## ANNOUNCEMENT BY THE SPEAKER

May 6, 1993

On Wednesday, May 5, 1993, after S. F. No. 1619, the treaty bill, was defeated in the House for the second time, a House member made a parliamentary inquiry. I discussed the inquiry with the Chief Clerk and he advised me that the bill was dead and could not be reconsidered during this session. I made that announcement to the body.

The Chief Clerk and his staff have since researched the question, checking our rules, "Mason's Manual of Legislative Procedure" and House Journal records going back more than 25 years to determine House precedent.

I am now advised that as long as the motion to reconsider prevails it is possible to vote on final passage of this measure again and again. If the motion to reconsider loses, that motion cannot be renewed.

I am, therefore, announcing that a motion to reconsider the vote whereby S. F. No. 1619 was not passed on Wednesday, May 5, 1993, would be in order on Thursday, May 6, 1993, or on Friday, May 7, 1993.

I am sorry for this confusion but you must remember we are plowing new ground here. This situation has never before occurred in my 15 years with the legislature. Also, it is important to understand that I did not rule on a point of order, I merely responded to a parliamentary inquiry.

I hope this clears up any misunderstanding about Wednesday's procedure.

## ADJOURNMENT

Anderson, I., moved that the House adjourn. The motion prevailed, and the Speaker declared the House stands adjourned until 8:30 a.m., Saturday, May 8, 1993.

Sec. 36. [10A.312] [PUBLIC MATCHING SUBSIDY.]

If a candidate's share of the state election campaign fund is equal to or greater than 50 percent of the spending limit for the office sought by the candidate, the candidate may not apply for a subsidy under this section. The board must determine the candidate's anticipated share of the state election campaign fund based on the certification by the commissioner of revenue under section 10A.321. If the subsequent certification by the commissioner of revenue under section 10A.31, subdivision 7, indicates that the candidate's share of the state election campaign fund is less than 50 percent of the spending limit for the office sought, the candidate may apply for the public match subsidy by submitting an affidavit by December 1.

Subd. 3. [PAYMENT DATES.] (a) The board shall make the first payment of the public matching subsidy as soon as the board has obtained from the secretary of state the results of the primary election, but in any event no later than one week after certification by the state canvassing board of the results of the primary. (b) If the filing period for the special election coincides with the filing period for the general election, the candidate must meet the matching requirements of section 10A.323 and the special election subsidy must be distributed in the same manner as money is distributed to legislative candidates in a general election.

(c) If the filing period for the special election does not coincide with the filing period for the general election, the procedures in this paragraph apply. A candidate who wishes to receive this public subsidy must submit a signed agreement under section 10A.322 to the board not later than the day after the candidate files the affidavit of candidacy or nominating petition for the office. ~~To receive a subsidy, The candidate must meet the matching requirements of section 10A.323, except that the dates in that section do not apply to a special election in which the filing period does not coincide with the filing period for the general election. To the extent feasible, The special election subsidy must be distributed in the same manner as money in the party and general accounts is distributed to legislative candidates in a general election.~~

(d) The amount necessary to make the payments required by this subdivision is appropriated from the general fund to the state treasurer.

Sec. 38. Minnesota Statutes 1992, section 10A.322, subdivision 1, is amended to read:

Subdivision 1. [AGREEMENT BY CANDIDATE.] (a) As a condition of receiving a public subsidy ~~from the state elections campaign fund~~, a candidate shall sign and file with the board a written agreement in which the candidate agrees that the candidate will comply with sections 10A.25 and 10A.324.

(b) Before the first day of filing for office, the board shall forward agreement forms to all filing officers. The board shall also provide agreement forms to candidates on request at any time. The candidate may sign an agreement and submit it to the filing officer on the day of filing an affidavit of candidacy or petition to appear on the ballot, in which case the filing officer shall without delay forward signed agreements to the board. Alternatively, the candidate may submit the agreement directly to the board at any time before September 1 preceding the general election. An agreement may not be ~~signed or rescinded~~ filed after that date. An agreement once filed may not be rescinded.

(c) The board shall forward a copy of any agreement signed under this subdivision to the commissioner of revenue.

(d) Notwithstanding any provisions of this section, when a vacancy occurs that will be filled by means of a special election and the filing period does not coincide with the filing period for the general election, a candidate may sign and submit a spending limit agreement at any time before the deadline for submission of a signed agreement under section 10A.315.

Sec. 39. Minnesota Statutes 1992, section 10A.322, subdivision 2, is amended to read:

Subd. 2. [HOW LONG AGREEMENT IS EFFECTIVE.] The agreement, insofar as it relates to the expenditure limits in section 10A.25, as adjusted by section 10A.255, remains effective for candidates until the dissolution of the principal campaign committee of the candidate or ~~the day filings open for the next succeeding election to the office held or sought at the time of the agreement~~ end of the first election cycle completed after the agreement was filed, whichever occurs first.

Sec. 40. Minnesota Statutes 1992, section 10A.323, is amended to read:

10A.323 [MATCHING REQUIREMENTS.]

In addition to the requirements of section 10A.322, to be eligible to receive a public subsidy ~~from the state elections campaign fund~~ under section 10A.31 or 10A.312 a candidate or the candidate's treasurer shall file an affidavit with

the board stating that during that calendar year the candidate has accumulated contributions, ~~including unexpended balances from the year before, equal to 20 percent or more of the minimum amount that the board estimates, on August 15 of the general election year, would be received by the candidate from the state elections campaign fund from persons eligible to vote in this state in the amount indicated for the office sought, counting only the first \$50 received from each contributor:~~

- (1) candidates for governor and lieutenant governor running together, \$35,000;
- (2) candidates for attorney general, \$15,000;
- (3) candidates for secretary of state, state treasurer, and state auditor, separately, \$6,000;
- (4) candidates for the senate, \$3,000; and
- (5) candidates for the house of representatives, \$1,500.

To be eligible to receive a public matching subsidy under section 10A.312, the affidavit must state the total amount of contributions that have been received from persons eligible to vote in this state and the total amount of those contributions received, disregarding the portion of any contribution in excess of \$50.

The candidate or the candidate's treasurer shall submit the affidavit required by this ~~subdivision~~ section to the board in writing by ~~October~~ September 1 of the general election year to receive the payment based on the results of the primary election, by September 15 to receive the payment made October 1, by October 1 to receive the payment made October 15, by November 1 to receive the payment made November 15, and by December 1 to receive the payment made December 15.

Sec. 41. Minnesota Statutes 1992, section 10A.324, subdivision 1, is amended to read:

Subdivision 1. [WHEN RETURN REQUIRED.] A candidate shall return all or a portion of the public subsidy received from the state elections campaign fund or the public matching subsidy received under section 10A.315, under the circumstances in paragraph (a), (b), this section or (e) section 10A.25, subdivision 11.

(a) To the extent that the amount of public subsidy received by the candidate exceeds the expenditure limits for the office held or sought, as provided in section 10A.25 and as adjusted by section 10A.255, the treasurer of the candidate's principal campaign committee shall return the excess to the board.

(b) To the extent that the amount of public subsidy received exceeds the aggregate of: (1) actual expenditures made by the principal campaign committee of the candidate; and (2) approved expenditures made on behalf of the candidate, the treasurer of the candidate's principal campaign committee shall return an amount equal to the difference to the board.

~~(c) Except for an amount equal to 25 percent of the expenditure limits set forth in section 10A.25, but not exceeding \$15,000, any amount by which the aggregate contributions and approved expenditures agreed to exceed the difference between: (1) the amount which legally may be expended by or for the candidate; and (2) the amount the candidate receives from the state elections campaign fund must be returned to the state treasurer, deposited in the state treasury, and credited to the general fund.~~

Sec. 42. Minnesota Statutes 1992, section 10A.324, subdivision 3, is amended to read:

Subd. 3. [HOW RETURN DETERMINED.] Whether or not a candidate is required under subdivision 1 to return all or a portion of the public subsidy ~~received from the state elections campaign fund~~ must be determined from the report required to be filed with the board by that candidate by January 31 of the year following an election. For purposes of this section, a transfer from ~~one a~~ principal campaign committee to ~~another principal campaign committee or to a~~ political party is considered to be a noncampaign disbursement. The cost of postage that was not used during an election cycle and payments that created credit balances at vendors at the close of an election cycle are not considered expenditures for purposes of determining the amount to be returned. Any amount required to be returned must be submitted in the form of a check or money order and must accompany the report filed with the board. The board shall forward the check or money order to the state treasurer for deposit in the general fund. The amount returned must not exceed the amount of public subsidy received by the candidate ~~from the state elections campaign fund.~~

Sec. 43. Minnesota Statutes 1992, section 10A.324, is amended by adding a subdivision to read:

Subd. 5. [RETURN OF OPPONENT'S PUBLIC SUBSIDY.] If a candidate received an opponent's public subsidy under section 10A.25, subdivision 10, the candidate shall return all or a portion of the opponent's public subsidy if required under subdivision 1. In addition, the candidate shall return all of the opponent's public subsidy to the board if the opponent is not required to file a campaign spending report under section 10A.20 or if the opponent's postelection report due on January 31 indicates that the opponent raised and spent \$1,000 or less during the campaign.

Sec. 44. Minnesota Statutes 1992, section 204B.36, subdivision 4, is amended to read:

Subd. 4. [JUDICIAL CANDIDATES.] The official ballot shall contain the names of all candidates for each judicial office and shall state the number of those candidates for whom a voter may vote. Each seat for an associate justice, associate judge, or judge of the district court must be numbered. The title of each judicial office shall be printed on the official primary and general election ballot as follows:

(b) In the case of the court of appeals:

"Judge (number) - court of appeals (last name of incumbent) seat"; or

(c) In the case of the district court:

"Judge (number) - (number) district court (last name of incumbent) seat"; or

~~(d) In the case of the county court:~~

~~"Judge (number) county court (last name of incumbent) seat."~~

Sec. 45. [211A.12] [CONTRIBUTION LIMITS.]

A candidate may not accept aggregate contributions made or delivered by an individual or committee in excess of \$300 in an election year for the office sought and \$100 in other years; except that a candidate for an office whose territory has a population over 100,000 may not accept aggregate contributions made or delivered by an individual or committee in excess of \$500 in an election year for the office sought and \$100 in other years.

Sec. 46. [211A.13] [PROHIBITED TRANSFERS.]

Sec. 47. Minnesota Statutes 1992, section 211B.12, is amended to read:

211B.12 [LEGAL EXPENDITURES.]

Use of funds money collected for political purposes is prohibited unless the use is reasonably related to the conduct of election campaigns, or is a noncampaign disbursement as defined in section 10A.01, subdivision 10c. The following are permitted expenditures when made for political purposes:

- (1) salaries, wages, and fees;
- (2) communications, mailing, transportation, and travel;
- (3) campaign advertising;

(4) printing;

(5) office and other space and necessary equipment, furnishings, and incidental supplies;

(6) charitable contributions of not more than ~~\$100~~ \$50 to any charity annually; and

In addition, expenditures made for the purpose of providing information to constituents, whether or not related to the conduct of an election, are permitted expenses. Money collected for political purposes and assets of a political committee or political fund may not be converted to personal use.

Subd. 12. [REPORTS REQUIRED.] The total amount of an expenditure or contribution for any one project permitted by subdivisions 9 and 11 that is more than \$200, together with the date, purpose, and the names and addresses of the persons receiving the contribution or expenditures, must be reported to the secretary of state. Subd. 13. [AIDING VIOLATION; PENALTY.] An individual who aids, abets, or advises a violation of this section is guilty of a gross misdemeanor.

Subd. 16. [EMPLOYEE POLITICAL FUND SOLICITATION.] Any solicitation of political contributions by an employee must be in writing, informational and nonpartisan in nature, and not promotional for any particular candidate or group of candidates. The solicitation must consist only of a general request on behalf of an independent political committee (conduit fund) and must state that there is no minimum contribution, that a contribution or lack thereof will in no way impact the employee's employment, that the employee must direct the contribution to candidates of the employee's choice, and that any response by the employee shall remain confidential and shall not be directed to the employee's supervisors or managers. Questions from an employee regarding a solicitation may be answered orally or in writing consistent with the above requirements. Sec. 49. Minnesota Statutes 1992, section 290.06, subdivision 23, is amended to read:

Subd. 23. [REFUND OF CONTRIBUTIONS TO POLITICAL PARTIES AND CANDIDATES.] (a) A taxpayer may claim a refund equal to the amount of the taxpayer's contributions made in the calendar year to candidates and to any political party. The maximum refund for an individual must not exceed \$50 and, for a married couple filing jointly, must not exceed \$100. A refund of a contribution is allowed only if the taxpayer files a form required by the commissioner and attaches to the form a copy of an official refund receipt form issued by the candidate or party and signed by the candidate, the treasurer of the candidate's principal campaign committee, or the party chair, after the

contribution was received. The receipt forms must be numbered, and the data on the receipt that are not public must be made available to the ethical practices board upon its request. A claim must be filed with the commissioner not sooner than January 1 of the calendar year in which the contribution is made and no later than April 15 of the calendar year following the calendar year in which the contribution is made. A taxpayer may file only one claim per calendar year. Amounts paid by the commissioner after June 15 of the calendar year following the calendar year in which the contribution is made must include interest at the rate specified in section 270.76.

(b) No refund is allowed under this subdivision for a contribution to any candidate unless the candidate:

(1) has signed an agreement to limit campaign expenditures as provided in section 10A.322 or 10A.43;

(2) is seeking an office for which voluntary spending limits are specified in section 10A.25 or 10A.43; and

(3) has designated a principal campaign committee.

This subdivision does not limit the campaign expenditure of a candidate who does not sign an agreement but accepts a contribution for which the contributor improperly claims a refund.

(c) For purposes of this subdivision, "political party" means a major political party as defined in section 200.02, subdivision 7, or a minor political party qualifying for inclusion on the income tax or property tax refund form under section 10A.31, subdivision 3a.

(e) The following data collected or maintained by the commissioner under this subdivision are private: the identities of individuals claiming a refund, the identities of candidates to whom those individuals have made contributions, and the amount of each contribution.

(f) The commissioner shall report to the ethical practices board by August 1 of each year a summary showing the total number and aggregate amount of political contribution refunds made on behalf of each candidate and each political party. These data are public.

~~(f)~~ (g) The amount necessary to pay claims for the refund provided in this section is appropriated from the general fund to the commissioner of revenue.

Subd. 4. [INFLATION FREEZE.] The expenditure limits in Minnesota Statutes 1992, section 10A.25, subdivision 2, must not be adjusted for inflation for the 1994 election year. Sec. 3. [176.092] [GUARDIAN; CONSERVATOR.]

Subdivision 1. [WHEN REQUIRED.] An injured employee or a dependent under section 176.111 who is a minor or an incapacitated person as that term is defined in section 525.54, subdivision 2 or 3, shall have a guardian or conservator to represent the interests of the employee or dependent in obtaining compensation according to the provisions of this chapter. This section applies if the employee receives or is eligible for permanent total disability benefits, supplementary benefits, or permanent partial disability benefits or a dependent receives or is eligible for dependency benefits, or if the employee or dependent receives or is offered a lump sum that exceeds five times the statewide average weekly wage.

Subd. 2. [APPOINTMENT.] If an injured employee or dependent under section 176.111 does not have a guardian or conservator and the attorney representing the employee or dependent knows or has reason to believe the employee or dependent is a minor or an incapacitated person, the attorney shall, within 30 days, seek a probate court order appointing a guardian or conservator. If the employer, insurer, or special compensation fund in a matter involving

a claim against the fund knows or has reason to believe the employee or dependent is a minor or is incapacitated, the employer, insurer, or special compensation fund shall notify the attorney representing the employee or dependent. If the employee or dependent has no attorney or the attorney fails to seek appointment of a guardian or conservator within 30 days of being notified under this subdivision, the employer or insurer shall seek the appointment in probate court and the special compensation fund shall notify the commissioner or a compensation judge for referral of the matter under subdivision 3. In the case of a minor who is not represented by an attorney, the commissioner shall refer the matter under subdivision 3.

Subd. 3. [REFERRAL.] When, in a proceeding before them, it appears to the commissioner, compensation judge, or, in cases upon appeal, the workers' compensation court of appeals, that an injured employee or a dependent is a minor or an incapacitated person without a guardian or conservator, the commissioner, compensation judge, or court of appeals shall refer the matter to probate court. The commissioner has no duty to monitor files at the department but must review a file for referral upon receiving a complaint that an injured employee or dependent is a minor or an incapacitated person without a guardian or conservator.

Subd. 4. [GUARDIAN, CONSERVATOR; POWERS, DUTIES.] A guardian or conservator of an injured employee or dependent shall have the powers and duties granted by the probate court including, but not limited to:

(1) representing the interests of the employee or dependent in obtaining compensation according to the provisions of this chapter;

(2) receiving monetary compensation benefits, including the amount of any award, settlement, or judgment; and

(3) acting as a fiduciary in distributing, managing, and investing monetary workers' compensation benefits.

Sec. 4. Minnesota Statutes 1992, section 176.111, subdivision 5, is amended to read:

Subd. 5. [PAYMENTS, TO WHOM MADE.] In death cases compensation payable to dependents is computed on the following basis and shall be paid to the persons entitled thereto or to a guardian or ~~such other person as the commissioner of the department of labor and industry, compensation judge, or workers' compensation court of appeals in cases upon appeal directs for the use and benefit of the person entitled thereto~~ conservator as required under section 176.092."

"Sec. 6. Minnesota Statutes 1992, section 176.521, subdivision 1, is amended to read:

Subdivision 1. [VALIDITY.] An agreement between an employee or an employee's dependent and the employer or insurer to settle any claim, which is not upon appeal before the court of appeals, for compensation under this chapter is valid where it has been executed in writing and signed by the parties and intervenors in the matter, and, where one or more of the parties is not represented by an attorney, the commissioner or a compensation judge has approved the settlement and made an award thereon. If the matter is upon appeal before the court of appeals or district court, the court of appeals or district court is the approving body. An agreement to settle any claim is not valid if a guardian or conservator is required under section 176.092 and an employee or dependent has no guardian or conservator.

Sec. 7. Minnesota Statutes 1992, section 176.521, subdivision 2, is amended to read:

Subd. 2. [APPROVAL.] Settlements shall be approved only if the terms conform with this chapter.

The commissioner, a compensation judge, the court of appeals, and the district court shall exercise discretion in approving or disapproving a proposed settlement.

The parties to the agreement of settlement have the burden of proving that the settlement is reasonable, fair, and in conformity with this chapter. A settlement agreement where both the employee or the employee's dependent and the employer or insurer are represented by an attorney shall be conclusively presumed to be reasonable, fair, and in conformity with this chapter except when the settlement purports to be a full, final, and complete settlement of an

employee's right to medical compensation under this chapter or rehabilitation under section 176.102. A settlement which purports to do so must be approved by the commissioner, a compensation judge, or court of appeals.

The conclusive presumption in this subdivision is not available in cases involving an employee or dependent with a guardian or conservator.

The conclusive presumption in this subdivision applies to a settlement agreement entered into on or after January 15, 1982, whether the injury to which the settlement applies occurred prior to or on or after January 15, 1982.

Sec. 8. [525.6199] [GUARDIANSHIP, CONSERVATORSHIP; WORKERS' COMPENSATION PROCEEDINGS.]

Subdivision 1. [REFERRAL.] When a matter is referred under section 176.092, subdivision 3, the court shall determine whether the employee or dependent is a minor or an incapacitated person, shall appoint a guardian or conservator if the employee or dependent is a minor or an incapacitated person, and shall return the matter to the source of referral.

Subd. 2. [COURT OVERSIGHT.] The court shall oversee the use of monetary benefits paid to a guardian or conservator as provided in this chapter or under rule 145 of the general rules of practice for the district courts. There is a rebuttable presumption that a settlement or award approved by the commissioner of the department of labor and industry or a compensation judge is reasonable and fair to the employee or dependent.

Subd. 3. [COSTS.] Subject to the approval of the court, the insurer or self-insured employer shall pay the costs and a reasonable attorney fee of the employee or dependent associated with the appointment of a guardian or conservator required under section 176.092."

Carruthers moved to amend S. F. No. 694, as follows:

Delete everything after the enacting clause and insert:

"Section 1. [152.0271] [NOTICE TO COMMISSIONER OF PUBLIC SAFETY OF CERTAIN DRUG CONVICTIONS; DRIVER'S LICENSE REVOCATION.]

When a person is convicted of violating a provision of sections 152.021 to 152.027, the sentencing court shall determine whether the person unlawfully sold or possessed the controlled substance while driving a motor vehicle.

If so, the court shall notify the commissioner of public safety of its determination and order the commissioner to revoke the person's driver's license for 90 days or, if the conviction is for a violation of section 152.027, for 30 days. If the person does not have a driver's license or if the person's driver's license is suspended or revoked at the time of the conviction, the commissioner shall delay the issuance or reinstatement of the person's driver's license for 90 days or, if the conviction is for a violation of section 152.027, for 30 days after the person applies for the issuance or reinstatement of the license. Upon receipt of the court's order, the commissioner is authorized to take the licensing action without a hearing.

Sec. 2. Minnesota Statutes 1992, section 168.042, subdivision 2, is amended to read:

Subd. 2. [VIOLATION; ISSUANCE OF IMPOUNDMENT ORDER.] The commissioner shall issue a registration plate impoundment order when:

(1) a person's driver's license or driving privileges are revoked for a third violation, as defined in subdivision 1, paragraph (c), clause (1), within five years or a fourth or subsequent violation, as defined in subdivision 1, paragraph (c), clause (1), within 15 years; ~~or~~

(2) a person's driver's license or driving privileges are revoked for a violation of section 169.121, subdivision 3, paragraph (c), clause (4), within five years of one previous violation or within 15 years of two or more previous violations, as defined in subdivision 1, paragraph (c), clause (1); or

(3) a person is arrested for or charged with a violation described in subdivision 1, paragraph (c), clause (2) or (3).

The order shall require the impoundment of the registration plates of the vehicle involved in the violation and all vehicles owned by, registered, or leased in the name of the violator, including vehicles registered jointly or leased in the name of the violator and another. An impoundment order shall not be issued for the registration plates of a rental vehicle as defined in section 168.041, subdivision 10, or a vehicle registered in another state.

Sec. 3. Minnesota Statutes 1992, section 169.121, is amended by adding a subdivision to read:

Subd. 1c. [CONDITIONAL RELEASE.] A person charged with violating subdivision 1 within 15 years of the first of three prior impaired driving convictions or within the person's lifetime after four or more prior impaired driving convictions may be released from detention only upon the following conditions unless maximum bail is imposed:

(1) the impoundment of the registration plates of the vehicle used to commit the violation occurred, unless already impounded;

(2) a requirement that the alleged violator report weekly to a probation agent;

(3) a requirement that the alleged violator submit to random, weekly alcohol breath tests and urine analysis; and

(4) a requirement that, if convicted, the alleged violator reimburse the court or county for the total cost of these services.

Sec. 4. Minnesota Statutes 1992, section 169.121, subdivision 2, is amended to read:

Subd. 2. [EVIDENCE.] Upon the trial of any prosecution arising out of acts alleged to have been committed by any person arrested for driving, operating, or being in physical control of a motor vehicle in violation of subdivision 1, the court may admit evidence of the amount of alcohol or a controlled substance in the person's blood, breath, or urine as shown by an analysis of those items.

For the purposes of this subdivision,

~~(a) evidence that there was at the time an alcohol concentration of 0.05 or less is prima facie evidence that the person was not under the influence of alcohol;~~

~~(b) evidence that there was at the time an alcohol concentration of more than 0.05~~ 0.04 or more and less than 0.10 is relevant evidence in indicating whether or not the person was under the influence of alcohol.

Evidence of the refusal to take a test is admissible into evidence in a prosecution under this section or an ordinance in conformity with it.

If proven by a preponderance of the evidence, it shall be an affirmative defense to a violation of subdivision 1, clause (e), that the defendant consumed a sufficient quantity of alcohol after the time of actual driving, operating, or physical control of a motor vehicle and before the administration of the evidentiary test to cause the defendant's alcohol concentration to exceed 0.10. Provided, that this evidence may not be admitted unless notice is given to the prosecution prior to the omnibus or pretrial hearing in the matter.

The foregoing provisions do not limit the introduction of any other competent evidence bearing upon the question whether or not the person violated this section, including tests obtained more than two hours after the alleged violation and results obtained from partial tests on an infrared breath-testing instrument. A result from a partial test is the measurement obtained by analyzing one adequate breath sample, as defined in section 169.123, subdivision 2b, paragraph (b).

Sec. 5. Minnesota Statutes 1992, section 169.121, subdivision 3, is amended to read:

Subd. 3. [CRIMINAL PENALTIES.] (a) As used in this subdivision:

(e) Notwithstanding section 609.04, a prosecution for or conviction of a crime under this section is not a bar to conviction of or punishment for any other crime committed by the defendant as part of the same conduct. The court may impose consecutive sentences for multiple crimes committed by the defendant as part of the same conduct.

When an attorney responsible for prosecuting gross misdemeanors under this section requests criminal history information relating to prior impaired driving convictions from a court, the court must furnish the information without charge.

Sec. 6. Minnesota Statutes 1992, section 169.121, subdivision 3a, is amended to read:

Subd. 3a. [HABITUAL OFFENDER PENALTIES.] (a) If a person has been convicted under this section, section 169.129, an ordinance in conformity with either of them, or a statute or ordinance from another state in conformity with either of them, and if the person is then convicted of ~~a gross misdemeanor violation of~~ violating this section, a ~~violation of~~ section 169.129, or an ordinance in conformity with either of them (1) once within five years after the first conviction or (2) two or more times within ten years after the first conviction, the person must be sentenced to a minimum of 30 days imprisonment or to eight hours of community work service for each day less than 30 days that the person is ordered to serve in jail. Provided, that if a person is convicted of violating this section, section 169.129, or an ordinance in conformity with either of them two or more times within five years after the first conviction, or within five years after the first of two or more license revocations, as defined in subdivision 3, paragraph (a), clause (2), the person must be sentenced to a minimum of ~~30~~ 45 days imprisonment and the sentence may not be waived under paragraph (b) or (c). Notwithstanding section 609.135, the above sentence must be executed, unless the court departs from the mandatory minimum sentence under paragraph (b) or (c).

(b) Prior to sentencing the prosecutor may file a motion to have the defendant sentenced without regard to the mandatory minimum sentence established by this subdivision. The motion must be accompanied by a statement on the record of the reasons for it. When presented with the prosecutor's motion and if it finds that substantial mitigating factors exist, the court shall sentence the defendant without regard to the mandatory minimum term of imprisonment established by this subdivision.

(c) The court may, on its own motion, sentence the defendant without regard to the mandatory minimum term of imprisonment established by this subdivision if it finds that substantial mitigating factors exist and if its sentencing departure is accompanied by a statement on the record of the reasons for it.

(d) The court may sentence the defendant without regard to the mandatory minimum term of imprisonment established by this subdivision if the defendant is sentenced to probation and ordered to participate in a program established under section 169.1265.

(e) When any portion of the sentence required by this subdivision is not executed, the court should impose a sentence that is proportional to the extent of the offender's prior criminal and moving traffic violation record.

Sec. 7. Minnesota Statutes 1992, section 169.121, subdivision 4, is amended to read:

Subd. 4. [ADMINISTRATIVE PENALTIES.] (a) The commissioner of public safety shall revoke the driver's license of a person convicted of violating this section or an ordinance in conformity with it as follows:

(2) first offense under subdivision 1a: not less than 90 days;

(3) second offense in less than five years, or third or subsequent offense on the record: (i) if the current conviction is for a violation of subdivision 1, not less than 180 days and until the court has certified that treatment or rehabilitation has been successfully completed where prescribed in accordance with section 169.126; or (ii) if the current conviction is for a violation of subdivision 1a, not less than one year and until the court has certified that treatment or rehabilitation has been successfully completed where prescribed in accordance with section 169.126;

(4) third offense in less than five years: not less than one year, together with denial under section 171.04, subdivision 1, clause (8), until rehabilitation is established in accordance with standards established by the commissioner;

(5) fourth or subsequent offense on the record: not less than two years, together with denial under section 171.04, subdivision 1, clause (8), until rehabilitation is established in accordance with standards established by the commissioner.

(b) If the person convicted of violating this section is under the age of ~~18~~ 21 years, the commissioner of public safety shall revoke the offender's driver's license or operating privileges ~~until the offender reaches the age of 18 years or~~ for a period of six months or for the appropriate period of time under paragraph (a), clauses (1) to (5), for the offense committed, whichever is the greatest period.

(c) For purposes of this subdivision, a juvenile adjudication under this section, section 169.129, an ordinance in conformity with either of them, or a statute or ordinance from another state in conformity with either of them is an offense.

Sec. 8. Minnesota Statutes 1992, section 169.121, subdivision 6, is amended to read:

Subd. 6. [PRELIMINARY SCREENING TEST.] When a peace officer has reason to believe from the manner in which a person is driving, operating, controlling, or acting upon departure from a motor vehicle, or has driven, operated, or controlled a motor vehicle, that the driver may be violating or has violated subdivision 1 or section 169.1211, the officer may require the driver to provide a sample of the driver's breath for a preliminary screening test using a device approved by the commissioner of public safety for this purpose. The results of this preliminary screening test shall be used for the purpose of deciding whether an arrest should be made and whether to require the tests authorized in section 169.123, but shall not be used in any court action except (1) to prove that a test was properly required of a person pursuant to section 169.123, subdivision 2; ~~or~~ (2) in a civil action arising out of the operation or use of the motor vehicle; (3) in an action for license reinstatement under section 171.19; or (4) in a prosecution or juvenile court proceeding concerning a violation of section 340A.503, subdivision 1, paragraph (a), clause (2). Following the screening test additional tests may be required of the driver pursuant to the provisions of section 169.123.

The driver who refuses to furnish a sample of the driver's breath is subject to the provisions of section 169.123 unless, in compliance with section 169.123, the driver submits to a blood, breath or urine test to determine the presence of alcohol or a controlled substance.

- (2) keep the vehicle for official use.

(b) The proceeds from the sale of forfeited vehicles, after payment of seizure, storage, forfeiture, and sale expenses, and satisfaction of valid liens against the property, must be forwarded to the treasury of the political subdivision that employs the appropriate agency responsible for the forfeiture for use in DWI-related enforcement, training and education. If the appropriate agency is an agency of state government, the net proceeds must be forwarded to the state treasury and credited to the general fund agency for use in DWI-related enforcement, training, and education.

Sec. 11. Minnesota Statutes 1992, section 169.123, subdivision 2, is amended to read:

Subd. 2. [IMPLIED CONSENT; CONDITIONS; ELECTION OF TEST.] (a) Any person who drives, operates, or is in physical control of a motor vehicle within this state or upon the ice of any boundary water of this state consents, subject to the provisions of this section and ~~section sections~~ sections 169.121 and 169.1211, to a chemical test of that person's blood, breath, or urine for the purpose of determining the presence of alcohol or a controlled substance. The test shall be administered at the direction of a peace officer. The test may be required of a person when an officer has probable cause to believe the person was driving, operating, or in physical control of a motor vehicle in violation of section 169.121 and one of the following conditions exist:

- (1) the person has been lawfully placed under arrest for violation of section 169.121, or an ordinance in conformity with it;
- (2) the person has been involved in a motor vehicle accident or collision resulting in property damage, personal injury, or death;
- (3) the person has refused to take the screening test provided for by section 169.121, subdivision 6; or
- (4) the screening test was administered and indicated an alcohol concentration of 0.10 or more.

The test may also be required of a person when an officer has probable cause to believe the person was driving, operating, or in physical control of a commercial motor vehicle with the presence of any alcohol.

(b) At the time a test is requested, the person shall be informed:

- (1) that Minnesota law requires the person to take a test to determine if the person is under the influence of alcohol or a controlled substance or, if the motor vehicle was a commercial motor vehicle, that Minnesota law requires the person to take a test to determine the presence of alcohol;

(2) that refusal to take a test is a crime;

(3) if the peace officer has probable cause to believe the person has violated the criminal vehicular homicide and injury laws, that a test will be taken with or without the person's consent; and

(4) that the person has the right to consult with an attorney, but that this right is limited to the extent that it cannot unreasonably delay administration of the test.

(c) The peace officer who requires a test pursuant to this subdivision may direct whether the test shall be of blood, breath, or urine. Action may be taken against a person who refuses to take a blood test only if an alternative test was offered and action may be taken against a person who refuses to take a urine test only if an alternative test was offered.

Sec. 12. Minnesota Statutes 1992, section 169.123, subdivision 4, is amended to read:

Subd. 4. [REFUSAL; REVOCATION OF LICENSE.] If a person refuses to permit a test, none shall be given, but the peace officer shall report the refusal to the commissioner of public safety and the authority having responsibility for prosecution of misdemeanor offenses for the jurisdiction in which the acts occurred. However, if a peace officer has probable cause to believe that the person has violated section 609.21, a test may be required and obtained despite the person's refusal. A refusal to submit to an alcohol concentration test does not constitute a violation of section 609.50, unless the refusal was accompanied by force or violence or the threat of force or violence. If a person submits to a test and the test results indicate an alcohol concentration of 0.10 or more, or if a person was driving, operating, or in physical control of a commercial motor vehicle and the test results indicate an alcohol concentration of 0.04 or more, the results of the test shall be reported to the commissioner of public safety and to the authority having responsibility for prosecution of misdemeanor offenses for the jurisdiction in which the acts occurred.

Upon certification by the peace officer that there existed probable cause to believe the person had been driving, operating, or in physical control of a motor vehicle while under the influence of alcohol or a controlled substance and that the person refused to submit to a test, the commissioner of public safety shall revoke the person's license or permit to drive, or nonresident operating privilege, for a period of one year even if a test was obtained pursuant to this section after the person refused to submit to testing. Upon certification by the peace officer that there existed probable cause to believe the person had been driving, operating, or in physical control of a commercial motor vehicle with the presence of any alcohol and that the person refused to submit to a test, the commissioner shall disqualify the person from operating a commercial motor vehicle for a period of one year under section 171.165 and shall revoke the person's license or permit to drive or nonresident operating privilege for a period of one year. ~~If the person refusing to submit to testing is under the age of 18 years, the commissioner shall revoke the person's license or permit to drive, or nonresident operating privilege, for a period of one year or until the person reaches the age of 18 years, whichever is greater.~~ Upon certification by the peace officer that there existed probable cause to believe the person had been driving, operating or in physical control of a motor vehicle while under the influence of alcohol or a controlled substance and that the person submitted to a test and the test results indicate an alcohol concentration of 0.10 or more, the commissioner of public safety shall revoke the person's license or permit to drive, or nonresident operating privilege, for: (1) a period of 90 days; or (2) if the person is under the age of 18 21 years, for a period of six months ~~or until the person reaches the age of 18 years, whichever is greater~~; or (3) if the person's driver's license or driving privileges have been revoked within the past five years under this section or section 169.121, for a period of 180 days. On certification by the peace officer that there existed probable cause to believe the person had been driving, operating, or in physical control of a commercial motor vehicle with any presence of alcohol and that the person submitted to a test and the test results indicated an alcohol concentration of 0.04 or more, the commissioner of public safety shall disqualify the person from operating a commercial motor vehicle under section 171.165.

If the person is a resident without a license or permit to operate a motor vehicle in this state, the commissioner of public safety shall deny to the person the issuance of a license or permit for the same period after the date of the alleged violation as provided herein for revocation, subject to review as hereinafter provided.

Sec. 13. Minnesota Statutes 1992, section 169.129, is amended to read:

169.129 [AGGRAVATED VIOLATIONS; PENALTY.]

Any person is guilty of a gross misdemeanor who drives, operates, or is in physical control of a motor vehicle, the operation of which requires a driver's license, within this state or upon the ice of any boundary water of this state in violation of section 169.121 or an ordinance in conformity with it before the person's driver's license or driver's

privilege has been reinstated following its cancellation, suspension, revocation, or denial under any of the following: section 169.121, 169.1211, or 169.123; section 171.04, 171.14, 171.16, 171.17, or 171.18 because of an alcohol-related incident; section 609.21, subdivision 1, clauses (2) to (4); 609.21, subdivision 2, clauses (2) to (4); 609.21, subdivision 2a, clauses (2) to (4); 609.21, subdivision 3, clauses (2) to (4); or 609.21, subdivision 4, clauses (2) to (4).

Notwithstanding section 609.04, a prosecution for or conviction of a crime under this section is not a bar to conviction of or punishment for any other crime committed by the defendant as part of the same conduct. The court may impose consecutive sentences for multiple crimes committed by the defendant as part of the same conduct.

Sec. 14. Minnesota Statutes 1992, section 169.797, subdivision 4, is amended to read:

Subd. 4. [PENALTY.] (a) A person who violates this section is guilty of a misdemeanor. A person is guilty of a gross misdemeanor who violates this section within ten years of the first of two prior convictions under this section, section 169.791, or a statute or ordinance in conformity with one of those sections. The operator of a vehicle who violates subdivision 3 and who causes or contributes to causing a vehicle accident that results in the death of any person or in substantial bodily harm to any person, as defined in section 609.02, subdivision 7a, is guilty of a gross misdemeanor. The same prosecuting authority who is responsible for prosecuting misdemeanor violations of this section is responsible for prosecuting gross misdemeanor violations of this section. In addition to any sentence of imprisonment that the court may impose on a person convicted of violating this section, the court shall impose a fine of not less than \$200 nor more than the maximum amount authorized by law. The court may allow community service in lieu of any fine imposed if the defendant is indigent.

(b) In addition to the criminal penalty, the driver's license of an operator convicted under this section shall be revoked for not more than 12 months. If the operator is also an owner of the vehicle, the registration of the vehicle shall also be revoked for not more than 12 months. Before reinstatement of a driver's license or registration, the operator shall file with the commissioner of public safety the written certificate of an insurance carrier authorized to do business in this state stating that security has been provided by the operator as required by section 65B.48.

(c) The commissioner shall include a notice of the penalties contained in this section on all forms for registration of vehicles required to maintain a plan of reparation security.

(d) Notwithstanding section 609.04, a prosecution for or conviction of a crime under this section is not a bar to conviction of or punishment for any other crime committed by the defendant as part of the same conduct. The court may impose consecutive sentences for multiple crimes committed by the defendant as part of the same conduct.

Sec. 15. Minnesota Statutes 1992, section 171.13, subdivision 1b, is amended to read:

Subd. 1b. [DRIVER'S MANUAL; ALCOHOL CONSUMPTION.] The commissioner shall include in each edition of the driver's manual published by the department a chapter relating to the effect of alcohol consumption on highway safety and on the ability of drivers to safely operate motor vehicles and a summary of the laws of Minnesota on operating a motor vehicle while under the influence of alcohol or a controlled substance. This chapter shall also include information on the dangers of driving at alcohol concentration levels below the per se level as defined in section 169.01, and specifically state that:

(1) there is no "safe" level or amount of alcohol that an individual can assume will not impair one's driving performance and increase the risk of a crash;

(2) a driver may be convicted of driving while impaired irrespective of whether or not the driver's alcohol concentration exceeds the legal limit for alcohol concentration; and

(3) a person under the legal drinking age may be convicted of illegally consuming alcohol if found to have consumed any amount of alcohol.

Sec. 16. [171.172] [DRIVER'S LICENSE REVOCATION; PERSONS CONVICTED OF OR ADJUDICATED FOR CERTAIN CONTROLLED SUBSTANCE OFFENSES.]

The commissioner of public safety shall revoke the driver's license of any person convicted of or any juvenile adjudicated for a controlled substance offense if the court has notified the commissioner of a determination made under section 152.0271 or 260.185, subdivision 1. The period of revocation shall be for the applicable time period specified in section 152.0271. If the person does not have a driver's license or if the person's driver's license is

suspended or revoked at the time of the conviction or adjudication, the commissioner shall, upon the person's application for driver's license issuance or reinstatement, delay the issuance or reinstatement of the person's driver's license for the applicable time period specified in section 152.0271.

Sec. 17. [171.173] [DRIVER'S LICENSE SUSPENSION; PERSONS CONVICTED OF OR ADJUDICATED FOR CERTAIN UNDERAGE DRINKING OFFENSES.]

The commissioner of public safety shall suspend the driver's license of any person convicted of or any juvenile adjudicated for an offense under section 340A.503, subdivision 1, paragraph (a), clause (2), if the court has notified the commissioner of a determination made under section 340A.503, subdivision 1, paragraph (c). The period of suspension shall be for the applicable period specified in that paragraph. If the person does not have a driver's license or if the person's driver's license is suspended or revoked at the time of the conviction or adjudication, the commissioner shall, upon the person's application for driver's license issuance or reinstatement, delay the issuance or reinstatement of the person's driver's license for the applicable time period specified in section 340A.503, subdivision 1, paragraph (c). Upon receipt of the court's order, the commissioner is authorized to take the licensing action without a hearing.

Sec. 18. Minnesota Statutes 1992, section 171.24, is amended to read:

171.24 [VIOLATIONS; DRIVING WITHOUT VALID LICENSE.]

(a) Except as otherwise provided in paragraph (c), any person whose driver's license or driving privilege has been canceled, suspended, or revoked and who has been given notice of, or reasonably should know of the revocation, suspension, or cancellation, and who disobeys such order by operating anywhere in this state any motor vehicle, the operation of which requires a driver's license, while such license or privilege is canceled, suspended, or revoked is guilty of a misdemeanor.

(b) Any person who has been disqualified from holding a commercial driver's license or been denied the privilege to operate a commercial motor vehicle, who has been given notice of or reasonably should know of the disqualification, and who disobeys the order by operating in this state a commercial motor vehicle while the person is disqualified to hold the license or privilege, is guilty of a misdemeanor.

(c) A person is guilty of a gross misdemeanor if:

(1) the person's driver's license or driving privileges has been canceled under section 171.04, subdivision 1, clause (8), and the person has been given notice of or reasonably should know of the cancellation; and

(2) the person disobeys the order by operating in this state any motor vehicle, the operation of which requires a driver's license, while the person's license or privilege is canceled.

(d) Notwithstanding section 609.04, a prosecution for or conviction of a crime under this section is not a bar to conviction of or punishment for any other crime committed by the defendant as part of the same conduct. The court may impose consecutive sentences for multiple crimes committed by the defendant as part of the same conduct.

Notice of revocation, suspension, cancellation, or disqualification is sufficient if personally served, or if mailed by first class mail to the person's last known address or to the address listed on the person's driver's license. Notice is also sufficient if the person was informed that revocation, suspension, cancellation, or disqualification would be imposed upon a condition occurring or failing to occur, and where the condition has in fact occurred or failed to occur. It is not a defense that a person failed to file a change of address with the post office, or failed to notify the department of public safety of a change of name or address as required under section 171.11.

Sec. 19. Minnesota Statutes 1992, section 171.30, subdivision 1, is amended to read:

Subdivision 1. [CONDITIONS OF ISSUANCE.] In any case where a person's license has been suspended under section 171.18 or 171.173, or revoked under section 169.121, 169.123, 169.792, 169.797, or 171.17, or 171.172, the commissioner may issue a limited license to the driver including under the following conditions:

(1) if the driver's livelihood or attendance at a chemical dependency treatment or counseling program depends upon the use of the driver's license;

(2) if the use of a driver's license by a homemaker is necessary to prevent the substantial disruption of the education, medical, or nutritional needs of the family of the homemaker; or

(3) if attendance at a post-secondary institution of education by an enrolled student of that institution depends upon the use of the driver's license.

The commissioner in issuing a limited license may impose such conditions and limitations as in the commissioner's judgment are necessary to the interests of the public safety and welfare including reexamination as to the driver's qualifications. The license may be limited to the operation of particular vehicles, to particular classes and times of operation and to particular conditions of traffic. The commissioner may require that an applicant for a limited license affirmatively demonstrate that use of public transportation or carpooling as an alternative to a limited license would be a significant hardship.

For purposes of this subdivision, "homemaker" refers to the person primarily performing the domestic tasks in a household of residents consisting of at least the person and the person's dependent child or other dependents.

The limited license issued by the commissioner shall clearly indicate the limitations imposed and the driver operating under the limited license shall have the license in possession at all times when operating as a driver.

In determining whether to issue a limited license, the commissioner shall consider the number and the seriousness of prior convictions and the entire driving record of the driver and shall consider the number of miles driven by the driver annually.

If the person's driver's license or permit to drive has been revoked under section 169.792 or 169.797, the commissioner may only issue a limited license to the person after the person has presented an insurance identification card, policy, or written statement indicating that the driver or owner has insurance coverage satisfactory to the commissioner of public safety. The commissioner of public safety may require the insurance identification card provided to satisfy this subdivision be certified by the insurance company to be noncancelable for a period not to exceed 12 months.

Sec. 20. Minnesota Statutes 1992, section 260.185, subdivision 1, is amended to read:

Subdivision 1. If the court finds that the child is delinquent, it shall enter an order making any of the following dispositions of the case which are deemed necessary to the rehabilitation of the child:

- (a) Counsel the child or the parents, guardian, or custodian;
- (b) Place the child under the supervision of a probation officer or other suitable person in the child's own home under conditions prescribed by the court including reasonable rules for the child's conduct and the conduct of the child's parents, guardian, or custodian, designed for the physical, mental, and moral well-being and behavior of the child, or with the consent of the commissioner of corrections, in a group foster care facility which is under the management and supervision of said commissioner;
- (c) Subject to the supervision of the court, transfer legal custody of the child to one of the following:
  - (1) a child placing agency; or
  - (2) the county welfare board; or
  - (3) a reputable individual of good moral character. No person may receive custody of two or more unrelated children unless licensed as a residential facility pursuant to sections 245A.01 to 245A.16; or
  - (4) a county home school, if the county maintains a home school or enters into an agreement with a county home school; or
  - (5) a county probation officer for placement in a group foster home established under the direction of the juvenile court and licensed pursuant to section 241.021;
- (d) Transfer legal custody by commitment to the commissioner of corrections;

(e) If the child is found to have violated a state or local law or ordinance which has resulted in damage to the person or property of another, the court may order the child to make reasonable restitution for such damage;

(f) Require the child to pay a fine of up to \$700; the court shall order payment of the fine in accordance with a time payment schedule which shall not impose an undue financial hardship on the child;

(g) If the child is in need of special treatment and care for reasons of physical or mental health, the court may order the child's parent, guardian, or custodian to provide it. If the parent, guardian, or custodian fails to provide this treatment or care, the court may order it provided;

(h) If the court believes that it is in the best interests of the child and of public safety that the driver's license of the child be canceled until the child's 18th birthday, the court may recommend to the commissioner of public safety the cancellation of the child's license for any period up to the child's 18th birthday, and the commissioner is hereby authorized to cancel such license without a hearing. At any time before the termination of the period of cancellation, the court may, for good cause, recommend to the commissioner of public safety that the child be authorized to apply for a new license, and the commissioner may so authorize.

If the child is petitioned and found by the court to have committed a controlled substance offense under sections 152.021 to 152.027, the court shall determine whether the child unlawfully possessed or sold the controlled substance while driving a motor vehicle. If so, the court shall notify the commissioner of public safety of its determination and order the commissioner to revoke the child's driver's license for the applicable time period specified in section 152.0271. If the child does not have a driver's license or if the child's driver's license is suspended or revoked at the time of the delinquency finding, the commissioner shall, upon the child's application for driver's license issuance or reinstatement, delay the issuance or reinstatement of the child's driver's license for the applicable time period specified in section 152.0271. Upon receipt of the court's order, the commissioner is authorized to take the licensing action without a hearing.

If the child is petitioned and found by the court to have committed or attempted to commit an act in violation of section 609.342; 609.343; 609.344; 609.345; 609.3451; 609.746, subdivision 1; 609.79; or 617.23, or another offense arising out of a delinquency petition based on one or more of those sections, the court shall order an independent professional assessment of the child's need for sex offender treatment. An assessor providing an assessment for the court may not have any direct or shared financial interest or referral relationship resulting in shared financial gain with a treatment provider. If the assessment indicates that the child is in need of and amenable to sex offender treatment, the court shall include in its disposition order a requirement that the child undergo treatment. Notwithstanding section 13.42, 13.85, 144.335, 260.161, or 626.556, the assessor has access to the following private or confidential data on the child if access is relevant and necessary for the assessment:

- (1) medical data under section 13.42;
- (2) corrections and detention data under section 13.85;
- (3) health records under section 144.335;
- (4) juvenile court records under section 260.161; and
- (5) local welfare agency records under section 626.556.

Data disclosed under this paragraph may be used only for purposes of the assessment and may not be further disclosed to any other person, except as authorized by law.

If the child is found delinquent due to the commission of an offense that would be a felony if committed by an adult, the court shall make a specific finding on the record regarding the juvenile's mental health and chemical dependency treatment needs.

Any order for a disposition authorized under this section shall contain written findings of fact to support the disposition ordered, and shall also set forth in writing the following information:

- (a) why the best interests of the child are served by the disposition ordered; and
- (b) what alternative dispositions were considered by the court and why such dispositions were not appropriate in the instant case.

Sec. 21. Minnesota Statutes 1992, section 340A.503, subdivision 1, is amended to read:

Subdivision 1. [CONSUMPTION.] (a) It is unlawful for any:

(1) retail intoxicating liquor or nonintoxicating liquor licensee, municipal liquor store, or bottle club permit holder under section 340A.414, to permit any person under the age of 21 years to consume alcoholic beverages on the licensed premises or within the municipal liquor store; or

(2) person under the age of 21 years to consume any alcoholic beverages. As used in this clause, "consume" includes the ingestion of an alcoholic beverage and the physical condition of having ingested an alcoholic beverage. If proven by a preponderance of the evidence, it is an affirmative defense to a violation of this clause that the defendant consumed the alcoholic beverage in the household of the defendant's parent or guardian and with the consent of the parent or guardian.

(b) An offense under paragraph (a), clause (2), may be prosecuted either at the place where consumption occurs or the place where evidence of consumption is observed.

(c) When a person is convicted of or adjudicated for an offense under paragraph (a), clause (2), the court shall determine whether the person committed the offense while operating a motor vehicle. If so, the court shall notify the commissioner of public safety of its determination. Upon receipt of the court's determination, the commissioner shall suspend the person's driver's license or operating privileges for 30 days, or for 180 days if the person has previously been convicted of or adjudicated for an offense under paragraph (a), clause (2).

Sec. 22. Minnesota Statutes 1992, section 340A.802, subdivision 2, is amended to read:

Subd. 2. [LIMITATIONS; CONTENT.] In the case of a claim for damages, the notice must be served by the claimant's attorney within ~~120~~ 240 days of the date of entering an attorney-client relationship with the person in regard to the claim. In the case of claims for contribution or indemnity, the notice must be served within 120 days after the injury occurs or within 60 days after receiving written notice of a claim for contribution or indemnity, whichever is applicable. No action for damage or for contribution or indemnity may be maintained unless the notice has been given. If requested to do so, a municipality or licensee receiving a notice shall promptly furnish claimant's attorney the names and addresses of other municipalities or licensees who sold or bartered liquor to the person identified in the notice, if known. Actual notice of sufficient facts reasonably to put the licensee or governing body of the municipality on notice of a possible claim complies with the notice requirement.

No action may be maintained under section 340A.801 unless commenced within two years after the injury.

Sec. 23. Minnesota Statutes 1992, section 609.035, is amended to read:

609.035 [CRIME PUNISHABLE UNDER DIFFERENT PROVISIONS.]

All the offenses, if prosecuted, shall be included in one prosecution which shall be stated in separate counts.

Sec. 24. [EFFECTIVE DATE.]

Sections 1 to 20, and 23 are effective August 1, 1993, and apply to crimes committed on or after that date. Upon request of any person who disagrees with a determination regarding data practices made by a state agency, statewide system, or political subdivision, the commissioner may give a written opinion regarding the person's rights as a subject of government data or right to have access to government data. If the commissioner determines that no opinion will be issued, the commissioner shall give the state agency, statewide system, political subdivision, or person requesting the opinion notice of the decision not to issue the opinion within five days of receipt of the request. If this notice is not given, the commissioner shall issue an opinion within 20 days of receipt of the request. The state agency, statewide system, or political subdivision must be provided a reasonable opportunity to explain the reasons for its decision regarding the data. The commissioner or the state agency, statewide system, or political subdivision may choose to give notice to the subject of the data concerning the dispute regarding the data.

(b) This section does not apply to a question involving the exercise of a discretionary power specifically granted by statute to a responsible authority to withhold or grant access to government data in a manner different than the data's general statutory classification.

(c) A written opinion issued by the attorney general shall take precedence over an opinion issued by the commissioner under this section.

Subd. 2. [EFFECT.] Opinions issued by the commissioner under this section are not binding on the state agency, statewide system, or political subdivision whose data is the subject of the opinion, but must be given deference by a court in a proceeding involving the data. The commissioner shall arrange for public dissemination of opinions issued under this section. This section does not preclude a person from bringing any other action under this chapter or other law in addition to or instead of requesting a written opinion. A state agency, statewide system, political subdivision, or person that acts in conformity with a written opinion of the commissioner is not liable for compensatory or exemplary damages or awards of attorneys fees in actions under section 13.08 or for a penalty under section 13.09.

Subd. 3. [DUTIES OF THE COMMISSIONER OF FINANCE.] The commissioner of finance shall classify, monitor, analyze, and report all departmental earnings that fall within the definition established in subdivision 1. Specifically, the commissioner shall:

(1) establish and maintain a classification system that clearly defines and distinguishes categories and types of departmental earnings and takes into account the purpose of the various earnings types and the extent to which various earnings types serve a public or private interest;

(2) prepare a biennial report that documents collection costs, purposes, and yields of all departmental earnings, the report to be submitted to the legislature on or before November 30 of each even-numbered year and to include estimated data for the year in which the report is prepared, actual data for the two years immediately before, and estimates for the two years immediately following; and

(2) charges are nonrecurring;

(3) charges would produce insignificant revenues;

(4) charges are billed within or between state agencies; or

(5) charges are for admissions to or for use of public facilities operated by the state, if the charges are set according to prevailing market conditions to recover operating costs.

(c) Any departmental earnings changes or adjustments authorized by the commissioner of finance must be reported to the chairs of the senate committee on finance and the house ways and means committee before August 1 of each year.

Subd. 5. [PROCEDURE.] The commissioner of finance shall review and comment on all departmental charges submitted for approval under chapter 14. The cash flow transfers must be returned to the general fund as soon as sufficient cash balances are available in the account to which the transfer was made. Any interest earned on general fund cash flow transfers accrues to the general fund and not to the accounts or funds to which the transfer was made.

Sec. 58. Minnesota Statutes 1992, section 16A.15, subdivision 1, is amended to read:

Subdivision 1. [REDUCTION.] (a) If the commissioner determines that probable receipts for the general fund will be less than anticipated, and that the amount available for the remainder of the biennium will be less than needed, the commissioner shall, with the approval of the governor, and after consulting the legislative advisory commission, reduce the amount in the budget reserve and cash flow reserve account ~~established in subdivision 6~~ as needed to balance expenditures with revenue.

(b) An additional deficit shall, with the approval of the governor, and after consulting the legislative advisory commission, be made up by reducing unexpended allotments of any prior appropriation or transfer. Notwithstanding any other law to the contrary, the commissioner is empowered to defer or suspend prior statutorily created obligations which would prevent effecting such reductions.

(c) If the commissioner determines that probable receipts for any other fund, appropriation, or item will be less than anticipated, and that the amount available for the remainder of the term of the appropriation or for any allotment period will be less than needed, the commissioner shall notify the agency concerned and then reduce the amount allotted or to be allotted so as to prevent a deficit.

(d) In reducing allotments, the commissioner may consider other sources of revenue available to recipients of state appropriations and may apply allotment reductions based on all sources of revenue available.

(e) In like manner, the commissioner shall reduce allotments to an agency by the amount of any saving that can be made over previous spending plans through a reduction in prices or other cause.

Sec. 59. Minnesota Statutes 1992, section 16A.15, subdivision 5, is amended to read:

Sec. 61. Minnesota Statutes 1992, section 16A.152, is amended by adding a subdivision to read:

Subd. 3. [USE.] The use of the budget reserve should be governed by principles based on the full economic cycle rather than the budget cycle. The budget reserve may be used when a negative budgetary balance is projected and when objective measures, such as reduced growth in total wages, retail sales, or employment, reflect downturns in the state's economy.

Sec. 62. Minnesota Statutes 1992, section 16A.152, is amended by adding a subdivision to read:

Subd. 5. [RESTORATION.] The restoration of the budget reserve should be governed by principles based on the full economic cycle rather than the budget cycle. Restoration of the budget reserve should occur when objective measures, such as increased growth in total wages, retail sales, or employment, reflect upturns in the state's economy. The budget reserve should be restored before new or increased spending commitments are made.

Sec. 63. Minnesota Statutes 1992, section 16A.1541, is amended to read:

16A.1541 [ADDITIONAL REVENUES; PRIORITY.]

If on the basis of a forecast of general fund revenues and expenditures the commissioner of finance determines that there will be a positive unrestricted budgetary general fund balance at the close of the biennium, the commissioner of finance must allocate money to the budget reserve and cash flow reserve account until the total amount in the account equals five percent of total general fund appropriations for the current biennium as established by the most recent legislative session. Beginning in November 1990, forecast unrestricted budgetary general fund balances are first appropriated to restore the budget reserve and cash flow reserve account to \$550,000,000 and then to reduce the property tax levy recognition percent under section 121.904, subdivision 4a, to 27 percent before money is allocated to the budget reserve and cash flow reserve account under the preceding sentence.

Subd. 4 6. [CANCELED SEPTEMBER 1.] On September 1 all allotments and encumbrances for the last fiscal year shall be canceled unless an agency head certifies to the commissioner that there is an encumbrance for services rendered or goods ordered in the last fiscal year, or certifies that funding will be carried forward under subdivision 1. The commissioner may: reinstate the part of the cancellation needed to meet the certified encumbrance or charge the certified encumbrance against the current year's appropriation.

Subd. 5 7. [EXCEPTIONS.] Except as otherwise expressly provided by law, subdivisions 1 to 4 6 apply to every appropriation of a stated sum for a specified purpose or purposes heretofore or hereafter made, but do not, unless expressly provided by law, apply to any fund or balance of a fund derived wholly or partly from special taxes, fees, earnings, fines, federal grants, or other sources that are by law appropriated for special purposes by standing, continuing, or revolving appropriations.

The money transferred under this section is appropriated for the purposes for which transferred. For transfers by the state board of technical colleges, the total cost of both projects and the required local share for both projects are adjusted accordingly. The agency proposing a transfer shall report to the chair of the senate finance committee and the chair of the house appropriations of representatives ways and means committee before the transfer is made under this subdivision.

Subd. 2. [RESPONSIBILITIES.] The office has the following duties:

(a) The office must develop and establish a state information architecture to ensure that further state agency development and purchase of information systems equipment and software is directed in such a manner that individual agency information systems complement and do not needlessly duplicate or needlessly conflict with the systems of other agencies. In those instances where state agencies have need for the same or similar computer data, the commissioner shall ensure that the most efficient and cost-effective method of producing and storing data for or sharing data between those agencies is used. The development of this information architecture must include the establishment of standards and guidelines to be followed by state agencies. ~~The commissioner of administration must establish interim standards and guidelines by August 1, 1987. The office must establish permanent standards and guidelines by July 1, 1988.~~ On January 1, 1988, and every six months thereafter, any state agency that has purchased information systems equipment or software in the past six months, or that is contemplating purchasing this equipment or software in the next six months, must report to the office and to the chairs of the house ways and means committee and the senate finance committee on how the purchases or proposed purchases comply with the applicable standards and guidelines.

The commissioner of finance may not allot funds appropriated for major purchases of information systems equipment until the office reviews and approves the proposed purchase. A public institution of higher education must not purchase interconnective computer technology without the prior approval of the office.

(f) The office shall review the operation of information systems by state agencies and provide advice and assistance so that these systems are operated efficiently and continually meet the standards and guidelines established by the office. Section 3.751 does not apply to these licensing and royalty agreements and the agreements must include provisions that section 3.751 does not apply and that the state is immune from liability under the agreement.

If an agency needs additional funds to comply with the requirements of this paragraph, the agency must first obtain approval of the proposal by the office as required by paragraph (c) before submitting it to the legislature.

(g) The office must conduct a comprehensive review at least every three years of the information systems investments that have been made by state agencies and higher education institutions. The review must include recommendations on any information systems applications that could be provided in a more cost beneficial manner by an outside source. (4) retires on or after May 17, 1993, and before January 31, 1994.

Subd. 3. [INCENTIVE.] (a) A person may not choose both the incentive in paragraph (b) and the incentive in paragraph (c). An employer that is required to or chooses to offer the incentive must offer each employee eligible for both incentives a choice between the incentive in paragraph (b) or the incentive in paragraph (c), except that employers whose employees are covered under Minnesota Statutes, sections 353.29 and 353.30, need not offer both incentives.

(b) For a person covered by a retirement plan established in Minnesota Statutes, section 352.115, 352.116, 353.29 or 353.30, or chapter 354 or 422A, who selects the incentive under this paragraph, the multiplier percentage used to calculate the retirement annuity must be increased for each year of service credit up to 30 years. The amount of the increase is: (i) .25 for each year of service credit calculated under Minnesota Statutes, section 352.115, 352.116, 353.29, or 353.30, or chapter 422A; and (ii) .10 for each year of service credit calculated under Minnesota Statutes, chapter 354 or 354A. If a person has more than 30 years of service credit, the increased multiplier applies only to the first 30 years.

(c) For a person who selects the incentive under this paragraph, the employer must pay for hospital, medical, and dental insurance, under conditions and limitations specified in this section. A person is eligible for this employer-paid insurance only if the person:

(1) is eligible for employer-paid insurance under a collective bargaining agreement or personnel plan in effect on the day before the effective date of this section;

(2) has at least as many months of service with the current employer as the number of months younger than age 65 the person is at the time of retirement; and

(3) is less than age 65.

(d) An employer that offers incentives under this section may not exclude eligible employees.

Subd. 4. [LIMITS ON REHIRING.] During the biennium ending June 30, 1995:

(1) an executive branch state agency may not hire a replacement for a person who retires under this subdivision except for (i) correctional guards and persons who provide direct patient care in state institutions; (ii) other positions listed in a position-specific written directive issued by the governor, or by the employing constitutional officer for positions in a constitutional office; or (iii) in the case of the state universities and community colleges, after review by the presidents, the governing boards decide on a case-by-case basis which positions must be replaced to provide for continuity of service on the campuses; and

(2) another public employer may not hire a replacement for a person who retires under this subdivision, except under position-specific action of the governing body.

Subd. 5. [CONDITIONS.] For purposes of this section, a person retires when the person terminates active employment and applies for retirement benefits. An employee who retires under this section using the rule of 90 must not be included in the calculations required by Minnesota Statutes, section 356.85.

Subd. 6. [CONDITIONS; INSURANCE COVERAGE.] A retired employee is eligible for single and dependent insurance coverages and employer payments to which the person was entitled immediately before retirement, subject to any changes in coverage and employer and employee payments through collective bargaining or personnel plans, for employees in positions equivalent to the position from which the employee retired. The retired employee is not eligible for employer-paid life insurance. Eligibility ceases when the retired employee attains the age of 65, or when the person chooses not to receive the retirement benefits for which the person has applied, or when the person is eligible for employer-paid health insurance from a new employer. Coverages must be coordinated with relevant health insurance benefits provided through the federally sponsored Medicare program.

Subd. 7. [APPLICATION OF OTHER LAWS.] Unilateral implementation of this section by a public employer is not an unfair labor practice for purposes of Minnesota Statutes, chapter 179A. The requirement in this section for an employer to pay health insurance costs for certain retired employees is not subject to the limits in Minnesota Statutes, section 179A.20, subdivision 2a.

Sec. 109. [TRANSFER.]

The responsibilities of the commissioner of administration for the office of dispute resolution are transferred under Minnesota Statutes, section 15.039, to the commissioner of mediation services.

Sec. 110. [REPEALER.]

(a) Minnesota Statutes 1992, section 309.502, is repealed.

(b) Minnesota Statutes 1992, sections 16A.095, subdivision 3; 16A.123; 16A.128; 16A.1281; 16A.35; 16A.45, subdivisions 2 and 3; 16A.80; and 290A.24, are repealed.

(c) Minnesota Statutes 1992, section 13.072, is repealed effective August 1, 1995.

## Sec. 111. [REVISOR INSTRUCTION.]

The revisor shall also conform cross-references to the renumbered provisions.

## Sec. 112. [EFFECTIVE DATE.]

(a) Section 34 is effective the day after final enactment and requires an audit for fiscal year 1993.

(b) Section 42 is effective the day following final enactment. Section 42 does not apply if prohibited by contract, but the appointing authority must amend the contract as soon as possible to comply with section 42.

(c) Section 76 is effective retroactively to January 1, 1993.

(d) Sections 86, 87, 88, 89, 90, 108, and 110, paragraph (a), are effective on the day following final enactment.

(e) Section 65 is effective June 30, 1995, and applies to appropriations to the legislature, the senate, the house of representatives, or a legislative commission or committee that are unexpended and unencumbered on June 30, 1995."

Subdivision 1. [GENERAL PROCEDURE.] If the appropriation in this act to an agency in the executive branch is specified by program, the agency may transfer unencumbered balances among the programs specified in that section after getting the approval of the commissioner of finance. The commissioner shall not approve a transfer unless the commissioner believes that it will carry out the intent of the legislature. The transfer must be reported immediately to the committee on finance of the senate and the committee on ways and means of the house of representatives. If the appropriation in this act to an agency in the executive branch is specified by activity, the agency may transfer unencumbered balances among the activities specified in that section using the same procedure as for transfers among programs.

Subd. 2. [CONSTITUTIONAL OFFICERS.] A constitutional officer need not get the approval of the commissioner of finance but must notify the committee on finance of the senate and the committee on ways and means of the house of representatives before making a transfer under subdivision 1.

Subd. 3. [TRANSFER PROHIBITED.] If an amount is specified in this act for an item within an activity, that amount must not be transferred or used for any other purpose.

Subd. 4. [CONCENTRATED RESIDENTIAL AREA.] "Concentrated residential area" means an area of a city that contains the following:

- (1) 50 percent of the residential units in the area are renter occupied;
- (2) not less than half of the residential buildings in the area were built prior to 1970;
- (3) at least 20 percent of the city's population according to the latest decennial federal census lives in the area;
- (4) at least three percent of the city's land area is contained in the area; and
- (5) the median household income for the area is not more than 80 percent of the county median income.

Sec. 30. [CONCENTRATED RESIDENTIAL AREA ACTION PLAN.]

Subdivision 1. [CRITERIA.] For a concentrated residential area a city, with the assistance provided in this section, shall prepare a plan that at a minimum includes the following:

#### Sec. 31. [UNIFORM BUSINESS IDENTIFIER STUDY.]

Subdivision 1. [FINDINGS.] The current registration process requires each business to deal with multiple agencies, provide redundant information to each and, in general, creates an undue administrative burden on Minnesota businesses. Each agency also produces data that is not easily transferred among state agencies, which in turn results in businesses being asked for the same information from a number of different agencies. The establishment of a uniform process would reduce the burden on businesses and promote the sharing of information among the state agencies, thereby eliminating the costs and burdens of duplicative information gathering and storage.

Subd. 2. [STUDY.] The commissioner of jobs and training shall study the feasibility of establishing a uniform business identifier process for all firms doing business with and within the state.

The proposed study shall:

(1) identify and document the various requirements with which businesses currently must comply in order to legally conduct business within the state;

(2) propose and analyze alternatives for a uniform process of business registration, including a single statewide account number, a unified application form, and an integrated data processing system or systems;

(3) detail the operational impact of installing the process or system;

(4) estimate the costs and benefits, both for the state and for Minnesota businesses, of installing the process;

(5) prepare an estimated implementation timetable;

(6) recommend the structure and composition of the project needed for implementation; and

(7) recommend and analyze the information system technology alternatives, if any, that will be needed to implement the recommended process.

The commissioner of the department of jobs and training, or a designee, shall be the chair of the study and shall provide staff to assist in the study effort. Those state offices, departments, and agencies that interact with Minnesota businesses including, but not limited to, department of jobs and training, secretary of state, department of revenue, department of labor and industry, department of commerce, and the information policy office of the department of administration shall cooperate in this study.

336.9-403 [WHAT CONSTITUTES FILING; DURATION OF FILING; EFFECT OF LAPSED FILING; DUTIES OF FILING OFFICER.]

(1) Presentation for filing of a financing statement and tender of the filing fee or acceptance of the statement by the filing officer constitutes filing under this article.

(2) Except as provided in subsection (6) a filed financing statement is effective for a period of five years from the date of filing. The effectiveness of a filed financing statement lapses on the expiration of the five-year period unless a continuation statement is filed prior to the lapse. If a security interest perfected by filing exists at the time insolvency proceedings are commenced by or against the debtor, the security interest remains perfected until termination of the insolvency proceedings and thereafter for a period of 60 days or until expiration of the five-year period, whichever occurs later regardless of whether the financing statement filed as to that security interest is destroyed by the filing officer pursuant to subsection (3). Upon lapse the security interest becomes unperfected, unless it is perfected without filing. If the security interest becomes unperfected upon lapse, it is deemed to have been unperfected as against a person who became a purchaser or lien creditor before lapse.

(3) A continuation statement may be filed by the secured party within six months prior to the expiration of the five-year period specified in subsection (2). Any such continuation statement must be signed by the secured party, set forth the name, social security number or other tax identification number of the debtor, and address of the debtor and secured party as those items appear on the original financing statement or the most recently filed amendment, identify the original statement by file number and filing date, and state that the original statement is still effective. A continuation statement signed by a person other than the secured party of record must be accompanied by a separate written statement of assignment signed by the secured party of record and complying with subsection (2) of section 336.9-405, including payment of the required fee. Upon timely filing of the continuation statement, the effectiveness of the original statement is continued for five years after the last date to which the filing was effective whereupon it lapses in the same manner as provided in subsection (2) unless another continuation statement is filed prior to such lapse. Succeeding continuation statements may be filed in the same manner to continue the effectiveness of the original statement. Unless a statute on disposition of public records provides otherwise, the filing officer may remove a lapsed statement from the files and destroy it immediately if the officer has retained a microfilm or other photographic record, or in other cases after one year after the lapse. The filing officer shall so arrange matters by physical annexation of financing statements to continuation statements or other related filings, or by other means, that if the officer physically destroys the financing statements of a period more than five years past, those which have been continued by a continuation statement or which are still effective under subsection (6) shall be retained. If insolvency proceedings are commenced by or against the debtor, the secured party shall notify the filing officer both upon commencement and termination of the proceedings, and the filing officer shall not destroy any financing statements filed with respect to the debtor until termination of the insolvency proceedings. The security interest remains perfected until termination of the insolvency proceedings and thereafter for a period of 60 days or until expiration of the five-year period, whichever occurs later.

(4) Except as provided in subsection (7) a filing officer shall mark each statement with a file number and with the date and hour of filing and shall hold the statement or a microfilm or other photographic copy thereof for public inspection. In addition the filing officer shall index the statements according to the name of the debtor and shall note in the index the file number, the address of the debtor given in the statement, and the social security number or other tax identification number of the debtor given in the statement.

(5) The secretary of state shall prescribe uniform forms for statements and samples thereof shall be furnished to all filing officers in the state. The uniform fee for filing and indexing and for stamping a copy furnished by the secured party to show the date and place of filing for an original financing statement or for a continuation statement shall be \$7 if the statement is in the standard form prescribed by the secretary of state and otherwise shall be \$10, plus in each case, if the financing statement is subject to subsection (5) of section 336.9-402, \$5. An additional fee of \$7 shall be collected if more than one name is required to be indexed or if the secured party chooses to show a trade name for any debtor listed. The uniform fee collected for the filing of an amendment to a financing statement if the amendment is in the standard form prescribed by the secretary of state and does not add additional debtor names to the financing statement shall be \$7. The fee for an amendment adding additional debtor names shall be \$14 if the amendment is in the form prescribed by the secretary of state and, if otherwise, \$17. The fee for an amendment which is not in the form prescribed by the secretary of state but which does not add additional names shall be \$10.:

(a) for an original financing statement or statement of continuation on a standard form prescribed by the secretary of state, is \$15 for up to two debtor names and \$15 for each additional name thereafter;

(b) for an original financing statement or statement of continuation that is not on a standard form prescribed by the secretary of state, is \$20 for up to two debtor names and \$20 for each additional name thereafter;

(c) for an amendment on a standard form prescribed by the secretary of state that does not add debtor names, is \$15;

(d) for an amendment that is not on a standard form prescribed by the secretary of state and that does not add debtor names, is \$20;

(e) for an amendment on a standard form prescribed by the secretary of state that does add debtor names, is \$15 per debtor name;

(f) for an amendment that is not on a standard form prescribed by the secretary of state that does add debtor names, is \$20 per debtor name; and

(g) for each case in which the filing is subject to subsection (5) of section 336.9-402, \$5 in addition to the fee required above.

In no case will a filing officer accept more than four additional pages per financing statement for filing in the uniform commercial code records.

The secretary of state shall adopt rules for filing, amendment, continuation, termination, removal, and destruction of financing statements.

(6) If the debtor is a transmitting utility (subsection (5) of section 336.9-401) and a filed financing statement so states, it is effective until a termination statement is filed. A real estate mortgage which is effective as a fixture filing under subsection (6) of section 336.9-402 remains effective as a fixture filing until the mortgage is released or satisfied of record or its effectiveness otherwise terminates as to the real estate.

(7) When a financing statement covers timber to be cut or covers minerals or the like (including oil and gas) or accounts subject to subsection (5) of section 336.9-103, or is filed as a fixture filing, it shall be filed for record and the filing officer shall index it under the names of the debtor and any owner of record shown on the financing statement in the same fashion as if they were the mortgagors in a mortgage of the real estate described, and, to the extent that the law of this state provides for indexing of mortgages under the name of the mortgagee, under the name of the secured party as if the secured party were the mortgagee thereunder, or, for filing offices other than the secretary of state, where indexing is by description in the same fashion as if the financing statement were a mortgage of the real estate described. If requested of the filing officer on the financing statement, a financing statement filed for record as a fixture filing in the same office where nonfixture filings are made is effective, without a dual filing, as to collateral listed thereon for which filing is required in such office pursuant to section 336.9-401 (1) (a); in such case, the filing officer shall also index the recorded statement in accordance with subsection (4) using the recording data in lieu of a file number.

(8) The fees provided for in this article shall supersede the fees for similar services otherwise provided for by law except in the case of security interests filed in connection with a certificate of title on a motor vehicle.

Sec. 119. Minnesota Statutes 1992, section 336.9-404, is amended to read:

Subdivision 1. [ESTABLISHMENT; PURPOSE.] ~~There is established~~ The agency may establish the Minnesota rural and urban homesteading program ~~to be administered by the agency for the purpose of making grants or loans to eligible applicants to acquire, rehabilitate, and sell eligible property. ## Sec. 137. [462A.204] [FAMILY HOMELESS PREVENTION AND ASSISTANCE PROGRAM.]

Subdivision 1. [ESTABLISHMENT.] The agency may establish a family homeless prevention and assistance program to assist families who are homeless or are at imminent risk of homelessness. The agency may make grants to develop and implement family homeless prevention and assistance projects under the program. For purposes of this section, "families" means families and persons under the age of 18.

Subd. 2. [SELECTION CRITERIA.] The agency shall award grants to counties with a significant number or significant growth in the number of homeless families and that agree to focus their emergency response systems on homeless prevention and the securing of permanent or transitional housing for homeless families. The agency shall take into consideration the extent to which the proposed project activities demonstrate ways in which existing resources in an area may be more effectively coordinated to meet the program objectives specified under this section in awarding grants.

Subd. 3. [SET ASIDE.] At least one grant must be awarded in an area located outside of the metropolitan area as defined in section 473.121, subdivision 2. A county, a group of contiguous counties jointly acting together, or a community-based nonprofit organization with a sponsoring resolution from each of the county boards of the counties located within its operating jurisdiction may apply for and receive grants for areas located outside the metropolitan area.

Subd. 4. [PROJECT REQUIREMENTS.] Each project must be designed to stabilize families in their existing homes, shorten the amount of time that families stay in emergency shelters, and assist families with securing transitional or permanent affordable housing throughout the grantee's area of operation. Each project must include plans for the following:

- (1) use of existing housing stock, including the maintenance of current housing for those at risk;
- (2) leveraging of private and public money to maximize the project impact;
- (3) coordination and use of existing public and private providers of rental assistance, emergency shelters, transitional housing, and affordable permanent housing;
- (4) targeting of direct financial assistance including assistance for rent, utility payments or other housing costs, and support services, where appropriate, to prevent homelessness and repeated episodes of homelessness;
- (5) efforts to address the needs of specific homeless populations;
- (6) identification of outcomes expected from the use of the grant award; and
- (7) description of how the organization will use other resources to address the needs of homeless individuals.

Subd. 5. [AUTHORIZED USES OF GRANT.] A grant may be used to prevent or decrease the period of homelessness of families and to decrease the time period that families stay in emergency shelters. Grants may not be used to acquire, rehabilitate, or construct emergency shelters or transitional or permanent housing. Grants may not be used to pay more than 24 months of rental assistance for a family.

Subd. 6. [ADVISORY COMMITTEE.] Each grantee shall establish an advisory committee consisting of a homeless advocate, a homeless person or formerly homeless person, a member of the state interagency task force on homelessness, local representatives, if any, of public and private providers of emergency shelter, transitional housing, and permanent affordable housing, and other members of the public not representatives of those specifically described in this sentence. The grantee shall consult on a regular basis with the advisory committee in preparing the project proposal and in the design, implementation, and evaluation of the project. The advisory committee shall assist the grantee as follows:

- (1) designing or refocusing the grantee's emergency response system;
- (2) developing project outcome measurements; and

(3) assessing the short- and long-term effectiveness of the project in meeting the needs of families who are homeless, preventing homelessness, identifying and developing innovative solutions to the problem of homeless families, and identifying problems and barriers to providing services to homeless families.

Subd. 7. [REPORTING REQUIREMENTS.] Each grantee shall submit an annual project report to the state interagency task force on homelessness. The report must include the actual program results compared to program objectives. The state interagency task force shall report on program activities to all state agencies that provide assistance or services to homeless persons.

Sec. 138. [462A.206] [MORTGAGE FORECLOSURE PREVENTION AND EMERGENCY RENTAL ASSISTANCE PROGRAM.]

Subdivision 1. [ESTABLISHMENT.] The agency shall, within the limits of available appropriations, establish a mortgage foreclosure prevention and emergency rental assistance program to provide assistance to low-income and moderate-income persons who are facing the loss of their housing due to circumstances beyond their control. Priority for assistance under this section must be given to persons and families at or below 60 percent of area median income, adjusted for family size, as determined by the department of housing and urban development.

Subd. 2. [ADMINISTRATION.] The agency may contract with community-based, nonprofit organizations that meet the requirements specified in this section to provide either mortgage foreclosure assistance or rental assistance, or both. Preference must be given to nonprofit organizations that demonstrate the greatest ability to leverage program money with other sources of funding, or to organizations serving areas without access to mortgage foreclosure assistance or rental assistance. The agency may require an organization to match program money with other money or resources.

Subd. 3. [ORGANIZATION ELIGIBILITY.] A nonprofit organization must be able to demonstrate that it is qualified to deliver program services, has relevant expertise in mortgage foreclosure prevention or landlord and tenant procedures, and is able to perform the duties required under the program. An organization must provide the agency with a detailed description of how the proposed program would be administered, including the qualifications of staff. An organization may not be part of, nor affiliated with, a mortgage lender nor provide assistance to a household which occupies a housing unit owned or managed by the organization.

Subd. 4. [SELECTION CRITERIA.] The agency shall take the following criteria into consideration when determining whether an organization is qualified to administer the program:

(1) the prior experience of the nonprofit organization in establishing, administering, and maintaining a mortgage foreclosure prevention or a rental assistance program;

(2) the documented familiarity of the organization regarding mortgage foreclosure prevention procedures, landlord and tenant procedures, and other services available to assist with preventing the loss of housing;

(3) the reasonableness of the proposed budget in meeting the program objectives;

(4) the documented ability of the organization to provide financial assistance; and

(5) the documented ability of the organization to provide mortgage foreclosure prevention or other financial or tenant counseling.

Subd. 5. [DESIGNATED AREAS.] A program administrator must designate specific areas, communities, or neighborhoods within which the program is proposed to be operated for the purpose of focusing resources.

Subd. 6. [ASSISTANCE.] (a) Program assistance includes general information, screening, assessment, referral services, case management, advocacy, and financial assistance to borrowers who are delinquent on mortgage, contract for deed, or rent payments.

(b) Not more than one-half of program funding may be used for mortgage or financial counseling services.

(c) Financial assistance consists of:

(1) payments for delinquent mortgage or contract for deed payments, future mortgage or contract for deed payments for a period of up to six months, property taxes, assessments, utilities, insurance, home improvement repairs, or other costs necessary to prevent foreclosure; or

(2) delinquent rent payments, utility bills, any fees or costs necessary to redeem the property, future rent payments for a period of up to six months, and relocation costs if necessary.

(d) An individual or family may receive the lesser of six months or \$4,500 of financial assistance.

Subd. 7. [REPAYMENT.] The agency may require the recipient of financial assistance to enter into an agreement with the agency for repayment. The repayment agreement for mortgages or contract for deed buyers must provide that in the event the property is sold, transferred, or otherwise conveyed, or ceases to be the recipient's principal place of residence, the recipient shall repay all or a portion of the financial assistance. The agency may take into consideration financial hardship in determining repayment requirements. The repayment agreement may be secured by a lien on the property for the benefit of the agency.

Subd. 8. [REPORT.] By January 10 of every year, each nonprofit organization that delivers services under this section must submit a report to the agency that summarizes the number of people served, the number of applicants who were not served, sources and amounts of nonstate money used to fund the services, and the number and type of referrals to other service providers. The agency shall annually submit a report to the legislature by February 15 that summarizes the service provider reports, and provide an assessment of the effectiveness of the program in preventing mortgage foreclosure and homelessness.

Sec. 139. [462A.207] [MENTAL ILLNESS CRISIS HOUSING ASSISTANCE ACCOUNT.]

Subdivision 1. [CREATION.] The mental illness crisis housing assistance account is established as a separate account in the housing development fund. The assistance account consists of money appropriated to it.

Subd. 2. [RENTAL ASSISTANCE.] The account shall pay up to 90 days of rental assistance for persons with a diagnosed mental illness who require short-term inpatient care for stabilization.

Subd. 3. [ELIGIBILITY.] Rental assistance under this section is available only to persons of low and moderate income as determined by the department of housing and urban development.

Subd. 4. [ADMINISTRATION.] The agency may contract with organizations or government units experienced in rental assistance to operate the program under this section.

Each commissioner may be paid up to \$55 for attending each regular and special meeting of the authority. Commissioners who are elected officials or full-time state employees or full-time employees of the political subdivisions of the state may not receive the daily payment, but they may suffer no loss in compensation or benefits from the state or a political subdivision as a result of their service on the board. Commissioners who are elected officials may receive the daily payment for a particular day only if they do not receive any other daily payment for public service on that day. Commissioners who are full-time state employees or full-time employees of the political subdivisions of the state may receive the expenses provided for in this subdivision unless the expenses are reimbursed by another source.

Subd. 2. [MANDATORY ESTABLISHMENT; CONDITIONS.] Upon petition presented to the town board by the owner of a tract of land containing at least five acres, who has no access thereto except over the lands of others, or whose access thereto is less than two rods in width, the town board by resolution shall establish a cartway at least two rods wide connecting the petitioner's land with a public road. The town board may select an alternative route other than that petitioned for if the alternative is deemed by the town board to be less disruptive and damaging to the affected landowners and in the public's best interest. In an unorganized territory, the board of county commissioners of the county in which the tract is located shall act as the town board. The proceedings of the town board shall be in accordance with section 164.07. The amount of damages shall be paid by the petitioner to the town before such cartway is opened. For the purposes of this subdivision damages shall mean the compensation, if any, awarded to the owner of the land upon which the cartway is established together with the cost of professional and other services which the town may incur in connection with the proceedings for the establishment of the cartway. The town board may by resolution require the petitioner to post a bond or other security acceptable to the board for the total estimated damages before the board takes action on the petition.

Town road and bridge funds shall not be expended on the cartway unless the town board, or the county board acting as the town board in the case of a cartway established in an unorganized territory, by resolution determines that an expenditure is in the public interest. If no resolution is adopted to that effect, the grading or other construction work and the maintenance of the cartway is the responsibility of the petitioner, subject to the provisions of section 164.10. After the cartway has been constructed the town board, or the county board in the case of unorganized territory, may by resolution designate the cartway as a private driveway with the written consent of the affected landowner in which case from the effective date of the resolution no town road and bridge funds shall be expended for maintenance of the driveway; provided that the cartway shall not be vacated without following the vacation proceedings established under section 164.07.

"Sec. 10. Minnesota Statutes 1992, section 161.082, subdivision 2a, is amended to read:

Subd. 2a. [TOWN BRIDGES AND CULVERTS; TOWN ROAD ACCOUNT.] An amount equal to 25 percent of the county turnback account must be expended, within counties having two or more towns, on town road bridge structures that are ten feet or more in length and on town road culverts that replace existing town road bridges. In addition, if the present bridge structure is less than ten feet in length but a hydrological survey indicates that the replacement bridge structure or culvert must be ten feet or more in length, then the bridge or culvert is eligible for replacement funds. In addition, if a culvert that replaces a deficient bridge is in a county comprehensive water plan approved by the board of water and soil resources and the department of natural resources, the costs of the culvert and roadway grading other than surfacing are eligible for replacement funds up to the cost of constructing a replacement bridge. The expenditures on bridge structures and culverts may be on a matching basis, and if on a matching basis, not more than 90 percent of the cost of a bridge structure or culvert may be paid from the county turnback account. When bridge approach construction work exceeds \$10,000 in costs, or when the county engineer

determines that the cost of the replacement culverts alone will not exceed \$20,000, the town shall be eligible for financial assistance from the town bridge account. Financial assistance shall be limited to 90 percent of the cost of the bridge approach work that is in excess of \$10,000 and shall be requested by resolution of the county board and shall be limited to:

(1) 100 percent of the cost of the bridge approach work that is in excess of \$10,000; or

(2) 100 percent of the cost of the replacement culverts when the cost does not exceed \$20,000 and the town board agrees to be responsible for all the other costs, which may include costs for structural removal, installation, and permitting. The replacement structure design and costs shall be approved and certified by the county engineer, but need not be subsequently approved by the department of transportation.

An amount equal to 47.5 percent of the county turnback account must be set aside as a town road account and distributed as provided in section 162.081."

#### POINT OF ORDER

Abrams raised a point of order pursuant to rule 3.09 that the Pugh et al amendment was not in order. Speaker pro tempore Bauerly ruled the point of order well taken and the amendment out of order.

Kahn, Gutknecht and Holsten moved to amend S. F. No. 700, the unofficial engrossment, as follows:

Page 2, after line 12, insert:

"Sec. 3. Minnesota Statutes 1992, section 240.13, subdivision 6, is amended to read:

Subd. 6. [SIMULCASTING.] The commission may permit an authorized licensee to conduct simulcasting or telerec simulcasting at the licensee's facility on any day authorized by the commission. All simulcasts and telerec simulcasts must comply with the Interstate Horse Racing Act of 1978, United States Code, title 15, sections 3001 to 3007. In addition to telerec programs featuring live racing conducted at the licensee's class A facility, the class E licensee

may conduct not more than seven teleracing programs per week during the racing season, unless additional telerece simulcasting is authorized by the director and approved by the horsepersons' organization representing the majority of horsepersons racing the breed racing the majority of races at the licensee's class A facility during the preceding 12 months. The commission may not authorize any day for simulcasting at a class A facility during the racing season, and a licensee may not be allowed to transmit out-of-state telecasts of races the licensee conducts, unless the licensee has obtained the approval of the horsepersons' organization representing the majority of the horsepersons racing the breed involved at the licensed racetrack during the preceding 12 months. The licensee may pay fees and costs to an entity transmitting a telecast of a race to the licensee for purposes of conducting pari-mutuel wagering on the race. The licensee may deduct fees and costs related to the receipt of televised transmissions from a pari-mutuel pool on the televised race, provided that one-half of any amount recouped in this manner must be added to the amounts required to be set aside for purses.

With the approval of the commission and subject to the provisions of this subdivision, a licensee may transmit telecasts of races it conducts, for wagering purposes, to locations outside the state, and the commission may allow this to be done on a commingled pool basis.

Except as otherwise provided in this section, simulcasting and telerece simulcasting may be conducted on a separate pool basis or, with the approval of the commission, on a commingled pool basis. All provisions of law governing pari-mutuel betting apply to simulcasting and telerece simulcasting except as otherwise provided in this subdivision or in the commission's rules. If pools are commingled, wagering at the licensed facility must be on equipment electronically linked with the equipment at the licensee's class A facility or with the sending racetrack via the totalizator computer at the licensee's class A facility. Subject to the approval of the commission, the types of betting, takeout, and distribution of winnings on commingled pari-mutuel pools are those in effect at the sending racetrack. Breakage for pari-mutuel pools on a televised race must be calculated in accordance with the law or rules governing the sending racetrack for these pools, and must be distributed in a manner agreed to between the licensee, and the sending racetrack. Notwithstanding subdivision 7 and section 240.15, subdivision 5, the commission may approve procedures governing the definition and disposition of unclaimed tickets that are consistent with the law and rules governing unclaimed tickets at the sending racetrack. For the purposes of this section, "sending racetrack" is either the racetrack outside of this state where the horse race is conducted or, with the consent of the racetrack, an alternative facility that serves as the racetrack for the purpose of commingling pools.

If there is more than one class B licensee conducting racing within the seven-county metropolitan area, simulcasting and telerece simulcasting may be conducted only on races run by a breed that ran at the licensee's class A facility within the 12 months preceding the event.

Contractual agreements between licensees and horsepersons' organizations entered into before June 5, 1991, regarding money to be set aside for purses from pools generated by simulcasts at a class A facility, are controlling regarding purse requirements through the end of the 1992 racing season.

Notwithstanding any other provision, a class D licensee may conduct pari-mutuel betting on simulcast races under this section only on a racing day assigned by the commission on which the class D licensee conducts at least six races."

H. F. No. 531 was reported to the House.

Dawkins moved to amend H. F. No. 531, the second engrossment, as follows:

Delete everything after the enacting clause and insert:

"Section 1. [504.012] [WRITTEN LEASE REQUIRED.]

An owner of a multiunit building, with 12 or more residential units, shall have a written lease for each unit rented to a residential tenant. The definitions of "owner," "tenant," and "building" in section 566.18 apply to this section.

Sec. 2. [504.015] [TENANT TO BE GIVEN COPY OF LEASE.]

Subdivision 1. [DEFINITIONS.] For the purposes of this section, "owner" has the meaning given it in section 566.18, and "tenant" means any person occupying the dwelling unit whose signature appears on the lease agreement.

Subd. 2. [COPY OF WRITTEN LEASE TO TENANT.] An owner shall give a tenant a copy of a written lease. An owner may obtain a signed and dated receipt, either as a separate document or an acknowledgment included in the lease agreement itself, from the tenant acknowledging that the tenant has received a copy of the lease. This signed receipt or acknowledgment is prima facie evidence that the tenant has received a copy of the lease.

Subd. 3. [LEGAL ACTION TO ENFORCE LEASE.] In any legal action to enforce a written lease, except for nonpayment of rent, disturbing the peace, malicious destruction of property, or a violation of section 504.181, it is a defense for the tenant to establish that the owner failed to comply with subdivision 2. This defense may be overcome if the owner establishes that the tenant had actual knowledge of the term or terms of the lease upon which any legal action is based.

Subdivision 1. [DEFINITIONS.] The definitions of "owner," "tenant," and "building" in section 566.18 apply to this section. For purposes of this section, the term "building" does not include a manufactured home park as defined in section 327C.01, subdivision 5.

Subd. 2. Once an owner has received notice of a contract for deed cancellation under section 559.21 or notice of a mortgage foreclosure sale under chapter 580 or 582, the owner may enter into a periodic lease agreement with a term of two months or less or a fixed term tenancy not extending beyond the cancellation period or owner's period of redemption until:

The housing inspector shall indicate on the inspection order whether the violation threatens the health or safety of a tenant or prospective tenant.

(b) If an inspection order, for which a citation has been issued, does not involve code violations that threaten the health or safety of the tenants, the landlord, agent, or person acting under the landlord's control shall post a summary of the inspection order in a conspicuous place in each building affected by the inspection order, along with a notice that the inspection order will be made available by the landlord for review, upon a request of a tenant or prospective tenant. The landlord shall provide a copy of the inspection order for review by a tenant or a prospective tenant as required under this subdivision.

Subd. 2. [PENALTY.] If the landlord, agent, or person acting under the landlord's direction or control violates this section, the tenant is entitled to remedies provided by section 8.31, subdivision 3a, and other equitable relief as determined by the court.

Subd. 3. [EXCEPTION.] A landlord, agent, or person acting under the landlord's direction or control is not in violation of this section if:

(2) the time allowed to complete the repairs, including any extension of the deadline, has not yet expired, and less than 60 days has elapsed since the expiration date of repair orders and any extension and no citation has been issued; and

(3) the landlord, agent, or person acting under the landlord's direction or control completes the repairs within the time given to repair, including any extension of the deadline.

If the tenant report has not been used to deny the rental or increase the rent or security deposit of a residential housing unit within the past 30 days, the tenant screening service may impose a reasonable charge for making the disclosure required under this section. The tenant screening service must notify the tenant of the amount of the charge before furnishing the information. The charge may not exceed the amount that the tenant screening service would impose on each designated recipient of a tenant report, except that no charge may be made for notifying persons of the deletion of information which is found to be inaccurate or which can no longer be verified.

(b) Files maintained on a tenant must be disclosed promptly as established in clauses (1) to (4).

(1) A tenant file must be disclosed in person, during normal business hours, at the location where the tenant screening service maintains its files, if the tenant appears in person and furnishes proper identification at that time.

(2) A tenant file must be disclosed by mail, if the tenant makes a written request with proper identification for a copy of the information contained in the tenant report and requests that the information be sent to a specified address. A disclosure made under this clause shall be deposited in the United States mail, postage prepaid, within five business days after the written request for disclosure is received by the tenant screening service. A tenant screening service complying with a request for disclosure under this clause shall not be liable for disclosures to third parties caused by mishandling mail, provided that the tenant file information is mailed to the address specified by the tenant in the request.

(3) A summary of the information in a tenant file must be disclosed by telephone, if the tenant has made a written request with proper identification for telephone disclosure.

(4) Information in a tenant's file required to be disclosed in writing under this subdivision may be disclosed in any other form including electronic means if authorized by the tenant and available from the tenant screening service.

Sec. 8. Minnesota Statutes 1992, section 504.30, subdivision 4, is amended to read:

Subd. 4. [COURT FILE INFORMATION.] (a) If a tenant screening service includes information from a court file on an individual in a tenant report, the outcome of the court proceeding must be accurately recorded in the tenant report, ~~unless the outcome is not provided by the court.~~ Whenever the court supplies information from a court file on an individual, in whatever form, the court shall include information on the outcome of the court proceeding when it is becomes available. The tenant screening service is not liable under section 504.31 if the tenant screening service reports complete and accurate information as provided by the court.

(b) A tenant screening service shall not provide tenant reports containing information on unlawful detainer actions in the second and fourth judicial districts, unless the tenant report accurately records the outcome of the proceeding or other disposition of the unlawful detainer action such as settlement, entry of a judgment, default, or dismissal of the action.

"Displace" does not include providing or spending money that directly results in: (i) housing improvements made to comply with health, housing, building, fire prevention, housing maintenance, or energy codes or standards of the applicable government unit; (ii) housing improvements to make housing more accessible to a handicapped person; or (iii) the demolition, acquisition, or conversion of housing for the purpose of creating owner-occupied housing that consists of no more than four units per structure.

"Displace" does not include downsizing large apartment complexes by demolishing less than 25 percent of the units in the complex or by eliminating units through reconfiguration and expansion of individual units for the purpose of expanding the size of the remaining low-income units. (2) low-income housing for ~~the greater of at least 15 years or the compliance period of the federal low-income housing tax credit under United States Code, title 26, section 42(i)(1), as amended.~~ This section does not prohibit increases in rent to cover operating expenses;

(3) in at least standard condition; and

(4) located in the city where the displaced low-income housing units were located.

Replacement housing may be provided as newly constructed housing, or rehabilitated housing that was previously unoccupied or vacant and in condemnable condition or rent subsidized existing housing that does not already qualify as low-income housing.

(2) does not use the equipment described in clause (1) to deliberately expose parts of the living human body to ultraviolet radiation for the purpose of tanning or other treatment;

(b) a physician licensed by the board of medical practice who uses, in the practice of medicine, medical diagnostic and therapeutic equipment that emits ultraviolet radiation; and

(c) an individual who owns tanning equipment exclusively for personal, noncommercial use.

Sec. 3. [461.19] [STANDARDS FOR TANNING EQUIPMENT.]

Subdivision 1. [STANDARDS FOR ALL EQUIPMENT.] (a) The tanning facility owner or operator must use only tanning equipment manufactured according to Code of Federal Regulations, title 21, part 1040.20. The exact nature of compliance must be based on the standards in effect at the time of manufacture as shown on the device identification label required by Code of Federal Regulations, title 21, part 1010.3.

(b) Each assembly of tanning equipment must be designated for use by only one consumer at a time and must be equipped with a timer that complies with Code of Federal Regulations, title 21, part 1040.20(c)(2). The maximum timer interval may not exceed the manufacturer's maximum recommended exposure time. No timer interval may have an error exceeding plus or minus ten percent of the maximum timer interval for the product.

(c) Tanning equipment must meet the National Fire Protection Association National Electrical Code.

(d) Tanning equipment must include physical barriers to protect consumers from injury induced by touching or breaking the lamps.

(e) The tanning facility owner or operator shall replace defective or damaged lamps, bulbs, or filters with a type intended for use in the affected tanning equipment as specified on the product label and having the same spectral distribution.

(g) The tanning facility owner or operator shall maintain a record of when the bulbs or lamps in each tanning booth or bed were replaced according to paragraphs (e) and (f).

(h) Tanning equipment must have a control that enables the user to manually terminate radiation without pulling the electrical plug or coming in contact with the ultraviolet lamp.

(i) The tanning facility operator shall instruct each user on: (1) the proper position to maintain relative to the tanning lamps; (2) the position of the safety railing, where applicable; (3) the manual switching device to terminate radiation; and (4) maximum time of exposure.

(j) The tanning facility operator shall inspect the facility to ensure that the floors are dry before each individual's use.

(k) The tanning facility operator shall monitor the use of the facility to ensure that the interior temperature does not exceed 100 degrees Fahrenheit.

(l) The tanning facility operator shall comply with sanitizing procedures specified by the manufacturer of the tanning equipment between users.

Subd. 2. [STANDARDS FOR STAND-UP TANNING BOOTHS.] In addition to the requirements in subdivision 1, tanning booths designed for stand-up use must comply with the following additional requirements:

(1) booths must have physical barriers or other means, such as handrails or floor markings, to indicate the proper exposure distance between ultraviolet lamps and the consumer's skin;

(2) booths must be constructed with sufficient strength and rigidity to withstand the stress of use and the impact of a falling individual;

(4) booths must be equipped with handrails and nonslip floors.

(b) Tanning facility owners and operators shall require that consumers wear the protective goggles required by this section. The tanning facility owner or operator shall ensure that the protective goggles required by this section are properly sanitized before each use and shall not rely upon exposure to the ultraviolet radiation produced by the tanning equipment itself to provide the sanitizing.

Sec. 5. [461.21] [POSTED WARNING REQUIRED.]

The sign must be clearly visible, not obstructed by any barrier, equipment, or other object, and must be posted so that it can be easily viewed by the consumer before energizing the tanning equipment.

IN SEVERE BURNS OR LONG-TERM INJURY TO THE EYES.

-Medications or cosmetics may increase your sensitivity to the ultraviolet radiation. Consult a physician before using sunlamp or tanning equipment if you are using medications or have a history of skin problems or believe yourself to be especially sensitive to sunlight."

Sec. 3. Minnesota Statutes 1992, section 124.19, subdivision 4, is amended to read:

Subd. 4. In a school where the number of instructional hours in the school day is greater than the number of instructional hours prescribed in the rules of the state board for the school day, the excess number of instructional hours for those days may be included in calculating the required number of days school is in session for purposes of fulfilling the requirements of subdivision 1, provided that ~~the school is in session for not less than 160 days during the school year, and provided that~~ no instructional hours are included from half-day sessions or any school day which has less instructional hours than the number of instructional hours prescribed in the rules of the state board unless the average number of instructional hours for all school days in the school year equals or exceeds the number of instructional hours prescribed in the rules of the state board. The district shall notify the department of each adjustment.

Sec. 4. Minnesota Statutes 1992, section 124.2131, subdivision 1, is amended to read:

Subdivision 1. [~~ADJUSTED GROSS TAX CAPACITY; ADJUSTED NET TAX CAPACITY.~~] (a) [COMPUTATION.] The department of revenue shall annually conduct an assessment/sales ratio study of the taxable property in each school district in accordance with the procedures in paragraphs (b) and (c). Based upon the results of this assessment/sales ratio study, the department of revenue shall determine ~~an aggregate equalized gross tax capacity and an aggregate equalized net tax capacity~~ for the various classes of taxable property in each school district, which tax capacity shall be designated as ~~the adjusted gross tax capacity and the adjusted net tax capacity, respectively. The adjusted net tax capacities shall be determined using the net tax capacity percentages in effect for the assessment year~~

following the assessment year of the study. The department of revenue shall make whatever estimates are necessary to account for changes in the classification system. The department of revenue may incur the expense necessary to make the determinations. The commissioner of revenue may reimburse any county or governmental official for requested services performed in ascertaining ~~the adjusted gross tax capacity and~~ the adjusted net tax capacity. On or before March 15 annually, the department of revenue shall file with the chair of the tax committee of the house of representatives and the chair of the committee on taxes and tax laws of the senate a report of ~~adjusted gross tax capacities and~~ adjusted net tax capacities. On or before ~~April 15~~ June 15 annually, the department of revenue shall file its final report on the ~~adjusted gross tax capacities and~~ adjusted net tax capacities established by the previous year's ~~assessment~~ assessments and the current year's net tax capacity percentages with the commissioner of education and each county auditor for those school districts for which the auditor has the responsibility for determination of local tax rates. A copy of the report so filed shall be mailed to the clerk of each district involved and to the county assessor or supervisor of assessments of the county or counties in which each district is located.

(b) [METHODOLOGY.] In making its annual assessment/sales ratio studies, the department of revenue shall use a methodology consistent with the most recent Standard on Assessment Ratio Studies published by the assessment standards committee of the International Association of Assessing Officers. The commissioner of revenue shall supplement this general methodology with specific procedures necessary for execution of the study in accordance with other Minnesota laws impacting the assessment/sales ratio study. The commissioner shall document these specific procedures in writing and shall publish the procedures in the State Register, but these procedures will not be considered "rules" pursuant to the Minnesota administrative procedure act. For purposes of this section, section 270.12, subdivision 2, clause (8), and section 278.05, subdivision 4, the commissioner of revenue shall exclude from the assessment/sales ratio study the sale of any nonagricultural property which does not contain an improvement, if (1) the statutory basis on which the property's taxable value as most recently assessed is less than market value as defined in section 273.11, or (2) the property has undergone significant physical change or a change of use since the most recent assessment.

(c) [AGRICULTURAL LANDS.] For purposes of determining the ~~adjusted gross tax capacity and~~ adjusted net tax capacity of agricultural lands for the calculation of ~~adjusted gross tax capacities and~~ adjusted net tax capacities, the market value of agricultural lands shall be the price for which the property would sell in an arms length transaction.

(d) [FORCED SALES.] The commissioner may include forced sales in the assessment/sales ratio studies if it is determined by the commissioner that these forced sales indicate true market value.

(e) [STIPULATED VALUES.] The estimated market value to be used in calculating sales ratios shall be the value established by the assessor before any stipulations resulting from appeals by property owners.

(f) [SALES OF INDUSTRIAL PROPERTY.] Separate sales ratios shall be calculated for commercial property and for industrial property. These two classes shall be combined only in jurisdictions in which there is not an adequate sample of sales in each class.

Sec. 5. Minnesota Statutes 1992, section 124.73, subdivision 1, is amended to read:

Subdivision 1. The board of any school district may borrow money upon negotiable tax anticipation certificates of indebtedness, in the manner and subject to the limitations set forth in sections 124.71 to 124.76, for the purpose of anticipating general taxes theretofore levied by the district for school purposes, but the aggregate of such borrowing under this subdivision shall never exceed ~~50~~ 75 percent of such taxes which are due and payable in the calendar year, and as to which taxes no penalty for nonpayment or delinquency has attached. In determining the amount of taxes due and payable in the calendar year, any amounts paid by the state to replace such taxes, whether paid in that calendar year or not, shall be included.

Sec. 6. [124.755] [STATE PAYMENT OF DEBT OBLIGATION UPON POTENTIAL DEFAULT; REPAYMENT; STATE OBLIGATION NOT DEBT.]

Subdivision 1. [DEFINITIONS.] For the purposes of this section, the term "debt obligation" means either a tax or aid anticipation certificate of indebtedness or a general obligation bond.

Subd. 2. [NOTIFICATIONS; PAYMENT; APPROPRIATION.] (a) If a school district believes that it may be unable to make a principal or interest payment on any outstanding debt obligation on the date that payment is due, it must notify the commissioner of education of that fact as soon as possible, but not less than 15 working days before the date that principal or interest payment is due. The notice shall include the name of the school district, an identification of the debt obligation issue in question, the date the payment is due, the amount of principal and interest due on the payment date, the amount of principal or interest that the school district will be unable to repay on that date, the paying agent for the debt obligation, the wire transfer instructions to transfer funds to that paying agent, and an indication as to whether a payment is being requested by the district under this section. If a paying agent becomes aware of a potential default, it shall inform the commissioner of education of that fact. After receipt of a notice which requests a payment under this section, after consultation with the school district and the paying agent, and after verification of the accuracy of the information provided, the commissioner of education shall notify the commissioner of finance of the potential default.

(b) Except as provided in subdivision 9, upon receipt of this notice from the commissioner of education, which must include a final figure as to the amount due that the school district will be unable to repay on the date due, the commissioner of finance shall issue a warrant and authorize the commissioner of education to pay to the paying agent for the debt obligation the specified amount on or before the date due. The amounts needed for the purposes of this subdivision are annually appropriated to the department of education from the state general fund.

(c) The departments of education and finance shall jointly develop detailed procedures for school districts to notify the state that they have obligated themselves to be bound by the provisions of this section, procedures for school districts and paying agents to notify the state of potential defaults and to request state payment under this section, and procedures for the state to expedite payments to prevent defaults. The procedures are not subject to chapter 14.

Subd. 3. [SCHOOL DISTRICT BOUND; INTEREST RATE ON STATE PAID AMOUNT.] If, at the request of a school district, the state has paid part or all of the principal or interest due on a school district's debt obligation on a specific date, the school district is bound by all provisions of this section and the amount paid shall bear taxable interest from the date paid until the date of repayment at the state treasurer's invested cash rate as it is certified by the commissioner of finance. Interest shall only accrue on the amounts paid and outstanding less the reduction in aid under subdivision 4 and other payments received from the district.

Subd. 4. [PLEDGE OF DISTRICT'S FULL FAITH AND CREDIT.] If, at the request of a school district, the state has paid part or all of the principal or interest due on a school district's debt obligation on a specific date, the pledge of the full faith and credit and unlimited taxing powers of the school district to repay the principal and interest due on those debt obligations shall also, without an election or the requirement of a further authorization, become a pledge of the full faith and credit and unlimited taxing powers of the school district to repay to the state the amount paid, with interest. Amounts paid by the state shall be repaid in the order in which the state payments were made.

Subd. 5. [AID REDUCTION FOR REPAYMENT.] Except as provided in this subdivision, the state shall reduce the state aid payable to the school district under chapters 124, 124A, and 273, according to the schedule in section 124.155, subdivision 2, by the amount paid by the state under this section on behalf of the school district, plus the interest due on it, and the amount reduced shall revert from the appropriate account to the state general fund. Payments from the school endowment fund or any federal aid payments shall not be reduced. If, after review of the financial situation of the school district, the commissioner of education advises the commissioner of finance that a total reduction of the aids would cause an undue hardship on or an undue disruption of the educational program of the school district, the commissioner of education, with the approval of the commissioner of finance, may establish a different schedule for reduction of those aids to repay the state. The amount of aids to be reduced are decreased by any amounts repaid to the state by the school district from other revenue sources.

Subd. 6. [TAX LEVY FOR REPAYMENT.] (a) With the approval of the commissioner of education, a school district may levy in the year the state makes a payment under this section an amount up to the amount necessary to provide funds for the repayment of the amount paid by the state plus interest through the date of estimated repayment by the school district. The proceeds of this levy may be used only for this purpose unless they are in excess of the amount actually due, in which case the excess shall be used to repay other state payments made under this section or shall be deposited in the debt redemption fund of the school district. This levy shall be an increase in the levy limits of the school district for purposes of section 275.065, subdivision 6. The amount of aids to be reduced to repay the state shall be decreased by the amount levied. This levy by the school district is not eligible for debt service equalization under section 124.95.

(b) If the state is not repaid in full for a payment made under this section by November 30 of the calendar year following the year in which the state makes the payment, the commissioner of education must require the school district to certify a property tax levy in an amount up to the amount necessary to provide funds for repayment of the amount paid by the state plus interest through the date of estimated repayment by the school district. To prevent undue hardship, the commissioner may allow the district to certify the levy over a five-year period. The proceeds of the levy may be used only for this purpose unless they are in excess of the amount actually due, in which case the excess shall be used to repay other state payments made under this section or shall be deposited in the debt redemption fund of the school district. This levy shall be an increase in the levy limits of the school district for purposes of section 275.065, subdivision 6. If the commissioner orders the district to levy, the amount of aids reduced to repay the state shall be decreased by the amount levied. This levy by the school district is not eligible for debt service equalization under section 124.95 or any successor provision. A levy under this subdivision must be explained as a specific increase at the meeting required under section 275.065, subdivision 6.

Subd. 7. [ELECTION AS TO MANDATORY APPLICATION.] A school district may covenant and obligate itself, prior to the issuance of an issue of debt obligations, to notify the commissioner of education of a potential default and to use the provisions of this section to guarantee payment of the principal and interest on those debt obligations when due. If the school district obligates itself to be bound by this section, it shall covenant in the resolution that authorizes the issuance of the debt obligations to deposit with the paying agent three business days prior to the date on which a payment is due an amount sufficient to make that payment or to notify the commissioner of education under subdivision 1 that it will be unable to make all or a portion of that payment. A school district that has obligated itself shall include a provision in its agreement with the paying agent for that issue that requires the paying agent to inform the commissioner of education if it becomes aware of a potential default in the payment of principal or interest on that issue or if, on the day two business days prior to the date a payment is due on that issue, there are insufficient funds to make the payment on deposit with the paying agent. If a school district either covenants to be bound by this section or accepts state payments under this section to prevent a default of a particular issue of debt obligations, the provisions of this section shall be binding as to that issue as long as any debt obligation of that issue remain outstanding. If the provisions of this section are or become binding for more than one issue of debt obligations and a district is unable to make payments on one or more of those issues, it shall continue to make payments on the remaining issues.

Subd. 8. [MANDATORY PLAN; TECHNICAL ASSISTANCE.] If the state makes payments on behalf of a district under this section or the district defaults in the payment of principal or interest on an outstanding debt obligation, it shall submit a plan to the commissioner of education for approval specifying the measures it intends to implement to resolve the issues which led to its inability to make the payment and to prevent further defaults. The department shall provide technical assistance to the school district in preparing its plan. If the commissioner determines that a school district's plan is not adequate, the commissioner shall notify the school district that the plan has been disapproved, the reasons for the disapproval, and that the state shall not make future payments under this section for debt obligations issued after the date specified in that notice until its plan is approved. The commissioner may also notify the school district that until its plan is approved, other aids due the district will be withheld after a date specified in the notice.

Subd. 9. [STATE BOND RATING.] If the commissioner of finance determines that the credit rating of the state would be adversely affected thereby, the commissioner shall not issue warrants under subdivision 2 for the payment of principal or interest on any debt obligations for which a school district did not, prior to their issuance, obligate itself to be bound by the provisions of this section.

Sec. 7. Minnesota Statutes 1992, section 124A.03, subdivision 1c, is amended to read:

Subd. 1c. [REFERENDUM ALLOWANCE LIMIT.] (a) Notwithstanding subdivision 1b, a district's referendum allowance must not exceed the greater of:

- (1) the district's referendum allowance for fiscal year 1992; 1994; or
- (2) ~~the district's referendum allowance for fiscal year 1993;~~
- (3) ~~30~~ 25 percent of the formula allowance for the fiscal year for which it is attributable; or
- (4) ~~for a district that held a successful referendum levy election in calendar year 1991, 35 percent of the formula allowance for the fiscal year to which it is attributable~~ 1995 and later.

(b) The allowance calculated in paragraph (a) must be reduced by the amount of the referendum allowance reduction computed in subdivision 3b.

Sec. 8. Minnesota Statutes 1992, section 124A.03, subdivision 1f, is amended to read:

Subd. 1f. [REFERENDUM EQUALIZATION REVENUE.] A district's referendum equalization revenue equals ~~ten percent of the formula allowance~~ \$315 times the district's actual pupil units for that year.

Referendum equalization revenue must not exceed a district's ~~referendum revenue allowance times the district's actual pupil units total referendum revenue~~ for that year.

Sec. 9. Minnesota Statutes 1992, section 124A.03, subdivision 1g, is amended to read:

Subd. 1g. [REFERENDUM EQUALIZATION LEVY.] A district's referendum equalization levy equals the district's referendum equalization revenue times the lesser of one or the ratio of the district's adjusted net tax capacity per actual pupil unit to ~~50~~ 100 percent of the equalizing factor as defined in section 124A.02, subdivision 8.

Sec. 10. Minnesota Statutes 1992, section 124A.03, is amended by adding a subdivision to read:

Subd. 3b. [REFERENDUM ALLOWANCE REDUCTION.] A district's referendum allowance under subdivision 1c is reduced by the amounts calculated in paragraphs (a), (b), and (c).

(a) The referendum allowance reduction equals the amount by which a district's supplemental revenue reduction exceeds the district's supplemental revenue allowance for fiscal year 1993.

(b) Notwithstanding paragraph (a), if a district's initial referendum allowance is less than ten percent of the formula allowance for that year, the reduction equals the lesser of (1) an amount equal to \$100, or (2) the amount calculated in paragraph (a).

(c) Notwithstanding paragraph (a) or (b), a school district's referendum allowance reduction equals (1) an amount equal to \$100, times (2) one minus the ratio of 20 percent of the initial referendum allowance limit minus the district's initial referendum allowance limit to 20 percent of the formula allowance for that year if:

(i) the district's adjusted net tax capacity for assessment year 1992 per actual pupil unit for fiscal year 1995 is less than \$3,000;

(ii) the district's net unappropriated operating fund balance as of June 30, 1993, divided by the actual pupil units for fiscal year 1995 is less than \$200;

(iii) the district's supplemental revenue allowance for fiscal year 1993 is equal to zero; and

(iv) the district's initial referendum revenue authority for the current year divided by the district's net tax capacity for assessment year 1992 is greater than ten percent.

Sec. 11. Minnesota Statutes 1992, section 124A.04, subdivision 2, is amended to read:

Subd. 2. [1993 AND LATER.] The training and experience index ~~for fiscal year 1993 and later fiscal years~~ must be constructed in the following manner:

(a) The department shall construct a matrix that classifies teachers by the extent of training received in accredited institutions of higher education and by the years of experience that districts take into account in determining teacher salaries.

(b) The average salary for each cell of the matrix must be computed as follows using data from the second year of the previous biennium:

(1) For each school district, multiply the salary paid to full-time equivalent teachers with that combination of training and experience according to the district's teacher salary schedule by the number of actual pupil units in that district.

(2) Add the amounts computed in clause (1) for all districts in the state and divide the resulting sum by the total number of actual pupil units in all districts in the state that employ teachers.

(c) For each cell in the matrix, compute the ratio of the average salary in that cell to the average salary for all teachers in the state. ~~Cells of the matrix in lanes beyond the master's degree plus 30 credits lane must receive the same ratio as the cells in the master's degree plus 30 credits lane.~~

(d) The index for each district that employs teachers equals the sum of the ratios for each teacher in that district divided by the number of teachers in that district. The index for a district that employs no teachers is zero.

Sec. 12. Minnesota Statutes 1992, section 124A.22, subdivision 2, is amended to read:

Subd. 2. [BASIC REVENUE.] The basic revenue for each district equals the formula allowance times the actual pupil units for the school year. The formula allowance for ~~1992 and subsequent fiscal years 1993 and 1994~~ is \$3,050. The formula allowance for fiscal year 1995 and subsequent fiscal years is \$3,150.

Sec. 13. Minnesota Statutes 1992, section 124A.22, subdivision 4, is amended to read:

Subd. 4. [TRAINING AND EXPERIENCE REVENUE.] (a) ~~For fiscal year 1992,~~ The previous formula training and experience revenue for each district equals the greater of zero or the result of the following computation:

(1) subtract 1.6 from the training and experience index;

(2) multiply the result in clause (1) by the product of \$700 times the actual pupil units for the school year.

(b) ~~For 1993 and later fiscal years,~~ The maximum training and experience revenue for each district equals the greater of zero or the result of the following computation:

(1) subtract .8 from the training and experience index;

(2) multiply the result in clause (1) by the product of ~~\$575~~ \$660 times the actual pupil units for the school year.

(c) ~~For 1993 and later fiscal years, the previous formula training and experience revenue for each district equals the amount of training and experience revenue computed for that district according to the formula used to compute training and experience revenue for fiscal year 1992.~~

(d) ~~For fiscal year 1993, the training and experience revenue for each district equals the district's previous formula training and experience revenue plus one-fourth of the difference between the district's maximum training and experience revenue and the district's previous formula training and experience revenue.~~

(e) For fiscal year 1994, the training and experience revenue for each district equals the district's previous formula training and experience revenue plus one-half of the difference between the district's maximum training and experience revenue and the district's previous formula training and experience revenue.

(f) ~~(d)~~ For fiscal year 1995, the training and experience revenue for each district equals the district's previous formula training and experience revenue plus three-fourths of the difference between the district's maximum training and experience revenue and the district's previous formula training and experience revenue.

~~(g)~~ (e) For fiscal year 1996 and thereafter, the training and experience revenue for each district equals the district's maximum training and experience revenue.

Sec. 14. Minnesota Statutes 1992, section 124A.22, subdivision 5, is amended to read:

Subd. 5. [DEFINITIONS.] The definitions in this subdivision apply only to subdivisions 6 and 6a.

(a) "High school" means a secondary school that has pupils enrolled in at least the 10th, 11th, and 12th grades. ~~If there is no secondary school in the district that has pupils enrolled in at least the 10th, 11th, and 12th grades, the commissioner shall designate one school in the district as a high school for the purposes of this section.~~

(b) "Secondary average daily membership" means, for a district that has only one high school, the average daily membership of resident pupils in grades 7 through 12. For a district that has more than one high school, "secondary average daily membership" for each high school means the product of the average daily membership of resident pupils in grades 7 through 12 in the high school, times the ratio of six to the number of grades in the high school.

(c) "Attendance area" means the total surface area of the district, in square miles, divided by the number of high schools in the district. For a district that does not operate a high school and is less than 19 miles from the nearest operating high school, the attendance area equals zero.

(d) "Isolation index" for a high school means the square root of one-half the attendance area plus the distance in miles, according to the usually traveled routes, between the high school and the nearest high school.

(e) "Qualifying high school" means a high school that has an isolation index greater than 23 and that has secondary average daily membership of less than 400.

(f) "Qualifying elementary school" means an elementary school that is located 19 miles or more from the nearest elementary school or from the nearest elementary school within the district and, in either case, has an elementary average daily membership of an average of 20 or fewer per grade.

(g) "Elementary average daily membership" means, for a district that has only one elementary school, the average daily membership of resident pupils in kindergarten through grade 6. For a district that has more than one elementary school, "average daily membership" for each school means the average daily membership of kindergarten through grade 6 multiplied by the ratio of seven to the number of grades in the elementary school.

Sec. 15. Minnesota Statutes 1992, section 124A.22, subdivision 6, is amended to read:

Subd. 6. [SECONDARY SPARSITY REVENUE.] (a) A district's secondary sparsity revenue for a school year equals the sum of the results of the following calculation for each qualifying high school in the district:

- (1) the formula allowance for the school year, multiplied by
- (2) the secondary average daily membership of the high school, multiplied by
- (3) the quotient obtained by dividing 400 minus the secondary average daily membership by 400 plus the secondary daily membership, multiplied by
- (4) the lesser of one or the quotient obtained by dividing the isolation index minus 23 by ten.

(b) A newly formed school district that is the result of districts combining under the cooperation and combination program or consolidating under section 122.23 shall receive secondary sparsity revenue equal to the greater of: (1) the amount calculated under paragraph (a) for the combined district; or (2) the sum of the amounts of secondary sparsity revenue the former school districts had in the year prior to consolidation, increased for any subsequent changes in the secondary sparsity formula.

Sec. 16. Minnesota Statutes 1992, section 124A.22, subdivision 8, is amended to read:

Subd. 8. [SUPPLEMENTAL REVENUE.] (a) A district's supplemental revenue allowance for fiscal year 1992 1994 and later fiscal years equals the ~~product of the district's supplemental revenue for fiscal year 1991 times the ratio of:~~

- ~~(1) 1993 divided by the district's 1991-1992 1992-1993 actual pupil units; to~~
- ~~(2) the district's 1990-1991 actual pupil units adjusted for the change in secondary pupil unit weighting from 1.35 to 1.3 made in section 124.17, subdivision 1.~~

~~(b) If a district's minimum allowance exceeds the sum of its basic revenue, previous formula compensatory education revenue, previous formula training and experience revenue, secondary sparsity revenue, and elementary sparsity revenue per actual pupil unit for a fiscal year, and the excess is less than \$250 per actual pupil unit, the district shall receive supplemental revenue equal to the amount of the excess times the actual pupil units for the school year. If the amount of the excess is more than \$250 per actual pupil unit, the district shall receive the greater of (1) \$250 times the actual pupil units; or (2) the amount of the excess times the actual pupil units less the sum of (i) the difference between the district's training and experience revenue and its previous formula training and experience revenue; and (ii) the difference between the district's compensatory education revenue and its previous formula compensatory education revenue. A district's supplemental revenue allowance is reduced for fiscal year 1995 and later according to subdivision 9.~~

(c) A district's supplemental revenue equals the supplemental revenue allowance, if any, times its actual pupil units for that year.

Sec. 17. Minnesota Statutes 1992, section 124A.22, subdivision 9, is amended to read:

Subd. 9. ~~[DEFINITION FOR SUPPLEMENTAL REVENUE REDUCTION.]~~ (a) ~~The definition in this subdivision applies only to subdivision 8.~~

(b) "Minimum allowance" for a district means:

~~(1) the district's general education revenue for fiscal year 1992, according to subdivision 1; divided by~~  
~~(2) the district's 1991-1992 actual pupil units. A district's supplemental revenue allowance is reduced by the sum of:~~

(1) the sum of one-fourth of the difference of:

(i) the sum of the district's training and experience revenue and compensatory revenue per actual pupil unit for that fiscal year, and

(ii) the sum of district's training and experience revenue and compensatory revenue per actual pupil unit for fiscal year 1994; and

(2) the difference between the formula allowance for the current fiscal year and \$3,050.

A district's supplemental revenue allowance may not be less than zero.

Sec. 18. [124A.225] [LEARNING AND DEVELOPMENT REVENUE AMOUNT AND USE.]

Subdivision 1. [REVENUE.] Of a district's general education revenue an amount equal to the sum of the number of elementary pupil units defined in section 124.17, subdivision 1, clause (f) and kindergarten pupil units as defined in section 124.17, subdivision 1, clause (e), times .03 for fiscal year 1994 and .06 for fiscal year 1995 and thereafter times the formula allowance must be reserved according to this section. A district that is not subject to a supplemental revenue reduction under section 17 or a referendum revenue reduction under section 10 must reserve an additional amount of revenue equal to \$100 times the district's actual pupil units times the ratio of the district's elementary average daily membership to the district's average daily membership according to this section. The revenue must be placed in a learning and development reserved account and may only be used according to this section. The ratio for fiscal year 1995 is adjusted by adding an amount equal to the ratio of the difference between the formula allowance for fiscal year 1995 minus 3,150 to 10,000.

Subd. 2. [INSTRUCTOR DEFINED.] Primary instructor means a public employee licensed by the board of teaching whose duties are full-time instruction, excluding a teacher for whom categorical aids are received pursuant to sections 124.273 and 124.32. Except as provided in section 125.230, subdivision 6, instructor does not include supervisory and support personnel, except school social workers as defined in section 125.03. An instructor whose duties are less than full-time instruction must be included as an equivalent only for the number of hours of instruction in grades K through 6.

Subd. 3. [INSTRUCTION CONTACT TIME.] Instruction may be provided by a primary instructor, by a team of instructors, or by teacher resident supervised by a primary instructor. The district must maximize instructor to learner average instructional contact time.

Subd. 4. [REVENUE USE.] Revenue shall be used to reduce and maintain the district's instructor to learner ratios in kindergarten through grade 6 to a level of 1 to 17 on average. The district must prioritize the use of the revenue to attain this level initially in kindergarten and grade 1 and then through the subsequent grades as revenue is available. The revenue may be used to prepare and use an individualized learning plan for each learner. A district must not increase the district wide instructor-learner ratios in other grades as a result of reducing instructor-learner ratios in kindergarten through grade 6. Revenue may not be used to provide instructor preparation time or to provide the district's share of revenue required under section 124.311. Revenue may be used to continue employment for nonlicensed staff employed in the district on the effective date of this act under Minnesota Statutes 1992, section 123.331, subdivision 2.

Subd. 5. [ADDITIONAL REVENUE USE.] If the school board of a school district determines that the district has achieved and is maintaining the instructor-learner ratios specified in subdivision 4 and is using individualized learning plans, the school board may use the revenue to purchase material and services or provide staff development needed for reduced instructor-learner ratios. If additional revenue remains, the district must use the revenue to improve program offerings, including programs provided through interactive television, throughout the district or other general education purposes.

Sec. 19. Minnesota Statutes 1992, section 124A.23, subdivision 1, is amended to read:

Subdivision 1. [GENERAL EDUCATION TAX RATE.] The commissioner shall establish the general education tax rate by July 1 of each year for levies payable in the following year. The general education tax capacity rate shall be a rate, rounded up to the nearest tenth of a percent, that, when applied to the adjusted net tax capacity for all districts, raises the amount specified in this subdivision. The general education tax rate shall be the rate that raises \$916,000,000 for fiscal year 1993 and \$969,800,000 for fiscal year 1994, \$1,044,000,000 for fiscal year 1995 and later fiscal years. The general education tax rate may not be changed due to changes or corrections made to a district's adjusted net tax capacity after the tax rate has been established.

Sec. 20. Minnesota Statutes 1992, section 124A.23, subdivision 5, is amended to read:

Subd. 5. [USES OF REVENUE.] Except as provided in section 124A.225, general education revenue may be used during the regular school year and the summer for general and special school purposes.

Sec. 21. Minnesota Statutes 1992, section 124A.24, is amended to read:

124A.24 [GENERAL EDUCATION LEVY EQUITY.]

If a district's general education levy is determined according to section 124A.23, subdivision 3, an amount must be deducted from state aid authorized in this chapter and chapters 124 and 124B, receivable for the same school year, and from other state payments receivable for the same school year authorized in chapter 273. The aid in section 124.646 must not be reduced.

The amount of the deduction equals the difference between:

- (1) the general education tax rate, according to section 124A.23, times the district's adjusted net tax capacity used to determine the general education aid for the same school year; and
- (2) the district's general education revenue, excluding training and experience revenue and supplemental revenue, for the same school year, according to section 124A.22.

~~However, for fiscal year 1992, the amount of the deduction shall be four sixths of the difference between clauses (1) and (2); and for fiscal year 1993, the amount of the deduction shall be five sixths of the difference between clauses (1) and (2).~~

Sec. 22. Minnesota Statutes 1992, section 124A.26, subdivision 1, is amended to read:

Subdivision 1. [REVENUE REDUCTION.] A district's general education revenue for a school year shall be reduced if the estimated net unappropriated operating fund balance as of June 30 in the prior school year exceeds \$600 25 percent of the formula allowance for the current fiscal year times the fund balance pupil units in the prior year. For purposes of this subdivision and section 124.243, subdivision 2, fund balance pupil units means the number of resident pupil units in average daily membership, including shared time pupils, according to section 124A.02, subdivision 20, plus

(1) pupils attending the district for which general education aid adjustments are made according to section 124A.036, subdivision 5; minus

(2) the sum of the resident pupils attending other districts for which general education aid adjustments are made according to section 124A.036, subdivision 5, plus pupils for whom payment is made according to section 126.22, subdivision 8, or 126.23. The amount of the reduction shall equal the lesser of:

- (1) the amount of the excess, or

(2) \$150 \$250 times the actual pupil units for the school year.

The final adjustment payments made under section 124.195, subdivision 6, must be adjusted to reflect actual net operating fund balances as of June 30 of the prior school year.

Sec. 23. Minnesota Statutes 1992, section 124A.26, is amended by adding a subdivision to read:

Subd. 4. [ALLOCATION AMONG OPERATING FUNDS.] The revenue reduction required under this section must be allocated to the transportation fund and the community service fund in the following manner:

(1) each year, a school district shall calculate the ratio of the transportation net unappropriated operating fund balance and the community service net unappropriated operating fund balance to the total net unappropriated operating fund balance;

(2) multiply the ratios computed in clause (1) by the total fund balance reduction required under this section;

(3) the school district shall transfer the amounts, if any, calculated in clause (2) from the transportation and community service funds to the general fund.

Sec. 24. [124A.698] [POLICY.]

Financing the education of our children is one of state government's most important functions. In performing this function, the state seeks to provide sufficient funding while encouraging equity, accountability, and incentives toward quality improvement. To help achieve these goals and to help control future spending growth, the state will fund core instruction and related support services, will facilitate improvement in the quality and delivery of programs and services, and will equalize revenues raised locally for discretionary purposes.

Sec. 25. Minnesota Statutes 1992, section 124A.70, is amended to read:

124A.70 [BASIC CORE INSTRUCTIONAL AID.]

Subdivision 1. [BASIC OUTCOMES.] Basic outcomes are defined as learner outcomes that must be achieved as a requirement for graduation, specified in rule by the state board of education. Basic outcomes are ~~those outcomes that have standards of achievement determined by the state board~~ the basic knowledge and skills determined necessary by the board for graduates to become productive employees, parents, and citizens. The board shall review and amend, if necessary, its graduation rule every two years.

Subd. 2. [AID AMOUNT.] Basic Core instructional aid is equal to the aid allowance cost determined necessary by the legislature to achieve the basic outcomes for each student times the number of actual pupil units for the school year plus support services aid for the district as determined under section 124A.711. The core instructional aid allowance for fiscal year 2000 1998 and thereafter is zero.

Subd. 3. [SPECIAL NEED AID.] Each district shall receive special need aid equal to zero times the number of actual pupil units for the school year times the district's special need index.

Subd. 4. [COST DIFFERENTIAL AID.] Each district shall receive aid equal to zero times the number of actual pupil units for the school year times its cost differential index. This aid is only available if the district has implemented a career teacher program.

Subd. 3a. [AID TO LEARNING SITES.] Each district is encouraged to direct core instructional aid to the learning sites in the district and minimize the core instructional aid used for other programs or services. Each district shall, to the extent possible, facilitate allocation of each learning site's core instructional aid by site management teams consisting of site administrators, teachers, parents, and other interested persons.

Subd. 5. [AID USES.] Aid received under this section may only be used to deliver instructional services needed to assure that all pupils in the district achieve the basic outcomes through the following uses programs and services:

(1) salaries and benefits for licensed and nonlicensed instructional staff used to instruct or direct instructional delivery or provide academic instructional support services;

Any reclassification of property by Laws 1991, chapter 291, shall not be considered in determining net tax capacity for aids payable in 1992. At the hearing, the taxing authority, other than a school district, may amend the proposed budget and property tax levy and must adopt a final budget and property tax levy, and the school district may amend the proposed property tax levy and must adopt a final property tax levy.

The property tax levy certified under section 275.07 by a city, county, or school district must not exceed the proposed levy determined under subdivision 1, except by an amount up to the sum of the following amounts:

(1) the amount of a school district levy whose voters approved a referendum to increase taxes under section 124.82, subdivision 3, 124A.03, subdivision 2, 124B.03, subdivision 2, or 136C.411, after the proposed levy was certified;

During the discussion, the governing body shall hear comments regarding a proposed increase and explain the reasons for the proposed increase. The public shall be allowed to speak and to ask questions prior to adoption of any measures by the governing body. The governing body, other than the governing body of a school district, shall adopt its final property tax levy prior to adopting its final budget.

If the hearing is not completed on its scheduled date, the taxing authority must announce, prior to adjournment of the hearing, the date, time, and place for the continuation of the hearing. The continued hearing must be held at least five business days but no more than 14 business days after the original hearing.

The hearing must be held after 5:00 p.m. if scheduled on a day other than Saturday. No hearing may be held on a Sunday. The county auditor shall provide for the coordination of hearing dates for all cities and school districts within the county.

By August 15, each school board shall certify to the county auditors of the counties in which the school district is located the dates on which it elects to hold its hearings and any continuations. This subdivision does not apply to towns and special taxing districts.

Sec. 31. Minnesota Statutes 1992, section 298.28, subdivision 4, is amended to read:

Subd. 4. [SCHOOL DISTRICTS.] (a) 27.5 cents per taxable ton plus the increase provided in paragraph (d) must be allocated to qualifying school districts to be distributed, based upon the certification of the commissioner of revenue, under paragraphs (b) and (c).

(b) 5.5 cents per taxable ton must be distributed to the school districts in which the lands from which taconite was mined or quarried were located or within which the concentrate was produced. The distribution must be based on the apportionment formula prescribed in subdivision 2.

(c)(i) 22 cents per taxable ton, less any amount distributed under paragraph (e), shall be distributed to a group of school districts comprised of those school districts in which the taconite was mined or quarried or the concentrate produced or in which there is a qualifying municipality as defined by section 273.134 in direct proportion to school district indexes as follows: for each school district, its pupil units determined under section 124.17 for the prior second previous school year shall be multiplied by the ratio of the average adjusted net tax capacity per pupil unit for school districts receiving aid under this clause as calculated pursuant to chapter 124A for the school year ending prior to distribution to the adjusted net tax capacity per pupil unit of the district. Each district shall receive that portion of the distribution which its index bears to the sum of the indices for all school districts that receive the distributions.

(ii) Notwithstanding clause (i), each school district that receives a distribution under sections 298.018; 298.23 to 298.28, exclusive of any amount received under this clause; 298.34 to 298.39; 298.391 to 298.396; 298.405; or any law imposing a tax on severed mineral values that is less than the amount of its levy reduction under section 124.918, subdivision 8, for the second year prior to the year of the distribution shall receive a distribution equal to the difference; the amount necessary to make this payment shall be derived from proportionate reductions in the initial distribution to other school districts under clause (i).

~~(d) On July 15, in years prior to 1988, an amount equal to the increase derived by increasing the amount determined by paragraph (c) in the same proportion as the increase in the steel mill products index over the base year of 1977 as provided in section 298.24, subdivision 1, clause (a), shall be distributed to any school district described in paragraph (c) where a levy increase pursuant to section 124A.03, subdivision 2, is authorized by referendum, according to the following formula. On July 15, 1988, the increase over the amount established for 1987 shall be determined as if there had been an increase in the tax rate under section 298.24, subdivision 1, paragraph (b), according to the increase in the implicit price deflator. On July 15, 1989, 1994, 1990, and 1991, the increase over the amount established for the prior year shall be determined according to the increase in the implicit price deflator as provided in section 298.24, subdivision 1, paragraph (a). In 1992 and 1993, the amount distributed per ton shall be the same as that determined for distribution in 1991. In 1994, the amount distributed per ton shall be equal to the amount per ton distributed in 1991 increased in the same proportion as the increase between the fourth quarter of 1988 and the fourth quarter of 1992 in the implicit price deflator as defined in section 298.24, subdivision 1. On July 15, 1995, and subsequent years, and subsequent years, an amount equal to the increase derived by increasing the amount determined by paragraph (c) shall be distributed to any school district described in paragraph (c) where a levy increase pursuant to section 124A.03, subdivision 2, is authorized by referendum according to the following formula, the increase over the amount established for the prior year shall be determined according to the increase in the implicit price deflator as provided in section 298.24, subdivision 1, paragraph (a). Each district shall receive the product of:~~

(i) \$175 times the pupil units identified in section 124.17, subdivision 1, enrolled in the second previous year or the 1983-1984 school year, whichever is greater, less the product of 1.8 percent times the district's taxable net tax capacity in the second previous year; times

(ii) the lesser of:

(A) one, or

(B) the ratio of the sum of the amount certified pursuant to section 124A.03, subdivision 1g, in the previous year, plus the amount certified pursuant to section 124A.03, subdivision 1i, in the previous year, plus the referendum aid according to section 124A.03, subdivision 1h, for the current year, to the product of 1.8 percent times the district's taxable net tax capacity in the second previous year.

If the total amount provided by paragraph (d) is insufficient to make the payments herein required then the entitlement of \$175 per pupil unit shall be reduced uniformly so as not to exceed the funds available. Any amounts received by a qualifying school district in any fiscal year pursuant to paragraph (d) shall not be applied to reduce general education aid which the district receives pursuant to section 124A.23 or the permissible levies of the district. Any amount remaining after the payments provided in this paragraph shall be paid to the commissioner of iron range resources and rehabilitation who shall deposit the same in the taconite environmental protection fund and the northeast Minnesota economic protection trust fund as provided in subdivision 11.

Each district receiving money according to this paragraph shall reserve \$25 times the number of pupil units in the district. It may use the money for early childhood programs or for outcome-based learning programs that enhance the academic quality of the district's curriculum. The outcome-based learning programs must be approved by the commissioner of education.

(e) There shall be distributed to any school district the amount which the school district was entitled to receive under section 298.32 in 1975.

Sec. 34. [GENERAL EDUCATION REVENUE REDUCTION; SLAYTON.]

Subdivision 1. [QUALIFICATION.] Independent school district No. 504, Slayton, is eligible for revenue under this section if the district has an approved plan for cooperation and combination. If the referendum required under Minnesota Statutes, section 122.243, subdivision 2, fails, the aid adjustment required in subdivision 2 cancels and the department of education shall make a negative adjustment to the following year's aid payments for any amount actually paid to the district. If the referendum fails, the district's levy authority under subdivision 3 is canceled. If the levy has already been certified, the department of education shall make a negative levy adjustment to the following year's general education levy limitations.

Subd. 2. [AID ADJUSTMENT.] For fiscal year 1994 only, the department of education shall include in the general education aid calculation for independent school district No. 504, Slayton, the sum of the amounts by which the district's general education aid was reduced for fiscal years 1992 and 1993 under Minnesota Statutes, section 124A.26.

Subd. 3. [LEVY ADJUSTMENT.] For 1993 taxes payable in 1994 only, independent school district No. 504, Slayton, or its successor district, may levy an amount not to exceed the sum of the levy reductions for fiscal years 1992 and 1993 resulting from the general education revenue fund balance reduction under Minnesota Statutes, section 124A.26.

Sec. 35. [COALITION FOR EDUCATION REFORM AND ACCOUNTABILITY; TRANSITION PROVISIONS.]

The panel shall consider gender and geographical and racial diversity in the appointments. The commissioner of education shall chair and convene the panel. The panel must make the first appointments to the coalition by September 1, 1993.

Subd. 4. [ACTIVITIES TO PROMOTE INNOVATION.] Coalition activities to promote innovation and sustainable reform in education include:

- (1) developing a strategic plan and corresponding target dates for implementing major reform goals and practices;
- (2) encouraging and supporting policies to bring systemic change into the state's public schools;

[STUDY.] The coalition, in conjunction with the Minnesota state high school league, the Minnesota academic excellence foundation, and the Minnesota school board association shall study the cost of and accounting for co-curricular and extracurricular activities and the implications of how the activities are funded. The coalition shall deliver the results of the study to the legislature with the plan required under subdivision 5.

Subd. 7. [EXPIRATION.] Notwithstanding Minnesota Statutes, section 15.059, subdivision 5, the coalition expires June 30, 2000.

Sec. 36. [LEVY ADJUSTMENT; APPLETON.]

Notwithstanding any law to the contrary, independent school district No. 784, Appleton, must not receive a negative levy adjustment for any referendum levy certified for taxes payable in 1992. For taxes payable in 1994 only, independent school district No. 784, Appleton, shall make a positive levy adjustment in an amount equal to the amount of the negative levy adjustment attributable to the district's referendum levy made to the district's 1992 taxes payable in 1993.

Sec. 37. [REFERENDUM AUTHORITY.]

Unless scheduled to expire sooner, a referendum levy authorized under section 124A.03, expires July 1, 1997.

## Sec. 38. [TAX CREDIT ADJUSTMENT.]

Prior to the computation of homestead and agricultural aid for taxes payable in 1994, the commissioner of revenue shall reduce a school district's homestead and agricultural aid by an amount equal to the homestead and agricultural aid for calendar year 1993 times the ratio of referendum levy certified for 1993 to the certified unequalized levies for 1993. The department of education shall determine the change in referendum levies payable in 1994 attributable to the increase in equalization under sections 8 and 9. Notwithstanding any law to the contrary, a district may recognize revenue equal to one-half of the levy reduction in the fiscal year the levy is certified and each year thereafter.

## Sec. 39. [PAYMENT DATES.]

Upon notification from the commissioner of finance of the need to reduce or avoid state short-term borrowing in fiscal year 1995, the commissioner of education shall delay payments due under section 124.195, subdivision 3, by up to ten business days. For purposes of this section, the commissioner of education may make adjustments in the amount of delayed payments to a school district if it is determined that the district's cash balances will not be sufficient to cover payroll during the 15-day period following the due date.

## Sec. 40. [GENERAL EDUCATION REVENUE CORRECTION.]

Subdivision 1. [DULUTH RECOMPUTATION.] The department of education shall recompute the base revenue in fiscal year 1988 for supplemental revenue determination for fiscal year 1994 and thereafter for the omission of supplemental pension contributions for independent school district No. 709, Duluth.

## ARTICLE 2

## TRANSPORTATION

Section 1. Minnesota Statutes 1992, section 120.062, subdivision 9, is amended to read:

Subd. 9. [TRANSPORTATION.] (a) If requested by the parent of a pupil, the nonresident district shall provide transportation within the district. The state shall pay transportation aid to the district according to section 124.225.

The resident district is not required to provide or pay for transportation between the pupil's residence and the border of the nonresident district. A parent may be reimbursed by the nonresident district for the costs of transportation from the pupil's residence to the border of the nonresident district if the pupil is from a family whose income is at or below the poverty level, as determined by the federal government. The reimbursement may not exceed the pupil's actual cost of transportation or 15 cents per mile traveled, whichever is less. Reimbursement may not be paid for more than 250 miles per week.

At the time a nonresident district notifies a parent or guardian that an application has been accepted under subdivision 5 or 6, the nonresident district must provide the parent or guardian with the following information regarding the transportation of nonresident pupils under this section:

(1) a nonresident district may transport a pupil within the pupil's resident district under this section only with the approval of the resident district; and

(2) a parent or guardian of a pupil attending a nonresident district under this section may appeal under section 123.39, subdivision 6, the refusal of the resident district to allow the nonresident district to transport the pupil within the resident district.

(b) Notwithstanding paragraph (a) and section 124.225, subdivision 8l, transportation provided by a nonresident district between home and school for a pupil attending school under this section is authorized for nonregular transportation revenue under section 124.225, if the following criteria are met:

(1) the school that the pupil was attending prior to enrolling in the nonresident district under this section was closed;

(2) the distance from the closed school to the next nearest school in the district that the student could attend is at least 20 miles;

(3) the pupil's residence is at least 20 miles from any school that the pupil could attend in the resident district; and

(4) the pupil's residence is closer to the school of attendance in the nonresident district than to any school the pupil could attend in the resident district.

Sec. 2. Minnesota Statutes 1992, section 120.73, subdivision 1, is amended to read:

Subdivision 1. A school board is authorized to require payment of fees in the following areas:

(a) in any program where the resultant product, in excess of minimum requirements and at the pupil's option, becomes the personal property of the pupil;

(b) admission fees or charges for extra curricular activities, where attendance is optional;

(c) a security deposit for the return of materials, supplies, or equipment;

(d) personal physical education and athletic equipment and apparel, although any pupil may personally provide it if it meets reasonable requirements and standards relating to health and safety established by the school board;

(e) items of personal use or products which a student has an option to purchase such as student publications, class rings, annuals, and graduation announcements;

(f) fees specifically permitted by any other statute, including but not limited to section 171.04, subdivision 1, clause (1);

(g) field trips considered supplementary to a district educational program;

(h) any authorized voluntary student health and accident benefit plan;

(i) for the use of musical instruments owned or rented by the district, a reasonable rental fee not to exceed either the rental cost to the district or the annual depreciation plus the actual annual maintenance cost for each instrument;

(j) transportation of pupils to and from extra curricular activities conducted at locations other than school, where attendance is optional;

(k) transportation of pupils to and from school for which aid is not authorized under section 124.223, subdivision 1, and for which levy is not authorized under section 124.226, subdivision 5, if a district charging fees for transportation of pupils establishes guidelines for that transportation to ensure that no pupil is denied transportation solely because of inability to pay;

(l) motorcycle classroom education courses conducted outside of regular school hours; provided the charge shall not exceed the actual cost of these courses to the school district;

(m) transportation to and from post-secondary institutions for pupils enrolled under the post-secondary enrollment options program under section 123.39, subdivision 16. Fees collected for this service must be reasonable and shall be used to reduce the cost of operating the route. Families who qualify for mileage reimbursement under section 123.3514, subdivision 8, may use their state mileage reimbursement to pay this fee. If no fee is charged, districts shall allocate costs based on the number of pupils riding the route.

Sec. 3. Minnesota Statutes 1992, section 123.39, is amended by adding a subdivision to read:

Subd. 15. [PUPIL TRANSPORT ON STAFF DEVELOPMENT DAYS.] A school district may provide bus transportation between home and school for pupils on days devoted to parent-teacher conferences, teacher's workshops, or other staff development opportunities. If approved by the commissioner as part of a program of educational improvement, the cost of providing this transportation, as determined by generally accepted accounting principles, must be considered part of the authorized cost for regular transportation for the purposes of section 124.225. The commissioner shall approve inclusion of these costs in the regular transportation category only if the total number of instructional hours in the school year divided by the total number of days for which transportation is provided equals or exceeds the number of instructional hours per day prescribed in the rules of the state board.

Sec. 4. Minnesota Statutes 1992, section 123.39, is amended by adding a subdivision to read:

Subd. 16. [POST-SECONDARY ENROLLMENT OPTIONS PUPILS.] School districts may provide bus transportation along school bus routes established to provide nonregular transportation as defined in section 124.225, subdivision 1, paragraph (c), clause (2), when space is available, for pupils attending programs at a post-secondary institution under the post-secondary enrollment options program. The transportation is permitted only if it does not increase the district's expenditures for transportation. Fees collected for this service under section 120.73, subdivision 1, paragraph (m), shall be subtracted from the authorized cost for nonregular transportation for the purpose of section 124.225.

Sec. 5. Minnesota Statutes 1992, section 124.225, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] For purposes of this section, the terms defined in this subdivision have the meanings given to them.

(a) "FTE" means a transported full-time equivalent pupil whose transportation is authorized for aid purposes by section 124.223.

(b) "Authorized cost for regular transportation" means the sum of:

(1) all expenditures for transportation in the regular category, as defined in paragraph (c), clause (1), for which aid is authorized in section 124.223, plus

(2) an amount equal to one year's depreciation on the district's school bus fleet and mobile units computed on a straight line basis at the rate of 12-1/2 percent per year of the cost of the fleet, plus

(c) "Transportation category" means a category of transportation service provided to pupils as follows:

(1) Regular transportation is transportation services provided during the regular school year under section 124.223, subdivisions 1 and 2, excluding the following transportation services provided under section 124.223, subdivision 1: transportation between schools; noon transportation to and from school for kindergarten pupils attending half-day sessions; transportation of pupils to and from schools located outside their normal attendance areas under the provisions of a plan for desegregation mandated by the state board of education or under court order; and transportation of elementary pupils to and from school within a mobility zone.

(2) Nonregular transportation is transportation services provided under section 124.223, subdivision 1, that are excluded from the regular category and transportation services provided under section 124.223, subdivisions 3, 4, 5, 6, 7, 8, 9, and 10.

(3) Excess transportation is transportation to and from school during the regular school year for secondary pupils residing at least one mile but less than two miles from the public school they could attend or from the nonpublic school actually attended, and transportation to and from school for pupils residing less than one mile from school who are transported because of extraordinary traffic, drug, or crime hazards.

(f) "Base year" means the second school year preceding the school year for which aid will be paid.

(g) "Base cost" means the ratio of:

(1) the sum of the authorized cost in the base year for regular transportation as defined in paragraph (b) plus the actual cost in the base year for excess transportation as defined in paragraph (c);

(2) to the sum of the number of weighted ~~FTE pupils transported~~ FTE's in the regular and excess categories in the base year.

(h) "Pupil weighting factor" for the excess transportation category for a school district means the lesser of one, or the result of the following computation:

(2) Raise the result in clause (1) to the one-fifth power.

(3) Divide four-tenths by the result in clause (2).

The pupil weighting factor for the regular transportation category is one.

(i) "Weighted FTE's" means the number of FTE's in each transportation category multiplied by the pupil weighting factor for that category.

(j) "Sparsity index" for a school district means the greater of .005 or the ratio of the square mile area of the school district to the sum of the number of weighted FTE's transported by the district in the regular and excess categories in the base year.

(k) "Density index" for a school district means the greater of one or the result obtained by subtracting the product of the district's sparsity index times 20 from two.

(l) "Contract transportation index" for a school district means the greater of one or the result of the following computation:

(m) "Adjusted predicted base cost" means the predicted base cost as computed in subdivision 3a as adjusted under subdivision 7a.

(n) "Regular transportation allowance" means the adjusted predicted base cost, inflated and adjusted under subdivision 7b.

Sec. 6. Minnesota Statutes 1992, section 124.225, subdivision 3a, is amended to read:

Subd. 3a. [PREDICTED BASE COST.] A district's predicted base cost equals the result of the following computation:

(a) Multiply the transportation formula allowance by the district's sparsity index raised to the one-fourth power. The transportation formula allowance is ~~\$421~~ \$447 for the ~~1989-1990~~ 1991-1992 base year and ~~\$434~~ \$463 for the ~~1990-1991~~ 1992-1993 base year.

(b) Multiply the result in paragraph (a) by the district's density index raised to the 35/100 power.

(c) Multiply the result in paragraph (b) by the district's contract transportation index raised to the 1/20 power.

Sec. 7. Minnesota Statutes 1992, section 124.225, subdivision 7b, is amended to read:

Subd. 7b. [INFLATION FACTORS.] The adjusted predicted base cost determined for a district under subdivision 7a for the base year must be increased by ~~4.0~~ 2.35 percent to determine the district's regular transportation allowance for the ~~1991-1992~~ 1993-1994 school year and by ~~2.0~~ 3.425 percent to determine the district's regular transportation allowance for the ~~1992-1993~~ 1994-1995 school year, but the regular transportation allowance for a district cannot be less than the district's minimum regular transportation allowance according to Minnesota Statutes 1990, section 124.225, subdivision 1, paragraph (t).

Sec. 8. Minnesota Statutes 1992, section 124.225, subdivision 7d, is amended to read:

Subd. 7d. [TRANSPORTATION REVENUE.] Transportation revenue for each district equals the sum of the district's regular transportation revenue and the district's nonregular transportation revenue.

(a) The regular transportation revenue for each district equals the district's regular transportation allowance according to subdivision 7b times the sum of the number of FTE's transported by the district in the regular, desegregation, and handicapped categories in the current school year.

~~(b) The nonregular transportation revenue for each district for the 1991-1992 school year equals the lesser of the district's actual costs in the 1991-1992 school year for nonregular transportation services or the product of the district's actual cost in the 1990-1991 school year for nonregular transportation services as defined for the 1991-1992 school year in subdivision 1, paragraph (c), times the ratio of the district's average daily membership for the 1991-1992 school year to the district's average daily membership for the 1990-1991 school year according to section 124.17, subdivision 2, times 1.03, minus the amount of regular transportation revenue attributable to FTE's transported in the desegregation and handicapped categories in the current school year, plus the excess nonregular transportation revenue for the 1991-1992 school year according to subdivision 7e.~~

(e) For the 1992-1993 and later school years, the nonregular transportation revenue for each district equals the lesser of the district's actual cost in the current school year for nonregular transportation services or the product of the district's actual cost in the base year for nonregular transportation services as defined for the current year in subdivision 1, paragraph (c), times the ratio of the district's average daily membership for the current year to the district's average daily membership for the base year according to section 124.17, subdivision 2, times the nonregular transportation inflation factor for the current year, minus the amount of regular transportation revenue attributable to FTE's transported in the desegregation and handicapped categories in the current school year, plus the excess nonregular transportation revenue for the current year according to subdivision 7e. The nonregular transportation inflation factor is 1.0435 for the 1992-1993 1993-1994 school year is 1.064 and 1.03425 for the 1994-1995 school year.

Sec. 9. Minnesota Statutes 1992, section 124.225, subdivision 7e, is amended to read:

Subd. 7e. [EXCESS NONREGULAR TRANSPORTATION REVENUE.] ~~(a) A district's excess nonregular transportation revenue for the 1991-1992 school year equals an amount equal to 80 percent of the difference between:~~

~~(1) the district's actual cost in the 1991-1992 school year for nonregular transportation services as defined for the 1991-1992 school year in subdivision 1, paragraph (c), and~~

~~(2) the product of the district's actual cost in the 1990-1991 school year for nonregular transportation services as defined for the 1991-1992 school year in subdivision 1, paragraph (c), times 1.15, times the ratio of the district's average daily membership for the 1991-1992 school year to the district's average daily membership for the 1990-1991 school year.~~

(b) A district's excess nonregular transportation revenue for the 1992-1993 school year and later school years equals an amount equal to 80 percent of the difference between:

(1) the district's actual cost in the current year for nonregular transportation services as defined for the current year in subdivision 1, paragraph (c), and

(2) the product of the district's actual cost in the base year for nonregular transportation services as defined for the current year in subdivision 1, paragraph (c), times 1.30, times the ratio of the district's average daily membership for the current year to the district's average daily membership for the base year.

~~(c) The state total excess nonregular transportation revenue must not exceed \$2,000,000 for the 1991-1992 school year and \$2,000,000 for the 1992-1993 school year. If the state total revenue according to paragraph (a) or (b) exceeds the limit set in this paragraph, the excess nonregular transportation revenue for each district equals the district's revenue according to paragraph (a) or (b), times the ratio of the limitation set in this paragraph to the state total revenue according to paragraph (a) or (b).~~

Sec. 10. Minnesota Statutes 1992, section 124.226, subdivision 3, is amended to read:

Subd. 3. [OFF-FORMULA ADJUSTMENT.] In a district if the basic transportation levy under subdivision 1 attributable to that fiscal year is more than the difference between (1) the district's transportation revenue under section 124.225, subdivision 7d, and (2) the sum of the district's maximum nonregular levy under subdivision 4 and the district's contracted services aid reduction under section 124.225, subdivision 8k, and the amount of any reduction due to insufficient appropriation under section 124.225, subdivision 8a, the district's transportation levy in the second year following each fiscal year must be reduced by the difference between the amount of the excess and the amount of the aid reduction for the same fiscal year according to subdivision 3a.

Sec. 11. Minnesota Statutes 1992, section 124.226, is amended by adding a subdivision to read:

Subd. 3a. [TRANSPORTATION LEVY EQUITY.] (a) If a district's basic transportation levy for a fiscal year is adjusted according to subdivision 3, an amount must be deducted from the state payments that are authorized in chapter 273 and that are receivable for the same fiscal year. The amount of the deduction equals the difference between:

(1) the district's transportation revenue under section 124.225, subdivision 7d; and

(2) the sum of the district's maximum basic transportation levy under subdivision 1, the district's maximum nonregular levy under subdivision 4, the district's maximum excess transportation levy under subdivision 5, the district's contracted services aid reduction under section 124.225, subdivision 8k, and the amount of any reduction due to insufficient appropriation under section 124.225, subdivision 8a.

(b) Notwithstanding paragraph (a), for fiscal year 1995, the amount of the deduction is one-fourth of the difference between clauses (1) and (2); for fiscal year 1996, the amount of the deduction is one-half of the difference between clauses (1) and (2); and for fiscal year 1997, the amount of the deduction is three-fourths of the difference between clauses (1) and (2).

(c) The amount of the deduction in any fiscal year must not exceed the amount of state payments that are authorized in chapter 273 and that are receivable for the same fiscal year in the district's transportation fund.

Sec. 12. Minnesota Statutes 1992, section 124.226, subdivision 9, is amended to read:

Subd. 9. [LATE ACTIVITY BUSES.] (a) A school district may levy an amount equal to the lesser of:

(1) the actual cost of late transportation home from school, between schools within a district, or between schools in one or more districts that have an agreement under sections 122.241 to 122.248, 122.535, 122.541, or 124.494, for pupils involved in after school activities for the school year beginning in the year the levy is certified; or

(2) two percent of the district's regular transportation revenue for that school year according to section 124.225, subdivision 7d, paragraph (a).

(b) A district that levies under this section must provide late transportation home from school for students participating in any academic-related activities provided by the district if transportation is provided for students participating in athletic activities.

~~(c) A district may levy under this subdivision only if the district provided late transportation home from school during fiscal year 1991.~~

Sec. 13. Laws 1991, chapter 265, article 2, section 19, subdivision 2, is amended to read:

Subd. 2. [TRANSPORTATION AID.] For transportation aid according to Minnesota Statutes, section 124.225:

\$116,340,000	.....	1992
\$123,133,000	.....	1993

The 1992 appropriation includes \$17,679,000 for 1991 and \$98,661,000 for 1992.

The 1993 appropriation includes \$17,146,000 for 1992 and \$105,987,000 for 1993.

~~\$1,500,000~~ ~~\$2,000,000~~ in fiscal year 1992 and ~~\$1,000,000~~ ~~\$500,000~~ in fiscal year 1993 are for desegregation costs not funded in the regular or nonregular transportation formulas. The department shall allocate these amounts in proportion to the unfunded desegregation costs. Any excess of the 1992 amount is not available for transfer under Minnesota Statutes, section 124.14, subdivision 7 and is available for unfunded desegregation costs in 1993.

## ARTICLE 3

## SPECIAL PROGRAMS

Section 1. Minnesota Statutes 1992, section 120.17, subdivision 2, is amended to read:

Subd. 2. [METHOD OF SPECIAL INSTRUCTION.] (a) Special instruction and services for children with a disability must be based on the assessment and individual education plan. The instruction and services may be provided by one or more of the following methods:

(1) in connection with attending regular elementary and secondary school classes;

- (2) establishment of special classes;
- (3) at the home or bedside of the child;
- (4) in other districts;
- (5) instruction and services by special education cooperative centers established under this section, or in another member district of the cooperative center to which the resident district of the child with a disability belongs;
- (6) in a state residential school or a school department of a state institution approved by the commissioner;
- (7) in other states;
- (8) by contracting with public, private or voluntary agencies;
- (9) for children under age five and their families, programs and services established through collaborative efforts with other agencies;
- (10) for children under age five and their families, programs in which children with a disability are served with children without a disability; and
- (11) any other method approved by the commissioner.

(b) Preference shall be given to providing special instruction and services to children under age three and their families in the residence of the child with the parent or primary caregiver, or both, present.

(c) The primary responsibility for the education of a child with a disability shall remain with the district of the child's residence regardless of which method of providing special instruction and services is used. If a district other than a child's district of residence provides special instruction and services to the child, then the district providing the special instruction and services shall notify the child's district of residence before the child's individual education plan is developed and shall provide the district of residence an opportunity to participate in the plan's development. The district of residence must inform the parents of the child about the methods of instruction that are available.

(d) Paragraphs (e) to (i) may be cited as the "blind persons' literacy rights and education act."

(e) The following definitions apply to paragraphs (f) to (i).

"Blind student" means an individual who is eligible for special educational services and who:

- (1) has a visual acuity of 20/200 or less in the better eye with correcting lenses or has a limited field of vision such that the widest diameter subtends an angular distance of no greater than 20 degrees; or
- (2) has a medically indicated expectation of visual deterioration.

"Braille" means the system of reading and writing through touch commonly known as standard English Braille.

"Individualized education plan" means a written statement developed for a student eligible for special education and services pursuant to this section and section 602(a)(20) of part A of the Individuals with Disabilities Education Act, United States Code, title 20, section 1401(a).

(f) In developing an individualized education plan for each blind student the presumption must be that proficiency in Braille reading and writing is essential for the student to achieve satisfactory educational progress. The assessment required for each student must include a Braille skills inventory, including a statement of strengths and deficits. Braille instruction and use are not required by this paragraph if, in the course of developing the student's individualized education program, team members concur that the student's visual impairment does not affect reading and writing performance commensurate with ability. This paragraph does not require the exclusive use of Braille if other special education services are appropriate to the student's educational needs. The provision of other appropriate services does not preclude Braille use or instruction. Instruction in Braille reading and writing shall be available for each blind student for whom the multidisciplinary team has determined that reading and writing is appropriate.

(g) Instruction in Braille reading and writing must be sufficient to enable each blind student to communicate effectively and efficiently with the same level of proficiency expected of the student's peers of comparable ability and grade level.

(h) The student's individualized education plan must specify:

- (1) the results obtained from the assessment required under paragraph (f);
- (2) how Braille will be implemented through integration with other classroom activities;
- (3) the date on which Braille instruction will begin;
- (4) the length of the period of instruction and the frequency and duration of each instructional session;
- (5) the level of competency in Braille reading and writing to be achieved by the end of the period and the objective assessment measures to be used; and

(6) if a decision has been made under paragraph (f) that Braille instruction or use is not required for the student:

(i) a statement that the decision was reached after a review of pertinent literature describing the educational benefits of Braille instruction and use; and

(ii) a specification of the evidence used to determine that the student's ability to read and write effectively without Braille is not impaired.

(i) Instruction in Braille reading and writing is a service for the purpose of special education and services under this section.

(j) Paragraphs (e) to (i) shall not be construed to supersede any rights of a parent or guardian of a child with a disability under federal or state law.

Sec. 2. Minnesota Statutes 1992, section 120.17, subdivision 3, is amended to read:

[RULES OF THE STATE BOARD.] The state board shall promulgate rules relative to qualifications of essential personnel, courses of study, methods of instruction, pupil eligibility, size of classes, rooms, equipment, supervision, parent consultation, and any other rules it deems necessary for instruction of children with a disability. Sec. 29. Minnesota Statutes 1992, section 124A.036, subdivision 5, is amended to read:

Subd. 5. [ALTERNATIVE ATTENDANCE PROGRAMS.] The general education aid for districts must be adjusted for each pupil, excluding a pupil with a disability as defined in section 120.03 or a pupil without a disability as defined by section 120.181, attending a nonresident district under sections 120.062, 120.075, 120.0751, 120.0752, 124C.45 to 124C.48, and 126.22. The adjustments must be made according to this subdivision.

(a) General education aid paid to a resident district must be reduced by an amount equal to the general education revenue exclusive of compensatory revenue attributable to the pupil in the resident district.

(b) General education aid paid to a district serving a pupil in programs listed in this subdivision shall be increased by an amount equal to the general education revenue exclusive of compensatory revenue attributable to the pupil in the nonresident district.

(c) If the amount of the reduction to be made from the general education aid of the resident district is greater than the amount of general education aid otherwise due the district, the excess reduction must be made from other state aids due the district.

(d) The district of residence shall pay tuition to a district or an area learning center, operated according to paragraph (e), providing special instruction and services to a pupil with a disability, as defined in section 120.03, or a pupil, as defined in section 120.181, who is enrolled in a program listed in this subdivision. The tuition shall be equal to (1) the actual cost of providing special instruction and services to the pupil, including a proportionate amount for debt service and for capital expenditure facilities and equipment, and debt service but not including any amount for transportation, minus (2) the amount of general education aid, the amount of capital expenditure facilities aid and capital expenditure equipment aid received under section 124.245, subdivision 6, and special education aid, attributable to that pupil, that is received by the district providing special instruction and services.

(e) An area learning center operated by an educational cooperative service unit, intermediate district, education district, or a joint powers cooperative may elect through the action of the constituent boards to charge tuition for pupils rather than to calculate general education aid adjustments under paragraph (a), (b), or (c). The tuition must be equal to the greater of the average general education revenue per pupil unit attributable to the pupil, or the actual cost of providing the instruction, excluding transportation costs, if the pupil meets the requirements of section 120.03 or 120.181.

Sec. 30. Minnesota Statutes 1992, section 125.189, is amended to read:

125.189 [LICENSURE REQUIREMENTS.]

~~In addition to other requirements,~~ The board of teaching will review and determine appropriate licensure requirements for a candidate for a license or an applicant for a continuing license to teach hearing-impaired deaf and hard of hearing students in kindergarten prekindergarten through grade 12. In addition to other requirements, a candidate must demonstrate the minimum level of proficiency in American sign language as determined by the Quality Assurance Systems Project of the department of education board.

Sec. 31. Minnesota Statutes 1992, section 128B.10, subdivision 1, is amended to read:

Subdivision 1. [EXTENSION.] This chapter is repealed July 1, 1993 1995.

Sec. 32. [ASL GUIDELINES.]

(a) In determining appropriate licensure requirements for teachers of deaf and hard of hearing students under Minnesota Statutes, section 125.189, the board of teaching shall develop the requirements according to the guidelines described in this section.

(b) Each teacher must complete the American sign language sign communication proficiency interview or a comparable American sign language evaluation that the board of teaching, the Minnesota association of deaf citizens, and the Minnesota council for the hearing impaired accept as a means for establishing the teacher's baseline level of American sign language skills. A teacher shall not be charged for this evaluation.

(c) Each teacher must complete 60 continuing education credits in American sign language, American sign language linguistics, or deaf culture for every 120 continuing education credits the teacher is required to complete to renew a teaching license.

(d) As a condition of obtaining an initial license to teach deaf and hard of hearing students, a person must demonstrate in the sign communication proficiency interview an intermediate plus level of proficiency in American sign language.

(e) Each teacher applying to renew a teaching license and each teacher holding a teaching license from another state who wishes to apply for a Minnesota teaching license must take the American sign language sign communication proficiency interview or a comparable American sign language evaluation every five years until the teacher demonstrates a minimum, or survival plus, level of proficiency in American sign language.

(f) A teacher working directly with students whose primary language is American sign language should demonstrate at least an advanced level of proficiency in American sign language. The board should not consider a minimum, or survival plus, level of proficiency adequate for providing direct instruction to students whose primary language is American sign language.

(g) To renew a teaching license, a teacher must comply with paragraphs (c) and (e) in addition to other applicable board requirements. A teacher's ability to demonstrate a minimum, or survival plus, level of proficiency in American sign language is not a condition for renewing the teacher's license.

(h) A teacher who demonstrates an increased proficiency in American sign language skill in the American sign language sign communication proficiency interview or a comparable American sign language evaluation shall receive credit toward completing the requirements of paragraph (c). The number of continuing education credits the teacher receives is based on the teacher's increased level of proficiency from the teacher's baseline level:

(1) 35 continuing education credits for demonstrating an intermediate level of proficiency;

- (2) 40 continuing education credits for demonstrating an intermediate plus level of proficiency;
- (3) 45 continuing education credits for demonstrating an advanced level of proficiency;
- (4) 50 continuing education credits for demonstrating an advanced plus level of proficiency;
- (5) 55 continuing education credits for demonstrating a superior level of proficiency; and
- (6) 60 continuing education credits for demonstrating a superior plus level of proficiency.

Sec. 33. [DEVELOPING GREATER FLEXIBILITY IN DELIVERING SPECIAL EDUCATION SERVICES.]

Subdivision 1. [PURPOSE; AUTHORIZATION.] In an effort to change the overall emphasis in special education from complying with laws and rules to also improving educational opportunities for a wide range of students, including those who are disabled, those for whom English is a second language, and those with unique learning styles, a pilot project is established to permit independent school district No. 625, St. Paul, to develop and implement an integrated service model for delivering special education services and programs to eligible students under Minnesota Statutes, section 120.17, and alternative delivery of specialized instructional services under Minnesota Statutes, section 120.173. As part of the pilot project, the state board of education shall waive those state special education rules the district includes in its approved plan to implement the integrated service model if the district complies with the requirements in subdivision 2. In developing and implementing the integrated service model, the district must adhere to the intent of each rule for which it seeks a waiver and the procedural and substantive protections afforded eligible and low-performing students under law. Nothing in this section shall be construed to permit the waiver of any provision required under federal law.

Subd. 2. [PROJECT REQUIREMENTS.] (a) To participate in the pilot project, the district must:

(1) notify the commissioner of education, the state board of education, and the advisory council under paragraph (c) by June 15, 1993, of its intent to develop and implement an integrated service model for delivering special education services and programs to eligible and low-performing students that complies with all applicable federal rules and the outcomes of all state rules governing the delivery of special education;

(2) complete by November 30, 1993, with assistance from the commissioner as described in paragraph (b) and the advisory council in paragraph (c), a proposed plan for realizing an integrated service model, which includes a description of each applicable federal and state rule and the approach the district will use to effect that rule;

(3) include in the proposed plan measures to protect students' civil rights, provide equal educational opportunities, and prohibit discrimination as required under state and federal law;

(4) receive approval from the advisory council in paragraph (c) and the local school board for the proposed plan by December 31, 1993, and file a copy of the approved plan with the commissioner;

(5) begin in-service training of district personnel on February 1, 1994, to ensure that the district complies with all applicable federal regulations governing the delivery of special education; and

(6) implement the integrated service model beginning July 1, 1994.

(b) If the St. Paul school district indicates its intent to develop an integrated service model under paragraph (a), clause (1), the commissioner shall assist the district beginning August 1, 1993, in developing its plan to realize the integrated service model by:

(1) providing technical assistance through the state department of education; and

(2) using discretionary funds under Public Law Number 101-476 to contract for technical assistance as needed.

(c) The district must establish an advisory council for the pilot project that reflects the demographic composition of the district and is composed of members of existing special education-related committees, parents of eligible students with varying disabilities and of different ages enrolled in the district, one local representative of advocacy agencies, and district personnel affected by this section. Parents shall compose the majority of council members. The district must continuously consult with the advisory council on planning, delivering, and modifying the district's special education programs and services.

(d) The district shall not seek a variance to a special education rule from the state board of education under Minnesota Statutes, section 121.11, subdivision 12, during the term of the project. This prohibition does not include any rule waived under subdivision 1.

Subd. 3. [EVALUATION.] Upon implementing the integrated service model, the district, with technical assistance provided or contracted for by the commissioner, must annually evaluate the programmatic outcomes and financial efficiency of the model over at least a four-year period. The district must address in its evaluation the seven points listed in Minnesota Statutes, section 120.173, subdivision 3, and document parents' responses to the model. The district must submit to the education committees of the legislature a progress report by February 1, 1997, and a final report by February 1, 1999, on the efficacy of the model.

Sec. 34. [FISCAL REPORTS; AUTHORIZATION REQUIRED.]

(a) The commissioner of education shall contract with an independent consultant outside of state or local government for a study of the short- and long-term fiscal impact to state and local governments of providing a comprehensive and coordinated system of services to infants and young children with disabilities, from birth to age two, and their families under United States Code, title 20, sections 1471 through 1485. The commissioner shall submit a report on the results of the study to the education committees of the legislature by January 15, 1994. At a minimum, the study shall include an estimate of the number of infants and young children from birth to age two eligible for services through the year 2000; the estimated average cost for services per eligible child and the child's family; the anticipated total additional annual cost to state and local governments through the year 2000 of fully implementing year 5 services; the anticipated amount of additional federal early intervention funds available to the state under United States Code, title 20, section 1471 et. seq., and United States Code, title 20, section 631 et seq.; what definition of eligibility the education department proposes to adopt; what the major components affecting the costs of participation will be; the estimated costs of intake, evaluation, assessment, monitoring, and program planning through the year 2000 for a fully implemented year 5 program; the estimated costs of child find, public awareness, complaints and due process procedures, data management information systems, state level supervision and monitoring, interagency collaboration, local planning and coordination, technical assistance, personnel standards and development, and surrogate parent programs for a fully implemented year 5 program; and an inventory of current expenditures by county boards, school boards, and other local services providers for services provided under Minnesota Statutes, section 120.17, subdivision 11b, including social work, nursing, nutrition, vision, and transportation services, assistive technology, parent-to-parent support, and respite care. The cost of the contract shall not exceed \$75,000 and shall be paid for from revenue received from federal grants for regular special education central administration and state initiated discretionary projects.

(b) The state department of education may not apply to the secretary of education under United States Code, title 20, section 1471, et seq. (Part H, Public Law Number 102-119) to participate in the fifth or any succeeding fiscal year of the federal Part H program contained in the Individuals with Disabilities Education Act until specifically authorized by law to do so or until after April 1, 1994, whichever comes first.

Sec. 35. [TASK FORCE ON EDUCATION FOR CHILDREN WITH DISABILITIES.]

Subdivision 1. [ESTABLISHMENT.] A task force to review the state's special education rules is established to recommend to the legislature changes that can be made to simplify the rules while ensuring that the rules meet applicable federal requirements and support the state's interest in education outcomes.

Subd. 2. [MEMBERSHIP.] The task force on education for children with disabilities consists of 15 members appointed by the commissioner of education. The membership shall include parents of children with disabilities, students with disabilities, special education teachers and general education teachers, school administrators, special education directors, representatives of higher education, representatives of advocacy organizations for children with disabilities, and no more than one representative of state government. At least five members shall be parents of children with disabilities or representatives of advocacy groups. One member shall be a student with a disability.

Subd. 3. [DUTIES.] The task force established under subdivisions 1 and 2 shall review the educational needs of children with disabilities and the current system of services, including the state and federal regulatory scheme and associated costs, and recommend ways to remove barriers to effective education and improve measurable learner outcomes. The task force shall make recommendations to:

(1) reduce paperwork and other administrative burdens on classroom teachers to increase the amount of time they spend educating students;

(2) improve access to effective education for children with disabilities by increased coordination of special and general education services, including staff development programs;

(3) assure that education for children with disabilities is outcome-based while maintaining due process protections for students and their families;

(4) eliminate duplication in the regulatory scheme; and

(5) state the outcomes of the state's special education rules.

Subd. 4. [STAFF SUPPORT.] The department of education and any other state agency shall provide information and other assistance requested by the task force.

Subd. 5. [ADMINISTRATIVE RULES.] To accommodate the task force's review of the state's special education rules, and notwithstanding Minnesota Statutes, section 121.11, subdivision 12, or any other law to the contrary, the state board of education shall not adopt, amend, or repeal a special education rule until June 1, 1994, unless compelled by a newly enacted or adopted federal requirement.

Subd. 6. [REPORT.] The task force shall submit its recommendations for simplifying the state's special education rules to the education committees of the legislature by February 1, 1994.

Sec. 36. [ALTERNATIVE DELIVERY OF SPECIAL EDUCATION SERVICES AND PROGRAMS.]

Subdivision 1. [ESTABLISHMENT; PURPOSE; GOAL.] A three-year pilot project is established to permit 11 school districts and one rural special education cooperative selected by the commissioner of education to use an alternative process for delivering certain special education services and programs to eligible students under Minnesota Statutes, section 120.17. The purpose of the project is to explore, in a deliberate way, effective alternatives to the special education rules listed in subdivision 3 while adhering to the intent of the rules and the procedural and substantive protections afforded eligible students under law. The ultimate goal of the project is to improve the instructional services and educational outcomes and opportunities available to eligible students and the cost effectiveness of the services and programs. Nothing in this section shall be construed to permit the waiver of any provision required under federal law.

Subd. 2. [ELIGIBILITY; APPLICATIONS.] (a) The commissioner shall make application forms available to school districts interested in exploring effective alternatives for delivering certain special education services and programs as described in this section. Interested school districts must have their application to participate in the project approved by their local school board after a public hearing on the matter. Applications must be submitted to the commissioner by January 1, 1995. The application must describe how the applicant proposes to realize the purpose and goal of the project, including what activities and procedures the applicant proposes and whether the applicant seeks to be exempted from Minnesota Rules, part 3525.1341. The commissioner may require additional information of an applicant. The commissioner shall approve 12 applications before March 1, 1995. The commissioner shall ensure an equitable geographical distribution of project participants throughout the state.

(b) The commissioner shall make available to school districts interested in applying to participate in the project discretionary funds under Public Law Number 101-476 to allow the districts to cover the costs of convening their advisory council members under subdivision 6 to assist in developing an application under this subdivision.

Subd. 3. [EXEMPTIONS.] (a) All school districts participating in the project are exempt from the following special education rules through the 1997-1998 school year:

(1) Minnesota Rules, part 3525.1335;

(2) Minnesota Rules, part 3525.2335;

(3) Minnesota Rules, part 3525.2750; and

(4) Minnesota Rules, part 3525.2925, subparts 2, item B, 4, 5, 6, 7, and 9.

(b) After reviewing the applications of the district selected to participate in the project, the commissioner shall exempt six of the 12 project participants from Minnesota Rules, part 3525.1341.

(c) During the term of the project, participating school districts exempt from the rules listed in this subdivision must adhere to the intent of the rules and the procedural and substantive safeguards afforded eligible students under the law.

(d) School districts participating in the pilot projects shall not seek a variance to a special education rule from the state board of education under Minnesota Statutes, section 121.11, subdivision 12, during the term of the project. This prohibition does not include the rules listed in subdivision 3.

Subd. 4. [STUDENTS' RIGHTS.] School districts participating in the project must individually evaluate eligible students enrolled in the district to determine the students' levels of performance. Eligible students are entitled to the procedural protections provided under Public Law Number 101-476 in any matter that affects the students' identification, evaluation, placement, or change in placement, and protections provided under Minnesota Statutes, sections 127.26 to 127.39, in a dismissal proceeding that may result in students' suspension, exclusion, or expulsion. Participating school districts must ensure the protection of students' civil rights, provide equal educational opportunities, and prohibit discrimination. Failure to comply with this subdivision will at least cause a district to become ineligible to participate in the project.

Subd. 5. [TECHNICAL ASSISTANCE.] The commissioner, through the office of compliance and monitoring, shall provide technical assistance to the project participants. In addition, the commissioner shall use discretionary funds available under Public Law Number 101-476 to contract for technical assistance from an independent evaluator in the field of special education to assist project participants in developing and implementing a valid and uniform procedure to evaluate their alternative delivery process.

Subd. 6. [ADVISORY COMMITTEE.] Each project participant shall have an advisory council that reflects the demographic composition of the local community and is composed of members of existing special education-related committees, parents of eligible students with varying disabilities and of different ages enrolled in a participating district, one local representative of advocacy organizations, and district personnel in the field of special education who are potentially affected by the rule exemptions under subdivision 3. Participants that are exempt, or school districts seeking to be exempt under subdivision 2, paragraph (b), from Minnesota Rules, part 3525.1314, must include on the council either a parent of a student with a specific learning disability or a local representative of an organization that advocates on behalf of students with specific learning disabilities. Parents shall compose a majority of council members. The council shall advise the district on planning, delivering, and modifying special education programs and services under this section. The council must approve the district's application to participate in the project before it is submitted to the local school board for approval under subdivision 2. If a project participant is unable to have members of existing special education-related committees on the council, it shall include on the council additional parents of eligible students.

Subd. 7. [EVALUATION; REPORT.] (a) The commissioner shall use the discretionary funds available under Public Law Number 101-476 to contract with an independent evaluator for technical assistance to develop a uniform evaluation procedure for all participants to use to complete a formative and summative evaluation of their experiences in delivering special education services and programs under this section. (2) rooms used by preschool, kindergarten, or first grade students for classrooms, latchkey, day care, early childhood family education or teen parent or similar programs, must be located on the story of exit discharge, and rooms used by second grade students, for any purpose, must be located on the story of exit discharge or one story above unless one of the following conditions is met:

(i) a complete automatic sprinkler system is provided throughout the building, the use of the affected room or space is limited to one grade level at a time, and exiting is provided from the affected room or space which is independent from the exiting system used by older students; or

(ii) a complete approved automatic fire alarm system is installed throughout the building consisting of automatic smoke detection throughout the exit system and approved detection in all rooms and areas other than classrooms and offices, the use of the affected room or space is limited to one grade level at a time and exiting is provided from the affected room or space which is independent from the exiting system used by older students.

(b) For purposes of paragraph (a), clause (2), pupils from second grade down are considered one grade level.

(c) Accessory spaces, including gymnasiums, cafeterias, media centers, auditoriums, libraries, and band and choir rooms, which are used on an occasional basis by preschool, kindergarten, and first and second grade students are permitted to be located one level above or one level below the story of exit discharge, provided the building is protected throughout by a complete automatic sprinkler system or a complete approved corridor smoke detection system.

(d) Paragraphs (a) and (c) supersede any contrary provisions of the state fire code or state building code and rules relating to those codes must be amended by the state agencies having jurisdiction of them.

(e) Paragraphs (a) to (d) are effective for new school buildings beginning July 1, 1994.

Sec. 3. [124.239] [ALTERNATIVE FACILITIES BONDING AND LEVY PROGRAM.]

Subdivision 1. [TO QUALIFY.] An independent or special school district qualifies to participate in the alternative facilities bonding and levy program if the district has:

(1) more than 66 students per grade;

(2) over 1,850,000 square feet of space;

(3) average age of building space is 20 years or older;

(4) insufficient funds from projected health and safety revenue and capital facilities revenue to meet the requirements for deferred maintenance, to make accessibility improvements, or to make fire, safety, or health repairs; and

(5) a ten-year facility plan approved by the commissioner according to subdivision 2.

Subd. 2. [TEN-YEAR PLAN.] (a) A qualifying district must have a ten-year facility plan approved by the commissioner that includes an inventory of projects and costs that would be eligible for:

(1) health and safety revenue;

(2) disabled access levy; and

(3) deferred capital expenditures and maintenance projects necessary to prevent further erosion of facilities.

(b) The school district must:

(1) annually update the plan;

(2) biennially submit a facility maintenance plan; and

(3) indicate whether the district will issue bonds to finance the plan or levy for the costs.

Subd. 3. [BOND AUTHORIZATION.] A school district, upon approval of its school board and the commissioner, may issue general obligation bonds under this section to finance approved facilities plans. Chapter 475, except sections 475.58 and 475.59, must be complied with. The district may levy under subdivision 5 for the debt service revenue. The authority to issue bonds under this section is in addition to any bonding authority authorized by this chapter, or other law. The amount of bonding authority authorized under this section must be disregarded in calculating the bonding or net debt limits of this chapter, or any other law other than section 475.53, subdivision 4.

Subd. 4. [LEVY PROHIBITED FOR CAPITAL PROJECTS.] A district that participates in the alternative facilities bonding and levy program is not eligible to levy and cannot receive aid for any capital projects under sections 124.83 and 124.84. A district may levy for health and safety environmental management costs and health and safety regulatory, hazard assessment, record keeping, and maintenance programs as defined in section 19 and approved by the commissioner.

Subd. 5. [LEVY AUTHORIZED.] A district, after local board approval, may levy for costs related to an approved facility plan as follows:

(a) if the district has indicated to the commissioner that bonds will be issued, the district may levy for the principal and interest payments on outstanding bonds issued according to subdivision 3; or

(b) if the district has indicated to the commissioner that the plan will be funded through levy, the district may levy according to the schedule approved in the plan.

Subd. 6. [SEPARATE ACCOUNT.] A district must establish a separate account under the uniform financial accounting and reporting standards (UFARS) for this program. If the district's levy exceeds the necessary interest and principal payments and noncapital health and safety costs, the district must reserve the revenue to replace future bonding authority, prepay bonds authorized under this program, or make payments on principal and interest.

Sec. 4. Minnesota Statutes 1992, section 124.243, subdivision 1, is amended to read:

Subdivision 1. A school board annually shall, by resolution adopted by a two-thirds vote of its governing body and after notice and hearing, adopt a capital expenditure facilities program. The district shall publish notice of the hearing in its official newspaper at least 20 days before the hearing. A school board may amend its capital expenditure facilities program at any time. The program shall include plans for repair and restoration of existing district-owned facilities and plans for new construction. Plans for new construction and plans for repairs and restoration funded through bond proceeds must be included in the program before notice of the district's intended debt service levy is given to the commissioner for the project costs to be included in the district's required debt service levy under section 124.95 for that year. The program shall include specific provisions to correct any existing health and safety hazards. The program must set forth the facilities to be improved, a schedule of work not more than five years from the adoption or amendment of the program, the estimated cost of the improvements to be made, the estimated property tax effects of the program for the next fiscal year, and the proposed methods of financing the program. The program must be reviewed by the district biennially before July 1 of each odd numbered year, after notice and hearing. After the review, the program may be amended to include the ensuing five year period.

Sec. 5. Minnesota Statutes 1992, section 124.243, subdivision 2, is amended to read:

Subd. 2. [CAPITAL EXPENDITURE FACILITIES REVENUE.] (a) For fiscal years 1994 and 1995, capital expenditure facilities revenue for a district equals \$128 times its actual pupil units for the school year.

(b) For fiscal years 1996 and later, capital expenditure facilities revenue for a district equals \$100 times the district's maintenance cost index times its actual pupil units for the school year.

(c) A district's capital expenditure facilities revenue for a school year shall be reduced if the unreserved balance in the capital expenditure facilities account on June 30 of the prior school year exceeds ~~\$270~~ \$675 times the fund balance pupil units in the prior year as defined in section 124A.26, subdivision 1. If a district's capital expenditure facilities revenue is reduced, the reduction equals the lesser of (1) the amount that the unreserved balance in the capital expenditure facilities account on June 30 of the prior year exceeds ~~\$270~~ \$675 times the fund balance pupil units in the prior year, or (2) the capital expenditure facilities revenue for that year.

(d) For 1996 and later fiscal years, the previous formula revenue equals the amount of revenue computed for the district according to section 124.243 for fiscal year 1995.

(e) Notwithstanding paragraph (b), for fiscal year 1996, the revenue for each district equals 25 percent of the amount determined in paragraph (b) plus 75 percent of the previous formula revenue.

(f) Notwithstanding paragraph (b), for fiscal year 1997, the revenue for each district equals 50 percent of the amount determined in paragraph (b) plus 50 percent of the previous formula revenue.

(g) Notwithstanding paragraph (b), for fiscal year 1998, the revenue for each district equals 75 percent of the amount determined in paragraph (b) plus 25 percent of the previous formula revenue.

(h) The revenue in paragraph (b) for a district that operates a program under section 121.585, is increased by an amount equal to \$15 times the number of actual pupil units at the site where the program is implemented.

Sec. 6. Minnesota Statutes 1992, section 124.243, subdivision 2a, is amended to read:

Subd. 2a. [EXCEPTION TO FUND BALANCE REDUCTION.] A district may apply to the commissioner for approval for an unreserved fund balance in its capital expenditure facilities account that exceeds \$270 per fund balance pupil unit for a period not to exceed ~~three~~ five years. If the commissioner approves the district's application, the district's capital expenditure facilities revenue shall not be reduced according to subdivision 2. The commissioner may approve a district's application for an exception only if the use of the district's capital expenditure facilities funds are consistent with plans adopted according to subdivision 1.

Sec. 7. Minnesota Statutes 1992, section 124.243, subdivision 6, is amended to read:

Subd. 6. [USES OF REVENUE.] Capital expenditure facilities revenue may be used only for the following purposes:

- (1) to acquire land for school purposes;
- (2) to acquire or construct buildings for school purposes, ~~if approved by the commissioner of education according to applicable statutes and rules up to \$400,000;~~
- (3) to rent or lease buildings, including the costs of building repair or improvement that are part of a lease agreement;
- (4) to improve and repair school sites and buildings, and equip or reequip school buildings with permanent attached fixtures;
- (5) for a surplus school building that is used substantially for a public nonschool purpose;
- (6) to eliminate barriers or increase access to school buildings by individuals with a disability;
- (7) to bring school buildings into compliance with the uniform fire code adopted according to chapter 299F;
- (8) to remove asbestos from school buildings, encapsulate asbestos, or make asbestos-related repairs;
- (9) to clean up and dispose of polychlorinated biphenyls found in school buildings;
- (10) to clean up, remove, dispose of, and make repairs related to storing heating fuel or transportation fuels such as alcohol, gasoline, fuel oil, and special fuel, as defined in section 296.01;
- (11) for energy audits for school buildings and to modify buildings if the audit indicates the cost of the modification can be recovered within ten years;
- (12) to improve buildings that are leased according to section 123.36, subdivision 10;
- (13) to pay special assessments levied against school property but not to pay assessments for service charges;
- (14) to pay principal and interest on state loans for energy conservation according to section 216C.37 or loans made under the northeast Minnesota economic protection trust fund act according to sections 298.292 to 298.298; and
- (15) to purchase or lease interactive telecommunications equipment.

Sec. 8. Minnesota Statutes 1992, section 124.243, subdivision 8, is amended to read:

Subd. 8. [FUND TRANSFERS.] (a) Money in the account for capital expenditure facilities revenue must not be transferred into any other account or fund, except that as specified in this subdivision.

(b) The school board may, by resolution, transfer money into the debt redemption fund to pay the amounts needed to meet, when due, principal and interest payments on certain obligations issued according to chapter 475.

(c) A school board may transfer all or a part of its capital expenditure facilities revenue to its capital expenditure equipment account if:

- (1) the district has only one facility and that facility is less than ten years old; or
- (2) the district receives approval from the commissioner to make the transfer.

(d) In considering approval of a transfer under paragraph (c), clause (2), the commissioner must consider the district's facility needs.

Sec. 9. Minnesota Statutes 1992, section 124.243, is amended by adding a subdivision to read:

Subd. 12. [MAINTENANCE COST INDEX.] (a) A district's maintenance cost index is equal to the ratio of:

- (1) the total weighted square footage for all eligible district-owned facilities; and
- (2) the total unweighted square footage of these facilities.

(b) The department shall determine a district's maintenance cost index annually. Eligible district owned facilities shall include only instructional or administrative square footage owned by the district. The commissioner of education may adjust the age of a building or addition for major renovation projects.

(c) The square footage weighting factor for each original building or addition equals the lesser of:

- (1) one plus the ratio of the age in years to 100; or
- (2) 1.5.

(d) The weighted square footage for each original building or addition equals the product of the unweighted square footage times the square footage weighting factor.

Sec. 10. Minnesota Statutes 1992, section 124.244, subdivision 1, is amended to read:

Subdivision 1. [REVENUE AMOUNT.] (a) For fiscal years 1994 and 1995, the capital expenditure equipment revenue for each district equals \$63 times its actual pupil units counted according to section 124.17, subdivision 1, for the school year.

(b) For fiscal years 1996 and later, the capital expenditure equipment revenue for each district equals \$68 times its actual pupil units for the school year.

Sec. 11. [124.2455] [BONDS FOR CERTAIN CAPITAL FACILITIES.]

(a) In addition to other bonding authority, with approval of the commissioner, a school district may issue general obligation bonds for certain capital projects under this section. The bonds must be used only to make capital improvements including:

- (1) under section 124.243, subdivision 6, capital expenditure facilities revenue uses specified in clauses (4), (6), (7), (8), (9), and (10);
- (2) the cost of energy modifications;
- (3) improving handicap accessibility to school buildings; and
- (4) bringing school buildings into compliance with life and safety codes and fire codes.

(b) Before a district issues bonds under this subdivision, it must publish notice of the intended projects, the amount of the bond issue, and the total amount of district indebtedness.

(c) A bond issue tentatively authorized by the board under this subdivision becomes finally authorized unless a petition signed by more than 15 percent of the registered voters of the school district is filed with the school board within 30 days of the board's adoption of a resolution stating the board's intention to issue bonds. The percentage is to be determined with reference to the number of registered voters in the school district on the last day before the petition is filed with the school board. The petition must call for a referendum on the question of whether to issue the bonds for the projects under this section. The approval of 50 percent plus one of those voting on the question is required to pass a referendum authorized by this section.

(d) The bonds may be issued in a principal amount, that when combined with interest thereon, will be paid off with not more than 50 percent of current and anticipated revenue for capital facilities under this section or a successor section for the current year plus projected revenue not greater than that of the current year for the next ten years. Once finally authorized, the district must set aside the lesser of the amount necessary to make the principal and interest payments or 50 percent of the current year's revenue for capital facilities under this section or a successor section each year in a separate account until all principal and interest on the bonds is paid. The district must annually transfer this amount from its capital fund to the debt redemption fund. The bonds must be paid off within ten years of issuance. The bonds must be issued in compliance with chapter 475, except as otherwise provided in this section.

Sec. 12. Minnesota Statutes 1992, section 124.37, is amended to read:

124.37 [POLICY AND PURPOSE.]

The rates of increase in school population in Minnesota and population shifts and economic changes in recent years, and anticipated in future years, have required and will require large expenditures for performing the duty of the state and its subdivisions to provide a general and uniform system of public schools. The state policy has been to require these school costs to be borne primarily by the local subdivisions. In most instances the local subdivisions have been, and will be, able to provide the required funds by local taxation as supplemented by the aids usually given to all school districts from state income tax and other state aids. There are, however, exceptional cases due to local conditions not found in most other districts where, either temporarily or over a considerable period of years, the costs will exceed the maximum which the local taxpayers can be reasonably expected to bear. In some districts having bonds of several issues outstanding, debt service tax levy requirements are excessive for some years because of heavy bond principal payments accumulating in some of the years due to overlapping or short term issues. The policy and purpose of sections 124.36 to 124.47 is to utilize the credit of the state, to a limited degree, to relieve those school districts, but only those, where the maximum effort by the district is inadequate to provide the necessary money. It is also the purpose of sections 124.36 to 124.47 to promote efficient use of school buildings. To that end, a district that receives a maximum effort loan is encouraged to design and use its facility to integrate social services and library services.

Sec. 13. Minnesota Statutes 1992, section 124.38, is amended by adding a subdivision to read:

Subd. 4a. [LEVY.] "Levy" means a district's net debt service levy after the reduction of debt service equalization aid under section 124.95, subdivision 5. For taxes payable in 1994 and later, each district's maximum effort debt service levy for purposes of subdivision 7, shall be reduced by an equal number of percentage points if the commissioner determines that the levy reduction will not result in a statewide property tax as would be required under Minnesota Statutes 1992, section 124.46, subdivision 3. A district's levy that is adjusted under this section shall not be reduced below 18.74 percent of the district's adjusted net tax capacity.

Sec. 14. Minnesota Statutes 1992, section 124.431, subdivision 1, is amended to read:

Subdivision 1. [CAPITAL LOAN REQUESTS AND USES.] Capital loans are available only to qualifying districts. Capital loans must not be used for the construction of swimming pools, ice arenas, athletic facilities, auditoriums, ~~day care centers~~, bus garages, or heating system improvements. Proceeds of the loans may be used only for sites for education facilities and for acquiring, bettering, furnishing, or equipping education facilities. Contracts must be entered into within 18 months after the date on which each loan is granted. For purposes of this section, "education facilities" includes space for Head Start programs and social service programs.

Sec. 15. Minnesota Statutes 1992, section 124.431, subdivision 1a, is amended to read:

Subd. 1a. [CAPITAL LOANS ELIGIBILITY.] Beginning July 1, 1992, a district is not eligible for a capital loan unless the district's estimated net debt tax rate as computed by the commissioner after debt service equalization aid would be more than 20 percent of adjusted net tax capacity. The estimate must assume a 20-year maturity schedule for new debt.

Sec. 16. Minnesota Statutes 1992, section 124.431, subdivision 2, is amended to read:

Subd. 2. [DISTRICT REQUEST FOR REVIEW AND COMMENT.] A school district or a joint powers district that intends to apply for a capital loan must submit a proposal to the commissioner for review and comment according to section 121.15 on or before July 1. The commissioner must prepare a review and comment on the proposed facility, regardless of the amount of the capital expenditure required to construct the facility. In addition to the information provided under section 121.15, subdivision 7, the commissioner shall consider the following criteria in determining whether to make a positive review and comment.

(a) To grant a positive review and comment the commissioner must determine that all of the following conditions are met:

- (1) the facilities are needed for pupils for whom no adequate facilities exist or will exist;
- (2) the district will serve, on average, at least 80 pupils per grade or is eligible for sparsity revenue;
- (3) no form of cooperation with another district would provide the necessary facilities;
- (4) the facilities are comparable in size and quality to facilities recently constructed in other districts that have similar enrollments;
- (5) the facilities are comparable in size and quality to facilities recently constructed in other districts that are financed without a capital loan;
- (6) the district is projected to maintain or increase its average daily membership over the next five years or is eligible for sparsity revenue;
- (7) the current facility poses a threat to the life, health, and safety of pupils, and cannot reasonably be brought into compliance with fire, health, or life safety codes;
- (8) the district has made a good faith effort, as evidenced by its maintenance expenditures, to adequately maintain the existing facility during the previous ten years and to comply with fire, health, and life safety codes and state and federal requirements for handicapped accessibility; and
- (9) the district has made a good faith effort to encourage integration of social service programs within the new facility; and
- (10) evaluations by school boards of adjacent districts have been received.

(b) The commissioner may grant a negative review and comment if:

- (1) the state demographer has examined the population of the communities to be served by the facility and determined that the communities have not grown during the previous five years;
- (2) the state demographer determines that the economic and population bases of the communities to be served by the facility are not likely to grow or to remain at a level sufficient, during the next ten years, to ensure use of the entire facility;
- (3) the need for facilities could be met within the district or adjacent districts at a comparable cost by leasing, repairing, remodeling, or sharing existing facilities or by using temporary facilities;
- (4) the district plans do not include cooperation and collaboration with health and human services agencies and other political subdivisions; or
- (5) if the application is for new construction, an existing facility that would meet the district's needs could be purchased at a comparable cost from any other source within the area.

Sec. 17. Minnesota Statutes 1992, section 124.431, subdivision 14, is amended to read:

Subd. 14. [BOND SALE LIMITATIONS.] A district having an outstanding state loan must not issue and sell any bonds on the public market, except to refund state loans, unless it agrees to make the maximum effort debt service levy in each later year at the higher rate provided in section 124.38, subdivision 7, and unless it schedules the maturities of the bonds according to section 475.54, subdivision 2. A district that refunds bonds at a lower interest rate may continue to make the maximum effort debt service levy in each later year at the current rate provided in section 124.38, subdivision 7, if the district can demonstrate to the commissioner's satisfaction that the district's repayments of the state loan will not be reduced below the previous year's level. The district shall report each sale to the commissioner of education.

After a district's capital loan has been outstanding for 20 years, the district must not issue bonds on the public market except to refund the loan.

Sec. 18. Minnesota Statutes 1992, section 124.494, subdivision 1, is amended to read:

Subdivision 1. [QUALIFICATION.] Any group of school districts that meets the criteria required under subdivision 2 may apply for an incentive grant in an amount not to exceed the lesser of ~~\$6,000,000~~ \$5,000,000 or 75 percent of the approved construction costs of a cooperative secondary education facility.

Sec. 19. Minnesota Statutes 1992, section 124.494, subdivision 2, is amended to read:

Subd. 2. [REVIEW BY COMMISSIONER.] (a) Any group of districts that submits an application for a grant shall submit a proposal to the commissioner for review and comment under section 121.15, and the commissioner shall prepare a review and comment on the proposed facility, regardless of the amount of the capital expenditure required to acquire, construct, remodel or improve the secondary facility. The commissioner must not approve an application for an incentive grant for any secondary facility unless the facility receives a favorable review and comment under section 121.15 and the following criteria are met:

- (1) a minimum of three or more districts, with kindergarten to grade 12 enrollments in each district of no more than 1,200 pupils, enter into a joint powers agreement;
- (2) a joint powers board representing all participating districts is established under section 471.59 to govern the cooperative secondary facility;
- (3) the planned secondary facility will result in the joint powers district meeting the requirements of Minnesota Rules, parts 3500.2010 and 3500.2110;
- (4) at least 198 pupils would be served in grades 10 to 12, 264 pupils would be served in grades 9 to 12, or 396 pupils would be served in grades 7 to 12;
- (5) no more than one superintendent is employed by the joint powers board as a result of the cooperative secondary facility agreement;
- (6) a statement of need is submitted, that may include reasons why the current secondary facilities are inadequate, unsafe or inaccessible to the handicapped;
- (7) an educational plan is prepared, that includes input from both community and professional staff;
- (8) a combined seniority list for all participating districts is developed by the joint powers board;
- (9) an education program is developed that provides for more learning opportunities and course offerings, including the offering of advanced placement courses, for students than is currently available in any single member district;
- (10) a plan is developed for providing instruction of any resident students in other districts when distance to the secondary education facility makes attendance at the facility unreasonably difficult or impractical; and

(11) the joint powers board established under clause (2) discusses with technical colleges located in the area how vocational education space in the cooperative secondary facility could be jointly used for secondary and post-secondary purposes.

(b) To the extent possible, the joint powers board is encouraged to provide for severance pay or for early retirement incentives under section 125.611, for any teacher or administrator, as defined under section 125.12, subdivision 1, who is placed on unrequested leave as a result of the cooperative secondary facility agreement.

(c) For the purpose of paragraph (a), clause (8), each school district must be considered to have started school each year on the same date.

(d) The districts may develop a plan that provides for the location of social service, health, and other programs serving pupils and community residents within the cooperative secondary facility. The commissioner shall consider this plan when preparing a review and comment on the proposed facility.

(e) The districts shall schedule and conduct a meeting on library services. The school districts, in cooperation with the regional public library system and its appropriate member libraries, shall discuss the possibility of including jointly operated library services at the cooperative secondary facility.

Sec. 20. Minnesota Statutes 1992, section 124.494, is amended by adding a subdivision to read:

Subd. 4a. [COLOCATION GRANT.] A group of districts that receives a grant under subdivision 4 is also eligible to receive an additional grant in the amount of \$1,000,000. To receive the additional grant, the group of districts must develop a plan under subdivision 2, paragraph (d), that provides for the location of a significant number of noneducational student and community service programs within the cooperative secondary facility.

Sec. 21. [124.829] [HEALTH, SAFETY, AND ENVIRONMENTAL MANAGEMENT.]

"Health, safety, and environmental management" means school district activities necessary for a district's compliance with state law and rules of the departments of health, labor and industry, public safety, and pollution control agency as well as any related federal standards. These activities include hazard assessment, required training, record keeping, and program management.

Sec. 22. Minnesota Statutes 1992, section 124.83, subdivision 1, is amended to read:

Subdivision 1. [HEALTH AND SAFETY PROGRAM.] To receive health and safety revenue for any fiscal year a district, including an intermediate district, must submit to the commissioner of education an application for aid and levy by the date determined by the commissioner. The application may be for hazardous substance removal, fire ~~code compliance~~, ~~or~~ and life safety ~~code repairs~~, ~~labor and industry regulated facility and equipment violations~~, and health, safety, and environmental management. The application must include a health and safety program adopted by the school district board. The program must include the estimated cost, ~~per building~~, of the program by fiscal year.

Sec. 23. Minnesota Statutes 1992, section 124.83, subdivision 2, is amended to read:

Subd. 2. [CONTENTS OF PROGRAM.] A district ~~may~~ must adopt a health and safety program. The program ~~may~~ must include plans, ~~where applicable~~, for hazardous substance removal, fire ~~code compliance~~, ~~or~~ and life safety ~~code repairs~~, ~~regulated facility and equipment violations~~, and health, safety, and environmental management.

(a) A hazardous substance plan must contain provisions for the removal or encapsulation of asbestos from school buildings or property, asbestos-related repairs, cleanup and disposal of polychlorinated biphenyls found in school buildings or property, and cleanup, removal, disposal, and repairs related to storing heating fuel or transportation fuels such as alcohol, gasoline, fuel, oil, and special fuel, as defined in section 296.01. If a district has already developed a plan for the removal or encapsulation of asbestos as required by the federal Asbestos Hazard Emergency Response Act of 1986, a new plan is not necessary the district may use a summary of that plan, which includes a description and schedule of response actions, for purposes of this section. The plan must also contain provisions to make modifications to existing facilities and equipment necessary to limit personal exposure to hazardous substances, as regulated by the federal Occupational Safety and Health Administration under Code of Federal Regulations, title 29, part 1910, subpart Z, or is determined by the commissioner to present a significant risk to district staff or student health and safety as a result of foreseeable use, handling, accidental spill, exposure, or contamination.

(b) A fire and life safety plan must contain a description of the current fire and life safety code violation violations, a plan for the removal or repair of the fire and life safety hazard, and a description of safety preparation and awareness procedures to be followed until the hazard is fully corrected.

~~A life safety plan must contain a description of the life safety hazard and a plan for its removal or repair.~~

(c) A facilities and equipment violation plan must contain provisions to correct health and safety hazards as provided in department of labor and industry standards pursuant to section 182.655.

(d) A health, safety, and environmental management plan must contain a description of training, record keeping, hazard assessment, and program management as defined in section 124.829.

(e) A plan to test for and mitigate radon produced hazards.

Sec. 24. Minnesota Statutes 1992, section 124.83, subdivision 4, is amended to read:

Subd. 4. [HEALTH AND SAFETY LEVY.] To receive health and safety revenue, a district may levy an amount equal to the district's health and safety revenue as defined in subdivision 3 multiplied by the lesser of one, or the ratio of the quotient derived by dividing the adjusted net tax capacity of the district for the year preceding the year the levy is certified by the actual pupil units in the district for the school year to which the levy is attributable, to ~~\$3,515~~ 50 percent of the equalizing factor.

Sec. 25. Minnesota Statutes 1992, section 124.83, subdivision 6, is amended to read:

Subd. 6. [USES OF HEALTH AND SAFETY REVENUE.] Health and safety revenue may be used only for approved expenditures necessary to correct fire safety hazards, life safety hazards, or for the removal or encapsulation of asbestos from school buildings or property, asbestos-related repairs, cleanup and disposal of polychlorinated biphenyls found in school buildings or property, or the cleanup, removal, disposal, and repairs related to storing heating fuel or transportation fuels such as alcohol, gasoline, fuel oil, and special fuel, as defined in section 296.01, labor and industry regulated facility and equipment hazards, and health, safety, and environmental management. Health and safety revenue must not be used for the construction of new facilities or the purchase of portable classrooms. The revenue may not be used for a building or property or part of a building or property used for post-secondary instruction or administration or for a purpose unrelated to elementary and secondary education.

Sec. 26. Minnesota Statutes 1992, section 124.83, is amended by adding a subdivision to read:

Subd. 8. [HEALTH, SAFETY, AND ENVIRONMENTAL MANAGEMENT COST.] (a) A district's cost for health, safety, and environmental management is limited to the lesser of:

(1) actual cost to implement their plan; or

(2) an amount determined by the commissioner, based on enrollment, building age, and size.

(b) Five-elevenths of the proceeds of the levy shall be used for special education. Six-elevenths of the proceeds of the levy shall be used for secondary vocational education.

(c) When a school district joins or withdraws from an intermediate school district after July 1, 1991, the department of education shall recalculate the levy certified for taxes payable in 1989, for the purpose of determining the levy amount authorized under paragraph (a), clause (1), to reflect the change in membership of the intermediate school district. Subd. 7. [CERTIFICATES OF INDEBTEDNESS.] After a levy has been certified according to subdivision 6, an intermediate school board may issue and sell certificates of indebtedness in anticipation of the collection of levies, but in aggregate amounts that will not exceed the portion of the levies which is then not collected and not delinquent.

When by virtue of chapter 278, sections 270.07, 375.192, or otherwise, the net tax capacity of a city, township or school district for a taxable year is reduced after the taxes for the year have been spread by the county auditor, and when the local tax rate determined by the county auditor based on the original net tax capacity is applied on the reduced net tax capacity and does not produce the full amount of taxes actually levied and certified for that taxable year on the original net tax capacity, the city, township or school district may include an additional amount in its tax levy made following final determination and notice of the reduction in net tax capacity. The amount shall equal the difference between the total amount of taxes actually levied and certified for that taxable year upon the original net tax capacity, not exceeding the maximum amount which could be raised on the net tax capacity as reduced, within existing local tax rate limitations, if any, and the amount of taxes collected for that taxable year on the reduced net tax capacity. The total tax levy authorized for a school district by this section may also include an amount equal to any interest paid on the abatement refunds. The levy for a school district shall be reduced by the total amount of any abatement adjustments received by the district pursuant to section 124.214, subdivision 2, in the same calendar year in which the levy is certified. As part of the certification required by section 124.918, subdivision 1, the commissioner of education shall certify the amount of the abatement levy limitation adjustment for each school district headquartered in that county.

The commissioner shall report the amount of the excess to the county auditor and the auditor shall reduce the tax levy otherwise to be included in the rolls next prepared by the amount certified. The commissioner shall prescribe the form and calculation to be used in computing the excess amount. The school board may, with the approval of the commissioner, retain the excess amount if it is necessary to ensure the prompt and full payment of the obligations and any call premium on the obligations, or will be used for redemption of the obligations in accordance with their terms. The school board may, with the approval of the commissioner, specify a tax levy in a higher amount if necessary because of anticipated tax delinquency or for cash flow needs to meet the required payments from the debt redemption fund.

If the governing body, including the governing body of a school district, in any year makes an irrevocable appropriation to the debt service fund of money actually on hand or if there is on hand any excess amount in the debt service fund, the recording officer may certify to the county auditor the fact and amount thereof and the auditor shall reduce by the amount so certified the amount otherwise to be included in the rolls next thereafter prepared.

Sec. 26. [125.706] [PREPARATION TIME.]

Beginning with agreements effective July 1, 1995, and thereafter, all collective bargaining agreements for teachers provided for under Minnesota Statutes, chapter 179A, must include provisions for preparation time or a provision indicating that the parties to the agreement chose not to include preparation time in the contract.

If the parties cannot agree on preparation time the following provision shall apply and be incorporated as part of the agreement: "Within the student day for every 25 minutes of instructional time, a minimum of five additional minutes of preparation time shall be provided to each licensed teacher. Preparation time shall be provided in one or two uninterrupted blocks during the student day. Exceptions to this may be made by mutual agreement between the district and the exclusive representative of the teachers."

Sec. 27. [125.80] [TEACHER LUNCH PERIOD.]

Each teacher shall be provided with a duty-free lunch period, scheduled according to school board policy or negotiated agreement.

Sec. 28. [126.681] [EVALUATION OF PUPIL GROWTH AND PROGRESS; PERMANENT RECORDS.]

Each school district shall provide a testing program for the purpose of measuring pupil growth and for curriculum evaluation, as well as a system for grading and making reports to parents. Each district shall develop an appropriate program of pupil progress and promotion for its elementary, middle, and secondary schools. Each district shall keep accurate and complete individual, permanent, cumulative personal records for all pupils.

Sec. 29. [126.699] [PARENTAL CURRICULUM REVIEW.]

Each school district shall have a procedure for a parent, guardian, or an adult student, 18 years of age or older, to review the content of the instructional materials to be provided to a minor child or to an adult student and, if the parent, guardian, or adult student objects to the content, to make reasonable arrangements with school personnel for alternative instruction. Alternative instruction may be provided by the parent, guardian, or adult student if the alternative instruction, if any, offered by the school board does not meet the concerns of the parent, guardian, or adult student. The school board is not required to pay for the costs of alternative instruction provided by a parent, guardian, or adult student. School personnel may not impose an academic or other penalty upon a student merely for arranging alternative instruction under this section. School personnel may evaluate and assess the quality of the student's work.

Sec. 30. Minnesota Statutes 1992, section 144.29, is amended to read:

144.29 [HEALTH RECORDS; CHILDREN OF SCHOOL AGE.]

It shall be the duty of every school nurse, school physician, school attendance officer, superintendent of schools, principal, teacher, and of the persons charged with the duty of compiling and keeping the school census records, to cause a permanent public health record to be kept for each child of school age. Such record shall be kept in such form that it may be transferred with the child to any school which the child shall attend within the state and transferred to the commissioner when the child ceases to attend school. It shall contain a record of such health matters as shall be prescribed by the commissioner, and of all mental and physical defects and handicaps which might permanently cripple or handicap the child. Nothing in sections 144.29 to 144.32 shall be construed to require any child whose parent or guardian objects in writing thereto to undergo a physical or medical examination or treatment. A copy shall be forwarded to the proper department of any state to which the child shall remove. Each district shall assign a teacher, school nurse, or other professional person to review, at the beginning of each school year, the health record of all pupils under the assignee's direction. Growth, results of vision and hearing screening, and findings obtained from health assessments must be entered periodically on the pupil's health record.

## ARTICLE 15

Section 1. Minnesota Statutes 1992, section 124A.029, subdivision 4, is amended to read:

Subd. 4. [PER PUPIL REVENUE OPTION.] A district may, by school board resolution, request that the department convert the levy authority under section 124.912, subdivisions 2 and 3, or its current referendum revenue, excluding authority based on a dollar amount, authorized before July 1, 1991 1993, to an allowance per pupil. The district must adopt a resolution and submit a copy of the resolution to the department by July 1, 1992 1993. The department shall convert a district's revenue for fiscal year 1994 1995 and later years as follows: the revenue allowance equals the amount determined by dividing the district's maximum revenue under section 124A.03 or 124.912, subdivisions 2 and 3, for fiscal year 1993 1994 by the district's 1992-1993 1993-1994 actual pupil units. A district's maximum revenue for all later years for which the revenue is authorized equals the revenue allowance times the district's actual pupil units for that year. If a district has referendum authority under section 124A.03 and levy authority under section 124.912, subdivisions 2 and 3, and the district requests that each be converted, the department shall convert separate revenue allowances for each. However, if a district's referendum revenue is limited to a dollar amount, the maximum revenue under section 124A.03 must not exceed that dollar amount. If the referendum authority of a district is converted according to this subdivision, the authority expires July 1, 1997 June 30, 1997, unless it is scheduled to expire sooner.

## Sec. 2. [DECLINING PUPIL UNIT AID.]

(a) For fiscal year 1994 only, a school district is eligible for declining pupil unit aid equal to the greater of zero or the result of the following computation:

(1) add 77 percent of the district's actual pupil units for fiscal year 1994 and 23 percent of the district's actual pupil units for fiscal year 1993;

(2) subtract from the amount calculated in clause (1) the district's actual pupil units for fiscal year 1994; and

(3) multiply the amount determined in clause (2) by the basic formula allowance for that year.

(b) The aid amount calculated under paragraph (a) is available from the general education appropriation under article 1, section 41, subdivision 2, to the department of education for payment of declining pupil unit aid.

Sec. 3. [FISCAL YEAR 1996 AND FISCAL YEAR 1997 APPROPRIATIONS.]

The appropriations for the 1996-1997 biennium for programs contained in this bill will be \$2,770,488,000 for fiscal year 1996 and \$2,953,102,000 for fiscal year 1997, plus or minus any adjustments due to variance in pupil forecasts, levies or other factors generating entitlements for the general revenue program established in Minnesota Statutes, section 124A.04. These amounts will first be allocated to fully fund the general revenue program. Amounts remaining will be allocated to other programs in proportion to the fiscal year 1995 appropriations or the entitlements generated by existing law for those programs for each year, up to the amount of the entitlement or the fiscal year 1995 appropriations. Any amounts remaining after allocation to these other programs may be maintained in a reserve account pending recommendations of the governor and legislature in the 1995 session.

Sec. 4. [EFFECTIVE DATE.]

Section 1 is effective the day following final enactment."

We, the undersigned conferees for H. F. No. 1205, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendment and that H. F. No. 1205 be further amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1992, section 504.33, subdivision 3, is amended to read:

Subd. 3. [DISPLACE.] "Displace" means to demolish, acquire for or convert to a use other than low-income housing, or to provide or spend money that directly results in the demolition, acquisition, or conversion of housing to a use other than low-income housing.

"Displace" does not include providing or spending money that directly results in: (i) housing improvements made to comply with health, housing, building, fire prevention, housing maintenance, or energy codes or standards of the applicable government unit; (ii) housing improvements to make housing more accessible to a handicapped person; or (iii) the demolition, acquisition, or conversion of housing for the purpose of creating owner-occupied housing that consists of no more than four units per structure.

"Displace" does not include downsizing large apartment complexes by demolishing less than 25 percent of the units in the complex or by eliminating units through reconfiguration and expansion of individual units for the purpose of expanding the size of the remaining low-income units. For the purpose of this section, "large apartment complex" means two or more adjacent buildings containing a total of 100 or more units per complex.

Sec. 2. Minnesota Statutes 1992, section 504.33, subdivision 5, is amended to read:

Subd. 5. [LOW-INCOME HOUSING.] (a) "Low-income housing" means either:

(1) rental housing with a rent less than or equal to 30 percent of 50 percent of the median income for the county in which the rental housing is located, adjusted by size; or

(2) rental housing occupied by households with income below 30 percent of the median for the metropolitan area as defined in section 473.121, subdivision 2, adjusted by size.

(b) "Low-income housing" also includes rental housing that has been vacant for less than two years, that was low-income housing when it was last occupied, and that is not condemned as being unfit for human habitation by the applicable government unit.

Sec. 3. Minnesota Statutes 1992, section 504.33, subdivision 7, is amended to read:

Subd. 7. [REPLACEMENT HOUSING.] (a) "Replacement housing" means rental housing that is:

(1) the lesser of (i) the number and corresponding size of low-income housing units displaced, or (ii) sufficient in number and corresponding size of those low-income housing units displaced to meet the demand for those units, Notwithstanding subclauses (i) and (ii), if the housing impact statement shows demonstrated need, displaced units may be replaced by fewer, larger units of comparable total size, except that efficiency and single room occupancy units may not be replaced by units of a larger size;

(2) ~~low-income housing for the greater of at least 15 years or the compliance period of the federal low income housing tax credit under United States Code, title 26, section 42(i)(1), as amended.~~ This section does not prohibit increases in rent to cover operating expenses;

(3) in at least standard condition; and

(4) located in the city where the displaced low-income housing units were located.

Replacement housing may be provided as newly constructed housing, or rehabilitated housing that was previously unoccupied or vacant and in condemnable condition or rent subsidized existing housing that does not already qualify as low-income housing.

(b) Notwithstanding the requirements in paragraph (a), public housing units which are a part of a disposition plan approved by the Department of Housing and Urban Development automatically qualify as replacement housing for public housing units which are displaced.

"Packaging" includes pallets and packing such as blocking, bracing, cushioning, weatherproofing, strapping, coatings, closures, inks, dyes, pigments, and labels.

Sec. 8. Minnesota Statutes 1992, section 115A.03, is amended by adding a subdivision to read:

Subd. 25c. [RECYCLING FACILITY.] "Recycling facility" means a facility at which materials are prepared for reuse in their original form or for use in manufacturing processes that do not cause the destruction of the materials in a manner that precludes further use.

Sec. 9. Minnesota Statutes 1992, section 115A.034, is amended to read:

115A.034 [ENFORCEMENT.]

This chapter may be enforced under ~~section~~ sections 115.071 and 116.072.

## Sec. 10. [115A.415] [SUBSTANDARD DISPOSAL FACILITIES.]

Beginning July 1, 1995:

(1) a person may not deliver unprocessed mixed municipal solid waste to a substandard disposal facility; and

(2) an operator of a substandard disposal facility may not accept unprocessed mixed municipal solid waste for deposit in the disposal facility.

For the purpose of this section, "substandard disposal facility" means a disposal facility that does not meet the design, construction, and operation requirements for a new mixed municipal solid waste facility contained in state rules in effect as of January 1, 1993.

For the purpose of this section, waste is "unprocessed" if it has not, after collection and before disposal, undergone at least one process, as defined in section 115A.03, subdivision 25, excluding storage, exchange, and transfer of the waste.

Sec. 11. Minnesota Statutes 1992, section 115A.54, subdivision 2a, is amended to read:

Subd. 2a. [SOLID WASTE MANAGEMENT PROJECTS.] (a) The office director shall provide technical and financial assistance for the acquisition and betterment of solid waste management projects as provided in this subdivision and section 115A.52. Money appropriated for the purposes of this subdivision must be distributed as grants.

(b) Except as provided in paragraph (c), a project may receive grant assistance up to 25 percent of the capital cost of the project or \$2,000,000, whichever is less, except that projects constructed as a result of intercounty cooperative agreements may receive (1) grant assistance up to 25 percent of the capital cost of the project; or (2) \$2,000,000 times the number of participating counties, whichever is less.

(c) A recycling project or a project to compost or cocompost waste may receive grant assistance up to 50 percent of the capital cost of the project or \$2,000,000, whichever is less, except that projects completed as a result of intercounty cooperative agreements may receive (1) grant assistance up to 50 percent of the capital cost of the project; or (2) \$2,000,000 times the number of participating counties, whichever is less.

(d) Notwithstanding paragraph (e), the agency director may award grants for transfer stations that will initially transfer waste to landfills if the transfer stations are part of a planned resource recovery project, the county where the planned resource recovery facility will be located has a comprehensive solid waste management plan approved by the agency director, and the solid waste management plan proposes the development of the resource recovery facility. If the proposed resource recovery facility is not in place and operating within five eight years of the date of the grant award, the recipient shall repay the grant amount to the state.

(e) Projects without resource recovery are not eligible for assistance.

(f) In addition to any assistance received under paragraph (b) or (c), a project may receive grant assistance for the cost of tests necessary to determine the appropriate pollution control equipment for the project or the environmental effects of the use of any product or material produced by the project.

(g) In addition to the application requirements of section 115A.51, an application for a project serving eligible jurisdictions in only a single county must demonstrate that cooperation with jurisdictions in other counties to develop the project is not needed or not feasible. Each application must also demonstrate that the project is not financially prudent without the state assistance, because of the applicant's financial capacity and the problems inherent in the waste management situation in the area, particularly transportation distances and limited waste supply and markets for resources recovered.

(h) For the purposes of this subdivision, a "project" means a processing facility, together with any transfer stations, transmission facilities, and other related and appurtenant facilities primarily serving the processing facility. The office director shall adopt rules for the program by July 1, 1985.

Sec. 12. Minnesota Statutes 1992, section 115A.5501, subdivision 3, is amended to read:

Subd. 3. [FACILITY COOPERATION AND REPORTS.] The owner or operator of a solid waste composting, incineration, refuse derived fuel or disposal facility shall allow access upon reasonable notice to authorized office, agency, or metropolitan council staff for the purpose of conducting waste composition studies or otherwise assessing the amount of total packaging in the waste delivered to the facility under this section.

Beginning in 1993, by February 1 of each year the owner or operator of a facility governed by this subdivision shall submit a report to the commissioner, on a form prescribed by the commissioner, information specifying the total amount of solid waste received by the facility between January 1 and December 31 of the previous year. The commissioner shall calculate the total amount of solid waste delivered to solid waste facilities from the reports received from the facility owners or operators and shall report the aggregate amount to the director by April 1 of each year. The commissioner shall assess a nonforgivable administrative penalty under section 116.072 of \$500 plus any forgivable amount necessary to enforce this subdivision on any owner or operator who fails to submit a report required by this subdivision.

Sec. 13. Minnesota Statutes 1992, section 115A.551, subdivision 2a, is amended to read:

Subd. 2a. [SUPPLEMENTARY RECYCLING GOALS.] By December 31, 1996, each county will have as a goal to recycle the following amounts:

- (1) for a county outside of the metropolitan area, 30 percent by weight of total solid waste generation;
- (2) for a metropolitan county, 45 percent by weight of total solid waste generation.

Each county will develop and implement or require political subdivisions within the county to develop and implement programs, practices, or methods designed to meet its recycling goal. Nothing in this section or in any other law may be construed to prohibit a county from establishing a higher recycling goal. For the purposes of this subdivision "recycle" and "total solid waste generation" have the meanings given them in subdivision 1, except that neither includes yard waste.

For a county that, by January 1, 1995, is implementing a solid waste reduction program that is approved by the director, the director shall apply three percentage points toward achievement of the recycling goals in this subdivision. In addition, the director shall apply demonstrated waste reduction that exceeds three percent reduction toward achievement of the goals in this subdivision.

Sec. 14. Minnesota Statutes 1992, section 115A.551, subdivision 4, is amended to read:

Subd. 4. [INTERIM MONITORING.] The office, for counties outside of the metropolitan area, and the metropolitan council, for counties within the metropolitan area, shall monitor the progress of each county toward meeting the recycling goals in subdivisions 2 and 2a and. The office shall report to the legislative commission on waste management on the progress of the counties by July 1 of each year. The metropolitan council shall report to the legislative commission on waste management on the progress of the counties by July 1 of each year. If the office or the council finds that a county is not progressing toward the goals in subdivisions 2 and 2a, it shall negotiate with the county to develop and implement solid waste management techniques designed to assist the county in meeting the goals, such as organized collection, curbside collection of source-separated materials, and volume-based pricing.

In even-numbered years the office's progress report may be included in the solid waste management policy report required under section 115A.411. The metropolitan council's progress report shall be included in the report required by section 473.149.

Sec. 15. Minnesota Statutes 1992, section 115A.56, is amended to read:

115A.56 [RECYCLED CONTENT; LABELS.]

(a) A person may not label or otherwise indicate on a product or package for sale or distribution that the product or package contains recycled material unless the label or other indication states the minimum percentage of postconsumer material in the product or package:

- (1) by weight for a finished nonpaper product or package; and

(2) by fiber content for a finished paper product or package.

For the purposes of this section "product" includes advertising materials and campaign material as defined in section 211B.01, subdivision 2.

(b) Paragraph (a) does not apply to products that qualify for and use the recycling emblem established by the state of New York that was in effect on December 14, 1990.

Sec. 16. Minnesota Statutes 1992, section 115A.916, is amended to read:

115A.916 [USED OIL; LAND DISPOSAL PROHIBITED MOTOR AND VEHICLE FLUIDS AND FILTERS; PROHIBITIONS.]

A person may not place used motor oil, brake fluid, power steering fluid, transmission fluid, motor oil filters, or antifreeze:

(1) in mixed municipal solid waste or place used oil;

(2) in or on the land, unless approved by the agency; or

(3) in or on the waters of the state or in a stormwater or wastewater collection or treatment system. This section may be enforced by the agency pursuant to sections 115.071 and 116.072.

For the purposes of this section, "antifreeze" does not include small amounts of antifreeze contained in water used to flush the cooling system of a vehicle after the antifreeze has been drained and does not include deicer that has been used on the exterior of a vehicle.

This section does not apply to antifreeze placed in a wastewater collection system that includes a publicly owned treatment works that is permitted by the agency until July 1, 1995.

Sec. 17. Minnesota Statutes 1992, section 115A.929, is amended to read:

115A.929 [FEES; ACCOUNTING.]

Each local government unit that collects a fee under section 115A.919, 115A.921, or 115A.923 shall account for all revenue collected from the fee waste management fees, together with interest earned on the revenue from the fee fees, separately from other revenue collected by the local government unit and shall report revenue collected from the fee fees and use of the revenue separately from other revenue and use of revenue in any required financial report or audit. For the purposes of this section, "waste management fees" means:

Sec. 18. [115A.9302] [WASTE DEPOSIT DISCLOSURE.]

Subdivision 1. [DISCLOSURE REQUIRED.] By January 1, 1994, and at least annually thereafter, a person that collects construction debris, industrial waste, or mixed municipal solid waste for transportation to a waste facility shall disclose to each waste generator from whom waste is collected the name, location, and type of, and the number of the permit issued by the agency, or its counterpart in another state, if applicable, for the processing or disposal facility or facilities, excluding a transfer station, at which the waste will be deposited. The collector shall note both the primary facility at which the collector most often deposits waste and any alternative facilities regularly used by the collector.

Subd. 2. [FORM OF DISCLOSURE.] A collector shall make the disclosure to the waste generator in writing at least once per year or on any written contract for collection services for that year. If an additional facility becomes either a primary facility or an alternative facility during the year, the collector shall make the disclosure set forth in subdivision 1 within 30 days. A local government unit that collects solid waste without direct charges to waste generators shall make the disclosure on any statement that includes an amount for waste management, provided that, at a minimum, disclosure to waste generators must be made at least twice annually in a form likely to be available to all generators.

Subd. 3. [TRANSFER STATIONS.] If the collector deposits waste at a transfer station, the collector need not disclose the name and location of the transfer station but must disclose the destination of the waste when it leaves the transfer station.

Sec. 19. Minnesota Statutes 1992, section 115A.932, subdivision 1, is amended to read:

Subd. 5. [COUNTY ORGANIZED COLLECTION.] (a) A county may by ordinance require cities and towns within the county to organize collection. Organized collection ordinances of counties may:

- (1) require cities and towns to require the separation and separate collection of recyclable materials;
- (2) specify the material to be separated; and
- (3) require cities and towns to meet any performance standards for source separation that are contained in the county solid waste plan.

(b) A county may itself organize collection under subdivision 4 in any city or town that does not comply with a county organized collection ordinance adopted under this subdivision, and the county may implement, as part of its organized collection, the source separation program and performance standards required by its organized collection ordinance.

Sec. 21. Minnesota Statutes 1992, section 115A.94, subdivision 6, is amended to read:

Subd. 6. [ORGANIZED COLLECTION NOT REQUIRED OR PREVENTED.] (a) The authority granted in this section to organize solid waste collection is optional and is in addition to authority to govern solid waste collection granted by other law.

(1) required to organize collection; or

(2) prevented from organizing collection of solid waste or recyclable material.

(c) Except as provided in subdivision 5, a city, town, or county may exercise any authority granted by any other law, including a home rule charter, to govern collection of solid waste.

Sec. 22. Minnesota Statutes 1992, section 115A.941, is amended to read:

115A.941 [SOLID WASTE; REQUIRED COLLECTION.]

(a) Except as provided in paragraph (b), each city, and town described in section 368.01, with a population of 1,000 or more, and any other town with a population of 5,000 or more shall ensure that every residential household and business in the city or town has solid waste collection service. To comply with this section, a city or town may organize collection, provide collection, or require by ordinance that every household and business has a contract for collection services. An ordinance adopted under this section must provide for enforcement.

(b) A city or town ~~with a population of 5,000 or more~~ described in paragraph (a) may exempt a residential household or business in the city or town from the requirement to have solid waste collection service if the household or business ensures that an environmentally sound alternative is used.

(c) To the extent practicable, the costs incurred by a city or town under this section must be incorporated into the collection system or the enforcement mechanisms adopted under this section by the city or town.

Sec. 23. [115A.9523] [HAZARDOUS PRODUCTS; LABELING.]

Subdivision 1. [DEFINITIONS.] (a) The definitions in this subdivision apply to this section.

(b) "Hazardous product" means a product that, as a product or when it becomes a waste, exhibits a hazardous characteristic of ignitability, corrosivity, reactivity, or toxicity, or any combination of these characteristics, as defined and listed under the criteria in Code of Federal Regulations, title 40, sections 261.20 to 261.24. "Hazardous product" does not include:

(c) "Product" means tangible personal property that is manufactured or imported for retail sale or use in this state. "Product" does not include a durable good with an expected useful life of three years or more.

Subd. 2. [UNIFORM LABEL.] The director shall adopt a rule to establish a uniform label for hazardous products that must include at least a warning that, as waste, the product contains a hazardous material that can harm the environment if not properly managed and information for proper management or disposal of the waste product.

Subd. 3. [LABEL; REQUIRED USE.] After January 1, 2000, a manufacturer may not knowingly offer a hazardous product for distribution, sale, or use in this state unless the product is labeled, on the product itself or on the container, with the label adopted under subdivision 2. This subdivision is not effective if the federal government adopts and implements uniform labeling of hazardous products by January 1, 2000, and if the label required both warns of the presence of hazardous material and informs of proper management of the product as waste. For the purposes of this subdivision, a retailer or a distributor is not a manufacturer and is not subject to the requirements of this section.

Sec. 24. Minnesota Statutes 1992, section 115A.965, subdivision 1, is amended to read:

Subdivision 1. [PACKAGING.] (a) As soon as feasible but not later than August 1, 1993, no manufacturer or distributor may sell or offer for sale or for promotional purposes in this state packaging or a product that is contained in packaging if the packaging itself, or any inks, dyes, pigments, adhesives, stabilizers, or any other additives to the packaging contain any lead, cadmium, mercury, or hexavalent chromium that has been intentionally introduced as an element during manufacture or distribution of the packaging. Intentional introduction does not include the incidental presence of any of the prohibited elements.

(b) For the purposes of this section:

(1) "distributor" means a person who imports packaging or causes packaging to be imported into the state; and

(c) The owner or operator of a solid waste facility whose construction or operation was or is wholly or partially publicly financed, except when the public financing consists entirely of a grant for less than 15 percent of the cost of construction or consists solely of the sale of revenue bonds, and a local government unit that is the owner or operator of a solid waste facility shall submit an annual report to the commissioner that includes:

(1) a schedule of fees charged at the facility for waste management, including all tipping fees, rates, charges, surcharges, and any other fees charged to each classification of customers;

(d) The agency may suspend the operation of a disposal facility whose permittee fails to file the information required under this subdivision. The owner or operator of a facility may not increase fees until 30 days after the owner or operator has submitted a fee schedule amendment to the commissioner.

Subd. 3. [REPORT.] (a) The commissioner shall report to the legislative commission on waste management by July 1 of each odd-numbered year on the economic status and outlook of the state's solid waste management sector including:

(1) an estimate of the extent to which prices for solid waste management paid by consumers reflect costs related to environmental and public health protection, including a discussion of how prices are publicly and privately subsidized and how identified costs of waste management are not reflected in the prices;

~~(2) a discussion of how the market structure for solid waste management influences prices, considering:~~

~~(i) changes in the solid waste management market structure;~~

~~(ii) the relationship between public and private involvement in the market; and~~

~~(iii) the effect on market structures of waste management laws and rules; and~~

~~(3) any recommendations for strengthening or improving the market structure for solid waste management to ensure protection of human health and the environment, taking into account the preferred waste management practices listed in section 115A.02 and considering the experiences of other states.~~

(b) In preparing the report, the commissioner shall:

(1) consult with the director; the metropolitan council; local government units; solid waste collectors, transporters, and processors; owners and operators of solid waste disposal facilities; and other interested persons;

(2) consider information received under subdivision 2; and

(3) analyze information gathered and comments received relating to the most recent solid waste management policy report prepared under section 115A.411.

(c) ~~If an action recommended by the commissioner under paragraph (a) would significantly affect the solid waste management market structure, the commissioner shall, in consultation with the entities listed in paragraph (b), clause (1), prepare and include in the report an analysis of the potential impacts and effectiveness of the action, including impacts on:~~

~~(1) the public and private waste management sectors;~~

~~(2) future innovation and responsiveness to new approaches to solid waste management; and~~

~~(3) the costs of waste management.~~

(d) The report must also include:

(1) statewide and facility by facility estimates of the total potential costs and liabilities associated with solid waste disposal facilities for closure and postclosure care, response costs under chapter 115B, and any other potential costs, liabilities, or financial responsibilities;

(2) statewide and facility by facility requirements for proof of financial responsibility under section 116.07, subdivision 4h, and how each facility is meeting those requirements.

Sec. 27. Minnesota Statutes 1992, section 116.78, is amended by adding a subdivision to read:

Subd. 3a. [WASTE CONTAINERS.] Noninfectious mixed municipal solid waste generated by a facility must be placed for containment, collection, and processing or disposal in containers that are sufficiently transparent that the contents of the containers may be viewed from the exterior of the containers. The operator of a mixed municipal solid waste facility may not refuse to accept mixed municipal solid waste generated by a facility that complies with this subdivision, unless the operator observes that the waste contains sharps or other infectious waste.

Sec. 28. Minnesota Statutes 1992, section 116.92, subdivision 7, is amended to read:

Subd. 7. [FLUORESCENT AND HIGH INTENSITY DISCHARGE LAMPS; LARGE USE APPLICATIONS.] (a) A person who sells fluorescent or high intensity discharge lamps that contain mercury to the owner or manager of an industrial, commercial, office, or multiunit residential building, or to any person who replaces or removes from service outdoor lamps that contain mercury, shall clearly inform the purchaser in writing on the invoice for the lamps, or in a separate writing, that the lamps contain mercury, a hazardous substance that is regulated by federal or state law and that they may not be placed in solid waste. This paragraph does not apply to a person who incidentally sells fluorescent or high intensity discharge lamps at retail to the specified purchasers.

(b) A person who contracts with the owner or manager of an industrial, commercial, office, or multiunit residential building, or with a person responsible for outdoor lighting, to remove from service fluorescent or high intensity discharge lamps that contain mercury shall clearly inform, in writing, the person for whom the work is being done that the lamps being removed from service contain mercury and what the contractor's arrangements are for the management of the mercury in the removed lamps.

Sec. 29. [116.93] [LAMP RECYCLING FACILITIES.]

Subdivision 1. [DEFINITION.] For the purposes of this section, "lamp recycling facility" means a facility operated to remove, recover, and recycle for reuse mercury or other hazardous materials from fluorescent or high intensity discharge lamps.

Subd. 2. [LAMP RECYCLING FACILITY; PERMITS OR LICENSES.] (a) A person may not operate a lamp recycling facility without obtaining a permit or license for the facility from the agency. The permit or license must require:

(2) proof of financial responsibility for closure and any necessary postclosure care at the facility which may include a performance bond or other insurance; and

(3) liability insurance or another financial mechanism that provides proof of financial responsibility for response actions required under chapter 115B.

(b) A lamp recycling facility that is licensed or permitted by a county under section 473.811, subdivision 5b, complies with this subdivision if the license or permit held by the facility contains at least all the terms and conditions required by the agency for a license or permit issued under this subdivision.

(c) A lamp recycling facility with a demonstrated capability for recycling that is in operation prior to adoption of rules for a licensing or permitting process for the facility by the agency may continue to operate in accordance with compliance agreement or other approval by the commissioner until a license or permit is issued by the agency under this subdivision.

Sec. 30. [116.94] [LOOSE FOAM PACKING MATERIAL; DIFFERENTIATION.]

(a) By July 1, 1995, the commissioner shall adopt rules to implement a method for easily and visually differentiating between packing material that is manufactured using only vegetable starches or other renewable resources and packing material manufactured using petroleum and other nonrenewable resources.

(b) For the purposes of this section "packing material" has the meaning given in section 16B.123, subdivision 2.

(c) This section applies only if loose foam packing material manufacturers do not establish and implement a differentiation method that complies with paragraph (a) not later than July 1, 1994.

Sec. 31. Minnesota Statutes 1992, section 216B.241, is amended by adding a subdivision to read:

Subd. 5. [CONSERVATION IMPROVEMENT PROGRAM; EFFICIENT LIGHTING.] (a) Each public utility, cooperative electric association, and municipal utility that provides electric service to retail customers shall include as part of its conservation improvement activities a program to strongly encourage the use of fluorescent and high intensity discharge lamps. The program must include at least a public information campaign to encourage use of the lamps and proper management of spent lamps by all customer classifications.

(b) A public utility that provides electric service at retail to 200,000 or more customers shall establish, either directly or through contracts with other persons, including lamp manufacturers, distributors, wholesalers, and retailers and local government units, a system to collect for delivery to a reclamation or recycling facility spent fluorescent and high intensity discharge lamps from households and from small businesses as defined in section 645.445 that generate an average of fewer than ten spent lamps per year.

(c) A collection system must include establishing reasonably convenient locations for collecting spent lamps from households and financial incentives sufficient to encourage spent lamp generators to take the lamps to the collection locations. Financial incentives may include coupons for purchase of new fluorescent or high intensity discharge lamps, a cash back system, or any other financial incentive or group of incentives designed to collect the maximum number of spent lamps from households and small businesses that is reasonably feasible.

(d) A public utility that provides electric service at retail to fewer than 200,000 customers, a cooperative electric association, or a municipal utility that provides electric service at retail to customers may establish a collection system under paragraphs (b) and (c) as part of conservation improvement activities required under this section.

(e) The commissioner of the pollution control agency may not, unless clearly required by federal law, require a public utility, cooperative electric association, or municipality that establishes a household fluorescent and high intensity discharge lamp collection system under this section to manage the lamps as hazardous waste as long as the lamps are managed to avoid breakage and are delivered to a recycling or reclamation facility that removes mercury and other toxic materials contained in the lamps prior to placement of the lamps in solid waste.

(f) If a public utility, cooperative electric association, or municipal utility contracts with a local government unit to provide a collection system under this subdivision, the contract must provide for payment to the local government unit of all the unit's incremental costs of collecting and managing spent lamps.

(g) All the costs incurred by a public utility, cooperative electric association, or municipal utility for promotion and collection of fluorescent and high intensity discharge lamps under this subdivision are conservation improvement spending under this section.

Sec. 32. Minnesota Statutes 1992, section 325E.1151, subdivision 1, is amended to read:

Subdivision 1. [PURCHASERS MUST RETURN BATTERY OR PAY \$5.] (a) A person who purchases a lead acid battery at retail, except a lead acid battery that is designed to provide power for a boat motor that is purchased at the same time as the battery, must:

- (1) return a lead acid battery to the retailer; or
- (2) pay the retailer a \$5 surcharge.

(b) A person who has paid a \$5 surcharge under paragraph (a) must receive a \$5 refund from the retailer if the person returns a lead acid battery with a receipt for the purchase of a new battery from that retailer within 30 days after purchasing a new lead acid battery.

(c) A retailer may keep the unrefunded surcharges for lead acid batteries not returned within 30 days.

## Sec. 55. [RECYCLING GLOSSY PAPER; TECHNICAL ASSISTANCE; REPORT.]

The director of the office of waste management shall provide technical assistance to persons who collect materials for recycling to encourage collection and recycling of glossy paper magazines and catalogs.

The director shall also survey collectors of recyclable materials in the state and markets for recyclable materials to determine the extent to which glossy paper catalogs and magazines are collected for recycling, the extent to which markets exist for recyclable glossy paper, and the extent to which market demand for glossy paper is being met by recycling collectors. By December 1, 1993, the director shall report to the legislative commission on waste management:

- (1) the approximate percentage of glossy paper in the residential mixed municipal solid waste stream;
- (2) waste management capacity needed to process or dispose of glossy paper as waste and the costs associated with managing glossy paper as waste;

Sec. 57. [BASE UNITS FOR HOMESTEADED MULTIUNIT DWELLINGS.]

Upon application by an owner of a homesteaded multiunit dwelling, a local government unit that collects charges for solid waste collection directly from waste generators shall allocate a single base unit to not more than three dwelling units. The number of base units allocated to a multiunit dwelling must be sufficient to contain the amount of waste generated by the dwelling's occupants. This section expires January 1, 1995.

The council shall use money remitted to it under this paragraph to retire solid waste debt incurred under Minnesota Statutes 1980 to 1990, section 473.831.

Sec. 59. [PENALTIES FOR ENVIRONMENTAL VIOLATIONS; LIST.]

(a) The attorney general shall compile a complete list of existing civil and criminal penalties for violations of laws and rules administered by the pollution control agency.

(b) The list must be submitted by February 1, 1994, to the senate and house of representatives committees on environment and natural resources, the senate committee on crime prevention, and the house of representatives committee on judiciary.

S. F. No. 1437 was reported to the House:

Jacobs moved to amend S. F. No. 1437, as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1992, section 16B.61, subdivision 3, is amended to read:

Subd. 3. [SPECIAL REQUIREMENTS.] (a) [SPACE FOR COMMUTER VANS.] The code must require that any parking ramp or other parking facility constructed in accordance with the code include an appropriate number of spaces suitable for the parking of motor vehicles having a capacity of seven to 16 persons and which are principally used to provide prearranged commuter transportation of employees to or from their place of employment or to or from a transit stop authorized by a local transit authority.

(b) [SMOKE DETECTION DEVICES.] The code must require that all dwellings, lodging houses, apartment houses, and hotels as defined in section 299F.362 comply with the provisions of section 299F.362.

(c) [DOORS IN NURSING HOMES AND HOSPITALS.] The state building code may not require that each door entering a sleeping or patient's room from a corridor in a nursing home or hospital with an approved complete standard automatic fire extinguishing system be constructed or maintained as self-closing or automatically closing.

(d) [CHILD CARE FACILITIES IN CHURCHES; GROUND LEVEL EXIT.] A licensed day care center serving fewer than 30 preschool age persons and which is located in a below ground space in a church building is exempt from the state building code requirement for a ground level exit when the center has more than two stairways to the ground level and its exit.

(e) [CHILD CARE FACILITIES IN CHURCHES; VERTICAL ACCESS.] Until August 1, 1996, an organization providing child care in an existing church building which is exempt from taxation under section 272.02, subdivision 1, clause (5), shall have five years from the date of initial licensure under chapter 245A to provide interior vertical access, such as an elevator, to persons with disabilities as required by the state building code. To obtain the extension, the organization providing child care must secure a \$2,500 performance bond with the commissioner of human services to ensure that interior vertical access is achieved by the agreed upon date.

(f) [FAMILY AND GROUP FAMILY DAY CARE.] The commissioner of administration shall establish a task force to determine occupancy standards specific and appropriate to family and group family day care homes and to examine hindrances to establishing day care facilities in rural Minnesota. The task force must include representatives from rural and urban building code inspectors, rural and urban fire code inspectors, rural and urban county day care licensing units, rural and urban family and group family day care providers and consumers, child care advocacy groups, and the departments of administration, human services, and public safety.

By January 1, 1989, the commissioner of administration shall report the task force findings and recommendations to the appropriate legislative committees together with proposals for legislative action on the recommendations.

Until the legislature enacts legislation specifying appropriate standards, the definition of Group R-3 occupancies in the state building code applies to family and group family day care homes licensed by the department of human services under Minnesota Rules, chapter 9502.

(g) [MINED UNDERGROUND SPACE.] Nothing in the state building codes shall prevent cities from adopting rules governing the excavation, construction, reconstruction, alteration, and repair of mined underground space pursuant to sections 469.135 to 469.141, or of associated facilities in the space once the space has been created, provided the intent of the building code to establish reasonable safeguards for health, safety, welfare, comfort, and security is maintained.

(h) [ENCLOSED STAIRWAYS.] No provision of the code or any appendix chapter of the code may require stairways of existing multiple dwelling buildings of two stories or less to be enclosed.

(i) [DOUBLE CYLINDER DEAD BOLT LOCKS.] No provision of the code or appendix chapter of the code may prohibit double cylinder dead bolt locks in existing single-family homes, townhouses, and first floor duplexes used exclusively as a residential dwelling. Any recommendation or promotion of double cylinder dead bolt locks must include a warning about their potential fire danger and procedures to minimize the danger.

(j) [RELOCATED RESIDENTIAL BUILDINGS.] A residential building relocated within or into a political subdivision of the state need not comply with the state energy code or section 326.371 provided that, where available, an energy audit is conducted on the relocated building.

(k) [AUTOMATIC GARAGE DOOR OPENING SYSTEMS.] The code must require all residential buildings as defined in section 325F.82 to comply with the provisions of sections 325F.82 and 325F.83.

(l) [EXIT SIGN ILLUMINATION.] For a new building on which construction is begun on or after October 1, 1993, or an existing building on which remodeling affecting 50 percent or more of the enclosed space is begun on or after October 1, 1993, the code must prohibit the use of internally illuminated exit signs whose electrical consumption during nonemergency operation exceeds 20 watts of resistive power ~~with a maximum total power consumption of 40 volt amperes (VA).~~ All other requirements in the code for exit signs must be complied with. ~~Power consumption in volt amperes is the resistive power divided by the power factor.~~

Sec. 2. Minnesota Statutes 1992, section 116C.54, is amended to read:

116C.54 [ADVANCE FORECASTING FORECAST REQUIREMENT.]

Subdivision 1. [REPORT.] Every utility which owns or operates, or plans within the next 15 years to own or operate large electric power generating plants or high voltage transmission lines shall develop forecasts as specified in this section. On or before July 1 of each even-numbered year, every such utility shall submit a report of its forecast to the board. The report may be appropriate portions of a single regional forecast or may be jointly prepared and submitted by two or more utilities and shall contain the following information:

(1) Description of the tentative regional location and general size and type of all large electric power generating plants and high voltage transmission lines to be owned or operated by the utility during the ensuing 15 years or any longer period the board deems necessary;

(2) Identification of all existing generating plants and transmission lines projected to be removed from service during any 15 year period or upon completion of construction of any large electric power generating plants and high voltage transmission lines;

(3) Statement of the projected demand for electric energy for the ensuing 15 years and the underlying assumptions for this forecast, such information to be as geographically specific as possible where this demand will occur;

(4) Description of the capacity of the electric power system to meet projected demands during the ensuing 15 years;

(5) Description of the utility's relationship to other utilities and regional associations, power pools or networks; and

(6) Other relevant information as may be requested by the board.

On or before July 1 of each odd-numbered year, a utility shall verify or submit revisions to items (1) and (2).

Subd. 2. [EXCEPTION.] Public electric utilities submitting advance forecasts containing all information specified in subdivision 1 as part of an integrated resource plan filed pursuant to public utilities commission rules shall be excluded from the annual reporting requirement of this section.

Sec. 3. Minnesota Statutes 1992, section 116I.07, subdivision 2, is amended to read:

~~Subd. 2. [NOTICE REQUIREMENT.] An owner or lessee of any real property, or A person acting with the authority of an owner or lessee, who installs or repairs agricultural drainage tile on that property shall be relieved of liability as provided in subdivision 1 only if that owner, lessee or other person acting with authority notifies the designated agent of the owner or operator of the pipeline of the intention to install or repair drainage tile on the property at least seven days before that work commences. An owner or operator of a pipeline shall provide to the county auditor of each county in which that pipeline is located the name, address and phone number of the individual to whom notice shall be given as provided in this subdivision. Notice is effective if made in writing by certified mail to this designated agent of the owner or operator of the pipeline person gives oral or written notice to the one call excavation notice system in compliance with section 216D.04.~~

Sec. 4. Minnesota Statutes 1992, section 216B.09, is amended to read:

216B.09 [STANDARDS; CLASSIFICATIONS; RULES; PRACTICES.]

~~Subdivision 1. [COMMISSION AUTHORITY, GENERALLY.] The commission, after hearing upon reasonable notice had upon pursuant to its own motion or upon complaint, may ascertain and fix just and reasonable standards, classifications, rules, or practices to be observed and followed by any or all public utilities with respect to the service to be furnished;~~

Subd. 2. [ELECTRIC SERVICE.] The commission, after hearing upon reasonable notice pursuant to its own motion or upon complaint, may ascertain and fix adequate and reasonable standards for the measurement of the quantity, quality, pressure, initial voltage, or other condition pertaining to the supply of the service; prescribe reasonable rules for the examination and testing of the service and for the measurement thereof; establish or approve reasonable rules, specifications, and standards to secure the accuracy of all meters, instruments and equipment used for the measurement of any service of any public utility. In this subdivision, service standards or requirements governing any current or voltage originating from the practice of grounding of electrical systems apply to cooperative associations and municipal utilities providing or furnishing retail electric service to agricultural customers.

~~Subd. 3. [FILINGS.] Any standards, classifications, rules, or practices now or hereafter observed or followed by any public utility may be filed by it with the commission, and the same shall continue in force until amended by the public utility or until changed by the commission as herein provided.~~

The commission may require the filing of all rates, including rates charged to and by public utilities.

~~Subd. 4. [APPEARANCES BEFORE FEDERAL AGENCY.] The commission is empowered to appear before the Federal Power Energy Regulatory Commission to offer evidence and to seek appropriate relief in any case in which the rates charged consumers within the state of Minnesota may be affected.~~

Sec. 5. Minnesota Statutes 1992, section 216B.16, subdivision 1a, is amended to read:

Subd. 1a. [SETTLEMENT.] (a) When a public utility submits a general rate filing, the office of administrative hearings, before conducting a contested case hearing, shall convene a settlement conference including all of the parties for the purpose of encouraging settlement of any or all of the issues in the contested case. If a stipulated settlement is not reached before the contested case hearing, the office of administrative hearings may reconvene the settlement conference during or after completion of the contested case hearing at its discretion or a party's request. The office of administrative hearings or the commission may, upon the request of any party and the public utility, extend the procedural schedule of the contested case in order to permit the parties to engage in settlement discussions. An extension must be for a definite period of time not to exceed 60 days.

(b) If the applicant and all intervening parties agree to a stipulated settlement of the case or parts of the case, the settlement must be submitted to the commission. The commission shall accept or reject the settlement in its entirety and, at any time until its final order is issued in the case, may require the office of administrative hearings to conduct a contested case hearing. The commission may accept the settlement on finding that to do so is in the public interest and is supported by substantial evidence. If the commission does not accept the settlement, it may issue an order modifying the settlement subject to the approval of the parties. Each party shall have ten days in which to reject the proposed modification. If no party rejects the proposed modification, the commission's order becomes final. If the commission rejects the settlement, or a party rejects the commission's proposed modification, a contested case hearing must be completed.

Sec. 6. Minnesota Statutes 1992, section 216B.16, subdivision 2, is amended to read:

Subd. 2. [SUSPENSION OF PROPOSED RATES; HEARING; FINAL DETERMINATION DEFINED.] (a) Whenever there is filed with the commission a schedule modifying or resulting in a change in any rates then in force as provided in subdivision 1, the commission may suspend the operation of the schedule by filing with the schedule of rates and delivering to the affected utility a statement in writing of its reasons for the suspension at any time before the rates become effective. The suspension shall not be for a longer period than ten months beyond the initial filing date except as provided in paragraph (b) this subdivision or subdivision 1a. During the suspension the commission shall determine whether all questions of the reasonableness of the rates requested raised by persons deemed interested or by the administrative division of the department of public service can be resolved to the satisfaction of the commission. If the commission finds that all significant issues raised have not been resolved to its satisfaction, or upon petition by ten percent of the affected customers or 250 affected customers, whichever is less, it shall refer the matter to the office of administrative hearings with instructions for a public hearing as a contested case pursuant to chapter 14, except as otherwise provided in this section. The commission may order that the issues presented by the proposed rate changes be bifurcated into two separate hearings as follows: (1) determination of the utility's revenue requirements and (2) determination of the rate design. Upon issuance of both administrative law judge reports, the issues shall again be joined for consideration and final determination by the commission. All prehearing discovery activities of state agency intervenors shall be consolidated and conducted by the department of public service. If the commission does not make a final determination concerning a schedule of rates within ten months after the initial filing date, the schedule shall be deemed to have been approved by the commission; except if:

(1) an extension of the procedural schedule has been granted under subdivision 1a, in which case the schedule of rates is deemed to have been approved by the commission on the last day of the extended period of suspension; or

(2) a settlement has been submitted to and rejected by the commission, the schedule is deemed to have been approved 12 months after the initial filing and the commission does not make a final determination concerning the schedule of rates, the schedule of rates is deemed to have been approved 60 days after the initial or, if applicable, the extended period of suspension.

(b) If the commission finds that it has insufficient time during the suspension period to make a final determination of a case involving changes in general rates because of the need to make final determinations of other previously filed cases involving changes in general rates under this section or section 237.075, the commission may extend the suspension period to the extent necessary to allow itself 20 working days to make the final determination after it has made final determinations in the previously filed cases. An extension of the suspension period under this paragraph does not alter the setting of interim rates under subdivision 3.

(c) For the purposes of this section, "final determination" means the initial decision of the commission and not any order which may be entered by the commission in response to a petition for rehearing or other further relief. The commission may further suspend rates until it determines all those petitions.

Sec. 7. Minnesota Statutes 1992, section 216B.16, subdivision 3, is amended to read:

Subd. 3. [INTERIM RATES.] Notwithstanding any order of suspension of a proposed increase in rates, the commission shall order an interim rate schedule into effect not later than 60 days after the initial filing date. The commission shall order the interim rate schedule ex parte without a public hearing. Notwithstanding the provisions of sections 216.25, 216B.27 and 216B.52, no interim rate schedule ordered by the commission pursuant to this subdivision shall be subject to an application for a rehearing or an appeal to a court until the commission has rendered its final determination. Unless the commission finds that exigent circumstances exist, the interim rate schedule shall be calculated using the proposed test year cost of capital, rate base, and expenses, except that it shall include: (1) a rate of return on common equity for the utility equal to that authorized by the commission in the utility's most recent rate proceeding; (2) rate base or expense items the same in nature and kind as those allowed by a currently effective order of the commission in the utility's most recent rate proceeding; and (3) no change in the existing rate design. In the case of a utility which has not been subject to a prior commission determination, the commission shall base the interim rate schedule on its most recent determination concerning a similar utility.

If, at the time of its final determination, the commission finds that the interim rates are in excess of the rates in the final determination, the commission shall order the utility to refund the excess amount collected under the interim rate schedule, including interest on it which shall be at the rate of interest determined by the commission. The utility shall commence distribution of the refund to its customers within 120 days of the final order, not subject to rehearing or appeal. If, at the time of its final determination, the commission finds that the interim rates are less than the rates in the final determination, the commission shall prescribe a method by which the utility will recover the difference in revenues ~~from~~ between the date of the final determination to and the date the new rate schedules are put into effect. In addition, when an extension is granted for settlement discussions under subdivision 1a, the commission shall allow the utility to also recover the difference in revenues for a length of time equal to the length of the extension.

If the public utility fails to make refunds within the period of time prescribed by the commission, the commission shall sue therefor and may recover on behalf of all persons entitled to a refund. In addition to the amount of the refund and interest due, the commission shall be entitled to recover reasonable attorney's fees, court costs and estimated cost of administering the distribution of the refund to persons entitled to it. No suit under this subdivision shall be maintained unless instituted within two years after the end of the period of time prescribed by the commission for repayment of refunds. The commission shall not order an interim rate schedule in a general rate case into effect as provided by this subdivision until at least four months after it has made a final determination concerning any previously filed change of the rate schedule or the change has otherwise become effective under subdivision 2, unless:

- (1) the commission finds that a four month delay would unreasonably burden the utility, its customers, or its shareholders and that an earlier imposition of interim rates is therefore necessary; or
- (2) the utility files a second general rate case at least 12 months after it has filed a previous general rate case for which the commission has extended the suspension period under subdivision 2.

Sec. 8. Minnesota Statutes 1992, section 216B.241, subdivision 2a, is amended to read:

Subd. 2a. [ENERGY AND CONSERVATION ACCOUNT.] The commissioner shall deposit money contributed under subdivisions 1a and 1b in the energy and conservation account in the general fund. Money in the account is appropriated to the department for programs designed to meet the energy conservation needs of low-income persons and to make energy conservation improvements in areas not adequately served under subdivision 2. Interest on money in the account accrues to the account. ~~Using information collected under section 216C.02, subdivision 1, paragraph (b),~~ The commissioner shall, to the extent possible, allocate enough money to programs for low-income persons to assure that their needs are being adequately addressed. The commissioner shall request the commissioner of finance to transfer money from the account to the commissioner of jobs and training for an energy conservation program for low-income persons. In establishing programs, the commissioner shall consult political subdivisions and nonprofit and community organizations, especially organizations engaged in providing energy and weatherization assistance to low-income persons. At least one program must address the need for energy conservation improvements in areas in which a high percentage of residents use fuel oil or propane to fuel their source of home heating. The commissioner may contract with a political subdivision, a nonprofit or community organization, a public utility, a municipality, or a cooperative electric association to implement its programs.

Sec. 9. Minnesota Statutes 1992, section 216C.02, subdivision 1, is amended to read:

Subdivision 1. [POWERS.] (a) The commissioner may:

- (1) apply for, receive, and spend money received from federal, municipal, county, regional, and other government agencies and private sources;
- (2) apply for, accept, and disburse grants and other aids from public and private sources;
- (3) contract for professional services if work or services required or authorized to be carried out by the commissioner cannot be satisfactorily performed by employees of the department or by another state agency;
- (4) enter into interstate compacts to carry out research and planning jointly with other states or the federal government when appropriate;
- (5) upon reasonable request, distribute informational material at no cost to the public; and
- (6) enter into contracts for the performance of the commissioner's duties with federal, state, regional, metropolitan, local, and other agencies or units of government and educational institutions, including the University of Minnesota, without regard to the competitive bidding requirements of chapters 16A and 16B.

~~(b) The commissioner shall collect information on conservation and other energy-related programs carried on by other agencies, by public utilities, by cooperative electric associations, by municipal power agencies, by other fuel suppliers, by political subdivisions, and by private organizations. Other agencies, cooperative electric associations, municipal power agencies, and political subdivisions shall cooperate with the commissioner by providing information requested by the commissioner. The commissioner may by rule require the submission of information by other program operators. The commissioner shall make the information available to other agencies and to the public and, as necessary, shall recommend to the legislature changes in the laws governing conservation and other energy-related programs to ensure that:~~

- ~~(1) expenditures on the programs are adequate to meet identified needs;~~
- ~~(2) the needs of low income energy users are being adequately addressed;~~
- ~~(3) duplication of effort is avoided or eliminated;~~
- ~~(4) a program that is ineffective is improved or eliminated; and~~
- ~~(5) voluntary efforts are encouraged through incentives for their operators.~~

~~The commissioner shall appoint an advisory task force to help evaluate the information collected and formulate recommendations to the legislature. The task force must include low income energy users.~~

~~(c) By January 15 of each year, the commissioner shall report to the legislature on the projected amount of federal money likely to be available to the state during the next fiscal year, including grant money and money received by the state as a result of litigation or settlements of alleged violations of federal petroleum pricing regulations. The report must also estimate the amount of money projected as needed during the next fiscal year to finance a level of conservation and other energy related programs adequate to meet projected needs, particularly the needs of low income persons and households, and must recommend the amount of state appropriations needed to cover the difference between the projected availability of federal money and the projected needs.~~

"Sec. 6. [353A.083] [PERA-P&F BENEFIT PLAN APPLICABLE TO PRE-1993 CONSOLIDATIONS.]

For any consolidation account in effect on the date of final enactment of section 6, the public employee police and fire fund benefit plan applicable to consolidation account members who have elected or will elect that benefit plan coverage under section 353A.08 is the pre-July 1, 1993 public employees police and fire fund benefit plan unless the applicable municipality approves the extension of the post-June 30, 1993 public employees police and fire fund benefit plan to the consolidation account.

Sec. 7. Minnesota Statutes 1992, section 356.215, subdivision 4g, is amended to read:

Subd. 4g. [AMORTIZATION CONTRIBUTIONS.] (a) In addition to the exhibit indicating the level normal cost, the actuarial valuation must contain an exhibit indicating the additional annual contribution sufficient to amortize the unfunded actuarial accrued liability. For funds governed by chapters 3A, 352, 352B, 352C, 353, 353C, 354, 354A, and 490, the additional contribution must be calculated on a level percentage of covered payroll basis by the established date for full funding in effect when the valuation is prepared. The level percent additional contribution must be calculated assuming annual payroll growth of 6.5 percent. For all other funds, the additional annual contribution must be calculated on a level annual dollar amount basis.

(b) For any fund other than the Minneapolis employees retirement fund, after the first actuarial valuation date occurring after June 1, 1989, if there has not been a change in the actuarial assumptions used for calculating the actuarial accrued liability of the fund, a change in the benefit plan governing annuities and benefits payable from the fund, a change in the actuarial cost method used in calculating the actuarial accrued liability of all or a portion of the fund, or a combination of the three, which change or changes by themselves without inclusion of any other items of increase or decrease produce a net increase in the unfunded actuarial accrued liability of the fund, the established date for full funding for the first actuarial valuation made after June 1, 1989, and each successive actuarial valuation is the first actuarial valuation date occurring after June 1, 2020.

(c) For any fund or plan other than the Minneapolis employees retirement fund, after the first actuarial valuation date occurring after June 1, 1989, if there has been a change in any or all of the actuarial assumptions used for calculating the actuarial accrued liability of the fund, a change in the benefit plan governing annuities and benefits payable from the fund, a change in the actuarial cost method used in calculating the actuarial accrued liability of all or a portion of the fund, or a combination of the three, and the change or changes, by themselves and without inclusion of any other items of increase or decrease, produce a net increase in the unfunded actuarial accrued liability in the fund, the established date for full funding must be determined using the following procedure:

(i) the unfunded actuarial accrued liability of the fund must be determined in accordance with the plan provisions governing annuities and retirement benefits and the actuarial assumptions in effect before an applicable change;

(ii) the level annual dollar contribution or level percentage, whichever is applicable, needed to amortize the unfunded actuarial accrued liability amount determined under item (i) by the established date for full funding in effect before the change must be calculated using the interest assumption specified in subdivision 4d in effect before the change;

(iii) the unfunded actuarial accrued liability of the fund must be determined in accordance with any new plan provisions governing annuities and benefits payable from the fund and any new actuarial assumptions and the remaining plan provisions governing annuities and benefits payable from the fund and actuarial assumptions in effect before the change;

(iv) the level annual dollar contribution or level percentage, whichever is applicable, needed to amortize the difference between the unfunded actuarial accrued liability amount calculated under item (i) and the unfunded actuarial accrued liability amount calculated under item (iii) over a period of 30 years from the end of the plan year in which the applicable change is effective must be calculated using the applicable interest assumption specified in subdivision 4d in effect after any applicable change;

(v) the level annual dollar or level percentage amortization contribution under item (iv) must be added to the level annual dollar amortization contribution or level percentage calculated under item (ii);

(vi) the period in which the unfunded actuarial accrued liability amount determined in item (iii) is amortized by the total level annual dollar or level percentage amortization contribution computed under item (v) must be calculated using the interest assumption specified in subdivision 4d in effect after any applicable change, rounded to the nearest integral number of years, but not to exceed 30 years from the end of the plan year in which the determination of the established date for full funding using the procedure set forth in this clause is made and not to be less than the period of years beginning in the plan year in which the determination of the established date for full funding using the procedure set forth in this clause is made and ending by the date for full funding in effect before the change; and

(vii) the period determined under item (vi) must be added to the date as of which the actuarial valuation was prepared and the date obtained is the new established date for full funding.

(d) For the Minneapolis employees retirement fund, the established date for full funding is June 30, 2020.

(e) For the public employees retirement association police and fire fund, an excess of valuation assets over actuarial accrued liability will be amortized in the same manner over the same period as an unfunded actuarial accrued liability but will serve to reduce the required contribution instead of increasing it."

"Section 1. Minnesota Statutes 1992, section 45.025, is amended by adding a subdivision to read:

Subd. 10. [ALTERNATIVE COMPLIANCE.] In lieu of complying with the provisions of this section with respect to any deposit or certificate of deposit, a depository institution defined in section 19(b)(1)(A)(i)-(vi) of the Federal Reserve Act, United States Code, title 12, section 461, or a deposit broker defined in section 29(g) of the Federal Deposit Insurance Act, United States Code, title 12, section 1831f(g), may comply with the requirements of the Federal Truth in Savings Act and regulations, notwithstanding whether or not that act or those regulations apply to the deposit or certificate of deposit.

Sec. 2. Minnesota Statutes 1992, section 46.044, is amended to read:

46.044 [CHARTERS ISSUED, CONDITIONS.]

Subdivision 1. [CHARTERS ISSUED, CONDITIONS.] If (1) the applicants are of good moral character and financial integrity, (2) there is a reasonable public demand for this bank in this location, (3) the organization expenses being paid by the bank do not exceed those allowed by section 46.043, (4) the probable volume of business in this location is sufficient to insure and maintain the solvency of the new bank and the solvency of the then existing bank or banks in the locality without endangering the safety of any bank in the locality as a place of deposit of public and private money, (5) the commissioner of commerce is satisfied that the proposed bank will be properly and safely managed, and (6) the commissioner is satisfied that the capital funds required pursuant to section 48.02 are available and the commissioner may accept any reasonable demonstration including subscription agreements supported by current financial statements, and (7) the applicant, if it is an interstate bank holding company, as defined in section 48.92, has provided developmental loans as required by section 48.991, and has complied with the net new funds reporting requirements of section 48.93, the application must be granted; otherwise it must be denied. In case of the denial of the application, the commissioner of commerce shall specify the grounds for the denial. A person aggrieved, may obtain judicial review of the determination in accordance with chapter 14.

Subd. 2. [EXPIRATION AND EXTENSION OF ORDER.] If a bank charter is not activated within 18 months from the date of the order, the approval order automatically expires. Upon request of the applicant prior to the automatic expiration date of the order, the commissioner may grant reasonable extensions of time to the applicant to activate the facility as the commissioner deems necessary. The extensions of time shall not exceed a total of an additional 12 months. If the commissioner's order is the subject of an appeal in accordance with chapter 14, the time period referred to in this section for activation of the bank charter and any extensions shall begin when all appeals or rights of appeal from the commissioner's order have concluded or expired.

Sec. 3. Minnesota Statutes 1992, section 46.048, subdivision 1, is amended to read:

Subdivision 1. [REQUIREMENT.] Whenever a change in the outstanding voting stock of a banking institution will result in control or in a change in the control of the banking institution, the person acquiring control of the banking institution shall file notice of the proposed acquisition of control with the commissioner of commerce at least 60 days before the actual effective date of the change. As used in this section, the term "control" means the power to directly or indirectly direct or cause the direction of the management or policies of the banking institution. A change in ownership of capital stock that would result in direct or indirect ownership by a stockholder or an affiliated group of stockholders of less than 25 percent of the outstanding capital stock is not considered a change of control. If there is any doubt as to whether a change in the outstanding voting stock is sufficient to result in control or to effect a change in the control, the doubt shall be resolved in favor of reporting the facts to the commissioner. The commissioner shall use the criteria established by the Financial Institution Regulatory and Interest Rate Control Act of 1987 1978, United States Code, title 12, section 1817(j), and the regulations adopted under it, when reviewing the acquisition and determining if the acquisition should or should not be disapproved.

Subd. 3. [LOANS AND CREDIT ADVANCES.] The exceptions created in subdivision 2 do not include a loan or advance of credit from a financial institution or licensee subject to examination by the commissioner of commerce. The written notice shall be sent to the last known address of the owner or holder as filed with the financial corporation, shall state the date of the automatic renewal and shall state any penalty diminution of interest or other consequences to the owner or holder arising out of the failure to redeem prior to automatic renewal. In lieu of complying with the provisions of this section, a financial corporation may comply with the requirements of the Federal Truth in Savings Act and regulations, notwithstanding whether or not that act or those regulations apply to the deposit.

The credit union shall have a lien on the shares and deposits of a member for any sum due to the credit union from the member, or for any loan endorsed by that member. In addition to any other statutory right of setoff or lien and subject to any contractual provision, if any party to an account is indebted to a credit union, the credit union has a right to setoff against any account in which the party has or had immediately before death a present right of withdrawal. A credit union may, at its discretion, charge an entrance or annual membership fee if authorized by the bylaws.

Sec. 29. Minnesota Statutes 1992, section 53.03, subdivision 5, is amended to read:

Subd. 5. [PLACE OF BUSINESS.] Not more than one place of business may be maintained under any certificate of authorization issued subsequent to the enactment of Laws 1943, chapter 67, pursuant to the provisions of this chapter, but the department of commerce may issue more than one certificate of authorization to the same corporation upon compliance with all the provisions of this chapter governing an original issuance of a certificate of authorization. To the extent that previously filed applicable information remains unchanged, the applicant need not refile this information, unless requested. The filing fee for a branch application shall be \$500 and the investigation fee \$250. ~~If a corporation has been issued more than one certificate of authorization, the corporation shall allocate a portion of capital stock to each office for which a certificate has been issued, in order to comply with the capital requirements of sections 53.02 and 53.05, clause (2), which sections are applicable to each office and the capital allocated thereto in the same manner as if each certificate had been issued to a separate corporation.~~ An industrial loan and thrift corporation with deposit liabilities may change one or more of its locations upon the written approval of the commissioner of commerce. A fee of \$100 must accompany each application to the commissioner for approval to change the location of an established office. An industrial loan and thrift corporation that does not sell and issue thrift certificates for investment may change one or more locations by giving 30 days' written notice to the department of commerce which shall promptly amend the certificate of authorization accordingly. No change in place of business of a company to a location outside of its current trade area or more than 25 miles from its present location, whichever distance is greater, shall be permitted under the same certificate unless all of the applicable requirements of this section have been met.

Sec. 30. Minnesota Statutes 1992, section 53.04, is amended by adding a subdivision to read:

Subd. 5a. A person may enter into a credit sale or service contract for sale to an industrial loan and thrift company operating under this chapter in this state, and an industrial loan and thrift company may purchase and enforce the contract under the terms and conditions set forth in section 51A.385, subdivisions 2 and 5 to 13.

Sec. 31. Minnesota Statutes 1992, section 53.09, is amended by adding a subdivision to read:

Subd. 4. The commissioner may honor requests from interested parties for interpretive opinions in connection with the administration of this chapter. No provision of this chapter or of any other chapter to which this chapter refers which imposes any penalty shall apply to any act done or not done in conformity with any written interpretive opinion of the commissioner, notwithstanding that such written interpretive opinion may, after such act or omission, be amended or rescinded or be determined by judicial or other authority to be invalid for any reason.

Sec. 32. Minnesota Statutes 1992, section 56.10, is amended to read:

56.10 [EXAMINATIONS.]

Subdivision 1. For the purpose of discovering violations of this chapter or securing information lawfully required by the commissioner hereunder, the commissioner may, at any time, either personally or by a person or persons duly designated, investigate the loans and business and examine the books, accounts, records, and files used therein, of every licensee and of every person who shall be engaged in the business described in section 56.01, whether the person shall act or claim to act as principal or agent, or under or without the authority of this chapter. For that purpose the commissioner and a duly designated representative shall have free access to the offices and places of business, books, accounts, papers, records, files, safes, and vaults of all such persons. The commissioner and all persons duly designated shall have authority to require the attendance of and to examine, under oath, all persons whomsoever whose testimony the commissioner may require relative to the loan or the business or to the subject matter of any examination, investigation, or hearing.

Each licensee shall pay to the commissioner such amount as may be required under section 46.131, and the commissioner may maintain an action for the recovery of such costs in any court of competent jurisdiction.

Subd. 2. The commissioner may honor requests from interested parties for interpretive opinions in connection with the administration of this chapter. No provision of this chapter or of any other chapter to which this chapter refers which imposes any penalty shall apply to any act done or omitted to be done in conformity with any written interpretive opinion of the commissioner, notwithstanding that such written interpretive opinion may, after such act or omission, be amended or rescinded or be determined by judicial or other authority to be invalid for any reason.

Sec. 33. Minnesota Statutes 1992, section 56.12, is amended to read:

56.12 [ADVERTISING; TAKING OF SECURITY; PLACE OF BUSINESS.]

No licensee shall advertise, print, display, publish, distribute, or broadcast, or cause or permit to be advertised, printed, displayed, published, distributed, or broadcast, in any manner any statement or representation with regard to the rates, terms, or conditions for the lending of money, credit, goods, or things in action which is false, misleading, or deceptive. The commissioner may order any licensee to desist from any conduct which the commissioner shall find to be a violation of the foregoing provisions.

The commissioner may require that rates of charge, if stated by a licensee, be stated fully and clearly in such manner as the commissioner may deem necessary to prevent misunderstanding thereof by prospective borrowers. In lieu of the disclosure requirements of this section and section 56.14, a licensee may give the disclosures required by the federal Truth-in-Lending Act.

A licensee may take a lien upon real estate as security for any loan exceeding \$2,700 in principal amount made under this chapter. The provisions of sections 47.20 and 47.21 do not apply to loans made under this chapter, except as provided in this section. No loan secured by a first lien on a borrower's primary residence shall be made pursuant to this section if the proceeds of the loan are used to finance the purchase of the borrower's primary residence, unless:

(1) the proceeds of the loan are used to finance the purchase of a manufactured home or a prefabricated building;

or

(2) the proceeds of the loan are used in whole or in part to satisfy the balance owed on a contract for deed.

If the proceeds of the loan are used to finance the purchase of the borrower's primary residence, the licensee shall consent to the subsequent transfer of the real estate if the existing borrower continues after transfer to be obligated for repayment of the entire remaining indebtedness. The licensee shall release the existing borrower from all obligations under the loan instruments, if the transferee (1) meets the standards of credit worthiness normally used by persons in the business of making loans, including but not limited to the ability of the transferee to make the loan payments and satisfactorily maintain the property used as collateral, and (2) executes an agreement in writing with the licensee whereby the transferee assumes the obligations of the existing borrower under the loan instruments. Any such agreement shall not affect the priority, validity or enforceability of any loan instrument. A licensee may charge a fee not in excess of one-tenth of one percent of the remaining unpaid principal balance in the event the loan is assumed by the transferee and the existing borrower continues after the transfer to be obligated for repayment of the entire assumed indebtedness. A licensee may charge a fee not in excess of one percent of the remaining unpaid principal balance in the event the remaining indebtedness is assumed by the transferee and the existing borrower is released from all obligations under the loan instruments, but in no event shall the fee exceed \$150.

A licensee making a loan under this chapter secured by a lien on real estate shall comply with the requirements of section 47.20, subdivision 8.

No licensee shall conduct the business of making loans under this chapter within any office, room, or place of business in which any other business is solicited or engaged in, or in association or conjunction therewith, if the commissioner finds that the character of the other business is such that it would facilitate evasions of this chapter or of the rules lawfully made hereunder. The commissioner may promulgate rules dealing with such other businesses.

No licensee shall transact the business or make any loan provided for by this chapter under any other name or at any other place of business than that named in the license. No licensee shall take any confession of judgment or any power of attorney. No licensee shall take any note or promise to pay that does not accurately disclose the principal amount of the loan, the time for which it is made, and the agreed rate or amount of charge, nor any instrument in which blanks are left to be filled in after execution. Nothing herein is deemed to prohibit the making of loans by mail or arranging for settlement and closing of real estate secured loans by an unrelated qualified closing agent at a location other than the licensed location.

Sec. 34. Minnesota Statutes 1992, section 56.131, subdivision 1, is amended to read:

Subdivision 1. [INTEREST RATES AND CHARGES.] (a) On any loan in a principal amount not exceeding \$35,000 or 15 percent of a Minnesota corporate licensee's capital stock and surplus as defined in section 53.015, if greater, a licensee may contract for and receive interest, calculated according to the actuarial method, not exceeding the equivalent of the greater of any of the following:

(1) the total of: (i) 33 percent per year on that part of the unpaid balance of the principal amount not exceeding \$750; and (ii) 19 percent per year on that part of the unpaid balance of the principal amount exceeding \$750; or

(2) 21.75 percent per year on the unpaid balance of the principal amount.

(b) On any loan where interest has been calculated according to the method provided for in paragraph (a), clause (1), interest must be contracted for and earned as provided in that provision or at the single annual percentage rate computed to the nearest 1/100 of one percent that would earn the same total interest at maturity of the contract as would be earned by the application of the graduated rates provided in paragraph (a), clause (1), when the debt is paid according to the agreed terms and the calculations are made according to the actuarial method.

(c) Loans may be interest-bearing or precomputed.

(d) To compute time on interest-bearing and precomputed loans, including, but not limited to the calculation of interest, a day is considered 1/30 of a month when calculation is made for a fraction of a calendar month. A year is 12 calendar months. A calendar month is that period from a given date in one month to the same numbered date in the following month, and if there is no same numbered date, to the last day of the following month. When a period of time includes a whole month and a fraction of a month, the fraction of a month is considered to follow the whole month.

In the alternative, for interest-bearing loans, a licensee may charge interest at the rate of 1/365 of the agreed annual rate for each actual day elapsed.

(e) With respect to interest-bearing loans:

(1) Interest must be computed on unpaid principal balances outstanding from time to time, for the time outstanding. Each payment must be applied first to the accumulated interest and the remainder of the payment applied to the unpaid principal balance; provided however, that if the amount of the payment is insufficient to pay the accumulated interest, the unpaid interest continues to accumulate to be paid from the proceeds of subsequent payments and is not added to the principal balance.

(2) Interest must not be payable in advance or compounded. However, if part or all of the consideration for a new loan contract is the unpaid principal balance of a prior loan, then the principal amount payable under the new loan contract may include any unpaid interest which has accrued. The unpaid principal balance of a precomputed loan is the balance due after refund or credit of unearned interest as provided in paragraph (f), clause (3). The resulting loan contract is deemed a new and separate loan transaction for all purposes.

(f) With respect to precomputed loans:

(1) Loans must be repayable in substantially equal and consecutive monthly installments of principal and interest combined, except that the first installment period may be more or less than one month by not more than 15 days, and the first installment payment amount may be larger than the remaining payments by the amount of interest charged for the extra days and must be reduced by the amount of interest for the number of days less than one month to the first installment payment; and monthly installment payment dates may be omitted to accommodate borrowers with seasonal income.

(2) Payments may be applied to the combined total of principal and precomputed interest until the loan is fully paid. Payments must be applied in the order in which they become due.

(3) When any loan contract is paid in full by cash, renewal or refinancing, or a new loan, one month or more before the final installment due date, a licensee shall refund or credit the borrower with the total of the applicable charges for all fully unexpired installment periods, as originally scheduled or as deferred, which follow the day of prepayment; if the prepayment is made other than on a scheduled payment date, the nearest scheduled installment payment date must be used in the computation; provided further, if the prepayment occurs prior to the first installment due date, the licensee may retain 1/30 of the applicable charge for a first installment period of one month for each day from the date of the loan to the date of prepayment, and shall refund or credit the borrower with the balance of the total interest contracted for. If the maturity of the loan is accelerated for any reason and judgment is entered, the licensee shall credit the borrower with the same refund as if prepayment in full had been made on the date the judgment is entered.

(4) If an installment, other than the final installment, is not paid in full within ten days of its scheduled due date, a licensee may contract for and receive a default charge not exceeding five percent of the amount of the installment, but not less than \$4.

A default charge under this subdivision may not be collected on an installment paid in full within ten days of its scheduled due date, or deferred installment due date with respect to deferred installments, even though a default or deferral charge on an earlier installment has not been paid in full. A default charge may be collected at the time it accrues or at any time thereafter.

(5) If the parties agree in writing, either in the loan contract or in a subsequent agreement, to a deferment of wholly unpaid installments, a licensee may grant a deferment and may collect a deferment charge as provided in this section. A deferment postpones the scheduled due date of the earliest unpaid installment and all subsequent installments as originally scheduled, or as previously deferred, for a period equal to the deferment period. The deferment period is that period during which no installment is scheduled to be paid by reason of the deferment. The deferment charge for a one-month period may not exceed the applicable charge for the installment period immediately following the due date of the last undeferred payment. A proportionate charge may be made for deferment for periods of more or less than one month. A deferment charge is earned pro rata during the deferment period and is fully earned on the last day of the deferment period. Should a loan be prepaid in full during a deferment period, the licensee shall make or credit to the borrower a refund of the unearned deferment charge in addition to any other refund or credit made for prepayment of the loan in full.

(6) If two or more installments are delinquent one full month or more on any due date, and if the contract so provides, the licensee may reduce the unpaid balance by the refund credit which would be required for prepayment in full on the due date of the most recent maturing installment in default. Thereafter, and in lieu of any other default or deferment charges, the single annual percentage rate permitted by this subdivision may be charged on the unpaid balance until fully paid.

(7) Following the final installment as originally scheduled or deferred, the licensee, for any loan contract which has not previously been converted to interest-bearing under clause (6), may charge interest on any balance remaining unpaid, including unpaid default or deferment charges, at the single annual percentage rate permitted by this subdivision until fully paid.

(8) With respect to a loan secured by an interest in real estate, and having a maturity of more than 60 months, the original schedule of installment payments must fully amortize the principal and interest on the loan. The original schedule of installment payments for any other loan secured by an interest in real estate must provide for payment amounts that are sufficient to pay all interest scheduled to be due on the loan.

Sec. 35. [56.132] [INSTALLMENT SALES CONTRACTS.]

A person may enter into a credit sale or service contract for sale to a licensee under this chapter doing business in this state, and a licensee may purchase and enforce the contract under the terms and conditions set forth in section 51A.385, subdivisions 2 and 5 to 13.

Sec. 36. Minnesota Statutes 1992, section 56.155, subdivision 1, is amended to read:

Subdivision 1. [AUTHORIZATION.] No licensee shall, directly or indirectly, sell or offer for sale any insurance in connection with any loan made under this chapter except as and to the extent authorized by this section. The sale of credit life and credit accident and health insurance is subject to the provisions of chapter 62B, except that the term of the insurance may exceed 60 months if the term of the loan exceeds 60 months. Life, accident, and health insurance,

or any of them, may be written upon or in connection with any loan but must not be required as additional security for the indebtedness. If the debtor chooses to procure credit life insurance or credit accident and health insurance as security for the indebtedness, the debtor shall have the option of furnishing this security through existing policies of insurance that the debtor owns or controls, or of furnishing the coverage through any insurer authorized to transact business in this state. A statement in substantially the following form must be made orally, except for loans by mail pursuant to section 56.12, and provided in writing in bold face type of a minimum size of 12 points to the borrower before the transaction is completed for each credit life and accident and health insurance coverage sold:

**CREDIT LIFE INSURANCE AND CREDIT DISABILITY INSURANCE ARE NOT REQUIRED TO OBTAIN CREDIT. YOU MAY BUY ANY INSURANCE FROM ANYONE YOU CHOOSE OR YOU MAY USE EXISTING INSURANCE.**

The licensee shall disclose whether or not the benefits commence as of the first day of disability and shall further disclose the number of days that an insured obligor must be disabled, as defined in the policy, before benefits, whether retroactive or nonretroactive, commence. In case there are multiple obligors under a transaction subject to this chapter, no policy or certificate of insurance providing credit accident and health benefits may be procured by or through a licensee upon more than one of the obligors. (5) A single service charge, which service charge shall include any consideration, not otherwise specified in this section as an "actual closing cost," paid by the borrower to the lender for or in relation to the acquisition, making, refinancing or modification of a reverse mortgage loan, and shall also include any consideration received by the lender for making a commitment for a reverse mortgage loan, whether or not an actual loan follows the commitment. The service charge shall not exceed one percent of the bona fide committed principal amount of the reverse mortgage loan.

(6) Charges and fees necessary for or related to the transfer of real property securing a reverse mortgage loan or the closing of a reverse mortgage loan agreement paid by the borrower and received by any party other than the lender."

"Sec. 5. [REORGANIZATION; GOALS.]

The legislature finds that it may be desirable to reorganize state services relating to the protection of the environment, protection of farmland, and the management of natural resources to achieve the following goals:

- (1) sustainable development throughout all regions of the state and all sectors of the economy;
- (2) improved delivery of services;
- (3) a preventive approach to environmental degradation;
- (4) citizen participation in all relevant decision-making processes and at meaningful points in the processes; and
- (5) progressively less air, land, and water pollution.

Sec. 6. [REORGANIZATION; OUTCOMES.]

Any reorganization must achieve the following outcomes:

- (1) increased citizen access to pertinent, understandable information relating to environmental protection, farmland protection, and natural resources management;
- (2) better citizen representation, access, and information through an office of public information and advocacy;
- (3) an ecosystem-based, integrated service delivery system that includes the elimination of multiple access points to receive the same or related services;
- (4) the flexibility to enable state and local governments to coordinate and cooperate as well as identify and address existing and emerging environmental issues of state, national, and international import; and
- (5) a commitment to staff development resources sufficient to implement the reorganization.

## Sec. 7. [LEGISLATIVE TASK FORCE ON STATE ADMINISTRATIVE ENVIRONMENTAL STRUCTURE.]

Subdivision 1. [TASK FORCE.] A legislative task force on administrative environmental structure is created to recommend to the legislature an organizational structure for the state that best implements the environmental policy of the state and delineates the responsibility of state government in relation to that policy. The task force will consist of ten members, five appointed by the speaker of the house of representatives and five appointed by the rules and administration subcommittee on committees of the senate. At least two members from each chamber must be members of the minority party in that chamber. The task force shall elect one member from each chamber to serve as cochairs of the task force who shall alternately preside over hearings, unless they agree otherwise.

The house research department, senate counsel and research, and other legislative staff offices shall provide staff for the commission.

Subd. 2. [DUTIES.] (a) In accordance with the environmental policy codified in Minnesota Statutes, section 116D.02, subdivision 1, the responsibility of state government in relation to that policy codified in Minnesota Statutes, section 116D.02, subdivision 2, and the actions required of state agencies under Minnesota Statutes, section 116D.03, the task force shall:

(1) examine all recent analyses, critiques, studies, and recommendations related to state administrative environmental structure that have been completed by June 1, 1993, including, but not limited to, the commission on reform and efficiency study and recommendations relating to environmental structure, structures in other states and proposals made by the governor, members of the legislature, state agencies, or other groups;

(2) gather information from interested groups or individuals that may not have participated in the available analyses, critiques, studies, and recommendations; and

(3) by December 15, 1993, prepare a proposal for legislation that the task force determines will best organize the implementation, administration, and enforcement of the state's environmental policy in an efficient, accessible, and environmentally sustainable and economically viable manner and will best recognize the responsibility of state government in relation to that policy.

(b) In developing its proposal, the task force shall seek to achieve:

(1) a structure based on interdisciplinary, integrated resource management in order to protect and enhance the physical environment of the state;

(2) a structure that promotes and maintains a system that meets the needs of the present without compromising the ability of future generations to meet their own needs and that incorporates a process for change in which the use of natural and other resources, the direction of investments, the orientation of technological development, and institutional change are made consistent with future as well as present needs;

(3) a structure that facilitates the protection of the diversity of plant and animal life in Minnesota;

(4) a flexible structure that enables state agencies to identify and address existing and emerging environmental issues of state, national, and international import;

(5) an integrated approach based on ecosystems for the delivery of services, including decentralization of service delivery;

(6) increased citizen access to pertinent, understandable information and procedures for implementation and enforcement of environmental protection and natural resources management;

(7) meaningful citizen participation in all relevant policy and decision-making processes;

(8) a structure that recognizes legitimate conflicts of interest and provides for their resolution;

(9) clarity of the mission of all state agencies in light of the state's environmental policy and the responsibility and accountability of those agencies in relation to that policy;

(10) a preventive approach to environmental degradation;

(11) a balanced system of regulatory controls, financial incentives, technical assistance, and educational components to achieve environmental goals and compliance with law; and

(12) a structure that can identify and capture cost savings where those savings can be made without reducing the ability to implement and enforce the state's environmental policy.

(c) The proposal must include provisions to ensure continuity of services, as smooth a transition as possible if structural changes are recommended, and meaningful public employee and public agency participation in determining and implementing future administrative environmental structures.

Subd. 3. [PUBLIC HEARINGS.] As soon as possible after development of the proposal, the task force shall distribute the proposal to all interested persons and shall hold hearings throughout the state designed to gather responses to the proposal from all perspectives. Hearings must be held in convenient locations and at convenient times to maximize the ability of the public to participate in the hearings.

Subd. 4. [FINAL LEGISLATIVE PROPOSAL.] The task force shall revise the proposal, as it determines advisable, and shall issue a final proposal by February 15, 1994, for consideration by the legislature during the 1994 legislative session. The task force is abolished effective May 1, 1994.

Sec. 8. [EMPLOYEE PARTICIPATION COMMITTEE.]

(a) Before any restructuring of executive branch agencies, a committee including representatives of employees and employers within each affected agency must be established and be given adequate time to perform the functions prescribed by paragraph (b). Each exclusive representative of employees shall select a committee member from each of its bargaining units in each affected agency. The head of each agency shall select an employee member from each unit of employees not represented by an exclusive representative. The agency head shall also appoint one or more committee members to represent the agency. The number of members appointed by the agency head, however, may not exceed the total number of members representing bargaining units.

(b) A committee established under paragraph (a) shall:

(1) identify tasks related to agency reorganization and adopt plans for addressing those tasks;

S. F. No. 782 was reported to the House.

Clark moved to amend S. F. No. 782, as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1992, section 256B.0625, subdivision 13, is amended to read:

Subd. 13. [DRUGS.] (a) Medical assistance covers drugs if prescribed by a licensed practitioner and dispensed by a licensed pharmacist, or by a physician enrolled in the medical assistance program as a dispensing physician. The commissioner, after receiving recommendations from the Minnesota Medical Association and the Minnesota Pharmacists Association, shall designate a formulary committee to advise the commissioner on the names of drugs for which payment is made, recommend a system for reimbursing providers on a set fee or charge basis rather than the present system, and develop methods encouraging use of generic drugs when they are less expensive and equally effective as trademark drugs. ~~The commissioner shall appoint the formulary committee members no later than 30 days following July 1, 1981.~~ The formulary committee shall consist of nine members, four of whom shall be physicians who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, three of whom shall be pharmacists who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, a consumer representative, and a nursing home representative. Committee members shall serve two-year terms and shall serve without compensation.

(b) The commissioner shall establish a drug formulary. Its establishment and publication shall not be subject to the requirements of the administrative procedure act, but the formulary committee shall review and comment on the formulary contents. The formulary committee shall review and recommend drugs which require prior authorization. The formulary committee may recommend drugs for prior authorization directly to the commissioner, as long as opportunity for public input is provided. Prior authorization may be requested by the commissioner based on medical and clinical criteria before certain drugs are eligible for payment. Before a drug may be considered for prior authorization at the request of the commissioner:

(1) the drug formulary committee must develop criteria to be used for identifying drugs; the development of these criteria is not subject to the requirements of chapter 14, but the formulary committee shall provide opportunity for public input in developing criteria;

(2) the drug formulary committee must hold a public forum and receive public comment for an additional 15 days; and

(3) the commissioner must provide information to the formulary committee on the impact that placing the drug on prior authorization will have on the quality of patient care and information regarding whether the drug is subject to clinical abuse or misuse. Prior authorization may be required by the commissioner before certain formulary drugs are eligible for payment. The formulary shall not include:

(i) drugs or products for which there is no federal funding;

(ii) over-the-counter drugs, except for antacids, acetaminophen, family planning products, aspirin, insulin, products for the treatment of lice, vitamins for adults with documented vitamin deficiencies, and vitamins for children under the age of seven and pregnant or nursing women; or any other over-the-counter drug identified by the commissioner, in consultation with the drug formulary committee, as necessary, appropriate, and cost-effective for the treatment of certain specified chronic diseases, conditions or disorders, and this determination shall not be subject to the requirements of chapter 14, ~~the administrative procedure act;~~

~~nutritional products, except for those products needed for treatment of phenylketonuria, hyperlysinemia, maple syrup urine disease, a combined allergy to human milk, cow milk, and soy formula, or any other childhood or adult diseases, conditions, or disorders identified by the commissioner as requiring a similarly necessary nutritional product;~~

(iii) anorectics; and

(iv) drugs for which medical value has not been established.

~~Nutritional products needed for the treatment of a combined allergy to human milk, cow's milk, and soy formula require prior authorization. Separate payment shall not be made for nutritional products for residents of long-term care facilities; payment for dietary requirements is a component of the per diem rate paid to these facilities. Payment to drug vendors shall not be modified before the formulary is established except that the commissioner shall not permit payment for any drugs which may not by law be included in the formulary, and the commissioner's determination shall not be subject to chapter 14, the administrative procedure act. The commissioner shall publish conditions for prohibiting payment for specific drugs after considering the formulary committee's recommendations.~~

(b) (c) The basis for determining the amount of payment shall be the lower of the actual acquisition costs of the drugs plus a fixed dispensing fee established by the commissioner, the maximum allowable cost set by the federal government or by the commissioner plus the fixed dispensing fee or the usual and customary price charged to the public. Actual acquisition cost includes quantity and other special discounts except time and cash discounts. The actual acquisition cost of a drug may be estimated by the commissioner. The maximum allowable cost of a multisource drug may be set by the commissioner and it shall be comparable to, but no higher than, the maximum amount paid by other third party payors in this state who have maximum allowable cost programs. Establishment of the amount of payment for drugs shall not be subject to the requirements of the administrative procedure act. An additional dispensing fee of \$.30 may be added to the dispensing fee paid to pharmacists for legend drug prescriptions dispensed to residents of long-term care facilities when a unit dose blister card system, approved by the department, is used. Under this type of dispensing system, the pharmacist must dispense a 30-day supply of drug. The National Drug Code (NDC) from the drug container used to fill the blister card must be identified on the claim to the department. The unit dose blister card containing the drug must meet the packaging standards set forth in Minnesota Rules, part 6800.2700, that govern the return of unused drugs to the pharmacy for reuse. The pharmacy provider will be required to credit the department for the actual acquisition cost of all unused drugs that are eligible for reuse. Over-the-counter medications must be dispensed in the manufacturer's unopened package. The commissioner may permit the drug clozapine to be dispensed in a quantity that is less than a 30-day supply. Whenever a generically equivalent product is available, payment shall be on the basis of the actual acquisition cost of the generic drug, unless the prescriber specifically indicates "dispense as written - brand necessary" on the prescription as required by section 151.21, subdivision 2. Implementation of any change in the fixed dispensing fee that has not been subject to the administrative procedure act is limited to not more than 180 days, unless, during that time, the commissioner initiates rulemaking through the administrative procedure act.

(e) (d) Until January 4, 1993, or the date the Medicaid Management Information System (MMIS) upgrade is implemented, whichever occurs last, a pharmacy provider may require individuals who seek to become eligible for medical assistance under a one-month spend-down, as provided in section 256B.056, subdivision 5, to pay for services to the extent of the spend-down amount at the time the services are provided. A pharmacy provider choosing this option shall file a medical assistance claim for the pharmacy services provided. If medical assistance reimbursement is received for this claim, the pharmacy provider shall return to the individual the total amount paid by the individual for the pharmacy services reimbursed by the medical assistance program. If the claim is not eligible for medical assistance reimbursement because of the provider's failure to comply with the provisions of the medical assistance program, the pharmacy provider shall refund to the individual the total amount paid by the individual. Pharmacy providers may choose this option only if they apply similar credit restrictions to private pay or privately insured individuals. A pharmacy provider choosing this option must inform individuals who seek to become eligible for medical assistance under a one-month spend-down of (1) their right to appeal the denial of services on the grounds that they have satisfied the spend-down requirement, and (2) their potential eligibility for the health right program or the children's health plan.

Sec. 2. Minnesota Statutes 1992, section 256B.0625, is amended by adding a subdivision to read:

Subd. 32. [NUTRITIONAL PRODUCTS.] (a) Medical assistance covers nutritional products needed for nutritional supplementation because solid food or nutrients thereof cannot be properly absorbed by the body or needed for treatment of phenylketonuria, hyperlysinemia, maple syrup urine disease, a combined allergy to human milk, cow's

milk, and soy formula, or any other childhood or adult diseases, conditions, or disorders identified by the commissioner as requiring a similarly necessary nutritional product. Nutritional products needed for the treatment of a combined allergy to human milk, cow's milk, and soy formula require prior authorization. Separate payment shall not be made for nutritional products for residents of long-term care facilities. Payment for dietary requirements is a component of the per diem rate paid to these facilities.

(b) The commissioner shall designate a nutritional supplementation products advisory committee to advise the commissioner on nutritional supplementation products for which payment is made. The committee shall consist of nine members, one of whom shall be a physician, one of whom shall be a pharmacist, two of whom shall be registered dieticians, one of whom shall be a public health nurse, one of whom shall be a representative of a home health care agency, one of whom shall be a provider of long-term care services, and two of whom shall be consumers of nutritional supplementation products. Committee members shall serve two-year terms and shall serve without compensation.

(c) The advisory committee shall review and recommend nutritional supplementation products which require prior authorization. The commissioner shall develop procedures for the operation of the advisory committee so that the advisory committee operates in a manner parallel to the drug formulary committee."

Where conditions do not permit the burning of the slashings, debris, or refuse over the entire area so covered, the commissioner may require such person to dispose of the same in such a way as to establish a safe fire line around the area requiring such protection, the fire line to be of a width and character satisfactory to the commissioner, or otherwise to dispose of the same so as to eliminate the ~~fire~~ wildfires hazard therefrom.

Subd. 2. When any person who has been directed by the commissioner, or forest officers to dispose of such slashings, debris, or refuse fails to comply with these directions the person shall be deemed guilty of a misdemeanor; ~~and, on conviction thereof, punished by a fine of not less than \$25, and not exceeding \$100, and costs of prosecution; or by imprisonment in the county jail for not less than ten and not exceeding 90 days, and each day during which the failure to comply with the requirements of the commissioner continues shall be deemed a separate and distinct violation of sections 88.02 to 88.21; but any number of these offenses may be prosecuted as separate counts of one charge or information.~~

Subd. 7. Every contract made by or on behalf of any municipality or political subdivision of this state which involves the cutting of any timber on the right of way of a public highway shall provide in terms for compliance with the foregoing provisions, but the failure to include this provision in the contract shall not relieve the contractor from the duty to ~~burn and~~ dispose of these slashings.

Subd. 8. In all cases not herein provided for, where timber is cut in, upon, or adjoining any forest land and no specific directions are given by the commissioner, or forest officer, for the disposal of slashings and debris resulting therefrom, all such slashings and debris within 200 feet of any adjoining timber land or any public highway, railroad, portage, or lake shore, shall ~~nevertheless be piled in separate and compact piles ready for burning, which piling shall be done~~ be properly disposed of by the person by or for whom the timber was cut ~~within 15 days after such timber was cut and such person shall thereafter make such further disposition of such slashings and debris as the commissioner, or forest officer, may direct.~~

Page 1, after line 14, insert:

"Section 1. Minnesota Statutes 1992, section 161.082, subdivision 2a, is amended to read:

Subd. 2a. [TOWN BRIDGES AND CULVERTS; TOWN ROAD ACCOUNT.] An amount equal to 25 percent of the county turnback account must be expended, within counties having two or more towns, on town road bridge structures that are ten feet or more in length and on town road culverts that replace existing town road bridges. In addition, if the present bridge structure is less than ten feet in length but a hydrological survey indicates that the replacement bridge structure or culvert must be ten feet or more in length, then the bridge or culvert is eligible for replacement funds. In addition, if a culvert that replaces a deficient bridge is in a county comprehensive water plan approved by the board of water and soil resources and the department of natural resources, the costs of the culvert and roadway grading other than surfacing are eligible for replacement funds up to the cost of constructing a replacement bridge. The expenditures on bridge structures and culverts may be on a matching basis, and if on a matching basis, not more than 90 percent of the cost of a bridge structure or culvert may be paid from the county turnback account. When bridge approach construction work exceeds \$10,000 in costs, or when the county engineer determines that the cost of the replacement culverts alone will not exceed \$20,000, the town shall be eligible for financial assistance from the town bridge account. Financial assistance shall be limited to 90 percent of the cost of the bridge approach work that is in excess of \$10,000 and shall be requested by resolution of the county board and shall be limited to:

(1) 100 percent of the cost of the bridge approach work that is in excess of \$10,000; or

(2) 100 percent of the cost of the replacement culverts when the cost does not exceed \$20,000 and the town board agrees to be responsible for all the other costs, which may include costs for structural removal, installation, and permitting. The replacement structure design and costs shall be approved and certified by the county engineer, but need not be subsequently approved by the department of transportation.

An amount equal to 47.5 percent of the county turnback account must be set aside as a town road account and distributed as provided in section 162.081."
