Subd. 2. [MINIMUM FINES.] Notwithstanding any other law:

(1) when a court sentences a person convicted of violating section

609.221, 609.267, or 609.342, it must impose a fine of not less than \$500 nor more than the maximum fine authorized by law;

(2) when a court sentences a person convicted of violating section 609.222, 609.223, 609.2671, 609.343, 609.344, or 609.345, it must impose a fine of not less than \$300 nor more than the maximum fine authorized by law; and

(3) when a court sentences a person convicted of violating section 609.2231, 609.224, or 609.2672, it must impose a fine of not less than \$100 nor more than the maximum fine authorized by law.

The court may not waive payment of the fine or authorize payment of it in installments unless the court makes written findings on the record that the convicted person is indigent or that the fine would create undue hardship for the convicted person or that person's immediate family.

The court shall collect the minimum portion of the fine mandated by this subdivision and forward 70 percent of it to a local victim assistance program that provides services locally in the county in which the crime was committed. The court shall forward the remaining 30 percent to the commissioner of finance to be credited to the crime victim and witness account established in subdivision 1. If more than one victim assistance program serves the county in which the crime was committed, the court may designate on a case-by-case basis which program will receive the fine proceeds, giving consideration to the nature of the crime committed, the types of victims served by the program, and the funding needs of the program. If no victim assistance program serves that county, the court shall forward 100 percent of the fine proceeds to the commissioner of finance to be credited to the crime victim and witness account. Fine proceeds received by a local victim assistance program must be used to provide direct services to crime victims. Fine proceeds credited to the crime victim and witness account may be appropriated to the crime victim and witness advisory council, and the council may use all or part of the proceeds for the purpose of providing grants to establish new victim assistance programs.

Proceeds from the fines required by this subdivision may not be used to supplant or otherwise displace funds budgeted by a state agency or local unit of government for the purpose of operating a victim assistance program.

The minimum fine required by this subdivision is in addition to the surcharge or assessment required by subdivision 1 and is in addition to any term of imprisonment or restitution imposed or ordered by the court.

As used in this subdivision, "victim assistance program" means victim witness programs within county attorney offices or any of the

following programs approved by the department of corrections: crime victim crisis centers, victim-witness programs, battered women shelters and nonshelter programs, and sexual assault programs.”

The committee shall have ten calendar days thereafter in which to vote upon the bill requested. If the Committee fails to vote upon it within the ten days, the chief author may, at any time within five calendar days thereafter, present a written demand to the Speaker for its immediate return to the House. The demand shall be entered in the Journal for that day and shall constitute the demand of the House. The bill shall then be considered to be in the possession of the House, given its second reading and placed at the foot end of General Orders.

Such bill is subject to re-reference by a majority vote of the whole House. If the motion to re-refer is made on the day of the demand or within one legislative day thereafter, the motion shall take precedence over all other motions except privileged motions and shall be in order at any time.

## PERMANENT RULES OF THE HOUSE OF REPRESENTATIVES

### ARTICLE I - DAILY BUSINESS

1.1 CONVENING OF THE HOUSE. Unless otherwise ordered, regular sessions of the House shall convene at two-thirty p.m. The Speaker shall take the chair at the hour at which the House convenes and the House shall then be called to order. A prayer shall be said by the Chaplain or time allowed for a brief meditation. Then, on the first legislative day in any calendar week, it shall be followed by the pledge of allegiance to the flag of the United States of America. Then a roll of members shall be called and the names of members present and members excused shall be entered in the Journal of the House.

1.2 READING OF THE JOURNAL. A quorum being present, the Journal of the preceding day shall be read by the Chief Clerk unless otherwise ordered. The House may correct any errors in the Journal of the preceding day.

1.3 ORDER OF BUSINESS. After the reading of the Journal, the order of business of the day shall be:

- (1) Presentation of petitions or other communications.
- (2) Reports of standing committees.
- (3) Second reading of House bills.
- (4) Second reading of Senate bills.
- (5) Reports of select committees.
- (6) Introduction and first reading of House bills.
- (7) Consideration of messages from the Senate.
- (8) First reading of Senate bills.
- (9) Consent Calendar.
- (10) Calendar for the day.
- (11) General Orders.

(12) Motions and resolutions.

Conference committees and the Committee on Rules and Legislative Administration may report at any time.

1.4 SECOND READING OF BILLS. Every bill shall require a second reading.

Except as otherwise ordered, every bill requiring the approval of the Governor shall, after a second reading, be considered in a Committee of the Whole before it shall be finally acted upon by the House.

1.5 COMMITTEE OF THE WHOLE. The Committee of the Whole is a committee of the entire membership of the House. The Speaker may appoint another member as chair to preside over the Committee of the Whole.

When the House arrives at the General Orders of the Day, it shall resolve itself into a Committee of the Whole to consider bills on General Orders.

A bill considered in the Committee of the Whole shall be reported and then debated by sections, with the title considered last. All amendments shall be typewritten and five copies shall be submitted to the Chair who shall report them to the House.

1.6 RULES TO APPLY TO COMMITTEE OF THE WHOLE. The Rules of the House shall be observed in the Committee of the Whole so far as may be applicable except that the previous question shall not be forced or speaking limited.

Upon demand of 15 members, the yeas and nays shall be called, the question voted on, and the yeas and nays recorded in the Journal of the House.

In the Committee of the Whole no amendment increasing the amount of any appropriation shall be passed without the yeas and nays recorded in the Journal of the House.

A motion that the Committee arise shall always be in order and shall be decided without debate.

1.7 GENERAL ORDERS OF THE DAY. The Chief Clerk at the direction of the Speaker shall prepare the General Orders of the Day, which is a list of all bills which have not been made Special Orders or placed on the Consent Calendar, numbered according to their order at second reading. Unless otherwise ordered by a majority of the Committee, items on General Orders shall be taken up in numerical order.

The Chief Clerk shall see that a copy of each bill printed under the Rules or Orders of the House is placed in each member's file, which is to be kept at the member's desk in the chamber, at least 24 hours before the bill shall be considered in the Committee of the Whole. Under the first order of business each day, the Chief Clerk shall report to the House which bills have been placed in the files.

If a bill is progressed three times it shall be placed at the end of General Orders.

Except during the last five days in any year on which a bill may be passed, a bill amended in the Committee of the Whole shall not be given its third reading until it is engrossed and reproduced as amended.

**1.8 THIRD READING OF BILLS.** No amendment shall be received after the third reading without the unanimous consent of the House, except to fill blanks or to amend titles.

At any time prior to its passage any bill or resolution may be referred or re-referred by a majority vote of the whole House. If the committee, other than the Committee of the Whole, to which it was referred or re-referred reports an amendment on it, it shall again be given its second reading, considered in Committee of the Whole, given its third reading and placed upon its final passage.

**1.9 SPECIAL ORDERS.** A bill may be made the Order of the Day for a special time and be placed upon a separate list known as "Special Orders."

The Committee on Rules and Legislative Administration may by committee report designate as a Special Order any bill which has had its second reading.

Any member may move to make a bill a Special Order by giving notice at least two legislative days in advance of and specifying the day on which the member will so move. The notice shall include the number and title of the bill and the day and time certain for the Special Order. Only the member giving such notice, or another member designated in writing by the member who originally gave notice of the Special Order to the Speaker, may make the motion for the Special Order. A two-thirds vote of the whole House on such motion is required to make a bill a Special Order.

The time set for the motion may not be extended, and failure to make the motion on the specified day forfeits the right to make the motion.

A motion to make a bill a Special Order, when made according to the procedures herein prescribed, shall be a privileged motion, shall

take precedence over all other motions except a motion to adjourn or to set the time to adjourn and questions of personal privilege, and may be made at any time on the day designated in the notice. A three-fourths vote of the whole House is required to suspend the motion.

Any Special Order, or any part of it, may be continued or postponed by two-thirds vote of the whole House at the time of such Special Order; however, a Special Order designated by the Committee on Rules and Legislative Administration may be continued or postponed by a majority vote of the whole House at the time of such Special Order.

When the time arrives for the consideration of any Special Order, the House shall consider each bill upon the Special Order in the order in which it is listed. After consideration it shall immediately be read the third time and placed upon final passage.

1.10 TAX AND APPROPRIATION BILLS GIVEN PRECEDENCE. Any bill relating to taxes or raising revenue shall be acted upon whenever requested by the Chair of the Committee on Taxes, and any appropriation bill shall be acted upon whenever requested by the Chair of the Committee on Appropriations.

1.11 CONSENT CALENDAR. Any bill of a non-controversial nature for which the committee report recommends placement upon the Consent Calendar shall be given its second reading after the report is adopted and placed upon the Consent Calendar. The bill shall be printed and placed in the members' files at least one day before it can be considered. The bill shall be placed upon the Consent Calendar in the order in which it is given its second reading.

The Consent Calendar shall immediately precede the order of business known as "Calendar for the Day." Every bill on the Consent Calendar shall be debated, given its third reading and voted upon, provided, however, that at any time prior to third reading, ten members may object to any bill as being controversial. Any bill so objected to shall be stricken from the Consent Calendar and be immediately placed upon General Orders, taking its place in the usual order.

1.12 SUSPENSION OF RULES TO ADVANCE A BILL. Every bill shall be reported on three different days, except that in case of urgency, a two-thirds majority of the whole House may suspend this Rule. A motion for suspension of the Rules to advance a bill for consideration out of its regular order is in order under the order of business "Motions and Resolutions" or at any time the bill is before the House. The motion must be presented to the Speaker in writing and must state the present position of the bill.

1.13 MINORITY REPORTS. Any minority report shall be made

separately from the majority report and shall be considered before the majority report. If the minority report is adopted the majority report shall not be considered. If the minority report is not adopted the majority report shall then be considered.

1.14 COMMITTEE REPORT LAID OVER. The report of any committee may be laid over one day and printed in the Journal, if so ordered by the House.

1.15 RECALLING BILL FROM COMMITTEE OR DIVISION. Except after the deadline for committee reports on bills originating in the House, any bill or resolution may be recalled from any committee or division at any time by majority vote of the whole House, be given a second reading and be advanced to General Orders. A motion to recall a bill or resolution shall be in order only under the order of business "Motions and Resolutions."

1.16 TIME LIMIT FOR CONSIDERATION OF BILLS. If 20 legislative days after a bill has been referred to committee or division (other than a bill in Appropriations) no report has been made upon it by the committee or division, its chief author may request that it be returned to the House and the request shall be entered in the Journal for the day. The committee or division shall have ten calendar days thereafter in which to vote upon the bill requested. If the Committee or division fails to vote upon it within the ten days, the chief author may, at any time within five calendar days thereafter, present a written demand to the Speaker for its immediate return to the House. The demand shall be entered in the Journal for that day and shall constitute the demand of the House. The bill shall then be considered to be in the possession of the House, given its second reading and placed at the end of General Orders.

Such bill is subject to re-reference by a majority vote of the whole House. If the motion to re-refer is made on the day of the demand or within one legislative day thereafter, the motion shall take precedence over all other motions except privileged motions and shall be in order at any time.

After . . . . ., the House shall not act on bills other than those recommended by conference committee reports or the Committee on Rules and Legislative Administration, and those bills contained in messages from the Senate or from the Governor.

1.17 DISPOSITION OF SENATE BILLS. Any Senate File received by the House, accompanied by a message announcing its passage by the Senate, shall be referred to the appropriate standing committee in accordance with Rule 5.4. However, if a Senate File is received which is stated by a member to be identical to a House File already reported by a standing committee of the House and placed on General Orders, Calendar, Consent Calendar, or Special Orders, the Senate File shall be referred to the Chief Clerk for comparison. If the

Chief Clerk reports that the Senate File is identical with the House File, the Senate File may by majority vote be substituted for the House File and take its place. The fact that the bills are identical shall be entered in the Journal and the House File is then considered withdrawn.

Any Senate File which has been amended on the floor of the House, except at time of final passage, and any Senate File which has been reported to the House with amendments by a House standing committee, shall be unofficially engrossed and reprinted by the Chief Clerk. Amendments to unofficial engrossments of a Senate File may be offered by members on the floor of the House but shall not be offered in standing committees.

1.18 RECORDED FLOOR PROCEEDINGS. All proceedings on the floor of the House shall be recorded on magnetic tape or similar recording device under the direction of the Chief Clerk. Two copies of each tape shall be delivered to the Director of the Legislative Reference Library and there maintained on file for use by any member of the public in accordance with the rules of the Legislative Reference Library. At the end of each biennium, the Director of the Legislative Reference Library shall deliver one copy of each tape to the Director of the Minnesota Historical Society.

Any person may obtain a copy of any such tape during the biennium in which it is recorded upon payment of a fee determined by the Chief Clerk to be adequate to cover the cost of preparing the copy.

Discussion preserved under this rule is not intended to be admissible in any court or administrative proceeding on an issue of legislative intent.

## ARTICLE II - VOTING

2.1 AUTHORIZING ELECTRIC VOTING SYSTEM. Except for a vote upon elections or the overriding of a Governor's veto, any vote may be taken by means of the electric voting system which shall be under the control of the Speaker of the House.

2.2 CALL OF THE HOUSE. Ten members may demand a call of the House at any time except after voting has commenced. When such call is demanded, the doors shall be closed, the roll shall be called, the absent members shall be sent for, and no member may be permitted to leave until the roll call is suspended or completed. During the roll call, no motion shall be in order except a motion pertaining to matters incidental to the call. Proceedings under the roll call may be suspended by a majority vote of the whole House. After the roll call is suspended or completed the Sergeant at Arms shall not permit any member to leave the Chamber unless excused

by the Speaker. A call of the House may be lifted by a majority vote of the whole House.

2.3 DEMANDING YEAS AND NAYS. Yeas and nays shall be ordered without demand upon final passage of bills and upon adoption of resolutions or motions directing the payment of money. In all other cases the yeas and nays shall be ordered only upon demand of 15 members.

2.4 EXPLAINING OR CHANGING VOTE. No member shall be allowed to explain a vote or discuss the question while the yeas and nays are being taken, nor be allowed to change a vote after the yeas and nays have been announced from the chair by the Speaker.

2.5 EVERY UNEXCUSED MEMBER TO VOTE. Any member who is immediately interested in the question being voted on shall not vote.

Every other member present before a vote is declared from the chair shall vote for or against the matter before the House, unless the House excuses the member from voting. However, no member is required to vote on any matter concerning a resolution except for a resolution relating to the internal business of the House or the Legislature.

A member who declines to vote on a call of the member's name shall be required to state reasons for so declining. After the vote has been taken but before the chair has announced the vote, the chair shall submit to the House the question, "Shall the member, for the reasons stated, be excused from voting?" which shall be decided without debate. Any other proceedings in reference thereto shall take place after announcement of the vote.

### ARTICLE III - MOTIONS AND AMENDMENTS

3.1 AMENDMENTS AND OTHER MOTIONS. No amendment or other motion shall be debated until after it is stated by the Speaker.

After an amendment or other motion has been stated by the Speaker it is in possession of the House, but the mover may withdraw it at any time before amendment or decision. Unless a motion, resolution or amendment is withdrawn on the day it is made, it shall be entered in the Journal, together with the name of the member offering it.

The Speaker may require any amendment or other motion be typewritten and that five copies be given to the Chief Clerk.

3.2 PRECEDENCE OF MOTIONS. When a question is under consideration, no motion shall be received except the following, the first four of which shall be decided without debate:

- (1) To fix the time of adjournment.
- (2) To adjourn.
- (3) To lay on the table.
- (4) For the previous question.
- (5) To refer.
- (6) To postpone to a day certain.
- (7) To amend.
- (8) To postpone indefinitely.
- (9) To pass.

The motions shall have precedence in the order listed. However, if the motion for the previous question has been seconded and the main question ordered, the motion to lay on the table shall not be in order.

**3.3 MOTION TO ADJOURN.** A motion to adjourn shall always be in order except during roll call.

When a motion to adjourn is made it shall be in order for the Speaker, before putting the question, to permit any member to state reasons which would seem to render adjournment improper at that time. Such a statement shall not be debatable and shall be limited to not over two minutes.

**3.4 MOTION FOR RECONSIDERATION.** When a question has been decided either in the affirmative or negative, it shall be in order for any member who voted with the prevailing side to move its reconsideration, provided that such motion is made either on the same day the vote was taken or within the following two days of actual session of the House. A motion for reconsideration can be made at any time in the Order of Business and shall take precedence over all other questions except the motion to adjourn and the notice of intention to move reconsideration. Such motion or notice shall not be in order if the document, bill, resolution, message, report or other official action on which the vote was taken shall have left the possession of the House.

When a member gives notice of intention to move reconsideration of the final action of the House on any bill, resolution, message, report or other official action, the Chief Clerk shall retain the same until after the matter is disposed of or the time has expired during which the motion for reconsideration can be made.

On the last day allowed for the motion to reconsider, it shall be in order for any member who voted on the prevailing side to make the motion, unless the matter has been already disposed of.

A motion for reconsideration having been voted upon and lost shall not be renewed.

In an odd-numbered year, notice of intention to move reconsideration shall not be in order after .....

**3.5 ORDER OF PUTTING QUESTION.** Except in the case of privileged questions, all questions, whether in committee or in the House, shall be put in the order in which they are moved. When filling blanks, a motion for the largest sum or the longest time shall be put first.

**3.6 DIVISION OF A QUESTION.** Any member may request the division of a question which contains several separate and distinct points. A motion to strike out and insert shall not be divisible. If a motion to strike out is lost it shall not preclude another motion to amend or to strike out and insert.

**3.7 THE PREVIOUS QUESTION.** The motion calling for the previous question must be seconded by 15 members. If the motion for the previous question is ordered by a majority of members present, it shall have the effect of cutting off all debate and bringing the House to direct vote upon the question or questions.

The previous question may be moved and ordered upon a single motion, a series of motions allowable under the Rules, or an amendment or amendments; or it may include all authorized motions or amendments, including a vote on final passage of a bill.

On a motion for the previous question, but prior to its being ordered, a call of the House shall be in order. After a majority has ordered the previous question, no call shall be in order prior to the decision on the main question.

When the previous question is decided in the negative, the main question remains under debate until disposed of by taking a vote either on the question or in some other manner.

All incidental questions of order arising after a motion is made for the previous question and prior to the vote on the main question shall be decided without debate.

**3.8 AMENDMENTS TO AMENDMENTS.** An amendment may be amended, but an amendment to an amendment may not be amended.

**3.9 MOTIONS AND PROPOSITIONS TO BE GERMANE.** No motion or

proposition on a subject different from that under consideration shall be admitted under guise of its being an amendment.

3.10 AMENDMENT NOT TO ANNEX ANOTHER BILL. Except in a standing committee no bill or resolution shall at any time be amended by annexing or incorporating any other bill or resolution.

3.11 RESOLUTIONS AND MOTIONS INVOLVING EXPENDITURE OF MONEY. Any resolution or motion involving the expenditure of money out of the legislative expense fund shall be referred to the Committee on Rules and Legislative Administration before being acted upon by the House. A majority vote of the whole House, determined by a roll call, is required to pass any such resolution or motion.

3.12 AMENDMENTS TO APPROPRIATION AND TAX BILLS. No amendment increasing an appropriation and no amendment increasing a tax shall be declared passed until voted for by a majority of the whole House determined by a roll call vote.

3.13 MOTION TO LAY ON THE TABLE. A motion to lay on the table shall not be in order on a motion to amend, except that a motion to amend the Rules may be tabled.

3.14 MOTION TO RESCIND. The motion to rescind shall not be in order at any time in any proceeding in the House or in any committee of the House.

3.15 SUSPENSION OR AMENDMENT OF THE RULES. The concurrence of two-thirds of the whole House is required to suspend, alter, or amend any Rule of the House, except that any amendment to the Rules reported by the Committee on Rules and Legislative Administration may be adopted by a majority of the whole House.

Except as provided in Rule 1.12, a motion to suspend, alter, or amend any Rule of the House must be made under the order of business "Motions and Resolutions." If the motion is made at any other time, unanimous consent is required before the Speaker can entertain the motion.

A motion to suspend the Rules, together with the subject matter to which it pertains, is debatable, but the previous question may be applied to the motion.

#### ARTICLE IV - DEBATE AND DECORUM

4.1 ABSENCE OF MEMBERS AND OFFICERS. Unless illness or other sufficient cause prevents attendance, no member or officer of the House shall be absent from any session of the House without first having obtained from the Speaker permission to be absent.

4.2 DUTIES OF MEMBERS. Members shall keep their seats until the Speaker announces adjournment.

Every member, before speaking, shall rise and respectfully address the Speaker and shall not speak further until recognized by the Speaker. When two or more members rise at the same time, the Speaker shall designate the member to speak first.

4.3 QUESTIONS OF ORDER. If any member of the House transgresses the Rules, either in speaking or in any other way, the Speaker shall, or any member may, call the member to order. A member so called to order shall immediately sit down unless another member moves to permit the member who was called to order to explain. In either case, the House, if appealed to, shall decide without debate. Only if the decision is in favor of the member called to order shall that member be at liberty to proceed. A member called to order shall be liable to censure or such other punishment as the House may deem proper.

4.4 ORDER IN DEBATE. No member shall speak more than twice on the same subject without leave of the House, nor more than once until every other member wishing to speak on the pending question has had an opportunity to do so.

4.5 NOTICE OF INTENTION TO DEBATE A RESOLUTION. Any member may give notice of intention to debate a resolution. Such notice may be given at any time before the vote is taken on the resolution. If such notice is given, the resolution shall be laid over one day without debate or any other action.

4.6 OFFENSIVE WORDS IN DEBATE. If any member is called to order for offensive words in debate, the member calling for order shall report the words to which exception is taken and the Clerk shall record them. No member shall be held to answer or be subject to censure of the House for any language used in debate if exception is not taken before any other member has spoken or any other business has taken place.

4.7 ORDER DURING SESSION. No member shall walk out of or across the Chamber when the Speaker is putting the question. No member shall engage in private conversation while another member is speaking or pass between the speaking member and the Chair.

4.8 NO ONE TO REMAIN BY THE CHIEF CLERK'S DESK. No member or other person shall remain by the Chief Clerk's desk while the yeas and nays are being called.

4.9 WHO MAY BE ADMITTED TO THE FLOOR. No person shall be admitted within the House Chamber, except members themselves, properly authorized employees, the Chief Executive and ex-gover-

nors of the State of Minnesota, members of the Senate, heads of departments of the state government, judges of the Supreme and District Courts, members of Congress, properly accredited representatives of radio and television stations, newspapers and press associations, as herein provided for, and none other. When a former member of Congress or the Minnesota Legislature or any other person is issued a permit by the Speaker good for the day, that person shall be provided with a seat near the Speaker's rostrum, and at no time shall a conversation be carried on so as to disturb the business of the House. Before issuing the permit, the Speaker shall make certain that the person does not seek the floor of the House for the purpose of influencing decisions of the House.

The alcoves shall be kept for the use of members only, and the Sergeant at Arms shall keep them cleared.

It shall not be in order for the Speaker to entertain a request for the suspension of this Rule, or to present from the Chair the request of any member for unanimous consent unless an extraordinary condition exists, in which event the Speaker may consent to entertain a motion for its suspension.

During the period extending from one hour prior to the time the House is scheduled to convene until one hour after the House adjourns for the day, the retiring room shall be reserved for the exclusive use of the members and employees of the House or Senators specifically authorized to be present by a House member. No committee meetings shall be held therein except for emergency meetings authorized by the Speaker of the House. The Sergeant at Arms is charged with the duty of strict enforcement of this provision.

**4.10 PRESENTATION OF PETITIONS.** Any petition, memorial or other paper presented to the House shall include the name of the member introducing it and a brief description of its contents and shall be presented by the Speaker, who shall state briefly its contents.

**4.11 NO SMOKING IN HOUSE CAPITOL AREA.** Smoking is prohibited in areas of the Capitol under the jurisdiction of the House of Representatives, including the House Chamber and Retiring Room and galleries, hearing rooms, minor corridors and offices, except private offices excluded from the definition of "public place" in section 144.413, subdivision 2, and areas meeting the criteria set out in section 16B.24, subdivision 9, for designation as smoking areas.

#### ARTICLE V - BILLS

**5.1 BILL AND RESOLUTION FORM.** No bill or resolution shall be introduced until it has been examined and approved by the Revisor of Statutes as to form and compliance with the Joint Rules of the

House and Senate and the Rules of the House. Approval as to form shall be endorsed on the bill or resolution by the Revisor of Statutes.

Every bill, advisory bill and resolution shall be introduced in quadruplicate and each copy shall contain the signature of the member or name of the committee introducing it. No bill, advisory bill, memorial or resolution shall have more than five authors. A statement of facts being forwarded for action to a governmental official, agency, or body or other similar proposal is a memorial and shall be introduced in the same form as a bill and take the same course as a bill. No resolution shall authorize the expenditure of monies from any source other than the legislative expense fund.

**5.3 ADVISORY BILLS.** An advisory bill may be introduced by any member in the same manner as a bill except that the requirements of Rule 5.1 shall not apply.

Each advisory bill shall be typewritten on a form provided by the Chief Clerk. It shall have a title not exceeding 12 words in length and shall contain a specific proposal for the initiation, termination or alteration of a law or program of the state or any of its subdivisions. It need not be drafted in a form appropriate for enactment into law.

An advisory bill may be considered only in committee and shall not be given a second reading or be otherwise considered by the House, except that the committee may report its recommendation for re-referral to another committee.

**5.4 FIRST READING AND REFERENCE OF BILLS.** Each bill, advisory bill and resolution shall be reported and given its first reading upon its introduction. No bill, advisory bill or resolution shall be objected to upon its introduction.

Except as provided in Rule 1.17 and Rule 5.5 each bill, advisory bill or resolution shall, after first reading, be referred by the Speaker to the appropriate standing committee or division thereof.

Congratulatory resolutions are exempt from this rule and may be adopted by the Committee on Rules and Legislative Administration without further consideration by the House.

Except as otherwise provided in these Rules, after a bill, advisory bill or resolution has been referred by the Speaker, a majority vote of the whole House shall be required for a re-referral of the bill, advisory bill or resolution by the House.

5.5 COMMITTEE BILLS. A committee bill shall be read for the first time and may be referred by the Speaker to any standing committee. If it is not so referred, it shall be laid over one day. It shall then be read for the second time and placed upon General Orders, or, if recommended by the Committee, upon the Consent Calendar.

5.6 PRINTING OF BILLS. Every bill shall be printed after it has been given its second reading. A bill may be printed at any other time a majority of the House so orders.

5.7 BILLS CARRYING AN APPROPRIATION. Any bill, whether originating in the House or Senate, carrying an appropriation, or which may involve any present or future financial obligation on the part of the State, after being reported to the House, shall be referred, or re-referred, as the case may be, to the Committee on Appropriations for action by that committee. Any committee, other than the Committee on Appropriations, to which such bill has been referred shall note in its report that the bill carries an appropriation.

5.8 BILLS AFFECTING STATE GOVERNMENT POWERS AND STRUCTURE. Any bill, whether originating in the House or the Senate, which creates any new department, agency, commission, board or bureau, or which substantially changes or alters the organization of or delegates emergency rulemaking authority to or exempts from rulemaking any department or agency thereof of state government, or substantially changes, alters, vests or divests official rights, powers, or duties of any official, department or agency of the state government or any institution under its control, after being reported to the House, shall be referred, or re-referred, as the case may be, to the Committee on Governmental Operations for action by that committee. Any committee other than the Committee on Governmental Operations to which such bill is referred shall, in its report, recommend re-referral to the Committee on Governmental Operations.

Any standing committee other than the Committee on Taxes to which such a bill is referred shall, in its report, recommend re-referral to the Committee on Taxes.

5.10 WAYS AND MEANS COMMITTEE; RESOLUTION; EFFECT ON EXPENDITURES AND TAX BILLS. The Committee on Ways and Means shall hold hearings as necessary to determine state expenditures and taxes for the coming fiscal biennium. No later than April 6, 1989, the Committee on Ways and Means shall report a budget resolution to the House for consideration. The budget resolution shall take the form of a House resolution that sets the maximum limitation on

expenditures and taxes for the coming fiscal biennium for the general fund and an amount to be set aside as a budget reserve. The limitation is effective, if adopted, unless the House adopts a different limitation in a subsequent budget resolution that accounts for increases or decreases in general fund revenues and expenditures anticipated for the current fiscal biennium.

No bill described in Rule 5.7 or 5.9 shall be given its second reading until the House has received a statement from the Committee on Ways and Means certifying that the major expenditure and tax bills are reconciled and do not exceed the limitation specified in the budget resolution for the general fund. Major expenditure and tax bills are: the education appropriation bill; the health and human services appropriation bill; the state departments appropriation bill; the agriculture, transportation and semi-state appropriation bill; the education finance bill; and the omnibus tax bill. However, a bill may be given its second reading by special authorization of the Committee on Ways and Means or by majority vote of the whole House. A special authorization may be reported by an oral notice to the House from the Chair of the Committee on Ways and Means or a designee of the Chair stating that the fiscal impact of a bill will be accounted for in the reconciliation statement.

The Committee on Appropriations and the Committee on Taxes, upon recommending passage of any bill described in Rule 5.7 or 5.9, shall provide to the Committee on Ways and Means a fiscal statement on the bill.

After the House has received a reconciliation statement from the Committee on Ways and Means, the House shall not give a second reading to any bill described in Rule 5.7 or 5.9 other than the major expenditure and tax bills. However, a bill may be given its second reading after the House has received from the Committee on Ways and Means a statement certifying that the fiscal impact of the bill is within the guidelines of the budget resolution, or after authorization by majority vote of the whole House. The statement of the Committee on Ways and Means may be reported orally by the Chair of the Committee on Ways and Means or a designee of the Chair.

(1) the adjusted basis of the property on December 31, 1989, which was used to calculate the hypothetical corporate franchise tax under Minnesota Statutes 1988, section 298.40, including salvage value; less

(2) deductions for depreciation allowed under section 290.01, subdivision 19e.

(c) The basis for determining gain or loss on sale or disposition of assets placed in service before January 1, 1990, is the basis determined under paragraph (b), less the deductions allowed under paragraph (a), clause (2).

(e) Receipts from the lease or rental of real or tangible personal property, including both finance leases and true leases, must be attributed to this state if the property is located in this state. Tangible personal property that is characteristically moving property, such as motor vehicles, rolling stock, aircraft, vessels, mobile equipment, and the like, is considered to be located in a state if:

(1) the operation of the property is entirely within the state; or

(2) the operation of the property is in two or more states, but the principal base of operations from which the property is sent out is in the state.

(f) Interest income and other receipts from assets in the nature of loans that are secured primarily by real estate or tangible personal property must be attributed to this state if the security property is located in this state under the principles stated in paragraph (e).

(g) Interest income and other receipts from consumer loans not secured by real or tangible personal property that are made to residents of this state, whether at a place of business, by traveling loan officer, by mail, by telephone or other electronic means, must be attributed to this state.

(h) Interest income and other receipts from commercial loans and installment obligations not secured that are unsecured by real or tangible personal property or secured by intangible property must be attributed to this state if the proceeds of the loan are to be applied in this state. If it cannot be determined where the funds are to be applied, the income and receipts are attributed to the state in which the office of the borrower from which the application would be made in the regular course of business is located. If this cannot be determined, the transaction is disregarded in the apportionment formula.

(i) Interest income and other receipts from a participating financial institution's portion of participation and syndication loans must be attributed under paragraphs (e) to (h). A participation loan is a loan in which more than one lender is a creditor to a common borrower an arrangement in which a lender makes a loan to a borrower and then sells all or a part of the loan to a purchasing financial institution. In the case of merchants located within and outside the state, only receipts from merchant discounts attributable to sales made from locations within the state are attributed to this state. It is presumed, subject to rebuttal, that the location of a merchant is the address shown on the invoice submitted by the merchant to the taxpayer.

(l) Receipts from the performance of fiduciary and other services must be attributed to the state in which the benefits of the services are consumed. If the benefits are consumed in more than one state, the receipts from those benefits must be apportioned to this state pro rata according to the portion of the benefits consumed in this state. If the extent to which the benefits of services are consumed in this state is not readily determinable, the benefits of the services shall be deemed to be consumed at the location of the office of the customer from which the services were ordered in the regular course of the customer's trade or business. If the ordering office cannot be determined, the benefits of the services shall be deemed to be consumed at the office of the customer to which the services are billed.

(m) Receipts from the issuance of travelers checks and money

orders must be attributed to the state in which the checks and money orders are purchased.

(n) Receipts from investments of a financial institution in securities of this state, its political subdivisions, agencies, and instrumentalities must be attributed to this state.

If a financial institution is subject to tax under this chapter, its interest in property described in section 290.015, subdivision 3, paragraph (b), is included in the receipts factor in the same manner as assets in the nature of securities or money market instruments are included under paragraph (n) and subdivision 7.

Sec. 7. Minnesota Statutes 1988, section 290.191, subdivision 11, is amended to read:

(g) Assets in the nature of consumer loans and installment obligations that are unsecured or secured by intangible property must be attributed to this state if the loan was made to a resident of this state.

(h) Assets in the nature of commercial loan and installment obligations that are unsecured by real or tangible personal property or secured by intangible property must be attributed to this state if

the ~~loan~~ proceeds of the loan are to be applied in this state. If it cannot be determined where the funds are to be applied, the assets must be attributed to the state in which there is located the office of the borrower from which the application would be made in the regular course of business. It is presumed, subject to rebuttal, that the location of a merchant is the address shown on the invoice submitted by the merchant to the taxpayer.

(l) Assets in the nature of securities and money market instruments are apportioned to this state based upon the ratio that total deposits from this state, its residents, its political subdivisions, agencies and instrumentalities bear to the total deposits from all states, their residents, their political subdivisions, agencies and instrumentalities. In the case of an unregulated financial institution, the assets are apportioned to this state based upon the ratio that its gross business income earned from sources within this state bears to gross business income earned from sources within all states. For purposes of this subsection, deposits made by this state, its residents, its political subdivisions, agencies, and instrumentalities are attributed to this state, whether or not the deposits are accepted or maintained by the taxpayer at locations within this state.

(m) A financial institution's interest in any property described in section 290.015, subdivision 3, paragraph (b), is not included in the numerator or the denominator of the property factor provided the financial institution's activities within this state with respect to any interest in such property are limited in the manner provided in section 290.015, subdivision 3, paragraph (b). If a financial institution is subject to tax under this chapter, its interest in property described in section 290.015, subdivision 3, paragraph (b), is included in the property factor in the same manner as assets in the nature of securities or money market instruments are included under paragraph (1).

(1) the logarithm of the lesser of:

(A) 200; or

(b) If the base cost of the district is more than five percent greater than the predicted base cost, the district's adjusted authorized predicted cost per FTE shall be equal to 105 percent of the predicted base cost, plus 40 percent of the difference between (i) the base cost, and (ii) 105 percent of the predicted base cost. However, in no case shall a district's adjusted authorized predicted cost per FTE be less than 80 percent of base cost.

(c) If the base cost of the district is more than five percent less than the predicted base cost, the district's adjusted authorized predicted cost per FTE shall be equal to 95 percent of the predicted base cost, minus 40 percent of the difference between (i) 95 percent of predicted base cost, and (ii) the base cost. However, in no case shall a district's adjusted authorized predicted cost per FTE be more than 120 percent of base cost.

#### PROTEST AND DISSENT

The conduct of some majority party members regarding the amendment to the proposed permanent rules of the House of Representatives requires the registration of a strong protest and dissent under the Minnesota Constitution, article IV, section 11.

On February 2, 1989, as debate began on the proposed permanent rules of the House of Representatives, Representative K.J. McDonald and a bipartisan group of ten other representatives proposed an amendment to have the pledge of allegiance to the flag of the United States of America said on the first day of each week. The proposal was made in the widely-held spirit that the members of the House would want to support this regular display of patriotism.

Later, another representative from the majority party filed the identical amendment. The Speaker then called up that amendment first and it passed. The Speaker then suggested that Representative McDonald's amendment would be out of order as a duplicate of the one considered and passed. Those actions were carried out despite the fact that Representative McDonald's amendment was filed first. The effect of the procedure was to permit one legislator to preempt the idea of the group that originally filed the proposal.

The public who elect all the representatives expect each representative to be able to offer his or her ideas without prejudice to where he or she happens to live in the state or what political party he or she belongs to. The actions by the Speaker and the representative sponsoring the second amendment was a direct frustration of that will of the people.

This action was also particularly inappropriate since the debate included consideration of imposing ethical constraints on members of the legislature. The plagiarism of an amendment as well as the engineering of the consideration of the plagiarized amendment first is a flagrant abuse of power and of the common understanding of the ethical norms of the House.

The Speaker and the member who plagiarized the McDonald amendment should publicly apologize.

[MEDICARE CERTIFICATION.] (a) All nursing homes certified as skilled nursing facilities under the medical assistance program shall fully participate in Medicare part A and part B unless, after submitting an application, Medicare certification is denied by the federal health care financing administration. "Fully participate" means that 95 percent of a nursing home's beds certified as skilled under the medical assistance program are Medicare certified. The commissioner may grant exceptions to this requirement for nursing homes that are designated as institutions for mental disease. Medicare review shall be conducted at the time of the annual medical assistance review. Charges for medicare-covered services provided to residents who are simultaneously eligible for medical assistance and Medicare must be billed to Medicare part A or part B before billing medical assistance. Medical assistance may be billed only for charges not reimbursed by Medicare.

For the purposes of this section, the relevant region is the county in which the nursing home is located together with contiguous Minnesota counties. There is sufficient participation in the Medicare program in a particular region when the proportion of skilled resident days paid by the Medicare program is at least equal to the national average based on the most recent figure that can be supplied by the federal health care financing administration. A nursing home that is granted an exception under this subdivision must give appropriate notice to all applicants for admission that Medicare coverage is not available in the nursing home and publish this fact in all literature and advertisement related to the nursing home.

(b) During the interim period before approval or denial of a home's application for Medicare certification by the health care financing

administration, a resident in a skilled care bed and eligible for medical assistance who becomes eligible for Medicare has the right to refuse an intrafacility skilled bed transfer if the resident's physician submits a written statement that the transfer would create or contribute to a health problem for the resident.

(c) A resident eligible for medical assistance who is occupying a skilled bed certified by the medical assistance and Medicare programs shall also have the right to refuse a transfer if the resident's bed is required by a Medicare eligible patient or a private pay patient.

(d) The requirements of paragraphs (b) and (c) may be implemented only if the federal Department of Health and Human Services agrees to approve the medical assistance state plan amendment submitted to implement those paragraphs.

(e) The commissioner of human services shall inform recipients of their rights under this section and section 144.651, subdivision 29.

## Sec. 2. [EFFECTIVE DATES.]

Subd. 19e. [DEPRECIATION MODIFICATIONS FOR CORPORATIONS.] In the case of corporations, a modification shall be made for the accelerated cost recovery system. The allowable deduction for the accelerated cost recovery system is the same amount as provided in section 168 of the Internal Revenue Code with the following modifications. The modifications apply to taxable years beginning after December 31, 1986, and to property for which deductions under the Tax Reform Act of 1986, Public Law Number 99-514, are elected or apply.

(a) For property placed in service after December 31, 1980, and

before January 1, 1987, 40 percent of the allowance pursuant to section 168 of the Internal Revenue Code of 1954, as amended through December 31, 1985, for 15-, 18-, or 19-year real property shall not be allowed and for all other property 20 percent shall not be allowed.

(b) For property placed in service after December 31, 1987, no modification shall be made.

(c) For property placed in service after July 31, 1986, and before January 1, 1987, for which the taxpayer elects the deduction pursuant to section 203 of the Tax Reform Act of 1986, Public Law Number 99-514, and for property placed in service after December 31, 1986, and before January 1, 1988, 15 percent of the allowance pursuant to section 168 of the Internal Revenue Code of 1986 shall not be allowed.

(d) For property placed in service after December 31, 1980, and before January 1, 1987, for which the taxpayer elects to use the straight line method provided in section 168(b)(3), (f)(12), or (j)(1) or a method provided in section 168(e)(2) of the Internal Revenue Code of 1986, as amended through December 31, 1986, but excluding property for which the taxpayer elects the deduction pursuant to section 203 of the Tax Reform Act of 1986, Public Law Number 99-514, the modifications provided in paragraph (a) do not apply.

(e) For property subject to the modifications contained in paragraphs (a) and (c) and Minnesota Statutes 1986, section 290.09, subdivision 7, clause (c), the following modification shall be made after the entire amount of the allowable deduction has been allowed for federal tax purposes for that property under the provisions of section 168 of the Internal Revenue Code of 1986, as amended through December 31, 1987. The remaining depreciable basis in those assets for Minnesota purposes, including the amount of any basis reduction to reflect the investment tax credit for federal purposes under sections 48(q) and 49(d) of the Internal Revenue Code of 1986, as amended through December 31, 1987, shall be a depreciation allowance computed using the straight line method over the following number of years:

- (1) three-year property, one year;
- (2) five-year and seven-year property, two years;
- (3) ten-year property, five years; and
- (4) all other property, seven years.

(f) For property placed in service after December 31, 1987, the remaining depreciable basis for Minnesota purposes that is attrib-

utable to the basis reduction for federal purposes to reflect the investment tax credit under sections 48(q) and 49(d) of the Internal Revenue Code of 1986, as amended through December 31, 1987, shall be allowed as a deduction in the first taxable year after the entire amount of the allowable deduction for that property under the provisions of section 168 of the Internal Revenue Code of 1986, has been allowed, except that where the straight line method provided in section 168(b)(3) is used, the deduction provided in this clause shall be allowed in the last taxable year in which an allowance for depreciation is allowed for that property.

(g) For qualified timber property for which the taxpayer made an election under section 194 of the Internal Revenue Code of 1986, the remaining depreciable basis for Minnesota purposes is allowed as a deduction in the first taxable year after the entire allowable deduction has been allowed for federal tax purposes.

(h) The basis of property to which section 168 of the Internal Revenue Code applies is its basis as provided in this chapter including the modifications provided in this subdivision and in Minnesota Statutes 1986, section 290.09, subdivision 7, paragraph (c). The recapture tax provisions provided in sections 1245 and 1250 of the Internal Revenue Code of 1986, as amended through December 31, 1987, apply but must be calculated using the basis provided in the preceding sentence.

(i) The basis of an asset acquired in an exchange of assets, including an involuntary conversion, is the same as its federal basis under the provisions of the Internal Revenue Code of 1986, except that the difference in basis due to the modifications in this subdivision and in Minnesota Statutes 1986, section 290.09, subdivision 7, paragraph (c), is a deduction as provided in paragraph (e).

Sec. 9. Minnesota Statutes 1988, section 290.01, subdivision 19f, is amended to read:

Subd. 19f. [BASIS MODIFICATIONS AFFECTING GAIN OR LOSS ON DISPOSITION OF PROPERTY.] (a) For individuals, estates, and trusts, the basis of property is its adjusted basis for federal income tax purposes except as set forth in paragraphs (f) and (g). For corporations, the basis of property is its adjusted basis for federal income tax purposes, without regard to the time when the property became subject to tax under this chapter or to whether out-of-state losses or items of tax preference with respect to the property were not deductible under this chapter, except that the modifications to the basis for federal income tax purposes set forth in paragraphs (b) to (j) are allowed to corporations, and the resulting modifications to federal taxable income must be made in the year in which gain or loss on the sale or other disposition of property is recognized.

(b) The basis of property shall not be reduced to reflect federal investment tax credit.

(c) The basis of property subject to the accelerated cost recovery system under section 168 of the Internal Revenue Code shall be modified to reflect the modifications in depreciation with respect to the property provided for in subdivision 19e. For certified pollution control facilities for which amortization deductions were elected under section 169 of the Internal Revenue Code of 1954, the basis of the property must be increased by the amount of the amortization deduction not previously allowed under this chapter.

(d) For property acquired before January 1, 1933, the basis for computing a gain is the fair market value of the property as of that date. The basis for determining a loss is the cost of the property to the taxpayer less any depreciation, amortization, or depletion, actually sustained before that date. If the adjusted cost exceeds the fair market value of the property, then the basis is the adjusted cost regardless of whether there is a gain or loss.

(e) The basis is reduced by the allowance for amortization of bond premium if an election to amortize was made pursuant to Minnesota Statutes 1986, section 290.09, subdivision 13, and the allowance could have been deducted by the taxpayer under this chapter during the period of the taxpayer's ownership of the property.

(f) For assets placed in service before January 1, 1987, corporations, partnerships, or individuals engaged in the business of mining ores other than iron ore or taconite concentrates subject to the occupation tax under chapter 298 must use the occupation tax basis of property used in that business.

(g) For assets placed in service before January 1, 1990, corporations, partnerships, or individuals engaged in the business of mining iron ore or taconite concentrates subject to the occupation tax under chapter 298 must use the occupation tax basis of property used in that business.

(h) In applying the provisions of sections 301(c)(3)(B), 312(f) and (g), and 316(a)(1) of the Internal Revenue Code of 1986, as amended through December 31, 1987, the dates December 31, 1932, and January 1, 1933, shall be substituted for February 28, 1913, and March 1, 1913, respectively.

(i) In applying the provisions of section 362(a) and (c) of the Internal Revenue Code of 1986, as amended through December 31, 1987, the date December 31, 1956, shall be substituted for June 22, 1954.

(j) The basis of property shall be increased by the amount of

intangible drilling costs not previously allowed due to differences between this chapter and the Internal Revenue Code.

(k) The adjusted basis of any corporate partner's interest in a partnership is the same as the adjusted basis for federal income tax purposes modified as required to reflect the basis modifications set forth in paragraphs (b) to (j). The adjusted basis of a partnership in which the partner is an individual, estate, or trust is the same as the adjusted basis for federal income tax purposes modified as required to reflect the basis modifications set forth in paragraphs (f) and (g).

(l) The modifications contained in paragraphs (b) to (j) also apply to the basis of property that is determined by reference to the basis of the same property in the hands of a different taxpayer or by reference to the basis of different property.

Sec. 10. Minnesota Statutes 1988, section 290.06, subdivision 22, is amended to read:

Subd. 22. [CREDIT FOR TAXES PAID TO ANOTHER STATE.] (a) A taxpayer who is liable for taxes on or measured by net income to another state or province or territory of Canada, as provided in paragraphs (b) through (f), upon income allocated or apportioned to Minnesota, is entitled to a credit for the tax paid to another state or province or territory of Canada if the tax is actually paid in the taxable year or a subsequent taxable year. A taxpayer who is a resident of this state pursuant to section 290.01, subdivision 7a 7, clause ~~(b)~~ (2), and who is subject to income tax as a resident in the state of the individual's domicile is not allowed this credit unless the state of domicile does not allow a similar credit.

(b) For an individual, estate, or trust, the credit is determined by multiplying the tax payable under this chapter by the ratio derived by dividing the income subject to tax in the other state or province or territory of Canada that is also subject to tax in Minnesota while a resident of Minnesota by the taxpayer's federal adjusted gross income, as defined in section 62 of the Internal Revenue Code of 1986, as amended through December 31, 1987 ~~1988~~, modified by the addition required by section 290.01, subdivision 19a, clause (1) and the subtraction allowed by section 290.01, subdivision 19b, clause (1), to the extent the income is allocated or assigned to Minnesota under sections 290.081 and 290.17.

(c) If the taxpayer is an athletic team that apportions all of its income under section 290.17, subdivision 5, paragraph ~~(a)~~ (c), the credit is determined by multiplying the tax payable under this chapter by the ratio derived from dividing the total net income subject to tax in the other state or province or territory of Canada by the taxpayer's Minnesota taxable income.

(d) The credit determined under paragraph (b) or (c) shall not

exceed the amount of tax so paid to the other state or province or territory of Canada on the gross income earned within the other state or province or territory of Canada subject to tax under this chapter, nor shall the allowance of the credit reduce the taxes paid under this chapter to an amount less than what would be assessed if such income amount was excluded from taxable net income.

(e) In the case of the tax assessed on a lump sum distribution under section 290.032, the credit allowed under paragraph (a) is the tax assessed by the other state or province or territory of Canada on the lump sum distribution that is also subject to tax under section 290.032, and shall not exceed the tax assessed under section 290.032. To the extent the total lump sum distribution defined in section 290.032, subdivision 1, includes lump sum distributions received in prior years or is all or in part an annuity contract, the reduction to the tax on the lump sum distribution allowed under section 290.032, subdivision 2, includes tax paid to another state that is properly apportioned to that distribution.

(f) If a Minnesota resident reported an item of income to Minnesota and is assessed tax in such other state or province or territory of Canada on that same income after the Minnesota statute of limitations has expired, the taxpayer shall receive a credit for that year under paragraph (a), notwithstanding any statute of limitations to the contrary. The claim for the credit must be submitted within one year from the date the taxes were paid to the other state or province or territory of Canada. The taxpayer must submit sufficient proof to show entitlement to a credit.

Sec. 11. Minnesota Statutes 1988, section 290.067, subdivision 1, is amended to read:

Subdivision 1. [AMOUNT OF CREDIT.] A taxpayer may take as a credit against the tax due from the taxpayer and a spouse, if any, under this chapter an amount equal to the dependent care credit for which the taxpayer is eligible pursuant to the provisions of section 21 of the Internal Revenue Code subject to the limitations provided in subdivision 2: except that in determining whether the child qualified as a dependent, income received as an aid to families with dependent children grant or allowance to or on behalf of the child must not be taken into account in determining whether the child received more than half of the child's support from the taxpayer.

If the taxpayer is not required and does not file a federal individual income tax return for the tax year, no credit is allowed for any amount paid to any person unless:

(1) the name, address, and taxpayer identification number of the person are included on the return claiming the credit; or

(2) if the person is an organization described in section 501(c)(3) of

the Internal Revenue Code and exempt from tax under section 501(a) of the Internal Revenue Code, the name and address of the person are included on the return claiming the credit.

In the case of a failure to provide the information required under the preceding sentence, the preceding sentence does not apply if it is shown that the taxpayer exercised due diligence in attempting to provide the information required.

In the case of a nonresident or, part-year resident, or person whose tax is computed under section 290.06, subdivision 2c, paragraph (f), the credit determined under section 21 of the Internal Revenue Code must be allocated based on the ratio by which the earned income of the claimant and the claimant's spouse from Minnesota sources bears to the total earned income of the claimant and the claimant's spouse.

Sec. 12. Minnesota Statutes 1988, section 290.0802, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] For purposes of this section, the following terms have the meanings given.

(a) "Adjusted gross income" means federal adjusted gross income as used in section 22(d) of the Internal Revenue Code for the taxable year plus the ordinary income portion of a lump sum distribution as defined in section 407(e) 402(e) of the Internal Revenue Code.

(b) "Disability income" means disability income as defined in section 22(c)(2)(B)(iii) of the Internal Revenue Code.

(c) "Internal Revenue Code" means the Internal Revenue Code of 1986, as amended through December 31, 1987.

(d) "Nontaxable retirement and disability benefits" means the amount of pension, annuity, or disability benefits that would be included in the reduction under section 22(c)(3) of the Internal Revenue Code, but excluding tier one railroad retirement benefits.

The excess of the subtraction base amount over federal the taxable net income computed without regard to the subtraction for the elderly or

disabled under section 290.01, subdivision 19b, clause (5), may be used to reduce the amount of a lump sum distribution subject to tax under section 290.032.

(b)(1) The initial subtraction base amount equals

(i) \$10,000 for a married taxpayer filing a joint return if a spouse is a qualified individual,

(ii) \$8,000 for a single taxpayer, and

(iii) \$5,000 for a married taxpayer filing a separate federal return.

(2) The qualified individual's initial subtraction base amount, then, must be reduced by the sum of nontaxable retirement and disability benefits and one-half of the amount of adjusted gross income in excess of the following thresholds:

(i) \$15,000 for a married taxpayer filing a joint return if both spouses are qualified individuals,

(ii) \$12,000 for a single taxpayer or for a married couple filing a joint return if only one spouse is a qualified individual, and

(iii) \$7,500 for a married taxpayer filing a separate federal return.

(3) In the case of a qualified individual who is under the age of 65, the maximum amount of the subtraction base may not exceed the taxpayer's disability income.

(4) The resulting amount is the subtraction base amount.

Sec. 14. Minnesota Statutes 1988, section 290.095, subdivision 9, is amended to read:

Subd. 9. [SPECIAL PERIOD OF LIMITATION WITH RESPECT TO NET OPERATING LOSS CARRYBACKS.] For the purposes of sections 290.46 and 290.50 if the claim for refund relates to an overpayment attributable to a net operating loss carryback under this section, in lieu of the period of limitation prescribed in sections 290.46 and 290.50, the period shall be that period which ends with the expiration of the 15th day of the 46th month following the end of the taxable year of the net operating loss which results in such carryback, plus any extension of time granted for filing the return, but only if the return was filed within the extended time. ~~During this extended period, for taxable years beginning before January 1, 1985, married individuals who elected to file separate returns or a combined return may change their election and file a joint return.~~

Sec. 15. Minnesota Statutes 1988, section 290.17, subdivision 1, is amended to read:

(ii) The amount of income to be assigned to Minnesota for an individual who is a nonresident, and who is an athlete or entertainer not listed in clause (i), for that person's athletic or entertainment performance in Minnesota shall be determined by assigning to this state all income from performances or athletic contests in this state.

In determining gross income and Minnesota taxable income of a partner, any modification described in section 290.01, subdivisions ~~20~~ 19 to ~~20f~~ 19f, which relates to an item of partnership income, gain, loss or deduction shall be made in accordance with the partner's distributive share, for federal income tax purposes, of the item to which the modification relates.

(b) Character of items. Each item of partnership income, gain, loss, or deduction shall have the same character for a partner under this section which it has for federal income tax purposes. Where an item is not characterized for federal income tax purposes, it shall have the same character for a partner as if realized directly from the

source from which realized by the partnership, or incurred in the same manner as incurred by the partnership.

(c) Minnesota tax avoidance or evasion. Where a partner's distributive share of an item of partnership income, gain, loss or deduction is determined for federal income tax purposes by special provision in the partnership agreement with respect to such item, and where the effect of such provision is the avoidance or evasion of tax under this section, the partner's distributive share of such item, and any modifications required with respect thereto shall be determined as if the partnership agreement made no special provision with respect to such item.

Subd. 4b. (b) The amount of tax withheld is determined by multiplying the partner's distributive share allocable to Minnesota under section 290.17, paid or credited during the taxable year by the highest rate used to determine the income tax liability for an individual under section 290.06, subdivision 2c, except that the amount of tax withheld may be determined based on tables provided by the commissioner if the partner submits a withholding exemption certificate under subdivision 5.

(c) A partnership required to deduct and withhold tax under this subdivision shall file a return with the commissioner. The tax required to be deducted and withheld during that year must be paid with the return. The return and payment is due on or before the due date specified for filing the partnership return under section 290.42.

(b) The amount of tax withheld is determined by multiplying the amount of dividends or undistributed income allocable to Minnesota under section 290.17, paid or credited to a nonresident shareholder during the taxable year by the highest rate used to determine the income tax liability of an individual under section 290.06, subdivision 2c, except that the amount of tax withheld may be determined based on tables provided by the commissioner if the shareholder submits a withholding exemption certificate under subdivision 5.

(c) A corporation required to deduct and withhold tax under this subdivision shall file a return with the commissioner. The tax required to be deducted and withheld during that year must be paid with the return. The return and payment is due on or before the due date specified for filing the corporate income tax return under section 290.42.

(f) For purposes of subdivisions 6, paragraph (1)(c), 6a, 7, 11, and 15, a corporation is considered an employer.

Subdivision 1. [DEFINITIONS.] (a) "Entertainer" means an individual who is not a resident of Minnesota or a state with which Minnesota has a reciprocal agreement under section 290.081 who performs acts in Minnesota that amuse, entertain, or inform. For purposes of this section, "entertainer" includes, but is not limited to, a musician, singer, dancer, comedian, thespian, athlete, and public speaker.

(b) Entertainment entity means either: (1) an entertainer who is paid compensation for providing entertainment as an independent contractor; (2) a partnership that is paid compensation for entertainment provided by entertainers who are partners, or (3) a corporation that is paid compensation for entertainment provided by entertainers who are shareholders of the corporation.

Subd. 2. [TAX ON ENTERTAINMENT.] Entertainment entities are subject to a tax in the amount of two percent of the total compensation received by them during the calendar year for entertainment performed in Minnesota.

Subd. 3. [CREDIT AGAINST TAX.] Each calendar year an entertainment entity may take a nonrefundable credit of \$100 against the tax imposed by this section.

Subd. 4. [FILING DATE OF ANNUAL RETURN.] (a) An entertainment entity subject to the tax imposed by this section shall file with the commissioner an annual return for the calendar year on or before April 15 following the close of the calendar year.

(b) The return must be in the form prescribed by the commissioner.

Subd. 5. [PAYMENT OF TAX AND LIABILITY.] The tax imposed by this section is payable to the commissioner on the filing date and is the joint and several liability of the entertainer and the entertainment entity.

Subd. 6. [EXEMPTION FROM INCOME TAX.] Compensation subject to the tax imposed under this section is not assignable to Minnesota under section 290.17.

Subd. 7. [WITHHOLDING ON COMPENSATION OF ENTERTAINERS.] The tax on compensation of an entertainer must be withheld at a rate of two percent of all compensation paid to the entertainment entity by the person or corporation having legal control of the payment of the compensation. The payor is liable to the state for the payment of the tax required to be deducted and withheld, and is not liable to a person for the amount of the payment. The compensation subject to withholding under this section is not subject to the withholding provisions of section 290.92, subdivision 2a or 3, except the provisions of section 290.92, subdivisions 6a, 7, 14, 15, and 18 shall apply to withholding under this section as if the withholding were upon wages.

Subd. 9. [REFUNDS.] If there is an overpayment of the tax imposed by this section, refund of the overpayment or credit shall be made to the payor under rules prescribed by the commissioner, but only to the extent that the amount of the overpayment was not deducted and withheld under subdivision 7 by the payor. An overpayment that is refunded bears interest at the rate specified in section 270.76, computed from the date of payment until the date the refund is paid to the payor.

Subd. 10. [REFUNDS.] If the tax withheld at the source under subdivision 7 exceeds by \$1 or more the taxes, penalties, and interest reported in the return of the entertainment entity or imposed by this section, the excess must be refunded to the entertainment entity. If the excess is less than \$1, the commissioner need not refund that amount. If the excess to be refunded exceeds \$10, the amount on the original return bears interest at the rate specified in section 270.76, computed from 90 days after (1) the due date of the return of the employee taxpayer or (2) the date on which the return is filed, whichever is later, to the date the refund is paid to the taxpayer.

Subd. 2. [REQUIREMENT TO DEPOSIT WITHHOLDINGS WITH COMMISSIONER.] A person required to withhold an amount under subdivision 1 shall deposit the amount withheld and file a return prescribed by the commissioner within 30 days of the payment to the contractor. The payor is liable to the state for the amount required to be deducted and is not liable to a person for the amount of the payment.

Subd. 3. [WAIVER OF WITHHOLDING.] The conditions in subdivisions 1 and 2 may be waived by the commissioner if (1) the contractor gives the commissioner a cash surety or a bond, secured by an insurance company licensed by Minnesota, conditioned that the contractor will comply with all applicable provisions of chapters 290 and 297A, or (2) the contractor has done construction work in Minnesota in the three calendar years prior to entering the contract and has fully complied with all the provisions of chapters 290 and 297A for the three prior years.

Subd. 4. [DEPOSITS USED AS SURETY FOR COMPLIANCE WITH INCOME AND SALES TAX PROVISIONS.] The amounts deposited with the commissioner under subdivisions 2 and 3 are considered a surety to guarantee payment of income, franchise, withholding, and sales and use taxes of the contractor. The commissioner shall retain the money deposited until the commissioner determines the contractor's liability for state income, franchise, sales and use taxes, and taxes withheld under section 290.92. If the deposit exceeds the liability, the commissioner shall refund the difference to the contractor with interest at the rate specified in section 270.76 computed from the dates the amounts were deposited with the commissioner.

#### "ARTICLE 1

##### Section 1. [62J.01] [FINDINGS.]

The legislature finds that substantial numbers of Minnesotans have no health care coverage and that most of these residents are wage earners or their dependents. One-third of these individuals are children.

The legislature further finds that when these individuals enter the health care system they have often foregone preventive care and are in need of more expensive treatment that often exceeds their financial resources. Much of the cost for these uncompensated services to the uninsured are already in the health care system in the form of increased insurance and provider rates and property and income taxes.

The legislature further finds that these costs, spread among the already insured, represent a woefully inefficient method for providing basic preventive and acute care for the uninsured and represent an added cost to employers now providing health insurance to their employees.

The legislature further finds that it is essential for the state to initiate and participate in a system to ensure basic and affordable

health care to all Minnesotans while addressing the economic pressures on the health care system as a whole in Minnesota.

Sec. 2. [62J.02] [HEALTH CARE ACCESS COMMISSION.]

Subdivision 1. [MEMBERSHIP; COMPENSATION; CHAIR.] The Minnesota health care access commission consists of 11 members. Seven members, three of whom are experienced health care professionals, shall be appointed by the governor. The commissioners of health, human services, employee relations, and commerce, or their designated representatives are also members. The governor shall appoint the chair of the commission after considering the commission's recommendation.

The terms, compensation, and removal of the members appointed by the governor are as provided in section 15.0575.

Subd. 2. [STAFF.] The commission shall select a director to serve at its pleasure as the chief administrative officer of the commission. The director may hire advisors, consultants, and employees, as authorized by the commission, and prescribe their duties. Employees are not state employees, but are covered by section 3.736. At the option of the commission, the employees may participate in the following plans for employees in the unclassified service: the state retirement plan, the state deferred compensation plan, and the health insurance and life insurance plans.

Subd. 3. [GENERAL DUTIES.] The commission shall:

(1) implement and administer the health care access program created in sections 1 to 11;

(2) administer the health care access account created in section 11;

(3) subject to chapter 14, adopt, amend, and repeal rules, including emergency rules, necessary to implement and administer sections 1 to 11;

(4) conduct necessary investigations and inquiries and compel the submission of information, documents, and records it considers necessary to carry out its duties;

(5) report annually to the legislature and the governor on its activities and on recommended insurance and health care law changes to improve access to health care for residents of this state;

(6) employ and supervise staff;

(7) make every effort to ensure representation in service delivery by eligible practitioners, without regard to race, color, or sex; and

(8) conduct other activities it considers necessary to carry out the intent of the legislature as expressed in sections 1 to 11.

Sec. 3. [62J.03] [CONTRACTING AUTHORITY.]

Subdivision 1. [GENERAL.] The commission may request bids from, and negotiate and contract with, carriers the commission determines are best qualified to underwrite and service health care plans that meet the requirements of section 4. The commission may also contract directly with health care providers. The commission may establish any conversion and continuation privileges for those plans it considers appropriate. The commission may negotiate premium rates and coverage provisions with all carriers regulated under chapters 62A, 62C, and 62D. The commission may negotiate separate contracts to cover eligible persons who are in need of, and receive, immediate medical treatment but who have not as yet selected a health care plan. The commission shall also negotiate reasonable cost containment measures to be applied to all carriers under chapters 62A, 62C, and 62D. Contracts to manage enrollment and plan selection must be bid or negotiated separately from contracts to service the plans, which shall be awarded only on the basis of competitive bids. The commission shall consider the cost of the plans, conversion options relating to the contracts, service capabilities, character, financial position, and reputation of the carriers and other factors the commission considers appropriate including, but not limited to, plan utilization review provisions, case management provisions, and preauthorization requirements. Each contract must be for a uniform term of at least one year but may be made automatically renewable from term to term in the absence of notice of termination by either party. The commission shall, to the extent feasible, offer a choice of plans available from two or more carriers regulated under chapters 62A, 62C, and 62D. The commission may offer only one plan in an area of the state if only one acceptable bid exists or if offering more than one would result in substantial, additional administrative costs. Payments from the commission to a carrier are exempt from the tax imposed by section 60A.15 and are not included in the carrier's premiums for the purposes of assessments under 62E.11.

Subd. 2. [COMMUNITY CLINICS.] The commission, or an entity selected by the commission to administer health care plans on its behalf, shall to the extent appropriate contract with community clinics.

For purposes of this subdivision, "community clinics" means an entity that:

(1) through its staff and supporting resources or through its

contracts or cooperative arrangements with other public or private entities, provides primary health services for all intended residents of its service area;

(2) was established to serve the primary health needs of low-income population groups;

(3) uses a sliding fee scale based on ability to pay, and does not limit access or care because of the financial limitations of the client;

(4) has nonprofit status under chapter 317; and

(5) has a governing board, for which at least 51 percent of the membership resides in and represents the local community served by the clinic.

Subd. 3. [EXPERIMENTAL DELIVERY METHOD.] The commission may petition the commissioner of commerce for a waiver to allow the use of alternative means of health care delivery. The commissioner may approve the use of alternative means the commissioner considers appropriate. The commissioner may waive any of the requirements of chapters 60A, 62A, 62C, 62D, and 62E in granting the waiver.

Subd. 4. [CONTRACT TO CONTAIN STATEMENT OF BENEFITS.] A contract under this section must contain a detailed statement of benefits offered and must include any maximums, limitations, exclusions, and other provisions the commission considers necessary or desirable.

A contract providing only the coverage specified in section 4, subdivision 2, shall not contain a provision denying coverage for any preexisting conditions.

Subd. 5. [ACTUARIAL DATA.] The commission shall estimate, on an actuarially sound basis, the expected cost of providing coverage under the health care access program, expressed in terms of upper and lower limits and recognizing variations in the cost of providing coverage through various systems and in different areas in the state. The commission shall make this actuarial data available to potential carriers under the health care access program.

Sec. 4. [62J.04] [BENEFITS.]

Subdivision 1. [AVAILABILITY.] The commission shall make available to all residents of this state health care plans meeting the requirements of subdivisions 2 and 3.

(2) any charge for treatment for cosmetic purposes other than for reconstructive surgery when the service is incidental to or follows surgery resulting from injury, sickness, or other diseases of the involved part or when the service is performed on a covered dependent child because of congenital disease or anomaly which has resulted in a functional defect as determined by the attending physician;

(3) care which is primarily for custodial or domiciliary purposes which would not qualify as eligible services under Medicare;

(4) any charge for confinement in a private room to the extent it is in excess of the institution's charge for its most common semiprivate room, unless a private room is prescribed as medically necessary by a physician, provided, however, that if the institution does not have semiprivate rooms, its most common semiprivate room charge is considered to be 90 percent of its lowest private room charge;

(5) that part of any charge for services or articles rendered or prescribed by a physician, dentist, or other health care personnel which exceeds the prevailing charge in the locality where the service is provided; and

(6) any charge for services or articles that are not within the scope of authorized practice of the institution or individual providing the services or articles.

(c) The commission shall establish copayment requirements and a dollar limitation per person on the total annual out-of-pocket expenses for covered services. Copayments shall be imposed for prescription drug benefits at a level of \$5 per prescription. Copayments shall be imposed for routine office visits at a level of \$5 per visit. Copayments shall be imposed for ambulance transportation covered under this subdivision at a level of \$25 per use of those services, if there is no admittance to a hospital within 24 hours after the services. Copayments shall be imposed for emergency room services at a level of \$25 per visit if there is no admittance to a hospital within 24 hours after the visit. No copayments shall be imposed on preventive health services covered under this subdivision.

(d) Coverage under a minimum core coverage plan is subject to a maximum lifetime benefit of \$50,000 per individual.

Subd. 3. [OPTIONAL COVERAGES.] The commission shall make available a number one qualified plan, a number two qualified plan, a number three qualified plan, and a qualified medicare supplement plan under chapter 62E and other optional coverages provided by carriers selected by the commission. Eligible persons may elect to purchase optional coverages.

Sec. 5. [62J.05] [MANDATORY HEALTH INSURANCE; PARTICIPATION IN HEALTH CARE ACCESS PROGRAM.]

For purposes of this paragraph, health coverage under Medicare; medical assistance; general assistance medical care; or a plan of

[PREMIUMS PAID BY PARTICIPANT; SUBSIDIZED BY FUND.] An enrollee in the health care access program shall pay the first installment of the premium for coverage upon the effective date of the coverage. The premium payment must be deposited in the account in section 11. The enrollee's share of the premium for minimum core coverage under section 4, subdivision 2, is determined by the income-based sliding fee schedule in subdivision 2. The remainder of the premium for this coverage is paid by the health care access account established in section 11. An enrollee who chooses optional coverage under section 4, subdivision 3, must pay the entire premium for the optional coverage and minimum core coverage.

Subd. 2. [SLIDING FEE SCHEDULE FOR PREMIUMS.] A participant's share of premium for minimum core coverage is based on the participant's net disposable income, according to the schedule in this subdivision. A participant with a net disposable income listed in column A must pay the corresponding percent of the premium in column B, up to an annual premium amount in column C. In addition, the participant must pay a percent, as listed in column D, of any remaining premium above the annual premium amount in column C. The remainder of the enrollee's premium is paid for by the health care access account established in section 11.

"Net Disposable Income" means total gross income, as defined by the commission in rule, minus \$5,750 for the head of household or single individual and minus \$1,900 for each dependent. These deductions from gross income shall be adjusted upward, if appropriate, every two years to reflect inflation. The commission shall publish notice of these adjustments in the State Register. Gross income does not include the ordinary and necessary expenses paid or incurred in carrying on a trade or business as defined under section 162 of the Internal Revenue Code of 1986, as amended through December 31, 1988.

Sec. 9. [62J.09] [ENROLLMENT AND PREMIUM PAYMENTS.]

The time, manner, conditions, and terms of eligibility and payment of premiums for enrollment of eligible persons for coverage under section 6 shall be determined by the commission in rule.

The rules shall: (1) include a procedure for referring persons eligible for coverage under the comprehensive health insurance plan to that plan if the commission considers it appropriate; and

(2) establish procedures for the subsequent enrollment of eligible persons who are denied enrollment in the program because there are insufficient funds in the account to allow payment of the commission's share of the premium.

(3) provide for the withholding by employers of premiums payable

under section 8 from the wages of employees. The commission may provide for payment by employers of the premiums withheld from wages to the commission or directly to providers for insurance or services under sections 1 to 11.

Sec. 10. [62J.10] [PROGRAM INFORMATION AND ENROLLMENT.]

Subdivision 1. [SOLICITATION OF ELIGIBLE PERSONS.] The commission shall disseminate appropriate information to the residents of this state about the existence of the program and the means of enrollment. Means of communication must include use of the press, radio, and television, as well as publication in appropriate state offices and publications.

The commission shall devise and implement methods to maintain public awareness of the provisions of sections 1 to 11 and shall administer sections 1 to 11 in a manner that facilitates public participation.

Subd. 2. [HEALTH INSURANCE INFORMATION; PENALTY.] A resident of the state shall furnish to the health care access commission the information required by the commission to determine the health care coverage of the person and the person's dependents. The commission may require proof of coverage. An employer shall distribute evidence of insurance forms to all employees. A person required to give information to the commission under this subdivision who willfully fails to supply information or willfully supplies false or fraudulent information is guilty of a gross misdemeanor.

Subd. 3. [HEALTH CARE APPLICATIONS.] The health care access commission shall prepare and distribute information and evidence of insurance and application forms for health insurance under sections 1 to 11. The applications and other information must be made available to employers, health care provider offices and facilities, local human services agencies, public and community health offices and clinics, school clinics, county extension offices, and women, infants, and children (WIC) program sites. Employers must furnish applications and information to employees.

Sec. 11. [62J.11] [HEALTH CARE ACCESS ACCOUNT.]

Subdivision 1. [CREATION.] An account is established in the state treasury to be known as the health care access account. There is annually appropriated from the account to the commission the amount needed to pay for implementing and administering the health care access program established under sections 1 to 11, including payment of approved claims, refunds, administrative costs, and other related service charges. In no event may this appropriation exceed \$150,000,000 in the biennium ending June 30, 1991, or \$150,000,000 in any subsequent fiscal year.

Nothing in sections 1 to 11 obligates the commission to pay its share of the premium cost of an otherwise eligible person if the appropriation in this subdivision is insufficient to allow payment of the commission's share of the premium.

Subd. 2. [FUNDING.] The account is funded with revenue from the sources specified in subdivision 5 and sections 8, 12; subdivision 10; and 13, subdivision 7.

Subd. 3. [INVESTMENT OF ACCOUNT ASSETS.] Except as otherwise provided in subdivision 6, when there are funds in the account in excess of the amount the commission determines is currently needed, the commission shall direct the state treasurer to certify this amount to the state board of investment for investment subject to section 11A.24. Investment income and losses attributable to the account must be credited to the account.

Subd. 4. [ALLOCATION.] The commission shall allocate the appropriation to ensure that eligible persons of every income level for which there is a premium subsidy are enrolled and the appropriation is not used to disproportionately subsidize any particular income group.

Subd. 5. [ASSESSMENT ON EMPLOYERS THAT DISCONTINUE COVERAGE.] An employer that discontinues all plans of health coverage provided or made available to employees employed in this state and does not provide substantially similar coverage to replace it shall pay a special assessment to the account.

The special assessment consists of an amount equal to two times the total annual premium or financing obligation of that employer for the previous calendar year.

One-half of the assessment must be paid to the account by January 1 of the year following the discontinuance, and one-half of the assessment must be paid to the account by January 1 of the next year.

The commission has all the powers under chapter 290 to impose and collect the assessment under this subdivision.

The commissioner of revenue shall provide the commission with information necessary to allow the commission to administer and enforce this subdivision.

Subd. 6. [SURPLUS.] Surplus remaining in the fund at the end of a fiscal year may be used by the commission, in its discretion, to increase the premium subsidies for those participants whose net disposable income is less than \$20,000.

## Sec. 12. [290.924] [HEALTH CARE ACCESS; PAYROLL TAX.]

Subdivision 1. [DEFINITIONS.] (a) For purposes of this section, the terms in paragraphs (b) to (g) have the meanings given them.

(b) "Commissioner" means the commissioner of revenue.

(c) "Employee" has the meaning given it in section 290.92, subdivision 1, clause (3). The provisions of section 290.92, subdivision 4a, clause (2), apply in determining who is an employee for purposes of this section.

(d) "Employer" has the meaning given it in section 290.92, subdivision 1, clause (4). The provisions of section 290.92, subdivision 4a, clause (2), apply in determining who is an employer for purposes of this section.

(e) "Payroll period" has the meaning given it in section 290.92, subdivision 1, clause (2).

(f) "Taxable wages" means wages paid to an employee exceeding \$10,000 in a calendar year.

(g) "Wages" has the meaning given it in section 290.92, subdivision 1, clause (1). The provisions of section 290.92, subdivision 2a, clauses (6), (9), and (10), subdivision 4, and subdivision 4a, clauses (1) and (2), apply in determining wages for purposes of this section.

Subd. 2. [TAX IMPOSED; EMPLOYERS.] (a) A tax is imposed on an employer paying wages to employees during a payroll period. The amount of tax is equal to five-tenths percent of wages paid to employees less the credit allowed in paragraph (b).

(b) A credit against the tax imposed in paragraph (a) is allowed to an employer offering a health care plan of coverage as defined in section 62E.02, subdivision 9, that meets the requirements of a qualified plan under chapter 62E and who pays at least 50 percent of the premium costs or other financing costs for that coverage for employees and their dependents. The credit is equal to the lesser of (1) the amount of tax imposed under this subdivision, or (2) 100 percent of premium or other financing costs paid by the employer if that amount is at least 75 percent of the premium costs or other financing costs for coverage of the employees and their dependents. If the amount paid by the employer is less than 75 percent of the premium or other costs, the percentage of the premium or other costs paid by the employer allowed as a credit under this clause must be proportionately reduced so that an employer paying 50 percent of the premium or other financing costs of coverage for employees and their dependents is allowed only 50 percent of the costs paid by the employer as a credit. If the employer pays less than

50 percent of the premium or other financing costs, no credit is allowed.

The credit may be applied only against the tax imposed with respect to employees for whom the employer pays the applicable percentage of premium or other financing costs of insurance coverage for the employees and their dependents. A credit may be carried forward to later reporting periods in the calendar year but may not be carried forward to a succeeding calendar year.

(c) The United States and its agencies and instrumentalities are exempt from the tax imposed in this subdivision.

Subd. 3. [TAX IMPOSED; EMPLOYEES.] A tax is imposed on an employee paid wages by an employer during a payroll period. The amount of tax is equal to three-tenths percent of taxable wages paid to the employee.

Subd. 4. [PAYMENT; WITHHOLDING.] The tax imposed in subdivision 2 must be reported and paid by an employer to the commissioner of revenue at the times and in the manner that the tax imposed in section 290.92 is paid.

The tax imposed in subdivision 3 must be deducted and withheld from the wages of each employee each payroll period and reported and paid to the commissioner in the same manner and at the same time as the tax imposed in section 290.92 is withheld and paid. An employee is not liable for the tax imposed in subdivision 3 if the employer fails to deduct and withhold it. The employer is liable for payment of the tax required to be deducted and paid under subdivision 3, and is not liable to a person for the amount of the payment.

Subd. 5. [RETURNS.] The commissioner shall prepare return forms and instructions for reporting and withholding and paying the taxes imposed in this section. The commissioner may prepare tables for use by employers in reporting and withholding and paying the taxes. The tables may require that the amount of tax imposed on taxable wages be prorated over the calendar year. The commissioner may determine whether employers must use the withholding tables and may give employers permission to withhold and pay the tax by another method determined satisfactory by the commissioner. The returns and instructions are not rules for purposes of chapter 14.

The return must be in the form and contain the information required by the commissioner. Failure to provide the information shall render the return unprocessable. A return is not treated as filed until it is in a processible form.

The commissioner may extend the period of time for filing the return for up to 60 days. A return that is required to be filed with the

commissioner under this section shall contain a written declaration that it is correct and complete. It must contain in language prescribed by the commissioner a confession of judgment for the tax shown due on it to the extent it is not timely paid.

Subd. 6. [REFUNDS.] If the taxes paid or withheld and paid under subdivision 4 exceed by more than \$1 the taxes imposed in subdivision 2 or 3, the excess must be refunded by the commissioner to the extent provided in this subdivision. The commissioner shall provide by rule for refund to the persons who paid the tax. Refund of an overpayment may be made to an employer only to the extent that the overpayment was not deducted and withheld from the wages of an employee. When the amount of the refund exceeds \$10, it must be returned with interest at the rate given in section 270.76 computed from 90 days after the date the return was due.

Subd. 7. [PENALTIES; INTEREST.] To the extent applicable to the taxes imposed in this section, all civil and criminal penalties and the imposition of interest relating to withholding, reporting, deposit, and payment of taxes under section 290.92 are imposed on and apply to persons having a duty to withhold, report, deposit, and pay the taxes imposed in this section.

Subd. 8. [POWERS OF THE COMMISSIONER.] The taxes imposed in this section shall be assessed by the commissioner in the manner provided in section 290.92. The time limits for assessment and collection in section 290.92 apply. The commissioner has the powers given in this chapter to administer, assess, collect, and enforce the taxes imposed in this section.

Subd. 9. [RULES.] The commissioner of revenue may adopt rules under chapter 14 to administer and enforce reporting, payment, and collection of taxes imposed under this section.

Subd. 10. [DEPOSIT OF FUNDS.] The taxes paid or withheld and paid to the commissioner together with penalties and interest shall be deposited in the general fund and credited to the health care access account created in section 11. Refunds of the taxes imposed in this section and the administrative expenses of the commissioner must be paid from that account. There is annually appropriated to the commissioner from the health care access account the amounts required to pay the refunds authorized in this section.

"Self-employment income" is determined without regard to the benefit and contribution base amount and minimum earnings in section 1402(b)(1) and (2) of the Internal Revenue Code.

(d) "Taxable self-employment income" means self-employment income of an individual exceeding \$10,000 in a taxable year.

Subd. 2. [TAX IMPOSED.] A tax is imposed on the self-employment income of an individual. The amount of the tax is equal to three-tenths percent of taxable self-employment income for the taxable year.

Subd. 3. [RETURNS; PAYMENT.] The tax shall be reported and paid to the commissioner in the same manner and at the same times as the tax imposed in section 290.03 is reported and paid. The provisions of section 290.93 apply to the tax imposed in this section.

Subd. 4. [PENALTIES; INTEREST.] To the extent applicable to the taxes imposed in this section, all civil and criminal penalties and the imposition of interest relating to the reporting and payment of taxes under section 290.03 apply to the tax imposed in this section.

Subd. 5. [REFUNDS.] Overpayments of the tax imposed in this section must be refunded or credited as provided in sections 290.50 and 290.93.

Subd. 6. [POWERS OF THE COMMISSIONER.] The commissioner has the powers given in this chapter to administer, assess, collect, and enforce the tax imposed in this section.

Subd. 7. [DEPOSIT OF FUNDS.] The taxes paid to the commissioner under this section together with penalties and interest must be deposited in the general fund and credited to the health care access account created in section 11. Refunds of the tax imposed in this section and the administrative expenses of the commissioner must be paid from that account. There is annually appropriated to the commissioner from the health care access account the amounts required to pay the refunds of tax imposed in this section.

#### Sec. 14. [UNCOMPENSATED CARE STUDY.]

The commission shall study the problem of uncompensated health care in the state and report to the legislature and the governor. The report shall include definitions of the terms "uncompensated care",

“un-sponsored care”, and “bad debt”, as they relate to the providing of health care in this state. The commission shall collect data necessary to determine the nature and extent of the problem. The report must include recommendations for more equitably distributing the burden of uncompensated health care in this state.

Sec. 15. [APPROPRIATION.]

§ . . . . is appropriated from the general fund to the health care access commission to pay for the administrative and operating expenses of the commission.

The appropriation is available until June 30, 1990, at which time the commission shall repay this amount to the general fund from the account created in section 11.

##### 105.38 [DECLARATION OF POLICY.]

Subdivision 1. [POLICY.] To conserve and use the state's water resources in the best interests of its people, and to promote the public health, safety, and welfare, the policy of the state is as follows:

(a) Subject to existing rights, public waters and wetlands are subject to the control of the state.

(b) The state, to the extent provided by law, shall control the appropriation and use of surface and underground waters of the state.

(c) The state shall control and supervise, so far as practicable, any activity that changes or will change the course, current, or cross-section of public waters or wetlands, including but not limited to the construction, reconstruction, repair, removal, abandonment, the making of any other change, or the transfer of ownership of dams, reservoirs, control structures, and waterway obstructions in public waters or wetlands of the state.

Subd. 2. [FINDINGS; PUBLIC INTEREST.] The legislature finds that it is in the public interest to (a) preserve and enhance the values of wetlands, to minimize the long- and short-term loss or

degradation of wetlands, and to reestablish diminished or drained wetlands in order to conserve surface waters, maintain and improve water quality, preserve wildlife habitat, provide recreational opportunities, reduce runoff, provide for floodwater retention, reduce stream sedimentation, contribute to improved subsurface moisture, enhance the natural beauty of the landscape, and promote comprehensive water management; and (b) avoid direct or indirect support of new construction in wetlands wherever there is a practicable alternative, and where no practicable alternative exists, to appropriately mitigate the adverse impact. This policy must guide the enforcement and administration of all other statutes affecting wetlands unless the statute expressly states otherwise.

Subd. 3a. [REPLACEMENT OF WETLANDS.] Additional wetlands of one acre or more classified as types 2, 6, 7, or 8, under United States Fish and Wildlife Service Circular No. 39 (1971 edition), and types 3, 4, and 5 wetlands not inventoried under subdivision 1, must not be drained or filled, wholly or partially, unless replaced by creating wetland areas of equivalent quality, character, and diversity under a mitigation or mining reclamation plan satisfactory to the commissioner.

Sec. 3. Minnesota Statutes 1988, section 105.391, is amended by adding a subdivision to read:

Subd. 3b. [PAYMENTS TO WETLAND OWNERS.] The owner of wetlands that are not drained because of the prohibition in section 2 or 4 may apply for payments under the water bank program in section 105.392.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1988, section 260.015, subdivision 2a, is amended to read:

Subd. 2a. [CHILD IN NEED OF PROTECTION OR SERVICES.] "Child in need of protection or services" means a child who is in need of protection or services because the child:

- (1) is abandoned or without parent, guardian, or custodian;
- (2) has been a victim of physical or sexual abuse or resides with a victim of domestic child abuse as defined in subdivision 24;
- (3) is without necessary food, clothing, shelter, education, or other required care for the child's physical or mental health or morals because the child's parent, guardian, or custodian is unable or unwilling to provide that care;
- (4) is without the special care made necessary by a physical, mental, or emotional condition because the child's parent, guardian, or custodian is unable or unwilling to provide that care;
- (5) is medically neglected; which includes, but is not limited to, the withholding of medically indicated treatment from a disabled infant with a life-threatening condition. The term "withholding of medically indicated treatment" means the failure to respond to the infant's life-threatening conditions by providing treatment, including appropriate nutrition, hydration, and medication which, in the treating physician's or physicians' reasonable medical judgment,

will be most likely to be effective in ameliorating or correcting all conditions, except that the term does not include the failure to provide treatment other than appropriate nutrition, hydration, or medication to an infant when, in the treating physician's or physicians' reasonable medical judgment:

(i) the infant is chronically and irreversibly comatose;

(ii) the provision of the treatment would merely prolong dying, not be effective in ameliorating or correcting all of the infant's life-threatening conditions, or otherwise be futile in terms of the survival of the infant; or

(iii) the provision of the treatment would be virtually futile in terms of the survival of the infant and the treatment itself under the circumstances would be inhumane;

(6) is one whose parent, guardian, or other custodian for good cause desires to be relieved of the child's care and custody;

(7) has been placed for adoption or care in violation of law;

(8) is without proper parental care because of the emotional, mental, or physical disability, or state of immaturity of the child's parent, guardian, or other custodian;

(9) is one whose occupation, behavior, condition, environment, or associations are such as to be injurious or dangerous to the child or others;

(10) has committed a delinquent act before becoming ten years old;

(11) is a runaway; or

(12) is an habitual truant.

Sec. 2. Minnesota Statutes 1988, section 260.191, subdivision 1, is amended to read:

Subdivision 1. [DISPOSITIONS.] (a) If the court finds that the child is in need of protection or services or neglected and in foster care, it shall enter an order making any of the following dispositions of the case:

(1) place the child under the protective supervision of the county welfare board or child placing agency in the child's own home under conditions prescribed by the court directed to the correction of the child's need for protection or services;

(2) transfer legal custody to one of the following:

(i) a child placing agency; or

(ii) the county welfare board.

In placing a child whose custody has been transferred under this paragraph, the agency and board shall follow the order of preference stated in section 260.181, subdivision 3;

(3) if the child is in need of special treatment and care for reasons of physical or mental health, the court may order the child's parent, guardian, or custodian to provide it. If the parent, guardian, or custodian fails or is unable to provide this treatment or care, the court may order it provided. The court shall not transfer legal custody of the child for the purpose of obtaining special treatment or care solely because the parent or guardian is unable to provide the treatment or care. If the court's order for mental health treatment is based on a diagnosis made by a treatment professional, the court may order that the diagnosing professional not provide the treatment to the child if it finds that such an order is in the child's best interests; or

(4) if the court believes that the child has sufficient maturity and judgment and that it is in the best interests of the child, the court may order a child 16 years old or older to be allowed to live independently, either alone or with others as approved by the court under supervision the court considers appropriate, if the county board, after consultation with the court, has specifically authorized this dispositional alternative for a child.

(b) If the child was adjudicated in need of protection or services because the child is a runaway or habitual truant, the court may order any of the following dispositions in addition to or as alternatives to the dispositions authorized under paragraph (a):

(1) counsel the child or the child's parents, guardian, or custodian;

(2) place the child under the supervision of a probation officer or other suitable person in the child's own home under conditions prescribed by the court, including reasonable rules for the child's conduct and the conduct of the parents, guardian, or custodian, designed for the physical, mental, and moral well-being and behavior of the child; or with the consent of the commissioner of corrections, place the child in a group foster care facility which is under the commissioner's management and supervision;

(3) subject to the court's supervision, transfer legal custody of the child to one of the following:

(i) a reputable person of good moral character. No person may receive custody of two or more unrelated children unless licensed to operate a residential program under sections 245A.01 to 245A.16; or

(ii) a county probation officer for placement in a group foster home established under the direction of the juvenile court and licensed pursuant to section 241.021;

(4) require the child to pay a fine of up to \$100. The court shall order payment of the fine in a manner that will not impose undue financial hardship upon the child;

(5) require the child to participate in a community service project;

(6) order the child to undergo a chemical dependency evaluation and, if warranted by the evaluation, order participation by the child in a drug awareness program or an inpatient or outpatient chemical dependency treatment program;

(7) if the court believes that it is in the best interests of the child and of public safety that the child's driver's license be canceled, the court may recommend to the commissioner of public safety that the child's license be canceled for any period up to the child's 18th birthday. The commissioner is authorized to cancel the license without a hearing. At any time before the expiration of the period of cancellation, the court may, for good cause, recommend to the commissioner of public safety that the child be authorized to apply for a new license, and the commissioner may so authorize; or

(8) require the child to perform any other activities or participate in any other treatment programs deemed appropriate by the court.

Sec. 3. Minnesota Statutes 1988, section 260.221, subdivision 1, is amended to read:

Subdivision 1. [VOLUNTARY AND INVOLUNTARY.] The juvenile court may upon petition, terminate all rights of a parent to a child in the following cases:

(a) With the written consent of a parent who for good cause desires to terminate parental rights; or

(b) If it finds that one or more of the following conditions exist:

(1) That the parent has abandoned the child. Abandonment is presumed when:

(i) the parent has had no contact or merely incidental contact with the child for six months in the case of a child under six years of age, or for 12 months in the case of a child ages six to 11; and

(ii) the social service agency has made reasonable efforts to facilitate contact, unless the parent establishes that an extreme financial or physical hardship or treatment for mental disability or chemical dependency or other good cause prevented the parent from making contact with the child. This presumption does not apply to children whose custody has been determined under chapter 257 or 518. The court is not prohibited from finding abandonment in the absence of this presumption; or

(2) That the parent has substantially, continuously, or repeatedly refused or neglected to comply with the duties imposed upon that parent by the parent and child relationship, including but not limited to providing the child with necessary food, clothing, shelter, education, and other care and control necessary for the child's physical, mental, or emotional health and development, if the parent is physically and financially able, and reasonable efforts by the social service agency have failed to correct the conditions that formed the basis of the petition; or

(3) That a parent has been ordered to contribute to the support of the child or financially aid in the child's birth and has continuously failed to do so without good cause. This clause shall not be construed to state a grounds for termination of parental rights of a noncustodial parent if that parent has not been ordered to or cannot financially contribute to the support of the child or aid in the child's birth; or

(4) That a parent is palpably unfit to be a party to the parent and child relationship because of a consistent pattern of specific conduct before the child or of specific conditions directly relating to the parent and child relationship either of which are determined by the court to be of a duration or nature that renders the parent unable, for the reasonably foreseeable future, to care appropriately for the ongoing physical, mental, or emotional needs of the child; or

(5) That following upon a determination of neglect or dependency, or of a child's need for protection or services, reasonable efforts, under the direction of the court, have failed to correct the conditions leading to the determination. It is presumed that reasonable efforts under this clause have failed upon a showing that:

(i) a child under the age of 12 has resided out of the parental home under court order for more than one year following an adjudication of dependency, neglect, need for protection or services under section 260.015, subdivision 2a, clause (1), (2), (6), (8), or (9), or neglected and in foster care, and an order for disposition under section 260.191, including adoption of the case plan required by section 257.071;

(ii) conditions leading to the determination will not be corrected within the reasonably foreseeable future; and

(iii) reasonable efforts have been made by the social service agency to rehabilitate the parent and reunite the family.

This clause does not prohibit the termination of parental rights prior to one year after a child has been placed out of the home; or

(6) That in the case of a child born to a mother who was not married to the child's father when the child was conceived nor when the child was born the person is not entitled to notice of an adoption hearing under section 259.26 and either the person has not filed a notice of intent to retain parental rights under section 259.261 or that the notice has been successfully challenged; or

(7) That the child is neglected and in foster care.

Sec. 4. Minnesota Statutes 1988, section 260.221, subdivision 3, is amended to read:

Subd. 3. [WHEN PRIOR FINDING REQUIRED.] For purposes of subdivision 1, clause (b), no prior judicial finding of dependency, neglect, need for protection or services, or neglected and in foster care is required, except as provided in subdivision 1, clause (b), item (5).

The commissioner or other custodial authority complies with this section upon mailing the notice of impending release to the victim at the address which the victim has most recently provided to the commissioner or authority in writing. All identifying information regarding the victim, including the victim's request and the notice provided by the commissioner or custodial authority, is classified as private data on individuals as defined in section 13.02, subdivision 12, and is accessible only to the victim.

Sec. 2. Minnesota Statutes 1988, section 487.30, subdivision 5, is amended to read:

Subd. 5. [SATISFACTION OF JUDGMENT.] If (1) a conciliation court judgment has been docketed in county court for a period of at least 30 days, (2) the judgment is not satisfied, and (3) the parties have not otherwise agreed, the county court shall, upon the request

(1) A responsible attendant or caretaker shall be in charge of every manufactured home park or recreational camping area at all times, who shall maintain the park or area, and its facilities and equipment in a clean, orderly and sanitary condition. In any manufactured home park containing more than 50 lots, the attendant, caretaker, or other responsible park employee, shall be readily available at all times in case of emergency.

(2) All manufactured home parks shall be well drained and be located so that the drainage of the park area will not endanger any water supply. No waste water from manufactured homes or recreational camping vehicles shall be deposited on the surface of the ground. All sewage and other water carried wastes shall be discharged into a municipal sewage system whenever available. When a municipal sewage system is not available, a sewage disposal system acceptable to the state commissioner of health shall be provided.

Nothing in this paragraph requires the department of health to review or approve any shelter or evacuation plan developed by a park. Failure of a municipality to approve a plan submitted by a park shall not be grounds for action against the park by the department of health if the park has made a good faith effort to develop the plan and obtain municipal approval.

(7) A manufactured home park with ten or more manufactured homes, licensed prior to March 1, 1988, shall provide a safe place of shelter for park residents or a plan for the evacuation of park residents to a safe place of shelter within a reasonable distance of the park for use by park residents in times of severe weather, including tornadoes and high winds. The municipality may require the park owner to construct a shelter if it determines that a safe place of shelter is not available within a reasonable distance from the park. A copy of the municipal approval and the plan shall be submitted by the park owner to the department of health. Failure of a municipality to act on a plan submitted by a park is not grounds for action against the park by the department of health if the park has made a good faith effort to develop the plan and obtain municipal approval.

Sec. 26. Minnesota Statutes 1988, section 349.212, is amended to read:

349.212 [TAX IMPOSED.]

Subdivision 1. [RATE.] (a) There is hereby imposed a tax on all lawful gambling, other than (1) pull-tabs purchased and placed into inventory after January 1, 1987, and (2) tipboards purchased and placed into inventory after June 30, 1988, conducted by organizations licensed by the board at the rate specified in this subdivision. The tax imposed by this subdivision is in lieu of the tax imposed by section 297A.02 and all local taxes and license fees except the tax authorized by subdivision 5 and a fee authorized under section 349.16, subdivision 4. The tax is payable as provided in subdivision 2.

On all lawful gambling, other than (1) pull-tabs purchased and placed into inventory after January 1, 1987, and (2) tipboards purchased and placed into inventory after June 30, 1988, the tax is ten percent of the gross receipts of a licensed organization from lawful gambling less prizes actually paid out, payable by the organization.

(b) There is imposed a tax on the sale of each deal of pull-tabs and tipboards sold by a licensed distributor to a licensed or exempt organization, or to an organization holding an exemption identification number. The rate of the tax is ten percent of the ideal net of the pull-tab and tipboard deal. The tax is payable as provided in section 349.2121, subdivision 4. The sales tax imposed by chapter 297A on the sale of the pull-tabs and tipboards by the licensed

distributor to an organization is imposed on the retail sales price less the tax imposed by this paragraph. The retail sale of pull-tabs or tipboards by the organization is exempt from taxes imposed by chapter 297A if the tax imposed by this paragraph has been paid and is exempt from all local taxes and license fees except taxes and fees authorized under subdivision 5 and section 349.16, subdivision 4. The liability for the tax is incurred when the pull-tabs and tipboards are delivered by the distributor to the licensed or exempt organization, to a common or contract carrier for delivery to the organization, or when received by the organization's authorized representative at the distributor's place of business, regardless of the distributor's method of accounting or the terms of sale. The exemptions in section 349.214, subdivision 2, paragraph (b), do not apply to the tax imposed in this paragraph.

The tax imposed by this paragraph is imposed on all sales of pull-tabs and tipboards, except the following are exempt:

(1) sales to the governing body of an Indian tribal organization for use on an Indian reservation;

(2) sales to distributors licensed under this chapter;

(3) sales to distributors licensed under the laws of another state or of a province of Canada, as long as all statutory and regulatory requirements are met in the other state or province; and

Subd. 2. [COLLECTION; DISPOSITION.] The tax must be paid to the board at times and in a manner the board prescribes by rule. The proceeds, along with the revenue received from all license fees and other fees under sections 349.11 to 349.21 and 349.211, 349.212, and 349.213, must be paid to the state treasurer for deposit in the general fund. The tax imposed in subdivision 1, paragraph (a), is due and payable to the commissioner of revenue monthly on or before the 20th of the month after the reporting period in which the taxable event occurred. The tax must be reported on a form prescribed by the commissioner. The proceeds from the taxes must be deposited in the general fund.

Subd. 4. [PULL-TAB AND TIPBOARD TAX.] (a) There is imposed a tax on the sale of each deal of pull tabs and tipboards sold by a licensed distributor to a licensed organization, or to an organization holding an exemption identification number. The rate of the tax is ten percent of the ideal net of the pull-tab and tipboard deal. The tax is payable to the commissioner of revenue in the manner prescribed in section 349.2121 and the rules of the commissioner. The commissioner shall pay the proceeds of the tax to the state treasurer for deposit in the general fund. The sales tax imposed by chapter 297A on the sale of the pull tabs and tipboards by the

licensed distributor to an organization is imposed on the retail sales price less the tax imposed by this subdivision. The retail sale of pull-tabs or tipboards by the organization is exempt from taxes imposed by chapter 297A if the tax imposed by this subdivision has been paid and is exempt from all local taxes and license fees except a fee authorized under section 349.16, subdivision 4.

(b) The liability for the tax imposed by this section is incurred when the pull-tabs and tipboards are delivered by the distributor to the licensed or exempt organization, to a common or contract carrier for delivery to the organization, or when received by the organization's authorized representative at the distributor's place of business, regardless of the distributor's method of accounting or the terms of the sale.

(c) The exemptions contained in section 349.214, subdivision 2, paragraph (b), do not apply to the tax imposed in this subdivision.

Subd. 4a. [DUE DATE FOR FILING OF RETURNS.] The gambling tax returns required to be made under subdivisions 1 and 3 must be filed on or before the 20th of each month following the close of the preceding reporting period.

Subd. 5. [LOCAL GAMBLING TAX.] A statutory or home rule charter city which has one or more licensed organizations operating lawful gambling, and a county which has one or more licensed organizations outside incorporated areas operating lawful gambling, may impose a local gambling tax on each licensed organization within the city's or county's jurisdiction. The tax may be imposed only if the amount to be received by the city or county is necessary to cover the costs incurred by the city or county to regulate lawful gambling. The tax imposed by this subdivision may not exceed three percent of the gross receipts profits of a licensed organization from all lawful gambling less prizes actually paid out by the organization. A city or county may not use money collected under this subdivision for any purpose other than for the purpose of regulating lawful gambling. A tax imposed under this subdivision is in lieu of all other local taxes and local investigation fees on lawful gambling. Any city or county that imposes a tax under this subdivision shall annually by March 15 file a report with the board in a form prescribed by the board showing (1) the amount of revenue produced by the tax during the preceding calendar year, and (2) the use of the proceeds of the tax.

#### Sec. 41. [349.215] [EXAMINATIONS.]

Subdivision 1. [EXAMINATION OF TAXPAYER.] To determine the accuracy of a return or report, or in fixing liability under this chapter, the commissioner may make reasonable examinations or investigations of a taxpayer's place of business, tangible personal property, equipment, computer systems and facilities, pertinent books, records, papers, vouchers, computer printouts, accounts, and documents.

Subd. 2. [ACCESS TO RECORDS OF OTHER PERSONS IN CONNECTION WITH EXAMINATION OF TAXPAYER.] When conducting an investigation or an audit of a taxpayer, the commissioner may examine, except where privileged by law, the relevant records and files of a person, business, institution, financial institution, state agency, agency of the United States government, or agency of another state where permitted by statute, agreement, or reciprocity. The commissioner may compel production of these records by subpoena. A subpoena may be served directly by the commissioner.

Subd. 3. [POWER TO COMPEL TESTIMONY.] In the administration of this chapter, the commissioner may:

(1) administer oaths or affirmations and compel by subpoena the attendance of witnesses, testimony, and the production of a person's pertinent books, records, papers, or other data.

(2) examine under oath or affirmation any person regarding the business of a taxpayer concerning a matter relevant to the administration of this chapter. The fees of witnesses required by the commissioner to attend a hearing are equal to those allowed to witnesses appearing before courts of this state. The fees must be paid in the manner provided for the payment of other expenses incident to the administration of state tax law; and

(3) in addition to other remedies available, bring an action in equity by the state against a taxpayer for an injunction ordering the taxpayer to file a complete and proper return or amended return. The district courts of this state shall have jurisdiction over the action, and disobedience of an injunction issued under this clause may be punished as a contempt of district court.

Subd. 4. [THIRD PARTY SUBPOENA WHERE TAXPAYER'S IDENTITY IS KNOWN.] An investigation may extend to any person that the commissioner determines has access to information that may be relevant to the examination or investigation. When a subpoena requiring the production of records under subdivision 2 is served on a third-party record keeper, written notice of the subpoena must be mailed to the taxpayer and to any other person who is identified in the subpoena. The notices must be given within three days of the day on which the subpoena is served. Notice to the taxpayer required by this section is sufficient if it is mailed to the last address on record with the commissioner.

Subd. 5. [THIRD PARTY SUBPOENA WHERE TAXPAYER'S IDENTITY IS NOT KNOWN.] A subpoena that does not identify the person or persons whose tax liability is being investigated may be served only if:

(1) the subpoena relates to the investigation of a particular person or ascertainable group or class of persons;

(2) there is a reasonable basis for believing that the person or group or class of persons may fail or may have failed to comply with tax laws administered by the commissioner;

(3) the subpoena is clear and specific concerning information sought to be obtained; and

(4) the information sought to be obtained is limited solely to the scope of the investigation.

A party served with a subpoena that does not identify the person

or persons with respect to whose tax liability the subpoena is issued may, within three days after service of the subpoena, petition the district court in the judicial district in which that party is located for a determination whether the commissioner has complied with all the requirements in clauses (1) to (4), and thus, whether the subpoena is enforceable. If no petition is made by the party served within the time prescribed, the subpoena has the effect of a court order.

Subd. 6. [REQUEST BY TAXPAYER FOR SUBPOENA.] When the commissioner has the power to issue a subpoena for investigative or auditing purposes, then the commissioner shall honor a reasonable request by the taxpayer to issue a subpoena on the taxpayer's behalf, if in connection with the investigation or audit.

Subd. 7. [APPLICATION TO COURT FOR ENFORCEMENT OF SUBPOENA.] The commissioner or the taxpayer may apply to the district court of the county of the taxpayer's residence, place of business, or county where the subpoena can be served as with any other case at law, for any order compelling the appearance of the subpoenaed witness or the production of the subpoenaed records. Failure to comply with the order of the court for the appearance of a witness or the production of records may be punished by the court as for contempt.

Subd. 8. [COST OF PRODUCTION OF RECORDS.] The reasonable costs of producing records of a third party required by a subpoena must be paid by the taxpayer, if the taxpayer requests the subpoena to be issued, or if the taxpayer has the records available but has refused to provide them to the commissioner. In other cases where the taxpayer is unable to produce records and the commissioner then initiates a subpoena for third-party records, the commissioner shall pay the reasonable cost of producing the records. The commissioner may later assess the reasonable costs against the taxpayer if the records contribute to the determination of an assessment of tax against the taxpayer.

Sec. 42. [349.2151] [ASSESSMENTS.]

Subdivision 1. [GENERALLY.] The commissioner shall make determinations, corrections, and assessments with respect to taxes (including interest, additions to taxes, and assessable penalties) imposed under this chapter.

Subd. 2. [ORDER OF ASSESSMENT; NOTICE AND DEMAND TO TAXPAYER.] (a) When a return has been filed and the commissioner determines that the tax disclosed by the return is different than the tax determined by the examination, the commissioner shall send an order of assessment to the taxpayer. The order must explain the basis for the assessment and must explain the taxpayer's appeal rights. An assessment by the commissioner must be

made by recording the liability of the taxpayer in the office of the commissioner, which may be done by keeping a copy of the order of assessment sent to the taxpayer. An order of assessment is final when made but may be reconsidered by the commissioner under section 349.218.

(b) The amount of unpaid tax shown on the order must be paid to the commissioner: (1) within 60 days after notice of the amount and demand for its payment have been mailed to the taxpayer by the commissioner; or (2) if an administrative appeal is filed under section 349.218 within 60 days following the determination or compromise of the appeal.

Sec. 43. [349.216] [CIVIL PENALTIES.]

Subdivision 1. [PENALTY FOR FAILURE TO PAY TAX.] If a tax is not paid within the time specified for payment, a penalty is added to the amount required to be shown as tax. The penalty is three percent of the unpaid tax if the failure is for not more than 30 days, with an additional penalty of three percent of the amount of tax remaining unpaid during each additional 30 days or fraction of 30 days during which the failure continues, not exceeding 24 percent in the aggregate.

If the taxpayer has not filed a return, for purposes of this subdivision the time specified for payment is the final date a return should have been filed.

Subd. 2. [PENALTY FOR FAILURE TO MAKE AND FILE RETURN.] If a taxpayer fails to make and file a return within the time prescribed or an extension, a penalty is added to the tax. The penalty is three percent of the amount of tax not paid on or before the date prescribed for payment of the tax if the failure is for not more than 30 days, with an additional five percent of the amount of tax remaining unpaid during each additional 30 days or fraction of 30 days, during which the failure continues, not exceeding 23 percent in the aggregate.

If a taxpayer fails to file a return within 60 days of the date prescribed for filing of the return (determined with regard to any extension of time for filing), the addition to tax under this subdivision must be at least the lesser of: (1) \$200; or (2) the greater of (a) 25 percent of the amount required to be shown as tax on the return without reduction for any payments made or refundable credits allowable against the tax, or (b) \$50.

Subd. 3. [COMBINED PENALTIES.] When penalties are imposed under subdivisions 1 and 2, except for the minimum penalty under subdivision 2, the penalties imposed under both subdivisions combined must not exceed 38 percent.

Subd. 4. [PENALTY FOR INTENTIONAL DISREGARD OF LAW OR RULES.] If part of an additional assessment is due to intentional disregard of the provisions of the applicable chapters of rules of the commissioner (but without intent to defraud), there is added to the tax an amount equal to ten percent of the additional assessment.

Subd. 5. [PENALTY FOR FALSE OR FRAUDULENT RETURN; EVASION.] If a person files a false or fraudulent return, or attempts in any manner to evade or defeat a tax or payment of tax, there is imposed on the person a penalty of not more than 50 percent of the tax found due for the period to which the return related, less amounts paid by the person on the basis of the false or fraudulent return.

Subd. 6. [PENALTY FOR SALES AFTER REVOCATION, SUSPENSION, OR EXPIRATION.] A distributor who engages in, or whose representative engages in, the offering for sale, sale, transport, delivery, or furnishing of gambling equipment to a person, firm, or organization, after the distributor's license or permit has been revoked or suspended, or has expired, and until such license or permit has been reinstated or renewed, is liable for a penalty of \$1,000 for each day the distributor continues to engage in the activity. This subdivision does not apply to the transport of gambling equipment for the purpose of returning the equipment to a licensed manufacturer.

Subd. 7. [PAYMENT OF PENALTIES.] The penalties imposed by this section must be collected and paid in the same manner as taxes.

Subd. 8. [PENALTIES ARE ADDITIONAL.] The civil penalties imposed by this section are in addition to the criminal penalties imposed by this chapter.

Subd. 9. [ORDER PAYMENTS CREDITED.] All payments received may be credited first to the oldest liability not secured by a judgment or lien in the discretion of the commissioner of revenue, but in all cases must be credited first to penalties, next to interest, and then to the tax due.

Sec. 44. [349.2161] [TAX-RELATED CRIMINAL PENALTIES.]

Subdivision 1. [PENALTY FOR FAILURE TO FILE OR PAY.] (a) A person required to file a return, report, or other document with the commissioner, who knowingly fails to file it when required, is guilty of a gross misdemeanor. A person required to file a return, report, or other document who willfully attempts to evade or defeat a tax by failing to file it when required is guilty of a felony.

(b) A person required to pay or to collect and remit a tax, who knowingly fails to do so when required, is guilty of a gross misde-

meonor. A person required to pay or to collect and remit a tax, who willfully attempts to evade or defeat a tax law by failing to do so when required is guilty of a felony.

Subd. 2. Subd. 2. [CONTENT OF ADVERTISING.] (a) Advertising and promotional materials for the lottery adopted or published by the director must be consistent with the dignity of the state and may only:

All information pertaining to adjudicated juveniles received from the juvenile courts under section 260.161, subdivision 1, must be maintained in the records system and must be made available, on request, to the individual subject of the record and to any law enforcement agency or prosecuting authority. Upon receiving a notice from a juvenile court that the court has destroyed a person's juvenile court records, the bureau shall remove from the system all records about the person and destroy them.

Sec. 9. Minnesota Statutes 1988; section 526.10, is amended to read:

526.10 [LAWS RELATING TO MENTALLY ILL PERSONS DANGEROUS TO THE PUBLIC TO APPLY TO PSYCHOPATHIC PERSONALITIES; TRANSFER TO CORRECTIONS.]

Subdivision 1. [PROCEDURE.] Except as otherwise provided herein in this section or in chapter 253B, the provisions of chapter 253B, pertaining to persons mentally ill and dangerous to the public shall apply with like force and effect to persons having a psychopathic personality, to persons alleged to have such personality, and to persons found to have such personality, respectively. Before such proceedings are instituted, the facts shall first be submitted to the county attorney, who, if satisfied that good cause exists therefor, shall prepare the petition to be executed by a person having knowledge of the facts and file the same with the judge of the probate court of the county in which the "patient," as defined in such statutes, has a settlement or is present. The judge of probate shall thereupon follow the same procedures set forth in chapter 253B, for judicial commitment. The judge may exclude the general public from attendance at such hearing. If, upon completion of the hearing and consideration of the record, the court finds the proposed patient

has a psychopathic personality, the court shall commit such person to a public hospital or a private hospital consenting to receive the person, subject to a mandatory review by the head of the hospital within 60 days from the date of the order as provided for in chapter 253B for persons found to be mentally ill and dangerous to the public. The patient shall thereupon be entitled to all of the rights provided for in chapter 253B, for persons found to be mentally ill and dangerous to the public, and all of the procedures provided for in chapter 253B, for persons found to be mentally ill and dangerous to the public shall apply to such patient except as otherwise provided in subdivision 2.

Subd. 2. [TRANSFER TO CORRECTIONAL FACILITY.] If a person has been committed under this section and also has been committed to the custody of the commissioner of corrections, the person may be transferred from a hospital to another facility designated by the commissioner of corrections as provided in section 253B.18; except that the special review board and the commissioner of human services may consider the following factors in lieu of the factors listed in section 253B.18, subdivision 6, to determine whether a transfer to the commissioner of corrections is appropriate:

- (1) the person's unamenability to treatment;
- (2) the person's unwillingness or failure to follow treatment recommendations;
- (3) the person's lack of progress in treatment at the public or private hospital;
- (4) the danger posed by the person to other patients or staff at the public or private hospital; and
- (5) the degree of security necessary to protect the public.

Sec. 10. [609.1351] [DANGEROUS SEX OFFENDERS; SPECIAL SENTENCING PROVISION.]

Subdivision 1. [SENTENCING AUTHORITY.] Except as otherwise required by section 15, a court may sentence a person to a term of imprisonment of not less than double the presumptive sentence under the sentencing guidelines and not more than the statutory maximum, or if the statutory maximum is less than double the presumptive sentence, to a term of imprisonment equal to the statutory maximum, if:

- (1) the court is imposing an executed sentence on a person convicted of committing or attempting to commit a violation of section 609.342, 609.343, 609.344, or 609.345, or on a person convicted of committing or attempting to commit any other felony

listed in section 611A.031 if it reasonably appears to the court that the felony was motivated by the offender's sexual impulses or was part of a predatory pattern of behavior that had criminal sexual conduct as its goal;

(2) the court finds that the offender is a danger to public safety; and

(3) the court finds that the offender needs long-term treatment or supervision beyond the presumptive term of imprisonment and supervised release. This finding shall be based on a professional assessment by an examiner experienced in evaluating sex offenders which concludes that the offender is a patterned sex offender. The assessment must contain the facts upon which the conclusion is based, with reference to the social history, the offense history of the offender or the aggravated characteristics of the offender's current crime, and the results of an examination of the offender's mental status. The conclusion may not be based on testing alone. A patterned sex offender is one whose criminal sexual behavior is so ingrained that the risk of reoffending is great without intensive psychotherapeutic intervention or other long-term controls.

Subd. 2. [DANGER TO PUBLIC SAFETY.] The court shall base its finding that the offender is a danger to public safety on either of the following factors:

(1) the crime involved an aggravating factor that would justify a departure from the presumptive sentence under the sentencing guidelines; or

(2) the offender had previously committed or attempted to commit a felony offense listed in section 611A.031, including an offense committed as a juvenile that would have been a listed felony if committed by an adult.

Subd. 3. [DEPARTURE FROM GUIDELINES.] A sentence imposed under subdivision 1 is a departure from the sentencing guidelines.

Subd. 4. [EARLY PROBATIONARY RELEASE.] At the time of sentencing under subdivision 1, the court may provide that after the offender has completed one-half of the sentence imposed, excluding good time, the balance of the sentence may be stayed and the offender placed on supervised probation under the probation officer of the court for the remainder of the statutory maximum period or for ten years, whichever is longer, if the commissioner of corrections certifies to the sentencing court and the prosecution that:

(1) the offender is amenable to treatment and has made sufficient progress in a sex offender treatment program available in prison to

be released to the intensive treatment program for sexual aggressives or a community sex offender treatment and reentry program; and

(2) the offender has been accepted in a program approved by the commissioner that provides treatment, aftercare, and phased reentry into the community.

The court shall impose conditions of probation which must include successful completion of treatment and aftercare in a program approved by the commissioner and any other conditions the court considered appropriate. Probation may be revoked and the stayed sentence executed in its entirety less good time if the offender fails to meet any condition of probation. The court must not dismiss the offender from probation before the sentence expires unless the court finds that the offender no longer represents a danger to public safety. The probationary portion of the sentence shall commence at the time of the commissioner's certification unless the court finds the commissioner's program for the offender provides for insufficient treatment, aftercare, or supervision upon the offender's release. The commissioner's certification must include a detailed report of the offender's course of treatment in prison and of the proposed plan for the offender's release.

Subd. 5. [COMMISSIONER OF CORRECTIONS.] The commissioner shall pay the cost of treatment and supervision of a person released under subdivision 4. This section does not require the commissioner to accept or retain an offender in a treatment program.

Sec. 11. Minnesota Statutes 1988, section 609.342, subdivision 2, is amended to read:

Subd. 2. [PENALTY.] Except as otherwise provided in section 15, a person convicted under subdivision 1 may be sentenced to imprisonment for not more than 20 25 years or to a payment of a fine of not more than \$35,000 \$40,000, or both.

The court may stay the execution of the sentence imposed under this ~~section~~ subdivision only if it finds that a professional assessment indicates the offender is accepted by and can respond to treatment at a long-term inpatient program exclusively treating sex offenders and approved by the commissioner of corrections. If the court stays the execution of a sentence, it shall include the following as conditions of probation: (1) incarceration in a local jail or workhouse; and (2) a requirement that the offender successfully complete the treatment program and aftercare as directed by the court.

Subd. 3. [PRIOR CONVICTIONS UNDER SIMILAR STATUTES.] For the purposes of ~~this section~~ subdivision 2, an offense is considered a second or subsequent offense if conviction of the actor for the offense follows or coincides with a conviction of the actor under sections 609.342 to 609.345 or under any similar statute of the United States, or this or any other state.

Waste reduction educational efforts must also include provision of information about and promotion of the model procurement program developed by the commissioner of administration under section 1, or any other model procurement program that results in significant waste reduction.

Subd. 3. [TECHNICAL ASSISTANCE.] The agency shall provide technical assistance to solid waste generators to enable the waste generators to implement programs or methods to reduce the amount of solid waste generated. The agency may use any means specified in section 115A.52 to provide technical assistance.

## ARTICLE 2

### RECYCLING

Section 1. [115A.151] [STATE AND LOCAL FACILITIES.]

By July 1, 1990, a state agency or local unit of government shall:

(1) ensure that facilities under its control, from which mixed municipal solid waste is collected, have containers for at least three recyclable materials; and

(2) transfer all recyclable materials collected to a recycler.

Sec. 2. Minnesota Statutes 1988, section 115A.46, subdivision 2, is amended to read:

Subd. 2. [CONTENTS.] The plans shall describe existing collection, processing, and disposal systems, including schedules of rates and charges, financing methods, environmental acceptability, and opportunities for improvements in the systems. The plans shall

include an estimate of the land disposal capacity in acre-feet which will be needed through the year 2000, on the basis of current and projected waste generation practices. The plans shall require the most feasible and prudent reduction of the need for and practice of land disposal of mixed municipal solid waste. The plans shall address at least waste reduction, separation, and resource recovery, and shall include objectives, immediately and over specified time periods, for reducing the land disposal of mixed municipal solid waste; and shall describe proposed mechanisms for complying with the recycling requirements of section 4 and the household hazardous waste management requirements of article 4, section 8. The plans shall describe specific functions to be performed and activities to be undertaken to achieve the abatement objectives and shall describe the estimated cost, proposed manner of financing, and timing of the functions and activities. The plans shall include a comparison of the costs of the activities to be undertaken, including capital and operating costs, and the effects of the activities on the cost to generators and on persons currently providing solid waste collection, processing, and disposal services. The plans shall include alternatives which could be used to achieve the abatement objectives if the proposed functions and activities are not established. The plans shall designate how public education shall be accomplished. The plans shall, to the extent practicable and consistent with the achievement of other public policies and purposes, encourage ownership and operation of solid waste facilities by private industry. For solid waste facilities owned or operated by public agencies or supported primarily by public funds or obligations issued by a public agency, the plans shall include criteria and standards to protect comparable private and public facilities already existing in the area from displacement unless the displacement is required in order to achieve the waste management objectives identified in the plan. The plans shall establish a siting procedure and development program to assure the orderly location, development, and financing of new or expanded solid waste facilities and services sufficient for a prospective ten-year period, including estimated costs and implementation schedules, proposed procedures for operation and maintenance, estimated annual costs and gross revenues, and proposals for the use of facilities after they are no longer needed or usable. The plans shall describe existing and proposed county and municipal ordinances and license and permit requirements relating to solid waste management and shall describe existing and proposed regulation and enforcement procedures.

Sec. 3. Minnesota Statutes 1988, section 115A.46, is amended by adding a subdivision to read:

Subd. 4. [DELEGATION; SOLID WASTE RESPONSIBILITIES.] A county or a solid waste management district established under sections 115A.62 to 115A.72 may not delegate to another governmental unit or other person any portion of its responsibility for solid waste management unless it establishes a funding mechanism to

assure the ability of the entity to which it delegates responsibility to adequately carry out the responsibility delegated.

Sec. 4. [115A.551] [RECYCLING.]

Subdivision 1. [DEFINITION.] The definitions in this section apply to this section.

(a) "Recycling" means, in addition to the meaning given in section 115A.03, subdivision 25b, yard waste composting and recycling that occurs through mechanical or hand separation of materials that are then delivered for reuse in their original form or for use in manufacturing processes.

(b) "Total solid waste generation" means the total by weight of:

(1) materials separated for recycling;

(2) materials separated for yard waste composting; and

(3) mixed municipal solid waste plus yard waste, used oil, tires, lead acid batteries, and white goods.

Subd. 2. [COUNTY RECYCLING GOALS.] It is the goal of each county to recycle a minimum of 25 percent by weight of its annual total solid waste generation by July 1, 1993. Each county shall either develop and implement or require political subdivisions within the county to develop and implement programs, practices, or methods designed to meet its recycling goal. Nothing in this section or any other law may be construed to prohibit a county from establishing a higher recycling goal. The Western Lake Superior Sanitary District established by Laws 1971, chapter 478, as amended, shall have all of the duties, authority, and rights of a county under this section with respect to recycling and total solid waste generation within the district.

Subd. 3. [INTERIM GOALS; NONMETROPOLITAN COUNTIES.] The agency shall establish interim recycling goals for the nonmetropolitan counties to assist them in meeting the 1993 goal.

Subd. 4. [INTERIM MONITORING.] The agency, for the nonmetropolitan counties, and the metropolitan council, for the metropolitan counties, shall monitor the progress of the counties toward meeting the recycling goal in subdivision 2 and shall report to the legislative commission on waste management on the progress of the counties by November 1 of each year. If the agency or the council finds that a county is not progressing toward the goal in subdivision 2, it shall negotiate with the county to develop and implement solid waste management techniques designed to assist the county in

meeting the goal, such as organized collection, curbside collection of source-separated materials, and volume-based pricing.

Subd. 5. [FAILURE TO MEET GOAL.] If, based on the recycling monitoring described in subdivision 4, the agency or the metropolitan council finds that a county will be unable to meet the recycling goal established in subdivision 2, the agency or council shall, after consideration of the reasons for the county's inability to meet the goal, recommend legislation for consideration by the legislative commission on waste management to establish mandatory recycling standards and to authorize the agency or council to mandate appropriate solid waste management techniques designed to meet the standards in those counties that are unable to meet the goal.

Subd. 6. [COUNTY AND DISTRICT SOLID WASTE PLANS.] Each county and the Western Lake Superior Sanitary District shall include in its solid waste management plan described in section 115A.46, or its solid waste master plan described in section 473.803, a plan for implementing the recycling goal established in subdivision 2 along with mechanisms for providing financial incentives to solid waste generators to reduce the amount of waste generated and to separate recyclable materials from the waste stream. The recycling plan must include detailed recycling implementation information to form the basis for the strategy required in subdivision 7.

Each county required to submit its plan to the agency under section 115A.46 shall amend its plan to comply with this subdivision within one year after the effective date of this section.

Subd. 7. [RECYCLING IMPLEMENTATION STRATEGY.] Within one year of agency approval of the portion of the plan required in subdivision 6, each nonmetropolitan county shall submit for agency approval a local recycling implementation strategy. The local recycling implementation strategy must:

(1) be consistent with the approved county solid waste management plan;

(2) identify the materials that are being and will be recycled in the county to meet the goals under this section and the parties responsible and methods for recycling the material; and

(3) define the need for funds to ensure continuation of local recycling, methods of raising and allocating such funds, and permanent sources and levels of local funding for recycling.

Subd. 8. [EMERGENCY RULEMAKING.] The agency may adopt emergency rules implementing subdivision 6 and article 4, section 8.

Sec. 5. [115A.555] [RECYCLING CENTER DESIGNATION.]

The commissioner shall designate recycling centers for the purpose of section 9. To be designated as a recycling center, a recycling facility must be open a minimum of 12 operating hours each week, 12 months each year, and must accept for recycling at least three different materials such as paper, glass, and metal.

Sec. 6. [115A.557] [COUNTY WASTE REDUCTION AND RECYCLING; FUNDING.]

Subdivision 1. [DISTRIBUTION; FORMULA.] Any funds appropriated to the agency for the purpose of distribution to counties under this section must be annually distributed by the agency to eligible counties according to the following formula. Fifty percent must be equally distributed among all eligible counties and 50 percent must be distributed based on each county's proportion of the total state population.

Subd. 2. [PURPOSES FOR WHICH MONEY MAY BE SPENT.] A county receiving money distributed by the agency under this section may use the money only for the development and implementation of programs to:

- (1) reduce the amount of solid waste generated;
- (2) recycle the maximum amount of solid waste technically feasible;
- (3) create and support markets for recycled products;
- (4) remove problem materials from the solid waste stream and develop proper disposal options for them;
- (5) inform and educate all sectors of the public about proper solid waste management procedures;
- (6) provide technical assistance to public and private entities to ensure proper solid waste management; and
- (7) provide educational, technical, and financial assistance for litter prevention.

Subd. 3. [ELIGIBILITY TO RECEIVE MONEY.] (a) To be eligible to receive money distributed by the agency under this section, a county shall within one year of the effective date of this section:

- (1) create a separate account in its general fund in which to deposit the money; and

(2) set up accounting procedures to ensure that money in the separate account is spent only for the purposes in subdivision 2.

(b) In each following year, each county shall also:

(1) have in place an approved solid waste management plan or master plan including a recycling implementation strategy under section 4, subdivision 7, or section 473.803, subdivision 1e, and a household hazardous waste management plan under article 4, section 7, by the dates specified in those provisions; and

(2) submit a report by August 1 of each year to the agency detailing how the money was spent and the resulting gains achieved in solid waste management practices during the previous fiscal year.

Subd. 4. [REPORT.] By November 1 of each year, the agency shall report on how the money was spent and the resulting statewide improvements in solid waste management to the house and senate appropriations and finance committees and the legislative commission on waste management.

Subd. 5. [WESTERN LAKE SUPERIOR SANITARY DISTRICT.] For the purposes of this section, the Western Lake Superior Sanitary District, established by Laws 1971, chapter 478, as amended, shall have all of the duties, authority, and rights of a county.

Sec. 7. [115A.945] [VISIBLE SOLID WASTE MANAGEMENT COSTS.]

Any political subdivision that provides or pays for the costs of collection or disposal of solid waste shall, through a billing or other system, make the prorated share of those costs for each solid waste generator visible and obvious to the generator.

Sec. 8. Minnesota Statutes 1988, section 116K.04, is amended by adding a subdivision to read:

Subd. 6. [MODEL ZONING CRITERIA.] The commissioner shall, in consultation with the advisory council on state and local relations, develop and disseminate model zoning criteria for use by local units of government in siting recycling facilities.

Sec. 9. [173.086] [RECYCLING CENTER SIGNS.]

Subdivision 1. [AUTHORITY TO ERECT.] A recycling facility that has complied with the permitting rules of the pollution control agency and has been designated a recycling center by the agency under section 5 may erect a recycling center sign upon payment of a fee to the department of transportation or to the local road

authority required to cover all costs of fabrication and installation of the signs.

Subd. 2. [SIGN STANDARDS.] The department of transportation shall design and manufacture the recycling center sign to specifications not contrary to other federal and state highway sign standards. The sign must contain the international three arrow recycling symbol followed by the words "recycling center."

Subd. 3. [LOCATION.] Each local road authority shall permit recycling center signs to be located on roads, excluding freeways, in its jurisdiction, subject to sign placement and distance requirements of the local authority in conformance with standard policies for placement of signs for other traffic generators.

Sec. 10. Minnesota Statutes 1988, section 400.08, is amended by adding a subdivision to read:

Subd. 5. [VARIABLE RATES; AUTHORITY.] A county may:

(1) charge or may require any person who collects solid waste in the county to charge solid waste generators rates for collection or disposal that vary depending on the volume or weight of waste generated;

(2) require collectors to provide financial incentives to solid waste generators who separate recyclable materials from their waste; or

(3) require use of any other mechanism to provide encouragement or rewards to solid waste generators who reduce their waste generation or who separate recyclable materials from their waste.

Notwithstanding any other law to the contrary, the Western Lake Superior Sanitary District may amend its solid waste management plan to require that the cities contained within the district require variable rates under clauses (1) to (3).

Sec. 11. Minnesota Statutes 1988, section 473.149, subdivision 1, is amended to read:

Subdivision 1. [POLICY PLAN; GENERAL REQUIREMENTS.] The metropolitan council shall prepare and by resolution adopt as part of its development guide a long range policy plan for solid waste management in the metropolitan area. When adopted, the plan shall be followed in the metropolitan area. The plan shall address the state policies and purposes expressed in section 115A.02. The plan shall substantially conform to all policy statements, purposes, goals, standards, maps and plans in development guide sections and plans adopted by the council, provided that no land shall be thereby excluded from consideration as a solid waste facility site except land

determined by the agency to be intrinsically unsuitable for such use. The plan shall include goals and policies for solid waste management, including recycling consistent with section 4 and household hazardous waste management consistent with article 4, section 8, in the metropolitan area and, to the extent appropriate, statements and information similar to that required under section 473.146, subdivision 1. The plan shall include criteria and standards for solid waste facilities and solid waste facility sites respecting the following matters: general location; capacity; operation; processing techniques; environmental impact; effect on existing, planned, or proposed collection services and waste facilities; and economic viability. The plan shall, to the extent practicable and consistent with the achievement of other public policies and purposes, encourage ownership and operation of solid waste facilities by private industry. For solid waste facilities owned or operated by public agencies or supported primarily by public funds or obligations issued by a public agency, the plan shall include additional criteria and standards to protect comparable private and public facilities already existing in the area from displacement unless the displacement is required in order to achieve the waste management objectives identified in the plan. In developing the plan the council shall consider the orderly and economic development, public and private, of the metropolitan area; the preservation and best and most economical use of land and water resources in the metropolitan area; the protection and enhancement of environmental quality; the conservation and reuse of resources and energy; the preservation and promotion of conditions conducive to efficient, competitive, and adaptable systems of waste management; and the orderly resolution of questions concerning changes in systems of waste management. Criteria and standards for solid waste facilities shall be consistent with rules adopted by the pollution control agency pursuant to chapter 116 and shall be at least as stringent as the guidelines, regulations, and standards of the federal environmental protection agency.

Sec. 12. Minnesota Statutes 1988, section 473.803, subdivision 1, is amended to read:

Subdivision 1. [COUNTY MASTER PLANS; GENERAL REQUIREMENTS.] Each metropolitan county, following adoption or revision of the council's solid waste policy plan and in accordance with the dates specified therein, and after consultation with all affected local government units, shall prepare and submit to the council for its approval, a county solid waste master plan to implement the policy plan. The master plan shall be revised and resubmitted at such times as the council's policy plan may require. The designation may not apply to or include: (1) materials that are separated from solid waste and recovered for reuse in their original form or for use in manufacturing processes; or (2) materials that are processed at ~~another~~ a resource recovery facility at the capacity in operation at the time that the designation plan is approved by the reviewing authority.

Sec. 8. Minnesota Statutes 1988, section 115A.84, is amended to read:

#### 115A.84 [DESIGNATION PLAN.]

Subdivision 1. [REQUIREMENT.] Before commencing the designation procedure under section 115A.85, the district or county shall adopt a comprehensive solid waste management plan or, under chapter 473, a master plan. The comprehensive or master plan must include county or district shall then submit a plan for designation to be approved under this section. A county or district's designation plan must be consistent with its solid waste management plan or master plan and with regional and statewide waste management goals.

Subd. 2. [DESIGNATION; PLAN CONTENTS.] (a) The designation plan must evaluate (1) the benefits of the designation, including the public purposes achieved by the conservation and recovery of resources, the furtherance of local and any district or regional waste management plans and policies, and the furtherance of the state policies and purposes expressed in section 115A.02; and (2) the estimated costs of the designation, including the direct capital, operating, and maintenance costs of the facility designated, the indirect costs, and the long-term effects of the designation.

(b) In particular the designation plan must evaluate:

(1) whether the designation will result in the recovery of resources or energy from materials which would otherwise be wasted;

(2) whether the designation will lessen the demand for and use of indiscriminate land disposal;

(3) whether the designation is necessary for the financial support of the facility;

(4) whether less restrictive methods for ensuring an adequate solid waste supply are available; ~~and~~

(5) other feasible and prudent waste ~~processing~~ management alternatives for accomplishing the purposes of the proposed designation, the direct and indirect costs of the alternatives, including capital and operating costs, and the effects of the alternatives on the cost to generators; and

(6) whether the designation takes into account and promotes local, regional, and state waste management goals.

(c) When the plan proposes designation to disposal facilities, the designation plan must also evaluate:

(1) whether the disposal facility is part of an integrated waste management system involving a processing facility and the designation is necessary for the financial support of the processing facility;

(2) whether the designation will better serve to protect public health and safety;

(3) the impacts upon other disposal facilities and collectors inside and outside the area;

(4) whether the designation is necessary to promote regional waste management programs and cooperation; and

(5) the extent to which the design and operation of the disposal facility protects the environment including whether it is permitted under current agency rules and whether any portion of the facility's site is listed under section 115B.17, subdivision 13.

(d) When the plan proposes designation to disposal facilities, all of the solid waste generated in the affected area must be subject to the designation unless it is subject to a contract between a hauler and a different facility and that contract is in force on the date designation is implemented.

Subd. 3. [PLAN APPROVAL.] A district or county planning a designation for waste generated wholly within the metropolitan area defined in section 473.121 shall submit its designation plan to the metropolitan council for review and approval or disapproval. Other districts or counties shall submit the designation plan to the waste management board for review and approval or disapproval. The reviewing authority shall complete its review and make its decision within 120 days following submission of the plan for review. The reviewing authority shall approve the designation plan if the plan satisfies the requirements of subdivision 2 and, in the case of designation to disposal facilities, if the reviewing authority finds that the plan has demonstrated that the designation is necessary and is consistent with section 115A.02. The reviewing authority may attach conditions to its approval that relate to matters required in a designation ordinance under section 115A.86, subdivision 1, paragraph (a), clauses (1) to (4), and paragraph (b). Amendments to plans must be submitted for review in accordance with this subdivision.

Subd. 4. [EXCLUSION OF CERTAIN MATERIALS.] When it approves the designation plan the reviewing authority shall exclude from the designation materials that the reviewing authority determines will be processed at ~~another~~ a resource recovery facility separate from the designated facility if:

(1) ~~the other~~ resource recovery facility requesting the exclusion is substantially completed or will be substantially completed within 18 months of the time that the designation plan is approved by the reviewing authority; and

(2) ~~the other~~ facility requesting the exclusion has or will have contracts for purchases of its product; and

(3) the materials are or will be under contract for delivery to the ~~other~~ facility requesting the exclusion at the time ~~the other~~ that facility is completed.

In order to qualify for the exclusion of materials under this subdivision, the operator or owner of the ~~other~~ resource recovery facility requesting the exclusion shall file with the reviewing authority and the district or county or counties a written description of the facility, its intended location, its waste supply sources, purchasers of its products, its design capacity and other information that the reviewing authority and the district or county or counties may reasonably require. The information must be filed as soon as it becomes available but not later than 30 days following the date when the county or district submits its designation plan for approval.

The reviewing authority may revoke the exclusion granted under this subdivision when it approves the designation ordinance under

section 115A.86 if in its judgment the excluded materials will not be processed at the other facility.

Sec. 9. Minnesota Statutes 1988, section 115A.85, subdivision 2, is amended to read:

Subd. 2. [HEARING.] The district or county shall hold a public hearing to take testimony on the designation. Notice of the hearing must be published in a newspaper of general circulation in the area for two successive weeks ending at least 15 days before the date of the hearing and must be mailed to political subdivisions, landfill processing and disposal facility operators, and licensed solid waste collectors who may be expected to use the facility. The notification must: (1) describe the area in which the designation will apply and the plans for the use of the solid waste; (2) specify the point or points of delivery of the solid waste; (3) estimate the types and quantities of solid waste subject to the designation; and (4) estimate the fee to be charged for the use of the facilities and for any products of the facilities. A designation or contract for use is not invalid by reason of the failure of the district or county to provide written notice to an entity listed in this subdivision.

Sec. 10. Minnesota Statutes 1988, section 115A.86, subdivision 3, is amended to read:

Subd. 3. [IMPLEMENTATION.] The designation may be placed into effect no less than 60 days following the approval required in subdivision 2. The effective date of the designation must be specified at least 60 days in advance. If the designation is not placed into effect within two years of approval, the designation must be resubmitted to the reviewing authority for approval or disapproval under subdivision 2, unless bonds have been issued to finance the resource recovery facility to which the designation applies.

Sec. 11. Minnesota Statutes 1988, section 115A.86, subdivision 5, is amended to read:

Subd. 5. [AMENDMENTS.] (a) Amendments to a designation ordinance must be submitted to the reviewing authority for approval. The reviewing authority shall approve the amendment if the amendment is in the public interest and in furtherance of the state policies and purposes expressed in section 115A.02. If the reviewing authority finds that the proposed amendment is a substantive change from the existing designation plan, the reviewing authority may require that the county or solid waste management district submit a revised designation plan to the reviewing authority for approval. After receiving approval for the designation plan amendment from the reviewing authority, the county or district shall follow the procedure outlined in section 115A.85 prior to submitting the amended designation ordinance to the reviewing authority for approval. If the reviewing authority does not act within 90 days

after receiving the proposed amendment to the designation ordinance, the amendment is approved.

(b) Prior to amending an ordinance to designate solid waste to a disposal facility, a county or district shall submit an amended designation plan to the reviewing authority for approval, and shall follow the procedures outlined in section 115A.85.

115A.893 [PETITION FOR EXCLUSION.]

Any person proposing to own or operate a ~~resource recovery~~ processing facility using waste materials subject to a designation ordinance may petition the waste district or county for exclusion of the materials from the designation ordinance. In order to qualify for the exclusion of materials under this section, the petitioner shall submit with the petition a written description of the proposed facility, its intended location, its waste supply sources, purchasers of its products, its design capacity, and other information that the district or county may reasonably require. The district or county, after appropriate notice and hearing, shall issue a written decision with findings of fact and conclusions on all material issues. The district or county shall grant the petition if it determines that: (a) the materials will be processed at the ~~resource recovery~~ facility, and (b) the exclusion can be implemented without impairing the financial viability of the designated facility or impairing contractual obligations or preventing the performance of contracts by the facility owner or operator, the district or county, or users of the facility. Any person aggrieved by the decision of the district or county may appeal to the reviewing authority. The review is confined to the record. The decision of the reviewing authority must be based on the standards stated in this section. If the reviewing authority approves the petition, the designation ordinance must be amended in conformance with the decision of the reviewing authority. The petition may be amended during the proceedings by agreement between the petitioner and the district or county.

Subd. 2a. [EMERGENCY ABATEMENT.] The commissioner may take emergency action to abate a waste tire nuisance without following the procedures of subdivision 2 if the commissioner determines that the nuisance constitutes a clear and immediate danger of uncontrollable fire, mosquito infestation, or other hazard requiring immediate action to prevent, minimize, or mitigate damage to the public health and welfare or the environment. Before taking an action under this subdivision, the commissioner shall make all reasonable efforts, taking into account the urgency of the

situation and any historical pattern of responses by the tire collector to any past problems or abatement orders, to follow as much of the procedure in subdivision 2 as is practical. Emergency action under this subdivision may include all of the activities authorized for an abatement order.

Sec. 14. Minnesota Statutes 1988, section 115A.94, is amended by adding a subdivision to read:

(3) file a fee schedule with the agency with the annual report.

(b) The fee schedule must list all tipping fees, rates, charges, surcharges, and any other fees charged by each classification of customer. The owner or operator of a facility may not increase fees until 30 days after the owner or operator has submitted a fee schedule amendment to the agency.

Subd. 3. [CLASSIFICATION OF DATA.] Information declared proprietary information by the submitter that is received by the agency under subdivision 2 is nonpublic data as defined in section 13.02, subdivision 9, except that the attorney general has access to the information.

Subd. 4. [AGENCY REPORT.] The agency shall report to the legislative commission on waste management by July 1 of each even-numbered year on the viability of the state's waste processing

and disposal capability, the status of competitive forces in the market including recycling, composting, waste reduction and incineration, the extent to which existing fees for services are sufficient for facility development, engineering, environmental and safety factors, the progress of the industry in meeting the state's waste management goals, and recommendations for regulations to ensure protection of human health and the environment. When a political subdivision is liable as an owner or operator of a disposal facility, the liability of each subdivision is limited to \$400,000 at each facility unless the facility was owned or operated under a valid joint powers agreement by three or more political subdivisions, in which case the aggregate liability of all political subdivisions that are parties to the joint powers agreement is limited to \$1,200,000. The limits on the liability of a political subdivision for ownership or operation of a disposal facility apply to the costs of remedial action incurred between the date a request for response action is issued by the agency and the date one year after the construction certificate of completion is approved by the commissioner, excluding costs incurred during negotiation of a consent order agreement.

When a political subdivision takes remedial action as the owner or operator of a disposal facility between the dates specified above, it may receive, after approval by the agency, reimbursement of any amount spent pursuant to an approved work plan that exceeds the applicable liability limit specified in this subdivision.

The provisions of chapter 117 govern condemnation proceedings by the agency under this subdivision. A donation of an interest in real property to the agency is not effective until the agency executes a certificate of acceptance. The state is not liable

The objectives must be stated in annual increments through the year 1990 and thereafter in five-year increments through the year 2000 for a period of at least 20 years from the date

of adoption of policy plan revisions. The plan must identify the capacity, based on the council's abatement objectives, needed for the disposal of various types of waste in each five-year increment and the general area of the region where the capacity should be developed. The plan must include a reduced estimate, based on the council's abatement objectives, of the added solid waste disposal capacity needed in appropriate sectors of the metropolitan area, stated in annual increments through the year 1990 and thereafter in five year increments through the year 2000. The plan must include objectives for waste reduction and measurable objectives for local abatement of solid waste through resource recovery and waste reduction, recycling and source separation programs and activities for each metropolitan county and for cities of the first class, the second class, and the third class, respectively, stated in annual increments through the year 1990 and in five-year increments through the year 2000 for a period of at least 20 years. The standards must be based upon and implement the council's metropolitan abatement objectives. The council's plan must include standards and procedures to be used by the council in determining whether a metropolitan county or class of cities within a metropolitan county has implemented the council's metropolitan land disposal abatement plan and has achieved the objectives for local abatement.

Sec. 38. Minnesota Statutes 1988, section 473.149, subdivision 2e, is amended to read:

Subd. 2e. [SOLID WASTE DISPOSAL FACILITIES DEVELOPMENT SCHEDULE.] By January 1, 1985, After requesting and considering recommendations from the counties, cities, and towns, the council as part of its policy plan shall determine the number of sites and the capacity of sites to be acquired within each the metropolitan county area for solid waste disposal facilities in accordance with section 473.833. The council shall adopt a schedule of disposal capacity to be developed in each county through the year 2000 within the metropolitan area in five-year increments for a period of at least 20 years from adoption of development schedule revisions. The schedule may not allow capacity in excess of the council's reduced estimate of the disposal capacity needed because of the council's land disposal abatement plan, except as the council deems necessary to allow reallocation of capacity as required by this subdivision. The council shall make the implementation of elements of the schedule, including the disposal capacity allocated to each county, contingent on actions of each county and class of city in that county in adopting and implementing abatement plans pursuant to section 473.803, subdivision 1b. The council shall may review the development schedule every year and shall revise the development schedule and the allocation of disposal capacity required for each county based on the progress made in that county in the implementation of the council's abatement plans and achievement of metropolitan and local abatement objectives. The council shall review and

revise, by resolution following public hearing, the development schedule and the allocation of disposal capacity required based on significant changes in the landfill capacity of the metropolitan area. The schedule may include procedures to be used by counties in selecting sites for acquisition pursuant to section 473.833. The schedule must include standards and procedures for council certification of need pursuant to section 473.823. The schedule must include a facility closure schedule and plans for postclosure management and disposition, for the use of property after acquisition and before facility development, and for the disposition of property and development rights, as defined in section 473.833, no longer needed for disposal facilities. The schedule must also include a closure schedule and plans for postclosure management for facilities in existence before the adoption of the development schedule.

Sec. 39. Minnesota Statutes 1988, section 473.803, is amended by adding a subdivision to read:

Subd. 2a. [WASTE ABATEMENT.] The council may require any county that fails to meet the waste abatement objectives contained in the council's policy plan to amend its master plan to address methods to achieve the objectives. The master plan amendment is subject to council review and approval as provided in subdivision 2 and must consider at least:

- (1) minimum recycling service levels for solid waste generators;
- (2) mandatory generator participation in recycling programs including separation of recyclable material from mixed municipal solid waste;
- (3) use of organized solid waste collection under section 115A.94; and
- (4) waste abatement participation incentives including provision of storage bins, weekly collection of recyclable material, expansion of the types of recyclable material for collection, collection of recyclable material on the same day as collection of solid waste, and financial incentives such as basing charges to generators for waste collection services on the volume of waste generated and discounting collection charges for generators who separate recyclable material for collection separate from their solid waste.

Sec. 40. Minnesota Statutes 1988, section 473.823, subdivision 3, is amended to read:

Subd. 3. [SOLID WASTE FACILITIES; REVIEW PROCEDURES.] The agency shall request applicants for solid waste facility permits to submit all information deemed relevant by the council to its review, including without limitation information relating to the

geographic areas and population served, the need, the effect on existing facilities and services, the effectiveness of proposed buffer areas to ensure at least protection of surrounding land uses from adverse impacts due to landfill operation and related activities, the anticipated public cost and benefit, the anticipated rates and charges, the manner of financing, the effect on metropolitan plans and development programs, the supply of waste, anticipated markets for any product, and alternative means of disposal or energy production. No permit may be issued for the operation of a solid waste facility in the metropolitan area which is not in accordance with the metropolitan council's solid waste policy plan. The metropolitan council shall determine whether a permit is in accordance with the policy plan. In making its determination, the council shall consider the areawide need and benefit of the applicant facility and the effectiveness of proposed buffer areas to adequately protect surrounding land uses in accordance with its policy plan, and may consider, without limitation, the effect of the applicant facility on existing and planned solid waste facilities described in a waste control commission implementation plan or county report or master plan. If the council determines that a permit is in accordance with its policy plan, the council shall approve the permit. If the council determines that a permit is not in accordance with its policy plan, it shall disapprove the permit. The council's approval of permits may be subject to conditions necessary to satisfy criteria and standards in its policy plan, including conditions respecting the type, character, and quantities of waste to be processed at a solid waste facility used primarily for resource recovery and the geographic territory from which a resource recovery facility or transfer station serving such a facility may draw its waste. For the purpose of this review and approval by the council, the agency shall send a copy of each permit application and any supporting information furnished by the applicant to the metropolitan council within 15 days after receipt of the application and all other information requested from the applicant. Within 60 days after the application and supporting information are received by the council, unless a time extension is authorized by the agency, the council shall issue to the agency in writing its determination whether the permit is disapproved, approved, or approved with conditions. If the council does not issue its determination to the agency within the 60-day period, unless a time extension is authorized by the agency, the permit shall be deemed to be in accordance with the council's policy plan. No permit shall be issued in the metropolitan area for a solid waste facility used primarily for resource recovery or a transfer station serving such a facility, if the facility or station is owned or operated by a public agency or if the acquisition or betterment of the facility or station is secured by public funds or obligations issued by a public agency, unless the council finds and determines that adequate markets exist for the products recovered and that establishment of the facility is consistent with the criteria and standards in the metropolitan and county plans respecting the protection of existing resource recovery facilities and transfer stations serving such facilities.

Sec. 41. Minnesota Statutes 1988, section 473.831, subdivision 2, is amended to read:

Subd. 2. [USE OF PROCEEDS.] The proceeds of bonds issued under subdivision 1 shall be used by the council:

(a) to provide funds for the environmental analysis of solid waste disposal sites; and

(b) to make grants to metropolitan counties to pay for: (1) the cost of the environmental review of sites, (2) the acquisition of development rights for all or part of the period that the development limitation imposed by section 473.806 is in effect, (3) the acquisition of permanent or temporary right, title, or interests in property, including easements and development rights, for solid waste disposal sites and surrounding buffer areas required to be acquired by the county, pursuant to sections 473.833 and 473.840, by the council's policy plan and development schedule adopted pursuant to section 473.149, subdivision 2e, and (4) the acquisition and improvement of resource recovery facilities; and

(c) to reimburse a city or town that contains a solid waste disposal site identified by the council under section 473.149, subdivision 2b, for costs incurred by the city or town after publication of an environmental impact statement preparation notice for the site. Reimbursement may not exceed \$100,000 for a city or town. Costs eligible for reimbursement under this paragraph are those incurred for data collection, technical review, and analysis necessary to evaluate the draft environmental impact statement prepared by the county under section 473.833, subdivision 2a and the site selection decision made under section 473.833, subdivision 3. Legal fees are not eligible for reimbursement under this paragraph.

If the council is required by law or rule to prepare environmental analyses on one or more solid waste disposal sites and surrounding buffer areas, the council may use the proceeds of the bonds issued under subdivision 1 to contract for consultant services in the preparation of such analyses only upon a finding that equivalent expertise is not available among its own staff.

Sec. 42. Minnesota Statutes 1988, section 473.833, subdivision 2, is amended to read:

Subd. 2. [REQUIREMENT.] Each metropolitan county shall select and acquire sites and buffer areas for solid waste disposal facilities in accordance with this section and the council's policy plan and development schedule adopted pursuant to section 473.149, subdivision 2e. Each county in which a site is selected and acquired must ensure development of the site in accordance with the landfill development schedule in the council's policy plan if the site is permissible by the agency and if its development is prudent as

determined by the council relative to other sites selected under this section.

Sec. 43. Minnesota Statutes 1988, section 473.833, subdivision 2a, is amended to read:

Subd. 2a. [ENVIRONMENTAL IMPACT STATEMENT.] Each metropolitan county shall complete an environmental impact statement on the environmental effects of the decision required by subdivision 3. The statement shall be prepared and reviewed in accordance with chapter 116D and the rules issued pursuant thereto, except as otherwise required by section 473.149 and this section. The determination of adequacy must be made within one year following the council's adoption of the facilities development schedule pursuant to section 473.149, subdivision 2e. The statement must be consistent with the establishment of facilities in accordance with the requirements of the council's development schedule, must not address or reconsider alternatives eliminated from consideration under sections 473.149, 473.803, subdivisions 1, 1a, and 1b, and this section, and must not address matters to be determined by the council under section 473.823, subdivision 6. The statement must address matters respecting permitting under section 473.823 only to the extent deemed necessary for the siting decision required by subdivision 3. The pollution control agency and the council shall assist and advise counties in the scoping decision and the preparation notice. The site selection authority established in subdivision 3, or the council, if it makes the selection under subdivision 3, shall prepare a record of decision, including specific findings of fact, that identifies how the environmental impact statement required by this subdivision was used by the site selection authority to make its site selection decision.

Sec. 44. Minnesota Statutes 1988, section 473.843, subdivision 1, is amended to read:

Subdivision 1. [AMOUNT OF FEE; APPLICATION.] The operator of a mixed municipal solid waste disposal facility in the metropolitan area shall pay a fee on solid waste accepted and disposed at the facility as follows:

(a) A facility that weighs the waste that it accepts must pay a fee of ~~50 cents~~ \$2 per cubic yard based on equivalent cubic yards of waste accepted at the entrance of the facility.

(b) A facility that does not weigh the waste but that measures the volume of the waste that it accepts must pay a fee of ~~50 cents~~ \$2 per cubic yard of waste accepted at the entrance of the facility.

(c) Waste residue from energy and resource recovery facilities at which solid waste is processed for the purpose of extracting, reducing, converting to energy, or otherwise separating and preparing

solid waste for reuse, or from recycling facilities at which recyclable materials are separated or processed for the purposes of recycling, is exempt from one-half of the amount of the fee imposed by this subdivision if there is at least an 85 percent volume reduction in the solid waste processed. To qualify for exemption under this clause, waste residue must be brought to a disposal facility separately. The commissioner of revenue, with the advice and assistance of the council and the agency, shall prescribe procedures for determining the amount of waste residue qualifying for exemption.

Sec. 45. Minnesota Statutes 1988, section 473.843, subdivision 2, is amended to read:

Subd. 2. [DISPOSITION OF PROCEEDS.] After reimbursement to the department of revenue for costs incurred in administering this section, the proceeds of the fees imposed under this section, including interest and penalties, must be deposited as follows:

(a) ~~one-half three-fourths~~ of the proceeds must be deposited in the landfill abatement fund established in section 473.844; and

(b) ~~one-half one-fourth~~ of the proceeds must be deposited in the metropolitan landfill contingency action fund established in section 473.845.

Sec. 46. Minnesota Statutes 1988, section 473.844, subdivision 1a, is amended to read:

Subd. 1a. [USE OF FUNDS.] (a) The money in the fund may be spent only for the following purposes:

(1) assistance to any person for resource recovery projects funded under subdivision 4 or projects to develop and coordinate markets for reusable or recyclable waste materials, including related public education, planning, and technical assistance;

(2) grants to counties under section 473.8441; and

(3) program administration by the metropolitan council;

(4) public education on solid waste reduction and recycling; and

(5) solid waste research.

(b) The council shall allocate 50 percent of the annual revenue received by the fund for grants to counties under section 473.8441.

Sec. 47. Minnesota Statutes 1988, section 473.8441, subdivision 5, is amended to read:

Subd. 5. [GRANT ALLOCATION PROCEDURE.] (a) The council shall distribute the funds annually so that each qualifying county receives a base amount of \$25,000 an equal share of 50 percent of the council's allocation to the program described in this section, plus a proportionate share of the remaining funds available for the program. A county's proportionate share is an amount that has the same proportion to the total remaining funds as the number of households in the county has to the total number of households in all metropolitan counties. The council shall distribute the funds in two parts.

(b) The first distribution consists of the base amount plus one-third of the county's proportionate share. To qualify for the first distribution, a county must submit an application for council approval before December 1, 1987. Not more than one-half of the first distribution may be spent for planning and consultants.

(c) The second distribution consists of the remaining funds available for the program. To qualify for the second distribution, a county must have received funds under the first distribution and must submit for council approval by December 1, 1988, a report on expenditures and activities under the program, a local recycling implementation strategy as required by section 473.803, subdivision 1c, and a proposed performance funding system that will allocate all of the remaining funds available under the program for recycling implementation activities in accordance with performance. To qualify for distribution of funds, a county, by August 15 of each year, must submit for council approval a report on expenditures and activities under the program during the preceding fiscal year and any proposed changes in its recycling implementation strategy or performance funding system.

Sec. 48. Minnesota Statutes 1988, section 473.845, subdivision 2, is amended to read:

Subd. 2. [WATER SUPPLY MONITORING AND HEALTH ASSESSMENTS.] Up to ten percent of the money in the fund may be appropriated to the commissioner of health for water supply monitoring and health assessments. The commissioner shall monitor the quality of water in public water supply wells and may monitor private water supply wells in the metropolitan area that may be affected by their location in relation to a facility for mixed municipal solid waste. Testing under this subdivision must be for substances not funded under the Federal Safe Drinking Water Act. The health assessments may be conducted in areas that may be affected by contaminants from mixed municipal solid waste facilities.

Sec. 49. Minnesota Statutes 1988, section 473.848, is amended to read:

473.848 [RESTRICTION ON DISPOSAL.]

Subdivision 1. [RESTRICTION.] After January 1, 1990, no person may dispose of unprocessed mixed municipal solid waste at waste disposal facilities located in the metropolitan area may not accept mixed municipal solid waste for disposal unless:

(1) the waste has been certified as unprocessable by a county under subdivision 2; or

(2)(i) the waste has been transferred to the disposal facility from a resource recovery facility identified by the council;

(ii) no other resource recovery facility in the metropolitan area is capable of processing the waste; and

(iii) the waste has been certified as unprocessable by the operator of the resource recovery facility under subdivision 3.

For purposes of this section, mixed municipal solid waste does not include street sweepings, construction debris, mining waste, foundry sand, and other materials, if they are not capable of being processed by resource recovery as determined by the council.

Subd. 2. [COUNTY CERTIFICATION; COUNCIL APPROVAL.] Each county that has not implemented designation of all or a portion of its mixed municipal solid waste to a resource recovery facility shall submit a semiannual certification report to the council detailing the quantity of waste generated in the county that was not processed prior to transfer to a disposal facility during the six months preceding the report, the reasons the waste was not processed, a strategy for development of techniques to ensure processing of waste including a specific timeline for implementation of those techniques, and any progress made by the county in reducing the amount of unprocessed waste.

The council shall approve a county's report if it determines that the county is reducing and will continue to reduce the amount of unprocessed waste, based on the report and the county's progress in development and implementation of techniques to reduce the amount of unprocessed waste transferred to disposal facilities. If the council does not approve a county's report, it shall negotiate with the county to develop and implement specific techniques to reduce unprocessed waste. If the council does not approve three or more consecutive reports from any one county, the council shall develop specific reduction techniques that are designed for the particular needs of the county. The county shall implement those techniques by specific dates to be determined by the council.

Subd. 3. [FACILITY CERTIFICATION; COUNTY REPORTS.] The operator of each resource recovery facility that receives waste from counties in the metropolitan area shall certify as unprocessable

each load of mixed municipal solid waste it does not process. Certification must be made to each county that sends its waste to the facility at intervals specified by the county. Certification must include at least the number and size of loads certified as unprocessable, including those that would otherwise have been processed but were not processed because the facility was not in operation, and the reasons the waste is unprocessable.

Each county that sends its waste to a resource recovery facility shall submit a semiannual report to the council detailing the quantity of waste generated within the county that was not processed during the six months preceding the report, the reasons the waste was not processed, and a strategy for reducing the amount of unprocessed waste.

Subd. 4. [COUNCIL REPORT.] The council shall include, as part of its report to the legislative commission on waste management required under section 473.149, an accounting of the quantity of unprocessed mixed municipal solid waste transferred to disposal facilities, the reasons the waste was not processed, a strategy for reducing the amount of unprocessed waste, and progress made by counties to reduce the amount of unprocessed waste. The council may adopt standards for determining when waste is unprocessable and procedures for expediting certification and reporting of unprocessed waste.

Prior to January 1, 1990 1991, an operator of a facility that is located in the metropolitan area for the disposal of mixed municipal solid waste shall deduct from the disposal charge for nonhazardous solid waste from metalcasting facilities the fee imposed under sections 46, 47, and 73.

Statutes, sections 115A.62 to 115A.72, and related mechanisms, such as joint powers agreements authorized by section 471.59, to determine their effectiveness in the area of solid waste management. By December 1, 1989, the agency shall report its findings, together with any recommendation for legislation, to the legislative commission on waste management.

Sec. 52. [METROPOLITAN COUNCIL; SOLID WASTE POLICY PLAN.]

At the earliest practical date, the metropolitan council shall amend its solid waste management policy plan, required under section 473.149, to include a definition of and standards and criteria for a buffer area as that term is used in relation to the inventory of solid waste disposal sites in section 473.149, subdivision 2b, and other related state law. The standards and criteria for a buffer area must ensure, at a minimum, protection of surrounding land uses from adverse or incompatible impacts due to landfill operation and related activities.
