Kahn from the Committee on Governmental Operations and Gambling to which was referred:

H. F. No. 318, A bill for an act relating to public administration; providing that government records may be stored on optical disk and retained in that format only; amending Minnesota Statutes 1992, section 15.17, subdivision 1; and 138.17, by adding a subdivision.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1992, section 15.17, subdivision 1, is amended to read:

Subdivision 1. [MUST BE KEPT.] All officers and agencies of the state, counties, cities, towns, school districts, municipal subdivisions or corporations, or other public authorities or political entities within the state, hereinafter "public officer," shall make and preserve all records necessary to a full and accurate knowledge of their official activities. All government records shall be made on a physical medium of a quality to insure permanent records. Every public officer is empowered to reproduce records if the records are not deemed to be of permanent or archival value by the commissioner of administration and the records disposition panel under section 138.17. The public officer is empowered to reproduce these records by any photographic, photostatic, microphotographic, optical disk imaging system, microfilming, or other reproduction method that clearly and accurately reproduces the records. If a record is deemed to be of permanent or archival value, any reproduction of the record must meet archival standards specified by the Minnesota historical society provided, however, that this section does not prohibit the use of nonerasable optical imaging systems for the preservation of archival records without the preservation of paper or microfilm copies. Each public officer may order that those photographs, photostats, microphotographs, microfilms, optical disk images, or other reproductions, be substituted for the originals of them. The public officer may direct the destruction or sale for salvage or other disposition of the originals from which they were made, in accordance with the disposition requirements of section 138.17. Photographs, photostats, microphotographs, microfilms, optical disk images, or other reproductions are for all purposes deemed the original recording of the papers, books, documents, and records reproduced when so ordered by any public officer and are admissible as evidence in all courts and proceedings of every kind. A facsimile or exemplified or certified copy of a photograph, photostat, microphotograph, microfilm, optical disk image, or other reproduction, or an enlargement or reduction of it, has the same effect and weight as evidence as would a certified or exemplified copy of the original.

Sec. 2. Minnesota Statutes 1992, section 138.17, is amended by adding a subdivision to read:

Subd. 10. [OPTICAL IMAGE STORAGE.] (a) Any government record, including a record with archival value, may be transferred to and stored on a nonerasable optical imaging system and retained only in that format, if the requirements of this section are met.

(b) All documents preserved on nonerasable optical imaging systems must meet standards for permanent records specified in section 15.17, subdivision 1, and must be kept available for retrieval so long as any law requires. Standards under section 15.17, subdivision 1, may not be inconsistent with efficient use of optical imaging systems.

(c) A government entity storing a record on an optical imaging system must create and store a backup copy of the record at a site other than the site where the original is kept. The government entity must retain the backup copy and operable retrieval equipment so long as any law requires the original to be retained. The backup copy required by this paragraph must be preserved either (1) on a nonerasable optical imaging system; or (2) by another reproduction method approved by the records disposition panel.

(d) A contract between the government entity responsible for preserving records and the vendor of the optical imaging system used to preserve records of that government entity must require the vendor to maintain a current copy of the vendor's source code for the imaging system in escrow, and to authorize the government entity to obtain the copy of the source code if the vendor is unable or unwilling to support the optical imaging system."

Delete the title and insert:

The board shall adopt emergency rules on competitive bidding that specify a bid format and an invoice format that are consistent with each other and with an application for reimbursement.~~

(d) The board shall adopt emergency rules under sections 14.29 and 14.385 to establish costs that are not eligible for reimbursement.

Sec. 9. Minnesota Statutes 1992, section 115C.08, subdivision 3, is amended to read:

Sec. 10. Minnesota Statutes 1992, section 115C.08, subdivision 4, is amended to read:

- (1) to administer the petroleum tank release cleanup program established in sections 115C.03 to 115C.10 this chapter;

(2) for agency administrative costs under sections 116.46 to 116.50, sections 115C.03 to 115C.06, and costs of corrective action taken by the agency under section 115C.03, including investigations;

(3) for costs of recovering expenses of corrective actions under section 115C.04;

(4) for training, certification, and rulemaking under sections 116.46 to 116.50;

(5) for agency administrative costs of enforcing rules governing the construction, installation, operation, and closure of aboveground and underground petroleum storage tanks; and

(6) for reimbursement of the harmful substance compensation account under sections 115B.26, subdivision 4; and 115C.08, subdivision 5; and

(7) for administrative and staff costs as set by the board to administer the petroleum tank release program established in this chapter.

(b) The board shall reimburse the department of commerce for the costs of the staff required by the board to administer this chapter.

(c) Money in the account is appropriated to the board to make reimbursements or payments under this section.

Sec. 11. Minnesota Statutes 1992, section 115C.09, subdivision 1, is amended to read:

Subdivision 1. [REIMBURSABLE COSTS.] (a) The board shall provide partial reimbursement to eligible responsible persons for reimbursable costs incurred after June 4, 1987.

(b) The following costs are reimbursable for purposes of this section:

(1) corrective action costs incurred by the responsible person and documented in a form prescribed by the board, except the costs related to the physical removal of a tank;

(2) costs that the responsible person is legally obligated to pay as damages to third parties for bodily injury or property damage caused by a release if the responsible person's liability for the costs has been established by a court order or a consent decree; and

(3) up to 180 days worth of interest costs, incurred after May 25, 1991, associated with the financing of corrective action. Interest costs are not eligible for reimbursement to the extent they exceed two percentage points above the adjusted prime rate charged by banks, as defined in section 270.75, subdivision 5, at the time the financing contract was executed.

(c) A cost for liability to a third party is incurred by the responsible person when an order or consent decree establishing the liability is entered. Except as provided in this paragraph, reimbursement may not be made for costs of liability to third parties until all eligible corrective action costs have been reimbursed. If a corrective action is expected to continue in operation for more than one year after it has been fully constructed or installed, the board may estimate the future expense of completing the corrective action and, after subtracting this estimate from the total reimbursement available under subdivision 3, reimburse the costs for liability to third parties. The total reimbursement may not exceed the limit set forth in subdivision 3.

Sec. 12. Minnesota Statutes 1992, section 115C.09, subdivision 3, is amended to read:

Subd. 3. [REIMBURSEMENTS; SUBROGATION; APPROPRIATION.] (a) The board shall reimburse a responsible person who is eligible under subdivision 2 from the account ~~for~~ as follows:

(1) 90 percent of the portion of the total reimbursable costs or \$1,000,000, whichever is less on sites where costs do not exceed \$250,000; or

(2) 75 percent of the portion of total reimbursable costs on sites where costs exceed \$250,000.

Not more than \$1,000,000 may be reimbursed for costs associated with a single release, regardless of the number of persons eligible for reimbursement, and not more than \$2,000,000 may be reimbursed for costs associated with a single tank facility.

(b) A reimbursement may not be made from the account under this subdivision until the board has determined that the costs for which reimbursement is requested were actually incurred and were reasonable.

(c) A reimbursement may not be made from the account under this subdivision in response to either an initial or supplemental application for costs incurred after June 4, 1987, that are payable under an applicable insurance policy, except that if the board finds that the responsible person has made reasonable efforts to collect from an insurer and failed, the board shall reimburse the responsible person under this subdivision.

(d) If the board reimburses a responsible person for costs for which the responsible person has petroleum tank leakage or spill insurance coverage, the board is subrogated to the rights of the responsible person with respect to that insurance coverage, to the extent of the reimbursement by the board. The board may request the attorney general to bring an action in district court against the insurer to enforce the board's subrogation rights. Acceptance by a responsible person of reimbursement constitutes an assignment by the responsible person to the board of any rights of the responsible person with respect to any insurance coverage applicable to the costs that are reimbursed. Notwithstanding this paragraph, the board may instead request a return of the reimbursement under subdivision 5 and may employ against the responsible party the remedies provided in that subdivision, except where the board has knowingly provided reimbursement because the responsible person was denied coverage by the insurer.

(e) Money in the account is appropriated to the board to make reimbursements under this section. A reimbursement to a state agency must be credited to the appropriation account or accounts from which the reimbursed costs were paid.

(f) The board shall reduce the amount of reimbursement to be made under this section if it finds that the responsible person has not complied with a provision of this chapter, a rule or order issued under this chapter, or one or more of the following requirements:

(1) at the time of the release the tank was in substantial compliance with state and federal rules and regulations applicable to the tank, including rules or regulations relating to financial responsibility;

(2) the agency was given notice of the release as required by section 115.061;

(3) the responsible person, to the extent possible, fully cooperated with the agency in responding to the release; and

(4) if the responsible person is an operator, the person exercised due care with regard to operation of the tank, including maintaining inventory control procedures.

(g) The reimbursement shall be reduced as much as 100 percent for failure by the responsible person to comply with the requirements in paragraph (f), clauses (1) to (4). In determining the amount of the reimbursement reduction, the board shall consider:

(1) the likely environmental impact of the noncompliance;

(2) whether the noncompliance was negligent, knowing, or willful;

(3) the deterrent effect of the award reduction on other tank owners and operators; and

(4) the amount of reimbursement reduction recommended by the commissioner.

(h) A responsible person may assign the right to receive reimbursement to each lender, who advanced funds to pay the costs of the corrective action, or to each contractor, or consultant who provided corrective action services. An assignment must be made by filing with the board a document, in a form prescribed by the board, indicating the identity of the responsible person, the identity of the assignee, the dollar amount of the assignment, and the location of the corrective action. An assignment signed by the responsible person is valid unless terminated by filing a termination with the board, in a form prescribed by the board, which must include the written concurrence of the assignee. The board shall maintain an index of assignments filed under this paragraph. The board shall pay the reimbursement to the responsible person and to one or more assignees by a multiparty check. The board has no liability to a responsible person for a payment under an assignment meeting the requirements of this paragraph.

Sec. 13. Minnesota Statutes 1992, section 115C.09, subdivision 3a, is amended to read:

Subd. 3a. [ELIGIBILITY OF OTHER PERSONS.] Notwithstanding the provisions of subdivisions 1 to 3, the board shall provide full reimbursement to a person who has taken corrective action if the board or commissioner of commerce determines that:

- (1) the person took the corrective action in response to a request or order of the commissioner made under this chapter;
- (2) the commissioner has determined that the person was not a responsible person under section 115C.02; and
- (3) the costs for which reimbursement is requested were actually incurred and were reasonable.

Sec. 14. Minnesota Statutes 1992, section 115C.09, subdivision 3c, is amended to read:

Subd. 3c. [RELEASE AT REFINERIES AND TANK FACILITIES NOT ELIGIBLE FOR REIMBURSEMENT.] Notwithstanding other provisions of subdivisions 1 to 3b, a reimbursement may not be made under this section for costs associated with a release:

- (1) from a tank located at a petroleum refinery; or
- (2) from a tank facility, including a pipeline terminal, with more than 1,000,000 gallons of total petroleum storage capacity at the tank facility.

Clause (2) does not apply to reimbursement for costs associated with a release from a tank facility owned or operated by a person engaged in the business of mining iron ore or taconite.

Sec. 15. Minnesota Statutes 1992, section 115C.09, is amended by adding a subdivision to read:

Subd. 9. [DELEGATION OF BOARD'S POWERS.] The board may delegate to the commissioner of commerce its powers and duties under this section.

Sec. 16. Minnesota Statutes 1992, section 115C.11, subdivision 1, is amended to read:

Subdivision 1. [REGISTRATION.] (a) All consultants and contractors must register with the board in order to participate in the petroleum tank release cleanup program.

(b) The board must maintain a list of all registered consultants and a list of all registered contractors including an identification of the services offered.

Subd. 6. [DUTIES AND POWERS OF EXECUTIVE DIRECTOR.] The management of the system is vested in the director, who is the executive and administrative head of the system. Appointments to exercise delegated power must be by written order and shall be filed with the secretary of state;
- (7) with the advice and consent of the board, contract for the services of an approved actuary, professional management services, and any other consulting services as necessary and fix the compensation for those services. Any supplemental actuarial valuations or experience studies shall be filed with the executive director of the legislative commission on pensions and retirement. Professional management services may not be contracted for more often than once in six years. Copies of professional management survey reports must be transmitted to the secretary of the senate, the chief clerk of the house of representatives, and the legislative reference library as provided by section 3.195, to the executive director of the commission and to the legislative auditor at the time as reports are furnished to the board. - (11) pay annuities, refunds, survivor benefits, salaries, and necessary operating expenses of the system;

Sec. 5. Minnesota Statutes 1992, section 352.04, subdivision 9, is amended to read:

Subd. 9. [ERRONEOUS DEDUCTIONS, CANCELED WARRANTS.] (a) Deductions taken from the salary of an employee for the retirement fund in error must, upon discovery and verification by the department making the deduction, be refunded to the employee.

(b) If a deduction for the retirement fund is taken from a salary warrant or check, and the check is canceled or the amount of the warrant or check returned to the funds of the department making the payment, the sum deducted, or the part of it required to adjust the deductions, must be refunded to the department or institution if the department applies for the refund on a form furnished by the director. The department's payments must likewise be refunded to the department.

(c) Employee deductions and employer contributions taken in error may be directly transferred, without interest, to another Minnesota public employee retirement fund listed in section 356.30, subdivision 3, by which the employee is actually covered.

Sec. 6. Minnesota Statutes 1992, section 352.113, subdivision 2, is amended to read:

Subd. 2. [APPLICATION; ACCRUAL OF BENEFITS.] An employee making claim for a total and permanent disability benefit, or someone acting on behalf of the employee upon proof of authority satisfactory to the director, shall file a written application for benefits in the office of the system. The application must be in a form and manner prescribed by the executive director. The benefit shall begin to accrue the day following the start of disability or the day following the last day paid, whichever is later, but not earlier than ~~60~~ 180 days before the date the application is filed with the director.

Sec. 7. Minnesota Statutes 1992, section 352.113, subdivision 4, is amended to read:

Subd. 4. [MEDICAL EXAMINATIONS; AUTHORIZATION FOR PAYMENT OF BENEFIT.] An applicant shall provide medical evidence to support an application for total and permanent disability. The director shall have the employee examined by at least one additional licensed physician designated by the medical adviser. The physicians shall make written reports to the director concerning the employee's disability including medical opinions as to whether the employee is permanently and totally disabled within the meaning of section 352.01, subdivision 17. The director shall also obtain written certification from the employer stating whether the employment has ceased or whether the employee is on sick leave of absence because of a disability that will prevent further service to the employer and as a consequence the employee is not entitled to compensation from the employer. The medical adviser shall consider the reports of the physicians and any other evidence supplied by the employee or other interested parties. If the medical adviser finds the employee totally and permanently disabled, the adviser shall make appropriate recommendation to the director in writing together with the date from which the employee has been totally disabled. The director shall then determine if the disability occurred within 180 days of filing the application, while still in the employment of the state, and the propriety of authorizing payment of a disability benefit as provided in this section. A terminated employee may apply for a disability benefit within 180 days of termination as long as the disability occurred while in the employment of the state. The employee must be on approved leave of absence from the employer to be eligible to apply for a total and permanent disability benefit, but the fact that an employee is placed on leave of absence without compensation because of disability does not bar that employee from receiving a disability benefit. Unless payment of a disability benefit has terminated because the employee is no longer totally disabled, or because the employee has reached normal retirement age as provided in this section, the disability benefit shall cease with the last payment received by the disabled employee or which had accrued during the lifetime of the employee unless there is a spouse surviving; in that event the surviving spouse is entitled to the disability benefit for the calendar month in which the disabled employee died.

Sec. 8. Minnesota Statutes 1992, section 352.113, subdivision 7, is amended to read:

Subd. 7. [PARTIAL REEMPLOYMENT.] If the disabled employee resumes a gainful occupation from which earnings are less than the employee's salary at the date of disability or the salary currently paid for similar positions, the director shall continue the disability benefit in an amount which when added to earnings does not exceed the salary at the date of disability ~~or the salary currently paid for similar positions, whichever is lower~~, provided the disability benefit in this case does not exceed the disability benefit originally allowed. Deductions for the retirement fund must not be taken from the salary of a disabled employee who is receiving a disability benefit as provided in this subdivision.

Sec. 9. Minnesota Statutes 1992, section 352.115, subdivision 8, is amended to read:

Subd. 8. [ACCRUAL OF ANNUITY.] State employees shall apply for an annuity. The application must not be made more than ~~60~~ 90 days before the time the employee is eligible to retire by reason of both age and service requirements. If the director determines an applicant for annuity has fulfilled the legal requirements for an annuity, the director shall authorize the annuity payment in accordance with this chapter and payment must be made as authorized. An annuity shall begin to accrue no earlier than ~~60~~ 180 days before the date the application is filed with the director, but not before the day following the termination of state service or before the day the employee is eligible to retire by reason of both age and service requirements. The retirement annuity shall cease with the last payment which had accrued during the lifetime of the retired employee unless an optional annuity provided in section 352.116, subdivision 3, had been selected and had become payable. The joint and last survivor annuity shall cease with the last payment received by the survivor during the lifetime of the survivor. If a retired employee had not selected an optional annuity, or a survivor annuity is not payable under the option, and a spouse survives, the spouse is entitled only to the annuity for the calendar month in which the retired employee died. If an optional annuity is payable after the death of the retired employee, the survivor is entitled to the annuity for the calendar month in which the retired employee died.

Sec. 10. Minnesota Statutes 1992, section 352.12, subdivision 1, is amended to read:

Subdivision 1. [DEATH BEFORE TERMINATION OF SERVICE.] If an employee dies before state service has terminated and neither a survivor annuity nor a reversionary annuity is payable, or if a former employee who has sufficient service credit to be entitled to an annuity dies before the benefit has become payable, the director shall make a refund to the last designated beneficiary or, if there is none, to the surviving spouse or, if none, to the employee's surviving children in equal shares or, if none, to the employee's surviving parents in equal shares or, if none, to the representative of the estate in an amount equal to the accumulated employee contributions plus interest at the rate of six percent per annum compounded annually. Interest must be computed to the first day of the month in which the refund is processed and based on fiscal year balances. Upon the death of an employee who has received a refund that was later repaid in full, interest must be paid on the repaid refund only from the date of repayment. If the repayment was made in installments, interest must be paid only from the date installment payments began. The designated beneficiary, surviving spouse, or representative of the estate of an employee who had received a disability benefit is not entitled to interest upon any balance remaining to the decedent's credit in the fund at the time of death, unless death occurred before any payment could be negotiated.

Sec. 11. Minnesota Statutes 1992, section 352.12, subdivision 3, is amended to read:

Subd. 3. Subdivision 1. [SERVICE TERMINATION.] Any employee who ceases to be a state employee by reason of termination of state service or layoff is entitled to a refund provided in subdivision 2 or a deferred retirement annuity as provided in subdivision 3. Sec. 4. Minnesota Statutes 1992, section 352.22, subdivision 2, is amended to read:

Subd. 2. [AMOUNT OF REFUND.] Except as provided in subdivision 3, any person who ceased to be a state employee ~~after June 30, 1973~~, by reason of termination of state service shall receive a refund in an amount equal to employee accumulated contributions plus interest at the rate of six percent per year compounded annually. Included with the refund is any interest paid as part of repayment of a past refund, plus interest thereon from the date of repayment. Interest must be computed to the first day of the month in which the refund is processed and must be based on fiscal year balances.

Sec. 5. Minnesota Statutes 1992, section 352.23, is amended to read:

352.23 [TERMINATION OF RIGHTS.]

When any employee accepts a refund as provided in section 352.22, all existing service credits and all rights and benefits to which the employee was entitled before accepting the refund terminate. They must not again be restored until the former employee acquires at least ~~one year's~~ six months of allowable service credit after taking the last refund. In that event, the employee may repay all refunds previously taken from the retirement fund. Repayment of refunds entitles the employee only to credit for service covered by (1) salary deductions; (2) payments made in lieu of salary deductions; ~~and~~; (3) payments made to obtain credit for service as permitted by laws in effect when payment was made. ~~If an employee before taking one or more refunds had credit for prior service or for military service without payment in either case, the employee may obtain credit for any forfeited service before July 1, 1929, and for any forfeited military service by making payments at a contribution rate of three percent of the average salary upon which deductions for the retirement fund were based, for the three year period immediately preceding repayment of refund for service credit before July 1, 1929, and on the salary received at the time of entering military service to restore military service credit; and (4) allowable service once credited while receiving temporary workers' compensation as provided in section 352.01, subdivision 11, clause (5).~~ Payments for purchase of prior military service under this section ~~and for~~ repayment of refunds are to be paid with interest at an annual rate of 8.5 percent compounded annually. They may be paid in a lump sum or by payroll deduction in the manner provided in section 352.04. Payment may be made in a lump sum up to six months after termination from service.

Sec. 6. Minnesota Statutes 1992, section 352.95, subdivision 1, is amended to read:

Subdivision 1. [JOB-RELATED DISABILITY.] A covered correctional employee ~~less than 55 years old~~ who becomes disabled and physically unfit to perform the duties of the position as a direct result of an injury, sickness, or other disability incurred in or arising out of any act of duty that makes the employee physically or mentally unable to perform the duties, is entitled to a disability benefit based on covered correctional service only. The benefit amount must equal 50 percent of the average salary defined in section 352.93, plus an additional 2-1/2 percent for each year of covered correctional service in excess of 20 years, prorated for completed months.

Sec. 7. Minnesota Statutes 1992, section 352.95, subdivision 2, is amended to read:

Subd. 2. [NON-JOB-RELATED DISABILITY.] Any covered correctional employee who, after at least one year of covered correctional service, ~~before reaching the age of 55~~ becomes disabled and physically unfit to perform the duties of the position because of sickness or injury occurring while not engaged in covered employment, is entitled to a disability benefit based on covered correctional service only. The disability benefit must be computed as provided in section 352.93, subdivisions 1 and 2, and computed as though the employee had at least 15 years of covered correctional service.

Sec. 8. Minnesota Statutes 1992, section 352.95, subdivision 5, is amended to read:

Subd. 5. [RETIREMENT STATUS AT NORMAL RETIREMENT AGE.] The disability benefit paid to a disabled correctional employee under this section shall terminate at the end of the month in which the employee reaches age 62. If the disabled correctional employee is still disabled when the employee reaches age 62, the employee shall be deemed to be a retired employee. If the employee had elected an optional annuity under subdivision 1a, the employee shall receive an annuity in accordance with the terms of the optional annuity previously elected. If the employee had not elected an optional annuity under subdivision 1a, the employee may ~~then~~ within 90 days of attaining age 65 or reaching the five-year anniversary of the effective date of the disability benefit, whichever is later, either elect to receive a normal retirement annuity computed in the manner provided in section 352.115 or elect to receive an optional annuity as provided in section 352.116, subdivision 3, based on the same length of service as used in the calculation of the disability benefit. Election of an optional annuity must be made ~~before within 90 days before attaining age 65 or reaching age 62 the five-year anniversary of the effective date of the disability benefit, whichever is later~~. The reduction for retirement before normal retirement age as provided in section 352.116, subdivision 1 or 1a, does not apply. The savings clause provision of section 352.93, subdivision 3, applies. If an optional annuity is elected, the optional annuity shall begin to accrue on the first of the month following the month in which the employee reaches age ~~62~~ 65 or the five-year anniversary of the effective date of the disability benefit, whichever is later.

Sec. 9. Minnesota Statutes 1992, section 352.96, subdivision 3, is amended to read:

Subd. 3. [EXECUTIVE DIRECTOR TO ADMINISTER SECTION.] This section must be administered by the executive director of the system with the advice and consent of the board of directors under subdivision 4. Fiduciary activities of the deferred compensation plan must be undertaken in a manner consistent with chapter 356A. If the state board of investment so elects, it may solicit bids for options under subdivision 2, clauses (2) and (3). All contracts must be approved before execution by the state board of investment. Contracts must provide that all options in subdivision 2 must: be presented in an unbiased manner and in a manner that conforms to rules adopted by the executive director, be reported on a periodic basis to all employees participating in the deferred compensation program, and not be the subject of unreasonable solicitation of state employees to participate in the program. The contract may not call for any person to jeopardize the tax-deferred status of money invested by state employees under this section. All costs or fees in relation to the options provided under subdivision 2, clause (3), must be paid by the underwriting companies ultimately selected by the state board of investment.

Sec. 10. Minnesota Statutes 1992, section 352.96, subdivision 4, is amended to read:

Subd. 4. [EXECUTIVE DIRECTOR TO ESTABLISH RULES.] The executive director of the system with the advice and consent of the board of directors shall establish rules and procedures to carry out this section including allocation of administrative costs against the assets accumulated under this section. Funds to pay these costs are appropriated from the fund or account in which the assets accumulated under this section are placed. The rules established by the executive director must conform to federal and state tax laws, regulations, and rulings, and are not subject to the administrative procedure act. Except for the marketing rules, rules relating to the options provided under subdivision 2, clauses (2) and (3), must be approved by the state board of investment. A state employee must not make payments under a plan until the plan or applicable component of the plan has been approved for tax-deferred status by the Internal Revenue Service.

Sec. 11. Minnesota Statutes 1992, section 352B.01, subdivision 3, is amended to read:

Subd. 3. [ALLOWABLE SERVICES.] "Allowable service" means:

(a) for members defined in subdivision 2, clause (a), service for which payments have been made to the state patrol retirement fund, and

(b) for members defined in subdivision 2, clauses (b) and (c), service for which payments have been made to the state patrol retirement fund, service for which payments were made to the state police officers retirement fund after June 30, 1961, and all prior service which was credited to a member for service on or before June 30, 1961.

~~After a member identified in this clause reaches the age of 60, allowable service after that date must not be computed in determining the normal annuity unless the member was employed as a state police officer before July 1, 1961. If the member was so employed before July 1, 1961, and reaches 60 years of age and has more than 30 years' allowable service at that time, each year and completed month of allowable service acquired by the member must be computed in determining the normal annuity until the member reaches the age of 60. If the member was employed before July 1, 1961, and has less than 30 years of allowable service when the member reaches age 60, each year and completed month of allowable service acquired by the member must be computed in determining the normal annuity not to exceed 30 years of allowable service. The completed year members reach age 60 may be counted in full in determining allowable service. Allowable service also includes any period of absence from duty by a member who, by reason of injury incurred in the performance of duty, is temporarily disabled and for which disability the state is liable under the workers' compensation law, until the date authorized by the executive director for commencement of payment of a disability benefit or return to employment.~~

Sec. 12. Minnesota Statutes 1992, section 352B.10, subdivision 1, is amended to read:

Subdivision 1. [INJURIES, PAYMENT AMOUNTS.] Any member ~~less than 55 years old~~, who becomes disabled and physically or mentally unfit to perform duties as a direct result of an injury, sickness, or other disability incurred in or arising out of any act of duty, shall receive disability benefits while disabled. The benefits must be paid in monthly installments equal to the member's average monthly salary multiplied by 50 percent, plus an additional 2-1/2 percent for each year and pro rata for completed months of service in excess of 20 years, if any.

Sec. 13. Minnesota Statutes 1992, section 352B.10, subdivision 2, is amended to read:

Subd. 2. [~~UNDER 55; DISABLED WHILE NOT ON DUTY.~~] If a member terminates employment after at least one year of service, ~~before reaching the age of 55~~, because of sickness or injury occurring while not on duty and not engaged in state work entitling the member to membership, and the termination is necessary because the member cannot perform duties, the member is entitled to receive a disability benefit. The benefit must be in the same amount and computed in the same way as if the member were 55 years old at the date of disability and the annuity were paid under section 352B.08. If disability under this clause occurs after one but before 15 years service, the disability benefit must be computed as though the member had 15 years service.

Sec. 14. Minnesota Statutes 1992, section 352B.10, subdivision 5, is amended to read:

Subd. 5. [OPTIONAL ANNUITY.] A disabled member may, in lieu of survivorship coverage under section 352B.11, subdivision 2, choose the normal disability benefit or an optional annuity as provided in section 352B.08, subdivision 3. The choice of an optional annuity must be made before commencement of payment of the disability benefit, or within 90 days of attaining age 65 or reaching the five-year anniversary of the effective date of the disability benefit, whichever is later. It is effective on the date on which the disability benefit begins to accrue, or the month following attainment of age 65 or the five-year anniversary of the effective date of the disability benefit, whichever is later.

Sec. 15. Minnesota Statutes 1992, section 352B.105, is amended to read:

352B.105 [TERMINATION OF DISABILITY BENEFITS.]

Disability benefits payable under section 352B.10 shall terminate at the end of the month the beneficiary becomes 55 years old. If the beneficiary is still disabled when the beneficiary becomes 55 years old, the beneficiary shall be deemed to be a retired member and, if the beneficiary had chosen an optional annuity under section 352B.10, subdivision 5, shall receive an annuity in accordance with the terms of the optional annuity previously chosen. If the beneficiary had not chosen an optional annuity under section 352B.10, subdivision 5, the beneficiary may choose to receive either a normal retirement annuity computed under section 352B.08, subdivision 2, or an optional annuity as provided in section 352B.08, subdivision 3. An optional annuity must be chosen ~~before the beneficiary becomes 55 years old~~ within 90 days of attaining age 65 or reaching the five-year anniversary of the effective date of the disability benefit, whichever is later. If an optional annuity is chosen, the optional annuity shall begin to accrue the first of the month following the month in which the beneficiary becomes 55 years old attainment of age 65 or the five-year anniversary of the effective date of the disability benefit, whichever is later.

Sec. 16. Minnesota Statutes 1992, section 352B.11, subdivision 2, is amended to read:

Subd. 2. [DEATH; PAYMENT TO SPOUSE AND CHILDREN.] If a member serving actively as a member, or a member or former member receiving the disability benefit before attaining age 65 or reaching the five-year anniversary of the effective date of the disability benefit, whichever is later, provided by section 352B.10, subdivision 1, or a former member receiving a disability benefit as provided by section 352B.10, subdivision 2, subdivisions 1 and 2, dies from any cause before attaining age 65 or reaching the five-year anniversary of the effective date of the disability benefit, whichever is later, the surviving spouse and dependent children are entitled to benefit payments as follows:

(a) A member with at least three years of allowable service is deemed to have elected a 100 percent joint and survivor annuity payable to a surviving spouse only on or after the date the member or former member became or would have become 55.

(b) The surviving spouse of a member who had credit for less than three years of service shall receive, for life, a monthly annuity equal to 50 percent of that part of the average monthly salary of the member from which deductions were made for retirement.

(c) The surviving spouse of a member who had credit for at least three years service and who died after becoming 55 years old, may elect to receive a 100 percent joint and survivor annuity, for life, notwithstanding a subsequent remarriage, in lieu of the annuity prescribed in paragraph (b).

(d) The surviving spouse of any member who had credit for three years or more and who was not 55 years old at death, shall receive the benefit equal to 50 percent of the average monthly salary as described in clause (b) until the deceased member would have become 55 years old, and beginning the first of the month following that date, may elect to receive the 100 percent joint and survivor annuity.

(e) Each dependent child shall receive a monthly annuity equal to ten percent of that part of the average monthly salary of the former member from which deductions were made for retirement. A dependent child over 18 and under 23 years of age also may receive the monthly benefit provided in this section, if the child is continuously attending an accredited school as a full-time student during the normal school year as determined by the director. If the child does not continuously attend school but separates from full-time attendance during any part of a school year, the annuity shall cease at the end of the month of separation. In addition, a payment of \$20 per month shall be prorated equally to surviving dependent children when the former member is survived by one or more dependent children. Payments for the benefit of any qualified dependent child must be made to the surviving spouse, or if there is none, to the legal guardian of the child. The maximum monthly benefit for any one family must not be less than 50 nor exceed 70 percent of the average monthly salary for any number of children.

(f) If the member dies under circumstances that entitle the surviving spouse and dependent children to receive benefits under the workers' compensation law, the workers' compensation benefits received by them must not be deducted from the benefits payable under this section.

(g) The surviving spouse of a deceased former member who had credit for three or more years of allowable service, but not the spouse of a former member receiving a disability benefit under section 352B.10, subdivision 2, is entitled to receive the 100 percent joint and survivor annuity at the time the deceased member would have become 55 years old. If a former member dies who does not qualify for other benefits under this chapter, the surviving spouse or, if none, the children or heirs are entitled to a refund of the accumulated deductions left in the fund plus interest at the rate of six percent per year compounded annually.

Sec. 17. Minnesota Statutes 1992, section 352D.05, subdivision 4, is amended to read:

Subd. 4. A participant in the unclassified program may repay regular refunds taken pursuant to section 352.22, as provided in section 352.23. A participant in the unclassified program or an employee covered by the general plan who has withdrawn the value of the total shares may repay the refund taken and thereupon restore the service credit, rights and benefits forfeited by paying into the fund ~~the greater of (1) the amount refunded plus interest at an annual rate of 8.5 percent compounded annually from the date that the refund was taken until the date that the refund is repaid, or (2) an amount equal to the total of the employee and employer matching and additional contributions for the forfeited employment period less the administrative fee provided in section 352D.09, subdivision 7, plus interest at an annual rate of 8.5 percent compounded annually from the date of the start of the forfeited employment period until the date that the refund is paid.~~ If the participant had withdrawn only the employee shares as permitted under prior laws, repayment shall be pro rata. Payment shall be made in a lump sum.

Sec. 18. Minnesota Statutes 1992, section 356.302, subdivision 6, is amended to read:

Subd. 6. [COMBINED SERVICE DISABILITY BENEFIT COMPUTATION.] (a) The combined service disability benefit from each covered retirement plan must be based on the allowable service in each retirement plan, except as specified in paragraphs (b) to (f).

(b) The disability benefit must be governed by the law in effect for each covered retirement plan on the date of the commencement of the member's most recent qualifying disability as a member of a covered retirement plan.

(c) All plans must base the disability benefit on the same average salary to the extent practicable.

(d) If the method of the covered retirement plan used to compute a disability benefit varies based on the length of allowable service credit, the benefit accrual formula percentages used by the plan must recognize the allowable service credit in the plan as a continuation of any previous allowable service credit with other covered retirement plans.

(e) If the covered retirement plan is a defined benefit or formula plan and the method used to compute a disability benefit does not vary based on the length of allowable service credit, the portion of the specified benefit amount from the plan must bear the same proportion to the total specified benefit amount as the allowable service credit in that plan bears to the total allowable service credit in all covered retirement plans. If the covered retirement plan is a defined contribution or nonformula plan, the disability benefit amount for allowable service under the plan is not affected, but the service and covered salary under the plan must be used in calculations by other covered retirement plans.

(f) A period for which a person has allowable service credit in more than one covered retirement plan must be used only once in determining the total allowable service credit for calculating the combined service disability benefit, with any period of duplicated service credit handled under section 356.30, subdivision 1, clause (3), items (i) and (j).

(g) If a person is entitled to a minimum benefit payable from one of the public pension plans named in section 356.30, subdivision 3, the person may receive additional credit for only those years of service in another covered pension plan that, when added to the years of service in the pension plan that is paying the minimum benefit, exceed the years of service on which the minimum benefit is based.

(h) A partially employed recipient of a disability benefit must have any current income plus disability payment from all plans listed in subdivision 7 added together, and then compared to their final salary rate as a public employee. If current income plus disability payments exceed the final salary, then disability benefit payments from all the plans will be reduced on a prorated basis relative to the years of service in each fund so that earnings plus benefit payments do not exceed their final salary rate.

Sec. 19. [RETROACTIVE BENEFIT ACCRUAL TO COMPLY WITH AGE DISCRIMINATION LAWS.]

A retired member of the state patrol retirement plan who retired after December 31, 1987, and whose annuity was calculated using less than full years and months of service earned after reaching age 60 shall have monthly benefits recomputed using all years and months of service and including any postretirement adjustments that would have been payable. The difference between the original calculation and recomputed amount must be paid retroactively to September 1, 1989, or the date the annuity began to accrue, whichever is later.

Sec. 20. [EFFECTIVE DATE.]

Sections 1 to 19 are effective the day following final enactment.

ARTICLE 3

The employee shall pay an amount equal to the employee and employer contribution rate under section 352.04, subdivisions 2 and 3, on the differential salary amount for the period of the leave of absence.

The employing department, at its option, may pay the employer amount on behalf of its employees. Payment made under this subdivision must include interest at the rate of 8.5 percent per year, and must be completed within one year of the return from leave of absence.

Sec. 2. Minnesota Statutes 1992, section 352.03, subdivision 4a, is amended to read:

Subd. 4a. [ADDITIONAL DUTIES OF THE BOARD.] The board may consider, review, and make recommendations regarding the financial and other needs of retired employees and may disseminate appropriate retirement information to the retired employee. Notwithstanding laws to the contrary, the board, at its discretion, may supply the names and addresses of retirees who were employed by the University of Minnesota at the time of termination to the University of Minnesota and state agencies for retirees who were employed by the specific state agency at the time of termination. The board, at its discretion, may supply names and addresses of state and university retirees to an organization that has been in existence for at least ten years and represents over 5,000 retired state and university employees. The names and addresses of each retiree can only be given to this organization once within 60 days of the effective date of the annuity. The board shall require the retiree organization, University of Minnesota, or applicable state agency to reimburse the fund for any administrative expense of providing the list. The list remains the property of the Minnesota state retirement system and may not be subsequently sold, conveyed, given, or otherwise transferred by the retiree organization, the University of Minnesota, or the state agency to a third party. Periodically, retirees must be given an opportunity to specify that their name and address not be distributed under this section.

The health insurance carrier must refund deductions withheld from a retirees' check in error directly to the retiree. The board shall require the insurance carrier to reimburse the fund for the administrative expense of withholding the premium amounts. The insurance carrier shall assume liability for any failure of the system to properly withhold the premium amounts.

Sec. 4. Minnesota Statutes 1992, section 352.15, is amended by adding a subdivision to read:

Subd. 4. [DIRECT TRANSFER OF REFUNDS.] Direct transfer of account refunds may be made to individual retirement savings accounts or qualified retirement plans upon application for transfer by a former employee, on forms acceptable to the executive director.

Sec. 5. Minnesota Statutes 1992, section 352B.01, subdivision 11, is amended to read:

Subd. 11. [AVERAGE SALARY.] "Average monthly salary" means the average of the highest monthly salaries for five years of service as a member. Average monthly salary must be based upon all allowable service if this service is less than five years. It does not include any amounts of severance pay or any reduced salary paid during the period the person is entitled to workers' compensation benefit payments for temporary disability. A member on leave of absence receiving temporary workers' compensation payments and a reduced salary or no salary from the employer who is entitled to allowable service credit for the period of absence may make payment to the fund for the difference between salary received, if any, and the salary the member would normally receive if not on leave of absence during the period. The member shall pay an amount equal to the member and employer contribution rate under section 352B.02, subdivisions 1b and 1c, on the differential salary amount for the period of the leave of absence. The employing department, at its option, may pay the employer amount on behalf of the member. Payment made under this subdivision must include interest at the rate of 8.5 percent per year, and must be completed within one year of the return from the leave of absence.

Sec. 6. Minnesota Statutes 1992, section 352D.02, subdivision 3, is amended to read:

An employee credited with employee shares in the unclassified program, after acquiring credit for ten years of allowable service but prior to termination of covered employment, may, notwithstanding other provisions of this subdivision, elect to terminate participation in the unclassified plan and be covered by the regular plan by filing such election with the executive director. The executive director shall thereupon redeem the employee's total shares and shall credit to the employee's account in the regular plan the amount of contributions that would have been so credited had the

employee been covered by the regular plan during the employee's entire covered employment. The balance of money so redeemed and not credited to the employee's account shall be transferred to the state contribution reserve of the state employees retirement fund, ~~except that the employee contribution paid to the unclassified plan in excess of that required by the general employee plan shall be refunded to the employee as provided in section 352.22, except that~~ (1) the employee contribution paid to the unclassified plan must be compared to (2) the employee contributions that would have been paid to the general plan for the comparable period, if the individual had been covered by that plan. If clause (1) is greater than clause (2), the difference must be refunded to the employee as provided in section 352.22. If clause (2) is greater than clause (1), the difference must be paid by the employee within six months of electing general plan coverage or before the effective date of the annuity, whichever is sooner.

~~(b) 1/12 of the amount of the annual benefit permitted by the terms of section 415 of the Internal Revenue Code with respect to a participant in a plan qualified under section 401(a) of the Internal Revenue Code, as amended through December 31, 1982.~~

The benefit limitation ~~of clause (b)~~ is to be determined on the date the benefit is initially payable or on the date the employee terminated employment, if earlier. The benefit limitation on any date is the benefit limitation for the limitation year in which the date occurs. The limitations apply only to the annual benefit which is derived from employer contributions. Mandatory and voluntary employee contributions, if any, are treated as a separate defined contribution plan maintained by the employer which is subject to the limitations placed on annual additions to defined contribution plans.

The maximum annual benefit ~~of clause (b)~~ for any limitation year is the lesser of (1) or (2) below:

(1) A dollar limitation of \$90,000, adjusted as of January 1 of each calendar year to the dollar limitation as determined for that year by the commissioner of Internal Revenue. The amount determined for any year will apply to limitation years ending with or within that calendar year.

(2) A compensation limitation of 100 percent of the average of compensation paid or made available to the participant by the employer during those three consecutive calendar years of employment, or actual number of consecutive calendar years of employment if employed less than three consecutive years, which give the highest average. Compensation means any compensation which is includable in the employee's gross income.

A benefit ~~shall be~~ is deemed not to exceed the maximum benefit limitation ~~of clause (b)~~ if:

(2) the employer has not at any time maintained a defined contribution plan in which the employee participated.

A public pension plan is any Minnesota public pension plan or fund which provides pension or retirement coverage for public employees other than volunteer firefighters, including any plan or fund enumerated in sections 356.20, subdivision 2, or 356.30, subdivision 3, any local police or firefighter's relief association to which section 69.77 applies, or any retirement or pension plan or fund, including a supplemental retirement plan or fund, established, maintained or supported by any governmental subdivision or public body whose revenues are derived from taxation, fees, assessments or from other public sources. ~~Final monthly salary is the hourly rate of compensation received by the person on account of the most recent public employment for the final pay period occurring prior to retirement multiplied by 174.~~

The figure for the monthly retirement annuity or disability benefit to be used for the calculation of this limitation shall must not include any reduction or adjustment required for retirement prior to the normal retirement age or required for the election of an optional annuity.

If the figure for the monthly retirement annuity or disability benefit exceeds the limit contained in this section, the annuity or benefit payable shall must be reduced appropriately.

The managing board of each public pension plan from which a retirement annuity or disability benefit is payable shall, at the time that the retirement annuity or disability benefit commences, contact all other public pension plans to determine whether or not the recipient of the retirement annuity or disability benefit is also receiving or is entitled to receive a retirement annuity or disability benefit from any other public pension plan. If a person is entitled to receive or is receiving a retirement annuity or disability benefit from more than one public pension plan, all retirement annuities or disability benefits from all public pension plans shall must be totaled in determining whether or not the limitation shall apply; ~~provided however, that the limitation shall be based on the highest final monthly salary received by the individual from any plan applies.~~ Any A reduction in the amount of the retirement annuity or disability benefit required pursuant to under this section shall be is made by the public pension plan which provided retirement coverage for the most recent period of service.

TEACHERS RETIREMENT ASSOCIATION

Section 1. Minnesota Statutes 1992, section 354.35, is amended to read:

354.35 [OPTIONAL ACCELERATED RETIREMENT ANNUITY BEFORE AGE 65.]

Any coordinated member who retires before age 65 may elect to receive an optional accelerated retirement annuity from the association which provides for different annuity amounts over different periods of retirement. The election of this optional accelerated retirement annuity is exercised by making an application to the board on a form provided by the ~~board~~ executive director. The optional accelerated retirement annuity must take the form of an annuity payable for the period before the member attains age 65 in a greater amount than the amount of the annuity calculated under section 354.44 on the basis of the age of the member at retirement, but the optional accelerated retirement annuity must be the actuarial equivalent of the member's annuity computed on the basis of the member's age at retirement. The greater amount must be paid until the retiree reaches age 65 and at that time the payment from the association must be reduced. For each year the retiree is under age 65, up to five percent of the total life annuity required reserves may be used to accelerate the optional retirement annuity under this section. At retirement, members who retire before age 62 may elect to have the age specified in this section be 62 instead of 65. This election is irrevocable and may be made only once on the application form provided by the executive director. The method of computing the optional accelerated retirement annuity provided in this section is established by the board of trustees. In establishing the method of computing the optional accelerated retirement annuity, the board of trustees must obtain the written approval of the commission-retained actuary. The written approval must be a part of the permanent records of the board of trustees.

Sec. 2. Minnesota Statutes 1992, section 354.46, subdivision 1, is amended to read:

Subdivision 1. [BASIC PROGRAM; BENEFITS FOR SPOUSE AND CHILDREN OF TEACHER.] If a basic member who has at least 18 months of allowable service credit and who has an average salary as defined in section 354.44, subdivision 6, equal to or greater than \$75 dies prior to retirement or if a former basic member who, at the time of death, was totally and permanently disabled and receiving disability benefits pursuant to section 354.48 dies ~~prior to attaining the age of 65 years~~ before attaining age 65 or reaching the five-year anniversary of the effective date of the disability benefit, whichever is later, the surviving dependent spouse and dependent children of the basic member or former basic member shall be entitled to receive a monthly benefit as follows:

- (a) Surviving dependent spouse 50 percent of the basic member's monthly average salary paid in the last full fiscal year preceding death
- (b) Each dependent child ten percent of the basic member's monthly average salary paid in the last full fiscal year preceding death

Payments for the benefit of any dependent child under the age of 22 years shall be made to the surviving parent, or if there be none, to the legal guardian of the child. The maximum monthly benefit shall not exceed \$1,000 for any one family, and the minimum benefit per family shall not be less than 50 percent of the basic member's average salary, subject to the foregoing maximum. The surviving dependent children's benefit shall be reduced pro tanto when any surviving child is no longer dependent.

If the basic member and the surviving dependent spouse are killed in a common disaster and if the total of all survivors benefits payable pursuant to this subdivision is less than the accumulated deductions plus interest payable, the surviving dependent children shall receive the difference in a lump sum payment.

If the survivor benefits provided in this subdivision exceed in total the monthly average salary of the deceased basic member, these benefits shall be reduced to an amount equal to the deceased basic member's monthly average salary.

Prior to payment of any survivor benefit pursuant to this subdivision, in lieu of that benefit, the surviving dependent spouse may elect to receive the joint and survivor annuity provided pursuant to subdivision 2, or may elect to receive a refund of accumulated deductions with interest in a lump sum as provided pursuant to section 354.47, subdivision 1. If there are any surviving dependent children, the surviving dependent spouse may elect to receive the refund of accumulated deductions only with the consent of the district court of the district in which the surviving dependent child or children reside.

Sec. 3. Minnesota Statutes 1992, section 354.48, subdivision 3, is amended to read:

Subd. 3. [COMPUTATION OF BENEFITS.] (1) The amount of the disability benefit granted to members covered under section 354.44, subdivision 2, clauses (1) and (2), is an amount equal to double the annuity which could be purchased by the member's accumulated deductions plus interest on the amount computed as though the teacher were at normal retirement age at the time the benefit begins to accrue and in accordance with the law in effect when the disability application is received. Any member who applies for a disability benefit after June 30, 1974, and who failed to make an election pursuant to Minnesota Statutes 1971, section 354.145, shall have the disability benefit computed under this clause or clause (2), whichever is larger.

The benefit granted shall be determined by the following:

- (a) the amount of the accumulated deductions;
- (b) interest actually earned on these accumulated deductions to the date the benefit begins to accrue;
- (c) interest for the years from the date the benefit begins to accrue to the date the member attains normal retirement age at the rate of three percent;

(d) annuity purchase rates based on an appropriate annuity table of mortality established by the board as provided in section 354.07, subdivision 1, and using the applicable postretirement interest rate assumption specified in section 356.215, subdivision 4d.

In addition, a supplementary monthly benefit shall of \$25 to age 65 or the five-year anniversary of the effective date of the disability benefit, whichever is later, must be paid to basic members only in accordance with the following table:

60	25
61	20
62	15
63	10
64	5

(2) The disability benefit granted to members covered under section 354.44, subdivision 6, shall be computed in the same manner as the annuity provided in section 354.44, subdivision 6. The disability benefit shall be the formula annuity without the reduction for each month the member is under normal retirement age when the benefit begins to accrue.

(3) For the purposes of computing a retirement annuity when the member becomes eligible, the amounts paid for disability benefits shall not be deducted from the individual member's accumulated deductions. If the disability benefits provided in this subdivision exceed the monthly average salary of the disabled member, the disability benefits shall be reduced to an amount equal to the disabled member's average salary.

Sec. 4. Minnesota Statutes 1992, section 354.48, subdivision 10, is amended to read:

Subd. 10. [RETIREMENT STATUS AT NORMAL RETIREMENT AGE.] No person shall be entitled to receive both a disability benefit and a retirement annuity provided by this chapter. The disability benefit paid to a person hereunder shall terminate at the end of the month in which the person attains normal retirement age. If the person is still totally and permanently disabled at the beginning of the month next following the month in which the person attains the normal retirement age, the person shall be deemed to be on retirement status and, if the person had elected an optional annuity pursuant to subdivision 3a, shall receive an annuity in accordance with the terms of the optional annuity previously elected, or, if the person had not elected an optional annuity pursuant to subdivision 3a, may at the option of the person elect to receive either a straight life retirement annuity computed pursuant to section 354.44 or a straight life retirement annuity equal to the disability benefit paid prior to the date on which the person attained the age of 65 years attains age 65 or reaches the five-year anniversary of the effective date of the disability benefit, whichever amount is greater later, or elect to receive an optional annuity as provided in section 354.45, subdivision 1. If an optional annuity is elected, the election shall be effective on the date on which the person attains ~~the normal retirement age and~~ age 65 or reaches the five-year anniversary of the effective date of the disability benefit, whichever is later. The optional annuity shall begin to accrue on the first day of the month next following the month in which the person attains ~~that age 65 or reaches the five-year anniversary of the effective date of the disability benefit,~~ whichever is later.

Sec. 5. [EFFECTIVE DATES.]

Section 1 is effective January 1, 1994. Sections 2 to 4, are effective retroactively to October 16, 1992.

ARTICLE 6

SURVIVING SPOUSE BENEFITS

Section 1. Minnesota Statutes 1992, section 352.12, subdivision 2, is amended to read:

Subd. 2. [SURVIVING SPOUSE BENEFIT.] If an employee or former employee ~~is at least 50 years old and has credit for at least three years allowable service or who has credit for at least 30 years of allowable service, regardless of age,~~ dies before an annuity or disability benefit has become payable, notwithstanding any designation of beneficiary to the contrary, the surviving spouse of the employee may elect to receive, in lieu of the refund with interest provided in subdivision 1, an annuity equal to the joint and 100 percent survivor annuity which the employee could have qualified for had the employee terminated service on the date of death. The surviving spouse may apply for the annuity at any time after the date on which the deceased employee would have attained the required age for retirement based on the employee's allowable service. The annuity must be computed as provided in sections 352.115, subdivisions 1, 2, and 3, and 352.116, subdivisions 1, 1a, and 3. Sections 352.22, subdivision 3, and 352.72, subdivision 2, apply to a deferred annuity payable under this subdivision. The annuity must cease with the last payment received by the surviving spouse in the lifetime of the surviving spouse. An amount equal to the excess, if any, of the accumulated contributions credited to the account of the deceased employee in excess of the total of the benefits paid and payable to the surviving spouse must be paid to the deceased employee's last designated beneficiary or, if none, to the surviving children of the deceased spouse in equal shares or, if none, to the surviving parents of the deceased spouse or, if none, to the representative of the estate of the deceased spouse. Any employee may request in writing that this subdivision not apply and that payment be made only to a designated beneficiary as otherwise provided by this chapter.

Sec. 2. Minnesota Statutes 1992, section 353.32, subdivision 1a, is amended to read:

Subd. 1a. [SURVIVING SPOUSE OPTIONAL ANNUITY.] If a member or former member ~~who has attained at least age 50 and has credit for not less than three years of allowable service or who has credit for not less than 30 years of allowable service, regardless of age attained,~~ dies before the annuity or disability benefit begins to accrue under section 353.29, subdivision 7, or 353.33, subdivision 2, notwithstanding any designation of beneficiary to the contrary, the surviving spouse may elect to receive, instead of a refund with interest under subdivision 1, or surviving spouse benefits otherwise payable under section 353.31, an annuity equal to the 100 percent joint and survivor annuity that the member could have qualified for had the member terminated service on the date of death.

Notwithstanding the definition of surviving spouse in section 353.01, subdivision 20, a former spouse of the member, if any, is entitled to a portion of the monthly surviving spouse optional annuity if stipulated under the terms of a marriage dissolution decree filed with the association. If there is no surviving spouse or child or children, a former spouse may be entitled to a lump-sum refund payment under subdivision 1, if provided for in a marriage dissolution decree but not a monthly surviving spouse optional annuity despite the terms of a marriage dissolution decree filed with the association.

The surviving spouse may apply for the annuity at any time after the date on which the deceased employee would have attained the required age for retirement based on the employee's allowable service. The annuity must be computed under sections 353.29, subdivisions 2 and 3; 353.30, subdivisions 1, 1a, 1b, 1c, and 5; and 353.31, subdivision 3. Sections 353.34, subdivision 3, and 353.71, subdivision 2, apply to a deferred annuity payable under this subdivision. No payment may accrue beyond the end of the month in which entitlement to the annuity has terminated. An amount equal to any excess of the accumulated contributions that were credited to the account of the deceased employee over and above the total of the annuities paid and payable to the surviving spouse must be paid to the deceased member's last designated beneficiary or, if none, to the legal representative of the estate of the deceased member. A member may specify in writing that this subdivision does not apply and that payment may be made only to the designated beneficiary as otherwise provided by this chapter.

Sec. 3. Minnesota Statutes 1992, section 354.46, subdivision 2, is amended to read:

Subd. 2. [DEATH WHILE ELIGIBLE DESIGNATED BENEFICIARY BENEFIT.] The surviving spouse of any member or former member ~~who has attained the age of at least 50 years and has credit for at least three years of allowable service or who has credit for at least 30 years of allowable service irrespective of age~~ is entitled to joint and survivor annuity coverage in the event of death of the member prior to retirement. If the surviving spouse does not elect to receive a surviving spouse benefit provided pursuant to subdivision 1, if applicable, or does not elect to receive a refund of accumulated member contributions provided pursuant to section 354.47, subdivision 1, the

surviving spouse is entitled to receive, upon written application on a form prescribed by the executive director, a benefit equal to the second portion of a 100 percent joint and survivor annuity as provided pursuant to section 354.45 and computed pursuant to section 354.44, subdivision 2, 6, or 7, whichever is applicable. The surviving spouse may apply for the annuity at any time after the date on which the deceased employee would have attained the required age for retirement based on the employee's allowable service. This benefit accrues from the day following the date of death but may not begin to accrue more than six months before the date the application is filed with the executive director. Sections 354.44, subdivision 6 and 354.60 apply to a deferred annuity payable under this section. The benefit is payable for life.

(b) For purposes of this subdivision, utility companies include companies that provide electrical, telephone, natural gas, propane gas, oil, coal, or cable television services to retail customers. The term financial institution includes banks, savings and loans, credit unions, brokerage firms, mortgage companies, and insurance companies.

Subd. 3. [IMMUNITY.] A person who releases information to the public authority as authorized under this section is immune from liability for release of the information.

Sec. 8. Minnesota Statutes 1992, section 256.979, is amended by adding a subdivision to read:

Subd. 5. [PATERNITY ESTABLISHMENT AND CHILD SUPPORT ORDER MODIFICATION BONUS INCENTIVES.] (a) A bonus incentive program is created to increase the number of paternity establishments and modifications of child support orders done by county child support enforcement agencies.

(b) A bonus must be awarded to a county child support agency for each child for which the agency completes a paternity establishment through judicial, administrative, or expedited processes and for each instance in which the agency reviews a case for a modification of the child support order.

(c) The rate of bonus incentive is \$100 for each paternity establishment and \$50 for each review for modification of a child support order.

Sec. 9. Minnesota Statutes 1992, section 256.979, is amended by adding a subdivision to read:

Subd. 6. [CLAIMS FOR BONUS INCENTIVE.] (a) The commissioner of human services and the county agency shall develop procedures for the claims process and criteria using automated systems where possible.

(b) Only one county agency may receive a bonus per paternity establishment or child support order modification. The county agency making the initial preparations for the case resulting in the establishment of paternity or modification of an order is the county agency entitled to claim the bonus incentive, even if the case is transferred to another county agency prior to the time the order is established or modified.

(c) Disputed claims must be submitted to the commissioner of human services and the commissioner's decision is final.

(d) For purposes of this section, "case" means a family unit for whom the county agency is providing child support enforcement services.

Sec. 10. Minnesota Statutes 1992, section 256.979, is amended by adding a subdivision to read:

Subd. 7. [DISTRIBUTION.] (a) Bonus incentives must be issued to the county agency quarterly, within 45 days after the last day of each quarter for which a bonus incentive is being claimed, and must be paid in the order in which claims are received.

(b) Bonus incentive funds under this section must be reinvested in the county child support enforcement program and a county may not reduce funding of the child support enforcement program by the amount of the bonus earned.

(c) The county agency shall repay any bonus erroneously issued.

(d) A county agency shall maintain a record of bonus incentives claimed and received for each quarter.

Sec. 11. Minnesota Statutes 1992, section 256.9791, subdivision 3, is amended to read:

Subd. 3. [ELIGIBILITY; REPORTING REQUIREMENTS.] (a) In order for a county to be eligible to claim a bonus incentive payment, the county agency must ~~report to the commissioner, no later than August 1 of each fiscal year, provide the required information for each public assistance case no later than June 30 of each year to determine eligibility. The public authority shall use the information to establish for each county the number of cases as of June 30 of the preceding fiscal year in which (1) the court has established an obligation for coverage by the obligor, and (2) coverage was in effect as of June 30. The ratio resulting when the number of cases reported under (2) is divided by the number of cases reported under (1) shall be used to determine the amount of the bonus incentive according to subdivision 4.~~

(b) A county that fails to ~~submit~~ provide the required information by ~~August 1~~ June 30 of each fiscal year is not eligible for any bonus payments under this section for that fiscal year.

Sec. 12. Minnesota Statutes 1992, section 256.9791, subdivision 4, is amended to read:

Subd. 4. [RATE OF BONUS INCENTIVE.] The rate of the bonus incentive shall be determined according to ~~paragraphs paragraph (a) to (e).~~

(a) When a county agency has identified or enforced coverage ~~in up to and including 50 percent of its cases~~, the county shall receive ~~\$15~~ \$50 for each additional person for whom coverage is identified or enforced.

(b) ~~When a county agency has identified or enforced coverage in more than 50 percent but less than 80 percent of its cases, the county shall receive \$20 for each person for whom coverage is identified or enforced.~~

(c) ~~When a county agency has identified or enforced coverage in 80 percent or more of its cases, the county shall receive \$25 for each person for whom coverage is identified or enforced.~~

(d) Bonus payments according to ~~paragraphs paragraph (a) to (c)~~ are limited to one bonus for each covered person each time the county agency identifies or enforces previously unidentified health insurance coverage and apply only to coverage identified or enforced after July 1, 1990.

Sec. 13. [256.9792] [ARREARAGE COLLECTION PROJECTS.]

Subdivision 1. [ARREARAGE COLLECTIONS.] Two arrearage collection projects are created to increase the revenue to the state and counties, reduce AFDC expenditures for former public assistance cases, and increase payments of arrearages to persons who are not receiving public assistance by submitting cases for arrearage collection to the department of revenue and private collection agencies.

Subd. 2. [DEFINITIONS.] (a) The definitions in this subdivision apply to this section.

(b) "Public assistance arrearage only case" means a case where no current support is due and the arrearages are assigned to the public agency under section 256.74, subdivision 5.

(c) "Public authority" means the public authority responsible for child support enforcement.

(d) "Nonpublic assistance arrearage case" means a support case where arrearages have occurred that have not been assigned under section 256.74, subdivision 5.

Subd. 3. [AGENCY PARTICIPATION.] (a) The collection remedy under this section is in addition to and not in substitution for any other remedy available by law to the public authority. The public authority remains responsible for the case even after collection efforts are transferred to the department of revenue or a private agency.

(b) The department of revenue may not claim collections made on a case submitted by the public authority for a state tax offset under chapter 270A as a collection for the purposes of this project.

Subd. 4. [ELIGIBLE CASES.] For public assistance arrearage only cases or nonpublic assistance arrearage cases to be eligible for the collection projects, the criteria in paragraphs (a) to (f) must be met.

(a) Notice must be sent to the debtor, as defined in section 270A.03, subdivision 4, at the debtor's last known address at least 30 days before the date the collections effort is transferred. The notice must inform the debtor that the department of revenue or a private collections agency will use enforcement and collections remedies and may charge a fee of up to 30 percent of the arrearages. The notice must advise the debtor of the right to contest the debt on grounds limited to mistakes of fact. The debtor may contest the debt by submitting a written request for review to the public authority within 21 days of the date of the notice.

(b) The arrearages owed must be based on a court or administrative order.

(c) The arrearages to be collected must be at least \$100.

(d) The public assistance arrearages must be at least 90 days past due and have had no collection in the 90 days before submission, except for federal and state offset collections.

(e) For nonpublic assistance cases, the arrearages must be a docketed judgment under section 548.091.

(f) A public assistance arrearage only case meeting the criteria under this subdivision from a county participating in the collection projects must be submitted for collection.

Subd. 5. [COUNTY PARTICIPATION.] (a) After requesting counties to volunteer for the projects, the commissioner of human services may designate counties to participate in the projects, if needed.

(b) The commissioner of human services shall designate counties that will submit cases to the department of revenue and counties that will submit cases to private collection agencies.

Subd. 6. [FEES.] A collection fee set by the commissioner of human services and the commissioner of revenue not to exceed 30 percent must be charged to the person obligated to pay the arrearages. The collection fee is in addition to the amount owed, and must be retained by the commissioner of revenue to cover the costs of administering the program or by the private collection agency from the proceeds of the collection.

Subd. 7. [CONTRACTS.] (a) The commissioner of human services may contract with the commissioner of revenue or private agencies to implement the projects, charge fees, and exchange necessary information.

(b) The commissioner of human services may provide an advance payment to the commissioner of revenue for collection services to be repaid to the department of human services out of subsequent collections fees.

(c) Summary reports of collections, fees, and other costs charged must be submitted monthly to the state office of child support enforcement.

Subd. 8. [REMEDIES.] The commissioner of revenue may use the tax collection remedies in sections 270.06, clause (7), 270.69 to 270.72, and 290.92, subdivision 23, to collect public assistance arrearages. The statute of limitations provisions in chapter 270 do not apply to public assistance arrearage only cases.

Subd. 9. [PRIORITY OF DEBTS.] For collections under this section, the priority of payment must first be applied to any delinquent tax obligations of the debtor that are owed to the department of revenue and then to public assistance arrearage only cases.

Subd. 10. [DATA.] (a) Notwithstanding section 13.46, the public authority and the commissioner of human services may furnish private data necessary for the collection of arrearages under this section to the commissioner of revenue and private agencies. Notwithstanding section 270B.02, subdivision 1, the commissioner of revenue may furnish private return data necessary for collection of child support arrearages under this section to the commissioner of human services and the public authority.

(b) The provisions of sections 13.03, subdivision 4, dealing with intergovernmental dissemination of data, and 13.05, subdivision 6, dealing with data under contracts, apply to data released under this section.

Sec. 14. Minnesota Statutes 1992, section 257.66, subdivision 3, is amended to read:

Subd. 3. [JUDGMENT; ORDER.] The judgment or order shall contain provisions concerning the duty of support, the custody of the child, the name of the child, visitation privileges with the child, the furnishing of bond or other security for the payment of the judgment, or any other matter in the best interest of the child. Custody and visitation and all subsequent motions related to them shall proceed and be determined under section 257.541. The remaining matters and all subsequent motions related to them shall proceed and be determined in accordance with chapter 518. The judgment or order may direct the appropriate party to pay all or a proportion of the reasonable expenses of the mother's pregnancy and confinement, after consideration of the relevant facts, including the relative financial means of the parents; the earning ability of each parent; and any health insurance policies held by either parent, or by a spouse or parent of the parent, which would provide benefits for the expenses incurred by the mother during her pregnancy and confinement. Remedies available for the collection and enforcement of child support apply to confinement costs and are considered additional child support.

Sec. 15. Minnesota Statutes 1992, section 257.67, subdivision 3, is amended to read:

Subd. 3. Willful failure to obey the judgment or order of the court is a ~~civil~~ contempt of the court. All remedies for the enforcement of judgments apply including those available under chapters 518 and 518C and sections 518C.01 to 518C.36 and 256.871 to 256.878.

Sec. 16. Minnesota Statutes 1992, section 518.14, is amended to read:

518.14 [COSTS AND DISBURSEMENTS AND ATTORNEY FEES.]

In a proceeding under this chapter, the court shall award attorney fees, costs, and disbursements in an amount necessary to enable a party to carry on or contest the proceeding, provided it finds:

- (1) that the fees are necessary for the good-faith assertion of the party's rights in the proceeding and will not contribute unnecessarily to the length and expense of the proceeding;
- (2) that the party from whom fees, costs, and disbursements are sought has the means to pay them; and
- (3) that the party to whom fees, costs, and disbursements are awarded does not have the means to pay them.

Nothing in this section precludes the court from awarding, in its discretion, additional fees, costs, and disbursements against a party who unreasonably contributes to the length or expense of the proceeding. Fees, costs, and disbursements provided for in this section may be awarded at any point in the proceeding, including a modification proceeding under sections 518.18 and 518.64. The court may adjudge costs and disbursements against either party. The court may authorize the collection of money awarded by execution, or out of property sequestered, or in any other manner within the power of the court. An award of attorney's fees made by the court during the pendency of the proceeding or in the final judgment survives the proceeding and if not paid by the party directed to pay the same may be enforced as above provided or by a separate civil action brought in the attorney's own name. If the proceeding is dismissed or abandoned prior to determination and award of attorney's fees, the court may nevertheless award attorney's fees upon the attorney's motion. The award shall also survive the proceeding and may be enforced in the same manner as last above provided.

Sec. 17. Minnesota Statutes 1992, section 518.171, subdivision 1, is amended to read:

Subdivision 1. [ORDER.] (a) Unless the obligee has comparable or better group dependent health insurance coverage available at a more reasonable cost, the court shall order the obligor to name the minor child as beneficiary on any health and dental insurance plan that is comparable to or better than a number two qualified plan and available to the obligor on a group basis or through an employer or union. "Health insurance coverage" as used in this section does not include medical assistance provided under chapter 256, 256B, or 256D.

(b) If the court finds that dependent health or dental insurance is not available to the obligor or obligee on a group basis or through an employer or union, or that the group insurer is not accessible to the obligee, the court may require the obligor (1) to obtain other dependent health or dental insurance, or (2) to be liable for reasonable and necessary medical or dental expenses of the child, or (3) to pay no less than \$50 per month to be applied to the medical and dental expenses of the children or to the cost of health insurance dependent coverage.

(c) If the court finds that the available dependent health or dental insurance required to be obtained by the obligor does not pay all the reasonable and necessary medical or dental expenses of the child, or that the dependent health or dental insurance available to the obligee does not pay all the reasonable and necessary medical or dental expenses of the child, including any existing or anticipated extraordinary medical expenses, and the court finds that the obligor has the financial ability to contribute to the payment of these medical or dental expenses, the court shall require the obligor to be liable for all or a portion of the medical or dental expenses of the child not covered by the required health or dental plan. Medical and dental expenses include, but are not limited to, necessary orthodontia and eye care, including prescription lenses.

(d) If the obligor is employed by a self-insured employer subject only to the federal Employee Retirement Income Security Act (ERISA) of 1974, and the insurance benefit plan meets the above requirements, the court shall order the obligor to enroll the dependents within 30 days of the court order effective date or be liable for all medical and dental expenses occurring while coverage is not in effect. If enrollment in the ERISA plan is precluded by exclusionary clauses, the court shall order the obligor to obtain other coverage or make payments as provided in paragraph (b) or (c).

(e) Unless otherwise agreed by the parties, if the court finds that the obligee is not receiving public assistance for the child and has the financial ability to contribute to the cost of medical and dental expenses for the child, including the cost of insurance, the court may order the obligee and obligor to each assume a portion of these expenses based on their proportionate share of their total net income as defined in section 518.54, subdivision 6.

(f) Payments ordered under this section are subject to section 518.611. An obligee who fails to apply payments received to the medical expenses of the dependents may be found in contempt of this order.

Sec. 18. Minnesota Statutes 1992, section 518.171, subdivision 2, is amended to read:

Subd. 2. [SPOUSAL OR EX-SPOUSAL COVERAGE.] The court shall require the obligor to provide dependent health and dental insurance for the benefit of the obligee if it is available at no additional cost to the obligor and in this case the provisions of this section apply.

Sec. 19. Minnesota Statutes 1992, section 518.171, is amended by adding a subdivision to read:

Subd. 2a. [EMPLOYER AND OBLIGOR NOTICE.] If an individual is hired for employment, the employer may request that the individual disclose whether the individual has court-ordered medical support obligations that are required by law to be withheld from income and the terms of the court order, if any. The employer may request that the individual disclose whether the individual has been ordered by a court to provide health and dental dependent insurance coverage. The individual shall disclose this information at the time of hiring. If an individual discloses that medical support is required to be withheld, the employer shall begin withholding according to the terms of the order and pursuant to section 518.611, subdivision 8. If an individual discloses an obligation to obtain health and dental dependent insurance coverage and coverage is available through the employer, the employer shall make all application processes known to the individual upon hiring and enroll the employee and dependent in the plan pursuant to subdivision 3.

Sec. 20. Minnesota Statutes 1992, section 518.171, subdivision 3, is amended to read:

Subd. 3. [IMPLEMENTATION.] A copy of the court order for insurance coverage shall be forwarded to the obligor's employer or union by the obligee or the public authority responsible for support enforcement only when ordered by the court or when the following conditions are met:

(1) the obligor fails to provide written proof to the obligee or the public authority, within 30 days of receiving the effective notice date of the court order, that the insurance has been obtained or that application for insurability has been made;

(2) the obligee or the public authority serves written notice of its intent to enforce medical support on the obligor by mail at the obligor's last known post office address; and

(3) the obligor fails within 15 days after the mailing of the notice to provide written proof to the obligee or the public authority that the insurance coverage existed as of the date of mailing.

The employer or union shall forward a copy of the order to the health and dental insurance plan offered by the employer.

Sec. 21. Minnesota Statutes 1992, section 518.171, subdivision 4, is amended to read:

Subd. 4. [EFFECT OF ORDER.] (a) The order is binding on the employer or union and the health and dental insurance plan when service under subdivision 3 has been made. Upon receipt of the order, or upon application of the obligor pursuant to the order, the employer or union and its health and dental insurance plan shall enroll the minor child as a beneficiary in the group insurance plan and withhold any required premium from the obligor's income or wages. If more than one plan is offered by the employer or union, the child shall be enrolled in the insurance plan in which the obligor is enrolled or the least costly plan otherwise available to the obligor that is comparable to a number two qualified plan.

(b) An employer or union that willfully fails to comply with the order is liable for any health or dental expenses incurred by the dependents during the period of time the dependents were eligible to be enrolled in the insurance program, and for any other premium costs incurred because the employer or union willfully failed to comply with the order. An employer or union that fails to comply with the order is subject to contempt under section 41 and is also subject to a fine of \$500 to be paid to the obligee or public authority. Fines paid to the public authority are designated for child support enforcement services.

(c) Failure of the obligor to execute any documents necessary to enroll the dependent in the group health and dental insurance plan will not affect the obligation of the employer or union and group health and dental insurance plan to enroll the dependent in a plan for which other eligibility requirements are met. Information and authorization provided by the public authority responsible for child support enforcement, or by the custodial parent or guardian, is valid for the purposes of meeting enrollment requirements of the health plan. The insurance coverage for a child eligible under subdivision 5 shall not be terminated except as authorized in subdivision 5.

Sec. 22. Minnesota Statutes 1992, section 518.171, subdivision 6, is amended to read:

Subd. 6. [INSURER REIMBURSEMENT; CORRESPONDENCE AND NOTICE.] (a) The signature of the custodial parent of the insured dependent is a valid authorization to the insurer for purposes of processing an insurance reimbursement payment to the provider of the medical services or to the custodial parent if medical services have been prepaid by the custodial parent.

(b) The insurer shall send copies of all correspondence regarding the insurance coverage to both parents. When an order for dependent insurance coverage is in effect and the obligor's employment is terminated, or the insurance coverage is terminated, the insurer shall notify the obligee within ten days of the termination date with notice of conversion privileges.

Sec. 23. Minnesota Statutes 1992, section 518.171, subdivision 7, is amended to read:

Subd. 7. [RELEASE OF INFORMATION.] When an order for dependent insurance coverage is in effect, the obligor's employer or union, or insurance agent shall release to the obligee or the public authority, upon request, information on the dependent coverage, including the name of the insurer. Notwithstanding any other law, information reported pursuant to section 268.121 shall be released to the public agency responsible for support enforcement that is enforcing an order for medical or dental insurance coverage under this section. The public agency responsible for support enforcement is authorized to release to the obligor's insurer or employer information necessary to obtain or enforce medical support.

Sec. 24. Minnesota Statutes 1992, section 518.171, subdivision 8, is amended to read:

Subd. 8. [OBLIGOR LIABILITY.] ~~The~~ (a) An obligor that who fails to maintain the medical or dental insurance for the benefit of the children as ordered shall be or fails to provide other medical support as ordered is liable to the obligee for any medical or dental expenses incurred from the effective date of the court order, including health and dental insurance premiums paid by the obligee because of the obligor's failure to obtain coverage as ordered. Proof of failure to maintain insurance or noncompliance with an order to provide other medical support constitutes a showing of increased need by the obligee pursuant to section 518.64 and provides a basis for a modification of the obligor's child support order.

(b) Payments for services rendered to the dependents that are directed to the obligor, in the form of reimbursement by the insurer, must be endorsed over to and forwarded to the vendor or custodial parent or public authority when the reimbursement is not owed to the obligor. An obligor retaining insurance reimbursement not owed to the obligor may be found in contempt of this order and held liable for the amount of the reimbursement. Upon written verification by the insurer of the amounts paid to the obligor, the reimbursement amount is subject to all enforcement remedies available under subdivision 10.

Sec. 25. Minnesota Statutes 1992, section 518.171, subdivision 10, is amended to read:

Subd. 10. [ENFORCEMENT.] Remedies available for the collection and enforcement of child support apply to medical support. For the purpose of enforcement, the costs of individual or group health or hospitalization coverage, dental coverage, all medical costs ordered by the court to be paid by the obligor, including health and dental insurance premiums paid by the obligee because of the obligor's failure to obtain coverage as ordered or liabilities established pursuant to subdivision 8, are additional child support.

Sec. 26. Minnesota Statutes 1992, section 518.24, is amended to read:

518.24 [SECURITY; SEQUESTRATION; CONTEMPT.]

In all cases when maintenance or support payments are ordered, the court may require sufficient security to be given for the payment of them according to the terms of the order. Upon neglect or refusal to give security, or upon failure to pay the maintenance or support, the court may sequester the obligor's personal estate and the rents and profits of real estate of the obligor, and appoint a receiver of them. The court may cause the personal estate and the rents and profits of the real estate to be applied according to the terms of the order. The obligor is presumed to have an income from a source sufficient to pay the maintenance or support order. A child support or maintenance order constitutes prima facie evidence that the obligor has the ability to pay the award. If the obligor disobeys the order, it is prima facie evidence of contempt.

Sec. 27. Minnesota Statutes 1992, section 518.54, subdivision 4, is amended to read:

Subd. 4. [SUPPORT MONEY; CHILD SUPPORT.] "Support money" or "child support" means:

(1) an award in a dissolution, legal separation, ~~or annulment~~, or parentage proceeding for the care, support and education of any child of the marriage or of the parties to the ~~annulment proceeding~~; or

(2) a contribution by parents ordered under section 256.87.

Sec. 28. Minnesota Statutes 1992, section 518.551, subdivision 1, is amended to read:

Subdivision 1. [SCOPE; PAYMENT TO PUBLIC AGENCY.] (a) This section applies to all proceedings involving an award of child support.

(b) The court shall direct that all payments ordered for maintenance and support be made to the public agency responsible for child support enforcement so long as the obligee is receiving or has applied for public assistance, or has applied for child support and maintenance collection services. Public authorities responsible for child support enforcement may act on behalf of other public authorities responsible for child support enforcement. This includes the authority to represent the legal interests of or execute documents on behalf of the other public authority in connection with the establishment, enforcement, and collection of child support, maintenance, or medical support, and collection on judgments. Amounts received by the public agency responsible for child support enforcement greater than the amount granted to the obligee shall be remitted to the obligee.

Sec. 29. Minnesota Statutes 1992, section 518.551, subdivision 5, is amended to read:

Subd. 5. [NOTICE TO PUBLIC AUTHORITY; GUIDELINES.] (a) The petitioner shall notify the public authority of all proceedings for dissolution, legal separation, determination of parentage or for the custody of a child, if either party is receiving aid to families with dependent children or applies for it subsequent to the commencement of the proceeding. After receipt of the notice, the court shall set child support as provided in this subdivision. The court may order either or both parents owing a duty of support to a child of the marriage to pay an amount reasonable or necessary for the child's support, without regard to marital misconduct. The court shall approve a child support stipulation of the parties if each party is represented by independent counsel, unless the stipulation does not meet the conditions of paragraph (h). In other cases the court shall determine and order child support in a specific dollar amount in accordance with the guidelines and the other factors set forth in paragraph (b) and any departure therefrom. The court may also order the obligor to pay child support in the form of a percentage share of the obligor's net bonuses, commissions, or other forms of compensation, in addition to, or if the obligor receives no base pay, in lieu of, an order for a specific dollar amount.

(b) The court shall derive a specific dollar amount for child support by multiplying the obligor's net income by the percentage indicated by the following guidelines:

Net Income Per Month of Obligor	Number of Children						
	1	2	3	4	5	6	7 or more
\$400 \$550 and Below	Order based on the ability of the obligor to provide support at these income levels, or at higher levels, if the obligor has the earning ability.

7500
or the amount
in effect under
paragraph (k)

Guidelines for support for an obligor with a monthly income of ~~\$4,001~~ \$7,501 or more shall be the same dollar amounts as provided for in the guidelines for an obligor with a monthly income of ~~\$4,000~~ \$7,500 or the amount in effect under paragraph (k).

Net Income defined as:

Total monthly income less

- *(i) Federal Income Tax
- *(ii) State Income Tax
- (iii) Social Security Deductions
- (iv) Reasonable Pension Deductions

*Standard Deductions apply-use of tax tables recommended

- (v) Union Dues
- (vi) Cost of Dependent Health Insurance Coverage
- (vii) Cost of Individual or Group Health/Hospitalization Coverage or an Amount for Actual Medical Expenses
- (viii) A Child Support or Maintenance Order that is Currently Being Paid.

"Net income" does not include:

(1) the income of the obligor's spouse, but does include in-kind payments received by the obligor in the course of employment, self-employment, or operation of a business if the payments reduce the obligor's living expenses; or

(2) compensation received by a party for employment in excess of a 40-hour work week, provided that:

(i) support is nonetheless ordered in an amount at least equal to the guidelines amount based on income not excluded under this clause; and

(ii) the party demonstrates, and the court finds, that:

(A) the excess employment began after the filing of the petition for dissolution;

(B) the excess employment reflects an increase in the work schedule or hours worked over that of the two years immediately preceding the filing of the petition;

(C) the excess employment is voluntary and not a condition of employment;

(D) the excess employment is in the nature of additional, part-time or overtime employment compensable by the hour or fraction of an hour; and

(E) the party's compensation structure has not been changed for the purpose of affecting a support or maintenance obligation.

The court shall review the work related and education related child care costs of the custodial parent and shall allocate the costs to each parent in proportion to each parent's income after the transfer of child support. The cost of child care for purposes of this section is determined by subtracting the amount of any federal and state income tax credits available to a parent from the actual cost paid for child care. The amount allocated for child care expenses is considered child support.

~~(b)~~ (c) In addition to the child support guidelines, the court shall take into consideration the following factors in setting or modifying child support:

(1) all earnings, income, and resources of the parents, including real and personal property, but excluding income from excess employment of the obligor or obligee that meets the criteria of paragraph ~~(a)~~ (b), clause (2)(ii);

(2) the financial needs and resources, physical and emotional condition, and educational needs of the child or children to be supported;

(3) the standards of living the child would have enjoyed had the marriage not been dissolved, but recognizing that the parents now have separate households;

~~(4) the amount of the aid to families with dependent children grant for the child or children;~~

~~(5)~~ which parent receives the income taxation dependency exemption and what financial benefit the parent receives from it; and

~~(6)~~ (5) the parents' debts as provided in paragraph ~~(e)~~ (d).

(e) (d) In establishing or modifying a support obligation, the court may consider debts owed to private creditors, but only if:

(1) the right to support has not been assigned under section 256.74;

(2) the court determines that the debt was reasonably incurred for necessary support of the child or parent or for the necessary generation of income. If the debt was incurred for the necessary generation of income, the court shall consider only the amount of debt that is essential to the continuing generation of income; and

(3) the party requesting a departure produces a sworn schedule of the debts, with supporting documentation, showing goods or services purchased, the recipient of them, the amount of the original debt, the outstanding balance, the monthly payment, and the number of months until the debt will be fully paid.

~~(d)~~ (e) Any schedule prepared under paragraph (e) ~~(d)~~, clause (3), shall contain a statement that the debt will be fully paid after the number of months shown in the schedule, barring emergencies beyond the party's control.

(e) (f) Any further departure below the guidelines that is based on a consideration of debts owed to private creditors shall not exceed 18 months in duration, after which the support shall increase automatically to the level ordered by the court. Nothing in this section shall be construed to prohibit one or more step increases in support to reflect debt retirement during the 18-month period.

~~(f)~~ Where (g) If payment of debt is ordered pursuant to this section, the payment shall be ordered to be in the nature of child support.

~~(g)~~ (h) Nothing shall preclude the court from receiving evidence on the above factors to determine if the guidelines should be exceeded or modified in a particular case.

(h) (i) The guidelines in this subdivision are a rebuttable presumption and shall be used in all cases when establishing or modifying child support. If the court does not deviate from the guidelines, the court shall make written findings concerning the amount of the obligor's income used as the basis for the guidelines calculation and any other significant evidentiary factors affecting the determination of child support. If the court deviates from the guidelines, the court shall make written findings giving the reasons for the deviation and shall specifically address the criteria in paragraph (b) and how the deviation serves the best interest of the child. The provisions of this paragraph apply whether or not the parties are each represented by independent counsel and have entered into a written agreement. The court shall review stipulations presented to it for conformity to the guidelines and the court is not required to conduct a hearing, but the parties shall provide the documentation of earnings required under subdivision 5b.

(j) If the child support payments are assigned to the public agency under section 256.74, the court may not deviate downward from the child support guidelines in the establishment of a child support order unless the court specifically finds that the failure to deviate downward would impose an extreme hardship on the obligor.

(k) The dollar amount of the income limit for application of the guidelines must be adjusted on July 1 of every even-numbered year to reflect cost-of-living changes. The supreme court shall select the index for the adjustment from the indices listed in section 518.641. The state court administrator shall make the changes in the dollar amount required by this paragraph available to courts and the public on or before April 30 of the year in which the amount is to change.

Sec. 30. Minnesota Statutes 1992, section 518.551, subdivision 5b, is amended to read:

Subd. 5b. [DETERMINATION OF INCOME.] (a) The parties shall timely serve and file documentation of earnings and income. When there is a prehearing conference, the court must receive the documentation of income at least ten days prior to the prehearing conference. Documentation of earnings and income also includes, but is not limited to, pay stubs for the most recent three months, employer statements, or statement of receipts and expenses if self-employed. Documentation of earnings and income also includes copies of each parent's most recent federal tax returns, including W-2 forms, 1099 forms, unemployment compensation statements, workers' compensation statements, and all other documents evidencing income as received that provide verification of income over a longer period.

(b) In addition to the requirements of paragraph (a), at any time after an action seeking child support has been commenced or when a child support order is in effect, a party or the public authority may require the other party to give them a copy of the party's most recent federal tax returns that were filed with the Internal Revenue Service. The party shall provide a copy of the tax returns within 30 days of receipt of the request unless the request is not made in good faith. Failure of a party, without leave of the court, to provide a true and accurate copy of the tax return as required under this paragraph may be contempt of court. A request under this paragraph may not be made more than once every two years, in the absence of good cause.

(c) If a parent under the jurisdiction of the court does not appear at a court hearing after proper notice of the time and place of the hearing, the court shall set income for that parent based on credible evidence before the court or in accordance with paragraph (e) ~~(d)~~. Credible evidence may include documentation of current or recent income, testimony of the other parent concerning recent earnings and income levels, and the parent's wage reports filed with the Minnesota department of jobs and training under section 268.121.

(e) (d) If the court finds that a parent is voluntarily unemployed or underemployed, child support shall be calculated based on a determination of imputed income. A parent is not considered voluntarily unemployed or underemployed upon a showing by the parent that the unemployment or underemployment: (1) is temporary and will ultimately lead to an increase in income; or (2) represents a bona fide career change that outweighs the adverse effect of that parent's diminished income on the child. Imputed income means the estimated earning ability of a parent based on the parent's prior earnings history, education, and job skills, and on availability of jobs within the community for an individual with the parent's qualifications. If the court is unable to determine or estimate the earning ability of a parent, the court may calculate child support based on full-time employment of 40 hours per week at the federal minimum wage or the Minnesota minimum wage, whichever is higher. If a parent is a recipient of public assistance under sections 256.72 to 256.87 or chapter 256D, or is physically or mentally incapacitated, it shall be presumed that the parent is not voluntarily unemployed or underemployed.

Sec. 31. Minnesota Statutes 1992, section 518.551, is amended by adding a subdivision to read:

Subd. 5d. [EDUCATION TRUST FUND.] If the child support order provides the child with a reasonable standard of living, the parties may agree to designate a sum of money as a trust fund for the costs of post-secondary education.

Sec. 32. Minnesota Statutes 1992, section 518.551, subdivision 7, is amended to read:

Subd. 7. [SERVICE FEE.] When the public agency responsible for child support enforcement provides child support collection services either to a public assistance recipient or to a party who does not receive public assistance, the public agency may upon written notice to the obligor charge a monthly collection fee equivalent to the full monthly cost to the county of providing collection services, in addition to the amount of the child support which was ordered by the court. The fee shall be deposited in the county general fund. The service fee assessed is limited to ten percent of the monthly court ordered child support and shall not be assessed to obligors who are current in payment of the monthly court ordered child support.

An application fee ~~not to exceed~~ of \$25 shall be paid by the person who applies for child support and maintenance collection services, except persons who transfer from public assistance to nonpublic assistance status. Fees assessed by state and federal tax agencies for collection of overdue support owed to or on behalf of a person not receiving public assistance must be imposed on the person for whom these services are provided. The public authority upon written notice to the obligee shall assess a fee of \$25 to the person not receiving public assistance for each successful federal tax interception. The fee must be withheld prior to the release of the funds received from each interception and deposited in the general fund.

However, the limitations of this subdivision on the assessment of fees shall not apply to the extent inconsistent with the requirements of federal law for receiving funds for the programs under Title IV-A and Title IV-D of the Social Security Act, United States Code, title 42, sections 601 to 613 and United States Code, title 42, sections 651 to 662.

Sec. 33. Minnesota Statutes 1992, section 518.551, subdivision 10, is amended to read:

Subd. 10. [ADMINISTRATIVE PROCESS FOR CHILD AND MEDICAL SUPPORT ORDERS.] (a) An administrative process is established to obtain, modify, and enforce child and medical support orders and maintenance.

The commissioner of human services may designate counties to participate in the administrative process established by this section. All proceedings for obtaining, modifying, or enforcing child and medical support orders and maintenance and adjudicating uncontested parentage proceedings, are required to be conducted in counties designated by the commissioner of human services in which the county human services agency is a party or represents provides services to a party or parties to the action. These actions must be conducted by an administrative law judge from the office of administrative hearings, except for the following proceedings:

- (1) adjudication of contested parentage;
- (2) motions to set aside a paternity adjudication or declaration of parentage;
- (3) evidentiary hearing on contempt motions; and
- (4) motions to sentence or to revoke the stay of a jail sentence in contempt proceedings.

(b) An administrative law judge may hear a stipulation reached on a contempt motion, but any stipulation that involves a finding of contempt and a jail sentence, whether stayed or imposed, shall require the review and signature of a district judge.

(c) For the purpose of this process, all powers, duties, and responsibilities conferred on judges of the district court to obtain and enforce child and medical support and maintenance obligations, subject to the limitation set forth herein, are conferred on the administrative law judge conducting the proceedings, including the power to issue orders to show cause and to issue bench warrants for failure to appear.

(d) Before implementing the process in a county, the chief administrative law judge, the commissioner of human services, the director of the county human services agency, the county attorney, ~~and the county court administrator,~~ and county sheriff shall jointly establish procedures and the county shall provide hearing facilities for implementing this process in a county.

(e) Nonattorney employees of the public agency responsible for child support in the counties designated by the commissioner, ~~acting at the direction of the county attorney,~~ may prepare, sign, serve, and file complaints and motions for obtaining, modifying, or enforcing child and medical support orders and maintenance and related documents, appear at prehearing conferences, and participate in proceedings before an administrative law judge. This activity shall not be considered to be the unauthorized practice of law.

(f) The hearings shall be conducted under the rules of the office of administrative hearings, Minnesota Rules, parts 1400.7100 to 1400.7500, 1400.7700, and 1400.7800, as adopted by the chief administrative law judge. All other aspects of the case, including, but not limited to, pleadings, discovery, and motions, shall be conducted under the rules of family court, the rules of civil procedure, and chapter 518. The administrative law judge shall make findings of fact, conclusions, and a final decision and issue an order. Orders issued by an administrative law judge are enforceable by the contempt powers of the county and district courts.

(g) The decision and order of the administrative law judge is appealable to the court of appeals in the same manner as a decision of the district court.

(h) The commissioner of human services shall distribute money for this purpose to counties to cover the costs of the administrative process, including the salaries of administrative law judges. If available appropriations are insufficient to cover the costs, the commissioner shall prorate the amount among the counties.

Sec. 34. Minnesota Statutes 1992, section 518.551, subdivision 12, is amended to read:

Subd. 12. [OCCUPATIONAL LICENSE SUSPENSION.] Upon petition of an obligee or public agency responsible for child support enforcement, if the court finds that the obligor is or may be licensed by a licensing board listed in section 214.01 or other state agency or board that issues an occupational license and the obligor is in arrears in court-ordered child support payments, the court may direct the licensing board or other licensing agency to conduct a hearing under section 214.101 concerning suspension of the obligor's license. If the obligor is a licensed attorney, the court may report the matter to the lawyers professional responsibility board for appropriate action in accordance with the rules of professional conduct. The remedy under this subdivision is in addition to any other enforcement remedy available to the court.

Sec. 35. Minnesota Statutes 1992, section 518.57, subdivision 1, is amended to read:

Subdivision 1. [ORDER.] Upon a decree of dissolution, legal separation, or annulment, the court shall make a further order which is just and proper concerning the maintenance of the minor children as provided by section 518.551, and for the maintenance of any child of the parties as defined in section 518.54, as support money, ~~and. The court may make the same~~ any child support order a lien or charge upon the property of the parties ~~to the proceeding, or either of them~~ obligor, either at the time of the entry of the judgment or by subsequent order upon proper application.

Sec. 36. Minnesota Statutes 1992, section 518.57, is amended by adding a subdivision to read:

Subd. 4. [OTHER CUSTODIANS.] If a child resides with a person other than a parent and the court approves of the custody arrangement, the court may order child support payments to be made to the custodian regardless of whether the person has legal custody.

Sec. 37. Minnesota Statutes 1992, section 518.611, subdivision 4, is amended to read:

Subd. 4. [EFFECT OF ORDER.] (a) Notwithstanding any law to the contrary, the order is binding on the employer, trustee, payor of the funds, or financial institution when service under subdivision 2 has been made. Withholding must begin no later than the first pay period that occurs after 14 days following the date of the notice. In the case of a financial institution, preauthorized transfers must occur in accordance with a court-ordered payment schedule. An employer, payor of funds, or financial institution in this state is required to withhold income according to court orders for withholding issued by other states or territories. The payor shall withhold from the income payable to the obligor the amount specified in the order and amounts required under subdivision 2 and section 518.613 and shall remit, within ten days of the date the obligor is paid the remainder of the income, the amounts withheld to the public authority. The payor shall identify on the remittance information the date the obligor is paid the remainder of the income. The obligor is considered to have paid the amount withheld as of the date the obligor received the remainder of the income. The financial institution shall execute preauthorized transfers from the deposit accounts of the obligor in the amount specified in the order and amounts required under subdivision 2 as directed by the public authority responsible for child support enforcement.

(b) Employers may combine all amounts withheld from one pay period into one payment to each public authority, but shall separately identify each obligor making payment. Amounts received by the public authority which are in excess of public assistance expended for the party or for a child shall be remitted to the party.

(c) An employer shall not discharge, or refuse to hire, or otherwise discipline an employee as a result of a wage or salary withholding authorized by this section. The employer or other payor of funds shall be liable to the obligee for any amounts required to be withheld. A financial institution is liable to the obligee if funds in any of the obligor's deposit accounts identified in the court order equal the amount stated in the preauthorization agreement but are not transferred by the financial institution in accordance with the agreement. An employer or other payor of funds that fails to withhold or transfer funds in accordance with this section is also liable to the obligee for interest on the funds at the rate applicable to judgments under section 549.09, computed from the date the funds were required to be withheld or transferred. An employer or other payor of funds is liable for reasonable attorney fees of the obligee or public authority incurred in enforcing the liability under this paragraph. An employer or other payor of funds that has failed to comply with the requirements of this section is subject to contempt sanctions under section 41.

Sec. 38. Minnesota Statutes 1992, section 518.613, subdivision 1, is amended to read:

Subdivision 1. [GENERAL.] Notwithstanding any provision of section 518.611, subdivision 2 or 3, to the contrary, whenever an obligation for child support or maintenance, enforced by the public authority, is initially determined and ordered or modified by the court in a county in which this section applies, the amount of child support or maintenance ordered by the court and any fees assessed by the public authority responsible for child support enforcement must be withheld from the income, regardless of source, of the person obligated to pay the support.

Sec. 39. [518.615] [EMPLOYER CONTEMPT.]

Subdivision 1. [ORDERS BINDING.] Income withholding or medical support orders issued pursuant to sections 518.171, 518.611, and 518.613 are binding on the employer, trustee, or other payor of funds after the order and notice of income withholding or enforcement of medical support has been served on the employer, trustee, or payor of funds.

Subd. 2. [CONTEMPT ACTION.] An obligee or the public agency responsible for child support enforcement may initiate a contempt action against an employer, trustee, or payor of funds, within the action that created the support obligation, by serving an order to show cause upon the employer, trustee, or payor of funds.

The employer, trustee, or payor of funds is presumed to be in contempt:

(1) if the employer, trustee, or payor of funds has intentionally failed to withhold support after receiving the order and notice of income withholding or notice of enforcement of medical support; or

(2) upon presentation of pay stubs or similar documentation showing the employer, trustee, or payor of funds withheld support and demonstration that the employer, trustee, or payor of funds intentionally failed to remit support to the agency responsible for child support enforcement.

Subd. 3. [LIABILITY.] The employer, trustee, or payor of funds is liable to the obligee or the agency responsible for child support enforcement for any amounts required to be withheld that were not paid. The court may enter judgment against the employer, trustee, or payor of funds for support not withheld or remitted. The court may also impose contempt sanctions under chapter 588.

Sec. 40. Minnesota Statutes 1992, section 518.64, subdivision 1, is amended to read:

Subdivision 1. After an order for maintenance or support money, temporary or permanent, or for the appointment of trustees to receive property awarded as maintenance or support money, the court may from time to time, on motion of either of the parties, a copy of which is served on the public authority responsible for child support enforcement if payments are made through it, or on motion of the public authority responsible for support enforcement, modify the order respecting the amount of maintenance or support money, and the payment of it, and also respecting the appropriation and payment of the principal and income of property held in trust, and may make an order respecting these matters which it might have made in the original proceeding, except as herein otherwise provided. A party or the public authority also may bring a motion for contempt of court if the obligor is in arrears in support or maintenance payments.

Sec. 41. Minnesota Statutes 1992, section 518.64, subdivision 2, is amended to read:

Subd. 2. [MODIFICATION.] (a) The terms of an order respecting maintenance or support may be modified upon a showing of one or more of the following: (1) substantially increased or decreased earnings of a party; (2) substantially increased or decreased need of a party or the child or children that are the subject of these proceedings; (3) receipt of assistance under sections 256.72 to 256.87; or (4) a change in the cost of living for either party as measured by the federal bureau of statistics, any of which makes the terms unreasonable and unfair; or (5) extraordinary medical expenses of the child not provided for under section 518.171.

It is presumed that there has been a substantial change in circumstances under clause (1), (2), or (4) and the terms of a current support order shall be rebuttably presumed to be unreasonable and unfair if the application of the child support guidelines in section 518.551, subdivision 5, to the current circumstances of the parties results in a calculated court order that is at least 20 percent and at least \$50 per month higher or lower than the current support order.

(b) On a motion for modification of maintenance, including a motion for the extension of the duration of a maintenance award, the court shall apply, in addition to all other relevant factors, the factors for an award of maintenance under section 518.552 that exist at the time of the motion. On a motion for modification of support, the court:

(1) shall apply section 518.551, subdivision 5, and shall not consider the financial circumstances of each party's spouse, if any; and

(2) shall not consider compensation received by a party for employment in excess of a 40-hour work week, provided that the party demonstrates, and the court finds, that:

(i) the excess employment began after entry of the existing support order;

(ii) the excess employment is voluntary and not a condition of employment;

(iii) the excess employment is in the nature of additional, part-time employment, or overtime employment compensable by the hour or fractions of an hour;

(iv) the party's compensation structure has not been changed for the purpose of affecting a support or maintenance obligation;

(v) in the case of an obligor, current child support payments are at least equal to the guidelines amount based on income not excluded under this clause; and

(vi) in the case of an obligor who is in arrears in child support payments to the obligee, any net income from excess employment must be used to pay the arrearages until the arrearages are paid in full.

(c) A modification of support or maintenance may be made retroactive only with respect to any period during which the petitioning party has pending a motion for modification but only from the date of service of notice of the motion on the responding party and on the public authority if public assistance is being furnished or the county attorney is the attorney of record. However, modification may be applied to an earlier period if the court makes express findings that the party seeking modification was precluded from serving a motion by reason of a significant physical or mental disability, a material misrepresentation of another party, or fraud upon the court and that the party seeking modification, when no longer precluded, promptly served a motion.

(d) Except for an award of the right of occupancy of the homestead, provided in section 518.63, all divisions of real and personal property provided by section 518.58 shall be final, and may be revoked or modified only where the court finds the existence of conditions that justify reopening a judgment under the laws of this state, including motions under section 518.145, subdivision 2. The court may impose a lien or charge on the divided property at any time while the property, or subsequently acquired property, is owned by the parties or either of them, for the payment of maintenance or support money, or may sequester the property as is provided by section 518.24.

(e) The court need not hold an evidentiary hearing on a motion for modification of maintenance or support.

(f) Section 518.14 shall govern the award of attorney fees for motions brought under this subdivision.

Sec. 42. Minnesota Statutes 1992, section 518.64, subdivision 5, is amended to read:

Subd. 5. [FORM.] The department of human services shall prepare and make available to courts, obligors and persons to whom child support is owed a form to be submitted by the obligor or the person to whom child support is owed in support of a motion for a modification of an order for support or maintenance or for contempt of court. The rulemaking provisions of chapter 14 shall not apply to the preparation of the form.

Sec. 43. Minnesota Statutes 1992, section 518.64, subdivision 6, is amended to read:

Subd. 6. [EXPEDITED PROCEDURE.] (a) The public authority may seek a modification of the child support order in accordance with the rules of civil procedure or under the expedited procedures in this subdivision.

(b) The public authority may serve the following documents upon the obligor either by certified mail or in the manner provided for service of ~~a summons~~ other pleadings under the rules of civil procedure:

(i) a notice of its application for modification of the obligor's support order stating the amount and effective date of the proposed modification which date shall be no sooner than 30 days from the date of service;

(ii) an affidavit setting out the basis for the modification under subdivision 2, including evidence of the current income of the parties;

(iii) any other documents the public authority intends to file with the court in support of the modification;

(iv) the proposed order;

(v) notice to the obligor that if the obligor fails to move the court and request a hearing on the issue of modification of the support order within 30 days of service of the notice of application for modification, the public authority will likely obtain an order, ex parte, modifying the support order; and

(vi) an explanation to the obligor of how a hearing can be requested, together with a motion for review form that the obligor can complete and file with the court to request a hearing.

(c) If the obligor moves the court for a hearing, any modification must be stayed until the court has had the opportunity to determine the issue. Any modification ordered by the court is effective on the date set out in the notice of application for modification, but no earlier than 30 days following the date the obligor was served.

(d) If the obligor fails to move the court for hearing within 30 days of service of the notice, the public authority shall file with the court a copy of the notice served on the obligor as well as all documents served on the obligor, proof of service, and a proposed order modifying support.

(e) If, following judicial review, the court determines that the procedures provided for in this subdivision have been followed and the requested modification is appropriate, the order shall be signed ex parte and entered.

(f) Failure of the court to enter an order under this subdivision does not prejudice the right of the public authority or either party to seek modification in accordance with the rules of civil procedure.

(g) The supreme court shall develop standard forms for the notice of application of modification of the support order, the supporting affidavit, the obligor's responsive motion, and proposed order granting the modification.

Sec. 44. [518.585] [NOTICE OF INTEREST ON LATE CHILD SUPPORT.]

Any judgment or decree of dissolution or legal separation containing a requirement of child support and any determination of parentage, order under chapter 518C, order under section 256.87, or order under section 260.251 must include a notice to the parties that section 49 provides for interest to begin accruing on a payment or installment of child support whenever the unpaid amount due is greater than the current support due.

Sec. 45. Minnesota Statutes 1992, section 519.11, is amended to read:

519.11 [ANTENUPTIAL CONTRACT AND POSTNUPTIAL CONTRACTS.]

Subdivision 1. [ANTENUPTIAL CONTRACT.] A man and woman of legal age may enter into an antenuptial contract or settlement prior to solemnization of marriage which shall be valid and enforceable if (a) there is a full and fair disclosure of the earnings and property of each party, and (b) the parties have had an opportunity to consult with legal counsel of their own choice. An antenuptial contract or settlement made in conformity with this section may determine what rights each party has in the nonmarital property, defined in section 518.54, subdivision 5, clauses (a) to (d), upon dissolution of marriage, legal separation or after its termination by death and may bar each other of all rights in the respective estates not so secured to them by their agreement. This section shall not be construed to make invalid or unenforceable any antenuptial agreement or settlement made and executed in conformity with this section because the agreement or settlement covers or includes marital property, if the agreement or settlement would be valid and enforceable without regard to this section.

Subd. 1a. [POSTNUPTIAL CONTRACT.] (a) Spouses who are legally married under the laws of this state may enter into a postnuptial contract or settlement which is valid and enforceable if it:

(1) complies with the requirements for antenuptial contracts or settlements in this section and in the law of this state, including, but not limited to, the requirement that it be procedurally and substantively fair and equitable both at the time of its execution and at the time of its enforcement; and

(2) complies with the requirements for postnuptial contracts or settlements in this section.

(b) A postnuptial contract or settlement that conforms with this section may determine all matters that may be determined by an antenuptial contract or settlement under the law of this state, except that a postnuptial contract or settlement may not determine the rights of any child of the spouses to child support from either spouse.

(c) A postnuptial contract or settlement is valid and enforceable only if at the time of its execution each spouse is represented by separate legal counsel.

(d) A postnuptial contract or settlement is valid and enforceable only if at the time of its execution each of the spouses entering into the contract or settlement has marital property titled in that spouse's name, nonmarital property, or a combination of marital property titled in that spouse's name and nonmarital property with a total value exceeding \$1,200,000.

(e) A postnuptial contract or settlement is not valid or enforceable if either party commences an action for a legal separation or dissolution within two years of the date of its execution.

Subd. 2. [WRITING; EXECUTION.] Antenuptial or postnuptial contracts or settlements shall be in writing, executed in the presence of two witnesses and acknowledged by the parties, executing the same before any officer or person authorized to administer an oath under the laws of this state. ~~The agreement~~ An antenuptial contract must be entered into and executed prior to the day of solemnization of marriage.

Subd. 2a. [AMENDMENT OR REVOCATION.] An antenuptial contract or settlement may be amended or revoked after the marriage of the parties only by a valid postnuptial contract or settlement which complies with this section and with the laws of this state. A postnuptial contract or settlement may be amended or revoked only by a later, valid postnuptial contract or settlement which complies with this section and with the laws of this state.

Subd. 3. [FILING; RECORDING.] An antenuptial or postnuptial contract or settlement which by its terms conveys or determines what rights each has in the other's real property and sets forth the legal description of the real estate granted or affected by the agreement may be filed or recorded in every county where any real estate so described is situated, in the office of the county recorder for the county or in any public office authorized to receive a deed, assignment or other instrument affecting the real estate, for filing or recording.

Subd. 4. [EFFECT OF RECORDING.] Any antenuptial or postnuptial contract or settlement not recorded in the office of the county recorder or other public office authorized to receive the document, where the real property is located, shall be void as against any subsequent purchaser in good faith and for a valuable consideration of the same real property, or any part thereof, whose conveyance is first duly recorded, and as against any attachment levied thereon or any judgment lawfully obtained at the suit of any party against the person in whose name the title to the property appears of record prior to recording of the conveyance.

Subd. 5. [EVIDENCE; BURDEN OF PROOF.] An antenuptial or postnuptial contract or settlement duly acknowledged and attested shall be prima facie proof of the matters acknowledged therein and as to those matters, the burden of proof shall be and rest upon the person contesting the same.

Subd. 6. [EFFECTIVE DATE.] This section shall apply to all antenuptial contracts and settlements executed on or after August 1, 1979, and shall apply to all postnuptial contracts and settlements executed on or after August 1, 1993.

Subd. 7. [EFFECT OF SECTIONS 519.01 TO 519.101.] Nothing in sections 519.01 to 519.101, shall be construed to affect antenuptial or postnuptial contracts or settlements.

Sec. 46. Minnesota Statutes 1992, section 548.09, subdivision 1, is amended to read:

Subdivision 1. [DOCKETING; SURVIVAL OF JUDGMENT.] Except as provided in section 548.091, every judgment requiring the payment of money shall be docketed by the court administrator upon its entry. Upon a transcript of the docket being filed with the court administrator in any other county, the court administrator shall also docket it. From the time of docketing the judgment is a lien, in the amount unpaid, upon all real property in the county then or thereafter owned by the judgment debtor, but it is not a lien upon registered land unless it is also filed pursuant to sections 508.63 and 508A.63. The judgment survives, and the lien continues, for ten years after its entry. An action to renew a child support judgment may be served by first class mail at the last known address of the debtor.

Sec. 47. Minnesota Statutes 1992, section 548.091, subdivision 1a, is amended to read:

Subd. 1a. [CHILD SUPPORT JUDGMENT BY OPERATION OF LAW.] Any payment or installment of support required by a judgment or decree of dissolution or legal separation, determination of parentage, an order under chapter 518C, an order under section 256.87, or an order under section 260.251, that is not paid or withheld from the obligor's income as required under section 518.611 or 518.613, is a judgment by operation of law on and after the date it is due and is entitled to full faith and credit in this state and any other state. Interest accrues at an annual rate of ten percent from the date the judgment on the payment or installment is entered and docketed under subdivision 3a, at the annual rate provided in section 549.09, subdivision 1 unpaid amount due is greater than the current support due. A payment or installment of support that becomes a judgment by operation of law between the date on which a party served notice of a motion for modification under section 518.64, subdivision 2, and the date of the court's order on modification may be modified under that subdivision.

Sec. 48. Minnesota Statutes 1992, section 548.091, subdivision 3a, is amended to read:

Subd. 3a. [ENTRY, DOCKETING, AND SURVIVAL OF CHILD SUPPORT JUDGMENT.] Upon receipt of the documents filed under subdivision 2a, the court administrator shall enter and docket the judgment in the amount of the default specified in the affidavit of default. From the time of docketing, the judgment is a lien upon all the real property in the county owned by the judgment debtor. The judgment survives and the lien continues for ten years after the date the judgment was docketed. An action to renew a child support judgment may be served by first class mail at the last known address of the debtor.

Sec. 49. Minnesota Statutes 1992, section 588.20, is amended to read:

588.20 [CRIMINAL CONTEMPTS.]

Every person who shall commit a contempt of court, of any one of the following kinds, shall be guilty of a misdemeanor:

(1) Disorderly, contemptuous, or insolent behavior, committed during the sitting of the court, in its immediate view and presence, and directly tending to interrupt its proceedings, or to impair the respect due to its authority;

(2) Behavior of like character in the presence of a referee, while actually engaged in a trial or hearing, pursuant to an order of court, or in the presence of a jury while actually sitting for the trial of a cause, or upon an inquest or other proceeding authorized by law;

(3) Breach of the peace, noise, or other disturbance directly tending to interrupt the proceedings of a court, jury, or referee;

(4) Willful disobedience to the lawful process or other mandate of a court;

(5) Resistance willfully offered to its lawful process or other mandate;

(7) Publication of a false or grossly inaccurate report of its proceedings; or

(8) Willful failure to pay court-ordered child support when the obligor has the ability to pay.

No person shall be punished as herein provided for publishing a true, full, and fair report of a trial, argument, decision, or other proceeding had in court.

Sec. 50. Minnesota Statutes 1992, section 595.02, subdivision 1, is amended to read:

Subdivision 1. [COMPETENCY OF WITNESSES.] Every person of sufficient understanding, including a party, may testify in any action or proceeding, civil or criminal, in court or before any person who has authority to receive evidence, except as provided in this subdivision:

(a) A husband cannot be examined for or against his wife without her consent, nor a wife for or against her husband without his consent, nor can either, during the marriage or afterwards, without the consent of the other, be examined as to any communication made by one to the other during the marriage. This exception does not apply to a civil action or proceeding by one against the other, nor to a criminal action or proceeding for a crime committed by one against the other or against a child of either or against a child under the care of either spouse, nor to a criminal action or proceeding in which one is charged with homicide or an attempt to commit homicide and the date of the marriage of the defendant is subsequent to the date of the offense, nor to an action or proceeding for nonsupport, neglect, dependency, or termination of parental rights.

(b) An attorney cannot, without the consent of the attorney's client, be examined as to any communication made by the client to the attorney or the attorney's advice given thereon in the course of professional duty; nor can any employee of the attorney be examined as to the communication or advice, without the client's consent.

(c) An attorney employed by, under contract to, or representing a public authority in connection with a child support enforcement program cannot, without the consent of an individual applying for child support services or the consent of an AFDC recipient whose right to support has been assigned, be examined as to any communication made by the individual applicant or the AFDC recipient to the attorney, or communications made by the attorney to the individual applicant or the AFDC recipient in the course of the attorney's representation of the public authority in connection with a child support enforcement program; nor can an employee of the attorney be examined as to the communication, without the consent of the individual applicant or the AFDC recipient.

(e) (d) A member of the clergy or other minister of any religion shall not, without the consent of the party making the confession, be allowed to disclose a confession made to the member of the clergy or other minister in a professional character, in the course of discipline enjoined by the rules or practice of the religious body to which the member of the clergy or other minister belongs; nor shall a member of the clergy or other minister of any religion be examined as to any communication made to the member of the clergy or other minister by any person seeking religious or spiritual advice, aid, or comfort or advice given thereon in the course of the member of the clergy's or other minister's professional character, without the consent of the person.

(d) (e) A licensed physician or surgeon, dentist, or chiropractor shall not, without the consent of the patient, be allowed to disclose any information or any opinion based thereon which the professional acquired in attending the patient in a professional capacity, and which was necessary to enable the professional to act in that capacity; after the decease of the patient, in an action to recover insurance benefits, where the insurance has been in existence two years or more, the beneficiaries shall be deemed to be the personal representatives of the deceased person for the purpose of waiving this privilege, and no oral or written waiver of the privilege shall have any binding force or effect except when made upon the trial or examination where the evidence is offered or received.

(e) (f) A public officer shall not be allowed to disclose communications made to the officer in official confidence when the public interest would suffer by the disclosure.

(f) (g) Persons of unsound mind and persons intoxicated at the time of their production for examination are not competent witnesses if they lack capacity to remember or to relate truthfully facts respecting which they are examined.

(g) (h) A registered nurse, psychologist or consulting psychologist shall not, without the consent of the professional's client, be allowed to disclose any information or opinion based thereon which the professional has acquired in attending the client in a professional capacity, and which was necessary to enable the professional to act in that capacity.

(h) (i) An interpreter for a person handicapped in communication shall not, without the consent of the person, be allowed to disclose any communication if the communication would, if the interpreter were not present, be privileged. For purposes of this section, a "person handicapped in communication" means a person who, because of a hearing, speech or other communication disorder, or because of the inability to speak or comprehend the English language, is unable to understand the proceedings in which the person is required to participate. The presence of an interpreter as an aid to communication does not destroy an otherwise existing privilege.

(i) (j) Licensed chemical dependency counselors shall not disclose information or an opinion based on the information which they acquire from persons consulting them in their professional capacities, and which was necessary to enable them to act in that capacity, except that they may do so:

(1) when informed consent has been obtained in writing, except in those circumstances in which not to do so would violate the law or would result in clear and imminent danger to the client or others;

(2) when the communications reveal the contemplation or ongoing commission of a crime; or

(3) when the consulting person waives the privilege by bringing suit or filing charges against the licensed professional whom that person consulted.

(j) (k) A parent or the parent's minor child may not be examined as to any communication made in confidence by the minor to the minor's parent. A communication is confidential if made out of the presence of persons not members of the child's immediate family living in the same household. This exception may be waived by express consent to disclosure by a parent entitled to claim the privilege or by the child who made the communication or by failure of the child or parent to object when the contents of a communication are demanded. This exception does not apply to a civil action or proceeding by one spouse against the other or by a parent or child against the other, nor to a proceeding to commit either the child or parent to whom the communication was made or to place the person or property or either under the control of another because of an alleged mental or physical condition, nor to a criminal action or proceeding in which the parent is charged with a crime committed against the person or property of the communicating child, the parent's spouse, or a child of either the parent or the parent's spouse, or in which a child is charged with a crime or act of delinquency committed against the person or property of a parent or a child of a parent, nor to an action or proceeding for termination of parental rights, nor any other action or proceeding on a petition alleging child abuse, child neglect, abandonment or nonsupport by a parent.

(k) (l) Sexual assault counselors may not be compelled to testify about any opinion or information received from or about the victim without the consent of the victim. However, a counselor may be compelled to identify or disclose information in investigations or proceedings related to neglect or termination of parental rights if the court determines good cause exists. In determining whether to compel disclosure, the court shall weigh the public interest and need for disclosure against the effect on the victim, the treatment relationship, and the treatment services if disclosure occurs. Nothing in this clause exempts sexual assault counselors from compliance with the provisions of sections 626.556 and 626.557.

"Sexual assault counselor" for the purpose of this section means a person who has undergone at least 40 hours of crisis counseling training and works under the direction of a supervisor in a crisis center, whose primary purpose is to render advice, counseling, or assistance to victims of sexual assault.

(l) (m) A person cannot be examined as to any communication or document, including worknotes, made or used in the course of or because of mediation pursuant to an agreement to mediate. This does not apply to the parties in the dispute in an application to a court by a party to have a mediated settlement agreement set aside or reformed. A communication or document otherwise not privileged does not become privileged because of this paragraph. This paragraph is not intended to limit the privilege accorded to communication during mediation by the common law.

~~(m)~~ (n) A child under ten years of age is a competent witness unless the court finds that the child lacks the capacity to remember or to relate truthfully facts respecting which the child is examined. A child describing any act or event may use language appropriate for a child of that age.

Sec. 51. Minnesota Statutes 1992, section 609.375, subdivision 1, is amended to read:

Subdivision 1. Whoever is legally obligated to provide care and support to a spouse who is in necessitous circumstances, or child, whether or not its custody has been granted to another, and knowingly omits and fails without lawful excuse to do so is guilty of ~~nonsupport of the spouse or child, as the case may be a misdemeanor~~, and upon conviction thereof may be sentenced to imprisonment for not more than 90 days or to payment of a fine of not more than ~~\$300~~ \$700, or both.

Sec. 52. Minnesota Statutes 1992, section 609.375, subdivision 2, is amended to read:

Subd. 2. If the ~~knowing omission and failure without lawful excuse to provide care and support to a spouse, a minor child, or a pregnant wife~~ violation of subdivision 1 continues for a period in excess of 90 days the person is guilty of a ~~felony~~ gross misdemeanor and may be sentenced to imprisonment for not more than ~~five years~~ one year or to payment of a fine of not more than \$3,000, or both.

Sec. 53. [INCOME WITHHOLDING; SINGLE CHECK SYSTEM CENTRAL DEPOSITORY OR OTHER FISCAL AGENT.]

The commissioner of human services, in consultation with county child support enforcement agencies and other persons with relevant expertise, shall study and make recommendations on: (1) the feasibility of establishing a single check system under which employers who are implementing income withholding may make one combined payment for payments due to public authorities to one public authority or to the commissioner of human services; and (2) the feasibility of establishing a central depository or designating a fiscal agent for receipt of child support payments. The commissioner shall estimate the cost of the single check system and use of a central depository or fiscal agent and the level of fees that would be necessary to make them self-supporting. The commissioner shall report to the legislature by January 15, 1995.

Sec. 54. [ADMINISTRATIVE PROCESS FOR CHILD SUPPORT.]

The commissioner of human services, in consultation with the commissioner's advisory committee for child support enforcement, shall develop a plan to restructure the administrative process for setting, modifying, and enforcing child support under Minnesota Statutes, section 518.551, subdivision 10. The goal of the plan is to implement a state-administered administrative process that is informal, uniform throughout the state, and accessible to parties without counsel. The commissioner shall report to the legislature by January 15, 1994.

Sec. 55. [PURPOSE.]

The purpose of the amendment to Minnesota Statutes 1992, section 518.64, subdivision 2, paragraph (a), dealing with the presumption of a substantial change in circumstances and self-limited income, is to conform to Code of Federal Regulations, title 42, section 303.8(d)(2).

Subdivision 1. A certificate of insurance or similar evidence of coverage issued to a Minnesota resident shall provide coverage for all benefits required to be covered in group policies in Minnesota by this chapter.

This subdivision supersedes any inconsistent provision of this chapter.

A policy of life insurance that is issued or delivered in this state and that covers a person residing in another state may provide coverage or contain provisions that are less favorable to that person than required by this chapter. Less favorable coverages or provisions must meet the requirements that the state in which the person resides would have required had the policy been issued or delivered in that state.

Subd. 2. Subdivision 1 does not apply to certificates issued in regard to a master policy issued outside the state of Minnesota if all of the following are true:

- (1) the policyholder or certificate holder exists primarily for purposes other than to obtain insurance;
- (2) the policyholder or certificate holder is not a Minnesota corporation and does not have its principal office in Minnesota;
- (3) the policy or certificate covers fewer than 25 persons who are residents of Minnesota and the Minnesota residents represent less than 25 percent of all covered persons; and
- (4) on request of the commissioner, the issuer files with the commissioner a copy of the policy and a copy of each form of certificate.

Subd. 3. Section 60A.08, subdivision 4, shall not be construed as requiring a certificate of insurance or similar evidence of insurance that meets the conditions of subdivision 2 to comply with this chapter.

Sec. 34. Minnesota Statutes 1992, section 61A.12, subdivision 1, is amended to read:

Subdivision 1. [PROCEEDS OF LIFE POLICY OR ANNUITY, WHO ENTITLED TO.] When any insurance is effected in favor of another, the beneficiary shall be entitled to its proceeds against the creditors and representatives of the person effecting the same. All premiums paid for insurance in fraud of creditors, with interest thereon, shall inure to their benefit from the proceeds of the policy, if the company be specifically notified thereof, in writing, before payment.

Sec. 35. Minnesota Statutes 1992, section 61A.282, subdivision 2, is amended to read:

Subd. 2. [LENDING OF SECURITIES.] A company may loan securities held by it under this chapter to a broker-dealer registered under the Securities and Exchange Act of 1934 or to a bank which is a member of the Federal Reserve System, under the following conditions:

(a) The market value of loaned securities outstanding at any one time, excluding securities held in a separate account established pursuant to section 61A.14, subdivision 1, or 61A.275, shall not exceed 50 percent of the company's capital and surplus 40 percent of the company's admitted assets as of the December 31 immediately preceding.

(b) The company is limited to no more than two percent of its admitted assets as of the December 31 immediately preceding being subject to lending of securities with any one borrower.

(c) Each loan must be evidenced by a written agreement which provides:

(a) (1) that the loan will be fully collateralized by cash or obligations issued or guaranteed by the United States or an agency or an instrumentality thereof, and that the collateral will be adjusted each business day during the term of the loan to maintain the required collateral in the event of market value changes in the loaned securities or collateral;

(b) (2) that the loan may be terminated by the company at any time, and that the borrower must return the loaned securities or their equivalent within five business days after termination;

(e) (3) that the company has the right to retain the collateral or to use the collateral to purchase securities equivalent to the loaned securities if the borrower defaults under the terms of the agreement; and

(d) (4) that the borrower remains liable for any losses and expenses, not covered by the collateral, which are incurred by the company due to default.

Sec. 36. Minnesota Statutes 1992, section 62A.047, is amended to read:

62A.047 [CHILDREN'S HEALTH SUPERVISION SERVICES AND PRENATAL CARE SERVICES.]

A policy of individual or group health and accident insurance regulated under this chapter, or individual or group subscriber contract regulated under chapter 62C, health maintenance contract regulated under chapter 62D, or health benefit certificate regulated under chapter 64B, issued, renewed, or continued to provide coverage to a Minnesota resident, must provide coverage for child health supervision services and prenatal care services. The policy, contract, or certificate must specifically exempt reasonable and customary charges for child health supervision services and prenatal care services from a deductible, copayment, or other coinsurance or dollar limitation requirement. ~~For individual policies,~~ This section does not prohibit the use of policy waiting periods or preexisting condition limitations for these services. Minimum benefits may be limited to one visit payable to one provider for all of the services provided at each visit cited in this section subject to the schedule set forth in this section. Nothing in this section applies to a commercial health insurance policy issued as a companion to a health maintenance organization contract, a policy designed primarily to provide coverage payable on a per diem, fixed indemnity, or nonexpense incurred basis, or a policy that provides only accident coverage.

"Child health supervision services" means pediatric preventive services, appropriate immunizations, developmental assessments, and laboratory services appropriate to the age of a child from birth to age six as defined by Standards of Child Health Care issued by the American Academy of Pediatrics. Reimbursement must be made for at least five child health supervision visits from birth to 12 months, three child health supervision visits from 12 months to 24 months, once a year from 24 months to 72 months.

"Prenatal care services" means the comprehensive package of medical and psychosocial support provided throughout the pregnancy, including risk assessment, serial surveillance, prenatal education, and use of specialized skills and technology, when needed, as defined by Standards for Obstetric-Gynecologic Services issued by the American College of Obstetricians and Gynecologists.

Sec. 37. [62A.105] [COVERAGES; TRANSFERS TO SUBSTANTIALLY SIMILAR PRODUCTS.]

Subdivision 1. [SCOPE.] No individual policy of accident and sickness regulated under this chapter or subscriber contract regulated under chapter 62C shall be issued, renewed, or continued to provide coverage to a Minnesota resident unless it satisfies the requirements of subdivision 2.

Subd. 2. [REQUIREMENT.] If an issuer of policies or plans referred to in subdivision 1 ceases to offer a particular policy or subscriber contract to the general public or otherwise stops adding new insureds to the group of covered persons, the issuer shall allow any covered person to transfer to another substantially similar policy or contract currently being sold by the issuer. The issuer shall permit the transfer without any preexisting condition limitation, waiting period, or other restriction of any type other than those which applied to the insured under the prior policy or contract. This section does not apply to persons who were covered under an individual policy or contract prior to July 1, 1994.

Sec. 38. [62A.136] [DENTAL AND VISION PLANS.]

The following provisions do not apply to health plans providing dental or vision coverage only: sections 62A.041, 62A.047, 62A.149, 62A.151, 62A.152, 62A.154, 62A.155, 62A.26, 62A.28, and 62A.30.

Sec. 39. Minnesota Statutes 1992, section 62A.148, is amended to read:

62A.148 [GROUP INSURANCE; PROVISION OF BENEFITS FOR DISABLED EMPLOYEES.]

No employer or insurer of that employer shall terminate, suspend or otherwise restrict the participation in or the receipt of benefits otherwise payable under any program or policy of group insurance to any covered employee who becomes totally disabled while employed by the employer solely on account of absence caused by such total disability. This includes coverage of dependents of the employee. If the employee is required to pay all or any part of the premium for the extension of coverage, payment shall be made to the employer, by the employee.

Sec. 40. Minnesota Statutes 1992, section 62A.153, is amended to read:

62A.153 [FREE STANDING AMBULATORY SURGICAL CENTERS OUTPATIENT MEDICAL AND SURGICAL SERVICES.]

No policy or plan of health, medical, hospitalization, or accident and sickness insurance regulated under this chapter, or subscriber contract provided by a nonprofit health service plan corporation regulated under chapter 62C that provides coverage for services in a hospital shall be issued, renewed, continued, delivered, issued for delivery or executed in this state, or approved for issuance or renewal in this state by the commissioner of commerce unless the policy, plan or contract specifically provides coverage for a health care treatment or service rendered by a free standing ambulatory surgical center or facilities offering ambulatory medical service 24 hours a day seven days a week, which are not part of a hospital, but have been reviewed and approved by the state commissioner of health to provide the treatment or service, surgery on an outpatient basis at a facility equipped to perform these services, whether or not the facility is part of a hospital. Coverage shall be on the same basis as coverage provided for the same health care treatment or service rendered by in a hospital.

Sec. 41. Minnesota Statutes 1992, section 62A.43, subdivision 4, is amended to read:

Subd. 4. [OTHER POLICIES NOT PROHIBITED.] The prohibition in this section or the requirements of section 62A.31, subdivision 1, against the sale of duplicate Medicare supplement coverage does do not preclude the sale of insurance coverage, such as travel, accident and sickness coverage, the effect or purpose of which is not to supplement Medicare coverage. Notwithstanding this provision, if the commissioner determines that the coverage being sold is in fact Medicare supplement insurance, the commissioner shall notify the insurer in writing of the determination. If the insurer does not thereafter comply with sections 62A.31 to 62A.44, the commissioner may, pursuant to chapter 14, revoke or suspend the insurer's authority to sell accident and health insurance in this state or impose a civil penalty not to exceed \$10,000, or both.

Sec. 42. [62A.49] [HOME CARE SERVICES COVERAGE.]

Subdivision 1. [GENERALLY.] Section 62A.48 does not prohibit the sale of policies, certificates, subscriber contracts, or other evidences of coverage that provide home care services only. This does not, however, remove the requirement that home care service benefits must be provided as part of a long-term care policy pursuant to that section. Home care services only policies may be sold, provided that they meet the requirements set forth in sections 62A.46 to 62A.56, except that they will not have to meet those conditions that relate to long-term care in nursing facilities. Disclosures and representations regarding these policies must be adjusted accordingly to remove references to coverage for nursing home care.

Subd. 2. [PROVIDER NETWORKS AND MANAGED CARE.] Home health care services issued pursuant to this section may be provided through a limited provider network and may employ managed care practices. If these methods are used, they must be adequately disclosed within the policy and any advertisements or representations regarding coverage. Policies may not be sold in areas where there are not sufficient providers to meet the needs of the policyholders located in that area.

Sec. 43. [62A.61] [PREEXISTING CONDITIONS; LIMITATIONS ON CANCELLATIONS, RESCISSIONS, OR RESTRICTIONS ON COVERAGE.]

No insurer may cancel or rescind a health insurance policy or otherwise retroactively restrict coverage for a preexisting condition of which the application or other information provided by the insured reasonably gave the insurer notice. No insurer may prospectively restrict coverage for a preexisting condition of which the application or other information provided by the insured reasonably gave the insurer notice unless the coverage is restricted at the time the policy is issued and the restriction is disclosed in writing to the insured at the time the policy is issued.

Sec. 44. Minnesota Statutes 1992, section 62E.19, subdivision 1, is amended to read:

Subdivision 1. [EMPLOYER LIABILITY.] An employer is liable to the association for the costs of any preexisting conditions of the employer's former employees or their dependents during the first six months of coverage under the state comprehensive health insurance plan under the following conditions:

(1)(i) the employer has terminated or laid off employees and is required to meet the notice requirements under section 268.976, subdivision 3;

(2) (ii) the employer has failed to provide, arrange for, or make available continuation health insurance coverage required to be provided under federal or state law to employees or their dependents; and

(3) (iii) the employer's former employees or their dependents enroll in the state comprehensive health insurance plan with a waiver of the preexisting condition limitation under section 62E.14, subdivision 4a or 5; or

(4) (2)(i) the employer has terminated or allowed the employer's plan of health insurance coverage to lapse within 90 days prior to the date of termination or layoff of an employee; and

(5) (ii) the employer's former employees or their dependents enroll in the state comprehensive health insurance plan with a waiver of the preexisting condition limitation under section 62E.14, subdivision 4a or 5.

The employer shall pay a special assessment to the association for the costs of the preexisting conditions. The special assessment may be assessed before the association makes the annual determination of each contributing member's liability as required under this chapter. The association may enforce the obligation to pay the special assessment by action, as a claim in an insolvency proceeding, or by any other method not prohibited by law.

If the association makes the special assessment permitted by this subdivision, the association may also make any assessment of contributing members otherwise permitted by law, without regard to the special assessment permitted by this subdivision. Contributing members must pay the assessment, subject to refund or adjustment in the event of receipt by the association of any portion of the special assessment.

Sec. 45. Minnesota Statutes 1992, section 62H.01, is amended to read:

62H.01 [JOINT SELF-INSURANCE EMPLOYEE HEALTH PLAN.]

Any two or more employers, excluding the state and its political subdivisions as described in section 471.617, subdivision 1, who are authorized to transact business in Minnesota may jointly self-insure employee health, dental, ~~or~~ short-term disability benefits, or other benefits permitted under the Employee Retirement Income Security Act of 1974, United States Code, title 29, sections 1001 et seq. Joint plans must have a minimum of 100 covered employees and meet all conditions and terms of sections 62H.01 to 62H.08. Joint plans covering employers not resident in Minnesota must meet the requirements of sections 62H.01 to 62H.08 as if the portion of the plan covering Minnesota resident employees was treated as a separate plan. A plan may cover employees resident in other states only if the plan complies with the applicable laws of that state.

A multiple employer welfare arrangement as defined in United States Code, title 29, section 1002(40)(a), is subject to this chapter to the extent authorized by the Employee Retirement Income Security Act of 1974, United States Code, title 29, sections 1001 et seq.

(a) No agent or broker may solicit, advertise, or market in this state health benefits or coverage from, or accept an application for, or place coverage for a person who resides in this state with, a reportable MEWA unless the agent or broker first files the information required under section 62H.16.

If an arrangement that is an unauthorized insurer fails to pay a claim or loss in this state within the provisions of its contract, a person who violates sections 62H.10 to 62H.17 with respect to the arrangement shall be liable to the insured for the full amount of the claim or loss in the manner provided by the provisions of the insurance contract.

Sec. 54. Minnesota Statutes 1992, section 62I.02, is amended to read:

62I.02 [MINNESOTA JOINT UNDERWRITING ASSOCIATION.]

Subdivision 1. [CREATION.] The Minnesota joint underwriting association is created to provide insurance coverage to any person or entity unable to obtain insurance through ordinary methods if the insurance is required by statute, ordinance, or otherwise required by law, or is necessary to earn a livelihood or conduct a business and serves a public purpose including, but not limited to, liquor liability. Prudent business practice or mere desire to have insurance coverage is not a sufficient standard for the association to offer insurance coverage to a person or entity. For purposes of this subdivision, directors' and officers' liability insurance is considered to be a business necessity and not merely a prudent business practice. The association shall be specifically authorized to provide insurance coverage to day care providers, foster parents, foster homes, developmental achievement centers, group homes, and rehabilitation facilities for mentally, emotionally, or physically handicapped persons, and citizen participation groups established pursuant to the housing and community redevelopment act of 1974, Public Law Number 93-383. Because the activities of certain persons or entities present a risk that is so great, the association shall not offer insurance coverage to any person or entity the board of directors of the association determines is outside the intended scope and purpose of the association because of the gravity of the risk of offering insurance coverage. The association shall not offer environmental impairment liability or product liability insurance. The association shall not offer coverage for activities that are conducted substantially outside the state of Minnesota unless the insurance is required by statute, ordinance, or otherwise required by law. Every insurer authorized to write property and casualty insurance and personal injury liability insurance in this state shall be a member of the association as a condition to obtaining and retaining a license to write insurance in this state.

Subd. 2. [DIRECTOR.] The association shall have a board of directors composed of 11 persons chosen as follows: five persons elected by members of the association at a meeting called by the commissioner; three public members, as defined in section 214.02, appointed by the commissioner; and three members, appointed by the commissioner representing groups to whom coverage has been extended by the association. The terms of the members shall be four years. Terms may be staggered so that no more than six members are appointed or elected every two years. Members may serve until their successors are appointed or elected. If at any time no coverage is currently extended by the association, then either additional public members may be appointed to fill these three positions or, at the option of the commissioner, representatives from groups who had previously been covered by the association may serve as directors.

Subd. 3. [REAUTHORIZATION.] The authorization to issue insurance to day care providers, foster parents, foster homes, developmental activity centers, group homes, and rehabilitation facilities for mentally, emotionally, or physically handicapped persons, and citizen participation groups established pursuant to the housing and community redevelopment act of 1974, Public Law Number 93-383, is valid for a period of two years from the date it was made. The commissioner may reauthorize the issuance of insurance for these groups and other classes of business for additional two-year periods pursuant to sections 62I.21 and 62I.22. This subdivision is not a limitation on the number of times the commissioner may reauthorize the issuance of insurance.

Subd. 4. [LIQUOR LIABILITY.] Policies and contracts of coverage issued under this section for the purposes of providing liquor liability insurance must contain the usual and customary provisions of liability insurance policies, and must contain at least the minimum coverage required by section 340A.409, subdivision 1, or the local governing unit.

Subd. 5. [ACCOUNTS.] For the purposes of administration and assessment, the association shall be divided into two separate accounts: (1) the property and casualty insurance account; and (2) the personal injury liability insurance account.

Sec. 55. Minnesota Statutes 1992, section 62I.03, is amended to read:

62I.03 [DEFINITION.]

Subdivision 1. [SCOPE.] As used in sections 62I.01 to 62I.22 the following terms have the meanings given them in this section.

Subd. 2. [ASSOCIATION.] "Association" means the Minnesota joint underwriting association.

Subd. 3. [COMMISSIONER.] "Commissioner" means the commissioner of commerce.

Subd. 4. [DIRECT WRITTEN PREMIUMS.] "Direct written premiums" means that amount at column (2), lines 5, 8, 9, 17, 21.2, 22, 23, 24, 25, 26, and 27, page 14, of the annual statement filed annually with the department of commerce pursuant to section 60A.13.

Subd. 5. [DEFICIT.] "Deficit" means, for a particular policy year, that amount by which total paid and outstanding losses and loss adjustment expenses exceed premium revenue, including retrospective premium revenue.

Subd. 6. [NET DIRECT PREMIUMS.] For purposes of liquor liability insurance, "net direct premiums" means gross direct premiums written on personal injury liability insurance, including the liability component of multiple peril package policies as computed by the commissioner, less return premiums for the unused or unabsorbed portions of premium deposits.

Subd. 7. [PERSONAL INJURY LIABILITY INSURANCE.] "Personal injury liability insurance" means insurance described in section 60A.06, subdivision 1, clause (13).

Sec. 56. Minnesota Statutes 1992, section 62I.07, is amended to read:

62I.07 [MEMBERSHIP ASSESSMENTS.]

Subdivision 1. [GENERAL ASSESSMENT.] Each member of the association that is authorized to write property and casualty insurance in the state shall participate in its losses and expenses in the proportion that the direct written premiums of the member on the kinds of insurance in that account bears to the total aggregate direct written premiums written in this state by all members on the kinds of insurance in that account. The members' participation in the association shall be determined annually on the direct written premiums written during the preceding calendar year as reported on the annual statements and other reports filed by the member with the commissioner.

Subd. 2. [PERSONAL INJURY LIABILITY INSURANCE ASSESSMENT.] A member of the association shall participate in its writings, expenses, servicing allowance, management fees and losses in the proportion that the net direct premiums of the member, excluding that portion of premiums attributable to the operation of the association, written during the preceding calendar year on the kinds of insurance in that account bears to the aggregate net direct premiums written in this state by all members on the kinds of insurance in that account. The member's participation in the association shall be determined annually on the basis of net direct premiums written during the preceding calendar year, as reported in the annual statements and other reports filed by the member with the commissioner.

Sec. 57. Minnesota Statutes 1992, section 62I.13, subdivision 1, is amended to read:

Subdivision 1. [GENERALLY.] To be eligible to participate in the association, an applicant must apply for coverage through the market assistance program, as required by section 62I.08. Except as provided for by subdivision 4, the market assistance program has 30 days from the receipt of the application to secure an offer of coverage for the applicant. If the market assistance program is able to secure an offer of coverage for the applicant and if the offer of coverage would not be considered a refusal for purposes of the association, then coverage may not be extended by the association. Eligibility for coverage by the association is also subject to the terms and conditions of subdivisions 2 and 3.

Sec. 58. Minnesota Statutes 1992, section 62I.13, subdivision 2, is amended to read:

Subd. 2. [MINIMUM OF QUALIFICATIONS.] Anyone who is unable to obtain insurance in the private market and who so certifies to the association in the application is eligible to make written application to the association for coverage. Payment of the applicable premium or required portion of it must be paid prior to coverage by the association. An offer of coverage at a rate in excess of the rate that would be charged by the association for similar coverage and risk shall be deemed to be a refusal of coverage for purposes of eligibility for participation in the association. It shall not be deemed to be a written notice of refusal if the rate for coverage offered is less than five percent in excess of the joint underwriting association rates for similar coverage and risk or 20 percent in excess of the joint underwriting association rates for liquor liability coverages. However, the offered rate must also be the rate that the insurer has filed with the department of commerce if the insurer is required to file its rates with the department. If the insurer is not required to file its rates with the department, the offered rate must be the rate generally charged by the insurer for similar coverage and risk.

62I.20 [MERGER OF OTHER PLANS.]

Upon application by the governing body of ~~the liquor liability assigned risk plan authorized by section 340A.409~~ or the joint underwriting association authorized by chapter 62F to be merged with the association, the commissioner shall, if the commissioner deems it appropriate, hold a public hearing in regard to the merger. The commissioner upon motion or upon the motion of any insured under plans shall hold a hearing. Unless it can be shown that the rights of the insured would be adversely affected by the merger or that it would be less efficient or more costly to merge the plans, the commissioner shall consent to the merger. The commissioner shall also consent to the merger at any time there are less than ten insureds in any plan.

Sec. 60. Minnesota Statutes 1992, section 65A.01, subdivision 1, is amended to read:

Subdivision 1. [DESIGNATION AND SCOPE.] The printed form of a policy of fire insurance, as set forth in subdivisions 3 and 3a, shall be known and designated as the "Minnesota standard fire insurance policy" to be used in the state of Minnesota. No policy or contract of fire insurance shall be made, issued or delivered by any insurer including reciprocals or interinsurance exchanges or any agent or representative thereof, on any property in this state, unless it shall provide the specified coverage and conform as to all provisions, stipulations, and conditions, with such form of policy, except as provided in ~~section~~ sections 60A.08, subdivision 9; 60A.30 to 60A.35; 65A.06; 65A.29; 72A.20, subdivision 17; and other statutes containing specific requirements that are inconsistent with the form of this policy. Any policy or contract otherwise subject to the provisions of this subdivision, subdivisions 3 and 3a which includes either on an unspecified basis as to coverage or for a single premium, coverage against the peril of fire and coverage against other perils may be issued without incorporating the exact language of the Minnesota standard fire insurance policy, provided: Such policy or contract shall, with respect to the peril of fire, afford the insured all the rights and benefits of the Minnesota standard fire insurance policy and such additional benefits as the policy provides; the provisions in relation to mortgagee interests and obligations in said Minnesota standard fire insurance policy shall be incorporated therein without change; such policy or contract is complete as to its terms of coverage; and, the commissioner is satisfied that such policy or contract complies with the provisions hereof.

Sec. 61. Minnesota Statutes 1992, section 65A.29, subdivision 7, is amended to read:

Subd. 7. [RENEWAL; NOTICE REQUIREMENT.] No insurer shall refuse to renew, or reduce limits of coverage, or eliminate any coverage in a homeowner's insurance policy unless it mails or delivers to the insured, at the address shown in the policy, at least 60 days advance notice of its intention. The notice must contain the specific underwriting or other reason or reasons for the indicated action.

Proof of mailing this notice to the insured at the address shown in the policy is sufficient proof that the notice required by this section has been given.

Sec. 62. Minnesota Statutes 1992, section 65B.49, subdivision 3, is amended to read:

Subd. 3. [RESIDUAL LIABILITY INSURANCE.] (1) Each plan of reparation security shall also contain stated limits of liability, exclusive of interest and costs, with respect to each vehicle for which coverage is thereby granted, of not less than \$30,000 because of bodily injury to one person in any one accident and, subject to said limit for one person, of not less than \$60,000 because of injury to two or more persons in any one accident, and, if the accident has resulted in injury to or destruction of property, of not less than \$10,000 because of such injury to or destruction of property of others in any one accident.

(2) Under residual liability insurance the reparation obligor shall be liable to pay, on behalf of the insured, sums which the insured is legally obligated to pay as damages because of bodily injury and property damage arising out of the ownership, maintenance or use of a motor vehicle if the injury or damage occurs within this state, the United States of America, its territories or possessions, or Canada. A reparation obligor shall also be liable to pay sums which another reparation obligor is entitled to recover under the indemnity provisions of section 65B.53, subdivision 1.

(3) Every plan of reparation security shall be subject to the following provisions which need not be contained therein:

(a) The liability of the reparation obligor with respect to the residual liability coverage required by this clause shall become absolute whenever injury or damage occurs; such liability may not be canceled or annulled by any agreement between the reparation obligor and the insured after the occurrence of the injury or damage; no statement made by the insured or on the insured's behalf and no violation of said policy shall defeat or void said policy.

(b) The satisfaction by the insured of a judgment for such injury or damage shall not be a condition precedent to the right or duty of the reparation obligor to make payment on account of such injury or damage.

(c) The reparation obligor shall have the right to settle any claim covered by the residual liability insurance policy, and if such settlement is made in good faith, the amount thereof shall be deductible from the limits of liability for the accident out of which such claim arose.

(d) Except as provided in subdivision 5a, a residual liability insurance policy shall be excess of a nonowned vehicle policy whether the nonowned vehicle is borrowed or rented, or used for business or pleasure. A nonowned vehicle is one not used or provided on a regular basis.

Sec. 63. Minnesota Statutes 1992, section 72A.20, subdivision 29, is amended to read:

Subd. 29. [HIV TESTS; CRIME VICTIMS.] No insurer regulated under chapter 61A or 62B, or providing health, medical, hospitalization, or accident and sickness insurance regulated under chapter 62A, or nonprofit health services corporation regulated under chapter 62C, health maintenance organization regulated under chapter 62D, or fraternal benefit society regulated under chapter 64B, may:

(1) obtain or use the performance of or the results of a test to determine the presence of the human immune deficiency virus (HIV) antibody performed on an offender under section 611A.19 or performed on a crime victim who was exposed to or had contact with an offender's bodily fluids during commission of a crime that was reported to law enforcement officials, in order to make an underwriting decision, cancel, fail to renew, or take any other action with respect to a policy, plan, certificate, or contract; or

(2) ask an applicant for coverage or a person already covered whether the person has: (i) had a test performed for the reason set forth in clause (1); or (ii) been the victim of an assault or any other crime which involves bodily contact with the offender.

A question that purports to require an answer that would provide information regarding a test performed for the reason set forth in clause (1) may be interpreted as excluding this test. An answer that does not mention the test is considered to be a truthful answer for all purposes. An authorization for the release of medical records for insurance purposes must specifically exclude any test performed for the purpose set forth in clause (1) and must be read as providing this exclusion regardless of whether the exclusion is expressly stated. This subdivision does not affect tests conducted for purposes other than those described in clause (1), including any test to determine the presence of the human deficiency virus (HIV) antibody if such test was performed at the insurer's direction as part of the insurer's normal underwriting requirements.

Sec. 64. Minnesota Statutes 1992, section 72A.201, subdivision 9, is amended to read:

Subd. 9. [STANDARDS FOR COMMUNICATIONS WITH THE DEPARTMENT.] In addition to the acts specified elsewhere in this section and section 72A.20, the following acts by an insurer, adjuster, or a self-insured or self-insurance administrator constitute unfair settlement practices:

- (1) failure to respond, within 15 working days after receipt of an inquiry from the commissioner, about a claim, to the commissioner;
- (2) failure, upon request by the commissioner, to make specific claim files available to the commissioner;
- (3) failure to include in the claim file all written communications and transactions emanating from, or received by, the insurer, as well as all notes and work papers relating to the claim. All written communications and notes referring to verbal communications must be dated by the insurer;
- (4) failure to submit to the commissioner, when requested, any summary of complaint data reasonably required;
- (5) failure to compile and maintain a file on all complaints. If the complaint deals with a loss, the file must contain adequate information so as to permit easy retrieval of the entire file. If the complaint alleges that the company, or agent of the company, or any agent producing business written by the company is engaged in any unfair, false, misleading, dishonest, fraudulent, untrustworthy, coercive, or financially irresponsible practice, or has violated any insurance law or rule, the file must indicate what investigation or action was taken by the company. The complaint file must be maintained for at least four years after the date of the complaint.

For purposes of clause (1), the term insurer includes an agent of the insurer. The insurer must have been sent a copy of any communication to an agent to be held in violation of this provision.

Sec. 65. Minnesota Statutes 1992, section 72A.41, subdivision 1, is amended to read:

Subdivision 1. It is unlawful for any company to enter into a contract of insurance as an insurer or to transact insurance business in this state, as set forth in subdivision 2, without a certificate of authority from the commissioner; provided that this subdivision does not apply to: (a) contracts of insurance procured by agents under the authority of sections 60A.195 to 60A.209; (b) contracts of reinsurance and contracts of ocean or wet marine and transportation insurance; (c) transactions in this state involving a policy lawfully solicited, written and delivered outside of this state covering only subjects of insurance not resident, located, or expressly to be performed in this state at the time of issuance and which transactions are subsequent to the issuance of the policy; ~~(d) transactions in this state involving group or blanket insurance and group annuities where the master policy of such groups was lawfully issued and delivered in a state in which the company was authorized to do an insurance business where, except for group annuities, the insurer complies with section 72A.13. The commissioner may require the insurer which has issued such master policy to submit any information as the commissioner reasonably requires in order to determine if probable cause exists to convene a hearing to determine whether the total charges for the insurance to the persons insured are unreasonable in relation to the benefits provided under the policy;~~ (e) transactions in this state involving a policy of insurance or annuity issued prior to July 1, 1967; or ~~(f)~~ (e) contract of insurance procured under the authority of section 60A.19, subdivision 8; or ~~(g)~~ (f) transactions in this state involving contracts of insurance covering property or risks not located in this state.

Sec. 66. Minnesota Statutes 1992, section 72B.03, subdivision 1, is amended to read:

Subdivision 1. [REQUIREMENT; EXCEPTIONS.] Except as otherwise provided, no person shall act as an independent adjuster, public adjuster, or public adjuster solicitor for money, a commission, or any other thing of value, unless such person shall first obtain from the commissioner a license. No license shall be required for a person:

~~(a) Undergoing a training or education program under the guidance of a licensed adjuster and who is registered with the commissioner for a one year temporary permit;~~

(b) (1) a person acting in a catastrophe or emergency situation, and who has registered with the commissioner for that purpose;

(e) (2) a nonresident adjuster who occasionally is in this state to adjust a single loss; provided, however, that if a nonresident adjusts more than six losses in this state in one year the adjuster must qualify for and receive a nonresident's license as provided in sections 72B.01 to 72B.14, and provided the adjuster's domiciliary state affords a like privilege.

Sec. 67. Minnesota Statutes 1992, section 72B.04, subdivision 2, is amended to read:

Subd. 2. [QUALIFICATIONS.] An applicant for licensing as an adjuster under sections 72B.01 to 72B.14 shall be at least 18 years of age, ~~and shall have one year's training and experience in adjusting insurance claims for damage or loss from risks in the field stated in the application.~~ The applicant shall be competent and trustworthy and shall not have been engaged in any practice which would be grounds for suspension or revocation of a license under sections 72B.01 to 72B.14 within the three years next preceding the date of the application.

An applicant for licensing as a public adjuster solicitor under sections 72B.01 to 72B.14 shall be at least 18 years of age, shall be competent and trustworthy, and shall not have been engaged in any practice which would be grounds for suspension or revocation of a license under sections 72B.01 to 72B.14 within the three years next preceding the date of the application.

In the case of any applicant who has been convicted of a felony within the ten years next preceding the date of the application, and who in the judgment of the commissioner, meets the other qualifications, the commissioner may impose the additional requirement of the filing of a bond in accordance with the requirements of section 72B.08, subdivision 8.

Sec. 68. Minnesota Statutes 1992, section 176.181, subdivision 2, is amended to read:

Subd. 2. [COMPULSORY INSURANCE; SELF-INSURERS.] (1) Every employer, except the state and its municipal subdivisions, liable under this chapter to pay compensation shall insure payment of compensation with some insurance carrier authorized to insure workers' compensation liability in this state, or obtain a written order from the commissioner of commerce exempting the employer from insuring liability for compensation and permitting self-insurance of the liability. The terms, conditions and requirements governing self-insurance shall be established by the commissioner pursuant to chapter 14. The commissioner of commerce shall also adopt, pursuant to clause (2)(c), rules permitting two or more employers, whether or not they are in the same industry, to enter into agreements to pool their liabilities under this chapter for the purpose of qualifying as group self-insurers. With the approval of the commissioner of commerce, any employer may exclude medical, chiropractic and hospital benefits as required by this chapter. An employer conducting distinct operations at different locations may either insure or self-insure the other portion of operations as a distinct and separate risk. An employer desiring to be exempted from insuring liability for compensation shall make application to the commissioner of commerce, showing financial ability to pay the compensation, whereupon by written order the commissioner of commerce, on deeming it proper, may make an exemption. An employer may establish financial ability to pay compensation by: ~~(1) providing financial statements of the employer to the commissioner of commerce; or (2) filing a surety bond or bank letter of credit with the commissioner of commerce in an amount equal to the anticipated annual compensation costs of the employer, but in no event less than \$100,000.~~ Upon ten days' written notice the commissioner of commerce may revoke the order granting an exemption, in which event the employer shall immediately insure the liability. As a condition for the granting of an exemption the commissioner of commerce may require the employer to furnish security the commissioner of commerce considers sufficient to insure payment of all claims under this chapter, consistent with subdivision 2b. If the required security is in the form of currency or negotiable bonds, the commissioner of commerce shall deposit it with the state treasurer. In the event of any default upon the part of a self-insurer to abide by any final order or decision of the commissioner of labor and industry directing and awarding payment of compensation and benefits to any employee or the dependents of any deceased employee, then upon at least ten days notice to the self-insurer, the commissioner of commerce may by written order to the state treasurer require the treasurer to sell the pledged and assigned securities or a part thereof necessary to pay the full amount of any such claim or award with interest thereon. This authority to sell may be exercised from time to time to satisfy any order or award of the commissioner of labor and industry or any judgment obtained thereon. When securities are sold the money obtained shall be deposited in the state treasury to the credit of the commissioner of commerce and awards made against any such self-insurer by the commissioner of commerce shall be paid to the persons entitled thereto by the state treasurer upon warrants prepared by the commissioner of commerce and approved by the commissioner of finance out of the proceeds of the sale of securities. Where the security is in the form of a surety bond or personal guaranty the commissioner of commerce, at any time, upon at least ten days notice and opportunity to be heard, may require the surety to pay the amount of the award, the payments to be enforced in like manner as the award may be enforced.

(2)(a) No association, corporation, partnership, sole proprietorship, trust or other business entity shall provide services in the design, establishment or administration of a group self-insurance plan under rules adopted pursuant to this subdivision unless it is licensed pursuant to section 60A.23, subdivision 8, to do so by the commissioner of commerce. An applicant for a license shall state in writing the type of activities it seeks authorization to engage in and the type of services it seeks authorization to provide. The license shall be granted only when the commissioner

of commerce is satisfied that the entity possesses the necessary organization, background, expertise, and financial integrity to supply the services sought to be offered. The commissioner of commerce may issue a license subject to restrictions or limitations, including restrictions or limitations on the type of services which may be supplied or the activities which may be engaged in. The license is for a two-year period.

(b) To assure that group self-insurance plans are financially solvent, administered in a fair and capable fashion, and able to process claims and pay benefits in a prompt, fair and equitable manner, entities licensed to engage in such business are subject to supervision and examination by the commissioner of commerce.

(c) To carry out the purposes of this subdivision, the commissioner of commerce may promulgate administrative rules, including emergency rules, pursuant to sections 14.001 to 14.69. These rules may:

(i) establish reporting requirements for administrators of group self-insurance plans;

(ii) establish standards and guidelines consistent with subdivision 2b to assure the adequacy of the financing and administration of group self-insurance plans;

(iii) establish bonding requirements or other provisions assuring the financial integrity of entities administering group self-insurance plans;

(iv) establish standards, including but not limited to minimum terms of membership in self-insurance plans, as necessary to provide stability for those plans;

(v) establish standards or guidelines governing the formation, operation, administration, and dissolution of self-insurance plans; and

(vi) establish other reasonable requirements to further the purposes of this subdivision. The rules may not require excessive cash payments to a common claims fund by group self-insurers. However, a level of funding in the common claims fund will always be maintained at not less than one year's claim losses paid in the most recent year.

Sec. 69. Minnesota Statutes 1992, section 340A.409, subdivision 2, is amended to read:

~~Subd. 2. [MARKET ASSISTANCE.] The commissioner of commerce shall advise licensees and municipalities subject to the financial responsibility requirements of subdivision 1 of those persons offering insurance coverage. The commissioner of commerce shall establish a program to assist licensees in obtaining insurance coverage. The program shall include a committee appointed by the commissioner of commerce that is representative of insurance carriers and producers, liquor vendors, and the public. No less than one half of the committee members shall represent casualty insurers and surplus lines agents or brokers. The commissioner of commerce or the commissioner's designated representative shall serve as an ex officio member of the committee. The committee shall review and act upon all properly executed applications. If the committee finds that it cannot assist in securing insurance coverage, it shall notify the applicant in writing with a full explanation and recommendation for enhancing its ability to secure insurance. The commissioner of commerce shall, if necessary, establish an assigned risk plan pursuant to subdivision 3. The market assistance plan of the Minnesota joint underwriting association shall assist licensees in obtaining insurance coverage.~~

Sec. 70. Minnesota Statutes 1992, section 340A.409, subdivision 3, is amended to read:

~~Subd. 3. [ASSIGNED RISK PLAN MINNESOTA JOINT UNDERWRITING ASSOCIATION.] (a) The purpose of the assigned risk plan is to Minnesota joint underwriting association shall provide coverage required by subdivision 1 to persons rejected under this subdivision.~~

~~(b) An insurer who offers liquor liability insurance that refuses to write the coverage required by subdivision 1 shall furnish the applicant with a written notice of refusal. The rejected applicant shall file a copy of the notice of refusal with the commissioner of public safety at the time of application for coverage to the assigned risk plan and the market assistance program.~~

~~A written notice of refusal must be provided to any applicant who has requested only liquor liability insurance if the insurer chooses to only offer liquor liability insurance in combination with other types of insurance.~~

A written notice of refusal must be provided by an insurer to any applicant who receives an offer of coverage from that insurer that is in excess of the rate charged by the assigned risk plan for similar coverage and risk. A notice is not required if the rate for the coverage offered is less than 20 percent in excess of the assigned risk plan rates, provided that the offered rate is the rate that the insurer has filed with the commissioner of commerce if the insurer is required to file its rates with the commissioner. If the insurer is not required to file its rates with the commissioner, the offered rate must be the rate generally charged by the insurer for similar coverage and risk.

A notice of refusal is not required to be filed if there is not an insurer offering liquor liability insurance in the state.

To be eligible to participate in the assigned risk plan an applicant must apply for coverage through the market assistance program. Application to the market assistance program must be made no later than the time of application to the assigned risk plan. If the market assistance program is unable to secure coverage then coverage may be extended by the assigned risk plan.

(e) The commissioner of commerce may enter into service contracts as necessary or beneficial to accomplish the purposes of the assigned risk plan including servicing of policies or contracts of coverage, data management, and assessment collections. Services related to the administration of policies or contracts of coverages must be performed by one or more qualified insurance companies licensed pursuant to section 60A.06, subdivision 1, clause (13), or a qualified vendor of risk management services. A qualified insurer or vendor of risk management services must possess sufficient financial, professional, administrative, and personnel resources to provide the services required for operation of the plan. The cost of all services contracted for are an obligation of the assigned risk plan.

(d) The commissioner of commerce may assess all insurers licensed under section 60A.06, subdivision 1, clause (13), an amount sufficient to fully fund the obligations of the assigned risk plan if the commissioner determines that the assets of the assigned risk plan are insufficient to meet its obligations. The assessment of each insurer must be in a proportion equal to the proportion which the amount of insurance written as reported on page 14 of the annual statement under line 5, commercial multiperil, and line 17, other liability, during the preceding calendar year by that insurer bears to the total written by all such carriers for such lines.

(e) Policies and contracts of coverage issued under this subdivision must contain the usual and customary provisions of liability insurance policies, and must contain at least the minimum coverage required by subdivision 1 or the local governing unit.

(f) Assigned risk policies and contracts of coverage are subject to premium tax pursuant to section 60A.15.

(g) Insureds served by the assigned risk plan must be charged premiums based upon a rating plan approved by the commissioner of commerce. Assigned risk premiums must be on an actuarially sound basis. The rating plan approved by the commissioner shall provide for surcharge factors based upon claims reported and losses paid. The commissioner of commerce shall fix the compensation received by the agent of record.

(h) The rating plan may be amended by rule pursuant to chapter 14 or by the following expedited procedures:

(1) Any person may, by written petition served upon the commissioner, request that a hearing be held to amend the rating plan.

(2) The commissioner shall forward a copy of the petition to the chief administrative law judge within three business days of its receipt. The chief administrative law judge shall, within three business days of receipt of the copy of the petition or a request for a hearing by the commissioner, set a hearing date, assign an administrative law judge to hear the matter, and notify the commissioner of the hearing date and the administrative law judge assigned to hear the matter. The hearing date must be set no less than 60 days nor more than 90 days from the date of receipt of the petition by the commissioner.

(3) The commissioner of commerce shall publish a notice of the hearing in the State Register at least 30 days before the hearing date. The notice should be similar to that used for rulemaking under the administrative procedure act. Approval by the administrative law judge of the notice prior to publication is not required.

(4) The hearing and all matters taking place after the hearing are a contested case under chapter 14. Within 45 days from the commencement of the hearing and within 15 days of the completion of the hearing the administrative law judge shall submit a report to the commissioner of commerce. The parties, or the administrative law judge, if the parties cannot agree, shall adjust all time requirements under the contested case procedure to conform with the 45 day requirement.

~~(5) The commissioner shall render a decision within ten business days of the receipt of the administrative law judge's report.~~

~~(6) If all parties to the proceeding agree, any of the previous requirements may be waived or modified.~~

~~(7) A petition for a hearing to amend the rating plan received by the commissioner within 180 days of the date of the commissioner's decision in a prior proceeding to amend the rating plan is invalid and requires no action.~~

~~(b) A liquor vendor shall be denied or terminated from coverage through the assigned risk plan Minnesota joint underwriting association if the liquor vendor disregards safety standards, laws, rules, or ordinances pertaining to the offer, sale, or other distribution of liquor.~~

~~The commissioner may by rule establish other conditions for denial or termination from coverage through the assigned risk plan.~~

~~(j) The commissioner of commerce shall adopt rules needed to implement this subdivision. The rules may include:~~

Sec. 3. [LEGISLATIVE TASK FORCE ON STATE ADMINISTRATIVE ENVIRONMENTAL STRUCTURE.]

Subdivision 1. [TASK FORCE.] A legislative task force on administrative environmental structure is created to recommend to the legislature an organizational structure for the state that best implements the environmental policy of the state and delineates the responsibility of state government in relation to that policy. The task force will consist of ten members, five appointed by the speaker of the house of representatives and five appointed by the rules and administration subcommittee on committees of the senate. At least two members from each chamber must be members of the minority party in that chamber. The task force shall elect one member from each chamber to serve as cochair of the task force who shall alternately preside over hearings, unless they agree otherwise.

(3) by December 15, 1993, prepare a proposal for legislation that the task force determines will best organize the implementation, administration, and enforcement of the state's environmental policy in an efficient, accessible, and environmentally sustainable and economically viable manner and will best recognize the responsibility of state government in relation to that policy.

(b) In developing its proposal, the task force shall seek to achieve:

(1) a structure based on interdisciplinary, integrated resource management in order to protect and enhance the physical environment of the state;

(2) a structure that promotes and maintains a system that meets the needs of the present without compromising the ability of future generations to meet their own needs and that incorporates a process for change in which the use of natural and other resources, the direction of investments, the orientation of technological development, and institutional change are made consistent with future as well as present needs;

If the penalty order is not contested within 20 days of receipt, it becomes final and may not be contested.

(c) The amount of the penalty shall be based on the past history of same or similar violations, the severity of violation, the culpability of the person, and other relevant factors. The history of past violations shall include previous violations received by the person licensed as a different entity.

(d) Penalties assessed under sections 326.70 to 326.81 shall be paid to the commissioner for deposit in the general fund. An order issued under this paragraph is effective for a maximum of 72 hours. If the person does not request a hearing by notifying the commissioner within 20 days after receipt of the notice of proposed action, the commissioner may proceed with the action without a hearing.

- (3) the history of past violations;
- (4) the number of violations;
- (5) the economic benefit gained by the person by allowing or committing the violation; and
- (6) other factors as justice may require, if the commissioner specifically identifies the additional factors in the commissioner's order.

(b) For a violation after an initial violation, the commissioner shall, in determining the amount of a penalty, consider the factors in paragraph (a) and the:

- (1) similarity of the most recent previous violation and the violation to be penalized;
- (2) time elapsed since the last violation; and
- (3) number of previous violations.

Subd. 2. [CONTENTS OF ORDER.] An order assessing an administrative penalty under section 144.99, subdivision 4, must include:

- (1) a concise statement of the facts alleged to constitute a violation;
- (2) a reference to the section of the statute, rule, variance, order, stipulation agreement, or term or condition of a permit that has been violated;
- (3) a statement of the amount of the administrative penalty to be imposed and the factors upon which the penalty is based; and
- (4) a statement of the person's right to review of the order.

Subd. 3. [CORRECTIVE ORDER.] (a) The commissioner may issue an order assessing a penalty and requiring the violations cited in the order to be corrected within 30 calendar days from the date the order is received.

Subd. 4. [PENALTY.] (a) Except as provided in paragraph (b), if the commissioner determines that the violation has been corrected or developed a corrective plan acceptable to the commissioner, the penalty must be forgiven other than the costs associated with reinspection. Unless the person requests review of the order under subdivision 5 before the penalty is due, the penalty in the order is due and payable:

(1) on the 31st day after the order was received, if the person subject to the order fails to provide information to the commissioner showing that the violation has been corrected or that appropriate steps have been taken toward correcting the violation; or

(2) on the 20th day after the person receives the commissioner's determination under paragraph (b), if the person subject to the order has provided information to the commissioner that the commissioner determines is not sufficient to show the violation has been corrected or that appropriate steps have been taken toward correcting the violation.

(b) For repeated or serious violations, the commissioner may issue an order with a penalty that will not be forgiven after the corrective action is taken. The penalty is due by 31 days after the order was received unless review of the order under subdivision 5 has been sought.

(c) Interest at the rate established in section 549.09 begins to accrue on penalties under this subdivision on the 31st day after the order with the penalty was received.

Subd. 5. [EXPEDITED ADMINISTRATIVE HEARING.] (a) Within 30 days after receiving an order or within 20 days after receiving notice that the commissioner has determined that a violation has not been corrected or appropriate steps have not been taken, the person subject to an order under this section may request an expedited hearing, utilizing the procedures of Minnesota Rules, parts 1400.8510 to 1400.8612, to review the commissioner's action. The hearing request must specifically state the reasons for seeking review of the order. The person to whom the order is directed and the commissioner are the parties to the expedited hearing. The commissioner must notify the person to whom the order is directed of the time and place of the hearing at least 20 days before the hearing. The expedited hearing must be held within 30 days after a request for hearing has been filed with the commissioner unless the parties agree to a later date.

(b) All written arguments must be submitted within ten days following the close of the hearing. The hearing shall be conducted under Minnesota Rules, parts 1400.8510 to 1400.8612, as modified by this subdivision. The office of administrative hearings may, in consultation with the agency, adopt rules specifically applicable to cases under this section.

(c) The administrative law judge shall issue a report making recommendations about the commissioner's action to the commissioner within 30 days following the close of the record. The administrative law judge may not recommend a change in the amount of the proposed penalty unless the administrative law judge determines that, based on the factors in subdivision 2, the amount of the penalty is unreasonable.

(d) If the administrative law judge makes a finding that the hearing was requested solely for purposes of delay or that the hearing request was frivolous, the commissioner may add to the amount of the penalty the costs charged to the agency by the office of administrative hearings for the hearing.

(e) If a hearing has been held, the commissioner may not issue a final order until at least five days after receipt of the report of the administrative law judge. The person to whom an order is issued may, within those five days, comment to the commissioner on the recommendations and the commissioner will consider the comments. The final order may be appealed in the manner provided in sections 14.63 to 14.69.

(f) If a hearing has been held and a final order issued by the commissioner, the penalty shall be paid by 30 days after the date the final order is received unless review of the final order is requested under sections 14.63 to 14.69. If review is not requested or the order is reviewed and upheld, the amount due is the penalty, together with interest accruing from the date the order is final at the rate established in section 549.09.

Subd. 6. [MEDIATION.] In addition to review under subdivision 5, the commissioner is authorized to enter into mediation concerning an order issued under this section if the commissioner and the person to whom the order is issued both agree to mediation.

Subd. 7. [ENFORCEMENT.] (a) The attorney general may proceed on behalf of the state to enforce penalties that are due and payable under this section in any manner provided by law for the collection of debts.

(b) The attorney general may petition the district court to file the administrative order as an order of the court. At any court hearing, the only issues parties may contest are procedural and notice issues. Once entered, the administrative order may be enforced in the same manner as a final judgment of the district court.

(c) If a person fails to pay the penalty, the attorney general may bring a civil action in district court seeking payment of the penalties, injunctive, or other appropriate relief including monetary damages, attorneys' fees, costs, and interest.

Subd. 8. [REVOCAION AND SUSPENSION OF PERMIT, LICENSE, REGISTRATION, OR CERTIFICATE.] If a person fails to pay a penalty owed under this section, the agency has grounds to revoke or refuse to reissue or renew a permit, license, registration, or certificate issued by the department.

Subd. 9. [CUMULATIVE REMEDY.] The authority of the agency to issue a corrective order assessing penalties is in addition to other remedies available under statutory or common law, except that the state may not seek civil penalties under any other provision of law for the violations covered by the administrative penalty order. The payment of a penalty does not preclude the use of other enforcement provisions, under which penalties are not assessed, in connection with the violation for which the penalty was assessed.

Sec. 10. [144.992] [FALSE INFORMATION.]

A person subject to any of the requirements listed in section 144.99, subdivision 1, may not make a false material statement, representation, or certification in; omit material information from; or alter, conceal, or fail to file or maintain a notice, application, record, report, plan, or other document required under the statutes, rules, or other actions listed in section 144.99, subdivision 1.

Sec. 11. [144.993] [RECOVERY OF LITIGATION COSTS AND EXPENSES.]

In any judicial action brought by the attorney general for civil penalties, injunctive relief, or an action to compel performance pursuant to the authority cited in section 144.99, subdivision 1, if the state finally prevails, and if the

proven violation was willful, the state, in addition to other penalties provided by law, may be allowed an amount determined by the court to be the reasonable value of all or part of the litigation expenses incurred by the state. In determining the amount of the litigation expenses to be allowed, the court shall give consideration to the economic circumstances of the defendant.

"Section 1. [325F.755] [PRIZE NOTICES AND SOLICITATIONS.]

Subdivision 1. [DEFINITIONS.] For purposes of this section, the following terms have the meanings given them.

(a) "Prize" means a gift, award, or other item or service of value that is offered or awarded to a participant in a real or purported contest, competition, sweepstakes, puzzle, drawing, scheme, plan, or other selection process.

(b) "Retail value" of a prize means:

(1) a price at which the sponsor can substantiate that a substantial number of the prizes have been sold to the public in Minnesota in the preceding year; or

(2) if the sponsor is unable to satisfy the requirement in clause (1), then no more than 1.5 times the amount the sponsor paid for the prize in a bona fide purchase from an unaffiliated seller.

Subd. 2. [DISCLOSURES REQUIRED.] (a) No sponsor shall require a person in Minnesota to pay the sponsor money as a condition of awarding the person a prize, or as a condition of allowing the person to receive, use, compete for, or obtain information about a prize, nor shall a sponsor use any solicitation that creates the reasonable impression that a payment is required, unless the person has first received a written prize notice containing the information required in paragraphs (b) and (c).

(b) A written prize notice must contain each of the following:

(4) any requirement that the person pay shipping or handling fees or any other charges to obtain or use a prize, including the nature and amount of the charges;

(5) if receipt of the prize is subject to a restriction, a statement that a restriction applies, and a description of the restriction;

(6) any limitations on eligibility; and

(7) if a sponsor represents that the person is a "winner," is a "finalist," has been "specially selected," is in "first place," or is otherwise among a limited group of persons with an enhanced likelihood of receiving a prize, the written prize notice must contain a statement of the maximum number of persons in the group or purported group with this enhanced likelihood of receiving a prize.

(c) The information required by paragraph (b) must be presented in the following form:

(1) the retail value and the statement of odds required under paragraph (b), clauses (2) and (3), must be stated in immediate proximity to each identification of a prize on the written notice, and must be in the same size and boldness of type as the reference to the prize;

The number of prizes and written prize notices must be stated in Arabic numerals. The statement of odds must be in the following form: ".... (number of prizes) out of notices distributed.";

(3) if a person is required to pay shipping or handling fees or any other charges to obtain a prize, to be eligible to obtain a prize, or participate in a contest, the following statement must appear in immediate proximity to each listing of the prize in the written prize notice, in not less than ten-point boldface type: "YOU MUST PAY \$..... TO RECEIVE THIS ITEM" or: "YOU MUST PAY \$..... TO COMPETE FOR THIS ITEM," whichever is applicable; and

(4) a statement required under paragraph (b), clause (7), must appear in immediate proximity to each representation that the person is among a group of persons with an enhanced likelihood of receiving a prize, and must be in the same size and boldness of type as the representation.

Subd. 3. [PRIZE AWARD REQUIRED.] A sponsor who represents to a person that the person has been awarded a prize shall, not later than 30 days after making the representation, provide the person with the prize, or with a voucher, certificate, or other document giving the person the unconditional right to receive the prize, or shall provide the person with either of the following items selected by the person:

(1) any other prize listed in the written prize notice that is available and that is of equal or greater value; or

(2) the retail value of the prize, as stated in the written notice, in the form of cash, a money order, or a certified check.

Subd. 4. [ADVERTISING MEDIA EXEMPT.] Nothing in this section creates liability for acts by the publisher, owner, agent, or employee of a newspaper, periodical, radio station, television station, cable television system, or other advertising medium arising out of the publication or dissemination of a solicitation, notice, or promotion governed by this section, unless the publisher, owner, agent, or employee had knowledge that the solicitation, notice, or promotion violated the requirements of this section, or had a financial interest in the solicitation, notice, or promotion.

Subd. 5. [EXEMPTIONS.] This section does not apply to solicitations or representations in connection with: (1) the sale or purchase of books, recordings, videocassettes, periodicals, and similar goods through a membership group or club which is regulated by the Federal Trade Commission pursuant to Code of Federal Regulations, title 16, part 425.1, concerning use of negative option plans by sellers in commerce; (2) the sale or purchase of goods ordered through a contractual plan or arrangement such as a continuity plan, subscription management, or a single sale or purchase series arrangement under which the seller ships goods to a consumer who has consented in advance to receive the goods and after the receipt of the goods is given the opportunity to examine the goods and to receive a full refund of charges for the goods upon return of the goods undamaged; or (3) sales by a catalog seller. For purposes of this section "catalog seller" shall mean any entity, and its subsidiaries, or a person at least 50 percent of whose annual revenues are derived from the sale of products sold in connection with the distribution of catalogs of at least 24 pages, which contain written descriptions or illustrations and sales prices for each item of merchandise and which are distributed in more than one state with a total annual distribution of at least 250,000.

(c) Whoever intentionally violates this section may be fined not more than \$10,000 or imprisoned for not more than two years or both. It is evidence of intent if the violation occurs after the office of the attorney general has notified a person by certified mail that the person is in violation of this section.

(d) A person suffering pecuniary loss because of an intentional violation of this section may bring an action in any court of competent jurisdiction and shall recover costs, reasonable attorney's fees, and the greater of: (1) \$500; or (2) twice the amount of the pecuniary loss.

(e) The relief provided in this section is in addition to remedies or penalties otherwise available against the same conduct under common law or other statutes of this state.

If, within 15 days after service of the order, the subject of the order fails to request a hearing in writing, the cease and desist order becomes final.

A hearing must be initiated by the commissioner of health not later than 30 days after the date the commissioner receives a written hearing request. Within 30 days after receiving the administrative law judge's report, the commissioner of health shall issue a final order modifying, vacating, or making permanent the cease and desist order as the facts require. The final order remains in effect until modified or vacated by the commissioner of health.

When a request for a stay accompanies a timely hearing request, the commissioner of health may grant the stay. If the commissioner does not grant a requested stay, the commissioner shall refer the request to the office of administrative hearings within three work days after receiving the request. Within ten days after receiving the request from the commissioner of health, an administrative law judge shall issue a recommendation to grant or deny the stay. The commissioner of health shall grant or deny the stay within five work days after receiving the administrative law judge's recommendation.

Subd. 4. [ADDITIONAL POWERS.] The issuance of a cease and desist order or injunctive relief granted under this section does not relieve a person from criminal prosecution by any competent authority or from disciplinary action by the commissioner of health. Any violation of any order of the commissioner is a misdemeanor.

Until the commissioner adopts rules required by this act for the administration of the hearing instrument dispenser certification program, the commissioner shall apply Minnesota Rules, chapter 4692, to govern commissioner action on permits; Minnesota Rules, part 4745.0025, to govern requirements for certification, examination of applicants, and certification by reciprocity; Minnesota Rules, chapter 4745, to govern commissioner action on certificates and additional grounds for disciplinary action; and Minnesota Rules, part 4745.0060, to establish the membership and responsibilities of the hearing instrument dispenser advisory council.

Between the effective date of this act and November 1, 1994, no current registrations of hearing instrument dispensers may be renewed and no new registrations issued, but hearing instrument dispenser permits must be renewed to applicants for renewal who meet the requirements in effect at the time their previous permit was issued. During that period, the fee for a permit and the fee for a certificate is the amount set for a certificate application in section 5, except that the commissioner shall prorate the fee for first-time applicants for certification according to the number of months that have elapsed since the date the applicant's permit was issued and the date certification must be renewed under section 3. Notwithstanding section 3, subdivision 4, a person holding a valid hearing instrument dispenser permit may continue to dispense hearing instruments without a certificate until November 1, 1994, but may not use the title "certified hearing instrument dispenser" or in any other way hold to the public that the person is certified.

Upon acceptance of the insurance by the insurer and within 30 days of the date on which the indebtedness is incurred, the insurer shall cause the individual policy or group certificate of insurance to be delivered to the debtor. In order to determine whether the premium to be charged under a particular policy form submitted by an insurer is excessive in relation to benefits, and to facilitate the submission and approval of policy forms and premium rates to be used in connection therewith, the commissioner shall give full consideration to and make reasonable allowances for underwriting expenses including, but not limited to, claim adjustment expenses, general administrative expenses including costs for handling return premiums, compensation to agents, expense allowances to creditors, if any, branch and field expenses and other acquisition costs, the types of policies actually issued and authorized as defined in section 62B.03, (1), (2), (3) and (4), (5), and (6), and any and all other factors and trends demonstrated to be relevant. It also means a child of the member conceived during the member's lifetime and born after the member's death.

Sec. 2. Minnesota Statutes 1992, section 352.12, subdivision 2, is amended to read:

(b) If the employee was under age 55 and has credit for at least 30 years of allowable service on the date of death, the surviving spouse may elect to receive a 100 percent joint and survivor annuity based on the age of the employee and surviving spouse on the date of death. The annuity is payable using the full early retirement reduction under section 352.116, subdivision 1, paragraph (a), to age 55 and one-half of the early retirement reduction from age 55 to the age payment begins.

(c) If the employee was under age 55 and has credit for at least three years of allowable service credit on the date of death but did not yet qualify for retirement, the surviving spouse may elect to receive a 100 percent joint and survivor annuity based on the age of the employee and surviving spouse at the time of death. The annuity is payable using the full early retirement reduction under section 352.116, subdivision 1 or 1a, to age 55 and one-half of the early retirement reduction from age 55 to the age payment begins.

The surviving spouse eligible for surviving spouse benefits under paragraph (a) may apply for the annuity at any time after the date on which the deceased employee would have attained the required age for retirement based on the employee's allowable service. The surviving spouse eligible for surviving spouse benefits under paragraph (b) or (c) may apply for the annuity at any time after the employee's death. The annuity must be computed as provided in under sections 352.115, subdivisions 1, 2, and 3, and 352.116, subdivisions 1, 1a, and 3. Sections 352.22, subdivision 3, and 352.72, subdivision 2, apply to a deferred annuity or surviving spouse benefit payable under this subdivision. The annuity must cease with the last payment received by the surviving spouse in the lifetime of the surviving spouse, or upon expiration of a term certain benefit payment to a surviving spouse under subdivision 2a. An amount equal to the excess, if any, of the accumulated contributions credited to the account of the deceased employee in excess of the total of the benefits paid and payable to the surviving spouse must be paid to the deceased employee's last designated beneficiary or, if none, to the surviving children of the deceased spouse in equal shares or, if none, to the surviving parents of the deceased spouse or, if none, to the representative of the estate of the deceased spouse as specified under subdivision 1.

The monthly term certain annuity must be actuarially equivalent to the 100 percent optional annuity under subdivision 2.

If a survivor elects a term certain annuity and dies before the expiration of the specified term certain period, the commuted value of the remaining annuity payments must be paid in a lump sum to the survivor's estate.

Sec. 4. Minnesota Statutes 1992, section 352.12, is amended by adding a subdivision to read:

Subd. 2b. If there is more than one dependent child, each dependent child shall receive a proportionate share of the actuarial value of the employee's account.

"Dependent child" also includes a child of the member conceived during the member's lifetime and born after the member's death. It also means a dependent child who is the subject of adoption proceedings filed by a member, and who within two years after death of the member, by judgment and decree duly entered, is adjudged to be the adopted child of the deceased member; subject, however, to the qualifying

conditions of age and dependency under this subdivision. The dependency of the child dates from the decree of adoption. "Dependent child" also includes a child age 18 to 23 who had submitted evidence of full-time enrollment in an accredited educational institution but was determined to be medically unable to continue school on a full-time basis. The board of trustees shall adopt written procedures to make determinations regarding eligibility based on a student being medically unable to continue school, and may not continue a benefit for medical reasons for a period greater than one year.

Sec. 6. Minnesota Statutes 1992, section 353.01, is amended by adding a subdivision to read:

(b) If the member was under age 55 and has credit for at least 30 years of allowable service on the date of death, the surviving spouse may elect to receive a 100 percent joint and survivor annuity based on the age of the member and surviving spouse on the date of death. The surviving spouse eligible for surviving spouse benefits under paragraph (b) or (c) may apply for an annuity any time after the member's death. The annuity must be computed under sections 353.29, subdivisions 2 and 3; 353.30, subdivisions 1, 1a, 1b, 1c, and 5; and 353.31, subdivision 3.

Sections 353.34, subdivision 3, and 353.71, subdivision 2, apply to a deferred annuity or surviving spouse benefit payable under this subdivision. No payment may accrue beyond the end of the month in which entitlement to the annuity has terminated or upon expiration of the term certain benefit payment under subdivision 1b. An amount equal to any excess of the accumulated contributions that were credited to the account of the deceased employee over and above the total of the annuities paid and payable to the surviving spouse must be paid to the deceased member's last designated beneficiary or, if none, to the legal representative of the estate of the deceased member as specified under subdivision 1.

The payment to a dependent child is an amount actuarially equivalent to the value of a 100 percent optional annuity under subdivision 1a using the age of the member and age of the dependent child at the date of death in lieu of the age of the surviving spouse. Subd. 2. [DESIGNATION OF SCHOOLS.] Based on the occurrence of active tuberculosis or evidence of a higher than expected prevalence of tuberculosis infection in the population attending or employed by one or more schools in a school district, the commissioner of health may designate schools or a school district in which screening of some or all persons enrolled in or employed by the school or school district for tuberculosis is a necessary public health measure. In making the designation, the commissioner shall also determine the frequency with which proof of screening must be submitted. In determining whether the population attending or employed by a school or school district has a higher than expected prevalence of tuberculosis infection, the commissioner shall consider factors such as race or ethnicity, age, and the geographic location of residence of the student population; the expected background prevalence of tuberculosis infection in the community; and currently accepted public health standards pertaining to the control of tuberculosis.

Subd. 3. [SCREENING OF STUDENTS.] As determined by the commissioner under subdivision 2, no person may enroll or remain enrolled in any school which the commissioner has designated under subdivision 2 until the person has submitted to the administrator or other person having general control and supervision of the school, one of the following statements:

(4) a notarized statement signed by the minor child's parent or guardian or by the emancipated person stating that the person has not submitted the proof of tuberculosis screening as required by this subdivision because of the conscientiously held beliefs of the parent or guardian of the minor child or of the emancipated person. This statement must be forwarded to the commissioner.

Subd. 4. [SCREENING OF EMPLOYEES.] As determined by the commissioner under subdivision 2, a person employed by the designated school or school district shall submit to the administrator or other person having general control and supervision of the school one of the following:

(2) a statement from a physician or public clinic stating that a person who has a positive Mantoux test reaction has had a negative chest roentgenogram (X-ray) for tuberculosis within the past year, provided that the person has no symptoms suggestive of tuberculosis or evidence of a new exposure to active tuberculosis;

(3) a statement from a physician or public health clinic stating that the person (i) has a history of adequately treated active tuberculosis; (ii) is currently receiving tuberculosis preventive therapy; (iii) is currently undergoing therapy for active tuberculosis and the person's presence in a school building will not endanger the health of other people; or (iv) has completed a course of preventive therapy or was intolerant to preventive therapy, provided the person has no symptoms suggestive of tuberculosis or evidence of a new exposure to active tuberculosis; or

Subd. 5. [EXCEPTIONS.] Subdivisions 3 and 4 do not apply to:

(1) a person with a history of either a past positive Mantoux test reaction or active tuberculosis who has a documented history of completing a course of tuberculosis therapy or preventive therapy when the school or school district holds a statement from a physician or public health clinic indicating that such therapy was provided to the person and that the person has no symptoms suggestive of tuberculosis or evidence of a new exposure to active tuberculosis; and

(2) a person with a history of a past positive Mantoux test reaction who has not completed a course of preventive therapy. This determination shall be made by the commissioner based on currently accepted public health standards and the person's health status.

Subd. 6. [PROGRAMS USING SCHOOL FACILITIES.] The commissioner may require the statements described in subdivisions 3 and 4 to be submitted by participants or staff of a program or activity that uses the facilities of a school or school district on a regular and ongoing basis, if the commissioner has determined that tuberculosis screening is necessary.

Subd. 7. [IMPLEMENTATION.] The administrator or other person having general control and supervision of the school or school district designated by the commissioner under subdivision 2 shall take the measures that are necessary, including the exclusion of persons from the premises of a school, to obtain the proof of screening required by subdivisions 3 and 4.

Subd. 8. [ACCESS TO RECORDS.] The commissioner shall have access to any school or school district records, including health records of persons enrolled in or employed by a school or school district, that are needed to determine whether a tuberculosis screening program is necessary, or to administer a screening program.

Subd. 10. [WAIVER.] The commissioner may waive any portion of the requirements of subdivisions 3 to 9 if the commissioner determines that it is not necessary in order to protect the public health.

Sec. 3. [144.442] [TESTING IN SCHOOL CLINICS.]

Subdivision 1. [ADMINISTRATION; NOTIFICATION.] In the event that the commissioner designates a school or school district under section 2, subdivision 2, the school or school district or board of health may administer Mantoux screening tests to some or all persons enrolled in or employed by the designated school or school district. Any Mantoux screening provided under this section shall be under the direction of a licensed physician.

Prior to administering the Mantoux test to such persons, the school or school district or board of health shall inform in writing such persons and parents or guardians of minor children to whom the test may be administered, of the following:

(1) that there has been an occurrence of active tuberculosis or evidence of a higher than expected prevalence of tuberculosis infection in that school or school district;

(2) that screening is necessary to avoid the spread of tuberculosis;

(3) the manner by which tuberculosis is transmitted;

(4) the risks and possible side effects of the Mantoux test;

(5) the risks from untreated tuberculosis to the infected person and others;

(6) the ordinary course of further diagnosis and treatment if the Mantoux test is positive;

(7) that screening has been scheduled; and

(8) that no person will be required to submit to the screening if he or she submits a statement of objection due to the conscientiously held beliefs of the person employed or of the parent or guardian of a minor child.

Subd. 2. [CONSENT OF MINORS.] Minors may give consent for testing as set forth in sections 144.341 to 144.347.

Subd. 3. [SCREENING OF MINORS.] Prior to administering a Mantoux test to a minor, the school or school district or board of health shall prepare a form for signature in which the parent or guardian shall consent or submit a statement of objection to the test. The parent or guardian of a minor child shall return a signed form to the school or school district or board of health which is conducting the screening indicating receipt of the notice and consent or objection to the administration of the test. In the event that the form with a signed consent or objection is not returned, the school or school district or board of health may undertake such steps as are reasonable to secure such consent or objection. If after such steps the school or school district or board of health chooses to screen the minor without consent, it shall send a notice of intent to test by certified mail, restricted delivery with return receipt, to the address given to the school or school district by the parent or guardian for emergency contact of the parent or guardian. The accuracy of the address shall be checked with the person enrolled, if possible, placing notice as specified in this subdivision shall constitute service. Reasonable efforts shall be made to provide this notice in a language understood by the parent or guardian. If this notice cannot be delivered or a form with a signed consent or objection is not returned, the school or school district or board of health shall check the permanent medical record required by section 144.29 to determine if the parent or guardian previously withheld consent to immunizations or other medical treatment because of conscientiously held beliefs. If there is such a statement on file or if the school district otherwise has notice of such a statement, the school or school district or board of health shall not administer the Mantoux test unless the consent of the parent or guardian is obtained. If there is no such statement in the permanent medical record or known to exist otherwise, the school or school district or board of health may administer the Mantoux test at the time and place specified in the notice unless medically contraindicated. The school or school district or board of health shall document in the permanent medical record its efforts to notify the parent or guardian of the minor child, and its efforts to check the permanent medical records.

Subd. 4. [CONSENT FOR SUBSEQUENT TESTING OR TREATMENT.] In the event the Mantoux test is positive, no further diagnosis of or treatment for tuberculosis in a minor child shall be undertaken without the signed consent of the parent or guardian of the minor child.

Sec. 4. [144.443] [TUBERCULOSIS HEALTH THREAT TO OTHERS.]

A "health threat to others" as defined in section 144.4172, subdivision 8, includes a person who although not currently infectious, has failed to complete a previously prescribed course of tuberculosis therapy, demonstrates an inability or unwillingness to initiate or complete, or shows an intent to fail to complete, a prescribed course of tuberculosis drug therapy, if that failure could lead to future infectiousness.

Sec. 5. [144.444] [TUBERCULOSIS EMERGENCY HOLD.]

A temporary emergency hold under section 144.4182 may be placed on a person who is a health threat to others when there is reasonable cause to believe that the person may be unlocatable for the purposes of applying the procedures described in sections 144.4171 to 144.4186, or when medical or epidemiologic evidence suggests that the person is or may become infectious before the conclusion of court proceedings and appeals.

Sec. 6. [144.445] [TUBERCULOSIS SCREENING IN CORRECTIONAL INSTITUTIONS AND FACILITIES.]

Subdivision 1. [SCREENING OF INMATES.] All persons detained or confined for seven consecutive days or more in facilities operated, licensed, or inspected by the department of corrections shall be screened for tuberculosis with either a Mantoux test or a chest roentgenogram (X-ray) as consistent with screening and follow-up practices recommended by the United States Public Health Service or the department of health, as determined by the commissioner of health. Administration of the Mantoux test or chest roentgenogram (X-ray) must take place on or before the seventh day of detention or confinement.

Subd. 2. [SCREENING OF EMPLOYEES.] All employees of facilities operated, licensed, or inspected by the department of corrections shall be screened for tuberculosis before employment in the facility and annually thereafter, with either a Mantoux test or a chest roentgenogram (X-ray) as consistent with screening and follow-up practices recommended by the United States Public Health Service or the department of health, as determined by the commissioner of health.

Subd. 3. [EXCEPTIONS.] Subdivisions 1 and 2 do not apply to:

(1) a person who is detained or confined in a juvenile temporary holdover facility, provided that the person has no symptoms suggestive of tuberculosis, evidence of a new exposure to active tuberculosis, or other health condition that may require a chest roentgenogram (X-ray) be performed to rule out active tuberculosis;

H. F. No. 592 which was temporarily laid over earlier today on Special Orders was again reported to the House.

Pugh moved to amend H. F. No. 592, the first engrossment, as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1992, section 510.01, is amended to read:

510.01 [HOMESTEAD DEFINED; EXEMPT; EXCEPTION.]

The house owned and occupied by a debtor as the debtor's dwelling place, together with the land upon which it is situated to the amount of area and value hereinafter limited and defined, shall constitute the homestead of such debtor and the debtor's family, and be exempt from seizure or sale under legal process on account of any debt not lawfully charged thereon in writing, except such as are incurred for work or materials furnished in the construction, repair, or improvement of such homestead, or for services performed by laborers or servants and as is provided in section 550.175.

Sec. 2. Minnesota Statutes 1992, section 510.02, is amended to read:

510.02 [AREA; AND VALUE; HOW LIMITED.]

The homestead may include any quantity of land not exceeding 160 acres, and not included in the laid out or platted portion of any city. If it be the homestead is within the laid out or platted portion of such place a city, its area shall must not exceed one-half of an acre. The value of the homestead exemption, whether the exemption is claimed jointly or individually, may not exceed \$200,000 or, if the homestead is used primarily for agricultural purposes, \$500,000, exclusive of the limitations set forth in section 510.05.

Sec. 3. Minnesota Statutes 1992, section 510.07, is amended to read:

510.07 [SALE OR REMOVAL PERMITTED; INSURANCE PROCEEDS; NOTICE.]

The owner may sell and convey the homestead without subjecting it, or the proceeds of such sale for the period of one year after sale, to any judgment or debt from which it was exempt in the owner's hands, except that the

proceeds of the sale are not exempt from a judgment or debt for a court ordered child support or maintenance obligation in arrears. The proceeds of an insurance claim for an exempt homestead are exempt for one year. The owner may remove therefrom without affecting such exemption, if the owner does not thereby abandon the same as the place of abode. If the owner shall cease to occupy such homestead for more than six consecutive months the owner shall be deemed to have abandoned the same unless, within such period, the owner shall file with the county recorder of the county in which it is situated a notice, executed, witnessed, and acknowledged as in the case of a deed, describing the premises and claiming the same as the owner's homestead. In no case shall the exemption continue more than five years after such filing, unless during some part of the term the premises shall have been occupied as the actual dwelling place of the debtor or the debtor's family.

Sec. 4. Minnesota Statutes 1992, section 510.08, is amended to read:

510.08 [SELECTION AFTER LEVY.]

(a) If the premises so owned and occupied by the debtor or claimed under the debtor by another as exempt shall exceed the area herein prescribed, and the homestead shall not have been set apart as such and its boundaries defined, an attachment or execution may be levied upon the whole. Thereupon the person entitled to the benefits of such exemption shall deliver to the officer making the levy a description of the part claimed as exempt, and the remainder only shall be subject to the levy so made.

(b) If the premises so owned and occupied by the debtor or claimed under the debtor by another as exempt exceeds the value prescribed in section 510.02, an attachment or execution may be levied upon the whole.

Sec. 5. Minnesota Statutes 1992, section 550.175, subdivision 3, is amended to read:

Subd. 3. [DESIGNATION OF HOMESTEAD PROPERTY.] The debtor must designate the legal description of the homestead property to be sold separately and the debtor's estimate of the value of the property. The homestead property designated may include any amount of the property. The designation must conform to local zoning, include the dwelling occupied by the debtor, and be compact so that it does not unreasonably affect the value of the remaining property. The debtor must serve a copy of the designation on the executing creditor, the sheriff, and the county recorder by ten business days before the sale is scheduled.

Sec. 6. Minnesota Statutes 1992, section 550.175, subdivision 4, is amended to read:

Subd. 4. [SALE OF PROPERTY.] (a) If the sheriff receives a homestead property designation under subdivision 3, the sheriff must offer and sell the designated homestead property, and the remaining property, separately, unless the executing creditor denies the right to the exemption, objects to the property designated, or claims the value exceeds the exemption.

(b) If the executing creditor is dissatisfied with the homestead property designation or the debtor's valuation of the property, upon proper motion to the district court of the county in which any part of the property is located, the executing creditor is entitled to a court approved designation of the homestead and a court determination of value. The court shall either approve the debtor's designation or cause the property to be surveyed and order a homestead designation consistent with the standards of subdivision 3 and require an appraisal of fair market value, as applicable. The court's designation of the homestead property must conform to the debtor's request, to the extent not inconsistent with the standards of subdivision 3.

(c) The court, in determining appraised value, shall review any appraisals provided by the debtor and executing creditor and may require a court appointed independent appraisal. The appraisals shall evaluate the property's fair market value, net of reasonable costs of sale.

(d) If the court determines that the property claimed as a homestead exceeds in value the amount of the homestead exemption or if the court determines that the property cannot be divided without material injury, the court shall order the sale of the entire property, including the designated homestead. Out of the proceeds of the sale, the court shall pay the debtor the amount of the homestead exemption and apply the balance of the proceeds of the sale on the execution.

(e) At the sale, no bid may be accepted unless it exceeds the amount of the homestead exemption. If no bid exceeds the exemption, the homestead is exempt.

(f) The cost of any court ordered survey or appraisal and of the sale must be collected on the execution, if the debtor designated as the debtor's homestead a greater quantity of property, property of greater value than the debtor was entitled to, or designated a parcel that does not meet the standards of subdivision 3. In all other cases, the costs shall be borne by the executing creditor."

"Section 1. [126.0152] [YOUTH APPRENTICESHIP PROGRAM.]

Subdivision 1. [ESTABLISHMENT; PURPOSE; NEED.] (a) A youth apprenticeship program is established to improve students' transition from high school to work by fostering partnerships between high schools, post-secondary schools, local employers, labor organizations, and communities.

(b) The purpose of the four-year combined secondary and post-secondary program is to integrate academic instruction, work-based learning, and worksite learning and experience and lead to a statewide credential of academic and occupational proficiency.

(c) The need for the program arises because improved and changing technologies in business and industry require employees to have greater occupational skills, high skill occupations require more and better trained employees, and changes in the workplace require skilled employees to solve complex problems, think critically, make important decisions, and communicate effectively.

Subd. 2. [OBJECTIVES.] (a) To improve high school students' transition from school to work, the youth apprenticeship program must obtain strong school and employer commitment and involvement.

(b) A youth apprenticeship demonstration project must accomplish the following objectives:

(1) provide students with work-based learning in skilled occupations that leads to high skill employment and opportunities for advancement;

(2) integrate students' secondary and post-secondary academic instruction and work-related learning so that they may qualify for an apprenticeship or other high skill training program;

(3) beginning in junior high school, expand the range of skilled occupations available to students to explore as career options;

(4) improve students' qualifications for an apprenticeship or other high skill training program and the opportunity to obtain secondary and post-secondary credit for their program experience;

(5) improve students' ability to use academic skills in the workplace;

(6) actively encourage women and minority students to participate in apprenticeship or other high skill training programs;

(7) increase the number of qualified students preparing to enter skilled industries and occupations and work with employers to improve students' access to such industries and occupations;

(8) involve representatives of business, industry, occupations, and labor in planning, developing, and evaluating the program, including designing the work-related curriculum;

(9) enable employers to assess students' skills and abilities before accepting the students as apprentices or employing them;

- (10) expand employers' interest in and willingness to invest in training students for skilled occupations; and
- (11) create a school program that is interesting, enjoyable, and challenging.

Subd. 3. [ACADEMIC INSTRUCTION AND WORK-RELATED LEARNING.] (a) A youth apprenticeship demonstration project must integrate academic instruction and work-related learning in the classroom and at the workplace. Schools, in collaboration with students' employers, must use competency-based measures to evaluate students' progress in the program. Students who successfully complete the program at a demonstration project must receive academic and occupational credentials from the participating school.

(b) The academic instruction provided as part of a youth apprenticeship program must:

- (1) meet applicable secondary and post-secondary education requirements;
- (2) enable the students to attain academic proficiency in at least the areas of English, mathematics, history, science, and geography; and
- (3) where appropriate, modify existing secondary and post-secondary curricula to accommodate the changing needs of the workplace.

(c) Work-based learning provided as part of the program must:

- (1) supply students with knowledge, skills, and abilities based on appropriate, nationally accepted standards in the specific industries and occupations for which the students are trained;
- (2) offer students structured job training at the worksite, including high quality supervised learning opportunities;
- (3) foster interactive, team-based learning;
- (4) encourage sound work habits and behaviors;
- (5) develop workplace skills, including the ability to manage resources, work productively with others, acquire and use information, understand and master systems, and work with technologies; and
- (6) where feasible, offer students the opportunity to participate in community service and service learning activities.

(d) Worksite learning and experience provided as part of the program must:

- (1) help youth apprentices achieve the program's academic and work-based learning requirements;
- (2) pay apprentices for their work; and
- (3) assist employers to fulfill their commitment to youth apprentices.

Subd. 4. [PROGRAM COMPONENTS.] (a) A youth apprenticeship demonstration project must require representatives of secondary and post-secondary school systems, business, industry, occupations, labor, and the community to be actively and collaboratively involved in advising and managing the program.

(b) The entities participating in a demonstration project must consult with local private industry councils to ensure that the youth apprenticeship program meets local labor market demands and provides student apprentices with the high skill training necessary for career advancement within an occupation.

(c) The program must meet applicable state education requirements and labor standards, provide support services to program participants, and accommodate the integrating of work-related learning and academic instruction through flexible schedules for students and teachers and appropriately modified curriculum.

(d) Local employers, collaborating with labor organizations where appropriate, must assist the program by analyzing workplace needs, creating work-related curriculum, employing and adequately paying youth apprentices engaged in work-related learning in the workplace, training youth apprentices to become skilled in an occupation,

providing student apprentices with a workplace mentor, periodically informing the school of an apprentice's progress, and making a reasonable effort to employ youth apprentices who successfully complete the program.

(e) A student participating in a demonstration project must sign a youth apprenticeship agreement with participating entities that obligates youth apprentices, their parents or guardians, employers, and schools to meet program requirements, indicates how academic instruction, work-based learning, and worksite learning and experience will be integrated, ensures that successful youth apprentices will receive a recognized credential of academic and occupational proficiency, and establishes the wage rate and other benefits for which youth apprentices are eligible while employed during the program.

(f) Secondary school principals or counselors or business mentors familiar with the demonstration project must inform entering secondary school students about available occupational and career opportunities and the option of entering a youth apprenticeship program to obtain post-secondary academic and occupational credentials.

Subd. 5. [NONDISPLACEMENT.] An employer participating in a youth apprenticeship demonstration project shall not displace any employee engaged in work similar to the work performed by a youth apprentice or remove any similar position as a result of the project. This precludes an employer from reducing an employee's hours of work, wages, or employment benefits.

Subd. 6. [YOUTH APPRENTICESHIP COUNCIL.] A 14-member youth apprenticeship council is established, composed of the commissioners of education, labor and industry, and jobs and training, or their designees, the chancellors of the technical and community colleges, or their designees, the president of Minnesota Technology, Inc., or the president's designee, one representative each from the Minnesota education association and the Minnesota federation of teachers, and two representatives each from business, labor, and industry organizations appointed by appropriate statewide organizations. Members serving not as a result of their office have three-year terms except that the first appointees' terms must be staggered into four one-year, five two-year, and five three-year terms as determined by lot at the council's first meeting. The council shall assist in developing and implementing youth apprenticeship programs throughout the state and, where feasible, in integrating community service and service learning curriculum into youth apprenticeship programs. The council shall submit a report to the legislature and the governor, annually by January 15, describing the actions taken during the previous calendar year to develop and implement youth apprenticeship programs under this section, what waivers of law, if any, are necessary to accomplishing the purposes of this section, and the budget and staffing needs of the programs.

Sec. 2. [YOUTH APPRENTICESHIP DEMONSTRATION PROJECT GRANTS.]

Subdivision 1. [ESTABLISHMENT; ELIGIBILITY.] The youth apprenticeship council shall establish a grant program to fund youth apprenticeship demonstration projects under section 1. A grant applicant must represent secondary and post-secondary school systems, affected secondary school principals, business, industry, occupations, labor, and the local community.

Subd. 2. [APPLICATION PROCESS.] To obtain a grant to participate in a project, the applicant must submit an application to the youth apprenticeship council in the form and manner established by the council. The application must describe how the applicant will meet the program objectives in Minnesota Statutes, section 126.0152, subdivision 2, and what resources will be available to continue the project if it is found to be effective. The council may require additional information from the applicant.

Subd. 3. [GRANT AWARDS.] Grant recipients must be located throughout the state. The amount of the grant shall not exceed \$100,000. Grant recipients shall use the grant money to implement a youth apprenticeship demonstration project.

Subd. 4. [EVALUATION.] The council shall evaluate the projects to determine the extent to which the objectives in Minnesota Statutes, section 126.0152, subdivision 2, are realized and recommend to the legislature by January 1, 1995, whether or not such projects should be made available throughout the state. If the council recommends that the projects should be made available statewide, the council also shall recommend an implementation process.

Sec. 3. [APPROPRIATION; DEMONSTRATION PROJECTS.]

Subdivision 1. [DEPARTMENT OF EDUCATION.] There is appropriated from the general fund to the department of education for developing and implementing youth apprenticeship programs under section 1:

\$1,000,000

1994.

The appropriation is available until June 30, 1995. Of this amount, \$50,000 in fiscal year 1994 and \$50,000 in fiscal year 1995 is available to the department to employ a staff person to assist the youth apprenticeship council in section 1.

The youth apprenticeship council shall actively seek a dollar for dollar match in funding or in-kind contributions from nonstate sources, including local program participants.

Subd. 2. [DEMONSTRATION PROJECTS.] The youth apprenticeship council under section 1, shall implement the demonstration youth apprenticeship projects during the 1994-1995 biennium. Industries and occupations participating in the demonstration projects must offer youth apprentices entry-level employment with opportunities for advancing into high skill, high wage positions.

Entities participating in a demonstration project must make a five-year commitment to effectively implementing a youth apprenticeship program."

501B.89 [EXCULPATORY CLAUSES TRUST PROVISIONS LINKED TO PUBLIC ASSISTANCE ELIGIBILITY UNENFORCEABLE; SUPPLEMENTAL NEEDS TRUSTS.]

Subdivision 1. [TRUSTS CONTAINING LIMITATIONS LINKED TO ELIGIBILITY FOR PUBLIC ASSISTANCE.]

(a) Except as allowed by subdivision 2, a provision in a trust created after July 1, 1992, purporting to make assets or income unavailable to a beneficiary that provides for the suspension, termination, limitation, or diversion of the principal, income, or beneficial interest of a beneficiary if the beneficiary applies for or is determined eligible for, or receives public assistance or benefits under a public health care program is unenforceable as against the public policy of this state, without regard to the irrevocability of the trust or the purpose for which the trust was created.

(b) This subdivision applies to trust provisions created after July 1, 1992. For purposes of this section, a trust provision is created on the date of execution of the first instrument that contains the provision, even though the trust provision is later amended or reformed or the trust is not funded until a later date.

Subd. 2. [SUPPLEMENTAL TRUSTS FOR PERSONS WITH DISABILITIES.] (a) It is the public policy of this state to enforce supplemental needs trusts as provided in this subdivision.

(b) For purposes of this subdivision, a "supplemental needs trust" is a trust created for the benefit of a person with a disability and funded by someone other than the trust beneficiary, the beneficiary's spouse, or anyone obligated to pay any sum for damages or any other purpose to or for the benefit of the trust beneficiary under the terms of a settlement agreement or judgment.

(c) For purposes of this subdivision, a "person with a disability" means a person who, prior to creation of a trust which otherwise qualifies as a supplemental needs trust for the person's benefit:

(1) is considered to be a person with a disability under the disability criteria specified in Title II or Title XVI of the Social Security Act; or

(2) has a physical or mental illness or condition which, in the expected natural course of the illness or condition, either prior to or following creation of the trust, to a reasonable degree of medical certainty, is expected to:

(i) last for a continuous period of 12 months or more; and

(ii) substantially impair the person's ability to provide for the person's care or custody.

Disability may be established conclusively for purposes of this subdivision by the written opinion of a licensed professional who is qualified to diagnose the illness or condition, confirmed by the written opinion of a second licensed professional who is qualified to diagnose the illness or condition.

(d) The general purpose of a supplemental needs trust must be to provide for the reasonable living expenses and other basic needs of a person with a disability when benefits from publicly funded benefit programs are not sufficient to provide adequately for those needs. Subject to the restrictions contained in this paragraph, a supplemental needs trust may authorize distributions to provide for all or any portion of the reasonable living expenses of the beneficiary. A supplemental needs trust may allow or require distributions only in ways and for purposes that supplement or complement the benefits available under medical assistance, Minnesota supplemental aid, and other publicly funded benefit programs for disabled persons. A supplemental needs trust must contain provisions that prohibit disbursements that would have the effect of replacing, reducing, or substituting for publicly funded benefits otherwise available to the beneficiary or rendering the beneficiary ineligible for publicly funded benefits.

(e) A supplemental needs trust is not enforceable if the trust beneficiary becomes a patient or resident after age 64 in a state institution or nursing facility for six months or more and, due to the beneficiary's medical need for care in an institutional setting, there is no reasonable expectation that the beneficiary will ever be discharged from the institution or facility. For purposes of this paragraph "reasonable expectation" means that the beneficiary's attending physician has certified that the expectation is reasonable. For purposes of this paragraph, a beneficiary participating in a group residential program is not deemed to be a patient or resident in a state institution or nursing facility.

(f) The trust income and assets of a supplemental needs trust are considered available to the beneficiary for medical assistance purposes to the extent they are considered available to the beneficiary under medical assistance, supplemental security income, or aid to families with dependent children methodology, whichever is used to determine the beneficiary's eligibility for medical assistance. For other public assistance programs established or administered under state law, assets and income will be considered available to the beneficiary in accordance with the methodology applicable to the program.

(g) Nothing in this subdivision requires submission of a supplemental needs trust to a court for interpretation or enforcement.

(h) Paragraphs (a) to (g) apply to supplemental needs trusts whenever created, but the limitations and restrictions in paragraphs (c) to (g) apply only to trusts created after June 30, 1993.

Sec. 2. [EFFECTIVE DATE; APPLICATION.]

Section 1 is effective retroactive to July 1, 1992.

Notwithstanding the provisions of section 1, subdivision 2, providing that a supplemental needs trust may not be funded by the beneficiary or a person obligated to pay the beneficiary under a settlement agreement or judgment, a supplemental needs trust may be established with the proceeds of payments made by the social security administration pursuant to the United States Supreme Court decision in Sullivan v. Zebley, 110 S.Ct. 885 (1990)."

Subd. 3. [COMMUNITY SPOUSE ASSET ALLOWANCE.] (a) An institutionalized spouse may transfer assets to the community spouse solely for the benefit of the community spouse. Except for increased amounts allowable under subdivision 4, the maximum amount of assets allowed to be transferred is the amount which, when added to the assets otherwise available to the community spouse, is the greater of:

(1) \$12,000 prior to July 1, 1994.

(i) \$14,148;

(2) (ii) the lesser of the spousal share or ~~\$60,000~~ \$70,740; or

(3) (iii) the amount required by court order to be paid to the community spouse;

(2) for the period from July 1, 1994, to June 30, 1995,

(i) \$20,000;

(ii) the lesser of the spousal share or \$70,740; or

(iii) the amount required by court order to be paid to the community spouse; and

(3) for the period beginning July 1, 1995,

(i) \$70,740; or

(ii) the amount required by court order to be paid to the community spouse.

If the assets available to the community spouse are already at the limit permissible under this section, or the higher limit attributable to increases under subdivision 4, no assets may be transferred from the institutionalized spouse to the community spouse. The transfer must be made as soon as practicable after the date the institutionalized spouse is determined eligible for medical assistance, or within the amount of time needed for any court order required for the transfer. On January 1, 1990, and every January 1 thereafter, the ~~\$12,000 and \$60,000~~ limits in this subdivision shall be adjusted by the same percentage change in the consumer price index for all urban consumers (all items; United States city average) between the two previous Septembers. These adjustments shall also be applied to the ~~\$12,000 and \$60,000~~ limits in subdivision 5.

Sec. 2. Minnesota Statutes 1992, section 256B.059, subdivision 5, is amended to read:

Subd. 5. [ASSET AVAILABILITY.] (a) At the time of application for medical assistance benefits, assets considered available to the institutionalized spouse shall be the total value of all assets in which either spouse has an ownership interest, reduced by the greater of:

(1) ~~\$12,000~~ prior to July 1, 1994,

(i) \$14,148; or

(2) (ii) the lesser of the spousal share or ~~\$60,000~~ \$70,740; or

(3) (iii) the amount required by court order to be paid to the community spouse;

(2) for the period from July 1, 1994, to June 30, 1995,

(i) \$20,000;

(ii) the lesser of the spousal share or \$70,740; or

(iii) the amount required by court order to be paid to the community spouse; and

(3) for the period beginning July 1, 1995,

(i) \$70,740; or

(ii) the amount required by court order to be paid to the community spouse.

If the community spouse asset allowance has been increased under subdivision 4, then the assets considered available to the institutionalized spouse under this subdivision shall be further reduced by the value of additional amounts allowed under subdivision 4.

(b) An institutionalized spouse may be found eligible for medical assistance even though assets in excess of the allowable amount are found to be available under paragraph (a) if the assets are owned jointly or individually by the community spouse, and the institutionalized spouse cannot use those assets to pay for the cost of care without the consent of the community spouse, and if: (i) the institutionalized spouse assigns to the commissioner the right to support from the community spouse under section 256B.14, subdivision 2; (ii) the institutionalized spouse lacks the ability to execute an assignment due to a physical or mental impairment; or (iii) the denial of eligibility would cause an imminent threat to the institutionalized spouse's health and well-being.

(c) After the month in which the institutionalized spouse is determined eligible for medical assistance, during the continuous period of institutionalization, no assets of the community spouse are considered available to the institutionalized spouse, unless the institutionalized spouse has been found eligible under clause (b).

(d) Assets determined to be available to the institutionalized spouse under this section must be used for the health care or personal needs of the institutionalized spouse.

(e) For purposes of this section, assets do not include assets excluded under section 256B.056, without regard to the limitations on total value in that section.

Sec. 3. Minnesota Statutes 1992, section 256B.0595, subdivision 1, is amended to read:

Subdivision 1. [PROHIBITED TRANSFERS.] ~~(a) If a person or the person's spouse has given away, sold, or disposed of, for less than fair market value, any asset or interest therein, except assets other than the homestead that are excluded under section 256B.056, subdivision 3, within 30 months before or any time after the date of institutionalization if the person has been determined eligible for medical assistance, or within 30 months before or any time after the date of the first approved application for medical assistance if the person has not yet been determined eligible for medical assistance, the person is ineligible for long term care services for the period of time determined under subdivision 2. A person, a person's spouse, or a person's authorized representative may not give away, sell, or dispose of, for less than fair market value, any asset or interest therein, for the purpose of establishing or maintaining medical assistance eligibility. For purposes of determining eligibility for medical assistance, any transfer of an asset for less than fair market value may be considered. Any transfer made within 60 months preceding application for medical assistance or during the period of medical assistance eligibility is presumed to have been made for the purpose of establishing or maintaining medical assistance eligibility and the person is ineligible for medical assistance for the period of time determined under subdivision 2, unless the person furnishes convincing evidence to establish that the transaction was exclusively for another purpose. Any other transfer of an asset for less than fair market value more than 60 months prior to application for medical assistance eligibility may be considered for purposes of determining eligibility.~~

(b) This section applies to transfers, for less than fair market value, of income or assets that are considered income in the month received, such as inheritances, court settlements, and retroactive benefit payments.

(c) This section applies to payments for care or personal services provided by a relative, unless the compensation was stipulated in a notarized, written agreement which was in existence when the service was performed, the care or services directly benefited the person, and the payments made represented reasonable compensation for the care or services provided. A notarized written agreement is not required if payment for the services was made within 60 days after the service was provided.

(d) This section applies to the portion of any asset or interest that a person or a person's spouse transfers to an irrevocable trust, annuity, or other instrument, that exceeds the value of the benefit likely to be returned to the person or spouse while alive, based on estimated life expectancy using the life expectancy tables employed by the supplemental security income program to determine the value of an agreement for services for life. The commissioner may adopt rules reducing life expectancies based on the need for long-term care.

(e) For purposes of this section, long-term care services include nursing facility services, and home- and community-based services provided pursuant to section 256B.491. For purposes of this subdivision and subdivisions 2, 3, and 4, "institutionalized person" includes a person who is an inpatient in a nursing facility, or who is receiving home- and community-based services under section 256B.491.

Sec. 4. Minnesota Statutes 1992, section 256B.0595, subdivision 2, is amended to read:

Subd. 2. [PERIOD OF INELIGIBILITY.] For ~~any~~ uncompensated ~~transfer~~ transfers, the number of months of ineligibility for long-term care services shall be ~~the lesser of 30 months, or the total uncompensated transfer amount value of the resources transferred,~~ divided by the average medical assistance rate for nursing facility services in the state in effect on the date of application. The amount used to calculate the average medical assistance payment rate shall be adjusted each July 1 to reflect payment rates for the previous calendar year. The period of ineligibility begins with the month in which the assets were transferred except that if one or more uncompensated transfers are made during a period of ineligibility, the total assets transferred during the ineligibility period shall be combined and a penalty period calculated to begin in the month the first assets were transferred. In calculating the value of uncompensated transfers, uncompensated transfers not to exceed \$1,000 in total value per month shall be disregarded for each month prior to the month of application for medical assistance. If the transfer was not reported to the local agency at the time of application, and the applicant received long-term care services during what would have been the period of ineligibility if the transfer had been reported, a cause of action exists against the transferee for the cost of long-term care services provided during the period of ineligibility, or for the uncompensated amount of the transfer, whichever is less. The action may be brought by the state or the local agency responsible for providing medical assistance under chapter 256G. The uncompensated transfer amount is the fair market value of the asset at the time it was given away, sold, or disposed of, less the amount of compensation received.

Sec. 5. Minnesota Statutes 1992, section 256B.0595, subdivision 3, is amended to read:

Subd. 3. [HOMESTEAD EXCEPTION TO TRANSFER PROHIBITION.] (a) An institutionalized person is not ineligible for ~~long-term care~~ medical assistance services due to a transfer of assets for less than fair market value if the asset transferred was a homestead and:

- (1) title to the homestead was transferred to the individual's
 - (i) spouse;
 - (ii) child who is under age 21;
 - (iii) blind or permanently and totally disabled child as defined in the supplemental security income program;
 - (iv) sibling who has equity interest in the home and who was residing in the home for a period of at least one year immediately before the date of the individual's admission to the facility; or
 - (v) son or daughter who was residing in the individual's home for a period of at least two years immediately before the date of the individual's admission to the facility, and who provided care to the individual that permitted the individual to reside at home rather than in an institution or facility;

(2) a satisfactory showing is made that the individual intended to dispose of the homestead at fair market value or for other valuable consideration; or

(3) the local agency grants a waiver of the excess resources created by the uncompensated transfer because denial of eligibility would cause undue hardship for the individual, based on imminent threat to the individual's health and well-being.

(b) When a waiver is granted under paragraph (a), clause (3), a cause of action exists against the person to whom the homestead was transferred for that portion of ~~long-term care~~ medical assistance services granted ~~within 30 months of the transfer during the period of ineligibility under subdivision 2~~ or the amount of the uncompensated transfer, whichever is less, together with the costs incurred due to the action. The action may be brought by the state or the local agency responsible for providing medical assistance under chapter 256G.

Sec. 6. Minnesota Statutes 1992, section 256B.0595, subdivision 4, is amended to read:

Subd. 4. [OTHER EXCEPTIONS TO TRANSFER PROHIBITION.] An institutionalized person who has made, or whose spouse has made a transfer prohibited by subdivision 1, is not ineligible for ~~long-term care~~ medical assistance services if one of the following conditions applies:

- (1) the assets were transferred to the community spouse, as defined in section 256B.059; or

(2) the institutionalized spouse, prior to being institutionalized, transferred assets to a spouse, provided that the spouse to whom the assets were transferred does not then transfer those assets to another person for less than fair market value. (At the time when one spouse is institutionalized, assets must be allocated between the spouses as provided under section 256B.059); or

(3) the assets were transferred to the individual's child who is blind or permanently and totally disabled as determined in the supplemental security income program; or

(4) a satisfactory showing is made that the individual intended to dispose of the assets either at fair market value or for other valuable consideration; or

(5) the local agency determines that denial of eligibility for long-term care services would work an undue hardship and grants a waiver of excess assets. When a waiver is granted, a cause of action exists against the person to whom the assets were transferred for that portion of ~~long-term care~~ medical assistance services granted ~~within 30 months of the transfer~~, during the period of ineligibility determined under subdivision 2 or the amount of the uncompensated transfer, whichever is less, together with the costs incurred due to the action. The action may be brought by the state or the local agency responsible for providing medical assistance under this chapter.

Sec. 7. Minnesota Statutes 1992, section 256B.15, subdivision 2, is amended to read:

Subd. 2. [LIMITATIONS ON CLAIMS.] The claim shall include only the total amount of medical assistance rendered after age 65 or during a period of institutionalization described in subdivision 1 1a, clause (b), and the total amount of general assistance medical care rendered, and shall not include interest. Claims that have been allowed but not paid shall bear interest according to section 524.3-806, paragraph (d). A claim against the estate of a surviving spouse who did not receive medical assistance, for medical assistance rendered for the predeceased spouse, is limited to the value of the assets of the estate that were marital property or jointly owned property at any time during the marriage.

Sec. 8. [514.980] [MEDICAL ASSISTANCE LIENS; DEFINITIONS.]

Subdivision 1. [APPLICABILITY.] The definitions in this section apply to sections 514.980 to 514.985.

Subd. 2. [MEDICAL ASSISTANCE AGENCY OR AGENCY.] "Medical assistance agency" or "agency" means the state or any county medical assistance agency that provides a medical assistance benefit.

Subd. 3. [MEDICAL ASSISTANCE BENEFIT.] "Medical assistance benefit" means a benefit provided under chapter 256B to a person while in a medical institution.

Subd. 4. [MEDICAL INSTITUTION.] A "medical institution" means a nursing facility, intermediate care facility, or inpatient hospital.

Sec. 9. [514.981] [MEDICAL ASSISTANCE LIEN.]

Subdivision 1. [PROPERTY SUBJECT TO LIEN; LIEN AMOUNT.] (a) Subject to sections 514.980 to 514.985, payments made by a medical assistance agency to provide medical assistance benefits to a medical assistance recipient who owns property in this state or to the recipient's spouse constitute a lien in favor of the agency upon all real property that is owned by the medical assistance recipient on or after the time when the recipient is institutionalized.

(b) The amount of the lien is limited to the same extent as a claim against the estate under section 256B.15, subdivision 2.

Subd. 2. [ATTACHMENT.] (a) A medical assistance lien attaches and becomes enforceable against specific real property as of the date when the following conditions are met:

(1) payments have been made by an agency for a medical assistance benefit;

(2) notice and an opportunity for a hearing have been provided under paragraph (b);

(3) a lien notice has been filed as provided in section 514.982;

(4) if the property is registered property, the lien notice has been memorialized on the certificate of title of the property affected by the lien notice; and

(5) all restrictions against enforcement have ceased to apply.

(b) An agency may not file a medical assistance lien notice until the medical assistance recipient and the recipient's spouse or their legal representatives have been sent, by certified or registered mail, written notice of the agency's lien rights and there has been an opportunity for a hearing under section 256.045. In addition, the agency may not file a lien notice unless the agency determines that the medical assistance recipient cannot reasonably be expected to be discharged from a medical institution to return home, as medically verified by the recipient's attending physician.

(c) An agency may not file a medical assistance lien notice against real property while it is the home of the recipient's spouse.

(d) An agency may not file a medical assistance lien notice against real property that was the homestead of the medical assistance recipient or the recipient's spouse when the medical assistance recipient received medical institution services if any of the following persons are lawfully residing in the property:

(1) a child of the medical assistance recipient if the child is under age 21 or is blind or permanently and totally disabled according to the supplemental security income criteria;

(2) a child of the medical assistance recipient if the child resided in the homestead for at least two years immediately before the date the medical assistance recipient received medical institution services, and the child provided care to the medical assistance recipient that permitted the recipient to live without medical institution services; or

(3) a sibling of the medical assistance recipient if the sibling has an equity interest in the property and has resided in the property for at least one year immediately before the date the medical assistance recipient began receiving medical institution services.

(e) A medical assistance lien applies only to the specific real property described in the lien notice.

Subd. 3. [CONTINUATION OF LIEN NOTICE AND LIEN.] A medical assistance lien notice remains effective from the time it is filed until it can be disregarded under sections 514.980 to 514.985. A medical assistance lien that has attached to specific real property continues until the lien is satisfied, becomes unenforceable under subdivision 6, or is released and discharged under subdivision 5.

Subd. 4. [LIEN PRIORITY.] A medical assistance lien that attaches to specific real property is subject to the rights of any other person, including an owner, other than the recipient or recipient's spouse, purchaser, holder of a mortgage or security interest, or judgment lien creditor, whose interest in the real property is perfected before a lien notice has been filed under section 514.982. The rights of the other person have the same protections against a medical assistance lien as are afforded against a judgment lien that arises out of an unsecured obligation and that arises as of the time of the filing of the medical assistance lien notice under section 514.982. A medical assistance lien is inferior to a lien for taxes or special assessments or other lien that would be superior to the perfected lien of a judgment creditor.

Subd. 5. [RELEASE.] (a) An agency that files a medical assistance lien notice shall release and discharge the lien in full if:

(1) the medical assistance recipient is discharged from the medical institution and returns home;

(2) the medical assistance lien is satisfied;

(3) the agency has received reimbursement for the amount secured by the lien or a legally enforceable agreement has been executed providing for reimbursement of the agency for that amount; or

(4) the medical assistance recipient, if single, or the recipient's surviving spouse, has died, and a claim may not be filed against the estate of the decedent under section 256B.15, subdivision 3.

(b) Upon request, the agency that files a medical assistance lien notice shall release a specific parcel of real property from the lien if:

(1) the property is or was the homestead of the recipient's spouse during the time of the medical assistance recipient's institutionalization, or the property is or was attributed to the spouse under section 256B.059, subdivision 3 or 4, and the spouse is not receiving medical assistance benefits;

(2) the property would be exempt from a claim against the estate under section 256B.15, subdivision 4;

(3) the agency receives reimbursement, or other collateral sufficient to secure payment of reimbursement, in an amount equal to the lesser of the amount secured by the lien, or the amount the agency would be allowed to recover upon enforcement of the lien against the specific parcel of property if the agency attempted to enforce the lien on the date of the request to release the lien; or

(4) the medical assistance lien cannot lawfully be enforced against the property because of an error, omission, or other material defect in procedure, description, identity, timing, or other prerequisite to enforcement.

(c) The agency that files a medical assistance lien notice may release the lien if the attachment or enforcement of the lien is determined by the agency to be contrary to the public interest.

(d) The agency that files a medical assistance lien notice shall execute the release of the lien and file the release as provided in section 514.982, subdivision 2.

Subd. 6. [TIME LIMITS; CLAIM LIMITS.] (a) A medical assistance lien is not enforceable against specific real property if any of the following occurs:

(1) the lien is not satisfied or proceedings are not lawfully commenced to foreclose the lien within 18 months of the agency's receipt of notice of the death of the medical assistance recipient or the death of the surviving spouse, whichever occurs later; or

(2) the lien is not satisfied or proceedings are not lawfully commenced to foreclose the lien within three years of the death of the medical assistance recipient or the death of the surviving spouse, whichever occurs later. This limitation is tolled during any period when the provisions of section 514.983, subdivision 2, apply to delay enforcement of the lien.

(b) A medical assistance lien is not enforceable against the real property of an estate to the extent there is a determination by a court of competent jurisdiction, or by an officer of the court designated for that purpose, that there are insufficient assets in the estate to satisfy the agency's medical assistance lien in whole or in part in accordance with the priority of claims established by chapters 256B and 524. The agency's lien remains enforceable to the extent that assets are available to satisfy the agency's lien, subject to the priority of other claims, and to the extent that the agency's claim is allowed against the estate under chapters 256B and 524.

Sec. 10. [514.982] [MEDICAL ASSISTANCE LIEN NOTICE.]

Subdivision 1. [CONTENTS.] A medical assistance lien notice must be dated and must contain:

(1) the full name, last known address, and social security number of the medical assistance recipient and the full name, address, and social security number of the recipient's spouse;

(2) a statement that medical assistance payments have been made to or for the benefit of the medical assistance recipient named in the notice, specifying the first date of eligibility for benefits;

(3) a statement that all interests in real property owned by the persons named in the notice may be subject to or affected by the rights of the agency to be reimbursed for medical assistance benefits; and

(4) the legal description of the real property upon which the lien attaches, and whether the property is registered property.

Subd. 2. [FILING.] Any notice, release, or other document required to be filed under sections 514.980 to 514.985 must be filed in the office of the county recorder or registrar of titles, as appropriate, in the county where the real

property is located. Notwithstanding section 386.77, the agency shall pay the applicable filing fee for any document filed under sections 514.980 to 514.985. The commissioner of human services shall reimburse the county agency for filing fees paid under this section. An attestation, certification, or acknowledgment is not required as a condition of filing. Upon filing of a medical assistance lien notice, the registrar of titles shall record it on the certificate of title of each parcel of property described in the lien notice. The county recorder of each county shall establish an index of medical assistance lien notices, other than those that affect only registered property, showing the names of all persons named in the medical assistance lien notices filed in the county, arranged alphabetically. The index must be combined with the index of state tax lien notices. The filing or mailing of any notice, release, or other document under sections 514.980 to 514.985 is the responsibility of the agency. The agency shall send a copy of the medical assistance lien notice by registered or certified mail to each record owner and mortgagee of the real property.

Sec. 11. [514.983] [LIEN ENFORCEMENT; LIMITATION.]

Subdivision 1. [FORECLOSURE PROCEDURE.] Subject to subdivision 2, a medical assistance lien may be enforced by the agency that filed it by foreclosure in the manner provided for foreclosure of a judgment lien under chapter 550.

Subd. 2. [HOMESTEAD PROPERTY.] (a) A medical assistance lien may not be enforced against homestead property of the medical assistance recipient or the spouse while it remains the lawful residence of the medical assistance recipient's spouse.

(b) A medical assistance lien remains enforceable as provided in sections 514.980 to 514.985, notwithstanding any law limiting the enforceability of a judgment.

Sec. 12. [514.984] [LIEN DOES NOT AFFECT OTHER REMEDIES.]

Sections 514.980 to 514.985 do not limit the right of an agency to file a claim against the estate of a medical assistance recipient or the estate of the spouse or limit any other claim for reimbursement of agency expenses or the availability of any other remedy provided to the agency.

Sec. 13. [514.985] [AMOUNTS RECEIVED TO SATISFY LIEN.]

Amounts received by the state to satisfy a medical assistance lien filed by the state must be deposited in the state treasury and credited to the fund from which the medical assistance payments were made. Amounts received by a county medical assistance agency to satisfy a medical assistance lien filed by the county medical assistance agency must be deposited in the county treasury and credited to the fund from which the medical assistance payments were made.

Sec. 14. [WAIVER REQUEST TO LIMIT ASSET TRANSFERS.]

The commissioner of human services shall seek federal law changes and federal waivers necessary to implement Minnesota Statutes, section 256B.0595, subdivisions 1 and 2.

Sec. 15. [APPROPRIATION.]

\$..... is appropriated from the general fund to the commissioner of human services for purposes of implementing this act and reimbursing counties for filing fees under Minnesota Statutes, section 514.982, and the complement of the department of human services is increased by three. Two of these positions must be used to file, monitor, and enforce medical assistance liens under Minnesota Statutes, sections 514.980 to 514.985. One position must be used to implement sections 1 to 4 and to provide technical assistance to state and county agencies dealing with estate planning and other asset and income issues.

Sec. 16. [EFFECTIVE DATE.]

Section 1 shall apply to all persons who begin their first continuous period of institutionalization on or after July 1, 1993. Sections 3 and 4 apply to transfers that occur after June 30, 1993, or after the effective date of the waivers or law changes referred to in section 14, whichever is later."

"Section 1. [MISSISSIPPI RIVER CRITICAL AREA; LEGISLATIVE FINDINGS.]

The legislature finds that the construction, retrofitting, or renovation of steam generating facilities, which are capable of being powered primarily by coal for the primary purpose of space heating, located within the portion of the Mississippi National River and Recreational Area that is within the St. Anthony Falls heritage interpretive zone established in Minnesota Statutes, sections 138.761 to 138.766, is inconsistent with:

(1) the designation of the Mississippi river critical area in Minnesota Statutes, section 116G.15; and

(2) the public and private investment made within the city of Minneapolis to return Mississippi riverfront lands to scenic, aesthetic, and recreational uses, including investment in Boom Island Park, Nicollet Island restoration, Riverplace, St. Anthony Main, Hennepin Bluffs Park, Lower Gorge Park, the Stone Arch Bridge, the Great River Road, and the Mississippi Riverfront Regional Park.

The legislature finds that feasible and prudent alternatives to such facilities exist that will have a less adverse environmental effect on the state's natural resources as defined in Minnesota Statutes, section 116B.02.

The legislature further finds that, given the emission of greenhouse gases and heavy metals and the addition to overall urban air pollution problems caused by facilities that burn coal and the existence of alternative technologies and sites, the importance of maintaining and improving environmental and public health quality in the St. Anthony Falls heritage interpretive zone portion of the Mississippi critical area is inconsistent with expanding or enhancing existing facilities located within the interpretive zone that burn coal primarily to produce steam for space heating.

Sec. 2. [116G.15] [PROHIBITION.]

No state agency may issue a permit for the construction, retrofitting, renovation, or operation of a facility capable of being powered primarily by coal for the principal purpose of providing space heating if the facility is located within that portion of the Mississippi river critical area established in section 116G.15 that is within the St. Anthony Falls heritage interpretive zone established in sections 138.761 to 138.766.

The prohibition in this section does not apply to issuance of a permit or modification of an existing permit necessary to retrofit or renovate pollution control equipment at an existing facility for the purpose of complying with sulphur dioxide emission standards."

Page 3, after line 9, insert:

"Sec. 5. [STUDY OF BENEFIT OPTIONS FOR PUBLIC EMPLOYEES WHO BECOME NONPUBLIC EMPLOYEES.]

The legislative commission on pensions and retirement shall study the issue of benefit options for public employees who become nonpublic employees for the purpose of assuring that the employees have the same or similar benefits subsequent to public employment as they did during public employment. The commission shall report the results of the study and any proposed legislation to the chairs of the committee on governmental operations and gambling and the committee on ways and means of the house of representatives and the committee on governmental operations and reform and the committee on finance of the senate by January 15, 1994."

Page 3, line 11, delete "and 2" and insert "to 5" and after "1993," insert "Section 1 applies retroactively to July 1, 1992, and contributions for that retroactive application period must be paid to the state employees retirement fund, plus interest at the annual compound rate of 8.5 percent."

The district shall notify the department of each adjustment.

Sec. 5. Minnesota Statutes 1992, section 124.73, subdivision 1, is amended to read:

In determining the amount of taxes due and payable in the calendar year, any amounts paid by the state to replace such taxes, whether paid in that calendar year or not, shall be included.

Sec. 6. [124.755] [STATE PAYMENT OF CERTIFICATES OF INDEBTEDNESS UPON POTENTIAL DEFAULT; REPAYMENT; STATE OBLIGATION NOT DEBT.]

Subdivision 1. [NOTIFICATIONS; PAYMENT; APPROPRIATION.] (a) If a school district believes that it may be unable to make a principal or interest payment on any outstanding certificate of indebtedness on the date that the payment is due, it may notify the commissioner of education of that fact as soon as possible, but not less than 15 working days before the date that the principal or interest payment is due. The notice shall include the name of the school district, an identification of the certificate of indebtedness issue in question, the date the payment is due, the amount of principal and interest due on the payment date, the amount of principal or interest that the school district will be unable to repay on that date, the paying agent for the certificates of indebtedness, the wire transfer instructions to transfer funds to that paying agent, and an indication as to whether a payment is being requested under this section. If a paying agent becomes aware of a potential default, it shall inform the commissioner of education of that fact. After receipt of a notice which requests a payment under this section, after consultation with the school district and the paying agent, and after verification of the accuracy of the information provided, the commissioner of education shall notify the commissioner of finance of the potential default. Upon receipt of this notice from the commissioner of education, which must include a final figure as to the amount due that the school district will be

unable to repay on the date due, the commissioner of finance shall issue a warrant and authorize the commissioner of education to pay to the paying agent for the certificates of indebtedness the specified amount on or before the date due subject to the availability of appropriations. The amounts needed for the purposes of this subdivision are annually appropriated to the department of education from the state general fund to the extent the amount available is sufficient to meet the state's obligation under this subdivision. The obligation of the state under this subdivision shall constitute a current expense of the state for each fiscal year and does not constitute or create a general or moral obligation or indebtedness of the state within the meaning of the Constitution and laws of the state in excess of the money from time to time appropriated and the state has no continuing obligation to appropriate money for payments under this subdivision.

(b) The departments of education and finance shall jointly develop detailed procedures for school districts to notify the state that they have obligated themselves to be bound by the provisions of this section, procedures for school districts and paying agents to notify the state of potential defaults and to request state payment under this section, and procedures for the state to expedite payments to prevent defaults. The procedures are not subject to chapter 14.

Subd. 2. [SCHOOL DISTRICT BOUND; INTEREST RATE ON STATE PAID AMOUNT.] If, at the request of a school district, the state has paid part or all of the principal or interest due on a school district's certificates of indebtedness on a specific date, the school district is bound by all provisions of this section and the amount paid shall bear taxable interest from the date paid until the date of repayment at the state treasurer's invested cash rate as it is certified by the commissioner of finance.

Subd. 3. [PLEDGE OF DISTRICT'S FULL FAITH AND CREDIT.] If, at the request of a school district, the state has paid part or all of the principal or interest due on a school district's certificates of indebtedness on a specific date, the pledge of the full faith and credit and unlimited taxing powers of the school district to repay the principal and interest due on those certificates of indebtedness shall also, without an election or the requirement of a further authorization, become a pledge of the full faith and credit and unlimited taxing powers of the school district to repay to the state the amount paid, with interest. Amounts paid by the state shall be repaid in the order in which the state payments were made.

Subd. 4. [AID REDUCTION FOR REPAYMENT.] Except as provided in this subdivision, the state shall reduce the state aid payable to the school district under chapters 124, 124A, and 273 by the amount paid by the state under this section on behalf of the school district, plus the interest due on it, and the amount reduced shall revert from the appropriate account to the state general fund. If, after review of the financial situation of the school district, the commissioner of education advises the commissioner of finance that a total reduction of the aids would cause an undue hardship on or an undue disruption of the educational program of the school district, the commissioner of education, with the approval of the commissioner of finance, may establish a different schedule for reduction of those aids to repay the state. The amount of aids to be reduced are decreased by any amounts repaid to the state by the school district from other revenue sources.

Subd. 5. [TAX LEVY FOR REPAYMENT.] (a) With the approval of the commissioner of education, a school district may levy in the year the state makes a payment under this section an amount up to the amount necessary to provide funds for the repayment of the amount paid by the state plus interest through the date of estimated repayment by the school district. The proceeds of this levy may be used only for this purpose unless they are in excess of the amount actually due, in which case the excess shall be used to repay other state payments made under this section or section 124.98 or shall be deposited in the debt redemption fund of the school district. This levy shall be an increase in the levy limits of the school district for purposes of section 275.065, subdivision 6. The amount of aids to be reduced to repay the state shall be decreased by the amount levied. This levy by the school district is not eligible for debt service equalization under section 124.95.

(b) If the state is not repaid in full for a payment made under this section by November 30 of the calendar year following the year in which the state makes the payment, the commissioner of education may require the school district to certify a property tax levy in an amount up to the amount necessary to provide funds for repayment of the amount paid by the state plus interest through the date of estimated repayment by the school district. The proceeds of the levy may be used only for this purpose unless they are in excess of the amount actually due, in which case the excess shall be used to repay other state payments made under this section or section 124.98 or shall be deposited in the debt redemption fund of the school district. This levy shall be an increase in the levy limits of the school district for purposes of section 275.065, subdivision 6. If the commissioner orders the district to levy, the amount of aids reduced to repay the state shall be decreased by the amount levied. This levy by the school district is not eligible for debt service equalization under section 124.95 or any successor provision.

Subd. 6. [ELECTION AS TO MANDATORY APPLICATION.] A school district may covenant and obligate itself prior to the issuance of an issue of certificates of indebtedness, to notify the commissioner of education of a potential default and to use the provisions of this section to guarantee payment of the principal and interest on those certificates of indebtedness when due. If the school district obligates itself to be bound by this section, it shall covenant in the resolution that authorizes the issuance of the certificates of indebtedness to deposit with the paying agent three business days prior to the date on which a payment is due an amount sufficient to make that payment or to notify the commissioner of education under subdivision 1 that it will be unable to make all or a portion of that payment. A school district that has obligated itself shall include a provision in its agreement with the paying agent for that issue that requires the paying agent to inform the commissioner of education if it becomes aware of a potential default in the payment of principal or interest on that issue or if, on the day two business days prior to the date a payment is due on that issue, there are insufficient funds to make the payment on deposit with the paying agent. If a school district either covenants to be bound by this section or accepts state payments under this section to prevent a default of a particular issue of certificates of indebtedness, the provisions of this section shall be binding as to that issue as long as any certificates of indebtedness of that issue remain outstanding. If the provisions of this section are or become binding for more than one issue of obligations and a district is unable to make payments on one or more of those issues, it shall continue to make payments on the remaining issues.

Subd. 7. [MANDATORY PLAN; TECHNICAL ASSISTANCE.] If a school district receives state payments under this section or defaults in the payment of principal or interest on an outstanding certificate of indebtedness, it shall submit a plan to the commissioner of education for approval specifying the measures it intends to implement to resolve the issues which led to its inability to make the payment and to prevent further defaults. The department of education shall provide technical assistance to the school district in preparing its plan. If the commissioner determines that a school district's plan is not adequate, the commissioner shall notify the school district that the plan has been disapproved, the reasons for the disapproval, and that the school district shall not receive future payments under this section for certificates of indebtedness issued after the date specified in the notice until its plan is approved. The commissioner may also notify the school district that until its plan is approved, its aids will be withheld after a date specified in the notice.

Sec. 7. [124.98] [STATE PAYMENT OF SCHOOL DISTRICT GENERAL OBLIGATION BONDS UPON POTENTIAL DEFAULT; REPAYMENT; STATE OBLIGATION NOT DEBT.]

Subdivision 1. [NOTIFICATIONS; PAYMENT; APPROPRIATION.] (a) If a school district believes that it may be unable to make a principal or interest payment on any outstanding general obligation bond on the date that the payment is due, it may notify the commissioner of education of that fact as soon as possible, but not less than 15 working days before the date that the principal or interest payment is due. The notice shall include the name of the school district, an identification of the bond issue in question, the date payment is due, the amount of principal or interest due on the payment date, the amount of principal or interest that the school district will be unable to repay on that date, the paying agent for the bonds, the wire transfer instructions to transfer funds to that paying agent, and an indication as to whether a payment is being requested under this section. If more than one bond issue is involved, the school district shall provide the information specified for each bond issue. If a paying agent becomes aware of a potential default, it shall inform the commissioner of education of that fact. After receipt of a notice which requests a payment under this section, after consultation with the school district and the paying agent, and after verification of the accuracy of the information provided, the commissioner of education shall notify the commissioner of finance of the potential default or defaults. Upon receipt of this notice from the commissioner of education, which must include a final figure as to the amount or amounts due for each bond issue that the school district will be unable to repay on the date due, the commissioner of finance shall issue a warrant and authorize the commissioner of education to pay to the paying agent for each bond issue the specified amount on or before the date due subject to the availability of appropriations. The amounts needed for the purposes of this subdivision are annually appropriated to the department of education from the state general fund to the extent that the amount available is sufficient to meet the state's obligation under this subdivision. The obligation of the state under this subdivision shall constitute a current expense of the state for each fiscal year and does not constitute or create a general or moral obligation or indebtedness of the state within the meaning of the Constitution and laws of the state in excess of the money from time to time appropriated and the state has no continuing obligation to appropriate money for payments under this subdivision.

(b) The departments of education and finance shall jointly develop detailed procedures for school districts to notify the state that they have obligated themselves to be bound by the provisions of this section, procedures for school districts and paying agents to notify the state of potential defaults and to request state payment under this section, and procedures for the state to expedite payments to prevent defaults. The procedures are not subject to chapter 14.

Subd. 2. [SCHOOL DISTRICT BOUND; INTEREST RATE ON STATE PAID AMOUNT.] If, at the request of a school district, the state has paid part or all of the principal or interest due on a school district's general obligation bonds on a specific date, the school district is bound by all provisions of this section and the amount paid shall bear taxable interest from the date paid until the date of repayment at the state treasurer's invested cash rate as it is certified by the commissioner of finance.

Subd. 3. [PLEDGE OF DISTRICT'S FULL FAITH AND CREDIT.] If, at the request of a school district, the state has paid part or all of the principal or interest due on a school district's general obligation bonds on a specific date, the pledge of the full faith and credit and unlimited taxing powers of the school district to repay the principal and interest due on those bonds shall also, without an election or the requirement of a further authorization, become a pledge of the full faith and credit and unlimited taxing powers of the school district to repay to the state the amount paid, with interest. Amounts paid by the state shall be repaid in the order in which the state payments were made. If payments for multiple bond issues are made on the same date, the priority for repayment shall be that the amounts attributable to the issue with the earliest date of original issue or lowest series designation are repaid first.

Subd. 4. [AID REDUCTION FOR REPAYMENT.] Except as provided in this subdivision, the state shall reduce the state aid payable to the school district under chapters 124, 124A, and 273 by the amount paid by the state under this section on behalf of the school district, plus the interest due on it, and the amount reduced shall be transferred from the appropriate account to the state general fund. If, after review of the financial situation of the school district, the commissioner of education advises the commissioner of finance that a total reduction of the aids would cause an undue hardship on or an undue disruption of the educational program of the school district, the commissioner of education, with the approval of the commissioner of finance, may establish a different schedule for reduction of those aids to repay the state. The amount of aids to be reduced are decreased by any amounts repaid to the state by the school district from other revenue sources.

Subd. 5. [TAX LEVY FOR REPAYMENT.] (a) With the approval of the commissioner of education, a school district may levy in the year the state makes a payment under this section an amount up to the amount necessary to provide funds for the repayment of the amount paid by the state plus interest through the date of estimated repayment by the school district. The proceeds of this levy may be used only for this purpose and to replace state aids reduced or to be reduced under subdivision 4. Any excess levy proceeds shall be used to repay other state payments under this section or section 124.755 or shall be deposited in the debt redemption fund of the school district. This levy shall be an increase in the levy limits of the school district for purposes of section 275.065, subdivision 6. This levy by the school district is not eligible for debt service equalization under section 124.95.

(b) If the state is not repaid in full for a payment made under this section by November 30 of the calendar year following the year in which the state makes the payment, the commissioner of education may require the school district to certify a property tax levy in an amount up to the amount necessary to provide funds for repayment of the amount paid by the state plus interest through the date of estimated repayment by the school district. The proceeds of the levy may be used only for this purpose and to replace state aids reduced or to be reduced under subdivision 4. Any excess levy proceeds shall be used to repay other state payments made under this section or section 124.755 shall be deposited in the debt redemption fund of the school district. This levy shall be an increase in the levy limits of the school district for purposes of section 275.065, subdivision 6. This levy by the school district is not eligible for debt service equalization under section 124.95 or any successor provision.

Subd. 6. [ELECTION AS TO MANDATORY APPLICATION.] A school district may covenant and obligate itself, prior to the issuance of an issue of general obligation bonds, to notify the commissioner of education of a potential default and to use the provisions of this section to guarantee payment of the principal and interest on those bonds when due. If the school district obligates itself to be bound by this section, it shall covenant in the resolution that authorizes the issuance of the bonds to deposit with the paying agent three business days prior to the date on which a payment is due an amount sufficient to make that payment or to notify the commissioner of education under subdivision 1 that it will be unable to make all or a portion of that payment. A school district that has obligated itself shall include a provision in its agreement with the paying agent for that issue that requires the paying agent to inform the commissioner of education if it becomes aware of a potential default in the payment of principal or interest on that issue or if, on the day two business days prior to the date a payment is due on that issue, there are insufficient funds to make the payment on deposit with the paying agent. If a school district either covenants to be bound by this section or accepts state payments under this section to prevent a default of a particular issue of bonds, the provisions of this section shall be binding as to that issue as long as any bonds of that issue remain outstanding. If the provisions of this section are or become binding for more than one issue of obligations and a district is unable to make payments on one or more of those issues, it shall continue to make payments on the remaining issues.

Subd. 7. [MANDATORY PLAN; TECHNICAL ASSISTANCE.] If a school district receives state payments under this section or defaults in the payment of principal or interest on an outstanding bond issue, it shall submit a plan to the commissioner of education for approval specifying the measures it intends to implement to resolve the issues which led to its inability to make the payment and to prevent further defaults. The department shall provide technical assistance to the school district in preparing its plan. If the commissioner determines that a school district's plan is not adequate, the commissioner shall notify the school district that the plan has been disapproved, the reasons for the disapproval, and that the school district shall not receive future payments under this section for general obligation bonds issued after the date specified in the notice until its plan is approved. The commissioner may also notify the school district that until its plan is approved, its aids will be withheld after a date specified in the notice.

Sec. 9. Minnesota Statutes 1992, section 124A.03, is amended by adding a subdivision to read:

Subd. 3b. [REFERENDUM ALLOWANCE REDUCTION.] A district's referendum allowance under subdivision 1c is reduced by the amounts calculated in paragraphs (a), (b), and (c).

(a) The referendum allowance reduction equals the amount by which a district's supplemental revenue reduction exceeds the district's supplemental revenue allowance for fiscal year 1993.

(b) Notwithstanding paragraph (a), if a district's initial referendum allowance is less than ten percent of the formula allowance for that year, the reduction equals the lesser of (1) the discretionary revenue amount, or (2) the amount calculated in paragraph (a).

(c) Notwithstanding paragraph (a) or (b), a school district's referendum allowance reduction equals (1) the discretionary revenue amount, times (2) one minus the ratio of 20 percent of the initial referendum allowance limit minus the district's initial referendum allowance limit to 20 percent of the formula allowance for that year if:

(i) the district's adjusted net tax capacity for assessment year 1992 per actual pupil unit for fiscal year 1995 is less than \$3,000;

(ii) the district's net unappropriated operating fund balance as of June 30, 1993, divided by the actual pupil units for fiscal year 1995 is less than \$200;

(iii) the district's supplemental revenue allowance for fiscal year 1993 is equal to zero; and

(iv) the district's initial referendum revenue authority for the current year divided by the district's net tax capacity for assessment year 1992 is greater than ten percent.

Sec. 10. Minnesota Statutes 1992, section 124A.22, subdivision 2, is amended to read:

(2) multiply the result in clause (1) by the product of \$700 times the actual pupil units for the school year.

(b) For 1993 and later fiscal years, the maximum training and experience revenue for each district equals the greater of zero or the result of the following computation:

(1) subtract .8 from the training and experience index;

(2) multiply the result in clause (1) by the product of ~~\$575~~ \$660 times the actual pupil units for the school year.

(c) For 1993 and later fiscal years, the previous formula training and experience revenue for each district equals the amount of training and experience revenue computed for that district according to the formula used to compute training and experience revenue for fiscal year 1992.

(d) For fiscal year 1993, the training and experience revenue for each district equals the district's previous formula training and experience revenue plus one-fourth of the difference between the district's maximum training and experience revenue and the district's previous formula training and experience revenue.

(e) For fiscal year 1994, the training and experience revenue for each district equals the district's previous formula training and experience revenue plus one-half of the difference between the district's maximum training and experience revenue and the district's previous formula training and experience revenue.

Sec. 12. Minnesota Statutes 1992, section 124A.22, subdivision 5, is amended to read:

Subd. 5. [DEFINITIONS.] The definitions in this subdivision apply only to subdivisions 6 and 6a.

(a) "High school" means a secondary school that has pupils enrolled in at least the 10th, 11th, and 12th grades. ~~If there is no secondary school in the district that has pupils enrolled in at least the 10th, 11th, and 12th grades, the commissioner shall designate one school in the district as a high school for the purposes of this section.~~

(b) "Secondary average daily membership" means, for a district that has only one high school, the average daily membership of resident pupils in grades 7 through 12. For a district that has more than one high school, "secondary average daily membership" for each high school means the product of the average daily membership of resident pupils in grades 7 through 12 in the high school, times the ratio of six to the number of grades in the high school.

(c) "Attendance area" means the total surface area of the district, in square miles, divided by the number of high schools in the district. For a district that does not operate a high school and is less than 19 miles from the nearest operating high school, the attendance area equals zero.

(d) "Isolation index" for a high school means the square root of one-half the attendance area plus the distance in miles, according to the usually traveled routes, between the high school and the nearest high school.

(e) "Qualifying high school" means a high school that has an isolation index greater than 23 and that has secondary average daily membership of less than 400.

(f) "Qualifying elementary school" means an elementary school that is located 19 miles or more from the nearest elementary school or from the nearest elementary school within the district and, in either case, has an elementary average daily membership of an average of 20 or fewer per grade.

(g) "Elementary average daily membership" means, for a district that has only one elementary school, the average daily membership of resident pupils in kindergarten through grade 6. For a district that has more than one elementary school, "average daily membership" for each school means the average daily membership of kindergarten through grade 6 multiplied by the ratio of seven to the number of grades in the elementary school.

Sec. 13. Minnesota Statutes 1992, section 124A.22, subdivision 6, is amended to read:

Subd. 6. [SECONDARY SPARSITY REVENUE.] (a) A district's secondary sparsity revenue for a school year equals the sum of the results of the following calculation for each qualifying high school in the district:

- (1) the formula allowance for the school year, multiplied by
- (2) the secondary average daily membership of the high school, multiplied by
- (3) the quotient obtained by dividing 400 minus the secondary average daily membership by 400 plus the secondary daily membership, multiplied by
- (4) the lesser of one or the quotient obtained by dividing the isolation index minus 23 by ten.

(b) A newly formed school district that is the result of districts combining under the cooperation and combination program or consolidating under section 122.23 shall receive secondary sparsity revenue equal to the greater of: (1) the amount calculated under paragraph (a) for the combined district; or (2) the sum of the amounts of secondary sparsity revenue the former school districts had in the year prior to consolidation, increased for any subsequent changes in the secondary sparsity formula.

Sec. 14. Minnesota Statutes 1992, section 124A.22, subdivision 8, is amended to read:

- (2) ~~the district's 1990 1991 actual pupil units adjusted for the change in secondary pupil unit weighting from 1.35 to 1.3 made in section 124.17, subdivision 1.~~

~~(b) If a district's minimum allowance exceeds the sum of its basic revenue, previous formula compensatory education revenue, previous formula training and experience revenue, secondary sparsity revenue, and elementary sparsity revenue per actual pupil unit for a fiscal year, and the excess is less than \$250 per actual pupil unit, the district shall receive supplemental revenue equal to the amount of the excess times the actual pupil units for the school year. If the amount of the excess is more than \$250 per actual pupil unit, the district shall receive the greater of (1) \$250 times the actual pupil units; or (2) the amount of the excess times the actual pupil units less the sum of (i) the difference between the district's training and experience revenue and its previous formula training and experience revenue; and (ii) the difference between the district's compensatory education revenue and its previous formula compensatory education revenue. A district's supplemental revenue allowance is reduced for fiscal year 1995 and later according to subdivision 9.~~

(c) A district's supplemental revenue equals the supplemental revenue allowance, if any, times its actual pupil units for that year.

(b) The board must publish notice of the proposed salary settlement describing the overall increase in compensation, the increase due to cost-of-living adjustments, the increase due to step and lane adjustments, the increase due to the increased costs of health and fringe benefits and deferred compensation. The notice must be published at least ten days before the next board meeting at which the contract will be considered. The publication and notice requirements do not apply if the teachers in the district are on strike or have filed a notice of intent to strike under Minnesota Statutes, section 179A.18, subdivision 3.

If the referendum required under Minnesota Statutes, section 122.243, subdivision 2, fails, the aid adjustment required in subdivision 2 cancels and the department of education shall make a negative adjustment to the following year's aid payments for any amount actually paid to the district. If the referendum fails, the district's levy authority under subdivision 3 is canceled. Subd. 2. [AID ADJUSTMENT.] For fiscal year 1994 only, the department of education shall include in the general education aid calculation for independent school district No. 504, Slayton, the sum of the amounts by which the district's general education aid was reduced for fiscal years 1992 and 1993 under Minnesota Statutes, section 124A.26.

- (7) other law and rule changes necessary to accomplish the purposes and policy of this act.

Sec. 31. [EMPLOYMENT PRACTICES.]

The governor, after consultations with representatives of business and labor, shall deliver to the legislature, no later than January 31, 1995, a plan suggesting amendments to staff employment, compensation, and collective bargaining laws to facilitate achievement of the goals of this act.

TRANSPORTATION

Section 1. Minnesota Statutes 1992, section 123.39, is amended by adding a subdivision to read:

Subd. 15. [PUPIL TRANSPORT ON STAFF DEVELOPMENT DAYS.] A school district may provide bus transportation between home and school for pupils on days devoted to parent-teacher conferences, teacher's workshops, or other staff development opportunities. If approved by the commissioner as part of a program of educational improvement, the cost of providing this transportation, as determined by generally accepted accounting principles, must be considered part of the authorized cost for regular transportation for the purposes of section 124.225. The commissioner shall approve inclusion of these costs in the regular transportation category only if the total number of instructional hours in the school year divided by the total number of days for which transportation is provided equals or exceeds the number of instructional hours per day prescribed in the rules of the state board.

Sec. 2. Minnesota Statutes 1992, section 124.225, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] For purposes of this section, the terms defined in this subdivision have the meanings given to them.

(a) "FTE" means a ~~transported~~ full-time equivalent pupil whose transportation is authorized for aid purposes by section 124.223.

(b) "Authorized cost for regular transportation" means the sum of:

(1) all expenditures for transportation in the regular category, as defined in paragraph (c), clause (1), for which aid is authorized in section 124.223, plus

(2) an amount equal to one year's depreciation on the district's school bus fleet and mobile units computed on a straight line basis at the rate of 12-1/2 percent per year of the cost of the fleet, plus

(3) an amount equal to one year's depreciation on district school buses reconditioned by the department of corrections computed on a straight line basis at the rate of 33-1/3 percent per year of the cost to the district of the reconditioning, plus

(4) an amount equal to one year's depreciation on the district's type three school buses, as defined in section 169.01, subdivision 6, paragraph (c), which were purchased after July 1, 1982, for authorized transportation of pupils, with the prior approval of the commissioner, computed on a straight line basis at the rate of 20 percent per year of the cost of the type three school buses.

(c) "Transportation category" means a category of transportation service provided to pupils as follows:

(1) Regular transportation is transportation services provided during the regular school year under section 124.223, subdivisions 1 and 2, excluding the following transportation services provided under section 124.223, subdivision 1: transportation between schools; noon transportation to and from school for kindergarten pupils attending half-day sessions; transportation of pupils to and from schools located outside their normal attendance areas under the provisions of a plan for desegregation mandated by the state board of education or under court order; and transportation of elementary pupils to and from school within a mobility zone.

(2) Nonregular transportation is transportation services provided under section 124.223, subdivision 1, that are excluded from the regular category and transportation services provided under section 124.223, subdivisions 3, 4, 5, 6, 7, 8, 9, and 10.

(3) Excess transportation is transportation to and from school during the regular school year for secondary pupils residing at least one mile but less than two miles from the public school they could attend or from the nonpublic school actually attended, and transportation to and from school for pupils residing less than one mile from school who are transported because of extraordinary traffic, drug, or crime hazards.

(4) Desegregation transportation is transportation during the regular school year of pupils to and from schools located outside their normal attendance areas under a plan for desegregation mandated by the state board or under court order.

(5) Handicapped transportation is transportation provided under section 124.223, subdivision 4, for pupils with a disability between home or a respite care facility and school or other buildings where special instruction required by section 120.17 is provided.

(d) "Mobile unit" means a vehicle or trailer designed to provide facilities for educational programs and services, including diagnostic testing, guidance and counseling services, and health services. A mobile unit located off nonpublic school premises is a neutral site as defined in section 123.932, subdivision 9.

(e) "Current year" means the school year for which aid will be paid.

(f) "Base year" means the second school year preceding the school year for which aid will be paid.

(g) "Base cost" means the ratio of:

(1) the sum of the authorized cost in the base year for regular transportation as defined in paragraph (b) plus the actual cost in the base year for excess transportation as defined in paragraph (c);

(2) to the sum of the number of weighted ~~FTE pupils transported~~ FTE's in the regular and excess categories in the base year.

(h) "Pupil weighting factor" for the excess transportation category for a school district means the lesser of one, or the result of the following computation:

(m) "Adjusted predicted base cost" means the predicted base cost as computed in subdivision 3a as adjusted under subdivision 7a.

(n) "Regular transportation allowance" means the adjusted predicted base cost, inflated and adjusted under subdivision 7b.

Sec. 3. Minnesota Statutes 1992, section 124.225, subdivision 3a, is amended to read:

Subd. 3a. [PREDICTED BASE COST.] A district's predicted base cost equals the result of the following computation:

(a) Multiply the transportation formula allowance by the district's sparsity index raised to the one-fourth power. The transportation formula allowance is \$421 ~~\$447~~ for the 1989-1990 1991-1992 base year and \$434 ~~\$463~~ for the 1990-1991 1992-1993 base year.

(b) Multiply the result in paragraph (a) by the district's density index raised to the 35/100 power.

(c) Multiply the result in paragraph (b) by the district's contract transportation index raised to the 1/20 power.

Sec. 4. Minnesota Statutes 1992, section 124.225, subdivision 7b, is amended to read:

Subd. 7b. [INFLATION FACTORS.] The adjusted predicted base cost determined for a district under subdivision 7a for the base year must be increased by ~~4.0~~ 2.0 percent to determine the district's regular transportation allowance for the ~~1991-1992~~ 1993-1994 school year and by ~~2.0~~ 4.0 percent to determine the district's regular transportation allowance for the ~~1992-1993~~ 1994-1995 school year, but the regular transportation allowance for a district cannot be less than the district's minimum regular transportation allowance according to Minnesota Statutes 1990, section 124.225, subdivision 1, paragraph (t).

Sec. 5. Minnesota Statutes 1992, section 124.225, subdivision 7d, is amended to read:

Subd. 7d. [TRANSPORTATION REVENUE.] Transportation revenue for each district equals the sum of the district's regular transportation revenue and the district's nonregular transportation revenue.

(a) The regular transportation revenue for each district equals the district's regular transportation allowance according to subdivision 7b times the sum of the number of FTE's transported by the district in the regular, desegregation, and handicapped categories in the current school year.

~~(b) The nonregular transportation revenue for each district for the 1991-1992 school year equals the lesser of the district's actual costs in the 1991-1992 school year for nonregular transportation services or the product of the district's actual cost in the 1990-1991 school year for nonregular transportation services as defined for the 1991-1992 school year in subdivision 1, paragraph (c), times the ratio of the district's average daily membership for the 1991-1992 school year to the district's average daily membership for the 1990-1991 school year according to section 124.17, subdivision 2, times 1.03, minus the amount of regular transportation revenue attributable to FTE's transported in the desegregation and handicapped categories in the current school year, plus the excess nonregular transportation revenue for the 1991-1992 school year according to subdivision 7e.~~

~~(c) For the 1992-1993 and later school years, the nonregular transportation revenue for each district equals the lesser of the district's actual cost in the current school year for nonregular transportation services or the product of the district's actual cost in the base year for nonregular transportation services as defined for the current year in subdivision 1, paragraph (c), times the ratio of the district's average daily membership for the current year to the district's average daily membership for the base year according to section 124.17, subdivision 2, times the nonregular transportation inflation factor for the current year, minus the amount of regular transportation revenue attributable to FTE's transported in the desegregation and handicapped categories in the current school year, plus the excess nonregular transportation revenue for the current year according to subdivision 7e. The nonregular transportation inflation factor is 1.0345 for the 1992-1993 1993-1994 school year ~~is 1.061~~ and 1.0345 for the 1994-1995 school year.~~

Sec. 6. Minnesota Statutes 1992, section 124.225, subdivision 7e, is amended to read:

Subd. 7e. [EXCESS NONREGULAR TRANSPORTATION REVENUE.] ~~(a) A district's excess nonregular transportation revenue for the 1991-1992 school year equals an amount equal to 80 percent of the difference between:~~

~~(1) the district's actual cost in the 1991-1992 school year for nonregular transportation services as defined for the 1991-1992 school year in subdivision 1, paragraph (c), and~~

~~(2) the product of the district's actual cost in the 1990-1991 school year for nonregular transportation services as defined for the 1991-1992 school year in subdivision 1, paragraph (c), times 1.15, times the ratio of the district's average daily membership for the 1991-1992 school year to the district's average daily membership for the 1990-1991 school year.~~

~~(b) A district's excess nonregular transportation revenue for the 1992-1993 school year and later school years equals an amount equal to 80 percent of the difference between:~~

~~(1) the district's actual cost in the current year for nonregular transportation services as defined for the current year in subdivision 1, paragraph (c), and~~

~~(2) the product of the district's actual cost in the base year for nonregular transportation services as defined for the current year in subdivision 1, paragraph (c), times 1.30, times the ratio of the district's average daily membership for the current year to the district's average daily membership for the base year.~~

~~(c) The state total excess nonregular transportation revenue must not exceed \$2,000,000 for the 1991-1992 school year and \$2,000,000 for the 1992-1993 school year. If the state total revenue according to paragraph (a) or (b) exceeds the limit set in this paragraph, the excess nonregular transportation revenue for each district equals the district's revenue according to paragraph (a) or (b), times the ratio of the limitation set in this paragraph to the state total revenue according to paragraph (a) or (b).~~

Sec. 7. Minnesota Statutes 1992, section 124.226, subdivision 1, is amended to read:

Subdivision 1. [BASIC TRANSPORTATION.] Each year, a school district may levy for school transportation services an amount not to exceed the amount raised by the basic transportation tax rate times the adjusted net tax capacity of the district for the preceding year. The commissioner of education shall establish the basic transportation tax rate by July 1 of each year for levies payable in the following year. The basic transportation tax rate shall be a rate, rounded up to the nearest hundredth of a percent, that, when applied to the adjusted net tax capacity of taxable property for all districts, raises the amount specified in this subdivision. The basic transportation tax rate for transportation shall be the rate that raises ~~\$64,300,000 for fiscal year 1993 and \$68,000,000 for fiscal year 1994 and \$68,600,000 for fiscal year 1995 and subsequent fiscal years.~~ The basic transportation tax rate certified by the commissioner of education must not be changed due to changes or corrections made to a district's adjusted net tax capacity after the tax rate has been certified.

Sec. 8. Minnesota Statutes 1992, section 124.226, subdivision 3, is amended to read:

Subd. 3. [OFF-FORMULA ADJUSTMENT.] In a district if the basic transportation levy under subdivision 1 attributable to that fiscal year is more than the difference between (1) the district's transportation revenue under section 124.225, subdivision 7d, and (2) the sum of the district's maximum nonregular levy under subdivision 4 and the district's contracted services aid reduction under section 124.225, subdivision 8k, and the amount of any reduction due to insufficient appropriation under section 124.225, subdivision 8a, the district's transportation levy in the second year following each fiscal year must be reduced by the difference between the amount of the excess and the amount of the aid reduction for the same fiscal year according to subdivision 3a.

Sec. 9. Minnesota Statutes 1992, section 124.226, is amended by adding a subdivision to read:

Subd. 3a. [TRANSPORTATION LEVY EQUITY.] (a) If a district's basic transportation levy for a fiscal year is adjusted according to subdivision 3, an amount must be deducted from the state payments that are authorized in chapter 273 and that are receivable for the same fiscal year. The amount of the deduction equals the difference between:

(1) the district's transportation revenue under section 124.225, subdivision 7d; and

(2) the sum of the district's maximum basic transportation levy under subdivision 1, the district's maximum nonregular levy under subdivision 4, the district's maximum excess transportation levy under subdivision 5, the district's contracted services aid reduction under section 124.225, subdivision 8k, and the amount of any reduction due to insufficient appropriation under section 124.225, subdivision 8a.

(b) Notwithstanding paragraph (a), for fiscal year 1995, the amount of the deduction is one-fourth of the difference between clauses (1) and (2); for fiscal year 1996, the amount of the deduction is one-half of the difference between clauses (1) and (2); and for fiscal year 1997, the amount of the deduction is three-fourths of the difference between clauses (1) and (2).

(c) The amount of the deduction in any fiscal year must not exceed the amount of state payments that are authorized in chapter 273 and that are receivable for the same fiscal year in the district's transportation fund.

Sec. 10. Minnesota Statutes 1992, section 124.226, subdivision 9, is amended to read:

Subd. 9. [LATE ACTIVITY BUSES.] (a) A school district may levy an amount equal to the lesser of:

(2) two percent of the district's regular transportation revenue for that school year according to section 124.225, subdivision 7d, paragraph (a).

(b) A district that levies under this section must provide late transportation home from school for students participating in any academic-related activities provided by the district if transportation is provided for students participating in athletic activities.

~~(c) A district may levy under this subdivision only if the district provided late transportation home from school during fiscal year 1991.~~

Sec. 11. [ADDITIONAL LATE ACTIVITY LEVY.]

A school district that is eligible to certify a levy under section (124.26, subdivision 9) and was not eligible to certify a levy under Minnesota Statutes, section 124.226, subdivision 9, may certify an additional amount in 1993 for taxes payable in 1994 equal to the amount it would have been authorized to certify in 1992 for taxes payable in 1993 had it been eligible. A levy authorized under this section must be recognized according to Minnesota Statutes, section 124.918, subdivision 6.

Sec. 12. [RULE REVIEW.]

The department of education shall review Minnesota Rules, part 3520.4831, relating to body-chassis sizes for school buses, to determine the purpose of the rule. The state board of education shall revise the rule to accurately reflect its purpose.

Sec. 13. [TRANSPORTATION FOR CERTAIN OPEN ENROLLMENT PUPILS.]

Notwithstanding Minnesota Statutes, sections 120.062, subdivision 9, and 124.225, subdivision 8l, transportation provided by independent school district No. 319, Nashwauk-Keewatin, between home and school for a resident pupil of independent school district No. 318, Grand Rapids, attending school under Minnesota Statutes, section 120.062, is authorized for aid under Minnesota Statutes, section 124.225, subdivision 7d, paragraph (c), if the following criteria are met:

Sec. 16. [EFFECTIVE DATE.]

Sections (124.226, subdivision 9, and the section authorizing an additional late activity levy) are effective for levies certified in 1993 for taxes payable in 1994.

(a) "Unreimbursed special education cost" means the sum of the following:

(1) expenditures for teachers' salaries, contracted services, supplies, and equipment eligible for revenue under sections 124.32, subdivisions 1b, 1d, 2, and 10, and 124.322, subdivision 2; plus

(2) expenditures for tuition bills received under section 120.17; minus

(3) revenue for teachers' salaries, contracted services, supplies, and equipment under sections 124.32, subdivisions 1b, 1d, 2, and 10; 124.321, subdivision 1, clause (1); and 124.322, subdivision 2; minus

Subd. 2. [EXCESS COST AID.] For 1995 and later fiscal years, a district's special education excess cost aid equals the product of:

(1) 70 percent of the difference between (i) the district's unreimbursed special education cost per actual pupil unit and (ii) six percent of the district's general revenue per actual pupil unit, times

(2) the district's actual pupil units for that year.

Sec. 8. Minnesota Statutes 1992, section 124.332, subdivision 2, is amended to read:

Subd. 2. [AID AMOUNT.] An eligible district shall receive individualized learning and development aid in an amount equal to \$64 for 1991-1992 and \$66 for 1992-1993 and thereafter times the district's average daily membership in kindergarten to grade 2 for the 1991-1992 school year, and in kindergarten to grade 3 for the 1992-1993 school year and thereafter and \$42 times the district's average daily membership in grade 4. Aid received under this subdivision for kindergarten to grade 3 must be used only to achieve the district's instructor-learner ratios and prepare and use individualized learning plans for learners in the grades for which the district is receiving aid. If the district has achieved and is maintaining the district's instructor-learner ratios in kindergarten to grade 3, then the district may use the aid to work to improve program offerings throughout the district. Aid received under this subdivision for grade 4 must be used to implement learners' individualized learning plans.

Sec. 9. Minnesota Statutes 1992, section 124.574, is amended by adding a subdivision to read:

Subd. 4a. [ADDITIONAL AID.] A school district may contract with another Minnesota school district or cooperative center for career assessment services for children with a disability for children that are not yet enrolled in grade 12. The formula for payment equals 52 percent of the difference between the amount of the contract and the basic revenue of the district for that pupil for the amount of time the pupil receives services under the contract. The contracts must be approved by the commissioner.

Sec. 10. Minnesota Statutes 1992, section 125.189, is amended to read:

125.189 [LICENSURE REQUIREMENTS.]

In addition to other requirements, The board of teaching will review and determine appropriate licensure requirements for a candidate for a license or an applicant for a continuing license to teach hearing-impaired deaf and hard of hearing students in kindergarten prekindergarten through grade 12. In addition to other requirements, a candidate must demonstrate the minimum level of proficiency in American sign language as determined by the Quality Assurance Systems Project of the department of education board.

Sec. 11. [ASL GUIDELINES.]

(a) In determining appropriate licensure requirements for teachers of deaf and hard of hearing students under Minnesota Statutes, section 125.189, the board of teaching shall develop the requirements according to the guidelines described in this section.

(b) Each teacher must complete the American sign language sign communication proficiency interview or a comparable American sign language evaluation that the board of teaching, the Minnesota association of deaf citizens, and the Minnesota council for the hearing impaired accept as a means for establishing the teacher's baseline level of American sign language skills. A teacher shall not be charged for this evaluation.

(c) Each teacher must complete 60 continuing education credits in American sign language, American sign language linguistics, or deaf culture for every 120 continuing education credits the teacher is required to complete to renew a teaching license.

(d) As a condition of obtaining an initial license to teach deaf and hard of hearing students, a person must demonstrate in the sign communication proficiency interview an intermediate plus level of proficiency in American sign language.

(e) Each teacher applying to renew a teaching license and each teacher holding a teaching license from another state who wishes to apply for a Minnesota teaching license must take the American sign language sign communication proficiency interview or a comparable American sign language evaluation every five years until the teacher demonstrates a minimum, or survival plus, level of proficiency in American sign language.

(f) A teacher working directly with students whose primary language is American sign language should demonstrate at least an advanced level of proficiency in American sign language. The board should not consider a minimum, or survival plus, level of proficiency adequate for providing direct instruction to students whose primary language is American sign language.

(g) To renew a teaching license, a teacher must comply with paragraphs (c) and (e) in addition to other applicable board requirements. A teacher's ability to demonstrate a minimum, or survival plus, level of proficiency in American sign language is not a condition for renewing the teacher's license.

(h) A teacher who demonstrates an increased proficiency in American sign language skill in the American sign language sign communication proficiency interview or a comparable American sign language evaluation shall receive credit toward completing the requirements of paragraph (c). The number of continuing education credits the teacher receives is based on the teacher's increased level of proficiency from the teacher's baseline level:

- (1) 35 continuing education credits for demonstrating an intermediate level of proficiency;
- (2) 40 continuing education credits for demonstrating an intermediate plus level of proficiency;
- (3) 45 continuing education credits for demonstrating an advanced level of proficiency;
- (4) 50 continuing education credits for demonstrating an advanced plus level of proficiency;
- (5) 55 continuing education credits for demonstrating a superior level of proficiency; and
- (6) 60 continuing education credits for demonstrating a superior plus level of proficiency.

Sec. 12. [DEVELOPING GREATER FLEXIBILITY IN DELIVERING SPECIAL EDUCATION SERVICES.]

Subdivision 1. [PURPOSE; AUTHORIZATION.] In an effort to change the overall emphasis in special education from complying with laws and rules to also improving educational opportunities for a wide range of students, including those who are disabled, those for whom English is a second language, and those with unique learning styles, a pilot project is established to permit independent school district No. 625, St. Paul, to develop and implement an integrated service model for delivering special education services and programs to eligible students under Minnesota Statutes, section 120.17, and alternative delivery of specialized instructional services under Minnesota Statutes, section 120.173. As part of the pilot project, the state board of education shall waive all state special education rules if the St. Paul school district complies with the requirements in subdivision 2.

Subd. 2. [PROJECT REQUIREMENTS.] (a) To participate in the pilot project, the district must:

(1) notify the commissioner of education, the state board of education, and the advisory council under paragraph (c) by June 15, 1993, of its intent to develop and implement an integrated service model for delivering special

education services and programs to eligible and low-performing students that complies with all applicable federal rules governing the delivery of special education;

(2) complete by November 30, 1993, with assistance from the commissioner as described in paragraph (b) and the advisory council in paragraph (c), a proposed plan for realizing an integrated service model, which includes a description of each applicable federal rule and the approach the district will use to effect that rule;

(3) include in the proposed plan measures to protect students' civil rights, provide equal educational opportunities, and prohibit discrimination as required under state and federal law;

(4) receive local school board approval of the proposed plan by December 31, 1993, and file a copy of the approved plan with the commissioner;

(5) begin in-service training of district personnel on February 1, 1994, to ensure that the district complies with all applicable federal regulations governing the delivery of special education; and

(6) implement the integrated service model beginning July 1, 1994.

(b) If the St. Paul school district indicates its intent to develop an integrated service model under paragraph (a), clause (1), the commissioner shall assist the district beginning August 1, 1993, in developing its plan to realize the integrated service model by:

(1) providing technical assistance through the state department of education; and

(2) using discretionary funds under Public Law Number 101-476 to contract for technical assistance as needed.

(c) The district must establish an advisory council for the pilot project that reflects the demographic composition of the district and is composed of members of existing special education-related committees, parents of eligible students with varying disabilities and of different ages enrolled in the district, representative of advocacy agencies, and district personnel affected by this section. Parents shall compose the majority of council members. The district must continuously consult with the advisory council on planning, delivering, and modifying the district's special education programs and services.

Subd. 3. [EVALUATION.] Upon implementing the integrated service model, the district, with technical assistance provided or contracted for by the commissioner, must annually evaluate the efficacy of the model over at least a four-year period. The district must address in its evaluation the seven points listed in Minnesota Statutes, section 120.173, subdivision 3, and document parents' responses to the model. The district must submit to the education committees of the legislature a progress report by February 1, 1997, and a final report by February 1, 1999, on the efficacy of the model.

Sec. 13. [FISCAL REPORTS; AUTHORIZATION REQUIRED.]

(a) The state interagency council, with technical assistance from the state department of education, shall submit to the education committees of the legislature by February 15, 1994, an accurate and detailed fiscal analysis and summary of the short and long term fiscal impact to the state of participating in the fifth and in succeeding fiscal years of the federal Part H program under United States Code, title 20, section 1471, et seq. (Part H, Public Law Number 102-119).

(b) The state department of education shall not apply to the secretary of education under United States Code, title 20, section 1471, et seq. (Part H, Public Law Number 102-119) to participate in the fifth or any succeeding fiscal year of the federal Part H program contained in the Individuals with Disabilities Education Act until specifically authorized by law to do so.

Sec. 14. [TASK FORCE TO REVIEW SPECIAL EDUCATION RULES.]

Subdivision 1. [ESTABLISHMENT.] A task force to review the state's special education rules is established to recommend to the legislature changes that can be made to simplify the rules while ensuring that the rules meet applicable federal requirements and support the state's interest in education outcomes.

Subd. 2. [MEMBERSHIP; STAFF.] (a) The speaker of the house of representatives and the administrative subcommittee on committees of the senate shall jointly appoint 22 demographically representative members

knowledgeable in elementary and secondary special education matters from throughout the state to serve on the task force and shall select a task force chairperson from among the members, who shall convene and preside over task force meetings. Task force members shall include six parents of students with varying disabilities and of differing ages, two licensed teachers who provide general education instruction, two licensed teachers who provide special education instruction, one urban or suburban school principal, one rural school superintendent, three directors of special education, one of whom represents a single urban or suburban school district, one of whom represents a rural special education cooperative, and one of whom represents an intermediate district, one person with expertise in special education instruction from the department of education, one state senator and one state representative, and three advocates of children with disabilities and their families.

(b) The house research department, senate counsel and research, and other legislative staff offices shall provide staff for the task force.

Subd. 3. [DUTIES.] In recommending changes to simplify the state's special education rules, the task force shall examine each special education rule to determine whether it:

- (1) provides meaningful educational opportunities to students with disabilities;
- (2) encourages educational innovations;
- (3) complies with applicable federal requirements; and
- (4) can be implemented at reasonable cost.

Subd. 4. [ADMINISTRATIVE RULES.] To accommodate the task force's review of the state's special education rules, and notwithstanding Minnesota Statutes, section 121.11, subdivision 12, or any other law to the contrary, the state board of education shall not adopt, amend, or repeal a special education rule until June 1, 1994, unless compelled by a newly enacted or adopted federal requirement.

Subd. 5. [REPORT.] The task force shall submit its recommendations for simplifying the state's special education rules to the education committees of the legislature by February 15, 1994.

Sec. 15. [ALTERNATIVE DELIVERY OF SPECIAL EDUCATION SERVICES AND PROGRAMS.]

Subdivision 1. [ESTABLISHMENT; PURPOSE; GOAL.] A three-year pilot project is established to permit 12 school districts selected by the commissioner of education to use an alternative process for delivering certain special education services and programs to eligible students under Minnesota Statutes, section 120.17. The purpose of the project is to explore, in a deliberate way, effective alternatives to the special education rules listed in subdivision 3 while adhering to the intent of the rules and the procedural and substantive protections afforded eligible students under law. The ultimate goal of the project is to improve the instructional services and educational outcomes and opportunities available to eligible students.

Subd. 2. [ELIGIBILITY; APPLICATIONS.] The commissioner shall make application forms available to school districts interested in exploring effective alternatives for delivering certain special education services and programs as described in this section. Interested school districts must have their application to participate in the project approved by their local school board after a public hearing on the matter. Applications must be submitted to the commissioner by January 1, 1994. The application must describe how the applicant proposes to realize the purpose and goal of the project, including what activities and procedures the applicant proposes and whether the applicant seeks to be exempted from Minnesota Rules, part 3525.1341. The commissioner may require additional information of an applicant. The commissioner shall approve 12 applications before March 1, 1995. The commissioner shall ensure an equitable geographical distribution of project participants throughout the state.

Subd. 3. [EXEMPTIONS.] (a) All school districts participating in the project are exempt from the following special education rules through the 1997-1998 school year:

- (1) Minnesota Rules, part 3525.1335;
- (2) Minnesota Rules, part 3525.2335;
- (3) Minnesota Rules, part 3525.2750; and

(4) Minnesota Rules, part 3525.2925, subparts 2B, 4, 5, 6, 7, and 9.

(b) After reviewing the applications of the district selected to participate in the project, the commissioner shall exempt six of the 12 project participants from Minnesota Rules, part 3525.1341.

(c) During the term of the project, participating school districts exempt from the rules listed in this subdivision must adhere to the intent of the rules and the procedural and substantive safeguards afforded eligible students under the law.

Subd. 4. [STUDENTS' RIGHTS.] School districts participating in the project must individually evaluate eligible students enrolled in the district to determine the students' levels of performance. Eligible students are entitled to the procedural protections provided under Public Law Number 101-476 in any matter that affects the students' identification, evaluation, placement, or change in placement, and protections provided under Minnesota Statutes, sections 127.26 to 127.39, in a dismissal proceeding that may result in students' suspension, exclusion, or expulsion. Participating school districts must ensure the protection of students' civil rights, provide equal educational opportunities, and prohibit discrimination. Failure to comply with this subdivision will at least cause a district to become ineligible to participate in the project.

Subd. 5. [TECHNICAL ASSISTANCE.] The commissioner, through the office of compliance and monitoring, shall provide technical assistance to the project participants. In addition, the commissioner shall use discretionary funds available under Public Law Number 101-476 to contract for technical assistance from an independent evaluator in the field of special education to assist project participants in developing and implementing a valid and uniform procedure to evaluate their alternative delivery process.

Subd. 6. [ADVISORY COMMITTEE.] Each project participant shall have an advisory council that reflects the demographic composition of the local community and is composed of members of existing special education-related committees, parents of eligible students with varying disabilities and of different ages enrolled in a participating district, and district personnel in the field of special education who are potentially affected by the rule exemptions under subdivision 3. Parents shall compose a majority of council members. The council shall advise the district on planning, delivering, and modifying special education programs and services under this section. If a project participant is unable to have members of existing special education-related committees on the council, it shall include on the council additional parents of eligible students.

Subd. 7. [EVALUATION; REPORT.] (a) The commissioner shall use the discretionary funds available under Public Law Number 101-476 to contract with an independent evaluator for technical assistance to develop a uniform evaluation procedure for all participants to use to complete a formative and summative evaluation of their experiences in delivering special education services and programs under this section. Participants shall work with the independent evaluator to focus the evaluation on the overall efficacy of the alternative delivery process, including the extent to which the educational outcomes and opportunities of eligible students are improved. Project participants shall each select one member of their advisory council to meet together periodically with the independent evaluator to evaluate the participants' progress. Project participants, in consultation with their advisory council, shall use the interim evaluations and the responses of affected parents to the alternative delivery process to modify the process where appropriate.

(b) Each project participant shall submit to the commissioner a progress report by September 1, 1996, and a final report by January 1, 1998, evaluating the efficacy of its alternative delivery process. The commissioner shall compile the results of the reports to present to the education committees of the legislature by March 1, 1998. When presenting the reports, the commissioner, after consulting with the independent evaluator, shall recommend appropriate amendments to the rules listed in subdivision 3.

Sec. 2. Minnesota Statutes 1992, section 123.36, is amended by adding a subdivision to read:

Subd. 15. [USE OF BUILDINGS BY LOWER GRADES.] (a) In addition to the protections provided in existing building and fire code rules and standards, the following alternatives apply for existing school buildings:

(1) rooms occupied by preschool, kindergarten, and first and second grade students for classrooms, latchkey, day care, early childhood family education or teen parent or similar programs may be located on any floor level below the fourth story of a school building if the building is protected throughout by a complete automatic sprinkler system and a complete automatic fire alarm system consisting of automatic smoke detection throughout the exit system and approved smoke detection in all rooms and areas other than classrooms and offices;

(2) rooms used by preschool, kindergarten, or first grade students for classrooms, latchkey, day care, early childhood family education or teen parent or similar programs, must be located on the story of exit discharge, and rooms used by second grade students, for any purpose, must be located on the story of exit discharge or one story above unless one of the following conditions is met:

(i) a complete automatic sprinkler system is provided throughout the building, the use of the affected room or space is limited to one grade level at a time, and exiting is provided from the affected room or space which is independent from the exiting system used by older students; or

(ii) a complete approved automatic fire alarm system is installed throughout the building consisting of automatic smoke detection throughout the exit system and approved detection in all rooms and areas other than classrooms and offices, the use of the affected room or space is limited to one grade level at a time and exiting is provided from the affected room or space which is independent from the exiting system used by older students.

(d) Paragraphs (a) and (c) supersede any contrary provisions of the state fire code or state building code and rules relating to those codes must be amended by the state agencies having jurisdiction of them.

(e) Paragraphs (a) to (d) are effective for new school buildings beginning July 1, 1994.

Sec. 3. [124.239] [ALTERNATIVE FACILITIES BONDING AND LEVY PROGRAM.]

Subdivision 1. [TO QUALIFY.] An independent or special school district qualifies to participate in the alternative facilities bonding and levy program if the district has:

(1) more than 66 students per grade;

(2) over 1,000,000 square feet of space;

(3) insufficient funds from projected health and safety revenue and capital facilities revenue to meet the requirements for deferred maintenance, to make accessibility improvements, or to make fire, safety, or health repairs; and

(4) a ten-year facility plan approved by the commissioner according to subdivision 2.

Subd. 2. [TEN-YEAR PLAN.] (a) A qualifying district must have a ten-year facility plan approved by the commissioner that includes an inventory of projects and costs that would be eligible for:

(1) health and safety revenue;

(2) disabled access levy; and

(3) deferred capital expenditures and maintenance projects necessary to prevent further erosion of facilities.

(b) The school district must:

(1) annually update the plan;

(2) biennially submit a facility maintenance plan; and

(3) indicate whether the district will issue bonds to finance the plan or levy for the costs.

Subd. 3. [BOND AUTHORIZATION.] A school district, upon approval of its school board and the commissioner, may issue general obligation bonds under this section to finance approved facilities plans. Chapter 475, except sections 475.58 and 475.59, must be complied with. The district may levy under subdivision 5 for the debt service revenue. The authority to issue bonds under this section is in addition to any bonding authority authorized by this chapter, or other law. The amount of bonding authority authorized under this section must be disregarded in calculating the bonding or net debt limits of this chapter, or any other law other than section 475.53, subdivision 4.

Subd. 4. [LEVY PROHIBITED FOR CAPITAL PROJECTS.] A district that participates in the alternative facilities bonding and levy program is not eligible to levy and cannot receive aid for any capital projects under sections 124.83 and 124.84. A district may levy for health and safety environmental management costs and health and safety regulatory, hazard assessment, record keeping, and maintenance programs as defined in section 19 and approved by the commissioner.

Subd. 5. [LEVY AUTHORIZED.] A district, after local board approval, may levy for costs related to an approved facility plan as follows:

(a) if the district has indicated to the commissioner that bonds will be issued, the district may levy for the principal and interest payments on outstanding bonds issued according to subdivision 3; or

(b) if the district has indicated to the commissioner that the plan will be funded through levy, the district may levy one-fifth of the amount of the approved costs of the plan each year for five years.

Subd. 6. [SEPARATE ACCOUNT.] A district must establish a separate account under the uniform financial accounting and reporting standards (UFARS) for this program. If the district's levy exceeds the necessary interest and principal payments and noncapital health and safety costs, the district must reserve the revenue to replace future bonding authority, prepay bonds authorized under this program, or make payments on principal and interest.

Sec. 4. Minnesota Statutes 1992, section 124.243, subdivision 1, is amended to read:

Subdivision 1. A school board annually shall, by resolution adopted by a two-thirds vote of its governing body and after notice and hearing, adopt a capital expenditure facilities program. The district shall publish notice of the hearing in its official newspaper at least 20 days before the hearing. A school board may amend its capital expenditure facilities program at any time. The program shall include plans for repair and restoration of existing district-owned facilities and plans for new construction. Plans for new construction and plans for repairs and restoration funded through bond proceeds must be included in the program before notice of the district's intended debt service levy is given to the commissioner for the project costs to be included in the district's required debt service levy under section 124.95 for that year. The program shall include specific provisions to correct any existing health

and safety hazards. The program must set forth the facilities to be improved, a schedule of work not more than five years from the adoption or amendment of the program, the estimated cost of the improvements to be made, the estimated property tax effects of the program for the next fiscal year, and the proposed methods of financing the program. ~~The program must be reviewed by the district biennially before July 1 of each odd-numbered year, after notice and hearing. After the review, the program may be amended to include the ensuing five-year period.~~

Sec. 5. Minnesota Statutes 1992, section 124.243, subdivision 2, is amended to read:

Subd. 2. [CAPITAL EXPENDITURE FACILITIES REVENUE.] Capital expenditure facilities revenue for a district equals \$128 times its actual pupil units for the school year. A district's capital expenditure facilities revenue for a school year shall be reduced if the unreserved balance in the capital expenditure facilities account on June 30 of the prior school year exceeds ~~\$270~~ \$675 times the fund balance pupil units in the prior year as defined in section 124A.26, subdivision 1. If a district's capital expenditure facilities revenue is reduced, the reduction equals the lesser of (1) the amount that the unreserved balance in the capital expenditure facilities account on June 30 of the prior year exceeds ~~\$270~~ \$675 times the fund balance pupil units in the prior year, or (2) the capital expenditure facilities revenue for that year.

Sec. 6. Minnesota Statutes 1992, section 124.243, subdivision 2a, is amended to read:

Subd. 2a. [EXCEPTION TO FUND BALANCE REDUCTION.] A district may apply to the commissioner for approval for an unreserved fund balance in its capital expenditure facilities account that exceeds ~~\$270~~ \$675 per fund balance pupil unit for a period not to exceed three years. If the commissioner approves the district's application, the district's capital expenditure facilities revenue shall not be reduced according to subdivision 2. The commissioner may approve a district's application for an exception only if the use of the district's capital expenditure facilities funds are consistent with plans adopted according to subdivision 1.

Sec. 7. Minnesota Statutes 1992, section 124.243, subdivision 6, is amended to read:

Subd. 6. [USES OF REVENUE.] Capital expenditure facilities revenue may be used only for the following purposes:

- (1) to acquire land for school purposes;
- (2) to acquire or construct buildings for school purposes, if approved by the commissioner of education according to applicable statutes and rules;
- (3) to rent or lease buildings, including the costs of building repair or improvement that are part of a lease agreement;
- (4) to improve and repair school sites and buildings, and equip or reequip school buildings with permanent attached fixtures;
- (5) for a surplus school building that is used substantially for a public nonschool purpose;
- (6) to eliminate barriers or increase access to school buildings by individuals with a disability;
- (7) to bring school buildings into compliance with the uniform fire code adopted according to chapter 299F;
- (8) to remove asbestos from school buildings, encapsulate asbestos, or make asbestos-related repairs;
- (9) to clean up and dispose of polychlorinated biphenyls found in school buildings;
- (10) to clean up, remove, dispose of, and make repairs related to storing heating fuel or transportation fuels such as alcohol, gasoline, fuel oil, and special fuel, as defined in section 296.01;
- (11) for energy audits for school buildings and to modify buildings if the audit indicates the cost of the modification can be recovered within ten years;
- (12) to improve buildings that are leased according to section 123.36, subdivision 10;
- (13) to pay special assessments levied against school property but not to pay assessments for service charges;

(14) to pay principal and interest on state loans for energy conservation according to section 216C.37 or loans made under the northeast Minnesota economic protection trust fund act according to sections 298.292 to 298.298; and

(15) to purchase or lease interactive telecommunications equipment; and

(16) to equip and reequip school buildings and sites in an amount up to one-third of the capital expenditure facilities revenue for the current year.

Sec. 8. Minnesota Statutes 1992, section 124.243, subdivision 8, is amended to read:

Subd. 8. [FUND TRANSFERS.] (a) Money in the account for capital expenditure facilities revenue must not be transferred into any other account or fund, except that as specified in this subdivision.

(b) The school board may, by resolution, transfer money into the debt redemption fund to pay the amounts needed to meet, when due, principal and interest payments on certain obligations issued according to chapter 475.

(c) A school board may transfer all or a part of its capital expenditure facilities revenue to its capital expenditure equipment account if:

(1) the district has only one facility and that facility is less than ten years old; or

(2) the district receives approval from the commissioner to make the transfer.

(d) In considering approval of a transfer under paragraph (c), clause (2), the commissioner must consider the district's facility needs.

Sec. 9. [124.2455] [BONDS FOR CERTAIN CAPITAL FACILITIES.]

In addition to other bonding authority, with approval of the commissioner, a school district may issue general obligation bonds for certain capital projects under this section. The bonds must be used only to make capital improvements including equipping school buildings, improving handicap accessibility to school buildings, and bringing school buildings into compliance with life and safety codes and fire codes.

Before a district issues bonds under this subdivision, it must publish notice of the intended projects, the amount of the bond issue, and the total amount of district indebtedness.

A bond issue tentatively authorized by the board under this subdivision becomes finally authorized unless a petition signed by more than 15 percent of the registered voters of the school district is filed with the school board within 30 days of the board's adoption of a resolution stating the board's intention to issue bonds. The percentage is to be determined with reference to the number of registered voters in the school district on the last day before the petition is filed with the school board. The petition must call for a referendum on the question of whether to issue the bonds for the projects under this section. The approval of 50 percent plus one of those voting on the question is required to pass a referendum authorized by this section.

The bonds may be issued in a principal amount, that when combined with interest thereon, will be paid off with not more than 50 percent of current and anticipated revenue for capital facilities under this section or a successor section for the current year plus projected revenue not greater than that of the current year for the next ten years. Once finally authorized, the district must set aside the lesser of the amount necessary to make the principal and interest payments or 50 percent of the current year's revenue for capital facilities under this section or a successor section each year in a separate account until all principal and interest on the bonds is paid. The district must annually transfer this amount from its capital fund to the debt redemption fund. The bonds must be paid off within ten years of issuance. The bonds must be issued in compliance with chapter 475, except as otherwise provided in this section.

Sec. 10. Minnesota Statutes 1992, section 124.37, is amended to read:

124.37 [POLICY AND PURPOSE.]

The rates of increase in school population in Minnesota and population shifts and economic changes in recent years, and anticipated in future years, have required and will require large expenditures for performing the duty of the state and its subdivisions to provide a general and uniform system of public schools. The state policy has been to require

these school costs to be borne primarily by the local subdivisions. In most instances the local subdivisions have been, and will be, able to provide the required funds by local taxation as supplemented by the aids usually given to all school districts from state income tax and other state aids. There are, however, exceptional cases due to local conditions not found in most other districts where, either temporarily or over a considerable period of years, the costs will exceed the maximum which the local taxpayers can be reasonably expected to bear. In some districts having bonds of several issues outstanding, debt service tax levy requirements are excessive for some years because of heavy bond principal payments accumulating in some of the years due to overlapping or short term issues. The policy and purpose of sections 124.36 to 124.47 is to utilize the credit of the state, to a limited degree, to relieve those school districts, but only those, where the maximum effort by the district is inadequate to provide the necessary money. It is also the purpose of sections 124.36 to 124.47 to promote efficient use of school buildings. To that end, a district that receives a maximum effort loan is encouraged to design and use its facility to integrate social services and library services.

Sec. 11. Minnesota Statutes 1992, section 124.38, is amended by adding a subdivision to read:

Subd. 4a. [LEVY.] "Levy" means a district's net debt service levy after the reduction of debt service equalization aid under section 124.95, subdivision 5. For taxes payable in 1994 and later, each district's maximum effort debt service levy for purposes of subdivision 7, shall be reduced by an equal number of percentage points if the commissioner determines that the levy reduction will not result in a statewide property tax as would be required under Minnesota Statutes 1992, section 124.46, subdivision 3. A district's levy that is adjusted under this section shall not be reduced below 18.74 percent of the district's adjusted net tax capacity.

Sec. 12. Minnesota Statutes 1992, section 124.431, subdivision 1, is amended to read:

Subdivision 1. [CAPITAL LOAN REQUESTS AND USES.] Capital loans are available only to qualifying districts. Capital loans must not be used for the construction of swimming pools, ice arenas, athletic facilities, auditoriums, ~~day care centers~~, bus garages, or heating system improvements. Proceeds of the loans may be used only for sites for education facilities and for acquiring, bettering, furnishing, or equipping education facilities. Contracts must be entered into within ~~18~~ 30 months after the date on which each loan is granted. For purposes of this section, "education facilities" includes space for Head Start programs and social service programs.

Sec. 13. Minnesota Statutes 1992, section 124.431, subdivision 1a, is amended to read:

Subd. 1a. [CAPITAL LOANS ELIGIBILITY.] Beginning July 1, 1992, a district is not eligible for a capital loan unless the district's estimated net debt tax rate as computed by the commissioner after debt service equalization aid would be more than 20 percent of adjusted net tax capacity. The estimate must assume a 20-year maturity schedule for new debt.

Sec. 14. Minnesota Statutes 1992, section 124.431, subdivision 2, is amended to read:

Subd. 2. [DISTRICT REQUEST FOR REVIEW AND COMMENT.] A school district or a joint powers district that intends to apply for a capital loan must submit a proposal to the commissioner for review and comment according to section 121.15 on or before July 1. The commissioner must prepare a review and comment on the proposed facility, regardless of the amount of the capital expenditure required to construct the facility. In addition to the information provided under section 121.15, subdivision 7, the commissioner shall consider the following criteria in determining whether to make a positive review and comment.

(a) To grant a positive review and comment the commissioner must determine that all of the following conditions are met:

- (1) the facilities are needed for pupils for whom no adequate facilities exist or will exist;
- (2) the district will serve, on average, at least 80 pupils per grade or is eligible for sparsity revenue;
- (3) no form of cooperation with another district would provide the necessary facilities;

(4) the facilities are comparable in size and quality to facilities recently constructed in other districts that have similar enrollments;

(5) the facilities are comparable in size and quality to facilities recently constructed in other districts that are financed without a capital loan;

(6) the district is projected to maintain or increase its average daily membership over the next five years or is eligible for sparsity revenue;

(7) the current facility poses a threat to the life, health, and safety of pupils, and cannot reasonably be brought into compliance with fire, health, or life safety codes;

(8) the district has made a good faith effort, as evidenced by its maintenance expenditures, to adequately maintain the existing facility during the previous ten years and to comply with fire, health, and life safety codes and state and federal requirements for handicapped accessibility; and

(9) the district has made a good faith effort to encourage integration of social service programs within the new facility; and

(10) evaluations by school boards of adjacent districts have been received.

(b) The commissioner may grant a negative review and comment if:

(1) the state demographer has examined the population of the communities to be served by the facility and determined that the communities have not grown during the previous five years;

(2) the state demographer determines that the economic and population bases of the communities to be served by the facility are not likely to grow or to remain at a level sufficient, during the next ten years, to ensure use of the entire facility;

(3) the need for facilities could be met within the district or adjacent districts at a comparable cost by leasing, repairing, remodeling, or sharing existing facilities or by using temporary facilities;

(4) the district plans do not include cooperation and collaboration with health and human services agencies and other political subdivisions; or

(5) if the application is for new construction, an existing facility that would meet the district's needs could be purchased at a comparable cost from any other source within the area.

Sec. 15. Minnesota Statutes 1992, section 124.431, subdivision 14, is amended to read:

Subd. 14. [BOND SALE LIMITATIONS.] A district having an outstanding state loan must not issue and sell any bonds on the public market, except to refund state loans, unless it agrees to make the maximum effort debt service levy in each later year at the higher rate provided in section 124.38, subdivision 7, and unless it schedules the maturities of the bonds according to section 475.54, subdivision 2. A district that refunds bonds at a lower interest rate may continue to make the maximum effort debt service levy in each later year at the current rate provided in section 124.38, subdivision 7, if the district can demonstrate to the commissioner's satisfaction that the district's repayments of the state loan will not be reduced below the previous year's level. The district shall report each sale to the commissioner of education.

After a district's capital loan has been outstanding for 20 years, the district must not issue bonds on the public market except to refund the loan.

CHOICE PROGRAMS

Section 1. Minnesota Statutes 1992, section 120.062, subdivision 5, is amended to read:

Subd. 5. [DESEGREGATION DISTRICT TRANSFERS.] (a) This subdivision applies to a transfer into or out of a district that has a desegregation plan approved by the state board of education.

(b) An application to transfer may be submitted at any time for enrollment beginning at any time.

(c) The parent or guardian of a pupil who is a resident of a district that has a desegregation plan must submit an application to the resident district. If the district accepts the application, it must forward the application to the nonresident district.

(d) The parent or guardian of a pupil who applies for enrollment in a nonresident district that has a desegregation plan must submit an application to the nonresident district.

(e) Each district must accept or reject an application it receives and notify the parent or guardian in writing within 30 calendar days of receiving the application. A notification of acceptance must include the date enrollment can begin.

(f) If an application is rejected, the district must state the reason for rejection in the notification. If a district that has a desegregation plan rejects an application for a reason related to the desegregation plan, the district must state with specificity how acceptance of the application would result in noncompliance with state board rules with respect to the school or program for which application was made.

(g) If an application is accepted, the parent or guardian must notify the nonresident district in writing within 15 calendar days of receiving the acceptance whether the pupil intends to enroll in the nonresident district. Notice of intention to enroll obligates the pupil to enroll in the nonresident district, unless the school boards of the resident and nonresident districts agree otherwise. If a parent or guardian does not notify the nonresident district, the pupil may not enroll in that nonresident district at that time, unless the school boards of the resident and nonresident district agree otherwise.

(h) Within 15 calendar days of receiving the notice from the parent or guardian, the nonresident district shall notify the resident district in writing of the pupil's intention to enroll in the nonresident district.

(i) A pupil enrolled in a nonresident district under this subdivision is not required to make annual or periodic application for enrollment but may remain enrolled in the same district. A pupil may transfer to the resident district at any time.

(j) A pupil enrolled in a nonresident district and applying to transfer into or out of a district that has a desegregation plan must follow the procedures of this subdivision. For the purposes of this type of transfer, "resident district" means the nonresident district in which the pupil is enrolled at the time of application.

(k) A district that has a desegregation plan approved by the state board of education must accept or reject each individual application in a manner that will enable compliance with its desegregation plan.

(l) Notwithstanding paragraphs (f) and (k) of this section, a district that has a desegregation plan must accept the application of a resident pupil who applies to enroll in a nonresident district that has a desegregation plan. A district that has a desegregation plan may reject the application for enrollment of a nonresident pupil who resides in a district with a desegregation plan only under subdivision 3.

Sec. 2. Minnesota Statutes 1992, section 120.062, is amended by adding a subdivision to read:

Subd. 13. [ATHLETIC PARTICIPATION.] (a) If a pupil enrolls in a nonresident district under this section, the pupil is ineligible to participate in the extracurricular varsity or junior varsity athletic activities of the nonresident district for one school year. During the year of ineligibility in the nonresident district, the pupil remains eligible to participate in the extracurricular varsity or junior varsity athletic activities of the pupil's resident district or of the nonpublic school the pupil attended before enrolling in a public school under this section. After the year of ineligibility expires, the pupil is eligible to participate in the extracurricular varsity or junior varsity athletic activities in the nonresident district or in the resident district or nonpublic school the pupil attended before enrolling in public school under this section. The pupil must not participate in extracurricular varsity or junior varsity activities in both the resident district and the nonresident district. The same restrictions apply to a pupil who transfers from one participating nonresident district to another participating nonresident district.

(b) A pupil may submit a request, in writing, to the school board of the resident district for permission to participate in the extracurricular varsity or junior varsity athletic activities of the nonresident district during the year of ineligibility. The board must grant permission if it determines that any of the following conditions apply:

(1) the extracurricular varsity or junior varsity athletic activity is not offered by the pupil's resident district or by the nonresident district from which the pupil is transferring;

(2) the pupil was denied equal opportunity to participate in extracurricular varsity or junior varsity athletic activities in the resident district or nonresident district from which the pupil is transferring because of inequity in access as described under section 126.21;

(3) the extracurricular varsity or junior varsity athletic activities of the resident district are not accessible, in terms of transportation, to the pupil;

(4) the pupil is eligible for the high school graduation incentives program under section 126.22, subdivision 2.

(c) If the resident district determines that a pupil may not participate in the nonresident district, the pupil may appeal the decision to the commissioner of education. The commissioner must consider only the criteria in paragraph (b) when acting on the appeal. The nonresident district may submit information to the commissioner for the appeal.

A school board meeting that includes consideration of pupil appeals under this subdivision must comply with the provisions of section 471.705, subdivision 1d.

(b) Notwithstanding paragraph (a), the districts of residence and attendance may agree that either district may provide transportation from a pupil's home or agreed upon location to school. Transportation aid for Minnesota students eligible for aid shall be paid only for transportation within the resident district.

Subd. 6. [EFFECTIVE IF RECIPROCAL.] This section is effective with respect to South Dakota upon enactment of provisions by South Dakota that are essentially similar to the ~~rights and duties of provisions for Minnesota pupils residing in districts located in all South Dakota counties that border Minnesota in this section.~~ After July 1, 1993, this section is effective with respect to any other bordering state upon enactment of provisions by the bordering state that are essentially similar to the ~~rights and duties of pupils residing in and districts located in all counties that border provisions for Minnesota pupils in this section.~~

(g) On May 1 of each year, the state board shall count the actual number of Minnesota resident kindergarten and elementary students and the actual number of Minnesota resident secondary students enrolled and receiving education services at the Minnesota state academy for the deaf and the Minnesota state academy for the blind. The state board shall deposit in the state treasury an amount equal to all tuition received less:

(h) The sum provided by the calculation in clause (g), subclauses (1) and (2), must be deposited in the state treasury and credited to the general operation account of the academy for the deaf and the academy for the blind.

The commissioner may request additional information of the individual, which shall be optional for the individual to provide, such as the individual's social security number or race.

(c) Except for child foster care, adult foster care, and family day care homes, a study must include information from the county agency's record of substantiated abuse or neglect of adults in licensed programs, and the maltreatment of minors in licensed programs, information from juvenile courts as required in paragraph (a) for persons listed in paragraph (a), clause (2), and information from the bureau of criminal apprehension. For child foster care, adult foster care, and family day care homes, the study must include information from the county agency's record of substantiated abuse or neglect of adults, and the maltreatment of minors, information from juvenile courts as required in paragraph (a) for persons listed in paragraph (a), clause (2), and information from the bureau of criminal apprehension. The commissioner may also review arrest and investigative information from the bureau of criminal apprehension, a county attorney, county sheriff, county agency, local chief of police, other states, the courts, or a national criminal record repository if the commissioner has reasonable cause to believe the information is pertinent to the disqualification of an individual listed in paragraph (a), clauses (1) to (4).

(d) An applicant's or license holder's failure or refusal to cooperate with the commissioner is reasonable cause to deny an application or immediately suspend, suspend, or revoke a license. Failure or refusal of an individual to cooperate with the study is just cause for denying or terminating employment of the individual if the individual's failure or refusal to cooperate could cause the applicant's application to be denied or the license holder's license to be immediately suspended, suspended, or revoked.

(e) The commissioner shall not consider an application to be complete until all of the information required to be provided under this subdivision has been received.

(f) No person in paragraph (a), clause (1), (2), (3), or (4) who is disqualified as a result of this section may be retained by the agency in a position involving direct contact with persons served by the program.

(g) Termination of persons in paragraph (a), clause (1), (2), (3), or (4) made in good faith reliance on a notice of disqualification provided by the commissioner shall not subject the applicant or license holder to civil liability.

(h) The commissioner may establish records to fulfill the requirements of this section. The information contained in the records is only available to the commissioner for the purpose authorized in this section.

(i) The commissioner may not disqualify an individual subject to a study under this section because that person has, or has had, a mental illness as defined in section 245.462, subdivision 20.

Sec. 6. Minnesota Statutes 1992, section 245A.06, subdivision 2, is amended to read:

Subd. 2. [RECONSIDERATION OF CORRECTION ORDERS.] If the applicant or license holder believes that the contents of the commissioner's correction order are in error, the applicant or license holder may ask the department of human services to reconsider the parts of the correction order that are alleged to be in error. The request for reconsideration must be in writing, delivered by certified mail, and:

- (1) specify the parts of the correction order that are alleged to be in error;
- (2) explain why they are in error; and
- (3) include documentation to support the allegation of error.

A request for reconsideration does not stay any provisions or requirements of the correction order. ~~The commissioner shall respond to requests made under this subdivision within 15 working days after receipt of the request for reconsideration.~~ The commissioner's disposition of a request for reconsideration is final and not subject to appeal under chapter 14.

Sec. 7. Minnesota Statutes 1992, section 245A.09, subdivision 7, is amended to read:

Subd. 7. [REGULATORY METHODS.] (a) Where appropriate and feasible the commissioner shall identify and implement alternative methods of regulation and enforcement to the extent authorized in this subdivision. These methods shall include:

- (1) expansion of the types and categories of licenses that may be granted;
- (2) when the standards of an independent accreditation body have been shown to predict compliance with the rules, the commissioner shall consider compliance with the accreditation standards to be equivalent to partial compliance with the rules; and
- (3) use of an abbreviated inspection that employs key standards that have been shown to predict full compliance with the rules.

For programs and services for people with developmental disabilities, the commissioner of human services shall develop demonstration projects to use the standards of the commission on accreditation of rehabilitation facilities and the standards of the accreditation council on services to persons with disabilities during the period of July 1, 1993 to December 31, 1994, and incorporate the alternative use of these standards and methods in licensing rules where appropriate. If the commissioner determines that the methods in clause (2) or (3) can be used in licensing a program, the commissioner may reduce any fee set under section 245A.10 by up to 50 percent. The commissioner shall present a plan by January 31, 1995, to accept accreditation by either the accreditation council on services to people with disabilities or the commission on the accreditation of rehabilitation services as evidence of being in compliance where applicable with state licensing.

(b) The commissioner shall work with the commissioners of health, public safety, administration, and education in consolidating duplicative licensing and certification rules and standards if the commissioner determines that consolidation is administratively feasible, would significantly reduce the cost of licensing, and would not reduce the protection given to persons receiving services in licensed programs. Where administratively feasible and appropriate, the commissioner shall work with the commissioners of health, public safety, administration, and education in conducting joint agency inspections of programs.

(c) The commissioner shall work with the commissioners of health, public safety, administration, and education in establishing a single point of application for applicants who are required to obtain concurrent licensure from more than one of the commissioners listed in this clause.

(d) The commissioner may specify in rule periods of licensure up to two years.

Sec. 8. Minnesota Statutes 1992, section 245A.14, subdivision 6, is amended to read:

Subd. 6. [DROP-IN CHILD CARE PROGRAMS.] (a) Except as expressly set forth in this subdivision, drop-in child care programs must be licensed as a drop-in program under the rules governing child care programs operated in a center.

(b) Drop-in child care programs are exempt from the ~~requirements in~~ following Minnesota Rules, ~~parts~~:

- (1) part 9503.0040;
- (2) part 9503.0045, subpart 1, items F and G;
- (3) part 9503.0050, subpart 6, except for children less than ~~2-1/2 years~~ 16 months old;
- (4) one-half the requirements of part 9503.0060, subpart 4, item A, subitems (2), (5), and (8), subpart 5, item A, subitems (2), (3), and (7), and subpart 6, item A, subitems (3) and (6);
- (5) part 9503.0070; and
- (6) part 9503.0090, subpart 2.

(c) A drop-in child care program must be operated under the supervision of a person qualified as a director and a teacher.

(d) A drop-in child care program must have at least two persons on staff whenever the program is operating, except that the commissioner may permit variances from this requirement under specified circumstances for parent cooperative programs, as long as all other staff-to-child ratios are met.

(e) Whenever the total number of children present to be cared for at a center is more than 20, children that are younger than age 2-1/2 must be in a separate group. This group may contain children up to 60 months old. This group must be cared for in an area that is physically separated from older children.

(f) A drop-in child care program must maintain a minimum staff ratio for children age 2-1/2 16 months or greater of one staff person for each ten children.

(g) If the program has additional staff who are on call as a mandatory condition of their employment, the minimum child-to-staff ratio may be exceeded only for children age 2-1/2 16 months or greater, by a maximum of four children, for no more than 20 minutes while additional staff are in transit.

(h) The minimum staff-to-child ratio for infants up to 16 months of age is one staff person for every four infants. The minimum staff to child ratio for children age 17 months to 30 months is one staff for every seven children.

(i) In drop-in care programs that serve both infants and older children, children up to age 2-1/2 may be supervised by assistant teachers, as long as other staff are present in appropriate ratios.

(j) The minimum staff distribution pattern for a drop-in child care program serving children age 2-1/2 or greater is: the first staff member must be a teacher; the second, third, and fourth staff members must have at least the qualifications of a child care aide; the fifth staff member must have at least the qualifications of an assistant teacher; the sixth, seventh, and eighth staff members must have at least the qualifications of a child care aide; and the ninth staff person must have at least the qualifications of an assistant teacher. The commissioner by rule may require that a drop-in child care program serving children less than 2-1/2 years of age serve these children in an area separated from older children and may permit children age 2-1/2 and older to be cared for in the same child care group

(k) A drop-in child care program may care for siblings 16 months or older together in any group. For purposes of this subdivision, sibling is defined as sister or brother, half-sister or half-brother, or stepsister or stepbrother.

Sec. 9. Minnesota Statutes 1992, section 245A.16, subdivision 6, is amended to read:

Subd. 6. [CERTIFICATION BY THE COMMISSIONER.] The commissioner shall ensure that rules are uniformly enforced throughout the state by reviewing each county and private agency for compliance with this section and other applicable laws and rules at least ~~biennially~~ every four years. County agencies that comply with this section shall be certified by the commissioner. If a county agency fails to be certified by the commissioner, the commissioner shall certify a reduction of up to 20 percent of the county's community social services act funding or an equivalent amount from state administrative aids.

Sec. 10. [VULNERABLE ADULTS STUDY.]

The commissioners of health and human services shall establish an advisory committee including consumers and their advocates, providers, county officials, and state officials to make recommendations on the means of preventing maltreatment of vulnerable adults and for the provisions of protective services to vulnerable adults. In making recommendations, the advisory committee shall review all services and protections available under existing state and federal laws with the focus on eliminating duplication of effort among various local, state, and federal agencies and minimizing possible conflicts of interest by establishing a statewide process of coordination of responsibilities. A report with recommendations for state law changes and changes to Minnesota Rules, parts 9555.8000 to 9555.8500, shall be made to the governor and legislature not later than February 1, 1994."

56.12 [ADVERTISING; TAKING OF SECURITY; PLACE OF BUSINESS.]

No licensee shall advertise, print, display, publish, distribute, or broadcast, or cause or permit to be advertised, printed, displayed, published, distributed, or broadcast, in any manner any statement or representation with regard to the rates, terms, or conditions for the lending of money, credit, goods, or things in action which is false, misleading, or deceptive. The commissioner may order any licensee to desist from any conduct which the commissioner shall find to be a violation of the foregoing provisions.

The commissioner may require that rates of charge, if stated by a licensee, be stated fully and clearly in such manner as the commissioner may deem necessary to prevent misunderstanding thereof by prospective borrowers. In lieu of the disclosure requirements of this section and section 56.14, a licensee may give the disclosures required by the federal Truth-in-Lending Act.

A licensee may take a lien upon real estate as security for any loan exceeding \$2,700 in principal amount made under this chapter. The provisions of sections 47.20 and 47.21 do not apply to loans made under this chapter, except as provided in this section. No loan secured by a first lien on a borrower's primary residence shall be made pursuant to this section if the proceeds of the loan are used to finance the purchase of the borrower's primary residence, unless:

- (1) the proceeds of the loan are used to finance the purchase of a manufactured home or a prefabricated building;
or
- (2) the proceeds of the loan are used in whole or in part to satisfy the balance owed on a contract for deed.

If the proceeds of the loan are used to finance the purchase of the borrower's primary residence, the licensee shall consent to the subsequent transfer of the real estate if the existing borrower continues after transfer to be obligated for repayment of the entire remaining indebtedness. The licensee shall release the existing borrower from all obligations under the loan instruments, if the transferee (1) meets the standards of credit worthiness normally used by persons in the business of making loans, including but not limited to the ability of the transferee to make the loan payments and satisfactorily maintain the property used as collateral, and (2) executes an agreement in writing with the licensee whereby the transferee assumes the obligations of the existing borrower under the loan instruments. Any such agreement shall not affect the priority, validity or enforceability of any loan instrument. A licensee may charge a fee not in excess of one-tenth of one percent of the remaining unpaid principal balance in the event the loan is assumed by the transferee and the existing borrower continues after the transfer to be obligated for repayment of the entire assumed indebtedness. A licensee may charge a fee not in excess of one percent of the remaining unpaid principal balance in the event the remaining indebtedness is assumed by the transferee and the existing borrower is released from all obligations under the loan instruments, but in no event shall the fee exceed \$150.

A licensee making a loan under this chapter secured by a lien on real estate shall comply with the requirements of section 47.20, subdivision 8.

No licensee shall conduct the business of making loans under this chapter within any office, room, or place of business in which any other business is solicited or engaged in, or in association or conjunction therewith, if the commissioner finds that the character of the other business is such that it would facilitate evasions of this chapter or of the rules lawfully made hereunder. The commissioner may promulgate rules dealing with such other businesses.

No licensee shall transact the business or make any loan provided for by this chapter under any other name or at any other place of business than that named in the license. No licensee shall take any confession of judgment or any power of attorney. No licensee shall take any note or promise to pay that does not accurately disclose the principal amount of the loan, the time for which it is made, and the agreed rate or amount of charge, nor any instrument in which blanks are left to be filled in after execution. Nothing herein is deemed to prohibit the making of loans by mail or arranging for settlement and closing of real estate secured loans by an unrelated qualified closing agent at a location other than the licensed location."

- (2) the feasibility of implementing a high speed bus service in the Minneapolis-St. Paul metropolitan statistical area within Minnesota as defined by the United States Department of Commerce;
- (3) the potential costs of implementing a high speed bus service;
- (4) the comparative costs and benefits of a high speed bus service and other transit modes, including light rail transit;
- (5) the potential use of advanced technologies for improving vehicle operations and providing route and schedule information;

- (7) the compatibility of a high speed bus service with the metropolitan council's transportation system plan for the region; and
- (8) transit service and facilities improvements implemented in the I-35W corridor.

The study required under this act shall not delay implementation of transit service and facilities improvements planned by the commissioner, the regional transit board, the metropolitan transit commission, and other members of the ad hoc transit committee known as "team transit."

"Section 1. Minnesota Statutes 1992, section 473.411, subdivision 5, is amended to read:

Subd. 5. [USE OF PUBLIC ROADWAYS AND APPURTENANCES.] The transit commission may use for the purposes of sections 473.404 to 473.449 upon the conditions stated in this subdivision any state highway or other public roadway, parkway, or lane, or any bridge or tunnel or other appurtenance of a roadway, without payment of any compensation, provided the use does not interfere unreasonably with the public use or maintenance of the roadway or appurtenance or entail any substantial additional costs for maintenance. The provisions of this subdivision do not apply to the property of any common carrier railroad or common carrier railroads. The consent of the public agency in charge of such state highway or other public highway or roadway or appurtenance is not required, ~~but~~, except that if the commissioner seeks to use a designated parkway for regular route service in a city of the first class, it must obtain permission from and is subject to reasonable limitations imposed by a joint board consisting of two representatives from the transit commission, two members of the board of park commissioners, or other body having control of parks and parkways in the city, and a fifth member jointly selected by the representatives of the transit commission and the park board.

A board of park commissioners, or other body having control of the parks or parkways, may designate persons to sit on the joint board. In considering a request by the transit commission to use designated parkways for additional routes or trips, the joint board consisting of the transit commission, the board of park commissioners, or other body having control of parks or parkways or their designees, and the fifth member, shall base its decision to grant or deny the request based on the criteria to be established by the joint board. If the agency objects to the proposed use or claims reimbursement from the commission for additional cost of maintenance, it may commence an action against the commission in the district court of the county wherein the highway, roadway, or appurtenance, or major portion thereof, is located. The proceedings in the action must conform to the rules of civil procedure applicable to the district courts. The court shall sit without jury. If the court determines that the use in question interferes unreasonably with the public use or maintenance of the roadway or appurtenance, it shall enjoin the use by the commission. If the court determines that the use in question does not interfere unreasonably with the public use or maintenance of the

roadway or appurtenance, but that it entails substantial additional maintenance costs, the court shall award judgment to the agency for the amount of the additional costs. Otherwise the court shall award judgment to the commission. An aggrieved party may appeal from the judgment of the district court in the same manner as is provided for such appeals in other civil actions. The commission may also use land within the right of way of any state highway or other public roadway for the erection of traffic control devices, other signs, and passenger shelters upon the conditions stated in this subdivision and subject only to the approval of the commissioner of transportation where required by statute, and subject to the express provisions of other applicable statutes and to federal requirements where necessary to qualify for federal aid.

Subd. 4. [ALLOCATION OF GRANTS.] (a) Eligible hospitals must apply to the commissioner no later than September 1 of each year for grants awarded for the fiscal year beginning the following July 1.

(b) The commissioner must make a final decision on the funding of each application within 60 days of the deadline for receiving applications.

(c) Each relevant community health board has 30 days in which to review and comment to the commissioner on grant applications from hospitals in their community health service area.

(d) In determining which hospitals will receive grants under this section, the commissioner shall consider the following factors:

(1) Description of the problem, description of the project, and the likelihood of successful outcome of the project. The applicant must explain clearly the nature of the health services problems in their service area, how the grant funds will be used, what will be accomplished, and the results expected. The applicant should describe achievable objectives, a timetable, and roles and capabilities of responsible individuals and organizations.

(2) The extent of community support for the hospital and this proposed project. The applicant should demonstrate support for the hospital and for the proposed project from other local health service providers and from local community and government leaders. Evidence of such support may include past commitments of financial support from local individuals, organizations, or government entities; and commitment of financial support, in-kind services or cash, for this project.

(3) The comments, if any, resulting from a review of the application by the community health board in whose community health service area the hospital is located.

(e) In evaluating applications, the commissioner shall score each application on a 100 point scale, assigning the maximum of 70 points for an applicant's understanding of the problem, description of the project, and likelihood of successful outcome of the project; and a maximum of 30 points for the extent of community support for the hospital and this project. The commissioner may also take into account other relevant factors.

(f) A grant to a hospital, including hospitals that submit applications as consortia, may not exceed ~~\$50,000~~ \$37,500 a year and may not exceed a term of two years. Prior to the receipt of any grant, the hospital must certify to the commissioner that at least one-half of the amount, which may include in-kind services, is available for the same purposes from nonstate sources. A hospital receiving a grant under this section may use the grant for any expenses incurred in the development of strategic plans or the implementation of transition projects with respect to which the grant is made. Project grants may not be used to retire debt incurred with respect to any capital expenditure made prior to the date on which the project is initiated."

Subdivision 1. [CREATION OF THE ACCOUNT.] An education account in the general health care access fund is established for a loan forgiveness program for nurses who agree to practice nursing in a nursing home or intermediate

care facility for persons with mental retardation or related conditions. The account consists of money appropriated by the legislature and repayments and penalties collected under subdivision 4. Money from the account must be used for a loan forgiveness program.

Subd. 2. [ELIGIBILITY.] To be eligible to participate in the loan forgiveness program, a person planning to enroll or enrolled in a program of study designed to prepare the person to become a registered nurse or licensed practical nurse must submit a letter of interest to the board before ~~completing the first year of study~~ completion of a nursing education program. Before ~~completing the first year of study~~ completion of the program, the applicant must sign a contract in which the applicant agrees to practice nursing for at least one of the first two years following completion of the nursing education program providing nursing services in a licensed nursing home or intermediate care facility for persons with mental retardation or related conditions.

Subd. 3. [LOAN FORGIVENESS.] The board may accept up to ten applicants a year. Applicants are responsible for securing their own loans. For each year of nursing education, for up to two years, applicants accepted into the loan forgiveness program may designate an agreed amount, not to exceed \$3,000, as a qualified loan. For each year that a participant practices nursing in a nursing home or intermediate care facility for persons with mental retardation or related conditions, up to a maximum of two years, the board shall annually repay an amount equal to one year of qualified loans. Participants who move from one nursing home or intermediate care facility for persons with mental retardation or related conditions to another remain eligible for loan repayment.

Subd. 4. [PENALTY FOR NONFULFILLMENT.] If a participant does not fulfill the service commitment required under subdivision 3 for full repayment of all qualified loans, the commissioner shall collect from the participant 100 percent of any payments made for qualified loans and interest at a rate established according to section 270.75. The board shall deposit the collections in the general health care access fund to be credited to the account established in subdivision 1. The board may grant a waiver of all or part of the money owed as a result of a nonfulfillment penalty if emergency circumstances prevented fulfillment of the required service commitment.

Subd. 5. [RULES.] The board shall adopt rules to implement this section.

Sec. 9. [136A.1358] [RURAL CLINICAL SITES FOR NURSE PRACTITIONER EDUCATION.]

Subdivision 1. [DEFINITION.] For purposes of this section, "rural" means any area of the state outside of the counties of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, and Washington, and outside the cities of Duluth, Mankato, Moorhead, Rochester, and St. Cloud.

Subd. 2. [ESTABLISHMENT.] A grant program is established under the authority of the higher education coordinating board to provide grants to colleges or schools of nursing located in Minnesota that operate programs of study designed to prepare registered nurses for advanced practice as nurse practitioners.

Subd. 3. [PROGRAM GOALS.] Colleges and schools of nursing shall use grants received to provide rural students with increased access to programs of study for nurse practitioners, by:

- (1) developing rural clinical sites;
- (2) allowing students to remain in their rural communities for clinical rotations; and
- (3) providing faculty to supervise students at rural clinical sites.

The overall goal of the grant program is to increase the number of graduates of nurse practitioner programs who work in rural areas of the state.

Subd. 4. [RESPONSIBILITY OF NURSING PROGRAMS.] (a) Colleges or schools of nursing interested in participating in the grant program must apply to the higher education coordinating board, according to the policies established by the board. Applications submitted by colleges or schools of nursing must include a detailed proposal for achieving the goals listed in subdivision 3, a plan for encouraging sufficient applications from rural applicants to meet the requirements of paragraph (b), and any additional information required by the board.

(b) Each college or school of nursing, as a condition of accepting a grant, shall make at least 25 percent of the openings in each nurse practitioner entering class available to applicants who live in rural areas and desire to practice as a nurse practitioner in rural areas. This requirement is effective beginning with the fall 1994 entering class and

remains in effect for each biennium thereafter for which a college or school of nursing is awarded a grant renewal. The board may exempt colleges or schools of nursing from this requirement if the college or school can demonstrate, to the satisfaction of the board, that the nurse practitioner program did not receive enough applications or acceptance letters from qualified rural applicants to meet the requirement.

(c) Colleges or schools of nursing participating in the grant program shall report to the higher education coordinating board on their program activity as requested by the board.

Subd. 5. [RESPONSIBILITIES OF THE HIGHER EDUCATION COORDINATING BOARD.] (a) The board shall establish an application process for interested colleges and schools of nursing, and shall require colleges and schools of nursing to submit grant applications to the board by November 1, 1993. The board may award up to two grants for the biennium ending June 30, 1995.

(b) In selecting grant recipients, the board shall consider:

(1) the likelihood that an applicant's grant proposal will be successful in achieving the program goals listed in subdivision 3;

(2) the potential effectiveness of the college's or school's plan to encourage applications from rural applicants; and

(3) the academic quality of the college's or school's program of education for nurse practitioners.

(c) The board shall notify grant recipients of an award by December 1, 1993, and shall disburse the grants by January 1, 1994. The board may renew grants if a college or school of nursing demonstrates that satisfactory progress has been made during the past biennium toward achieving the goals listed in subdivision 3."

(c) "Health professional shortage area" means an area designated as such by the federal secretary of health and human services, as provided under Code of Federal Regulations, title 42, part 5, and United States Code, title 42, section 254E.

Subd. 2. [ESTABLISHMENT AND PURPOSE.] The commissioner shall establish a National Health Services Corps state loan repayment program authorized by section 388I of the Public Health Service Act, United States Code, title 42, section 254g-1, as amended by Public Law Number 101-597. The purpose of the program is to assist communities with the recruitment and retention of health professionals in federally designated health professional shortage areas.

Sec. 17. [144.1488] [PROGRAM ADMINISTRATION AND ELIGIBILITY.]

Subdivision 1. [DUTIES OF THE COMMISSIONER OF HEALTH.] The commissioner shall administer the state loan repayment program. The commissioner shall:

- (7) carry out other activities necessary to implement and administer sections 144.1487 to 144.1492.

The commissioner shall enter into an interagency agreement with the higher education coordinating board to carry out the duties assigned to the board under sections 144.1487 to 144.1492.

Subd. 2. [DUTIES OF THE HIGHER EDUCATION COORDINATING BOARD.] The higher education coordinating board, through an interagency agreement with the commissioner of health, shall:

- (1) verify the eligibility of program participants;
- (2) sign a contract with each participant that specifies the obligations of the participant and the state;
- (3) arrange for the payment of qualifying educational loans for program participants;

- (5) waive or suspend service or payment obligations of participants in appropriate situations;
- (6) place participants who fail to meet their obligations in default;
- (7) enforce penalties for default; and
- (8) report regularly to the commissioner.

Subd. 3. [ELIGIBLE LOAN REPAYMENT SITES.] Private, nonprofit and public entities located in and providing health care services in federally designated primary care health professional shortage areas are eligible to apply for the program. The commissioner shall develop a list of Minnesota health professional shortage areas in greatest need of health care professionals, and shall select loan repayment sites from that list. The commissioner shall ensure, to the greatest extent possible, that the geographic distribution of sites within the state reflects the percentage of the population living in rural and urban health professional shortage areas.

Subd. 4. [ELIGIBLE HEALTH PROFESSIONALS.] (a) To be eligible to apply to the higher education coordinating board for the loan repayment program, health professionals must be citizens or nationals of the United States, must not have any unserved obligations for service to a federal, state, or local government, or other entity, and must be ready to begin full-time clinical practice upon signing a contract for obligated service.

(b) In selecting physicians for participation, the board shall give priority to physicians who are board certified or have completed a residency in family practice, osteopathic general practice, obstetrics and gynecology, internal medicine, or pediatrics. A physician selected for participation is not eligible for loan repayment until the physician has an employment agreement or contract with an eligible loan repayment site and has signed a contract for obligated service with the higher education coordinating board.

Sec. 18. [144.1489] [OBLIGATIONS OF PARTICIPANTS.]

Subdivision 1. [CONTRACT REQUIRED.] Before starting the period of obligated service, a participant must sign a contract with the higher education coordinating board that specifies the obligations of the participant and the board.

Subd. 2. [OBLIGATED SERVICE.] A participant shall agree in the contract to fulfill the period of obligated service by providing primary health care services in full-time clinical practice. The service must be provided in a private, nonprofit or public entity that is located in and providing services to a federally designated health professional shortage area and that has been designated as an eligible site by the commissioner under the state loan repayment program.

Subd. 3. [LENGTH OF SERVICE.] Participants must agree to provide obligated service for a minimum of two years. A participant may extend a contract to provide obligated service for a third year, subject to board approval and the availability of federal and state funding.

Subd. 4. [AFFIDAVIT OF SERVICE REQUIRED.] Within 30 days of the start of obligated service, and by February 1 of each succeeding calendar year, a participant shall submit an affidavit to the board stating that the participant is providing the obligated service and which is signed by a representative of the organizational entity in which the service is provided. Participants must provide written notice to the board within 30 days of: a change in name or address, a decision not to fulfill a service obligation, or cessation of clinical practice.

Subd. 5. [TAX RESPONSIBILITY.] The participant is responsible for reporting on federal income tax returns any amount paid by the state on designated loans, if required to do so under federal law.

Subd. 6. [NONDISCRIMINATION REQUIREMENTS.] Participants are prohibited from charging a higher rate for professional services than the usual and customary rate prevailing in the area where the services are provided. If a patient is unable to pay this charge, a participant shall charge the patient a reduced rate or not charge the patient. Participants must agree not to discriminate on the basis of ability to pay, or status as a Medicare or medical assistance enrollee. Participants must agree to accept assignment under the Medicare program and to serve as an enrolled provider under medical assistance.

Sec. 19. [144.1490] [RESPONSIBILITIES OF THE LOAN REPAYMENT PROGRAM.]

Subdivision 1. [LOAN REPAYMENT.] Subject to the availability of federal and state funds for the loan repayment program, the higher education coordinating board shall pay all or part of the qualifying education loans up to \$20,000 annually for each primary care physician participant that fulfills the required service obligation. For purposes of this provision, "qualifying educational loans" are government and commercial loans for actual costs paid for tuition, reasonable education expenses, and reasonable living expenses related to the graduate or undergraduate education of a health care professional.

Subd. 2. [PROCEDURE FOR LOAN REPAYMENT.] Program participants, at the time of signing a contract, shall designate the qualifying loan or loans for which the higher education coordinating board is to make payments. The participant shall submit to the board all payment books for the designated loan or loans, or all monthly billings for the designated loan or loans within five days of receipt. The board shall make payments in accordance with the terms and conditions of the designated loans, in an amount not to exceed \$20,000 when annualized. If the amount paid by the board is less than \$20,000 during a 12-month period, the board shall pay during the twelfth month an additional amount towards a loan or loans designated by the participant, to bring the total paid to \$20,000. The total amount paid by the board must not exceed the amount of principal and accrued interest of the designated loans.

Sec. 20. [144.1491] [FAILURE TO COMPLETE OBLIGATED SERVICE.]

Subdivision 1. [PENALTIES FOR BREACH OF CONTRACT.] A program participant who fails to complete two years of obligated service shall repay the amount paid, as well as a financial penalty based upon the length of the service obligation not fulfilled. If the participant has served at least one year, the financial penalty is the number of unserved months multiplied by \$1,000. If the participant has served less than one year, the financial penalty is the total number of obligated months multiplied by \$1,000.

Subd. 2. [SUSPENSION OR WAIVER OF OBLIGATION.] Payment or service obligations cancel in the event of a participant's death. The board may waive or suspend payment or service obligations in case of total and permanent disability or long-term temporary disability lasting for more than two years. The board shall evaluate all other requests for suspension or waivers on a case-by-case basis.

Sec. 21. Laws 1990, chapter 591, article 4, section 9, is amended to read:

Sec. 9. [SUNSET.]

Sections 1 to 4, and 6 are repealed on June 30, 1995.

Section 5 is repealed June 30, 1997.

Sec. 22. [NURSE PRACTITIONER PROMOTION TEAMS.]

The commissioner of health, through the office of rural health, shall establish nurse practitioner promotion teams, consisting of one nurse practitioner and one physician who are practicing jointly. The promotion teams shall travel to rural communities and provide physicians, medical clinic administrators, and other interested parties with

information on: the benefits of joint practices between nurse practitioners and physicians and methods of establishing and maintaining joint practices. The office of rural health shall contract with promotion teams to visit up to 20 rural communities during the biennium ending June 30, 1995. The office of rural health shall provide members of promotion teams with stipends for their time and travel expenses.

Sec. 23. [SUMMER HEALTH CARE INTERNS.]

Subdivision 1. [SUMMER INTERNSHIPS.] The commissioner of education shall award grants to eligible districts or groups of districts to establish a summer health care intern program in the summer of 1994 for pupils who intend to complete high school graduation requirements and who are between their junior year and senior year of high school. The purpose of the program is to expose interested high school pupils to various careers within the health care profession.

Subd. 2. [CRITERIA.] The commissioner, with the advice of the Minnesota medical association and the Minnesota hospital association, shall establish criteria for awarding grants to districts or groups of districts that have juniors enrolled in high school who are interested in pursuing a career in the health care profession. The criteria must include, among other things:

- (1) the proximity of a district or districts to a hospital or clinic willing to participate in the program;
- (2) the kinds of formal exposure to the health care profession a hospital or clinic can provide to a pupil;
- (3) the need for health care professionals in a particular area; and
- (4) the willingness of a hospital or clinic to pay one-half the costs of employing a pupil.

The Minnesota medical association and the Minnesota hospital association jointly must provide the commissioner by January 31, 1994, with a list of hospitals and clinics willing to participate in the program and what provisions those hospitals or clinics will make to ensure a pupil's adequate exposure to the health care profession, and indicate whether a hospital or clinic is willing to pay one-half the costs of employing a pupil.

Subd. 3. [GRANTS.] The commissioner shall award grants to districts or groups of districts meeting the requirements of subdivision 2. The grants must be used to pay one-half of the costs of employing a pupil in a hospital or clinic during the course of the program. No more than five pupils may be selected from any one high school to participate in the program and no more than one-half of the number of pupils selected may be from the seven-county metropolitan area.

To the extent possible, the commission shall quantify and value all environmental costs associated with each method of electricity generation as negotiated by the parties, as set by the commission, or as determined through competitive bidding approved by the commission. The full avoided capacity and energy costs to be paid a qualifying facility that generates electric power by means of a renewable energy source are the utility's least cost renewable energy facility or the bid of a competing supplier of a least cost renewable energy facility, whichever is lower, unless the commission's resource plan order, under section 216B.2422, subdivision 2, provides that the use of a renewable resource to meet the identified capacity need is not in the public interest.

(c) For all qualifying facilities having 30 kilowatt capacity or more, the utility shall, at the qualifying facility's or the utility's request, provide wheeling or exchange agreements wherever practicable to sell the qualifying facility's output to any other Minnesota utility having generation expansion anticipated or planned for the ensuing ten years. The commission shall establish the methods and procedures to insure that except for reasonable wheeling charges and line losses, the qualifying facility receives the full avoided energy and capacity costs of the utility ultimately receiving the output.

(d) The commission shall set rates for electricity generated by renewable energy.

Sec. 2. Minnesota Statutes 1992, section 216B.2421, subdivision 1, is amended to read:

Subdivision 1. [APPLICABILITY.] The definition in this section applies to this section and sections 216B.2422 and section 216B.243.

Sec. 3. [216B.2422] [RESOURCE PLANNING; RENEWABLE ENERGY.]

Subdivision 1. [DEFINITIONS.] (a) For purposes of this section, the terms defined in this subdivision have the meanings given them.

(b) "Utility" means an entity with the capability of generating 100,000 kilowatts or more of electric power and serving, either directly or indirectly, the needs of 10,000 retail customers in Minnesota. Utility does not include federal power agencies.

(c) "Renewable energy" means electricity generated through use of any of the following resources:

(1) wind;

(2) solar;

(3) geothermal;

(4) hydro; or

(5) trees or other vegetation.

(d) "Resource plan" means a set of resource options that a utility could use to meet the service needs of its customers over a forecast period, including an explanation of the supply and demand circumstances under which and the extent to which, each resource option would be used to meet those service needs. These resource options include using, refurbishing, and constructing utility plant and equipment, buying power generated by other entities, controlling customer loads, and implementing customer energy conservation.

(e) "Refurbish" means to rebuild or substantially modify an existing electricity generating resource of 30 megawatts or greater.

Subd. 2. [PLAN FILING AND APPROVAL.] A utility shall file a resource plan with the commission periodically in accordance with rules adopted by the commission. The commission shall approve, reject, or modify the plan of a public utility, as defined in section 216B.02, subdivision 4, consistent with the public interest. In the resource plan proceedings of all other utilities, the commission's order shall be advisory and the order's findings and conclusions shall constitute prima facie evidence which may be rebutted by substantial evidence in all other proceedings. With respect to utilities other than those defined in section 216B.02, subdivision 4, the commission shall consider the filing requirements and decisions in any comparable proceedings in another jurisdiction. As a part of its resource plan

filing, a utility shall include the least cost plan for meeting 50 and 75 percent of all new and refurbished capacity needs through a combination of conservation and renewable energy resources.

Subd. 3. [ENVIRONMENTAL COSTS.] (a) The commission shall, to the extent practicable, quantify and establish a range of environmental costs associated with each method of electricity generation. A utility shall use the values established by the commission in conjunction with other external factors, including socioeconomic costs, when evaluating and selecting resource options in all proceedings before the commission, including resource plan and certificate of need proceedings.

(b) The commission shall establish interim environmental cost values associated with each method of electricity generation by March 1, 1994. These values expire on the date the commission establishes environmental cost values under paragraph (a).

Subd. 4. [RENEWABLE PREFERENCE.] The commission shall not approve a new or refurbished nonrenewable energy facility in an integrated resource plan or a certificate of need, pursuant to section 216B.243, nor shall the commission allow rate recovery pursuant to section 216B.16 for such a nonrenewable energy facility, unless the utility has demonstrated that a renewable energy facility is not in the public interest.

Subd. 5. [BIDDING.] A utility may select resources to meet its projected energy demand through a bidding process approved or established by the commission. A utility shall use the environmental cost estimates determined under subdivision 3 in evaluating bids submitted in a process established under this subdivision.

Subd. 6. [CONSOLIDATION OF RESOURCE PLANNING AND CERTIFICATE OF NEED.] A utility shall indicate in its resource plan whether it intends to site or construct a large energy facility. If the utility's resource plan includes a proposed large energy facility and construction of that facility is likely to begin before the utility files its next resource plan, the commission shall conduct the resource plan proceeding consistent with the requirements of section 216B.243 with respect to the proposed facility. If the commission approves the proposed facility in the resource plan, a separate certificate of need proceeding is not required.

Sec. 4. Minnesota Statutes 1992, section 216B.62, subdivision 5, is amended to read:

Subd. 5. [ASSESSING COOPERATIVES AND MUNICIPALS.] The commission and department may charge cooperative electric associations and municipal electric utilities their proportionate share of the expenses incurred in the review and disposition of resource plans, adjudication of service area disputes and the costs incurred in the adjudication of complaints over service standards, practices, and rates. Cooperative electric associations electing to become subject to rate regulation by the commission pursuant to section 216B.026, subdivision 4, are also subject to this section. Neither a cooperative electric association nor a municipal electric utility is liable for costs and expenses in a calendar year in excess of the limitation on costs that may be assessed against public utilities under subdivision 2. A cooperative electric association or municipal electric utility may object to and appeal bills of the commission and department as provided in subdivision 4."

Subdivision 1. [SCOPE.] For the purpose of sections 325F.976 and 325F.977, the terms defined in this section have the meanings given them.

Subd. 2. The utility's filing must include statements of fact demonstrating that the proposed rates meet the standards of this subdivision. The filing must be served on the department of public service and the office of the attorney general at the same time as it is served on the commission. "Sec. 8. Minnesota Statutes 1992, section 273.1398, is amended by adding a subdivision to read:

Subd. 8. [PAYABLE 1994 SCHOOL AGRICULTURAL PROPERTY TAX CREDIT.] (a) The county auditor shall reduce the property tax for school purposes on each tax parcel of class 2a property, and on each tax parcel of nonhomestead agricultural land by the amount of the payable 1994 agricultural property tax credit, computed as specified in this subdivision.

(b) For the purposes of this subdivision, nonhomestead agricultural land does not include a homestead dwelling, an associated garage, and the one acre of land on which the dwelling is located. Nonhomestead agricultural land does include any farm buildings or structures located on the homesteaded one acre of land.

(c) For each tax parcel, the payable 1994 agricultural property tax credit amount is equal to:

(1) the school agricultural tax credit rate for the school district; times

(2) the payable 1994 net tax capacity of the qualifying property; times

(3) the credit adjustment factor.

(d) For the purposes of this subdivision, the following definitions apply.

(1) "School agricultural tax credit rate" means:

(i) the excess of the payable 1994 property tax levy by the school district with authority to levy ad valorem taxes against the property, over the payable 1993 property tax levy by that school district, which excess cannot be less than zero; divided by,

(ii) the payable 1994 total net tax capacity for that school district.

(2) "Property tax levy" means the levy amounts for the payable year used to compute the school district's payable 1993 and payable 1994 local tax rates under section 275.08, subdivision 1b, excluding for each year, the amounts certified under section 124A.03, subdivision 2a or section 275.61.

(3) "Payable 1994 total net tax capacity" means the school district's total net tax capacity as used to compute the school district's local tax rate for taxes payable in 1994 under section 275.08, subdivision 1b, excluding the computation of the district's new referendum tax rate under that subdivision.

(4) "District" or "school district" means an independent school district, a special school district, a common school district, an intermediate school district, a secondary cooperative facility, or a joint technical college board.

(e) For all school districts, the county auditor of the county in which the administrative offices of the school district are located shall compute the school agricultural tax credit rate for the district.

(f) Each county auditor shall compute the credit amounts allowed under this subdivision for each tax parcel in the county. If more than one school district has authority to levy ad valorem taxes against a parcel, a credit amount shall be computed separately in respect to each district. Within each county, the maximum tax reduction which a taxpayer may receive is limited to \$1,000. All the credit amounts applicable to an owner shall be proportionately reduced as necessary if the sum of the credit amounts granted to an owner in a county would otherwise exceed the \$1,000 limitation. In the case of property owned by more than one person, all the owners shall be considered a taxpayer for the purposes of the \$1,000 limitation.

(g) The school agricultural tax credit provided in this subdivision shall be considered a state paid property tax credit for all other purposes, including for the purpose of defining property tax payable under section 290A.03, subdivision 13, such that any other property tax credit which is computed using a net property tax amount, or a property tax amount payable, shall be computed after deduction of this credit, unless this subdivision specifically provides otherwise. For the purposes of section 124.155, subdivision 2, the school agricultural tax credit aid provided in this subdivision for each school district shall be treated as if it were agricultural credit under section 273.132 for taxes payable in 1989. For the purposes of section 273.1393, the credit provided in this subdivision shall be a subtraction which occurs after the subtraction of the conservation tax credit but before the subtraction of taconite homestead credit.

(h) The credit amount computed under this subdivision for each tax parcel must be shown on the payable 1994 property tax statement for the parcel in the manner provided in regard to a credit received under section 273.135, except that the reduction provided under this subdivision shall be identified as the "1994 school agricultural tax credit."

(i) On or before September 15, 1993, the commissioner of revenue shall certify a preliminary credit adjustment factor to each county auditor. On or before January 1, 1994, the commissioner of revenue, using all information then available for this purpose, shall determine the final value of the credit adjustment factor. The final credit adjustment factor shall be used by the respective county auditors in calculating the credit amounts allowed by this subdivision. The commissioner shall determine the final value of the credit adjustment factor so as to maximize each taxpayer's property tax reduction under this subdivision, while at the same time limiting the total property tax reductions to \$25,000,000.

(j) Each county auditor shall certify the aggregate amount of the final credits granted in the county pursuant to this subdivision to the commissioner of revenue as a part of the abstracts of tax lists required to be filed with the commissioner under the provisions of section 275.29. The commissioner of revenue shall review the certifications to determine their accuracy and may make changes in the certifications as necessary or return a certification to the county auditor for corrections.

(k) A school district's school agricultural tax credit aid shall equal the amount by which the payable 1994 property taxes in the district were reduced for the property tax credits granted under this subdivision. By July 1, 1994, the commissioner of revenue shall certify each school district's aid amount to the commissioner of education for payment under the schedule provided for the aids listed in section 273.1392, subdivision 1.

(l) In order to fund the payments to school districts provided in this subdivision, \$25,000,000 is appropriated from the general fund to the commissioner of education. The appropriated amount shall be available to the commissioner of education in fiscal years 1994 and 1995 according to the provisions of section 124.195, subdivisions 6 and 10. However, amounts not expended as of the end of fiscal year 1995 shall revert to the general fund, and no further adjustment amounts shall be dispersed after fiscal year 1995."

"Sec. 10. Minnesota Statutes 1992, section 275.065, subdivision 3, is amended to read:

Subd. 3. [NOTICE OF PROPOSED PROPERTY TAXES.] (a) The county auditor shall prepare and the county treasurer shall deliver after November 10 and on or before November 24 each year, by first class mail to each taxpayer at the address listed on the county's current year's assessment roll, a notice of proposed property taxes and, in the case of a town, final property taxes.

(b) The commissioner of revenue shall prescribe the form of the notice.

(c) The notice must inform taxpayers that it contains the amount of property taxes each taxing authority other than a town proposes to collect for taxes payable the following year and, for a town, the amount of its final levy. It must clearly state that each taxing authority, other than a town or special taxing district, will hold a public meeting to receive public testimony on the proposed budget and proposed or final property tax levy, or, in case of a school district, on the current budget and proposed property tax levy. It must clearly state the time and place of each taxing authority's meeting and an address where comments will be received by mail. The notice must clearly state that each taxing authority holding a public meeting will present information for discussion at that meeting regarding the compensation paid to its employees in the current and the next succeeding budget year, and how those amounts relate to its property tax levies.

(d) The notice must state for each parcel:

(1) the market value of the property as defined under section 272.03, subdivision 8, for property taxes payable in the following year and for taxes payable the current year; and, in the case of residential property, whether the property is classified as homestead or nonhomestead. The notice must clearly inform taxpayers of the years to which the market values apply and that the values are final values;

(2) by county, city or town, school district, the sum of the special taxing districts, and as a total of the taxing authorities, including special taxing districts, the proposed or, for a town, final net tax on the property for taxes payable the following year and the actual tax for taxes payable the current year. In the case of a parcel where tax increment or the fiscal disparities areawide tax applies, the proposed tax levy on the captured value or the proposed tax levy on the tax capacity subject to the areawide tax must each be stated separately and not included in the sum of the special taxing districts; and

(3) the increase or decrease in the amounts in clause (2) from taxes payable in the current year to proposed or, for a town, final taxes payable the following year, expressed as a dollar amount and as a percentage.

(e) The notice must clearly state that the proposed or final taxes do not include the following:

(1) special assessments;

(2) levies approved by the voters after the date the proposed taxes are certified, including bond referenda, school district levy referenda, and levy limit increase referenda;

(3) amounts necessary to pay cleanup or other costs due to a natural disaster occurring after the date the proposed taxes are certified;

(4) amounts necessary to pay tort judgments against the taxing authority that become final after the date the proposed taxes are certified; and

(5) any additional amount levied in lieu of a local sales and use tax, unless this amount is included in the proposed or final taxes.

(f) Except as provided in subdivision 7, failure of the county auditor to prepare or the county treasurer to deliver the notice as required in this section does not invalidate the proposed or final tax levy or the taxes payable pursuant to the tax levy.

(g) If the notice the taxpayer receives under this section lists the property as nonhomestead and the homeowner provides satisfactory documentation to the county assessor that the property is owned and has been used as the owner's homestead prior to June 1 of that year, the assessor shall reclassify the property to homestead for taxes payable in the following year.

(h) In the case of class 4 residential property used as a residence for lease or rental periods of 30 days or more, the taxpayer must either:

(1) mail or deliver a copy of the notice of proposed property taxes to each tenant, renter, or lessee; or

(2) post a copy of the notice in a conspicuous place on the premises of the property.

The notice must be mailed or posted by the taxpayer by November 27 or within three days of receipt of the notice, whichever is later. A taxpayer may notify the county treasurer of the address of the taxpayer, agent, caretaker, or manager of the premises to which the notice must be mailed in order to fulfill the requirements of this paragraph."

(f) Beginning in 1993, each city, county, and school district must include in the advertisement required under this subdivision, information comparing current and proposed employee compensation costs in the current and next succeeding budget years, and a statement that its employee compensation costs for these periods will be discussed at the public meeting required under this section. The commissioner of revenue, subject to the approval of the chairs of the house and senate tax committees, shall specify the form, format, and content of the information to be included in the advertisement.

Sec. 12. Minnesota Statutes 1992, section 275.065, subdivision 6, is amended to read:

Subd. 6. [PUBLIC HEARING; ADOPTION OF BUDGET AND LEVY.] Between November 29 and December 20, the governing bodies of the city and county shall each hold a public hearing to adopt its final budget and property tax levy for taxes payable in the following year, and the governing body of the school district shall hold a public hearing to review its current budget and adopt its property tax levy for taxes payable in the following year.

At the hearing, the taxing authority, other than a school district, may amend the proposed budget and property tax levy and must adopt a final budget and property tax levy, and the school district may amend the proposed property tax levy and must adopt a final property tax levy.

The property tax levy certified under section 275.07 by a city, county, or school district must not exceed the proposed levy determined under subdivision 1, except by an amount up to the sum of the following amounts:

- (1) the amount of a school district levy whose voters approved a referendum to increase taxes under section 124.82, subdivision 3, 124A.03, subdivision 2, 124B.03, subdivision 2, or 136C.411, after the proposed levy was certified;
- (2) the amount of a city or county levy approved by the voters after the proposed levy was certified;
- (3) the amount of a levy to pay principal and interest on bonds issued or approved by the voters under section 475.58 after the proposed levy was certified;
- (4) the amount of a levy to pay costs due to a natural disaster occurring after the proposed levy was certified, if that amount is approved by the commissioner of revenue under subdivision 6a;
- (5) the amount of a levy to pay tort judgments against a taxing authority that become final after the proposed levy was certified, if the amount is approved by the commissioner of revenue under subdivision 6a; and
- (6) the amount of an increase in levy limits certified to the taxing authority by the commissioner of revenue or the commissioner of education after the proposed levy was certified.

At the hearing the percentage increase in property taxes proposed by the taxing authority, if any, and the specific purposes for which property tax revenues are being increased must be discussed. Specific information must be presented on: (i) the percentage of the proposed budget representing employee compensation costs; (ii) total expenditures for employee wages and benefits in the two previous years, the current calendar year, and proposed for the following year; (iii) numbers of employees by general classification and whether full or part time in the two previous years, the current calendar year, and proposed for the following year; and (iv) how changes in employee compensation costs between the current and proposed budgets compare with, and affect, the current and proposed levies. During the discussion, the governing body shall hear comments regarding a proposed increase and explain the reasons for the proposed increase. The public shall be allowed to speak and to ask questions prior to adoption of any measures by the governing body. The governing body, other than the governing body of a school district, shall adopt its final property tax levy prior to adopting its final budget.

If the hearing is not completed on its scheduled date, the taxing authority must announce, prior to adjournment of the hearing, the date, time, and place for the continuation of the hearing. The continued hearing must be held at least five business days but no more than 14 business days after the original hearing.

The hearing must be held after 5:00 p.m. if scheduled on a day other than Saturday. No hearing may be held on a Sunday. The governing body of a county shall hold its hearing on the second Tuesday in December each year. The county auditor shall provide for the coordination of hearing dates for all cities and school districts within the county.

By August 15, each school board shall certify to the county auditors of the counties in which the school district is located the dates on which it elects to hold its hearings and any continuations. If a school board does not certify the dates by August 15, the auditor will assign the hearing date. The dates elected or assigned must not conflict with the county hearing dates. By August 20, the county auditor shall notify the clerks of the cities within the county of the dates on which school districts have elected to hold their hearings. At the time a city certifies its proposed levy under subdivision 1 it shall certify the dates on which it elects to hold its hearings and any continuations. The city must not select dates that conflict with the county hearing dates or with those elected by or assigned to the school districts in which the city is located.

The county hearing dates and the city and school district hearing dates must be designated on the notices required under subdivision 3. The continuation dates need not be stated on the notices.

This subdivision does not apply to towns and special taxing districts."

"Sec. 16. [275.63] [GENERAL PROPERTY TAX LIMITATIONS FOR TAXES PAYABLE IN 1994.]

Subdivision 1. [SCOPE; DEFINITION.] This section supersedes all special and general laws and charter provisions establishing any type of limitation on ad valorem tax levies of governmental subdivisions to the extent that they authorize property taxation in excess of the limitation established in this section, but otherwise such levy limitations are in no way affected by this section. For these purposes, "governmental subdivision" means a county, a home rule charter city, a statutory city, a township with a population of 5,000 or more as determined according to section 275.14, and all special taxing districts.

Subd. 2. [PAYABLE 1994 MARKET VALUE.] For taxes payable in 1994, the market value of all property shall be the lesser of: (1) its market value established in the assessment for taxes payable in 1993, plus the market value established in the assessment for taxes payable in 1994 of new construction in the assessment for taxes payable in 1994; or (2) its market value established in the assessment for taxes payable in 1994. For property that was exempt from tax for taxes payable in 1993, "market value" means the market value of the property established in the assessment for taxes payable in 1994.

Subd. 3. [PAYABLE 1994 TAX RATE LIMITATION.] The local tax rate for taxes payable in 1994 of a governmental subdivision, after the adjustments required by section 275.08, subdivision 1c, and subdivision 1d if applicable, shall not exceed the comparable rate for the governmental subdivision for taxes payable in 1993 by an amount greater than the payable 1994 tax rate necessary to compensate for (1) two-thirds of the aid reduction to the governmental subdivision under section 273.1398, subdivision 2d; and (2) for cities, any reduction under section 477A.013. If a governmental subdivision certifies a levy for taxes payable in 1994 to the county auditor that would produce a local tax rate in excess of the limitation established in this section, the county auditor shall extend only such amount of taxes as the limitation of this section will permit.

Subd. 4. [TORT JUDGMENTS AND NATURAL DISASTERS.] A governmental subdivision may appeal to the commissioner of revenue for authorization to levy an amount in excess of the limitation established in this section for the reasons and under the procedures provided in section 275.065, subdivision 6a.

Subd. 5. [REFERENDA.] No governmental subdivision may levy a tax in excess of the limitation provided in this section unless the excess levy is approved by the voters through a referendum held on the question. A levy approved at such a referendum is subject to the provisions of section 275.61. All referenda under this subdivision must be held on November 2, 1993."

Sec. 28. Minnesota Statutes 1992, section 477A.011, is amended by adding a subdivision to read:

Subd. 36. [AVERAGE CITY NET TAX CAPACITY PER CAPITA.] Average city net tax capacity per capita is the sum of city net tax capacity for all cities divided by the total population of all cities.

Sec. 29. Minnesota Statutes 1992, section 477A.011, is amended by adding a subdivision to read:

Subd. 37. [REVENUE CAPACITY FACTOR.] The revenue capacity factor for a city is one minus the ratio of the city net tax capacity per capita divided by two times the average city net tax capacity per capita. A city's revenue capacity factor cannot be less than zero.

Sec. 30. Minnesota Statutes 1992, section 477A.013, is amended by adding a subdivision to read:

Subd. 8. [CITY AID.] In calendar years 1994, 1995, and 1996, each city shall receive an aid distribution equal to the product of (1) the need increase percentage, (2) the city's revenue need, (3) the city's population, and (4) the city's revenue capacity factor. The need increase percentage must be the same for all cities and must be calculated by the department of revenue so that the total of the aid distributed under this subdivision equals the total amount for city aid under section 477A.03.

Any increase in aid that a city receives under this subdivision in any year compared to its aid in the prior year must not exceed ten percent of its net levy from the prior year. Any decrease in aid that a city receives under this subdivision in any year compared to its aid in the prior year must not exceed the lessor of seven percent of its aid from the prior year or seven percent of its net levy from the prior year. For calendar year 1994, aid in the prior year is equal to the sum of local government aid and equalization aid a city was originally certified to receive in calendar year 1993 under Minnesota Statutes 1992, section 477A.013, subdivisions 3 and 5, and the amount of disparity reduction aid the city received in calendar year 1993 under section 273.1398, subdivision 3."

CERTIFIED SMALL BUSINESS TAX INCENTIVES

Section 1. [290A.26] [PROPERTY TAX REFUND FOR CERTIFIED SMALL BUSINESSES.]

Subdivision 1. [DEFINITIONS.] (a) "Eligible claimant" means a small business which has been designated as a certified small business under section 469.208, effective for the fiscal year in which a refund is paid under this section.

(b) "Eligible property" means the class 3 real property, as defined in section 273.13, subdivision 24, used by an eligible claimant on the assessment date related to property taxes payable in the year preceding the year in which a claim is filed under this section. If an eligible claimant uses either more or less than one full tax parcel in the business, only the portion of each tax parcel actually used by the claimant is eligible.

(c) "Eligible property market value" means the assessor's estimated market value of the eligible property for the assessment related to property taxes payable in the year preceding the year in which a claim is filed under this section. If an eligible claimant uses less than a full tax parcel, eligible property market value for that parcel means: (1) the assessor's estimated market value for the portion of the parcel which is used by the claimant; or (2) the portion of the assessor's estimated market value for the full parcel which represents the portion of the parcel used by the claimant, computed by comparing the total square feet of land and building floor space used by the eligible firm and the total square feet of land and building floor space contained in the parcel.

(d) "Eligible tax" means the net property tax payable on the eligible market value.

(e) "Net property tax payable" means the property tax payable on the eligible property market value, less

(1) special assessments, penalties, and interest payable on the property;

(2) abatements, including the local property tax credit for certified small businesses under sections 469.209 to 469.215; and

(3) any state-paid credits other than the refund provided under this section.

Net property tax payable shall not be reduced by an abatement or a court ordered reduction in the property tax on the property occurring after the claim for refund has been submitted under subdivision 2. The taxes are considered payable in the year prescribed by law for payment of the taxes.

Subd. 2. [FILING OF CLAIM.] (a) A claim for refund under this section must be filed with the commissioner of revenue on or before June 1 immediately preceding the fiscal year during which the claimant's designation as a certified small business under section 469.208 is effective. Claims filed after June 1 immediately preceding the fiscal year for which the claimant's designation is effective will not be paid, and section 289A.60, subdivision 12, paragraph (e), does not apply to the refunds under this section. Each eligible claimant may file only one claim for refund under this section in regard to each property taxes payable year.

(b) Claims made under this section must be in the form and contain the information required by the commissioner of revenue. In addition to any other information which may be required by the commissioner of revenue, each claim must show the Minnesota taxpayer identification number of the eligible claimant and the complete tax parcel identification number shown on the property tax statement for each payable year and each tax parcel upon which the refund claim is based.

(c) If the eligible property consists of more than one tax parcel, the claimant must submit a single claim for each property taxes payable year, but the claim may be for all tax parcels included within the eligible property.

Subd. 3. [CALCULATION OF REFUND AMOUNT.] The refund amount under this section for each eligible claimant is equal to 70 percent of the amount by which the eligible tax payable in the previous calendar year exceeds the product of 0.038 times the eligible property market value for taxes payable in the previous year, up to a maximum of \$3,000 for each claim. If the amount appropriated under subdivision 6 for any fiscal year is insufficient to pay the refund amounts calculated under this subdivision for payment in that fiscal year, the commissioner of revenue shall reduce each claimant's allowed refund so that the sum of all refund amounts allowed by the commissioner under this section equals the amount appropriated under subdivision 6 for that fiscal year. If refund amounts must be reduced under this subdivision, the reductions will be accomplished by equally decreasing for all claimants, the percentage of the excess to be refunded. For this purpose, "excess" means the amount by which the eligible tax payable exceeds the product of 0.038 times the eligible property market value.

Subd. 4. [PAYMENT OF CLAIM.] Notwithstanding section 290A.07, allowable claims filed under this section must be paid by the commissioner of revenue on or before October 15 of each filing year. If the initial refund amounts were proportionately reduced under subdivision 3, the commissioner of revenue must attach an explanation of the reduction process and results.

Subd. 5. [ADMINISTRATION.] (a) The commissioner of revenue has the powers granted in chapters 289A and 290A to administer the refund under this section. Sections 289A.60, subdivisions 12, except for paragraphs (c) and (e), and 13; 289A.63, subdivision 2; 289A.65; 290A.11; and 290A.15 specifically apply to claims filed or allowed under this section.

(b) If an eligible claimant ceases business operations prior to receiving a refund for which timely application was made under this section, the right to the refund shall lapse. If the commissioner of revenue cannot locate a claimant within one year from the date an original warrant was issued to that claimant under this section, the right to the refund shall lapse, and the warrant shall be deposited in the general fund.

(c) The commissioner of revenue must make available forms with instructions for claimants as the commissioner deems necessary for the proper administration of this section.

(d) Notwithstanding section 289A.56, whenever a claimant is owed a property tax refund under this section, the unpaid refund bears interest at the rate provided in section 270.76 after October 15 of the filing year until the date the refund is paid.

Subd. 6. [APPROPRIATION.] \$10,000,000 is appropriated for fiscal year 1995 from the general fund to the commissioner of revenue to pay the refunds under this section for claims filed in calendar year 1994.

Sec. 2. Minnesota Statutes 1992, section 297A.15, subdivision 5, is amended to read:

Subd. 5. [REFUND; APPROPRIATION.] Notwithstanding the provisions of section 297A.25, subdivisions 42 and 50, the tax on sales of capital equipment, and construction materials and supplies under section 297A.25, subdivision 50, shall be imposed and collected as if the rates under sections 297A.02, subdivision 1, and 297A.021, applied. Upon application by the purchaser, on forms prescribed by the commissioner, a refund equal to the reduction in the tax due as a result of the application of the exemption under section 297A.25, subdivision 42 or 50, shall be paid to the purchaser. In the case of building materials qualifying under section 297A.25, subdivision 50, where the tax was paid by a contractor, application must be made by the owner for the sales tax paid by all the contractors, subcontractors, and builders for the project. The application must include sufficient information to permit the commissioner to verify the sales tax paid for the project. The application shall include information necessary for the commissioner initially to verify that the purchases qualified as capital equipment under section 297A.25, subdivision 42, or capital equipment or construction materials and supplies under section 297A.25, subdivision 50. No more than two applications for refunds may be filed under this subdivision in a calendar year. No owner may apply for a refund based on the exemption under section 297A.25, subdivision 50, before July 1, 1993. Unless otherwise specifically provided by this subdivision, the provisions of section 289A.40 apply to the refunds payable under this subdivision. There is annually appropriated to the commissioner of revenue the amount required to make the refunds.

The amount to be refunded shall bear interest at the rate in section 270.76 from the date the refund claim is filed with the commissioner.

This subdivision does not apply to capital equipment qualifying for exemption under section 297A.25, subdivision 42, if the capital equipment is purchased by a certified small business. For purposes of this subdivision, a certified small business is a business designated as a certified small business under section 469.208 for the time period during which the contract to purchase the equipment was executed.

Sec. 3. [297A.2595] [CERTIFIED SMALL BUSINESS; EXEMPTION.]

Notwithstanding the exclusion of replacement machinery and equipment from the definition of capital equipment found in section 297A.01, subdivision 16, there shall be exempt from tax all capital equipment, as otherwise defined in section 297A.01, subdivision 16, purchased by a certified small business to replace machinery and equipment in an existing facility. A business is a certified small business for purposes of this section if it was designated as a certified small business under section 469.208 for the time period during which the contract to purchase the equipment was executed.

Sec. 4. [469.208] [CERTIFIED SMALL BUSINESS.]

Subdivision 1. [DESIGNATION.] The commissioner of trade and economic development shall annually by April 1 designate a business as a certified small business if:

(1) an application, filed by March 1 of the same calendar year, is made by the business on a form as prescribed by the commissioner and the business is eligible for certification under subdivision 2; or

(2) the business was determined by the commissioner to be eligible for certification under subdivision 2.

In 1993, the commissioner shall make a designation upon determining that the business is eligible for certification. Designations made in 1993 shall be effective as of July 1, 1993, and shall remain in force until June 30, 1994, and in all subsequent years, the designation will be effective for the 12-month period beginning July 1.

Subd. 2. [ELIGIBILITY.] A business is eligible for designation as a certified small business if it meets the following criteria:

(1) the business is classified in the Standard Industrial Classification Manual, 1987, as prepared by the statistical policy division of the office of management and budget, office of the president, as mining (Division B) or manufacturing (Division D), except industry number 2411 shall not qualify; and

(2) the business had 100 or fewer employees based upon employment records available to the commissioner at the time of application for certification or the business was currently designated as a certified small business and had 125 or fewer employees based upon average annual employment using the four most recent quarterly employment reports available to the commissioner.

In determining the number of employees of a business, the commissioner may use data supplied by the commissioner of jobs and training relating to the number of employees reported for purposes of unemployment compensation.

Subd. 3. [SHARED DATA.] Data collected under section 268.121 used for certification of establishments by the commissioner must be shared with the commissioner of revenue for purposes of this section. Notwithstanding any other law, information that establishes eligibility for designation under this section is public data under chapter 13.

Subd. 4. [ANNUAL REPORT.] The commissioner of trade and economic development shall annually, by January 30, report to the legislature with an analysis of the benefits and the impact of the small business tax incentives provided under sections 290A.26 and 297A.2595.

Sec. 5. [469.209] [PURPOSES.]

The local property tax credit for certified small businesses is a locally funded property tax abatement program to help businesses meet cash flow or financing needs through negotiated property tax abatement agreements with county, city, or town governments. The legislature finds that the abatement of property taxes as provided in sections 469.209 to 469.215 is in the public interest. The abatements provided in these sections will promote diverse and stable local economies, and will provide incentives for attracting and retaining employment opportunities within this state.

Sec. 6. [469.210] [DEFINITIONS.]

Subdivision 1. [GENERALLY.] In sections 469.209 to 469.215, the terms defined in this section have the meanings given them, unless the context indicates a different meaning.

Subd. 2. [CITY.] "City" means a home rule charter or statutory city.

Subd. 3. [ELIGIBLE PROPERTY.] "Eligible property" means taxable property, classified as class 3 under section 273.13, subdivision 24, used by a small business which receives a designation as a certified small business under section 469.208. For purposes of sections 469.209 to 469.215, a parcel of eligible property may consist of any number of tax parcels or portions of tax parcels.

Subd. 4. [ELIGIBLE TAX.] "Eligible tax" means the net property tax on the taxpayer's eligible property in the year following a year when the taxpayer receives a designation as a certified small business under section 469.208.

Subd. 5. [ELIGIBLE TAXPAYER.] "Eligible taxpayer" means a small business designated as a certified small business under section 469.208.

Subd. 6. [GOVERNING BODY.] "Governing body" means the county board in the case of a county, the city council or other body having general legislative powers in the case of a city, and the board of supervisors in the case of a town.

Subd. 7. [NET PROPERTY TAX PAYABLE.] "Net property tax payable" means the property tax payable on the eligible property, less

(1) special assessments, penalties, and interest payable on the property; and

(2) any state-paid credits, except for the refund provided under section 290A.26.

The taxes are considered payable in the year prescribed by law for payment of the taxes.

Subd. 8. [TOWN.] "Town" means an organized township.

Sec. 7. [469.211] [AUTHORITY.]

(a) The governing body of any city, county, or town may enter into a written property tax abatement agreement with any eligible taxpayer. The agreement may provide for an abatement of up to 100 percent of the portion of each year's eligible tax which is levied by the agreeing governmental subdivision. The maximum term of any abatement agreement is 12 years.

(b) If the eligible taxpayer is not the owner of the eligible property, the agreement must provide a mechanism and requirement whereby the entire property tax abatement, for each payable year which is covered by the agreement, is given to the eligible taxpayer and not to the owner of the property.

(c) By mutual consent of the parties, an existing abatement agreement may be terminated, extended, or otherwise modified during its term; however, any change to the terms or conditions of an abatement agreement, except for the correction of transcription or other errors of a clerical nature, must be treated under sections 469.209 to 469.215 as if the modified agreement were a new agreement.

(d) Abatement agreements fully executed before September 1 of an assessment year may be effective beginning with property taxes payable in the subsequent year. Abatement agreements fully executed on or after September 1 in an assessment year may only be effective beginning with property taxes payable in the second subsequent year.

Sec. 8. [469.212] [PROCEDURES FOR NEW AGREEMENTS.]

Subdivision 1. [RESOLUTION OF GOVERNING BODY.] The governing body of a city, county, or town may not enter into an abatement agreement until after it has duly adopted a resolution in support of the proposed agreement. The resolution required by this subdivision must contain a statement that the governing body expects the benefits to the governmental unit of the proposed abatement agreement to at least equal the costs to the unit of the proposed agreement. The resolution must also include a specific statement as to the nature and extent of the public benefits which the governing body expects to result from the agreement. Upon adoption, the resolution must be published in the same manner in which ordinances are published in the governmental unit.

Subd. 2. [PUBLIC MEETING.] The governing body of a city, county, or town may not vote on a resolution in support of a proposed abatement agreement until the proposed agreement is discussed at a public meeting of the governing body. The contents of an adopted resolution must not differ materially from the terms of the proposed agreement, as those terms were presented at the public meeting during which the proposed agreement was discussed. During the meeting to discuss a proposed agreement, the governing body shall hear comments regarding the proposed agreement, allow the public to ask questions about the proposed agreement, and explain the reasons for the proposed agreement. Opportunity to make comments and ask questions shall be granted to all residents of the city, county, or town, as the case may be, and to all other interested persons. Other official business may be conducted at the meeting. Notice of the opportunity to comment on the proposed agreement must be published in a qualified newspaper at least twice, once each in successive weeks, and in no event may a required notice be published less than ten days nor more than 30 days before the date of the meeting. The notice must not be placed in the part of the newspaper where legal notices and classified advertisements appear.

Sec. 9. [469.213] [ANNUAL REVIEW OF EXISTING AGREEMENTS.]

At least once in each calendar year, beginning in 1994, if the governing body of a governmental subdivision has entered into an abatement agreement which will affect property taxes payable in the next calendar year, that governing body must review the following items during a public meeting held before September 1 of the year:

(1) the estimated dollar amount of the abatement for each eligible taxpayer in the current as well as the following calendar year;

(2) the benefits to the governmental unit of each agreement for the current calendar year;

(3) whether, in cases where the eligible taxpayer is not the owner of the affected property, the abatement granted by each agreement in the immediately preceding calendar year was realized by, and benefited, the eligible taxpayer; and

(4) any other material term or condition of each abatement agreement which affects property taxes payable in the subsequent year.

During the meeting the governing body shall hear comments regarding the existing agreements being reviewed, allow the public to ask questions about the agreements being reviewed, and, if asked, explain the reasons for the agreements being reviewed. Opportunity to make comments and ask questions shall be granted to all residents of the city, county, or town, as the case may be, and to all other interested persons. Other official business may be conducted at the meeting. Notice of the opportunity to comment on the review of existing agreements must be published in a qualified newspaper at least twice, once each in successive weeks, and in no event may a required notice be published less than ten days nor more than 30 days before the date of the meeting. The notice must not be placed in the part of the newspaper where legal notices and classified advertisements appear.

The reviews required by this section may be continued at a later meeting if the notice requirements for the original meeting are fulfilled in regard to the continuation meeting. The meeting required by this section may be held in conjunction with the meeting or meetings required by section 469.212.

A meeting is not required under this section if a discussion has occurred under section 469.212 in regard to the same abatement for the same payable year.

Sec. 10. [469.214] [ABATEMENT AMOUNTS TO BE INCLUDED IN ANNUAL LEVY.]

An estimated amount sufficient to pay the abatements granted for taxes payable in the subsequent year must be included in the proposed levy amount of each governmental subdivision under section 275.065. The abatement amounts for taxes payable in the subsequent year need not be included in the governmental unit's certified levy if other funds are available to fund the abatements.

Sec. 11. [469.215] [PROPERTY TAX STATEMENT.]

The property tax abatement granted to each eligible property for a taxes payable year must be shown on the property tax statement issued for that property for that property taxes payable year. The amount of the abatement must be identified as a "local property tax credit."

Sec. 12. [EFFECTIVE DATE.]

Section 1 is effective for refund claims filed in 1994, based on property taxes payable in 1993, and thereafter.

Sections 2 to 4 are effective the day following final enactment.

Sections 5 to 11 are effective the day following final enactment for property taxes payable in 1994 and thereafter."

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1992, section 103G.222, is amended to read:

103G.222 [REPLACEMENT OF WETLANDS.]

(a) After the effective date of the rules adopted under section 103B.3355 or 103G.2242, whichever is later, wetlands must not be drained or filled, wholly or partially, unless replaced by restoring or creating wetland areas of at least equal public value under either a replacement plan approved as provided in section 103G.2242 or, if a permit to mine is required under section 93.481, under a mining reclamation plan approved by the commissioner under the permit to mine. Mining reclamation plans shall apply the same principles and standards for replacing wetlands by restoration or creation of wetland areas that are applicable to mitigation plans approved as provided in section 103G.2242.

(b) Replacement must be guided by the following principles in descending order of priority:

- (1) avoiding the direct or indirect impact of the activity that may destroy or diminish the wetland;
- (2) minimizing the impact by limiting the degree or magnitude of the wetland activity and its implementation;
- (3) rectifying the impact by repairing, rehabilitating, or restoring the affected wetland environment;
- (4) reducing or eliminating the impact over time by preservation and maintenance operations during the life of the activity; and
- (5) compensating for the impact by replacing or providing substitute wetland resources or environments.

(c) If a wetland is located in a cultivated field, then replacement must be accomplished through restoration only without regard to the priority order in paragraph (b), provided that a deed restriction is placed on the altered wetland prohibiting nonagricultural use for at least ten years.

(d) Restoration and replacement of wetlands must be accomplished in accordance with the ecology of the landscape area affected.

(e) Replacement shall be within the same watershed or county as the impacted wetlands, as based on the wetland evaluation in section 103G.2242, subdivision 2, except that counties or watersheds in which 80 percent or more of the presettlement wetland acreage is intact may accomplish replacement in counties or watersheds in which 50 percent or more of the presettlement wetland acreage has been filled, drained, or otherwise degraded. Wetlands impacted by public transportation projects may be replaced statewide, provided they are approved by the commissioner under an established wetland banking system, or under the rules for wetland banking as provided for under section 103G.2242.

(f) Except as provided in paragraph (g), for a wetland located on nonagricultural land, replacement must be in the ratio of two acres of replaced wetland for each acre of drained or filled wetland.

(g) For a wetland located on agricultural land or in counties or watersheds in which 80 percent or more of the presettlement wetland acreage exists, replacement must be in the ratio of one acre of replaced wetland for each acre of drained or filled wetland.

(h) Wetlands that are restored or created as a result of an approved replacement plan are subject to the provisions of this section for any subsequent drainage or filling.

(i) Except in counties or watersheds where 80 percent or more of the presettlement wetlands are intact, only wetlands that have been restored from previously drained or filled wetlands, wetlands created by excavation in nonwetlands, wetlands created by dikes or dams along public or private drainage ditches, or wetlands created by dikes or dams associated with the restoration of previously drained or filled wetlands may be used in a statewide banking program established in rules adopted under section 103G.2242, subdivision 1. Modification or conversion of nondegraded, naturally occurring wetlands from one type to another are not eligible for enrollment in a statewide wetlands bank.

(j) The technical evaluation panel established under section 103G.2242, subdivision 2, shall ensure that sufficient time has occurred for the wetland to develop wetland characteristics of soils, vegetation, and hydrology before recommending that the wetland be deposited in the statewide wetland bank. If the technical evaluation panel has reason to believe that the wetland characteristics may change substantially, the panel must postpone its recommendations until the wetland has stabilized.

Sec. 2. Minnesota Statutes 1992, section 103G.2241, is amended to read:

 - (ii) the proposed project significantly modifies or alters less than one-half acre of wetlands;
- (12) activities associated with routine maintenance of utility and pipeline rights-of-way, provided the activities do not result in additional intrusion into the wetland;
- (13) alteration of a wetland associated with the operation, maintenance, or repair of an interstate pipeline;
- (14) temporarily crossing or entering a wetland to perform silvicultural activities, including timber harvest as part of a forest management activity, so long as the activity limits the impact on the hydrologic and biologic characteristics of the wetland; the activities do not result in the construction of dikes, drainage ditches, tile lines, or buildings; and the timber harvesting and other silvicultural practices do not result in the drainage of the wetland or public waters;
- (15) permanent access for forest roads across wetlands so long as the activity limits the impact on the hydrologic and biologic characteristics of the wetland; the construction activities do not result in the access becoming a dike, drainage ditch or tile line; with filling avoided wherever possible; and there is no drainage of the wetland or public waters;
- (16) activities associated with routine maintenance or repair of existing public highways, roads, streets, and bridges, provided the activities do not result in additional intrusion into the wetland ~~and do not result in the draining or filling, wholly or partially, of a wetland~~ outside of the existing right-of-way;

Sec. 2. Minnesota Statutes 1992, section 115B.175, is amended by adding a subdivision to read:

Subd. 6a. [VOLUNTARY RESPONSE ACTIONS BY RESPONSIBLE PERSONS.] (a) Notwithstanding subdivision 1, paragraph (a), when a person who is responsible for a release or threatened release under sections 115B.01 to 115B.18 undertakes and completes response actions, the protection from liability provided by this section applies to persons described in paragraph (c) if the response actions are undertaken and completed in accordance with this subdivision.

(b) The response actions must be undertaken and completed in accordance with a voluntary response action plan approved as provided in subdivision 3. Notwithstanding subdivision 2, a voluntary response action plan submitted by a person who is responsible for the release or threatened release must require remedy or removal of all releases and threatened releases at the identified area of real property. The identified area of real property must correspond to the boundaries of a parcel that is either separately platted or is the entire parcel.

(2) a person who was responsible under sections 115B.01 to 115B.18 for a release or threatened release identified in the approved voluntary response action plan before taking an action that would have made the person subject to the protection under subdivision 6 or 6a; or

(3) a person who obtains approval of a voluntary response action plan for purposes of this section by fraud or misrepresentation, or by knowingly failing to disclose material information, or who knows that approval was so obtained before taking an action that would have made the person subject to the protection under subdivision 6 or 6a.

Sec. 4. [115B.178] [ASSOCIATION WITH RELEASE; COMMISSIONER'S DETERMINATION.]

Subdivision 1. [DETERMINATION.] The commissioner may issue determinations that certain actions proposed to be taken at real property subject to a release or threatened release of a hazardous substance or pollutant or contaminant will not constitute conduct associating the person with the release or threatened release for the purpose of section 115B.03, subdivision 3, clause (d). Proposed actions that may be covered by a determination under this section include response actions approved by the commissioner to address the release or threatened release, actions to improve or develop the real property, or other similar actions. Subd. 2. [SCOPE AND EFFECT OF DETERMINATION.] Section 115B.177, subdivision 2, applies to a determination by the commissioner under this section.

Sec. 5. [115B.179] [COMMISSIONER'S AUTHORITY NOT LIMITED.]

"Sec. 42. [CARVER COUNTY; BUILDING MATERIALS FOR CORRECTIONAL FACILITY.]

Subdivision 1. [EXEMPTION.] Notwithstanding any other law to the contrary, the gross receipts from the sale of construction materials and supplies after May 31, 1992, for construction of that part of a correctional facility in Carver county that is mandated by state or federal law, rule, or regulation are exempt. Subd. 2. [REFUND.] If the materials are purchased by a contractor, subcontractor, or builder as part of a lump sum contract with a price covering both labor and materials for use in the project, the tax must be imposed and collected as if the sale were taxable, and the rates under Minnesota Statutes, sections 297A.02, subdivision 1, and 297A.021, applied. Upon application of the county in the manner prescribed by the commissioner of revenue, a refund equal to the taxes paid by the contractor, subcontractor, or builder must be paid to the county. The contractor, subcontractor, or builder must furnish to the county a statement of the cost of the construction materials and supplies and the sales taxes paid on them. The amount required to make the refunds is appropriated to the commissioner of revenue.

Subd. 3. [LOCAL APPROVAL.] This section is effective the day after compliance with Minnesota Statutes, section 645.021, subdivision 3, by the governing body of Carver county."

Page 15, after line 36, insert:

"Sec. 8. Minnesota Statutes 1992, section 275.065, subdivision 3, is amended to read:

Subd. 3. [NOTICE OF PROPOSED PROPERTY TAXES.] (a) The county auditor shall prepare and the county treasurer shall deliver after November 10 and on or before November 24 each year, by first class mail to each taxpayer at the address listed on the county's current year's assessment roll, a notice of proposed property taxes and, in the case of a town, final property taxes.

(b) The commissioner of revenue shall prescribe the form of the notice.

(c) The notice must inform taxpayers that it contains the amount of property taxes each taxing authority other than a town proposes to collect for taxes payable the following year and, for a town, the amount of its final levy. It must clearly state that each taxing authority, other than a town or special taxing district, will hold a public meeting to receive public testimony on the proposed budget and proposed or final property tax levy, or, in case of a school district, on the current budget and proposed property tax levy. It must clearly state the time and place of each taxing authority's meeting and an address where comments will be received by mail. The notice must clearly state that each taxing authority holding a public meeting will present information for discussion at that meeting regarding the compensation paid to its employees in the current and the next succeeding budget year, and how those amounts relate to its property tax levies.

(d) The notice must state for each parcel:

(1) the market value of the property as defined under section 272.03, subdivision 8, for property taxes payable in the following year and for taxes payable the current year; and, in the case of residential property, whether the property is classified as homestead or nonhomestead. The notice must clearly inform taxpayers of the years to which the market values apply and that the values are final values;

(2) by county, city or town, school district, the sum of the special taxing districts, and as a total of the taxing authorities, including special taxing districts, the proposed or, for a town, final net tax on the property for taxes payable the following year and the actual tax for taxes payable the current year. In the case of a parcel where tax increment or the fiscal disparities areawide tax applies, the proposed tax levy on the captured value or the proposed tax levy on the tax capacity subject to the areawide tax must each be stated separately and not included in the sum of the special taxing districts; and

(3) the increase or decrease in the amounts in clause (2) from taxes payable in the current year to proposed or, for a town, final taxes payable the following year, expressed as a dollar amount and as a percentage.

(e) The notice must clearly state that the proposed or final taxes do not include the following:

(1) special assessments;

(2) levies approved by the voters after the date the proposed taxes are certified, including bond referenda, school district levy referenda, and levy limit increase referenda;

(3) amounts necessary to pay cleanup or other costs due to a natural disaster occurring after the date the proposed taxes are certified;

(4) amounts necessary to pay tort judgments against the taxing authority that become final after the date the proposed taxes are certified; and

(5) any additional amount levied in lieu of a local sales and use tax, unless this amount is included in the proposed or final taxes.

(f) Except as provided in subdivision 7, failure of the county auditor to prepare or the county treasurer to deliver the notice as required in this section does not invalidate the proposed or final tax levy or the taxes payable pursuant to the tax levy.

(g) If the notice the taxpayer receives under this section lists the property as nonhomestead and the homeowner provides satisfactory documentation to the county assessor that the property is owned and has been used as the owner's homestead prior to June 1 of that year, the assessor shall reclassify the property to homestead for taxes payable in the following year.

(h) In the case of class 4 residential property used as a residence for lease or rental periods of 30 days or more, the taxpayer must either:

(1) mail or deliver a copy of the notice of proposed property taxes to each tenant, renter, or lessee; or

(2) post a copy of the notice in a conspicuous place on the premises of the property.

The notice must be mailed or posted by the taxpayer by November 27 or within three days of receipt of the notice, whichever is later. A taxpayer may notify the county treasurer of the address of the taxpayer, agent, caretaker, or manager of the premises to which the notice must be mailed in order to fulfill the requirements of this paragraph."

Sec. 10. Minnesota Statutes 1992, section 275.065, subdivision 6, is amended to read:

Subd. 6. [PUBLIC HEARING; ADOPTION OF BUDGET AND LEVY.] Between November 29 and December 20, the governing bodies of the city and county shall each hold a public hearing to adopt its final budget and property tax levy for taxes payable in the following year, and the governing body of the school district shall hold a public hearing to review its current budget and adopt its property tax levy for taxes payable in the following year.

At the hearing, the taxing authority, other than a school district, may amend the proposed budget and property tax levy and must adopt a final budget and property tax levy, and the school district may amend the proposed property tax levy and must adopt a final property tax levy.

The property tax levy certified under section 275.07 by a city, county, or school district must not exceed the proposed levy determined under subdivision 1, except by an amount up to the sum of the following amounts:

(1) the amount of a school district levy whose voters approved a referendum to increase taxes under section 124.82, subdivision 3, 124A.03, subdivision 2, 124B.03, subdivision 2, or 136C.411, after the proposed levy was certified;

(2) the amount of a city or county levy approved by the voters after the proposed levy was certified;

(3) the amount of a levy to pay principal and interest on bonds issued or approved by the voters under section 475.58 after the proposed levy was certified;

(4) the amount of a levy to pay costs due to a natural disaster occurring after the proposed levy was certified, if that amount is approved by the commissioner of revenue under subdivision 6a;

(5) the amount of a levy to pay tort judgments against a taxing authority that become final after the proposed levy was certified, if the amount is approved by the commissioner of revenue under subdivision 6a; and

(6) the amount of an increase in levy limits certified to the taxing authority by the commissioner of revenue or the commissioner of education after the proposed levy was certified.

At the hearing the percentage increase in property taxes proposed by the taxing authority, if any, and the specific purposes for which property tax revenues are being increased must be discussed. Specific information must be presented on: (i) the percentage of the proposed budget representing employee compensation costs; (ii) total expenditures for employee wages and benefits in the two previous years, the current calendar year, and proposed for the following year; (iii) numbers of employees by general classification and whether full or part time in the two

previous years, the current calendar year, and proposed for the following year; and (iv) how changes in employee compensation costs between the current and proposed budgets compare with, and affect, the current and proposed levies. During the discussion, the governing body shall hear comments regarding a proposed increase and explain the reasons for the proposed increase. The public shall be allowed to speak and to ask questions prior to adoption of any measures by the governing body. The governing body, other than the governing body of a school district, shall adopt its final property tax levy prior to adopting its final budget.

If the hearing is not completed on its scheduled date, the taxing authority must announce, prior to adjournment of the hearing, the date, time, and place for the continuation of the hearing. The continued hearing must be held at least five business days but no more than 14 business days after the original hearing.

The hearing must be held after 5:00 p.m. if scheduled on a day other than Saturday. No hearing may be held on a Sunday. The governing body of a county shall hold its hearing on the second Tuesday in December each year. The county auditor shall provide for the coordination of hearing dates for all cities and school districts within the county.

By August 15, each school board shall certify to the county auditors of the counties in which the school district is located the dates on which it elects to hold its hearings and any continuations. If a school board does not certify the dates by August 15, the auditor will assign the hearing date. The dates elected or assigned must not conflict with the county hearing dates. By August 20, the county auditor shall notify the clerks of the cities within the county of the dates on which school districts have elected to hold their hearings. At the time a city certifies its proposed levy under subdivision 1 it shall certify the dates on which it elects to hold its hearings and any continuations. The city must not select dates that conflict with the county hearing dates or with those elected by or assigned to the school districts in which the city is located.

The county hearing dates and the city and school district hearing dates must be designated on the notices required under subdivision 3. The continuation dates need not be stated on the notices.

This subdivision does not apply to towns and special taxing districts."

Page 19, after line 6, insert:

"Sec. 12. [275.63] [GENERAL PROPERTY TAX LIMITATIONS FOR TAXES PAYABLE IN 1994.]

Subdivision 1. [SCOPE; DEFINITION.] This section supersedes all special and general laws and charter provisions establishing any type of limitation on ad valorem tax levies of governmental subdivisions to the extent that they authorize property taxation in excess of the limitation established in this section, but otherwise such levy limitations are in no way affected by this section. For these purposes, "governmental subdivision" means a county, a home rule charter city, a statutory city, a township with a population of 5,000 or more as determined according to section 275.14, and all special taxing districts.

Subd. 2. [PAYABLE 1994 MARKET VALUE.] For taxes payable in 1994, the market value of all property shall be the lesser of: (1) its market value established in the assessment for taxes payable in 1993, plus the market value established in the assessment for taxes payable in 1994 of new construction in the assessment for taxes payable in 1994; or (2) its market value established in the assessment for taxes payable in 1994. For property that was exempt from tax for taxes payable in 1993, "market value" means the market value of the property established in the assessment for taxes payable in 1994.

Subd. 3. [PAYABLE 1994 TAX RATE LIMITATION.] The local tax rate for taxes payable in 1994 of a governmental subdivision, after the adjustments required by section 275.08, subdivision 1c, and subdivision 1d if applicable, shall not exceed the comparable rate for the governmental subdivision for taxes payable in 1993 by an amount greater than the payable 1994 tax rate necessary to compensate for (1) two-thirds of the aid reduction to the governmental subdivision under section 273.1398, subdivision 2d; and (2) for cities, any reduction under section 477A.013. If a governmental subdivision certifies a levy for taxes payable in 1994 to the county auditor that would produce a local tax rate in excess of the limitation established in this section, the county auditor shall extend only such amount of taxes as the limitation of this section will permit.

Subd. 4. [TORT JUDGMENTS AND NATURAL DISASTERS.] A governmental subdivision may appeal to the commissioner of revenue for authorization to levy an amount in excess of the limitation established in this section for the reasons and under the procedures provided in section 275.065, subdivision 6a.

Subd. 5. [REFERENDA.] No governmental subdivision may levy a tax in excess of the limitation provided in this section unless the excess levy is approved by the voters through a referendum held on the question. A levy approved at such a referendum is subject to the provisions of section 275.61. All referenda under this subdivision must be held on November 2, 1993."

Sec. 23. Minnesota Statutes 1992, section 477A.011, is amended by adding a subdivision to read:

Subd. 36. [AVERAGE CITY NET TAX CAPACITY PER CAPITA.] Average city net tax capacity per capita is the sum of city net tax capacity for all cities divided by the total population of all cities.

Sec. 24. Minnesota Statutes 1992, section 477A.011, is amended by adding a subdivision to read:

Subd. 37. [REVENUE CAPACITY FACTOR.] The revenue capacity factor for a city is one minus the ratio of the city net tax capacity per capita divided by two times the average city net tax capacity per capita. A city's revenue capacity factor cannot be less than zero.

Sec. 25. Minnesota Statutes 1992, section 477A.013, is amended by adding a subdivision to read:

Subd. 8. [CITY AID.] In calendar years 1994, 1995, and 1996, each city shall receive an aid distribution equal to the product of (1) the need increase percentage, (2) the city's revenue need, (3) the city's population, and (4) the city's revenue capacity factor. The need increase percentage must be the same for all cities and must be calculated by the department of revenue so that the total of the aid distributed under this subdivision equals the total amount for city aid under section 477A.03.

Any increase in aid that a city receives under this subdivision in any year compared to its aid in the prior year must not exceed ten percent of its net levy from the prior year. Any decrease in aid that a city receives under this subdivision in any year compared to its aid in the prior year must not exceed the lesser of seven percent of its aid from the prior year or seven percent of its net levy from the prior year. For calendar year 1994, aid in the prior year is equal to the sum of local government aid and equalization aid a city was originally certified to receive in calendar year 1993 under Minnesota Statutes 1992, section 477A.013, subdivisions 3 and 5, and the amount of disparity reduction aid the city received in calendar year 1993 under section 273.1398, subdivision 3."

"Sec. 9. Minnesota Statutes 1992, section 275.48, is amended to read:

275.48 [ADDITIONAL TAX LEVIES IN CERTAIN MUNICIPALITIES.]

When by virtue of chapter 278, sections 270.07, 375.192, or otherwise, the net tax capacity of a city, township or school district for a taxable year is reduced after the taxes for the year have been spread by the county auditor, and when the local tax rate determined by the county auditor based on the original net tax capacity is applied on the reduced net tax capacity and does not produce the full amount of taxes actually levied and certified for that taxable year on the original net tax capacity, the city, township or school district may include an additional amount in its tax levy made following final determination and notice of the reduction in net tax capacity. The amount shall equal the sum of any interest paid on the abatement refunds and the difference between the total amount of taxes actually levied and certified for that taxable year upon the original net tax capacity, not exceeding the maximum amount which could be raised on the net tax capacity as reduced, within existing local tax rate limitations, if any, and the amount of taxes collected for that taxable year on the reduced net tax capacity. The total tax levy authorized for a school district by this section shall be reduced by the total amount of any abatement adjustments received by the district pursuant to section 124.214, subdivision 2, in the same calendar year in which the levy is certified. As part of the certification required by section 124.918, subdivision 1, the commissioner of education shall certify the amount of the abatement levy limitation adjustment for each school district headquartered in that county.

Except for school districts, the amount of taxes so included shall be levied separately and shall be levied in addition to all limitations imposed by law; and further shall not result in any penalty in the nature of a reduction in state aid of any kind.

Sec. 10. [COMMISSIONER APPROVAL; INTEREST ON PAYMENTS.]

For taxes payable in 1994, the commissioner of education must grant approval of all levies for interest payments on abatement refunds. If the total amount of levy would exceed \$917,000, the commissioner shall proportionately reduce each district's interest on abatements levy."

Subd. 4. [LIMITS ON REHIRING.] During the biennium ending June 30, 1995, a school board may not hire a replacement for a person who retires under this subdivision, except under position-specific action of the board.

Subd. 5. [CONDITIONS.] For purposes of this section, a person retires when the person terminates active employment and applies for retirement benefits. An employee who retires under this section using the rule of 90 must not be included in the calculations required by Minnesota Statutes, section 356.85."
