The commissioner shall promulgate pursuant to chapter 14, rules establishing minimum standards for these facilities with respect to their management, operation, physical condition, and the security, safety, health, treatment, and discipline of persons detained or confined therein. Commencing September 1, 1980, no individual, corporation, partnership, voluntary association, or other private organization legally responsible for the operation of a correctional facility may operate the facility unless licensed by the commissioner of corrections. The commissioner shall annually review the correctional facilities described in this subdivision, except as otherwise provided herein, to determine compliance with the minimum standards established pursuant to this subdivision. The commissioner shall grant a license to any facility found to conform to minimum standards or to any facility which, in the commissioner's judgment, is making satisfactory progress toward substantial conformity and the interests and well-being of the persons detained or confined therein are protected. The commissioner shall have access to the buildings, grounds, books, records, staff, and to persons detained or confined in these facilities. The commissioner may require the officers in charge of these facilities to furnish all information

(4) When the commissioner finds that any facility described in clause (1), except foster care facilities for delinquent children and youth as provided in subdivision 2, does not substantially conform to the minimum standards established by the commissioner and is not making satisfactory progress toward substantial conformance, the commissioner shall promptly notify the chief executive officer and the governing board of the facility of the deficiencies and order that they be remedied within a reasonable period of time. The commissioner may by written order restrict the use of any facility which does not substantially conform to minimum standards to prohibit the detention of any person therein for more than 72 hours at one time. When, after due notice and hearing, the commissioner finds that any facility described in this subdivision, except county jails and lockups as provided in sections 641.26, 642.10, and 642.11, does not conform to minimum standards, or is not making satisfactory progress toward substantial compliance therewith, the commissioner may issue an order revoking the license of that facility. After revocation of its license, that facility shall not be used until its license is renewed. When the commissioner is satisfied that satisfactory progress towards substantial compliance with minimum standard is being made, the commissioner may, at the request of the appropriate officials of the affected facility supported by a written schedule for compliance, grant an extension of time for a period not to exceed one year.

(5) As used in this subdivision, "correctional facility" means any facility, including a group home, having a residential component, the primary purpose of which is to serve persons placed therein by a court, court services department, parole authority, or other correctional agency having dispositional power over persons charged with, convicted, or adjudicated to be guilty or delinquent.

The application for temporary classification is public.

Upon the filing of an application for temporary classification, the data which is the subject of the application shall be deemed to be classified as set forth in the application for a period of 45 days, or until the application is disapproved, rejected, or granted by the commissioner chief information officer, whichever is earlier.

If the commissioner chief information officer determines that an application has been submitted for purposes not consistent with this section, the commissioner chief information officer may immediately reject the application, give notice of that rejection to the applicant, and return the application. When the applicant receives the notice of rejection from the commissioner chief information officer, the data which was the subject of the application shall have the classification it had before the application was submitted to the commissioner chief information officer.

Sec. 32. Minnesota Statutes 1992, section 13.06, subdivision 4, is amended to read:

Subd. 4. [PROCEDURE WHEN CLASSIFICATION AFFECTS OTHERS.] If the commissioner chief information officer determines that an application for temporary classification involves data which would reasonably be classified in the same manner by all agencies, political subdivisions, or statewide systems similar to the one which made the application, the commissioner chief information officer may approve or disapprove the classification for data of the kind which is the subject of the application for the use of all agencies, political subdivisions, or statewide systems similar to the applicant. On deeming this approach advisable, the commissioner chief information officer shall provide notice of the proposed action by publication in the state register and by notification to the intergovernmental information systems advisory council, within ten days of receiving the application. Within 45 days after the close of the period for submitting comment, the commissioner chief information officer shall grant or disapprove the application. Applications processed under this subdivision shall be either approved or disapproved by the commissioner chief information officer within 90 days of the receipt of the application. For purposes of subdivision 1, the data which is the subject of the classification shall be deemed to be classified as set forth in the application for a period of 90 days, or until the application is disapproved or granted by the commissioner chief information officer, whichever is earlier. If requested in the application, or determined to be necessary by the commissioner chief information officer, the data in the application shall be so classified for all agencies, political subdivisions, or statewide systems similar to the applicant until the application is disapproved or granted by the commissioner chief information officer, whichever is earlier. Proceedings after the grant or disapproval shall be governed by the provisions of subdivision 5.

On disapproving an application, the commissioner chief information officer shall set forth in detail reasons for the disapproval, and shall include a statement of belief as to what classification is appropriate for the data which is the subject of the application. Twenty days after the date of the commissioner's chief information officer's disapproval of an application, the data which is the subject of the application shall become public data, unless the responsible authority submits an amended application for temporary classification which requests the classification deemed appropriate by the commissioner chief information officer in the statement of disapproval or which sets forth additional information relating to the original proposed classification. Upon the filing of an amended application, the data which is the subject of the amended application shall be deemed to be classified as set forth in the amended application for a period of 20 days or until the amended application is granted or disapproved by the commissioner chief information officer, whichever is earlier. The commissioner chief information officer shall either grant or disapprove the amended application within 20 days after it is filed. Five working days after the date of the commissioner's chief information officer's disapproval

of the amended application, the data which is the subject of the application shall become public data. No more than one amended application may be submitted for any single file or system.

If the ~~commissioner~~ chief information officer grants an application for temporary classification, it shall become effective immediately, and the complete record relating to the application shall be submitted to the attorney general, who shall review the classification as to form and legality. Within 25 days, the attorney general shall approve the classification, disapprove a classification as confidential but approve a classification as private, or disapprove the classification. If the attorney general disapproves a classification, the data which is the subject of the classification shall become public data five working days after the date of the attorney general's disapproval.

The commissioner of finance may not allot funds appropriated for major purchases of information systems equipment until the office reviews and approves the proposed purchase. A public institution of higher education must not purchase interconnective computer technology without the prior approval of the office.

(f) The office shall review the operation of information systems by state agencies and provide advice and assistance so that these systems are operated efficiently and continually meet the standards and guidelines established by the office. Section 3.751 does not apply to these licensing and royalty agreements and the agreements must include provisions that section 3.751 does not apply and that the state is immune from liability under the agreement.

If an agency needs additional funds to comply with the requirements of this paragraph, the agency must first obtain approval of the proposal by the office as required by paragraph (c) before submitting it to the legislature.

(g) The office must conduct a comprehensive review at least every three years of the information systems investments that have been made by state agencies and higher education institutions. The review must include recommendations on any information systems applications that could be provided in a more cost beneficial manner by an outside source. The incentives must be offered by a state agency or state appointing authority that without the incentives would incur layoffs after May 17, 1993.

Subd. 2. [ELIGIBILITY.] A person employed by a public employer offering the incentive is eligible to receive the incentive if the person:

(1) has at least 25 years of combined service credit in any Minnesota public pension plans governed by Minnesota Statutes, section 356.30, subdivision 3, or for purposes of the incentive in subdivision 3, paragraph (b) only, is at least 65 years old and has at least one year of combined service credit in these pension plans;

Greenfield moved to amend S. F. No. 44, as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1992, section 501B.89, is amended to read:

501B.89 ~~[EXCULPATORY CLAUSES TRUST PROVISIONS LINKED TO PUBLIC ASSISTANCE ELIGIBILITY UNENFORCEABLE; SUPPLEMENTAL NEEDS TRUSTS.]~~

Subdivision 1. [TRUSTS CONTAINING LIMITATIONS LINKED TO ELIGIBILITY FOR PUBLIC ASSISTANCE.]  
 (a) Except as allowed by subdivision 2, a provision in a trust created after July 1, 1992, purporting to make assets or income unavailable to a beneficiary that provides for the suspension, termination, limitation, or diversion of the principal, income, or beneficial interest of a beneficiary if the beneficiary applies for or is determined eligible for, or receives public assistance or benefits under a public health care program is unenforceable as against the public policy of this state, without regard to the irrevocability of the trust or the purpose for which the trust was created.

(b) This subdivision applies to trust provisions created after July 1, 1992. For purposes of this section, a trust provision is created on the date of execution of the first instrument that contains the provision, even though the trust provision is later amended or reformed or the trust is not funded until a later date.

Subd. 2. [SUPPLEMENTAL TRUSTS FOR PERSONS WITH DISABILITIES.] (a) It is the public policy of this state to enforce supplemental needs trusts as provided in this subdivision.

(b) For purposes of this subdivision, a "supplemental needs trust" is a trust created for the benefit of a person with a disability and funded by someone other than the trust beneficiary, the beneficiary's spouse, or anyone obligated to pay any sum for damages or any other purpose to or for the benefit of the trust beneficiary under the terms of a settlement agreement or judgment.

(c) For purposes of this subdivision, a "person with a disability" means a person who, prior to creation of a trust which otherwise qualifies as a supplemental needs trust for the person's benefit:

(1) is considered to be a person with a disability under the disability criteria specified in Title II or Title XVI of the Social Security Act; or

(2) has a physical or mental illness or condition which, in the expected natural course of the illness or condition, either prior to or following creation of the trust, to a reasonable degree of medical certainty, is expected to:

(i) last for a continuous period of 12 months or more; and

(ii) substantially impair the person's ability to provide for the person's care or custody.

Disability may be established conclusively for purposes of this subdivision by the written opinion of a licensed professional who is qualified to diagnose the illness or condition, confirmed by the written opinion of a second licensed professional who is qualified to diagnose the illness or condition.

(d) The general purpose of a supplemental needs trust must be to provide for the reasonable living expenses and other basic needs of a person with a disability when benefits from publicly funded benefit programs are not sufficient to provide adequately for those needs. Subject to the restrictions contained in this paragraph, a supplemental needs trust may authorize distributions to provide for all or any portion of the reasonable living expenses of the beneficiary. A supplemental needs trust may allow or require distributions only in ways and for purposes that supplement or complement the benefits available under medical assistance, Minnesota supplemental aid, and other publicly funded benefit programs for disabled persons. A supplemental needs trust must contain provisions that prohibit disbursements that would have the effect of replacing, reducing, or substituting for publicly funded benefits otherwise available to the beneficiary or rendering the beneficiary ineligible for publicly funded benefits.

(e) A supplemental needs trust is not enforceable if the trust beneficiary becomes a patient or resident after age 64 in a state institution or nursing facility for six months or more and, due to the beneficiary's medical need for care in an institutional setting, there is no reasonable expectation that the beneficiary will ever be discharged from the institution or facility. For purposes of this paragraph "reasonable expectation" means that the beneficiary's attending physician has certified that the expectation is reasonable. For purposes of this paragraph, a beneficiary participating in a group residential program is not deemed to be a patient or resident in a state institution or nursing facility.

(f) The trust income and assets of a supplemental needs trust are considered available to the beneficiary for medical assistance purposes to the extent they are considered available to the beneficiary under medical assistance, supplemental security income, or aid to families with dependent children methodology, whichever is used to determine the beneficiary's eligibility for medical assistance. For other public assistance programs established or administered under state law, assets and income will be considered available to the beneficiary in accordance with the methodology applicable to the program.

(g) Nothing in this subdivision requires submission of a supplemental needs trust to a court for interpretation or enforcement.

(h) Paragraphs (a) to (g) apply to supplemental needs trusts whenever created, but the limitations and restrictions in paragraphs (c) to (g) apply only to trusts created after June 30, 1993.

## Sec. 2. [EFFECTIVE DATE; APPLICATION.]

Section 1 is effective retroactive to July 1, 1992.

Notwithstanding the provisions of section 1, subdivision 2, providing that a supplemental needs trust may not be funded by the beneficiary or a person obligated to pay the beneficiary under a settlement agreement or judgment, a supplemental needs trust may be established with the proceeds of payments made by the social security administration pursuant to the United States Supreme Court decision in Sullivan v. Zebley, 110 S.Ct. 885 (1990)."

The commissioner shall publish:

(1) the targets in the State Register by March 15 of the year immediately preceding the year in which the target will be effective except for the year 1993, in which the target shall be published by July 1, 1993;

(2) the quarterly change in the regional consumer price index for urban consumers; and

(3) the health care financing administration forecast for total growth in the national health care expenditures.

(a) The department of health, in consultation with the departments of employee relations, commerce, and revenue and the Minnesota health care commission, shall conduct a study to determine the feasibility of establishing a medical and health care benefits plan to help provide incentives for persons in Minnesota whose employers pay all or part of the cost of medical and health care benefits for their employees to forego unnecessary medical treatment and to shop for the best value in cases where treatment is necessary. The study must address, at a minimum, the advantages and disadvantages of establishing a medical and health care benefits plan and may contain the components and criteria in paragraphs (b) to (f).

(b) Employers each year shall set aside in an account for each of their employees a substantial percentage of the amount that the employers currently or would otherwise spend for medical and health care benefits for each employee. The account is an allowance for medical and health care for the employee during that year.

(c) Employers shall use the remaining percentage amount to purchase or self fund major medical and health care benefits for all employees, which shall pay 100 percent of the cost of any portion of an employee's medical and health care that exceeds the amount in the employee's medical and health care account.

(d) Any amount in an employee's medical and health care account that is unspent belongs to the employee with no restrictions on the purposes for which it may be used.

(e) The amount in an employee's medical and health care account is not subject to state income taxation while it remains in the account. Any amount spent from the account on medical and health care is totally exempt from state income taxation. Any amount spent from the account for any purpose other than medical and health care is subject to state income taxation.

(f) Employers that provide medical and health care benefits to their employees in accordance with the plan shall receive state tax credits against their income for each year that the benefits are provided.

(g) The results of the study must be submitted to the legislature by January 15, 1994."

"Article 1

Cost Containment

Section 1. [62A.68] [LIMIT ON PREMIUM INCREASES.]

Subdivision 1. [DEFINITIONS.] For purposes of this section, "health carrier" has the definition provided in section 62A.011, subdivision 2, and "health plan" has the definition provided in section 62A.011, subdivision 3.

Subd. 2. [REQUIREMENT.] (a) Health carriers are prohibited from increasing average premium rates for each type of health plan sold by more than the rate of increase in the medical care component of the consumer price index for urban consumers for the previous calendar year, minus five percentage points. The average premium rate for a health plan must be calculated by dividing the total premium revenue from the health plan by the number of individuals covered under the health plan. If a health carrier has, as of the effective date of this section, a contract with a health care provider that requires that payments to the health care provider increase at a rate above the rate provided in this subdivision, the commissioner shall, upon request of the health carrier, permit a premium increase in excess of that otherwise permitted under this section, but only to the minimum extent necessary to reflect the contract and only for the term of the contract, not including any renewal.

(b) Each health carrier must submit to the commissioner of commerce or the commissioner of health, as appropriate, an actuarial opinion that the requirement in paragraph (a) has been met for each type of health plan sold. This opinion must be submitted by February 15, 1994, for health plans issued or renewed on or after July 1, 1993, and each February 15 thereafter for health plans issued or renewed during the previous calendar year.

(c) For purposes of enforcing this requirement for health maintenance organizations, the commissioner of health has all the enforcement authority granted under chapter 62D.

(d) This requirement is effective for health plans issued or renewed on or after July 1, 1993.

(e) A health carrier shall not use increased consumer cost sharing as a means of avoiding the effect of this section. If a health carrier desires to increase a deductible, coinsurance, or copayment, the commissioner shall require that the premium rate increase comply with this section when adjusted to eliminate the effect of the increased consumer cost sharing.

Sec. 2. [62A.69] [REQUIRED COST SHARING.]

Subdivision 1. [DEFINITIONS.] For purposes of this section, "health plan" has the definition provided in section 62A.011, subdivision 3.

Subd. 2. [REQUIREMENT.] Every health plan issued or renewed after January 1, 1994, must include deductible, coinsurance, or copayment requirements for enrollees and insureds. Deductible, coinsurance, and copayment requirements must apply to all health care services for which cost sharing is not prohibited by law. Deductibles and coinsurance requirements must be set at a level that does not prevent enrollees and insureds from seeking care that is medically necessary. For purposes of enforcing this requirement for health maintenance organizations, the commissioner of health has all the enforcement authority granted under chapter 62D. Health plans provided under a collective bargaining agreement in effect as of the effective date of this section shall comply as of the first day of a new or renewed agreement.

Sec. 3. [62A.70] [PRESCRIPTION DRUG PRICE NOTIFICATION.]

Subdivision 1. [DEFINITIONS.] For purposes of this section, "health carrier" has the definition provided in section 62A.011, subdivision 2, and "health plan" has the definition provided in section 62A.011, subdivision 3.

Subd. 2. [REQUIREMENT.] Beginning January 1, 1994, health carriers shall regularly provide all physicians participating as providers in a health plan with a list of the average cost to the health carrier of all prescription drugs covered by that health plan. (5) has employed fraud or deception in obtaining or renewing a license, or in passing the examination;

(6) has had a psychology license, certificate, right to examine, or other similar authority revoked, suspended, canceled, limited, or not renewed for cause in any state, commonwealth, or territory of the United States, the District

of Columbia, or any foreign country;

- (7) has failed to meet any requirement for the issuance or renewal of the person's license;
- (8) has failed to cooperate with an investigation of the board as required under subdivision 4; or

(b) If grounds for disciplinary action exist under paragraph (a), the board may take one or more of the following actions:

- (1) refuse to grant or renew a license;

- (1) submit to a quality review, as specified by the board, of the applicant's or licensee's ability, skills, or quality of work; and
- (2) complete to the satisfaction of the board educational courses specified by the board.

Subd. 3. [TEMPORARY SUSPENSION OF LICENSE.] (a) In addition to any other remedy provided by law, the board may temporarily suspend the credentials of a licensee after conducting a preliminary inquiry to determine if the board reasonably believes that the licensee has violated a statute or rule that the board is empowered to enforce and continued practice by the licensee would create an imminent risk of harm to others.

(b) The order may prohibit the licensee from engaging in the practice of psychology in whole or in part and may condition the end of a suspension on the licensee's compliance with a statute, rule, or order that the board has issued or is empowered to enforce.

(c) The order shall give notice of the right to a hearing pursuant to this subdivision and shall state the reasons for the entry of the order.

PERA DEFINED CONTRIBUTION PLAN MEMBERSHIP

Section 1. [PUBLIC EMPLOYEES DEFINED CONTRIBUTION PLAN: ELECTION OF COVERAGE IN CERTAIN INSTANCES.]

(a) Notwithstanding any provision to the contrary in Minnesota Statutes, chapter 353 or 353D, a person described in paragraph (b) is eligible to elect contributions for prior service under paragraph (c) and coverage for future public employment under paragraph (d).

(b) A person eligible to make the elections provided for in this section is a person who:

(1) was born on March 3, 1939;

(2) was an elected official of Blackberry township during the period March 1972 through March 1990;

(3) became an employee of the city of Deer River in March 1987; and

(4) is a member of the coordinated program of the public employees retirement association under Minnesota Statutes, chapter 353, on the effective date of this section.

(c) An eligible person may elect to make member contributions for prior service as an elected official of Blackberry township to the public employees defined contribution plan under Minnesota Statutes, chapter 353D. The election must be made on a form prescribed by the executive director of the public employees retirement association. The election form must be accompanied with a lump sum payment of prior member contributions of \$1,937.93, plus interest on that amount at an annual compound rate of six percent from July 1, 1993, to the date payment is made, if payment is made after July 1, 1993. If the person pays the prior member contributions and if the subdivision agrees to make the employer contribution payment, the employing governmental subdivision for the March 1972, through March 1990, period shall pay, in a lump sum, \$2,447.69 plus interest on that amount at an annual compound rate of six percent from July 1, 1993, to the date payment is made, and shall make that payment within 60 days of the payment of the prior member contribution amount and receipt of a notice from the executive director of the public employees retirement association. If the employing governmental subdivision for the March 1972, through March 1990, period does not agree to make the employer contribution payment, the eligible person shall make the same contribution payment that the employing governmental subdivision would have made on the date of payment. The amounts under this paragraph must be deposited in the Minnesota supplemental investment fund to the credit of the person making the member contribution amount as provided in Minnesota Statutes, section 353D.05. Authority to make the prior service member contributions under this paragraph expires on July 1, 1994.

(d) An eligible person may elect to participate in the public employees defined contribution plan governed by Minnesota Statutes, chapter 353D, rather than the coordinated program of the public employees retirement association governed by Minnesota Statutes, chapter 353, for future service as an employee of the city of Deer River after June 30, 1993. The election under this paragraph must be made by July 1, 1993. No refund under Minnesota Statutes, section 353.34, is payable unless the person terminates public employment qualifying for coverage under Minnesota Statutes, chapter 353 or 353D.

"Section 1. [97A.159] [1837 TREATY AREA AGREEMENT.]

Subdivision 1. [PURPOSE.] The purpose of this section is to resolve issues in dispute between the state of Minnesota and the Mille Lacs Band of Chippewa Indians that relate to hunting, fishing, and gathering in the ceded area described in the July 29, 1837, treaty between the Chippewa and the government of the Statutes at Large, volume 7, page 536. This treaty was proclaimed by the United States on June 15, 1838. State of Minnesota, et al., Civ. No. 4-90-605. The state desires to settle all outstanding matters relating to this dispute under the 1837 treaty as well as all issues arising from the band's rights to fish in the waters of Mille Lacs lake under the treaty made February 22, 1855, and proclaimed by the United States on April 7, 1855, Statutes at Large, volume 10, page 1165.

(2) the establishment of policies, procedures, and rules for the enforcement by conservation officers of the band conservation code to the extent necessary to effectuate the terms of the amended settlement agreement;

Not more than 15 percent of the total lands transferred may be lands that are both held in trust for local taxing districts and administered by the counties.

(b) The commissioner shall continue to make payments in accordance with sections 97A.061 and 477A.11 to 477A.13, for lands conveyed under subdivision 5, paragraph (b), clause (3), at the rate for the type of land conveyed.

Subd. 7. [FUTURE APPROPRIATION NEEDS.] The commissioner shall prepare and submit to the governor for inclusion in the budget an itemization of the funds required to implement subdivision 5, paragraph (b), clauses (4) to (6).

Sec. 2. [APPROPRIATIONS.]

(a) \$8,600,000 is appropriated from the general fund to the commissioner of natural resources for payment to the Mille Lacs Band of Chippewa Indians.

(2) if dissolution under section 322B.80, subdivision 1, clause (5), is not avoided through dissolution avoidance consent under that clause, the member whose continued membership has terminated retains all governance rights and financial rights owned before the termination of the membership and may exercise those rights through the winding up and termination of the limited liability company.

Subd. 4. [ADDITIONAL EFFECTS IF TERMINATION OF MEMBERSHIP IS WRONGFUL.] If a member resigns or retires in contravention of the articles of organization or a member control agreement then:

(2) if dissolution avoidance consent is not obtained but the business of the limited liability company is continued under a business continuation agreement, then unless otherwise provided in the business continuation agreement:

~~(i) the member who has wrongfully resigned or retired has the right as against the successor organization to have the value of the resigned or retired membership interest determined and paid in cash; but~~

~~(ii) in ascertaining the value of the resigned or retired membership interest, the value of the goodwill of the business must not be considered, section 322B.873 applies.~~

Sec. 35. Minnesota Statutes 1992, section 322B.31, subdivision 3, is amended to read:

Subd. 3. [RESTRICTIONS OF ASSIGNMENT OF FINANCIAL RIGHTS.] (a) A restriction on the assignment of financial rights may be imposed in the articles, in the operating agreement, by a resolution adopted by the members, or by an agreement among or other written action by members or among them and the limited liability company. A restriction is not binding with respect to financial rights reflected in the required records before the adoption of the restriction, unless the owners of those financial rights are parties to the agreement or voted in favor of the restriction.

(b) Subject to paragraph (c), a written restriction on the assignment of financial rights that is not manifestly unreasonable under the circumstances and is noted conspicuously in the required records may be enforced against the owner of the restricted financial rights or a successor or transferee of the owner, including a pledgee or a legal representative. Unless noted conspicuously in the required records, a restriction, even though permitted by this section, is ineffective against a person without knowledge of the restriction.

(c) With regard to restrictions on the assignment of financial rights, a would-be assignee of financial rights is entitled to rely on a statement of membership interest issued by the limited liability company under section 322B.30. A restriction on the assignment of financial rights, which is otherwise valid and in effect at the time of the issuance of a statement of membership interest but which is not reflected in that statement, is ineffective against an assignee who takes an assignment in reliance on the statement.

(d) Notwithstanding any provision of law, articles of organization, member control agreement, operating agreement, other agreement, resolution, or action to the contrary, a security interest in a member's financial rights may be foreclosed and otherwise enforced, and a secured party may assign a member's financial rights in accordance with chapter 336, without the consent or approval of the member whose financial rights are subject to the security interest.

Sec. 36. Minnesota Statutes 1992, section 322B.313, is amended to read:

~~322B.313 [ASSIGNMENT OF A COMPLETE MEMBERSHIP INTEREST AND OF GOVERNANCE RIGHTS COUPLED WITH AN ASSIGNMENT OF FINANCIAL RIGHTS.]~~

~~Subdivision 1. [TRANSFER OF MEMBERSHIP INTERESTS GOVERNANCE RIGHTS RESTRICTED.] A member may assign the member's full membership interest only by assigning all of the member's governance rights coupled with a simultaneous assignment to the same assignee of all the member's financial rights. A member's governance rights are assignable, in whole or in part, only as provided in this section.~~

Subd. 2. [WHEN UNANIMOUS CONSENT REQUIRED.] Subject to subdivision 6, a member may, without the consent of any other member, assign governance rights, in whole or in part, to another person already a member at the time of the assignment. Any other assignment of any governance rights is effective only if all the members, other than the member seeking to make the assignment, approve the assignment by unanimous written consent, unless the articles of organization provide for written consent by fewer than all members. Subject to subdivision 6, a member may grant a security interest in a complete membership interest or governance rights without obtaining the consent required by this subdivision. However, a secured party may not take or assign ownership of governance rights without first obtaining the consent required by this subdivision. If a secured party has a security interest in both a member's financial rights and governance rights, including a security interest in a complete membership interest, this subdivision's requirement that the secured party obtain consent applies only to taking or assigning ownership of the governance rights and does not apply to taking or assigning ownership of the financial rights.

Subd. 3. [EFFECT ON MEMBERSHIP.] When an assignment of governance rights ~~coupled with financial rights~~ is effective under subdivision 2:

(1) if the assignment is not a security interest, the assignee becomes a member, if not already a member; and

(2) if the assignor does not retain any governance rights, the assignor ceases to be a member, and the unanimous written consent required under subdivision 2, clause (2), also constitutes the dissolution avoidance consent necessary to avoid dissolution that would otherwise ensue under section 322B.80, subdivision 1, clause (5), on account of the assignor ceasing to be a member if the consent required to avoid dissolution is not greater than the consent required under subdivision 2.

Subd. 4. [EFFECT ON LIABILITY FOR CONTRIBUTIONS AND ILLEGAL DISTRIBUTIONS.] When an assignment other than a security interest is effective under subdivision 2, unless the written consent under subdivision 2 otherwise provides:

(1) the assignee is liable for any in proportion to the interest assigned for the obligations of the assignor under sections 322B.40 (including liability for unperformed promises that have been reflected as contributions in the required records) and 322B.55 existing at the time of transfer, except to the extent that, at the time the assignee became a member, the liability was unknown to the assignee, and could not be ascertained from the required records; and

(2) the assignor is not released from liability to the limited liability company for obligations of the assignor existing at the time of transfer under sections 322B.40 and 322B.55.

Subd. 5. [CONSEQUENCES OF INEFFECTIVE ASSIGNMENT.] If any purported or attempted assignment of governance rights is ineffective for failure to obtain the consent required in subdivision 2:

(1) the purported or attempted assignment is ineffective in its entirety; and

(2) any assignment of financial rights that accompanied the purported or attempted assignment of governance rights is void.

Subd. 6. [RESTRICTIONS ON ASSIGNMENT OF GOVERNANCE RIGHTS.] Restrictions on the transfer of governance rights may be imposed following the same procedures and under the same conditions as stated in section 322B.31, subdivision 3, for restricting the transfer of financial rights.

Subd. 7. [FORECLOSURE OF SECURITY INTEREST.] Notwithstanding any provision of law, articles of organization, member control agreement, operating agreement, other agreement, resolution, or action to the contrary, a security interest in a member's full membership interest or governance rights may be foreclosed and otherwise enforced, and a secured party may assign a member's complete membership interest or governance rights in accordance with chapter 336, all without the consent or approval of the member whose full membership interest or governance rights are the subject of the security interest.

Sec. 37. Minnesota Statutes 1992, section 322B.316, is amended to read:

322B.316 [EFFECTIVE DATE OF ASSIGNMENTS.]

Any permissible and otherwise valid assignment of financial rights under section 322B.31 and or of governance rights coupled with financial rights or a complete membership interest under section 322B.313 will be effective as to and binding on the limited liability company only when the assignee's name, address, and the nature and extent of the assignment are reflected in the required records of the limited liability company, except that a permissible and otherwise valid security interest in a complete membership interest, financial rights, or governance rights will be effective as to and binding on the limited liability company as provided in chapter 336 whether or not the information about the secured party or the permissible and otherwise valid security interest is reflected in the required records of the limited liability company.

Sec. 38. Minnesota Statutes 1992, section 322B.323, subdivision 2, is amended to read:

Subd. 2. [WHEN MEMBERSHIP IS TERMINATED.] If an event referred to in subdivision 1 causes the termination of a member's membership interest and ~~the remaining members give dissolution avoidance consent~~ is avoided under section 322B.80, subdivision 1, clause (5), then:

(1) as provided in section 322B.306, subdivision 3, the terminated member's interest will be considered to be merely that of an assignee of the financial rights owned before the termination of membership; and

(2) the rights to be exercised by the legal representative of the terminated member will be limited accordingly.

Sec. 39. Minnesota Statutes 1992, section 322B.373, subdivision 1, is amended to read:

(2) unless otherwise provided in the articles of organization, to members and former members of the limited liability company in satisfaction of liabilities for distributions under section 322B.50 or 322B.51; and

(3) unless otherwise provided in the articles of organization, to members first for a return of their contributions, as restated from time to time under section 322B.41, and secondly respecting their membership interests in the proportions in which the members share in distributions.

~~A limited liability company may offset any amount due a member under this subdivision by any amount owed to the limited liability company by the member and by the amount of damages, if any, suffered by the limited liability company as a result of that member's breach of a member control agreement.~~

Subd. 2. [DISPOSITION UNDER A BUSINESS CONTINUATION AGREEMENT.] If a business continuation agreement exists, then after dissolution the board of governors shall resolve to implement the business continuation agreement and the assets of the dissolved limited liability company shall be disposed of according to that agreement, except:

(1) members and former members shall have dissenters' rights as provided in sections 322B.383 and 322B.386, but:

(i) no dissenters' rights shall exist if the business of the dissolved limited liability company is being continued pursuant to a business continuation agreement made after the dissolution, and

(ii) any dissenters' rights that do exist are limited by ~~subdivision~~ subdivisions 3 and 4; and

(2) if the business of the dissolved limited liability company is being continued, but not through a merger under section 322B.81, subdivision 3, the dissolved limited liability company shall comply with either section 322B.816 or 322B.82.

Subd. 3. [LIMITATIONS ON DISSENTERS' RIGHTS.] If a person has agreed in a business continuation agreement to waive dissenters' rights and nonetheless asserts dissenters' rights under subdivision 2:

(2) unless the business continuation agreement provides otherwise, including providing for installment payments:

(i) in determining the fair value of the membership interest, the value of the good will of the business of the dissolved limited liability company must not be considered; and

(ii) the payment due the dissenter is subject to an offset equal to:

(A) any amount owed to the limited liability company by the member;

(B) the amount of damages, if any, suffered by the limited liability company as a result of the dissenter's breach of the business continuation agreement; and

Subdivision 1. [PARTICIPANT ELIGIBILITY.] (a) An individual is eligible to participate in full-time youth community service if the individual:

(1) is 17 to 24 years old;

(5) agrees to act as an alumni volunteer or an alumni mentor upon successfully completing the program and postprogram education.

(b) An individual is eligible to participate in part-time youth community service if the individual is 15 to 24 years old and meets the requirements under paragraph (a), clauses (2) to (5).

Subd. 2. [TERMS OF SERVICE.] (a) A participant shall agree to perform community service for the period required unless the participant is unable to complete the terms of service for the reason provided in paragraph (b).

An agreement to perform community service must be in the form of a written contract between the participant and the grantee organization. Terms of the contract must include a length of service between six months and two years, the participant's education goals and commitment, the anticipated date of completion, dismissal for cause, including failure to fully participate in the education component, and the exclusive right to challenge a dismissal for cause through binding arbitration. The arbitrator must be chosen jointly by the grantee organization and the participant from the community or, if agreement cannot be reached, an arbitrator must be determined from a list of arbitrators provided by the American Arbitration Association. The sole remedy available to the participant through arbitration is reinstatement to the program and eligibility for postservice benefits. The parent or guardian of a minor shall consent in writing to the contract between the participant and the grantee organization.

(b) If the grantee organization releases a participant from completing a term of service in a program receiving assistance under sections 121.704 to 121.709 for compelling personal circumstances as demonstrated by the participant, or if the program in which the participant serves does not receive continued funding for any reason, the grantee organization may provide the participant with that portion of the financial assistance described in subdivision 3 that corresponds to the quantity of the service obligation completed by the individual.

If the grantee organization terminates a participant for cause or a participant resigns without demonstrating compelling personal circumstances under this section, no postservice benefit under subdivision 3 may be paid.

(c) A participant performing part-time service under sections 121.701 to 121.710 shall serve at least two weekends each month and two weeks during the year, or at least an average of nine hours per week each year. A participant performing full-time service under sections 121.701 to 121.710 shall serve for not less than 40 hours per week.

(d) Notwithstanding any other law to the contrary, for purposes of tort liability under sections 3.732 and 3.736, while participating in a program a participant is an employee of the state.

(e) Participants performing community service in a program are not public employees for purposes of chapter 43A, 179A, 197, 353, or any other law governing hiring or discharging of public employees.

Subd. 3. [POSTSERVICE BENEFIT.] (a) Each participant shall receive a nontransferable postservice benefit upon successfully completing the program. The benefit must be \$2,000 per year of part-time service or \$5,000 per year of full-time service.

(b) In the event that a program does not receive a federal grant that provides a postservice benefit, the participants in the program shall receive a postservice benefit equal in value to one-half the amount provided under paragraph (a).

(c) Nothing in this subdivision prevents a grantee organization from using funds from nonfederal or nonstate sources to increase the value of postservice benefits above the value described in paragraph (a).

(d) The state shall provide an additional postservice benefit to any participant who successfully completes the program. The benefit must be a credit of five points to be added to the competitive open rating of a participant who obtains a passing grade on a civil service examination under chapter 43A. The benefit is available for five years after completing the community service.

Subd. 4. [USES OF POSTSERVICE BENEFITS.] (a) A postservice benefit for a participant provided under subdivision 3, paragraph (a), (b), or (c), must be available for five years after completing the program and may only be used for:

- (1) paying a student loan;
- (2) costs of attending an institution of higher education; or
- (3) expenses incurred in an apprenticeship program approved by the department of labor and industry.

Financial assistance provided under this subdivision must be in the form of vendor payments whenever possible. Any postservice benefits provided by federal funds or vouchers may be used as a downpayment on, or closing costs for, purchasing a first home.

(b) Postservice benefits are to be used to develop skills required in occupations where numbers of jobs are likely to increase. The youth works task force, in consultation with the education and employment transitions council, shall determine how the benefits may be used in order to best prepare participants with skills that build on their service learning and equip them for meaningful employment.

Subd. 5. [LIVING ALLOWANCE.] (a) A participant in a full-time community service program shall receive a monthly stipend of \$500. An eligible organization may provide participants with additional amounts from nonfederal or nonstate sources.

(b) Nothing in this subdivision requires an existing program to decrease any stipend, salary, or living allowance provided to a participant under the program.

(c) In addition to the living allowance provided under paragraph (a), a grantee organization shall provide health and dental coverage to each participant in a full-time youth works program who does not otherwise have access to health or dental coverage. The state shall include the cost of group health and dental coverage in the grant to the eligible organization.

Subd. 6. [PROGRAM TRAINING.] (a) The youth works task force shall, within available resources, ensure an opportunity for each participant to have three weeks of training in a residential setting. If offered, each training session must:

Each grantee shall work to enhance the educational skills of each participant. All grantees shall give priority to educating and training participants who do not have a high school diploma or its equivalent, or who cannot afford post-secondary training and education.

Sec. 10. [121.708] [PRIORITY.]

The youth works task force shall give priority to an eligible organization proposing a program that meets the goals of sections 121.704 to 121.707, and that:

- (1) involves youth in a meaningful way in all stages of the program, including assessing community needs, preparing the application, and assuming postservice leadership and mentoring responsibilities;
- (2) serves a community with significant unmet needs;
- (3) provides an approach that is most likely to reduce arrest rates, incarceration rates, teenage pregnancy, and other indicators of troubled youth;
- (4) builds linkages with existing, successful programs; and
- (5) can be operational quickly.

Sec. 11. [121.709] [MATCH REQUIREMENTS.]

A grant awarded through the youth works program must be matched at \$2 of grant funds for at least \$1 of applicant funds. Grant funds must be used for the living allowance, cost of workers compensation coverage, and health and dental benefits for each program participant. Applicant funds, from sources and in a form determined by the youth works task force, must be used to pay for crew leaders, administration, supplies, materials, and transportation. Administrative expenses must not exceed seven percent of total program costs. To the extent that administrative costs are less than seven percent, an amount equal to the difference between the percent expended and seven percent shall be applied to the local match requirement in this section.

Sec. 12. [121.710] [EVALUATION AND REPORTING REQUIREMENTS.]

Subdivision 1. [GRANTEE ORGANIZATIONS.] Each grantee organization shall report to the youth works task force at the time and on the matters requested by the youth works task force.

A youth service project must have a community sponsor that may be a governmental unit or nonprofit organization. To assure that pupils provide additional services, each sponsor must assure that pupil services do not displace employees or reduce the workload of any employee.

Page 3, after line 20, insert:

"Sec. 3. Minnesota Statutes 1992, section 245A.04, subdivision 3, is amended to read:

Subd. 3. [STUDY OF THE APPLICANT.] (a) Before the commissioner issues a license, the commissioner shall conduct a study of the individuals specified in clauses (1) to (4) according to rules of the commissioner. The applicant, license holder, the bureau of criminal apprehension, and county agencies, after written notice to the individual who is the subject of the study, shall help with the study by giving the commissioner criminal conviction data and reports about abuse or neglect of adults in licensed programs substantiated under section 626.557 and the maltreatment of minors in licensed programs substantiated under section 626.556. The individuals to be studied shall include:

- (1) the applicant;
- (2) persons over the age of 13 living in the household where the licensed program will be provided;
- (3) current employees or contractors of the applicant who will have direct contact with persons served by the program; and
- (4) volunteers who have direct contact with persons served by the program to provide program services, if the contact is not directly supervised by the individuals listed in clause (1) or (3).

The juvenile courts shall also help with the study by giving the commissioner existing juvenile court records on individuals described in clause (2) relating to delinquency proceedings held within either the five years immediately preceding the application or the five years immediately preceding the individual's 18th birthday, whichever time period is longer. The commissioner shall destroy juvenile records obtained pursuant to this subdivision when the subject of the records reaches age 23.

For purposes of this subdivision, "direct contact" means providing face-to-face care, training, supervision, counseling, consultation, or medication assistance to persons served by a program. For purposes of this subdivision, "directly supervised" means an individual listed in clause (1) or (3) is within sight or hearing of a volunteer to the extent that the individual listed in clause (1) or (3) is capable at all times of intervening to protect the health and safety of the persons served by the program who have direct contact with the volunteer.

A study of an individual in clauses (1) to (4) shall be conducted on at least an annual basis. No applicant, license holder, or individual who is the subject of the study shall pay any fees required to conduct the study.

(b) The individual who is the subject of the study must provide the applicant or license holder with sufficient information to ensure an accurate study including the individual's first, middle, and last name; home address; city, county, and state of residence; zip code; sex; date of birth; and driver's license number. The applicant or license holder shall provide this information about an individual in paragraph (a), clauses (1) to (4), on forms prescribed by the commissioner. The commissioner may request additional information of the individual, which shall be optional for the individual to provide, such as the individual's social security number or race.

(c) Except for child foster care, adult foster care, and family day care homes, a study must include information from the county agency's record of substantiated abuse or neglect of adults in licensed programs, and the maltreatment of minors in licensed programs, information from juvenile courts as required in paragraph (a) for persons listed in paragraph (a), clause (2), and information from the bureau of criminal apprehension. For child foster care, adult foster care, and family day care homes, the study must include information from the county agency's record of substantiated abuse or neglect of adults, and the maltreatment of minors, information from juvenile courts as required in paragraph (a) for persons listed in paragraph (a), clause (2), and information from the bureau of criminal apprehension. The commissioner may also review arrest and investigative information from the bureau of criminal apprehension, a county attorney, county sheriff, county agency, local chief of police, other states, the courts, or a national criminal record repository if the commissioner has reasonable cause to believe the information is pertinent to the disqualification of an individual listed in paragraph (a), clauses (1) to (4).

(d) An applicant's or license holder's failure or refusal to cooperate with the commissioner is reasonable cause to deny an application or immediately suspend, suspend, or revoke a license. Failure or refusal of an individual to cooperate with the study is just cause for denying or terminating employment of the individual if the individual's failure or refusal to cooperate could cause the applicant's application to be denied or the license holder's license to be immediately suspended, suspended, or revoked.

(e) The commissioner shall not consider an application to be complete until all of the information required to be provided under this subdivision has been received.

(f) No person in paragraph (a), clause (1), (2), (3), or (4) who is disqualified as a result of this section may be retained by the agency in a position involving direct contact with persons served by the program.

(g) Termination of persons in paragraph (a), clause (1), (2), (3), or (4) made in good faith reliance on a notice of disqualification provided by the commissioner shall not subject the applicant or license holder to civil liability.

(h) The commissioner may establish records to fulfill the requirements of this section. ~~The information contained in the records is only available to the commissioner for the purpose authorized in this section.~~

(i) The commissioner may not disqualify an individual subject to a study under this section because that person has, or has had, a mental illness as defined in section 245.462, subdivision 20."

S. F. No. 1275 was reported to the House.

Wagenius moved to amend S. F. No. 1275, as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1992, section 115B.175, subdivision 4, is amended to read:

Subd. 4. [PERFORMANCE OF RESPONSE ACTIONS DOES NOT ASSOCIATE PERSONS WITH RELEASE.] Persons specified in subdivision 6 or 6a, paragraph (c), do not associate themselves with, or aggravate or contribute to, any release or threatened release identified in an approved voluntary response action plan for the purpose of section 115B.03, subdivision 3, paragraph (d), or subdivision 7, clause (1), of this section as a result of performance of the response actions required in accordance with the plan and the direction of the commissioner. ~~This subdivision~~

does not apply to a person specified in subdivision 7. Nothing in this section relieves a person of any liability for failure to exercise due care in performing a response action.

Sec. 2. Minnesota Statutes 1992, section 115B.175, is amended by adding a subdivision to read:

Subd. 6a. [VOLUNTARY RESPONSE ACTIONS BY RESPONSIBLE PERSONS.] (a) Notwithstanding subdivision 1, paragraph (a), when a person who is responsible for a release or threatened release under sections 115B.01 to 115B.18 undertakes and completes response actions, the protection from liability provided by this section applies to persons described in paragraph (c) if the response actions are undertaken and completed in accordance with this subdivision.

(b) The response actions must be undertaken and completed in accordance with a voluntary response action plan approved as provided in subdivision 3. Notwithstanding subdivision 2, a voluntary response action plan submitted by a person who is responsible for the release or threatened release must require remedy or removal of all releases and threatened releases at the identified area of real property. The identified area of real property must correspond to the boundaries of a parcel that is either separately platted or is the entire parcel.

(c) Subject to the provisions of subdivision 7, when the commissioner issues a certificate of completion under subdivision 5 for response actions completed at an identified area of real property in accordance with this subdivision, the liability protection under this section applies to:

(1) a person who acquires the identified real property after approval of the voluntary response action plan;

(2) a person providing financing for response actions or development at the identified real property after approval of the response action plan, whether the financing is provided to the person undertaking the response actions or other person who acquires or develops the property; and

(3) a successor or assign of a person to whom the liability protection applies under this paragraph.

Sec. 3. Minnesota Statutes 1992, section 115B.175, subdivision 7, is amended to read:

Subd. 7. [PERSONS NOT PROTECTED FROM LIABILITY.] The protection from liability provided by this section does not apply to:

(1) a person who aggravates or contributes to a release or threatened release that was not remedied under an approved voluntary response action plan;

(2) a person who was responsible under sections 115B.01 to 115B.18 for a release or threatened release identified in the approved voluntary response action plan before taking an action that would have made the person subject to the protection under subdivision 6 or 6a; or

(3) a person who obtains approval of a voluntary response action plan for purposes of this section by fraud or misrepresentation, or by knowingly failing to disclose material information, or who knows that approval was so obtained before taking an action that would have made the person subject to the protection under subdivision 6 or 6a.

Sec. 4. [115B.178] [ASSOCIATION WITH RELEASE; COMMISSIONER'S DETERMINATION.]

Subdivision 1. [DETERMINATION.] The commissioner may issue determinations that certain actions proposed to be taken at real property subject to a release or threatened release of a hazardous substance or pollutant or contaminant will not constitute conduct associating the person with the release or threatened release for the purpose of section 115B.03, subdivision 3, clause (d). Proposed actions that may be covered by a determination under this section include response actions approved by the commissioner to address the release or threatened release, actions to improve or develop the real property, or other similar actions. A determination may be subject to terms and conditions deemed reasonable by the commissioner. When a person takes actions in accordance with a determination issued under this subdivision, the actions do not associate the person with the release for the purpose of section 115B.03, subdivision 3, clause (d).

Subd. 2. [SCOPE AND EFFECT OF DETERMINATION.] Section 115B.177, subdivision 2, applies to a determination by the commissioner under this section.

## Sec. 5. [115B.179] [COMMISSIONER'S AUTHORITY NOT LIMITED.]

The commissioner's authority to make a determination or enter into an agreement under section 115B.177 and to make a determination under section 115B.178 does not limit or preclude any other authority of the commissioner under any law.

## Sec. 6. [POLLUTION CONTROL AGENCY; APPROPRIATION; COMPLEMENT.]

\$361,000 in fiscal year 1994 and \$327,000 in fiscal year 1995 is appropriated to the pollution control agency from the environmental response, compensation, and compliance account for the purposes of sections 1 to 5. Any amount not spent in the first year does not cancel but is available in the second year.

The complement of the pollution control agency is increased by five positions for the purposes of sections 1 to 5."

(2) To assist and instruct the local assessors in the preparation and proper use of land maps and record cards, in the property classification of real and personal property, and in the determination of proper standards of value.

(3) To keep the local assessors in the county advised of all changes in assessment laws and all instructions which the assessor receives from the commissioner of revenue relating to their duties.

(4) To have authority to require the attendance of groups of local assessors at sectional meetings called by the assessor for the purpose of giving them further assistance and instruction as to their duties.

(5) To immediately commence the preparation of a large scale topographical land map of the county, in such form as may be prescribed by the commissioner of revenue, showing thereon the location of all railroads, highways and roads, bridges, rivers and lakes, swamp areas, wooded tracts, stony ridges and other features which might affect the value of the land. Appropriate symbols shall be used to indicate the best, the fair, and the poor land of the county. For use in connection with the topographical land map, the assessor shall prepare and keep available in the assessor's office tables showing fair average minimum and maximum market values per acre of cultivated, meadow, pasture, cutover, timber and waste lands of each township. The assessor shall keep the map and tables available in the office for the guidance of town assessors, boards of review, and the county board of equalization.

(6) To also prepare and keep available in the office for the guidance of town assessors, boards of review and the county board of equalization, a land valuation map of the county, in such form as may be prescribed by the commissioner of revenue. This map, which shall include the bordering tier of townships of each county adjoining, shall show the average market value per acre, both with and without improvements, as finally equalized in the last assessment of real estate, of all land in each town or unorganized township which lies outside the corporate limits of cities.

(7) To regularly examine all conveyances of land outside the corporate limits of cities of the first and second class, filed with the county recorder of the county, and keep a file, by descriptions, of the considerations shown thereon. From the information obtained by comparing the considerations shown with the market values assessed, the assessor shall make recommendations to the county board of equalization of necessary changes in individual assessments or aggregate valuations.

(8) To prepare annually and keep available in the assessor's office for the guidance of boards of review and the county board of equalization, a table showing the market value per capita of all personal property in each assessment district in the county as finally equalized in the last previous assessment of personal property. For the guidance of the county board of equalization, the assessor shall also add to the table the market value per capita of all personal property of each assessment district for the current year as equalized by the local board of review.

(9) To become familiar with the values of the different items of personal property so as to be in a position when called upon to advise the boards of review and the county board of equalization concerning property, market values thereof.

(10) While the county board of equalization is in session, to give it every possible assistance to enable it to perform its duties. The assessor shall furnish the board with all necessary charts, tables, comparisons, and data which it requires in its deliberations, and shall make whatever investigations the board may desire.

(11) At the request of either the board of county commissioners or the commissioner of revenue, to investigate applications for reductions of valuation and abatements and settlements of taxes, examine the real or personal property involved, and submit written reports and recommendations with respect to the applications, in such form as may be prescribed by the board of county commissioners and commissioner of revenue.

(12) To make diligent search each year for real and personal property which has been omitted from assessment in the county, and report all such omissions to the county auditor.

(13) To regularly confer with county assessors in all adjacent counties about the assessment of property in order to uniformly assess and equalize the value of similar properties and classes of property located in adjacent counties. The conference shall emphasize the assessment of agricultural and commercial and industrial property or other properties that may have an inadequate number of sales in a single county.

(14) To render such other services pertaining to the assessment of real and personal property in the county as are not inconsistent with the duties set forth in this section, and as may be required by the board of county commissioners or by the commissioner of revenue.

(15) To maintain a record, in conjunction with other county offices, of all transfers of property to assist in determining the proper classification of property, including but not limited to, transferring homestead property and name changes on homestead property.

(16) To determine if a homestead application is required due to the transfer of homestead property or an owner's name change on homestead property.

Sec. 8. Minnesota Statutes 1992, section 273.11, subdivision 1, is amended to read:

Subdivision 1. [GENERALLY.] Except as provided in subdivisions 6, 8, 9, 11, and 14 this section or section 273.17, subdivision 1, all property shall be valued at its market value. The market value as determined pursuant to this section shall be stated such that any amount under \$100 is rounded up to \$100 and any amount exceeding \$100 shall be rounded to the nearest \$100. In estimating and determining such value, the assessor shall not adopt a lower or different standard of value because the same is to serve as a basis of taxation, nor shall the assessor adopt as a criterion of value the price for which such property would sell at a forced sale, or in the aggregate with all the property in the town or district; but the assessor shall value each article or description of property by itself, and at such sum or price as the assessor believes the same to be fairly worth in money. The assessor shall take into account the effect on the market value of property of environmental factors in the vicinity of the property. In assessing any tract or lot of real property, the value of the land, exclusive of structures and improvements, shall be determined, and also the value of all structures and improvements thereon, and the aggregate value of the property, including all structures and improvements, excluding the value of crops growing upon cultivated land. In valuing real property upon which there is a mine or quarry, it shall be valued at such price as such property, including the mine or quarry, would sell for a fair, voluntary sale, for cash. In valuing real property which is vacant, platted property shall be assessed as provided in subdivision 14. All property, or the use thereof, which is taxable under section 272.01, subdivision 2, or 273.19, shall be valued at the market value of such property and not at the value of a leasehold estate in such property, or at some lesser value than its market value.

Sec. 9. Minnesota Statutes 1992, section 273.11, is amended by adding a subdivision to read:

Subd. 1a. [LIMITED MARKET VALUE.] In the case of all property classified as agricultural homestead or non-homestead, residential homestead or non-homestead, or non-commercial seasonal recreational residential, the assessor shall compare the value with that determined in the preceding assessment. The amount of the increase entered in the current assessment shall not exceed the greater of (1) ten percent of the value in the preceding assessment, or (2) one-third of the difference between the current assessment and the preceding assessment. This limitation shall not apply to increases in value due to improvements. For purposes of this subdivision, the term "assessment" means the value prior to any exclusion under section 273.11, subdivision 16.

The provisions of this subdivision shall be in effect only for assessment years 1993 through 1998.

For purposes of the assessment/sales ratio study conducted under section 124.2131, and the computation of state aids paid under chapters 124, 124A, and 477A, market values and net tax capacities determined under this subdivision and section 273.11, subdivision 16, shall be used.

Sec. 10. Minnesota Statutes 1992, section 273.11, subdivision 5, is amended to read:

Subd. 5. Notwithstanding any other provision of law to the contrary, the limitation contained in subdivision subdivisions 1 and 1a shall also apply to the authority of the local board of review as provided in section 274.01, the county board of equalization as provided in section 274.13, the state board of equalization and the commissioner of revenue as provided in sections 270.11, 270.12 and 270.16.

Sec. 11. Minnesota Statutes 1992, section 273.11, subdivision 6a, is amended to read:

Subd. 6a. [~~RESIDENTIAL FIRE-SAFETY SPRINKLER SYSTEMS.~~] For purposes of property taxation, the market value of automatic fire-safety sprinkler systems installed in existing buildings after January 1, 1992, meeting the standards of the Minnesota fire code shall be excluded from the market value of (1) existing multifamily residential real estate containing four or more units and used or held for use by the owner or by the tenants or lessees of the owner as a residence and (2) existing real estate containing four or more contiguous residential units for use by customers of the owner, such as hotels, motels, and lodging houses and (3) existing office buildings or mixed use commercial-residential buildings, in which at least one story capable of occupancy is at least 75 feet above the ground. The market value exclusion under this section shall expire if the property is sold.

Sec. 12. Minnesota Statutes 1992, section 273.11, is amended by adding a subdivision to read:

Subd. 15. [VACANT HOSPITALS.] In valuing a hospital, as defined in section 144.50, subdivision 2, that is located outside of a metropolitan county, as defined in section 473.121, subdivision 4, and that on the date of sale is vacant and not used for hospital purposes or for any other purpose, the assessor's estimated market value for taxes levied in the year of the sale shall be no greater than the sales price of the property, including both the land and the buildings, as adjusted for terms of financing. If the sale is made later than December 15, the market value as determined under this subdivision shall be used for taxes levied in the following year. This subdivision applies only if the sales price of the property was determined under an arms length transaction.

Sec. 13. Minnesota Statutes 1992, section 273.11, is amended by adding a subdivision to read:

Subd. 16. [VALUATION EXCLUSION FOR CERTAIN IMPROVEMENTS.] Improvements to homestead property made before January 2, 2003, shall be fully or partially excluded from the value of the property for assessment purposes provided that the house is at least 35 years old at the time of the improvement. In the case of an owner-occupied duplex or triplex, the improvement is eligible regardless of which portion of the property was improved.

If the property lies in a jurisdiction which is subject to a building permit process, a building permit must have been issued covering the improvement. If the property lies in a jurisdiction which is not subject to a building permit process, the improvement must add at least \$1,000 to the value of the property. Only improvements to the structure which is the residence of the qualifying homesteader or the garage qualify for the provisions of this subdivision.

Whenever a building permit is issued for property currently classified as homestead, the issuing jurisdiction shall notify the assessor of the possibility of valuation exclusion under this subdivision. The assessor may require an application process and documentation of the age of the house from the owner, if unknown.

The assessor shall note the qualifying value of each improvement on the property's record, and the sum of those amounts shall be subtracted from the value of the property in each year for ten years after the improvement has been made, at which time an amount equal to 20 percent of the qualifying value shall be added back in each of the five subsequent assessment years. The valuation exclusion shall terminate whenever (1) the property is sold, or (2) the property is reclassified to a class which does not qualify for treatment under this subdivision.

The total qualifying value for a homestead may not exceed \$50,000. The total qualifying value for a homestead with a house that is less than 70 years old may not exceed \$25,000. The term "qualifying value" means the increase in estimated market value resulting from the improvement if the improvement occurs when the house is at least 70 years old, or one-half of the increase in estimated market value resulting from the improvement otherwise. The \$25,000 and \$50,000 maximum qualifying value under this section may result from up to three separate improvements to the homestead.

Sec. 14. Minnesota Statutes 1992, section 273.112, subdivision 3, is amended to read:

Subd. 3. Real estate shall be entitled to valuation and tax deferral under this section only if it is:

(a) actively and exclusively devoted to golf, skiing, or archery or firearms range recreational use or uses and other recreational uses carried on at the establishment;

(b) five acres in size or more, except in the case of an archery or firearms range;

(c)(1) operated by private individuals and open to the public; or

(2) operated by firms or corporations for the benefit of employees or guests; or

(3) operated by private clubs having a membership of 50 or more, provided that the club does not discriminate in membership requirements or selection on the basis of sex or marital status; and

(d) made available, in the case of real estate devoted to golf, for use without discrimination on the basis of sex during the time when the facility is open to use by the public or by members, except that use for golf may be restricted on the basis of sex no more frequently than one, or part of one, weekend each calendar month for each sex and no more than two, or part of two, weekdays each week for each sex.

If a golf club membership allows use of golf course facilities by more than one adult per membership, the use must be equally available to all adults entitled to use of the golf course under the membership, except that use may be restricted on the basis of sex as permitted in this section. Memberships that permit play during restricted times may be allowed only if the restricted times apply to all adults using the membership. A golf club may not offer a membership or golfing privileges to a spouse of a member that provides greater or less access to the golf course than is provided to that person's spouse under the same or a separate membership in that club, except that the terms of a membership may provide that one spouse may have no right to use the golf course at any time while the other spouse may have either limited or unlimited access to the golf course.

A golf club may have or create an individual membership category which entitles a member for a reduced rate to play during restricted hours as established by the club. The club must have on record a written request by the member for such membership.

A golf club that has food or beverage facilities or services must allow equal access to those facilities and services for both men and women members in all membership categories at all times. Nothing in this paragraph shall be construed to require service or access to facilities to persons under the age of 21 years or require any act that would violate law or ordinance regarding sale, consumption, or regulation of alcoholic beverages.

For purposes of this subdivision and subdivision 7a, discrimination means a pattern or course of conduct and not linked to an isolated incident.

Sec. 15. Minnesota Statutes 1992, section 273.112, is amended by adding a subdivision to read:

Subd. 4a. Real estate devoted to golf and operated by a private club that does not meet the requirements of subdivision 3, and is not eligible for valuation and deferment under this section, must be valued for ad valorem tax purposes by the assessor as if it were converted to commercial, industrial, residential, or seasonal residential use and were platted and available for sale as individual parcels.

Sec. 16. Minnesota Statutes 1992, section 273.121, is amended to read:

273.121 [VALUATION OF REAL PROPERTY, NOTICE.]

Any county assessor or city assessor having the powers of a county assessor, valuing or classifying taxable real property shall in each year notify those persons whose property is to be assessed or reclassified that year if the person's address is known to the assessor, otherwise the occupant of the property. The notice shall be in writing and shall be sent by ordinary mail at least ten days before the meeting of the local board of review or equalization. It shall contain: (1) ~~the amount of the valuation in terms of market value,~~ (2) the limited market value under section 273.11, subdivision 1a, (3) the qualifying amount of any improvements under section 273.11, subdivision 16, (4) the market value subject to taxation after subtracting the amount of any qualifying improvements, (5) the new classification, (6) the assessor's office address, and (7) the dates, places, and times set for the meetings of the local board of review or equalization and the county board of equalization. If the assessment roll is not complete, the notice shall be sent by ordinary mail at least ten days prior to the date on which the board of review has adjourned. The assessor shall attach to the assessment roll a statement that the notices required by this section have been mailed. Any assessor who is not provided sufficient funds from the assessor's governing body to provide such notices, may make application to the commissioner of revenue to finance such notices. The commissioner of revenue shall conduct an investigation and, if satisfied that the assessor does not have the necessary funds, issue a certification to the commissioner of finance of the amount necessary to provide such notices. The commissioner of finance shall issue a warrant for such amount and shall deduct such amount from any state payment to such county or municipality. The necessary funds to make such payments are hereby appropriated. Failure to receive the notice shall in no way affect the validity of the assessment, the resulting tax, the procedures of any board of review or equalization, or the enforcement of delinquent taxes by statutory means.

Sec. 17. Minnesota Statutes 1992, section 273.124, subdivision 1, is amended to read:

Subdivision 1. [GENERAL RULE.] (a) Residential real estate that is occupied and used for the purposes of a homestead by its owner, who must be a Minnesota resident, is a residential homestead.

Agricultural land, as defined in section 273.13, subdivision 23, that is occupied and used as a homestead by its owner, who must be a Minnesota resident, is an agricultural homestead.

Dates for establishment of a homestead and homestead treatment provided to particular types of property are as provided in this section.

The assessor shall require proof, as provided in subdivision 13, of the facts upon which classification as a homestead may be determined. Notwithstanding any other law, the assessor may at any time require a homestead application to be filed in order to verify that any property classified as a homestead continues to be eligible for homestead status.

When there is a name change or a transfer of homestead property, the assessor may reclassify the property in the next assessment unless a homestead application is filed to verify that the property continues to qualify for homestead classification.

(b) For purposes of this section, homestead property shall include property which is used for purposes of the homestead but is separated from the homestead by a road, street, lot, waterway, or other similar intervening property. The term "used for purposes of the homestead" shall include but not be limited to uses for gardens, garages, or other outbuildings commonly associated with a homestead, but shall not include vacant land held primarily for future development. In order to receive homestead treatment for the noncontiguous property, the owner shall apply for it to the assessor by July 1 of the year when the treatment is initially sought. After initial qualification for the homestead treatment, additional applications for subsequent years are not required.

(c) Residential real estate that is occupied and used for purposes of a homestead by a relative of the owner is a homestead but only to the extent of the homestead treatment that would be provided if the related owner occupied the property. For purposes of this paragraph, "relative" means a parent, stepparent, child, stepchild, spouse, grandparent, grandchild, brother, sister, uncle, or aunt. This relationship may be by blood or marriage. Property that was classified as seasonal recreational residential property at the time when treatment under this paragraph would first apply shall continue to be classified as seasonal recreational residential property for the first ~~two~~ four assessment years beginning after the date when the relative of the owner occupies the property as a homestead; this delay also applies to property that, in the absence of this paragraph, would have been classified as seasonal recreational residential property at the time when the residence was constructed. Neither the related occupant nor the owner of the property may claim a property tax refund under chapter 290A for a homestead occupied by a relative. In the case of a residence located on agricultural land, only the house, garage, and immediately surrounding one acre of land shall be classified as a homestead under this paragraph, except as provided in paragraph (d).

(d) Agricultural property that is occupied and used for purposes of a homestead by a relative of the owner, is a homestead, only to the extent of the homestead treatment that would be provided if the related owner occupied the property, and only if all of the following criteria are met:

(1) the relative who is occupying the agricultural property is a son or daughter of the owner of the agricultural property,

(2) the owner of the agricultural property must be a Minnesota resident,

(3) the owner of the agricultural property is not eligible to receive homestead treatment on any other agricultural property in Minnesota, and

(4) the owner of the agricultural property is limited to only one agricultural homestead per family under this paragraph.

For purposes of this paragraph, "agricultural property" means the house, garage, other farm buildings and structures, and agricultural land.

Application must be made to the assessor by the owner of the agricultural property to receive homestead benefits under this paragraph. The assessor may require the necessary proof that the requirements under this paragraph have been met.

Sec. 18. Minnesota Statutes 1992, section 273.124, is amended by adding a subdivision to read:

Subd. 6a. [PRELIMINARY APPROVAL OF LEASEHOLD COOPERATIVES.] Preliminary approval for classification as a leasehold cooperative may be granted to property when a developer proposes to construct one or more residential

dwelling or buildings using funds provided by the Minnesota housing finance agency if all of the following conditions are met:

(a) The developer must present an affidavit to the county attorney and to the governing body of the municipality that includes a statement of the developer's intention to comply with all requirements in subdivision 6 and a detailed description of the plan for doing so.

(b) The commissioner of the Minnesota housing finance agency must provide the county attorney and governing body with a description of the financing and related terms the commissioner proposes to provide with respect to the project, together with an objective assessment of the likelihood that the project will comply with the requirements of subdivision 6.

(c) The county attorney must review the materials provided under paragraphs (a) and (b), and may require the developer or the Minnesota housing finance agency to provide additional information. If the county attorney determines that it is reasonably likely that the project will meet the requirements of this subdivision, the county attorney shall provide preliminary approval to treatment of the property as a leasehold cooperative.

(d) The governing body shall conduct a public hearing as provided in subdivision 6, paragraph (j), and make its preliminary findings based on the information provided by the developer and the Minnesota housing finance agency.

Upon completion of the project and creation of the leasehold cooperative, actual compliance with the requirements of this subdivision must be demonstrated, and certified by the county attorney. A second hearing by the governing body is not required.

If the county attorney finds that the homestead treatment granted pursuant to a preliminary approval under this subdivision must be revoked because the completed project failed to meet the requirements of this subdivision, the benefits of the treatment shall be recaptured. The county assessor shall determine the amount by which the tax imposed on the property was reduced because it was treated as a leasehold cooperative. The developer shall be charged an amount equal to the tax reduction received or, if the county attorney determines that the failure to meet the requirements was due to the developer's intentional disregard of the requirements, 150 percent of the tax reduction received. The penalty must be paid to the county treasurer within 90 days after receipt of a statement from the treasurer. The proceeds of the penalty shall be distributed to the local taxing jurisdictions in proportion to the amounts of their levies on the property.

Sec. 19. Minnesota Statutes 1992, section 273.124, subdivision 9, is amended to read:

Subd. 9. [HOMESTEAD ESTABLISHED AFTER ASSESSMENT DATE.] Any property that was not used for the purpose of a homestead on the assessment date, but which was used for the purpose of a homestead by ~~June~~ December 1 of a year, constitutes class 1 or class 2a.

Any taxpayer meeting the requirements of this subdivision must notify the county assessor, or the assessor who has the powers of the county assessor under section 273.063, in writing, ~~prior to June~~ by December 15 of the year of occupancy in order to qualify under this subdivision. The assessor must not deny full homestead treatment to a property that is partially homesteaded on January 2 but occupied for the purpose of a full homestead by ~~June~~ December 1 of a year.

The county assessor and the county auditor may make the necessary changes on their assessment and tax records to provide for proper homestead classification as provided in this subdivision.

If homestead classification has not been requested as of December 15, the assessor will classify the property as nonhomestead for the current assessment year for taxes payable in the following year, provided that the owner of any property qualifying under this subdivision, which has not been accorded the benefits of this subdivision, may be entitled to receive homestead classification by proper application as provided in section 375.192.

The county assessor ~~shall~~ may publish in a newspaper of general circulation within the county ~~no later than June 1 of each year a notice informing~~ requesting the public of the requirement to file an application for homestead prior to June 15 as soon as practicable after acquisition of a homestead, but no later than December 15.

The county assessor shall publish in a newspaper of general circulation within the county no later than December 1 of each year a notice informing the public of the requirement to file an application for homestead by December 15.

Sec. 20. Minnesota Statutes 1992, section 273.124, subdivision 13, is amended to read:

Subd. 13. [HOMESTEAD APPLICATION.] (a) A person who meets the homestead requirements under subdivision 1 must file a homestead application with the county assessor to initially obtain homestead classification.

(b) On or before January 2, 1993, each county assessor shall mail a homestead application to the owner of each parcel of property within the county which was classified as homestead for the 1992 assessment year. The format and contents of a uniform homestead application shall be prescribed by the commissioner of revenue. The commissioner shall consult with the chairs of the house and senate tax committees on the contents of the homestead application form. The application must clearly inform the taxpayer that this application must be signed by all owners of the property and returned to the county assessor in order for the property to continue receiving homestead treatment. The envelope containing the homestead application shall clearly identify its contents and alert the taxpayer of its necessary immediate response.

~~Every four years after the initial homestead application has been filed under this subdivision, a county shall mail a homestead application to the owner of each parcel of property to verify the continued eligibility for homestead status for all properties classified as homestead within the county in the prior year's assessment. The homestead application and procedures shall be done in the same manner as contained in this subdivision for the 1993 homestead application.~~

(c) On the homestead application each owner shall disclose the location of any other residential property in the state in which the owner holds full or partial ownership and for which homestead status has been granted or has been applied for at the time of the application. Each owner must also disclose the name and social security number of any relative occupying a property qualifying as a homestead under subdivision 1, paragraph (c). Failure to disclose the information required under this paragraph may result in the imposition of the penalty provided under this subdivision.

(d) Every property owner applying for homestead classification must furnish to the county assessor the social security number of each person who is listed as an owner of the property listed on the homestead application. If the social security number is not provided, the county assessor shall classify the property as nonhomestead. The social security numbers of the property owners are private data on individuals as defined by section 13.02, subdivision 12, but, notwithstanding that section, the private data may be disclosed to the commissioner of revenue.

(e) If residential real estate is occupied and used for purposes of a homestead by a relative of the owner and qualifies for a homestead under subdivision 1, paragraph (c), in order for the property to receive homestead status, a homestead application must be filed with the assessor. The social security number of each relative occupying the property and the social security number of each owner of the property shall be required on the homestead application filed under this subdivision. If a different relative of the owner subsequently occupies the property, the owner of the property must notify the assessor within 30 days of the change in occupancy.

(f) The homestead application shall also notify the property owners that the application filed under this section will not be mailed annually and that if the initial application is granted or if the property is granted homestead status for the 1993 assessment, that same property shall remain classified as homestead until the property is sold or transferred to another person, or the owners or the relatives no longer use the property as their homestead. Upon the sale or transfer of the homestead property, a certificate of value must be timely filed with the county auditor as provided under section 272.115. Failure to notify the county within 30 days that the property has been sold, transferred, or that the owner or the relative is no longer occupying the property as a homestead, shall result in the penalty provided under this subdivision and the property will lose its current homestead status.

(g) If the ~~initial~~ homestead application is not returned within 30 days, the county will send a second application to the present owners of record. The notice of proposed property taxes prepared under section 275.065, subdivision 3, shall reflect the property's classification. If a homestead application has not been filed with the county by December 15, the assessor shall classify the property as nonhomestead for the current assessment year for taxes payable in the following year, provided that the owner may be entitled to receive the homestead classification by proper application under section 375.192.

(h) At the request of the commissioner, each county must give the commissioner a list that includes the name and social security number of each property owner applying for homestead classification under this subdivision.

(i) If, in comparing the lists supplied by the counties, the commissioner finds that a property owner is claiming more than one homestead, the commissioner shall notify the appropriate counties. Within 90 days of the notification, the county assessor shall investigate to determine if the homestead classification was properly claimed. If the property owner does not qualify, the county assessor shall notify the county auditor who will determine the amount of homestead benefits that had been improperly allowed. For the purpose of this section, "homestead benefits" means the tax reduction resulting from the classification as a homestead under section 273.13, the taconite homestead credit under section 273.135, and the supplemental homestead credit under section 273.1391.

The county auditor shall send a notice to the owners of the affected property, demanding reimbursement of the homestead benefits plus a penalty equal to 100 percent of the homestead benefits. The property owners may appeal the county's determination by filing a notice of appeal with the Minnesota tax court within 60 days of the date of the notice from the county. If the amount of homestead benefits and penalty is not paid within 60 days, and if no appeal has been filed, the county auditor shall certify the amount of taxes and penalty to the succeeding year's tax list to be collected as part of the property taxes.

(j) Any amount of homestead benefits recovered by the county from the property owner shall be distributed to the county, city or town, and school district where the property is located in the same proportion that each taxing district's levy was to the total of the three taxing districts' levy for the current year. Any amount recovered attributable to taconite homestead credit shall be transmitted to the St. Louis county auditor to be deposited in the taconite property tax relief account. The total amount of penalty collected must be deposited in the county general fund.

(k) If a property owner has applied for more than one homestead and the county assessors cannot determine which property should be classified as homestead, the county assessors will refer the information to the commissioner. The commissioner shall make the determination and notify the counties within 60 days.

(l) In addition to lists of homestead properties, the commissioner may ask the counties to furnish lists of all properties and the record owners.

Sec. 21. Minnesota Statutes 1992, section 273.124, is amended by adding a subdivision to read:

Subd. 17. [OWNER-OCCUPIED MOTEL PROPERTY.] For purposes of class 1a determinations, a homestead includes that portion of property defined as a motel under chapter 157, provided that the person residing in the motel property is using that property as a homestead, is part owner, and is actively engaged in the operation of the motel business. Homestead treatment applies even if legal title to the property is in the name of a corporation or partnership and not in the name of the person residing in the motel. The homestead is limited to that portion of the motel actually occupied by the person.

A taxpayer meeting the requirements of this subdivision must notify the county assessor, or the assessor who has the powers of the county assessor under section 273.063, in writing, in order to qualify under this subdivision for 1a homestead classification.

Sec. 22. Minnesota Statutes 1992, section 273.124, is amended by adding a subdivision to read:

Subd. 18. [PROPERTY UNDERGOING RENOVATION.] Property that is not occupied as a homestead on the assessment date will be classified as a homestead if it meets each of the following requirements on that date:

(a) The structure is a single family or duplex residence.

(b) The property is owned by a church or an organization that is exempt from taxation under section 501(c)(3) of the Internal Revenue Code of 1986.

(c) The organization is in the process of renovating the property for use as a homestead by an individual or family whose income is no greater than 60 percent of the county or area gross median income, adjusted for family size, and that renovation process and conveyance for use as a homestead can reasonably be expected to be completed within 12 months after construction begins.

The organization must apply to the assessor for classification under this subdivision within 30 days of its acquisition of the property, and must provide the assessor with the information necessary for the assessor to determine whether the property qualifies.

Sec. 23. Minnesota Statutes 1992, section 273.13, subdivision 23, is amended to read:

Subd. 23. [CLASS 2.] (a) Class 2a property is agricultural land including any improvements that is homesteaded. The market value of the house and garage and immediately surrounding one acre of land has the same class rates as class 1a property under subdivision 22. If the market value of the house, garage, and surrounding one acre of land is less than \$115,000, the value of the remaining land including improvements equal to the difference between \$115,000 and the market value of the house, garage, and surrounding one acre of land has a net class rate of .45 percent of market value and a gross class rate of 1.75 percent of market value. The remaining value of class 2a property over \$115,000 of market value that does not exceed 320 acres has a net class rate of 1.3 percent of market value, and a gross class rate of 2.25 percent of market value. The remaining property over the \$115,000 market value in excess of 320 acres has a class rate of 1.6 percent of market value, and a gross class rate of 2.25 percent of market value.

(b) Class 2b property is (1) real estate, rural in character and used exclusively for growing trees for timber, lumber, and wood and wood products; and (2) real estate that is not improved with a structure and is used exclusively for growing trees for timber, lumber, and wood and wood products, if the owner has participated or is participating in a cost-sharing program for afforestation, reforestation, or timber stand improvement on that particular property, administered or coordinated by the commissioner of natural resources; or (3) real estate that is nonhomestead agricultural land. Class 2b property has a net class rate of 1.6 percent of market value, and a gross class rate of 2.25 percent of market value.

(c) Agricultural land as used in this section means contiguous acreage of ten acres or more, primarily used during the preceding year for agricultural purposes. Agricultural use may include pasture, timber, waste, unusable wild land, and land included in state or federal farm programs. "Agricultural purposes" as used in this section means the raising or cultivation of agricultural products.

(d) Real estate of less than ten acres used principally for raising or cultivating agricultural products, shall be considered as agricultural land, if it is not used primarily for residential purposes.

(e) The term "agricultural products" as used in this subdivision includes:

(1) livestock, dairy animals, dairy products, poultry and poultry products, fur-bearing animals, horticultural and nursery stock described in sections 18.44 to 18.61, fruit of all kinds, vegetables, forage, grains, bees, and apiary products by the owner;

(2) fish bred for sale and consumption if the fish breeding occurs on land zoned for agricultural use;

(3) the commercial boarding of horses if the boarding is done in conjunction with raising or cultivating agricultural products as defined in clause (1); and

(4) property which is owned and operated by nonprofit organizations used for equestrian activities, excluding racing.

(f) If a parcel used for agricultural purposes is also used for commercial or industrial purposes, including but not limited to:

(1) wholesale and retail sales;

(2) processing of raw agricultural products or other goods;

(3) warehousing or storage of processed goods; and

(4) office facilities for the support of the activities enumerated in clauses (1), (2), and (3),

the assessor shall classify the part of the parcel used for agricultural purposes as class 1b, 2a, or 2b, whichever is appropriate, and the remainder in the class appropriate to its use. The grading, sorting, and packaging of raw agricultural products for first sale is considered an agricultural purpose. A greenhouse or other building where horticultural or nursery products are grown that is also used for the conduct of retail sales must be classified as agricultural if it is primarily used for the growing of horticultural or nursery products from seed, cuttings, or roots and occasionally as a showroom for the retail sale of those products. Use of a greenhouse or building only for the display of already grown horticultural or nursery products does not qualify as an agricultural purpose.

The assessor shall determine and list separately on the records the market value of the homestead dwelling and the one acre of land on which that dwelling is located. If any farm buildings or structures are located on this homesteaded acre of land, their market value shall not be included in this separate determination.

Sec. 24. Minnesota Statutes 1992, section 273.13, subdivision 24, is amended to read:

Subd. 24. [CLASS 3.] (a) Commercial and industrial property and utility real and personal property, except class 5 property as identified in subdivision 31, clause (1), is class 3a. It has a class rate of ~~3.3~~ 3 percent of the first \$100,000 of market value for taxes payable in 1990, ~~3.2~~ 3.2 percent for taxes payable in 1991, ~~3.1~~ 3.1 percent for taxes payable in 1992, and ~~three percent~~ 3 percent for taxes payable in 1993 and thereafter, and 5.06 percent of the market value over \$100,000. In the case of state-assessed commercial, industrial, and utility property owned by one person or entity, only one parcel has a reduced class rate on the first \$100,000 of market value. In the case of other commercial, industrial, and utility property owned by one person or entity, only one parcel in each county has a reduced class rate on the first \$100,000 of market value, except that:

(1) if the market value of the parcel is less than \$100,000, and additional parcels are owned by the same person or entity in the same city or town within that county, the reduced class rate shall be applied up to a combined total market value of \$100,000 for all parcels owned by the same person or entity in the same city or town within the county; and

(2) in the case of grain, fertilizer, and feed elevator facilities, as defined in section 18C.305, subdivision 1, or 232.21, subdivision 8, the limitation to one parcel per owner per county for the reduced class rate shall not apply, but there shall be a limit of \$100,000 of preferential value per site of contiguous parcels owned by the same person or entity. Only the value of the elevator portion of each parcel shall qualify for treatment under this clause. For purposes of this subdivision, contiguous parcels include parcels separated only by a railroad or public road right-of-way.

To receive the reduced class rate on additional parcels under clauses (1) and (2), the taxpayer must notify the county assessor that the taxpayer owns more than one parcel that qualifies under clause (1) or (2).

(b) Employment property defined in section 469.166, during the period provided in section 469.170, shall constitute class 3b and has a class rate of 2.3 percent of the first \$50,000 of market value and 3.6 percent of the remainder, except that for employment property located in a border city enterprise zone designated pursuant to section 469.168, subdivision 4, paragraph (c), the class rate of the first \$100,000 of market value and the class rate of the remainder is determined under paragraph (a), unless the governing body of the city designated as an enterprise zone determines that a specific parcel shall be assessed pursuant to the first clause of this sentence. The governing body may provide for assessment under the first clause of the preceding sentence only for property which is located in an area which has been designated by the governing body for the receipt of tax reductions authorized by section 469.171, subdivision 1.

Sec. 25. Minnesota Statutes 1992, section 273.13, subdivision 25, is amended to read:

Subd. 25. [CLASS 4.] (a) Class 4a is residential real estate containing four or more units and used or held for use by the owner or by the tenants or lessees of the owner as a residence for rental periods of 30 days or more. Class 4a also includes hospitals licensed under sections 144.50 to 144.56, other than hospitals exempt under section 272.02, and contiguous property used for hospital purposes, without regard to whether the property has been platted or subdivided. Class 4a property has a class rate of 3.5 percent of market value for taxes payable in 1992, and 3.4 percent of market value for taxes payable in 1993 and thereafter.

(b) Class 4b includes:

(1) residential real estate containing less than four units, other than seasonal residential, and recreational;

(2) manufactured homes not classified under any other provision;

(3) a dwelling, garage, and surrounding one acre of property on a nonhomestead farm classified under subdivision 23, paragraph (b).

Class 4b property has a class rate of 2.8 percent of market value for taxes payable in 1992, 2.5 percent of market value for taxes payable in 1993, and 2.3 percent of market value for taxes payable in 1994 and thereafter.

(c) Class 4c property includes:

(1) a structure that is:

(i) situated on real property that is used for housing for the elderly or for low- and moderate-income families as defined in Title II, as amended through December 31, 1990, of the National Housing Act or the Minnesota housing finance agency law of 1971, as amended, or rules promulgated by the agency and financed by a direct federal loan or federally insured loan made pursuant to Title II of the Act; or

(ii) situated on real property that is used for housing the elderly or for low- and moderate-income families as defined by the Minnesota housing finance agency law of 1971, as amended, or rules adopted by the agency pursuant thereto and financed by a loan made by the Minnesota housing finance agency pursuant to the provisions of the act.

This clause applies only to property of a nonprofit or limited dividend entity. Property is classified as class 4c under this clause for 15 years from the date of the completion of the original construction or substantial rehabilitation, or for the original term of the loan.

(2) a structure that is:

(i) situated upon real property that is used for housing lower income families or elderly or handicapped persons, as defined in section 8 of the United States Housing Act of 1937, as amended; and

(ii) owned by an entity which has entered into a housing assistance payments contract under section 8 which provides assistance for 100 percent of the dwelling units in the structure, other than dwelling units intended for management or maintenance personnel. Property is classified as class 4c under this clause for the term of the housing assistance payments contract, including all renewals, or for the term of its permanent financing, whichever is shorter; and

(3) a qualified low-income building as defined in section 42(c)(2) of the Internal Revenue Code of 1986, as amended through December 31, 1990, that (i) receives a low-income housing credit under section 42 of the Internal Revenue Code of 1986, as amended through December 31, 1990; or (ii) meets the requirements of that section and receives public financing, except financing provided under sections 469.174 to 469.179, which contains terms restricting the rents; or (iii) meets the requirements of section 273.1317. Classification pursuant to this clause is limited to a term of 15 years.

For all properties described in clauses (1), (2), and (3) and in paragraph (d), the market value determined by the assessor must be based on the normal approach to value using normal unrestricted rents unless the owner of the property elects to have the property assessed under Laws 1991, chapter 291, article 1, section 55. If the owner of the property elects to have the market value determined on the basis of the actual restricted rents, as provided in Laws 1991, chapter 291, article 1, section 55, the property will be assessed at the rate provided for class 4a or class 4b property, as appropriate. Properties described in clauses (1)(ii), (3), and (4) may apply to the assessor for valuation under Laws 1991, chapter 291, article 1, section 55. The land on which these structures are situated has the class rate given in paragraph (b) if the structure contains fewer than four units, and the class rate given in paragraph (a) if the structure contains four or more units. This clause applies only to the property of a nonprofit or limited dividend entity.

(4) a parcel of land, not to exceed one acre, and its improvements or a parcel of unimproved land, not to exceed one acre, if it is owned by a neighborhood real estate trust and at least 60 percent of the dwelling units, if any, on all land owned by the trust are leased to or occupied by lower income families or individuals. This clause does not apply to any portion of the land or improvements used for nonresidential purposes. For purposes of this clause, a lower income family is a family with an income that does not exceed 65 percent of the median family income for the area, and a lower income individual is an individual whose income does not exceed 65 percent of the median individual income for the area, as determined by the United States Secretary of Housing and Urban Development. For purposes of this clause, "neighborhood real estate trust" means an entity which is certified by the governing body of the municipality in which it is located to have the following characteristics:

(a) it is a nonprofit corporation organized under chapter 317A;

(b) it has as its principal purpose providing housing for lower income families in a specific geographic community designated in its articles or bylaws;

(c) it limits membership with voting rights to residents of the designated community; and

(d) it has a board of directors consisting of at least seven directors, 60 percent of whom are members with voting rights and, to the extent feasible, 25 percent of whom are elected by resident members of buildings owned by the trust; and

(5) except as provided in subdivision 22, paragraph (c), real property devoted to temporary and seasonal residential occupancy for recreation purposes, including real property devoted to temporary and seasonal residential occupancy for recreation purposes and not devoted to commercial purposes for more than 250 days in the year preceding the year of assessment. For purposes of this clause, property is devoted to a commercial purpose on a specific day if any portion of the property is used for residential occupancy, and a fee is charged for residential occupancy. Class 4c also includes commercial use real property used exclusively for recreational purposes in conjunction with class 4c property devoted to temporary and seasonal residential occupancy for recreational purposes, up to a total of two acres, provided the property is not devoted to commercial recreational use for more than 250 days in the year preceding the year of assessment and is located within two miles of the class 4c property with which it is used. Class 4c property classified in this clause also includes the remainder of class 1c resorts. Owners of real property devoted to temporary and seasonal residential occupancy for recreation purposes and all or a portion of which was devoted to commercial purposes for not more than 250 days in the year preceding the year of assessment desiring classification as class 1c or 4c, must submit a declaration to the assessor designating the cabins or units occupied for 250 days or less in the year preceding the year of assessment by January 15 of the assessment year. Those cabins or units and a proportionate share of the land on which they are located will be designated class 1c or 4c as otherwise provided. The remainder of the cabins or units and a proportionate share of the land on which they are located will be designated as class 3a. The first \$100,000 of the market value of the remainder of the cabins or units and a proportionate share of the land on which they are located shall have a class rate of three percent. The owner of property desiring designation as class 1c or 4c property must provide guest registers or other records demonstrating that the units for which class 1c or 4c designation is sought were not occupied for more than 250 days in the second year preceding the assessment if so requested. The portion of a property operated as a (1) restaurant, (2) bar, (3) gift shop, and (4) other nonresidential facility operated on a commercial basis not directly related to temporary and seasonal residential occupancy for recreation purposes shall not qualify for class 1c or 4c;

(6) real property up to a maximum of one acre of land owned by a nonprofit community service oriented organization; provided that the property is not used for a revenue-producing activity for more than six days in the calendar year preceding the year of assessment and the property is not used for residential purposes on either a temporary or permanent basis. For purposes of this clause, a "nonprofit community service oriented organization" means any corporation, society, association, foundation, or institution organized and operated exclusively for charitable, religious, fraternal, civic, or educational purposes, and which is exempt from federal income taxation pursuant to section 501(c)(3), (10), or (19) of the Internal Revenue Code of 1986, as amended through December 31, 1990. For purposes of this clause, "revenue-producing activities" shall include but not be limited to property or that portion of the property that is used as an on-sale intoxicating liquor or 3.2 percent malt liquor establishment licensed under chapter 340A, a restaurant open to the public, bowling alley, a retail store, gambling conducted by organizations licensed under chapter 349, an insurance business, or office or other space leased or rented to a lessee who conducts a for-profit enterprise on the premises. Any portion of the property which is used for revenue-producing activities for more than six days in the calendar year preceding the year of assessment shall be assessed as class 3a. The use of the property for social events open exclusively to members and their guests for periods of less than 24 hours, when an admission is not charged nor any revenues are received by the organization shall not be considered a revenue-producing activity;

(7) post-secondary student housing of not more than one acre of land that is owned by a nonprofit corporation organized under chapter 317A and is used exclusively by a student cooperative, sorority, or fraternity for on-campus housing or housing located within two miles of the border of a college campus; and

(8) manufactured home parks as defined in section 327.14, subdivision 3.

The application must be accompanied by an affidavit or other proof required by the assessor to determine qualification under this clause.

(3) Qualifying buildings and appurtenances, together with the land upon which they are located, leased for a period of up to five years by the occupant under a lease-purchase program administered by the Minnesota housing finance agency or a housing and redevelopment authority authorized under sections 469.001 to 469.047, provided the occupant's income is no greater than 80 percent of the county or area median income, adjusted for family size, and the building consists of two or less dwelling units. Residential rental property that would otherwise be assessed as class 4 property under paragraph (d) is assessed at 2.3 percent of market value if it is found to be a substandard building under section 273.1316.

Sec. 26. Minnesota Statutes 1992, section 273.13, subdivision 33, is amended to read:

Subd. 33. [CLASSIFICATION OF UNIMPROVED PROPERTY.] (a) ~~Except as provided in paragraph~~ All real property that is not improved with a structure must be classified according to its current use.

(b); Real property that is not improved with a structure and for which there is no identifiable current use must be classified according to its highest and best use permitted under the local zoning ordinance. If the ordinance permits

more than one use, the land must be classified according to the highest and best use permitted under the ordinance. If no such ordinance exists, the assessor shall consider the most likely potential use of the unimproved land based upon the use made of surrounding land or land in proximity to the unimproved land.

~~(b) Real property that is not improved with a structure and is in commercial, industrial, or agricultural use under this section must be classified according to its actual use.~~

Sec. 27. Minnesota Statutes 1992, section 273.1318, subdivision 1, is amended to read:

Subdivision 1. [INCOME LIMITATION.] (a) Subject to the exception in paragraph (b), for a building for which application is made for class 4c for taxes payable in 1994 and thereafter, and which was not class 4c for taxes payable in 1993, only those units occupied by a household whose income is 100 percent or less of the county or area median income adjusted for family size as determined by the department of housing and urban development are eligible for class 4c.

(b) For a building for which application is made for class 4c for taxes payable in 1994 and thereafter, ~~and which was not class 4c for taxes payable in 1993, but~~ for which a formal application was received by a local, state, or federal agency for financing, refinancing, or insurance before July 1, 1992, and for a building that was classified as class 4c for taxes payable in 1993 or an earlier year, the income limit is 100 percent or less of county or area median income not adjusted for family size as determined by the department of housing and urban development.

Sec. 28. Minnesota Statutes 1992, section 273.135, subdivision 2, is amended to read:

Subd. 2. The amount of the reduction authorized by subdivision 1 shall be:

(a) In the case of property located within the boundaries of a municipality which meets the qualifications prescribed in section 273.134, 66 percent of the tax, provided that the reduction shall not exceed the maximum amounts specified in clause (c), and shall not exceed an amount sufficient to reduce the effective tax rate on each parcel of property to ~~the product of 95 percent of the base year effective tax rate multiplied by the ratio of the current year's tax rate to the payable 1989 tax rate~~. In no case will the reduction for each homestead resulting from this credit be less than \$10.

(b) In the case of property located within the boundaries of a school district which qualifies as a tax relief area but which is outside the boundaries of a municipality which meets the qualifications prescribed in section 273.134, 57 percent of the tax, provided that the reduction shall not exceed the maximum amounts specified in clause (c), and shall not exceed an amount sufficient to reduce the effective tax rate on each parcel of property to ~~the product of 95 percent of the base year effective tax rate multiplied by the ratio of the current year's tax rate to the payable 1989 tax rate~~. In no case will the reduction for each homestead resulting from this credit be less than \$10.

(c) The maximum reduction of the tax is \$225.40 on property described in clause (a) and \$200.10 on property described in clause (b), for taxes payable in 1985. These maximum amounts shall increase by \$15 times the quantity one minus the homestead credit equivalency percentage per year for taxes payable in 1986 and subsequent years.

For the purposes of this subdivision, "homestead credit equivalency percentage" means one minus the ratio of the net class rate to the gross class rate applicable to the first \$72,000 of the market value of residential homesteads, "effective tax rate" means tax divided by the market value of a property, and the "base year effective tax rate" means the payable 1988 tax on a property with an identical market value to that of the property receiving the credit in the current year after the application of the credits payable under Minnesota Statutes 1988, section 273.13, subdivisions 22 and 23, and this section, divided by the market value of the property.

Sec. 29. Minnesota Statutes 1992, section 273.33, subdivision 2, is amended to read:

Subd. 2. The personal property, consisting of the pipeline system of mains, pipes, and equipment attached thereto, of pipeline companies and others engaged in the operations or business of transporting natural gas, gasoline, crude oil, or other petroleum products by pipelines, shall be listed with and assessed by the commissioner of revenue. This subdivision shall not apply to the assessment of the products transported through the pipelines nor to the lines of local commercial gas companies engaged primarily in the business of distributing gas to consumers at retail nor to pipelines used by the owner thereof to supply natural gas or other petroleum products exclusively for such owner's own consumption and not for resale to others. If more than 85 percent of the natural gas or other petroleum products actually transported over the pipeline is used for the owner's own consumption and not for resale to others, then this subdivision shall not apply; provided, however, that in that event, the pipeline shall be assessed in proportion to the

percentage of gas actually transported over such pipeline that is not used for the owner's own consumption. On or before June 30, the commissioner shall certify to the auditor of each county, the amount of such personal property assessment against each company in each district in which such property is located.

Sec. 30. Minnesota Statutes 1992, section 276.04, subdivision 2, is amended to read:

Subd. 2. [CONTENTS OF TAX STATEMENTS.] (a) The treasurer shall provide for the printing of the tax statements. The commissioner of revenue shall prescribe the form of the property tax statement and its contents. The statement must contain a tabulated statement of the dollar amount due to each taxing authority from the parcel of real property for which a particular tax statement is prepared. The dollar amounts due the county, township or municipality and school district must be separately stated. The amounts due other taxing districts, if any, may be aggregated. The dollar amounts, including the dollar amount of any special assessments, may be rounded to the nearest even whole dollar. For purposes of this section whole odd-numbered dollars may be adjusted to the next higher even-numbered dollar. The statement shall include the following sentence, printed in upper case letters in boldface print: "THE STATE OF MINNESOTA DOES NOT RECEIVE ANY PROPERTY TAX REVENUES. THE STATE OF MINNESOTA REDUCES YOUR PROPERTY TAX BY PAYING CREDITS AND REIMBURSEMENTS TO LOCAL UNITS OF GOVERNMENT."

(b) The property tax statements for manufactured homes and sectional structures taxed as personal property shall contain the same information that is required on the tax statements for real property.

(c) Real and personal property tax statements must contain the following information in the order given in this paragraph. The information must contain the current year tax information in the right column with the corresponding information for the previous year in a column on the left:

- (1) the property's estimated market value as defined in under section 272.03, subdivision 8 273.11, subdivision 1;
- (2) the property's taxable market value after reductions under sections 273.11, subdivisions 1a and 16;
- (3) the property's gross tax, calculated by multiplying the property's gross tax capacity times the total local tax rate and adding to the result the sum of the aids enumerated in clause (3);
- (3) (4) a total of the following aids:
  - (i) education aids payable under chapters 124 and 124A;
  - (ii) local government aids for cities, towns, and counties under chapter 477A; and
  - (iii) disparity reduction aid under section 273.1398;
- (4) (5) for homestead residential and agricultural properties, the homestead and agricultural credit aid apportioned to the property. This amount is obtained by multiplying the total local tax rate by the difference between the property's gross and net tax capacities under section 273.13. This amount must be separately stated and identified as "homestead and agricultural credit." For purposes of comparison with the previous year's amount for the statement for taxes payable in 1990, the statement must show the homestead credit for taxes payable in 1989 under section 273.13, and the agricultural credit under section 273.132 for taxes payable in 1989;
- (5) (6) any credits received under sections 273.119; 273.123; 273.135; 273.1391; 273.1398, subdivision 4; 469.171; and 473H.10, except that the amount of credit received under section 273.135 must be separately stated and identified as "taconite tax relief";
- (6) (7) the net tax payable in the manner required in paragraph (a); and
- (7) (8) any additional amount of tax authorized under sections 124A.03, subdivision 2a, and 275.61. These amounts shall be listed as "voter approved referenda levies."

The commissioner of revenue shall certify to the county auditor the actual or estimated aids enumerated in clauses (3) and (4) that local governments will receive in the following year. In the case of a county containing a city of the first class, for taxes levied in 1991, and for all counties for taxes levied in 1992 and thereafter, the commissioner must certify this amount by September 1.

Sec. 31. Minnesota Statutes 1992, section 375.192, subdivision 2, is amended to read:

Subd. 2. Upon written application by the owner of any property, the county board may grant the reduction or abatement of estimated market valuation or taxes and of any costs, penalties, or interest on them as the board deems just and equitable and order the refund in whole or part of any taxes, costs, penalties, or interest which have been erroneously or unjustly paid. The county board is authorized to consider and grant reductions or abatements on applications only as they relate to taxes payable in the current year and the two prior years; provided that reductions or abatements for the two prior years shall be considered or granted only for (i) clerical errors, or (ii) when the taxpayer fails to file for a reduction or an adjustment due to hardship, as determined by the county board. The application must include the social security number of the applicant. The social security number is private data on individuals as defined by section 13.02, subdivision 12. All applications must be approved by the county assessor, or, if the property is located in a city of the first or second class having a city assessor, by the city assessor, and by the county auditor before consideration by the county board, except that the part of the application which is for the abatement of penalty or interest must be approved by the county treasurer and county auditor. Approval by the county or city assessor is not required for abatements of penalty or interest. No reduction, abatement, or refund of any special assessments made or levied by any municipality for local improvements shall be made unless it is also approved by the board of review or similar taxing authority of the municipality. Before taking action on any reduction or abatement where the reduction of taxes, costs, penalties, and interest exceed \$10,000, the county board shall give 20 days' notice to the school board and the municipality in which the property is located. The notice must describe the property involved, the actual amount of the reduction being sought, and the reason for the reduction. If the school board or the municipality object to the granting of the reduction or abatement, the county board must refer the abatement or reduction to the commissioner of revenue with its recommendation. The commissioner shall consider the abatement or reduction under section 270.07, subdivision 1.

An appeal may not be taken to the tax court from any order of the county board made in the exercise of the discretionary authority granted in this section.

The county auditor shall notify the commissioner of revenue of all abatements resulting from the erroneous classification of real property, for tax purposes, as nonhomestead property. For the abatements relating to the current year's tax processed through June 30, the auditor shall notify the commissioner on or before July 31 of that same year of all abatement applications granted. For the abatements relating to the current year's tax processed after June 30 through the balance of the year, the auditor shall notify the commissioner on or before the following January 31 of all applications granted. The county auditor shall submit a form containing the social security number of the applicant and such other information the commissioner prescribes.

Sec. 32. [PENDING APPLICATIONS.]

(a) For applications under Minnesota Statutes, section 375.192, subdivision 2, pending prior to the effective date of this act, the county board's current policy is ratified by this act.

(b) If an applicant has filed a judicial action before January 1, 1993, for a reduction or abatement requiring the county to consider the application, paragraph (a) does not apply; provided, however, that no reduction or abatement may be considered by the county board for more than three years.

Sec. 33. Minnesota Statutes 1992, section 429.061, is amended by adding a subdivision to read:

Subd. 5. Unless a greater amount has been agreed upon between the authority and the governing body or bodies for which the authority was created, in whose jurisdiction the project is located, five percent of the aggregate shelter rentals shall be charged to the authority as a service charge for the services and facilities to be furnished with respect to that project. The service

charge shall be collected from the authority in the manner provided by law for the assessment and collection of taxes. The amount so collected shall be distributed to the several taxing bodies in the same proportion as the tax rate of each bears to the total tax rate of those taxing bodies. The governing body or bodies for which the authority has been created, in whose jurisdiction the project is located, may agree with the authority for the payment of a service charge for a housing project in an amount greater than five percent of the aggregate annual shelter rentals of any project, upon the basis of shelter rentals or upon another basis agreed upon. The service charge may not exceed the amount which would be payable in taxes were the property not exempt. If such an agreement is made, the service charge so agreed upon shall be collected and distributed in the manner above provided. If the project has become occupied, or if the land upon which the project is to be constructed has been acquired, the agreement shall specify the location of the project for which the agreement is made. "Shelter rental" means the total rentals of a housing project exclusive of any charge for utilities and special services such as heat, water, electricity, gas, sewage disposal, or garbage removal. "Service charge" means payment in lieu of taxes. The records of each housing project shall be open to inspection by the proper assessing officer.

- (2) "Income" does not include
  - (a) amounts excluded pursuant to the Internal Revenue Code, sections 101(a), 102, and 121;

For purposes of this subdivision, the "exemption amount" means the exemption amount under section 151(d) of the Internal Revenue Code of 1986, as amended through December 31, 1991, for the taxable year for which the income is reported.

Sec. 2. Minnesota Statutes 1992, section 290A.03, subdivision 7, is amended to read:

Subd. 7. [DEPENDENT.] "Dependent" means any person who is considered a dependent under sections 151 and 152 of the Internal Revenue Code of 1986, as amended through December 31, 1991. allowance to or on behalf of the child, surplus food, or other relief in kind supplied by a governmental agency must not be taken into account in determining whether the child received more than half of the child's support from the claimant.

Sec. 3. Minnesota Statutes 1992, section 290A.03, subdivision 8, is amended to read:

Subd. 8. [CLAIMANT.] (a) "Claimant" means a person, other than a dependent, as defined under sections 151 and 152 of the Internal Revenue Code of 1986, as amended through December 31, 1992, disregarding section 152(b)(3) of the Internal Revenue Code, who filed a claim authorized by this chapter and who was a resident of this state as provided in chapter 290 during the calendar year for which the claim for relief was filed.

(b) In the case of a claim relating to rent constituting property taxes, the claimant shall have resided in a rented or leased unit on which ad valorem taxes or payments made in lieu of ad valorem taxes, including payments of special assessments imposed in lieu of ad valorem taxes, are payable at some time during the calendar year covered by the claim.

(c) "Claimant" shall not include a resident of a nursing home, intermediate care facility, or long-term residential facility whose rent constituting property taxes is paid pursuant to the supplemental security income program under title XVI of the Social Security Act, the Minnesota supplemental aid program under sections 256D.35 to 256D.54, the medical assistance program pursuant to title XIX of the Social Security Act, or the general assistance medical care program pursuant to section 256D.03, subdivision 3. If only a portion of the rent constituting property taxes is paid by these programs, the resident shall be a claimant for purposes of this chapter, but the refund calculated pursuant to section 290A.04 shall be multiplied by a fraction, the numerator of which is income as defined in subdivision 3, paragraphs (1) and (2), reduced by the total amount of income from the above sources other than vendor payments under the medical assistance program or the general assistance medical care program and the denominator of which is income as defined in subdivision 3, paragraphs (1) and (2), plus vendor payments under the medical assistance program or the general assistance medical care program, to determine the allowable refund pursuant to this chapter.

(d) Notwithstanding paragraph (c), if the claimant was a resident of the nursing home, intermediate care facility or long-term residential facility for only a portion of the calendar year covered by the claim, the claimant may compute rent constituting property taxes by disregarding the rent constituting property taxes from the nursing home, intermediate care facility, or long-term residential facility and use only that amount of rent constituting property taxes or property taxes payable relating to that portion of the year when the claimant was not in the facility. The claimant's household income is the income for the entire calendar year covered by the claim.

(e) In the case of a claim for rent constituting property taxes of a part-year Minnesota resident, the income and rental reflected in this computation shall be for the period of Minnesota residency only. Any rental expenses paid which may be reflected in arriving at federal adjusted gross income cannot be utilized for this computation. When two individuals of a household are able to meet the qualifications for a claimant, they may determine among them as to who the claimant shall be. If they are unable to agree, the matter shall be referred to the commissioner of revenue whose decision shall be final. If a homestead property owner was a part-year Minnesota resident, the income reflected in the computation made pursuant to section 290A.04 shall be for the entire calendar year, including income not assignable to Minnesota.

(f) If a homestead is occupied by two or more renters, who are not husband and wife, the rent shall be deemed to be paid equally by each, and separate claims shall be filed by each. The income of each shall be each renter's household income for purposes of computing the amount of credit to be allowed.

Sec. 4. Minnesota Statutes 1992, section 290A.04, subdivision 2h, is amended to read:

Subd. 2h. (a) If the gross property taxes payable on a homestead increase more than 12 percent over the net property taxes payable in the prior year on the same property that is owned by the same owner in both years, and the amount of that increase is \$80 or more for taxes payable in 1993, and \$100 or more for taxes payable in 1994, 1995, and 1996, a claimant who is a homeowner shall be allowed an additional refund equal to 75 percent of the amount of the increase over the greater of 12 percent of the prior year's net property taxes payable or \$80 for taxes payable in 1993, and 75 percent of the amount of the increase over the greater of 12 percent of the prior year's net property taxes payable or \$100 for taxes payable in 1994, 1995, and 1996. This subdivision shall not apply to any increase in the gross property taxes payable attributable to improvements made to the homestead after the assessment date for the prior year's taxes.

In the case of refunds for property taxes payable in 1993 and thereafter, The maximum refund allowed under this subdivision is \$1,500.

(b) For purposes of this subdivision, the following terms have the meanings given:

(1) "Net property taxes payable" means property taxes payable after reductions made under sections 273.13, subdivisions 22 and 23; 273.135; 273.1391; and 273.42, subdivision 2, and any other state paid property tax credits and after the deduction of tax refund amounts for which the claimant qualifies pursuant to subdivision 2 and this subdivision.

(2) "Gross property taxes" means net property taxes payable determined without regard to the refund allowed under this subdivision.

(c) In addition to the other proofs required by this chapter, each claimant under this subdivision shall file with the property tax refund return a copy of the property tax statement for taxes payable in the preceding year or other documents required by the commissioner.

On or before December 1, 1993, 1994, and 1995, the commissioner shall estimate the cost of making the payments provided by this subdivision for taxes payable in the following year. Notwithstanding the open appropriation provision of section 290A.23, if the estimated total refund claims for taxes payable in 1994, 1995, and 1996 exceed \$5,500,000, for each of the three years the commissioner shall increase the \$100 amount of tax increase which must occur before a taxpayer qualifies for a refund, and increase by an equal amount the \$100 threshold used in determining the amount of the refund, so that the estimated total refund claims do not exceed \$5,500,000 for taxes payable in 1994, for taxes payable in 1995, or for taxes payable in 1996.

The determinations of the revised thresholds by the commissioner are not rules subject to chapter 14.

Sec. 5. Minnesota Statutes 1992, section 290A.04, is amended by adding a subdivision to read:

Subd. 6. [INFLATION ADJUSTMENT.] Beginning for property tax refunds payable in calendar year 1995, the commissioner shall annually adjust the dollar amounts of the income thresholds and the maximum refund amounts under subdivisions 2 and 2a for inflation. The commissioner shall make the inflation adjustments using the same percentage determined under section 290.06, subdivision 2d, for taxable years beginning during the calendar year. The commissioner shall round the thresholds and maximum refund amounts, as adjusted, to the nearest \$10 amount. If the amount ends in \$5, the commissioner shall round it up to the next \$10 amount.

The commissioner shall annually announce the adjusted refund schedule at the same time provided under section 290.06. The determination of the commissioner under this subdivision is not a rule under the administrative procedure act.

Sec. 6. Minnesota Statutes 1992, section 290A.23, is amended to read:

290A.23 [APPROPRIATION.]

Subdivision 1. [RENTERS CREDIT AND TARGETING.] For payments made before July 1, 1996, there is appropriated from the general fund in the state treasury to the commissioner of revenue the amount necessary to make the payments required under section 290A.04, subdivisions 2a and 2h. For payments made after June 30, 1996, the amount necessary to make the payments required under section 290A.04, subdivision 2a, are appropriated to the commissioner of revenue from the local government trust fund.

Subd. 2. [HOMEOWNERS PROPERTY TAX REFUND AND TARGETING.] There is appropriated from the local government trust fund to the commissioner of revenue the amount necessary to make the payments required under section 290A.04, ~~subdivision~~ subdivisions 2 and 2h.

(a) On the basis of the most recent forecast of local government trust fund revenues and expenditures, not including expenditures under this section, the commissioner of finance shall determine on or before July 1, 1994, whether the local government trust fund revenues for fiscal year 1995 will exceed the amount appropriated from the fund. If the amount of revenues are estimated to exceed appropriations, up to the first \$3,000,000 of the excess is appropriated

from the local government trust fund to the commissioner of revenue to increase the payment of property tax refunds to renters under Minnesota Statutes, section 290A.04, subdivision 2a, for claims relating to rent constituting property taxes for rents paid in 1993. The commissioner shall proportionately increase each claimant's refund by an amount the commissioner estimates is sufficient to pay out the additional appropriation. The amount paid to a claimant under this appropriation is not subject to the limitations under Minnesota Statutes, chapter 290A, on the maximum amount of a refund. The additional refund under this section shall be included with the originally authorized refund and paid at the same time as prescribed for the original refund under Minnesota Statutes, section 290A.07. The commissioner's adjustments are final. If, as a result of the commissioner's estimates the additional refund paid under this section exceeds the amount the commissioner originally determined as the available local government trust fund surplus, the excess is appropriated first from any remaining local government trust fund surplus and then, if necessary, from the general fund.

(b) If an additional appropriation is made under the provision of paragraph (a), the commissioner of revenue shall recommend modifications of the property tax refund schedule to the 1995 legislature to provide an equivalent permanent increase in the property tax refund for renters.

Sec. 8. [EFFECTIVE DATE.]

Section 1 is effective for refunds payable for rents paid in 1993 and property taxes payable in 1994, and thereafter.

(b) The commissioner of revenue shall prescribe the form of the notice.

(c) The notice must inform taxpayers that it contains the amount of property taxes each taxing authority other than a town proposes to collect for taxes payable the following year and, for a town, the amount of its final levy. It must

clearly state that each taxing authority, ~~other than a town or special taxing district~~ including regional library districts established under section 134.201, and including the metropolitan taxing districts as defined in paragraph (i), but excluding all other special taxing districts and towns, will hold a public meeting to receive public testimony on the proposed budget and proposed or final property tax levy, or, in case of a school district, on the current budget and proposed property tax levy. It must clearly state the time and place of each taxing authority's meeting and an address where comments will be received by mail. For 1993, the notice must clearly state that each taxing authority holding a public meeting will describe the increases or decreases of the total budget, including employee and independent contractor compensation in the prior year, current year, and the proposed budget year.

(3) the increase or decrease in the amounts in clause (2) from taxes payable in the current year to proposed or, for a town, final taxes payable the following year, expressed as a dollar amount and as a percentage.

(e) The notice must clearly state that the proposed or final taxes do not include the following:

A tax required to be deducted and withheld from compensation of an entertainer and from a payment to an out-of-state contractor must be paid on or before the date the return for such tax must be filed under section 289A.18, subdivision 2. Taxes required to be deducted and withheld by partnerships and S corporations must be paid on or before the date the return must be filed under section 289A.18, subdivision 2.

(b)(1) Unless clause (2) applies, if during any calendar month, other than the last month of the calendar quarter, the aggregate amount of the tax withheld during that quarter under section 290.92, subdivision 2a or 3, or 290.923, subdivision 2, exceeds \$500, the employer shall deposit the aggregate amount with the commissioner within 15 days after the close of the calendar month.

(2) If at the close of any eighth monthly period the aggregate amount of undeposited taxes is \$3,000 or more, the employer, or person withholding tax under section 290.92, subdivision 2a or 3, or 290.923, subdivision 2, shall deposit the undeposited taxes with the commissioner within three banking days after the close of the eighth monthly period. For purposes of this clause, the term "eighth monthly period" means the first three days of a calendar month, the fourth day through the seventh day of a calendar month, the eighth day through the 11th day of a calendar month, the 12th day through the 15th day of a calendar month, the 16th day through the 19th day of a calendar month, the 20th day through the 22nd day of a calendar month, the 23rd day through the 25th day of a calendar month, or the part of a calendar month following the 25th day of the month. An employer who, during the previous quarter, withheld more than \$500 of tax under section 290.92, subdivision 2a or 3, or 290.923, subdivision 2, must deposit tax withheld under those sections with the commissioner within the time allowed to deposit the employer's federal withheld employment taxes under Treasury Regulation, section 31.6302-1, without regard to the safe harbor or de minimus rules in subparagraph (f) or the one-day rule in subsection (c), clause (3). Taxpayers must submit a copy of their federal notice of deposit status to the commissioner upon request by the commissioner.

(c) The commissioner may prescribe by rule other return periods or deposit requirements. In prescribing the reporting period, the commissioner may classify payors according to the amount of their tax liability and may adopt an appropriate reporting period for the class that the commissioner judges to be consistent with efficient tax collection. In no event will the duration of the reporting period be more than one year.

(d) If less than the correct amount of tax is paid to the commissioner, proper adjustments with respect to both the tax and the amount to be deducted must be made, without interest, in the manner and at the times the commissioner prescribes. If the underpayment cannot be adjusted, the amount of the underpayment will be assessed and collected in the manner and at the times the commissioner prescribes.

(e) If the aggregate amount of the tax withheld during a fiscal year ending June 30 under section 290.92, subdivision 2a or 3, is equal to or exceeds \$240,000, the employer must remit each required deposit in the subsequent calendar year by means of a funds transfer as defined in section 336.4A-104, paragraph (a). The funds transfer payment date, as defined in section 336.4A-401, must be on or before the date the deposit is due. If the date the deposit is due is not a funds transfer business day, as defined in section 336.4A-105, paragraph (a), clause (4), the payment date must be on or before the funds transfer business day next following the date the deposit is due.

Sec. 3. Minnesota Statutes 1992, section 289A.26, subdivision 7, is amended to read:

Subd. 7. [REQUIRED INSTALLMENTS.] (a) Except as otherwise provided in this subdivision, the amount of a required installment is 25 percent of the required annual payment.

(b) Except as otherwise provided in this subdivision, the term "required annual payment" means the lesser of:

(1)(i) ~~for tax years beginning in calendar year 1992, 93~~ 97 percent of the tax shown on the return for the taxable year, or, if no return is filed, ~~93~~ 97 percent of the tax for that year;

(ii) ~~for tax years beginning after December 31, 1992, 95 percent of the tax shown on the return for the taxable year, or if no return is filed 95 percent of the tax for that year; or~~

(2) 100 percent of the tax shown on the return of the entity for the preceding taxable year provided the return was for a full 12-month period, showed a liability, and was filed by the entity.

(c) Except for determining the first required installment for any taxable year, paragraph (b), clause (2), does not apply in the case of a large corporation. The term "large corporation" means a corporation or any predecessor corporation that had taxable net income of \$1,000,000 or more for any taxable year during the testing period. The term "testing period" means the three taxable years immediately preceding the taxable year involved. A reduction allowed to a large corporation for the first installment that is allowed by applying paragraph (b), clause (2), must be recaptured by increasing the next required installment by the amount of the reduction.

(d) In the case of a required installment, if the corporation establishes that the annualized income installment is less than the amount determined in paragraph (a), the amount of the required installment is the annualized income installment and the recapture of previous quarters' reductions allowed by this paragraph must be recovered by increasing later required installments to the extent the reductions have not previously been recovered.

(e) The "annualized income installment" is the excess, if any, of:

(1) an amount equal to the applicable percentage of the tax for the taxable year computed by placing on an annualized basis the taxable income:

(i) for the first two months of the taxable year, in the case of the first required installment;

(ii) for the first two months or for the first five months of the taxable year, in the case of the second required installment;

(iii) for the first six months or for the first eight months of the taxable year, in the case of the third required installment; and

(iv) for the first nine months or for the first 11 months of the taxable year, in the case of the fourth required installment, over

(2) the aggregate amount of any prior required installments for the taxable year.

(3) For the purpose of this paragraph, the annualized income shall be computed by placing on an annualized basis the taxable income for the year up to the end of the month preceding the due date for the quarterly payment multiplied by 12 and dividing the resulting amount by the number of months in the taxable year (2, 5, 6, 8, 9, or 11 as the case may be) referred to in clause (1).

(4) The "applicable percentage" used in clause (1) is:

For the following required installments:

The applicable percentage is:

	for tax years beginning in 1992		for tax years beginning after December 31, 1992
1st	23.25	<u>24.25</u>	23.75
2nd	46.5	<u>48.5</u>	47.5
3rd	69.75	<u>72.75</u>	71.25
4th	93	<u>97</u>	95

(f)(1) If this paragraph applies, the amount determined for any installment must be determined in the following manner:

(i) take the taxable income for the months during the taxable year preceding the filing month;

(ii) divide that amount by the base period percentage for the months during the taxable year preceding the filing month;

(iii) determine the tax on the amount determined under item (ii); and

(iv) multiply the tax computed under item (iii) by the base period percentage for the filing month and the months during the taxable year preceding the filing month.

(2) For purposes of this paragraph:

(i) the "base period percentage" for a period of months is the average percent that the taxable income for the corresponding months in each of the three preceding taxable years bears to the taxable income for the three preceding taxable years;

(ii) the term "filing month" means the month in which the installment is required to be paid;

(iii) this paragraph only applies if the base period percentage for any six consecutive months of the taxable year equals or exceeds 70 percent; and

(iv) the commissioner may provide by rule for the determination of the base period percentage in the case of reorganizations, new corporations, and other similar circumstances.

(3) In the case of a required installment determined under this paragraph, if the entity determines that the installment is less than the amount determined in paragraph (a), the amount of the required installment is the amount determined under this paragraph and the recapture of previous quarters' reductions allowed by this paragraph must be recovered by increasing later required installments to the extent the reductions have not previously been recovered.

Sec. 4. Minnesota Statutes 1992, section 289A.50, subdivision 5, is amended to read:

Subd. 5. [WITHHOLDING OF REFUNDS FROM CHILD SUPPORT AND MAINTENANCE DEBTORS.] (a) If a court of this state finds that a person obligated to pay child support or maintenance is delinquent in making payments, the amount of child support or maintenance unpaid and owing, including attorney fees and costs incurred in ascertaining or collecting child support or maintenance, must be withheld from a refund due the person under chapter 290. The public agency responsible for child support enforcement or the parent or guardian of a child for whom the support, attorney fees, and costs are owed or the party to whom maintenance, attorney fees, and costs are owed may petition the district ~~or county~~ court for an order providing for the withholding of the amount of child support, maintenance, attorney fees, and costs unpaid and owing as determined by court order. The person from whom the refund may be withheld must be notified of the petition under the rules of civil procedure before the issuance of an order under this subdivision. The order may be granted on a showing to the court that required support or maintenance payments, attorney fees, and costs have not been paid when they were due.

(b) On order of the court, the commissioner shall withhold the money from the refund due to the person obligated to pay the child support or maintenance. The amount withheld shall be remitted to the public agency responsible for child support enforcement ~~or to~~ the parent or guardian petitioning on behalf of the child, or the party to whom maintenance is owed, after any delinquent tax obligations of the taxpayer owed to the revenue department have been satisfied and after deduction of the fee prescribed in section 270A.07, subdivision 1. An amount received by the responsible public agency, or the petitioning parent or guardian, or the party to whom maintenance is owed, in excess of the amount of public assistance spent for the benefit of the child to be supported, or the amount of any support, maintenance, attorney fees, and costs that had been the subject of the claim under this subdivision that has been paid by the taxpayer before the diversion of the refund, must be paid to the person entitled to the money. If the refund is based on a joint return, the part of the refund that must be paid to the petitioner is the proportion of the total refund that equals the proportion of the total federal adjusted gross income of the spouses that is the federal adjusted gross income of the spouse who is delinquent in making the child support or maintenance payments.

(c) A petition filed under this subdivision remains in effect with respect to any refunds due under this section until the support ~~money or maintenance~~, attorney fees, and costs have been paid in full or the court orders the commissioner to discontinue withholding the money from the refund due the person obligated to pay the support or maintenance, attorney fees, and costs. If a petition is filed under this subdivision concerning child support and a claim is made under chapter 270A with respect to the individual's refund and notices of both are received before the time when payment of the refund is made on either claim, the claim relating to the liability that accrued first in time must be paid first. The amount of the refund remaining must then be applied to the other claim.

(b) Capital equipment does not include the following:

(1) machinery or equipment purchased or leased to replace machinery or equipment performing substantially the same function in an existing facility;

(2) repair or replacement parts, or including accessories, whether purchased as spare parts, repair parts, or as upgrades or modifications, and whether purchased before or after the machinery or equipment is placed into service. Parts or accessories are treated as capital equipment only to the extent that they are a part of and are essential to the operation of the machinery or equipment as initially purchased;

(3) machinery or equipment used to receive or store raw materials;

(4) building materials, including materials used for foundations that support machinery or equipment;

(5) machinery or equipment used for nonproduction purposes, including, but not limited to, the following: machinery and equipment used for plant security, fire prevention, first aid, and hospital stations; machinery and equipment used in support operations or for administrative purposes; machinery and equipment used solely for pollution control, prevention, or abatement; machinery and equipment used for environmental control, except that when a controlled environment is essential for the manufacture of a particular product, the machinery or equipment that controls the environment can qualify as capital equipment; and machinery and equipment used in plant cleaning, disposal of scrap and waste, plant communications, lighting, or safety;

(6) "farm machinery" as defined by section 297A.01, subdivision 15, "special tooling" as defined by section 297A.01, subdivision 17, and "aquaculture production equipment" as defined by section 297A.01, subdivision 19; or

(7) any other item that is not essential to the integrated process of manufacturing, fabricating, mining, quarrying, or refining.

(c) For purposes of this subdivision:

(1) the requirement that the machinery or equipment "must be used by the purchaser or lessee" means that the person who purchases or leases the machinery or equipment must be the one who uses it for the qualifying purpose. When a contractor buys and installs machinery or equipment as part of an improvement to real property, only the contractor is considered the purchaser;

(2) the requirement that the machinery and equipment must be used "for manufacturing, fabricating, mining, quarrying, or refining" means that the machinery or equipment must be essential to the integrated process of manufacturing, fabricating, mining, quarrying, or refining. Neither legal requirements nor practical necessity determines whether or not the equipment is essential to the integrated process;

(3) "facility" means a coordinated group of fixed assets, which may include land, buildings, machinery, and equipment that are essential to and used in an integrated manufacturing, fabricating, refining, mining, or quarrying process;

(4) "establishment of a new facility" means the construction of a facility, or the purchase by a new owner of a facility that was previously closed and not operational for a period of at least 12 consecutive months. Relocating operations from an existing facility within Minnesota to another facility within Minnesota does not constitute establishing a new facility;

(5) "physical expansion of an existing facility" means adding a new production line, adding new machinery or equipment to an existing production line, new construction which will become part of the existing facility and which is used for a qualifying activity, or conversion of an area in an existing facility from a nonqualifying activity to a qualifying activity; and

(6) performing "substantially the same function" means that the new machinery or equipment serves fundamentally or essentially the same purpose as did the old equipment or that it produces the same or similar end product, even though it may increase speed, efficiency, or production capacity.

(d) Notwithstanding prior provisions of this subdivision, machinery and equipment purchased or leased to replace machinery and equipment used in the mining or production of taconite shall qualify as capital equipment regardless of whether the facility has been expanded.

Sec. 46. [CITY OF GARRISON; SALES TAX.]

Subdivision 1. Subd. 2. [USE OF REVENUES.] Revenues received from taxes authorized under subdivision 1 must be dedicated by the city to pay the cost of collecting the tax and to pay all or part of the expenses of the construction of a sewer system in the city, including payment of principal and interest on loans received by the city to construct the sewer system.

Subd. 3. [ENFORCEMENT; COLLECTION; AND ADMINISTRATION OF TAXES.] (a) The city may provide for collection and enforcement of the tax by ordinance or the city may enter into an agreement with the commissioner of revenue, providing for collection of the tax.

(b) If the city enters an agreement with the commissioner of revenue for collection of the tax, the sales tax imposed under this section must be reported and paid to the commissioner of revenue with the state sales taxes, and be subject to the same penalties, interest, and enforcement provisions. The proceeds of the tax, less refunds and a proportionate share of the cost of collection, shall be remitted at least quarterly to the city. The commissioner shall deduct from the proceeds remitted an amount that equals the indirect statewide cost as well as the direct and indirect department costs necessary to administer, audit, and collect the tax.

Subd. 4. [EXPIRATION OF TAXING AUTHORITY.] The authority granted by this section to the city of Garrison to impose a sales tax expires when the principal and interest on any bonds or obligations issued to finance the construction of the sewer system have been paid, or at an earlier time as the city shall, by resolution, determine. Any funds remaining after completion of the improvements and retirement or redemption of the bonds may be placed in the general fund of the city.

Subd. 5. [REFERENDUM.] The city may impose the tax under this section only after approval by the voters in a referendum held at a special or general election in the city.

Subd. 6. [LOCAL APPROVAL; EFFECTIVE DATE.] This section is effective the day after final enactment, upon compliance with Minnesota Statutes, section 645.021, subdivision 3, by the city of Garrison.

Sec. 47. [CHARITABLE GOLF TOURNAMENTS.]

The gross receipts from the sale or use of tickets or admissions to a golf tournament held in Minnesota are exempt if the beneficiary of the tournament's net proceeds qualifies as a tax-exempt organization under section 501(c)(3) of the Internal Revenue Code.

Sec. 48. [ADVISORY COUNCIL; SALES TAX ON CAPITAL EQUIPMENT.]

Subdivision 1. [CREATION; MEMBERSHIP.] (a) A state advisory council is established to study the sales tax exemption for capital equipment under Minnesota Statutes 1992, sections 297A.01, subdivision 16, and 297A.25, subdivision 42, and to make recommendations to the 1994 legislature. The study shall be completed and findings reported to the legislature by February 1, 1994.

(b) The advisory council consists of 15 members who serve at the pleasure of the appointing authority as follows:

(1) six legislators; three members of the senate, including one member of the minority party, appointed by the subcommittee on committees of the committee on rules and administration and three members of the house of representatives, including one member of the minority party, appointed by the speaker;

(3) eight members of the public; two appointed by the subcommittee on committees of the committee on rules and administration of the senate, two appointed by the speaker of the house, and four appointed by the governor.

Subd. 2. [SCOPE OF THE STUDY.] (a) In preparing the study, the advisory council shall examine, at least, the following:

(2) appropriate tax policy goals for the exemption of capital equipment from the sales tax;

(3) the effect of the exemption in encouraging new investment, increases in economic activity, and creation of new jobs in Minnesota or other appropriate economic development goals;

(4) analyses of alternative versions of the exemption, either expanding or narrowing it and specifically including the expansions contained in the administrative law judge's report, that will further the tax policy and economic development goals developed under clauses (2) and (3). In analyzing alternatives, the advisory council must consider alternatives that expand the exemption and offset the reduction in state and local sales tax revenues by expanding the sales tax base to include final consumption items that are now exempt from taxation.

(b) The advisory council's report to the legislature must include recommendations for modifying the exemption in light of the tax policy and economic development goals. The recommendations must not provide for increasing or decreasing state revenues relative to the revenue department's estimates of the effect of applying the department's interpretations of present law. If the report recommends expanding the exemption, it must include recommendations to expand the tax base to offset the resulting loss of state and local revenues.

Subd. 3. [STAFF.] The department of revenue and legislative staff shall provide administrative and staff assistance when requested by the advisory council.

Subd. 4. [COOPERATION BY OTHER AGENCIES.] The commissioners of the department of trade and economic development, the department of labor and industry, the department of jobs and training, and the pollution control agency shall, upon request by the advisory council, provide data or other information that is collected or possessed by their agencies and that is necessary or useful in conducting the study and preparing the report required by this section.

For this purpose, the term "tax" shall include any penalty, interest, and costs properly payable. The term "levy" includes the power of distraint and seizure by any means; provided, no entry can be made upon the business premises or residence of a taxpayer in order to seize property without first obtaining a writ of entry listing the property to be seized and signed by a judge of the district court of the district in which the business premises or residence is located.

Sec. 9. [270.7001] [CONTINUOUS LEVY.]

Subdivision 1. [AUTHORITY.] The commissioner may, within five years after the date of assessment of the tax, or if a lien has been filed under section 270.69, within the statutory period for enforcement of the lien, give notice to

a person, officer, or political subdivision or agency of the state to withhold the amount of any tax, interest, or penalties due from a taxpayer, or the amount due from an employer or person who has failed to withhold and transmit amounts due from any payments to the taxpayer, employer, or person. The amounts withheld shall be transmitted to the commissioner at the times the commissioner designates.

Subd. 2. [LEVY CONTINUOUS.] The levy made under subdivision 1 is continuous from the date the notice is received until (1) the amount due stated on the notice has been withheld or (2) the notice has been released by the commissioner under section 270.709, whichever occurs first.

Subd. 3. [AMOUNT TO BE WITHHELD.] The amount required to be withheld under this section is the least of:

(1) the amount stated on the notice;

(2) if the taxpayer, employer, or person is not a natural person, 100 percent of the payment;

(3) if the taxpayer, employer, or person is an individual, 25 percent of the payment.

(3) any other periodic payments or credits resulting from an enforceable obligation to the taxpayer, employer, or person.

Subd. 5. [DETERMINATION OF STATUS; EFFECT.] A determination of a person's status as an independent contractor under this section does not affect the determination of the person's status for the purposes of any other law or rule.

In addition to other applicable penalties imposed by law, after notification from the commissioner of revenue to the taxpayer that payments for a tax administered by the commissioner are required to be made by means of electronic funds transfer, and the payments are remitted by some other means, there is a penalty in the amount of five percent of each payment that should have been remitted electronically. The penalty can be abated under the abatement procedures prescribed in section 270.07, subdivision 6, if the failure to remit the payment electronically is due to reasonable cause.

The treasurer shall collect the taxes according to law and credit them to the proper funds. This section does not apply to fines and penalties accruing to municipal corporations for the violation of their ordinances that are recoverable before a city justice. The county board may by resolution authorize the treasurer to impose a charge for any dishonored checks.

The county board may, by resolution, authorize the treasurer and/or other designees to accept payments of real property taxes by credit card provided that a fee is charged for its use. The fee charged must be commensurate with the costs assessed by the card issuer. If a credit card transaction under this section is subsequently voided or otherwise reversed, the lien of real property taxes under section 272.31 is revived and attaches in the manner and time provided in that section as though the credit card transaction had never occurred, and the voided or reversed credit card transaction shall not impair the right of a lienholder under section 272.31 to enforce the lien in its favor.

Sec. 12. Minnesota Statutes 1992, section 279.37, subdivision 1a, is amended to read:

Subd. 1a. ~~The delinquent taxes upon a parcel of property which was classified class 4e pursuant to section 273.13, subdivision 9, or for taxes assessed in 1986 and thereafter, classified class 3a, for the previous year's assessment and had a total market value of less than \$100,000~~ \$200,000 for that same assessment shall be eligible to be composed into a confession of judgment. Property qualifying under this subdivision shall be subject to the same provisions as provided in this section except as herein provided.

(c) If a retailer has an average sales and use tax liability, including local sales and use taxes administered by the commissioner, equal to or less than \$500 per month in any quarter of a calendar year, and has substantially complied with the tax laws during the preceding four calendar quarters, the retailer may request authorization to file and pay the taxes quarterly in subsequent calendar quarters. The authorization remains in effect during the period in which the retailer's quarterly returns reflect sales and use tax liabilities of less than \$1,500 and there is continued compliance with state tax laws.

(d) If a retailer has an average sales and use tax liability, including local sales and use taxes administered by the commissioner, equal to or less than \$100 per month during a calendar year, and has substantially complied with the tax laws during that period, the retailer may request authorization to file and pay the taxes annually in subsequent years. The authorization remains in effect during the period in which the retailer's annual returns reflect sales and use tax liabilities of less than \$1,200 and there is continued compliance with state tax laws.

(e) The commissioner may also grant quarterly or annual filing and payment authorizations to retailers if the commissioner concludes that the retailers' future tax liabilities will be less than the monthly totals identified in paragraphs (c) and (d). An authorization granted under this paragraph is subject to the same conditions as an authorization granted under paragraphs (c) and (d).

Sec. 14. Minnesota Statutes 1992, section 289A.20, subdivision 2, is amended to read:

Subd. 2. [WITHHOLDING FROM WAGES, ENTERTAINER WITHHOLDING, WITHHOLDING FROM PAYMENTS TO OUT-OF-STATE CONTRACTORS, AND WITHHOLDING BY PARTNERSHIPS AND SMALL BUSINESS CORPORATIONS.] (a) A tax required to be deducted and withheld during the quarterly period must be paid on or before the last day of the month following the close of the quarterly period, unless an earlier time for payment is provided. A tax required to be deducted and withheld from compensation of an entertainer and from a payment to an out-of-state contractor must be paid on or before the date the return for such tax must be filed under section 289A.18, subdivision 2. Taxes required to be deducted and withheld by partnerships and S corporations must be paid on or before the date the return must be filed under section 289A.18, subdivision 2.

(b)(1) Unless clause (2) applies, if during any calendar month, other than the last month of the calendar quarter, the aggregate amount of the tax withheld during that quarter under section 290.92, subdivision 2a or 3, or 290.923, subdivision 2, exceeds \$500, the employer shall deposit the aggregate amount with the commissioner within 15 days after the close of the calendar month.

(2) If at the close of any eighth-monthly period the aggregate amount of undeposited taxes is \$3,000 or more, the employer, or person withholding tax under section 290.92, subdivision 2a or 3, or 290.923, subdivision 2, shall deposit the undeposited taxes with the commissioner within three banking days after the close of the eighth-monthly period. In prescribing the reporting period, the commissioner may classify payors according to the amount of their tax liability and may adopt an appropriate reporting period for the class that the commissioner judges to be consistent with efficient tax collection. In no event will the duration of the reporting period be more than one year.

(d) If less than the correct amount of tax is paid to the commissioner, proper adjustments with respect to both the tax and the amount to be deducted must be made, without interest, in the manner and at the times the commissioner prescribes. If the underpayment cannot be adjusted, the amount of the underpayment will be assessed and collected in the manner and at the times the commissioner prescribes.

(b) ~~On or before August 18, 1987, or August 18 of each subsequent the year,~~ the taxpayer shall submit a return showing the actual June liability and paying any additional amount of tax not remitted in June. A penalty is hereby imposed equal to ten percent of the amount of June liability required to be paid in June less the amount remitted in June. However, the penalty shall not be imposed if the amount remitted in June equals the lesser of (a) (1) 45 70 percent of the actual June liability, or ~~(b) (2) 50 75~~ (2) 50 75 percent of the preceding May's liability.

Sec. 39. Minnesota Statutes 1992, section 297C.14, subdivision 1, is amended to read:

Subdivision 1. [PENALTY ON UNPAID TAX.] If a tax imposed by this chapter, or any part of it, is not paid within the time required for the payment, or an extension of time, or within 30 days after final determination of an appeal to the tax court relating to it, there shall be added to the tax a penalty equal to ~~three five~~ three five percent of the amount remaining unpaid if the failure is for not more than 30 days, with an additional penalty of ~~three five~~ three five percent of the amount of tax unpaid during each additional 30 days or fraction thereof, not exceeding 24 15 percent in the aggregate.

Sec. 40. Minnesota Statutes 1992, section 297C.14, subdivision 2, is amended to read:

Subd. 2. [PENALTY FOR FAILURE TO FILE.] If a person fails to make and file a return within the time required by this chapter or an extension of time, there shall be added to the tax ~~three five~~ three five percent of the amount of tax not paid on or before the date prescribed for payment of the tax ~~if the failure is for not more than 30 days, with an additional five percent of the amount of tax remaining unpaid for each additional 30 days or fraction thereof during which such failure continues, not exceeding 23 percent in the aggregate.~~ The amount so added to any tax under subdivisions 1 and 2 shall be collected at the same time and in the same manner and as a part of the tax and shall bear interest at the rate specified in section 270.75 from the time the tax should have been paid, unless the tax has been paid before the discovery of the negligence, in which case the amount so added shall be collected in the same manner as the tax.

In the case of a failure to file a return within 60 days of the date prescribed for filing of the return (determined with regard to any extension of time for filing), the addition to tax under this subdivision shall not be less than the lesser of (i) \$200; or (ii) the greater of (a) 25 percent of the amount required to be shown as tax on the return without reduction for any payments made or refundable credits allowable against the tax; or (b) \$50.

Sec. 41. Minnesota Statutes 1992, section 297C.14, is amended by adding a subdivision to read:

Subd. 9. [PENALTY FOR REPEATED FAILURES TO FILE RETURNS OR PAY TAXES.] If there is a pattern by a person of repeated failures to timely file returns or timely pay taxes, and written notice is given that a penalty will be imposed if such failures continue, a penalty of 25 percent of the amount of tax not timely paid as a result of each such subsequent failure is added to the tax. The penalty can be abated under the abatement authority in section 270.07, subdivisions 1, paragraph (e), and 6.

Sec. 42. Minnesota Statutes 1992, section 298.27, is amended to read:

298.27 [COLLECTION AND PAYMENT OF TAX.]

The taxes provided by section 298.24 shall be paid directly to each eligible county and the iron range resources and rehabilitation board. The commissioner of revenue shall notify each producer of the amount to be paid each recipient prior to February 8 15. Every person subject to taxes imposed by section 298.24 shall file a correct report covering the preceding year. The report must contain the information required by the commissioner. The report shall be filed on or before February 1. A remittance equal to ~~90~~ 100 percent of the total tax required to be paid hereunder shall be paid on or before February 15 24. On or before February 25, the county auditor shall make distribution of the payment received by the county in the manner provided by section 298.28. ~~The balance due shall be paid on or before April 15 following the production year, and shall be distributed by the county auditor as provided in section 298.28~~

by May 15. Reports shall be made and hearings held upon the determination of the tax in accordance with procedures established by the commissioner of revenue. The commissioner of revenue shall have authority to make reasonable rules as to the form and manner of filing reports necessary for the determination of the tax hereunder, and by such rules may require the production of such information as may be reasonably necessary or convenient for the determination and apportionment of the tax. All the provisions of the occupation tax law with reference to the assessment and determination of the occupation tax, including all provisions for appeals from or review of the orders of the commissioner of revenue relative thereto, but not including provisions for refunds, are applicable to the taxes imposed by section 298.24 except in so far as inconsistent herewith. If any person subject to section 298.24 shall fail to make the report provided for in this section at the time and in the manner herein provided, the commissioner of revenue shall in such case, upon information possessed or obtained, ascertain the kind and amount of ore mined or produced and thereon find and determine the amount of the tax due from such person. There shall be added to the amount of tax due a penalty for failure to report on or before February 1, which penalty shall equal ten percent of the tax imposed and be treated as a part thereof.

If any person responsible for making a partial tax payment at the time and in the manner herein provided fails to do so, there shall be imposed a penalty equal to ten percent of the amount so due, which penalty shall be treated as part of the tax due.

In the case of any underpayment of the partial tax payment required herein, there may be added and be treated as part of the tax due a penalty equal to ten percent of the amount so underpaid.

~~If any portion of the taxes provided for in section 298.24 is not paid before the fifteenth day of April of the year in which due and payable, a penalty of ten percent of such unpaid portion shall immediately accrue, and thereafter one percent per month shall be added to such tax and penalty while such tax remains unpaid.~~

A person having a liability of \$120,000 or more during a calendar year must remit all liabilities by means of a funds transfer as defined in section 336.4A-104, paragraph (a). The funds transfer payment date, as defined in section 336.4A-401, must be on or before the date the tax is due. If the date the tax is due is not a funds transfer business day, as defined in section 336.4A-105, paragraph (a), clause (4), the payment date must be on or before the funds transfer business day next following the date the tax is due.

Sec. 43. Minnesota Statutes 1992, section 299F.21, subdivision 2, is amended to read:

Subd. 2. [ANNUAL RETURNS.] (a) Every insurer required to pay a tax under this section shall make and file a statement of estimated taxes for the period covered by the installment tax payment. The statement shall be in the form prescribed by the commissioner of revenue.

(b) On or before March 1, annually every insurer subject to taxation under this section shall make an annual return for the preceding calendar year setting forth information the commissioner of revenue may reasonably require on forms prescribed by the commissioner.

(c) On March 1, the insurer shall pay any additional amount due for the preceding calendar year; if there has been an overpayment, the overpayment may be credited without interest on the estimated tax due April 15.

(d) If unpaid by this date, penalties ~~and interest~~ as provided in section 289A.60, subdivision 1, as related to withholding and sales or use taxes, shall be imposed.

Sec. 44. Minnesota Statutes 1992, section 299F.23, subdivision 2, is amended to read:

Subd. 2. [FAILURE TO FILE; PENALTIES AND INTEREST.] In case of any failure to make and file a return as required by this chapter within the time prescribed by law or prescribed by the commissioner of revenue in pursuance of law there shall be added to the tax penalties ~~and interest~~ as provided in section 289A.60, subdivision 2, as related to withholding and sales or use taxes.

Sec. 45. Minnesota Statutes 1992, section 299F.23, is amended by adding a subdivision to read:

Subd. 5. [PENALTY FOR REPEATED FAILURES TO FILE RETURNS OR PAY TAXES.] If there is a pattern by a person of repeated failures to timely file returns or timely pay taxes, and written notice is given that a penalty will be imposed if such failures continue, a penalty of 25 percent of the amount of tax not timely paid as a result of each

such subsequent failure is added to the tax. The penalty can be abated under the abatement authority in section 270.07, subdivisions 1, paragraph (e), and 6.

Sec. 46. Minnesota Statutes 1992, section 349.212, subdivision 4, is amended to read:

Subd. 4. [PULL-TAB AND TIPBOARD TAX.] (a) There is imposed a tax on the sale of each deal of pull-tabs and tipboards sold by a licensed distributor. The rate of the tax is two percent of the ideal gross of the pull-tab or tipboard deal. The sales tax imposed by chapter 297A on the sale of the pull-tabs and tipboards by the licensed distributor is imposed on the retail sales price less the tax imposed by this subdivision. The retail sale of pull-tabs or tipboards by the organization is exempt from taxes imposed by chapter 297A and is exempt from all local taxes and license fees except a fee authorized under section 349.16, subdivision 4.

(b) The liability for the tax imposed by this section is incurred when the pull-tabs and tipboards are delivered by the distributor to the customer, to a common or contract carrier for delivery to the customer, or when received by the customer's authorized representative at the distributor's place of business, regardless of the distributor's method of accounting or the terms of the sale.

The tax imposed by this subdivision is imposed on all sales of pull-tabs and tipboards, except the following:

- (1) sales to the governing body of an Indian tribal organization for use on an Indian reservation;
- (2) sales to distributors licensed under this chapter;
- (3) sales to distributors licensed under the laws of another state or of a province of Canada, as long as all statutory and regulatory requirements are met in the other state or province; and
- (4) sales of promotional tickets as defined in section 349.12.

(c) Pull-tabs and tipboards sold to an organization that sells pull-tabs and tipboards under the exemption from licensing in section 349.166, subdivision 2, paragraph (a), are exempt from the tax imposed by this subdivision. A distributor must require an organization conducting exempt gambling to show proof of its exempt status before making a tax-exempt sale of pull-tabs or tipboards to such an organization. A distributor shall identify, on all reports submitted to the commissioner, all sales of pull-tabs and tipboards that are exempt from tax under this subdivision.

(d) A distributor having a liability of ~~\$240,000~~ \$120,000 or more during a fiscal year ending June 30 must remit all liabilities in the subsequent calendar year by means of a funds transfer as defined in section 336.4A-104, paragraph (a). The funds transfer payment date, as defined in section 336.4A-401, must be on or before the date the tax is due. If the date the tax is due is not a funds transfer business day, as defined in section 336.4A-105, paragraph (a), clause (4), the payment date must be on or before the funds transfer business day next following the date the tax is due.

Sec. 47. Minnesota Statutes 1992, section 349.217, subdivision 1, is amended to read:

Subdivision 1. [PENALTY FOR FAILURE TO PAY TAX.] If a tax is not paid within the time specified for payment, a penalty is added to the amount required to be shown as tax. The penalty is ~~three~~ three five percent of the unpaid tax if the failure is for not more than 30 days, with an additional penalty of ~~three~~ three five percent of the amount of tax remaining unpaid during each additional 30 days or fraction of 30 days during which the failure continues, not exceeding ~~24~~ 15 percent in the aggregate.

If the taxpayer has not filed a return, for purposes of this subdivision the time specified for payment is the final date a return should have been filed.

Sec. 48. Minnesota Statutes 1992, section 349.217, subdivision 2, is amended to read:

Subd. 2. [PENALTY FOR FAILURE TO MAKE AND FILE RETURN.] If a taxpayer fails to make and file a return within the time prescribed or an extension, a penalty is added to the tax. The penalty is ~~three~~ three five percent of the amount of tax not paid on or before the date prescribed for payment of the tax ~~if the failure is for not more than 30 days, with an additional five percent of the amount of tax remaining unpaid during each additional 30 days or fraction of 30 days, during which the failure continues, not exceeding 23 percent in the aggregate.~~

If a taxpayer fails to file a return within 60 days of the date prescribed for filing of the return (determined with regard to any extension of time for filing), the addition to tax under this subdivision must be at least the lesser of: (1) \$200; or (2) the greater of (a) 25 percent of the amount required to be shown as tax on the return without reduction for any payments made or refundable credits allowable against the tax, or (b) \$50.

Sec. 49. Minnesota Statutes 1992, section 349.217, is amended by adding a subdivision to read:

Subd. 5a. [PENALTY FOR REPEATED FAILURES TO FILE RETURNS OR PAY TAXES.] If there is a pattern by a person of repeated failures to timely file returns or timely pay taxes, and written notice is given that a penalty will be imposed if such failures continue, a penalty of 25 percent of the amount of tax not timely paid as a result of each such subsequent failure is added to the tax. The penalty can be abated under the abatement authority in section 270.07, subdivisions 1, paragraph (e), and 6.

Sec. 50. Minnesota Statutes 1992, section 473.843, subdivision 3, is amended to read:

Subd. 3. [PAYMENT OF FEE.] On or before the 20th day of each month each operator shall pay the fee due under this section for the previous month, using a form provided by the commissioner of revenue.

An operator having a fee of \$240,000 \$120,000 or more during a fiscal year ending June 30 must pay all fees in the subsequent calendar year by means of a funds transfer as defined in section 336.4A-104, paragraph (a). The funds transfer payment date, as defined in section 336.4A-401, must be on or before the date the fee is due. If the date the fee is due is not a funds transfer business day, as defined in section 336.4A-105, paragraph (a), clause (4), the payment date must be on or before the funds transfer business day next following the date the fee is due.

Sec. 51. [PENALTY FOR REPEATED NON-FILING; RULEMAKING REQUIRED.]

Before imposing a penalty under section 3, 6, 21, 26, 35, 41, 45, or 49, the commissioner of revenue shall promulgate rules under Minnesota Statutes, chapter 14, that prescribe what constitutes "repeated failures to timely file returns or timely pay taxes" for purposes of the penalty under each section and any other matters the commissioner determines appropriate.

Sec. 52. [EFFECTIVE DATE.]

Sections 1 to 6, 19 to 21, 24 to 26, 33 to 35, 39 to 41, 43 to 45, and 47 to 49 are effective for taxes and returns due on or after January 1, 1994.

For purposes of imposing the penalties under sections 3, 6, 21, 26, 35, 41, 45, and 49, violations for late filing of returns or late payment of taxes can occur before or after January 1, 1994, but no penalty may be imposed under those sections until final rules promulgated under the administrative procedures act satisfying requirements of section 51 take effect.

Sections 7, 8, 11, 16, and 17 are effective the day following final enactment.

Section 9 is effective July 1, 1993.

Sections 10 and 23 are effective for taxes due on or after October 1, 1993.

Section 12 is effective for confessions of judgment entered into after June 30, 1993.

Section 18 is effective for returns due for taxable years beginning after December 31, 1982.

Section 1. Minnesota Statutes 1992, section 270.41, is amended to read:

270.41 [BOARD OF ASSESSORS.]

(a) A board of assessors is hereby created. The board shall be for the purpose of establishing, conducting, reviewing, supervising, coordinating or approving courses in assessment practices, and establishing criteria for

determining assessor's qualifications. The board shall also have authority and responsibility to consider other matters relating to assessment administration brought before it by the commissioner of revenue. The board may grant, renew, suspend, or revoke an assessor's license. The board shall consist of nine members, who shall be appointed by the commissioner of revenue, in the manner provided herein.

1. Two from the department of revenue,
2. Two county assessors,
3. Two assessors who are not county assessors, one of whom shall be a township assessor, and
4. One from the private appraisal field holding a professional appraisal designation,
5. Two public members as defined by section 214.02.

The appointment provided in 2 and 3 may be made from two lists of not less than three names each, one submitted to the commissioner of revenue by the Minnesota association of assessing officers or its successor organization containing recommendations for the appointment of appointees described in 2, and one by the Minnesota association of assessors, inc. or its successor organization containing recommendations for the appointees described in 3. The lists must be submitted 30 days before the commencement of the term. In the case of a vacancy, a new list shall be furnished to the commissioner by the respective organization immediately. A member of the board who shall no longer be engaged in the capacity listed above shall automatically be disqualified from membership in the board.

The board shall annually elect a chair and a secretary of the board.

(b) The board may refuse to grant or renew, or may suspend or revoke, a license of an applicant or licensee for any of the following causes or acts:

- (1) failure to complete required training;
- (2) inefficiency or neglect of duty;
- (3) "unprofessional conduct" which means knowingly neglecting to perform a duty required by law, or violation of the laws of this state relating to the assessment of property or unlawfully exempting property or knowingly and intentionally listing property on the tax list at substantially less than its market value or the level required by law in order to gain favor or benefit, or knowingly and intentionally misclassifying property in order to gain favor or benefit; or
- (4) conviction of a crime involving moral turpitude; or
- (5) any other cause or act that in the board's opinion warrants a refusal to issue or suspension or revocation of a license.

(c) The board of assessors may adopt rules under chapter 14, defining or interpreting grounds for refusing to grant or renew, and for suspending or revoking a license under this section. An action of the board of assessors in refusing to grant or renew a license or in suspending or revoking a license is subject to review in accordance with chapter 14.

(d) Any assessor, deputy assessor, assistant assessor, appraiser or other person employed by an assessment jurisdiction, or contracting with an assessment jurisdiction, for the purpose of valuing or classifying property for property tax purposes shall be prohibited from making appraisals, analyses, accepting an appraisal assignment or preparing an appraisal report as defined in Minnesota Statutes, section 82B.02, subdivisions 2, 3, 4 and 5, on any property within the assessment jurisdiction where the individual is employed or performing the duties of the assessor under contract. Violations of this prohibition shall result in immediate revocation of the individual's license to assess property for property tax purposes. This prohibition shall not be construed so as to prohibit an individual from carrying out any duties required for the proper assessment of property for property tax purposes.

Sec. 2. Minnesota Statutes 1992, section 270B.12, is amended by adding a subdivision to read:

Subd. 9. [COUNTY ASSESSORS.] If, as a result of an audit, the commissioner determines that a person is a Minnesota nonresident or part-year resident for income tax purposes, the commissioner may disclose the person's

name, address, and social security number to the assessor of any political subdivision in the state, when there is reason to believe that the person may have claimed or received homestead property tax benefits for a corresponding assessment year in regard to property apparently located in the assessor's jurisdiction.

Sec. 3. Minnesota Statutes 1992, section 273.061, subdivision 1, is amended to read:

Subdivision 1. [OFFICE CREATED; APPOINTMENT, QUALIFICATIONS.] Every county in this state shall have a county assessor. The county assessor shall be appointed by the board of county commissioners ~~and shall be a resident of this state.~~ The assessor shall be selected and appointed because of knowledge and training in the field of property taxation and appointment shall be approved by the commissioner of revenue before the same shall become effective. Upon receipt by the county commissioners of the commissioner of revenue's refusal to approve an appointment, the term of the appointee shall terminate at the end of that day. Notwithstanding any law to the contrary, a county assessor must have senior accreditation from the state board of assessors by January 1, 1992, or within two years of the assessor's first appointment under this section, whichever is later.

Sec. 4. Minnesota Statutes 1992, section 273.11, subdivision 13, is amended to read:

Subd. 13. [VALUATION OF INCOME-PRODUCING PROPERTY.] Beginning with the 1995 assessment, only accredited assessors or senior accredited assessors or other licensed assessors who have successfully completed at least two income-producing property appraisal courses may value income-producing property for ad valorem tax purposes. "Income-producing property" as used in this subdivision means the taxable property in class 3a and 3b in section 273.13, subdivision 24; class 4a and 4c, except for seasonal recreational property not used for commercial purposes, and class 4d in section 273.13, subdivision 25; and class 5 in section 273.13, subdivision 31. "Income-producing property appraisal course" as used in this subdivision means a course of study of approximately 30 instructional hours, with a final comprehensive test. An assessor must successfully complete the final examination for each of the two required courses. The course must be approved by the board of assessors.

Sec. 5. [REPORT ON COMPOSITION OF FARMS.]

Before December 1, 1993, each county assessor shall provide a report to the commissioner of revenue on the composition of farm homesteads within the county. The report shall document the size of farms in acres, the value of farms broken down into land value and building value, and such other information as the commissioner shall require. The report shall be in a form prescribed by the commissioner with consultation from legislative staff. The commissioner shall make the information collected in the reports available to legislative staff.

Sec. 6. [EFFECTIVE DATE.]

Section 1 is effective beginning July 1, 1993.

Sections 2 and 4 are effective the day following final enactment.

Section 3 is effective for any appointment beginning January 1, 1993 and thereafter.

## ARTICLE 9

### CONTAMINATION TAX

Section 1. [270.91] [CONTAMINATION TAX.]

Subdivision 1. [IMPOSITION.] A tax is annually imposed on the contamination value of taxable real property in this state.

Subd. 2. [INITIAL TAX RATES.] Unless the rates under subdivision 3 or 4 apply, the tax imposed under this section equals 100 percent of the class rate for the property under section 273.13, multiplied by the contamination value of the property.

Subd. 3. [TAX RATES, NONRESPONSIBLE PARTY.] If neither the owner nor the operator of the taxable real property, in the assessment year, is a responsible person under chapter 115B or a responsible party under chapter 18D for the presence of contaminants on the property, unless subdivision 4 applies, the tax imposed under this section equals 25 percent of the class rate for the property under section 273.13, multiplied by the contamination value of the

property. A determination under section 115B.177 or other similar determination by the commissioner of the pollution control agency or by the commissioner of agriculture for a release of agricultural chemicals is dispositive of whether the owner or operator is not a responsible person under chapter 18D or 115B for purposes of this section. To qualify under this subdivision, the property owner must provide the assessor with a copy of the determination by July 1 of the assessment year.

Subd. 4. [TAX RATES AFTER PLAN APPROVAL.] (a) The tax imposed under this subdivision applies for the first assessment year that begins after one of the following occurs:

(1) a response action plan for the property has been approved by the commissioner of the pollution control agency or by the commissioner of agriculture for an agricultural chemical release or incident subject to chapter 18D and work under the plan has begun; or

(2) the contaminants are asbestos and the property owner has in place an abatement plan for enclosure, removal, or encapsulation of the asbestos or a proactive, in-place management program pursuant to the rules, requirements, and formal policies of the United States environmental protection agency. To qualify under this clause, the property owner must (1) have entered into a binding contract with a licensed contractor for completion of the work, (2) have obtained a license from the commissioner of health and begun the work, or (3) implemented a proactive, in-place management program pursuant to the rules, requirements, and formal policies of the United States environmental protection agency. An abatement plan must provide for completion of the work within a reasonable time period, as determined by the assessors. An asbestos management program must cover a period of time and require such proactive practices as are required by the rules, requirements, and formal policies of the United States environmental protection agency.

(b) To qualify under paragraph (a), the property owner must provide the assessor with a copy of: (1) the approved response action plan; (2) a copy of the asbestos abatement plan and contract for completion of the work or the owner's license to perform the work; or (3) a copy of the approved asbestos management program. The property owner also must file with the assessor an affidavit indicating when work under the response action plan or asbestos abatement plan began.

(c) The tax imposed under this subdivision equals 50 percent of the class rate for the property under section 273.13, multiplied by the contamination value of the property.

(d) If neither the owner nor operator of the taxable real property, in the assessment year, is a responsible person under chapter 115B or a responsible party under chapter 18D for the presence of contamination on the property, the tax imposed under this subdivision equals 12.5 percent of the class rate for the property under section 273.13, multiplied by the contamination value of the property.

Sec. 2. [270.92] [DEFINITIONS.]

Subdivision 1. [SCOPE OF APPLICATION.] For purposes of sections 1 to 8, the following terms have the meanings given.

Subd. 2. [ASSESSMENT YEAR.] "Assessment year" means the assessment year for purposes of general ad valorem property taxes.

Subd. 3. [CONTAMINANT.] "Contaminant" means a harmful substance as defined in section 115B.25, subdivision 7a.

Subd. 4. [CONTAMINATED MARKET VALUE.] "Contaminated market value" is the amount determined under section 3.

Subd. 5. [PRESENCE OF CONTAMINANTS.] "Presence of contaminants" includes the release or threatened release, as defined in section 115B.02, subdivision 15, of contaminants on the property.

Subd. 6. [RESPONSE PLAN.] "Response plan" means: (1) a development action response plan, as defined in section 469.174, subdivision 17; (2) a response action plan under chapter 115B or a corrective action plan under chapter 18D; (3) a plan for corrective action approved by the commissioner of agriculture under section 18D.105; or (4) a plan for corrective action approved by the commissioner of the pollution control agency under section 115C.03.

## Sec. 3. [270.93] [TAX BASE; CONTAMINATION VALUE.]

The contamination value of a parcel of property is the amount of the market value reduction, if any, that is granted for general ad valorem property tax purposes for the assessment year because of the presence of contaminants. The contamination value for a property may be no greater than the estimated cost of implementing a reasonable response action plan or asbestos abatement plan or management program for the property. These reductions in market value include those granted by a court, by a board of review, by the assessor upon petition or request of a property owner, or by the assessor. Reductions granted by the assessor are included only if the assessor reduced the property's market value for the presence of contaminants using an appraisal method or methods that are specifically designed or intended to adjust for the valuation effects of the presence of contaminants. The contamination value for a parcel with a reduction in value of less than \$10,000 is zero.

## Sec. 4. [270.94] [EXEMPTION.]

The tax imposed by sections 1 to 8 does not apply to the contamination value of a parcel of property attributable to contaminants that were addressed by a response action plan for the property, if the commissioner of the pollution control agency, or the commissioner of agriculture for a release subject to chapter 18D, has determined that all the requirements of the plan have been satisfied. This exemption applies beginning for the first assessment year after the commissioner of the pollution control agency, or the commissioner of agriculture determines that the implementation of a response action plan has been completed.

To qualify under this section, the property owner must provide the assessor with a copy of the determination by the commissioner of the pollution control agency or the commissioner of agriculture of the completion of the response action plan.

## Sec. 5. [270.95] [PAYMENT; ADMINISTRATION.]

The tax imposed under sections 1 to 8 is payable at the same time and manner as the regular ad valorem property tax. The tax is subject to the penalty, interest, lien, forfeiture, and any other rules for collection of the regular ad valorem property tax. If a reduction in market value that creates contamination value is granted after the ad valorem property tax has been paid, the contamination tax must be subtracted from the amount to be refunded to the property owner.

## Sec. 6. [270.96] [DUTIES.]

Subdivision 1. [ASSESSORS.] Each assessor shall notify the county auditor of the contamination value under section 1 by the separate tax rate categories under subdivisions 2, 3, and 4 for each parcel of property within the assessor's jurisdiction. The assessor shall provide notice of the contamination value to the property owner by the later of June 1 of the assessment year or 30 days after the reduction in market value is finally granted.

Subd. 2. [AUDITOR.] The county auditor shall prepare separate lists of the contamination values for all property located in the county that are taxed under section 1, subdivisions 2, 3, and 4. The commissioner shall prescribe the form of the listing. The auditor shall include the amount of the contamination taxes on the contamination value for the assessment year on the regular ad valorem property tax statement under section 276.04.

Subd. 3. [TREASURER.] (a) The county treasurer shall pay the proceeds of the tax imposed under section 1, subdivision 4, less the amount retained by the county for the cost of administration under section 8, to the commissioner at the same times provided for the ad valorem property tax settlements.

(b) The county treasurer shall pay the proceeds of the tax imposed under section 1, subdivisions 2 and 3 to the local taxing jurisdictions in the same manner provided for the distribution of ad valorem property taxes.

Subd. 4. [COURT ORDERED REDUCTIONS IN VALUE.] If a court orders a reduction in market value for purposes of the ad valorem property tax because of the presence of contaminants on the property, the court shall include in its order an offset for payment of the tax on contaminated value under section 1.

## Sec. 7. [270.97] [DEPOSIT OF REVENUES.]

The commissioner shall deposit all revenues derived from the tax, interest, and penalties received from the county in the contaminated site cleanup and development account in the general fund.

Sec. 8. [270.98] [LOCAL ADMINISTRATIVE COSTS.]

The county may retain five percent of the total revenues derived from the tax imposed under section 1, subdivision 4, including interest and penalties, as compensation for administering the tax. The county board may reimburse municipalities for the services provided by assessors employed by the municipality in administering sections 1 to 8.

Sec. 9. Minnesota Statutes 1992, section 273.11, is amended by adding a subdivision to read:

Subd. 15. [VALUATION OF CONTAMINATED PROPERTIES.] (a) In determining the market value of property containing contaminants, the assessor shall reduce the market value of the property by the contamination value of the property. The contamination value is the amount of the market value reduction that results from the presence of the contaminants, but it may not exceed the cost of a reasonable response action plan or asbestos abatement plan or management program for the property.

(b) For purposes of this subdivision, "asbestos abatement plan," "contaminants," and "response action plan" have the meanings as used in sections 1 and 2.

Sec. 10. Minnesota Statutes 1992, section 275.065, subdivision 3, is amended to read:

Subd. 3. [NOTICE OF PROPOSED PROPERTY TAXES.] (a) The county auditor shall prepare and the county treasurer shall deliver after November 10 and on or before November 24 each year, by first class mail to each taxpayer at the address listed on the county's current year's assessment roll, a notice of proposed property taxes and, in the case of a town, final property taxes.

(b) The commissioner of revenue shall prescribe the form of the notice.

(c) The notice must inform taxpayers that it contains the amount of property taxes each taxing authority other than a town proposes to collect for taxes payable the following year and, for a town, the amount of its final levy. It must clearly state that each taxing authority, other than a town or special taxing district, will hold a public meeting to receive public testimony on the proposed budget and proposed or final property tax levy, or, in case of a school district, on the current budget and proposed property tax levy. It must clearly state the time and place of each taxing authority's meeting and an address where comments will be received by mail.

(d) The notice must state for each parcel:

(1) the market value of the property as defined under section 272.03, subdivision 8, for property taxes payable in the following year and for taxes payable the current year; and, in the case of residential property, whether the property is classified as homestead or nonhomestead. The notice must clearly inform taxpayers of the years to which the market values apply and that the values are final values;

(2) by county, city or town, school district, the sum of the special taxing districts, and as a total of the taxing authorities, including special taxing districts, the proposed or, for a town, final net tax on the property for taxes payable the following year and the actual tax for taxes payable the current year. In the case of a parcel where tax increment or the fiscal disparities areawide tax applies, the proposed tax levy on the captured value or the proposed tax levy on the tax capacity subject to the areawide tax must each be stated separately and not included in the sum of the special taxing districts; and

(3) the increase or decrease in the amounts in clause (2) from taxes payable in the current year to proposed or, for a town, final taxes payable the following year, expressed as a dollar amount and as a percentage.

(e) The notice must clearly state that the proposed or final taxes do not include the following:

(1) special assessments;

(2) levies approved by the voters after the date the proposed taxes are certified, including bond referenda, school district levy referenda, and levy limit increase referenda;

(3) amounts necessary to pay cleanup or other costs due to a natural disaster occurring after the date the proposed taxes are certified;

(4) amounts necessary to pay tort judgments against the taxing authority that become final after the date the proposed taxes are certified; and

(5) any additional amount levied in lieu of a local sales and use tax, unless this amount is included in the proposed or final taxes; and

(6) the contamination tax imposed on properties which received market value reductions for contamination.

(f) Except as provided in subdivision 7, failure of the county auditor to prepare or the county treasurer to deliver the notice as required in this section does not invalidate the proposed or final tax levy or the taxes payable pursuant to the tax levy.

(g) If the notice the taxpayer receives under this section lists the property as nonhomestead and the homeowner provides satisfactory documentation to the county assessor that the property is owned and has been used as the owner's homestead prior to June 1 of that year, the assessor shall reclassify the property to homestead for taxes payable in the following year.

(h) In the case of class 4 residential property used as a residence for lease or rental periods of 30 days or more, the taxpayer must either:

- (1) mail or deliver a copy of the notice of proposed property taxes to each tenant, renter, or lessee; or
- (2) post a copy of the notice in a conspicuous place on the premises of the property.

The notice must be mailed or posted by the taxpayer by November 27 or within three days of receipt of the notice, whichever is later. A taxpayer may notify the county treasurer of the address of the taxpayer, agent, caretaker, or manager of the premises to which the notice must be mailed in order to fulfill the requirements of this paragraph.

Sec. 11. Minnesota Statutes 1992, section 276.04, subdivision 2, is amended to read:

Subd. 2. [CONTENTS OF TAX STATEMENTS.] (a) The treasurer shall provide for the printing of the tax statements. The commissioner of revenue shall prescribe the form of the property tax statement and its contents. The statement must contain a tabulated statement of the dollar amount due to each taxing authority from the parcel of real property for which a particular tax statement is prepared. The dollar amounts due the county, township or municipality and school district must be separately stated. The amounts due other taxing districts, if any, may be aggregated. The amount of the tax on contamination value imposed under sections 270.91 to 270.98, if any, must also be separately stated. The dollar amounts, including the dollar amount of any special assessments, may be rounded to the nearest even whole dollar. For purposes of this section whole odd-numbered dollars may be adjusted to the next higher even-numbered dollar. The statement shall include the following sentence, printed in upper case letters in boldface print: "THE STATE OF MINNESOTA DOES NOT RECEIVE ANY PROPERTY TAX REVENUES. THE STATE OF MINNESOTA REDUCES YOUR PROPERTY TAX BY PAYING CREDITS AND REIMBURSEMENTS TO LOCAL UNITS OF GOVERNMENT."

(b) The property tax statements for manufactured homes and sectional structures taxed as personal property shall contain the same information that is required on the tax statements for real property.

(c) Real and personal property tax statements must contain the following information in the order given in this paragraph. The information must contain the current year tax information in the right column with the corresponding information for the previous year in a column on the left:

- (1) the property's estimated market value as defined in section 272.03, subdivision 8;
- (2) the property's gross tax, calculated by multiplying the property's gross tax capacity times the total local tax rate and adding to the result the sum of the aids enumerated in clause (3);
- (3) a total of the following aids:
  - (i) education aids payable under chapters 124 and 124A;
  - (ii) local government aids for cities, towns, and counties under chapter 477A; and
  - (iii) disparity reduction aid under section 273.1398;

(4) for homestead residential and agricultural properties, the homestead and agricultural credit aid apportioned to the property. This amount is obtained by multiplying the total local tax rate by the difference between the property's gross and net tax capacities under section 273.13. This amount must be separately stated and identified as "homestead and agricultural credit." For purposes of comparison with the previous year's amount for the statement for taxes payable in 1990, the statement must show the homestead credit for taxes payable in 1989 under section 273.13, and the agricultural credit under section 273.132 for taxes payable in 1989;

(5) any credits received under sections 273.119; 273.123; 273.135; 273.1391; 273.1398, subdivision 4; 469.171; and 473H.10, except that the amount of credit received under section 273.135 must be separately stated and identified as "taconite tax relief";

(6) the net tax payable in the manner required in paragraph (a); and

(7) any additional amount of tax authorized under sections 124A.03, subdivision 2a, and 275.61. These amounts shall be listed as "voter approved referenda levies."

The commissioner of revenue shall certify to the county auditor the actual or estimated aids enumerated in clauses (3) and (4) that local governments will receive in the following year. In the case of a county containing a city of the first class, for taxes levied in 1991, and for all counties for taxes levied in 1992 and thereafter, the commissioner must certify this amount by September 1.

#### Sec. 12. [EFFECTIVE DATE.]

Sections 1 to 11 are effective beginning with taxes assessed in 1994, payable in 1995, and apply to reductions in market value in effect for the year regardless of when they were granted.

### ARTICLE 10

#### CONTAMINATION CLEANUP GRANTS

##### Section 1. [116].551] [CREATION OF ACCOUNT.]

A contaminated site cleanup and development account is created in the general fund. Money in the account may be used, as appropriated by law, to make grants as provided in section 4 and to pay for the commissioner's costs in reviewing applications and making grants.

##### Sec. 2. [116].552] [DEFINITIONS.]

Subdivision 1. [SCOPE OF APPLICATION.] For purposes of sections 1 to 7, the following terms have the meanings given.

Subd. 2. [CLEANUP COSTS.] "Cleanup costs" or "costs" mean the cost of implementing an approved response action plan.

Subd. 3. [CONTAMINANT.] "Contaminant" means a hazardous substance or a pollutant or contaminant as those terms are defined in section 115B.02.

Subd. 4. [DEVELOPMENT AUTHORITY.] "Development authority" includes a statutory or home rule charter city, housing and redevelopment authority, economic development authority, and a port authority.

Subd. 5. [METROPOLITAN AREA.] "Metropolitan area" means the seven-county metropolitan area, as defined in section 473.121, subdivision 2.

Subd. 6. [MUNICIPALITY.] "Municipality" means the statutory or home rule charter city, town, or, in the case of unorganized territory, the county in which the site is located.

Subd. 7. [PROJECT COSTS.] "Project costs" includes cleanup costs for the site and the cost of related site acquisition, demolition of existing improvements, and installation of public improvements necessary for the development authority to implement the response action plan.

Subd. 8. [RESPONSE ACTION PLAN.] "Response action plan" means a response action plan approved by the commissioner of the pollution control agency, including a "development action response plan" that meets the requirements of section 469.174, subdivision 17; and a "voluntary response action plan" under section 115B.175, subdivision 3.

Sec. 3. [116J.553] [GRANT APPLICATIONS.]

Subdivision 1. [APPLICATION REQUIRED.] To obtain a contamination cleanup development grant, the development authority shall apply to the commissioner. The governing body of the municipality must approve, by resolution, the application.

Subd. 2. [REQUIRED CONTENT.] The commissioner shall prescribe and provide the application form. The application must include at least the following information:

- (1) identification of the site;
- (2) an approved response action plan for the site, including the results of engineering and other tests showing the nature and extent of the release or threatened release of contaminants at the site;
- (3) a detailed estimate, along with necessary supporting evidence, of the total cleanup costs for the site;
- (4) an appraisal of the current market value of the property, separately taking into account the effect of the contaminants on the market value, prepared by a qualified independent appraiser using accepted appraisal methodology;
- (5) an assessment of the development potential or likely use of the site after completion of the response action plan, including any specific commitments from third parties to construct improvements on the site;
- (6) the manner in which the municipality will meet the local match requirement; and
- (7) any additional information or material that the commissioner prescribes.

Sec. 4. [116J.554] [GRANTS.]

Subdivision 1. [AUTHORITY.] The commissioner may make a grant to an applicant development authority to pay for up to 75 percent of the cleanup costs for a qualifying site, except the grant may not exceed 50 percent of the project costs. The determination of whether to make a grant for a qualifying site is within the sole discretion of the commissioner, subject to the process provided by this section, and available unencumbered money in the appropriation. The commissioner's decisions and application of the priorities under section 5 are not subject to judicial review, except for abuse of discretion.

Subd. 2. [QUALIFYING SITES.] A site qualifies for a grant under this section, if the following criteria are met:

- (1) the site is not scheduled for funding during the current or next fiscal year under the Comprehensive Environmental Response, Compensation, and Liability Act, United States Code, title 42, section 9601, et seq. or under the environmental response, and liability act under sections 115B.01 to 115B.24;
- (2) the appraised value of the site after adjusting for the effect on the value of the presence or possible presence of contaminants using accepted appraisal methodology (i) is less than 50 percent of the estimated cleanup costs for the site or (ii) is less than or equal to the estimated cleanup costs for the site and the cleanup costs equal or exceed \$3 per square foot for the site; and
- (3) if the proposed cleanup is completed, it is expected that the site will be improved with buildings or other improvements and these improvements will provide a substantial increase in the property tax base within a reasonable period of time or the site will be used for an important publicly owned or tax-exempt facility.

Sec. 5. [116J.555] [PRIORITIES.]

Subdivision 1. [PRIORITIES.] (a) The legislature expects that applications for grants will exceed the available appropriations and the agency will be able to provide grants to only some of the applicant development authorities.

(b) If applications for grants for qualified sites exceed the available appropriations, the agency shall make grants for sites that, in the commissioner's judgment, provide the highest return in public benefits for the public costs incurred and that meet all the requirements provided by law. In making this judgment, the commissioner shall consider the following factors:

(1) the recommendations or ranking of projects by the commissioner of the pollution control agency regarding the potential threat to public health and the environment that would be reduced or eliminated by completion of each of the response action plans;

(2) the potential increase in the property tax base of the local taxing jurisdictions, considered relative to the fiscal needs of the jurisdictions, that will result from developments that will occur because of completion of each of the response action plans;

(3) the social value to the community of the cleanup and redevelopment of the site, including the importance of development of the proposed public facilities on each of the sites;

(4) the probability that each site will be cleaned up without use of government money in the reasonably foreseeable future;

(5) the amount of cleanup costs for each site; and

(6) the amount of the commitment of municipal or other local resources to pay for the cleanup costs.

The factors are not listed in a rank order of priority; rather the commissioner may weigh each factor, depending upon the facts and circumstances, as the commissioner considers appropriate. The commissioner may consider other factors that affect the net return of public benefits for completion of the response action plan. The commissioner, notwithstanding the listing of priorities and the goal of maximizing the return of public benefits, shall make grants that distribute available money to sites both within and outside of the metropolitan area. The commissioner shall provide a written statement of the supporting reasons for each grant. Unless sufficient applications are not received for qualifying sites outside of the metropolitan area, at least 25 percent of the money provided as grants must be made for sites located outside of the metropolitan area.

Subd. 2. [APPLICATION CYCLES; REPORTING TO LCWM.] (a) In making grants, the commissioner shall establish regular application deadlines in which grants will be authorized from all or part of the available appropriations of money in the account.

(b) After each cycle in which grants are awarded, the commissioner shall report to the legislative commission on waste management the grants awarded and appropriate supporting information describing each grant made. This report must be made within 30 days after the grants are awarded.

(c) The commissioner shall annually report to the legislative commission on the status of the cleanup projects undertaken under grants made under the programs. The commissioner shall include in the annual report information on the cleanup and development activities undertaken for the grants made in that and previous fiscal years. The commissioner shall make this report no later than 120 days after the end of the fiscal year.

Sec. 6. [116].556] [LOCAL MATCH REQUIREMENT.]

(a) In order to qualify for a grant under sections 1 to 7, the municipality must pay for at least one-half of the project costs as a local match. The municipality shall pay an amount of the project costs equal to at least 18 percent of the cleanup costs from the municipality's general fund, a property tax levy for that purpose, or other unrestricted money available to the municipality (excluding tax increments). These unrestricted moneys may be spent for project costs, other than cleanup costs, and qualify for the local match payment equal to 18 percent of cleanup costs. The rest of the local match may be paid with tax increments or any other money available to the municipality.

(b) If the development authority establishes a tax increment financing district or hazardous substance subdistrict on the site to pay for part of the local match requirement, the district or subdistrict is not subject to the state aid reductions under section 273.1399. In order to qualify for the exemption from the state aid reductions, the municipality must elect, by resolution, on or before the request for certification is filed that all tax increments from the district or subdistrict will be used exclusively to pay (1) for project costs for the site and (2) administrative costs for the district or subdistrict. The district or subdistrict must be decertified when an amount of tax increments equal

to no more than three times the costs of implementing the response action plan for the site and the administrative costs for the district or subdistrict have been received, after deducting the amount of the state grant.

Sec. 7. [116].557] [COST RECOVERY ACTIONS.]

Subdivision 1. [CAUSE OF ACTION.] The attorney general or a development authority or municipality that incurs cleanup costs to implement an approved response action plan pursuant to sections 216C.11 to 216C.16, may bring an action under section 115B.04 or other law to recover the reasonable and necessary cleanup costs incurred by the development authority or municipality. The attorney general, development authority, or municipality may recover all cleanup costs incurred whether paid from the proceeds of a grant under sections 216C.11 to 216C.16 or funds of the development authority or municipality. Recoverable costs include administrative and legal costs related to the development and implementation of the response action plan but do not include any cost associated with development or redevelopment of property. A development authority or municipality must have the consent of the attorney general to bring or settle an action under this subdivision to recover cleanup costs paid from the proceeds of a grant.

Subd. 2. [PROCEDURES.] The commissioner shall notify the attorney general when a grant is awarded under sections 216C.11 to 216C.16. Upon request of the attorney general the development authority shall prepare and submit a certification of the cleanup costs and shall cooperate in any cost recovery action brought by the attorney general under subdivision 1. Certification by the development authority of the cleanup costs incurred to develop and implement the approved response action plan is prima facie evidence that the costs are reasonable and necessary in any action brought under this section.

Subd. 3. [ATTORNEY GENERAL ASSISTANCE AND COSTS.] (a) The attorney general may assist a development authority or municipality, if requested to do so, in bringing an action under subdivision 1 by providing legal and technical advice or other appropriate assistance. The attorney general shall not assess any fee to the development authority or municipality for the assistance but may recover the cost of the assistance as provided in paragraph (b).

(b) If the attorney general brings or assists in an action brought under subdivision 1, the reasonable litigation expenses or other costs of legal or technical assistance incurred by the attorney general must be deducted from any recovery and paid to the attorney general before proceeds of the recovery are otherwise distributed. The attorney general shall deposit any money so deducted in the general fund.

Subd. 4. [DISPOSITION OF RECOVERED AMOUNTS.] Amounts recovered from responsible persons, after any deduction under subdivision 3, and all other amounts otherwise received by the municipality, the agency, or the attorney general for the site shall be used to reimburse the municipality and the account in proportion to their respective payments for response costs. The amount of recovered costs apportioned to tax increments must be treated by the municipality and development authority as an excess increment under section 469.176, subdivision 2.

Sec. 8. [ST. PAUL; ARLINGTON-JACKSON STUDY AREA; SPECIAL RULES FOR LOCAL MATCH.]

(a) The city of St. Paul or any of its development authorities or agencies may apply for one or more grants under this article for contamination cleanup in the area bounded on the south by Maryland Avenue, on the west by Jackson Street, on the north by Arlington Avenue, and on the east by interstate highway 35E. In applying the local match requirement under section 6, the city may meet the requirement that an amount equal to 18 percent of cleaning costs be paid with unrestricted money (excluding tax increments) by including unrestricted money spent in the defined area for land acquisition, public improvements or other development costs which do not qualify as cleanup costs.

(b) Notwithstanding this exception, the city must provide, at least, one-half of the project costs for the site for which the grant is made. The local share of the project costs may be financed wholly or in part with tax increments.

(c) Unrestricted money spent for land acquisition or other costs and counted to meet the 18 percent match may be spent for costs anywhere with the defined area, regardless of whether they are for the specific site, but may only be used once in an application for a grant, if grant applications are made for two or more sites in the area.

(d) These special rules are provided to allow the city to begin activities within the broader area before testing and assessment of the contamination has been done and still to be able to qualify for a grant with an equivalent local match. The legislature shall study whether similar situations are common for other contaminated areas and whether the general law should be modified to provide for similar treatment for all comparable sites.

Sec. 9. [APPROPRIATION.]

\$2,000,000 is appropriated to the commissioner of trade and economic development from the contaminated site cleanup and development account in the general fund to make grants under sections 1 to 7 and to pay the costs of administering the grant program. This appropriation is for fiscal year 1995 and remains available and does not cancel.

## ARTICLE 11

## TAX INCREMENT FINANCING

Section 1. Minnesota Statutes 1992, section 273.1399, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] For purposes of this section, the following terms have the meanings given.

(a) "Qualifying captured net tax capacity" means the following amounts:

(1) the captured net tax capacity of a new or the expanded part of an existing economic development or soils condition tax increment financing district, other than a qualified manufacturing district, for which certification was requested after April 30, 1990;

(2) the captured net tax capacity of a qualified manufacturing district, multiplied by the following percentage based on the number of years that have elapsed since the assessment year of the original net tax capacity. In no case may the final amounts be less than zero or greater than the total captured net tax capacity of the district:

Number of Years	Percentage
1	0
2	20
3	40
4	60
5	80
6 or more	100;

(3) the captured net tax capacity of a new or the expanded part of an existing tax increment financing district, other than a qualified housing district, qualified hazardous substance subdistrict, or an economic development or soils condition district, for which certification was requested after April 30, 1990, multiplied by the following percentage based on the number of years that have elapsed since the assessment year of the original net tax capacity. In no case may the final amounts be less than zero or greater than the total captured net tax capacity of the district.

Number of years	Renewal and Renovation Districts	All other Districts
0 to 5	0	0
6	12.5	6.25
7	25	12.5
8	37.5	18.75
9	50	25
10	62.5	31.25
11	75	37.5
12	87.5	43.75
13	100	50
14	100	56.25
15	100	62.5
16	100	68.75
17	100	75
18	100	81.25
19	100	87.5
20	100	93.75
21 or more	100	100

In the case of a hazardous substance subdistrict, the number of years must be measured from the date of certification of the subdistrict for purposes of the additional captured net tax capacity resulting from the reduction in the subdistrict's or site's original net tax capacity.

(b) The terms defined in section 469.174 have the meanings given in that section.

(c) "Qualified manufacturing district" means an economic development district that qualifies under section 469.176, subdivision 4c, paragraph (a), without regard to clauses (2) and (4) (5), for which certification was requested after June 30, 1991, located in a home rule charter or statutory city that (1) has a population under 10,000 according to the last federal census and (2) is wholly located outside of a metropolitan statistical area as determined by the United States Office of Management and Budget.

(d) "Qualified housing district" means a housing district for a residential rental project or projects in which the only properties receiving assistance from revenues derived from tax increments from the district meet all of the requirements for a low-income housing credit under section 42 of the Internal Revenue Code of 1986, as amended through December 31, 1992, regardless of whether the project actually receives a low-income housing credit.

(e) "Qualified hazardous substance subdistrict" means a hazardous substance subdistrict in which the municipality has made an election to make an alternative local contribution as provided under section 9.

Sec. 2. [272.71] [TIF PROPERTIES; NOTICE OF POTENTIAL VALUATION REDUCTIONS.]

(a) The following officials shall notify the municipality of potential reductions in the market value of taxable parcels located in a tax increment financing district:

(1) for applications to reduce market value or abate taxes or for applications to a local or county board of review, the assessor;

(2) for applications to reduce market value or abate taxes by the state board of equalization, the commissioner of revenue;

(3) for petitions to reduce market value or object to taxes under chapter 278, the county attorney.

The official shall provide the notice to the municipality in writing within 60 days after the petition or application for a reduction is made.

(b) This section applies only to reductions in valuation or taxes that are granted after certification of final values for purposes of certifying local tax rates.

(c) For purposes of this section, "municipality" means the municipality for the tax increment financing district, as defined under section 469.174, subdivision 6.

Sec. 3. Minnesota Statutes 1992, section 469.012, subdivision 1, is amended to read:

Subdivision 1. [SCHEDULE OF POWERS.] An authority shall be a public body corporate and politic and shall have all the powers necessary or convenient to carry out the purposes of sections 469.001 to 469.047, except that the power to levy and collect taxes or special assessments is limited to the power provided in sections 469.027 to 469.033. Its powers include the following powers in addition to others granted in sections 469.001 to 469.047:

(1) to sue and be sued; to have a seal, which shall be judicially noticed, and to alter it; to have perpetual succession; and to make, amend, and repeal rules consistent with sections 469.001 to 469.047;

(2) to employ an executive director, technical experts, and officers, agents, and employees, permanent and temporary, that it requires, and determine their qualifications, duties, and compensation; for legal services it requires, to call upon the chief law officer of the city or to employ its own counsel and legal staff; so far as practicable, to use the services of local public bodies in its area of operation, provided that those local public bodies, if requested, shall make the services available;

(3) to delegate to one or more of its agents or employees the powers or duties it deems proper;

(4) within its area of operation, to undertake, prepare, carry out, and operate projects and to provide for the construction, reconstruction, improvement, extension, alteration, or repair of any project or part thereof;

(5) subject to the provisions of section 469.026, to give, sell, transfer, convey, or otherwise dispose of real or personal property or any interest therein and to execute leases, deeds, conveyances, negotiable instruments, purchase agreements, and other contracts or instruments, and take action that is necessary or convenient to carry out the purposes of these sections;

(6) within its area of operation, to acquire real or personal property or any interest therein by gifts, grant, purchase, exchange, lease, transfer, bequest, devise, or otherwise, and by the exercise of the power of eminent domain, in the manner provided by chapter 117, to acquire real property which it may deem necessary for its purposes, after the adoption by it of a resolution declaring that the acquisition of the real property is necessary to eliminate one or more of the conditions found to exist in the resolution adopted pursuant to section 469.003 or to provide decent, safe, and sanitary housing for persons of low and moderate income, or is necessary to carry out a redevelopment project. Real property needed or convenient for a project may be acquired by the authority for the project by condemnation pursuant to this section. This includes any property devoted to a public use, whether or not held in trust, notwithstanding that the property may have been previously acquired by condemnation or is owned by a public utility corporation, because the public use in conformity with the provisions of sections 469.001 to 469.047 shall be deemed a superior public use. Property devoted to a public use may be so acquired only if the governing body of the municipality has approved its acquisition by the authority. An award of compensation shall not be increased by reason of any increase in the value of the real property caused by the assembly, clearance or reconstruction, or proposed assembly, clearance or reconstruction for the purposes of sections 469.001 to 469.047 of the real property in an area;

(7) within its area of operation, and without the adoption of an urban renewal plan, to acquire, by all means as set forth in clause (6) but without the adoption of a resolution provided for in clause (6), real property, and to demolish, remove, rehabilitate, or reconstruct the buildings and improvements or construct new buildings and improvements thereon, or to so provide through other means as set forth in Laws 1974, chapter 228, or to grade, fill, and construct foundations or otherwise prepare the site for improvements. The authority may dispose of the property pursuant to section 469.029, provided that the provisions of section 469.029 requiring conformance to an urban renewal plan shall not apply. The authority may finance these activities by means of the redevelopment project fund or by means of tax increments or tax increment bonds or by the methods of financing provided for in section 469.033 or by means of contributions from the municipality provided for in section 469.041, clause (9), or by any combination of those means. Real property with buildings or improvements thereon shall only be acquired under this clause when the buildings or improvements are substandard. (15) to issue bonds for any of its corporate purposes and to secure the bonds by mortgages upon property held or to be held by it or by pledge of its revenues, including grants or contributions;

(16) to invest any funds held in reserves or sinking funds, or any funds not required for immediate disbursement, in property or securities in which savings banks may legally invest funds subject to their control or in the manner and subject to the conditions provided in section 475.66 for the deposit and investment of debt service funds;

(1) ~~less than 70 percent of the parcels in the district are occupied by buildings, streets, utilities, or other improvements;~~

The requirements of clause (2) need not be satisfied, if each parcel of property in the district either satisfies the requirements of clause (2) or the estimated costs of the proposed removal or remedial action exceeds \$2 per square foot for the area of the parcel.

(b) An area does not qualify as a soils condition district if it contains a wetland, as defined in section 103G.005, unless the development agreement prohibits draining, filling, or other alteration of the wetland or other binding legal assurances for preservation of the wetland are provided.

(c) If the district is located in the metropolitan area, the proposed development of the district in the tax increment financing plan must be consistent with the municipality's land use plan adopted in accordance with sections 473.851 to 473.872 and reviewed by the metropolitan council under section 473.175. If the district is located outside of the metropolitan area, the proposed development of the district must be consistent with the municipality's comprehensive municipal plan.

~~(d) No parcel shall be included in the district unless the authority has concluded an agreement or agreements for the development of at least 50 percent of the acreage having the unusual soil or terrain deficiencies. The agreement must provide recourse for the authority if the development is not completed.~~

Sec. 5. Minnesota Statutes 1992, section 469.174, subdivision 20, is amended to read:

Subd. 27. [TOURISM FACILITY.] "Tourism facility" means property that:

- (1) is located in a county where the median income is no more than 85 percent of the state median income;

- (3) is located outside the metropolitan area defined in section 473.121, subdivision 2;
- (4) is not located in a city with a population in excess of 20,000; and

- (vi) the duration of the tax increment financing district's existence;

(6) statements of the authority's alternate estimates of the impact of tax increment financing on the net tax capacities of all taxing jurisdictions in which the tax increment financing district is located in whole or in part. For purposes of one statement, the authority shall assume that the estimated captured net tax capacity would be available to the taxing jurisdictions without creation of the district, and for purposes of the second statement, the authority shall assume that none of the estimated captured net tax capacity would be available to the taxing jurisdictions without creation of the district;

(7) identification and description of studies and analyses used to make the determination set forth in subdivision 3, clause (2); and

(8) identification of all parcels to be included in the district.

(b) For a housing district, redevelopment district, or a hazardous substance subdistrict, the authority may elect in the tax increment financing plan to provide for the identification of a minimum market value in the plan, development agreement, or assessment agreement, and provide that increment is first received by the authority when (1) the market value of the improvements as determined by the assessor reaches or exceeds the minimum market value, or (2) four years has elapsed from the date of certification of the original net tax capacity of the taxable real property in the district by the county auditor, whichever is earlier.

Sec. 8. Minnesota Statutes 1992, section 469.175, is amended by adding a subdivision to read:

Subd. 2a. The notice must contain a general description of the boundaries of the proposed district and the proposed activities to be financed by the district, an offer by the authority to meet and discuss the proposed district with the county commissioner, and a solicitation of the commissioner's comments with respect to the district.

Sec. 9. Minnesota Statutes 1992, section 469.175, is amended by adding a subdivision to read:

Subd. 6. [HAZARDOUS SUBSTANCE SUBDISTRICTS; LOCAL CONTRIBUTION ELECTION.] The state aid reductions under section 273.1399 do not apply to a hazardous substance subdistrict, if the municipality elects to pay and pays 18 percent of the cost of developing and implementing the development action response plan for the subdistrict and of any deposits to an indemnification fund out of its general fund, a property tax levy for that purpose, or other unrestricted money of the municipality (other than tax increments). The municipality must elect this option before it requests certification of the original tax capacity of the subdistrict and must notify the commissioner of revenue of its election. The election is irrevocable.

Sec. 10. Minnesota Statutes 1992, section 469.176, subdivision 1, is amended to read:

Subdivision 1. [DURATION OF TAX INCREMENT FINANCING DISTRICTS.] (a) Subject to the limitations contained in ~~paragraphs (b) to (g)~~ subdivisions 1a to 1f, any tax increment financing district as to which bonds are outstanding, payment for which the tax increment and other revenues have been pledged, shall remain in existence at least as long as the bonds continue to be outstanding. The municipality may, at the time of approval of the initial tax increment financing plan, provide for a shorter maximum duration limit than specified in ~~paragraphs (b) to (g)~~ subdivisions 1a to 1f. The specified limit applies in place of the otherwise applicable limit.

(b) The tax increment pledged to the payment of the bonds and interest thereon may be discharged and the tax increment financing district may be terminated if sufficient funds have been irrevocably deposited in the debt service fund or other escrow account held in trust for all outstanding bonds to provide for the payment of the bonds at maturity or date of redemption and interest thereon to the maturity or redemption date.

(c) For bonds issued pursuant to section 469.178, subdivisions 2 and 3, the full faith and credit and any taxing powers of the municipality or authority ~~shall continue to be~~ are pledged to the payment of the bonds until the principal of and interest on the bonds has been paid in full.

(~~d~~) Subd. 1a. [DURATION LIMIT; THREE-YEAR ACTIVITY RULE.] No tax increment shall be paid to an authority for a tax increment financing district after three years from the date of certification of the original net tax capacity of the taxable real property in the district by the county auditor, unless within the three-year period (1) bonds have been issued in aid of the project containing the district pursuant to section 469.178, or any other law, except revenue bonds issued pursuant to sections 469.152 to 469.165, or (2) the authority has acquired property within the district, or (3) the authority has constructed or caused to be constructed public improvements within the district.

(e) Subd. 1b. [DURATION LIMITS; TERMS.] (a) No tax increment shall in any event be paid to the authority

(1) after 25 years from date of receipt by the authority of the first tax increment for a mined underground space development district, ~~redevelopment district, or housing district,~~

(2) after 15 years after receipt by the authority of the first increment for a renewal and renovation district,

(3) after 12 years from approval of the tax increment financing plan for a soils condition district, ~~and~~

(4) after ~~eight~~ nine years from the date of the receipt, or ~~ten~~ 11 years from approval of the tax increment financing plan, whichever is less, for an economic development district,

(5) for a housing district or a redevelopment district, after 20 years from the date of receipt by the authority of the first tax increment by the authority pursuant to section 469.175, subdivision 1, paragraph (b); or, if no provision is made under section 469.175, subdivision 1, paragraph (b), after 25 years from the date of receipt by the authority of the first increment.

(b) For purposes of determining a duration limit under this subdivision or subdivision 1e that is based on the receipt of an increment, any increments from taxes payable in the year in which the district terminates shall be paid to the authority. This paragraph does not affect a duration limit calculated from the date of approval of the tax increment financing plan or based on the recovery of costs or to a duration limit under subdivision 1c. This paragraph does not supersede the restrictions on payment of delinquent taxes in subdivision 1f.

Subd. 1c. [DURATION LIMITS; PRE-1979 DISTRICTS.] For tax increment financing districts created prior to August 1, 1979, no tax increment shall be paid to the authority after April 1, 2001, or the term of a nondefeased bond or obligation outstanding on April 1, 1990, secured by increments from the district or project area, whichever time is greater, provided that in no case will a tax increment be paid to an authority after August 1, 2009, from such a district. If a district's termination date is extended beyond April 1, 2001, because bonds were outstanding on April 1, 1990, with maturities extending beyond April 1, 2001, the following restrictions apply. No increment collected from the district may be expended after April 1, 2001, except to pay or defease (i) bonds issued before April 1, 1990, or (ii) bonds issued to refund the principal of the outstanding bonds and pay associated issuance costs, provided the average maturity of the refunding bonds does not exceed the bonds refunded.

(~~f~~) Subd. 1d. [DURATION LIMITS; EFFECT OF MODIFICATIONS.] Modification of a tax increment financing plan pursuant to section 469.175, subdivision 4, shall not extend the durational limitations of ~~this subdivision~~ subdivisions 1 to 1f.

(~~g~~) Subd. 1e. [DURATION LIMITS; HAZARDOUS SUBSTANCE SUBDISTRICTS.] If a parcel of a district is part of a designated hazardous substance site or a hazardous substance subdistrict, tax increment may be paid to the authority from the parcel for longer than the period otherwise provided by ~~this subdivision~~ subdivisions 1 to 1f for the overlying district. The extended period for collection of tax increment begins on the date of receipt of the first tax increment from the parcel that is more than any tax increment received from the parcel before the date of the certification under section 469.174, subdivision 7, paragraph (b), and received after the date of certification to the county auditor described in section 469.174, subdivision 7, paragraph (b). The extended period for collection of tax increment is the lesser of: (1) 25 years from the date of commencement of the extended period or 20 years if the authority elects under section 469.175, subdivision 1, paragraph (b), to defer receipt of the first increment; or (2) the period necessary to recover the costs of removal actions or remedial actions specified in a development response action plan.

(\*) Subd. 1f. [DELINQUENT TAXES AFTER TERMINATION.] If a parcel located in the district has delinquent property taxes when the district terminates under the duration limits ~~under this subdivision~~, the payment of the parcel's delinquent taxes made after decertification of the district are tax increments to the extent the nonpayment of property taxes caused the outstanding bonds or contractual obligations pledged to be paid by the district to be paid by sources other than tax increments or to go unpaid. The county auditor shall pay the appropriate amount to the district. The authority shall provide the county auditor with information regarding the payment of outstanding bonds or contractual obligations and any other information necessary to administer the payment, as requested by the county auditor.

Sec. 11. Minnesota Statutes 1992, section 469.176, subdivision 4, is amended to read:

Subd. 4. [LIMITATION ON USE OF TAX INCREMENT; GENERAL RULE.] All revenues derived from tax increment shall be used in accordance with the tax increment financing plan. The revenues shall be used solely for the following purposes: (1) to pay the principal of and interest on bonds issued to finance a project; (2) by a rural development financing authority for the purposes stated in section 469.142, by a port authority or municipality exercising the powers of a port authority to finance or otherwise pay the cost of redevelopment pursuant to sections 469.048 to 469.068, by an economic development authority to finance or otherwise pay the cost of redevelopment pursuant to sections 469.090 to 469.108, by a housing and redevelopment authority or economic development authority to finance or otherwise pay public redevelopment costs pursuant to sections 469.001 to 469.047, by a municipality or economic development authority to finance or otherwise pay the capital and administration costs of a development district pursuant to sections 469.124 to 469.134, by a municipality or authority to finance or otherwise pay the costs of developing and implementing a development action response plan, by a municipality or redevelopment agency to finance or otherwise pay premiums for insurance or other security guaranteeing the payment when due of principal of and interest on the bonds pursuant to chapter 462C, sections 469.152 to 469.165, or both, or to accumulate and maintain a reserve securing the payment when due of the principal of and interest on the bonds pursuant to chapter 462C, sections 469.152 to 469.165, or both, which revenues in the reserve shall not exceed, subsequent to the fifth anniversary of the date of issue of the first bond issue secured by the reserve, an amount equal to 20 percent of the aggregate principal amount of the outstanding and nondefeased bonds secured by the reserve.

Sec. 12. Minnesota Statutes 1992, section 469.176, subdivision 4c, is amended to read:

Subd. 4c. [ECONOMIC DEVELOPMENT DISTRICTS.] (a) Revenue derived from tax increment from an economic development district may not be used to provide improvements, loans, subsidies, grants, interest rate subsidies, or assistance in any form to developments consisting of buildings and ancillary facilities, if at least ten more than 15 percent of the buildings and facilities (determined on the basis of square footage) are used for a purpose other than:

- (1) the manufacturing or production of tangible personal property, including processing resulting in the change in condition of the property;
- (2) warehousing, storage, and distribution of tangible personal property, ~~but~~ excluding retail sales;
- (3) research and development ~~or~~ related to the activities listed in clause (1) or (2);
- (4) telemarketing if that activity is the exclusive use of the property; or
- (4) (5) tourism facilities, if the tourism facility is not located in a development region, as defined in section 462.384, with a population in excess of 1,000,000; or
- (6) space necessary for and related to the activities listed in clauses (1) to (5).

The percentage of buildings and facilities that may be used for nonqualifying purposes is increased above ten percent, but not over 25 percent, to the extent the nonqualifying square footage is directly related to and in support of the qualifying activity.

(b) ~~Population must be determined under the provisions of section 477A.011. Tourism facilities are limited to hotel and motel properties, including ancillary restaurants, convention and meeting facilities, amusement parks, recreation facilities, cultural facilities, marinas, and parks. The city must find that the tourism facilities are intended primarily to serve individuals outside of the development region.~~

~~(c) If the authority financed the construction of improvements with increment revenues for a site on which the authority expected qualifying facilities to be constructed and nonqualified property was constructed on the site in excess of the amount permitted under paragraph (a) within five years after the district was created, the developer of the nonqualified property must pay to the authority an amount equal to 90 percent of the benefit resulting from the improvements. The amount required to be paid may not exceed the proportionate cost of the improvements, including capitalized interest, that was financed with increment revenues. The payment must be used to prepay or discharge bonds under section 469.176, subdivision 2, paragraph (a), clauses (1) to (3). If no bonds are outstanding, the payment shall be distributed as an excess increment. "Benefit" has the meaning given in chapter 429.~~

(d) (b) Notwithstanding the provisions of this subdivision, revenue derived from tax increment from an economic development district may be used to provide improvements, loans, subsidies, grants, interest rate subsidies, or assistance in any form for up to 5,000 square feet of commercial and retail facilities within the municipal jurisdiction of a home rule charter or statutory city that has a population of 5,000 or less. The 5,000 square feet limitation is cumulative and applies to all facilities in all the economic development districts within the municipal jurisdiction.

Sec. 13. Minnesota Statutes 1992, section 469.176, subdivision 4e, is amended to read:

Subd. 4e. [HAZARDOUS SUBSTANCE SUBDISTRICTS.] The additional tax increment received by the municipality from a hazardous substance subdistrict as a result of a reduction in original net tax capacity pursuant to section 469.174, subdivision 7, paragraph (b), or as a result of the extension of the period for collection of tax increment from a hazardous substance site or subdistrict provided for in subdivision 1, paragraph (g), may be used only to pay or reimburse the costs of: (1) removal actions or remedial actions with respect to hazardous substances or pollutants or contaminants or petroleum releases affecting or which may affect the designated hazardous substance site; (2) pollution testing, demolition, and soil compaction correction necessitated by the development response action plan for the designated hazardous substance site; and (3) purchase of environmental insurance or deposits to a guaranty fund, relating only to liability or response costs for land in the subdistrict; and (4) related administrative and legal costs, including costs of review and approval of development response action plans by the pollution control agency and litigation expenses of the attorney general.

Subd. 4g. [GENERAL GOVERNMENT USE PROHIBITED.] (a) These revenues shall not be used to circumvent existing levy limit law. No revenues derived from tax increment from any district, whether certified before or after August 1, 1979, shall be used for the acquisition, construction, renovation, operation, or maintenance of a building to be used primarily and regularly for conducting the business of a municipality, county, school district, or any other local unit of government or the state or federal government. This provision shall not prohibit the use of revenues derived from tax increments for the construction or renovation of a parking structure, a commons area used as a public park, or a facility used for social, recreational, or conference purposes and not primarily for conducting the business of the municipality.

(b) If any publicly owned facility used for social, recreational, or conference purposes and financed in whole or in part from revenues derived from a district is operated or managed by an entity other than the authority, the operating and management policies of the facility must be approved by the governing body of the authority.

Sec. 15. [469.1765] [GUARANTY FUND.]

Subdivision 1. [AUTHORITY TO ESTABLISH.] An authority may establish and maintain a guaranty fund or funds. Money in the guaranty fund is available, under the terms and conditions that the development authority establishes, to indemnify or hold harmless a person from liability for remediation costs under a state or federal environmental law, regulation, ruling, order, or decision.

Subd. 2. [ELIGIBLE PERSON.] The authority may agree to pledge money in the guaranty fund to indemnify a person whose liability arises out of use, ownership, occupancy, or financing of a property in the subdistrict or district.

Subd. 3. [TERMS OF INDEMNITY.] The authority shall determine by resolution or by agreement with the person the terms and conditions under which money in the guaranty fund will be used to indemnify or hold harmless the person. The authority may not agree to indemnify a person from liability for contamination caused by the person. The maximum amount that may be paid from the guaranty fund with respect to properties within a subdistrict or district is one-half of the remediation and removal costs. The maximum duration of an indemnification agreement is 25 years. An indemnification agreement is subject to any other restrictions provided by this section or other law.

Subd. 4. [FUNDING.] (a) Revenues derived from tax increments and any other money available to the authority may be deposited in the guaranty fund. The municipality may appropriate money to the authority to be deposited in the guaranty fund.

(b) If a guaranty fund is established that applies to property located in more than one tax increment financing district or subdistrict, the authority shall establish separate accounts for each subdistrict and district. The authority shall deposit all revenues derived from tax increments from a subdistrict or district in the account for that subdistrict or district, except the following amounts may be deposited in a general or other account: (1) the portion of revenue derived increments from a district, subject to section 469.1763, that may be spent on activities outside of the district, or (2) up to 25 percent of the revenues derived from increments from districts that are not subject to section 469.1763 and which may be deposited in the guaranty fund under the applicable tax increment financing plans. Investment earnings of money in an account must be credited to that account.

(c) The only money which may be pledged to indemnify or hold harmless a person from liability are amounts either in the account for the subdistrict or district in which the property out of which the liability arose is located or in an account not dedicated to a specific subdistrict or district.

Subd. 5. [LIABILITY LIMITED.] The authority and municipality is liable under a guaranty fund agreement only to the extent funds are available in the guaranty fund account or accounts available for the property.

Subd. 6. [DEPOSITORY.] The authority shall provide for the guaranty fund to be held by or maintained with a financial institution or corporate fiduciary eligible for the deposit of public money or eligible to act as a trustee or fiduciary for obligations issued under chapter 475.

Subd. 7. [FINAL DISPOSITION OF FUNDS.] At the end of the period of the indemnification, all unencumbered money in the guaranty fund for the subdistrict or district must be treated as an excess increment and distributed under the provisions of section 469.176, subdivision 2, paragraph (a), clause (4). If the municipality contributed money to the account, other than revenues derived from increments, the authority may deduct and pay to the municipality a proportionate share of the unencumbered money in the account before the money is distributed as an excess increment. The proportionate share is determined based on the amount of contributions of nonincrements to the account relative to total contributions, including increments, to the account.

Sec. 16. [469.1766] [DEVELOPER PAYMENTS.]

If the development agreement, other agreement, or arrangement provides for the developer to repay all or part of the assistance provided that was financed, directly or indirectly, with revenues derived from tax increments, the developer payments are subject to the restrictions imposed by law on revenues derived from tax increments and may only be spent for the purposes for which increments may be spent. A developer includes any beneficiary of assistance financed with revenues derived from tax increments.

Assistance includes sales of property at less than the cost of acquisition or fair market value, grants, ground or other leases at less than fair market rent, interest rate subsidies, utility service connections, roads, or other similar assistance that otherwise would have been paid in whole or part by the beneficiary.

Sec. 17. Minnesota Statutes 1992, section 469.177, subdivision 1, is amended to read:

Subdivision 1. [ORIGINAL NET TAX CAPACITY.] (a) Upon or after adoption of a tax increment financing plan, the auditor of any county in which the district is situated shall, upon request of the authority, certify the original net tax capacity of the tax increment financing district as described in the tax increment financing plan and shall certify in each year thereafter the amount by which the original net tax capacity has increased or decreased as a result of a change in tax exempt status of property within the district, reduction or enlargement of the district or changes pursuant to subdivision 4.

(b) In the case of a mined underground space development district the county auditor shall certify the original net tax capacity as zero, plus the net tax capacity, if any, previously assigned to any subsurface area included in the mined underground space development district pursuant to section 272.04.

(c) For districts approved under section 469.175, subdivision 3, or parcels added to existing districts after May 1, 1988, if the classification under section 273.13 of property located in a district changes to a classification that has a different assessment ratio, the original net tax capacity of that property must be redetermined at the time when its use is changed as if the property had originally been classified in the same class in which it is classified after its use is changed.

(d) The amount to be added to the original net tax capacity of the district as a result of previously tax exempt real property within the district becoming taxable equals the net tax capacity of the real property as most recently assessed pursuant to section 273.18 or, if that assessment was made more than one year prior to the date of title transfer rendering the property taxable, the net tax capacity assessed by the assessor at the time of the transfer. If substantial taxable improvements were made to a parcel after certification of the district and if the property later becomes tax exempt, in whole or part, as a result of the authority acquiring the property through foreclosure or exercise of remedies under a lease or other revenue agreement or as a result of tax forfeiture, the amount to be added to the original net tax capacity of the district as a result of the property again becoming taxable is the amount of the parcel's value that was included in original net tax capacity when the parcel was first certified. The amount to be added to the original net tax capacity of the district as a result of enlargements equals the net tax capacity of the added real property as most recently certified by the commissioner of revenue as of the date of modification of the tax increment financing plan pursuant to section 469.175, subdivision 4.

(e) For districts approved under section 469.175, subdivision 3, or parcels added to existing districts after May 1, 1988, if the net tax capacity of a property increases because the property no longer qualifies under the Minnesota agricultural property tax law, section 273.111; the Minnesota open space property tax law, section 273.112; or the metropolitan agricultural preserves act, chapter 473H, or because platted, unimproved property is improved or three years pass after approval of the plat under section 273.11, subdivision 1, the increase in net tax capacity must be added to the original net tax capacity.

(f) Each year the auditor shall also add to the original net tax capacity of each economic development district an amount equal to the original net tax capacity for the preceding year multiplied by the average percentage increase in the market value of all property included in the economic development district during the five years prior to certification of the district.

(g) The amount to be subtracted from the original net tax capacity of the district as a result of previously taxable real property within the district becoming tax exempt, or a reduction in the geographic area of the district, shall be the amount of original net tax capacity initially attributed to the property becoming tax exempt or being removed from the district. If the net tax capacity of property located within the tax increment financing district is reduced by reason of a court-ordered abatement, stipulation agreement, voluntary abatement made by the assessor or auditor or by order of the commissioner of revenue, the reduction shall be applied to the original net tax capacity of the district when the property upon which the abatement is made has not been improved since the date of certification of the district and to the captured net tax capacity of the district in each year thereafter when the abatement relates to improvements made after the date of certification. The county auditor may specify reasonable form and content of the request for certification of the authority and any modification thereof pursuant to section 469.175, subdivision 4.

(h) If a parcel of property contained a substandard building that was demolished or removed and if the authority elects to treat the parcel as occupied by a substandard building under section 469.174, subdivision 10, paragraph (b), the auditor shall certify the original net tax capacity of the parcel using the greater of (1) the current net tax capacity of the parcel, or (2) the estimated market value of the parcel for the year in which the building was demolished or removed, but applying the class rates for the current year.

Sec. 18. Minnesota Statutes 1992, section 469.177, subdivision 8, is amended to read:

Subd. 8. [ASSESSMENT AGREEMENTS.] An authority may enter into a written assessment agreement with any person establishing a minimum market value of land, existing improvements, or improvements to be constructed in a district, if the property is owned or will be owned by the person. The minimum market value established by an assessment agreement may be fixed, or increase or decrease in later years from the initial minimum market value. If an agreement is fully executed before July 1 of an assessment year, the market value as provided under the agreement must be used by the county or local assessor as the taxable market value of the property for that assessment. Agreements executed on or after July 1 of an assessment year become effective for assessment purposes in the following assessment year. An assessment agreement terminates on the earliest of the date on which conditions in the assessment agreement for termination are satisfied, the termination date specified in the agreement, or the date when tax increment is no longer paid to the authority under section 469.176, subdivision 1. The assessment agreement shall be presented to the county assessor, or city assessor having the powers of the county assessor, of the jurisdiction in which the tax increment financing district and the property that is the subject of the agreement is located. The assessor shall review the plans and specifications for the improvements to be constructed, review the market value previously assigned to the land upon which the improvements are to be constructed and, so long as the minimum market value contained in the assessment agreement appears, in the judgment of the assessor, to be a reasonable

estimate, shall execute the following certification upon the agreement:

The undersigned assessor, being legally responsible for the assessment of the above described property, certifies that the market values assigned to the land and improvements are reasonable.

The assessment agreement shall be filed for record and recorded in the office of the county recorder or the registrar of titles of each county where the real estate or any part thereof is situated. After the agreement becomes effective for assessment purposes, the assessor shall value the property under section 273.11, except that the market value assigned shall not be less than the minimum market value established by the assessment agreement. The assessor may assign a market value to the property in excess of the minimum market value established by the assessment agreement. The owner of the property may seek, through the exercise of administrative and legal remedies, a reduction in market value for property tax purposes, but no city assessor, county assessor, county auditor, board of review, board of equalization, commissioner of revenue, or court of this state shall grant a reduction of the market value below the minimum market value established by the assessment agreement during the term of the agreement filed of record regardless of actual market values which may result from incomplete construction of improvements, destruction, or diminution by any cause, insured or uninsured, except in the case of acquisition or reacquisition of the property by a public entity. Recording an assessment agreement constitutes notice of the agreement to anyone who acquires any interest in the land or improvements that is subject to the assessment agreement, and the agreement is binding upon them.

An assessment agreement may be modified or terminated by mutual consent of the current parties to the agreement. Modification or termination of an assessment agreement must be approved by the governing body of the municipality. If the estimated market value for the property for the most recently available assessment is less than the minimum market value established by the assessment agreement for that or any later year and if bond counsel does not conclude that termination of the agreement is necessary to preserve the tax exempt status of outstanding bonds or refunding bonds to be issued, the modification or termination of the assessment agreement also must be approved by the governing bodies of the county and the school district. A document modifying or terminating an agreement, including records of the municipality, county, and school district approval, must be filed for record. The assessor's review and certification is not required if the document terminates an agreement. A change to an agreement not fully executed before July 1 of an assessment year is not effective for assessment purposes for that assessment year. If an assessment agreement has been modified or prematurely terminated, a person may seek a reduction in market value or tax through the exercise of any administrative or legal remedy. The remedy may not provide for reduction of the market value below the minimum provided under a modified assessment agreement that remains in effect. In no event may a reduction be sought for a year other than the current taxes payable year.

Sec. 19. Minnesota Statutes 1992, section 469.1831, subdivision 4, is amended to read:

Subd. 4. [PROGRAM MONEY; DISTRIBUTION AND RESTRICTIONS.] (a) Neighborhood revitalization program money may only be expended in accordance with the program for a purpose listed in subdivision 3 or this subdivision. Program money may not be used in those project areas of the city where the city determines that private investment will be sufficient to provide for development and redevelopment of the project area without public sector assistance, except in cases where program money is being used to remove or rehabilitate structurally substandard or obsolete buildings. Revenues derived from tax increments may only be expended for the purposes otherwise permitted by law, except that notwithstanding any law to the contrary, the city must pay at least the following amount of program money, including revenues derived from tax increments: (1) 15 percent to the school district, (2) 7.5 percent to the county, and (3) 7.5 percent for social services. Payment must be made to the county and school district within 15 days after the city receives the distribution of increment revenues, provided that the payment for calendar year 1990 may be made at any time during the year. Payment to the county for social services delivery shall be paid only after approval of program and spending plans under paragraph (b). Payment to the school district for education programs and services shall be paid only after approval of program and spending plans under paragraph (b).

(b) The money distributed to the county in a calendar year must be deducted from the county's levy limit for the following calendar year. In calculating the county's levy limit base for later years, the amount deducted must be treated as a local government aid payment.

The city must notify the commissioner of education of the amount of the payment made to the school district for the year. The commissioner shall deduct from the school district's state education aid payments one-half of the amount received by the school district.

The program money paid to the school district must be expended for additional education programs and services in accordance with the program. The amounts expended by the school district may not replace existing services.

The money for social services must be paid to the county for the cost of the provision of social services under the plan, as approved by the policy board and the county board.

(c) The city must expend on housing programs and related purposes as provided by the program at least 75 percent of the program money, after deducting the payments to the school district and county.

(d) Notwithstanding any other provisions of law to the contrary, for a city of the first class qualifying under section 469.1781, paragraph (a), program money and money described in Laws 1990, chapter 604, article 7, section 29, as amended, may be expended anywhere within the city by the authority for a purpose permitted by this section for any political subdivision without compliance with section 469.175, subdivision 4, and such money shall be deemed to be expended for a purpose that is a permitted project under section 469.176 and for a purpose that is permitted under section 469.176 for the district from which the increment was received.

Sec. 20. [MINNETONKA; SOILS DISTRICT.]

Subdivision 1. [AUTHORITY.] The city of Minnetonka may create a soils condition tax increment financing district with or without a hazardous substance subdistrict, covering all or any portion of the following described property in the city of Minnetonka, county of Hennepin, state of Minnesota:

All that part of the east half of the northeast quarter of section 14, township 117 north, range 22 west, lying north of the Great Northern Railway right-of-way;

The east half of the southeast quarter of section 11, township 117 north, range 22 west; and

Lots 1, 2, 3, 4, 5, and 10, Block 1, and Lots 1, 2, 3, and 8, Block 2, Golden Acres Addition.

This district and a subdistrict may be created under Minnesota Statutes, section 469.175, if the governing body of the city finds, by resolution, that establishment of the district and a subdistrict will facilitate environmental response and provide for the settlement of pending litigation. Except as otherwise provided in this section, the provisions of Minnesota Statutes, sections 469.174 to 469.179, apply to the district and a subdistrict. The city may issue bonds or other obligations payable, in whole or in part, from increment derived from the district and a subdistrict. The request for certification of the district and a subdistrict must be filed with the county auditor before December 1, 1995. The city may defer receipt of the first increment from the district or from a subdistrict for up to three years following certification. Minnesota Statutes, sections 469.174, subdivisions 7, paragraph (c), and 19, clause (a)(3); and 469.176, subdivisions 1, paragraph (d), 4b, 4e, 6, and 7, do not apply to this district and subdistrict. Nothing in this section affects the liability of persons for costs or damages associated with the release of hazardous substances, the city's right to pursue responsible parties or reimbursement under applicable insurance contracts, or the city's liability under Minnesota Statutes, section 115B.04, subdivision 4. The powers granted are in addition to other powers of the city.

Subd. 2. [QUALIFICATION RULES.] Before creating a district or subdistrict under this section, the governing body of the city of Minnetonka must find (i) that the response costs related to the district and subdistrict and deposits to the indemnification fund or premiums for the purchase of private environmental insurance necessary to develop the site exceed the estimated fair market value of the land in the district and subdistrict after completion of all necessary response activities and provision of indemnification under the plan and (ii) that independent of the environmental response costs, that the cost of correcting the unusual terrain and soil conditions materially impairs the ability of the owner to develop, sell, or finance all or any significant portion of the district. This finding is in addition to the findings required under Minnesota Statutes, section 469.174, subdivision 19, paragraph (a), clauses (1) and (2), in the case of the district, and the findings required under Minnesota Statutes, section 469.174, subdivision 7, in the case of the subdistrict.

Subd. 3. [LIMITS ON SPENDING INCREMENTS; POOLING RULES.] (a) The provisions of Minnesota Statutes, section 469.1763, do not apply to the district and a subdistrict created under this section. Revenues derived from tax increments from the district and subdistrict may be spent only on:

(1) response costs related to the area contained in the district and subdistrict including the activities outside of the subdistrict or the district but within the project, to the extent necessary to prevent contaminants moving to or from the contaminated parcels;

(2) deposits to an indemnification fund or the purchase of environmental insurance, relating only to liability or additional response costs for contaminated parcels located in the district;

(3) the costs of correcting the unusual terrain or soil deficiencies and the additional costs of installing public improvements directly caused by the deficiencies (except increments derived from reducing original tax capacity under Minnesota Statutes, section 469.174, subdivision 7, paragraph (b), may not be used for this purpose); and

(4) administrative expenses and costs permitted under Minnesota Statutes, section 469.176, subdivisions 3 and 4h, including costs of review and approval of development response actions plans by the commissioner of the pollution control agency and litigation expenses of the attorney general, if any.

(b) After sufficient revenues derived from tax increments have been received to pay all remediation costs, deposits to an indemnification fund or insurance premiums, and administrative and other qualifying costs, the district and subdistrict must be decertified. Minnesota Statutes, section 469.176, subdivision 1, paragraphs (e) and (g), apply to the district and subdistrict, except to the extent limited by this section.

Subd. 4. [DEFINITION.] For purposes of this section, "response" means activity constituting "respond" or "response" as those terms are defined in Minnesota Statutes, section 115B.02. Response costs include activities, including installation of public infrastructure, necessary to respond.

Subd. 5. [STATE AID REDUCTION.] (a) The state aid reductions under Minnesota Statutes, section 273.1399, do not apply to the district or a subdistrict established under this section, if the city elects to pay and pays 25 percent of the response costs and deposits to the indemnification fund out of its general fund, a property tax levy for that purpose, or other unrestricted city money (other than tax increments). The city must elect this option at the time of certification of the district and must notify the commissioner of revenue of its election. The election is irrevocable.

(b) If the city does not elect to pay for a portion of the cost as provided by paragraph (a), the state aid reductions under Minnesota Statutes, section 273.1399, apply. The qualified captured net tax capacity of the district or subdistrict or both must be calculated under Minnesota Statutes 1992, section 273.1399, subdivision 1, paragraph (a), clause (3) under the "All Other Districts" column.

Sec. 21. [CITY OF HOPKINS; HAZARDOUS SUBSTANCE SUBDISTRICT.]

Subdivision 1. [AUTHORIZATION.] Pursuant to Minnesota Statutes, section 469.175, subdivision 7, the city of Hopkins or its housing and redevelopment authority may create one or more hazardous substance subdistricts within tax increment financing district No. 2-5, or within any new or existing tax increment financing district encompassing any parcels located within township 117N, range 22W, sections 25 and 26 in the area bounded on the north by CSAH No. 3; on the south by the Hennepin County Regional Railroad Authority right-of-way; on the west by the city of Hopkins/city of Minnetonka boundary; and on the east by the existing parcel occupied by the city of Hopkins Well No. 1 Building. The city or its housing and redevelopment authority may issue bonds or other obligations payable in whole or in part from increment derived from the subdistrict or district upon a finding by city resolution that establishment of the subdistrict will facilitate environmental remediation and further the objectives of the tax increment financing plan for the district. The request for certification of the subdistrict must be filed with the county auditor before December 1, 1995. The city may defer receipt of the first increment from a subdistrict for up to three years following certification. Minnesota Statutes, sections 469.174, subdivisions 7, paragraph (c), and 16; and 469.176, subdivisions 1, paragraphs (d) and (g), 4e, 6, and 7, do not apply to the subdistrict.

Subd. 2. [PRESERVATION OF RIGHTS.] Nothing in this section affects the liability of persons for costs or damages associated with the release of hazardous substances, or the city's right to pursue responsible parties or to secure reimbursement under applicable insurance contracts, or the city's liability under Minnesota Statutes, section 115B.04, subdivision 4. The powers granted are in addition to other powers of the city.

Subd. 3. [QUALIFICATION RULES.] Before creation of a subdistrict under subdivision 1, the city of Hopkins shall determine that the existence of pollution or contamination of parcels within the subdistrict materially impairs the ability of the owners of the parcels to develop, sell, lease, or finance all or any portion of the parcels. For purposes of determining the original net tax capacity of the subdistrict under Minnesota Statutes, section 469.174, subdivision 7, paragraph (b), the requirement that the authority enter into a redevelopment or other agreement or have in place a response action plan before reduction of the original tax capacity does not apply. The amount of the estimated costs of the removal or remedial actions may be based on reasonable estimates prepared for the city.

In addition, the city shall, following review by the pollution control agency, prepare and adopt a report which delineates the maximum amount of money to be reserved for eligible expenditures.

Subd. 4. [ELIGIBLE EXPENDITURES.] Revenue derived from tax increments from the subdistrict may be spent only on:

(1) costs of investigating and remediating the pollution or contamination in the area contained in the subdistrict, including activities outside of the subdistrict to the extent necessary to prevent pollutants or contaminants moving to or from the subdistrict;

(2) deposits to an indemnification fund to be used to indemnify existing or future owners, purchasers, lessees, or mortgagees of any parcel in the subdistrict against environmental liability and costs associated with the investigation and remediation of pollution or contamination in the subdistrict, or the purchase of environmental insurance relating only to liability or remediation costs for parcels located in the subdistrict;

(3) administrative expenses and costs, including those permitted under Minnesota Statutes, section 469.176, subdivision 4h, and costs of preparation, review, and approval of any response action plan or partial response action plan by the pollution control agency; and

(4) costs of actions, including litigation, to recover investigation and remediation costs incident to the subdistrict from responsible persons.

Subd. 5. [DECERTIFICATION.] After sufficient revenues derived from tax increments have been received to pay all investigation and remediation costs, deposits to an indemnification fund, insurance premiums, and administrative and other qualifying costs, and in all events not more than 20 years from the date of receipt by the city of the first tax increment from the subdistrict, the subdistrict must be decertified.

Subd. 6. [REDISTRIBUTION.] When the city has received sufficient tax increment funds to pay all eligible expenditures, any funds received must be applied by the city in the manner of excess tax increments under Minnesota Statutes, section 469.176, subdivision 2, and the Hennepin county auditor shall increase the original net tax capacity of the parcels in the subdistrict to the original net tax capacity that would prevail had no reduction been made.

Subd. 7. [DEFINITIONS.] For purposes of this section, "remediation" means activity constituting removal, remedy, remedial action, or response as those terms are defined in Minnesota Statutes, section 115B.02, including activities to develop and implement a response action plan approved by the pollution control agency under Minnesota Statutes, section 115B.17, subdivision 14, or a partial response action plan approved by the pollution control agency under Minnesota Statutes, section 115B.175. Remediation costs include activities necessary to accomplish remediation, including installation of public infrastructure.

Subd. 8. [STATE AID REDUCTION.] The state aid reductions under Minnesota Statutes, section 273.1399, do not apply to a subdistrict established under this section, if the city elects to pay and pays 25 percent of the response costs and deposits to the indemnification fund out of its general fund, a property tax levy for that purpose, or other unrestricted city money (other than tax increments). The city must elect this option at the time of certification of the district and must notify the commissioner of revenue of its election. The election is irrevocable.

## Sec. 22. [INVER GROVE HEIGHTS.]

Subdivision 1. [EXTENSION OF TAX INCREMENT FINANCING DISTRICT.] Tax increment financing district No. 3-2, established by the city of Inver Grove Heights on April 30, 1992, under Laws 1990, chapter 604, article 7, section 30, subdivision 2, continues in effect until the earlier of (1) May 1, 2004, or (2) when all costs provided for in the tax increment financing plan relating to the district have been paid. In no event may the city receive more than eight years of tax increments for the district and all tax increments received after May 1, 2002, in excess of the amount of local government aid lost by the city under Minnesota Statutes, section 273.1399, as a result of such tax increments, shall be used only to pay or reimburse capital costs of public road and bridge improvements.

Subd. 2. [BOND AUTHORIZATION.] If the city of Inver Grove Heights, the Minnesota department of transportation, and Dakota county agree to the planning, design, construction, and reconstruction of state, county, and city highway, street, and bridge improvements that serve, among other areas, the area of tax increment financing district No. 3-2, the city council may, by resolution, authorize, sell, and issue general obligation bonds of the city in a principal amount not to exceed \$4,000,000 to finance part of the cost of the improvements to be paid for by the state

under the agreement. The city shall issue the bonds only if and to the extent it estimates they are necessary to pay costs of the improvements coming due for which state funds are not immediately available but will be received by the city under the agreement. The city shall pledge the state money to the payment of the bonds and after it receives the money shall pay the bonds as soon as practicable. The bonds shall be issued and secured under Minnesota Statutes, chapter 475, except no election is required to authorize their issuance.

Sec. 23. [CITY OF MANKATO; DURATION OF TAX INCREMENT FINANCING DISTRICT.]

Notwithstanding Minnesota Statutes, section 469.176, subdivision 1, the duration of the key city redevelopment project tax increment financing district, district AA1, located within the city of Mankato, may be extended by the authority to August 1, 2009. Any increment received during the period of extended duration may only be utilized for payment of or to secure payment of debt service on bonds issued after April 1, 1993, and before January 1, 1994, or bonds issued to refund those bonds.

Sec. 24. [EFFECTIVE DATE.]

Sections 1, 4, 9, 11, 13, 15, and 16 are effective for districts and subdistricts for which requests for certification are made after August 1, 1993.

Section 2 is effective for applications filed after the day of final enactment.

Sections 6, 7, 8, and 10, subdivision 1b, clauses (4) and (5), 12, and 14 are effective for districts for which the request for certification is made after May 31, 1993.

Sections 17 and 18 are effective July 1, 1993, and apply to all districts, regardless of when the request for certification was made, including districts for which the request for certification was made before August 1, 1979. Section 18 applies only to modifications of assessment agreements made after August 1, 1993.

Section 19 is effective upon compliance by the city of Minneapolis with Minnesota Statutes, section 645.021, subdivision 3.

Section 22 is effective the day following final enactment without the approval of any local government.

Section 23 is effective upon compliance by the city of Mankato with Minnesota Statutes, section 645.021, subdivision 3.

[GENERALLY.] (a) Except as provided in paragraph (b), a local government unit may request the board of government innovation and cooperation to grant a waiver from one or more administrative rules or a temporary, limited exemption from enforcement of state procedural laws governing delivery of services by the local government unit. Two or more local government units may submit a joint application for a waiver or exemption under this section if they propose to cooperate in providing a service or program that is subject to the rule or law. Before submitting an application to the board, the governing body of the local government unit must approve the waiver or exemption request by resolution at a meeting required to be public under section 471.705.

(b) A school district that is granted a variance from rules of the state board of education under section 121.11, subdivision 12, need not apply to the board for a waiver of those rules under this section. A school district may not seek a waiver of rules under this section if the state board of education has authority to grant a variance to the rules under section 121.11, subdivision 12. This paragraph does not preclude a school district from being included in a cooperative effort with another local government unit under this section.

Subd. 2. [APPLICATION.] A local government unit requesting a waiver of a rule or exemption from enforcement of a law under this section shall present a written application to the board. The application must include:

- (1) identification of the service or program at issue;
- (2) identification of the administrative rule or the law imposing a procedural requirement with respect to which the waiver or exemption is sought;
- (3) a description of the improved service outcome sought, including an explanation of the effect of the waiver or exemption in accomplishing that outcome;
- (4) a description of the means by which the attainment of the outcome will be measured; and
- (5) if the waiver or exemption is proposed by a single local government unit, a description of the consideration given to intergovernmental cooperation in providing this service, and an explanation of why the local government unit has elected to proceed independently.

A copy of the application must be provided by the requesting local government unit to the exclusive representative of its employees as certified under section 179A.12.

Subd. 3. [REVIEW PROCESS.] Upon receipt of an application from a local government unit, the board shall review the application. The board shall dismiss or request modification of an application within 60 days of its receipt if it finds that (1) the application does not meet the requirements of subdivision 2, or (2) the application should not be granted because it clearly proposes a waiver of rules or exemption from enforcement of laws that would result in due process violations, violations of federal law or the state or federal constitution, or the loss of services to people who are entitled to them. If the application is submitted by a local government unit in the metropolitan area or the unit requests a waiver of a rule or temporary, limited exemptions from enforcement of a procedural law over which the metropolitan council or a metropolitan agency has jurisdiction, the board shall also transmit a copy of the application to the council for review and comment. The council shall report its comments to the board within 60 days of the date the application was transmitted to the council. The council may point out any resources or technical assistance it may be able to provide a local government submitting a request under this section. If it does not dismiss the application, the board shall transmit a copy of it to the commissioner of each agency having jurisdiction over a rule or law from which a waiver or exemption is sought. The agency may mail a notice that it has received an application for a waiver or exemption to all persons who have registered with the agency under section 14.14, subdivision 1a, identifying the rule or law from which a waiver or exemption is requested. If no agency has jurisdiction over the rule or law, the board shall transmit a copy of the application to the attorney general. If the commissioner of finance, the commissioner of administration, or the state auditor has jurisdiction over the rule or law, the chief administrative law judge shall appoint a second administrative law judge to serve as a member of the board in the place of that official for purposes of determining whether to grant the waiver or exemption. The agency shall inform the board of its agreement with or objection to and grounds for objection to the waiver or exemption request within 60 days of the date when the application was transmitted to it. Interested persons may submit written comments to the board on the waiver or exemption request within 60 days of the board's receipt of the application. If the agency fails to inform the board of its conclusion with respect to the application within 60 days of its receipt, the agency is deemed to have agreed to the waiver or exemption. If the exclusive representative of the employees of the requesting local government unit objects to the waiver or exemption request it may inform the board of the objection to and the grounds for the objection to the waiver or exemption request within 60 days of the receipt of the application.

Subd. 4. [HEARING.] If the agency or the exclusive representative does not agree with the waiver or exemption request, the board shall set a date for a hearing on the application, which may be no earlier than 90 days after the date when the application was transmitted to the agency. The hearing must be conducted informally at a meeting of the board. Persons representing the local government unit shall present their case for the waiver or exemption, and persons representing the agency shall explain the agency's objection to it. Members of the board may request additional information from either party. The board may also request, either before or at the hearing, information or comments from representatives of business, labor, local governments, state agencies, consultants, and members of the public. If necessary, the hearing may be continued at a subsequent board meeting. A waiver or exemption must be granted by a vote of a majority of the board members. The board may modify the terms of the waiver or exemption request in arriving at the agreement required under subdivision 5.

Subd. 5. [CONDITIONS OF AGREEMENTS.] If the board grants a request for a waiver or exemption, the board and the local government unit shall enter into an agreement providing for the delivery of the service or program that is the subject of the application. The agreement must specify desired outcomes and the means of measurement by which the board will determine whether the outcomes specified in the agreement have been met. The agreement must specify the duration of the waiver or exemption, which may be for no less than two years and no more than four years, subject to renewal if both parties agree. A waiver of a rule under this section has the effect of a variance granted by an agency under section 14.05, subdivision 4. A local unit of government that is granted an exemption from enforcement of a procedural requirement in state law under this section is exempt from that law for the duration of the exemption. The board may require periodic reports from the local government unit, or conduct investigations of the service or program.

Subd. 6. [ENFORCEMENT.] If the board finds that the local government unit is failing to comply with the terms of the agreement under subdivision 5, it may rescind the agreement. Upon the rescision, the local unit of government becomes subject to the rules and laws covered by the agreement.

Subd. 7. [ACCESS TO DATA.] If a local government unit, through a cooperative program under this section, gains access to data collected, created, received, or maintained by another local government that is classified as not public, the unit gaining access is governed by the same restrictions on access to and use of the data as the unit that collected, created, received, or maintained the data.

Sec. 4. [465.798] [SERVICE BUDGET MANAGEMENT MODEL GRANTS.]

One or more local units of governments, an association of local governments, the metropolitan council, or an organization acting in conjunction with a local unit of government may apply to the board of government innovation and management for a grant to be used to develop models for innovative service budget management. Proposed models may provide options to local governments, neighborhood or community organizations, or individuals for managing budgets for service delivery. A copy of the work product for which the grant was provided must be furnished to the board upon completion, and the board may disseminate it to other local units of government or interested groups. If the board finds that the model was not completed or implemented according to the terms of the grant agreement, it may require the grantee to repay all or a portion of the grant. The amount of a grant under this section shall not exceed \$50,000.

Sec. 5. [465.799] [COOPERATION PLANNING GRANTS.]

Two or more local government units may apply to the board of government innovation and cooperation for a grant to be used to develop a plan for intergovernmental cooperation in providing services. The grant application must include the following information:

- (1) the identity of the local government units proposing to enter into the planning process;
- (2) a description of the services to be studied and the outcomes sought from the cooperative venture; and
- (3) a description of the proposed planning process, including an estimate of its costs, identification of the individuals or entities who will participate in the planning process, and an explanation of the need for a grant to the extent that the cost cannot be paid out of the existing resources of the local government unit.

The plan may include model contracts or agreements to be used to implement the plan. A copy of the work product for which the grant was provided must be furnished to the board upon completion. If the board finds that the grantee has failed to implement the plan, it may require the grantee to repay all or a portion of the grant. The amount of a grant under this section shall not exceed \$50,000.

Sec. 6. Minnesota Statutes 1992, section 465.80, subdivision 1, is amended to read:

Subdivision 1. [SCOPE.] This section establishes a program for grants to ~~cities, counties, and towns~~ local government units to enable them to meet the start-up costs of providing shared services or functions.

Sec. 7. Minnesota Statutes 1992, section 465.80, subdivision 2, is amended to read:

Subd. 2. [ELIGIBILITY.] Any ~~home rule charter or statutory city, county, or town~~ local government unit that provides a plan for offering a governmental service under a joint powers agreement with another ~~city, county, or town~~ local government unit, or with an agency of state government, is eligible for a grant under this section, and is referred to in this section as an "eligible local government unit."

Sec. 8. Minnesota Statutes 1992, section 465.80, subdivision 4, is amended to read:

Subd. 4. [SUBMISSION OF PLAN TO DEPARTMENT BOARD.] The plan must be submitted to the ~~department of trade and economic development~~ board of government innovation and cooperation. A copy of the plan must also be provided by the requesting local government units to the exclusive representatives of the employees as certified under section 179A.12. The ~~commissioner of trade and economic development~~ board will approve a plan only if it contains the elements set forth in subdivision 3, with sufficient information to verify the assertions under clauses (2) and (3). The ~~commissioner~~ board may request modifications of a plan. If the ~~commissioner~~ board rejects a plan, written reasons for the rejection must be provided, and a governmental unit may modify the plan and resubmit it.

Sec. 9. Minnesota Statutes 1992, section 465.80, subdivision 5, is amended to read:

Subd. 5. [GRANTS.] The amount of each grant shall be equal to the additional start-up costs for which evidence is presented under subdivision 3, clause (3). Only one grant will be given to a local government unit for any function or service it proposes to combine with another government unit, but a unit may apply for separate grants for different services or functions it proposes to combine. If the amount of money available for making the grants is not sufficient to fully fund the grants to eligible local government units with approved plans, the ~~commissioner~~ board shall award grants on the basis of each qualified applicant's score under a scoring system to be devised by the ~~commissioner~~ board to measure the relative needs for the grants and the ratio of costs to benefits for each proposal.

Sec. 10. Minnesota Statutes 1992, section 465.81, subdivision 2, is amended to read:

Subd. 2. [DEFINITIONS.] As used in sections 465.81 to 465.87, the words defined in this subdivision have the meanings given them in this subdivision.

"Board" means the board of government innovation and cooperation.

"City" means home rule charter or statutory cities.

~~"Commissioner" means the commissioner of trade and economic development.~~

~~"Department" means the department of trade and economic development.~~

"Governing body" means, in the case of a county, the county board; in the case of a city, the city council; and, in the case of a town, the town board.

"Local government unit" or "unit" includes counties, cities, and towns.

Sec. 11. Minnesota Statutes 1992, section 465.82, subdivision 1, is amended to read:

Subdivision 1. [ADOPTION AND STATE AGENCY REVIEW.] Each governing body that proposes to combine under sections 465.81 to 465.87 must adopt by resolution a plan for cooperation and combination. The plan must address each item in this section. The plan must be specific for any item that will occur within three years and may be general or set forth alternative proposals for an item that will occur more than three years in the future. The plan must be submitted to the ~~department of trade and economic development~~ board of government innovation and cooperation for review and comment. For a metropolitan area local government unit, the plan must also be submitted to the metropolitan council for review and comment. Significant modifications and specific resolutions of items must be submitted to the ~~department~~ board and council, if appropriate, for review and comment. In the official newspaper of each local government unit proposed for combination, the governing body must publish at least a summary of the adopted plans, each significant modification and resolution of items, and the results of each ~~department~~ board and council, if appropriate, review and comment.

Sec. 12. Minnesota Statutes 1992, section 465.83, is amended to read:

465.83 [STATE AGENCY APPROVAL.]

Metropolitan area units shall also submit the plan to the metropolitan council for review and comment. The ~~commissioner~~ board may require any

information it deems necessary to evaluate the plan. ~~The commissioner~~ board shall disapprove the proposed combination if ~~the commissioner~~ it finds that the plan is not reasonably likely to enable the combined unit to provide services in a more efficient or less costly manner than the separate units would provide them, or if the plans or plan modification are incomplete. If the combination of local government units is approved by the board under this section, the local units are not required to proceed under chapter 414 to accomplish the combination.

Sec. 13. Minnesota Statutes 1992, section 465.87, subdivision 1, is amended to read:

### TACONITE TAX

Section 1. Minnesota Statutes 1992, section 298.227, is amended to read:

#### 298.227 [TACONITE ECONOMIC DEVELOPMENT FUND.]

An amount equal to ~~10.4 cents per taxable ton~~ that distributed pursuant to each taconite producer's taxable production and qualifying sales under section 298.28, subdivision 9a, ~~for production years 1992 and 1993~~ shall be held by the iron range resources and rehabilitation board in a separate taconite economic development fund for each taconite producer. Money from the fund for each producer shall be released only on the written authorization of a joint committee consisting of an equal number of representatives of the salaried employees and the nonsalaried production and maintenance employees of that producer. The district 33 director of the United States Steelworkers of America, on advice of each local employee president, shall select the employee members. In nonorganized operations, the employee committee shall be elected by the nonsalaried production and maintenance employees. Each producer's joint committee may authorize release of the funds held pursuant to this section only for acquisition of equipment and facilities for the producer or for research and development in Minnesota on new mining, or taconite, iron, or steel production technology. Funds may be released only upon a majority vote of the representatives of the committee. Any portion of the fund which is not released by a joint committee within two years of its deposit in the fund shall be divided between the taconite environmental protection fund created in section 298.223 and the northeast Minnesota economic protection trust fund created in section 298.292 for placement in their respective special accounts. Two-thirds of the unreleased funds shall be distributed to the taconite environmental protection fund and one-third to the northeast Minnesota economic protection trust fund. This section is effective for taxes payable in 1993 and 1994.

Sec. 2. Minnesota Statutes 1992, section 298.28, subdivision 4, is amended to read:

Subd. 4. [SCHOOL DISTRICTS.] (a) 27.5 cents per taxable ton plus the increase provided in paragraph (d) must be allocated to qualifying school districts to be distributed, based upon the certification of the commissioner of revenue, under paragraphs (b) and (c).

(b) 5.5 cents per taxable ton must be distributed to the school districts in which the lands from which taconite was mined or quarried were located or within which the concentrate was produced. The distribution must be based on the apportionment formula prescribed in subdivision 2.

(c)(i) 22 cents per taxable ton, less any amount distributed under paragraph (e), shall be distributed to a group of school districts comprised of those school districts in which the taconite was mined or quarried or the concentrate produced or in which there is a qualifying municipality as defined by section 273.134 in direct proportion to school district indexes as follows: for each school district, its pupil units determined under section 124.17 for the prior school year shall be multiplied by the ratio of the average adjusted net tax capacity per pupil unit for school districts receiving aid under this clause as calculated pursuant to chapter 124A for the school year ending prior to distribution to the adjusted net tax capacity per pupil unit of the district. Each district shall receive that portion of the distribution which its index bears to the sum of the indices for all school districts that receive the distributions.

(ii) Notwithstanding clause (i), each school district that receives a distribution under sections 298.018; 298.23 to 298.28, exclusive of any amount received under this clause; 298.34 to 298.39; 298.391 to 298.396; 298.405; or any law imposing a tax on severed mineral values that is less than the amount of its levy reduction under section 124.918, subdivision 8, for the second year prior to the year of the distribution shall receive a distribution equal to the difference; the amount necessary to make this payment shall be derived from proportionate reductions in the initial distribution to other school districts under clause (i).

(d) On July 15, in years prior to 1988, an amount equal to the increase derived by increasing the amount determined by paragraph (c) in the same proportion as the increase in the steel mill products index over the base year of 1977 as provided in section 298.24, subdivision 1, clause (a), shall be distributed to any school district described in paragraph (c) where a levy increase pursuant to section 124A.03, subdivision 2, is authorized by referendum, according to the following formula. On July 15, 1988, the increase over the amount established for 1987 shall be determined as if there had been an increase in the tax rate under section 298.24, subdivision 1, paragraph (b), according to the increase in the implicit price deflator. On July 15, 1989, 1990, and 1991, the increase over the amount established for the prior year shall be determined according to the increase in the implicit price deflator as provided in section 298.24, subdivision 1, paragraph (a). In 1992 and 1993, the amount distributed per ton shall be the same as that determined for distribution in 1991. In 1994, the amount distributed per ton shall be equal to the amount per ton distributed in 1991 increased in the same proportion as the increase between the fourth quarter of 1988 ~~1989~~ and the fourth quarter of 1992 in the implicit price deflator as defined in section 298.24, subdivision 1. On July 15, 1995, and subsequent years, the increase over the amount established for the prior year shall be determined according to the increase in the implicit price deflator as provided in section 298.24, subdivision 1. Each district shall receive the product of:

(i) \$175 times the pupil units identified in section 124.17, subdivision 1, enrolled in the second previous year or the 1983-1984 school year, whichever is greater, less the product of 1.8 percent times the district's taxable net tax capacity in the second previous year; times

(ii) the lesser of:

(A) one, or

(B) the ratio of the sum of the amount certified pursuant to section 124A.03, subdivision 1g, in the previous year, plus the amount certified pursuant to section 124A.03, subdivision 1i, in the previous year, plus the referendum aid according to section 124A.03, subdivision 1h, for the current year, to the product of 1.8 percent times the district's taxable net tax capacity in the second previous year.

If the total amount provided by paragraph (d) is insufficient to make the payments herein required then the entitlement of \$175 per pupil unit shall be reduced uniformly so as not to exceed the funds available. Any amounts received by a qualifying school district in any fiscal year pursuant to paragraph (d) shall not be applied to reduce general education aid which the district receives pursuant to section 124A.23 or the permissible levies of the district. Any amount remaining after the payments provided in this paragraph shall be paid to the commissioner of iron range resources and rehabilitation who shall deposit the same in the taconite environmental protection fund and the northeast Minnesota economic protection trust fund as provided in subdivision 11.

Each district receiving money according to this paragraph shall reserve \$25 times the number of pupil units in the district. It may use the money for early childhood programs or for outcome-based learning programs that enhance the academic quality of the district's curriculum. The outcome-based learning programs must be approved by the commissioner of education.

(e) There shall be distributed to any school district the amount which the school district was entitled to receive under section 298.32 in 1975.

Sec. 3. Minnesota Statutes 1992, section 298.28, subdivision 7, is amended to read:

Subd. 7. [IRON RANGE RESOURCES AND REHABILITATION BOARD.] Three cents per taxable ton shall be paid to the iron range resources and rehabilitation board for the purposes of section 298.22. The amount determined in this subdivision shall be increased in 1981 and subsequent years prior to 1988 in the same proportion as the increase in the steel mill products index as provided in section 298.24, subdivision 1, and shall be increased in 1989, 1990, and 1991 according to the increase in the implicit price deflator as provided in section 298.24, subdivision 1. In 1992 and 1993, the amount distributed per ton shall be the same as the amount distributed per ton in 1991. In 1994, the amount distributed shall be the distribution per ton for 1991 increased in the same proportion as the increase between the fourth quarter of ~~1988~~ 1989 and the fourth quarter of 1992 in the implicit price deflator as defined in section 298.24, subdivision 1. That amount shall be increased in 1995 and subsequent years in the same proportion as the increase in the implicit price deflator as provided in section 298.24, subdivision 1. The amount distributed in 1988 shall be increased according to the increase that would have occurred in the rate of tax under section 298.24 if the rate had been adjusted according to the implicit price deflator for 1987 production. The amount distributed pursuant to this subdivision shall be expended within or for the benefit of a tax relief area defined in section 273.134. No part of the fund provided in this subdivision may be used to provide loans for the operation of private business unless the loan is approved by the governor and the legislative advisory commission.

Sec. 4. Minnesota Statutes 1992, section 298.28, subdivision 9a, is amended to read:

Subd. 9a. [TACONITE ECONOMIC DEVELOPMENT FUND.] (a) 10.4 cents per ton for distributions in 1993 and 15.4 cents per ton for distributions in 1994 shall be paid to the taconite economic development fund. No distribution shall be made under this subdivision paragraph in any year in which total industry production falls below 30 million tons.

(b) An amount equal to 50 percent of the tax under section 298.24 for concentrate sold in the form of pellet chips and fines not exceeding 1/4 inch in size and not including crushed pellets shall be paid to the taconite economic development fund. The amount paid shall not exceed \$700,000 annually for all companies. If the initial amount to be paid to the fund exceeds this amount, each company's payment shall be prorated so the total does not exceed \$700,000.

Sec. 5. Minnesota Statutes 1992, section 298.28, subdivision 10, is amended to read:

Subd. 10. [INCREASE.] The amounts determined under subdivisions 6, paragraph (a), and 9 shall be increased in 1979 and subsequent years prior to 1988 in the same proportion as the increase in the steel mill products index as provided in section 298.24, subdivision 1. The amount distributed in 1988 shall be increased according to the increase that would have occurred in the rate of tax under section 298.24 if the rate had been adjusted according to the implicit price deflator for 1987 production. Those amounts shall be increased in 1989, 1990, and 1991 in the same proportion as the increase in the implicit price deflator as provided in section 298.24, subdivision 1. In 1992 and 1993, the amounts determined under subdivisions 6, paragraph (a), and 9, shall be the distribution per ton determined for distribution in 1991. In 1994, the amounts determined under subdivisions 6, paragraph (a), and 9, shall be the distribution per ton determined for distribution in 1991 increased in the same proportion as the increase between the fourth quarter of ~~1988~~ 1989 and the fourth quarter of 1992 in the implicit price deflator as defined in section 298.24, subdivision 1. Those amounts shall be increased in 1995 and subsequent years in the same proportion as the increase in the implicit price deflator as provided in section 298.24, subdivision 1.

The distributions per ton determined under subdivisions 5, paragraphs (b) and (d), and 6, paragraphs (b) and (c) for distribution in 1988 and subsequent years shall be the distribution per ton determined for distribution in 1987.

Sec. 6. [EFFECTIVE DATE.]

Section 4 is effective for production years beginning after December 31, 1992.

## MISCELLANEOUS

Section 1. Minnesota Statutes 1992, section 16A.15, subdivision 6, is amended to read:

Subd. 6. [BUDGET AND CASH FLOW RESERVE ACCOUNT.] A budget and cash flow reserve account is created in the general fund in the state treasury. The commissioner of finance shall, as authorized from time to time by law, restrict part or all of the budgetary balance in the general fund for use as the budget and cash flow reserve account. The commissioner of finance shall transfer from the budget and cash flow reserve account the amount necessary to bring the total amount, including any existing balance in the account on July 1, 1992 1993, to ~~\$240,000,000~~ \$360,000,000. The amounts restricted shall remain in the account until drawn down under subdivision 1 or increased under section 16A.1541.

Sec. 2. Minnesota Statutes 1992, section 16A.1541, is amended to read:

16A.1541 [ADDITIONAL REVENUES; PRIORITY.]

If on the basis of a forecast of general fund revenues and expenditures the commissioner of finance determines that there will be a positive unrestricted budgetary general fund balance at the close of the biennium, the commissioner of finance must allocate money to the budget and cash flow reserve account until the total amount in the account equals five percent of total general fund appropriations for the current biennium as established by the most recent legislative session. Beginning in November 1990, forecast unrestricted budgetary general fund balances are first appropriated to restore the budget and cash flow reserve account to ~~\$550,000,000~~ \$500,000,000 and then to reduce the property tax levy recognition percent under section 121.904, subdivision 4a, to ~~27 percent~~ zero before money is allocated to the budget and cash flow reserve account under the preceding sentence.

The amounts necessary to meet the requirements of this section are appropriated from the general fund.

Sec. 3. Minnesota Statutes 1992, section 97A.061, subdivision 2, is amended to read:

Subd. 2. [ALLOCATION.] (a) Except as provided in subdivision 3, the county treasurer shall allocate the payment among the county, towns, and school districts on the same basis as if the payments were taxes on the land received in the year. Payment of a town's or a school district's allocation must be made by the county treasurer to the town or school district within 30 days of receipt of the payment to the county. The county's share of the payment shall be deposited in the county general revenue fund.

(b) The county treasurer of a county with a population over 39,000 but less than 42,000 in the 1950 federal census shall allocate the payment only among the towns and school districts on the same basis as if the payments were taxes on the lands received in the current year.

Sec. 4. Minnesota Statutes 1992, section 97A.061, subdivision 3, is amended to read:

Subd. 3. [GOOSE MANAGEMENT CROPLANDS.] (a) The commissioner shall make a payment on July 1 of each year from the game and fish fund, to each county where the state owns more than 1,000 acres of crop land, for wild goose management purposes. The payment shall be equal to the taxes assessed on comparable, privately owned, adjacent land. The county treasurer shall allocate and distribute the payment as provided in subdivision 2.

(b) The land used for goose management under this subdivision is exempt from taxation as provided in sections 272.01 and 273.19.

Sec. 5. Minnesota Statutes 1992, section 243.23, subdivision 3, is amended to read:

Subd. 3. [EXCEPTIONS.] Notwithstanding sections 241.26, subdivision 5, and 243.24, subdivision 1, the commissioner may promulgate rules for the disbursement of funds earned under subdivision 1, or other funds in an inmate account, and section 243.88, subdivision 2, for the support of families and dependent relatives of the respective inmates, for the payment of court-ordered restitution, contribution to any programs established by law to aid victims of crime provided that the contribution shall not be more than 20 percent of an inmate's gross wages, for the payment of restitution to the commissioner ordered by prison disciplinary hearing officers for damage to property caused by an inmate's conduct, and for the discharge of any legal obligations arising out of litigation under this subdivision.

The commissioner may authorize the payment of court-ordered restitution from an inmate's wages when the restitution was ordered by the court as a sanction for the conviction of an offense which is not the offense of commitment, including offenses which occurred prior to the offense for which the inmate was committed to the commissioner. An inmate of an adult correctional facility under the control of the commissioner is subject to actions for the enforcement of support obligations and reimbursement of any public assistance rendered the dependent family and relatives. The commissioner may conditionally release an inmate who is a party to an action under this subdivision and provide for the inmate's detention in a local detention facility convenient to the place of the hearing when the inmate is not engaged in preparation and defense.

Sec. 6. Minnesota Statutes 1992, section 270.07, subdivision 3, is amended to read:

Subd. 3. [ADDITIONAL POWERS OF COMMISSIONER.] Notwithstanding any other provision of law the commissioner of revenue may,

The debtor must assert this right by written request to the commissioner of revenue, which request the commissioner must receive within 45 days of the mailing date of the notice.
