H. F. No. 584, A bill for an act relating to environment; regulating municipal wastewater treatment funding; amending Minnesota Statutes 1988, sections 116.18, subdivisions 3a and 3b; 446A.02, subdivision 4; and 446A.07, subdivision 8; proposing coding for new law in Minnesota Statutes, chapter 115.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

"Section 1. [115.55] [CAPITAL REPLACEMENT FUND.]

Subdivision 1. [FUND ADMINISTRATION.] Each municipal wastewater treatment facility permittee shall annually set aside from user fees or another source a minimum of five cents per 1,000 gallons of wastewater flow through the facility to be deposited in a dedicated fund administered by the municipality for future capital improvements or replacement of the facility. For purposes of this section, "permittee" means a city, sanitary district, or other governmental subdivision or public corporation that has been issued a permit as required under Minnesota Rules, part 7001.0030. When a municipality receives wastewater treatment services from another governmental subdivision, the governmental subdivision responsible for the treatment facility shall collect the fees and administer the fund. If the municipality ceases receiving wastewater treatment services, the governmental subdivision shall, in proportion to the municipality's contribution, refund any available funds with applicable interest. When a private vendor has contracted with a municipality under chapter 471A to provide wastewater treatment services, the municipality shall be responsible for collection of the

fees. Capital improvements include, but are not limited to, major components and structural additions that have a design life of more than 20 years. The need for capital improvements may result from, but is not limited to, a change in water quality standards, a need for increased capacity, or a failure of the facility or parts of the facility to provide adequate treatment. This fund shall not be used for the annual operation, maintenance, or replacement of equipment, accessories, parts, and appurtenances necessary to maintain the capacity and performance for which the existing treatment facility was designed and constructed, which ordinarily would be included in the facility's replacement schedule. Failure of any municipality to annually set aside the specified funds may constitute grounds for the state to deny financial assistance under chapters 116 and 446A.

Subd. 2. [REPORTING REQUIREMENTS.] A permittee that does not submit an annual financial report to the state auditor must submit an annual report on the fund to the public facilities authority.

Subd. 3. [EXEMPTION.] A permittee may apply to the public facilities authority for an exemption from subdivision 1. The public facilities authority may grant an exemption upon a showing by the permittee that there are adequate municipal financial resources or bond reserve capacity for future capital improvements or replacement of the facility.

Subd. 4. [EXCEPTION.] This section does not apply to a municipality whose most recent general obligation bond offering was rated "AA" or better by Standard and Poor's, Moody's, or other recognized bond rating agency.

Sec. 2. Minnesota Statutes 1988, section 116.18, subdivision 3a, is amended to read:

Subd. 3a. [STATE INDEPENDENT GRANTS PROGRAM.] (a) The public facilities authority must adopt the objective of maintaining financial assistance to municipalities that the agency has listed on its annual municipal project list approximately equivalent to 50 percent of the eligible cost of construction for municipalities with populations over 25,000 and 80 percent of the eligible cost for municipalities with populations of 25,000 or less. Financial assistance may be provided by the public facilities authority through a combination of low interest loans under the state revolving fund under chapter 446A, independent state grants, and other financial assistance available to the municipality. The public facilities authority shall determine the appropriate combination of grants and loans. The Minnesota public facilities authority may award independent grants for projects certified by the state pollution control commissioner for 50 up to 35 percent or, if the population of the municipality is 25,000 or less, 80 up to 65 percent of the eligible cost of construction. These grants may be awarded in separate steps for

planning and design in addition to actual construction. Until December 31, 1990 1994, not more than 20 percent \$2,000,000 of the total amount of grants awarded under this subdivision in any single fiscal year may be awarded to a single grantee.

(b) Up to ten percent \$1,000,000 of the money to be awarded as grants under this subdivision in any single fiscal year shall be set aside for municipalities having substantial economic development projects that cannot come to fruition without municipal wastewater treatment improvements. The agency shall forward its municipal needs list to the authority at the beginning of each fiscal year, and the authority shall review the list and identify those municipalities having substantial economic development projects. After the ~~first 90 percent of the total~~ available money is allocated to municipalities in accordance with agency priorities, the set-aside shall be used by the authority to award grants to remaining municipalities that have been identified.

(c) Grants may also be awarded under this subdivision to reimburse municipalities willing to proceed with projects and be reimbursed in a subsequent year ~~conditioned upon appropriation of sufficient money under subdivision 1 for that year at the grant percentage determined in paragraph (a).~~

(d) A municipality that applies for a state independent grant to be reimbursed for a project must receive an additional five percent of the total eligible cost of construction beyond the normal percentage to which the municipality is entitled under paragraph (a). For the 1989-1991 biennium, up to a maximum of \$9,000,000 may be set aside to reimburse municipalities that entered into an intent to award agreement with the agency under paragraph (c), in the state fiscal years 1985 to 1988. Municipalities will be reimbursed at 55 percent or, if the population of the municipality is 25,000 or less, 85 percent of the eligible cost of construction.

Sec. 3. Minnesota Statutes 1988, section 116.18, subdivision 3b, is amended to read:

Subd. 3b. [CAPITAL COST COMPONENT GRANT.] (a) The definitions of "capital cost component," "capital cost component grant," "service fee," "service contract," and "private vendor" in section 471A.02 apply to this subdivision.

(b) Beginning in fiscal year 1989, up to \$1,500,000 of the money to be awarded as grants under subdivision 3a in any single fiscal year may be set aside for the award of capital cost component grants to municipalities on the municipal needs list for part of the capital cost component of the service fee under a service contract for a term of at least 20 years with a private vendor for the purpose of constructing and operating wastewater treatment facilities.

(c) The amount granted to a municipality shall be 50 percent of the average total eligible costs of municipalities of similar size recently awarded state and federal grants under the provisions of subdivisions 2a and 3a and the Federal Water Pollution Control Act, United States Code, title 33, sections ~~1281 to 1289~~ 1251 et seq. Federal and state eligibility requirements for determining the amount of grant dollars to be awarded to a municipality are not applicable to municipalities awarded capital cost component grants. Federal and state eligibility requirements for determining which cities qualify for state and federal grants are applicable, except as provided in this subdivision.

(d) Except as provided in this subdivision, municipalities receiving capital cost component grants shall not be required to comply with federal and state regulations regarding facilities planning and procurement contained in sections 116.16 to 116.18, except those necessary to issue a National Pollutant Discharge Elimination System permit or state disposal system permit and those necessary to assure that the proposed facilities are reasonably capable of meeting the conditions of the permit over 20 years. The municipality and the private vendor shall be parties to the permit. Municipalities receiving capital cost component grants may also be exempted by rules of the agency from other state and federal regulations relating to the award of state and federal grants for wastewater treatment facilities, except those necessary to protect the state from fraud or misuse of state funds.

(e) Funds shall be distributed from the set-aside to municipalities that apply for the funds in accordance with these provisions in the order of their ranking on the municipal needs list.

(f) The authority shall award capital cost component grants to municipalities selected by the state pollution control commissioner upon certification by the state pollution control commissioner that the municipalities' projects and applications have been reviewed and approved in accordance with this subdivision and agency rules adopted under paragraph (g).

(g) The agency shall adopt permanent rules to provide for the administration of grants awarded under this subdivision.

(h) The commissioner of trade and economic development may adopt rules containing procedures for administration of the authority's duties as set forth in paragraph (f).

Sec. 4. Minnesota Statutes 1988, section 446A.02, subdivision 4, is amended to read:

Subd. 4. [FEDERAL WATER POLLUTION CONTROL ACT.]

"Section 1. Minnesota Statutes 1988, section 47.20, subdivision 15, is amended to read:

Subd. 15. (a) Notwithstanding the provisions of any other law to the contrary, any notice of default on homestead property to which the provisions of chapter 583 apply, mailed after May 24, 1983 and

prior to May 1, 1985, or after June 8, 1985, and prior to May 1, 1987, or after the effective date of this act and prior to May 1, 1991, shall indicate that the borrower has 60 days from the date the notice is mailed in which to cure the default. The notice shall include a statement that the borrower may be eligible for an extension of the time prior to foreclosure and execution sale under sections 583.01 to 583.12.

(b) The statement must be in bold type, capitalized letters, or other form sufficient for the reader to quickly and easily distinguish the statement from the rest of the notice. The requirements of this paragraph must be followed on notices mailed under this subdivision on or after August 1, 1985. A violation of this paragraph is a petty misdemeanor.

Sec. 2. Minnesota Statutes 1988, section 500.24, subdivision 6, is amended to read:

Subd. 6. [DISPOSAL OF LAND.] (a) A state or federal agency, limited partnership, or a corporation, ~~other than a family farm corporation or an authorized farm corporation,~~ may not lease or sell agricultural land or a farm homestead ~~that was acquired by enforcing a debt against the agricultural land or farm homestead, including foreclosure of a mortgage, accepting a deed in lieu of foreclosure, terminating a contract for deed, or accepting a deed in lieu of terminating a contract for deed,~~ before offering or making a good faith effort to offer the land for sale or lease to the immediately preceding former owner at a price no higher than the highest price offered by a third party that is acceptable to the seller or lessor. The offer must be made on the notice to offer form under subdivision 7. The requirements of this subdivision do not apply to a sale or lease by a corporation that is a family farm corporation or an authorized farm corporation. This subdivision applies only to a sale or lease when the seller or lessor acquired the property by enforcing a debt against the agricultural land or farm homestead, including foreclosure of a mortgage, accepting a deed in lieu of foreclosure, terminating a contract for deed, or accepting a deed in lieu of terminating a contract for deed. Selling or leasing property to a third party at a price is prima facie evidence that the price is acceptable to the seller or lessor. The seller must provide written notice to the immediately preceding former owner that the agricultural land or farm homestead will be offered for sale at least 14 days before the agricultural land or farm homestead is offered for sale.

(b) An immediately preceding former owner is the entity with record legal title to the agricultural land or farm homestead before acquisition by the state or federal agency or corporation except: if the immediately preceding former owner is a bankruptcy estate, the debtor in bankruptcy is the immediately preceding former owner; and if the agricultural land or farm homestead was acquired by termination of a contract for deed or deed in lieu of termination of a

contract for deed, the immediately preceding former owner is the purchaser under the contract for deed. For purposes of this subdivision, only a family farm, family farm corporation, or family farm partnership can be an immediately preceding former owner.

(c) An immediately preceding former owner may elect to purchase or lease the entire property or an agreed to portion of the property. If the immediately preceding former owner elects to purchase or lease a portion of the property, the election must be reported in writing to the seller or lessor prior to the time the property is first offered for sale or lease. If election is made to purchase or lease a portion of the property, the portion must be contiguous and compact so that it does not unreasonably reduce access to or the value of the remaining property.

(d) For purposes of this subdivision, the term "a price no higher than the highest price offered by a third party" means the acceptable cash price offered by a third party or the acceptable time-price offer made by a third party. A cash price offer is one that involves simultaneous transfer of title for payment of the entire amount of the offer. If the acceptable offer made by a third party is a time-price offer, the seller or lessor must make the same time-price offer or an equivalent cash offer to the immediately preceding former owner. An equivalent cash offer is equal to the total of the payments made over a period of the time-price offer discounted by yield curve of the United States treasury notes and bonds on the first business day of the month in which the offer is personally delivered or mailed for time periods similar to the time period covered by the time-price offer, plus 2.0 percent. A time-price offer is an offer that is financed entirely or partially by the seller and includes an offer to purchase under a contract for deed or mortgage. An equivalent cash offer is not required to be made if the state participates in an offer to a third party through the rural finance authority.

(e) This subdivision applies to a seller when the property is sold and to a lessor each time the property is leased, for five years after the agricultural land is acquired except:

(1) an offer to lease to the immediately preceding former owner is required only until the immediately preceding owner fails to accept an offer to lease the property or the property is sold;

(2) an offer to sell to the immediately preceding former owner is required until the property is sold; and

(3) if the immediately preceding former owner elects to lease or purchase a portion of the property, this subdivision does not apply to the seller with regard to the balance of the property after the election is made under paragraph (c).

(f) The notice of an offer under subdivision 7 that is personally

delivered with a signed receipt or sent by certified mail with a receipt of mailing to the immediately preceding former owner's last known address is a good faith offer.

(g) This subdivision does not apply to a sale or lease that occurs after the seller or lessor has held the property for five years or longer.

(h) For purposes of this subdivision, if the immediately preceding former owner is a bankruptcy estate the debtor in the bankruptcy is the immediately preceding owner.

(i) The immediately preceding former owner must exercise the right to lease all or a portion of the agricultural land or a homestead located on agricultural land in writing within 15 days after an offer to lease under this subdivision is mailed with a receipt of mailing or personally delivered. If election is made to lease only the homestead or a portion of the agricultural land, the portion to be leased must be clearly identified in writing. The immediately preceding former owner must exercise the right to buy the agricultural land, a portion of the agricultural land, or a farm homestead located on agricultural land, in writing, within 65 days after an offer to buy under this subdivision is mailed with a receipt of mailing or is personally delivered. Within ten days after exercising the right to lease or buy by accepting the offer, the immediately preceding owner must fully perform according to the terms of the offer including paying the amounts due. A seller may sell and a lessor may lease the agricultural land or farm homestead subject to this subdivision to the third party in accordance with their lease or purchase agreement if:

(1) the immediately preceding former owner does not accept an offer to lease or buy before the offer terminates; or

(2) the immediately preceding former owner does not perform the obligations of the offer, including paying the amounts due, within ten days after accepting the offer.

(j) A certificate indicating whether or not the property contains agricultural land or a farm homestead that is signed by the county assessor where the property is located and recorded in the office of the county recorder or the registrar of titles where the property is located is prima facie evidence of whether the property is agricultural land or a farm homestead.

(k) As prima facie evidence that an offer to sell or lease agricultural land or a farm homestead has terminated, a receipt of mailing the notice under subdivision 7 and an affidavit, signed by a person authorized to act on behalf of a state, federal agency, or corporation selling or leasing the agricultural land or a farm homestead may be filed in the office of the county recorder or registrar of titles of the

county where the agricultural land or farm homestead is located. The affidavit must state that:

(1) notice of an offer to buy or lease the agricultural land or farm homestead was provided to the immediately preceding former owner at a price not higher than the highest price offered by a third party that is acceptable;

(2) the time during which the immediately preceding former owner is required to exercise the right to buy or lease the agricultural land or farm homestead has expired;

(3) the immediately preceding former owner has not exercised the right to buy or lease the agricultural land or farm homestead as provided in this subdivision or has accepted an offer and has not fully performed according to the terms of the offer; and

(4) the offer to the immediately preceding former owner has terminated.

(1) The right of an immediately preceding former owner to receive an offer to lease or purchase agricultural land under this subdivision or to lease or purchase at a price no higher than the highest price offered by a third party that is acceptable to the seller or lessor may be extinguished or limited by an express statement signed by the immediately preceding owner that complies with the plain language requirements of section 325G.31. The right may not be extinguished or limited except by:

(1) an express statement in a deed in lieu of foreclosure of the agricultural land;

(2) an express statement in a deed in lieu of a termination of a contract for deed for the agricultural land;

(3) an express statement conveying the right to the state or federal agency or corporation owning the agricultural land that is required to make an offer under this subdivision, however, the preceding former owner may rescind the conveyance by notifying the state or federal agency or corporation in writing within 20 calendar days after signing the express statement;

(4) to cure a title defect, an express statement conveying the right may be made to a person to whom the agricultural land has been transferred by the state or federal agency or corporation; or

(5) an express statement conveying the right to a contract for deed vendee to whom the agricultural land or farm homestead was sold under a contract for deed by the immediately preceding former

owner if the express statement and the contract for deed are recorded.

(m) The right of an immediately preceding former owner to receive an offer to lease or purchase agricultural land under this subdivision may not be assigned or transferred except as provided in paragraph (l), but may be inherited.

(n) An immediately preceding former owner, except a former owner who is actively engaged in farming as defined in subdivision 2, paragraph (a), and who agrees to remain actively engaged in farming on a portion of the agricultural land or farm homestead for at least one year after accepting an offer under this subdivision, may not sell agricultural land acquired by accepting an offer under this subdivision if the arrangement of the sale was negotiated or agreed to prior to the former owner accepting the offer under this subdivision. A person who sells property in violation of this paragraph is liable for damages plus reasonable attorney fees to a person who is damaged by a sale in violation of this paragraph. There is a rebuttable presumption that a sale by an immediately preceding former owner is in violation of this paragraph if the sale takes place within 180 days of the former owner accepting the offer under this subdivision. This paragraph does not apply to a sale by an immediately preceding former owner to the owner's spouse, the owner's parents, the owner's sisters and brothers, the owner's spouse's sisters and brothers, or the owner's children.

Sec. 3. Minnesota Statutes 1988, section 580.031, is amended to read:

580.031 [MINIMUM NOTICE.]

Notwithstanding the provisions of any other law to the contrary, eight weeks' published notice must be given prior to the foreclosure sale of a homestead to which sections 583.01 to 583.12 apply if the notice is published for the first time after May 24, 1983, and prior to May 1, 1985, after June 8, 1985, and prior to May 1, 1987, or after the effective date of Laws 1987, chapter 292, and prior to May 1, 1989, or after the effective date of this act and prior to May 1, 1991. The notice must contain the information specified in section 580.04.

At least eight weeks before the appointed time of sale, a copy of the notice must be served upon the person in possession of the mortgaged premises, if the premises are actually occupied.

Sec. 4. Minnesota Statutes 1988, section 550.37, subdivision 4a, is amended to read:

Subd. 4a. [ADJUSTMENT OF DOLLAR AMOUNTS.] (a) Except for subdivisions 5 and 7, the dollar amounts in this section shall

change periodically as provided in this subdivision to the extent of changes in the implicit price deflator for the gross national product, 1972 = 100, compiled by the United States Department of Commerce, and hereafter referred to as the index. The index for December, 1980, is the reference base index.

(b) The designated dollar amounts shall change on July 1 of each even-numbered year if the percentage of change, calculated to the nearest whole percentage point, between the index for December of the preceding year and the reference base index is ten percent or more. The portion of the percentage change in the index in excess of a multiple of ten percent shall be disregarded and the dollar amounts shall change only in multiples of ten percent of the amounts stated in this section.

(c) If the index is revised, the percentage of change pursuant to this section shall be calculated on the basis of the revised index. If a revision of the index changes the reference base index, a revised reference base index shall be determined by multiplying the reference base index then applicable by the rebasing factor furnished by the department of commerce. If the index is superseded, the index referred to in this section is the one represented by the department of commerce as reflecting most accurately changes in the purchasing power of the dollar for consumers.

(d) The commissioner of commerce shall announce and publish:

(1) on or before April 30 of each year in which dollar amounts are to change, the changes in dollar amounts required by paragraph (b); and

(2) promptly after the changes occur, changes in the index required by paragraph (c) including, if applicable, the numerical equivalent of the reference base index under a revised reference base index and the designation or title of any index superseding the index.

(e) A person does not violate this chapter with respect to a transaction otherwise complying with this chapter if the person relies on dollar amounts either determined according to paragraph (b) or appearing in the last publication of the commissioner announcing the then current dollar amounts.

Subd. 3. [EMPLOYMENT AND TRAINING PROGRAMS.] The commissioner of human services, in consultation with the commis-

sioner of jobs and training, is authorized to implement food stamp employment and training programs in as many counties as is necessary to meet federal participation requirements and comply with federal laws and regulations. The commissioner of human services may contract with the commissioner of jobs and training to implement and supervise employment and training programs for food stamp recipients that are required by federal regulations.

Sec. 2. [256.031] [MINNESOTA FAMILY INVESTMENT PLAN.]

Subdivision 1. [CITATION.] Sections 256.031 to 256.038 may be cited as the Minnesota family investment plan.

Subd. 2. [LEGISLATIVE FINDINGS.] The legislature recognizes the need to fundamentally change the way government supports families. The legislature finds that many features of the current system of public assistance do not help families carry out their two basic functions: the economic support of the family unit and the care and nurturing of children. The legislature recognizes that the Minnesota family investment plan is an investment strategy that will support and strengthen the family's social and financial functions. This investment in families will provide long-term benefits through stronger and more independent families.

Subd. 3. [AUTHORIZATION FOR THE DEMONSTRATION.] The commissioner of human services, in consultation with the commissioners of education, finance, jobs and training, health, and planning, and directors of the higher education coordinating board and the office of jobs policy, is authorized to proceed with the planning and designing of the Minnesota family investment plan and test policies, methods, and cost impacts on an experimental basis by using field trials. Sections 256.031 to 256.033 describe the basic principles of the program. Sections 256.034 to 256.038 provide a basis for congressional action. Using sections 256.031 to 256.038, the commissioner shall seek congressional authority to implement the program in field trials. After obtaining congressional authority to implement the Minnesota family investment plan in field trials, the commissioner will return to the legislature for specific appropriations for implementation of field trials. The field trials shall be conducted for as many years as necessary, and in different geographical settings, to provide reliable instruction about the desirability of expanding the program statewide.

Subd. 4. [GOALS OF THE MINNESOTA FAMILY INVESTMENT PLAN.] The commissioner shall design the program to meet the following goals:

(1) to support families' transition to financial independence by emphasizing options, removing barriers to work and education, providing necessary support services, and building a supportive

network of education, employment and training, health, social, counseling, and family-based services;

(2) to allow resources to be more effectively and efficiently focused on investing in families by removing the complexity of current rules and procedures and consolidating public assistance programs;

(3) to prevent long-term dependence on public assistance through paternity establishment, child support enforcement, emphasis on education and training, and early intervention with minor parents; and

(4) to provide families with an opportunity to increase their living standard by rewarding efforts aimed at transition to employment and by allowing families to keep a greater portion of earnings once they become employed.

Subd. 5. [FEDERAL WAIVERS.] The commissioner of human services shall seek authority from Congress to implement the Minnesota family investment plan on a demonstration basis. If necessary, the commissioner shall seek waivers of compliance with requirements for aid to families with dependent children under United States Code, title 42, sections 601 to 679a, as amended; medical assistance under United States Code, title 42, sections 1396 to 1396s, as amended; food stamps under United States Code, title 7, sections 2011 to 2030, as amended; and other federal requirements that would inhibit implementation of the Minnesota family investment plan.

The commissioner shall seek terms from the federal government that are consistent with the goals of the Minnesota family investment plan and that will maximize federal financial participation so that the extra costs to the state in implementing the program are minimized.

An agreement with the federal government under this section shall provide that the agreements may be canceled by the state or federal government upon six months' notice or immediately upon mutual agreement. If the agreements are canceled, families receiving assistance under the Minnesota family investment plan who are eligible for the aid to families with dependent children, general assistance, medical assistance, general assistance medical care, and the food stamp programs shall be placed on those programs.

Sec. 3. [256.032] [DEFINITIONS.]

Subdivision 1. [SCOPE OF DEFINITIONS.] The terms used in sections 256.031 to 256.038 have the meanings given them unless otherwise provided or indicated by the context.

Subd. 2. [CAREGIVER.] "Caregiver" means a minor child's natural or adoptive parent or parents who live in the home with the minor child. For purposes of determining eligibility for this program, caregiver also means any of the following individuals who live with and provide care and support to a minor child when the minor child's natural or adoptive parent or parents do not reside in the same home: grandfather, grandmother, brother, sister, stepfather, stepmother, stepbrother, stepsister, uncle, aunt, first cousin, nephew, niece, persons of preceding generations as denoted by prefixes of great or great-great, or a spouse of any person named in the above groups even after the marriage ends by death or divorce.

Subd. 3. [CASE MANAGEMENT.] "Case management" means the assessment of family needs and coordination of services necessary to support the family in its social and economic roles, in addition to the services described in section 256.736, subdivision 11.

Subd. 4. [COMMISSIONER.] "Commissioner" means the commissioner of human services or a designee.

Subd. 5. [CONTRACT.] "Contract" means a family self-sufficiency plan developed, together with a parental caregiver, by a county agency or its designee. The contract shall identify the parental caregiver's employment goal and explain what steps the family must take to pursue self-sufficiency. Activities may include:

- (1) orientation;
- (2) employment;
- (3) employment and training services as defined under section 256.736, subdivision 1a, paragraph (d);
- (4) preemployment activities;
- (5) participation in an educational program leading to a high school or general equivalency diploma and post-secondary education programs excluding postbaccalaureate degrees as provided in section 256.736, subdivision 1, paragraph (d);
- (6) case management;
- (7) social services; or
- (8) other programs or services leading to self-sufficiency. The contract shall also identify the services to be provided by the county agency, including support services such as transportation and child care.

Subd. 6. [DEPARTMENT.] "Department" means the department of human services.

Subd. 7. [FAMILY.] For purposes of determining eligibility for this program, "family" includes the following individuals who live together: a minor child or a group of minor children related to each other as siblings, half siblings, stepsiblings, or adopted siblings, together with their natural or adoptive parents, or their caregiver as defined in subdivision 2.

Subd. 8. [FAMILY WAGE LEVEL.] "Family wage level" means 120 percent of the sum of the current aid to families with dependent children standard of assistance and the full cash value of food stamps, for a family of the same size and composition.

Subd. 9. [FULL CASH VALUE OF FOOD STAMPS.] "Full cash value of food stamps" means the monthly coupon allotment amount for a family of a given size. The full cash value is determined by counting unearned income and subtracting the standard deduction and maximum shelter deduction from gross family income, as allowed under the federal Food Stamp Act of 1977, as amended, and Public Law Number 100-435. Full cash value of food stamps is calculated once, and used to determine the transitional standard under subdivision 14.

Subd. 10. [ORIENTATION.] "Orientation" means a presentation that meets the requirements of section 256.736, subdivision 10, provides information to caregivers about the Minnesota family investment plan, and encourages parental caregivers to engage in activities that will stabilize the family and lead to self-sufficiency.

Subd. 11. [PROGRAM.] "Program" means the Minnesota family investment plan.

Subd. 12. [SIGNIFICANT CHANGE.] "Significant change" means a change of ten percent or more in monthly gross family income, a change in family composition, or an increase in resources that may make a family ineligible for assistance.

Subd. 13. [TRANSITIONAL STATUS.] "Transitional status" means the status of caregivers who are independently pursuing self-sufficiency or caregivers who are complying with the terms of a contract with a county agency or its designee.

Subd. 14. [TRANSITIONAL STANDARD.] "Transitional standard" means the current aid to families with dependent children standard of assistance plus the full cash value of food stamps for a family of the same size and composition. This standard applies to families where the parental caregiver is in transitional status, and

to families in which the caregiver is exempt from having a contract or is exempt from complying with the terms of the contract.

Sec. 4. [256.033] [ELIGIBILITY FOR THE MINNESOTA FAMILY INVESTMENT PLAN.]

Subdivision 1. [ELIGIBILITY CONDITIONS.] A family is eligible for assistance under the Minnesota family investment plan if:

(1) the family's net income, after deducting an amount to cover taxes and child care, does not exceed the applicable standard of assistance for that family as defined under section 256.035, subdivision 14; and

(2) the family's resources do not exceed \$2,000.

Subd. 2. [DETERMINATION OF FAMILY INCOME.] The aid to families with dependent children income exclusions listed in Code of Federal Regulations, title 45, sections 233.20(a)(3) and 233.20(a)(4), shall be used when determining a family's available income. However, the disregard of the first \$75 of gross earned income is replaced with a single disregard described in section 256.035, subdivision 3, and all earned income of a minor child receiving assistance through the Minnesota family investment plan is excluded when the child is attending school at least half-time.

Subd. 3. [DETERMINATION OF FAMILY RESOURCES.] When determining a family's resources, the following are excluded:

(1) the family's home, together with the surrounding property not separated from the home by intervening property owned by others;

(2) one burial plot for each family member;

(3) one prepaid burial contract with an equity value of no more than \$1,500 for each member of the family;

(4) licensed automobiles, trucks, or vans up to a total equity value of \$4,500;

(5) the value of personal property needed to produce earned income, including tools, implements, farm animals, and inventory;

(6) the entire equity value of a motor vehicle determined to be necessary for the operation of a self-employment business; and

(7) clothing, necessary household furniture, equipment, and other basic maintenance items essential for daily living.

Sec. 5. [256.034] [PROGRAM SIMPLIFICATION.]

Subdivision 1. [CONSOLIDATION OF TYPES OF ASSISTANCE.] Under the Minnesota family investment plan, assistance previously provided to families through the aid to families with dependent children, food stamp, and general assistance programs shall be combined into a single cash assistance program. If authorized by Congress, families receiving assistance through the Minnesota family investment plan will automatically be eligible for medical assistance under chapter 256B. Federal, state, and local funds that would otherwise be allocated for assistance to families under the aid to families with dependent children, food stamp, and general assistance programs will be transferred to the Minnesota family investment plan. The food stamp, general assistance, and work readiness programs for single persons and couples who are not responsible for the care of children will not be replaced by the Minnesota family investment plan.

Subd. 2. [COUPON OPTION.] Families shall have the option to receive a portion of their assistance, designated by the commissioner, in the form of food coupons or vendor payments.

Subd. 3. [MODIFICATION OF ELIGIBILITY TESTS.] A needy family is eligible to receive assistance under the program even if its children are not found to be deprived of parental support or care by reason of death, continued absence from the home, physical or mental incapacity of a parent, or unemployment of a parent, provided the family's income and resources do not exceed the eligibility requirements in section 256.033. In addition, a family member who is physically and mentally fit, is between the ages of 18 and 60 years, and is enrolled at least half time in an institution of higher education is eligible for assistance under the Minnesota family investment plan even if the conditions for eligibility as prescribed under the federal Food Stamp Act of 1977, as amended, are not met.

An applicant for, or a person receiving, assistance under the Minnesota family investment plan shall cooperate with the efforts of the county agency to collect child and spousal support. The county agency is entitled to any child support and maintenance received by or on behalf of the person receiving assistance or another member of the family for which the person receiving assistance is responsible.

An applicant for, or a person receiving, assistance under the Minnesota family investment plan is not required to comply with the employment and training requirements prescribed under sections 256.736, subdivisions 3, 3a, and 14; and 256D.05, subdivision 1; section 402(a)(19) of the Social Security Act; the federal Food Stamp Act of 1977, as amended; Public Law Number 100-485; or any other state or federal employment and training program, unless compliance is specifically required in a contract with the county agency.

Subd. 4. [SIMPLIFICATION OF BUDGETING PROCEDURES.] The monthly amount of assistance provided by the Minnesota family investment plan shall be calculated based upon actual income or circumstances that existed in a previous month. When a family has a significant change in circumstances, the budgeting cycle shall be interrupted and the amount of assistance for the payment month shall be based on the county agency's best estimate of the family's income and circumstances for that month. Families may be required to report their income monthly; however, income may be averaged over a multi-month period.

Sec. 6. [256.035] [INCOME SUPPORT AND TRANSITION.]

Subdivision 1. [EXPECTATIONS.] All families eligible for assistance under the Minnesota family investment plan are expected to be in transitional status as defined in section 256.032, subdivision 13. To be considered in transitional status, families must meet the following expectations:

(a) For a family headed by a single adult parent, the expectation is that the parent will independently pursue self-sufficiency until the family has received assistance for 24 months within the preceding 36 months. Beginning with the 25th month of assistance, the parent must be developing or have a contract and comply with the terms of the contract with the county agency or its designee.

(b) For a family with a minor parent, the expectation is that, concurrent with the receipt of assistance, the minor parent must be developing or have a contract with the county agency. The terms of the contract shall include compliance with section 256.736, subdivision 3b.

(c) For a family with two adult parents, the expectation is that one or both parents will independently pursue self-sufficiency until the family has received assistance for six months within the preceding 12 months. Beginning with the seventh month of assistance, one or both parents must be developing or have a contract and comply with the terms of the contract with the county agency or its designee.

Subd. 2. [EXEMPTIONS.] A caregiver is exempt from the requirement of developing a contract and complying with the terms of the contract developed with the county agency or engage in transitional activities if:

(1) the caregiver is not the natural or adoptive parent of a minor child; or

(2) in the case of a parental caregiver, the county agency determines that:

- (i) individual circumstances prevent compliance;
- (ii) support services necessary to enable compliance are not available;
- (iii) activities identified in the contract are not available; or
- (iv) that a parental caregiver is willing to accept suitable employment but employment is not available.

Subd. 3. [SANCTIONS.] A family whose parental caregiver is not exempt from the expectations in subdivision 1, and who is not complying with those expectations shall have assistance reduced by a value equal to ten percent of the transitional standard as defined in section 256.032, subdivision 14.

Subd. 4. [TREATMENT OF INCOME.] To help families during their transition from the Minnesota family investment plan to self-sufficiency, the following income supports are available:

(a) The \$30 and one-third and \$75 disregards, allowed under section 256.74, subdivision 1, and the 20 percent earned income deduction allowed under the federal Food Stamp Act of 1977, as amended, shall be replaced with a single disregard of not less than 35 percent of gross earned income to cover taxes, other work-related expenses, and to reward the earning of income. This single disregard is available for the entire time a family receives assistance through the Minnesota family investment plan.

(b) The dependent care deduction, as prescribed under section 256.74, subdivision 1, and Public Law Number 100-435, shall be replaced with a child care subsidy earmarked for the Minnesota family investment plan.

(c) The family wage level, defined in section 256.032, subdivision 8, allows families to supplement earned income with assistance received through the Minnesota family investment plan. Once earnings have raised family income to a level equal to or greater than the family wage level, the amount of assistance received through the Minnesota family investment plan shall be reduced after earnings are adjusted according to the disregard described in paragraph (a).

Subd. 5. [ORIENTATION.] All caregivers receiving assistance through the Minnesota family investment plan must attend orientation.

Subd. 6. [CONTRACT.] To receive a transition stipend, a single adult parent who is a member of a family that has received assistance through the Minnesota family investment plan for 24

months within the preceding 36 months, a minor parent receiving assistance through the Minnesota family investment plan, and at least one parent in a two-parent family that has received assistance through the Minnesota family investment plan for six months within the preceding 12 months must comply with the terms of a contract with the county agency or its designee unless exempt under subdivision 2. Case management shall be provided to a caregiver who is a parent to assist the caregiver in meeting established goals and to monitor the caregiver's progress toward achieving those goals. The parental caregiver and the county agency must finalize the contract as soon as possible, but in any event within a reasonable period of time after the deadline specified in subdivision 1, paragraph (a), (b), or (c), whichever applies.

Subd. 7. [EMPLOYMENT BONUS.] A family leaving the program as a result of increased earnings through employment is entitled to an employment bonus. This bonus is a one-time cash incentive, not more than the family's monthly payment standard, to cover initial expenses incurred by the family leaving the Minnesota family investment plan.

Subd. 8. [CHILD CARE.] The commissioner shall ensure that each Minnesota family investment plan caregiver who is a parent in transitional status and needs assistance with child care costs to independently pursue self-sufficiency or comply with the terms of a contract with the county agency receives a child care subsidy through child care funds earmarked for the Minnesota family investment plan. This subsidy shall cover all child care costs for eligible hours up to the maximum rate specified in section 256H.16. A caregiver who is a parent who leaves the program as a result of increased earnings from employment and who needs child care assistance to remain employed shall be entitled to extended child care assistance under Public Law Number 100-485.

Subd. 9. [HEALTH CARE.] A family leaving the program as a result of increased earnings from employment, and who received medical assistance in at least three of the six months immediately preceding the month of termination, shall be eligible for extended medical assistance according to Public Law Number 100-485.

Sec. 7. [256.036] [PROTECTIONS.]

Subdivision 1. [SUPPORT SERVICES.] If assistance with child care or transportation is necessary to enable a caregiver who is a parent to work, obtain training or education, attend orientation, or comply with the terms of a contract with the county agency, and the county determines that child care or transportation is not available, the family's applicable standard of assistance shall continue to be the transitional standard.

Subd. 2. [VOLUNTEERS.] To the extent of available resources,

case management and support services shall be available to caregivers receiving assistance under the Minnesota family investment plan who are independently pursuing self-sufficiency.

Subd. 3. [NOTIFICATION REQUIREMENT.] The county agency shall contact a family headed by a single adult parent when the family has received assistance through the Minnesota family investment plan for 18 months within the preceding 36 months. The county agency shall remind the family that beginning with the 24th month of assistance, receipt of the transitional standard is contingent upon transitional status. The county agency shall encourage the family to begin preparing for the change in expectations.

Subd. 4. [TIMELY ASSISTANCE.] Applications shall be processed in a timely manner according to the federal Food Stamp Act of 1977, as amended, and no later than 30 days following the date of application unless conditions for extending the processing period apply. Financial assistance shall be provided on a regular basis to eligible families.

Subd. 5. [DUE PROCESS.] Any family that applies for or receives assistance under the Minnesota family investment plan whose application for assistance is denied or not acted upon with reasonable promptness, or whose assistance is suspended, reduced, terminated, or claimed to have been incorrectly paid, is entitled, upon request, to a hearing under section 256.045.

A parental caregiver may request a conciliation conference, under section 256.736, subdivisions 4a and 11, when the caregiver disputes the contents of a contract developed under the Minnesota family investment plan or disputes a decision regarding failure or refusal to cooperate with the terms of a contract. These disputes are not subject to administrative review under section 256.045, unless they result in a denial, suspension, reduction, or termination, and the parental caregiver complies with section 256.045. A caregiver need not request a conciliation conference to request a hearing pursuant to section 256.045.

Subd. 6. [TREATMENT OF FOOD ASSISTANCE.] The portion of cash assistance provided under the Minnesota family investment plan that the commissioner designates as representing food assistance shall be treated as in-kind income in determining eligibility for other state and federal programs.

Subd. 7. [ADJUSTMENT OF FOOD ASSISTANCE AMOUNT.] The commissioner shall adjust the food assistance portion of the assistance provided under the Minnesota family investment plan to reflect increases in the federal food stamp allotments and deductions.

Subd. 8. [EXPEDITED BENEFITS.] Federal and state prescribed

procedures and due process guarantees regarding expedited issuance of food stamps shall continue to be available to eligible families either by expediting issuance of a predesignated portion of assistance provided through the Minnesota family investment plan or through the existing food stamp program.

Subd. 9. [SPECIAL RIGHTS OF MIGRANT AND SEASONAL FARM WORKERS AND HOMELESS PEOPLE.] Federally prescribed procedures and due process guarantees that apply to migrant and seasonal farmworkers and homeless people shall continue to be available to eligible families.

Sec. 8. [256.037] [APPROPRIATION.]

\$190,000 in fiscal year 1990 and \$167,000 in fiscal year 1991 are appropriated from the general fund to the commissioner. Effective July 1, 1989, the complement of the department of human services is increased by four positions to continue the development and design of the Minnesota family investment plan. After securing federal approval to implement the Minnesota family investment plan on a field trial basis, the commissioner shall introduce a plan and funding request to the legislature for specific appropriations for the implementation of field trials.

Sec. 9. [256.038] [EFFECTIVE DATE.]

Effective with the date of enactment, the commissioner is authorized to proceed with the planning and designing of the Minnesota family investment plan, according to the requirements of sections 256.031 to 256.037. Sections 256.031 to 256.037 shall not become effective on a statewide basis until the legislature authorizes a specific date for statewide implementation.

Sec. 10. Minnesota Statutes 1988, section 256.045, subdivision 3, is amended to read:

Subd. 3. [STATE AGENCY HEARINGS.] (a) Any person applying for, receiving or having received public assistance or a program of social services granted by a local agency under sections 256.031 to 256.038 and 256.72 to 256.879, chapters 256B, 256D, 256E, 261, or the federal Food Stamp Act whose application for assistance is denied, not acted upon with reasonable promptness, or whose assistance is suspended, reduced, terminated, or claimed to have been incorrectly paid, or any patient or relative aggrieved by an order of the commissioner under section 252.27, or a party aggrieved by a ruling of a prepaid health plan, may contest that action or decision before the state agency by submitting a written request for a hearing to the state agency within 30 days after receiving written notice of the action or decision, or within 90 days of such written notice if the applicant, recipient, patient, or relative shows good

cause why the request was not submitted within the 30-day time limit.

(b) All prepaid health plans under contract to the commissioner pursuant to chapter 256B or 256D must provide for a complaint system according to section 62D.11. The prepaid health plan must notify the ombudsman within three working days of any formal complaint made under section 62D.11 by persons enrolled in a prepaid health plan under chapter 256B or 256D. At the time a complaint is made, the prepaid health plan must notify the recipient of the name and telephone number of the ombudsman. Recipients may request the assistance of the ombudsman in the complaint system process. The prepaid health plan shall issue a written resolution within 30 days of filing with the prepaid health plan. The ombudsman may waive the requirement that the complaint system procedures be exhausted prior to an appeal if the ombudsman determines that the complaint must be resolved expeditiously in order to provide care in an urgent situation.

(c) A state human services referee shall conduct a hearing on the matter and shall recommend an order to the commissioner of human services. The commissioner need not grant a hearing if the sole issue raised by an appellant is the commissioner's authority to require mandatory enrollment in a prepaid health plan in a county where prepaid health plans are under contract with the commissioner.

(d) In a notice of appeal from a ruling of a prepaid health plan, a recipient may request an expedited hearing. The ombudsman, after discussing with the recipient his or her condition and in consultation with a health practitioner who practices in the specialty area of the recipient's primary diagnosis, shall investigate and determine whether an expedited appeal is warranted. In making the determination, the ombudsman shall evaluate whether the medical condition of the recipient, if not expeditiously diagnosed and treated, could cause physical or mental disability, substantial deterioration of physical or mental health, continuation of severe pain, or death. The ombudsman may order a second medical opinion from the prepaid health plan or order a second medical opinion from a nonprepaid health plan provider at prepaid health plan expense. If the ombudsman determines that an expedited appeal is warranted, the state welfare referee shall hear the appeal and render a decision within a time commensurate with the level of urgency involved, based on the individual circumstances of the case. In urgent or emergency situations in which a prepaid health plan provider has prescribed treatment, and the prepaid health plan has denied authorization for that treatment, the referee may order the health plan to authorize treatment pending the outcome of the appeal.

(16) assure that no work assignment under this section or sections 256.737 and 256.738 shall result in:

(a) termination, layoff, or reduction of the work hours of an employee for the purpose of hiring an individual under the above sections;

(b) the hiring of an individual if any other person is on layoff from the same or a substantially equivalent job;

(c) any infringement of the promotional opportunities of any currently employed individual;

(d) the impairment of existing contracts for services or collective bargaining agreements; or

Sec. 20. Minnesota Statutes 1988, section 256.736, is amended by adding a subdivision to read:

Subd. 10a. [ORIENTATION.] Each county agency must provide an orientation to all caretakers within its jurisdiction whose attendance at such orientation is mandatory and who are determined eligible for aid to families with dependent children on or after July 1, 1989. The county agency shall require attendance at orientation of all caretakers, except those who are: physically disabled, mentally ill, or developmentally disabled and whose condition has or is expected to continue for at least 90 days and will prevent participation in educational programs or employment and training services; aged 55 or older; and, those who are currently employed in unsubsidized employment that is expected to continue at least 30 days and which provides an average of at least 30 hours of employment per week.

The orientation must consist of a presentation that informs caretakers of:

(1) the identity, location, and phone numbers of employment and training and support services available in the county;

(2) the types and locations of child care services available through the county agency which are accessible to participate in educational programs or employment and training services;

(3) the availability of assistance for participants to help select appropriate child care services and that, on request, assistance will be provided to select appropriate child care services;

(4) the obligations of the county agency and service providers under contract to the county agency;

(5) the rights, responsibilities, and obligations of participants;

(6) the grounds for exemption from mandatory employment and training services or educational requirements;

(7) the consequences for failure to participate in mandatory services or requirements; and

(8) the method of entering educational programs or employment and training services available through the county.

Orientation must encourage recipients to view aid to families with dependent children as a temporary program providing grants and services to individuals who set goals and develop strategies for supporting their families without aid to families with dependent children assistance. The content of the orientation must not imply that a recipient's eligibility for aid to families with dependent children is time limited. Orientation may be provided through audio-visual methods, but the caretaker must be given an opportunity for face-to-face interaction with staff of the county agency or the entity providing the orientation, and an opportunity to express the desire to participate in educational programs and employment and training services offered through the county agency.

County agencies shall not require caretakers to attend orientation for more than three hours during any period of 12 continuous months. The local agency shall also arrange for or provide needed transportation and child care to enable caretakers to attend.

Sec. 21. Minnesota Statutes 1988, section 256.736, is amended by adding a subdivision to read:

Subd. 10b. [INFORMING.] Each county agency must provide written information concerning the topics identified in subdivision 10a, clauses (1) to (8), to all aid to families with dependent children caretakers within the county agency's jurisdiction who are exempt from the requirement to attend orientation, except those under age 16, and to recipients who have good cause for failing to attend orientation as specified in rules adopted by the commissioner. The written materials must tell the individual how the individual may indicate the desire to participate in educational programs and employment and training services offered through the county, and must be mailed or hand delivered to the recipient at the time that the recipient is determined to be exempt or have good cause for failing to attend an orientation.

Sec. 22. Minnesota Statutes 1988, section 256.736, subdivision 14, is amended to read:

Subd. 14. [EMPLOYMENT JOB SEARCH.] (a) The commissioner of human services shall establish an employment a job search program under United States Code, title 42, section 602(a)(35) Public Law Number 100-485. The principal wage earner in an AFDC-UP assistance unit must participate be referred to and must begin participation in the employment job search program within four months of being determined eligible for AFDC-UP unless:

- (1) the caretaker is already participating in another approved employment and training service;
- (2) the caretaker's employability plan specifies other activities; or

(3) the caretaker is exempt from registration under section 256.736, subdivision 3; or

(4) the caretaker is unable to secure employment due to inability to communicate in the English language, is participating in an English as a second language course, and is making satisfactory progress towards completion of the course. If an English as a second language course is not available to the caretaker, the caretaker shall be exempt from participation until such time as a course becomes available.

The employment and training service provider shall refer caretakers unable to communicate in the English language to English as a second language courses.

(b) The employment job search program must provide the following services:

(1) an initial period of up to four weeks of job search activities for not more than 32 hours per week. The employment and training service provider shall specify for each participating caretaker the number of weeks and hours of job search to be conducted and shall report to the county board if the caretaker fails to cooperate with the employment search requirement; and

(2) an additional period of job search following the first period at the discretion of the employment and training service provider. The total of these two periods of job search may not exceed eight weeks for any 12 consecutive month period beginning with the month of application.

(c) The employment search program may provide services to non-AFDC-UP caretakers.

Sec. 23. Minnesota Statutes 1988, section 256.736, subdivision 16, is amended to read:

Subd. 16. [ALLOCATION AND USE OF MONEY.] (a) State money appropriated for employment and training services under this section must be allocated to counties as follows:

(1) Forty percent of the state money must be allocated based on the average monthly number of caretakers receiving AFDC in the county who are under age 21 and the average monthly number of AFDC cases open in the county for 24 or more consecutive months and residing in the county for the 12-month period ending March December 31 of the previous fiscal year.

(2) Twenty percent of the state money must be allocated based on the average monthly number of nonpriority caretakers receiving

AFDC in the county for the period ending ~~March~~ December 31 of the previous fiscal year. Funds may be used to develop employability plans for nonpriority caretakers if resources allow.

(3) Twenty-five percent of the state money must be allocated based on the average monthly number of assistance units in the county receiving AFDC-UP for the period ending ~~March~~ December 31 of the previous fiscal year.

(4) Fifteen percent of the state money must be allocated at the discretion of the commissioner based on participation levels for priority group members in each county.

(b) No more than 15 percent of the money allocated under paragraph (a) may be used for administrative activities.

(c) Except as provided in paragraph (d), at least 70 percent of the money allocated to counties must be used for case management services and employment and training services for caretakers in the priority groups. Up to 30 percent of the money may be used for employment search activities and employment and training services for nonpriority caretakers.

(d) A county ~~whose proportion of the statewide average monthly AFDC-UP caseload exceeds its proportion of the statewide AFDC caseload having a high proportion of nonpriority caretakers which interferes with the county's ability to meet the 70 percent spending requirement of clause (c)~~ may, with the approval of the commissioner of human services, use up to 40 percent of the money allocated under this section for ~~employment search activities orientation and employment and training services for nonpriority caretakers.~~

(e) Funds appropriated to cover the nonfederal share of costs for bilingual case management services to refugees for the employment and training programs under this section are allocated to counties based on the county's proportion of the total statewide number of aid to families with dependent children refugee cases. However, counties with less than one percent of the statewide number of aid to families with dependent children refugee cases shall not receive an allocation.

(f) Counties and the department of jobs and training shall bill the commissioner of human services for any expenditures incurred by the county, the county's employment and training service provider, or the department of jobs and training that may be reimbursed by federal money. The commissioner of human services shall bill the United States Department of Health and Human Services and the United States Department of Agriculture for the reimbursement and appropriate the reimbursed money to the county or employment and training service provider that submitted the original bill. The

reimbursed money must be used to expand employment and training services.

(g) The commissioner of human services shall review county expenditures of case management and employment and training block grant funds at the end of the fourth quarter of the biennium and each quarter thereafter, and may reallocate unencumbered or unexpended funds allocated under this section to those counties which can demonstrate a need for additional funds. Reallocation of funds shall be based on the formula set forth in clause (a), excluding the counties who have not demonstrated a need for additional funds.

Sec. 24. Minnesota Statutes 1988, section 256.737, is amended to read:

#### 256.737 [COMMUNITY WORK EXPERIENCE PROGRAM.]

Subdivision 1. [PILOT PROGRAMS ESTABLISHMENT AND PURPOSE.] In order that persons receiving aid under this chapter may be assisted in achieving self-sufficiency by enhancing their employability through meaningful work experience and training and the development of job search skills, the commissioner of human services may continue the pilot community work experience demonstration programs that were approved by January 1, 1984. No new pilot community work experience demonstration programs may be established under this subdivision establish additional community work experience programs in as many counties as necessary to comply with the participation requirement of the Family Support Act of 1988, Public Law Number 100-485. Programs established on or after July 1, 1989, must be operated on a volunteer basis.

Subd. 1a. [COMMISSIONER'S DUTIES.] The commissioner shall: (a) assist counties in the design, implementation, and evaluation of these demonstration programs; (b) promulgate, in accordance with chapter 14, emergency rules necessary for the implementation of this section, except that the time restrictions of section 14.35 shall not apply and the rules may be in effect until the termination of the demonstration programs June 30, 1990, unless superseded by permanent rules; and (c) seek any federal waivers necessary for proper implementation of this section in accordance with federal law. The commissioner shall; and (d) prohibit the use of participants in the programs to do work that was part or all of the duties or responsibilities of an authorized public employee position established as of January 1, 1985-1989. The exclusive bargaining representative shall be notified no less than 14 days in advance of any placement by the community work experience program. Concurrence with respect to job duties of persons placed under the community work experience program shall be obtained from the appropriate exclusive bargaining representative. The appropriate oversight committee shall be given monthly lists of all job placements under a community work experience program.

As the commissioner phases in case management and other employment and training services under section 256.736, and no later than June 30, 1989, the commissioner may phase out projects under this section.

Subd. 2. [ADDITIONAL PROGRAMS REQUIREMENTS.] In addition to the pilot programs established in subdivision 1, the commissioner may approve the application of up to eight additional counties to enter into a community work experience program. The programs under this subdivision are governed by subdivision 1 except as in paragraphs (a) and (b). Programs under this section shall be limited to projects that serve a useful public service such as: health, social service, environmental protection, education, urban and rural development and redevelopment, welfare, recreation, public facilities, public safety, and child care. To the extent possible, the prior training, skills, and experience of a recipient shall be used in making appropriate work experience assignments. County agencies which choose to operate a community work experience program must:

(a) As a condition to placing a person receiving aid to families with dependent children in a program under this subdivision, the county shall first provide the recipient the opportunity to participate in the following services:

(1) placement in suitable subsidized or unsubsidized employment through participation in job search under section 256.736, subdivision 14; or

(2) basic educational or vocational or occupational training for an identifiable job opportunity.

(b) If the recipient refuses suitable employment and a training program, the county may, subject to subdivision 1, require the recipient to participate in a community work experience program as a condition of eligibility.

(c) Limit the maximum number of hours any participant under this section may be required to work in any month to a number equal to the amount of the aid to families with dependent children payable to the family divided by the greater of the federal minimum wage or the applicable state minimum wage.

(d) After a participant has been assigned to a position under this section for nine months, the participant shall not be required to continue in that assignment unless the maximum number of hours a participant is required to work is no greater than the amount of the aid to families with dependent children payable with respect to the family divided by the higher of (1) the federal minimum wage or the applicable state minimum wage, whichever is greater, or (2) the

rate of pay for individuals employed in the same or similar occupations by the same employer at the same site.

(e) After each six months of a recipient's participation in an assignment, and at the conclusion of each assignment under this section, reassess and revise, as appropriate, each participant's employability development plan.

(f) Apply the grant reduction sanctions specified in section 256.736, subdivision 4, clause (6), when it is determined that a mandatory participant has failed, without good cause, to participate in the program.

Sec. 25. [256.738] [ON-THE-JOB TRAINING.]

County agencies may, in accordance with section 256.736, subdivision 10, develop on-the-job training programs which permit voluntary participation by aid to families with dependent children recipients. A county agency which chooses to provide on-the-job training as one of its optional employment and training services may make payments to employers for on-the-job training costs which, during the period of such training, average less than 50 percent of the wages paid by the employer to the participant. Such payments shall be deemed to be in compensation for the extraordinary costs associated with training participants under this section, and in compensation for the costs associated with the lower productivity of such participants during training.

County agencies shall limit the length of training based on the complexity of the job and the recipient's previous experience and training. Placement in an on-the-job training position with an employer shall be for the purpose of training and employment with the same employer, who has agreed to retain the person upon satisfactory completion of training.

Placement of any recipient in an on-the-job training position must be compatible with the assessment and employability development plan established for the recipient under section 256.736, subdivision 10, clauses (14) and (15).

Provision of an on-the-job training program under the job training partnership act, in and of itself, does not qualify as an on-the-job training program under section 256.736, subdivision 10, clause (13).

Sec. 26. Minnesota Statutes 1988, section 256.74, subdivision 1, is amended to read:

Subdivision 1. [AMOUNT.] The amount of assistance which shall be granted to or on behalf of any dependent child and mother or other needy eligible relative caring for the dependent child shall be

determined by the county agency in accordance with rules promulgated by the commissioner and shall be sufficient, when added to all other income and support available to the child, to provide the child with a reasonable subsistence compatible with decency and health. The amount shall be based on the method of budgeting required in Public Law Number 97-35, section 2315, United States Code, title 42, section 602, as amended and federal regulations at Code of Federal Regulations, title 45, section 233. Nonrecurring lump sum income received by an assistance unit must be budgeted in the normal retrospective cycle. The number of months of ineligibility is determined by dividing the amount of the lump sum income and all other income, after application of the applicable disregards, by the standard of need for the assistance unit. An amount remaining after this calculation is income in the first month of eligibility. If the total monthly income including the lump sum income is larger than the standard of need for a single month the first month of ineligibility is the payment month that corresponds with the budget month in which the lump sum income was received. In making its determination the county agency shall disregard the following from family income:

(1) all of the earned income of each dependent child receiving aid to families with dependent children who is a full-time student or part-time student, and not a full-time employee, attending a school, college, or university, or a course of vocational or technical training designed to fit students for gainful employment as well as all the earned income derived from the job training and partnership act (JTPA) for a dependent child for six calendar months per year, together with unearned income derived from the job training and partnership act;

(2) all educational grants and loans;

(3) the first \$75 \$90 of each individual's earned income. For self-employed persons, the expenses directly related to producing goods and services and without which the goods and services could not be produced shall be disregarded pursuant to rules promulgated by the commissioner;

(4) an amount equal to the actual expenditures but not to exceed \$160 for the care of each dependent child or incapacitated individual living in the same home and receiving aid. In the case of a person not engaged in full-time employment or not employed throughout the month, the commissioner shall prescribe by rule a lesser amount to be disregarded;

(5) thirty dollars plus one-third of the remainder of each individual's earned income not already disregarded for individuals found otherwise eligible to receive aid or who have received aid in one of the four months before the month of application. With respect to any

month, the county welfare agency shall not disregard under this clause any earned income of any person who has:

(a) reduced earned income without good cause within 30 days preceding any month in which an assistance payment is made; or

(b) refused without good cause to accept an offer of suitable employment; or

(c) left employment or reduced earnings without good cause and applied for assistance so as to be able later to return to employment with the advantage of the income disregard; or

(d) failed without good cause to make a timely report of earned income in accordance with rules promulgated by the commissioner of human services.

Persons who are already employed and who apply for assistance shall have their needs computed with full account taken of their earned and other income. If earned and other income of the family is less than need, as determined on the basis of public assistance standards, the county agency shall determine the amount of the grant by applying the disregard of income provisions. The county agency shall not disregard earned income for persons in a family if the total monthly earned and other income exceeds their needs, unless for any one of the four preceding months their needs were met in whole or in part by a grant payment.

The disregard of \$30 and one-third of the remainder of earned income described in clause ~~(5)~~ (4) shall be applied to the individual's income for a period not to exceed four consecutive months. Any month in which the individual loses this disregard because of the provisions of clauses ~~(5)(a)~~ (4)(a) to ~~(5)(d)~~ (4)(d) shall be considered as one of the four months. An additional \$30 work incentive must be available for an eight-month period beginning in the month following the last month of the combined \$30 and one-third work incentive. This period must be in effect whether or not the person has earned income or is eligible for AFDC. To again qualify for the earned income disregards under clause ~~(d)~~ (4), the individual must not be a recipient of aid for a period of 12 consecutive months. When an assistance unit becomes ineligible for aid due to the fact that these disregards are no longer applied to income, the assistance unit shall be eligible for medical assistance benefits for a 12-month period beginning with the first month of AFDC ineligibility;

(5) an amount equal to the actual expenditures but not to exceed the amounts listed in clauses (a) and (b) for the care of each dependent child or incapacitated individual living in the same home and receiving aid;

(a) \$175 for each individual age two and older, and \$200 for each individual under the age of two, when the family member whose needs are included in the eligibility determination is employed for 30 or more hours per week; or

(b) \$174 for each individual age two or older, and \$199 for each individual under the age of two, when the family member whose needs are included in the eligibility determination is not employed throughout the month or when employment is less than 30 hours per week.

The dependent care disregard shall be applied after all other disregards under subdivision I have been applied.

(6) the first \$50 per assistance unit of the monthly support obligation collected by the support and recovery (IV-D) unit; and. The first \$50 of periodic support payments collected by the public authority responsible for child support enforcement from a person with a legal obligation to pay support for a member of the assistance unit shall be paid to the assistance unit within 15 days after the end of the month in which the collection of such periodic support payments occurred and shall be disregarded in determining the amount of assistance;

(7) that portion of an insurance settlement earmarked and used to pay medical expenses, funeral and burial costs, or to repair or replace insured property; and

(8) all earned income tax credit payments received by the family as a refund of federal income taxes or made as advance payments by an employer.

The first \$50 of periodic support payments collected by the public authority responsible for child support enforcement from a person with a legal obligation to pay support for a member of the assistance unit shall be paid to the assistance unit within 15 days after the end of the month in which the collection of such periodic support payments occurred and shall be disregarded in determining the amount of assistance.

Sec. 27. Minnesota Statutes 1988, section 256.74, subdivision 1a, is amended to read:

Subd. 1a. [STEPPARENT'S INCOME.] In determining income available, the county agency shall take into account the remaining income of the dependent child's stepparent who lives in the same household after disregarding:

(1) the first \$75 of the stepparent's gross earned income. The commissioner shall prescribe by rule lesser amounts to be disre-

garded for stepparents who are not engaged in full-time employment or not employed throughout the month;

(2) an amount for support of the stepparent and any other individuals whom the stepparent claims as dependents for determining federal personal income tax purposes liability and who live in the same household but whose needs are not considered in determining eligibility for assistance under sections 256.72 to 256.87. The amount equals the standard of need for a family of the same composition as the stepparent and these other individuals;

(3) amounts the stepparent actually paid to individuals not living in the same household but whom the stepparent claims as dependents for determining federal personal income tax purposes liability; and

(4) alimony or child support, or both, paid by the stepparent for individuals not living in the same household.

Sec. 28. [256.983] [FRAUD PREVENTION INVESTIGATIONS.]

(a) Within the limits of available appropriations, and to the extent either required or authorized by applicable federal regulations, the commissioner of human services shall select and fund not less than four pilot projects for a two-year period to test the effectiveness of fraud prevention investigations conducted at the point of application for assistance. County agencies shall be selected to be involved in the pilot projects based on their response to requests for proposals issued by the commissioner. One of the county agencies selected must be located in either Hennepin or Ramsey county, one must be from the rest of the seven-county metropolitan area, and two must be located outside the metropolitan area.

(b) If proposals are not submitted, the commissioner may select the county agencies to be involved. The county agencies must be selected from the locations described in paragraph (a).

Sec. 29. Minnesota Statutes 1988, section 256D.051, subdivision 6, is amended to read:

Subd. 6. [LOCAL AGENCY OPTIONS USE OF WORK READINESS FUNDS.] The local agency may, at its option, provide up to \$200 for each registrant who has completed an employment development plan for direct expenses incurred by the registrant for transportation, clothes, and tools necessary for employment. After paying direct expenses as needed by individual registrants, the local agency may use any remaining money to provide additional services as needed by any registrant including education, orientation, placement, other work experience, on-the-job training, and other appropriate activities. The county agency shall pay the costs of clothing

and tools needed for training or employment, and transportation and child care costs that are incurred by recipients and that are needed for participation in the work readiness program. After paying these direct participant expenses, the local agency may use available funding to pay the costs of services such as education, training, orientation, placement, work experience, on-the-job training, and other appropriate activities, including operation of the work readiness program.

Sec. 30. Minnesota Statutes 1988, section 256D.051, is amended by adding a subdivision to read:

Subd. 10a. [REIMBURSEMENT OF PROGRAM EXPENDITURES.] The county agency shall be reimbursed for 75 percent of the nonfederal share of actual costs paid to provide a work readiness program under subdivisions 2 and 6. Reimbursement must not exceed on average \$200 for each registrant for whom an employment development plan has been completed.

Sec. 31. Minnesota Statutes 1988, section 256D.051, is amended by adding a subdivision to read:

Subd. 10b. [FEDERAL REIMBURSEMENT.] Federal financial participation from the United States Department of Agriculture for work readiness expenditures that are eligible for reimbursement through the food stamp employment and training program are dedicated funds and shall be used to operate the work readiness program.

Sec. 32. [REPEALER.]

Minnesota Statutes 1988, sections 256D.051, subdivision 6a, and 268.86, subdivision 7, are repealed.

Sec. 33. [EFFECTIVE DATE.]

"Section 1. Minnesota Statutes 1988, section 123.70, subdivision 1, is amended to read:

Subdivision 1. Except as provided in subdivisions 3 and 4, no person over two months old may be allowed to enroll or remain enrolled in any elementary or secondary school or day care facility in this state until the person has submitted to the administrator or other person having general control and supervision of the school or day care facility, one of the following statements:

(1) a statement from a physician or a public clinic which provides immunizations stating that the person has received immunization, consistent with medically acceptable standards, against red measles after having attained the age of 12 months, rubella, diphtheria, tetanus, pertussis, polio, and mumps and which indicates the month, day, and year of each immunization received; or

(2) a statement from a physician or a public clinic which provides immunizations stating that the person has received immunizations against red measles after having attained the age of 12 months, rubella, and mumps and that the person has commenced a schedule of immunizations for diphtheria, tetanus, pertussis, and polio and which indicates the month, day, and year of each immunization received.

Sec. 2. Minnesota Statutes 1988, section 123.70, subdivision 2, is amended to read:

Subd. 2. No person who has commenced a treatment schedule of immunization pursuant to subdivision 1, clause (2), may remain enrolled in any day care facility, elementary, or secondary school in

this state after 18 months of enrollment unless there is submitted to the administrator, or other person having general control and supervision of the school or day care facility, a statement from a physician or a public clinic which provides immunizations that the person has completed the primary schedule of immunizations for diphtheria, tetanus, pertussis, and polio and in which the month, day, and year of each additional immunization received is included. For a child less than seven years of age, a primary schedule of immunizations shall consist of four doses of vaccine for diphtheria, tetanus, and pertussis and three doses of vaccine for poliomyelitis. For a child seven years of age or older, a primary schedule of immunizations shall consist of three doses of vaccine for diphtheria, tetanus, pertussis, and polio.

Sec. 3. Minnesota Statutes 1988, section 123.70, subdivision 4, is amended to read:

Subd. 4. A person who is enrolling or enrolled in an elementary or secondary school or day care facility may substitute a statement from the emancipated person or a parent or guardian if the person is a minor child in lieu of the statement from a physician or public clinic which provides immunizations. If the statement is from a parent or guardian or emancipated person, the statement shall indicate the month, day, and year of each immunization given. In order for the statement to be acceptable for a person who is six years of age or younger, enrolling in an elementary school or day care facility, it must indicate that the following was given: no less than one dose of vaccine each for measles, mumps, and rubella given separately or in combination, and no less than four doses of vaccine for poliomyelitis, unless the third dose was given after the fourth birthday, then three doses are minimum, and no less than five doses of vaccine for diphtheria, tetanus, and pertussis, unless the fourth dose was given after the fourth birthday, then four are minimum. (3) Spouses and surviving spouses of eligible veterans must be at least 55 years of age, and have been residents of the state of Minnesota preceding the date of application for admission, and meet

the criteria for admission to a home established in the rules of the home in accordance with this chapter and the applicable statutes and rules of the department of health.

Sec. 4. Minnesota Statutes 1988, section 198.03, is amended to read:

**198.03 [MAINTENANCE CHARGES.]**

**Subdivision 1. [DISCRETIONARY ADMISSION.]** Any person otherwise eligible for admission to the Minnesota veterans homes, except that the person has means of support, may, at the discretion of the board, be admitted to one of the Minnesota veterans homes upon entering into and complying with the terms of a contract made by the person with the board, providing for reasonable compensation to be paid by such person to the state of Minnesota for care, support, and maintenance in the home. Any earnings derived by the person from participating in a work therapy program while the person is a resident of the home may not be considered a means of support.

**Subd. 2. [COST OF CARE.]** The board shall set out in rules the method of calculating the average cost of care for the domiciliary and nursing care residents. The cost must be determined yearly based upon the average cost per resident taking into account, but not limited to, administrative cost of the homes, the cost of service available to the resident, and food and lodging costs. These average costs must be calculated separately for domiciliary and nursing care residents. The amount charged each resident for maintenance, if anything, must be based on the appropriate average cost of care calculation and the assets and income of the resident but must not exceed the appropriate average cost of care.

**Subd. 3. [ARREARAGES.]** Nothing in this section forgives a resident from paying overdue maintenance charges, with interest as provided in section 334.01, that accrued prior to the effective date of this section, and residents are liable for these arrearages. If the resident pays a reasonable monthly amount on the arrearages, as determined by the home administrator, the resident must not be discharged from the home because of arrearages that accrued prior to the effective date of this section.

**Sec. 5. [198.045] [DISCHARGE.]**

**Subdivision 1. [STAY.]** An appeal to the court of appeals does not automatically stay a discharge order. The administrator or the utilization review committee may, however, in its sole discretion, stay the order of discharge until a final decision has been issued by the court of appeals.

**Subd. 2. [COURT ORDER.]** If a resident who is ordered discharged

from a home refuses to leave the home, the administrator of the home may apply to the district court for an order enforcing the administrative order of discharge. The district court shall order the sheriff of the county in which the home is located to remove the resident from the home and authorize the administrator to remove the resident's property from the resident's room and hold it until it can be returned to the resident.

Sec. 6. Minnesota Statutes 1988, section 198.32, is amended to read:

198.32 [VETERANS HOME; COMPLAINTS; RESIDENT'S RIGHTS.]

Subdivision 1. [RESIDENT'S RIGHTS.] A resident of a Minnesota veterans home has the right to complain and otherwise exercise freedom of expression and assembly which is guaranteed by amendment I of the United States Constitution. The administrator of the home shall inform each resident in writing at the time of admission of the right to complain to the administrator about home accommodations and services. A notice of the right to complain shall be posted in the home. The administrator shall also inform each resident of the right to complain to the board or to the commissioner of veterans affairs. Each resident of a home shall be encouraged and assisted, throughout the period of stay in the home, to understand and exercise the rights of freedom of expression and assembly as a resident and as a citizen, and, to this end, the resident may voice grievances and recommend changes in policies and services to home staff, other residents, and outside representatives of the resident's choice, free from restraint, interference, coercion, discrimination, or reprisal, including retaliatory eviction. A resident of a home may not be denied any tenant rights available under chapter 566, including the right to recover possession of the premises.

Subd. 2. [RETALIATION PROHIBITED.] An administrator may not retaliate against any resident who exercises the right to voice grievances by evicting the resident. There shall be a rebuttable presumption that any eviction within 45 days of the exercise by a resident of the right to voice grievances is retaliatory. This presumption does not apply in favor of a resident who has failed to pay maintenance fees unless the resident pays the overdue fees.

"Sec. 20. [631.021] [SPEEDY CRIMINAL TRIALS; CASE DISPOSITION OBJECTIVES.]

The judges of each judicial district shall adopt and administer rules or procedures to ensure that, on and after July 1, 1994, the following timing objectives for the disposition of criminal cases are met by judges within the district:

(1) 90 percent of all criminal cases shall be disposed of within 120 days;

(2) 97 percent of all criminal cases shall be disposed of within 180 days; and

(3) 99 percent of all criminal cases shall be disposed of within 365 days.

The time periods referred to in clauses (1) to (3) shall be measured from the date on which the criminal complaint is filed, to the date on which the defendant is either found not guilty or is sentenced. If the criminal case is commenced by indictment rather than by a criminal complaint, the time period shall be measured from the date on which the indictment is returned.

Sec. 21. [COURT MANAGEMENT PLAN.]

On or before January 1, 1990, the judges of each judicial district shall prepare a written caseload management plan for implementing the goal of ensuring the right to speedy trial in criminal cases and the expeditious disposition of civil cases. The plan must discuss current caseloads in each judicial district and the time necessary to dispose of the various types of cases, including felonies, gross misdemeanors, misdemeanors, marriage dissolution and other family law matters, probate, juvenile, general civil matters, and conciliation court matters. The plan must be based on the assumption that the judicial and staff resources that will be available are those available on July 1, 1989.

In addition to preparing a caseload management plan, the judges of each judicial district shall make written recommendations for any changes in rules of procedure or statutes affecting procedure which

they find would improve the expeditious disposition of criminal and civil cases in the district courts.

A copy of the caseload management plan, including any recommendations for changes in rules of procedure or statutes affecting procedure, shall be filed with the state court administrator and the chairs of the judiciary committees in the house of representatives and in the senate on or before January 1, 1990.

Sec. 22. [CRIMINAL COURTS STUDY COMMISSION.]

The supreme court shall establish a commission to study ways to more expeditiously dispose of criminal cases in the district courts, in a manner that preserves the interest of both the defendant and the state in having a fair and just outcome. The commission shall consist of sufficient members to provide adequate representation of the viewpoints and experience of judges, prosecutors, and defense attorneys involved in the disposition of criminal matters. The commission may establish advisory groups to focus on specific areas of practice, such as juvenile law.

The commission study shall include the following:

(1) whether model proposals or rules and statutes from other jurisdictions provide any alternatives that might be followed to modify the rules of criminal procedure and statutes affecting criminal procedure in ways that would simplify procedures without sacrificing fair outcome;

(2) whether certain kinds of offenses, such as traffic petty misdemeanors and housing code violations, might be better processed if the only possible sentence were a fine rather than incarceration, if a referee or administrative officer rather than a judge presided, and if no prosecuting attorney was involved, with the option of enhancing the matter to a misdemeanor if prior judgments have been entered against a party;

(3) whether the petty misdemeanor category should be expanded to replace current misdemeanor offenses in some instances, with criteria for enhancing a petty misdemeanor to a misdemeanor in specified circumstances; and

(4) whether other administrative or legislative action can be taken to facilitate the expeditious disposition of criminal cases without sacrifice of due process of law.

The commission shall report its conclusions to the supreme court on or before January 1, 1991."

"Section 1. Minnesota Statutes 1988, section 116.07, subdivision 2, is amended to read:

Subd. 2. [ADOPTION OF STANDARDS.] The pollution control agency shall improve air quality by promoting, in the most practicable way possible, the use of energy sources and waste disposal methods which produce or emit the least air contaminants consistent with the agency's overall goal of reducing all forms of pollution. The agency shall also adopt standards of air quality, including maximum allowable standards of emission of air contaminants from motor vehicles, recognizing that due to variable factors, no single standard of purity of air is applicable to all areas of the state. In adopting standards the pollution control agency shall give due recognition to the fact that the quantity or characteristics of air contaminants or the duration of their presence in the atmosphere, which may cause air pollution in one area of the state, may cause less or not cause any air pollution in another area of the state, and it shall take into consideration in this connection such factors, including others which it may deem proper, as existing physical conditions, zoning classifications, topography, prevailing wind directions and velocities, and the fact that a standard of air quality which may be proper as to an essentially residential area of the state, may not be proper as to a highly developed industrial area of the state. Such standards of air quality shall be premised upon scientific knowledge of causes as well as effects based on technically substantiated criteria and commonly accepted practices. No local government unit shall set standards of air quality which are more stringent than those set by the pollution control agency.

The pollution control agency shall promote solid waste disposal control by encouraging the updating of collection systems, elimination of open dumps, and improvements in incinerator practices. The agency shall also adopt standards for the control of the collection, transportation, storage, processing, and disposal of solid waste and

sewage sludge for the prevention and abatement of water, air and land pollution, recognizing that due to variable factors, no single standard of control is applicable to all areas of the state. In adopting standards, the pollution control agency shall give due recognition to the fact that elements of control which may be reasonable and proper in densely populated areas of the state may be unreasonable and improper in sparsely populated or remote areas of the state, and it shall take into consideration in this connection such factors, including others which it may deem proper, as existing physical conditions, topography, soils and geology, climate, transportation, and land use. Such standards of control shall be premised on technical criteria and commonly accepted practices.

The pollution control agency shall also adopt standards describing the maximum levels of noise in terms of sound pressure level which may occur in the outdoor atmosphere, recognizing that due to variable factors no single standard of sound pressure is applicable to all areas of the state. Such standards shall give due consideration to such factors as the intensity of noises, the types of noises, the frequency with which noises recur, the time period for which noises continue, the times of day during which noises occur, and such other factors as could affect the extent to which noises may be injurious to human health or welfare, animal or plant life, or property, or could interfere unreasonably with the enjoyment of life or property. In adopting standards, the pollution control agency shall give due recognition to the fact that the quantity or characteristics of noise or the duration of its presence in the outdoor atmosphere, which may cause noise pollution in one area of the state, may cause less or not cause any noise pollution in another area of the state, and it shall take into consideration in this connection such factors, including others which it may deem proper, as existing physical conditions, zoning classifications, topography, meteorological conditions and the fact that a standard which may be proper in an essentially residential area of the state, may not be proper as to a highly developed industrial area of the state. Such noise standards shall be premised upon scientific knowledge as well as effects based on technically substantiated criteria and commonly accepted practices. No local governing unit shall set standards describing the maximum levels of sound pressure which are more stringent than those set by the pollution control agency.

The pollution control agency shall adopt standards for the identification of hazardous waste and for the management, identification, labeling, classification, storage, collection, transportation, processing, and disposal of hazardous waste, recognizing that due to variable factors, a single standard of hazardous waste control may not be applicable to all areas of the state. In adopting standards, the pollution control agency shall recognize that elements of control which may be reasonable and proper in densely populated areas of the state may be unreasonable and improper in sparsely populated or remote areas of the state. The agency shall consider existing

physical conditions, topography, soils, and geology, climate, transportation and land use. Standards of hazardous waste control shall be premised on technical knowledge, and commonly accepted practices. No local government unit shall set standards of hazardous waste control which are in conflict or inconsistent with those set by the pollution control agency.

A person who generates less than 100 kilograms of hazardous waste per month is exempt from the agency hazardous waste rules relating to transportation, manifesting, storage, and labeling for photographic fixer and X-ray negative wastes that are hazardous solely because of silver content. Nothing in this paragraph exempts the generator from the agency's rules relating to on-site accumulation or outdoor storage. A political subdivision or other local unit of government may not adopt management requirements that are more restrictive than this paragraph."

The report was adopted.

Before submitting an application, the pupil and the pupil's parent or guardian must explore with a school guidance counselor, or other appropriate staff member employed by the pupil's resident district, the pupil's academic or other reason for applying to enroll in a nonresident district. The pupil's application must identify the reason for enrolling in the nonresident district. The parent or guardian of a pupil residing in a district that does not have a desegregation plan approved by the state board of education must submit an application by January 1 for enrollment during the following school year. The parent or guardian of a pupil residing in a district that has a desegregation plan approved by the state board of education may apply to a district at any time. [NONRESIDENT DISTRICT PROCEDURES.] ~~Within 60 days of receiving an application,~~ A district that does not exclude nonresident pupils, according to subdivision 3, shall notify the parent or guardian ~~and the resident district~~ in writing by February 1 whether the application has been accepted or rejected. After the year of ineligibility expires, the pupil is eligible to participate in the extracurricular varsity athletic activities of the nonresident district and is no longer eligible to participate in the extracurricular varsity athletic activities of the resident district or nonpublic school. The same restrictions apply to a pupil who transfers from one participating nonresident district to another participating nonresident district.

The superintendents in the resident and nonresident districts may agree in writing to allow a nonresident pupil to participate in the extracurricular varsity athletic activities of the nonresident district during the year of ineligibility if the pupil demonstrates that the distance the pupil must travel between the resident and nonresident district prevents the pupil from participating in the extracurricular varsity athletic activities of the resident district.

### ARTICLE 2

#### CAPITAL ACCESS PROGRAM

#### Section 1. [116J.876] [DEFINITIONS.]

(1) the borrower is a corporation, partnership, joint venture, sole proprietorship, cooperative, or other entity, whether profit or non-profit, which is authorized to conduct business in the state; and

(2) the borrower is not an executive officer, director, or principal shareholder of the lender, or a member of the immediate family of an executive officer, director, or principal shareholder of the lender, or an entity controlled by an executive officer, director, principal shareholder, or member of the immediate family.

Subd. 4. [CAPITAL ACCESS ACCOUNT; ACCOUNT.] "Capital access account" or "account" means the account created in section 11.

Subd. 5. [CLAIM.] "Claim" means any claim filed by the lender under section 7.

Subd. 6. [COMMISSIONER.] "Commissioner" means the commissioner of trade and economic development.

Subd. 7. [EARLY LOAN.] "Early loan" means an enrolled loan where at the time of enrollment the amount of previously enrolled loans made by the lender under the program was less than \$5,000,000.

Subd. 8. [ELIGIBLE LOAN.] "Eligible loan" means a loan made by the lender to a borrower that meets the requirements of section 4.

Subd. 11. [PASSIVE REAL ESTATE OWNERSHIP.] "Passive real estate ownership" means ownership of real estate for the purpose of deriving income from speculation, trade, or rentals, except that the term does not include (1) the ownership of that portion of real estate being used or intended to be used for the operation of the business of the owner of the real estate; or (2) ownership of real estate for the

purpose of construction or renovation until the completion of the construction or renovation phase.

Subd. 12. [PROGRAM.] "Program" means the capital access program created by sections 1 to 11.

Subd. 13. [RESERVE FUND.] "Reserve fund" means an administrative account maintained by the commissioner for funds accumulated under an agreement with the commissioner to cover losses sustained by the lender on enrolled loans.

Sec. 2. [116J.8761] [CAPITAL ACCESS PROGRAM; CREATION; ADMINISTRATION.]

A capital access program is created in the department of trade and economic development. The purpose of the capital access program is to provide capital to businesses, particularly small and medium sized businesses, to foster economic development. Loans made under this program are to be slightly riskier than conventional loans, but still offer a high degree of soundness in connection with the capital access program.

The commissioner has the power to administer the program, enter into contracts, and take action reasonably necessary to ensure compliance with the program. The lender shall provide the commissioner with information regarding its participation in the program as the commissioner may reasonably require. Upon notice to the lender, the commissioner may inspect the files of the lender relating to any loans enrolled under the program during normal business hours of the lender.

A lender is eligible to participate in the program upon entering into an agreement with the commissioner governing the duties of the commissioner and the lender under the program.

Sec. 3. [116J.8762] [COMMISSIONER; DUTIES.]

Subdivision 1. [DUTIES.] The commissioner must:

(1) market the capital access program to businesses and other persons in the state in cooperation with financial institutions and statewide associations representing financial institutions;

(2) establish a reservation or allocation system so that lenders may reserve an allocation of funds in the account before or after the lender enters into a loan agreement or contract with a borrower; and

(3) develop the program, in cooperation with financial institutions and statewide associations representing financial institutions, so that the degree of flexibility for the commissioner and the partici-

pating lenders is maximized and the state oversight of individual loans is minimized, and the fiscal integrity of the program is maintained.

Subd. 2. [INTERESTS OF COMMISSIONER.] Except upon the exercise of the commissioner's right of subrogation under section 8, the commissioner has no legal or equitable interest in any collateral, security, or other right of recovery in connection with any loan enrolled in the program, and the commissioner's consent is not necessary for any amendment to the lender's loan documents.

Sec. 4. [116J.8763] [ELIGIBLE LOANS.]

Subdivision 1. [LOAN TYPES.] Eligible loans may include:

- (1) loans made for industrial, commercial, or agricultural purposes;
- (2) refinancing of loans made for the purposes in clause (1); and
- (3) lines of credit agreements established between the lender and borrower which are used for the purposes in clause (1).

Subd. 2. [LOAN RESTRICTIONS.] Eligible loans must meet the following criteria:

- (1) the lender has not made the loan in order to enroll in the program prior debt which is not covered under the program and which is or was owed by the borrower to the lender;
- (2) the proceeds of the loan will not be used for that portion of a project or development devoted to housing;
- (3) the proceeds of the loan will not be used to finance passive real estate ownership; and
- (4) the proceeds of the loan will be used to finance a project or enterprise located within this state which will foster economic development in Minnesota.

Subd. 3. [LOAN PROVISIONS.] An eligible loan may provide for an interest rate, fees, and other terms and conditions as the lender and borrower may agree. If the loan amount to be borrowed is determined by a commitment agreement that establishes a line of credit, the amount of the loan is the maximum amount available to the borrower under the agreement.

Sec. 5. [116J.8764] [ENROLLMENT OF LOANS IN PROGRAM.]

Subdivision 1. [FILING REQUIREMENTS.] (a) To enroll a loan under this program, the lender must file a completed loan enrollment form with the commissioner. The lender must also certify the following to the commissioner as part of the filing:

(1) the lender has no substantial reason to believe that the loan is being made to a borrower who does not meet the requirements of section 1, subdivision 3;

(2) that the lender has received from the borrower a written representation, warranty, pledge, and waiver stating that the borrower has no legal, beneficial, or equitable interest in the nonrefundable premium charges or any other funds credited to the reserve fund established to cover losses sustained by the lender on enrolled loans;

(3) the loan being filed for enrollment is an eligible loan under section 4; and

(4) premium changes required of the borrower and lender under section 5 have been deposited in the reserve fund.

(b) The lender shall file the loan enrollment form within ten business days after the lender makes the loan. The date on which the lender makes a loan is the date on which the lender first disburses proceeds of the loan to the borrower or an earlier date on which the loan documents have been executed and the lender has obligated itself to disburse proceeds of the loan. The filing date of a loan enrollment form is the date on which the lender delivers the required documentation to the commissioner, delivers it to a professional courier service for delivery to the commissioner, or mails it to the commissioner by certified mail.

Subd. 2. [COMMISSIONER ENROLLMENT; ACKNOWLEDGMENT.] When the commissioner receives the loan enrollment form, the commissioner shall enroll the loan, unless the information provided under subdivision 1 indicates that the loan is not an eligible loan, and shall deliver to the lender within five business days of receipt an acknowledgment of enrollment, signed by the commissioner or designee, including documentation of the amount being transferred by the commissioner into the reserve fund under section 5.

Subd. 3. [AMOUNT COVERED.] When filing a loan enrollment form, the lender may specify an amount to be covered under the program. The amount may be less than the total amount of the loan. Unless the context clearly requires otherwise, when used in connection with a loan or loans, the words "amount" and "proceeds" refer only to the amount covered under the agreement.

Subd. 4. [AMOUNT COVERED IN REFINANCINGS.] (a) In the case of a loan to refinance a loan previously made to the borrower by the lender that was not enrolled under the program, the lender may obtain coverage under the program for an amount not exceeding the amount of additional financing.

(b) If an enrolled loan is refinanced and the total amount to be covered under the program does not exceed the covered amount of the loan as previously enrolled, the refinanced loan may continue as an enrolled loan without payment of additional premium charges or transfers by the commissioner to the reserve fund.

(c) If an enrolled loan is refinanced in an amount exceeding the amount of the loan as previously enrolled, the lender may obtain coverage of the amount of the refinanced loan that exceeds the amount covered when the loan was previously enrolled by refiling the loan for enrollment under subdivision 1.

(d) Fluctuations in the outstanding balance of a line of credit, without increasing the enrolled amount under the program, are not a refinancing of the loan.

Subd. 5. [TERMINATION OF ENROLLMENT.] If the outstanding balance of an enrolled loan which is not a line of credit is reduced to zero, the loan is no longer an enrolled loan. If an enrolled loan which is a line of credit has an outstanding balance of zero for a 12-month period, the line of credit is no longer an enrolled loan, unless, before the expiration of the 12-month period, the lender reaffirms in writing to the borrower that the line of credit will remain open and the borrower acknowledges the reaffirmation in writing.

#### Sec. 6. [116J.8765] [RESERVE FUND; PREMIUMS.]

Subdivision 1. [CREATION.] Upon execution of an agreement between the lender and the commissioner, the commissioner shall establish a reserve fund account with the lender in the name of the commissioner for the purpose of receiving all required premium charges to be paid by the lender and the borrower and transfers made by the commissioner under sections 1 to 11.

Subd. 2. [PREMIUM PAYMENTS AND TRANSFERS TO RESERVE FUND.] The premium charges payable to the reserve fund by the lender and the borrower in connection with a loan filed for enrollment are determined by the lender. The premium paid by the borrower may not be less than 1.5 percent nor greater than 3.5 percent of the amount of the loan. The premium paid by the lender shall be equal to the amount of the premium paid by the borrower. The lender may recover from the borrower the cost of the lender's premium payment, in any manner in which the lender and borrower agree. When enrolling a loan, the commissioner shall transfer into

the reserve fund from the account premium amounts determined as follows:

(a) If the amount of any loan, plus the amount of loans previously enrolled by the lender, is less than \$2,000,000, the premium amount transferred must be equal to 150 percent of the combined premiums paid into the reserve fund by the borrower and the lender for each enrolled loan.

(b) If, prior to the enrollment of the loan, the amount of loans previously enrolled by the lender equals or exceeds \$2,000,000, the premium amount transferred must be equal to the combined premiums paid into the reserve fund by the borrower and the lender for each enrolled loan.

(c) If the amount of loans previously enrolled by the lender is less than \$2,000,000, but the enrollment of a loan will cause the aggregate amount of all enrolled loans made by the lender to exceed \$2,000,000, the premium amount transferred must be equal to a percentage of the combined amount paid by the lender and the borrower. The percentage must be determined by (1) multiplying by 150 that portion of the loan which when added to the amount of all previously enrolled loans totals \$2,000,000, (2) multiplying the balance of the loan by 100, and (3) adding the products of the two amounts and dividing the sum by the total amount of the loan.

Subd. 3. [LIMITATION OF TRANSFERS.] A maximum premium amount of \$150,000 may be transferred into the reserve funds of all lenders participating in the program by the commissioner over any three-year period in connection with any one borrower or any group of borrowers among which a common enterprise exists. This maximum premium amount may be exceeded upon the written request by a lender only if the commissioner approves in writing the transfer of an amount in excess of \$150,000. For the purpose of this subdivision, the term "common enterprise" has the meaning given it in Code of Federal Regulations, title 12, section 32, as amended.

Subd. 4. [CONTROL AND INVESTMENT OF RESERVE FUND.] (a) All money credited to the reserve fund is under the exclusive control of the commissioner. The commissioner may not withdraw money from the reserve fund except as specifically provided in this subdivision and sections 7 and 9.

(b) Money in the reserve fund must be deposited by the commissioner in an account with the lender unless the commissioner determines that the lender is not in substantial compliance with the requirements of the agreement. If money in the reserve fund is not deposited by the commissioner in an account with the lender, it must be invested or reinvested by the commissioner in (1) direct obligations of the United States or the state of Minnesota or in obligations the principal and interest of which are unconditionally

guaranteed by the United States or the state of Minnesota, or (2) a deposit account at a depository institution whose deposits are insured by the Federal Deposit Insurance Corporation or the Federal Savings and Loan Insurance Corporation.

(c) Interest or income earned on the money credited to the reserve fund is part of the reserve fund. The commissioner may withdraw at any time from the reserve fund 50 percent of all interest or income that has been credited to the reserve fund, except that after the first withdrawal the commissioner may not withdraw more than 50 percent of all interest or income that has been credited to the reserve fund since the time of the last withdrawal. Any withdrawal made under this subdivision may be made prior to paying any claim. None of the amounts withdrawn need to be transferred back to the reserve fund. Any withdrawal under this subdivision must be credited in the capital access account.

Subd. 5. [PLEDGE OF THE RESERVE FUND.] The commissioner shall pledge to the lender that the money in the reserve fund will be available to pay claims under section 7, that the lender will have a first security interest in the money in the reserve fund to pay the claims, and that the commissioner will not encumber or pledge the money to any other party.

Subd. 6. [QUARTERLY REPORTS; INSPECTIONS.] (a) If the reserve fund is not maintained with the lender, the commissioner shall provide to the lender quarterly transaction reports indicating the balance in the reserve fund, payments and transfers into the reserve fund, withdrawals from the reserve fund, and interest or income earned on money credited to the reserve fund.

(b) The records of the commissioner with respect to all payments and transfers into the reserve fund, withdrawals from the reserve fund, and interest or income earned on the money credited to the reserve fund, are available to the lender at the offices of the commissioner during normal business hours.

Sec. 7. [116J.8766] [CLAIMS BY LENDER TO RESERVE FUND.]

Subdivision 1. [CLAIM PROCESS.] (a) If the lender charges off all or part of an enrolled loan, the lender may file a claim with the commissioner. The claim must be filed contemporaneously with the charge-off.

(b) The lender's claim may include, in addition to the amount of principal charged off plus accrued interest, documented out-of-pocket expenses incurred in pursuing its collection efforts, including preservation of collateral. The amount of principal and accrued interest included in the claim may not exceed the principal amount covered under the program upon enrollment, plus accrued interest attributable to the covered principal amount.

(c) The lender shall determine when and how much to charge off on an enrolled loan in a manner consistent with its normal method for making these determinations on similar loans which are not enrolled loans.

(d) If the lender files two or more claims contemporaneously and there are insufficient funds in its reserve fund at that time to cover the entire amount of the claims, the lender may designate the order of priority in which the commissioner shall pay the claims.

Subd. 2. [DISBURSEMENT OF RESERVE FUND.] (a) Upon receipt by the commissioner of a claim filed by the lender, the commissioner shall, within ten business days, pay or authorize the lender to withdraw from the reserve fund the amount of the claim as submitted, unless the information provided by the lender was known by the lender to be false at the time the loan was filed for enrollment. No other violation of sections 1 to 11 or the agreement is grounds for denial of a claim.

(b) If there is insufficient money in the reserve fund to cover the entire amount of the lender's claim, the commissioner shall pay to the lender or authorize the lender to withdraw an amount equal to the current balance in the reserve fund and the following shall apply:

(1) If the enrolled loan for which the claim has been filed is not an early loan, the payment fully satisfies the claim, and the lender has no right to receive any further amount from the reserve fund with respect to that claim.

(2) If the loan is an early loan, the partial payment does not satisfy the lender's claim, and at any time that the remaining balance of the claim is not greater than 75 percent of the balance in the reserve fund at the time of the loss, the commissioner, upon request of the lender, shall pay the remaining balance of the claim.

Subd. 3. [RECOVERY BY LENDER SUBSEQUENT TO CLAIM.] If, subsequent to payment of a claim by the commissioner, the lender recovers from a borrower any amount for which payment of the claim was made, the lender shall promptly pay to the commissioner for deposit in the reserve fund the amount recovered, less any documented out-of-pocket expenses incurred. The lender need pay to the commissioner for deposit in the reserve fund only amounts in excess of the amount of recovery needed to fully cover the lender's loss on an enrolled loan.

For the purposes of this subdivision and section 8, the lender's loss on an enrolled loan includes any losses on the loan including principal, accrued interest, and documented out-of-pocket expenses attributable to principal amounts in excess of the amount covered under the program or the principal amount included in the claim.

## Sec. 8. [116J.8767] [SUBROGATION OF CLAIMS.]

Subdivision 1. [LIMITATION.] The commissioner may exercise the right of subrogation under this section if the commissioner determines, in the commissioner's discretion, that the lender has not exercised reasonable care and diligence in its collection activities with respect to the loan or that there is a reasonable basis for believing that the lender will not exercise reasonable care and diligence in the future with respect to the collection activities.

Subd. 2. [ASSIGNMENT OF RIGHTS.] If the payment of a claim has fully covered the lender's loss on an enrolled loan, or if the payment of a claim when combined with any recovery from the borrower has fully covered the lender's loss, the commissioner, upon request, is subrogated to the rights of the lender with respect to any collateral, security, or other right of recovery in connection with the loan that has not been realized by the lender. The lender thereafter shall assign to the commissioner any right, title, or interest to any collateral, security, or other right of recovery in connection with the loan.

Subd. 3. [LENDER OBLIGATIONS.] If an assignment has been made, the commissioner is not required to undertake any obligations of the lender under its loan documents, except for any obligations directly related to the commissioner's assigned rights of recovery in connection with the loan. The lender shall fulfill any other obligations it may have under the loan documents in the same manner and to the same degree as required had the assignment not been made. The lender shall provide the commissioner with all reasonable assistance the commissioner requests in proceeding with respect to any collateral, security, or other right of recovery, except that the lender need not incur any out-of-pocket expenses.

Subd. 4. [PAYMENT OF LENDER'S LOSS.] If the commissioner decides to exercise the right of subrogation in connection with an enrolled loan and would be entitled to exercise the right except for the fact that the lender's loss has not been fully covered, the commissioner may pay from money in the reserve fund an amount sufficient to fully cover the lender's loss even though the payment may cover a principal amount not covered under the program or not included in the lender's claim. Upon making the payment, the commissioner is subrogated to the rights of the lender.

Subd. 5. [RECOVERED FUNDS.] Any money received by the commissioner as a result of enforcement actions taken with respect to any collateral, security, or other rights of recovery must be promptly deposited by the commissioner in the reserve fund, less any out-of-pocket expenses incurred by the commissioner in taking such enforcement actions.

## Sec. 9. [116J.8768] [EXCESS RESERVE FUNDS.]

Subdivision 1. [REPORTS.] The lender shall file quarterly reports with the commissioner indicating the number and aggregate outstanding balance of all enrolled loans as of the end of each quarter. A quarterly report is not required for any quarter that ends with a balance in the reserve fund of zero, except that a calendar year-end report must be filed. In computing the aggregate outstanding balance of all enrolled loans, the balance of any loan may not be greater than the covered amount of the loan as enrolled.

Subd. 2. [WITHDRAWAL OF EXCESS RESERVE FUNDS.] (a) If reports filed under this section indicate that for the immediately preceding 24-month period the balance in the reserve fund continually exceeded the aggregate outstanding balance of all enrolled loans, the commissioner may withdraw from the reserve fund, on or before the last day of the month for which a report is due, an amount not greater than the amount by which the reserve fund balance exceeded the aggregate outstanding balance of all enrolled loans as of the most recent report, unless the lender has provided to the commissioner adequate documentation that at some time during that 24-month period the aggregate outstanding balance of all enrolled loans exceeded the balance then in the reserve fund. Any amounts withdrawn from the reserve fund must be transferred to the account.

(b) If a report is not filed within 30 days of its original due date, the commissioner may withdraw from the reserve fund based on the commissioner's determination from an inspection of the lender's files an amount not greater than the amount by which the reserve fund balance exceeded the aggregate outstanding balance of all enrolled loans as of the date for which the report was required to be filed.

## Sec. 10. [116J.8769] [TERMINATION.]

The commissioner may terminate the obligation to a lender to enroll loans under the program if the commissioner determines that the lender is not in substantial compliance with the requirements of the program. The termination takes effect on the date specified in the notice of termination, except that the termination does not apply to any loan made on or before the date on which the notice of termination is received by the lender. If the commissioner is terminating the enrollment of loans for all participating lenders under the program, the commissioner shall provide notice of at least 90 days to the lender. Any terminations under this section are prospective only and do not apply to any loans previously refinanced. After termination, the amount covered under the program may not be increased beyond the covered amount as previously enrolled.

## Sec. 11. [116J.877] [CAPITAL ACCESS ACCOUNT.]

A capital access account is created in the general fund. The account consists of all appropriations to the account, repayments from the reserve funds, interest and investment earnings of the reserve funds, gifts and grants to the account, and the interest and investment earnings of the account. The account is not subject to section 16A.28.

## Sec. 12. [APPROPRIATION.]

\$2,000,000 is appropriated from the general fund to the capital access account for the capital access program described in sections 1 to 11.

### Sec. 3. [116.77] [COVERAGE.]

Sections 1 to 13 and section 609.671, subdivision 10, cover any person who generates, treats, stores, transports, or disposes of infectious or pathological waste except infectious or pathological waste generated by a household. Except as specifically provided, sections 1 to 13 do not limit or alter treatment or disposal methods for infectious or pathological waste.

Sec. 4. [116.78] [MANAGEMENT.]

Subdivision 1. [SEGREGATION.] All untreated infectious waste must be segregated from other waste material at its point of generation and maintained in separate packaging throughout collection, storage, and transport. Infectious waste must be packaged, contained, and transported in a manner that prevents release of the waste material.

Subd. 2. [LABELING.] All bags, boxes, and other containers used to collect, transport, or store infectious waste must be clearly labeled with a biohazard symbol or with the words "infectious waste" written in letters no less than one inch in height.

Subd. 3. [REUSABLE CONTAINERS.] Containers which have been in direct contact with infectious waste must be disinfected prior to reuse.

Subd. 4. [SHARPS.] All sharps waste including those generated by households must be placed and disposed of in puncture-resistant containers. Except for those generated by households, sharps shall not be compacted or mixed with other waste material and shall not be disposed of at refuse derived fuel facilities or at other facilities where waste is hand sorted.

Subd. 5. [NONINFECTIOUS PATHOLOGICAL WASTE.] Noninfectious pathological waste must be disposed of according to sanitary standards established by state or federal laws or regulations for the disposal of such wastes.

Subd. 6. [MIXTURE WITH OTHER WASTES.] Infectious waste must not be compacted or mixed with other waste material prior to off-site incineration or disposal in a manner authorized by state law. A person may place other waste materials except for hazardous or radioactive waste inside a properly labeled infectious waste container but must manage the entire contents as infectious waste.

Sec. 5. [116.79] [STORAGE AT GENERATOR SITE.]

Infectious or pathological waste must be stored in a specially designated area that is designed to prevent the entry of vermin and that prevents access by unauthorized persons.

Sec. 6. [116.80] [AUTOCLAVE OPERATION OR CHEMICAL DECONTAMINATION.]

Facilities may decontaminate infectious waste using appropriate chemicals or autoclaves. Facilities that use autoclaves to decontaminate infectious waste must maintain a log of the operating temperature and time for each load of infectious waste that is autoclaved.

## Sec. 7. [116.81] [WASTE FROM OTHER STATES.]

No person shall transport infectious or pathological waste for financial gain into the state for treatment, storage, or disposal unless the waste is packaged, contained, labeled, and transported in the manner required by sections 4 to 6.

## Sec. 8. [116.82] [MANAGEMENT PLANS.]

Subdivision 1. [PREPARATION OF MANAGEMENT PLANS.] (a) A person in charge of a facility that generates, stores, decontaminates, incinerates, or disposes of infectious or pathological waste must prepare a management plan for the infectious or pathological waste handled by the facility.

(b) The management plan must describe, to the extent the information is applicable to the facility:

(1) the type of infectious waste and pathological waste that the person generates or handles;

(2) the segregation, packaging, labeling, collection, storage, and transportation procedures for the infectious waste or pathological waste that will be followed;

(3) the decontamination or disposal methods for the infectious or pathological waste that will be used;

(4) the transporters and disposal facilities that will be used for the infectious waste;

(5) the steps that will be taken to minimize the exposure of employees to infectious agents throughout the process of disposing of infectious or pathological wastes; and

(6) the name of the individual responsible for the management of the infectious waste or pathological waste.

(c) The management plan must be kept at the facility.

(d) Management plans must be accompanied by a statement of the quantity of infectious and pathological waste generated, decontaminated, stored, incinerated, or disposed of at the facility during the previous two-year period. Quantities may be reported by weight, volume, or number and capacity of containers.

(e) A management plan must be updated and resubmitted at least once every two years.

Subd. 2. [FEDERAL MANAGEMENT PLAN.] Notwithstanding subdivision 1, paragraph (b), a management plan that complies with federal regulations applicable to such plans is sufficient to meet the other requirements of this section.

Subd. 3. [COMPLIANCE WITH MANAGEMENT PLANS.] A facility or entity that prepares a management plan must comply with the management plan.

Subd. 4. [GENERATORS' PLANS.] (a) Management plans prepared by facilities that generate infectious or pathological waste must be submitted to the commissioner of health with a fee of \$150 for facilities with 25 or more employees, or a fee of \$25 for facilities with less than 25 employees. The fee must be credited to an infectious waste account.

(b) A person who begins the generation of infectious or pathological waste after January 1, 1990, must submit to the commissioner of health a copy of the person's management plan prior to initiating the handling of the infectious or pathological waste.

(c) If a generator also incinerates or disposes of infectious or pathological waste, a separate management plan must be prepared for the incineration or disposal activities.

(d) The commissioner of health must establish a procedure for randomly reviewing the plans.

(e) The commissioner of health may require a management plan of a generator to be modified if the commissioner of health determines that the plan is not consistent with state or federal law or that the plan is not adequate to minimize exposure of persons to the infectious or pathological waste.

Subd. 5. [PLANS FOR STORAGE, DECONTAMINATION, INCINERATION, AND DISPOSAL FACILITIES:] (a) A person who stores or decontaminates infectious or pathological waste, other than at the facility where the waste was generated, or a person who incinerates or disposes of infectious or pathological waste, must submit a copy of the management plan to the commissioner of the pollution control agency with a fee of \$150. The fee must be credited to an infectious waste account.

(b) The commissioner shall review the plans and may require a plan to be modified within 90 days after the plan is submitted if the commissioner determines that the plan is not consistent with state or federal law or that the plan is not adequate to minimize exposure of persons to the waste.

Sec. 9. [116.83] [REGISTRATION OF COMMERCIAL TRANSPORTERS.]

Subdivision 1. [REGISTRATION REQUIRED.] No person may transport infectious waste in Minnesota for financial gain unless the person has first registered with the commissioner as an infectious waste transporter. The commissioner shall issue a registration card with a unique registration number to the registrant unless the commissioner finds that registrant has outstanding unresolved violations of this section or a history of serious violations of chapter 115, 115A, 115B, or 116. The registration card must include the date the card expires. A transporter covered by this section must reregister with the commissioner every two years.

Subd. 2. [TRANSFER OF INFECTIOUS WASTE.] A generator must not transfer infectious or pathological waste to a commercial transporter unless the transporter is registered with the commissioner. A transporter must not deliver infectious waste to a facility not authorized to accept the waste. A person who is registered to transport infectious waste may not refuse waste generated from a facility that is noninfectious pathological waste, has been properly decontaminated, or that is properly packaged and labeled as "infectious waste."

Subd. 3. [SUBMISSION OF MANAGEMENT PLANS.] In order to obtain a registration card, any person who transports infectious waste must by January 1, 1990, and every two years thereafter, submit to the commissioner the management plan required by section 8. The commissioner shall review the plans and may require a plan to be modified within 90 days after the plan is submitted if the commissioner determines that the plan is not consistent with state or federal law or that the plan is not adequate to minimize exposure of persons to the waste. Management plans must be accompanied by a statement of the total quantity of infectious waste transported during the previous two years. Quantities may be reported by weight, volume, or number and capacity of containers.

Sec. 10. [116.84] [RULES.]

The department may adopt rules to implement sections 1 to 9 that affect generators, and the agency may adopt rules to implement sections 1 to 9 that affect other persons subject to these sections.

Sec. 11. [116.85] [ENFORCEMENT.]

Subdivision 1. [STATE RESPONSIBILITIES.] Either the agency or the department may enforce any requirement of sections 1 to 10. The department is primarily responsible for enforcement involving generators. The agency is primarily responsible for enforcement involving other persons subject to sections 1 to 13.

Subd. 2. [ENFORCEMENT AUTHORITY.] The agency and the department may enforce sections 1 to 10 under sections 115.071 and 116.072.

Subd. 3. [ACCESS TO INFORMATION AND PROPERTY.] The agency or the department, or any member, employee, or agent thereof authorized by the agency or department, upon presentation of credentials, may during regular business hours:

(1) examine and copy any books, records, memoranda, or data that is related to compliance with sections 1 to 9; and

(2) enter upon any property, public or private, regulated by sections 1 to 9 for the purpose of taking any action authorized by this section including obtaining information and conducting investigations except that this clause does not apply to a patient treatment area until vacated by the patient.

Sec. 12. [116.86] [AUTHORITY OF LOCAL GOVERNMENT.]

Subdivision 1. [AUTHORITY; ENFORCEMENT.] No county, municipality, or other local unit of government may adopt a definition of infectious or pathological waste that differs from the definitions in section 2, or management requirements for infectious waste that differ from the requirements of sections 4 and 8. Sections 1 to 10 may be enforced by a county under the authority granted to the department and the agency in section 11. Separate enforcement actions may not be brought by a state agency and a county for the same violations.

Subd. 2. [LOCAL SOLID WASTE AUTHORITY.] (a) Sections 2 to 6 do not affect local implementation of collection, storage, or disposal of solid waste that does not contain infectious or pathological waste.

(b) Sections 2 to 6 do not affect county authority under other law to regulate and manage solid waste that does not contain infectious or pathological waste.

(c) A political subdivision, as defined in section 115A.03, subdivision 24, may not require a refuse derived fuel facility to accept infectious waste or pathological waste.

Sec. 13. [116.87] [STUDY.]

The agency, in consultation with the department, shall study the feasibility of establishing a collection system for sharps generated by households.

Sec. 14. Minnesota Statutes 1988, section 609.671, is amended by adding a subdivision to read:

Subd. 10. [INFECTIOUS WASTE.] Any person who knowingly, or with reason to know, disposes of infectious waste as defined in section 2 or arranges for the disposal of infectious waste at a location or in a manner that has not been authorized by state law is guilty of a gross misdemeanor and may be sentenced to imprisonment for not more than one year, or to pay a fine of not more than \$10,000, or both. A person convicted for a second or subsequent offense may be sentenced to imprisonment for not more than two years, or to pay a fine of not more than \$25,000, or both.

#### “ARTICLE 1

#### PROTECTION OF GROUNDWATER

##### Section 1. [115D.01] [GOAL; PREVENTION OF GROUND-WATER DEGRADATION.]

It is the goal of the state that groundwater be maintained in its natural condition, free from any degradation caused by human activities. It is recognized that for some human activities this nondegradation goal cannot be practicably achieved. However, where prevention is practicable, it is intended that it be achieved. Where it is not currently practicable, the development of methods and technology that will make prevention practicable is encouraged. The prevention and cleanup of groundwater pollution is crucial to the public health and welfare and the environment of the state because:

(1) Minnesota's high quality groundwater is a precious natural resource upon which Minnesotans depend for many uses, including drinking water and agricultural and industrial uses;

(2) this resource is currently being threatened by pollution from a variety of land and water uses, including domestic, agricultural, and industrial uses;

(3) groundwater of the state is contained in a series of related and often interconnected aquifers, and pollutants entering the ground-water may spread both horizontally and vertically and may enter and impair surface waters;

(4) once groundwater becomes polluted, it is extremely difficult and at times impossible to return it to its natural state;

(5) consumption of polluted groundwater can result in significant health impacts, even at relatively low concentrations; and

(6) groundwater must be protected for consumption and other uses by future generations.

Sec. 2. [115D.02] [DEFINITIONS.]

Subdivision 1. [APPLICABLE DEFINITIONS.] The definitions provided in this section apply to terms used in sections 1 to 7, unless the context requires otherwise. The definitions provided in section 115.01 apply to terms used in sections 1 to 7, unless a different definition is provided in this section or the context requires otherwise.

Subd. 2. [BEST MANAGEMENT PRACTICES.] "Best management practices" means those practices that are most capable of preventing, reducing, minimizing, or eliminating the pollution of the waters of the state, and are most practicable, considering availability, economic factors, effectiveness, environmental impacts, ability to be implemented, and technical feasibility. Best management practices apply to, but are not limited to, schedules of activities, operation procedures, practices, techniques, maintenance procedures, application and use of chemicals, drainage from raw material storage, treatment requirements, and other activities that may cause or contribute to water pollution.

Subd. 3. [PERSON.] "Person" means a human being; a municipality or other governmental or political subdivision; a public agency; a public or private corporation; a partnership, firm, association, or other organization; a receiver, trustee, assignee, agent, or other legal representative of any of the foregoing; or any other legal entity.

Subd. 4. [REGULATING AUTHORITY.] "Regulating authority" means a state agency, political subdivision, special purpose district, or other governmental unit with legal authority to adopt and enforce water resources protection requirements.

Subd. 5. [WATER RESOURCES PROTECTION REQUIREMENTS.] "Water resources protection requirements" means requirements intended to prevent, reduce, minimize, or eliminate pollution of the waters of the state that are enforceable under law, ordinance, permit, license, or order. Water resources protection requirements include: design criteria, guidance, or requirements; standards; operation and maintenance procedures; practices to

control releases, spills, leaks, and sludge and waste disposal; restrictions on use and practices; and treatment requirements.

Sec. 3. [115D.03] [ADEQUACY OF STATE PROGRAMS.]

Subdivision 1. [PROGRAM REVIEW.] The environmental quality board shall identify those state agency programs that affect activities that may cause or contribute to groundwater pollution. Agencies shall review the identified programs and current management practices according to the following criteria:

(1) consistency with and effectiveness in achieving the goal of section 1, effectiveness in meeting the limits established under section 5, and application of special protective measures in sensitive areas identified under section 7;

(2) enforceability of current water resources protection requirements, and effectiveness of enforcement mechanisms;

(3) sufficiency of staff and funds to match the scope of the problems; and

(4) adequacy of review of individual facilities or practices.

The reviewing agencies shall report their findings to the board by July 1, 1990. The board shall determine the adequacy of groundwater protection efforts from this review. The board shall report its recommendations to the governor and the legislature by November 15, 1990, and at four-year intervals.

Subd. 2. [STATE AGENCIES.] Each state agency that has a program identified pursuant to subdivision 1 shall adopt water resources protection requirements or identify and develop best management practices to ensure that the program is consistent with and is effective in achieving the goal of section 1 and is effective in meeting the limits established under section 5. For those activities which may cause or contribute to pollution of groundwater, but are not directly regulated by the state, best management practices shall be promoted through education, support programs, incentives, and other mechanisms.

Subd. 3. [DEPARTMENT OF AGRICULTURE.] The department of agriculture shall adopt water resources protection requirements and identify and develop best management practices for the distribution, storage, and use of pesticides and fertilizers, except as otherwise provided in law.

Sec. 4. [115D.04] [DUTY TO PREVENT POLLUTION.]

Persons whose activity may cause or contribute to pollution of

groundwater shall use all practicable means of preventing the pollution.

Sec. 5. [115D.05] [HEALTH AND POLLUTION LIMITS.]

Subdivision 1. [DEPARTMENT OF HEALTH.] (a) The department of health shall adopt rules specifying procedures and criteria for establishing and periodically revising a list of health risk limits for drinking water. The rules shall require the limits to be set at levels such that there is no significant long-term risk to human health from using that water, considering prudent margins of safety and complicating effects due to the presence of multiple pollutants or breakdown products. The rules shall provide for the establishment of temporary emergency limits that are not subject to paragraph (b).

(b) After rules are adopted under paragraph (a), the department shall establish a list of health risk limits in accordance with the rules and the procedures provided in this paragraph. The establishment of the list is exempt from the requirements of chapter 14. The department shall reevaluate each limit at least every four years after it has been established. Before a list of health risk limits is established or revised, the department shall:

(1) publish in the State Register notice of its intent to establish or revise health risk limits for specific substances and shall solicit information on the health impacts of those substances;

(2) publish a proposed list of health risk limits in the State Register allowing 60 days for public comment; and

(3) publish the final list of health risk limits in the State Register and, at the same time, make available a summary of the public comments received and the department's responses to the comments.

(c) A limit established by the department under paragraph (b) may be challenged in the manner provided in sections 14.44 and 14.45, except that the court may declare a limit invalid only if it finds that the limit was not established in accordance with the rules adopted under paragraph (a) or the procedures provided in paragraph (b) or that the limit is arbitrary or capricious.

Subd. 2. [POLLUTION CONTROL AGENCY.] The pollution control agency shall adopt rules establishing numerical groundwater pollution limits. The rules shall:

(1) use the department of health's health risk limits as the measure of health risk;

(2) provide for the establishment of more protective limits where groundwater interactions with surface water may otherwise result in impairment of surface water quality;

(3) not preclude regulating authorities from adopting more stringent requirements for facilities or practices to further minimize pollution consistent with section 1, where it is practicable; and

(4) provide standards for measuring the adequacy of state agency programs under section 3 and guiding the actions of regulating authorities under section 6.

Sec. 6. [115D.06] [ACTIONS BY REGULATING AUTHORITIES.]

Subdivision 1. [GROUNDWATER POLLUTION NOT IN EXCESS OF LIMITS.] If groundwater pollution has occurred, but does not exceed the limits established under section 5, the regulating authority may take appropriate actions consistent with the goal of section 1 and the limits established under section 5.

Subd. 2. [GROUNDWATER POLLUTION IN EXCESS OF LIMITS.] If groundwater pollution exceeds or is likely to exceed limits established under section 5, the regulating authority shall take appropriate actions consistent with the goal of section 1 and the limits established under section 5.

Subd. 3. [APPROPRIATE ACTIONS.] For the purpose of this section, "appropriate actions" include actions to confirm detection and investigate possible sources, investigate the extent of groundwater pollution, conduct informational or educational efforts in the affected areas, require implementation of management practices, develop more protective water resources protection requirements, require changes in monitoring, restrict or modify the activity or use in question, or require or provide groundwater remediation or containment. Nothing in this section shall be interpreted to confer any authority to adopt water resources protection requirements upon any state agency, political subdivision, special purpose district, or other local governmental unit beyond the authority conferred by other law.

Subd. 4. [NITROGEN COMPOUNDS IN GROUNDWATER.] The pollution control agency and the department of agriculture, in consultation with the board of water and soil resources and Minnesota agricultural experiment station, shall prepare a report on nitrate and related nitrogen compounds in groundwater. The report shall consider recommendations made by local government in comprehensive local water plans and the program review required in section 3, subdivision 2, use data developed by the Minnesota agricultural experiment station, and shall incorporate the findings of the fertilizer nitrogen task force identified in article 2, section 11. This report shall be submitted to the environmental quality board

by July 1, 1991. The board shall provide recommendations to the legislature by November 15, 1991, based upon this report.

The report shall be based on existing information and shall examine areas in which improvements in the state and local response to this problem are feasible. The report shall address, but not be limited to, the following issues: the determination of trends in nitrogen pollution; causative factors; the development of recommended best management practices to reduce or minimize pollution; regulatory controls; the feasibility of proposed treatment and corrective or mitigative measures; and the economic impacts of proposed corrective measures.

Sec. 7. [115D.07] [PROTECTION OF SENSITIVE AREAS.]

Subdivision 1. [DEFINITIONS.] (a) "Sensitive area" or "sensitive groundwater area" means a geographic area defined by natural features where the groundwater is at significant risk of contamination from activities conducted at or near the land surface.

(b) "Special protective measures" means any of a combination of measures which are undertaken in sensitive areas to meet the goal of section 1 and the limits established under section 5.

Subd. 2. [CRITERIA FOR DETERMINATION OF SENSITIVE AREAS.] The environmental quality board shall, after consultation with representatives of local government, adopt a list of specific criteria for identifying sensitive groundwater areas, establish procedures for applying the criteria and for applying special protective measures in such areas, by September 30, 1991.

Subd. 3. [INFORMATION GATHERING.] State agencies shall incorporate these criteria and special protective measures into their programs. The environmental quality board is responsible for coordinating state and state-funded local information gathering efforts pursuant to the identification of sensitive groundwater areas. Information shall be collected and automated in accordance with article 6, section 6.

Sec. 8. [115D.08] [EFFECT ON OTHER LAW.]

Sections 1 to 7 do not limit any person's cause of action under chapter 116B; restrict the authority that a state agency or a local unit of government may have from any other law; or create new enforcement authority. Sections 1 to 7 are intended to provide direction for the implementation of existing regulatory programs.

## ARTICLE 2

Subd. 2. [DELEGATION OF DUTIES.] The commissioner's duties under this chapter may be delegated to designated employees or agents of the department of agriculture.

Subdivision 1. [SUBSTANTIATION OF CLAIMS.] The commissioner may require a person applying for a license or registration to manufacture or distribute a product for use in Minnesota to submit authentic experimental evidence or university research data to substantiate the claims made for the product. As evidence to substantiate claims, the commissioner may rely on experimental data, evaluations, or advice furnished by experts at the University of Minnesota and may accept or reject additional sources of evidence in evaluating a commercial fertilizer or soil or plant amendment. The experimental evidence must relate to conditions in Minnesota

for which the product is intended. The commissioner may also require evidence of value when used as directed or recommended.

(3) if the commissioner determines that the commercial fertilizer, soil amendment, plant amendment, or any other additive with substantially the same contents, is not useful in this state; or

(4) the facility is not safeguarded for bulk storage under section 17.7155 and as required by rule.

Subd. 4. [APPLICATION REVIEW AND REGISTRATION.] After reviewing the application accompanied by the application fee, the commissioner may issue a conditional license or registration to prevent unreasonable adverse effects on the environment or if the commissioner determines that the applicant needs the license or registration to accumulate information necessary to substantiate claims or to correct minor label violations. The commissioner may prescribe terms, conditions, and a limited period of time for the conditional license or registration. After a conditional license or registration is issued, the commissioner may revoke or modify the license or registration if the commissioner finds that its terms or conditions are being violated or are inadequate to avoid unreasonable adverse effects on the environment.

The commissioner may deny issuance of a conditional license or registration if the commissioner determines that issuance of a license or registration is not warranted or that the use to be made of the product under the proposed terms and conditions may cause unreasonable adverse effects on the environment.

The nitrogen fertilizer management plan must include components promoting prevention and developing appropriate responses to the detection of inorganic nitrogen from fertilizer sources in ground or surface water.

The task force shall report its recommendations to the commissioner by May 1, 1990. The commissioner shall report to the environmental quality board by July 1, 1990, on the task force's recommendations. (3) violated this chapter in a way that contributed to the incident.

Subd. 4. [DEFENSE.] As a defense to a penalty or liability for damages, a person may prove that the violation was caused solely by an act of God, an act of war, or an act or failure to act that constitutes sabotage or vandalism, or any combination of these defenses.

Sec. 46. [17.7288] [APPORTIONMENT AND CONTRIBUTION.]

Subdivision 1. [RIGHT OF APPORTIONMENT; FACTORS.] A person held liable under this chapter has the right to have the trier

of fact apportion liability among the parties as provided in this section. The burden is on each responsible party to show how that responsible party's liability should be apportioned. The trier of fact shall reduce the amount of damages in proportion to any amount of liability apportioned to the party recovering.

In apportioning the liability of a party under this section, the trier of fact shall consider the following:

- (1) the extent to which that party contributed to the incident;
- (2) the amount of commercial fertilizer, soil amendment, or plant amendment involved;
- (3) the degree of toxicity of the commercial fertilizer, soil amendment, or plant amendment involved;

- (5) the degree of cooperation by the party with federal, state, or local officials to prevent any harm to the public health or the environment; and
- (6) knowledge by the party of the hazardous nature of the commercial fertilizer, soil amendment, or plant amendment.

Subd. 2. [CONTRIBUTION.] If a person is held liable under this chapter and establishes a proportionate share of the aggregate liability, section 604.02, subdivisions 1 and 2, apply with respect to contribution and reallocation of any uncollectible amounts, except that an administrative law judge may also perform the functions of a court identified in section 604.02, subdivision 2.

Sec. 55. [18B.41] [PESTICIDE MANAGEMENT PLAN.]

Subdivision 1. [PLAN SPECIFICATIONS.] The commissioner shall develop a pesticide management plan for the prevention, evaluation, and mitigation of occurrences of pesticides or pesticide breakdown products in groundwaters and surface waters of the state. The pesticide management plan must include components promoting prevention, developing appropriate responses to the detection of pesticides or pesticide breakdown products in groundwater and surface waters, and providing responses to reduce or eliminate continued pesticide movement to groundwater and surface water as outlined in subdivisions 3 to 8.

The pesticide management plan shall be coordinated and developed with other state agency plans and with other state agencies through the environmental quality board. In addition, farm organizations, farmers, environmental organizations, and industry shall be involved in the pesticide management plan development.

Subd. 2. [DEFINITIONS.] The definitions in this subdivision apply to this section.

(a) "Pesticide" means a pesticide active ingredient as defined in section 18B.01, subdivision 18, or the breakdown product or metabolite of the pesticide active ingredient.

(b) "Specific management plan" means a plan applied to a pesticide and may be specific to a pesticide-sensitive groundwater protection area that incorporates voluntary chemical and nonchemical activities, procedures, and practices or pesticide use restrictions established by the department of agriculture in consultation

with the University of Minnesota agricultural extension service due to determination of common detection of a pesticide in groundwater.

(c) "Nonpoint source" means the presence of a pesticide in groundwater or surface water from normal registered use of a pesticide.

(d) "Pesticide-sensitive groundwater protection areas" means a geographically definable area with characteristics of susceptibility to pesticide migration to groundwater and containing criteria as stipulated in article 1, section 5, subdivision 2.

(e) "Best management practices" means practices as defined in article 1, section 2, subdivision 2.

(f) "Water resources protection measures" has the meaning given it in article 1, section 2, subdivision 5.

(g) "Monitoring" means a program designed for the collection of data, through a network of groundwater quality sampling stations or surface water sampling points, for scientific inquiry and statistically significant analysis.

Subd. 3. [PESTICIDE-SENSITIVE GROUNDWATER PROTECTION AREAS.] The commissioner shall designate pesticide-sensitive groundwater protection areas based on criteria established in article 1, section 7, subdivision 2, and may involve cooperation with the department of natural resources, the pollution control agency, the University of Minnesota, and other pertinent local, state, or federal agencies. Pesticide-sensitive groundwater protection areas must be based on factors associated with susceptibility of groundwater to the leaching or direct movement of pesticides to the groundwater.

Upon designation of pesticide-sensitive groundwater protection areas the commissioner shall conduct an assessment of the likelihood of certain pesticides to migrate to groundwater. Determination of pesticide mobility must be based on the best currently available data and may involve pesticide registrants data and state and federal data bases. Mobile pesticide determination must include pesticide use, physiochemical properties, and previous groundwater detection information.

The commissioner shall increase regulatory efforts in pesticide-sensitive groundwater protection areas, provide additional and increased pesticide educational and training activities for prevention of movement of pesticides to water resources.

Subd. 4. [PESTICIDE USE INFORMATION.] The commissioner shall monitor urban and rural pesticide use on a biennial basis.

Information shall be collected and automated consistent with article 6, section 6.

Subd. 5. [BEST MANAGEMENT PRACTICES.] The commissioner shall promote best management practices that minimize the potential for pesticide movement to water resources throughout the state. Within a pesticide-sensitive groundwater protection area the commissioner shall promote additional appropriate best management practices and may consult with representatives of farmers, local and state agencies, the University of Minnesota, federal agencies, and the pesticide industry. The best management practices for agricultural and urban pesticide use must be practical and appropriate for implementation in the pesticide-sensitive groundwater protection areas. In addition to agronomic and horticultural best management practices, increased and expanded pesticide educational programs for counties with designated pesticide groundwater protection areas shall be provided.

Subd. 6. [EVALUATION OF DETECTION.] The commissioner shall evaluate the detection of pesticides in groundwaters of the state to determine the probable source and possible courses of action. Evaluation of the detection of the presence of a pesticide may include, but is not limited to, the following items:

(1) the methods of sample collection, handling, and confirmation mechanisms;

(2) the adherence of the reporting laboratory to good laboratory practices;

(3) the adequacy of the quality control and quality assurance programs;

(4) the physiochemical properties of the pesticide and their relationship, if any, to the detection;

(5) the general climatological, geographical, and hydrogeological factors that may impact the detection of the pesticide;

(6) the relationship of the concentration detected to the health based standard;

(7) the information available of the construction of the well from which the sample was obtained;

(8) the information available on pesticide use in the area;

(9) other potential pesticide sources; and

(10) the adherence to label directions, including precautions on the pesticide product label.

If conditions indicate a likelihood that the detection of the pesticide to be a result of normal registered use, the commissioner shall evaluate the need for increased promotion of best management practices and water resources protection measures to mitigate potential nonpoint source impact. Monitoring and subsequent evaluation shall occur on an as needed basis to determine if the pesticide is commonly detected and the potential nonpoint impacts of the pesticide in similar conditions.

Subd. 7. [SPECIFIC PESTICIDE MANAGEMENT PLAN.] The commissioner shall develop a specific pesticide management plan for a pesticide if the pesticide has been determined to be commonly detected in groundwater as a result of normal registered use following evaluation by the commissioner. Each specific pesticide management plan must be designed to minimize movement to groundwater through a series of efforts such as increased educational activities, increased training and certification, and increased enforcement activities.

The commissioner shall develop and implement a focused groundwater monitoring and hydrogeologic evaluation following common pesticide detection to evaluate contamination frequency and concentration trend. Assessment of the site-specific and pesticide-specific conditions and the likelihood of common detection must include monitoring, pesticide use information, physical and chemical properties of the pesticide hydrogeologic information and review of information, and data from other local, state, or federal monitoring data bases.

The specific pesticide management plan must be developed following evaluation, increased monitoring efforts, and site-specific and pesticide-specific information. The specific management plan must include best management practices and water resources protection measures and pesticide use restrictions commensurate with applicable information obtained by the commissioner, the severity of the groundwater contamination and the trend assessment. The specific pesticide management plan must involve the registrant and be coordinated with the department of natural resources, the pollution control agency, the University of Minnesota agricultural extension service, the Minnesota environmental education board, the environmental quality board, the state planning agency, the department of health, the board of water and soil resources, and may include consultation with appropriate federal agencies, local governmental units, farm organizations, and the pesticide industry. The specific pesticide management plan shall be updated at no more than two-year intervals.

Subd. 8. [ACTIONS TO COMMON DETECTIONS WITH CON-

CENTRATIONS OR TRENDS GREATER THAN HEALTH LIMITS.] The commissioner shall impose additional use restrictions, or label modifications or cancel a pesticide use when:

(1) common detections of pesticides exceed previous or newly established limits as described in article 1, section 5 or, where applicable, state drinking water standards; or

(2) if trend analysis indicates that common detections will exceed limits as described in article 1, section 5 or, where applicable, state drinking water standards notwithstanding implementation of best management practices and water resources protection measures or previous use restrictions.

Restrictions may include limitations on product purpose, rate, time of application, frequency of application, method of application, application to soil types or crops, or geographic area of application. Restrictions may be altered based on continued trend analysis of common pesticide detections.

Subd. 9. [RULES.] The commissioner shall adopt permanent rules necessary to implement this section. The rules must contain at a minimum:

(1) an education and information plan to promote pesticide best management practices and water resources protection measures in pesticide-sensitive groundwater protection areas;

(2) investigation and monitoring procedures to assess unusual pesticide detections in groundwater;

(3) procedures to implement best management practices and water resources protection measures, increased monitoring, and trend evaluation following the common detection of pesticides; and

(4) regulatory actions to be taken if trend analysis or common detections indicate exceedance of limits as described in article 1, section 5 or, where appropriate, state drinking water standards.

Sec. 56. [PESTICIDE CONTAINER COLLECTION AND RECYCLING PILOT PROJECT.]

Subdivision 1. [PESTICIDE; DEFINITION.] For the purposes of this section, "pesticide" means a substance or mixture of substances intended to prevent, destroy, repel, or mitigate a pest, and a substance or mixture of substances intended for use as a plant regulator, defoliant, or desiccant.

Subd. 2. [PROJECT.] The department of agriculture, in consultation and cooperation with the commissioner of the pollution control

agency, shall design and implement a pilot collection project, to be completed by June 30, 1991, to:

(1) collect, recycle, and dispose of empty, triple-rinsed pesticide containers;

(2) develop, demonstrate, and promote proper pesticide container management; and

(3) evaluate the current pesticide container management methods and the cause and extent of the problems associated with pesticide containers.

Subd. 3. [COLLECTION AND DISPOSAL.] The department of agriculture shall provide for the establishment and operation of temporary collection sites for pesticide containers. The department may limit the type and quantity of pesticide containers acceptable for collection.

Subd. 4. [INFORMATION AND EDUCATION.] The department shall develop informational and educational materials to promote proper methods of pesticide container management.

Subd. 5. [REPORT.] During the pilot project, the department of agriculture shall conduct surveys and collect information on proper and improper pesticide container storage and disposal. By November 30, 1991, the department shall report to the legislature its conclusions from the project and recommendations for additional legislation or rules governing management of pesticide containers.

Subd. 6. [MANAGEMENT AND DISPOSAL.] The department of agriculture or other entity collecting pesticide containers must manage and dispose of the containers in compliance with applicable federal and state requirements.

A person may not construct a monitoring well until the owner of the property on which the well is located and the well owner sign a written contract that describes the nature of the work to be performed, the estimated cost of the work, and provisions for sealing the well.

Subd. 2. [PERMIT REQUIRED.] After December 31, 1989, a person shall not construct a water well, dewatering well, or a monitoring well, and after December 31, 1990, excavate a hole to install an elevator shaft or hydraulic cylinder for an elevator, until the commissioner of health or delegated agency issues a permit for construction. If an initial well is unsuccessful, the permit shall be modified to indicate the location of the successful well. No other permit may be required by a county or municipality. The commissioner of health may adopt rules that modify the procedures for applying for a permit for construction when conditions arise that endanger the public health and welfare or cause a need to protect the groundwater and those conditions require the monitoring well contractor, elevator shaft contractor, or well contractor to begin constructing a water well or hole for an elevator shaft or hydraulic cylinder before obtaining a permit. The owner of a well shall obtain an annual maintenance permit for:

(1) a water well that is used less than 28 days a year as a primary source of water for domestic, agricultural, commercial, industrial or public use;

(2) a monitoring well that is used for more than 12 months after completion of construction;

(3) a water well used as a secondary or a backup source of water located on a property served by a public water supply; or

(4) a dewatering well that is used for more than 12 months after completion of construction.

Subd. 3. [WATER WELLS MUST BE IDENTIFIED.] When a water well has been constructed, the contractor shall attach to the well a label showing the unique well number, the depth of the well, the contractor's name, and the date the well was constructed.

Subd. 4. [NONCONFORMING MONITORING WELL.] Any monitoring well whose casing is completed less than 12 inches above grade, may only be constructed if there is no alternative location for

constructing a well that ends at least 12 inches above grade. All these monitoring wells must be constructed and sealed in accordance with rules to be adopted by the commissioner.

(a) A plan describing the proposed location and construction of the monitoring well shall be submitted for review and approval by the commissioner before construction. A \$150 fee shall accompany the plan.

(b) After December 31, 1989, a person shall not construct a nonconforming monitoring well until the commissioner of health or delegated agency issues a permit for construction. The owner of a nonconforming monitoring well shall obtain an annual maintenance permit for a well that is used for more than 12 months after completion of construction.

Subd. 5. [DISTANCE REQUIREMENTS FOR SOURCES OF CONTAMINATION.] No person may place, construct, or install an actual or potential source of contamination any closer to a well than the isolation distances set in the Minnesota water well code adopted under section 156A.05 unless a variance has been issued by the commissioner according to the procedures in the water well construction code.

Subd. 6. [WHEN A WATER WELL MUST BE SEALED.] A water well must be permanently sealed according to the water well construction code if any or all of the following conditions exist:

(1) the water well is contaminated;

(2) the water well has not been sealed according to the rules of the commissioner;

(3) the water well is located, constructed, or maintained in such a manner that its continued use or existence endangers the quality of the groundwater or provides a health or safety hazard;

(4) the water well does not produce water because it is not equipped with an operable pump or the electrical supply has been disconnected from the well, or

(5) the water well has construction failure that may include holes in the casing, collapsed hole, plugged screens, or pumps only sediment or sand.

Subd. 7. [REPORT OF WORK.] Within 30 days after completion or sealing of a well or completion of an excavation for or sealing of an elevator shaft or hydraulic cylinder, a person licensed or registered under this chapter or a person exempt under section 156A.03, subdivision 4, paragraph (a), clause (1), shall submit to the commis-

sioner of health a verified report upon forms provided by the commissioner. The report must contain the following information: (1) the name and address of the owner of the well, elevator shaft or hydraulic cylinder shaft and the actual location of the well or elevator shaft or hydraulic cylinder shaft; (2) a log of the materials and water encountered in connection with drilling, and related pumping tests; and (3) other information the commissioner may require concerning the drilling or sealing of the well or hole for an elevator shaft or hydraulic cylinder. Within 30 days after receiving the report, the commissioner of health shall send one copy of the report to the commissioner of natural resources, the local soil and water conservation district within which the well or elevator shaft or hydraulic cylinder shaft is located, and one copy to the director of the Minnesota geological survey.

Sec. 6. [156A.042] [ENVIRONMENTAL BORE HOLES.]

The owner must pay a fee of \$150 for a new well drilled with pumping capacity of less than 50 gallons a minute; and \$300 for wells with pumping capacity of 50 gallons a minute or more. The owner of a well that is unsealed and that meets any of the conditions in section 5, subdivision 2, must pay an annual maintenance permit fee of \$50.

The owner of the property on which water wells are constructed for the purpose of dewatering shall pay a permit fee of \$50 for each well constructed. A dewatering project comprising more than ten wells shall be issued a single permit for \$500. All the wells constructed for a project must be recorded on the permit.

The owner of the property with dewatering wells operating for more than 12 months after completion of construction must pay an annual maintenance permit fee of \$25 for each well.

For monitoring wells and nonconforming monitoring wells, the owner of the land on which a monitoring well is located must obtain a permit for each well. The fee for construction of monitoring wells is \$50 for each well. The property owner must annually renew the permit and pay a maintenance fee of \$25 for each well.

For excavating holes for the purpose of installing elevator shafts or hydraulic cylinders for elevators, the owner of the property must obtain a permit for each hole to be excavated. The fee for excavating holes for elevator shafts or hydraulic cylinders for elevators is \$150 for each hole.

Subd. 2. [DISCLOSURE OF WELLS TO BUYER.] Effective July 1, 1990, before signing an agreement to sell or transfer property, the seller or transferor shall disclose in writing to the buyer or transferee information about the status and the location of all wells on the property, including the town, range, section, and quartile. In the disclosure, the seller or transferor must indicate, for each well, whether it is in use, not in use, or permanently sealed. At the time of sale, the same information must be provided on a well certificate form available from the commissioner signed by the seller or transferor of the property. The county recorder shall not record a deed, instrument, or writing for which a certificate of value is required under section 272.115, unless the well certificate required by this section accompanies the deed, instrument, or writing. The owner shall retain a copy. The county recorder shall transmit the well certificate to the department of health within 30 days after receiving the certificate.

Subd. 3. [FAILURE TO DISCLOSE AT TIME OF SALE.] If a seller or transferor fails to disclose the existence of a well at the time of sale, the buyer or transferee has a civil right of action for damages against the seller for any costs relating to the cleanup of any groundwater contamination related to the fact that the well was not properly sealed at the time of sale. The right of action must be exercised by the buyer or transferee within six years after the date the buyer purchased or transferee received the property on which the well is located.

Subd. 4. [WHO MUST SEAL WELLS.] To seal wells, the owner of property on which a well is located shall employ a licensed water well contractor or a contractor with a license to seal unused wells. The owner of property with monitoring wells, or holes for elevator shafts, or hydraulic cylinders for elevators shall employ a licensed water well contractor, a contractor with a license to seal unused wells, or a monitoring well contractor to seal monitoring wells no longer in use; and an elevator shaft contractor to seal holes no longer used for elevator shafts or shafts for hydraulic cylinders for elevators.

Subd. 5. [OWNER'S CAUSE OF ACTION.] The owner of the property on which a water well or a shaft for an elevator or hydraulic cylinder for an elevator is located has a cause of action for civil damages against a person whose action or inaction caused contamination of the well. The right of an owner to maintain a cause of action extends for a period of six years after the owner knows or becomes aware of the contamination of the well. The court may

award damages, reasonable attorneys' fees, and costs and disbursements.

Subd. 6. [FEES DEPOSITED WITH STATE TREASURER.] Fees collected for permits or registration under this section shall be submitted to the department for deposit in the general fund.

Sec. 8. [156A.045] [PERMITS FOR GROUNDWATER THERMAL EXCHANGE DEVICES.]

Subdivision 1. [PERMIT REQUIRED.] Notwithstanding any department or agency rule to the contrary, the commissioner shall issue, upon request by the owner of the property and submission of a \$50 fee, permits for the reinjection of water by a properly constructed well into the same aquifer from which the water was drawn for the operation of a groundwater thermal exchange device.

Subd. 2. [PROCEDURES FOR GROUNDWATER EXCHANGE.] Withdrawal and reinjection shall be accomplished by a closed system in which the waters drawn for thermal exchange have no contact or commingling with water from other sources or with any polluting material or substances. The closed system must be constructed to allow opening for inspection by the commissioner. Wells that are part of a groundwater thermal exchange system shall serve no other function. However, water may be supplied to the domestic water system if the supply is taken off the thermal exchange system ahead of the heat exchange unit, and if the water discharges to a break tank through an air gap that is at least twice the effective diameter of the water inlet to the tank. A groundwater thermal exchange system may be used for domestic water heating only if the water heating device is an integral part of the heat exchange unit that is used for space heating and cooling.

Subd. 3. [LIMITATIONS AND REQUIREMENTS FOR PERMITS.] As a condition of the permit issued under subdivision 1, an applicant shall agree to allow inspection by the commissioner of health during regular working hours for department inspectors. A maximum of 200 permits shall be issued for small systems having maximum capacities of 20 gallons per minute or less. The small systems shall be subject to inspection twice a year. A maximum of ten permits shall be issued for larger systems having maximum capacities from 20 to 50 gallons per minute. These larger systems shall be subject to inspection four times a year. The commissioner may adopt rules to administer this section.

Subd. 4. [REQUIREMENTS FOR WATER APPROPRIATION APPLY.] Water appropriation permit requirements and penalties provided in sections 105.41 to 105.416 and related rules adopted and enforced by the department of natural resources apply to groundwater thermal exchange permit recipients. A person issued a permit under subdivision 1 must comply with this section for the permit to

be valid. Noncompliance subjects the person to sanctions for the noncomplying activity that are available to the department of health and pollution control agency.

Sec. 9. [156A.047] [VERTICAL HEAT EXCHANGER; LICENSING AND REGULATION.]

Subd. 3. [PERMIT REQUIRED.] No water well contractor shall install a vertical heat exchanger without first obtaining a permit from the commissioner of health. The water well contractor must apply for the permit on forms provided by the commissioner and must pay a \$50 fee. As a condition of the permit, the owner of the property on which the vertical heat exchanger is to be installed shall agree to allow inspection by the commissioner, or an agent, during regular working hours of department of health inspectors.

Subd. 5. [APPLICATION.] (a) Counties shall complete and submit applications for well sealing grants on forms prescribed by the board.

- (3) current use of affected aquifers;
- (4) diversity of land use; and

(5) aquifer susceptibility to contamination by unsealed wells.

(b) The board and the commissioner of health shall establish priorities for sealing wells based upon the following criteria:

(3) proximity to known or potential point or nonpoint contamination sources;

(4) current contamination of the well or aquifer;

(5) susceptibility of aquifer to contamination by unsealed wells;

(6) limited availability of alternative sources of drinking water;

(7) potential for use of the well for monitoring groundwater;

### WATER APPROPRIATION PRIORITIES

Section 1. [105.406] [ONCE-THROUGH SYSTEMS PROHIBITED.]

After January 1, 1992, it is unlawful for any person, firm, or corporation, including the state, or any of its agencies or political subdivisions, or the University of Minnesota, to appropriate or use any groundwater in the state in a once-through comfort cooling or heating system that draws a continuous stream of water to remove heat for cooling, heating, or refrigeration purposes.

Sec. 2. Minnesota Statutes 1988, section 105.41, subdivision 1a, is amended to read:

Subd. 1a. [WATER ALLOCATION RULES, PRIORITIES.] The commissioner shall submit to the legislature by January 1, 1975, for

its approval, proposed adopt rules in the manner provided in chapter 14, governing the allocation of waters among potential water users. For the purposes of this section, "consumption" shall mean water withdrawn from a supply which is lost for immediate further use in the area. These rules must be based on the following priorities for the consumptive appropriation and use of water:

First priority: domestic water supply, excluding industrial and commercial uses of municipal water supply, and use for power production that meets the contingency planning provisions of section 105.417, subdivision 5.

Second priority: any use of water that involves consumption of less than 10,000 gallons of water a day. In this section "consumption" means water withdrawn from a supply that is lost for immediate further use in the area.

Third priority: agricultural irrigation, involving consumption in excess of 10,000 gallons a day, and processing of agricultural products.

Fourth priority: power production involving consumption in excess of 10,000 gallons a day in excess of the use provided for in the contingency plan developed pursuant to section 105.417, subdivision 5.

Fifth priority: other uses, involving consumption in excess of 10,000 gallons a day.

Appropriation and use of surface water from streams during periods of flood flows and high water levels must be encouraged subject to consideration of the purposes for use, quantities to be used, and the number of persons appropriating water.

Appropriation and use of surface water from lakes of less than 500 acres in surface area must be discouraged.

The treatment and reuse of water from nonconsumptive uses shall be encouraged.

Diversions of water from the state for use in other states or regions of the United States or Canada must be discouraged.

No permit may be issued under this section unless it is consistent with state, regional, and local water and related land resources management plans, if regional and local plans are consistent with statewide plans. The commissioner must not modify or restrict the amount of appropriation from a groundwater source authorized in a permit issued under section 105.44, subdivision 8, between May 1 and October 1 of any year, unless the commissioner determines the

authorized amount of appropriation endangers any domestic water supply.

Sec. 3. Minnesota Statutes 1988, section 105.418, is amended to read:

#### 105.418 [CONSERVATION OF PUBLIC WATER SUPPLIES.]

During periods of critical water deficiency as determined by the governor and declared by order of the governor, public water supply authorities appropriating water shall adopt and enforce restrictions consistent with rules adopted by the commissioner of natural resources within their areas of jurisdiction. The restrictions must limit lawn sprinkling, car washing, golf course and park irrigation, and other nonessential uses and have appropriate penalties for failure to comply with the restrictions. The commissioner may adopt emergency rules according to sections 14.29 to 14.36 relating to matters covered by this section during the year 1977. Disregard of critical water deficiency orders, even though total appropriation remains less than that permitted, is grounds for immediate modification of any public water supply authority's appropriator's permit.

The staff shall be hired and supervised for the commission by the executive director of the Minnesota future resources commission.

Subd. 3. [DATA FROM STATE AGENCIES; AVAILABILITY.] The commission may request information from any state officer or agency in order to assist it in carrying out its duties and such officer or agency is authorized and directed to promptly furnish any data required, subject to applicable requirements or restrictions imposed by chapter 13 and section 15.17.

Subd. 4. Subd. 19. [TERMS AND CONDITIONS OF EMPLOYMENT.] "Terms and conditions of employment" means the hours of employment, the compensation therefor including fringe benefits except retirement contributions or benefits other than employer payment of, or contributions to, premiums for group insurance coverage of retired employees or severance pay, and the employer's personnel policies affecting the working conditions of the employees. In the case of professional employees the term does not mean educational policies of a school district. "Terms and conditions of employment" is subject to section 179A.07. "Terms and conditions of employment" includes employer payment of, or contributions to, premiums for group insurance coverage of retired employees regardless of whether the contributions are made to an insurance company, a self-insurance plan, a private sector employee welfare or pension benefit plan, or other entity that provides group insurance coverage to the retired employees.

Sec. 2. Minnesota Statutes 1988, section 356.24, is amended to read:

356.24 [SUPPLEMENTAL PENSION OR DEFERRED COMPENSATION PLANS, RESTRICTIONS UPON GOVERNMENT UNITS.]

(a) It is unlawful for a school district or other governmental

(1) to a supplemental pension plan that was established, maintained, and operated before May 6, 1971;

(2) to a plan that provides solely for group health, hospital, disability, or death benefits, to the individual retirement account plan established by sections 354B.01 to 354B.04;

(b) No change in benefits or employer contributions in a supplemental pension plan to which this section applies after May 6, 1971, is effective without prior legislative authorization.

(c) This section does not prohibit a school district or other governmental subdivision or state agency from contributing public funds to a private sector employee welfare or pension benefit plan that provides group insurance coverage for active or retired employees of the governmental unit.

A political subdivision may provide in the bid specifications that self-insured health benefit plans will not be considered. Lowest responsible bidder means the insurer, service plan corporation, or self-insurance plan, if allowed by the bid specifications which offers

the lowest cost, is authorized to do business in this state, and is deemed by the governmental unit to be capable of satisfactorily performing the administration of the policy or contract in accordance with the bid specifications. The cost of changing plans may also be considered in determining the lowest cost. The aggregate value of benefits provided by a contract entered into after July 1, 1973, shall not be less than those provided by the preexisting contract (a) unless a majority of the employees covered under the group insurance plan and voting on the question agree to a reduction in the benefits, if the employees are not represented by an exclusive representative pursuant to section 179A.12, or (b) unless the public employer and the exclusive representative of the employees of an appropriate bargaining unit, certified under section 179A.12, agree to a reduction in the benefits.

No contract need be submitted to bid more frequently than once every 48 months, unless for any reason whatsoever, a 50 percent or greater change in the premium per covered employee under the policy contract is provided, required or indicated. If additional employees are added to an existing group pursuant to a joint powers agreement under section 471.59, new bids and award are not required.

When an insurer proposes an increase in rates, it shall accompany its proposal with an aggregate claims record for the appropriate period that explains the proposed increase. “Section 1. [LEGISLATIVE FINDINGS.]

International trade is becoming increasingly important to the state's economy. The legislature identifies two international trade activities that must be enhanced to encourage Minnesota businesses to expand their exports of products and services.

First, the state should pursue an increased effort in educating and preparing interested businesses in exporting. This increased effort must include workshops, prepared written and video materials, and resource information about markets and trade leads. The trade office should build partnerships with other technical assistance providers to make educational materials and resource information more readily available to businesses. In addition, the trade office should use the existing satellite facilities to provide interactive workshops across the states.

Secondly, the state should also increase its presence in foreign countries to assist businesses in gaining a marketshare for Minnesota products and services. The legislature recognizes the successful partnerships with Minnesota corporations in establishing a presence in foreign countries and urges the trade office to continue this leveraging of private sector in-kind contributions. Where partner-

ships are not practicable and trade efforts look promising, the trade office should open trade offices as resources allow. The trade office should also enter into partnerships with other states, when competitively possible, to promote trade in foreign countries.

Sec. 2. Minnesota Statutes 1988, section 116J.966, subdivision 1, is amended to read:

Subdivision 1. [GENERALLY.] (a) The commissioner shall promote, develop, and facilitate trade and foreign investment in Minnesota. In furtherance of these goals, and in addition to the powers granted by section 116J.035, the commissioner may:

(7) provide information, education, and counseling services to Minnesota businesses regarding the economic, commercial, legal, and cultural contexts of international trade;

(8) provide Minnesota businesses with international trade leads and information about the availability and sources of services relating to international trade, such as export financing, licensing, freight forwarding, international advertising, translation, and custom brokering;

(9) locate, attract, and promote foreign investment and business development in Minnesota to enhance employment opportunities in Minnesota;

(10) provide foreign businesses and investors desiring to locate facilities in Minnesota information regarding sources of governmental, legal, real estate, financial, and business services;

(11) undertake activities to support the world trade center; and

(12) enter into contracts or other agreements with private persons and public entities, including agreements to establish and maintain offices and other types of representation in foreign countries, to carry out the purposes of promoting international trade and attracting investment from foreign countries to Minnesota and to carry out this section, without regard to sections 16B.07 and 16B.09;

(13) enter into contracts or agreements with other states and Canadian provinces to jointly promote and develop international markets for common products and services, including trade offices and other types of representation in foreign countries; and

(14) coordinate the efforts between government, communities, educational institutions, and cultural institutions for establishing and maintaining international sister state relationships to further economic development ties and cultural and educational exchanges with foreign entities.

(b) The programs and activities of the commissioner of trade and economic development and the Minnesota trade division may not duplicate programs and activities of the commissioner of agriculture or the Minnesota world trade center corporation.

(c) The commissioner shall notify the chairs of the senate finance and house appropriations committees of each agreement under this subdivision to establish and maintain an office or other type of representation in a foreign country.

Sec. 3. Minnesota Statutes 1988, section 116J.966, is amended by adding a subdivision to read:

Subd. 3. [INTERNATIONAL INITIATIVES GRANT PROGRAM.] The commissioner may award grants to nonprofit organizations to support cultural and educational exchange programs that may lead to long-term trading relations. Grants must be matched with at least \$3 of nonstate funds for every dollar of the grant awarded under this section. (3) to reduce the economic incentive to engage in criminal enterprise;

(4) to increase the pecuniary loss resulting from the detection of criminal activity; and

(5) to forfeit property unlawfully used or acquired and divert the property to law enforcement purposes.

Subd. 4. [SEIZURE.] Property subject to forfeiture under sections 609.531 to ~~609.5316~~ 609.5317 may be seized by the appropriate agency upon process issued by any court having jurisdiction over the property. Property may be seized without process if:

If property is seized without process under clause (3), subclause (i), the county attorney must institute a forfeiture action under section 609.5313 as soon as is reasonably possible.

When property is so seized, the appropriate agency may:

- (1) place the property under seal;
- (2) remove the property to a place designated by it;
- (3) in the case of controlled substances, require the state board of pharmacy to take custody of the property and remove it to an appropriate location for disposition in accordance with law; and

(4) take other steps reasonable and necessary to secure the property and prevent waste.

Subd. 5a. [BOND BY OWNER FOR POSSESSION.] If the owner of property that has been seized under sections 609.531 to 609.5316 609.5317 seeks possession of the property before the forfeiture action is determined, the owner may, subject to the approval of the appropriate agency, give security or post bond payable to the appropriate agency in an amount equal to the retail value of the seized property. On posting the security or bond, the seized property must be returned to the owner and the forfeiture action shall proceed against the security as if it were the seized property. This subdivision does not apply to contraband property.

Subd. 6a. [FORFEITURE A CIVIL PROCEDURE; CONVICTION RESULTS IN PRESUMPTION.] (a) An action for forfeiture is a civil in rem action and is independent of any criminal prosecution, except as provided in this subdivision. The appropriate agency handling the forfeiture has the benefit of the evidentiary presumption of section 609.5314, subdivision 1, but otherwise bears the burden of proving the act or omission giving rise to the forfeiture by clear and convincing evidence, except that in cases arising under section 609.5312, the designated offense may only be established by a felony level criminal conviction.

(b) A court may not issue an order of forfeiture under section 609.5311 while the alleged owner of the property is in custody and related criminal proceedings are pending against the alleged owner. For forfeiture of a motor vehicle, the alleged owner is the registered owner according to records of the department of public safety. For real property, the alleged owner is the owner of record. For other property, the alleged owner is the person notified by the prosecuting authority in filing the forfeiture action.

(d) Property is subject to forfeiture under this section only if its owner was privy to the use or intended use described in subdivision 2, or the unlawful use or intended use of the property otherwise occurred with the owner's knowledge or consent.

(e) Forfeiture under this section of a conveyance device or real property encumbered by a bona fide security interest is subject to the interest of the secured party unless the secured party had knowledge of or consented to the act or omission upon which the forfeiture is based. A person claiming a security interest bears the burden of establishing that interest by clear and convincing evidence.

(f) Notwithstanding paragraphs (d) and (e), property is not subject to forfeiture based solely on the owner's or secured party's knowledge of the unlawful use or intended use of the property if the owner or secured party took reasonable steps to terminate use of the property by the offender.

(b) Within 15 days after notice of the first occurrence, the landlord shall bring, or assign to the county attorney of the county in which the real property is located, the right to bring an unlawful detainer action against the tenant. The assignment must be in writing on a form prepared by the county attorney. Should the landlord choose to assign the right to bring an unlawful detainer action, the assignment shall be limited to those rights and duties up to and including delivery of the writ of restitution to the sheriff for execution.

Species of wild animals with similar values may be grouped together.

(b) The value of a wild animal under the rules adopted by the commissioner is prima facie evidence of a wild animal's value under section 2.

**Subdivision 1. [DUTY TO ERADICATE.] Railway companies including suburban railway companies must:**

(1) cause all noxious weeds standing, existing, or growing on the right-of-way or on property of the company adjoining the right-of-way, to be eradicated or otherwise destroyed in a manner and at times directed or ordered by the commissioner, the local weed and plant pest inspector, or the county agricultural inspector after consultation with the local weed and plant pest inspector; and

sioner shall cause the weeds or plant pests to be eradicated and otherwise destroyed and furnish the owner of the land where the weeds or plants grew or where the plant pests were located with an itemized statement showing the reasonable cost of eradication and destroying the weeds or the plant pests. The owner of the land must pay the reasonable cost to the municipality that caused the eradication or destruction of the weeds or plant pests. If the owner fails to pay the reasonable cost within 20 days after the statement is furnished, the reasonable cost of eradication and destruction of the weeds or plant pests may be recovered by the municipality or by the commissioner in a civil action. [18.201]

**Sec. 6. [18.821] [ROAD AUTHORITY RESPONSIBILITY FOR NOXIOUS WEEDS AND PLANT PESTS.]**

Subdivision 1. [RESPONSIBILITY FOR ERADICATION.] Road authorities must:

(1) annually eradicate or otherwise destroy noxious weeds standing, located, or growing on roads and their rights-of-way, as often as necessary to prevent the ripening or scattering of seed and other propagating parts of the weeds, in the manner directed or ordered by the commissioner or the county agricultural inspector or local weed and plant pest inspector having jurisdiction; and

If the officials or persons in charge of tax-exempt or tax-forfeited lands or Indian reservation lands fail to eradicate or otherwise destroy noxious weeds or plant pests in the manner prescribed in sections 2 to 22, or as provided in a served notice within the required number of days after service, the commissioner shall proceed to cause the noxious weeds or plant pests to be eradicated or otherwise destroyed. The expense incurred is a charge against funds provided for this purpose and, on presentation of an itemized account of the charges, payment must be made by the public officials in charge of the funds. [18.241 s. 3]

**Sec. 8. [18.831] [CONTROL ON STATE LANDS.]**

Subdivision 1. [LOCAL CONTROL IF STATE FAILS.] A town or municipality may eradicate or otherwise destroy or act to control noxious weeds or plant pests on state-owned property that is located within the boundary of the town or city if the state agency responsible for supervision and maintenance of the land fails to take steps to control the noxious weeds or plant pests within 14 days of receiving a notice to control the noxious weeds or plant pests from the town board or city council. [18.315]

Subd. 2. [EXPENSES.] A town or city that eradicates or otherwise destroys or acts to control noxious weeds or plant pests under this section must be reimbursed from the operating budget of the state agency responsible for the land and the amount is appropriated from that fund on presentation of documented proof of reasonable and necessary expenses incurred to prevent the spread of noxious weeds or plant pests from the state-owned land. Each request for reimbursement must first be approved by the commissioner of agriculture. [18.315]

Sec. 9. [18.835] [THRESHING EQUIPMENT CLEANED BEFORE MOVING.]

Subdivision 1. [CLEANING OF THRESHING MACHINES REQUIRED.] A person owning or operating a threshing machine, combine, seed huller, hay baler, or other equipment used in the harvesting of crops, must immediately after completing the threshing of grain or seed at each and every point of threshing or before interstate or intrastate transit, clean or cause the machine to be cleaned, along with wagons and other outfits used in connection with the threshing, so that seeds of noxious weeds are not carried to, or on the way to, the next place of threshing by the threshing outfit. [18.221]

Subd. 2. [NOTICE.] A printed copy of this section, in form provided by the commissioner, must be affixed by the owner and remain affixed to every threshing machine, combine, seed huller, hay baler, and other equipment used in the harvesting of crops whenever that equipment is operated in the state. [18.221]

permit for the transportation of the material from a local or state weed and plant inspector or a county agricultural inspector.

(b) Inspectors may issue permits to persons residing or operating within their respective jurisdictions to regulate the transportation of the material and to require proper treatment, cleaning, sterilization, or destruction of material that has been or is about to be transported or deposited to prevent the growing or scattering of any weed seeds or other propagating parts contained in the material.

(c) Copies of permits issued under this section must be immediately sent to the commissioner. [18.241 s. 2]

Sec. 11. [18.845] [PACKAGING OF TRANSPORTED NOXIOUS WEED MATERIAL.]

Except as provided in section 21.74, a person may not transport on a public highway grain seed, screenings, hay forage, straw, soil, gravel, sand, or refuse and other materials containing seeds and other propagating parts of leafy spurge, horse nettle, Austrian field cress, field bindweed, perennial pepper grass, wild radish, sow thistle, Canada thistle, hoary alyssum, purple loosestrife, or any other noxious weeds designated by the commissioner, unless it is in sacks, bales, boxes, or other containers sufficiently tight and closed or covered with canvas or other material to prevent seeds and other propagating parts of the weeds from blowing or scattering along the highway or on other lands or water. [18.241 s. 2]

Sec. 12. [18.851] [SCATTERING OR DUMPING NOXIOUS WEED MATERIAL PROHIBITED.]

Subdivision 1. [SCATTERING OR DUMPING PROHIBITED.] Except as provided in subdivision 2, a person may not scatter or dump on land or in water:

(1) grain, seed, and screenings containing seeds and other propagating parts of noxious weeds in excess of legal limits of weed seeds per pound in agricultural seed; or

Subd. 2. [EXCEPTION.] The material described in subdivision 1 may be scattered or dumped if it is processed, treated, or buried sufficiently deep to destroy viable seeds and other propagating parts contained by the material so that the legal limit of viable weed seeds per pound in agricultural seed is not exceeded. [18.241 s. 2]

## INSPECTION AND WEED CONTROL

## Sec. 13. [18.855] [INSPECTORS.]

Subdivision 1. [COUNTY AGRICULTURAL INSPECTORS.] (a) The board of county commissioners, when requested by the commissioner, shall appoint one or more county agricultural inspectors who meet qualifications prescribed by the commissioner.

(b) Agricultural inspectors shall:

(1) enforce the provisions of laws and rules relating to weed control and seed inspection;

(2) enforce laws and rules relating to plant pests and plant pest control;

(3) participate in insect and plant disease, poison, feed, and fertilizer programs; and

(4) participate in other agricultural programs by request of the commissioner that are under the commissioner's control, unless the board of county commissioners vetoes participation in the programs.

(c) The appointment of agricultural inspectors is for full-time employment, or for a period of time mutually agreeable to the board of county commissioners and the commissioner. The resolution appointing agricultural inspectors must set the compensation to be paid to the persons appointed and in addition provide for reimbursement of necessary traveling expenses. [18.231 s. 1]

Subd. 2. [TOWN BOARD MEMBERS AS LOCAL WEED AND PLANT PEST INSPECTORS.] (a) The members of town boards are local weed and plant pest inspectors within their respective towns.

(b) A town board may appoint persons as assistant weed and plant pest inspectors. An assistant weed and plant pest inspector has the powers and authority of a town board member as a weed and plant pest inspector. An appointment may be for full time or part time. Notice of an appointment, with a statement of the time for which appointment is made, must be delivered to the commissioner within ten days after the date the appointment was made.

(c) The town board shall compensate the local weed and plant pest inspectors and assistant inspectors at a rate of at least \$1 per hour plus necessary traveling expenses. The hourly compensation must be an amount determined by the town board that is consistent with the hourly wage rate prevailing in the community or area for similar work and sufficient to obtain competent inspectors. The compensation is to be in addition to the amount allowed by law for

other supervisory duties, if any, performed by the local weed and plant pest inspectors or assistant inspectors. [18.231 s. 2]

**Subd. 3. [MAYOR OF MUNICIPALITY IS LOCAL WEED AND PLANT PEST INSPECTOR.]** (a) Except as provided in subdivision 4, the mayor of a municipality is the local weed and plant pest inspector in the municipality.

(b) A mayor of a municipality may appoint persons as assistant weed and plant pest inspectors in the municipality. An assistant local weed and plant pest inspector has the powers and authority of a local weed and plant pest inspector.

(c) Notice of an appointment must be sent to the commissioner within ten days from the date of the appointment.

(d) The compensation of the local weed and plant pest inspectors and assistant inspectors must be at least \$1 per hour plus necessary expenses. The hourly compensation must be determined by the municipal council in an amount consistent with the hourly wage rate prevailing in their community or area for similar work and sufficient to obtain competent inspectors. The compensation must be paid from the general revenue fund or other fund of the municipality designated by the council and is in addition to compensation and expenses paid to the local weed and plant pest inspectors or assistant inspectors for other duties as an official or employee of the municipality. [18.231 s. 3]

**Subd. 4. [MINNEAPOLIS WEED AND PLANT PEST INSPECTOR.]** (a) Notwithstanding the provisions of subdivision 3, the governing body of the city of Minneapolis shall appoint or designate an employee of the city as local weed and plant pest inspector and set an amount for compensation.

(b) The commissioner must be sent notice within ten days of the appointment or designation. [18.231 s. 3a]

**Subd. 5. [PAYMENT OF EXPENSES.]** (a) Failure on the part of a municipality or town to include the item of weed inspection in the annual budget is not an excuse and does not justify the nonpayment of charges or expenses incurred by inspectors under sections 2 to 22. The charges or expenses must be audited and paid as other obligations of the municipality or town are paid.

(b) If the commissioner determines that weed inspection has not been done commensurate with the bill presented, the commissioner may recommend to the county board, town board, or municipal council that the bill not be paid. [18.231 s. 4]

**Subd. 6. [PAYMENT BY COUNTY.]** If a municipality or town

neglects or refuses, for a period of 60 days, to make payments of charges or expenses incurred by local weed and plant pest inspectors, the inspectors must be paid by the county auditor on the recommendation of the commissioner, and the total of the amounts paid by the county must be included by the county auditor as a part of the next annual tax levy in the municipality or town and withheld from that municipality or town in making the next apportionment to the municipality or town. [18.231 s. 5]

Sec. 14. [18.861] [DUTIES OF LOCAL WEED AND PLANT PEST INSPECTORS.]

Subdivision 1. [EXAMINATION OF LAND.] A local weed and plant pest inspector shall examine all lands, roads, alleys, and public ground in the inspector's jurisdiction to determine if the property is in compliance with the weed and plant pest law and the rules of the commissioner. [18.241 s. 1]

Subd. 2. [NOTICE.] (a) If a local weed and plant pest inspector finds that property is not in compliance, the inspector shall cause a notice, in writing, on a form to be prescribed by the commissioner, to be given to the proper public official or to the owner or occupant, or to the agent of an owner of nonresident lands where noxious weeds are standing or growing and in danger of going to seed or otherwise spreading, or plant pests are located or plants harboring the eggs or offspring of plant pests are located.

(b) The notice must require:

(1) the noxious weeds to be cut down, otherwise destroyed, or eradicated on the land in a specified time and manner; or

(2) plant pests eradicated or the plant pests or pest-harboring plants eradicated or otherwise destroyed. [18.241 s. 1]

Subd. 3. [INSPECTOR ATTENDANCE AT CONFERENCES.] The inspector shall also attend, when required, conferences called by the commissioner to receive instructions and for a discussion of the weed and plant pest law and its administration. The commissioner must inform inspectors on control methods that minimize adverse environmental impact. [18.241 s. 1]

Sec. 15. [18.865] [NOTICE AND DESTRUCTION OF WEEDS BY INSPECTORS.]

Subdivision 1. [WEED AND PLANT PEST CONTROL NOTICES.] Weed and plant pest control notices may be general notices or individual notices. The notices must be on a form prescribed by the commissioner. [18.271 s. 1]

Subd. 2. [GENERAL NOTICE.] A general notice must be published by the local weed and plant pest inspector of a township, municipality, or county, in one or more legal newspapers of general circulation throughout the area over which the inspector has jurisdiction, on or before June 15 of each year, and at other times as directed by the commissioner or determined by the local weed and plant pest inspectors. [18.271 s. 1]

Subd. 3. [LACK OF NOTICE DOES NOT RELIEVE LAND-OWNER.] Failure of an inspector to publish general notices or to serve individual notices does not relieve a person from the duty of compliance with the weed and plant pest law. Published general notice is legal and sufficient notice. [18.271 s. 1]

Subd. 4. [INDIVIDUAL NOTICES.] (a) An inspector may cause individual notices to be served on landowners and occupants if more prompt or definite control or eradication of noxious weeds or plant pests in certain special or individual instances involving one or a limited number of persons is needed than is accomplished by the general published notices. Individual notices must be in writing and served on the owner and the occupant, if the occupant is not the owner, giving specific instructions and methods of when and how certain named weeds and plant pests are to be controlled or eradicated.

(b) The methods of control may include definite systems of tillage, cropping, management, and use of livestock and must be designed to minimize adverse environmental impact.

(c) Individual notices must be served in the same manner as a summons in a civil action in the district court or by certified mail. Service on persons living temporarily or permanently outside of the inspector's jurisdiction whose property is vacant or unoccupied may be made by sending the notice by certified mail to the last known address of the person, to be ascertained, if necessary, from the last tax list in the county treasurer's office. [18.271 s. 2]

Subd. 5. [DESTRUCTION BY INSPECTOR.] (a) If a person is served a notice but fails to eradicate or otherwise destroy noxious weeds or plant pests or a crop where the weeds or plant pests are intermingled or growing, within the time and manner designated by the inspector, the local weed and plant pest inspector having jurisdiction, or if there is no local weed and plant pest inspector, the county agricultural inspector or the commissioner, shall cause the weeds to be eradicated or otherwise destroyed at the expense of the county where the land is located.

(b) The claim for the expense of serving notices and the cost of eradicating or otherwise destroying the noxious weeds or plant pests is a legal charge against the county where the land is located. After eradicating or otherwise destroying noxious weeds or plant pests,

the inspector or the commissioner directing the control shall file verified and itemized statements of the costs of the services rendered in connection with serving of notices and eradicating or otherwise destroying the noxious weeds or plant pests on each separate tract or lot of land, with the county auditor where the land is located. The county auditor shall immediately issue proper warrants to pay the persons owed for the amounts specified.

(c) The amount of the expenses is a lien in favor of the county against the land where the weed or plant pest control occurred and must be certified by the county auditor and entered on the auditor's tax books as a tax on the land. The amount must be collected as other real estate taxes are collected. The amount of the expenses when collected must be used to reimburse the county for its weed and plant pest control expenditure. [18.271 s. 3]

Subd. 6. [CANNABIS SATIVA L.] Notwithstanding the provisions of subdivision 5 relating to procedures for payment of costs and expenses incurred, a county agricultural inspector may provide for the destruction of the plant Cannabis sativa L. at the expense of the county if strict compliance with subdivision 5 is considered impractical. [18.271 s. 3a]

Subd. 7. [COSTS AND EXPENSES.] (a) Notwithstanding the provisions of subdivision 5 relating to procedures for payment of costs and expenses incurred, if the local weed and plant pest inspector or the assistant weed and plant pest inspector of a city causes noxious weeds or plant pests to be eradicated or otherwise destroyed on property within the municipality under the authority of this section, the procedures in paragraphs (b) and (c) apply for costs and expenses thus incurred.

(b) Notice in writing of the work done and the costs and expenses involved must be served on the owner or occupant of the property in accordance with the individual notice provisions of subdivision 4. The notice must provide a tabulation of the total costs and expenses involved and indicate that if the total amount is not paid to the city within 30 days or before the following October 1, whichever is later, the costs and expenses become a lien in favor of the municipality and a penalty of eight percent must be added to the amount due as of that date, with the total costs, expenses, and penalty to be certified to the county auditor and entered on the auditor's tax books as a tax on the land.

(c) Amounts collected by the county auditor under this subdivision must be paid to the city to reimburse the municipality for the municipality's weed and plant pest control expenditures. [18.271 s. 4]

Subdivision 1. [INSPECTION AND NOTICE BY INSPECTOR.]

(a) Notwithstanding subdivisions 1 to 3, the local weed and plant pest inspector or county agricultural inspector may eradicate or otherwise destroy the weeds or pests, and the crop on areas not exceeding three acres in the aggregate in any one field or crop of 40 acres or less, other than permanent pasture or meadow, without a notification or application to the mayor or a county commissioner.

(b) Except as provided in paragraph (a), if a local weed and plant pest inspector or county agricultural inspector determines it is necessary to eradicate or otherwise destroy a growing crop or a part of the crop to prevent the spread of noxious weeds or plant pests within the inspector's jurisdiction, the inspector shall notify the mayor of the municipality or a county commissioner to inspect the crop. The notice must be in writing on a form prescribed by the commissioner. [18.251]

Subd. 2. [INSPECTION AND DETERMINATION BY MAYOR OR COUNTY COMMISSIONER.]

(a) If, after an inspection, the mayor or county commissioner determines that the weeds or plant pests and the crop or portion of the crop should be eradicated or otherwise destroyed, the eradicating or destroying must be performed immediately under the direction or by the authority of the local weed and plant pest inspector or under the direction of the county agricultural inspector.

(b) If the mayor or county commissioner determines after the inspection that the weeds or plant pests and the crop or a portion of the crop should not be eradicated or otherwise destroyed, the mayor or county commissioner shall report that determination to the commissioner.

(c) If, after being notified by the local weed and plant pest inspector or the county agricultural inspector to inspect a crop, the mayor or county commissioner fails to make the inspection and to report to the local weed and plant pest inspector or agricultural inspector within seven days after receiving a notice to inspect the crop, the local weed and plant pest inspector or county agricultural inspector may proceed to eradicate or otherwise destroy the weeds or plant pests and crop in the same manner as if the mayor or county commissioner notified had made an inspection and determined that the weeds or plant pests and crops should be eradicated or otherwise destroyed. [18.251]

Subd. 3. [DETERMINATION BY THE COMMISSIONER.] The commissioner shall make a final determination of whether the weeds or plant pests and the crop or portion of the crop should be eradicated or otherwise destroyed. If the commissioner determines that the weeds or plant pests and the crop or a portion of the crop should be eradicated or otherwise destroyed, the local weed and plant pest inspector or county agricultural inspector shall immedi-

ately cause the weeds or plant pests and the crop or portion of the crop to be eradicated or otherwise destroyed. [18.251]

Subd. 4. [ACTION FOR DAMAGES BARRED.] An action or claim for damages is not allowed or sustainable against anyone in respect to destruction or eradication of crops under this section. [18.251]

Local weed and plant pest inspectors and agricultural inspectors shall make reports as required by the commissioner. [18.261]

Sec. 18. [18.881] [INSPECTOR ENTRANCE UPON LAND NOT TRESPASS.]

A local weed and plant pest inspector, county agricultural inspector, the commissioner, or the commissioner's agents may enter any property without consent of the owner and without being subject to an action for trespass or damages in performance of duties under the weed and plant pest law. [18.241 s. 4]

Subdivision 1. [COUNTY FUNDING OF WEED AND PLANT PEST CONTROL.] (a) County boards shall provide funds and adequate equipment, materials, and labor for control, eradication, and other destruction of weeds and plant pests on county highways and property, and for assistance of county agricultural inspectors and local weed and plant pest inspectors in the county to inspect weed and plant pests and control and enforce the weed and plant pest law.

(b) Counties may cooperate with the state, towns, municipalities, and private property owners and provide county funds, equipment, materials, labor, and facilities for weed and plant pest inspection, control, and eradication with or without reimbursement from the public agency or private property benefited. [18.241 s. 3]

Subd. 2. [TOWN AND MUNICIPALITY FUNDING.] Towns and municipalities may by vote of their electors or governing boards provide funds, equipment, materials, and labor for weed and plant pest control and arrange for their use on public or private property within their jurisdiction with or without reimbursement from the public agency or property benefited. [18.241 s. 3]

[18.281]

Subd. 2. The commissioner may quarantine the portion of each infested tract of land and immediately take action to control the weeds and plant pests. [18.291]

Subd. 5. [MUST GIVE WRITTEN NOTICE.] The commissioner, on entering a tract of land for weed or plant pest control or quarantine under subdivision 4, shall give written notice to the owner of the entry and quarantine, and shall also give the owner written notice of the completion of the control action. [18.301]

Subd. 6. [GENERAL ALLOCATION OF EXPENSES.] The expenses of a noxious weed quarantine and control action, including cost of chemicals and other materials used, except machinery and other equipment, must be paid from the fund provided for this purpose. The fund must be reimbursed for the expenses by January 1 of each year in the following amounts:

Sec. 3. [466A.03] [COMMUNITY RESOURCES PROGRAM.]

Subdivision 1. [COMMUNITY RESOURCES PROGRAM; REQUIREMENT.] A city must prepare an annual comprehensive community resources program that is consistent with the recommendations of targeted neighborhood residents and organizations serving or representing these residents. The program must describe the specific community resource services and means by which the community intends to pursue and implement the program objectives outlined in subdivision 2 for each targeted neighborhood served under the program.

Subd. 2. [COMMUNITY RESOURCES PROGRAM OBJECTIVES.] A community resources program must address the following objectives:

(a) Establish means for stabilizing families so family members can become more functional as a family unit and as members of the community. This objective addresses family stabilization by insuring that children attend and adequately participate in schools providing elementary and secondary education, strengthening the family unit through counseling and other services, and increasing the family unit's health through nutrition, parenting skills, health assessment, drug abuse programs, and other services.

(b) Provide opportunities for families and individuals that lead to greater self-sufficiency through improved housing, health, environment, education, job training, employment, and independent living.

(c) Establish the community as a safer environment by finding the means to reduce crime and the fear of crime in the community and other parts of the city.

(3) a statement of the intended outcomes to be achieved by implementing the community resources program;

(6) a detailed statement of how the community resources services will be coordinated with similar services being offered by the city, county, school district, state, and other providers;

(8) a budget that identifies the financial resources necessary to implement the community resources program. The budget must include the following items: (i) the estimated total cost to implement the community resources program; (ii) the estimated cost to implement each activity in the community resources program identified in clause (2); and (iii) the estimated amount of financial resources that will be available from all sources other than from the appropriation available under section 7 to implement the community resources program, including the amount of private funding to be made available to assist in funding the community resources program.

(b) The information required to be in the program under this

subdivision must be specific to a targeted neighborhood to the greatest extent possible. If information is not specific to a targeted neighborhood that is to receive assistance under the program, the program must include a statement explaining the reason.

Subd. 4. [COMMUNITY PARTICIPATION.] (a) Each city must adopt a process to involve the residents of targeted neighborhoods and assisted housing in planning, developing, and implementing the program. As part of this process, the city must ensure that this community-based process has sufficient resources to assist in the development of the program.

(b) Beginning with the program for 1991, each targeted neighborhood or group of targeted neighborhoods must have a strategic planning group whose members include residents of the targeted neighborhood, representatives of community resources service providers in the neighborhood, and representatives of institutions in the neighborhood. The group must, as part of its responsibilities, develop a strategic plan for the neighborhood. This strategic plan must include the elements that the planning group recommends as part of the community resources program. The strategic plan must also address how the targeted neighborhood portions of the comprehensive revitalization and financing program will be integrated with the elements that are recommended to be included as part of the community resources program.

(c) The city must ensure that the strategic planning group required under paragraph (b) is established. An existing group or organization that reflects the required membership under paragraph (b) may be designated as the strategic planning group. The city may provide financial and staff resources to ensure the establishment of the strategic planning groups. The city may use part of the money received for the community resources program from the state to assist in the establishment of the targeted neighborhood strategic planning groups.

(d) As part of the process for the development of the community resources plan, each targeted neighborhood strategic planning group must submit recommendations for the community resources program to the city and the advisory board established under subdivision 5. The recommendations must include the specific neighborhood services and other means to meet the objectives outlined in subdivision 2.

Subd. 5. [COMMUNITY RESOURCES PROGRAM ADVISORY BOARD.] Each city must establish a community resources program advisory board to assist the city in developing and implementing the community resources program. The advisory board must consist of at least two representatives of the city council appointed by the city council, one or more representatives of the county board appointed by the county board, one or more representatives of the school board

appointed by the school board, and representatives of the targeted neighborhoods. The representatives of the targeted neighborhoods must represent a majority of the membership of the advisory board and reflect the geographic, cultural, racial, and ethnic diversity of the targeted neighborhoods. The city may determine the size of the advisory board and may designate an existing entity as the advisory board if the entity meets the membership requirements outlined in this subdivision.

Subd. 6. [DEVELOPMENT OF COMMUNITY RESOURCES PROGRAM.] (a) The advisory board must work closely with city staff in developing and drafting the community resources program. The advisory board must be involved in assessing needs, prioritizing funds, and developing criteria for evaluating program proposals. In developing the program, the advisory board must give priority to the recommendations made by the targeted neighborhood strategic planning groups. In addition, the community resources program must give priority to proposals or recommendations which (i) will create jobs for targeted neighborhood residents at living wages, and (ii) document efforts to create and maintain jobs for targeted neighborhood residents.

(b) The advisory board must conduct a public hearing and secure input from residents of targeted neighborhoods, governmental units affected by the program, and other organizations and persons.

(c) The advisory board may make any changes to the program resulting from testimony given at the public hearing. The advisory board must formally recommend to the city council a proposed community resources program.

(d) The advisory board will meet quarterly after recommending the program to the city council to monitor and review the programs, initiatives, and other activities that have been funded with community resource money.

Subd. 7. [REVIEW BY AFFECTED GOVERNMENTAL UNITS.] The city must develop a process to consult with affected governmental units including the state, county, and school districts. These affected governmental units may provide technical and informational assistance to the city and advisory board to ensure that the community resources services that are included in the program are coordinated with services provided by other governmental units and do not unnecessarily duplicate any existing services. The process must also include a comment period for the county board, school board, and commissioner to review a draft program and to provide comments to the city. If the county board, school board, or commissioner have comments, they must respond to the city in writing within 30 days. The city must respond to comments received from the county board and school board in writing before the city adopts the program.

Subd. 8. [CITY APPROVAL.] The city council must hold a public hearing before submitting the program to the commissioner for approval. Notice of the hearing must be provided in a newspaper of general circulation in the city and in the targeted neighborhood not less than ten days nor more than 30 days before the date of the hearing. In addition, to the maximum extent possible, notice shall be published in the most widely circulated community newspaper in the targeted neighborhoods.

Subd. 9. [REVIEW AND APPROVAL BY COMMISSIONER.] (a) Before the city adopts a community resources program, the commissioner must approve the program.

(b) The commissioner must establish an advisory panel to assist the commissioner in reviewing the programs. The panel must consist of the commissioner; the commissioners of human services, health, jobs and training, Minnesota housing finance agency, and public safety; one representative of each of the cities that have submitted a program appointed by the appropriate city council; and two members of the public appointed by the commissioner.

(c) The advisory panel must review each city's community resources program to determine if the process, including any information required to be in the program objectives, meets the requirements of subdivisions 4 to 8. The panel will also review the program to insure that there is not unnecessary duplication of services already provided in the targeted neighborhood.

(d) The commissioner must notify the city in writing within 30 days after receiving the program of a preliminary decision on the approval of the program and any recommendations of the commissioner for modification of the program. The commissioner must specify in writing the reasons for each recommendation for modification of the program. If the commissioner has no recommendations for the program's modification, the commissioner must approve the program. The commissioner may not disapprove any part of the program unless the commissioner determines that (1) the process, including any information required to be in the program, by which that part of the program was developed, does not meet the requirements of subdivisions 4 to 8, (2) the program is inconsistent with program objectives, or (3) the program results in unnecessary duplication of services already provided in the targeted neighborhood. If modifications to the program are recommended by the commissioner, the city must modify the program and resubmit it to the commissioner within 30 days for approval.

(e) If the city does not accept all of the commissioner's recommendations, the city must notify the commissioner in writing within 15 days after receiving the commissioner's recommendations. The city must specify in writing the reasons for not accepting the commissioner's recommendations.

(f) The commissioner must notify the city, within ten days after receiving the city's decision, of the commissioner's approval or disapproval of specific programs, projects, or elements of the program. State funding may only be released to the city for those programs, projects, or elements given final approval by the commissioner.

Subd. 10. [PROGRAM CERTIFICATION.] The city council may only adopt those programs, projects, or elements of the community resources program that the commissioner has approved. A certification by the city that a community resources program has been approved by the city council must be provided to the commissioner together with a copy of the program. A copy of the program must also be provided to the county board and school board.

Subd. 11. [COMMUNITY RESOURCES PROGRAM MODIFICATION.] The community resources program may be modified at any time by the city council after review by the community resources advisory board and a public hearing. Notice of the public hearing must be published in a newspaper of general circulation in the city not less than ten days nor more than 30 days before the date of the hearing. In addition, to the maximum extent possible, notice shall be published in the most widely circulated community newspaper in the targeted neighborhoods. If the city council or advisory board determines that the proposed modification is a significant modification to the program originally certified under subdivision 10, it must implement the community resources program approval and certification process of subdivisions 5 to 10 for the proposed modification.

Sec. 4. [466A.04] [CITY POWERS.]

Subdivision 1. [GENERAL POWERS.] A city may exercise any of its corporate powers in implementing the community resources program.

Subd. 2. [GRANTS AND LOANS.] In addition to the authority granted by other law, a city, through a request for proposal process, may make grants, loans, and other forms of assistance to, and enter into service contracts with, individuals, for profit and nonprofit corporations, and other organizations to implement a community resources program. The contracts entered into by the city under this subdivision must contain terms concerning use of money, repayment, and other conditions the city deems proper to implement a community resources program.

Subd. 3. [COMMUNITY INITIATIVES PROGRAM.] A city may establish a community initiatives program as part of the community resources program. At least ten percent of the community resource money must be distributed to organizations under the community initiatives program. A community initiatives program, in addition to the authority granted by other law, authorizes a city to set aside

funds and to develop a process to request proposals for the purpose of making grants, loans, and other forms of assistance to, or entering into service contracts with, nonprofit organizations, including neighborhood organizations, representing community residents. The organizations may also represent residents from a contiguous neighborhood. Financial assistance or service contracts awarded under this subdivision are limited to \$25,000 to any one organization in any one year. State money used for the community initiatives program must be used for implementing activities included in the community resources program. The contracts entered into by the city with a nonprofit organization under this subdivision must contain terms concerning use of money and other conditions the city deems proper to implement a community initiatives program.

Subd. 4. [ELIGIBLE USES FOR COMMUNITY RESOURCE MONEY.] The city may spend community resource money for any purpose authorized by subdivisions 1 to 3 except that an amount equal to at least 90 percent of the state payment according to section 5 made available to the city must be spent in or for residents in targeted neighborhoods or assisted housing. Use of community resources money must be authorized in a community resources program. If a resident of a targeted neighborhood or assisted housing is a recipient of community resource services and moves to a residence in (i) another part of the city, (ii) another location in the same county, or (iii) a location in an adjacent county located in the state, eligibility continues for the community resources services.

Sec. 5. [466A.05] [PAYMENT; DRAWDOWN; USES OF STATE MONEY.]

Subdivision 1. [PAYMENT OF STATE MONEY.] Upon receiving from a city the certification that a community resources program has been adopted or modified, the commissioner shall, within 30 days after receiving the certification, pay to the city the amount of state money identified as necessary to implement the community resources program or program modification. State money may be paid to the city only to the extent that the appropriation limit for the city specified in subdivision 2 is not exceeded. Once the state money has been paid to the city, it becomes community resource money for use by the city according to an adopted community resources program and subject to the restrictions on its use in sections 1 to 6.

Subd. 2. [ALLOCATION.] A city may receive a part of the appropriations made available that is the proportion that the population of the city bears to the combined population of the cities. A city may agree to reduce its entitlement amount and to make it available to another city. The population of each city for the purposes of this subdivision is determined according to the most recent estimates available to the commissioner.

Sec. 6. [466A.06] [ANNUAL REPORT.]

A city that begins to implement a community resources program in a calendar year must, by March 1 of the succeeding calendar year, provide a detailed report to the commissioner and legislature on the community resources program or programs being implemented in the city. The report must describe the status of the program implementation and analyze whether the intended outcomes identified in section 3, subdivision 3, paragraph (a), clause (3), are being achieved.

Sec. 7. [APPROPRIATION; DISTRIBUTION.]

#### "ARTICLE 1

#### JOB IMPACT STATEMENT AND PREFEASIBILITY STUDY

##### Section 1. [PURPOSE.]

A public financing role in economic development is justified for two reasons: to create or retain jobs, and to increase the tax base. Therefore it is important to support development that provides employment growth and good wages and benefits, and to encourage and support labor market stability and long-term business presence in communities. It is also important to communities and their residents to protect existing jobs and assure that actions taken by employers and government units do not lead to the temporary or permanent displacement of existing jobs through plant closings or dislocation. The purpose of the jobs impact statement is to require government units that plan to provide financial assistance for new commercial or industrial development, or plan to undertake the development themselves, to examine the potential effects of the development and to discuss them publicly. It is also important to monitor development to ensure public accountability by measuring how accurate the information from the job impact statement proved to be.

## Sec. 2. [268.452] [DEFINITIONS.]

Subdivision 1. [APPLICABILITY.] For the purposes of sections 2 to 5, the following terms have the meanings given them.

Subd. 2. [COMMISSIONER.] "Commissioner" means the commissioner of jobs and training.

Subd. 3. [DEVELOPMENT.] "Development" means a multiunit rental property, or commercial or industrial project that in some way benefits from a governmental action or a project developed by a government unit, which will result or could potentially result in the displacement of jobs or which the parties involved claim to retain jobs or increase the number of jobs.

Subd. 4. [DISPLACEMENT.] "Displacement" means the loss of employment by an individual resulting from a governmental action. An individual is not displaced if the employment loss at the site is the result of the relocation or consolidation of part or all of the employer's operations, and prior to the closing the government unit documents that: (1) the employer offers to transfer the individual to a different site of employment within a reasonable commuting distance, or (2) the employer's operations are relocated to a site within a reasonable commuting distance.

Subd. 5. [GOVERNMENTAL ACTION.] "Governmental action" means an effort made by a government unit to undertake, encourage, or promote development; or significantly restructure the administration or delivery of government services which could potentially result in a loss of jobs. These efforts include, but are not limited to, developments financed or administered directly by a government unit; a reduction in property taxes to encourage the development and financial assistance through loans, loan guarantees, interest subsidies, tax increment financing, tax-exempt financing, grants, or other financing tools utilized by a government unit to encourage development.

Subd. 6. [GOVERNMENT UNIT.] "Government unit" means any state agency defined in section 16A.011, subdivision 2, the greater Minnesota corporation, metropolitan agency defined in section 473.121, subdivision 5a, University of Minnesota, statutory or home rule charter city, county, town, watershed district organized under chapter 112, or local economic development agency. Local economic development agencies include all entities or agencies authorized, organized, or created under chapter 469; and all port authorities created by special law.

Subd. 7. [JOB IMPACT STATEMENT; STATEMENT.] "Job impact statement" or "statement" means the detailed job impact statement required under section 3.

Subd. 8. [RETAIN.] "Retain" means that without the governmental action, the job could not be continued.

Sec. 3. [268.453] [JOB IMPACT STATEMENT.]

Subdivision 1. [JOB IMPACT STATEMENT REQUIREMENT.]  
When it is determined by the government unit that a governmental action or development will result or could potentially result in the displacement of jobs or the parties involved in the development or governmental action claim it will retain or increase the number of jobs, the government unit that is responsible for the governmental action must prepare a job impact statement before initiating the governmental action. If the responsible government unit does not prepare a statement, a person, community group, labor organization, or other organization may appeal to the commissioner to require the responsible government unit to prepare a statement. The commissioner must determine within ten working days if a statement is required; and if a statement is required, the commissioner shall require the responsible government unit to prepare a statement. No job impact statement will be required if a government unit informs the commissioner that the governmental action under appeal is the result of a budgeting decision and the government unit has determined that the governmental action will not result in a significant restructuring of the administration or delivery of government services. When there is more than one government unit responsible for governmental actions affecting a specific development, the units involved must agree which unit is responsible for preparing the statement. This government unit may request information from all government units involved in the development.

Subd. 2. [JOB IMPACT STATEMENT CONTENTS.] (a) A job impact statement required under subdivision 1 must include the following information:

(1) number and types of permanent jobs that will be displaced, retained, or created as a result of the development;

(2) wage rates and benefits of the permanent jobs that will be displaced, retained, or created; and

(3) the total financial assistance provided by government units to the development.

(b) In addition to the information required under paragraph (a), the following information must be included in the job impact statement when there has been or potentially could be a displacement of jobs as a result of a governmental action or development:

(1) description of the demographic characteristics of the work force that could be displaced;

(2) description of skill levels and educational needs of the jobs that could be displaced;

(3) discussion of the likelihood of workers that may be displaced by the development of finding new jobs with comparable pay and benefits;

(4) past experience of parties involved in the development of meeting employment projections for other developments; and

(5) identification, if any, of alternatives to mitigate the job displacement due to the governmental action or development.

In preparing the information required under this subdivision, the commissioner must assist the government unit if so requested by the unit.

Subd. 3. [PUBLIC COMMENT.] The government unit must distribute the job impact statement to labor unions or other employee representatives that might be affected by the governmental action, community-based organizations that have expressed an interest in the development, and other persons or organizations that request a copy of the job impact statement. In addition, the job impact statement must be posted at the employment site where workers may be displaced as a result of the governmental action.

After the completion and distribution of the job impact statement, a public hearing must be held but only when the governmental action may or will result in the displacement of jobs. The appropriate governing board or senior official of the government unit must hold the public hearing on the completed statement prior to the government unit's approval of any development that receives or benefits from a governmental action. Notice of the public hearing must be provided in a newspaper of general circulation not less than ten days nor more than 30 days before the date of the hearing.

Subd. 4. [STATEMENT SUBMITTED TO COMMISSIONER; ANNUAL REPORT.] After the public meeting required under subdivision 3 and after any changes have been made as a result of testimony at the public hearing, the government unit must submit the statement to the commissioner. The commissioner must prepare and submit a report to the governor and legislature by February 1 of each year that compiles and summarizes the results of the individual statements and the monitoring reports required in section 5 submitted to the commissioner in the previous year. The annual report must also contain the commissioner's assessment of the overall process of preparing the statements and any recommendations the commissioner may have in improving the process.

If the statement finds that workers will be displaced or if the actual development or governmental action results in the displacement of existing workers, the government unit responsible for the governmental action must initiate and coordinate efforts with employers, developers, service providers, and other appropriate parties to attempt to secure necessary benefits for the displaced workers. The government unit must assess which of the following benefits are required by the displaced workers and must initiate and coordinate efforts to attempt to provide the required benefits. These benefits must include:

- (1) retraining and education expenses;
- (2) relocation expenses;
- (3) health insurance expenses;
- (4) supplemental unemployment insurance payments;
- (5) child care expenses when the displaced worker is enrolled in education or retraining; and
- (6) emergency expenses for shelter, clothing, and food.

The government unit must work with employment and training services providers, other government units, community organizations, labor organizations, and other organizations in efforts to administer and deliver these benefits. The government unit may contribute to but is not financially obligated for the benefits listed in clauses (1) to (6) and other benefits provided to dislocated workers under this section, but is obligated for the costs of the initiation and coordination responsibilities required of the government unit under this subdivision. The government unit may participate in providing these benefits.

Sec. 5. [268.455] [MONITORING.]

Each government unit must submit an annual report by February 1 of each year. The purpose of the report is to summarize all job impact statements completed during the previous year which will provide public accountability of governmental action. An explanation of any significant changes in actual employment and wage information compared to the jobs impact statement prepared for that development or governmental action in any of the three previous years must be included in the report.

Sec. 6. [268.461] [PURPOSE; PREFEASIBILITY STUDY GRANTS.]

Plant closings cause significant hardship in the communities in

which they occur. In some cases, the plant closings can be avoided when a new product is produced, a new owner is identified, state assistance is provided, or through employee ownership. Due to the short amount of time available and the lack of financial resources, the alternatives to plant closings cannot be fully explored. It is the purpose of the prefeasibility study grants to provide the financial resources for an initial assessment of the options to plant closings.

Sec. 7. [268.462] [DEFINITIONS.]

Subdivision 1. [APPLICABILITY.] The definitions in this section apply to sections 6 to 9.

Subd. 2. [COMMISSIONER.] "Commissioner" means the commissioner of jobs and training.

Subd. 3. [ELIGIBLE ORGANIZATION.] "Eligible organization" means a city, county, town, nonprofit organization, community action agency, or labor or business organization that has applied for a prefeasibility grant under section 8.

Subd. 4. [PREFEASIBILITY STUDY GRANT; GRANT.] "Prefeasibility study grant" or "grant" means the grant awarded under section 8.

Subd. 5. [PLANT CLOSING; CLOSING.] "Plant closing" or "closing" means the announced, threatened, or actual permanent termination of operations at a publicly or privately owned establishment or the announced, threatened, or actual permanent termination of 25 percent of the total jobs at the establishment.

Sec. 8. [268.463] [PREFEASIBILITY STUDIES.]

Subdivision 1. [PREFEASIBILITY STUDY GRANTS.] The commissioner may make grants for up to \$10,000 to eligible organizations to provide an initial assessment of the feasibility of alternatives to plant closings. The alternatives may include employee ownership, other new ownership, new product or production process, or public assistance to keep a plant open. Two or more eligible organizations may jointly apply for a grant under this section.

Interested organizations shall apply to the commissioner for the grants. Applicants shall provide as part of the application process a statement of need for a grant, information relating to the workforce at the plant, the area's unemployment rate, the community's and surrounding area's labor market characteristics, information of efforts to coordinate the community's response to the plant closing, a timetable of the prefeasibility study, a description of the organization applying for the grant, a description of the qualifications of

persons conducting the study, and other information required by the commissioner.

The commissioner shall respond to the applicant within five working days of receiving the organization's application. The commissioner must inform each organization that applied for but did not receive a grant the reasons for the grant not being awarded. The commissioner may request further information from those organizations that did not receive a grant, and the organization may reapply for the grant.

Subd. 2. [PREFEASIBILITY STUDY.] The prefeasibility study must explore the current and potential viability, profitability, and productivity of the establishment that may close and alternative uses for the establishment. The study is not to be a major examination of each possible alternative but is meant to quickly determine if further action or examination is possible or feasible. The prefeasibility study must contain:

(1) a description of the establishment's present products, production techniques, management structure, and history;

(2) a brief discussion of the feasibility of the various alternatives for ownership, production technique, and products;

(3) an estimate of the financing required to keep the establishment open and the potential sources of that financing;

(4) a description of the employer's, employees', and community's efforts to maintain the operation of the establishment;

(5) evidence of good faith efforts to demonstrate cooperation among labor, business, and affected community organizations to develop alternatives; and

(6) other information the commissioner may require.

Subd. 3. [RULEMAKING AUTHORITY.] The commissioner may adopt emergency or permanent rules subject to chapter 14 to carry out the purposes of this section.

Sec. 9. [268.464] [REPORTS.]

Subdivision 1. [MONTHLY REPORT.] The commissioner shall report monthly to the program subcommittee of the governor's job training council on the grants made and studies completed during the previous month.

Subd. 2. [ANNUAL REPORT.] The commissioner must provide an annual report to the governor, legislature, and the governor's job

training council on the administration of the prefeasibility study grant program. The report must also include details of actions taken as a result of a grant.

Sec. 10. [APPROPRIATION.]

Subdivision 1. [IMPACT STATEMENT.] \$ . . . . . is appropriated from the general fund for the biennium ending June 20, 1991, to the commissioner of jobs and training to prepare the job impact statement required under section 3.

Subd. 2. [PREFEASIBILITY STUDY GRANTS.] \$ . . . . . is appropriated from the general fund for the biennium ending June 20, 1991, to the commissioner of jobs and training for the prefeasibility study grants under section 8.

Subd. 14. [PUBLIC ASSISTANCE.] "Public assistance" means financial assistance provided to a person by the state, city, county, or town. Sec. 2. [268.982] [COMMUNITY RESPONSE COMMITTEE.]

A community response committee may be created in each community in which an employer has engaged in a plant closing or mass layoff. The committee must consist of at least 11 members and have representatives of the city or town in which the establishment is located, the appropriate county, employees that were laid off due to the plant closing or mass layoff, and recognized leaders of community groups in the area in which the establishment is located. When the establishment is located within the boundaries of a city, the mayor of that city shall appoint the members of the community response committee. When the establishment is located outside a city's boundaries, the committee shall be appointed by the governing body of the county in which the establishment is located. The committee may elect a chair and officers. Before funds made available under section 3 may be spent or distributed, a committee must be established and the commissioner must certify that the membership meets the requirements of this section.

Sec. 3. [268.983] [COMMUNITY SUPPORT RESOURCES.]

Subdivision 1. [EMPLOYER FINANCIAL RESPONSIBILITIES.] An employer that engages in a plant closing or mass layoff within three years after an acquisition must pay the appropriate local unit of government an amount equal to ten percent of the total wages and salaries paid to affected employees of the establishment during the 12 months prior to the plant closing or mass layoff. The payment required under this subdivision is paid to the city when the establishment is located within the boundaries of a city and to the county when the establishment is located outside a city's boundaries. The payment must be made within two weeks of the date of the plant closing or mass layoff. The money collected under this subdivision may only be used for:

- (1) economic development planning grants under subdivision 3;
- (2) community service emergency grants under subdivision 4;
- (3) wage subsidies under subdivision 5; or
- (4) administrative cost reimbursement under subdivision 2.

Subd. 2. [FISCAL AGENT.] The city or county which receives the required payment from an employer under subdivision 1 must act as the fiscal agent for the money and only disburse the money for eligible uses outlined under this section at the direction of the community response committee established under section 2. The city or county shall provide administrative support to the committee. Up to five percent of the money received under subdivision 1 may be used to reimburse the city or county for the administrative support.

Subd. 3. [ECONOMIC DEVELOPMENT PLANNING GRANTS.] The community response committee may award economic development planning grants to government units or other public agencies, nonprofit organizations, for-profit organizations, or other persons to examine the short-term and long-term alternatives for strengthening the economy in the area surrounding the establishment that has experienced the plant closing or mass layoff. The committee shall award grants under this subdivision to public agencies, organizations, or persons that have the qualifications and experience for examining the alternatives. The examination of alternatives must address the following:

- (1) an estimate of the economic effect of the plant closing or mass layoff in terms of direct and indirect jobs lost and, if possible, the reduction in the area's income;
- (2) an estimate of the ability of other employers in the area to absorb in their work force the laid-off workers;

(3) an identification of area businesses that have the potential for expansion and the financial and other resources as well as the worker skills required of such an expansion;

(4) an identification of financial and other incentives that might be required to reopen the establishment under new ownership and management;

(5) a statement of whether the closed establishment can be reopened as an employee-owned establishment;

(6) identify the industries that might be candidates for expansion in the area and the incentives that might be required to encourage their development or location in the area; and

(7) identify the skills required by the laid-off workers to increase their chances of finding employment in the area or other regions of the state.

Subd. 4. [COMMUNITY SERVICE EMERGENCY GRANTS.] The community response committee may provide emergency grants to workers and their families directly affected by the plant closing or mass layoff. The emergency grants may be used for the immediate food, clothing, shelter, transportation, training, and relocation needs of these workers. The committee may contract with a local unit of government, other public agency, community action program, or a nonprofit organization to provide the emergency grants awarded under this subdivision. The committee or organization contracting with the committee shall coordinate their efforts with existing area providers of these emergency needs.

Subd. 5. [WAGE SUBSIDIES.] The community response committee may contract with a certified local service provider defined in section 268.673, subdivision 4a, to provide wage subsidies to workers laid off because of a plant closing or mass layoff. Wage subsidy money under this subdivision must be distributed in the same manner that wage subsidies are used under section 268.677. Wage subsidies under this subdivision must be given to businesses and other employers who have jobs available that offer potential for long-term employment. Business and other employers that receive wage subsidy payments under this subdivision are subject to section 268.681.

Sec. 4. [268.984] [SEVERANCE PAYMENT.]

Subdivision 1. [SEVERANCE PAYMENT.] Each employer owning or operating a facility engaged in a plant closing or mass layoff shall make a severance payment to an affected employee if the affected employee has been employed by the employer for three or more years. The payment may, at the option of the employer, be made

before or at the termination of the affected employee. The severance payment must be equal to the gross weekly wage of the affected employee at the time of termination, multiplied by the number of full and partial years for which the employee has been employed by the employer. For an affected employee whose gross weekly wage has been reduced within one year of a plant closing as a result of a reduction in the average weekly number of hours worked by the employee, the severance payment must be equal to the affected employee's gross weekly wage before the reduction in the average weekly number of hours worked, multiplied by the number of full and partial years for which the employee has been employed by the employer.

Subd. 2. [OTHER PAYMENTS.] Vacation pay, accrued wages, and other types of payments made for a reason other than compensation for termination of employment are not severance payments under subdivision 1.

Sec. 5. [268.985] [HEALTH CARE COVERAGE.]

Each employer who engages in a plant closing or mass layoff and who has had an employer-paid health insurance plan in place within the previous three-year period preceding the date of the plant closing or mass layoff shall pay to each affected employee an amount equal to 12 times the most recent monthly premium paid by the employer on behalf of the employee. The employer is not obligated to make this payment if the employer chooses to continue the health insurance plan for one year after the plant closing or mass layoff, with the employer paying at least the same portion of the premium that the employer paid before the employee was terminated. The employer shall also continue to make the health insurance plan available to each affected employee as required in section 62A.17 or in federal law.

Sec. 6. [268.986] [PRIORITY OF CLAIMS.]

To the extent not otherwise determined by federal law, a money claim on behalf of an affected employee against an employer engaged in a plant closing has priority over all other claims against an employer, except wage and salary claims.

Sec. 7. [268.987] [EMPLOYER APPEAL PROCESS.]

Subdivision 1. [APPEALS PANEL.] The governor shall appoint a seven-member appeals panel consisting of three members representing business interests, three members representing labor interests, and one member representing the general public who acts as chair. At least four of the members must have experience or knowledge of business financing or public accounting. The terms, compensation, expenses, vacancies, and removal of members are as provided in

section 15.0575. The commissioner of jobs and training must provide administrative support to the panel.

The employer may not cause a plant closing or mass layoff until the appeals board has rendered a decision on an appeal by the employer under subdivision 2 or 3. The panel must render its decision within 30 days of the appeal request by an employer. The 30-day limit may be extended if both the employer and the panel agrees to the extension.

The commissioner may contract with a public accounting firm or others to provide technical assistance to the panel. Members of the panel, the commissioner, or any of the persons the panel has contracted with must have access to all the employer's financial records and other related information for the past five years to assist in rendering a decision on an appeal made by an employer under subdivision 2 or 3.

Subd. 2. [APPEAL OF PAYMENT.] An employer may appeal to the appeals panel established under subdivision 1 to reduce or eliminate the payment required under section 3, the severance and health benefit payments required under sections 4 and 5, and the repayments of public assistance required under section 8. The employer must appeal under this subdivision at least 30 days before the date of the plant closing or mass layoff. The employer may appeal under this subdivision only if the employer determines that the plant closing or mass layoff is likely to be due to one or more of the following:

(1) a natural disaster including, but not limited to, a flood, damage or destruction due to weather, earthquakes, or drought;

(2) a decrease in sales of the employer resulting from economic or market factors that directly affect the demand for the products produced or provided at the establishment; or

(3) the plant closing or mass layoff was required to prevent the acquired business entity from becoming insolvent.

The employer must establish by a preponderance of the evidence that the plant closing or mass layoff was due to one of the reasons outlined in clause (1), (2), or (3), and not because of the financial needs of the employer to pay for debt incurred because of an acquisition or because of a reorganization or duplication of the operations of the employer.

Subd. 3. [APPEAL OF REPAYMENT OF PUBLIC ASSISTANCE.] The employer may appeal the amount of public assistance the employer must pay back under section 8. The panel must render its decision within 30 days of the appeals request of the employer.

The commissioner may contract with public accounting firms or others to provide technical assistance to the panel in determining the correct amount of the repayment.

Sec. 8. [268.988] [REPAYMENT OF PUBLIC ASSISTANCE.]

An employer who causes a plant closing or mass layoff shall pay back or reimburse an amount equal to the amount of public assistance which it or the acquired business entity has received in the past five-year period from a government unit. The amount of public assistance to be repaid under this section equals the sum of the following:

(1) the reduction in the employer's capital expenditures at the establishment as a result of the public assistance including, but not limited to, assistance in acquiring land, buildings, and equipment;

(2) the reduction of the employer's financing costs at the establishment including, but not limited to, savings in interest costs resulting from tax exempt financing;

(3) the reduction in the employer's taxes on the operations at the establishment; and

(4) the reduction in the employer's operating costs at the establishment as the result of other assistance besides tax reductions or abatements.

The amount of public assistance to be repaid that is calculated in clauses (1) to (4) must be adjusted to reflect any amounts that have been recaptured or the employer has been required to repay under the provisions of another law or contractual agreement. The public assistance required to be repaid under this section must be made to the government unit authorizing or enabling the employer to receive the public assistance, regardless of whether the cost or reduction in revenues was borne by another government unit. The employer may appeal the payment amount to the appeals panel established in section 7. The government unit that the public assistance is to be repaid to under this section may enter into an agreement with the recipient of public assistance for the repayment or reimbursement of the public assistance and the time of the repayment.

Sec. 9. [268.989] [NOTIFICATION OF INTENTIONS.]

An employer must provide notice to the commissioner of jobs and training and the home rule or statutory city or county, in which an establishment which the employer has acquired is located, of what the employer's intentions are relating to that specific establishment for the three-year period following the acquisition. The notice must

state that the employer plans to cause a plant closing or mass layoff at the establishment if, at the time of the acquisition, the employer has determined that these actions will take place in the three-year period following acquisition. The notice must be provided within two months of the date of acquisition.

For purposes of this subdivision, "directly supervised" means an individual listed in clause (1) or (3) is within sight or hearing of a volunteer to the extent that the individual listed in clause (1) or (3) is capable at all times of intervening to protect the health and safety of the persons served by the program who have direct contact with the volunteer.

(e) (d) An applicant's or license holder's failure or refusal to cooperate with the commissioner is reasonable cause to deny an application or immediately suspend, suspend, or revoke or suspend a license. Failure or refusal of an individual to cooperate with the study is just cause for denying or terminating employment of the individual if the individual's failure or refusal to cooperate could cause the applicant's application to be denied or the license holder's license to be immediately suspended, suspended, or revoked.

(d) (e) The commissioner shall not consider an application to be complete until all of the information required to be provided under this subdivision has been received.

(f) No person in paragraph (a), clause (1), (2), (3), or (4) who is disqualified as a result of this act may be retained by the agency in a position involving direct contact with persons served by the program.

The commissioner shall notify the individual studied if the information contained in the study could cause disqualification from direct contact with persons served by the program. The commissioner shall disclose the information to the individual studied. An applicant or license holder who is not the subject of the study shall be informed that the commissioner has found information that could cause disqualification of the subject from direct contact with persons served by the program. However, the applicant or license holder shall not be told what that information is unless the data practices act provides for release of the information and the individual studied authorizes the release of the information.

(b) The commissioner may set aside the disqualification if the commissioner finds that:

- (1) the information the commissioner relied upon is incorrect; or
- (2) the individual does not pose a risk of harm to any person served by the applicant or license holder and rules adopted by the commissioner do not preclude reconsideration. The commissioner shall review the consequences of the event or events that could lead to disqualification, the vulnerability of the victim at the time of the event, the time elapsed without a repeat of the same or similar event, and documentation of successful completion by the individual studied of training or rehabilitation pertinent to the event.

The commissioner shall respond in writing to all reconsideration requests within 15 working days after receiving the request for reconsideration. If the disqualification is set aside, the commissioner shall notify the applicant or license holder in writing of the decision.

Except as provided in subdivision 3c, the commissioner's decision

to grant or deny a reconsideration of disqualification under this subdivision, or to set aside or uphold the results of the study under subdivision 3, is the final administrative agency action.

Persons whose employment is terminated based on a notice of disqualification from the commissioner shall not be eligible for benefits under sections 268.03 to 268.231 with respect to the individual's unemployment.

Sec. 16. Minnesota Statutes 1988, section 245A.04, is amended by adding a subdivision to read:

Subd. 3c. [CONTESTED CASE.] If a disqualification is not set aside, a person who, on or after the effective date of rules adopted under subdivision 3, paragraph (g), is an employee of an employer, as defined in section 179A.03, subdivision 15, may request a contested case hearing under chapter 14.

Sec. 17. Minnesota Statutes 1988, section 245A.04, subdivision 5, is amended to read:

Subd. 5. [COMMISSIONER'S RIGHT OF ACCESS.] When the commissioner is exercising the powers conferred by sections 245A.01 to 245A.15, the commissioner must be given access to the physical plant and grounds where the program is provided, documents, persons served by the program, and staff whenever the program is in operation and the information is relevant to inspections or investigations conducted by the commissioner. The commissioner must be given access without prior notice and as often as the commissioner considers necessary if the commissioner is conducting an investigation of allegations of abuse, neglect, maltreatment, or other violation of applicable laws or rules. In conducting inspections, the commissioner may request and shall receive assistance from other state, county, and municipal governmental agencies and departments. The applicant or license holder shall allow the commissioner to photocopy, photograph, and make audio and video tape recordings during the inspection of the program at the commissioner's expense. The commissioner shall obtain a court order or the consent of the subject of the records or the parents or legal guardian of the subject before photocopying hospital medical records.

Persons served by the program have the right to refuse to consent to be interviewed, photographed, or audio or videotaped. Failure or refusal of an applicant or license holder to fully comply with this subdivision is reasonable cause for the commissioner to deny the application or immediately suspend or revoke the license.

Sec. 18. Minnesota Statutes 1988, section 245A.04, subdivision 6, is amended to read:

Subd. 6. [COMMISSIONER'S EVALUATION.] Before granting, suspending, revoking, or making probationary a license, the commissioner shall evaluate information gathered under this section. The commissioner's evaluation shall consider facts, conditions, or circumstances concerning the program's operation, the well-being of persons served by the program, consumer evaluations of the program, and information about the character and qualifications of the personnel employed by the applicant or license holder.

The commissioner shall evaluate the results of the study required in subdivision 3 and determine whether a risk of harm to the persons served by the program exists. In conducting this evaluation, the commissioner shall apply the disqualification standards set forth in rules adopted under this chapter. If any rule currently does not include these disqualification standards, the commissioner shall apply the standards in section 364.03, subdivision 2 3, until the rule is revised to include disqualification standards. The commissioner shall revise all rules authorized by this chapter to include disqualification standards. Prior to the adoption of rules establishing disqualification standards, the commissioner shall forward the proposed rules to the commissioner of human rights for review and recommendation concerning the protection of individual rights. The recommendation of the commissioner of human rights shall not be binding on the commissioner of human services. The provisions of chapter 364 do not apply to applicants or license holders governed by sections 245A.01 to 245A.16 except as provided in this subdivision.

Sec. 19. Minnesota Statutes 1988, section 245A.04, subdivision 7, is amended to read:

Subd. 7. [ISSUANCE OF A LICENSE; PROVISIONAL LICENSE.] (a) If the commissioner determines that the program complies with all applicable rules and laws, the commissioner shall issue a license. At minimum, the license shall state:

- (1) the name of the license holder;
- (2) the address of the program;
- (3) the effective date and expiration date of the license;
- (4) the type of license;
- (5) the maximum number and ages of persons that may receive services from the program; and
- (6) any special conditions of licensure.

(b) The commissioner may issue a provisional license for a period not to exceed one year if:

(1) the commissioner is unable to conduct the evaluation or observation required by subdivision 4, paragraph (a), clauses (3) and (4), because the program is not yet operational;

(2) certain records and documents are not available because persons are not yet receiving services from the program; and

(3) the applicant complies with applicable laws and rules in all other respects.

A provisional license must not be issued except at the time that a license is first issued to an applicant.

A license shall not be transferable to another individual, corporation, partnership, voluntary association or other organization, or controlling individual, or to another location. All licenses expire at 12:01 a.m. on the day after the expiration date stated on the license. A license holder must apply for and be granted a new license to operate the program or the program must not be operated after the expiration date.

Sec. 20. Minnesota Statutes 1988, section 245A.06, subdivision 1, is amended to read:

Subdivision 1. [CONTENTS OF CORRECTION ORDERS.] If the commissioner finds that the applicant or license holder has failed to comply with an applicable law or rule and this failure does not imminently endanger the health, safety, or rights of the persons served by the program, the commissioner may issue a correction order to the applicant or license holder. The correction order must state:

- (1) the conditions that constitute a violation of the law or rule;
- (2) the specific law or rule violated; and
- (3) the time allowed to correct each violation.

Nothing in this section prohibits the commissioner from proposing a sanction as specified in section 245A.07, prior to issuing a correction order or fine.

Sec. 21. Minnesota Statutes 1988, section 245A.06, subdivision 5, is amended to read:

Subd. 5. [FORFEITURE OF FINES.] The license holder shall pay the fines assessed within 15 calendar days of receipt of notice of on or before the payment date specified in the commissioner's order. If the license holder fails to fully comply with the order, the commissioner shall suspend the license until the license holder complies. If

the license holder receives state funds, the state, county, or municipal agencies or departments responsible for administering the funds shall withhold payments and recover any payments made while the license is suspended for failure to pay a fine.

Sec. 22. Minnesota Statutes 1988, section 245A.06, is amended by adding a subdivision to read:

Subd. 5a. [ACCRUAL OF FINES.] A license holder shall promptly notify the commissioner of human services, in writing, when a violation specified in an order to forfeit is corrected. A fine assessed for a violation shall stop accruing when the commissioner receives the written notice. The commissioner shall reinspect the program within three working days after receiving the notice. If upon reinspection the commissioner determines that a violation has not been corrected as indicated by the order to forfeit, accrual of the daily fine shall resume on the date of reinspection and the amount of fines that otherwise would have accrued between the date the commissioner received the notice and date of the reinspection shall be added to the total assessment due from the license holder. The commissioner shall notify the license holder by certified mail that accrual of the fine has resumed. The license holder may challenge the resumption in a contested case under chapter 14 by written request within 15 days after receipt of the notice of resumption. Recovery of the resumed fine shall be stayed if a controlling individual or a legal representative on behalf of the license holder makes a written request for a hearing. The request for hearing, however, shall not stay accrual of the daily fine for violations that have not been corrected. The cost of reinspection conducted under this subdivision for uncorrected violations shall be added to the total amount of accrued fines due from the license holder.

Sec. 23. Minnesota Statutes 1988, section 245A.07, subdivision 2, is amended to read:

Subd. 2. [IMMEDIATE SUSPENSION IN CASES OF IMMINENT DANGER TO HEALTH, SAFETY, OR RIGHTS.] If the license holder's failure to comply with applicable law or rule has placed the health, safety, or rights of persons served by the program in imminent danger, the commissioner shall act immediately to suspend the license. No state funds shall be made available or be expended by any agency or department of state, county, or municipal government for use by a license holder regulated under sections 245A.01 to 245A.16 while a license is under immediate suspension. A notice stating the reasons for the immediate suspension and informing the license holder of the right to a contested case hearing under chapter 14 must be delivered by personal service to the address shown on the application or the last known address of the license holder. The license holder may appeal an order immediately suspending a license by notifying the commissioner in writing by certified mail within five calendar days after receiving notice that

the license has been immediately suspended. A license holder and any controlling individual shall discontinue operation of the program upon receipt of the commissioner's order to immediately suspend the license.

Sec. 24. Minnesota Statutes 1988, section 245A.08, subdivision 5, is amended to read:

Subd. 5. [NOTICE OF THE COMMISSIONER'S FINAL ORDER.] After considering the findings of fact, conclusions, and recommendations of the administrative law judge, the commissioner shall issue a final order. The commissioner shall consider, but shall not be bound by, the recommendations of the administrative law judge. The appellant must be notified of the commissioner's final order as required by chapter 14. The notice must also contain information about the appellant's rights under chapter 14. The institution of proceedings for judicial review of the commissioner's final order shall not stay the enforcement of the final order except as provided in section 14.65. A license holder and each controlling individual of a license holder whose license has been revoked because of noncompliance with applicable law or rule must not be granted a license for five years following the revocation.

Sec. 25. Minnesota Statutes 1988, section 245A.12, is amended to read:

**245A.12 [VOLUNTARY RECEIVERSHIP FOR RESIDENTIAL FACILITIES PROGRAMS.]**

A majority of controlling ~~persons~~ individuals of a residential program may at any time ask the commissioner to assume operation of the residential program through appointment of a receiver. On receiving the request for a receiver, the commissioner may enter into an agreement with a majority of controlling ~~persons~~ individuals and provide for the appointment of a receiver to operate the residential program under conditions acceptable to both the commissioner and the majority of controlling persons. The agreement must specify the terms and conditions of the receivership and preserve the rights of the persons being served by the residential program. A receivership set up under this section terminates at the time specified by the parties to the agreement or 30 days after either of the parties gives written notice to the other party of termination of the receivership agreement.

Sec. 26. Minnesota Statutes 1988, section 245A.13, is amended to read:

**245A.13 [INVOLUNTARY RECEIVERSHIP FOR RESIDENTIAL FACILITIES PROGRAMS.]**

Subdivision 1. [APPLICATION.] The commissioner may petition the district court in the county where the residential program is located for an order directing the controlling persons individuals of the residential program to show cause why the commissioner or the commissioner's designated representative should not be appointed receiver to operate the residential program. The petition to the district court must contain proof by affidavit that the commissioner has either begun license suspension or revocation proceedings, suspended or revoked a license, or decided to deny an application for licensure of the residential program. If the license holder or applicant, or controlling individual operates more than one residential program, the commissioner's petition must specify and be limited to the residential program for which the commissioner has either begun license suspension or revocation proceedings, suspended or revoked a license, or has decided to deny an application for licensure of the residential program. The order to show cause is returnable not less than five days after service is completed and must provide for personal service of a copy to the residential program administrator and to the persons designated as agents by the controlling persons individuals to accept service on their behalf.

Subd. 2. [APPOINTMENT OF RECEIVER; RENTAL.] If the court finds that involuntary receivership is necessary as a means of protecting the health, safety, or rights of persons being served by the residential program, the court shall appoint the commissioner or the commissioner's designated representative as a receiver to operate the residential program. The court shall determine a fair monthly rental for the physical plant, taking into account all relevant factors including the conditions of the physical plant. The rental fee must be paid by the receiver to the appropriate controlling persons individuals for each month that the receivership remains in effect. No payment made to a controlling person individual by the receiver or any state agency during a period of involuntary receivership shall include any allowance for profit or be based on any formula that includes an allowance for profit.

Subd. 3. [POWERS AND DUTIES OF THE RECEIVER.] Within 18 months after the receivership order, a receiver appointed to operate a residential program during a period of involuntary receivership shall provide for the orderly transfer of the persons served by the residential program to other residential programs or make other provisions to protect their health, safety, and rights. The receiver shall correct or eliminate deficiencies in the residential program that the commissioner determines endanger the health, safety, or welfare of the persons being served by the residential program unless the correction or elimination of deficiencies involves major alteration in the structure of the physical plant. If the correction or elimination of the deficiencies requires major alterations in the structure of the physical plant, the receiver shall take actions designed to result in the immediate transfer of persons served by the residential program. During the period of the receivership, the

receiver shall operate the residential program in a manner designed to guarantee the health, safety, rights, adequate care, and supervision of the persons served by the residential program. The receiver may make contracts and incur lawful expenses. The receiver shall collect incoming payments from all sources and apply them to the cost incurred in the performance of the receiver's functions including the receiver's fee set under subdivision 4. No security interest in any real or personal property comprising the residential program or contained within it, or in any fixture of the physical plant, shall be impaired or diminished in priority by the receiver. The receiver shall pay all valid obligations of the residential program and may deduct these expenses, if necessary, from rental payments owed to any controlling ~~person~~ individual by virtue of the receivership.

Subd. 4. [RECEIVER'S FEE; LIABILITY; ASSISTANCE FROM THE COMMISSIONER.] A receiver appointed under an involuntary receivership is entitled to a reasonable receiver's fee as determined by the court. The receiver is liable only in an official capacity for injury to person and property by reason of the conditions of the residential program. The receiver is not personally liable, except for gross negligence and intentional acts.

Subd. 5. [TERMINATION.] An involuntary receivership terminates 12 months after the date on which it was ordered or at any other time designated by the court or when any of the following events occurs:

(1) the commissioner determines that the residential program's license application should be granted or should not be suspended or revoked;

(2) a new license is granted to the residential program; or

(3) the commissioner determines that all persons residing in the residential program have been provided with alternative residential programs.

Sec. 27. Minnesota Statutes 1988, section 245A.14, subdivision 3, is amended to read:

Subd. 3. [CONDITIONAL LICENSE.] Until such time as the commissioner adopts appropriate rules for conditional licenses, no license holder or applicant for a family or group family day care license is required to spend more than \$100 to meet fire safety rules in excess of those required to meet Group "R" occupancies under the Uniform Building Code, chapter 12, as incorporated by reference in Minnesota Rules, part 1305.0100.

When the commissioner determines that an applicant or license holder of a family or group family day care license would be required

to spend over \$100 for physical changes to ensure fire safety, the commissioner may issue a conditional license when all of the following conditions have been met:

(a) The commissioner shall notify the provider license holder or applicant in writing of the fire safety deficiencies.

(b) The commissioner shall notify the provider license holder or applicant in writing of alternative compliance standards that would correct deficiencies, if available.

(c) The provider license holder or applicant agrees in writing to notify each parent, on a form prescribed by the commissioner that requires the signature of the parent, of the fire safety deficiencies, and the existence of the conditional license.

Sec. 28. Minnesota Statutes 1988, section 245A.14, is amended by adding a subdivision to read:

Subd. 6. [LICENSING OF DROP-IN DAY CARE CENTERS FOR CHILDREN.] In any rule adopted by the commissioner of human services to set standards for the operation of child care programs in a center, there shall be specific provisions to govern centers that provide only drop-in care. "Drop-in care," for purposes of this section, means care provided by a program that operates for more than 30 days in any 12-month period, is not excluded by section 245A.03, subdivision 2, provides care to an individual child for no more than a total of 30 hours in any calendar month, and does not have a regularly scheduled ongoing child care program with a stable enrollment. For centers that provide only drop-in care, the commissioner shall set flexible standards for permitting children of adjacent age groups to be cared for in the same day care group and shall set reduced staff distribution requirements. As long as one qualified teacher is on the premises of a center that provides only drop-in care, with a licensed capacity of 30 or less while the center is open for drop-in care, there need not be a head teacher for every age group. In centers that provide only drop-in care and that accept both infants and older children, infants can be supervised by assistant teachers, as long as other staff are present in appropriate ratios as determined by the commissioner. For centers that provide only drop-in child care, the commissioner may establish lesser requirements for furnishings, equipment, materials, and supplies. The commissioner may exempt a center that provides only drop-in care from other standards governing child care centers, as long as those exemptions are specifically stated in the rule.

Sec. 29. Minnesota Statutes 1988, section 245A.16, subdivision 1, is amended to read:

Subdivision 1. [DELEGATION OF AUTHORITY TO AGENCIES.] County agencies and private agencies that have been desig-

nated or licensed by the commissioner to perform licensing functions and activities under section 245A.04, to recommend denial of applicants under section 245A.05, to recommend correction orders and fines under section 245A.06, or to recommend suspending, revoking, and making licenses probationary under section 245A.07, shall comply with rules and directives of the commissioner governing those functions and with this section.

By January 1, 1991, the commissioner shall study and make recommendations to the legislature regarding the licensing and provision of support services to child foster homes. In developing the recommendations, the commissioner shall consult licensed private agencies, county agencies, and licensed foster home providers.

Sec. 30. Minnesota Statutes 1988, section 254A.08, subdivision 2, is amended to read:

Subd. 2. For the purpose of this section, a detoxification program means a social rehabilitation program established for the purpose of facilitating access into care and treatment by detoxifying and evaluating the person and providing entrance into a comprehensive program. Such a Evaluation of the person shall include verification by a professional, after preliminary examination, that the person is intoxicated or has symptoms of chemical dependency and appears to be in imminent danger of harming self or others. A detoxification program shall have available the services of a licensed physician for medical emergencies and routine medical surveillance. A detoxification program licensed by the department of human services to serve both adults and minors at the same site must provide for separate sleeping areas for adults and minors.

#### Sec. 31. [RULES FOR DROP-IN CARE.]

#### Sec. 32. [RULES PROVIDING VARIANCES.]

Sec. 2. [268A.01] [DEFINITIONS.]

Subdivision 1. [SCOPE.] For the purposes of sections 2 to 11, the terms defined in this section have the meanings given them.

Subd. 2. [EMPLOYER.] "Employer" means a person, partnership, corporation, state, county, municipality, or other legal entity that owns or operates a facility within this state and employs (1) 50 or more employees, excluding part-time employees; or (2) 50 or more employees who in the aggregate work at least 2,000 hours per week exclusive of hours of overtime. Employer does not include the federal government or an organization that is exempt from taxation under section 501 of the Internal Revenue Code of 1986, as amended through December 31, 1988.

Subd. 3. [PLANT CLOSING.] "Plant closing" means the permanent or temporary shutdown of a single site of employment, or one or more facilities or operating units within a single site of employment if the shutdown results in an employment loss at the single site of employment during any 30-day period for 25 or more employees excluding any part-time employees.

Subd. 4. [MASS LAYOFF.] "Mass layoff" means a reduction in force that:

(1) is not the result of a plant closing; and

(2) results in an employment loss at the single site of employment during any 30-day period for at least:

(i) 33 percent of the employees, excluding any part-time employees, and at least 25 employees, excluding any part-time employees; or

(ii) 250 employees, excluding any part-time employees.

Subd. 5. [REPRESENTATIVE.] "Representative" means an exclusive representative of employees within the meaning of section 9(a) or 8(f) of the National Labor Relations Act, United States Code, title 29, section 159(a) or 158(f); section 2 of the Railway Labor Act, United States Code, title 45, section 152; or Minnesota Statutes, section 179A.03, subdivision 8.

Subd. 6. [AFFECTED EMPLOYEES.] "Affected employees" means employees, including part-time employees, who may reasonably be expected to experience an employment loss as a consequence of a proposed plant closing or mass layoff by their employer.

Subd. 7. [EMPLOYMENT LOSS.] "Employment loss" means:

(1) an employment termination, other than a discharge for cause, voluntary departure, or retirement;

(2) a layoff exceeding six months; or

(3) a reduction in hours of work of more than 50 percent during each month of any six-month period.

Subd. 8. [UNIT OF LOCAL GOVERNMENT.] "Unit of local government" means any general purpose political subdivision of the state that has the power to levy taxes and spend funds, as well as general corporate and police powers.

Subd. 9. [PART-TIME EMPLOYEE.] "Part-time employee" means an employee who is employed for an average of fewer than 20 hours per week or who has been employed for fewer than six of the 12 months preceding the date on which notice is required.

Sec. 3. [268A.02] [NOTICE REQUIRED BEFORE PLANT CLOSINGS AND MASS LAYOFFS.]

Subdivision 1. [NOTICE TO EMPLOYEES, STATE DISLOCATED WORKER UNITS, AND LOCAL GOVERNMENTS.] An employer may not order a plant closing or mass layoff until the end of a 120-day period after the employer serves written notice of the order to:

(1) each representative of the affected employees as of the time of the notice, and to each affected employee; and

(2) the state dislocated worker unit designated or created under the federal Economic Dislocation and Worker Adjustment Act and the chief elected official of the unit of local government within which the closing or layoff is to occur. If there is more than one unit, the unit of local government that the employer shall notify is the unit of local government to which the employer pays the highest taxes for the year preceding the year for which the determination is made.

Subd. 2. [REDUCTION OF NOTIFICATION PERIOD.] (a) An employer may order a plant closing or mass layoff at a single site of employment before the conclusion of the 120-day period if, as of the time that notice would have been required, the employer was actively seeking capital or business which, if obtained, would have

enabled the employer to avoid or postpone the closing or mass layoff and the employer reasonably and in good faith believed that giving the notice required would have precluded the employer from obtaining the needed capital or business.

(b)(1) An employer may order a plant closing or mass layoff before the conclusion of the 120-day period if the closing or mass layoff is caused by business circumstances that were not reasonably foreseeable at the time the notice would have been required.

(2) No notice under this chapter is required if the plant closing or mass layoff is due to any form of natural disaster, such as a flood, earthquake, or drought.

(c) An employer relying on this subdivision shall give as much notice as is practicable and at that time shall give a brief statement of the basis for reducing the notification period.

Subd. 3. [EXTENSION OF LAYOFF PERIOD.] A layoff of more than six months that at its outset was announced to be a layoff of six months or less is an employment loss under this chapter unless:

(1) the extension beyond six months is caused by business circumstances, including unforeseeable changes in price or cost not reasonably foreseeable at the time of the initial layoff; and

(2) notice is given at the time it becomes reasonably foreseeable that the extension beyond six months will be required.

Subd. 4. [DETERMINATIONS WITH RESPECT TO EMPLOYMENT LOSS.] For purposes of this section, in determining whether a plant closing or mass layoff has occurred or will occur, employment losses for two or more groups at a single site of employment, each of which is less than the minimum number of employees specified in section 2, subdivision 3 or 4, but that in the aggregate exceed the minimum number, and that occur within any 90-day period shall be considered to be a plant closing or mass layoff unless the employer demonstrates that the employment losses are the result of separate and distinct actions and causes and are not an attempt by the employer to evade the requirements of this chapter.

Subd. 5. [NOTICE WHEN BUSINESS SOLD.] In the case of a sale of part or all of an employer's business, the seller is responsible for providing notice for any plant closing or mass layoff up to and including the effective date of the sale. After the effective date of the sale of part or all of an employer's business, the purchaser is responsible for providing notice for any plant closing or mass layoff. Notwithstanding any other provision of this chapter, a person who is an employee of the seller, other than a part-time employee, as of

the effective date of the sale shall be considered an employee of the purchaser immediately after the effective date of the sale.

Sec. 4. [268A.03] [EXEMPTIONS.]

This chapter shall not apply to a plant closing or mass layoff if the closing is of a temporary facility or the closing or layoff is the result of the completion of a particular project or undertaking, and the affected employees were hired with the understanding that their employment was limited to the duration of the facility, project, or undertaking.

An employee is not considered to have experienced an employment loss if the closing or layoff is the result of the relocation or consolidation of part or all of the employer's business and prior to the closing or layoff:

(1) the employer offers to transfer the employee to a different site of employment within a reasonable commuting distance with no more than a six-month break in employment; or

(2) the employer offers to transfer the employee to any other site of employment regardless of distance with no more than a six-month break in employment, and the employee accepts within 30 days of the offer or of the closing or layoff, whichever is later.

Sec. 5. [268A.04] [PROCEDURES IN ADDITION TO OTHER RIGHTS OF EMPLOYEES.]

The rights and remedies provided to employees by this chapter are in addition to, and not in lieu of, any other contractual or statutory rights and remedies of the employees, and are not intended to alter or affect the rights and remedies, except that the period of notification required by this chapter shall run concurrently with any period of notification required by contract or by other statute.

Sec. 6. [268A.05] [PROCEDURES ENCOURAGED WHERE NOT REQUIRED.]

It is the sense of the Minnesota legislature that an employer who is not required to comply with the notice requirements of section 3 should, to the extent possible, provide notice to its employees about a proposal to close a plant or permanently reduce its work force.

Sec. 7. [268A.06] [RULES.]

The commissioner of jobs and training shall adopt rules necessary to carry out this chapter. The rules shall, at a minimum, include rules describing the methods by which employers may provide for appropriate service of notice as required by this chapter.

The rules shall provide that the mailing of notice to an employee's last known address or inclusion of notice in the employee's paycheck is an acceptable method for fulfillment of the employer's obligation to give notice to each affected employee under this chapter.

Sec. 8. [268A.07] [EFFECT ON OTHER LAWS.]

The giving of notice under this chapter, if done in good faith, shall not constitute a violation of chapter 179A.

Sec. 9. [268A.08] [SEVERANCE PAYMENT.]

Subdivision 1. [SEVERANCE PAYMENT.] Each employer owning or operating a facility engaged in a plant closing or mass layoff shall make a severance payment to an affected employee who is terminated if the affected employee has been employed by the employer for two or more years. The payment may, at the option of the employer, be made before or at the termination of the affected employee. The severance payment must be equal to the gross weekly wage of the affected employee at the time of termination, multiplied by the number of full and partial years for which the employee has been employed by the employer. For an affected employee whose gross weekly wage has been reduced within one year of a plant closing as a result of a reduction in the average weekly number of hours worked by the employee, the severance payment must be equal to the affected employee's gross weekly wage before the reduction in the average weekly number of hours worked, multiplied by the number of full and partial years for which the employee has been employed by the employer.

Subd. 2. [OTHER PAYMENTS.] Vacation pay, accrued wages, and other types of payments made for a reason other than as compensation for termination of employment are not severance payments under subdivision 1.

Subd. 3. [HEALTH CARE COVERAGE.] Each employer commencing a plant closing or mass layoff shall continue any existing employer-paid health insurance plan for each affected employee for at least 120 days after the plant closing or mass layoff, unless the employee elects to terminate coverage. During the 120 days, the employer must pay at least the same portion of the premium that the employer paid before termination of the affected employee. The employer shall also continue to make the health insurance plan available to affected employees as required in section 62A.17 or in federal law. The employer's obligation under this subdivision ends when an affected employee obtains coverage through new employment or receives equivalent coverage as a dependent.

Sec. 10. [268A.09] [PRIORITY OF CLAIMS.]

A money claim on behalf of an affected employee against an employer engaged in a plant closing or mass layoff has priority over all other claims against an employer, except wage claims.

Sec. 11. [268A.10] [ENFORCEMENT; DAMAGES.]

Subdivision 1. [AGGRIEVED EMPLOYEE.] For the purposes of this section, "aggrieved employee" means an employee who did not receive timely notice either directly or through a representative as required under section 3 because of the failure by the employer to comply with section 3, or an employee who was denied benefits due under section 9.

Subd. 2. [LIABILITY; FAILURE TO PROVIDE NOTICE.] An employer who orders a plant closing or mass layoff in violation of section 3 is liable to each aggrieved employee who suffers an employment loss as a result of the closing or layoff for:

(1) back pay for each day of violation at a rate of compensation not less than the higher of:

(i) the average regular rate received by the employee during the last three years of the employee's employment; or

(ii) the final regular rate received by the employee; and

(2) benefits under an employee benefit plan described in section 3(3) of the Employee Retirement Income Security Act of 1974, United States Code, title 29, section 1002(3), including the cost of medical expenses incurred during the employment loss that would have been covered under an employee benefit plan if the employment loss had not occurred.

The liability shall be calculated for the period of the violation, up to a maximum of 120 days, but in no event for more than one-half the number of days the employee was employed by the employer. The period of the violation means the number of days that notice was required under section 3 and not provided, beginning on the date that the employment terminates.

Subd. 3. [REDUCTIONS IN LIABILITY.] The amount for which an employer is liable under subdivision 1 shall be reduced by:

(1) wages paid by the employer to the employee for the period of the violation, not including payment of severance, retirement, vacation, or other similar benefits;

(2) voluntary and unconditional payment by the employer to the employee that is not required by any legal obligation; and

(3) payment by the employer to a third party or trustee, such as premiums for health benefits or payments to a defined contribution pension plan, on behalf of and attributable to the employee for the period of the violation.

In addition, liability incurred under subdivision 1 with respect to a defined benefit pension plan may be reduced by crediting the employee with service for all purposes under the plan for the period of the violation.

Subd. 4. [PAYMENT TO LOCAL GOVERNMENT.] An employer who violates section 3 with respect to a unit of local government shall be subject to a civil penalty of not more than \$500 for each day of violation, except that the penalty shall not apply if the employer pays to each aggrieved employee the amount for which the employer is liable to that employee within three weeks from the date the employer orders the shutdown or layoff.

Subd. 5. [LIABILITY; SEVERANCE.] An employer who fails to provide the benefits required under section 9 is liable to the employee for all damages recoverable at law caused by a violation of section 9.

Subd. 6. [COURT ACTION.] (a) In addition to any other remedy provided by law, an aggrieved employee, representative, or unit of local government may bring an action to enforce liability under this section on behalf of an individual, entity, or for others similarly situated. The action may be brought in a district court in the district where the violation is alleged to have occurred or in any district where the employer transacts business.

(b) In any suit under this section, the court may award injunctive or other equitable relief. In addition, the court may award reasonable attorney's fees as part of the costs, to a prevailing employee, employee representative, or unit of local government.

Subd. 7. [ATTORNEY GENERAL.] The courts of this state are vested with jurisdiction to prevent and restrain violations of sections 2 to 11. After satisfaction that sections 2 to 11 have been, are being, or are about to be violated, the attorney general shall be entitled on behalf of the state to:

(1) sue for and have injunctive relief in a court of competent jurisdiction against a violation or threatened violation without abridging the penalties provided by law; and

(2) sue for and recover for the state, from any person who is found to have violated sections 2 to 11, a civil penalty in an amount to be determined by the court, not to exceed \$25,000.

All sums recovered by the attorney general under this subdivision shall be deposited in the general fund of the state treasury and annually appropriated to the commissioner of jobs and training to carry out the commissioner's duties under this chapter.

Subd. 8. [GOOD FAITH DEFENSE.] If an employer who has violated this chapter proves to the satisfaction of the court that the act or omission that violated this chapter was in good faith and that the employer had reasonable grounds for believing that the act or omission was not a violation of this chapter, the court may, in its discretion, reduce the amount of the liability or penalty provided for in this section.

Sec. 12. [APPROPRIATION.]

For the biennium ending June 30, 1991, \$80,000 is appropriated from the general fund to the attorney general and \$80,000 is appropriated to the commissioner of jobs and training for the purposes of this chapter. One-half of each appropriation is available in fiscal year 1990 and one-half in fiscal year 1991. The approved complement of the office of the attorney general is increased by one position and the approved complement of the department of jobs and training is increased by one position.

#### Sec. 6. [17.736] [LICENSE, RENEWAL.]

Subdivision 1. [LICENSE TO SELL.] Before a person may sell, offer for sale, or dispose of in this state agricultural liming material to be used for the correction of soil acidity or soil fertility, the distributor and producer must obtain a license by filing with the commissioner an acceptable application for a license to sell, together with the license fee, on or before January 1 of each year. The application must state the name of the producer or distributor, the location of the principal office of the producer or distributor, the number and location of each source of production covered by the license, and the name, brand, or trademark under which the agricultural liming material will be sold.

Subd. 2. [OUT-OF-STATE SOURCE OF PRODUCTION.] One license for all sources of production for a firm that is located outside of the state must be obtained from the commissioner.

Subd. 3. [EFFECTIVE DATES.] Each license is effective until January 1 next following the date of its issuance or approval. A license must not be transferable from one person to another, or from the ownership to whom issued to another ownership, or from one location to another location.

Subd. 4. [LICENSE POSTING.] The license must be posted in a conspicuous place in each location in this state where these operations are performed.

Subd. 5. [SUBSTANTIATION OF CLAIMS.] The commissioner may require a person applying for a license to sell or produce an agricultural liming material for use in Minnesota to submit authentic experimental evidence or university research data to substantiate the claims made for the product. As evidence to substantiate claims, the commissioner may rely on experimental data, evaluations, or advice furnished by experts at the University of Minnesota and may accept or reject additional sources of evidence in evaluating the agricultural liming material. In all cases, the experimental evidence must relate to conditions in Minnesota for which use of the product is intended. The commissioner may also require evidence of value when used as directed or recommended.

Subd. 6. [INSUFFICIENT EVIDENCE.] If the commissioner determines that the evidence submitted under subdivision 5 does not substantiate the product's usefulness in this state, the commissioner may require the applicant to submit samples, conduct tests, or submit additional information, including conditions affecting performance, in order to evaluate its performance and usefulness.

Sec. 7. [17.737] [LABELING; GUARANTEED ANALYSIS.]

Subdivision 1. [PRODUCT LABEL.] An agricultural liming material offered for sale in this state must be labeled in accordance with rules adopted under this chapter.

Subd. 2. [BULK SHIPMENT LABEL.] If agricultural liming material is transported or sold in bulk, the data in written or printed form as required by subdivision 1 must accompany each delivery and be supplied to each purchaser at the time of delivery.

Sec. 8. [17.738] [LICENSE AND SAMPLING FEES.]

Subdivision 1. [APPLICATION FEE.] An application for a license must be accompanied by a fee of \$100.

Subd. 2. [ADDITIONAL FEE AFTER JANUARY 1.] If an application for license renewal is not filed before January 1 of any year, an additional fee amounting to 50 percent of the amount due must be assessed before the renewal license may be issued.

Subd. 3. [ADDITIONAL FEES FOR PRIOR YEARS.] The applicant shall also pay any license fees for prior years in which the applicant sold an agricultural liming material in Minnesota in violation of this chapter plus an additional fee of 100 percent of the amount due.

Subd. 4. [SAMPLE FEE.] The commissioner may sample agricultural liming material from a source of production as often as deemed necessary to implement sections 3 to 15. A sampling fee of \$25 must

be assessed for each sample collected but may not exceed \$25 per calendar year at each source of production.

Sec. 9. [17.739] [TONNAGE REPORT.]

Subdivision 1. [SEMIANNUAL STATEMENT.] Each licensed distributor or producer of agricultural liming material shall file with the commissioner on forms furnished by the commissioner, a semiannual statement for the periods ending December 31 and June 30 setting forth the number of net tons of agricultural liming material sold in this state during the reporting period. The report is due on or before the last day of the month following the close of each reporting period of each calendar year. For a tonnage report that is not filed within 31 days after the end of the reporting period, a penalty of \$50 must be paid by the licensee and is a debt and may be recovered in a civil action against the licensee. The assessment of this penalty does not prevent the department from taking other actions as provided in sections 3 to 15. The commissioner may by rule require additional reports for the purpose of gathering statistical data relating to agricultural liming material distributed in Minnesota.

Subd. 2. [SEPARATE REPORTS.] A separate report under subdivision 1 is due for each source of production.

Subd. 3. [RECORD VERIFICATION.] Submission of each tonnage report is authority for the commissioner to verify the records upon which the statement of tonnage is based.

(b) The commissioner may enter sites for:

(1) inspection of equipment for the production, handling, distribution, disposal, or application of an agricultural liming material and the premises on which the equipment is stored;

Subd. 2. [NOTICE OF INSPECTION SAMPLES AND ANALYSES.] (a) The commissioner shall provide the owner, operator, or agent in charge with a receipt describing any samples obtained. If an analysis is made of the samples, a copy of the results of the analysis must be furnished to the owner, operator, or agent in charge.

(b) The methods of sampling and analysis must be those adopted by the association of official analytical chemists. In cases not covered by those methods, or in cases where methods are available in which improved applicability has been demonstrated, the commissioner may adopt appropriate methods from other sources.

Sec. 11. [17.741] [FALSE OR MISLEADING STATEMENTS.]

An agricultural liming material is misbranded if it carries a false or misleading statement on the container or on the label attached to the container, or if false or misleading statements concerning the agricultural liming material are disseminated in any manner or by any means. It is unlawful to sell a misbranded agricultural liming material.

Sec. 12. [17.742] [ADULTERATION.]

No person may sell an adulterated agricultural liming material. An agricultural liming material is adulterated if:

(1) it contains a deleterious or harmful ingredient in sufficient amount to render it injurious to plant life or the environment when applied in accordance with directions for use on the label;

(2) its composition falls below or differs from that it is purported to possess by its labeling; or

(3) it contains unwanted crop seed or weed seed.

Adulterated products that cannot be reconditioned must be disposed of by methods approved by the commissioner.

Subdivision 1. [FOR ADMINISTRATION.] The commissioner may adopt emergency or permanent rules necessary to administer sections 3 to 15.

Subd. 2. [LIMING MATERIALS.] The commissioner may adopt rules governing the distribution, labeling, sale, handling, certification, use, application, storage, sampling, and analysis of liming materials.

Sec. 14. [17.744] [VIOLATIONS; PENALTY.]

Subdivision 1. [LICENSE.] The commissioner may cancel a license issued under sections 3 to 15 upon satisfactory evidence that the licensee has used fraudulent and deceptive practices in the evasion or attempted evasion of the provisions of this section. No license may be revoked until the licensee has been given opportunity for a hearing by the commissioner.

Subd. 2. [COMMISSIONER'S DISCRETION.] Nothing in sections 3 to 15 requires the commissioner to report a person for prosecution or issue a withdrawal from distribution (stop-sale) order as a result of a minor violation of sections 3 to 15 or when the commissioner believes the public interest will be best served by a suitable notice of warning in writing.

Sec. 15. [17.745] [ADMINISTRATIVE ACTION.]

Subdivision 1. [ADMINISTRATIVE REMEDIES.] The commissioner may seek to remedy violations of sections 3 to 15 or the commissioner's orders by a written warning, administrative meeting, cease and desist, stop-use, stop-sale, or other special order, stipulation, or agreement, if the commissioner determines that the remedy is in the public interest.

Subd. 2. [REVOCAION AND SUSPENSION.] The commissioner may, after written notice and hearing, revoke, suspend, or refuse to grant or renew a license if a person violates sections 3 to 15 or has a history of violations of sections 3 to 15.

Sec. 16. [APPROPRIATION.]

\$270,000 is appropriated from the general fund to the commissioner of agriculture for purposes of the demonstration project in

sections 17.7242 to 17.7245 and to support an agricultural liming material regulatory program. This appropriation is available until June 30, 1991. The complement of the department of agriculture is increased by two positions.

(12) that the licensee has violated subdivision 6b.

(b) The commissioner may by order suspend or revoke an insurance agent's or insurance agency's license issued to a partnership or corporation or impose a civil penalty not to exceed \$5,000 as provided for in section 45.027, subdivision 6, upon that licensee, or both, if, after notice and hearing, the commissioner finds as to that licensee, or as to any partner, director, shareholder, officer, or employee of that licensee, any one or more of the conditions set forth in paragraph (a).

(c) A revocation of a license shall prohibit the licensee from making a new application for a license for at least one year. Further, the commissioner may, as a condition of relicensure, require the applicant to file a reasonable bond for the protection of the citizens of this state, which bond shall be maintained by the licensee in full force for a period of five years immediately following issuance of the license, unless the commissioner at the commissioner's discretion

shall after two years permit the licensee to sooner terminate the maintenance filing of the bond.

(d) The commissioner may, in the manner prescribed by chapter 14, impose a civil penalty not to exceed \$5,000 upon a person whose license has lapsed, or been suspended, revoked, or otherwise terminated, for engaging in conduct prohibited by paragraph (a) before, during, or after the period of licensure.

Sec. 4. Minnesota Statutes 1988, section 60A.198, subdivision 3, is amended to read:

Subd. 3. [PROCEDURE FOR OBTAINING LICENSE.] A person licensed as an agent in this state pursuant to other law may obtain a surplus lines license by doing the following:

(a) filing an application in the form and with the information the commissioner may reasonably require to determine the ability of the applicant to act in accordance with sections 60A.195 to 60A.209;

(b) maintaining an agent's license in this state;

(c) delivering to the commissioner a financial guarantee bond from a surety acceptable to the commissioner for the greater of the following:

(1) \$5,000; or

(2) the largest semiannual surplus lines premium tax liability incurred by the applicant in the immediately preceding five years; and

(d) agreeing to file with the commissioner of revenue no later than February 15 and August 15 annually, a sworn statement of the charges for insurance procured or placed and the amounts returned on the insurance canceled under the license for the preceding six-month period ending December 31 and June 30 respectively, and at the time of the filing of this statement, paying the commissioner a tax on premiums equal to three percent of the total written premiums less cancellations; and

(e) annually paying a fee as prescribed by section 60A.14, subdivision 1, paragraph (c), clause ~~(11)~~ (14).

Sec. 5. Minnesota Statutes 1988, section 62I.02, subdivision 2, is amended to read:

Subd. 2. [DIRECTOR.] The association shall have a board of directors composed of 11 persons chosen annually as follows: five persons elected by members of the association at a meeting called by

the commissioner; three public members, as defined in section 214.02, appointed by the commissioner; and three members, appointed by the commissioner representing groups to whom coverage has been extended by the association. The terms of the members shall be four years. Terms may be staggered so that no more than six members are appointed or elected every two years. Members may serve until their successors are appointed or elected. If at any time no coverage is currently extended by the association, then either additional public members may be appointed to fill these three positions or, at the option of the commissioner, representatives from groups who had previously been covered by the association may serve as directors.

Sec. 6. Minnesota Statutes 1988, section 62I.16, subdivision 3, is amended to read:

Subd. 3. [SUPERVISION.] All money paid into the fund shall be held in trust escrow by the corporate trustee escrow administrator selected by the board of directors. The corporate trustee escrow administrator may invest the money held in trust escrow subject to the approval of the board. All investment income shall be credited to the fund. All expenses of the administration of the fund shall be charged against the fund. The money held in trust escrow shall be used solely for the purpose of discharging when due any retrospective premium charges payable by policyholders and any retrospective premium refunds payable to policyholders under the group retrospective rating plan. Payment of retrospective premium charges shall be made upon certification of the amount due. If all money accruing to the fund is exhausted in payment of retrospective premium charges, all liability and obligations of the association's policyholders with respect to the payment of retrospective premium charges shall terminate and shall be conclusively presumed to have been discharged. Any stabilization reserve fund charges from a particular policy year not used to pay retrospective premiums must be returned to policyholders after all claims and expense obligations from that particular policy year are satisfied.

Sec. 7. Minnesota Statutes 1988, section 65A.29, subdivision 8, is amended to read:

Subd. 8. [RULES.] (a) The commissioner may adopt rules pursuant to chapter 14, to specify the grounds for nonrenewal, reduction in limits of coverage, or elimination of coverage of a homeowner's policy. The rules must limit the grounds to the following factors:

(a) (1) reasons stated for cancellation in section 65A.01, subdivision 3a;

(b) (2) reasons stated in section 72A.20, subdivision 13;

(c) (3) insured's loss experience, not to include natural causes; and

(d) (4) other factors deemed reasonable by the commissioner.

The rules may give consideration to the form and content of the termination notice to the insured, a statement as to what constitutes receipt of the termination notice, and the procedure by which the insured may appeal a termination notice.

The rules adopted under this subdivision may provide for imposition of a monetary penalty not greater than \$500 per occurrence upon insurers who are found to be in violation of the law or the rules.

(b) In addition to any rules adopted under this subdivision, an insured may appeal any nonrenewal under this section to the commissioner of commerce. If the commissioner finds that the nonrenewal is unjustified, arbitrary, or capricious, the commissioner shall order the insurer to reinstate the insured's policy. The commissioner's order may be appealed pursuant to chapter 14. The insured's policy shall continue in force pending the conclusion of the appeal to the commissioner. The insurer must notify the insured of the insured's right to appeal the nonrenewal to the commissioner in the notice of nonrenewal required under subdivision 7.

Sec. 8. Minnesota Statutes 1988, section 65A.29, is amended by adding a subdivision to read:

Subd. 11. [NONRENEWAL PLAN.] Every insurer shall establish a plan that sets out the minimum number and amount of claims during an experience period that may result in a nonrenewal. A clear and concise written statement of this plan must be provided to the insured at the time claim forms and instructions are provided to the insured or a claimant under section 72A.201, subdivision 4.

The plan must, at a minimum, comply with the requirements of section 65A.29, subdivision 8, and the rules adopted by the commissioner.

Sec. 9. Minnesota Statutes 1988, section 65A.29, is amended by adding a subdivision to read:

Subd. 12. [DEFINITION.] For purposes of this section, "homeowner's insurance" includes mobile home insurance.

Sec. 10. Minnesota Statutes 1988, section 65A.33, subdivision 3, is amended to read:

Subd. 3. "Property or liability insurance" means the coverage against direct loss to real or tangible personal property at a fixed location that is provided in the standard fire policy, extended coverage endorsement, homeowners insurance, as defined in section 65A.27, subdivision 4, cooperative housing insurance, condominium

insurance, builders risk, and such vandalism and malicious mischief insurance and such other classes of insurance as may be added to the program with respect to said property by amendment as hereinafter provided. Property or liability insurance does not include automobile, farm, commercial liability, or such manufacturing risks as may be excluded by the commissioner.

Sec. 11. Minnesota Statutes 1988, section 65B.15, subdivision 1, is amended to read:

Subdivision 1. No cancellation or reduction in the limits of liability of coverage during the policy period of any policy shall be effective unless notice thereof is given and unless based on one or more reasons stated in the policy which shall be limited to the following:

1. Nonpayment of premium; or
2. The policy was obtained through a material misrepresentation; or
3. Any insured made a false or fraudulent claim or knowingly aided or abetted another in the presentation of such a claim; or
4. The named insured failed to disclose fully motor vehicle accidents and moving traffic violations of the named insured for the preceding 36 months if called for in the written application; or
5. The named insured failed to disclose in the written application any requested information necessary for the acceptance or proper rating of the risk; or
6. The named insured knowingly failed to give any required written notice of loss or notice of lawsuit commenced against the named insured, or, when requested, refused to cooperate in the investigation of a claim or defense of a lawsuit; or
7. The named insured or any other operator who either resides in the same household, unless the other operator is identified by name in any other policy as an insured; or customarily operates an automobile insured under such policy, unless the other operator is identified as a named insured in another policy as an insured:

(a) has, within the 36 months prior to the notice of cancellation, had that person's driver's license under suspension or revocation; or

(b) is or becomes subject to epilepsy or heart attacks, and such individual does not produce a written opinion from a physician testifying to that person's medical ability to operate a motor vehicle

safely, such opinion to be based upon a reasonable medical probability; or

(c) has an accident record, conviction record (criminal or traffic), physical condition or mental condition, any one or all of which are such that the person's operation of an automobile might endanger the public safety; or

(d) has been convicted, or forfeited bail, during the 24 months immediately preceding the notice of cancellation for criminal negligence in the use or operation of an automobile, or assault arising out of the operation of a motor vehicle, or operating a motor vehicle while in an intoxicated condition or while under the influence of drugs; or leaving the scene of an accident without stopping to report; or making false statements in an application for a driver's license, or theft or unlawful taking of a motor vehicle; or

(e) has been convicted of, or forfeited bail for, one or more violations within the 18 months immediately preceding the notice of cancellation, of any law, ordinance, or rule which justify a revocation of a driver's license.

8. The insured automobile is:

(1) so mechanically defective that its operation might endanger public safety; or

(2) used in carrying passengers for hire or compensation, provided however that the use of an automobile for a car pool shall not be considered use of an automobile for hire or compensation; or

(3) used in the business of transportation of flammables or explosives; or

(4) an authorized emergency vehicle; or

(5) subject to an inspection law and has not been inspected or, if inspected, has failed to qualify within the period specified under such inspection law; or

(6) substantially changed in type or condition during the policy period, increasing the risk substantially, such as conversion to a commercial type vehicle, a dragster, sports car or so as to give clear evidence of a use other than the original use.

Sec. 12. Minnesota Statutes 1988, section 65B.44, subdivision 3, is amended to read:

Subd. 3. [DISABILITY AND INCOME LOSS BENEFITS.] Disability and income loss benefits shall provide compensation for 85

percent of the injured person's loss of present and future gross income from inability to work proximately caused by the nonfatal injury subject to a maximum of \$250 per week. Loss of income includes the costs incurred by a self-employed person to hire substitute employees to perform tasks which are necessary to maintain the income of the injured person, which are normally performed by the injured person, and which cannot be performed because of the injury.

If the injured person is unemployed at the time of injury and is receiving or is eligible to receive unemployment benefits under chapter 268, but the injured person loses eligibility for those benefits because of inability to work caused by the injury, disability and income loss benefits shall provide compensation for the lost benefits in an amount equal to the unemployment benefits which otherwise would have been payable, subject to a maximum of \$250 per week.

Compensation under this subdivision shall be reduced by any income from substitute work actually performed by the injured person or by income the injured person would have earned in available appropriate substitute work which the injured person was capable of performing but unreasonably failed to undertake.

For the purposes of this section "inability to work" means disability which prevents the injured person from engaging in any substantial gainful occupation or employment on a regular basis, for wage or profit, for which the injured person is or may by training become reasonably qualified. If the injured person returns to employment and is unable by reason of the injury to work continuously, compensation for lost income shall be reduced by the income received while the injured person is actually able to work. The weekly maximums may not be prorated to arrive at a daily maximum, even if the injured person does not incur loss of income for a full week.

For the purposes of this section, an injured person who is "unable by reason of the injury to work continuously" includes, but is not limited to, a person who misses time from work, including reasonable travel time, and loses income, vacation, or sick leave benefits, to obtain medical treatment for an injury arising out of the maintenance or use of a motor vehicle.

Sec. 13. Minnesota Statutes 1988, section 65B.525, subdivision 1, is amended to read:

Subdivision 1. The supreme court and the several courts of general trial jurisdiction of this state shall by rules of court or other constitutionally allowable device, provide for the mandatory submission to binding arbitration of all cases at issue where the claim at the commencement of arbitration is in an amount of \$5,000 or less against any insured's reparation obligor for no-fault benefits or comprehensive or collision damage coverage.

Sec. 14. Minnesota Statutes 1988, section 72A.20, subdivision 17, is amended to read:

Subd. 17. [RETURN OF PREMIUMS.] (a) Refusing, upon surrender of an individual policy of life insurance, to refund to the estate of the insured owner all unearned premiums paid on the policy covering the insured as of the time of the insured's death if the unearned premium is for a period of more than one month.

The insurer may deduct from the premium any previously accrued claim for loss or damage under the policy.

For the purposes of this section, a premium is unearned during the period of time the insurer has not been exposed to any risk of loss.

(b) Refusing, upon termination or cancellation of a policy of automobile insurance under section 65B.14, subdivision 2, or a policy of homeowner's insurance under section 65A.27, subdivision 4, or a policy of accident and sickness insurance under section 62A.01, or a policy of comprehensive health insurance under chapter 62E, to refund to the insured all unearned premiums paid on the policy covering the insured as of the time of the termination or cancellation if the unearned premium is for a period of more than one month.

The insurer may deduct from the premium any previously accrued claim for loss or damage under the policy. This subdivision does not apply to policies of insurance providing coverage only for motorcycles or other seasonally rated or limited use vehicles where the rate is reduced to reflect seasonal or limited use.

For purposes of this section, a premium is unearned during the period of time the insurer has not been exposed to any risk of loss. Except for premiums for motorcycle coverage or other seasonally rated or limited use vehicles where the rate is reduced to reflect seasonal or limited use, the unearned premium is determined by multiplying the premium by the fraction that results from dividing the period of time the policy has been in force by the period of time for which the premium was paid and subtracting the result from the total premium paid.

The owner or insured may cancel a policy referred to in this section at any time during the policy period. This provision supersedes any inconsistent provision of law on any inconsistent policy provision.

Sec. 15. Minnesota Statutes 1988, section 72A.20, is amended by adding a subdivision to read:

Subd. 20. No insurance company doing business in this state shall engage in any selection or underwriting practice that is arbitrary, capricious, or unfairly discriminatory.

Sec. 16. Minnesota Statutes 1988, section 72A.20, is amended by adding a subdivision to read:

Subd. 21. [LIMITATIONS ON HEALTH CARE PROVIDERS.] No insurer providing benefits under the Minnesota no-fault automobile insurance act or a plan authorized by sections 471.617 or 471.98 to 471.982 may limit the type of licensed health care provider who may provide treatment for covered conditions under a policy so long as the services provided are within the scope of licensure for the provider. No insurer may exclude a specific method of treatment for a covered condition if that exclusion has the effect of excluding a specific type of licensed health care provider from treating a covered condition to a greater degree than other licensed health care providers.

This subdivision does not limit the right of an insurer to contract with individual members of any type of licensed health care provider to the exclusion of other members of the group, nor shall it limit the right to the insurer to exclude coverage for a type of treatment if the insurer can show the treatment is not medically necessary or is not medically appropriate.

Sec. 17. Minnesota Statutes 1988, section 72A.20, is amended by adding a subdivision to read:

Subd. 22. [DISCRIMINATION IN AUTOMOBILE INSURANCE POLICIES.] (a) No insurer that offers an automobile insurance policy in this state shall:

(1) use the failure of the applicant to have an automobile policy in force during any period of time before the application is made as an underwriting standard or guideline; or

(2) deny coverage to a policyholder for the same reason.

This provision does not apply if the applicant was required by law to maintain insurance coverage and failed to do so.

(b) No insurer that offers an automobile insurance policy in this state shall:

(1) use the employment status of the applicant as an underwriting standard or guideline; or

(2) deny coverage to a policyholder for the same reason.

(c) No insurer that offers an automobile insurance policy in this state shall:

(1) use the applicant's status as a tenant, as the term is defined in section 566.18, subdivision 2, as an underwriting standard or guideline; or

(2) deny coverage to a policyholder for the same reason.

Sec. 18. Minnesota Statutes 1988, section 72A.201, subdivision 5, is amended to read:

Subd. 5. [STANDARDS FOR FAIR SETTLEMENT OFFERS AND AGREEMENTS.] The following acts by an insurer, an adjuster, a self-insured, or a self-insurance administrator constitute unfair settlement practices:

(1) making any partial or final payment, settlement, or offer of settlement, which does not include an explanation of what the payment, settlement, or offer of settlement is for;

(2) making an offer to an insured of partial or total settlement of one part of a claim contingent upon agreement to settle another part of the claim;

(3) refusing to pay one or more elements of a claim by an insured for which there is no good faith dispute;

(4) threatening cancellation, rescission, or nonrenewal of a policy as an inducement to settlement of a claim;

(5) notwithstanding any inconsistent provision of section 65A.01, subdivision 3, failing to issue payment for any amount finally agreed upon in settlement of all or part of any claim within five business days from the receipt of the agreement by the insurer or from the date of the performance by the claimant of any conditions set by such agreement, whichever is later;

(6) failing to inform the insured of the policy provision or provisions under which payment is made;

(7) settling or attempting to settle a claim or part of a claim with an insured under actual cash value provisions for less than the value of the property immediately preceding the loss, including all applicable taxes and license fees. In no case may an insurer be required to pay an amount greater than the amount of insurance;

(8) except where limited by policy provisions, settling or offering to settle a claim or part of a claim with an insured under replacement value provisions for less than the sum necessary to replace the

damaged item with one of like kind and quality, including all applicable taxes, license, and transfer fees;

(9) reducing or attempting to reduce for depreciation any settlement or any offer of settlement for items not adversely affected by age, use, or obsolescence;

(10) reducing or attempting to reduce for betterment any settlement or any offer of settlement unless the resale value of the item has increased over the preloss value by the repair of the damage.

Sec. 19. Minnesota Statutes 1988, section 72A.201, is amended by adding a subdivision to read:

Subd. 11. [DISCLOSURE MANDATORY.] An insurer must disclose the coverage and limits of an insurance policy within 30 days after the information is requested in writing by a claimant.

Sec. 20. Minnesota Statutes 1988, section 72A.201, is amended by adding a subdivision to read:

Subd. 12. [PREJUDGMENT INTEREST.] If a judgment is entered against an insured, the principal amount of which is within the applicable policy limits, the insurer is responsible for the insured's share of the costs, disbursements, and prejudgment interest, as determined under section 549.09, included in the judgment even if the total amount of the judgment is in excess of the applicable policy limits.

Sec. 21. Minnesota Statutes 1988, section 79.251, is amended by adding a subdivision to read:

Subd. 6. [AGENTS.] No person shall be an agent for the assigned risk plan unless the person has been appointed an agent by the plan under a written agreement. This subdivision does not prohibit a person licensed as an insurance agent under section 60A.17 from submitting an application for coverage to the assigned risk plan or receiving a fee from the assigned risk plan for submitting the application. However, the agent is not an agent of the assigned risk plan for purposes of state law.

Sec. 22. [REPEALER.]

(a) Minnesota Statutes 1988, section 62I.12, is repealed.

(b) Minnesota Rules, part 2780.2700, is repealed.

Sec. 23. [REPORT.]

The department of commerce shall, in a report to the legislature, review any selection or underwriting process used by insurance companies and the supporting data, actuarial projections, or claims experience established by insurance companies as required by Minnesota Statutes, section 72A.20, subdivision 19. The report must review the effect to consumers in this state of the rates charged, the availability of coverages, and other factors the commissioner considers appropriate.

The report is limited to a review of the following coverages: automobile; life; health; and other coverages the commissioner considers appropriate.

The report shall be submitted to the legislature by January 15, 1991.

Sec. 24. [EFFECTIVE DATES.]

Sec. 2. Minnesota Statutes 1988, section 256.01, is amended by adding a subdivision to read:

Subd. 12. [CHILD MORTALITY REVIEW PANEL.] (a) The commissioner shall establish a child mortality review panel for reviewing deaths of children in Minnesota, including deaths attributed to maltreatment or in which maltreatment may be a contributing cause. The commissioners of health, education, and public safety and the attorney general shall each designate a representative to the child mortality review panel. Other panel members shall be appointed by the commissioner. The purpose of the panel shall be to make recommendations to the state and to local agencies for improving the child protection system, including modifications in statute, rule, policy, and procedure.

(b) The commissioner may require a local agency to establish a local child mortality review panel. The commissioner may establish procedures for conducting local reviews and may require that all professionals with knowledge of a child mortality case participate in the local review. In this section, “professional” means a person licensed to perform or a person performing a specific service in the child protective service system. “Professional” includes law enforce-

ment personnel, social service agency attorneys, educators, and social service, health care, and mental health care providers.

(c) In order to monitor and develop services to protect children from death caused by maltreatment or in which maltreatment may be a contributing cause, the commissioner of human services may request data defined as not public under sections 13.02, subdivision 8a and 13.10, from the records of all state agencies, statewide systems, or political subdivisions that have records relating to a child who has died or the child's family. 609.378 [NEGLECT OR ENDANGERMENT OF A CHILD.]

Subdivision 1. [NEGLECT.] (a) A parent, legal guardian, or caretaker who willfully deprives a child of necessary food, clothing, shelter, health care, or supervision appropriate to the child's age, when the parent, guardian, or caretaker is reasonably able to make the necessary provisions and which the deprivation substantially harms the child's physical or emotional health, or is guilty of neglect of a child and may be sentenced as provided in subdivision 3. If a parent, guardian, or caretaker responsible for the child's care in good faith selects and depends upon spiritual means or prayer for treatment or care of disease or remedial care of the child, this treatment shall constitute "health care" as used in this paragraph.

(b) A parent, legal guardian, or foster parent caretaker who knowingly permits the continuing physical or sexual abuse of a child is guilty of neglect of a child and may be sentenced to imprisonment for not more than one year or to payment of a fine of not more than \$3,000, or both as provided in subdivision 3. It is a defense to a prosecution under clause (b) this paragraph that at the time of the neglect there was a reasonable apprehension in the mind of the defendant that acting to stop or prevent the neglect would result in substantial bodily harm to the defendant or the child in retaliation.

If a parent, guardian, or caretaker responsible for the child's care in good faith selects and depends upon spiritual means or prayer for treatment or care of disease or remedial care of the child, this treatment shall constitute "health care" as used in clause (a).

Subd. 2. (2) neglect as defined in subdivision 2, paragraph (c); or

(3) sexual abuse as defined in subdivision 2, paragraph (a).

(b) For the purposes of this subdivision, a determination that child protective services are needed means that the local welfare agency has documented conditions during the assessment or investigation sufficient to cause a child protection worker, as defined in section 626.559, subdivision 1, to conclude that a child is at significant risk of maltreatment if protective intervention is not provided and that the individuals responsible for the child's care have not taken or are not likely to take actions to protect the child from maltreatment or risk of maltreatment.

(c) This subdivision shall not be construed to mean that maltreatment has occurred solely because the child's parent, guardian, or other person responsible for the child's care in good faith selects and depends upon spiritual means or prayer for treatment or care of disease or remedial care of the child, in lieu of medical care. However, if lack of medical care may result in imminent and serious danger to the child's health, the local welfare agency may ensure that necessary medical services are provided to the child.

In the event no petition is filed within 20 days of the mailing of notice, the commissioner shall make a distribution in accordance with the plan of allocation. "Section 1. [473.1685] [REGIONAL RAILROAD AUTHORITIES; JOINT PLANNING.]

Subdivision 1. [JOINT PLANNING BOARD; CREATION; PURPOSE.] There is established a joint planning board for light rail transit, to:

(1) coordinate the activities of individual county regional railroad

authorities in planning light rail transit facilities in the metropolitan area; and

(2) ensure that the facilities are acquired, developed, and capable of operation in a coordinated manner as an integrated and unified system on a multicounty basis in coordination with buses and other transportation modes and facilities.

Subd. 2. [MEMBERSHIP.] The joint planning board consists of:

(1) two members of the governing board of each regional railroad authority that applies for and receives state funding for preliminary engineering of light rail transit facilities;

(2) one member, in addition to those under clause (1), of the governing board of each regional railroad authority that applies for and receives state funding for final design of light rail transit facilities;

(3) one member of the governing board of each regional railroad authority not represented under clause (1) that applies for and receives state funding for planning of light rail transit facilities; and

(4) two members of the metropolitan transit commission.

Appointments under clauses (1) to (3) are made by the respective authorities, and appointments under clause (4) are made by the commission. The regional transit board shall make the appointment for any appointing authority that fails to make the required appointments by August 1, 1989. Members serve at the pleasure of the agency making the appointment.

Subd. 3. [CHAIR.] The joint planning board shall annually elect a chair from among its members.

Subd. 4. [ADMINISTRATION.] Staff and administrative services for the board must be provided by the organizations represented. The board may apply for financial assistance from the state or the regional transit board. The joint planning board may create technical and staff advisory committees as it deems appropriate to assist the board in fulfilling its responsibilities.

Sec. 2. [473.1686] [LIGHT RAIL TRANSIT; REGIONAL MANAGEMENT PLAN.]

Subdivision 1. [REQUIREMENT; PURPOSE.] (a) By January 1, 1990, the joint planning board established under section 1 shall prepare a regional management plan for light rail transit.

(b) Nothing in this section should be interpreted to require the elimination of regional railroad authorities or to forbid one or more authorities to act independently, so long as their activities are consistent with the regional management plan.

(c) The plan must ensure that light rail transit facilities in the metropolitan area will be acquired, developed, owned, and capable of operation in a coordinated manner as an integrated and unified system on a multicounty basis in coordination with buses and other transportation modes and facilities. The management plan must include at least the following:

(1) specifications and standards to ensure joint or coordinated procurement of vehicles, electrification, communications and ticketing facilities, yards and shops, and other facilities that must be or should be operated on a systemwide basis;

(2) systemwide operating and performance specifications and standards;

(3) a method of organizing and coordinating acquisition, construction, ownership, and operation of the system, including in particular, provision for a single light rail transit operator and the organization and coordination method required if a turn-key approach to facility acquisition is used by a regional rail authority;

(4) bus and park-and-ride coordination policies, standards, and plans;

(5) a staged systemwide development plan for a prospective ten-year period, together with a financial plan showing anticipated and recommended sources and amounts of funds for (i) capital expenditures and debt service requirements for each stage of development, and (ii) annual operating costs and operating subsidies required;

(6) a method for ensuring ongoing coordination of development, design, and operational plans; and

(7) other matters that the joint planning board deems prudent and necessary to ensure that light rail transit facilities are acquired, developed, and capable of operation in a coordinated manner as an integrated and unified system on a multicounty basis in coordination with buses and other transportation modes and facilities.

(d) The plan must provide for the operation of light rail transit by the metropolitan transit commission.

Subd. 2. [APPROVAL BY REGIONAL TRANSIT BOARD.] The joint planning board shall submit the management plan prepared

under subdivision 1 to the regional transit board by January 1, 1990. The transit board shall determine whether the plan satisfies the requirements specified in subdivision 1. The transit board shall either approve the plan or, if it determines that the plan does not satisfy the requirements, disapprove the plan, in whole or in part, and recommend modifications in the plan that are necessary in order to secure approval. The transit board may not require that the first priority of the metropolitan system plan be the first route constructed. Before completing its review, the transit board shall:

(1) submit the plan to the council and the commissioner of transportation for review and comment;

(2) assemble a peer review panel of transit and light rail transit experts of national stature to review and comment on the plan; and

(3) hold a public hearing on the plan to receive the comments and suggestions of the public.

The transit board has 120 days from the date of submission to complete its review of the plan or plan modifications required for approval. Failure to respond within the time period is deemed to be approval, unless an extension of time is agreed to by the transit board and the joint planning board.

Subd. 3. [APPROVAL REQUIRED.] The regional management plan must be prepared, reviewed, and approved as required by this section before any regional railroad authority may begin construction of light rail transit facilities and before any authority is eligible for state financial assistance for constructing light rail transit facilities.

Subd. 4. [IMPLEMENTATION; CONFORMITY WITH PLAN.] Each regional railroad authority or other developer of light rail transit in the metropolitan area shall act in conformity with the approved regional management plan required by this section. To the extent and in the manner prescribed in the regional management plan, each authority or proposer shall prepare or amend its light rail transit plans as necessary to make the local plans consistent with the approved regional management plan. Each authority shall submit its plans to the joint planning board for review for consistency with the regional management plan. The joint board shall approve the local plans if it determines that they are consistent with the management plan; otherwise the joint board shall disapprove the plans, in whole or in part, and recommend modifications in the plans that are necessary in order to secure approval. The joint board has 60 days to complete its review.

Subd. 5. [PLAN AMENDMENT.] Amendments to the regional management plan must be adopted and submitted for review and approval or disapproval by the regional transit board.

Sec. 3. Minnesota Statutes 1988, section 473.169, subdivision 1, is amended to read:

Subdivision 1. [REQUIREMENT DEFINITIONS AND REQUIREMENTS.] Before constructing a light rail transit facility, the political subdivision proposing the facility must hold a public hearing on the preliminary design plans as provided in subdivision 2, and submit the preliminary and final design plans for review as provided in subdivisions 3 to 5. (a) "Preliminary design plan" means a plan that identifies the following: location, length, and termini of routes; general dimension, elevation, alignment, and character of routes and crossings; approximate station locations; standards and specifications for facilities and equipment; environmental impacts and mitigation measures; intermodal coordination, with bus operations and routes and park and ride, parking, and other transportation facilities; an acquisition and implementation strategy; ridership; capital costs; operating costs and revenues; and funding for final design, construction, and operation.

(b) "Final design plan" means a plan that includes: the right-of-way definition; civil engineering; engineering plans for vehicles, track, stations, parking, access, electrification, communication, and other facilities; operational rules, procedures and strategies; financing; and other similar matters, all stated with sufficient particularity and detail to allow the proposer to begin the acquisition and construction of operable facilities.

Sec. 4. Minnesota Statutes 1988, section 473.169, subdivision 3, is amended to read:

Subd. 3. [PRELIMINARY DESIGN PLANS; LOCAL APPROVAL.] At least 30 days before the hearing under subdivision 2, the proposer must shall submit the preliminary design plans to the governing body of each statutory and home rule charter city, county, and town in which the route is proposed to be located. The city, county, or town must shall hold a public hearing, except that a county board need not hold a hearing if the county board membership is identical to the membership of the regional rail authority submitting the plan for review. Within 45 days after the hearing under subdivision 2, the city, county, or town must shall review and approve or disapprove the plans for the route to be located in the city, county, or town. A local unit of government that disapproves the plans shall describe specific amendments to the plans that, if adopted, would cause the local unit to withdraw its disapproval. Failure to approve or disapprove the plans in writing within 45 days after the hearing is deemed to be approval, unless an extension of time is agreed to by the city, county, or town and the proposer. If the preliminary design plans are approved by each city, county, and town in which the route is

proposed to be located, the proposer may proceed with final design plans under subdivision 5.

Sec. 5. Minnesota Statutes 1988, section 473.169, subdivision 4, is amended to read:

Subd. 4. PRELIMINARY DESIGN PLANS; METROPOLITAN COUNCIL REFERRAL APPROVAL BY REGIONAL TRANSIT BOARD. Within 90 days after the referral, the council must either approve the plans as submitted by the proposer or recommend amended plans to accommodate the objections presented by the disapproving local governmental units.

(c) The board shall review the preliminary design plans to determine the compatibility of the plans with other light rail transit plans and facilities in the metropolitan area and the conformity of the plans with metropolitan transportation system plans. The board may comment on any aspect of the plans. The board shall either approve the plans or, if it determines that the plans do not satisfy the standard stated in this paragraph, disapprove the plans, in whole or in part, and recommend modifications in the plans that are necessary in order to secure approval. The board may not disapprove the first route proposed for construction solely because the route is not the first priority of metropolitan system plans.

(d) The board has 120 days from the date of submission to complete its review of plans or plan modifications required for approval. Failure to respond within the time period is deemed to be approval, unless an extension of time is agreed to by the council board and the proposer.

(e) Following approval or recommendation of preliminary design plans by the council board, the proposer may proceed with final design plans under subdivision 5. A proposer may not proceed with final design plans unless its preliminary design plans have been approved by the board.

Sec. 6. Minnesota Statutes 1988, section 473.169, subdivision 5, is amended to read:

A local unit of government that disapproves the plan shall describe specific amendments to the plan that, if adopted, would cause the local unit to withdraw its disapproval. If the final design plans are approved by each city, county, and town in which the route is proposed to be located, the proposer may proceed with construction on that route.

(c) If the governing body of one or more cities, counties, or towns disapproves the final design plans within the period allowed After review under paragraph (b), the proposer may refer shall submit the final design plans, along with any comments of local jurisdictions, to the metropolitan council regional transit board. The council must board shall review the final design plans under the same procedure, according to the same standards, and with the same effect as provided in subdivision 4 for preliminary design plans, except that the board shall also review the final design plans to determine whether the plans conform to the approved regional management plan required by section 2.

(d) Following approval or recommendation of final design plans by the council board, the proposer may proceed with construction. A proposer may not proceed with construction unless its design plans have been approved by the board.

Subd. 10. [DUTIES OF LOCAL WELFARE SOCIAL SERVICE AGENCY AND LOCAL LAW ENFORCEMENT AGENCY UPON RECEIPT OF A ON RECEIVING AN ABUSE REPORT; DUTIES OF LOCAL SOCIAL SERVICE AGENCY ON RECEIVING A PRENATAL CONTROLLED SUBSTANCE REPORT.] (a) If the report alleges a pregnant woman's use of a controlled substance for a nonmedical purpose, the local welfare agency shall immediately conduct an appropriate assessment and offer services indicated under the circumstances, including but not limited to, a referral for chemical dependency assessment, chemical dependency treatment if recommended, prenatal care, and any action under chapter 253B that is appropriate under the circumstances. An action under section 253B.05 shall be brought if a pregnant woman after 24 weeks of gestation refuses recommended voluntary services or fails recommended treatment. If the report alleges neglect, physical abuse, or sexual abuse by a parent, guardian, or individual functioning within the family unit as a person responsible for the child's care, the local welfare agency shall immediately conduct an assessment and offer protective social services for purposes of preventing further abuses, safeguarding and enhancing the welfare of the abused or neglected minor, and preserving family life whenever possible. If the report alleges a violation of a criminal statute involving sexual abuse or physical abuse, the local law enforcement agency and local welfare agency shall coordinate the planning and execution of their respective investigation and assessment efforts to avoid a duplication of fact-finding efforts and multiple interviews. Each agency shall prepare a separate report of the results of its investigation. When necessary the local welfare agency shall seek authority to remove the child from the custody of a parent, guardian, or adult with whom the child is living. In performing any of these duties, the local welfare agency shall maintain appropriate records.

(b) When a local agency receives a report or otherwise has information indicating that a child who is a client, as defined in section 245.91, has been the subject of physical abuse or neglect at an agency, facility, or program as defined in section 245.91, it shall, in addition to its other duties under this section, immediately inform the ombudsman established under sections 245.91 to 245.97.

(c) Authority of the local welfare agency responsible for assessing the child abuse report and of the local law enforcement agency for investigating the alleged abuse includes, but is not limited to, authority to interview, without parental consent, the alleged victim and any other minors who currently reside with or who have resided with the alleged perpetrator. The interview may take place at school or at any facility or other place where the alleged victim or other minors might be found and may take place outside the presence of the perpetrator or parent, legal custodian, guardian, or school

official. Except as provided in this paragraph, the parent, legal custodian, or guardian shall be notified by the responsible local welfare or law enforcement agency no later than the conclusion of the investigation or assessment that this interview has occurred. Notwithstanding rule 49.02 of the Minnesota rules of procedure for juvenile courts, the juvenile court may, after hearing on an ex parte motion by the local welfare agency, order that, where reasonable cause exists, the agency withhold notification of this interview from the parent, legal custodian, or guardian. If the interview took place or is to take place on school property, the order shall specify that school officials may not disclose to the parent, legal custodian, or guardian the contents of the notification of intent to interview the child on school property, as provided under this paragraph, and any other related information regarding the interview that may be a part of the child's school record. A copy of the order shall be sent by the local welfare or law enforcement agency to the appropriate school official.

(d) When the local welfare or local law enforcement agency determines that an interview should take place on school property, written notification of intent to interview the child on school property must be received by school officials prior to the interview. The notification shall include the name of the child to be interviewed, the purpose of the interview, and a reference to the statutory authority to conduct an interview on school property. For interviews conducted by the local welfare agency, the notification shall be signed by the chair of the county welfare board or the chair's designee. The notification shall be private data on individuals subject to the provisions of this paragraph. School officials may not disclose to the parent, legal custodian, or guardian the contents of the notification or any other related information regarding the interview until notified in writing by the local welfare or law enforcement agency that the investigation or assessment has been concluded. Until that time, the local welfare or law enforcement agency shall be solely responsible for any disclosures regarding the nature of the assessment or investigation.

Except where the alleged perpetrator is believed to be a school official or employee, the time and place, and manner of the interview on school premises shall be within the discretion of school officials, but the local welfare or law enforcement agency shall have the exclusive authority to determine who may attend the interview. The conditions as to time, place, and manner of the interview set by the school officials shall be reasonable and the interview shall be conducted not more than 24 hours after the receipt of the notification unless another time is considered necessary by agreement between the school officials and the local welfare or law enforcement agency. Where the school fails to comply with the provisions of this paragraph, the juvenile court may order the school to comply. Every effort must be made to reduce the disruption of the educational

program of the child, other students, or school staff when an interview is conducted on school premises.

(e) Where the perpetrator or a person responsible for the care of the alleged victim or other minor prevents access to the victim or other minor by the local welfare agency, the juvenile court may order the parents, legal custodian, or guardian to produce the alleged victim or other minor for questioning by the local welfare agency or the local law enforcement agency outside the presence of the perpetrator or any person responsible for the child's care at reasonable places and times as specified by court order.

(f) Before making an order under paragraph (d), the court shall issue an order to show cause, either upon its own motion or upon a verified petition, specifying the basis for the requested interviews and fixing the time and place of the hearing. The order to show cause shall be served personally and shall be heard in the same manner as provided in other cases in the juvenile court. The court shall consider the need for appointment of a guardian ad litem to protect the best interests of the child. If appointed, the guardian ad litem shall be present at the hearing on the order to show cause.

(g) The commissioner, the ombudsman for mental health and mental retardation, the local welfare agencies responsible for investigating reports, and the local law enforcement agencies have the right to enter facilities as defined in subdivision 2 and to inspect and copy the facility's records, including medical records, as part of the investigation. Notwithstanding the provisions of chapter 13, they also have the right to inform the facility under investigation that they are conducting an investigation, to disclose to the facility the names of the individuals under investigation for abusing or neglecting a child, and to provide the facility with a copy of the report and the investigative findings.

Subdivision 1. [NOTICE; TEST; REPORT.] A physician shall obtain from each patient who seeks prenatal obstetrical care a signed statement indicating whether or not the patient consents to toxicology tests for the purpose of determining whether the patient has ingested a controlled substance for a nonmedical purpose. If the patient consents to such toxicology tests, and the results of a test are positive, the physician shall report the results under section 626.556, subdivision 3, clause (a). A negative test result does not eliminate the obligation to report, if other evidence gives the physician reason to believe that the patient has used a controlled substance for a nonmedical purpose.

Subd. 2. [TEST; REPORT.] Even if a patient has not consented to toxicology tests for use of a controlled substance pursuant to subdivision 1, during the time between 24 weeks of gestation and

delivery, a physician shall administer a toxicology test to her to determine whether there is evidence that she has ingested a controlled substance for a nonmedical purpose if she has obstetrical complications that are a medical indication of possible use of a controlled substance for a nonmedical purpose. If the results are positive, the physician shall report the results under section 626.556, subdivision 3, clause (a). A negative test result does not eliminate the obligation to report if other evidence gives the physician reason to believe that the patient has used a controlled substance for a nonmedical purpose.

Subd. 3. [IMMUNITY FROM LIABILITY.] Any physician or other medical personnel administering a toxicology test to determine the presence of a controlled substance in a pregnant woman pursuant to this section is immune from civil or criminal liability, if the physician ordering the test believes in good faith that the test is authorized by subdivision 1 or required by subdivision 2, and the test is administered in accordance with an established protocol and reasonable medical practice.

Subd. 4. [DEFINITION.] For purposes of this section, "controlled substance" has the meaning given in section 152.01, subdivision 4.

Subd. 5. [RELIABILITY OF TESTS.] A physician may not report a positive test result under this section unless the test has been verified by a confirmatory test performed by a drug testing laboratory licensed by the department of health. The confirmatory test and the laboratory must meet the standards established under section 181.953, subdivision 1, and the rules adopted thereunder."

“ARTICLE 1

PROTECTION OF GROUNDWATER

Section 1. [115D.01] [GOAL; PREVENTION OF GROUNDWATER DEGRADATION.]

It is the goal of the state that groundwater be maintained in its natural condition, free from any degradation caused by human activities. It is recognized that for some human activities this nondegradation goal cannot be practicably achieved. However, where prevention is practicable, it is intended that it be achieved. Where it is not currently practicable, the development of methods and technology that will make prevention practicable is encouraged. The prevention and cleanup of groundwater pollution is crucial to the public health and welfare and the environment of the state because:

(1) Minnesota's high quality groundwater is a precious natural resource upon which Minnesotans depend for many uses, including drinking water and agricultural and industrial uses;

(2) this resource is currently being threatened by pollution from a variety of land and water uses, including domestic, agricultural, and industrial uses;

(3) groundwater of the state is contained in a series of related and often interconnected aquifers, and pollutants entering the groundwater may spread both horizontally and vertically and may enter and impair surface waters;

(4) once groundwater becomes polluted, it is extremely difficult and at times impossible to return it to its natural state;

(5) consumption of polluted groundwater can result in significant health impacts, even at relatively low concentrations; and

(6) groundwater must be protected for consumption and other uses by future generations.

Sec. 2. [115D.02] [DEFINITIONS.]

Subdivision 1. [APPLICABLE DEFINITIONS.] The definitions provided in this section apply to terms used in sections 1 to 7, unless the context requires otherwise. The definitions provided in section 115.01 apply to terms used in sections 1 to 7, unless a different

definition is provided in this section or the context requires otherwise.

Subd. 2. [BEST MANAGEMENT PRACTICES.] "Best management practices" means those practices that are most capable of preventing, reducing, minimizing, or eliminating the pollution of the waters of the state, and are most practicable, considering availability, economic factors, effectiveness, environmental impacts, ability to be implemented, and technical feasibility. Best management practices apply to, but are not limited to, schedules of activities, operation procedures, practices, techniques, maintenance procedures, application and use of chemicals, drainage from raw material storage, treatment requirements, and other activities that may cause or contribute to water pollution.

Subd. 3. [PERSON.] "Person" means a human being; a municipality or other governmental or political subdivision; a public agency; a public or private corporation; a partnership, firm, association, or other organization; a receiver, trustee, assignee, agent, or other legal representative of any of the foregoing; or any other legal entity.

Subd. 4. [REGULATING AUTHORITY.] "Regulating authority" means a state agency, political subdivision, special purpose district, or other governmental unit with legal authority to adopt and enforce water resources protection requirements.

Subd. 5. [WATER RESOURCES PROTECTION REQUIREMENTS.] "Water resources protection requirements" means requirements intended to prevent, reduce, minimize, or eliminate pollution of the waters of the state that are enforceable under law, ordinance, permit, license, or order. Water resources protection requirements include: design criteria, guidance, or requirements; standards; operation and maintenance procedures; practices to control releases, spills, leaks, and sludge and waste disposal; restrictions on use and practices; and treatment requirements.

### Sec. 3. [115D.03] [ADEQUACY OF STATE PROGRAMS.]

Subdivision 1. [PROGRAM REVIEW.] The environmental quality board shall identify those state agency programs that affect activities that may cause or contribute to groundwater pollution. Agencies shall review the identified programs and current management practices according to the following criteria:

(1) consistency with and effectiveness in achieving the goal of section 1, effectiveness in meeting the limits established under section 5, and application of special protective measures in sensitive areas identified under section 7;

(2) enforceability of current water resources protection requirements, and effectiveness of enforcement mechanisms;

(3) sufficiency of staff and funds to match the scope of the problems; and

(4) adequacy of review of individual facilities or practices.

The reviewing agencies shall report their findings to the board by July 1, 1990. The board shall determine the adequacy of groundwater protection efforts from this review. The board shall report its recommendations to the governor and the legislature by November 15, 1990, and at four-year intervals.

Subd. 2. [STATE AGENCIES.] Each state agency that has a program identified pursuant to subdivision 1 shall adopt water resources protection requirements or identify and develop best management practices to ensure that the program is consistent with and is effective in achieving the goal of section 1 and is effective in meeting the limits established under section 5. For those activities which may cause or contribute to pollution of groundwater, but are not directly regulated by the state, best management practices shall be promoted through education, support programs, incentives, and other mechanisms.

Subd. 3. [DEPARTMENT OF AGRICULTURE.] The department of agriculture shall adopt water resources protection requirements and identify and develop best management practices for the distribution, storage, and use of pesticides and fertilizers, except as otherwise provided in law.

Sec. 4. [115D.04] [DUTY TO PREVENT POLLUTION.]

Persons whose activity may cause or contribute to pollution of groundwater shall use all practicable means of preventing the pollution.

Sec. 5. [115D.05] [HEALTH AND POLLUTION LIMITS.]

Subdivision 1. [DEPARTMENT OF HEALTH.] (a) The department of health shall adopt rules specifying procedures and criteria for establishing and periodically revising a list of health risk limits for drinking water. The rules shall require the limits to be set at levels such that there is no significant long-term risk to human health from using that water, considering prudent margins of safety and complicating effects due to the presence of multiple pollutants or breakdown products. The rules shall provide for the establishment of temporary emergency limits that are not subject to paragraph (b).

(b) After rules are adopted under paragraph (a), the department shall establish a list of health risk limits in accordance with the rules and the procedures provided in this paragraph. The establish-

ment of the list is exempt from the requirements of chapter 14. The department shall reevaluate each limit at least every four years after it has been established. Before a list of health risk limits is established or revised, the department shall:

(1) publish in the State Register and disseminate through the Minnesota extension service and through soil and water conservation districts notice of its intent to establish or revise health risk limits for specific substances and shall solicit information on the health impacts of those substances;

(2) publish a proposed list of health risk limits in the State Register and disseminate through the Minnesota extension service and through soil and water conservation districts allowing 60 days for public comment; and

(3) publish the final list of health risk limits in the State Register and, at the same time, make available a summary of the public comments received and the department's responses to the comments.

(c) A limit established by the department under paragraph (b) may be challenged in the manner provided in sections 14.44 and 14.45, except that the court may declare a limit invalid only if it finds that the limit was not established in accordance with the rules adopted under paragraph (a) or the procedures provided in paragraph (b) or that the limit is arbitrary or capricious.

Subd. 2. [POLLUTION CONTROL AGENCY.] The pollution control agency shall adopt rules establishing numerical groundwater pollution limits. The rules shall:

(1) use the department of health's health risk limits as the measure of health risk;

(2) provide for the establishment of more protective limits where groundwater interactions with surface water may otherwise result in impairment of surface water quality;

(3) not preclude regulating authorities from adopting more stringent requirements for facilities or practices to further minimize pollution consistent with section 1, where it is practicable; and

(4) provide standards for measuring the adequacy of state agency programs under section 3 and guiding the actions of regulating authorities under section 6.

Sec. 6. [115D.06] [ACTIONS BY REGULATING AUTHORITIES.]

Subdivision 1. [GROUNDWATER POLLUTION OCCURRENCE.]

Where groundwater pollution is detected during ongoing monitoring programs, regardless of the limits established under section 5, the responsible state agency shall take appropriate actions consistent with the goal of section 1 to confirm detection and may investigate possible sources, investigate the extent of groundwater pollution, and may conduct informational and educational efforts and other appropriate actions in the affected areas.

Subd. 2. [GROUNDWATER POLLUTION IN EXCESS OF LIMITS.] If groundwater pollution exceeds or is likely to exceed limits established under section 5, the regulating authority shall take appropriate actions consistent with the goal of section 1 and the limits established under section 5.

Subd. 3. [APPROPRIATE ACTIONS.] For the purpose of this section, "appropriate actions" include actions to confirm detection and investigate possible sources, investigate the extent of groundwater pollution, conduct informational or educational efforts in the affected areas, require implementation of management practices, develop more protective water resources protection requirements, require changes in monitoring, restrict or modify the activity or use in question, or require or provide groundwater remediation or containment. Nothing in this section shall be interpreted to confer any authority to adopt water resources protection requirements upon any state agency, political subdivision, special purpose district, or other local governmental unit beyond the authority conferred by other law.

Subd. 4. [NITROGEN COMPOUNDS IN GROUNDWATER.] The department of agriculture and the pollution control agency, in consultation with the board of water and soil resources and Minnesota agricultural experiment station, shall prepare a report on nitrate and related nitrogen compounds in groundwater. The report shall consider recommendations made by local government in comprehensive local water plans and the program review required in section 3, subdivision 2, use data developed by the Minnesota agricultural experiment station, and shall incorporate the findings of the fertilizer nitrogen task force identified in article 2, section 12. This report shall be submitted to the environmental quality board by July 1, 1991. The board shall provide recommendations to the legislature by November 15, 1991, based upon this report.

The report shall be based on existing information and shall examine areas in which improvements in the state and local response to this problem are feasible. The report shall address, but not be limited to, the following issues: the determination of trends in nitrogen pollution; causative factors; the development of recommended best management practices to reduce or minimize pollution; regulatory controls; the feasibility of proposed treatment and corrective or mitigative measures; and the economic impacts of proposed corrective measures.

## Sec. 7. [115D.07] [PROTECTION OF SENSITIVE AREAS.]

Subdivision 1. [DEFINITIONS.] (a) "Sensitive area" or "sensitive groundwater area" means a geographic area defined by natural features where the groundwater is at significant risk of contamination from activities conducted at or near the land surface.

(b) "Special protective measures" means any of a combination of measures which are undertaken in sensitive areas to meet the goal of section 1 and the limits established under section 5.

Subd. 2. [CRITERIA FOR DETERMINATION OF SENSITIVE AREAS.] The environmental quality board shall, after consultation with representatives of local government, and members of agricultural and environmental groups adopt a list of specific criteria for identifying sensitive groundwater areas, establish procedures for applying the criteria and for applying special protective measures in such areas, by September 30, 1991.

Subd. 3. [INFORMATION GATHERING.] State agencies shall incorporate these criteria and special protective measures into their programs. The environmental quality board is responsible for coordinating state and state-funded local information gathering efforts pursuant to the identification of sensitive groundwater areas. Information shall be collected and automated in accordance with article 6, section 7.

## Sec. 8. [115D.08] [GROUNDWATER ADVISORY PANEL.]

A permanent groundwater advisory panel to the environmental quality board shall be appointed by the governor on a nonpartisan basis. In making the appointments, the governor shall seek the advice of independent professionals such as the dean of the college of medicine at the University of Minnesota and the chief of staff at the Mayo Clinic. Disciplines represented on the panel shall include: toxicology, internal medicine, biostatistics, public health, biochemistry, epidemiology, agricultural economics, agricultural engineering, soil science, agronomy, hydrology, geology, ecology, biology, and geophysics. The membership terms, compensation, removal, and filling of vacancies for members of the panel are governed by section 15.0575. The panel shall advise the board on groundwater concerns.

## Sec. 9. [115D.09] [EFFECT ON OTHER LAW.]

Sections 1 to 7 do not limit any person's cause of action under chapter 116B; restrict the authority that a state agency or a local unit of government may have from any other law; or create new enforcement authority. Sections 1 to 7 are intended to provide direction for the implementation of existing regulatory programs.

## ARTICLE 2

Subd. 4d. [CUSTOM APPLY.] “Custom apply” means to apply a fertilizer, soil amendment, or plant amendment product for hire.

Subd. 4e. [DEFICIENCY.] “Deficiency” means that amount of nutrient found by analysis less than that guaranteed which may result from a lack of nutrient ingredients or from lack of uniformity.

Subd. 5. [DISTRIBUTOR.] “Distributor” means any person who imports, consigns, manufactures, produces, compounds, mixes, or blends commercial fertilizer, or who offers for sale, sells, barter, or otherwise supplies commercial fertilizer or soil and plant amendments in this state.

Subd. 5a. [ENVIRONMENT.] “Environment” means surface water, ground water, air, land, plants, humans, and animals and their interrelationships.

Subd. 5b. [FERTILIZER.] “Fertilizer” means a substance containing one or more recognized plant nutrients that is used for its plant

Subd. 8. [GUARANTEED ANALYSIS.] "Guaranteed analysis": (1) Until the commissioner prescribes the alternative form of "guaranteed analysis" in accordance with the provisions of paragraph 2 of this subdivision, the term "guaranteed analysis" shall mean the percentage of plant nutrient content, if claimed, in the following order form:

(a) Total nitrogen	.....percent

expressed in the elemental form. The sources of such other elements, oxides, salt, and chelates, may be required to be stated on the application for registration and may be included as a parenthetical statement on the label. Other beneficial substances or compounds, determinable by laboratory methods, also may be guaranteed by permission of the commissioner and with the advice of the director of the agricultural experiment station. When any plant nutrients or other substances or compounds are guaranteed, they shall be subject to inspection and analyses in accord with the methods and rules prescribed by the commissioner.

(2) When the commissioner finds, after public hearing following due notice, that the requirement for expressing the guaranteed analysis of phosphorus and potassium in elemental form would not impose an economic hardship on distributors and users of fertilizer by reason of conflicting labeling requirements among the states, the commissioner may require thereafter that the "guaranteed analysis" shall be in the following form:

Total <del>nitrogen</del> <u>Nitrogen (N)</u>	.....percent
Available <del>phosphorus</del> <u>Phosphorus (P)</u>	.....percent
Soluble <del>potassium</del> <u>Potassium (K)</u>	.....percent

The effective date of said rule shall be not less than one year following the issuance thereof, and provided, further, that for a period of two years following the effective date of said rule the equivalent of phosphorus and potassium may also be shown in the form of phosphoric acid and potash. After the effective date of a rule issued under the provisions of this section, requiring that phosphorus and potassium be shown in the elemental form, the guaranteed analysis for nitrogen, phosphorus, and potassium shall constitute the grade.

(3) "Guaranteed analysis" of a soil amendment or plant amendment shall mean an accurate statement of composition including the percentages of each ingredient. If the product is a microbiological product, the number of viable microorganisms per milliliter for a liquid or the number of viable microorganisms per gram for a dry product must also be listed.

As evidence to substantiate claims, the commissioner may rely on experimental data, evaluations, or advice furnished by experts at the University of Minnesota and may accept or reject additional sources of evidence in evaluating a fertilizer or soil or plant amendment. The experimental evidence must relate to conditions in Minnesota for which the product is intended. The commissioner may also require evidence of value when used as directed or recommended.

Subd. 2. [INSUFFICIENT EVIDENCE.] If the commissioner determines that the evidence submitted does not substantiate the product's usefulness in this state, the commissioner may require the applicant to submit samples, conduct tests, or submit additional information, including conditions affecting performance, in order to evaluate its performance and usefulness.

Subd. 3. [REFUSAL TO LICENSE OR REGISTER.] The commissioner may refuse to license a person or register a specialty fertilizer or soil or plant amendment:

- (1) if the application for license or registration is not complete;
- (2) if the commissioner determines that the fertilizer, soil amendment, plant amendment, or any other additives with substantially the same contents, will not or is not likely to produce the results or effects claimed when used as directed;

Subd. 4. [STORAGE, HANDLING, AND DISPOSAL PLAN.] A commercial, noncommercial, or structural pest control applicator or the licensed business that the applicator is employed by must develop and maintain a plan that describes its pesticide storage, handling, and disposal practices. The plan must be kept at a principal business site or location within this state and must be

submitted to the commissioner upon request on forms provided by the commissioner. The plan must be available for inspection by the commissioner.

Sec. 52. [18B.41] [PESTICIDE MANAGEMENT PLAN.]

Subdivision 1. [PLAN SPECIFICATIONS.] The commissioner shall develop a pesticide management plan for the prevention, evaluation, and mitigation of occurrences of pesticides or pesticide breakdown products in groundwaters and surface waters of the state. The pesticide management plan must include components promoting prevention, developing appropriate responses to the detection of pesticides or pesticide breakdown products in groundwater and surface waters, and providing responses to reduce or eliminate continued pesticide movement to groundwater and surface water as outlined in subdivisions 3 to 8.

The pesticide management plan shall be coordinated and developed with other state agency plans and with other state agencies through the environmental quality board. In addition, the University of Minnesota extension service, farm organizations, farmers, environmental organizations, and industry shall be involved in the pesticide management plan development.

Subd. 2. [DEFINITIONS.] The definitions in this subdivision apply to this section.

(a) "Pesticide" means a pesticide active ingredient as defined in section 18B.01, subdivision 13, or the breakdown product or metabolite of the pesticide active ingredient.

(b) "Specific management plan" means a plan applied to a pesticide and may be specific to a pesticide-sensitive groundwater protection area that incorporates voluntary chemical and nonchemical activities, procedures, and practices or pesticide use restrictions established by the department of agriculture in consultation with the University of Minnesota agricultural extension service due to determination of common detection of a pesticide in groundwater.

(c) "Nonpoint source" means the presence of a pesticide in groundwater or surface water from normal registered use of a pesticide.

(d) "Pesticide-sensitive groundwater protection areas" means a geographically definable area with characteristics of susceptibility to pesticide migration to groundwater and containing criteria as stipulated in article 1, section 5, subdivision 2.

(e) "Best management practices" means practices as defined in article 1, section 2, subdivision 2.

(f) "Water resources protection measures" has the meaning given it in article 1, section 2, subdivision 5.

(g) "Monitoring" means a program designed for the collection of data, through a network of groundwater quality sampling stations or surface water sampling points, for scientific inquiry and statistically significant analysis.

Subd. 3. [PESTICIDE-SENSITIVE GROUNDWATER PROTECTION AREAS.] The commissioner shall designate pesticide-sensitive groundwater protection areas based on criteria established in article 1, section 7, subdivision 2, and may involve cooperation with the department of natural resources, the pollution control agency, the University of Minnesota, and other pertinent local, state, or federal agencies. Pesticide-sensitive groundwater protection areas must be based on factors associated with susceptibility of groundwater to the leaching or direct movement of pesticides to the groundwater.

Upon designation of pesticide-sensitive groundwater protection areas the commissioner shall conduct an assessment of the likelihood of certain pesticides to migrate to groundwater. Determination of pesticide mobility must be based on the best currently available data and may involve pesticide registrants data and state and federal data bases. Mobile pesticide determination must include pesticide use, physiochemical properties, and previous groundwater detection information.

The commissioner shall increase regulatory efforts in pesticide-sensitive groundwater protection areas, provide additional and increased pesticide educational and training activities for prevention of movement of pesticides to water resources.

Subd. 4. [PESTICIDE USE INFORMATION.] The commissioner shall monitor urban and rural pesticide use on a biennial basis. Information shall be collected and automated consistent with article 6, section 7.

Subd. 5. [BEST MANAGEMENT PRACTICES.] The commissioner shall promote best management practices that minimize the potential for pesticide movement to water resources throughout the state. Within a pesticide-sensitive groundwater protection area the commissioner shall promote additional appropriate best management practices and may consult with representatives of farmers, local and state agencies, the University of Minnesota, federal agencies, and the pesticide industry. The best management practices for agricultural and urban pesticide use must be practical and appropriate for implementation in the pesticide-sensitive groundwater protection areas. In addition to agronomic and horticultural best management practices, increased and expanded pesticide educational programs for counties with designated pesticide groundwa-

ter protection areas shall be provided in cooperation with the Minnesota extension service.

Subd. 6. [EVALUATION OF DETECTION.] The commissioner shall evaluate the detection of pesticides in groundwaters of the state to determine the probable source and possible courses of action. Evaluation of the detection of the presence of a pesticide may include, but is not limited to, the following items:

(1) the methods of sample collection, handling, and confirmation mechanisms;

(2) the adherence of the reporting laboratory to good laboratory practices;

(3) the adequacy of the quality control and quality assurance programs;

(4) the physiochemical properties of the pesticide and their relationship, if any, to the detection;

(5) the general climatological, geographical, and hydrogeological factors that may impact the detection of the pesticide;

(6) the relationship of the concentration detected to the health based standard;

(7) the information available of the construction of the well from which the sample was obtained;

(8) the information available on pesticide use in the area;

(9) other potential pesticide sources; and

(10) the adherence to label directions, including precautions on the pesticide product label.

If conditions indicate a likelihood that the detection of the pesticide to be a result of normal registered use, the commissioner shall evaluate the need for increased promotion of best management practices and water resources protection measures to mitigate potential nonpoint source impact. Monitoring and subsequent evaluation shall occur on an as needed basis to determine if the pesticide is commonly detected and the potential nonpoint impacts of the pesticide in similar conditions.

Subd. 7. [SPECIFIC PESTICIDE MANAGEMENT PLAN.] The commissioner shall develop a specific pesticide management plan for a pesticide if the pesticide has been determined to be commonly detected in groundwater as a result of normal registered use

following evaluation by the commissioner. Each specific pesticide management plan must be designed to minimize movement to groundwater through a series of efforts such as increased educational activities, increased training and certification, and increased enforcement activities.

The commissioner shall develop and implement a focused groundwater monitoring and hydrogeologic evaluation following common pesticide detection to evaluate contamination frequency and concentration trend. Assessment of the site-specific and pesticide-specific conditions and the likelihood of common detection must include monitoring, pesticide use information, physical and chemical properties of the pesticide hydrogeologic information and review of information, and data from other local, state, or federal monitoring data bases.

The specific pesticide management plan must be developed following evaluation, increased monitoring efforts, and site-specific and pesticide-specific information. The specific management plan must include best management practices and water resources protection measures and pesticide use restrictions commensurate with applicable information obtained by the commissioner, the severity of the groundwater contamination and the trend assessment. The specific pesticide management plan must involve the registrant and be coordinated with the department of natural resources, the pollution control agency, the University of Minnesota agricultural extension service, the Minnesota environmental education board, the environmental quality board, the state planning agency, the department of health, the board of water and soil resources, and may include consultation with appropriate federal agencies, local governmental units, farm organizations, and the pesticide industry. The specific pesticide management plan shall be updated at no more than two-year intervals.

Subd. 8. [ACTIONS TO COMMON DETECTIONS WITH CONCENTRATIONS OR TRENDS GREATER THAN HEALTH LIMITS.] The commissioner shall impose additional use restrictions, or label modifications or cancel a pesticide use when:

(1) common detections of pesticides exceed previous or newly established limits as described in article 1, section 5 or, where applicable, state drinking water standards; or

(2) if trend analysis indicates that common detections will exceed limits as described in article 1, section 5 or, where applicable, state drinking water standards notwithstanding implementation of best management practices and water resources protection measures or previous use restrictions.

Restrictions may include limitations on product purpose, rate, time of application, frequency of application, method of application,

application to soil types or crops, or geographic area of application. Restrictions may be altered based on continued trend analysis of common pesticide detections.

Subd. 9. [RULES.] The commissioner shall adopt permanent rules necessary to implement this section. The rules must contain at a minimum:

(1) an education and information plan to promote pesticide best management practices and water resources protection measures in pesticide-sensitive groundwater protection areas;

(2) investigation and monitoring procedures to assess unusual pesticide detections in groundwater;

(3) procedures to implement best management practices and water resources protection measures, increased monitoring, and trend evaluation following the common detection of pesticides; and

(4) regulatory actions to be taken if trend analysis or common detections indicate exceedance of limits as described in article 1, section 5 or, where appropriate, state drinking water standards.

[WATER WELL CONTRACTORS MUST BE LICENSED.] No contractor person shall drill, construct, abandon, or repair a water well within this state unless in possession of a valid license to do so issued annually by the state commissioner of health. An applicant who is otherwise qualified but who does not have practical field experience in the operation of conventional drilling machines such as a cable tool, rotary, hollow rod, or auger, but who does install unconventional wells such as drive point, or who is in the well repair service which involves modification to the well casing, screen, depth, or diameter below the upper termination of the well casing, shall have the license limited to such water well contracting work.

A person who desires to drill, construct, repair, or seal one or more wells in this state must apply to the commissioner of health for a water well contractor's license. In the application, the person must set out qualifications for the license, the equipment the person will use in the contracting, and other information required by the commissioner. The application must be on forms prescribed by the commissioner. The commissioner shall charge a fee of \$50 according to section 144.122 for the filing of the application by any person. The commissioner shall not act upon any application until the fee has been paid. When the commissioner has approved the application, the applicant shall take an examination given by the commissioner.

Subd. 2a. [LIMITED LICENSES REQUIRED FOR CERTAIN WORK.] (a) A limited water well contractor, as defined in section 156A.02, subdivision 12, may obtain a license limited to the following work:

Subdivision 1. [WRITTEN CONTRACT REQUIRED.] A person licensed or registered under sections 156A.01 to 156A.09 shall not construct or seal a well or excavate or seal a hole for an elevator shaft or hydraulic cylinder until the well owner or owner of the

property on which the water well or hole for the elevator shaft or hydraulic cylinder is located and the person signs a written contract that describes the nature of the work to be performed and the estimated cost of the work. A person may not construct a monitoring well until the owner of the property on which the well is located and the well owner sign a written contract that describes the nature of the work to be performed, the estimated cost of the work, and provisions for sealing the well.

Subd. 2. [PERMIT REQUIRED.] After December 31, 1989, a person shall not construct a water well, dewatering well, or a monitoring well, and after December 31, 1990, excavate a hole to install an elevator shaft or hydraulic cylinder for an elevator, until the commissioner of health or delegated agency issues a permit for construction. If an initial well is unsuccessful, the permit shall be modified to indicate the location of the successful well. No other permit may be required by a county or municipality. The commissioner of health may adopt rules that modify the procedures for applying for a permit for construction when conditions arise that endanger the public health and welfare or cause a need to protect the groundwater and those conditions require the monitoring well contractor, elevator shaft contractor, or well contractor to begin constructing a water well or hole for an elevator shaft or hydraulic cylinder before obtaining a permit. The owner of a well shall obtain an annual maintenance permit for:

(1) a water well that is used less than nine days a year as a primary source of water for domestic, agricultural, commercial, industrial or public use;

(2) a monitoring well that is used for more than 12 months after completion of construction;

(3) a water well used as a secondary or a backup source of water located on a property served by a public water supply; or

(4) a dewatering well that is used for more than 12 months after completion of construction.

Subd. 3. [WATER WELLS MUST BE IDENTIFIED.] When a water well has been constructed, the contractor shall attach to the well a label showing the unique well number, the depth of the well, the contractor's name, and the date the well was constructed.

Subd. 4. [NONCONFORMING MONITORING WELL.] Any monitoring well whose casing is completed less than 12 inches above grade, may only be constructed if there is no alternative location for constructing a well that ends at least 12 inches above grade. All these monitoring wells must be constructed and sealed in accordance with rules to be adopted by the commissioner.

(a) A plan describing the proposed location and construction of the monitoring well shall be submitted for review and approval by the commissioner before construction. A \$150 fee shall accompany the plan.

(b) After December 31, 1989, a person shall not construct a nonconforming monitoring well until the commissioner of health or delegated agency issues a permit for construction. The owner of a nonconforming monitoring well shall obtain an annual maintenance permit for a well that is used for more than 12 months after completion of construction.

Subd. 5. [DISTANCE REQUIREMENTS FOR SOURCES OF CONTAMINATION.] No person may place, construct, or install an actual or potential source of contamination any closer to a well than the isolation distances set in the Minnesota water well code adopted under section 156A.05 unless a variance has been issued by the commissioner according to the procedures in the water well construction code.

Subd. 6. [WHEN A WATER WELL MUST BE SEALED.] A water well must be permanently sealed according to the water well construction code if any or all of the following conditions exist:

- (1) the water well is contaminated;
- (2) the water well has not been sealed according to the rules of the commissioner;
- (3) the water well is located, constructed, or maintained in such a manner that its continued use or existence endangers the quality of the groundwater or provides a health or safety hazard;
- (4) the water well does not produce water because it is not equipped with an operable pump or the electrical supply has been disconnected from the well, or
- (5) the water well has construction failure that may include holes in the casing, collapsed hole, plugged screens, or pumps only sediment or sand.

Subd. 7. [REPORT OF WORK.] Within 30 days after completion or sealing of a well or completion of an excavation for or sealing of an elevator shaft or hydraulic cylinder, a person licensed or registered under this chapter or a person exempt under section 156A.03, subdivision 4, paragraph (a), clause (1), shall submit to the commissioner of health a verified report upon forms provided by the commissioner. The report must contain the following information: (1) the name and address of the owner of the well, elevator shaft or hydraulic cylinder shaft and the actual location of the well or

elevator shaft or hydraulic cylinder shaft; (2) a log of the materials and water encountered in connection with drilling, and related pumping tests; and (3) other information the commissioner may require concerning the drilling or sealing of the well or hole for an elevator shaft or hydraulic cylinder. Within 30 days after receiving the report, the commissioner of health shall send one copy of the report to the commissioner of natural resources, the local soil and water conservation district within which the well or elevator shaft or hydraulic cylinder shaft is located, and one copy to the director of the Minnesota geological survey.

Sec. 6. [156A.042] [ENVIRONMENTAL BORE HOLES.]

[PERMITS AND FEES FOR WATER WELLS AND HOLES EXCAVATED TO INSTALL ELEVATOR SHAFTS OR HYDRAULIC CYLINDERS FOR ELEVATORS.] The owner of the property on which a well is located must obtain a permit for well construction from the commissioner or delegated agency. The owner must pay a fee of \$150 for a new well drilled with pumping capacity of less than 50 gallons a minute; and \$300 for wells with pumping capacity of 50 gallons a minute or more. The owner of a well that is unsealed and that meets any of the conditions in section 5, subdivision 2, must pay an annual maintenance permit fee of \$50.

The owner of the property on which water wells are constructed for the purpose of dewatering shall pay a permit fee of \$50 for each well constructed. A dewatering project comprising more than ten wells shall be issued a single permit for \$500. All the wells constructed for a project must be recorded on the permit.

The owner of the property with dewatering wells operating for more than 12 months after completion of construction must pay an annual maintenance permit fee of \$25 for each well.

For monitoring wells and nonconforming monitoring wells, the owner of the land on which a monitoring well is located must obtain a permit for each well. The fee for construction of monitoring wells is \$50 for each well. The property owner must annually renew the permit and pay a maintenance fee of \$25 for each well.

For excavating holes for the purpose of installing elevator shafts or hydraulic cylinders for elevators, the owner of the property must obtain a permit for each hole to be excavated. The fee for excavating

holes for elevator shafts or hydraulic cylinders for elevators is \$150 for each hole.

Subd. 2. [DISCLOSURE OF WELLS TO BUYER.] Effective July 1, 1990, before signing an agreement to sell or transfer property, the seller or transferor shall disclose in writing to the buyer or transferee information about the status and the location of all wells on the property, including the town, range, section, and quartile. In the disclosure, the seller or transferor must indicate, for each well, whether it is in use, not in use, or permanently sealed. At the time of sale, the same information must be provided on a well certificate form available from the commissioner signed by the seller or transferor of the property. The county recorder shall not record a deed, instrument, or writing for which a certificate of value is required under section 272.115, unless the well certificate required by this section accompanies the deed, instrument, or writing. The owner shall retain a copy. The county recorder shall transmit the well certificate to the department of health within 30 days after receiving the certificate.

Subd. 3. [FAILURE TO DISCLOSE AT TIME OF SALE.] If a seller or transferor fails to disclose the existence of a well at the time of sale, the buyer or transferee has a civil right of action for damages against the seller for any costs relating to the cleanup of any groundwater contamination related to the fact that the well was not properly sealed at the time of sale. The right of action must be exercised by the buyer or transferee within six years after the date the buyer purchased or transferee received the property on which the well is located.

Subd. 4. [WHO MUST SEAL WELLS.] To seal wells, the owner of property on which a well is located shall employ a licensed water well contractor or a contractor with a license to seal unused wells. The owner of property with monitoring wells, or holes for elevator shafts, or hydraulic cylinders for elevators shall employ a licensed water well contractor, a contractor with a license to seal unused wells, or a monitoring well contractor to seal monitoring wells no longer in use; and an elevator shaft contractor to seal holes no longer used for elevator shafts or shafts for hydraulic cylinders for elevators.

Subd. 5. [OWNER'S CAUSE OF ACTION.] The owner of the property on which a water well or a shaft for an elevator or hydraulic cylinder for an elevator is located has a cause of action for civil damages against a person whose action or inaction caused contamination of the well. The right of an owner to maintain a cause of action extends for a period of six years after the owner knows or becomes aware of the contamination of the well. The court may award damages, reasonable attorneys' fees, and costs and disbursements.

Subd. 6. [FEES DEPOSITED WITH STATE TREASURER.] Fees collected for permits or registration under this section shall be submitted to the department for deposit in the general fund.

Sec. 8. [156A.045] [PERMITS FOR GROUNDWATER THERMAL EXCHANGE DEVICES.]

Subdivision 1. [PERMIT REQUIRED.] Notwithstanding any department or agency rule to the contrary, the commissioner shall issue, upon request by the owner of the property and submission of a \$50 fee, permits for the reinjection of water by a properly constructed well into the same aquifer from which the water was drawn for the operation of a groundwater thermal exchange device.

Subd. 2. [PROCEDURES FOR GROUNDWATER EXCHANGE.] Withdrawal and reinjection shall be accomplished by a closed system in which the waters drawn for thermal exchange have no contact or commingling with water from other sources or with any polluting material or substances. The closed system must be constructed to allow opening for inspection by the commissioner. Wells that are part of a groundwater thermal exchange system shall serve no other function. However, water may be supplied to the domestic water system if the supply is taken off the thermal exchange system ahead of the heat exchange unit, and if the water discharges to a break tank through an air gap that is at least twice the effective diameter of the water inlet to the tank. A groundwater thermal exchange system may be used for domestic water heating only if the water heating device is an integral part of the heat exchange unit that is used for space heating and cooling.

Subd. 3. [LIMITATIONS AND REQUIREMENTS FOR PERMITS.] As a condition of the permit issued under subdivision 1, an applicant shall agree to allow inspection by the commissioner of health during regular working hours for department inspectors. A maximum of 200 permits shall be issued for small systems having maximum capacities of 20 gallons per minute or less. The small systems shall be subject to inspection twice a year. A maximum of ten permits shall be issued for larger systems having maximum capacities from 20 to 50 gallons per minute. These larger systems shall be subject to inspection four times a year. The commissioner may adopt rules to administer this section.

Subd. 4. [REQUIREMENTS FOR WATER APPROPRIATION APPLY.] Water appropriation permit requirements and penalties provided in sections 105.41 to 105.416 and related rules adopted and enforced by the department of natural resources apply to groundwater thermal exchange permit recipients. A person issued a permit under subdivision 1 must comply with this section for the permit to be valid. Noncompliance subjects the person to sanctions for the noncomplying activity that are available to the department of health and pollution control agency.

Sec. 9. [156A.047] [VERTICAL HEAT EXCHANGER; LICENSING AND REGULATION.]

The water well contractor must apply for the permit on forms provided by the commissioner and must pay a \$50 fee. As a condition of the permit, the owner of the property on which the vertical heat exchanger is to be installed shall agree to allow inspection by the commissioner, or an agent, during regular working hours of department of health inspectors.

### WATER APPROPRIATION PRIORITIES

Section 1. [105.406] [ONCE-THROUGH SYSTEMS PROHIBITED.]

After January 1, 1992, it is unlawful for any person, firm, or corporation, including the state, or any of its agencies or political subdivisions, or the University of Minnesota, to appropriate or use any groundwater in the state in a once-through comfort cooling or heating system that draws a continuous stream of water to remove heat for cooling, heating, or refrigeration purposes.

Sec. 2. Minnesota Statutes 1988, section 105.41, subdivision 1a, is amended to read:

Subd. 1a. [WATER ALLOCATION RULES, PRIORITIES.] The

commissioner shall submit to the legislature by January 1, 1975, for its approval, proposed adopt rules in the manner provided in chapter 14, governing the allocation of waters among potential water users. For the purposes of this section, "consumption" shall mean water withdrawn from a supply which is lost for immediate further use in the area. These rules must be based on the following priorities for the consumptive appropriation and use of water:

First priority: domestic water supply, excluding industrial and commercial uses of municipal water supply, and use for power production that meets the contingency planning provisions of section 105.417, subdivision 5.

Second priority: any use of water that involves consumption of less than 10,000 gallons of water a day. In this section "consumption" means water withdrawn from a supply that is lost for immediate further use in the area.

Third priority: agricultural irrigation, involving consumption in excess of 10,000 gallons a day, and processing of agricultural products.

Fourth priority: power production involving consumption in excess of 10,000 gallons a day in excess of the use provided for in the contingency plan developed pursuant to section 105.417, subdivision 5.

Fifth priority: other uses, involving consumption in excess of 10,000 gallons a day.

Appropriation and use of surface water from streams during periods of flood flows and high water levels must be encouraged subject to consideration of the purposes for use, quantities to be used, and the number of persons appropriating water.

Appropriation and use of surface water from lakes of less than 500 acres in surface area must be discouraged.

The treatment and reuse of water from nonconsumptive uses shall be encouraged.

Diversions of water from the state for use in other states or regions of the United States or Canada must be discouraged.

No permit may be issued under this section unless it is consistent with state, regional, and local water and related land resources management plans, if regional and local plans are consistent with statewide plans. The commissioner must not modify or restrict the amount of appropriation from a groundwater source authorized in a permit issued under section 105.44, subdivision 8, between May 1

and October 1 of any year, unless the commissioner determines the authorized amount of appropriation endangers any domestic water supply.

Sec. 3. Minnesota Statutes 1988, section 105.418, is amended to read:

105.418 [CONSERVATION OF PUBLIC WATER SUPPLIES.]

During periods of critical water deficiency as determined by the governor and declared by order of the governor, public water supply authorities appropriating water shall adopt and enforce restrictions consistent with rules adopted by the commissioner of natural resources within their areas of jurisdiction. The restrictions must limit lawn sprinkling, car washing, golf course and park irrigation, and other nonessential uses and have appropriate penalties for failure to comply with the restrictions. The commissioner may adopt emergency rules according to sections 14.29 to 14.36 relating to matters covered by this section during the year 1977. Disregard of critical water deficiency orders, even though total appropriation remains less than that permitted, is grounds for immediate modification of any public water supply authority's appropriator's permit.

The commissioner shall allocate 66 percent of the money appropriated under the child care fund for the basic sliding fee program and shall allocate those funds between the metropolitan area, comprising the counties of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, and Washington, and the area outside the metropolitan area so that no more than 55 percent of the total appropriation goes to either area after excluding allocations for statewide administrative costs. The commissioner shall allocate 50 percent of the money among counties on the basis of the number of families below the poverty level, as determined from the most recent special census, and 50 percent on the basis of caseloads of aid to families with dependent children for the preceding fiscal year, as determined by the commissioner of human services, as follows:

(1) 50 percent of the money shall be allocated among the counties on the basis of the number of families below the poverty level, as determined from the most recent census or special census; and

(2) 50 percent of the money shall be allocated among the counties on the basis of the counties' portion of the AFDC caseload for the preceding state fiscal year.

If under the preceding formula, either the seven-county metropolitan area consisting of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, and Washington counties or the area consisting of counties outside the seven-county metropolitan area is allocated more than 55 percent of the basic sliding fee funds, each county's allocation in that area shall be proportionally reduced until the total for the area is no more than 55 percent of the basic sliding fee funds. The amount of the allocations proportionally reduced shall be used to proportionally increase each county's allocation in the other area.

Subd. 2a. [ELIGIBLE RECIPIENTS.] Families that meet the eligibility requirements under sections 256H.10 and 256H.11 are eligible for child care assistance under the basic sliding fee program. Counties shall make vendor payments to the child care provider or pay the parent directly for eligible child care expenses on a reimbursement basis.

Subd. 2b. [FUNDING PRIORITY.] (a) First priority for child care assistance under the basic sliding fee program must be given to eligible recipients who do not have a high school or general equivalency diploma or who need remedial and basic skill courses in order to pursue employment or to pursue education leading to employment. Priority for child care assistance under the basic sliding fee program must be given to non-AFDC families for this first priority unless a county can demonstrate that funds available in the AFDC child care program allocation are inadequate to serve all AFDC families eligible under this priority who need child care services. Within this priority, the following subpriorities must be used:

(1) child care needs of minor parents;

(2) child care needs of parents under 21 years of age; and

(3) child care needs of other parents within the priority group described in this paragraph.

(b) Second priority must be given to all other parents who are eligible for the basic sliding fee program.

Subd. 3. [REVIEW OF USE OF FUNDS; REALLOCATION.] Once after each quarter, the commissioner shall review the use of child

care fund basic sliding fee program allocations by county. The commissioner may reallocate unexpended or unencumbered money among those counties who have expended their full portion allocation. Any unexpended money from the first year of the biennium may be carried forward to the second year of the biennium.

Sec. 9. Minnesota Statutes 1988, section 256H.05, is amended to read:

256H.05 [SET-ASIDE MONEY FOR AFDC PRIORITY GROUPS  
AFDC CHILD CARE PROGRAM.]

Subdivision 1. [ALLOCATIONS; USE NOTICE OF ALLOCATION.] Set-aside money for AFDC priority groups must be allocated among the counties based on the average monthly number of caretakers receiving AFDC under the age of 21 and the average monthly number of AFDC cases open 24 or more consecutive months. By June 1 of each year, the commissioner shall notify all county and human services boards of their allocation under the AFDC child care fund program.

Subd. 1a. [COUNTY ALLOCATION; LIMITATIONS.] The commissioner shall allocate 34 percent of the money appropriated under the child care fund for the AFDC child care program and shall allocate those funds among the counties as follows:

(1) 50 percent of the funds shall be allocated to the counties based on the average number of AFDC caretakers less than 21 years of age and the average number of AFDC cases which had been open 24 or more consecutive months during the preceding fiscal year; and

(2) 50 percent of the funds shall be allocated to the counties based on the average number of AFDC recipients for the preceding state fiscal year. For each fiscal year the average monthly caseload AFDC caseloads shall be based on counts taken at three-month intervals during the 12-month period ending March 31 December 31 of the previous state fiscal year. The commissioner may reallocate quarterly unexpended or unencumbered set-aside money to counties that expend their full allocation. The county shall use the set-aside money for AFDC priority groups and for former AFDC recipients who (1) have had their child care subsidized under the set-aside for AFDC priority groups; (2) continue to require a child care subsidy in order to remain employed; and (3) are on a waiting list for the basic sliding fee program.

Subd. 1b. [ELIGIBLE RECIPIENTS.] Families eligible for child care assistance under the AFDC child care program are families receiving AFDC and former AFDC recipients who, during their first year of employment, continue to require a child care subsidy in order to retain employment.

The commissioner shall designate between 20 to 60 percent of the AFDC child care program as the minimum to be reserved for AFDC recipients in an educational program. The amount reserved shall not be less than the amount allocated for AFDC post-secondary in the 1988-89 biennium.

If a family meets the eligibility requirements of the AFDC child care program and the caregiver has an approved employability plan that meets the requirements of appropriate federal reimbursement programs, that family is eligible for child care assistance.

Subd. 1c. [FUNDING PRIORITY.] Priority for child care assistance under the AFDC child care program shall be given to AFDC priority groups who are engaged in an employment or education program consistent with their employability plan.

If the AFDC recipient is employed, the AFDC child care disregard shall be applied before the remaining child care costs are subsidized by the AFDC child care program. AFDC recipients leaving AFDC due to their earned income, who have been on AFDC three out of the last six months and who apply for child care assistance under subdivision 1b within three months of leaving AFDC, shall be entitled to one year of child care subsidies during the first year of employment. AFDC recipients must be put on a waiting list for the basic sliding fee program when they leave AFDC due to their earned income.

Subd. 2. [COOPERATION WITH OTHER PROGRAMS.] The county shall develop cooperative agreements with the employment and training service provider for coordination of child care funding with employment, training, and education programs for aid to families with dependent children priority groups all AFDC recipients. The cooperative agreement shall specify that individuals receiving employment, training, and education services under an employability plan from the employment and training service provider shall, as resources permit, be guaranteed set-aside money for child care assistance from the county of their residence.

Subd. 3. [CONTRACTS; OTHER USES ALLOWED.] Counties may contract for administration of the program or may arrange for or contract for child care funds to be used by other appropriate programs, in accordance with this section and as permitted by federal law and regulations.

Subd. 3a. [AFDC CHILD CARE PROGRAM REALLOCATION.] The commissioner shall review the use of child care funds allocated under this section after every quarter. Priority for use of this money shall continue to be given to the AFDC priority groups.

The commissioner may reallocate to other counties AFDC child

care program funds which a county has failed to encumber or expend according to the following procedure:

(a) Unexpended or unencumbered funds reserved for recipients in educational programs may be reallocated to counties that have expended their funds for recipients in educational programs.

(b) If any funds reserved for recipients in educational programs remain after this reallocation, or any funds remain unencumbered or unexpended from the entire AFDC child care program, the funds may be reallocated to counties that have expended their full allocation for the AFDC child care program.

(c) If any AFDC child care program funds remain after this reallocation, they may be reallocated to counties who have expended their full allocation for the basic sliding fee program.

**Subd. 4. [USE OF FUNDS FOR OTHER APPLICANTS.]** If the commissioner finds, on or after January 1 of a fiscal year, that set-aside money for AFDC priority groups is not being fully utilized, the commissioner may permit counties to use set-aside money for other eligible applicants, as long as priority for use of the money will continue to be given to the AFDC priority groups.

**Subd. 5. [FEDERAL REIMBURSEMENT.]** A county may claim Counties shall maximize their federal reimbursement under the AFDC special needs program or other federal reimbursement programs for money spent for persons listed in this section 256H.04, subdivision 1, clause (1) and section 256H.03. **256H.07 [SET-ASIDE MONEY FOR NON-AFDC PUBLIC AND NONPROFIT POST-SECONDARY STUDENTS CHILD CARE PROGRAM.]**

**Subdivision 1. [ALLOCATION; USE.]** On July 1 of 1989 and 1990, under an agreement with the higher education coordinating board, the commissioner shall permanently transfer from the basic sliding fee program to the higher education coordinating board the amount of funds equal to the amount allocated during the last year of the 1988-1989 biennium for the non-AFDC public and nonprofit post-secondary student program. The higher education coordinating board will administer the non-AFDC post-secondary child care program utilizing the sliding fee scale developed by the department of human services. The board will determine eligibility for the child

care subsidy based on family income and family size. For purposes of this determination, "income" means the income amount used to calculate eligibility for state scholarships and grants under section 136A.121. "Family size" means the family size used to calculate eligibility for state scholarships and grants under section 136A.121.

Students receiving subsidies shall:

(1) Choose providers using a licensed or legal unlicensed provider that meets the needs of their family.

(2) Continue to receive a subsidy as long as they are eligible, to the limit of the allocation.

(3) Receive a subsidy to cover all eligible hours of education and employment.

The higher education coordinating board will consult with the department to ensure a program comparable to the child care subsidy program administered by the department of human services. Each post-secondary educational system shall be allocated a portion of the set-aside money for persons listed in section 256H.04, subdivision 1, clause (3), based on the number of students with dependent children enrolled in each system in the preceding fiscal year. The post-secondary educational systems shall allocate their money among institutions under their authority based on the number of students with dependent children enrolled in each institution in the last fiscal year. For the purposes of this subdivision, "students with dependent children" means the sum of all Minnesota residents enrolled in public post-secondary institutions who report dependents on their applications to the state scholarship and grant program. The commissioner shall transfer the allocation for each post-secondary institution to the county board of the county in which the institution is located, to be held in an account for students found eligible for child care sliding fee assistance and attending the institution.

Sec. 11. Minnesota Statutes 1988, section 256H.08, is amended to read:

256H.08 [USE OF MONEY.]

The county may plan for and provide child care assistance to persons listed in section 256H.04, subdivision 1,

clauses (2) and (3), from the regular sliding fee fund to supplement the set-aside funds. Counties may not limit the duration of child care subsidies for a person in an employment or educational program, except when the person is found to be ineligible under the child care fund eligibility standards. Any limitation must be based on a person's employability plan in the case of an AFDC recipient, and county policies included in the child care allocation plan. Financially eligible students who have received child care assistance for one academic year shall be provided child care assistance in the following academic year if funds allocated under section 256H.06 or sections 256H.03, 256H.05, and 256H.07 are available.

Sec. 12. Minnesota Statutes 1988, section 256H.09, is amended to read:

#### 256H.09 [REPORTING AND PAYMENTS.]

Subdivision. 1. [QUARTERLY REPORTS.] Counties and post-secondary educational systems shall submit on forms prescribed by the commissioner a quarterly financial and program activity report which is due 20 calendar days after the end of each quarter. The failure to submit a complete report by the end of the quarter in which the report is due may result in a reduction of child care fund allocations equal to the next quarter's allocation. The financial and program activity report must include:

(1) a detailed accounting of the expenditures and revenues for the program during the preceding quarter by funding source and by eligibility group;

(2) a description of activities and concomitant expenditures that are federally reimbursable under the AFDC employment special needs program and other federal reimbursement programs;

(3) a description of activities and concomitant expenditures of set-aside child care money;

(4) information on money encumbered at the quarter's end but not yet reimbursable, for use in adjusting allocations as provided in section sections 256H.03, subdivision 3, and 256H.05, subdivision 4 1a; 256H.06, subdivision 3; and 256H.07, subdivision 3; and

Subd. 2. [QUARTERLY PAYMENTS.] The commissioner shall make payments to each county in quarterly installments. The

commissioner may certify an advance for the first quarter of the fiscal year. Later payments must be based on actual expenditures as reported in the quarterly financial and program activity report. The commissioner may make payments to each county in quarterly installments. The commissioner may certify an advance up to 25 percent of the allocation. Subsequent payments shall be made on a reimbursement basis for reported expenditures, and may be adjusted for anticipated spending patterns. Payments may be withheld if quarterly reports are incomplete or untimely.

Subd. 3. [CHILD CARE FUND PLAN.] Effective January 1, 1992, the county will include the plan required under this subdivision in its biennial community social services plan required in this section, for the group described in section 256E.03, subdivision 2, paragraph (h). For the period July 1, 1989, to December 31, 1991, the county shall submit separate child care fund plans required under this subdivision for the periods July 1, 1989, to June 30, 1990; and July 1, 1990, to December 31, 1991. The commissioner shall establish the dates by which the county must submit these plans. The county and designated administering agency shall submit to the commissioner an annual child care fund allocation plan. The plan shall include:

(1) a narrative of the total program for child care services, including all policies and procedures that affect eligible families and are used to administer the child care funds;

(7) other information as requested by the department to insure compliance with the child care fund statutes and rules promulgated by the commissioner.

The commissioner shall notify counties within 60 days after the date the plan was due whether the plan is approved or whether corrections or information are needed to approve the plan.

The commissioner shall withhold a county's allocation until it has an approved plan. Plans not approved by the end of the second quarter after the plan is due may result in a 25 percent reduction in allocation. Plans not approved by the end of the third quarter after the plan is due may result in a 100 percent reduction in the allocation to the county. Counties are to maintain services despite any reduction in their allocation due to plans not being approved.

Subd. 4. [TERMINATION OF ALLOCATION.] The commissioner may withhold, reduce, or terminate the allocation of any county or post-secondary educational system that does not meet the reporting or other requirements of this program. The commissioner shall reallocate to other counties or post-secondary educational systems money so reduced or terminated.

Sec. 13. Minnesota Statutes 1988, section 256H.10, subdivision 2, is amended to read:

Subd. 2. [SLIDING FEE.] Child care services to families with incomes in the commissioner's established range must be made available on a sliding fee basis. The lower limit of the sliding fee range must be the eligibility limit for aid to families with dependent children. The upper limit of the range must be neither less than 70 percent nor more than 90 percent of the state median income for a family of four, adjusted for family size. Beginning July 1, 1991, the upper limit shall be no less than 80 percent. The upper limit shall increase to 85 percent on July 1, 1993, and to 90 percent on July 1, 1995.

Sec. 14. Minnesota Statutes 1988, section 256H.10, subdivision 3, is amended to read:

Subd. 3. If a county projects that its child care allocation is insufficient to meet the needs of all eligible groups, it may prioritize among the groups that remain to be served after compliance with the priority requirements of sections 256H.03 and 256H.05. Counties shall assure that a person receiving child care assistance from the sliding fee program prior to July 1, 1987, continues to receive assistance, providing the person meets all other eligibility criteria. Set-aside money must be prioritized by the state, and counties do not have discretion over the use of this money. Counties that have established a priority must submit the policy in the annual allocation plan.

Sec. 15. Minnesota Statutes 1988, section 256H.10, is amended by adding a subdivision to read:

Subd. 5. [PROVIDER CHOICE.] Parents may choose child care providers as defined under section 256H.01, subdivision 12, that best meet the needs of their family. When a county has knowledge that the particular provider or care arrangement chosen by the parent is unsafe, the county may deny a child care subsidy. Counties may not restrict access to a general category of provider allowed under section 256H.01, subdivision 12.

Sec. 16. Minnesota Statutes 1988, section 256H.11, is amended to read:

256H.11 [EMPLOYMENT OR TRAINING ELIGIBILITY.]

A family day care provider shall be paid a five percent bonus above the maximum rate established by the county in subdivision 1, if the provider holds a current child development associate certificate, up to the actual

provider rate. A county is not required to review wages under this subdivision unless the county has set a maximum above 110 percent for all providers with employees in their county.

**Subd. 3. [PROVIDER RATE FOR CARE OF CHILDREN WITH HANDICAPS OR SPECIAL NEEDS.]**

Counties shall reimburse providers for the care of children with handicaps or special needs, at a special rate to be set by the county for care of these children, subject to the approval of the commissioner.

Subdivision 1. [SPECIAL PLATES; APPLICATION FOR ISSUANCE.] When a motor vehicle registered under section 168.017, or a self-propelled recreational vehicle, van, or pickup truck, is owned or primarily operated by a permanently physically handicapped disabled person, the owner may apply for and secure from the

registrar of motor vehicles two license plates with attached emblems, one plate to be attached to the front, and one to the rear of the vehicle. A physically disabled person who is furnished a motor vehicle by an employer for use as part of the persons's employment may apply for and secure a second set of such plates for that motor vehicle. Application for the plates must be made at the time of renewal or first application for registration and must be accompanied by verification of employment and employer's consent. When the owner first applies for the plates, the owner must submit a physician's statement on a form developed by the commissioner under section 169.345, or proof of physical disability provided for in that section.

Subd. 1a. [SCOPE OF PRIVILEGE.] If a physically handicapped disabled person parks a vehicle displaying license plates described in this section or any person parks the vehicle for a physically handicapped disabled person, that person shall be entitled to park the vehicle as provided in section 169.345.

Subd. 2. [DESIGN OF PLATES; FURNISHING BY REGISTRAR.] The registrar of motor vehicles shall design and furnish two license number plates with attached emblems to each eligible owner. The emblem must bear the internationally accepted wheelchair symbol, as designated in section 16B.61, subdivision 5, approximately three inches square. An applicant eligible for the special plates shall pay the motor vehicle registration fee authorized by law less a credit of \$1 for each month registered.

Subd. 2a. [PLATE RETURNS, TRANSFERS.] (a) When vehicle ownership is transferred, the owner of the vehicle shall remove the special plates from the vehicle and return them to the registrar. The buyer of the vehicle shall repay the \$1 credit for each month remaining in the registration period for which the special plates were issued. When the plates have been returned by the owner and the buyer has repaid the remaining credit, the buyer is entitled to receive regular plates for the vehicle without further cost for the rest of the registration period.

(b) Notwithstanding section 168.12, subdivision 1, or 168.021, subdivision 20, the special plates may be transferred to a replacement motor vehicle on notification to the registrar. However, the special plates may not be transferred unless the replacement motor vehicle (1) is registered under section 168.017 or is a self-propelled recreational vehicle, van, or pickup truck, and (2) is owned or primarily operated by the permanently physically disabled person.

(c) The transferor shall not receive the \$1 credit for each month the replacement vehicle is registered until the time of renewal or first application for registration on the replacement vehicle.

Notwithstanding the provisions of subdivision 1, personalized license plates issued under this subdivision may be transferred to another motor vehicle owned or jointly owned by the applicant, upon the payment of a fee of \$5, which must be paid into the state treasury and credited to the highway user tax distribution fund. The registrar may by rule provide a form for notification.

Notwithstanding any law to the contrary, if the personalized license plates are lost, stolen, or destroyed, the applicant may apply and shall receive duplicate license plates bearing the same combination of letters and numbers as the former personalized plates upon the payment of a \$5 fee.

Fees from the sale of permanent and duplicate personalized license plates must be paid into the state treasury and credited to the highway user tax distribution fund.

Sec. 6. Minnesota Statutes 1988, section 168.123, subdivision 1, is amended to read:

Subdivision 1. [GENERAL REQUIREMENTS; FEES.] The registrar shall issue special license plates to an applicant who served in the active military service in a branch of the armed forces of the United States, was discharged under honorable conditions, and is an owner or joint owner of a motor vehicle included within the definition of a passenger automobile or which is self-propelled recreational equipment, on payment of a fee of \$10 for each set of two plates, payment of the registration tax required by law, and compliance with other laws relating to registration and licensing of motor vehicles and drivers. The additional fee of \$10 is payable for each set of plates, is payable only when the plates are issued, and is not payable in a year in which tabs or stickers are issued instead of number plates. An applicant must not be issued more than two sets of plates for vehicles owned or jointly owned by the applicant.

The veteran shall have a certified copy of the veteran's discharge papers, indicating character of discharge, at the time of application.

Sec. 7. Minnesota Statutes 1988, section 168.125, subdivision 1, is amended to read:

Subdivision 1. [ISSUANCE AND DESIGN.] The registrar shall issue special license plates bearing the inscription "EX-POW" to any applicant who is both a former prisoner of war and an owner or joint owner of a motor vehicle upon the applicant's compliance with all the laws of this state relating to the registration and licensing of motor vehicles and drivers. The special license plates shall be of a design and size to be determined by the commissioner. Plates bearing the "EX-POW" inscription may be issued for only one motor vehicle per applicant.

Application for issuance of these plates shall be made at the time of renewal or first application for registration. The application shall include a certification by the commissioner of veterans affairs that the applicant was a member of the military forces of the United States who was captured, separated, and incarcerated by an enemy of the United States during a period of armed conflict.

The applicant shall pay, in addition to the registration tax required by law, a fee for the special license plates issued under this section, in an amount calculated by the commissioner to cover the cost of the license plates. The additional fee is payable only when the plates are issued and no additional fee is payable in any year in which tabs or stickers are issued in lieu of number plates. All fees from the sale of the special license plates shall be paid into the state treasury and credited to the highway user tax distribution fund.

Notwithstanding the provisions of section 168.12, subdivision 1, the special license plates issued under this section may be transferred to another motor vehicle owned or jointly owned by the former prisoner of war upon the payment of a fee of \$5. This fee shall be paid into the state treasury and credited to the highway user tax distribution fund.

Upon the death of a former prisoner of war, the registrar shall continue to issue, upon renewal, the special license plates to a vehicle owned by the surviving spouse of the former prisoner of war. Special license plates issued to a surviving spouse may be transferred to another vehicle owned by the surviving spouse as provided in this subdivision. If the surviving spouse remarries, the "EX-POW" plates must be removed from the vehicle within 30 days but the surviving spouse is not required to surrender the plates to the registrar.

For purposes of this section, "motor vehicle" means a passenger

automobile, station wagon, pickup truck, motorcycle, or recreational vehicle.

Sec. 8. Minnesota Statutes 1988, section 168.125, subdivision 2, is amended to read:

Subd. 2. [SPECIAL PLATES; EX-POW AND HANDICAPPED DISABILITY INSIGNIA.] The registrar shall issue special license plates bearing both the "EX-POW" and handicapped disability insignia to any applicant who is entitled to the special license plates provided under this section and who is also entitled to special license plates for the physically handicapped disabled under section 168.021 upon compliance with the provisions of both sections. The special license plates shall be of a design and size to be determined by the commissioner.

Sec. 9. Minnesota Statutes 1988, section 168.27, subdivision 2, is amended to read:

Subd. 2. [NEW MOTOR VEHICLE DEALER.] (a) No person shall engage in the business of selling new motor vehicles or shall offer to sell, solicit, or advertise the sale of new motor vehicles without first acquiring a new motor vehicle dealer license. A new motor vehicle dealer licensee shall be entitled thereunder to sell, broker, wholesale, or auction and to solicit and advertise the sale, broker, wholesale, or auction of new motor vehicles covered by the franchise and any used motor vehicles or to lease and to solicit and advertise the lease of new motor vehicles and any used motor vehicles and such sales or leases may be either for consumer use at retail or for resale to a dealer. A new motor vehicle dealer may engage in the business of buying or otherwise acquiring vehicles for dismantling the vehicles and selling used parts and remaining scrap materials under chapter 168A, except that a new motor vehicle dealer may not purchase a junked vehicle from a salvage pool, insurance company, or its agent unless the dealer is also licensed as a used vehicle parts dealer. Nothing herein shall be construed to require an applicant for a dealer license who proposes to deal in: (1) new and unused motor vehicle bodies; or (2) type A, B, or C motor homes as defined in section 168.011, subdivision 25, to have a bona fide contract or franchise in effect with either the first-stage manufacturer of the motor home or the manufacturer or distributor of any motor vehicle chassis upon which the new and unused motor vehicle body is mounted. The modification or conversion of a new van-type vehicle into a multipurpose passenger vehicle which is not a motor home does not constitute dealing in new or unused motor vehicle bodies, and a person engaged in the business of selling these van-type vehicles must have a bona fide contract or franchise with the appropriate manufacturer under subdivision 10. A van converter or modifier who owns these modified or converted van-type vehicles may sell them at wholesale to new motor vehicle dealers having a

bona fide contract or franchise with the first-stage manufacturer of the vehicles.

(b) The requirements pertaining to franchises do not apply to persons who remodel or convert motor vehicles for medical purposes. For purposes of this subdivision, "medical purpose" means certification by a licensed physician that remodeling or conversion of a motor vehicle is necessary to enable a handicapped disabled person to use the vehicle.

Sec. 10. Minnesota Statutes 1988, section 169.01, subdivision 24a, is amended to read:

Subd. 24a. [WHEELCHAIR.] For the purposes of this chapter "wheelchair" is defined to include any manual or motorized wheelchair, scooter, tricycle, or similar device used by a handicapped disabled person as a substitute for walking.

Sec. 11. Minnesota Statutes 1988, section 169.215, is amended to read:

Subdivision 1. [DESIGNATION OF CROSSINGS.] Local authorities may designate a senior citizen or handicapped crossing for senior citizens or disabled persons on any street or highway in the vicinity of a senior citizen housing project, senior citizen nursing home, or residential care facility for handicapped disabled persons on the basis of an engineering and traffic investigation prescribed by the commissioner and subject to the uniform specifications adopted pursuant to subdivision 2. Designation of a senior citizen or handicapped crossing for senior citizens or disabled persons on a trunk highway is subject to the written consent of the commissioner.

Subd. 2. [UNIFORM SPECIFICATIONS.] The commissioner shall adopt uniform specifications for senior citizen or handicapped crossings for senior citizens or disabled persons. The specifications shall include criteria for determining the need for a crossing and the type and design of traffic control devices or signals that may be used at the crossing. The specifications shall be incorporated as a part of the manual of uniform traffic control devices required pursuant to section 169.06.

Sec. 12. Minnesota Statutes 1988, section 169.345, is amended to read:

169.345 [PARKING PRIVILEGES FOR PHYSICALLY HANDICAPPED DISABLED.]

Subdivision 1. [SCOPE OF PRIVILEGE.] A vehicle that prominently displays the certificate authorized by this section, or bears

license plates issued under section 168.021, may be parked by or for a physically handicapped disabled person:

(1) in a designated handicapped parking space for disabled persons, as provided in section 169.346; and

(2) in a metered parking space without obligation to pay the meter fee.

For purposes of this subdivision, a certificate is prominently displayed if it is displayed on the dashboard in the left-hand corner of the front windshield of the vehicle with no part of the certificate obscured.

Notwithstanding clauses (1) and (2), this section does not permit parking in areas prohibited by sections 169.32 and 169.34, in designated no parking spaces, or in parking spaces reserved for specified purposes or vehicles. A local governmental unit may, by ordinance, prohibit parking on any street or highway to create a fire lane, or to accommodate heavy traffic during morning and afternoon rush hours and these ordinances also apply to physically handicapped disabled persons.

Subd. 2. [DEFINITIONS.] For the purpose of this section, "physically handicapped disabled person" means a person who:

(1) because of disability cannot walk without significant risk of falling;

(2) because of disability cannot walk 200 feet without stopping to rest;

(3) because of disability cannot walk without the aid of another person, a walker, a cane, crutches, braces, a prosthetic device, or a wheelchair;

(4) is restricted by a respiratory disease to such an extent that the person's forced (respiratory) expiratory volume for one second, when measured by spirometry, is less than one meter;

(5) has an arterial oxygen tension (PAO2) of less than 60 mm/hg on room air at rest;

(6) uses portable oxygen; or

(7) has a cardiac condition to the extent that the person's functional limitations are classified in severity as class III or class IV according to standards set by the American Heart Association; or

(8) has a condition that would be aggravated to such an extent that walking 200 feet would be life threatening.

Subd. 2a. [PHYSICIAN'S OR CHIROPRACTOR'S STATEMENT.] The commissioner shall develop a form for the physician's or chiropractor's statement. The statement must be signed by a licensed physician or chiropractor who certifies that the applicant is a physically handicapped disabled person as defined in subdivision 2. The commissioner may request additional information from the physician or chiropractor if needed to verify the applicant's eligibility. The statement that the applicant is a physically handicapped disabled person must specify whether the disability is permanent or temporary, and if temporary, the opinion of the physician or chiropractor as to the duration of the disability. A physician or chiropractor who fraudulently certifies to the commissioner that a person is a physically handicapped disabled person as defined in subdivision 2, and that the person is entitled to the license plates authorized by section 168.021 or to the certificate authorized by this section, is guilty of a misdemeanor and is subject to a fine of \$500. The commissioner may accept, from an applicant who obtained the original certificate by submitting a physician's or chiropractor's statement and whose physical disability can be clearly shown by a photograph, a current photograph of the applicant instead of a new physician's or chiropractor's statement.

Subd. 3. [IDENTIFYING CERTIFICATE.] (a) The division of driver and vehicle services in the department of public safety shall issue a special identifying certificate for a motor vehicle when a physically handicapped disabled applicant submits a statement of a physician or chiropractor proof of physical disability under subdivision 2a. The commissioner shall design separate certificates for persons with permanent and temporary disabilities that can be readily distinguished from each other from outside a vehicle at a distance of 25 feet. The certificate is valid for the duration of the person's disability, as specified in the physician's or chiropractor's statement, up to a maximum of six years. A person with a disability of longer duration will be required to renew the certificate for additional periods of time, up to six years each, as specified in the physician's or chiropractor's statement.

(b) When the commissioner is satisfied that a motor vehicle is used primarily for the purpose of transporting physically handicapped disabled persons, the division may issue without charge a special identifying certificate for the vehicle. The operator of a vehicle displaying the certificate has the parking privileges provided in subdivision 1 while the vehicle is in use for transporting physically handicapped disabled persons. The certificate issued to a person transporting physically handicapped disabled persons must be renewed every third year. On application and renewal, the person must present evidence that the vehicle continues to be used for transporting physically handicapped disabled persons.

(c) A certificate must be made of plastic or similar durable material, must be distinct from certificates issued before January 1, 1988, and must bear its expiration date prominently on its face. A certificate issued to a temporarily disabled person must display the date of expiration of the duration of the disability, as determined under paragraph (a). Each certificate must have printed on the back a summary of the parking privileges and restrictions that apply to each vehicle in which it is used. The commissioner may charge a fee of \$5 for issuance or renewal of a certificate, and a fee of \$5 for a duplicate to replace a lost, stolen, or damaged certificate.

Subd. 4. [UNAUTHORIZED USE; REVOCATION; PENALTY.] If a peace officer finds that the certificate is being improperly used, the officer shall report the violation to the division of driver and vehicle services in the department of public safety and the commissioner of public safety may revoke the certificate. A person who uses the certificate in violation of this section is guilty of a misdemeanor and is subject to a fine of \$500.

Sec. 13. Minnesota Statutes 1988, section 169.346, is amended to read:

169.346 [PARKING FOR PHYSICALLY HANDICAPPED DISABLED; PROHIBITIONS; PENALTIES.]

Subdivision 1. [PARKING CRITERIA.] A person shall not:

(1) park a motor vehicle in or obstruct access to a parking space designated and reserved for the physically handicapped disabled, on either private or public property;

(2) park a motor vehicle in or obstruct access to an area designated by a local governmental unit as a handicapped transfer zone for disabled persons; or

(3) exercise the parking privilege provided in section 169.345, unless:

(i) that person is a physically handicapped disabled person as defined in section 169.345, subdivision 2, or the person is transporting or parking a vehicle for a physically handicapped disabled person; and

(ii) the vehicle visibly displays one of the following: a license plate issued under section 168.021, a certificate issued under section 169.345, or an equivalent certificate, insignia, or license plate issued by another state or one of its political subdivisions.

Subd. 2. [SIGNS; PARKING SPACES TO BE FREE OF OBSTRUCTIONS.] (a) Handicapped Parking spaces for physically

disabled persons must be designated and identified by the posting of signs incorporating the international symbol of access in white on blue and indicating that the parking space is reserved for handicapped disabled persons with vehicles displaying the required certificate, license plates, or insignia. A sign posted for the purpose of this section must be visible from inside a vehicle parked in the space, be kept clear of snow or other obstructions which block its visibility, and be nonmovable or only movable by authorized persons.

(b) The owner or manager of the property on which the designated parking space is located shall ensure that the space is kept free of obstruction. If the owner or manager allows the space to be blocked by snow, merchandise, or similar obstructions for 24 hours after receiving a warning from a peace officer, the owner or manager is guilty of a misdemeanor and subject to a fine of up to \$500.

Subd. 3. [PENALTY.] A person who violates subdivision 1 is guilty of a misdemeanor and shall be fined not less than \$100 or more than \$200. This subdivision shall be enforced in the same manner as parking ordinances or regulations in the governmental subdivision in which the violation occurs. Law enforcement officers have the authority to tag vehicles parked on either private or public property in violation of subdivision 1. A physically handicapped disabled person, or a person parking a vehicle for a handicapped disabled person, who is charged with violating subdivision 1 because the person parked in a handicapped parking space for physically disabled persons without the required certificate or license plates shall not be convicted if the person produces in court or before the court appearance the required certificate or evidence that the person has been issued license plates under section 168.021, and demonstrates entitlement to the certificate or plates at the time of arrest or tagging.

“Section 1. Minnesota Statutes 1988, section 260.012, is amended to read:

260.012 [DUTY OF JUVENILE COURT TO ENSURE PLACEMENT PREVENTION AND FAMILY REUNIFICATION; REASONABLE EFFORTS.]

If a child in need of protection or services is under the court's dependency or neglect jurisdiction, the court shall ensure that reasonable efforts including culturally appropriate services by the social service agency are made to prevent placement or to eliminate the need for removal and to reunite the child with the child's family at the earliest possible time, consistent with the best interests, safety, and protection of the child. In the case of an Indian child, in proceedings under sections 260.172, 260.191, and 260.221, the juvenile court must make findings and conclusions consistent with the Indian Child Welfare Act of 1978, United States Code, title 25, section 1901 et seq., as to the provision of active efforts. If a child is under the court's delinquency jurisdiction, it shall be the duty of the court to ensure that reasonable efforts are made to reunite the child with the child's family at the earliest possible time, consistent with the best interests of the child and the safety of the public.

“Reasonable efforts” means the exercise of due diligence by the responsible social service agency to use appropriate and available services to meet the needs of the child and the child's family in order to prevent removal of the child from the child's family; or upon removal, services to eliminate the need for removal and reunite the family. Services may include those listed under section 256F.07, subdivision 3, and other appropriate services available in the community. The social service agency has the burden of demonstrating that it has made reasonable efforts.

The juvenile court, in proceedings under sections 260.172, 260.191, and 260.221 shall make findings and conclusions as to the provision of reasonable efforts. When determining whether reasonable efforts have been made, the court shall consider whether services to the child and family were:

- (1) relevant to the safety and protection of the child;
- (2) adequate to meet the needs of the child and family;

- (3) culturally appropriate;
- (4) available and accessible;
- (5) consistent and timely; and
- (6) realistic under the circumstances.

Any grandparent of the child has a right to participate in the proceedings to the same extent as a parent, if the child has lived with the grandparent within the two years preceding the filing of the petition, may ask the court for the right to participate in the proceedings. In determining whether and to what extent the grandparent should participate, the court shall consider the best interests of the child. A grandparent who is entitled to notice but who is not given the right to participate shall still have the right to be present at the hearing, subject to subdivision 5. At the first hearing following the filing of a petition, the court shall ask whether the child has lived with a grandparent within the last two years, except that the court need not make this inquiry if the petition states that the child did not live with a grandparent during this time period. Failure to notify a grandparent of the proceedings is not a jurisdictional defect.

Sec. 12. Minnesota Statutes 1988, section 260.155, subdivision 4, is amended to read:

Subd. 4. [GUARDIAN AD LITEM.] (a) The court shall appoint a guardian ad litem to protect the interests of the minor when it appears, at any stage of the proceedings, that the minor is without a parent or guardian, or that the minor's parent is a minor or incompetent, or that the parent or guardian is indifferent or hostile to the minor's interests, and in every proceeding alleging a child's need for protection or services under section 260.015, subdivision 2a, clauses (1) to (10). In any other case the court may appoint a guardian ad litem to protect the interests of the minor when the court feels that such an appointment is desirable. The court shall appoint the guardian ad litem on its own motion or in the manner provided for the appointment of a guardian ad litem in the district court.

(b) The court may waive the appointment of a guardian ad litem pursuant to clause (a), whenever counsel has been appointed pursu-

(1) the length of time the child has been in foster care;

(2) the effort the parent has made to adjust circumstances, conduct, or condition that necessitates the removal of the child to make it in the child's best interest to be returned to the parent's home in the foreseeable future, including the use of rehabilitative services offered to the parent;

(3) whether the parent has visited the child within the three months preceding the filing of the petition, unless extreme financial or physical hardship or treatment for mental disability or chemical dependency or other good cause prevented the parent from visiting the child or it was not in the best interests of the child to be visited by the parent;

(4) the maintenance of regular contact or communication with the agency or person temporarily responsible for the child;

(5) the appropriateness and adequacy of services provided or offered to the parent to facilitate a reunion;

(6) whether additional services would be likely to bring about lasting parental adjustment enabling a return of the child to the parent within an ascertainable period of time, whether the services have been offered to the parent or, if services were not offered, the reasons they were not offered; and

(7) the nature of the effort efforts made by the responsible social service agency to rehabilitate and reunite the family, and whether the efforts were reasonable.

Sec. 14. Minnesota Statutes 1988, section 260.165, subdivision 1, is amended to read:

Subdivision 1. No child may be taken into immediate custody except:

(a) With an order issued by the court in accordance with the provisions of section 260.135, subdivision 5, or by a warrant issued in accordance with the provisions of section 260.145; or

(b) In accordance with the laws relating to arrests; or

(c) By a peace officer

(1) when a child has run away from a parent, guardian, or custodian, or when the peace officer reasonably believes such child has run away from a parent, guardian, or custodian; or

(2) when a child is found in surroundings or conditions which endanger the child's health or welfare or which such peace officer reasonably believes will endanger such the child's health or welfare. If an Indian child is a resident of a reservation or is domiciled on a reservation but temporarily located off the reservation, the taking of the child into custody under this clause shall be consistent with the Indian Child Welfare Act of 1978, United States Code, title 25, section 1922; or

(d) By a peace officer or probation or parole officer when it is reasonably believed that the child has violated the terms of probation, parole, or other field supervision.

Sec. 15. Minnesota Statutes 1988, section 260.171, subdivision 1, is amended to read:

Subdivision 1. If a child is taken into custody as provided in section 260.165, the parent, guardian, or custodian of the child shall be notified as soon as possible. Unless there is reason to believe that the child would endanger self or others, not return for a court hearing, run away from the child's parent, guardian, or custodian or otherwise not remain in the care or control of the person to whose lawful custody the child is released, or that the child's health or welfare would be immediately endangered, the child shall be released to the custody of a parent, guardian, custodian, or other suitable person. When a child is taken into custody by a peace officer under section 260.165, subdivision 1, clause (c)(2), release from detention may be authorized by the detaining officer, the detaining

officer's supervisor, or the county attorney. If the social service agency has determined that the child's health or welfare will not be endangered and the provision of appropriate and available services will eliminate the need for placement, the agency shall request authorization for the child's release from detention. That The person to whom the child is released shall promise to bring the child to the court, if necessary, at the time the court may direct. If the person taking the child into custody believes it desirable, that person may request the parent, guardian, custodian, or other person designated by the court to sign a written promise to bring the child to court as provided above. The intentional violation of such a promise, whether given orally or in writing, shall be punishable as contempt of court.

The court may require the parent, guardian, custodian, or other person to whom the child is released, to post any reasonable bail or bond required by the court which shall be forfeited to the court if the child does not appear as directed. The court may also release the child on the child's own promise to appear in juvenile court.

Sec. 16. Minnesota Statutes 1988, section 260.172, subdivision 1, is amended to read:

Subdivision 1. Except a child taken into custody pursuant to section 260.165, subdivision 1, clause (a) or (c)(2), a hearing shall be held within 36 hours of a child's being taken into custody, excluding Saturdays, Sundays, and holidays, to determine whether the child should continue in detention. Within 72 hours of a child being taken into custody pursuant to section 260.165, subdivision 1, clause (a) or (c)(2), excluding Saturdays, Sundays, and holidays, a hearing shall be held to determine whether the child should continue in custody. Unless there is reason to believe that the child would endanger self or others, not return for a court hearing, run away from the child's parent, guardian, or custodian or otherwise not remain in the care or control of the person to whose lawful custody the child is released, or that the child's health or welfare would be immediately endangered, the child shall be released to the custody of a parent, guardian, custodian, or other suitable person. In a proceeding regarding a child in need of protection or services, the court, before determining whether a child should continue in custody, shall also make a determination, consistent with section 260.012, as to whether reasonable efforts, or in the case of an Indian child, active efforts, according to the Indian Child Welfare Act of 1978, United States Code, title 25, section 1912(d), were made to prevent placement or to reunite the child with the child's family, or that reasonable efforts were not possible. The court shall also determine whether there are available services that would prevent the need for further detention.

If the court finds the social services agency's preventive or reunification efforts have not been reasonable but further preventive or reunification efforts could not permit the child to safely

remain at home, the court may nevertheless authorize or continue the removal of the child.

Sec. 17. Minnesota Statutes 1988, section 260.172, subdivision 4, is amended to read:

Subd. 4. If a child held in detention under a court order issued under subdivision 2 has not been released prior to expiration of the order, the court or referee shall informally review the child's case file to determine, under the standards provided by subdivision 1, whether detention should be continued. If detention is continued thereafter, informal reviews such as these shall be held within every eight days, excluding Saturdays, Sundays and holidays, of the child's detention.

A hearing, rather than an informal review of the child's case file, shall be held at the request of any one of the parties notified pursuant to subdivision 3, if that party notifies the court of a wish to present to the court new evidence concerning whether the child should be continued in detention or notifies the court of a wish to present an alternate placement arrangement to provide for the safety and protection of the child.

In addition, if a child was taken into detention under section 260.135, subdivision 5, or 260.165, subdivision 1, clause (c)(2), and is held in detention under a court order issued under subdivision 2, the court shall schedule and hold an adjudicatory hearing on the petition within 60 days of the detention hearing upon the request of any party to the proceeding unless. However, if good cause is shown by a party to the proceeding why the hearing should not be held within that time period, the hearing shall be held within 90 days, unless the parties agree otherwise and the court so orders.

Sec. 18. Minnesota Statutes 1988, section 260.173, subdivision 2, is amended to read:

Subd. 2. Notwithstanding the provisions of subdivision 1, if the child had been taken into custody pursuant to section 260.165, subdivision 1, clause (a), or had been found in surroundings or conditions reasonably believed to endanger the child's health or welfare, and is not alleged to be delinquent, the child ~~may~~ shall be detained only in the least restrictive setting consistent with the child's health and welfare and in closest proximity to the child's family as possible. Placement may be with a child's relative, or in a shelter care facility.

Sec. 19. Minnesota Statutes 1988, section 260.181, subdivision 2, is amended to read:

Subd. 2. [CONSIDERATION OF REPORTS.] Before making a

disposition in a case, or terminating parental rights, or appointing a guardian for a child the court may consider any report or recommendation made by the county welfare board, probation officer, ~~or~~ licensed child placing agency, foster parent, guardian ad litem, tribal representative, or other authorized advocate for the child or child's family, or any other information deemed material by the court.

Sec. 20. Minnesota Statutes 1988, section 260.191, subdivision 1a, is amended to read:

Subd. 1a. [WRITTEN FINDINGS.] Any order for a disposition authorized under this section shall contain written findings of fact to support the disposition ordered, and shall also set forth in writing the following information:

(a) Why the best interests of the child are served by the disposition ordered;

(b) What alternative dispositions were considered by the court and why such dispositions were not appropriate in the instant case; ~~and~~

(c) In the case of a child of minority racial or minority ethnic heritage, how the court's disposition complies with the requirements of section 260.181, subdivision 3; and

(d) Whether reasonable efforts consistent with section 260.012 were made to prevent or eliminate the necessity of the child's removal and to reunify the family after removal. The court's findings must include a brief description of what preventive and reunification efforts were made and why further efforts could not have prevented or eliminated the necessity of removal.

If the court finds that the social services agency's preventive or reunification efforts have not been reasonable but that further preventive or reunification efforts could not permit the child to safely remain at home, the court may nevertheless authorize or continue the removal of the child.

Sec. 21. Minnesota Statutes 1988, section 260.191, subdivision 1e, is amended to read:

Subd. 1e. [CASE PLAN.] For each disposition ordered, the court shall order the appropriate agency to prepare a written case plan developed after consultation with and participation by the child and the child's parent, guardian, ~~or~~ foster parent, custodian, or guardian ad litem and tribal representative if the tribe has intervened. The case plan shall comply with the requirements of section 257.071, where applicable. The case plan shall, among other matters, specify the actions to be taken by the child and the child's parent, guardian,

foster parent, or custodian to comply with the court's disposition order, and the services to be offered and provided by the agency to the child and the child's parent, guardian, or custodian. For each disposition ordered, the written case plan shall specify what reasonable efforts shall be provided to the family. The case plan must include a discussion of:

(1) the availability of appropriate prevention and reunification services for the family to prevent the removal of the child from the home or to reunify the child with the family after removal;

(2) any services or resources that were requested by the child or the child's parent, guardian, or custodian since the date of initial adjudication, and whether those services or resources were provided or the basis for denial of the services or resources;

(3) the need of the child and family for care, treatment, or rehabilitation;

(4) the need for participation by the parent, guardian, or custodian in the plan of care for the child; and

(5) a description of any services that could prevent placement or reunify the family if such services were available.

The court shall review the case plan and, upon approving it, incorporate the plan into its disposition order. The court may review and modify the terms of the case plan in the manner provided in subdivision 2. A party has a right to request a court review of the reasonableness of the case plan upon a showing of a substantial change of circumstances.

Sec. 22. Minnesota Statutes 1988, section 260.231, subdivision 3, is amended to read:

Subd. 3. The court shall have notice of the time, place, and purpose of the hearing served on the parents, as defined in sections 257.51 to 257.74 or 259.26, subdivision 1, clause (2), and upon the child's grandparent if the child has lived with the grandparent within the two years immediately preceding the filing of the petition. Notice shall be served in the manner provided in sections 260.135 and 260.141, except that personal service shall be made at least ten days before the day of the hearing. Published notice shall be made for three weeks, the last publication to be at least ten days before the day of the hearing; and notice sent by certified mail shall be mailed at least 20 days before the day of the hearing. A parent who consents to the termination of parental rights under the provisions of section 260.221, clause (a), may waive in writing the notice required by this subdivision; however, if the parent is a minor or incompetent the

waiver shall be effective only if the parent's guardian ad litem concurs in writing."

Sec. 5. [325F.664] [NEW MOTOR VEHICLE DAMAGE DISCLOSURES.]

Subdivision 1. [DEFINITION:] For the purposes of this section, the term "new motor vehicle" means a motor vehicle as defined in section 80E.03, subdivision 7, including vehicles driven for demonstration purposes.

Subd. 2. [DISCLOSURE OF DAMAGE EXCEEDING FOUR PERCENT OF RETAIL PRICE.] (a) Before the sale of a new motor vehicle, a dealer must disclose and describe to the buyer, in a clear and conspicuous written statement, any damage to the vehicle of which the dealer had actual knowledge, if the dealer's cost of repairs exceeded four percent of the manufacturer's suggested retail price, or \$500, whichever is greater.

(b) A manufacturer, distributor, or importer must disclose and describe to its franchised dealers, in a clear and conspicuous written statement, any repaired damage exceeding four percent of the manufacturer's suggested retail price, or \$500, whichever is greater.

(c) Damaged or stolen glass, tires, wheels, bumpers, radios, and in-dash audio components are excluded from the disclosure requirements of this subdivision if the damaged or stolen parts are replaced with identical manufacturer's original equipment.

Sec. 6. [325F.6641] [DISCLOSURE OF MOTOR VEHICLE FLOOD DAMAGE; TITLE BRANDING.]

Subdivision 1. [FLOOD DAMAGE.] If a motor vehicle has been submerged or flooded above floor level while parked on a licensed motor vehicle dealer's lot or if the vehicle has sustained damage by collision or other occurrence which exceeds 70 percent of its actual cash value so that the vehicle becomes a class C total loss vehicle, the seller must disclose that fact to the buyer, if the seller has actual knowledge of the flood damage.

The disclosure required under this subdivision must be made in writing on the application for title and registration or other transfer document, in a manner prescribed by the registrar of motor vehicles. The registrar shall revise the certificate of title form, including the assignment by seller (transferor) and reassignment by licensed dealer sections of the form, the separate application for title forms, and other transfer documents to accommodate this disclosure. If the seller is a motor vehicle dealer licensed pursuant to section 168.27, the disclosure required by this section must be made orally by the dealer to the prospective buyer in the course of the sales presentation.

Subd. 2. [FORM OF DISCLOSURE.] The disclosure required in this section must be made in substantially the following form: "To the best of my knowledge, this vehicle has . . . . has not . . . . been submerged or flooded above floor level, has . . . . has not . . . . sustained damage in excess of 70 percent actual cash value."

Subd. 3. [REGISTRAR TO MARK TITLES.] If the application for title and registration indicates that the vehicle has been classified as a class B or C total loss vehicle because of water or flood damage or has been submerged or flooded above floor level while parked on a licensed motor vehicle dealer's lot, the registrar of motor vehicles shall record the term "flood damaged" on the certificate of title and all subsequent certificates of title issued for that vehicle.

Upon transfer and application for title of all class C total loss vehicles and all repaired vehicles with out-of-state titles that bear the term "damaged," "salvage," "rebuilt," "reconditioned," or any similar term, the registrar of motor vehicles shall record the word "rebuilt" on the first Minnesota certificate of title and all subsequent Minnesota certificates of title issued for that vehicle. The registrar shall mark "rebuilt" on the first Minnesota certificate of title and all subsequent certificates of title issued for any vehicle which came into the state unrepaired and for which a salvage certificate of title was issued unless the person applying for the Minnesota title offers proof satisfactory to the registrar that the vehicle did not sustain damage equivalent to the 70 percent standard set forth in this section. For vehicles with out-of-state titles which bear the term "flood damaged," the registrar of motor vehicles shall record the term "flood damaged" on the first Minnesota certificate of title and all subsequent Minnesota certificates of title issued for that vehicle. For vehicles that are reconstructed within the meaning of section 168A.15, the registrar shall record the word "reconstructed" on the certificate of title and all subsequent certificates of title.

The designation of "flood damaged," "rebuilt," or "reconstructed" on a certificate of title shall be made by the registrar of motor vehicles in a clear and conspicuous manner, in a color different from all other writing on the certificate of title.

For the purposes of this section, a class C total loss vehicle means a vehicle for which a salvage certificate of title has been issued and vehicles with damage of at least 70 percent of the vehicle's actual cash value as determined by an insurer or dealer pursuant to section 168A.151 or by comparing an insurer's written estimate of damage or actual loss payout to the average trade-in value of the vehicle according to the National Automobile Dealers Association's Official Used Car Guide or other similar publication approved by the registrar.

Subd. 4. [DEALER DISCLOSURE.] If a licensed motor vehicle dealer offers for sale a vehicle with a branded title, the dealer shall orally disclose the existence of the brand in the course of the sales presentation.

A person who violates sections 5 and 6 is subject to the remedies and penalties, including a private right of action, provided in section 8.31.

A person injured by a violation of sections 5 and 6 shall recover the actual damages sustained, together with costs and disbursements, including reasonable attorney's fees. In its discretion, the court may increase the award of damages to an amount not to exceed three times the actual damages sustained, or \$2,500, whichever is greater.

The relief provided in this section is in addition to any remedies otherwise available under the common law or other statutes of this state.

Sec. 8. [325F6643] [APPLICATION.]

Section 6 does not apply to vehicles that are ten years old or older as calculated from the first day of January of the designated model year or to commercial motor vehicles with a gross vehicle rating of 26,000 pounds or more.

Sec. 9. [EFFECTIVE DATE AND TRANSITION.]

Sections 1 to 8 are effective on July 1, 1990. All certificates of title issued after that date must include the disclosure language in the assignment by seller (transferor), reassignment by licensed dealer sections, and other transfer documents, and the appropriate designation "flood damaged," "rebuilt," or "reconstructed" as required by section 6, subdivision 3. No title application or title transfer shall be rejected by the registrar for failure to include the disclosures required by sections 1 to 7 if the application for title, the assignment by seller (transferor), reassignment by licensed dealer, or other transfer documents have not been revised to include the appropriate form for disclosure pursuant to section 6, subdivision 2."

With the recommendation that when so amended the bill pass.

62A.045 [PAYMENTS TO ON BEHALF OF WELFARE RECIPIENTS.]

No policy ~~of or plan of health, medical, hospitalization, or accident and sickness insurance regulated under this chapter; vendor of risk management services regulated under section 60A.23; nonprofit health service plan corporation regulated under chapter 62C; health maintenance organization regulated under chapter 62D; or self-insured plan regulated under chapter 62E~~ shall contain any provision denying or reducing benefits because services are rendered to ~~an insured or dependent a person~~ who is eligible for or receiving medical assistance benefits pursuant to chapter 256B or 256D or services pursuant to section 252.27; 256.936; 260.251, subdivision 1a; 261.27; or 393.07, subdivision 1 or 2.

If a person covered under a policy or plan of health, medical, hospitalization, or accident and sickness insurance is receiving medical benefits according to any statute listed in this section, payment for covered services or notice of denial for services billed by the provider must be issued directly to the provider. Claims submitted by the provider to the insurer must contain a statement that the person was receiving medical benefits through the department of human services at the time the service was provided. When the commissioner of human services notifies the insurer that the commissioner has made payment to the provider, benefits or notices of denial must be issued directly to the commissioner. Submission of the claim on the department of human services claim form is proper notice and proof of payment of the claim to the provider and supersedes contract requirements relating to the form of submission. Liability to the insured for coverage is satisfied to the extent that payments for those benefits are made to the provider or the commissioner.

Sec. 2. Minnesota Statutes 1988, section 62A.046, is amended to read:

62A.046 [COORDINATION OF BENEFITS.]

(1) No group contract providing coverage for hospital and medical treatment or expenses issued or renewed after August 1, 1984, which is responsible for secondary coverage for services provided, may deny coverage or payment of the amount it owes as a secondary payor solely on the basis of the failure of another group contract, which is responsible for primary coverage, to pay for those services.

(2) A group contract which provides coverage of a claimant as a dependent of a parent who has legal responsibility for the dependent's medical care pursuant to a court order under section 518.171 must make payments directly to the provider of care. In such cases, liability to the insured is satisfied to the extent of benefit payments made to the provider.

(3) This section applies to an insurer, a vendor of risk management services regulated under section 60A.23, a nonprofit health service plan corporation regulated under chapter 62C and a health maintenance organization regulated under chapter 62D. Nothing in this section shall require a secondary payor to pay the obligations of the primary payor nor shall it prevent the secondary payor from recovering from the primary payor the amount of any obligation of the primary payor that the secondary payor elects to pay.

(4) Payments made on behalf of an enrollee in the children's health plan under section 256.936, or a person receiving benefits under chapter 256B or 256D, for services that are covered by the policy or plan of health insurance, must apply to any deductible the

enrollee is obligated to pay under a group or individual policy or plan of health insurance, if the enrollee is insured.

(5) The commissioner of human services shall recover payments made by the children's health plan from the responsible insurer, for services provided by the children's health plan and covered by the policy or plan of health insurance.

**145.63 [LIMITATION ON LIABILITY FOR SPONSORING ORGANIZATIONS, REVIEW ORGANIZATIONS, AND MEMBERS OF REVIEW ORGANIZATIONS.]**

Subdivision 1. No review organization and no person shall be

liable for damages or other relief in any action by reason of the performance of the review organization or person of any duty, function, or activity as a review organization or a member of a review committee or by reason of any recommendation or action of the review committee when the person acts in the reasonable belief that the action or recommendation is warranted by facts known to the person or the review organization after reasonable efforts to ascertain the facts upon which the review organization's action or recommendation is made, except that any corporation designated as a review organization under the Code of Federal Regulations, title 42, section 466 (1983) shall be subject to actions for damages or other relief by reason of any failure of a person, whose care or treatment is required to be scrutinized or reviewed by the review organization, to receive medical care or treatment as a result of a determination by the review organization that medical care was unnecessary or inappropriate.

Subd. 2. [ORGANIZATIONS.] No state or local association of professionals or organization of professionals from a particular area shall be liable for damages or other relief in any action brought by a person whose activities have been or are being scrutinized or reviewed by a review organization established by the association or organization, unless the association or organization was motivated by malice towards the person affected by the review or scrutiny.

Sec. 6. Minnesota Statutes 1988, section 214.06, subdivision 1, is amended to read:

Subdivision 1. Notwithstanding any law to the contrary, the commissioner of health as authorized by section 214.13, all health-related licensing boards and all non-health-related licensing boards shall by rule, with the approval of the commissioner of finance, adjust any fee which the commissioner of health or the board is empowered to assess a sufficient amount so that the total fees collected by each board will as closely as possible equal anticipated expenditures during the fiscal biennium, as provided in section 16A.128. For members of an occupation registered after July 1, 1984 by the commissioner of health under the provisions of section 214.13, the fee established must include an amount necessary to recover, over a five-year period, the commissioner's direct expendi-

tures for adoption of the rules providing for registration of members of the occupation. All fees received shall be deposited in the state treasury. Fees received by health-related licensing boards must be credited to the special revenue fund. Any balance remaining in the special revenue fund at the end of each fiscal year, after payment of health-related licensing board expenses including salaries, attorney general fees, and indirect costs, must be credited to the public health fund.

State facility includes regional treatment centers; the state nursing homes; state-operated, community-based programs; and other facilities owned or operated by the state and under the commissioner's control.

Sec. 8. Minnesota Statutes 1988, section 246.50, subdivision 4, is amended to read:

Subd. 4. [CLIENT.] "Patient Client" means any person with mental illness or chemical dependency receiving services at a state facility, whether or not those services require occupancy of a bed overnight.

Sec. 9. Minnesota Statutes 1988, section 246.50, subdivision 5, is amended to read:

Subd. 5. [COST OF CARE.] "Cost of care" means the commissioner's determination of the anticipated average per capita cost of all maintenance, treatment and expense, including depreciation of buildings and equipment, interest paid on bonds issued for capital improvements to state facilities, and indirect costs related to the operation other than that paid from the Minnesota state building fund, at all of the state facilities during the current year for which billing is being made. The commissioner shall determine the anticipated average per capita cost. The commissioner may establish one all inclusive rate or separate rates for each patient or resident disability group, and may establish separate charges for each facility. "Cost of care" for outpatient or day care patients or residents shall be on a cost for service basis under a schedule the commissioner shall establish.

For purposes of this subdivision "resident patient" means a person

who occupies a bed while housed in a state facility for observation, care, diagnosis, or treatment.

For purposes of this subdivision "outpatient" or "day care" patient or resident means a person who makes use of diagnostic, therapeutic, counseling, or other service in a state facility or through state personnel but does not occupy a bed overnight.

For the purposes of collecting from the federal government for the care of those patients eligible for medical care under the Social Security Act "cost of care" shall be determined as set forth in the rules and regulations of the Department of Health and Human Services or its successor agency: charge for services provided to any person admitted to a state facility.

For purposes of this subdivision, "charge for services" means the cost of services, depreciation of buildings and equipment, treatment, maintenance, bonds issued for capital improvements, and indirect costs related to the operation of state facilities. The commissioner may determine the charge for services on an anticipated average per diem basis as an all inclusive charge per facility, per disability group, or per treatment program. The commissioner may determine a charge per service, using a method that includes direct and indirect costs.

#### Sec. 10. [246.501] [COST OF CARE FOR STATE-OPERATED, COMMUNITY-BASED PROGRAMS.]

For purposes of establishing reimbursement rates, state-operated, community-based programs that meet the definition of a facility in Minnesota Rules, part 9553.0020, subpart 19, are subject to Minnesota Rules, parts 9553.0010 to 9553.0080. For purposes of establishing reimbursement rates, state-operated, community-based programs that meet the definition of vendor in section 252.41, subdivision 9, are subject to the rate setting procedures in sections 252.41 to 252.47 and the provisions of Minnesota Rules, parts 9525.1200 to 9525.1330.

Sec. 11. Minnesota Statutes 1988, section 246.54, is amended to read:

#### 246.54 [LIABILITY OF COUNTY; REIMBURSEMENT.]

Except for chemical dependency services provided under sections 254B.01 to 254B.09, the patient's or resident's county shall pay to the state of Minnesota a portion of the cost of care provided in a regional treatment center to a patient or resident legally settled in that county. A county's payment shall be made from the county's own sources of revenue and payments shall be paid as follows: payments to the state from the county shall equal ten percent of the

per capita rate cost of care, as determined by the commissioner, for each day, or the portion thereof, that the patient or resident spends at a regional treatment center. If payments received by the state under sections 246.50 to 246.53 exceed 90 percent of the per capita rate cost of care, the county shall be responsible for paying the state only the remaining amount. The county shall not be entitled to reimbursement from the patient or resident, the patient's or resident's estate, or from the patient's or resident's relatives, except as provided in section 246.53. No such payments shall be made for any patient or resident who was last committed prior to July 1, 1947.

Sec. 12. [CLARIFICATION OF LEGISLATIVE INTENT.]

The amendments to section 246.50, subdivisions 3, 4, and 5, are both substantive and clarifying in nature. Substantively, the amendments broaden the scope of the definitions amended.

The amendments in section 246.50, subdivisions 3, 4, and 5, also clarify the legislative intent of Laws 1982, chapter 641, article 1, section 4; Laws 1985, chapter 21, section 14; and Laws 1987, chapter 403, article 2, section 49. Those laws replaced archaic language with current terms relating to chemical dependency. In changing the terms by the acts cited, the legislature did not intend to create or change the state's ability to charge and collect for the cost of chemical dependency treatment that a person received in a regional treatment center before the effective dates of Laws 1982, chapter 641, article 1, section 4; Laws 1985, chapter 21, section 14; and Laws 1987, chapter 403, article 2, section 49. The state had the ability to charge and collect for the cost of chemical dependency treatment in regional treatment centers before the changes in terms that occurred in these laws. The changes simply changed archaic language to acceptable language. Failure to cite a specific section in this act as nonsubstantive or as a clarification shall not be construed to mean that the section is a substantive change in the law.

Sec. 13. Minnesota Statutes 1988, section 252.291, subdivision 2, is amended to read:

Subd. 2. [EXCEPTIONS.] (a) The commissioner of human services in coordination with the commissioner of health may approve a newly constructed or newly established publicly or privately operated community intermediate care facility for six or fewer persons with mental retardation or related conditions only when the following circumstances exist:

(a) (1) when the facility is developed in accordance with a request for proposal approved by the commissioner of human services;

(b) (2) when the facility is necessary to serve the needs of identified persons with mental retardation or related conditions who are seriously behaviorally disordered or who are seriously physically

or sensorily impaired. At least 50 percent of the capacity of the facility must be used for persons coming from regional treatment centers; and

(e) (3) when the commissioner determines that the need for increased service capacity cannot be met by the use of alternative resources or the modification of existing facilities.

(b) When new beds are authorized, at least 50 percent of the total new beds authorized during a biennium must be used for persons coming from regional treatment centers.

Sec. 14. Minnesota Statutes 1988, section 252.46, subdivision 1, is amended to read:

Subdivision 1. [RATES FOR CALENDAR YEARS 1988 AND 1989 AND 1990.] Payment rates to vendors, except regional centers, for county-funded day training and habilitation services and transportation provided to persons receiving day training and habilitation services established by a county board for calendar years 1988 and 1989 and 1990 are governed by subdivisions 2 to 10.

"Payment rate" as used in subdivisions 2 to 10 refers to three kinds of payment rates: a full-day service rate for persons who receive at least six service hours a day, including the time it takes to transport the person to and from the service site; a partial-day service rate that must not exceed 75 percent of the full-day service rate for persons who receive less than a full day of service; and a transportation rate for providing, or arranging and paying for, transportation of a person to and from the person's residence to the service site.

Sec. 15. Minnesota Statutes 1988, section 252.46, subdivision 2, is amended to read:

Subd. 2. [1988 AND 1989 AND 1990 MINIMUM.] Unless a variance is granted under subdivision 6, the minimum payment rates set by a county board for each vendor for calendar years 1988 and 1989 and 1990 must be equal to the payment rates approved by the commissioner for that vendor in effect January 1, 1987 1988, and January 1, 1988 1989, respectively.

Sec. 16. Minnesota Statutes 1988, section 252.46, subdivision 3, is amended to read:

Subd. 3. [1988 AND 1989 AND 1990 MAXIMUM.] Unless a variance is granted under subdivision 6, the maximum payment rates for each vendor for calendar years 1988 and 1989 and 1990 must be equal to the payment rates approved by the commissioner for that vendor in effect December 1, 1987 1988, and December 1,

1988 1989, respectively, increased by no more than the projected percentage change in the urban consumer price index, all items, published by the United States Department of Labor, for the upcoming calendar year over the current calendar year.

Sec. 17. Minnesota Statutes 1988, section 252.46, subdivision 4, is amended to read:

Subd. 4. [NEW VENDORS.] Payment rates established by a county for calendar years 1988 and 1989 and 1990, for a new vendor for which there were no previous rates must not exceed 125 percent of the average payment rates in the regional development commission district under sections 462.381 to 462.396 in which the new vendor is located.

Sec. 18. Minnesota Statutes 1988, section 252.46, subdivision 6, is amended to read:

Subd. 6. [VARIANCES.] A variance from the minimum or maximum payment rates in subdivisions 2 and 3 may be granted by the commissioner when the vendor requests and the county board submits to the commissioner a written variance request with the recommended payment rates. The commissioner shall develop by October 1, 1989, a uniform format for submission of documentation for the variance requests. This format shall be used by each vendor requesting a variance. The form shall be developed by the commissioner and shall be reviewed by representatives of advocacy and provider groups and counties. A variance may be utilized for costs associated with compliance with state administrative rules, compliance with court orders, capital costs required for continued licensure, increased insurance costs, start-up and conversion costs for supported employment, direct service staff salaries and benefits, and transportation. The county board shall review all vendors' payment rates that are ten or more than ten percent lower than the statewide median payment rates. If the county determines that the payment rates do not provide sufficient revenue to the vendor for authorized service delivery the county must recommend a variance under this section. When the county board contracts for increased services from any vendor for some or all individuals receiving services from the vendor, the county board shall review the vendor's payment rates to determine whether the increase requires that a variance to the minimum rates be recommended under this section to reflect the vendor's lower per unit fixed costs. The written variance request must include documentation that all the following criteria have been met:

(1) The commissioner and the county board have both conducted a review and have identified a need for a change in the payment rates and recommended an effective date for the change in the rate.

(2) The proposed changes are required for the vendor to deliver authorized individual services in an effective and efficient manner.

(3) The proposed changes are necessary to demonstrate compliance with minimum licensing standards, or to provide community-integrated and supported employment services after a change in the vendor's existing services has been approved as provided in section 252.28.

(4) The vendor documents that the changes cannot be achieved by reallocating current staff or by reallocating financial resources.

(5) The county board submits evidence that the need for additional staff cannot be met by using temporary special needs rate exceptions under Minnesota Rules, parts 9510.1020 to 9510.1140.

(6) The county board submits a description of the nature and cost of the proposed changes, and how the county will monitor the use of money by the vendor to make necessary changes in services.

(7) The county board's recommended payment rates do not exceed 125 percent of the current calendar year's statewide median payment rates.

The commissioner shall have 60 calendar days from the date of the receipt of the complete request to accept or reject it, or the request shall be deemed to have been granted. If the commissioner rejects the request the commissioner shall state in writing the specific objections to the request and the reasons for its rejection.

Sec. 19. Minnesota Statutes 1988, section 252.46, subdivision 12, is amended to read:

Subd. 12. [RATES ESTABLISHED AFTER 1989 1990.] Payment rates established by a county board to be paid to a vendor on or after January 1, 1990 1991, must be determined under permanent rules adopted by the commissioner. No county shall pay a rate that is less than the minimum rate determined by the commissioner.

In developing procedures for setting minimum payment rates and procedures for establishing payment rates, the commissioner shall consider the following factors:

(1) a vendor's payment rate and historical cost in the previous year;

(2) current economic trends and conditions;

(3) costs that a vendor must incur to operate efficiently, effectively and economically and still provide training and habilitation services

that comply with quality standards required by state and federal regulations;

(4) increased liability insurance costs;

(5) costs incurred for the development and continuation of supported employment services;

(6) cost variations in providing services to people with different needs;

(7) the adequacy of reimbursement rates that are more than 15 percent below the statewide average; and

(8) other appropriate factors.

The commissioner may develop procedures to establish differing hourly rates that take into account variations in the number of clients per staff hour, to assess the need for day training and habilitation services, and to control the utilization of services.

In developing procedures for setting transportation rates, the commissioner may consider allowing the county board to set those rates or may consider developing a uniform standard.

Medical assistance rates for home and community-based services provided under section 256B.501 by licensed vendors of day training and habilitation services must not be greater than the rates for the same services established by counties under sections 252.40 to 252.47.

Sec. 20. Minnesota Statutes 1988, section 252.47, is amended to read:

252.47 [RULES.]

To implement sections 252.40 to 252.47, the commissioner shall adopt permanent rules under sections 14.01 to 14.38. The rules may include a plan for phasing in implementation of the procedures and rates established by the rules. The phase-in may occur prior to calendar year ~~1990~~ 1991. The commissioner shall establish an advisory task force to advise and make recommendations to the commissioner during the rulemaking process. The advisory task force must include legislators, vendors, residential service providers, counties, consumers, department personnel, and others as determined by the commissioner.

Sec. 21. Minnesota Statutes 1988, section 256.045, subdivision 1, is amended to read:

Subdivision 1. [POWERS OF THE STATE AGENCY.] The commissioner of human services may appoint one or more state human services referees to conduct hearings and recommend orders in accordance with subdivisions 3, 3a, 4a, and 5. Human services referees designated pursuant to this section may administer oaths and shall be under the control and supervision of the commissioner of human services and shall not be a part of the office of administrative hearings established pursuant to sections 14.48 to 14.56.

Sec. 22. Minnesota Statutes 1988, section 256.045, subdivision 3, is amended to read:

Subd. 3. [STATE AGENCY HEARINGS.] (a) Any person applying for, receiving or having received public assistance or a program of social services granted by the state agency or a local agency under sections 252.32, 256.72 to 256.879, chapters 256B, 256D, 256E, 261, or the federal Food Stamp Act whose application for assistance is denied, not acted upon with reasonable promptness, or whose assistance is suspended, reduced, terminated, or claimed to have been incorrectly paid, or any patient or relative aggrieved by an order of the commissioner under section 252.27, or a party aggrieved by a ruling of a prepaid health plan, may contest that action or decision before the state agency by submitting a written request for a hearing to the state agency within 30 days after receiving written notice of the action or decision, or within 90 days of such written notice if the applicant, recipient, patient, or relative shows good cause why the request was not submitted within the 30-day time limit. Except for a prepaid health plan, a vendor of medical care as defined in section 256B.02, subdivision 7, or a vendor under contract with a local agency to provide social services under section 256E.08, subdivision 4, is not a party and may not request a hearing under this section.

(b) All prepaid health plans under contract to the commissioner pursuant to chapter 256B or 256D must provide for a complaint system according to section 62D.11. The prepaid health plan must notify the ombudsman within three working days of any formal complaint made under section 62D.11 by persons enrolled in a prepaid health plan under chapter 256B or 256D. At the time a complaint is made, the prepaid health plan must notify the recipient of the name and telephone number of the ombudsman. Recipients may request the assistance of the ombudsman in the complaint system process. The prepaid health plan shall issue a written resolution within 30 days of filing with the prepaid health plan. The ombudsman may waive the requirement that the complaint system procedures be exhausted prior to an appeal if the ombudsman determines that the complaint must be resolved expeditiously in order to provide care in an urgent situation.

(c) A state human services referee shall conduct a hearing on the matter and shall recommend an order to the commissioner of human

services. The commissioner need not grant a hearing if the sole issue raised by an appellant is the commissioner's authority to require mandatory enrollment in a prepaid health plan in a county where prepaid health plans are under contract with the commissioner.

(d) In a notice of appeal from a ruling of a prepaid health plan, a recipient may request an expedited hearing. The ombudsman, after discussing with the recipient his or her condition and in consultation with a health practitioner who practices in the specialty area of the recipient's primary diagnosis, shall investigate and determine whether an expedited appeal is warranted. In making the determination, the ombudsman shall evaluate whether the medical condition of the recipient, if not expeditiously diagnosed and treated, could cause physical or mental disability, substantial deterioration of physical or mental health, continuation of severe pain, or death. The ombudsman may order a second medical opinion from the prepaid health plan or order a second medical opinion from a nonprepaid health plan provider at prepaid health plan expense. If the ombudsman determines that an expedited appeal is warranted, the state welfare referee shall hear the appeal and render a decision within a time commensurate with the level of urgency involved, based on the individual circumstances of the case. In urgent or emergency situations in which a prepaid health plan provider has prescribed treatment, and the prepaid health plan has denied authorization for that treatment, the referee may order the health plan to authorize treatment pending the outcome of the appeal.

Sec. 23. Minnesota Statutes 1988, section 256.045, is amended by adding a subdivision to read:

Subd. 3a. [PREPAID HEALTH PLAN APPEALS.] (a) All prepaid health plans under contract to the commissioner under chapter 256B or 256D must provide for a complaint system according to section 62D.11. When a prepaid health plan denies, reduces, or terminates a health service, the prepaid health plan must notify the recipient of the right to file a complaint or an appeal. The notice must include the name and telephone number of the ombudsman and notice of the recipient's right to request a hearing under paragraph (b). When a complaint is filed, the prepaid health plan must notify the ombudsman within three working days. Recipients may request the assistance of the ombudsman in the complaint system process. The prepaid health plan must issue a written resolution of the complaint to the recipient within 30 days after the complaint is filed with the prepaid health plan. A recipient is not required to exhaust the complaint system procedures in order to request a hearing under paragraph (b).

(b) Recipients enrolled in a prepaid health plan under chapter 256B or 256D may contest a prepaid health plan's denial, reduction, or termination of health services or the prepaid health plan's written resolution of a complaint by submitting a written request

for a hearing according to subdivision 3. A state human services referee shall conduct a hearing on the matter and shall recommend an order to the commissioner of human services. The commissioner need not grant a hearing if the sole issue raised by a recipient is the commissioner's authority to require mandatory enrollment in a prepaid health plan in a county where prepaid health plans are under contract with the commissioner. The state human services referee may order a second medical opinion from the prepaid health plan or may order a second medical opinion from a nonprepaid health plan provider at the expense of the prepaid health plan. Recipients may request the assistance of the ombudsman in the appeal process.

(c) In the written request for a hearing to appeal from a prepaid health plan's denial, reduction, or termination of a health service or the prepaid health plan's written resolution to a complaint, a recipient may request an expedited hearing. If an expedited appeal is warranted, the state human services referee shall hear the appeal and render a decision within a time commensurate with the level of urgency involved, based on the individual circumstances of the case.

Sec. 24. Minnesota Statutes 1988, section 256.045, subdivision 4, is amended to read:

Subd. 4. [CONDUCT OF HEARINGS.] All hearings held pursuant to subdivision 3, 3a, or 4a shall be conducted according to the provisions of the federal Social Security Act and the regulations implemented in accordance with that act to enable this state to qualify for federal grants-in-aid, and according to the rules and written policies of the commissioner of human services. Local agencies shall install equipment necessary to conduct telephone hearings. A state human services referee may schedule a telephone conference hearing when the distance or time required to travel to the local agency offices will cause a delay in the issuance of an order, or to promote efficiency, or at the mutual request of the parties. Hearings may be conducted by telephone conferences unless the applicant, recipient, or former recipient objects. The hearing shall not be held earlier than five days after filing of the required notice with the local or state agency. The state human services referee shall notify all interested persons of the time, date, and location of the hearing at least five days before the date of the hearing. Interested persons may be represented by legal counsel or other representative of their choice at the hearing and may appear personally, testify and offer evidence, and examine and cross-examine witnesses. The applicant, recipient, or former recipient shall have the opportunity to examine the contents of the case file and all documents and records to be used by the local agency at the hearing at a reasonable time before the date of the hearing and during the hearing. Upon request, the local agency shall provide reimbursement for transportation, child care, photocopying, medical assessment, witness fee, and other necessary and reasonable costs

incurred by the applicant, recipient, or former recipient in connection with the appeal. All evidence, except that privileged by law, commonly accepted by reasonable people in the conduct of their affairs as having probative value with respect to the issues shall be submitted at the hearing and such hearing shall not be "a contested case" within the meaning of section 14.02, subdivision 3.

Sec. 25. Minnesota Statutes 1988, section 256.045, subdivision 4a, is amended to read:

Subd. 4a. [CASE MANAGEMENT APPEALS.] Any recipient of case management services pursuant to section 256B.092, subdivisions 1 to 1b who contests the local agency's action or failure to act in the provision of those services, other than a failure to act with reasonable promptness or a suspension, reduction, denial, or termination of services, must submit a written request for review to the local agency. The local agency shall inform the commissioner of the receipt of a request for review when it is submitted and shall schedule a conciliation conference. The local agency shall notify the recipient, the commissioner, and all interested persons of the time, date, and location of the conciliation conference. The commissioner shall designate a representative to be present at the conciliation conference to assist in the resolution of the dispute without the need for a hearing. Within 30 days, the local agency shall conduct the conciliation conference and inform the recipient in writing of the action the local agency is going to take and when that action will be taken and notify the recipient of the right to a hearing under this subdivision. The conciliation conference shall be conducted in a manner consistent with the procedures for reconsideration of an individual service plan or an individual habilitation plan pursuant to Minnesota Rules, parts 9525.0075, subpart 5 and 9525.0105, subpart 6. If the county fails to conduct the conciliation conference and issue its report within 30 days, or, at any time up to 90 days after the conciliation conference is held, a recipient may submit to the commissioner a written request for a hearing before a state human services referee to determine whether case management services have been provided in accordance with applicable laws and rules or whether the local agency has assured that the services identified in the recipient's individual service plan have been delivered in accordance with the laws and rules governing the provision of those services. The state human services referee shall recommend an order to the commissioner, who shall, in accordance with the procedure in subdivision 5, issue a final order within 60 days of the receipt of the request for a hearing, unless the commissioner refuses to accept the recommended order, in which event a final order shall issue within 90 days of the receipt of that request. The order may direct the local agency to take those actions necessary to comply with applicable laws or rules. The commissioner may issue a temporary order prohibiting the demission of a recipient of case management services from a residential or day habilitation program licensed under chapter 245A, while a local agency review

process or an appeal brought by a recipient under this subdivision is pending, or for the period of time necessary for the local agency to implement the commissioner's order. The commissioner shall not issue a final order staying the demission of a recipient of case management services from a residential or day habilitation program licensed under chapter 245A.

Sec. 26. Minnesota Statutes 1988, section 256.045, subdivision 5, is amended to read:

Subd. 5. [ORDERS OF THE COMMISSIONER OF HUMAN SERVICES.] A state human services referee shall conduct a hearing on the appeal and shall recommend an order to the commissioner of human services. The recommended order must be based on all relevant evidence and must not be limited to a review of the propriety of the state or local agency's action. A referee may take official notice of adjudicative facts. The commissioner of human services may accept the recommended order of a state human services referee and issue the order to the local agency and the applicant, recipient, or former recipient, or prepaid health plan. The commissioner on refusing to accept the recommended order of the state human services referee, shall notify the local agency and the applicant, recipient, or former recipient, or prepaid health plan of that fact and shall state reasons therefor and shall allow each party ten days' time to submit additional written argument on the matter. After the expiration of the ten-day period, the commissioner shall issue an order on the matter to the local agency and the applicant, recipient, or former recipient, or prepaid health plan.

A party aggrieved by an order of the commissioner may appeal under subdivision 7, or request reconsideration by the commissioner within 30 days after the date the commissioner issues the order. The commissioner may reconsider an order upon request of any party or on the commissioner's own motion. A request for reconsideration does not stay implementation of the commissioner's order. Upon reconsideration, the commissioner may issue an amended order or an order affirming the original order.

Any order of the commissioner issued in accordance with under this subdivision shall be conclusive upon the parties unless appeal is taken in the manner provided by subdivision 7. Any order of the commissioner is binding on the parties and must be implemented by the state agency or a local agency until the order is reversed by the district court, or unless the commissioner or a district court orders monthly assistance or aid or services paid or provided under subdivision 10.

Except for a prepaid health plan, a vendor of medical care as defined in section 256B.02, subdivision 7, or a vendor under contract with a local agency to provide social services under section 256E.08,

subdivision 4, is not a party and may not request a hearing or seek judicial review of an order issued under this section.

Sec. 27. Minnesota Statutes 1988, section 256.045, subdivision 6, is amended to read:

Subd. 6. [ADDITIONAL POWERS OF THE COMMISSIONER; SUBPOENAS.] (a) The commissioner of human services may initiate a review of any action or decision of a local agency and direct that the matter be presented to a state human services referee for a hearing held pursuant to under subdivision 3, 3a, or 4a. In all matters dealing with human services committed by law to the discretion of the local agency, the commissioner's judgment may be substituted for that of the local agency. The commissioner may order an independent examination when appropriate.

(b) Any party to a hearing held pursuant to subdivision 3, 3a, or 4a may request that the commissioner issue a subpoena to compel the attendance of witnesses at the hearing. The issuance, service, and enforcement of subpoenas under this subdivision is governed by section 357.22 and the Minnesota Rules of Civil Procedure.

(c) The commissioner may issue a temporary order staying a proposed demission by a residential facility licensed under chapter 245A while an appeal by a recipient under subdivision 3 is pending, or for the period of time necessary for the local agency to implement the commissioner's order.

Sec. 28. Minnesota Statutes 1988, section 256.045, subdivision 7, is amended to read:

Subd. 7. [JUDICIAL REVIEW.] Any party who is aggrieved by an order of the commissioner of human services may appeal the order to the district court of the county responsible for furnishing assistance by serving a written copy of a notice of appeal upon the commissioner and any adverse party of record within 30 days after the date the commissioner issued the order, the amended order, or order affirming the original order, and by filing the original notice and proof of service with the court administrator of the district court. Service may be made personally or by mail; service by mail is complete upon mailing; no filing fee shall be required by the court administrator in appeals taken pursuant to this subdivision. The commissioner may elect to become a party to the proceedings in the district court. Any party may demand that the commissioner furnish all parties to the proceedings with a copy of the decision, and a transcript of any testimony, evidence, or other supporting papers from the hearing held before the human services referee, by serving a written demand upon the commissioner within 30 days after service of the notice of appeal. Any party aggrieved by the failure of an adverse party to obey an order issued by the commissioner under

subdivision 5 may compel performance according to the order in the manner prescribed in sections 586.01 to 586.12.

Sec. 29. Minnesota Statutes 1988, section 256.045, subdivision 10, is amended to read:

Subd. 10. [PAYMENTS PENDING APPEAL.] If the commissioner of human services or district court orders monthly assistance or aid or services paid or provided in any proceeding under this section, it shall be paid or provided pending appeal to the commissioner of human services, district court, court of appeals, or supreme court. The state or local agency has a claim for food stamps and cash payments made to a recipient or former recipient while an appeal is pending if the recipient or former recipient is determined ineligible for the food stamps and cash payments as a result of the appeal.

Sec. 30. [256.9685] [ESTABLISHMENT OF INPATIENT HOSPITAL PAYMENT SYSTEM.]

Subdivision 1. [AUTHORITY.] The commissioner shall establish procedures for determining medical assistance and general assistance medical care payment rates under a prospective payment system for inpatient hospital services in hospitals that qualify as vendors of medical assistance. The commissioner shall establish, by rule, procedures for implementing this section and sections 256.9686, 256.969, and 256.9695. The payment rates must be based on methods and standards that the commissioner finds are adequate to provide for the costs that must be incurred for the care of recipients in efficiently and economically operated hospitals. Services must meet the requirements of section 256B.04, subdivision 15, or 256D.03, subdivision 7, paragraph (b), to be eligible for payment.

Subd. 2. [FEDERAL REQUIREMENTS.] If it is determined that a provision of this section or section 256.9686, 256.969, or 256.9695 conflicts with existing or future requirements of the United States government with respect to federal financial participation in medical assistance, the federal requirements prevail. The commissioner may, in the aggregate, prospectively reduce payment rates to avoid reduced federal financial participation resulting from rates that are in excess of the medicare limitations.

Sec. 31. [256.9686] [DEFINITIONS.]

Subdivision 1. [SCOPE.] For purposes of this section and sections 256.9685, 256.969, and 256.9695, the following terms and phrases have the meanings given.

Subd. 2. [BASE YEAR.] "Base year" means a hospital's fiscal year that is recognized by the Medicare program or a hospital's fiscal

year specified by the commissioner if a hospital is not required to file information by the Medicare program from which cost and statistical data are used to establish medical assistance and general assistance medical care payment rates.

Subd. 3. [CASE MIX INDEX.] "Case mix index" means a hospital's distribution of relative values among the diagnostic categories.

Subd. 4. [CHARGES.] "Charges" means the usual and customary payment requested of the general public.

Subd. 5. [COMMISSIONER.] "Commissioner" means the commissioner of human services.

Subd. 6. [HOSPITAL.] "Hospital" means a facility licensed under sections 144.50 to 144.58 or an out-of-state facility licensed under the requirements of that state in which it is located.

Subd. 7. [MEDICAL ASSISTANCE.] "Medical assistance" means the program established under chapter 256B and Title XIX of the Social Security Act. Medical assistance includes general assistance medical care established under chapter 256D, unless otherwise specifically stated.

Subd. 8. [RATE YEAR.] "Rate year" means a calendar year from January 1 to December 31.

Subd. 9. [RELATIVE VALUE.] "Relative value" means the average allowable cost of inpatient services provided within a diagnostic category divided by the average allowable cost of inpatient services provided in all diagnostic categories.

Sec. 32. Minnesota Statutes 1988, section 256.969, is amended to read:

256.969 [INPATIENT HOSPITALS PAYMENT RATES.]

Subdivision 1. [ANNUAL HOSPITAL COST INDEX.] The commissioner of human services shall develop a prospective payment system for inpatient hospital service under the medical assistance and general assistance medical care programs. Rates established for licensed hospitals for rate years beginning during the fiscal biennium ending June 30, 1987, shall not exceed an annual hospital cost index for the final rate allowed to the hospital for the preceding year not to exceed five percent in any event. The annual hospital cost index shall be obtained from an independent source representing and shall represent a statewide weighted average of inflation historical and projected cost change estimates determined for expense categories to include wages and salaries, employee benefits, medical and professional fees, raw food, medical supplies, pharma-

ceuticals, utilities, repairs and maintenance, insurance other than including malpractice insurance, and other applicable expenses as determined by the commissioner. The index shall reflect the regional differences within the state and include a one percent increase to reflect changes in technology. The annual hospital cost index shall be published 30 days before the start of each calendar quarter and shall be applicable to all hospitals whose fiscal years start on or during the calendar quarter. Minnesota cost category weights. Individual indices shall be specific to Minnesota if the commissioner determines that sufficient accuracy of the hospital cost index is achieved. The hospital cost index shall be used to adjust the base year operating payment rate through the rate year on an annually compounded basis.

Subd. 2. [RATES FOR INPATIENT HOSPITALS DIAGNOSTIC CATEGORIES.] On July 1, 1984, The commissioner shall begin to utilize use to the extent possible existing diagnostic classification systems, including the system used by the Medicare program to determine the relative values of inpatient services and case mix indices. The commissioner may incorporate the grouping of hospitals with similar characteristics for uniform rates upon the development and implementation of the diagnostic classification system. Prior to implementation of the diagnostic classification system, the commissioner shall report the proposed grouping of hospitals to the senate health and human services committee and the house health and welfare committee. The commissioner may combine diagnostic classifications into diagnostic categories and may establish separate categories and numbers of categories based on program eligibility or hospital peer group. Relative values shall be recalculated when the base year is changed and shall not be determined on a hospital specific basis. Relative value determinations shall include paid claims for admissions during each hospital's base year. The commissioner may extend the time period forward to obtain sufficiently valid information to establish relative values. Relative value determinations shall not include property cost data, Medicare crossover data, and data from the transferring hospital on transfer discharges, except data on transfer discharges with a burn diagnostic classification or data on transfer discharges for the patient's convenience that have been reported by the hospital to the commissioner by the October 1 preceding the rate year. The computation of the base year cost per admission and the computation of the relative values of the diagnostic categories must include identified outlier cases and their weighted costs up to the point that they become outlier cases, but must exclude costs and days recognized in outlier payments beyond that point. Claims paid for care provided on or after August 1, 1985, shall be adjusted to reflect a recomputation of rates, unless disapproved by the federal Health Care Financing Administration. The state shall pay the state share of the adjustment for care provided on or after August 1, 1985, up to and including June 30, 1987, whether or not the adjustment is approved by the federal Health Care Financing Administration. The commissioner may reconstitute re-

categorize the diagnostic categories classifications and recalculate relative values and case mix indices to reflect actual hospital practices, the specific character of specialty hospitals, or to reduce variances within the diagnostic categories after notice in the State Register and a 30-day comment period. After May 1, 1986, acute care hospital billings under the medical assistance and general assistance medical care programs must not be submitted until the recipient is discharged. However, the commissioner shall establish monthly interim payments with inpatient hospitals that have individual patient lengths of stay in excess of 30 days regardless of diagnosis-related group. For purposes of establishing interim rates, the commissioner is exempt from the requirements of chapter 14. Medical assistance and general assistance medical care reimbursement for treatment of mental illness shall be reimbursed based upon diagnosis classifications. The commissioner may selectively contract with hospitals for services within the diagnostic classifications relating to mental illness and chemical dependency under competitive bidding when reasonable geographic access by recipients can be assured. No physician shall be denied the privilege of treating a recipient required to utilize a hospital under contract with the commissioner, as long as the physician meets credentialing standards of the individual hospital. Effective July 1, 1988, the commissioner shall limit the annual increase in pass-through cost payments for depreciation, rents and leases, and interest expense to the annual growth in the hospital cost index described in subdivision 1. When computing budgeted pass-through cost payments, the commissioner shall use the annual increase in the hospital cost index forecasted by Data Resources, Inc. consistent with the quarter of the hospital's fiscal year end. In final settlement of pass-through cost payments, the commissioner shall use the hospital cost index for the month in which the hospital's fiscal year ends compared to the same month one year earlier.

Subd. 2a. [AUDIT ADJUSTMENTS TO INPATIENT HOSPITAL RATES.] Inpatient hospital rates established under subdivision 2 using 1981 historical medicare cost report data may be adjusted based on the findings of audits of hospital billings and patient records performed by the commissioner that identify billings for services that were not delivered or never ordered. The audit findings may be based on a statistically valid sample of billings of the hospital. After the audits are complete, the commissioner shall adjust rates paid in subsequent years to reflect the audit findings and recover payments in excess of the adjusted rates or reimburse hospitals when audit findings indicate that underpayments were made to the hospital.

Subd. 2b. [OPERATING PAYMENT RATES.] In determining operating payment rates for admissions occurring on or after the rate year beginning January 1, 1991, and every two years after, or more frequently as determined by the commissioner, the commissioner shall obtain operating data from an updated base year and

establish operating payment rates per admission for each hospital based on the cost-finding methods and allowable costs of the Medicare program in effect during the base year. The base year operating payment rate per admission is standardized by the case mix index and adjusted by the hospital cost index, relative values, and disproportionate population adjustment. The cost and charge data used to establish operating rates shall only reflect inpatient services covered by medical assistance and shall not include property cost information and costs recognized in outlier payments.

Subd. 2c. [PROPERTY PAYMENT RATES.] For each hospital's first two consecutive fiscal years beginning on or after July 1, 1988, the commissioner shall limit the annual increase in property payment rates for depreciation, rents and leases, and interest expense to the annual growth in the hospital cost index derived from the methodology in effect on the day before the effective date of this section. When computing budgeted and settlement property payment rates, the commissioner shall use the annual increase in the hospital cost index forecasted by Data Resources, Inc., consistent with the quarter of the hospital's fiscal year end. For admissions occurring on or after January 1, 1991, the commissioner shall obtain property data from an updated base year and establish property payment rates per admission for each hospital. Property payment rates shall be derived from data from the same base year that is used to establish operating payment rates. The property information shall include cost categories not subject to the hospital cost index and shall reflect the cost-finding methods and allowable costs of the Medicare program in effect during the base year. The property payment rate per admission shall be adjusted for technology changes by increasing the property payment rate one percent compounded annually from the base year through the rate year. The cost and charge data used to establish property rates shall only reflect inpatient services covered by medical assistance and shall not include operating cost information. The commissioner shall adjust rates for the rate year beginning January 1, 1991, to ensure that all hospitals are subject to the hospital cost index limitation for two complete years.

Subd. 3. [SPECIAL CONSIDERATIONS.] (a) In determining the rate the commissioner of human services will take into consideration whether the following circumstances exist:

(1) minimal medical assistance and general assistance medical care utilization;

(2) unusual length of stay experience; and

(3) disproportionate numbers of low-income patients served.

(b) To the extent of available appropriations, the commissioner shall provide supplemental grants directly to a hospital described in

section 256B.031, subdivision 10, paragraph (a), that receives medical assistance payments through a county-managed health plan that serves only residents of the county. The payments must be designed to compensate for actuarially demonstrated higher health care costs within the county, for the population served by the plan, that are not reflected in the plan's rates under section 256B.031, subdivision 4.

(e) The computation of each hospital's payment rate and the relative values of the diagnostic categories are not subject to the routine service cost limitation imposed under the Medicare program.

(d) Indian health service facilities are exempt from the rate establishment methods required by this section and section 256D.03, subdivision 4, and shall be reimbursed at the facility's usual and customary charges to the general public.

(e) Out-of-state hospitals that are located within a Minnesota local trade area shall have rates established using the same procedures and methods that apply to Minnesota hospitals. Hospitals that are not required by law to file information in a format necessary to establish rates shall have rates established based on the commissioner's estimates of the information. Relative values of the diagnostic categories shall not be redetermined under this paragraph until required by rule and hospitals affected by this paragraph shall then be included in determining relative values. However, hospitals that have rates established based upon the commissioner's estimates of information shall not be included in determining relative values. This paragraph is effective for hospital fiscal years beginning on or after July 1, 1988. A hospital shall provide the information necessary to establish rates under this paragraph at least 90 days before the start of the hospital's fiscal year.

(f) Hospitals that are not located within Minnesota or a Minnesota local trade area shall have rates established as provided in paragraph (e) or, at the commissioner's discretion, at an amount negotiated by the commissioner. Relative values shall not be affected by negotiated rates.

(g) For inpatient hospital originally paid admissions, excluding Medicare cross-overs, provided from July 1, 1988, through June 30, 1989, hospitals with 100 or fewer medical assistance annualized paid admissions, excluding Medicare cross-overs, that were paid by March 1, 1988, for admissions paid during the period January 1, 1987, to June 30, 1987, shall have medical assistance inpatient payments increased 30 percent. Hospitals with more than 100 but fewer than 250 medical assistance annualized paid admissions, excluding Medicare cross-overs, that were paid by March 1, 1988, for admissions paid during the period January 1, 1987, to June 30, 1987, shall have medical assistance inpatient payments increased

20 percent for inpatient hospital originally paid admissions, excluding Medicare cross-overs, provided from July 1, 1988, through June 30, 1989. This provision applies only to hospitals that have 100 or fewer licensed beds on March 1, 1988.

Subd. 3a. [PAYMENTS.] Acute care hospital billings under the medical assistance program must not be submitted until the recipient is discharged. However, the commissioner shall establish monthly interim payments for inpatient hospitals that have individual patient lengths of stay over 30 days regardless of diagnostic category. To establish interim rates, the commissioner is exempt from the requirements of chapter 14. Medical assistance reimbursement for treatment of mental illness shall be reimbursed based on diagnostic classifications. The commissioner may selectively contract with hospitals for services within the diagnostic categories relating to mental illness and chemical dependency under competitive bidding when reasonable geographic access by recipients can be assured. No physician shall be denied the privilege of treating a recipient required to use a hospital under contract with the commissioner, as long as the physician meets credentialing standards of the individual hospital. Individual hospital payments established under this section and sections 256.9685, 256.9686, and 256.9695, in addition to third party liability, for admissions occurring during the rate year shall not exceed, in aggregate, the charges for the medical assistance covered inpatient services paid for the same period of time to the hospital. This payment limitation is not applicable and shall not be calculated to include general assistance medical care services. Services that have rates established under subdivision 6a, paragraph (a), clause (5) or (6), must be limited separately from other services. After consulting with the affected hospitals, the commissioner may consider related hospitals one entity and may merge the payment rates while maintaining separate provider numbers. The operating and property base rates per admission or per day shall be derived from the best Medicare and claims data available when rates are established. The commissioner shall determine the best Medicare and claims data, taking into consideration variables of recency of the data, audit disposition, settlement status, and the ability to set rates in a timely manner. The commissioner shall notify hospitals of payment rates by December 1 of the year preceding the rate year. The rate setting data must reflect the admissions data used to establish relative values. Base year changes from 1981 to the base year established for the rate year beginning January 1, 1991, and for subsequent rate years, shall not be limited to the limits ending June 30, 1987, on the maximum rate of increase under subdivision 1. The commissioner may adjust base year cost, relative value, and case mix index data to exclude the costs of services that have been discontinued by the October 1 of the year preceding the rate year or that are paid separately from inpatient services. Inpatient stays that encompass portions of two or more rate years shall have payments established based on payment rates in effect at the time of admission unless the

date of admission preceded the rate year in effect by six months or more. In this case, operating payment rates for services rendered during the rate year in effect and established based on the date of admission shall be adjusted to the rate year in effect by the hospital cost index.

**Subd. 4. [APPEALS BOARD.]** An appeals board shall be established for purposes of hearing reports for changes in the rate per admission. The appeals board shall consist of two public representatives, two representatives of the hospital industry, and one representative of the business or consumer community. The appeals board shall advise the commissioner on adjustments to hospital rates under this section.

**Subd. 4a. [REPORTS.]** If, under this section or section 256.9685, 256.9686, or 256.9695, a hospital is required to report information to the commissioner by a specified date, the hospital must report the information on time. If the hospital does not report the information on time, the commissioner may determine the information that will be used and may disregard the information that is reported late. If the Medicare program does not require or does not audit information that is needed to establish medical assistance rates, the commissioner may, after consulting the affected hospitals, require reports to be provided, in a format specified by the commissioner, that are based on allowable costs and cost-finding methods of the Medicare program in effect during the base year. The commissioner may require any information that is necessary to implement this section and sections 256.9685, 256.9686, and 256.9695 to be provided by a hospital within a reasonable time period.

**Subd. 5. [APPEAL RIGHTS.]** Nothing in this section supersedes the contested case provisions of chapter 14, the administrative procedure act.

**Subd. 5a. [AUDITS AND ADJUSTMENTS.]** Inpatient hospital rates and payments must be established under this section and sections 256.9685, 256.9686, and 256.9695. The commissioner may adjust rates and payments based on the findings of audits of payments to hospitals, hospital billings, costs, statistical information, charges, or patient records performed by the commissioner or the Medicare program that identify billings, costs, statistical information, or charges for services that were not delivered, never ordered, in excess of limits, not covered by the medical assistance program, paid separately from rates established under this section and sections 256.9685, 256.9686, and 256.9695, or for charges that are not consistent with other payor billings. Charges to the medical assistance program must be less than or equal to charges to the general public. Charges to the medical assistance program must not exceed the lowest charge to any other payor. The audit findings may be based on a statistically valid sample of hospital information that is needed to complete the audit. If the information the commissioner

uses to establish rates or payments is not audited by the Medicare program, the commissioner may require an audit using Medicare principles and may adjust rates and payments to reflect any subsequent audit.

Subd. 6. [RULES.] The commissioner of human services shall promulgate emergency and permanent rules to implement a system of prospective payment for inpatient hospital services pursuant to chapter 14, the administrative procedure act. Notwithstanding section 14.53, emergency rule authority authorized by Laws 1983, chapter 312, article 5, section 9, subdivision 6, shall extend to August 1, 1985.

Subd. 6a. [SPECIAL CONSIDERATIONS.] (a) In determining the payment rates, the commissioner shall consider whether the following circumstances exist:

(1) [MINIMAL MEDICAL ASSISTANCE USE.] Minnesota hospitals with 30 or fewer annualized admissions of Minnesota medical assistance recipients in the base year, excluding Medicare crossover admissions, may have the base year operating rates, as adjusted by the case mix index, and property payment rates established at the 70th percentile of hospitals in the peer group in effect during the base year as established by the Minnesota department of health for use by the rate review program. Rates within a peer group shall be adjusted for differences in fiscal years and outlier percentage payments before establishing the 70th percentile. The operating payment rate portion of the 70th percentile shall be adjusted by the hospital cost index. To have rates established under this paragraph, the hospital must notify the commissioner in writing by November 1 of the year preceding the rate year. This paragraph shall be applied to all payment rates of the affected hospital.

(2) [UNUSUAL COST OR LENGTH OF STAY EXPERIENCE.] The commissioner shall establish day and cost outlier thresholds for each diagnostic category established under subdivision 2 at two standard deviations beyond the geometric mean length of stay or allowable cost. Payment for the days and cost beyond the outlier threshold shall be in addition to the operating and property payment rates per admission established under subdivisions 2, 2b and 2c. Payment for outliers shall be at 70 percent of the allowable operating cost calculated by dividing the operating payment rate per admission, after adjustment by the case mix index, hospital cost index, relative values and the disproportionate population adjustment, by the arithmetic mean length of stay for the diagnostic category. The outlier threshold for neonatal and burn diagnostic categories shall be established at one standard deviation beyond the geometric mean length of stay or allowable cost, and payment shall be at 90 percent of allowable operating cost calculated in the same manner as other outliers. A hospital may choose an alternative percentage outlier payment to a minimum of 60 percent and a

maximum of 80 percent if the commissioner is notified in writing of the request by October 1 of the year preceding the rate year. The chosen percentage applies to all diagnostic categories except burns and neonates. The percentage of allowable cost that is unrecognized by the outlier payment shall be added back to the base year operating payment rate per admission. Cost outliers shall be calculated using hospital specific allowable cost data. If a stay is both a day and a cost outlier, outlier payments shall be based on the higher outlier payment.

(3) [DISPROPORTIONATE NUMBERS OF LOW-INCOME PATIENTS SERVED.] For admissions occurring on or after July 1, 1989, the medical assistance disproportionate population adjustment shall comply with federal law. The commissioner may establish a separate disproportionate population operating payment rate adjustment under the general assistance medical care program. For admissions occurring on or after January 1, 1991, the disproportionate population adjustment shall be derived from base year Medicare cost report data and may be adjusted by data reflecting actual claims paid by the department.

(4) [SEPARATE BILLING BY CERTIFIED REGISTERED NURSE ANESTHETISTS.] Hospitals may exclude certified registered nurse anesthetist costs from the operating payment rate as allowed by section 256B.0625, subdivision 11. To be eligible, a hospital must notify the commissioner in writing by October 1 of the year preceding the rate year of the request to exclude certified registered nurse anesthetist costs. The hospital must agree that all hospital claims for the cost and charges of certified registered nurse anesthetist services will not be included as part of the rates for inpatient services provided during the rate year. In this case, the operating payment rate shall be adjusted to exclude the cost of certified registered nurse anesthetist services. Payments made through separate claims for certified registered nurse anesthetist services shall not be paid directly through the hospital provider number or indirectly by the certified registered nurse anesthetist to the hospital or related organizations.

(5) [SPECIAL RATES.] The commissioner may establish special rate-setting methodologies, including a per day operating and property payment system, for hospice, ventilator dependent, and other services on a hospital and recipient specific basis taking into consideration such variables as federal designation, program size, and admission from a medical assistance waiver or home care program. The data and rate calculation method shall conform to the requirements of paragraph (7), except that hospice rates shall not exceed the amount allowed under federal law and payment shall be secondary to any other medical assistance hospice program. Rates and payments established under this paragraph must meet the requirements of section 256.9685, subdivisions 1 and 2, and must not exceed payments that would otherwise be made to a hospital in

total for rate year admissions under subdivisions 2, 2b, 2c, 3, 4, 5, and 6. The cost and charges used to establish rates shall only reflect inpatient medical assistance covered services. Hospital and claims data that are used to establish rates under this paragraph shall not be used to establish payments or relative values under subdivisions 2, 2b, 2c, 3, 4, 5, and 6.

(6) [REHABILITATION DISTINCT PARTS.] Units of hospitals that are recognized as rehabilitation distinct parts by the Medicare program shall have separate provider numbers under the medical assistance program for rate establishment and billing purposes only. These units shall also have operating and property payment rates and the disproportionate population adjustment established separately from other inpatient hospital services, based on the methods of subdivisions 2, 2b, 2c, 3, 4, 5, and 6. The commissioner may establish separate relative values under subdivision 2 for rehabilitation hospitals and distinct parts as defined by the Medicare program. For individual hospitals that did not have separate medical assistance rehabilitation provider numbers or rehabilitation distinct parts in the base year, hospitals shall provide the information needed to separate rehabilitation distinct part cost and claims data from other inpatient service data.

(7) [NEONATAL TRANSFERS.] Neonatal diagnostic category transfers shall have operating and property payment rates established on a per day payment system that is based on the cost finding methods and allowable costs of the Medicare program during the base year. The rate per day for the neonatal service setting within the hospital shall be determined by dividing base year neonatal allowable costs by neonatal patient days. The operating payment rate portion of the rate shall be adjusted by the hospital cost index and the disproportionate population adjustment. The cost and charges used to establish rates shall only reflect inpatient services covered by medical assistance. Hospital and claims data used to establish rates under this paragraph shall not be used to establish payments or relative values under subdivisions 2, 2b, 2c, 3, 4, 5, and 6.

(8) [TRANSFERS.] Except as provided in paragraphs (5) and (7), operating and property payment rates for admissions that result in transfers and transfers shall be established on a per day payment system. The per day payment rate shall be the sum of the adjusted operating and property payment rates determined in subdivisions 2b and 2c, divided by the arithmetic mean length of stay for the diagnostic category. Each admission that results in a transfer and each transfer is considered a separate admission to each hospital, and the total of the admission and transfer payments to each hospital must not exceed the total per admission payment that would otherwise be made to each hospital under paragraph (2) and subdivisions 2b and 2c.

(b) The computation of each hospital's payment rate and the relative values of the diagnostic categories are not subject to the routine service cost limitation imposed under the Medicare program.

(c) Indian health service facilities are exempt from the rate establishment methods required by this section and shall be reimbursed at the facility's usual and customary charges to the general public. This exemption is not effective for payments under general assistance medical care.

(d) Except as provided in paragraph (a), clauses (1) and (3), out-of-state hospitals that are located within a Minnesota local trade area shall have rates established using the same procedures and methods that apply to Minnesota hospitals. Hospitals that are not required by law to file information in a format necessary to establish rates shall have rates established based on the commissioner's estimates of the information. Relative values of the diagnostic categories shall not be redetermined under this paragraph until required by rule. Hospitals affected by this paragraph shall then be included in determining relative values. However, hospitals that have rates established based upon the commissioner's estimates of information shall not be included in determining relative values. This paragraph is effective for hospital fiscal years beginning on or after July 1, 1988. A hospital shall provide the information necessary to establish rates under this paragraph at least 90 days before the start of the hospital's fiscal year.

(e) Hospitals that are not located within Minnesota or a Minnesota local trade area shall have operating and property rates established at the average of statewide and local trade area rates or, at the commissioner's discretion, at an amount negotiated by the commissioner. Relative values shall not include data from hospitals that have rates established under this paragraph. Payments, including third party liability, established under this paragraph may not exceed the charges on a claim specific basis for inpatient services that are covered by medical assistance.

(f) Medical assistance inpatient payments shall increase 30 percent for inpatient hospital originally paid admissions, excluding Medicare crossovers, that occurred between July 1, 1988, and December 31, 1990, if: (i) the hospital had 100 or fewer Minnesota medical assistance annualized paid admissions, excluding Medicare crossovers, that were paid by March 1, 1988 for the period January 1, 1987, to June 30, 1987; (ii) the hospital had 100 or fewer licensed beds on March 1, 1988; (iii) the hospital is located in Minnesota; and (iv) the hospital is not located in a city of the first class as defined in section 410.01. For this paragraph, medical assistance does not include general assistance medical care.

(g) Medical assistance inpatient payments shall increase 20

percent for inpatient hospital originally paid admissions, excluding Medicare crossovers, that occurred between July 1, 1988, and December 31, 1990, if: (i) the hospital had more than 100 but fewer than 250 Minnesota medical assistance annualized paid admissions, excluding Medicare crossovers, that were paid by March 1, 1988 for the period January 1, 1987, to June 30, 1987; (ii) the hospital had 100 or fewer licensed beds on March 1, 1988; (iii) the hospital is located in Minnesota; and (iv) the hospital is not located in a city of the first class as defined in section 410.01. For this paragraph, medical assistance does not include general assistance medical care.

(h) Medical assistance inpatient payment rates must include the cost incurred by hospitals to pay the department of health for metabolic disorder testing of newborns who are medical assistance recipients, if the cost is not recognized by another payment source.

**Sec. 33. [256.9695] [APPEALS OF RATES; PROHIBITED PRACTICES FOR HOSPITALS; TRANSITION RATES.]**

Subdivision 1. [APPEALS.] A hospital may appeal a decision arising from the application of standards or methods under section 256.9685, 256.9686, or 256.969, if an appeal would result in a change to the hospital's payment rate or payments. Both overpayments and underpayments that result from the submission of appeals shall be implemented. Regardless of any appeal outcome, relative values shall not be recalculated. The appeal shall be heard by an administrative law judge according to sections 14.48 to 14.56, or upon agreement by both parties, according to a modified appeals procedure established by the commissioner and the office of administrative hearings. In any proceeding under this section, the appealing party must demonstrate by a preponderance of the evidence that the commissioner's determination is incorrect or not according to law.

(a) To appeal a payment rate or payment determination or a determination made from base year information, the hospital shall file a written appeal request to the commissioner within 60 days of the date the payment rate determination was mailed. The appeal request shall specify: (i) the disputed items; (ii) the authority in federal or state statute or rule upon which the hospital relies for each disputed item; and (iii) the name and address of the person to contact regarding the appeal. A change to a payment rate or payments that results from a successful appeal to the Medicare program of the base year information establishing rates for the rate year beginning in 1991 and after is a prospective adjustment to subsequent rate years. After December 31, 1990, payment rates shall not be adjusted for appeals of base year information that affect years prior to the rate year beginning January 1, 1991. Facts to be considered in any appeal of base year information are limited to those in existence at the time the payment rates of the first rate year were established from the base year information. In the case of

Medicare settled appeals, the 60-day appeal period shall begin on the mailing date of the notice by the Medicare program or the date the medical assistance payment rate determination notice is mailed, whichever is later.

(b) To appeal a payment rate or payment change that results from a difference in case mix between the base year and a rate year, the procedures and requirements of paragraph (a) apply. However, the appeal must be filed with the commissioner within 60 days after the end of a rate year. A case mix appeal must apply to the cost of services to all medical assistance patients that received inpatient services from the hospital during the rate year appealed. For this paragraph, hospital means a facility holding the provider number as an inpatient service facility.

Subd. 2. [PROHIBITED PRACTICES.] (a) Hospitals that have a provider agreement with the department may not limit medical assistance admissions to percentages of certified capacity or to quotas unless patients from all payors are limited in the same manner. This requirement does not apply to certified capacity that is unavailable due to contracts with payors for specific occupancy levels.

(b) Hospitals may not transfer medical assistance patients to or cause medical assistance patients to be admitted to other hospitals without the explicit consent of the receiving hospital when service needs of the patient are available and within the scope of the transferring hospital. The transferring hospital is liable to the receiving hospital for patient charges and ambulance services without regard to medical assistance payments plus the receiving hospital's reasonable attorney fees if found in violation of this prohibition.

Subd. 3. [TRANSITION.] Except as provided in section 256.969, subdivision 6a, paragraph (a), clause (3), the commissioner shall establish a transition period for the calculation of payment rates from the effective date of this section to December 31, 1990, as follows:

(a) Changes resulting from section 256.969, subdivision 6a, paragraph (a), clauses (1) to (8), shall not be implemented.

(b) Rates established for hospital fiscal years beginning on or after July 1, 1989, shall be adjusted for the one percent technology factor included in the hospital cost index.

(c) Operating payment rates shall be indexed from the hospital's most recent fiscal year ending prior to January 1, 1991, by prorating the hospital cost index methodology in effect on January 1, 1989.

(d) Property and pass-through payment rates shall be maintained at the most recent payment rate effective for June 1, 1990. However, all hospitals are subject to the hospital cost index limitation of subdivision 2c, for two complete fiscal years. Property and pass-through costs shall be retroactively settled through December 31, 1990. The laws in effect on the day before the effective date of this section apply to the retroactive settlement from the effective date of this section to December 31, 1990.

Subd. 4. [STUDY.] The commissioner shall contract for an evaluation of the inpatient and outpatient hospital payment systems. The study shall include recommendations concerning:

(1) more effective methods of assigning operating and property payment rates to specific services or diagnoses;

(2) effective methods of cost control and containment;

(3) fiscal impacts of alternative payment systems; and

(4) the relationships of the use of and payment for inpatient and outpatient hospital services.

The commissioner shall report the findings to the legislature by January 15, 1991, along with recommendations for implementation.

Subd. 5. [RULES.] The commissioner of human services shall adopt permanent rules to implement this section and sections 256.9685, 256.9686, and 256.969 under chapter 14, the administrative procedure act.

Sec. 34. Minnesota Statutes 1988, section 256B.031, subdivision 5, is amended to read:

Subd. 5. [FREE-CHOICE LIMITED.] (a) The commissioner may require recipients of aid to families with dependent children to enroll in a prepaid health plan and receive services from or through the prepaid health plan, with the following exceptions:

(1) recipients who are refugees and whose health services are reimbursed 100 percent by the federal government for the first 24 months after entry into the United States; and

(2) recipients who are placed in a foster home or facility. If placement occurs before the seventh day prior to the end of any month, the recipient will be disenrolled from the recipient's prepaid health plan effective the first day of the following month. If placement occurs after the seventh day before the end of any month, that recipient will be disenrolled from the prepaid health plan on the first day of the second month following placement. The prepaid health

plan must provide all services set forth in subdivision 2 during the interim period.

Enrollment in a prepaid health plan is mandatory only when recipients have a choice of at least two prepaid health plans.

(b) Recipients who become eligible on or after December 1, 1987, must choose a health plan within 30 days of the date eligibility is determined. At the time of application, the local agency shall ask the recipient whether the recipient has a primary health care provider. If the recipient has not chosen a health plan within 30 days but has provided the local agency with the name of a primary health care provider, the local agency shall determine whether the provider participates in a prepaid health plan available to the recipient and, if so, the local agency shall select that plan on the recipient's behalf. If the recipient has not provided the name of a primary health care provider who participates in an available prepaid health plan, commissioner shall randomly assign the recipient to a health plan.

(c) If possible, the local agency shall ask whether the recipient has a primary health care provider and the procedures under paragraph (b) shall apply. If a recipient does not choose a prepaid health plan by this date, the commissioner shall randomly assign the recipient to a health plan.

(d) The commissioner shall request a waiver from the federal Health Care Financing Administration to limit a recipient's ability to change health plans to once every six or 12 months. If such a waiver is obtained, each recipient must be enrolled in the health plan for a minimum of six or 12 months. A recipient may change health plans once within the first 60 days after initial enrollment.

(e) Women who are receiving medical assistance due to pregnancy and later become eligible for aid to families with dependent children are not required to choose a prepaid health plan until 60 days postpartum. An infant born as a result of that pregnancy must be enrolled in a prepaid health plan at the same time as the mother.

(f) If third-party coverage is available to a recipient through enrollment in a prepaid health plan through employment, through coverage by the former spouse, or if a duty of support has been imposed by law, order, decree, or judgment of a court under section 518.551, the obligee or recipient shall participate in the prepaid health plan in which the obligee has enrolled provided that the commissioner has contracted with the plan.

Sec. 35. Minnesota Statutes 1988, section 256B.04, subdivision 14, is amended to read:

Subd. 14. [COMPETITIVE BIDDING.] When determined to be

effective, economical, and feasible, the commissioner shall may utilize volume purchase through competitive bidding and negotiation under the provisions of chapter 16 16B, to provide the following items under the medical assistance program including but not limited to the following:

(1) eyeglasses;

(2) oxygen. The commissioner shall provide for oxygen needed in an emergency situation on a short-term basis, until the vendor can obtain the necessary supply from the contract dealer;

(3) hearing aids and supplies; and

(4) durable medical equipment, including but not limited to:

(a) hospital beds;

(b) commodes;

(c) glide-about chairs;

(d) patient lift apparatus;

(e) wheelchairs and accessories;

(f) oxygen administration equipment;

(g) respiratory therapy equipment;

(h) electronic diagnostic, therapeutic and life support systems;

(5) wheelchair specialized transportation services; and

(6) drugs.

Sec. 36. Minnesota Statutes 1988, section 256B.055, subdivision 7, is amended to read:

Subd. 7. [AGED, BLIND, OR DISABLED PERSONS.] Medical assistance may be paid for a person who meets the categorical eligibility requirements of the supplemental security income program and the other eligibility requirements of this section. The methodology for calculating disregards and deductions from income must be as specified in section 256D.37, subdivisions 6 to 14 the same methodology used for calculating income for the supplemental security income program except as specified otherwise by state or federal law.

Sec. 37. Minnesota Statutes 1988, section 256B.055, subdivision 8, is amended to read:

Subd. 8. [MEDICALLY NEEDED PERSONS WITH EXCESS INCOME OR ASSETS.] Medical assistance may be paid for a person who, except for the amount of income or assets, would qualify for supplemental security income for the aged, blind and disabled, or aid to families with dependent children, and who meets the other eligibility requirements of this section. However, in the case of families and children who meet the categorical eligibility requirements for aid to families with dependent children, the methodology for calculating assets shall be as specified in section 256.73, subdivision 2, except that the exclusion for an automobile shall be as in subdivision 3, clause (g), as long as acceptable to the health care financing administration, and the methodology for calculating deductions from earnings for child care and work expenses shall be as specified in section 256.74, subdivision 1.

Sec. 38. Minnesota Statutes 1988, section 256B.056, subdivision 3, is amended to read:

Subd. 3. [ASSET LIMITATIONS.] To be eligible for medical assistance, a person must not individually own more than \$3,000 in cash or liquid assets, or if a member of a household with two family members (husband and wife, or parent and child), the household must not own more than \$6,000 in cash or liquid assets, plus \$200 for each additional legal dependent. In addition to these maximum amounts, an eligible individual or family may accrue interest on these amounts, but they must be reduced to the maximum at the time of an eligibility redetermination. For residents of long-term care facilities, the accumulation of the clothing and personal needs allowance pursuant to section 256B.35 must also be reduced to the maximum at the time of the eligibility redetermination. ~~Cash and liquid assets may include a prepaid funeral contract and insurance policies with cash surrender value. The value of the following shall not be included: The value of the items in paragraphs (a) to (i) are not considered in determining medical assistance eligibility.~~

(a) The homestead; is not considered.

(b) Household goods and personal effects with a total equity value of \$2,000 or less; are not considered.

(c) Personal property used as a regular abode by the applicant or recipient; is not considered.

(d) A lot in a burial plot for each member of the household; is not considered.

(e) Capital and operating assets of a trade or business that the

local agency determines are necessary to the person's ability to earn an income, are not considered.

(f) For a period of six months, insurance settlements to repair or replace damaged, destroyed, or stolen property, are not considered.

(g) One motor vehicle that is licensed pursuant to chapter 168 and defined as: (1) passenger automobile, (2) station wagon, (3) motorcycle, (4) motorized bicycle or (5) truck of the weight found in categories A to E, of section 168.013, subdivision 1e, and that is used primarily for the person's benefit, and (h) other items which may be required by federal law or statute is not considered.

To be excluded, the vehicle must have a market value of less than \$4,500; be necessary to obtain medically necessary health services; be necessary for employment; be modified for operation by or transportation of a handicapped person; or be necessary to perform essential daily tasks because of climate, terrain, distance, or similar factors. The equity value of other motor vehicles is counted against the ~~cash or liquid asset~~ limit.

(h) Life insurance policies and assets designated as burial expenses, according to the standards and restrictions of the supplemental security income (SSI) program.

(i) Other items which may be excluded by federal law are not considered.

Sec. 39. Minnesota Statutes 1988, section 256B.056, subdivision 4, is amended to read:

Subd. 4. [INCOME.] To be eligible for medical assistance, a person must not have, or anticipate receiving, semiannual income in excess of ~~115~~ 133 $\frac{1}{3}$  percent of the income standards by family size used in the aid to families with dependent children program, ~~except that families and children may have an income up to 133 $\frac{1}{3}$  percent of the AFDC income standard.~~ Notwithstanding any laws or rules to the contrary, in computing income to determine eligibility of persons who are not residents of long-term care facilities, the commissioner shall disregard increases in income as required by Public Law Numbers 94-566, section 503; 99-272; and 99-509.

Sec. 40. Minnesota Statutes 1988, section 256B.056, subdivision 5, is amended to read:

Subd. 5. [EXCESS INCOME.] A person who has excess income is eligible for medical assistance if the person has expenses for medical care that are more than the amount of the person's excess income, computed by deducting incurred medical expenses from the excess income to reduce the excess to the income standard specified in

subdivision 4. The person shall elect to have the medical expenses deducted monthly at the beginning of a one-month budget period or at the beginning of the a six-month budget period; or who is a pregnant woman or infant up to one year of age who meets the requirements of section 256B.055, subdivisions 1 to 9, except that her anticipated income is in excess of the income standards by family size used in the aid to families with dependent children program, but is equal to or less than 185 percent of the federal poverty guideline for the same family size. Eligibility for a pregnant woman or infant up to one year of age with respect to this clause shall be without regard to the asset standards specified in subdivisions 2 and 4. For persons who reside in licensed nursing homes, regional treatment centers, or medical institutions, the income over and above that required in section 256B.35 for personal needs allowance is to be applied to the cost of institutional care. In addition, income may be retained by an institutionalized person (a) to support dependents in the amount that, together with the income of the spouse and child under age 18, would provide net income equal to the medical assistance standard for the family size of the dependents excluding the person residing in the facility; or (b) for a period of up to three calendar months, in an amount equal to the medical assistance standard for a family size of one if the person was not living together with a spouse or child under age 21 at the time the person entered a long-term care facility, if the person has expenses of maintaining a residence in the community, and if a physician certifies that the person is expected to reside in the long-term care facility on a short-term basis. For purposes of this section, persons are determined to be residing in licensed nursing homes, regional treatment centers, or medical institutions if the persons are expected to remain for a period expected to last longer than three months. The commissioner of human services may establish a schedule of contributions to be made by the spouse of a nursing home resident to the cost of care. The commissioner shall seek applicable waivers from the secretary of health and human services to allow persons eligible for assistance on a spend-down basis under this section to elect to pay the monthly spend-down amount to the local agency in order to maintain eligibility on a continuous basis for medical assistance and to simplify payment to health care providers. If the local agency has not received payment of the spend-down amount by the 15th day of the month, the recipient is ineligible for this option for the following month. The commissioner may seek a waiver of the Social Security Act that all requirements be uniform statewide, to phase in this option over a six-month period.

Sec. 41. [256B.057] [ELIGIBILITY; QUALIFIED MEDICARE BENEFICIARIES.]

A person who is entitled to Part A Medicare benefits, whose income is less than 85 percent of the federal poverty guidelines, and whose assets are no more than twice the asset limit used to

determine eligibility for the supplemental security income program, is eligible for medical assistance reimbursement of Part A and Part B premiums, Part A and Part B coinsurance and deductibles, and cost-effective premiums for enrollment with a health maintenance organization or a competitive medical plan under section 1876 of the Social Security Act. The income limit shall be increased to 90 percent of the federal poverty guidelines on January 1, 1990; to 95 percent on January 1, 1991; and to 100 percent on January 1, 1992. Reimbursement of the Medicare coinsurance and deductibles must not exceed the total rate the provider would have received for the same service or services if the person were a medical assistance recipient. Adjustments in the income limits due to annual changes in the federal poverty guidelines shall be implemented the first day of July following publication.

Sec. 42. [256B.058] [AVAILABILITY OF INCOME FOR INSTITUTIONALIZED PERSONS.]

When an institutionalized person is determined eligible for medical assistance, the income that exceeds the deductions in paragraphs (a) and (b) must be applied to the cost of institutional care.

(a) The following amounts must be deducted from the institutionalized person's income in the following order:

(1) the personal needs allowance under section 256B.35;

(2) the personal allowance for disabled individuals under section 256B.36;

(3) a community spouse monthly needs allowance determined under subdivision 2, but only to the extent income of the institutionalized spouse is made available to the community spouse;

(4) a monthly family allowance, for other family members, equal to one-third of the difference between 122 percent of the federal poverty guidelines and the monthly income for that family member;

(5) amounts for reasonable expenses incurred for necessary medical or remedial care for the institutionalized spouse that are not medical assistance covered expenses and that are not subject to payment by a third party; and

(6) if the institutionalized person has a guardian or conservator, five percent of the recipient's gross monthly income up to \$100 as reimbursement for guardianship or conservatorship services.

For purposes of clause (4), family member includes only minor or dependent children, dependent parents, or dependent siblings of the

institutionalized or community spouse if the sibling resides with the community spouse.

(b) Income shall be allocated to an institutionalized person for a period of up to three calendar months, in an amount equal to the medical assistance standard for a family size of one if:

(1) a physician certifies that the person is expected to reside in the long-term care facility for three calendar months or less;

(2) if the person has expenses of maintaining a residence in the community; and

(3) if one of the following circumstances apply:

(i) the person was not living together with a spouse or a family member as defined in paragraph (a) when the person entered a long-term care facility; or

(ii) the person and the person's spouse become institutionalized on the same date, in which case the allocation shall be applied to the income of one of the spouses.

For purposes of this paragraph, a person is determined to be residing in a licensed nursing home, regional treatment center, or medical institution if the person is expected to remain for a period of one full calendar month or more.

Sec. 43. [256B.059] [PROHIBITIONS ON TRANSFER; EXCEPTIONS.]

Subdivision 1. [PROHIBITED TRANSFERS.] If an institutionalized person has given away, sold, or disposed of, for less than fair market value, any asset or interest therein, except assets other than the homestead that are excluded under section 256B.056, subdivision 3, within 30 months of the date of institutionalization if the person has been determined eligible for medical assistance, or within 30 months of the date of the first approved application for medical assistance if the person has not yet been determined eligible for medical assistance, the person is ineligible for long-term care services for the period of time determined under subdivision 7. For purposes of this section, long-term care services include nursing facility services, and home and community-based services provided pursuant to section 256B.491. For purposes of this subdivision and subdivisions 7, 8, and 9, "institutionalized person" includes a person who is an inpatient in a nursing facility, or who is receiving home and community-based services under section 256B.491.

Subd. 2. [PERIOD OF INELIGIBILITY.] For any uncompensated transfer, the number of months of ineligibility for long-term care

services shall be the lesser of 30 months, or the uncompensated transfer amount divided by the average medical assistance rate for nursing facility services in the state in effect on the date of application. The amount used to calculate the average medical assistance payment rate shall be adjusted each July 1 to reflect payment rates for the previous calendar year. The period of ineligibility begins with the month in which the assets were transferred. The uncompensated transfer amount is the fair market value of the asset at the time it was given away, sold, or disposed of, less the amount of compensation received.

Subd. 3. [HOMESTEAD EXCEPTION TO TRANSFER PROHIBITION.] (a) An institutionalized person is not ineligible for long-term care services due to a transfer of assets for less than fair market value if the asset transferred was a homestead and:

(1) title to the homestead was transferred to the individual's

(i) spouse;

(ii) child who is under age 21;

(iii) blind or permanently and totally disabled child as defined in the supplemental security income program;

(iv) sibling who has equity interest in the home and who was residing in the home for a period of at least one year immediately before the date of the individual's admission to the facility; or

(v) son or daughter who was residing in the individual's home for a period of at least two years immediately before the date of the individual's admission to the facility, and who provided care to the individual that permitted the individual to reside at home rather than in an institution or facility;

(2) a satisfactory showing is made that the individual intended to dispose of the homestead at fair market value or for other valuable consideration; or

(3) the local agency grants a waiver of the excess resources created by the uncompensated transfer because denial of eligibility would cause undue hardship for the individual, based on imminent threat to the individual's health and well-being.

(b) When a waiver is granted under paragraph (a), clause (3), a cause of action exists against the person to whom the homestead was transferred for that portion of long-term care services granted within 30 months of the transfer or the amount of the uncompensated transfer, whichever is less, together with the costs incurred due to the action. The action may be brought by the state or the local

agency responsible for providing medical assistance under chapter 256G.

Subd. 4. [OTHER EXCEPTIONS TO TRANSFER PROHIBITION.] Notwithstanding subdivisions 1 to 6, an institutionalized person who applies for medical assistance and who has transferred assets for less than fair market value within 30 months immediately before the month of application is not ineligible for long-term care services if one of the following conditions apply:

(1) the assets were transferred to the community spouse, provided the spouse does not transfer the assets to another person for less than fair market value; or to the individual's child who is blind or permanently and totally disabled as determined in the supplemental security income program; or

(2) a satisfactory showing is made that the individual intended to dispose of the assets either at fair market value or for other valuable consideration; or

(3) the local agency determines that denial of eligibility for long-term care services would work an undue hardship, and grants a waiver of excess assets. When a waiver is granted, a cause of action exists against the person to whom the assets were transferred for that portion of long-term care services granted within 30 months of the transfer, or the amount of the uncompensated transfer, whichever is less, together with the costs incurred due to the action. The action may be brought by the state or the local agency responsible for providing medical assistance under chapter 256G.

Sec. 44. Minnesota Statutes 1988, section 256B.062, is amended to read:

256B.062 [CONTINUED ELIGIBILITY.]

Subdivision 1. Any family which was eligible for aid to families with dependent children in at least three of the six months immediately preceding the month in which the family became ineligible for aid to families with dependent children because of increased income from employment shall, while a member of the family is employed, remain eligible for medical assistance for four calendar months following the month in which the family would otherwise be determined to be ineligible due to the income and resources limitations of this chapter.

Subd. 2. A family whose eligibility for aid to families with dependent children is terminated because of the loss of the \$30, or the \$30 and one-third earned income disregard is eligible for medical assistance for 12 calendar months following the month in which the family loses medical assistance eligibility as an aid to

families with dependent children recipient. Medical assistance may be paid for persons who received aid to families with dependent children in at least three of the six months preceding the month in which the person became ineligible for aid to families with dependent children, if the ineligibility was due to an increase in hours of employment or employment income or due to the loss of an earned income disregard. A person who is eligible for extended medical assistance is entitled to six months of assistance without reapplication, unless the assistance unit ceases to include a dependent child. For a person under 21 years of age, medical assistance may not be discontinued within the six-month period of extended eligibility until it has been determined that the person is not otherwise eligible for medical assistance. Medical assistance may be continued for an additional six months if the person meets all requirements for the additional six months, according to Title XIX of the Social Security Act, as amended by section 303 of the Family Support Act of 1988, Public Law Number 100-485.

Sec. 45, Minnesota Statutes 1988, section 256B.0625, subdivision 13, is amended to read:

Subd. 13. [DRUGS.] (a) Medical assistance covers drugs if prescribed by a licensed practitioner. The commissioner shall designate a formulary committee to advise the commissioner on the names of drugs for which payment is made, recommend a system for reimbursing providers on a set fee or charge basis rather than the present system, and develop methods encouraging use of generic drugs when they are less expensive and equally effective as trademark drugs. The commissioner shall appoint the formulary committee members no later than 30 days following July 1, 1981. The formulary committee shall consist of nine members, four of whom shall be physicians who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, three of whom shall be pharmacists who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, a consumer representative, and a nursing home representative. Committee members shall serve two-year terms and shall serve without compensation. The commissioner may establish a drug formulary. Its establishment and publication shall not be subject to the requirements of the administrative procedure act, but the formulary committee shall review and comment on the formulary contents. Prior authorization may be required by the commissioner, with the consent of the drug formulary committee, before certain formulary drugs are eligible for payment. The formulary shall not include: drugs or products for which there is no federal funding; over-the-counter drugs, except for antacids, acetaminophen, family planning products, aspirin, insulin, prenatal vitamins, and vitamins for children under the age of seven and pregnant or nursing women; or any other over-the-counter drug identified by the commissioner, in consultation with

the appropriate professional consultants under contract with or employed by the state agency, as necessary, appropriate and cost effective for the treatment of certain specified chronic diseases, conditions or disorders, and this determination shall not be subject to the requirements of chapter 14, the administrative procedure act; nutritional products, except for those products needed for treatment of phenylketonuria, hyperlysinemia, maple syrup urine disease, a combined allergy to human milk, cow milk, and soy formula, or any other childhood or adult diseases, conditions, or disorders identified by the commissioner as requiring a similarly necessary nutritional product; anorectics; and drugs for which medical value has not been established. Separate payment shall not be made for nutritional products for residents of long-term care facilities; payment for dietary requirements is a component of the per diem rate paid to these facilities. Payment to drug vendors shall not be modified before the formulary is established except that the commissioner shall not permit payment for any drugs which may not by law be included in the formulary, and the commissioner's determination shall not be subject to chapter 14, the administrative procedure act. The commissioner shall publish conditions for prohibiting payment for specific drugs after considering the formulary committee's recommendations.

(b) The basis for determining the amount of payment shall be the lower of the actual acquisition costs of the drugs plus a fixed dispensing fee established by the commissioner, the maximum allowable cost set by the federal government or by the commissioner plus the fixed dispensing fee or the usual and customary price charged to the public. Actual acquisition cost includes quantity and other special discounts except time and cash discounts. The actual acquisition cost of a drug may be estimated by the commissioner. The maximum allowable cost of a multisource drug may be set by the commissioner and it shall be comparable to, but no higher than, the maximum amount paid by other third party payors in this state who have maximum allowable cost programs. Establishment of the amount of payment for drugs shall not be subject to the requirements of the administrative procedure act. An additional dispensing fee of \$.30 may be added to the dispensing fee paid to pharmacists for prescriptions dispensed to residents of long-term care facilities when a unit dose blister card system, approved by the department, is used. Under this type of dispensing system, the pharmacist must dispense a 30-day supply of drug. The National Drug Code (NDC) from the drug container used to fill the blister card must be identified on the claim to the department. The unit dose blister card containing the drug must meet the packaging standards set forth in Minnesota Rules, part 6800.2700, that govern the return of unused drugs to the pharmacy for reuse. The pharmacy provider will be required to credit the department for the actual acquisition cost of all unused drugs that are eligible for reuse. Whenever a generically equivalent product is available, payment shall be on the basis of the actual acquisition cost of the generic drug, unless the prescriber specifi-

cally indicates "dispense as written" on the prescription as required by section 151.21, subdivision 2. Implementation of any change in the fixed dispensing fee that has not been subject to the administrative procedure act is limited to not more than 180 days, unless, during that time, the commissioner initiates rulemaking through the administrative procedure act.

Sec. 46. Minnesota Statutes 1988, section 256B.0625, is amended by adding a subdivision to read:

Subd. 26. [SPECIAL EDUCATION SERVICES.] Medical assistance covers medical services identified in a recipient's individualized education plan. The services must be provided by a Minnesota school district that is enrolled as a medical assistance provider or its subcontractor, and only if the services meet all the requirements otherwise applicable if the service had been provided by a provider other than a school district, in the following areas: medical necessity, physician's orders, documentation, personnel qualifications, and prior authorization requirements. Medical assistance coverage for medically necessary services provided under other subdivisions in this section may not be denied solely on the basis that the same or similar services are covered under this subdivision.

Sec. 47. Minnesota Statutes 1988, section 256B.092, subdivision 7, is amended to read:

Subd. 7. [SCREENING TEAMS ESTABLISHED.] Each county agency shall establish a screening team which, under the direction of the county case manager, shall make an evaluation of need for home and community-based services of persons who are entitled to the level of care provided by an intermediate care facility for persons with mental retardation or related conditions or for whom there is a reasonable indication that they might require the level of care provided by an intermediate care facility. The screening team shall make an evaluation of need within 15 working days of the date that the assessment is completed or within 60 working days of a request for service by a person with mental retardation or related conditions, whichever is the earlier, and within five working days of an emergency admission of an individual to an intermediate care facility for persons with mental retardation or related conditions. The screening team shall consist of the case manager, the client, a parent or guardian, and a qualified mental retardation professional, as defined in the Code of Federal Regulations, title 42, section 442.401-483.430, as amended through December 31, 1987. June 3, 1988. The case manager may also act as the qualified mental retardation professional if the case manager meets the federal definition. County social service agencies may contract with a public or private agency or individual who is not a service provider for the person for the public guardianship representation required by the screening or individual service and habilitation planning process. The contract shall be limited to public guardianship representation for the

screening and individual service and habilitation planning activities. The contract shall require compliance with the commissioner's instructions, and may be for paid or voluntary services. For individuals determined to have overriding health care needs, a registered nurse must be designated as either the case manager or the qualified mental retardation professional. The case manager shall consult with the client's physician, other health professionals or other persons as necessary to make this evaluation. The case manager, with the concurrence of the client or the client's legal representative, may invite other persons to attend meetings of the screening team. No member of the screening team shall have any direct or indirect service provider interest in the case.

Sec. 48. Minnesota Statutes 1988, section 256B.14, is amended to read:

256B.14 [RELATIVE'S RESPONSIBILITY.]

Subdivision 1. [IN GENERAL.] Subject to the provisions of sections 256B.055, 256B.056, and 256B.06, responsible relative means the spouse of a medical assistance recipient or parent of a minor recipient of medical assistance.

Subd. 2. [ACTIONS TO OBTAIN PAYMENT.] The state agency shall promulgate rules to determine the ability of responsible relatives to contribute partial or complete repayment of medical assistance furnished to recipients for whom they are responsible. No resource contribution is required of a spouse at the time of the first approved medical assistance application. These rules shall not require repayment when payment would cause undue hardship to the responsible relative or that relative's immediate family. These rules shall be consistent with the requirements of section 252.27, subdivision 2, for parents of children whose eligibility for medical assistance was determined without deeming of the parents' resources and income. For parents of children receiving services under a federal medical assistance waiver or under section 134 of the Tax Equity and Fiscal Responsibility Act of 1982, United States Code, title 42, section 1396a(e)(3), while living in their natural home, including in-home family support services, respite care, homemaker services, and minor adaptations to the home, the state agency shall take into account the room, board, and services provided by the parents in determining the parental contribution to the cost of care. The county agency shall give the responsible relative notice of the amount of the repayment. If the state agency or county agency finds that notice of the payment obligation was given to the responsible relative, but that the relative failed or refused to pay, a cause of action exists against the responsible relative for that portion of medical assistance granted after notice was given to the responsible relative, which the relative was determined to be able to pay.

The action may be brought by the state agency or the county

agency in the county where assistance was granted, for the assistance, together with the costs of disbursements incurred due to the action.

In addition to granting the county or state agency a money judgment, the court may, upon a motion or order to show cause, order continuing contributions by a responsible relative found able to repay the county or state agency. The order shall be effective only for the period of time during which the recipient receives medical assistance from the county or state agency.

Sec. 49. Minnesota Statutes 1988, section 256B.69, subdivision 4, is amended to read:

Subd. 4. [LIMITATION OF CHOICE.] The commissioner shall develop criteria to determine when limitation of choice may be implemented in the experimental counties. The criteria shall ensure that all eligible individuals in the county have continuing access to the full range of medical assistance services as specified in subdivision 6. The commissioner shall exempt the following persons from participation in the project, in addition to those who do not meet the criteria for limitation of choice: (1) persons eligible for medical assistance according to section 256B.055, subdivision 1, or who are in foster placement; ~~and~~ (2) persons eligible for medical assistance due to blindness or disability as determined by the social security administration or the state medical review team, unless they are 65 years of age or older; (3) recipients who currently have private coverage through a health maintenance organization; and (4) recipients who are eligible for medical assistance by spending down excess income for medical expenses other than the nursing facility per diem expense. Before limitation of choice is implemented, eligible individuals shall be notified and after notification, shall be allowed to choose only among demonstration providers. After initially choosing a provider, the recipient is allowed to change that choice only at specified times as allowed by the commissioner. If a demonstration provider ends participation in the project for any reason, a recipient enrolled with that provider must select a new provider but may change providers without cause once more within the first 60 days after enrollment with the second provider.

Sec. 50. Minnesota Statutes 1988, section 256B.501, subdivision 3, is amended to read:

Subd. 3. [RATES FOR INTERMEDIATE CARE FACILITIES FOR PERSONS WITH MENTAL RETARDATION OR RELATED CONDITIONS.] The commissioner shall establish, by rule, procedures for determining rates for care of residents of intermediate care facilities for persons with mental retardation or related conditions. The procedures shall be based on methods and standards that the commissioner finds are adequate to provide for the costs that must be incurred for the care of residents in efficiently and economically

operated facilities. In developing the procedures, the commissioner shall include:

(a) cost containment measures that assure efficient and prudent management of capital assets and operating cost increases which do not exceed increases in other sections of the economy;

(b) limits on the amounts of reimbursement for property, general and administration, and new facilities;

(c) requirements to ensure that the accounting practices of the facilities conform to generally accepted accounting principles;

(d) incentives to reward accumulation of equity;

(e) a revaluation on sale between unrelated organizations for a facility that, for at least three years before its use as an intermediate care facility, has been used by the seller as a single family home and been claimed by the seller as a homestead, and was not revalued immediately prior to or upon entering the medical assistance program, provided that the facility revaluation not exceed the amount permitted by the Social Security Act, section 1902(a)(13); and

(f) appeals procedures that satisfy the requirements of section 256B.50 for appeals of decisions arising from the application of standards or methods pursuant to Minnesota Rules, parts 9510.0500 to 9510.0890, 9553.0010 to 9553.0080, and 12 MCAR 2.05301 to 2.05315 (temporary).

In establishing rules and procedures for setting rates for care of residents in intermediate care facilities for persons with mental retardation or related conditions, the commissioner shall consider the recommendations contained in the February 11, 1983, Report of the Legislative Auditor on Community Residential Programs for the Mentally Retarded and the recommendations contained in the 1982 Report of the Department of Public Welfare Rule 52 Task Force. Rates paid to supervised living facilities for rate years beginning during the fiscal biennium ending June 30, 1985, shall not exceed the final rate allowed the facility for the previous rate year by more than five percent.

Sec. 51. Minnesota Statutes 1988, section 256B.501, subdivision 3g, is amended to read:

Subd. 3g. [ASSESSMENT OF RESIDENTS.] For rate years beginning on or after October 1, 1990, the commissioner shall establish program operating cost rates for care of residents in facilities that take into consideration service characteristics of residents in those facilities. To establish the service characteristics of residents,

the quality assurance and review teams in the department of health shall assess all residents annually beginning January 1, 1989, using a uniform assessment instrument developed by the commissioner. This instrument shall include assessment of the client's behavioral needs, integration into the community, ability to perform activities of daily living, medical and therapeutic needs, and other relevant factors determined by the commissioner. The commissioner may establish procedures to adjust the program operating costs of facilities based on a comparison of client services characteristics, resource needs, and costs. adjust the program operating cost rates of facilities based on a comparison of client service characteristics, resource needs, and costs. The commissioner may adjust a facility's payment rate during the rate year when accumulated changes in the facility's average service units exceed the minimums established in the rules required by subdivision 3j.

Sec. 52. Minnesota Statutes 1988, section 256B.69, subdivision 5, is amended to read:

Subd. 5. [PROSPECTIVE PER CAPITA PAYMENT.] The project advisory committees with the commissioner shall establish the method and amount of payments for services. The commissioner shall annually contract with demonstration providers to provide services consistent with these established methods and amounts for payment. Notwithstanding section 62D.02, subdivision 1; payments for services rendered as part of the project may be made to providers that are not licensed health maintenance organizations on a risk-based, prepaid capitation basis.

If allowed by the commissioner, a demonstration provider may contract with an insurer, health care provider, nonprofit health service plan corporation, or the commissioner, to provide insurance or similar protection against the cost of care provided by the demonstration provider or to provide coverage against the risks incurred by demonstration providers under this section. The recipients enrolled with a demonstration provider are a permissible group under group insurance laws and chapter 62C, the Nonprofit Health Service Plan Corporations Act. Under this type of contract, the insurer or corporation may make benefit payments to a demonstration provider for services rendered or to be rendered to a recipient. Any insurer or nonprofit health service plan corporation licensed to do business in this state is authorized to provide this insurance or similar protection.

Payments to providers participating in the project are exempt from the requirements of sections 256.966 and 256B.03, subdivision 2. The commissioner shall complete development of capitation rates for payments before delivery of services under this section is begun. For payments made during calendar year 1990 and later years, the commissioner shall contract with an independent actuary to establish prepayment rates.

Sec. 53. Minnesota Statutes 1988, section 256B.69, subdivision 11, is amended to read:

Subd. 11. [APPEALS.] A recipient may appeal to the commissioner a demonstration provider's delay or refusal to provide services, according to section 256.045. The commissioner shall appoint a panel of health practitioners, including social service practitioners, as necessary to determine the necessity of services provided or refused to a recipient. The deliberations and decisions of the panel replace the administrative review process otherwise available under chapter 256. The panel shall follow the time requirements and other provisions of the Code of Federal Regulations, title 42, sections 431.200 to 431.246. The time requirements shall be expedited based on request by the individual who is appealing for emergency services. If a service is determined to be necessary and is included among the benefits for which a recipient is enrolled, the service must be provided by the demonstration provider as specified in subdivision 5. The panel's decision is a final agency action.

Sec. 54. Minnesota Statutes 1988, section 256B.69, is amended by adding a subdivision to read:

Subd. 17. [CONTINUATION OF PREPAID MEDICAL ASSISTANCE.] The commissioner may continue the provisions of this section after June 30, 1990, in any or all of the participating counties if necessary federal authority is granted. The commissioner may adopt permanent rules to continue prepaid medical assistance in these areas.

Sec. 55. Minnesota Statutes 1988, section 256D.03, subdivision 3, is amended to read:

Subd. 3. [GENERAL ASSISTANCE MEDICAL CARE; ELIGIBILITY.] (a) General assistance medical care may be paid for any person:

(1) who is eligible for assistance under section 256D.05 or 256D.051 and is not eligible for medical assistance under chapter 256B; or

(2) (i) who is a resident of Minnesota; whose income as calculated under chapter 256B is not in excess of the medical assistance standards or whose excess income is spent down pursuant to chapter 256B; and whose equity in resources assets is not in excess of \$1,000 per assistance unit. Exempt real and liquid assets, the reduction of excess assets, and the waiver of excess assets must conform to the medical assistance program in chapter 256B; and

(ii) who has countable income not in excess of the assistance standards established in section 256B.056, subdivision 4, or whose excess income is spent down pursuant to section 256B.056, subdivi-

sion 5. The method for calculating earned income disregards and deductions for a person who resides with a dependent child under age 21 shall be as specified in section 256.74, subdivision 1. The earned income deductions for a person who does not reside with a dependent child under age 21 shall be the same as the method used to determine eligibility for a person under section 256D.06, subdivision 1, except for the disregard of the first \$50 of earned income; or

(3) who is over age 18 and who would be eligible for medical assistance except that the person resides in a facility that is determined by the commissioner or the federal health care financing administration to be an institution for mental diseases.

(b) Eligibility is available for the month of application and for three months prior to application if the person was eligible in those prior months. A redetermination of eligibility must occur every 12 months.

(c) General assistance medical care may be paid for a person, regardless of age, who is detained by law for less than one year in a county correctional or detention facility as a person accused or convicted of a crime, or admitted as an inpatient to a hospital on a criminal hold order, if the person is a recipient of general assistance medical care at the time the person is detained by law or admitted on a criminal hold order and as long as the person continues to meet other eligibility requirements of this subdivision.

(d) General assistance medical care is not available for applicants or recipients who do not cooperate with the local agency to meet the requirements of medical assistance.

(e) In determining the amount of assets of an individual, there shall be included any asset or interest in an asset, including an asset excluded under paragraph (a), that was given away, sold, or disposed of for less than fair market value within the 30 months preceding application for general assistance medical care or during the period of eligibility. Any transfer described in this paragraph shall be presumed to have been for the purpose of establishing eligibility for general assistance medical care, unless the individual furnishes convincing evidence to establish that the transaction was exclusively for another purpose. For purposes of this paragraph, the value of the asset or interest shall be the fair market value at the time it was given away, sold, or disposed of, less the amount of compensation received. For any uncompensated transfer, the number of months of ineligibility shall be calculated by dividing the uncompensated transfer amount by the average monthly per person payment made by the medical assistance program to skilled nursing facilities for the previous calendar year. The individual shall remain ineligible until this fixed period has expired. The period of ineligibility may exceed 30 months, and a reapplication for benefits after

30 months from the date of the transfer shall not result in eligibility unless and until the period of ineligibility has expired.

Sec. 56. Minnesota Statutes 1988, section 256D.03, subdivision 4, is amended to read:

Subd. 4. [GENERAL ASSISTANCE MEDICAL CARE; SERVICES.] (a) Reimbursement under the general assistance medical care program shall be limited to the following categories of service: inpatient hospital care, outpatient hospital care, services provided by Medicare certified rehabilitation agencies, prescription drugs, equipment necessary to administer insulin and diagnostic supplies and equipment for diabetics to monitor blood sugar level, eyeglasses and eye examinations provided by a physician or optometrist, hearing aids, prosthetic devices, laboratory and X-ray services, physician's services, medical transportation, chiropractic services as covered under the medical assistance program, podiatric services, and dental care. In addition, payments of state aid shall be made for:

(1) outpatient services provided by a mental health center or clinic that is under contract with the county board and is certified under Minnesota Rules, parts 9520.0750 9520.0010 to 9520.0870 9520.0230;

(2) day treatment services for mental illness provided under contract with the county board; and

(3) prescribed medications for persons who have been diagnosed as mentally ill as necessary to prevent more restrictive institutionalization;

(4) case management services for a person with serious and persistent mental illness who would be eligible for medical assistance except that the person resides in an institution for mental diseases; and

(5) psychological services, medical supplies and equipment, and Medicare coinsurance and deductible payments for a person who would be eligible for medical assistance except that the person resides in an institution for mental diseases.

(b) In order to contain costs, the commissioner of human services shall select vendors of medical care who can provide the most economical care consistent with high medical standards and shall where possible contract with organizations on a prepaid capitation basis to provide these services. The commissioner shall consider proposals by counties and vendors for prepaid health plans, competitive bidding programs, block grants, or other vendor payment mechanisms designed to provide services in an economical manner or to control utilization, with safeguards to ensure that necessary

services are provided. Before implementing prepaid programs in counties with a county operated or affiliated public teaching hospital or a hospital or clinic operated by the University of Minnesota, the commissioner shall consider the risks the prepaid program creates for the hospital and allow the county or hospital the opportunity to participate in the program in a manner that reflects the risk of adverse selection and the nature of the patients served by the hospital, provided the terms of participation in the program are competitive with the terms of other participants considering the nature of the population served. Payment for services provided pursuant to this subdivision shall be as provided to medical assistance vendors of these services under sections 256B.02, subdivision 8, and 256B.0625. The rates payable under this section must be calculated according to section 256B.031, subdivision 4. For payments made during fiscal year 1990 and later years, the commissioner shall contract with an independent actuary to establish prepayment rates.

(c) The commissioner of human services may reduce payments provided under sections 256D.01 to 256D.21 and 261.23 in order to remain within the amount appropriated for general assistance medical care, within the following restrictions.

For the period July 1, 1985, to December 31, 1985, reductions below the cost per service unit allowable under section 256.966, are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 30 percent; payments for all other inpatient hospital care may be reduced no more than 20 percent. Reductions below the payments allowable under general assistance medical care for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than ten percent.

For the period January 1, 1986 to December 31, 1986, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 20 percent; payments for all other inpatient hospital care may be reduced no more than 15 percent. Reductions below the payments allowable under general assistance medical care for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

For the period January 1, 1987 to June 30, 1987, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 15 percent; payments for all other inpatient hospital care may be

reduced no more than ten percent. Reductions below the payments allowable under medical assistance for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

For the period July 1, 1987, to June 30, 1988, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 15 percent; payments for all other inpatient hospital care may be reduced no more than five percent. Reductions below the payments allowable under medical assistance for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

For the period July 1, 1988, to June 30, 1989, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 15 percent; payments for all other inpatient hospital care may not be reduced. Reductions below the payments allowable under medical assistance for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

There shall be no copayment required of any recipient of benefits for any services provided under this subdivision. A hospital receiving a reduced payment as a result of this section may apply the unpaid balance toward satisfaction of the hospital's bad debts.

(d) Any county may, from its own resources, provide medical payments for which state payments are not made.

(e) Chemical dependency services that are reimbursed under Laws 1986, chapter 394, sections 8 to 20, must not be reimbursed under general assistance medical care.

(f) The maximum payment for new vendors enrolled in the general assistance medical care program after the base year shall be determined from the average usual and customary charge of the same vendor type enrolled in the base year.

(g) The conditions of payment for services under this subdivision are the same as the conditions specified in rules adopted under chapter 256B governing the medical assistance program, unless otherwise provided by statute or rule.

Sec. 57. Minnesota Statutes 1988, section 256E.03, subdivision 2, is amended to read:

Subd. 2. (a) "Community social services" means services provided or arranged for by county boards to fulfill the responsibilities prescribed in section 256E.08, subdivision 1 to the following groups of persons:

Sec. 62. [268.912] [HEAD START PROGRAM.]

The department of jobs and training is the state agency responsible for administering the head start program. The commissioner of jobs and training may make grants to public or private nonprofit agencies for the purpose of providing supplemental funds for the federal head start program.

Sec. 63. [268.913] [DEFINITIONS.]

Subdivision 1. [SCOPE.] As used in sections 268.914 to 268.916, the terms defined in this section have the meanings given them.

Subd. 2. [PROGRAM ACCOUNT 20.] "Program account 20" means the federally designated and funded account limited to training activities.

Subd. 3. [PROGRAM ACCOUNT 22.] "Program account 22" means the federally designated and funded account for basic services.

Subd. 4. [PROGRAM ACCOUNT 26.] "Program account 26" means the federally designated and funded account that can only be used to provide special services to handicapped diagnosed children.

Subd. 5. [START-UP COSTS.] "Start-up costs" means one-time costs incurred in expanding services to additional children.

Sec. 64. [268.914] [DISTRIBUTION OF APPROPRIATION.]

(a) The commissioner of jobs and training shall distribute money appropriated for that purpose to head start program grantees to expand services to low-income children. Money must be allocated to each project head start grantee in existence on the effective date of this act. The money must be initially allocated to local agencies based on the agencies' share of the statewide total number of low-income children three to five years old. A head start grantee

shall be funded at a per child rate equal to its contracted federally funded level for program account 22, program account 26, and the base amount of program account 20, at the start of the state fiscal year. The commissioner may provide additional funding to grantees for start-up costs incurred by grantees due to the increased number of children to be served. Before paying money to the grantees, the commissioner shall notify each grantee of its initial allocation, how the money must be used, and the number of low-income children that must be served with the allocation. Each grantee must notify the commissioner of the number of additional low-income children it will be able to serve. For any grantee that cannot serve additional children to its full allocation, the commissioner shall reduce the allocation proportionately. Money available after the initial allocations are reduced must be redistributed to eligible grantees.

(b) Up to 11 percent of the funds appropriated annually may be used to provide grants to local head start agencies to provide funds for innovative programs designed either to target head start resources to particular at-risk groups of children or to provide services in addition to those currently allowable under federal head start regulations. The commissioner shall award funds for innovative programs under this paragraph on a competitive basis.

Sec. 65. [268.915] [FEDERAL REQUIREMENTS.]

Grantees and the commissioner shall comply with federal regulations governing the federal head start program, except for innovative programs funded under section 268.914, paragraph (b), which may operate differently than federal head start regulations.

Sec. 66. [268.916] [REPORTS.]

Each grantee shall submit an annual report to the commissioner on the format designated by the commissioner, including program information report data. By January 1 of each year, the commissioner shall prepare an annual report to the health and human services committees of the legislature concerning the uses and impact of head start supplemental funding, or summary of innovative programs, and the results of innovative programs.

(a) first to the general obligation special tax bond debt service account in each fiscal year the amount required to increase the balance on hand in the account on each December 1 to an amount equal to the full amount of principal and interest to come due on all outstanding bonds whose debt service is payable primarily from the proceeds of the tax to and including the second following July 1; and

(b) after the requirements of paragraph (a) have been met:

(1) the revenue produced by one mill of the tax on cigarettes weighing not more than three pounds a thousand and two mills of the tax on cigarettes weighing more than three pounds a thousand must be credited to the Minnesota future resources account;

(3) the revenue produced by one mill of the tax on cigarettes weighing not more than three pounds a thousand and two mills of the tax on cigarettes weighing more than three pounds a thousand must be credited to a public health fund, provided that if the tax on cigarettes imposed by United States Code, title 26, section 5701, as amended, is reduced after June 1, 1985, an additional two-tenths of one mill of the tax on cigarettes weighing not more than three pounds a thousand and an additional four-tenths of one mill of the tax on cigarettes weighing more than three pounds a thousand must be credited to the public health fund;

Sec. 68. [COMMUNITY ACTION PROGRAM LEGISLATIVE TASK FORCE.]

Subdivision 1. [PURPOSE.] On this 25th anniversary of the Economic Opportunity Act of 1964, the legislature recognizes the need to evaluate how Minnesota can, through community action

programs, meet the needs of its low-income residents and provide them with opportunities to escape poverty. With the population of low-income residents increasing, and federal financial support for community action programs decreasing, the legislature must evaluate the ability of community action programs to serve low-income residents. The purpose of the task force is to chart a course for community action programs to ensure that the needs of low-income residents are met.

Subd. 2. [MEMBERSHIP.] There is established a legislative task force consisting of five members of the house of representatives appointed by the speaker of the house and five members of the senate appointed by the senate majority leader. At least two members should be of the minority caucus.

Subd. 3. [CHAIR.] The members of the task force shall elect one member to serve as chair of the task force.

Subd. 4. [STAFF.] The task force shall use legislative staff to carry out its duties.

Subd. 5. [DUTIES.] The task force shall examine the role and future of community action programs in Minnesota. The task force shall examine and make recommendations on how community action programs can better address the needs of Minnesota's low-income residents. The task force shall also examine programs, advocacy efforts, funding trends, and local initiatives to reduce poverty, as well as the state's role in supporting community action programs in Minnesota. The task force shall submit a report on its findings and recommendations to the legislature by January 15, 1990.

[AVIATION PLAN.] By February 1, 1990, the council shall amend the aviation chapter of the metropolitan development guide to incorporate policies and strategies that will ensure a comprehensive, coordinated, continuing, thorough, and timely investigation and evaluation of alternatives for major airport development in the metropolitan area for a prospective 30-year period. The alternatives to be examined must include both the airport improvements and enhancements of capacity that may be necessary

at the existing airport and the location and development of a new airport.

Subd. 3. [SEARCH AREA.] By January 1, 1992, the council, in consultation with the airports commission, shall designate an area within the metropolitan area as a search area for a major new airport.

Subd. 4. [LEGISLATIVE REPORTS.] (a) Until the activities required by section 3, subdivision 3, and section 4 are completed, the council shall report to the legislature by February 15 of each year on the results of the aviation planning activities of the council under this section. The report must include a summary of expenditures and sources of funding for the activities.

(b) By February 1, 1990, the council shall report to the legislature recommending methods and legislative actions that would be necessary to protect a new airport search area from conflicting development, to protect and control development on land at and around a site for a major new airport, and to inhibit land speculation and reduce incentives for land speculation in the airport area.

(c) By February 1, 1991, the council shall report to the legislature on the general availability of suitable land in the metropolitan area for a new airport. If the council finds that sufficient land may not be available in the area, the council shall describe the legal and institutional changes that would be required to extend the search for a suitable site beyond the boundaries of the metropolitan area.

(d) By March 1, 1990, after consulting with the airports commission, the federal aviation administration, industry representatives, and other persons, the council shall report to the legislature on assumptions and methods that will be used by the council to forecast demand for air travel and capacity needs at major airport facilities in the metropolitan area for a prospective 30-year period. The council shall involve the airports commission in preparing the report and shall take into consideration the assumptions and methods used by the commission in preparing forecasts for airport development and operations purposes.

(e) By March 1, 1990, the council shall report to the legislature analyzing and making recommendations on long-range aviation goals for the major airport facility in the metropolitan area for a prospective 30-year period. The report must address goals for safety, environmental impact, and service, including ground access and the airport capacity required to maintain and enhance service levels to other states and countries and to nonmetropolitan areas of the state.

(f) By January 1, 1993, the council shall report to the legislature on policies for the reuse of the existing major airport site should a new major airport be developed.

(g) At least 60 days before submitting a report to the legislature, the council shall submit a draft of the report to the state advisory council created by section 7, for review and comment. This requirement does not apply to the report under paragraph (a).

Two of these members must be residents of statutory or home rule charter cities, towns, or counties containing an airport designated by the commissioner of transportation as a key airport. The other two must be residents of statutory or home rule charter cities, towns, or counties containing an airport designated by the commissioner of transportation as an intermediate airport. Subd. 3. [RATES.] Insureds served by the assigned risk plan shall be charged premiums based upon a rating plan, including a merit rating plan adopted by the commissioner by rule. The commissioner shall annually, not later than January 1 of each year, establish the schedule of rates applicable to assigned risk plan business. Assigned risk premiums shall not be lower than rates generally charged by insurers for the business. The commissioner shall fix the compensation received by the agent of record. The commissioner shall provide a quarterly payment plan for the logging industry. The establishment of the assigned risk plan rates and agent fees are not subject to chapter 14.

Subd. 6. [COVERAGE OUTSIDE STATE.] Policies issued by the assigned risk plan pursuant to this chapter may also provide workers' compensation coverage required under the laws of states other than Minnesota, including coverages commonly known as "all states coverage." The commissioner, on behalf of the assigned risk plan, may apply for and obtain any licensure required in any other state to issue that coverage.

## Sec. 3. [79.571] [TRUCK DRIVER CLASSIFICATIONS.]

Subdivision 1. [COMBINING CERTAIN CLASSIFICATIONS.] The purpose of this section is to spread the high cost of workers' compensation premiums for truck drivers among a broader range of classifications in the trucking industry without unnecessarily raising rates in classifications that typically include employees with a relatively low risk of injury.

The following classifications from the basic manual for workers' compensation and employers liability insurance, including the Minnesota exceptions, shall be combined into one classification and all risks in the combined classification must be charged a uniform workers' compensation rate:

7219 - All employees and drivers, not otherwise classified

7380 - Drivers, chauffeurs, and their helpers, not otherwise classified - commercial

8293 - Furniture moving and storage drivers

The risks in classifications 7219, 7380, and 8293, as of January 1, 1989, and any risks after that date that would have been classified as a risk under the 7219, 7380, or 8293 classification in the basic manual of workers' compensation and employers liability insurance classification system in existence on January 1, 1989, including the Minnesota exceptions, must be assigned to the combined class created by this subdivision.

Subd. 2. [MANDATORY USE OF CLASSIFICATION.] An insurer or data service organization is prohibited from filing or using rates or a rating system or a classification system for truck drivers that does not comply with this section. An insurer or data service organization is prohibited from restructuring or varying the risk classification system to eliminate or modify the combined classification created by this subdivision or to remove or add any categories of risks from the combined classification without first obtaining approval of the commissioner. The commissioner shall not approve a variation of the uniform classification system that is inconsistent with the purpose of this section.

Subd. 3. [MANDATORY EXPERIENCE RATING.] An insurer for a business entity or individual engaged in the truck driving industry must use an experience rated plan. An insurer may not exempt from this requirement trucking businesses for which the workers' compensation insurance premium is less than a certain dollar amount.

Subd. 4. [DETERMINATION OF RISK ASSIGNMENT.] If a

dispute arises concerning whether or not a risk should be assigned to the combined classification established in subdivision 1, the commissioner shall determine the appropriate classification. If the employer or insurer disagrees with the commissioner's decision, the employer or insurer may request a hearing under chapter 14 by filing a written request with the commissioner within 30 days of the service and filing of the decision on a form prescribed by the commissioner. The commissioner may adopt rules to implement this section.

Sec. 4. Minnesota Statutes 1988, section 79.60, subdivision 2, is amended to read:

Subd. 2. [PERMITTED ACTIVITY.] In addition to any other activities not prohibited by this chapter, insurers may:

(a) Through licensed data service organizations, individually, or with insurers commonly owned, managed, or controlled, conduct research and collect statistics to investigate, identify, and classify information relating to causes or prevention of losses;

(b) Develop and use classification plans and rates based upon any reasonable factors subject to section 3; and

(c) Develop rules for the assignment of risks to classifications subject to section 3.

Sec. 5. Minnesota Statutes 1988, section 79.61, subdivision 1, is amended to read:

Subdivision 1. [REQUIRED ACTIVITY.] Any data service organization shall perform the following activities:

(a) File statistical plans, including classification definitions, amendments to the plans, and definitions, with the commissioner for approval, and assign each compensation risk written by its members to its approved classification for reporting purposes subject to section 3;

(b) Establish requirements for data reporting and monitoring methods to maintain a high quality data base;

(c) Prepare and distribute a periodic report, in a form prescribed by the commissioner, on ratemaking including, but not limited to the following elements:

(i) development factors and alternative derivations;

(ii) trend factors and alternative derivations and applications;

(iii) pure premium relativities for the approved classification system for which data are reported, provided that the relativities for insureds engaged in similar occupations and presenting substantially similar risks shall, if different, differ by at least ten percent; and

(iv) an evaluation of the effects of changes in law on loss data.

The report shall also include explicit discussion and explanation of methodology, alternatives examined, assumptions adopted, and areas of judgment and reasoning supporting judgments entered into, and the effect of various combinations of these elements on indications for modification of an overall pure premium rate level change. The pure premium relativities and rate level indications shall not include a loading for expenses or profit and no expense or profit data or recommendations relating to expense or profit shall be included in the report or collected by a data service organization;

(d) Collect, compile, summarize, and distribute data from members or other sources pursuant to a statistical plan approved by the commissioner;

(e) Prepare merit rating plan and calculate any variable factors necessary for utilization of the plan. Such a plan may be used by any of its members, at the option of the member provided that the application of a plan shall not result in rates that are unfairly discriminatory;

(f) Provide loss data specific to an insured to the insured at a reasonable cost;

(g) Distribute information to an insured or interested party that is filed with the commissioner and is open to public inspection; and

(h) Assess its members for operating expenses on a fair and equitable basis.

Subd. 4a. [PILOT PROJECT.] (a) The purpose of this pilot project is to test the impact of early and intense rehabilitation efforts in the regulated motor carrier industry, (truckers who are subject to

chapter 221 as "for hire" motor carriers), which has high workers' compensation costs in part because of difficulty in bringing injured employees back to work.

(b) Within three working days after the filing of the first report of injury, the employer shall refer all truck drivers in the regulated motor carrier industry who have not returned to work to the division of rehabilitation services of the department of jobs and training. The division of rehabilitation services shall provide immediate rehabilitation services to those employees it determines are not likely to return to work within 30 days of the injury. The employee must cooperate with any rehabilitation plan adopted under this section. The employee may change to a different qualified rehabilitation consultant at the division of rehabilitation services but may not change to a private qualified rehabilitation consultant.

(c) The rehabilitation plan under this section must give high priority to returning the injured employee to work as soon as possible. When a suitable job under section 176.101, subdivision 3(e) is not immediately available, the plan should attempt to get the employee back to a job under section 176.101, subdivision 3(f), as soon as possible. After the employee has returned to a job under subdivision 3(f), additional efforts shall be made to find a suitable job. At the time the plan is developed, the participants shall evaluate the need for retraining, although the need may be reconsidered at any time.

(d) Fees for the qualified rehabilitation consultant shall be paid by the division of rehabilitation services and are not recoverable from the employer or insurer. All other rehabilitation costs shall be paid by the employer.

(e) The division of rehabilitation services shall report to the legislature by January 1, 1992, regarding the impact of this project on returning injured truckers to work.

(f) This subdivision shall apply to all injuries to truck drivers from July 1, 1989 to June 30, 1991.

Certificates obtained by the purchaser shall be submitted to the commissioner on request. The powers of inspection and enforcement pertaining to employers under section 176.184 shall be available with regard to purchasers under this section.

Subd. 4. [ASSESSMENT.] There is imposed an assessment, at the rate of 25 cents per cord of wood, for every cord of wood in excess of 5,000 cords, purchased or acquired in any calendar year, either

inside or outside the state of Minnesota, by a wood mill located in Minnesota. This assessment shall be paid by the wood mill to the commissioner on or before February 1 for the previous calendar year and shall not, in any way, be recovered by the wood mill from the logging industry.

Subd. 5. [ANNUAL REPORTS; WOOD MILLS; INSURERS.] (a) Each wood mill that purchases or acquires more than 5,000 cords of wood in a calendar year shall, on or before February 1, make and file with the commissioner a report setting forth the number of cords purchased or acquired in the preceding calendar year, and other information the commissioner may require for the proper administration of this chapter.

(b) Each insurer shall, on or before February 1, make and file with the commissioner a report setting forth the total amount of premium dollars received in the preceding calendar year for providing workers' compensation coverage to loggers, and other information the commissioner may require for the proper administration of this chapter.

Subd. 6. [ALLOCATION OF ASSESSMENT.] Money collected under this section shall be paid by the commissioner, on or before June 1, directly to each insurer in a proportion equal to the proportion that the total premium dollars received by that insurer in the preceding calendar year for providing workers' compensation coverage to loggers is to the total premium dollars received by all insurers in the preceding calendar year for providing that coverage.

Subd. 7. [USE OF ASSESSMENT BY INSURERS.] Money paid to insurers under subdivision 6 shall be used to reimburse policyholders who have paid premiums for workers' compensation coverage on loggers. The insurer shall reimburse to those policyholders a proportion of the money equal to the proportion that the policyholder's premium for the preceding calendar year is to the total premium dollars for all such policyholders of that insurer in the preceding calendar year. The insurer shall reimburse the policyholders within 30 days after receiving payment from the commissioner. Where, after reasonable efforts, the insurer is unable to locate a policyholder or otherwise make payment, the payment shall be submitted to the commissioner of commerce as unclaimed property. Reimbursement for the assigned risk plan shall be made by the company holding a service contract under section 79.251, subdivision 4.

Subd. 8. [INSPECTION.] The commissioner or duly authorized employees may, at all reasonable hours, enter in and upon the premises of a wood mill or an insurer and examine books, papers, and records to determine whether the assessment has been properly paid or properly reimbursed.

Subd. 9. [PENALTIES; WOOD MILLS.] Where the assessment

provided for in this chapter is not paid on or before February 1 of the year when due and payable, the commissioner may impose penalties, as provided in section 176.129, subdivision 10.

Subd. 10. [PENALTIES; INSURERS.] Where the reimbursement provided for in this section is not mailed by the insurer to the policyholder within 30 days after receiving payment from the commissioner, the commissioner may impose penalties, as provided in section 176.129, subdivision 10. Where the insurer is unable to make reimbursement to the policyholder, the reimbursement shall be submitted to the commissioner as unclaimed property within 180 days after receiving payment from the commissioner.

Subd. 11. A person who knowingly makes or signs any false report, or who knowingly submits any other false information, is guilty of a misdemeanor, and upon conviction, punished as provided by law.

Subd. 12. [EMPLOYER/EMPLOYEE RELATIONSHIP.] This section shall not be construed in any way to create an employer/employee relationship or used as a factor in determining the existence of an employer/employee relationship.

Sec. 10. Minnesota Statutes 1988, section 176.135, subdivision 1, is amended to read:

Subdivision 1. [MEDICAL, CHIROPRACTIC, PODIATRIC, SURGICAL, HOSPITAL.] (a) The employer shall furnish any medical, chiropractic, podiatric, surgical and hospital treatment, including nursing, medicines, medical, chiropractic, podiatric, and surgical supplies, crutches and apparatus, including artificial members, or, at the option of the employee, if the employer has not filed notice as hereinafter provided, Christian Science treatment in lieu of medical treatment, chiropractic medicine and medical supplies, as may reasonably be required at the time of the injury and any time thereafter to cure and relieve from the effects of the injury. This treatment shall include treatments necessary to physical rehabilitation. Exposure to rabies is an injury and an employer shall furnish preventive treatment to employees exposed to rabies. The employer shall furnish replacement or repair for artificial members, glasses, or spectacles, artificial eyes, podiatric orthotics, dental bridge work, dentures or artificial teeth, hearing aids, canes, crutches, or wheel chairs damaged by reason of an injury arising out of and in the course of the employment. In case of the employer's inability or refusal seasonably to do so the employer is liable for the reasonable expense incurred by or on behalf of the employee in providing the same, including costs of copies of any medical records or medical

reports that are in existence, obtained from health care providers, and that directly relate to the items for which payment is sought under this chapter, limited to the charges allowed by subdivision 7, and attorney fees incurred by the employee. No action to recover the cost of copies may be brought until the commissioner adopts a schedule of reasonable charges under subdivision 7. Attorney's fees shall be determined on an hourly basis according to the criteria in section 176.081, subdivision 5. The employer shall pay for the reasonable value of nursing services by a member of the employee's family in cases of permanent total disability.

(b) Both the commissioner and the compensation judges have authority to make determinations under this section in accordance with sections 176.106 and 176.305.

Sec. 11. Minnesota Statutes 1988, section 176.136, subdivision 1, is amended to read:

Subdivision 1. [SCHEDULE.] The commissioner shall by rule establish procedures for determining whether or not the charge for a health service is excessive. In order to accomplish this purpose, the commissioner shall consult with insurers, associations and organizations representing the medical and other providers of treatment services and other appropriate groups. The procedures established by the commissioner shall limit the charges allowable for medical, chiropractic, podiatric, surgical, hospital and other health care provider treatment or services, as defined and compensable under section 176.135, to the 75th percentile of usual and customary fees or charges based upon billings for each class of health care provider during all of the calendar year preceding the year in which the determination is made of the amount to be paid the health care provider for the billing. The procedures established by the commissioner for determining whether or not the charge for a health service is excessive shall be structured to encourage providers to develop and deliver services for rehabilitation of injured workers. The procedures shall incorporate the provisions of sections 144.701, 144.702, and 144.703 to the extent that the commissioner finds that these provisions effectively accomplish the intent of this section or are otherwise necessary to insure that quality hospital care is available to injured employees.

Sec. 12. Minnesota Statutes 1988, section 176.136, subdivision 5, is amended to read:

Subd. 5. [PERMANENT RULES.] Where permanent rules have been adopted to implement this section, the commissioner shall annually give notice in the State Register of the 75th percentile reimbursement allowance to meet the requirements of subdivision 1. The notice shall be in lieu of the requirements of chapter 14 if the 75th percentile for the service meets and shall be set at the 75th

percentile of the billings for each service in the data base; provided that the requirements of paragraphs (a) to (e) are met.

(a) The data base includes at least three different providers of the service.

(b) The data base contains at least 20 billings for the service.

(c) The standard deviation as a percentage of the mean of billings for the service is 50 percent or less. The data is taken from the data base of Blue Cross and Blue Shield of Minnesota where available; if not available from Blue Cross and Blue Shield of Minnesota, the data will be taken directly from the health care providers, professional associations, or other available sources.

(d) The means of the Blue Cross and Blue Shield data base and of the department of human services data base for the service are within 20 percent of each other. The standard deviation is less than or equal to 50 percent of the mean of the billings for each service in the data base or the value of the 75th percentile is not greater than or equal to three times the value of the 25th percentile of the billings for each service in the data base.

(e) The data is taken from the data base of Blue Cross and Blue Shield or the department of human services. The 75th percentile logically reflects the usual and customary charges for the service.

If the commissioner identifies a problem with the data for a particular service such that the 75th percentile does not logically reflect the usual and customary charges for that service, the commissioner may, upon consultation with the Medical Services Review Board, set the reimbursement fee.

Sec. 13. Minnesota Statutes 1988, section 176.155, subdivision 1, is amended to read:

[EMPLOYER'S PHYSICIAN.] The injured employee must submit to examination by the employer's physician, if requested by the employer, and at reasonable times thereafter upon the employer's request. The examination must be scheduled at a location within 150 miles of the employee's residence unless the employer can show cause to the department or a compensation judge to order an examination at a location further from the petitioner's residence. The employee is entitled upon request to have a personal physician present at any such examination. Each party shall defray the cost of that party's physician. Any report or written statement made by the employer's physician as a result of an examination of the employee, regardless of whether the examination preceded the injury or was made subsequent to the injury, shall be made available, upon request and without charge, to the injured employee or

representative of the employee. The employer shall pay reasonable travel expenses, in advance if requested, incurred by the employee in attending the examination including mileage, parking, and, if necessary, lodging and meals. The employer shall also pay the employee for any lost wages resulting from attendance at the examination. A self-insured employer or insurer who is served with a claim petition pursuant to section 176.271, subdivision 1, or 176.291, shall schedule any necessary examinations of the employee, if an examination by the employer's physician or health care provider is necessary to evaluate benefits claimed. The examination shall be completed and the report of the examination shall be served on the employee and filed with the commissioner within 120 days of service of the claim petition.

No evidence relating to the examination or report shall be received or considered by the commissioner, a compensation judge, or the court of appeals in determining any issues unless the report has been served and filed as required by this section, unless a written extension has been granted by the commissioner or compensation judge. The commissioner or a compensation judge shall extend the time for completing the adverse examination and filing the report upon good cause shown. The extension must not be for the purpose of delay and the insurer must make a good faith effort to comply with this subdivision. Good cause shall include but is not limited to:

(1) that the extension is necessary because of the limited number of physicians or health care providers available with expertise in the particular injury or disease, or that the extension is necessary due to the complexity of the medical issues, or

(2) that the extension is necessary to gather addition information which was not included on the petition as required by section 176.291.
