at the time that the commissioner alleges the violations of law or rules occurred.

(b) At a hearing on denial of an application, the applicant bears the burden of proof to demonstrate by a preponderance of the evidence that the appellant has complied fully with sections 1 to 16 and other applicable law or rule and that the application should be approved and a license granted.

(c) At all other hearings under this section, the commissioner bears the burden of proof to demonstrate, by a preponderance of the evidence, that the violations of law or rule alleged by the commissioner occurred.

Subd. 4. [RECOMMENDATION OF ADMINISTRATIVE LAW JUDGE.] The administrative law judge shall recommend whether or not the commissioner's order should be affirmed. The recommendations must be consistent with sections 1 to 16 and the rules of the commissioner. The recommendations must be in writing and accompanied by findings of fact and conclusions and must be mailed to the parties by certified mail to their last known addresses as shown on the license or application.

Subd. 5. [NOTICE OF THE COMMISSIONER'S FINAL ORDER.] After considering the findings of fact, conclusions, and recommendations of the administrative law judge, the commissioner shall issue a final order. The commissioner shall consider, but shall not be bound by, the recommendations of the administrative law judge. The appellant must be notified of the commissioner's final order as required by chapter 14. The notice must also contain information about the appellant's rights under chapter 14. The institution of proceedings for judicial review of the commissioner's final order shall not stay the enforcement of the final order except as provided in section 14.65. A license holder whose license has been revoked because of noncompliance with applicable law or rule must not be granted a license for five years following the revocation.

Sec. 9. [245A.09] [RULES.]

Subdivision 1. [COMMISSIONER'S AUTHORITY.] The commissioner shall adopt rules under chapter 14 to govern the operation, maintenance, and licensure of programs subject to licensure under sections 1 to 16. The commissioner shall not adopt any rules that are inconsistent with or duplicative of existing state or federal regulations. Nothing in this subdivision shall be construed to prohibit the commissioner from incorporating existing state or federal regulations or accreditation standards by reference.

Subd. 2. [STANDARDS AND REGULATORY METHODS.] This subdivision applies to rules governing sections 1 to 16 that are adopted after July 1, 1987. As appropriate for each type of license:

(a) The commissioner shall give preference in rule to standards that describe program outcomes and the practices that have been shown to result in the desired program outcomes.

(b) The rules may include model program standards for each type of program licensed by the commissioner.

(c) The rules shall include basic licensing standards governing licensure of each type of program licensed by the commissioner. The basic licensing standards must be met by all applicants and license holders. Basic licensing standards must include, but are not limited to:

(1) standards for adequate staff that take into account the age distribution and severity of handicap of persons served by the program;

(2) safety standards that take into account the size and conditions of the physical plant and studies of fire safety including studies of the interaction between fire detection factors, fire spread factors, and evacuation factors in case of a fire;

(3) standards for program services that describe, when appropriate, adequate levels of shelter, nutrition, planned activities, materials, and qualifications of individuals responsible for administering and delivering program services;

(4) standards that describe the characteristics of the settings where program services are to be delivered; and

(5) health and sanitation standards.

Subd. 3. [REDUCTION OF FEES.] The commissioner may adopt rules under subdivision 1 to provide for the reduction of fees established under section 10 when a license holder substantially exceeds the basic standards for licensure.

Subd. 4. [EVALUATION OF RULES.] For rules adopted under this section after July 1, 1987, the commissioner shall evaluate the effects of the rules within three years after the date of adoption and at least once every five years thereafter. The evaluation must include an assessment of any discrepancies between the actual and intended effects of the rules, identification of necessary revisions, if any, and a discussion of the rules' effect on the availability and quality of licensed programs. The commissioner shall consider the results of the evaluation in amending and writing rules.

Subd. 5. [OTHER DUTIES OF THE COMMISSIONER.] For rules adopted after July 1, 1987, the commissioner shall:

(1) summarize the rules in language understandable to the general public and inform license holders and applicants where they may obtain a copy of the rules and the summary;

(2) develop and provide each applicant with information describing the services offered to applicants by the commissioner and explaining the penalties for operating an unlicensed program or failing to fully comply with the commissioner's correction orders or applicable laws or rules;

(3) upon request, interpret rules for applicants and license holders; and

(4) take measures to ensure that rules are enforced uniformly throughout the state.

Subd. 6. [CONSULTATION WITH AFFECTED PARTIES.] In developing rules, the commissioner shall request and receive consultation from: other state departments and agencies; counties and other affected political subdivisions that reflect the diversity of political subdivisions affected by the rule; persons and relatives of persons using the program governed by the rule; advocacy groups; and representatives of license holders affected by the rule. In choosing parties for consultation, the commissioner shall choose individuals and representatives of groups that reflect a cross section of urban, suburban, and rural areas of the state.

Subd. 7. [REGULATORY METHODS.] (a) Where appropriate and feasible the commissioner shall identify and implement alternative methods of regulation and enforcement to the extent authorized in this subdivision. These methods shall include:

(1) expansion of the types and categories of licenses that may be granted;

(2) when the standards of an independent accreditation body have been shown to predict compliance with the rules, the commissioner shall consider compliance with the accreditation standards to be equivalent to partial compliance with the rules; and

(3) use of an abbreviated inspection that employs key standards that have been shown to predict full compliance with the rules.

If the commissioner determines that the methods in clause (2) or (3) can be used in licensing a program, the commissioner may reduce any fee set under section 10 by up to 50 percent.

(b) The commissioner shall work with the commissioners of health, public safety, administration, and education in consolidating duplicative licensing and certification rules and standards if the commissioner determines that consolidation is administratively feasible, would significantly reduce the cost of licensing, and would not reduce the protection given to persons receiving services in licensed programs. Where administratively feasible and appropriate, the commissioner shall work with the commissioners of health, public safety, administration, and education in conducting joint agency inspections of programs.

(c) The commissioner shall work with the commissioners of health, public safety, administration, and education in establishing a single point of application for applicants who are required to obtain concurrent licensure from more than one of the commissioners listed in this clause.

Sec. 10. [245A.10] [FEES.]

The commissioner shall charge a fee for evaluation of applications and inspection of programs, other than family day care and foster care, which are licensed under sections 1 to 16.

Sec. 11. [245A.11] [SPECIAL CONDITIONS FOR RESIDENTIAL PROGRAMS.]

Subdivision 1. [POLICY STATEMENT.] It is the policy of the state that persons shall not be excluded by municipal zoning ordinances or other land use regulations from the benefits of normal residential surroundings.

Subd. 2. [PERMITTED SINGLE-FAMILY RESIDENTIAL USE.] Residential programs with a licensed capacity of six or fewer persons shall be considered a permitted single-family residential use of property for the purposes of zoning and other land use regulations.

Subd. 3. [PERMITTED MULTIFAMILY RESIDENTIAL USE.] Unless otherwise provided in any town, municipal, or county zoning regulation, a licensed residential program with a licensed capacity of seven to 16 adults or children shall be considered a permitted multifamily residential use of property for the purposes of zoning and other land use regulations. A town, municipal, or county zoning authority may require a conditional use or special use permit to assure proper maintenance and operation of a residential program. Conditions imposed on the residential program must not be more restrictive than those imposed on other conditional uses or special uses of residential property in the same zones, unless the additional conditions are necessary to protect the health and safety of the adults or children being served by the program. Nothing in sections 1 to 16 shall be construed to exclude or prohibit residential programs from single-family zones if otherwise permitted by local zoning regulations.

Subd. 4. [LOCATION OF RESIDENTIAL PROGRAMS.] In determining whether to grant a license, the commissioner shall specifically consider the population, size, land use plan, availability of community services, and the number and size of existing licensed residential programs in the town, municipality, or county in which the applicant seeks to operate a residential program. The commissioner shall not grant an initial license to any residential program if the residential program will be within 1,320 feet of an existing residential program unless the town, municipality, or county zoning authority grants the residential program a conditional use or special use permit. In cities of the first class, this subdivision applies even if a residential program is considered a permitted single-family residential use of property under subdivision 2. Foster care homes are exempt from this subdivision.

Subd. 5. [OVERCONCENTRATION AND DISPERSAL.] (a) Before January 1, 1985, each county having two or more group residential programs within 1,320 feet of each other shall submit to the department of human services a plan to promote dispersal of group residential programs. In formulating its plan, the county shall solicit the participation of affected persons, programs, municipalities having highly concentrated residential program populations, and advocacy groups. For the purposes of this subdivision, "highly concentrated" means having a population in residential programs serving seven or more persons that exceeds one-half of one percent of the population of a recognized planning district or other administrative subdivision.

(b) Within 45 days after the county submits the plan, the commissioner shall certify whether the plan fulfills the purposes and requirements of this subdivision including the following requirements:

(1) a new program serving seven or more persons must not be located in any recognized planning district or other administrative subdivision where the population in residential programs is highly concentrated;

(2) the county plan must promote dispersal of highly concentrated residential program populations;

(3) the county plan shall promote the development of residential programs in areas that are not highly concentrated;

(4) no person in a residential program shall be displaced as a result of this section until a relocation plan has been implemented that provides for an acceptable alternative placement;

(5) if the plan provides for the relocation of residential programs, the relocation must be completed by January 1, 1990. If the commissioner certifies that the plan does not do so, the commissioner shall state the reasons, and the county has 30 days to submit a plan amended to comply with the requirements of the commissioner.

(c) After July 1, 1985, the commissioner may reduce grants under section 245.73 to a county required to have an approved plan under paragraph (a) if the county does not have a plan approved by the commissioner. The county board has the right to be provided with advance notice and to appeal the commissioner's decision. If the county requests a hearing within 30 days of the notification of intent to reduce grants, the commissioner shall not certify any reduction in grants until a hearing is conducted and a decision made in accordance with the contested case provisions of chapter 14.

Subd. 6. [HOSPITALS; EXEMPTION.] Residential programs located in hospitals shall be exempt from the provisions of this section.

**Sec. 12. [245A.12] [VOLUNTARY RECEIVERSHIP FOR RESIDENTIAL FACILITIES.]**

A majority of controlling persons of a residential program may at any time ask the commissioner to assume operation of the residential program through appointment of a receiver. On receiving the request for a receiver, the commissioner may enter into an agreement with a majority of controlling persons and provide for the appointment of a receiver to operate the residential program under conditions acceptable to both the commissioner and the majority of controlling persons. The agreement must specify the terms and conditions of the receivership and preserve the rights of the persons being served by the residential program. A receivership set up under this section terminates at the time specified by the parties to the agreement or 30 days after either of the parties gives written notice to the other party of termination of the receivership agreement.

**Sec. 13. [245A.13] [INVOLUNTARY RECEIVERSHIP FOR RESIDENTIAL FACILITIES.]**

Subdivision 1. [APPLICATION.] The commissioner may petition the district court in the county where the residential program is located for an order directing the controlling persons of the residential program to show cause why the commissioner or the commissioner's designated representative should not be appointed receiver to operate the residential program. The petition to the district court must contain proof by affidavit that the commissioner has either begun license suspension or revocation proceedings, suspended or revoked a license, or decided to deny an application for licensure of the residential program. If the license holder or applicant operates more than one residential program, the commissioner's petition must specify and be limited to the residential program for which the commissioner has either begun license suspension or revocation proceedings, suspended or revoked a license, or has decided to deny an application for licensure of the residential program. The order to show cause is returnable not less than five days after service is completed and must provide for personal service of a copy to the residential program administrator and to the persons designated as agents by the controlling persons to accept service on their behalf.

Subd. 2. [APPOINTMENT OF RECEIVER; RENTAL.] If the court finds that involuntary receivership is necessary as a means of protecting the health, safety, or rights of persons being served by the residential program, the court shall appoint the commissioner or the commissioner's designated representative as a receiver to operate the residential program. The court shall determine a fair monthly rental for the physical plant, taking into account all relevant factors

including the conditions of the physical plant. The rental fee must be paid by the receiver to the appropriate controlling persons for each month that the receivership remains in effect. No payment made to a controlling person by the receiver or any state agency during a period of involuntary receivership shall include any allowance for profit or be based on any formula that includes an allowance for profit.

Subd. 3. [POWERS AND DUTIES OF THE RECEIVER.] Within 18 months after the receivership order, a receiver appointed to operate a residential program during a period of involuntary receivership shall provide for the orderly transfer of the persons served by the residential program to other residential programs or make other provisions to protect their health, safety, and rights. The receiver shall correct or eliminate deficiencies in the residential program that the commissioner determines endanger the health, safety, or welfare of the persons being served by the residential program unless the correction or elimination of deficiencies involves major alteration in the structure of the physical plant. If the correction or elimination of the deficiencies requires major alterations in the structure of the physical plant, the receiver shall take actions designed to result in the immediate transfer of persons served by the residential program. During the period of the receivership, the receiver shall operate the residential program in a manner designed to guarantee the health, safety, rights, adequate care, and supervision of the persons served by the residential program. The receiver may make contracts and incur lawful expenses. The receiver shall collect incoming payments from all sources and apply them to the cost incurred in the performance of the receiver's functions including the receiver's fee set under subdivision 4. No security interest in any real or personal property comprising the residential program or contained within it, or in any fixture of the physical plant, shall be impaired or diminished in priority by the receiver. The receiver shall pay all valid obligations of the residential program and may deduct these expenses, if necessary, from rental payments owed to any controlling person by virtue of the receivership.

Subd. 4. [RECEIVER'S FEE; LIABILITY; ASSISTANCE FROM THE COMMISSIONER.] A receiver appointed under an involuntary receivership is entitled to a reasonable receiver's fee as determined by the court. The receiver is liable only in an official capacity for injury to person and property by reason of the conditions of the residential program. The receiver is not personally liable, except for gross negligence and intentional acts.

Subd. 5. [TERMINATION.] An involuntary receivership terminates 18 months after the date on which it was ordered or at any other time designated by the court or when any of the following events occurs:

(1) the commissioner determines that the residential program's license application should be granted or should not be suspended or revoked;

(2) a new license is granted to the residential program; or

(3) the commissioner determines that all persons residing in the residential program have been provided with alternative residential programs.

Sec. 14. [245A.14] [SPECIAL CONDITIONS FOR NONRESIDENTIAL PROGRAMS.]

Subdivision 1. [PERMITTED SINGLE-FAMILY RESIDENTIAL USE.] A licensed nonresidential program with a licensed capacity of 12 or fewer persons shall be considered a permitted single-family residential use of property for the purposes of zoning and other land use regulations.

Subd. 2. [PERMITTED MULTIFAMILY USE.] Unless otherwise provided in a town, municipal, or county regulation, a licensed nonresidential program with a licensed capacity of 13 to 16 persons shall be considered a permitted multifamily residential use of property for purposes of zoning. A town, municipal, or county zoning authority may require a conditional use or special use permit in order to assure proper maintenance and operation of the program. Conditions imposed on the nonresidential program must not be more restrictive than those imposed on other conditional uses or special uses of residential property in the same zones unless the additional conditions are necessary to protect the health and safety of the persons being served by the nonresidential program. Nothing in sections 1 to 16 shall be construed to exclude or prohibit nonresidential programs from single-family zones if otherwise permitted by local zoning regulations.

Subd. 3. [CONDITIONAL LICENSE.] Until such time as the commissioner adopts appropriate rules for conditional licenses, no license holder or applicant for a family or group family day care license is required to spend more than \$100 to meet fire safety rules in excess of those required to meet Group "R" occupancies under the Uniform Building Code, chapter 12, as incorporated by reference in Minnesota Rules, part 1305.0100.

When the commissioner determines that an applicant or license holder of a family or group family day care license would be required to spend over \$100 for physical changes to ensure fire safety, the commissioner may issue a conditional license when all of the following conditions have been met:

(a) The commissioner shall notify the provider or applicant in writing of the fire safety deficiencies.

(b) The commissioner shall notify the provider or applicant in writing of alternative compliance standards that would correct deficiencies, if available.

(c) The provider or applicant agrees in writing to notify each parent, on a form prescribed by the commissioner that requires the signature of the parent, of the fire safety deficiencies, and the existence of the conditional license.

Sec. 15. [245A.15] [REGULATION OF FAMILY DAY CARE BY LOCAL GOVERNMENT.]

The authority of local units of government to establish requirements for family day care programs is limited by section 299F.011, subdivision 4a, clauses (1) and (2).

Sec. 16. [245A.16] [STANDARDS FOR COUNTY AGENCIES AND PRIVATE AGENCIES.]

Subdivision 1. [DELEGATION OF AUTHORITY TO AGENCIES.] County agencies and private agencies that have been designated or licensed by the commissioner to perform licensing functions and activities under section 4, to recommend denial of applicants under section 5, or to recommend suspending, revoking, and making licenses probationary under section 7, shall comply with rules and directives of the commissioner governing those functions and with this section.

Subd. 2. [INVESTIGATIONS.] (a) The county or private agency shall conduct timely investigations of allegations of abuse or neglect of children or adults in programs for which the county or private agency is the commissioner's designated representative and record a disposition of each complaint in accordance with applicable law or rule. The county or private agency shall conduct similar investigations of allegations of violations of rules governing licensure of the program.

(b) If an investigation conducted under clause (a) results in evidence that the commissioner should deny an application or suspend, revoke, or make probationary a license, the county or private agency shall make that recommendation to the commissioner within ten working days.

Subd. 3. [RECOMMENDATIONS TO THE COMMISSIONER.] The county or private agency shall not make recommendations to the commissioner regarding licensure without first conducting an inspection, study of the applicant, and evaluation pursuant to section 4, subdivisions 3 and 4. The county or private agency must forward its recommendation to the commissioner regarding the appropriate licensing action within 20 working days of receipt of a completed application.

Subd. 4. [ENFORCEMENT OF THE COMMISSIONER'S ORDERS.] The county or private agency shall enforce the com-

missioner's orders under sections 7 and 8, subdivision 5, according to the instructions of the commissioner.

Subd. 5. [INSTRUCTION AND TECHNICAL ASSISTANCE.] The commissioner shall provide instruction and technical assistance to county and private agencies that are subject to this section. County and private agencies shall cooperate with the commissioner in carrying out this section by ensuring that affected employees participate in instruction and technical assistance provided by the commissioner.

Subd. 6. [CERTIFICATION BY THE COMMISSIONER.] The commissioner shall ensure that rules are uniformly enforced throughout the state by reviewing each county and private agency for compliance with this section and other applicable laws and rules at least biennially. County agencies that comply with this section shall be certified by the commissioner. If a county agency fails to be certified by the commissioner, the commissioner shall certify a reduction of up to 20 percent of the county's community social services act funding or an equivalent amount from state administrative aids.

Subdivision 1. Pupil units for each resident pupil in average daily membership shall be counted as follows:

(1) In a program approved by the commissioner, for each handicapped prekindergarten pupil, one-half pupil unit for up to 437 hours of education services in the school year as provided in the pupil's individual education plan or, for more than 437 hours of education services, a number of pupil units equal to the ratio of the number of hours of education service required in the school year by the pupil's individual education program plan, developed pursuant to the rules of the state board, to 875, but not more than one pupil unit;

(2) In an elementary school:

(a) For each handicapped kindergarten pupil, as defined in section 120.03, enrolled in a program approved by the commissioner, a number of pupil units equal to the ratio of the number of hours of education services required in the school year by the pupil's individual education program plan, developed pursuant to the rules of the state board, to 875, but not more than one pupil unit;

(b) For kindergarten pupils, other than those in clause (a), enrolled in one-half day sessions throughout the school year or the equivalent thereof, one-half pupil unit; and

(c) For other elementary pupils, one pupil unit.

(3) In secondary schools, for the 1987-1988 school year, 1-4/10 pupil units. In secondary schools, for the 1988-1989 school year and each year thereafter, 1-3/10 pupil units. Pupils enrolled in the seventh and eighth grades of any school shall be counted as secondary pupils.

(1) Each pupil in subdivision 1 from a family receiving aid to families with dependent children or its successor program who is enrolled in the school district on October 1 of the ~~previous school year~~ second fiscal year of the previous biennium shall be counted as an additional five-tenths pupil unit.

(2) In every district in which the number of pupils from families receiving aid to families with dependent children or its successor program equals six percent or more of the actual pupil units in the district for the same year as computed in subdivision 1, each such pupil shall be counted as an additional one-tenth of a pupil unit for each percent of concentration over five percent of such pupils in the district. The percent of concentration shall be rounded down to the nearest whole percent for this paragraph. In districts in which the percent of concentration is less than six, additional pupil units must not be counted under this paragraph for pupils from families receiving aid to families with dependent children or its successor program. A pupil must not be counted as more than 1-1/10 additional pupil units under this subdivision. The weighting in this paragraph is in addition to the weighting provided in subdivision 1 and paragraph (1).

The equalizing factor for each school year, except the 1987-1988 school year, and for levies for use in that school year equals the ratio, rounded to the nearest dollar, of the foundation aid formula allowance for that school year to the basic maintenance mill rate for that school year.

The tier revenue does not include the portion of the cost differential tier revenue attributable to the formula equity allowance or the secondary weighting decline allowance, as defined in section 23.

(b) The commissioner shall compute the statewide average foundation revenue per actual pupil unit each school year and shall notify all districts of it before the districts' levies are required to be certified in the October immediately following the end of that school year. The commissioner shall use the latest available information in computing the statewide average foundation revenue under this

(b) ~~The basic maintenance mill rate for the 1985 payable 1986 levies and for foundation aid for the 1986-1987 school year shall be established at a rate that raises a total of \$702,000,000. The basic maintenance mill rate for the 1986 payable 1987 levies and for foundation aid for the 1987-1988 school year shall be set at a rate that raises \$692,000,000. The basic maintenance mill rate for the 1987 payable 1988 levies and for foundation aid for the 1988-1989 school year must be set to raise \$793,906,000. The basic maintenance mill rate computed by the commissioner of revenue must not be recomputed due to changes or corrections made in a school district's adjusted assessed valuation after the mill rate has been certified to the department of education pursuant to paragraph (a).~~

Sec. 15. Minnesota Statutes 1986, section 124A.03, subdivision 3, is amended to read:

Subd. 3. [BASIC MAINTENANCE LEVY; DISTRICTS OFF THE FORMULA.] In any year when the amount of the maximum levy limitation under subdivision 1 for any district, exceeds the product of the district's foundation aid formula allowance for the year in which the levy is recognized as revenue times the estimated number of total pupil units for that district for that school year, the levy limitation for that district under subdivision 1 shall be limited to the greater of the dollar amount of the levy the district certified in 1977 under Minnesota Statutes 1978, section 275.125, subdivision 2a, clause (1), or the following difference but not to exceed the levy limitation under subdivision 1:

(a) (1) the product of the district's foundation aid formula allowance for the school year in which the levy is recognized as revenue, times the estimated number of total pupil units for that district for that school year; plus (2) the amount by which special state aids authorized in chapters 124 and 124A, receivable for the same school year, excluding aid authorized in section 124.646, are estimated to be reduced under section 18; plus (3) the amount by which state aid

payments receivable for the same school year authorized in sections 273.115; 273.116; 273.123, subdivision 6; 273.13, subdivision 15a; and Laws 1983, chapter 342, article 8, section 8, are estimated to be reduced under section 18; less

(b) the estimated amount of any payments which would reduce the district's foundation aid entitlement as provided in section 124A.035, subdivision 4 in the school year in which the levy is recognized as revenue.

A levy made by a district pursuant to this subdivision shall be construed to be the levy made by that district pursuant to subdivision 1, for purposes of statutory cross-reference.

Sec. 16. Minnesota Statutes 1986, section 124A.03, is amended by adding a subdivision to read:

Subd. 3a. [BASIC MAINTENANCE LEVY; DISTRICTS OFF THE FORMULA; 1987-1988 SCHOOL YEAR.] If the amount of the maximum levy limitation under subdivision 1 for any district exceeds the product of \$1,700 times the estimated number of total pupil units for that district for the 1987-1988 school year, the levy limitation for that district under subdivision 1 is limited to the greater of the dollar amount of the levy the district certified in 1977 under Minnesota Statutes 1978, section 275.125, subdivision 2a, clause (1), or the following difference but not to exceed the levy limitation under subdivision 1:

(a) the product of \$1,700 times the estimated number of total pupil units for the 1987-1988 school year; less

(b) the estimated amount of any payments which would reduce the district's foundation aid entitlement as provided in section 124A.035, subdivision 4, in the school year in which the levy is recognized as revenue.

A levy made by a district under this subdivision shall be construed to be the levy made by that district under subdivision 1 for purposes of statutory cross-reference.

Sec. 17. Minnesota Statutes 1986, section 124A.033, subdivision 2, is amended to read:

Subd. 2. [DEFINITIONS.] For the purposes of computing foundation aid for summer programs and intersession classes of flexible school year programs, the following phrases shall have the meanings given them.

(1) "Summer program pupil units" means full-time equivalent pupil units, computed under section 124.17, for summer programs and intersession classes of flexible school year programs.

(2) For 1986 and 1987 summer programs, "summer program revenue allowance" means an amount equal to the product of the number of summer program pupil units in a district, times the foundation aid formula allowance as defined in section 124A.02 for the preceding regular school year. For summer programs in 1988 and later years, "summer program revenue allowance" means an amount equal to the product of the number of summer program pupil units in a district times 89 percent of the foundation aid formula allowance as defined in section 124A.02 for the last regular school year.

(3) "Summer program aid" means aid for summer programs and intersession classes of flexible school year programs.

Sec. 18. [124A.0371] [BASIC MAINTENANCE LEVY EQUITY.]

(a) For a nonagricultural district, if the amount of the maximum levy limitation under section 124A.03, subdivision 1, for a school year is more than the district's basic foundation revenue for that school year, an amount must be deducted as provided in this subdivision from special state aid authorized in chapters 124 and 124A, receivable for the same school year, and from other state payments receivable for the same school year authorized in sections 273.115; 273.116; 273.123, subdivision 6; 273.13, subdivision 15a; and Laws 1983, chapter 342, article 8, section 8. The aid authorized in section 124.646 must not be reduced.

(b) The amount of the deduction equals the difference between:

(1) the sum of the amount of the district's maximum levy limitation under section 124A.03, subdivision 1, plus the amount of reductions to that levy limitation under sections 124A.03, subdivision 3, and 275.125, subdivision 9; and

(2) the district's basic foundation revenue.

Sec. 19. [124A.0372] [COST DIFFERENTIAL TIER LEVY EQUITY.]

For a nonagricultural district, if the amount of the maximum levy limitation under section 124A.06, subdivision 3a, for a school year is more than the district's cost differential tier revenue for that school year, an amount must be deducted as provided in this subdivision from special state aid authorized in chapters 124 and 124A, receivable for the same school year, and from other state payments receivable for the same school year authorized in sections 273.115; 273.116; 273.123, subdivision 6; 273.13, subdivision 15a; and Laws

1983, chapter 342, article 8, section 8, to the extent that the special state aid payments and the other state payments are not reduced under section 18. The aid authorized in section 124.646 must not be reduced.

The amount of the deduction equals the difference between the result in paragraph (a) and paragraph (b).

(a) Make the computations in clauses (1) to (3).

(1) Divide the adjusted assessed valuation for the year preceding the year the levy is certified by the total pupil units for the year to which the levy is attributable.

(2) Divide the result in clause (1) by the equalizing factor for the school year to which the levy is attributable.

(3) Multiply the result in clause (2) by the district's cost differential tier revenue for the school year to which the levy is attributable.

(b) From the result in paragraph (a) subtract the district's cost differential tier revenue.

#### Sec. 20. [124A.0373] [SECOND TIER LEVY EQUITY.]

For a nonagricultural district, if the amount of the maximum levy limitation under section 124A.03, subdivision 3a, for a school year is more than the district's second tier revenue for that school year, an amount must be deducted as provided in this subdivision from special state aid authorized in chapters 124 and 124A, receivable for the same school year, and from other state payments receivable for the same school year authorized in sections 273.115; 273.116; 273.123, subdivision 6; 273.13, subdivision 15a; and Laws 1983, chapter 342, article 8, section 8, to the extent that the special state aid payments and the other state payments are not reduced under sections 18 and 19. The aid authorized in section 124.646 must not be reduced.

The amount of the deduction equals the difference between the results in paragraphs (a) and (b).

(a) Make the computations in clauses (1) to (3).

(1) Divide the adjusted assessed valuation for the year preceding the year the levy is certified by the total pupil units for the year to which the levy is attributable.

(2) Divide the result in clause (1) by the equalizing factor for the school year to which the levy is attributable.

(3) Multiply the result in clause (2) by the district's second tier revenue for the school year to which the levy is attributable.

(b) From the result in paragraph (a) subtract the district's second tier revenue.

Sec. 21. [124A.05] [SPARSITY AMOUNT.]

Subdivision 1. [DEFINITIONS.] The definitions in this subdivision apply in this section.

(a) "High school" means a secondary school, as defined in section 120.05, subdivision 2, clause (3), that enrolls pupils in each of grades 10, 11, and 12. If a district has entered into an agreement providing for the discontinuance of one or more grade levels according to section 122.535 or 122.541, and if there is no secondary school in the district that enrolls pupils in each of grades 10, 11, and 12, then the commissioner shall name one school in the district as a high school for this section.

(b) (1) In a district with only one high school, "secondary average daily membership" means the average daily membership of resident pupils in grades 7 through 12, as defined in section 124.17, subdivision 2.

(2) In a school district with more than one high school, "secondary average daily membership" for a particular high school means the product of the number of resident pupils enrolled in grades 7 through 12 in average daily membership in that high school, as defined in section 124.17, subdivision 2, times the ratio of six to the number of grades in that high school.

(c) "Attendance area" means the quotient of the total surface area in square miles of a district divided by the number of high schools in the district.

(d) "Isolation index" means the sum of

(1) the distance in miles measured by the usual traveled routes between a particular high school in a district and the nearest other high school, plus

(2) the square root of one-half the attendance area.

(e) "Qualifying high school" means a high school with an isolation index of greater than 18 and with secondary average daily membership of less than 500 in the year for which the aid is to be paid.

Subd. 2. [COMPUTATION.] A district's sparsity amount for a school year equals the sum of the amounts determined by computing the following product for each qualifying high school in the district:

(a) the foundation aid formula allowance for the school year, multiplied by

(b) the secondary average daily membership of the high school, multiplied by

(c) the quotient obtained by dividing (1) the remainder of 500 minus the secondary average daily membership by (2) the sum of 500 plus the secondary daily membership, multiplied by

(d) the quotient obtained by dividing (1) the remainder of the isolation index minus 18 by (2) the isolation index, multiplied by

(e) two.

Subd. 3. [ISOLATED ELEMENTARY SCHOOLS.] A district operating an elementary school, as defined in section 120.05, subdivision 2, that enrolls fewer than 20 pupils, and that is at least 50 miles by the usual traveled routes from the nearest other Minnesota elementary school, shall receive an additional sparsity amount equal to the foundation aid formula allowance times the number of pupils enrolled in that school, times two.

Sec. 22. [124A.051] [TEACHER RETIREMENT AND F.I.C.A. GUARANTEE.]

A district's "teacher retirement and F.I.C.A. guarantee" for each school year equals:

(a) the sum of

(1) its teacher retirement and F.I.C.A. aid for fiscal year 1987 under section 124.2162; plus

(2) the amount of teacher retirement and F.I.C.A. aid for fiscal year 1987 under section 124.2163, allocated to the district by intermediate districts and other employing units of which it is a member, divided by:

(b) its actual pupil units for the 1986-1987 school year.

For this section, intermediate school districts and other employing units as defined in section 124.2161, shall allocate the amount of their teacher retirement and F.I.C.A. aid for fiscal year 1987 among their member school districts.

Sec. 23. Minnesota Statutes 1986, section 124A.06, is amended to read:

**124A.06 [COST DIFFERENTIAL TIER.]**

Subdivision 1. [COST DIFFERENTIAL TIER ALLOWANCE.] "Cost differential tier allowance" means the amount of revenue per actual pupil unit used to compute the cost differential tier aid for a school year and levy for use in the same school year. A district's cost differential tier allowance for the 1987-1988 school year shall be the sum of the sparsity allowance and the training and experience allowance. A district's cost differential tier allowance for the 1988-1989 school year and each year thereafter is the sum of the sparsity allowance, the training and experience allowance, the excess retirement allowance, the formula equity allowance, and the secondary weighting decline allowance.

Subd. 1a. [SPARSITY ALLOWANCE.] A district's sparsity allowance for the 1987-1988 school year shall be the result of the following computation:

(a) Multiply two times the district's sparsity replacement component for the 1980-1981 school year, assuming that Minnesota Statutes 1982, section 124.2124, subdivision 1, had been effective for the 1980-1981 school year.

(b) Divide the result in clause (a) by the actual pupil units in the district for the 1980-1981 school year.

(c) Divide the formula allowance for the school year \$1,700 by \$1,265.

(d) Multiply the result in clause (b) by the result in clause (c).

A district's sparsity allowance for the 1988-1989 school year and each year thereafter equals the district's sparsity amount for that school year according to section 21, divided by the actual pupil units in the school district for that school year.

Subd. 1b. [TRAINING AND EXPERIENCE ALLOWANCE.] A district's training and experience allowance shall be the greater of zero or the result of the following computation:

(a) Subtract 1.25 from the training and experience index.

(b) Multiply the result in clause (a) by ~~\$300~~ \$400 for the ~~1984-1985~~ 1987-1988 school year, and by ~~\$400~~ \$633.75 for the ~~1985-1986~~ 1988-1989 school year, and each school year thereafter.

Subd. 1c. [EXCESS RETIREMENT ALLOWANCE.] A district's excess retirement allowance for the 1988-1989 school year and each year thereafter equals the result of the following computation:

(a) Multiply the district's basic foundation revenue for that school year by 0.11.

(b) Divide the result in clause (a) by the actual pupil units in the district for that school year.

(c) Multiply the district's sparsity allowance for that school year by 0.11.

(d) Multiply the district's training and experience allowance for that school year by 0.11.

(e) Subtract the results in clauses (b), (c), and (d) from the teacher retirement and F.I.C.A. guarantee according to section 22.

(f) If the result in clause (e) is less than zero, the excess retirement allowance equals zero.

Subd. 1d. [EXCESS RETIREMENT AID.] A district's excess retirement aid for the 1987-1988 school year equals the greater of the result in clause (c) or (f):

(a) Subtract 1.25 from the training and experience index.

(b) Multiply the result in clause (a) by \$70.

(c) Multiply the result in clause (b) by the actual pupil units for that school year.

(d) Multiply the district's teacher retirement and F.I.C.A. guarantee according to section 22 by the actual pupil units for that school year.

(e) Multiply the total pupil units for that school year by \$214.

(f) Subtract the result in clause (e) from the result in clause (d).

Subd. 1e. [FORMULA EQUITY ALLOWANCE.] (a) A district's formula equity allowance for the 1988-1989 school year is the greater of zero or the result of the following computation:

(1) Subtract the district's total foundation revenue per actual pupil unit from \$2,818.

(2) Subtract from the result in clause (1), the amount by which the district's net unappropriated operating fund balance as of the June 30 before the levy is certified exceeds the second tier levy fund balance subtraction under section 124A.08, subdivision 5.

(b) A district's formula equity allowance for the 1989-1990 school year and each year thereafter is the greater of zero or the result of the following computation:

(1) Subtract the district's total foundation revenue per actual pupil unit from the statewide average foundation revenue per actual pupil unit.

(2) Subtract from the result in clause (1), the amount by which the district's net unappropriated operating fund balance as of the June 30 before the levy is certified exceeds the second tier levy fund balance excess under section 124A.08, subdivision 5.

Subd. 1f. [SECONDARY WEIGHTING DECLINE ALLOWANCE.] A district's secondary weighting decline allowance for the 1988-1989 school year and each year thereafter is the greater of zero or the following computation:

(a) subtract the sum of the district's

(1) total foundation revenue per actual pupil unit, plus

(2) formula equity allowance; from

(b) the product of the district's

(1) prior school year's total foundation revenue, multiplied by

(2) 1.02.

Subd. 2. [COST DIFFERENTIAL TIER REVENUE.] A district's cost differential tier revenue for each school year shall equal the cost differential tier allowance times the district's actual pupil units for that school year.

Subd. 3a. [COST DIFFERENTIAL TIER LEVY.] A district may levy for its cost differential tier revenue an amount not to exceed the lesser of its cost differential tier revenue or that equals the result of the following computation:

(1) Divide the adjusted assessed valuation for the year preceding the year the levy is certified, by the total pupil units for the year to which the levy is attributable.

(ii) (2) Divide the result in clause (i) (1) by the equalizing factor for the school year to which the levy is attributable.

(iii) (3) Multiply the result in clause (ii) (2) by the district's cost differential tier revenue for the school year to which the levy is attributable.

(4) Select the lesser of: the result in clause (3) or the cost differential tier revenue.

(5) Add to the result in clause (4) the amount by which special state aids authorized in chapters 124 and 124A receivable for the same school year, excluding aid authorized in section 124.646, are estimated to be reduced under section 19, plus the amount by which state aid payments receivable for the same school year authorized in sections 273.115; 273.116; 273.123, subdivision 6; 273.13, subdivision 15a; and Laws 1983, chapter 342, article 8, section 8, are estimated to be reduced under section 19.

Subd. 4. [COST DIFFERENTIAL TIER AID.] A district's cost differential tier aid shall be the result of the following computation:

(1) Subtract the amount of the cost differential tier levy from the amount of the cost differential tier revenue.

(2) Divide the actual cost differential tier levy by the permitted cost differential tier levy.

(3) Multiply the result in clause (1) by the result in clause (2).

(4) For the 1987-1988 school year only, add the district's excess retirement aid according to subdivision 1d, to the result in clause (3).

Sec. 24. Minnesota Statutes 1986, section 124A.08, subdivision 1, is amended to read:

Subdivision 1. [SECOND TIER ALLOWANCE.] "Second tier allowance" means the amount of revenue per actual pupil unit used to compute the second tier aid for a particular school year and the corresponding levy for that school year. The second tier allowance is \$150 for the 1987-1988 school year and \$153.75 for the 1988-1989 school year and later school years.

Sec. 25. Minnesota Statutes 1986, section 124A.08, subdivision 3a, is amended to read:

Subd. 3a. [SECOND TIER LEVY.] A district may levy for its second tier revenue an amount ~~not to exceed the lesser of its second tier revenue or that equals~~ the result of the following computation:

(d) Beginning with the 1983 1988 payable 1984 1989 levy, for a district where the net unappropriated operating fund balance as of the June 30 before the levy is certified exceeds the greater of \$500 per total pupil unit in the year the levy is certified, or the product of (1) 15 percent of the district's net unappropriated operating funds expenditure for the fiscal year ending on the June 30 before the levy

is certified, times (2) the ratio of the formula allowance for the school year for which the levy is attributable to the formula allowance for the school year ending in the year when the levy is certified, times (3) the ratio of the district's actual pupil units for the school year to which the levy is attributable to the district's actual pupil units for the school year ending in the year the levy is certified, the second tier levy shall be reduced by the amount of the fund balance excess times the lesser of (a) (4) one, or (b) (5) the ratio of the district's EARC adjusted assessed valuation for the preceding year per total pupil unit in the school year for which the levy is attributable, to the equalizing factor.

(e) Beginning with the ~~1984-1985~~ 1989-1990 school year, the second tier aid for the year when that levy is used shall be reduced by any amount of the fund balance excess which is not subtracted from the levy.

Sec. 27. Minnesota Statutes 1986, section 124A.10, subdivision 1, is amended to read:

Subdivision 1. [THIRD TIER ALLOWANCE.] "Third tier allowance" means the amount of revenue per actual pupil unit used to compute the third tier aid for a particular school year and the corresponding levy for that school year. The third tier allowance is \$100 for the 1987-1988 school year. For the 1988-1989 school year and later school years the third tier allowance is an amount up to \$112.50 for districts with a professional development program approved by the commissioner of education under article 8, section 16, subdivision 3, or \$102.50 for districts without a professional development plan approved by the commissioner.

Sec. 28. Minnesota Statutes 1986, section 124A.10, is amended by adding a subdivision to read:

Subd. 5. [EXPENDITURE LIMITATIONS.] For any year for which the sum of a district's levy under this section and its aid for the same year under this section exceeds \$102.50 times the actual pupil units in the same year, the amount by which the sum exceeds \$102.50 times the actual pupil units may be expended only for activities approved under the professional development plan.

Sec. 29. Minnesota Statutes 1986, section 124A.12, subdivision 1, is amended to read:

Subdivision 1. [FOURTH TIER ALLOWANCE.] "Fourth tier allowance" means the amount of revenue per actual pupil unit used to compute the fourth tier aid for a particular school year and the corresponding levy for that school year. The fourth tier allowance is \$100 for the ~~1984-1985~~ school year. For the ~~1985-1986~~ 1987-1988 school year and thereafter, the fourth tier allowance is the result of the following computation:

(a) Subtract 1.25 from the training and experience index, and multiply the difference by \$150.

(b) Select the greater of the result in clause (a) or zero.

(c) Add \$100 to the result of clause (b).

The fifth tier allowance for the 1987-1988 school year shall equal the previous formula amount plus the minimum increase minus the total tier allowance for the current year. If this result is less than zero, the fifth tier allowance shall equal zero. The fifth tier allowance for 1988-1989 and later school years equals the previous formula amount, plus the minimum increase, plus 11 percent of the sparsity allowance, plus 11 percent of the training and experience allowance, plus the excess retirement allowance, plus the formula equity allowance, plus the secondary weighting decline allowance, plus up to \$10 if the district has a professional development plan approved by the commissioner, minus the total tier allowance for the current year. (k) "Base cost" for the 1984-1985 and 1985-1986 base years means the authorized regular transportation cost per FTE in the base year in the regular transportation category, excluding summer school transportation. Base cost in the 1986-1987 base year and after means the ratio of:

(1) the sum of:

(i) the authorized cost in the base year for regular transportation as defined in clause (b), plus

(ii) the actual cost in the base year for transportation to and from school of secondary pupils who live more than one mile but less than two miles from the public school which they could attend or from the nonpublic school actually attended, plus

(iii) the actual cost in the base year for transportation costs which are necessary because of extraordinary traffic hazards,

(2) to the sum of:

(i) the number of FTE pupils transported in the regular category in the base year, plus

(ii) the number of secondary pupils transported to and from school in the base year who live more than one mile but less than two miles from the public school which they could attend or from the nonpublic school actually attended, plus

(iii) the number of pupils residing less than one mile from school who were transported to and from school in the base year because of extraordinary traffic hazards.

(1) the logarithm of the lesser of (a) the number of authorized FTE's per square mile transported by the district in the regular transportation category, or (b) 200;

(2) whether the district is nonrural, based upon criteria established by the department of education; and

(3) the logarithm of the percentage of all FTE's transported in the regular category using buses that are not owned by the district.

To predict the logarithm of the base cost for each district pursuant to subdivision 3 for the 1986-1987 base year and after, the multiple regression formula shall use the following terms for each district:

(1) the logarithm of the lesser of:

(a) 200 or

(b) the quotient obtained by dividing the sum of:

(i) the number of FTE pupils transported in the regular category in the base year, plus

(ii) the number of secondary pupils transported to and from school in the base year who live more than one mile but less than two miles from the public school which they could attend or from the nonpublic school actually attended, plus

(iii) the number of pupils residing less than one mile from school who were transported to and from school in the base year because of extraordinary traffic hazards,

by the area of the district in square miles;

(2) whether the district is nonrural, based upon criteria established by the department of education; and

(3) the logarithm of the percentage of all FTE's transported in the regular category using buses that are not owned by the district.

Sec. 4. Minnesota Statutes 1986, section 124.225, subdivision 7b, is amended to read:

Subd. 7b. [INFLATION FACTORS.] The adjusted authorized predicted cost per FTE determined for a district under subdivision 7a for the base year shall be increased by ~~10.3~~ 6.0 percent to determine the district's aid entitlement per FTE for the ~~1984-1985~~ 1986-1987 school year, by ~~8.9~~ 4.9 percent to determine the district's aid entitlement per FTE for the ~~1985-1986~~ 1987-1988 school year, and by ~~6.0~~ 4.1 percent to determine the district's aid entitlement per FTE for the ~~1986-1987~~ 1988-1989 school year.

Sec. 5. Minnesota Statutes 1986, section 124.225, subdivision 8a, is amended to read:

Subd. 8a. [AID.] For the 1984-1985 and 1985-1986 school years a district's transportation aid shall be equal to the sum of its basic transportation aid pursuant to subdivision 8b, its nonregular transportation aid pursuant to subdivision 8i, and its nonregular transportation levy equalization aid pursuant to subdivision 8j, minus its contracted services aid reduction pursuant to subdivision 8k, minus the amount raised by 1.75 mills times the adjusted assessed valuation which is used to compute the transportation levy limitation for the levy attributable to that school year. A district may levy less than the amount raised by 1.75 mills. Transportation aid shall be computed as if the district had levied the amount raised by 1.75 mills.

(a) For the 1986-1987 and 1987-1988 school year and each year thereafter years, a district's transportation aid shall be equal to the sum of its basic transportation aid pursuant to subdivision 8b, its nonregular transportation aid pursuant to subdivision 8i, and its nonregular transportation levy equalization aid pursuant to subdivision 8j, minus its contracted services aid reduction pursuant to subdivision 8k, minus the amount raised by 2.25 mills times the adjusted assessed valuation which is used to compute the transportation levy limitation for the levy attributable to that school year. A district may levy less than the amount raised by 2.25 mills. Transportation aid shall be computed as if the district had levied the amount raised by 2.25 mills.

(b) For the 1988-1989 school year and after, a district's transportation aid is equal to the sum of its basic transportation aid under subdivision 8b, its nonregular transportation aid under subdivision 8i, its nonregular transportation levy equalization aid under subdivi-

vision 8j, and its excess transportation levy equalization aid under section 7, minus its contracted services aid reduction under subdivision 8k, minus its basic transportation levy limitation for the levy attributable to that school year under section 275.125, subdivision 5.

(c) If the total appropriation for transportation aid for any fiscal year is insufficient to pay all districts the full amount of aid earned, the department of education shall reduce each district's aid in proportion to the number of resident pupils in average daily membership in the district to the state total average daily membership, and shall reduce the aid entitlement of off-formula districts in the same proportion.

Sec. 6. Minnesota Statutes 1986, section 124.225, subdivision 8i, is amended to read:

(c) For the 1988-1989 school year and after, nonregular transportation aid equals (1) 60 percent of the actual cost in the current year for nonregular transportation services per total pupil unit which exceeds \$30, times (2) the number of total pupil units in the district in the current year.

Sec. 7. Minnesota Statutes 1986, section 124.225, is amended by adding a subdivision to read:

Subd. 8l. [EXCESS TRANSPORTATION LEVY EQUALIZATION AID.] For the 1988-89 school year and after, a district's excess transportation levy equalization aid shall be determined pursuant to this subdivision.

(a) Excess transportation revenue shall be the result of the following computation:

(i) Multiply the base cost computed using data for the current school year according to subdivision 1, clause (k) by the sum of the

number of secondary pupils transported to and from school in the current year who live more than one mile but less than two miles from the public school which they could attend or the nonpublic school actually attended, plus the number of pupils residing less than one mile from school who were transported to and from school in the current year due to extraordinary traffic hazards.

(ii) Add to the result in clause (i) the actual cost in the current year of other related services which are necessary because of extraordinary traffic hazards.

(b) The excess transportation levy is the levy authorized by section 10.

(c) Excess transportation levy equalization aid for a district shall equal the product of (1) its excess transportation revenue, minus the excess transportation levy limitation for that year, times (2) the ratio of the district's actual excess transportation levy to its excess transportation levy limitation.

Sec. 8. Minnesota Statutes 1986, section 124.225, subdivision 10, is amended to read:

Subd. 10. [DEPRECIATION.] Any school district which owns school buses or mobile units shall transfer annually from the unappropriated fund balance account in its transportation fund to the appropriated fund balance account for bus purchases in its transportation fund at least an amount equal to 12½ percent of the original cost of each type one or type two bus or mobile unit until the original cost of each type one or type two bus or mobile unit is fully amortized, plus 20 percent of the original cost of each type three bus included in the district's authorized cost under the provisions of subdivision 1, clause (b)(4), until the original cost of each type three bus is fully amortized, plus 33⅓ percent of the cost to the district as of July 1 of each year for school bus reconditioning done by the department of corrections until the cost of the reconditioning is fully amortized; provided, if the district's transportation aid is reduced pursuant to subdivision 8a because the appropriation for that year is insufficient, this amount shall be reduced in proportion to the reduction pursuant to subdivision 8a as a percentage of the sum of

(1) the district's total transportation aid without the reduction pursuant to subdivision 8a, plus

(2) for fiscal years 1985 and 1986 an amount equal to 1.75 mills times the adjusted assessed valuation of the district for the preceding year, and for fiscal year 1987 and thereafter, 2.25 mills times the adjusted assessed valuation of the district for the preceding year, the district's basic transportation levy limitation under section 275.125, subdivision 5, plus

(3) the district's contract services aid reduction under subdivision 8k, plus

(4) the district's nonregular transportation levy limitation under section 275.125, subdivision 5c, plus

The commissioner of revenue shall establish the basic transportation mill rate and certify it to the commissioner of education by August 1 of each year for levies payable in the following year. The established basic transportation mill rate shall be a rate, rounded up to the nearest hundredth of a mill, that when applied to the adjusted assessed valuation of taxable property for each school district, raises the amount specified in this subdivision. The basic transportation mill rate for the 1987 payable 1988 levies and for transportation aid for the 1988-1989 school year shall be set at the rate that raises \$71,080,400. The basic transportation mill rate computed by the commissioner of revenue must not be recomputed due to changes or corrections made in a school district's adjusted assessed valuation after the mill rate has been certified to the department of education.

(c) (3) handicapped children and their parents or guardians are guaranteed procedural safeguards and the right to participate in decisions involving identification, assessment and educational placement of handicapped children;

(d) (4) to the maximum extent appropriate, handicapped children, including those in public or private institutions or other care facilities, are educated with children who are not handicapped, and that special classes, separate schooling, or other removal of handicapped children from the regular educational environment occurs only when and to the extent that the nature or severity of the handicap is such that education in regular classes with the use of supplementary services cannot be achieved satisfactorily;

(e) (5) in accordance with recognized professional standards, testing and evaluation materials and procedures utilized for the purposes of classification and placement of handicapped children are selected and administered so as not to be racially or culturally discriminatory; and

(4) (6) the rights of the child are protected when the parents or guardians are not known or not available, or the child is a ward of the state.

(c) Parents and guardians shall have an opportunity to meet with appropriate district staff in at least one conciliation conference if they object to any proposal of which they are notified pursuant to clause (a). The conciliation process shall not be used to deny or delay a parent or guardian's right to a due process hearing. If the parent or guardian refuses efforts by the district to conciliate the dispute with the school district, the requirement of conciliation shall be deemed to be satisfied;

(d) Parents, guardians and the district shall have an opportunity to obtain an impartial due process hearing initiated and conducted in the school district where the child resides, if ~~after at least one conciliation conference~~ the parent or guardian continues to object to:

A person who otherwise qualifies as a hearing officer is not an employee of the district solely because the person is paid by the district to serve as a hearing officer. If the hearing officer requests an independent educational assessment of a child, the cost of the assessment shall be at district expense. The proceedings shall be recorded and preserved, at the expense of the school district, pending ultimate disposition of the action.

(e) The decision of the hearing officer pursuant to clause (d) shall be rendered not more than 45 calendar days from the date of the receipt of the request for the hearing. A hearing officer may grant specific extensions of time beyond the 45-day period at the request of either party. The decision of the hearing officer shall be binding on all parties unless appealed to the hearing review officer by the parent, guardian, or the school board of the district where the child resides pursuant to clause (f).

If the decision is appealed, a written transcript of the hearing shall be made by the school district and shall be accessible to the parties involved within five calendar days of the filing of the appeal. The hearing review officer shall issue a final decision based on an impartial review of the local decision and the entire record within 30 calendar days after the filing of the appeal. The hearing review officer shall seek additional evidence if necessary and may afford the parties an opportunity for written or oral argument; provided any hearing held to seek additional evidence shall be an impartial due process hearing but shall be deemed not to be a contested case hearing for purposes of chapter 14. The hearing review officer may grant specific extensions of time beyond the 30-day period at the request of any party.

The final decision shall:

(1) be in writing;

(2) include findings and conclusions; and

(3) be based upon the standards set forth in subdivision 3a and in the rules of the state board.

(g) The decision of the hearing review officer shall be final unless appealed by the parent or guardian or school board to the court of appeals. The judicial review shall be in accordance with chapter 14.

(h) The commissioner of education, having delegated general supervision of special education to the appropriate staff, shall be the hearing review officer except for appeals in which:

(5) the appeal challenges a state or local policy which was developed with substantial involvement of the commissioner; or

(6) the appeal challenges the actions of a department employee or official.

For any appeal to which the above exceptions apply, the state board of education shall name an impartial and competent hearing review officer.

In all appeals, the parent or guardian of the handicapped student or the district that is a party to the hearing may challenge the impartiality or competence of the proposed hearing review officer by applying to the state board of education.

(i) Pending the completion of proceedings pursuant to this subdivision, unless the district and the parent or guardian of the child agree otherwise, the child shall remain in the child's current educational placement and shall not be denied initial admission to school.

(j) The child's school district of residence, if different from the district where the child actually resides, shall receive notice of and may be a party to any hearings or appeals pursuant to this subdivision.

Sec. 7. Minnesota Statutes 1986, section 120.17, subdivision 5, is amended to read:

The state board shall make a tuition charge to the child's district of residence for the actual cost of providing the program; provided, however, that effective for the 1983-1984 school year and thereafter, the amount of tuition charged shall not exceed the sum of \$1,000 plus the foundation aid formula allowance of the district for that child, for an entire school year, or a prorated amount based on the portion of the school year for which the child is a resident of the district or is actually in membership in the program. For purposes of this subdivision, "foundation aid formula allowance" shall have the meaning attributed to it in section 124.32, subdivision 1a. The district of the child's residence shall pay the tuition and may claim foundation aid for the child. The district of the child's residence shall not receive aid pursuant to section 124.32, subdivision 5, for tuition paid pursuant to this subdivision. Sec. 4. Minnesota Statutes 1986, section 120.0752, is amended by adding a subdivision to read:

Subd. 3. [11TH AND 12TH GRADE STUDENTS.] Notwithstanding subdivision 2, an eleventh or twelfth grade pupil who has been enrolled in a district for at least three consecutive years and whose parent or guardian moves to another district, may continue to enroll in the nonresident district upon the approval of the school board of the nonresident district. The approval of the school board of the pupil's resident district is not required. The pupil shall be considered a resident of the district in which that student is enrolled.

For purposes of aid calculations pursuant to section ~~124.222~~ 124.225, the commissioner may adjust the base cost per eligible pupil transported to reflect changes in costs resulting from an

agreement which provides for a district to discontinue at least one grade.

Sec. 6. [123.3515] [VOLUNTARY K-12 PILOT CHOICE PROGRAM.]

Subdivision 1. [ESTABLISHMENT.] A voluntary K-12 pilot choice program in which any district may participate is established. A parent or guardian of a pupil may apply under this section to enroll the pupil in a participating district in which the pupil is not a resident. The pupil shall be considered a resident pupil for participating in the curricular offerings of that district. A pupil may participate in extracurricular or cocurricular activities as determined by the authority having jurisdiction over the activity.

Subd. 2. [APPROVAL.] The pupil's parent or guardian must receive the approval of the school board of the nonresident district except as provided in subdivision 5. A school district is not required to accept students under this section. The application and approval must be on a form provided by the department of education. The form must contain relevant demographic data and must allow the parent, guardian, or pupil to indicate a preference for which school or program to attend within the district.

Subd. 2a. [DISTRICT PARTICIPATION.] A district that wishes to provide pupils and parents increased opportunities by allowing resident pupils to enroll in a school in another district or by allowing nonresident pupils to enroll in a school in the district under this section shall, by formal board resolution, agree to all procedures of this section and inform the commissioner of its agreement by September 1, one full year before the beginning of the program, except for the 1987-1988 school year when districts shall inform the commissioner of its agreement by July 1, 1987.

A district shall notify the commissioner each year by September 1 as to whether or not it will participate in the program in the next year.

Subd. 3. [EQUITABLE ACCESS.] A district which accepts students under this section may deny an application for enrollment only because of lack of space in the district or within a program in the district or because to accept the application puts the district out of compliance with a desegregation plan that complies with state board rules.

A district that chooses to accept nonresident pupils under this section must accept the pupils based on the same criteria as are applied to resident pupils except that a district may restrict the schools and programs that are available to nonresident pupils. However, once accepted to a school or program, the nonresident pupil

must be afforded equal access to the curricular offerings of that school or program.

If a denial is exercised because of lack of space in the district or within a program within the district, all timely applications must be equitably considered. A denial must be rationally related to equitable entrance criteria established by the school board or may be by lot. A denial required because of a desegregation plan must comply with subdivision 5.

Subd. 4. [PROCEDURE.] Except as provided in subdivision 5, a parent or guardian who wants to enroll a pupil in a nonresident district shall apply to the nonresident district by December 1 each year for the next school year except for 1987-1988 when parents or guardians shall apply by August 1, 1987, for the 1987-1988 school year. The application must be made on a form indicated in subdivision 2. The superintendent of the nonresident school district shall forward a copy of the application to the pupil's resident school district within ten days. The superintendent of the nonresident district shall notify the parent or guardian and the superintendent of the resident district by the following February 1 of the decision on the application on the form provided in subdivision 2 except for 1987-1988 when parents or guardians shall be notified by August 10, 1987. The parents or guardians of the pupil shall notify the nonresident district within ten days whether or not they intend to accept. A district may accept a nonresident pupil after March 1 under section 120.0752. Subd. 5. [RACIAL BALANCE.] A parent or guardian of a pupil wishing to transfer under this section into or out of a district having a desegregation plan shall apply, on the form described in subdivision 2, to the district having the desegregation plan by November 1 of each year for the next school year except for 1987-1988 when parents or guardians shall apply by August 1, 1987, for the 1987-1988 school year. If the requested transfers under this subdivision, in and out of a district having a desegregation plan will mean that the district is not complying with state board rules on desegregation, the district shall set the number of majority and minority group students who may transfer in or out under this subdivision so that the district or any school within the district will not be out of compliance with the state board rules because of this subdivision. The selection of individual pupils to transfer in or out must be made by the district based on equitable criteria developed by the school board, or may be made by lot. In either case, the notice of selection or denial must be sent out to the applicants by November 20 on the form provided in subdivision 2 except for 1987-1988 when notice shall be sent by August 10, 1987. If selected, the parent or guardian may proceed under subdivision 2.

Subd. 6. [CREDITS; GRADUATION.] A pupil, qualifying to graduate, who has attended school in a nonresident district shall graduate from the district last attended before graduation. A district shall count credit granted by another school district toward a pupil's graduation requirements.

Subd. 7. [INFORMATION.] A district that chooses to accept nonresident pupils is encouraged to make information about the district available to parents, guardians, and children.

The available information may include information about district offerings and student achievement. Other information may be made available that may help the parents, guardians, and children make an informed decision about enrolling in the district. The department shall provide technical assistance to school districts and to parents to aid in assuring that informed choices will be made.

Subd. 8. [AID.] Payment of foundation aid for pupils attending schools in a nonresident district under this section must be made according to section 13.

Sec. 7. Minnesota Statutes 1986, section 123.36, subdivision 13, is amended to read:

Subd. 13. [PROCEEDS OF SALE OR EXCHANGE.] Proceeds of the sale or exchange of school buildings or real property of the school district shall be used as provided in this subdivision.

(2) After satisfying the requirements of clause (1), a district with outstanding bonds may deposit proceeds of the sale or exchange in its capital expenditure fund if the amount deposited is used for the following:

(a) for energy audits on district owned buildings conducted pursuant to chapter 116H, and for funding those energy conservation and renewable energy measures which the energy audits indicate will reduce the use of nonrenewable sources of energy to the extent that the projected energy cost savings will amortize the cost of the conservation measures within a period of ten years or less;

~~(b) for capital expenditures for the purpose of reducing or eliminating barriers to or increasing access to school facilities by handicapped persons;~~

~~(e) for capital expenditures to bring district facilities into compliance with the uniform fire code adopted pursuant to chapter 299F;~~

“Section 1. Minnesota Statutes 1986, section 471.705, is amended by adding a subdivision to read:

Subd. 1c. [NOTICE OF MEETINGS.] (a) [REGULAR MEETINGS.] A schedule of the regular meetings of a public body shall be kept on file at its primary offices. If a public body decides to hold a regular meeting at a time or place different from the time or place

stated in its schedule of regular meetings, it shall give the same notice of the meeting that is provided in this subdivision for a special meeting.

(b) [SPECIAL MEETINGS.] For a special meeting, except an emergency meeting or a special meeting for which a notice requirement is otherwise expressly established by statute, the public body shall post written notice of the date, time, place and purpose of the meeting on the principal bulletin board of the public body, or if the public body has no principal bulletin board, on the door of its usual meeting room. The notice shall also be mailed or otherwise delivered to each person who has filed a written request for notice of special meetings with the public body. This notice shall be posted and mailed or delivered at least three days before the date of the meeting. As an alternative to mailing or otherwise delivering notice to persons who have filed a written request for notice of special meetings, the public body may publish the notice once, at least three days before the meeting, in the official newspaper of the public body or, if there is none, in a qualified newspaper of general circulation within the area of the public body's authority. A person filing a request for notice of special meetings may limit the request to notification of meetings concerning particular subjects, in which case the public body is required to send notice to that person only concerning special meetings involving those subjects. A public body may establish an expiration date for requests for notices of special meetings pursuant to this paragraph and require refiling of the request once each year. Not more than 60 days before the expiration date of a request for notice, the public body shall send notice of the refiling requirement to each person who filed during the preceding year.

(c) [EMERGENCY MEETINGS.] For an emergency meeting, the public body shall make good faith efforts to provide notice of the meeting to each news medium that has filed a written request for notice if the request includes the news medium's telephone number. Notice of the emergency meeting shall be given by telephone or by any other method used to notify the members of the public body. Notice shall be provided to each news medium which has filed a written request for notice as soon as reasonably practicable after notice has been given to the members. Notice shall include the subject of the meeting. Posted or published notice of an emergency meeting shall not be required. An "emergency" meeting is a special meeting called because of circumstances that, in the judgment of the public body, require immediate consideration by the public body. If matters not directly related to the emergency are discussed or acted upon at an emergency meeting, the minutes of the meeting shall include a specific description of the matters.

(d) [RECESSED OR CONTINUED MEETINGS.] If a meeting is a recessed or continued session of a previous meeting, and the time and place of the meeting was established during the previous meeting and recorded in the minutes of that meeting, then no

further published or mailed notice is necessary. For purposes of this clause, the term "meeting" includes a public hearing conducted pursuant to chapter 429 or any other law or charter provision requiring a public hearing by a public body.

(e) [CLOSED MEETINGS.] The notice requirements of this subdivision apply to closed meetings.

(f) [STATE AGENCIES.] For a meeting of an agency, board, commission, or department of the state, (i) the notice requirements of this subdivision apply only if a statute governing meetings of the agency, board or commission does not contain specific reference to the method of providing notice, and (ii) all provisions of this subdivision relating to publication shall be satisfied by publication in the state register.

(g) [ACTUAL NOTICE.] If a person receives actual notice of a meeting of a public body at least 24 hours before the meeting, all notice requirements of this subdivision are satisfied with respect to that person, regardless of the method of receipt of notice.

(h) [LIABILITY.] No fine or other penalty may be imposed on a member of a public body for a violation of this subdivision unless it is established that the violation was willful and deliberate by the member."

A House concurrent resolution commemorating the life and work of John Mariucci.

*Whereas*, John Mariucci was born May 18, 1916, in Eveleth, Minnesota, the son of Italian immigrants; and

*Whereas*, John Mariucci began playing hockey in his junior year of high school and then played Golden Gopher football and Golden

Gopher ice hockey as a defenseman. He was the first University of Minnesota hockey player named All-American; and

*Whereas*, in the 1940's, he played for the National Hockey League Chicago Blackhawks for five years and was an outstanding enforcer and gamebreaker; and

*Whereas*, John Mariucci, also known as "Maroosh" and "The Old Roman," was head coach for the University of Minnesota hockey program from 1952 to 1966. He was regarded as a tough coach but a gentle man with a big heart. As some of his players later became coaches, the foundation was being established for hockey's growth in Minnesota; and

*Whereas*, the 1956 United States Olympic Team, under his coaching, won a silver medal; and

*Whereas*, since 1967, he was assistant general manager, scout, and goodwill ambassador for the North Stars; and

*Whereas*, his love and dedication to hockey's development at every competitive level was rewarded by seeing hockey grow from a minor sport at a dozen high schools to a major sport at over 150 high schools, and seeing attendance at the state tournaments increase from 15,000 in 1952, to 100,000 in 1982. He was honored as "Mr. Hockey" by the high school coaches; and

*Whereas*, it is because of the lifetime work of John Mariucci that the modern game of hockey is what it is in the United States; and

*Whereas*, John Mariucci Day in Minnesota was proclaimed by Governor Rudy Perpich on March 2, 1985, and the University of Minnesota hockey building was renamed Mariucci Arena; and

*Whereas*, he was a charter inductee in the United States Hockey Hall of Fame, located in Eveleth, and was named to the National Hockey League Hall of Fame in Montreal, May 1, 1985, and to the Minnesota Sports Hall of Fame in 1986; and

*Whereas*, his life was lived as a tender, caring, sensitive humanitarian and as an inspiration and role model. He was blessed with a great sense of humor that endeared him to many; *Now, Therefore,*

*Be It Resolved* by the House of Representatives of the State of Minnesota, the Senate concurring, that it commemorates the life and work of John Mariucci. Hockey players, fans, and personnel are grateful and appreciative of his lifelong dedication to American hockey. He was admired, loved, and respected and will be remembered and missed not only by Minnesotans but throughout the country.

*Be It Further Resolved* that the Chief Clerk of the House of Representatives is directed to prepare enrolled copies of this resolution, to be authenticated by his signature and those of the Speaker, the President of the Senate, and the Secretary of the Senate.

*Be It Further Resolved* that this resolution be presented to the Governor for his approval and, upon his approval, deposited with the Secretary of State and published with the laws of the State of Minnesota.
