Sec. 28. Minnesota Statutes 1992, section 245A.04, subdivision 3, is amended to read:

Subd. 3. [STUDY OF THE APPLICANT.] (a) Before the commissioner issues a license, the commissioner shall conduct a study of the individuals specified in clauses (1) to (4) according to rules of the commissioner. The applicant, license holder, the bureau of criminal apprehension, and county agencies, after written notice to the individual who is the subject of the study, shall help with the study by giving the commissioner criminal conviction data and reports about abuse or neglect of adults in licensed programs substantiated under section 626.557 and the maltreatment of minors in licensed programs substantiated under section 626.556. The individuals to be studied shall include:

(1) the applicant;

(2) persons over the age of 13 living in the household where the licensed program will be provided;

(3) current employees or contractors of the applicant who will have direct contact with persons served by the program; and

(4) volunteers who have direct contact with persons served by the program to provide program services, if the contact is not directly supervised by the individuals listed in clause (1) or (3).

The juvenile courts shall also help with the study by giving the commissioner existing juvenile court records on individuals described in clause (2) relating to delinquency proceedings held within either the five years immediately preceding the application or the five years immediately preceding the individual's 18th birthday, whichever time period is longer. The commissioner shall destroy juvenile records obtained pursuant to this subdivision when the subject of the records reaches age 23.

For purposes of this subdivision, "direct contact" means providing face-to-face care, training, supervision, counseling, consultation, or medication assistance to persons served by a program. For purposes of this subdivision, "directly supervised" means an individual listed in clause (1) or (3) is within sight or hearing of a volunteer to the extent that the individual listed in clause (1) or (3) is capable at all times of intervening to protect the health and safety of the persons served by the program who have direct contact with the volunteer.

A study of an individual in clauses (1) to (4) shall be conducted on at least an annual basis. No applicant, license holder, or individual who is the subject of the study shall pay any fees required to conduct the study.

(b) The individual who is the subject of the study must provide the applicant or license holder with sufficient information to ensure an accurate study including the individual's first, middle, and last name; home address, city, county, and state of residence; zip code; sex; date of birth; and driver's license number. The applicant or license holder shall provide this information about an individual in paragraph (a), clauses (1) to (4), on forms prescribed by the commissioner. The commissioner may request additional information of the individual, which shall be optional for the individual to provide, such as the individual's social security number or race.

(c) Except for child foster care, adult foster care, and family day care homes, a study must include information from the county agency's record of substantiated abuse or neglect of adults in licensed programs, and the maltreatment of minors in licensed programs, information from juvenile courts as required in paragraph (a) for persons listed in paragraph (a), clause (2), and information from the bureau of criminal apprehension. For child foster care, adult foster care, and family day care homes, the study must include information from the county agency's record of substantiated abuse or neglect of adults, and the maltreatment of minors, information from juvenile courts as required in paragraph (a) for persons listed in paragraph (a), clause (2), and information from the bureau of criminal apprehension. The commissioner may also review arrest and investigative information from the bureau of criminal apprehension, a county attorney, county sheriff, county agency, local chief of police, other states, the courts, or a national criminal record repository if the commissioner has reasonable cause to believe the information is pertinent to the disqualification of an individual listed in paragraph (a), clauses (1) to (4).

(d) An applicant's or license holder's failure or refusal to cooperate with the commissioner is reasonable cause to deny an application or immediately suspend, suspend, or revoke a license. Failure or refusal of an individual to cooperate with the study is just cause for denying or terminating employment of the individual if the individual's failure or refusal to cooperate could cause the applicant's application to be denied or the license holder's license to be immediately suspended, suspended, or revoked.

(e) The commissioner shall not consider an application to be complete until all of the information required to be provided under this subdivision has been received.

(f) No person in paragraph (a), clause (1), (2), (3), or (4) who is disqualified as a result of this section may be retained by the agency in a position involving direct contact with persons served by the program.

(g) Termination of persons in paragraph (a), clause (1), (2), (3), or (4) made in good faith reliance on a notice of disqualification provided by the commissioner shall not subject the applicant or license holder to civil liability.

(h) The commissioner may establish records to fulfill the requirements of this section. ~~The information contained in the records is only available to the commissioner for the purpose authorized in this section.~~

(i) The commissioner may not disqualify an individual subject to a study under this section because that person has, or has had, a mental illness as defined in section 245.462, subdivision 20.

Sec. 29. Minnesota Statutes 1992, section 245A.04, subdivision 3a, is amended to read:

Subd. 3a. [NOTIFICATION TO SUBJECT OF STUDY RESULTS.] The commissioner shall notify the applicant or license holder and the individual who is the subject of the study, in writing, of the results of the study. When the study is completed, a notice that the study was undertaken and completed shall be maintained in the personnel files of the program.

The commissioner shall notify the individual studied if the information in the study indicates the individual is disqualified from direct contact with persons served by the program. The commissioner shall disclose the information to the individual studied. An applicant or license holder who is not the subject of the study shall be informed that the commissioner has found information that disqualifies the subject from direct contact with persons served by the program. ~~However, the applicant or license holder shall not be told what that information is unless the data practices act provides for release of the information and the individual studied authorizes the release of the information.~~

Sec. 30. Minnesota Statutes 1992, section 260.161, subdivision 1, is amended to read:

Subdivision 1. [RECORDS REQUIRED TO BE KEPT.] (a) The juvenile court judge shall keep such minutes and in such manner as the court deems necessary and proper. Except as provided in paragraph (b), the court shall keep and maintain records pertaining to delinquent adjudications until the person reaches the age of 23 years and shall release the records on an individual to the juvenile court in another jurisdiction to which the juvenile has moved, to a requesting adult court for purposes of sentencing, or to an adult court or juvenile court as required by the right of confrontation of either the United States Constitution or the Minnesota Constitution. The juvenile court shall provide, upon the request of any other juvenile court, copies of the records concerning adjudications involving the particular child. The court shall also keep an index in which files pertaining to juvenile matters shall be indexed under the name of the child. After the name of each file shall be shown the file number and, if ordered by the court, the book and page of the register in which the documents pertaining to such file are listed. The court shall also keep a register properly indexed in which shall be listed under the name of the child all documents filed pertaining to the child and in the order filed. The list shall show the name of the document and the date of filing thereof. The juvenile court legal records shall be deposited in files and shall include the petition, summons, notice, findings, orders, decrees, judgments, and motions and such other matters as the court deems necessary and proper. ~~The legal~~ All court records ~~maintained in this file~~ shall be open at all reasonable times to the inspection of any child to whom the records relate, and to the child's parent and guardian.

(b) The court shall retain records of the court finding that a juvenile committed an act that would be a violation of, or an attempt to violate, section 609.342, 609.343, 609.344, or 609.345, until the offender reaches the age of 25. If the offender commits another violation of sections 609.342 to 609.345 as an adult, the court shall retain the juvenile records for as long as the records would have been retained if the offender had been an adult at the time of the juvenile offense. This paragraph does not apply unless the juvenile was represented by an attorney when the petition was admitted or proven.

Sec. 31. Minnesota Statutes 1992, section 260.161, subdivision 3, is amended to read:

Subd. 3. [PEACE OFFICER RECORDS OF CHILDREN.] (a) Except for records relating to an offense where proceedings are public under section 260.155, subdivision 1, peace officers' records of children who are or may be delinquent or who may be engaged in criminal acts shall be kept separate from records of persons 18 years of age or older and ~~shall not be open to public inspection or their contents disclosed to the public except are private but shall be disseminated:~~ (1) by order of the juvenile court, (2) as required by section 126.036, (3) as authorized under section 13.82, subdivision 2, (4) to the child or the child's parent or guardian unless disclosure of a record would interfere with an ongoing investigation, or (5) as provided in paragraph (d). Except as provided in paragraph (c), no photographs of a child taken into custody may be taken without the consent of the juvenile court unless the child is alleged to have violated section 169.121 or 169.129. Peace officers' records containing data about children who are victims of crimes or witnesses to crimes must be administered consistent with section 13.82, subdivisions 2, 3, 4, and 10. Any person violating any of the provisions of this subdivision shall be guilty of a misdemeanor.

In the case of computerized records maintained about juveniles by peace officers, the requirement of this subdivision that records about juveniles must be kept separate from adult records does not mean that a law enforcement agency must keep its records concerning juveniles on a separate computer system. Law enforcement agencies may keep juvenile records on the same computer as adult records and may use a common index to access both juvenile and adult records so long as the agency has in place procedures that keep juvenile records in a separate place in computer storage and that comply with the special data retention and other requirements associated with protecting data on juveniles.

(b) Nothing in this subdivision prohibits the exchange of information by law enforcement agencies if the exchanged information is pertinent and necessary to the requesting agency in initiating, furthering, or completing a criminal investigation.

(c) A photograph may be taken of a child taken into custody pursuant to section 260.165, subdivision 1, clause (b), provided that the photograph must be destroyed when the child reaches the age of 19 years. The commissioner of corrections may photograph juveniles whose legal custody is transferred to the commissioner. Photographs of juveniles authorized by this paragraph may be used only for institution management purposes, case supervision by parole agents, and to assist law enforcement agencies to apprehend juvenile offenders. The commissioner shall maintain photographs of juveniles ~~in the same manner as juvenile court records and names under this section as private data.~~

(d) ~~Traffic investigation reports are open to inspection by a person who has sustained physical harm or economic loss as a result of the traffic accident.~~ Identifying information on juveniles who are parties to traffic accidents may be disclosed as authorized under section 13.82, subdivision 4, and accident reports required under section 169.09 may be released under section 169.09, subdivision 13, unless the information would identify a juvenile who was taken into custody or who is suspected of committing an offense that would be a crime if committed by an adult, or would associate a juvenile with the offense, and the offense is not a minor traffic offense under section 260.193.

Sec. 32. Minnesota Statutes 1992, section 270B.14, subdivision 1, is amended to read:

Subdivision 1. [DISCLOSURE TO COMMISSIONER OF HUMAN SERVICES.] (a) On the request of the commissioner of human services, the commissioner shall disclose return information regarding taxes imposed by chapter 290, and claims for refunds under chapter 290A, to the extent provided in paragraph (b) and for the purposes set forth in paragraph (c).

(b) Data that may be disclosed are limited to data relating to the identity, whereabouts, employment, income, and property of a person owing or alleged to be owing an obligation of child support.

(c) The commissioner of human services may request data only for the purposes of carrying out the child support enforcement program and to assist in the location of parents who have, or appear to have, deserted their children. Data received may be used only as set forth in section 256.978.

336.2-725 [STATUTE OF LIMITATIONS IN CONTRACTS FOR SALE.]

(1) An action for breach of any contract for sale must be commenced within four years after the cause of action has accrued. By the original agreement the parties may reduce the period of limitation to not less than one year but may not extend it.

(2) A cause of action accrues when the breach occurs, regardless of the aggrieved party's lack of knowledge of the breach. A breach of warranty occurs when tender of delivery is made, except that where a warranty explicitly extends to future performance of the goods and discovery of the breach must await the time of such performance the cause of action accrues when the breach is or should have been discovered.

(3) Where an action commenced within the time limited by subsection (1) is so terminated as to leave available a remedy by another action for the same breach such other action may be commenced after the expiration of the time limited and within six months after the termination of the first action unless the termination resulted from voluntary discontinuance or from dismissal for failure or neglect to prosecute.

(4) This section does not alter the law on tolling of the statute of limitations, nor does it apply to causes of action which have accrued before this chapter becomes effective.

Subd. 3. [REPEALER.] This section is repealed on December 31, 1994 1996.

Sec. 23. [115A.909] [SHREDDER RESIDUE; MANAGEMENT.]

The commissioner, in consultation with persons who are engaged in the business of shredding motor vehicles, appliances, and other sources of recyclable steel, shall study management of shredder residue. To the extent possible under state and federal law, the commissioner shall encourage reduction in the amount of residue generated, allow beneficial use of the residue, and minimize costs of management and disposal. The commissioner shall study all reasonably ascertainable alternatives for management of the residue, including use as cover material at solid waste disposal facilities, use in manufacture of refuse derived fuel, and any other resource recovery management technique.

Sec. 24. Minnesota Statutes 1992, section 115A.923, subdivision 1a, is amended to read:

Subd. 1a. After payment to the commissioner of revenue of the amount determined under section 116.07, subdivision 10, the county, city, or sanitary district may use the remainder of the revenue from the fees only for the purposes specified in section 115A.919.

Subd. 10. [SOLID WASTE FEES.] (a) The commissioner shall determine, based on appropriations made by the legislature for the agency's solid waste activities, an appropriate surcharge to be collected equally per unit of solid waste accepted for disposal or processing at mixed municipal solid waste facilities, excluding recycling facilities.

(b) The commissioner shall notify the chairs of the environment and natural resources finance committees of the legislature and the director of the legislative commission on waste management of the amount of the surcharge when

it is determined or adjusted. Establishment of the amount of the surcharge is not subject to rulemaking requirements of chapter 14.

(c) The owner or operator of a mixed municipal solid waste processing facility, other than a recycling facility, shall collect the surcharge and remit it to the commissioner of revenue for deposit in the special revenue account referenced in subdivision 4d. At a processing facility, the surcharge does not apply to:

(1) waste that previously has been accepted at another processing facility; or

(2) waste residue from a recycling facility at which recyclable materials are separated or processed for the purposes of recycling if there is at least an 85 percent volume reduction in the solid waste processed at the recycling facility.

(c) A county, sanitary district, or city that is required to collect the greater Minnesota landfill cleanup fee imposed under section 115A.923 shall remit a portion of the revenue from the fee equal to the amount of the surcharge determined by the commissioner under paragraph (a) to the commissioner of revenue for deposit in the special revenue account referenced in subdivision 4d.

(d) The commissioner of revenue shall reduce the amount deposited in the metropolitan landfill contingency action trust fund under section 473.843, subdivision 2, by an amount equal to the amount of the surcharge determined by the commissioner under paragraph (a) and shall deposit that amount in the special revenue account referenced in subdivision 4d.

(e) Each owner, operator, county, city, and sanitary district required to remit fees under this section shall remit the amounts required to the commissioner of revenue on or before the 20th day of each month for waste accepted for processing or disposal during the previous month at facilities governed by the fee or surcharge requirements.

(f) To qualify for an exemption from the surcharge under paragraph (c), clause (2), waste residue must be brought separately to the processing facility required to collect the surcharge. The commissioner of revenue, after consultation with the chair of the metropolitan council, the director of the office of waste management, and the commissioner of the agency, shall establish procedures for determining whether waste residue from a recycling facility qualifies for the exemption from the surcharge, as well as for exemption from the fees imposed under sections 115A.923 and 473.843.

Sec. 26. Minnesota Statutes 1992, section 473.351, subdivision 2, is amended to read:

Subd. 2. Sec. 29. [SHREDDER RESIDUE; GRANTS.]

The commissioner of the pollution control agency may make a grant to a person engaged in the business of shredding and recycling motor vehicles, appliances, and other sources of recyclable steel for the purposes of studying the feasibility of alternative methods of managing shredder residue left over after the reusable and recyclable materials are removed. A person applying for a grant shall include in the application a list of the activities the person will undertake and reasonable estimates of the costs of those activities. The commissioner shall determine the amount of the grant, not to exceed \$300,000 or 50 percent of the total cost of the studies proposed in the grant application, whichever is less.

A person receiving a grant under this section may use the proceeds of the grant for the costs of:

(1) determining and testing methods of reducing the amount of shredder residue and the amount of hazardous constituents in the residue;

(2) periodic testing of shredder residue for hazardous constituents over a limited time period to be determined by the commissioner, but not less than six months;

(3) research and development of potential beneficial uses of the residue, including any preprocessing methods that may be applied to the residue to enable it to be beneficially used; and

Failure to reach agreement identifying these employees is not subject to impasse procedures provided in chapter 179A. The commissioner must prepare a plan identifying eligible employees not covered by a collective bargaining agreement in accordance with the process outlined in section 43A.18, subdivisions 2 and 3. For purposes of this paragraph, a person retires when the person terminates active employment in state service and applies for a retirement annuity. Eligibility ends as provided in the agreement or plan, but must cease at the end of the month in which the retired employee chooses not to receive an annuity, or the employee is eligible for employer-paid health insurance from a new employer. The retired employees shall be eligible for coverages to which they were entitled at the time of retirement, subject to any changes in coverage through collective bargaining or plans established under section 43A.18 for employees in positions equivalent to that from which they retired, provided that the retired employees shall not be eligible for state-paid life insurance; and

A request for restitution may include, but is not limited to, any out-of-pocket losses resulting from the crime, including medical and therapy costs, replacement of wages and services, and funeral expenses. In order to be considered at the sentencing or dispositional hearing, all information regarding restitution must be received by the court administrator of the appropriate court ~~and must also be provided to the offender at least three business days before the sentencing or dispositional hearing. If the victim's~~

~~noncooperation prevents the court or its designee from obtaining competent evidence regarding restitution, the court is not obligated to consider information regarding restitution in the sentencing or dispositional hearing. The court administrator shall provide copies of this request to the prosecutor and the offender or the offender's attorney at least 24 hours before the sentencing or dispositional hearing. The issue of restitution may be reserved or the sentencing or disposition continued if the affidavit or other competent evidence is not received in time.~~ At the sentencing or dispositional hearing, the court shall give the offender an opportunity to respond to specific items of restitution and their dollar amounts.

(c) The court shall grant or deny restitution or partial restitution and shall state on the record its reasons for its decision on restitution if information relating to restitution has been presented. If the court grants partial restitution it shall also specify the full amount of restitution that may be docketed as a civil judgment under subdivision 3. The issue of restitution may be reserved or the sentencing or disposition continued if the payment order is not received in time. The filing of a claim payment order for reparations with the court administrator shall also serve as a request for restitution by the victim. The restitution requested by the board may be considered to be both on its own behalf and on behalf of the victim. If the board has not paid reparations to the victim, restitution may be made directly to the victim. If the board has paid reparations to the victim, the court shall order restitution payments to be made directly to the board.

Sec. 12. Minnesota Statutes 1992, section 611A.04, subdivision 3, is amended to read:

An order of restitution shall be docketed as a civil judgment by the court administrator of the district court in the county in which the order of restitution was entered. A juvenile court is not required to appoint a guardian ad litem for a juvenile offender before docketing a restitution order. Interest shall accrue on the unpaid balance of the judgment as provided in section 549.09. A decision for or against restitution in any criminal or juvenile proceeding is not a bar to any civil action by the victim or by the state pursuant to section 611A.61 against the offender. The offender shall be given credit, in any order for judgment in favor of a victim in a civil action, for any restitution paid to the victim for the same injuries for which the judgment is awarded."

[DUTIES OF LOCAL WELFARE AGENCY AND LOCAL LAW ENFORCEMENT AGENCY UPON RECEIPT OF A REPORT.] (a) If the report alleges neglect, physical abuse, or sexual abuse by a parent, guardian, or individual functioning within the family unit as a person responsible for the child's care, the local welfare agency shall immediately conduct an assessment and offer protective social services for purposes of preventing further abuses, safeguarding and enhancing the welfare of the abused or neglected minor, and preserving family life whenever possible. If the report alleges a violation of a criminal statute involving sexual abuse or physical abuse, the local law enforcement agency and local welfare agency shall coordinate the planning and execution of their respective investigation and assessment efforts to avoid a duplication of fact-finding efforts and multiple interviews. Each agency shall prepare a separate report of the results of its investigation. When necessary the local welfare agency shall seek authority to remove the child from the custody of a parent, guardian, or adult with whom the child is living. In performing any of these duties, the local welfare agency shall maintain appropriate records.

(b) When a local agency receives a report or otherwise has information indicating that a child who is a client, as defined in section 245.91, has been the subject of physical abuse or neglect at an agency, facility, or program as defined in section 245.91, it shall, in addition to its other duties under this section, immediately inform the ombudsman established under sections 245.91 to 245.97.

(c) Authority of the local welfare agency responsible for assessing the child abuse report and of the local law enforcement agency for investigating the alleged abuse includes, but is not limited to, authority to interview, without parental consent, the alleged victim and any other minors who currently reside with or who have resided with the alleged perpetrator. The interview may take place at school or at any facility or other place where the alleged victim or other minors might be found and or the child may be transported to, and the interview conducted at, a place appropriate for the interview of a child designated by the local welfare agency or law enforcement agency. The interview may take place outside the presence of the perpetrator or parent, legal custodian, guardian, or school official. Except as provided in this paragraph, the parent, legal custodian, or guardian shall be notified by the responsible local welfare or law enforcement agency no later than the conclusion of the investigation or assessment that this interview has occurred. Notwithstanding rule 49.02 of the Minnesota rules of procedure for juvenile courts, the juvenile court may, after hearing on an ex parte motion by the local welfare agency, order that, where reasonable cause exists, the agency withhold notification of this interview from the parent, legal custodian, or guardian. If the interview took place or is to take place on school property, the order shall specify that school officials may not disclose to the parent, legal custodian, or guardian the contents of the notification of intent to interview the child on school property, as provided under this paragraph, and any other related information regarding the interview that may be a part of the child's school record. A copy of the order shall be sent by the local welfare or law enforcement agency to the appropriate school official.

(d) When the local welfare or local law enforcement agency determines that an interview should take place on school property, written notification of intent to interview the child on school property must be received by school officials prior to the interview. The notification shall include the name of the child to be interviewed, the purpose of the interview, and a reference to the statutory authority to conduct an interview on school property. For interviews conducted by the local welfare agency, the notification shall be signed by the chair of the county welfare board or the chair's designee. The notification shall be private data on individuals subject to the provisions of this paragraph. School officials may not disclose to the parent, legal custodian, or guardian the contents of the notification or any other related information regarding the interview until notified in writing by the local welfare or law enforcement agency that the investigation or assessment has been concluded. Until that time, the local welfare or law enforcement agency shall be solely responsible for any disclosures regarding the nature of the assessment or investigation.

Except where the alleged perpetrator is believed to be a school official or employee, the time and place, and manner of the interview on school premises shall be within the discretion of school officials, but the local welfare or law enforcement agency shall have the exclusive authority to determine who may attend the interview. The conditions as to time, place, and manner of the interview set by the school officials shall be reasonable and the interview shall be conducted not more than 24 hours after the receipt of the notification unless another time is considered necessary by agreement between the school officials and the local welfare or law enforcement agency. Where the school fails to comply with the provisions of this paragraph, the juvenile court may order the school to comply. Every effort must be made to reduce the disruption of the educational program of the child, other students, or school staff when an interview is conducted on school premises.

(e) Where the perpetrator or a person responsible for the care of the alleged victim or other minor prevents access to the victim or other minor by the local welfare agency, the juvenile court may order the parents, legal custodian, or guardian to produce the alleged victim or other minor for questioning by the local welfare agency or the local law enforcement agency outside the presence of the perpetrator or any person responsible for the child's care at reasonable places and times as specified by court order.

(f) Before making an order under paragraph (d), the court shall issue an order to show cause, either upon its own motion or upon a verified petition, specifying the basis for the requested interviews and fixing the time and place of the hearing. The order to show cause shall be served personally and shall be heard in the same manner as provided in other cases in the juvenile court. The court shall consider the need for appointment of a guardian ad litem to protect the best interests of the child. If appointed, the guardian ad litem shall be present at the hearing on the order to show cause.

(g) The commissioner, the ombudsman for mental health and mental retardation, the local welfare agencies responsible for investigating reports, and the local law enforcement agencies have the right to enter facilities as defined in subdivision 2 and to inspect and copy the facility's records, including medical records, as part of the investigation. Notwithstanding the provisions of chapter 13, they also have the right to inform the facility under investigation that they are conducting an investigation, to disclose to the facility the names of the individuals under investigation for abusing or neglecting a child, and to provide the facility with a copy of the report and the investigative findings."

Subdivision 1. [AUTHORIZATION.] The transit commission may appoint peace officers, as defined in section 626.84, subdivision 1, paragraph (c), and establish a law enforcement agency, as defined in section 626.84, subdivision 1, paragraph (h), known as the metropolitan transit commission police, to police its property and routes and to make arrests under sections 629.30 and 629.34. The jurisdiction of the law enforcement agency is limited to offenses relating to metropolitan transit commission property, equipment, employees, and passengers.

Subd. 2. [LIMITATIONS.] The initial processing of a person arrested by the transit commission police for an offense within the agency's jurisdiction is the responsibility of the metropolitan transit commission police unless otherwise directed by the law enforcement agency with primary jurisdiction. A subsequent investigation is the responsibility of the law enforcement agency of the jurisdiction in which the crime was committed. The transit commission police are not authorized to apply for a search warrant as prescribed in section 626.05.

Subd. 3. [POLICIES.] Before the metropolitan transit commission begins to operate its law enforcement agency within a city or county with an existing law enforcement agency, the metropolitan transit commission police shall develop, in conjunction with the law enforcement agencies, written policies that describe how the issues of joint jurisdiction will be resolved. The policies must also address the operation of emergency vehicles by transit commission police responding to commission emergencies. These policies must be filed with the board of peace officer standards and training by August 1, 1993. Revisions of any of these policies must be filed with the board within ten days of the effective date of the revision. The metropolitan transit commission shall train all of its peace officers regarding the application of these policies.

Subd. 4. [CHIEF LAW ENFORCEMENT OFFICER.] The commission shall appoint a peace officer employed full time to be the chief law enforcement officer and to be responsible for the management of the law enforcement agency. The person shall possess the necessary police and management experience and have the title of chief of metropolitan transit commission police services. All other police management and supervisory personnel must be employed full time by the commission. Supervisory personnel must be on duty and available any time transit commission police are on duty. The commission may not hire part-time peace officers as defined in section 626.84, subdivision 1, paragraph (f), except that the commission may appoint peace officers to work on a part-time basis not to exceed 30 full-time equivalents.

Subd. 5. [EMERGENCIES.] (a) The commission shall ensure that all emergency vehicles used by transit commission police are equipped with radios capable of receiving and transmitting on the same frequencies utilized by the law enforcement agencies that have primary jurisdiction.

(b) When the transit commission police receive an emergency call they shall notify the public safety agency with primary jurisdiction and coordinate the appropriate response.

(c) Transit commission police officers shall notify the primary jurisdictions of their response to any emergency.

Subd. 6. [COMPLIANCE.] Except as otherwise provided in this section, the transit commission police shall comply with all statutes and administrative rules relating to the operation and management of a law enforcement agency."

In making the decision to release an offender on this status, the commissioner must consider the offender's age and medical condition; the health care needs of the offender; the offender's custody classification and level of risk of violence; the appropriate level of community supervision; and alternative placements that may be available for the offender. 609.505 [FALSELY REPORTING CRIME.]

Whoever informs a law enforcement officer that a crime has been committed, knowing that it is false and intending that the officer shall act in reliance upon it, is guilty of a misdemeanor. A person who is convicted a second or subsequent time under this section is guilty of a gross misdemeanor.

Sec. 23. [609.5318] [CERTAIN LOCAL FORFEITURE ORDINANCES AUTHORIZED.]

Subdivision 1. [AUTHORITY.] A home rule charter or statutory city may enact an ordinance providing for the forfeiture of a motor vehicle used to commit or facilitate, or used during the commission of, a violation of section 609.324 or a violation of a local ordinance substantially similar to section 609.324. A motor vehicle is subject to forfeiture under an ordinance authorized by this section only if the offense is established by proof of a criminal conviction for the offense.

Subd. 2. [PROCEDURES.] Except as otherwise provided in this section, an ordinance adopted under the authority of this section shall contain procedures that are identical to those contained in sections 609.531, 609.5312, and 609.5313, including procedures that specifically prohibit the seizure or forfeiture of leased or rental vehicles.

Subd. 3. [ADDITIONAL PROCEDURES AND REQUIREMENTS.] (a) An ordinance adopted under the authority of this section must also contain the provisions described in this subdivision.

(b) The ordinance must provide that if a motor vehicle is seized in advance of a judicial forfeiture order, a hearing before a judge or referee must be held within 96 hours of the seizure. Notice of the hearing must be given to the registered owner within 48 hours of the seizure. The ordinance must also require the prosecuting authority to certify to the court, at or in advance of the hearing, that it has filed or intends to file charges against the alleged violator for violating section 609.324 or a local ordinance substantially similar to section 609.324.

(c) The ordinance must provide that after conducting a hearing described in paragraph (b), the court shall order that the motor vehicle be returned to the owner if:

(1) the prosecutor has failed to make the certification required by paragraph (b);

(2) the owner of the motor vehicle has demonstrated to the court's satisfaction that the owner has a defense to the forfeiture, including but not limited to the defenses contained in section 609.5312, subdivision 2; or

(3) the court determines that seizure of the vehicle creates or would create an undue hardship for members of the owner's family.

(d) The ordinance must provide that a court conducting a hearing under paragraph (b) also may order that the motor vehicle be returned to the owner if the owner surrenders the motor vehicle's certificate of title to the court, pending resolution of the criminal proceeding and forfeiture action. If the certificate is surrendered to the court, the owner may not be ordered to post security or bond as a condition to release of the vehicle. When a certificate of title is surrendered to a court under this provision, the court shall notify the department of public safety and any secured party noted on the certificate. The court shall also notify the department and the secured party when it returns a surrendered title to the motor vehicle owner.

(e) The ordinance must provide that if the motor vehicle is not forfeited, neither the owner nor the alleged violator will be responsible for paying any costs associated with the seizure or storage of the vehicle.

Subd. 4. [DISPOSITION OF FORFEITED PROPERTY.] An ordinance adopted under the authority of this section must provide that the proceeds from the sale of forfeited vehicles, after payment of seizure, storage, forfeiture, and sale expenses, and satisfaction of valid liens against the vehicle, be distributed as follows:

(1) 40 percent of the proceeds must be forwarded to the law enforcement agency for deposit as a supplement to the agency's operating fund or similar fund for use in law enforcement;

(2) 20 percent of the proceeds must be forwarded to the city attorney or other prosecuting agency that handled the forfeiture for deposit as a supplement to its operating fund or similar fund for prosecutorial purposes;

The commissioner shall promulgate pursuant to chapter 14, rules establishing minimum standards for these facilities with respect to their management, operation, physical condition, and the security, safety, health, treatment, and discipline of persons detained or confined therein. Commencing September 1, 1980, no individual, corporation, partnership, voluntary association, or other private organization legally responsible for the operation of a correctional facility may operate the facility unless licensed by the commissioner of corrections. The commissioner shall annually review the correctional facilities described in this subdivision, except as otherwise provided herein, to determine compliance with the minimum standards established pursuant to this subdivision. The commissioner shall grant a license to any facility found to conform to minimum standards or to any facility which, in the commissioner's judgment, is making satisfactory progress toward substantial conformity and the interests and well-being of the persons detained or confined therein are protected. The commissioner shall have access to the buildings, grounds, books, records, staff, and to persons detained or confined in these facilities. The commissioner may require the officers in charge of these facilities to furnish all information and statistics the commissioner deems necessary, at a time and place designated by the commissioner. The commissioner may require that any or all such information be provided through the department of corrections detention information system.

(2) Any state agency which regulates, inspects, or licenses certain aspects of correctional facilities shall, insofar as is possible, ensure that the minimum standards it requires are substantially the same as those required by other state agencies which regulate, inspect, or license the same aspects of similar types of correctional facilities, although at different correctional facilities.

(3) Nothing in this section shall be construed to limit the commissioner of corrections' authority to promulgate rules establishing standards of eligibility for counties to receive funds under sections 401.01 to 401.16, or to require counties to comply with operating standards the commissioner establishes as a condition precedent for counties to receive that funding.

(4) When the commissioner finds that any facility described in clause (1), except foster care facilities for delinquent children and youth as provided in subdivision 2, does not substantially conform to the minimum standards established by the commissioner and is not making satisfactory progress toward substantial conformance, the commissioner shall promptly notify the chief executive officer and the governing board of the facility of the deficiencies and order that they be remedied within a reasonable period of time. The commissioner may by written order restrict the use of any facility which does not substantially conform to minimum standards to prohibit the detention of any person therein for more than 72 hours at one time. When, after due notice and hearing, the commissioner finds that any facility described in this subdivision, except county jails and lockups as provided in sections 641.26, 642.10, and 642.11, does not conform to minimum standards, or is not making satisfactory progress toward substantial compliance therewith, the commissioner may issue an order revoking the license of that facility. After revocation of its license, that facility shall not be used until its license is renewed. When the commissioner is satisfied that satisfactory progress towards substantial compliance with minimum standard is being made, the commissioner may, at the request of the appropriate officials of the affected facility supported by a written schedule for compliance, grant an extension of time for a period not to exceed one year.

(5) As used in this subdivision, "correctional facility" means any facility, including a group home, having a residential component, the primary purpose of which is to serve persons placed therein by a court, court services department, parole authority, or other correctional agency having dispositional power over persons charged with, convicted, or adjudicated to be guilty or delinquent.

"Sec. 6. Minnesota Statutes 1992, section 62A.021, subdivision 1, is amended to read:

Subdivision 1. [LOSS RATIO STANDARDS.] Notwithstanding section 62A.02, subdivision 3, relating to loss ratios, a health care policy form or certificate form shall not be delivered or issued for delivery to an individual or to a small employer as defined in section 62L.02, unless the policy form or certificate form can be expected, as estimated for the entire period for which rates are computed to provide coverage, to return to Minnesota policyholders and certificate holders in the form of aggregate benefits not including anticipated refunds or credits, provided under the policy form or certificate form, (1) at least 75 percent of the aggregate amount of premiums earned in the case of policies issued in the small employer market, as defined in section 62L.02, subdivision 27; and (2) at least 65 percent of the aggregate amount of premiums earned in the case of policies issued in the individual market, calculated on the basis of incurred claims experience or incurred health care expenses where coverage is provided by a health maintenance organization on a service rather than reimbursement basis and earned premiums for the period and according to accepted actuarial principles and practices. A health carrier shall demonstrate that the third-year loss ratio is greater than or equal to the applicable percentage. Assessments by the reinsurance association created in chapter 62L and any types of taxes, surcharges, or assessments created by Laws 1992, chapter 549, or created on or after April 23, 1992, are included in the calculation of incurred claims experience or incurred health care expenses. The applicable percentage for policy

forms and certificate forms issued in the small employer market, as defined in section 62L.02, increases by one percentage point on July 1 of each year, until an 80 percent loss ratio is reached on July 1, 1998. The applicable percentage for policy forms and certificate forms issued in the individual market increases by one percentage point on July 1 of each year, until a 70 percent loss ratio is reached on July 1, 1998. Premiums earned and claims incurred in markets other than the small employer and individual markets are not relevant for purposes of this section.

Notwithstanding section 645.26, any act enacted at the 1992 1993 regular legislative session that amends or repeals section 62A.135 or that otherwise changes the loss ratios provided in that section is void.

All filings of rates and rating schedules shall demonstrate that actual expected claims in relation to premiums comply with the requirements of this section when combined with actual experience to date. Filings of rate revisions shall also demonstrate that the anticipated loss ratio over the entire future period for which the revised rates are computed to provide coverage can be expected to meet the appropriate loss ratio standards, and aggregate loss ratio from inception of the policy form or certificate form shall equal or exceed the appropriate loss ratio standards.

A health carrier that issues health care policies and certificates to individuals or to small employers, as defined in section 62L.02, in this state shall file annually its rates, rating schedule, and supporting documentation including ratios of incurred losses to earned premiums by policy form or certificate form duration for approval by the commissioner according to the filing requirements and procedures prescribed by the commissioner. The supporting documentation shall also demonstrate in accordance with actuarial standards of practice using reasonable assumptions that the appropriate loss ratio standards can be expected to be met over the entire period for which rates are computed. The demonstration shall exclude active life reserves. An expected third-year loss ratio which is greater than or equal to the applicable percentage shall be demonstrated for policy forms or certificate forms in force less than three years. If the data submitted does not confirm that the health carrier has satisfied the loss ratio requirements of this section, the commissioner shall notify the health carrier in writing of the deficiency. The health carrier shall have 30 days from the date of the commissioner's notice to file amended rates that comply with this section. If the health carrier fails to file amended rates within the prescribed time, the commissioner shall order that the health carrier's filed rates for the nonconforming policy form or certificate form be reduced to an amount that would have resulted in a loss ratio that complied with this section had it been in effect for the reporting period of the supplement. The health carrier's failure to file amended rates within the specified time or the issuance of the commissioner's order amending the rates does not preclude the health carrier from filing an amendment of its rates at a later time. The commissioner shall annually make the submitted data available to the public at a cost not to exceed the cost of copying. The data must be compiled in a form useful for consumers who wish to compare premium charges and loss ratios.

Each sale of a policy or certificate that does not comply with the loss ratio requirements of this section is an unfair or deceptive act or practice in the business of insurance and is subject to the penalties in sections 72A.17 to 72A.32.

For purposes of this section, health care policies issued as a result of solicitations of individuals through the mail or mass media advertising, including both print and broadcast advertising, shall be treated as individual policies.

For purposes of this section, (1) "health care policy" or "health care certificate" is a health plan as defined in section 62A.011; and (2) "health carrier" has the meaning given in section 62A.011 and includes all health carriers delivering or issuing for delivery health care policies or certificates in this state or offering these policies or certificates to residents of this state."

(2) "public authority" means the public authority responsible for child support enforcement; and

(3) "nonpublic assistance arrearage case" means a support case where arrearages have accrued that have not been assigned pursuant to section 256.74, subdivision 5.

Subd. 3. [AGENCY PARTICIPATION.] (a) The collection remedy under this section is in addition to and not in substitution for any other remedy available by law to the public authority. The public authority remains responsible for the case even after collection efforts are referred to the department of revenue, a private agency, or other collection entity.

(b) The department of revenue, a private agency, or other collection entity may not claim collections made on a case submitted by the public authority for a state tax offset under chapter 270A as a collection for the purposes of this project.

Subd. 4. [ELIGIBLE CASES.] (a) For a case to be eligible for a collection project, the criteria in paragraphs (b) and (c) must be met:

(b) Notice must be sent to the debtor, as defined in section 270A.03, subdivision 4, at the debtor's last known address at least 30 days before the date the collections effort is transferred. The notice must inform the debtor that the department of revenue or a private collections agency will use enforcement and collections remedies and may charge a fee of up to 30 percent of the arrearages. The notice must advise the debtor of the right to contest the debt on grounds limited to mistakes of fact. The debtor may contest the debt by submitting a written request for review to the public authority within 21 days of the date of the notice.

(c)(1) the arrearages owed must be based on a court or administrative order;

(2) the arrearages to be collected shall be at least \$100;

(3) the arrearages must be at least 90 days past due;

(4) for nonpublic assistance cases referred to private agencies, the arrearages must be a docketed judgment under sections 548.09 and 548.091; and

(5) any case from a county participating in the collections projects meeting the criteria under this subdivision shall be submitted for collection.

Subd. 5. [COUNTY PARTICIPATION.] (a) The commissioner of human services shall designate the counties to participate in the projects, after requesting counties to volunteer for the projects.

(b) The commissioner of human services shall designate which counties shall submit cases to the department of revenue, a private collection agency, or other collection entity.

Subd. 6. [FEES.] A collection fee set by the commissioner of human services shall be charged to the person obligated to pay the arrearages. The collection fee shall be in addition to the amount owed, and shall be retained by the commissioner of revenue, a private agency, or other collection entity to cover the costs of administering the collection service.

Subd. 7. [CONTRACTS.] (a) The commissioner of human services may contract with the commissioner of revenue, private agencies, or other collection entities to implement the projects, charge fees, and exchange necessary information.

(b) The commissioner of human services may provide an advance payment to the commissioner of revenue for collection services to be repaid to the department of human services out of subsequent collection fees.

(c) Summary reports of collections, fees, and other costs charged shall be submitted monthly to the state office of child support enforcement.

Subd. 8. [REMEDIES.] (a) The commissioner of revenue is authorized to use the tax collection remedies in sections 270.06, clause (7), 270.69 to 270.72, and 290.92, subdivision 23, and tax return information to collect arrearages. The statute of limitations provisions in chapter 270 do not apply to support arrearage cases.

(b) Liens arising under paragraph (a) shall be perfected by filing a notice of lien in the office of the secretary of state. The lien may be filed as long as the time period allowed by law for collecting the arrearages has not expired. The lien shall attach to all property of the debtor within the state, both real and personal. The lien shall be enforced under the provisions in section 270.69 relating to state tax liens.

Sec. 14. Minnesota Statutes 1992, section 257.66, subdivision 3, is amended to read:

Subd. 3. [JUDGMENT; ORDER.] The judgment or order shall contain provisions concerning the duty of support, the custody of the child, the name of the child, visitation privileges with the child, the furnishing of bond or other security for the payment of the judgment, or any other matter in the best interest of the child. Custody and visitation and all subsequent motions related to them shall proceed and be determined under section 257.541. The remaining matters and all subsequent motions related to them shall proceed and be determined in accordance with chapter 518. The judgment or order may direct the appropriate party to pay all or a proportion of the reasonable expenses of the mother's pregnancy and confinement, after consideration of the relevant facts, including the relative financial means of the parents; the earning ability of each parent; and any health insurance policies held by either parent, or by a spouse or parent of the parent, which would provide benefits for the expenses incurred by the mother during her pregnancy and confinement. Remedies available for the collection and enforcement of child support apply to confinement costs and are considered additional child support.

Sec. 15. Minnesota Statutes 1992, section 257.67, subdivision 3, is amended to read:

Subd. 3. Willful failure to obey the judgment or order of the court is a ~~civil~~ contempt of the court. All remedies for the enforcement of judgments apply including those available under chapters 518 and 518C and sections 518C.01 to 518C.36 and 256.871 to 256.878.

Sec. 16. Minnesota Statutes 1992, section 349A.08, subdivision 8, is amended to read:

Subd. 8. [WITHHOLDING OF DELINQUENT STATE TAXES OR OTHER DEBTS.] The director shall report the name, address, and social security number of each winner of a lottery prize of ~~\$1,000~~ \$600 or more to the department of revenue to determine whether the person who has won the prize is delinquent in payment of state taxes or owes a debt as defined in section 270A.03, subdivision 5. If the person is delinquent in payment of state taxes or owes a debt as defined in section 270A.03, subdivision 5, the director shall withhold the delinquent amount from the person's prize for remittance to the department of revenue for payment of the delinquent taxes or distribution to a claimant agency in accordance with chapter 270A. Section 270A.10 applies to the priority of claims.

Sec. 17. Minnesota Statutes 1992, section 518.14, is amended to read:

518.14 [COSTS AND DISBURSEMENTS AND ATTORNEY FEES.]

In a proceeding under this chapter, the court shall award attorney fees, costs, and disbursements in an amount necessary to enable a party to carry on or contest the proceeding, provided it finds:

(1) that the fees are necessary for the good-faith assertion of the party's rights in the proceeding and will not contribute unnecessarily to the length and expense of the proceeding;

(2) that the party from whom fees, costs, and disbursements are sought has the means to pay them; and

(3) that the party to whom fees, costs, and disbursements are awarded does not have the means to pay them.

Nothing in this section precludes the court from awarding, in its discretion, additional fees, costs, and disbursements against a party who unreasonably contributes to the length or expense of the proceeding. Fees, costs, and disbursements provided for in this section may be awarded at any point in the proceeding, including a modification proceeding under sections 518.18 and 518.64. The court may adjudge costs and disbursements against either party. The court may authorize the collection of money awarded by execution, or out of property sequestered, or in any other manner within the power of the court. An award of attorney's fees made by the court during the pendency of the proceeding or in the final judgment survives the proceeding and if not paid by the party directed to pay the same may be enforced as above provided or by a separate civil action brought in the attorney's own name. If the proceeding is dismissed or abandoned prior to determination and award of attorney's fees, the court may nevertheless award attorney's fees upon the attorney's motion. The award shall also survive the proceeding and may be enforced in the same manner as last above provided.

Sec. 18. Minnesota Statutes 1992, section 518.171, subdivision 1, is amended to read:

Subdivision 1. [ORDER.] ~~Unless the obligee has comparable or better group dependent health insurance coverage available at a more reasonable cost,~~ (a) The court shall order the obligor or obligee to name the minor child as beneficiary on any health and dental insurance plan that is comparable to or better than a number two qualified plan and available to the obligor either on a group basis or through an employer or union. "Health insurance coverage" as used in this section does not include medical assistance provided under chapter 256; 256B, or 256D.

(b) If the court finds that dependent health or dental insurance is not available to the obligor or obligee on a group basis or through an employer or union, or that the group insurer is not accessible to the obligee, the court may require the obligor (1) to obtain other dependent health or dental insurance, or (2) to be liable for reasonable and necessary medical or dental expenses of the child, or (3) to pay no less than \$50 per month to be applied to the medical and dental expenses of the children or to the cost of health insurance dependent coverage.

(c) If the court finds that the available dependent health or dental insurance required to be obtained by the obligor does not pay all the reasonable and necessary medical or dental expenses of the child, or that the dependent health or dental insurance available to the obligee does not pay all the reasonable and necessary medical or dental expenses of the child; including any existing or anticipated extraordinary medical expenses, and the court finds that the obligor has the financial ability to contribute to the payment of these medical or dental expenses, the court shall require the obligor to be liable for all or a portion of the medical or dental expenses of the child not covered by the required health or dental plan. Medical and dental expenses include, but are not limited to, necessary orthodontia and eye care, including prescription lenses.

(d) If the obligor is employed by a self-insured employer subject only to the federal Employee Retirement Income Security Act (ERISA) of 1974, and the insurance benefit plan meets the above requirements, the court shall order the obligor to enroll the dependents within 30 days of the court order effective date or be liable for all medical and dental expenses occurring while coverage is not in effect. If enrollment in the ERISA plan is precluded by exclusionary clauses, the court shall order the obligor to obtain other coverage or make payments as provided in paragraph (b) or (c).

(e) Unless otherwise agreed by the parties, if the court finds that the obligee is not receiving public assistance for the child and has the financial ability to contribute to the cost of medical and dental expenses for the child, including the cost of insurance, the court may order the obligee and obligor to each assume a portion of these expenses based on their proportionate share of their total net income as defined in section 518.54, subdivision 6.

(f) Payments ordered under this section are subject to section 518.611. An obligee who fails to apply payments received to the medical expenses of the dependents may be found in contempt of this order.

Sec. 19. Minnesota Statutes 1992, section 518.171, subdivision 2, is amended to read:

Subd. 2. [SPOUSAL OR EX-SPOUSAL COVERAGE.] The court shall require the obligor to provide dependent health and dental insurance for the benefit of the obligee if it is available at no additional cost to the obligor and in this case the provisions of this section apply.

Sec. 20. Minnesota Statutes 1992, section 518.171, is amended by adding a subdivision to read:

Subd. 2a. [EMPLOYER AND OBLIGOR NOTICE.] If an individual is hired for employment, the employer may request that the individual disclose whether the individual has court-ordered medical support obligations that are required by law to be withheld from income and the terms of the court order, if any. The employer may request that the individual disclose whether the individual has been ordered by a court to provide health and dental dependent insurance coverage. The individual shall disclose this information at the time of hiring. If an individual discloses that medical support is required to be withheld, the employer shall begin withholding according to the terms of the order and pursuant to section 518.611, subdivision 8. If an individual discloses an obligation to obtain health and dental dependent insurance coverage and coverage is available through the employer, the employer shall make all application processes known to the individual upon hiring and enroll the employee and dependent in the plan pursuant to subdivision 3.

Sec. 21. Minnesota Statutes 1992, section 518.171, subdivision 3, is amended to read:

Subd. 3. [IMPLEMENTATION.] A copy of the court order for insurance coverage shall be forwarded to the obligor's employer or union by the obligee or the public authority responsible for support enforcement only when ordered by the court or when the following conditions are met:

(1) the obligor fails to provide written proof to the obligee or the public authority, within 30 days of ~~receiving the~~ effective ~~notice~~ date of the court order, that the insurance has been obtained or that application for insurability has been made;

(2) the obligee or the public authority serves written notice of its intent to enforce medical support on the obligor by mail at the obligor's last known post office address; and

(3) the obligor fails within 15 days after the mailing of the notice to provide written proof to the obligee or the public authority that the insurance coverage existed as of the date of mailing.

The employer or union shall forward a copy of the order to the health and dental insurance plan offered by the employer.

Sec. 22. Minnesota Statutes 1992, section 518.171, subdivision 4, is amended to read:

Subd. 4. [EFFECT OF ORDER.] (a) The order is binding on the employer or union and the health and dental insurance plan when service under subdivision 3 has been made. Upon receipt of the order, or upon application of the obligor pursuant to the order, the employer or union and its health and dental insurance plan shall enroll the minor child as a beneficiary in the group insurance plan and withhold any required premium from the obligor's income or wages. If more than one plan is offered by the employer or union, the child shall be enrolled in the insurance plan in which the obligor is enrolled or the least costly plan otherwise available to the obligor that is comparable to a number two qualified plan.

(b) An employer or union that willfully fails to comply with the order is liable for any health or dental expenses incurred by the dependents during the period of time the dependents were eligible to be enrolled in the insurance program, and for any other premium costs incurred because the employer or union willfully failed to comply with the order. An employer or union that fails to comply with the order is subject to contempt under section 41 and is also subject to a fine of \$500 to be paid to the obligee or public authority. Fines paid to the public authority are designated for child support enforcement services.

(c) Failure of the obligor to execute any documents necessary to enroll the dependent in the group health and dental insurance plan will not affect the obligation of the employer or union and group health and dental insurance plan to enroll the dependent in a plan for which other eligibility requirements are met. Information and authorization provided by the public authority responsible for child support enforcement, or by the custodial parent or guardian, is valid for the purposes of meeting enrollment requirements of the health plan. The insurance coverage for a child eligible under subdivision 5 shall not be terminated except as authorized in subdivision 5.

Sec. 23. Minnesota Statutes 1992, section 518.171, subdivision 6, is amended to read:

Subd. 6. [INSURER REIMBURSEMENT; CORRESPONDENCE AND NOTICE.] (a) The signature of the custodial parent of the insured dependent is a valid authorization to the insurer for purposes of processing an insurance reimbursement payment to the provider of the medical services or to the custodial parent if medical services have been prepaid by the custodial parent.

(b) The insurer shall send copies of all correspondence regarding the insurance coverage to both parents. When an order for dependent insurance coverage is in effect and the obligor's employment is terminated, or the insurance coverage is terminated, the insurer shall notify the obligee within ten days of the termination date with notice of conversion privileges.

Sec. 24. Minnesota Statutes 1992, section 518.171, subdivision 7, is amended to read:

Subd. 7. [RELEASE OF INFORMATION.] When an order for dependent insurance coverage is in effect, the obligor's employer or union, or insurance agent shall release to the obligee or the public authority, upon request, information on the dependent coverage, including the name of the insurer. Notwithstanding any other law, information reported pursuant to section 268.121 shall be released to the public agency responsible for support enforcement that is enforcing an order for medical or dental insurance coverage under this section. The public agency responsible for support enforcement is authorized to release to the obligor's insurer or employer information necessary to obtain or enforce medical support.

Sec. 25. Minnesota Statutes 1992, section 518.171, subdivision 8, is amended to read:

Subd. 8. [OBLIGOR LIABILITY.] ~~The (a) An obligor that who fails to maintain the medical or dental insurance for the benefit of the children as ordered shall be or fails to provide other medical support as ordered is~~ liable to the obligee for any medical or dental expenses incurred from the effective date of the court order, including health and dental insurance premiums paid by the obligee because of the obligor's failure to obtain coverage as ordered. Proof of failure to maintain insurance or noncompliance with an order to provide other medical support constitutes a showing of increased need by the obligee pursuant to section 518.64 and provides a basis for a modification of the obligor's child support order.

(b) Payments for services rendered to the dependents that are directed to the obligor, in the form of reimbursement by the insurer, must be endorsed over to and forwarded to the vendor or custodial parent or public authority when the reimbursement is not owed to the obligor. An obligor retaining insurance reimbursement not owed to the obligor may be found in contempt of this order and held liable for the amount of the reimbursement. Upon written verification by the insurer of the amounts paid to the obligor, the reimbursement amount is subject to all enforcement remedies available under subdivision 10.

Sec. 26. Minnesota Statutes 1992, section 518.171, subdivision 10, is amended to read:

Subd. 10. [ENFORCEMENT.] Remedies available for the collection and enforcement of child support apply to medical support. For the purpose of enforcement, the costs of individual or group health or hospitalization coverage, dental coverage, all medical costs ordered by the court to be paid by the obligor, including health and dental insurance premiums paid by the obligee because of the obligor's failure to obtain coverage as ordered or liabilities established pursuant to subdivision 8, are additional child support.

Sec. 27. Minnesota Statutes 1992, section 518.24, is amended to read:

518.24 [SECURITY; SEQUESTRATION; CONTEMPT.]

In all cases when maintenance or support payments are ordered, the court may require sufficient security to be given for the payment of them according to the terms of the order. Upon neglect or refusal to give security, or upon failure to pay the maintenance or support, the court may sequester the obligor's personal estate and the rents and profits of real estate of the obligor, and appoint a receiver of them. The court may cause the personal estate and the rents and profits of the real estate to be applied according to the terms of the order. The obligor is presumed to have an income from a source sufficient to pay the maintenance or support order. A child support or maintenance order constitutes prima facie evidence that the obligor has the ability to pay the award. If the obligor disobeys the order, it is prima facie evidence of contempt.

Sec. 28. Minnesota Statutes 1992, section 518.54, subdivision 4, is amended to read:

Subd. 4. [SUPPORT MONEY; CHILD SUPPORT.] "Support money" or "child support" means:

(1) an award in a dissolution, legal separation, or annulment, or parentage proceeding for the care, support and education of any child of the marriage or of the parties to the ~~annulment~~ proceeding; or

(2) a contribution by parents ordered under section 256.87.

Sec. 29. Minnesota Statutes 1992, section 518.551, subdivision 1, is amended to read:

Subdivision 1. [SCOPE; PAYMENT TO PUBLIC AGENCY.] (a) This section applies to all proceedings involving an award of child support.

(b) The court shall direct that all payments ordered for maintenance and support be made to the public agency responsible for child support enforcement so long as the obligee is receiving or has applied for public assistance, or has applied for child support and maintenance collection services. Public authorities responsible for child support enforcement may act on behalf of other public authorities responsible for child support enforcement. This includes the authority to represent the legal interests of or execute documents on behalf of the other public authority in connection with the establishment, enforcement, and collection of child support, maintenance, or medical support, and collection on judgments. Amounts received by the public agency responsible for child support enforcement greater than the amount granted to the obligee shall be remitted to the obligee.

Sec. 30. Minnesota Statutes 1992, section 518.551, subdivision 5, is amended to read:

Subd. 5. [NOTICE TO PUBLIC AUTHORITY; GUIDELINES.] (a) The petitioner shall notify the public authority of all proceedings for dissolution, legal separation, determination of parentage or for the custody of a child, if either party is receiving aid to families with dependent children or applies for it subsequent to the commencement of the proceeding. After receipt of the notice, the court shall set child support as provided in this subdivision. The court may order either or both parents owing a duty of support to a child of the marriage to pay an amount reasonable or necessary for the child's support, without regard to marital misconduct. The court shall approve a child support stipulation of the parties if each party is represented by independent counsel, unless the stipulation does not meet the conditions of paragraph (h). In other cases the court shall determine and order child support in a specific dollar amount in accordance with the guidelines and the other factors set forth in paragraph (b) and any departure therefrom. The court may also order the obligor to pay child support in the form of a percentage share of the obligor's net bonuses, commissions, or other forms of compensation, in addition to, or if the obligor receives no base pay, in lieu of, an order for a specific dollar amount.

(b) The court shall derive a specific dollar amount for child support by multiplying the obligor's net income by the percentage indicated by the following guidelines:

Net Income Per Month of Obligor	Number of Children						
	1	2	3	4	5	6	7 or more
\$400 \$550 and Below	Order based on the ability of the obligor to provide support at these income levels, or at higher levels, if the obligor has the earning ability.

Guidelines for support for an obligor with a monthly income of ~~\$4,001~~ \$7,501 or more shall be the same dollar amounts as provided for in the guidelines for an obligor with a monthly income of ~~\$4,000~~ \$7,500 or the amount in effect under paragraph (k).

Net Income defined as:

Total monthly
income less

- *(i) Federal Income Tax
- *(ii) State Income Tax
- (iii) Social Security
Deductions
- (iv) Reasonable
Pension Deductions

*Standard

Deductions apply-

Insurance Coverage
- (vii) Cost of Individual or Group
Health/Hospitalization
Coverage or an
Amount for Actual
Medical Expenses
- (viii) A Child Support or
Maintenance Order that is
Currently Being Paid.

"Net income" does not include:

(1) the income of the obligor's spouse, but does include in-kind payments received by the obligor in the course of employment, self-employment, or operation of a business if the payments reduce the obligor's living expenses; or

(2) compensation received by a party for employment in excess of a 40-hour work week, provided that:

(i) support is nonetheless ordered in an amount at least equal to the guidelines amount based on income not excluded under this clause; and

(ii) the party demonstrates, and the court finds, that:

(A) the excess employment began after the filing of the petition for dissolution;

(B) the excess employment reflects an increase in the work schedule or hours worked over that of the two years immediately preceding the filing of the petition;

(C) the excess employment is voluntary and not a condition of employment;

(D) the excess employment is in the nature of additional, part-time or overtime employment compensable by the hour or fraction of an hour; and

(E) the party's compensation structure has not been changed for the purpose of affecting a support or maintenance obligation.

The court shall review the work related and education related child care costs of the custodial parent and shall allocate the costs to each parent in proportion to each parent's income after the transfer of child support. The cost of child care for purposes of this section is determined by subtracting the amount of any federal and state income tax credits available to a parent from the actual cost paid for child care. The amount allocated for child care expenses is considered child support.

~~(b)~~ (c) In addition to the child support guidelines, the court shall take into consideration the following factors in setting or modifying child support:

(1) all earnings, income, and resources of the parents, including real and personal property, but excluding income from excess employment of the obligor or obligee that meets the criteria of paragraph ~~(a)~~ (b), clause (2)(ii);

(2) the financial needs and resources, physical and emotional condition, and educational needs of the child or children to be supported;

(3) the standards of living the child would have enjoyed had the marriage not been dissolved, but recognizing that the parents now have separate households;

(4) ~~the amount of the aid to families with dependent children grant for the child or children;~~

(5) which parent receives the income taxation dependency exemption and what financial benefit the parent receives from it; and

(6) ~~(5)~~ the parents' debts as provided in paragraph (e) ~~(d)~~.

(e) ~~(d)~~ In establishing or modifying a support obligation, the court may consider debts owed to private creditors, but only if:

(1) the right to support has not been assigned under section 256.74;

(2) the court determines that the debt was reasonably incurred for necessary support of the child or parent or for the necessary generation of income. If the debt was incurred for the necessary generation of income, the court shall consider only the amount of debt that is essential to the continuing generation of income; and

(3) the party requesting a departure produces a sworn schedule of the debts, with supporting documentation, showing goods or services purchased, the recipient of them, the amount of the original debt, the outstanding balance, the monthly payment, and the number of months until the debt will be fully paid.

~~(d)~~ (e) Any schedule prepared under paragraph (e) ~~(d)~~, clause (3), shall contain a statement that the debt will be fully paid after the number of months shown in the schedule, barring emergencies beyond the party's control.

(e) ~~(f)~~ Any further departure below the guidelines that is based on a consideration of debts owed to private creditors shall not exceed 18 months in duration, after which the support shall increase automatically to the level ordered by the court. Nothing in this section shall be construed to prohibit one or more step increases in support to reflect debt retirement during the 18-month period.

~~(f)~~ ~~Where~~ (g) If payment of debt is ordered pursuant to this section, the payment shall be ordered to be in the nature of child support.

(g) ~~(h)~~ Nothing shall preclude the court from receiving evidence on the above factors to determine if the guidelines should be exceeded or modified in a particular case.

~~(h)~~ (i) The guidelines in this subdivision are a rebuttable presumption and shall be used in all cases when establishing or modifying child support. If the court does not deviate from the guidelines, the court shall make written findings concerning the amount of the obligor's income used as the basis for the guidelines calculation and any other significant evidentiary factors affecting the determination of child support. If the court deviates from the guidelines, the court shall make written findings giving the reasons for the deviation and shall specifically address the criteria in paragraph (b) and how the deviation serves the best interest of the child. The provisions of this paragraph apply whether or not the parties are each represented by independent counsel and have entered into a written agreement. The court shall review stipulations presented to it for conformity to the guidelines and the court is not required to conduct a hearing, but the parties shall provide the documentation of earnings required under subdivision 5b.

(j) If the child support payments are assigned to the public agency under section 256.74, the court may not deviate downward from the child support guidelines in the establishment of a child support order unless the court specifically finds that the failure to deviate downward would impose an extreme hardship on the obligor.

(k) The dollar amount of the income limit for application of the guidelines must be adjusted on July 1 of every even-numbered year to reflect cost-of-living changes. The supreme court shall select the index for the adjustment from the indices listed in section 518.641. The state court administrator shall make the changes in the dollar amount required by this paragraph available to courts and the public on or before April 30 of the year in which the amount is to change.

Sec. 31. Minnesota Statutes 1992, section 518.551, subdivision 5b, is amended to read:

Subd. 5b. [DETERMINATION OF INCOME.] (a) The parties shall timely serve and file documentation of earnings and income. When there is a prehearing conference, the court must receive the documentation of income at least ten days prior to the prehearing conference. Documentation of earnings and income also includes, but is not limited to, pay stubs for the most recent three months, employer statements, or statement of receipts and expenses if self-employed. Documentation of earnings and income also includes copies of each parent's most recent federal tax returns, including W-2 forms, 1099 forms, unemployment compensation statements, workers' compensation statements, and all other documents evidencing income as received that provide verification of income over a longer period.

(b) In addition to the requirements of paragraph (a), at any time after an action seeking child support has been commenced or when a child support order is in effect, a party or the public authority may require the other party to give them a copy of the party's most recent federal tax returns that were filed with the Internal Revenue Service. The party shall provide a copy of the tax returns within 30 days of receipt of the request unless the request is not made in good faith. Failure of a party, without leave of the court, to provide a true and accurate copy of the tax return as required under this paragraph may be contempt of court. A request under this paragraph may not be made more than once every two years, in the absence of good cause.

(c) If a parent under the jurisdiction of the court does not appear at a court hearing after proper notice of the time and place of the hearing, the court shall set income for that parent based on credible evidence before the court or in accordance with paragraph (e) (d). Credible evidence may include documentation of current or recent income, testimony of the other parent concerning recent earnings and income levels, and the parent's wage reports filed with the Minnesota department of jobs and training under section 268.121.

(e) (d) If the court finds that a parent is voluntarily unemployed or underemployed, child support shall be calculated based on a determination of imputed income. A parent is not considered voluntarily unemployed or underemployed upon a showing by the parent that the unemployment or underemployment: (1) is temporary and will ultimately lead to an increase in income; or (2) represents a bona fide career change that outweighs the adverse effect of that parent's diminished income on the child. Imputed income means the estimated earning ability of a parent based on the parent's prior earnings history, education, and job skills, and on availability of jobs within the community for an individual with the parent's qualifications. If the court is unable to determine or estimate the earning ability of a parent, the court may calculate child support based on full-time employment of 40 hours per week at the federal minimum wage or the Minnesota minimum wage, whichever is higher. If a parent is a recipient of public assistance under sections 256.72 to 256.87 or chapter 256D, or is physically or mentally incapacitated, it shall be presumed that the parent is not voluntarily unemployed or underemployed.

Sec. 32. Minnesota Statutes 1992, section 518.551, is amended by adding a subdivision to read:

Subd. 5d. [EDUCATION TRUST FUND.] If the child support order provides the child with a reasonable standard of living, the parties may agree to designate a sum of money as a trust fund for the costs of post-secondary education.

Sec. 33. Minnesota Statutes 1992, section 518.551, subdivision 7, is amended to read:

Subd. 7. [SERVICE FEE.] When the public agency responsible for child support enforcement provides child support collection services either to a public assistance recipient or to a party who does not receive public assistance, the public agency may upon written notice to the obligor charge a monthly collection fee equivalent to the full monthly cost to the county of providing collection services, in addition to the amount of the child support which was ordered by the court. The fee shall be deposited in the county general fund. The service fee assessed is limited to ten percent of the monthly court ordered child support and shall not be assessed to obligors who are current in payment of the monthly court ordered child support.

An application fee ~~not to exceed~~ of \$25 shall be paid by the person who applies for child support and maintenance collection services, except persons who transfer from public assistance to nonpublic assistance status. Fees assessed by state and federal tax agencies for collection of overdue support owed to or on behalf of a person not receiving public assistance must be imposed on the person for whom these services are provided. The public authority upon written notice to the obligee shall assess a fee of \$25 to the person not receiving public assistance for each successful federal tax interception. The fee must be withheld prior to the release of the funds received from each interception and deposited in the general fund.

However, the limitations of this subdivision on the assessment of fees shall not apply to the extent inconsistent with the requirements of federal law for receiving funds for the programs under Title IV-A and Title IV-D of the Social Security Act, United States Code, title 42, sections 601 to 613 and United States Code, title 42, sections 651 to 662.

(c) For the purpose of this process, all powers, duties, and responsibilities conferred on judges of the district court to obtain and enforce child and medical support and maintenance obligations, subject to the limitation set forth herein, are conferred on the administrative law judge conducting the proceedings, including the power to issue orders to show cause and to issue bench warrants for failure to appear.

All other aspects of the case, including, but not limited to, pleadings, discovery, and motions, shall be conducted under the rules of family court, the rules of civil procedure, and chapter 518. The administrative law judge shall make findings of fact, conclusions, and a final decision and issue an order. Orders issued by an administrative law judge are enforceable by the contempt powers of the county and district courts.

(g) The decision and order of the administrative law judge is appealable to the court of appeals in the same manner as a decision of the district court.

(h) The commissioner of human services shall distribute money for this purpose to counties to cover the costs of the administrative process, including the salaries of administrative law judges. If available appropriations are insufficient to cover the costs, the commissioner shall prorate the amount among the counties.

Subd. 12. [OCCUPATIONAL LICENSE SUSPENSION.] Upon petition of an obligee or public agency responsible for child support enforcement, if the court finds that the obligor is or may be licensed by a licensing board listed in section 214.01 or other state agency or board that issues an occupational license and the obligor is in arrears in court-ordered child support payments, the court may direct the licensing board or other licensing agency to conduct

a hearing under section 214.101 concerning suspension of the obligor's license. If the obligor is a licensed attorney, the court may report the matter to the lawyers professional responsibility board for appropriate action in accordance with the rules of professional conduct. Subd. 4. [OTHER CUSTODIANS.] If a child resides with a person other than a parent and the court approves of the custody arrangement, the court may order child support payments to be made to the custodian regardless of whether the person has legal custody.

Sec. 38. Minnesota Statutes 1992, section 518.611, subdivision 4, is amended to read:

Subd. 4. [EFFECT OF ORDER.] (a) Notwithstanding any law to the contrary, the order is binding on the employer, trustee, payor of the funds, or financial institution when service under subdivision 2 has been made. Withholding must begin no later than the first pay period that occurs after 14 days following the date of the notice. In the case of a financial institution, preauthorized transfers must occur in accordance with a court-ordered payment schedule. An employer, payor of funds, or financial institution in this state is required to withhold income according to court orders for withholding issued by other states or territories. The payor shall withhold from the income payable to the obligor the amount specified in the order and amounts required under subdivision 2 and section 518.613 and shall remit, within ten days of the date the obligor is paid the remainder of the income, the amounts withheld to the public authority. The payor shall identify on the remittance information the date the obligor is paid the remainder of the income. The obligor is considered to have paid the amount withheld as of the date the obligor received the remainder of the income. (b) Employers may combine all amounts withheld from one pay period into one payment to each public authority, but shall separately identify each obligor making payment. Amounts received by the public authority which are in excess of public assistance expended for the party or for a child shall be remitted to the party.

(c) An employer shall not discharge, or refuse to hire, or otherwise discipline an employee as a result of a wage or salary withholding authorized by this section. The employer or other payor of funds shall be liable to the obligee for any amounts required to be withheld. A financial institution is liable to the obligee if funds in any of the obligor's deposit accounts identified in the court order equal the amount stated in the preauthorization agreement but are not transferred by the financial institution in accordance with the agreement. An employer or other payor of funds that fails to withhold or transfer funds in accordance with this section is also liable to the obligee for interest on the funds at the rate applicable to judgments under section 549.09, computed from the date the funds were required to be withheld or transferred. An employer or other payor of funds is liable for reasonable attorney fees of the obligee or public authority incurred in enforcing the liability under this paragraph. An employer or other payor of funds that has failed to comply with the requirements of this section is subject to contempt sanctions under section 41.

Sec. 39. Minnesota Statutes 1992, section 518.613, subdivision 1, is amended to read:

Subdivision 1. [GENERAL.] Notwithstanding any provision of section 518.611, subdivision 2 or 3, to the contrary, whenever an obligation for child support or maintenance, enforced by the public authority, is initially determined and ordered or modified by the court in a county in which this section applies, the amount of child support or maintenance ordered by the court and any fees assessed by the public authority responsible for child support enforcement must be withheld from the income, regardless of source, of the person obligated to pay the support.

Sec. 40. [518.615] [EMPLOYER CONTEMPT.]

Subdivision 1. [ORDERS BINDING.] Income withholding or medical support orders issued pursuant to sections 518.171, 518.611, and 518.613 are binding on the employer, trustee, or other payor of funds after the order and notice of income withholding or enforcement of medical support has been served on the employer, trustee, or payor of funds.

Subd. 2. [CONTEMPT ACTION.] An obligee or the public agency responsible for child support enforcement may initiate a contempt action against an employer, trustee, or payor of funds, within the action that created the support obligation, by serving an order to show cause upon the employer, trustee, or payor of funds.

The employer, trustee, or payor of funds is presumed to be in contempt:

(1) if the employer, trustee, or payor of funds has intentionally failed to withhold support after receiving the order and notice of income withholding or notice of enforcement of medical support; or

(2) upon presentation of pay stubs or similar documentation showing the employer, trustee, or payor of funds withheld support and demonstration that the employer, trustee, or payor of funds intentionally failed to remit support to the agency responsible for child support enforcement.

Subd. 3. [LIABILITY.] The employer, trustee, or payor of funds is liable to the obligee or the agency responsible for child support enforcement for any amounts required to be withheld that were not paid. The court may enter judgment against the employer, trustee, or payor of funds for support not withheld or remitted. The court may also impose contempt sanctions under chapter 588.

After an order for maintenance or support money, temporary or permanent, or for the appointment of trustees to receive property awarded as maintenance or support money, the court may from time to time, on motion of either of the parties, a copy of which is served on the public authority responsible for child support enforcement if payments are made through it, or on motion of the public authority responsible for support enforcement, modify the order respecting the amount of maintenance or support money, and the payment of it, and also respecting the appropriation and payment of the principal and income of property held in trust, and may make an order respecting these matters which it might have made in the original proceeding, except as herein otherwise provided. A party or the public authority also may bring a motion for contempt of court if the obligor is in arrears in support or maintenance payments.

Sec. 42. Minnesota Statutes 1992, section 518.64, subdivision 2, is amended to read:

Subd. 2. [MODIFICATION.] (a) The terms of an order respecting maintenance or support may be modified upon a showing of one or more of the following: (1) substantially increased or decreased earnings of a party; (2) substantially increased or decreased need of a party or the child or children that are the subject of these proceedings; (3) receipt of assistance under sections 256.72 to 256.87; ~~or~~ (4) a change in the cost of living for either party as measured by the federal bureau of statistics, any of which makes the terms unreasonable and unfair; or (5) extraordinary medical expenses of the child not provided for under section 518.171.

It is presumed that there has been a substantial change in circumstances under clause (1), (2), or (4) and the terms of a current support order shall be rebuttably presumed to be unreasonable and unfair if the application of the child support guidelines in section 518.551, subdivision 5, to the current circumstances of the parties results in a calculated court order that is at least 20 percent and at least \$50 per month higher or lower than the current support order.

(b) On a motion for modification of maintenance, including a motion for the extension of the duration of a maintenance award, the court shall apply, in addition to all other relevant factors, the factors for an award of maintenance under section 518.552 that exist at the time of the motion. On a motion for modification of support, the court:

(1) shall apply section 518.551, subdivision 5, and shall not consider the financial circumstances of each party's spouse, if any; and

(2) shall not consider compensation received by a party for employment in excess of a 40-hour work week, provided that the party demonstrates, and the court finds, that:

(i) the excess employment began after entry of the existing support order;

- (ii) the excess employment is voluntary and not a condition of employment;
 - (iii) the excess employment is in the nature of additional, part-time employment, or overtime employment compensable by the hour or fractions of an hour;
 - (iv) the party's compensation structure has not been changed for the purpose of affecting a support or maintenance obligation;
 - (v) in the case of an obligor, current child support payments are at least equal to the guidelines amount based on income not excluded under this clause; and
 - (vi) in the case of an obligor who is in arrears in child support payments to the obligee, any net income from excess employment must be used to pay the arrearages until the arrearages are paid in full.
- (c) A modification of support or maintenance may be made retroactive only with respect to any period during which the petitioning party has pending a motion for modification but only from the date of service of notice of the motion on the responding party and on the public authority if public assistance is being furnished or the county attorney is the attorney of record. However, modification may be applied to an earlier period if the court makes express findings that the party seeking modification was precluded from serving a motion by reason of a significant physical or mental disability, a material misrepresentation of another party, or fraud upon the court and that the party seeking modification, when no longer precluded, promptly served a motion.
- (d) Except for an award of the right of occupancy of the homestead, provided in section 518.63, all divisions of real and personal property provided by section 518.58 shall be final, and may be revoked or modified only where the court finds the existence of conditions that justify reopening a judgment under the laws of this state, including motions under section 518.145, subdivision 2. The court may impose a lien or charge on the divided property at any time while the property, or subsequently acquired property, is owned by the parties or either of them, for the payment of maintenance or support money, or may sequester the property as is provided by section 518.24.
- (e) The court need not hold an evidentiary hearing on a motion for modification of maintenance or support.
- (f) Section 518.14 shall govern the award of attorney fees for motions brought under this subdivision.

Sec. 43. Minnesota Statutes 1992, section 518.64, subdivision 5, is amended to read:

Subd. 5. [FORM.] The department of human services shall prepare and make available to courts, obligors and persons to whom child support is owed a form to be submitted by the obligor or the person to whom child support is owed in support of a motion for a modification of an order for support or maintenance or for contempt of court. The rulemaking provisions of chapter 14 shall not apply to the preparation of the form.

Sec. 44. Minnesota Statutes 1992, section 518.64, subdivision 6, is amended to read:

Subd. 6. [EXPEDITED PROCEDURE.] (a) The public authority may seek a modification of the child support order in accordance with the rules of civil procedure or under the expedited procedures in this subdivision.

(b) The public authority may serve the following documents upon the obligor either by certified mail or in the manner provided for service of ~~a summons~~ other pleadings under the rules of civil procedure:

- (i) a notice of its application for modification of the obligor's support order stating the amount and effective date of the proposed modification which date shall be no sooner than 30 days from the date of service;
- (ii) an affidavit setting out the basis for the modification under subdivision 2, including evidence of the current income of the parties;
- (iii) any other documents the public authority intends to file with the court in support of the modification;
- (iv) the proposed order;

(v) notice to the obligor that if the obligor fails to move the court and request a hearing on the issue of modification of the support order within 30 days of service of the notice of application for modification, the public authority will likely obtain an order, ex parte, modifying the support order; and

(vi) an explanation to the obligor of how a hearing can be requested, together with a motion for review form that the obligor can complete and file with the court to request a hearing.

(c) If the obligor moves the court for a hearing, any modification must be stayed until the court has had the opportunity to determine the issue. Any modification ordered by the court is effective on the date set out in the notice of application for modification, but no earlier than 30 days following the date the obligor was served.

(d) If the obligor fails to move the court for hearing within 30 days of service of the notice, the public authority shall file with the court a copy of the notice served on the obligor as well as all documents served on the obligor, proof of service, and a proposed order modifying support.

(e) If, following judicial review, the court determines that the procedures provided for in this subdivision have been followed and the requested modification is appropriate, the order shall be signed ex parte and entered.

(f) Failure of the court to enter an order under this subdivision does not prejudice the right of the public authority or either party to seek modification in accordance with the rules of civil procedure.

(g) The supreme court shall develop standard forms for the notice of application of modification of the support order, the supporting affidavit, the obligor's responsive motion, and proposed order granting the modification.

Sec. 45. [518.585] [NOTICE OF INTEREST ON LATE CHILD SUPPORT.]

Any judgment or decree of dissolution or legal separation containing a requirement of child support and any determination of parentage, order under chapter 518C, order under section 256.87, or order under section 260.251 must include a notice to the parties that section 49 provides for interest to begin accruing on a payment or installment of child support whenever the unpaid amount due is greater than the current support due.

(c) A postnuptial contract or settlement is valid and enforceable only if at the time of its execution each spouse is represented by separate legal counsel.

This exception does not apply to a civil action or proceeding by one against the other, nor to a criminal action or proceeding for a crime committed by one against the other or against a child of either or against a child under the care of either spouse, nor to a criminal action or proceeding in which one is charged with homicide or an attempt to commit homicide and the date of the marriage of the defendant is subsequent to the date of the offense, nor to an action or proceeding for nonsupport, neglect, dependency, or termination of parental rights.

(b) An attorney cannot, without the consent of the attorney's client, be examined as to any communication made by the client to the attorney or the attorney's advice given thereon in the course of professional duty; nor can any employee of the attorney be examined as to the communication or advice, without the client's consent.

(c) An attorney employed by, under contract to, or representing a public authority in connection with a child support enforcement program cannot, without the consent of an individual applying for child support services or the consent of an AFDC recipient whose right to support has been assigned, be examined as to any communication made by the individual applicant or the AFDC recipient to the attorney, or communications made by the attorney to the individual applicant or the AFDC recipient in the course of the attorney's representation of the public authority in connection with a child support enforcement program; nor can an employee of the attorney be examined as to the communication, without the consent of the individual applicant or the AFDC recipient.

(d) A member of the clergy or other minister of any religion shall not, without the consent of the party making the confession, be allowed to disclose a confession made to the member of the clergy or other minister in a professional character, in the course of discipline enjoined by the rules or practice of the religious body to which the member of the clergy or other minister belongs; nor shall a member of the clergy or other minister of any religion be examined as to any communication made to the member of the clergy or other minister by any person seeking religious or spiritual advice, aid, or comfort or advice given thereon in the course of the member of the clergy's or other minister's professional character, without the consent of the person.

(e) A licensed physician or surgeon, dentist, or chiropractor shall not, without the consent of the patient, be allowed to disclose any information or any opinion based thereon which the professional acquired in attending the patient in a professional capacity, and which was necessary to enable the professional to act in that capacity; after the decease of the patient, in an action to recover insurance benefits, where the insurance has been in existence two years or more, the beneficiaries shall be deemed to be the personal representatives of the deceased person for the purpose of waiving this privilege, and no oral or written waiver of the privilege shall have any binding force or effect except when made upon the trial or examination where the evidence is offered or received.

(f) A public officer shall not be allowed to disclose communications made to the officer in official confidence when the public interest would suffer by the disclosure.

(g) Persons of unsound mind and persons intoxicated at the time of their production for examination are not competent witnesses if they lack capacity to remember or to relate truthfully facts respecting which they are examined.

(h) A registered nurse, psychologist or consulting psychologist shall not, without the consent of the professional's client, be allowed to disclose any information or opinion based thereon which the professional has acquired in attending the client in a professional capacity, and which was necessary to enable the professional to act in that capacity.

(i) An interpreter for a person handicapped in communication shall not, without the consent of the person, be allowed to disclose any communication if the communication would, if the interpreter were not present, be privileged. For purposes of this section, a "person handicapped in communication" means a person who, because of a hearing, speech or other communication disorder, or because of the inability to speak or comprehend the English language, is unable to understand the proceedings in which the person is required to participate. The presence of an interpreter as an aid to communication does not destroy an otherwise existing privilege.

(j) Licensed chemical dependency counselors shall not disclose information or an opinion based on the information which they acquire from persons consulting them in their professional capacities, and which was necessary to enable them to act in that capacity, except that they may do so:

(1) when informed consent has been obtained in writing, except in those circumstances in which not to do so would violate the law or would result in clear and imminent danger to the client or others;

(2) when the communications reveal the contemplation or ongoing commission of a crime; or

(3) when the consulting person waives the privilege by bringing suit or filing charges against the licensed professional whom that person consulted.

(j) (k) A parent or the parent's minor child may not be examined as to any communication made in confidence by the minor to the minor's parent. A communication is confidential if made out of the presence of persons not members of the child's immediate family living in the same household. This exception may be waived by express consent to disclosure by a parent entitled to claim the privilege or by the child who made the communication or by failure of the child or parent to object when the contents of a communication are demanded. This exception does not apply to a civil action or proceeding by one spouse against the other or by a parent or child against the other, nor to a proceeding to commit either the child or parent to whom the communication was made or to place the person or property or either under the control of another because of an alleged mental or physical condition, nor to a criminal action or proceeding in which the parent is charged with a crime committed against the person or property of the communicating child, the parent's spouse, or a child of either the parent or the parent's spouse, or in which a child is charged with a crime or act of delinquency committed against the person or property of a parent or a child of a parent, nor to an action or proceeding for termination of parental rights, nor any other action or proceeding on a petition alleging child abuse, child neglect, abandonment or nonsupport by a parent.

(k) (l) Sexual assault counselors may not be compelled to testify about any opinion or information received from or about the victim without the consent of the victim. However, a counselor may be compelled to identify or disclose information in investigations or proceedings related to neglect or termination of parental rights if the court determines good cause exists. In determining whether to compel disclosure, the court shall weigh the public interest and need for disclosure against the effect on the victim, the treatment relationship, and the treatment services if disclosure occurs. Nothing in this clause exempts sexual assault counselors from compliance with the provisions of sections 626.556 and 626.557.

"Sexual assault counselor" for the purpose of this section means a person who has undergone at least 40 hours of crisis counseling training and works under the direction of a supervisor in a crisis center, whose primary purpose is to render advice, counseling, or assistance to victims of sexual assault.

(l) (m) A person cannot be examined as to any communication or document, including worknotes, made or used in the course of or because of mediation pursuant to an agreement to mediate. This does not apply to the parties in the dispute in an application to a court by a party to have a mediated settlement agreement set aside or reformed. A communication or document otherwise not privileged does not become privileged because of this paragraph. This paragraph is not intended to limit the privilege accorded to communication during mediation by the common law.

(m) (n) A child under ten years of age is a competent witness unless the court finds that the child lacks the capacity to remember or to relate truthfully facts respecting which the child is examined. A child describing any act or event may use language appropriate for a child of that age.

"ARTICLE 1

INTEGRATED SERVICE NETWORKS

Section 1. [62N.01] [CITATION AND PURPOSE.]

Subdivision 1. [CITATION.] Sections 62N.01 to 62N.24 may be cited as the "Minnesota integrated service network act."

Subd. 2. [PURPOSE.] Sections 62N.01 to 62N.24 allow the creation of integrated service networks that will be responsible for arranging for or delivering a full array of health care services, from routine primary and preventive care through acute inpatient hospital care, to a defined population for a fixed price from a purchaser.

Each integrated service network is accountable to keep its total revenues within the limit of growth set by the commissioner of health under section 62N.05, subdivision 2, clause (1). Integrated service networks can be formed by health care providers, health maintenance organizations, insurance companies, employers, or other organizations. Competition between integrated service networks on the quality and price of health care services is encouraged.

Sec. 2. [62N.02] [DEFINITIONS.]

Subdivision 1. [APPLICATION.] The definitions in this section apply to sections 62N.01 to 62N.24.

Subd. 2. [ACCREDITED CAPITATED PROVIDER.] "Accredited capitated provider" means a health care providing entity meeting the requirements of section 62N.201.

Subd. 3. [COMMISSION.] "Commission" means the health care commission established under section 62J.05.

Subd. 4. [COMMISSIONER.] "Commissioner" means the commissioner of health or that commissioner's designated representative, or the commissioner of commerce or that commissioner's designated representative, as appropriate under section 62N.04.

Subd. 6. [HEALTH CARE PROVIDING ENTITY.] "Health care providing entity" means a participating entity that provides health care to enrollees through an integrated service network.

Subd. 6a. [HEALTH CARRIER.] "Health carrier" has the meaning given in section 62A.011.

Subd. 7. [HEALTH PLAN.] "Health plan" means a health plan as defined in section 62A.011 or coverage by an integrated service network.

Subd. 8. [INTEGRATED SERVICE NETWORK.] "Integrated service network" means a formal arrangement permitted by this chapter for providing health services under this chapter to enrollees for a fixed payment per time period.

Subd. 9. [NETWORK.] "Network" means an integrated service network as defined in this section.

Subd. 10. [PARTICIPATING ENTITY.] "Participating entity" means a health care providing entity, a risk-bearing entity, or an entity providing other services through an integrated service network.

Subd. 11. [PRICE.] "Price" means the actual amount of money paid, after discounts or other adjustments, by the person or organization paying money to buy health care coverage and health care services. "Price" does not mean the cost or costs incurred by a network or other entity to provide health care services to individuals.

Subd. 12. [RISK-BEARING ENTITY.] "Risk-bearing entity" means an entity that participates in an integrated service network so as to bear all or part of the risk of loss. "Risk-bearing entity" includes an entity that provides reinsurance, stop-loss, excess-of-loss, and similar coverage.

Sec. 3. [62N.03] [APPLICABILITY OF OTHER LAW.]

Chapters 60A, 60B, 60C, 61A, 61B, 62A, 62C, 62D, 62E, 62H, 62L, 62M, and 64B do not, except as expressly provided in this chapter or in those other chapters, apply to integrated service networks, or to entities otherwise subject to those chapters, with respect to participation by those entities in integrated service networks. Chapters 72A and 72C apply to integrated service networks, except as otherwise expressly provided in this chapter.

Integrated service networks are in "the business of insurance" for purposes of the federal McCarran-Ferguson Act, United States Code, title 15, section 1012, are "domestic insurance companies" for purposes of the federal Bankruptcy Reform Act of 1978, United States Code, title 11, section 109, and are "insurance" for purposes of the federal Employee Retirement Income Security Act, United States Code, title 29, section 1144.

Sec. 4. [62N.04] [REGULATION.]

(a) Except as otherwise provided in paragraph (b), integrated service networks are under the supervision of the commissioner of health who shall enforce this chapter. The commissioner of health has, with respect to this chapter, all enforcement and rulemaking powers available to the commissioner of health under section 62D.17.

(b) Integrated service networks operated by health carriers, as defined in section 62A.011, other than health maintenance organizations, are under the supervision of the commissioner of commerce, who shall enforce this chapter with respect to those networks. The commissioner of commerce has, for purposes of this chapter, all enforcement and rulemaking powers otherwise available to the commissioner of commerce with respect to the health carrier involved, or available to the commissioner of health for purposes of this chapter.

Sec. 5. [62N.05] [RULES GOVERNING INTEGRATED SERVICE NETWORKS.]

Subdivision 1. [RULES.] The commissioner, in consultation with the commission, may adopt emergency and permanent rules to establish more detailed requirements governing integrated service networks in accordance with this chapter.

Subd. 2. [REQUIREMENTS.] The commissioner shall include in the rules requirements that will ensure that the annual rate of growth of an integrated service network's aggregate total revenues received from purchasers and enrollees, after adjustments for changes in population size and risk, does not exceed the growth limit established in section 62J.04. A network's aggregate total revenues for purposes of these growth limits are net of the contributions, surcharges, taxes, and assessments listed in section 62O.04, subdivision 2, that the network pays. The commissioner may include in the rules the following:

- (1) requirements for licensure, including a fee for initial application and an annual fee for renewal;
- (2) quality standards;

- (3) requirements for availability and comprehensiveness of services;
- (4) requirements regarding the defined population to be served by an integrated service network;
- (5) requirements for open enrollment;
- (6) provisions for incentives for networks to accept as enrollees individuals who have high risks for needing health care services and individuals and groups with special needs;
- (7) prohibitions against disenrolling individuals or groups with high risks or special needs;
- (8) requirements that an integrated service network provide to its enrollees information on coverage, including any limitations on coverage, deductibles and copayments, optional services available and the price or prices of those services, any restrictions on emergency services and services provided outside of the network's service area, any responsibilities enrollees have, and describing how an enrollee can use the network's enrollee complaint resolution system;
- (9) requirements for financial solvency and stability;
- (10) a deposit requirement;
- (11) financial reporting and examination requirements;
- (12) limits on copayments and deductibles;
- (13) mechanisms to prevent and remedy unfair competition;
- (14) provisions to reduce or eliminate undesirable barriers to the formation of new integrated service networks;
- (15) requirements for maintenance and reporting of information on costs, prices, revenues, volume of services, and outcomes and quality of services;
- (16) a provision allowing an integrated service network to set credentialing standards for practitioners employed by or under contract with the network;
- (17) a requirement that an integrated service network employ or contract with practitioners and other health care providers, and minimum requirements for those contracts if the commissioner deems requirements to be necessary to ensure that each network will be able to control expenditures and revenues or to protect enrollees and potential enrollees;
- (18) provisions regarding liability for medical malpractice;
- (19) a method or methods to facilitate and encourage the appropriate provision of services by midlevel practitioners;
- (20) provisions regarding permissible and impermissible underwriting criteria applicable to the standard set of benefits;
- (21) a method or methods to assure that all integrated service networks are subject to the same regulatory requirements. All health carriers, including health maintenance organizations, insurers, and nonprofit health service plan corporations shall be regulated under the same rules, to the extent that the health carrier is operating an integrated service network or is a participating entity in an integrated service network; and
- (22) provisions for appropriate risk adjusters or other methods to prevent or compensate for adverse selection of enrollees into or out of an integrated service network.

Subd. 3. [CRITERIA FOR RULEMAKING.] (a) [APPLICABILITY.] The commissioner shall adopt rules governing integrated service networks based on the criteria and objectives specified in this subdivision.

(b) [COMPETITION.] The rules must encourage and facilitate competition through the collection and distribution of reliable information on the cost, prices, and quality of each integrated service network in a manner that allows comparisons between networks.

(c) [FLEXIBILITY.] The rules must allow significant flexibility in the structure and organization of integrated service networks. The rules must allow and facilitate the formation of networks by providers including primary care physicians, employers, and other organizations, in addition to health carriers.

(d) [EXPANDING ACCESS AND COVERAGE.] The rules must be designed to expand access to health care services and coverage for all Minnesotans, including individuals and groups who have preexisting health conditions, who represent a higher risk of requiring treatment, who require translation or other special services to facilitate treatment, who face social or cultural barriers to obtaining health care, or who for other reasons face barriers to access to health care and coverage. Enrollment standards must ensure that high risk and special needs populations will be included and growth limits and payment systems must be designed to provide incentives for networks to enroll even the most challenging and costly groups and populations. The rules must be consistent with the principles of health insurance reform that are reflected in Laws 1992, chapter 549.

(e) [ABILITY TO BEAR FINANCIAL RISK.] The rules must allow a variety of options for integrated service networks to demonstrate their ability to bear the financial risk of serving their enrollees to facilitate diversity and innovation and the entry into the market of new networks.

(f) [PARTICIPATION OF PROVIDERS.] The rules must not require providers to participate in an integrated service network and must allow providers to participate in more than one network and to serve both patients who are covered by an integrated service network and patients who are not. The rules must allow significant flexibility for an integrated service network and providers to define and negotiate the terms and conditions of provider participation. The rules must encourage and facilitate the participation of midlevel practitioners and allied health care practitioners and eliminate inappropriate barriers to their participation. The rules must encourage and facilitate the participation of disproportionate share providers and eliminate inappropriate barriers to their participation.

(g) [RURAL COMMUNITIES.] The rules must permit a variety of forms of integrated service networks to be developed in rural areas in response to the needs, preferences, and conditions of rural communities, utilizing to the greatest extent possible current existing health care providers and hospitals.

(h) [PRIMARY CARE.] The rules must encourage and facilitate the development and formation of integrated service networks by primary care physicians.

(i) [LIMITS ON GROWTH.] The rules must include provisions to enable the commissioner to enforce the limits on growth in health care total revenues for each integrated service network and for the entire system of integrated service networks.

(j) [STANDARD BENEFIT SET.] The commission shall make recommendations to the commissioner regarding a standard benefit set.

(k) [CONFLICT OF INTEREST.] The rules shall include provisions the commissioner deems necessary and appropriate to address integrated service networks' and participating providers' relationship to section 62J.23 or other laws relating to provider conflicts of interest.

Sec. 6. [62N.06] [AUTHORIZED ENTITIES; DATA REQUIREMENTS.]

Subdivision 1. [AUTHORIZED ENTITIES.] Any health carrier, as defined in section 62A.011, may establish and operate one or more integrated service networks if the health carrier complies with the applicable requirements of this chapter. A network may also be established and operated by a separate corporation under chapter 302A, 317A, or 319A, or by a separate cooperative under chapter 308A, if the corporation or cooperative complies with the applicable requirements of this chapter. The separate corporation or cooperative must not engage in activities unrelated to the establishment and operation of the network, without the advance written consent of the commissioner.

Subd. 2. [SEPARATE ACCOUNTING REQUIRED.] Any entity operating one or more integrated service networks shall maintain separate accounting and record keeping procedures, acceptable to the commissioner, for each integrated service network.

Subd. 3. [ENROLLEE ADVOCACY COUNCIL.] Any entity that operates an integrated service network shall create, maintain, and consult with an advocacy council, the membership of which is composed of at least 40 percent enrollees of the integrated service network. This subdivision does not apply to a nonprofit health service plan corporation operating under chapter 62C, a health maintenance organization operating under chapter 62D, or a fraternal benefit society operating under chapter 64B.

Subd. 4. [RELATIONSHIP TO ACCREDITED CAPITATED PROVIDER.] If a not for profit integrated service network corporation establishes a relationship with an accredited capitated provider under section 62N.201, the accredited capitated provider or its representatives must be granted the option to participate in the governing bodies of the network corporation, either as members, if applicable, or on the board of directors, or both, in proportion to the percentage of risk ceded as defined in section 62N.21, subdivision 1, or in such lesser proportion as the accredited capitated provider may elect.

Subd. 5. [GOVERNMENTAL SUBDIVISION.] A political subdivision may establish and operate an integrated service network directly, without forming a separate entity, and is not subject to subdivision 3 or 4. Unless otherwise specified, a network authorized under this subdivision must comply with all other provisions governing networks.

Sec. 7. [62N.066] [ADMINISTRATIVE COSTS AT RISK.]

An integrated service network shall not contract for management services with a separate entity unless:

(1) the contract complies with section 62D.19; and

(2) if the management contract exceeds ten percent of gross revenues of the integrated service network, then provisions requiring holdbacks or other risk related provisions must be no more favorable to the management contract than comparable terms contained in any contract between the integrated service network and any health care providing entity or accredited capitated provider.

Sec. 8. [62N.07] [PURPOSE.]

The legislature finds that previous cost containment efforts have focused on reducing benefits and services, eliminating access to certain provider groups, and otherwise reducing the level of care available. Under a system of overall spending controls, these cost containment approaches will, in the absence of controls on cost shifting, shift costs from the payer to the consumer, to government programs, and to providers in the form of uncompensated care. The legislature further finds that the integrated service network benefit package should be designed to promote coordinated, cost-effective delivery of all health services an enrollee needs without cost shifting. The legislature further finds that affordability of health coverage is a high priority and that lower cost coverage options should be made available through the use of copayments, coinsurance, and deductibles to reduce premium costs rather than through the exclusion of services or providers.

Sec. 9. [62N.075] [COVERED SERVICES.]

(a) An integrated service network must provide to each person enrolled a comprehensive set of appropriate and necessary health services. For purposes of this chapter, "appropriate and necessary" means services needed to maintain the enrollee in good health including as a minimum, but not limited to, emergency care, inpatient hospital and physician care, outpatient health services, and preventive health services. The commissioner may modify this definition to reflect changes in community standards, development of practice parameters, new technology assessments, and other medical innovations. These services must be delivered by authorized practitioners acting within their scope of practice. An integrated service network is not responsible for health services that are not appropriate and necessary.

(b) A network may define benefit levels through the use of consumer cost sharing but remains financially accountable for costs of the full set of comprehensive health services required.

(c) A network may offer any Medicare supplement, Medicare select, or other Medicare-related product otherwise permitted for any type of health carrier in this state. Each Medicare-related product may be offered only in full compliance with the requirements in chapters 62A, 62D, and 62E that apply to that category of product.

(d) Networks must comply with all continuation and conversion of coverage requirements applicable to health maintenance organizations under state or federal law.

(e) Networks must comply with sections 62A.047, 62A.27, and any other coverage of newborn infants, dependent children who do not reside with a covered person, handicapped children and dependents, and adopted children. A network providing dependent coverage must comply with section 62A.302.

(f) Networks must comply with the equal access requirements of section 62A.15, subdivision 2.

Sec. 10. [62N.08] [AVAILABILITY OF SERVICES.]

(a) An integrated service network is financially responsible to provide to each person enrolled all comprehensive health services required by statute, by the contract of coverage, or as otherwise required under section 62N.075.

(b) The commissioner shall require that networks provide all appropriate and necessary health services within a reasonable geographic distance for enrollees. The commissioner may adopt rules providing a more detailed requirement, consistent with this paragraph.

Sec. 11. [62N.085] [ESTABLISHMENT OF STANDARDIZED BENEFIT PLANS.]

The commissioner of health shall adopt emergency and permanent rules to establish not more than five standardized benefit plans which must be offered by integrated service networks. The plans must comply with the requirements of sections 62N.07 to 62N.08 and the other requirements of this chapter. The plans must encompass a range of cost sharing options from (1) lower premium costs combined with higher enrollee cost sharing, to (2) higher premium costs combined with lower enrollee cost sharing. A network may offer additional benefits in its discretion.

Sec. 12. [62N.087] [CONSUMER COST SHARING.]

(a) A network may define benefit levels through the use of consumer cost sharing. For the purposes of this chapter, "consumer cost sharing" or "cost sharing" means copayments, deductibles, coinsurance, and other out-of-pocket expenses paid by the individual consumer of health care services.

(b) The following principles apply to cost sharing in an integrated service network:

(1) consumers must have a voice in decisions regarding cost sharing, and the process for establishing consumer cost sharing should have consumer representation and input;

(2) consumer cost sharing must be administratively feasible and consistent with efforts to reduce the overall administrative burden of the health care system;

(3) cost sharing must be based on income and an enrollee's ability to pay for services and should not create a barrier to access to appropriate and effective services;

(4) cost sharing must be capped at a predetermined annual limit to protect individuals and families from financial catastrophe and to protect individuals with substantial health care needs;

(5) child health supervision services, immunizations, prenatal care, and other prevention services must not be subjected to cost sharing; and

(6) additional requirements for networks should be established to assist enrollees for whom an inducement in addition to the elimination of cost sharing is necessary in order to encourage them to use cost-effective preventive services. These requirements may include the provision of educational information, assistance or guidance, and opportunities for responsible decision making by enrollees that minimize potential out-of-pocket costs.

Sec. 13. [62N.10] [LICENSING.]

Subdivision 1. [REQUIREMENTS.] All integrated service networks must be licensed by the commissioner. Licensure requirements are:

(1) the ability to be responsible for the full continuum of required health care and related costs for the defined population that the integrated service network will serve;

(2) the ability to satisfy standards for quality of care;

(3) financial solvency; and

(4) the ability to fully comply with this chapter and all other applicable law.

The commissioner may adopt rules to specify licensure requirements for integrated service networks in greater detail, consistent with this subdivision.

Subd. 2. [FEES.] Licensees shall pay an initial fee of \$..... and a renewal fee of \$..... each following year to the commissioner.

Subd. 3. [LOSS OF LICENSE.] The commissioner may fine a licensee or suspend or revoke a license for violations of rules or statutes pertaining to integrated service networks.

Subd. 4. [PARTICIPATION; GOVERNMENT PROGRAMS.] Integrated service networks shall, as a condition of licensure, participate in the medical assistance, general assistance medical care, and MinnesotaCare programs. The commissioner shall adopt rules specifying the participation required of the networks. The rules must be consistent with Minnesota Rules, parts 9505.5200 to 9505.5260, governing participation by health maintenance organizations in public health care programs.

Subd. 5. [APPLICATION.] Each application for an integrated service network license must be in a form prescribed by the commissioner. Each application must include the following:

(1) a copy of the basic organizational documents, including all amendments, of the applicant and, at the request of the commissioner, of each participating entity;

(2) a copy of the bylaws, rules and regulations, or similar document, if any, including all amendments, which regulate the conduct of the affairs of the applicant, and, at the request of the commissioner, of any participating entity;

(3) a list of the names, addresses, and official positions of the following:

(i) all members of the board of directors, or governing body of the local government unit, and the principal officers and shareholders of the applicant organization; and

(ii) at the request of the commissioner, all members of the board of directors, or governing body of the local government unit, and the principal officers, of any participating entity and each shareholder beneficially owning more than ten percent of any voting stock of the participating entity;

(4) the name and address of each participating entity and the agreed upon duration of each contract or agreement;

(5) a copy of the form of each contract binding any or all of the participating entities and the integrated service network;

(6) at the request of the commissioner, a copy of each contract binding any or all of the participating entities and the network. Contract information filed with the commissioner is private and subject to section 13.37, subdivision 1, clause (b), at the request of the network;

(7) a statement generally describing the applicant and the network, its network contracts, facilities, and personnel, including a statement describing the manner in which the applicant proposes to provide enrollees with the required network services and any additional services;

(8) a copy of the form of each evidence of coverage to be issued to the enrollees;

(9) a copy of the form of each individual or group contract to be issued to enrollees or their representatives;

(10) financial statements showing the applicant's assets, liabilities, and sources of financial support. If the applicant's financial affairs are audited by independent certified public accountants, a copy of the applicant's most recent certified financial statement may, in the discretion of the commissioner, satisfy this requirement;

(11) a financial plan that includes a three-year projection of expenses and income and other sources of future capital;

(12) a statement reasonably describing the geographic area or areas to be served and the type or types of enrollees to be served;

(13) a description of the complaint procedures to be used as required;

(14) a copy of any agreement between the network and an insurer or nonprofit health service plan corporation regarding reinsurance, stop-loss or excess-of-loss coverage, insolvency coverage, or any other type of coverage for potential costs of health services;

(15) a statement indicating how the network will meet its potential tort liabilities, for medical malpractice and other sources of liability, together with copies of any related insurance policies and liability-related agreements with its participating entities;

(16) a copy of the conflict of interest policy that applies to all members of the board of directors and the principal officers of the network;

(17) a statement that describes the network's prior authorization, referral, second opinion, and utilization review procedures; and

(18) other information that the commissioner may reasonably require to be provided.

Subd. 6. [DOCUMENTS ON FILE.] A network shall agree to retain in its files any documents specified by the commissioner. A network shall permit the commissioner to examine those documents at any time and shall promptly provide copies of any of them to the commissioner upon request.

Sec. 14. [62N.11] [EVIDENCE OF COVERAGE.]

Subdivision 1. [APPLICABILITY.] Every integrated service network enrollee residing in this state is entitled to evidence of coverage or contract. The integrated service network or its designated representative shall issue the evidence of coverage or contract. "Evidence of coverage" means evidence that an enrollee is covered by a group contract issued to the group.

Subd. 2. [FILING.] No evidence of coverage or contract, nor any amendment, shall be issued or delivered to any individual in this state until a copy of the form of the evidence of coverage or contract, including any amendments, has been filed with and approved by the commissioner.

Subd. 3. [CONTENTS.] Contracts and evidences of coverage must contain:

(a) no provision or statement that is unjust, unfair, inequitable, misleading, deceptive, or untrue; and

(b) a clear, concise, and complete statement of:

(1) the services or other benefits to which the enrollee is entitled under the integrated service network contract;

(2) any exclusions or limitations on the services, kind of services, benefits, or kind of benefits to be provided, including any deductible or copayment feature and requirements for referrals, prior authorizations, utilization review, and second opinions;

(3) where and in what manner information is available about how services, including emergency and out-of-area services, may be obtained;

(4) the total amount of payment and copayment, if any, for health care services and for the indemnity or service benefits, if any, that the enrollee is obligated to pay with respect to individual contracts; and

(5) a description of the network's method for resolving enrollee complaints and a statement identifying the department of health as the regulatory agency with whom grievances may be registered.

Subd. 4. [GRACE PERIOD.] A grace period of 31 days must be granted for payment of each premium for an individual integrated service network contract falling due after the first premium, during which period the contract continues in force. Individual network contracts must clearly state the existence of the grace period.

Subd. 5. [CANCELLATION OF CONTRACT.] Individual integrated service network contracts must state that the individual may cancel the contract within ten days of its receipt and have the premium paid refunded if, after examination of the contract, the individual is not satisfied with it for any reason. The individual must be required to pay the network for any services rendered or claims paid by the network during the ten days.

Subd. 6. [TERMINATION.] The contract and evidence of coverage must clearly explain the conditions under which an integrated service network may terminate coverage.

Subd. 7. [CONTINUATION AND CONVERSION.] The contract and evidence of coverage must clearly explain continuation and conversion rights afforded to enrollees.

Subd. 8. [NOTICE.] Individual and group contract holders must be given 30 days written notice of any change in enrollee copayments or benefits.

Subd. 9. [DELIVERY OF CONTRACT.] Individual integrated service network contracts must be delivered to enrollees no later than the date coverage is effective. For enrollees with group contracts, an evidence of coverage must be delivered or issued for delivery not more than 15 days from the date the integrated service network is notified of the enrollment or the effective date of coverage, whichever is later.

Subd. 10. [COMPLAINTS.] An individual integrated service network contract and an evidence of coverage must contain a department of health telephone number that the enrollee can call to register a complaint about the network.

Sec. 15. [62N.12] [ENROLLEE RIGHTS.]

The cover page of the evidence of coverage and contract must contain a clear and complete statement of an enrollee's rights as a consumer. The statement must be in bold print and captioned "Important Consumer Information and Enrollee Bill of Rights" and must include but need not be limited to the following provisions in the following language or in substantially similar language approved in advance by the commissioner:

"CONSUMER INFORMATION

(1) COVERED SERVICES: Services provided by (name of integrated service network) will be covered only if services are provided by participating (name of integrated service network) providers or authorized by (name of integrated service network). Your contract fully defines what services are covered and describes procedures you must follow to obtain coverage.

(2) PROVIDERS: Enrolling in (name of integrated service network) does not guarantee services by a particular provider on the list of providers. When a provider is no longer part of (name of integrated service network), you must choose among remaining (name of integrated service network) providers.

(3) REFERRALS: Certain services are covered only upon referral. See section (section number) of your contract for referral requirements. All referrals to non-(name of integrated service network) providers and certain types of health care providers must be authorized by (name of integrated service network).

(4) EMERGENCY SERVICES: Emergency services from providers who are not affiliated with (name of integrated service network) will be covered only if proper procedures are followed. Your contract explains the procedures and benefits associated with emergency care from (name of integrated service network) and non-(name of integrated service network) providers.

(5) EXCLUSIONS: Certain services or medical supplies are not covered. You should read the contract for a detailed explanation of all exclusions.

(6) CONTINUATION: You may convert to an individual integrated service network contract or continue coverage under certain circumstances. These continuation and conversion rights are explained fully in your contract.

(7) CANCELLATION: Your coverage may be canceled by you or (name of integrated service network) only under certain conditions. Your contract describes all reasons for cancellation of coverage.

ENROLLEE BILL OF RIGHTS

(1) An enrollee has the right to available and accessible services including emergency services, as defined in your contract, 24 hours a day and seven days a week.

(2) An enrollee has the right to be informed of health problems and to receive information regarding treatment alternatives and risks that is sufficient to assure informed choice.

(3) An enrollee has the right to refuse treatment and the right to privacy of medical and financial records maintained by the integrated service network and its health care providers, in accordance with existing law.

(4) An enrollee has the right to file a grievance with the integrated service network and the commissioner of health and the right to initiate a legal proceeding when experiencing a problem with the integrated service network or its health care providers.

(5) An enrollee has the right to a grace period of 31 days for the payment of each premium for an individual integrated service network contract falling due after the first premium during which period the contract shall continue in force.

(6) A Medicare enrollee has the right to voluntarily disenroll from the integrated service network and the right not to be requested or encouraged to disenroll except in circumstances specified in federal law.

(7) A Medicare enrollee has the right to a clear description of nursing home and home care benefits covered by the integrated service network."

Sec. 16. [62N.13] [ENROLLEE COMPLAINT SYSTEM.]

Subdivision 1. [SCOPE.] Every integrated service network must establish and maintain an enrollee complaint system, including an impartial arbitration provision, to provide reasonable procedures for the resolution of written complaints initiated by enrollees concerning the provision of health care services. "Provision of health care services" includes, but is not limited to, questions of the scope of coverage, quality of care, and administrative operations. Arbitration is subject to chapter 572, except:

(1) if an enrollee elects to litigate a complaint prior to submission to arbitration; and

(2) no medical malpractice damage claim is subject to arbitration unless agreed to by both parties subsequent to the event giving rise to the claim.

Subd. 2. [COMMISSIONER REVIEW.] If a complaint involves a dispute about an integrated service network's coverage of a service, the commissioner may review the complaint and any information and testimony necessary to make a determination and order the appropriate remedy pursuant to this chapter. If the commissioner obtains or maintains information on written complaints, the information is private data on individuals under chapter 13.

Subd. 3. [EXPEDITED RESOLUTION OF COMPLAINTS ABOUT URGENTLY NEEDED SERVICE.] In addition to any remedy contained in subdivision 2, if a complaint involves a dispute about an integrated service network's coverage of an immediately and urgently needed service, the commissioner may also order the integrated service network to use an expedited system to process the complaint.

Subd. 4. [RECORDS.] The integrated service network shall maintain a record of each written complaint filed with it for five years, and the commissioner of health shall have access to the records.

Subd. 5. [DENIAL OF SERVICE.] Within a reasonable time after receiving an enrollee's written or oral communication to the integrated service network concerning a refusal of service or inadequacy of services, the integrated service network shall provide the enrollee with a written statement of the reason for the refusal of service and a statement approved by the commissioner of health that explains the integrated service network complaint procedures, and in the case of Medicare enrollees, that also explains Medicare appeal procedures.

Subd. 6. [COVERAGE OF SERVICE.] An integrated service network may not deny or limit coverage of a service that the enrollee has already received solely on the basis of a lack of prior authorization or second opinion, to the extent that the service would otherwise have been covered under the member's contract by the integrated service network had a prior authorization or second opinion been obtained.

Sec. 17. [62N.14] [MEDICAL MALPRACTICE LIABILITY.]

An entity operating an integrated service network is liable for medical malpractice committed by its employees and is not liable for the malpractice of its other health care providing entities. Each health care providing entity is liable for its own medical malpractice and is not liable for the medical malpractice of other health care providing entities or for negligent supervision of other health care providing entities. Participating entities are not jointly and severally liable for torts committed by the network or by participating providers. A network and its participating entities may by contract reallocate between themselves the risk of malpractice liability through indemnity, contribution, joint insurance, or otherwise, provided that the reallocation does not affect the rights of enrollees.

Sec. 18. [62N.15] [MARKETING.]

Subdivision 1. [PERMITTED PURCHASERS.] An integrated service network may contract to provide health services to:

- (1) individuals, including dependents;
- (2) groups of individuals, including employees of a private or public employer and individual members of an association, and their dependents;
- (3) associations or other groups comprised of groups, including associations of employers;
- (4) the public employees insurance plan and the private employers insurance program established under chapter 43A;
- (5) any state or federal health program, including medical assistance, Medicare, MinnesotaCare, or general assistance medical care; and
- (6) the comprehensive health association established in section 62E.10.

Integrated service networks are subject to section 62A.303 with respect to all enrolled groups, whether or not they are employer-based groups.

Subd. 2. [MARKETING CONDUITS.] An integrated service network may offer or sell its services through any person or method permitted to sell health coverage under chapter 60A, 60K, 62C, 62D, or 62L. Persons regulated under those chapters with respect to sales of coverage are subject to the supervision of the commissioner of commerce with respect to marketing of network coverage. The commissioner of health may adopt rules permitting the marketing of network coverage through other means.

Sec. 19. [62N.16] [UNDERWRITING AND RATING.]

Subdivision 1. [APPLICABILITY.] Except as provided in subdivision 3, this section applies to the standard benefit plans under section 62N.085 and does not apply to additional benefits. This section does not require coverage by an integrated service network of any group or individual residing outside of the network's service area. A network's service area is a geographic service region agreed to by the commissioner and the network at the time of licensure. This section does not apply to any group that the commissioner determines is organized or functions primarily to provide coverage to one or more high risk individuals. The commissioner may adopt rules specifying other types of groups to which this section does not apply.

Subd. 2. [GROUP MEMBERS.] Integrated service networks shall charge the same rate for each individual in a group, except as appropriate to provide dependent or family coverage. Rates for individuals covered under programs of the department of human services shall be determined by the commissioner of human services and specified in the contract between the commissioner and the integrated service network.

Subd. 3. [SMALL EMPLOYERS.] To provide services to employees of a small employer as defined in section 62L.02, integrated service networks shall comply with chapter 62L.

Sec. 20. [62N.17] [RELATIONSHIP; NETWORKS; COMPREHENSIVE HEALTH ASSOCIATION.]

Subdivision 1. [MEMBERSHIP.] An entity operating an integrated service network is and must remain a contributing member of the comprehensive health association established under section 62E.10. Participating entities that are members of that association are assessable by the association on revenues derived from or through networks. Participating entities may claim a credit against assessment liability for assessments paid by the network with respect to the same premiums.

Subd. 2. [PHASE-IN OF ASSESSMENTS.] Assessments under section 62E.11 for integrated service networks in which at least 51 percent of the governance rights are controlled by health care providing entities or accredited capitated providers shall be phased in as follows:

(1) for calendar years 1993, 1994, and 1995, the assessment shall be 20 percent of the assessment that otherwise would have been levied for those years;

(2) for calendar year 1996, the assessment shall be 40 percent of the assessment that otherwise would have been levied for those years;

(3) for calendar year 1997, the assessment shall be 60 percent of the assessment that otherwise would have been levied for those years;

(4) for calendar year 1998, the assessment shall be 80 percent of the assessment that otherwise would have been levied for those years.

Sec. 21. [62N.18] [INSOLVENCY.]

Subdivision 1. [EFFECTS ON ENROLLEES.] Coverage by an integrated service network is not covered by the life and health insurance guaranty association under chapter 61B. Subject to section 62N.201, subdivision 9, when an entity corporation operating a network becomes insolvent, its enrollees have the right to receive the same alternative coverage provided by the comprehensive health association under section 62D.181 to enrollees in insolvent health maintenance organizations.

Subd. 2. [NOTICE TO ENROLLEES.] Prospective enrollees in an integrated service network must be given, prior to their commitment to enroll, a written notice, on a form approved by the commissioner, describing the effects of, and their rights in the event of, an insolvency of the entity operating the network.

Sec. 22. [62N.19] [LIQUIDATION, REHABILITATION, AND CONSERVATION PROCEEDINGS.]

The liquidation, rehabilitation, and conservation provisions of section 62D.18 and chapter 60B apply to an integrated service network.

Sec. 23. [62N.20] [RISK-BEARING ENTITIES.]

An entity operating an integrated service network may retain the risk of providing coverage or may transfer all or any part of the risk through purchase of reinsurance, including but not limited to stop-loss or excess-of-loss coverage, from an assuming insurer that qualifies under section 60A.092, a nonprofit health service plan corporation operating under chapter 62C, a health maintenance organization operating under chapter 62D, or another entity if first approved by the commissioner.

Sec. 24. [62N.201] [ACCREDITED CAPITATED PROVIDERS.]

Subdivision 1. [DEFINITION.] An accredited capitated provider is a health care providing entity that:

(1) receives capitated payments from an integrated service network under a contract to provide health services to enrollees;

(2) is licensed to provide and provides the contracted services, either directly or through an affiliate. For purposes of this section, an "affiliate" is any person that directly or indirectly controls, or is controlled by, or is under common control with, the health care providing entity, and "control" exists when any person, directly or indirectly, owns, controls, or holds with the power to vote, or holds proxies representing, no less than 80 percent of the voting securities or governance rights of any other person; and

(3) is approved by the commissioner as an accredited capitated provider.

Subd. 2. [STANDARDS.] The commissioner shall accredit a health care providing entity that has the operational capacity, facilities, personnel, and financial capability to provide the services that it has contracted to provide to enrollees of the integrated service network during the term of the contract, assuming that the health care providing entity receives no more than one-half of the payments that its contract with the network entitles it to receive from the network for the services.

Subd. 3. [RULES.] The commissioner may adopt emergency and permanent rules under this section necessary to establish criteria for meeting the standard in subdivision 2 and a process for accreditation. In establishing criteria to evaluate operational capabilities, the commissioner shall consider the level of services to be provided by the health care provider entity relative to its existing services capabilities. In establishing criteria to evaluate financial capability, the commissioner shall consider any of the following: the entity's debt rating, if any, certification by an independent consulting actuary that the entity meets the standards under subdivision 2, the availability of allocated or restricted funds, the health care providing entity's net worth, the availability of letters of credit from a bank or other financial institution meeting the requirements of section 60A.093, subdivision 2, the taxing authority of the entity or governmental sponsor of the entity, or any other criteria that the commissioner may reasonably establish. In the case of a health care provider organized as a professional corporation under chapter 319A, the commissioner shall also consider, in evaluating the financial capabilities of such provider, the health care providing entity's net revenues, accounts receivable, number of health care providers under contract to provide services, existing indebtedness, and other alternative criteria that the commissioner may reasonably establish to measure the ability of such health care providing entity to provide the level of services.

Subd. 4. [ORGANIZATIONS PERMITTED.] A health care providing entity seeking accreditation under this section may be organized under chapter 302A, 308A, 317A, or 319A, or may be a governmental hospital authorized, organized, or operated under chapters 158, 250, 376, and 397 or under sections 246A.01 to 246A.27, 412.221, 447.05 to 447.13, 447.31, or 471.59, or under any special law authorizing or establishing a hospital or hospital district.

Subd. 5. [OTHER RELATIONSHIPS PERMITTED.] Accreditation of a health care providing entity does not preclude that entity from other participation in the structure or operation of an integrated service network, including, without limitation, participation as a member, owner, guarantor, lender, or provider of services. An integrated service network may make capitated payments consistent with section 62N.22 to nonaccredited health care providing entities.

Subd. 6. [NO COMPELLED ACCREDITATION.] No health care providing entity may be compelled by an integrated service network to obtain accreditation under this section.

Subd. 7. [EFFECT OF OTHER LAWS.] An accredited capitated provider shall not, solely by reason of accreditation under this section, be considered to be an insurance company under chapter 60, a health maintenance organization under chapter 62D, a nonprofit health service plan corporation under chapter 62C, or an integrated service network under this chapter.

Subd. 8. [RIGHT TO OBTAIN PAYMENT.] Accreditation of a health care providing entity does not in itself limit the ability of the accredited capitated provider to seek payment of unpaid capitated amounts from an integrated service network, whether the integrated service network is solvent or insolvent; provided that, if the integrated service network is the subject of liquidation, rehabilitation, or conservation proceedings under section 62N.19, the accredited capitated provider has the status accorded creditors under section 60B.44, subdivision 10.

Subd. 9. [EFFECT OF INSOLVENCY.] (a) If an integrated service network with which an accredited capitated provider has contracted becomes insolvent, the enrollees of the integrated service network shall continue to receive, and the accredited capitated provider shall continue to provide, covered services from the accredited capitated provider for the remainder of the term of the contract between the integrated service network and the accredited capitated provider, if the accredited capitated provider remains solvent. At any time, including the time of expiration of the contract between the network and any accredited capitated provider, that accredited capitated providers do not provide to an enrollee all covered services that the insolvent network was obligated to provide, the enrollee may enroll in the comprehensive health association under section 62N.18, subdivision 1. Coverage by the comprehensive health association is secondary to the obligations of any accredited capitated providers, which are primary. The person's premium payable to the comprehensive health association must be reduced appropriately to reflect the existence of the primary coverage.

(b) If the accredited capitated provider becomes insolvent but the integrated service network remains solvent, the integrated service network shall arrange alternative care for the enrollees.

(c) If both the integrated service network and the accredited capitated provider become insolvent, the enrollees have the rights described in section 62N.18, subdivision 1.

Sec. 25. [62N.21] [INSOLVENCY PREVENTION.]

Subdivision 1. [DEFINITIONS.] (a) The definitions provided in this subdivision apply to this section:

(b) "Admitted assets" means admitted assets as defined in section 62D.044.

(c) "Net worth" means net worth as defined in section 62D.02, subdivision 15.

(d) "Working capital" means current assets minus current liabilities.

(e) "Guaranteeing organization" means an organization that has agreed to make necessary contributions or advancements to an integrated service network to maintain the network's required net worth.

(f) "Percentage of risk ceded" means the ratio, expressed as a percentage, between capitated payments made or, in the case of a new entity, expected to be made, by an integrated service network to all accredited capitated providers during any contract year and the total premium revenue, adjusted to eliminate expected administrative costs, received or, in the case of a new organization, expected to be received, for the same time period by the integrated service network.

Subd. 2. [NET WORTH REQUIREMENT.] Except as permitted by subdivision 4 or 5, every entity operating an integrated service network must maintain a minimum net worth equal to the lesser of:

(1) \$1,000,000; or

(2) an amount equal to at least 16-2/3 percent of the sum of all expenditures expected to be incurred in the network's first 12 months of operation or, for an existing network, at least 16-2/3 percent of the sum of all expenditures incurred in the most recent calendar year.

Subd. 3. [PHASE-IN PROVISION.] A network satisfies subdivision 2 if the network meets the following phase-in schedule:

(1) 25 percent of the amount required by subdivision 2 as of the date that the network begins providing services;

(2) 50 percent of the amount required by subdivision 2 as of the end of the network's first year of providing services, except that if that date is not December 31, the network need not comply until the next December 31;

(3) 75 percent of the amount required by subdivision 2 as of the December 31 immediately following the December 31 deadline provided in clause (2); and

(4) 100 percent of the amount required by subdivision 2 as of the December 31 immediately following the December 31 deadline provided in clause (3).

Subd. 4. [REDUCTION FOR ACCREDITED CAPITATED PROVIDERS.] If an integrated service network has contracts with accredited capitated providers, and for only so long as those contracts or successor contracts remain in force, the net worth requirements of subdivision 2 or 3 are reduced by the percentage of risk ceded.

Subd. 5. [EXCEPTION FOR PRIMARY CARE NETWORK.] The net worth requirements of subdivisions 2 and 3 shall not apply to an integrated service network in which at least 51 percent of the governance rights are controlled by primary care physicians or their affiliates. For purposes of this section, an "affiliate" is an entity that is directly or indirectly controlled by such primary care physicians, and "control" exists when primary care physicians directly or indirectly own, control, or hold with the power to vote, or hold proxies representing, no less than 80 percent of the voting securities or governance rights of any such entity. For purposes of this section, a "primary care physician" is a licensed family practice physician and such other categories of physicians as the commissioner may determine are engaged in primary care.

Subd. 6. [WORKING CAPITAL.] An integrated service network must maintain a positive working capital. If the network fails to meet this requirement, the commissioner and the network shall comply with section 62D.042, subdivision 7.

Subd. 7. [INVESTMENT OF NETWORK ASSETS.] An integrated service network shall invest its assets only in compliance with section 62D.045.

Subd. 8. [CREDIT FOR REINSURANCE.] An integrated service network may credit against its liabilities 90 percent of the premiums that it pays for reinsurance that complies with section 62N.20.

Subd. 9. [GUARANTEEING ORGANIZATION.] With the written approval of the commissioner, an integrated service network may satisfy the net worth requirement by arranging for a guaranteeing organization to assume the network's obligation to maintain the required net worth. A guaranteeing organization for a network shall comply with section 62D.043. A guaranteeing organization that is a health care provider may assume all or any part of a network's net worth requirement by issuing to the network a promissory note fully secured by a real estate mortgage recorded in the office of the county recorder or filed in the office of the county registrar of titles. A promissory note fully secured as described in this subdivision counts toward the net worth requirement in the amount of the note. The network shall provide a title opinion or title insurance policy and an appraisal of the real estate securing the promissory note at the request of the commissioner or as otherwise required by rule. The promissory note may instead be fully secured by marketable securities under a pledge agreement acceptable to the commissioner.

Subd. 10. [DEPOSIT REQUIREMENT.] (a) An integrated service network shall maintain at all times on deposit with the commissioner \$300,000 worth of cash, securities, or any combination of cash and securities. Securities must be United States Treasury obligations, unless otherwise permitted by the commissioner. The network may withdraw interest accrued on the deposit on a quarterly basis or as otherwise approved by the commissioner. With the approval of the commissioner, the deposit may be held by a third party independent trustee in a custodial or controlled account. A deposit is an admitted asset and counts toward the network's required net worth. A network may follow a phase-in schedule to comply with this paragraph as follows:

(1) \$150,000 as of the date that the network begins operations; and

(2) \$300,000 as of one year later.

(b) In lieu of the amount required under paragraph (a), the rules adopted under section 62N.05 may provide a deposit requirement specified on a per enrollee basis and eligible for a phase-in schedule no more lenient than that provided in paragraph (a).

(c) If an integrated service network has contracts with accredited capitated providers, and for only so long as those contracts or successor contracts remains in force, the deposit requirement under paragraph (a) is reduced by the percentage of risk ceded, as defined in subdivision 1.

(d) An integrated service network meeting the requirements of subdivision 5 shall be excepted from the deposit requirement under paragraph (a).

Subd. 11. [USE OF DEPOSIT.] If the integrated service network is placed under an order of rehabilitation or conservation, the commissioner shall use the deposit to protect the interests of the enrollees and assure continuation of health care services to enrollees. If the network is placed under an order of liquidation, the deposit is an asset subject to chapter 60B, except that the commissioner has a lien on the deposit to reimburse the commissioner for administrative costs directly attributable to the insolvency.

Subd. 12. [FINANCIAL REPORTING.] An integrated service network shall submit financial reports to the commissioner as required by section 62D.08 or as the commissioner otherwise requires by rule.

Subd. 13. [FINANCIAL EXAMINATIONS.] An integrated service network and its participating entities and guaranteeing organizations are subject to examination by the commissioner under section 62D.14 or as the commissioner otherwise requires by rule.

Subd. 14. [SURPLUS NOTES PERMITTED.] An integrated service network may issue one or more surplus notes, with the approval of the commissioner. For statutory accounting purposes, amounts received by the integrated service network under a surplus note may be treated as contributed surplus for all purposes, including the satisfaction of the network's net worth requirements under this section. The liability of the network under each surplus note must be subordinated in the same manner as preferred ownership claims under section 60B.44, subdivision 10; provided however, that payments of interest and principal under a surplus note may be made by the network if required by the note, so long as the network, by reason of the payment or otherwise, is not insolvent, and does not or would not fail to meet the net worth requirements of this section, but the network shall not make any payment prohibited by the commissioner.

Subd. 15. [GOVERNMENT EXEMPTION.] An integrated service network authorized under section 62N.06, subdivision 5, is exempt from subdivision 2. In determining whether a political subdivision may operate a network, the commissioner may consider factors that provide evidence regarding the financial reliability of the political subdivision.

Sec. 26. [62N.22] [RELATIONSHIPS WITH PROVIDERS.]

Subdivision 1. [CONTRACTS.] An integrated service network's relationship with health care providers must be by contract, except in the case of covered out-of-network services. Any reimbursement method not prohibited by the commissioner is allowable, including fee-for-service, salary, and capitation. A copy of each contract between an integrated service network and any or all of its providers must be kept on file by the network and made available to the commissioner upon request. The contract must include the hold harmless provision stated in section 62D.123, subdivision 1. The contract may permit providers to receive payment from an enrollee for services not covered by the enrollee's network contract, but only based upon a written agreement between the provider and the enrollee after the network has provided written notice that the network has denied coverage for the service.

Subd. 2. [SERVICES.] Providers may contract with an integrated service network to provide all or a portion of the services that an integrated service network must provide. Providers may choose not to participate in an integrated service network, may participate in more than one integrated service network, or may simultaneously serve both integrated service network enrollees and regulated all-payer system patients.

Sec. 27. [62N.23] [TECHNICAL ASSISTANCE; LOANS.]

(a) The commissioner shall provide technical assistance to parties interested in establishing or operating an integrated service network. This shall be known as the integrated service network technical assistance program (ISNTAP).

The technical assistance program shall offer seminars on the establishment and operation of integrated service networks in all regions of Minnesota. The commissioner shall advertise these seminars in local and regional newspapers, and attendance at these seminars shall be free.

The commissioner shall write a guide to establishing and operating an integrated service network. The guide must provide basic instructions for parties wishing to establish an integrated service network. The guide must be provided free of charge to interested parties. The commissioner shall update this guide when appropriate.

The commissioner shall establish a toll-free telephone line that interested parties may call to obtain assistance in establishing or operating an integrated service network.

(b) The commissioner shall grant loans for organizational and start-up expenses to entities forming integrated service networks or to networks less than one year old, to the extent of any appropriation for that purpose. The commissioner shall allocate the available funds among applicants based upon the following criteria, as evaluated by the commissioner within the commissioner's discretion:

- (1) the applicant's need for the loan;
- (2) the likelihood that the loan will foster the formation or growth of a network; and
- (3) the likelihood of repayment.

The commissioner shall determine any necessary application deadlines and forms and is exempt from rulemaking in doing so.

Sec. 28. [62N.24] [REVIEW OF RULES.]

The commissioner of health shall present all proposed emergency and permanent rules adopted under this chapter and chapters 62J and 62O to the house and senate health and human services committees for review, prior to final adoption by that commissioner. The commissioner of commerce shall present all proposed emergency and permanent rules under this chapter and chapters 62J or 62O to the house committee on financial institutions and insurance and to the senate committee on commerce and consumer protection for review prior to final adoption by that commissioner.

Sec. 29. Minnesota Statutes 1992, section 256.9657, subdivision 3, is amended to read:

Subd. 3. [HEALTH MAINTENANCE ORGANIZATION; INTEGRATED SERVICE NETWORK SURCHARGE.] Effective October 1, 1992, each health maintenance organization with a certificate of authority issued by the commissioner of health under chapter 62D and each integrated service network licensed by the commissioner under sections 62N.01 to 62N.22 shall pay to the commissioner of human services a surcharge equal to six-tenths of one percent of the total premium revenues of the health maintenance organization or integrated service network as reported to the commissioner of health according to the schedule in subdivision 4.

Sec. 30. Minnesota Statutes 1992, section 256.9657, is amended by adding a subdivision to read:

Subd. 4. [PHASE-IN PROVISION.] The surcharge described in subdivision 3 for integrated service networks in which at least 40 percent of the governance rights are controlled by health care providing entities shall be phased in as follows:

- (1) for calendar years 1993 and 1994, the surcharge shall be zero;
- (2) for calendar year 1995, the surcharge shall be two-tenths of one percent;
- (3) for calendar year 1996, the surcharge shall be three-tenths of one percent;
- (4) for calendar year 1997, the surcharge shall be four-tenths of one percent;
- (5) for calendar year 1998, the surcharge shall be five-tenths of one percent; and
- (6) for calendar year 1999, the surcharge shall be six-tenths of one percent.

Sec. 31. [STUDY OF STANDARDIZED PLAN.]

The Minnesota health care commission shall study methods of providing access to and control of prescribed medications and a set of comprehensive community pharmacy services, within the standardized benefit plans that integrated service networks are required to offer. These services must include:

- (a) review of the patient's drug therapy to assure:
 - (1) use of an appropriate drug;
 - (2) a safe and effective dose of the drug;
 - (3) the potential for drug interactions and adverse reactions; and
 - (4) the presence of duplicate or unnecessary drug therapy;
- (b) provision of objective and unbiased drug information to patients in order to assure compliance with prescribed regimens;
- (c) provision of objective and unbiased drug information to other health care providers needed to assure appropriate drug therapy; and

(d) appropriate follow-up care to assure that the drug therapy achieves positive outcomes and to eliminate or minimize negative outcomes.

These pharmacy services shall be conducted in the community pharmacy setting at the pharmacy/patient interface.

The commission shall present recommendations to the legislature and the governor by February 1, 1994.

Sec. 32. [BORDER COMMUNITIES.]

The commissioner of health shall monitor the effects of integrated service networks and the regulated all-payer system in communities in which a substantial proportion of health care services provided to Minnesota residents are provided in states bordering Minnesota and may amend the rules adopted under this article or article 2 to minimize effects that inhibit Minnesota residents' ability to obtain access to quality health care. The commissioner shall report to the Minnesota health care commission and the legislature any effects that the commissioner intends to address by amendments to the rules adopted under this article or article 2.

Sec. 33. [EFFECTIVE DATE.]

Sections 1 to 32 are effective the day following final enactment, but no integrated service network may provide health care services prior to January 1, 1994.

ARTICLE 2

REGULATED ALL-PAYER SYSTEM GOVERNING SERVICES NOT PROVIDED THROUGH INTEGRATED SERVICE NETWORKS

Section 1. [62O.01] [REGULATED ALL-PAYER SYSTEM.]

The regulated all-payer system established under this chapter governs all health care services that are provided outside of an integrated service network. The regulated all-payer system is designed to control costs, prices, and utilization of all health care services not provided through an integrated service network while maintaining or improving the quality of services. The commissioner of health shall adopt rules establishing controls within the system to ensure that the rate of growth in spending in the system, after adjustments for population size and risk, remains within the limits set by the commissioner under section 62J.04. All providers that serve Minnesota residents and all health carriers that cover Minnesota residents shall comply with the requirements and rules established under this chapter for all health care services or coverage provided to Minnesota residents.

Sec. 2. [62O.03] [IMPLEMENTATION.]

(a) By January 1, 1994, the commissioner of health, in consultation with the Minnesota health care commission, shall report to the legislature recommendations for the design and implementation of the all-payer system. The commissioner may use a consultant or other technical assistance to develop a design for the all-payer system. The commissioner's recommendations shall include the following:

(1) methods for controlling payments to providers such as uniform fee schedules or rate limits to be applied to all health plans and health care providers with independent billing rights;

(2) methods for controlling utilization of services such as the application of standardized utilization review criteria, incentives based on setting and achieving volume targets, recovery of excess spending due to overutilization, or required use of practice parameters;

(3) methods for monitoring quality of care and mechanisms to enforce the quality of care standards;

(4) requirements for maintaining and reporting data on costs, prices, revenues, expenditures, utilization, quality of services, and outcomes;

(5) measures to prevent or discourage adverse risk selection between the regulated all-payer system and integrated service networks;

(6) measures to coordinate the regulated all-payer system with integrated service networks to minimize or eliminate barriers to access to health care services that might otherwise result;

(7) an appeals process;

(8) measures to encourage and facilitate appropriate use of midlevel practitioners and eliminate undesirable barriers to their participation in providing services;

(9) measures to assure appropriate use of technology and to manage introduction of new technology;

(10) consequences to be imposed on providers whose expenditures have exceeded the limits established by the commissioner; and

(11) restrictions on provider conflicts of interest.

(b) On January 1, 1995, the regulated all-payer system shall begin to be phased in with full implementation by January 1, 1997. During the transition period, all premium rates and provider fees shall be set in accordance with sections 620.04 and 620.05.

Sec. 3. [620.04] [EXPENDITURE TARGETS FOR HEALTH CARRIERS.]

Subdivision 1. [DEFINITIONS.] (a) For purposes of this section, the following definitions apply.

(b) "Health carrier" has the definition provided in section 62A.011.

(c) "Total expenditures" mean incurred claims or expenditures on health care services, plus administrative expenses.

Subd. 2. [ESTABLISHMENT.] The commissioner of health shall establish expenditure targets for total expenditures by health carriers, for calendar years 1994 and 1995. The expenditure targets must be consistent with and developed as part of the annual limits on the rate of growth in health care spending established under section 62].04, subdivision 1. Each health carrier's expenditure target must be net of contributions to the Minnesota comprehensive health association, the provider surcharge under section 256.9657, the MinnesotaCare provider tax under section 295.52, assessments by the health coverage reinsurance association, assessments by the Minnesota life and health insurance guaranty association, and any new assessments imposed by federal or state action.

Subd. 3. [DETERMINATION OF EXPENDITURES.] Health carriers shall submit to the commissioner of health by April 1, 1994, for calendar year 1993, and by April 1, 1995, for calendar year 1994, all information the commissioner determines to be necessary to implement and enforce this section. The information must be submitted in the form specified by the commissioner. The information must include, but is not limited to, expenditures per member per month or cost per employee per month, and detailed information on revenues and reserves. The commissioner, to the extent possible, shall coordinate the submittal of the information required under this section with the submittal of the financial data required under chapter 62], to minimize the administrative burden on health carriers. Health carriers may adjust final expenditure figures for demographic changes, risk selection, changes in basic benefits, and legislative initiatives that materially change health care costs, as long as these adjustments are approved in advance by the commissioner as actuarially justified and consistent with the methodology and assumptions used by the health carrier. The methodology to be used for adjustments must be submitted to the commissioner by September 1, 1993.

Subd. 4. [MONITORING OF RESERVES.] The commissioner of health shall monitor health carrier reserves, to ensure that savings resulting from the establishment of expenditure targets are passed on to consumers in the form of lower premium rates. The commissioner shall establish the following upper and lower limits on health carrier reserves:

(a) All health carriers, except those licensed under chapter 60A to sell accident and sickness insurance under chapter 62A and health maintenance organizations licensed under chapter 62D, shall maintain a reserve of at least 16-2/3 percent but not greater than 33-1/3 percent of the sum of all health service claims incurred, plus administrative expenses in connection therewith, during the most current calendar year.

(b) Health carriers licensed under chapter 60A to sell accident and sickness insurance under chapter 62A shall fully reflect in the premium rates the savings generated by the expenditure limits and the health care provider revenue limits. No premium rate increase may be approved for those health carriers unless the health carrier establishes to the satisfaction of the commissioner of commerce that the proposed new rate would comply with this paragraph.

(c) Health maintenance organizations licensed under chapter 62D shall maintain a reserve of at least 8-1/3 percent but not greater than 25 percent of the sum of all health service claims incurred, plus administrative expenses incurred in connection with them, during the most current calendar year.

Subd. 5. [NOTICE.] The commissioner of health shall publish in the State Register and make available to the public by May 1, 1995, a list of all health carriers that exceeded their expenditure target for the 1994 calendar year. The commissioner shall publish in the State Register and make available to the public by May 1, 1996, a list of all health carriers that exceeded their combined expenditure target for calendar years 1994 and 1995. The commissioner shall notify each health carrier that the commissioner has determined that the carrier exceeded its expenditure target, at least 30 days before publishing the list, and shall provide each carrier with ten days to provide an explanation for exceeding the expenditure target. The commissioner shall review the explanation and may change a determination if the commissioner determines the explanation to be valid.

Subd. 6. [ASSISTANCE BY THE COMMISSIONER OF COMMERCE.] The commissioner of commerce shall provide assistance to the commissioner of health in monitoring health carriers regulated by the commissioner of commerce. The commissioner of commerce, in consultation with the commissioner of health, shall enforce compliance by those health carriers.

Subd. 7. [ENFORCEMENT.] The commissioners of health and commerce shall enforce the reserve limits established in subdivision 4, with respect to the health carriers that each commissioner respectively regulates. Each commissioner shall require health carriers under the commissioner's jurisdiction to submit plans of corrective action when the reserve requirement is not met. Each commissioner has under this section all enforcement and rulemaking authority that the commissioner otherwise has with respect to the health carrier. Carriers that exceed the expenditure targets based on two-year average expenditure data or whose reserves exceed the limits established in subdivision 4 shall be required by the appropriate commissioner to pay back the amount overspent through an assessment on the carrier. The appropriate commissioner may approve a different repayment method to take into account the carrier's financial condition.

Subd. 8. [STUDY.] The commissioner of commerce shall study and report to the legislature, no later than December 15, 1993, as to whether the concept of a reserves corridor for purposes of monitoring revenues is adaptable for use with indemnity health insurers that do business in multiple states and that must comply with their domiciliary state's reserves requirement.

Sec. 4. [62O.05] [HEALTH CARE PROVIDER REVENUE LIMITS.]

Subdivision 1. [DEFINITION.] For purposes of this section, "health care provider" has the definition given in section 62J.03, subdivision 8.

Subd. 2. [ESTABLISHMENT.] The commissioner of health shall establish revenue limits for health care providers, for calendar years 1994 and 1995. The revenue limits must be consistent with and developed as part of the annual limits on the rate of growth in health care spending established under section 62J.04, subdivision 1. Health care providers may adjust final revenue figures for case mix complexity, inpatient to outpatient conversion, payer mix, out-of-period settlements, taxes, donations, grants, and legislative initiatives that materially change health care costs. A health care provider's revenues for purposes of these growth limits are net of the contributions, surcharges, taxes, and assessments listed in section 62O.04, subdivision 2, that the health care provider pays.

Subd. 3. [MONITORING OF REVENUE.] The commissioner of health shall monitor health care provider revenue, to ensure that savings resulting from the establishment of revenue limits are passed on to consumers in the form of a reduction in the rate of growth of health care spending. The commissioner shall monitor hospital revenue by examining net patient revenue per adjusted admission. The commissioner shall monitor the revenue of physicians and other health care providers by examining revenue per patient per year or revenue per encounter. If this information is not available, the commissioner may enforce an annual limit on the rate of growth of the average provider's current fees based on the limits on the rate of growth established for calendar years 1994 and 1995.

Subd. 4. [MONITORING AND ENFORCEMENT.] Health care providers shall submit to audits conducted by the commissioner. The commissioner shall audit all health clinics employing or contracting with over 100 physicians. The commissioner shall also audit, at times and in a manner that does not interfere with delivery of patient care, a sample of smaller clinics, hospitals, and other health care providers. Providers that exceed revenue limits based on two-year average revenue data shall be required by the commissioner to pay back the amount overspent during the following calendar year. The commissioner may approve a different repayment schedule for a health care provider that takes into account the provider's financial condition. For those providers subject to fee limits established by the commissioner, the commissioner may adjust the percentage increase in the fee schedule to account for changes in utilization.

Sec. 5. [APPLICABILITY OF OTHER LAWS.]

Except as expressly provided in rules adopted under this chapter, to the extent that a provider provides services in the regulated all-payer system, the provider is subject to all other statutes and rules that apply to providers of that type on the effective date of this section, including, as applicable, Minnesota Statutes, sections 62J.17 and 62J.23.

Sec. 6. [STUDY OF THE TRANSITION TO AN ALL-PAYER SYSTEM.]

The Minnesota health care commission shall study issues related to the transition to an all-payer system and shall report to the legislature and the governor by February 1, 1994. The report must include, but is not limited to, recommendations to minimize any financial and administrative burden of an all-payer system on providers in areas of the state without integrated service networks, increase the availability of integrated service networks in rural areas of the state, encourage the development of provider-managed integrated service networks, and ensure continued access to necessary health care services in all areas of the state.

Sec. 7. [EFFECTIVE DATE.]

Sections 1 to 6 are effective the day following final enactment.

ARTICLE 3

DATA COLLECTION AND COST CONTROL INITIATIVES

Section 1. Minnesota Statutes 1992, section 62J.03, subdivision 6, is amended to read:

Subd. 6. [GROUP PURCHASER.] "Group purchaser" means a person or organization that purchases health care services on behalf of an identified group of persons, regardless of whether the cost of coverage or services is paid for by the purchaser or by the persons receiving coverage or services, as further defined in rules adopted by the commissioner. "Group purchaser" includes, but is not limited to, integrated service networks; health insurance companies, health maintenance organizations, nonprofit health service plan corporations, and other health plan companies; employee health plans offered by self-insured employers; trusts established in a collective bargaining agreement under the federal Labor-Management Relations Act of 1947, United States Code, title 29, section 141, et seq.; the Minnesota comprehensive health association; group health coverage offered by fraternal organizations, professional associations, or other organizations; state and federal health care programs; state and local public employee health plans; workers' compensation plans; and the medical component of automobile insurance coverage.

Sec. 2. Minnesota Statutes 1992, section 62J.04, subdivision 1, is amended to read:

Subdivision 1. [~~COMPREHENSIVE BUDGET LIMITS ON THE RATE OF GROWTH.~~] (a) The commissioner of health shall set an annual ~~limit~~ limits on the rate of growth of public and private spending on health care services for Minnesota residents, as provided in paragraph (b). The ~~limit~~ limits on growth must be set at a ~~level~~ levels the commissioner determines to be realistic and achievable but that will ~~slow reduce the current~~ rate of growth in health care spending by at least ten percent per year using the spending growth rate for 1991 as a base year. ~~This limit must be achievable through good faith, cooperative efforts of health care consumers, purchasers, and providers for the next five years. The commissioner shall set limits on growth based on available data on spending and growth trends, including data from group purchasers, national data on public and private sector health care spending and cost trends, and trend information from other states.~~

(b) The commissioner shall set the following annual limits on the rate of growth of public and private spending on health care services for Minnesota residents:

(1) for calendar year 1994, the rate of growth must not exceed the change in the regional consumer price index for urban consumers plus .. percentage points;

(2) for calendar year 1995, the rate of growth must not exceed the change in the regional consumer price index for urban consumers plus .. percentage points;

(3) for calendar year 1996, the rate of growth must not exceed the change in the regional consumer price index for urban consumers plus .. percentage points;

(4) for calendar year 1997, the rate of growth must not exceed the change in the regional consumer price index for urban consumers plus .. percentage points; and

(5) for calendar year 1998, the rate of growth must not exceed the change in the regional consumer price index for urban consumers plus .. percentage points.

If the health care financing administration forecast for the total growth in national health expenditures for a calendar year is lower than the rate of growth for the calendar year as specified in clauses (1) to (5), the commissioner shall adopt this forecast as the growth limit for that calendar year. The commissioner shall adjust the growth limit set for calendar year 1995 to recover savings in health care spending required for the period July 1, 1993 to December 31, 1993. The commissioner shall publish:

(1) the limits in the State Register by March 15 of the year immediately preceding the year in which the limit will be effective except for the year 1993, in which the limit shall be published by July 1, 1993;

(2) the quarterly change in the regional consumer price index for urban consumers; and

(3) the health care financing administration forecast for total growth in the national health care expenditures. In setting an annual limit, the commissioner is exempt from the rulemaking requirements of chapter 14. The commissioner's decision on an annual limit is not appealable.

Sec. 3. Minnesota Statutes 1992, section 62J.04, is amended by adding a subdivision to read:

Subd. 1a. [ENFORCEMENT OF LIMITS ON GROWTH.] (a) The commissioner shall enforce limits on growth in spending and revenues for integrated service networks and for the regulated all-payer system. For purposes of enforcing limits, the commissioner may adjust a growth limit to account for differences between the actual and forecasted change in health care spending. If the commissioner determines that artificial inflation or padding of costs or prices has occurred in anticipation of the implementation of growth limits, the commissioner may adjust the base year spending totals or growth limits or take other action to reverse the effect of the artificial inflation or padding.

(b) The commissioner shall impose and enforce overall limits on growth in revenues and spending for integrated service networks, with adjustments for changes in enrollment, benefits, severity, and risks. If an integrated service network exceeds a spending limit, the commissioner may reduce future limits on growth in aggregate premium revenues for that integrated service network by up to the amount overspent. If the integrated service network system exceeds a systemwide spending limit, the commissioner may reduce future limits on growth in premium revenues for the integrated service network system by up to the amount overspent.

(c) The commissioner shall set prices, utilization controls, and other requirements for the regulated all-payer system to ensure that the overall costs of this system, after adjusting for changes in population, severity, and risk, do not exceed the growth limits. If spending growth limits for a calendar year are exceeded, the commissioner may reduce reimbursement rates or otherwise recoup overspending for all or part of the next calendar year, to recover in savings up to the amount of money overspent. To the extent possible, the commissioner may reduce reimbursement rates or otherwise recoup overspending from individual providers who exceed the spending growth limits.

Sec. 4. Minnesota Statutes 1992, section 62J.04, subdivision 2, is amended to read:

Subd. 2. [DATA COLLECTION BY COMMISSIONER.] For purposes of setting forecasting rates of growth in health care spending and setting limits under this section subdivisions 1 and 1a, the commissioner shall may collect from all Minnesota health care providers data on patient revenues and health care spending received during a time period specified by the commissioner. The commissioner shall may also collect data on health care revenues and spending from all group purchasers of health care. All Health care providers and group purchasers doing business in the state shall provide the data requested by the commissioner at the times and in the form specified by the commissioner. Professional licensing boards and state agencies responsible for licensing, registering, or regulating providers shall cooperate fully with the commissioner in achieving compliance with the reporting requirements.

Subd. 2a. [FAILURE TO PROVIDE DATA.] The intentional failure to provide reports the data requested under this section chapter is grounds for revocation of a license or other disciplinary or regulatory action against a regulated provider. The commissioner may assess a fine against a provider who refuses to provide information data required by the commissioner under this section. If a provider refuses to provide a report or information the data required under this section, the commissioner may obtain a court order requiring the provider to produce documents and allowing the commissioner to inspect the records of the provider for purposes of obtaining the information data required under this section.

Subd. 2b. [DATA PRIVACY.] All data received is private or nonpublic, ~~trade secret information under section 13.37 as applicable, except to the extent that it is given a different classification elsewhere in this chapter.~~ The commissioner shall establish procedures and safeguards to ensure that data ~~provided to the Minnesota health care commission released by the commissioner~~ is in a form that does not identify individual specific patients, providers, employers, purchasers, or other specific individuals and organizations, except with the permission of the affected individual or organization, or as permitted elsewhere in this chapter.

Sec. 5. Minnesota Statutes 1992, section 62J.09, is amended by adding a subdivision to read:

Subdivision 1a. [DUTIES RELATED TO COST CONTAINMENT.] (a) [ALLOCATION OF REGIONAL SPENDING LIMITS.] Regional coordinating boards may advise the commissioner regarding allocation of annual regional limits on the rate of growth for providers in the regulated all-payer system in order to:

(1) achieve communitywide and regional public health goals consistent with those established by the commissioner; and

(2) promote access to and equitable reimbursement of preventive and primary care providers.

(b) [TECHNICAL ASSISTANCE.] Regional coordinating boards, in cooperation with the commissioner, shall provide technical assistance to parties interested in establishing or operating an integrated service network within the region. This assistance must complement assistance provided by the commissioner under section 62N.23.

Sec. 6. Minnesota Statutes 1992, section 62J.33, is amended to read:

62J.33 [TECHNICAL ASSISTANCE INFORMATION ON COST AND QUALITY FOR PURCHASERS.]

Subdivision 1. [HEALTH CARE ANALYSIS UNIT.] The health care analysis unit shall provide ~~technical assistance information to health plan and health care assist~~ group purchasers and consumers in making informed decisions regarding purchasing of health care services. The unit shall provide information allowing comparisons between integrated service networks and between health care services and systems. The unit shall collect information about:

(1) premiums, benefit levels, patient or enrollee satisfaction, managed care procedures, health care outcomes, and other features of popular ~~popular~~ integrated service networks, health plans, and health carriers; and

(2) prices, outcomes, provider experience, and other information for services less commonly covered by insurance or for which patients commonly face significant out-of-pocket expenses; and

(3) information on health care services not provided through integrated service networks, including information on prices, costs, expenditures, utilization, quality of care, and outcomes.

The commissioner shall publicize this information in an easily understandable format.

Subd. 2. [INFORMATION CLEARINGHOUSE.] The commissioner of health shall establish an information clearinghouse within the department of health to facilitate the ability of consumers, employers, providers, health carriers, and others to obtain information on health care costs and quality in Minnesota. The commissioner shall make available through the clearinghouse information developed or collected by the department of health on practice parameters, outcomes data and research, the costs and quality of integrated service networks, reports or recommendations of the health planning advisory committee and other entities on technology assessments, worksite wellness and prevention programs, other wellness programs, consumer education, and other initiatives. The clearinghouse shall, upon request, make available information submitted voluntarily by health plans, providers, employers, and others if the information clearly states that an entity other than the state submitted the information, identifies the entity, and states that distribution by the clearinghouse does not imply endorsement of the entity or the information by the commissioner of health or the state of Minnesota. The commissioner of revenue shall provide any data collected to the commissioner of health.

Subd. 3. [PUBLIC HEALTH GOALS.] The commissioner shall establish specific public health goals including, but not limited to, increased delivery of prenatal care, improved birth outcomes, and expanded childhood immunizations. The commissioner shall not reveal the name of an institution, group of professionals, individual health care professional, group purchaser, or integrated service network until after the institution, group of professionals, individual health care professional, group purchaser, or integrated service network has had 15 days to review the data and comment. The commissioner shall include any comments received in the release of the data.

(b) Summary data derived from data collected under this chapter may be provided under section 13.05, subdivision 7, and may be released in studies produced by the commissioner or otherwise in accordance with chapter 13.

Sec. 14. [62].45] [DATA INSTITUTE.]

Subdivision 1. [STATEMENT OF PURPOSE.] It is the intention of the legislature to create a public-private mechanism for the collection of health care expenditures and outcome data, to the extent administratively efficient and effective. This integrated data system will provide clear, usable information on the cost, quality, and structure of health care services in Minnesota.

The health reform initiatives being implemented rely heavily on the availability of valid, objective data that currently are collected in many forms within the health care industry. Data collection needs cannot be efficiently met by undertaking separate data collection efforts.

The data institute created in this section will be a partnership between the commissioner of health and a board of directors representing health carriers and other group purchasers, health care providers, and consumers. These entities will work together to establish a centralized cost and quality data system that will be used by the public and private sectors. The data collection advisory committee and the practice parameter advisory committee shall provide assistance to the institute.

Subd. 2. [DEFINITIONS.] For purposes of this section, the following definitions apply.

(a) "Board" means the board of directors of the data institute.

(b) "Encounter level data" means data related to the provision of health care services to individual patients, enrollees, or insureds, including claims data, abstracts of medical records, and data from patient interviews and patient surveys.

(c) "Health carrier" has the definition provided in section 62A.011, subdivision 2.

Subd. 3. [OBJECTIVES OF THE DATA INSTITUTE.] The data institute shall:

(1) provide direction and coordination for public and private sector data collection efforts;

(2) establish a data system that provides users of data with the data necessary for their specific interests, in order to promote a high quality, cost-effective, consumer-responsive health care system;

(3) use and build upon existing data sources and quality measurement efforts, and improve upon these existing data sources and measurement efforts through the integration of data systems and the standardization of concepts, to the greatest extent possible;

(4) ensure that each segment of the health care industry can obtain data for appropriate purposes in a useful format and timely fashion; and

(5) protect the privacy of individuals and minimize administrative costs.

The institute shall carry out these activities in accordance with the recommendations of the data collection plan developed by the data collection advisory committee, the Minnesota health care commission, and the commissioner of health, under subdivision 4.

Subd. 4. [DATA COLLECTION PLAN.] The commissioner, in consultation with the data collection advisory committee and the Minnesota health care commission, shall develop and implement a plan that:

(1) provides data collection objectives, strategies, priorities, cost estimates, administrative and operational guidelines, and implementation timelines for the data institute; and

(2) identifies the encounter level data needed for the commissioner to carry out the duties assigned in this chapter.

The plan must take into consideration existing data sources and data sources that can easily be made uniform for linkages to other data sets.

Subd. 5. [COMMISSIONER'S DUTIES.] The commissioner shall establish a public/private data institute in conjunction with health care providers, health carriers and other group purchasers, and consumers, to collect and process encounter level data that are required to be submitted to the commissioner under this chapter. The commissioner shall not collect encounter level data from individual health care providers until standardized forms and procedures are available. The commissioner shall establish a board of directors comprised of members of the public and private sector to provide oversight for the administration and operation of the institute. The commissioner may intervene in the direct operation of the institute, if this is necessary in the judgment of the commissioner to accomplish the institute's duties.

Subd. 6. [BOARD OF DIRECTORS.] The institute is governed by a 23-member board of directors consisting of the following members:

(1) two representatives of hospitals, one appointed by the Minnesota Hospital Association and one appointed by the Minnesota Health Care Council;

(2) three representatives of health carriers, one appointed by the Minnesota Council of Health Maintenance Organizations, one appointed by Blue Cross Blue Shield, and one appointed by the Insurance Federation of Minnesota;

(3) three consumer members appointed by the commissioner, at least one of whom must be a labor union representative;

(4) four employer representatives appointed by the Minnesota Chamber of Commerce, two of whom must represent employers with less than 50 employees;

(5) two physicians appointed by the Minnesota Medical Association;

(6) two pharmacists appointed by the Minnesota Pharmacists Association;

(7) one nursing representative appointed by the Minnesota Nurses Association;

(8) four representatives of state agencies, one member representing the department of employee relations, one member representing the department of human services, one member representing the department of commerce, and one member representing the department of health; and

(9) two researchers experienced in the collection and processing of encounter level data to be appointed by the commissioner. No more than 11 members of the board of directors may be of one gender. Appointing authorities shall consult with each other to assure compliance with this requirement. Appointing authorities shall also consult with each other to attempt to assure geographical balance.

Subd. 7. [TERMS; COMPENSATION; REMOVAL; AND VACANCIES.] The board is governed by section 15.0575.

The executive director may participate in the following plans for employees in the unclassified service: the state retirement plan, the state deferred compensation plan, and the health insurance and life insurance plans. The attorney general shall provide legal services to the board.

Subd. 9. [DUTIES.] The board shall provide assistance to the commissioner in determining what data projects should be pursued and how data will be validated for statistical and clinical significance. If the commissioner intends to depart from the advice and recommendations of the board, the commissioner shall inform the board of the intended departure, provide a written explanation of the reasons for the departure, and give the board the opportunity to comment on the departure. The board shall advise and make recommendations to the commissioner on:

(1) the purpose of initiating a data collection project;

(2) the expected benefit to the state from the project;

(3) the methodology needed to assure the validity of the project without creating an undue burden to providers and payers;

(5) the projected cost to the state, health care providers, health carriers, and other group purchasers to complete the project.

Subd. 10. [DATA COLLECTION.] The commissioner, in consultation with the data institute board, may select a vendor to:

(1) collect the encounter level data required to be submitted by group purchasers under sections 62J.38 and 62J.42, state agencies under section 62J.40, and health care providers under sections 62J.41 and 62J.42, using, to the greatest extent possible, standardized forms and procedures;

(2) collect the encounter level data required for the initiatives of the health care analysis unit, under sections 62J.30 to 62J.34, using, to the greatest extent possible, standardized forms and procedures;

(3) process the data collected to ensure validity, consistency, accuracy, and completeness, and as appropriate, merge data collected from different sources;

(4) provide unaggregated, encounter level data to the health care analysis unit within the department of health; and

(5) carry out other duties assigned in this section.

Subd. 11. [USE OF DATA.] (a) The board of the data institute, with the advice of the data collection advisory committee and the practice parameter advisory committee, is responsible for establishing the methodology for the collection and analysis of the data and the development and dissemination of reports.

(b) The health care analysis unit is responsible for the analysis of the data and the development and dissemination of reports.

(c) The commissioner, in consultation with the board, shall determine when and under what conditions data disclosure to group purchasers, health care providers, consumers, researchers, and other appropriate parties may occur to meet the state's goals. The commissioner may require users of data to contribute toward the cost of data collection through the payment of fees. The commissioner shall require users of data to maintain the data according to the data privacy provisions applicable to the data.

Subd. 12. [CONTRACTING.] The commissioner, in consultation with the board, may contract with private sector entities to carry out the duties assigned in this section. The commissioner shall diligently seek to enter into contracts with private sector entities. Any contract must list the specific data to be collected and the methods to be used to collect and validate the data. Any contract must require the private sector entity to maintain the data collected according to the data privacy provisions applicable to the data.

Subd. 13. [DATA PRIVACY.] The board and the institute are subject to chapter 13.

Subd. 14. [STANDARDS FOR DATA RELEASE.] The data institute shall adopt standards for the collection, analysis, and dissemination of data collected on costs, spending, quality, outcomes, and utilization. These standards must be consistent with data privacy requirements. Standards for data on health care costs and spending must ensure that the data are collected, analyzed, and disseminated with consistency, accuracy, and completeness. Standards for data on quality, outcomes, and utilization must ensure that the data are collected, analyzed, and disseminated using scientifically and statistically valid techniques that are accurate and reliable, adjust for severity, and are appropriate for evaluating practice patterns and outcomes.

Subd. 15. [INFORMATION CLEARINGHOUSE.] The commissioner shall coordinate the activities of the data institute with the activities of the information clearinghouse established in section 62J.33, subdivision 2.

Subd. 16. [FEDERAL AND OTHER GRANTS.] The commissioner, in collaboration with the board, shall seek federal funding and funding from private and other nonstate sources for the initiatives required by the board.

Sec. 15. [62J.46] [MONITORING AND REPORTS.]

State agencies collecting information on long-term care spending and costs shall coordinate with the interagency long-term care planning committee and the commissioner to facilitate the monitoring of long-term care expenditures in the state.

Subd. 2. [COST SHIFTING.] The commissioner shall monitor the extent to which reimbursement rates for government health care programs lead to the shifting of costs to private payers. By January 1, 1995, the commissioner shall report any evidence of cost shifting to the legislature and make recommendations on adjustments to the cost containment plan that should be made due to cost shifting.

Sec. 16. [INSTRUCTION TO REVISOR.]

The revisor of statutes shall insert section 62J.04, subdivisions 2, 2a, and 2b, as subdivisions 1, 2, and 3 in section 62J.35, and renumber the other subdivisions of section 62J.35 as subdivisions 4 and 5 of that section in the next and subsequent editions of Minnesota Statutes.

Sec. 17. [EFFECTIVE DATE.]

Sections 1 to 16 are effective the day following final enactment.

The goal of the plan shall be to reduce the growth rate of health care spending, adjusted for population changes, so that it declines by at least ten percent per year for each of the next five years. ~~The commission shall use the rate of spending growth in 1991 as the base year for developing its plan.~~ The plan may include tentative targets for reducing the growth in spending for consideration by the legislature.

(b) In developing the plan, the commission shall consider the advisability and feasibility of the following options, but is not obligated to incorporate them into the plan:

(2) methods of adjusting spending limits to account for patients who are not Minnesota residents, to reflect care provided to a person outside the person's region, and to adjust for demographic changes over time;

(3) methods that could be used to monitor compliance with the limits;

(4) criteria for exempting spending on research and experimentation on new technologies and medical practices when setting or enforcing spending limits;

(5) methods that could be used to help providers, purchasers, consumers, and communities control spending growth;

(6) methods of identifying activities of consumers, providers, or purchasers that contribute to excessive growth in spending;

- (7) methods of encouraging voluntary activities that will help keep spending within the limits;
- (8) methods of consulting providers and obtaining their assistance and cooperation and safeguards that are necessary to protect providers from abrupt changes in revenues or practice requirements;
- (9) methods of avoiding, preventing, or recovering spending in excess of the rate of growth identified by the commission;
- (10) methods of depriving those who benefit financially from overspending of the benefit of overspending, including the option of recovering the amount of the excess spending from the greater provider community or from individual providers or groups of providers through targeted assessments;
- (11) methods of reallocating health care resources among provider groups to correct existing inequities, reward desirable provider activities, discourage undesirable activities, or improve the quality, affordability, and accessibility of health care services;
- (12) methods of imposing mandatory requirements relating to the delivery of health care, such as practice parameters, hospital admission protocols, 24-hour emergency care screening systems, or designated specialty providers;
- (13) methods of preventing unfair health care practices that give a provider or group purchaser an unfair advantage or financial benefit or that significantly circumvent, subvert, or obstruct the goals of this chapter;
- (14) methods of providing incentives through special spending allowances or other means to encourage and reward special projects to improve outcomes or quality of care; and
- (15) the advisability or feasibility of a system of permanent, regional coordinating boards to ensure community involvement in activities to improve affordability, accessibility, and quality of health care in each region.

The provider may submit any additional information that it deems relevant.

(c) [ADDITIONAL INFORMATION.] The commissioner may request additional information from a provider for the purpose of review of a report submitted by that provider, and may consider relevant information from other sources. (d) [FAILURE TO COMPLY.] If the provider fails to submit a complete and timely expenditure report, including any additional information requested by the commissioner, the commissioner may make the provider's subsequent major spending commitments subject to the procedures of prospective review and approval under subdivision 7.

Sec. 12. Minnesota Statutes 1992, section 62J.17, is amended by adding a subdivision to read:

Subd. 5a. [RETROSPECTIVE REVIEW.] (a) The commissioner shall retrospectively review each major spending commitment and notify the provider of the results of the review. The commissioner shall determine whether the major spending commitment was appropriate. In making the determination, the commissioner may consider the following criteria: the major spending commitment's impact on the cost, access, and quality of health care; the clinical effectiveness and cost-effectiveness of the major spending commitment; and the alternatives available to the provider.

(b) The commissioner may not prevent or prohibit a major spending commitment subject to retrospective review. However, if the provider fails the retrospective review, any major spending commitments by that provider for the five-year period following the commissioner's decision are subject to prospective review under subdivision 7.

Sec. 13. Minnesota Statutes 1992, section 62J.17, is amended by adding a subdivision to read:

Subd. 7. [PROSPECTIVE REVIEW AND APPROVAL.] (a) [REQUIREMENT.] No health care provider subject to prospective review under this subdivision shall make a major spending commitment unless:

(1) the provider has filed an application with the commissioner to proceed with the major spending commitment and has provided all supporting documentation and evidence requested by the commissioner; and

(2) the commissioner determines, based upon this documentation and evidence, that the major spending commitment is appropriate under the criteria provided in subdivision 5a in light of the alternatives available to the provider.

(b) [APPLICATION.] A provider subject to prospective review and approval shall submit an application to the commissioner before proceeding with any major spending commitment. The application must address each item listed in subdivision 4a, paragraph (a), and must also include documentation to support the response to each item. The provider may submit information, with supporting documentation, regarding why the major spending commitment should be excepted from prospective review under paragraph (d). The submission may be made either in addition to or instead of the submission of information relating to the items listed in subdivision 4a, paragraph (a).

(c) [REVIEW.] The commissioner shall determine, based upon the information submitted, whether the major spending commitment is appropriate under the criteria provided in subdivision 5a, or whether it should be excepted from prospective review under paragraph (d). In making this determination, the commissioner may also consider relevant information from other sources. At the request of the commissioner, the Minnesota health care commission shall convene an expert review panel made up of persons with knowledge and expertise regarding medical equipment, specialized services, health care expenditures, and capital expenditures to review applications and make recommendations to the commissioner. The commissioner shall make a decision on the application within 60 days after an application is received.

(d) [EXCEPTIONS.] The prospective review and approval process does not apply to:

(1) a major spending commitment to replace existing equipment with comparable equipment, if the old equipment will no longer be used in the state;

(2) a major spending commitment made by a research and teaching institution for purposes of conducting medical education, medical research supported or sponsored by a medical school or by a federal or foundation grant, or clinical trials;

(4) mergers, acquisitions, and other changes in ownership or control that, in the judgment of the commissioner, do not involve a substantial expansion of service capacity or a substantial change in the nature of health care services provided.

(e) [NOTIFICATION REQUIRED FOR EXCEPTED MAJOR SPENDING COMMITMENT.] A provider making a major spending commitment covered by paragraph (d) shall provide notification of the major spending commitment as provided under subdivision 4a.

(f) [PENALTIES AND REMEDIES.] The commissioner of health has the authority to issue fines, seek injunctions, and pursue other remedies as provided by law.

Sec. 14. Minnesota Statutes 1992, section 62J.23, is amended by adding a subdivision to read:

Subd. 4. [INTEGRATED SERVICE NETWORKS.] (a) The legislature finds that the formation and operation of integrated service networks will accomplish the purpose of the federal Medicare antikickback statute, which is to reduce the overutilization and overcharging that may result from inappropriate provider incentives. Accordingly, it is the public policy of the state of Minnesota to support the development of integrated service networks. The legislature finds that the federal Medicare antikickback laws should not be interpreted to interfere with the development of integrated service networks or to impose liability for arrangements between an integrated service network and its participating entities.

(b) An arrangement between an integrated service network and any or all of its participating entities is not subject to liability under subdivisions 1 and 2.

Sec. 15. [62J.2911] [ANTITRUST EXCEPTIONS; PURPOSE.]

The legislature finds that the goals of controlling health care costs and improving the quality of and access to health care services will be significantly enhanced by cooperative arrangements involving providers or purchasers that might be prohibited by state and federal antitrust laws if undertaken without governmental involvement. The purpose of sections 62J.2911 to 62J.2921 is to create an opportunity for the state to review proposed arrangements and to substitute regulation for competition when an arrangement is likely to result in lower costs, or greater access or quality, than would otherwise occur in the marketplace. The legislature intends that approval of arrangements be accompanied by appropriate conditions, supervision, and regulation to protect against private abuses of economic power, and that an arrangement approved by the commissioner and accompanied by such appropriate conditions, supervision, and regulation shall not be subject to state and federal antitrust liability.

Sec. 16. [62J.2912] [DEFINITIONS.]

Subd. 3. [APPLICATION CANNOT BE USED TO IMPOSE LIABILITY.] The commissioner may ask the attorney general to comment on an application. The application and any information obtained by the commissioner under sections 62J.2914 to 62J.2916 that is not otherwise available is not admissible in any civil or criminal proceeding brought by the attorney general or any other person based on an antitrust claim, except:

(1) a proceeding brought under section 62J.2921, subdivision 5, based on an applicant's failure to substantially comply with the terms of the application; or

(v) identification of all products or services that a substantial share of consumers would consider substitutes for any service or product that is the subject of the proposed arrangement;

(vi) identification of whether any services or products of the proposed arrangement are currently being offered, capable of being offered, utilized, or capable of being utilized by other providers or purchasers in the geographic territory described in item (iii);

(xii) an explanation of how the arrangement relates to any Minnesota health care commission or applicable regional coordinating board plans for delivery of health care; and

(7) a detailed explanation of how the transaction will affect cost, access, and quality. The explanation must address the factors in section 62J.2917, subdivision 2, paragraphs (b) to (d), to the extent applicable.

Subd. 2. [STATE REGISTER NOTICE.] In addition to the disclosures required in subdivision 1, the application must contain a written description of the proposed arrangement for purposes of publication in the State Register. The notice must include sufficient information to advise the public of the nature of the proposed arrangement and to enable the public to provide meaningful comments concerning the expected results of the arrangement. The notice must also state that any person may provide written comments to the commissioner, with a copy to the applicant, within 20 days of the notice's publication. The commissioner shall approve the notice before publication. If the commissioner determines that the submitted notice does not provide sufficient information, the commissioner may amend the notice before publication and may consult with the applicant in preparing the amended notice. The commissioner shall not publish an amended notice without the applicant's approval.

Subd. 3. [MULTIPLE PARTIES TO A PROPOSED ARRANGEMENT.] For a proposed arrangement involving multiple parties, one joint application must be submitted on behalf of all parties to the arrangement.

Subd. 4. [FILING FEE.] An application must be accompanied by a filing fee of \$....., which must be deposited in the health care access fund. The total of the deposited application fees is appropriated annually to the commissioner to administer the antitrust exceptions program.

Subd. 5. [TRADE SECRET INFORMATION; PROTECTION.] Trade secret information, as defined in section 13.37, subdivision 1, paragraph (b), must be protected to the extent required under chapter 13.

Subd. 6. [COMMISSIONER'S AUTHORITY TO REFUSE TO REVIEW.] (a) If the commissioner determines that an application is unclear, incomplete, or provides an insufficient basis on which to base a decision, the commissioner may return the application. The applicant may complete or revise the application and resubmit it.

(b) If, upon review of the application and upon advice from the attorney general, the commissioner concludes that the proposed arrangement does not present any potential for liability under the state or federal antitrust laws, the commissioner may decline to review the application and so notify the applicant.

(c) The commissioner may decline to review any application relating to arrangements already in effect before the submission of the application. However, the commissioner shall review any application if the review is expressly provided for in a settlement agreement entered into before the enactment of this section by the applicant and the attorney general.

Subd. 7. [COMMISSIONER'S AUTHORITY TO EXTEND TIME LIMITS.] The commissioner may extend any of the time limits stated in sections 62J.2915 and 62J.2916 at the request of the applicant or another person but may not grant such extension unless good cause is shown.

Sec. 19. [62J.2915] [NOTICE AND COMMENT.]

Subdivision 1. [NOTICE.] The commissioner shall cause the notice described in section 62J.2914, subdivision 2, to be published in the State Register and sent to the Minnesota health care commission, the regional coordinating boards for any regions that include all or part of the territory covered by the proposed arrangement, and any person who has requested to be placed on a list to receive notice of applications. The commissioner may maintain separate notice lists for different regions of the state. The commissioner may also send a copy of the notice to any person together with a request that the person comment as provided under subdivision 2. Copies of the request must be provided to the applicant.

Subd. 2. [COMMENTS.] Within 20 days after the notice is published, any person may mail to the commissioner written comments with respect to the application. Within 30 days after the notice is published, the Minnesota health care commission or any regional coordinating board may mail such comments. Persons submitting comments shall provide a copy of the comments to the applicant. The applicant may mail to the commissioner written responses to any comment within ten days after the deadline for mailing such comment. The applicant shall send a copy of the response to the person submitting the comment.

Sec. 20. [62J.2916] [PROCEDURE FOR REVIEW OF APPLICATIONS.]

Subdivision 1. [CHOICE OF PROCEDURES.] After the conclusion of the period provided in section 62J.2915, subdivision 2, for the applicant to respond to comments, the commissioner shall select one of the three procedures provided in subdivision 2. In determining which procedure to use, the commissioner shall consider the following criteria:

- (1) the size of the proposed arrangement, in terms of number of parties and amount of money involved;
- (2) the complexity of the proposed arrangement;
- (3) the novelty of the proposed arrangement;
- (4) the substance and quantity of the comments received;
- (5) any comments received from the Minnesota health care commission or regional coordinating boards; and
- (6) the presence or absence of any significant gaps in the factual record.

If the applicant demands a contested case hearing no later than the conclusion of the period provided in section 62J.2915, subdivision 2, for the applicant to respond to comments, the commissioner shall not select a procedure. Instead, the applicant shall be given a contested case proceeding as a matter of right.

Subd. 2. [PROCEDURES AVAILABLE.] (a) [DECISION ON THE WRITTEN RECORD.] The commissioner may issue a decision based on the application, the comments, and the applicant's responses to the comments, to the extent each is relevant. In making the decision, the commissioner may consult with staff of the department of health and may rely on department of health data.

(b) [LIMITED HEARING.] (1) The commissioner may order a limited hearing. A copy of the order must be mailed to the applicant and to all persons who have submitted comments or requested to be kept informed of the proceedings involving the application. The order must state the date, time, and location of the limited hearing and must identify specific issues to be addressed at the limited hearing. The issues may include the feasibility and desirability of one or more alternatives to the proposed arrangement. The order must require the applicant to submit written evidence, in the form of affidavits and supporting documents, addressing the issues identified, within 20 days after the date of the order. The order shall also state that any person may arrange to receive a copy of the written evidence from the commissioner, at the person's expense, and may provide written comments on the evidence within 40 days after the date of the order. A person providing written comments shall provide a copy of the comments to the applicant.

(2) The limited hearing must be held before the commissioner or department of health staff member designated by the commissioner. The commissioner or the commissioner's designee shall question the applicant about the evidence submitted by the applicant. The questions may address relevant issues identified in the comments submitted in response to the written evidence or identified by department of health staff or brought to light by department of health data. At the conclusion of the applicant's responses to the questions, any person who submitted comments about the applicant's written evidence may make a statement addressing the applicant's responses to the questions. The commissioner or the commissioner's designee may ask questions of any person making a statement. At the conclusion of all statements, the applicant may make a closing statement.

(3) The commissioner's decision after a limited hearing must be based upon the application, the comments, the applicant's response to the comments, the applicant's written evidence, the comments in response to the written evidence, and the information presented at the limited hearing, to the extent each is relevant. In making the decision, the commissioner may consult with staff of the department of health and may rely on department of health data.

(c) [CONTESTED CASE HEARING.] The commissioner may order a contested case hearing. A contested case hearing shall be tried before an administrative law judge who shall issue a written recommendation to the commissioner and shall follow the procedures in sections 14.57 to 14.62. All factual issues relevant to a decision must be presented in the contested case. The attorney general may appear as a party. Additional parties may appear to the extent permitted under sections 14.57 to 14.62. The record in the contested case includes the application, the comments, the applicant's response to the comments, and any other evidence that is part of the record under sections 14.57 to 14.62.

Sec. 21. [62].2917] [CRITERIA FOR DECISION.]

Subdivision 1. [CRITERIA.] The commissioner shall not approve an application unless the commissioner determines that the arrangement is more likely to result in lower costs, increased access, or increased quality of health care, than would otherwise occur under existing market conditions or conditions likely to develop without an exemption from state and federal antitrust law. In the event that a proposed arrangement appears likely to improve one or two of the criteria at the expense of another one or two of the criteria, the commissioner shall not approve the application unless the commissioner determines that the proposed arrangement, taken as a whole, is likely to substantially further the purpose of this chapter. In making such a determination, the commissioner may employ a cost/benefit analysis.

Subd. 2. [FACTORS.] (a) [GENERALLY APPLICABLE FACTORS.] In making a determination about cost, access, and quality, the commissioner may consider the following factors, to the extent relevant:

(1) whether the proposal is compatible with the cost containment plan or other plan of the Minnesota health care commission or the applicable regional plans of the regional coordinating boards;

(2) market structure:

(i) actual and potential sellers and buyers, or providers and purchasers;

(ii) actual and potential consumers;

(iii) geographic market area; and

(iv) entry conditions;

(3) current market conditions;

(4) the historical behavior of the market;

(5) performance of other, similar arrangements;

(6) whether the proposal unnecessarily restrains competition or restrains competition in ways not reasonably related to the purposes of this chapter; and

(7) the financial condition of the applicant.

(b) [COST.] The commissioner's analysis of cost must focus on the individual consumer of health care. Cost savings to be realized by providers, health carriers, group purchasers, or other participants in the health care system are relevant only to the extent that the savings are likely to be passed on to the consumer. However, where an application is submitted by providers or purchasers who are paid primarily by third party payers unaffiliated with the applicant, it is sufficient for the applicant to show that cost savings are likely to be passed on to the unaffiliated third party payers; the applicants do not have the burden of proving that third party payers with whom the applicants are not affiliated will pass on cost savings to individuals receiving coverage through the third party payers. In making determinations as to costs, the commissioner may consider:

- (1) the cost savings likely to result to the applicant;
- (2) the extent to which the cost savings are likely to be passed on to the consumer and in what form;
- (3) the extent to which the proposed arrangement is likely to result in cost shifting by the applicant onto other payers or purchasers of other products or services;
- (4) the extent to which the cost shifting by the applicant is likely to be followed by other persons in the market;
- (5) the current and anticipated supply and demand for any products or services at issue;
- (6) the representations and guarantees of the applicant and their enforceability;
- (7) likely effectiveness of regulation by the commissioner;
- (8) inferences to be drawn from market structure;
- (9) the cost of regulation, both for the state and for the applicant; and
- (10) any other factors tending to show that the proposed arrangement is or is not likely to reduce cost.

(c) [ACCESS.] In making determinations as to access, the commissioner may consider:

(1) the extent to which the utilization of needed health care services or products by the intended targeted population is likely to increase or decrease. When a proposed arrangement is likely to increase access in one geographic area, by lowering prices or otherwise expanding supply, but limits access in another geographic area by removing service capabilities from that second area, the commissioner shall articulate the criteria employed to balance these effects;

(2) the extent to which the proposed arrangement is likely to make available a new service or product to a certain geographic area; and

(3) the extent to which the proposed arrangement is likely to otherwise make health care services or products more financially or geographically available to persons who need them.

If the commissioner determines that the proposed arrangement is likely to increase access and bases that determination on a projected increase in utilization, the commissioner shall also determine and make a specific finding that the increased utilization does not reflect overutilization.

(d) [QUALITY.] In making determinations as to quality, the commissioner may consider the extent to which the proposed arrangement is likely to:

- (1) decrease morbidity and mortality;
- (2) result in faster convalescence;
- (3) result in fewer hospital days;
- (4) permit providers to attain needed experience or frequency of treatment, likely to lead to better outcomes;
- (5) increase patient satisfaction; and
- (6) have any other features likely to improve or reduce the quality of health care.

Sec. 22. [62J.2918] [DECISION.]

Subdivision 1. [APPROVAL OR DISAPPROVAL.] The commissioner shall issue a written decision approving or disapproving the application. The commissioner may condition approval on a modification of all or part of the proposed arrangement to eliminate any restriction on competition that is not reasonably related to the goals of reducing cost or improving access or quality. The commissioner may also establish conditions for approval that are reasonably necessary to protect against abuses of private economic power and to ensure that the arrangement is appropriately supervised and regulated by the state.

Subd. 2. [FINDINGS OF FACT.] The commissioner's decision shall make specific findings of fact concerning the cost, access, and quality criteria, and identify one or more of those criteria as the basis for the decision.

Subd. 3. [DATA FOR SUPERVISION.] A decision approving an application must require the periodic submission of specific data relating to cost, access, and quality, and to the extent feasible, identify objective standards of cost, access, and quality by which the success of the arrangement will be measured. However, if the commissioner determines that the scope of a particular proposed arrangement is such that the arrangement is certain to have neither a positive or negative impact on one or two of the criteria, the commissioner's decision need not require the submission of data or establish an objective standard relating to those criteria.

Sec. 23. [62J.2919] [APPEAL.]

After the commissioner has rendered a decision, the applicant or any other "aggrieved person," as the term is used in section 14.63, may appeal the decision to the Minnesota court of appeals within 30 days after receipt of the commissioner's decision. The appeal is governed by sections 14.63 to 14.69. The appellate process does not include a contested case under sections 14.57 to 14.62. The commissioner's determination, under section 62J.2916, subdivision 1, of which procedure to use may not be raised as an issue on appeal.

Sec. 24. [62J.2920] [SUPERVISION AFTER APPROVAL.]

Subdivision 1. [ACTIVE SUPERVISION.] The commissioner shall actively supervise, monitor, and regulate approved arrangements.

Subd. 2. [PROCEDURES.] The commissioner shall review data submitted periodically by the applicant. The commissioner's order shall set forth the time schedule for the submission of data, which shall be at least once a year. The commissioner's order must identify the data that must be submitted, although the commissioner may subsequently require the submission of additional data or alter the time schedule. Upon review of the data submitted, the commissioner shall notify the applicant of whether the arrangement is in compliance with the commissioner's order. If the arrangement is not in compliance with the commissioner's order, the commissioner shall identify those respects in which the arrangement does not conform to the commissioner's order.

An applicant receiving notification that an arrangement is not in compliance has 30 days in which to respond with additional data. The response may include a proposal and a time schedule by which the applicant will bring the arrangement into compliance with the commissioner's order. If the arrangement is not in compliance and the commissioner and the applicant cannot agree to the terms of bringing the arrangement into compliance, the matter shall be set for a contested case hearing.

The commissioner shall publish notice in the State Register two years after the date of an order approving an application, and at two-year intervals thereafter, soliciting comments from the public concerning the impact that the arrangement has had on cost, access, and quality. The commissioner may request additional oral or written information from the applicant or from any other source.

Subd. 3. [STUDY.] The commissioner shall study and make recommendations by January 15, 1995, on the appropriate length and scope of supervision of arrangements approved for exemption from the antitrust laws.

Sec. 25. [62J.2921] [REVOCATION.]

Subdivision 1. [CONDITIONS.] The commissioner may revoke approval of a cooperative arrangement only if:

- (1) the arrangement is not in substantial compliance with the terms of the application;
- (2) the arrangement is not in substantial compliance with the conditions of approval;
- (3) the arrangement has not and is not likely to substantially achieve the improvements in cost, access, or quality identified in the approval order as the basis for the commissioner's approval of the arrangement; or
- (4) the conditions in the marketplace have changed to such an extent that competition would promote reductions in cost and improvements in access and quality better than does the arrangement at issue. In order to revoke on the basis that conditions in the marketplace have changed, the commissioner's order must identify specific changes in the marketplace and articulate why those changes warrant revocation.

Subd. 2. [NOTICE.] The commissioner shall begin a proceeding to revoke approval by providing written notice to the applicant describing in detail the basis for the proposed revocation. Notice of the proceeding must be published in the State Register and submitted to the Minnesota health care commission and the applicable regional coordinating boards. The notice must invite the submission of comments to the commissioner.

Subd. 3. [PROCEDURE.] A proceeding to revoke an approval must be conducted as a contested case proceeding upon the written request of the applicant. Decisions of the commissioner in a proceeding to revoke approval are subject to judicial review under sections 14.63 to 14.69.

Subd. 4. [ALTERNATIVES TO REVOCATION PREFERRED.] In deciding whether to revoke an approval, the commissioner shall take into account the hardship that the revocation may impose on the applicant and any potential disruption of the market as a whole. The commissioner shall not revoke an approval if the arrangement can be modified, restructured, or regulated so as to remedy the problem upon which the revocation proceeding is based. The applicant may submit proposals for alternatives to revocation. Before approving an alternative to revocation that involves modifying or restructuring an arrangement, the commissioner shall publish notice in the State Register that any person may comment on the proposed modification or restructuring within 20 days after publication of the notice. The commissioner shall not approve the modification or restructuring until the comment period has concluded. An approved modified or restructured arrangement is subject to appropriate supervision under section 62J.2920.

Subd. 5. [IMPACT OF REVOCATION.] An applicant that has had its approval revoked is not required to terminate the arrangement. The applicant cannot be held liable under state or federal antitrust law for acts that occurred while the approval was in effect, except to the extent that the applicant failed to substantially comply with the terms of its application or failed to substantially comply with the terms of the approval. The applicant is fully subject to state and federal antitrust law after the revocation becomes effective and may be held liable for acts that occur after the revocation.

Sec. 26. [UNIVERSAL COVERAGE PLAN.]

The health care commission shall develop and submit to the legislature and the governor by December 15, 1993, a comprehensive plan that will lead to universal health coverage for all Minnesotans by January 1, 1997. The plan must include an implementation plan and time schedule for the coordinated phasing in of health insurance reforms, changes or expansions in government programs, and other actions recommended by the commission. The plan must also include annual targets for expanding coverage to uninsured persons and populations and periodic evaluations of the progress being made toward achieving annual targets and universal coverage.

Sec. 27. [REPEALER.]

Minnesota Statutes 1992, section 62J.17, subdivisions 4, 5, and 6, are repealed.

Sec. 28. [EFFECTIVE DATE.]

Sections 1 to 27 are effective the day following final enactment. Sections 10 to 13 apply retroactively to any major spending commitment entered into after April 1, 1992, except that the requirements of section 62J.17, subdivision 4a, paragraph (a), that a report be submitted within 60 days after a major spending commitment and that a report include the items specifically listed are not retroactive.

ARTICLE 7

SMALL EMPLOYER INSURANCE REFORM

Section 1. Minnesota Statutes 1992, section 62L.02, subdivision 19, is amended to read:

Subd. 19. [LATE ENTRANT.] "Late entrant" means an eligible employee or dependent who requests enrollment in a health benefit plan of a small employer following the initial enrollment period applicable to the employee or dependent under the terms of the health benefit plan, provided that the initial enrollment period must be a period of at least 30 days. However, an eligible employee or dependent must not be considered a late entrant if:

(1) the individual was covered under qualifying existing coverage at the time the individual was eligible to enroll in the health benefit plan, declined enrollment on that basis, and presents to the carrier a certificate of termination of the qualifying prior coverage, due to loss of eligibility for that coverage, provided that the individual maintains continuous coverage. For purposes of this clause, eligibility for prior coverage does not include eligibility for continuation coverage required under state or federal law;

(2) the individual has lost coverage under another group health plan due to the expiration of benefits available under the Consolidated Omnibus Budget Reconciliation Act of 1985, Public Law Number 99-272, as amended, and any state continuation laws applicable to the employer or carrier, provided that the individual maintains continuous coverage;

(3) the individual is a new spouse of an eligible employee, provided that enrollment is requested within 30 days of becoming legally married;

(4) the individual is a new dependent child of an eligible employee, provided that enrollment is requested within 30 days of becoming a dependent;

(5) the individual is employed by an employer that offers multiple health benefit plans and the individual elects a different plan during an open enrollment period; or

(6) a court has ordered that coverage be provided for a dependent child under a covered employee's health benefit plan and request for enrollment is made within 30 days after issuance of the court order.

Sec. 2. Minnesota Statutes 1992, section 62L.02, subdivision 26, is amended to read:

Subd. 26. [SMALL EMPLOYER.] "Small employer" means a person, firm, corporation, partnership, association, or other entity actively engaged in business who, on at least 50 percent of its working days during the preceding calendar year, employed no fewer than two nor more than 29 eligible employees, the majority of whom were employed in this state. ~~If a small employer has only two eligible employees, one employee must not be the spouse, child, sibling, parent, or grandparent of the other, except that~~ If an employer has only two eligible employees and one is the spouse, child, sibling, parent, or grandparent of the other, the employer must be a Minnesota domiciled employer and have paid social security or self-employment tax on behalf of both eligible employees. A small employer plan may be offered through a domiciled association to self-employed individuals and small employers who are members of the association, even if the self-employed individual or small employer has fewer than two employees ~~or the employees are family members.~~ Entities that are eligible to file a combined tax return for purposes of state tax laws are considered a single employer for purposes of determining the number of eligible employees. Small employer status must be determined on an annual basis as of the renewal date of the health benefit plan. The provisions of this chapter continue to apply to an employer who no longer meets the requirements of this definition until the annual renewal date of the employer's health benefit plan. Where an association, described in section 62A.10, subdivision 1, comprised of employers contracts with a health carrier to provide coverage to its members who are small employers, the association may elect to be considered to be a small employer, even though the association provides coverage to more than 29 employees of its members, so long as each employer that is provided coverage through the association qualifies as a small employer. An association's election to be considered a small employer under this section is not effective unless filed with the commissioner of commerce and unless the association notifies a health carrier of the election before purchasing coverage from the carrier. The association may revoke its election at any time by filing notice of revocation with the commissioner. If an employer has employees covered under a trust established in a collective bargaining agreement under the federal Labor-Management Relations Act of 1947, United States Code, title 29, section 141, et seq., as amended, those employees are excluded in determining whether the employer qualifies as a small employer.

Sec. 3. Minnesota Statutes 1992, section 62L.02, subdivision 27, is amended to read:

Subd. 27. [SMALL EMPLOYER MARKET.] (a) "Small employer market" means the market for health benefit plans for small employers.

(b) A health carrier is considered to be participating in the small employer market if the carrier offers, sells, issues, or renews a health benefit plan to: (1) any small employer; or (2) the eligible employees of a small employer offering a health benefit plan if, with the knowledge of the health carrier, ~~both~~ either of the following conditions ~~are~~ is met:

(i) any portion of the premium or benefits is paid for or reimbursed by a small employer; ~~and~~ or

(ii) the health benefit plan is treated by the employer or any of the eligible employees or dependents as part of a plan or program for the purposes of the Internal Revenue Code, section 106, 125, or 162.

Sec. 4. Minnesota Statutes 1992, section 62L.03, subdivision 3, is amended to read:

Subd. 3. [MINIMUM PARTICIPATION.] (a) A small employer that has at least 75 percent of its eligible employees who have not waived coverage participating in a health benefit plan must be guaranteed coverage from any health carrier participating in the small employer market. The participation level of eligible employees must be determined at the initial offering of coverage and at the renewal date of coverage. A health carrier may not increase the participation requirements applicable to a small employer at any time after the small employer has been accepted for coverage. For the purposes of this subdivision, waiver of coverage includes only waivers due to coverage under another group health plan. If a small employer does not satisfy the 75 percent participation requirement, a health carrier may decline to issue or renew coverage. If a health carrier voluntarily issues or renews a health benefit plan in that situation, the health benefit plan must fully comply with this chapter.

(b) A health carrier may require that small employers contribute a specified minimum percentage toward the cost of the coverage of eligible employees, so long as the requirement is uniformly applied for all small employers and for all types of health benefit plans, except for the small employer plans. If a small employer does not satisfy a health carrier's contribution requirement under this paragraph, the health carrier shall not issue or renew a health benefit plan to the small employer and shall not issue or renew individual coverage to the small employer's employees or their dependents, except as permitted under section 62L.12, subdivision 2.

(c) For the small employer plans, a health carrier ~~must~~ shall require that small employers contribute at least 50 percent of the cost of the coverage of eligible employees. The health carrier ~~must~~ shall impose this small employer plan contribution requirement on a uniform basis for both small employer plans and for all small employers seeking to purchase a small employer plan. If a small employer does not satisfy the contribution requirement under this paragraph, a health carrier shall not issue or renew a small employer plan to the small employer and shall not issue or renew individual coverage to the small employer's employees or their dependents, except as permitted under section 62L.12, subdivision 2.

(e) ~~(d)~~ Nothing in this section obligates a health carrier to issue coverage to a small employer that currently offers coverage through a health benefit plan from another health carrier, unless the new coverage will replace the existing coverage and not serve as one of two or more health benefit plans offered by the employer.

Sec. 5. Minnesota Statutes 1992, section 62L.03, subdivision 4, is amended to read:

Subd. 4. [UNDERWRITING RESTRICTIONS.] Health carriers may apply underwriting restrictions to coverage for health benefit plans for small employers, including any preexisting condition limitations, only as expressly permitted under this chapter. For purposes of this subdivision, "underwriting restrictions" means any refusal of the health carrier to issue or renew coverage, any premium rate higher than the lowest rate charged by the health carrier for the same coverage, or any preexisting condition limitation or exclusion. Health carriers may collect information relating to the case characteristics and demographic composition of small employers, as well as health status and health history information about employees of small employers. Except as otherwise authorized for late entrants, preexisting conditions may be excluded by a health carrier for a period not to exceed 12 months from the effective date of coverage of an eligible employee or dependent. When calculating a preexisting condition limitation, a health carrier shall credit the time period an eligible employee or dependent was previously covered by qualifying prior coverage, provided that the individual maintains continuous coverage. Late entrants may be subject to a preexisting condition limitation not to exceed 18 months from the effective date of coverage of the late entrant. Late entrants may also be excluded from coverage for a period not to exceed 18 months, provided that if a health carrier imposes an exclusion

from coverage and a preexisting condition limitation, the combined time period for both the coverage exclusion and preexisting condition limitation must not exceed 18 months. A health carrier shall, at the time of first issuance or renewal of a health benefit plan on or after July 1, 1993, credit against any preexisting condition limitation or exclusion permitted under this section, the time period prior to July 1, 1993, during which an eligible employee or dependent was covered by qualifying existing coverage or qualifying prior coverage, if the person has maintained continuous coverage.

Sec. 6. Minnesota Statutes 1992, section 62L.04, subdivision 1, is amended to read:

Subdivision 1. [APPLICABILITY OF CHAPTER REQUIREMENTS.] Beginning July 1, 1993, health carriers participating in the small employer market must offer and make available any health benefit plan that they offer, including both of the small employer plans provided in section 62L.05, to all small employers who satisfy the small employer participation and contribution requirements specified in this chapter. Compliance with these requirements is required as of the first renewal date of any small employer group occurring after July 1, 1993. For new small employer business, compliance is required as of the first date of offering occurring after July 1, 1993.

Compliance with these requirements is required as of the first renewal date occurring after July 1, 1994, with respect to employees of a small employer who had been issued individual coverage prior to July 1, 1993, administered by the health carrier on a group basis. Notwithstanding any other law to the contrary, the health carrier shall terminate any individual coverage for employees of small employers who satisfy the small employer participation requirements specified in section 62L.03 and offer to replace it with a health benefit plan. If the employer elects not to purchase a health benefit plan, the health carrier must offer all covered employees and dependents the option of maintaining their current coverage, administered on an individual basis, or replacement individual coverage. Small employer and replacement individual coverage provided under this subdivision must be without application of underwriting restrictions, provided continuous coverage is maintained.

Sec. 7. Minnesota Statutes 1992, section 62L.05, subdivision 2, is amended to read:

Subd. 2. [DEDUCTIBLE-TYPE SMALL EMPLOYER PLAN.] The benefits of the deductible-type small employer plan offered by a health carrier must be equal to 80 percent of the eligible charges, as specified in subdivision 10, for health care services, supplies, or other articles covered under the small employer plan, in excess of an annual deductible which must be \$500 per individual and \$1,000 per family.

Sec. 8. Minnesota Statutes 1992, section 62L.05, subdivision 3, is amended to read:

Subd. 3. [COPAYMENT-TYPE SMALL EMPLOYER PLAN.] The benefits of the copayment-type small employer plan offered by a health carrier must be equal to 80 percent of the eligible charges, as specified in subdivision 10, for health care services, supplies, or other articles covered under the small employer plan, in excess of the following copayments:

(1) \$15 per outpatient visit, ~~other than~~ including visits to an urgent care center but not including visits to a hospital outpatient department or emergency room, urgent care center, or similar facility;

(2) \$15 per day visit for the services of a home health agency or private duty registered nurse;

(3) \$50 per outpatient visit to a hospital outpatient department or emergency room, ~~urgent care center~~, or similar facility; and

(4) \$300 per inpatient admission to a hospital.

Sec. 9. Minnesota Statutes 1992, section 62L.05, subdivision 4, is amended to read:

Subd. 4. [BENEFITS.] The medical services and supplies listed in this subdivision are the benefits that must be covered by the small employer plans described in subdivisions 2 and 3:

(1) inpatient and outpatient hospital services, excluding services provided for the diagnosis, care, or treatment of chemical dependency or a mental illness or condition, other than those conditions specified in clauses (10), (11), and (12);

- (2) physician, chiropractor, and nurse practitioner services for the diagnosis or treatment of illnesses, injuries, or conditions;
- (3) diagnostic X-rays and laboratory tests;
- (4) ground transportation provided by a licensed ambulance service to the nearest facility qualified to treat the condition, or as otherwise required by the health carrier;
- (5) services of a home health agency if the services qualify as reimbursable services under Medicare ~~and are directed by a physician or qualify as reimbursable under the health carrier's most commonly sold health plan for insured group coverage;~~
- (6) services of a private duty registered nurse if medically necessary, as determined by the health carrier;
- (7) the rental or purchase, as appropriate, of durable medical equipment, other than eyeglasses and hearing aids;
- (8) child health supervision services up to age 18, as defined in section 62A.047;
- (9) maternity and prenatal care services, as defined in sections 62A.041 and 62A.047;
- (10) inpatient hospital and outpatient services for the diagnosis and treatment of certain mental illnesses or conditions, as defined by the International Classification of Diseases-Clinical Modification (ICD-9-CM), seventh edition (1990) and as classified as ICD-9 codes 295 to 299;
- (11) ten hours per year of outpatient mental health diagnosis or treatment for illnesses or conditions not described in clause (10);
- (12) 60 hours per year of outpatient treatment of chemical dependency; and
- (13) 50 percent of eligible charges for prescription drugs, up to a separate annual maximum out-of-pocket expense of \$1,000 per individual for prescription drugs, and 100 percent of eligible charges thereafter.

Sec. 10. Minnesota Statutes 1992, section 62L.05, subdivision 6, is amended to read:

Subd. 6. [CHOICE PRODUCTS EXCEPTION.] Nothing in subdivision 1 prohibits a health carrier from offering a small employer plan which provides for different benefit coverages based on whether the benefit is provided through a primary network of providers or through a secondary network of providers so long as the benefits provided in the primary network equal the benefit requirements of the small employer plan as described in this section. For purposes of products issued under this subdivision, out-of-pocket costs in the secondary network may exceed the out-of-pocket limits described in subdivision 1. A secondary network must not be used to provide "benefits in addition" as defined in subdivision 5, except in compliance with that subdivision.

Sec. 11. Minnesota Statutes 1992, section 62L.08, subdivision 4, is amended to read:

Subd. 4. [GEOGRAPHIC PREMIUM VARIATIONS.] A health carrier may request approval by the commissioner to establish no more than three geographic regions and to establish separate index rates for each region, provided that the index rates do not vary between any two regions by more than 20 percent. Health carriers that do not do business in the Minneapolis/St. Paul metropolitan area may request approval for no more than two geographic regions, and clauses (2) and (3) do not apply to approval of requests made by those health carriers. A health carrier may also request approval to establish one additional geographic region and a separate index rate for premiums for employees residing outside of Minnesota, and that index rate must not be more than 30 percent higher than the next highest index rate. The commissioner may grant approval if the following conditions are met:

- (1) the geographic regions must be applied uniformly by the health carrier;
- (2) one geographic region must be based on the Minneapolis/St. Paul metropolitan area;
- (3) if one geographic region is rural, the index rate for the rural region must not exceed the index rate for the Minneapolis/St. Paul metropolitan area;

(4) the health carrier provides actuarial justification acceptable to the commissioner for the proposed geographic variations in index rates, establishing that the variations are based upon differences in the cost to the health carrier of providing coverage.

Sec. 12. Minnesota Statutes 1992, section 62L.09, subdivision 1, is amended to read:

Subdivision 1. [NOTICE TO COMMISSIONER.] A health carrier electing to cease doing business in the small employer market shall notify the commissioner 180 days prior to the effective date of the cessation. ~~The cessation of business does not include the failure of a health carrier to offer or issue new business in the small employer market or continue an existing product line, provided that a health carrier does not terminate, cancel, or fail to renew its current small employer business or other product lines.~~ The health carrier shall simultaneously provide a copy of the notice to each small employer covered by a health benefit plan issued by the health carrier.

Upon making the notification, the health carrier shall not offer or issue new business in the small employer market. The health carrier shall renew its current small employer business due for renewal within 120 days after the date of the notification but shall not renew any small employer business more than 120 days after the date of the notification.

A health carrier that elects to cease doing business in the small employer market shall continue to be governed by this chapter with respect to any continuing small employer business conducted by the health carrier.

Sec. 13. [REPEALER.]

Minnesota Statutes 1992, section 62L.09, subdivision 2, is repealed.

Sec. 14. [EFFECTIVE DATE.]

Sections 1 to 13 are effective July 1, 1993.

ARTICLE 8

INDIVIDUAL MARKET REFORM; MISCELLANEOUS

Section 1. Minnesota Statutes 1992, section 43A.317, subdivision 5, is amended to read:

Subd. 5. [EMPLOYER ELIGIBILITY.] (a) [PROCEDURES.] All employers are eligible for coverage through the program subject to the terms of this subdivision. The commissioner shall establish procedures for an employer to apply for coverage through the program.

(b) [TERM.] The initial term of an employer's coverage will be two years from the effective date of the employer's application. After that, coverage will be automatically renewed for additional two-year terms unless the employer gives notice of withdrawal from the program according to procedures established by the commissioner or the commissioner gives notice to the employer of the discontinuance of the program. The commissioner may establish conditions under which an employer may withdraw from the program prior to the expiration of a two-year term, including by reason of a midyear increase in health coverage premiums of 50 percent or more. An employer that withdraws from the program may not reapply for coverage for a period of two years from its date of withdrawal.

(c) [MINNESOTA WORK FORCE.] An employer is not eligible for coverage through the program if five percent or more of its eligible employees work primarily outside Minnesota, except that an employer may apply to the program on behalf of only those employees who work primarily in Minnesota.

(d) [EMPLOYEE PARTICIPATION; AGGREGATION OF GROUPS.] An employer is not eligible for coverage through the program unless its application includes all eligible employees who work primarily in Minnesota, except employees who waive coverage as permitted by subdivision 6. Private entities that are eligible to file a combined tax return for purposes of state tax laws are considered a single employer, except as otherwise approved by the commissioner.

(e) [PRIVATE EMPLOYER.] A private employer is not eligible for coverage unless it has two or more eligible employees in the state of Minnesota. ~~If an employer has only two eligible employees, one employee must not be the spouse, child, sibling, parent, or grandparent of the other.~~ If an employer has only two eligible employees and one is the spouse, child, sibling, parent, or grandparent of the other, the employer must be a Minnesota domiciled employer and have paid social security or self-employment tax on behalf of both eligible employees.

(f) [MINIMUM PARTICIPATION.] The commissioner must require as a condition of employer eligibility that at least 75 percent of its eligible employees who have not waived coverage participate in the program. The participation level of eligible employees must be determined at the initial offering of coverage and at the renewal date of coverage. For purposes of this section, waiver of coverage includes only waivers due to coverage under another group health benefit plan.

(g) [EMPLOYER CONTRIBUTION.] The commissioner must require as a condition of employer eligibility that the employer contribute at least 50 percent toward the cost of the premium of the employee and may require that the contribution toward the cost of coverage is structured in a way that promotes price competition among the coverage options available through the program.

(h) [ENROLLMENT CAP.] The commissioner may limit employer enrollment in the program if necessary to avoid exceeding the program's reserve capacity.

Sec. 2. Minnesota Statutes 1992, section 62A.021, subdivision 1, is amended to read:

Subdivision 1. [LOSS RATIO STANDARDS.] Notwithstanding section 62A.02, subdivision 3, relating to loss ratios, a health care policy form or certificate form shall not be delivered or issued for delivery to an individual or to a small employer as defined in section 62L.02, unless the policy form or certificate form can be expected, as estimated for the entire period for which rates are computed to provide coverage, to return to Minnesota policyholders and certificate holders in the form of aggregate benefits not including anticipated refunds or credits, provided under the policy form or certificate form, (1) at least 75 percent of the aggregate amount of premiums earned in the case of policies issued in the small employer market, as defined in section 62L.02, subdivision 27; and (2) at least 65 percent of the aggregate amount of premiums earned in the case of policies issued in the individual market, calculated on the basis of incurred claims experience or incurred health care expenses where coverage is provided by a health maintenance organization on a service rather than reimbursement basis and earned premiums for the period and according to accepted actuarial principles and practices. ~~A health carrier shall demonstrate that the third year loss ratio is greater than or equal to the applicable percentage.~~ Assessments by the reinsurance association created in chapter 62L and any types of taxes, surcharges, or assessments created by Laws 1992, chapter 549, or created on or after April 23, 1992, are included in the calculation of incurred claims experience or incurred health care expenses. The applicable percentage for policy forms and certificate forms issued in the small employer market, as defined in section 62L.02, increases by one percentage point on ~~July~~ January 1 of each year ~~beginning on January 1, 1995, until an 80 percent loss ratio is reached on July January 1, 1998 1999.~~ The applicable percentage for policy forms and certificate forms issued in the individual market increases by one percentage point on ~~July~~ January 1 of each year, until a 70 percent loss ratio is reached on ~~July January 1, 1998 1999.~~ A health carrier that enters a market after July 1, 1993, does not start at the beginning of the phase-in schedule and must instead comply with the loss ratio requirements applicable to other health carriers in that market for each time period. Premiums earned and claims incurred in markets other than the small employer and individual markets are not relevant for purposes of this section.

Notwithstanding section 645.26, any act enacted at the 1992 regular legislative session that amends or repeals section 62A.135 or that otherwise changes the loss ratios provided in that section is void.

All filings of rates and rating schedules shall demonstrate that actual expected claims in relation to premiums comply with the requirements of this section when combined with actual experience to date. Filings of rate revisions shall also demonstrate that the anticipated loss ratio over the entire future period for which the revised rates are computed to provide coverage can be expected to meet the appropriate loss ratio standards, and aggregate loss ratio from inception of the policy form or certificate form shall equal or exceed the appropriate loss ratio standards.

A health carrier that issues health care policies and certificates to individuals or to small employers, as defined in section 62L.02, in this state shall file annually its rates, rating schedule, and supporting documentation including ratios of incurred losses to earned premiums by policy form or certificate form duration for approval by the commissioner according to the filing requirements and procedures prescribed by the commissioner. The supporting documentation shall also demonstrate in accordance with actuarial standards of practice using reasonable assumptions that the appropriate loss ratio standards can be expected to be met over the entire period for which rates are computed. The demonstration shall exclude active life reserves. ~~An expected third year loss ratio which is greater than or equal to the applicable percentage shall be demonstrated for policy forms or certificate forms in force less than three years.~~ If the data submitted does not confirm that the health carrier has satisfied the loss ratio requirements of this section,

the commissioner shall notify the health carrier in writing of the deficiency. The health carrier shall have 30 days from the date of the commissioner's notice to file amended rates that comply with this section. If the health carrier fails to file amended rates within the prescribed time, the commissioner shall order that the health carrier's filed rates for the nonconforming policy form or certificate form be reduced to an amount that would have resulted in a loss ratio that complied with this section had it been in effect for the reporting period of the supplement. The health carrier's failure to file amended rates within the specified time or the issuance of the commissioner's order amending the rates does not preclude the health carrier from filing an amendment of its rates at a later time. The commissioner shall annually make the submitted data available to the public at a cost not to exceed the cost of copying. The data must be compiled in a form useful for consumers who wish to compare premium charges and loss ratios.

Each sale of a policy or certificate that does not comply with the loss ratio requirements of this section is an unfair or deceptive act or practice in the business of insurance and is subject to the penalties in sections 72A.17 to 72A.32.

For purposes of this section, health care policies issued as a result of solicitations of individuals through the mail or mass media advertising, including both print and broadcast advertising, shall be treated as individual policies.

For purposes of this section, (1) "health care policy" or "health care certificate" is a health plan as defined in section 62A.011; and (2) "health carrier" has the meaning given in section 62A.011 and includes all health carriers delivering or issuing for delivery health care policies or certificates in this state or offering these policies or certificates to residents of this state.

The first period for which the loss ratio required by this section must be calculated is the 18-month period beginning July 1, 1993. Beginning January 1, 1995, the loss ratio must be calculated on a calendar year basis.

Sec. 3. [62A.61] [DISCLOSURE OF METHODS USED BY HEALTH CARRIERS TO DETERMINE USUAL AND CUSTOMARY FEES.]

(a) A health carrier that bases reimbursement to health care providers upon a usual and customary fee must maintain in its office a copy of a description of the methodology used to calculate fees including at least the following:

- (1) the frequency of the determination of usual and customary fees;
- (2) a general description of the methodology used to determine usual and customary fees; and
- (3) the percentile of usual and customary fees that determines the maximum allowable reimbursement.

(b) A health carrier must provide a copy of the information described in paragraph (a) to a provider, group purchaser, or enrollee upon request.

(c) At the request of a provider, group purchaser, or enrollee, the commissioner of health or commerce, as appropriate, may require health carriers to provide the information required under this section and may use any powers granted under other laws relating to the regulation of health carriers to enforce compliance.

(d) For purposes of this section, "health carrier" has the meaning given in section 62A.011, and "group purchaser" has the meaning given in section 62I.03.

Sec. 4. Minnesota Statutes 1992, section 62A.65, is amended to read:

62A.65 [INDIVIDUAL MARKET REGULATION.]

Subdivision 1. [APPLICABILITY.] No health carrier, as defined in ~~chapter 62L~~ section 62A.011, shall offer, sell, issue, or renew any individual policy of accident and sickness coverage, as defined in section 62A.01, subdivision 1, any individual subscriber contract regulated under chapter 62C, any individual health maintenance contract regulated under chapter 62D, any individual health benefit certificate regulated under chapter 64B, or any individual health coverage provided by a multiple employer welfare arrangement, health plan, as defined in section 62A.011, to a Minnesota resident except in compliance with this section. For purposes of this section, "health benefit plan" has the meaning given in ~~chapter 62L~~, except that the term means individual coverage, including family coverage, rather than employer group coverage. This section does not apply to the comprehensive health association established in section 62E.10 or to coverage described in section 62A.31, subdivision 1, paragraph (h), or to long-term care policies as defined in section 62A.46, subdivision 2.

Subd. 2. [GUARANTEED RENEWAL.] No individual health benefit plan may be offered, sold, issued, or renewed to a Minnesota resident unless the health benefit plan provides that the plan is guaranteed renewable at a premium rate that does not take into account the claims experience or any change in the health status of any covered person that occurred after the initial issuance of the health benefit plan to the person. The premium rate upon renewal must also otherwise comply with this section. A An individual health benefit plan may be subject to refusal to renew only under the conditions provided in chapter 62L for health benefit plans.

Subd. 3. [PREMIUM RATE RESTRICTIONS.] No individual health benefit plan may be offered, sold, issued, or renewed to a Minnesota resident unless the premium rate charged is determined in accordance with the rating and premium restrictions provided under chapter 62L, except that the minimum loss ratio applicable to an individual coverage health plan is as provided in section 62A.021. All provisions rating and premium restrictions of chapter 62L apply to rating and premium restrictions in the individual market, unless clearly inapplicable to the individual market.

Subd. 4. [GENDER RATING PROHIBITED.] No individual health benefit plan offered, sold, issued, or renewed to a Minnesota resident may determine the premium rate or any other underwriting decision, including initial issuance, on the gender of any person covered or to be covered under the health benefit plan.

Subd. 5. [PORTABILITY OF COVERAGE.] (a) No individual health benefit plan may be offered, sold, or issued, ~~or renewed~~ to a Minnesota resident that contains a preexisting condition limitation or exclusion, unless the limitation or exclusion would be permitted under chapter 62L, provided that underwriting restrictions may be retained on individual contracts that are issued without evidence of insurability as a replacement for prior individual coverage that was sold before July 1, 1993. The individual may be treated as a late entrant, as defined in chapter 62L, unless the individual has maintained continuous coverage as defined in chapter 62L. An individual who has maintained continuous coverage may be subjected to a one-time preexisting condition limitation as permitted under chapter 62L for persons who are not late entrants, at the time that the individual first is covered by under an individual coverage health plan by any health carrier. Thereafter, the person must not be subject to any preexisting condition limitation under an individual health plan by any health carrier, except an unexpired portion of a limitation under prior coverage, so long as the individual maintains continuous coverage.

(b) A health carrier must offer an individual coverage health plan to any individual previously covered under a group health benefit plan issued by that health carrier, so long as the individual maintained continuous coverage as defined in chapter 62L. Coverage A health plan issued under this paragraph must not contain any preexisting condition limitation or exclusion, except for any unexpired limitation or exclusion under the previous coverage. The initial premium rate for the individual coverage health plan must comply with subdivision 3. The premium rate upon renewal must comply with subdivision 2.

Subd. 6. [GUARANTEED ISSUE NOT REQUIRED.] Nothing in this section requires a health carrier to initially issue a health benefit plan to a Minnesota resident, except as otherwise expressly provided in subdivision 4 or 5.

Sec. 5. Minnesota Statutes 1992, section 62E.02, subdivision 23, is amended to read:

Subd. 23. [CONTRIBUTING MEMBER.] "Contributing member" means those companies regulated under chapter 62A and offering, selling, issuing, or renewing policies or contracts of accident and health insurance; health maintenance organizations regulated under chapter 62D; nonprofit health service plan corporations regulated under chapter 62C; fraternal benefit societies regulated under chapter 64B; the private employers insurance program established in section 43A.317, effective July 1, 1993; integrated service networks operating under chapter 62N; and joint self-insurance plans regulated under chapter 62H. For the purposes of determining liability of contributing members pursuant to section 62E.11 payments received from or on behalf of Minnesota residents for coverage by a health maintenance organization shall be considered to be accident and health insurance premiums.

Sec. 6. Minnesota Statutes 1992, section 62E.10, subdivision 1, is amended to read:

Subdivision 1. [CREATION; TAX EXEMPTION.] There is established a comprehensive health association to promote the public health and welfare of the state of Minnesota with membership consisting of all insurers; self-insurers; fraternal; joint self-insurance plans regulated under chapter 62H; the private employers insurance program established in section 43A.317, effective July 1, 1993; integrated service networks operating under chapter 62N; and health maintenance organizations licensed or authorized to do business in this state. The comprehensive health association shall be exempt from taxation under the laws of this state and all property owned by the association shall be exempt from taxation.

Sec. 7. Minnesota Statutes 1992, section 62E.10, subdivision 3, is amended to read:

Subd. 3. [MANDATORY MEMBERSHIP.] All members shall maintain their membership in the association as a condition of doing accident and health insurance, self-insurance, integrated service network, or health maintenance organization business in this state. The association shall submit its articles, bylaws and operating rules to the commissioner for approval; provided that the adoption and amendment of articles, bylaws and operating rules by the association and the approval by the commissioner thereof shall be exempt from the provisions of sections 14.001 to 14.69.

Sec. 8. Minnesota Statutes 1992, section 62E.11, subdivision 12, is amended to read:

Subd. 12. [FUNDING.] Notwithstanding subdivision 5, the claims expenses and operating and administrative expenses of the association incurred on or after January 1, 1994, to the extent that they exceed the premiums received, shall be paid from the health care access account established in section 16A.724, to the extent appropriated for that purpose by the legislature. Any such expenses not paid from that account shall be paid as otherwise provided in this section. All contributing members shall adjust their premium rates to fully reflect funding provided under this subdivision. The commissioner of commerce or the commissioner of health, as appropriate, shall require contributing members to prove compliance with this rate adjustment requirement.

Sec. 9. Minnesota Statutes 1992, section 62L.02, subdivision 16, is amended to read:

Subd. 16. [HEALTH CARRIER.] "Health carrier" means an insurance company licensed under chapter 60A to offer, sell, or issue a policy of accident and sickness insurance as defined in section 62A.01; a health service plan licensed under chapter 62C; a health maintenance organization licensed under chapter 62D; an integrated service network; a fraternal benefit society operating under chapter 64B; a joint self-insurance employee health plan operating under chapter 62H; and a multiple employer welfare arrangement, as defined in United States Code, title 29, section 1002(40), as amended through December 31, 1991. For the purpose of this chapter, companies that are affiliated companies or that are eligible to file a consolidated tax return must be treated as one carrier, except that any insurance company or health service plan corporation that is an affiliate of a health maintenance organization located in Minnesota, or any health maintenance organization located in Minnesota that is an affiliate of an insurance company or health service plan corporation, or any health maintenance organization that is an affiliate of another health maintenance organization in Minnesota, may treat the health maintenance organization as a separate carrier.

Sec. 10. [EFFECTIVE DATE.]

Sections 1, 2, 4, and 8 are effective July 1, 1993. Sections 5 to 7 and 9 are effective January 1, 1994.

ARTICLE 9

MINNESOTACARE PROGRAM

Section 1. Minnesota Statutes 1992, section 256.9351, subdivision 3, is amended to read:

Subd. 3. [ELIGIBLE PROVIDERS.] "Eligible providers" means those health care providers who provide covered health services to medical assistance recipients under rules established by the commissioner for that program. ~~Reimbursement under this section shall be at the same rates and conditions established for medical assistance.~~

Sec. 2. Minnesota Statutes 1992, section 256.9352, subdivision 3, is amended to read:

Subd. 3. [FINANCIAL MANAGEMENT.] The commissioner shall manage spending for the health right plan in a manner that maintains a minimum reserve equal to five percent of the expected cost of state premium subsidies. The commissioner must make a quarterly assessment of the expected expenditures for the covered services for the remainder of the current fiscal year and for the following two fiscal years. The estimated expenditure shall be compared to an estimate of the revenues that will be deposited in the health care access fund. Based on this comparison, and after consulting with the chairs of the house appropriations committee and the senate finance committee, and the legislative commission on health care access, the commissioner shall make adjustments as necessary to ensure that expenditures remain within the limits of available revenues. The adjustments the commissioner may use must be implemented in this order: first, stop enrollment of single adults and households without children; second, upon 45 days' notice, stop coverage of single adults and households without children already enrolled in the health right plan; third, upon 90 days' notice, decrease the premium subsidy amounts by ten

percent for families with gross annual income above 200 percent of the federal poverty guidelines; fourth, upon 90 days' notice, decrease the premium subsidy amounts by ten percent for families with gross annual income at or below 200 percent; and fifth, require applicants to be uninsured for at least six months prior to eligibility in the health right plan. If these measures are insufficient to limit the expenditures to the estimated amount of revenue, the commissioner may further limit enrollment or decrease premium subsidies.

~~If the commissioner determines that, despite adjustments made as authorized under this subdivision, estimated costs will exceed the forecasted amount of available revenues other than the reserve, the commissioner may, with the approval of the commissioner of finance, use all or part of the reserve to cover the costs of the program. The reserve referred to in this subdivision is appropriated to the commissioner but may only be used upon approval of the commissioner of finance, if estimated costs will exceed the forecasted amount of available revenues after all adjustments authorized under this subdivision have been made.~~

Sec. 3. Minnesota Statutes 1992, section 256.9353, is amended to read:

256.9353 [COVERED HEALTH SERVICES.]

Subdivision 1. [COVERED HEALTH SERVICES.] "Covered health services" means the health services reimbursed under chapter 256B, with the exception of inpatient hospital services, special education services, private duty nursing services, orthodontic services, medical transportation services, personal care assistant and case management services, hospice care services, nursing home or intermediate care facilities services, inpatient mental health services, outpatient mental health services in excess of \$1,000 per adult enrollee and \$2,500 per child enrollee per 12-month eligibility period, and chemical dependency services. Outpatient mental health services covered under the health right plan are limited to diagnostic assessments, psychological testing, explanation of findings, day treatment, partial hospitalization, and individual, family, and group psychotherapy. Medication management by a physician is not subject to the \$1,000 and \$2,500 limitations on outpatient mental health services. Covered health services shall be expanded as provided in this section.

Subd. 2. [ALCOHOL AND DRUG DEPENDENCY.] Beginning ~~October~~ July 1, 1992 ~~1993~~, covered health services shall include ~~up to ten hours per year of individual outpatient treatment of alcohol or drug dependency by a qualified health professional or outpatient program. Two hours of group treatment count as one hour of individual treatment.~~

Persons who may need chemical dependency services under the provisions of this chapter shall be assessed by a local agency as defined under section 254B.01, and under the assessment provisions of section 254A.03, subdivision 3. A local agency or managed care plan under contract with the department of human services must place a person in need of chemical dependency services as provided in Minnesota Rules, parts 9530.6600 to 9530.6660. Persons who are recipients of medical benefits under the provisions of this chapter and who are financially eligible for consolidated chemical dependency treatment fund services provided under the provisions of chapter 254B shall receive chemical dependency treatment services under the provisions of chapter 254B only if:

- (1) they have exhausted the chemical dependency benefits offered under this chapter; or
- (2) an assessment indicates that they need a level of care not provided under the provisions of this chapter.

Subd. 3. [INPATIENT HOSPITAL SERVICES.] (a) Beginning July 1, 1993, covered health services shall include inpatient hospital services, including inpatient hospital mental health services and inpatient hospital and residential chemical dependency treatment, subject to those limitations necessary to coordinate the provision of these services with eligibility under the medical assistance spend-down. The inpatient hospital benefit for adult enrollees ~~not eligible for medical assistance~~ is subject to an annual benefit limit of \$10,000. The commissioner shall provide enrollees with at least 60 days' notice of coverage for inpatient hospital services and any premium increase associated with the inclusion of this benefit.

(b) Enrollees shall apply for and cooperate with the requirements of medical assistance by the last day of the third month following admission to an inpatient hospital for nonmental health services. If an enrollee fails to apply for medical assistance within this time period, the enrollee and the enrollee's family shall be disenrolled from the plan within one calendar month. Enrollees and enrollees' families disenrolled for not applying for or not cooperating with medical assistance may not reenroll.

Subd. 4. [EMERGENCY MEDICAL TRANSPORTATION SERVICES.] Beginning July 1, 1993, covered health services shall include emergency medical transportation services.

Subd. 5. [~~FEDERAL WAIVERS AND APPROVALS~~ COORDINATION WITH MEDICAL ASSISTANCE.] The commissioner shall coordinate the provision of hospital inpatient services under the health right plan with enrollee eligibility under the medical assistance spend-down, and shall apply to the secretary of health and human services for any necessary federal waivers or approvals.

Subd. 6. [~~COPAYMENTS AND COINSURANCE.~~] The ~~health right~~ MinnesotaCare benefit plan shall include the following copayments and coinsurance requirements:

- (2) 50 percent for adult dental services, except for preventive services;
- (3) \$3 per prescription for adult enrollees; and
- (4) \$25 for eyeglasses for adult enrollees.

Enrollees who would be eligible for medical assistance with a spend-down shall be financially responsible for the coinsurance amount up to the spend-down limit or the coinsurance amount, whichever is less, in order to become eligible for the medical assistance program.

Sec. 4. Minnesota Statutes 1992, section 256.9354, subdivision 1, is amended to read:

Subdivision 1. [~~CHILDREN.~~] "Eligible persons" means children who are ~~one-year~~ 18 months of age or older but less than 18 years of age who have gross family incomes that are equal to or less than 185 percent of the federal poverty guidelines and who are not eligible for medical assistance under chapter 256B and who are not otherwise insured for the covered services. The period of eligibility extends from the first day of the month in which the ~~child's first birthday occurs~~ child becomes 18 months old to the last day of the month in which the child becomes 18 years old. Eligibility for ~~the health right plan~~ MinnesotaCare shall be expanded as provided in subdivisions 2 to 5, but children who meet the criteria in this subdivision shall continue to be enrolled pursuant to this subdivision. Under subdivisions ~~2~~ 1 to 5, parents who enroll in the health right plan must also enroll their children and dependent siblings, if the children and their dependent siblings are eligible. Children and dependent siblings may be enrolled separately without enrollment by parents. However, if one parent in the household enrolls, both parents must enroll, unless other insurance is available. If one child from a family is enrolled, all children must be enrolled, unless other insurance is available. Families cannot choose to enroll only certain uninsured members. For purposes of this section, a "dependent sibling" means an unmarried child who is a full-time student under the age of 25 years who is financially dependent upon a parent. Proof of school enrollment will be required.

Sec. 5. Minnesota Statutes 1992, section 256.9354, subdivision 4, is amended to read:

Subd. 4. [~~FAMILIES WITH CHILDREN; ELIGIBILITY BASED ON PERCENTAGE OF INCOME PAID FOR HEALTH COVERAGE.~~] Beginning January 1, 1993, "eligible persons" means children, parents, and dependent siblings residing in the same household who are not eligible for medical assistance under chapter 256B. ~~These persons are eligible for coverage through the health right plan but~~ Children who meet the criteria in subdivision 1 shall continue to be enrolled pursuant to subdivision 1. Persons who are eligible under this subdivision or subdivision 2, 3, or 5 must pay a premium as determined under sections 256.9357 and 256.9358, and children eligible under subdivision 1 must pay the premium required under section 256.9356, subdivision 1. Individuals and families whose income is greater than the limits established under section 256.9358 may not enroll in ~~the health right plan~~ MinnesotaCare. Individuals who initially enroll in ~~the health right plan~~ MinnesotaCare under the eligibility criteria in this subdivision remain eligible for ~~the health right plan~~ MinnesotaCare, regardless of age, place of residence within Minnesota, or the presence or absence of children in the same household, as long as all other eligibility requirements are met and continuous enrollment in ~~the health right plan~~ MinnesotaCare or medical assistance is maintained.

Sec. 6. Minnesota Statutes 1992, section 256.9354, subdivision 5, is amended to read:

Subd. 5. [~~ADDITION OF SINGLE ADULTS AND HOUSEHOLDS WITH NO CHILDREN.~~] Beginning July 1, 1994, "eligible persons" means all families and individuals who are not eligible for medical assistance under chapter 256B. These persons are eligible for coverage through ~~the health right plan~~ MinnesotaCare but must pay a premium as determined under sections 256.9357 and 256.9358. Individuals and families whose income is greater than the limits established under section 256.9358 may not enroll in ~~the health right plan~~ MinnesotaCare.

Sec. 7. Minnesota Statutes 1992, section 256.9356, subdivision 1, is amended to read:

Sec. 8. Minnesota Statutes 1992, section 256.9356, subdivision 2, is amended to read:

Subd. 2. ~~[PREMIUM PAYMENTS.]~~ ~~Beginning October 1, 1992,~~ The commissioner shall require health right plan MinnesotaCare enrollees eligible under section 256.9354, subdivisions 2 to 5 to pay a premium based on a sliding scale, as established under section ~~256.9357~~ 256.9358. Applicants who are eligible under section 256.9354, subdivision 1, are exempt from this requirement ~~until July 1, 1993, if the application is received by the health right plan staff on or before September 30, 1992. Before July 1, 1993,~~ These individuals shall continue to pay the annual enrollment fee premium required by subdivision 1.

Sec. 9. Minnesota Statutes 1992, section 256.9357, subdivision 1, is amended to read:

Subdivision 1. ~~[GENERAL REQUIREMENTS.]~~ Families and individuals ~~who enroll on or after October 1, 1992,~~ are eligible for subsidized premium payments based on a sliding scale under section 256.9358 only if the family or individual meets the requirements in subdivisions 2 and 3. ~~Children already enrolled in the health right plan as of September 30, 1992, are eligible for subsidized premium payments without meeting these requirements, as long as they maintain continuous coverage in the health right plan or medical assistance.~~

Families and individuals who initially enrolled in the health right MinnesotaCare plan under section 256.9354, and whose income increases above the limits established in section 256.9358, may continue enrollment and pay the full cost of coverage.

Sec. 10. [256.9362] [PROVIDER PAYMENT.]

Subdivision 1. ~~[MEDICAL ASSISTANCE RATE TO BE USED.]~~ Payment to providers under sections 256.9351 to 256.9362 shall be at the same rates and conditions established for medical assistance, except as provided in subdivisions 2 to 6.

Subd. 2. ~~[PAYMENT OF CERTAIN PROVIDERS.]~~ Services provided by federally qualified health centers, rural health clinics, and facilities of the Indian health service shall be paid for according to the same rates and conditions applicable to the same service provided by providers that are not federally qualified health centers, rural health clinics, or facilities of the Indian health service.

Subd. 3. ~~[INPATIENT HOSPITAL SERVICES.]~~ Inpatient hospital services provided under section 256.9353, subdivision 3, shall be paid for as provided in subdivisions 4 to 6.

Subd. 4. ~~[DEFINITION OF MEDICAL ASSISTANCE RATE FOR INPATIENT HOSPITAL SERVICES.]~~ The "medical assistance rate," as used in this section to apply to rates for providing inpatient hospital services, means the rates established under sections 256.9685 to 256.9695 for providing inpatient hospital services to medical assistance recipients who receive aid to families with dependent children.

Subd. 5. ~~[ENROLLEES YOUNGER THAN 18.]~~ Payment for inpatient hospital services provided to MinnesotaCare enrollees who are younger than 18 years old on the date of admission to the inpatient hospital shall be at the medical assistance rate.

Subd. 6. ~~[ENROLLEES 18 OR OLDER.]~~ Payment by the MinnesotaCare program for inpatient hospital services provided to MinnesotaCare enrollees who are 18 years old or older on the date of admission to the inpatient hospital must be in accordance with paragraphs (a) and (b).

(a) If the medical assistance rate is less than or equal to the amount remaining in the enrollee's benefit limit under section 256.9353, subdivision 3, payment must be the medical assistance rate minus any copayment required under section 256.9353, subdivision 6. The hospital must not seek payment from the enrollee in addition to the copayment. The MinnesotaCare payment plus the copayment must be treated as payment in full.

(b) If the medical assistance rate is greater than the amount remaining in the enrollee's benefit limit under section 256.9353, subdivision 3, payment must be the lesser of:

(1) the amount remaining in the enrollee's benefit limit; or

(2) charges submitted for the inpatient hospital services less any copayment established under section 256.9353, subdivision 6.

The hospital may seek payment from the enrollee for the amount by which usual and customary charges exceed the payment under this paragraph.

Sec. 11. [256.9363] [MANAGED CARE.]

Subdivision 1. [SELECTION OF VENDORS.] In order to contain costs for the MinnesotaCare program, the commissioner shall select vendors of medical care who can provide the most economical care consistent with high medical standards. Where possible, the commissioner shall contract with organizations on a prepaid capitation basis to provide these services. The commissioner shall consider proposals by counties and vendors for managed care plans. These plans may include: prepaid capitation programs, competitive bidding programs, or other vendor payment mechanisms designed to provide services in an economical manner or to control utilization, with safeguards to ensure that necessary services are provided. Managed care plans may include integrated service networks established under article 1.

Subd. 2. [GEOGRAPHIC AREA.] The commissioner shall designate the geographic areas in which MinnesotaCare enrollees must receive services through managed care plans.

Subd. 3. [LIMITATION OF CHOICE.] The commissioner shall require MinnesotaCare enrollees who reside in the designated geographic areas to enroll in a managed care plan to receive their health care services. The commissioner shall require these enrollees to receive their health care services only from health care providers who are part of the provider network of the managed care plan, except as otherwise authorized by the managed care plan, in cases of medical emergency, or when otherwise required by law or by contract.

If only one managed care option is available in a geographic area, the commissioner shall require enrollees to designate a primary care physician or clinic from which to receive their health care. Enrollees may change their designated primary care provider upon request to the managed care plan. The commissioner may prohibit enrollees from changing primary care providers more than once annually. If more than one managed care plan is offered in a geographic area, enrollees shall enroll in a managed care plan for a minimum of one year from the date of enrollment but shall have the right to change to another managed care plan once within the first year of initial enrollment, at any time during that year. Enrollees may also change to another managed care plan during an annual 30-day open enrollment period. The commission shall notify enrollees of the opportunity to change to another managed care plan before the start of each annual open enrollment period.

Enrollees may change managed care plans or primary care providers at other than the above designated times for cause as determined through an appeal pursuant to section 256.045.

Subd. 4. [EXEMPTIONS TO LIMITATION ON CHOICE.] All contracts between the department of human services and prepaid health plans or integrated service networks to serve medical assistance, general assistance medical care, and MinnesotaCare recipients, that are executed after June 30, 1994, must allow for freedom of choice of family planning provider.

Subd. 5. [ELIGIBILITY FOR OTHER STATE PROGRAMS.] MinnesotaCare enrollees who become eligible for medical assistance or general assistance medical care shall remain in the same managed care plan through which they received services under MinnesotaCare. Contracts between the commissioner and managed care plans must include MinnesotaCare and medical assistance and may also include general assistance medical care.

Subd. 6. [COPAYMENTS AND BENEFIT LIMITS.] Enrollees are responsible for all copayments under section 256.9353, subdivision 6, and shall pay copayments to the managed care plan or to its participating providers. The enrollee is also responsible for payment of inpatient hospital charges which exceed the MinnesotaCare benefit limit to the managed care plan or its participating providers.

Subd. 7. [MANAGED CARE PLAN VENDOR REQUIREMENTS.] The following requirements apply to all counties or vendors who contract with the commissioner to serve MinnesotaCare recipients. Managed care plan contractors:

(a) shall authorize and arrange for the provision of the full range of services listed in section 256.9353 in order to ensure that appropriate health care is delivered to enrollees;

(b) shall accept the prospective, per capita payment or other contractually defined payment from the commissioner in return for the provision and coordination of covered health care services for eligible individuals enrolled in the program;

(c) may contract with other health care and social service providers to provide services to enrollees;

(d) shall provide for an enrollee grievance process as required by the commissioner and set forth in the contract with the department;

(e) shall retain all revenue from enrollee copayments;

(f) shall accept all eligible MinnesotaCare enrollees, without regard to health status or previous utilization of health services;

(g) shall demonstrate capacity to accept financial risk according to requirements specified in the contract with the department. A health maintenance organization licensed under chapter 62D, or a nonprofit health plan licensed under chapter 62C, is not required to demonstrate financial risk capacity beyond that which is required by those chapters;

(h) shall submit information as required by the commissioner, including data required for assessing enrollee satisfaction, quality of care, cost, and utilization of services; and

(i) shall submit to the commissioner claims in the format specified by the commissioner for all hospital services provided to enrollees for the purpose of determining whether enrollees meet medical assistance spenddown requirements and shall provide to the enrollee, upon the enrollee's request, information on the cost of services provided to the enrollee by the managed care plan for the purpose of establishing whether the enrollee has met medical assistance spenddown requirements.

Subd. 8. [CHEMICAL DEPENDENCY ASSESSMENTS.] The managed care plan shall be responsible for assessing the need and placement for chemical dependency services according to criteria set forth in Minnesota Rules, parts 9530.6600 to 9530.6660.

Subd. 9. [RATE SETTING.] To the greatest extent possible, the commissioner shall establish rates on a prospective, per capita basis. The commissioner shall include payment for only the covered benefit package. The commissioner shall consult with an independent actuary to determine appropriate rates.

Sec. 12. Minnesota Statutes 1992, section 256B.04, subdivision 1, is amended to read:

Subdivision 1. The state agency shall: Supervise the administration of medical assistance for eligible recipients by the county agencies hereunder, except that medical assistance eligibility determinations may be completed by the state agency for pregnant women and families with children born on or after October 1, 1983, when other family members are eligible for MinnesotaCare.

Sec. 13. Minnesota Statutes 1992, section 256B.057, subdivision 1, is amended to read:

Subdivision 1. [PREGNANT WOMEN AND INFANTS.] An infant less than one-year 18 months of age or a pregnant woman who has written verification of a positive pregnancy test from a physician or licensed registered nurse, is eligible for medical assistance if countable family income is equal to or less than 185 275 percent of the federal poverty guideline for the same family size. Eligibility for a pregnant woman or infant less than one-year of age 18 months old under this subdivision must be determined without regard to asset standards established in section 256B.056, subdivision 3.

An infant born on or after January 1, 1991, to a woman who was eligible for and receiving medical assistance on the date of the child's birth shall continue to be eligible for medical assistance without redetermination until the child's first birthday child is 18 months of age, as long as the child remains in the woman's household.

Women and infants who are eligible under this subdivision and whose countable family income is equal to or greater than 185 percent of the federal poverty guideline for the same family size shall be required to pay a premium for medical assistance coverage based on a sliding scale as established under section 256.9358.

For purposes of this subdivision, "countable income" means the amount of income considered available using the methodology of the AFDC program, except for the earned income disregard and employment deductions. An amount equal to the amount of earned income exceeding 275 percent of federal poverty, up to a maximum of the combined total of 185 percent of federal poverty plus the earned income disregards and deductions of the AFDC program, will be deducted for pregnant women and infants under age one.

Sec. 14. Minnesota Statutes 1992, section 256B.057, subdivision 2, is amended to read:

Subd. 2. [CHILDREN.] A child ~~one~~ 18 months through five years of age in a family whose countable income is less than 133 percent of the federal poverty guidelines for the same family size, is eligible for medical assistance. A child six through 18 years of age, who was born after September 30, 1983, in a family whose countable income is less than 100 percent of the federal poverty guidelines for the same family size is eligible for medical assistance. Eligibility for children under this subdivision must be determined without regard to asset standards established in section 256B.056, subdivision 3.

Sec. 15. Minnesota Statutes 1992, section 256B.057, subdivision 2a, is amended to read:

Subd. 2a. [NO ASSET TEST FOR CHILDREN AND THEIR PARENTS.] Eligibility for medical assistance for a person under age 21, and the person's parents who are eligible under section 256B.055, subdivision 3, and who live in the same household as the person eligible under age 21, must be determined without regard to asset standards established in section 256B.056.

Sec. 16. Minnesota Statutes 1992, section 256B.0625, subdivision 13, is amended to read:

Subd. 13. [DRUGS.] (a) Medical assistance covers drugs if prescribed by a licensed practitioner and dispensed by a licensed pharmacist, or by a physician enrolled in the medical assistance program as a dispensing physician. The commissioner, after receiving recommendations from the Minnesota Medical Association and the Minnesota Pharmacists Association, shall designate a formulary committee to advise the commissioner on the names of drugs for which payment is made, recommend a system for reimbursing providers on a set fee or charge basis rather than the present system, and develop methods encouraging use of generic drugs when they are less expensive and equally effective as trademark drugs. The commissioner shall appoint the formulary committee members no later than 30 days following July 1, 1981. The formulary committee shall consist of nine members, four of whom shall be physicians who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, three of whom shall be pharmacists who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, a consumer representative, and a nursing home representative. Committee members shall serve two-year terms and shall serve without compensation. The commissioner shall establish a drug formulary. Its establishment and publication shall not be subject to the requirements of the administrative procedure act, but the formulary committee shall review and comment on the formulary contents. The formulary committee shall review and recommend drugs which require prior authorization. The formulary committee may recommend drugs for prior authorization directly to the commissioner, as long as opportunity for public input is provided. Prior authorization may be requested by the commissioner based on medical and clinical criteria before certain drugs are eligible for payment. Before a drug may be considered for prior authorization at the request of the commissioner:

(1) the drug formulary committee must develop criteria to be used for identifying drugs; the development of these criteria is not subject to the requirements of chapter 14, but the formulary committee shall provide opportunity for public input in developing criteria;

(2) the drug formulary committee must hold a public forum and receive public comment for an additional 15 days; and

(3) the commissioner must provide information to the formulary committee on the impact that placing the drug on prior authorization will have on the quality of patient care and information regarding whether the drug is subject to clinical abuse or misuse. Prior authorization may be required by the commissioner before certain formulary drugs are eligible for payment. The formulary shall not include: drugs or products for which there is no federal funding; over-the-counter drugs, except for antacids, acetaminophen, family planning products, aspirin, insulin, products for

the treatment of lice, and vitamins for children under the age of seven and pregnant or nursing women; or any other over-the-counter drug identified by the commissioner, in consultation with the drug formulary committee as necessary, appropriate and cost effective for the treatment of certain specified chronic diseases, conditions or disorders, and this determination shall not be subject to the requirements of chapter 14, the administrative procedure act; nutritional products, except for those products needed for treatment of phenylketonuria, hyperlysinemia, maple syrup urine disease, a combined allergy to human milk, cow milk, and soy formula, or any other childhood or adult diseases, conditions, or disorders identified by the commissioner as requiring a similarly necessary nutritional product; anorectics; and drugs for which medical value has not been established. Nutritional products needed for the treatment of a combined allergy to human milk, cow's milk, and soy formula require prior authorization. Separate payment shall not be made for nutritional products for residents of long-term care facilities; payment for dietary requirements is a component of the per diem rate paid to these facilities. Payment to drug vendors shall not be modified before the formulary is established except that the commissioner shall not permit payment for any drugs which may not by law be included in the formulary, and the commissioner's determination shall not be subject to chapter 14, the administrative procedure act. The commissioner shall publish conditions for prohibiting payment for specific drugs after considering the formulary committee's recommendations.

(b) The basis for determining the amount of payment shall be the lower of the actual acquisition costs of the drugs plus a fixed dispensing fee established by the commissioner, the maximum allowable cost set by the federal government or by the commissioner plus the fixed dispensing fee or the usual and customary price charged to the public. Actual acquisition cost includes quantity and other special discounts except time and cash discounts. The actual estimated acquisition cost of a drug ~~may be estimated by the commissioner~~ is the lesser of the average wholesale price minus eight percent, or the current maximum allowable cost, increased by two percent. For reimbursement purposes, the actual acquisition cost equals the estimated acquisition cost. The maximum allowable cost of a multisource drug may be set by the commissioner and it shall be comparable to, but no higher than, the maximum amount paid by other third party payors in this state who have maximum allowable cost programs. Establishment of the amount of payment for drugs shall not be subject to the requirements of the administrative procedure act. An additional dispensing fee of \$30 may be added to the dispensing fee paid to pharmacists for legend drug prescriptions dispensed to residents of long-term care facilities when a unit dose blister card system, approved by the department, is used. Under this type of dispensing system, the pharmacist must dispense a 30-day supply of drug. The National Drug Code (NDC) from the drug container used to fill the blister card must be identified on the claim to the department. The unit dose blister card containing the drug must meet the packaging standards set forth in Minnesota Rules, part 6800.2700, that govern the return of unused drugs to the pharmacy for reuse. The pharmacy provider will be required to credit the department for the actual acquisition cost of all unused drugs that are eligible for reuse. Over-the-counter medications must be dispensed in the manufacturer's unopened package. The commissioner may permit the drug clozapine to be dispensed in a quantity that is less than a 30-day supply. Whenever a generically equivalent product is available, payment shall be on the basis of the actual acquisition cost of the generic drug, unless the prescriber specifically indicates "dispense as written - brand necessary" on the prescription as required by section 151.21, subdivision 2. Implementation of any change in the fixed dispensing fee that has not been subject to the administrative procedure act is limited to not more than 180 days, unless, during that time, the commissioner initiates rulemaking through the administrative procedure act.

(c) Until January 4, 1993, or the date the Medicaid Management Information System (MMIS) upgrade is implemented, whichever occurs last, a pharmacy provider may require individuals who seek to become eligible for medical assistance under a one-month spend-down, as provided in section 256B.056, subdivision 5, to pay for services to the extent of the spend-down amount at the time the services are provided. A pharmacy provider choosing this option shall file a medical assistance claim for the pharmacy services provided. If medical assistance reimbursement is received for this claim, the pharmacy provider shall return to the individual the total amount paid by the individual for the pharmacy services reimbursed by the medical assistance program. If the claim is not eligible for medical assistance reimbursement because of the provider's failure to comply with the provisions of the medical assistance program, the pharmacy provider shall refund to the individual the total amount paid by the individual. Pharmacy providers may choose this option only if they apply similar credit restrictions to private pay or privately insured individuals. A pharmacy provider choosing this option must inform individuals who seek to become eligible for medical assistance under a one-month spend-down of (1) their right to appeal the denial of services on the grounds that they have satisfied the spend-down requirement, and (2) their potential eligibility for the health right program or the children's health plan.

Sec. 17. Minnesota Statutes 1992, section 256D.03, subdivision 3, is amended to read:

Subd. 3. [GENERAL ASSISTANCE MEDICAL CARE; ELIGIBILITY.] (a) General assistance medical care may be paid for any person who is not eligible for medical assistance under chapter 256B, including eligibility for medical assistance based on a spend-down of excess income according to section 256B.056, subdivision 5, and:

(1) who is receiving assistance under section 256D.05 or 256D.051; or

(2)(i) who is a resident of Minnesota; and whose equity in assets is not in excess of \$1,000 per assistance unit. No asset test shall be applied to children and their parents living in the same household. Exempt assets, the reduction of excess assets, and the waiver of excess assets must conform to the medical assistance program in chapter 256B, with the following exception: the maximum amount of undistributed funds in a trust that could be distributed to or on behalf of the beneficiary by the trustee, assuming the full exercise of the trustee's discretion under the terms of the trust, must be applied toward the asset maximum; and

(ii) who has countable income not in excess of the assistance standards established in section 256B.056, subdivision 4, or whose excess income is spent down pursuant to section 256B.056, subdivision 5, using a six-month budget period, except that a one-month budget period must be used for recipients residing in a long-term care facility. The method for calculating earned income disregards and deductions for a person who resides with a dependent child under age 21 shall be as specified in section 256.74, subdivision 1. However, if a disregard of \$30 and one-third of the remainder described in section 256.74, subdivision 1, clause (4), has been applied to the wage earner's income, the disregard shall not be applied again until the wage earner's income has not been considered in an eligibility determination for general assistance, general assistance medical care, medical assistance, or aid to families with dependent children for 12 consecutive months. The earned income and work expense deductions for a person who does not reside with a dependent child under age 21 shall be the same as the method used to determine eligibility for a person under section 256D.06, subdivision 1, except the disregard of the first \$50 of earned income is not allowed; or

(3) who would be eligible for medical assistance except that the person resides in a facility that is determined by the commissioner or the federal health care financing administration to be an institution for mental diseases.

(b) Eligibility is available for the month of application, and for three months prior to application if the person was eligible in those prior months. A redetermination of eligibility must occur every 12 months.

(c) General assistance medical care is not available for a person in a correctional facility unless the person is detained by law for less than one year in a county correctional or detention facility as a person accused or convicted of a crime, or admitted as an inpatient to a hospital on a criminal hold order, and the person is a recipient of general assistance medical care at the time the person is detained by law or admitted on a criminal hold order and as long as the person continues to meet other eligibility requirements of this subdivision.

(d) General assistance medical care is not available for applicants or recipients who do not cooperate with the county agency to meet the requirements of medical assistance.

(e) In determining the amount of assets of an individual, there shall be included any asset or interest in an asset, including an asset excluded under paragraph (a), that was given away, sold, or disposed of for less than fair market value within the 30 months preceding application for general assistance medical care or during the period of eligibility. Any transfer described in this paragraph shall be presumed to have been for the purpose of establishing eligibility for general assistance medical care, unless the individual furnishes convincing evidence to establish that the transaction was exclusively for another purpose. For purposes of this paragraph, the value of the asset or interest shall be the fair market value at the time it was given away, sold, or disposed of, less the amount of compensation received. For any uncompensated transfer, the number of months of ineligibility, including partial months, shall be calculated by dividing the uncompensated transfer amount by the average monthly per person payment made by the medical assistance program to skilled nursing facilities for the previous calendar year. The individual shall remain ineligible until this fixed period has expired. The period of ineligibility may exceed 30 months, and a reapplication for benefits after 30 months from the date of the transfer shall not result in eligibility unless and until the period of ineligibility has expired. The period of ineligibility begins in the month the transfer was reported to the county agency, or if the transfer was not reported, the month in which the county agency discovered the transfer, whichever comes first. For applicants, the period of ineligibility begins on the date of the first approved application.

Sec. 18. [DEMONSTRATION WAIVER.]

The commissioner of human services shall seek a demonstration waiver to allow the state to charge the premium described in section 13, increase the income standard to 275 percent of the federal poverty guideline, and continue eligibility without redetermination for infants 13 to 18 months of age.

Sec. 19. [EFFECTIVE DATE.]

Subd. 4. [ALLOCATION OF GRANTS.] (a) Eligible hospitals must apply to the commissioner no later than September 1 of each fiscal year for grants awarded for the that fiscal year beginning the following July 1. A grant may be awarded upon signing of a grant contract.

(b) The commissioner must make a final decision on the funding of each application within 60 days of the deadline for receiving applications.

(c) Each relevant community health board has 30 days in which to review and comment to the commissioner on grant applications from hospitals in their community health service area.

(d) In determining which hospitals will receive grants under this section, the commissioner shall consider the following factors:

(1) Description of the problem, description of the project, and the likelihood of successful outcome of the project. The applicant must explain clearly the nature of the health services problems in their service area, how the grant funds will be used, what will be accomplished, and the results expected. The applicant should describe achievable objectives, a timetable, and roles and capabilities of responsible individuals and organizations.

(2) The extent of community support for the hospital and this proposed project. The applicant should demonstrate support for the hospital and for the proposed project from other local health service providers and from local community and government leaders. Evidence of such support may include past commitments of financial support from local individuals, organizations, or government entities; and commitment of financial support, in-kind services or cash, for this project.

(3) The comments, if any, resulting from a review of the application by the community health board in whose community health service area the hospital is located.

(e) In evaluating applications, the commissioner shall score each application on a 100 point scale, assigning the maximum of 70 points for an applicant's understanding of the problem, description of the project, and likelihood of successful outcome of the project; and a maximum of 30 points for the extent of community support for the hospital and this project. The commissioner may also take into account other relevant factors.

(f) A grant to a hospital, including hospitals that submit applications as consortia, may not exceed ~~\$50,000~~ \$37,500 a year and may not exceed a term of two years. Prior to the receipt of any grant, the hospital must certify to the commissioner that at least one-half of the amount, which may include in-kind services, is available for the same purposes from nonstate sources. A hospital receiving a grant under this section may use the grant for any expenses incurred in the development of strategic plans or the implementation of transition projects with respect to which the grant is made. Project grants may not be used to retire debt incurred with respect to any capital expenditure made prior to the date on which the project is initiated.

(g) The commissioner may adopt rules to implement this section.

Evidence of local support may include bonds issued by a local government entity such as a city, county, or hospital district for the purpose of financing hospital projects; and loans, grants, or donations to the hospital from local government entities, private organizations, or individuals. The commissioner shall determine the amount of the award to be given to each eligible hospital based on the hospital's financial need and the total amount of funding available.

Subd. 2. [GRANTS TO AT-RISK RURAL HOSPITALS TO OFFSET THE IMPACT OF THE HOSPITAL TAX.] (a) The commissioner of health shall award financial assistance grants to rural hospitals that would otherwise close as a direct result of the hospital tax in section 295.52. To be eligible for a grant, a hospital must have 50 or fewer beds and must not be located in a city of the first class. To receive a grant, the hospital must demonstrate to the satisfaction of the commissioner of health that the hospital will close in the absence of state assistance under this subdivision and that the hospital tax is the principal reason for the closure.

(b) At a minimum the hospital must demonstrate that:

The figures must be certified by the hospital administrator;

(2) a statement of all rate increases, listing the date and percentage of each increase during the last three years and the date and percentage of any increases for the current fiscal year. The statement must be certified by the hospital administrator and must include a narrative explaining whether or not the rate increase incorporates a pass-through of the hospital tax;

(3) a statement certified by the chair or equivalent of the hospital board, and by an independent auditor, that the hospital will close within the next 12 months as a result of the hospital tax unless it receives a grant; and

(4) a statement certified by the chair or equivalent of the hospital board that the hospital will not close for financial reasons within the next 12 months if it receives a grant.

The amount of the grant must not exceed the amount of the tax the hospital would pay under section 295.52, based on the previous year's hospital revenues. A hospital that closes within 12 months after receiving a grant under this subdivision must refund the amount of the grant to the commissioner of health.

The registrant shall secure sufficient sales information of pesticides distributed into this state from distributors and dealers, regardless of distributor location, to make a determination. Sales of pesticides in this state and sales of pesticides for use in this state by out-of-state distributors are not exempt and must be included in the registrant's annual report, as required under paragraph (c), and fees shall be paid by the registrant based upon those reported sales. Sales of pesticides in the state for use outside of the state are exempt from the application fee in this paragraph if the registrant properly documents the sale location and distributors. A registrant paying more than the minimum fee shall pay the balance due by March 1 based on the gross sales of the pesticide by the registrant for the preceding calendar year. The fee for disinfectants and sanitizers shall be the minimum. The minimum fee is due by December 31 preceding the year for which the application for

registration is made. Of the amount collected after calendar year 1990, \$600,000 per fiscal year must be credited to the waste pesticide account under section 18B.065, subdivision 5, ~~and the additional amount collected for pesticides with Health Advisory Summaries shall be credited to the agricultural project utilization account under section 116O.13 to be used for pesticide use reduction grants by the agricultural utilization research institute.~~

(c) A registrant must annually report to the commissioner the amount and type of each registered pesticide sold, offered for sale, or otherwise distributed in the state. The report shall be filed by March 1 for the previous year's registration. The commissioner shall specify the form of the report and require additional information deemed necessary to determine the amount and type of pesticides annually distributed in the state. The information required shall include the brand name, amount, and formulation of each pesticide sold, offered for sale, or otherwise distributed in the state, but the information collected, if made public, shall be reported in a manner which does not identify a specific brand name in the report."

Subd. 2. [TERMS OF SERVICE.] (a) A participant shall agree to perform community service for the period required unless the participant is unable to complete the terms of service for the reason provided in paragraph (b).

An agreement to perform community service must be in the form of a written contract between the participant and the grantee organization. Terms of the contract must include a length of service between six months and two years, the participant's education goals and commitment, the anticipated date of completion, dismissal for cause, including failure to fully participate in the education component, and the exclusive right to challenge a dismissal for cause through binding arbitration. The arbitrator must be chosen jointly by the grantee organization and the participant from the community or, if agreement cannot be reached, an arbitrator must be determined from a list of arbitrators provided by the American Arbitration Association. The sole remedy available to the participant through arbitration is reinstatement to the program and eligibility for postservice benefits. The parent or guardian of a minor shall consent in writing to the contract between the participant and the grantee organization.

(b) If the grantee organization releases a participant from completing a term of service in a program receiving assistance under sections 121.704 to 121.709 for compelling personal circumstances as demonstrated by the participant, or if the program in which the participant serves does not receive continued funding for any reason, the grantee organization may provide the participant with that portion of the financial assistance described in subdivision 3 that corresponds to the quantity of the service obligation completed by the individual.

If the grantee organization terminates a participant for cause or a participant resigns without demonstrating compelling personal circumstances under this section, no postservice benefit under subdivision 3 may be paid.

(c) A participant performing part-time service under sections 121.701 to 121.710 shall serve at least two weekends each month and two weeks during the year, or at least an average of nine hours per week each year. A participant performing full-time service under sections 121.701 to 121.710 shall serve for not less than 40 hours per week.

(d) Notwithstanding any other law to the contrary, for purposes of tort liability under sections 3.732 and 3.736, while participating in a program a participant is an employee of the state.

(e) Participants performing community service in a program are not public employees for purposes of chapter 43A, 179A, 197, 353, or any other law governing hiring or discharging of public employees.

Subd. 3. [POSTSERVICE BENEFIT.] (a) Each participant shall receive a nontransferable postservice benefit upon successfully completing the program. The benefit must be \$2,000 per year of part-time service or \$5,000 per year of full-time service.

(b) In the event that a program does not receive a federal grant that provides a postservice benefit, the participants in the program shall receive a postservice benefit equal in value to one-half the amount provided under paragraph (a).

(c) Nothing in this subdivision prevents a grantee organization from using funds from nonfederal or nonstate sources to increase the value of postservice benefits above the value described in paragraph (a).

(d) The state shall provide an additional postservice benefit to any participant who successfully completes the program. The benefit must be a credit of five points to be added to the competitive open rating of a participant who obtains a passing grade on a civil service examination under chapter 43A. The benefit is available for five years after completing the community service.

Subd. 4. [USES OF POSTSERVICE BENEFITS.] (a) A postservice benefit for a participant provided under subdivision 3, paragraph (a), (b), or (c), must be available for five years after completing the program and may only be used for:

- (1) paying a student loan;
- (2) costs of attending an institution of higher education; or
- (3) expenses incurred in an apprenticeship program approved by the department of labor and industry.

Financial assistance provided under this subdivision must be in the form of vendor payments whenever possible. Any postservice benefits provided by federal funds or vouchers may be used as a downpayment on, or closing costs for, purchasing a first home.

(b) Postservice benefits are to be used to develop skills required in occupations where numbers of jobs are likely to increase. The youth works task force, in consultation with the youth apprenticeship council, shall determine how the benefits may be used in order to best prepare participants with skills that build on their service learning and equip them for meaningful employment.

Subd. 5. [LIVING ALLOWANCE.] (a) A participant in a full-time community service program shall receive a monthly stipend of \$500. An eligible organization may provide participants with additional amounts from nonfederal or nonstate sources.

(b) Nothing in this subdivision requires an existing program to decrease any stipend, salary, or living allowance provided to a participant under the program.

(c) In addition to the living allowance provided under paragraph (a), a grantee organization shall provide health and dental coverage to each participant in a full-time youth works program who does not otherwise have access to health or dental coverage. The state shall include the cost of group health and dental coverage in the grant to the eligible organization.

Subd. 6. [PROGRAM TRAINING.] (a) The youth works task force shall, within available resources, ensure an opportunity for each participant to have three weeks of training in a residential setting. If offered, each training session must:

- (1) orient each participant in the nature, philosophy, and purpose of the program;
- (2) build an ethic of community service through general community service training; and
- (3) provide additional training as it determines necessary.

(b) Each grantee organization shall also train participants in skills relevant to the community service opportunity.

Subd. 7. [TRAINING AND EDUCATION REQUIREMENTS.] Each grantee organization shall assess the educational level of each entering participant. Each grantee shall work to enhance the educational skills of each participant. The youth works task force may coordinate or contract with educational institutions or other providers for educational services and evaluation. All grantees shall give priority to educating and training participants who do not have a high school diploma or its equivalent, or who cannot afford post-secondary training and education.

Sec. 10. [121.708] [PRIORITY.]

The youth works task force shall give priority to an eligible organization proposing a program that meets the goals of sections 121.704 to 121.707, and that:

(1) involves youth in a meaningful way in all stages of the program, including assessing community needs, preparing the application, and assuming postservice leadership and mentoring responsibilities;

(2) serves a community with significant unmet needs;

(3) provides an approach that is most likely to reduce arrest rates, incarceration rates, teenage pregnancy, and other indicators of troubled youth;

(4) builds linkages with existing, successful programs; and

(5) can be operational quickly.

Sec. 11. [121.709] [MATCH REQUIREMENTS.]

A grant awarded through the youth works program must be matched at \$2 of grant funds for at least \$1 of applicant funds. Grant funds must be used for the living allowance, postservice benefits, and health and dental benefits for each program participant. Applicant funds, from sources and in a form determined by the youth works task force, must be used to pay for crew leaders, administration, supplies, materials, and transportation. Administrative expenses must not exceed seven percent of total program costs. To the extent that administrative costs are less than seven percent, an amount equal to the difference between the percent expended and seven percent shall be applied to the local match requirement in this section.

Sec. 12. [121.710] [EVALUATION AND REPORTING REQUIREMENTS.]

Subdivision 1. [GRANTEE ORGANIZATIONS.] Each grantee organization shall report to the youth works task force at the time and on the matters requested by the youth works task force.

Subd. 2. [INTERIM REPORT.] The youth works task force shall report semiannually to the legislature with interim recommendations to change the program.

Subd. 3. [FINAL REPORT.] The youth works task force shall present a final report to the legislature by January 1, 1998, summarizing grantee evaluations, reporting on individual participants and participating grantee organizations, and recommending any changes to improve or expand the program.

Sec. 13. Minnesota Statutes 1992, section 121.88, subdivision 9, is amended to read:

Subd. 9. [YOUTH SERVICE PROGRAMS.] A school board may offer, as part of a community education program with a youth development program, a youth service program for pupils to promote that provides young people with meaningful opportunities to become involved in their community, develop individual capabilities, make career connections, seek support networks and services, become active citizenship citizens, and to address community needs through youth service. The school board may award up to one credit, or the equivalent, toward graduation for a pupil who completes the youth service requirements of the district. The community education advisory council, after considering the results of the commissioner's study under section 14, subdivision 1, shall design the program in cooperation with the district planning, evaluating and reporting committee and local organizations that train volunteers or need volunteers' services. Programs must include:

(6) service learning programs in which schools, including post-secondary schools, and employers work together with young people to provide them with meaningful opportunities for community service and with the academic and technical skills that employers require.

The commissioner shall maintain a list of acceptable projects with a description of each project. A project that is not on the list must be approved by the commissioner.

A youth service project must have a community sponsor that may be a governmental unit or nonprofit organization. To assure that pupils provide additional services, each sponsor must assure that pupil services do not displace employees or reduce the workload of any employee.

The commissioner must assist districts in planning youth service programs, implementing programs, and developing recommendations for obtaining community sponsors.

Sec. 14. [121.885] [SERVICE LEARNING AND WORK-BASED LEARNING CURRICULUM AND PROGRAMS.]

Subd. 5. [PROGRAMS FOLLOWING YOUTH COMMUNITY SERVICE.] (a) The youth works task force established in section 121.703, in cooperation with the commissioner and the higher education coordinating board, shall provide for those participants who successfully complete youth community service under sections 121.703 to 121.709, the following:

(1) for those who have a high school diploma or its equivalent, an opportunity to participate in a youth apprenticeship program at a community or technical college; and

(2) for those who are post-secondary students, an opportunity to participate in an educational program that supplements post-secondary courses leading to a degree or a statewide credential of academic and occupational proficiency.

(b) Participants who successfully complete a youth community service program under sections 121.704 to 121.710 are eligible to receive an education voucher as provided under section 121.707, subdivision 4. If the referendum authority of a district is converted according to this subdivision, the authority expires July 1, 1997 June 30, 1999, unless it is scheduled to expire sooner."

"Section 1. [97A.159] [1837 TREATY AREA AGREEMENT.]

Subdivision 1. [PURPOSE.] The purpose of this section is to resolve issues in dispute between the state of Minnesota and the Mille Lacs Band of Chippewa Indians that relate to hunting, fishing, and gathering in the ceded area described in the July 29, 1837, treaty between the Chippewa and the government of the Statutes at Large, volume 7, page 536. This treaty was proclaimed by the United States on June 15, 1838. The recognition of certain rights claimed by the band under this treaty has been sought in a civil action brought in the United States District Court for the District of Minnesota, Fourth Division, entitled Mille Lacs Band of Chippewa Indians, et al. v. State of Minnesota, et al., Civ. No. 4-90-605. The state desires to settle all outstanding matters relating to this dispute under the 1837 treaty as well as all issues arising from the band's rights to fish in the waters of Mille Lacs lake under the treaty made February 22, 1855, and proclaimed by the United States on April 7, 1855, Statutes at Large, volume 10, page 1165.

(3) 7,500 additional acres of public land will be transferred to the United States in trust for the band, for a total of 15,000 acres;

Subd. 7. [FUTURE APPROPRIATION NEEDS.] The commissioner shall prepare and submit to the governor for inclusion in the budget an itemization of the funds required to implement subdivision 5, paragraph (b), clauses (4) to (6).

Sec. 2. [APPROPRIATIONS.]

(a) \$8,600,000 is appropriated from the general fund to the commissioner of natural resources for payment to the Mille Lacs Band of Chippewa Indians.

This prohibition does not apply to bonds or similar interest-bearing securities:

(2) rated in one of the top four letter rating categories by Fitch Investors Service, Inc., Standard and Poor's Corporation, or Moody's Investor Services, Inc.; or

(3) issued to provide housing facilities with respect to which low income tax credits are to be obtained.

Sec. 2. Minnesota Statutes 1992, section 275.065, subdivision 7, is amended to read:

Subd. 7. [CERTIFICATION OF COMPLIANCE.] At the time the taxing authority certifies its tax levy under section 275.07, it shall certify to the commissioner of revenue its compliance with this section. The certification must contain the information required by the commissioner of revenue to determine compliance with this section. If the commissioner determines that the taxing authority has failed to substantially comply with the requirements of this section, the commissioner of revenue shall notify the county auditor. The decision of the commissioner is final. When fixing rates under section 275.08 for a taxing authority that has not complied with this section, the county auditor must use the taxing authority's previous year's levy, plus any additional amounts necessary to pay principal and interest on general obligation bonds of the taxing authority for which its taxing powers have been pledged if the bonds were issued before 1989.

Sec. 3. Minnesota Statutes 1992, section 287.04, is amended to read:

(a) The bonds or other obligations are secured by a mortgage on property, title to which is held by the political subdivision.

(b) The mortgage is recorded or registered after the date of enactment.

(c) The bonds or other obligations are either (i) outstanding on the date of enactment or (ii) issued in exchange for or to otherwise refund bonds or other obligations the original series of which were issued before the date of enactment.

Sec. 4. Minnesota Statutes 1992, section 447.45, subdivision 2, is amended to read:

Subd. 2. [POWERS OVER SPECIAL FACILITIES.] With respect to facilities for the care, treatment, and training of persons with mental retardation or related conditions, and facilities attached or related to a nursing home providing supportive services to elderly persons who are not yet in need of nursing home care, including congregate housing, adult day care and respite care services, a county or city may exercise the powers in sections 447.45 to 447.50 as if these facilities were hospital or nursing home facilities within the meaning of sections 447.45 to 447.50. "County or city" includes cities of the first class and counties containing them. "Related conditions" is defined in section 252.27, subdivision 1a.

Sec. 5. Minnesota Statutes 1992, section 465.71, is amended to read:

465.71 [INSTALLMENT AND LEASE PURCHASES; CITIES; COUNTIES; SCHOOL DISTRICTS.]

A home rule charter city, statutory city, county, town, or school district may purchase personal property under an installment contract, or lease real or personal property with an option to purchase under a lease purchase agreement, by which contract or agreement title is retained by the seller or vendor or assigned to a third party as security for the purchase price, including interest, if any, but such purchases are subject to statutory and charter provisions applicable to the purchase of real or personal property. For purposes of the bid requirements contained in section 471.345, "the amount of the contract" shall include the total of all lease payments for the entire term of the lease under a lease-purchase agreement. The obligation created by a lease purchase agreement shall not be included in the calculation of net debt for purposes of section 475.53, and shall not constitute debt under any other statutory provision. No election shall be required in connection with the execution of a lease purchase agreement authorized by this section. The city, county, town, or school district must have the right to terminate a lease purchase agreement at the end of any fiscal year during its term. Property acquired and used by a home rule charter, statutory city, county, town, or school district under a lease purchase agreement or installment contract, whether or not title is retained by the lessor or vendor, is exempt from taxation as long as and to the extent that the property is devoted to a public use and is not subleased to any private individual, association, or corporation in connection with a business operated for profit.

Sec. 6. Minnesota Statutes 1992, section 475.67, subdivision 3, is amended to read:

Subd. 3. (a) Any or all obligations and interest thereon may be refunded if and when and to the extent that for any reason the taxes or special assessments, revenues, or other funds appropriated for their payment are not sufficient to pay all principal and interest due or about to become due thereon.

(b) Any or all obligations of one or more issues regardless of their source of payment and interest thereon may be refunded before their due dates, if:

(1) consistent with covenants made with the holders thereof; and

(2) determined by the governing body to be necessary or desirable:

(i) for the reduction of debt service cost to the municipality; or

(ii) for the extension or adjustment of the maturities in relation to the resources available for their payment; or

(iii) for the issuance of obligations bearing a fixed rate of interest in the case of obligations bearing interest at a rate varying periodically; or

(iv) in the case of obligations payable solely from a special fund, for the more advantageous sale of additional obligations payable from the same fund or to relieve the municipality of restrictions imposed by covenants made with the holders of the obligations to be refunded.

(c) The amount of interest which may be refunded from the proceeds of the refunding obligations shall not exceed the amount of proceeds estimated to be required in excess of the principal amount of refunded obligations to retire the refunded obligations in accordance with subdivision 6. ~~In no event shall the aggregate principal amount of the refunding obligations exceed by more than ten percent the aggregate principal amount of the obligations to be refunded.~~

(d) No general obligations, for which the full faith and credit of the issuer is pledged, shall be issued to refund special obligations previously issued for any purpose, payable solely from a special fund, unless the issuance is authorized by the election, hearing, petition, resolution, or other procedure that would have been required as a condition precedent to the original issuance of general obligations for the same purpose.

Sec. 7. Minnesota Statutes 1992, section 475.67, subdivision 13, is amended to read:

Subd. 13. Crossover refunding obligations may be issued by a municipality without regard to the limitations in subdivisions 4 to 10. The proceeds of crossover refunding obligations, less any proceeds applied to payment of the costs of their issuance, shall be deposited in a debt service fund irrevocably appropriated to the payment of principal of and interest on the refunding obligations until the date the proceeds are applied to payment of the obligations to be refunded. The debt service fund shall be maintained as an escrow account with a suitable financial institution within or without the state and amounts in it shall be invested in securities described in subdivision 8 or in an investment contract or similar agreement with a bank or insurance company meeting the requirements of section 475.66, subdivision 3, clause (f). Excess proceeds, if any, of the tax levy pursuant to section 475.61, subdivision 1, made with respect to the obligations to be refunded, and any other available amounts, may be deposited in the escrow account. In the resolution authorizing the issuance of crossover refunding obligations, the governing body may pledge to their payment any source of payment of the obligations to be refunded. The resolution may provide that the refunding obligations are payable solely from the escrow account prior to the date scheduled for payment of the obligations to be refunded and that the obligations to be refunded shall not be discharged if the amounts on deposit in the escrow account on that date are insufficient. ~~Subdivisions 11 and 12 shall not apply to any crossover refunding obligations, or the obligations to be refunded. Subdivision 12 applies to crossover refunding obligations, but the present value of debt service on the refunding and refunded obligations shall be determined as of the date the proceeds are applied to payment of the obligations to be refunded.~~ Subject to section 475.61, subdivision 3, in the case of general obligation bonds, taxes shall be levied pursuant to section 475.61 and appropriated to the debt service fund in the amounts needed, together with estimated investment income of the debt service fund and any other revenues available upon discharge of the obligations refunded, to pay when due the principal of and interest on the refunding obligations. The levy so imposed may be reduced by earnings to be received from investments on hand in the debt service fund to the extent the applicable recording officer certifies to the county auditor that the earnings are expected to be received in amounts and at such times as to be sufficient, together with the remaining levy, to satisfy the purpose of the levy requirements under section 475.61.

Sec. 8. Minnesota Statutes 1992, section 501B.25, is amended to read:

501B.25 [APPLICATION.]

Sections 501B.16 to 501B.23 do not apply to trusts in the nature of mortgages or to trusts commonly known as voting trusts. Sections 501B.16 to 501B.23 apply, however, unless otherwise provided in the trust instrument, to trusts established in connection with bonds issued under chapter 474 469, and, at the sole election of the issuer of bonds issued under chapter 469, without a trust indenture, to the pledges and other bond covenants made by the issuer in one or more resolutions with respect to the bonds. If the issuer so elects to apply sections 501B.16 to 501B.23, for such purposes only, the pledges and other bond covenants shall be deemed the "trust," the resolution or resolutions shall be deemed the "trust instrument," and the issuer shall be deemed the "trustee" notwithstanding the absence of any fiduciary responsibility owed by the "issuer" toward the bondholders. Nothing in this section shall preclude the issuer from seeking approval under sections 501B.16 to 501B.23 of the creation of any express trust under a trust indenture and the appointment of a trustee thereunder to act as a fiduciary for the benefit of the bondholders. As used in sections 501B.16 to 501B.23, "person" includes an artificial as well as a natural person, and "beneficiary" includes a bondholder.

Subd. 6. [SCOPE.] As used in sections 1 to 5 and sections 465.80 to 465.87, the terms defined in this section have the meanings given them.

Sec. 2. [465.796] [BOARD OF GOVERNMENT INNOVATION AND COOPERATION.]

Subdivision 1. [MEMBERSHIP.] The board of government innovation and cooperation is established. The board consists of two members of the senate appointed by the subcommittee on committees of the senate committee on rules and administration, two members of the house of representatives appointed by the speaker of the house, one administrative law judge appointed by the chief administrative law judge, the commissioner of finance, the commissioner of administration, the legislative auditor, and the state auditor. The commissioners of finance and administration, the legislative auditor, and the state auditor may each designate an individual from the staff of his or her office to serve as a member. The members of the senate and house of representatives who serve on the board shall not vote on issues decided by the board.

Subd. 2. [DUTIES OF BOARD.] The board has the following duties:

(1) to accept applications from local government units for waivers of administrative rules and determine whether to approve, modify, or reject the application;

(2) to accept applications for grants to local government units and related organizations proposing to design models or plans for innovative service delivery and management as provided in section 4 and determine whether to approve, modify, or reject the application;

Subd. 3. [STAFF.] The board may hire staff or consultants as necessary to perform its duties.

Sec. 3. [465.797] [RULE AND LAW WAIVER REQUESTS.]

Subdivision 1. [GENERALLY.] A local government unit may request the board of government innovation and cooperation to grant a waiver from one or more administrative rules governing delivery of services by the local government unit. Two or more local government units may submit a joint application for a waiver under this section if they propose to cooperate in providing a service or program that is subject to the rule or law.

Subd. 2. [APPLICATION.] A local government unit requesting a waiver of a rule under this section shall present a written application to the board. The application must include:

(1) identification of the service or program at issue;

(2) identification of the administrative rule with respect to which the waiver is sought;

(3) a description of the improved service outcome sought, including an explanation of the effect of the waiver in accomplishing that outcome;

(4) a description of the means by which the attainment of the outcome will be measured; and

(5) if the waiver is proposed by a single local government unit, a description of the consideration given to intergovernmental cooperation in providing this service, and an explanation of why the local government unit has elected to proceed independently.

A copy of the application must be provided by the requesting local government unit to the exclusive representative of its employees as certified under section 179A.12.

Subd. 3. [REVIEW PROCESS.] Upon receipt of an application from a local government unit, the board shall review the application. The board may dismiss an application within 60 days of its receipt if it finds that (1) the application does not meet the requirements of subdivision 2, or (2) the application should not be granted because it clearly proposes a waiver of rules that would result in due process violations, violations of federal law or the state or federal constitution, or the loss of services to people who are entitled to them. If it does not dismiss the application, the board must transmit a copy of it to the commissioner of each agency having jurisdiction over a rule or law from which a waiver is sought. If no agency has jurisdiction over the rule, the board shall transmit a copy of the application to the attorney general. If the commissioner of finance, the commissioner of administration, or the state auditor has jurisdiction over the rule, a retired judge appointed by the chief justice of the supreme court shall serve as a member of the board in the place of that official for purposes of determining whether to grant the waiver. The agency shall inform the board of its agreement with or objection to and grounds for objection to the waiver request within 60 days

of the date when the application was transmitted to it. If the agency fails to inform the board of its conclusion with respect to the application within 60 days of its receipt, the agency will be deemed to have agreed to the waiver. If the exclusive representative of the employees of the requesting local government unit objects to the waiver or exemption request, it may inform the board of the objection to and the grounds for the objection to the waiver or exemption request within 60 days of the receipt of the application.

Subd. 4. [HEARING.] If the agency or the exclusive representative does not agree with the waiver request, the board shall set a date for a hearing on the application, which shall be no earlier than 90 days after the date when the application was transmitted to the agency. The hearing shall be conducted informally at a meeting of the board. Persons representing the local government unit shall present their case for the waiver, and persons representing the agency shall explain the agency's objection to it. Members of the board may request additional information from either party. The board may also request, either before or at the hearing, information or comments from representatives of business, labor, local governments, state agencies, and consultants. If necessary, the hearing may be continued at a subsequent board meeting. A waiver must be granted by a vote of a majority of the board members. The board may modify the terms of the waiver request in arriving at the agreement required under subdivision 5.

Subd. 5. [CONDITIONS OF AGREEMENTS.] If the board grants a request for a waiver, the board and the local government unit must enter into an agreement providing for the delivery of the service or program that is the subject of the application. The agreement shall specify desired outcomes and the means of measurement by which the board will determine whether the outcomes specified in the agreement have been met. The agreement must specify the duration of the waiver, which may be for no less than two years and no more than four years, subject to renewal if both parties agree. A waiver of a rule under this section has the effect of a variance granted by an agency under section 14.05, subdivision 4. The board may require periodic reports from the local government unit, or conduct investigations of the service or program.

Subd. 6. [ENFORCEMENT.] If the board finds that the local government unit is failing to comply with the terms of the agreement under subdivision 5, it may rescind the agreement. Upon the rescission, the local unit of government becomes subject to the rules that had been waived.

Sec. 4. [465.798] [SERVICE BUDGET MANAGEMENT MODEL GRANTS.]

One or more local units of governments, an association of local governments, or an organization acting in conjunction with a local unit of government may apply to the board of government innovation and management for a grant to be used to develop models for innovative service budget management. Proposed models may provide options to local governments, neighborhood or community organizations, or individuals for managing budgets for service delivery. A copy of the work product for which the grant was provided must be furnished to the board upon completion, and the board may disseminate it to other local units of government or interested groups. If the board finds that the model was not completed or implemented according to the terms of the grant agreement, it may require the grantee to repay all or a portion of the grant. The amount of a grant under this section shall not exceed \$25,000.

If the grant application is submitted by one or more metropolitan area local government units, an association of metropolitan area local government units, or an organization acting in conjunction with a metropolitan area local government unit, the grant application must be submitted to the metropolitan council for review and comment by the council before the grant application is submitted to the board. The council shall review the grant application for consistency with the council's adopted comprehensive development guide for the metropolitan area as well as the policy statements, plans, and programs adopted pursuant to section 473.145.

Sec. 5. [465.799] [COOPERATION PLANNING GRANTS.]

Two or more local government units may apply to the board of government innovation and cooperation for a grant to be used to develop a plan for intergovernmental cooperation in providing services. The grant application must include the following information:

- (1) the identity of the local government units proposing to enter into the planning process;
- (2) a description of the services to be studied and the outcomes sought from the cooperative venture; and

(3) a description of the proposed planning process, including an estimate of its costs, identification of the individuals or entities who will participate in the planning process, and an explanation of the need for a grant to the extent that the cost cannot be paid out of the existing resources of the local government unit.

The plan may include model contracts or agreements to be used to implement the plan. A copy of the work product for which the grant was provided must be furnished to the board upon completion. If the board finds that the grantee has failed to implement the plan, it may require the grantee to repay all or a portion of the grant. The amount of a grant under this section shall not exceed \$25,000.

If the grant application is submitted by one or more metropolitan area local government units, the grant application must be submitted to the metropolitan council for review and comment by the council before the grant application is submitted to the board. The council shall review the grant application for consistency with the council's adopted comprehensive development guide for the metropolitan area as well as the policy statements, plans, and programs adopted pursuant to section 473.145.

Sec. 6. Minnesota Statutes 1992, section 465.80, subdivision 1, is amended to read:

Subdivision 1. [SCOPE.] This section establishes a program for grants to ~~cities, counties, and towns~~ local government units to enable them to meet the start-up costs of providing shared services or functions.

Sec. 7. Minnesota Statutes 1992, section 465.80, subdivision 2, is amended to read:

Subd. 2. [ELIGIBILITY.] Any ~~home rule charter or statutory city, county, or town~~ local government unit that provides a plan for offering a governmental service under a joint powers agreement with another ~~city, county, or town~~ local government unit, or with an agency of state government, is eligible for a grant under this section, and is referred to in this section as an "eligible local government unit."

Sec. 8. Minnesota Statutes 1992, section 465.80, subdivision 4, is amended to read:

The metropolitan council shall review the plan for consistency with the metropolitan council's adopted comprehensive development guide for the metropolitan area as well as the policy statements, plans, and programs adopted pursuant to section 473.145. The commissioner of trade and economic development board will approve a plan only if it contains the elements set forth in subdivision 3, with sufficient information to verify the assertions under clauses (2) and (3). The commissioner board may request modifications of a plan. If the commissioner board rejects a plan, written reasons for the rejection must be provided, and a governmental unit may modify the plan and resubmit it.~~

Sec. 9. Minnesota Statutes 1992, section 465.80, subdivision 5, is amended to read:

Subd. 5. [GRANTS.] The amount of each grant shall be equal to the additional start-up costs for which evidence is presented under subdivision 3, clause (3). Only one grant will be given to a local government unit for any function or service it proposes to combine with another government unit, but a unit may apply for separate grants for different services or functions it proposes to combine. If the amount of money available for making the grants is not sufficient to fully fund the grants to eligible local government units with approved plans, the ~~commissioner board~~ shall award grants on the basis of each qualified applicant's score under a scoring system to be devised by the ~~commissioner board~~ to measure the relative needs for the grants and the ratio of costs to benefits for each proposal.

Subd. 4. [OMITTED CONTRIBUTIONS.] (a) Except as provided in paragraph (b), if the state university board or the community college board fails to make the deduction from an employee's salary required by section 354B.08 and this section in a timely fashion, the deduction must be made by subsequent payroll deductions.

(b) If a board fails to make required employee deductions within 60 days of the date on which the deductions should have been made, the board shall pay the employer contributions and an amount equivalent to 8.5 percent of the total amount due in lieu of interest. If an employee deduction is not made within 60 days of the date upon which it should have been made, the employer and employee may agree to an alternate deduction amount for the omitted employee contribution. The omitted employee deduction must be made within one year of the date upon which the deduction should have been made.

If an employee payment is made under this subdivision, the payment must be made by the end of the fiscal year following the fiscal year in which the leave terminates, and may not include interest. If an employee makes a contribution under this subdivision, the employer must make the employer contribution, at the rate specified in section 354B.04, subdivision 2, for the salary that was the basis for the employee payment under this subdivision. The employer contribution must be made within 60 days of the date on which the employee contribution was made.

Subd. 4. [REINSTATEMENT RIGHTS.] Notwithstanding the provisions of any agreements to the contrary, employee and employer contributions may not be made under this section if the member does not retain the right to full reinstatement both during and at the end of the sabbatical leave.

(2) the tow bar assembly; and

(3) lower coupler equipment that is a fixed part of the rear end of the first trailer.

The commissioner may not grant a permit authorizing the movement, in a three-vehicle combination, of a semitrailer or trailer that exceeds 28-1/2 feet, except that the commissioner may renew a permit that was granted before April 16, 1984, for the movement of a semitrailer or trailer that exceeds the length limitation in this paragraph, or may grant a permit authorizing the transportation of empty trailers that exceed 28-1/2 feet, when using a B-train hitching mechanism as defined in Code of Federal Regulations, title 23, section 658.5, paragraph (o), from a point of manufacture in the state to the state border.

Sec. 2. Minnesota Statutes 1992, section 169.86, subdivision 5, is amended to read:

Subd. 5. [FEES.] The commissioner, with respect to highways under the commissioner's jurisdiction, may charge a fee for each permit issued. All such fees for permits issued by the commissioner of transportation shall be deposited in the state treasury and credited to the trunk highway fund. Except for those annual permits for which the permit fees are specified elsewhere in this chapter, the fees shall be:

(a) \$15 for each single trip permit.

(b) \$36 for each job permit. A job permit may be issued for like loads carried on a specific route for a period not to exceed two months. "Like loads" means loads of the same product, weight, and dimension.

(c) \$60 for an annual permit to be issued for a period not to exceed 12 consecutive months. Annual permits may be issued for:

(1) motor vehicles used to alleviate a temporary crisis adversely affecting the safety or well-being of the public;

(2) motor vehicles which travel on interstate highways and carry loads authorized under subdivision 1a;

(3) motor vehicles operating with gross weights authorized under section 169.825, subdivision 11, paragraph (a), clause (3); and

(4) special pulpwood vehicles described in section 169.863.

(d) \$120 for an oversize annual permit to be issued for a period not to exceed 12 consecutive months. Annual permits may be issued for:

(1) mobile cranes;

(2) construction equipment, machinery, and supplies;

(3) manufactured homes;

(4) farm equipment when the movement is not made according to the provisions of section 169.80, subdivision 1, paragraphs (a) to (f);

(5) double-deck buses;

(6) commercial boat hauling.

(e) For vehicles which have axle weights exceeding the weight limitations of section 169.825, an additional cost added to the fees listed above. The additional cost is equal to the product of the distance traveled times the sum of the overweight axle group cost factors shown in the following chart:

Overweight Axle Group Cost Factors

Weight (pounds) exceeding weight limi- tations on axles	Cost Per Mile For Each Group Of:		
	Two consec- utive axles spaced within 8 feet or less	Three consec- utive axles spaced within 9 feet or less	Four consec- utive axles spaced with- in 14 feet or less

The amounts added are rounded to the nearest cent for each axle or axle group. The additional cost does not apply to paragraph (c), clauses (1) and (3).

For a vehicle found to exceed the appropriate maximum permitted weight, a cost-per-mile fee of 22 cents per ton, or fraction of a ton, over the permitted maximum weight is imposed in addition to the normal permit fee. Miles must be calculated based on the distance already traveled in the state plus the distance from the point of detection to a transportation loading site or unloading site within the state or to the point of exit from the state.

(f) As an alternative to paragraph (e), an annual permit may be issued for overweight, or oversize and overweight, construction equipment, machinery, and supplies. The fees for the permit are as follows:

140,001 - 145,000	\$800

If the gross weight of the vehicle is more than 145,000 pounds the permit fee is determined under paragraph (e).

(g) For vehicles which exceed the width limitations set forth in section 169.80 by more than 72 inches, an additional cost equal to \$120 added to the amount in paragraph (a) when the permit is issued while seasonal load restrictions pursuant to section 169.87 are in effect.

(h) \$85 for an annual permit to be issued for a period not to exceed 12 months, for refuse compactor vehicles that carry a gross weight of not more than: 22,000 pounds on a single rear axle; 38,000 pounds on a tandem rear axle; or, subject to section 169.825, subdivision 14, 46,000 pounds on a tridem rear axle. A permit issued for up to 46,000 pounds on a tridem rear axle must limit the gross vehicle weight to not more than 62,000 pounds."

Subdivision 1. [PROGRAM.] The commissioner of human services shall establish a statewide program to provide support for persons with mental retardation or related conditions to live as independently as possible in the community. An objective of the program is to reduce unnecessary use of intermediate care facilities for persons with mental retardation or related conditions and home and community-based services. The commissioner shall reimburse county boards for the provision of semi-independent living services licensed by the commissioner pursuant to provided by agencies or individuals that meet the applicable standards of sections 245A.01 to 245A.16 and 252.28, and for the provision of one-time living allowances to secure and furnish a home for a person who will receive semi-independent living services under this section, if other public funds are not available for the allowance.

For the purposes of this section, "semi-independent living services" means training and assistance in managing money, preparing meals, shopping, maintaining personal appearance and hygiene, and other activities which are needed to maintain and improve an adult with mental retardation or a related condition's capability to live in the community. Eligible persons: (1) must be age 18 or older, must need less than a 24-hour plan of care, and; (2) must be unable to function independently without semi-independent living services; and (3) must not be at risk of placement in an intermediate care facility for persons with mental retardation in the absence of less restrictive services.

Semi-independent living services costs and one-time living allowance costs may be paid directly by the county, or may be paid by the recipient with a voucher or cash issued by the county.

Subd. 8. [USE OF FEDERAL FUNDS AND TRANSFER OF FUNDS TO MEDICAL ASSISTANCE.] (a) The commissioner shall make every reasonable effort to maximize the use of federal funds for semi-independent living services.

(b) The commissioner shall reduce the payments to be made under this section to each county from January 1, 1994 to June 30, 1996, by the amount of the state share of medical assistance reimbursement for services other than residential services provided under the home- and community-based waiver program under section 256B.092 from January 1, 1994 to June 30, 1996, for clients for whom the county is financially responsible and who have been transferred by the county from the semi-independent living services program to the home- and community-based waiver program. Unless otherwise specified, all reduced amounts shall be transferred to the medical assistance state account.

(c) For fiscal year 1997, the base appropriation available under this section shall be reduced by the amount of the state share of medical assistance reimbursement for services other than residential services provided under the home- and community-based waiver program authorized in section 256B.092 from January 1, 1995 to December 31, 1995, for persons who have been transferred from the semi-independent living services program to the home- and community-based waiver program. The base appropriation for the medical assistance state account shall be increased by the same amount.

(d) For purposes of calculating the guaranteed floor under subdivision 4b and to establish the calendar year 1996 allocations, each county's original allocation for calendar year 1995 shall be reduced by the amount transferred to the state medical assistance account under paragraph (b) during the six months ending on June 30, 1995. For purposes of calculating the guaranteed floor under subdivision 4b and to establish the calendar year 1997 allocations, each county's original allocation for calendar year 1996 shall be reduced by the amount transferred to the state medical assistance account under paragraph (b) during the six months ending on June 30, 1996.

Sec. 3. Minnesota Statutes 1992, section 252.40, is amended to read:

Sections 252.40 to ~~252.47~~ 252.46 apply to day training and habilitation services for adults with mental retardation and related conditions when the services are authorized to be funded by a county and provided under a contract between a county board and a vendor as defined in section 252.41. Nothing in sections 252.40 to ~~252.47~~ 252.46 absolves intermediate care facilities for persons with mental retardation or related conditions of the responsibility for providing active treatment and habilitation under federal regulations with which those facilities must comply to be certified by the Minnesota department of health.

Sec. 4. Minnesota Statutes 1992, section 252.41, subdivision 1, is amended to read:

Subdivision 1. [SCOPE.] The definitions in this section apply to sections 252.40 to ~~252.47~~ 252.46.

Sec. 7. [252.450] [AGREEMENTS WITH BUSINESSES TO PROVIDE SUPPORT AND SUPERVISION OF PERSONS WITH MENTAL RETARDATION OR RELATED CONDITIONS IN COMMUNITY-BASED EMPLOYMENT.]

Subdivision 1. [DEFINITION.] For the purposes of this section, "qualified business" means a business that employs primarily nondisabled persons and will employ persons with mental retardation or related conditions. For purposes of this section, licensed providers of residential services for persons with mental retardation or related conditions are not a qualified business. A qualified business and its employees are exempt from Minnesota Rules, parts 9525.1500 to 9525.1690 and 9525.1800 to 9525.1930.

Subd. 2. [VENDOR PARTICIPATION AND REIMBURSEMENT.] (a) Notwithstanding requirements in chapter 245A, and sections 252.28, 252.40 to 252.46, and 256B.501, vendors of day training and habilitation services may enter into agreements or contracts with qualified businesses to provide additional training and supervision that is needed by individuals to maintain their employment.

(b) For a vendor to be eligible to receive the day training and habilitation optional community job support rate in section 252.46, there must be a written agreement or contract that meets the requirements of subdivision 4 between the vendor and the qualified business. When an agreement or contract is in effect for an individual, the vendor may receive medical assistance reimbursement consistent with applicable federal regulation for that individual and the vendor is exempt from Minnesota Rules, part 9525.1850, items B, F, and G.

Subd. 3. [AGREEMENT AND CONTRACT SPECIFICATIONS.] Agreements and contracts must include the following:

(1) the type and amount of supervision and support to be provided by the business to the individual in accordance with their needs as identified in their individual service plan;

(2) the methods used to assess periodically the individual's satisfaction with their work, training, and support;

(3) the measures taken by the qualified business and the vendor under subdivision 2, or the qualified business and the county under subdivision 3, to ensure the health, safety, and protection of the individual during working hours, including the reporting of abuse and neglect under state law and rules;

(4) the training and support services the vendor under subdivision 2, or county under subdivision 3, will provide to the qualified business, including the frequency of on-site supervision and support; and

(5) any payment to be made to the qualified business by the vendor under subdivision 2, or by the county under subdivision 3. Payment shall be limited to:

(i) additional costs of training coworkers and managers that exceed ordinary and customary training costs and are a direct result of employing a person with mental retardation or a related condition; and

(ii) additional costs for training, supervising, and assisting the person with mental retardation or a related condition that exceeds normal and customary costs required for performing similar tasks or duties.

Payments made to a qualified business under this section must not include incentive payments to the qualified business or salary supplementation for the person with mental retardation or a related condition.

Subd. 4. [CLIENT PROTECTION.] Persons receiving training and support under this section may not be denied their rights or procedural protections under section 256.045, subdivision 4a, or 256B.092, including the county agency's responsibility to arrange for appropriate services, as necessary, in the event that persons lose their job or the contract with the qualified business is terminated.

Sec. 8. [252.451] [VENDOR REQUIREMENTS.]

Vendors of day training and habilitation services are subject to the requirements of Minnesota Rules, parts 9525.1200 to 9525.1330, except as provided in paragraphs (a) to (f).

(a) In Minnesota Rules, part 9525.1620, subpart 2, item B, the orientation must be completed within the first 60 days of employment.

(b) Employees of a business who are subsequently employed by the day training and habilitation program for the purpose of providing job supports to a client at the business site are exempt from the requirements of Minnesota Rules, part 9525.1620 except for the explanation required in subpart 2, item A, subitem (4).

(c) In Minnesota Rules, part 9525.1590, subpart 2, providers must annually collect data for each person receiving employment services. Data must be current as of the last day of the calendar year and must include:

(1) the type of employment activity, location, and job title;

(2) the number of hours the person worked per week;

(3) the number of disabled coworkers receiving provider services at the same work site where the person for whom the data is reported is working; and

(4) the number of nondisabled and nonsubsidized coworkers employed at the work site.

(d) Space owned or leased by a day training and habilitation vendor which is used solely as office space for a community-integrated program is exempt from Minnesota Rules, parts 9525.1520, subpart 2, item B, subitems (1), (2), and (4); and 9525.1650.

(e) If one or more of the conditions in clauses (1) to (4) are met, the day training and habilitation vendor may provide support at the office site for five or fewer persons at any time and be exempt from Minnesota Rules, parts 9525.1520, subpart 2, item B, subitems (1), (2), and (4); and 9525.1650. Notwithstanding the exemptions in this paragraph, the vendor shall be required to document that the building satisfactorily meets local fire regulations. This requirement may be met by obtaining a copy of the routine fire inspection done for the building. If a routine inspection has not been completed, a separate inspection must be completed unless:

(1) the services are temporary, with an anticipated duration of not more than 60 calendar days. Examples of this include when a person begins receiving services, or is between community jobs, the person must spend some portion of each service day involved in the community;

(2) the services provided include at least 75 percent of the service week with persons involved outside the office site in the community;

(3) the purpose is for planning meetings or other individualized meetings with persons receiving support; or

(4) the person is in transit to a job site or other community-based site.

(f) In Minnesota Rules, part 9525.1630, subparts 4 and 5, the license holder shall be required to assess and reassess persons in the areas specified in Minnesota Rules, part 9525.1630, subpart 4, items B to E, as authorized by the case manager. Those items that are not specifically authorized shall not be required.

Sec. 9. Minnesota Statutes 1992, section 252.46, is amended to read:

252.46 [PAYMENT RATES.]

Subdivision 1. [RATES.] Payment rates to vendors, except regional centers, for county-funded day training and habilitation services and transportation provided to persons receiving day training and habilitation services established by a county board are governed by subdivisions 2 to 11 19. "Payment rate" as used in subdivisions 2 to 11 refers to three kinds of payment rates The commissioner shall approve the following three payment rates and may approve any of the optional payment rates under subdivision 17 for services provided by a vendor:

(1) a full-day service rate for persons who receive at least six service hours a day, including the time it takes to transport the person to and from the service site;

(2) a partial-day service rate that must not exceed 75 percent of the full-day service rate for persons who receive less than a full day of service; and

(3) a transportation rate for providing, or arranging and paying for, transportation of a person to and from the person's residence to the service site.

Medical assistance rates for home and community-based service provided under section 256B.501, subdivision 4, by licensed vendors of day training and habilitation services must not be greater than the rates for the same services established by counties under sections 252.40 to 252.46. For very dependent persons with special needs the commissioner may approve an exception to the approved payment rate under section 256B.501, subdivision 4 or 8. Except for billing optional rates under subdivision 17, the vendor must bill only for services provided directly to clients by employees of the vendor in the amount and of the type authorized by the county.

Subd. 2. [RATE MINIMUM.] Unless a variance is granted under subdivision 6, the minimum payment rates set by a county board for each vendor must be equal to the payment rates approved by the commissioner for that vendor in effect January 1 of the previous calendar year.

Subd. 3. [RATE MAXIMUM.] Unless a variance is granted under subdivision 6, the maximum payment rates for each vendor for a calendar year must be equal to the payment rates approved by the commissioner for that vendor in effect December 1 of the previous calendar year. The commissioner of finance shall include as a budget change request in each biennial detailed expenditure budget submitted to the legislature under section 16A.11 annual inflation adjustments in reimbursement rates for each vendor, based upon the projected percentage change in the urban consumer price index, all items, published by the United States Department of Labor, for the upcoming calendar year over the current calendar year. The commissioner shall not provide an annual inflation adjustment for the biennium ending June 30, 1993.

Subd. 4. [NEW VENDORS.] (a) Payment rates established by a county for a new vendor for which there were no previous rates must not exceed 125 percent of the average payment rates in the regional development commission district under sections 462.381 to 462.396 in which the new vendor is located unless the criteria in paragraph (b) are met. When at least 50 percent of the persons to be served by the new vendor are persons discharged from a regional treatment center on or after January 1, 1990, the recommended payment rates for the new vendor shall not exceed twice the current statewide average payment rates.

~~For purposes of this subdivision, persons discharged from the regional treatment center do not include persons who received temporary care under section 252A.111, subdivision 3.~~

(b) A payment rate equal to 200 percent of the statewide average rates shall be assigned to persons served by the new vendor when those persons are persons with very severe self-injurious or assaultive behaviors, persons with medical conditions requiring delivery of physician-prescribed medical interventions at one-to-one staffing for at least 15 minutes each time they are performed, or persons discharged from a regional treatment center after May 1, 1993, to the vendor's program. All other persons for whom the new service is determined as needed shall be assigned a rate of 125 percent of the regional average rates. The maximum payment rate that can be recommended under these conditions is determined by summing the amounts calculated by multiplying the number of clients at each limit by the rate corresponding to that limit and then dividing the sum by the total number of clients. When the recommended payment rates exceed 125 percent of the regional average rates, the county must include documentation verifying the medical or behavioral needs of clients. The approved payment rates must be based on 12 months budgeted expenses divided by no less than 90 percent of authorized service units associated with the new vendor's licensed capacity. The county must include documentation verifying the person's discharge from a regional treatment center and that they considered admission of new clients to existing services that would be eligible for a rate variance under subdivision 6 before recommending payment rates for a new vendor under this subdivision. Nothing in this subdivision shall allow the development of a new program with the primary result being the refinancing of services for individuals already receiving services in existing programs.

Subd. 5. [SUBMITTING RECOMMENDED RATES.] The county board shall submit recommended payment rates to the commissioner on forms supplied by the commissioner at least 60 days before revised payment rates or payment rates for new vendors are to be effective. The forms must require include the county board's written verification of the individual documentation required under section 252.44, clause (a). If the number of days of service provided by a licensed vendor are projected to increase, the county board must recommend payment rates based on the projected increased days of attendance and resulting lower per-unit fixed costs. Recommended increases in payment rates for vendors whose approved payment rates are ten or more than ten percent below the statewide median payment rates must be equal to the maximum increases allowed for that vendor under subdivision 3. If a vendor provides services at more than one licensed site, the county board may recommend the same payment rates for each site based on the average rate for all sites. The county board may also recommend differing payment rates for each

licensed site if it would result in a total annual payment to the vendor that is equal to or less than the total annual payment that would result if the average rates had been used for all sites. For purposes of this subdivision, the average payment rate for all service sites used by a vendor must be computed by adding the amounts that result when the payment rates for each licensed site are multiplied by the projected annual number of service units to be provided at that site and dividing the sum of those amounts by the total units of service to be provided by the vendor at all sites.

Subd. 6. [VARIANCES.] (a) A variance from the minimum or maximum payment rates in subdivisions 2 and 3 may be granted by the commissioner when the vendor requests and the county board submits to the commissioner a written variance request on forms supplied by the commissioner with the recommended payment rates. The commissioner shall develop by October 1, 1989, a uniform format for submission of documentation for the variance requests. This format shall be used by each vendor requesting a variance. The form shall be developed by the commissioner and shall be reviewed by representatives of advocacy and provider groups and counties. A variance to the rate maximum may be utilized for costs associated with compliance with state administrative rules, compliance with court orders, capital costs required for continued licensure, increased insurance costs, start-up and conversion costs for supported employment, direct service staff salaries and benefits, and transportation. The county board shall review all vendors' payment rates that are ten or more than ten percent lower than the statewide median payment rates. If the county determines that the payment rates do not provide sufficient revenue to the vendor for authorized service delivery the county must recommend a variance under this section. When the county board contracts for increased services from any vendor for some or all individuals receiving services from the vendor, the county board shall review the vendor's payment rates to determine whether the increase requires that a variance to the minimum rates be recommended under this section to reflect the vendor's lower per unit fixed costs. any of the following:

(1) changes necessary to comply with licensing citations;

(2) a significant change approved by the commissioner under section 252.28 that is necessary to provide authorized services to new clients with very severe self-injurious or assaultive behavior, or medical conditions requiring delivery of physician-prescribed medical interventions requiring one-to-one staffing for at least 15 minutes each time they are performed, or to new clients directly discharged to the vendor's program from a regional treatment center;

(3) a significant increase in the average level of staffing needed to provide authorized services approved by the commissioner under section 252.28, that is necessitated by a decrease in licensed capacity and loss of clientele when counties choose alternative services under section 252.451 or Laws 1992, chapter 513, article 9, section 41.

For the variance under this paragraph to be approved, the costs to the medical assistance program shall not exceed the medical assistance costs for all clients served by the alternatives and all clients remaining in the existing services.

(b) A variance to the rate minimum may be used when the county board contracts for increased services from a vendor for some or all individuals receiving services from the vendor resulting in lower per unit fixed costs or when the actual costs of delivering authorized service over a 12-month contract period have decreased.

(c) The written variance request under this subdivision must include documentation that all the following criteria have been met:

(1) The commissioner and the county board have both conducted a review and have identified a need for a change in the payment rates and recommended an effective date for the change in the rate.

(2) The proposed changes are required for the vendor to deliver authorized individual services in an effective and efficient manner.

(3) The proposed changes are necessary to demonstrate compliance with minimum licensing standards.

(4) The vendor documents that the changes cannot be achieved by reallocating efforts to reallocate current staff or by reallocating financial resources.

(5) The county board submits evidence that the need for and any additional staff staffing needs cannot be met by using temporary special needs rate exceptions under Minnesota Rules, parts 9510.1020 to 9510.1140.

(3) The vendor documents that financial resources have been reallocated before applying for a variance. No variance may be granted for equipment, supplies, or other capital expenditures when depreciation expense for repair and replacement of such items is part of the current rate.

(4) For variances related to loss of clientele, the vendor documents the other program and administrative expenses that have been reduced.

(6) (5) The county board submits verification of the conditions for which the variance is requested, a description of the nature and cost of the proposed changes, and how the county will monitor the use of money by the vendor to make necessary changes in services.

(7) (6) The county board's recommended payment rates do not exceed 125 percent of the current calendar year's statewide median regional average payment rates for each of the regional commission districts under sections 462.381 to 462.396 in which the vendor is located except for the following condition. When a variance request is recommended to allow authorized service delivery to new clients with severe self-injurious or assaultive behaviors, or medical conditions requiring delivery of physician prescribed medical interventions, or to persons being directly discharged from a regional treatment center to the vendor's program, those persons shall be assigned a payment rate of 200 percent of the current statewide average rates. All other clients receiving services from the vendor shall be assigned a payment rate equal to the lesser of the vendor's current rate or 125 percent of the regional average payment rates. The maximum payment rate that can be recommended for the vendor under these conditions is determined by summing the amounts calculated by multiplying the number of clients at each limit by the rate corresponding to that limit and then dividing the sum by the total number of clients.

(7) The vendor for which the variance to the payment rate limits has been requested has not received a variance under this subdivision in the past 12 months.

(d) The commissioner shall have 60 calendar days from the date of the receipt of the complete request to accept or reject it, or the request shall be deemed to have been granted. If the commissioner rejects the request, the commissioner shall state in writing the specific objections to the request and the reasons for its rejection.

Subd. 7. [TIME REQUIREMENTS AND APPEALS PROCESS FOR VARIANCES RATE RECONSIDERATIONS.] The commissioner shall notify in writing county boards requesting variances within 60 days of receiving the variance request from the county board. The notification shall give reasons for denial of the variance, if it is denied. If the host county disagrees with a rate decision of the commissioner under subdivision 6 or 9, the host county may request reconsideration by the commissioner. The reconsideration must be requested within 30 days of the date the host county received notification of the commissioner's decision. The request must state the reasons why the host county is requesting reconsideration of the commissioner's decision and present evidence explaining why the host county disagrees with the commissioner's decision.

The commissioner shall review the evidence by the host county and provide the host county with written notification of the decision on the request within 60 days. The commissioner's decision on the request is final.

Until a reconsideration request is resolved, payments must continue at a rate the commissioner determines complies with this section. If a higher rate is approved, the commissioner shall order a retroactive payment as determined in the rate reconsideration request.

Subd. 8. [COMMISSIONER'S NOTICE TO BOARDS, VENDORS.] The commissioner shall notify the county boards and vendors of:

(1) the average regional payment rates and 125 percent of the average regional payments rates for each of the regional development commission districts designated in sections 462.381 to 462.396, and the statewide average rates, and 200 percent of the statewide average rates.

(2) the projected inflation rate for the year in which the rates will be effective equal to the most recent projected change in the urban consumer price index, all items, published by the United States Department of Labor, for the upcoming calendar year over the current calendar year.

Subd. 9. [APPROVAL OR DENIAL OF RATES.] The commissioner shall approve the county board's recommended payment rates when the rates and verification justifying the projected service units comply with subdivisions 2 to 40 19. The commissioner shall notify the county board in writing of the approved payment rates within 60 days of

receipt of the rate recommendations. If the rates are not approved, or if rates different from those originally recommended are approved, the commissioner shall within 60 days of receiving the rate recommendation notify the county board in writing of the reasons for denying or substituting a different rate for the recommended rates. Approved payment rates remain effective until the commissioner approves different rates in accordance with subdivisions 2 and 3.

Subd. 10. [VENDOR'S REPORT; AUDIT.] The vendor shall report to the commissioner and the county board on forms prescribed by the commissioner at times specified by the commissioner. The reports shall include programmatic and fiscal information. Fiscal information shall be provided in accordance with an annual audit that complies with the requirements of Minnesota Rules, parts 9550.0010 to 9550.0092. The audit must be done in accordance with generally accepted auditing standards to result in statements that include a balance sheet, income statement, changes in financial position, and the certified public accountant's opinion. The audit must provide supplemental statements for each day training and habilitation program with an approved unique set of rates.

Subd. 11. [IMPROPER TRANSACTIONS.] Transactions that have the effect of circumventing subdivisions 1 to ~~10~~ 19 must not be considered by the commissioner for the purpose of payment rate approval under the principle that the substance of the transaction prevails over the form.

Subd. 12. [~~RATES ESTABLISHED AFTER 1990.~~] ~~Unless a variance is granted under subdivision 6, payment rates established by a county for calendar year 1990 and which are in effect December 31, 1990, remain in effect until June 30, 1991. Payment rates established by a county board to be paid to a vendor on or after July 1, 1991, must be determined under permanent rules adopted by the commissioner. Until permanent rules are adopted, the payment rates must be determined according to subdivisions 1 to 11 except for the period from July 1, 1991, through December 31, 1991, when the increase determined under subdivision 3 must not exceed the projected percentage change in the urban consumer price index, all items, published by the United States Department of Labor, for the current calendar year over the previous calendar year. No county shall pay a rate that is less than the minimum rate determined by the commissioner.~~

In developing procedures for setting minimum payment rates and procedures for establishing payment rates, the commissioner shall consider the following factors:

- ~~(1) a vendor's payment rate and historical cost in the previous year;~~
- ~~(2) current economic trends and conditions;~~
- ~~(3) costs that a vendor must incur to operate efficiently, effectively and economically and still provide training and habilitation services that comply with quality standards required by state and federal regulations;~~
- ~~(4) increased liability insurance costs;~~
- ~~(5) costs incurred for the development and continuation of supported employment services;~~
- ~~(6) cost variations in providing services to people with different needs;~~
- ~~(7) the adequacy of reimbursement rates that are more than 15 percent below the statewide average; and~~
- ~~(8) other appropriate factors.~~

The commissioner may develop procedures to establish differing hourly rates that take into account variations in the number of clients per staff hour, to assess the need for day training and habilitation services, and to control the utilization of services.

In developing procedures for setting transportation rates, the commissioner may consider allowing the county board to set those rates or may consider developing a uniform standard.

Medical assistance rates for home and community based services provided under section 256B.501 by licensed vendors of day training and habilitation services must not be greater than the rates for the same services established by counties under sections 252.40 to 252.47.

~~Subd. 13. [REVIEW AND REVISION OF PROCEDURES FOR RATE EXCEPTIONS FOR VERY DEPENDENT PERSONS WITH SPECIAL NEEDS.] The commissioner shall review the procedures established in Minnesota Rules, parts 9510.1020 to 9510.1140, that counties must follow to seek authorization for a medical assistance rate exception for services for very dependent persons with special needs. The commissioner shall appoint an advisory task force to work with the commissioner. Members of the task force must include vendors, providers, advocates, and consumers. After considering the recommendations of the advisory task force and county rate setting procedures developed under this section, the commissioner shall:~~

- ~~(1) revise administrative procedures as necessary;~~
- ~~(2) implement new review procedures for county applications for medical assistance rate exceptions for services for very dependent persons with special needs in a manner that accounts for services available to the person within the approved payment rates of the vendor;~~
- ~~(3) provide training and technical assistance to vendors, providers, and counties in use of procedures governing medical assistance rate exceptions for very dependent persons with special needs and in county rate setting procedures established under this subdivision; and~~
- ~~(4) develop a strategy and implementation plan for uniform data collection for use in establishing equitable payment rates and medical assistance rate exceptions for services provided by vendors.~~

~~Subd. 14. [PILOT STUDY.] The commissioner may initiate a pilot payment rate system under section 252.47. The pilot project may establish training and demonstration sites. The pilot payment rate system must include actual transfers of funds, not simulated transfers. The pilot payment rate system may involve vendors representing different geographic regions and rates of reimbursement. Participation in the pilot project is voluntary. Selection of participants by the commissioner is based on the vendor's submission of a complete application form provided by the commissioner. The application must include letters of agreement from the host county, counties of financial responsibility, and residential service providers. Evaluation of the pilot project must include consideration of the effectiveness of procedures governing establishment of equitable payment rates. Implementation of the pilot payment rate system is contingent upon federal approval and systems feasibility. The policies and procedures governing administration, participation, evaluation, service utilization, and payment for services under the pilot payment rate system are not subject to the rulemaking requirements of chapter 14.~~

Subd. 16. [PAYMENT RATE CRITERIA; ALLOCATION OF EXPENDITURES.] Payment rates approved under subdivision 9 shall reflect the payment rate criteria in paragraphs (a) and (b) and the allocation principles in paragraph (c).

(a) Payment rates shall be based on costs that are ordinary, necessary, and related to delivery of authorized client services, and are what a prudent and cost conscious business person would pay for the specific good or service in the open market in an arm's length transaction.

(b) The commissioner shall not pay for: (i) unauthorized service delivery; (ii) services provided in accordance with receipt of a special grant; (iii) services provided under contract to a local school district; (iv) extended employment services under Minnesota Rules, parts 3300.1950 to 3300.3050, or vocational rehabilitation services provided under Title I, section 110 or Title VI-C, Rehabilitation Act of 1986, as amended, and not through use of medical assistance or county social service funds; or (v) services provided to a client by a licensed medical, therapeutic, or rehabilitation practitioner or any other vendor of medical care which are billed separately on a fee for service basis.

(c) On an annual basis, actual and projected contract year expenses must be allocated to standard budget line items corresponding to direct and other program and administrative expenses as submitted to the commissioner with the host county's recommended payment rates. Central or corporate office costs must be allocated to licensed vendor sites within the group served by the central or corporate office according to the cost allocation principles under section 256B.432.

(d) The vendor must maintain records documenting that clients received the billed services.

Subd. 17. [OPTIONAL COMMUNITY JOB SUPPORT RATES.] The commissioner may approve community job support payment rates for any vendor when the county recommends the optional rates under subdivision 5 and when billing and payment is possible through the Medicaid management information system. These rates are for services and payments directed at community employers with the outcome of supporting or retaining a community job placement for a client where no other clients are receiving services at the same time or in the same work location. Rates available include: follow-along community job support and full-day and partial-day community job support.

(a) The follow-along community job support rate must be no more than 75 percent of the vendor's full-day rate. No more than 70 daily units of the optional rate may be billed per calendar year per client for no more than two consecutive years per job site when all the following criteria are met:

(1) the vendor has a written agreement or contract with a business under section 252.451;

(2) the vendor provides services or payments to the business to enable the business to perform services to the client that the vendor would otherwise need to perform;

(3) the client on behalf of whom the service is billed is present at the job site on all days for which the vendor bills;

(4) the daily charge to the medical assistance program for a client's licensed day training and habilitation services does not exceed the approved optional follow-along payment rate for the vendor. A separate transportation rate, partial-day rate, or full-day rate cannot be billed with the optional follow-along rate;

(5) services for which the optional follow-along rate are billed are not available through a provider of vocational rehabilitation under Title I, section 110 or Title VI-C of the Rehabilitation Act of 1986, as amended;

(6) the vendor on behalf of whom the optional follow-along rate is recommended is participating in the natural supports in the workplace grant or has utilized community job support rates for a client whose services can more cost effectively be billed under a follow-along rate; and

(7) the vendor documents and reports any payment to a business, and all other costs and revenues associated with provision of the service for which the optional follow-along rate is billed in its annual report to the commissioner.

(b) The full-day community job support rate must be no more than the vendor's approved full-day rate. The partial-day community job support rate must be no more than 75 percent of the vendor's approved full-day rate. When the criteria in clauses (1) to (8) are met, the vendor may bill a full-day community support rate when a client receives six or more hours of service from a community employer at a job site or the vendor may bill a partial-day community support rate when a client receives less than six hours of service from a community employer at a job site:

(1) the vendor has a written agreement or contract with a business under section 252.451;

(2) the vendor provides services and payments to the business to enable the business to perform services for the client that the vendor would otherwise need to perform;

(3) the client on behalf of whom the service is billed is present at the job site on all days for which the vendor bills;

(4) a separate follow-along community support rate, full-day rate, or partial-day rate cannot be billed with the community support rate;

(5) services for which the community support rate are billed are not available through a provider of vocational rehabilitation under Title I, section 110 or Title VI-C of the Rehabilitation Act of 1986, as amended;

(6) any client for whom the optional community support rate will be billed was receiving full-time services from the vendor on or before July 1, 1993, and the optional community support rate will allow the client to work with support in a community business instead of receiving any other service from the vendor;

(7) the client's service planning team reviews and approves the level of support being provided at least annually; and

(8) the vendor documents and reports any payments to business, and all other costs and revenues associated with provision of the service for which the optional community support rate is billed in its annual report to the commissioner.

Medical assistance reimbursement of services provided to persons receiving day training and habilitation services under this section are subject to the limitations on reimbursement for vocational services under federal law and regulations.

Subd. 18. [HOURLY RATE STRUCTURE.] Counties participating as host counties under the pilot study of hourly rates established under Laws 1988, chapter 689, article 2, section 17, may recommend continuation of the hourly rates for participating vendors. The recommendation shall be made annually under subdivision 5 and the methods and standards provided by the commissioner. The commissioner shall approve the hourly rates when service authorization, billing, and payment for services is possible through the Medicaid management information system and the other criteria in this subdivision are met.

Subd. 19. [PILOT STUDY RATES.] By January 1, 1994, counties and vendors operating under the pilot study of hourly rates established under Laws 1988, chapter 689, article 2, section 17, shall work with the commissioner to translate the hourly rates and actual expenditures into rates meeting the criteria in subdivisions 1 to 17 unless hourly rates are approved under subdivision 18.

Sec. 10. [252B.01] [CITATION.]

Sections 252B.01 to 252B.40 may be cited as "services for persons with mental retardation or related conditions." It may also be cited as "IMPACT."

Sec. 11. [252B.02] [DEFINITIONS.]

Subdivision 1. [SCOPE.] The terms used in sections 252B.01 to 252B.40 have the meanings given them in this section.

Subd. 2. [COMMISSIONER.] "Commissioner" means the commissioner of human services or the commissioner's designated representative.

Subd. 3. [PERSON.] "Person" means a person with mental retardation as defined in subdivision 4, a person with related conditions as defined in subdivision 5, or a child under the age of five found eligible for services for persons with mental retardation or a related condition according to rules of the commissioner.

Subd. 4. [PERSON WITH MENTAL RETARDATION.] "Person with mental retardation" means a person who has been diagnosed under section 256B.092 as having substantial limitations in present functioning, manifested as significantly subaverage intellectual functioning existing concurrently with demonstrated deficits in adaptive behavior, and who manifests these conditions before the person's 22nd birthday.

Subd. 5. [PERSON WITH RELATED CONDITIONS.] "Person with related conditions" has the meaning given in section 252.27, subdivision 1a.

Subd. 6. [VOUCHER.] "Voucher" means a written authorization from the county that is given to the person, or their legal representative, if any, promising to pay directly any approved provider of service of the person's choice for the amount and type of services up to a specified maximum.

Sec. 12. [252B.05] [DESIGN GOALS.]

Subdivision 1. [AUTHORITY.] The commissioner of human services may seek federal waivers necessary to implement an integrated management and planning system for persons with mental retardation or related conditions that would enable the commissioner to achieve the goals outlined in this section.

Subd. 2. [COMPREHENSIVE REFORM.] The system shall include new methods of administering services for persons with mental retardation or related conditions that support the needs of the persons and their families in the community to the maximum extent possible by:

- (1) increasing choices in supports and services;
- (2) providing equitable and responsive distribution of funds;
- (3) improving service access and coordination of activities; and
- (4) developing outcome-based quality improvement methods.

Subd. 3. [CHOICES.] The system must increase the types of support and service options in the community for persons and their families. The supports and services shall be individually and family centered. In addition, the supports and services shall be reliable, readily available, and change as the needs of the persons or the families change. Quality improvement methods under subdivision 6 shall address choices and specifications of the person and their family or legal representative, if any.

Subd. 4. [EQUITABLE AND RESPONSIVE DISTRIBUTION OF FUNDS.] The system must provide for the allocation of available funds through a method that is equitable and responsive to local needs and promotes simplification in planning, accessing, and coordinating services. Allocation methods may include the sharing of risks and efficiencies between state and local agencies and shall provide incentives to use available funding more efficiently and more effectively in meeting the needs of unserved or underserved persons. Provisions related to the permitted use of available funding shall support flexibility and creativity in local service development. Existing funding incentives that favor the continuation or development of institutional care models, or that act as disincentives to providing services in least restrictive settings shall be eliminated. The allocation of resources shall support persons and their families in their own homes.

Subd. 5. [SERVICE ACCESS AND COORDINATION.] The system must include procedural requirements for accessing services that are simple and easily understood by the person or their legal representative if any. Where duplicative, the requirements shall be unified or streamlined, as appropriate. Service coordination activities shall be flexible to allow the person's needs and preferences to be met.

Subd. 6. [QUALITY ASSURANCE AND IMPROVEMENT METHODS.] The system must include quality improvement methods that focus on client outcomes at the individual case, county, and state levels. Regulatory standards requiring unnecessary paperwork, determined to be duplicative, or which are ineffective in establishing accountability in service delivery shall be eliminated. Quality assurance methods shall continue to include safeguards to ensure the health and welfare of persons receiving services.

The commissioner shall report to the legislature by January 1, 1994, on the results of the waiver request under section 12 (252B.05). If the waiver is approved, the report must include recommendations to implement the waiver, including budget recommendations, proposed strategies, and implementation timelines.

Sec. 13. [252B.10] [COMMISSIONER'S ADVISORY COMMITTEE.]

The commissioner shall establish an advisory committee to make recommendations supporting the intent and purpose of sections 252B.01 to 252B.40. Recommendations shall include consideration of new methods to meet the goals under section 252B.05. Advisory committee membership shall include persons who are and represent consumers and providers of service, who represent state and local agencies administering services, and who offer special expertise in the management and delivery of services to individuals with mental retardation and related conditions. The commissioner may use the advisory task force established under this section to meet requirements under section 252.31.

Sec. 14. [252B.15] [INITIAL IMPLEMENTATION.]

Subdivision 1. [EXPANSION OF HOME- AND COMMUNITY-BASED SERVICES.] (a) The commissioner shall expand availability of home- and community-based services for persons with mental retardation and related conditions to the extent allowed by federal law and regulation and shall assist counties in transferring resources from semi-independent living services to home- and community-based services where appropriate. The commissioner may transfer funds from the state semi-independent living services account available under section 252.275, subdivision 8, to the medical assistance account to pay for the nonfederal share of nonresidential home- and community-based services authorized under section 256B.092 for persons transferring from semi-independent living services. Notwithstanding sections 256.025, 256B.041, and 256B.19, for services provided beginning July 1, 1994, the counties shall pay the nonfederal share of residential costs provided under the home and community-based waiver program authorized in section 256B.092 for clients for whom the county is financially responsible and who have been transferred from semi-independent living services to the home and community-based waiver program during the period of July 1, 1994 through June 30, 1996, as billed by the commissioner. For purposes of this section, residential services include supervised living, in-home support, and respite care services.

(b) Upon federal approval, county boards are not responsible for funding semi-independent living services as a social service for those persons who have transferred to the home- and community-based waiver program as a result of the expansion under this subdivision. The county responsibility for those persons transferred shall be assumed under section 256B.092. Notwithstanding the provisions of section 252.275, the commissioner shall continue to allocate funds under that section for semi-independent living services and county boards shall continue to fund services under sections 256E.06 and 256E.14 for those persons who cannot access home- and community-based services under section 256B.092.

(c) Eighty percent of the state funds made available to the commissioner under section 252.275 as a result of persons transferring from the semi-independent living services program to the home- and community-based services program shall be used to fund additional persons in the semi-independent living services program.

Subd. 2. [DEMONSTRATION PROJECTS.] (a) The commissioner may establish demonstration projects described in paragraphs (d), (e), and (f) to improve the efficiency and effectiveness of service provision for recipients of services from:

- (1) intermediate care facilities for persons with mental retardation;
- (2) home- and community-based services for persons with mental retardation or related conditions;
- (3) day training and habilitation; and
- (4) semi-independent living services.

(b) The commissioner, with input from the advisory committee under section 252B.10, shall request and evaluate proposals from county agencies and provider organizations to determine the organizations that will participate in the demonstration projects. Demonstration projects authorized under this subdivision may be coordinated with other projects authorized in other areas. The costs of services provided under the demonstration projects shall not exceed the costs that would have otherwise been expended had the projects not occurred.

(c) The commissioner may waive rules relating to the provision of services for persons with mental retardation or related conditions to the extent necessary to implement the demonstration projects. In waiving rules, the commissioner shall consider the recommendations of the advisory committee under section 252B.10. Individuals receiving services under this subdivision may not be denied their rights or procedural protections under sections 245.825; 245.91 to 245.97; 252.41, subdivision 9; 256.045; 256B.092; 626.556; and 626.557, including the county agency's responsibility to arrange for appropriate services and procedures for the monitoring of psychotropic medications. The commissioner shall establish procedures to implement the projects. The projects must ensure that the following conditions are met:

- (1) the persons and their legal representatives, if any, must be provided with information about the service options that are or can be made available, and assisted as necessary, in evaluating alternatives and options;
- (2) the demonstration project must comply with applicable federal requirements;
- (3) the proposal must include the specific measures that will be taken by proposal applicants to ensure the health, safety, and protection of the persons participating in the demonstration projects;
- (4) the applicants must inform persons participating in the demonstration projects when any part of Minnesota Rules is waived; and
- (5) no residential programs may provide day training and habilitation services to any demonstration project participant.

The demonstration projects described in paragraphs (d), (e), and (f) shall meet the requirements of this paragraph.

(d) Upon federal approval and as applicable, the commissioner shall, as one form of demonstration project, enter into performance-based contracts which include counties and existing licensed providers and specify the amount and conditions of reimbursement, requirements for monitoring and evaluation, and the expected client-based outcomes. Counties and providers shall present potential outcome indicators for consideration in the following areas:

- (1) personal health, safety, and comfort;
- (2) personal growth, independence, and productivity;
- (3) client choice and control over daily life decisions;
- (4) consumer, family, and the case manager's satisfaction with services; and
- (5) community inclusion, including social relationships and participation in valued community roles.

Outcome indicators shall be determined by the person and the legal representative, if any, with assistance from the county case manager and provider.

Participation by providers in demonstrations under this paragraph is voluntary. For the biennium ending June 30, 1995, no more than 15 performance-based contracts for day training and habilitation services may be approved by the commissioner.

(e) For intermediate care facilities for persons with mental retardation the cost of services paid for under the contract described in paragraph (d) shall not exceed 95 percent of the cost of the services which would otherwise have been paid to the facility or group of facilities during a biennium, including special needs rates and rate adjustments, as applicable, if they had continued to be paid under the reimbursement system in effect at the time the contracted rate is effective. Any program participating in the performance-based contracting demonstration project must continue to be licensed. An intermediate care facility for persons with mental retardation that is no longer participating in the demonstration project may be recertified as an intermediate care facility for persons with mental retardation, notwithstanding the provisions of section 252.291, or the services provided under the demonstration project may be converted to home- and community-based services authorized under section 256B.092, if the applicable standards are met. The rate paid to a recertified facility shall not be greater than the rate paid to the facility before participating in the project with adjustments for inflation and changes in program, as applicable. The commissioner may establish emergency rate setting procedures to allow for the transition back to intermediate care services for persons with mental retardation or related conditions.

(f) Upon federal approval, the commissioner may, as another form of demonstration project, approve proposals from counties to demonstrate the use of various voucher systems for persons receiving services identified in paragraph (a). In addition to the requirements in paragraph (c), the voucher demonstration projects must ensure that the following conditions are met:

(1) persons must select a provider of service approved by the county. Counties may approve alternative providers of service when presented by a person. The person must pay the applicable payment rate when using a licensed provider; and

(2) the costs to the medical assistance program when applicable shall not exceed the costs that otherwise would have been paid by the medical assistance program to participating service providers.

For the biennium ending June 30, 1995, no more than five voucher demonstration proposals for day training and habilitation services may be approved by the commissioner, and counties may not approve a licensed provider of residential services for persons as an alternative provider of day training and habilitation services for the purposes of this section.

Sec. 15. Laws 1992, chapter 513, article 9, section 41, is amended to read:

Sec. 41. [ALTERNATIVE SERVICES PILOT PROJECTS.]

Subdivision 1. [ELIGIBLE PERSON.] "Eligible person" means a person with mental retardation or related conditions who is 65 years of age or older. An eligible person may be under 65 years of age if authorized by the commissioner to receive alternative services for health or medical reasons.

Subd. 2. [ALTERNATIVE SERVICES AUTHORIZED.] Notwithstanding other law to the contrary, the commissioner may develop pilot projects that provide alternatives to day training and habilitation services for persons with mental retardation or related conditions who are 65 years of age or older. For purposes of the pilot projects, the commissioner may waive requirements in state rules. In waiving rules, the commissioner shall consider the recommendations of the advisory committee under subdivision 4. Individuals receiving services under this subdivision may not be denied their rights or procedural protections under sections 245.825; 245.91 to 245.97; 256.045; 256B.092; 626.556; and 626.557, including the county agency's responsibility to arrange for appropriate services. Before implementing the pilot projects, the commissioner shall consult with the board on aging; providers of day training and habilitation programs, residential programs, state-operated community-based programs, and other alternative services for persons with mental retardation or related conditions; and other interested persons including parents, advocates, and persons who may be considered for alternative services. The commissioner shall select as pilot project vendors only current providers of day training and habilitation programs, residential programs, state-operated community-based programs, or other alternative programs.

Subd. 3. [ALTERNATIVE SERVICES PARTICIPATION.] ~~No more than 30 100 persons may receive alternative services under the pilot projects, and participants must be selected as follows: no more than seven persons from day training and habilitation programs; no more than seven persons from state-operated community-based programs; no more than seven persons from residential programs; and no more than nine persons from other community-integrated programs. Alternative services may be provided by a person's residential program provider only after other alternative services have been considered and determined not to meet the person's needs. The alternative services shall not be provided by a person's residential program provider.~~

Subd. 4. [ADVISORY COMMITTEE.] The commissioner shall convene an advisory committee consisting of persons concerned with and affected by the alternative services pilot projects and the effect of the projects on existing services to evaluate the alternative services pilot projects. The commissioner shall report the advisory committee's evaluation to the legislature by February 1, 1994.

Subd. 5. [RIGHTS AND PROTECTIONS.] (a) ~~The commissioner county~~ shall notify eligible persons or their legal representatives, in writing, when alternative services pilot projects have been authorized in the county. Eligible persons or their legal representatives may choose to participate in the alternative services pilot project that best serves the person's individual needs. Eligible persons shall not be required to participate in a pilot project.

(b) Persons participating in alternative services must continue to receive active treatment as provided in a person's individual service plan to ensure compliance with applicable federal regulations.

(c) The county must inform persons participating in alternative services when any part of Minnesota Rules is waived. No rights or procedural protections under sections 256.045, subdivision 4a, or 256B.092, may be waived.

Subd. 6. [PAYMENT FOR ALTERNATIVE SERVICES.] (a) The cost for each person's service alternative must be less than or equal to the cost of the person's day training and habilitation services.

(b) ~~Payment for alternative services shall be made to approved vendors under the conditions of existing contracts with the host county, except for intermediate care facilities for persons with mental retardation or a related condition reimbursed through Minnesota Rules, parts 9553.0010 to 9553.0080. When alternative services under this section are provided by an intermediate care facility for persons with mental retardation or related conditions, the following reimbursement and reporting procedures will be applied.~~

(b) ~~Effective upon date of enactment, the commissioner shall, for a facility determined to be eligible under this section, negotiate an adjustment to the payment rate. The negotiated adjustment must reflect only the actual programmatic costs of meeting the alternative day training and habilitation needs of persons participating in service alternatives under this section. Additional programmatic costs must not include administrative and property-related costs. The additional programmatic costs shall be limited to:~~

- ~~(1) program salaries, payroll taxes, and fringe benefits of facility employees providing direct care services;~~
- ~~(2) costs of program consultants providing direct care services;~~
- ~~(3) training costs of facility employees providing direct care services;~~
- ~~(4) costs of program supplies; and~~

(5) additional operating costs related to transporting persons to community activities which have not been included in the facility's payment rate.

The additional programmatic costs must be reported on the facility's annual cost report in the program operating cost category. A facility receiving a negotiated adjustment to its payment rate must agree to report these payments on an accrual basis as an applicable credit in the program operating cost category on its annual cost report for each reporting year in which a negotiated adjustment is in effect. The maximum amount of the negotiated adjustment shall not exceed the cost of the day training and habilitation service provided to a person just prior to entering alternative services.

(e) The negotiated per diem adjustment to the facility's payment rate shall be equal to the sum of the negotiated programmatic costs divided by the facility's resident days for the reporting year used to establish the payment rate being adjusted. The adjusted payment rate shall be effective the first day of the month following the month when a person ceases receiving day training and habilitation services. The negotiated per diem adjustment may be subject to renegotiation on October 1 of each subsequent rate year. The negotiated per diem adjustment shall terminate upon discharge of the person from the facility, or at such time when the person is determined by the commissioner to no longer require service alternatives.

(d) Upon statewide implementation of a residential client-based reimbursement system for ICF/MR facilities, parts or all of this subdivision shall be subject to amendment, if no longer applicable, as determined by the commissioner.

Sec. 16. [REPEALER.]

Minnesota Statutes 1992, sections 252.46, subdivisions 12, 13, and 14; and 252.47, are repealed.

Sec. 17. [EFFECTIVE DATE.]

Section 8 (252.451) is effective the day following final enactment.

ARTICLE 5

HEALTH CARE ADMINISTRATION MEDICAL ASSISTANCE AND GENERAL ASSISTANCE MEDICAL CARE

Section 1. Minnesota Statutes 1992, section 144A.071, is amended to read:

144A.071 [MORATORIUM ON CERTIFICATION OF NURSING HOME BEDS.]

Subdivision 1. [FINDINGS.] The legislature finds that medical assistance expenditures are increasing at a much faster rate than the state's ability to pay them; that reimbursement for nursing home care and ancillary services comprises over half of medical assistance costs, and, therefore, controlling expenditures for nursing home care is essential to prudent management of the state's budget; that construction of new nursing homes and the addition of more nursing home beds to the state's long term care resources inhibits the ability to control expenditures; that Minnesota already leads the nation in nursing home expenditures per capita, has the fifth highest number of beds per capita elderly, and that private paying individuals and medical assistance recipients have equivalent access to nursing home care; and that in the absence of a moratorium the increased numbers of nursing homes and nursing home beds will consume resources that would otherwise be available to develop a comprehensive long term care system that includes a continuum of care. Unless action is taken, this expansion of bed capacity is likely to accelerate with the repeal of the certificate of need program effective March 15, 1984. The legislature also finds that Minnesota's dependence on institutional care for elderly persons is due in part to the dearth of alternative services in the home and community. The legislature also finds that further increases in the number of licensed nursing home beds, especially in nursing homes not certified for participation in the medical assistance program, is contrary to public policy, because: (1) nursing home residents with limited resources may exhaust their resources more rapidly in these facilities, creating the need for a transfer to a certified nursing home, with the concomitant risk of transfer trauma; (2) a continuing increase in the number of nursing home beds will foster continuing reliance on institutional care to meet the long term care needs of residents of the state; (3) a further expansion of nursing home beds will diminish incentives to develop more appropriate and cost-effective alternative services and divert community resources that would otherwise be available to fund alternative services; (4) through corporate reorganization resulting in the separation of certified and licensed beds, a nursing home may evade the provisions of section 256B.48, subdivision 1, clause (a); and (5) it is in the best interests of the state to ensure that the long term care system is designed to protect the private resources of individuals as well as to use state resources most effectively and efficiently.

The legislature declares that a moratorium on the licensure and medical assistance certification of new nursing home beds and construction projects that exceed the lesser of \$500,000 or 25 percent of a facility's appraised value is necessary to control nursing home expenditure growth and enable the state to meet the needs of its elderly by providing high quality services in the most appropriate manner along a continuum of care.

Subd. 1a. [DEFINITIONS.] For purposes of sections 144A.071 to 144A.073, the following terms have the meanings given them:

(f) "construction" means any erection, building, alteration, reconstruction, modernization, or improvement necessary to comply with the nursing home licensure rules.

(g) "construction project" means:

(1) a capital asset addition to, or replacement of a nursing home or certified boarding care home that results in new space or the remodeling of or renovations to existing facility space;

(2) the remodeling or renovation of existing facility space the use of which is modified as a result of the project described in clause (1). This existing space and the project described in clause (1) must be used for the functions as designated on the construction plans on completion of the project described in clause (1) for a period of not less than 24 months; or

Subd. 2. [MORATORIUM.] ~~The commissioner of health, in coordination with the commissioner of human services, shall deny each request by a nursing home or boarding care home, except an intermediate care facility for the mentally retarded, for addition of new licensed or certified nursing home or certified boarding care beds or for a change or changes in the certification status of existing beds except as provided in subdivision 3 or 4a, or section 144A.073. The total number of certified beds in the state shall remain at or decrease from the number of beds certified on May 23, 1983, except as allowed under subdivision 3. "Certified bed" means a nursing home bed or a boarding care bed certified by the commissioner of health for the purposes of the medical assistance program, under United States Code, title 42, sections 1396 et seq.~~

The commissioner of human services, in coordination with the commissioner of health, shall deny any request to issue a license under ~~sections 245A.01 to 245A.16 and section 252.28 and chapter 245A~~ to a nursing home or boarding care home, if that license would result in an increase in the medical assistance reimbursement amount. ~~The commissioner of health shall deny each request for licensure of nursing home beds except as provided in subdivision 3.~~

In addition, the commissioner of health must not approve any construction project whose cost exceeds \$500,000, or 25 percent of the facility's appraised value, whichever is less, unless the project:

- (1) has been approved through the process described in section 144A.073;
- (2) meets an exception in subdivision 3 or 4a;
- (3) is necessary to correct violations of state or federal law issued by the commissioner of health;
- (4) is necessary to repair or replace a portion of the facility that was destroyed by fire, lightning, or other hazards provided that the provisions of subdivision 3 4a, clause ~~(g)~~ (a), are met; ~~or~~
- (5) as of May 1, 1992, the facility has submitted to the commissioner of health written documentation evidencing that the facility meets the "commenced construction" definition as specified in subdivision 3 1a, clause ~~(b)~~ (f), or that substantial steps have been taken prior to April 1, 1992, relating to the construction project. "Substantial steps" require that the facility has made arrangements with outside parties relating to the construction project and include the hiring of an architect or construction firm, submission of preliminary plans to the department of health or documentation from a financial institution that financing arrangements for the construction project have been made;
- (6) is being proposed by a licensed-only private pay nursing facility that will not result in new licensed or certified beds, and will not receive medical assistance reimbursement; or
- (7) is a project which will be completed in conjunction with an approved moratorium exception project for a nursing home in southern Cass county and which is directly related to that portion of the facility that must be repaired, renovated, or replaced to correct an emergency plumbing problem for which a state correction order has been issued and which must be corrected by August 31, 1993.

Prior to the final plan approval of any construction project, the commissioner of health shall be provided with an itemized cost estimate for the project construction project costs. If a construction project is anticipated to be completed in phases, the total estimated cost of all phases of the project shall be submitted to the commissioner and shall be considered as one construction project. Once the construction project is completed and prior to the final clearance by the commissioner, the total actual project construction costs for the construction project shall be submitted to the commissioner. If the final project construction cost exceeds the dollar threshold in this subdivision, the commissioner of human services shall not recognize any of the project construction costs or the related financing costs in excess of this threshold in establishing the facility's property-related payment rate.

The dollar thresholds for construction projects are as follows: for construction projects other than those authorized in clauses (1) to (7), the dollar threshold is \$500,000 or 25 percent of appraised value, whichever is less. For projects authorized on or after July 1, 1993 under clause (1), the dollar threshold is the cost estimate submitted with a proposal for an exception under section 144A.073, plus inflation as calculated according to section 256B.431, subdivision 3f, paragraph (a). For projects authorized under clauses (2) to (7), the dollar threshold is the itemized estimate project construction costs submitted to the commissioner of health at the time of final plan approval, plus inflation as calculated according to section 256B.431, subdivision 3f, paragraph (a).

The commissioner of health shall adopt emergency or permanent rules to implement this section or to amend the emergency rules for granting exceptions to the moratorium on nursing homes under section 144A.073. The authority to adopt emergency rules continues to December 30, 1992.

Subd. 3. [EXCEPTIONS AUTHORIZING AN INCREASE IN BEDS.] The commissioner of health, in coordination with the commissioner of human services, may approve the addition of a new certified bed or the addition of a new licensed nursing home bed, under the following conditions:

(a) ~~to replace a bed license or certify a new bed in place of one decertified after May 23, 1983, July 1, 1993, as long as the number of certified plus newly certified or recertified beds does not exceed the number of beds licensed or certified on July 1, 1993, or to address an extreme hardship situation, in a particular county that, together with all contiguous Minnesota counties, has fewer nursing home beds per 1,000 elderly than the number that is ten percent higher than the national average of nursing home beds per 1,000 elderly individuals. For the purposes of this section, the national average of nursing home beds shall be the most recent figure that can be supplied by the federal health care financing administration and the number of elderly in the county or the nation shall be determined by the most recent federal census or the most recent estimate of the state demographer as of July 1, of each year of persons age 65 and older, whichever is the most recent at the time of the request for replacement. In allowing replacement of a decertified bed, the commissioner shall ensure that the number of added or recertified beds does not exceed the total number of decertified beds in the state in that level of care. An extreme hardship situation can only be found after the county documents the existence of unmet medical needs that cannot be addressed by any other alternatives;~~

~~(b) to certify a new bed in a facility that commenced construction before May 23, 1983. For the purposes of this section, "commenced construction" means that all of the following conditions were met: the final working drawings and specifications were approved by the commissioner of health; the construction contracts were let; a timely construction schedule was developed, stipulating dates for beginning, achieving various stages, and completing construction; and all zoning and building permits were secured;~~

~~(c) to certify beds in a new nursing home that is needed in order to meet the special dietary needs of its residents, if the nursing home proves to the commissioner's satisfaction that the needs of its residents cannot otherwise be met; elements of the special diet are not available through most food distributors; and proper preparation of the special diet requires incurring various operating expenses, including extra food preparation or serving items, not incurred to a similar extent by most nursing homes;~~

~~(d) to license a new nursing home bed in a facility that meets one of the exceptions contained in clauses (a) to (c);~~

~~(e) to license nursing home beds in a facility that has submitted either a completed licensure application or a written request for licensure to the commissioner before March 1, 1985, and has either commenced any required construction as defined in clause (b) before May 1, 1985, or has, before May 1, 1985, received from the commissioner approval of plans for phased-in construction and written authorization to begin construction on a phased-in basis. For the purpose of this clause, "construction" means any erection, building, alteration, reconstruction, modernization, or improvement necessary to comply with the nursing home licensure rules;~~

~~(f) (b) to certify or license new beds in a new facility that is to be operated by the commissioner of veterans affairs or when the costs of constructing and operating the new beds are to be reimbursed by the commissioner of veterans affairs or the United States Veterans Administration; or~~

~~(g) to license or certify beds in a new facility constructed to replace a facility that was destroyed after June 30, 1987, by fire, lightning, or other hazard provided:~~

~~(1) destruction was not caused by the intentional act of or at the direction of a controlling person of the facility;~~

~~(2) at the time the facility was destroyed the controlling persons of the facility maintained insurance coverage for the type of hazard that occurred in an amount that a reasonable person would conclude was adequate;~~

~~(3) the net proceeds from an insurance settlement for the damages caused by the hazard are applied to the cost of the new facility;~~

~~(4) the new facility is constructed on the same site as the destroyed facility or on another site subject to the restrictions in section 144A.073, subdivision 5; and~~

~~(5) the number of licensed and certified beds in the new facility does not exceed the number of licensed and certified beds in the destroyed facility;~~

(h) to license or certify beds that are moved from one location to another within a nursing home facility, provided the total costs of remodeling performed in conjunction with the relocation of beds does not exceed 25 percent of the appraised value of the facility or \$500,000, whichever is less, or to license or certify beds in a facility for which the total costs of remodeling or renovation exceed 25 percent of the appraised value of the facility or \$500,000, whichever is less, if the facility makes a written commitment to the commissioner of human services that it will not seek to receive an increase in its property related payment rate by reason of the remodeling or renovation;

(i) (c) to license or certify beds in a facility that has been involuntarily delicensed or decertified for participation in the medical assistance program, provided that an application for relicensure or recertification is submitted to the commissioner within 120 days after delicensure or decertification;

(j) to license or certify beds in a project recommended for approval by the interagency long term care planning committee under section 144A.073;

(k) to license nursing home beds in a hospital facility that are relocated from a different hospital facility under common ownership or affiliation, provided:

(1) the nursing home beds are not certified for participation in the medical assistance program; and

(2) the relocation of nursing home beds under this clause should not exceed a radius of six miles;

(l) to license or certify beds that are moved from one location to another within an existing identifiable complex of hospital buildings, from a hospital attached nursing home to the hospital building, or from a separate nursing home to a building formerly used as a hospital, provided the original nursing home building will no longer be operated as a nursing home and the building to which the beds are moved will no longer be operated as a hospital. As a condition of receiving a license or certification under this clause, the facility must make a written commitment to the commissioner of human services that it will not seek to receive an increase in its property related payment rate as a result of the relocation. At the time of the licensure and certification of the nursing home beds, the commissioner of health shall delicense the same number of acute care beds within the existing complex of hospital buildings or building. Relocation of nursing home beds under this clause is subject to the limitations in section 144A.073, subdivision 5;

(m) to license or certify beds that are moved from an existing state nursing home to a different state facility, provided there is no net increase in the number of state nursing home beds. The relocated beds need not be licensed and certified at the new location simultaneously with the delicensing and decertification of the old beds and may be licensed and certified at any time after the old beds are delicensed and decertified;

(n) to license new nursing home beds in a continuing care retirement community affiliated with a national referral center engaged in substantial programs of patient care, medical research, and medical education meeting state and national needs that receives more than 40 percent of its residents from outside the state for the purpose of meeting contractual obligations to residents of the retirement community, provided the facility makes a written commitment to the commissioner of human services that it will not seek medical assistance certification for the new beds;

(o) to certify or license new beds in a new facility on the Red Lake Indian Reservation for which payments will be made under the Indian Health Care Improvement Act, Public Law Number 94-437, at the rates specified in United States Code, title 42, section 1396d(b);

(p) to certify and license as nursing home beds boarding care beds in a certified boarding care facility if the beds meet the standards for nursing home licensure, or in a facility that was granted an exception to the moratorium under section 144A.073, and if the cost of any remodeling of the facility does not exceed 25 percent of the appraised value of the facility or \$500,000, whichever is less; or to license as nursing home beds boarding care beds in a facility with an addendum to its provider agreement effective beginning July 1, 1983, if the boarding care beds to be upgraded meet the standards for nursing home licensure. If boarding care beds are licensed as nursing home beds, the number of boarding care beds in the facility must not increase in the future. The provisions contained in section 144A.073 regarding the upgrading of the facilities do not apply to facilities that satisfy these requirements;

(q) to license and certify up to 40 beds transferred from an existing facility owned and operated by the Amherst H. Wilder Foundation in the city of Saint Paul to a new unit at the same location as the existing facility that will serve persons with Alzheimer's disease and other related disorders. The transfer of beds may occur gradually or in stages, provided the total number of beds transferred does not exceed 40. At the time of licensure and certification of a bed

or beds in the new unit, the commissioner of health shall delicense and decertify the same number of beds in the existing facility. As a condition of receiving a license or certification under this clause, the facility must make a written commitment to the commissioner of human services that it will not seek to receive an increase in its property related payment rate as a result of the transfers allowed under this clause;

(r) to license and certify nursing home beds to replace currently licensed and certified boarding care beds which may be located either in a remodeled or renovated boarding care or nursing home facility or in a remodeled, renovated, newly constructed, or replacement nursing home facility within the identifiable complex of health care facilities in which the currently licensed boarding care beds are presently located, provided that the number of boarding care beds in the facility or complex are decreased by the number to be licensed as nursing home beds and further provided that, if the total costs of new construction, replacement, remodeling, or renovation exceed ten percent of the appraised value of the facility or \$200,000, whichever is less, the facility makes a written commitment to the commissioner of human services that it will not seek to receive an increase in its property related payment rate by reason of the new construction, replacement, remodeling, or renovation. The provisions contained in section 144A.073 regarding the upgrading of facilities do not apply to facilities that satisfy these requirements;

(s) to license or certify beds that are moved from a nursing home to a separate facility under common ownership or control that was formerly licensed as a hospital and is currently licensed as a nursing facility and that is located within eight miles of the original facility, provided the original nursing home building will no longer be operated as a nursing home. As a condition of receiving a license or certification under this clause, the facility must make a written commitment to the commissioner of human services that it will not seek to receive an increase in its property related payment rate as a result of the relocation;

(t) to license as a nursing home and certify as a nursing facility a facility that is licensed as a boarding care facility but not certified under the medical assistance program, but only if the commissioner of human services certifies to the commissioner of health that licensing the facility as a nursing home and certifying the facility as a nursing facility will result in a net annual savings to the state general fund of \$200,000 or more;

(u) to certify, after September 30, 1992, and prior to July 1, 1993, existing nursing home beds in a facility that was licensed and in operation prior to January 1, 1992;

(v) to license and certify new nursing home beds to replace beds in a facility condemned as part of an economic redevelopment plan in a city of the first class, provided the new facility is located within one mile of the site of the old facility. Operating and property costs for the new facility must be determined and allowed under existing reimbursement rules; or

(w) to license and certify up to 20 new nursing home beds in a community operated hospital and attached convalescent and nursing care facility with 40 beds on April 21, 1991, that suspended operation of the hospital in April 1986. The commissioner of human services shall provide the facility with the same per diem property related payment rate for each additional licensed and certified bed as it will receive for its existing 40 beds.

Subd. 4. [MONITORING EXCEPTIONS FOR REPLACEMENT BEDS.] The commissioner of health, in coordination with the commissioner of human services, shall implement mechanisms to monitor and analyze the effect of the moratorium in the different geographic areas of the state. The commissioner of health shall submit to the legislature, no later than January 15, 1984, and annually thereafter, an assessment of the impact of the moratorium by geographic area, with particular attention to service deficits or problems and a corrective action plan.

Subd. 4a. [EXCEPTIONS FOR REPLACEMENT BEDS.] It is in the best interest of the state to ensure that nursing homes and boarding care homes continue to meet the physical plant licensing and certification requirements by permitting certain construction projects. Facilities should be maintained in condition to satisfy the physical and emotional needs of residents while allowing the state to maintain control over nursing home expenditure growth.

The commissioner of health in coordination with the commissioner of human services, may approve the renovation, replacement, upgrading, or relocation of a nursing home or boarding care home, under the following conditions:

(a) to license or certify beds in a new facility constructed to replace a facility or to make repairs in an existing facility that was destroyed or damaged after June 30, 1987, by fire, lightning, or other hazard provided:

(i) destruction was not caused by the intentional act of or at the direction of a controlling person of the facility;

(ii) at the time the facility was destroyed or damaged the controlling persons of the facility maintained insurance coverage for the type of hazard that occurred in an amount that a reasonable person would conclude was adequate;

(iii) the net proceeds from an insurance settlement for the damages caused by the hazard are applied to the cost of the new facility or repairs;

(iv) the new facility is constructed on the same site as the destroyed facility or on another site subject to the restrictions in section 144A.073, subdivision 5;

(v) the number of licensed and certified beds in the new facility does not exceed the number of licensed and certified beds in the destroyed facility; and

(vi) the commissioner determines that the replacement beds are needed to prevent an inadequate supply of beds.

Project construction costs incurred for repairs authorized under this clause shall not be considered in the dollar threshold amount defined in subdivision 2.

(b) to license or certify beds that are moved from one location to another within a nursing home facility, provided the total costs of remodeling performed in conjunction with the relocation of beds does not exceed 25 percent of the appraised value of the facility or \$500,000, whichever is less;

(c) to license or certify beds in a project recommended for approval under section 144A.073;

(d) to license or certify beds that are moved from an existing state nursing home to a different state facility, provided there is no net increase in the number of state nursing home beds;

(e) to certify and license as nursing home beds boarding care beds in a certified boarding care facility if the beds meet the standards for nursing home licensure, or in a facility that was granted an exception to the moratorium under section 144A.073, and if the cost of any remodeling of the facility does not exceed 25 percent of the appraised value of the facility or \$500,000, whichever is less. If boarding care beds are licensed as nursing home beds, the number of boarding care beds in the facility must not increase beyond the number remaining at the time of the upgrade in licensure. The provisions contained in section 144A.073 regarding the upgrading of the facilities do not apply to facilities that satisfy these requirements;

(f) to license and certify up to 40 beds transferred from an existing facility owned and operated by the Amherst H. Wilder Foundation in the city of Saint Paul to a new unit at the same location as the existing facility that will serve persons with Alzheimer's disease and other related disorders. The transfer of beds may occur gradually or in stages, provided the total number of beds transferred does not exceed 40. At the time of licensure and certification of a bed or beds in the new unit, the commissioner of health shall delicense and decertify the same number of beds in the existing facility. As a condition of receiving a license or certification under this clause, the facility must make a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate as a result of the transfers allowed under this paragraph;

(g) to license and certify nursing home beds to replace currently licensed and certified boarding care beds which may be located either in a remodeled or renovated boarding care or nursing home facility or in a remodeled, renovated, newly constructed, or replacement nursing home facility within the identifiable complex of health care facilities in which the currently licensed boarding care beds are presently located, provided that the number of boarding care beds in the facility or complex are decreased by the number to be licensed as nursing home beds and further provided that, if the total costs of new construction, replacement, remodeling, or renovation exceed ten percent of the appraised value of the facility or \$200,000, whichever is less, the facility makes a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate by reason of the new construction, replacement, remodeling, or renovation. The provisions contained in section 144A.073 regarding the upgrading of facilities do not apply to facilities that satisfy these requirements;

(h) to license as a nursing home and certify as a nursing facility a facility that is licensed as a boarding care facility but not certified under the medical assistance program, but only if the commissioner of human services certifies to the commissioner of health that licensing the facility as a nursing home and certifying the facility as a nursing facility will result in a net annual savings to the state general fund of \$200,000 or more;

(i) to certify, after September 30, 1992, and prior to July 1, 1993, existing nursing home beds in a facility that was licensed and in operation prior to January 1, 1992;

(j) to license and certify new nursing home beds to replace beds in a facility condemned as part of an economic redevelopment plan in a city of the first class, provided the new facility is located within one mile of the site of the old facility. Operating and property costs for the new facility must be determined and allowed under existing reimbursement rules;

(k) to license and certify up to 20 new nursing home beds in a community-operated hospital and attached convalescent and nursing care facility with 40 beds on April 21, 1991, that suspended operation of the hospital in April 1986. The commissioner of human services shall provide the facility with the same per diem property-related payment rate for each additional licensed and certified bed as it will receive for its existing 40 beds;

(l) to license or certify beds in renovation, replacement, or upgrading projects as defined in section 144A.073, subdivision 1, so long as the cumulative total costs of the facility's remodeling projects do not exceed 25 percent of the appraised value of the facility or \$500,000, whichever is less;

(m) to allow a 106 bed facility that as of April 16, 1993, was a licensed and certified nursing facility located in Minneapolis to lay away all of its licensed and certified beds. These beds may be relicensed and recertified in a newly constructed teaching nursing home facility affiliated with a teaching hospital upon approval of the legislature. The beds may not be moved to another area of the state without the approval of the commissioner of health. This lay away provision expires April 1, 1995; or

(n) to license and certify beds that are moved from one location to another for the purposes of converting up to five four-bed wards to single- or double-occupancy rooms in a nursing home that, as of January 1, 1993, was county owned and had a licensed capacity of 115 beds. This exception is funded using money appropriated to the commissioner of health.

Subd. 5. [REPORT.] The commissioner of the state planning agency, in consultation with the commissioners of health and human services, shall report to the senate health and human services committee and the house health and welfare committee by January 15, 1986 and biennially thereafter regarding:

- (1) projections on the number of elderly Minnesota residents including medical assistance recipients;
- (2) the number of residents most at risk for nursing home placement;
- (3) the needs for long-term care and alternative home and noninstitutional services;
- (4) availability of and access to alternative services by geographic region; and
- (5) the necessity or desirability of continuing, modifying, or repealing the moratorium in relation to the availability and development of the continuum of long-term care services.

Subd. 6. [PROPERTY-RELATED PAYMENT RATES OF NEW BEDS.] The property-related payment rates of nursing home or boarding care home beds certified or recertified under subdivision 3 or 4a, shall be adjusted according to Minnesota nursing facility reimbursement laws and rules unless the facility has made a commitment in writing to the commissioner of human services not to seek adjustments to these rates due to property-related expenses incurred as a result of the certification or recertification. Any licensure or certification action authorized under repealed statutes which were approved by the commissioner of health prior to July 1, 1993, shall remain in effect. Any conditions pertaining to property rate reimbursement covered by these repealed statutes prior to July 1, 1993, remain in effect.

Subd. 7. [SUBMISSION OF COST INFORMATION.] Before approval of final construction plans for a nursing home or a certified boarding care home construction project, the licensee shall submit to the commissioner of health an itemized statement of the project construction cost estimates.

If the construction project includes a capital asset addition, replacement, remodeling, or renovation of space such as a hospital, apartment, or shared or common areas, the facility must submit to the commissioner an allocation of capital asset costs, soft costs, and debt information prepared according to Minnesota Rules, chapter 9549.

Project construction cost estimates must be prepared by a contractor or architect and other licensed participants in the development of the project.

Subd. 8. [FINAL APPROVAL.] Before conducting the final inspection of the construction project required by Minnesota Rules, part 4660.0100 and issuing final clearances for use, the licensee shall provide to the commissioner of health the total project construction costs of the construction project. If total costs are not available, the most recent cost figures shall be provided. Final cost figures shall be submitted to the commissioner when available. The commissioner shall provide a copy of this information to the commissioner of human services.

The commissioners of human services and health shall provide staff and technical assistance to the committee for the review and analysis of proposals. The committee shall submit recommendations within 150 days of the date of the publication of the notice, based on a comparison and ranking of proposals using the criteria in subdivision 4. The commissioner of health shall approve or disapprove a project within 30 days after receiving the committee's recommendations. The cost to the medical assistance program of the proposals approved must be within the limits of the appropriations specifically made for this purpose. Approval of a proposal expires 18 months after approval by the commissioner of health unless the facility has commenced construction as defined in section 144A.071, subdivision 3 1a, paragraph ~~(b)~~ (d). The committee's report to the legislature, as required under section 144A.31, must include the projects approved, the criteria used to recommend proposals for approval, and the estimated costs of the projects, including the costs of initial construction and remodeling, and the estimated operating costs during the first two years after the project is completed.

Applicants shall submit supporting materials that demonstrate how the amended projects meet the criteria described in paragraph (b).

(b) The commissioner shall approve requests for amendments for projects approved on or after July 1, 1993, according to the following criteria:

(1) the amended project designs must provide solutions to all of the problems addressed by the original application that are at least as effective as the original solutions;

(2) the amended project designs may not reduce the space in each resident's living area or in the total amount of common space devoted to resident and family uses by more than five percent;

(3) the costs recognized for reimbursement of amended project designs shall be the threshold amount of the original proposal plus inflation as calculated according to section 256B.431, subdivision 3f, paragraph (a), as identified according to section 144A.071, subdivision 2, except under conditions described in clause (4); and

(4) total costs up to ten percent greater than the cost identified in clause (3) may be recognized for reimbursement if the proposer can document that one of the following circumstances is true:

(i) changes are needed due to a natural disaster;

(ii) conditions that affect the safety or durability of the project that could not have reasonably been known prior to approval are discovered;

(iii) state or federal law require changes in project design; or

(iv) documentable circumstances occur that are beyond the control of the owner and require changes in the design.

(c) Approval of a request for an amendment under paragraph (b) does not alter the expiration of approval of the project according to subdivision 3.

Sec. 5. Minnesota Statutes 1992, section 147.02, subdivision 1, is amended to read:

Subd. 4. [NOTICE.] The state agency must be given notice of monetary claims against a person, firm, or corporation that may be liable in damages to the injured person when the state agency has paid for or become liable for the cost of medical care or payments related to the injury. Notice must be given as follows:

Sec. 8. [256.027] [USE OF VANS PERMITTED.]

The commissioner, after consultation with the commissioner of public safety, shall prescribe procedures to permit the occasional use of lift-equipped vans that have been financed, in whole or in part, by public money to transport an individual whose own lift-equipped vehicle is unavailable because of equipment failure and who is thus unable to complete a trip home or to a medical facility. The commissioner shall require publicly-financed lift-equipped vans to be made available to a county sheriff's department, and to other persons who are qualified to drive the vans and who are also qualified to assist the individual in need of transportation, for this purpose.

Sec. 9. Minnesota Statutes 1992, section 256.9657, subdivision 1, is amended to read:

If the number of licensed beds is reduced after July 1 but prior to August 1, the surcharge shall be based on the number of remaining licensed beds the second month following the receipt of timely notice by the commissioner of human services that beds have been delicensed. ~~A nursing home entitled to a reduction in the number of beds subject to the surcharge under this provision must demonstrate to the satisfaction of the commissioner by August 5 that the number of beds has been reduced. The nursing home must notify the commissioner of health in writing when beds are delicensed. The commissioner must notify the commissioner of human services within ten working days after receiving written notification. If the notification is received by the commissioner of human services by the 15th of the month, the invoice for the second following month must be reduced to recognize the delicensing of beds. The commissioner must acknowledge a medical care surcharge appeal within 30 days of receipt of the written appeal from the provider.~~

Sec. 10. Minnesota Statutes 1992, section 256.9657, subdivision 1a, is amended to read:

If a waiver is approved under this subdivision, the commissioner shall adjust the nursing home surcharge accordingly or shall direct the board of medical practice to adjust the physician license surcharge under section 147.01, subdivision 6, accordingly. Any waivers granted by the federal government shall be effective on or after October 1, 1992. The commissioner shall request a waiver from the secretary of health and human services to exclude from the surcharge under subdivision 1, a nursing home that does not allow for medical assistance intake on July 1, 1984 or after. The commissioner shall implement the waiver after it has been approved by the secretary.

Sec. 11. Minnesota Statutes 1992, section 256.9657, is amended by adding a subdivision to read:

Subd. 1b. [PHYSICIAN SURCHARGE WAIVER REQUEST.] (a) The commissioner shall request a waiver from the secretary of health and human services to exclude from the surcharge under section 147.01, subdivision 6, a physician whose license is issued or renewed on or after April 1, 1993, and who:

(1) provides physician services at a free clinic, community clinic, or in an underdeveloped foreign nation and does not charge for any physician services;

(2) has taken a leave of absence of at least one year from the practice of medicine but who intends to return to the practice in the future; or

(b) If a waiver is approved under this subdivision, the commissioner shall direct the board of medical practice to adjust the physician license surcharge under section 147.01, subdivision 6, accordingly.

Sec. 12. Minnesota Statutes 1992, section 256.9657, is amended by adding a subdivision to read:

Subd. 1c. [WAIVER IMPLEMENTATION.] If a waiver is approved under subdivision 1b, the commissioner shall implement subdivision 1b as follows:

(a) The commissioner, in cooperation with the board of medical practice, shall notify each physician whose license is scheduled to be issued or renewed between April 1 and September 30 that an application to be excused from the surcharge must be received by the commissioner prior to September 1 of that year for the period of 12 consecutive calendar months beginning December 15. For each physician whose license is scheduled to be issued or renewed between October 1 and March 31, the application must be received from the physician by March 1 for the period of 12 consecutive calendar months beginning June 15. For each physician whose license is scheduled to be issued or renewed prior to July 1, 1993, the commissioner shall make the notification required in this paragraph by July 1, 1993.

For each physician whose license is scheduled to be issued or renewed on or after July 1, 1993, the notification must accompany the notice of license renewal.

(b) The commissioner shall establish an application form for waiver applications. Each physician who applies to be excused from the surcharge under subdivision 1b, paragraph (a), clause (1), must include with the application:

(1) a statement from the operator of the facility at which the physician provides services, that the physician provides services without charge; and

(2) a statement by the physician that the physician will not charge for any physician services during the period for which the exemption from the surcharge is granted.

(c) Each physician who applies to be excused from the surcharge under subdivision 1b, paragraph (a), clause (2) or (3), must include with the application:

(1) the physician's own statement describing in general the reason for the leave of absence from the practice of medicine and the anticipated date when the physician will resume the practice of medicine if applicable;

(2) the physician's own statement certifying that the physician does not intend to practice medicine and will not charge for any physician services during the period for which the exemption from the surcharge is granted; and

(3) an attending physician's statement certifying that the applicant has a terminal illness or permanent disability, if applicable.

(d) The commissioner shall notify in writing the physicians who are excused from the surcharge under subdivision 1b.

(e) A physician who decides to charge for physician services prior to the end of the period for which the exemption from the surcharge has been granted under subdivision 1b, paragraph (a), clause (1), or to return to the practice of medicine prior to the end of the period for which the exemption from the surcharge has been granted under subdivision 1b, paragraph (a), clause (2), may do so by notifying the commissioner and shall be responsible for payment of the full surcharge for that period.

(f) Whenever the commissioner determines that the number of physicians likely to be excused from the surcharge under subdivision 1b may cause the physician surcharge to violate the requirements of Public Law Number 102-234 or regulations adopted under that law, the commissioner shall immediately notify the chairs of the senate health care committee and health care and family services funding division and the house health and human services committee and human services finance division.

Sec. 13. Minnesota Statutes 1992, section 256.9657, subdivision 2, is amended to read:

Subd. 2. [HOSPITAL SURCHARGE.] Effective ~~October 1, 1992~~ July 1, 1993, each Minnesota hospital except facilities of the federal Indian Health Service and regional treatment centers shall pay to the medical assistance account a surcharge equal to ~~1.4~~ 1.6 percent of net patient revenues excluding net Medicare revenues reported by that provider to the health care cost information system according to the schedule in subdivision 4.

Subd. 3. [HEALTH MAINTENANCE ORGANIZATION SURCHARGE.] Effective ~~October 1, 1992~~ July 1, 1993, each health maintenance organization with a certificate of authority issued by the commissioner of health under chapter 62D shall pay to the commissioner of human services a surcharge equal to ~~six-tenths~~ seven-tenths of one percent of the total premium revenues of the health maintenance organization as reported to the commissioner of health according to the schedule in subdivision 4. For purposes of this section, "total premium revenue" means:

(a) premium revenue recognized on a prepaid basis from individuals and groups for provision of a specified range of health services over a defined period of time which is normally one month, excluding premiums paid to a health maintenance organization from the Federal Employees Health Benefit Program;

(b) premiums from Medicare wrap-around subscribers for health benefits which supplement Medicare coverage;

(c) Medicare revenue, as a result of an arrangement between a health maintenance organization and the health care financing administration of the federal Department of Health and Human Services, for services to a Medicare beneficiary; and

(d) medical assistance revenue, as a result of an arrangement between a health maintenance organization and a Medicaid state agency, for services to a medical assistance beneficiary.

If advance payments are made under clause (a) or (b) to the health maintenance organization for more than one reporting period, the portion of the payment that has not yet been earned must be treated as a liability.

Sec. 15. Minnesota Statutes 1992, section 256.9657, subdivision 7, is amended to read:

Subd. 7. [COLLECTION; CIVIL PENALTIES.] The provisions of sections 289A.35 to 289A.50 relating to the authority to audit, assess, collect, and pay refunds of other state taxes may be implemented by the commissioner of human services with respect to the tax, penalty, and interest imposed by this section and section 147.01, subdivision 6. The commissioner of human services shall impose civil penalties for violation of this section or section 147.01, subdivision 6, as provided in section 289A.60, and the tax and penalties are subject to interest at the rate provided in section 270.75. The commissioner of human services shall bring appropriate civil actions to collect provider payments due under this section and section 147.01, subdivision 6.

Sec. 16. Minnesota Statutes 1992, section 256.969, subdivision 1, is amended to read:

Subdivision 1. [HOSPITAL COST INDEX.] (a) The hospital cost index shall be obtained from an independent source and shall represent a weighted average of historical, as limited to statutory maximums, and projected cost change estimates determined for expense categories to include wages and salaries, employee benefits, medical and professional fees, raw food, utilities, insurance including malpractice insurance, and other applicable expenses as determined by the commissioner. The index shall reflect Minnesota cost category weights. Individual indices shall be specific to Minnesota if the commissioner determines that sufficient accuracy of the hospital cost index is achieved. The hospital cost index may be used to adjust the base year operating payment rate through the rate year on an annually compounded basis. Notwithstanding section 256.9695, subdivision 3, paragraph (c), the hospital cost index shall not be effective under the general assistance medical care program and shall be limited to five percent under the medical assistance program for admissions occurring during the biennium ending June 30, 1993 1995, and the hospital cost index under medical assistance, excluding general assistance medical care, shall be increased by one percentage point to reflect changes in technology for admissions occurring after September 30, 1992.

(b) For fiscal years beginning on or after July 1, 1993, the commissioner of human services shall not provide automatic annual inflation adjustments for hospital payment rates under medical assistance, excluding the technology factor under paragraph (a), nor under general assistance medical care. The commissioner of finance shall include as a budget change request in each biennial detailed expenditure budget submitted to the legislature under section 16A.11 annual adjustments in hospital payment rates under medical assistance and general assistance medical care, based upon the hospital cost index.

Sec. 17. Minnesota Statutes 1992, section 256.969, subdivision 8, is amended to read:

Subd. 8. [UNUSUAL COST OR LENGTH OF STAY EXPERIENCE.] The commissioner shall establish day ~~and cost~~ outlier thresholds for each diagnostic category established under subdivision 2 at two standard deviations beyond the mean length of stay ~~or allowable cost~~. Payment for the days ~~and cost~~ beyond the outlier threshold shall be in addition to the operating and property payment rates per admission established under subdivisions 2, 2b, and 2c. Payment for outliers shall be at 70 percent of the allowable operating cost, after adjustment by the case mix index, hospital cost index, relative values and the disproportionate population adjustment. The outlier threshold for neonatal and burn diagnostic categories shall be established at one standard deviation beyond the mean length of stay ~~or allowable cost~~, and payment shall be at 90 percent of allowable operating cost calculated in the same manner as other outliers. A hospital may choose an alternative to the 70 percent outlier payment that is at a minimum of 60 percent and a maximum of 80 percent if the commissioner is notified in writing of the request by October 1 of the year preceding the rate year. The chosen percentage applies to all diagnostic categories except burns and neonates. The percentage of allowable cost that is unrecognized by the outlier payment shall be added back to the base year operating payment rate per admission. ~~Cost outliers shall be calculated using hospital specific allowable cost data. If a stay is both a day and a cost outlier, outlier payments shall be based on the higher outlier payment.~~

Sec. 18. Minnesota Statutes 1992, section 256.969, is amended by adding a subdivision to read:

Subd. 22. [HOSPITAL PEER GROUPS.] For admissions occurring on or after the later of July 1, 1994, or the implementation date of the upgrade to the Medicaid management information system, payment rates of each hospital shall be limited to the payment rates within its peer group so that the statewide payment level is reduced by ten percent under the medical assistance program and by 15 percent under the general assistance medical care program. For subsequent rate years, the limits shall be adjusted by the hospital cost index. The commissioner shall contract for the development of criteria for and the establishment of the peer groups. Peer groups must be established based on variables that affect medical assistance cost such as scope and intensity of services, acuity of patients, location, and capacity. Rates shall be standardized by the case mix index and adjusted, if applicable, for the variable outlier percentage. The peer groups may exclude and have separate limits or be standardized for operating cost differences that are not common to all hospitals in order to establish a minimum number of groups.

Sec. 19. Minnesota Statutes 1992, section 256.9695, subdivision 3, is amended to read:

Subd. 3. [TRANSITION:] Except as provided in section 256.969, subdivision 8, the commissioner shall establish a transition period for the calculation of payment rates from July 1, 1989, to the implementation date of the upgrade to the Medicaid management information system or July 1, 1992, whichever is earlier.

During the transition period:

(a) Changes resulting from section 256.969, subdivisions 7, 9, 10, 11, and 13, shall not be implemented, except as provided in section 256.969, subdivisions 12 and 20.

(b) The beginning of the 1991 rate year shall be delayed and the rates notification requirement shall not be applicable.

(c) Operating payment rates shall be indexed from the hospital's most recent fiscal year ending prior to January 1, 1991, by prorating the hospital cost index methodology in effect on January 1, 1989. For payments made for admissions occurring on or after June 1, 1990, until the implementation date of the upgrade to the Medicaid management information system the hospital cost index excluding the technology factor shall not exceed five percent. ~~This hospital cost index limitation shall not apply to hospitals that meet the requirements of section 256.969, subdivision 20, paragraphs (a) and (b).~~

(d) Property and pass-through payment rates shall be maintained at the most recent payment rate effective for June 1, 1990. However, all hospitals are subject to the hospital cost index limitation of subdivision 2c, for two complete fiscal years. Property and pass-through costs shall be retroactively settled through the transition period. The laws in effect on the day before July 1, 1989, apply to the retroactive settlement.

(e) If the upgrade to the Medicaid management information system has not been completed by July 1, 1992, the commissioner shall make adjustments for admissions occurring on or after that date as follows:

(1) provide a ten percent increase to hospitals that meet the requirements of section 256.969, subdivision 20, or, upon written request from the hospital to the commissioner, 50 percent of the rate change that the commissioner estimates will occur after the upgrade to the Medicaid management information system; and

(2) adjust the Minnesota and local trade area rebased payment rates that are established after the upgrade to the Medicaid management information system to compensate for a rebasing effective date of July 1, 1992. The adjustment shall be based on the change in rates from July 1, 1992, to the rebased rates in effect under determined using claim-specific payment changes that result from the rebased rates and revised methodology in effect after the systems upgrade. The adjustment shall reflect be reduced for payments under clause (1); and differences in the hospital cost index and dissimilar rate establishment procedures such as the variable outlier and the treatment of births and Hospitals shall revise claims so that services provided by rehabilitation units of hospitals are reported separately. The adjustment shall be in effect for a period not to exceed the amount of time from July 1, 1992, to the systems upgrade until the amount due to or owed by the hospital is fully paid over a number of admissions that is equal to the number of admissions under adjustment. The adjustment for admissions occurring from July 1, 1992 to December 31, 1992, shall be based on claims paid as of August 1, 1993, and the adjustment shall begin with the effective date of administrative rules governing rebasing. The adjustment for admissions occurring from January 1, 1993, to the effective date of the administrative rules shall be based on claims paid as of February 1, 1994, and the adjustment shall begin after the first adjustment period is fully paid. For purposes of appeals under subdivision 1, the adjustment shall be considered payment at the time of admission.

Sec. 20. Minnesota Statutes 1992, section 256B.03, is amended by adding a subdivision to read:

Subd. 3. [PAYMENT RESTRICTIONS ON LEAVE DAYS.] Effective July 1, 1993, the commissioner shall limit payment for leave days in a nursing facility to 92-1/2 percent of that nursing facility's total payment rate for the involved resident.

Sec. 21. [256B.037] [PROSPECTIVE PAYMENT OF DENTAL SERVICES.]

Subdivision 1. [CONTRACT FOR DENTAL SERVICES.] (a) The commissioner shall conduct a demonstration project to contract, on a prospective per capita payment basis, with an organization or organizations licensed under chapter 62C or 62D, for the provision of all dental care services beginning July 1, 1994, under the medical assistance, general assistance medical care, and MinnesotaCare programs, or when necessary waivers are granted by the secretary of health and human services, whichever is later. The commissioner shall identify a geographic area or areas, including both urban and rural areas, where access to dental services has been inadequate in which to conduct the demonstration project. The commissioner may exclude from participation in the demonstration project any or all groups currently excluded from participating in the prepaid medical assistance program under section 256B.69. The commissioner shall seek any federal waivers or approvals necessary to implement this section from the secretary of health and human services. The package of dental benefits provided to individuals under this subdivision shall not be less than the package of benefits provided under the medical assistance fee-for-service reimbursement system for dental services.

Subd. 2. [ESTABLISHMENT OF PREPAYMENT RATES.] The commissioner shall consult with an independent actuary to establish prepayment rates, but shall retain final authority over the methodology used to establish the rates. The prepayment rates shall not result in payments that exceed the per capita expenditures that would have been made for dental services by the programs under a fee-for-service reimbursement system.

Subd. 3. [APPEALS.] All recipients of services under this section have the right to appeal to the commissioner under section 256.045.

Subd. 4. [OTHER CONTRACTS PERMITTED.] Nothing in this section prohibits the commissioner from contracting with an organization for comprehensive health services, including dental services, under section 256B.031, 256B.035, 256B.69, or 256D.03, subdivision 4, paragraph (c).

Sec. 22. Minnesota Statutes 1992, section 256B.04, subdivision 16, is amended to read:

Subd. 16. [PERSONAL CARE SERVICES.] (a) Notwithstanding any contrary language in this paragraph, the commissioner of human services and the commissioner of health shall jointly promulgate rules to be applied to the licensure of personal care services provided under the medical assistance program. The rules shall consider standards for personal care services that are based on the World Institute on Disability's recommendations regarding personal care services. These rules shall at a minimum consider the standards and requirements adopted by the commissioner of health under section 144A.45, which the commissioner of human services determines are applicable to the provision of personal care services, in addition to other standards or modifications which the commissioner of human services determines are appropriate.

The commissioner of human services shall establish an advisory group including personal care consumers and providers to provide advice regarding which standards or modifications should be adopted. The advisory group membership must include not less than 15 members, of which at least 60 percent must be consumers of personal care services and representatives of recipients with various disabilities and diagnoses and ages. At least 51 percent of the members of the advisory group must be recipients of personal care.

The commissioner of human services may contract with the commissioner of health to enforce the jointly promulgated licensure rules for personal care service providers.

Prior to final promulgation of the joint rule the commissioner of human services shall report preliminary findings along with any comments of the advisory group and a plan for monitoring and enforcement by the department of health to the legislature by February 15, 1992.

Limits on the extent of personal care services that may be provided to an individual must be based on the cost-effectiveness of the services in relation to the costs of inpatient hospital care, nursing home care, and other available types of care. The rules must provide, at a minimum:

- (1) that agencies be selected to contract with or employ and train staff to provide and supervise the provision of personal care services;
- (2) that agencies employ or contract with a qualified applicant that a qualified recipient proposes to the agency as the recipient's choice of assistant;
- (3) that agencies bill the medical assistance program for a personal care service by a personal care assistant and supervision by the registered nurse supervising the personal care assistant;
- (4) that agencies establish a grievance mechanism; and
- (5) that agencies have a quality assurance program.

(b) The commissioner may waive the requirement for the provision of personal care services through an agency in a particular county, when there are less than two agencies providing services in that county and shall waive the requirement for personal care assistants required to join an agency for the first time during 1993 when personal care services are provided under a relative hardship waiver under section 256B.0627, subdivision 4, paragraph (b), clause (7), and at least two agencies providing personal care services have refused to employ or contract with the independent personal care assistant.

Sec. 23. Minnesota Statutes 1992, section 256B.042, subdivision 4, is amended to read:

Subd. 4. [NOTICE.] The state agency must be given notice of monetary claims against a person, firm, or corporation that may be liable to pay part or all of the cost of medical care when the state agency has paid or become liable for the cost of that care. Notice must be given as follows:

(a) Applicants for medical assistance shall notify the state or local agency of any possible claims when they submit the application. Recipients of medical assistance shall notify the state or local agency of any possible claims when those claims arise.

(b) A person providing medical care services to a recipient of medical assistance shall notify the state agency when the person has reason to believe that a third party may be liable for payment of the cost of medical care.

(c) A person who is a party to a claim upon which the state agency may be entitled to a lien under this section shall notify the state agency of its potential lien claim before filing a claim, commencing an action, or negotiating a settlement. A person who is a party to a claim includes the plaintiff, the defendant, and any other party to the cause of action.

Notice given to the local agency is not sufficient to meet the requirements of paragraphs (b) and (c).

Sec. 24. Minnesota Statutes 1992, section 256B.055, subdivision 1, is amended to read:

Subdivision 1. [CHILDREN ELIGIBLE FOR SUBSIDIZED ADOPTION ASSISTANCE.] Medical assistance may be paid for a child eligible for or receiving adoption assistance payments under title IV-E of the Social Security Act, United States Code, title 42, sections 670 to 676, and to any child who is not title IV-E eligible but who was determined eligible for adoption assistance under Minnesota Statutes, section 259.40 or 259.431, subdivision 4, clauses (a) to (c), and has a special need for medical or rehabilitative care.

Sec. 25. Minnesota Statutes 1992, section 256B.056, subdivision 2, is amended to read:

Subd. 2. [HOMESTEAD; EXCLUSION FOR INSTITUTIONALIZED PERSONS.] The homestead shall be excluded for the first six calendar months of a person's stay in a long-term care facility and shall continue to be excluded for as long as the recipient can be reasonably expected to return, ~~as provided under the methodologies for the supplemental security income program to the homestead.~~ For purposes of this subdivision, "reasonably expected to return to the homestead" means the recipient's attending physician has certified that the expectation is reasonable, and the recipient can show that the cost of care upon returning home will be met through medical assistance or other sources. The homestead shall continue to be excluded for persons residing in a long-term care facility if it is used as a primary residence by one of the following individuals:

- (a) the spouse;
- (b) a child under age 21;
- (c) a child of any age who is blind or permanently and totally disabled as defined in the supplemental security income program;
- (d) a sibling who has equity interest in the home and who resided in the home for at least one year immediately before the date of the person's admission to the facility; or
- (e) a child of any age, or, subject to federal approval, a grandchild of any age, who resided in the home for at least two years immediately before the date of the person's admission to the facility, and who provided care to the person that permitted the person to reside at home rather than in an institution.

Sec. 26. Minnesota Statutes 1992, section 256B.0575, is amended to read:

256B.0575 [AVAILABILITY OF INCOME FOR INSTITUTIONALIZED PERSONS.]

When an institutionalized person is determined eligible for medical assistance, the income that exceeds the deductions in paragraphs (a) and (b) must be applied to the cost of institutional care.

- (a) The following amounts must be deducted from the institutionalized person's income in the following order:
 - (1) the personal needs allowance under section 256B.35 or, for a veteran who does not have a spouse or child, or a surviving spouse of a veteran having no child, the amount of any veteran's pension or an improved pension received from the veteran's administration not exceeding \$90 per month;
 - (2) the personal allowance for disabled individuals under section 256B.36;
 - (3) if the institutionalized person has a legally appointed guardian or conservator, five percent of the recipient's gross monthly income up to \$100 as reimbursement for guardianship or conservatorship services;
 - (4) a monthly income allowance determined under section 256B.058, subdivision 2, but only to the extent income of the institutionalized spouse is made available to the community spouse;
 - (5) a monthly allowance for children under age 18 which, together with the net income of the children, would provide income equal to the medical assistance standard for families and children according to section 256B.056, subdivision 4, for a family size that includes only the minor children. This deduction applies only if the children do not live with the community spouse and only if the children resided with the institutionalized person immediately prior to admission;
 - (6) a monthly family allowance for other family members, equal to one-third of the difference between 122 percent of the federal poverty guidelines and the monthly income for that family member;
 - (7) reparations payments made by the Federal Republic of Germany; and
 - (8) amounts for reasonable expenses incurred for necessary medical or remedial care for the institutionalized spouse that are not medical assistance covered expenses and that are not subject to payment by a third party.
- For purposes of clause (6), "other family member" means a person who resides with the community spouse and who is a minor or dependent child, dependent parent, or dependent sibling of either spouse. "Dependent" means a person who could be claimed as a dependent for federal income tax purposes under the Internal Revenue Code.
- (b) Income shall be allocated to an institutionalized person for a period of up to three calendar months, in an amount equal to the medical assistance standard for a family size of one if:
 - (1) a physician certifies that the person is expected to reside in the long-term care facility for three calendar months or less;
 - (2) if the person has expenses of maintaining a residence in the community; and

(3) if one of the following circumstances apply:

(i) the person was not living together with a spouse or a family member as defined in paragraph (a) when the person entered a long-term care facility; or

(ii) the person and the person's spouse become institutionalized on the same date, in which case the allocation shall be applied to the income of one of the spouses.

For purposes of this paragraph, a person is determined to be residing in a licensed nursing home, regional treatment center, or medical institution if the person is expected to remain for a period of one full calendar month or more.

Sec. 27. Minnesota Statutes 1992, section 256B.059, subdivision 3, is amended to read:

Subd. 3. [COMMUNITY SPOUSE ASSET ALLOWANCE.] (a) An institutionalized spouse may transfer assets to the community spouse solely for the benefit of the community spouse. Except for increased amounts allowable under subdivision 4, the maximum amount of assets allowed to be transferred is the amount which, when added to the assets otherwise available to the community spouse, is the greater of:

(1) ~~\$12,000~~ prior to July 1, 1994,

(i) \$14,148;

~~(2) (ii) the lesser of the spousal share or \$60,000~~ \$70,740; or

~~(3) (iii) the amount required by court order to be paid to the community spouse;~~

(2) for the period from July 1, 1994, to June 30, 1995,

(i) \$20,000;

(ii) the lesser of the spousal share or \$70,740; or

(iii) the amount required by court order to be paid to the community spouse; and

(3) for the period beginning July 1, 1995,

(i) \$70,740; or

(ii) the amount required by court order to be paid to the community spouse.

If the assets available to the community spouse are already at the limit permissible under this section, or the higher limit attributable to increases under subdivision 4, no assets may be transferred from the institutionalized spouse to the community spouse. The transfer must be made as soon as practicable after the date the institutionalized spouse is determined eligible for medical assistance, or within the amount of time needed for any court order required for the transfer. On January 1, 1990, and every January 1 thereafter, the ~~\$12,000 and \$60,000~~ limits in this subdivision shall be adjusted by the same percentage change in the consumer price index for all urban consumers (all items; United States city average) between the two previous Septembers. These adjustments shall also be applied to the ~~\$12,000 and \$60,000~~ limits in subdivision 5.

Sec. 28. Minnesota Statutes 1992, section 256B.059, subdivision 5, is amended to read:

Subd. 5. [ASSET AVAILABILITY.] (a) At the time of application for medical assistance benefits, assets considered available to the institutionalized spouse shall be the total value of all assets in which either spouse has an ownership interest, reduced by the greater of:

(1) ~~\$12,000~~ prior to July 1, 1994,

(i) \$14,148; or

~~(2) (ii) the lesser of the spousal share or \$60,000~~ \$70,740; or

(3) (iii) the amount required by court order to be paid to the community spouse;

(2) for the period from July 1, 1994, to June 30, 1995.

(i) \$20,000;

(ii) the lesser of the spousal share or \$70,740; or

(iii) the amount required by court order to be paid to the community spouse; and

(3) for the period beginning July 1, 1995.

(i) \$70,740; or

(ii) the amount required by court order to be paid to the community spouse. If the community spouse asset allowance has been increased under subdivision 4, then the assets considered available to the institutionalized spouse under this subdivision shall be further reduced by the value of additional amounts allowed under subdivision 4.

(b) An institutionalized spouse may be found eligible for medical assistance even though assets in excess of the allowable amount are found to be available under paragraph (a) if the assets are owned jointly or individually by the community spouse, and the institutionalized spouse cannot use those assets to pay for the cost of care without the consent of the community spouse, and if: (i) the institutionalized spouse assigns to the commissioner the right to support from the community spouse under section 256B.14, subdivision 2 3; (ii) the institutionalized spouse lacks the ability to execute an assignment due to a physical or mental impairment; or (iii) the denial of eligibility would cause an imminent threat to the institutionalized spouse's health and well-being.

(c) After the month in which the institutionalized spouse is determined eligible for medical assistance, during the continuous period of institutionalization, no assets of the community spouse are considered available to the institutionalized spouse, unless the institutionalized spouse has been found eligible under clause (b).

(d) Assets determined to be available to the institutionalized spouse under this section must be used for the health care or personal needs of the institutionalized spouse.

(e) For purposes of this section, assets do not include assets excluded under section 256B.056, without regard to the limitations on total value in that section.

Sec. 29. Minnesota Statutes 1992, section 256B.0595, subdivision 1, is amended to read:

Subdivision 1. [PROHIBITED TRANSFERS.] ~~(a) If a person or the person's spouse has given away, sold, or disposed of, for less than fair market value, any asset or interest therein, except assets other than the homestead that are excluded under section 256B.056, subdivision 3, within 30 months before or any time after the date of institutionalization if the person has been determined eligible for medical assistance, or within 30 months before or any time after the date of the first approved application for medical assistance if the person has not yet been determined eligible for medical assistance, the person is ineligible for long term care services for the period of time determined under subdivision 2. A person, a person's spouse, or a person's authorized representative may not give away, sell, or dispose of, for less than fair market value, any asset or interest therein, for the purpose of establishing or maintaining medical assistance eligibility. For purposes of determining eligibility for medical assistance, any transfer of an asset for less than fair market value may be considered. Any transfer made within 60 months preceding application for medical assistance or during the period of medical assistance eligibility is presumed to have been made for the purpose of establishing or maintaining medical assistance eligibility and the person is ineligible for medical assistance for the period of time determined under subdivision 2, unless the person furnishes convincing evidence to establish that the transaction was exclusively for another purpose. Any other transfer of an asset for less than fair market value more than 60 months prior to application for medical assistance eligibility may be considered for purposes of determining eligibility.~~

(b) This section applies to transfers, for less than fair market value, of income or assets that are considered income in the month received, such as inheritances, court settlements, and retroactive benefit payments.

(c) This section applies to payments for care or personal services provided by a relative, unless the compensation was stipulated in a notarized, written agreement which was in existence when the service was performed, the care or services directly benefited the person, and the payments made represented reasonable compensation for the care or services provided. A notarized written agreement is not required if payment for the services was made within 60 days after the service was provided.

(d) This section applies to the portion of any asset or interest that a person or a person's spouse transfers to an irrevocable trust, annuity, or other instrument, that exceeds the value of the benefit likely to be returned to the person or spouse while alive, based on estimated life expectancy using the life expectancy tables employed by the supplemental security income program to determine the value of an agreement for services for life. The commissioner may adopt rules reducing life expectancies based on the need for long-term care.

(e) For purposes of this section, long-term care services include nursing facility services, and home- and community-based services provided pursuant to section 256B.491. For purposes of this subdivision and subdivisions 2, 3, and 4, "institutionalized person" includes a person who is an inpatient in a nursing facility, or who is receiving home- and community-based services under section 256B.491.

Sec. 30. Minnesota Statutes 1992, section 256B.0595, subdivision 2, is amended to read:

Subd. 2. [PERIOD OF INELIGIBILITY.] For ~~any uncompensated transfer transfers~~, the number of months of ineligibility including partial months, for long-term care services shall be ~~the lesser of 30 months, or the total uncompensated transfer amount value of the resources transferred~~, divided by the average medical assistance rate for nursing facility services in the state in effect on the date of application. If a calculation of a penalty period results in a partial month, medical assistance payments for long-term care services will be reduced in an amount equal to the fraction. The amount used to calculate the average medical assistance payment rate shall be adjusted each July 1 to reflect payment rates for the previous calendar year. The period of ineligibility begins with the month in which the assets were transferred: except that if one or more uncompensated transfers are made during a period of ineligibility, the total assets transferred during the ineligibility period shall be combined and a penalty period calculated to begin in the month the first assets were transferred. In calculating the value of uncompensated transfers, uncompensated transfers not to exceed \$1,000 in total value per month shall be disregarded for each month prior to the month of application for medical assistance. The penalty in this subdivision shall not apply to gifts not to exceed a total of \$100 in a six-month medical assistance eligibility certification period. If the transfer was not reported to the local agency at the time of application, and the applicant received long-term care services during what would have been the period of ineligibility if the transfer had been reported, a cause of action exists against the transferee for the cost of long-term care services provided during the period of ineligibility, or for the uncompensated amount of the transfer, whichever is less. The action may be brought by the state or the local agency responsible for providing medical assistance under chapter 256G. The uncompensated transfer amount is the fair market value of the asset at the time it was given away, sold, or disposed of, less the amount of compensation received.

Sec. 31. Minnesota Statutes 1992, section 256B.0595, subdivision 3, is amended to read:

Subd. 3. [HOMESTEAD EXCEPTION TO TRANSFER PROHIBITION.] (a) An institutionalized person is not ineligible for ~~long-term care~~ medical assistance services due to a transfer of assets for less than fair market value if the asset transferred was a homestead and:

(1) title to the homestead was transferred to the individual's

(i) spouse;

(ii) child who is under age 21;

(iii) blind or permanently and totally disabled child as defined in the supplemental security income program;

(iv) sibling who has equity interest in the home and who was residing in the home for a period of at least one year immediately before the date of the individual's admission to the facility; or

(v) son or daughter who was residing in the individual's home for a period of at least two years immediately before the date of the individual's admission to the facility, and who provided care to the individual that permitted the individual to reside at home rather than in an institution or facility;

(2) a satisfactory showing is made that the individual intended to dispose of the homestead at fair market value or for other valuable consideration; or

(3) the local agency grants a waiver of the excess resources created by the uncompensated transfer because denial of eligibility would cause undue hardship for the individual, based on imminent threat to the individual's health and well-being.

(b) When a waiver is granted under paragraph (a), clause (3), a cause of action exists against the person to whom the homestead was transferred for that portion of ~~long-term care~~ medical assistance services granted ~~within 30 months of the transfer~~ during the period of ineligibility under subdivision 2 or the amount of the uncompensated transfer, whichever is less, together with the costs incurred due to the action. The action may be brought by the state or the local agency responsible for providing medical assistance under chapter 256G.

Sec. 32. Minnesota Statutes 1992, section 256B.0595, subdivision 4, is amended to read:

Subd. 4. [OTHER EXCEPTIONS TO TRANSFER PROHIBITION.] An institutionalized person who has made, or whose spouse has made a transfer prohibited by subdivision 1, is not ineligible for ~~long-term care~~ medical assistance services if one of the following conditions applies:

(1) the assets were transferred to the community spouse, as defined in section 256B.059; or

(2) the institutionalized spouse, prior to being institutionalized, transferred assets to a spouse, provided that the spouse to whom the assets were transferred does not then transfer those assets to another person for less than fair market value. (At the time when one spouse is institutionalized, assets must be allocated between the spouses as provided under section 256B.059); or

(3) the assets were transferred to the individual's child who is blind or permanently and totally disabled as determined in the supplemental security income program; or

(4) a satisfactory showing is made that the individual intended to dispose of the assets either at fair market value or for other valuable consideration; or

(5) the local agency determines that denial of eligibility for long-term care services would work an undue hardship and grants a waiver of excess assets. When a waiver is granted, a cause of action exists against the person to whom the assets were transferred for that portion of ~~long-term care~~ medical assistance services granted ~~within 30 months of the transfer~~, during the period of ineligibility determined under subdivision 2 or the amount of the uncompensated transfer, whichever is less, together with the costs incurred due to the action. The action may be brought by the state or the local agency responsible for providing medical assistance under this chapter.

Sec. 33. Minnesota Statutes 1992, section 256B.0595, is amended by adding a subdivision to read:

Subd. 5. [WAIVERS.] The commissioner shall apply for waivers of certain provisions of Title XIX of the Social Security Act, United States Code, title 42, section 1396 et seq. to accomplish the following:

(1) change the period of time from 30 to 60 months prior to institutionalization or application for medical assistance, during which a transfer of assets for less than fair market value cannot be made without penalty according to subdivision 1;

(2) change the penalty for transfers made during the 30- or 60-month period from ineligibility for long-term care services to ineligibility for any medical assistance coverage;

(3) extend the period of ineligibility for a transfer for less than fair market value from 30 months to the fully calculated period;

- (4) aggregate and run consecutively penalties that would have run concurrently according to subdivision 2; and
- (5) penalize transfers for less than fair market value of assets that would have been allowed under subdivision 1 because the assets are excluded for the purpose of determining eligibility for medical assistance, in the same manner as other uncompensated transfers.

Each provision of this section shall be implemented 60 days after receipt of the federal waiver granting authority for that provision, notwithstanding any other provisions of this section, and shall be implemented with respect to transfers occurring on or after the 61st day after receipt of the waiver.

Sec. 34. Minnesota Statutes 1992, section 256B.0625, subdivision 3, is amended to read:

Subd. 3. [PHYSICIANS' SERVICES.] Medical assistance covers physicians' services. Rates paid for anesthesiology services provided by physicians shall be according to the formula utilized in the Medicare program and shall use a conversion factor "at percentile of calendar year set by legislature."

Sec. 35. Minnesota Statutes 1992, section 256B.0625, subdivision 6a, is amended to read:

Subd. 6a. [HOME HEALTH SERVICES.] Home health services are those services specified in Minnesota Rules, part 9505.0290. Medical assistance covers home health services at a recipient's home residence. Medical assistance does not cover home health services at for residents of a hospital, nursing facility, intermediate care facility, or a health care facility licensed by the commissioner of health, unless the program is funded under a home- and community-based services waiver or unless the commissioner of human services has prior authorized skilled nurse visits for less than 90 days for a resident at an intermediate care facility for persons with mental retardation, to prevent an admission to a hospital or nursing facility or unless a resident who is otherwise eligible is on leave from the facility and the facility either pays for the home health services or forgoes the facility per diem for the leave days that home health services are used. Home health services must be provided by a Medicare certified home health agency. All nursing and home health aide services must be provided according to section 256B.0627.

Sec. 36. Minnesota Statutes 1992, section 256B.0625, subdivision 7, is amended to read:

Subd. 7. [PRIVATE DUTY NURSING.] Medical assistance covers private duty nursing services in a recipient's home. Recipients who are authorized to receive private duty nursing services in their home may use approved hours outside of the home during hours when normal life activities take them outside of their home and when, without the provision of private duty nursing, their health and safety would be jeopardized. Medical assistance does not cover private duty nursing services at for residents of a hospital, nursing facility, intermediate care facility, or a health care facility licensed by the commissioner of health, except as authorized in section 256B.64 for ventilator-dependent recipients in hospitals or unless a resident who is otherwise eligible is on leave from the facility and the facility either pays for the home health services or forgoes the facility per diem for the leave days that home health services are used. Total hours of service and payment allowed for services outside the home cannot exceed that which is otherwise allowed in an in-home setting according to section 256B.0627. All private duty nursing services must be provided according to the limits established under section 256B.0627. Private duty nursing services may not be reimbursed if the nurse is the spouse of the recipient or the parent or foster care provider of a recipient who is under age 18, or the recipient's legal guardian.

Sec. 37. Minnesota Statutes 1992, section 256B.0625, subdivision 11, is amended to read:

Subd. 11. [NURSE ANESTHETIST SERVICES.] Medical assistance covers nurse anesthetist services. Rates paid for anesthesiology services provided by certified registered nurse anesthetists shall be according to the formula utilized in the Medicare program and shall use the conversion factor that is used by the Medicare program.

Sec. 38. Minnesota Statutes 1992, section 256B.0625, subdivision 13, is amended to read:

Subd. 13. [DRUGS.] (a) Medical assistance covers drugs if prescribed by a licensed practitioner and dispensed by a licensed pharmacist, or by a physician enrolled in the medical assistance program as a dispensing physician. The commissioner, after receiving recommendations from ~~the Minnesota professional medical association associations and the Minnesota pharmacists association professional pharmacist associations,~~ shall designate a formulary committee to advise the commissioner on the names of drugs for which payment is made, recommend a system for reimbursing providers on a set fee or charge basis rather than the present system, and develop methods encouraging use of generic drugs when they are less expensive and equally effective as trademark drugs. ~~The commissioner shall appoint the~~

~~formulary committee members no later than 30 days following July 1, 1981.~~ The formulary committee shall consist of nine members, four of whom shall be physicians who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, three of whom shall be pharmacists who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, a consumer representative, and a nursing home representative. Committee members shall serve ~~two-year~~ three-year terms and shall serve without compensation. Members may be reappointed once. The commissioner shall establish a drug formulary. Its establishment and publication shall not be subject to the requirements of the administrative procedure act, but the formulary committee shall review and comment on the formulary contents. The formulary committee shall review and recommend drugs which require prior authorization. The formulary committee may recommend drugs for prior authorization directly to the commissioner, as long as opportunity for public input is provided. Prior authorization may be requested by the commissioner based on medical and clinical criteria before certain drugs are eligible for payment. Before a drug may be considered for prior authorization at the request of the commissioner:

(1) the drug formulary committee must develop criteria to be used for identifying drugs; the development of these criteria is not subject to the requirements of chapter 14, but the formulary committee shall provide opportunity for public input in developing criteria;

(2) the drug formulary committee must hold a public forum and receive public comment for an additional 15 days; and

(3) the commissioner must provide information to the formulary committee on the impact that placing the drug on prior authorization will have on the quality of patient care and information regarding whether the drug is subject to clinical abuse or misuse. Prior authorization may be required by the commissioner before certain formulary drugs are eligible for payment. The formulary shall not include: drugs or products for which there is no federal funding; over-the-counter drugs, except for antacids, acetaminophen, family planning products, aspirin, insulin, products for the treatment of lice, and vitamins for children under the age of seven and pregnant or nursing women; or any other over-the-counter drug identified by the commissioner, in consultation with the drug formulary committee as necessary, appropriate and cost effective for the treatment of certain specified chronic diseases, conditions or disorders, and this determination shall not be subject to the requirements of chapter 14, the administrative procedure act; ~~nutritional products, except for those products needed for treatment of phenylketonuria, hyperlysinemia, maple syrup urine disease, a combined allergy to human milk, cow's milk, and soy formula, or any other childhood or adult diseases, conditions, or disorders identified by the commissioner as requiring a similarly necessary nutritional product; anorectics; and drugs for which medical value has not been established. Nutritional products needed for the treatment of a combined allergy to human milk, cow's milk, and soy formula require prior authorization. Separate payment shall not be made for nutritional products for residents of long-term care facilities; payment for dietary requirements is a component of the per diem rate paid to these facilities. Payment to drug vendors shall not be modified before the formulary is established except that the commissioner shall not permit payment for any drugs which may not by law be included in the formulary, and the commissioner's determination shall not be subject to chapter 14, the administrative procedure act.~~ The commissioner shall publish conditions for prohibiting payment for specific drugs after considering the formulary committee's recommendations.

(b) The basis for determining the amount of payment shall be the lower of the actual acquisition costs of the drugs plus a fixed dispensing fee established by the commissioner, the maximum allowable cost set by the federal government or by the commissioner plus the fixed dispensing fee or the usual and customary price charged to the public. Actual acquisition cost includes quantity and other special discounts except time and cash discounts. The actual acquisition cost of a drug may be estimated by the commissioner. The maximum allowable cost of a multisource drug may be set by the commissioner and it shall be comparable to, but no higher than, the maximum amount paid by other third party payors in this state who have maximum allowable cost programs. Establishment of the amount of payment for drugs shall not be subject to the requirements of the administrative procedure act. An additional dispensing fee of \$.30 may be added to the dispensing fee paid to pharmacists for legend drug prescriptions dispensed to residents of long-term care facilities when a unit dose blister card system, approved by the department, is used. Under this type of dispensing system, the pharmacist must dispense a 30-day supply of drug. The National Drug Code (NDC) from the drug container used to fill the blister card must be identified on the claim to the department. The unit dose blister card containing the drug must meet the packaging standards set forth in Minnesota Rules, part 6800.2700, that govern the return of unused drugs to the pharmacy for reuse. The pharmacy provider will be required to credit the department for the actual acquisition cost of all unused drugs that are eligible for reuse.

Over-the-counter medications must be dispensed in the manufacturer's unopened package. The commissioner may permit the drug clozapine to be dispensed in a quantity that is less than a 30-day supply. Whenever a generically equivalent product is available, payment shall be on the basis of the actual acquisition cost of the generic drug, unless the prescriber specifically indicates "dispense as written - brand necessary" on the prescription as required by section 151.21, subdivision 2. Implementation of any change in the fixed dispensing fee that has not been subject to the administrative procedure act is limited to not more than 180 days, unless, during that time, the commissioner initiates rulemaking through the administrative procedure act.

(c) Until January 4, 1993, or the date the Medicaid Management Information System (MMIS) upgrade is implemented, whichever occurs last, a pharmacy provider may require individuals who seek to become eligible for medical assistance under a one-month spend-down, as provided in section 256B.056, subdivision 5, to pay for services to the extent of the spend-down amount at the time the services are provided. A pharmacy provider choosing this option shall file a medical assistance claim for the pharmacy services provided. If medical assistance reimbursement is received for this claim, the pharmacy provider shall return to the individual the total amount paid by the individual for the pharmacy services reimbursed by the medical assistance program. If the claim is not eligible for medical assistance reimbursement because of the provider's failure to comply with the provisions of the medical assistance program, the pharmacy provider shall refund to the individual the total amount paid by the individual. Pharmacy providers may choose this option only if they apply similar credit restrictions to private pay or privately insured individuals. A pharmacy provider choosing this option must inform individuals who seek to become eligible for medical assistance under a one-month spend-down of (1) their right to appeal the denial of services on the grounds that they have satisfied the spend-down requirement, and (2) their potential eligibility for the health right program or the children's health plan.

Sec. 39. Minnesota Statutes 1992, section 256B.0625, subdivision 13a, is amended to read:

Subd. 13a. [DRUG UTILIZATION REVIEW BOARD.] A 12-member drug utilization review board is established. The board is comprised of six licensed physicians actively engaged in the practice of medicine in Minnesota; five licensed pharmacists actively engaged in the practice of pharmacy in Minnesota; and one consumer representative. The board shall be staffed by an employee of the department who shall serve as an ex officio nonvoting member of the board. The members of the board shall be appointed by the commissioner and shall serve three-year terms. Sec. 40. Minnesota Statutes 1992, section 256B.0625, subdivision 15, is amended to read:

Subd. 15. [HEALTH PLAN PREMIUMS AND COPAYMENTS.] Medical assistance covers health care prepayment plan premiums and, insurance premiums if paid directly to a vendor and supplementary medical insurance benefits under Title XVIII of the Social Security Act, and copayments if determined to be cost-effective by the commissioner. For purposes of obtaining Medicare part ~~parts~~ parts A and B, and copayments, expenditures may be made even if federal funding is not available.

Sec. 41. Minnesota Statutes 1992, section 256B.0625, subdivision 17, is amended to read:

Subd. 17. [TRANSPORTATION COSTS.] (a) Medical assistance covers transportation costs incurred solely for obtaining emergency medical care or transportation costs incurred by nonambulatory persons in obtaining emergency or nonemergency medical care when paid directly to an ambulance company, common carrier, or other recognized providers of transportation services. For the purpose of this subdivision, a person who is incapable of transport by taxicab or bus shall be considered to be nonambulatory.

(b) Medical assistance covers special transportation, as defined in Minnesota Rules, part 9505.0315, subpart 1, item F, if the provider receives and maintains a current physician's order by the recipient's attending physician. The commissioner shall establish maximum medical assistance reimbursement rates for special transportation services for persons who need a wheelchair lift van or stretcher-equipped vehicle and for those who do not need a wheelchair lift van or stretcher-equipped vehicle. The average of these two rates must not exceed \$13 \$14 for the base rate and \$1 \$1.10 per mile. Special transportation provided to nonambulatory persons who do not need a wheelchair lift van or stretcher-equipped vehicle, may be reimbursed at a lower rate than special transportation provided to persons who need a wheelchair lift van or stretcher-equipped vehicle.

Sec. 42. Minnesota Statutes 1992, section 256B.0625, subdivision 19a, is amended to read:

Subd. 19a. [PERSONAL CARE SERVICES.] Medical assistance covers personal care services in a recipient's home. Recipients who can direct their own care, or persons who cannot direct their own care when authorized by the responsible party, may use approved hours outside the home when normal life activities take them outside the home and when, without the provision of personal care, their health and safety would be jeopardized. Medical assistance does not cover personal care services at for residents of a hospital, nursing facility, intermediate care facility or a health care facility licensed by the commissioner of health, or unless a resident who is otherwise eligible is on leave from the facility and the facility either pays for the home health services or forgoes the facility per diem for the leave days that home health services are used except as authorized in section 256B.64 for ventilator-dependent recipients in hospitals. Total hours of service and payment allowed for services outside the home cannot exceed that which is otherwise allowed for personal care services in an in-home setting according to section 256B.0627. All personal care services must be provided according to section 256B.0627. Personal care services may not be reimbursed if the personal care assistant is the spouse of the recipient or the parent of a recipient under age 18, the responsible party or the foster care provider of a recipient who cannot direct the recipient's own care or the recipient's legal guardian unless, in the case of a foster provider, a county or state case manager visits the recipient as needed, but no less than every six months, to monitor the health and safety of the recipient and to ensure the goals of the care plan are met. Parents of adult recipients, adult children of the recipient or adult siblings of the recipient may be reimbursed for personal care services if they are granted a waiver under section 256B.0627.

Sec. 43. Minnesota Statutes 1992, section 256B.0625, subdivision 28, is amended to read:

Subd. 28. [CERTIFIED NURSE PRACTITIONER SERVICES.] Medical assistance covers services performed by a certified pediatric nurse practitioner, a certified family nurse practitioner, a certified adult nurse practitioner, a certified obstetric/gynecological nurse practitioner, or a certified geriatric nurse practitioner in independent practice, if the services are otherwise covered under this chapter as a physician service, and if the service is within the scope of practice of the nurse practitioner's license as a registered nurse, as defined in section 148.171.

Sec. 44. Minnesota Statutes 1992, section 256B.0625, subdivision 29, is amended to read:

Subd. 29. [PUBLIC HEALTH NURSING CLINIC SERVICES.] Medical assistance covers the services of a certified public health nurse or a registered nurse practicing in a public health nursing clinic that is a department of, or that operates under the direct authority of, a unit of government, if the service is within the scope of practice of the public health or registered nurse's license as a registered nurse, as defined in section 148.171.

Sec. 45. Minnesota Statutes 1992, section 256B.0625, is amended by adding a subdivision to read:

Subd. 32. [NUTRITIONAL PRODUCTS.] Medical assistance covers nutritional products needed for treatment of phenylketonuria, hyperlysinemia, maple syrup urine disease, a combined allergy to human milk, cow's milk, and soy formula, or any other childhood or adult diseases, conditions, or disorders identified by the commissioner as requiring a similarly necessary nutritional product. Nutritional products needed for the treatment of a combined allergy to human milk, cow's milk, and soy formula require prior authorization. Separate payment shall not be made for nutritional products for residents of long-term care facilities; payment for dietary requirements is a component of the per diem rate paid to these facilities.

Sec. 46. Minnesota Statutes 1992, section 256B.0625, is amended by adding a subdivision to read:

Subd. 33. [AMERICAN INDIAN HEALTH SERVICES FACILITIES.] Medical assistance payments to American Indian health services facilities for outpatient medical services billed after June 30, 1990, must be in accordance with the rate published by the United States Assistant Secretary for Health under the authority of United States Code, title 42, sections 248(a) and 249(b). General assistance medical care payments to American Indian health services facilities for the provision of outpatient medical care services billed after June 30, 1990, must be in accordance with the general assistance medical care rates paid for the same services when provided in a facility other than an American Indian health service facility.

Sec. 47. [256B.0626] [ESTIMATION OF 50TH PERCENTILE OF PREVAILING CHARGES.]

(a) The 50th percentile of the prevailing charge for the base year identified in statute must be estimated by the commissioner in the following situations:

- (1) there were less than ten billings in the calendar year specified in legislation governing maximum payment rates;
- (2) the service was not available in the calendar year specified in legislation governing maximum payment rates;
- (3) the payment amount is the result of a provider appeal;

(4) the procedure code description has changed since the calendar year specified in legislation governing maximum payment rates, and, therefore, the prevailing charge information reflects the same code but a different procedure description; or

(5) the 50th percentile reflects a payment which is grossly inequitable when compared with payment rates for procedures or services which are substantially similar.

(b) When one of the situations identified in paragraph (a) occurs, the commissioner shall use the following methodology to reconstruct a rate comparable to the 50th percentile of the prevailing rate:

(1) refer to information which exists for the first nine billings in the calendar year specified in legislation governing maximum payment rates; or

- (2) refer to surrounding or comparable procedure codes; or

(3) refer to the 50th percentile of years subsequent to the calendar year specified in legislation governing maximum payment rates, and reduce that amount by applying an appropriate Consumer Price Index formula; or

(4) refer to relative value indexes; or

(5) refer to reimbursement information from other third parties, such as Medicare.

Sec. 48. Minnesota Statutes 1992, section 256B.0627, subdivision 1, is amended to read:

Subdivision 1. [DEFINITION.] (a) "Home care services" means a health service, determined by the commissioner as medically necessary, that is ordered by a physician and documented in a care plan that is reviewed by the physician at least once every 60 days for the provision of home health services, or private duty nursing, or at least once every 365 days for personal care. Home care services are provided to the recipient at the recipient's residence that is a place other than a hospital or long-term care facility or as specified in section 256B.0625.

(b) "Medically necessary" has the meaning given in Minnesota Rules, parts 9505.0170 to 9505.0475.

(c) "Care plan" means a written description of the services needed which is signed developed by the supervisory nurse together with the recipient or responsible party and includes a detailed description of the covered home care services, who is providing the services, frequency and duration of services, and expected outcomes and goals including expected date of goal accomplishment. The provider must give the recipient or responsible party a copy of the completed care plan within 30 days of beginning home care services.

(d) "Responsible party" means an individual residing with a recipient of personal care services who is capable of providing the supportive care necessary to assist the recipient to live in the community, is at least 18 years old, and is not a personal care assistant. Responsible parties who are parents of minors or guardians of minors or incapacitated persons may delegate the responsibility to another adult during a temporary absence of at least 24 hours but not more than six months. The person delegated as a responsible party must be able to meet the definition of responsible party, except that the delegated responsible party is required to reside with the recipient only while serving as the responsible party. Foster care license holders may be designated the responsible party for residents of the foster care home if case management is provided as required in section 256B.0625, subdivision 19a. For persons who, as of April 1, 1992, are sharing personal care services in order to obtain the availability of 24-hour coverage, an employee of the personal care provider organization may be designated as the responsible party if case management is provided as required in section 256B.0625, subdivision 19a.

Sec. 49. Minnesota Statutes 1992, section 256B.0627, subdivision 4, is amended to read:

Subd. 4. [PERSONAL CARE SERVICES.] (a) The personal care services that are eligible for payment are the following:

(1) bowel and bladder care;

(2) skin care to maintain the health of the skin;

(3) delegated therapy tasks specific to maintaining a recipient's optimal level of functioning, including range of motion and muscle strengthening exercises;

(4) respiratory assistance;

(5) transfers and ambulation;

(6) bathing, grooming, and hairwashing necessary for personal hygiene;

(7) turning and positioning;

(8) assistance with furnishing medication that is normally self-administered;

(9) application and maintenance of prosthetics and orthotics;

(10) cleaning medical equipment;

- (11) dressing or undressing;
- (12) assistance with food, nutrition, and diet activities;
- (13) accompanying a recipient to obtain medical diagnosis or treatment;
- (14) ~~helping the recipient to complete daily living skills such as personal and oral hygiene and medication schedules assisting, monitoring, or prompting the recipient to complete the services in clauses (1) to (13);~~
- (15) ~~redirection, supervision, and observation that are medically necessary because of the recipient's diagnosis or disability; and~~ and an integral part of completing the personal cares described in clauses (1) to (14);
- (16) redirection and intervention for behavior including observation and supervision;
- (17) interventions for seizure disorders including supervision and observation if the recipient has had a seizure that requires intervention within the past three months; and
- (18) incidental household services that are an integral part of a personal care service described in clauses (1) to ~~(15)~~ (17).

For purposes of this subdivision, supervision and observation means watching for outward visible signs that are likely to occur and for which there is a covered personal care service or an appropriate personal care intervention.

- (b) The personal care services that are not eligible for payment are the following:
 - (1) personal care services that are not in the care plan developed by the supervising registered nurse in consultation with the personal care assistants and the recipient or the responsible party directing the care of the recipient;
 - (2) services that are not supervised by the registered nurse;
 - (3) services provided by the recipient's spouse, legal guardian, or parent of a minor child;
 - (4) services provided by a foster care provider of a recipient who cannot direct their own care, unless monitored by a county or state case manager under section 256B.0625, subdivision 19a;

 - (ii) the relative goes from a full-time to a part-time job with less compensation to provide personal care for the recipient;
 - (iii) the relative takes a leave of absence without pay to provide personal care for the recipient;
 - (iv) the relative incurs substantial expenses by providing personal care for the recipient; or
 - (v) because of labor conditions, the relative is needed in order to provide an adequate number of qualified personal care assistants to meet the medical needs of the recipient;
 - ~~(8)~~ (10) homemaker services that are not an integral part of a personal care services; and
 - ~~(9)~~ (11) home maintenance, or chore services.

Sec. 50. Minnesota Statutes 1992, section 256B.0627, subdivision 5, is amended to read:

Subd. 5. [LIMITATION ON PAYMENTS.] Medical assistance payments for home care services shall be limited according to this subdivision.

(a) [EXEMPTION FROM PAYMENT LIMITATIONS.] The level, or the number of hours or visits of a specific service, of home care services to a recipient that began before and is continued without increase on or after December 1987, shall be exempt from the payment limitations of this section, as long as the services are medically necessary.

(b) [LIMITS ON SERVICES WITHOUT PRIOR AUTHORIZATION.] A recipient may receive the following amounts of home care services during a calendar year:

(1) a total of 40 home health aide visits or skilled nurse visits under section 256B.0625, subdivision 6a; and

(2) ~~a total of ten hours of nursing supervision under section 256B.0625, subdivision 7 or 19a~~ up to two assessments by a supervising registered nurse to determine a recipient's need for personal care services, develop a care plan, and obtain prior authorization. Additional visits may be authorized by the commissioner if there are circumstances that necessitate a change in provider.

(c) [PRIOR AUTHORIZATION; EXCEPTIONS.] All home care services above the limits in paragraph (b) must receive the commissioner's prior authorization, except when:

(1) the home care services were required to treat an emergency medical condition that if not immediately treated could cause a recipient serious physical or mental disability, continuation of severe pain, or death. The provider must request retroactive authorization no later than five working days after giving the initial service. The provider must be able to substantiate the emergency by documentation such as reports, notes, and admission or discharge histories;

(2) the home care services were provided on or after the date on which the recipient's eligibility began, but before the date on which the recipient was notified that the case was opened. Authorization will be considered if the request is submitted by the provider within 20 working days of the date the recipient was notified that the case was opened;
or

(3) a third party payor for home care services has denied or adjusted a payment. Authorization requests must be submitted by the provider within 20 working days of the notice of denial or adjustment. A copy of the notice must be included with the request; or

(4) the commissioner has determined that a county or state human services agency has made an error.

(d) [RETROACTIVE AUTHORIZATION.] A request for retroactive authorization under paragraph (c) will be evaluated according to the same criteria applied to prior authorization requests. Implementation of this provision shall begin no later than October 1, 1991, except that recipients who are currently receiving medically necessary services above the limits established under this subdivision may have a reasonable amount of time to arrange for waived services under section 256B.49 or to establish an alternative living arrangement. All current recipients shall be phased down to the limits established under paragraph (b) on or before April 1, 1992.

(e) [ASSESSMENT AND CARE PLAN.] The home care provider shall conduct an initially, and at least annually thereafter, a face-to-face assessment of the recipient and complete a care plan using forms specified by the commissioner. For the recipient to receive, or continue to receive, home care services, the provider must submit evidence necessary for the commissioner to determine the medical necessity of the home care services. The provider shall submit to the commissioner the assessment, the care plan, and other information necessary to determine medical necessity such as diagnostic or testing information, social or medical histories, and hospital or facility discharge summaries. To continue to receive home care services when the recipient displays no significant change, the supervising nurse has the option to review with the commissioner, or the commissioner's designee, the care plan on record and receive authorization for up to an additional 12 months.

(f) [PRIOR AUTHORIZATION.] The commissioner, or the commissioner's designee, shall review the assessment, the care plan, and any additional information that is submitted. The commissioner shall, within 30 days after receiving a complete request, assessment, and care plan, authorize home care services as follows:

(1) [HOME HEALTH SERVICES.] All home health services provided by a nurse or a home health aide that exceed the limits established in paragraph (b) must be prior authorized by the commissioner or the commissioner's designee. Prior authorization must be based on medical necessity and cost-effectiveness when compared with other care options. When home health services are used in combination with personal care and private duty nursing, the cost of all home care services shall be considered for cost-effectiveness. The commissioner shall limit nurse and home health aide visits to no more than one visit each per day.

(2) [PERSONAL CARE SERVICES.] (i) All personal care services must be prior authorized by the commissioner or the commissioner's designee except for the limits on supervision established in paragraph (b). The amount of personal care services authorized must be based on the recipient's ~~ease mix classification according to section 256B.0911, except that~~ home care rating. A child may not be found to be dependent in an activity of daily living if because of the child's age an adult would either perform the activity for the child or assist the child with the activity and the amount of assistance needed is similar to the assistance appropriate for a typical child of the same age. Based on medical necessity, the commissioner may authorize:

(A) up to two times the average number of direct care hours provided in nursing facilities for the recipient's comparable case mix level; or

(B) up to three times the average number of direct care hours provided in nursing facilities for recipients who have complex medical needs or are dependent in at least seven activities of daily living and need physical assistance with eating or have a neurological diagnosis; or

(C) up to 60 percent of the average reimbursement rate, as of July 1, 1991, for care provided in a regional treatment center for recipients who have ~~complex behaviors~~ Level I behavior; or

(D) up to the amount the commissioner would pay, as of July 1, 1991, for care provided in a regional treatment center for recipients referred to the commissioner by a regional treatment center preadmission evaluation team. For purposes of this clause, home care services means all services provided in the home or community that would be included in the payment to a regional treatment center; or

(E) up to the amount medical assistance would reimburse for facility care for recipients referred to the commissioner by a preadmission screening team established under section 256B.0911 or 256B.092; and

(F) a reasonable amount of time for the necessary provision of nursing supervision of personal care services.

(ii) The number of direct care hours shall be determined according to the annual cost reports which are report submitted to the department by nursing facilities ~~each year~~. The average number of direct care hours, as established by May 1, 1992, shall be calculated and incorporated into the home care limits on July 1 ~~each year, 1992~~. These limits shall be calculated to the nearest quarter hour.

(iii) The ~~ease mix level~~ home care rating shall be determined by the commissioner or the commissioner's designee based on information submitted to the commissioner by the personal care provider on forms specified by the commissioner. The ~~forms~~ home care rating shall be a combination of current assessment tools developed under sections 256B.0911 and 256B.501 with an addition for seizure activity that will assess the frequency and severity of seizure activity and with adjustments, additions, and clarifications that are necessary to reflect the needs and conditions of children and nonelderly adults who need home care. The commissioner shall establish these forms and protocols under this section and shall use the advisory group established in section 256B.04, subdivision 16, for consultation in establishing the forms and protocols by October 1, 1991.

(iv) A recipient shall qualify as having complex medical needs if the care required is difficult to perform and because of recipient's medical condition requires more time than community-based standards allow ~~or the recipient's condition or treatment requires more training~~ or requires more skill than would ordinarily be required and the recipient needs or has one or more of the following:

(A) daily tube feedings;

- (B) daily parenteral therapy;
- (C) wound or decubiti care;
- (D) postural drainage, percussion, nebulizer treatments, suctioning, tracheotomy care, oxygen, mechanical ventilation;
- (E) catheterization;
- (F) ostomy care;
- (G) quadriplegia; or
- (H) other comparable medical conditions or treatments the commissioner determines would otherwise require institutional care.

(v) A recipient shall qualify as having ~~complex~~ Level I behavior if there is reasonable supporting evidence that the recipient exhibits on a daily basis, or that without supervision, observation, or redirection would exhibit, one or more of the following behaviors that cause, or have the potential to cause:

- (A) ~~self-injurious behavior~~ injury to his or her own body;
- (B) ~~unusual or repetitive habits~~ physical injury to other people; or
- (C) ~~withdrawal behavior;~~
- (D) ~~hurtful behavior to others;~~
- (E) ~~socially offensive behavior;~~
- (F) ~~destruction of property; or~~
- (G) ~~a need for constant one to one supervision for self preservation.~~

(vi) ~~The complex behaviors in clauses (A) to (G) have the meanings developed under section 256B.501. Time authorized for personal care relating to Level I behavior in subclause (v), items (A) to (C), shall be based on the predictability, frequency, and amount of intervention required.~~

(vii) A recipient shall qualify as having Level II behavior if the recipient exhibits on a daily basis one or more of the following behaviors that interfere with the completion of personal care services under subdivision 4, paragraph (a):

- (A) unusual or repetitive habits;
- (B) withdrawn behavior; or
- (C) offensive behavior.

(viii) A recipient with a home care rating of Level II behavior in subclause (vii), items (A) to (C), shall be rated as comparable to a recipient with complex medical needs under subclause (iv). If a recipient has both complex medical needs and Level II behavior, the home care rating shall be the next complex category up to the maximum rating under subclause (i), item (B).

(3) [PRIVATE DUTY NURSING SERVICES.] All private duty nursing services shall be prior authorized by the commissioner or the commissioner's designee. Prior authorization for private duty nursing services shall be based on medical necessity and cost-effectiveness when compared with alternative care options. The commissioner may authorize medically necessary private duty nursing services in quarter-hour units when:

- (i) the recipient requires more individual and continuous care than can be provided during a nurse visit; or

(ii) the cares are outside of the scope of services that can be provided by a home health aide or personal care assistant.

The commissioner may authorize:

(A) up to two times the average amount of direct care hours provided in nursing facilities statewide for case mix classification "K" as established by the annual cost report submitted to the department by nursing facilities in May 1992;

(B) private duty nursing in combination with other home care services up to the total cost allowed under clause (2);

(C) up to 16 hours per day if the recipient requires more nursing than the maximum number of direct care hours as established in item (A) and the recipient meets the hospital admission criteria established under Minnesota Rules, parts 9505.0500 to 9505.0540.

The commissioner may authorize up to 16 hours per day of private duty nursing services or up to 24 hours per day of private duty nursing services until such time as the commissioner is able to make a determination of eligibility for recipients who are cooperatively applying for home care services under the community alternative care program developed under section 256B.49, or until it is determined by the appropriate regulatory agency that a health benefit plan is or is not required to pay for appropriate medically necessary health care services. Recipients or their representatives must cooperatively assist the commissioner in obtaining this determination. Recipients who are eligible for the community alternative care program may not receive more hours of nursing under this section than would otherwise be authorized under section 256B.49.

(4) [VENTILATOR-DEPENDENT RECIPIENTS.] If the recipient is ventilator-dependent, the monthly medical assistance authorization for home care services shall not exceed what the commissioner would pay for care at the highest cost hospital designated as a long-term hospital under the Medicare program. For purposes of this clause, home care services means all services provided in the home that would be included in the payment for care at the long-term hospital. "Ventilator-dependent" means an individual who receives mechanical ventilation for life support at least six hours per day and is expected to be or has been dependent for at least 30 consecutive days.

(g) [PRIOR AUTHORIZATION; TIME LIMITS.] The commissioner or the commissioner's designee shall determine the time period for which a prior authorization shall ~~remain valid~~ be effective. If the recipient continues to require home care services beyond the duration of the prior authorization, the home care provider must request a new prior authorization through the process described above. Under no circumstances, other than the exceptions in subdivision 5, paragraph (c), shall a prior authorization be valid prior to the date the commissioner receives the request or for more than 12 months. A recipient who appeals a reduction in previously authorized home care services may request that the continue previously authorized services, other than temporary services under paragraph (i), ~~be continued~~ pending an appeal under section 256.045, ~~subdivision 40.~~ The commissioner must provide a detailed explanation of why the authorized services are reduced in amount from those requested by the home care provider.

(h) [APPROVAL OF HOME CARE SERVICES.] The commissioner or the commissioner's designee shall determine the medical necessity of home care services, the level of caregiver according to subdivision 2, and the institutional comparison according to this subdivision, the cost-effectiveness of services, and the amount, scope, and duration of home care services reimbursable by medical assistance, based on the assessment, the care plan, the recipient's age, the cost of services, the recipient's medical condition, and diagnosis or disability. The commissioner may publish additional criteria for determining medical necessity according to section 256B.04.

(i) [PRIOR AUTHORIZATION REQUESTS; TEMPORARY SERVICES.] Providers may request a temporary authorization for home care services by telephone. The commissioner may approve a temporary level of home care services based on the assessment and care plan information provided by an appropriately licensed nurse. Authorization for a temporary level of home care services is limited to the time specified by the commissioner, but shall not exceed ~~30~~ 45 days. The level of services authorized under this provision shall have no bearing on a future prior authorization.

(j) [PRIOR AUTHORIZATION REQUIRED IN FOSTER CARE SETTING.] Home care services provided in an adult or child foster care setting must receive prior authorization by the department according to the limits established in paragraph (b).

The commissioner may not authorize:

(1) home care services that are the responsibility of the foster care provider under the terms of the foster care placement agreement and administrative rules;

(2) personal care services when the foster care license holder is also the personal care provider or personal care assistant unless the recipient can direct the recipient's own care, or case management is provided as required in section 256B.0625, subdivision 19a;

(3) personal care services when the responsible party is an employee of, or under contract with, or has any direct or indirect financial relationship with the personal care provider or personal care assistant, unless case management is provided as required in section 256B.0625, subdivision 19a;

(4) home care services when the number of foster care residents is greater than four unless the county responsible for the recipient's foster placement made the placement prior to April 1, 1992, requests that home care services be provided, and case management is provided as required in section 256B.0625, subdivision 19a; or

(5) home care services when combined with foster care payments, other than room and board payments plus the cost of home- and community-based waived services unless the costs of home care services and waived services are combined and managed under the waiver program, that exceed the total amount that public funds would pay for the recipient's care in a medical institution.

Sec. 51. Minnesota Statutes 1992, section 256B.0628, subdivision 2, is amended to read:

Subd. 2. [~~CONTRACTOR DUTIES.~~] (a) The commissioner may contract with or employ qualified registered nurses and necessary support staff, or contract with qualified agencies, to provide home care prior authorization and review services for medical assistance recipients who are receiving home care services.

(b) Reimbursement for the prior authorization function shall be made through the medical assistance administrative authority. The state shall pay the nonfederal share. ~~The contractor must~~ functions will be to:

(1) assess the recipient's individual need for services required to be cared for safely in the community;

(2) ensure that a care plan that meets the recipient's needs is developed by the appropriate agency or individual;

(3) ensure cost-effectiveness of medical assistance home care services;

(4) ~~recommend to the commissioner~~ the approval or denial of the use of medical assistance funds to pay for home care services when home care services exceed thresholds established by the commissioner under Minnesota Rules, parts 9505.0170 to 9505.0475;

(5) reassess the recipient's need for and level of home care services at a frequency determined by the commissioner; and

(6) conduct on-site assessments when determined necessary by the commissioner and recommend changes to care plans that will provide more efficient and appropriate home care.

(c) In addition, ~~the contractor may be requested by the commissioner to~~ or the commissioner's designee may:

(1) review care plans and reimbursement data for utilization of services that exceed community-based standards for home care, inappropriate home care services, medical necessity, home care services that do not meet quality of care standards, or unauthorized services and make appropriate referrals ~~to the commissioner~~ within the department or to other appropriate entities based on the findings;

(2) assist the recipient in obtaining services necessary to allow the recipient to remain safely in or return to the community;

(3) coordinate home care services with other medical assistance services under section 256B.0625;

(4) assist the recipient with problems related to the provision of home care services; and

(5) assure the quality of home care services.

(d) For the purposes of this section, "home care services" means medical assistance services defined under section 256B.0625, subdivisions 6a, 7, and 19a.

Sec. 52. Minnesota Statutes 1992, section 256B.0911, subdivision 2, is amended to read:

Subd. 2. [PERSONS REQUIRED TO BE SCREENED; EXEMPTIONS.] All applicants to Medicaid certified nursing facilities must be screened prior to admission, regardless of income, assets, or funding sources, except the following:

(1) patients who, having entered acute care facilities from certified nursing facilities, are returning to a certified nursing facility;

(2) residents transferred from other certified nursing facilities;

~~(3) individuals whose length of stay is expected to be 30 days or less based on a physician's certification, if the facility notifies the screening team prior to admission and provides an update to the screening team on the 30th day after admission;~~

(4) individuals who have a contractual right to have their nursing facility care paid for indefinitely by the veteran's administration; or

~~(5) (4) individuals who are enrolled in the Ebenezer/Group Health social health maintenance organization project at the time of application to a nursing home; or~~

~~(6) individuals who are screened by another state within three months before admission to a certified nursing facility.~~

Regardless of the exemptions in clauses (2) to ~~(6)~~ (4), persons who have a diagnosis or possible diagnosis of mental illness, mental retardation, or a related condition must be screened before admission unless the admission prior to screening is authorized by the local mental health authority or the local developmental disabilities case manager, or unless authorized by the county agency according to Public Law Number 101-508.

~~Persons transferred from an acute care facility to a certified nursing facility may be admitted to the nursing facility before screening, if authorized by the county agency; however, the person must be screened within ten working days after the admission. Before admission to a Medicaid certified nursing home or boarding care home, all persons must be screened and approved for admission through an assessment process. The nursing facility is authorized to conduct case mix assessments which are not conducted by the county public health nurse under Minnesota Rules, part 9549.0059. The designated county or lead agency is responsible for distributing the quality assurance and review form for all new applicants to nursing homes.~~

Other persons who are not applicants to nursing facilities must be screened if a request is made for a screening.

Sec. 53. Minnesota Statutes 1992, section 256B.0911, is amended by adding a subdivision to read:

Subd. 2a. [SCREENING REQUIREMENTS.] Persons may be screened by telephone or in a face-to-face consultation. The screener will identify each individual's needs according to the following categories: (1) needs no face-to-face screening; (2) needs an immediate face-to-face screening interview; or (3) needs a face-to-face screening interview after admission to a certified nursing facility or after a return home. Persons who are not admitted to a Medicaid certified nursing facility must be screened within ten working days after the date of referral. Persons admitted on a nonemergency basis to a Medicaid certified nursing facility must be screened prior to the certified nursing facility admission. Persons admitted to the Medicaid certified nursing facility from the community on an emergency basis or from an acute care facility on a nonworking day must be screened the first working day after admission and the reason for the emergency admission must be certified by the attending physician in the person's medical record.

Sec. 54. Minnesota Statutes 1992, section 256B.0911, subdivision 3, is amended to read:

Subd. 3. [PERSONS RESPONSIBLE FOR CONDUCTING THE PREADMISSION SCREENING.] (a) A local screening team shall be established by the county agency ~~and the county public health nursing service of the local board of health~~ board of commissioners. Each local screening team shall ~~be composed~~ consist of screeners who are

a social worker and a public health nurse from their respective county agencies. If a county does not have a public health nurse available, it may request approval from the commissioner to assign a county registered nurse with at least one year experience in home care to participate on the team. Two or more counties may collaborate to establish a joint local screening team or teams.

~~(b) Both members of the team must conduct the screening. However, individuals who are being transferred from an acute care facility to a certified nursing facility and individuals who are admitted to a certified nursing facility on an emergency basis may be screened by only one member of the screening team in consultation with the other member.~~

~~(c) In assessing a person's needs, each screening team screeners shall have a physician available for consultation and shall consider the assessment of the individual's attending physician, if any. The individual's physician shall be included on the screening team if the physician chooses to participate. Other personnel may be included on the team as deemed appropriate by the county agencies.~~

~~(d) If a person who has been screened must be reassessed to assign a case mix classification because admission to a nursing facility occurs later than the time allowed by rule following the initial screening and assessment, the reassessment may be completed by the public health nurse member of the screening team.~~

Sec. 55. Minnesota Statutes 1992, section 256B.0911, subdivision 4, is amended to read:

Subd. 4. [RESPONSIBILITIES OF THE COUNTY AGENCY AND THE SCREENING TEAM.] (a) The county agency shall:

(1) provide information and education to the general public regarding availability of the preadmission screening program;

(2) accept referrals from individuals, families, human service and health professionals, and hospital and nursing facility personnel;

(3) assess the health, psychological, and social needs of referred individuals and identify services needed to maintain these persons in the least restrictive environments;

(4) determine if the individual screened needs nursing facility level of care;

(5) assess active treatment specialized service needs ~~in cooperation with~~ based upon an evaluation by:

(i) a qualified independent mental health professional for persons with a primary or secondary diagnosis of a serious mental illness; and

(ii) a qualified mental retardation professional for persons with a primary or secondary diagnosis of mental retardation or related conditions. For purposes of this clause, a qualified mental retardation professional must meet the standards for a qualified mental retardation professional in Code of Federal Regulations, title 42, section 483.430;

(6) make recommendations for individuals screened regarding cost-effective community services which are available to the individual;

(7) make recommendations for individuals screened regarding nursing home placement when there are no cost-effective community services available;

(8) develop an individual's community care plan and provide follow-up services as needed; and

(9) prepare and submit reports that may be required by the commissioner of human services.

The county agency may determine in cooperation with the local board of health that the public health nursing agency of the local board of health is the lead agency which is responsible for all of the activities above except clause (5).

(b) ~~The screening team screener~~ shall document that the most cost-effective alternatives available were offered to the individual or the individual's legal representative. For purposes of this section, "cost-effective alternatives" means community services and living arrangements that cost the same or less than nursing facility care.

~~The screening shall be conducted within ten working days after the date of referral or, for those approved for transfer from an acute care facility to a certified nursing facility, within ten working days after admission to the nursing facility.~~

(c) For persons who are eligible for medical assistance or who would be eligible within 180 days of admission to a nursing facility and who are admitted to a nursing facility, the nursing facility must include ~~the screening team a screener~~ or the case manager in the discharge planning process for those individuals who the team has determined have discharge potential. ~~The screening team screener~~ or the case manager must ensure a smooth transition and follow-up for the individual's return to the community.

~~Local screening teams~~ Screeners shall cooperate with other public and private agencies in the community, in order to offer a variety of cost-effective services to the disabled and elderly. ~~The screening team screeners~~ shall encourage the use of volunteers from families, religious organizations, social clubs, and similar civic and service organizations to provide services.

Sec. 56. Minnesota Statutes 1992, section 256B.0911, subdivision 6, is amended to read:

Subd. 6. [REIMBURSEMENT PAYMENT FOR PREADMISSION SCREENING.] (a) The total screening cost payment for each county must be paid monthly by certified nursing facilities in the county. The monthly amount to be paid by each nursing facility for each fiscal year must be determined by dividing the county's ~~estimate of the total~~ annual cost of allocation for screenings allowed in the county for the following rate year by 12 to determine the monthly cost estimate payment and allocating the monthly ~~cost estimate~~ payment to each nursing facility based on the number of licensed beds in the nursing facility.

(b) ~~The rate allowed for a screening where two team members are present shall be the actual costs up to \$195. The rate allowed for a screening where only one team member is present shall be the actual costs up to \$117. Annually on July 1, the commissioner shall adjust the rate up to the percentage change forecast in the fourth quarter of the prior calendar year by the Home Health Agency Market Basket of Operating Costs, unless otherwise adjusted by statute. The Home Health Agency Market Basket of Operating Costs is published by Data Resources, Inc.~~

(c) ~~The monthly cost estimate for each certified nursing facility must be submitted to the state by the county no later than February 15 of each year for inclusion in the nursing facility's payment rate on the following rate year. The commissioner shall include the reported annual estimated cost of screenings for each nursing facility as an operating cost of that nursing facility in accordance with section 256B.431, subdivision 2b, paragraph (g). The monthly cost estimates approved by the commissioner must be sent to the nursing facility by the county no later than April 15 of each year.~~

(d) ~~If in more than ten percent of the total number of screenings performed by a county in a fiscal year for all individuals regardless of payment source, the screening timelines were not met because a county was late in screening the individual, the county is solely responsible for paying the cost of those delayed screenings that exceed ten percent.~~

(b) Payments for screening activities are available to the county or counties to cover staff salaries and expenses to provide the screening function. The lead agency shall employ, or contract with other agencies to employ, within the limits of available funding, sufficient personnel to conduct the preadmission screening activity while meeting the state's long-term care outcomes and objectives as defined in section 256B.0917, subdivision 1. The local agency shall be accountable for meeting local objectives as approved by the commissioner in the CSSA biennial plan.

(e) ~~(c)~~ Notwithstanding section 256B.0641, overpayments attributable to payment of the screening costs under the medical assistance program may not be recovered from a facility.

(f) ~~(d)~~ The commissioner of human services shall amend the Minnesota medical assistance plan to include reimbursement for the local screening teams.

Sec. 57. Minnesota Statutes 1992, section 256B.0911, subdivision 7, is amended to read:

Subd. 7. [REIMBURSEMENT FOR CERTIFIED NURSING FACILITIES.] (a) Medical assistance reimbursement for nursing facilities shall be authorized for a medical assistance recipient only if a preadmission screening has been conducted prior to admission or the local county agency has authorized an exemption. Medical assistance reimbursement for nursing facilities shall not be provided for any recipient who the local screening team screener has determined does not meet the level of care criteria for nursing facility placement or, if indicated, has not had a level II PASARR evaluation completed unless an admission for a recipient with mental illness is approved by the local mental health authority or an admission for a recipient with mental retardation or related condition is approved by the state mental retardation authority. The commissioner shall make a request to the health care financing administration for a waiver allowing screening team approval of Medicaid payments for certified nursing facility care. An individual has a choice and makes the final decision between nursing facility placement and community placement after the screening team's recommendation, except as provided in paragraphs (b) and (c). ~~However,~~

(b) ~~The local county mental health authority or the local state mental retardation authority under Public Law Numbers 100-203 and 101-508 may prohibit admission to a nursing facility, if the individual does not meet the nursing facility level of care criteria or does need active treatment needs specialized services as defined in Public Law Numbers 100-203 and 101-508.~~ For purposes of this section, "specialized services" for a person with mental retardation or a related condition means "active treatment" as that term is defined in Code of Federal Regulations, title 42, section 483.440(a)(1).

(c) Upon the receipt by the commissioner of approval by the secretary of health and human services of the waiver requested under paragraph (a), the local screener shall deny medical assistance reimbursement for nursing facility care for an individual whose long-term care needs can be met in a community-based setting and whose cost of community-based home care services is less than 75 percent of the average payment for nursing facility care for that individual's case mix classification, and who is either:

(i) a current medical assistance recipient being screened for admission to a nursing facility; or

(ii) an individual who would be eligible for medical assistance within 180 days of entering a nursing facility and who meets a nursing facility level of care.

(d) Appeals from the screening team's recommendation or the county agency's final decision shall be made according to section 256.045, subdivision 3.

Sec. 58. Minnesota Statutes 1992, section 256B.0913, subdivision 4, is amended to read:

Subd. 4. [ELIGIBILITY FOR FUNDING FOR SERVICES FOR NONMEDICAL ASSISTANCE RECIPIENTS.] (a) Funding for services under the alternative care program is available to persons who meet the following criteria:

(1) the person has been screened by the county screening team or, if previously screened and served under the alternative care program, assessed by the local county social worker or public health nurse;

(2) the person is age 65 or older;

(3) the person would be financially eligible for medical assistance within 180 days of admission to a nursing facility;

(4) the person meets the asset transfer requirements of the medical assistance program;

(5) the screening team would recommend nursing facility admission or continued stay for the person if alternative care services were not available;

~~(5)~~ (6) the person needs services that are not available at that time in the county through other county, state, or federal funding sources; and

~~(6)~~ (7) the monthly cost of the alternative care services funded by the program for this person does not exceed 75 percent of the statewide average monthly medical assistance payment for nursing facility care at the individual's case mix classification to which the individual would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059.

(b) Individuals who meet the criteria in paragraph (a) and who have been approved for alternative care funding are called 180-day eligible clients.

(c) The statewide average payment for nursing facility care is the statewide average monthly nursing facility rate in effect on July 1 of the fiscal year in which the cost is incurred, less the statewide average monthly income of nursing facility residents who are age 65 or older and who are medical assistance recipients in the month of March of the previous fiscal year. This monthly limit does not prohibit the 180-day eligible client from paying for additional services needed or desired.

(d) In determining the total costs of alternative care services for one month, the costs of all services funded by the alternative care program, including supplies and equipment, must be included.

(e) Alternative care funding under this subdivision is not available for a person who is a medical assistance recipient or who would be eligible for medical assistance without a spend-down if the person applied, unless authorized by the commissioner. ~~The commissioner may authorize alternative care money to be used to meet a portion of a medical assistance income spend-down for persons residing in adult foster care who would otherwise be served under the alternative care program. The alternative care payment is limited to the difference between the recipient's negotiated foster care room and board rate and the medical assistance income standard for one elderly person plus the medical assistance personal needs allowance for a person residing in a long-term care facility.~~ A person whose application for medical assistance is being processed may be served under the alternative care program for a period up to 60 days. If the individual is found to be eligible for medical assistance, the county must bill medical assistance ~~retroactive to~~ from the date of eligibility the individual was found eligible for the medical assistance services provided that are reimbursable under the elderly waiver program.

(f) Alternative care funding is not available for a person who resides in a licensed nursing home or boarding care home, except for case management services which are being provided in support of the discharge planning process.

Sec. 59. Minnesota Statutes 1992, section 256B.0913, subdivision 5, is amended to read:

Subd. 5. [SERVICES COVERED UNDER ALTERNATIVE CARE.] (a) Alternative care funding may be used for payment of costs of:

- (1) adult foster care;
- (2) adult day care;
- (3) home health aide;
- (4) homemaker services;
- (5) personal care;
- (6) case management;
- (7) respite care;
- (8) assisted living; ~~and~~
- (9) residential care services;
- (10) care-related supplies and equipment;

~~(b) The county agency may use up to ten percent of the annual allocation of alternative care funding for payment of costs of~~

- (11) meals delivered to the home;
- (12) transportation;
- (13) skilled nursing;

(14) chore services;

(15) companion services;

(16) nutrition services; and

(17) training for direct informal caregivers.

~~The commissioner shall determine the impact on alternative care costs of allowing these additional services to be provided and shall report the findings to the legislature by February 15, 1993, including any recommendations regarding provision of the additional services.~~

~~(e)~~ (b) The county agency must ensure that the funds are used only to supplement and not supplant services available through other public assistance or services programs.

~~(d)~~ These services must be provided by a licensed provider, a home health agency certified for reimbursement under Titles XVIII and XIX of the Social Security Act, or by (c) Unless specified in statute, the service standards for alternative care services shall be the same as the service standards defined in the elderly waiver. Persons or agencies must be employed by or contracted under a contract with the county agency or the public health nursing agency of the local board of health in order to receive funding under the alternative care program.

~~(e)~~ (d) The adult foster care rate shall be considered a difficulty of care payment and shall not include room and board. The adult foster care daily rate shall be negotiated between the county agency and the foster care provider. The rate established under this section shall not exceed 75 percent of the state average monthly nursing home payment for the case mix classification to which the individual receiving foster care is assigned, and it must allow for other alternative care services to be authorized by the case manager.

~~(f)~~ (e) Personal care services may be provided by a personal care provider organization. A county agency may contract with a relative of the client to provide personal care services, but must ensure nursing supervision. Covered personal care services defined in section 256B.0627, subdivision 4, must meet applicable standards in Minnesota Rules, part 9505.0335.

~~(g)~~ (f) Costs for supplies and equipment that exceed \$150 per item per month must have prior approval from the commissioner. A county may use alternative care funds to purchase supplies and equipment from a non-Medicaid certified vendor if the cost for the items is less than that of a Medicaid vendor.

(g) For purposes of this section, residential care services are services which are provided to individuals living in residential care homes. Residential care homes are currently licensed as board and lodging establishments and are registered with the department of health as providing special services. "Residential care services" are defined as "supportive services" and "health-related services." "Supportive services" means the provision of up to 24-hour supervision and oversight. Supportive services includes: (1) transportation, when provided by the residential care center only; (2) socialization, when socialization is part of the plan of care, has specific goals and outcomes established, and is not diversional or recreational in nature; (3) assisting clients in setting up meetings and appointments; (4) assisting clients in setting up medical and social services; (5) providing assistance with personal laundry, such as carrying the client's laundry to the laundry room. Assistance with personal laundry does not include any laundry, such as bed linen, that is included in the room and board rate. Health-related services are limited to minimal assistance with dressing, grooming, and bathing and providing reminders to residents to take medications that are self-administered or providing storage for medications, if requested. Individuals receiving residential care services cannot receive both personal care services and residential care services.

(h) For the purposes of this section, "assisted living" refers to supportive services provided by a single vendor to two or more alternative care clients who reside in the same apartment building of ten three or more units. These services may include care coordination, the costs of preparing one or more nutritionally balanced meals per day, general oversight, and other supportive services which the vendor is licensed to provide according to sections 144A.43 to 144A.49, and which would otherwise be available to individual alternative care clients. Reimbursement from the lead agency shall be made to the vendor as a monthly capitated rate negotiated with the county agency. The capitated rate shall not exceed the state share of the greater of either the statewide or any of the geographic groups' weighted average monthly medical assistance nursing facility payment rate of the case mix resident class to which the 180 day eligible client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059. The capitated rate may not cover rent and direct food costs. "Assisted living services" are defined as up to 24-hour supervision, and oversight,

supportive services as defined in clause (1), individualized home care aide tasks as defined in clause (2), and individualized home management tasks as defined in clause (3) provided to residents of a residential center living in their units or apartments with a full kitchen and bathroom. A full kitchen includes a stove, oven, refrigerator, food preparation counter space, and a kitchen utensil storage compartment. Assisted living services must be provided by the management of the residential center or providers under contract with the management.

(1) Supportive services include:

(i) socialization, when socialization is part of the plan of care, has specific goals and outcomes established, and is not diversional or recreational in nature;

(ii) assisting clients in setting up meetings and appointments; and

(iii) providing transportation, when provided by the residential center only.

Individuals receiving assisted living services will not receive both homemaking and personal services and assisted living services. "Individualized" means services are chosen and designed specifically for each resident's needs, rather than provided or offered to all residents regardless of their illnesses, disabilities, or physical conditions.

(2) "Home care aide tasks" means:

(i) preparing modified diets, such as diabetic or low sodium diets;

(ii) reminding residents to take regularly scheduled medications or to perform exercises;

(iii) household chores in the presence of technically sophisticated medical equipment or episodes of acute illness or infectious disease;

(iv) household chores when the resident's care requires the prevention of exposure to infectious disease or containment of infectious disease; and

(v) assisting with dressing, oral hygiene, hair care, grooming, and bathing, if the resident is ambulatory, and if the resident has no serious acute illness or infectious disease. "Oral hygiene" means care of teeth, gums, and oral prosthetic devices.

(3) "Home management tasks" means:

(i) housekeeping;

(ii) laundry;

(iii) preparation of regular snacks and meals; and

(iv) shopping.

A person's eligibility to reside in the building must not be contingent on the person's acceptance or use of the assisted living services. Assisted living services as defined in this section shall not be authorized in boarding and lodging establishments licensed according to sections 157.01 to 157.031.

Reimbursement for assisted living services and residential care services shall be made by the lead agency to the vendor as a monthly rate negotiated with the county agency. The rate shall not exceed the nonfederal share of the greater of either the statewide or any of the geographic groups' weighted average monthly medical assistance nursing facility payment rate of the case mix resident class to which the 180-day eligible client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059. The rate may not cover rent and direct food costs.

(i) For purposes of this section, companion services are defined as nonmedical care, supervision and oversight, provided to a functionally impaired adult. Companions may assist the individual with such tasks as meal preparation, laundry and shopping, but do not perform these activities as discrete services. The provision of companion services does not entail hands-on medical care. Providers may also perform light housekeeping tasks which are incidental to the care and supervision of the recipient. This service must be approved by the case manager as part of the care

plan. Companion services must be provided by individuals or nonprofit organizations who are under contract with the local agency to provide the service. Any person related to the waiver recipient by blood, marriage or adoption cannot be reimbursed under this service. Persons providing companion services will be monitored by the case manager.

(j). For purposes of this section, training for direct informal caregivers is defined as a classroom or home course of instruction which may include: transfer and lifting skills, nutrition, personal and physical cares, home safety in a home environment, stress reduction and management, behavioral management, long-term care decision making, care coordination and family dynamics. The training is provided to an informal unpaid caregiver of a 180-day eligible client which enables the caregiver to deliver care in a home setting with high levels of quality. The training must be approved by the case manager as part of the individual care plan. Individuals, agencies, and educational facilities which provide caregiver training and education will be monitored by the case manager.

Sec. 60. Minnesota Statutes 1992, section 256B.0913, subdivision 9, is amended to read:

Subd. 9. [CONTRACTING PROVISIONS FOR PROVIDERS.] The lead agency shall document to the commissioner that the agency made reasonable efforts to inform potential providers of the anticipated need for services under the alternative care program or waiver programs under sections 256B.0915 and 256B.49, including a minimum of 14 days' written advance notice of the opportunity to be selected as a service provider and an annual public meeting with providers to explain and review the criteria for selection. The lead agency shall also document to the commissioner that the agency allowed potential providers an opportunity to be selected to contract with the county agency. Funds reimbursed to counties under this subdivision are subject to audit by the commissioner for fiscal and utilization control.

The lead agency must select providers for contracts or agreements using the following criteria and other criteria established by the county:

- (1) the need for the particular services offered by the provider;
- (2) the population to be served, including the number of clients, the length of time services will be provided, and the medical condition of clients;
- (3) the geographic area to be served;
- (4) quality assurance methods, including appropriate licensure, certification, or standards, and supervision of employees when needed;
- (5) rates for each service and unit of service exclusive of county administrative costs;
- (6) evaluation of services previously delivered by the provider; and
- (7) contract or agreement conditions, including billing requirements, cancellation, and indemnification.

The county must evaluate its own agency services under the criteria established for other providers. The county shall provide a written statement of the reasons for not selecting providers.

Sec. 61. Minnesota Statutes 1992, section 256B.0913, subdivision 12, is amended to read:

Subd. 12. [CLIENT PREMIUMS.] (a) A premium is required for all 180-day eligible clients to help pay for the cost of participating in the program. The amount of the premium for the alternative care client shall be determined as follows:

- (1) when the alternative care client's gross income less recurring and predictable medical expenses is greater than the medical assistance income standard but less than 150 percent of the federal poverty guideline, and total assets are less than \$6,000, the fee is zero;
- (2) when the alternative care client's gross income less recurring and predictable medical expenses is greater than 150 percent of the federal poverty guideline and total assets are less than \$6,000, the fee is 25 percent of the cost of alternative care services or the difference between 150 percent of the federal poverty guideline and the client's gross income less recurring and predictable medical expenses, whichever is less; and

(3) when the alternative care client's total assets are greater than \$6,000, the fee is 25 percent of the cost of alternative care services.

For married persons, total assets are defined as the total marital assets less the estimated community spouse asset allowance, under section 256B.059, if applicable. For married persons, total income is defined as the client's income less the monthly spousal allotment, under section 256B.058.

All alternative care services except case management shall be included in the estimated costs for the purpose of determining 25 percent of the costs.

The monthly premium shall be calculated and be payable in the month in which the alternative care services begin and shall continue unaltered for six months until the semiannual reassessment unless the actual cost of services falls below the fee.

(b) The fee shall be waived by the commissioner when:

- (1) a person who is residing in a nursing facility is receiving case management only;
- (2) a person is applying for medical assistance;
- (3) a married couple is requesting an asset assessment under the spousal impoverishment provisions;
- (4) a person is a medical assistance recipient, but has been approved for alternative care-funded assisted living services;
- (5) a person is found eligible for alternative care, but is not yet receiving alternative care services;
- (6) a person is an adult foster care resident for whom alternative care funds are being used to meet a portion of the person's medical assistance spend-down, as authorized in subdivision 4; and
- (7) a person's fee under paragraph (a) is less than \$25.

(c) The county agency must collect the premium from the client and forward the amounts collected to the commissioner in the manner and at the times prescribed by the commissioner. Money collected must be deposited in the general fund and is appropriated to the commissioner for the alternative care program. The client must supply the county with the client's social security number at the time of application. If a client fails or refuses to pay the premium due, the county shall supply the commissioner with the client's social security number and other information the commissioner requires to collect the premium from the client. The commissioner shall collect unpaid premiums using the revenue recapture act in chapter 270A and other methods available to the commissioner. The commissioner may require counties to inform clients of the collection procedures that may be used by the state if a premium is not paid.

(d) The commissioner shall begin to adopt emergency or permanent rules governing client premiums within 30 days after July 1, 1991, including criteria for determining when services to a client must be terminated due to failure to pay a premium.

Sec. 62. Minnesota Statutes 1992, section 256B.0913, subdivision 13, is amended to read:

Subd. 13. ~~[COUNTY ALTERNATIVE CARE BIENNIAL PLAN.] The commissioner shall establish by rule, in accordance with chapter 14, procedures for the submittal and approval of a biennial county plan for the administration of the alternative care program and the coordination with other planning processes for the older adult. In addition to the procedures in rule, The county biennial plan for the preadmission screening program, the alternative care program, waivers for the elderly under section 256B.0915, and waivers for the disabled under section 256B.49, shall be incorporated into the biennial community social services act plan and shall meet the regulations and timelines of that plan.~~ This county biennial plan shall also include:

- (1) information on the administration of the preadmission screening program;
- (2) information on the administration of the home- and community-based services waivers for the elderly under section 256B.0915, and for the disabled under section 256B.49; and

~~(3) an application for targeted funds under subdivision 11; and~~

~~(4) an optional notice of intent to apply to participate in the long term care projects under section 256B.0917 information on the administration of the alternative care program.~~

Sec. 63. Minnesota Statutes 1992, section 256B.0913, subdivision 14, is amended to read:

Subd. 14. [REIMBURSEMENT AND RATE ADJUSTMENTS.] (a) Reimbursement for expenditures for the alternative care services shall be through the invoice processing procedures of the department's Medicaid Management Information System (MMIS), only with the approval of the client's case manager. To receive reimbursement, the county or vendor must submit invoices within 120 days following the month of service. The county agency and its vendors under contract shall not be reimbursed for services which exceed the county allocation.

(b) If a county collects less than 50 percent of the client premiums due under subdivision 12, the commissioner may withhold up to three percent of the county's final alternative care program allocation determined under subdivisions 10 and 11.

(c) Beginning July 1, 1991, the state will reimburse counties, up to the limits of state appropriations, according to the payment schedule in section 256.025 for the county share of costs incurred under this subdivision on or after January 1, 1991, for individuals who would be eligible for medical assistance within 180 days of admission to a nursing home.

(d) For fiscal years beginning on or after July 1, 1993, the commissioner of human services shall not provide automatic annual inflation adjustments for alternative care services. The commissioner of finance shall include as a budget change request in each biennial detailed expenditure budget submitted to the legislature under section 16A.11 annual adjustments in reimbursement rates for alternative care services based on the forecasted percentage change in the Home Health Agency Market Basket of Operating Costs, for the fiscal year beginning July 1, compared to the previous fiscal year, unless otherwise adjusted by statute. The Home Health Agency Market Basket of Operating Costs is published by Data Resources, Inc. The forecast to be used is the one published for the calendar quarter beginning January 1, six months prior to the beginning of the fiscal year for which rates are set.

(e) The county shall negotiate individual rates with vendors and may be reimbursed for actual costs up to the greater of the county's current approved rate or 65 percent of the current maximum rate for each alternative care service. Notwithstanding any other rule or statutory provision to the contrary, the commissioner shall not be authorized to increase rates by an annual inflation factor, unless so authorized by the legislature.

(f) On July 1, 1993, the commissioner shall increase the maximum rate for home delivered meals to \$4.50 per meal.

Sec. 64. Minnesota Statutes 1992, section 256B.0915, subdivision 1, is amended to read:

Subdivision 1. [AUTHORITY.] The commissioner is authorized to apply for a home- and community-based services waiver for the elderly, authorized under section 1915(c) of the Social Security Act, in order to obtain federal financial participation to expand the availability of services for persons who are eligible for medical assistance. The commissioner may apply for additional waivers or pursue other federal financial participation which is advantageous to the state for funding home care services for the frail elderly who are eligible for medical assistance. The provision of waived services to elderly and disabled medical assistance recipients must comply with the criteria approved in the waiver.

Sec. 65. Minnesota Statutes 1992, section 256B.0915, is amended by adding a subdivision to read:

Subd. 1a. [ELDERLY WAIVER CASE MANAGEMENT SERVICES.] Elderly case management services under the home and community-based services waiver for elderly individuals are available from providers meeting qualification requirements and the standards specified in subdivision 1b. Eligible recipients may choose any qualified provider of elderly case management services.

Sec. 66. Minnesota Statutes 1992, section 256B.0915, is amended by adding a subdivision to read:

Subd. 1b. [PROVIDER QUALIFICATIONS AND STANDARDS.] The commissioner must enroll qualified providers of elderly case management services under the home and community-based waiver for the elderly under section 1915(c) of the Social Security Act. The enrollment process shall ensure the provider's ability to meet the qualification

requirements and standards in this subdivision and other federal and state requirements of this service. A elderly case management provider is an enrolled medical assistance provider who is determined by the commissioner to have all of the following characteristics:

- (1) the legal authority for alternative care program administration under section 256B.0913;
- (2) the demonstrated capacity and experience to provide the components of case management to coordinate and link community resources needed by the eligible population;
- (3) administrative capacity and experience in serving the target population for whom it will provide services and in ensuring quality of services under state and federal requirements;
- (4) the legal authority to provide preadmission screening under section 256B.0911, subdivision 4;
- (5) a financial management system that provides accurate documentation of services and costs under state and federal requirements; and
- (6) the capacity to document and maintain individual case records under state and federal requirements.

Sec. 67. Minnesota Statutes 1992, section 256B.0915, is amended by adding a subdivision to read:

Subd. 1c. [CASE MANAGEMENT ACTIVITIES UNDER THE STATE PLAN.] The commissioner shall seek an amendment to the home and community-based services waiver for the elderly to implement the provisions of subdivisions 1a and 1b. If the commissioner is unable to secure the approval of the secretary of health and human services for the requested waiver amendment by December 31, 1993, the commissioner shall amend the medical assistance state plan to provide that case management provided under the home and community-based services waiver for the elderly is performed by counties as an administrative function for the proper and effective administration of the state medical assistance plan. Notwithstanding section 256.025, subdivision 3, the state shall reimburse counties for the nonfederal share of costs for case management performed as an administrative function under the home and community-based services waiver for the elderly.

Sec. 68. Minnesota Statutes 1992, section 256B.0915, subdivision 3, is amended to read:

Subd. 3. [LIMITS OF CASES, RATES, REIMBURSEMENT, AND FORECASTING.] (a) The number of medical assistance waiver recipients that a county may serve must be allocated according to the number of medical assistance waiver cases open on July 1 of each fiscal year. Additional recipients may be served with the approval of the commissioner.

(b) The monthly limit for the cost of waived services to an individual waiver client shall be the statewide average payment rate of the case mix resident class to which the waiver client would be assigned under medical assistance case mix reimbursement system. The statewide average payment rate is calculated by determining the statewide average monthly nursing home rate effective July 1 of the fiscal year in which the cost is incurred, less the statewide average monthly income of nursing home residents who are age 65 or older, and who are medical assistance recipients in the month of March of the previous state fiscal year. The following costs must be included in determining the total monthly costs for the waiver client:

- (1) cost of all waived services, including extended medical supplies and equipment; and
 - (2) cost of skilled nursing, home health aide, and personal care services reimbursable by medical assistance.
- (c) Medical assistance funding for skilled nursing services, home health aide, and personal care services for waiver recipients must be approved by the case manager and included in the individual care plan.
- (d) Expenditures for extended medical supplies and equipment that cost over \$150 per month for both the elderly waiver and the disabled waiver must have the commissioner's prior approval.
- (e) For the fiscal year beginning on July 1, 1993, and for subsequent fiscal years, the commissioner of human services shall not provide automatic annual inflation adjustments for home- and community-based waived services. The commissioner of finance shall include as a budget change request in each biennial detailed expenditure budget submitted to the legislature under section 16A.11 annual adjustments in reimbursement rates for home- and

community-based waived services, based on the forecasted percentage change in the Home Health Agency Market Basket of Operating Costs, for the fiscal year beginning July 1, compared to the previous fiscal year, unless otherwise adjusted by statute. The Home Health Agency Market Basket of Operating Costs is published by Data Resources, Inc. The forecast to be used is the one published for the calendar quarter beginning January 1, six months prior to the beginning of the fiscal year for which rates are set. The adult foster care rate shall be considered a difficulty of care payment and shall not include room and board.

(f) The adult foster care daily rate for the elderly and disabled waivers shall be negotiated between the county agency and the foster care provider. The rate established under this section shall not exceed the state average monthly nursing home payment for the case mix classification to which the individual receiving foster care is assigned, and it must allow for other waiver and medical assistance home care services to be authorized by the case manager.

(g) The assisted living and residential care service rates for elderly and disabled waivers shall be made to the vendor as a monthly rate negotiated with the county agency. The rate shall not exceed the nonfederal share of the greater of either the statewide or any of the geographic groups' weighted average monthly medical assistance nursing facility payment rate of the case mix resident class to which the elderly or disabled client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059. The rate may not cover direct rent or food costs.

(h) The county shall negotiate individual rates with vendors and may be reimbursed for actual costs up to the greater of the county's current approved rate or 65 percent of the current maximum rate for each service within each program.

(i) On July 1, 1993, the commissioner shall increase the maximum rate for home-delivered meals to \$4.50 per meal.

(j) Reimbursement for the medical assistance recipients under the approved waiver shall be made from the medical assistance account through the invoice processing procedures of the department's Medicaid Management Information System (MMIS), only with the approval of the client's case manager. The budget for the state share of the Medicaid expenditures shall be forecasted with the medical assistance budget, and shall be consistent with the approved waiver.

(k) Beginning July 1, 1991, the state shall reimburse counties according to the payment schedule in section 256.025 for the county share of costs incurred under this subdivision on or after January 1, 1991, for individuals who are receiving medical assistance.

Sec. 69. Minnesota Statutes 1992, section 256B.0917, subdivision 1, is amended to read:

Subdivision 1. [PURPOSE, MISSION, GOALS, AND OBJECTIVES.] (a) The purpose of implementing seniors' agenda for independent living (SAIL) projects under this section is to demonstrate a new cooperative strategy for the long-term care system in the state of Minnesota.

The projects are part of the initial biennial plan for a 20-year strategy. The mission of the 20-year strategy is to create a new community-based care paradigm for long-term care in Minnesota in order to maximize independence of the older adult population, and to ensure cost-effective use of financial and human resources. The goals for the 20-year strategy are to:

- (1) achieve a broad awareness and use of low-cost home care and other residential alternatives to nursing homes;
- (2) develop a statewide system of information and assistance to enable easy access to long-term care services;
- (3) develop sufficient alternatives to nursing homes to serve the increased number of people needing long-term care;
- (4) maintain the moratorium on new construction of nursing home beds and to lower the percentage of elderly persons served in institutional settings; and
- (5) build a community-based approach and community commitment to delivering long-term care services for elderly persons in their homes.

(b) The objective for the fiscal years 1992-1994 and 1993-1995 biennial plan is to ~~implement~~ continue at least four but not more than six projects in anticipation of a statewide program. These projects will ~~begin~~ continue the process of implementing: (1) a coordinated planning and administrative process; (2) a refocused function of the preadmission screening program; (3) the development of additional home, community, and residential alternatives to nursing homes; (4) a program to support the informal caregivers for elderly persons; (5) programs to strengthen the use of volunteers; and (6) programs to support the building of community commitment to provide long-term care for elderly persons.

This is done in conjunction with an expanded role of the interagency long-term care planning committee as described in section 144A.31. The services offered through these projects will be available to those who have their own funds to pay for services, as well as to persons who are eligible for medical assistance and to persons who are 180-day eligible clients to the extent authorized in this section.

Sec. 70. Minnesota Statutes 1992, section 256B.0917, subdivision 2, is amended to read:

Subd. 2. [DESIGN OF SAIL PROJECTS; LOCAL LONG-TERM CARE COORDINATING TEAM.] (a) The commissioner of human services in conjunction with the interagency long-term care planning committee's long-range strategic plan shall establish contract with SAIL projects in four to six counties or groups of counties to demonstrate the feasibility and cost-effectiveness of a local long-term care strategy that is consistent with the state's long-term care goals identified in subdivision 1. The commissioner shall publish a notice in the State Register announcing the availability of project funding and giving instructions for making an application. The instructions for the application shall identify the amount of funding available for project components.

(b) To be selected for the project, a county board or boards must establish a long-term care coordinating team consisting of county social service agencies, public health nursing service agencies, local boards of health, and the area agencies on aging in a geographic area which is responsible for:

- (1) developing a local long-term care strategy consistent with state goals and objectives;
- (2) submitting an application to be selected as a project;
- (3) coordinating planning for funds to provide services to elderly persons, including funds received under Title III of the Older Americans Act, Community Social Services Act, Title XX of the Social Security Act and the Local Public Health Act; and
- (4) ensuring efficient services provision and nonduplication of funding.

(c) The board or boards shall designate a public agency to serve as the lead agency. The lead agency receives and manages the project funds from the state and is responsible for the implementation of the local strategy. If selected as a project, the local long-term care coordinating team must semiannually evaluate the progress of the local long-term care strategy in meeting state measures of performance and results as established in the contract.

(d) Each member of the local coordinating team must indicate its endorsement of the local strategy. The local long-term care coordinating team may include in its membership other units of government which provide funding for services to the frail elderly. The team must cooperate with consumers and other public and private agencies, including nursing homes, in the geographic area in order to develop and offer a variety of cost-effective services to the elderly and their caregivers.

(e) The board or boards shall apply to be selected as a project. If the project is selected, the commissioner of human services shall contract with the lead agency for the project and shall provide additional administrative funds for implementing the provisions of the contract, within the appropriation available for this purpose.

(f) Projects shall be selected according to the following conditions:

- (1) No project may be selected unless it demonstrates that:
 - (i) the objectives of the local project will help to achieve the state's long-term care goals as defined in subdivision 1;
 - (ii) in the case of a project submitted jointly by several counties, all of the participating counties are contiguous;
 - (iii) there is a designated local lead agency that is empowered to make contracts with the state and local vendors on behalf of all participants;
 - (iv) the project proposal demonstrates that the local cooperating agencies have the ability to perform the project as described and that the implementation of the project has a reasonable chance of achieving its objectives;

(v) the project will serve an area that covers at least four counties or contains at least 2,500 persons who are 85 years of age or older, according to the projections of the state demographer or the census if the data is more recent; and

(vi) the local coordinating team documents efforts of cooperation with consumers and other agencies and organizations, both public and private, in planning for service delivery.

~~(2) If only two projects are selected, at least one of them must be from a metropolitan statistical area as determined by the United States Census Bureau; if three or four projects are selected, at least one but not more than two projects must be from a metropolitan statistical area; and if more than four projects are selected, at least two but not more than three projects must be from a metropolitan statistical area.~~

~~(3) Counties or groups of counties that submit a proposal for a project shall be assigned to types defined by institutional utilization rate and population growth rate in the following manner:~~

~~(i) Each county or group of counties shall be measured by the utilization rate of nursing homes and boarding care homes and by the projected growth rate of its population aged 85 and over between 1990 and 2000. For the purposes of this section, "utilization rate" means the proportion of the seniors aged 65 or older in the county or group of counties who reside in a licensed nursing home or boarding care home as determined by the most recent census of residents available from the department of health and the population estimates of the state demographer or the census, whichever is more recent. The "projected growth rate" is the rate of change in the county or group of counties of the population group aged 85 or older between 1990 and 2000 according to the projections of the state demographer.~~

~~(ii) The institutional utilization rate of a county or group of counties shall be converted to a category by assigning a "high utilization" category if the rate is above the median rate of all counties, and a "low utilization" category otherwise. The projected growth rate of a county or group of counties shall be converted to a category by assigning a score of "high growth" category if the rate is above the median rate of all counties, and a "low growth" category otherwise.~~

~~(iii) Types of areas shall be defined by the four combinations of the scores defined in item (ii): type 1 is low utilization high growth, type 2 is high utilization high growth, type 3 is high utilization low growth, and type 4 is low utilization low growth. Each county or group of counties making a proposal shall be assigned to one of these types.~~

~~(4) Projects shall be selected from each of the types in the order that the types are listed in paragraph (3), item (iii), with available funding allocated to projects until it is exhausted, with no more than 30 percent of available funding allocated to any one project. Available funding includes state administrative funds which have been appropriated for screening functions in subdivision 4, paragraph (b), clause (3), and for service developers and incentive grants in subdivision 5.~~

~~(5) If more than one county or group of counties within one of the types defined by paragraph (3) proposes a special project that meets all of the other conditions in paragraphs (1) and (2), the project that demonstrates the most cost effective proposals in terms of the number of nursing home placements that can be expected to be diverted or converted to alternative care services per unit of cost shall be selected.~~

~~(6) If more than one county applies for a specific project under this subdivision, all participating county boards must indicate intent to work cooperatively through individual board resolutions or a joint powers agreement.~~

Sec. 71. Minnesota Statutes 1992, section 256B.0917, subdivision 3, is amended to read:

Subd. 3. [LOCAL LONG-TERM CARE STRATEGY.] The local long-term care strategy must list performance outcomes and indicators which meet the state's objectives. The local strategy must provide for:

(1) accessible information, assessment, and preadmission screening activities as described in subdivision 4;

(2) an application for expansion increase in numbers of alternative care targeted funds clients served under section 256B.0913, for serving 180 day eligible clients, including those who are relocated from nursing homes, which results in a reduction of the medical assistance nursing home caseload; and

(3) the development of additional services such as adult family foster care homes; family adult day care; assisted living projects and congregate housing service projects in apartment buildings; expanded home care services for evenings and weekends; expanded volunteer services; and caregiver support and respite care projects.

The county or groups of counties selected for the projects shall be required to comply with federal regulations, alternative care funding policies in section 256B.0913, and the federal waiver programs' policies in section 256B.0915. The requirements for preadmission screening as are defined in section 256B.0911, subdivisions 1 to 6, ~~are waived for those counties selected as part of a long-term care strategy project. For persons who are eligible for medical assistance or who are 180 day eligible clients and who are screened after nursing facility admission, the nursing facility must include a screener in the discharge planning process for those individuals who the screener has determined have discharge potential. The agency responsible for the screening function in subdivision 4 must ensure a smooth transition and follow up for the individual's return to the community.~~ Requirements for an access, screening, and assessment function ~~replace the preadmission screening requirements and are defined in subdivision 4.~~ Requirements for the service development and service provision are defined in subdivision 5.

Sec. 72. Minnesota Statutes 1992, section 256B.0917, subdivision 4, is amended to read:

Subd. 4. [ACCESSIBLE INFORMATION, SCREENING, AND ASSESSMENT FUNCTION.] (a) The projects selected by and under contract with the commissioner shall establish an accessible information, screening, and assessment function for persons who need assistance and information regarding long-term care. This accessible information, screening, and assessment activity shall include information and referral, early intervention, follow-up contacts, telephone ~~triage~~ screening as defined in paragraph (f), home visits, assessments, preadmission screening, and relocation case management for the frail elderly and their caregivers in the area served by the county or counties. The purpose is to ensure that information and help is provided to elderly persons and their families in a timely fashion, when they are making decisions about long-term care. These functions may be split among various agencies, but must be coordinated by the local long-term care coordinating team.

(b) Accessible information, screening, and assessment functions shall be reimbursed as follows:

(1) ~~The screenings of all persons entering nursing homes shall be reimbursed by the nursing homes in the counties of the project, through the same policy that is in place in fiscal year 1992 as established as defined in section 256B.0911. The amount a nursing home pays to the county agency is that amount identified and approved in the February 15, 1991, estimated number of screenings and associated expenditures. This amount remains the same for fiscal year 1993, subdivision 6; and~~

(2) ~~The level I screenings and the level II assessments required by Public Law Numbers 100-203 and 101-508 (OBRA) for persons with mental illness, mental retardation, or related conditions, are reimbursed through administrative funds with 75 percent federal funds and 25 percent state funds, as allowed by federal regulations and established in the contract; and~~

(3) Additional state administrative funds shall be available for the access, screening, and assessment activities that are not reimbursed under ~~clauses~~ clause (1) ~~and~~ (2). This amount shall not exceed the amount authorized in the guidelines and in instructions for the application and must be within the amount appropriated for this activity.

(c) ~~The amounts available under paragraph (b) are available to the county or counties involved in the project to cover staff salaries and expenses to provide the services in this subdivision. The lead agency shall employ, or contract with other agencies to employ, within the limits of available funding, sufficient personnel to provide the services listed in this subdivision.~~

(d) Any information and referral functions funded by other sources, such as Title III of the Older Americans Act and Title XX of the Social Security Act and the Community Social Services Act, shall be considered by the local long-term care coordinating team in establishing this function to avoid duplication and to ensure access to information for persons needing help and information regarding long-term care.

(e) ~~The staffing for the screening and assessment function must include, but is not limited to, a county social worker and a county public health nurse. The social worker and public health nurse are responsible for all assessments that are required to be completed by a professional. However, only one of these professionals is required to be present for the assessment. If a county does not have a public health nurse available, it may request approval from the commissioner to assign a county registered nurse with at least one year of experience in home care to conduct the assessment.~~

~~(f) All persons entering a Medicaid certified nursing home or boarding care home must be screened through an assessment process, although the decision to conduct a face to face interview is left with the county social worker and the county public health nurse. All applicants to nursing homes must be screened and approved for admission by the county social worker or the county public health nurse named by the lead agency or the agencies which are under contract with the lead agency to manage the access, screening, and assessment functions. For applicants who have a diagnosis of mental illness, mental retardation, or a related condition, and are subject to the provisions of Public Law Numbers 100-203 and 101-508, their admission must be approved by the local mental health authority or the local developmental disabilities case manager.~~

The commissioner shall develop instructions and assessment forms for telephone triage and on-site screenings to ensure that federal regulations and waiver provisions are met.

~~For purposes of this section, the term "telephone triage" refers to a telephone or face to face consultation between health care and social service professionals during which the clients' circumstances are reviewed and the county agency professional sorts the individual into categories: (1) needs no screening, (2) needs an immediate screening, or (3) needs a screening after admission to a nursing home or after a return home. The county agency professional shall authorize admission to a nursing home according to the provisions in section 256B.0911, subdivision 7.~~

~~(g) The requirements for case mix assessments by a preadmission screening team may be waived and the nursing home shall complete the case mix assessments which are not conducted by the county public health nurse according to the procedures established under Minnesota Rules, part 9549.0059. The appropriate county or the lead agency is responsible for distributing the quality assurance and review form for all new applicants to nursing homes.~~

~~(h) (d) The lead agency or the agencies under contract with the lead agency which are responsible for the accessible information, screening, and assessment function must complete the forms and reports required by the commissioner as specified in the contract.~~

Sec. 73. Minnesota Statutes 1992, section 256B.0917, subdivision 5, is amended to read:

Subd. 5. [SERVICE DEVELOPMENT AND SERVICE DELIVERY.] (a) In addition to the access, screening, and assessment activity, each local strategy may include provisions for the following:

~~(1) expansion of alternative care to serve an increased caseload, over the fiscal year 1991 average caseload, of at least 100 persons each year who are assessed prior to nursing home admission and persons who are relocated from nursing homes, which results in a reduction of the medical assistance nursing home caseload;~~

~~(2) the addition of a full-time staff person who is responsible to develop the following services and recruit providers as established in the contract:~~

~~(i) additional adult family foster care homes;~~

~~(ii) family adult day care providers as defined in section 256B.0919, subdivision 2;~~

~~(iii) an assisted living program in an apartment;~~

~~(iv) a congregate housing service project in a subsidized housing project; and~~

~~(v) the expansion of evening and weekend coverage of home care services as deemed necessary by the local strategic plan;~~

~~(3) (2) small incentive grants to new adult family care providers for renovations needed to meet licensure requirements;~~

~~(4) (3) a plan to apply for a congregate housing service project as identified in section 256.9751, authorized by the Minnesota board on aging, to the extent that funds are available;~~

(5) (4) a plan to divert new applicants to nursing homes and to relocate a targeted population from nursing homes, using the individual's own resources or the funding available for services;

(6) (5) one or more caregiver support and respite care projects, as described in subdivision 6; and

(7) (6) one or more living-at-home/block nurse projects, as described in subdivisions 7 to 10.

(b) The expansion of alternative care clients under paragraph (a) shall be accomplished with the funds provided under section 256B.0913, and includes the allocation of targeted funds. The funding for all participating counties must be coordinated by the local long-term care coordinating team and must be part of the local long-term care strategy. Targeted Alternative care funds received through the SAIL project approval process may be transferred from one SAIL county to another within a designated SAIL project area during a fiscal year as authorized by the local long-term care coordinating team and approved by the commissioner. The base allocation used for a future year shall reflect the final transfer. Each county retains responsibility for reimbursement as defined in section 256B.0913, subdivision 12. All other requirements for the alternative care program must be met unless an exception is provided in this section. The commissioner may establish by contract a reimbursement mechanism for alternative care that does not require invoice processing through the Medical Assistance Management Information System (MMIS). The commissioner and local agencies must assure that the same client and reimbursement data is obtained as is available under MMIS.

(c) The administration of these components is the responsibility of the agencies selected by the local coordinating team and under contract with the local lead agency. However, administrative funds for paragraph (a), clauses (2) to (5), and grant funds for paragraph (a), clauses (6) and (7), shall be granted to the local lead agency. The funding available for each component is based on the plan submitted and the amount negotiated in the contract.

Sec. 74. Minnesota Statutes 1992, section 256B.0917, subdivision 11, is amended to read:

Subd. 11. [SAIL EVALUATION AND EXPANSION.] The commissioner shall evaluate the success of the SAIL projects against the objective stated in subdivision 1, paragraph (b), and recommend to the legislature the continuation or expansion of the long-term care strategy by February 15, 1993 1995.

Sec. 75. Minnesota Statutes 1992, section 256B.0917, subdivision 12, is amended to read:

Subd. 12. [PUBLIC AWARENESS CAMPAIGN.] The commissioner, with assistance from the commissioner of health and with the advice of the long-term care planning committee, shall contract for a public awareness campaign to educate the general public, seniors, consumers, caregivers, and professionals about the aging process, the long-term care system, and alternatives available including alternative care and residential alternatives. Particular emphasis will be given to informing consumers on how to access the alternatives and obtain information on the long-term care system. The commissioner shall pursue the development of new names for preadmission screening, alternative care, and foster care, and other services as deemed necessary for the public awareness campaign.

Sec. 76. Minnesota Statutes 1992, section 256B.093, subdivision 1, is amended to read:

(1) establish and maintain statewide traumatic brain injury ~~case management program~~;

(2) designate a full-time position to supervise and coordinate services and policies for persons with traumatic brain injuries;

(3) contract with qualified agencies or employ staff to provide statewide administrative case management; and

(4) establish an advisory committee to provide recommendations in a report to the ~~department commissioner~~ regarding program and service needs of persons with traumatic brain injuries. The advisory committee shall consist of no less than ten members and no more than 30 members. The commissioner shall appoint all advisory committee members to one- or two-year terms and appoint one member as chair; and

(5) investigate the need for the development of rules or statutes for:

(i) traumatic brain injury home and community-based services waiver; and

(ii) traumatic brain injury services not covered by any other statute or rule.

Sec. 77. Minnesota Statutes 1992, section 256B.093, subdivision 3, is amended to read:

Subd. 3. [~~CASE MANAGEMENT TRAUMATIC BRAIN INJURY PROGRAM DUTIES.~~] The department shall fund case management under this subdivision using medical assistance administrative funds. ~~Case management~~ The traumatic brain injury program duties include:

- (1) assessing the person's individual needs for services required to prevent institutionalization;
- (2) ensuring that a care plan that addresses the person's needs is developed, implemented, and monitored on an ongoing basis by the appropriate agency or individual;
- (3) assisting the person in obtaining services necessary to allow the person to remain in the community;
- (4) coordinating home care services with other medical assistance services under section 256B.0625;
- (5) ensuring appropriate, accessible, and cost-effective medical assistance services;

Sec. 78. Minnesota Statutes 1992, section 256B.15, subdivision 1, is amended to read:

Subdivision 1. [DEFINITION.] For purposes of this section, "medical assistance" includes the medical assistance program under this chapter and the general assistance medical care program under chapter 256D, but does not include the alternative care program ~~under this chapter~~ for nonmedical assistance recipients under section 256B.0913, subdivision 4.

Sec. 79. Minnesota Statutes 1992, section 256B.15, subdivision 2, is amended to read:

Subd. 2. [LIMITATIONS ON CLAIMS.] The claim shall include only the total amount of medical assistance rendered after age 65 or during a period of institutionalization described in subdivision 1 1a, clause (b), and the total amount of general assistance medical care rendered, and shall not include interest. Claims that have been allowed but not paid shall bear interest according to section 524.3-806, paragraph (d). A claim against the estate of a surviving spouse who did not receive medical assistance, for medical assistance rendered for the predeceased spouse, is limited to the value of the assets of the estate that were marital property or jointly owned property at any time during the marriage.

Sec. 80. Minnesota Statutes 1992, section 256B.19, subdivision 1b, is amended to read:

Subd. 1b. [PORTION OF NONFEDERAL SHARE TO BE PAID BY GOVERNMENT HOSPITALS.] (a) In addition to the percentage contribution paid by a county under subdivision 1, the governmental units designated in this subdivision shall be responsible for an additional portion of the nonfederal share of medical assistance costs

attributable to them. For purposes of this subdivision, "designated governmental unit" means Hennepin county, the University of Minnesota and the public corporation known as Ramsey Health Care, Inc. which is operated under the authority of chapter 246A. For purposes of this subdivision, "public hospital" means the Hennepin County Medical Center, the University of Minnesota hospital, and the St. Paul-Ramsey Medical Center.

(b) Effective July 1, 1993, each of the Hennepin county and the Ramsey Health Care, Inc. public corporation governmental units designated in this subdivision shall on a monthly basis transfer an amount equal to two percent of the public hospital's net patient revenues, excluding net Medicare revenue to the state Medicaid agency. These sums shall be part of the local governmental unit's portion of the nonfederal share of medical assistance costs, but shall not be subject to payback provisions of section 256.025.

(c) Effective July 1, 1994, each of the governmental units designated in this subdivision shall on a monthly basis transfer an amount equal to two percent of the public hospital's net patient revenues, excluding net Medicare revenue to the state Medicaid agency. These sums shall be part of the local governmental unit's portion of the nonfederal share of medical assistance costs, but shall not be subject to payback provisions of section 256.025.

Sec. 81. Minnesota Statutes 1992, section 256B.37, subdivision 3, is amended to read:

Subd. 3. [NOTICE.] The state agency must be given notice of monetary claims against a person, firm, or corporation that may be liable in damages, or otherwise obligated to pay part or all of the cost of medical care when the state agency has paid or become liable for the cost of care. Notice must be given as follows:

(a) Applicants for medical assistance shall notify the state or local agency of any possible claims when they submit the application. Recipients of medical assistance shall notify the state or local agency of any possible claims when those claims arise.

(b) A person providing medical care services to a recipient of medical assistance shall notify the state agency when the person has reason to believe that a third party may be liable for payment of the cost of medical care.

(c) A person who is party to a claim upon which the state agency may be entitled to subrogation under this section shall notify the state agency of its potential subrogation claim before filing a claim, commencing an action, or negotiating a settlement. A person who is a party to a claim includes the plaintiff, the defendant, and any other party to the cause of action.

Notice given to the local agency is not sufficient to meet the requirements of paragraphs (b) and (c).

Sec. 82. Minnesota Statutes 1992, section 256B.37, subdivision 5, is amended to read:

Subd. 5. [PRIVATE BENEFITS TO BE USED FIRST.] Private accident and health care coverage for medical services is primary coverage and must be exhausted before medical assistance is paid. When a person who is otherwise eligible for medical assistance has private accident or health care coverage, including a prepaid health plan, the private health care benefits available to the person must be used first and to the fullest extent. ~~Supplemental payment may be made by medical assistance, but the combined total amount paid must not exceed the amount payable under medical assistance in the absence of other coverage. Medical assistance must not make supplemental payment for covered services rendered by a vendor who participates or contracts with a health coverage plan if the plan requires the vendor to accept the plan's payment as payment in full.~~

Sec. 83. Minnesota Statutes 1992, section 256B.37, is amended by adding a subdivision to read:

Subd. 5a. [SUPPLEMENTAL PAYMENT BY MEDICAL ASSISTANCE.] Medical assistance payment will not be made when either covered charges are paid in full by a third party or the provider has an agreement to accept payment for less than charges as payment in full. Payment for patients that are simultaneously covered by medical assistance and a liable third party other than Medicare will be determined as the lesser of clauses (1) to (3):

(1) the patient liability according to the provider/insurer agreement; or

(2) covered charges minus the third party payment amount; or

(3) the medical assistance rate minus the third party payment amount.

A negative difference will not be implemented.

Sec. 84. Minnesota Statutes 1992, section 256B.431, subdivision 2b, is amended to read:

Subd. 2b. [OPERATING COSTS, AFTER JULY 1, 1985.] (a) For rate years beginning on or after July 1, 1985, the commissioner shall establish procedures for determining per diem reimbursement for operating costs.

(b) The commissioner shall contract with an econometric firm with recognized expertise in and access to national economic change indices that can be applied to the appropriate cost categories when determining the operating cost payment rate.

(c) The commissioner shall analyze and evaluate each nursing facility's cost report of allowable operating costs incurred by the nursing facility during the reporting year immediately preceding the rate year for which the payment rate becomes effective.

(d) The commissioner shall establish limits on actual allowable historical operating cost per diems based on cost reports of allowable operating costs for the reporting year that begins October 1, 1983, taking into consideration relevant factors including resident needs, geographic location, size of the nursing facility, and the costs that must be incurred for the care of residents in an efficiently and economically operated nursing facility. In developing the geographic groups for purposes of reimbursement under this section, the commissioner shall ensure that nursing facilities in any county contiguous to the Minneapolis-St. Paul seven-county metropolitan area are included in the same geographic group. The limits established by the commissioner shall not be less, in the aggregate, than the 60th percentile of total actual allowable historical operating cost per diems for each group of nursing facilities established under subdivision 1 based on cost reports of allowable operating costs in the previous reporting year. For rate years beginning on or after July 1, 1989, facilities located in geographic group I as described in Minnesota Rules, part 9549.0052, on January 1, 1989, may choose to have the commissioner apply either the care related limits or the other operating cost limits calculated for facilities located in geographic group II, or both, if either of the limits calculated for the group II facilities is higher. The efficiency incentive for geographic group I nursing facilities must be calculated based on geographic group I limits. The phase-in must be established utilizing the chosen limits. For purposes of these exceptions to the geographic grouping requirements, the definitions in Minnesota Rules, parts 9549.0050 to 9549.0059 (Emergency), and 9549.0010 to 9549.0080, apply. The limits established under this paragraph remain in effect until the commissioner establishes a new base period. Until the new base period is established, the commissioner shall adjust the limits annually using the appropriate economic change indices established in paragraph (e). In determining allowable historical operating cost per diems for purposes of setting limits and nursing facility payment rates, the commissioner shall divide the allowable historical operating costs by the actual number of resident days, except that where a nursing facility is occupied at less than 90 percent of licensed capacity days, the commissioner may establish procedures to adjust the computation of the per diem to an imputed occupancy level at or below 90 percent. The commissioner shall establish efficiency incentives as appropriate. The commissioner may establish efficiency incentives for different operating cost categories. The commissioner shall consider establishing efficiency incentives in care related cost categories. The commissioner may combine one or more operating cost categories and may use different methods for calculating payment rates for each operating cost category or combination of operating cost categories. For the rate year beginning on July 1, 1985, the commissioner shall:

(1) allow nursing facilities that have an average length of stay of 180 days or less in their skilled nursing level of care, 125 percent of the care related limit and 105 percent of the other operating cost limit established by rule; and

(2) exempt nursing facilities licensed on July 1, 1983, by the commissioner to provide residential services for the physically handicapped under Minnesota Rules, parts 9570.2000 to 9570.3600, from the care related limits and allow 105 percent of the other operating cost limit established by rule.

For the purpose of calculating the other operating cost efficiency incentive for nursing facilities referred to in clause (1) or (2), the commissioner shall use the other operating cost limit established by rule before application of the 105 percent.

(e) The commissioner shall establish a composite index or indices by determining the appropriate economic change indicators to be applied to specific operating cost categories or combination of operating cost categories.

(f) Each nursing facility shall receive an operating cost payment rate equal to the sum of the nursing facility's operating cost payment rates for each operating cost category. The operating cost payment rate for an operating cost category shall be the lesser of the nursing facility's historical operating cost in the category increased by the appropriate index established in paragraph (e) for the operating cost category plus an efficiency incentive established pursuant to paragraph (d) or the limit for the operating cost category increased by the same index. If a nursing facility's actual historic operating costs are greater than the prospective payment rate for that rate year, there shall be no retroactive cost settle-up. In establishing payment rates for one or more operating cost categories, the commissioner may establish separate rates for different classes of residents based on their relative care needs.

(g) The commissioner shall include the reported actual real estate tax liability or payments in lieu of real estate tax of each nursing facility as an operating cost of that nursing facility. Allowable costs under this subdivision for payments made by a nonprofit nursing facility that are in lieu of real estate taxes shall not exceed the amount which the nursing facility would have paid to a city or township and county for fire, police, sanitation services, and road maintenance costs had real estate taxes been levied on that property for those purposes. For rate years beginning on or after July 1, 1987, the reported actual real estate tax liability or payments in lieu of real estate tax of nursing facilities shall be adjusted to include an amount equal to one-half of the dollar change in real estate taxes from the prior year. The commissioner shall include a reported actual special assessment, and reported actual license fees required by the Minnesota department of health, for each nursing facility as an operating cost of that nursing facility. For rate years beginning on or after July 1, 1989, the commissioner shall include a nursing facility's reported public employee retirement act contribution for the reporting year as apportioned to the care-related operating cost categories and other operating cost categories multiplied by the appropriate composite index or indices established pursuant to paragraph (e) as costs under this paragraph. Total adjusted real estate tax liability, payments in lieu of real estate tax, actual special assessments paid, the indexed public employee retirement act contribution, and license fees paid as required by the Minnesota department of health, for each nursing facility (1) shall be divided by actual resident days in order to compute the operating cost payment rate for this operating cost category, (2) shall not be used to compute the care-related operating cost limits or other operating cost limits established by the commissioner, and (3) shall not be increased by the composite index or indices established pursuant to paragraph (e), unless otherwise indicated in this paragraph.

(h) For rate years beginning on or after July 1, 1987, the commissioner shall adjust the rates of a nursing facility that meets the criteria for the special dietary needs of its residents as ~~specified in section 144A.071, subdivision 3, clause (e)~~, and the requirements in section 31.651. The adjustment for raw food cost shall be the difference between the nursing facility's allowable historical raw food cost per diem and 115 percent of the median historical allowable raw food cost per diem of the corresponding geographic group.

The rate adjustment shall be reduced by the applicable phase-in percentage as provided under subdivision 2h.

Sec. 85. Minnesota Statutes 1992, section 256B.431, is amended by adding a subdivision to read:

Subd. 2s. [ADEQUATE DOCUMENTATION SUPPORTING NURSING FACILITY PAYROLLS.] Beginning on July 1, 1993, payroll records supporting compensation costs claimed by nursing homes must be supported by affirmative time and attendance records prepared by each individual at intervals of not more than two weeks. The affirmative time and attendance record shall identify the individual's name, the days worked during each pay period, the number of hours worked each day and the number of hours taken each day by the employee for vacation sick and other leave. The affirmative time and attendance record shall include a signed verification by the individual and the individual's supervisor, if any, that the entries reported on the record are correct.

Sec. 86. Minnesota Statutes 1992, section 256B.431, subdivision 13, is amended to read:

Subd. 13. [HOLD-HARMLESS PROPERTY-RELATED RATES.] (a) Terms used in subdivisions 13 to 21 shall be as defined in Minnesota Rules, parts 9549.0010 to 9549.0080, and this section.

(b) Except as provided in this subdivision, for rate periods beginning on October 1, 1992, and for rate years beginning after June 30, 1993, the property-related rate for a nursing facility shall be the greater of \$4 or the property-related payment rate in effect on September 30, 1992. In addition, the incremental increase in the nursing facility's rental rate will be determined under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section.

(c) Notwithstanding Minnesota Rules, part 9549.0060, subpart 13, item F, a nursing facility that has a sale permitted under subdivision 14 after June 30, 1992, shall receive the property-related payment rate in effect at the time of the sale or reorganization. For rate periods beginning after October 1, 1992, and for rate years beginning after June 30, 1993, a nursing facility shall receive, in addition to its property-related payment rate in effect at the time of the sale, the incremental increase allowed under subdivision 14.

(d) For rate years beginning on or after July 1, 1993, the property-related payment rate for a nursing facility shall be the greater of \$3.50, 80 percent of the property-related payment rate in effect on June 30, 1993, or 125 percent of the nursing facility's allowable principal and interest expense divided by the nursing facility's capacity days as determined under Minnesota Rules, part 9549.0060, subpart 11, as modified by subdivision 3f, paragraph (c); except that the nursing facility's property-related payment rate must not exceed the property-related payment rate in effect on June 30, 1993.

(e) For rate years beginning after June 30, 1993, the property-related rate for a nursing facility licensed after July 1, 1989, after relocating its beds from a separate nursing home to a building formerly used as a hospital and sold during the cost reporting year ending September 30, 1991, shall be its property-related rate prior to the sale in addition to the incremental increases provided under this section effective on October 1, 1992, of 29 cents per day, and any incremental increases after October 1, 1992, calculated by using its rental rate under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section, recognizing the current appraised value of the facility at the new location, and including as allowable debt otherwise allowable debt incurred to remodel the facility in the new location prior to the relocation of beds.

Sec. 87. Minnesota Statutes 1992, section 256B.431, subdivision 14, is amended to read:

Subd. 14. [LIMITATIONS ON SALES OF NURSING FACILITIES.] (a) For rate periods beginning on October 1, 1992, and for rate years beginning after June 30, 1993, a nursing facility's property-related payment rate as established under subdivision 13 shall be adjusted by either paragraph (b) or (c) for the sale of the nursing facility, including sales occurring after June 30, 1992, as provided in this subdivision.

(b) If the nursing facility's property-related payment rate under subdivision 13 prior to sale is greater than the nursing facility's rental rate under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section prior to sale, the nursing facility's property-related payment rate after sale shall be the greater of its property-related payment rate under subdivision 13 prior to sale or its rental rate under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section calculated after sale.

(c) If the nursing facility's property-related payment rate under subdivision 13 prior to sale is equal to or less than the nursing facility's rental rate under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section prior to sale, the nursing facility's property-related payment rate after sale shall be the nursing facility's property-related payment rate under subdivision 13 plus the difference between its rental rate calculated under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section prior to sale and its rental rate calculated under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section calculated after sale.

(d) For purposes of this subdivision, "sale" means the purchase of a nursing facility's capital assets with cash or debt. The term sale does not include a stock purchase of a nursing facility or any of the following transactions:

- (1) a sale and leaseback to the same licensee that does not constitute a change in facility license;
- (2) a transfer of an interest to a trust;
- (3) gifts or other transfers for no consideration;
- (4) a merger of two or more related organizations;
- (5) a change in the legal form of doing business, other than a publicly held organization that becomes privately held or vice versa;
- (6) the addition of a new partner, owner, or shareholder who owns less than 20 percent of the nursing facility or the issuance of stock; and

(7) a sale, merger, reorganization, or any other transfer of interest between related organizations other than those permitted in this section. For purposes of this subdivision "sale" includes the sale or transfer of a nursing facility to a close relative as defined in Minnesota Rules, part 9549.0020, subpart 38, item C, upon the death of an owner, due to serious illness or disability, as defined under the Social Security Act, under United States Code, title 42, section 423(d)(1)(A), or upon retirement of an owner from the business of owning or operating a nursing home at 62 years of age or older. For sales to a close relative allowed under this clause, otherwise allowable related organization debt resulting from seller financing of all or a portion of the debt resulting from the sale shall be allowed and shall not be subject to Minnesota Rules, part 9549.0060, subpart 5, item E, provided that in addition to existing requirements for allowance of debt and interest, the debt is subject to repayment through annual principal payments and the interest rate on the related organization debt does not exceed three percentage points above the posted yield for standard conventional fixed rate mortgages of the Federal Home Loan Mortgage Corporation for delivery in 60 days as published in the Wall Street Journal and in effect on the day of sale. If at any time, the seller forgives or otherwise reduces the amount of the related organization debt allowed under this clause between the parties for other than equal amount of payment on that debt, then the buyer shall pay to the state the total revenue received by the facility after

the sale attributable to the amount of allowable debt which has been forgiven or otherwise reduced for less than fair value. Any assignment, sale, or transfer of the contract for deed or debt instrument entered into by the related organization seller and the related organization buyer that grants to the buyer the right to receive all or a portion of the payments under the contract for deed or debt instrument shall, effective on the date of the transfer, result in the prospective reduction in the allowable related organization debt equal to the total amount transferred attributable to payment of principal and effective beginning with the cost reporting period during which the transfer takes place shall result in the offset against allowable interest of amounts received pursuant to the transfer annually thereafter attributable to payment of interest.

(e) For purposes of this subdivision, "effective date of sale" means the later of either the date on which legal title to the capital assets is transferred or the date on which closing for the sale occurred.

(f) The effective day for the property-related payment rate determined under this subdivision shall be the first day of the month following the month in which the effective date of sale occurs or October 1, 1992, whichever is later, provided that the notice requirements under section 256B.47, subdivision 2, have been met.

(g) Notwithstanding Minnesota Rules, part 9549.0060, subparts 5, item A, subitems (3) and (4), and 7, items E and F, the commissioner shall limit the total allowable debt and related interest for sales occurring after June 30, 1992, to the sum of clauses (1) to (3):

(1) the historical cost of capital assets, as of the nursing facility's most recent previous effective date of sale or, if there has been no previous sale, the nursing facility's initial historical cost of constructing capital assets;

(2) the average annual capital asset additions after deduction for capital asset deletions, not including depreciations; and

(3) one-half of the allowed inflation on the nursing facility's capital assets. The commissioner shall compute the allowed inflation as described in paragraph (h).

(h) For purposes of computing the amount of allowed inflation, the commissioner must apply the following principles:

(1) the lesser of the Consumer Price Index for all urban consumers or the Dodge Construction Systems Costs for Nursing Homes for any time periods during which both are available must be used. If the Dodge Construction Systems Costs for Nursing Homes becomes unavailable, the commissioner shall substitute the index in subdivision 3f, or such other index as the secretary of the health care financing administration may designate;

(2) the amount of allowed inflation to be applied to the capital assets in paragraph (g), clauses (1) and (2), must be computed separately;

(3) the amount of allowed inflation must be determined on an annual basis, prorated on a monthly basis for partial years and if the initial month of use is not determinable for a capital asset, then one-half of that calendar year shall be used for purposes of prorating;

(4) the amount of allowed inflation to be applied to the capital assets in paragraph (g), clauses (1) and (2), must not exceed 300 percent of the total capital assets in any one of those clauses; and

(5) the allowed inflation must be computed starting with the month following the nursing facility's most recent previous effective date of sale or, if there has been no previous sale, the month following the date of the nursing facility's initial occupancy, and ending with the month preceding the effective date of sale.

(i) If the historical cost of a capital asset is not readily available for the date of the nursing facility's most recent previous sale or if there has been no previous sale for the date of the nursing facility's initial occupancy, then the commissioner shall limit the total allowable debt and related interest after sale to the extent recognized by the Medicare intermediary after the sale. For a nursing facility that has no historical capital asset cost data available and does not have allowable debt and interest calculated by the Medicare intermediary, the commissioner shall use the historical cost of capital asset data from the point in time for which capital asset data is recorded in the nursing facility's audited financial statements.

(j) The limitations in this subdivision apply only to debt resulting from a sale of a nursing facility occurring after June 30, 1992, including debt assumed by the purchaser of the nursing facility.

Sec. 88. Minnesota Statutes 1992, section 256B.431, subdivision 15, is amended to read:

Subd. 15. [CAPITAL REPAIR AND REPLACEMENT COST REPORTING AND RATE CALCULATION.] For rate years beginning after June 30, 1993, a nursing facility's capital repair and replacement payment rate shall be established annually as provided in paragraphs (a) to (d).

(a) Notwithstanding Minnesota Rules, part 9549.0060, subpart 12, the costs of acquiring any of the following items, including cash payment for equity investment and principal and interest expense for debt financing, shall be reported in the capital repair and replacement cost category when the cost of the item exceeds \$500:

- (1) wall coverings;
- (2) paint;
- (3) floor coverings;
- (4) window coverings;
- (5) roof repair;
- (6) heating or cooling system repair or replacement;
- (7) window repair or replacement;

(8) initiatives designed to reduce energy usage by the facility if accompanied by an energy audit prepared by a professional engineer or architect registered in Minnesota, or by an auditor certified under Minnesota Rules, part 7635.0130, to do energy audits and the energy audit identifies the initiative as a conservation measure; and

(9) ~~capitalized~~ repair or replacement of capital assets not included in the equity incentive computations under subdivision 16.

(b) To compute the capital repair and replacement payment rate, the allowable annual repair and replacement costs for the reporting year must be divided by actual resident days for the reporting year. The annual allowable capital repair and replacement costs shall not exceed \$150 per licensed bed. The excess of the allowed capital repair and replacement costs over the capital repair and replacement limit shall be a cost carryover to succeeding cost reporting periods, except that sale of a facility, under subdivision 14, shall terminate the carryover of all costs except those incurred in the most recent cost reporting year. The termination of the carryover shall have effect on the capital repair and replacement rate on the same date as provided in subdivision 14, paragraph (f), for the sale. For rate years beginning after June 30, 1994, the capital repair and replacement limit shall be subject to the index provided in subdivision 3f, paragraph (a). For purposes of this subdivision, the number of licensed beds shall be the number used to calculate the nursing facility's capacity days. The capital repair and replacement rate must be added to the nursing facility's total payment rate.

(c) Capital repair and replacement costs under this subdivision shall not be counted as either care-related or other operating costs, nor subject to care-related or other operating limits.

(d) If costs otherwise allowable under this subdivision are incurred as the result of a project approved under the moratorium exception process in section 144A.073, or in connection with an addition to or replacement of buildings, attached fixtures, or land improvements for which the total historical cost of these assets exceeds the lesser of \$150,000 or ten percent of the nursing facility's appraised value, these costs must be claimed under subdivision 16 or 17, as appropriate.

Sec. 89. Minnesota Statutes 1992, section 256B.431, subdivision 21, is amended to read:

Subd. 21. [~~INDEXING THRESHHOLDS THRESHOLDS~~] Beginning January 1, 1993, and each January 1 thereafter, the commissioner shall annually update the dollar ~~threshholds~~ thresholds in subdivisions 15, paragraph (d), 16, and 17, and in section 144A.071, ~~subdivision subdivisions 2 and 3 4a, clauses (h) (b) and (p) (e)~~, by the inflation index referenced in subdivision 3f, paragraph (a).

Sec. 90. Minnesota Statutes 1992, section 256B.431, is amended by adding a subdivision to read:

Subd. 22. [CHANGES TO NURSING FACILITY REIMBURSEMENT.] The nursing facility reimbursement changes in paragraphs (a) to (e) apply to Minnesota Rules, parts 9549.0010 to 9549.0080, and this section, and are effective for rate years beginning on or after July 1, 1993, unless otherwise indicated.

(a) In addition to the approved pension or profit sharing plans allowed by the reimbursement rule, the commissioner shall allow those plans specified in Internal Revenue Code, sections 403(b) and 408(k).

(b) The commissioner shall allow as workers' compensation insurance costs under section 256B.421, subdivision 14, the costs of workers' compensation coverage obtained under the following conditions:

(1) a plan approved by the commissioner of commerce as a Minnesota group self-insurance plan as provided in sections 79A.03, subdivision 6;

(2) a plan in which:

(i) the nursing facility, directly or indirectly, purchases workers' compensation coverage in compliance with section 176.181, subdivision 2, from an authorized insurance carrier;

(ii) a related organization to the nursing facility reinsures the workers' compensation coverage purchased, directly or indirectly, by the nursing facility; and

(iii) all of the conditions in clause (4) are met;

(3) a plan in which:

(i) the nursing facility, directly or indirectly, purchases workers' compensation coverage in compliance with section 176.181, subdivision 2, from an authorized insurance carrier;

(ii) the insurance premium is calculated retrospectively, including a maximum premium limit, and paid using the paid loss retro method; and

(iii) all of the conditions in clause (4) are met;

(4) additional conditions are:

(i) the costs of the plan are allowable under the federal Medicare program;

(ii) the reserves for the plan are maintained in an account controlled and administered by a person which is not a related organization to the nursing facility;

(iii) the reserves for the plan cannot be used, directly or indirectly, as collateral for debts incurred or other obligations of the nursing facility or related organizations to the nursing facility; and

(iv) if the plan provides workers' compensation coverage for non-Minnesota nursing facilities, the plan's cost methodology must be consistent among all nursing facilities covered by the plan, and if reasonable, is allowed notwithstanding any reimbursement laws regarding cost allocation to the contrary;

(5) any costs allowed pursuant to clauses (1) to (3) are subject to the following requirements:

(i) If the nursing facility is sold or otherwise ceases operations, the plan's reserves must be subject to an actuarially based settle-up after 36 months from the date of sale or the date on which operations ceased. Any excess plan reserves must be paid to the state within 30 days following the date on which excess plan reserves are determined. The amount of that payment shall be equal to the total excess plan reserves.

(ii) Any distribution of excess plan reserves made to or withdrawals made by the nursing facility or a related organization are applicable credits and must be used to reduce the nursing facility's workers' compensation insurance costs in the reporting period in which a distribution or withdrawal is received.

(iii) If reimbursement for the plan is sought under the federal Medicare program, and is audited pursuant to the Medicare program, the nursing facility must provide a copy of Medicare's final audit report, including attachments and exhibits, to the commissioner within 30 days of receipt by the nursing facility or any related organization. The commissioner shall implement the audit findings associated with the plan upon receipt of Medicare's final audit report. The department's authority to implement the audit findings is independent of its authority to conduct a field audit.

(c) In the determination of incremental increases in the nursing facility's rental rate as required in subdivisions 14 to 21, except for a refinancing permitted under subdivision 19, the commissioner must adjust the nursing facility's property-related payment rate for both incremental increases and decreases in recomputations of its rental rate.

(d) A nursing facility's administrative cost limitation must be modified as follows:

(1) if the nursing facility's licensed beds exceed 195 licensed beds, the general and administrative cost category limitation shall be 13 percent;

(2) if the nursing facility's licensed beds are more than 150 licensed beds, but less than 196 licensed beds, the general and administrative cost category limitation shall be 14 percent; or

(3) if the nursing facility's licensed beds is less than 151 licensed beds, the general and administrative cost category limitation shall remain at 15 percent.

(e) The commissioner, in conjunction with the rebasing for the reporting year September 30, 1992, shall establish the other operating cost limits in Minnesota Rules, part 9549.0055, subpart 2, item E, at 108 percent of the median of the array of allowable historical other operating cost per diems. The limits established must take into account the provisions of subdivision 2b, paragraph (d).

Sec. 91. Minnesota Statutes 1992, section 256B.431, is amended by adding a subdivision to read:

Subd. 23. [MODIFIED EFFICIENCY INCENTIVE.] Notwithstanding section 256B.74, subdivision 3, for rate years beginning on or after July 1 1993, the commissioner shall determine a nursing facility's efficiency incentive by first computing the amount by which the facility's other operating cost limit exceeds its nonadjusted other operating cost per diem for that rate year. The commissioner shall then use the following table to compute the nursing facility's efficiency incentive. Each increment or partial increment the nursing facility's nonadjusted other operating per diem is below its other operating cost limit shall be multiplied by the corresponding percentage for that per diem increment. The sum of each of those computations shall be the nursing facility's efficiency incentive.

<u>Other Operating Cost Per Diem Increment Below Facility Limit</u>	<u>Percentage Applied to Each Per Diem Increment</u>
<u>Less than \$.25</u>	<u>100 percent</u>
<u>\$.25 to less than \$.40</u>	<u>11 percent</u>

The maximum efficiency incentive is \$1.47 per resident day.

Sec. 92. Minnesota Statutes 1992, section 256B.47, subdivision 3, is amended to read:

Subd. 3. [ALLOCATION OF COSTS.] To ensure the avoidance of double payments as required by section 256B.433, the direct and indirect reporting year costs of providing residents of nursing facilities that are not hospital attached with therapy services that are billed separately from the nursing facility payment rate or according to Minnesota Rules, parts 9500.0750 to 9500.1080, must be determined and deducted from the appropriate cost categories of the annual cost report as follows:

(a) The costs of wages and salaries for employees providing or participating in providing and consultants providing services shall be allocated to the therapy service based on direct identification.

(b) The costs of fringe benefits and payroll taxes relating to the costs in paragraph (a) must be allocated to the therapy service based on direct identification or the ratio of total costs in paragraph (a) to the sum of total allowable salaries and the costs in paragraph (a).

(c) The costs of housekeeping, plant operations and maintenance, real estate taxes, special assessments, and insurance, other than the amounts classified as a fringe benefit, must be allocated to the therapy service based on the ratio of service area square footage to total facility square footage.

(d) The costs of bookkeeping and medical records must be allocated to the therapy service either by the method in paragraph (e) or based on direct identification. Direct identification may be used if adequate documentation is provided to, and accepted by, the commissioner.

(e) The costs of administrators, bookkeeping, and medical records salaries, except as provided in paragraph (d), must be allocated to the therapy service based on the ratio of the total costs in paragraphs (a) to (d) to the sum of total allowable nursing facility costs and the costs in paragraphs (a) to (d).

(f) The cost of property must be allocated to the therapy service and removed from the ~~rental per diem nursing facility's property-related payment rate~~, based on the ratio of service area square footage to total facility square footage multiplied by the ~~building capital allowance property-related payment rate~~.

Sec. 93. Minnesota Statutes 1992, section 256B.48, subdivision 1, is amended to read:

Subdivision 1. [PROHIBITED PRACTICES.] A nursing facility is not eligible to receive medical assistance payments unless it refrains from all of the following:

(a) Charging private paying residents rates for similar services which exceed those which are approved by the state agency for medical assistance recipients as determined by the prospective desk audit rate, except under the following circumstances: the nursing facility may (1) charge private paying residents a higher rate for a private room, and (2) charge for special services which are not included in the daily rate if medical assistance residents are charged separately at the same rate for the same services in addition to the daily rate paid by the commissioner. Services covered by the payment rate must be the same regardless of payment source. Special services, if offered, must be available to all residents in all areas of the nursing facility and charged separately at the same rate. Residents are free to select or decline special services. Special services must not include services which must be provided by the nursing facility in order to comply with licensure or certification standards and that if not provided would result in a deficiency or violation by the nursing facility. Services beyond those required to comply with licensure or certification standards must not be charged separately as a special service if they were included in the payment rate for the previous reporting year. A nursing facility that charges a private paying resident a rate in violation of this clause is subject to an action by the state of Minnesota or any of its subdivisions or agencies for civil damages. A private paying resident or the resident's legal representative has a cause of action for civil damages against a nursing facility that charges the resident rates in violation of this clause. The damages awarded shall include three times the payments that result from the violation, together with costs and disbursements, including reasonable attorneys' fees or their equivalent. A private paying resident or the resident's legal representative, the state, subdivision or agency, or a nursing facility may request a hearing to determine the allowed rate or rates at issue in the cause of action. Within 15 calendar days after receiving a request for such a hearing, the commissioner shall request assignment of an administrative law judge under sections 14.48 to 14.56 to conduct the hearing as soon as possible or according to agreement by the parties. The administrative law judge shall issue a report within 15 calendar days following the close of the hearing. The prohibition set forth in this clause shall not apply to facilities licensed as boarding care facilities which are not certified as skilled or intermediate care facilities level I or II for reimbursement through medical assistance.

(b) Requiring an applicant for admission to the facility, or the guardian or conservator of the applicant, as a condition of admission, to pay any fee or deposit in excess of \$100, loan any money to the nursing facility, or promise to leave all or part of the applicant's estate to the facility.

(c) Requiring any resident of the nursing facility to utilize a vendor of health care services ~~who is a licensed physician or pharmacist~~ chosen by the nursing facility.

(d) Providing differential treatment on the basis of status with regard to public assistance.

(e) Discriminating in admissions, services offered, or room assignment on the basis of status with regard to public assistance or refusal to purchase special services. Admissions discrimination shall include, but is not limited to:

(1) basing admissions decisions upon assurance by the applicant to the nursing facility, or the applicant's guardian or conservator, that the applicant is neither eligible for nor will seek public assistance for payment of nursing facility care costs; and

(2) engaging in preferential selection from waiting lists based on an applicant's ability to pay privately or an applicant's refusal to pay for a special service.

The collection and use by a nursing facility of financial information of any applicant pursuant to a preadmission screening program established by law shall not raise an inference that the nursing facility is utilizing that information for any purpose prohibited by this paragraph.

(f) Requiring any vendor of medical care as defined by section 256B.02, subdivision 7, who is reimbursed by medical assistance under a separate fee schedule, to pay any amount based on utilization or service levels or any portion of the vendor's fee to the nursing facility except as payment for renting or leasing space or equipment or purchasing support services from the nursing facility as limited by section 256B.433. All agreements must be disclosed to the commissioner upon request of the commissioner. Nursing facilities and vendors of ancillary services that are found to be in violation of this provision shall each be subject to an action by the state of Minnesota or any of its subdivisions or agencies for treble civil damages on the portion of the fee in excess of that allowed by this provision and section 256B.433. Damages awarded must include three times the excess payments together with costs and disbursements including reasonable attorney's fees or their equivalent.

(g) Refusing, for more than 24 hours, to accept a resident returning to the same bed or a bed certified for the same level of care, in accordance with a physician's order authorizing transfer, after receiving inpatient hospital services.

The prohibitions set forth in clause (b) shall not apply to a retirement facility with more than 325 beds including at least 150 licensed nursing facility beds and which:

(1) is owned and operated by an organization tax-exempt under section 290.05, subdivision 1, clause (i); and

(2) accounts for all of the applicant's assets which are required to be assigned to the facility so that only expenses for the cost of care of the applicant may be charged against the account; and

(3) agrees in writing at the time of admission to the facility to permit the applicant, or the applicant's guardian, or conservator, to examine the records relating to the applicant's account upon request, and to receive an audited statement of the expenditures charged against the applicant's individual account upon request; and

(4) agrees in writing at the time of admission to the facility to permit the applicant to withdraw from the facility at any time and to receive, upon withdrawal, the balance of the applicant's individual account.

For a period not to exceed 180 days, the commissioner may continue to make medical assistance payments to a nursing facility or boarding care home which is in violation of this section if extreme hardship to the residents would result. In these cases the commissioner shall issue an order requiring the nursing facility to correct the violation. The nursing facility shall have 20 days from its receipt of the order to correct the violation. If the violation is not corrected within the 20-day period the commissioner may reduce the payment rate to the nursing facility by up to 20 percent. The amount of the payment rate reduction shall be related to the severity of the violation and shall remain in effect until the violation is corrected. The nursing facility or boarding care home may appeal the commissioner's action pursuant to the provisions of chapter 14 pertaining to contested cases. An appeal shall be considered timely if written notice of appeal is received by the commissioner within 20 days of notice of the commissioner's proposed action.

In the event that the commissioner determines that a nursing facility is not eligible for reimbursement for a resident who is eligible for medical assistance, the commissioner may authorize the nursing facility to receive reimbursement on a temporary basis until the resident can be relocated to a participating nursing facility.

Certified beds in facilities which do not allow medical assistance intake on July 1, 1984, or after shall be deemed to be decertified for purposes of section 144A.071 only.

Sec. 94. Minnesota Statutes 1992, section 256B.48, subdivision 2, is amended to read:

Subd. 2. [REPORTING REQUIREMENTS.] No later than December 31 of each year, a skilled nursing facility or intermediate care facility, including boarding care facilities, which receives medical assistance payments or other reimbursements from the state agency shall:

(a) Provide the state agency with a copy of its audited financial statements. The audited financial statements must include a balance sheet, income statement, statement of the rate or rates charged to private paying residents, statement of retained earnings, statement of cash flows, notes to the financial statements, audited applicable supplemental information, and the certified public accountant's or licensed public accountant's opinion. The examination by the certified public accountant or licensed public accountant shall be conducted in accordance with generally accepted auditing standards as promulgated and adopted by the American Institute of Certified Public Accountants. Beginning with the reporting year which begins October 1, 1992, a nursing facility is no longer required to have a certified audit of its financial statements. The cost of a certified audit shall not be an allowable cost in that reporting year, nor in subsequent reporting years unless the nursing facility submits its certified audited financial statements in the manner otherwise specified in this subdivision. A nursing facility which does not submit a certified audit must submit its working trial balance;

(b) Provide the state agency with a statement of ownership for the facility;

(c) Provide the state agency with separate, audited financial statements as specified in clause (a) for every other facility owned in whole or part by an individual or entity which has an ownership interest in the facility;

(d) Upon request, provide the state agency with separate, audited financial statements as specified in clause (a) for every organization with which the facility conducts business and which is owned in whole or in part by an individual or entity which has an ownership interest in the facility;

(e) Provide the state agency with copies of leases, purchase agreements, and other documents related to the lease or purchase of the nursing facility;

(f) Upon request, provide the state agency with copies of leases, purchase agreements, and other documents related to the acquisition of equipment, goods, and services which are claimed as allowable costs; and

(g) Permit access by the state agency to the certified public accountant's and licensed public accountant's audit workpapers which support the audited financial statements required in clauses (a), (c), and (d).

Documents or information provided to the state agency pursuant to this subdivision shall be public. If the requirements of clauses (a) to (g) are not met, the reimbursement rate may be reduced to 80 percent of the rate in effect on the first day of the fourth calendar month after the close of the reporting year, and the reduction shall continue until the requirements are met.

Both nursing facilities and intermediate care facilities for the mentally retarded must maintain statistical and accounting records in sufficient detail to support information contained in the facility's cost report for at least five six years, including the year following the submission of the cost report. For computerized accounting systems, the records must include copies of electronically generated media such as magnetic discs and tapes.

Sec. 95. Minnesota Statutes 1992, section 256B.49, is amended by adding a subdivision to read:

Subd. 5. [PROVIDE WAIVER ELIGIBILITY FOR CERTAIN CHRONICALLY ILL AND CERTAIN DISABLED PERSONS.] Chronically ill or disabled individuals, who are likely to reside in acute care if waiver services were not provided, could be found eligible for services under this section without regard to age.

Sec. 96. Minnesota Statutes 1992, section 256B.50, subdivision 1b, is amended to read:

Subd. 1b. [FILING AN APPEAL.] To appeal, the provider shall file with the commissioner a written notice of appeal; the appeal must be postmarked or received by the commissioner within 60 days of the date the determination of the payment rate was mailed or personally received by a provider, whichever is earlier. The notice of appeal must specify each disputed item; the reason for the dispute; the total dollar amount in dispute for each separate disallowance, allocation, or adjustment of each cost item or part of a cost item; the computation that the provider believes is correct; the authority in statute or rule upon which the provider relies for each disputed item; the name and address of the person or firm with whom contacts may be made regarding the appeal; and other information required by the commissioner. The commissioner shall review an appeal by a nursing facility, if the appeal was sent by certified mail and postmarked prior to August 1, 1991, and would have been received by the commissioner within the 60-day deadline if it had not been delayed due to an error by the postal service.

Sec. 97. Minnesota Statutes 1992, section 256B.50, is amended by adding a subdivision to read:

Subd. 1h. [APPEALS REVIEW PROJECT.] (a) The appeals review procedure described in this subdivision is effective for desk audit appeals for rate years beginning between July 1, 1993 and June 30, 1997, and for field audit appeals filed during that time period. For appeals reviewed under this subdivision, subdivision 1c applies only to contested case demands under paragraph (c) and subdivision 1d does not apply.

(b) The commissioner shall review appeals and issue a written determination on each appealed item within one year of the due date of the appeal. Upon mutual agreement, the commissioner and the provider may extend the time for issuing a determination for a specified period. The commissioner shall notify the provider by first class mail of the determination. The determination takes effect 30 days following the date of issuance specified in the determination.

(c) In reviewing the appeal, the commissioner may request additional written or oral information from the provider. The provider has the right to present information by telephone or in person concerning the appeal to the commissioner prior to the issuance of the determination if a conference is requested within six months of the date the appeal was received by the commissioner. Statements made during the review process are not admissible in a contested case hearing under paragraph (d) absent an express stipulation by the parties to the contested case.

(d) For an appeal item on which the provider disagrees with the determination, the provider may file with the commissioner a written demand for a contested case hearing to determine the proper resolution of specified appeal items. The demand must be postmarked or received by the commissioner within 30 days of the date of issuance specified in the determination. The commissioner shall refer any contested case demand to the office of the attorney general. When a contested case demand is referred to the office of the attorney general, the contested case procedures described in subdivision 1c apply and the written determination issued by the commissioner is of no effect.

(e) The commissioner has discretion to issue to the provider a proposed resolution for specified appeal items upon a request from the provider filed separately from the notice of appeal. The proposed resolution is final upon written acceptance by the provider within 30 days of the date the proposed resolution was mailed to or personally received by the provider, whichever is earlier.

(f) The commissioner may use the procedures described in this subdivision to resolve appeals filed prior to July 1, 1993.

Sec. 98. Minnesota Statutes 1992, section 256B.50, is amended by adding a subdivision to read:

Subd. 3. [TIME AND ATTENDANCE DISPUTED ITEMS.] The commissioner shall resolve pending appeals by a nursing home to disallowances or adjustments of compensation costs for rate years beginning prior to June 30, 1994, by recognizing the compensation costs as reported by the nursing facility when the appealed disallowances or adjustments were based on a determination or inadequate documentation of time and attendance or equivalent records to support payroll costs. The recognition of costs provided in this subdivision pertains only to appeals of disallowances and adjustments based solely on disputed time and attendance or equivalent records. Appeals of disallowance and adjustments of compensation costs based on other grounds including misrepresentation of costs or failure to meet the general cost criteria under Minnesota Rules, parts 9549.0010 through 9549.0080, are not governed by this subdivision.

Sec. 99. Minnesota Statutes 1992, section 256B.501, subdivision 3g, is amended to read:

Subd. 3g. [ASSESSMENT OF RESIDENTS.] For rate years beginning on or after October 1, 1990, the commissioner shall establish program operating cost rates for care of residents in facilities that take into consideration service characteristics of residents in those facilities. To establish the service characteristics of residents, the quality assurance and review teams in the department of health shall assess all residents annually beginning January 1, 1989, using a uniform assessment instrument developed by the commissioner. This instrument shall include assessment of the client's services needed and provided to each client to address behavioral needs, integration into the community, ability to perform activities of daily living, medical and therapeutic needs, and other relevant factors determined by the commissioner. The commissioner may adjust the program operating cost rates of facilities based on a comparison of client service characteristics, resource needs, and costs. The commissioner may adjust a facility's payment rate during the rate year when accumulated changes in the facility's average service units exceed the minimums established in the rules required by subdivision 3. By January 30, 1994, the commissioner shall report to the legislature on:

- (1) the assessment process and scoring system utilized;
- (2) possible utilization of assessment information by facilities for management purposes; and
- (3) possible application of the assessment for purposes of adjusting the operating cost rates of facilities based on a comparison of client services characteristics, resource needs, and costs.

Sec. 100. Minnesota Statutes 1992, section 256B.501, subdivision 3i, is amended to read:

Subd. 3i. [SCOPE.] Subdivisions 3a to 3e and 3h do not apply to facilities whose payment rates are governed by Minnesota Rules, part 9553.0075.

Sec. 101. Minnesota Statutes 1992, section 256B.501, is amended by adding a subdivision to read:

Subd. 5a. [CHANGES TO ICF/MR REIMBURSEMENT.] The reimbursement rule changes in paragraphs (a) to (e) apply to Minnesota Rules, parts 9553.0010 to 9553.0080, and this section, and are effective for rate years beginning on or after October 1, 1993, unless otherwise specified.

- (a) The maximum efficiency incentive shall be \$1.50 per resident per day.
- (b) If a facility's capital debt reduction allowance is greater than 50 cents per resident per day, that facility's capital debt reduction allowance in excess of 50 cents per resident day shall be reduced by 25 percent.
- (c) Beginning with the biennial reporting year which begins January 1, 1993, a facility is no longer required to have a certified audit of its financial statements. The cost of a certified audit shall not be an allowable cost in that reporting year, nor in subsequent reporting years unless the facility submits its certified audited financial statements in the manner otherwise specified in this subdivision. A nursing facility which does not submit a certified audit must submit its working trial balance.

(d) In addition to the approved pension or profit sharing plans allowed by the reimbursement rule, the commissioner shall allow those plans specified in Internal Revenue Code, sections 403(b) and 408(k).

(e) The commissioner shall allow as workers' compensation insurance costs under section 256B.421, subdivision 14, the costs of workers' compensation coverage obtained under the following conditions:

(1) a plan approved by the commissioner of commerce as a Minnesota group self-insurance plan as provided in sections 79A.03, subdivision 6;

(2) a plan in which:

(i) the facility, directly or indirectly, purchases workers' compensation coverage in compliance with section 176.181, subdivision 2, from an authorized insurance carrier;

(ii) a related organization to the facility reinsures the workers' compensation coverage purchased, directly or indirectly, by the facility; and

(iii) all of the conditions in clause (4) are met;

(3) a plan in which:

(i) the facility, directly or indirectly, purchases workers' compensation coverage in compliance with section 176.181, subdivision 2, from an authorized insurance carrier;

(ii) the insurance premium is calculated retrospectively, including a maximum premium limit, and paid using the paid loss retro method; and

(iii) all of the conditions in clause (4) are met;

(4) additional conditions are:

(i) the reserves for the plan are maintained in an account controlled and administered by a person which is not a related organization to the facility;

(ii) the reserves for the plan cannot be used, directly or indirectly, as collateral for debts incurred or other obligations of the facility or related organizations to the facility; and

(iii) if the plan provides workers' compensation coverage for non-Minnesota facilities, the plan's cost methodology must be consistent among all facilities covered by the plan, and if reasonable, is allowed notwithstanding any reimbursement laws regarding cost allocation to the contrary.

(5) any costs allowed pursuant to clauses (1) to (3) are subject to the following requirements:

(i) If the facility is sold or otherwise ceases operations, the plan's reserves must be subject to an actuarially based settle-up after 36 months from the date of sale or the date on which operations ceased. Any excess plan reserves must be paid to the state within 30 days following the date on which excess plan reserves are determined. The amount of that payment shall be equal to the total excess plan reserves.

(ii) Any distribution of excess plan reserves made to or withdrawals made by the facility or a related organization are applicable credits and must be used to reduce the facility's workers' compensation insurance costs in the reporting period in which a distribution or withdrawal is received.

(iii) If the plan is audited pursuant to the Medicare program, the facility must provide a copy of Medicare's final audit report, including attachments and exhibits, to the commissioner within 30 days of receipt by the facility or any related organization. The commissioner shall implement the audit findings associated with the plan upon receipt of Medicare's final audit report. The department's authority to implement the audit findings is independent of its authority to conduct a field audit.

Sec. 102. Minnesota Statutes 1992, section 256B.501, subdivision 12, is amended to read:

Subd. 12. [ICF/MR SALARY ADJUSTMENTS.] For the rate period beginning January 1, 1992, and ending September 30, 1993, the commissioner shall add the appropriate salary adjustment cost per diem calculated in paragraphs (a) to (d) to the total operating cost payment rate of each facility. The salary adjustment cost per diem must be determined as follows:

(a) [COMPUTATION AND REVIEW GUIDELINES.] Except as provided in paragraph (c), a state-operated community service, and any facility whose payment rates are governed by closure agreements, receivership agreements, or Minnesota Rules, part 9553.0075, are not eligible for a salary adjustment otherwise granted under this subdivision. For purposes of the salary adjustment per diem computation and reviews in this subdivision, the term "salary adjustment cost" means the facility's allowable program operating cost category employee training expenses, and the facility's allowable salaries, payroll taxes, and fringe benefits. The term does not include these same salary-related costs for both administrative or central office employees.

For the purpose of determining the amount of salary adjustment to be granted under this subdivision, the commissioner must use the reporting year ending December 31, 1990, as the base year for the salary adjustment per diem computation. For the purpose of each year's both years' salary adjustment cost review, the commissioner must use the facility's salary adjustment cost for the reporting year ending December 31, 1991, as the base year. If the base year and the reporting year years subject to review include salary cost reclassifications made by the department, the commissioner must reconcile those differences before completing the salary adjustment per diem review.

(b) [SALARY ADJUSTMENT PER DIEM COMPUTATION.] For the rate period beginning January 1, 1992, each facility shall receive a salary adjustment cost per diem equal to its salary adjustment costs multiplied by 1-1/2 percent, and then divided by the facility's resident days.

(c) [ADJUSTMENTS FOR NEW FACILITIES.] For newly constructed or newly established facilities, except for state-operated community services, whose payment rates are governed by Minnesota Rules, part 9553.0075, if the settle-up cost report includes a reporting year which is subject to review under this subdivision, the commissioner shall adjust the rule provision governing the maximum settle-up payment rate by increasing the .4166 percent for each full month of the settle-up cost report to .7083. For any subsequent rate period which is authorized for salary adjustments under this subdivision, the commissioner shall compute salary adjustment cost per diems by annualizing the salary adjustment costs for the settle-up cost report period and treat that period as the base year for purposes of reviewing salary adjustment cost per diems.

(d) [SALARY ADJUSTMENT PER DIEM REVIEW.] The commissioner shall review the implementation of the salary adjustments on a per diem basis. For reporting years ending December 31, 1992, and December 31, 1993, the commissioner must review and determine the amount of change in salary adjustment costs in each both of the above reporting years over the base year after the reporting year ending December 31, 1993. ~~In the case of each review,~~ The commissioner must inflate the base year's salary adjustment costs by the cumulative percentage increase granted in paragraph (b), plus three percentage points for each of the two years reviewed. The commissioner must then compare each facility's salary adjustment costs for the reporting year divided by the facility's resident days for ~~that~~ both reporting year years to the base year's inflated salary adjustment cost divided by the facility's resident days for the base year. If the facility has had a one-time program operating cost adjustment settle-up during any of the reporting years subject to review, the commissioner must remove the per diem effect of the one-time program adjustment before completing the review and per diem comparison.

The review and per diem comparison must be done by the commissioner ~~each year following after~~ the reporting years ~~subject to review year ending December 31, 1993~~. If the salary adjustment cost per diem for the reporting year years being reviewed is less than the base year's inflated salary adjustment cost per diem, the commissioner must recover the difference within 120 days after the date of written notice. The amount of the recovery shall be equal to the per diem difference multiplied by the facility's resident days in the reporting year years being reviewed. Written notice of the amount subject to recovery must be given by the commissioner following ~~each both~~ reporting year years reviewed. Interest charges must be assessed by the commissioner after the 120th day of that notice at the same interest rate the commissioner assesses for other balance outstanding.

Sec. 103. Minnesota Statutes 1992, section 256D.03, subdivision 4, is amended to read:

Subd. 4. [GENERAL ASSISTANCE MEDICAL CARE; SERVICES.] (a) For a person who is eligible under subdivision 3, paragraph (a), clause (3), general assistance medical care covers:

- (1) inpatient hospital services;
- (2) outpatient hospital services;
- (3) services provided by Medicare certified rehabilitation agencies;
- (4) prescription drugs and other products recommended through the process established in section 256B.0625, subdivision 13;
- (5) equipment necessary to administer insulin and diagnostic supplies and equipment for diabetics to monitor blood sugar level;
- (6) eyeglasses and eye examinations provided by a physician or optometrist;
- (7) hearing aids;
- (8) prosthetic devices;
- (9) laboratory and X-ray services;
- (10) physician's services;

- (11) medical transportation;
- (12) chiropractic services as covered under the medical assistance program;
- (13) podiatric services;
- (14) dental services;
- (15) outpatient services provided by a mental health center or clinic that is under contract with the county board and is established under section 245.62;
- (16) day treatment services for mental illness provided under contract with the county board;
- (17) prescribed medications for persons who have been diagnosed as mentally ill as necessary to prevent more restrictive institutionalization;
- (18) case management services for a person with serious and persistent mental illness who would be eligible for medical assistance except that the person resides in an institution for mental diseases;
- (19) psychological services, medical supplies and equipment, and Medicare premiums, coinsurance and deductible payments; and
- (20) medical equipment not specifically listed in this paragraph when the use of the equipment will prevent the need for costlier services that are reimbursable under this subdivision; and

(21) services performed by a certified pediatric nurse practitioner, a certified family nurse practitioner, a certified adult nurse practitioner, a certified obstetric/gynecological nurse practitioner, or a certified geriatric nurse practitioner in independent practice, if the services are otherwise covered under this chapter as a physician service, and if the service is within the scope of practice of the nurse practitioner's license as a registered nurse, as defined in section 148.171.

(b) For a recipient who is eligible under subdivision 3, paragraph (a), clause (1) or (2), general assistance medical care covers the services listed in paragraph (a) with the exception of special transportation services.

(c) In order to contain costs, the commissioner of human services shall select vendors of medical care who can provide the most economical care consistent with high medical standards and shall where possible contract with organizations on a prepaid capitation basis to provide these services. The commissioner shall consider proposals by counties and vendors for prepaid health plans, competitive bidding programs, block grants, or other vendor payment mechanisms designed to provide services in an economical manner or to control utilization, with safeguards to ensure that necessary services are provided. Before implementing prepaid programs in counties with a county operated or affiliated public teaching hospital or a hospital or clinic operated by the University of Minnesota, the commissioner shall consider the risks the prepaid program creates for the hospital and allow the county or hospital the opportunity to participate in the program in a manner that reflects the risk of adverse selection and the nature of the patients served by the hospital, provided the terms of participation in the program are competitive with the terms of other participants considering the nature of the population served. Payment for services provided pursuant to this subdivision shall be as provided to medical assistance vendors of these services under sections 256B.02, subdivision 8, and 256B.0625. For payments made during fiscal year 1990 and later years, the commissioner shall consult with an independent actuary in establishing prepayment rates, but shall retain final control over the rate methodology.

(d) The commissioner of human services may reduce payments provided under sections 256D.01 to 256D.21 and 261.23 in order to remain within the amount appropriated for general assistance medical care, within the following restrictions.

For the period July 1, 1985, to December 31, 1985, reductions below the cost per service unit allowable under section 256.966, are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 30 percent; payments for all other inpatient hospital care may be reduced no more than 20 percent. Reductions below the payments allowable under general assistance medical care for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than ten percent.

For the period January 1, 1986, to December 31, 1986, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 20 percent; payments for all other inpatient hospital care may be reduced no more than 15 percent. Reductions below the payments allowable under general assistance medical care for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

For the period January 1, 1987, to June 30, 1987, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 15 percent; payments for all other inpatient hospital care may be reduced no more than ten percent. Reductions below the payments allowable under medical assistance for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

For the period July 1, 1987, to June 30, 1988, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 15 percent; payments for all other inpatient hospital care may be reduced no more than five percent. Reductions below the payments allowable under medical assistance for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

For the period July 1, 1988, to June 30, 1989, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 15 percent; payments for all other inpatient hospital care may not be reduced. Reductions below the payments allowable under medical assistance for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

There shall be no copayment required of any recipient of benefits for any services provided under this subdivision. A hospital receiving a reduced payment as a result of this section may apply the unpaid balance toward satisfaction of the hospital's bad debts.

(e) Any county may, from its own resources, provide medical payments for which state payments are not made.

(f) Chemical dependency services that are reimbursed under chapter 254B must not be reimbursed under general assistance medical care.

(g) The maximum payment for new vendors enrolled in the general assistance medical care program after the base year shall be determined from the average usual and customary charge of the same vendor type enrolled in the base year.

(h) The conditions of payment for services under this subdivision are the same as the conditions specified in rules adopted under chapter 256B governing the medical assistance program, unless otherwise provided by statute or rule.

Sec. 104. Minnesota Statutes 1992, section 256D.03, subdivision 8, is amended to read:

Subd. 8. [PRIVATE INSURANCE POLICIES.] (a) Private accident and health care coverage for medical services is primary coverage and must be exhausted before general assistance medical care is paid. When a person who is otherwise eligible for general assistance medical care has private accident or health care coverage, including a prepaid health plan, the private health care benefits available to the person must be used first and to the fullest extent. ~~Supplemental payment may be made by general assistance medical care, but the combined total amount paid must not exceed the amount payable under general assistance medical care in the absence of other coverage. General assistance medical care must not make supplemental payment for covered services rendered by a vendor who participates or contracts with any health coverage plan if the plan requires the vendor to accept the plan's payment as payment in full. General assistance medical care payment will not be made when either covered charges are paid in full by a third party or the provider has an agreement to accept payment for less than charges as payment in full. Payment for patients that are simultaneously covered by general assistance medical care and a liable third party other than Medicare will be determined as the lesser of clauses (1) to (3):~~

(1) the patient liability according to the provider/insurer agreement; or

(2) covered charges minus the third party payment amount; or

(3) the general assistance medical care rate minus the third party payment amount.

A negative difference will not be implemented.

(b) When a parent or a person with an obligation of support has enrolled in a prepaid health care plan under section 518.171, subdivision 1, the commissioner of human services shall limit the recipient of general assistance medical care to the benefits payable under that prepaid health care plan to the extent that services available under general assistance medical care are also available under the prepaid health care plan.

(c) Upon furnishing general assistance medical care or general assistance to any person having private accident or health care coverage, or having a cause of action arising out of an occurrence that necessitated the payment of assistance, the state agency shall be subrogated, to the extent of the cost of medical care, subsistence, or other payments furnished, to any rights the person may have under the terms of the coverage or under the cause of action.

This right of subrogation includes all portions of the cause of action, notwithstanding any settlement allocation or apportionment that purports to dispose of portions of the cause of action not subject to subrogation.

(d) To recover under this section, the attorney general or the appropriate county attorney, acting upon direction from the attorney general, may institute or join a civil action to enforce the subrogation rights established under this section.

(e) The state agency must be given notice of monetary claims against a person, firm, or corporation that may be liable in damages, or otherwise obligated to pay part or all of the costs related to an injury when the state agency has paid or become liable for the cost of care or payments related to the injury. Notice must be given as follows:

(i) Applicants for general assistance or general assistance medical care shall notify the state or county agency of any possible claims when they submit the application. Recipients of general assistance or general assistance medical care shall notify the state or county agency of any possible claims when those claims arise.

(ii) A person providing medical care services to a recipient of general assistance medical care shall notify the state agency when the person has reason to believe that a third party may be liable for payment of the cost of medical care.

(iii) A person who is party to a claim upon which the state agency may be entitled to subrogation under this section shall notify the state agency of its potential subrogation claim before filing a claim, commencing an action, or negotiating a settlement. A person who is a party to a claim includes the plaintiff, the defendant, and any other party to the cause of action.

Notice given to the county agency is not sufficient to meet the requirements of paragraphs (b) and (c).

(f) Upon any judgment, award, or settlement of a cause of action, or any part of it, upon which the state agency has a subrogation right, including compensation for liquidated, unliquidated, or other damages, reasonable costs of collection, including attorney fees, must be deducted first. The full amount of general assistance or general assistance medical care paid to or on behalf of the person as a result of the injury must be deducted next and paid to the state agency. The rest must be paid to the public assistance recipient or other plaintiff. The plaintiff, however, must receive at least one-third of the net recovery after attorney fees and collection costs.

Sec. 105. Minnesota Statutes 1992, section 259.431, subdivision 5, is amended to read:

Subd. 5. [MEDICAL ASSISTANCE; DUTIES OF THE COMMISSIONER OF HUMAN SERVICES.] The commissioner of human services shall:

(a) Issue a medical assistance identification card to any child with special needs who is title IV-E eligible, or who is not title IV-E eligible but was determined by another state to have a special need for medical or rehabilitative care, and who is a resident in this state and is the subject of an adoption assistance agreement with another state when a certified copy of the adoption assistance agreement obtained from the adoption assistance state has been filed with the commissioner. The adoptive parents shall be required at least annually to show that the agreement is still in force or has been renewed.

(b) Consider the holder of a medical assistance identification card under this subdivision as any other recipient of medical assistance under chapter 256B; process and make payment on claims for the recipient in the same manner as for other recipients of medical assistance.

(c) Provide coverage and benefits for a child who is title IV-E eligible or who is not title IV-E eligible but was determined to have a special need for medical or rehabilitative care and who is in another state and who is covered by an adoption assistance agreement made by the commissioner for the coverage or benefits, if any, which is not provided by the resident state. The adoptive parents acting for the child may submit evidence of payment for services or benefit amounts not payable in the resident state and shall be reimbursed. However, there shall be no reimbursement for services or benefit amounts covered under any insurance or other third party medical contract or arrangement held by the child or the adoptive parents.

(d) Publish emergency and permanent rules implementing this subdivision. Such rules shall include procedures to be followed in obtaining prior approvals for services which are required for the assistance.

Sec. 106. Minnesota Statutes 1992, section 393.07, subdivision 3, is amended to read:

Subd. 3. [FEDERAL SOCIAL SECURITY.] The county welfare board shall be charged with the duties of administration of all forms of public assistance and public child welfare or other programs within the purview of the federal Social Security Act, other than public health nursing and home health services, and which now are, or hereafter may be, imposed on the commissioner of human services by law, of both children and adults. The duties of such county welfare board shall be performed in accordance with the standards and rules which may be promulgated by the commissioner of human services in order to achieve the purposes of the law and to comply with the requirements of the federal Social Security Act needed to qualify the state to obtain grants-in-aid available under that act. Notwithstanding the provisions of any other law to the contrary, the welfare board ~~may~~ shall delegate to the director the authority to determine eligibility and disburse funds without first securing board action, provided that the director shall present to the board, at the next scheduled meeting, any such action taken for ratification by the board.

Sec. 107. [514.980] [MEDICAL ASSISTANCE LIENS; DEFINITIONS.]

Subdivision 1. [APPLICABILITY.] The definitions in this section apply to sections 514.980 to 514.985.

Subd. 2. [MEDICAL ASSISTANCE AGENCY OR AGENCY.] "Medical assistance agency" or "agency" means the state or any county medical assistance agency that provides a medical assistance benefit.

Subd. 3. [MEDICAL ASSISTANCE BENEFIT.] "Medical assistance benefit" means a benefit provided under chapter 256B to a person while in a medical institution.

Subd. 4. [MEDICAL INSTITUTION.] "Medical institution" means a nursing facility, intermediate care facility, or inpatient hospital.

Sec. 108. [514.981] [MEDICAL ASSISTANCE LIEN.]

Subdivision 1. [PROPERTY SUBJECT TO LIEN; LIEN AMOUNT.] (a) Subject to sections 514.980 to 514.985, payments made by a medical assistance agency to provide medical assistance benefits to a medical assistance recipient who owns property in this state or to the recipient's spouse constitute a lien in favor of the agency upon all real property that is owned by the medical assistance recipient on or after the time when the recipient is institutionalized.

(b) The amount of the lien is limited to the same extent as a claim against the estate under section 256B.15, subdivision 2.

Subd. 2. [ATTACHMENT.] (a) A medical assistance lien attaches and becomes enforceable against specific real property as of the date when the following conditions are met:

- (1) payments have been made by an agency for a medical assistance benefit;
- (2) notice and an opportunity for a hearing have been provided under paragraph (b);
- (3) a lien notice has been filed as provided in section 514.982;

(4) if the property is registered property, the lien notice has been memorialized on the certificate of title of the property affected by the lien notice; and

(5) all restrictions against enforcement have ceased to apply.

(b) An agency may not file a medical assistance lien notice until the medical assistance recipient and the recipient's spouse or their legal representatives have been sent, by certified or registered mail, written notice of the agency's lien rights and there has been an opportunity for a hearing under section 256.045. In addition, the agency may not file a lien notice unless the agency determines as medically verified by the recipient's attending physician that the medical assistance recipient cannot reasonably be expected to be discharged from a medical institution to return home.

(c) An agency may not file a medical assistance lien notice against real property while it is the home of the recipient's spouse.

(d) An agency may not file a medical assistance lien notice against real property that was the homestead of the medical assistance recipient or the recipient's spouse when the medical assistance recipient received medical institution services if any of the following persons are lawfully residing in the property:

(1) a child of the medical assistance recipient if the child is under age 21 or is blind or permanently and totally disabled according to the supplemental security income criteria;

(2) a child of the medical assistance recipient if the child resided in the homestead for at least two years immediately before the date the medical assistance recipient received medical institution services, and the child provided care to the medical assistance recipient that permitted the recipient to live without medical institution services; or

(3) a sibling of the medical assistance recipient if the sibling has an equity interest in the property and has resided in the property for at least one year immediately before the date the medical assistance recipient began receiving medical institution services.

(e) A medical assistance lien applies only to the specific real property described in the lien notice.

Subd. 3. [CONTINUATION OF LIEN NOTICE AND LIEN.] A medical assistance lien notice remains effective from the time it is filed until it can be disregarded under sections 514.980 to 514.985. A medical assistance lien that has attached to specific real property continues until the lien is satisfied, becomes unenforceable under subdivision 6, or is released and discharged under subdivision 5.

Subd. 4. [LIEN PRIORITY.] A medical assistance lien that attaches to specific real property is subject to the rights of any other person, including an owner, other than the recipient or recipient's spouse, purchaser, holder of a mortgage or security interest, or judgment lien creditor, whose interest in the real property is perfected before a lien notice has been filed under section 514.982. The rights of the other person have the same protections against a medical assistance lien as are afforded against a judgment lien that arises out of an unsecured obligation and that arises as of the time of the filing of the medical assistance lien notice under section 514.982. A medical assistance lien is inferior to a lien for taxes or special assessments or other lien that would be superior to the perfected lien of a judgment creditor.

Subd. 5. [RELEASE.] (a) An agency that files a medical assistance lien notice shall release and discharge the lien in full if:

(1) the medical assistance recipient is discharged from the medical institution and returns home;

(2) the medical assistance lien is satisfied;

(3) the agency has received reimbursement for the amount secured by the lien or a legally enforceable agreement has been executed providing for reimbursement of the agency for that amount; or

(4) the medical assistance recipient, if single, or the recipient's surviving spouse, has died, and a claim may not be filed against the estate of the decedent under section 256B.15, subdivision 3.

(b) Upon request, the agency that files a medical assistance lien notice shall release a specific parcel of real property from the lien if:

(1) the property is or was the homestead of the recipient's spouse during the time of the medical assistance recipient's institutionalization, or the property is or was attributed to the spouse under section 256B.059, subdivision 3 or 4, and the spouse is not receiving medical assistance benefits;

(2) the property would be exempt from a claim against the estate under section 256B.15, subdivision 4;

(3) the agency receives reimbursement, or other collateral sufficient to secure payment of reimbursement, in an amount equal to the lesser of the amount secured by the lien, or the amount the agency would be allowed to recover upon enforcement of the lien against the specific parcel of property if the agency attempted to enforce the lien on the date of the request to release the lien; or

(4) the medical assistance lien cannot lawfully be enforced against the property because of an error, omission, or other material defect in procedure, description, identity, timing, or other prerequisite to enforcement.

(c) The agency that files a medical assistance lien notice may release the lien if the attachment or enforcement of the lien is determined by the agency to be contrary to the public interest.

(d) The agency that files a medical assistance lien notice shall execute the release of the lien and file the release as provided in section 514.982, subdivision 2.

Subd. 6. [TIME LIMITS; CLAIM LIMITS.] (a) A medical assistance lien is not enforceable against specific real property if any of the following occurs:

(1) the lien is not satisfied or proceedings are not lawfully commenced to foreclose the lien within 18 months of the agency's receipt of notice of the death of the medical assistance recipient or the death of the surviving spouse, whichever occurs later; or

(2) the lien is not satisfied or proceedings are not lawfully commenced to foreclose the lien within three years of the death of the medical assistance recipient or the death of the surviving spouse, whichever occurs later. This limitation is tolled during any period when the provisions of section 514.983, subdivision 2, apply to delay enforcement of the lien.

(b) A medical assistance lien is not enforceable against the real property of an estate to the extent there is a determination by a court of competent jurisdiction, or by an officer of the court designated for that purpose, that there are insufficient assets in the estate to satisfy the agency's medical assistance lien in whole or in part in accordance with the priority of claims established by chapters 256B and 524. The agency's lien remains enforceable to the extent that assets are available to satisfy the agency's lien, subject to the priority of other claims, and to the extent that the agency's claim is allowed against the estate under chapters 256B and 524.

Sec. 109. [514.982] [MEDICAL ASSISTANCE LIEN NOTICE.]

Subdivision 1. [CONTENTS.] A medical assistance lien notice must be dated and must contain:

(1) the full name, last known address, and social security number of the medical assistance recipient and the full name, address, and social security number of the recipient's spouse;

(2) a statement that medical assistance payments have been made to or for the benefit of the medical assistance recipient named in the notice, specifying the first date of eligibility for benefits;

(3) a statement that all interests in real property owned by the persons named in the notice may be subject to or affected by the rights of the agency to be reimbursed for medical assistance benefits; and

(4) the legal description of the real property upon which the lien attaches, and whether the property is registered property.

Subd. 2. [FILING.] Any notice, release, or other document required to be filed under sections 514.980 to 514.985 must be filed in the office of the county recorder or registrar of titles, as appropriate, in the county where the real property is located. Notwithstanding section 386.77, the agency shall pay the applicable filing fee for any document filed under sections 514.980 to 514.985. The commissioner of human services shall reimburse the county agency for filing fees paid under this section. An attestation, certification, or acknowledgment is not required as a condition of

filing. Upon filing of a medical assistance lien notice, the registrar of titles shall record it on the certificate of title of each parcel of property described in the lien notice. The county recorder of each county shall establish an index of medical assistance lien notices, other than those that affect only registered property, showing the names of all persons named in the medical assistance lien notices filed in the county, arranged alphabetically. The index must be combined with the index of state tax lien notices. The filing or mailing of any notice, release, or other document under sections 514.980 to 514.985 is the responsibility of the agency. The agency shall send a copy of the medical assistance lien notice by registered or certified mail to each record owner and mortgagee of the real property.

Sec. 110. [514.983] [LIEN ENFORCEMENT; LIMITATION.]

Subdivision 1. [FORECLOSURE PROCEDURE.] Subject to subdivision 2, a medical assistance lien may be enforced by the agency that filed it by foreclosure in the manner provided for foreclosure of a judgment lien under chapter 550.

Subd. 2. [HOMESTEAD PROPERTY.] (a) A medical assistance lien may not be enforced against homestead property of the medical assistance recipient or the spouse while it remains the lawful residence of the medical assistance recipient's spouse.

(b) A medical assistance lien remains enforceable as provided in sections 514.980 to 514.985, notwithstanding any law limiting the enforceability of a judgment.

Sec. 111. [514.984] [LIEN DOES NOT AFFECT OTHER REMEDIES.]

Sections 514.980 to 514.985 do not limit the right of an agency to file a claim against the estate of a medical assistance recipient or the estate of the spouse or limit any other claim for reimbursement of agency expenses or the availability of any other remedy provided to the agency.

Sec. 112. [514.985] [AMOUNTS RECEIVED TO SATISFY LIEN.]

Amounts received by the state to satisfy a medical assistance lien filed by the state must be deposited in the state treasury and credited to the fund from which the medical assistance payments were made. Amounts received by a county medical assistance agency to satisfy a medical assistance lien filed by the county medical assistance agency must be deposited in the county treasury and credited to the fund from which the medical assistance payments were made.

Sec. 113. [514.986] [WAIVER REQUEST TO LIMIT ASSET TRANSFERS.]

The commissioner of human services shall seek federal law changes and federal waivers necessary to implement sections 256B.0595, subdivisions 1 and 2.

Sec. 114. Laws 1992, chapter 513, article 7, section 131, is amended to read:

Sec. 131. [PHYSICIAN AND DENTAL REIMBURSEMENT.]

(a) The physician reimbursement increase provided in Minnesota Statutes, section 256B.74, subdivision 2, shall not be implemented. Effective for services rendered on or after October 1, 1992, the commissioner shall make payments for physician services as follows:

(1) payment for level one Health Care Finance Administration's common procedural coding system (HCPCS) codes titled "office and other outpatient services," "preventive medicine new and established patient," "delivery, antepartum, and postpartum care," "critical care," caesarean delivery and pharmacologic management provided to psychiatric patients, and HCPCS level three codes for enhanced services for prenatal high risk, shall be paid at the lower of (i) submitted charges, or (ii) 25 percent above the rate in effect on June 30, 1992. If the rate on any procedure code within these categories is different than the rate that would have been paid under the methodology in Minnesota Statutes, section 256B.74, subdivision 2, then the larger rate shall be paid;

(2) payments for all other services shall be paid at the lower of (i) submitted charges, or (ii) 15.4 percent above the rate in effect on June 30, 1992; and

(3) all physician rates shall be converted from the 50th percentile of 1982 to the 50th percentile of 1989, less the percent in aggregate necessary to equal the above increases.

(b) The dental reimbursement increase provided in Minnesota Statutes, section 256B.74, subdivision 5, shall not be implemented. Effective for services rendered on or after October 1, 1992, the commissioner shall make payments for dental services as follows:

(1) dental services shall be paid at the lower of (i) submitted charges, or (ii) 25 percent above the rate in effect on June 30, 1992; and

(2) dental rates shall be converted from the 50th percentile of 1982 to the 50th percentile of 1989, less the percent in aggregate necessary to equal the above increases.

(c) An entity that operates a Medicare certified comprehensive outpatient rehabilitation facility which was certified prior to January 1, 1993, that is a facility licensed under Minnesota Rules, parts 9570.2000 to 9570.3600, and for whom at least 33 percent of the clients receiving rehabilitation services in the most recent calendar year are medical assistance recipients, shall be reimbursed by the commissioner for rehabilitation services at rates that are 20 percent greater than the maximum reimbursement rate allowed under paragraph (a), clause (2), when those services are provided within the comprehensive outpatient rehabilitation facility and not provided in a nursing facility other than their own.

Sec. 115. Laws 1993, chapter 20, section 2, is amended to read:

Subd. 9a. [DISPROPORTIONATE POPULATION ADJUSTMENTS AFTER JANUARY 1, 1993.] (a) For admissions occurring between January 1, 1993, and June 30, 1993, the adjustment under this subdivision shall be paid to a hospital, excluding regional treatment centers and facilities of the federal Indian Health Service, with a medical assistance inpatient utilization rate in excess of one standard deviation above the arithmetic mean. The adjustment must be determined by multiplying the total of the operating and property payment rates by the difference between the hospital's actual medical assistance inpatient utilization rate and the arithmetic mean for all hospitals excluding regional treatment centers and facilities of the federal Indian Health Service, and the result must be multiplied by 1.1.

(b) For admissions occurring on or after July 1, 1993, the medical assistance disproportionate population adjustment shall comply with federal law and shall be paid to a hospital, excluding regional treatment centers and facilities of the federal Indian Health Service, with a medical assistance inpatient utilization rate in excess of one standard deviation above the arithmetic mean. The adjustment must be determined by multiplying the operating payment rate by the difference between the hospital's actual medical assistance inpatient utilization rate and one standard deviation above the arithmetic mean for all hospitals excluding regional treatment centers and facilities of the federal Indian Health Service.

(c) If federal matching funds are not available for all adjustments under this subdivision, the commissioner shall reduce payments on a pro rata basis so that all adjustments qualify for federal match. The commissioner may establish a separate disproportionate population operating payment rate adjustment under the general assistance medical care program. For purposes of this subdivision, medical assistance does not include general assistance medical care. The commissioner shall report annually on the number of hospitals likely to receive the adjustment authorized by this section. The commissioner shall specifically report on the adjustments received by public hospitals and public hospital corporations located in cities of the first class.

(d) The provisions of paragraphs (a), (b) and (c) are effective only when federal matching funds are not available for all adjustments under this subdivision and it is necessary to implement ratable reductions under section 256.969, subdivision 9b.

Sec. 116. Laws 1993, chapter 20, section 5, is amended to read:

Subd. 22. [HOSPITAL PAYMENT ADJUSTMENT.] For admissions occurring from January 1, 1993, until June 30, 1993, the commissioner shall adjust the medical assistance payment paid to a hospital, excluding regional treatment centers and facilities of the federal Indian Health Service, with a medical assistance inpatient utilization rate in excess of the arithmetic mean. The adjustment must be determined as follows:

(1) for a hospital with a medical assistance inpatient utilization rate above the arithmetic mean for all hospitals excluding regional treatment centers and facilities of the federal Indian Health Service, the adjustment must be determined by multiplying the total of the operating and property payment rates by the difference between the hospital's actual medical assistance inpatient utilization rate and the arithmetic mean for all hospitals excluding regional treatment centers and facilities of the federal Indian Health Service; and

(2) for a hospital with a medical assistance inpatient utilization rate above one standard deviation above the mean, the adjustment must be determined by multiplying the adjustment under clause (1) for that hospital by 1.1. Any payment under this clause must be reduced by the amount of any payment received under subdivision 9a. For purposes of this subdivision, medical assistance does not include general assistance medical care.

This subdivision is effective only when federal matching funds are not available for all adjustments under this subdivision and it is necessary to implement ratable reductions under section 256.969, subdivision 9b.

Sec. 117. Laws 1993, chapter 20, is amended by adding a section to read:

Sec. 7. [HOSPITAL REIMBURSEMENT FOR INPATIENT SERVICES.]

The commissioner may consider indigent care payments as disproportionate population adjustments for eligible hospitals, if so permitted by the secretary of health and human services.

Sec. 118. Laws 1993, chapter 20, section 7, is amended to read:

Sec. 7 8. [EFFECTIVE DATE.]

Sections 1 to 6 7 are effective retroactive to January 1, 1993. Sections 1 to 6 are effective only when federal matching funds are not available for all disproportionate population adjustments and it is necessary to implement ratable reductions under section 256.969, subdivision 9b.

Sec. 119. [REPORT ON LONG-TERM CARE INSURANCE.]

The interagency long-term care planning committee must report to the legislature by January 1994 on the feasibility of implementing a long-term care insurance program. The report shall evaluate the potential impact on the medical assistance budget of allowing persons with at least two years of long-term care insurance coverage to waive the asset test for medical assistance eligibility, or of other incentives to encourage the purchase of long term care insurance. The report shall also evaluate the availability of private long-term care insurance, and the feasibility of state-sponsored long-term care insurance if inadequate private long-term care insurance exists.

Sec. 120. [REPORTS ON HOSPITAL REIMBURSEMENT METHODOLOGIES.]

(a) The commissioner of human services shall report to the legislature by January 15, 1994, on the peer grouping plan developed under Minnesota Statutes, section 256.969, subdivision 22. The report shall describe the peer grouping plan in detail, including the variables used to create the groups and the treatment of operating cost differences that are not common to all hospitals. The report must also indicate how the peer grouping plan will affect each individual hospital.

(b) The commissioner of human services shall develop a hospital inpatient payment system for medical assistance reimbursement that is based upon the Medicare diagnosis-related group methodology. Components of the new system must include:

(1) the utilization of current Medicare diagnosis-related group methodology;

(2) the reimbursement of small volume medical assistance providers on a percentage of charges, rather than on a prospective basis;

(3) equitable methods for reimbursing the additional costs incurred by teaching hospitals, children's hospitals, and high-volume Medicaid hospitals; and

(4) the feasibility of contracting with an agency outside of the department of human services for the administration of the medical assistance inpatient hospital reimbursement system.

The commissioner shall form a task force of representatives from the department of human services and from the hospital industry to provide technical assistance to the development of the new hospital inpatient payment system. By February 1994, the commissioner shall make recommendations to the legislature on the implementation of the new system by July 1994.

Sec. 121. [PHYSICIAN SURCHARGE STUDY.]

The commissioner of human services, in cooperation with the commissioner of revenue, shall study and recommend to the legislature by January 15, 1994, a plan to replace the physician license surcharge with a surcharge on the tax levied on physicians under Minnesota Statutes, section 295.52. The plan must be designed to take effect July 1, 1994, and to raise an amount of revenue equal to the amount anticipated from the current surcharge.

Sec. 122. [STUDY OF BED REDISTRIBUTION.]

The interagency long-term care planning committee shall present to the legislature, by January 15, 1994, recommendations for redistributing existing nursing home beds and certified boarding care home beds to meet demographic need. The recommendations must include, but are not limited to, comment on the concepts of bed layaway and bed transfer. The interagency long-term care planning committee shall convene a task force comprised of providers, consumers, and state agency staff to develop these recommendations.

Sec. 123. [LEGISLATIVE INTENT.]

Section .. (256.9657, subd. 3) is intended to clarify, rather than to change, the original intent of the statute amended.

Sec. 124. [REPEALERS.]

Subdivision 1. Minnesota Statutes 1992, section 256.969, subdivision 20, is repealed effective July 1, 1993, for admissions occurring on or after July 1, 1993.

Subd. 3. [FATHER'S NAME; CHILD'S NAME.] In any case in which paternity of a child is determined by a court of competent jurisdiction, ~~or upon compliance with the provisions of a declaration of parentage is executed under section 257.55, subdivision 1, clause (e) 257.34, or a recognition of parentage is executed under section 257.75,~~ the name of the father shall be entered on the birth certificate. If the order of the court declares the name of the child, it shall also be entered on the birth certificate. If the order of the court does not declare the name of the child, or there is no court order, then upon the request of both parents in writing, the surname of the child shall be that of the father.

Sec. 3. Minnesota Statutes 1992, section 144.215, is amended by adding a subdivision to read:

Subd. 4. [SOCIAL SECURITY NUMBER REGISTRATION.] (a) Parents of a child born within this state shall give their social security numbers to the office of vital statistics at the time of filing the birth certificate, but the numbers shall not appear on the certificate.

(b) The parents' social security numbers shall be classified as private data on individuals, except that the office of vital statistics shall provide the records of parent name and social security number only to the public authority responsible for child support services upon request by the public authority for use in the establishment of parentage and the enforcement of child support obligations.

Sec. 4. Minnesota Statutes 1992, section 256.73, subdivision 2, is amended to read:

Subd. 2. [ALLOWANCE BARRED BY OWNERSHIP OF PROPERTY.] Ownership by an assistance unit of property as follows is a bar to any allowance under sections 256.72 to 256.87:

(1) The value of real property other than the homestead, which when combined with other assets exceeds the limits of paragraph (2), unless the assistance unit is making a good faith effort to sell the nonexcludable real property. The time period for disposal must not exceed nine consecutive months and. ~~The assistance unit shall execute~~ must sign an agreement to dispose of the property and to repay assistance received during the nine months up to that would not have been paid had the property been sold at the beginning of such period, but not to exceed the amount of the net sale proceeds. The payment must be made when the property is sold family has five working days from the date it realizes cash from the sale of the property to repay the overpayment. If the property is not sold within the required time or the assistance unit becomes ineligible for any reason ~~the entire amount received during the nine months is an overpayment and subject to recovery during the nine-month period, the amount payable under the agreement will not be determined and recovery will not begin until the property is in fact sold. If the property is intentionally sold at less than fair market value or if a good faith effort to sell the property is not being made, the overpayment amount shall be computed using the fair market value determined at the beginning of the nine-month period.~~ For the purposes of this section, "homestead" means the home that is owned by, and is the usual residence of, the child, relative, or other member of the assistance unit together with the surrounding property which is not separated from the home by intervening property owned by others. "Usual residence" includes the home from which the child, relative, or other members of the assistance unit is temporarily absent due to an employability development plan approved by the local human service agency, which includes education, training, or job search within the state but outside of the immediate geographic area. Public rights-of-way, such as roads which run through the surrounding property and separate it from the home, will not affect the exemption of the property; or

(2) Personal property of an equity value in excess of \$1,000 for the entire assistance unit, exclusive of personal property used as the home, one motor vehicle of an equity value not exceeding \$1,500 or the entire equity value of a motor vehicle determined to be necessary for the operation of a self-employment business, one burial plot for each member of the assistance unit, one prepaid burial contract with an equity value of no more than \$1,000 for each member of the assistance unit, clothing and necessary household furniture and equipment and other basic maintenance items essential for daily living, in accordance with rules promulgated by and standards established by the commissioner of human services.

(2) for any month in which the assistance unit's gross income, without application of deductions or disregards, exceeds 185 percent of the standard of need for a family of the same size and composition; except that the earnings of a dependent child who is a full-time student may be disregarded for six calendar months per calendar year and the earnings of a dependent child ~~who is a full-time student~~ that are derived from the jobs training and partnership act (JTPA) may be disregarded for six calendar months per calendar year. These two earnings disregards cannot be combined to allow more than a total of six months per calendar year when the earned income of a full-time student is derived from participation in a program under the JTPA. If a stepparent's income is taken into account in determining need, the disregards specified in section 256.74, subdivision 1a, shall be applied to determine income available to the assistance unit before calculating the unit's gross income for purposes of this paragraph;

(3) to any assistance unit for any month in which any caretaker relative with whom the child is living is, on the last day of that month, participating in a strike;

(4) on behalf of any other individual in the assistance unit, nor shall the individual's needs be taken into account for any month in which, on the last day of the month, the individual is participating in a strike;

(5) on behalf of any individual who is the principal earner in an assistance unit whose eligibility is based on the unemployment of a parent when the principal earner, without good cause, fails or refuses to accept employment, or to register with a public employment office, unless the principal earner is exempt from these work requirements.

Sec. 6. Minnesota Statutes 1992, section 256.73, subdivision 5, is amended to read:

Subd. 5. [AID FOR UNBORN CHILDREN PREGNANT WOMEN.] (a) For the purposes of sections 256.72 to 256.87, assistance payments shall be made ~~during the final three months of pregnancy to a pregnant woman who has with no other children but who otherwise qualifies for assistance except for medical assistance payments which shall be made at the time that pregnancy is confirmed by a physician if the pregnant woman has no other children and otherwise qualifies for assistance as provided in sections 256B.055 and 256B.056 who is receiving assistance when it is medically verified that the unborn child is expected to be born in the month the payment is made or within the three-month period following the month of payment. Eligibility must be determined as if the unborn child had been born and was living with her; considering the needs, income, and resources of all individuals in the filing unit. If eligibility exists for this fictional unit, the pregnant woman is eligible and her payment amount is determined based solely on her needs, income, including deemed income, and resources.~~ No payments shall be made for the needs of the unborn or for any special needs occasioned by the pregnancy except as provided in ~~clause paragraph~~ (b). The commissioner of human services shall promulgate, pursuant to the administrative procedures act, rules to implement this subdivision.

(b) The commissioner may, according to rules, make payments for the purpose of meeting special needs occasioned by or resulting from pregnancy both for a pregnant woman with no other children receiving assistance as well as for a pregnant woman receiving assistance as provided in sections 256.72 to 256.87. The special needs payments shall be dependent upon the needs of the pregnant woman and the resources allocated to the county by the commissioner and shall be limited to payments for medically recognized special or supplemental diet needs and the purchase of a crib and necessary clothing for the future needs of the unborn child at birth. ~~The commissioner shall, according to rules, make payments for medically necessary prenatal care of the pregnant woman and the unborn child.~~

Sec. 7. Minnesota Statutes 1992, section 256.73, subdivision 8, is amended to read:

Subd. 8. [RECOVERY OF OVERPAYMENTS.] (a) If an amount of aid to families with dependent children assistance is paid to a recipient in excess of the payment due, it shall be recoverable by the county agency. The agency shall give written notice to the recipient of its intention to recover the overpayment.

(b) When an overpayment occurs, the county agency shall recover the overpayment from a current recipient by reducing the amount of aid payable to the assistance unit of which the recipient is a member for one or more monthly assistance payments until the overpayment is repaid. ~~For any month in which an overpayment must be recovered, recoupment may be made by reducing the grant but only if the reduced assistance payment, together with the assistance unit's total income after deducting work expenses as allowed under section 256.74, subdivision 1, clauses (3) and (4), equals at least 95 percent of the standard of need for the assistance unit, except that if the overpayment is due solely to agency error, this total after deducting allowable work expenses must equal at least 99 percent of the standard of need. Notwithstanding the preceding sentence, beginning on the date on which the commissioner implements a computerized client eligibility and information system in one or more counties, All county agencies in the state shall reduce the assistance payment by three percent of the assistance unit's standard of need or the amount~~

of the monthly payment, whichever is less, for all overpayments whether or not the overpayment is due solely to agency error. If the overpayment is due solely to having wrongfully obtained assistance, whether based on a court order, the finding of an administrative fraud disqualification hearing or a waiver of such a hearing, or a confession of judgment containing an admission of an intentional program violation, the amount of this reduction shall be ten percent. In cases when there is both an overpayment and underpayment, the county agency shall offset one against the other in correcting the payment.

(c) Overpayments may also be voluntarily repaid, in part or in full, by the individual, in addition to the above aid reductions, until the total amount of the overpayment is repaid.

(d) The county agency shall make reasonable efforts to recover overpayments to persons no longer on assistance in accordance with standards adopted in rule by the commissioner of human services. The county agency need not attempt to recover overpayments of less than \$35 paid to an individual no longer on assistance if the individual does not receive assistance again within three years, unless the individual has been convicted of fraud under section 256.98.

Sec. 8. [256.735] [WAIVER OF AFDC BARRIERS TO EMPLOYMENT.]

Subdivision 1. [REQUEST.] (a) The commissioner of human services shall seek from the United States Department of Health and Human Services a waiver of the existing requirements of the AFDC program as described in paragraphs (b) and (c), in order to eliminate barriers to employment for AFDC recipients.

(b) The commissioner shall seek a waiver to set the maximum equity value of a licensed motor vehicle which can be excluded as a resource under United States Code, title 42, section 602(a)(7)(B), at \$4,500 because of the need of AFDC recipients for reliable transportation to participate in education, work, and training to become economically self-sufficient.

(c) The commissioner shall seek a waiver of the counting of the earned income of dependent children and minor caretakers who are attending school at least half time, in order to encourage them to save at least part of their earnings for future education or employment needs. Savings set aside in a separate account under this paragraph shall be excluded from the AFDC resource limits in Code of Federal Regulations, title 45, section 233.20(a)(3).

Subd. 2. [IMPLEMENTATION.] If approval from the department of health and human services indicates that the requested program changes are cost neutral to the federal government and the state, the commissioner shall implement the program changes authorized by this section promptly. If approval indicates that the program changes are not cost neutral, the commissioner shall report the costs to the 1994 legislature and delay implementation until such time as an appropriation to cover additional costs becomes available.

Subd. 3. [EVALUATION.] If the federal waiver is granted, the commissioner shall evaluate the program changes according to federal waiver requirements and submit a report to the legislature within a time frame consistent with the evaluation criteria that are established.

Sec. 9. Minnesota Statutes 1992, section 256.736, subdivision 10, is amended to read:

Subd. 10. [COUNTY DUTIES.] (a) To the extent of available state appropriations, county boards shall:

(4) work with the employment and training service provider to encourage voluntary participation by caretakers in the ~~targeted target~~ target groups;

(5) work with the employment and training service provider to collect data as required by the commissioner;

(6) to the extent permissible under federal law, require all caretakers coming into the AFDC program to attend orientation;

- (7) encourage ~~nontargeted~~ nontarget caretakers to develop a plan to obtain self-sufficiency;
- (8) notify the commissioner of the caretakers required to participate in employment and training services;
- (9) inform appropriate caretakers of opportunities available through the head start program and encourage caretakers to have their children screened for enrollment in the program where appropriate;
- (10) provide transportation assistance using available funds to caretakers who participate in employment and training programs;
- (11) ensure that orientation, job search, services to custodial parents under the age of 20, educational activities and work experience for AFDC-UP families, and case management services are made available to appropriate caretakers under this section, except that payment for case management services is governed by subdivision 13;
- (12) explain in its local service unit plan under section 268.88 how it will ensure that ~~targeted~~ target caretakers determined to be in need of social services are provided with such social services. The plan must specify how the case manager and the county social service workers will ensure delivery of needed services;
- (13) to the extent allowed by federal laws and regulations, provide a job search program as defined in subdivision 14 ~~and at least one of the following employment and training services~~; a community work experience program (CWEP) as defined in section 256.737, grant diversion as defined in section 256.739, and on-the-job training as defined in section 256.738, or. A county may also provide another work and training program approved by the commissioner and the secretary of the United States Department of Health and Human Services. Planning and approval for employment and training services listed in this clause must be obtained through submission of the local service unit plan as specified under section 268.88. ~~Each county is urged to adopt grant diversion as the second program required under this clause~~ A county is not required to provide a community work experience program if the county agency is successful in placing at least 40 percent of the monthly average of all caretakers who are subject to the job search requirements of subdivision 14 in grant diversion or on-the-job training program;
- (14) prior to participation, provide an assessment of each AFDC recipient who is required or volunteers to participate in an approved employment and training service. The assessment must include an evaluation of the participant's (i) educational, child care, and other supportive service needs; (ii) skills and prior work experience; and (iii) ability to secure and retain a job which, when wages are added to child support, will support the participant's family. The assessment must also include a review of the results of the early and periodic screening, diagnosis and treatment (EPSDT) screening and preschool screening under chapter 123, if available; the participant's family circumstances; and, in the case of a custodial parent under the age of 18, a review of the effect of a child's development and educational needs on the parent's ability to participate in the program;

- (16) obtain the written or oral concurrence of the appropriate exclusive bargaining representatives with respect to job duties covered under collective bargaining agreements to assure that no work assignment under this section or sections 256.737, 256.738, and 256.739 results in: (i) termination, layoff, or reduction of the work hours of an employee for the purpose of hiring an individual under this section or sections 256.737, 256.738, and 256.739; (ii) the hiring of an individual if any other person is on layoff from the same or a substantially equivalent job; (iii) any infringement of the promotional opportunities of any currently employed individual; (iv) the impairment of existing contracts for services or collective bargaining agreements; or (v) except for on-the-job training under section 256.738, a participant filling an established unfilled position vacancy; and

(17) assess each caretaker in an AFDC-UP family who is under age 25, has not completed high school or a high school equivalency program, and who would otherwise be required to participate in a work experience placement under section 256.737 to determine if an appropriate secondary education option is available for the caretaker. If an appropriate secondary education option is determined to be available for the caretaker, the caretaker must, in lieu of participating in work experience, enroll in and meet the educational program's participation and attendance requirements. "Secondary education" for this paragraph means high school education or education designed to prepare a person to qualify for a high school equivalency certificate, basic and remedial education, and English as a second language education. A caretaker required to participate in secondary education who, without good cause, fails to participate shall be subject to the provisions of subdivision 4a and the sanction provisions of subdivision 4, clause (6). For purposes of this clause, "good cause" means the inability to obtain licensed or legal nonlicensed child care services needed to enable the caretaker to attend, inability to obtain transportation needed to attend, illness or incapacity of the caretaker or another member of the household which requires the caretaker to be present in the home, or being employed for more than 30 hours per week.

(b) Funds available under this subdivision may not be used to assist, promote, or deter union organizing.

(c) A county board may provide other employment and training services that it considers necessary to help caretakers obtain self-sufficiency.

(d) Notwithstanding section 256G.07, when a ~~targeted target~~ caretaker relocates to another county to implement the provisions of the caretaker's case management contract or other written employability development plan approved by the county human service agency, its case manager or employment and training service provider, the county that approved the plan is responsible for the costs of case management and other services required to carry out the plan, including employment and training services. The county agency's responsibility for the costs ends when all plan obligations have been met, when the caretaker loses AFDC eligibility for at least 30 days, or when approval of the plan is withdrawn for a reason stated in the plan, whichever occurs first. Responsibility for the costs of child care must be determined under chapter 256H. A county human service agency may pay for the costs of case management, child care, and other services required in an approved employability development plan when the ~~nontargeted nontarget~~ caretaker relocates to another county or when a ~~targeted target~~ caretaker again becomes eligible for AFDC after having been ineligible for at least 30 days.

Sec. 10. Minnesota Statutes 1992, section 256.736, subdivision 10a, is amended to read:

Subd. 10a. [ORIENTATION.] (a) Each county agency must provide an orientation to all caretakers within its jurisdiction ~~who are determined eligible for AFDC on or after July 1, 1989, and who are required to attend an orientation. The county agency shall require attendance at orientation of all caretakers except in the time limits described in this paragraph:~~

~~(1) caretakers who are exempt from registration under subdivision 3 within 60 days of being determined eligible for AFDC for caretakers with a continued absence or incapacitated parent basis of eligibility; and or~~

~~(2) caretakers who are not within 30 days of being determined eligible for AFDC for caretakers with an unemployed parent basis of eligibility.~~

~~(b) Caretakers are required to attend an in-person orientation if the caretaker is a member of one of the groups listed in subdivision 3a, paragraph (a), and who are either responsible for the care of an incapacitated person or a dependent child under the age of six or enrolled at least half time in any recognized school, training program, or institution of higher learning unless the caretaker is exempt from registration under subdivision 3 and the caretaker's exemption basis will not expire within 60 days of being determined eligible for AFDC, or the caretaker is enrolled at least half time in any recognized school, training program, or institution of higher learning and the in-person orientation cannot be scheduled at a time that does not interfere with the caretaker's school or training schedule. The county agency shall require attendance at orientation of caretakers described in subdivision 3a, paragraph (b) or (c), if they become the commissioner determines that the groups are eligible for participation in employment and training services.~~

~~(b) Except as provided in paragraph (e), (c) The orientation must consist of a presentation that informs caretakers of:~~

~~(1) the identity, location, and phone numbers of employment and training and support services available in the county;~~

- (2) the types and locations of child care services available through the county agency that are accessible to enable a caretaker to participate in educational programs or employment and training services;
- (3) the child care resource and referral program designated by the commissioner providing education and assistance to select child care services and a referral to the child care resource and referral when assistance is requested;
- (4) the obligations of the county agency and service providers under contract to the county agency;
- (5) the rights, responsibilities, and obligations of participants;
- (6) the grounds for exemption from mandatory employment and training services or educational requirements;
- (7) the consequences for failure to participate in mandatory services or requirements;
- (8) the method of entering educational programs or employment and training services available through the county;
- (9) the availability and the benefits of the early and periodic, screening, diagnosis and treatment (EPSDT) program and preschool screening under chapter 123;
- (10) their eligibility for transition year child care assistance when they lose eligibility for AFDC due to their earnings; ~~and~~
- (11) their eligibility for extended medical assistance when they lose eligibility for AFDC due to their earnings; and
- (12) the availability and benefits of the Head Start program.

~~(e)~~ (d) Orientation must encourage recipients to view AFDC as a temporary program providing grants and services to individuals who set goals and develop strategies for supporting their families without AFDC assistance. The content of the orientation must not imply that a recipient's eligibility for AFDC is time limited. Orientation may be provided through audio-visual methods, but the caretaker must be given an opportunity for face-to-face interaction with staff of the county agency or the entity providing the orientation, and an opportunity to express the desire to participate in educational programs and employment and training services offered through the county agency.

~~(e)~~ (e) County agencies shall not require caretakers to attend orientation for more than three hours during any period of 12 continuous months. The county agency shall also arrange for or provide needed transportation and child care to enable caretakers to attend.

~~(e) Orientation for caretakers not eligible for participation in employment and training services under the provisions of subdivision 3a, paragraphs (a) and (b), shall present information only on those employment, training, and support services available to those caretakers, and information on clauses (2), (3), (9), (10), and (11) of paragraph (a) and all of paragraph (c), and may not last more than two hours. The county or, under contract, the county's employment and training service provider shall mail written orientation materials containing the information specified in paragraph (c), clauses (1) to (3) and (8) to (12), to each caretaker exempt from attending an in-person orientation or who has good cause for failure to attend after at least two dates for their orientation have been scheduled. The county or the county's employment and training service provider shall follow up with a phone call or in writing within two weeks after mailing the material.~~

(f) Persons required to attend orientation must be informed of the penalties for failure to attend orientation, support services to enable the person to attend, what constitutes good cause for failure to attend, and rights to appeal. Persons required to attend orientation must be offered a choice of at least two dates for their first scheduled orientation. No person may be sanctioned for failure to attend orientation until after a second failure to attend.

(g) Good cause for failure to attend an in-person orientation exists when a caretaker cannot attend because of:

(1) temporary illness or injury of the caretaker or of a member of the caretaker's family that prevents the caretaker from attending an orientation during the hours when the orientation is offered;

(2) a judicial proceeding that requires the caretaker's presence in court during the hours when orientation is scheduled; or

(3) a nonmedical emergency that prevents the caretaker from attending an orientation during the hours when orientation is offered. "Emergency" for the purposes of this paragraph means a sudden, unexpected occurrence or situation of a serious or urgent nature that requires immediate action.

(h) Caretakers must receive a second orientation only when:

(1) there has been a 30-day break in AFDC eligibility; and

(2) the caretaker has not attended an orientation within the previous 12-month period, excluding the month of reapplication for AFDC.

Sec. 11. Minnesota Statutes 1992, section 256.736, subdivision 14, is amended to read:

Subd. 14. [JOB SEARCH.] ~~(a) The commissioner of human services shall~~ Each county agency must establish and operate a job search program as provided under Public Law Number 100-485 this section. Unless exempt, the principal wage earner in an AFDC-UP assistance unit must be referred to and begin participation in the job search program within 30 days of being determined eligible for AFDC, and must begin participation within four months of being determined eligible. ~~If the principal wage earner is exempt from participation in job search, the other caretaker must be referred to and begin participation in the job search program within 30 days of being determined eligible for AFDC.~~ The principal wage earner or the other caretaker is exempt from job search participation if:

~~(1) the caretaker is already participating in another approved employment and training service;~~

~~(2) the caretaker's employability plan specifies other activities;~~

~~(3) the caretaker is exempt from registration under subdivision 3; or~~

~~(4) the caretaker is unable to secure employment due to inability to communicate in the English language, is participating in an English as a second language course, and is making satisfactory progress towards completion of the course. If an English as a second language course is not available to the caretaker, the caretaker is exempt from participation until a course becomes available~~ (2) the caretaker is under age 25, has not completed a high school diploma or an equivalent program, and is participating in a secondary education program as defined in subdivision 10, paragraph (a), clause (17), which is approved by the employment and training service provider in the employability development plan.

~~(b) The job search program must provide the following services:~~

~~(1) an initial period of up to four consecutive weeks of job search activities for no less than 20 hours per week but not more than 32 hours per week. The employment and training service provider shall specify for each participating caretaker the number of weeks and hours of job search to be conducted and shall report to the county board agency if the caretaker fails to cooperate with the job search requirements; and~~

~~(2) an additional period of job search following the first period at the discretion of the employment and training service provider. The total of these two periods of job search may not exceed eight weeks for any 12 consecutive month period beginning with the month of application.~~

~~(c) The job search program may provide services to non-AFDC-UP caretakers.~~

(d) After completion of job search requirements in this section, nonexempt caretakers shall be placed in and must participate in and cooperate with the work experience program under section 256.737, the on-the-job training program under section 256.738, or the grant diversion program under section 256.739. Caretakers must be offered placement in a grant diversion or on-the-job training program, if either such employment is available, before being required to participate in a community work experience program under section 256.737.

Sec. 12. Minnesota Statutes 1992, section 256.736, subdivision 16, is amended to read:

Subd. 16. [ALLOCATION AND USE OF MONEY.] (a) State money appropriated for employment and training services under this section must be allocated to counties as specified in paragraphs (b) to ~~(j)~~ (i).

(b) For purposes of this ~~section~~ subdivision, "targeted caretaker" means a recipient who:

(1) is a custodial parent under the age of 24 who: (i) has not completed a high school education and at the time of application for AFDC is not enrolled in high school or in a high school equivalency program; or (ii) had little or no work experience in the preceding year;

(2) is a member of a family in which the youngest child is within two years of being ineligible for AFDC due to age; or

(3) has received 36 months or more of AFDC over the last 60 months.

(c) One hundred percent of the money appropriated for case management services as described in subdivision 11 must be allocated to counties based on the average number of cases in each county described in clause (1). Money appropriated for employment and training services as described in subdivision 1a, paragraph (d), other than case management services, must be allocated to counties as follows:

(1) Forty percent of the state money must be allocated based on the average number of cases receiving AFDC in the county which either have been open for 36 or more consecutive months or have a caretaker who is under age 24 and who has no high school or general equivalency diploma. [FEDERAL REQUIREMENTS.] If the Family Support Act of 1988, Public Law Number 100-485, is revised or if federal implementation of that law is revised so that Minnesota is no longer obligated to operate a mandatory work experience program for AFDC-UP families, the commissioner shall operate the work experience program under this section as a volunteer program, and shall utilize the funding authorized for work experience to improve and expand the availability of other employment and training services authorized under this section.

Sec. 22. Minnesota Statutes 1992, section 256.74, subdivision 1, is amended to read:

Subdivision 1. [AMOUNT.] The amount of assistance which shall be granted to or on behalf of any dependent child and mother or other needy eligible relative caring for the dependent child shall be determined by the county agency in accordance with rules promulgated by the commissioner and shall be sufficient, when added to all other income and support available to the child, to provide the child with a reasonable subsistence compatible with decency and health. The amount shall be based on the method of budgeting required in Public Law Number 97-35, section 2315, United States Code, title 42, section 602, as amended and federal regulations at Code of Federal Regulations, title 45, section 233. Nonrecurring lump sum income received by an assistance unit AFDC family must be budgeted in the normal retrospective cycle. The number of months of ineligibility is determined by dividing the amount of the lump sum income and all other When the family's income, after application of the applicable disregards, by exceeds the standard of need standard for the assistance unit family because of receipt of earned or unearned lump sum income, the family will be ineligible for the full number of months derived by dividing the sum of the lump sum income and other income by the monthly need standard for a family of that size. An amount Any income remaining after from this calculation is income in the first month following the period of eligibility ineligibility. If the total monthly income including the lump sum income is larger than the standard of need for a single month. The first month of ineligibility is the payment month that corresponds with the budget month in which the lump sum income was received. For purposes of applying the lump sum provision, family includes those persons defined in the Code of Federal Regulations, title 45, section 233.20(a)(3)(ii)(F). A period of ineligibility must be shortened when the standard of need increases and the amount the family would have received also changes, an amount is documented as stolen, an amount is unavailable because a member of the family left the household with that amount and has not returned, an amount is paid by the family during the period of ineligibility to cover a cost that would otherwise qualify for emergency assistance, or the family incurs and pays for medical expenses which would have been covered by medical assistance if eligibility existed. In making its determination the county agency shall disregard the following from family income:

(1) all the earned income of each dependent child applying for AFDC if the child is a full-time student and all of the earned income of each dependent child receiving aid to families with dependent children AFDC who is a full-time student or is a part-time student, and who is not a full-time employee, A student is one who is attending a school, college, or university, or a course of vocational or technical training designed to fit students for gainful employment as well as and includes a participant in the Job Corps program under the Job Training Partnership Act (JTPA). The county agency shall also disregard all the earned income derived from the job training and partnership act (JTPA) for a of each dependent child for applying for or receiving AFDC when the income is derived from a program carried out under JTPA, except that disregard of earned income may not exceed six calendar months per calendar year, together with unearned income derived from the job training and partnership act;

(3) the first \$90 of each individual's earned income. For self-employed persons, the expenses directly related to producing goods and services and without which the goods and services could not be produced shall be disregarded pursuant to rules promulgated by the commissioner;

(4) thirty dollars plus one-third of each individual's earned income for individuals found otherwise eligible to receive aid or who have received aid in one of the four months before the month of application. With respect to any month, the county welfare agency shall not disregard under this clause any earned income of any person who has: (a) reduced earned income without good cause within 30 days preceding any month in which an assistance payment is made; (b) refused without good cause to accept an offer of suitable employment; (c) left employment or reduced earnings without good cause and applied for assistance so as to be able later to return to employment with the advantage of the income disregard; or (d) failed without good cause to make a timely report of earned income in accordance with rules promulgated by the commissioner of human services. Persons who are already employed and who apply for assistance shall have their needs computed with full account taken of their earned and other income.

If earned and other income of the family is less than need, as determined on the basis of public assistance standards, the county agency shall determine the amount of the grant by applying the disregard of income provisions. The county agency shall not disregard earned income for persons in a family if the total monthly earned and other income exceeds their needs, unless for any one of the four preceding months their needs were met in whole or in part by a grant payment. The disregard of \$30 and one-third of earned income in this clause shall be applied to the individual's income for a period not to exceed four consecutive months. Any month in which the individual loses this disregard because of the provisions of subclauses (a) to (d) shall be considered as one of the four months. An additional \$30 work incentive must be available for an eight-month period beginning in the month following the last month of the combined \$30 and one-third work incentive. This period must be in effect whether or not the person has earned income or is eligible for AFDC. To again qualify for the earned income disregards under this clause, the individual must not be a recipient of aid for a period of 12 consecutive months. When an assistance unit becomes ineligible for aid due to the fact that these disregards are no longer applied to income, the assistance unit shall be eligible for medical assistance benefits for a 12-month period beginning with the first month of AFDC ineligibility;

(5) an amount equal to the actual expenditures for the care of each dependent child or incapacitated individual living in the same home and receiving aid, not to exceed: (a) \$175 for each individual age two and older, and \$200 for each individual under the age of two, ~~when the family member whose needs are included in the eligibility determination is employed for 30 or more hours per week; or (b) \$174 for each individual age two or older, and \$199 for each individual under the age of two, when the family member whose needs are included in the eligibility determination is not employed throughout the month or when employment is less than 30 hours per week.~~ The dependent care disregard must be applied after all other disregards under this subdivision have been applied;

(6) the first \$50 per assistance unit of the monthly support obligation collected by the support and recovery (IV-D) unit. The first \$50 of periodic support payments collected by the public authority responsible for child support enforcement from a person with a legal obligation to pay support for a member of the assistance unit must be paid to the assistance unit within 15 days after the end of the month in which the collection of the periodic support payments occurred and must be disregarded when determining the amount of assistance. A review of a payment decision under this clause must be requested within 30 days after receiving the notice of collection of assigned support or within 90 days after receiving the notice if good cause can be shown for not making the request within the 30-day limit;

(7) that portion of an insurance settlement earmarked and used to pay medical expenses, funeral and burial costs, or to repair or replace insured property; and

(8) all earned income tax credit payments received by the family as a refund of federal income taxes or made as advance payments by an employer.

All payments made pursuant to a court order for the support of children not living in the assistance unit's household shall be disregarded from the income of the person with the legal obligation to pay support, provided that, if there has been a change in the financial circumstances of the person with the legal obligation to pay support since the support order was entered, the person with the legal obligation to pay support has petitioned for a modification of the support order.

Sec. 23. Minnesota Statutes 1992, section 256.78, is amended to read:

256.78 [ASSISTANCE GRANTS RECONSIDERED.]

All assistance granted under sections 256.72 to 256.87 shall be reconsidered as frequently as may be required by the rules of the state agency. After such further investigation as the county agency may deem necessary or the state agency may require, the amount of assistance may be changed or assistance may be entirely withdrawn if the state or county agency find that the child's circumstances have altered sufficiently to warrant such action. ~~The period of ineligibility for AFDC which results when an assistance unit receives lump sum income must be reduced when:~~

~~(1) the assistance unit's standard of need increases due to changes in state law or due to changes in the size or composition of the assistance unit, so that the amount of aid the assistance unit would have received would have increased had it not become ineligible;~~

~~(2) the lump sum income, or a portion of it becomes unavailable to the assistance unit due to expenditures to avoid a life threatening circumstance, theft, or dissipation which is beyond the family's control by a member of the family who is no longer part of the assistance unit when the lump sum income is not used to meet the needs of members of the assistance unit; or~~

~~(3) the assistance unit incurs and pays medical expenses for care and services specified in sections 256B.02, subdivision 8, and 256B.0625.~~

The county agency may for cause at any time revoke, modify, or suspend any order for assistance previously made. When assistance is thus revoked, modified, or suspended the county agency shall at once report to the state agency such decision together with supporting evidence required by the rules of the state agency. All such decisions shall be subject to appeal and review by the state agency as provided in section 256.045.

Sec. 24. [256.8795] [FAMILY REUNIFICATION GRANTS.]

Within 30 days of enactment of this section, the commissioner of human services shall prepare and submit to the federal Department of Health and Human Services a request for a federal waiver to provide assistance under the Aid to Families with Dependent Children program, to otherwise eligible families deprived of benefits because one or more dependent children is in out-of-home placement. The purpose of the waiver is to permit the state to pay AFDC benefits to families for whom the county agency has developed or approved a case plan that includes reunification with their children and who are either at risk of losing housing, or in need of securing housing in order for reunification to occur. The commissioner of human services shall also seek federal administrative funds to coordinate and fund the work of county child protection workers, county income assistance workers, and probation officers, to facilitate providing AFDC benefits to otherwise eligible needy families in need of housing for reunification. In preparing the waiver request, the commissioner of human services shall ensure insofar as possible that the waiver request is cost neutral. The commissioner shall consult with the commissioner of corrections in order to establish methods and procedures to ensure that case plans for reunification and AFDC benefits and housing assistance are made available to caretakers who are otherwise eligible for AFDC, upon their release from correctional institutions. Upon its filing, the commissioner of human services shall provide copies of the waiver request to the chairs of the house and senate health and human services committees, and, within six months of filing the waiver request, shall report to the chairs of these committees on the status of the waiver.

Sec. 25. Minnesota Statutes 1992, section 256.983, subdivision 3, is amended to read:

Subd. 3. [DEPARTMENT RESPONSIBILITIES.] The commissioner shall establish training programs which shall be attended by all investigative and supervisory staff of the involved county agencies. The commissioner shall also develop the necessary operational guidelines, forms, and reporting mechanisms, which shall be used by the involved county agencies. An individual's application or redetermination form shall serve as a release by the individual to obtain documentation for any information on that form which is involved in a fraud prevention investigation.

Sec. 26. Minnesota Statutes 1992, section 256B.056, subdivision 1a, is amended to read:

Subd. 1a. [INCOME AND ASSETS GENERALLY.] Unless specifically required by state law or rule or federal law or regulation, the methodologies used in counting income and assets to determine eligibility for medical assistance shall be as follows: (a) for persons whose eligibility category is based on blindness, disability, or age of 65 or more years, the methodologies for the supplemental security income program shall be used; ~~and (b), except that payments made pursuant to a court order for the support of children shall be excluded from income in an amount not to exceed the difference between the applicable income standard used in the state's medical assistance program for aged, blind, and disabled persons and the applicable income standard used in the state's medical assistance program for families with children.~~ Exclusion of court-ordered child support payments is subject to the condition that if there has been a change in the financial circumstances of the person with the legal obligation to pay support since the support order was entered, the person with the legal obligation to pay support has petitioned for modification of the support order. For families for families and children, which includes all other eligibility categories, the methodologies for the aid to families with dependent children program under section 256.73 shall be used. For these purposes, a "methodology" does not include an asset or income standard, or accounting method, or method of determining effective dates.

Sec. 27. Minnesota Statutes 1992, section 256D.01, subdivision 1a, is amended to read:

Subd. 1a. [STANDARDS.] (a) A principal objective in providing general assistance is to provide for persons ineligible for federal programs who are unable to provide for themselves. The minimum standard of assistance determines the total amount of the general assistance grant without separate standards for shelter, utilities, or other needs.

(b) The commissioner shall set the standard of assistance for an assistance unit consisting of an adult recipient who is childless and unmarried or living apart from children and spouse and who does not live with a parent or parents or a legal custodian. When the other standards specified in this subdivision increase, this standard must also be increased by the same percentage.

(c) For an assistance unit consisting of a single adult who lives with a parent or parents, the general assistance standard of assistance is the amount that the aid to families with dependent children standard of assistance would increase if the recipient were added as an additional minor child to an assistance unit consisting of the recipient's parent and all of that parent's family members, except that the standard may not exceed the standard for a general assistance recipient living alone. Benefits received by a responsible relative of the assistance unit under the supplemental security income program, a workers' compensation program, the Minnesota supplemental aid program, or any other program based on the responsible relative's disability, and any benefits received by a responsible relative of the assistance unit under the social security retirement program, may not be counted in the determination of eligibility or benefit level for the assistance unit. Except as provided below, the assistance unit is ineligible for general assistance if the available resources or the countable income of the assistance unit and the parent or parents with whom the assistance unit lives are such that a family consisting of the assistance unit's parent or parents, the parent or parents' other family members and the assistance unit as the only or additional minor child would be financially ineligible for general assistance. For the purposes of calculating the countable income of the assistance unit's parent or parents, the calculation methods, income deductions, exclusions, and disregards used when calculating the countable income for a single adult or childless couple must be used.

(d) For an assistance unit consisting of a childless couple, the standards of assistance are the same as the first and second adult standards of the aid to families with dependent children program. If one member of the couple is not included in the general assistance grant, the standard of assistance for the other is the second adult standard of the aid to families with dependent children program.

(e) For an assistance unit consisting of all members of a family, the standards of assistance are the same as the standards of assistance that apply to a family under the aid to families with dependent children program if that family had the same number of parents and children as the assistance unit under general assistance and if all members of that family were eligible for the aid to families with dependent children program. If one or more members of the family are not included in the assistance unit for general assistance, the standards of assistance for the remaining members are the same as the standards of assistance that apply to an assistance unit composed of the entire family, less the standards of assistance for a family of the same number of parents and children as those members of the family who are not in the assistance unit for general assistance. In no case shall the standard for family members who are in the assistance unit for general assistance, when combined with the standard for family members who are not in the general assistance unit, total more than the standard for the entire family if all members were in an AFDC assistance unit. A child may not be excluded from the assistance unit unless income intended for its benefit is received from a federally aided categorical assistance program or supplemental security income. The income of a child who is excluded from the assistance unit may not be counted in the determination of eligibility or benefit level for the assistance unit.

(f) An assistance unit consisting of one or more members of a family must have its grant determined using the policies and procedures of the aid to families with dependent children program, except that, in cases where a county agency has developed or approved a case plan that includes reunification with the children, foster care maintenance payments made under state or local law for a child who is temporarily absent from the assistance unit must not be considered income to the child and the payments must not be counted in the determination of the eligibility or benefit level of the assistance unit. However Otherwise, the standard of assistance must be determined according to paragraph (e); the first \$50 of total child support received by an assistance unit in a month must be excluded and the balance counted as unearned income; and nonrecurring lump sums received by the family must be considered income in the month received and a resource in the following months.

Sec. 28. Minnesota Statutes 1992, section 256D.02, subdivision 5, is amended to read:

Subd. 5. "Family" means the applicant or recipient and the following persons who reside with the applicant or recipient:

- (1) the applicant's spouse;
- (2) any minor child of whom the applicant is a parent, stepparent, or legal custodian, and that child's minor siblings, including half-siblings and stepsiblings;
- (3) the other parent of the applicant's minor child or children together with that parent's minor children, and, if that parent is a minor, his or her parents, stepparents, legal guardians, and minor siblings; and
- (4) if the applicant or recipient is a minor, the minor's parents, stepparents, or legal guardians, and any other minor children for whom those parents, stepparents, or legal guardians are financially responsible.

A minor child who is temporarily absent from the recipient's home due to placement in foster care paid for from state or local funds, but who is expected to return within six months of the month of departure, is considered to be residing with the recipient.

A "family" must contain at least one minor child and at least one of that child's natural or adoptive parents, stepparents, or legal custodians.

(6) Cooperate to the fullest extent with other public agencies empowered by law to provide vocational training, rehabilitation, or similar services;

(7) Gather and study current information and report at least annually to the governor and legislature on the nature and need for general assistance and general assistance medical care, the amounts expended under the supervision of each county agency, and the activities of each county agency and publish such reports for the information of the public; and

(8) Specify requirements for general assistance and general assistance medical care reports, including fiscal reports, according to section 256.01, subdivision 2, paragraph (17); and

(9) Ensure that every notice of eligibility for general assistance or work readiness includes a notice that women who are pregnant may be eligible for medical assistance benefits.

Sec. 30. Minnesota Statutes 1992, section 256D.051, subdivision 1, is amended to read:

Subdivision 1. [WORK REGISTRATION.] (a) Except as provided in this subdivision, persons who are residents of the state and whose income and resources are less than the standard of assistance established by the commissioner, but who are not categorically eligible under section 256D.05, subdivision 1, are eligible for the work readiness program for a maximum period of six calendar months during any 12 consecutive calendar month period, subject to the provisions of paragraph (d), subdivision 3, and section 256D.052, subdivision 4. The person's eligibility period begins on the first day of the calendar month following the date of application for assistance or following the date all eligibility factors are met, whichever is later; however, the person may voluntarily continue to participate in work readiness services for up to three additional consecutive months immediately following the last month of benefits to complete the provisions of the person's employability development plan. After July 1, 1992, if orientation is available within three weeks after the date eligibility is determined, initial payment will not be made until the registrant attends orientation to the work readiness program. Prior to terminating work readiness assistance the county agency must provide advice on the person's eligibility for general assistance medical care and must assess the person's eligibility for general assistance under section 256D.05 to the extent possible, using information in the case file, and determine the person's eligibility for general assistance. A determination that the person is not eligible for general assistance must be stated in the notice of termination of work readiness benefits.

(b) Persons, families, and married couples who are not state residents but who are otherwise eligible for work readiness assistance may receive emergency assistance to meet emergency needs.

(c) Except for family members who must participate in work readiness services under the provisions of section 256D.05, subdivision 1, clause (14) (16), any person who would be defined for purposes of the food stamp program as being enrolled or participating at least half-time in an institution of higher education or a post-secondary program is ineligible for the work readiness program. Post-secondary education does not include the following programs: (1) high school equivalency; (2) adult basic education; (3) English as a second language; (4) literacy training; and (5) skill-specific technical training that has a course of study of less than three months, that is not paid for using work readiness funds, and that is specified in the work readiness employability development plan developed with the recipient prior to the recipient beginning the training course.

(d) Notwithstanding the provisions of sections 256.045 and 256D.10, during the pendency of an appeal, work readiness payments and services shall not continue to a person who appeals the termination of benefits due to exhaustion of the period of eligibility specified in paragraph (a) or (d).

Sec. 31. Minnesota Statutes 1992, section 256D.05, is amended by adding a subdivision to read:

Subd. 8. [PERSONS INELIGIBLE.] (a) Beginning July 1, 1994, an undocumented alien or a nonimmigrant is ineligible for work readiness and general assistance benefits. For purposes of this subdivision, a nonimmigrant is an individual in one or more of the classes listed in United States Code, title 8, section 1101(a)(15), and an undocumented alien is an individual who resides in the United States without the approval or acquiescence of the Immigration and Naturalization Service.

Sec. 33. Minnesota Statutes 1992, section 257.541, is amended to read:

257.541 [CUSTODY AND VISITATION OF CHILDREN BORN OUTSIDE OF MARRIAGE.]

Subdivision 1. [MOTHER'S RIGHT TO CUSTODY.] The biological mother of a child born to a mother who was not married to the child's father neither when the child was born nor when the child was conceived has sole custody of the child until paternity has been established under sections 257.51 to 257.74, or until custody is determined in a separate proceeding under section 518.156.

Subd. 2. [FATHER'S RIGHT TO VISITATION AND CUSTODY.] (a) If paternity has been acknowledged under section 257.34 and paternity has been established under sections 257.51 to 257.74, the father's rights of visitation or custody are determined under sections 518.17 and 518.175.

(b) If paternity has not been acknowledged under section 257.34 and paternity has been established under sections 257.51 to 257.74, the biological father may petition for rights of visitation or custody in the paternity proceeding or in a separate proceeding under section 518.156.

Subd. 3. [FATHER'S RIGHT TO VISITATION AND CUSTODY; RECOGNITION OF PATERNITY.] If paternity has been recognized under section 257.75, the father may petition for rights of visitation or custody in an independent action under section 518.156. The proceeding must be treated as an initial determination of custody under section 518.17. The provisions of chapter 518 apply with respect to the granting of custody and visitation. These proceedings may not be combined with any proceeding under chapter 518B.

Sec. 34. Minnesota Statutes 1992, section 257.55, subdivision 1, is amended to read:

Subdivision 1. [PRESUMPTION.] A man is presumed to be the biological father of a child if:

(a) He and the child's biological mother are or have been married to each other and the child is born during the marriage, or within 280 days after the marriage is terminated by death, annulment, declaration of invalidity, dissolution, or divorce, or after a decree of legal separation is entered by a court;

(b) Before the child's birth, he and the child's biological mother have attempted to marry each other by a marriage solemnized in apparent compliance with law, although the attempted marriage is or could be declared void, voidable, or otherwise invalid, and,

(1) if the attempted marriage could be declared invalid only by a court, the child is born during the attempted marriage, or within 280 days after its termination by death, annulment, declaration of invalidity, dissolution or divorce; or

(2) if the attempted marriage is invalid without a court order, the child is born within 280 days after the termination of cohabitation;

(c) After the child's birth, he and the child's biological mother have married, or attempted to marry, each other by a marriage solemnized in apparent compliance with law, although the attempted marriage is or could be declared void, voidable, or otherwise invalid, and,

(1) he has acknowledged his paternity of the child in writing filed with the state registrar of vital statistics;

(2) with his consent, he is named as the child's father on the child's birth certificate; or

If another man is presumed under this clause to be the child's father, acknowledgment may be effected only with the written consent of the presumed father or after the presumption has been rebutted;

(f) Evidence of statistical probability of paternity based on blood testing establishes ~~that~~ the likelihood that ~~the man~~ he is the father of the child, calculated with a prior probability of no more than 0.5 (50 percent), is 99 percent or greater;

(g) He and the child's biological mother have executed a recognition of parentage in accordance with section 257.75 and another man is presumed to be the father under this subdivision; or

(h) He and the child's biological mother have executed a recognition of parentage in accordance with section 257.75 and another man and the child's mother have executed a recognition of parentage in accordance with section 257.75.

Sec. 35. Minnesota Statutes 1992, section 257.57, subdivision 2, is amended to read:

Subd. 2. The child, the mother, or personal representative of the child, the public authority chargeable by law with the support of the child, the personal representative or a parent of the mother if the mother has died or is a minor, a man alleged or alleging himself to be the father, or the personal representative or a parent of the alleged father if the alleged father has died or is a minor may bring an action:

(1) at any time for the purpose of declaring the existence of the father and child relationship presumed under section 257.55, subdivision 1, clause (d), (e), ~~or~~ (f), (g), or (h), or the nonexistence of the father and child relationship presumed under clause (d) of that subdivision;

(2) for the purpose of declaring the nonexistence of the father and child relationship presumed under section 257.55, subdivision 1, clause (e) or (g), only if the action is brought within three years after the date of the execution of the declaration or recognition of parentage; or

(3) for the purpose of declaring the nonexistence of the father and child relationship presumed under section 257.55, subdivision 1, paragraph (f), only if the action is brought within three years after the party bringing the action, or the party's attorney of record, has been provided the blood test results.

Sec. 36. Minnesota Statutes 1992, section 257.59, subdivision 3, is amended to read:

Subd. 3. The action may be brought in the county in which the child or the ~~alleged father~~ defendant resides or is found or, if the ~~father~~ defendant is deceased, in which proceedings for probate of ~~his~~ the defendant's estate have been or could be commenced.

Sec. 37. Minnesota Statutes 1992, section 257.73, subdivision 1, is amended to read:

Subdivision 1. Upon compliance with the provisions of section 257.55, subdivision 1, clause (e), 257.75, or upon order of a court of this state or upon request of a court of another state, the local registrar of vital statistics shall prepare a new certificate of birth consistent with the acknowledgment or the findings of the court and shall substitute the new certificate for the original certificate of birth.

Sec. 38. Minnesota Statutes 1992, section 257.74, subdivision 1, is amended to read:

Subdivision 1. If a mother relinquishes or proposes to relinquish for adoption a child who has

(a) a presumed father under section 257.55, subdivision 1,

(b) a father whose relationship to the child has been determined by a court or established under section 257.75, or

(c) a father as to whom the child is a legitimate child under prior law of this state or under the law of another jurisdiction, the father shall be given notice of the adoption proceeding as provided in section 259.26.

Sec. 39. [257.75] [RECOGNITION OF PARENTAGE.]

Subdivision 1. [RECOGNITION BY PARENTS.] The mother and father of a child born to a mother who was not married to the child's father nor to any other man when the child was conceived nor when the child was born may, in a writing signed by both of them before a notary public and filed with the state registrar of vital statistics, state and acknowledge under oath that they are the biological parents of the child and wish to be recognized as the biological parents. The recognition must be in the form prepared by the commissioner of human services under subdivision 5.

Subd. 2. [REVOCATION OF RECOGNITION.] A recognition may be revoked in a writing signed by the mother or father before a notary public and filed with the state registrar of vital statistics within 30 days after the recognition is executed. Upon receipt of a revocation of the recognition of parentage, the state registrar of vital statistics shall forward a copy of the revocation to the nonrevoking parent.

Subd. 3. [EFFECT OF RECOGNITION.] Subject to subdivision 2 and section 257.55, subdivision 1, paragraph (g) or (h), the recognition has the force and effect of a judgment or order determining the existence of the parent and child relationship under section 257.66. If the conditions in section 257.55, subdivision 1, paragraph (g) or (h), exist, the recognition creates only a presumption of paternity for purposes of sections 257.51 to 257.74. Until an order is entered granting custody to another, the mother has sole custody. The recognition is:

(1) a basis for bringing an action to award custody or visitation rights to either parent, establishing a child support obligation, ordering a contribution by a parent under section 256.87, or ordering a contribution to the reasonable expenses of the mother's pregnancy and confinement, as provided under section 257.66, subdivision 3;

(2) determinative for all other purposes related to the existence of the parent and child relationship; and

(3) entitled to full faith and credit in other jurisdictions.

Subd. 4. [ACTION TO VACATE RECOGNITION.] An action to vacate a recognition of paternity may be brought by the mother, father, or child. A mother or father must bring the action within one year of the execution of the recognition or within six months after discovery of evidence in support of the action, whichever is later. A child must bring an action to vacate within six months of discovery of evidence, in support of the action or within one year of reaching the age of majority, whichever is later. If the court finds a prima facie basis for vacating the recognition, the court shall order the child, mother, and father to submit to blood tests. If the court issues an order for the taking of blood tests, the court shall require the party seeking to vacate the recognition to make advance payment for the costs of the blood tests. If the party fails to pay for the costs of the blood tests, the court shall dismiss the action to vacate with prejudice. The court may also order the party seeking to vacate the recognition to pay the other party's reasonable attorney fees, costs, and disbursements. If the results of the blood tests establish that the man who executed the recognition is not the father, the court shall vacate the recognition. The court shall terminate the obligation of a party to pay ongoing child support based on the recognition. A modification of child support based on a recognition may be made retroactive with respect to any period during which the moving party has pending a motion to vacate the recognition but only from the date of service of notice of the motion on the responding party.

Subd. 5. [RECOGNITION FORM.] The commissioner of human services shall prepare a form for the recognition of parentage under this section. In preparing the form, the commissioner shall consult with the individuals specified in subdivision 6. The recognition form must be drafted so that the force and effect of the recognition and the benefits and responsibilities of establishing paternity are clear and understandable. The form must include a notice regarding the finality of a recognition and the revocation procedure under subdivision 2. The form must include a provision for each parent to verify that the parent has read or viewed the educational materials prepared by the commissioner of human services describing the recognition of paternity. Each parent must receive a copy of the recognition.

Subd. 6. [PATERNITY EDUCATIONAL MATERIALS.] The commissioner of human services shall prepare educational materials for new and prospective parents that describe the benefits and effects of establishing paternity. The materials must include a description and comparison of the procedures for establishment of paternity through a recognition of parentage under this section and an adjudication of paternity under sections 257.51 to 257.74. The commissioner shall consider the use of innovative audio or visual approaches to the presentation of the materials to facilitate understanding and presentation. In preparing the materials, the commissioner shall consult with child advocates and support workers, battered women's advocates, social service providers, educators, attorneys, hospital representatives, and people who work with parents in making decisions related to paternity. The commissioner shall consult with representatives of communities of color. On and after July 1, 1994, the commissioner shall make the materials available without cost to hospitals, requesting agencies, and other persons for distribution to new parents.

Subd. 7. [HOSPITAL DISTRIBUTION OF EDUCATIONAL MATERIALS; RECOGNITION FORM.] Hospitals that provide obstetric services shall distribute the educational materials and recognition of parentage forms prepared by the commissioner of human services to new parents and shall assist parents in understanding the recognition of parentage form. On and after July 1, 1994, hospitals may not distribute the declaration of parentage forms.

Subd. 8. [NOTICE.] If the state registrar of vital statistics receives more than one recognition of parentage for the same child, the registrar shall notify both signatories on each recognition that the recognition is no longer final and that each man has only a presumption of paternity under section 257.55, subdivision 1.

Sec. 40. Minnesota Statutes 1992, section 388.23, subdivision 1, is amended to read:

Subdivision 1. [AUTHORITY.] The county attorney, or any deputy or assistant county attorney whom the county attorney authorizes in writing, has the authority to subpoena and require the production of any records of telephone companies, cellular phone companies, paging companies, electric companies, gas companies, water utilities, chemical suppliers, hotels and motels, airlines, buses, taxis, and other entities engaged in the business of transporting people, and freight companies, warehousing companies, package delivery companies, and other entities engaged in the businesses of transport, storage, or delivery, and records of the existence of safe deposit box account numbers and customer savings and checking account numbers maintained by financial institutions and safe deposit companies, and bank records, insurance records relating to the payment or settlement of claims, and wage and employment records of an applicant or recipient of public assistance who is the subject of a welfare fraud investigation relating to eligibility for public assistance programs. Subpoenas may only be issued for records that are relevant to an ongoing legitimate law enforcement or welfare fraud investigation. This provision applies only to the records of business entities and does not extend to private individuals or their dwellings. Subpoenas may only be served by peace officers as defined in section 626.84, subdivision 1, paragraph (c).

Sec. 41. Minnesota Statutes 1992, section 393.07, subdivision 10, is amended to read:

Subd. 10. [FEDERAL FOOD STAMP PROGRAM.] (a) The county welfare board shall establish and administer the food stamp program pursuant to rules of the commissioner of human services, the supervision of the commissioner as specified in section 256.01, and all federal laws and regulations. The commissioner of human services shall monitor food stamp program delivery on an ongoing basis to ensure that each county complies with federal laws and regulations. Program requirements to be monitored include, but are not limited to, number of applications, number of approvals, number of cases pending, length of time required to process each application and deliver benefits, number of applicants eligible for expedited issuance, length of time required to process and deliver expedited issuance, number of terminations and reasons for terminations, client profiles by age, household composition and income level and sources, and the use of phone certification and home visits. The commissioner shall determine the county-by-county and statewide participation rate.

(b) On July 1 of each year, the commissioner of human services shall determine a statewide and county-by-county food stamp program participation rate. The commissioner may designate a different agency to administer the food stamp program in a county if the agency administering the program fails to increase the food stamp program participation rate among families or eligible individuals, or comply with all federal laws and regulations governing the food stamp program. The commissioner shall review agency performance annually to determine compliance with this paragraph.

(c) A person who commits any of the following acts has violated section 256.98 or 609.821, or both, and is subject to both the criminal and civil penalties provided under ~~that section~~ those sections:

(1) Obtains or attempts to obtain, or aids or abets any person to obtain by means of a willfully false statement or representation, or intentional concealment of a material fact, food stamps to which the person is not entitled or in an amount greater than that to which that person is entitled; or

(2) Presents or causes to be presented, coupons for payment or redemption knowing them to have been received, transferred or used in a manner contrary to existing state or federal law; or

(3) Willfully uses, possesses, or transfers food stamp coupons or authorization to purchase cards in any manner contrary to existing state or federal law, rules, or regulations; or

(4) Buys or sells food stamp coupons, authorization to purchase cards or other assistance transaction devices for cash or consideration other than eligible food.

(d) A peace officer or welfare fraud investigator may confiscate food stamps, authorization to purchase cards, or other assistance transaction devices found in the possession of any person who is neither a recipient of the food stamp program nor otherwise authorized to possess and use such materials. Confiscated property shall be disposed of as the commissioner may direct and consistent with state and federal food stamp law. The confiscated property must be retained for a period of not less than 30 days to allow any affected person to appeal the confiscation under section 256.045.

Sec. 42. Minnesota Statutes 1992, section 518.156, subdivision 1, is amended to read:

Subdivision 1. In a court of this state which has jurisdiction to decide child custody matters, a child custody proceeding is commenced:

(a) by a parent

(1) by filing a petition for dissolution or legal separation; or

(2) where a decree of dissolution or legal separation has been entered or where none is sought, or when paternity has been recognized under section 257.75, by filing a petition or motion seeking custody or visitation of the child in the county where the child is permanently resident or where the child is found or where an earlier order for custody of the child has been entered; or

(b) by a person other than a parent, where a decree of dissolution or legal separation has been entered or where none is sought by filing a petition or motion seeking custody or visitation of the child in the county where the child is permanently resident or where the child is found or where an earlier order for custody of the child has been entered. A person seeking visitation pursuant to this paragraph must qualify under one of the provisions of section 257.022.

Sec. 43. Minnesota Statutes 1992, section 518.551, subdivision 5, is amended to read:

Subd. 5. [NOTICE TO PUBLIC AUTHORITY; GUIDELINES.] (a) The petitioner shall notify the public authority of all proceedings for dissolution, legal separation, determination of parentage or for the custody of a child, if either party is receiving aid to families with dependent children or applies for it subsequent to the commencement of the proceeding. After receipt of the notice, the court shall set child support as provided in this subdivision. The court may order either or both parents owing a duty of support to a child of the marriage to pay an amount reasonable or necessary for the child's support, without regard to marital misconduct. The court shall approve a child support stipulation of the parties if each party is represented by independent counsel, unless the stipulation does not meet the conditions of paragraph (h). In other cases the court shall determine and order child support in a specific dollar amount in accordance with the guidelines and the other factors set forth in paragraph (b) and any departure therefrom. The court may also order the obligor to pay child support in the form of a percentage share of the obligor's net bonuses, commissions, or other forms of compensation, in addition to, or if the obligor receives no base pay, in lieu of, an order for a specific dollar amount.

The court shall derive a specific dollar amount by multiplying the obligor's net income by the percentage indicated by the following guidelines:

Net Income Per Month of Obligor	Number of Children						
	1	2	3	4	5	6	7 or more
\$400 and Below	Order based on the ability of the obligor to provide support at these income levels, or at higher levels, if the obligor has the earning ability.

\$501 - 550	15%	18%	21%	24%	26%	28%	30%
\$551 - 600	16%	19%	22%	25%	28%	30%	32%

\$1001 - 4000	25%	30%	35%	39%	43%	47%	50%

Guidelines for support for an obligor with a monthly income of \$4,001 or more shall be the same dollar amounts as provided for in the guidelines for an obligor with a monthly income of \$4,000.

Net Income defined as:

Total monthly income less

- *(i) Federal Income Tax
- *(ii) State Income Tax
- (iii) Social Security Deductions
- (iv) Reasonable Pension Deductions

*Standard Deductions apply-use of tax tables recommended

- (v) Union Dues
- (vi) Cost of Dependent Health Insurance Coverage
- (vii) Cost of Individual or Group Health/Hospitalization Coverage or an Amount for Actual Medical Expenses
- (viii) A Child Support or Maintenance Order that is Currently Being Paid.

"Net income" does not include:

(1) the income of the obligor's spouse, but does include in-kind payments received by the obligor in the course of employment, self-employment, or operation of a business if the payments reduce the obligor's living expenses; or

(2) compensation received by a party for employment in excess of a 40-hour work week, provided that:

(i) support is nonetheless ordered in an amount at least equal to the guidelines amount based on income not excluded under this clause; and

(ii) the party demonstrates, and the court finds, that:

(A) the excess employment began after the filing of the petition for dissolution;

(B) the excess employment reflects an increase in the work schedule or hours worked over that of the two years immediately preceding the filing of the petition;

(C) the excess employment is voluntary and not a condition of employment;

(D) the excess employment is in the nature of additional, part-time or overtime employment compensable by the hour or fraction of an hour; and

(E) the party's compensation structure has not been changed for the purpose of affecting a support or maintenance obligation.

(b) In addition to the child support guidelines, the court shall take into consideration the following factors in setting or modifying child support:

(1) all earnings, income, and resources of the parents, including real and personal property, but excluding income from excess employment of the obligor or obligee that meets the criteria of paragraph (a), clause (2)(ii);

(2) the financial needs and resources, physical and emotional condition, and educational needs of the child or children to be supported;

(3) the standards of living the child would have enjoyed had the marriage not been dissolved, but recognizing that the parents now have separate households;

(4) the amount of the aid to families with dependent children grant for the child or children;

(5) which parent receives the income taxation dependency exemption and what financial benefit the parent receives from it; and

(6) the parents' debts as provided in paragraph (c); and

(7) the obligor's receipt of assistance under sections 256.72 to 256.87 or 256B.01 to 256B.40.

(c) In establishing or modifying a support obligation, the court may consider debts owed to private creditors, but only if:

(1) the right to support has not been assigned under section 256.74;

(2) the court determines that the debt was reasonably incurred for necessary support of the child or parent or for the necessary generation of income. If the debt was incurred for the necessary generation of income, the court shall consider only the amount of debt that is essential to the continuing generation of income; and

(3) the party requesting a departure produces a sworn schedule of the debts, with supporting documentation, showing goods or services purchased, the recipient of them, the amount of the original debt, the outstanding balance, the monthly payment, and the number of months until the debt will be fully paid.

(d) Any schedule prepared under paragraph (c), clause (3), shall contain a statement that the debt will be fully paid after the number of months shown in the schedule, barring emergencies beyond the party's control.

(e) Any further departure below the guidelines that is based on a consideration of debts owed to private creditors shall not exceed 18 months in duration, after which the support shall increase automatically to the level ordered by the court. Nothing in this section shall be construed to prohibit one or more step increases in support to reflect debt retirement during the 18-month period.

(f) Where payment of debt is ordered pursuant to this section, the payment shall be ordered to be in the nature of child support.

(g) Nothing shall preclude the court from receiving evidence on the above factors to determine if the guidelines should be exceeded or modified in a particular case.

(h) The guidelines in this subdivision are a rebuttable presumption and shall be used in all cases when establishing or modifying child support. If the court does not deviate from the guidelines, the court shall make written findings concerning the amount of the obligor's income used as the basis for the guidelines calculation and any other significant evidentiary factors affecting the determination of child support. If the court deviates from the guidelines, the court shall make written findings giving the amount of support calculated under the guidelines, the reasons for the deviation, and shall specifically address the criteria in paragraph (b) and how the deviation serves the best interest of the child. The provisions of this paragraph apply whether or not the parties are each represented by independent counsel and have entered into a written agreement. The court shall review stipulations presented to it for conformity to the guidelines and the court is not required to conduct a hearing, but the parties shall provide the documentation of earnings required under subdivision 5b.

Sec. 44. Minnesota Statutes 1992, section 518.611, subdivision 1, is amended to read:

Subdivision 1. [ORDER.] Whenever an obligation for support of a dependent child or maintenance of a spouse, or both, is determined and ordered by a court of this state, the amount of child support or maintenance as determined by court order must be withheld from the income, regardless of source, of the person obligated to pay the support or maintenance. Every order for maintenance or support must include:

(1) the obligor's social security number and date of birth and the name and address of the obligor's employer or other payor of funds; and

(2) provisions for the obligor to keep the public authority informed of the name and address of the obligor's current employer or payor of funds, and whether the obligor has access to employment-related health insurance coverage and, if so, the health insurance policy information.

Sec. 45. Minnesota Statutes 1992, section 518.611, subdivision 2, is amended to read:

Subd. 2. [CONDITIONS OF INCOME WITHHOLDING.] (a) Withholding shall result ~~whenever~~ when:

(1) the obligor requests it in writing to the public authority;

(2) the custodial parent requests it by making a motion to the court; or

(3) the obligor fails to make the maintenance or support payments, and the following conditions are met:

(4) (i) the obligor is at least 30 days in arrears;

(2) (ii) the obligee or the public authority serves written notice of income withholding, showing arrearage, on the obligor at least 15 days before service of the notice of income withholding and a copy of the court's order on the payor of funds;

(3) (iii) within the 15-day period, the obligor fails to move the court to deny withholding on the grounds that an arrearage of at least 30 days does not exist as of the date of the notice of income withholding, or on other grounds limited to mistakes of fact, and, ex parte, to stay service on the payor of funds until the motion to deny withholding is heard;

(4) (iv) the obligee or the public authority serves a copy of the notice of income withholding, a copy of the court's order or notice of order, and the provisions of this section on the payor of funds; and

(5) (v) the obligee serves on the public authority a copy of the notice of income withholding, a copy of the court's order, an application, and the fee to use the public authority's collection services.

For those persons not applying for the public authority's IV-D services, a monthly service fee of \$15 must be charged and withheld from any collection before payment to the family. For those persons applying for the public authority's IV-D services, the service fee under section 518.551, subdivision 7, applies.

(b) To pay the arrearage specified in the notice of income withholding, the employer or payor of funds shall withhold from the obligor's income an additional amount equal to 20 percent of the monthly child support or maintenance obligation until the arrearage is paid.

~~(c) The obligor may, at any time, waive the written notice required by this subdivision.~~

(d) The obligor may move the court, under section 518.64, to modify the order respecting the amount of maintenance or support.

(e) (d) Every order for support or maintenance shall provide for a conspicuous notice of the provisions of this subdivision. An order without this notice remains subject to this subdivision.

(f) (e) Absent a court order to the contrary, if an arrearage exists at the time an order for ongoing support or maintenance would otherwise terminate, income withholding shall continue in effect in an amount equal to the former support or maintenance obligation plus an additional amount equal to 20 percent of the monthly child support obligation, until all arrears have been paid in full.

Sec. 46. Minnesota Statutes 1992, section 518.611, subdivision 6, is amended to read:

Subd. 6. [PRIORITY.] An order for withholding under this section or execution or garnishment upon a judgment for child support arrearages or preadjudicated expenses shall have priority over an attachment, execution, garnishment, or wage assignment and shall not be subject to the statutory limitations on amounts levied against the income of the obligor. Amounts withheld from an employee's income must not exceed the maximum permitted under the Consumer Credit Protection Act, United States Code, title 15, section 1673(b)(2). If there is more than one withholding order on a single employee, ~~the employer shall put them into effect, giving priority first to amounts currently due and not in arrears and then to other amounts, in the sequence in which the withholding orders were received up to the maximum allowed in the Consumer Credit Protection Act. the payor of funds shall comply with all of the orders to the extent that the total amount withheld from the payor's income does not exceed the limits imposed under the Consumer Credit Protection Act, giving priority to amounts designated in each order as current support as follows:~~

(1) If the total of the amounts designated in the orders as current support exceeds the amount available for income withholding, the payor of funds shall allocate to each order an amount for current support equal to the amount designated in that order as current support, divided by the total of the amounts designated in the orders as current support, multiplied by the amount of the income available for income withholding; and

(2) If the total of the amounts designated in the orders as current support does not exceed the amount available for income withholding, the payor of funds shall pay the amounts designated as current support, and shall allocate to each order an amount for past due support equal to the amount designated in that order as past due support, divided by the total of the amounts designated in the orders as past due support, multiplied by the amount of income remaining available for income withholding after the payment of current support.

Notwithstanding any law to the contrary, funds from income sources included in section 518.54, subdivision 6, whether periodic or lump sum, are not exempt from attachment or execution upon a judgment for child support arrearages.

Sec. 47. Minnesota Statutes 1992, section 518.611, is amended by adding a subdivision to read:

Subd. 12. [INTERSTATE INCOME WITHHOLDING.] Upon receipt of an order for support entered in another state, with the specified documentation from an authorized agency, the public authority shall implement income withholding under subdivision 2. If the obligor requests a hearing under subdivision 3 to contest withholding, the court administrator shall enter the order. Entry of the order shall not confer jurisdiction on the courts or administrative agencies of this state for any purpose other than contesting implementation of income withholding.

Sec. 48. Minnesota Statutes 1992, section 518.613, subdivision 2, is amended to read:

Subd. 2. [ORDER; COLLECTION SERVICES.] Every order for child support must include the obligor's social security number and date of birth and the name and address of the obligor's employer or other payor of funds. In addition, every order must contain provisions requiring the obligor to keep the public authority informed of the name and address of the obligor's current employer, or other payor of funds and whether the obligor has access to employment-related health insurance coverage and, if so, the health insurance policy information. Upon entry of the order for support or maintenance, the court shall mail a copy of the court's automatic income withholding order and the provisions of section 518.611 and this section to the obligor's employer or other payor of funds and to the public authority responsible for child support enforcement. An obligee who is not a recipient of public assistance shall must decide to either apply for the IV-D collection services of the public authority or obtain income withholding only services when an order for support is entered unless the requirements of this section have been waived under subdivision 7. ~~No later than January 1, 1990,~~ The supreme court shall develop a standard automatic income withholding form to be used by all Minnesota courts. This form shall be made a part of any order for support or decree by reference.

Sec. 49. Minnesota Statutes 1992, section 518.613, subdivision 3, is amended to read:

Subd. 3. [WITHHOLDING.] The employer or other payor shall withhold and forward the child support or maintenance ordered in the manner and within the time limits provided in section 518.611. Amounts received from employers or other payors under this section by the public agency responsible for child support enforcement that are in excess of public assistance received by the obligee must be remitted to the obligee. ~~The public agency must remit payments to the obligee at least once monthly on a standard payment date set by the agency.~~ A county in which this section applies may contract for services to carry out the provisions of this section.

Sec. 50. Minnesota Statutes 1992, section 518.613, subdivision 4, is amended to read:

Subd. 4. [APPLICATION.] ~~On and after August 1, 1989, this section applies in a county selected under Laws 1987, chapter 403, article 3, section 93, and in a county that chooses to have this section apply by resolution of a majority vote of its county board.~~ On and after November 1, 1990, this section applies to all child support and maintenance obligations that are initially ordered or modified on and after November 1, 1990, and that are being enforced by the public authority. Effective January 1, 1994, this section applies to all child support and maintenance obligations ordered or modified by the court. Those persons not applying for the public authority's IV-D services must pay a monthly service fee of \$15. The fee will be charged and withheld from any collection before payment to the family. Persons applying for the public authority's IV-D services will pay the service fee under section 518.551, subdivision 7.

Sec. 51. Minnesota Statutes 1992, section 518.64, subdivision 2, is amended to read:

Subd. 2. [MODIFICATION.] (a) The terms of an order respecting maintenance or support may be modified upon a showing of one or more of the following: (1) substantially increased or decreased earnings of a party; (2) substantially increased or decreased need of a party or the child or children that are the subject of these proceedings; (3) receipt of assistance under sections 256.72 to 256.87 or 256B.01 to 256B.40; or (4) a change in the cost of living for either party as measured by the federal bureau of statistics, any of which makes the terms unreasonable and unfair.

The terms of a current support order shall be rebuttably presumed to be unreasonable and unfair if the application of the child support guidelines in section 518.551, subdivision 5, to the current circumstances of the parties results in a calculated court order that is at least 20 percent and at least \$50 per month higher or lower than the current support order.

(b) On a motion for modification of maintenance, including a motion for the extension of the duration of a maintenance award, the court shall apply, in addition to all other relevant factors, the factors for an award of maintenance under section 518.552 that exist at the time of the motion. On a motion for modification of support, the court:

(1) shall apply section 518.551, subdivision 5, and shall not consider the financial circumstances of each party's spouse, if any; and

(2) shall not consider compensation received by a party for employment in excess of a 40-hour work week, provided that the party demonstrates, and the court finds, that:

(i) the excess employment began after entry of the existing support order;

(ii) the excess employment is voluntary and not a condition of employment;

(iii) the excess employment is in the nature of additional, part-time employment, or overtime employment compensable by the hour or fractions of an hour;

(iv) the party's compensation structure has not been changed for the purpose of affecting a support or maintenance obligation;

(v) in the case of an obligor, current child support payments are at least equal to the guidelines amount based on income not excluded under this clause; and

(vi) in the case of an obligor who is in arrears in child support payments to the obligee, any net income from excess employment must be used to pay the arrearages until the arrearages are paid in full.

(c) A modification of support or maintenance may be made retroactive only with respect to any period during which the petitioning party has pending a motion for modification but only from the date of service of notice of the motion on the responding party and on the public authority if public assistance is being furnished or the county attorney is the attorney of record. However, modification may be applied to an earlier period if the court makes express findings that the party seeking modification was precluded from serving a motion by reason of a significant physical or mental disability, a material misrepresentation of another party, or fraud upon the court and that the party seeking modification, when no longer precluded, promptly served a motion.

(d) Except for an award of the right of occupancy of the homestead, provided in section 518.63, all divisions of real and personal property provided by section 518.58 shall be final, and may be revoked or modified only where the court finds the existence of conditions that justify reopening a judgment under the laws of this state, including motions under section 518.145, subdivision 2. The court may impose a lien or charge on the divided property at any time while the property, or subsequently acquired property, is owned by the parties or either of them, for the payment of maintenance or support money, or may sequester the property as is provided by section 518.24.

(e) The court need not hold an evidentiary hearing on a motion for modification of maintenance or support.

(f) Section 518.14 shall govern the award of attorney fees for motions brought under this subdivision.

Sec. 7. [245.491] [CITATION; DECLARATION OF PURPOSE.]

Subdivision 1. [CITATION.] Sections 245.491 to 245.496 may be cited as "the children's mental health integrated fund."

Subd. 2. [PURPOSE.] The legislature finds that children with emotional or behavioral disturbances or who are at risk of suffering such disturbances often require services from multiple service systems including mental health, social services, education, corrections, juvenile court, health, and jobs and training. In order to better meet the needs of these children, it is the intent of the legislature to establish an integrated children's mental health service system that:

- (1) allows local service decision makers to draw funding from a single local source so that funds follow clients and eliminates the need to match clients, funds, services, and provider eligibilities;
- (2) creates a local pool of state, local, and private funds to procure a greater medical assistance federal financial participation;
- (3) improves the efficiency of use of existing resources;
- (4) minimizes or eliminates the incentives for cost and risk shifting; and
- (5) increases the incentives for earlier identification and intervention.

The children's mental health integrated fund established under sections 245.491 to 245.496 must be used to develop and support this integrated mental health service system. In developing this integrated service system, it is not the intent of the legislature to limit any rights available to children and their families through existing federal and state laws.

- (1) multiagency service coordination and wraparound services; or

Wraparound services may include, but are not limited to, respite services, services that assist the child or family in enrolling in or participating in recreational activities, assistance in purchasing otherwise unavailable items or services important to maintain a specific child in the family, and services that assist the child to participate in more traditional services and programs.

Sec. 9. [245.493] [LOCAL LEVEL COORDINATION.]

Subdivision 1. [REQUIREMENTS TO QUALIFY AS A LOCAL CHILDREN'S MENTAL HEALTH COLLABORATIVE.] In order to qualify as a local children's mental health collaborative and be eligible to receive start-up funds, the representatives of the local system of care, or at a minimum one county, one school district or special education cooperative, and one mental health entity must agree to the following:

The initial target population must be economically and culturally representative of children in the service delivery area to be served by the local children's mental health collaborative. The size of the initial target population must also be economically viable for the service delivery area;

(2) seek to maximize federal revenues available to serve children in the target population by designating local expenditures for mental health services that can be matched with federal dollars;

(3) in consultation with the local children's advisory council and the local coordinating council, if it is not the local children's mental health collaborative, design, develop, and ensure implementation of an integrated service system and develop interagency agreements necessary to implement the system;

(4) expand membership to include representatives of other services in the local system of care including prepaid health plans under contract with the commissioner of human services to serve the mental health needs of children and families;

(1) include a process for communicating to agencies in the local system of care eligibility criteria for services received through the local children's mental health collaborative and a process for determining eligibility. The process shall place strong emphasis on outreach to families, respecting the family role in identifying children in need, and valuing families as partners;

(2) include measurable outcomes, timelines for evaluating progress, and mechanisms for quality assurance and appeals;

Sec. 11. [245.4932] [REVENUE ENHANCEMENT; AUTHORITY AND RESPONSIBILITIES.]

Subdivision 1. [PROVIDER RESPONSIBILITIES.] The children's mental health collaborative shall have the following authority and responsibilities regarding federal revenue enhancement:

(1) the collaborative shall designate a lead county or other qualified entity as the fiscal agency for reporting, claiming, and receiving payments;

(2) the collaborative may enter into subcontracts with other counties, school districts, special education cooperatives, municipalities, and other public and nonprofit entities for purposes of identifying and claiming eligible expenditures to enhance federal reimbursement;

(3) the collaborative must continue the base level of expenditures for services for children with emotional or behavioral disturbances and their families from any state, county, federal, or other public or private funding source which, in the absence of the new federal reimbursement earned under this subdivision, would have been available for those services. The base year for purposes of this subdivision shall be the accounting period closest to state fiscal year 1993;

(4) the collaborative must develop and maintain an accounting and financial management system adequate to support all claims for federal reimbursement, including a clear audit trail and any provisions specified in the contract;

(5) notwithstanding section 256B.19, subdivision 1, and except for family community support services and therapeutic support of foster care, when a local children's mental health collaborative seeks reimbursement under section 256B.0625, subdivision 34, for wraparound services and other services not eligible as of January 1, 1993, for reimbursement under medical assistance, the nonfederal share of costs shall be provided by the collaborative or by the service provider from sources other than federal funds or funds used to match other federal funds;

(6) provider expenditures eligible for federal reimbursement under sections 245.493 to 245.496 must not be made from federal funds or funds used to match other federal funds; and

[PAYMENTS.] Notwithstanding section 256.025, subdivision 2, payments under sections 245.493 to 245.496 to providers for wraparound service expenditures and expenditures for other services not eligible for reimbursement under medical assistance shall only be made of federal earnings from services provided under sections 245.493 to 245.496.

Subd. 3. [CENTRALIZED DISBURSEMENT OF MEDICAL ASSISTANCE PAYMENTS.] Notwithstanding section 256B.041, and except for family community support services and therapeutic support of foster care, county payments for the cost of wraparound services and other services not eligible on January 1, 1993, for reimbursement under medical assistance, shall not be made to the state treasurer. For purposes of wraparound services under sections 245.493 to 245.496, the centralized disbursement of payments to providers under section 256B.041 consists only of federal earnings from services provided under sections 245.493 to 245.496.

Sec. 12. [245.494] [STATE LEVEL COORDINATION.]

Subdivision 1. [STATE COORDINATING COUNCIL.] The state coordinating council, in consultation with the integrated fund task force, shall:

(1) assist local children's mental health collaboratives in meeting the requirements of sections 245.491 to 245.496, by seeking consultation and technical assistance from national experts and coordinating presentations and assistance from these experts to local children's mental health collaboratives;

(2) assist local children's mental health collaboratives in identifying an economically viable initial target population;

(3) develop methods to reduce duplication and promote coordinated services including uniform forms for reporting, billing, and planning of services;

(5) assist in the implementation and operation of local children's mental health collaboratives by facilitating the integration of funds, coordination of services, and measurement of results, and by providing other assistance as needed;

(6) by July 1, 1993, develop a procedure for awarding start-up funds. Development of this procedure shall be exempt from chapter 14;

(7) develop procedures and provide technical assistance to allow local children's mental health collaboratives to integrate resources for children's mental health services with other resources available to serve children in the target population in order to maximize federal participation and improve efficiency of funding;

(8) ensure that local children's mental health collaboratives and the services received through these collaboratives meet the requirements set out in sections 245.491 to 245.496;

(9) identify base level funding from state and federal sources across systems and work with local children's mental health collaboratives to determine local base level funding;

(10) explore ways to access additional federal funds and enhance revenues available to address the needs of the target population;

(11) develop a mechanism for identifying the state share of funding for services to children in the target population and for making these funds available on a per capita basis for services provided through the local children's mental health collaborative to children in the target population. Each year beginning January 1, 1994, forecast the growth in the state share and increase funding for local children's mental health collaboratives accordingly;

(12) identify barriers to integrated service systems that arise from data practices and make recommendations including legislative changes needed in the data practices act to address these barriers; and

(13) annually review the expenditures of local children's mental health collaboratives to ensure that funding for services provided to the target population continues from sources other than the federal funds earned under sections 245.491 to 245.496 and that federal funds earned are spent consistent with sections 245.491 to 245.496.

Subd. 2. [STATE COORDINATING COUNCIL REPORT.] Each year, beginning February 1, 1995, the state coordinating council must submit a report to the legislature on the status of the local children's mental health collaboratives. The report must include the number of local children's mental health collaboratives, the amount and type of resources committed to local children's mental health collaboratives, the additional federal revenue received as a result of local children's mental health collaboratives, the services provided, the number of children served, outcome indicators, the identification of barriers to additional collaboratives and funding integration, and recommendations for further improving service coordination and funding integration.

Subd. 3. [DUTIES OF THE COMMISSIONER OF HUMAN SERVICES.] In areas where a local children's mental health collaborative has been established, the commissioner of human services, in consultation with the integrated fund task force, shall by January 1, 1994:

(1) separate all medical assistance, general assistance medical care, and MinnesotaCare resources devoted to mental health services including inpatient, outpatient, medication management, services under the rehabilitation option, and related physician services from the total service package for the initial target population and any subsequent portion of the target population as identified in section 245.492, subdivision 20 and subdivision 5, respectively, and develop a separate contract for managing these mental health benefits that will require all contractors to:

(i) provide mental health services eligible for medical assistance reimbursement;

(ii) meet performance standards established by the commissioner of human services including providing services consistent with the requirements and standards set out in sections 245.487 to 245.4888 and 245.491 to 245.496;

(iii) provide the commissioner of human services with data consistent with that collected under sections 245.487 to 245.4888; and

(iv) in service delivery areas where there is a local children's mental health collaborative for the target population defined by local children's mental health collaborative:

(A) participate in the local children's mental health collaborative;

(B) commit resources to the integrated fund that are actuarially equivalent to resources received for the target population being served by local children's mental health collaboratives; and

(C) meet the requirements and the performance standards developed for local children's mental health collaboratives;

(2) ensure that for medical assistance, general assistance medical care, and MinnesotaCare recipients enrolled in prepaid health plans under section 256B.44, 256B.69, or 256D.03, such prepaid health plans shall have the option to participate in the local children's mental health collaborative as a provider of mental health services specified by that collaborative. Any prepaid health plan that is operating within the jurisdiction of the local children's mental health collaborative and that is able to meet all the requirements under section 245.494, subdivision 3, paragraph (1), items (i) to (iv), shall have 90 days from the date of receipt of written notice of the establishment of the collaborative to decide whether it will participate as a contractor for those services specified by the collaborative. Should the prepaid health plan decide to participate in the local children's mental health collaborative, any resources devoted to the provision of mental health services to the initial target population and to any subsequent portion of the target population shall remain a part of the total service package managed by the prepaid health plan, in conformance with the overall goals of the local collaborative. However, a separate contract shall be developed with the prepaid health plan where a higher level of medical assistance federal financial participation can be achieved through a separate contract;

(3) provide that, should a prepaid health plan operating within the jurisdiction of a local children's mental health collaborative decide not to participate in the collaborative, any resources devoted to the provision of mental health services to the initial target population and to any subsequent portion of the target population shall be removed from the total service package managed by the prepaid health plan. The mental health resources removed from the total service package shall be placed into the integrated fund, and other qualified contractors shall be given the opportunity to pursue a contract for those services specified by the collaborative;

(4) develop a mechanism for integrating medical assistance resources for mental health services with resources for general assistance medical care, MinnesotaCare, and any other state and local resources available for services for children in the target population and develop a procedure for making the state share of these resources available on a per capita basis for use by a local children's mental health collaborative. This mechanism shall not be implemented until the receipt of all necessary written federal approvals;

(5) gather data needed to manage mental health care including evaluation data and data necessary to establish a separate capitation rate for children's mental health services if that option is selected;

(6) develop a model contract for providers of mental health managed care that meets the requirements set out in sections 245.491 to 245.496 and 256B.69, and utilize this contract for all subsequent awards;

(7) develop revenue enhancement or rebate mechanisms and procedures to certify expenditures made through local children's mental health collaboratives for mental health services that may be eligible for federal financial participation under medical assistance, including expenses for administration, and other federal programs;

(8) ensure that new contracts and extensions or modifications to existing contracts under section 256B.69 do not impede implementation of sections 245.491 to 245.496;

(9) provide technical assistance to help local children's mental health collaboratives certify local expenditures for federal financial participation;

(10) assist local children's mental health collaboratives in identifying an economically viable initial target population;

(11) seek all necessary federal waivers or approvals using due diligence in order to meet implementation timelines for sections 245.491 to 245.496 and recommend necessary legislation to enhance federal revenue, provide clinical and management flexibility, and otherwise meet the goals of local children's mental health collaboratives and request necessary state plan amendments to maximize the availability of medical assistance for activities undertaken by the local children's mental health collaborative;

(12) take all steps necessary to secure medical assistance reimbursement under the rehabilitation option for family community support services and therapeutic support of foster care and for residential treatment and wraparound services when these services are provided through a local children's mental health collaborative;

(13) provide a mechanism to identify separately the reimbursement to a county for child welfare targeted case management provided to the target population for purposes of subsequent transfer by the county to the integrated fund; and

(14) where interested and qualified contractors are available, finalize contracts within 180 days of receipt of written notification of the establishment of a local children's mental health collaborative.

Subd. 4. [RULEMAKING.] The commissioners of human services, health, and corrections, and the state board of education shall adopt or amend rules as necessary to implement sections 245.491 to 245.496.

Subd. 5. [RULE MODIFICATION.] By January 15, 1994, the commissioner shall report to the legislature the extent to which claims for federal reimbursement for case management as set out in Minnesota Rules, parts 9520.0900 to 9520.0926 and 9505.0322, as they pertain to mental health case management are consistent with the number of children eligible to receive this service. The report shall also identify how the commissioner intends to increase the numbers of eligible children receiving this service, including recommendations for modifying rules or statutes to improve access to this service and to reduce barriers to its provision.

In developing these recommendations, the commissioner shall:

(1) review experience and consider alternatives to the reporting and claiming requirements, such as the rate of reimbursement, the claiming unit of time, and documenting and reporting procedures set out in Minnesota Rules, parts 9520.0900 to 9520.0926 and 9505.0322, as they pertain to mental health case management;

(2) consider experience gained from implementation of child welfare targeted case management;

(3) determine how to adjust the reimbursement rate to reflect reductions in caseload size;

(4) determine how to ensure that provision of targeted child welfare case management does not preclude an eligible child's right, or limit access, to case management services for children with severe emotional disturbance as set out in Minnesota Rules, parts 9520.0900 to 9520.0926 and 9505.0322, as they pertain to mental health case management;

(5) determine how to include cost and time data collection for contracted providers for rate setting, claims, and reimbursement purposes;

(6) evaluate the need for cost control measures where there is no county share; and

(7) determine how multiagency teams may share the reimbursement.

The commissioner shall conduct a study of the cost of county staff providing case management services under Minnesota Rules, parts 9520.0900 to 9520.0926 and 9505.0322, as they pertain to mental health case management. If the average cost of providing case management services to children with severe emotional disturbance is determined by the commissioner to be greater than the average cost of providing child welfare targeted case management, the commissioner shall ensure that a higher reimbursement rate is provided for case management services under Minnesota Rules, parts 9520.0900 to 9520.0926 and 9505.0322, to children with severe emotional disturbance. The total medical assistance funds expended for this service in the biennium ending in state fiscal year 1995 shall not exceed the amount projected in the state Medicaid forecast for case management for children with serious emotional disturbances.

Sec. 13. [245.495] [ADDITIONAL FEDERAL REVENUES.]

(a) Each local children's mental health collaborative shall report expenditures eligible for federal reimbursement in a manner prescribed by the commissioner of human services under section 256.01, subdivision 2, clause (17). Except as provided in paragraph (b), the commissioner of human services shall pay all funds earned by each local children's mental health collaborative to the collaborative. Each local children's mental health collaborative must use these funds to expand the target population to be served or to develop or provide mental health services through the local integrated service system to children in the target population. Funds may not be used to supplant funding for services to children in the target population.

(b) The commissioner may set aside a portion of the federal funds earned under this section to repay the special revenue maximization account under section 256.01, subdivision 2, clause (15). The set-aside must not exceed five percent of the federal reimbursement earned by collaboratives, and repayment is limited to the costs of developing and implementing sections 245.491 to 245.496.

(c) For purposes of this section, "mental health services" are community-based, nonresidential services, which may include respite care, that are identified in the child's multiagency plan of care.

Subd. 2. [DISTRIBUTION OF START-UP FUNDS.] By October 1, 1994, the state coordinating council must ensure distribution of a portion of the start-up funds to local children's mental health collaboratives that meet the requirements established in section 245.493 and whose applications have been approved by the council. The remaining appropriation for start-up funds shall be distributed by February 1, 1994. If the number of applications received exceed the number of local children's mental health collaboratives that can be funded, the funds must be geographically distributed across the state and balanced between the seven-county metropolitan area and the rest of the state. Preference must be given to collaboratives that include multiple school districts, the juvenile court and correctional systems, or other multiple government entities from the local system of care.

Subd. 3. [SUBMISSION AND APPROVAL OF LOCAL COLLABORATIVE PROPOSALS FOR INTEGRATED SYSTEMS.] By December 31, 1994, a local children's mental health collaborative that received start-up funds must submit to the state coordinating council its proposal for creating and funding an integrated service system for children in the target population. Within 60 days of receiving the local collaborative proposal the state coordinating council must review the proposal and notify the local children's mental health collaborative as to whether or not the proposal has been approved. If the proposal is not approved, the state coordinating council must indicate changes needed to receive approval.

A copy of the complaint must be served upon the defendant or person in charge of the property at the time of seizure, if any. If the person arrested is acquitted, the court shall dismiss the complaint against the property and order it returned to the persons legally entitled to it. Upon conviction of the person arrested, the court shall issue an order directed to any person known or believed to have any right, title or interest in, or lien upon, any of the property, and to persons unknown claiming any right, title, interest, or lien in it, describing the property and (1) stating that it was seized and that a complaint against it, charging the specified violation, has been filed with the court, (2) requiring the persons to file with the court administrator their answer to the complaint, setting forth any claim they may have to any right or title to, interest in, or lien upon the property, within 30 days after the service of the order, and (3) notifying them in substance that if they fail to file their answer within the time, the property will be ordered sold by the seizing authority. The court shall cause the order to be served upon any person known or believed to have any right, title, interest, or lien as in the case of a summons in a civil action, and upon unknown persons by publication, as provided for service of summons in a civil action. If no answer is filed within the time prescribed, the court shall, upon affidavit by the court administrator, setting forth the fact, order the property sold by the seizing authority. Seventy percent of the proceeds of the sale of forfeited property, after payment of seizure, storage, forfeiture and sale expenses, must be forwarded to the seizing authority for deposit as a supplement to its operating fund or similar fund for official use, and 20 percent must be forwarded to the county attorney or other prosecuting agency that handled the forfeiture for deposit as a supplement to its operating fund or similar fund for prosecutorial purposes. The remaining ten percent of the proceeds must be forwarded within 60 days after resolution of the forfeiture to the ~~department of human services~~ Minnesota council on compulsive gambling to fund its programs for the treatment of compulsive gamblers. If answer is filed within the time provided, the court shall fix a time for a hearing, which shall be not less than ten nor more than 30 days after the time for filing answer expires. At the time fixed for hearing, unless continued for cause, the matter shall be heard and determined by the court, without a jury, as in other civil actions.

(b) If the court finds that the property, or any part of it, was used in the violation specified in the complaint, it shall order the property unlawfully used, sold as provided by law, unless the owner shows to the satisfaction of the court that the owner had no notice or knowledge or reason to believe that the property was used or intended to be used in the violation. The officer making a sale, after deducting the expense of keeping the property, the fee for seizure, and the costs of the sale, shall pay all liens according to their priority, which are established at the hearing as being bona fide and as existing without the lienor having any notice or knowledge that the property was being used or was intended to be used for or in connection with the violation specified in the order of the court, and shall pay the balance of the proceeds to the seizing authority for official use and sharing in the manner provided in paragraph (a). A sale under this section shall free the property sold from any and all liens on it. Appeal from the order of the district court will lie as in other civil cases. At any time after seizure of the articles specified in this subdivision, and before the hearing provided for, the property must be returned to the owner or person having a legal right to its possession, upon execution of a good and valid bond to the state, with corporate surety, in the sum of not less than \$100 and not more than double the value of the property seized, to be approved by the court in which the case is triable, or a judge of it, conditioned to abide any order and the judgment of the court, and to pay the full value of the property at the time of the seizure. [GENERAL ASSISTANCE MEDICAL CARE; ELIGIBILITY.] (a) General assistance medical care may be paid for any person who is not eligible for medical assistance under chapter 256B, including eligibility for medical assistance based on a spend-down of excess income according to section 256B.056, subdivision 5, and:

(1) who is receiving assistance under section 256D.05 or 256D.051, or who is having a payment made on the person's behalf under sections 256I.01 to 256I.06; or

Exempt assets, the reduction of excess assets, and the waiver of excess assets must conform to the medical assistance program in chapter 256B, with the following exception: the maximum amount of undistributed funds in a trust that could be distributed to or on behalf of the beneficiary by the trustee, assuming the full exercise of the trustee's discretion under the terms of the trust, must be applied toward the asset maximum; and

However, if a disregard of \$30 and one-third of the remainder described in section 256.74, subdivision 1, clause (4), has been applied to the wage earner's income, the disregard shall not be applied again until the wage earner's income has not been considered in an eligibility determination for general assistance, general assistance medical care, medical assistance, or aid to families with dependent children for 12 consecutive months. The earned income and work expense deductions for a person who does not reside with a dependent child under age 21 shall be the same as the method used to determine eligibility for a person under section 256D.06, subdivision 1, except the disregard of the first \$50 of earned income is not allowed; or

(3) who would be eligible for medical assistance except that the person resides in a facility that is determined by the commissioner or the federal health care financing administration to be an institution for mental diseases.

(b) Eligibility is available for the month of application, and for three months prior to application if the person was eligible in those prior months. A redetermination of eligibility must occur every 12 months.

(d) General assistance medical care is not available for applicants or recipients who do not cooperate with the county agency to meet the requirements of medical assistance.

(e) In determining the amount of assets of an individual, there shall be included any asset or interest in an asset, including an asset excluded under paragraph (a), that was given away, sold, or disposed of for less than fair market value within the 30 months preceding application for general assistance medical care or during the period of eligibility. Any transfer described in this paragraph shall be presumed to have been for the purpose of establishing eligibility for general assistance medical care, unless the individual furnishes convincing evidence to establish that the transaction was exclusively for another purpose. For purposes of this paragraph, the value of the asset or interest shall be the fair market value at the time it was given away, sold, or disposed of, less the amount of compensation received. For any uncompensated transfer, the number of months of ineligibility, including partial months, shall be calculated by dividing the uncompensated transfer amount by the average monthly per person payment made by the medical assistance program to skilled nursing facilities for the previous calendar year. The individual shall remain ineligible until this fixed period has expired. The period of ineligibility may exceed 30 months, and a reapplication for benefits after 30 months from the date of the transfer shall not result in eligibility unless and until the period of ineligibility has expired. The period of ineligibility begins in the month the transfer was reported to the county agency, or if the transfer was not reported, the month in which the county agency discovered the transfer, whichever comes first. For applicants, the period of ineligibility begins on the date of the first approved application.

This exception is subject to the following conditions:~~

(2) that the secretary of health and human services has approved the inclusion of room and board costs which exceed the MSA equivalent rate, but in an amount that is insufficient to cover costs which are included in a group residential housing agreement in effect on June 30, 1994, and the amount of the rate that is above the MSA equivalent rate has been approved by the commissioner. The county agency may at any time negotiate a lower payment room and board rate than the rate that would otherwise be paid under this subdivision.

(b) The maximum monthly rate for an establishment that enters into an initial group residential housing agreement with a county agency on or after June 1, 1989, may not exceed 90 percent of the maximum rate established under subdivision 1. This is effective until June 30, 1995.

Subd. 2. [TIME OF PAYMENT.] A county agency may make payments to a group residence in advance for an individual whose stay in the group residence is expected to last beyond the calendar month for which the payment is made and who does not expect to receive countable earned income during the month for which the payment is made. Group residential housing payments made by a county agency on behalf of an individual who is not expected to remain in the group residence beyond the month for which payment is made must be made subsequent to the individual's departure from the group residence. Group residential housing payments made by a county agency on behalf of an individual with earned income must be made subsequent to receipt of a monthly household report form.

Subd. 3. [FILING OF APPLICATION.] The county agency must immediately provide an application form to any person requesting group residential housing. Application for group residential housing must be in writing on a form prescribed by the commissioner. The county agency must determine an applicant's eligibility for group residential housing as soon as the required verifications are received by the county agency and within 30 days after a signed application is received by the county agency for the aged or blind or within 60 days for the disabled.

Subd. 3a. [VERIFICATION.] The county agency must request, and applicants and recipients must provide and verify, all information necessary to determine initial and continuing eligibility and group residential housing payment amounts. Subd. 3d. [DETERMINATION OF RATES.] The county in which a group residence is located will determine the amount of group residential housing rate to be paid on behalf of an individual in the group residence regardless of the individual's county of financial responsibility.

Subd. 3e. [AMOUNT OF GROUP RESIDENTIAL HOUSING PAYMENT.] The amount of a group residential housing payment to be made on behalf of an eligible individual is determined by subtracting the individual's countable income under section 256I.04, subdivision 1, for a whole calendar month from the group residential housing charge for that same month. The group residential housing charge is determined by multiplying the group residential housing rate times the period of time the individual was a resident or temporarily absent under section 256I.05, subdivision 3a.

Sec. 27. [TRANSFER OF GROUP RESIDENTIAL HOUSING FUNDS.]

Upon federal approval of payment under the home and community-based waiver provisions for room and board costs in addition to the MSA equivalent rate defined in Minnesota Statutes, section 256I.03, the commissioner of human services shall transfer anticipated group residential housing expenditures to the medical assistance account to meet the nonfederal share requirement of funding these additional costs as home and community-based services. Any transfer of group residential housing funds to the medical assistance account shall correspond to the increase in the waiver rates resulting from medical assistance payment for unusual room and board costs in excess of the MSA equivalent rate.

Sec. 28. [REPEALER.]

General fund appropriations for treatment services in the services for children with handicaps program are available for either year of the biennium.

Up to \$95,000 of the appropriation for treatment services in the services for children with handicaps program may be used to conduct a needs assessment of children with special health care needs and their families, and \$105,000 must be used to avoid reducing the nursing staff due to inflationary increases to the extent possible with this appropriation.

Of this appropriation, \$130,000 is for ambulance attendant reimbursements.

Of this appropriation, \$70,000 is to establish and administer a financial data collection program on ambulance services licensed in the state. The commissioner shall coordinate this program with the data collection initiatives of Minnesota Statutes, chapter 62J. In designing the data collection program, the commissioner shall consult with the Minnesota Ambulance Association and regional emergency medical services programs.

The financial data collection program must include, but is not limited to, ambulance charges, third-party reimbursements, sources of direct and indirect subsidies, and other costs involved in providing ambulance care in Minnesota.

All licensed ambulance services shall be required to cooperate and report information requested by the commissioner. Information collected on individuals is nonpublic data. The commissioner may provide summary data under Minnesota Statutes, section 13.05, subdivision 7, and may release summary data in reports.

The commissioner shall report to the legislature by February 1, 1995. The report must include an analysis of the financial condition of licensed ambulance services in Minnesota, including a description of:

(1) the various organization models used to finance and deliver ambulance services;

(3) limitations and barriers in collecting data on revenues and expenses;

The commissioner may contract for the collection of data and the creation of the financial data collection system. The commissioner shall report to the legislature on January 15 in each odd-numbered year all of the above information. The commissioner shall assist ambulance services which are unable to comply with data requests. Money appropriated is available in either year of the biennium. For purposes of establishing the base for the next biennium, the commissioner of finance shall assume \$70,000 to be available for each biennium.

For the biennium ending June 30, 1995, money appropriated to the veterans nursing homes board for the purchase of provisions within the item "current expense" must be used solely for that purpose. Money provided and not used for the purchase of provisions must be canceled into the fund from which appropriated, except that money provided and not used for the purchase of provisions because of population decreases may be transferred and used for the purchase of medical and hospital supplies with the written approval of the governor after consultation with the legislative advisory commission.

The allowance for food may be adjusted annually to reflect changes in the producer price index, as prepared by the United States Bureau of Labor Statistics, with the approval of the commissioner of finance. Adjustments for fiscal year 1994 and fiscal year 1995 must be based on the June 1993 and June 1994 producer price index respectively, but the adjustment must be prorated if the wholesale food price index adjustment would require money in excess of this appropriation.

For the biennium ending June 30, 1995, the board may set costs of care at the Silver Bay and Luverne facilities based on costs of average skilled nursing care provided to residents of the Minneapolis veterans home.

The veterans homes board shall limit the total administrative expenditures for the board and all the homes to no more than 17 percent of total expenditures in fiscal year ending June 30, 1994, and 16 percent of total expenditures in fiscal year ending June 30, 1995. The board may transfer money between facilities after notifying the chairs of the health and housing finance division of the health and human services committee in the house of representatives and the chair of the health and family services finance division in the senate.

Sec. 6. HEALTH-RELATED BOARDS

Subdivision 1. Total Appropriation

6,406,000

6,399,000

Fees generated by the health-related licensing boards or the commissioner of health under Minnesota Statutes, section 214.06, must be credited to the health occupations licensing account within the state government special revenue fund.

A board named in this article may transfer appropriated funds to the health-related licensing board administrative services unit within the board of chiropractic examiners for additional administrative support services.

Of this appropriation from the state government special revenue fund, \$63,000 the first year and \$63,000 the second year is to provide administrative services to all health-related licensing boards.

For the biennium ending June 30, 1995, fees set by the board of medical practice pursuant to Minnesota Statutes, section 214.06, must be fixed by rule. The procedure for noncontroversial rules in Minnesota Statutes, sections 14.22 to 14.28 may be used except that, notwithstanding the requirements of Minnesota Statutes, section 14.22, subdivision 1, clause (3), no public hearing may be held. The notice of intention to adopt the rules must state that no hearing will be held. The procedure in this subdivision may be used only when the total fees estimated for the biennium do not exceed the sum of direct appropriation, indirect costs, transfers in, and salary supplements for that purpose. A public hearing is required for adjustments of fees spent under open appropriations of dedicated receipts.

The commissioner of finance shall not permit the allotment, encumbrance, or expenditure of money appropriated in this section in excess of the anticipated biennial revenues from fees collected by the boards. Neither this provision nor Minnesota Statutes, section 214.06, applies to transfers from the general contingent account, if the amount transferred does not exceed the amount of surplus revenue accumulated by the transferee during the previous five years.

The commissioner may make grants that include providing the appropriate analytical equipment in order to meet this condition;

(2) no money shall be provided to boards of health who issue abatement orders inconsistent with the rules promulgated under section 144.878; and

(3) before issuing a contract to boards of health, outside a city of the first class, the commissioner of health shall evaluate the need and cost effectiveness of contracting for sanitarian and public health nurse services to determine whether the contract grant should be with an individual board of health, or a group of boards of health, or whether services should be delivered by the commissioner. Nothing in this provision is designed to restrict grants for lead education or lead screening.

(d) The commissioner, for fiscal years 1993 and beyond, shall set license fees for hospitals and nursing homes that are not boarding care homes at a level sufficient to recover, over a two-year period, the deficit associated with the collection of license fees from these facilities. The license fees for these facilities shall be set at the following levels:

The licensee shall obtain a new license if it wishes to establish a new base of operation, or to expand its primary service area, or to provide a new type or types of service. A license, or the ownership of a licensed ambulance service, may be transferred only after the approval of the commissioner, based upon a finding that the proposed licensee or proposed new owner of a licensed ambulance service meets or will meet the requirements of section 144.804. If the proposed transfer would result in a change in or addition of a new base of operations, expansion of the service's primary service area, or provision of a new type or types of ambulance service, the commissioner shall require the prospective licensee or owner to comply with subdivision 3. The commissioner may approve the license or ownership transfer prior to completion of the application process described in subdivision 3 upon obtaining written assurances from the proposed licensee or proposed new owner that no change in the service's base of operations, expansion of the service's primary service area, or provision of a new type or types of ambulance service will occur during the processing of the application. The cost of licenses shall be in an amount prescribed by the commissioner pursuant to section 144.122. Licenses shall expire and be renewed as prescribed by the commissioner pursuant to section 144.122. Fees collected shall be deposited to the trunk highway fund.

Subd. 2. [TEST OF CHILDREN IN HIGH RISK AREAS.] Within limits of available state and federal appropriations, the commissioner shall promote and subsidize a blood lead test of all children under six years of age before the sixth birthday who live in all areas of high risk for toxic lead exposure that are currently known or subsequently identified. Within the limits of available appropriations, the commissioner shall conduct surveys, especially soil assessments larger than a residence, as defined by the commissioner, to determine probable sources of lead exposure in greater Minnesota communities where a case of elevated blood lead levels has been reported.

Surveys conducted under this subdivision must consist of evaluating census tracts to determine whether or not they are at high risk for toxic lead exposure. The evaluation shall consist of a priority response determination under section 144.878, subdivision 2a. In making this evaluation, the commissioner shall:

- (1) a pregnant woman in the residence is identified as having a blood lead level of at least ten micrograms of lead per deciliter of whole blood;
- (2) a child in the residence is identified as having a blood lead level at or above 20 micrograms per deciliter; or
- (3) a child in the residence is identified as having a blood lead level that persists in the range of 15 to 19 micrograms per deciliter for 90 days after initial identification.

(b) Within the limits of available state and federal appropriations, a board of health shall also conduct home assessments for children whose confirmed blood lead levels are in the range of ten to 19 micrograms per deciliter. A board of health may assess a residence even if none of the three criteria in this subdivision are met.

(c) If a child regularly spends several hours per day at one or more other sites such as another residence, such as or a residential or commercial child care facility, the board of health must also assess the other residence sites. The board of health shall have one additional day to complete the assessment for each additional site.

(b) (d) The board of health must conduct the residential assessment according to rules adopted by the commissioner according to under section 144.878. A board of health must have residence assessments performed by lead inspectors licensed by the commissioner according to rules adopted under section 144.878. The guide must provide information on safe abatement and disposal methods, sources of equipment, and telephone numbers for additional information to enable the persons to either perform the abatement or to intelligently select an abatement contractor. In addition, the guide must:

[SWAB TEAMS; LEAD ASSESSMENT; LEAD ABATEMENT ORDERS.] A board of health must order a property owner to perform abatement on a lead source that exceeds a standard adopted according to section 144.878 at the residence of a child with an elevated blood lead level or a pregnant woman with a blood lead level of at least ten micrograms per deciliter. Lead abatement orders must require that any source of damage, such as leaking roofs, plumbing, and windows, must be repaired or replaced, as needed, to prevent damage to lead-containing interior surfaces. The board of health is not required to pay for lead abatement. With each lead abatement order, the board of health must coordinate with swab team abatement and provide a residential lead abatement guide.

Sec. 49. Minnesota Statutes 1992, section 144.874, is amended by adding a subdivision to read:

If the commissioner or board of health provides swab team services after an assessment, but before the issuance of an abatement order, swab team services do not need to be repeated after the issuance of an abatement order. Swab team services are not considered completed until the reassessment required under subdivision 6 shows no violation of one or more of the standards under section 144.878, subdivision 2. If assessments and abatement orders are conducted at times when weather or soil conditions do not permit the assessment or abatement of lead in soil, the residences shall have their soil assessed and abated, if necessary, at the first opportunity that weather and soil conditions allow.

Sec. 50. Minnesota Statutes 1992, section 144.874, subdivision 4, is amended to read:

Subd. 4. [RELOCATION OF RESIDENTS.] A board of health must ensure that residents are relocated from rooms or dwellings during abatement that generates leaded dust, such as removal or disruption of lead-based paint or plaster that contains lead. Residents must be allowed to return to the residence or dwelling after completion of abatement. A board of health shall use grant funds under section 144.872, subdivision 3, in cooperation with local housing agencies, to pay for moving costs and rent for a temporary residence for any low-income resident temporarily relocated during lead abatement, not to exceed \$250 per household. For purposes of this section, "low-income resident" means any resident whose gross household income is at or below 185 percent of the federal poverty level.

(b) Any resident of rental property who is notified by the board of health to vacate the premises during lead abatement notwithstanding any rental agreement or lease provisions:

(1) shall not be required to pay rent due the landlord for the period of time the tenant must vacate the premises; and

(2) may elect to immediately terminate the tenancy effective on the date the tenant vacates the premises for lead abatement, and shall not be liable for any further rent or other charges due under the terms of the tenancy.

(c) A landlord of rental property in which tenants must vacate the premises during lead abatement must:

(1) allow a tenant to return to the dwelling after lead abatement and retesting, as required under subdivision 6, is completed unless the tenant has elected to terminate the tenancy under paragraph (b); and

(2) return any security deposit due under section 504.20 to any tenant who terminates tenancy under paragraph (b) within five days of the date the tenant vacates the unit.

Sec. 51. Minnesota Statutes 1992, section 144.874, subdivision 5, is amended to read:

This A person who unlawfully removes a warning notice posted under this section is subject to a fine of up to \$250. The warning notice must be at least 8-1/2 by 11 inches in size and must include the following language, or substantially similar language:

(a) "This property contains dangerous amounts of lead to which children under age six and pregnant women should not be exposed."

(b) "It is unlawful to remove or deface this warning. ~~This warning may be removed only upon the direction of the board of health.~~"

(c) "Persons who remove or deface this warning are subject to a fine of up to \$250. This warning may be removed only upon the direction of the board of health."

Sec. 52. Minnesota Statutes 1992, section 144.874, subdivision 6, is amended to read:

[SERVICES AND RETESTING REQUIRED.] After completion of swab team services and the abatement as ordered, including any repairs ordered by a local housing or building inspector, the board of health must retest the residence to assure the violations no longer exist. The board of health is not required to test a residence after lead abatement that was not ordered by the board of health.

Sec. 53. Minnesota Statutes 1992, section 144.874, subdivision 9, is amended to read:

Subd. 9. [PRIMARY PREVENTION.] Although children who are found to already have elevated blood lead levels must have the highest priority for intervention, the commissioner shall pursue primary prevention of lead poisoning for toxic lead exposure within the limits of appropriations.

Sec. 54. Minnesota Statutes 1992, section 144.874, is amended by adding a subdivision to read:

Subd. 11a. [LEAD ABATEMENT DIRECTIVES.] In order to achieve statewide consistency in the application of lead abatement standards, the commissioner shall issue program directives that interpret the application of rules under section 144.878 in ambiguous or unusual lead abatement situations. These directives are guidelines to local boards of health. The commissioner shall periodically review the evaluation of lead abatement orders and the program directives to determine if the rules under section 144.878 need to be amended to reflect new understanding of lead abatement practices and methods.

Sec. 55. Minnesota Statutes 1992, section 144.876, is amended by adding a subdivision to read:

Subd. 4. [NOTICE OF ABATEMENT.] At least five days before starting work at each lead abatement worksite, a lead abatement contractor shall give written notice to the commissioner and the board of health.

Sec. 56. [144.877] [LEAD INSPECTORS; LICENSING.]

Subdivision 1. [LICENSE REQUIRED.] A lead inspector must obtain a license within 180 days of the effective date of this section and must renew it annually. The license must be readily available at assessment sites for inspection by the commissioner or by staff of a board of health with jurisdiction over a work site. A license cannot be transferred.

Subd. 2. [LICENSE APPLICATION.] An application for license or license renewal must be on a form provided by the commissioner and must include:

- (1) a \$50 nonrefundable fee, in the form of a check;
- (2) evidence that the applicant has successfully completed a lead inspector training course approved in subdivision 6, or has, within the previous 180 days, successfully completed an initial lead inspection training course.

The fee required in this subdivision is waived for an employee of a board of health.

Subd. 3. [LICENSE RENEWAL.] A license is valid for one year from the issuance date unless the commissioner revokes it. An applicant must successfully complete either an initial lead inspection training course or an annual refresher lead inspection training course to apply for license renewal.

Subd. 4. [LICENSE REPLACEMENT.] A licensed lead inspector may obtain a replacement license by reapplying for a license. A replacement expires on the same date as the original license. A nonrefundable \$25 fee is required with each replacement application.

Subd. 5. [DENIAL OF LICENSE APPLICATION.] The commissioner may deny an application, revoke, or impose limitations or conditions on a license, if the applicant or licensed lead inspector:

- (1) violates rules adopted under sections 144.871 to 144.879;
- (2) submits an application that is incomplete, inaccurate, or lacks the required fee, or submits an invalid check;
- (3) obtains a license, certificate, or approval through error, fraud, or cheating;
- (4) provides false or fraudulent information on forms;
- (5) aids or allows an unlicensed or uncertified person to engage in activities for which a license or certificate is required;
- (6) endangers public health or safety;
- (7) has been convicted during the previous five years of a felony or gross misdemeanor related to residential lead assessment or residential lead abatement; or
- (8) has been convicted during the previous five years of a violation of section 270.72, 325F.69, or 325F.71.

An application for licensure that has been denied may be resubmitted when the reasons for denial have been corrected. A person whose license is revoked may not apply for a license within one year of the date of revocation. After one year, the application requirements must be followed by an applicant for a license, certificate, or course approval. An applicant who submits an approvable application within 60 days of initial denial is not required to pay a second fee.

Subd. 6. [APPROVAL OF LEAD INSPECTION COURSE.] A lead inspection course sponsored by the United States Environmental Protection Agency is an approved course for the purpose of this section.

Subd. 7. [LEAD INSPECTION; RULES.] The commissioner may adopt rules to implement this section. The commissioner may also approve lead inspector courses offered by groups other than those approved by the United States Environmental Protection Agency and shall charge a fee to cover the costs of approving courses.

Sec. 57. Minnesota Statutes 1992, section 144.878, subdivision 2, is amended to read:

Subd. 2. [LEAD STANDARDS AND ABATEMENT METHODS.] (a) The commissioner shall adopt rules establishing standards and abatement methods for lead in paint, dust, and drinking water in a manner that protects public health and the environment for all residences, including residences also used for a commercial purpose. ~~The commissioner shall adopt priorities for providing abatement services to areas defined to be at high risk for toxic lead exposure. In adopting priorities, the commission shall consider the number of children and pregnant women diagnosed with elevated blood lead levels and the median concentration of lead in the soil. The commissioner shall give priority to areas having the largest population of children and pregnant women having elevated blood lead levels, areas with the highest median soil lead concentration, and areas where it has been determined that there are large numbers of residences that have deteriorating paint.~~ The commissioner shall differentiate between intact paint and deteriorating paint. The commissioner and political subdivisions shall require abatement of intact paint only if the commissioner or political subdivision finds that the intact paint is on a chewable or lead-dust producing surface that is a known source or reasonably expected to be a source of actual lead exposure to a specific person. In adopting rules under this subdivision, the commissioner shall require the best available technology for lead abatement methods, paint stabilization, and repainting.

(b) The commissioner of health shall adopt standards and abatement methods for lead in bare soil on playgrounds and residential property in a manner to protect public health and the environment. The commissioner shall adopt a maximum standard of 100 parts of lead per million in bare soil, unless it is proven that a different standard provides greater protection of public health.

(c) The commissioner of the pollution control agency shall adopt rules to ensure that removal of exterior lead-based coatings from residential property by abrasive blasting methods and ~~disposal of any hazardous waste~~ are is conducted in a manner that protects public health and the environment.

(d) All standards adopted under this subdivision must provide adequate reasonable margins of safety that are consistent with a detailed review of scientific evidence and an emphasis on overprotection rather than underprotection when the scientific evidence is ambiguous. The rules must apply to any individual performing or ordering the performance of lead abatement.

(e) No unit of local government may have an ordinance or regulation governing lead abatement methods for lead in paint, dust, or soil for residences and residential land that require a different lead abatement method than the lead abatement standards established under sections 144.871 to 144.879.

Sec. 58. Minnesota Statutes 1992, section 144.878, subdivision 2a, is amended to read:

Subd. 2a. [PRIORITIES FOR RESPONSE ACTION.] ~~By January 1, 1988,~~ The commissioner of health must adopt new rules establishing the a priority list of census tracts at high risk for toxic lead exposure for primary prevention response actions. The rules must consider the potential for children's contact with the soil and the existing level of lead in the soil and may consider the relative risk to the public health, the size of the population at risk, and blood lead levels of resident populations. In establishing the list, the commissioner shall award points under this subdivision to each census tract on which information is available. The priority for primary prevention response actions in census tracts at high risk for toxic lead exposure shall be based on the cumulative points awarded to each census tract. A greater number of points means a higher priority. If a tie occurs in the number of points, priority shall be given to the census tract with the higher percentage of population with blood lead levels greater than ten micrograms of lead per deciliter. All local governmental units and boards of health shall follow the priorities under this subdivision. The commissioner shall revise and update the priority list at least every five years. Points shall be awarded to each census tract for each criteria, considered independently, defined in section 144.871, subdivision 7a. Points shall be awarded as follows:

(a) In a census tract where at least 20 children have been screened in the last five years, one point shall be awarded for each five percent of children who were under six years old at the time they were screened for lead in blood and whose blood lead level exceeds ten micrograms of lead per deciliter. An additional point shall be awarded if one percent of the children had blood levels greater than 20 micrograms per deciliter of blood. Two points shall be awarded to a census tract, where the blood lead screening has been inadequate, that is contiguous with a census tract where more than ten percent of the children under six years of age have blood lead levels exceeding ten micrograms per deciliter.

(b) One point shall be awarded for every five percent of housing that is defined as dilapidated or deteriorated by the planning department or similar agency of the city in which the housing is located. Where data is available by neighborhood or section within a city, the percent of dilapidated or deteriorated housing shall apply equally to each census tract within the neighborhood or section.

(c) One point shall be awarded for every 100 parts per million of lead soil, based on the median soil lead values of foundation soil samples, calculated on 100 parts per million intervals, or fraction thereof. For the cities of St. Paul and Minneapolis, the commissioner shall use the June 1988 census tract version of the houseside map entitled "Distribution of Household Lead Content of Soil Dust in the Twin Cities," prepared by the center for urban and regional affairs. Where the map displays a census tract that is crossed by two or more intervals, the commissioner shall make a reasoned determination of the median foundation soil lead value for that tract. Values for census tracts may be updated by surveying the tract according to the procedures under Minnesota Rules, part 4761.0400, subpart 8.

Sec. 59. Minnesota Statutes 1992, section 144.878, subdivision 5, is amended to read:

Subd. 5. [LEAD ABATEMENT CONTRACTORS AND EMPLOYEES.] The commissioner shall adopt rules to license lead abatement contractors, to certify employees of lead abatement contractors who perform abatement, and to certify lead abatement trainers who provide lead abatement training for contractors, employees, or other lead abatement trainers. The rules must include standards and procedures for on-the-job training for swab teams. A person who performs painting, renovation, rehabilitation, remodeling, or other residential work that is not lead abatement need not be a licensed lead abatement contractor. By July 1, 1994, a person who performs work that removes intact paint on residences built before February 27, 1978, must determine whether lead sources are present and whether the planned work would be lead abatement as defined in section 144.871, subdivision 2. This determination may be made by quantitative chemical analysis, X-ray fluorescence analyzer, or chemical spot test using sodium rhodizonate. If lead sources are identified, the work must be performed by a licensed lead abatement contractor. An owner of an owner-occupied residence with one or two units is not subject to the requirements under this subdivision. All lead abatement training must include a hands-on component and instruction on the health effects of lead exposure, the use of personal protective equipment, workplace hazards and safety problems, abatement methods and work practices, decontamination procedures, cleanup and waste disposal procedures, lead monitoring and testing methods, and legal rights and responsibilities. The commissioner shall adopt rules to approve lead abatement training courses and to charge a fee for approval. At least 30 days before publishing initial notice of proposed rules under this subdivision on the licensing of lead abatement contractors, the commissioner shall submit the rules to the chairs of the health and human services committees in the house of representatives and the senate, and to any legislative committee on licensing created by the legislature.

Sec. 60. [144.8781] [ENFORCEMENT.]

Subdivision 1. [CEASE AND DESIST ORDER.] (a) The commissioner may issue an order requiring a person to cease lead abatement if the commissioner determines that a condition exists that poses an immediate danger to the public health. For purposes of this subdivision, an immediate danger to the public health exists if the commissioner determines that:

- (1) lead abatement is being performed in a manner that violates applicable state or federal law or related rules;
- (2) the person performing lead abatement is not currently licensed or certified as required by rules adopted under sections 144.871 to 144.879; or
- (3) the lead abatement contractor has not given prior written notice required by section 144.876 to the commissioner and board of health.

(b) An order to cease lead abatement is effective for a maximum of 60 days. Following issuance of the order, the commissioner shall provide the contractor or individual with an opportunity for a hearing under the contested case provisions of chapter 14. Within ten days of the hearing, the commissioner shall decide whether to rescind, modify, or reissue the previous order. A modified or reissued order is effective for a maximum of 60 days from the date of modification or reissuance.

Subd. 2. [ORDER FOR CORRECTIVE ACTION.] (a) The commissioner may issue an order requiring a person violating sections 144.871 to 144.879 or a rule adopted under sections 144.871 to 144.879 to take the corrective action the commissioner determines will accomplish the purpose of the project and prevent future violation. The order for corrective action shall state the conditions that constitute the violation, the specific statute or rule violated, and the time by which the violation must be corrected.

(b) If the person believes that the information contained in the commissioner's order for corrective action is in error, the person may ask the commissioner to reconsider the parts of the order that are alleged to be in error. The request must be in writing, delivered to the commissioner by certified mail within five working days of receipt of the order, and:

- (1) specify which parts of the order for corrective action are alleged to be in error;
- (2) explain why they are in error; and
- (3) provide documentation to support the allegation of error.

The commissioner shall respond to a request made under this subdivision within 15 working days after receipt of the request. A request for reconsideration does not stay the order for corrective action but the commissioner may provide additional time to comply with the order after reviewing the request. The commissioner's disposition of a request for reconsideration is final.

Subd. 3. [INJUNCTIVE RELIEF.] In addition to any other remedy provided by law, the commissioner may bring an action for injunctive relief in the district court in Ramsey county or, at the commissioner's discretion, in the district court in the county in which the lead abatement is being undertaken, to halt the work or an activity connected with it. A temporary restraining order or other injunctive relief may be granted by the court if continuation of the lead abatement or an activity connected with it would result in an imminent risk of harm to any person.

Subd. 4. [PENALTIES.] (a) A person who violates any of the requirements of sections 144.871 to 144.879 or any requirement, rule, or order issued under this section is subject to a civil penalty of not more than \$5,000 per day of violation. Penalties may be recovered in a civil action in the name of the state brought by the attorney general.

(b) The commissioner may issue an order assessing a penalty of not more than \$5,000 per violation to any person who violates any of the requirements of sections 144.871 to 144.879 or any requirement, rule, or order issued under this section. A person subject to an administrative penalty order may request a contested case hearing under chapter 14 within 20 days from date of receipt of the penalty order. If the penalty order is not contested within 20 days of receipt, it becomes final and may not be contested.

(c) The amount of penalty shall be based on the past history of violations, the severity of violation, the culpability of the person, and other relevant factors.

(d) Penalties assessed under sections 144.871 to 144.879 shall be paid to the commissioner for deposit in the general fund. Unpaid penalties shall be increased to 125 percent of the original assessed amount if not paid within 60 days after the penalty order becomes final. After 60 days, interest shall accrue on the unpaid penalty balance at the rate established in section 549.09.

Subd. 5. [MISDEMEANOR PENALTY.] A person is guilty of a misdemeanor and may be sentenced to payment of a fine of not more than \$700, imprisonment for not more than 30 days, or both, for each violation if that person:

(1) hinders or delays the commissioner or the commissioner's authorized representative in the performance of the duty to enforce sections 144.871 to 144.879;

(2) undertakes lead abatement without a current, valid license;

(3) refuses to make a license or certificate accessible to either the commissioner or the commissioner's authorized representative;

(4) employs a person to do lead abatement who does not have a valid certificate;

(5) fails to report lead abatement as required by section 144.876; or

(6) makes a false material statement related to a license, certificate, report, or other documents required under sections 144.871 to 144.879.

Subd. 6. [DISCRIMINATION.] A person who discriminates against or otherwise sanctions an employee who complains to or cooperates with the commissioner in administering sections 144.871 to 144.879 is guilty of a misdemeanor.

Sec. 61. Minnesota Statutes 1992, section 144.98, subdivision 5, is amended to read:

Subd. 5. [~~LABORATORY CERTIFICATION ACCOUNT STATE GOVERNMENT SPECIAL REVENUE FUND.~~] There is an account in the special revenue fund called the laboratory certification account. Fees collected under this section and appropriations for the purposes of this section must be deposited in the laboratory certification account. Money in the laboratory certification account is annually appropriated to the commissioner of health to administer this section state government special revenue fund.

Sec. 62. [144C.01] [AMBULANCE SERVICE PERSONNEL LONGEVITY AWARD AND INCENTIVE PROGRAM.]

Subdivision 1. [ESTABLISHMENT.] An ambulance service personnel longevity award and incentive program is established. The program is intended to recognize the service rendered to state and local government and the citizens of Minnesota by qualified ambulance service personnel, and to reward qualified ambulance service personnel for significant contributions to state and local government and to the public. The purpose of the ambulance service personnel longevity award and incentive trust is to accumulate resources to allow for the payment of longevity awards to qualified ambulance service personnel upon the completion of a substantial ambulance service career.

Subd. 2. [ADMINISTRATION.] (a) Unless paragraph (c) applies, consistent with the responsibilities of the state board of investment and the various ambulance services, the ambulance service personnel longevity award and incentive program must be administered by the commissioner of health. The administrative responsibilities of the commissioner of health for the program relate solely to the record keeping, award application, and award payment functions. The state board of investment is responsible for the investment of the ambulance service personnel longevity award and incentive trust. The applicable ambulance service is responsible for determining, consistent with this chapter, who is a qualified ambulance service person, what constitutes a year of credited ambulance service, what constitutes sufficient documentation of a year of prior service, and for submission of all necessary data to the commissioner of health in a manner consistent with this chapter. Determinations of an ambulance service are final.

(b) The commissioner of health may administer the commissioner's assigned responsibilities regarding the program directly or may retain a qualified governmental or nongovernmental plan administrator under contract to administer those responsibilities regarding the program. A contract with a qualified plan administrator must be the result of an open competitive bidding process and must be reopened for competitive bidding at least once during every five-year period after the effective date of this section.

(c) The commissioner of employee relations shall review the options within state government for the most appropriate administration of pension plans or similar arrangements for emergency service personnel and recommend to the governor the most appropriate future pension plan or nonpension plan administrative arrangement for this chapter. If the governor concurs in the recommendation, the governor shall transfer the future administrative responsibilities relating to this chapter to that administrative agency.

Sec. 63. [144C.02] [PROGRAM ELIGIBILITY; QUALIFIED AMBULANCE SERVICE PERSONNEL.]

(a) Persons eligible to participate in the ambulance service personnel longevity award and incentive program are qualified ambulance service personnel.

(b) Qualified ambulance service personnel are ambulance attendants, ambulance drivers, and ambulance service medical directors or medical advisors who meet the following requirements:

(1) employment of the person by or provision by the person of service to an ambulance service that is licensed as such by the state of Minnesota and that provides ambulance services that are generally available to the public and are free of unfair discriminatory practices under chapter 363;

(2) performance by the person during the 12 months ending as of the immediately previous June 30 of all or a predominant portion of the person's services in the state of Minnesota or on behalf of Minnesota residents, as verified by August 1 annually in an affidavit from the chief administrative officer of the ambulance service;

(3) current certification of the person during the 12 months ending as of the immediately previous June 30 by the Minnesota department of health as an ambulance attendant, ambulance driver, or ambulance service medical director or medical advisor under section 144.804, and supporting rules, and current active ambulance service employment or service provision status of the person, as verified by August 1 annually in an affidavit from the chief administrative officer of the ambulance service; and

(4) conformance by the person with the definition of the phrase "volunteer ambulance attendant" under section 144.8091, subdivision 2, except that for the salary limit specified in that provision there must be substituted, for purposes of this section only, a limit of \$3,000 for calendar year 1993, and \$3,000 multiplied by the cumulative percentage increase in the national Consumer Price Index, all items, for urban wage earners and clerical workers, as published by the federal Department of Labor, Bureau of Labor Statistics, since December 31, 1993, and for an ambulance service medical director, conformance based solely on the person's hourly stipends or salary for service as a medical director.

(c) The term "active ambulance service employment or service provision status" means being in good standing with and on the active roster of the ambulance service making the certification.

(d) The maximum period of ambulance service employment or service provision for which a person may receive credit towards an award under this chapter, including prior service credit under section 144C.07, subdivision 2, paragraph (c), is 20 years.

(e) For a person who is employed by or provides service to more than one ambulance service concurrently during any period during the 12-month period, credit towards an award under this chapter is limited to one ambulance service during any period. The creditable period is with the ambulance service for which the person undertakes the greatest portion of employment or service hours.

Sec. 64. [144C.03] [AMBULANCE SERVICE PERSONNEL LONGEVITY AWARD AND INCENTIVE TRUST; TRUST ACCOUNT.]

Subdivision 1. [TRUST.] There is established an ambulance service personnel longevity award and incentive trust.

Subd. 2. [TRUST ACCOUNT.] There is established in the general fund an ambulance service personnel longevity award and incentive trust account. The trust account must be credited with appropriations for that purpose, and investment earnings on those accumulated proceeds. The assets and income of the trust account must be held and managed by the commissioner of finance and the state board of investment for the benefit of the state of Minnesota and its general creditors.

Subd. 3. [PRIORITY OF CLAIMS.] The state of Minnesota intends that this program, trust, and trust account not constitute a separate fund for any legal purpose, including the federal Internal Revenue Code, as amended, and the federal Employee Retirement Income Security Act of 1974, as amended. Qualified ambulance service personnel have only an unsecured promise of the state of Minnesota to pay a longevity award upon meeting entitlement requirements set forth in section 144C.08, and qualified ambulance service personnel meeting those entitlement requirements have the status of general unsecured creditors with respect to an ambulance service personnel longevity award, if and when awarded.

Sec. 65. [144C.05] [DISTRIBUTIONS FROM ACCOUNT.]

Subdivision 1. [AWARD PAYMENTS.] (a) The commissioner of health or the commissioner's designee under section 144C.01, subdivision 2, shall pay ambulance service personnel longevity awards to qualified ambulance service personnel determined to be entitled to an award under section 144C.08 by the commissioner based on the submissions by the various ambulance services. Amounts necessary to pay the ambulance service personnel longevity award are appropriated from the ambulance service personnel longevity award and incentive trust account to the commissioner of health.

(b) If the state of Minnesota is unable to meet its financial obligations as they become due, the commissioner of health shall undertake all necessary steps to discontinue paying ambulance service personnel longevity awards until the state of Minnesota is again able to meet its financial obligations as they become due.

Subd. 2. [GENERAL CREDITORS OF THE STATE.] The trust account is at all times subject to a levy under an execution of any general creditor of the state of Minnesota, and if no other funds are available to satisfy that levy, the levy has priority for payment from the trust account before any ambulance service personnel longevity award.

Sec. 66. [144C.06] [TRUST ACCOUNT INVESTMENT.]

The trust account must be invested by the state board of investment, as provided in section 11A.20.

Sec. 67. [144C.07] [CREDITING QUALIFIED AMBULANCE PERSONNEL SERVICE.]

Subdivision 1. [SEPARATE RECORD KEEPING.] The commissioner of health or the commissioner's designee under section 144C.01, subdivision 2, shall maintain a separate record of potential award accumulations for each qualified ambulance service person under subdivision 2.

Subd. 2. [POTENTIAL ALLOCATIONS.] (a) On September 1, annually, the commissioner of health or the commissioner's designee under section 144C.01, subdivision 2, shall determine the amount of the allocation of the prior year's accumulation to each qualified ambulance service person. The prior year's net investment gain or loss under paragraph (b) must be allocated and that year's appropriation, after deduction of administrative expenses, also must be allocated.

(b) The difference in the market value of the assets of the ambulance service personnel longevity award and incentive trust account as of the immediately previous June 30 and the June 30 occurring 12 months earlier must be reported on or before August 15 by the state board of investment. The market value gain or loss must be expressed as a percentage of the total potential award accumulations as of the immediately previous June 30, and that positive or negative percentage must be applied to increase or decrease the recorded potential award accumulation of each qualified ambulance service person.

(c) The appropriation for this purpose, after deduction of administrative expenses, must be divided by the total number of additional ambulance service personnel years of service recognized since the last allocation or 1,000 years of service, whichever is greater. A qualified ambulance service person must be credited with a year of service if the person is certified by the chief administrative officer of the ambulance service as having rendered active ambulance service during the 12 months ending as of the immediately previous June 30. If the person has rendered prior active ambulance service, the person must be additionally credited with one-fifth of a year of service for each year of active ambulance service rendered before June 30, 1993, but not to exceed in any year one additional year of service or to exceed in total five years of prior service. Prior active ambulance service means employment by or the provision of service to a licensed ambulance service before June 30, 1993, as determined by the person's current ambulance service based on records provided by the person that were contemporaneous to the service. The prior ambulance service must be reported on or before August 15 to the commissioner of health in an affidavit from the chief administrative officer of the ambulance service.

Sec. 68. [144C.08] [AMBULANCE SERVICE PERSONNEL LONGEVITY AWARD.]

(a) A qualified ambulance service person who has terminated active ambulance service, who has at least five years of credited ambulance service, who is at least 50 years old, and who is among the 400 persons with the greatest amount of credited ambulance service applying for a longevity award during that year, is entitled, upon application, to an ambulance service personnel longevity award. An applicant whose application is not approved because of the limit on the number of annual awards may apply in a subsequent year.

(b) If a qualified ambulance service person who meets the age and service requirements specified in paragraph (a) dies before applying for a longevity award, the estate of the decedent is entitled, upon application, to the decedent's ambulance service personnel longevity award, without reference to the limit on the number of annual awards.

(c) An ambulance service personnel longevity award is the total amount of the person's accumulations indicated in the person's separate record under section 144C.07 as of the August 15 preceding the application. The amount is payable only in a lump sum.

(d) Applications for an ambulance service personnel longevity award must be received by the commissioner of health or the commissioner's designee under section 144C.01, subdivision 2, by August 15, annually. Ambulance service personnel longevity awards are payable only as of the last business day in October annually.

Sec. 69. [144C.09] [EFFECT OF CHANGES.]

Subdivision 1. [MODIFICATIONS.] The ambulance service personnel longevity award and incentive program is a gratuity established by the state of Minnesota and may be modified by subsequent legislative enactment at any time without creating any cause of action for any ambulance service personnel related to the program as a result. No provision of this act and no subsequent amendment may be interpreted as causing or resulting in the program to be funded for federal Internal Revenue Code or federal Employee Retirement Income Security Act of 1974 purposes, or as causing or resulting in any contributions to or investment income earned by the ambulance service personnel longevity award and incentive trust account to be subject to federal income tax to ambulance service personnel or their beneficiaries before actual receipt of a longevity award under section 144C.08.

Subd. 2. [NONASSIGNABILITY.] No entitlement or claim of a qualified ambulance service person or the person's beneficiary to an ambulance service personnel longevity award is assignable, or subject to garnishment, attachment, execution, levy, or legal process of any kind, except as provided in section 518.58, 518.581, or 518.611. The commissioner of health may not recognize any attempted transfer, assignment, or pledge of an ambulance service personnel longevity award.

Subd. 3. [PUBLIC EMPLOYEE STATUS.] Recognizing the important public function performed by ambulance service personnel, only for purposes of this act and the receipt of a state sponsored gratuity in the form of an ambulance service personnel longevity award, all qualified ambulance service personnel are considered to be public employees.

Sec. 70. [144C.10] [SCOPE OF ADMINISTRATIVE DUTIES.]

For purposes of administering the award and incentive program, the commissioner of health cannot hear appeals, direct ambulance services to take any specific actions, investigate or take action on individual complaints, or otherwise act on information beyond that submitted by the licensed ambulance services.

Sec. 71. Minnesota Statutes 1992, section 145.925, is amended by adding a subdivision to read:

Subd. 10. [RULES; FUNDING PRIORITIES.] The funding for family planning special project grants shall be awarded through the criteria established in Minnesota Rules. Notwithstanding any rules to the contrary, an organization shall not be excluded or reduced in priority for funding because the organization does not make available, directly or through referral, all methods of contraceptives for reasons of conscience. The commissioner of health shall develop procedures for establishing a conscience clause in the grant application process.

Sec. 72. [145.951] [CHILDREN HELPED IN LONG-TERM DEVELOPMENT.]

Sec. 85. [214.103] [HEALTH-RELATED LICENSING BOARDS; COMPLAINTS; INVESTIGATION AND HEARING.]

Subdivision 1. [APPLICATION.] For purposes of this section, "board" means "health-related licensing board" and does not include non-health-related licensing boards. Nothing in this section supersedes section 214.10, subdivisions 2a, 3, 8, and 9, as they apply to the health-related licensing boards.

Subd. 2. [RECEIPT OF COMPLAINT.] The boards shall receive and resolve complaints or other communications, whether oral or written, against regulated persons. Before resolving an oral complaint, the executive director or a board member designated by the board to review complaints may require the complainant to state the complaint in writing. The executive director or the designated board member shall determine whether the complaint alleges or implies a violation of a statute or rule which the board is empowered to enforce. The executive director or the designated board member may consult with the designee of the attorney general as to a board's jurisdiction over a complaint. If the executive director or the designated board member determines that it is necessary, the executive director may seek additional information to determine whether the complaint is jurisdictional or to clarify the nature of the allegations by obtaining records or other written material, obtaining a handwriting sample from the regulated person, clarifying the alleged facts with the complainant, and requesting a written response from the subject of the complaint.

Subd. 3. [REFERRAL TO OTHER AGENCIES.] The executive director shall forward to another governmental agency any complaints received by the board which do not relate to the board's jurisdiction but which relate to matters within the jurisdiction of another governmental agency. The agency shall advise the executive director of the disposition of the complaint. A complaint or other information received by another governmental agency relating to a statute or rule which a board is empowered to enforce must be forwarded to the executive director of the board to be processed in accordance with this section.

Subd. 4. [ROLE OF THE ATTORNEY GENERAL.] The executive director or the designated board member shall forward a complaint and any additional information to the designee of the attorney general when the executive director or the designated board member determines that a complaint is jurisdictional and (1) requires investigation before the executive director or the designated board member may resolve the complaint; (2) that attempts at resolution for disciplinary action or the initiation of a contested case hearing is appropriate; (3) that an agreement for corrective action is warranted; or (4) that the complaint should be dismissed, consistent with subdivision 8.

Subd. 5. [INVESTIGATION BY ATTORNEY GENERAL.] If the executive director or the designated board member determines that investigation is necessary before resolving the complaint, the executive director shall forward the complaint and any additional information to the designee of the attorney general. The designee of the attorney general shall evaluate the communications forwarded and investigate as appropriate. The designee of the attorney general may also investigate any other complaint forwarded under subdivision 3 when the designee of the attorney general determines that investigation is necessary. In the process of evaluation and investigation, the designee shall consult with or seek the assistance of the executive director or the designated board member. The designee may also consult with or seek the assistance of other qualified persons who are not members of the board who the designee believes will materially aid in the process of evaluation or investigation. Upon completion of the investigation, the designee shall forward the investigative report to the executive director.

Subd. 6. [ATTEMPTS AT RESOLUTION.] (a) At any time after receipt of a complaint, the executive director or the designated board member may attempt to resolve the complaint with the regulated person. The available means for resolution include a conference or any other written or oral communication with the regulated person. A conference may be held for the purposes of investigation, negotiation, education, or conciliation. The results of attempts at resolution with the regulated person may include a recommendation to the board for disciplinary action, an agreement between the executive director or the designated board member and the regulated person for corrective action, or the dismissal of a complaint. If attempts at resolution are not in the public interest or are not satisfactory to the executive director or the designated board member, then the executive director or the designated board member may initiate a contested case hearing.

(1) The designee of the attorney general shall represent the board in all attempts at resolution which the executive director or the designated board member anticipate may result in disciplinary action. The available remedies for disciplinary action by consent with the regulated person are those listed in section 214.108, subdivision 4. A stipulation between the executive director or the designated board member and the regulated person shall be presented to the board for the board's consideration. An approved stipulation and resulting order shall become public data.

(2) The designee of the attorney general shall represent the board upon the request of the executive director or the designated board member in all attempts at resolution which the executive director or the designated board member anticipate may result in corrective action. Any agreement between the executive director or the designated board member and the regulated person for corrective action shall be in writing and shall be reviewed by the designee of the attorney general prior to its execution. The agreement for corrective action shall provide for dismissal of the complaint upon successful completion by the regulated person of the corrective action.

(b) Upon receipt of a complaint alleging sexual contact or sexual conduct with a client, the board must forward the complaint to the designee of the attorney general for an investigation. If, after it is investigated, the complaint appears to provide a basis for disciplinary action, the board shall resolve the complaint by disciplinary action or initiate a contested case hearing. Notwithstanding paragraph (a), clause (2), a board may not take corrective action or dismiss a complaint alleging sexual contact or sexual conduct with a client unless, in the opinion of the executive director, the designated board member, and the designee of the attorney general, there is insufficient evidence to justify disciplinary action.

Subd. 7. [CONTESTED CASE HEARING.] If the executive director or the designated board member determines that attempts at resolution of a complaint are not in the public interest or are not satisfactory to the executive director or the designated board member, the executive director or the designated board member, after consultation with the designee of the attorney general, may initiate a contested case hearing under chapter 14. The designated board member or any board member who was consulted during the course of an investigation may participate at the contested case hearing. A designated or consulted board member may not deliberate or vote in any proceeding before the board pertaining to the case.

Subd. 8. [DISMISSAL OF A COMPLAINT.] A complaint may not be dismissed without the concurrence of two board members. The agency shall award two percent of the funds appropriated for purposes of this section as a grant to the housing partnership to distribute as grants to the regional housing networks that provide housing and homeless prevention information and assistance in greater Minnesota. - (6) identification of outcomes expected from the use of the grant award.

Subd. 6. [AUTHORIZED USES OF GRANT.] A grant may be used to prevent or decrease the period of homelessness of families and to decrease the time period that families stay in emergency shelters. Grants may not be used to acquire, rehabilitate, or construct emergency shelters or transitional or permanent housing.

Subd. 7. [ADVISORY COMMITTEE.] Each grantee shall establish an advisory committee consisting of a homeless advocate, a representative of homeless persons, a member of the state interagency task force on homelessness, local representatives, if any, of public and private providers of emergency shelter, transitional housing, and permanent affordable housing, and other members the grantee considers appropriate. Income eligibility is based on annualized gross income from three months preceding the application for assistance.

Subd. 3. An organization must provide the agency with a detailed description of how the proposed program would be administered, including the qualifications of staff. An organization may not be part of, or affiliated with, a mortgage lender, a rental property management company, or a rental property owner.

Subd. 4. [SELECTION CRITERIA.] The agency shall take the following criteria into consideration when determining whether an organization is qualified to administer the program:

(d) An individual or family may receive the lesser of six months or \$4,500 of financial assistance.

Subd. 7. [REPAYMENT.] The recipient of financial assistance must enter into an agreement with the agency for repayment. The repayment agreement for mortgages or contract for deed buyers must provide that in the event the property is sold, transferred, or otherwise conveyed, or ceases to be the recipient's principal place of residence, the recipient shall repay all or a portion of the financial assistance based on their financial ability to pay. The repayment agreement may be secured by a lien on the property for the benefit of the agency. Persons may be required to repay rental assistance based on their financial ability to pay. The agency shall evaluate a recipient's ability to repay assistance. Any money repaid under this subdivision shall be deposited in the housing development fund for the purposes of this section.

Subd. 8. [REPORT.] By January 10 of every year, each nonprofit organization that delivers services under this section must submit a report to the agency that summarizes the number of people served, the number of applicants who were not served, sources and amounts of nonstate money used to fund the services, and the number and type of referrals to other service providers. Sec. 45. Minnesota Statutes 1992, section 462A.21, is amended by adding a subdivision to read:

Commissioners who are elected officials may receive the daily payment for a particular day only if they do not receive any other daily payment for public service on that day. Commissioners who are full-time state employees or full-time employees of the political subdivisions of the state may receive the expenses provided for in this subdivision unless the expenses are reimbursed by another source.

Sec. 48. [UNIFORM BUSINESS IDENTIFIER.]

The department of jobs and training shall establish a uniform business identifier process for all firms doing business with and within the state of Minnesota. The current registration process requires each business to deal with multiple agencies, provide redundant information to each and, in general, creates an undue administrative burden on Minnesota businesses.

Each agency also produces data that are not easily transferred among state agencies, which in turn results in businesses being asked for the same information from a number of different agencies. The establishment of a uniform process would reduce the burden on businesses and promote the sharing of information among the state agencies, thereby eliminating the costs and burdens of duplicative information gathering and storage.

The commissioner of jobs and training shall establish a plan that:

(1) identifies and documents the various requirements with which businesses currently must comply in order to legally conduct business within the state;

(2) establishes a uniform process of business registration;

(3) details the operational impact of installing the process or system;

(4) estimates the costs and benefits, both for the state and for Minnesota businesses, of installing the process;

(5) establishes an implementation timetable;

(6) recommends the structure and composition of the project needed for implementation; and

(7) recommends and analyzes the information system technology alternatives, if any, that will be needed to implement the recommended process.

The commissioner of the department of jobs and training, or a designee, shall coordinate creating the plan and shall provide staff to assist in the effort. Those state offices, departments, and agencies that interact with Minnesota businesses including, but not limited to, department of jobs and training, secretary of state, department of revenue, department of labor and industry, department of commerce, and the information policy office of the department of administration shall cooperate in creating the plan.

The commissioner of the department of jobs and training shall present the plan to the chair of the health and housing finance division of the health and human services committee by January 1, 1994. The commissioner shall implement a uniform process of business registration by July 31, 1994.

Page 309, after line 12, insert:

"Sec. 29. Minnesota Statutes 1992, section 256D.03, subdivision 3, is amended to read:

Subd. 3. [GENERAL ASSISTANCE MEDICAL CARE; ELIGIBILITY.] (a) General assistance medical care may be paid for any person who is not eligible for medical assistance under chapter 256B, including eligibility for medical assistance based on a spend-down of excess income according to section 256B.056, subdivision 5, and:

(1) who is receiving assistance under section 256D.05 or 256D.051; or

(2)(i) who is a resident of Minnesota; and whose equity in assets is not in excess of \$1,000 per assistance unit. Exempt assets, the reduction of excess assets, and the waiver of excess assets must conform to the medical assistance program in chapter 256B, with the following exception: the maximum amount of undistributed funds in a trust that could be distributed to or on behalf of the beneficiary by the trustee, assuming the full exercise of the trustee's discretion under the terms of the trust, must be applied toward the asset maximum; and

(ii) who has countable income not in excess of the assistance standards established in section 256B.056, subdivision 4, or whose excess income is spent down pursuant to section 256B.056, subdivision 5, using a six-month budget period, except that a one-month budget period must be used for recipients residing in a long-term care facility. The method for calculating earned income disregards and deductions for a person who resides with a dependent child under age 21 shall be as specified in section 256.74, subdivision 1. However, if a disregard of \$30 and one-third of the remainder described in section 256.74, subdivision 1, clause (4), has been applied to the wage earner's income, the disregard shall not be applied again until the wage earner's income has not been considered in an eligibility determination for general assistance, general assistance medical care, medical assistance, or aid to families with dependent children for 12 consecutive months. The earned income and work expense deductions for a person who does not reside with a dependent child under age 21 shall be the same as the method used to determine eligibility for a person under section 256D.06, subdivision 1, except the disregard of the first \$50 of earned income is not allowed; or

(3) who would be eligible for medical assistance except that the person resides in a facility that is determined by the commissioner or the federal health care financing administration to be an institution for mental diseases.

(b) Eligibility is available for the month of application, and for three months prior to application if the person was eligible in those prior months. A redetermination of eligibility must occur every 12 months.

(c) General assistance medical care is not available for a person in a correctional facility unless the person is detained by law for less than one year in a county correctional or detention facility as a person accused or convicted of a crime, or admitted as an inpatient to a hospital on a criminal hold order, and the person is a recipient of general assistance medical care at the time the person is detained by law or admitted on a criminal hold order and as long as the person continues to meet other eligibility requirements of this subdivision.

(d) General assistance medical care is not available for applicants or recipients who do not cooperate with the county agency to meet the requirements of medical assistance.

(e) In determining the amount of assets of an individual, there shall be included any asset or interest in an asset, including an asset excluded under paragraph (a), that was given away, sold, or disposed of for less than fair market value within the 30 months preceding application for general assistance medical care or during the period of eligibility. Any transfer described in this paragraph shall be presumed to have been for the purpose of establishing eligibility for general assistance medical care, unless the individual furnishes convincing evidence to establish that the transaction was exclusively for another purpose. For purposes of this paragraph, the value of the asset or interest shall be the fair market value at the time it was given away, sold, or disposed of, less the amount of compensation received. For any uncompensated transfer, the number of months of ineligibility, including partial months, shall be calculated by dividing the uncompensated transfer amount by the average monthly per person payment made by the medical assistance program to skilled nursing facilities for the previous calendar year. The individual shall remain ineligible until this fixed period has expired. The period of ineligibility may exceed 30 months, and a reapplication for benefits after 30 months from the date of the transfer shall not result in eligibility unless and until the period of ineligibility has expired. The period of ineligibility begins in the month the transfer was reported to the county agency, or if the transfer was not reported, the month in which the county agency discovered the transfer, whichever comes first. For applicants, the period of ineligibility begins on the date of the first approved application.

(f)(1) Beginning October 1, 1993, an undocumented alien or a nonimmigrant is ineligible for general assistance medical care other than emergency services. For purposes of this subdivision, a nonimmigrant is an individual in one or more of the classes listed in United States Code, title 8, section 1101(a)(15), and an undocumented alien is an individual who resides in the United States without the approval or acquiescence of the Immigration and Naturalization Service.

(2) This subdivision does not apply to a child under age 18, to a Cuban or Haitian entrant as defined in Public Law Number 96-422, section 501(e)(1) or (2)(a), or to an alien who is aged, blind, or disabled as defined in United States Code, title 42, section 1382c(a)(1).

(3) For purposes of paragraph (f), "emergency services" has the meaning given in Code of Federal Regulations, title 42, section 440.255(b)(1).
