Subd. 2. [COERCE.] "Coerce" means to use or threaten to use any form of domination, restraint, or control for the purpose of causing an individual to engage in or remain in prostitution or to relinquish earnings derived from prostitution. Coercion exists if the totality of the circumstances establish the existence of domination, restraint, or control that would have the reasonably foreseeable effect of causing an individual to engage in or remain in prostitution or to relinquish earnings from prostitution. Evidence of coercion may include, but is not limited to:

(1) physical force or actual or implied threats of physical force;

(2) physical or mental torture;

(3) implicitly or explicitly leading an individual to believe that the individual will be protected from violence or arrest;

(4) kidnapping;

(5) defining the terms of an individual's employment or working conditions in a manner that can foreseeably lead to the individual's use in prostitution;

(6) blackmail;

(7) extortion or claims of indebtedness;

(8) threat of legal complaint or report of delinquency;

(9) threat to interfere with parental rights or responsibilities, whether by judicial or administrative action or otherwise;

(10) promise of legal benefit, such as posting bail, procuring an attorney, protecting from arrest, or promising unionization;

(11) promise of financial rewards;

(12) promise of marriage;

(13) restraining speech or communication with others, such as exploiting a language difference, or interfering with the use of mail, telephone, or money;

(14) isolating an individual from others;

(15) exploiting a condition of developmental disability, cognitive limitation, affective disorder, or substance dependency;

(16) taking advantage of lack of intervention by child protection;

(17) exploiting victimization by previous sexual abuse or battering;

(18) exploiting pornographic performance;

(19) interfering with opportunities for education or skills training;

(20) destroying property;

(21) restraining movement;

(22) exploiting HIV status, particularly where the defendant's previous coercion led to the HIV exposure; or

(23) exploiting needs for food, shelter, safety, affection, or intimate or marital relationships.

Subd. 3. [PROMOTES THE PROSTITUTION OF AN INDIVIDUAL.] "Promotes the prostitution of an individual" has the meaning given in section 609.321, subdivision 7.

Subd. 4. [PROSTITUTION.] "Prostitution" has the meaning given in section 609.321, subdivision 9.

Sec. 2. [611A.81] [CAUSE OF ACTION FOR COERCION FOR USE IN PROSTITUTION.]

Subdivision 1. [CAUSE OF ACTION CREATED.] (a) An individual has a cause of action against a person who:

(1) coerced the individual into prostitution;

(2) coerced the individual to remain in prostitution;

(3) used coercion to collect or receive any of the individual's earnings derived from prostitution; or

(4) hired, offered to hire, or agreed to hire the individual to engage in prostitution, knowing or having reason to believe that the individual was coerced into or coerced to remain in prostitution by another person.

For purposes of clauses (1) and (2), money payment by a patron, as defined in section 609.321, subdivision 4, is not coercion under section 611A.80, subdivision 2, clause (5) or (11), or exploiting needs for food or shelter under section 611A.80, subdivision 2, clause (23).

Clause (3) does not apply to minor children who are dependent on the individual and who may have benefitted from or been supported by the individual's earnings derived from prostitution.

(b) An individual has a cause of action against a person who did the following while the individual was a minor:

(1) solicited or induced the individual to practice prostitution;

(2) promoted the prostitution of the individual;

(3) collected or received the individual's earnings derived from prostitution; or

(4) hired, offered to hire, or agreed to hire the individual to engage in prostitution.

Mistake as to age is not a defense to an action under this paragraph.

Subd. 2. [DAMAGES.] A person against whom a cause of action may be maintained under subdivision 1 is liable for the following damages that resulted from the plaintiff's being used in prostitution or to which the plaintiff's use in prostitution proximately contributed:

(1) economic loss, including damage, destruction, or loss of use of personal property; loss of past or future income or earning capacity; and income, profits, or money owed to the plaintiff from contracts with the person; and

(2) damages for death as may be allowed under section 573.02, personal injury, disease, and mental and emotional harm, including medical, rehabilitation, and burial expenses; and pain and suffering, including physical impairment.

Sec. 3. [611A.82] [ACTS NOT DEFENSES.]

None of the following shall alone or jointly be a sufficient defense to an action under section 2:

(1) the plaintiff consented to engage in acts of prostitution;

(2) the plaintiff was paid or otherwise compensated for acts of prostitution;

(3) the plaintiff engaged in acts of prostitution prior to any involvement with the defendant;

(4) the plaintiff apparently initiated involvement with the defendant;

(5) the plaintiff made no attempt to escape, flee, or otherwise terminate contact with the defendant;

(6) the defendant had not engaged in prior acts of prostitution with the plaintiff;

(7) as a condition of employment, the defendant required the plaintiff to agree not to engage in prostitution; or

(8) the defendant's place of business was posted with signs prohibiting prostitution or prostitution-related activities.

Sec. 4. [611A.83] [EVIDENCE.]

Subdivision 1. [USE IN OTHER PROCEEDINGS.] In the course of litigation under section 2, any transaction about which a plaintiff testifies or produces evidence does not subject the plaintiff to criminal prosecution or any penalty or forfeiture. Any testimony or evidence, documentary or otherwise, or information directly or indirectly derived from that testimony or evidence that is given or produced by a plaintiff or a witness for a plaintiff may not be used against that person in any other investigation or proceeding, other than a criminal investigation or proceeding for perjury committed while giving the testimony or producing the evidence.

Subd. 2. [CONVICTIONS.] Evidence of convictions for prostitution or prostitution-related offenses is inadmissible in a proceeding brought under section 2 for purposes of attacking the plaintiff's credibility. If the court admits evidence of prior convictions for purposes permitted under Minnesota Rules of Evidence, rule 404(b) with respect to motive, opportunity, intent, preparation, plan, knowledge, identity, or absence of mistake or accident, the fact finder may consider the evidence solely for those purposes and shall disregard details offered to prove any fact that is not relevant.

Sec. 5. [611A.84] [STATUTE OF LIMITATIONS.]

An action for damages under section 2 must be commenced not later than six years after the cause of action arises, except that the running of the limitation period is suspended during the time that coercion as defined in section 1 continues, or as otherwise provided by section 541.13 or 541.15.

Sec. 6. [611A.85] [OTHER REMEDIES PRESERVED.]

Sections 1 to 9 do not affect the right of any person to bring an action or use any remedy available under other law, including common law, to recover damages arising out of the use of the individual in prostitution or the coercion incident to the individual being used in prostitution; nor do sections 1 to 9 limit or restrict the liability of any person under other law.

Sec. 7. [611A.86] [DOUBLE RECOVERY PROHIBITED.]

A person who recovers damages under sections 1 to 9 may not recover the same costs or damages under any other law. A person who recovers damages under any other law may not recover for the same costs or damages under sections 1 to 9.

Sec. 8. [611A.87] [AWARD OF COSTS.]

Upon motion of a prevailing party in an action under sections 1 to 9, the court may award costs, disbursements, and reasonable attorney fees and witness fees to the party.

Sec. 9. [611A.88] [NO AVOIDANCE OF LIABILITY.]

No person may avoid liability under sections 1 to 9 by means of any conveyance of any right, title, or interest in real property, or by any indemnification, hold harmless agreement, or similar agreement that purports to show consent of the plaintiff.

Sec. 10. [EFFECTIVE DATE; APPLICATION.]

(a) Sections 1 to 9 are effective August 1, 1994, and apply to actions commenced on or after the effective date.

(b) For activities described in section 2, subdivision 1, that occurred between August 1, 1988, and July 31, 1994, an action for damages must be commenced not later than August 1, 1995, or six years after the cause of action arises, whichever is later; except that the running of the limitation period is suspended during the time that coercion continues."

Subd. 3. [FARMING AND OWNERSHIP OF AGRICULTURAL LAND BY CORPORATIONS RESTRICTED.] No corporation, limited liability company, pension or investment fund, or limited partnership shall engage in farming; nor shall any corporation, limited liability company, pension or investment fund, or limited partnership, directly or indirectly, own, acquire, or otherwise obtain an interest, whether legal, beneficial or otherwise, in any title to real estate used for farming or capable of being used for farming in this state. Livestock that are delivered for slaughter or processing may be fed and cared for by a corporation up to 20 days prior to slaughter or processing. Provided, however, that the restrictions in this subdivision do not apply to corporations or partnerships in clause (b) and do not apply to corporations, limited partnerships, and pension or investment funds that record its name and the particular exception under clauses (a) to (s) under which the agricultural land is owned or farmed, have a conservation plan prepared for the agricultural land, report as required under subdivision 4, and satisfy one of the following conditions under clauses (a) to (s):

(a) a bona fide encumbrance taken for purposes of security;

(b) a family farm corporation, an authorized farm corporation, a family farm partnership, or an authorized farm partnership as defined in subdivision 2 or a general partnership;

(c) agricultural land and land capable of being used for farming owned by a corporation as of May 20, 1973, or a pension or investment fund as of May 12, 1981, including the normal expansion of such ownership at a rate not to exceed 20 percent of the amount of land owned as of May 20, 1973, or, in the case of a pension or investment fund, as of May 12, 1981, measured in acres, in any five-year period, and including additional ownership reasonably necessary to meet the requirements of pollution control rules;

(d) agricultural land operated for research or experimental purposes with the approval of the commissioner of agriculture, provided that any commercial sales from the operation must be incidental to the research or experimental objectives of the corporation. A corporation, limited partnership, or pension or investment fund seeking to operate agricultural land for research or experimental purposes must submit to the commissioner a prospectus or proposal of the intended method of operation, containing information required by the commissioner including a copy of any operational contract with individual participants, prior to initial approval of an operation. A corporation, limited partnership, or pension or investment fund operating agricultural land for research or experimental purposes prior to May 1, 1988, must comply with all requirements of this clause except the requirement for initial approval of the project;

(e) agricultural land operated by a corporation or limited partnership for the purpose of raising breeding stock, including embryos, for resale to farmers or operated for the purpose of growing seed, wild rice, nursery plants or sod. An entity that is organized to raise livestock other than dairy cattle under this clause that does not meet the definition requirement for an authorized farm corporation must:

(1) sell all castrated animals to be fed out or finished to farming operations that are neither directly or indirectly owned by the business entity operating the breeding stock operation; and

(2) report its total production and sales annually to the commissioner of agriculture;

(f) agricultural land and land capable of being used for farming leased by a corporation or limited partnership in an amount, measured in acres, not to exceed the acreage under lease to such corporation as of May 20, 1973, or to the limited partnership as of May 1, 1988, and the additional acreage required for normal expansion at a rate not to exceed 20 percent of the amount of land leased as of May 20, 1973, for a corporation or May 1, 1988, for a limited partnership in any five-year period, and the additional acreage reasonably necessary to meet the requirements of pollution control rules;

(g) agricultural land when acquired as a gift (either by grant or a devise) by an educational, religious, or charitable nonprofit corporation or by a pension or investment fund or limited partnership; provided that all lands so acquired by a pension or investment fund, and all lands so acquired by a corporation or limited partnership which are not operated for research or experimental purposes, or are not operated for the purpose of raising breeding stock for resale to farmers or operated for the purpose of growing seed, wild rice, nursery plants or sod must be disposed of within ten years after acquiring title thereto;

(h) agricultural land acquired by a pension or investment fund or a corporation other than a family farm corporation or authorized farm corporation, as defined in subdivision 2, or a limited partnership other than a family farm partnership or authorized farm partnership as defined in subdivision 2, for which the corporation or limited partnership has documented plans to use and subsequently uses the land within six years from the date of purchase for a specific nonfarming purpose, or if the land is zoned nonagricultural, or if the land is located within an incorporated area. A pension or investment fund or a corporation or limited partnership may hold such agricultural land in such acreage as may be necessary to its nonfarm business operation; provided, however, that pending the development of agricultural land for nonfarm purposes, such land may not be used for farming except under lease to a family farm unit, a family farm corporation, an authorized farm corporation, a family farm partnership, or an authorized farm partnership, or except when controlled through ownership, options, leaseholds, or other agreements by a corporation which has entered into an agreement with the United States of America pursuant to the New Community Act of 1968 (Title IV of the Housing and Urban Development Act of 1968, United States Code, title 42, sections 3901 to 3914) as amended, or a subsidiary or assign of such a corporation;

(i) agricultural lands acquired by a pension or investment fund or a corporation or limited partnership by process of law in the collection of debts, or by any procedure for the enforcement of a lien or claim thereon, whether created by mortgage or otherwise; provided, however, that all lands so acquired be disposed of within ten years after acquiring the title if acquired before May 1, 1988, and five years after acquiring the title if acquired on or after May 1, 1988, acquiring the title thereto, and further provided that the land so acquired shall not be used for farming during the ten-year or five-year period except under a lease to a family farm unit, a family farm corporation, an authorized farm corporation, a family farm partnership, or an authorized farm partnership. The aforementioned ten-year or five-year limitation period shall be deemed a covenant running with the title to the land against any grantee, assignee, or successor of the pension or investment fund, corporation, or limited partnership. Notwithstanding the five-year divestiture requirement under this clause, a financial institution may continue to own the agricultural land if the agricultural land is leased to the immediately preceding former owner, but must divest of the agricultural land within the ten-year period. Livestock acquired by a pension or investment fund, corporation,

or limited partnership in the collection of debts, or by a procedure for the enforcement of lien or claim on the livestock whether created by security agreement or otherwise after the effective date of this act, must be sold or disposed of within one full production cycle for the type of livestock acquired or 18 months after the livestock is acquired, whichever is later;

(j) agricultural land acquired by a corporation regulated under the provisions of Minnesota Statutes 1974, chapter 216B, for purposes described in that chapter or by an electric generation or transmission cooperative for use in its business, provided, however, that such land may not be used for farming except under lease to a family farm unit, a family farm corporation, or a family farm partnership;

(k) agricultural land, either leased or owned, totaling no more than 2,700 acres, acquired after May 20, 1973, for the purpose of replacing or expanding asparagus growing operations, provided that such corporation had established 2,000 acres of asparagus production;

(l) all agricultural land or land capable of being used for farming which was owned or leased by an authorized farm corporation as defined in Minnesota Statutes 1974, section 500.24, subdivision 1, clause (d), but which does not qualify as an authorized farm corporation as defined in subdivision 2, clause (d);

(m) a corporation formed primarily for religious purposes whose sole income is derived from agriculture;

(n) agricultural land owned or leased by a corporation prior to August 1, 1975, which was exempted from the restriction of this subdivision under the provisions of Laws 1973, chapter 427, including normal expansion of such ownership or leasehold interest to be exercised at a rate not to exceed 20 percent of the amount of land owned or leased on August 1, 1975, in any five-year period and the additional ownership reasonably necessary to meet requirements of pollution control rules;

(o) agricultural land owned or leased by a corporation prior to August 1, 1978, including normal expansion of such ownership or leasehold interest, to be exercised at a rate not to exceed 20 percent of the amount of land owned or leased on August 1, 1978, and the additional ownership reasonably necessary to meet requirements of pollution control rules, provided that nothing herein shall reduce any exemption contained under the provisions of Laws 1975, chapter 324, section 1, subdivision 2;

(p) an interest in the title to agricultural land acquired by a pension fund or family trust established by the owners of a family farm, authorized farm corporation or family farm corporation, but limited to the farm on which one or more of those owners or shareholders have resided or have been actively engaged in farming as required by subdivision 2, clause (b), (c), or (d);

(q) agricultural land owned by a nursing home located in a city with a population, according to the state demographer's 1985 estimate, between 900 and 1,000, in a county with a population, according to the state demographer's 1985 estimate, between 18,000 and 19,000, if the land was given to the nursing home as a gift with the expectation that it would not be sold during the donor's lifetime. This exemption is available until July 1, 1995;

(r) the acreage of agricultural land and land capable of being used for farming owned and recorded by an authorized farm corporation as defined in Minnesota Statutes 1986, section 500.24, subdivision 2, paragraph (d), or a limited partnership as of May 1, 1988, including the normal expansion of the ownership at a rate not to exceed 20 percent of the land owned and recorded as of May 1, 1988, measured in acres, in any five-year period, and including additional ownership reasonably necessary to meet the requirements of pollution control rules;

(s) agricultural land owned or leased as a necessary part of an aquatic farm as defined in section 17.47, subdivision 3.

Sec. 4. Minnesota Statutes 1992, section 561.19, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] For the purposes of this section, the following terms have the meanings given them:

(a) "Agricultural operation" means a facility and its appurtenances for the production of crops, livestock, poultry, dairy products or poultry products, but not a facility primarily engaged in processing agricultural products.

(b) "Established date of operation" means the date on which the agricultural operation commenced. If the agricultural operation is subsequently expanded or significantly altered, the established date of operation for each expansion or alteration is deemed to be the date of commencement of the expanded or altered operation. As used in this paragraph, "expanded or significantly altered" means:

(1) an expansion by at least 25 percent in the amount of a particular crop grown or the number of a particular kind of animal or livestock located on an agricultural operation; or

(2) a distinct change in the kind of agricultural operation, as in changing from one kind of crop, livestock, animal, or product to another, but not merely a change from one generally accepted agricultural practice to another in producing the same crop or product.

~~(c) "Family farm" means an unincorporated farm unit owned by one or more persons or spouses of persons related to each other within the third degree of kindred according to the rules of the civil law at least one of whom is residing or actively engaged in farming on the farm unit, or a "family farm corporation," as that term is defined in section 500.24, subdivision 2.~~

Sec. 5. Minnesota Statutes 1992, section 561.19, subdivision 2, is amended to read:

Subd. 2. [AGRICULTURAL OPERATION NOT A NUISANCE.] (a) An agricultural operation ~~which is a part of a family farm~~ is not and shall not become a private or public nuisance after ~~six~~ two years from its established date of operation if the operation was not a nuisance at its established date of operation.

(b) An agricultural operation is operating according to generally accepted agricultural practices if it is located in an agriculturally zoned area and complies with the provisions of all applicable federal and state statutes and rules or any issued permits for the operation.

(c) The provisions of this subdivision do not apply:

~~(a)~~ (1) to a condition or injury which results from the negligent or improper operation of an agricultural operation or from operations contrary to commonly accepted agricultural practices or to applicable state or local laws, ordinances, rules, or permits;

~~(b)~~ (2) when an agricultural operation causes injury or direct threat of injury to the health or safety of any person;

~~(c)~~ (3) to the pollution of, or change in the condition of, the waters of the state or the overflow of waters on the lands of any person;

~~(d)~~ (4) to an animal feedlot facility with a swine capacity of 1,000 or more animal units as defined in the rules of the pollution control agency for control of pollution from animal feedlots, or a cattle capacity of 2,500 animals or more; or

~~(e)~~ (5) to any prosecution for the crime of public nuisance as provided in section 609.74 or to an action by a public authority to abate a particular condition which is a public nuisance.

Sec. 6. [CORPORATE FARMING LAW TASK FORCE.]

Subdivision 1. [PURPOSE.] Current Minnesota law generally precludes corporations from owning farm land or operating a farming enterprise. Corporate farming law has been developed over a period of 14 decades, and the development has included numerous changes to accommodate shifting priorities in agriculture and a recognition that the economic and social climate of the state is not static. There is a concern whether current corporate farming law, especially as it relates to the breeding and raising of swine, represents the appropriate balance between protection of family farms and opportunity for creative new enterprise structures organized by multiple farmers. Farmers wish to support a corporate farming law that is in the overall best interest of production agriculture and preservation of the family farm unit as the main component of the agricultural economy in the state. The study, legislative report, and legislative recommendations authorized by this section will increase public and legislative understanding of the issues involved.

Subd. 2. [CREATION; MEMBERSHIP.] (a) There is hereby created a corporate farming law task force with ten members appointed as follows:

(1) the chairs of the agriculture policy committees of the Minnesota senate and house of representatives, or their designees;

(2) two members of the Minnesota house of representatives appointed by the speaker of the house;

(3) one member of the Minnesota house of representatives appointed by the minority leader of the house;

(4) two members of the Minnesota senate appointed by the senate committee on rules and administration;

(5) one member of the Minnesota senate appointed by the minority leader of the senate;

(6) one member with education and experience in the area of agricultural economics appointed by the governor of Minnesota; and

(7) one member who is the operator of a production agriculture farm in Minnesota appointed by the governor.

(b) Each of the appointing authorities must make their respective appointments not later than June 15, 1994.

(c) Citizen members of the task force may be reimbursed for expenses as provided in Minnesota Statutes, section 15.059, subdivision 6.

(d) The first meeting of the task force must be called and convened by the chairs of the agriculture policy committees of the senate and the house of representatives. Task force members must then elect a permanent chair from among the task force members.

Subd. 3. [CHARGE.] The task force must examine current and projected impacts of corporate, partnership, and limited liability company farming enterprises on the economic, social, and environmental conditions and structures of rural Minnesota. The study should consider probable impacts on both agriculture related and nonagricultural businesses in rural communities. Issues of nonpoint source pollution and other environmental issues must also be considered. The task force shall also examine the issue of responsibility for potential pollution damage.

Subd. 4. [RESOURCES; STAFF SUPPORT; CONTRACT SERVICES.] The commissioner of agriculture shall provide necessary resources and staff support for the meetings, hearings, activities, and report of the task force. To the extent the task force determines it appropriate to contract with nonstate providers for research or analytical services, the commissioner shall serve as the fiscal agent for the task force.

Subd. 5. [PUBLIC HEARINGS.] The task force shall hold at least four public hearings on the issue of corporate farming law and the impacts of other potential legal structures of farming operations, with specific emphasis on appropriate regulation of business structures involved in swine breeding and raising. At least three of the hearings must be held in greater Minnesota.

Subd. 6. [REPORT.] Not later than February 15, 1995, the corporate farming law task force shall report to the legislature on the findings of its study. The report must include recommendations for improvements in Minnesota Statutes that are in the best interests of production agriculture in the state and the economic, environmental, and social environment and preservation of the family farm.

Subd. 7. [EXPIRATION.] The corporate farming law task force expires 45 days after its report and recommendations are delivered to the legislature or on May 15, 1995, whichever date is earlier.

Sec. 7. [EFFECTIVE DATE.]

Section 6 is effective the day following final enactment."

Speaker of the House of Representatives

We, the undersigned conferees for S. F. No. 2192, report that we have agreed upon the items in dispute and recommend as follows:

That the House recede from its amendments and that S. F. No. 2192 be further amended as follows:

Delete everything after the enacting clause and insert:

"ARTICLE 1

COMMUNITY INTEGRATED SERVICE NETWORKS

Section 1. [62J.016] [GOALS OF RESTRUCTURING.]

The state seeks to bring about changes in the health care delivery and financing system that will assure quality, affordable, and accessible health care for all Minnesotans. This goal will be accomplished by restructuring the delivery system, the financial incentives, and the regulatory environment in a way that will make health care providers and health plan companies more accountable to consumers, group purchasers, and communities for their costs and quality, their effectiveness in meeting the health care needs of all of their patients and enrollees, and their contributions to improving the health of the greater community.

Sec. 2. [62J.017] [IMPLEMENTATION TIMETABLE.]

The state seeks to complete the restructuring of the health care delivery and financing system by July 1, 1997. The restructured system will have two options: (1) integrated service networks, which will be accountable for meeting state cost containment, quality, and access standards; or (2) a uniform set of price and utilization controls for all health care services for Minnesota residents not provided through an integrated service network. Both systems will operate under the state's growth limits and will be structured to promote competition in the health care marketplace.

Beginning July 1, 1994, measures will be taken to increase the public accountability of existing health plan companies, to promote the development of small, community-based integrated service networks, and to reduce administrative costs by standardizing third-party billing forms and procedures and utilization review requirements. Voluntary formation of other integrated service networks will begin after rules have been adopted, but not before July 1, 1996. Statutes and rules for the entire restructured health care financing and delivery system must be enacted or adopted by January 1, 1996, and a phase-in of the all-payer reimbursement system must begin on that date. By July 1, 1997, all health coverage must be regulated under integrated service network or community integrated service network law pursuant to chapter 62N or all-payer law pursuant to chapter 62P.

Sec. 3. Minnesota Statutes 1993 Supplement, section 62N.02, is amended by adding a subdivision to read:

Subd. 4a. [COMMUNITY INTEGRATED SERVICE NETWORK.] (a) "Community integrated service network" or "community network" means a formal arrangement licensed by the commissioner under section 62N.25 for providing prepaid health services to enrolled populations of 50,000 or fewer enrollees, including enrollees who are residents of other states.

(b) Notwithstanding paragraph (a), an organization licensed as a community network that accepts payments for health care services on a capitated basis, or under another similar risk sharing agreement, from a program of self-insurance as described in section 60A.02, subdivision 3, paragraph (b), shall not be regulated as a community network with respect to the receipt of the payments. The payments are not premium revenues for the purpose of calculating the community network's liability for otherwise applicable state taxes, assessments, or surcharges, with the exception of:

(1) the MinnesotaCare provider tax;

(2) the one percent premium tax imposed in section 60A.15, subdivision 1, paragraph (d); and

(3) effective July 1, 1995, assessments by the Minnesota comprehensive health association.

This paragraph applies only where:

(1) the community network does not bear risk in excess of 110 percent of the self-insurance program's expected costs;

(2) the employer does not carry stop loss, excess loss, or similar coverage with an attachment point lower than 120 percent of the self-insurance program's expected costs;

(3) the community network and the employer comply with the data submission and administrative simplification provisions of chapter 62J;

(4) the community network and the employer comply with the provider tax pass-through provisions of section 295.582;

(5) the community network's required minimum reserves reflect the risk borne by the community network under this paragraph, with an appropriate adjustment for the 110 percent limit on risk borne by the community network;

(6) on or after July 1, 1994, but prior to January 1, 1995, the employer has at least 1,500 current employees, as defined in section 62L.02, or, on or after January 1, 1995, the employer has at least 750 current employees, as defined in section 62L.02;

(7) the employer does not exclude any eligible employees or their dependents, both as defined in section 62L.02, from coverage offered by the employer, under this paragraph or any other health coverage, insured or self-insured, offered by the employer, on the basis of the health status or health history of the person.

This paragraph expires December 31, 1997.

Sec. 4. Minnesota Statutes 1993 Supplement, section 62N.02, subdivision 8, is amended to read:

Subd. 8. [INTEGRATED SERVICE NETWORK.] (a) "Integrated service network" means a formal arrangement permitted by this chapter and licensed by the commissioner for providing health services under this chapter to enrollees for a fixed payment per time period. Integrated service network does not include a community integrated service network.

(b) Notwithstanding paragraph (a), an organization licensed as an integrated service network that accepts payments for health care services on a capitated basis, or under another similar risk sharing agreement, from a program of self-insurance as described in section 60A.02, subdivision 3, paragraph (b), shall not be regulated as an integrated service network with respect to the receipt of the payments. The payments are not premium revenues for the purpose of calculating the integrated service network's liability for otherwise applicable state taxes, assessments, or surcharges, with the exception of:

(1) the MinnesotaCare provider tax;

(2) the one percent premium tax imposed in section 60A.15, subdivision 1, paragraph (d); and

(3) effective July 1, 1995, assessments by the Minnesota comprehensive health association.

This paragraph applies only where:

(1) the integrated service network does not bear risk in excess of 110 percent of the self-insurance program's expected costs;

(2) the employer does not carry stop loss, excess loss, or similar coverage with an attachment point lower than 120 percent of the self-insurance program's expected costs;

(3) the integrated service network and the employer comply with the data submission and administrative simplification provisions of chapter 62J;

(4) the integrated service network and the employer comply with the provider tax pass-through provisions of section 295.582;

(5) the integrated service network's required minimum reserves reflect the risk borne by the integrated service network under this paragraph, with an appropriate adjustment for the 110 percent limit on risk borne by the integrated service network;

(6) on or after July 1, 1994, but prior to January 1, 1995, the employer has at least 1,500 current employees, as defined in section 62L.02, or, on or after January 1, 1995, the employer has at least 750 current employees, as defined in section 62L.02;

(7) the employer does not exclude any eligible employees or their dependents, both as defined in section 62L.02, from coverage offered by the employer, under this paragraph or any other health coverage, insured or self-insured, offered by the employer, on the basis of the health status or health history of the person.

This paragraph expires December 31, 1997.

Sec. 5. [62N.25] [COMMUNITY INTEGRATED SERVICE NETWORKS.]

Subdivision 1. [SCOPE OF LICENSURE.] Beginning July 1, 1994, the commissioner shall accept applications for licensure as a community integrated service network under this section. Licensed community integrated service networks may begin providing health coverage to enrollees no earlier than January 1, 1995, and may begin marketing coverage to prospective enrollees upon licensure.

Subd. 2. [LICENSURE REQUIREMENTS GENERALLY.] To be licensed and to operate as a community integrated service network, an applicant must satisfy the requirements of chapter 62D, and all other legal requirements that apply to entities licensed under chapter 62D, except as exempted or modified in this section. Community networks must, as a condition of licensure, comply with rules adopted under section 256B.0644 that apply to entities governed by chapter 62D.

Subd. 3. [REGULATION; APPLICABLE LAW.] Community integrated service networks are regulated and licensed by the commissioner under the same authority that applies to entities licensed under chapter 62D, except as exempted or modified under this section. All statutes or rules that apply to health maintenance organizations apply to community networks, unless otherwise specified. A cooperative organized under chapter 308A may establish a community integrated service network.

Subd. 4. [GOVERNING BODY.] In addition to the requirements of section 62D.06, at least 51 percent of the members of the governing body of the community integrated service network must be residents of the community integrated service network's service area. Service area, for purposes of this subdivision, may include contiguous geographic areas outside the state of Minnesota.

Subd. 5. [BENEFITS.] Community integrated service networks must offer the health maintenance organization benefit set, as defined in chapter 62D, and other laws applicable to entities regulated under chapter 62D, except that the community integrated service network may impose a deductible, not to exceed $1,000 per person per year, provided that out-of-pocket expenses on covered services do not exceed $3,000 per person or $5,000 per family per year. The deductible must not apply to preventive health services as described in Minnesota Rules, part 4685.0801, subpart 8. Community networks and chemical dependency facilities under contract with a community network shall use the assessment criteria in Minnesota Rules, parts 9530.6600 to 9530.6660, when assessing enrollees for chemical dependency treatment.

Subd. 6. [SOLVENCY.] A community integrated service network is exempt from the deposit, reserve, and solvency requirements specified in sections 62D.041, 62D.042, 62D.043, and 62D.044 and shall comply instead with sections 62N.27 to 62N.32. In applying sections 62N.27 to 62N.32, the commissioner is exempt from the rulemaking requirements of chapter 14. However, to the extent that there are analogous definitions or procedures in chapter 62D or in rules promulgated thereunder, the commissioner shall follow those existing provisions rather than adopting a contrary approach or interpretation. This rulemaking exemption shall expire on June 1, 1995.

Subd. 7. [EXEMPTIONS FROM EXISTING REQUIREMENTS.] Community integrated service networks are exempt from the following requirements applicable to health maintenance organizations:

(1) conducting focused studies under Minnesota Rules, part 4685.1125;

(2) preparing and filing, as a condition of licensure, a written quality assurance plan, and annually filing such a plan and a work plan, under Minnesota Rules, parts 4685.1110 and 4685.1130;

(3) maintaining statistics under Minnesota Rules, part 4685.1200;

(4) filing provider contract forms under sections 62D.03, subdivision 4, and 62D.08, subdivision 1;

(5) reporting any changes in the address of a network provider or length of a provider contract or additions to the provider network to the commissioner within ten days under section 62D.08, subdivision 5. Community networks must report such information to the commissioner on a quarterly basis. Community networks that fail to make the required quarterly filing are subject to the penalties set forth in section 62D.08, subdivision 5; and

(6) preparing and filing, as a condition of licensure, a marketing plan, and annually filing a marketing plan, under sections 62D.03, subdivision 4, paragraph (l), and 62D.08, subdivision 1.

Subd. 8. [PROVIDER CONTRACTS.] The provisions of section 62D.123 are implied in every provider contract or agreement between a community integrated service network and a provider, regardless of whether those provisions are expressly included in the contract. No participating provider, agent, trustee, or assignee of a participating provider has or may maintain any cause of action against a subscriber or enrollee to collect sums owed by the community network.

Subd. 9. [EXCEPTIONS TO ENROLLMENT LIMIT.] A community integrated service network may enroll enrollees in excess of 50,000 if necessary to comply with guaranteed issue or guaranteed renewal requirements of chapter 62L or section 62A.65.

Sec. 6. [62N.255] [EXPANDED PROVIDER NETWORKS.]

Subdivision 1. [PROVIDER ACCEPTANCE REQUIRED.] Each health plan company, with the exception of any health plan company with 50,000 or fewer enrollees and health plan companies that are exempt under subdivision 6, shall establish an expanded network of allied independent health providers, in addition to a preferred network. A health plan company shall accept as a provider in the expanded network any allied independent health provider who: (1) meets the health plan company's credentialing standards; (2) agrees to the terms of the health plan company's provider contract; and (3) agrees to comply with all managed care protocols of the health plan company. A preferred network shall be considered an expanded network if all allied independent health providers who meet the requirements of clauses (1), (2), and (3), are accepted into the preferred network. A community integrated service network may offer to its enrollees an expanded network of allied independent health providers as described under this section.

Subd. 2. [MANAGED CARE.] The managed care protocols used by the health plan company may include: (1) a requirement that an enrollee obtain a referral from the health plan company before obtaining services from an allied independent health provider in the expanded network; (2) limits on the number and length of visits to allied independent health providers in the expanded network allowed by each referral, as long as the number and length of visits allowed is not less than the number and length allowed for comparable referrals to allied independent health providers in the preferred network; and (3) ongoing management and review by the health plan company of the care provided by an allied independent health provider in the expanded network after a referral is made.

Subd. 3. [MANDATORY OFFERING TO ENROLLEES.] Each health plan company shall offer to enrollees the option of receiving covered services through the expanded network of allied independent health providers established under subdivisions 1 and 2. This expanded network option may be offered as a separate health plan. The network may establish separate premium rates and cost-sharing requirements for this expanded network plan, as long as these premium rates and cost-sharing requirements are actuarially justified and approved by the commissioner. This subdivision does not apply to Medicare, medical assistance, general assistance medical care, and MinnesotaCare. This subdivision is effective January 1, 1995, and applies to health plans issued or renewed, or offers of health plans to be issued or renewed, on or after January 1, 1995, except that this subdivision is effective January 1, 1996, for collective bargaining agreements of the department of employee relations and the University of Minnesota.

Subd. 4. [PROVIDER REIMBURSEMENT.] A health plan company shall pay each allied independent health provider in the expanded network the same rate per unit of service as paid to allied independent health providers in the preferred network.

Subd. 5. [DEFINITIONS.] (a) For purposes of this section, the following definitions apply.

(b) "Allied independent health provider" means an independently enrolled audiologist, chiropractor, dietitian, home health care provider, licensed marriage and family therapist, nurse practitioner or advanced practice nurse, occupational therapist, optometrist, optician, outpatient chemical dependency counselor, pharmacist who is not employed by and based on the premises of a health plan company, physical therapist, podiatrist, licensed psychologist, psychological practitioner, licensed social worker, or speech therapist.

(c) "Home health care provider" means a provider of personal care assistance, home health aide, homemaker, respite care, adult day care, or home therapies and home health nursing services.

(d) "Independently enrolled" means that a provider can bill, and receive direct payment for services from, a third-party payer or patient.

Subd. 6. [EXEMPTION.] A health plan company, to the extent that it operates as a staff model health plan company as defined in section 295.50, subdivision 12b, by employing allied independent health care providers to deliver health care services to enrollees, is exempt from this section.

Sec. 7. [62N.26] [SHARED SERVICES COOPERATIVE.]

The commissioner of health shall establish, or assist in establishing, a shared services cooperative organized under chapter 308A to make available administrative and legal services, technical assistance, provider contracting and billing services, and other services to those community integrated service networks and integrated service networks that choose to participate in the cooperative. The commissioner shall provide, to the extent funds are appropriated, start-up loans sufficient to maintain the shared services cooperative until its operations can be maintained by fees and contributions. The cooperative must not be staffed, administered, or supervised by the commissioner of health. The cooperative shall make use of existing resources that are already available in the community, to the extent possible.

Sec. 8. [62N.27] [DEFINITIONS.]

Subdivision 1. [APPLICABILITY.] For purposes of sections 62N.27 to 62N.32, the terms defined in this section have the meanings given. Other terms used in those sections have the meanings given in sections 62D.041, 62D.042, 62D.043, and 62D.044.

Subd. 2. [NET WORTH.] "Net worth" means admitted assets as defined in subdivision 3, minus liabilities. Liabilities do not include those obligations that are subordinated in the same manner as preferred ownership claims under section 60B.44, subdivision 10. For purposes of this subdivision, preferred ownership claims under section 60B.44, subdivision 10, include promissory notes subordinated to all other liabilities of the community integrated service network.

Subd. 3. [ADMITTED ASSETS.] "Admitted assets" means admitted assets as defined in section 62D.044, except that real estate investments allowed by section 62D.045 are not admitted assets. Admitted assets include the deposit required under section 62N.32.

Subd. 4. [ACCREDITED CAPITATED PROVIDER.] "Accredited capitated provider" means a health care providing entity that:

(1) receives capitated payments from a community network under a contract to provide health services to the network's enrollees. For purposes of this section, a health care providing entity is "capitated" when its compensation arrangement with a network involves the provider's acceptance of material financial risk for the delivery of a predetermined set of services for a specified period of time;

(2) is licensed to provide and provides the contracted services, either directly or through an affiliate. For purposes of this section, an "affiliate" is any person that directly or indirectly controls, is controlled by, or is under common control with the health care providing entity, and "control" exists when any person, directly or indirectly, owns, controls, or holds the power to vote or holds proxies representing no less than 80 percent of the voting securities or governance rights of any other person;

(3) agrees to serve as an accredited capitated provider of a community network or for the purpose of reducing the network's net worth and deposit requirements under section 62N.28; and

(4) is approved by the commissioner as an accredited capitated provider for a community network in accordance with section 62N.31.

Subd. 5. [PERCENTAGE OF RISK CEDED.] "Percentage of risk ceded" means the ratio, expressed as a percentage, between capitated payments made or, in the case of a new entity, expected to be made by a community network to all accredited capitated providers during any contract year and the total premium revenue, adjusted to eliminate expected administrative costs, received for the same time period by the community network.

Subd. 6. [PROVIDER AMOUNT AT RISK.] "Provider amount at risk" means a dollar amount certified by a qualified actuary to represent the expected direct costs to an accredited capitated provider for providing the contracted, covered health care services to the enrollees of the network to which it is accredited for a period of 120 days.

Sec. 9. [62N.28] [NET WORTH REQUIREMENT.]

Subdivision 1. [REQUIREMENT.] Except as otherwise permitted by this chapter, each community network must maintain a minimum net worth equal to the greater of:

(1) $1,000,000;

(2) two percent of the first $150,000,000 of annual premium revenue plus one percent of annual premium revenue in excess of $150,000,000;

(3) eight percent of the annual health services costs, except those paid on a capitated or managed hospital payment basis, plus four percent of the annual capitation and managed hospital payment costs; or

(4) four months uncovered health services costs.

Subd. 2. [DEFINITIONS.] For purposes of this section, the following terms have the meanings given:

(1) "capitated basis" means fixed per member per month payment or percentage of premium paid to a provider that assumes the full risk of the cost of contracted services without regard to the type, value, or frequency of services provided. For purposes of this definition, capitated basis includes the cost associated with operating staff model facilities;

(2) "managed hospital payment basis" means agreements in which the financial risk is primarily related to the degree of utilization rather than to the cost of services; and

(3) "uncovered health services costs" means the cost to the community network of health services covered by the community network for which the enrollee would also be liable in the event of the community network's insolvency, and that are not guaranteed, insured, or assumed by a person other than the community network.

Subd. 3. [REINSURANCE CREDIT.] A community network may use the subtraction for premiums paid for insurance permitted under section 62D.042, subdivision 4.

Subd. 4. [PHASE-IN FOR NET WORTH REQUIREMENT.] A community network may choose to comply with the net worth requirement on a phase-in basis according to the following schedule:

(1) 50 percent of the amount required under subdivisions 1 to 3 at the time that the community network begins enrolling enrollees;

(2) 75 percent of the amount required under subdivisions 1 to 3 at the end of the first full calendar year of operation;

(3) 87.5 percent of the amount required under subdivisions 1 to 3 at the end of the second full calendar year of operation; and

(4) 100 percent of the amount required under subdivisions 1 to 3 at the end of the third full calendar year of operation.

Subd. 5. [NET WORTH CORRIDOR.] A community network shall not maintain net worth that exceeds two and one-half times the amount required of the community network under subdivision 1. Subdivision 4 is not relevant for purposes of this subdivision.

Subd. 6. [NET WORTH REDUCTION.] If a community network has contracts with accredited capitated providers, and only for so long as those contracts or successor contracts remain in force, the net worth requirement of subdivision 1 shall be reduced by the percentage of risk ceded, but in no event shall the net worth requirements be reduced by this subdivision to less than $1,000,000. The phase-in requirements of subdivision 4 shall not be affected by this reduction.

Sec. 10. [62N.29] [GUARANTEEING ORGANIZATION.]

A community network may satisfy its net worth and deposit requirements, in whole or in part, through the use of one or more guaranteeing organizations, with the approval of the commissioner, under the conditions permitted in chapter 62D. Governmental entities, such as counties, may serve as guaranteeing organizations subject to the requirements of chapter 62D.

Sec. 11. [62N.31] [STANDARDS FOR ACCREDITED CAPITATED PROVIDER ACCREDITATION.]

Subdivision 1. [GENERAL.] Each health care providing entity seeking initial accreditation as an accredited capitated provider shall submit to the commissioner of health sufficient information to establish that the applicant has operational capacity, facilities, personnel, and financial capability to provide the contracted covered services to the enrollees of the network for which it seeks accreditation (1) on an ongoing basis; and (2) for a period of 120 days following the insolvency of the network without receiving payment from the network. Accreditation shall continue until abandoned by the accredited capitated provider or revoked by the commissioner in accordance with subdivision 4. The applicant may establish financial capability by demonstrating that the provider amount at risk can be covered by or through any of allocated or restricted funds, a letter of credit, the taxing authority of the applicant or governmental sponsor of the applicant, an unrestricted fund balance at least two times the provider amount at risk,

reinsurance, either purchased directly by the applicant or by the community network to which it will be accredited, or any other method accepted by the commissioner. Accreditation of a health care providing entity shall not in itself limit the right of the accredited capitated provider to seek payment of unpaid capitated amounts from a community network, whether the community network is solvent or insolvent; provided that, if the community network is subject to any liquidation, rehabilitation, or conservation proceedings, the accredited capitated provider shall have the status accorded creditors under chapter 60B.44, subdivision 10.

Subd. 2. [ANNUAL REPORTING PERIOD.] Each accredited capitated provider shall submit to the commissioner annually, no later than April 15, the following information for each network to which it is accredited: the provider amount at risk for that year, the number of enrollees for the network, both for the prior year and estimated for the current year, any material change in the provider's operational or financial capacity since its last report, and any other information reasonably requested by the commissioner.

Subd. 3. [ADDITIONAL REPORTING.] Each accredited capitated provider shall provide the commissioner with 60 days' advance written notice of termination of the accredited capitated provider relationship with a network.

Subd. 4. [REVOCATION OF ACCREDITATION.] The commissioner may revoke the accreditation of an accredited capitated provider if the accredited capitated provider's ongoing operational or financial capabilities fail to meet the requirements of this section. The revocation shall be handled in the same fashion as placing a health maintenance organization under administrative supervision.

Sec. 12. [62N.32] [DEPOSIT REQUIREMENT.]

A community network must satisfy the deposit requirement provided in section 62D.041. The deposit counts as an admitted asset and as part of the required net worth. The deposit requirement cannot be reduced by the alternative means that may be used to reduce the net worth requirement, other than through the use of a guaranteeing organization.

Sec. 13. [62N.33] [COVERAGE FOR ENROLLEES OF INSOLVENT NETWORKS.]

In the event of a community network insolvency, the commissioner shall determine whether one or more community networks or health plan companies are willing and able to provide replacement coverage to all of the failed community network's enrollees, and if so, the commissioner shall facilitate the provision of the replacement coverage. If such replacement coverage is not available, the commissioner shall randomly assign enrollees of the insolvent community network to other community networks and health plan companies in the service area, in proportion to their market share, for the remaining terms of the enrollees' contracts with the insolvent network. The other community networks and health plan companies must accept the allocated enrollees under their policy or contract most similar to the enrollees' contracts with the insolvent community network. The allocation must keep groups together. Enrollees with special continuity of care needs may, in the commissioner's discretion, be given a choice of replacement coverage rather than random assignment. Individuals and groups that are assigned randomly may choose a different community network or health plan company when their contracts expire, on the same basis as any other individual or group. The replacement health plan company must comply with any guaranteed renewal or other renewal provisions of the prior coverage, including but not limited to, provisions regarding preexisting conditions and health conditions that developed during prior coverage.

Sec. 14. [62N.34] [INSOLVENCY FUNDING.]

(a) In the event of an insolvency of a community network, all other community networks and health plan companies shall be assessed a surcharge, if necessary to pay expenses and claims set forth in paragraph (b), based on average annual premiums on health plans as defined in section 62A.011. For purposes of this section, "average annual premiums" means annual premiums averaged over the three most recent calendar years for which information is available preceding the calendar year in which the community network became insolvent. The total of all such surcharges upon a community network or health plan company shall not, in any one calendar year, exceed two percent of the community network's or health plan company's average annual premium in this state on health plans as defined in section 62A.011.

(b) Money raised by the assessment shall be used to pay for the following, to the extent that they exceed the community network's deposit and other remaining assets:

(1) expenses in connection with the insolvency and transfer of enrollees;

(2) outstanding fee-for-service claims from nonparticipating providers, discounted by 25 percent of the claim amount. Claims incurred after the implementation of the fee schedules provided under chapter 62P will be reimbursed at the fee schedule amount discounted by 25 percent. Providers may not seek to recover the unpaid portion of their claim from enrollees; and

(3) premiums to community networks and health plan companies that take enrollees of the insolvent community network, prorated to account for premiums already paid to the insolvent community network on behalf of those enrollees, to purchase coverage for time periods for which the insolvent community network can no longer provide coverage.

(c) In any year in which an assessment is made, the commissioner, in consultation with community networks and other health carriers, shall report to the legislature and governor on the continuing viability of the assessment approach and on the merits of potential alternative funding sources.

Sec. 15. [62N.35] [BORDER ISSUES.]

To the extent feasible and appropriate, community networks that also operate under the health maintenance organization or similar prepaid health care law of another state must be licensed and regulated by this state in a manner that avoids unnecessary duplication and expense for the community network. The commissioner shall communicate with regulatory authorities in neighboring states to explore the feasibility of cooperative approaches to streamline regulation of border community networks, such as joint financial audits, and shall report to the legislature on any changes to Minnesota law that may be needed to implement appropriate collaborative approaches to regulation.

Sec. 16. [STUDY OF SOLVENCY REGULATION OF INTEGRATED SERVICE NETWORKS.]

The commissioners of health and commerce shall develop the solvency standards for the integrated service networks created by Minnesota Statutes, chapter 62N. The solvency standards for integrated service networks must be effective no later than January 1, 1996.

The standards may use a risk-based capital standard as an integral tool to assess solvency of the integrated service networks. The standards may require that integrated service networks file the risk based capital calculation as part of the annual financial statement. The risk-based capital standard for integrated service networks may be based upon the national association of insurance commissioners health organization risk based capital standards currently under development, with any necessary modifications to reflect the unique risk characteristics of integrated service networks. Those modifications must be based upon an actuarial analysis of the effect on risk.

Sec. 17. [MONITORING OF REINSURANCE ACCESSIBILITY FOR COMMUNITY NETWORKS.]

The commissioners of commerce and health shall monitor the private sector market for reinsurance, in order to determine whether community integrated service networks are able to purchase reinsurance at competitive rates. If the commissioners find that the private market for reinsurance is not accessible or not affordable to community integrated service networks, the commissioners shall recommend to the legislature a voluntary or mandatory reinsurance purchasing pool for community integrated service networks. The commissioners' recommendations shall address the conditions under which community networks would be permitted or required to participate in the pool and the role of the state in overseeing or administering the pool.

Sec. 18. [REVISOR INSTRUCTIONS.]

The revisor of statutes shall recode section 6 establishing an expanded provider network from Minnesota Statutes, chapter 62N to Minnesota Statutes, chapter 62Q, and change all references to that section in Minnesota Statutes accordingly.

Sec. 19. [EFFECTIVE DATE.]

Sections 1 to 18 are effective July 1, 1994.

ARTICLE 2

(4) to provide information on the availability of purchasing pools and enrollee subsidies; and

(5) to help consumers use the health care system to obtain coverage.

The office of consumer information shall not provide legal services to consumers and shall not represent a consumer or enrollee. The office of consumer information shall not serve as an advocate for consumers in disputes with health plan companies. Nothing in this subdivision shall interfere with the ombudsman program established under section 256B.031, subdivision 6, or other existing ombudsman programs.

Sec. 2. Minnesota Statutes 1993 Supplement, section 62J.33, is amended by adding a subdivision to read:

Sec. 3. Minnesota Statutes 1993 Supplement, section 62J.33, is amended by adding a subdivision to read:

Subd. 5. [DISTRIBUTION OF DATA ON QUALITY.] The commissioner shall make available through the clearinghouse hospital quality data collected under section 62J.45, subdivision 4b, and health plan company quality data collected under section 62J.45, subdivision 4c.

Sec. 4. Minnesota Statutes 1993 Supplement, section 62J.45, is amended by adding a subdivision to read:

Subd. 4a. [EVALUATION OF CONSUMER SATISFACTION; PROVIDER INFORMATION PILOT STUDY.] (a) The commissioner may make a grant to the data institute to develop and implement a mechanism for collecting comparative data on consumer satisfaction through adoption of a standard consumer satisfaction survey. As a condition of receiving this grant, the data institute shall appoint a consumer advisory group which shall consist of 13 individuals, representing enrollees from public and private health plan companies and programs and two uninsured consumers, to advise the data institute on issues of concern to consumers. The advisory group must have at least one member from each regional coordinating board region of the state. The advisory group expires June 30, 1997. This survey shall include enrollees in community integrated service networks, integrated service networks, health maintenance organizations, preferred provider organizations, indemnity insurance plans, public programs, and other health plan companies. The data institute shall determine a mechanism for the inclusion of the uninsured. Health plan companies and group purchasers shall provide enrollment information, including the names, addresses, and telephone numbers of enrollees and former enrollees and other data necessary for the completion of this study to the data institute. This enrollment information provided by the health plan companies and group purchasers is classified as private data on individuals, as defined in section 13.02, subdivision 12. The data institute shall provide raw unaggregated data to the data analysis unit. The data institute may analyze and prepare findings from the raw, unaggregated data, and the findings from this survey may be included in the health plan company report cards, and in other reports developed by the data analysis unit, in consultation with the data institute, to be disseminated by the information clearinghouse. The raw unaggregated data is classified as private data on individuals as defined in section 13.02, subdivision 12. The survey may include information on the following subjects:

(1) enrollees' overall satisfaction with their health care plan;

(2) consumers' perception of access to emergency, urgent, routine, and preventive care, including locations, hours, waiting times, and access to care when needed;

(3) premiums and costs;

(4) technical competence of providers;

(5) communication, courtesy, respect, reassurance, and support;

(6) choice and continuity of providers;

(7) continuity of care;

(8) outcomes of care;

(9) services offered by the plan, including range of services, coverage for preventive and routine services, and coverage for illness and hospitalization;

(10) availability of information; and

(11) paperwork.

(b) The commissioner, in consultation with the data institute, shall develop a pilot study to collect comparative data from health care providers on opportunities and barriers to the provision of quality, cost-effective health care. The provider information pilot study shall include providers in community integrated service networks, integrated service networks, health maintenance organizations, preferred provider organizations, indemnity insurance plans, public programs, and other health plan companies. Health plan companies and group purchasers shall provide to the commissioner providers' names, health plan assignment, and other appropriate data necessary for the commissioner to conduct the study. The provider information pilot study shall examine factors that increase and hinder access to the provision of quality, cost-effective health care. The study may examine:

(1) administrative barriers and facilitators;

(2) time spent obtaining permission for appropriate and necessary treatments;

(3) latitude to order appropriate and necessary tests, pharmaceuticals, and referrals to specialty providers;

(4) assistance available for decreasing administrative and other routine paperwork activities;

(5) continuing education opportunities provided;

(6) access to readily available information on diagnoses, diseases, outcomes, and new technologies;

(7) continuous quality improvement activities;

(8) inclusion in administrative decision-making;

(9) access to social services and other services that facilitate continuity of care;

(10) economic incentives and disincentives;

(11) peer review procedures; and

(12) the prerogative to address public health needs.

In selecting additional data for collection, the commissioner shall consider the: (1) statistical validity of the indicator; (2) public need for the information; (3) estimated expense of collecting and reporting the indicator; and (4) usefulness of the indicator to identify barriers and opportunities to improve quality care provision within health plan companies.

Sec. 5. Minnesota Statutes 1993 Supplement, section 62J.45, is amended by adding a subdivision to read:

Subd. 4b. [HOSPITAL QUALITY INDICATORS.] The commissioner, in consultation with the data institute, shall develop a system for collecting data on hospital quality. The commissioner shall require a licensed hospital to collect and report data as needed for the system. Data to be collected shall include structural characteristics including staff-mix and nurse-patient ratios. In selecting additional data for collection, the commissioner shall consider: (1) feasibility and statistical validity of the indicator; (2) purchaser and public demand for the indicator; (3) estimated expense of collecting and reporting the indicator; and (4) usefulness of the indicator for internal improvement purposes.

Sec. 6. Minnesota Statutes 1993 Supplement, section 62J.45, is amended by adding a subdivision to read:

Subd. 4c. [QUALITY REPORT CARDS.] (a) Each health plan company shall report annually by April 1 to the commissioner specific quality indicators, in the form specified by the commissioner in consultation with the data institute. The quality indicators must be reported using standard definitions and measurement processes as specified by the commissioner. Wherever possible, the commissioner's specifications must be consistent with any outlined in the health plan employer data and information set (HEDIS 2.0). The commissioner, in consultation with the data institute, may modify the quality indicators to be reported to incorporate improvements in quality measurement tools. When HEDIS 2.0 indicators or health care financing administration approved quality indicators for medical assistance and Medicare are used, the commissioner is exempt from rulemaking. For additions or modifications to the HEDIS indicators or if other quality indicators are added, the commissioner shall proceed through rulemaking pursuant to chapter 14. The data analysis unit shall develop quality report cards, and these report cards shall be disseminated through the information clearinghouse.

(b) Data shall be collected by county and high-risk and special needs populations as well as by health plan but shall not be reported. The commissioner, in consultation with the data institute and counties, shall provide this data to a community health board as defined in section 145A.02 in a manner that would not allow the identification of individuals.

Sec. 7. Minnesota Statutes 1992, section 62M.02, subdivision 5, is amended to read:

Subd. 5. [CERTIFICATION.] "Certification" means a determination by a utilization review organization that an admission, extension of stay, or other health care service has been reviewed and that it, based on the information provided, meets the utilization review requirements of the applicable health plan and the health carrier will then pay for the covered benefit, provided the preexisting limitation provisions, the general exclusion provisions, and any deductible, copayment, coinsurance, or other policy requirements have been met.

Subd. 21. [UTILIZATION REVIEW ORGANIZATION.] "Utilization review organization" means an entity including but not limited to an insurance company licensed under chapter 60A to offer, sell, or issue a policy of accident and sickness insurance as defined in section 62A.01; a health service plan licensed under chapter 62C; a health maintenance organization licensed under chapter 62D; a community integrated service network or an integrated service network licensed under chapter 62N; a fraternal benefit society operating under chapter 64B; a joint self-insurance employee health plan operating under chapter 62H; a multiple employer welfare arrangement, as defined in section 3 of the Employee Retirement Income Security Act of 1974 (ERISA), United States Code, title 29, section 1103, as amended; a third party administrator licensed under section 60A.23, subdivision 8, which conducts utilization review and determines certification of an admission, extension of stay, or other health care services for a Minnesota resident; or any entity performing utilization review that is affiliated with, under contract with, or conducting utilization review on behalf of, a business entity in this state.

Sec. 9. Minnesota Statutes 1992, section 62M.03, subdivision 1, is amended to read:

Each licensed community integrated service network, integrated service network, or health maintenance organization that has an employed staff model of providing health care services shall comply with sections 62M.01 to 62M.16 and section 72A.201, subdivisions 8 and 8a for any services provided by providers under contract.

Sec. 10. Minnesota Statutes 1992, section 62M.03, subdivision 2, is amended to read:

Subd. 2. [NONLICENSED UTILIZATION REVIEW ORGANIZATION.] An organization that meets the definition of a utilization review organization under section 62M.02, subdivision 21, that is not licensed in this state that performs utilization review services for Minnesota residents must register with the commissioner of commerce and must certify compliance with sections 62M.01 to 62M.16.

Initial registration must occur no later than January 1, 1993. The registration is effective for two years and may be renewed for another two years by written request. Sec. 11. Minnesota Statutes 1992, section 62M.03, subdivision 3, is amended to read:

Subd. 3. [PENALTIES AND ENFORCEMENTS.] If a ~~nonlicensed~~ utilization review organization fails to comply with sections 62M.01 to 62M.16, the organization may not provide utilization review services for any Minnesota resident. The commissioner of commerce may issue a cease and desist order under section 45.027, subdivision 5, to enforce this provision. The cease and desist order is subject to appeal under chapter 14. A nonlicensed utilization review organization that fails to comply with the provisions of sections 62M.01 to 62M.16 is subject to all applicable penalty and enforcement provisions of section 72A.201. Each utilization review organization licensed under chapter 60A, 62C, 62D, 62N, or 64B shall comply with sections 62M.01 to 62M.16 as a condition of licensure.

Sec. 12. Minnesota Statutes 1992, section 62M.05, subdivision 3, is amended to read:

Subd. 3. [NOTIFICATION OF DETERMINATIONS.] A utilization review organization must have written procedures for providing notification of its determinations on all certifications in accordance with the following:

(a) When an initial determination is made to certify, notification must be provided promptly by telephone to the provider. The utilization review organization shall send written notification to the hospital, attending physician, or applicable service provider within ten business days of the determination in accordance with section 72A.20, subdivision 4a, or shall maintain an audit trail of the determination and telephone notification. For purposes of this subdivision, "audit trail" includes documentation of the telephone notification, including the date; the name of the person spoken to, the enrollee or patient; the service, procedure, or admission certified; and the date of the service, procedure, or admission. If the utilization review organization indicates certification by use of a number, the number must be called the "certification number."

(b) When a determination is made not to certify a hospital or surgical facility admission or extension of a hospital stay, or other service requiring review determination, within one working day after making the decision the attending physician and hospital must be notified by telephone and a written notification must be sent to the hospital, attending physician, and enrollee or patient. The written notification must include the principal reason or reasons for the determination and the process for initiating an appeal of the determination. Upon request, the utilization review organization shall provide the attending physician or provider with the criteria used to determine the necessity, appropriateness, and efficacy of the health care service and identify the database, professional treatment parameter, or other basis for the criteria. Reasons for a determination not to certify may include, among other things, the lack of adequate information to certify after a reasonable attempt has been made to contact the attending physician.

Sec. 13. Minnesota Statutes 1992, section 62M.06, subdivision 3, is amended to read:

Subd. 3. [STANDARD APPEAL.] The utilization review organization must establish procedures for appeals to be made either in writing or by telephone.

(b) The documentation required by the utilization review organization may include copies of part or all of the medical record and a written statement from the health care provider.

(c) Prior to upholding the original decision not to certify for clinical reasons, the utilization review organization shall conduct a review of the documentation by a physician who did not make the original determination not to certify.

(d) The process established by a utilization review organization may include defining a period within which an appeal must be filed to be considered. The time period must be communicated to the patient, enrollee, or attending physician when the initial determination is made.

(e) An attending physician who has been unsuccessful in an attempt to reverse a determination not to certify shall, consistent with section 72A.285, be provided the following:

(1) a complete summary of the review findings;

(2) qualifications of the reviewers, including any license, certification, or specialty designation; and

(3) the relationship between the enrollee's diagnosis and the review criteria used as the basis for the decision, including the specific rationale for the reviewer's decision.

(f) In cases ~~where an~~ of appeal to reverse a determination not to certify for clinical reasons ~~is unsuccessful~~, the utilization review organization must, upon request of the attending physician, ensure that a physician of the utilization review organization's choice in the same or a similar general specialty as typically manages the medical condition, procedure, or treatment under discussion is reasonably available to review the case.

Subd. 4. [HEALTH PLAN COMPANY.] "Health plan company" means:

(1) a health carrier as defined under section 62A.011, subdivision 2;

(2) an integrated service network as defined under section 62N.02, subdivision 8;

Sec. 15. [62Q.03] [PROCESS FOR DEFINING, DEVELOPING, AND IMPLEMENTING A RISK ADJUSTMENT SYSTEM.]

Subdivision 1. [PURPOSE.] Risk adjustment is a vital element of the state's strategy for achieving a more equitable, efficient system of health care delivery and financing for all state residents. Risk adjustment is needed to: remove current disincentives in the health care system to insure and serve high risk and special needs populations; promote fair competition among health plan companies on the basis of their ability to efficiently and effectively provide services rather than on the health status of those in a given insurance pool; and help assure the viability of all health plan companies, including community integrated service networks. It is the commitment of the state to develop and implement a risk adjustment system by July 1, 1997, and to continue to improve and refine risk adjustment over time. The process for designing and implementing risk adjustment shall be open, explicit, utilize resources and expertise from both the private and public sectors, and include at least the representation described in subdivision 4. The process shall take into account the formative nature of risk adjustment as an emerging science, and shall develop and implement risk adjustment to allow continual modifications, expansions, and refinements over time. The process shall have at least two stages, as described in subdivision 2 and 3.

Subd. 2. [FIRST STAGE OF RISK ADJUSTMENT DEVELOPMENT PROCESS.] The objective of the first stage is to report to the legislature by January 15, 1995, with recommendations on the process, organization, resource needs, and specific work plan to define, develop, and implement a risk adjustment mechanism by July 1, 1997, and to continually improve risk adjustment over time. The report shall address the specific issues listed in subdivision 5, and shall also identify any additional policy issues, questions and concerns that must be addressed to facilitate development and implementation of risk adjustment.

Subd. 3. [SECOND STAGE OF THE RISK ADJUSTMENT DEVELOPMENT PROCESS.] The second stage of the process, following review and any modification by the legislature of the January 15, 1995 report, shall be to carry out the work plan to develop and implement a risk adjustment mechanism by July 1, 1997, and to continue to improve and refine a risk adjustment over time. The second stage of the process shall be carried out by the association created in subdivision 6.

Subd. 4. [EXPERT PANEL.] The commissioners of health and commerce shall convene an expert advisory panel comprised of, but not limited to, the board members of the Minnesota risk adjustment association, as described in subdivision 8, and experts from the fields of epidemiology, health services research, and health economics. The commissioners may also convene technical work groups that may include members of the expert advisory panel and other persons, all selected in the sole discretion of the commissioners. The expert advisory panel and the workgroups shall assist and advise the commissioners of health and commerce in preparing the implementation report described in subdivision 5.

Subd. 5. [IMPLEMENTATION REPORT TO THE LEGISLATURE.] The commissioners of health and commerce shall submit a report to the legislature by January 15, 1995, with recommendations on the process, organization, resource needs, and specific work plan to define, develop, and implement a risk adjustment system by July 1, 1997, and to continually improve risk adjustment over time. In developing the January 15, 1995 report, the commissioners of commerce and health must consider and describe the following:

(1) the relationship of risk adjustment to the implementation of universal coverage and community rating;

(2) the role of reinsurance in the risk adjustment system, as a short-term alternative in the absence of a risk adjustment methodology;

(3) the relationship of the risk adjustment system to the implementation of reforms in underwriting and rating requirements;

(4) the potential role of the health coverage reinsurance association in the risk adjustment system;

(5) the need for mandatory participation of all health plan companies in the risk adjustment system;

(6) current and emerging applications of risk adjustment methodologies used for reimbursement purposes at the state and national level and the reliability and validity of current risk assessment and risk adjustment methodologies;

(7) the levels and types of risk to be distributed through the risk adjustment system;

(8) the extent to which prepaid contracting by public programs needs to be addressed by the risk adjustment methodology;

(9) a plan for testing of the risk adjustment options being proposed, including simulations using existing health plan data, and development and testing of models on simulated data to assess the feasibility and efficacy of specific methodologies;

(10) the appropriate role of the state in the supervision of the risk adjustment association created pursuant to subdivision 6;

(11) risk adjustment methodologies that take into account differences among health plan companies due to their relative efficiencies, characteristics, and relative to existing insured contracts, new business, underwriting, or rating restrictions required or permitted by law; and

(12) methods to encourage health plan companies to enroll higher risk populations.

To the extent possible, the implementation report shall identify a specific methodology or methodologies that may serve as a starting point for risk adjustment, explain the advantages and disadvantages of each such methodology, and provide a specific workplan for implementing the methodology.

Subd. 6. [CREATION OF RISK ADJUSTMENT ASSOCIATION.] The Minnesota risk adjustment association is created on July 1, 1994, and may operate as a nonprofit unincorporated association.

Subd. 7. [PURPOSE OF ASSOCIATION.] The association is established to carry out the purposes of subdivision 1, as further elaborated on by the implementation report described in subdivision 5 and by legislation enacted in 1995 or subsequently.

Subd. 8. [GOVERNANCE.] (a) The association shall be governed by an interim 19-member board as follows: one provider member appointed by the Minnesota Hospital Association; one provider member appointed by the Minnesota Medical Association; one provider member appointed by the governor; three members appointed by the Minnesota Council of HMOs to include an HMO with at least 50 percent of total membership enrolled through a public program; three members appointed by Blue Cross and Blue Shield of Minnesota, to include a member from a Blue Cross and Blue Shield of Minnesota affiliated health plan with fewer than 50,000 enrollees and located outside the Minneapolis-St. Paul metropolitan area; two members appointed by the Insurance Federation of Minnesota; one member appointed by the Minnesota Association of Counties; and three public members appointed by the governor, to include at least one representative of a public program. The commissioners of health, commerce, human services, and employee relations shall be nonvoting ex-officio members.

(b) The board may elect officers and establish committees as necessary.

(c) A majority of the members of the board constitutes a quorum for the transaction of business.

(d) Approval by a majority of the board members present is required for any action of the board.

(e) Interim board members shall be appointed by July 1, 1994, and shall serve until a new board is elected according to the plan developed by the association.

(f) A member may designate a representative to act as a member of the interim board in the member's absence.

Subd. 9. [DATA COLLECTION.] The board of the association shall consider antitrust implications and establish procedures to assure that pricing and other competitive information is appropriately shared among competitors in the health care market or members of the board. Any information shared shall be distributed only for the purposes of administering or developing any of the tasks identified in subdivisions 2 and 4. In developing these procedures, the board of the association may consider the identification of a state agency or other appropriate third party to receive information of a confidential or competitive nature.

Subd. 10. [SUPERVISION.] The association's activities shall be supervised by the commissioners of health and commerce.

Subd 11. [REPORTING.] The board of the association shall provide a status report on its activities to the health care commission on a quarterly basis.

Sec. 16. [62Q.07] [ACTION PLANS.]

Subdivision 1. [ACTION PLANS REQUIRED.] (a) To increase public awareness and accountability of health plan companies, all health plan companies must annually file with the applicable commissioner an action plan that satisfies the requirements of this section beginning July 1, 1994, as a condition of doing business in Minnesota. Each health plan company must also file its action plan with the information clearinghouse. Action plans are required solely to provide information to consumers, purchasers, and the larger community as a first step toward greater accountability of health plan companies. The sole function of the commissioner in relation to the action plans is to ensure that each health plan company files a complete action plan, that the action plan is truthful and not misleading, and that the action plan is reviewed by appropriate community agencies.

(b) If a commissioner responsible for regulating a health plan company required to file an action plan under this section has reason to believe an action plan is false or misleading, the commissioner may conduct an investigation to determine whether the action plan is truthful and not misleading, and may require the health plan company to submit any information that the commissioner reasonably deems necessary to complete the investigation. If the commissioner determines that an action plan is false or misleading, the commissioner may require the health plan company to file an amended plan or may take any action authorized under chapter 72A.

Subd. 2. [CONTENTS OF ACTION PLANS.] (a) An action plan must include a detailed description of all of the health plan company's methods and procedures, standards, qualifications, criteria, and credentialing requirements for designating the providers who are eligible to participate in the health plan company's provider network, including any limitations on the numbers of providers to be included in the network. This description must be updated by the health plan company and filed with the applicable agency on a quarterly basis.

(b) An action plan must include the number of full-time equivalent physicians, by specialty, nonphysician providers, and allied health providers used to provide services. The action plan must also describe how the health plan company intends to encourage the use of nonphysician providers, midlevel practitioners, and allied health professionals, through at least consumer education, physician education, and referral and advisement systems. The annual action plan must also include data that is broken down by type of provider, reflecting actual utilization of midlevel practitioners and allied professionals by enrollees of the health plan company during the previous year. Until July 1, 1995, a health plan company may use estimates if actual data is not available. For purposes of this paragraph, "provider" has the meaning given in section 62J.03, subdivision 8.

(c) An action plan must include a description of the health plan company's policy on determining the number and the type of providers that are necessary to deliver cost-effective health care to its enrollees. The action plan must also include the health plan company's strategy, including provider recruitment and retention activities, for ensuring that sufficient providers are available to its enrollees.

(d) An action plan must include a description of actions taken or planned by the health plan company to ensure that information from report cards, outcome studies, and complaints is used internally to improve quality of the services provided by the health plan company.

(e) An action plan must include a detailed description of the health plan company's policies and procedures for enrolling and serving high risk and special needs populations. This description must also include the barriers that are present for the high risk and special needs population and how the health plan company is addressing these barriers in order to provide greater access to these populations. "High risk and special needs populations" includes, but is not limited to, recipients of medical assistance, general assistance medical care, and MinnesotaCare; persons with chronic conditions or disabilities; individuals within certain racial, cultural, and ethnic communities; individuals and families with low income; adolescents; the elderly; individuals with limited or no English language proficiency; persons with high-cost preexisting conditions; homeless persons; chemically dependent persons; persons with serious and persistent mental illness and children with severe emotional disturbance; and persons who are at high-risk of requiring treatment. The action plan must also reflect actual utilization of providers by enrollees defined by this section as high risk or special needs populations during the previous year. For purposes of this paragraph, "provider" has the meaning given in section 62J.03, subdivision 8.

(f) An action plan must include a general description of any action the health plan company has taken and those it intends to take to offer health coverage options to rural communities and other communities not currently served by the health plan company.

(g) A health plan company other than a large managed care plan company may satisfy any of the requirements of the action plan in paragraphs (a) to (f) by stating that it has no policies, procedures, practices, or requirements, either written or unwritten, or formal or informal, and has undertaken no activities or plans on the issues required to be addressed in the action plan, provided that the statement is truthful and not misleading. For purposes of this paragraph, "large managed care plan company" means a health maintenance organization, integrated service network, or other health plan company that employs or contracts with health care providers, that has more than 50,000 enrollees in this state. If a health plan company employs or contracts with providers for some of its health plans and does not do so for other health plans that it offers, the health plan company is a large managed care plan company if it has more than 50,000 enrollees in this state in health plans for which it does employ or contract with providers.

Sec. 17. [62Q.09] [PROHIBITION ON EXCLUSIVE RELATIONSHIPS.]

Subdivision 1. [PROHIBITION ON EXCLUSIVE CONTRACTS.] No provider or health plan company shall restrict any person's right to provide health services or procedures to another provider or health plan company, unless the person is an employee.

Subd. 2. [PROHIBITION ON RESTRICTIVE CONTRACT TERMS.] No provider or person providing goods or health services to a provider shall enter into any contract or subcontract with any health plan company on terms that require the provider or person not to contract with any other health plan company, unless the provider or person is an employee.

Subd. 3. [ENFORCEMENT.] Either the commissioner of health or commerce shall periodically review contracts among health care providing entities and health plan companies to determine compliance with this section. Any provider may submit a contract to the commissioner for review if the provider believes this section has been violated. Any provision of a contract found to violate this section is null and void, and the commissioner may seek civil penalties in an amount not to exceed $25,000 for each such contract.

Subd. 4. [APPLICATION; VOLUNTARY RENEWAL.] This section applies to contracts entered into on or after the effective date of this section. This section does not prohibit the voluntary renewal of exclusive contracts entered into prior to the effective date of this section.

Subd. 5. [SUNSET.] This section expires January 1, 1997.

Sec. 18. [62Q.10] [NONDISCRIMINATION.]

If a health plan company, with the exception of a community integrated service network or an indemnity insurer licensed under chapter 60A who does not offer a product through a preferred provider network, offers coverage of a health care service as part of its plan, it may not deny provider network status to a qualified health care provider type who meets the credentialing requirements of the health plan company solely because the provider is an allied independent health care provider as defined in section 62N.255.

Sec. 19. [62Q.11] [DISPUTE RESOLUTION.]

Subdivision 1. [ESTABLISHED.] The commissioners of health and commerce shall make dispute resolution processes available to encourage early settlement of disputes in order to avoid the time and cost associated with litigation and other formal adversarial hearings. For purposes of this section, "dispute resolution" means the use of negotiation, mediation, arbitration, mediation-arbitration, neutral fact finding, and minitrials. These processes shall be nonbinding unless otherwise agreed to by all parties to the dispute.

Subd. 2. [REQUIREMENTS.] (a) If an enrollee, health care provider, or applicant for network provider status chooses to use a dispute resolution process prior to the filing of a formal claim or of a lawsuit, the health plan company must participate.

(b) If an enrollee, health care provider, or applicant for network provider status chooses to use a dispute resolution process after the filing of a lawsuit, the health plan company must participate in dispute resolution, including, but not limited to, alternative dispute resolution under rule 114 of the Minnesota general rules of practice.

(c) The commissioners of health and commerce shall inform and educate health plan companies' enrollees about dispute resolution and its benefits.

(d) A health plan company may encourage but not require an enrollee to submit a complaint to alternative dispute resolution.

Sec. 20. [62Q.12] [DENIAL OF ACCESS.]

No health plan company may deny access to a covered health care service unless the denial is made by, or under the direction of, or subject to the review of a health care professional licensed to provide the service in question.

Sec. 21. [62Q.135] [CONTRACTING FOR CHEMICAL DEPENDENCY SERVICES.]

No health plan company shall contract with a chemical dependency treatment program, unless the program participates in the chemical dependency treatment accountability plan established by the commissioner of human services. The commissioner of human services shall make data on chemical dependency services and outcomes collected through this program available to health plan companies.

Sec. 22. [62Q.14] [RESTRICTIONS ON ENROLLEE SERVICES.]

No health plan company may restrict the choice of an enrollee as to where the enrollee receives services related to:

(1) the voluntary planning of the conception and bearing of children, provided that this clause does not refer to abortion services;

(2) the diagnosis of infertility;

(3) the testing and treatment of a sexually transmitted disease; and

(4) the testing for AIDS or other HIV-related conditions.

Sec. 23. [62Q.16] [MID-MONTH TERMINATION PROHIBITED.]

The termination of a person's coverage under any health plan as defined in section 62A.011, subdivision 3, with the exception of individual health plans, issued or renewed on or after January 1, 1995, must provide coverage until the end of the month in which coverage was terminated.

Sec. 24. [UTILIZATION REVIEW STUDY.]

The commissioners of health and commerce shall study means of funding the registration required by Minnesota Statutes, section 62M.03, and of monitoring and enforcing the requirements of Minnesota Statutes, chapter 62M. They shall jointly report their recommendations to the legislature by January 15, 1995.

Sec. 25. [EFFECTIVE DATE.]

Sections 1, 5, 6, 14 to 17, and 24 are effective the day following final enactment. Sections 7 to 13 and 23 are effective January 1, 1995. Section 2 to 4, and 18 to 21 are effective July 1, 1994. Section 22 is effective January 1, 1995, and applies to policies and contracts issued or renewed on or after that date.

ARTICLE 3

THE REGULATED ALL-PAYER OPTION

Section 1. Minnesota Statutes 1993 Supplement, section 62P.01, is amended to read:

62P.01 [REGULATED ALL-PAYER ~~SYSTEM~~ OPTION.]

~~The regulated all-payer system established under this chapter governs all health care services that are provided outside of an integrated service network. The regulated all-payer system is designed to control costs, prices, and utilization of all health care services not provided through an integrated service network while maintaining or improving the quality of services. The commissioner of health shall adopt rules establishing controls within the system to ensure that the rate of growth in spending in the system, after adjustments for population size and risk, remains within the limits set by the commissioner under section 62J.04. All providers that serve Minnesota residents and all health carriers that cover Minnesota residents shall comply with the requirements and rules established under this chapter for all health care services or coverage provided to Minnesota residents.~~ The purpose of the regulated all-payer option is to provide an alternative to integrated service networks for those consumers, providers, third-party payers, and group purchasers who prefer to participate in a fee-for-service system. The initial goal of the all-payer option is to reduce administrative costs and burdens by including the all-payer option in a uniform, standardized system of billing forms and procedures and utilization review. The longer-term goal of the all-payer option is to establish a uniform reimbursement system, reimbursement and utilization controls, and quality standards and monitoring; to ensure that the annual growth in the costs for all services not provided through integrated service networks will remain within the growth limits established under section 62J.04; and to ensure that quality for these services is maintained or improved.

Sec. 2. [62P.02] [DEFINITIONS.]

(a) For purposes of this chapter, the following definitions apply:

(b) "All-payer insurer" means a health carrier as defined in section 62A.011, subdivision 2. The term does not include community integrated service networks or integrated service networks licensed under chapter 62N.

(c) "All-payer reimbursement level" means the reimbursement amount specified by the all-payer reimbursement system.

(d) "All-payer reimbursement system" means the Minnesota-specific physician and independent provider fee schedule, the Minnesota-specific hospital reimbursement system, and other provider payment methods established under this chapter or rules adopted under this chapter.

(e) "Commissioner" means the commissioner of health.

(f) "Health care provider" has the meaning given in section 62J.03, subdivision 8.

Sec. 3. Minnesota Statutes 1993 Supplement, section 62P.03, is amended to read:

62P.03 [IMPLEMENTATION.]

~~(a) By January 1, 1994, the commissioner of health, in consultation with the Minnesota health care commission, shall report to the legislature recommendations for the design and implementation of the all payer system. The commissioner may use a consultant or other technical assistance to develop a design for the all payer system. The commissioner's recommendations shall include the following:~~

~~(1) methods for controlling payments to providers such as uniform fee schedules or rate limits to be applied to all health plans and health care providers with independent billing rights;~~

~~(2) methods for controlling utilization of services such as the application of standardized utilization review criteria, incentives based on setting and achieving volume targets, recovery of excess spending due to overutilization, or required use of practice parameters;~~

~~(3) methods for monitoring quality of care and mechanisms to enforce the quality of care standards;~~

~~(4) requirements for maintaining and reporting data on costs, prices, revenues, expenditures, utilization, quality of services, and outcomes;~~

~~(5) measures to prevent or discourage adverse risk selection between the regulated all-payer system and integrated service networks;~~

~~(6) measures to coordinate the regulated all payer system with integrated service networks to minimize or eliminate barriers to access to health care services that might otherwise result;~~

~~(7) an appeals process;~~

~~(8) measures to encourage and facilitate appropriate use of midlevel practitioners and eliminate undesirable barriers to their participation in providing services;~~

~~(9) measures to assure appropriate use of technology and to manage introduction of new technology;~~

~~(10) consequences to be imposed on providers whose expenditures have exceeded the limits established by the commissioner; and~~

~~(11) restrictions on provider conflicts of interest.~~

~~(b)~~ On July 1, 1994, the regulated all-payer ~~system~~ option shall begin to be phased in with full implementation of the all-payer reimbursement system by July 1, ~~1996~~ 1997. During the transition period, expenditure limits for health carriers shall be established in accordance with section 62P.04 and health care provider revenue limits shall be established in accordance with section 62P.05.

Sec. 4. Minnesota Statutes 1993 Supplement, section 62P.04, is amended to read:

62P.04 [~~EXPENDITURE~~ INTERIM HEALTH PLAN COMPANY EXPENDITURE LIMITS ~~FOR HEALTH PLAN COMPANY~~.]

Subdivision 1. [DEFINITIONS.] (a) For purposes of this section, the following definitions apply.

(b) "Health ~~carrier~~ plan company" has the definition provided in section ~~62A.011~~ 62Q.01.

(c) "Total expenditures" means incurred claims or expenditures on health care services, administrative expenses, charitable contributions, and all other payments made by health plan companies out of premium revenues.

(d) ~~"Total expenditures" mean incurred claims or expenditures on health care services, administrative expenses, charitable contributions, and all other payments made by health carriers out of premium revenues, except taxes and assessments, and~~ "Net expenditures" means total expenditures minus exempted taxes and assessments and payments or allocations made to establish or maintain reserves. ~~Total expenditures are equivalent to the amount of total revenues minus taxes and assessments. Taxes and assessments~~

(e) "Exempted taxes and assessments" means direct payments for taxes to government agencies, contributions to the Minnesota comprehensive health association, the medical assistance provider's surcharge under section 256.9657, the MinnesotaCare provider tax under section 295.52, assessments by the health coverage reinsurance association, assessments by the Minnesota life and health insurance guaranty association, assessments by the Minnesota risk adjustment association, and any new assessments imposed by federal or state law.

(f) "Consumer cost-sharing or subscriber liability" means enrollee coinsurance, copayment, deductible payments, and amounts in excess of benefit plan maximums.

Subd. 2. [ESTABLISHMENT.] The commissioner of health shall establish limits on the increase in ~~total~~ net expenditures by each health carrier plan company for calendar years 1994 and, 1995, 1996, and 1997. The limits must be the same as the annual rate of growth in health care spending established under section 62J.04, subdivision 1, paragraph (b). Health ~~carriers~~ plan companies that are affiliates may elect to meet one combined expenditure limit.

Subd. 3. [DETERMINATION OF EXPENDITURES.] Health ~~carriers~~ plan companies shall submit to the commissioner of health, by April 1, 1994, for calendar year 1993~~, and by~~; April 1, 1995, for calendar year 1994~~,~~; April 1, 1996, for calendar year 1995; April 1, 1997, for calendar year 1996; and April 1, 1998, for calendar year 1997 all information the commissioner determines to be necessary to implement and enforce this section. The information must be submitted in the form specified by the commissioner. The information must include, but is not limited to, expenditures per member per month or cost per employee per month, and detailed information on revenues and reserves. The commissioner, to the extent possible, shall coordinate the submittal of the information required under this section with the submittal of the financial data required under chapter 62J, to minimize the administrative burden on health ~~carriers~~ plan companies. The commissioner may adjust final expenditure figures for demographic changes, risk selection, changes in basic benefits, and legislative initiatives that materially change health care costs, as long as these adjustments are consistent with the methodology submitted by the health ~~carrier~~ plan company to the commissioner, and approved by the commissioner as actuarially justified. The methodology to be used for adjustments and the election to meet one expenditure limit for affiliated health ~~carriers~~ plan companies must be submitted to the commissioner by ~~September 1, 1993~~ September 1, 1994. Community integrated service networks may submit the information with their application for licensure. The commissioner shall also accept changes to methodologies already submitted. The adjustment methodology submitted and approved by the commissioner must apply to the data submitted for calendar years 1994 and 1995. The commissioner may allow changes to accepted adjustment methodologies for data submitted for calendar years 1996 and 1997. Changes to the adjustment methodology must be received by September 1, 1996, and must be approved by the commissioner.

Subd. 4. [MONITORING OF RESERVES.] (a) The ~~commissioner~~ commissioners of health and commerce shall monitor health ~~carrier~~ plan company reserves and net worth as established under chapters 60A, 62C, 62D, 62H, and 64B, with respect to the health plan companies that each commissioner respectively regulates to ensure that savings resulting from the establishment of expenditure limits are passed on to consumers in the form of lower premium rates.

(b) Health ~~carriers~~ plan companies shall fully reflect in the premium rates the savings generated by the expenditure ~~limits and the health care provider revenue~~ limits. No premium rate ~~increase~~, currently reviewed by the departments of health or commerce, may be approved for those health ~~carriers~~ plan companies unless the health ~~carrier~~ plan company establishes to the satisfaction of the commissioner of commerce or the commissioner of health, as appropriate, that the proposed new rate would comply with this paragraph.

(c) Health plan companies, except those licensed under chapter 60A to sell accident and sickness insurance under chapter 62A, shall annually before the end of the fourth fiscal quarter provide to the commissioner of health or commerce, as applicable, a projection of the level of reserves the company expects to attain during each quarter of the following fiscal year. These health plan companies shall submit with required quarterly financial statements a calculation of the actual reserve level attained by the company at the end of each quarter including identification of the sources of any significant changes in the reserve level and an updated projection of the level of reserves the health plan company expects to attain by the end of the fiscal year. In cases where the health plan company has been given a certificate to operate a new health maintenance organization under chapter 62D, or been licensed as an integrated service network or community integrated service network under chapter 62N, or formed an affiliation with one of these organizations, the health plan company shall also submit with its quarterly financial statement, total enrollment at the beginning and end of the quarter and enrollment changes within each service area of the new organization. The reserve calculations shall be maintained by the commissioners as trade secret information, except to the extent that such information is also required to be filed by another provision of state law and is not treated as trade secret information under such other provisions.

(d) Health plan companies in paragraph (c) whose reserves are less than the required minimum or more than the required maximum at the end of the fiscal year shall submit a plan of corrective action to the commissioner of health or commerce under subdivision 7.

(e) The commissioner of commerce, in consultation with the commissioner of health, shall report to the legislature no later than January 15, 1995, as to whether the concept of a reserve corridor or other mechanism for purposes of monitoring reserves is adaptable for use with indemnity health insurers that do business in multiple states and that must comply with their domiciliary state's reserves requirements.

Subd. 5. [NOTICE.] The commissioner of health shall publish in the State Register and make available to the public by July 1, 1995, a list of all health ~~carriers~~ plan companies that exceeded their expenditure ~~target~~ limit for the 1994 calendar year. The commissioner shall publish in the State Register and make available to the public by July 1, 1996, a list of all health ~~carriers~~ plan companies that exceeded their combined expenditure limit for calendar years 1994 and 1995. The commissioner shall notify each health ~~carrier~~ plan company that the commissioner has determined that the ~~carrier~~ health plan company exceeded its expenditure limit, at least 30 days before publishing the list, and shall provide each ~~carrier~~ health plan company with ten days to provide an explanation for exceeding the expenditure ~~target~~ limit. The commissioner shall review the explanation and may change a determination if the commissioner determines the explanation to be valid.

Subd. 6. [ASSISTANCE BY THE COMMISSIONER OF COMMERCE.] The commissioner of commerce shall provide assistance to the commissioner of health in monitoring health ~~carriers~~ plan companies regulated by the commissioner of commerce. The commissioner of commerce, in consultation with the commissioner of health, shall enforce compliance ~~by~~ with expenditure limits for those health ~~carriers~~ plan companies.

Subd. 7. [ENFORCEMENT.] (a) The commissioners of health and commerce shall enforce the reserve limits referenced in subdivision 4, with respect to the health ~~carriers~~ plan companies that each commissioner respectively regulates. Each commissioner shall require health ~~carriers~~ plan companies under the commissioner's jurisdiction to submit plans of corrective action when the reserve requirement is not met. ~~Each commissioner may adopt rules necessary to enforce this section. Carriers~~ The plan of correction must address the following:

(1) actuarial assumptions used in forecasting future financial results;

(2) trend assumptions used in setting future premiums;

(3) demographic, geographic, and private and public sector mix of the population covered by the health plan company;

(4) proposed rate increases or decreases;

(5) growth limits applied under section 62J.04, subdivision 1, paragraph (b); and

(6) other factors deemed appropriate by the health plan company or commissioner.

If the health plan company's reserves exceed the required maximum, the plan of correction shall address how the health plan company will come into compliance and set forth a timetable within which compliance would be achieved. The plan of correction may propose premium refunds, credits for prior premiums paid, policyholder dividends, or any combination of these or other methods which will benefit enrollees and/or Minnesota residents and are such that the reserve requirements can reasonably be expected to be met. The commissioner's evaluation of the plan of correction must consider:

(1) whether implementation of the plan would provide the company with an unfair advantage in the market;

(2) the extent to which the reserve excess was created by any movement of enrolled persons to another organization formed by the company;

(3) whether any proposed premium refund, credit, and/or dividend represents an equitable allocation to policyholders covered in prior periods as determined using sound actuarial practice; and

(4) any other factors deemed appropriate by the applicable commissioner.

(b) The plan of correction is subject to approval by the commissioner of health or commerce, as applicable. If such a plan is not approved by the applicable commissioner, the applicable commissioner shall enter an order stating the steps that the health plan company must take to come into compliance. Within 30 days of the date of such order, the health plan company must file a notice of appeal with the applicable commissioner or comply with the commissioner's order. If an appeal is filed, such appeal is governed by chapter 14.

(c) Health plan companies that exceed the expenditure limits based on two-year average expenditure data ~~or whose reserves exceed the limits referenced in subdivision 4~~ (1994 and 1995, 1996 and 1997) shall be required by the appropriate commissioner to pay back the amount ~~overspent~~ exceeding the expenditure limit through an assessment on the ~~carrier~~ health plan company. A health plan company may appeal the commissioner's order to pay back the amount exceeding the expenditure limit by mailing to the commissioner a written notice of appeal within 30 days from the date the commissioner's order was mailed. The contested case and judicial review provisions of chapter 14 apply to the appeal. The health plan company shall pay the amount specified by the commissioner either to the commissioner or into an escrow account until final resolution of the appeal. Notwithstanding sections 3.762 to 3.765, each party is responsible for its own fees and expenses, including attorneys fees, for the appeal. Any amount required to be paid back under this section shall be deposited in the health care access fund. The appropriate commissioner may approve a different repayment method to take into account the ~~carrier's~~ health plan company's financial condition. Health plan companies shall comply with the limits but shall also guarantee that their contractual obligations are met. Health plan companies are prohibited from meeting spending obligations by increasing subscriber liability, including copayments and deductibles and amounts in excess of benefit plan maximums.

Sec. 5. Minnesota Statutes 1993 Supplement, section 62P.05, is amended to read:

62P.05 [HEALTH CARE PROVIDER REVENUE LIMITS.]

Subdivision 1. [DEFINITION.] For purposes of this section, "health care provider" has the definition given in section 62J.03, subdivision 8.

Subd. 2. [ESTABLISHMENT.] The commissioner of health shall establish limits on the increase in revenue for each health care provider, for calendar years 1994 ~~and~~, 1995, 1996, and 1997. The limits must be the same as the annual rate of growth in health care spending established under section 62J.04, subdivision 1, paragraph (b). The commissioner may adjust final revenue figures for case mix complexity, ~~inpatient-to-outpatient conversion~~, payer mix, out-of-period settlements, certain taxes and assessments including the MinnesotaCare provider tax and provider surcharge, any new assessments imposed by federal or state law, research and education costs, donations, grants, and legislative initiatives that materially change health care ~~costs~~ revenues, as long as these adjustments are consistent with the methodology submitted by the health care provider to the commissioner, and approved by the commissioner as actuarially justified. The methodology to be used for adjustments must be submitted to the commissioner by September 1, ~~1993~~ 1994. The commissioner shall also accept changes to methodologies already submitted. The adjustment methodology submitted and approved by the commissioner must apply to the data submitted for calendar years 1994 and 1995. The commissioner may allow changes to accepted adjustment methodologies for data submitted for calendar years 1996 and 1997. Changes to the adjustment methodology must be received by September 1, 1996, and must be approved by the commissioner. ~~A health care provider's revenues for purposes of these growth limits are net of the contributions, surcharges, taxes, and assessments listed in section 62P.04, subdivision 1, that the health care provider pays.~~

Subd. 3. [MONITORING OF REVENUE.] The commissioner of health shall monitor health care provider revenue, to ensure that savings resulting from the establishment of revenue limits are passed on to consumers in the form of lower charges. The commissioner shall monitor hospital revenue by examining net ~~patient~~ inpatient revenue per adjusted admission and net outpatient revenue per outpatient visit. The commissioner shall monitor the revenue of physicians and other health care providers by examining revenue per patient per year or revenue per encounter. For purposes of this section, definitions related to the implementation of limits for providers other than hospitals are included in Minnesota Rules, chapter 4650, and definitions related to the implementation of limits for hospitals are included in Minnesota Rules, chapter 4651. If this information is not available, the commissioner may enforce an annual limit on the rate of growth of the provider's current fees ~~based on the limits on the rate of growth established for calendar years 1994 and 1995~~.

Subd. 4. [MONITORING AND ENFORCEMENT.] Health care providers shall submit to the commissioner of health, in the form and at the times required by the commissioner, all information the commissioner determines to be necessary to implement and enforce this section. ~~Health care providers shall submit to audits conducted by the commissioner.~~ The commissioner shall regularly audit all health clinics employing or contracting with over 100

physicians. The commissioner shall also audit, at times and in a manner that does not interfere with delivery of patient care, a sample of smaller clinics~~, hospitals,~~ and other health care providers. Providers that exceed revenue limits based on two-year average revenue data shall be required by the commissioner to pay back the amount ~~overspent~~ exceeding the revenue limits during the following calendar year.

Pharmacists may adjust their revenue figures for increases in drug product costs that are set by the manufacturer. The commissioner shall consult with pharmacy groups, including pharmacies, wholesalers, drug manufacturers, health plans, and other interested parties, to determine the methodology for measuring and implementing the interim growth limits while taking into account the adjustments for drug product costs.

The commissioner shall monitor providers meeting the growth limits based on their current fees on an annual basis. The fee charged for each service must be based on a weighted average across 12 months and compared to the weighted average for the previous 12-month period. The percentage increase in the average fee from 1993 to 1994, from 1994 to 1995, from 1995 to 1996, and from 1996 to 1997 is subject to the growth limits established under section 62J.04, subdivision 1, paragraph (b). The audit process may include a review of the provider's monthly fee schedule, and a random claims analysis for the provider during different parts of the year to monitor variations in fees. The commissioner shall require providers that exceed growth limits, based on annual fees, to pay back during the following calendar year the amount of fees received exceeding the limit.

The commissioner shall notify each provider that has exceeded its revenue or fee limit, at least 30 days before taking action, and shall provide each provider with ten days to provide an explanation for exceeding the revenue or fee limit. The commissioner shall review the explanation and may change a determination if the commissioner determines the explanation to be valid.

The commissioner may approve a different repayment schedule for a health care provider that takes into account the provider's financial condition. ~~For those providers subject to fee limits established by the commissioner, the commissioner may adjust the percentage increase in the fee schedule to account for changes in utilization. The commissioner may adopt rules in order to enforce this section.~~

A provider may appeal the commissioner's order to pay back the amount exceeding the revenue or fee limit by mailing a written notice of appeal to the commissioner within 30 days after the commissioner's order was mailed. The contested case and judicial review provisions of chapter 14 apply to the appeal. The provider shall pay the amount specified by the commissioner either to the commissioner or into an escrow account until final resolution of the appeal. Notwithstanding sections 3.762 to 3.765, each party is responsible for its own fees and expenses, including attorneys fees, for the appeal. Any amount required to be paid back under this section shall be deposited in the health care access fund.

Sec. 6. [62P.07] [SCOPE.]

[GENERAL APPLICABILITY.] (a) Minnesota health care providers shall comply with the requirements and rules established under this chapter for: (1) all health care services provided to Minnesota residents who are not enrolled in a community integrated service network or an integrated service network; (2) all out-of-network services provided to enrollees of community integrated service networks and integrated service networks; and (3) all health care services provided to persons covered by an all-payer insurer.

(c) Community integrated service networks and integrated service networks shall reimburse Minnesota health care providers for out-of-network services at the all-payer reimbursement level.

(d) Community integrated service networks and integrated service networks shall reimburse out-of-network health care providers located out-of-state for nonemergency out-of-network services at the all-payer reimbursement level. For purposes of this paragraph, "nonemergency out-of-network services" means out-of-network services that do not meet the definition of "emergency care" under Minnesota Rules, part 4685.0100, subpart 5.

Subd. 4. [BALANCE BILLING PROHIBITED.] Minnesota health care providers shall accept reimbursement at the all-payer reimbursement level, including applicable copayments, deductibles, and coinsurance, as payment in full for services provided to Minnesota residents and persons covered by all-payer insurers, and for out-of-network services provided to enrollees of community integrated service networks and integrated service networks.

(6) coordinate the development and administration of the all-payer option with the development and administration of the integrated service network system; and

(7) develop and implement a fair and efficient system for resolving appeals by providers and insurers.

Subd. 2. [COORDINATION.] The commissioner shall regularly consult with the commissioner of commerce in developing and administering the all-payer option and in applying the all-payer reimbursement system to health carriers regulated by the commissioner of commerce.

Subd. 3. [TIMELINES FOR IMPLEMENTATION.] In developing and implementing the all-payer option, the commissioner shall comply with the following implementation schedule:

(a) The phase-in of standardized billing requirements must be completed following the timetable set forth in article 9.

(b) The phase-in of the all-payer reimbursement system must begin January 1, 1996, or upon the date rules for the all-payer option reimbursement system are adopted, whichever is later.

(c) The all-payer reimbursement system must be fully implemented by July 1, 1997.

Subd. 4. [ADVISORY COMMITTEE.] The commissioner shall convene an advisory committee made up of a broad array of health care professionals that will be affected by the fee schedule. Recommendations of this committee must be submitted to the commissioner by November 15, 1994, and may be incorporated in the implementation report due January 1, 1995.

Subd. 5. [RULEMAKING.] The commissioner shall adopt rules to establish and administer the all-payer option. The rules must include, but are not limited to: (1) the reimbursement methods used in the all-payer option reimbursement system; (2) a plan and implementation schedule to phase-in the all-payer reimbursement system,

beginning January 1, 1996; and (3) mechanisms to ensure compliance by all-payer insurers, health care providers, and patients with the all-payer reimbursement system and the growth limits established under section 62J.04. The commissioner shall seek to ensure that the rules for the all-payer option are adopted by January 1, 1996. The commissioner shall comply with section 62J.07, subdivision 3, when adopting rules for the all-payer option.

Sec. 8. [62P.11] [PAYMENT TO PHYSICIANS AND INDEPENDENT PROVIDERS.]

Subdivision 1. [FEE SCHEDULE.] The commissioner shall adopt a Minnesota-specific fee schedule, based upon the Medicare resource based relative value scale, to reimburse physicians and other independent providers. The fee schedule must assign each service a relative value unit that measures the relative resources required to provide the service. Payment levels for each service must be determined by multiplying relative value units by a conversion factor that converts relative value units into monetary payment. The conversion factor used to derive the fee schedule must be set at a level that is consistent with current relevant health care spending, subject to the state's growth limits as defined in section 62J.04. The conversion factor must be set at a level that equalizes total aggregate expenditures for a given period before and after implementation of the all-payer option.

Subd. 2. [DEVELOPMENT AND MODIFICATION OF RELATIVE VALUE UNITS.] (a) When appropriate, the relative value unit for each service shall be the Medicare value adjusted to reflect Minnesota health care costs. The commissioner may assign a different relative value to a service if, in the judgment of the commissioner, the Medicare relative value unit is not accurate. The commissioner may also develop or adopt relative value units for services not covered under the Medicare resource based relative value scale. Except as provided in paragraph (b), modifications or additions to relative value units are subject to the rulemaking requirements of chapter 14.

(b) The commissioner may modify the relative value units used in the Minnesota-specific fee schedule, or change the number of services assigned relative value units, to reflect changes and improvements in the Medicare resource based relative value scale. When adopting these federal changes, the commissioner is exempt from the rulemaking requirements of chapter 14, but shall publish a notice of modifications and additions to relative value units in the State Register 30 days before they take effect.

Subd. 3. [DEVELOPMENT OF THE CONVERSION FACTOR.] The commissioner shall develop a conversion factor using actual Minnesota claims data available to the commissioner.

Sec. 9. [62P.13] [VOLUME PERFORMANCE STANDARD FOR PHYSICIAN AND OUTPATIENT SERVICES.]

Subdivision 1. [DEVELOPMENT.] The commissioner shall establish an annual, statewide volume performance standard for physician and outpatient services. The volume performance standard shall serve as an expenditure target and must be set at a level that is consistent with achieving the growth limits pursuant to section 62J.04. The volume performance standard must combine expenditures for all services provided by physicians and other independent providers and all ambulatory care services that are not provided through an integrated service network. The statewide volume performance standard must be developed from aggregate and encounter level data reported to the state, including the claims database established under section 62J.38, when it becomes operational.

Subd. 2. [APPLICATION.] The commissioner shall compare actual expenditures for physician and outpatient services with the volume performance standard in order to keep the all-payer option expenditures within the statewide growth limits. If total expenditures during a particular year exceed the expenditure target for that year, the commissioner shall update the fee schedule rates for the second year following the year in which the target was exceeded, by adjusting the conversion factor, in order to offset this increase.

Sec. 10. [62P.15] [REIMBURSEMENT.]

The commissioner, as part of the implementation report due January 1, 1995, shall recommend to the legislature and the governor which health care professionals should be paid at the full fee schedule rate and which at a partial rate, for services covered in the fee schedule.

Sec. 11. [62P.17] [PAYMENT FOR SERVICES NOT IN THE FEE SCHEDULE.]

The commissioner shall examine options for paying for services not covered in the fee schedule and shall present recommendations to the legislature and the governor as part of the implementation report due January 1, 1995. The options examined by the commissioner must include, but are not limited to, updates and modifications to the Medicare resource based relative value scale; development of additional relative value units; development of a fee schedule based on a percentage of usual, customary, and reasonable charges; and use of rate of increase controls.

Sec. 12. [62P.19] [PAYMENT FOR URBAN AND SELECTED RURAL HOSPITALS.]

Subdivision 1. [ESTABLISHMENT OF RATE.] The commissioner shall develop a Minnesota-specific hospital reimbursement system to pay for inpatient services in those acute-care general hospitals not qualifying for reimbursement under section 62P.25. In developing this system, the commissioner shall consider the all-patient refined diagnosis related groups system and other diagnosis related groups systems. Payment rates must be standardized on a statewide basis based on Minnesota specific claims level data available to the commissioner. Rates must be consistent with the overall growth limit for health care spending. Payment rates may be adjusted for area wage rates and other factors, including uncompensated care. The commissioner shall recommend any needed adjustments to the legislature and governor as part of the implementation report due January 1, 1995.

Subd. 2. [SHORT STAY AND LONG STAY OUTLIERS.] The reimbursement system must provide, on a budget neutral basis, lower charges for self-pay patients with short or low cost stays. The commissioner shall phase out this exception once universal coverage is achieved. The commissioner, as part of the implementation report due January 1, 1995, shall recommend to the legislature and the governor whether an outlier payment for long stays is needed.

Sec. 13. [62P.21] [STATEWIDE VOLUME PERFORMANCE STANDARD FOR HOSPITALS.]

Subdivision 1. [DEVELOPMENT.] The commissioner shall establish an annual, statewide volume performance standard for inpatient hospital expenditures. The volume performance standard shall serve as an expenditure target and must be set at a level that is consistent with meeting the limits on health care spending growth.

Subd. 2. [APPLICATION.] The commissioner shall compare actual inpatient hospital expenditures with the volume performance standard in order to keep all-payer option expenditures within the statewide growth limits. If aggregate inpatient hospital expenditures for a particular year exceed the volume performance standard, the commissioner shall adjust the annual increase in payment levels for the following year.

Sec. 14. [62P.23] [FLEXIBILITY IN APPLYING THE VOLUME PERFORMANCE STANDARD; REVIEW.]

Subdivision 1. [REALLOCATION.] The commissioner may reallocate spending limits between the inpatient hospital services volume performance standard and the physician and outpatient services volume performance standard, if this promotes the efficient use of health care services and does not cause total health care spending in the all-payer option to exceed the level allowed by the growth limits on health care spending.

Subd. 2. [REVIEW.] The commissioner shall review the effectiveness of the volume performance standard after the first three years of operation and shall recommend any necessary changes to the legislature and the governor.

Sec. 15. [62P.25] [REIMBURSEMENT FOR SMALL RURAL HOSPITALS.]

All-payer insurers shall pay small rural hospitals on the basis of reasonable charges, subject to a rate of increase control. For purposes of this requirement, a "small rural hospital" means a hospital with 40 or fewer licensed beds that is located at least 25 miles from another facility licensed under sections 144.50 to 144.58 and operating as an acute care community hospital. The commissioner shall recommend to the legislature and the governor a methodology for determining reasonable charges as part of the implementation report due January 1, 1995.

Sec. 16. [62P.27] [PAYMENT FOR OUTPATIENT SERVICES.]

Outpatient services provided in acute-care general hospitals and freestanding ambulatory surgery centers shall be paid on the basis of approved charges, subject to rate of increase controls. The rate of increase allowed must be consistent with the volume performance standard for physician and outpatient services.

Sec. 17. [62P.29] [OTHER INSTITUTIONAL PROVIDERS.]

Subdivision 1. [SPECIALTY HOSPITALS AND HOSPITAL UNITS.] The commissioner shall develop payment mechanisms for specialty hospitals providing pediatric and psychiatric care and distinct psychiatric and rehabilitation units in hospitals. The commissioner shall present these recommendations to the legislature and governor as part of the implementation report due January 1, 1995.

Subd. 2. [OTHER PROVIDERS.] The commissioner shall apply rate of increase limits on charges or fees to other nonhospital institutional providers. These providers include, but are not limited to, home health agencies, substance abuse treatment centers, and nursing homes, to the extent their services are included in the all-payer option. In setting rate of increase limits for institutional providers, the commissioner shall consider outcomes, comprehensiveness of services, and the special needs and severity of illness of patients treated by individual providers.

Sec. 18. [62P.31] [LIMITATIONS ON ALL-PAYER OPTION.]

Beginning July 1, 1997, all-payer insurers shall not employ or contract with health care providers, establish a network of exclusive or preferred providers, or negotiate provider payments that differ from the all-payer fee schedule. Preferred provider organizations may continue to provide care to their existing enrollees, without becoming licensed as an integrated service network, through December 31, 1997.

Sec. 19. [62P.33] [RECOMMENDATIONS FOR A USER FEE.]

The commissioner of health shall present to the legislature, as part of the implementation plan due January 1, 1996, recommendations for establishing and collecting a user fee from all-payer insurers. The user fee must be set at a level that reflects the state's investment in fee schedules, standard utilization reviews, quality monitoring, and other regulatory and administrative functions provided for the regulated all-payer option. The commissioner may consult actuaries in developing recommendations for and setting the level of the user fee. The commissioner may also present recommendations to establish additional fees and assessments if the commissioner determines they are needed to assure equal levels of accountability between the integrated service network system and the regulated all-payer option in terms of public health goals, serving high-risk and special needs populations, and other obligations imposed on the integrated service network system.

Sec. 20. Minnesota Statutes 1992, section 72A.20, is amended by adding a subdivision to read:

Subd. 30. [REASONABLE, ADEQUATE, AND NOT PREDATORY PREMIUMS.] Premiums charged by a health plan company, as defined in section 62Q.01, shall be reasonable, adequate, and not predatory in relation to the benefits, considering actuarial projection of the cost of providing or paying for the covered health services, considering the costs of administration, and in relation to the reserves and surplus required by law.

Sec. 21. [STUDY OF STANDARD UTILIZATION REVIEW CRITERIA FOR SERVICES.]

The commissioner of health, after consulting with providers, utilization review organizations, the practice parameters advisory committee, and the health technology advisory committee, shall report to the legislature by July 1, 1995, and recommended clinical criteria for determining the necessity, appropriateness, and efficacy of five frequently used health care services for which standard criteria for utilization review would decrease providers' administrative costs.

Sec. 22. [INSTRUCTION TO THE REVISOR.]

The revisor, in the next edition of Minnesota Statutes, shall replace the term "regulated all-payer system" and similar terms with "regulated all-payer option" and similar terms in sections 62J.04, 62J.09, 62J.152, 62P.01 and 62P.03.

Sec. 23. [EFFECTIVE DATE.]

Sections 1 to 22 are effective the day following final enactment.

ARTICLE 4

FUTURE REQUIREMENTS FOR HEALTH PLAN COMPANIES

Section 1. [62J.48] [CRITERIA FOR REIMBURSEMENT.]

All ambulance services licensed under section 144.802 are eligible for reimbursement under the integrated service network system and the regulated all-payer option. The commissioner shall require community integrated service networks, integrated service networks, and all-payer insurers to adopt the following reimbursement policies.

(1) All scheduled or prearranged air and ground ambulance transports must be reimbursed if requested by an attending physician or nurse, and, if the person is an enrollee in an integrated service network or community integrated service network, if approved by a designated representative of an integrated service network or a community service network who is immediately available on a 24-hour basis. The designated representative must be a registered nurse or a physician assistant with at least three years of critical care or trauma experience, or a licensed physician.

(2) Reimbursement must be provided for all emergency ambulance calls in which a patient is transported or medical treatment rendered.

(3) Special transportation services must not be billed or reimbursed if the patient needs medical attention immediately before transportation.

Sec. 2. Minnesota Statutes 1993 Supplement, section 62N.06, subdivision 1, is amended to read:

Subdivision 1. [AUTHORIZED ENTITIES.] (a) An integrated service network may be organized as a separate nonprofit corporation under chapter 317A or as a cooperative under chapter 308A.

(b) A nonprofit health carrier, as defined in section 62A.011, may establish and operate one or more integrated service networks without forming a separate corporation or cooperative, but only if all of the following conditions are met:

(i) ~~a~~ an existing contract between the health carrier and a health care provider, for a term of less than seven years, ~~that was executed before June 1, 1993,~~ that does not explicitly mention the provider's relationship within an integrated service network, or a future integrated service network, does not bind the health carrier or provider as applied to integrated service network services, except with the mutual consent of the health carrier and provider ~~entered into on or after June 1, 1993~~. This clause does not apply to contracts between a health carrier and its salaried employees;

(ii) the health carrier shall not apply toward the net worth, working capital, or deposit requirements of this chapter any assets used to satisfy net worth, working capital, deposit, or other financial requirements under any other chapter of Minnesota law;

(iii) the health carrier shall not include in its premiums for health coverage provided under any other chapter of Minnesota law, an assessment or surcharge relating to net worth, working capital, or deposit requirements imposed upon the integrated service network under this chapter; and

(iv) the health carrier shall not include in its premiums for integrated service network coverage under this chapter an assessment or surcharge relating to net worth working capital or deposit requirements imposed upon health coverage offered under any other chapter of Minnesota law.

Sec. 3. [62N.14] [OFFICE OF CONSUMER SERVICES.]

Subdivision 1. [DUTIES.] Every integrated service network must have an office of consumer services which will be responsible for dealing with all enrollee complaints and inquiries. The integrated service network, through its office of consumer services, will be responsible for:

(1) soliciting consumer comment on the quality and accessibility of services available;

(2) disseminating information to consumers on the integrated service network's enrollee complaint resolutions system;

(3) receiving unsolicited comments on and complaints about services;

(4) taking prompt action upon consumer complaints; and

(5) providing for and participating in alternative dispute resolution processes including the fact-finding and dispute resolution process established under section 62Q.30.

Subd. 2. [CONTACT WITH COMMISSIONER.] Each integrated service network shall designate a contact person for direct communication with the commissioner. Integrated service network complaint files must be maintained by the integrated service network for seven years and must be made available upon the request of the commissioner. The commissioner shall periodically summarize the number, type, and resolution of complaints received by the health department from integrated service network enrollees, and shall make that information available through the office of consumer information. The commissioner may at any time inspect the integrated service network's office of consumer services complaint files.

Subd. 3. [ENROLLEE MEMBERSHIP CARDS.] Integrated service networks shall issue enrollee membership cards to each enrollee of the integrated service network. The enrollee card shall contain, at minimum, the following information:

(1) the telephone number of the integrated service network's office of consumer services;

(2) the telephone number of the state's office of consumer information; and

(3) the telephone number of the department of health or local ombudsperson.

The membership cards shall also conform to the requirements set forth in section 62J.60.

Subd. 4. [ENROLLEE DOCUMENTS.] Each integrated service network, through its office of consumer services, is responsible for providing enrollees, upon request, with any reasonable information desired by an enrollee. This information may include duplicate copies of the evidence of coverage form required under section 62N.11; an annually updated list of addresses and telephone numbers of available integrated service network providers, including midlevel practitioners and allied professionals; and information on the enrollee complaint system of the integrated service network.

Sec. 4. [62N.38] [FEDERAL AGENCY PARTICIPATION.]

Subdivision 1. [PARTICIPATION.] An integrated service network may be organized by a department, agency, or instrumentality of the United States government.

Subd. 2. [ENROLLEES.] An integrated service network organized under subdivision 1 may limit its enrollment to those persons entitled to care under the federal program responsible for the integrated service network.

Subd. 3. [PARTICIPATION IN STATE PROGRAMS.] An integrated service network organized under subdivision 1 may request that the commissioner of health waive the requirement of section 62N.10, subdivision 4 with regard to some or all of the programs listed in that provision. The commissioner shall grant the waiver unless the commissioner determines that the applicant does not plan to provide care to low-income persons who are otherwise eligible for enrollment in the integrated service network. The integrated service network may withdraw its waiver with respect to some or all of the programs listed in section 62N.10, subdivision 4 at any time, as long as it is willing and able to enroll in the programs previously waived on the same basis as other integrated service networks.

Subd. 4. [SOLVENCY.] The commissioner shall consult with federal officials to develop procedures to allow integrated service networks organized under subdivision 1 to use the United States government as a guaranteeing organization.

Subd. 5. [VETERANS.] In developing and implementing initiatives to expand access to health care, the commissioner shall recognize the unique problems of veterans and consider methods to reach underserved portions of the veteran population.

Sec. 5. [62N.381] [AMBULANCE SERVICE RATE NEGOTIATION.]

Subdivision 1. [APPLICABILITY.] This section applies to all reimbursement rate negotiations between ambulance services and community integrated service networks or integrated service networks.

Subd. 2. [RANGE OF RATES.] The reimbursement rate negotiated for a contract period must not be more than 20 percent above or below the individual ambulance service's current customary charges, plus the rate of growth allowed under section 62J.04, subdivision 1. If the network and ambulance service cannot agree on a reimbursement rate, each party shall submit their rate proposal along with supportive data to the commissioner.

Subd. 3. [DEVELOPMENT OF CRITERIA.] The commissioner, in consultation with representatives of the Minnesota Ambulance Association, regional emergency medical services programs, community integrated service networks and integrated service networks, shall develop guidelines to use in reviewing rate proposals and making a final reimbursement rate determination.

Subd. 4. [REVIEW OF RATE PROPOSALS.] The commissioner, using the guidelines developed under subdivision 3, shall review the rate proposals of the ambulance service and community integrated service network or integrated service network and shall adopt either the network's or the ambulance service's proposal. The commissioner shall require the network and ambulance service to adhere to this reimbursement rate for the contract period.

Subd. 5. [EXPIRATION.] This section expires July 1, 1996.

Sec. 6. [62Q.19] [ESSENTIAL COMMUNITY PROVIDERS.]

Subdivision 1. [DESIGNATION.] The commissioner shall designate essential community providers. The criteria for essential community provider designation shall be the following:

(1) a demonstrated ability to integrate applicable supportive and stabilizing services with medical care for uninsured persons and high-risk and special needs populations as defined in section 62Q.07, subdivision 2, paragraph (e), underserved, and other special needs populations; and

(2) a commitment to serve low-income and underserved populations by meeting the following requirements:

(i) has nonprofit status in accordance with chapter 317A;

(ii) has tax exempt status in accordance with the Internal Revenue Service Code, section 501(c)(3);

(iii) charges for services on a sliding fee schedule based on current poverty income guidelines; and

(iv) does not restrict access or services because of a client's financial limitation; or

(3) status as a local government or community health board as defined in chapter 145A.

The commissioner may designate an eligible provider as an essential community provider for all the services offered by that provider or for specific services designated by the commissioner.

For the purpose of this subdivision, supportive and stabilizing services include at a minimum, transportation, child care, cultural, and linguistic services where appropriate.

Subd. 2. [APPLICATION.] Any provider may apply to the commissioner for designation as an essential community provider within two years after the effective date of the rules adopted by the commissioner to implement this section.

Subd. 3. [HEALTH PLAN COMPANY AFFILIATION.] A health plan company must offer a provider contract to any designated essential community provider located within the area served by the health plan company. A health plan company shall not restrict enrollee access to the essential community provider for the population that the essential community provider is certified to serve. A health plan company may also make other providers available to this same population. A health plan company may require an essential community provider to meet all data requirements, utilization review, and quality assurance requirements on the same basis as other health plan providers.

Subd. 4. [ESSENTIAL COMMUNITY PROVIDER RESPONSIBILITIES.] Essential community providers must agree to serve enrollees of all health plan companies operating in the area that the essential community provider is certified to serve.

Subd. 5. [CONTRACT PAYMENT RATES.] An essential community provider and a health plan company may negotiate the payment rate for covered services provided by the essential community provider. This rate must be competitive with rates paid to other health plan providers for the same or similar services.

Subd. 6. [TERMINATION.] The designation as an essential community provider is terminated five years after it is granted, and the former essential community provider has no rights or privileges beyond those of any other health care provider.

Subd. 7. [RECOMMENDATIONS AND RULEMAKING ON ESSENTIAL COMMUNITY PROVIDERS.] (a) As part of the implementation plan due January 1, 1995, the commissioner shall present proposed rules and any necessary recommendations for legislation for defining essential community providers, using the criteria established under subdivision 1, and defining the relationship between essential community providers and health plan companies.

(b) By January 1, 1996, the commissioner shall adopt rules for establishing essential community providers and for governing their relationship with health plan companies. The commissioner shall also identify and address any conflict of interest issues regarding essential community provider designation for local governments.

Sec. 7. [62Q.21] [UNIVERSAL STANDARD BENEFITS SET.]

Subdivision 1. [MANDATORY OFFERING.] Effective January 1, 1996, each health plan company shall offer the universal standard benefits set to its enrollees.

Subd. 2. [STANDARD BENEFIT SET.] Effective July 1, 1997, health plan companies shall offer, sell, issue, or renew only the universal standard benefits set and the cost-sharing and supplemental coverage options established in accordance with sections 62Q.25 and 62Q.27.

Subd. 3. [GENERAL DESCRIPTION.] The universal standard benefits set must contain all appropriate and necessary health care services. Benefits necessary to meet public health goals, adequately serve high risk and special needs populations, facilitate the utilization of cost effective alternatives to traditional inpatient acute and extended health care delivery, or meet other objectives of health care reform shall be considered by the commissioner for inclusion in the universal standard benefits set. Appropriate and necessary dental services must be included.

Subd. 4. [BENEFIT SET RECOMMENDATIONS.] The commissioner of health, in consultation with the Minnesota health care commission and the commissioners of human services and commerce, shall develop the universal standard benefits set and report these recommendations to the legislature by January 1, 1995. The commissioners shall include in this report a definition for appropriate and necessary care, in terms of type, frequency, level, setting, and duration of services which address the enrollee's mental and physical condition. In developing this definition, the commissioners shall consider that a benefit set that excludes genuinely appropriate and necessary services will not reduce or contain costs, but will only transfer those costs onto individuals and the public sector. Therefore, the definition of appropriate and necessary care must be sufficiently broad to address the needs of those with chronic conditions or disabilities, including those who need health services to improve their functioning, and those for whom maintenance of health may not be possible and those for whom preventing deterioration in their health conditions might not be achievable, and meet other health care reform objectives. In developing the universal standard benefits set, the commissioners shall take into account factors including, but not limited to:

(1) information regarding the benefits, risks, and cost-effectiveness of health care interventions;

(2) development of practice parameters;

(3) technology assessments;

(4) medical innovations;

(5) health status assessments;

(6) identification of unmet needs or particular barriers to access;

(7) public health goals;

(8) expenditure limits and available funding;

(9) cost savings resulting from the inclusion of a health care service that will decrease the utilization of other health care services in the benefit set;

(10) cost efficient and effective alternatives to inpatient health care services for acute or extended health care needs, such as home health care services; and

(11) the desirability of including coverage for all court-ordered mental health services for juveniles.

Subd. 5. [ADVISORY COMMITTEE ON THE UNIVERSAL BENEFITS SET.] The commissioner shall appoint an advisory committee to develop recommendations regarding the services other than dental services to be included in the universal benefits set. The committee must include representatives of health care providers, purchasers, consumers, health plan companies, and counties. The health care provider representatives must include both physicians and allied independent health care providers representing both physical and mental health conditions. The committee shall report these recommendations to the commissioner by October 1, 1994.

Subd. 6. [ADVISORY COMMITTEE ON DENTAL SERVICES.] The commissioner shall appoint an advisory committee to develop recommendations regarding the level of appropriate and necessary dental services to be included in the universal standard benefits set. The committee shall also develop recommendations on an appropriate system to deliver dental services. In its analysis the committee shall study the quality and cost-effectiveness of dental services delivered through capitated dental networks, discounted dental preferred provider organizations, and independent practice dentistry. The committee shall report these recommendations to the commissioner by October 1, 1994.

Subd. 7. [CHEMICAL DEPENDENCY SERVICES.] If chemical dependency services are included in the universal standard benefits set, the commissioner shall consider the cost effectiveness of requiring health plan companies and chemical dependency facilities to use the assessment criteria in Minnesota Rules, parts 9530.6600 to 9530.6660.

Sec. 8. [62Q.23] [GENERAL SERVICES.]

(a) Health plan companies shall comply with all continuation and conversion of coverage requirements applicable to health maintenance organizations under state or federal law.

(b) Health plan companies shall comply with sections 62A.047, 62A.27, and any other coverage required under chapter 62A of newborn infants, dependent children who do not reside with a covered person, handicapped children and dependents, and adopted children. A health plan company providing dependent coverage shall comply with section 62A.302.

(c) Health plan companies shall comply with the equal access requirements of section 62A.15.

Sec. 9. [62Q.25] [SUPPLEMENTAL COVERAGE.]

Health plan companies may choose to offer separate supplemental coverage for services not covered under the universal benefits set. Health plan companies may offer any Medicare supplement, Medicare select, or other Medicare-related product otherwise permitted for any type of health plan company in this state. Each Medicare-related product may be offered only in full compliance with the requirements in chapters 62A, 62D, and 62E that apply to that category of product.

Sec. 10. [62Q.27] [ENROLLEE COST-SHARING.]

(a) The commissioner, as part of the implementation plan due January 1, 1995, shall present to the legislature recommendations and draft legislation to establish up to five standardized benefit plans which may be offered by each health plan company. The plans must vary only on the basis of enrollee cost sharing and encompass a range of cost-sharing options from (1) lower premium costs combined with higher enrollee cost-sharing, to (2) higher premium costs combined with lower enrollee cost-sharing. Each plan offered may include out-of-network coverage options.

(b) For purposes of this section, "enrollee cost-sharing" or "cost-sharing" means copayments, deductibles, coinsurance, and other out-of-pocket expenses paid by the individual consumer of health care services.

(c) The following principles must apply to cost-sharing:

(1) enrollees must have a choice of cost-sharing arrangements;

(2) enrollee cost-sharing must be administratively feasible and consistent with efforts to reduce the overall administrative burden on the health care system;

(3) cost-sharing for recipients of medical assistance, general assistance medical care, or the MinnesotaCare program must be determined by applicable law and rules governing these programs;

(4) cost-sharing must be capped at an annual limit determined by the commissioner to protect individuals and families from severe financial hardship and to protect individuals with substantial health care needs;

(5) cost-sharing must not be applied to preventive health services as defined in Minnesota Rules, part 4685.0801, subpart 8;

(6) the impact of enrollee cost-sharing requirements on appropriate utilization must be considered when cost-sharing requirements are developed;

(7) additional requirements may be established to assist enrollees for whom an inducement in addition to the elimination of cost-sharing is necessary in order to encourage them to use cost-effective preventive services. These requirements may include the provision of educational information, assistance or guidance, and opportunities for responsible decision making by enrollees that minimize potential out-of-pocket costs;

(8) a copayment may be no greater than 25 percent of the paid charges for the service or product;

(9) cost-sharing requirements and benefit or service limitations for outpatient mental health and outpatient chemical dependency services, except for persons placed in chemical dependency services under Minnesota Rules, parts 9530.6600 to 9530.6660, must not place a greater financial burden on the insured or enrollee, or be more restrictive than those requirements and limitations for outpatient medical services; and

(10) cost-sharing requirements and benefit or service limitations for inpatient hospital mental health and inpatient hospital and residential chemical dependency services, except for persons placed in chemical dependency services under Minnesota Rules, parts 9530.6600 to 9530.6660, must not place a greater financial burden on the insured or enrollee, or be more restrictive than those requirements and limitations for inpatient hospital medical services.

(d) The commissioner shall consider whether a health plan company may return to the enrollee all or part of an enrollee's premium as an incentive for completing preventive care, and may return all or part of an enrollee's cost-sharing for participating in health education, improving health, or reducing health risks.

Sec. 11. [62Q.29] [STATE-ADMINISTERED PUBLIC PROGRAMS.]

Public agencies, in conjunction with the department of health and the department of human services, on behalf of eligible recipients enrolled in public programs such as medical assistance, general assistance medical care, and MinnesotaCare, may contract with health plan companies to provide services included in these programs, but not included in the universal standard benefits set.

Sec. 12. [62Q.30] [EXPEDITED FACT FINDING AND DISPUTE RESOLUTION PROCESS.]

The commissioner shall establish an expedited fact finding and dispute resolution process to assist enrollees of integrated service networks and all-payer insurers with contested treatment, coverage, and service issues to be in effect July 1, 1997. The commissioner may order an integrated service network or an all-payer insurer to provide or pay for a service that is within the universal standard benefits set. If the disputed issue relates to whether a service is appropriate and necessary, the commissioner shall issue an order only after consulting with appropriate experts knowledgeable, trained, and practicing in the area in dispute, reviewing pertinent literature, and considering the availability of satisfactory alternatives. The commissioner shall take steps including but not limited to fining, suspending, or revoking the license of an integrated service network or an all-payer insurer that is the subject of repeated orders by the commissioner that suggests a pattern of inappropriate underutilization.

Sec. 13. [COMPLAINT PROCEDURE.]

The commissioners of health and commerce shall develop an internal grievance procedure and appeals process to be used by all health plan companies. The commissioner shall make a report of recommendations to the legislature by January 1, 1995. In developing the report and recommendations, the commissioner shall consider the current prepaid medical assistance and health maintenance organization internal grievance procedure as models.

Sec. 14. [EFFECTIVE DATE.]

(a) Sections 2 and 7 are effective the day following final enactment.

(b) Sections 1, 3, 4, 6, 10, 12, and 13 are effective July 1, 1994.

(c) Section 5 is effective January 1, 1995.

(d) Sections 8, 9, and 11 are effective July 1, 1997.

ARTICLE 5

IMPLEMENTATION AND TRANSITION PLANS

Section 1. [62Q.41] [ANNUAL IMPLEMENTATION REPORT.]

The commissioner of health, in consultation with the Minnesota health care commission, shall develop an annual implementation report to be submitted to the legislature each year beginning January 1, 1995, describing the progress and status of rule development and implementation of the integrated service network system and the regulated all-payer option, and providing recommendations for legislative changes that the commissioner determines may be needed.

Sec. 2. [TRANSITION PLAN.]

The commissioner of health, in consultation with the Minnesota health care commission, shall develop a plan to facilitate the transition from the existing health care delivery and financing system to the integrated service network system and the regulated all-payer option. The plan may include recommendations for integrated service network requirements or other requirements that should become applicable to some or all health plan companies prior to July 1, 1997, and recommendations for requirements that should be modified or waived during a transition period after July 1, 1997, as health plan companies convert to integrated service networks or to the regulated all-payer option. The transition plan must be submitted to the legislature by January 1, 1995.

Sec. 3. [INTEGRATED STATE ADMINISTERED PUBLIC PROGRAM.]

The commissioner of human services in consultation with representatives of counties and consumer groups shall develop an implementation plan for the integration of MinnesotaCare and general assistance medical care into a single cost effective program by July 1, 1996, adding medical assistance into this integrated program under a federal demonstration project waiver by July 1, 1997. The commissioner shall submit the plan including necessary implementation legislation to the legislature by February 1, 1995. The legislation must include:

(1) a definition of services covered by the integrated program, excluding supplemental and long-term care benefits, and supporting actuarial data;

(2) a single set of criteria to determine eligibility for the integrated program;

(3) a request to seek a federal demonstration project waiver to include medical assistance in the integrated program; and

(4) a plan to define the scope and delivery of supplemental long-term care benefits to special populations.

The commissioner will present an update and an initial budget analysis to the legislative commission on health care access no later than December 1, 1994.

Sec. 4. [STATE ADMINISTERED PUBLIC PROGRAM PHASE-IN.]

(a) The commissioner of human services shall present to the legislature and the governor, as part of the implementation report due January 1, 1996, a plan to incorporate state administered health programs into the all-payer option and the integrated service network system. The plan must identify the federal waivers and approvals required. The plan must also provide a schedule for phasing in the state administered health programs beginning July 1, 1997, and for increasing reimbursement levels in stages over the phase-in period. For purposes of this section, "state administered health programs" means the medical assistance, general assistance medical care, and MinnesotaCare programs.

(b) The commissioners of human services and employee relations shall include with the plan required under paragraph (a) recommendations, including proposed legislation, for a coordinated program for purchasing health care services for the state employees group insurance program and recipients of state administered health programs, to be phased in beginning July 1, 1997.

(c) The recommendations shall include a requirement that health plan companies interested in contracting to serve enrollees or recipients of the programs listed in paragraph (b) submit a bid to provide services to all enrollees and recipients of those programs residing within the plan's service area.

(d) The commissioners of human services and employee relations must convene an advisory task force to assist with the preparation of plans, recommendations, and legislation required by this section. The task force must include representatives of recipients of the publicly paid health care programs, providers with substantial experience in providing services to recipients of these programs, county human services, exclusive representatives of state employees, and other affected persons.

(e) The commissioners of human services and employee relations may begin integrating administrative functions relating to the purchase of health care prior to July 1, 1997, that do not affect eligibility or coverage policy for medical assistance, general assistance medical care, or MinnesotaCare enrollees. All integration shall be included in the report required under paragraph (a).

Sec. 5. [RECODIFICATION AND HEALTH PLAN COMPANY REGULATORY REFORM.]

Subdivision 1. [PROPOSED LEGISLATION.] The commissioners of health and commerce, in consultation with the Minnesota health care commission and the legislative commission on health care access, shall draft proposed legislation to recodify, simplify, and standardize all statutes, rules, regulatory requirements, and procedures relating to health plan companies. The recodification and regulatory reform must become effective simultaneously with the full implementation of the integrated service network system and the regulated all-payer option on July 1, 1997. The commissioners of health and commerce shall submit to the legislature by January 1, 1996, a report on the recodification and regulatory reform with proposed legislation.

Subd. 2. [ADVISORY TASK FORCE.] The commissioner of health shall convene an advisory task force to advise the commissioner on the recodification and reform of regulatory requirements under this section. The task force must include representatives of health plan companies, consumers, counties, employers, labor unions, providers, and other affected persons.

Sec. 6. [HEALTH REFORM DEMONSTRATION MODELS.]

The commissioner of health, in consultation with appropriate state agencies, is authorized to seek federal and private foundation grants to supplement any funds appropriated under this act in order to conduct demonstration models to develop the implementation strategies for the various components of health care reform. The model projects may include the following:

(1) risk adjustment formulas;

(2) integration of special needs populations into integrated service networks;

(3) organization of health services delivery by post-secondary educational facilities;

(4) establishment of rural purchasing pools and cooperative service arrangements;

(5) integration of rural public health nursing agency services with rural community integrated service networks;

(6) development of appropriate access services which facilitate enrollment of low-income or special needs populations into integrated service networks;

(7) evaluation methods for the action plans prepared by health plan companies; and

(8) integration of services provided by licensed school nurses into integrated service networks.

Sec. 7. [24-HOUR COVERAGE.]

As part of the implementation report submitted on January 1, 1996, as required under Minnesota Statutes, section 62Q.41, the commissioners of health and labor and industry shall develop a 24-hour coverage plan incorporating and coordinating the health component of workers' compensation with health care coverage to be offered by an integrated service network. The commissioners shall also make recommendations of any legislative changes that may be needed to implement this plan.

Sec. 8. [AMBULANCE RATE STUDY.]

(a) The commissioner of health in consultation with the Minnesota ambulance association and the regional emergency medical services systems shall study the feasibility and desirability of establishing a system of ambulance rate regulation. The commissioner shall report findings, conclusions, and recommendations to the legislature by February 1, 1995, as part of the report on the financial condition of licensed ambulance services in Minnesota required in Laws 1993, First Special Session chapter 1, article 1, section 3, subdivision 4.

(b) If the commissioner, under paragraph (a), recommends establishing a system of ambulance rate regulation, the commissioner, in consultation with the Minnesota ambulance association and the regional emergency medical services systems, shall develop a system of ambulance rate regulations for the integrated service network and all-payer option systems. The commissioner shall present recommendations and an implementation plan for this rate regulation system to the legislature by January 1, 1996.

Sec. 9. [SINGLE PAYER STUDY.]

The legislative audit commission is requested to direct the legislative auditor to conduct an evaluation of the administrative cost of paying Minnesota health care providers through the multiple payers that currently reimburse the providers. The legislative auditor shall also analyze the administrative cost of paying Minnesota health care providers through one state government agency and, alternatively, through one private sector health carrier. "Administrative cost" includes: (1) the difference between all revenues received and all claims paid out by all publicly financed health programs and all private sector health carriers; and (2) billing costs for Minnesota health care providers. The legislative auditor shall also study the different types of administrative expenses, including costs that relate to the enhancement of quality of care. The report must, to the extent possible, rely solely on data collected from Minnesota health care providers, health carriers, and other group purchasers. The legislative auditor shall report findings of this study to the legislature by January 15, 1995.

Sec. 10. [CONTINUED STUDY OF MEDICAL EDUCATION AND RESEARCH COSTS.]

Subdivision 1. [PURPOSE.] The legislature finds that health care research and the preparation of future health care practitioners are of great importance to the quality of health care available to the citizens of this state; that medical education and research must be designed to meet the health needs of the population and the changing needs of the health care delivery system; and that the cost of medical education and research should not place institutions engaged in these activities at a competitive disadvantage in the marketplace.

Subd. 2. [SCOPE OF STUDY.] The commissioner of health shall continue the study developed as part of Minnesota Statutes, section 62J.045, on the impact of state health care reform on the financing of medical education and research activities in the state. The study shall address issues related to the institutions engaged in these activities, including hospitals, medical centers, and health plan companies, and will report on the need for alternative funding mechanisms for medical education and research activities. The commissioner shall monitor ongoing public and private sector activities related to the study of the financing of medical education and research activities and include a description of these activities in the final report as applicable. The commissioner shall submit a report on the study findings, including recommendations on mechanisms to finance medical education and research activities, to the legislature by February 15, 1995.

Subd. 3. [RECOMMENDATIONS.] The study shall explore both private and public alternatives for funding medical education and research activities. The study shall include recommendations which, when implemented, would:

(1) help to assure the coordination between federal and state funding mechanisms;

(2) help assure adequate funding to support medical education and research activities;

(3) create alternative funding mechanisms, if necessary, to assure that medical education and research are responsive to the health needs of the population and the needs of Minnesota's health delivery system;

(4) help to assure that any changes in funding for medical education and health care research do not destabilize institutions that currently conduct, sponsor, or otherwise engage in health care research and medical education; and

(5) allocate the costs of medical education and research fairly across the health care system.

Subd. 4. [TASK FORCE.] The commissioner may appoint an advisory task force to provide expertise and advice on the study. The task force may include up to 20 members. The commissioner shall take under consideration representation of the following groups: the Minnesota association of public teaching hospitals and other nonteaching hospitals; private academic medical centers; the University of Minnesota medical school and its primary care residency programs; payer organizations including managed care, nonprofit health service plan organizations, and commercial carriers; other providers including the Minnesota medical association, the Minnesota nurses association, and others; a representative of the health technology advisory committee; employers; consumers; and medical researchers. The task force shall include representation of rural areas in the state.

Sec. 11. [PREPAID MEDICAL ASSISTANCE PLAN STUDY.]

The commissioners of health and human services shall study the coordination between health care reform and the prepaid medical assistance plan. The study must also determine whether there have been cost savings, cost increases, or cost shifting under current implementation of the prepaid medical assistance plan. The commissioners shall jointly report their findings to the legislature by January 1, 1995.

Sec. 12. [EFFECTIVE DATE.]

Sections 1 to 11 are effective the day following final enactment.

ARTICLE 6

UNIVERSAL COVERAGE

Section 1. [62Q.16] [UNIVERSAL COVERAGE.]

It is the commitment of the state to achieve universal health coverage for all Minnesotans by July 1, 1997. In order to achieve this commitment, the following goals must be met:

(1) every Minnesotan shall have health coverage and shall contribute to the costs of coverage based on ability to pay;

(2) no Minnesotan shall be denied coverage or forced to pay more because of health status;

(3) quality health care services must be accessible to all Minnesotans;

(4) all health care purchasers must be placed on an equal footing in the health care marketplace; and

(5) a comprehensive and affordable health plan must be available to all Minnesotans.

Sec. 2. [62Q.17] [VOLUNTARY PURCHASING POOLS.]

Subdivision 1. [PERMISSION TO FORM.] Notwithstanding section 62A.10, employers, groups, and individuals may voluntarily form purchasing pools, solely for the purpose of negotiating and purchasing health plan coverage from health plan companies for members of the pool.

Subd. 2. [COMMON FACTORS.] All participants in a purchasing pool must live within a common geographic region, be employed in a similar occupation, or share some common factor as approved by the commissioner.

Subd. 3. [GOVERNING STRUCTURE.] Each pool must have a governing structure controlled by its members. The governing structure of the pool is responsible for administration of the pool. The governing structure shall review and evaluate all bids for coverage from health plan companies, shall determine criteria for joining and leaving the pool, and may design incentives for healthy lifestyles and health promotion programs. The governing structure may design uniform entrance standards for all employers, except small employers as defined under section 62L.02. Small employers must be permitted to enter any pool if the small employer meets the pool's membership requirements. Pools must provide as much choice in health plans to members as is financially possible. The governing structure may charge all members a fee for administrative purposes.

Subd. 4. [ENROLLMENT.] Pools must have an annual open enrollment period of not less than 15 days, during which all individuals or groups that qualify for membership may enter the pool without any preexisting condition limitations or exclusions or exclusionary riders, except those permitted under chapter 62L for groups or section 62A.65 for individuals. Pools must reach and maintain an enrolled population of at least 1,000 members within six months of formation. If a pool fails to reach or maintain the minimum enrollment, all coverage subsequently purchased through the purchasing pool must be regulated through existing applicable laws and forego all advantages under this section.

Subd. 5. [MEMBERS.] The governing structure of the pool shall set a minimum time period for membership. Members must stay in the purchasing pool for the entire minimum period to avoid paying a penalty. Penalties for early withdrawal from the purchasing pool shall be established by the governing structure.

Subd. 6. [EMPLOYER-BASED PURCHASING POOLS.] Employer-based purchasing pools must, with respect to small employers as defined in section 62L.02, meet all the requirements of chapter 62L. The experience of the pool must be pooled and the rates blended across all groups. Pools may decide to create tiers within the pool, based on experience of group members. These tiers must be designed within the requirements of section 62L.08. The governing structure may establish criteria limiting movement between tiers. Tiers must be phased out within two years of the pool's creation.

Subd. 7. [INDIVIDUAL MEMBERS.] Purchasing pools that contain individual members must meet all of the underwriting and rate restrictions found in the individual health plan market.

Subd. 8. [REPORTS.] Prior to the initial effective date of coverage, and annually thereafter, each pool shall file a report with the information clearinghouse. The information clearinghouse must use the report to promote the purchasing pools. The annual report must contain the following information:

(1) the number of lives in the pool;

(2) the geographic area the pool intends to cover;

(3) the number of health plans offered;

(4) a description of the benefits under each plan;

(5) a description of the premium structure, including any copayments or deductibles, of each plan offered;

(6) evidence of compliance with chapter 62L;

(7) a sample of marketing information, including a phone number where the pool may be contacted; and

(8) a list of all administrative fees charged.

Sec. 3. [62Q.18] [UNIVERSAL COVERAGE; INSURANCE REFORMS.]

Subdivision 1. [DEFINITION.] For purposes of this section,

(1) "continuous coverage" has the meaning given in section 62L.02;

(2) "guaranteed issue" means:

(i) for individual health plans, that a health plan company shall not decline an application by an individual for any individual health plan offered by that health plan company, including coverage for a dependent of the individual to whom the health plan has been or would be issued; and

(ii) for group health plans, that a health plan company shall not decline an application by a group for any group health plan offered by that health plan company and shall not decline to cover under the group health plan any person eligible for coverage under the group's eligibility requirements, including persons who become eligible after initial issuance of the group health plan;

(3) "qualifying coverage" has the meaning given in section 62L.02; and

(4) "underwriting restrictions" has the meaning given in section 62L.03, subdivision 4.

Subd. 2. [INDIVIDUAL MANDATE.] Effective July 1, 1997, each Minnesota resident shall obtain and maintain qualifying coverage.

Subd. 3. [GUARANTEED ISSUE.] (a) Effective July 1, 1997, each health plan company shall offer, sell, issue, or renew each of its individual health plan forms on a guaranteed issue basis to any Minnesota resident.

(b) Effective July 1, 1997, each health plan company shall offer, sell, issue, or renew each of its group health plan forms to any employer that has its principal place of business in this state on a guaranteed issue basis, provided that the guaranteed issue requirement does not apply to employees, dependents, or other persons to be covered, who are not residents of this state.

Subd. 4. [UNDERWRITING RESTRICTIONS LIMITED.] Effective July 1, 1997, no health plan company shall offer, sell, issue, or renew a health plan that has underwriting restrictions that apply to a Minnesota resident, except as expressly permitted under this section.

Subd. 5. [PREEXISTING CONDITION LIMITATIONS.] Effective July 1, 1997, no health plan company shall offer, sell, issue, or renew a health plan that contains a preexisting condition limitation or exclusion or exclusionary rider that applies to a Minnesota resident, except a limitation which is no longer than 12 months and applies only to a person who has not maintained continuous coverage. An unexpired preexisting condition limitation from previous qualifying coverage may be carried over to new coverage under a health plan, if the unexpired condition is one permitted under this section. A Minnesota resident who has not maintained continuous coverage may be subjected to a new 12-month preexisting condition limitation after each break in continuous coverage.

Subd. 6. [LIMITS ON PREMIUM RATE VARIATIONS.] (a) Effective July 1, 1995, the premium rate variations permitted under sections 62A.65 and 62L.08 become:

(1) for factors other than age and geography, 12.5 percent of the index rate; and

(2) for age, 25 percent of the index rate.

(b) Effective July 1, 1996, the premium variations permitted under sections 62A.65 and 62L.08 become:

(1) for factors other than age and geography, 7.5 percent of the index rate; and

(2) for age, 15 percent of the index rate.

(c) Effective July 1, 1997, no health plan company shall offer, sell, issue, or renew a health plan, that is subject to section 62A.65 or 62L.08, for which the premium rate varies between covered persons on the basis of any factor other than:

(1) for individual health plans, differences in benefits or benefit design, and for group health plans, actuarially valid differences in benefits or benefit design;

(2) the number of persons to be covered by the health plan;

(3) actuarially valid differences in expected costs between adults and children;

(4) healthy lifestyle discounts authorized by statute; and

(5) for individual health plans, geographic variations permitted under section 62A.65, and for group health plans, geographic variations permitted under section 62L.08.

(d) All premium rate variations permitted under paragraph (c) are subject to the approval of the commissioner.

(e) Notwithstanding paragraphs (a), (b), and (c), no health plan company shall renew any individual or group health plan, except in compliance with this paragraph. No premium rate for any policy holder or contract holder shall increase or decrease upon renewal, as a result of this subdivision, by more than 15 percent per year. The increase or decrease described in this paragraph is in addition to any premium increase or decrease caused by legally permissible factors other than this subdivision. If a premium increase or decrease is constrained by this paragraph, the health plan company may implement the remaining portion of the increase or decrease at the time of subsequent annual renewals, but never to exceed 15 percent per year for paragraphs (a), (b), and (c) combined.

Subd. 7. [PORTABILITY OF COVERAGE.] (a) Effective July 1, 1997, no health plan company shall offer, sell, issue, or renew any group or individual health plan that does not provide for guaranteed issue, with full credit for previous qualifying coverage against any preexisting condition limitation that would otherwise apply under subdivision 5. No health plan shall be subject to any other type of underwriting restriction.

(b) Effective July 1, 1995, no health plan company shall offer, sell, issue, or renew any group or individual health plan that does not, with respect to individuals who maintain continuous coverage and whose immediately preceding qualifying coverage is a health plan issued by medical assistance under chapter 256B, general assistance medical care under chapter 256D, or the MinnesotaCare plan established under section 256.9352,

(1) make coverage available on a guaranteed issue basis; and

(2) give full credit for previous continuous coverage against any applicable preexisting condition limitation or exclusion.

(c) Paragraph (b) applies to individuals whose immediately preceding qualifying coverage is medical assistance under chapter 256B, general assistance medical care under chapter 256D, or the MinnesotaCare plan established under section 256.9352, only if the individual has disenrolled from the public program or will disenroll upon issuance of the new coverage. Paragraph (b) does not apply if the public program uses or will use public funds to pay the premiums for an individual who remains or will remain enrolled in the public program. No public funds may be used to purchase private coverage available under this paragraph. This paragraph does not prohibit public payment of premiums to continue private sector coverage originally obtained prior to enrollment in the public program, where otherwise permitted by state or federal law. Portability coverage under this paragraph is subject to the provisions of section 62A.65, subdivision 5, clause (b).

(d) Effective July 1, 1994, no health plan company shall offer, sell, issue, or renew any group health plan that does not, with respect to individuals who maintain continuous coverage:

(1) make coverage available on a guaranteed issue basis; and

(2) give full credit for previous continuous coverage against any applicable preexisting condition limitation or exclusion.

To the extent that this paragraph conflicts with chapter 62L, with respect to small employers as defined in section 62L.02, chapter 62L governs.

Subd. 8. [COMPREHENSIVE HEALTH ASSOCIATION.] Effective July 1, 1997, the comprehensive health association created in section 62E.10 shall not accept new applicants for enrollment, except for medicare-related coverage described in section 62E.12 and for coverage described in section 62E.18.

Subd. 9. [CONTINGENCY; FUTURE LEGISLATION.] This section, except for subdivision 7, paragraphs (b), (c), and (d), is not intended to be implemented prior to legislation enacted to achieve the objectives of sections 1, 5, 6, and 7. Subdivision 6 is not effective until an effective date is specified in 1995 legislation.

Sec. 4. [MARKET REFORM STRATEGIES STUDY.]

The health care commission shall study and recommend to the legislature by January 1, 1995, insurance market reforms designed to promote the formation of large purchasing pools to be available to individuals and small employers by July 1, 1997. The health care commission shall study:

(1) integrating workers' compensation and the medical component of automobile no-fault coverage with coverage purchased through a purchasing pool;

(2) integrating public and private sector financing mechanisms to extend MinnesotaCare subsidies to employees and dependents who are eligible for employer-based coverage without eroding existing coverage;

(3) requiring purchasing pools to make available to consumers all plans that submit bids to the pool;

(4) whether some or all purchasers should be required to obtain coverage through a public or private pool;

(5) the impact and effectiveness of the Minnesota employees insurance program under section 43A.317 and the public employees insurance plan under section 43A.316; and

(6) how statewide or regional purchasing pools could be developed for all individuals and small groups that do not have access to a private purchasing pool, and for the MinnesotaCare program and other state-subsidized health care programs, by expanding the Minnesota employees insurance program currently operated by the department of employee relations or by other means.

Sec. 5. [SURVEY OF THE UNINSURED AND EVALUATION OF EXISTING REFORMS.]

Subdivision 1. [SURVEY.] The Minnesota health care commission shall authorize a survey of Minnesota households and employers to provide current data on the uninsured population and assess the effectiveness of the existing health care reforms. As part of this survey, the commissioner of human services shall conduct a survey of the MinnesotaCare population to determine the effects of existing health care reforms on this population. Results of this survey shall be presented to the legislature by January 15, 1995.

Subd. 2. [EVALUATION.] The commissioner of health, in consultation with the health care commission and the commissioners of human services and commerce, shall evaluate the effect of existing reforms and the effect of the MinnesotaCare program on the uninsured population. Based on this evaluation, the commissioners of health, commerce, and human services shall recommend modifications to existing reforms as necessary to continue to make progress toward universal coverage by 1997 and report these modifications to the legislature by January 15, 1996.

Sec. 6. [HEALTH CARE AFFORDABILITY STUDY.]

(a) The commissioner of health, in consultation with the commissioners of human services, commerce, and revenue, shall study and report to the Minnesota health care commission by October 1, 1994, the various factors that affect health care affordability, including out-of-pocket spending, insurance premiums, and taxes.

(b) Based on the study in paragraph (a), the Minnesota health care commission shall recommend to the legislature by January 15, 1995, a specific percentage of income that overall health care costs to a family or individual should not exceed.

(c) The recommendations in paragraph (b) must be used by the commissioners of health and human services to develop an appropriate premium subsidy and sliding fee scale for a permanent health care subsidy program.

Sec. 7. [FINANCING STUDY.]

The Minnesota health care commission, in consultation with the commissioners of health, commerce, human services, and revenue, and representatives of county government shall report to the legislature by January 1, 1995, with an implementation schedule and plan for a stable, long-term health care funding system for all government health programs. The report must include recommendations for overhauling the current system, specific financing methods, and detailed cost estimates for an expanded, fully-funded subsidy program to guarantee universal coverage to all Minnesota residents. The report must include an inventory and analysis of the existing system of government financing of health care. It must include recommendations for capturing savings that will accrue under health care reform and reallocating them to offset additional costs of universal coverage. The commission may contract for actuarial, finance, and taxation expertise.

The study must take into account the following goals and guiding principles:

(a) To the extent possible, universal coverage should be achieved without a net increase in total health spending, taxes, or government spending by recapturing savings and reallocating resources within the system.

(b) To the extent that universal coverage will require additional funding, revenues may be raised by reducing other general fund spending or through a variety of funding options, including broad-based taxes such as income or payroll, as long as they can be adjusted to provide appropriate offsets for low-income individuals. Taxing items that are considered to be health risks and contribute to preventable illness and injury shall be considered as a possible funding source.

(c) Financing reform should ensure adequate and equitable financing of all necessary components of the health system.

(d) Activities that benefit the entire community, such as core public health activities, including collection of data on health status and community health needs, and medical education should be financed by broad-based funding sources. Funding mechanisms should promote collaboration between the public and private sectors.

(e) Personal health care services for individuals who are enrolled in a health plan should be provided or paid for by the health plan.

(f) Government subsidy programs for low-income Minnesotans should be financed by broad-based funding sources.

(g) Funding mechanisms that are inequitable or create undesirable incentives, such as the Minnesota comprehensive health association assessment, should be restructured.

Sec. 8. [PREEXISTING CONDITIONS STUDY.]

The health care commission shall study the feasibility and impact of the following:

(1) eliminating preexisting condition limitations in steps;

(2) standardizing preexisting condition limitations;

(3) narrowing the preexisting condition limitation period from 12 months to six months; and

(4) requiring limited coverage of services for preexisting conditions.

The health care commission shall provide a written report to the legislature on or before December 15, 1994.

Sec. 9. [REQUIRED OFFER OF INDIVIDUAL HEALTH PLANS.]

The health care commission shall study the effects and desirability of the requirement that all health plan companies offer individual health plans. The health care commission shall provide a written report, including recommendations on implementation, to the legislature on or before December 15, 1994.

Sec. 10. [EFFECTIVE DATE.]

Sections 1 and 4 to 9 are effective the day following final enactment. Sections 2 and 3 are effective July 1, 1994.

ARTICLE 7

PUBLIC HEALTH

Section 1. [62Q.075] [LOCAL PUBLIC ACCOUNTABILITY AND COLLABORATION PLAN.]

Subdivision 1. [DEFINITION.] For purposes of this section, "managed care organization" means a health maintenance organization, community integrated service network, or integrated service network.

Subd. 2. [REQUIREMENT.] Beginning July 1, 1995, all managed care organizations shall annually file with the action plans required under section 62Q.07 a plan describing the actions the managed care organization has taken and those it intends to take to contribute to achieving public health goals for each service area in which an enrollee of the managed care organization resides. This plan must be jointly developed in collaboration with the local public health units, appropriate regional coordinating boards, and other community organizations providing health services within the same service area as the managed care organization. Local government units with responsibilities and authority defined under chapters 145A and 256E may designate individuals to participate in the collaborative planning with the managed care organization to provide expertise and represent community needs and goals as identified under chapters 145A and 256E.

Subd. 3. [CONTENTS.] The plan must address the following:

(a) specific measurement strategies and a description of any activities which contribute to public health goals and needs of high risk and special needs populations as defined and developed under chapters 145A and 256E;

(b) description of the process by which the managed care organization will coordinate its activities with the community health boards, regional coordinating boards, and other relevant community organizations servicing the same area;

(c) documentation indicating that local public health units and local government unit designees were involved in the development of the plan;

(d) documentation of compliance with the plan filed the previous year, including data on the previously identified progress measures.

Subd. 4. [REVIEW.] Upon receipt of the plan, the appropriate commissioner shall provide a copy to the regional coordinating boards, local community health boards, and other relevant community organizations within the managed care organization's service area. After reviewing the plan, these community groups may submit written comments on the plan to either the commissioner of health or commerce, as applicable, and may advise the commissioner of the managed care organization's effectiveness in assisting to achieve regional public health goals. The plan may be reviewed by the county boards, or city councils acting as a local board of health in accordance with chapter 145A, within the managed care organization's service area to determine whether the plan is consistent with the goals and objectives of the plans required under chapters 145A and 256E and whether the plan meets the needs of the community. The county board, or applicable city council, may also review and make recommendations on the availability and accessibility of services provided by the managed care organization. The county board, or applicable city council, may submit written comments to the appropriate commissioner, and may advise the commissioner of the managed care organization's effectiveness in assisting to meet the needs and goals as defined under the responsibilities of chapters 145A and 256E. Copies of these written comments must be provided to the managed care organization. The plan and any comments submitted must be filed with the information clearinghouse to be distributed to the public.

Sec. 2. [62Q.32] [LOCAL OMBUDSPERSON.]

County board or community health service agencies may establish an office of ombudsperson to provide a system of consumer advocacy for persons receiving health care services through a health plan company. The ombudsperson's functions may include, but are not limited to:

(a) mediation or advocacy on behalf of a person accessing the complaint and appeal procedures to ensure that necessary medical services are provided by the health plan company; and

(b) investigation of the quality of services provided to a person and determine the extent to which quality assurance mechanisms are needed or any other system change may be needed.

Sec. 3. [62Q.33] [LOCAL GOVERNMENT PUBLIC HEALTH FUNCTIONS.]

Subdivision 1. [FINDINGS.] The legislature finds that the local government public health functions of community assessment, policy development, and assurance of service delivery are essential elements in consumer protection and in achieving the objectives of health care reform in Minnesota. The legislature further finds that the site-based and population-based services provided by state and local health departments are a critical strategy for the long-term containment of health care costs. The legislature further finds that without adequate resources, the local government public health system will lack the capacity to fulfill these functions in a manner consistent with the needs of a reformed health care delivery system.

Subd. 2. [REPORT ON SYSTEM DEVELOPMENT.] The commissioner of health, in consultation with the state community health services advisory committee and the commissioner of human services, and representatives of local health departments, county government, a municipal government acting as a local board of health, the Minnesota health care commission, area Indian health services, health care providers, and citizens concerned about public health, shall coordinate the process for defining implementation and financing responsibilities of the local government core public health functions. The commissioner shall submit recommendations and an initial and final report on local government core public health functions according to the timeline established in subdivision 5.

Subd. 3. [CORE PUBLIC HEALTH FUNCTIONS.] (a) The report required by subdivision 2 must describe the local government core public health functions of: assessment of community health needs; goal-determination, public policy, and program development for addressing these needs; and assurance of service availability and accessibility to meet community health goals and needs. The report must further describe activities for implementation of these functions that are the continuing responsibility of the local government public health system, taking into account the ongoing reform of the health care delivery system.

(b) The activities to be defined in terms of the local government core public health functions include, but are not limited to:

(1) consumer protection and advocacy;

(2) targeted outreach and linkage to personal services;

(3) health status monitoring and disease surveillance;

(4) investigation and control of diseases and injuries;

(5) protection of the environment, work places, housing, food, and water;

(6) laboratory services to support disease control and environmental protection;

(7) health education and information;

(8) community mobilization for health-related issues;

(9) training and education of public health professionals;

(10) public health leadership and administration;

(11) emergency medical services;

(12) violence prevention; and

(13) other activities that have the potential to improve the health of the population or special needs populations and reduce the need for or cost of health care services.

Subd. 4. [CAPACITY BUILDING, ACCOUNTABILITY AND FUNDING.] The recommendations required by subdivision 2 shall include:

(1) a definition of minimum outcomes for implementing core public health functions, including a local ombudsperson under the assurance of services function;

(2) the identification of counties and applicable cities with public health programs that need additional assistance to meet the minimum outcomes;

(3) a budget for supporting all functions needed to achieve the minimum outcomes, including the local ombudsperson assurance of services function;

(4) an analysis of the costs and benefits expected from achieving the minimum outcomes;

(5) strategies for improving local government public health functions throughout the state to meet the minimum outcomes including: (i) funding distribution for local government public health functions necessary to meet the minimum outcomes; and (ii) strategies for the financing of personal health care services within the uniform benefits set and identifying appropriate mechanisms for the delivery of these services; and

(6) a recommended level of dedicated funding for local government public health functions in terms of a percentage of total health service expenditures by the state or in terms of a per capita basis, including methods of allocating the dedicated funds to local government.

Subd. 5. [TIMELINE.] (a) By October 1, 1994, the commissioner shall submit to the legislative commission on health care access the initial report and recommendations required by subdivisions 2 to 4.

(b) By February 15, 1995, the commissioner, in cooperation with the legislative commission on health care access, shall submit a final report to the legislature, with specific recommendations for capacity building and financing to be implemented over the period from January 1, 1996, through December 31, 1997.

(c) By January 1, 1997, and by January 1 of each odd-numbered year thereafter, the commissioner shall present to the legislature an updated report and recommendations.

Sec. 4. [PUBLIC HEALTH GOALS REPORT.]

The commissioner of health shall provide a written report to the legislature by January 1, 1996, of recommendations on how providers and payers participating in the regulated all-payer option shall participate in achieving public health goals.

Sec. 5. [EFFECTIVE DATE.]

Sections 1 to 4 are effective the day following final enactment.

CONFORMING AND MISCELLANEOUS CHANGES

Section 1. Minnesota Statutes 1992, section 60A.02, subdivision 3, is amended to read:

Subd. 3. [INSURANCE.] (a) "Insurance" is any agreement whereby one party, for a consideration, undertakes to indemnify another to a specified amount against loss or damage from specified causes, or to do some act of value to the assured in case of such loss or damage. A program of self-insurance, self-insurance revolving fund or pool established under section 471.981 is not insurance for purposes of this subdivision.

(b) Notwithstanding paragraph (a), capitation payments to a capitated entity by an employer that maintains a program of self-insurance described in this paragraph, do not constitute insurance with respect to the receipt of the payments. The payments are not premium revenues for the purpose of calculating liability for otherwise applicable state taxes, assessments, or surcharges, with the exception of:

(1) the MinnesotaCare provider tax;

(2) the one percent premium tax imposed in section 60A.15, subdivision 1, paragraph (d); and

(3) effective July 1, 1995, assessments by the Minnesota comprehensive health association.

This paragraph applies only where:

(1) the capitated entity does not bear risk in excess of 110 percent of the self-insurance program's expected costs;

(2) the employer does not carry stop loss, excess loss, or similar coverage with an attachment point lower than 120 percent of the self-insurance program's expected costs;

(3) the capitated entity and the employer comply with the data submission and administrative simplification provisions of chapter 62J;

(4) the capitated entity and the employer comply with the provider tax pass-through provisions of section 295.582;

(5) the capitated entity's required minimum reserves reflect the risk borne by the capitated entity under this paragraph, with an appropriate adjustment for the 110 percent limit on risk borne by the capitated entity;

(6) on or after July 1, 1994, but prior to January 1, 1995, the employer has at least 1,500 current employees, as defined in section 62L.02, or, on or after January 1, 1995, the employer has at least 750 current employees, as defined in section 62L.02;

(7) the employer does not exclude any eligible employees or their dependents, both as defined in section 62L.02, from coverage offered by the employer, under this paragraph or any other health coverage, insured or self-insured, offered by the employer, on the basis of the health status or health history of the person. For purposes of this subdivision, a capitated entity must be licensed as a health maintenance organization, integrated service network, or community integrated service network, or must be a preferred provider organization. For purposes of this section, a preferred provider organization is a health plan company that contracts with providers to provide health care to its enrollees. All other insurance as defined in paragraph (a), even if maintained by an employer that also offers programs of self-insurance, continues to be subject to all applicable state regulations.

This paragraph expires December 31, 1997.

Sec. 2. Minnesota Statutes 1992, section 60A.15, subdivision 1, is amended to read:

Subdivision 1. [DOMESTIC AND FOREIGN COMPANIES.] (a) On or before April 1, June 1, and December 1 of each year, every domestic and foreign company, including town and farmers' mutual insurance companies, domestic mutual insurance companies, marine insurance companies, health maintenance organizations, integrated service networks, community integrated service networks, and nonprofit health service plan corporations, shall pay to the commissioner of revenue installments equal to one-third of the insurer's total estimated tax for the current year. (1) for premiums paid after December 31, 1988, and before January 1, 1992, one percent; and

(2) for premiums paid after December 31, 1991, one-half of one percent.

(c) Installments under paragraph (a), (b), or (e) are percentages of gross premiums less return premiums on all direct business received by the insurer in this state, or by its agents for it, in cash or otherwise, during such year.

(d) Failure of a company to make payments of at least one-third of either (1) the total tax paid during the previous calendar year or (2) 80 percent of the actual tax for the current calendar year shall subject the company to the penalty and interest provided in this section, unless the total tax for the current tax year is $500 or less.

(e) For health maintenance organizations ~~and~~, nonprofit health services plan corporations, integrated service networks, and community integrated service networks, the installments must be based on an amount equal to one percent of premiums described in paragraph (c) that are paid after December 31, 1995.

Subdivision 1. [POLICY REQUIREMENTS.] No individual or group policy, certificate, subscriber contract, or other evidence of coverage of nursing home care or other long-term care services shall be offered, issued, delivered, or renewed in this state, whether or not the policy is issued in this state, unless the policy is offered, issued, delivered, or renewed by a qualified insurer and the policy satisfies the requirements of sections 62A.46 to 62A.56. A long-term care policy must cover prescribed long-term care in nursing facilities and at least the prescribed long-term home care services in section 62A.46, subdivision 4, clauses (1) to (5), provided by a home health agency. Coverage under a long-term care policy AA must include: a maximum lifetime benefit limit of at least $100,000 for services, and nursing facility and home care coverages must not be subject to separate lifetime maximums. Coverage under a long-term care policy A must include: a maximum lifetime benefit limit of at least $50,000 for services, and nursing facility and home care coverages must not be subject to separate lifetime maximums. Prior hospitalization may not be required under a long-term care policy.

Coverage under either policy designation must cover preexisting conditions during the first six months of coverage if the insured was not diagnosed or treated for the particular condition during the 90 days immediately preceding the effective date of coverage. Coverage under either policy designation may include a waiting period of up to 90 days before benefits are paid, but there must be no more than one waiting period per benefit period; for purposes of this sentence, "days" means calendar days. No policy may exclude coverage for mental or nervous disorders which have a demonstrable organic cause, such as Alzheimer's and related dementias. No policy may require the insured to be homebound or house confined to receive home care services. The policy must include a provision that the plan will not be canceled or renewal refused except on the grounds of nonpayment of the premium, provided that the insurer may change the premium rate on a class basis on any policy anniversary date. A provision that the policyholder may elect to have the premium paid in full at age 65 by payment of a higher premium up to age 65 may be offered. A provision that the premium would be waived during any period in which benefits are being paid to the insured during confinement in a nursing facility must be included. A nongroup policyholder may return a policy within 30 days of its delivery and have the premium refunded in full, less any benefits paid under the policy, if the policyholder is not satisfied for any reason.

No individual long-term care policy shall be offered or delivered in this state until the insurer has received from the insured a written designation of at least one person, in addition to the insured, who is to receive notice of cancellation of the policy for nonpayment of premium. The insured has the right to designate up to a total of three persons who are to receive the notice of cancellation, in addition to the insured. The form used for the written designation must inform the insured that designation of one person is required and that designation of up to two additional persons is optional and must provide space clearly designated for listing between one and three persons. The designation shall include each person's full name, home address, and telephone number. Each time an individual policy is renewed or continued, the insurer shall notify the insured of the right to change this written designation.

Subdivision 1. [LIMITS ON THE RATE OF GROWTH.] (a) The commissioner of health shall set annual limits on the rate of growth of public and private spending on health care services for Minnesota residents, as provided in paragraph (b). The limits on growth must be set at levels the commissioner determines to be realistic and achievable but that will reduce the rate of growth in health care spending by at least ten percent per year for the next five years. The commissioner shall set limits on growth based on available data on spending and growth trends, including data from group purchasers, national data on public and private sector health care spending and cost trends, and trend information from other states.

(b) The commissioner shall set the following annual limits on the rate of growth of public and private spending on health care services for Minnesota residents:

(1) for calendar year 1994, the rate of growth must not exceed the change in the regional consumer price index for urban consumers for calendar year 1993 plus 6.5 percentage points;

(2) for calendar year 1995, the rate of growth must not exceed the change in the regional consumer price index for urban consumers for calendar year 1994 plus 5.3 percentage points;

(3) for calendar year 1996, the rate of growth must not exceed the change in the regional consumer price index for urban consumers for calendar year 1995 plus 4.3 percentage points;

(4) for calendar year 1997, the rate of growth must not exceed the change in the regional consumer price index for urban consumers for calendar year 1996 plus 3.4 percentage points; and

(5) for calendar year 1998, the rate of growth must not exceed the change in the regional consumer price index for urban consumers for calendar year 1997 plus 2.6 percentage points.

~~If the health care financing administration forecast for the total growth in national health expenditures for a calendar year is lower than the rate of growth for the calendar year as specified in clauses (1) to (5), the commissioner shall adopt this forecast as the growth limit for that calendar year.~~ The commissioner shall adjust the growth limit set for calendar year 1995 to recover savings in health care spending required for the period July 1, 1993 to December 31, 1993. The commissioner shall publish:

(1) the projected limits in the State Register by April 15 of the year immediately preceding the year in which the limit will be effective except for the year 1993, in which the limit shall be published by July 1, 1993;

(2) the quarterly change in the regional consumer price index for urban consumers; and

(3) the health care financing administration forecast for total growth in the national health care expenditures. In setting an annual limit, the commissioner is exempt from the rulemaking requirements of chapter 14. The commissioner's decision on an annual limit is not appealable.

Sec. 17. Minnesota Statutes 1993 Supplement, section 62J.04, subdivision 1a, is amended to read:

Subd. 1a. [ADJUSTED GROWTH LIMITS AND ENFORCEMENT.] (a) The commissioner shall publish the final adjusted growth limit in the State Register by January ~~15~~ 31 of the year that the expenditure limit is to be in effect. The adjusted limit must reflect the actual regional consumer price index for urban consumers for the previous calendar year, and may deviate from the previously published projected growth limits to reflect differences between the actual regional consumer price index for urban consumers and the projected Consumer Price Index for urban consumers. The commissioner shall report to the legislature by ~~January~~ February 15 of each year on differences between the projected increase in health care expenditures, ~~the implementation of growth limits, and the reduction in the trend in the growth based on the limits imposed~~ the actual expenditures based on data collected, and the impact and validity of growth limits within the overall health care reform strategy.

(b) The commissioner shall enforce limits on growth in spending and revenues for integrated service networks and for the regulated all-payer ~~system~~ option. If the commissioner determines that artificial inflation or padding of costs or prices has occurred in anticipation of the implementation of growth limits, the commissioner may adjust the base year spending totals or growth limits or take other action to reverse the effect of the artificial inflation or padding.

(c) The commissioner shall impose and enforce overall limits on growth in revenues and spending for integrated service networks, with adjustments for changes in enrollment, benefits, severity, and risks. If an integrated service network exceeds ~~a spending limit~~ the growth limits, the commissioner may reduce future limits on growth in aggregate premium revenues for that integrated service network by up to the amount overspent. If the integrated service network system exceeds a systemwide spending limit, the commissioner may reduce future limits on growth in premium revenues for the integrated service network system by up to the amount overspent.

(d) The commissioner shall set prices, utilization controls, and other requirements for the regulated all-payer ~~system~~ option to ensure that the overall costs of this system, after adjusting for changes in population, severity, and risk, do not exceed the growth limits. If ~~spending~~ growth limits for a calendar year are exceeded, the commissioner may reduce reimbursement rates or otherwise recoup ~~overspending~~ amounts exceeding the limit for all or part of the next calendar year~~, to recover in savings up to the amount of money overspent~~. To the extent possible, the commissioner may reduce reimbursement rates or otherwise recoup ~~overspending~~ amounts over the limit from individual providers who exceed the ~~spending~~ growth limits.

(e) The commissioner, in consultation with the Minnesota health care commission, shall research and make recommendations to the legislature regarding the implementation of growth limits for integrated service networks and the regulated all-payer option. The commissioner must consider both spending and revenue approaches and will report on the implementation of the interim limits as defined in sections 62P.04 and 62P.05. The commissioner must examine and make recommendations on the use of annual update factors based on volume performance standards as a mechanism for achieving controls on spending in the all-payer option. The commissioner must make recommendations regarding the enforcement mechanism and must consider mechanisms to adjust future growth limits as well as mechanisms to establish financial penalties for noncompliance. The commissioner must also address the feasibility of system-wide limits imposed on all integrated service networks.

(f) The commissioner shall report to the legislative commission on health care access by December 1, 1994, on trends in aggregate spending and premium revenue for health plan companies. The commissioner shall use data submitted under section 62P.04 and other available data to complete this report.

Sec. 18. Minnesota Statutes 1992, section 62J.04, is amended by adding a subdivision to read:

Subd. 9. [GROWTH LIMITS; FEDERAL PROGRAMS.] The commissioners of health and human services shall establish a rate methodology for Medicare and Medicaid risk-based contracting with health plan companies that is consistent with statewide growth limits. The methodology shall be presented for review by the Minnesota health care commission and the legislative commission on health care access prior to the submission of a waiver request to the health care financing administration and subsequent implementation of the methodology.

Each integrated service network is accountable to keep its total revenues within the limit of growth set by the commissioner of health under section 62N.05, subdivision 2. Integrated service networks can be formed by health care providers, health maintenance organizations, insurance companies, employers, or other organizations. In an effort to achieve the stated purposes of ~~sections 62N.01 to 62N.24~~ this chapter; in order to safeguard the underlying nonprofit status of integrated service networks; and to ensure that payment of integrated service network money to any person or organization results in a corresponding benefit to the integrated service network and its enrollees; when determining whether an integrated service network has incurred an unreasonable expense in relation to payments made to a person or organization, due consideration shall be given to, in addition to any other

appropriate factors, whether the officers and trustees of the integrated service network have acted with good faith and in the best interests of the integrated service network in entering into, and performing under, a contract under which the integrated service network has incurred an expense. In addition to the compliance powers under subdivision 3, the commissioner has standing to sue, on behalf of an integrated service network, officers or trustees of the integrated service network who have breached their fiduciary duty in entering into and performing such contracts.

Program documentation must communicate program objectives, philosophy, expectations, and other conditions of funding to potential applicants.

The commissioner shall establish an impartial review process to objectively evaluate grant applications. Proposals must be categorized, ranked, and funded using a 100-point rating scale. Fifty-two points shall be assigned to relative need and 48 points to project merit.

(b) The scoring of relative need must be based on proposed service area factors, including but not limited to:

(1) population below 200 percent of poverty;

(2) geographic barriers based on average travel time and distance to the next nearest source of primary care that is accessible to Medicaid and Medicare recipients and uninsured low-income individuals;

(3) a shortage of primary care health professionals, based on the ratio of the population in the service area to the number of full-time equivalent primary care physicians in the service area; and

(4) other community health issues including a high unemployment rate, high percentage of uninsured population, high growth rate of minority and special populations, high teenage pregnancy rate, high morbidity rates due to specific diseases, late entry into prenatal care, high percentage geriatric population, high infant mortality rate, high percentage of low birth weight, cultural and language barriers, high percentage minority population, excessive average travel time and distance to next nearest source of subsidized primary care.

(1) proposed scope of health services;

(2) clinical management plan;

(3) governance;

(4) financial and administrative management; and

Up to 65 percent of the grant funds may be used to reimburse owners of rural practices for the reasonable market value of usable facilities, equipment, furnishings, supplies, and other resources that the community health center chooses to purchase.

Grant funds shall not be used to reimburse applicants for preexisting debt amortization, entertainment, and lobbying expenses.

Subd. 7. [SPECIAL CONSIDERATION.] The commissioner, through the office of rural health, shall make special efforts to identify areas of the state where need is the greatest, notify representatives of those areas about grant opportunities, and encourage them to submit applications.

Subd. 8. [REQUIREMENTS.] The commissioner shall develop a list of requirements for community health centers and a tracking and reporting system to assess benefits realized from the program to ensure that projects are on schedule and effectively utilizing state funds.

The commissioner shall require community health centers established through the grant program to:

The commissioner may use state funds appropriated to the department of health for the provision of technical assistance for community integrated service network development as matching funds for the federal grant.

Subd. 2. [USE OF FEDERAL FUNDS.] If the department of health receives federal funding under the state rural health network reform initiative, the department shall use these funds to implement a program to provide technical assistance and grants to rural communities to establish health care networks and to develop and test a rural health network reform model.

Subd. 3. [ELIGIBLE APPLICANTS AND CRITERIA FOR AWARDING OF GRANTS TO RURAL COMMUNITIES.] (a) Funding which the department receives to award grants to rural communities to establish health care networks shall be awarded through a request for proposals process. Planning grant funds may be used for community facilitation and initial network development activities including incorporation as a nonprofit organization or cooperative, assessment of network models, and determination of the best fit for the community. Implementation grant funds can be used to enable incorporated nonprofit organizations and cooperatives to purchase technical services needed for further network development such as legal, actuarial, financial, marketing, and administrative services.

(b) In order to be eligible to apply for a planning or implementation grant under the federally funded health care network reform program, an organization must be located in a rural area of Minnesota excluding the seven-county Twin Cities metropolitan area and the census-defined urbanized areas of Duluth, Rochester, St. Cloud, and Moorhead. The proposed network organization must also meet or plan to meet the criteria for a community integrated service network.

(c) In determining which organizations will receive grants, the commissioner may consider the following factors:

(1) the applicant's description of their plans for health care network development, their need for technical assistance, and other technical assistance resources available to the applicant. The applicant must clearly describe the service area to be served by the network, how the grant funds will be used, what will be accomplished, and the expected results. The applicant should describe achievable objectives, a timetable, and roles and capabilities of responsible individuals and organizations;

(2) the extent of community support for the applicant and the health care network. The applicant should demonstrate support from private and public health care providers in the service area, local community and government leaders, and the regional coordinating board for the area. Evidence of such support may include a commitment of financial support, in-kind services, or cash, for development of the network;

(3) the size and demographic characteristics of the population in the service area for the proposed network and the distance of the service area from the nearest metropolitan area; and

(4) the technical assistance resources available to the applicant from nonstate sources and the financial ability of the applicant to purchase technical assistance services with nonstate funds.

Except as provided in paragraph (c), a consent is valid for one year or for a lesser period specified in the consent or for a different period provided by law.

(b) This subdivision does not prohibit the release of health records for a medical emergency when the provider is unable to obtain the patient's consent due to the patient's condition or the nature of the medical emergency.

(c) Notwithstanding paragraph (a), if a patient explicitly gives informed consent to the release of health records for the purposes and pursuant to the restrictions in clauses (1) and (2), the consent does not expire after one year for:

(1) the release of health records to a provider who is being advised or consulted with in connection with the current treatment of the patient;

(2) the release of health records to an accident and health insurer, health service plan corporation, health maintenance organization, or third-party administrator for purposes of payment of claims, fraud investigation, or quality of care review and studies, provided that:

(ii) further use or release of the records in individually identifiable form to a person other than the patient without the patient's consent is prohibited; and

(iii) the recipient establishes adequate safeguards to protect the records from unauthorized disclosure, including a procedure for removal or destruction of information that identifies the patient.

(d) Until June 1, ~~1994~~ 1996, paragraph (a) does not prohibit the release of health records to qualified personnel solely for purposes of medical or scientific research, if the patient has not objected to a release for research purposes and the provider who releases the records makes a reasonable effort to determine that:

(ii) the use or disclosure in individually identifiable form is necessary to accomplish the research or statistical purpose for which the use or disclosure is to be made;

(iv) further use or release of the records in individually identifiable form to a person other than the patient without the patient's consent is prohibited.

(e) A person who negligently or intentionally releases a health record in violation of this subdivision, or who forges a signature on a consent form, or who obtains under false pretenses the consent form or health records of another person, or who, without the person's consent, alters a consent form, is liable to the patient for compensatory damages caused by an unauthorized release, plus costs and reasonable attorney's fees.

(f) Upon the written request of a spouse, parent, child, or sibling of a patient being evaluated for or diagnosed with mental illness, a provider shall inquire of a patient whether the patient wishes to authorize a specific individual to receive information regarding the patient's current and proposed course of treatment. If the patient so authorizes, the provider shall communicate to the designated individual the patient's current and proposed course of treatment. Paragraph (a) applies to consents given under this paragraph.

(2) the right of the patient to have access to and obtain copies of the patient's health records and other information about the patient that is maintained by the provider.

The notice requirements of this paragraph are satisfied if the notice is included with the notice and copy of the patient and resident bill of rights under section 144.652 or if it is displayed prominently in the provider's place of business. The commissioner of health shall develop the notice required in this subdivision and publish it in the State Register.

Sec. 46. Minnesota Statutes 1993 Supplement, section 144A.071, subdivision 4a, as amended by 1994 H. F. No. 3210, article 3, section 4, if enacted, is amended to read:

Subd. 4a. [EXCEPTIONS FOR REPLACEMENT BEDS.] It is in the best interest of the state to ensure that nursing homes and boarding care homes continue to meet the physical plant licensing and certification requirements by permitting certain construction projects. Facilities should be maintained in condition to satisfy the physical and emotional needs of residents while allowing the state to maintain control over nursing home expenditure growth.

The commissioner of health in coordination with the commissioner of human services, may approve the renovation, replacement, upgrading, or relocation of a nursing home or boarding care home, under the following conditions:

(a) to license or certify beds in a new facility constructed to replace a facility or to make repairs in an existing facility that was destroyed or damaged after June 30, 1987, by fire, lightning, or other hazard provided:

(i) destruction was not caused by the intentional act of or at the direction of a controlling person of the facility;

(ii) at the time the facility was destroyed or damaged the controlling persons of the facility maintained insurance coverage for the type of hazard that occurred in an amount that a reasonable person would conclude was adequate;

(iii) the net proceeds from an insurance settlement for the damages caused by the hazard are applied to the cost of the new facility or repairs;

(iv) the new facility is constructed on the same site as the destroyed facility or on another site subject to the restrictions in section 144A.073, subdivision 5;

(v) the number of licensed and certified beds in the new facility does not exceed the number of licensed and certified beds in the destroyed facility; and

(vi) the commissioner determines that the replacement beds are needed to prevent an inadequate supply of beds.

Project construction costs incurred for repairs authorized under this clause shall not be considered in the dollar threshold amount defined in subdivision 2;

(b) to license or certify beds that are moved from one location to another within a nursing home facility, provided the total costs of remodeling performed in conjunction with the relocation of beds does not exceed 25 percent of the appraised value of the facility or $500,000, whichever is less;

(c) to license or certify beds in a project recommended for approval under section 144A.073;

(d) to license or certify beds that are moved from an existing state nursing home to a different state facility, provided there is no net increase in the number of state nursing home beds;

(e) to certify and license as nursing home beds boarding care beds in a certified boarding care facility if the beds meet the standards for nursing home licensure, or in a facility that was granted an exception to the moratorium under section 144A.073, and if the cost of any remodeling of the facility does not exceed 25 percent of the appraised value of the facility or $500,000, whichever is less. If boarding care beds are licensed as nursing home beds, the number of boarding care beds in the facility must not increase beyond the number remaining at the time of the upgrade in licensure. The provisions contained in section 144A.073 regarding the upgrading of the facilities do not apply to facilities that satisfy these requirements;

(f) to license and certify up to 40 beds transferred from an existing facility owned and operated by the Amherst H. Wilder Foundation in the city of St. Paul to a new unit at the same location as the existing facility that will serve persons with Alzheimer's disease and other related disorders. The transfer of beds may occur gradually or in stages, provided the total number of beds transferred does not exceed 40. At the time of licensure and certification of a bed or beds in the new unit, the commissioner of health shall delicense and decertify the same number of beds in the existing facility. As a condition of receiving a license or certification under this clause, the facility must make a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate as a result of the transfers allowed under this paragraph;

(g) to license and certify nursing home beds to replace currently licensed and certified boarding care beds which may be located either in a remodeled or renovated boarding care or nursing home facility or in a remodeled, renovated, newly constructed, or replacement nursing home facility within the identifiable complex of health care facilities in which the currently licensed boarding care beds are presently located, provided that the number of boarding care beds in the facility or complex are decreased by the number to be licensed as nursing home beds and further provided that, if the total costs of new construction, replacement, remodeling, or renovation exceed ten percent of the appraised value of the facility or $200,000, whichever is less, the facility makes a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate by reason of the new construction, replacement, remodeling, or renovation. The provisions contained in section 144A.073 regarding the upgrading of facilities do not apply to facilities that satisfy these requirements;

(h) to license as a nursing home and certify as a nursing facility a facility that is licensed as a boarding care facility but not certified under the medical assistance program, but only if the commissioner of human services certifies to the commissioner of health that licensing the facility as a nursing home and certifying the facility as a nursing facility will result in a net annual savings to the state general fund of $200,000 or more;

(i) to certify, after September 30, 1992, and prior to July 1, 1993, existing nursing home beds in a facility that was licensed and in operation prior to January 1, 1992;

(j) to license and certify new nursing home beds to replace beds in a facility condemned as part of an economic redevelopment plan in a city of the first class, provided the new facility is located within one mile of the site of the old facility. Operating and property costs for the new facility must be determined and allowed under existing reimbursement rules;

(k) to license and certify up to 20 new nursing home beds in a community-operated hospital and attached convalescent and nursing care facility with 40 beds on April 21, 1991, that suspended operation of the hospital in April 1986. The commissioner of human services shall provide the facility with the same per diem property-related payment rate for each additional licensed and certified bed as it will receive for its existing 40 beds;

(l) to license or certify beds in renovation, replacement, or upgrading projects as defined in section 144A.073, subdivision 1, so long as the cumulative total costs of the facility's remodeling projects do not exceed 25 percent of the appraised value of the facility or $500,000, whichever is less;

(m) to license and certify beds that are moved from one location to another for the purposes of converting up to five four-bed wards to single or double occupancy rooms in a nursing home that, as of January 1, 1993, was county-owned and had a licensed capacity of 115 beds;

(n) to allow a facility that on April 16, 1993, was a 106-bed licensed and certified nursing facility located in Minneapolis to layaway all of its licensed and certified nursing home beds. These beds may be relicensed and recertified in a newly-constructed teaching nursing home facility affiliated with a teaching hospital upon approval by the legislature. The proposal must be developed in consultation with the interagency committee on long-term care planning. The beds on layaway status shall have the same status as voluntarily delicensed and decertified beds, except that beds on layaway status remain subject to the surcharge in section 256.9657. This layaway provision expires July 1, 1995;

(o) to allow a project which will be completed in conjunction with an approved moratorium exception project for a nursing home in southern Cass county and which is directly related to that portion of the facility that must be repaired, renovated, or replaced, to correct an emergency plumbing problem for which a state correction order has been issued and which must be corrected by August 31, 1993; ~~or~~

Beds on layaway status shall have the same status as voluntarily delicensed and decertified beds except that beds on layaway status remain subject to the surcharge in section 256.9657, remain subject to the license application and renewal fees under section 144A.07 and shall be subject to a $100 per bed reactivation fee. In addition, at any time within three years of the effective date of the layaway, the beds on layaway status may be:

(1) relicensed and recertified upon relocation and reactivation of some or all of the beds to an existing licensed and certified facility or facilities located in Pine River, Brainerd, or International Falls; provided that the total project construction costs related to the relocation of beds from layaway status for any facility receiving relocated beds may not exceed the dollar threshold provided in subdivision 2 unless the construction project has been approved through the moratorium exception process under section 144A.073~~.~~;

(2) relicensed and recertified, upon reactivation of some or all of the beds within the facility which placed the beds in layaway status, if the commissioner has determined a need for the reactivation of the beds on layaway status.

The property-related payment rate of a facility placing beds on layaway status must be adjusted by the incremental change in its rental per diem after recalculating the rental per diem as provided in section 256B.431, subdivision 3a, paragraph (d). The property-related payment rate for a facility relicensing and recertifying beds from layaway status must be adjusted by the incremental change in its rental per diem after recalculating its rental per diem using the number of beds after the relicensing to establish the facility's capacity day divisor, which shall be effective the first day of the month following the month in which the relicensing and recertification became effective. Any beds remaining on layaway status more than three years after the date the layaway status became effective must be removed from layaway status and immediately delicensed and decertified;

(1) no more than 12 nursing home beds can be licensed and certified during fiscal year 1995; and

(2) the additional 12 nursing home beds can be licensed and certified during fiscal year 1996 only if the 1994 occupancy rate for nursing homes within a 25-mile radius of the facility exceeds 96 percent.

This facility shall not be required to comply with the new construction standards contained in the nursing home licensure rules for resident bedrooms;

(r) to license and certify up to 117 beds that are relocated from a licensed and certified 138-bed nursing facility located in St. Paul to a hospital with 130 licensed hospital beds located in South St. Paul, provided that the nursing facility and hospital are owned and operated by the same organization and that prior to the date the relocation is completed the hospital ceases operation of its inpatient hospital services at that hospital.

The total project construction cost estimate for the project must not exceed the cost estimate submitted for the replacement of the nursing facility in connection with the moratorium exception process initiated under section 144A.073 in 1993.

At the time of licensure and certification of the 117 nursing facility beds in the new location, the facility may layaway the remaining 21 nursing facility beds, which shall have the same status as voluntarily delicensed and decertified beds except that beds on layaway status remain subject to the surcharge in section 256.9657. The 21 nursing facility beds on layaway status may be relicensed and recertified within the identifiable complex of health care facilities in which the beds are currently located upon recommendation by the commissioner of human services;

(s) to license and certify a newly constructed 118-bed facility in Crow Wing county when the following conditions are met:

(1) the owner of the new facility delicenses an existing 68-bed facility located in the same county;

(2) the owner of the new facility delicenses 60 beds in three-bed rooms in other owned facilities located in the seven-county metropolitan area; and

(3) the project results in a ten-bed reduction in the number of licensed beds operated statewide by the owner of the new facility.

All beds in the newly constructed facility shall be licensed as nursing home beds regardless of the licensure of beds at the closed facility~~.~~;

(t) to license and certify beds in a renovation and remodeling project to convert 13 three-bed wards into 13 two-bed rooms and 13 single-bed rooms, expand space, and add improvements in a nursing home that, as of January 1, 1994, met the following conditions: the nursing home was located in Ramsey county; was not owned by a hospital corporation; had a licensed capacity of 64 beds; and had been ranked among the top 15 applicants by the 1993 moratorium exceptions advisory review panel. (u) to license and certify beds in a renovation and remodeling project to convert 12 four-bed wards into 24 two-bed rooms, expand space, and add improvements in a nursing home that, as of January 1, 1994, met the following conditions: the nursing home was located in Ramsey county; had a licensed capacity of 154 beds; and had been ranked among the top 15 applicants by the 1993 moratorium exceptions advisory review panel. The total project construction cost estimate for this project must not exceed the cost estimate submitted in connection with the 1993 moratorium exception process.

~~The property-related payment rate of a facility placing beds on layaway status must be adjusted by the incremental change in its rental per diem after recalculating the rental per diem as provided in section 256B.431, subdivision 3a, paragraph (d). The property-related payment rate for a facility relicensing and recertifying beds from layaway status must be adjusted by the incremental change in its rental per diem after recalculating its rental per diem using the number of beds after the relicensing to establish the facility's capacity day divisor, which shall be effective the first day of the month following the month in which the relicensing and recertification became effective. Any beds remaining on layaway status more than three years after the date the layaway status became effective must be removed from layaway status and immediately delicensed and decertified.~~

(b) [EXPANSION OF ELIGIBILITY.] Eligibility for MinnesotaCare shall be expanded as provided in subdivisions 2 to 5, except children who meet the criteria in this subdivision shall continue to be enrolled pursuant to this subdivision. The enrollment requirements in this paragraph apply to enrollment under subdivisions 1 to 5. Parents who enroll in the MinnesotaCare plan must also enroll their children and dependent siblings, if the children and their dependent siblings are eligible. Children and dependent siblings may be enrolled separately without enrollment by parents. However, if one parent in the household enrolls, both parents must enroll, unless other insurance is available. If one child from a family is enrolled, all children must be enrolled, unless other insurance is available. Persons disenrolled for nonapplication for medical assistance may not reenroll until they have obtained a medical assistance eligibility determination for the family member or members who were referred to the county agency. Persons disenrolled for noncooperation with medical assistance may not reenroll until they have cooperated with the county agency and have obtained a medical assistance eligibility determination. The commissioner shall redetermine provider payments made under MinnesotaCare to the appropriate medical assistance payments for those enrollees who subsequently become eligible for medical assistance.

Sec. 55. Minnesota Statutes 1993 Supplement, section 256.9354, is amended by adding a subdivision to read:

Subd. 7. [GENERAL ASSISTANCE MEDICAL CARE.] A person cannot have coverage under both MinnesotaCare and general assistance medical care in the same month, except that a MinnesotaCare enrollee may be eligible for retroactive general assistance medical care according to section 256D.03, subdivision 3, paragraph (b).

Sec. 56. Minnesota Statutes 1993 Supplement, section 256.9357, subdivision 2, is amended to read:

Subd. 2. [MUST NOT HAVE ACCESS TO EMPLOYER-SUBSIDIZED COVERAGE.] (a) To be eligible for subsidized premium payments based on a sliding scale, a family or individual must not have access to subsidized health coverage through an employer, and must not have had access to subsidized health coverage through an employer for the 18 months prior to application for subsidized coverage under the MinnesotaCare plan. The requirement that the family or individual must not have had access to employer-subsidized coverage during the previous 18 months does not apply if employer-subsidized coverage was lost for reasons that would not disqualify the individual for unemployment benefits under section 268.09 and the family or individual has not had access to employer-subsidized coverage since the layoff. If employer-subsidized coverage was lost for reasons that disqualify an individual for unemployment benefits under section 268.09, children of that individual are exempt from the requirement of no access to employer subsidized coverage for the 18 months prior to application, as long as the children have not had access to employer subsidized coverage since the disqualifying event.

(b) For purposes of this requirement, subsidized health coverage means health coverage for which the employer pays at least 50 percent of the cost of coverage for the employee, excluding dependent coverage, or a higher percentage as specified by the commissioner. Children are eligible for employer-subsidized coverage through either parent, including the noncustodial parent. The commissioner must treat employer contributions to Internal Revenue Code Section 125 plans as qualified employer subsidies toward the cost of health coverage for employees for purposes of this subdivision.

Sec. 57. Minnesota Statutes 1993 Supplement, section 256.9362, subdivision 6, is amended to read:

Subd. 6. [ENROLLEES 18 OR OLDER.] Payment by the MinnesotaCare program for inpatient hospital services provided to MinnesotaCare enrollees who are 18 years old or older on the date of admission to the inpatient hospital must be in accordance with paragraphs (a) and (b).

(a) If the medical assistance rate minus any copayment required under section 256.9353, subdivision 6, is less than or equal to the amount remaining in the enrollee's benefit limit under section 256.9353, subdivision 3, payment must be the medical assistance rate minus any copayment required under section 256.9353, subdivision 6. The hospital must not seek payment from the enrollee in addition to the copayment. The MinnesotaCare payment plus the copayment must be treated as payment in full.

(b) If the medical assistance rate minus any copayment required under section 256.9353, subdivision 6, is greater than the amount remaining in the enrollee's benefit limit under section 256.9353, subdivision 3, payment must be the lesser of:

(1) the amount remaining in the enrollee's benefit limit; or

(2) charges submitted for the inpatient hospital services less any copayment established under section 256.9353, subdivision 6.

The hospital may seek payment from the enrollee for the amount by which usual and customary charges exceed the payment under this paragraph. If payment is reduced under section 256.9353, subdivision 3, paragraph (c), the hospital may not seek payment from the enrollee for the amount of the reduction.

Sec. 58. Minnesota Statutes 1993 Supplement, section 256.9363, subdivision 6, is amended to read:

Subd. 6. [COPAYMENTS AND BENEFIT LIMITS.] Enrollees are responsible for all copayments in section 256.9353, subdivision 6, and shall pay copayments to the managed care plan or to its participating providers. The enrollee is also responsible for payment of inpatient hospital charges which exceed the MinnesotaCare benefit limit ~~to the managed care plan or its participating providers~~.

Sec. 59. Minnesota Statutes 1993 Supplement, section 256.9363, subdivision 7, is amended to read:

Subd. 7. [MANAGED CARE PLAN VENDOR REQUIREMENTS.] The following requirements apply to all counties or vendors who contract with the department of human services to serve MinnesotaCare recipients. Managed care plan contractors:

(1) shall authorize and arrange for the provision of the full range of services listed in section 256.9353 in order to ensure appropriate health care is delivered to enrollees;

(2) shall accept the prospective, per capita payment or other contractually defined payment from the commissioner in return for the provision and coordination of covered health care services for eligible individuals enrolled in the program;

(3) may contract with other health care and social service practitioners to provide services to enrollees;

(4) shall provide for an enrollee grievance process as required by the commissioner and set forth in the contract with the department;

(5) shall retain all revenue from enrollee copayments;

(6) shall accept all eligible MinnesotaCare enrollees, without regard to health status or previous utilization of health services;

(7) shall demonstrate capacity to accept financial risk according to requirements specified in the contract with the department. A health maintenance organization licensed under chapter 62D, or a nonprofit health plan licensed under chapter 62C, is not required to demonstrate financial risk capacity, beyond that which is required to comply with chapters 62C and 62D; and

(8) shall submit information as required by the commissioner, including data required for assessing enrollee satisfaction, quality of care, cost, and utilization of services~~; and~~

~~(9) shall submit to the commissioner claims in the format specified by the commissioner of human services for all hospital services provided to enrollees for the purpose of determining whether enrollees meet medical assistance spend down requirements and shall provide to the enrollee, upon the enrollee's request, information on the cost of services provided to the enrollee by the managed care plan for the purpose of establishing whether the enrollee has met medical assistance spend down requirements~~.

Sec. 60. Minnesota Statutes 1993 Supplement, section 256.9363, subdivision 9, is amended to read:

Subd. 9. [RATE SETTING.] Rates will be prospective, per capita, where possible. The commissioner may allow health plans to arrange for inpatient hospital services on a risk or nonrisk basis. The commissioner shall consult with an independent actuary to determine appropriate rates.

Sec. 61. Minnesota Statutes 1993 Supplement, section 256.9657, subdivision 3, is amended to read:

Subd. 3. [HEALTH MAINTENANCE ORGANIZATION; INTEGRATED SERVICE NETWORK SURCHARGE.] (a) Effective October 1, 1992, each health maintenance organization with a certificate of authority issued by the commissioner of health under chapter 62D and each integrated service network and community integrated service

network licensed by the commissioner under ~~sections 62N.01 to 62N.22~~ chapter 62N shall pay to the commissioner of human services a surcharge equal to six-tenths of one percent of the total premium revenues of the health maintenance organization, ~~or~~ integrated service network, or community integrated service network as reported to the commissioner of health according to the schedule in subdivision 4.

(b) For purposes of this subdivision, total premium revenue means:

(1) premium revenue recognized on a prepaid basis from individuals and groups for provision of a specified range of health services over a defined period of time which is normally one month, excluding premiums paid to a health maintenance organization, integrated service network, or community integrated service network from the Federal Employees Health Benefit Program;

(2) premiums from Medicare wrap-around subscribers for health benefits which supplement Medicare coverage;

(3) Medicare revenue, as a result of an arrangement between a health maintenance organization, an integrated service network, or a community integrated service network and the health care financing administration of the federal Department of Health and Human Services, for services to a Medicare beneficiary; and

(4) medical assistance revenue, as a result of an arrangement between a health maintenance organization, integrated service network, or community integrated service network and a Medicaid state agency, for services to a medical assistance beneficiary.

If advance payments are made under clause (1) or (2) to the health maintenance organization, integrated service network, or community integrated service network for more than one reporting period, the portion of the payment that has not yet been earned must be treated as a liability.

Sec. 62. Minnesota Statutes 1993 Supplement, section 256.9695, subdivision 3, as amended by 1994 House File No. 3210, article 3, section 49, if enacted, is amended to read:

Subd. 3. [TRANSITION.] Except as provided in section 256.969, subdivision 8, the commissioner shall establish a transition period for the calculation of payment rates from July 1, 1989, to the implementation date of the upgrade to the Medicaid management information system or July 1, 1992, whichever is earlier.

During the transition period:

(a) Changes resulting from section 256.969, subdivisions 7, 9, 10, 11, and 13, shall not be implemented, except as provided in section 256.969, subdivisions 12 and 20.

(b) The beginning of the 1991 rate year shall be delayed and the rates notification requirement shall not be applicable.

(c) Operating payment rates shall be indexed from the hospital's most recent fiscal year ending prior to January 1, 1991, by prorating the hospital cost index methodology in effect on January 1, 1989. For payments made for admissions occurring on or after June 1, 1990, until the implementation date of the upgrade to the Medicaid management information system the hospital cost index excluding the technology factor shall not exceed five percent. This hospital cost index limitation shall not apply to hospitals that meet the requirements of section 256.969, subdivision 20, paragraphs (a) and (b).

(d) Property and pass-through payment rates shall be maintained at the most recent payment rate effective for June 1, 1990. However, all hospitals are subject to the hospital cost index limitation of subdivision 2c, for two complete fiscal years. Property and pass-through costs shall be retroactively settled through the transition period. The laws in effect on the day before July 1, 1989, apply to the retroactive settlement.

(e) If the upgrade to the Medicaid management information system has not been completed by July 1, 1992, the commissioner shall make adjustments for admissions occurring on or after that date as follows:

(1) provide a ten percent increase to hospitals that meet the requirements of section 256.969, subdivision 20, or, upon written request from the hospital to the commissioner, 50 percent of the rate change that the commissioner estimates will occur after the upgrade to the Medicaid management information system; and

(2) adjust the Minnesota and local trade area rebased payment rates that are established after the upgrade to the Medicaid management information system to compensate for a rebasing effective date of July 1, 1992. The adjustment shall be determined using claim specific payment changes that result from the rebased rates and revised methodology in effect after the systems upgrade. Any adjustment that is greater than zero shall be ratably reduced by 20 percent. In addition, every adjustment shall be reduced for payments under clause (1), and differences in the hospital cost index. Hospitals shall revise claims so that services provided by rehabilitation units of hospitals are reported separately. The adjustment shall be in effect until the amount due to or owed by the hospital is fully paid over a number of admissions that is equal to the number of admissions under adjustment multiplied by 1.5, except that a hospital with a 20 percent or greater negative adjustment that exceeds $1,000,000 for admissions occurring from July 1, 1992, to December 31, 1992, must use a schedule that is three times the number of admissions under adjustment and the adjustment shall be in effect only over a number of admissions that is equal to the number of admissions under adjustment multiplied by 1.5. The adjustment for admissions occurring from July 1, 1992 to December 31, 1992, shall be based on claims paid as of August 1, 1993, and the adjustment shall begin with the effective date of rules governing rebasing. The adjustment for admissions occurring from January 1, 1993, to the effective date of the rules shall be based on claims paid as of February 1, 1994, and shall begin after the first adjustment period is fully paid. For purposes of appeals under subdivision 1, the adjustment shall be considered payment at the time of admission.

Sec. 63. Minnesota Statutes 1993 Supplement, section 256B.0917, subdivision 2, is amended to read:

Subd. 2. [DESIGN OF SAIL PROJECTS; LOCAL LONG-TERM CARE COORDINATING TEAM.] (a) The commissioner of human services in conjunction with the interagency long-term care planning committee's long-range strategic plan shall contract with SAIL projects in four to six counties or groups of counties to demonstrate the feasibility and cost-effectiveness of a local long-term care strategy that is consistent with the state's long-term care goals identified in subdivision 1. The commissioner shall publish a notice in the State Register announcing the availability of project funding and giving instructions for making an application. The instructions for the application shall identify the amount of funding available for project components.

(b) To be selected for the project, a county board or boards must establish a long-term care coordinating team consisting of county social service agencies, public health nursing service agencies, local boards of health, a representative of local nursing home providers, a representative of local home care providers, and the area agencies on aging in a geographic area which is responsible for:

(1) developing a local long-term care strategy consistent with state goals and objectives;

(2) submitting an application to be selected as a project;

(3) coordinating planning for funds to provide services to elderly persons, including funds received under Title III of the Older Americans Act, Community Social Services Act, Title XX of the Social Security Act and the Local Public Health Act; and

(4) ensuring efficient services provision and nonduplication of funding.

(c) The board or boards shall designate a public agency to serve as the lead agency. The lead agency receives and manages the project funds from the state and is responsible for the implementation of the local strategy. If selected as a project, the local long-term care coordinating team must semiannually evaluate the progress of the local long-term care strategy in meeting state measures of performance and results as established in the contract.

(d) Each member of the local coordinating team must indicate its endorsement of the local strategy. The local long-term care coordinating team may include in its membership other units of government which provide funding for services to the frail elderly. The team must cooperate with consumers and other public and private agencies, including nursing homes, in the geographic area in order to develop and offer a variety of cost-effective services to the elderly and their caregivers.

(e) The board or boards shall apply to be selected as a project. If the project is selected, the commissioner of human services shall contract with the lead agency for the project and shall provide additional administrative funds for implementing the provisions of the contract, within the appropriation available for this purpose.

(f) Projects shall be selected according to the following conditions.

No project may be selected unless it demonstrates that:

(i) the objectives of the local project will help to achieve the state's long-term care goals as defined in subdivision 1;

(ii) in the case of a project submitted jointly by several counties, all of the participating counties are contiguous;

(iii) there is a designated local lead agency that is empowered to make contracts with the state and local vendors on behalf of all participants;

(iv) the project proposal demonstrates that the local cooperating agencies have the ability to perform the project as described and that the implementation of the project has a reasonable chance of achieving its objectives;

(v) the project will serve an area that covers at least four counties or contains at least 2,500 persons who are 85 years of age or older, according to the projections of the state demographer or the census if the data is more recent; and

(vi) the local coordinating team documents efforts of cooperation with consumers and other agencies and organizations, both public and private, in planning for service delivery.

(2) a staff model health ~~carrier~~ plan company; or

(3) a licensed ambulance service.

(b) Health care provider does not include hospitals, nursing homes licensed under chapter 144A, pharmacies, and surgical centers.

Sec. 65. Minnesota Statutes 1993 Supplement, section 295.50, subdivision 12b, is amended to read:

Subd. 12b. [STAFF MODEL HEALTH ~~CARRIER~~ PLAN COMPANY.] "Staff model health ~~carrier~~ plan company" means a health ~~carrier~~ plan company as defined in section ~~62L.02, subdivision 16~~ 62Q.01, subdivision 4, which employs one or more types of health care provider to deliver health care services to the health ~~carrier's~~ plan company's enrollees.

Sec. 66. [317A.022] [ELECTION BY CERTAIN CHAPTER 318 ASSOCIATIONS.]

Subdivision 1. [GENERAL.] An association described in section 318.02, subdivision 5, may elect to cease to be an association subject to and governed by chapter 318 and to become subject to and governed by this chapter in the same manner and to the extent provided in this chapter as though it were a nonprofit corporation by complying with this section.

Subd. 2. [AMENDED TITLE AND OTHER CONFORMING AMENDMENTS.] The declaration of trust, as defined in section 318.02, subdivision 1, of the association must be amended to identify it as the "articles of an association electing to be treated as a nonprofit corporation." All references in this chapter to "articles" or "articles of incorporation" include the declaration of trust of an electing association. If the declaration of trust includes a provision prohibited by this chapter for inclusion in articles of incorporation, omits a provision required by this chapter to be included in articles of incorporation, or is inconsistent with this chapter, the electing association shall amend its declaration of trust to conform to the requirements of this chapter. The appropriate provisions of the association's declaration of trust or bylaws or chapter 318 control the manner of adoption of the amendments required by this subdivision.

Subd. 3. [METHOD OF ELECTION.] An election by an association under subdivision 2 must be made by resolution approved by the affirmative vote of the trustees of the association and by the affirmative vote of the members or other persons with voting rights in the association. The affirmative vote of both the trustees of the association and of the members or other persons with voting rights, if any, in the association must be of the same proportion that is required for an amendment of the declaration of trust of the association before the election, in each case upon proper notice

that a purpose of the meeting is to consider an election by the association to cease to be an association subject to and governed by chapter 318 and to become and be a nonprofit corporation subject to and governed by this chapter. The resolution and the articles of the amendment of the declaration of trust must be filed with the secretary of state and are effective upon filing, or a later date as may be set forth in the filed resolution. Upon the effective date, without any other action or filing by or on behalf of the association, the association automatically is subject to this chapter in the same manner and to the same extent as though it had been formed as a nonprofit corporation pursuant to this chapter. Upon the effective date of the election, the association is not considered to be a new entity, but is considered to be a continuation of the same entity.

Subd. 4. [EFFECTS OF ELECTION.] Upon the effective date of an association's election under subdivision 3, and consistent with the continuation of the association under this chapter:

(1) the organization has the rights, privileges, immunities, powers, and is subject to the duties and liabilities, of a corporation formed under this chapter;

(2) all real or personal property, debts, including debts arising from a subscription for membership and interests belonging to the association, continue to be the real and personal property, and debts of the organization without further action;

(3) an interest in real estate possessed by the association does not revert to the grantor, or otherwise, nor is it in any way impaired by reason of the election, and the personal property of the association does not revert by reason of the election;

(4) except where the will or other instrument provides otherwise, a devise, bequest, gift, or grant contained in a will or other instrument, in a trust or otherwise, made before or after the election has become effective, to or for the association, inures to the organization;

(5) the debts, liabilities, and obligations of the association continue to be the debts, liabilities, and obligations of the organization, just as if the debts, liabilities, and obligations had been incurred or contracted by the organization after the election;

(6) existing claims or a pending action or proceeding by or against the association may be prosecuted to judgment as though the election had not been affected;

(7) the liabilities of the trustees, members, officers, directors, or similar groups or persons, however denominated, of the association, are not affected by the election;

(8) the rights of creditors or liens upon the property of the association are not impaired by the election;

(9) an electing association may merge with one or more nonprofit corporations in accordance with the applicable provisions of this chapter, and either the association or a nonprofit corporation may be the surviving entity in the merger; and

(10) the provisions of the bylaws of the association that are consistent with this chapter remain or become effective and provisions of the bylaws that are inconsistent with this chapter are not effective.

Sec. 67. Minnesota Statutes 1992, section 318.02, is amended by adding a subdivision to read:

Subd. 5. [ELECTION TO BE GOVERNED BY CHAPTER 317A.] An association may cease to be subject to or governed by this chapter by filing an election in the manner described in section 317A.022, to be subject to and governed by chapter 317A in the same manner and to the same extent provided in chapter 317A as though it were a nonprofit corporation if:

(1) it is not formed for a purpose involving pecuniary gain to its members, other than to members that are nonprofit organizations or subdivisions, units, or agencies of the United States or a state or local government; and

(2) it does not pay dividends or other pecuniary remuneration, directly or indirectly, to its members, other than to members that are nonprofit organizations or subdivisions, units, or agencies of the United States or a state or local government.

Sec. 68. [CHISAGO COUNTY HOSPITAL PROJECT.]

(a) Notwithstanding the provisions of Minnesota Statutes, section 144.551, subdivision 1, paragraph (a), a project to replace a hospital in Chisago county may be commenced if:

(1) the new hospital is located within ten miles of the current site;

(2) the project will result in a net reduction of licensed hospital beds; and

(3) all hospitals within ten miles of the project agree to the general location criteria, or if the hospitals do not agree by July 1, 1994, the commissioner of health approves the project through the process described in paragraph (b). The hospitals may notify the commissioner and request a mutually agreed upon extension of time not to extend beyond August 15, 1994, for submission of this project to the commissioner. The commissioner shall render a decision on the project within 60 days after submission by the parties. The commissioner's decision is the final administrative decision of the agency.

(b) As expressly authorized under paragraph (a), the commissioner shall approve a project if it is determined that replacement of the existing hospital or hospitals will:

(1) promote high quality care and services;

(2) provide improved access to care;

(3) not involve a substantial expansion of inpatient service capacity; and

(4) benefit the region to be served by the new regional facility.

(c) Prior to making this determination, the commissioner shall solicit and review written comments from hospitals and community service agencies located within ten miles of the new hospital site and from the regional coordinating board.

(d) For the purposes of pursuing the process established under this section, Chisago health services and district memorial hospital may pursue discussions and work cooperatively with each other, and with another organization mutually agreed upon, to plan for a new hospital facility to serve the area presently served by the two hospitals.

Sec. 69. [STUDY OF ANESTHESIA PRACTICES.]

The commissioner of health shall study and report to the legislature by January 15, 1995, on anesthesia services provided in health care facilities of this state by nurse anesthetists and anesthesiologists. The study shall compare different third-party reimbursement practices and contractual and employment arrangements between health care facilities, nurse anesthetists, and anesthesiologists in terms of their effect on:

(1) patient outcomes in this state, including the incidence of mortality/morbidity as related to provider and practice methods in urban and rural settings as disclosed by a literature search of available retrospective or prospective studies;

(2) the cost of the service provided under each arrangement to health care facilities, third-party purchasers, and patients; and

(3) the effects on competition under each arrangement.

The report shall also include the commissioner's findings on the most appropriate methods to provide anesthesia services to ensure cost-effective delivery of quality anesthesia services.

Sec. 70. [HOSPITAL STUDIES.]

The commissioner of human services must review rebased hospital payment rates to determine whether hospitals with exceptionally high cost inpatient admissions are reimbursed at rates that are reasonable and adequate to meet the costs associated with each such high cost admission. The commissioner must report the results of this review, along with recommendations for any appropriate payment rate modifications.

The commissioners of health and human services shall also study the distribution and scope of specialized health care services for children, including the role of all children's hospitals in the context of health care reform. The commissioners shall submit a report, including recommendations, to the legislature and the governor by February 15, 1995.

Sec. 71. [HEALTH CARE ADMINISTRATION.] 1994 House File No. 3210, article 1, section 2, subdivision 3, if enacted, is amended to read:

Subd. 3. Health Care Administration

General

(37,766,000) 17,756,000

~~[MORATORIUM EXCEPTION PROPOSALS.] Of this appropriation, $110,000 is appropriated to the commissioner of human services for the fiscal year ending June 30, 1995, to pay the medical assistance costs associated with exceptions to the nursing home moratorium granted under Minnesota Statutes, section 144A.073. Notwithstanding section 144A.073, the interagency long-term care planning committee shall issue a request for proposals by June 6, 1994, and the commissioner of health shall make a final decision on project approvals by October 15, 1994.~~

[MANAGED CARE CARRYOVER.] Unexpended money appropriated for grants to counties for managed care administration in fiscal year 1994 does not cancel but is available in fiscal year 1995 for that purpose.

[HIGH COST INFANT AND YOUNG PEDIATRIC ADMISSIONS.] The appropriation to the aid to families with dependent children program in Laws 1993, First Special Session chapter 1, article 1, section 2, subdivision 5, for the fiscal year ending June 30, 1994, is reduced by $1,165,000. The appropriation to the medical assistance program is increased by $1,165,000 for the fiscal year ending June 30, 1995, for the purpose of (1) exceptionally high cost inpatient admissions for infants under the age of one, and for children under the age of six receiving services in a hospital that receives payment under Minnesota Statutes, section 256.969, subdivision 9 or 9a; and (2) hospitals with a 20 percent or greater negative adjustment that exceeds $1,000,000, as the adjustment is calculated under Minnesota Statutes, section 256.9695, subdivision 3.

[INFLATION ADJUSTMENTS.] The commissioner of finance shall include, as a budget change request in the 1996-1997 biennial detailed expenditure budget submitted to the legislature under Minnesota Statutes, section 16A.11, annual inflation adjustments in operating costs for: nursing services and home health aide services under Minnesota Statutes, section 256B.0625, subdivision 6a; nursing supervision of personal care services, under Minnesota Statutes, section 256B.0625, subdivision 19a; private duty nursing services under Minnesota Statutes, section 256B.0625, subdivision 7; home and community-based services waiver for persons with mental retardation and related conditions under Minnesota Statutes, section 256B.501; home and community-based services waiver for the elderly under Minnesota Statutes, section 256B.0915; alternative care program under Minnesota Statutes, section 256B.0913; traumatic brain injury waiver under Minnesota Statutes, section 256B.093; adult residential program grants, under rule 12, under Minnesota Rules, parts 9535.2000 to 9535.3000; adult and family community support grants, under rules 14 and 78, under Minnesota Rules, parts 9535.1700 to 9535.1760.

[HOSPITAL TECHNOLOGY FACTOR.] For admissions occurring on or after April 1, 1994, through June 30, 1995, the hospital cost index shall be increased by 0.51 percent for technology. Notwithstanding the sunset provisions of this article, this increase shall become part of the base for the 1996-1997 biennium. For fiscal year 1995 only, the commissioner shall adjust rates paid to a health maintenance organization under medical assistance contract with the commissioner to reflect the hospital technology factor in this paragraph, and the adjustment must be made on an undiscounted basis.

[ICF/MR RECEIVERSHIP.] If an intermediate care facility for persons with mental retardation or related conditions that is in receivership under Minnesota Statutes, section 245A.12 or 245A.13, is sold to an unrelated organization: (1) the facility shall be considered a newly established facility for rate setting purposes notwithstanding any provisions to the contrary in section 256B.501, subdivision 11; and (2) the facility's historical basis for the physical plant, land, and land improvements for each facility must not exceed the prior owner's aggregate historical basis for these same assets for each facility. The allocation of the purchase price between land, land improvements, and physical plant shall be based on the real estate appraisal using the depreciated replacement cost method.

[NEW ICF/MR.] A newly constructed or newly established intermediate care facility for persons with mental retardation or related conditions that is developed and financed during the fiscal year ending June 30, 1995, shall not be subject to the equity requirements in Minnesota Statutes, section 256B.501, subdivision 11, paragraph (d), or Minnesota Rules, part 9553.0060, subpart 3, item F, provided that the provider's interest rate does not exceed the interest rate available through state agency tax-exempt financing.

Sec. 72. [REVISOR INSTRUCTION.]

The revisor of statutes shall change the term "health right" to "MinnesotaCare," "health right plan" to "MinnesotaCare program," and "MinnesotaCare plan" to "MinnesotaCare program," wherever these terms are used in Minnesota Statutes or Minnesota Rules.

Sec. 73. [CONTINGENT REPEALER FOR MINNESOTACARE.]

Notwithstanding section 645.34, the article 13, section 2, amendment to section 256.9354, subdivision 5, and the article 13, section 5, amendment to section 256.9358, subdivision 4, are repealed July 1, 1994, and the provisions are revived as they were before the amendments, if the 1994 Legislature passes and the governor signs into law a provision that establishes and provides money for a health care access reserve account to ensure adequate funding for the MinnesotaCare program through fiscal year 1996.

Sec. 74. [REPEALER.]

Minnesota Statutes 1992, section 256.362, subdivision 5; Minnesota Statutes 1993 Supplement, sections 62J.04, subdivision 8; 62N.07; 62N.075; 62N.08; 62N.085; and 62N.16, are repealed.

Sec. 4. Minnesota Statutes 1992, section 62A.303, is amended to read:

62A.303 [PROHIBITION; SEVERING OF GROUPS.]

Section 62L.12, subdivisions ~~1, 2,~~ 3, and 4, apply to all employer group health plans, as defined in section 62A.011, regardless of the size of the group.

Sec. 5. [62A.305] [USE OF GENDER PROHIBITED.]

Subdivision 1. [APPLICABILITY.] This section applies to all health plans as defined in section 62A.011 offered, sold, issued, or renewed, by a health carrier on or after January 1, 1995.

Subd. 2. [PROHIBITION ON USE OF GENDER.] No health plan described in subdivision 1 shall determine the premium rate or any other underwriting decision, including initial issuance, through a method that is in any way based upon the gender of any person covered or to be covered under the health plan. This subdivision prohibits use of marital status or generalized differences in expected costs between employees and spouses or between principal insureds and their spouses.

Sec. 6. Minnesota Statutes 1993 Supplement, section 62A.31, subdivision 1h, is amended to read:

Subd. 1h. [LIMITATIONS ON DENIALS, CONDITIONS, AND PRICING OF COVERAGE.] No issuer of Medicare supplement policies, including policies that supplement Medicare issued by health maintenance organizations or those policies governed by section 1833 or 1876 of the federal Social Security Act, United States Code, title 42, section 1395, et seq., in this state may impose preexisting condition limitations or otherwise deny or condition the issuance or effectiveness of any Medicare supplement insurance policy form available for sale in this state, nor may it discriminate in the pricing of such a policy, because of the health status, claims experience, receipt of health care, or medical condition of an applicant where an application for such insurance is submitted during the six-month period beginning with the first month in which an individual first enrolled for benefits under Medicare Part B. This paragraph applies regardless of whether the individual has attained the age of 65 years. If an individual who is enrolled in Medicare Part B due to disability status is involuntarily disenrolled due to loss of disability status, the individual is eligible for the six-month enrollment period provided under this subdivision if the individual later becomes eligible for and enrolls again in Medicare Part B.

Sec. 7. Minnesota Statutes 1993 Supplement, section 62A.36, subdivision 1, is amended to read:

Subdivision 1. [LOSS RATIO STANDARDS.] (a) For purposes of this section, "Medicare supplement policy or certificate" has the meaning given in section 62A.31, subdivision 3, but also includes a policy, contract, or certificate issued under a contract under section 1833 or 1876 of the federal Social Security Act, United States Code, title 42, section 1395 et seq. A Medicare supplement policy form or certificate form shall not be delivered or issued for delivery unless the policy form or certificate form can be expected, as estimated for the entire period for which rates are computed to provide coverage, to return to policyholders and certificate holders in the form of aggregate benefits, not including anticipated refunds or credits, provided under the policy form or certificate form:

(1) at least 75 percent of the aggregate amount of premiums earned in the case of group policies, and

(2) at least 65 percent of the aggregate amount of premiums earned in the case of individual policies, calculated on the basis of incurred claims experience or incurred health care expenses where coverage is provided by a health maintenance organization on a service rather than reimbursement basis and earned premiums for the period and according to accepted actuarial principles and practices. An insurer shall demonstrate that the third year loss ratio is greater than or equal to the applicable percentage.

All filings of rates and rating schedules shall demonstrate that expected claims in relation to premiums comply with the requirements of this section when combined with actual experience to date. Filings of rate revisions shall also demonstrate that the anticipated loss ratio over the entire future period for which the revised rates are computed to provide coverage can be expected to meet the appropriate loss ratio standards, and aggregate loss ratio from inception of the policy or certificate shall equal or exceed the appropriate loss ratio standards.

An application form for a Medicare supplement policy or certificate, as defined in this section, must prominently disclose the anticipated loss ratio and explain what it means.

(b) An issuer shall collect and file with the commissioner by May 31 of each year the data contained in the National Association of Insurance Commissioners Medicare Supplement Refund Calculating form, for each type of Medicare supplement benefit plan.

If, on the basis of the experience as reported, the benchmark ratio since inception (ratio 1) exceeds the adjusted experience ratio since inception (ratio 3), then a refund or credit calculation is required. The refund calculation must be done on a statewide basis for each type in a standard Medicare supplement benefit plan. For purposes of the refund or credit calculation, experience on policies issued within the reporting year shall be excluded.

A refund or credit shall be made only when the benchmark loss ratio exceeds the adjusted experience loss ratio and the amount to be refunded or credited exceeds a de minimis level. The refund shall include interest from the end of the calendar year to the date of the refund or credit at a rate specified by the secretary of health and human services, but in no event shall it be less than the average rate of interest for 13-week treasury bills. A refund or credit against premiums due shall be made by September 30 following the experience year on which the refund or credit is based.

(c) An issuer of Medicare supplement policies and certificates in this state shall file annually its rates, rating schedule, and supporting documentation including ratios of incurred losses to earned premiums by policy or certificate duration for approval by the commissioner according to the filing requirements and procedures prescribed by the commissioner. The supporting documentation shall also demonstrate in accordance with actuarial standards of practice using reasonable assumptions that the appropriate loss ratio standards can be expected to be met over the entire period for which rates are computed. The demonstration shall exclude active life reserves. An expected third-year loss ratio which is greater than or equal to the applicable percentage shall be demonstrated for policies or certificates in force less than three years.

As soon as practicable, but before the effective date of enhancements in Medicare benefits, every issuer of Medicare supplement policies or certificates in this state shall file with the commissioner, in accordance with the applicable filing procedures of this state:

(1) a premium adjustment that is necessary to produce an expected loss ratio under the policy or certificate that will conform with minimum loss ratio standards for Medicare supplement policies or certificates. No premium adjustment that would modify the loss ratio experience under the policy or certificate other than the adjustments described herein shall be made with respect to a policy or certificate at any time other than on its renewal date or anniversary date;

(2) if an issuer fails to make premium adjustments acceptable to the commissioner, the commissioner may order premium adjustments, refunds, or premium credits considered necessary to achieve the loss ratio required by this section;

(3) any appropriate riders, endorsements, or policy or certificate forms needed to accomplish the Medicare supplement insurance policy or certificate modifications necessary to eliminate benefit duplications with Medicare. The riders, endorsements, or policy or certificate forms shall provide a clear description of the Medicare supplement benefits provided by the policy or certificate.

(d) The commissioner may conduct a public hearing to gather information concerning a request by an issuer for an increase in a rate for a policy form or certificate form if the experience of the form for the previous reporting period is not in compliance with the applicable loss ratio standard. The determination of compliance is made without consideration of a refund or credit for the reporting period. Public notice of the hearing shall be furnished in a manner considered appropriate by the commissioner.

(e) An issuer shall not use or change premium rates for a Medicare supplement policy or certificate unless the rates, rating schedule, and supporting documentation have been filed with, and approved by, the commissioner according to the filing requirements and procedures prescribed by the commissioner.

Sec. 8. Minnesota Statutes 1993 Supplement, section 62A.65, subdivision 2, is amended to read:

Subd. 2. [GUARANTEED RENEWAL.] No individual health plan may be offered, sold, issued, or renewed to a Minnesota resident unless the health plan provides that the plan is guaranteed renewable at a premium rate that does not take into account the claims experience or any change in the health status of any covered person that occurred after the initial issuance of the health plan to the person. The premium rate upon renewal must also otherwise comply with this section. A health carrier must not refuse to renew an individual health plan ~~may be subject to refusal to renew only under the conditions provided in chapter 62L for health benefit plans~~ prior to enrollment in Medicare Parts A and B, except for nonpayment of premiums, fraud, or misrepresentation.

Sec. 9. Minnesota Statutes 1993 Supplement, section 62A.65, subdivision 3, is amended to read:

Subd. 3. [PREMIUM RATE RESTRICTIONS.] No individual health plan may be offered, sold, issued, or renewed to a Minnesota resident unless the premium rate charged is determined in accordance with the ~~rating and premium restrictions provided under chapter 62L, except that the minimum loss ratio applicable to an individual health plan is as provided in section 62A.021. All rating and premium restrictions of chapter 62L apply to the individual market, unless clearly inapplicable to the individual market.~~ following requirements:

(a) Premium rates must be no more than 25 percent above and no more than 25 percent below the index rate charged to individuals for the same or similar coverage, adjusted pro rata for rating periods of less than one year. The premium variations permitted by this paragraph must be based only upon health status, claims experience, and occupation. For purposes of this paragraph, health status includes refraining from tobacco use or other actuarially valid lifestyle factors associated with good health, provided that the lifestyle factor and its effect upon premium rates have been determined by the commissioner to be actuarially valid and have been approved by the commissioner. Variations permitted under this paragraph must not be based upon age or applied differently at different ages. This paragraph does not prohibit use of a constant percentage adjustment for factors permitted to be used under this paragraph.

(b) Premium rates may vary based upon the ages of covered persons only as provided in this paragraph. In addition to the variation permitted under paragraph (a), each health carrier may use an additional premium variation based upon age of up to plus or minus 50 percent of the index rate.

(c) A health carrier may request approval by the commissioner to establish no more than three geographic regions and to establish separate index rates for each region, provided that the index rates do not vary between any two regions by more than 20 percent. Health carriers that do not do business in the Minneapolis/St. Paul metropolitan area may request approval for no more than two geographic regions, and clauses (2) and (3) do not apply to approval of requests made by those health carriers. The commissioner may grant approval if the following conditions are met:

(1) the geographic regions must be applied uniformly by the health carrier;

(2) one geographic region must be based on the Minneapolis/St. Paul metropolitan area;

(3) for each geographic region that is rural, the index rate for that region must not exceed the index rate for the Minneapolis/St. Paul metropolitan area; and

(4) the health carrier provides actuarial justification acceptable to the commissioner for the proposed geographic variations in index rates, establishing that the variations are based upon differences in the cost to the health carrier of providing coverage.

(d) Health carriers may use rate cells and must file with the commissioner the rate cells they use. Rate cells must be based upon the number of adults or children covered under the policy and may reflect the availability of medicare coverage. The rates for different rate cells must not in any way reflect generalized differences in expected costs between principal insureds and their spouses.

(e) In developing its index rates and premiums for a health plan, a health carrier shall take into account only the following factors:

(1) actuarially valid differences in rating factors permitted under paragraphs (a) and (b); and

(2) actuarially valid geographic variations if approved by the commissioner as provided in paragraph (c).

(f) All premium variations must be justified in initial rate filings and upon request of the commissioner in rate revision filings. All rate variations are subject to approval by the commissioner.

(g) The loss ratio must comply with the section 62A.021 requirements for individual health plans.

(h) The rates must not be approved, unless the commissioner has determined that the rates are reasonable. In determining reasonableness, the commissioner shall consider the growth rates applied under section 62J.04, subdivision 1, paragraph (b), to the calendar year or years that the proposed premium rate would be in effect, actuarially valid changes in risks associated with the enrollee populations, and actuarially valid changes as a result of statutory changes in Laws 1992, chapter 549.

Sec. 10. Minnesota Statutes 1993 Supplement, section 62A.65, subdivision 4, is amended to read:

Subd. 4. [GENDER RATING PROHIBITED.] No individual health plan offered, sold, issued, or renewed to a Minnesota resident may determine the premium rate or any other underwriting decision, including initial issuance, ~~on~~ through a method that is in any way based upon the gender of any person covered or to be covered under the health plan. This subdivision prohibits the use of marital status or generalized differences in expected costs between principal insureds and their spouses.

Sec. 11. Minnesota Statutes 1993 Supplement, section 62A.65, subdivision 5, is amended to read:

Subd. 5. [PORTABILITY OF COVERAGE.] (a) No individual health plan may be offered, sold, issued, or with respect to children age 18 or under renewed, to a Minnesota resident that contains a preexisting condition limitation or exclusion or exclusionary rider, unless the limitation or exclusion ~~would be~~ is permitted under ~~chapter 62L~~ this subdivision, provided that, except for children age 18 or under, underwriting restrictions may be retained on individual contracts that are issued without evidence of insurability as a replacement for prior individual coverage that was sold before May 17, 1993. The individual may be ~~treated as a late entrant, as defined in chapter 62L~~ subjected to an 18-month preexisting condition limitation, unless the individual has maintained continuous coverage as defined in ~~chapter 62L~~ section 62L.02. The individual must not be subjected to an exclusionary rider. An individual who has maintained continuous coverage may be subjected to a one-time preexisting condition limitation ~~as permitted under chapter 62L for persons who are not late entrants,~~ of up to 12 months, with credit for time covered under qualifying coverage as defined in section 62L.02, at the time that the individual first is covered under an individual health plan by any health carrier. The individual must not be subjected to an exclusionary rider. Thereafter, the individual must not be subject to any preexisting condition limitation or exclusion or exclusionary rider under an individual health plan by any health carrier, except an unexpired portion of a limitation under prior coverage, so long as the individual maintains continuous coverage.

(b) A health carrier must offer an individual health plan to any individual previously covered under a group health ~~benefit~~ plan issued by that health carrier, regardless of the size of the group, so long as the individual maintained continuous coverage as defined in ~~chapter 62L~~ section 62L.02. The offer must not be subject to underwriting, except as permitted under this paragraph. A health plan issued under this paragraph must be a qualified plan and must not contain any preexisting condition limitation or exclusion or exclusionary rider, except for any unexpired limitation or exclusion under the previous coverage. The individual health plan must cover pregnancy on the same basis as any other covered illness under the individual health plan. The initial premium rate for the individual health plan must comply with subdivision 3. The premium rate upon renewal must comply with subdivision 2. In no event shall the premium rate exceed 90 percent of the premium charged for comparable individual coverage by the Minnesota comprehensive health association, and the premium rate must be less than that amount if necessary to otherwise comply with this section. An individual health plan offered under this paragraph to a person satisfies the health carrier's obligation to offer conversion coverage under section 62E.16, with respect to that person. Section 72A.20, subdivision 28, applies to this paragraph.

Sec. 12. Minnesota Statutes 1993 Supplement, section 62A.65, is amended by adding a subdivision to read:

Subd. 8. [CESSATION OF INDIVIDUAL BUSINESS.] Notwithstanding the provisions of subdivisions 1 to 7, a health carrier may elect to cease doing business in the individual market if it complies with the requirements of this subdivision. A health carrier electing to cease doing business in the individual market shall notify the commissioner 180 days prior to the effective date of the cessation. The cessation of business does not include the failure of a health carrier to offer or issue new business in the individual market or continue an existing product line, provided that a health carrier does not terminate, cancel, or fail to renew its current individual business or other product lines. A health carrier electing to cease doing business in the individual market shall provide 120 days' written notice to each

policyholder covered by a health plan issued by the health carrier. A health carrier that ceases to write new business in the individual market shall continue to be governed by this section with respect to continuing individual business conducted by the carrier. A health carrier that ceases to do business in the individual market after July 1, 1994, is prohibited from writing new business in the individual market in this state for a period of five years from the date of notice to the commissioner. This subdivision applies to any health maintenance organization that ceases to do business in the individual market in one service area with respect to that service area only. Nothing in this subdivision prohibits an affiliated health maintenance organization from continuing to do business in the individual market in that same service area. The right to cancel or refuse to renew an individual health plan under this subdivision does not apply to individual health plans originally issued prior to July 1, 1993, on a guaranteed renewable basis.

Sec. 13. Minnesota Statutes 1993 Supplement, section 62D.12, subdivision 17, is amended to read:

Subd. 17. [DISCLOSURE OF COMMISSIONS.] Any person receiving commissions for the sale of coverage or enrollment in a health plan, as defined in section 62A.011, offered by a health maintenance organization shall, before selling ~~or offering to sell~~ coverage or enrollment, disclose in writing to the prospective purchaser the amount of any commission or other compensation the person will receive as a direct result of the sale. The disclosure may be expressed in dollars or as a percentage of the premium. The amount disclosed need not include any anticipated renewal commissions.

Sec. 14. Minnesota Statutes 1992, section 62E.141, is amended to read:

This section does not apply to persons enrolled in the comprehensive health association as of June 30, 1993. With respect to persons eligible to enroll in the health plan of an employer that has more than 29 current employees, as defined in section 62L.02, this section does not apply to persons enrolled in the comprehensive health association as of December 31, 1994.

Sec. 15. Minnesota Statutes 1992, section 62E.16, is amended to read:

62E.16 [POLICY CONVERSION RIGHTS.]

Every program of self-insurance, policy of group accident and health insurance or contract of coverage by a health maintenance organization written or renewed in this state, shall include, in addition to the provisions required by section 62A.17, the right to convert to an individual coverage qualified plan without the addition of underwriting restrictions if the individual insured leaves the group regardless of the reason for leaving the group or if an employer member of a group ceases to remit payment so as to terminate coverage for its employees, or upon cancellation or termination of the coverage for the group except where uninterrupted and continuous group coverage is otherwise provided to the group. If the health maintenance organization has canceled coverage for the group because of a loss of providers in a service area, the health maintenance organization shall arrange for other health maintenance or indemnity conversion options that shall be offered to enrollees without the addition of underwriting restrictions. The required conversion contract must treat pregnancy the same as any other covered illness under the conversion contract. The person may exercise this right to conversion within 30 days of leaving the group or within 30 days following receipt of due notice of cancellation or termination of coverage of the group or of the employer member of the group and upon payment of premiums from the date of termination or cancellation. Due notice of cancellation or termination of coverage for a group or of the employer member of the group shall be provided to each employee having coverage in the group by the insurer, self-insurer or health maintenance organization canceling or terminating the coverage except where reasonable evidence indicates that uninterrupted and continuous group coverage is otherwise provided to the group. Every employer having a policy of group accident and health insurance, group subscriber or contract of coverage by a health maintenance organization shall, upon request, provide the insurer or health maintenance organization a list of the names and addresses of covered employees. Plans of health coverage shall also include a provision which, upon the death of the individual in whose name the contract was issued, permits every other individual then covered under the contract to elect, within the period specified in the contract, to continue coverage under the same or a different contract without the addition of underwriting restrictions until the individual would have ceased to have been entitled to coverage had the individual in whose name the contract was issued lived.

An individual conversion contract issued by a health maintenance organization shall not be deemed to be an individual enrollment contract for the purposes of section 62D.10. An individual health plan offered under section 62A.65, subdivision 5, paragraph (b), to a person satisfies the health carrier's obligation to offer conversion coverage under this section with respect to that person.

Subd. 26. [SMALL EMPLOYER.] (a) "Small employer" means a person, firm, corporation, partnership, association, or other entity actively engaged in business ~~who~~, including a political subdivision of the state, that, on at least 50 percent of its working days during the preceding ~~calendar year~~ 12 months, employed no fewer than two nor more than 29 ~~eligible~~, or after June 30, 1995, more than 49, current employees, the majority of whom were employed in this state. If an employer has only two eligible employees and one is the spouse, child, sibling, parent, or grandparent of the other, the employer must be a Minnesota domiciled employer and have paid social security or self-employment tax on behalf of both eligible employees. If an employer has only one eligible employee who has not waived coverage, the sale of a health plan to or for that eligible employee is not a sale to a small employer and is not subject to this chapter and may be treated as the sale of an individual health plan. A small employer plan may be offered through a domiciled association to self-employed individuals and small employers who are members of the association, even if the self-employed individual or small employer has fewer than two current employees. Entities that are eligible to file a combined tax return for purposes of state tax laws are considered a single employer for purposes of determining the number of ~~eligible~~ current employees. Small employer status must be determined on an annual basis as of the renewal date of the health benefit plan. The provisions of this chapter continue to apply to an employer who no longer meets the requirements of this definition until the annual renewal date of the employer's health benefit plan.

(b) Where an association, described in section 62A.10, subdivision 1, comprised of employers contracts with a health carrier to provide coverage to its members who are small employers, the association shall be considered to be a small employer, with respect to those employers in the association that employ no fewer than two nor more than 29 ~~eligible~~, or after June 30, 1995, more than 49, current employees, even though the association provides coverage to its members that do not qualify as small employers. An association in existence prior to July 1, 1993, is exempt from this chapter with respect to small employers that are members as of that date. However, in providing coverage to new ~~groups~~ employers after July 1, 1993, the existing association must comply with all requirements of this chapter. Existing associations must register with the commissioner of commerce prior to July 1, 1993. With respect to small employers having not fewer than 30 nor more than 49 current employees, the July 1, 1993 date in this paragraph becomes July 1, 1995, and the reference to "after" that date becomes "on or after."

(c) If an employer has employees covered under a trust ~~established~~ specified in a collective bargaining agreement under the federal Labor-Management Relations Act of 1947, United States Code, title 29, section 141, et seq., as amended, or employees whose health coverage is determined by a collective bargaining agreement and, as a result of the collective bargaining agreement, is purchased separately from the health plan provided to other employees, those employees are excluded in determining whether the employer qualifies as a small employer. Those employees are considered to be a separate small employer if they constitute a group that would qualify as a small employer in the absence of the employees who are not subject to the collective bargaining agreement.

Sec. 29. Minnesota Statutes 1992, section 62L.03, subdivision 1, is amended to read:

Subdivision 1. [GUARANTEED ISSUE AND REISSUE.] Every health carrier shall, as a condition of authority to transact business in this state in the small employer market, affirmatively market, offer, sell, issue, and renew any of its health benefit plans, on a guaranteed issue basis, to any small employer that meets the participation and contribution requirements of subdivision 3, as provided in this chapter. This requirement does not apply to a health benefit plan designed for a small employer to comply with a collective bargaining agreement, provided that the health benefit plan otherwise complies with this chapter and is not offered to other small employers, except for other small employers that need it for the same reason. Every health carrier participating in the small employer market shall make available both of the plans described in section 62L.05 to small employers and shall fully comply with the underwriting and the rate restrictions specified in this chapter for all health benefit plans issued to small employers. A health carrier may cease to transact business in the small employer market as provided under section 62L.09.

Sec. 30. Minnesota Statutes 1993 Supplement, section 62L.03, subdivision 3, is amended to read:

Subd. 3. [MINIMUM PARTICIPATION AND CONTRIBUTION.] (a) A small employer that has at least 75 percent of its eligible employees who have not waived coverage participating in a health benefit plan and that contributes at least 50 percent toward the cost of coverage of eligible employees must be guaranteed coverage on a guaranteed issue basis from any health carrier participating in the small employer market. The participation level of eligible employees must be determined at the initial offering of coverage and at the renewal date of coverage. A health carrier ~~may~~ must not increase the participation requirements applicable to a small employer at any time after the small employer has been accepted for coverage. For the purposes of this subdivision, waiver of coverage includes only waivers due to: (1) coverage under another group health plan; (2) coverage under Medicare parts A and B; or (3) coverage under MCHA permitted under section 62E.141.

(b) If a small employer does not satisfy the contribution or participation requirements under this subdivision, a health carrier may voluntarily issue or renew individual ~~coverage~~ health plans, or a health benefit plan which~~, except for guaranteed issue,~~ must fully comply with this chapter. A health carrier that provides ~~group coverage~~ a health benefit plan to a small employer that does not meet the contribution or participation requirements of this subdivision must maintain this information in its files for audit by the commissioner. A health carrier may not offer an individual ~~coverage~~ health plan, purchased through an arrangement between the employer and the health carrier, to any employee unless the health carrier also offers ~~coverage~~ the individual health plan, on a guaranteed issue basis, to all other employees of the same employer.

(c) Nothing in this section obligates a health carrier to issue coverage to a small employer that currently offers coverage through a health benefit plan from another health carrier, unless the new coverage will replace the existing coverage and not serve as one of two or more health benefit plans offered by the employer.

Sec. 31. Minnesota Statutes 1993 Supplement, section 62L.03, subdivision 4, is amended to read:

Subd. 4. [UNDERWRITING RESTRICTIONS.] Health carriers may apply underwriting restrictions to coverage for health benefit plans for small employers, including any preexisting condition limitations, only as expressly permitted under this chapter. For purposes of this ~~subdivision~~ section, "underwriting restrictions" means any refusal of the health carrier to issue or renew coverage, any premium rate higher than the lowest rate charged by the health carrier for the same coverage, ~~or~~ any preexisting condition limitation or exclusion, or any exclusionary rider. Health carriers may collect information relating to the case characteristics and demographic composition of small employers, as well as health status and health history information about employees, and dependents of employees, of small employers. Except as otherwise authorized for late entrants, preexisting conditions may be excluded by a health carrier for a period not to exceed 12 months from the effective date of coverage of an eligible employee or dependent, but exclusionary riders must not be used. When calculating a preexisting condition limitation, a health carrier shall credit the time period an eligible employee or dependent was previously covered by qualifying prior coverage, provided that the individual maintains continuous coverage. Late entrants may be subject to a preexisting condition limitation not to exceed 18 months from the effective date of coverage of the late entrant, but must not be subject to any exclusionary rider or exclusion. ~~Late entrants may also be excluded from coverage for a period not to exceed 18 months, provided that if a health carrier imposes an exclusion from coverage and a preexisting condition limitation, the combined time period for both the coverage exclusion and preexisting condition limitation must not exceed 18 months.~~ A health carrier shall, at the time of first issuance or renewal of a health benefit plan on or after July 1, 1993, credit against any preexisting condition limitation or exclusion permitted under this section, the time period prior to July 1, 1993, during which an eligible employee or dependent was covered by qualifying ~~existing~~ coverage ~~or qualifying prior coverage~~, if the person has maintained continuous coverage.

Sec. 32. Minnesota Statutes 1993 Supplement, section 62L.03, subdivision 5, is amended to read:

Subd. 5. [CANCELLATIONS AND FAILURES TO RENEW.] (a) No health carrier shall cancel, decline to issue, or fail to renew a health benefit plan as a result of the claim experience or health status of the persons covered or to be covered by the health benefit plan. A health carrier may cancel or fail to renew a health benefit plan:

(1) for nonpayment of the required premium;

(2) for fraud or misrepresentation by the small employer, or, with respect to coverage of an individual eligible employee or dependent, fraud or misrepresentation by the eligible employee or dependent, with respect to eligibility for coverage or any other material fact;

(3) if eligible employee participation during the preceding calendar year declines to less than 75 percent, subject to the waiver of coverage provision in subdivision 3;

(4) if the employer fails to comply with the minimum contribution percentage ~~legally~~ required ~~by the health carrier~~ under subdivision 3;

(5) if the health carrier ceases to do business in the small employer market under section 62L.09; ~~or~~

(6) if a failure to renew is based upon the health carrier's decision to discontinue the health benefit plan form previously issued to the small employer, but only if the health carrier permits each small employer covered under the prior form to switch to its choice of any other health benefit plan offered by the health carrier, without any underwriting restrictions that would not have been permitted for renewal purposes; or

(7) for any other reasons or grounds expressly permitted by the respective licensing laws and regulations governing a health carrier, including, but not limited to, service area restrictions imposed on health maintenance organizations under section 62D.03, subdivision 4, paragraph (m), to the extent that these grounds are not expressly inconsistent with this chapter.

(b) A health carrier need not renew a health benefit plan, and shall not renew a small employer plan, if an employer ceases to qualify as a small employer as defined in section 62L.02. If a health benefit plan, other than a small employer plan, provides terms of renewal that do not exclude an employer that is no longer a small employer, the health benefit plan may be renewed according to its own terms. If a health carrier issues or renews a health plan to an employer that is no longer a small employer, without interruption of coverage, the health plan is subject to section 60A.082.

Sec. 33. Minnesota Statutes 1992, section 62L.03, subdivision 6, is amended to read:

Subd. 6. [MCHA ENROLLEES.] Health carriers shall offer coverage to any eligible employee or dependent enrolled in MCHA at the time of the health carrier's issuance or renewal of a health benefit plan to a small employer. The health benefit plan must require that the employer permit MCHA enrollees to enroll in the small employer's health benefit plan as of the first date of renewal of a health benefit plan occurring on or after July 1, 1993, and as of each date of renewal after that, or, in the case of a new group, as of the initial effective date of the health benefit plan and as of each date of renewal after that. Unless otherwise permitted by this chapter, health carriers must not impose any underwriting restrictions, including any preexisting condition limitations or exclusions, on any eligible employee or dependent previously enrolled in MCHA and transferred to a health benefit plan so long as continuous coverage is maintained, provided that the health carrier may impose any unexpired portion of a preexisting condition limitation under the person's MCHA coverage. An MCHA enrollee is not a late entrant, so long as the enrollee has maintained continuous coverage.

Sec. 34. Minnesota Statutes 1993 Supplement, section 62L.04, subdivision 1, is amended to read:

Subdivision 1. [APPLICABILITY OF CHAPTER REQUIREMENTS.] (a) Beginning July 1, 1993, health carriers participating in the small employer market must offer and make available on a guaranteed issue basis any health benefit plan that they offer, including both of the small employer plans provided in section 62L.05, to all small employers ~~who~~ that satisfy the small employer participation and contribution requirements specified in this chapter. Compliance with these requirements is required as of the first renewal date of any small employer group occurring after July 1, 1993. For new small employer business, compliance is required as of the first date of offering occurring after July 1, 1993.

(b) Compliance with these requirements is required as of the first renewal date occurring after July 1, 1994, with respect to employees of a small employer who had been issued individual coverage prior to July 1, 1993, administered by the health carrier on a group basis. Notwithstanding any other law to the contrary, the health carrier shall offer to terminate any individual coverage for employees of small employers who satisfy the small employer participation and contribution requirements specified in section 62L.03 and offer to replace it with a health benefit plan. If the employer elects not to purchase a health benefit plan, the health carrier must offer all covered employees and dependents the option of maintaining their current coverage, administered on an individual basis, or replacement individual coverage. Small employer and replacement individual coverage provided under this subdivision must be without application of underwriting restrictions, provided continuous coverage is maintained.

(c) With respect to small employers having no fewer than 30 nor more than 49 current employees, all dates in this subdivision become July 1, 1995, and any reference to "after" a date becomes "on or after" July 1, 1995.

Sec. 35. Minnesota Statutes 1992, section 62L.05, subdivision 1, is amended to read:

Subdivision 1. [TWO SMALL EMPLOYER PLANS.] Each health carrier in the small employer market must make available, on a guaranteed issue basis, to any small employer that satisfies the contribution and participation requirements of section 62L.03, subdivision 3, both of the small employer plans described in subdivisions 2 and 3. Under subdivisions 2 and 3, coinsurance and deductibles do not apply to child health supervision services and prenatal services, as defined by section 62A.047. The maximum out-of-pocket costs for covered services must be $3,000 per individual and $6,000 per family per year. The maximum lifetime benefit must be $500,000. ~~The out-of-pocket cost limits and the deductible amounts provided in subdivision 2 must be adjusted on July 1 every two years, based upon changes in the consumer price index, as of the end of the previous calendar year, as determined by the commissioner of commerce. Adjustments must be in increments of $50 and must not be made unless at least that amount of adjustment is required.~~

Sec. 36. Minnesota Statutes 1992, section 62L.05, subdivision 5, is amended to read:

Subd. 5. [PLAN VARIATIONS.] (a) No health carrier shall offer to a small employer a health benefit plan that differs from the two small employer plans described in subdivisions 1 to 4, unless the health benefit plan complies with all provisions of chapters 62A, 62C, 62D, 62E, 62H, 62N, and 64B that otherwise apply to the health carrier, except as expressly permitted by paragraph (b).

(b) As an exception to paragraph (a), a health benefit plan is deemed to be a small employer plan and to be in compliance with paragraph (a) if it differs from one of the two small employer plans described in subdivisions 1 to 4 only by providing benefits in addition to those described in subdivision 4, provided that the health ~~care~~ benefit plan has an actuarial value that exceeds the actuarial value of the benefits described in subdivision 4 by no more than two percent. "Benefits in addition" means additional units of a benefit listed in subdivision 4 or one or more benefits not listed in subdivision 4.

Sec. 37. Minnesota Statutes 1992, section 62L.05, subdivision 8, is amended to read:

Subd. 8. [CONTINUATION COVERAGE.] Small employer plans must include the continuation of coverage provisions required by the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), Public Law Number 99-272, as amended ~~through December 31, 1991~~, and by state law.

Sec. 38. Minnesota Statutes 1992, section 62L.06, is amended to read:

62L.06 [DISCLOSURE OF UNDERWRITING RATING PRACTICES.]

When offering or renewing a health benefit plan, health carriers shall disclose in all solicitation and sales materials:

(1) the case characteristics and other rating factors used to determine initial and renewal rates;

(2) the extent to which premium rates for a small employer are established or adjusted based upon actual or expected variation in claim experience;

(3) provisions concerning the health carrier's right to change premium rates and the factors other than claim experience that affect changes in premium rates;

(4) provisions relating to renewability of coverage;

(5) the use and effect of any preexisting condition provisions, if permitted; ~~and~~

(6) the application of any provider network limitations and their effect on eligibility for benefits; and

(7) the ability of small employers to insure eligible employees and dependents currently receiving coverage from the comprehensive health association through health benefit plans.

Sec. 39. Minnesota Statutes 1992, section 62L.07, subdivision 2, is amended to read:

Subd. 2. [WAIVERS.] Health benefit plans must require that small employers offering a health benefit plan maintain written documentation ~~of a waiver of coverage by an eligible employee or dependent and provide the documentation~~ indicating that each eligible employee was informed of the availability of coverage through the employer and of a waiver of coverage by the eligible employee. This documentation must be provided to the health carrier upon reasonable request.

Sec. 40. Minnesota Statutes 1992, section 62L.08, subdivision 2, is amended to read:

Subd. 2. [GENERAL PREMIUM VARIATIONS.] Beginning July 1, 1993, each health carrier must offer premium rates to small employers that are no more than 25 percent above and no more than 25 percent below the index rate charged to small employers for the same or similar coverage, adjusted pro rata for rating periods of less than one year. The premium variations permitted by this subdivision must be based only on health status, claims experience, industry of the employer, and duration of coverage from the date of issue. For purposes of this subdivision, health status includes refraining from tobacco use or other actuarially valid lifestyle factors associated with good health,

provided that the lifestyle factor and its effect upon premium rates have been determined to be actuarially valid and approved by the commissioner. Variations permitted under this subdivision must not be based upon age or applied differently at different ages. This subdivision does not prohibit use of a constant percentage adjustment for factors permitted to be used under this subdivision.

Sec. 41. Minnesota Statutes 1993 Supplement, section 62L.08, subdivision 4, is amended to read:

Subd. 4. [GEOGRAPHIC PREMIUM VARIATIONS.] A health carrier may request approval by the commissioner to establish no more than three geographic regions and to establish separate index rates for each region, provided that the index rates do not vary between any two regions by more than 20 percent. Health carriers that do not do business in the Minneapolis/St. Paul metropolitan area may request approval for no more than two geographic regions, and clauses (2) and (3) do not apply to approval of requests made by those health carriers. A health carrier may also request approval to establish one or more additional geographic ~~region~~ regions and a one or more separate index ~~rate~~ rates for premiums for employees working and residing outside of Minnesota~~, and that index rate must not be more than 30 percent higher than the next highest index rate~~. The commissioner may grant approval if the following conditions are met:

(1) the geographic regions must be applied uniformly by the health carrier;

(2) one geographic region must be based on the Minneapolis/St. Paul metropolitan area;

(3) if one geographic region is rural, the index rate for the rural region must not exceed the index rate for the Minneapolis/St. Paul metropolitan area;

(4) the health carrier provides actuarial justification acceptable to the commissioner for the proposed geographic variations in index rates, establishing that the variations are based upon differences in the cost to the health carrier of providing coverage.

Sec. 42. Minnesota Statutes 1992, section 62L.08, subdivision 5, is amended to read:

Subd. 5. [GENDER-BASED RATES PROHIBITED.] Beginning July 1, 1993, no health carrier may determine premium rates through a method that is in any way based upon the gender of eligible employees or dependents. Rates must not in any way reflect marital status or generalized differences in expected costs between employees and spouses.

Sec. 43. Minnesota Statutes 1992, section 62L.08, subdivision 6, is amended to read:

Subd. 6. [RATE CELLS PERMITTED.] Health carriers may use rate cells and must file with the commissioner the rate cells they use. Rate cells must be based on the number of adults and children covered under the policy and may reflect the availability of Medicare coverage. The rates for different rate cells must not in any way reflect marital status or differences in expected costs between employees and spouses.

Sec. 44. Minnesota Statutes 1992, section 62L.08, subdivision 7, is amended to read:

Subd. 7. [INDEX AND PREMIUM RATE DEVELOPMENT.] (a) In developing its index rates and premiums, a health carrier may take into account only the following factors:

(1) actuarially valid differences in benefit designs of health benefit plans;

(2) actuarially valid differences in the rating factors permitted in subdivisions 2 and 3;

(3) actuarially valid geographic variations if approved by the commissioner as provided in subdivision 4.

(b) All premium variations permitted under this section must be based upon actuarially valid differences in expected cost to the health carrier of providing coverage. The variation must be justified in initial rate filings and upon request of the commissioner in rate revision filings. All premium variations are subject to approval by the commissioner.

Sec. 45. Minnesota Statutes 1992, section 62L.08, is amended by adding a subdivision to read:

Subd. 7a. [PARTIAL EXEMPTION; POLITICAL SUBDIVISIONS.] (a) Health coverage provided by a political subdivision of the state to its employees, officers, retirees, and their dependents, by participation in group purchasing of health plan coverage by or through an association of political subdivisions or by or through an educational cooperative service unit created under section 123.58 or by participating in a joint self-insurance pool authorized under section 471.617, subdivision 2, is subject to this subdivision. Coverage that is subject to this subdivision may have separate index rates and separate premium rates, based upon data specific to the association, educational cooperative service unit, or pool, so long as the rates, including the rating bands, otherwise comply with this chapter. The association, educational cooperative service unit, or pool is not required to offer the small employer plans described in section 62L.05 and is not required to comply with this chapter for employers that are not small employers or that are not eligible for coverage through the association, educational cooperative service unit, or pool. A health carrier that offers a health plan only under this subdivision need not offer that health plan to other small employers on a guaranteed issue basis.

(b) An association, educational cooperative service unit, or pool described in paragraph (a) may elect to be treated under paragraph (a) by filing a notice of the election with the commissioner of commerce no later than January 1, 1995. The election remains in effect for three years and applies to all health coverage provided to members of the group. It may be renewed for subsequent three-year periods. An entity eligible for treatment under paragraph (a) that forms after January 1, 1995, must make the election prior to provision of coverage, and the election remains in effect until January 1, 1998, or if filed after that date, until the next regular renewal date.

Sec. 46. Minnesota Statutes 1993 Supplement, section 62L.08, subdivision 8, is amended to read:

Subd. 8. [FILING REQUIREMENT.] No later than July 1, 1993, and each year thereafter, a health carrier that offers, sells, issues, or renews a health benefit plan for small employers shall file with the commissioner the index rates and must demonstrate that all rates shall be within the rating restrictions defined in this chapter. Such demonstration must include the allowable range of rates from the index rates and a description of how the health carrier intends to use demographic factors including case characteristics in calculating the premium rates. The rates shall not be approved, unless the commissioner has determined that the rates are reasonable. In determining reasonableness, the commissioner shall consider the growth rates applied under section 62J.04, subdivision 1, paragraph (b), to the calendar year or years that the proposed premium rate would be in effect, actuarially valid changes in risk associated with the enrollee population, and actuarially valid changes as a result of statutory changes in Laws 1992, chapter 549. For premium rates proposed to go into effect between July 1, 1993 and December 31, 1993, the pertinent growth rate is the growth rate applied under section 62J.04, subdivision 1, paragraph (b), to calendar year 1994. ~~As provided in section 62A.65, subdivision 3, this subdivision applies to the individual market, as well as to the small employer market.~~

Sec. 47. Minnesota Statutes 1992, section 62L.12, is amended to read:

62L.12 [PROHIBITED PRACTICES.]

Subdivision 1. [PROHIBITION ON ISSUANCE OF INDIVIDUAL POLICIES.] A health carrier operating in the small employer market shall not knowingly offer, issue, or renew an individual ~~policy, subscriber contract, or certificate~~ health plan to an eligible employee ~~or dependent~~ of a small employer that meets the minimum participation and contribution requirements ~~defined in~~ under section 62L.03, subdivision 3, except as authorized under subdivision 2.

Subd. 2. [EXCEPTIONS.] (a) A health carrier may sell, issue, or renew individual conversion policies to eligible employees and dependents otherwise eligible for conversion coverage under section 62D.104 as a result of leaving a health maintenance organization's service area.

(b) A health carrier may sell, issue, or renew individual conversion policies to eligible employees and dependents otherwise eligible for conversion coverage as a result of the expiration of any continuation of group coverage required under sections 62A.146, 62A.17, 62A.21, 62C.142, 62D.101, and 62D.105.

(c) A health carrier may sell, issue, or renew conversion policies under section 62E.16 to eligible employees and dependents.

(d) A health carrier may sell, issue, or renew individual continuation policies to eligible employees and dependents as required.

(e) A health carrier may sell, issue, or renew individual ~~coverage~~ health plans if the coverage is appropriate due to an unexpired preexisting condition limitation or exclusion applicable to the person under the employer's group ~~coverage~~ health plan or due to the person's need for health care services not covered under the employer's ~~group policy~~ group health plan.

(f) A health carrier may sell, issue, or renew an individual ~~policy, with the prior consent of the commissioner,~~ health plan, if the individual has elected to buy the individual ~~coverage~~ health plan not as part of a general plan to substitute individual ~~coverage~~ health plans for a group ~~coverage~~ health plan nor as a result of any violation of subdivision 3 or 4.

(g) Nothing in this subdivision relieves a health carrier of any obligation to provide continuation or conversion coverage otherwise required under federal or state law.

(h) Nothing in this chapter restricts the offer, sale, issuance, or renewal of coverage issued as a supplement to Medicare under sections 62A.31 to 62A.44, or policies or contracts that supplement Medicare issued by health maintenance organizations, or those contracts governed by section 1833 or 1876 of the federal Social Security Act, United States Code, title 42, section 1395 et. seq., as amended.

(i) Nothing in this chapter restricts the offer, sale, issuance, or renewal of individual health plans necessary to comply with a court order.

Subd. 3. [AGENT'S LICENSURE.] An agent licensed under chapter ~~60A~~ 60K or section 62C.17 who knowingly and willfully breaks apart a small group for the purpose of selling individual ~~policies~~ health plans to eligible employees and dependents of a small employer that meets the participation and contribution requirements of section 62L.03, subdivision 3, is guilty of an unfair trade practice and subject to disciplinary action, including the revocation or suspension of license, under section ~~60A.17, subdivision 6c,~~ 60K.11 or 62C.17. The action must be by order and subject to the notice, hearing, and appeal procedures specified in section ~~60A.17, subdivision 6d~~ 60K.11. The action of the commissioner is subject to judicial review as provided under chapter 14.

Subd. 4. [EMPLOYER PROHIBITION.] A small employer shall not encourage or direct an employee or applicant to:

(1) refrain from filing an application for health coverage when other similarly situated employees may file an application for health coverage;

(2) file an application for health coverage during initial eligibility for coverage, the acceptance of which is contingent on health status, when other similarly situated employees may apply for health coverage, the acceptance of which is not contingent on health status;

(3) seek coverage from another health carrier, including, but not limited to, MCHA; or

(4) cause coverage to be issued on different terms because of the health status or claims experience of that person or the person's dependents.

Subd. 5. [SALE OF OTHER PRODUCTS.] A health carrier shall not condition the offer, sale, issuance, or renewal of a health benefit plan on the purchase by a small employer of other insurance products offered by the health carrier or a subsidiary or affiliate of the health carrier, including, but not limited to, life, disability, property, and general liability insurance. This prohibition does not apply to insurance products offered as a supplement to a health maintenance organization plan, including, but not limited to, supplemental benefit plans under section 62D.05, subdivision 6.

Sec. 48. Minnesota Statutes 1992, section 62L.21, subdivision 2, is amended to read:

Subd. 2. [ADJUSTMENT OF PREMIUM RATES.] The board of directors shall establish operating rules to allocate adjustments to the reinsurance premium charge of no more than minus 25 percent of the monthly reinsurance premium for health carriers that can demonstrate administrative efficiencies and cost-effective handling of equivalent risks. The adjustment must be made ~~annually on a retrospective basis~~ monthly, unless the board provides for a different interval in its operating rules. The operating rules must establish objective and measurable criteria which must be met by a health carrier in order to be eligible for an adjustment. These criteria must include consideration of efficiency attributable to case management, but not consideration of such factors as provider discounts.

Sec. 49. [REPEALER.]

(a) Minnesota Statutes 1992, sections 62E.51, 62E.52, 62E.53, 62E.531, 62E.54, and 62E.55 are repealed.

(b) Minnesota Statutes 1992, section 62A.02, subdivision 5, is repealed.

Sec. 50. [REVISOR INSTRUCTIONS.]

(a) The revisor of statutes shall change the name of the private employers insurance program established in Minnesota Statutes, section 43A.317 to the Minnesota employees insurance program, and the private employers insurance trust fund to the Minnesota employees insurance trust fund, wherever either term occurs in Minnesota Statutes or Minnesota Rules.

(b) The revisor of statutes shall renumber Minnesota Statutes 1992, section 62L.23, as section 62L.08, subdivision 11, and shall change all references to that section in Minnesota Statutes or Minnesota Rules accordingly.

Sec. 51. [EFFECTIVE DATES.]

Sections 1, 3, 4, 6, 8, 10, 16 to 27, 29, 30, 32, 34 to 37, 40 to 45, and 47 to 50 are effective the day following final enactment. Sections 2, 12, 13, 33, 38, and 39 are effective July 1, 1994. Sections 5, 7, 9, 11, 14, 15, 28, 31, and 46 are effective January 1, 1995.

ARTICLE 11

HEALTH CARE COOPERATIVES

Section 1. [62R.01] [STATEMENT OF LEGISLATIVE PURPOSE AND INTENT.]

The legislature finds that the goals of containing health care costs, improving the quality of health care, and increasing the access of Minnesota citizens to health care services reflected under chapters 62J and 62N may be further enhanced through the promotion of health care cooperatives. The legislature further finds that locally based and controlled efforts among health care providers, local businesses, units of local government, and health care consumers, can promote the attainment of the legislature's goals of health care reform, and takes notice of the long history of successful operations of cooperative organizations in this state. Therefore, in order to encourage cooperative efforts which are consistent with the goals of health care reform, including efforts among health care providers as sellers of health care services and efforts of consumers as buyers of health care services and health plan coverage, and to encourage the formation of and increase the competition among health plans in Minnesota, the legislature enacts the Minnesota health care cooperative act.

Sec. 2. [62R.02] [CITATION.]

This chapter may be cited as the "Minnesota health care cooperative act."

Sec. 3. [62R.03] [APPLICABILITY OF OTHER LAWS.]

After incorporation, a health care cooperative shall enjoy the powers and privileges and shall be subject to the duties and liabilities of other cooperatives organized under chapter 308A, to the extent applicable and except as limited or enlarged by this chapter. If any provision of this chapter conflicts with a provision of chapter 308A, the provision of this chapter takes precedence.

The health care network cooperative shall be subject to the duties and liabilities of health plans licensed pursuant to the chapter under which the cooperative elects to be licensed, to the extent applicable and except as limited or enlarged by this chapter. If any provision of any chapter under which the cooperative elects to be licensed conflicts with the provisions of this chapter, the provisions of this chapter take precedence. A health care network cooperative, upon licensure as provided in this subdivision, is a contributing member of the Minnesota comprehensive health association, on the same basis as other entities having the same licensure.

Sec. 18. Minnesota Statutes 1993 Supplement, section 295.582, is amended to read:

295.582 [AUTHORITY.]

(a) A hospital, surgical center, pharmacy, or health care provider that is subject to a tax under section 295.52, or a pharmacy that has paid additional expense transferred under this section by a wholesale drug distributor, may transfer additional expense generated by section 295.52 obligations on to all third-party contracts for the purchase of health care services on behalf of a patient or consumer. The expense must not exceed two percent of the gross revenues received under the third-party contract, ~~including~~ plus two percent of copayments and deductibles paid by the individual patient or consumer. The expense must not be generated on revenues derived from payments that are excluded from the tax under section 295.53. All third-party purchasers of health care services including, but not

limited to, third-party purchasers regulated under chapter 60A, 62A, 62C, 62D, 62H, 62N, 64B, ~~or 62H,~~ 65A, 65B, 79, or 79A, or under section 471.61 or 471.617, must pay the transferred expense in addition to any payments due under existing ~~or future~~ contracts with the hospital, surgical center, pharmacy, or health care provider, to the extent allowed under federal law. A third-party purchaser of health care services includes, but is not limited to, a health carrier, integrated service network, or community integrated service network that pays for health care services on behalf of patients or that reimburses, indemnifies, compensates, or otherwise insures patients for health care services. A third-party purchaser shall comply with this section regardless of whether the third-party purchaser is a for-profit, not-for-profit, or nonprofit entity. A wholesale drug distributor may transfer additional expense generated by section 295.52 obligations to entities that purchase from the wholesaler, and the entities must pay the additional expense. Nothing in this ~~subdivision~~ section limits the ability of a hospital, surgical center, pharmacy, wholesale drug distributor, or health care provider to recover all or part of the section 295.52 obligation by other methods, including increasing fees or charges.

(b) Each third-party purchaser regulated under any chapter cited in paragraph (a) shall include with its annual renewal for certification of authority or licensure documentation indicating compliance with paragraph (a). If the commissioner responsible for regulating the third-party purchaser finds at any time that the third-party purchaser has not complied with paragraph (a) the commissioner may by order fine or censure the third-party purchaser or revoke or suspend the certificate of authority or license of the third-party purchaser to do business in this state. The third-party purchaser may appeal the commissioner's order through a contested case hearing in accordance with chapter 14.

Sec. 19. Laws 1992, chapter 549, article 9, section 22, is amended to read:

Sec. 22. [GROSS RECEIPTS TAX; EFFECTIVE DATE.]

Sections 1 and 16 to 21 are effective the day following final enactment. Section 4 is effective for taxable years beginning after December 31, 1992. Section 7, subdivision 1, is effective for gross revenues generated by services performed and goods sold after December 31, 1992. Section 7, subdivisions 2 to 4, are effective for gross revenues generated by services performed and goods sold after December 31, 1993. Section 8 is effective for hospitals and surgical centers for gross revenues generated by services performed and goods sold after December 31, 1992, except the exclusion under subdivision 1, clause (6) applies to payments for prescription drug purchases made after December 31, 1993. Section 8 is effective for health care providers for gross revenues generated by services performed and goods sold after December 31, 1993, except the exclusion under subdivision 1, clause (6) applies to payments for prescription drug purchases made after December 31, 1993. Sections 14 and 15 are effective July 1, 1992.

Sec. 20. [STATEMENT OF INTENT.]

The amendment in section 19 clarifies an effective date in the 1992 legislation enacting the gross receipts tax on hospitals and health care providers. This legislation imposed a gross receipts tax on hospitals effective January 1, 1993, and on health care providers and wholesale drug distributors effective January 1, 1994. To avoid double taxation or pyramiding of the tax burden, hospitals and health care providers were allowed an exclusion for amounts paid to wholesale drug distributors for prescription drugs. These amounts would already be taxed to the wholesale drug distributors. The section creating this exclusion did not contain an effective date. As a result, under Minnesota Statutes, section 645.02, the law may permit hospitals to deduct these amounts for prescription drugs purchased during 1993, even though no tax was imposed on the wholesale drug distributor and no double taxation or pyramiding of the tax could occur. Section 19 clarifies that the exclusion applies only after the wholesale drug distributor tax goes into effect.

Sec. 21. [EFFECTIVE DATE.]

Sections 1, 2, 5, 12, 15 to 17, 19, and 20 are effective the day following final enactment.

Sections 3 and 4 are effective July 1, 1994.

Sections 6 to 11, 13, 14, and 18 are retroactively effective from January 1, 1994.

(2) plan and implement flood mitigation measures.

(b) The commissioner may cooperate with the North Dakota state water commission, local governmental units, and local water management organizations in this state and in North Dakota, and the United States Army Corps of Engineers to develop hydrologic models and conduct studies to evaluate the practicality and feasibility of flood control measures along the Red river from East Grand Forks to the Canadian border. The commissioner may make grants to local governmental units for these purposes. Flood control measures that may be investigated include agricultural and urban levee systems, wetland restoration, floodwater impoundments, farmstead ring-dikes, and stream maintenance activities.

Sec. 2. Minnesota Statutes 1992, section 103F.516, subdivision 1, is amended to read:

Subdivision 1. [EASEMENTS.] Upon application by a landowner, the board may acquire permanent easements on land containing type 1, 2, ~~or~~ 3, or 6 wetlands, as defined in United States Fish and Wildlife Service Circular No. 39 (1971 edition).

Sec. 3. Minnesota Statutes 1993 Supplement, section 103G.222, is amended to read:

103G.222 [REPLACEMENT OF WETLANDS.]

(a) After the effective date of the rules adopted under section 103B.3355 or 103G.2242, whichever is later, wetlands must not be drained or filled, wholly or partially, unless replaced by restoring or creating wetland areas of at least equal public value under ~~either~~ a replacement plan approved as provided in section 103G.2242, a replacement plan under a local governmental unit's comprehensive wetland protection and management plan approved by the board under section 103G.2242, subdivision 1, paragraph (c), or, if a permit to mine is required under section 93.481, under a mining reclamation plan approved by the commissioner under the permit to mine. Mining reclamation plans shall apply the same principles and standards for replacing wetlands by restoration or creation of wetland areas that are applicable to mitigation plans approved as provided in section 103G.2242.

(b) Replacement must be guided by the following principles in descending order of priority:

(1) avoiding the direct or indirect impact of the activity that may destroy or diminish the wetland;

(2) minimizing the impact by limiting the degree or magnitude of the wetland activity and its implementation;

(3) rectifying the impact by repairing, rehabilitating, or restoring the affected wetland environment;

(4) reducing or eliminating the impact over time by preservation and maintenance operations during the life of the activity; and

(5) compensating for the impact by replacing or providing substitute wetland resources or environments.

(c) If a wetland is located in a cultivated field, then replacement must be accomplished through restoration only without regard to the priority order in paragraph (b), provided that a deed restriction is placed on the altered wetland prohibiting nonagricultural use for at least ten years.

(d) Restoration and replacement of wetlands must be accomplished in accordance with the ecology of the landscape area affected.

(e) Replacement shall be within the same watershed or county as the impacted wetlands, as based on the wetland evaluation in section 103G.2242, subdivision 2, except that counties or watersheds in which 80 percent or more of the presettlement wetland acreage is intact may accomplish replacement in counties or watersheds in which 50 percent or more of the presettlement wetland acreage has been filled, drained, or otherwise degraded. Wetlands impacted by public transportation projects may be replaced statewide, provided they are approved by the commissioner under an established wetland banking system, or under the rules for wetland banking as provided for under section 103G.2242.

(f) Except as provided in paragraph (g), for a wetland located on nonagricultural land, replacement must be in the ratio of two acres of replaced wetland for each acre of drained or filled wetland.

(g) For a wetland located on agricultural land or in counties or watersheds in which 80 percent or more of the presettlement wetland acreage exists, replacement must be in the ratio of one acre of replaced wetland for each acre of drained or filled wetland.

(h) Wetlands that are restored or created as a result of an approved replacement plan are subject to the provisions of this section for any subsequent drainage or filling.

(i) Except in counties or watersheds where 80 percent or more of the presettlement wetlands are intact, only wetlands that have been restored from previously drained or filled wetlands, wetlands created by excavation in nonwetlands, wetlands created by dikes or dams along public or private drainage ditches, or wetlands created by dikes or dams associated with the restoration of previously drained or filled wetlands may be used in a statewide banking program established in rules adopted under section 103G.2242, subdivision 1. Modification or conversion of nondegraded naturally occurring wetlands from one type to another are not eligible for enrollment in a statewide wetlands bank.

(j) The technical evaluation panel established under section 103G.2242, subdivision 2, shall ensure that sufficient time has occurred for the wetland to develop wetland characteristics of soils, vegetation, and hydrology before recommending that the wetland be deposited in the statewide wetland bank. If the technical evaluation panel has reason to believe that the wetland characteristics may change substantially, the panel shall postpone its recommendation until the wetland has stabilized.

(k) This section and sections 103G.223 to 103G.2242, 103G.2364, and 103G.2365 apply to the state and its departments and agencies.

Sec. 4. Minnesota Statutes 1993 Supplement, section 103G.2241, is amended to read:

103G.2241 [EXEMPTIONS.]

(a) Subject to the conditions in paragraph (b), a replacement plan for wetlands is not required for:

(1) activities in a wetland that was planted with annually seeded crops, was in a crop rotation seeding of pasture grasses or legumes, or was required to be set aside to receive price support or other payments under United States Code, title 7, sections 1421 to 1469, in six of the last ten years prior to January 1, 1991;

(2) activities in a wetland that is or has been enrolled in the federal conservation reserve program under United States Code, title 16, section 3831, that:

(i) was planted with annually seeded crops, was in a crop rotation seeding, or was required to be set aside to receive price support or payment under United States Code, title 7, sections 1421 to 1469, in six of the last ten years prior to being enrolled in the program; and

(ii) has not been restored with assistance from a public or private wetland restoration program;

(3) activities necessary to repair and maintain existing public or private drainage systems as long as wetlands that have been in existence for more than 20 years are not drained;

(4) activities in a wetland that has received a commenced drainage determination provided for by the federal Food Security Act of 1985, that was made to the county agricultural stabilization and conservation service office prior to September 19, 1988, and a ruling and any subsequent appeals or reviews have determined that drainage of the wetland had been commenced prior to December 23, 1985;

(5) activities exempted from federal regulation under United States Code, title 33, section 1344(f);

(6) activities authorized under, and conducted in accordance with, an applicable general permit issued by the United States Army Corps of Engineers under section 404 of the federal Clean Water Act, United States Code, title 33, section 1344, except the nationwide permit in Code of Federal Regulations, title 33, section 330.5, paragraph (a), clause (14), limited to when a new road crosses a wetland, and all of clause (26);

(7) activities in a type 1 wetland on agricultural land, as defined in United States Fish and Wildlife Circular No. 39 (1971 edition) except for bottomland hardwood type 1 wetlands;

(8) activities in a type 2 wetland that is two acres in size or less located on agricultural land;

(9) activities in a wetland restored for conservation purposes under a contract or easement providing the landowner with the right to drain the restored wetland;

(10) activities in a wetland created solely as a result of:

(i) beaver dam construction;

(ii) blockage of culverts through roadways maintained by a public or private entity;

(iii) actions by public entities that were taken for a purpose other than creating the wetland; or

(iv) any combination of (i) to (iii);

(11) placement, maintenance, repair, enhancement, or replacement of utility or utility-type service, including the transmission, distribution, or furnishing, at wholesale or retail, of natural or manufactured gas, electricity, telephone, or radio service or communications if:

(i) the impacts of the proposed project on the hydrologic and biological characteristics of the wetland have been avoided and minimized to the extent possible; and

(ii) the proposed project significantly modifies or alters less than one-half acre of wetlands;

(12) activities associated with routine maintenance of utility and pipeline rights-of-way, provided the activities do not result in additional intrusion into the wetland;

(13) alteration of a wetland associated with the operation, maintenance, or repair of an interstate pipeline;

(14) temporarily crossing or entering a wetland to perform silvicultural activities, including timber harvest as part of a forest management activity, so long as the activity limits the impact on the hydrologic and biologic characteristics of the wetland; the activities do not result in the construction of dikes, drainage ditches, tile lines, or buildings; and the timber harvesting and other silvicultural practices do not result in the drainage of the wetland or public waters;

(15) permanent access for forest roads across wetlands so long as the activity limits the impact on the hydrologic and biologic characteristics of the wetland; the construction activities do not result in the access becoming a dike, drainage ditch or tile line; with filling avoided wherever possible; and there is no drainage of the wetland or public waters;

(16) ~~activities associated with routine maintenance or repair of existing public highways, roads, streets, and bridges, provided the activities do not result in additional intrusion into the wetland outside of the existing right-of-way~~ draining or filling up to one-half acre of wetlands for the repair, rehabilitation, or replacement of a previously authorized, currently serviceable existing public road, provided that minor deviations in the public road's configuration or filled area, including those due to changes in materials, construction techniques, or current construction codes or safety standards, that are necessary to make repairs, rehabilitation, or replacement are allowed if the wetland draining or filling resulting from the repair, rehabilitation, or replacement is minimized;

(17) emergency repair and normal maintenance and repair of existing public works, provided the activity does not result in additional intrusion of the public works into the wetland and do not result in the draining or filling, wholly or partially, of a wetland;

(18) normal maintenance and minor repair of structures causing no additional intrusion of an existing structure into the wetland, and maintenance and repair of private crossings that do not result in the draining or filling, wholly or partially, of a wetland;

(19) duck blinds;

(20) aquaculture activities, including pond excavation and construction and maintenance of associated access roads and dikes authorized under, and conducted in accordance with, a permit issued by the United States Army Corps of Engineers under section 404 of the federal Clean Water Act, United States Code, title 33, section 1344, but not including construction or expansion of buildings;

(21) wild rice production activities, including necessary diking and other activities authorized under a permit issued by the United State Army Corps of Engineers under section 404 of the federal Clean Water Act, United States Code, title 33, section 1344;

In the seven-county metropolitan area and in cities of the first and second class, plat approval must be preliminary as approved by the appropriate governing body; and

(25) activities that result in the draining or filling of less than 400 square feet of wetlands.

(b) For the purpose of paragraph (a), clause (16), "currently serviceable" means useable as is or with some maintenance, but not so degraded as to essentially require reconstruction. Paragraph (a), clause (16), authorizes the repair, rehabilitation, or replacement of public roads destroyed by storms, floods, fire, or other discrete events, provided the repair, rehabilitation, or replacement is commenced or under contract to commence within two years of the occurrence of the destruction or damage.

ARTICLE 2

JURISDICTION

PART A. EXTENDED PERSONAL JURISDICTION

Section 1. [518C.201] [BASES FOR JURISDICTION OVER NONRESIDENT.]

In a proceeding to establish, enforce, or modify a support order or to determine parentage, a tribunal of this state may exercise personal jurisdiction over a nonresident individual or the individual's guardian or conservator if:

(1) the individual is personally served with a summons or comparable document within this state;

(2) the individual submits to the jurisdiction of this state by consent, by entering a general appearance, or by filing a responsive document having the effect of waiving any contest to personal jurisdiction;

(3) the individual resided with the child in this state;

(4) the individual resided in this state and provided prenatal expenses or support for the child;

(5) the child resides in this state as a result of the acts or directives of the individual;

(6) the individual engaged in sexual intercourse in this state and the child may have been conceived by that act of intercourse;

(7) the individual asserted parentage under sections 257.51 to 257.75; or

(8) there is any other basis consistent with the constitutions of this state and the United States for the exercise of personal jurisdiction.

Sec. 2. [518C.202] [PROCEDURE WHEN EXERCISING JURISDICTION OVER NONRESIDENT.]

A tribunal of this state exercising personal jurisdiction over a nonresident under section 518C.201 may apply section 518C.316 to receive evidence from another state, and section 518C.318 to obtain discovery through a tribunal of another state. In all other respects, articles 3 to 7 do not apply and the tribunal shall apply the procedural and substantive law of this state, including the rules on choice of law other than those established by this chapter.

PART B. PROCEEDINGS INVOLVING TWO OR MORE STATES

Sec. 3. [518C.203] [INITIATING AND RESPONDING TRIBUNAL OF THIS STATE.]

Under this chapter, a tribunal of this state may serve as an initiating tribunal to forward proceedings to another state and as a responding tribunal for proceedings initiated in another state.

Sec. 4. [518C.204] [SIMULTANEOUS PROCEEDINGS IN ANOTHER STATE.]

(a) A tribunal of this state may exercise jurisdiction to establish a support order if the petition or comparable pleading is filed after a petition or comparable pleading is filed in another state only if:

(1) the petition or comparable pleading in this state is filed before the expiration of the time allowed in the other state for filing a responsive pleading challenging the exercise of jurisdiction by the other state;

(2) the contesting party timely challenges the exercise of jurisdiction in the other state; and

(3) if relevant, this state is the home state of the child.

(b) A tribunal of this state may not exercise jurisdiction to establish a support order if the petition or comparable pleading is filed before a petition or comparable pleading is filed in another state if:

(1) the petition or comparable pleading in the other state is filed before the expiration of the time allowed in this state for filing a responsive pleading challenging the exercise of jurisdiction by this state;

(2) the contesting party timely challenges the exercise of jurisdiction in this state; and

(3) if relevant, the other state is the home state of the child.

Sec. 5. [518C.205] [CONTINUING, EXCLUSIVE JURISDICTION.]

(a) A tribunal of this state issuing a support order consistent with the law of this state has continuing, exclusive jurisdiction over a child support order:

(1) as long as this state remains the residence of the obligor, the individual obligee, or the child for whose benefit the support order is issued; or

(2) until each individual party has filed written consent with the tribunal of this state for a tribunal of another state to modify the order and assume continuing, exclusive jurisdiction.

(b) A tribunal of this state issuing a child support order consistent with the law of this state may not exercise its continuing jurisdiction to modify the order if the order has been modified by a tribunal of another state pursuant to a law substantially similar to this chapter.

(c) If a child support order of this state is modified by a tribunal of another state pursuant to a law substantially similar to this chapter, a tribunal of this state loses its continuing, exclusive jurisdiction with regard to prospective enforcement of the order issued in this state, and may only:

(1) enforce the order that was modified as to amounts accruing before the modification;

(2) enforce nonmodifiable aspects of that order; and

(3) provide other appropriate relief for violations of that order which occurred before the effective date of the modification.

(d) A tribunal of this state shall recognize the continuing, exclusive jurisdiction of a tribunal of another state which has issued a child support order pursuant to a law substantially similar to this chapter.

(e) A temporary support order issued ex parte or pending resolution of a jurisdictional conflict does not create continuing, exclusive jurisdiction in the issuing tribunal.

(f) A tribunal of this state issuing a support order consistent with the law of this state has continuing, exclusive jurisdiction over a spousal support order throughout the existence of the support obligation. A tribunal of this state may not modify a spousal support order issued by a tribunal of another state having continuing, exclusive jurisdiction over that order under the law of that state.

Sec. 6. [518C.206] [ENFORCEMENT AND MODIFICATION OF SUPPORT ORDER BY TRIBUNAL HAVING CONTINUING JURISDICTION.]

(a) A tribunal of this state may serve as an initiating tribunal to request a tribunal of another state to enforce or modify a support order issued in that state.

(b) A tribunal of this state having continuing, exclusive jurisdiction over a support order may act as a responding tribunal to enforce or modify the order. If a party subject to the continuing, exclusive jurisdiction of the tribunal no longer resides in the issuing state, in subsequent proceedings the tribunal may apply section 518C.316 to receive evidence from another state and section 518C.318 to obtain discovery through a tribunal of another state.

(c) A tribunal of this state which lacks continuing, exclusive jurisdiction over a spousal support order may not serve as a responding tribunal to modify a spousal support order of another state.

PART C. RECONCILIATION WITH ORDERS OF OTHER STATES

Sec. 7. [518C.207] [RECOGNITION OF CHILD SUPPORT ORDERS.]

(a) If a proceeding is brought under this chapter, and one or more child support orders have been issued in this or another state with regard to an obligor and a child, a tribunal of this state shall apply the following rules in determining which order to recognize for purposes of continuing, exclusive jurisdiction:

(1) If only one tribunal has issued a child support order, the order of that tribunal must be recognized.

(2) If two or more tribunals have issued child support orders for the same obligor and child, and only one of the tribunals would have continuing, exclusive jurisdiction under this chapter, the order of that tribunal must be recognized.

(3) If two or more tribunals have issued child support orders for the same obligor and child, and more than one of the tribunals would have continuing, exclusive jurisdiction under this chapter, an order issued by a tribunal in the current home state of the child must be recognized, but if an order has not been issued in the current home state of the child, the order most recently issued must be recognized.

(4) If two or more tribunals have issued child support orders for the same obligor and child, and none of the tribunals would have continuing, exclusive jurisdiction under this chapter, the tribunal of this state may issue a child support order, which must be recognized.

(b) The tribunal that has issued an order recognized under paragraph (a) is the tribunal having continuing, exclusive jurisdiction.

Sec. 8. [518C.208] [MULTIPLE CHILD SUPPORT ORDERS FOR TWO OR MORE OBLIGEES.]

In responding to multiple registrations or petitions for enforcement of two or more child support orders in effect at the same time with regard to the same obligor and different individual obligees, at least one of which was issued by a tribunal of another state, a tribunal of this state shall enforce those orders in the same manner as if the multiple orders had been issued by a tribunal of this state.

Sec. 9. [518C.209] [CREDIT FOR PAYMENTS.]

Amounts collected and credited for a particular period pursuant to a support order issued by a tribunal of another state must be credited against the amounts accruing or accrued for the same period under a support order issued by the tribunal of this state.

(2) request an appropriate tribunal to set a date, time, and place for a hearing;

(3) make a reasonable effort to obtain all relevant information, including information as to income and property of the parties;

(4) within two days, exclusive of Saturdays, Sundays, and legal holidays, after receipt of a written notice from an initiating, responding, or registering tribunal, send a copy of the notice by first class mail to the petitioner;

(5) within two days, exclusive of Saturdays, Sundays, and legal holidays, after receipt of a written communication from the respondent or the respondent's attorney, send a copy of the communication by first class mail to the petitioner; and

(6) notify the petitioner if jurisdiction over the respondent cannot be obtained.

(c) This chapter does not create or negate a relationship of attorney and client or other fiduciary relationship between a support enforcement agency or the attorney for the agency and the individual being assisted by the agency.

Sec. 8. [518C.308] [DUTY OF ATTORNEY GENERAL.]

If the attorney general determines that the support enforcement agency is neglecting or refusing to provide services to an individual, the attorney general may order the agency to perform its duties under this chapter or may provide those services directly to the individual.

Sec. 9. [518C.309] [PRIVATE COUNSEL.]

An individual may employ private counsel to represent the individual in proceedings authorized by this chapter.

Sec. 10. [518C.310] [DUTIES OF STATE INFORMATION AGENCY.]

(a) The unit within the department of human services that receives and disseminates incoming interstate actions under title IV-D of the Social Security Act from section 518C.02, subdivision 1a, is the state information agency under this chapter.

(b) The state information agency shall:

(1) compile and maintain a current list, including addresses, of the tribunals in this state which have jurisdiction under this chapter and any support enforcement agencies in this state and transmit a copy to the state information agency of every other state;

(2) maintain a register of tribunals and support enforcement agencies received from other states;

(3) forward to the appropriate tribunal in the place in this state in which the individual obligee or the obligor resides, or in which the obligor's property is believed to be located, all documents concerning a proceeding under this chapter received from an initiating tribunal or the state information agency of the initiating state; and

(4) obtain information concerning the location of the obligor and the obligor's property within this state not exempt from execution, by such means as postal verification and federal or state locator services, examination of telephone directories, requests for the obligor's address from employers, and examination of governmental records, including, to the extent not prohibited by other law, those relating to real property, vital statistics, law enforcement, taxation, motor vehicles, driver's licenses, and social security.

Sec. 11. [518C.311] [PLEADINGS AND ACCOMPANYING DOCUMENTS.]

(a) A petitioner seeking to establish or modify a support order or to determine parentage in a proceeding under this chapter must verify the petition. Unless otherwise ordered under section 518C.312, the petition or accompanying documents must provide, so far as known, the name, residential address, and social security numbers of the obligor and the obligee, and the name, sex, residential address, social security number, and date of birth of each child for whom support is sought. The petition must be accompanied by a certified copy of any support order in effect. The petition may include any other information that may assist in locating or identifying the respondent.

(b) The petition must specify the relief sought. The petition and accompanying documents must conform substantially with the requirements imposed by the forms mandated by federal law for use in cases filed by a support enforcement agency.

Sec. 12. [518C.312] [NONDISCLOSURE OF INFORMATION IN EXCEPTIONAL CIRCUMSTANCES.]

Upon a finding, which may be made ex parte, that the health, safety, or liberty of a party or child would be unreasonably put at risk by the disclosure of identifying information, or if an existing order so provides, a tribunal shall order that the address of the child or party or other identifying information not be disclosed in a pleading or other document filed in a proceeding under this chapter.

Sec. 13. [518C.313] [COSTS AND FEES.]

(a) The petitioner may not be required to pay a filing fee or other costs.

(b) If an obligee prevails, a responding tribunal may assess against an obligor filing fees, reasonable attorney's fees, other costs, and necessary travel and other reasonable expenses incurred by the obligee and the obligee's witnesses. The tribunal may not assess fees, costs, or expenses against the obligee or the support enforcement agency of either the initiating or the responding state, except as provided by other law. Attorney's fees may be taxed as costs, and may be ordered paid directly to the attorney, who may enforce the order in the attorney's own name. Payment of support owed to the obligee has priority over fees, costs, and expenses.

(c) The tribunal shall order the payment of costs and reasonable attorney's fees if it determines that a hearing was requested primarily for delay. In a proceeding under article 6, a hearing is presumed to have been requested primarily for delay if a registered support order is confirmed or enforced without change.

Sec. 14. [518C.314] [LIMITED IMMUNITY OF PETITIONER.]

(a) Participation by a petitioner in a proceeding before a responding tribunal, whether in person, by private attorney, or through services provided by the support enforcement agency, does not confer personal jurisdiction over the petitioner in another proceeding.

(b) A petitioner is not amenable to service of civil process while physically present in this state to participate in a proceeding under this chapter.

(c) The immunity granted by this section does not extend to civil litigation based on acts unrelated to a proceeding under this chapter committed by a party while present in this state to participate in the proceeding.

Sec. 15. [518C.315] [NONPARENTAGE AS DEFENSE.]

A party whose parentage of a child has been previously determined by or pursuant to law may not plead nonparentage as a defense to a proceeding under this chapter.

Sec. 16. [518C.316] [SPECIAL RULES OF EVIDENCE AND PROCEDURE.]

(a) The physical presence of the petitioner in a responding tribunal of this state is not required for the establishment, enforcement, or modification of a support order or the rendition of a judgment determining parentage.

(b) A verified petition, affidavit, document substantially complying with federally mandated forms, and a document incorporated by reference in any of them, not excluded under the hearsay rule if given in person, is admissible in evidence if given under oath by a party or witness residing in another state.

(c) A copy of the record of child support payments certified as a true copy of the original by the custodian of the record may be forwarded to a responding tribunal. The copy is evidence of facts asserted in it, and is admissible to show whether payments were made.

(d) Copies of bills for testing for parentage, and for prenatal and postnatal health care of the mother and child, furnished to the adverse party at least ten days before trial, are admissible in evidence to prove the amount of the charges billed and that the charges were reasonable, necessary, and customary.

(e) Documentary evidence transmitted from another state to a tribunal of this state by telephone, telecopier, or other means that do not provide an original writing may not be excluded from evidence on an objection based on the means of transmission.

(f) In a proceeding under this chapter, a tribunal of this state may permit a party or witness residing in another state to be deposed or to testify by telephone, audiovisual means, or other electronic means at a designated tribunal or other location in that state. A tribunal of this state shall cooperate with tribunals of other states in designating an appropriate location for the deposition or testimony.

(g) If a party called to testify at a civil hearing refuses to answer on the ground that the testimony may be self-incriminating, the trier of fact may draw an adverse inference from the refusal.

(h) A privilege against disclosure of communications between spouses does not apply in a proceeding under this chapter.

(i) The defense of immunity based on the relationship of husband and wife or parent and child does not apply in a proceeding under this chapter.

Sec. 17. [518C.317] [COMMUNICATIONS BETWEEN TRIBUNALS.]

A tribunal of this state may communicate with a tribunal of another state in writing, or by telephone or other means, to obtain information concerning the laws of that state, the legal effect of a judgment, decree, or order of that tribunal, and the status of a proceeding in the other state. A tribunal of this state may furnish similar information by similar means to a tribunal of another state.

Sec. 18. [518C.318] [ASSISTANCE WITH DISCOVERY.]

A tribunal of this state may:

(1) request a tribunal of another state to assist in obtaining discovery; and

(2) upon request, compel a person over whom it has jurisdiction to respond to a discovery order issued by a tribunal of another state.

Sec. 19. [518C.319] [RECEIPT AND DISBURSEMENT OF PAYMENTS.]

A support enforcement agency or tribunal of this state shall disburse promptly any amounts received pursuant to a support order, as directed by the order. The agency or tribunal shall furnish to a requesting party or tribunal of another state a certified statement by the custodian of the record of the amounts and dates of all payments received.

ARTICLE 4

ESTABLISHMENT OF SUPPORT ORDER

Section 1. [518C.401] [PETITION TO ESTABLISH SUPPORT ORDER.]

(a) If a support order entitled to recognition under this chapter has not been issued, a responding tribunal of this state may issue a support order if:

(1) the individual seeking the order resides in another state; or

(2) the support enforcement agency seeking the order is located in another state.

(b) The tribunal may issue a temporary child support order if:

(1) the respondent has signed a verified statement acknowledging parentage;

(2) the respondent has been determined by or pursuant to law to be the parent; or

(3) there is other clear and convincing evidence that the respondent is the child's parent.

(c) Upon finding, after notice and opportunity to be heard, that an obligor owes a duty of support, the tribunal shall issue a support order directed to the obligor and may issue other orders pursuant to section 518C.305.

ARTICLE 5

DIRECT ENFORCEMENT OF ORDER
OF ANOTHER STATE WITHOUT REGISTRATION

Section 1. [518C.501] [RECOGNITION OF INCOME-WITHHOLDING ORDER OF ANOTHER STATE.]

(a) An income-withholding order issued in another state may be sent by first class mail to the person or entity defined as the obligor's employer under section 518.611 or 518.613 without first filing a petition or comparable pleading or registering the order with a tribunal of this state. Upon receipt of the order, the employer shall:

(1) treat an income-withholding order issued in another state which appears regular on its face as if it had been issued by a tribunal of this state;

(2) immediately provide a copy of the order to the obligor; and

(3) distribute the funds as directed in the withholding order.

(b) An obligor may contest the validity or enforcement of an income-withholding order issued in another state in the same manner as if the order had been issued by a tribunal of this state. Section 518C.604 applies to the contest. The obligor shall give notice of the contest to any support enforcement agency providing services to the obligee and to:

(1) the person or agency designated to receive payments in the income-withholding order; or

(2) if no person or agency is designated, the obligee.

Sec. 2. [518C.502] [ADMINISTRATIVE ENFORCEMENT OF ORDERS.]

(a) A party seeking to enforce a support order or an income-withholding order, or both, issued by a tribunal of another state may send the documents required for registering the order to a support enforcement agency of this state.

(b) Upon receipt of the documents, the support enforcement agency, without initially seeking to register the order, shall consider and, if appropriate, use any administrative procedure authorized by the law of this state to enforce a support order or an income-withholding order, or both. If the obligor does not contest administrative enforcement, the order need not be registered. If the obligor contests the validity or administrative enforcement of the order, the support enforcement agency shall register the order pursuant to this chapter.

ARTICLE 6

ENFORCEMENT AND MODIFICATION
OF SUPPORT ORDER AFTER REGISTRATION

PART A. REGISTRATION AND ENFORCEMENT OF SUPPORT ORDER

Section 1. [518C.601] [REGISTRATION OF ORDER FOR ENFORCEMENT.]

A support order or an income-withholding order issued by a tribunal of another state may be registered in this state for enforcement.

Sec. 2. [518C.602] [PROCEDURE TO REGISTER ORDER FOR ENFORCEMENT.]

(a) A support order or income-withholding order of another state may be registered in this state by sending the following documents and information to the registering tribunal in this state:

(1) a letter of transmittal to the tribunal requesting registration and enforcement;

(2) two copies, including one certified copy, of all orders to be registered, including any modification of an order;

(3) a sworn statement by the party seeking registration or a certified statement by the custodian of the records showing the amount of any arrearage;

(4) the name of the obligor and, if known:

(i) the obligor's address and social security number;

(ii) the name and address of the obligor's employer and any other source of income of the obligor; and

(iii) a description and the location of property of the obligor in this state not exempt from execution; and

(5) the name and address of the obligee and, if applicable, the agency or person to whom support payments are to be remitted.

(b) On receipt of a request for registration, the registering tribunal shall cause the order to be filed as a foreign judgment, together with one copy of the documents and information, regardless of their form.

(c) A petition or comparable pleading seeking a remedy that must be affirmatively sought under other law of this state may be filed at the same time as the request for registration or later. The pleading must specify the grounds for the remedy sought.

Sec. 3. [518C.603] [EFFECT OF REGISTRATION FOR ENFORCEMENT.]

(a) A support order or income-withholding order issued in another state is registered when the order is filed in the registering tribunal of this state.

(b) A registered order issued in another state is enforceable in the same manner and is subject to the same procedures as an order issued by a tribunal of this state.

(c) Except as otherwise provided in this article, a tribunal of this state shall recognize and enforce, but may not modify, a registered order if the issuing tribunal had jurisdiction.

Sec. 4. [518C.604] [CHOICE OF LAW.]

(a) The law of the issuing state governs the nature, extent, amount, and duration of current payments and other obligations of support and the payment of arrearages under the order.

(b) In a proceeding for arrearages, the statute of limitation under the laws of this state or of the issuing state, whichever is longer, applies.

PART B. CONTEST OF VALIDITY OR ENFORCEMENT

Sec. 5. [518C.605] [NOTICE OF REGISTRATION OF ORDER.]

(a) When a support order or income-withholding order issued in another state is registered, the registering tribunal shall notify the nonregistering party. Notice must be given by certified or registered mail or by any means of personal service authorized by the law of this state. The notice must be accompanied by a copy of the registered order and the documents and relevant information accompanying the order.

(b) The notice must inform the nonregistering party:

(1) that a registered order is enforceable as of the date of registration in the same manner as an order issued by a tribunal of this state;

(2) that a hearing to contest the validity or enforcement of the registered order must be requested within 20 days after the date of mailing or personal service of the notice;

(3) that failure to contest the validity or enforcement of the registered order in a timely manner will result in confirmation of the order and enforcement of the order and the alleged arrearages and precludes further contest of that order with respect to any matter that could have been asserted; and

(4) of the amount of any alleged arrearages.

(c) Upon registration of an income-withholding order for enforcement, the registering tribunal shall notify the obligor's employer pursuant to section 518.611 or 518.613.

Sec. 6. [518C.606] [PROCEDURE TO CONTEST VALIDITY OR ENFORCEMENT OF REGISTERED ORDER.]

(a) A nonregistering party seeking to contest the validity or enforcement of a registered order in this state shall request a hearing within 20 days after the date of mailing or personal service of notice of the registration. The nonregistering party may seek to vacate the registration, to assert any defense to an allegation of noncompliance with the registered order, or to contest the remedies being sought or the amount of any alleged arrearages pursuant to section 518C.607.

(b) If the nonregistering party fails to contest the validity or enforcement of the registered order in a timely manner, the order is confirmed by operation of law.

(c) If a nonregistering party requests a hearing to contest the validity or enforcement of the registered order, the registering tribunal shall schedule the matter for hearing and give notice to the parties by first class mail of the date, time, and place of the hearing.

Sec. 7. [518C.607] [CONTEST OF REGISTRATION OR ENFORCEMENT.]

(a) A party contesting the validity or enforcement of a registered order or seeking to vacate the registration has the burden of proving one or more of the following defenses:

(1) the issuing tribunal lacked personal jurisdiction over the contesting party;

(2) the order was obtained by fraud;

(3) the order has been vacated, suspended, or modified by a later order;

(4) the issuing tribunal has stayed the order pending appeal;

(5) there is a defense under the law of this state to the remedy sought;

(6) full or partial payment has been made; or

(7) the statute of limitation under section 518C.604 precludes enforcement of some or all of the arrearages.

(b) If a party presents evidence establishing a full or partial defense under paragraph (a), a tribunal may stay enforcement of the registered order, continue the proceeding to permit production of additional relevant evidence, and issue other appropriate orders. An uncontested portion of the registered order may be enforced by all remedies available under the law of this state.

(c) If the contesting party does not establish a defense under paragraph (a) to the validity or enforcement of the order, the registering tribunal shall issue an order confirming the order.

Sec. 8. [518C.608] [CONFIRMED ORDER.]

If a contesting party has received notice of registration under section 518C.605, confirmation of a registered order, whether by operation of law or after notice and hearing, precludes further contest of the order based upon facts that were known by the contesting party at the time of registration with respect to any matter that could have been asserted at the time of registration.

PART C. REGISTRATION AND MODIFICATION
OF CHILD SUPPORT ORDER

Sec. 9. [518C.609] [PROCEDURE TO REGISTER CHILD SUPPORT ORDER OF ANOTHER STATE FOR MODIFICATION.]

A party or support enforcement agency seeking to modify, or to modify and enforce, a child support order issued in another state shall register that order in this state in the same manner provided in part A of this article if the order has not been registered. A petition for modification may be filed at the same time as a request for registration, or later. The pleading must specify the grounds for modification.

Sec. 10. [518C.610] [EFFECT OF REGISTRATION FOR MODIFICATION.]

A tribunal of this state may enforce a child support order of another state registered for purposes of modification, in the same manner as if the order had been issued by a tribunal of this state, but the registered order may be modified only if the requirements of section 518C.611 have been met.

Sec. 11. [518C.611] [MODIFICATION OF CHILD SUPPORT ORDER OF ANOTHER STATE.]

(a) After a child support order issued in another state has been registered in this state, the responding tribunal of this state may modify that order only if, after notice and hearing, it finds that:

(1) the following requirements are met:

(i) the child, the individual obligee, and the obligor do not reside in the issuing state;

(ii) a petitioner who is a nonresident of this state seeks modification; and

(iii) the respondent is subject to the personal jurisdiction of the tribunal of this state; or

(2) an individual party or the child is subject to the personal jurisdiction of the tribunal and all of the individual parties have filed a written consent in the issuing tribunal providing that a tribunal of this state may modify the support order and assume continuing, exclusive jurisdiction over the order.

(b) Modification of a registered child support order is subject to the same requirements, procedures, and defenses that apply to the modification of an order issued by a tribunal of this state and the order may be enforced and satisfied in the same manner.

(c) A tribunal of this state may not modify any aspect of a child support order that may not be modified under the law of the issuing state.

(d) On issuance of an order modifying a child support order issued in another state, a tribunal of this state becomes the tribunal of continuing, exclusive jurisdiction.

(e) Within 30 days after issuance of a modified child support order, the party obtaining the modification shall file a certified copy of the order with the issuing tribunal which had continuing, exclusive jurisdiction over the earlier order, and in each tribunal in which the party knows that earlier order has been registered.

Sec. 12. [518C.612] [RECOGNITION OF ORDER MODIFIED IN ANOTHER STATE.]

A tribunal of this state shall recognize a modification of its earlier child support order by a tribunal of another state which assumed jurisdiction pursuant to a law substantially similar to this chapter and, upon request, except as otherwise provided in this chapter, shall:

(1) enforce the order that was modified only as to amounts accruing before the modification;

(2) enforce only nonmodifiable aspects of that order;

(3) provide other appropriate relief only for violations of that order which occurred before the effective date of the modification; and

(4) recognize the modifying order of the other state, upon registration, for the purpose of enforcement.

ARTICLE 7

DETERMINATION OF PARENTAGE

Section 1. [518C.701] [PROCEEDING TO DETERMINE PARENTAGE.]

(a) A tribunal of this state may serve as an initiating or responding tribunal in a proceeding brought under this chapter or a law substantially similar to this chapter, the uniform reciprocal enforcement of support act, or the revised uniform reciprocal enforcement of support act to determine that the petitioner is a parent of a particular child or to determine that a respondent is a parent of that child.

(b) In a proceeding to determine parentage, a responding tribunal of this state shall apply the parentage act, sections 257.51 to 257.74, and the rules of this state on choice of law.

ARTICLE 8

INTERSTATE RENDITION

Section 1. [518C.801] [GROUNDS FOR RENDITION.]

(a) For purposes of this article, "governor" includes an individual performing the functions of governor or the executive authority of a state covered by this chapter.

(b) The governor of this state may:

(1) demand that the governor of another state surrender an individual found in the other state who is charged criminally in this state with having failed to provide for the support of an obligee; or

(2) on the demand by the governor of another state, surrender an individual found in this state who is charged criminally in the other state with having failed to provide for the support of an obligee.

(c) A provision for extradition of individuals not inconsistent with this chapter applies to the demand even if the individual whose surrender is demanded was not in the demanding state when the crime was allegedly committed and has not fled therefrom.

Sec. 2. [518C.802] [CONDITIONS OF RENDITION.]

(a) Before making demand that the governor of another state surrender an individual charged criminally in this state with having failed to provide for the support of an obligee, the governor of this state may require a prosecutor of this state to demonstrate that at least 60 days previously the obligee had initiated proceedings for support pursuant to this chapter or that the proceeding would be of no avail.

(b) If, under this chapter or a law substantially similar to this chapter, the uniform reciprocal enforcement of support act, or the revised uniform reciprocal enforcement of support act, the governor of another state makes a demand that the governor of this state surrender an individual charged criminally in that state with having failed to provide for the support of a child or other individual to whom a duty of support is owed, the governor may require a prosecutor to investigate the demand and report whether a proceeding for support has been initiated or would be effective. If it appears that a proceeding would be effective but has not been initiated, the governor may delay honoring the demand for a reasonable time to permit the initiation of a proceeding.

(c) If a proceeding for support has been initiated and the individual whose rendition is demanded prevails, the governor may decline to honor the demand. If the petitioner prevails and the individual whose rendition is demanded is subject to a support order, the governor may decline to honor the demand if the individual is complying with the support order.

ARTICLE 9

ARTICLE 10

ADMINISTRATIVE PROCESS

Section 1. [518.5511] [ADMINISTRATIVE PROCESS FOR CHILD AND MEDICAL SUPPORT ORDERS.]

Subdivision 1. [GENERAL.] (a) An administrative process is established to obtain, modify, and enforce child and medical support orders and modify maintenance if combined with a child support proceeding.

(b) All proceedings for obtaining, modifying, or enforcing child and medical support orders and modifying maintenance orders if combined with a child support proceeding, are required to be conducted in the administrative process when the public authority is a party or provides services to a party or parties to the proceedings. At county option, the administrative process may include contempt motions or actions to establish parentage. Nothing contained herein shall prevent a party, upon timely notice to the public authority, from commencing an action or bringing a motion for the establishment, modification, or enforcement of child support or modification of maintenance orders if combined with a child support proceeding in district court, if additional issues involving domestic abuse, establishment or modification of custody or visitation, property issues, or other issues outside the jurisdiction of the administrative process, are part of the motion or action, or from proceeding with a motion or action brought by another party containing one or more of these issues if it is pending in district court.

(c) A party may make a written request to the public authority to initiate an uncontested administrative proceeding. If the public authority denies the request, the public authority shall issue a summary order which denies the request for relief, states the reasons for the denial, and notifies the party of the right to commence an action for relief. If the party commences an action or serves and files a motion within 30 days after the public authority's denial and the party's action results in a modification of a child support order, the modification may be retroactive to the date the written request was received by the public authority.

(d) After August 1, 1994, all counties shall participate in the administrative process established in this section in accordance with a statewide implementation plan to be set forth by the commissioner of human services. No county shall be required to participate in the administrative process until after the county has been trained. The implementation plan shall include provisions for training the counties by region no later than July 1, 1995.

Subd. 2. [UNCONTESTED ADMINISTRATIVE PROCEEDING.] (a) A party may petition the chief administrative law judge, the chief district court judge, or the chief family court referee to proceed immediately to a contested hearing upon good cause shown.

(b) The public authority shall give the parties written notice requesting the submission of information necessary for the public authority to prepare a proposed child support order. The written notice shall be sent by first-class mail to the parties' last known addresses. The written notice shall describe the information requested, state the purpose of the request, state the date by which the information must be postmarked or received (which shall be at least 30 days from the date of the mailing of the written notice), state that if the information is not postmarked or received by that date, the public authority will prepare a proposed order on the basis of the information available, and identify the type of information which will be considered.

(c) Following the submission of information or following the date when the information was due, the public authority shall, on the basis of all information available, complete and sign a proposed child support order and notice. In preparing the proposed child support order, the public authority will establish child support in the highest amount permitted under section 518.551, subdivision 5. The proposed order shall include written findings in accordance with section 518.551, subdivision 5, clauses (i) and (j). The notice shall state that the proposed child support order will be entered as a final and binding default order unless one of the parties requests a conference under subdivision 3 within 14 days following the date of service of the proposed child support order. The method for requesting the conference shall be stated in the notice. The notice and proposed child support order shall be served under the rules of civil procedure. For the purposes of the contested hearing, and notwithstanding any law or rule to the contrary, the service of the proposed order pursuant to this paragraph shall be deemed to have commenced a proceeding and the judge, including an administrative law judge or a referee, shall have jurisdiction over the contested hearing.

(d) If a conference under subdivision 3 is not requested by a party within 14 days after the date of service of the proposed child support order, the public authority may enter the proposed order as the default order. The default order becomes effective 30 days after the date of service of the notice in paragraph (c). The public authority may also prepare and serve a new notice and proposed child support order if new information is subsequently obtained. The default child support order shall be a final order, and shall be served under the rules of civil procedure.

(e) The public authority shall file in the district court copies of all notices served on the parties, proof of service, and all orders.

Subd. 3. [ADMINISTRATIVE CONFERENCE.] (a) If a party requests a conference within 14 days of the date of service of the proposed order, the public authority shall schedule a conference, and shall serve written notice of the date, time, and place of the conference on the parties.

(b) The purpose of the conference is to review all available information and seek an agreement to enter a consent child support order. The notice shall state the purpose of the conference, and that the proposed child support order will be entered as a final and binding default order if the requesting party fails to appear at the conference. The notice shall be served on the parties by first-class mail at their last known addresses, and the method of service shall be documented in the public authority file.

(c) A party alleging domestic abuse by the other party shall not be required to participate in a conference. In such a case, the public authority shall meet separately with the parties in order to determine whether an agreement can be reached.

(d) If the party requesting the conference does not appear and fails to provide a written excuse (with supporting documentation if relevant) to the public authority within seven days after the date of the conference which constitutes good cause, the public authority may enter a default child support order through the uncontested administrative process. The public authority shall not enter the default order until at least seven days after the date of the conference.

For purposes of this section, misrepresentation, excusable neglect, or circumstances beyond the control of the person who requested the conference which prevented the person's appearance at the conference constitutes good cause for failure to appear. If the public authority finds good cause, the conference shall be rescheduled by the public authority and the public authority shall send notice as required under this subdivision.

(e) If the parties appear at the conference, the public authority shall seek agreement of the parties to the entry of a consent child support order which establishes child support in accordance with applicable law. The public authority shall advise the parties that if a consent order is not entered, the matter will be scheduled for a hearing before an administrative law judge, or a district court judge or referee, and that the public authority will seek the establishment of child support at the hearing in accordance with the highest amount permitted under section 518.551, subdivision 5. If an agreement to enter the consent order is not reached at the conference, the public authority shall schedule the matter before an administrative law judge, district court judge, or referee.

(f) If an agreement is reached by the parties at the conference, a consent child support order shall be prepared by the public authority, and shall be signed by the parties. All consent and default orders shall be signed by the nonattorney employee of the public authority and shall be submitted to an administrative law judge or the district court for countersignature. The order is effective upon the signature by the administrative law judge or the district court and is retroactive to the date of signature by the nonattorney employee of the public authority. The consent order shall be served on the parties under the rules of civil procedure.

Subd. 4. [CONTESTED ADMINISTRATIVE PROCEEDING.] (a) The commissioner of human services is authorized to designate counties to use the contested administrative hearing process based upon federal guidelines for county performance. The contested administrative hearing process may also be initiated upon request of a county board. The administrative hearing process shall be implemented in counties designated by the commissioner.

In counties designated by the commissioner, contested hearings required under this section shall be scheduled before administrative law judges, and shall be conducted in accordance with the provisions under this section. In counties not designated by the commissioner, contested hearings shall be conducted in district court in accordance with the rules of civil procedure and the rules of family court.

(b) An administrative law judge may approve a stipulation reached on a contempt motion brought by the public authority. Any stipulation that involves a finding of contempt and a jail sentence, whether stayed or imposed, shall require the review and signature of a district court judge.

(c) For the purpose of this process, all powers, duties, and responsibilities conferred on judges of the district court to obtain and enforce child and medical support and maintenance obligations, subject to the limitation set forth herein, are conferred on the administrative law judge conducting the proceedings, including the power to issue subpoenas, to issue orders to show cause, and to issue bench warrants for failure to appear.

(d) Before implementing the process in a county, the chief administrative law judge, the commissioner of human services, the director of the county human services agency, the county attorney, the county court administrator, and the county sheriff shall jointly establish procedures, and the county shall provide hearing facilities for implementing this process in the county. A contested administrative hearing shall be conducted in a courtroom, if one is available, or a conference or meeting room with at least two exits and of sufficient size to permit adequate physical separation of the parties. Security personnel shall either be present during the administrative hearings, or be available to respond to a request for emergency assistance.

(e) The contested administrative hearings shall be conducted under the rules of the office of administrative hearings, Minnesota Rules, parts 1400.7100 to 1400.7500, 1400.7700, and 1400.7800, as adopted by the chief administrative law judge. Except as provided under this section, other aspects of the case, including, but not limited to, pleadings, discovery, and motions, shall be conducted under the rules of family court, the rules of civil procedure, and chapter 518.

(f) Pursuant to a contested administrative hearing, the administrative law judge shall make findings of fact, conclusions, and a final decision and issue an order. Orders issued by an administrative law judge may be enforceable by the contempt powers of the district courts.

(g) At the time the matter is scheduled for a contested hearing, the public authority shall file in the district court copies of all relevant documents sent to or received from the parties, in addition to the documents filed under subdivision 2, paragraph (e).

(h) The decision and order of the administrative law judge is appealable to the court of appeals in the same manner as a decision of the district court.

Subd. 5. [NONATTORNEY AUTHORITY.] Nonattorney employees of the public authority responsible for child support may prepare, sign, serve, and file complaints, motions, notices, summary orders, proposed orders, default orders, and consent orders for obtaining, modifying, or enforcing child and medical support orders, orders establishing paternity, and related documents, and orders to modify maintenance if combined with a child support order. The nonattorney may also conduct prehearing conferences, and participate in proceedings before an administrative law judge. This activity shall not be considered to be the unauthorized practice of law. Nonattorney employees may not represent the interests of any party other than the public authority, and may not give legal advice to any party.

Subd. 6. [SUBPOENAS.] After the commencement of the administrative process, any party or the public authority may request a subpoena, and the administrative law judge shall have the authority to issue subpoenas.

Subd. 7. [PUBLIC AUTHORITY LEGAL ADVISOR.] At all stages of the administrative process prior to the contested hearing, the county attorney, or other attorney under contract, shall act as the legal advisor for the public authority, but shall not play an active role in the review of information and the preparation of default and consent orders.

Subd. 8. [COSTS ASSOCIATED WITH THE ADMINISTRATIVE PROCESS.] The commissioner of human services shall distribute money for this purpose to counties to cover the costs of the administrative process, including the salaries of administrative law judges. If available appropriations are insufficient to cover the costs, the commissioner shall prorate the amount among the counties.

Subd. 9. [TRAINING AND RESTRUCTURING.] The commissioner of human services shall provide training to child support officers and other employees of the public authority involved in the administrative process. The commissioner of human services shall prepare simple and easy to understand forms for all notices and orders prescribed in this subdivision, and the public authority shall use them.

Sec. 2. [INSTRUCTION TO REVISOR.]

In the next edition of Minnesota Statutes, the revisor of statutes shall delete the term "518.551, subdivision 10" and replace it with "518.5511" where it appears in Minnesota Statutes, sections 357.021, subdivision 1a, and 518C.05.

Sec. 3. [REPEALER.]

Minnesota Statutes 1993 Supplement, section 518.551, subdivision 10, is repealed.

Sec. 3. Minnesota Statutes 1992, section 214.101, as amended by Laws 1993, chapters 322, sections 1 and 2, and 340, section 2, is amended to read:

214.101 [CHILD SUPPORT; SUSPENSION OF LICENSE.]

Subdivision 1. [COURT ORDER; HEARING ON SUSPENSION.] (a) For purposes of this section, "licensing board" means a licensing board or other state agency that issues an occupational license.

(b) If a licensing board receives an order from a court or a notice from a public child support enforcement agency under section 518.551, subdivision 12, dealing with suspension of a license of a person found by the court or the public agency to be in arrears in child support or maintenance payments, or both, the board shall, within 30 days of receipt of the court order or public agency notice, provide notice to the licensee and hold a hearing. If the board finds that the person is licensed by the board and evidence of full payment of arrearages found to be due by the court or the public agency is not presented at the hearing, the board shall suspend the license unless it determines that probation is appropriate under subdivision 2. The only issues to be determined by the board are whether the person named in the court order or public agency notice is a licensee, whether the arrearages have been paid, and whether suspension or probation is appropriate. The board may not consider evidence with respect to the appropriateness of the ~~court~~ underlying child support order or the ability of the person to comply with the order. The board may not lift the suspension until the licensee files with the board proof showing that the licensee is current in child support payments and maintenance.

Subd. 2. [PROBATION.] If the board determines that the suspension of the license would create an extreme hardship to either the licensee or to persons whom the licensee serves, the board may, in lieu of suspension, allow the licensee to continue to practice the occupation on probation. Probation must be conditioned upon full compliance with the court order or public agency notice that referred the matter to the board. The probation period may not exceed two years, and the terms of probation must provide for automatic suspension of the license if the licensee does not provide monthly proof to the board of full compliance with the court order or public agency notice that referred the matter to the board or a further court order or public agency notice if the original order is modified by the court or the public agency.

Subd. 3. [REVOCATION OR REINSTATEMENT OF PROBATION.] If the licensee has a modification petition pending before the court or the public agency, the board may, without a hearing, defer a revocation of probation and institution of suspension until receipt of the court's ruling on the modification order. A licensee who was placed on probation and then automatically suspended may be automatically reinstated upon providing proof to the board that the licensee is currently in compliance with the court order or public agency notice.

Subd. 4. [VERIFICATION OF PAYMENTS.] Before a board may terminate probation, remove a suspension, issue, or renew a license of a person who has been suspended or placed on probation under this section, it shall contact the court or public agency that referred the matter to the board to determine that the applicant is not in arrears for child support or maintenance or both. The board may not issue or renew a license until the applicant proves to the board's satisfaction that the applicant is current in support payments and maintenance.

Subd. 5. [APPLICATION.] This section applies to support obligations ordered by any state, territory, or district of the United States.

Sec. 4. Minnesota Statutes 1993 Supplement, section 256.87, subdivision 5, is amended to read:

Subd. 5. [CHILD NOT RECEIVING ASSISTANCE.] A person or entity having physical ~~and legal~~ custody of a dependent child not receiving assistance under sections 256.72 to 256.87 has a cause of action for child support against the child's absent parents. Upon ~~an order to show cause and~~ a motion served on the absent parent, the court shall order child support payments from the absent parent under chapter 518. This subdivision applies only if the person or entity has physical custody with the consent of a custodial parent or approval of the court.

Sec. 5. Minnesota Statutes 1993 Supplement, section 518.14, is amended to read:

518.14 [COSTS AND DISBURSEMENTS ~~AND~~; ATTORNEY FEES; COLLECTION COSTS.]

Subdivision 1. [GENERAL.] Except as provided in subdivision 2, in a proceeding under this chapter, the court shall award attorney fees, costs, and disbursements in an amount necessary to enable a party to carry on or contest the proceeding, provided it finds:

(1) that the fees are necessary for the good-faith assertion of the party's rights in the proceeding and will not contribute unnecessarily to the length and expense of the proceeding;

(2) that the party from whom fees, costs, and disbursements are sought has the means to pay them; and

(3) that the party to whom fees, costs, and disbursements are awarded does not have the means to pay them.

Nothing in this section precludes the court from awarding, in its discretion, additional fees, costs, and disbursements against a party who unreasonably contributes to the length or expense of the proceeding. Fees, costs, and disbursements provided for in this section may be awarded at any point in the proceeding, including a modification proceeding under sections 518.18 and 518.64. The court may adjudge costs and disbursements against either party. The court may authorize the collection of money awarded by execution, or out of property sequestered, or in any other manner within the power of the court. An award of attorney's fees made by the court during the pendency of the proceeding or in the final judgment survives the proceeding and if not paid by the party directed to pay the same may be enforced as above provided or by a separate civil action brought in the attorney's own name. If the proceeding is dismissed or abandoned prior to determination and award of attorney's fees, the court may nevertheless award attorney's fees upon the attorney's motion. The award shall also survive the proceeding and may be enforced in the same manner as last above provided.

Subd. 2. [ENFORCEMENT OF CHILD SUPPORT.] (a) A child support obligee is entitled to recover from the obligor reasonable attorney fees and other collection costs incurred to enforce a child support judgment, as provided in this subdivision. In order to recover collection costs under this subdivision, the arrearages must be at least $500 and must be at least 90 days past due. In addition, the arrearages must be a docketed judgment under sections 548.09 and 548.091. If the obligor pays in full the judgment rendered under section 548.091 within 20 days of receipt of notice of entry of judgment, the obligee is not entitled to recover attorney fees or collection costs under this subdivision.

(b) Written notice must be provided by any obligee contracting with an attorney or collection entity to enforce a child support judgment to the public authority responsible for child support enforcement, if the public authority is a party or provides services to a party, within five days of signing a contract for services and within five days of receipting any payments received on a child support judgment. Attorney fees and collection costs obtained under this subdivision are considered child support and entitled to the applicable remedies for collection and enforcement of child support.

(c) The obligee shall serve notice of the obligee's intent to recover attorney fees and collections costs by certified or registered mail on the obligor at the obligor's last known address. The notice must include an itemization of the attorney fees and collection costs being sought by the obligee and inform the obligor that the fees and costs will become an additional judgment for child support unless the obligor requests a hearing on the reasonableness of the fees and costs or to contest the child support judgment on grounds limited to mistake of fact within 20 days of mailing of the notice.

(d) If the obligor requests a hearing, the only issues to be determined by the court are whether the attorney fees or collection costs were reasonably incurred by the obligee for the enforcement of a child support judgment against the obligor or the validity of the child support judgment on grounds limited to mistake of fact. The fees and costs may not exceed 30 percent of the arrearages. The court may modify the amount of attorney fees and costs as appropriate and shall enter judgment accordingly.

(e) If the obligor fails to request a hearing within 20 days of mailing of the notice under paragraph (a), the amount of the attorney fees or collection costs requested by the obligee in the notice automatically becomes an additional judgment for child support.

(f) The commissioner of human services shall prepare and make available to the court and the parties forms for use in providing for notice and requesting a hearing under this subdivision. The rulemaking provisions of chapter 14 do not apply to the forms.

Sec. 6. Minnesota Statutes 1993 Supplement, section 518.171, subdivision 1, is amended to read:

Subdivision 1. [ORDER.] (a) Every child support order must expressly assign or reserve the responsibility for maintaining medical insurance for the minor children and the division of uninsured medical and dental costs. The court shall order the party with the better group dependent health and dental insurance coverage or health insurance plan to name the minor child as beneficiary on any health and dental insurance plan that is ~~comparable to or better than a number two qualified plan and~~ available to the party on:

(i) a group basis; ~~or~~

(ii) through an employer or union; or

(iii) through a group health plan governed under the ERISA and included within the definitions relating to health plans found in section 62A.011, 62A.048, or 62E.06, subdivision 2.

"Health insurance" or "health insurance coverage" as used in this section means coverage that is comparable to or better than a number two qualified plan as defined in section 62E.06, subdivision 2. "Health insurance" or "health insurance coverage" as used in this section does not include medical assistance provided under chapter 256, 256B, or 256D.

(b) If the court finds that dependent health or dental insurance is not available to the obligor or obligee on a group basis or through an employer or union, or that ~~the~~ group ~~insurer~~ insurance is not accessible to the obligee, the court may require the obligor (1) to obtain other dependent health or dental insurance, (2) to be liable for reasonable and necessary medical or dental expenses of the child, or (3) to pay no less than $50 per month to be applied to the medical and dental expenses of the children or to the cost of health insurance dependent coverage.

(c) If the court finds that the available dependent health or dental insurance does not pay all the reasonable and necessary medical or dental expenses of the child, including any existing or anticipated extraordinary medical expenses, and the court finds that the obligor has the financial ability to contribute to the payment of these medical or dental expenses, the court shall require the obligor to be liable for all or a portion of the medical or dental expenses of the child not covered by the required health or dental plan. Medical and dental expenses include, but are not limited to, necessary orthodontia and eye care, including prescription lenses.

(d) ~~If the obligor is employed by a self insured employer subject only to the federal Employee Retirement Income Security Act (ERISA) of 1974, and the insurance benefit plan meets the above requirements, the court shall order the obligor to enroll the dependents within 30 days of the court order effective date or be liable for all medical and dental expenses occurring while coverage is not in effect. If enrollment in the ERISA plan is precluded by exclusionary clauses, the court shall order the obligor to obtain other coverage or make payments as provided in paragraph (b) or (c).~~

~~(e)~~ Unless otherwise agreed by the parties and approved by the court, if the court finds that the obligee is not receiving public assistance for the child and has the financial ability to contribute to the cost of medical and dental expenses for the child, including the cost of insurance, the court shall order the obligee and obligor to each assume a portion of these expenses based on their proportionate share of their total net income as defined in section 518.54, subdivision 6.

~~(f)~~ (e) Payments ordered under this section are subject to section 518.611. An obligee who fails to apply payments received to the medical expenses of the dependents may be found in contempt of this order.

Sec. 7. Minnesota Statutes 1993 Supplement, section 518.171, subdivision 6, is amended to read:

Subd. 6. [~~INSURER~~ PLAN REIMBURSEMENT; CORRESPONDENCE AND NOTICE.] (a) The signature of the custodial parent of the insured dependent is a valid authorization to ~~the insurer~~ a health or dental insurance plan for purposes of processing an insurance reimbursement payment to the provider of the medical services or to the custodial parent if medical services have been prepaid by the custodial parent.

(b) The ~~insurer~~ health or dental insurance plan shall send copies of all correspondence regarding the insurance coverage to both parents. When an order for dependent insurance coverage is in effect and the obligor's employment is terminated, or the insurance coverage is terminated, the ~~insurer~~ health or dental insurance plan shall notify the obligee within ten days of the termination date with notice of conversion privileges.

Sec. 8. Minnesota Statutes 1992, section 518.18, is amended to read:

518.18 [MODIFICATION OF ORDER.]

(a) Unless agreed to in writing by the parties, no motion to modify a custody order may be made earlier than one year after the date of the entry of a decree of dissolution or legal separation containing a provision dealing with custody, except in accordance with paragraph (c).

(b) If a motion for modification has been heard, whether or not it was granted, unless agreed to in writing by the parties no subsequent motion may be filed within two years after disposition of the prior motion on its merits, except in accordance with paragraph (c).

(c) The time limitations prescribed in paragraphs (a) and (b) shall not prohibit a motion to modify a custody order if the court finds that there is persistent and willful denial or interference with visitation, or has reason to believe that the child's present environment may endanger the child's physical or emotional health or impair the child's emotional development.

(d) If the court has jurisdiction to determine child custody matters, the court shall not modify a prior custody order unless it finds, upon the basis of facts that have arisen since the prior order or that were unknown to the court at the time of the prior order, that a change has occurred in the circumstances of the child or the parties and that the modification is necessary to serve the best interests of the child. In applying these standards the court shall retain the custody arrangement established by the prior order unless:

(i) both parties agree to the modification;

(ii) the child has been integrated into the family of the petitioner with the consent of the other party; or

(iii) the child's present environment endangers the child's physical or emotional health or impairs the child's emotional development and the harm likely to be caused by a change of environment is outweighed by the advantage of a change to the child.

In addition, a court may modify a custody order under section 631.52.

(e) In deciding whether to modify a prior joint custody order, the court shall apply the standards set forth in paragraph (d) unless: (1) the parties agree in writing to the application of a different standard, or (2) the party seeking the modification is asking the court for permission to move the residence of the child to another state.

(f) If a custodial parent has been granted sole physical custody of a minor and the child subsequently lives with the noncustodial parent, and temporary sole physical custody has been approved by the court or by a court-appointed referee, the court may suspend the noncustodial parent's child support obligation pending the final custody determination. The court's order denying the suspension of child support must include a written explanation of the reasons why continuation of the child support obligation would be in the best interests of the child.

Sec. 9. Minnesota Statutes 1993 Supplement, section 518.551, subdivision 5, is amended to read:

Subd. 5. [NOTICE TO PUBLIC AUTHORITY; GUIDELINES.] (a) The petitioner shall notify the public authority of all proceedings for dissolution, legal separation, determination of parentage or for the custody of a child, if either party is receiving aid to families with dependent children or applies for it subsequent to the commencement of the proceeding. The notice must contain the full names of the parties to the proceeding, their social security account numbers, and their birth dates. After receipt of the notice, the court shall set child support as provided in this subdivision. The court may order either or both parents owing a duty of support to a child of the marriage to pay an amount reasonable or necessary for the child's support, without regard to marital misconduct. The court shall approve a child support stipulation of the parties if each party is represented by independent counsel, unless the stipulation does not meet the conditions of paragraph (i). In other cases the court shall determine and order child support in a specific dollar amount in accordance with the guidelines and the other factors set forth in paragraph (b) and any departure therefrom. The court may also order the obligor to pay child support in the form of a percentage share of the obligor's net bonuses, commissions, or other forms of compensation, in addition to, or if the obligor receives no base pay, in lieu of, an order for a specific dollar amount.

(b) The court shall derive a specific dollar amount for child support by multiplying the obligor's net income by the percentage indicated by the following guidelines:

Net Income Per Month of Obligor	Number of Children						
	1	2	3	4	5	6	7 or more
$550 and Below	Order based on the ability of the obligor to provide support at these income levels, or at higher levels, if the obligor has the earning ability.						
$551 - 600	16%	19%	22%	25%	28%	30%	32%
$601 - 650	17%	21%	24%	27%	29%	32%	34%
$651 - 700	18%	22%	25%	28%	31%	34%	36%
$701 - 750	19%	23%	27%	30%	33%	36%	38%
$751 - 800	20%	24%	28%	31%	35%	38%	40%
$801 - 850	21%	25%	29%	33%	36%	40%	42%
$851 - 900	22%	27%	31%	34%	38%	41%	44%
$901 - 950	23%	28%	32%	36%	40%	43%	46%
$951 - 1000	24%	29%	34%	38%	41%	45%	48%
$1001- 5000 or the amount in effect under paragraph (k)	25%	30%	35%	39%	43%	47%	50%

Guidelines for support for an obligor with a monthly income in excess of the income limit currently in effect under paragraph (k) shall be the same dollar amounts as provided for in the guidelines for an obligor with a monthly income equal to the limit in effect.

Net Income defined as:

Total monthly income less	*(i)	Federal Income Tax
	*(ii)	State Income Tax
	(iii)	Social Security Deductions
	(iv)	Reasonable Pension Deductions
*Standard Deductions apply- use of tax tables recommended	(v)	Union Dues
	(vi)	Cost of Dependent Health Insurance Coverage
	(vii)	Cost of Individual or Group Health/Hospitalization Coverage or an Amount for Actual Medical Expenses
	(viii)	A Child Support or Maintenance Order that is Currently Being Paid.

"Net income" does not include:

(1) the income of the obligor's spouse, but does include in-kind payments received by the obligor in the course of employment, self-employment, or operation of a business if the payments reduce the obligor's living expenses; or

(2) compensation received by a party for employment in excess of a 40-hour work week, provided that:

(i) support is nonetheless ordered in an amount at least equal to the guidelines amount based on income not excluded under this clause; and

(ii) the party demonstrates, and the court finds, that:

(A) the excess employment began after the filing of the petition for dissolution;

(B) the excess employment reflects an increase in the work schedule or hours worked over that of the two years immediately preceding the filing of the petition;

(C) the excess employment is voluntary and not a condition of employment;

(D) the excess employment is in the nature of additional, part-time or overtime employment compensable by the hour or fraction of an hour; and

(E) the party's compensation structure has not been changed for the purpose of affecting a support or maintenance obligation.

The court shall review the work-related and education-related child care costs ~~of the custodial parent~~ paid and shall allocate the costs to each parent in proportion to each parent's net income, as determined under this subdivision, after the transfer of child support and spousal maintenance, unless the allocation would be substantially unfair to either parent. There is a presumption of substantial unfairness if after the sum total of child support, spousal maintenance, and child care costs is subtracted from the noncustodial parent's income, the income is at or below 100 percent of the federal poverty guidelines. The cost of child care for purposes of this ~~section~~ paragraph is ~~determined by subtracting the amount of any federal and state income tax credits available to a parent from~~ 75 percent of the actual cost paid for child care, to reflect the approximate value of state and federal tax credits available to the custodial parent. The actual cost paid for child care is the total amount received by the child care provider for the child or children from the obligee or any public agency. The amount allocated for child care expenses is considered child support but is not subject to a cost-of-living adjustment under section 518.641. The amount allocated for child care expenses terminates when the child care costs end.

(c) In addition to the child support guidelines, the court shall take into consideration the following factors in setting or modifying child support or in determining whether to deviate from the guidelines:

(1) all earnings, income, and resources of the parents, including real and personal property, but excluding income from excess employment of the obligor or obligee that meets the criteria of paragraph (b), clause (2)(ii);

(2) the financial needs and resources, physical and emotional condition, and educational needs of the child or children to be supported;

(3) the standards of living the child would have enjoyed had the marriage not been dissolved, but recognizing that the parents now have separate households;

(4) which parent receives the income taxation dependency exemption and what financial benefit the parent receives from it;

(5) the parents' debts as provided in paragraph (d); and

(6) the obligor's receipt of assistance under sections 256.72 to 256.87 or 256B.01 to 256B.40.

(d) In establishing or modifying a support obligation, the court may consider debts owed to private creditors, but only if:

(1) the right to support has not been assigned under section 256.74;

(2) the court determines that the debt was reasonably incurred for necessary support of the child or parent or for the necessary generation of income. If the debt was incurred for the necessary generation of income, the court shall consider only the amount of debt that is essential to the continuing generation of income; and

(3) the party requesting a departure produces a sworn schedule of the debts, with supporting documentation, showing goods or services purchased, the recipient of them, the amount of the original debt, the outstanding balance, the monthly payment, and the number of months until the debt will be fully paid.

(e) Any schedule prepared under paragraph (d), clause (3), shall contain a statement that the debt will be fully paid after the number of months shown in the schedule, barring emergencies beyond the party's control.

(f) Any further departure below the guidelines that is based on a consideration of debts owed to private creditors shall not exceed 18 months in duration, after which the support shall increase automatically to the level ordered by the court. Nothing in this section shall be construed to prohibit one or more step increases in support to reflect debt retirement during the 18-month period.

(g) If payment of debt is ordered pursuant to this section, the payment shall be ordered to be in the nature of child support.

(h) Nothing shall preclude the court from receiving evidence on the above factors to determine if the guidelines should be exceeded or modified in a particular case.

(i) The guidelines in this subdivision are a rebuttable presumption and shall be used in all cases when establishing or modifying child support. If the court does not deviate from the guidelines, the court shall make written findings concerning the amount of the obligor's income used as the basis for the guidelines calculation and any other significant evidentiary factors affecting the determination of child support. If the court deviates from the guidelines, the court shall make written findings giving the amount of support calculated under the guidelines, the reasons for the deviation, and shall specifically address the criteria in paragraph (b) and how the deviation serves the best interest of the child. The provisions of this paragraph apply whether or not the parties are each represented by independent counsel and have entered into a written agreement. The court shall review stipulations presented to it for conformity to the guidelines and the court is not required to conduct a hearing, but the parties shall provide the documentation of earnings required under subdivision 5b.

(j) If the child support payments are assigned to the public agency under section 256.74, the court may not deviate downward from the child support guidelines unless the court specifically finds that the failure to deviate downward would impose an extreme hardship on the obligor.

(k) The dollar amount of the income limit for application of the guidelines must be adjusted on July 1 of every even-numbered year to reflect cost-of-living changes. The supreme court shall select the index for the adjustment from the indices listed in section 518.641. The state court administrator shall make the changes in the dollar amount required by this paragraph available to courts and the public on or before April 30 of the year in which the amount is to change.

Sec. 10. Minnesota Statutes 1993 Supplement, section 518.551, subdivision 12, is amended to read:

Subd. 12. [OCCUPATIONAL LICENSE SUSPENSION.] (a) Upon petition of an obligee ~~or public agency responsible for child support enforcement~~, if the court finds that the obligor is or may be licensed by a licensing board listed in section 214.01 or other state agency or board that issues an occupational license and the obligor is in arrears in court-ordered child support or maintenance payments or both, the court may direct the licensing board or other licensing agency to conduct a hearing under section 214.101 concerning suspension of the obligor's license. If the obligor is a licensed attorney, the court may report the matter to the lawyers professional responsibility board for appropriate action in accordance with the rules of professional conduct. The remedy under this subdivision is in addition to any other enforcement remedy available to the court.

(b) If a public agency responsible for child support enforcement finds that the obligor is or may be licensed by a licensing board listed in section 214.01 or other state agency or board that issues an occupational license and the obligor is in arrears in court-ordered child support or maintenance payments or both, the public agency may direct the licensing board or other licensing agency to conduct a hearing under section 214.101 concerning suspension of the obligor's license. If the obligor is a licensed attorney, the public agency may report the matter to the lawyers professional responsibility board for appropriate action in accordance with the rules of professional conduct. The remedy under this subdivision is in addition to any other enforcement remedy available to the public agency.

Sec. 11. [518.575] [PUBLICATION OF NAMES OF DELINQUENT CHILD SUPPORT OBLIGORS.]

Every three months the department of human services shall publish in the newspaper of widest circulation in each county a list of the names and last known addresses of each person who (1) is a child support obligor, (2) resides in the county, (3) is at least $3,000 in arrears, and (4) has not made a child support payment, or has made only partial child support payments that total less than 25 percent of the amount of child support owed, for the last 12 months

including any payments made through the interception of federal or state taxes. The rate charged for publication shall be the newspaper's lowest classified display rate, including all available discounts. An obligor's name may not be published if the obligor claims in writing, and the department of human services determines, there is good cause for the nonpayment of child support. The list must be based on the best information available to the state at the time of publication.

Before publishing the name of the obligor, the department of human services shall send a notice to the obligor's last known address which states the department's intention to publish the obligor's name and the amount of child support the obligor owes. The notice must also provide an opportunity to have the obligor's name removed from the list by paying the arrearage or by entering into an agreement to pay the arrearage, and the final date when the payment or agreement can be accepted.

The department of human services shall insert with the notices sent to the obligee, a notice stating the intent to publish the obligor's name, and the criteria used to determine the publication of the obligor's name.

Sec. 12. Minnesota Statutes 1993 Supplement, section 518.64, subdivision 2, is amended to read:

Subd. 2. [MODIFICATION.] (a) The terms of an order respecting maintenance or support may be modified upon a showing of one or more of the following: (1) substantially increased or decreased earnings of a party; (2) substantially increased or decreased need of a party or the child or children that are the subject of these proceedings; (3) receipt of assistance under sections 256.72 to 256.87 or 256B.01 to 256B.40; (4) a change in the cost of living for either party as measured by the federal bureau of statistics, any of which makes the terms unreasonable and unfair; (5) extraordinary medical expenses of the child not provided for under section 518.171; or (6) the addition ~~or elimination~~ of work-related or education-related child care expenses of the obligee or a substantial increase or decrease in existing work-related or education-related child care expenses.

It is presumed that there has been a substantial change in circumstances under clause (1), (2), or (4) and the terms of a current support order shall be rebuttably presumed to be unreasonable and unfair if the application of the child support guidelines in section 518.551, subdivision 5, to the current circumstances of the parties results in a calculated court order that is at least 20 percent and at least $50 per month higher or lower than the current support order.

(b) On a motion for modification of maintenance, including a motion for the extension of the duration of a maintenance award, the court shall apply, in addition to all other relevant factors, the factors for an award of maintenance under section 518.552 that exist at the time of the motion. On a motion for modification of support, the court:

(1) shall apply section 518.551, subdivision 5, and shall not consider the financial circumstances of each party's spouse, if any; and

(2) shall not consider compensation received by a party for employment in excess of a 40-hour work week, provided that the party demonstrates, and the court finds, that:

(i) the excess employment began after entry of the existing support order;

(ii) the excess employment is voluntary and not a condition of employment;

(iii) the excess employment is in the nature of additional, part-time employment, or overtime employment compensable by the hour or fractions of an hour;

(iv) the party's compensation structure has not been changed for the purpose of affecting a support or maintenance obligation;

(v) in the case of an obligor, current child support payments are at least equal to the guidelines amount based on income not excluded under this clause; and

(vi) in the case of an obligor who is in arrears in child support payments to the obligee, any net income from excess employment must be used to pay the arrearages until the arrearages are paid in full.

(c) A modification of support or maintenance may be made retroactive only with respect to any period during which the petitioning party has pending a motion for modification but only from the date of service of notice of the motion on the responding party and on the public authority if public assistance is being furnished or the county attorney is the attorney of record. However, modification may be applied to an earlier period if the court makes express findings that the party seeking modification was precluded from serving a motion by reason of a significant physical or mental disability, a material misrepresentation of another party, or fraud upon the court and that the party seeking modification, when no longer precluded, promptly served a motion.

(d) Except for an award of the right of occupancy of the homestead, provided in section 518.63, all divisions of real and personal property provided by section 518.58 shall be final, and may be revoked or modified only where the court finds the existence of conditions that justify reopening a judgment under the laws of this state, including motions under section 518.145, subdivision 2. The court may impose a lien or charge on the divided property at any time while the property, or subsequently acquired property, is owned by the parties or either of them, for the payment of maintenance or support money, or may sequester the property as is provided by section 518.24.

(e) The court need not hold an evidentiary hearing on a motion for modification of maintenance or support.

(f) Section 518.14 shall govern the award of attorney fees for motions brought under this subdivision.

Sec. 13. Minnesota Statutes 1993 Supplement, section 518.68, subdivision 1, is amended to read:

Subdivision 1. [REQUIREMENT.] Every court order ~~for~~ or judgment and decree that provides for child support, spousal maintenance, custody, or visitation must contain certain notices as set out in subdivision 2. The information in the notices must be concisely stated in plain language. The notices must be in clearly legible print, but may not exceed two pages. An order or judgment and decree without the notice remains subject to all statutes. The court may waive all or part of the notice required under subdivision 2 relating to parental rights under section 518.17, subdivision 3, if it finds it is necessary to protect the welfare of a party or child.

Sec. 14. Minnesota Statutes 1993 Supplement, section 518.68, subdivision 2, is amended to read:

Subd. 2. [CONTENTS.] The required notices must be substantially as follows:

IMPORTANT NOTICE

1. PAYMENTS TO PUBLIC AGENCY

Pursuant to Minnesota Statutes, section 518.551, subdivision 1, payments ordered for maintenance and support must be paid to the public agency responsible for child support enforcement as long as the person entitled to receive the payments is receiving or has applied for public assistance or has applied for support and maintenance collection services. MAIL PAYMENTS TO:

2. DEPRIVING ANOTHER OF CUSTODIAL OR PARENTAL RIGHTS -- A FELONY

A person may be charged with a felony who conceals a minor child or takes, obtains, retains, or fails to return a minor child from or to the child's parent (or person with custodial or visitation rights), pursuant to Minnesota Statutes, section 609.26. A copy of that section is available from any district court clerk.

3. RULES OF SUPPORT, MAINTENANCE, VISITATION

(a) Payment of support or spousal maintenance is to be as ordered, and the giving of gifts or making purchases of food, clothing, and the like will not fulfill the obligation.

(b) Payment of support must be made as it becomes due, and failure to secure or denial of rights of visitation is NOT an excuse for nonpayment, but the aggrieved party must seek relief through a proper motion filed with the court.

(c) Nonpayment of support is not grounds to deny visitation. The party entitled to receive support may apply for support and collection services, file a contempt motion, or obtain a judgment as provided in Minnesota Statutes, section 548.091.

(d) The payment of support or spousal maintenance takes priority over payment of debts and other obligations.

(d) (e) A party who ~~remarries after dissolution and~~ accepts additional obligations of support does so with the full knowledge of the party's prior obligation under this proceeding.

~~(e)~~ (f) Child support or maintenance is based on annual income, and it is the responsibility of a person with seasonal employment to budget income so that payments are made throughout the year as ordered.

(g) If there is a layoff or a pay reduction, support may be reduced as of the time of the layoff or pay reduction if a motion to reduce the support is served and filed with the court at that time, but any such reduction must be ordered by the court. The court is not permitted to reduce support retroactively, except as provided in Minnesota Statutes, section 518.64, subdivision 2, paragraph (c).

4. PARENTAL RIGHTS FROM MINNESOTA STATUTES, SECTION 518.17, SUBDIVISION 3

Unless otherwise provided by the Court:

(a) Each party has the right of access to, and to receive copies of, school, medical, dental, religious training, and other important records and information about the minor children. Each party has the right of access to information regarding health or dental insurance available to the minor children. Presentation of a copy of this order to the custodian of a record or other information about the minor children constitutes sufficient authorization for the release of the record or information to the requesting party.

(b) Each party shall keep the other informed as to the name and address of the school of attendance of the minor children. Each party has the right to be informed by school officials about the children's welfare, educational progress and status, and to attend school and parent teacher conferences. The school is not required to hold a separate conference for each party.

(c) In case of an accident or serious illness of a minor child, each party shall notify the other party of the accident or illness, and the name of the health care provider and the place of treatment.

(d) Each party has the right of reasonable access and telephone contact with the minor children.

5. WAGE AND INCOME DEDUCTION OF SUPPORT AND MAINTENANCE

Child support and/or spousal maintenance may be withheld from income, with or without notice to the person obligated to pay, when the conditions of Minnesota Statutes, sections 518.611 and 518.613, have been met. A copy of those sections is available from any district court clerk.

6. CHANGE OF ADDRESS OR RESIDENCE

Unless otherwise ordered, the person responsible to make support or maintenance payments shall notify the person entitled to receive the payment and the public authority responsible for collection, if applicable, of a change of address or residence within 60 days of the address or residence change.

7. COST OF LIVING INCREASE OF SUPPORT AND MAINTENANCE

Child support and/or spousal maintenance may be adjusted every two years based upon a change in the cost of living (using Department of Labor Consumer Price Index ....., unless otherwise specified in this order) when the conditions of Minnesota Statutes, section 518.641, are met. Cost of living increases are compounded. A copy of Minnesota Statutes, section 518.641, and forms necessary to request or contest a cost of living increase are available from any district court clerk.

8. JUDGMENTS FOR UNPAID SUPPORT

If a person fails to make a child support payment, the payment owed becomes a judgment against the person responsible to make the payment by operation of law on or after the date the payment is due, and the person entitled to receive the payment or the public agency may obtain entry and docketing of the judgment WITHOUT NOTICE to the person responsible to make the payment under Minnesota Statutes, section 548.091. Interest begins to accrue on a payment or installment of child support whenever the unpaid amount due is greater than the current support due, pursuant to Minnesota Statutes, section 548.091, subdivision 1a.

9. JUDGMENTS FOR UNPAID MAINTENANCE

A judgment for unpaid spousal maintenance may be entered when the conditions of Minnesota Statutes, section 548.091, are met. A copy of that section is available from any district court clerk.

~~10. MEDICAL INSURANCE AND EXPENSES~~

~~The person responsible to pay support and the person's employer or union are ordered to provide medical and dental insurance and pay for uncovered expenses under the conditions of Minnesota Statutes, section 518.171, unless otherwise provided in this order or the statute. A copy of this statute is available from any district court clerk.~~

10. ATTORNEY FEES AND COLLECTION COSTS FOR ENFORCEMENT OF CHILD SUPPORT

A judgment for attorney fees and other collection costs incurred in enforcing a child support order will be entered against the person responsible to pay support when the conditions of section 518.14, subdivision 2, are met. Sec. 15. Minnesota Statutes 1993 Supplement, section 518.68, subdivision 3, is amended to read:

Subd. 3. [COPIES OF LAW AND FORMS.] The district court administrator shall make available at no charge copies of sections 518.14, 518.17, 518.611, 518.613, 518.641, 548.091, and 609.26, and shall provide forms to request or contest attorney fees and collection costs or a cost-of-living increase under section 518.14, subdivision 2, or 518.641.

Sec. 16. Minnesota Statutes 1992, section 548.091, subdivision 2a, is amended to read:

Subd. 2a. [DOCKETING OF CHILD SUPPORT JUDGMENT.] On or after the date an unpaid amount becomes a judgment by operation of law under subdivision 1a, the obligee or the public authority may file with the court administrator:

(1) a statement identifying, or a copy of, the judgment or decree of dissolution or legal separation, determination of parentage, order under chapter 518C, an order under section 256.87, or an order under section 260.251, which provides for installment or periodic payments of child support, or a judgment or notice of attorney fees and collection costs under section 518.14, subdivision 2;

The affidavit of default must state the full name, occupation, place of residence, and last known post office address of the obligor, the name and post office address of the obligee, the date or dates payment was due and not received and judgment was obtained by operation of law, and the total amount of the judgments; and

(3) an affidavit of service of a notice of entry of judgment or notice of intent to recover attorney fees and collection costs on the obligor, in person or by mail at the obligor's last known post office address. Service is completed upon mailing in the manner designated.

Sec. 17. Minnesota Statutes 1993 Supplement, section 609.375, subdivision 2, is amended to read:

Subd. 2. If the violation of subdivision 1 continues for a period in excess of 90 days but not more than 180 days, the person is guilty of a gross misdemeanor and may be sentenced to imprisonment for not more than one year or to payment of a fine of not more than $3,000, or both.

Sec. 18. Minnesota Statutes 1992, section 609.375, is amended by adding a subdivision to read:

Subd. 2a. If the violation of subdivision 1 continues for a period in excess of 180 days, the person is guilty of a felony and upon conviction may be sentenced to imprisonment for not more than two years or to payment of a fine of not more than $5,000, or both.

Sec. 19. Minnesota Statutes 1992, section 609.375, is amended by adding a subdivision to read:

Subd. 5. [VENUE.] A person who violates this section may be prosecuted and tried in the county in which the support obligor resides or in the county in which the obligee or the child resides.

Sec. 20. Minnesota Statutes 1992, section 609.375, is amended by adding a subdivision to read:

Subd. 6. [DISMISSAL OF CHARGE.] A felony charge brought under subdivision 2a of this section shall be dismissed if:

(1) the support obligor provides the county child support enforcement agency with an affidavit attesting the obligor's present address, occupation, employer, and current income, and consents to service of an order for automatic income withholding; or

(2) the support obligor makes satisfactory arrangements for payment with the county child support enforcement agency of all accumulated arrearages and any ongoing support obligations. For purposes of this section, satisfactory arrangements shall be reasonably consistent with the obligor's ability to pay.

In any case for which dismissal is sought under this subdivision, the felony charge shall be continued for dismissal for a period of six months. If the obligor meets all requirements of the payment plan within that six-month period, the felony charge shall be dismissed.

Sec. 21. [INCOME SHARES MODEL CHILD SUPPORT GUIDELINE.]

The department of human services, in consultation with the commissioner's advisory committee for child support enforcement, shall develop an income shares model child support guideline and present it to the legislature for consideration, in addition to the plan for including contested hearings in the simple, statewide administrative process no later than February 1, 1995.

Sec. 22. [MINNESOTA CHILD SUPPORT ASSURANCE PROGRAM.]

Subdivision 1. [AUTHORIZATION TO DESIGN DEMONSTRATION.] The commissioner of human services, in consultation with the commissioners of education, finance, jobs and training, health, and planning, the director of the higher education coordinating board, and the attorney general, is authorized to proceed with planning and designing the Minnesota child support assurance program. The commissioner shall not proceed with the program plan if, at any point, the federal government informs the state that the federal government will not be seeking demonstration projects of child support assurance or will not be providing enhanced federal funding. The plan and design shall include an assessment of the feasibility of the state guaranteeing a minimum level of support from a noncustodial parent and shall further provide that the state will provide that level of support to the child in instances where it is not provided by the child's noncustodial parent. The program plan shall specifically determine whether and the extent to which benefits received by a family under the Minnesota child support assurance program will reduce benefits paid to the family through the aid to families with dependent children program. The program plan shall also provide that the receipt of child support assurance benefits does not negatively affect any existing eligibility for child care assistance under existing programs and shall consider how the receipt of child support assurance benefits affects eligibility under other government benefit programs, including housing assistance, energy assistance, and food stamps.

Subd. 2. [GOALS OF THE MINNESOTA CHILD SUPPORT ASSURANCE PROGRAM.] The commissioner shall design the program to meet the following goals:

(1) to support parents in their efforts to provide financial support for their children;

(2) to encourage parents to meet their legal obligations of support;

(3) to prevent long-term dependence on public assistance; and

(4) to allow the state to compare the cost-effectiveness and the efficacy of child support assurance to the Minnesota family investment program in attempting to restructure the existing system of public assistance.

Subd. 3. [PROGRAM DATA.] As part of planning and designing the Minnesota child support assurance program, the commissioner shall study and make recommendations on:

(1) the amount of the guaranteed child support assurance benefit;

(2) the anticipated reduction in the aid to families with dependent children caseload which should result from the implementation of a child support assurance program;

(3) the anticipated cost of the program on a demonstration basis;

(4) the selection of counties to serve as field trial or comparison sites based on criteria which will ensure reliable evaluation of the program. This selection shall be made so that an adverse impact on the Minnesota family investment program is avoided; and

(5) the waivers of all applicable federal requirements needed to implement the Minnesota child support assurance program in a manner consistent with the goals of the program.

In order to make recommendations on the amount of the guaranteed child support assurance benefit, the commissioner shall conduct a study of and make detailed findings on the actual cost in Minnesota of items necessary to adequately meet a child's basic needs.

The commissioner shall report the findings and recommendations to the legislature by January 15, 1995.

Sec. 23. [REPORT TO LEGISLATURE.]

The department of human services shall report to the legislature by January 31, 1996, in the department of human services annual report to the legislature, the fiscal implications of the program, established in Minnesota Statutes, section 518.575, which publishes the names of delinquent child support obligors, including related costs and savings.

Sec. 24. [APPROPRIATION.]

Subdivision 1. $150,000 is appropriated from the general fund to the commissioner of human services to plan and design the child support assurance program provided for by section 22, to be available until June 30, 1995.

Subd. 2. $75,000 is appropriated from the general fund to the commissioner of human services for the child support public education campaign provided for by section 1, to be available until June 30, 1995. The commissioner shall enter into a $75,000 contract with the attorney general for the implementation of the campaign.

Subd. 3. The appropriations in this section must not be included in the budget base for the 1996-1997 biennium.

Sec. 25. [EFFECTIVE DATE; APPLICATION.]

Section 5 (518.14) is effective August 1, 1994, and applies to attorney fees and collection costs incurred on and after that date, regardless of when the arrearages accrued.

Section 7 (518.171, subdivision 6) is effective retroactive to July 1, 1993.

Sections 17 to 20 (609.375) are effective the day following final enactment and apply to crimes committed on and after that date.

ARTICLE 12

MISCELLANEOUS FAMILY LAW

Section 1. Minnesota Statutes 1993 Supplement, section 363.03, subdivision 3, is amended to read:

Subd. 3. [PUBLIC ACCOMMODATIONS.] (a) It is an unfair discriminatory practice:

(1) to deny any person the full and equal enjoyment of the goods, services, facilities, privileges, advantages, and accommodations of a place of public accommodation because of race, color, creed, religion, disability, national origin, marital status, sexual orientation, or sex, or for a taxicab company to discriminate in the access to, full utilization of, or benefit from service because of a person's disability; or

(2) for a place of public accommodation not to make reasonable accommodation to the known physical, sensory, or mental disability of a disabled person. In determining whether an accommodation is reasonable, the factors to be considered may include:

(i) the frequency and predictability with which members of the public will be served by the accommodation at that location;

(ii) the size of the business or organization at that location with respect to physical size, annual gross revenues, and the number of employees;

(iii) the extent to which disabled persons will be further served from the accommodation;

(iv) the type of operation;

(v) the nature and amount of both direct costs and legitimate indirect costs of making the accommodation and the reasonableness for that location to finance the accommodation; and

(vi) the extent to which any persons may be adversely affected by the accommodation.

State or local building codes control where applicable. Violations of state or local building codes are not violations of this chapter and must be enforced under normal building code procedures.

(b) This paragraph lists general prohibitions against discrimination on the basis of disability. For purposes of this paragraph "individual" or "class of individuals" refers to the clients or customers of the covered public accommodation that enter into the contractual, licensing, or other arrangement.

(1) It is discriminatory to:

(i) subject an individual or class of individuals on the basis of a disability of that individual or class, directly or through contractual, licensing, or other arrangements, to a denial of the opportunity of the individual or class to participate in or benefit from the goods, services, facilities, privileges, advantages, or accommodations of an entity;

(ii) afford an individual or class of individuals on the basis of the disability of that individual or class, directly or through contractual, licensing, or other arrangements, with the opportunity to participate in or benefit from the goods, services, facilities, privileges, advantages, or accommodations that are not equal to those afforded to other individuals; and

(iii) provide an individual or class of individuals, on the basis of a disability of that individual or class, directly or through contractual, licensing, or other arrangements, with goods, services, facilities, privileges, advantages, or accommodations that are different or separate from those provided to other individuals, unless the action is necessary to provide the individual or class of individuals with goods, services, facilities, privileges, advantages, or accommodations, or other opportunities that are as effective as those provided to others.

(2) Goods, services, facilities, privileges, advantages, and accommodations must be afforded to an individual with a disability in the most integrated setting appropriate to the needs of the individual.

(3) Notwithstanding the existence of separate or different programs or activities provided in accordance with this section, the individual with a disability may not be denied the opportunity to participate in the programs or activities that are not separate or different.

(4) An individual or entity may not, directly or through contractual or other arrangements, use standards or criteria and methods of administration:

(i) that have the effect of discriminating on the basis of disability; or

(ii) that perpetuate the discrimination of others who are subject to common administrative control.

(c) This paragraph lists specific prohibitions against discrimination on the basis of disability. For purposes of this paragraph, discrimination includes:

(1) the imposition or application of eligibility criteria that screen out or tend to screen out an individual with a disability or any class of individuals with disabilities from fully and equally enjoying any goods, services, facilities, privileges, advantages, or accommodations, unless the criteria can be shown to be necessary for the provision of the goods, services, facilities, privileges, advantages, or accommodations;

(2) failure to make reasonable modifications in policies, practices, or procedures when the modifications are necessary to afford the goods, services, facilities, privileges, advantages, or accommodations to individuals with disabilities, unless the entity can demonstrate that making the modifications would fundamentally alter the nature of the goods, services, facilities, privileges, advantages, or accommodations;

(3) failure to take all necessary steps to ensure that no individual with a disability is excluded, denied services, segregated, or otherwise treated differently than other individuals because of the absence of auxiliary aids and services, unless the entity can demonstrate that taking the steps would fundamentally alter the nature of the goods, services, facilities, privileges, advantages, or accommodations being offered and would result in an undue burden;

(4) failure to remove architectural barriers, and communication barriers that are structural in nature, in existing facilities, and transportation barriers in existing vehicles used by an establishment for transporting individuals, not including barriers that can only be removed through the retrofitting of vehicles by the installation of hydraulic or other lifts, if the removal is readily achievable; and

(5) if an entity can demonstrate that the removal of a barrier under clause (4) is not readily achievable or cannot be considered a reasonable accommodation, a failure to make the goods, services, facilities, privileges, advantages, or accommodations available through alternative means if the means are readily achievable.

(d) Nothing in this chapter requires an entity to permit an individual to participate in and benefit from the goods, services, facilities, privileges, advantages, and accommodations of the entity if the individual poses a direct threat to the health or safety of others. "Direct threat" means a significant risk to the health or safety of others that cannot be eliminated by a modification of policies, practices, or procedures or by the provision of auxiliary aids or services.

(e) No individual may be discriminated against on the basis of disability in the full and equal enjoyment of specified public transportation services provided by a private entity that is primarily engaged in the business of transporting people and whose operations affect commerce. For purposes of this paragraph, it is an unfair discriminatory practice for a private entity providing public transportation to engage in one or more of the following practices:

(1) imposition or application of eligibility criteria that screen out, or tend to screen out, an individual with a disability or a class of individuals with disabilities from fully enjoying the specified public transportation services provided by the entity, unless the criteria can be shown to be necessary for the provision of the services being offered;

(2) failure to make reasonable modifications, provide auxiliary aids and services, and remove barriers, consistent with section 363.03, subdivision 3, paragraph (c);

(3) the purchase or lease of a new vehicle, other than an automobile or van with a seating capacity of fewer than eight passengers, including the driver, or an over-the-road bus, that is to be used to provide specified public transportation that is not readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs, except that a new vehicle need not be readily accessible to and usable by individuals with disabilities if the vehicle is to be used solely in a demand responsive system and if the private entity can demonstrate that the system, when viewed in its entirety, provides a level of services to individuals with disabilities equivalent to the level of service provided to the general public;

(4) purchase or lease a new railroad passenger car that is to be used to provide specified public transportation if the car is not readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs, or to manufacture railroad passenger cars or purchase used cars that have been remanufactured so as to extend their usable life by ten years or more, unless the remanufactured car, to the maximum extent feasible, is made readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs, except that compliance with this clause is not required to the extent that compliance would significantly alter the historic or antiquated character of historic or antiquated railroad passenger cars or rail stations served exclusively by those cars;

(5) purchase or lease a new, used, or remanufactured vehicle with a seating capacity in excess of 16 passengers, including the driver, for use on a fixed route public transportation system, that is not readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs. If a private entity that operates a fixed route public transportation system purchases or leases a new, used, or remanufactured vehicle with a seating capacity of 16 passengers or fewer, including the driver, for use on the system which is not readily accessible to and usable by individuals with disabilities, it is an unfair discriminatory practice for the entity to fail to operate the system so that, when viewed in its entirety, the system ensures a level of service to individuals with disabilities, including individuals who use wheelchairs, equivalent to the level of service provided to individuals without disabilities; or

(6) to fail to operate a demand responsive system so that, when viewed in its entirety, the system ensures a level of service to individuals with disabilities, including individuals who use wheelchairs, equivalent to the level of service provided to individuals without disabilities. It is an unfair discriminatory practice for the entity to purchase or lease for use on a demand responsive system a new, used, or remanufactured vehicle with a seating capacity in excess of 16 passengers, including the driver, that is not readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs, unless the entity can demonstrate that the system, when viewed in its entirety, provides a level of service to individuals with disabilities equivalent to that provided to individuals without disabilities.

(f) It is an unfair discriminatory practice to construct a new facility or station to be used in the provision of public transportation services, unless the facilities or stations are readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs. It is an unfair discriminatory practice for a facility or station currently used for the provision of public transportation services defined in this subdivision to fail to make alterations necessary in order, to the maximum extent feasible, to make the altered portions of facilities or stations readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs. If the private entity is undertaking an alteration that affects or could affect the usability of or access to an area of the facility containing a primary function, the entity shall make the alterations so that, to the maximum extent feasible, the path of travel to the altered area, and the bathrooms, drinking fountains, and telephones serving the altered area, are readily accessible to and usable by individuals with disabilities if the alterations to the path of travel or to the functions mentioned are not disproportionate to the overall alterations in terms of cost and scope. The entity raising this defense has the burden of proof, and the department shall review these cases on a case-by-case basis.

Sec. 2. Minnesota Statutes 1992, section 518.11, is amended to read:

518.11 [SERVICE; PUBLICATION.]

(a) Unless a proceeding is brought by both parties, copies of the summons and petition shall be served on the respondent personally.

(b) When service is made out of this state and within the United States, it may be proved by the affidavit of the person making the same. When service is made without the United States it may be proved by the affidavit of the person making the same, taken before and certified by any United States minister, charge d'affaires, commissioner, consul or commercial agent, or other consular or diplomatic officer of the United States appointed to reside in such country, including all deputies or other representatives of such officer authorized to perform their duties; or before an officer authorized to administer an oath with the certificate of an officer of a court of record of the country wherein such affidavit is taken as to the identity and authority of the officer taking the same. ~~But,~~

(c) If personal service cannot be made, the court may order service of the summons by ~~publication, which publication shall be made as in other actions.~~ alternate means. The application for alternate service must include the last known location of the respondent; the petitioner's most recent contacts with the respondent; the last known location of the respondent's employment; the names and locations of the respondent's parents, siblings, children, and other close relatives; the names and locations of other persons who are likely to know the respondent's whereabouts; and a description of efforts to locate those persons.

The court shall consider the length of time the respondent's location has been unknown, the likelihood that the respondent's location will become known, the nature of the relief sought, and the nature of efforts made to locate the respondent. The court shall order service by first class mail, forwarding address requested, to any addresses where there is a reasonable possibility that mail or information will be forwarded or communicated to the respondent.

The court may also order publication, within or without the state, but only if it might reasonably succeed in notifying the respondent of the proceeding. Also, the court may require the petitioner to make efforts to locate the respondent by telephone calls to appropriate persons. Service shall be deemed complete 21 days after mailing or 21 days after court-ordered publication.

Sec. 3. [518.158] [GRANDPARENT EX PARTE TEMPORARY CUSTODY ORDER.]

Subdivision 1. [FACTORS.] It is presumed to be in the best interests of the child for the court to grant temporary custody to a grandparent under subdivision 2 if a minor child has resided with the grandparent for a period of 12 months or more and the following circumstances exist without good cause:

(1) the parent has had no contact with the child on a regular basis and no demonstrated, consistent participation in the child's well-being for six months; or

(2) the parent, during the time the child resided with the grandparent, has refused or neglected to comply with the duties imposed upon the parent by the parent and child relationship, including but not limited to providing the child necessary food, clothing, shelter, health care, education, and other care and control necessary for the child's physical, mental, or emotional health and development.

Subd. 2. [EMERGENCY CUSTODY HEARING.] If the parent seeks to remove the child from the home of the grandparent and the factors in subdivision 1 exist, the grandparent may apply for an ex parte temporary order for custody of the child. The court shall grant temporary custody if it finds, based on the application, that the factors in subdivision 1 exist. If it finds that the factors in subdivision 1 do not exist, the court shall order that the child be returned to the parent. An ex parte temporary custody order under this subdivision is good for a fixed period not to exceed 14 days. A temporary custody hearing under this chapter must be set for not later than seven days after issuance of the ex parte temporary custody order. The parent must be promptly served with a copy of the ex parte order and the petition and notice of the date for the hearing.

Subd. 3. [FURTHER PROCEEDINGS.] If the court orders temporary physical custody to the grandparent under subdivision 2 and the grandparent or parent seeks to pursue further temporary or permanent custody of the child, the custody issues must be determined pursuant to a petition under this chapter and the other standards and procedures of this chapter apply. This section does not affect any rights or remedies available under other law.

Subd. 4. [RETURN TO PARENT.] If the court orders permanent custody to a grandparent under this section, the court shall set conditions the parent must meet in order to obtain custody. The court may notify the parent that the parent may request assistance from the local social service agency in order to meet the conditions set by the court.

Sec. 4. Minnesota Statutes 1992, section 518.17, subdivision 1, is amended to read:

Subdivision 1. [THE BEST INTERESTS OF THE CHILD.] (a) "The best interests of the child" means all relevant factors to be considered and evaluated by the court including:

(1) the wishes of the child's parent or parents as to custody;

(2) the reasonable preference of the child, if the court deems the child to be of sufficient age to express preference;

(3) the child's primary caretaker;

(4) the intimacy of the relationship between each parent and the child;

(5) the interaction and interrelationship of the child with a parent or parents, siblings, and any other person who may significantly affect the child's best interests;

(6) the child's adjustment to home, school, and community;

(7) the length of time the child has lived in a stable, satisfactory environment and the desirability of maintaining continuity;

(8) the permanence, as a family unit, of the existing or proposed custodial home;

(9) the mental and physical health of all individuals involved; except that a disability, as defined in section 363.01, of a proposed custodian or the child shall not be determinative of the custody of the child, unless the proposed custodial arrangement is not in the best interest of the child;

(10) the capacity and disposition of the parties to give the child love, affection, and guidance, and to continue educating and raising the child in the child's culture and religion or creed, if any;

(11) the child's cultural background; ~~and~~

(12) the effect on the child of the actions of an abuser, if related to domestic abuse, as defined in section 518B.01, that has occurred between the parents; and

(13) except in cases in which a finding of domestic abuse as defined in section 518B.01 has been made, the disposition of each parent to encourage and permit frequent and continuing contact by the other parent with the child.

The court may not use one factor to the exclusion of all others. The primary caretaker factor may not be used as a presumption in determining the best interests of the child. The court must make detailed findings on each of the factors and explain how the factors led to its conclusions and to the determination of the best interests of the child.

(b) The court shall not consider conduct of a proposed custodian that does not affect the custodian's relationship to the child.

Sec. 5. Minnesota Statutes 1992, section 518B.01, subdivision 8, is amended to read:

Subd. 8. [SERVICE ~~OF ORDER~~; ALTERNATE SERVICE; PUBLICATION.] (a) The petition and any order issued under this section shall be ~~personally~~ served ~~upon~~ on the respondent personally.

(b) When service is made out of this state and in the United States, it may be proved by the affidavit of the person making the service. When service is made outside the United States, it may be proved by the affidavit of the person making the service, taken before and certified by any United States minister, charge d'affaires, commissioner, consul, or commercial agent, or other consular or diplomatic officer of the United States appointed to reside in the other country, including all deputies or other representatives of the officer authorized to perform their duties; or before an office authorized to administer an oath with the certificate of an officer of a court of record of the country in which the affidavit is taken as to the identity and authority of the officer taking the affidavit.

(c) If personal service cannot be made, the court may order service of the petition and any order issued under this section by alternate means, or by publication, which publication must be made as in other actions. The application for alternate service must include the last known location of the respondent; the petitioner's most recent contacts with the respondent; the last known location of the respondent's employment; the names and locations of the respondent's parents, siblings, children, and other close relatives; the names and locations of other persons who are likely to know the respondent's whereabouts; and a description of efforts to locate those persons.

The court shall consider the length of time the respondent's location has been unknown, the likelihood that the respondent's location will become known, the nature of the relief sought, and the nature of efforts made to locate the respondent. The court shall order service by first class mail, forwarding address requested, to any addresses where there is a reasonable possibility that mail or information will be forwarded or communicated to the respondent.

The court may also order publication, within or without the state, but only if it might reasonably succeed in notifying the respondent of the proceeding. Also, the court may require the petitioner to make efforts to locate the respondent by telephone calls to appropriate persons. Service shall be deemed complete 21 days after mailing or 21 days after court-ordered publication.

Sec. 6. [STUDY OF WAYS TO NURTURE THE FAMILY.]

The children's cabinet shall study ways to promote, support, protect, and nurture the family. They shall recommend changes in government and nongovernment programs and Minnesota Statutes that will encourage the preservation of the family. The children's cabinet shall report the findings to the legislature by February 1, 1995.

Of this appropriation $4,300,000 is from the state patrol motor vehicle account in the transportation services fund for purchasing motor vehicles used by state troopers. Of this amount, up to $54,000 in fiscal year 1995 may be used by the department for the implementation of the title registration fee change in section 4.

Sec. 3. [TRAFFIC ESCORT SERVICES REPORT.]

An application for a Class CC, Class B, or Class A driver's license also must state the applicant's social security number. An application for a Class C driver's license must have a space for the applicant's social security number and state that providing the number is optional, or otherwise convey that the applicant is not required to enter the social security number. The application form must contain a space where the applicant may indicate a desire to make an anatomical gift. If the applicant does not indicate a desire to make an anatomical gift when the application is made, the applicant must be offered a donor document in accordance with section 171.07, subdivision 5. The application form must contain statements sufficient to comply with the requirements of the uniform anatomical gift act (1987), sections 525.921 to 525.9224, so that execution of the application or donor document will make the anatomical gift as provided in section 171.07, subdivision 5, for those indicating a desire to make an anatomical gift. The application form must contain a notification to the applicant of the availability of a living will designation on the license under section 171.07, subdivision 7. This section applies to an indoor ice arena operated by a political subdivision, a state agency, the University of Minnesota, a state higher education institution, or any other organization that makes an arena available to the public. If the arena provides more prime ice time to groups of one gender than to groups of the other gender, the arena may not deny a request for prime ice time from the group of the underrepresented gender, provided that the group of the underrepresented gender pays the same price charged to groups of the other gender. An underrepresented gender group must be allowed up to 15 percent of prime ice time for the 1994-1995 season, up to 30 percent by the 1995-1996 season, and up to 50 percent by the 1996-1997 season. This section does not: (1) require an arena to allocate more time to any one group than is generally allocated to other groups; or (2) affect a political subdivision's ability to grant preference to groups based in the political subdivision, provided this preference is not based on gender. For purposes of this section, prime ice time means the hours of 4:00 p.m. to 10:00 p.m. Monday to Friday and 9:00 a.m. to 8:00 p.m. on Saturdays and Sundays. Any group that generates revenue as a result of tickets sold to persons in attendance at arena events must be excluded in determining if the arena provides more prime ice time to groups of one gender than the other.

Sec. 26. Minnesota Statutes 1992, section 16A.127, as amended by Laws 1993, First Special Session chapter 2, article 3, section 2, is amended to read:

16A.127 [INDIRECT COSTS.]

Subdivision 1. [STATEWIDE AND AGENCY INDIRECT COSTS.] (a) As used in this section ~~and in section 16A.128~~, "statewide indirect costs" means all ~~operating costs incurred~~ general fund expenditures made by ~~the treasurer and all agencies~~ any state agency attributable to providing general support services to any other state agency ~~except as prohibited by federal law. These operating costs include their proportionate share of costs incurred by the legislative and judicial branches~~.

(b) As used in this section, "agency indirect costs" means all general support costs within ~~the~~ any agency that ~~are not~~ cannot be directly charged to any agency ~~programs~~ program.

(c) For purposes of this section, "agency" means any entity receiving general support services.

Subd. 2. [STATEWIDE PLAN.] The commissioner shall annually prepare a plan ~~showing the kind~~ identifying the sources and ~~amount~~ amounts of each ~~executive~~ agency's statewide indirect costs for the current fiscal year. The commissioner shall ~~report~~ submit the plan to the cognizant federal agency for approval, and provide copies to the governor and the legislature.

Subd. 3. [GENERAL REIMBURSEMENT.] (a) ~~Under the plan,~~ Unless indirect cost recoveries are specifically appropriated in law, agencies are obligated to reimburse the general fund for all statewide indirect costs, and that portion of agency indirect costs attributable to recoveries of general fund expenditures. However, the commissioner may, for reasons of sound financial management, waive the reimbursement under this subdivision for certain nongeneral fund activities.

(b) The commissioner shall ~~make and~~ record the reimbursement to the general fund of the statewide and agency indirect costs attributable to an ~~executive~~ agency's nongeneral fund ~~receipts~~ activities for the ~~last~~ fiscal year. ~~Unless the commissioner determines that agency indirect cost receipts are a reimbursement for general fund expenditures, the~~ All nonfederal agency indirect cost receipts are appropriated to the agency to pay administrative expenses, unless they are determined to be a reimbursement of general fund expenditures. ~~However, the commissioner may, for reasons of sound financial management, waive the reimbursement under this subdivision for certain nongeneral fund receipts. The commissioner shall report all waivers in the next statewide indirect cost plan.~~

~~(b)~~ Subd. 3a. [APPROPRIATION.] There is annually appropriated from all direct appropriated nongeneral funds an amount sufficient to reimburse the general fund for both statewide indirect costs, and any agency indirect costs attributable to general fund expenditures.

Subd. 4. [FEDERAL PROPOSALS.] ~~An executive agency's application~~ Agency applications for federal money shall include necessary submissions to ~~get~~ recover both statewide and agency indirect ~~cost money~~ costs. The indirect cost submission must have the prior approval of the commissioner. An agency indirect cost ~~submission~~ plan is unnecessary if the ~~executive agency convinces the~~ commissioner determines that the ~~submission is not economical~~ costs incurred in preparing and maintaining it exceed the benefit received by the state. If less than the entire agency proposal is federally approved, the commissioner may accept reimbursement of less than all of the federal receipts. If no federal funds are approved for indirect costs, the agency must document that fact to the commissioner.

Subd. 5. [FEDERAL ~~SHARE~~ REIMBURSEMENT.] ~~The executive agency~~ Agencies shall reimburse the general fund for all federal money received ~~for~~ as a recovery of statewide indirect costs. ~~Unless the commissioner determines that agency indirect cost receipts are a reimbursement for general fund expenditures, the receipts are appropriated to the agency to pay administrative expenses. If less than the entire executive agency proposal is federally approved, the commissioner may accept reimbursement of less than all of the federal receipts. If no federal funds are approved for indirect costs, the executive agency must document that fact to the commissioner.~~ All federal agency indirect cost receipts are appropriated to the agency to pay administrative expenses, unless they are determined to be a reimbursement of general fund expenditures.

Subd. 6. [REQUIRED INFORMATION.] ~~An executive agency~~ Agencies must supply the information required by the commissioner, as needed, to carry out the provisions of this section.

Subd. 7. [AUDIT FEES.] The legislative auditor may recommend waiver, and the legislative audit commission may waive all or part of a fee for an audit. A state audited ~~executive~~ agency whose funds are not administered by the treasurer must transfer to the general fund the amount of the cost of the audit attributable to the ~~executive~~ agency's nongeneral fund receipts.

Subd. 8. [~~EXEMPTION~~ EXEMPTIONS.] (a) No statewide or agency indirect cost liability shall be accrued to any program, appropriation, or account that is specifically exempted from the liability in federal or state law, or if the commissioner determines the funds to be held in trust, or to be a pass through, workshop, or seminar account. Accounts receiving proceeds from bond issues, and those accounts whose funds are determined by the commissioner to originate from the general fund, are also exempt from this section.

(b) Except for the costs of the legislative auditor to conduct financial audits of federal funds, this section does not apply to the community college board, state university board, or the state board of technical colleges. ~~Indirect cost~~ Receipts attributable to financial audits conducted by the legislative auditor of federal funds administered by these post-secondary education boards shall be deposited in the general fund.

~~(b) Except for federal funds, this section does not apply to the department of natural resources for agency indirect costs.~~

Subd. 9. [~~WAIVER~~ PROVISION FOR NATURAL RESOURCES.] (a) The department of natural resources is exempt from recovering agency indirect costs except where federal funds are involved.

(b) The commissioner of natural resources need not bill the federal government, other states, or Canadian provinces for the indirect costs of providing emergency fire fighting services, and need not reimburse the general fund for those indirect costs~~, if the commissioner determines that the emergency fire fighting is in the best interest of the state. The commissioner of natural resources need not bill another state or Canadian province for the indirect costs of providing emergency fire fighting services, and need not reimburse the general fund for those indirect costs, if the other state or Canadian province agrees not to bill the state of Minnesota for the indirect costs of emergency fire fighting services provided by the other state~~ if the waiver is reciprocated.

Sec. 27. Minnesota Statutes 1992, section 16A.15, subdivision 3, is amended to read:

Subd. 3. [ALLOTMENT AND ENCUMBRANCE.] (a) A payment may not be made without prior obligation. An obligation may not be incurred against any fund, allotment, or appropriation unless the commissioner has certified a sufficient unencumbered balance or the accounting system shows sufficient allotment or encumbrance balance in the fund, allotment, or appropriation to meet it. The commissioner shall determine when the accounting system may be used to incur obligations without the commissioner's certification of a sufficient unencumbered balance. An expenditure or obligation authorized or incurred in violation of this chapter is invalid and ineligible for payment until made valid. A payment made in violation of this chapter is illegal. An employee authorizing or making the payment, or taking part in it, and a person receiving any part of the payment, are jointly and severally liable to the state for the amount paid or received. If an employee knowingly incurs an obligation or authorizes or makes an expenditure in violation of this chapter or takes part in the violation, the violation is just cause for the employee's removal by the appointing authority or by the governor if an appointing authority other than the governor fails to do so. In the latter case, the governor shall give notice of the violation and an opportunity to be heard on it to the employee and to the appointing authority. A claim presented against an appropriation without prior allotment or encumbrance may be made valid on investigation, review, and approval by the commissioner, if the services, materials, or supplies to be paid for were actually furnished in good faith without collusion and without intent to defraud. The commissioner may then draw a warrant to pay the claim just as properly allotted and encumbered claims are paid.

(b) The commissioner may approve payment for materials and supplies in excess of the obligation amount when increases are authorized by section 16B.07, subdivision 2.

(c) To minimize potential construction delay claims, an agency with a project funded by a building appropriation may allow a contractor to proceed with supplemental work within the limits of the appropriation before money is encumbered. Under this circumstance, the agency may requisition funds and allow contractors to expeditiously proceed with a construction sequence. While the contractor is proceeding, the agency shall immediately act to encumber the required funds.

A facsimile signature or electronic approval, when used in accordance with the commissioner's delegated authority and instructions, is as effective as an original signature.

Sec. 31. Minnesota Statutes 1992, section 16B.06, subdivision 2, is amended to read:

Subd. 2. [VALIDITY OF STATE CONTRACTS.] (a) A state contract or lease is not valid and the state is not bound by it until:

(1) it has first been executed by the head of the agency or a delegate which is a party to the contract ~~and~~;

(2) it has been approved ~~in writing~~ by the commissioner or a delegate, under this section~~,~~;

(3) it has been approved by the attorney general or a delegate as to form and execution~~,~~; and ~~by the commissioner of finance or a delegate who shall determine that the appropriation and~~

The report must be made to the governor and the chairs of the committee on finance of the senate and the committee on ways and means of the house of representatives.

Sec. 38. [16C.04] [COLLECTION ACTIVITIES.]

Subdivision 1. [DUTIES.] The commissioner shall provide services to the state and its agencies to collect debts owed the state. The commissioner is not a collection agency as defined by section 332.31, subdivision 3, and is not licensed, bonded, or regulated by the commissioner of commerce under sections 332.31 to 332.35 or 332.38 to 332.45. The commissioner is subject to section 332.37, except clause (9) or (10). The commissioner may contract with the commissioner of revenue for collection services.

Subd. 2. [AGENCY PARTICIPATION.] A state agency may, at its option, refer debts to the commissioner for collection. The ultimate responsibility for the debt, including the reporting of the debt to the commissioner and the decision with regard to the continuing collection and uncollectibility of the debt, remains with the referring state agency.

Subd. 3. [SERVICES.] The commissioner shall provide collection services for a state agency, and may provide for collection services for the University of Minnesota or a court, in accordance with the terms and conditions of a signed debt qualification plan.

Subd. 4. [AUTHORITY TO CONTRACT.] The commissioner may contract with credit bureaus, private collection agencies, and other entities as necessary for the collection of debts. A private collection agency acting under a contract with the commissioner is subject to sections 332.31 to 332.45, except that the private collection agency may indicate that it is acting under a contract with the commissioner. The commissioner may not delegate the powers provided under section 16C.08 to any nongovernmental entity.

Sec. 39. [16C.05] [PRIORITY OF SATISFACTION OF DEBTS.]

Subdivision 1. [MULTIPLE DEBTS.] If two or more debts owed by the same debtor are submitted to the commissioner, amounts collected on those debts must be applied as prescribed in this section.

[ENFORCEMENT OF LIENS.] If the money received is collected on a judgment lien under chapter 550, a lien provided by chapter 514, a consensual lien or security interest, protection of an interest in property through chapter 570, by collection process provided by chapters 551 and 571, or by any other process by which the commissioner is enforcing rights in a particular debt, the money must be applied to that particular debt.

Subd. 3. [OTHER METHODS OF COLLECTION.] If the money is collected in any manner not specified in subdivision 2, the money collected must apply first to the satisfaction of any debts for child support. Any debts other than child support must be satisfied in the order in time in which the commissioner received the debts from the referring agency.

Sec. 40. [16C.06] [DEBTOR INFORMATION.]

Subdivision 1. [ACCESS TO GOVERNMENT DATA NOT PUBLIC.] Notwithstanding chapter 13 or any other state law classifying or restricting access to government data, upon request from the commissioner, state agencies, political subdivisions, and statewide systems shall disseminate not public data to the commissioner for the sole purpose of collecting debt. Not public data disseminated under this subdivision is limited to financial data of the debtor or data related to the location of the debtor or the assets of the debtor.

Subd. 2. [DISCLOSURE OF DATA.] Data received, collected, created, or maintained by the commissioner to collect debts are classified as private data on individuals under section 13.02, subdivision 12, or nonpublic data under section 13.02, subdivision 9. The commissioner may disclose not public data:

(1) under section 13.05;

(2) under court order;

(3) under a statute specifically authorizing access to the not public data;

(4) to provide notices required or permitted by statute;

(5) to an agent of the commissioner, including a law enforcement person, attorney, or investigator acting for the commissioner in the investigation or prosecution of a criminal or civil proceeding relating to collection of a debt;

(6) to report names of debtors, amount of debt, date of debt, and the agency to whom debt is owed to credit bureaus; and

(7) when necessary to locate the debtor, locate the assets of the debtor, or to enforce or implement the collection of a debt.

The commissioner may not disclose data that is not public to a private collection agency or other entity with whom the commissioner has contracted under section 16C.04, subdivision 4, unless disclosure is otherwise authorized by law.

Sec. 41. [16C.07] [NOTICE TO DEBTOR.]

The referring agency shall send notice to the debtor by United States mail or personal delivery at the debtor's last known address at least 20 days before the debt is referred to the commissioner. The notice must state the nature and amount of the debt, identify to whom the debt is owed, and inform the debtor of the remedies available under this chapter.

Sec. 42. [16C.08] [COLLECTION DUTIES AND POWERS.]

Subdivision 1. [DUTIES.] The commissioner shall take all reasonable and cost-effective actions to collect debts referred to the commissioner.

Subd. 2. [POWERS.] In addition to the collection remedies available to private collection agencies in this state, the commissioner, with legal assistance from the attorney general, may utilize any statutory authority granted to a referring agency for purposes of collecting debt owed to that referring agency.

Sec. 43. [16C.09] [UNCOLLECTIBLE DEBTS.]

When a debt is determined by a state agency to be uncollectible, the debt may be written off by the state agency from the state agency's financial accounting records and no longer recognized as an account receivable for financial reporting purposes. A debt is considered to be uncollectible when (1) all reasonable collection efforts have been exhausted, (2) the cost of further collection action will exceed the amount recoverable, (3) the debt is legally without merit or cannot be substantiated by evidence, (4) the debtor cannot be located, (5) the available assets or income,

current or anticipated, that may be available for payment of the debt are insufficient, (6) the debt has been discharged in bankruptcy, (7) the applicable statute of limitations for collection of the debt has expired, or (8) it is not in the public interest to pursue collection of the debt. The determination of the uncollectibility of a debt must be reported by the state agency along with the basis for that decision as part of its quarterly reports to the commissioner. Determining that the debt is uncollectible does not cancel the legal obligation of the debtor to pay the debt.

Sec. 44. [16C.10] [CASE REVIEWER.]

The commissioner shall make a case reviewer available to debtors. The reviewer must be available to answer a debtor's questions concerning the collection process and to review the collection activity taken. If the reviewer reasonably believes that the particular action being taken is unreasonable or unfair, the reviewer may make recommendations to the commissioner in regard to the collection action.

Sec. 45. [RECOMMENDATION; SUPERVISION OF STATE DEBT COLLECTION.]

By February 15, 1996, the commissioners of finance, human services, and revenue and the attorney general shall conduct an evaluation and make a recommendation to the legislature regarding the appropriate state officer to supervise state debt collection under Minnesota Statutes, section 16C.04.

Notwithstanding Minnesota Statutes, sections 16A.152, subdivision 2; and 121.904, if planning estimates for the 1996-97 biennium prepared by the commissioner of finance at the close of the 1994 legislative session, or in November 1994, show a budgetary balance before reserves of less than $350,000,000 at the end of the 1996-97 biennium, the

commissioner may increase the revenue recognition percent established in Minnesota Statutes, section 121.904, beginning in fiscal year 1996 by the amount necessary to bring the budgetary balance before reserves to $350,000,000, except that it may not be increased beyond 48 percent. If the projected budgetary balance before reserves is greater than $350,000,000, the percentage is decreased by the amount necessary to bring the balance before reserves to $350,000,000, but not to less than zero.

Sec. 3. [CASH FLOW REFORM PROGRAM.]

Sec. 4. Minnesota Statutes 1992, section 240.13, subdivision 1, is amended to read:

Subdivision 1. [AUTHORIZED.] (a) Class B and class D licenses give the licensees authority to conduct pari-mutuel betting on the results of races run at the licensed racetrack, and on other races as authorized by the commission under this section.

(b) A class B or class ~~E~~ D license gives the licensee the authority to transmit and receive telecasts and conduct pari-mutuel betting on the results of horse races run at its class A facility, and of other horse races run at other locations ~~outside of the state~~, as authorized by the commission. ~~A class E licensee must present, for pari-mutuel wagering purposes, all live horse races conducted at its class A facility.~~ The class B or class ~~E~~ D licensee may present racing programs separately or concurrently.

(c) Subject to the approval of the commission~~, for simulcasts and telerace simulcasts~~ the types of betting, takeout, and distribution of winnings on pari-mutuel pools ~~of~~ on simulcast races at a class B or class ~~E~~ D facility are those in effect at the sending racetrack. ~~Pari-mutuel pools accumulated at a class E facility must be commingled with the pools at the class A facility for comparable pools on those races that are being simultaneously presented at both facilities.~~ Pari-mutuel pools may be commingled with pools at the sending racetrack, for the purposes of determining odds and payout prices, via the totalizator computer at the class A facility.

(d) The commission may not authorize a class B ~~or class E~~ licensee to conduct simulcasting or telerace simulcasting unless 125 days of live racing, consisting of not less than eight live races on each racing day, have been conducted at the class A facility within the preceding 12 months. The number of live racing days required may be adjusted by agreement between the licensee and the horsepersons' organization representing the majority of horsepersons racing the breed racing the majority of races at the licensee's class A facility during the preceding 12 months. The number of live racing days required must be reduced by one day for each assigned racing day that the licensee is unable to conduct live racing due to natural occurrences or catastrophes beyond its control.

(e) The commission may authorize no more than five class D licensees to conduct simucasting in any year. Simulcasting may be conducted at each class D licensee's facility:

(1) only on races conducted at another class D facility during a county fair day at that facility; and

(2) only on standardbred races.

A class D licensee may not conduct simulcasting for wagering purposes unless the licensee has a written contract, permitting the simulcasting, with a horseperson's organization representing the standardbred industry the breed being simulcast under authority of the class D license.

Sec. 5. Minnesota Statutes 1992, section 240.13, subdivision 2, is amended to read:

Subd. 2. [REQUIREMENTS.] (a) A licensee conducting pari-mutuel betting must provide at the licensed track ~~or at the teleracing facility~~:

(1) the necessary equipment for issuing pari-mutuel tickets; and

(2) mechanical or electronic equipment for displaying information the commission requires. All mechanical or electronic devises must be approved by the commission before being used.

(b) A licensee conducting pari-mutuel betting must post prominently at each point of sale of pari-mutuel tickets, in a manner approved by the commissioner of human services, the toll-free telephone number established by the commissioner of human services in connection with the compulsive gambling program established under section 245.98.

Sec. 6. Minnesota Statutes 1992, section 240.13, subdivision 3, is amended to read:

Subd. 3. [TYPES OF BETTING.] The commission shall by rule designate those types of pari-mutuel pools which are permitted at licensed racetracks ~~and teleracing facilities~~, and no licensee may conduct any type of pari-mutuel pool which has not been so designated. ~~Pari-mutuel pools permitted at licensed racetracks and pari-mutuel pools designated by the commission are permitted at teleracing facilities.~~

Sec. 7. Minnesota Statutes 1992, section 240.13, subdivision 5, is amended to read:

Subd. 5. [PURSES.] (a) From the amounts deducted from all pari-mutuel pools by a licensee, an amount equal to not less than the following percentages of all money in all pools must be set aside by the licensee and used for purses for races conducted by the licensee, provided that a licensee may agree by contract with an organization representing a majority of the horsepersons racing the breed involved to set aside amounts in addition to the following percentages:

(1) for live races conducted at a class A facility, and for races that are part of full racing card simulcasting ~~or full racing card telerace simulcasting~~ that takes place within the time period of the live races, 8.4 percent;

(2) for simulcasts ~~and telerace simulcasts~~ conducted during the racing season other than as provided for in clause (1), 50 percent of the takeout remaining after deduction for taxes on pari-mutuel pools, payment to the breeders fund, and payment to the sending out-of-state racetrack for receipt of the signal; and

(3) for simulcasts ~~and telerace simulcasts~~ conducted outside of the racing season, 25 percent of the takeout remaining after deduction for the state pari-mutuel tax, payment to the breeders fund, payment to the sending out-of-state racetrack for receipt of the signal and, before January 1, 2005, a further deduction of eight percent of all money in all pools~~; provided, however, that~~. In the event that wagering on simulcasts ~~and telerace simulcasts~~ outside of the racing season exceeds $125 million in any calendar year, the amount set aside for purses by this formula is increased to 30 percent on amounts between $125,000,000 and $150,000,000 wagered; 40 percent on amounts between $150,000,000 and $175,000,000 wagered; and 50 percent on amounts in excess of $175,000,000 wagered. In lieu of the eight percent deduction, a deduction as agreed to between the licensee and the horsepersons' organization representing the majority of horsepersons racing at the licensee's class A facility during the preceding 12 months, is allowed after December 31, 2004.

The commission may by rule provide for the administration and enforcement of this subdivision. The deductions for payment to the sending out-of-state racetrack must be actual, except that when there exists any overlap of ownership, control, or interest between the sending out-of-state racetrack and the receiving licensee, the deduction must not be greater than three percent unless agreed to between the licensee and the horsepersons' organization representing the majority of horsepersons racing the breed racing the majority of races during the existing racing meeting or, if outside of the racing season, during the most recent racing meeting.

In lieu of the amount the licensee must pay to the commission for deposit in the Minnesota breeders fund under section 240.15, subdivision 1, the licensee shall pay 5-1/2 percent of the takeout from all pari-mutuel pools generated by wagering at the licensee's facility on full racing card simulcasts ~~and full racing card telerace simulcasts~~ of races not conducted in this state.

(b) From the money set aside for purses, the licensee shall pay to the horseperson's organization representing the majority of the horsepersons racing the breed involved and contracting with the licensee with respect to purses and the conduct of the racing meetings and providing representation, benevolent programs, benefits, and services for horsepersons and their on-track employees, an amount, sufficient to perform these services, as may be determined by agreement by the licensee and the horseperson's organization. The amount paid may be deducted only from the money set aside for purses to be paid in races for the breed represented by the horseperson's organization. With respect to racing meetings where more than one breed is racing, the licensee may contract independently with the horseperson's organization representing each breed racing.

(c) Notwithstanding sections 325D.49 to 325D.66, a horseperson's organization representing the majority of the horsepersons racing a breed at a meeting, and the members thereof, may agree to withhold horses during a meeting.

(d) Money set aside for purses from wagering, during the racing season, on simulcasts ~~and telerace simulcasts~~ must be used for purses for live races conducted at the licensee's class A facility during the same racing season, over and above the 8.4 percent purse requirement or any higher requirement to which the parties agree, for races conducted in this state. Money set aside for purses from wagering, outside of the racing season, on simulcasts ~~and telerace simulcasts~~ must be for purses for live races conducted at the licensee's class A facility during the next racing season, over and above the 8.4 percent purse requirement or any higher requirement to which the parties agree, for races conducted in this state.

(e) Money set aside for purses from wagering on simulcasts ~~and telerace simulcasts~~ must be used for purses for live races involving the same breed involved in the simulcast ~~or telerace simulcast~~ except that money set aside for purses and payments to the breeders fund from wagering on full racing card simulcasts ~~and full racing card telerace simulcasts~~ of races not conducted in this state, occurring during a live mixed meet, must be allotted to the purses and breeders fund for each breed participating in the mixed meet in the same proportion that the number of live races run by each breed bears to the total number of live races conducted during the period of the mixed meet.

(f) The allocation of money set aside for purses to particular racing meets may be adjusted, relative to overpayments and underpayments, by contract between the licensee and the horsepersons' organization representing the majority of horsepersons racing the breed involved at the licensee's facility.

(g) Subject to the provisions of this chapter, money set aside from pari-mutuel pools for purses must be for the breed involved in the race that generated the pool, except that if the breed involved in the race generating the pari-mutuel pool is not racing in the current racing meeting, or has not raced within the preceding 12 months at the licensee's class A facility, money set aside for purses may be distributed proportionately to those breeds that have run during the preceding 12 months or paid to the commission and used for purses or to promote racing for the breed involved in the race generating the pari-mutuel pool, or both, in a manner prescribed by the commission.

(h) This subdivision does not apply to a class D licensee.

Sec. 8. Minnesota Statutes 1992, section 240.13, subdivision 6, is amended to read:

Subd. 6. [SIMULCASTING.] (a) The commission may permit an authorized licensee to conduct simulcasting ~~or telerace simulcasting~~ at the licensee's facility on any day authorized by the commission. All simulcasts ~~and telerace simulcasts~~ must comply with the Interstate Horse Racing Act of 1978, United States Code, title 15, sections 3001 to 3007. ~~In addition to teleracing programs featuring live racing conducted at the licensee's class A facility, the class E licensee may conduct not more than seven teleracing programs per week during the racing season, unless additional telerace simulcasting is authorized by the director and approved by the horsepersons' organization representing the majority of horsepersons racing the breed racing the majority of races at the licensee's class A facility during the preceding 12 months.~~

(b) The commission may not authorize any day for simulcasting at a class A facility during the racing season, and a licensee may not be allowed to transmit out-of-state telecasts of races the licensee conducts, unless the licensee has obtained the approval of the horsepersons' organization representing the majority of the horsepersons racing the breed involved at the licensed racetrack during the preceding 12 months.

(c) The licensee may pay fees and costs to an entity transmitting a telecast of a race to the licensee for purposes of conducting pari-mutuel wagering on the race. The licensee may deduct fees and costs related to the receipt of televised transmissions from a pari-mutuel pool on the televised race, provided that one-half of any amount recouped in this manner must be added to the amounts required to be set aside for purses.

(e) With the approval of the commission and subject to the provisions of this subdivision, a licensee may transmit telecasts of races it conducts, for wagering purposes, to locations outside the state, and the commission may allow this to be done on a commingled pool basis.

(f) Except as otherwise provided in this section, simulcasting ~~and telerace simulcasting~~ may be conducted on a separate pool basis or, with the approval of the commission, on a commingled pool basis. All provisions of law governing pari-mutuel betting apply to simulcasting ~~and telerace simulcasting~~ except as otherwise provided in this subdivision or in the commission's rules. If pools are commingled, wagering at the licensed facility must be on equipment electronically linked with the equipment at the licensee's class A facility or with the sending racetrack via the totalizator computer at the licensee's class A facility. Subject to the approval of the commission, the types of betting, takeout, and distribution of winnings on commingled pari-mutuel pools are those in effect at the sending racetrack. Breakage for pari-mutuel pools on a televised race must be calculated in accordance with the law or rules governing the sending racetrack for these pools, and must be distributed in a manner agreed to between the licensee and the sending racetrack. Notwithstanding subdivision 7 and section 240.15, subdivision 5, the commission may approve procedures governing the definition and disposition of unclaimed tickets that are consistent with the law and rules governing unclaimed tickets at the sending racetrack. For the purposes of this section, "sending racetrack" is either the racetrack outside of this state where the horse race is conducted or, with the consent of the racetrack, an alternative facility that serves as the racetrack for the purpose of commingling pools.

(g) If there is more than one class B licensee conducting racing within the seven-county metropolitan area, simulcasting ~~and telerace simulcasting~~ may be conducted only on races run by a breed that ran at the licensee's class A facility within the 12 months preceding the event.

~~Contractual agreements between licensees and horsepersons' organizations entered into before June 5, 1991, regarding money to be set aside for purses from pools generated by simulcasts at a class A facility, are controlling regarding purse requirements through the end of the 1992 racing season.~~

Sec. 9. Minnesota Statutes 1992, section 240.13, subdivision 8, is amended to read:

Subd. 8. [PROHIBITED ACTS.] (a) A licensee may not accept a bet or a pari-mutuel ticket for payment from any person under the age of 18 years~~; and a licensee may not accept a bet of less than $1~~. It is an affirmative defense to a charge under this paragraph for the licensee to prove by a preponderance of the evidence that the licensee, reasonably and in good faith, relied upon representation of proof of age described in section 340A.503, subdivision 6, in accepting the bet or pari-mutuel ticket for payment.

Sec. 10. Minnesota Statutes 1992, section 240.15, subdivision 6, is amended to read:

Subd. 6. [DISPOSITION OF PROCEEDS.] The commission shall distribute all money received under this section, and all money received from license fees and fines it collects, as follows: all money designated for deposit in the Minnesota breeders fund must be paid into that fund for distribution under section 240.18 except that all money generated by full racing card simulcasts~~, or full racing card telerace simulcasts of races not conducted in this state,~~ must be distributed as provided in section 240.18, subdivisions 2, paragraph (d), clauses (1), (2), and (3); and 3. Revenue from an admissions tax imposed under subdivision 1 must be paid to the local unit of government at whose request it was imposed, at times and in a manner the commission determines. All other revenues received under this section by the commission, and all license fees, fines, and other revenue it receives, must be paid to the state treasurer for deposit in the general fund.

Sec. 11. Minnesota Statutes 1992, section 240.16, subdivision 1a, is amended to read:

Subd. 1a. [SIMULCAST.] All simulcasts ~~and telerace simulcasts~~ are subject to the regulation of the commission. The commission may assign an official to preside over these activities and, if so assigned, the official has the powers and duties provided by rule.

Sec. 12. Minnesota Statutes 1992, section 240.25, subdivision 2, is amended to read:

Subd. 2. [OFF-TRACK BETS.] ~~(a)~~ No person shall:

(1) for a fee, directly or indirectly, accept anything of value from another to be transmitted or delivered for wager in any licensed pari-mutuel system of wagering on horse races, or for a fee deliver anything of value which has been received outside of the enclosure of a licensed racetrack holding a race meet licensed under this chapter ~~or a teleracing facility~~, to be placed as wagers in the pari-mutuel system of wagering on horse racing within the enclosure or facility; or

(2) give anything of value to be transmitted or delivered for wager in any licensed pari-mutuel system of wagering on horse races to another who charges a fee, directly or indirectly, for the transmission or delivery.

~~(b) Nothing in this subdivision prohibits the conducting of pari-mutuel wagering at a licensed teleracing facility.~~

Sec. 13. Minnesota Statutes 1992, section 240.25, is amended by adding a subdivision to read:

Subd. 8. [AGE UNDER 18.] A person under the age of 18 may not place a bet or present a pari-mutuel ticket for payment with an approved pari-mutuel system.

Sec. 14. Minnesota Statutes 1992, section 240.26, subdivision 3, is amended to read:

Subd. 3. [MISDEMEANORS.] A violation of any other provision of ~~Laws 1983,~~ this chapter ~~214~~ or of a rule or order of the commission for which another penalty is not provided is a misdemeanor.

Sec. 15. Minnesota Statutes 1992, section 240.27, subdivision 1, is amended to read:

Subdivision 1. [PERSONS EXCLUDED.] The commission may exclude from any and all licensed racetracks ~~or licensed teleracing facilities~~ in the state a person who:

(a) has been convicted of a felony under the laws of any state or the United States;

(b) has had a license suspended, revoked, or denied by the commission or by the racing authority of any other jurisdiction; or

(c) is determined by the commission, on the basis of evidence presented to it, to be a threat to the integrity of racing in Minnesota.

Sec. 16. Minnesota Statutes 1992, section 240.28, subdivision 1, is amended to read:

Subdivision 1. [FINANCIAL INTEREST.] No person may serve on or be employed by the commission who has an interest in any corporation, association, or partnership which holds a license from the commission or which holds a contract to supply goods or services to a licensee or at a licensed racetrack ~~or a licensed teleracing facility~~, including concessions contracts. No member or employee of the commission may own, wholly or in part, or have an interest in a horse which races at a licensed racetrack in Minnesota. No member or employee of the commission may have a financial interest in or be employed in a profession or business which conflicts with the performance of duties as a member or employee.

The tax imposed by this subdivision is in lieu of the tax imposed by section 297A.02 and all local taxes and license fees except a fee authorized under section 349.16, subdivision 8, or a tax authorized under subdivision 5.

The tax imposed under this subdivision is payable by the organization or party conducting, directly or indirectly, the gambling.

Subd. 2. [TAX-EXEMPT GAMBLING.] An organization's receipts from lawful gambling that are excluded or exempt from licensing under section 349.166, are not subject to the tax imposed by this section or section 297A.02. This exclusion from tax is only valid if at the time of the event giving rise to the tax the organization either has an exclusion under section 349.166, subdivision 1, or has applied for and received a valid exemption from the lawful gambling control board.

Subd. 3. [COLLECTION; DISPOSITION.] Taxes imposed by this section are due and payable to the commissioner when the gambling tax return is required to be filed. Returns covering the taxes imposed under this section must be filed with the commissioner on or before the 20th day of the month following the close of the previous calendar month. The commissioner may require that the returns be filed via magnetic media or electronic data transfer. The proceeds, along with the revenue received from all license fees and other fees under sections 349.11 to 349.191, 349.211, and 349.213, must be paid to the state treasurer for deposit in the general fund.

Subd. 4. [PULL-TAB AND TIPBOARD TAX.] (a) A tax is imposed on the sale of each deal of pull-tabs and tipboards sold by a distributor. The rate of the tax is two percent of the ideal gross of the pull-tab or tipboard deal. The sales tax imposed by chapter 297A on the sale of the pull-tabs and tipboards by the distributor is imposed on the retail sales price less the tax imposed by this subdivision. The retail sale of pull-tabs or tipboards by the organization is exempt from taxes imposed by chapter 297A and is exempt from all local taxes and license fees except a fee authorized under section 349.16, subdivision 8.

(b) The liability for the tax imposed by this section is incurred when the pull-tabs and tipboards are delivered by the distributor to the customer or to a common or contract carrier for delivery to the customer, or when received by the customer's authorized representative at the distributor's place of business, regardless of the distributor's method of accounting or the terms of the sale.

The tax imposed by this subdivision is imposed on all sales of pull-tabs and tipboards, except the following:

(1) sales to the governing body of an Indian tribal organization for use on an Indian reservation;

(2) sales to distributors licensed under the laws of another state or of a province of Canada, as long as all statutory and regulatory requirements are met in the other state or province;

(3) sales of promotional tickets as defined in section 349.12; and

(4) pull-tabs and tipboards sold to an organization that sells pull-tabs and tipboards under the exemption from licensing in section 349.166, subdivision 2. A distributor shall require an organization conducting exempt gambling to show proof of its exempt status before making a tax-exempt sale of pull-tabs or tipboards to the organization. A distributor shall identify, on all reports submitted to the commissioner, all sales of pull-tabs and tipboards that are exempt from tax under this subdivision.

(c) A distributor having a liability of $120,000 or more during a fiscal year ending June 30 must remit all liabilities in the subsequent calendar year by a funds transfer as defined in section 336.4A-104, paragraph (a). The funds transfer payment date, as defined in section 336.4A-401, must be on or before the date the tax is due. If the date the tax is due is not a funds transfer business day, as defined in section 336.4A-105, paragraph (a), clause (4), the payment date must be on or before the funds transfer business day next following the date the tax is due.

Subd. 5. [LOCAL GAMBLING TAX.] A statutory or home rule charter city that has one or more licensed organizations operating lawful gambling, and a county that has one or more licensed organizations outside incorporated areas operating lawful gambling, may impose a local gambling tax on each licensed organization within the city's or county's jurisdiction. The tax may be imposed only if the amount to be received by the city or county is necessary to cover the costs incurred by the city or county to regulate lawful gambling. The tax imposed by this subdivision may not exceed three percent of the gross receipts of a licensed organization from all lawful gambling less prizes actually paid out by the organization. A city or county may not use money collected under this subdivision for any purpose other than to regulate lawful gambling. A tax imposed under this subdivision is in lieu of all other local taxes and local investigation fees on lawful gambling. A city or county that imposes a tax under this subdivision shall annually, by March 15, file a report with the board in a form prescribed by the board showing (1) the amount of revenue produced by the tax during the preceding calendar year, and (2) the use of the proceeds of the tax.

Subd. 6. [COMBINED RECEIPTS TAX.] In addition to the taxes imposed under subdivisions 1 and 4, a tax is imposed on the combined receipts of the organization. As used in this section, "combined receipts" is the sum of the organization's gross receipts from lawful gambling less gross receipts directly derived from the conduct of bingo, raffles, and paddlewheels, as defined in section 349.12, subdivision 21, for the fiscal year. The combined receipts of an organization are subject to a tax computed according to the following schedule:

If the combined receipts for the fiscal year are:	The tax is:
Not over $500,000	zero
Over $500,000, but not over $700,000	two percent of the amount over $500,000, but not over $700,000
Over $700,000, but not over $900,000	$4,000 plus four percent of the amount over $700,000, but not over $900,000
Over $900,000	$12,000 plus six percent of the amount over $900,000

Subd. 7. [UNTAXED GAMBLING PRODUCT.] (a) In addition to penalties or criminal sanctions imposed by this chapter, a person, organization, or business entity possessing or selling a pull-tab or tipboard upon which the tax imposed by subdivision 4 has not been paid is liable for a tax of six percent of the ideal gross of each pull-tab or tipboard. The tax on a partial deal must be assessed as if it were a full deal.

(b) In addition to penalties and criminal sanctions imposed by this chapter, a person not licensed by the board who conducts bingo, raffles, or paddlewheel games is liable for a tax of six percent of the gross receipts from that activity.

(c) The tax must be assessed by the commissioner. An assessment must be considered a jeopardy assessment or jeopardy collection as provided in section 270.70. The commissioner shall assess the tax based on personal knowledge or information available to the commissioner. The commissioner shall mail to the taxpayer at the taxpayer's last known address, or serve in person, a written notice of the amount of tax, demand its immediate payment, and, if payment is not immediately made, collect the tax by any method described in chapter 270, except that the commissioner need not await the expiration of the times specified in chapter 270. The tax assessed by the commissioner is presumed to be valid and correctly determined and assessed. The burden is upon the taxpayer to show its incorrectness or invalidity. The tax imposed under this subdivision does not apply to gambling that is exempt from taxation under subdivision 2.

Subd. 8. [PERSONAL DEBT.] The tax imposed by this section, and interest and penalties imposed with respect to it, are a personal debt of the person required to file a return from the time the liability for it arises, irrespective of when the time for payment of the liability occurs. The debt must, in the case of the executor or administrator of the estate of a decedent and in the case of a fiduciary, be that of the person in the person's official or fiduciary capacity only unless the person has voluntarily distributed the assets held in that capacity without reserving sufficient assets to pay the tax, interest, and penalties, in which event the person is personally liable for any deficiency.

Subd. 9. [PUBLIC INFORMATION.] All records concerning the administration of the taxes under this chapter are classified as public information.

Subd. 10. [REFUNDS; APPROPRIATION.] A person who has, under this chapter, paid to the commissioner an amount of tax for a period in excess of the amount legally due for that period, may file with the commissioner a claim for a refund of the excess. The amount necessary to pay the refunds is appropriated from the general fund to the commissioner.

Subd. 11. [UNPLAYED OR DEFECTIVE PULL-TABS OR TIPBOARDS.] If a deal of pull-tabs or tipboards registered with the board or bar coded in accordance with chapter 349 and upon which the tax imposed by subdivision 4 has been paid is returned unplayed to the distributor, the commissioner shall allow a refund of the tax paid.

If a defective deal registered with the board or bar coded in accordance with chapter 349 and upon which the taxes have been paid is returned to the manufacturer, the distributor shall submit to the commissioner of revenue certification from the manufacturer that the deal was returned and in what respect it was defective. The certification must be on a form prescribed by the commissioner and must contain additional information the commissioner requires.

The commissioner may require that no refund under this subdivision be made unless the returned pull-tabs or tipboards have been set aside for inspection by the commissioner's employee.

Reductions in previously paid taxes authorized by this subdivision must be made when and in the manner prescribed by the commissioner.

Sec. 3. [297E.03] [SPORTS BOOKMAKING TAX.]

Subdivision 1. [IMPOSITION OF TAX.] An excise tax of six percent is imposed on the value of all bets received by, recorded by, accepted by, forwarded by, or placed with a person engaged in sports bookmaking.

Subd. 2. [BET DEFINED.] For purposes of this section, the term "bet" has the meaning given it in section 609.75, subdivision 2.

Subd. 3. [SPORTS BOOKMAKING DEFINED.] For purposes of this section, the term "sports bookmaking" has the meaning given it in section 609.75, subdivision 7.

Subd. 4. [AMOUNT OF BET.] In determining the value or amount of any bet for purposes of this section, all charges incident to the placing of the bet must be included.

Subd. 5. [TAX RETURNS.] A person engaged in sports bookmaking shall file monthly tax returns with the commissioner of revenue, in the form required by the commissioner, of all bookmaking activity, and shall include information on all bets recorded, accepted, forwarded, and placed. The returns must be filed on or before the 20th day of the month following the month in which the bets reported were recorded, accepted, forwarded, or placed. The tax imposed by this section is due and payable at the time when the returns are filed.

Subd. 6. [PERSONS LIABLE FOR TAX.] Each person who is engaged in receiving, recording, forwarding, or accepting sports bookmaking bets is liable for and shall pay the tax imposed under this section.

Subd. 7. [JEOPARDY ASSESSMENT; JEOPARDY COLLECTION.] The tax may be assessed by the commissioner of revenue. An assessment made pursuant to this section shall be considered a jeopardy assessment or jeopardy collection as provided in section 270.70. The commissioner shall assess the tax based on personal knowledge or information available to the commissioner. The commissioner shall mail to the taxpayer at the taxpayer's last known

address, or serve in person, a written notice of the amount of tax, demand its immediate payment, and, if payment is not immediately made, collect the tax by any method described in chapter 270, except that the commissioner need not await the expiration of the times specified in chapter 270. The tax assessed by the commissioner is presumed to be valid and correctly determined and assessed.

Subd. 8. [DISCLOSURE PROHIBITED.] (a) Notwithstanding any law to the contrary, neither the commissioner nor a public employee may reveal facts contained in a sports bookmaking tax return filed with the commissioner of revenue as required by this section, nor can any information contained in the report or return be used against the tax obligor in any criminal proceeding, unless independently obtained, except in connection with a proceeding involving taxes due under this section, or as provided in section 270.064.

(b) Any person violating this section is guilty of a gross misdemeanor.

(c) This section does not prohibit the commissioner from publishing statistics that do not disclose the identity of tax obligors or the contents of particular returns or reports.

Sec. 4. [297E.031] [GAMBLING TAX PERMIT.]

Subdivision 1. [APPLICATION AND ISSUANCE.] A distributor who sells gambling products under this chapter must file with the commissioner an application, on a form prescribed by the commissioner, for a gambling tax permit and identification number. The commissioner, when satisfied that the applicant has a valid license from the board, shall issue the applicant a permit and number. A permit is not assignable and is valid only for the distributor in whose name it is issued.

Subd. 2. [SUSPENSION; REVOCATION.] (a) If a distributor fails to comply with this chapter or a rule of the commissioner, or if a license issued under chapter 349 is revoked or suspended, the commissioner, after giving notice, may for reasonable cause revoke or suspend a permit held by a distributor. A notice must be sent to the distributor at least 15 days before the proposed suspension or revocation is to take effect. The notice must give the reason for the proposed suspension or revocation and must require the distributor to show cause why the proposed action should not be taken. The notice may be served personally or by mail.

(b) The notice must inform the distributor of the right to a contested case hearing. If a request in writing is made to the commissioner within 14 days of the date of the notice, the commissioner shall defer action on the suspension or revocation and shall refer the case to the office of administrative hearings for the scheduling of a contested case hearing. The distributor must be served with 20 days' notice in writing specifying the time and place of the hearing and the allegations against the distributor.

(c) The commissioner shall issue a final order following receipt of the recommendation of the administrative law judge.

(d) Under section 271.06, subdivision 1, an appeal to the tax court may be taken from the commissioner's order of revocation or suspension. The commissioner may not issue a new permit after revocation except upon application accompanied by reasonable evidence of the intention of the applicant to comply with all applicable laws and rules.

Sec. 5. [297E.04] [MANUFACTURER'S REPORTS AND RECORDS.]

Subdivision 1. [REPORTS OF SALES.] A manufacturer who sells gambling product for use or resale in this state, or for receipt by a person or entity in this state, shall file with the commissioner, on a form prescribed by the commissioner, a report of gambling product sold to any person in the state, including the established governing body of an Indian tribe recognized by the United States Department of the Interior. The report must be filed monthly on or before the 20th day of the month succeeding the month in which the sale was made. The commissioner may require that the report be submitted via magnetic media or electronic data transfer. The commissioner may inspect the premises, books, records, and inventory of a manufacturer without notice during the normal business hours of the manufacturer. A person violating this section is guilty of a misdemeanor.

Subd. 2. [BAR CODES.] The flare of each pull-tab and tipboard game must be imprinted by the manufacturer with a bar code that provides all information prescribed by the commissioner. The commissioner must require that the bar code include the serial number of the game. A manufacturer must also affix to the outside of the box containing these games a bar code providing all information prescribed by the commissioner. The commissioner may also prescribe additional bar coding requirements.

No person may alter the bar code that appears on the outside of a box containing a deal of pull-tabs and tipboards. Possession of a box containing a deal of pull-tabs and tipboards that has a bar code different from the bar code of the deal inside the box is prima facie evidence that the possessor has altered the bar code on the box.

Subd. 3. [PADDLETICKET CARD MASTER FLARES.] Each sealed grouping of 100 paddleticket cards must have its own individual master flare. The manufacturer of the paddleticket cards must affix to or imprint at the bottom of each master flare a bar code that provides:

(1) the name of the manufacturer;

(2) the first paddleticket card number in the group;

(3) the number of paddletickets attached to each paddleticket card in the group; and

(4) all other information required by the commissioner. This subdivision applies to paddleticket cards (i) sold by a manufacturer after June 30, 1995, for use or resale in Minnesota or (ii) shipped into or caused to be shipped into Minnesota by a manufacturer after June 30, 1995. Paddleticket cards that are subject to this subdivision may not have a registration stamp affixed to the master flare.

Sec. 6. [297E.05] [DISTRIBUTOR REPORTS AND RECORDS.]

Subdivision 1. [BUSINESS RECORDS.] A distributor shall keep at each place of business complete and accurate records for that place of business, including itemized invoices of gambling product held, purchased, manufactured, or brought in or caused to be brought in from without this state, and of all sales of gambling product. The records must show the names and addresses of purchasers, the inventory at the close of each period for which a return is required of all gambling product on hand, and other pertinent papers and documents relating to the purchase, sale, or disposition of gambling product. Books, records, itemized invoices, and other papers and documents required by this section must be kept for a period of at least 3-1/2 years after the date of the documents, or the date of the entries appearing in the records, unless the commissioner of revenue authorizes in writing their destruction or disposal at an earlier date.

Subd. 2. [SALES RECORDS.] A distributor must maintain a record of all gambling product that it sells. The record must include:

(1) the identity of the person from whom the distributor purchased the product;

(2) the registration number of the product;

(3) the name, address, and license or exempt permit number of the organization or person to which the sale was made;

(4) the date of the sale;

(5) the name of the person who ordered the product;

(6) the name of the person who received the product;

(7) the type of product;

(8) the serial number of the product;

(9) the name, form number, or other identifying information for each game; and

(10) in the case of bingo hard cards or sheets sold on and after January 1, 1991, the individual number of each card or sheet.

Subd. 3. [INVOICES.] A distributor shall give with each sale of gambling product an itemized invoice showing the distributor's name and address, the purchaser's name and address, the date of the sale, description of the deals, including the ideal gross from every deal of pull-tabs and every deal of tipboards.

Subd. 4. [REPORTS.] A distributor shall report monthly to the commissioner, on a form the commissioner prescribes, its sales of each type of gambling product. This report must be filed monthly on or before the 20th day of the month succeeding the month in which the sale was made. The commissioner may require that a distributor submit the monthly report and invoices required in this subdivision via magnetic media or electronic data transfer.

Subd. 5. [CERTIFIED PHYSICAL INVENTORY.] The commissioner may, upon request, require a distributor to furnish a certified physical inventory of all gambling product in stock. The inventory must contain the information required by the commissioner.

Sec. 7. [297E.06] [ORGANIZATION REPORTS AND RECORDS.]

Subdivision 1. [REPORTS.] An organization must file with the commissioner, on a form prescribed by the commissioner, a report showing all gambling activity conducted by that organization for each month. Gambling activity includes all gross receipts, prizes, all gambling taxes owed or paid to the commissioner, all gambling expenses, and all lawful purpose and board-approved expenditures. The report must be filed with the commissioner on or before the 20th day of the month following the month in which the gambling activity takes place. The commissioner may require that the reports be filed via magnetic media or electronic data transfer.

Subd. 2. [BUSINESS RECORDS.] An organization shall maintain records supporting the gambling activity reported to the commissioner. Records include, but are not limited to, the following items:

(1) all winning and unsold tickets, cards, or stubs for pull-tab, tipboard, paddlewheel, and raffle games;

(2) all reports and statements, including checker's records, for each bingo occasion;

(3) all cash journals and ledgers, deposit slips, register tapes, and bank statements supporting gambling activity receipts;

(4) all invoices that represent purchases of gambling product;

(5) all canceled checks, check recorders, journals and ledgers, vouchers, invoices, bank statements, and other documents supporting gambling activity expenditures; and

(6) all organizational meeting minutes.

All records required to be kept by this section must be preserved by the organization for at least 3-1/2 years and may be inspected by the commissioner of revenue at any reasonable time without notice or a search warrant.

Subd. 3. [ACCOUNTS.] All gambling activity transactions must be segregated from all other revenues and expenditures made by the conducting organization.

Subd. 4. [ANNUAL AUDIT.] (a) An organization licensed under chapter 349 with gross receipts from lawful gambling of more than $250,000 in any year must have an annual financial audit of its lawful gambling activities and funds for that year. An organization licensed under chapter 349 with gross receipts from lawful gambling of more than $50,000 but not more than $250,000 in any year must have an annual financial review of its lawful gambling activities and funds for that year. Audits and financial reviews under this subdivision must be performed by an independent accountant licensed by the state of Minnesota.

(b) The commissioner of revenue shall prescribe standards for audits and financial review required under this subdivision. The standards may vary based on the gross receipts of the organization. The standards must incorporate and be consistent with standards prescribed by the American institute of certified public accountants. A complete, true, and correct copy of the audit report must be filed as prescribed by the commissioner.

Sec. 8. [297E.07] [INSPECTION RIGHTS.]

At any reasonable time, without notice and without a search warrant, the commissioner may enter a place of business of a manufacturer, distributor, or organization; any site from which pull-tabs or tipboards or other gambling equipment or gambling product are being manufactured, stored, or sold; or any site at which lawful gambling is being conducted, and inspect the premises, books, records, and other documents required to be kept under this chapter to

determine whether or not this chapter is being fully complied with. If the commissioner is denied free access to or is hindered or interfered with in making an inspection of the place of business, books, or records, the permit of the distributor may be revoked by the commissioner, and the license of the manufacturer, the distributor, or the organization may be revoked by the board.

Sec. 9. [297E.08] [EXAMINATIONS.]

Subdivision 1. [EXAMINATION OF TAXPAYER.] To determine the accuracy of a return or report, or in fixing liability under this chapter, the commissioner may make reasonable examinations or investigations of a taxpayer's place of business, tangible personal property, equipment, computer systems and facilities, pertinent books, records, papers, vouchers, computer printouts, accounts, and documents.

Subd. 2. [ACCESS TO RECORDS OF OTHER PERSONS IN CONNECTION WITH EXAMINATION OF TAXPAYER.] When conducting an investigation or an audit of a taxpayer, the commissioner may examine, except where privileged by law, the relevant records and files of a person, business, institution, financial institution, state agency, agency of the United States government, or agency of another state where permitted by statute, agreement, or reciprocity. The commissioner may compel production of these records by subpoena. A subpoena may be served directly by the commissioner.

Subd. 3. [POWER TO COMPEL TESTIMONY.] In the administration of this chapter, the commissioner may:

(1) administer oaths or affirmations and compel by subpoena the attendance of witnesses, testimony, and the production of a person's pertinent books, records, papers, or other data;

(2) examine under oath or affirmation any person regarding the business of a taxpayer concerning a matter relevant to the administration of this chapter. The fees of witnesses required by the commissioner to attend a hearing are equal to those allowed to witnesses appearing before courts of this state. The fees must be paid in the manner provided for the payment of other expenses incident to the administration of state tax law; and

(3) in addition to other remedies available, bring an action in equity by the state against a taxpayer for an injunction ordering the taxpayer to file a complete and proper return or amended return. The district courts of this state have jurisdiction over the action, and disobedience of an injunction issued under this clause must be punished as for contempt.

Subd. 4. [THIRD-PARTY SUBPOENA WHERE TAXPAYER'S IDENTITY IS KNOWN.] An investigation may extend to any person that the commissioner determines has access to information that may be relevant to the examination or investigation. If a subpoena requiring the production of records under subdivision 2 is served on a third-party record keeper, written notice of the subpoena must be mailed to the taxpayer and to any other person who is identified in the subpoena. The notices must be given within three days of the day on which the subpoena is served. Notice to the taxpayer required by this section is sufficient if it is mailed to the last address on record with the commissioner of revenue.

The provisions of this subdivision relating to notice to the taxpayer or other parties identified in the subpoena do not apply if there is reasonable cause to believe that the giving of notice may lead to attempts to conceal, destroy, or alter records relevant to the examination, to prevent the communication of information from other persons through intimidation, bribery, or collusion, or to flee to avoid prosecution, testifying, or production of records.

Subd. 5. [THIRD-PARTY SUBPOENA WHERE TAXPAYER'S IDENTITY IS NOT KNOWN.] A subpoena that does not identify the person or persons whose tax liability is being investigated may be served only if:

(1) the subpoena relates to the investigation of a particular person or ascertainable group or class of persons;

(2) there is a reasonable basis for believing that the person or group or class of persons may fail or may have failed to comply with tax laws administered by the commissioner of revenue;

(3) the subpoena is clear and specific concerning information sought to be obtained; and

(4) the information sought to be obtained is limited solely to the scope of the investigation.

A party served with a subpoena that does not identify the person or persons with respect to whose tax liability the subpoena is issued may, within three days after service of the subpoena, petition the district court in the judicial district in which that party is located for a determination whether the commissioner of revenue has complied with all the requirements in clauses (1) to (4), and whether the subpoena is enforceable. If no petition is made by the party served within the time prescribed, the subpoena has the effect of a court order.

Subd. 6. [REQUEST BY TAXPAYER FOR SUBPOENA.] If the commissioner has the power to issue a subpoena for investigative or auditing purposes, the commissioner shall honor a reasonable request by the taxpayer to issue a subpoena on the taxpayer's behalf in connection with the investigation or audit.

Subd. 7. [APPLICATION TO COURT FOR ENFORCEMENT OF SUBPOENA.] The commissioner or the taxpayer may apply to the district court of the county of the taxpayer's residence, place of business, or county where the subpoena can be served as with any other case at law, for an order compelling the appearance of the subpoenaed witness or the production of the subpoenaed records. Failure to comply with the order of the court for the appearance of a witness or the production of records may be punished by the court as for contempt.

Subd. 8. [COST OF PRODUCTION OF RECORDS.] The cost of producing records of a third party required by a subpoena must be paid by the taxpayer if the taxpayer requests the subpoena to be issued or if the taxpayer has the records available but has refused to provide them to the commissioner. In other cases where the taxpayer cannot produce records and the commissioner then issues a subpoena for third-party records, the commissioner shall pay the reasonable cost of producing the records. The commissioner may later assess the reasonable costs against the taxpayer if the records contribute to the determination of an assessment of tax against the taxpayer.

Sec. 10. [297E.09] [ASSESSMENTS.]

Subdivision 1. [GENERALLY.] The commissioner shall make determinations, corrections, and assessments with respect to taxes, including interest, additions to taxes, and assessable penalties, imposed under this chapter.

Subd. 2. [COMMISSIONER FILED RETURNS.] If a taxpayer fails to file a return required by this chapter, the commissioner may make a return for the taxpayer from information in the commissioner's possession or obtainable by the commissioner. The return is prima facie correct and valid.

Subd. 3. [ORDER OF ASSESSMENT; NOTICE AND DEMAND TO TAXPAYER.] (a) If a return has been filed and the commissioner determines that the tax disclosed by the return is different from the tax determined by the examination, the commissioner shall send an order of assessment to the taxpayer. The order must explain the basis for the assessment and must explain the taxpayer's appeal rights. An assessment by the commissioner must be made by recording the liability of the taxpayer in the office of the commissioner, which may be done by keeping a copy of the order of assessment sent to the taxpayer. An order of assessment is final when made but may be reconsidered by the commissioner under section 349.219.

(b) The amount of unpaid tax shown on the order must be paid to the commissioner:

(1) within 60 days after notice of the amount and demand for its payment have been mailed to the taxpayer by the commissioner; or

(2) if an administrative appeal is filed under section 349.219 within 60 days following the determination or compromise of the appeal.

Subd. 4. [ERRONEOUS REFUNDS.] An erroneous refund is considered an underpayment of tax on the date made. An assessment of a deficiency arising out of an erroneous refund may be made at any time within two years from the making of the refund. If part of the refund was induced by fraud or misrepresentation of a material fact, the assessment may be made at any time.

Subd. 5. [ASSESSMENT PRESUMED VALID.] A return or assessment made by the commissioner is prima facie correct and valid. The taxpayer has the burden of establishing the incorrectness or invalidity of the return or assessment in any action or proceeding in respect to it.

Subd. 6. [AGGREGATE REFUND OR ASSESSMENT.] On examining returns of a taxpayer for more than one year or period, the commissioner may issue one order covering the period under examination that reflects the aggregate refund or additional tax due.

Subd. 7. [SUFFICIENCY OF NOTICE.] An order of assessment sent by United States mail, postage prepaid to the taxpayer at the taxpayer's last known address, is sufficient even if the taxpayer is deceased or is under a legal disability, or, in the case of a corporation, has terminated its existence, unless the department has been provided with a new address by a party authorized to receive notices of assessment.

Sec. 11. [297E.10] [EXTENSIONS FOR FILING RETURNS AND PAYING TAXES.]

If, in the commissioner's judgment, good cause exists, the commissioner may extend the time for filing tax returns, paying taxes, or both, for not more than six months.

Sec. 12. [297E.11] [LIMITATIONS ON TIME FOR ASSESSMENT OF TAX.]

Subdivision 1. [GENERAL RULE.] Except as otherwise provided in this chapter, the amount of taxes assessable must be assessed within 3-1/2 years after the return is filed, whether or not the return is filed on or after the date prescribed. A return must not be treated as filed until it is in processible form. A return is in processible form if it is filed on a permitted form and contains sufficient data to identify the taxpayer and permit the mathematical verification of the tax liability shown on the return.

Subd. 2. [FALSE OR FRAUDULENT RETURN.] Notwithstanding subdivision 1, the tax may be assessed at any time if a false or fraudulent return is filed or if a taxpayer fails to file a return.

Subd. 3. [OMISSION IN EXCESS OF 25 PERCENT.] Additional taxes may be assessed within 6-1/2 years after the due date of the return or the date the return was filed, whichever is later, if the taxpayer omits from a tax return taxes in excess of 25 percent of the taxes reported in the return.

Subd. 4. [TIME LIMIT FOR REFUNDS.] Unless otherwise provided in this chapter, a claim for a refund of an overpayment of tax must be filed within 3-1/2 years from the date prescribed for filing the return, plus any extension of time granted for filing the return, but only if filed within the extended time, or two years from the time the tax is paid, whichever period expires later. Interest on refunds must be computed at the rate specified in section 270.76 from the date of payment to the date the refund is paid or credited. For purposes of this subdivision, the date of payment is the later of the date the tax was finally due or was paid.

Subd. 5. [BANKRUPTCY; SUSPENSION OF TIME.] The time during which a tax must be assessed or collection proceedings begun is suspended during the period from the date of a filing of a petition in bankruptcy until 30 days after either:

(1) notice to the commissioner that the bankruptcy proceedings have been closed or dismissed; or

(2) the automatic stay has been ended or has expired, whichever occurs first.

The suspension of the statute of limitations under this subdivision applies to the person the petition in bankruptcy is filed against, and all other persons who may also be wholly or partially liable for the tax.

Subd. 6. [EXTENSION AGREEMENT.] If before the expiration of time prescribed in subdivisions 1 and 4 for the assessment of tax or the filing of a claim for refund, both the commissioner and the taxpayer have consented in writing to the assessment or filing of a claim for refund after that time, the tax may be assessed or the claim for refund filed at any time before the expiration of the agreed upon period. The period may be extended by later agreements in writing before the expiration of the period previously agreed upon.

Sec. 13. [297E.13] [CIVIL PENALTIES.]

Subdivision 1. [PENALTY FOR FAILURE TO PAY TAX.] If a tax is not paid within the time specified for payment, a penalty is added to the amount required to be shown as tax. The penalty is five percent of the unpaid tax if the failure is for not more than 30 days, with an additional penalty of five percent of the amount of tax remaining unpaid during each additional 30 days or fraction of 30 days during which the failure continues, not exceeding 15 percent in the aggregate.

If the taxpayer has not filed a return, for purposes of this subdivision the time specified for payment is the final date a return should have been filed.

Subd. 2. [PENALTY FOR FAILURE TO MAKE AND FILE RETURN.] If a taxpayer fails to make and file a return within the time prescribed or an extension, a penalty is added to the tax. The penalty is five percent of the amount of tax not paid on or before the date prescribed for payment of the tax.

If a taxpayer fails to file a return within 60 days of the date prescribed for filing of the return (determined with regard to any extension of time for filing), the addition to tax under this subdivision must be at least the lesser of: (1) $200; or (2) the greater of (i) 25 percent of the amount required to be shown as tax on the return without reduction for any payments made or refundable credits allowable against the tax, or (ii) $50.

Subd. 3. [COMBINED PENALTIES.] When penalties are imposed under subdivisions 1 and 2, except for the minimum penalty under subdivision 2, the penalties imposed under both subdivisions combined must not exceed 38 percent.

Subd. 4. [PENALTY FOR INTENTIONAL DISREGARD OF LAW OR RULES.] If part of an additional assessment is due to negligence or intentional disregard of the provisions of this chapter or rules of the commissioner of revenue (but without intent to defraud), there is added to the tax an amount equal to ten percent of the additional assessment.

Subd. 5. [PENALTY FOR FALSE OR FRAUDULENT RETURN; EVASION.] If a person files a false or fraudulent return, or attempts in any manner to evade or defeat a tax or payment of tax, there is imposed on the person a penalty equal to 50 percent of the tax found due for the period to which the return related, less amounts paid by the person on the basis of the false or fraudulent return.

Subd. 6. [PENALTY FOR REPEATED FAILURES TO FILE RETURNS OR PAY TAXES.] If there is a pattern by a person of repeated failures to timely file returns or timely pay taxes, and written notice is given that a penalty will be imposed if such failures continue, a penalty of 25 percent of the amount of tax not timely paid as a result of each such subsequent failure is added to the tax. The penalty can be abated under the abatement authority in section 270.07, subdivisions 1, paragraph (e), and 6.

Subd. 7. [PENALTY FOR SALES AFTER REVOCATION, SUSPENSION, OR EXPIRATION.] A distributor who engages in, or whose representative engages in, the offering for sale, sale, transport, delivery, or furnishing of gambling equipment to a person, firm, or organization, after the distributor's license or permit has been revoked or suspended, or has expired, and until such license or permit has been reinstated or renewed, is liable for a penalty of $1,000 for each day the distributor continues to engage in the activity. This subdivision does not apply to the transport of gambling equipment for the purpose of returning the equipment to a licensed manufacturer.

Subd. 8. [PAYMENT OF PENALTIES.] The penalties imposed by this section must be collected and paid in the same manner as taxes.

Subd. 9. [PENALTIES ARE ADDITIONAL.] The civil penalties imposed by this section are in addition to the criminal penalties imposed by this chapter.

Subd. 10. [ORDER PAYMENTS CREDITED.] All payments received may be credited first to the oldest liability not secured by a judgment or lien in the discretion of the commissioner of revenue, but in all cases must be credited first to penalties, next to interest, and then to the tax due.

Sec. 14. [297E.13] [TAX-RELATED CRIMINAL PENALTIES.]

The director of gambling enforcement or the commissioner or the designated inspectors and employees of the director or commissioner may seize in the name of the state of Minnesota any unregistered or untaxed gambling equipment.

Subd. 7. [STATUTE OF LIMITATIONS.] Notwithstanding section 628.26, or other provision of the criminal laws of this state, an indictment may be found and filed, or a complaint filed, upon a criminal offense named in this section, in the proper court within six years after the offense is committed.

Sec. 15. [297E.14] [INTEREST.]

Subdivision 1. [INTEREST RATE.] If an interest assessment is required under this section, interest is computed at the rate specified in section 270.75.

Subd. 2. [LATE PAYMENT.] If a tax is not paid within the time specified by law for payment, the unpaid tax bears interest from the date the tax should have been paid until the date the tax is paid.

Subd. 3. [EXTENSIONS.] If an extension of time for payment has been granted, interest must be paid from the date the payment should have been made if no extension had been granted, until the date the tax is paid.

Subd. 4. [ADDITIONAL ASSESSMENTS.] If a taxpayer is liable for additional taxes because of a redetermination by the commissioner, or for any other reason, the additional taxes bear interest from the time the tax should have been paid, without regard to any extension allowed, until the date the tax is paid.

Subd. 5. [ERRONEOUS REFUNDS.] In the case of an erroneous refund, interest accrues from the date the refund was paid unless the erroneous refund results from a mistake of the department, then no interest or penalty is imposed unless the deficiency assessment is not satisfied within 60 days of the order.

Subd. 6. [INTEREST ON JUDGMENTS.] Notwithstanding section 549.09, if judgment is entered in favor of the commissioner with regard to any tax, the judgment bears interest at the rate specified in section 270.75 from the date the judgment is entered until the date of payment.

Sec. 16. [297E.15] [ADMINISTRATIVE REVIEW.]

Subdivision 1. [TAXPAYER RIGHT TO RECONSIDERATION.] A taxpayer may obtain reconsideration by the commissioner of an order assessing tax, a denial of a request for abatement of penalty, or a denial of a claim for refund of money paid to the commissioner under provisions, assessments, or orders under this chapter by filing an administrative appeal as provided in subdivision 4. A taxpayer cannot obtain reconsideration if the action taken by the commissioner of revenue is the outcome of an administrative appeal.

Subd. 2. [APPEAL BY TAXPAYER.] A taxpayer who wishes to seek administrative review shall follow the procedure in subdivision 4.

Subd. 3. [NOTICE DATE.] For purposes of this section, "notice date" means the date of the order adjusting the tax or order denying a request for abatement or, in the case of a denied refund, the date of the notice of denial.

Subd. 4. [TIME AND CONTENT FOR ADMINISTRATIVE APPEAL.] Within 60 days after the notice date, the taxpayer must file a written appeal with the commissioner of revenue. The appeal need not be in any particular form, but must contain the following information:

(1) name and address of the taxpayer;

(2) if a corporation, the state of incorporation of the taxpayer, and the principal place of business of the corporation;

(3) the Minnesota identification number or social security number of the taxpayer;

(4) the type of tax involved;

(5) the date;

(6) the tax years or periods involved and the amount of tax involved for each year or period;

(7) the findings in the notice that the taxpayer disputes;

(8) a summary statement that the taxpayer relies on for each exception; and

(9) the taxpayer's signature or signature of the taxpayer's duly authorized agent.

Subd. 5. [EXTENSIONS.] If requested in writing and within the time allowed for filing an administrative appeal, the commissioner may extend the time for filing an appeal for a period of not more than 30 days from the expiration of the 60 days from the notice date.

Subd. 6. [AUTOMATIC EXTENSION OF STATUTE OF LIMITATIONS.] Notwithstanding any statute of limitations to the contrary, if the commissioner has made a determination and the taxpayer has authority to file an administrative appeal, the period during which the commissioner can make further assessments or other determinations does not expire before:

(1) 90 days after the notice date if no protest is filed under subdivision 4; or

(2) 90 days after the commissioner notifies the taxpayer of the determination on the appeal.

Subd. 7. [DETERMINATION OF APPEAL.] On the basis of applicable law and available information, the commissioner shall determine the validity, if any, in whole or part of the appeal and notify the taxpayer of the decision. This notice must be in writing and contain the basis for the determination.

Subd. 8. [AGREEMENT DETERMINING TAX LIABILITY.] If it appears to be in the best interests of the state, the commissioner may settle taxes, penalties, or interest that the commissioner has under consideration by virtue of an appeal filed under this section. An agreement must be in writing and signed by the commissioner and the taxpayer or the taxpayer's representative authorized by the taxpayer to enter into an agreement. An agreement must be filed in the office of the commissioner.

Subd. 9. [APPEAL OF AN ADMINISTRATIVE APPEAL.] Following the determination or settlement of an appeal, the commissioner must issue an order reflecting that disposition. Except in the case of an agreement determining tax under this section, the order is appealable to the Minnesota tax court under section 271.06.

Subd. 10. [APPEAL WHERE NO DETERMINATION.] If the commissioner does not make a determination within six months of the filing of an administrative appeal, the taxpayer may elect to appeal to tax court.

Subd. 11. [EXEMPTION FROM ADMINISTRATIVE PROCEDURE ACT.] This section is not subject to chapter 14.

Sec. 17. [297E.16] [CONTRABAND.]

Subdivision 1. [SEIZURE.] Contraband may be seized by the commissioner or by any sheriff or other police officer, hereinafter referred to as the "seizing authority," with or without process, and is subject to forfeiture as provided in subdivisions 2 and 3.

Subd. 2. [INVENTORY; JUDICIAL DETERMINATION; APPEAL; DISPOSITION OF SEIZED PROPERTY.] Within ten days after the seizure of alleged contraband, the person making the seizure shall make available an inventory of the property seized to the person from whom the property was seized, if known, and file a copy with the commissioner or the director of gambling enforcement. Within ten days after the date of service of the inventory, the person from whom the property was seized or any person claiming an interest in the property may file with the seizing authority a demand for judicial determination of whether the property was lawfully subject to seizure and forfeiture. Within 60 days after the date of filing of the demand, the seizing authority must bring an action in the district court of the county where seizure was made to determine the issue of forfeiture. The action must be brought in the name of the state and be prosecuted by the county attorney or by the attorney general. The court shall hear the action without a jury and determine the issues of fact and law involved. If a judgment of forfeiture is entered, the seizing authority may, unless the judgment is stayed pending an appeal, either (1) cause the forfeited property to be destroyed; or (2) cause it to be sold at a public auction as provided by law.

If demand for judicial determination is made and no action is commenced by the seizing authority as provided in this subdivision, the property must be released by the seizing authority and delivered to the person entitled to it. If no demand is made, the property seized is considered forfeited to the seizing authority by operation of law and may be disposed of by the seizing authority as provided where there has been a judgment of forfeiture. When the seizing authority is satisfied that a person from whom property is seized was acting in good faith and without intent to evade the tax imposed by section 297E.02, the seizing authority shall release the property seized without further legal proceedings.

Subd. 3. [DISPOSAL.] (a) The property described in section 349.2125, subdivision 1, clauses (4) and (5), must be confiscated after conviction of the person from whom it was seized, upon compliance with the following procedure: the seizing authority shall file with the court a separate complaint against the property, describing it and charging its use in the specific violation, and specifying substantially the time and place of the unlawful use. A copy of the

complaint must be served upon the defendant or person in charge of the property at the time of seizure, if any. If the person arrested is acquitted, the court shall dismiss the complaint against the property and order it returned to the persons legally entitled to it. Upon conviction of the person arrested, the court shall issue an order directed to any person known or believed to have any right, title or interest in, or lien upon, any of the property, and to persons unknown claiming any right, title, interest, or lien in it, describing the property and (1) stating that it was seized and that a complaint against it, charging the specified violation, has been filed with the court, (2) requiring the persons to file with the court administrator their answer to the complaint, setting forth any claim they may have to any right or title to, interest in, or lien upon the property, within 30 days after the service of the order, and (3) notifying them in substance that if they fail to file their answer within the time, the property will be ordered sold by the seizing authority. The court shall cause the order to be served upon any person known or believed to have any right, title, interest, or lien as in the case of a summons in a civil action, and upon unknown persons by publication, as provided for service of summons in a civil action. If no answer is filed within the time prescribed, the court shall, upon affidavit by the court administrator, setting forth the fact, order the property sold by the seizing authority. Seventy percent of the proceeds of the sale of forfeited property, after payment of seizure, storage, forfeiture, and sale expenses, must be forwarded to the seizing authority for deposit as a supplement to its operating fund or similar fund for official use, and 20 percent must be forwarded to the county attorney or other prosecuting agency that handled the forfeiture for deposit as a supplement to its operating fund or similar fund for prosecutorial purposes. The remaining ten percent of the proceeds must be forwarded within 60 days after resolution of the forfeiture to the department of human services to fund programs for the treatment of compulsive gamblers. If an answer is filed within the time provided, the court shall fix a time for a hearing, which must not be less than ten nor more than 30 days after the time for filing an answer expires. At the time fixed for hearing, unless continued for cause, the matter must be heard and determined by the court, without a jury, as in other civil actions.

(b) If the court finds that the property, or any part of it, was used in the violation specified in the complaint, it shall order the unlawfully used property sold as provided by law, unless the owner shows to the satisfaction of the court that the owner had no notice or knowledge or reason to believe that the property was used or intended to be used in the violation. The officer making a sale, after deducting the expense of keeping the property, the fee for seizure, and the costs of the sale, shall pay all liens according to their priority, which are established at the hearing as being bona fide and as existing without the lienor having any notice or knowledge that the property was being used or was intended to be used for or in connection with the violation specified in the order of the court, and shall pay the balance of the proceeds to the seizing authority for official use and sharing in the manner provided in paragraph (a). A sale under this section frees the property sold from all liens on it. Appeal from the order of the district court is available as in other civil cases. At any time after seizure of the articles specified in this subdivision, and before the hearing provided for, the property must be returned to the owner or person having a legal right to its possession, upon execution of a good and valid bond to the state, with corporate surety, in the sum of at least $100 and not more than double the value of the property seized, to be approved by the court in which the case is triable, or a judge of it, conditioned to abide any order and the judgment of the court, and to pay the full value of the property at the time of the seizure. The seizing authority may dismiss the proceedings outlined in this subdivision when the seizing authority considers it to be in the public interest to do so.

Sec. 18. [297E.17] [DISTRIBUTOR'S BOND.]

On finding it necessary to ensure compliance with this chapter, the commissioner may require that a distributor deposit with the commissioner security in the form and amount determined by the commissioner, but not more than the lesser of (1) twice the estimated average monthly tax liability for the previous 12 months, or (2) $10,000.

In lieu of security, the commissioner may require a distributor to file a bond issued by a surety company authorized to transact business in this state and approved by the commissioner of commerce as to solvency and responsibility.

The commissioner may make claim against this security or bond for all taxes, penalties, and interest owed by the distributor.

Sec. 19. [INSTRUCTIONS TO REVISOR.]

(a) If a provision of a section of Minnesota Statutes repealed or amended by this article is amended or referred to by an act enacted in 1994, the revisor shall codify the amendment or reference consistent with the recodification of the affected section by this act, notwithstanding any law to the contrary.

(b) In the next edition of Minnesota Statutes, in the sections referred to in column A, the revisor of statutes shall delete the reference in column B and insert the reference in column C. The revisor may change the references in column C to the sections of Minnesota Statutes in which the bill sections are compiled.

Subd. 2. [LEGISLATIVE INTENT.] It is the intent of the legislature that, in the event a minimum age of 21 is negotiated with more than one-half of the tribes that conduct gaming in Minnesota, legislation will be enacted adopting the same minimum age for gambling conducted under Minnesota Statutes, chapters 240, 349, and 349A.

ARTICLE 8

MISCELLANEOUS

Section 1. [4.47] [REPORT ON COMPULSIVE GAMBLING.]

The governor shall report to the legislature by February 1 of each odd-numbered year on the state's progress in addressing the problem of compulsive gambling. The report must include:

(1) a summary of available data describing the extent of the problem in Minnesota;

(2) a summary of programs, both governmental and private, that

(i) provide diagnosis and treatment for compulsive gambling,

(ii) enhance public awareness of the problem and the availability of compulsive gambling services,

(iii) are designed to prevent compulsive gambling and other problem gambling by elementary and secondary school students and vulnerable adults;

(iv) offer professional training in the identification, referral, and treatment of compulsive gamblers;

(3) the likely impact on compulsive gambling of each form of gambling; and

(4) budget recommendations for state-level compulsive gambling programs and activities.

Sec. 2. [325E.42] [DECEPTIVE TRADE PRACTICES; GAMBLING ADVERTISING AND MARKETING CLAIMS.]

Subdivision 1. [REGULATION.] All advertising or marketing materials relating to the conduct of any form of legal gambling in Minnesota, including informational or promotional materials, must:

(1) be sufficiently clear to prevent deception; and

(2) not overstate expressly, or by implication, the attributes or benefits of participating in legal gambling.

Subd. 2. [ATTORNEY GENERAL'S ACTIONS.] The attorney general may bring an action against any person violating this section in accordance with section 8.31, except that no private action is permitted to redress or correct a violation of this section.

Subd. 3. [ADVERTISING MEDIA EXCLUDED.] This section applies to actions of the owner, publisher, agent, or employee of newspapers, magazines, other printed matter, or radio or television stations or other advertising media used for the publication or dissemination of an advertisement or marketing materials, only if the owner, publisher, agent, or employee has been personally served with a certified copy of a court order or consent judgment or agreement prohibiting the publication of particular gambling advertising or marketing materials and thereafter publishes such materials.

Sec. 3. [LEGISLATIVE FINDINGS.]

The legislature finds that:

(a) The professional and amateur sports protection act of 1992 has been signed into law as Public Law Number 102-559.

(b) Public Law Number 102-559 prohibits any state from operating or permitting any organized wagering on sports events, but excludes those states which had as of October 2, 1992, enacted legislation or had a referendum pending that would legalize organized wagering on sports events, either by the state or by private entities.

(c) By passage of Public Law Number 102-559 Congress has infringed on the traditional rights of states to make their own determinations as to appropriate methods of controlling or combatting illegal gambling or raising state revenue, and raises serious questions as to possible violations of the tenth amendment to the United States Constitution.

(d) The exemptions granted in Public Law Number 102-559 to a handful of states are unreasonable, arbitrary, and discriminatory.

Sec. 4. [ATTORNEY GENERAL TO CONSIDER ACTION.]

The attorney general shall examine and analyze the legal issues involved and the propriety of bringing an action in the appropriate federal court to determine the constitutionality of Public Law Number 102-559 to the extent that it infringes on the authority of the legislature to enact legislation relating to organized wagering on sports events. After this examination and analysis the attorney general may, at the attorney general's discretion, bring such an action to determine the constitutionality of Public Law Number 102-559. No such action may be brought before May 1, 1995. By March 1, 1995, the attorney general shall report to the legislature on the attorney general's activities under this section.

Sec. 5. [ADVISORY COUNCIL.]

Subdivision 1. [COUNCIL ESTABLISHED.] An advisory council on gambling is created to study the conduct of all forms of gambling in Minnesota and advise the governor and legislature on all aspects of state policy on gambling.

(4) the chairs of the committees having jurisdiction over gambling in the senate and the house of representatives, a member of the minority party in the house of representatives appointed by the speaker of the house and a member of the minority party of the senate appointed by the subcommittee on committees of the senate committee on rules and administration.

Subd. 3. [DUTIES.] The council has the following duties:

(1) to consult with state agencies responsible for gambling operation, policy, regulation, or enforcement, either on its own initiative or on the initiative of the agency;

(3) to advise the governor on the development of a socio-economic model to support decision making on gambling issues; and

(4) conduct the study required under subdivision 4.

Subd. 4. [STUDY.] The advisory council shall study all forms of gambling conducted in Minnesota. The study shall include but not be limited to the following areas and issues:

(2) the purpose, intent, application, integration, and relationship of the provisions of Minnesota laws relating to all forms of gambling in the state;

(3) the relationship among the state government boards and agencies that regulate gambling, including consideration of abolishing the current boards that regulate gambling and replacing them with a single permanent advisory board;

(4) the nature and extent of gambling in the state that is not subject to state regulation;

(5) the financial and social impact of the growth of gambling in the last decade;

(6) the likely results of authorization of use of video lottery machines in the state;

(7) the appropriate level of regulation for the lawful gambling industry in Minnesota;

(8) proposals for changes in taxes on pull-tabs and tipboards to reflect unsold tickets; and

(9) expenditures of net profits from lawful gambling for real estate taxes on premises used for lawful gambling.

Subd. 5. [CONTENTS OF REPORT.] The advisory council's report to the legislature and governor must include recommendations regarding:

(1) development of a comprehensive public policy on gambling;

(2) establishment of an efficient state government structure for regulation of gambling; and

(3) implementation and funding of compulsive gambling programs.

Subd. 6. [STAFF.] The staff of the state lottery and legislative staff shall provide administrative and staff assistance when requested by the advisory council. Administrative costs of the advisory council will be paid by the state lottery.

Subd. 7. [COOPERATION BY OTHER AGENCIES.] State agencies shall, upon request of the advisory council, provide data or other information that the agencies collect or possess and that is necessary or useful in conducting the study and preparing the report required by this section.

Subd. 8. [REPORTS.] The advisory council shall, on February 1, 1995, and February 1, 1996, report to the governor and legislature on the results of it studies under subdivisions 4 and 5.

Sec. 6. [SOCIO-ECONOMIC MODEL.]

The governor shall include in the governor's budget proposals for the 1996-1997 biennium a proposal to create and maintain a socio-economic model that will allow executive agencies and the legislature to estimate the social, economic, and public revenue effects of different forms of gambling and changes in Minnesota gambling laws.

Sec. 7. [INTENT.]

It is the intent of the legislature to establish a permanent source of funding for compulsive gambling programs using state revenues generated from legal forms of gambling in the state and contributions from Indian tribes conducting gaming under tribal-state compacts.

Sec. 8. [APPROPRIATIONS.]

Subdivision 1. [COMPULSIVE GAMBLING.] For the fiscal year beginning July 1, 1994, the state lottery board shall deposit $1,000,000 in the general fund for use by the commissioner of human services to pay for compulsive gambling services. The amount deposited by the board shall be deducted from the lottery prize fund established under Minnesota Statutes, section 349A.10, subdivision 2. The amount deposited is appropriated to the commissioner of human services for this purpose. No more than 12 percent of the amount appropriated for compulsive gambling services under this section may be used to pay administrative costs of the department of human services. The deposit in this section is in addition to the reimbursement required by Laws 1993, chapter 146, article 3, section 4.

Subd. 2. [GAMBLING CONTROL BOARD.] $45,000 is appropriated from the general fund to the gambling control board for fiscal year 1995. Of this amount:

(1) $5,000 is for rulemaking to provide for implementation of pull-tab dispensing devices; and

(2) $40,000 is for increased duties under article 5, section 41.

Sec. 9. [EFFECTIVE DATE.]

Sections 3 and 4 are effective the day following final enactment. Section 5 is effective the day following final enactment and is repealed February 1, 1996. Section 8 is effective July 1, 1994."

April 25, 1994

The Honorable Irv Anderson
Speaker of the House of Representatives

The Honorable Allan H. Spear
President of the Senate

We, the undersigned conferees for H. F. No. 984, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendment and that H. F. No. 984 be further amended as follows:

Delete everything after the enacting clause and insert:

"ARTICLE 1

DEPARTMENT OF ADMINISTRATION

Section 1. Minnesota Statutes 1992, section 13B.04, is amended to read:

13B.04 [REPORT.]

A responsible authority that participates in a matching program shall prepare a report describing matching programs in which the responsible authority has participated during the previous calendar year. The report must be ~~included in a state agency's description of its information systems prepared under section 3.3026, subdivision 3~~ filed annually with the department of administration.

Sec. 2. Minnesota Statutes 1992, section 16B.24, subdivision 6, is amended to read:

Subd. 6. [PROPERTY RENTAL.] (a) [LEASES.] The commissioner shall rent land and other premises when necessary for state purposes. Notwithstanding subdivision 6a, paragraph (a), the commissioner may lease land or premises for ~~five~~ up to ten years ~~or less~~, subject to cancellation upon 30 days written notice by the state for any reason except rental of other land or premises for the same use. The commissioner may not rent non-state-owned land and buildings or substantial portions of land or buildings within the capitol area as defined in section 15.50 unless the commissioner first consults with the capitol area architectural and planning board. If the commissioner enters into a lease-purchase agreement for buildings or substantial portions of buildings within the capitol area, the commissioner shall require that any new construction of non-state-owned buildings conform to design guidelines of the capitol area architectural and planning board. Lands needed by the department of transportation for storage of vehicles or road materials may be rented for five years or less, such leases for terms over two years being subject to cancellation upon

30 days written notice by the state for any reason except rental of other land or premises for the same use. An agency or department head must consult with the chairs of the house appropriations and senate finance committees before entering into any agreement that would cause an agency's rental costs to increase by ten percent or more per square foot or would increase the number of square feet of office space rented by the agency by 25 percent or more in any fiscal year.

(b) [USE VACANT PUBLIC SPACE.] No agency may initiate or renew a lease for space for its own use in a private building unless the commissioner has thoroughly investigated presently vacant space in public buildings, such as closed school buildings, and found that none is available or use of the space is not feasible, prudent, and cost effective compared with available alternatives.

(c) [PREFERENCE FOR CERTAIN BUILDINGS.] For needs beyond those which can be accommodated in state-owned buildings, the commissioner shall acquire and utilize space in suitable buildings of historical, architectural, or cultural significance for the purposes of this subdivision unless use of that space is not feasible, prudent and cost effective compared with available alternatives. Buildings are of historical, architectural, or cultural significance if they are listed on the national register of historic places, designated by a state or county historical society, or designated by a municipal preservation commission.

(d) [RECYCLING SPACE.] Leases for space of 30 days or more for 5,000 square feet or more must require that space be provided for recyclable materials.

Sec. 3. Minnesota Statutes 1992, section 16B.32, subdivision 2, is amended to read:

Subd. 2. [ENERGY CONSERVATION GOALS; EFFICIENCY PROGRAM.] (a) The commissioner of administration in consultation with the department of public service, in cooperation with one or more public utilities or comprehensive energy services providers, may conduct a shared-savings program involving energy conservation expenditures ~~of up to $15,000,000 by July 1, 1996,~~ on state-owned buildings. The public utility or energy services provider shall contract with appropriate state agencies to implement energy efficiency improvements in the selected buildings. A contract must require the public utility or energy services provider to include all energy efficiency improvements in selected buildings that are calculated to achieve a cost payback within ten years. The contract must require that the public utility or energy services provider be repaid solely from energy cost savings and only to the extent of energy cost savings. Repayments must be interest-free. The goal of the program in this paragraph is to demonstrate that through effective energy conservation the total energy consumption per square foot of state-owned and wholly state-leased buildings could be reduced by at least 25 percent~~, and climate control energy consumption per square foot could be reduced by at least 15 percent~~ from consumption in the base year of 1990. All agencies participating in the program must report to the commissioner of administration their monthly energy usage, building schedules, inventory of energy-consuming equipment, and other information as needed by the commissioner to manage and evaluate the program.

(b) The commissioner may exclude from the program of paragraph (a) a building in which energy conservation measures are carried out. "Energy conservation measures" means measures that are applied to a state building that improve energy efficiency and have a simple return of investment in ~~five~~ ten years or within the remaining period of a lease, whichever time is shorter, and involves energy conservation, conservation facilities, renewable energy sources, improvements in operations and maintenance efficiencies, or retrofit activities.

~~(c) By January 1, 1993, the commissioner shall submit to the legislature a report that includes:~~

~~(1) an energy use survey of new or added space state buildings occupy;~~

~~(2) a plan for conserving energy without undertaking any physical alterations of the space;~~

~~(3) recommendations for physical alterations that would enable the agency to conserve additional energy along with an estimate of the cost of the alterations; and~~

~~(4) recommendations for additional legislation needed to achieve the goal along with an estimate of any costs associated with the recommended legislation.~~

Sec. 4. Minnesota Statutes 1993 Supplement, section 16B.42, subdivision 1, is amended to read:

Subdivision 1. [COMPOSITION.] The ~~commissioner of administration shall appoint an~~ intergovernmental information systems advisory council~~, to serve at the pleasure of the commissioner of administration, consisting of 25 members. Fourteen members shall be appointed or elected officials of local governments, seven shall be representatives of state agencies, and four shall be selected from the community at large. The county board may submit to the voters at a regular or special election the question of adopting the building code. The county board shall submit the question to the voters if it receives a petition for the question signed by a number of voters equal to at least five percent of those voting in the last general election. The question on the ballot must be stated substantially as follows:

"Shall the state building code be adopted in ..... County?"

If the majority of the votes cast on the proposition is in the negative, the state building code does not apply in the subject county, outside home rule charter or statutory cities or towns that adopted the building code before January 1, 1977, except the building requirements for handicapped persons do apply.

Nothing in this section precludes a ~~home rule charter or statutory city or town~~ municipality that did not adopt the state building code before January 1, 1977, from adopting and enforcing by ordinance or other legal means the state building code within its jurisdiction.

Sec. 9. Minnesota Statutes 1992, section 16B.73, is amended to read:

16B.73 [STATE BUILDING CODE IN MUNICIPALITIES UNDER 2,500; LOCAL OPTION.]

The governing body of a municipality whose population is less than 2,500 may provide that the state building code, except the requirements for handicapped persons, will not apply within the jurisdiction of the municipality, if the municipality is located in whole or in part within a county exempted from its application under section 16B.72. If more than one municipality has jurisdiction over an area, the state building code continues to apply unless all municipalities having jurisdiction over the area have provided that the state building code, except the requirements for handicapped persons, does not apply within their respective jurisdictions. Nothing in this section precludes a municipality from adopting and enforcing by ordinance or other legal means the state building code within its jurisdiction.

Sec. 10. [INSTRUCTION TO REVISOR.]

In the next and subsequent editions of Minnesota Statutes, the revisor of statutes shall change each reference to "state building inspector" to "state building official" in sections 16B.62, subdivision 2; 16B.63, subdivisions 1 to 4; 16B.64, subdivision 7; and 16B.66.

Sec. 11. [EFFECTIVE DATE.]

This article is effective the day following final enactment, except that section 7 is effective July 1, 1994."

The examiner or the examiner's designee shall make inquiry regarding the cause and manner of death and prepare written findings together with the report of death and its circumstances, which shall be filed in the office of the examiner. When it appears that death may have resulted from a criminal act and that further investigation is advisable, a copy of the report shall be transmitted to the county attorney. The examiner may take possession of all property of the deceased, mark it for identification, and make an inventory. The examiner shall take possession of all articles useful in establishing the cause of death, mark them for identification and retain them securely until they are no longer needed for evidence or investigation. The examiner shall release any property or articles needed for any criminal investigation to law enforcement officers conducting the investigation. When a reasonable basis exists for not releasing property or articles to law enforcement officers, the examiner shall consult with the county attorney. If the county attorney determines that a reasonable basis exists for not releasing the property or articles, the examiner may retain them. The property or articles shall be returned immediately upon completion of the investigation. When the property or articles are no longer needed for the investigation or as evidence, the examiner shall release the property or articles to the person or persons entitled to them. Notwithstanding any other law to the contrary, when personal property of a decedent has come into the possession of the examiner, and is not used for a criminal investigation or as evidence, and has not been otherwise released as provided in this subdivision, the name of the decedent shall be filed with the probate court, together with a copy of the inventory of the decedent's property. If the name of the decedent is not known, the examiner shall inventory the property of the decedent and after six months may sell the property at a public auction. The examiner shall be allowed reasonable expenses for the care and sale of the property and shall deposit the net proceeds of the sale with the county administrator, or the administrator's designee, in the name of the decedent, if known. If the decedent is not known, the examiner shall establish a means of identifying the property of the decedent with the unknown decedent and shall deposit the net proceeds of the sale with the county administrator, or a designee, so, that, if the unknown decedent's identity is established within six years, the proceeds can be properly distributed. In either case, duplicate receipts shall be provided to the examiner, one of which shall be filed with the court, the other of which shall be retained in the office of the examiner. If a representative shall qualify within six years from the time of deposit, the county administrator, or a designee, shall pay the amount of the deposit to the representative upon order of the court. Data collected or created pursuant to this subdivision relating to any psychiatric, psychological, or mental health consultation with, diagnosis of, or treatment of the decedent whose death is being investigated shall remain confidential or protected nonpublic data, except that the medical examiner's report may contain a summary of such data.

(3) exclude the abusing party from a reasonable area surrounding the dwelling or residence, which area shall be described specifically in the order;

(4) award temporary custody or establish temporary visitation with regard to minor children of the parties on a basis which gives primary consideration to the safety of the victim and the children. Except for cases in which custody is contested, findings under section 257.025, 518.17, or 518.175 are not required. If the court finds that the safety of the victim or the children will be jeopardized by unsupervised or unrestricted visitation, the court shall condition or restrict visitation as to time, place, duration, or supervision, or deny visitation entirely, as needed to guard the safety of the victim and the children. The court's decision on custody and visitation shall in no way delay the issuance of an order for protection granting other reliefs provided for in this section;

~~(4)~~ (5) on the same basis as is provided in chapter 518, establish temporary support for minor children or a spouse, and order the withholding of support from the income of the person obligated to pay the support according to chapter 518;

~~(6)~~ (7) order the abusing party to participate in treatment or counseling services;

~~(7)~~ (8) award temporary use and possession of property and restrain one or both parties from transferring, encumbering, concealing, or disposing of property except in the usual course of business or for the necessities of life, and to account to the court for all such transfers, encumbrances, dispositions, and expenditures made after the order is served or communicated to the party restrained in open court;

~~(8)~~ (9) exclude the abusing party from the place of employment of the petitioner, or otherwise limit access to the petitioner by the abusing party at the petitioner's place of employment;

~~(9)~~ (10) order the abusing party to pay restitution to the petitioner;

~~(10)~~ (11) order the continuance of all currently available insurance coverage without change in coverage or beneficiary designation; and

(b) Any relief granted by the order for protection shall be for a fixed period not to exceed one year, except when the court determines a longer fixed period is appropriate. When a referee presides at the hearing on the petition, the order granting relief becomes effective upon the referee's signature.

(c) An order granting the relief authorized in paragraph (a), clause (1), may not be vacated or modified in a proceeding for dissolution of marriage or legal separation, except that the court may hear a motion for modification of an order for protection concurrently with a proceeding for dissolution of marriage upon notice of motion and motion. The notice required by court rule shall not be waived. If the proceedings are consolidated and the motion to modify is granted, a separate order for modification of an order for protection shall be issued.

(d) An order granting the relief authorized in paragraph (a), clause (2), is not voided by the admittance of the abusing party into the dwelling from which the abusing party is excluded.

(e) If a proceeding for dissolution of marriage or legal separation is pending between the parties, the court shall provide a copy of the order for protection to the court with jurisdiction over the dissolution or separation proceeding for inclusion in its file.

(f) An order for restitution issued under this subdivision is enforceable as civil judgment.

Sec. 12. Minnesota Statutes 1993 Supplement, section 518B.01, subdivision 14, is amended to read:

Subd. 14. [VIOLATION OF AN ORDER FOR PROTECTION.] (a) Whenever an order for protection is granted pursuant to this section, and the respondent or person to be restrained knows of the order, violation of the order for protection is a misdemeanor. Upon conviction, the defendant must be sentenced to a minimum of three days imprisonment and must be ordered to participate in counseling or other appropriate programs selected by the court. If the court stays imposition or execution of the jail sentence and the defendant refuses or fails to comply with the court's treatment order, the court must impose and execute the stayed jail sentence. A person is guilty of a gross misdemeanor who violates this paragraph during the time period between a previous conviction under this paragraph; sections 609.221 to 609.224; 609.713, subdivisions 1 or 3; 609.748, subdivision 6; 609.749; or a similar law of another state and the end of the five years following discharge from sentence for that conviction. Upon conviction, the defendant must be sentenced to a minimum of ten days imprisonment and must be ordered to participate in counseling or other appropriate programs selected by the court. Notwithstanding section 609.135, the court must impose and execute the minimum sentence provided in this paragraph for gross misdemeanor convictions.

(b) A peace officer shall arrest without a warrant and take into custody a person whom the peace officer has probable cause to believe has violated an order granted pursuant to this section restraining the person or excluding the person from the residence or the petitioner's place of employment, even if the violation of the order did not take place in the presence of the peace officer, if the existence of the order can be verified by the officer. The person shall be held in custody for at least 36 hours, excluding the day of arrest, Sundays, and holidays, unless the person is released earlier by a judge or judicial officer. A peace officer acting in good faith and exercising due care in making an arrest pursuant to this paragraph is immune from civil liability that might result from the officer's actions.

(c) A violation of an order for protection shall also constitute contempt of court and be subject to the penalties therefor.

(d) If the court finds that the respondent has violated an order for protection and that there is reason to believe that the respondent will commit a further violation of the provisions of the order restraining the respondent from committing acts of domestic abuse or excluding the respondent from the petitioner's residence, the court may require the respondent to acknowledge an obligation to comply with the order on the record. The court may require a bond sufficient to deter the respondent from committing further violations of the order for protection, considering the financial resources of the respondent, and not to exceed $10,000. If the respondent refuses to comply with an order to acknowledge the obligation or post a bond under this paragraph, the court shall commit the respondent to the county jail during the term of the order for protection or until the respondent complies with the order under this paragraph. The warrant must state the cause of commitment, with the sum and time for which any bond is required. If an order is issued under this paragraph, the court may order the costs of the contempt action, or any part of them, to be paid by the respondent. An order under this paragraph is appealable.

(e) Upon the filing of an affidavit by the petitioner, any peace officer, or an interested party designated by the court, alleging that the respondent has violated any order for protection granted pursuant to this section, the court may issue an order to the respondent, requiring the respondent to appear and show cause within 14 days why the respondent should not be found in contempt of court and punished therefor. The hearing may be held by the court in any county in which the petitioner or respondent temporarily or permanently resides at the time of the alleged violation. The court also shall refer the violation of the order for protection to the appropriate prosecuting authority for possible prosecution under paragraph (a).

(f) If it is alleged that the respondent has violated an order for protection issued under subdivision 6 and the court finds that the order has expired between the time of the alleged violation and the court's hearing on the violation, the court may grant a new order for protection under subdivision 6 based solely on the respondent's alleged violation of the prior order, to be effective until the hearing on the alleged violation of the prior order. If the court finds that the respondent has violated the prior order, the relief granted in the new order for protection shall be extended for a fixed period, not to exceed one year.

(g) The admittance into petitioner's dwelling of an abusing party excluded from the dwelling under an order for protection is not a violation by the petitioner of the order for protection.

~~Except as provided in this section,~~ A law of this state that provides, on or after August 1, 1987, for a maximum penalty of $100 for a petty misdemeanor is considered to provide for a maximum fine of $200. ~~However, a petty misdemeanor under chapter 168 or 169 remains subject to a maximum fine of $100, except that a violation of chapter 168 or 169 that was originally charged as a misdemeanor and is being treated as a petty misdemeanor under section 609.131 or the rules of criminal procedure is subject to a maximum fine of $200.~~

Sec. 14. Minnesota Statutes 1992, section 609.0332, is amended to read:

609.0332 [INCREASED MAXIMUM PENALTY FOR PETTY MISDEMEANOR ORDINANCE VIOLATIONS.]

~~Subdivision 1. [INCREASED FINE.]~~ From August 1, 1987, if a state law or municipal charter sets a limit of $100 or less on the fines that a statutory or home rule charter city, town, county, or other political subdivision may prescribe for an ordinance violation that is defined as a petty misdemeanor, that law or charter is considered to provide that the political subdivision has the power to prescribe a maximum fine of $200 for the petty misdemeanor violation.

~~Subd. 2. [EXCEPTION.] Notwithstanding subdivision 1, no fine of more than $100 may be imposed for a petty misdemeanor ordinance violation which conforms in substantial part to a petty misdemeanor provision contained in section 152.027, subdivision 4, or chapter 168 or 169.~~

Sec. 15. [609.132] [CONTINUANCE FOR DISMISSAL.]

The decision to offer or agree to a continuance of a criminal prosecution is an exercise of prosecutorial discretion resting solely with the prosecuting attorney.

Sec. 16. Minnesota Statutes 1993 Supplement, section 609.1352, subdivision 1, is amended to read:

Subdivision 1. [SENTENCING AUTHORITY.] (a) A court shall commit a person to the commissioner of corrections for a period of time that is not less than double the presumptive sentence under the sentencing guidelines and not more than the statutory maximum, or if the statutory maximum is less than double the presumptive sentence, for a period of time that is equal to the statutory maximum, if:

(1) the court is imposing an executed sentence, based on a sentencing guidelines presumptive imprisonment sentence or a dispositional departure for aggravating circumstances or a mandatory minimum sentence, on a person convicted of committing or attempting to commit a violation of section 609.342, 609.343, 609.344, or 609.345, or on a person convicted of committing or attempting to commit any other crime listed in subdivision 2 if it reasonably appears to the court that the crime was motivated by the offender's sexual impulses or was part of a predatory pattern of behavior that had criminal sexual conduct as its goal;

(2) the court finds that the offender is a danger to public safety; and

(3) the court finds that the offender needs long-term treatment or supervision beyond the presumptive term of imprisonment and supervised release. The finding must be based on a professional assessment by an examiner experienced in evaluating sex offenders that concludes that the offender is a patterned sex offender. The assessment must contain the facts upon which the conclusion is based, with reference to the offense history of the offender or the severity of the current offense, the social history of the offender, and the results of an examination of the offender's mental status unless the offender refuses to be examined. The conclusion may not be based on testing alone. A patterned sex offender is one whose criminal sexual behavior is so engrained that the risk of reoffending is great without intensive psychotherapeutic intervention or other long-term controls.

(b) The court shall consider imposing a sentence under this section whenever a person is convicted of violating section 609.342 or 609.343.

Sec. 17. Minnesota Statutes 1993 Supplement, section 609.14, subdivision 1, is amended to read:

Subdivision 1. [GROUNDS.] (a) When it appears that the defendant has violated any of the conditions of probation or intermediate sanction, or has otherwise been guilty of misconduct which warrants the imposing or execution of sentence, the court may without notice revoke the stay and direct that the defendant be taken into immediate custody.

(b) When it appears that the defendant violated any of the conditions of probation during the term of the stay, but the term of the stay has since expired, the defendant's probation officer or the prosecutor may ask the court to initiate probation revocation proceedings under the rules of criminal procedure at any time within six months after the expiration of the stay. The court also may initiate proceedings under these circumstances on its own motion. If proceedings are initiated within this six-month period, the court may conduct a revocation hearing and take any action authorized under rule 27.04 at any time during or after the six-month period.

(c) Notwithstanding the provisions of section 609.135 or any law to the contrary, after proceedings to revoke the stay have been initiated by a court order revoking the stay and directing either that the defendant be taken into custody or that a summons be issued in accordance with paragraph (a), the proceedings to revoke the stay may be concluded and the summary hearing provided by subdivision 2 may be conducted after the expiration of the stay or after the six month period set forth in paragraph (b) of this section. The proceedings to revoke the stay shall not be dismissed on the basis that the summary hearing is conducted after the term of the stay or after the six month period. The ability or inability to locate or apprehend the defendant prior to the expiration of the stay or during or after the six month period shall not preclude the court from conducting the summary hearing unless the defendant demonstrates that the delay was purposefully caused by the state in order to gain an unfair advantage.

Sec. 18. Minnesota Statutes 1992, section 609.152, is amended by adding a subdivision to read:

Subd. 2a. [DANGEROUS REPEAT OFFENDERS; MANDATORY MINIMUM SENTENCE.] Unless a longer mandatory minimum sentence is otherwise required by law or the court imposes a longer aggravated durational departure under subdivision 2, a person who is convicted of a violent crime that is a felony must be committed to the commissioner of corrections for a mandatory sentence of at least the length of the presumptive sentence under the sentencing guidelines if the court determines on the record at the time of sentencing that the person has two or more prior felony convictions for violent crimes. The court shall impose and execute the prison sentence regardless of whether the guidelines presume an executed prison sentence. For purposes of this subdivision, "violent crime" does not include a violation of section 152.023 or 152.024. Sec. 57. Minnesota Statutes 1993 Supplement, section 626.556, subdivision 2, is amended to read:

Subd. 2. [DEFINITIONS.] As used in this section, the following terms have the meanings given them unless the specific content indicates otherwise:

(a) "Sexual abuse" means the subjection of a child by a person responsible for the child's care, by a person who has a significant relationship to the child, as defined in section 609.341, or by a person in a position of authority, as defined in section 609.341, subdivision 10, to any act which constitutes a violation of section 609.342, 609.343, 609.344, or 609.345. Sexual abuse also includes any act which involves a minor which constitutes a violation of sections 609.321 to 609.324 or 617.246. Sexual abuse includes threatened sexual abuse.

(b) "Person responsible for the child's care" means (1) an individual functioning within the family unit and having responsibilities for the care of the child such as a parent, guardian, or other person having similar care responsibilities, or (2) an individual functioning outside the family unit and having responsibilities for the care of the child such as a teacher, school administrator, or other lawful custodian of a child having either full-time or short-term care responsibilities including, but not limited to, day care, babysitting whether paid or unpaid, counseling, teaching, and coaching.

(c) "Neglect" means failure by a person responsible for a child's care to supply a child with necessary food, clothing, shelter or medical care when reasonably able to do so, failure to protect a child from conditions or actions which imminently and seriously endanger the child's physical or mental health when reasonably able to do so, or failure to take steps to ensure that a child is educated in accordance with state law. Nothing in this section shall be construed to mean that a child is neglected solely because the child's parent, guardian, or other person responsible for the child's care in good faith selects and depends upon spiritual means or prayer for treatment or care of disease or remedial care of the child in lieu of medical care; except that ~~there is a duty~~ a parent, guardian, or caretaker, or a person mandated to report pursuant to subdivision 3, has a duty to report if a lack of medical care may cause ~~imminent and~~ serious danger to the child's health. This section does not impose upon persons, not otherwise legally responsible for providing a child with necessary food, clothing, shelter, education, or medical care, a duty to provide that care. Neglect includes prenatal exposure to a controlled substance, as defined in section 253B.02, subdivision 2, used by the mother for a nonmedical purpose, as evidenced by withdrawal symptoms in the child at birth, results of a toxicology test performed on the mother at delivery or the child at birth, or medical effects or developmental delays during the child's first year of life that medically indicate prenatal exposure to a controlled substance. Neglect also means "medical neglect" as defined in section 260.015, subdivision 2a, clause (5).

(d) "Physical abuse" means any physical or mental injury, or threatened injury, inflicted by a person responsible for the child's care on a child other than by accidental means, or any physical or mental injury that cannot reasonably be explained by the child's history of injuries, or any aversive and deprivation procedures that have not been authorized under section 245.825.

(e) "Report" means any report received by the local welfare agency, police department, or county sheriff pursuant to this section.

(f) "Facility" means a day care facility, residential facility, agency, hospital, sanitarium, or other facility or institution required to be licensed pursuant to sections 144.50 to 144.58, 241.021, or 245A.01 to 245A.16.

(g) "Operator" means an operator or agency as defined in section 245A.02.

(h) "Commissioner" means the commissioner of human services.

(i) "Assessment" includes authority to interview the child, the person or persons responsible for the child's care, the alleged perpetrator, and any other person with knowledge of the abuse or neglect for the purpose of gathering the facts, assessing the risk to the child, and formulating a plan.

(j) "Practice of social services," for the purposes of subdivision 3, includes but is not limited to employee assistance counseling and the provision of guardian ad litem services.

(k) "Mental injury" means an injury to the psychological capacity or emotional stability of a child as evidenced by an observable or substantial impairment in the child's ability to function within a normal range of performance and behavior with due regard to the child's culture.

(l) "Threatened injury" means a statement, overt act, condition, or status that represents a substantial risk of physical or sexual abuse or mental injury.

Sec. 58. Minnesota Statutes 1992, section 626.556, subdivision 6, is amended to read:

Subd. 6. [FAILURE TO REPORT.] A person mandated by this section to report who knows or has reason to believe that a child is neglected or physically or sexually abused, as defined in subdivision 2, or has been neglected or physically or sexually abused within the preceding three years, and fails to report is guilty of a misdemeanor. A parent, guardian, or caretaker who knows or reasonably should know that the child's health is in serious danger and who fails to report as required by subdivision 2, paragraph (c), is guilty of a gross misdemeanor if the child suffers substantial or great bodily harm because of the lack of medical care. If the child dies because of the lack of medical care, the person is guilty of a felony and may be sentenced to imprisonment for not more than two years or to payment of a fine of not more than $4,000, or both. The provision in section 609.378, subdivision 1, paragraph (a), clause (1), providing that a parent, guardian, or caretaker may, in good faith, select and depend on spiritual means or prayer for treatment or care of a child, does not exempt a parent, guardian, or caretaker from the duty to report under this subdivision.

Sec. 59. Minnesota Statutes 1992, section 626.556, subdivision 10e, is amended to read:

Subd. 10e. [DETERMINATIONS.] Upon the conclusion of every assessment or investigation it conducts, the local welfare agency shall make two determinations: first, whether maltreatment has occurred; and second, whether child protective services are needed.

(a) For the purposes of this subdivision, "maltreatment" means any of the following acts or omissions committed by a person responsible for the child's care:

(1) physical abuse as defined in subdivision 2, paragraph (d);

(2) neglect as defined in subdivision 2, paragraph (c);

(3) sexual abuse as defined in subdivision 2, paragraph (a); or

(4) mental injury as defined in subdivision 2, paragraph (k).

(b) For the purposes of this subdivision, a determination that child protective services are needed means that the local welfare agency has documented conditions during the assessment or investigation sufficient to cause a child protection worker, as defined in section 626.559, subdivision 1, to conclude that a child is at significant risk of maltreatment if protective intervention is not provided and that the individuals responsible for the child's care have not taken or are not likely to take actions to protect the child from maltreatment or risk of maltreatment.

(c) This subdivision does not mean that maltreatment has occurred solely because the child's parent, guardian, or other person responsible for the child's care in good faith selects and depends upon spiritual means or prayer for treatment or care of disease or remedial care of the child, in lieu of medical care. However, if lack of medical care may result in ~~imminent and~~ serious danger to the child's health, the local welfare agency may ensure that necessary medical services are provided to the child.

Sec. 60. Minnesota Statutes 1992, section 626.557, subdivision 2, is amended to read:

The local welfare agency shall notify the person, if any, designated to be notified in case of an emergency by a vulnerable adult not under guardianship or conservatorship of the person who is alleged to have been abused or neglected, unless consent is denied by the vulnerable adult. The notice shall contain the following information: the name of the facility; the fact that a report of alleged abuse or neglect of a vulnerable adult in the facility has been received; the nature of the alleged abuse or neglect; that the agency is conducting an investigation; any protective or corrective measures being taken pending the outcome of the investigation; and that a written memorandum will be provided when the investigation is completed.

(b) In a case of alleged neglect, physical abuse, or sexual abuse of a vulnerable adult while in the care of a facility required to be licensed under sections 245A.01 to 245A.16, the local welfare agency may also provide the information in paragraph (a) to the guardian or conservator of the person of any other vulnerable adult in the facility who is under guardianship or conservatorship of the person, to any other vulnerable adult in the facility who is not under guardianship or conservatorship of the person, and to the person, if any, designated to be notified in case of an emergency by any other vulnerable adult in the facility who is not under guardianship or conservatorship of the person, unless consent is denied by the vulnerable adult, if the investigative agency knows or has reason to believe the alleged neglect, physical abuse, or sexual abuse has occurred.

(c) When the investigation required under subdivision 10 is completed, the local welfare agency shall provide a written memorandum containing the following information to every guardian or conservator of the person or other person notified by the agency of the investigation under paragraph (a) or (b): the name of the facility investigated; the nature of the alleged neglect, physical abuse, or sexual abuse; the investigator's name; a summary of the investigative findings; a statement of whether the report was found to be substantiated, inconclusive, or false as to abuse or neglect; and the protective or corrective measures that are being or will be taken. During the licensing agency's investigation, all data collected pursuant to this section shall be classified as investigative data pursuant to section 13.39. After the licensing agency's investigation is complete, the data on individuals collected and maintained shall be private data on individuals. All data collected pursuant to this section shall be made available to prosecuting authorities and law enforcement officials, local welfare agencies, and licensing agencies investigating the alleged abuse or neglect. The subject of the report may compel disclosure of the name of the reporter only with the consent of the reporter or upon a written finding by the court that the report was false and that there is evidence that the report was made in bad faith. (b) If the judge determines release under paragraph (a) is not advisable, the judge may impose any conditions of release that will reasonably assure the appearance of the person for subsequent proceedings, or will protect the victim of the alleged crime, or may fix the amount of money bail without other conditions upon which the arrested person may obtain release.

Either the court or its designee or the agency having custody of the arrested person shall serve upon the defendant a copy of the order. Notwithstanding section 518B.01, subdivision 7, paragraph (b), or 609.748, subdivision 4, paragraph (c), the temporary order is effective until the defendant is convicted or acquitted, or the charge is dismissed, provided that upon request the defendant is entitled to a full hearing on the restraining order under section 609.748, subdivision 5, or on the order for protection under section 518B.01. The hearing must be held within seven days of the defendant's request.

[PEACE OFFICER RECORDS OF CHILDREN.] (a) Except for records relating to an offense where proceedings are public under section 260.155, subdivision 1, peace officers' records of children who are or may be delinquent or who may be engaged in criminal acts shall be kept separate from records of persons 18 years of age or older and are private data but shall be disseminated: (1) by order of the juvenile court, (2) as required by section 126.036, (3) as authorized under section 13.82, subdivision 2, (4) to the child or the child's parent or guardian unless disclosure of a record would interfere with an ongoing investigation, or (5) as otherwise provided in ~~paragraph (d)~~ this subdivision. Except as provided in paragraph (c), no photographs of a child taken into custody may be taken without the consent of the juvenile court unless the child is alleged to have violated section 169.121 or 169.129. Peace officers' records containing data about children who are victims of crimes or witnesses to crimes must be administered consistent with section 13.82, subdivisions 2, 3, 4, and 10. Any person violating any of the provisions of this subdivision shall be guilty of a misdemeanor.

In the case of computerized records maintained about juveniles by peace officers, the requirement of this subdivision that records about juveniles must be kept separate from adult records does not mean that a law enforcement agency must keep its records concerning juveniles on a separate computer system. Law enforcement agencies may keep juvenile records on the same computer as adult records and may use a common index to access both juvenile and adult records so long as the agency has in place procedures that keep juvenile records in a separate place in computer storage and that comply with the special data retention and other requirements associated with protecting data on juveniles.

(b) Nothing in this subdivision prohibits the exchange of information by law enforcement agencies if the exchanged information is pertinent and necessary to the requesting agency in initiating, furthering, or completing a criminal investigation.

(c) A photograph may be taken of a child taken into custody pursuant to section 260.165, subdivision 1, clause (b), provided that the photograph must be destroyed when the child reaches the age of 19 years. The commissioner of corrections may photograph juveniles whose legal custody is transferred to the commissioner. Photographs of juveniles authorized by this paragraph may be used only for institution management purposes, case supervision by parole agents, and to assist law enforcement agencies to apprehend juvenile offenders. The commissioner shall maintain photographs of juveniles in the same manner as juvenile court records and names under this section.

(d) Traffic investigation reports are open to inspection by a person who has sustained physical harm or economic loss as a result of the traffic accident. Identifying information on juveniles who are parties to traffic accidents may be disclosed as authorized under section 13.82, subdivision 4, and accident reports required under section 169.09 may be released under section 169.09, subdivision 13, unless the information would identify a juvenile who was taken into custody or who is suspected of committing an offense that would be a crime if committed by an adult, or would associate a juvenile with the offense, and the offense is not a minor traffic offense under section 260.193.

(e) A law enforcement agency shall notify the principal or chief administrative officer of a juvenile's school of an incident occurring within the agency's jurisdiction if:

(1) the agency has probable cause to believe that the juvenile has committed an offense that would be a crime if committed as an adult, that the victim of the offense is a student or staff member of the school, and that notice to the school is reasonably necessary for the protection of the victim; or

(2) the agency has probable cause to believe that the juvenile has committed an offense described in subdivision 1b, paragraph (a), clauses (1) to (3), that would be a crime if committed by an adult.

A law enforcement agency is not required to notify the school under this paragraph if the agency determines that notice would jeopardize an ongoing investigation. Notwithstanding section 138.17, data from a notice received from a law enforcement agency under this paragraph must be destroyed when the juvenile graduates from the school or at the end of the academic year when the juvenile reaches age 23, whichever date is earlier. For purposes of this paragraph, "school" means a public or private elementary, middle, or secondary school.

(f) In any county in which the county attorney operates or authorizes the operation of a juvenile prepetition or pretrial diversion program, a law enforcement agency or county attorney's office may provide the juvenile diversion program with data concerning a juvenile who is a participant in or is being considered for participation in the program.

(g) Upon request of a local social service agency, peace officer records of children who are or may be delinquent or who may be engaged in criminal acts may be disseminated to the agency to promote the best interests of the subject of the data.

Sec. 13. Minnesota Statutes 1992, section 260.161, is amended by adding a subdivision to read:

Subd. 5. [FURTHER RELEASE OF RECORDS.] A person who receives access to juvenile court or peace officer records of children that are not accessible to the public may not release or disclose the records to any other person except as authorized by law. This subdivision does not apply to the child who is the subject of the records or the child's parent or guardian.

Sec. 14. Minnesota Statutes 1992, section 260.165, subdivision 1, is amended to read:

Subdivision 1. No child may be taken into immediate custody except:

(c) By a peace officer

(1) when a child has run away from a parent, guardian, or custodian, or when the peace officer reasonably believes the child has run away from a parent, guardian, or custodian; or

(2) when a child is found in surroundings or conditions which endanger the child's health or welfare or which such peace officer reasonably believes will endanger the child's health or welfare. If an Indian child is a resident of a reservation or is domiciled on a reservation but temporarily located off the reservation, the taking of the child into custody under this clause shall be consistent with the Indian Child Welfare Act of 1978, United States Code, title 25, section 1922; ~~or~~

(d) By a peace officer or probation or parole officer when it is reasonably believed that the child has violated the terms of probation, parole, or other field supervision; or

The commissioner shall promulgate pursuant to chapter 14, rules establishing minimum standards for these facilities with respect to their management, operation, physical condition, and the security, safety, health, treatment, and discipline of persons detained or confined therein. Commencing September 1, 1980, no individual, corporation, partnership, voluntary association, or other private organization legally responsible for the operation of a correctional facility may operate the facility unless licensed by the commissioner of corrections. The commissioner shall ~~annually~~ review the correctional facilities described in this subdivision at least once every biennium, except as otherwise provided herein, to determine compliance with the minimum standards established pursuant to this subdivision. The commissioner shall grant a license to any facility found to conform to minimum standards or to any facility which, in the commissioner's judgment, is making satisfactory progress toward substantial conformity and the interests and well-being of the persons detained or confined therein are protected. The commissioner may grant licensure up to two years. The commissioner shall have access to the buildings, grounds, books, records, staff, and to persons detained or confined in these facilities. The commissioner may require the officers in charge of these facilities to furnish all information and statistics the commissioner deems necessary, at a time and place designated by the commissioner. The commissioner may require that any or all such information be provided through the department of corrections detention information system.

(2) Any state agency which regulates, inspects, or licenses certain aspects of correctional facilities shall, insofar as is possible, ensure that the minimum standards it requires are substantially the same as those required by other state agencies which regulate, inspect, or license the same aspects of similar types of correctional facilities, although at different correctional facilities.

(3) Nothing in this section shall be construed to limit the commissioner of corrections' authority to promulgate rules establishing standards of eligibility for counties to receive funds under sections 401.01 to 401.16, or to require counties to comply with operating standards the commissioner establishes as a condition precedent for counties to receive that funding.

(4) When the commissioner finds that any facility described in clause (1), except foster care facilities for delinquent children and youth as provided in subdivision 2, does not substantially conform to the minimum standards established by the commissioner and is not making satisfactory progress toward substantial conformance, the commissioner shall promptly notify the chief executive officer and the governing board of the facility of the deficiencies and order that they be remedied within a reasonable period of time. The commissioner may by written order restrict the use of any facility which does not substantially conform to minimum standards to prohibit the detention of any person therein for more than 72 hours at one time. When, after due notice and hearing, the commissioner finds that any facility described in this subdivision, except county jails and lockups as provided in sections 641.26, 642.10, and 642.11, does not conform to minimum standards, or is not making satisfactory progress toward substantial compliance therewith, the commissioner may issue an order revoking the license of that facility. After revocation of its license, that facility shall not be used until its license is renewed. When the commissioner is satisfied that satisfactory progress towards substantial compliance with minimum standard is being made, the commissioner may, at the request of the appropriate officials of the affected facility supported by a written schedule for compliance, grant an extension of time for a period not to exceed one year.

(5) As used in this subdivision, "correctional facility" means any facility, including a group home, having a residential component, the primary purpose of which is to serve persons placed therein by a court, court services department, parole authority, or other correctional agency having dispositional power over persons charged with, convicted, or adjudicated to be guilty or delinquent.

The chief judge of the judicial district may delegate approval authority to an active district judge.

(c) If the court denies authorizing counsel to obtain services on behalf of the defendant, the court shall make written findings of fact and conclusions of law that state the basis for determining that counsel may not obtain services on behalf of the defendant. To effectively combat truancy and educational neglect, there needs to be a continuum of intervention and services to support parents and children and keep children in school. That continuum should be characterized by progressively intrusive intervention beginning with the strongest efforts at the school and community level and offering access to the public agency and court's authority when necessary.

Sec. 8. [126.25] [COMMUNITY-BASED TRUANCY ACTION PROJECTS.]

One pilot project must examine early protective and risk factors associated with adolescent sex offenders in order to identify children who are high risk to become offenders and to develop earlier intervention strategies. The second pilot project must develop and implement an intervention program for children identified as high risk to become sex offenders.

Subd. 2. [FINANCIAL STATUS REPORT.] By March 15, 1995, the institute must report to the commissioner of health the results of grant-seeking efforts, the location of resources for non-project-related expenses and the status and preliminary findings of the pilot projects under subdivision 1.

(c) A grant applicant must establish an advisory committee to assist the applicant in planning and implementing a grant. The advisory committee must include student representatives, adult males from the community, representatives of community organizations, teachers, parent educators, and representatives of family social service agencies.

Subd. 3. [EXPECTED OUTCOMES.] Grant recipients shall use the funds for programs designed to prevent teen pregnancy and to prevent crime in the long term. Grant recipients must assist youth to:

STATE OF MINNESOTA
OFFICE OF THE GOVERNOR
SAINT PAUL 55155

May 5, 1994

The Honorable Irv Anderson
Speaker of the House of Representatives
The State of Minnesota

Dear Speaker Anderson:

It is my honor to inform you that I have received, approved, signed and deposited in the Office of the Secretary of State, Chapter 576, House File No. 2074, the Juvenile Justice Crime bill (with the exception of item vetoes on Page 63, lines 6-21; Page 63, lines 22-29; Page 63, lines 30-61; and Page 65, lines 38-50.)

This measure is the product of a tremendous amount of work by the legislative, judicial and executive branches. It represents one of the most significant achievements of the 1994 session and should go far in addressing our troubling juvenile crime rates. A bipartisan group of legislators and a Supreme Court Task Force led by Justice Sandra Gardebring deserve much credit.

Due to the legislature's lack of financial planning and the need for a healthy and balanced budget I was forced to item veto three provisions of spending in this measure. We recognize the need for further resources for the district courts, probation officers and the Board of Public Defense and intend to make provisions for this next year. I am convinced that we can responsibly address these needs during the regular budget session next January.

Warmest regards,

ARNE H. CARLSON
Governor

CONFERENCE COMMITTEE REPORT ON S. F. NO. 2289

A bill for an act relating to the environment; authorizing a person who wishes to construct or expand an air emission facility to reimburse certain costs of the pollution control agency; appropriating money; amending Minnesota Statutes 1992, section 116.07, subdivision 4d.

May 4, 1994

The Honorable Allan H. Spear
President of the Senate

The Honorable Irv Anderson
Speaker of the House of Representatives

We, the undersigned conferees for S. F. No. 2289, report that we have agreed upon the items in dispute and recommend as follows:

That the House recede from its amendments and that S. F. No. 2289 be further amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1992, section 116.07, subdivision 4d, is amended to read:

Subd. 4d. [PERMIT FEES.] (a) The agency may collect permit fees in amounts not greater than those necessary to cover the reasonable costs of reviewing and acting upon applications for agency permits and implementing and enforcing the conditions of the permits pursuant to agency rules. Permit fees shall not include the costs of litigation. The agency shall adopt rules under section 16A.128 establishing the amounts and methods of collection of any permit fees collected under this subdivision. The fee schedule must reflect reasonable and routine permitting, implementation, and enforcement costs. The agency may impose an additional enforcement fee to be collected for a period of up to two years to cover the reasonable costs of implementing and enforcing the conditions of a permit under the rules of the agency. Any money collected under this paragraph shall be deposited in the special revenue account.

(b) Notwithstanding paragraph (a), and section 16A.128, subdivision 1, the agency shall collect an annual fee from the owner or operator of all stationary sources, emission facilities, emissions units, air contaminant treatment facilities, treatment facilities, potential air contaminant storage facilities, or storage facilities subject to the requirement to obtain a permit under Title V of the federal Clean Air Act Amendments of 1990, Public Law Number 101-549, Statutes at Large, volume 104, pages 2399 et seq., or section 116.081. The annual fee shall be used to pay for all direct and indirect reasonable costs, including attorney general costs, required to develop and administer the permit program requirements of Title V of the federal Clean Air Act Amendments of 1990, Public Law Number 101-549, Statutes at Large, volume 104, pages 2399 et seq., and sections of this chapter and the rules adopted under this chapter related to air contamination and noise. Those costs include the reasonable costs of reviewing and acting upon an application for a permit; implementing and enforcing statutes, rules, and the terms and conditions of a permit; emissions, ambient, and deposition monitoring; preparing generally applicable regulations; responding to federal guidance; modeling, analyses, and demonstrations; preparing inventories and tracking emissions; providing information to the public about these activities; and, after June 30, 1992, the costs of acid deposition monitoring currently assessed under section 116C.69, subdivision 3.

(c) The agency shall adopt fee rules in accordance with the procedures in section 16A.128, subdivisions 1a and 2a, that will result in the collection, in the aggregate, from the sources listed in paragraph (b), of the following amounts:

(1) in fiscal years 1992 and 1993, the amount appropriated by the legislature from the air quality account in the environmental fund for the agency's air quality program;

(2) for fiscal year 1994 and thereafter, an amount not less than $25 per ton of each volatile organic compound; pollutant regulated under United States Code, title 42, section 7411 or 7412 (section 111 or 112 of the federal Clean Air Act); and each pollutant, except carbon monoxide, for which a national primary ambient air quality standard has been promulgated; and

(3) for fiscal year 1994 and thereafter, the agency fee rules may also result in the collection, in the aggregate, from the sources listed in paragraph (b), of an amount not less than $25 per ton of each pollutant not listed in clause (2) that is regulated under Minnesota Rules, chapter 7005, or for which a state primary ambient air quality standard has been adopted.

The agency must not include in the calculation of the aggregate amount to be collected under the fee rules any amount in excess of 4,000 tons per year of each air pollutant from a source.

(d) To cover the reasonable costs described in paragraph (b), the agency shall provide in the rules promulgated under paragraph (c) for an increase in the fee collected in each year beginning after fiscal year 1993 by the percentage, if any, by which the Consumer Price Index for the most recent calendar year ending before the beginning of the year the fee is collected exceeds the Consumer Price Index for the calendar year 1989. For purposes of this paragraph the Consumer Price Index for any calendar year is the average of the Consumer Price Index for all-urban consumers published by the United States Department of Labor, as of the close of the 12-month period ending on August 31 of each calendar year. The revision of the Consumer Price Index that is most consistent with the Consumer Price Index for calendar year 1989 shall be used.

(e) Any money collected under paragraphs (b) to (d) must be deposited in an air quality account in the environmental fund and must be used solely for the activities listed in paragraph (b).

(f) Persons who wish to construct or expand an air emission facility may offer to reimburse the agency for the costs of staff overtime or consultant services needed to expedite permit review. The reimbursement shall be in addition to fees imposed by paragraphs (a) to (d). When the agency determines that it needs additional resources to review the permit application in an expedited manner, and that expediting the review would not disrupt air permitting program priorities, the agency may accept the reimbursement. Reimbursements accepted by the agency are appropriated to the agency for the purpose of reviewing the permit application. Reimbursement by a permit applicant shall precede and not be contingent upon issuance of a permit and shall not affect the agency's decision on whether to issue or deny a permit, what conditions are included in a permit, or the application of state and federal statutes and rules governing permit determinations.

Sec. 2. [REPORT.]

By June 1, 1995, the commissioner of the pollution control agency shall submit to the chairs of the environment and natural resources policy and finance committees of the house of representatives and the senate a report detailing the agency's experience under section 1, paragraph (f), including:

(1) the number of requests for expedited permit review;

(2) the number of staff hours used for each expedited review;

(3) the amount of reimbursements received by the agency from each person who requested expedited review;

(4) an indication of whether expedited review results in a sufficiently thorough examination of all aspects of a project or operation; and

(5) an analysis of the effect of expedited review on routine review of permit requests for other businesses or individuals."

Delete the title and insert:

(c) "Closure" means actions to prevent or minimize the threat to public health and the environment posed by a mixed municipal solid waste disposal facility that has stopped accepting waste by controlling the sources of releases or threatened releases at the facility. "Closure" includes removing contaminated equipment and liners; applying final cover; grading and seeding final cover; installing wells, borings, and other monitoring devices; constructing groundwater and surface water diversion structures; and installing gas control systems and site security systems, as necessary. The commissioner may authorize use of final cover that includes processed materials that meet the requirements in Code of Federal Regulations, title 40, section 503.32, paragraph (a).

(d) "Contingency action" means organized, planned, or coordinated courses of action to be followed in case of fire, explosion, or release of solid waste, waste by-products, or leachate that could threaten human health or the environment.

(e) "Corrective action" means steps taken to repair facility structures including liners, monitoring wells, separation equipment, covers, and aeration devices and to bring the facility into compliance with design, construction, groundwater, surface water, and air emission standards.

(f) "Decomposition gases" means gases produced by chemical or microbial activity during the decomposition of solid waste.

(g) "Environmental response action" means response action at a qualified facility, including corrective action, closure, postclosure care; contingency action; environmental studies, including remedial investigations and feasibility studies; engineering, including remedial design; removal; remedial action; site construction; and other similar cleanup-related activities.

(h) "Environmental response costs" means:

(1) costs of environmental response action, not including legal or administrative expenses; and

(2) costs required to be paid to the federal government under section 107(a) of the federal Superfund Act, as amended.

(i) "Postclosure" or "postclosure care" means actions taken for the care, maintenance, and monitoring of closure actions at a mixed municipal solid waste disposal facility.

(j) "Qualified facility" means a mixed municipal solid waste disposal facility, including adjacent property used for solid waste disposal, that:

(1) is or was permitted by the agency;

(2) stopped accepting solid waste, except demolition debris, for disposal by April 9, 1994; and

(3) stopped accepting demolition debris for disposal by June 1, 1994, except that demolition debris may be accepted until May 1, 1995, at a permitted area where disposal of demolition debris is allowed, if the area where the demolition debris is deposited is at least 50 feet from the fill boundary of the area where mixed municipal solid waste was deposited.

Sec. 3. [115B.40] [PROGRAM.]

Subdivision 1. [RESPONSE TO RELEASES.] The commissioner may take any environmental response action, including emergency action, related to a release or threatened release of a hazardous substance, pollutant or contaminant, or decomposition gas from a qualified facility that the commissioner deems reasonable and necessary to protect the public health or welfare or the environment under the standards required in sections 115B.01 to 115B.24. The commissioner may undertake studies necessary to determine reasonable and necessary environmental response actions at individual facilities. The commissioner may develop general work plans for environmental studies, presumptive remedies, and generic remedial designs for facilities with similar characteristics. Prior to selecting environmental response actions for a facility, the commissioner shall hold at least one public informational meeting near the facility and provide for receiving and responding to comments related to the selection. The commissioner shall design, implement, and provide oversight consistent with the actions selected under this subdivision.

Subd. 2. [PRIORITY LIST.] (a) The commissioner shall establish a priority list for preventing or responding to releases of hazardous substances, pollutants and contaminants, or decomposition gases at qualified facilities. The commissioner shall periodically revise the list to reflect changing conditions at facilities that affect priority for response actions. The initial priority list must be established by January 1, 1995.

(b) The priority list required under this subdivision must be based on the relative risk or danger to public health or welfare or the environment, taking into account to the extent possible the population at risk, the hazardous potential of the hazardous substances at the facility, the potential for contamination of drinking water supplies, the potential for direct human contact, and the potential for destruction of sensitive ecosystems.

Subd. 3. [NOTIFICATION.] By September 1, 1994, the commissioner shall notify the owner or operator of, and persons subject to a cleanup order at, each qualified facility of whether the requirements of subdivision 4 or 5 have been met. If the requirements have not been met at a facility, the commissioner, by the earliest practicable date, shall notify the owner or operator and persons subject to a cleanup order of what actions need to be taken.

Subd. 4. [QUALIFIED FACILITY NOT UNDER CLEANUP ORDER; DUTIES.] (a) The owner or operator of a qualified facility that is not subject to a cleanup order shall:

(1) complete closure activities at the facility, or enter into a binding agreement with the commissioner to do so, as provided in paragraph (d), within one year from the date the owner or operator is notified by the commissioner under subdivision 3 of the closure activities that are necessary to properly close the facility in compliance with facility's permit, closure orders, or enforcement agreement with the agency, and with the solid waste rules in effect at the time the facility stopped accepting waste;

(2) undertake or continue postclosure care at the facility until the date of notice of compliance under subdivision 7;

(3) transfer to the commissioner of revenue for deposit in the landfill cleanup account established in section 115B.42 any funds required for proof of financial responsibility under section 116.07, subdivision 4h, that remain after facility closure and any postclosure care and response action undertaken by the owner or operator at the facility including, if proof of financial responsibility is provided through a letter of credit or other financial instrument or mechanism that does not accumulate money in an account, the amount that would have accumulated had the owner or operator utilized a trust fund, less any amount used for closure, postclosure care, and response action at the facility;

(4) provide the commissioner with a copy of all applicable comprehensive general liability insurance policies and other liability policies relating to property damage, certificates, or other evidence of insurance coverage held during the life of the facility; and

(5) enter into a binding agreement with the commissioner to:

(i) take any actions necessary to preserve the owner or operator's rights to payment or defense under insurance policies included in clause (4); cooperate with the commissioner in asserting claims under the policies; and, within 60 days of a request by the commissioner, but no earlier than July 1, 1996, assign only those rights under the policies related to environmental response costs;

(ii) cooperate with the commissioner or other persons acting at the direction of the commissioner in taking additional environmental response actions necessary to address releases or threatened releases and to avoid any action that interferes with environmental response actions, including allowing entry to the property and to the facility's records and allowing entry and installation of equipment; and

(iii) refrain from developing or altering the use of property described in any permit for the facility except after consultation with the commissioner and in conformance with any conditions established by the commissioner for that property, including use restrictions, to protect public health and welfare and the environment.

(b) The owner or operator of a qualified facility that is a political subdivision may use a portion of any funds established for response at the facility, which are available directly or through a financial instrument or other financial arrangement, for closure or postclosure care at the facility if funds available for closure or postclosure care are inadequate and shall assign the rights to any remainder to the commissioner.

(c) The agreement required in paragraph (a), clause (5), must be in writing and must apply to and be binding upon the successors and assigns of the owner. The owner shall record the agreement, or a memorandum approved by the commissioner that summarizes the agreement, with the county recorder or registrar of titles of the county where the property is located.

(d) A binding agreement entered into under paragraph (a), clause (1), may include a provision that the owner or operator will reimburse the commissioner for the costs of closing the facility to the standard required in that clause.

Subd. 5. [QUALIFIED FACILITY UNDER CLEANUP ORDER; DUTIES.] (a) For a qualified facility that is subject to a cleanup order, persons identified in the order shall complete construction of the remedy required under the cleanup order and:

(1) for a federal order, receive a concurrent determination of the United States Environmental Protection Agency and the agency or commissioner that the remedy is functioning properly and is performing as designed; or

(2) for a state order, receive acknowledgment from the agency or commissioner that the obligations under the order for construction of the remedy have been met.

(b) The owner or operator of a qualified facility that is subject to a cleanup order, in addition to any applicable requirement in paragraph (a), shall comply with subdivision 4, paragraph (a), clauses (3) to (5).

Subd. 6. [COMMISSIONER; DUTIES.] (a) If the owner or operator of a qualified facility fails to comply with subdivision 4, paragraph (a), clause (1) or (2), the commissioner shall:

(1) undertake or complete closure activities at the facility in compliance with the solid waste rules in effect at the time the commissioner takes action under this clause; and

(2) undertake or continue postclosure care at the facility as required under subdivision 2.

(b) If a facility has been properly closed under subdivision 4, but the applicable closure requirements are less environmentally protective than closure requirements in the solid waste rules in effect on January 1, 1993, the commissioner shall determine whether the facility should be closed to the higher standards and, if so, shall undertake additional closure activities at the facility to meet those standards. The commissioner may determine that additional closure activities are unnecessary only if it is likely that response actions will be taken in the near future and that those response actions will result in removal or significant alteration of the closure activities or render the closure activities unnecessary.

Subd. 7. [NOTICE OF COMPLIANCE; EFFECTS.] (a) The commissioner shall provide written notice of compliance to the appropriate owner or operator or person subject to a cleanup order when:

(1) the commissioner determines that the requirements of subdivision 4 or 5 have been met; and

(2) the person who will receive the notice has submitted to the commissioner a written waiver of any claims the person may have against any other person for recovery of any environmental response costs related to a qualified facility that were incurred prior to the date of notice of compliance.

(b) Beginning on the date of the notice of compliance:

(1) the commissioner shall assume all obligations of the owner or operator or person for environmental response actions under the federal Superfund Act and any federal or state cleanup orders and shall undertake all further action under subdivision 1 at or related to the facility that the commissioner deems appropriate and in accordance with the priority list; and

(2) the commissioner may not seek recovery against the owner or operator of the facility or any responsible person of any costs incurred by the commissioner for environmental response action at or related to the facility, except:

(i) to the extent of insurance coverage held by the owner or operator or responsible person; or

(ii) as provided in section 115B.402.

(c) The commissioner and the attorney general shall communicate with the United States Environmental Protection Agency addressing the manner and procedure for the state's assumption of federal obligations under paragraph (b), clause (1).

Subd. 8. [STATUTES OF LIMITATIONS.] (a) With respect to claims for recovery of environmental response costs related to qualified facilities, the running of all applicable periods of limitation under state law is suspended until July 1, 2004.

(b) A waiver of claims for recovery of environmental response costs under this section or section 115B.43 is extinguished for that portion of reimbursable costs under section 115B.43 that have not been reimbursed by July 1, 2004.

Sec. 4. [115B.402] [ILLEGAL ACTIONS AT QUALIFIED FACILITIES.]

The commissioner may recover under section 115B.17, subdivision 6, that portion of the costs of response actions at any qualified facility attributable to a person who otherwise would be responsible for the release or threatened release under section 115B.03, and whose actions related to the release or threatened release were in violation of federal or state hazardous waste management laws in effect at the time of those actions. The commissioner's determination of the portion of the costs of a response action attributable to a person under this section, based on the volume and toxicity of waste in the facility associated with the person and other factors reasonably related to the contribution of the person to a release or threatened release, is prima facie evidence that those costs are attributable to the person.

Sec. 5. [115B.405] [EXCLUDED FACILITIES.]

Subdivision 1. [APPLICATION.] The owner or operator of a qualified facility may apply to the commissioner for exclusion from the landfill cleanup program under sections 115B.39, 115B.40, 115B.41, 115B.412, and 115B.43. Applications must be received by the commissioner by February 1, 1995. The owner or operator of a qualified facility that is subject to a federal cleanup order or that includes any portion that is tax-forfeited may not apply for exclusion under this section. In addition to other information required by the commissioner, an application must include a disclosure of all financial assurance accounts established for the facility. Applications for exclusion must:

(1) show that the operator or owner is complying with the agency's rules adopted under section 116.07, subdivision 4h, and is complying with a financial assurance plan for the facility that the commissioner has approved after determining that the plan is adequate to provide for closure, postclosure care, and contingency action;

(2) demonstrate that the facility is closed or is in compliance with a closure schedule approved by the commissioner; and

(3) include a waiver of all claims for recovery of costs incurred under sections 115B.01 to 115B.24 and the federal Superfund Act at or related to a qualified facility.

Subd. 2. [EVALUATION OF EXCLUSION STATUS.] Within 90 days after the commissioner has received a complete application for exclusion, the commissioner shall notify the owner or operator if the facility is excluded. If the commissioner finds that the facility does not satisfy the requirements for exclusion, the commissioner shall notify the owner or operator of that fact.

Subd. 3. [RESTRICTION ON USE OF PROPERTY AT EXCLUDED FACILITIES.] (a) A person may not use any property described in the most recent agency permit issued for an excluded facility in any way that disturbs the integrity of the final cover, liners, or any other components of any containment system, or the function of the facility's monitoring systems, unless the agency finds that the disturbance:

(1) is necessary to the proposed use of the property, and will not increase the potential hazard to human health or the environment; or

(2) is necessary to reduce a threat to human health or the environment.

(b) Before any transfer of ownership of property described in paragraph (a), the owner must obtain approval from the commissioner. The commissioner shall approve a transfer if the owner can demonstrate to the satisfaction of the commissioner that persons and property will not be exposed to undue risk from releases of hazardous substances or pollutants or contaminants.

(c) After obtaining approval from the commissioner, the owner shall record with the county recorder of the county in which the property is located an affidavit containing a legal description of the property that discloses to any potential transferee:

(1) that the land has been used as a mixed municipal solid waste disposal facility;

(2) the identity, quantity, location, condition, and circumstances of the disposal and any release of hazardous substances or pollutants or contaminants from the facility to the full extent known or reasonably ascertainable; and

(3) that the use of the property or some portion of it may be restricted as provided in paragraph (a).

(d) An owner must also file an affidavit within 60 days after any material change in any matter required to be disclosed under paragraph (c), with respect to property for which an affidavit has already been recorded. If the owner or any subsequent owner of the property removes the waste from the facility together with any residues, liner, and contaminated underlying and surrounding soil, that owner may record an affidavit indicating the removal. Failure to record an affidavit as provided in this paragraph does not affect or prevent any transfer of ownership of the property.

(e) The county recorder shall record all affidavits presented in accordance with paragraphs (c) and (d). The affidavits must be recorded in a manner that will ensure their disclosure in the ordinary course of a title search of the subject property.

(f) This subdivision is enforceable under sections 115.071 and 116.072.

Subd. 4. [CLOSURE.] If the commissioner determines that the owner or operator of an excluded facility did not complete the terms of an approved closure plan by the date in the plan, the commissioner shall complete closure at the facility and may seek cost recovery against the owner or operator under section 115B.17, subdivision 6.

Sec. 6. [115B.41] [ALLOCATION OF COSTS; FAILURE TO COMPLY.]

Subdivision 1. [ALLOCATION AND RECOVERY OF COSTS.] (a) A person who is subject to the requirements in section 115B.40, subdivision 4, or subdivision 5, paragraph (b), is responsible for all environmental response costs incurred by the commissioner at or related to the facility until the date of notice of compliance under section 115B.40, subdivision 7. The commissioner may use any funds available for closure, postclosure care, and response action established by the owner or operator. If those funds are insufficient or if the owner or operator fails to assign rights to them to the commissioner, the commissioner may seek recovery of environmental response costs against the owner or operator in the county of Ramsey or in the county where the facility is located or where the owner or operator resides.

(b) In an action brought under this subdivision in which the commissioner prevails, the court shall award the commissioner reasonable attorney fees and other litigation expenses incurred by the commissioner to bring the action. All costs, fees, and expenses recovered under this subdivision must be deposited in the environmental fund and credited to the landfill cleanup account established in section 115B.42.

Subd. 2. [ENVIRONMENTAL RESPONSE COSTS; LIENS.] All environmental response costs, including administrative and legal expenses, incurred by the commissioner at a qualified facility before the date of notice of compliance under section 115B.40, subdivision 7, constitute a lien in favor of the state upon any real property located in the state, other than homestead property, owned by the owner or operator who is subject to the requirements of section 115B.40, subdivision 4 or 5. A lien under this subdivision attaches when the environmental response costs are first incurred and continues until the lien is satisfied or becomes unenforceable as for an environmental lien under section 514.672. Notice, filing, and release of the lien are governed by sections 514.671 to 514.676, except where those requirements specifically are related to only cleanup action expenses as defined in section 514.671. Relative priority of a lien under this subdivision is governed by section 514.672, except that a lien attached to property that was included in any permit for the solid waste disposal facility takes precedence over all other liens regardless of when the other liens were or are perfected. Amounts received to satisfy all or a part of a lien must be deposited in the landfill cleanup account.

Subd. 3. [LOCAL GOVERNMENT AID; OFFSET.] If an owner or operator fails to comply with section 115B.40, subdivision 4, or 5, paragraph (b), fails to remit payment of environmental response costs incurred by the commissioner before the date of notice of compliance under section 115B.40, subdivision 7, and is a local government unit, the commissioner may seek payment of the costs from any state aid payments, except payments made under section 115A.557, subdivision 1, otherwise due the local government unit. The commissioner of revenue, after being notified by the commissioner that the local government unit has failed to pay the costs and the amount due, shall pay an annual proportionate amount of the state aid payment otherwise payable to the local government unit into the landfill cleanup account that will, over a period of no more than five years, satisfy the liability of the local government unit for the costs.

Subd. 4. [DISQUALIFICATION; PERMITS.] If an owner or operator of a qualified facility that is not a local government unit does not undertake closure or postclosure care in compliance with section 115B.40, subdivision 4, the owner or operator is ineligible to obtain or renew a state or local permit or license to engage in a business that manages solid waste. Failure of an owner or operator that is not a local government unit to complete closure or postclosure care at a qualified facility is prima facie evidence of the lack of fitness of that owner or operator to conduct any solid waste business and is grounds for revocation of any solid waste business permit or license held by that owner or operator.

For the purposes of this subdivision and subdivision 2, "owner or operator" means a person, partnership, firm, limited liability company, cooperative, association, corporation, or other entity and includes any entity in which the owner or operator owns a controlling interest.

Subd. 5. [EXPEDITED CLOSURE.] To expedite compliance with section 115B.40, subdivision 4, a person other than an owner or operator may undertake closure or postclosure care in compliance with that subdivision under an agreement with the commissioner.

Sec. 7. [115B.412] [PROGRAM OPERATION.]

Subdivision 1. [DUTY TO PROVIDE INFORMATION.] Any person who the commissioner has reason to believe has or may obtain information related to the generation, composition, transportation, treatment, or disposal of waste in a qualified facility or who has or may obtain information related to the ownership or operation of a facility shall furnish to the commissioner or the commissioner's designee any information that person may have or may reasonably obtain that is relevant to a release or threatened release at a qualified facility.

Subd. 2. [ACCESS TO INFORMATION AND PROPERTY.] The commissioner or a person designated by the commissioner, on presentation of credentials, may:

(1) examine and copy any books, papers, records, memoranda, or data of any person who has a duty to provide information to the agency under subdivision 1; and

(2) enter upon any property, public or private, for the purpose of taking any action authorized by sections 115B.39 to 115B.43 including obtaining information from any person who has a duty to provide the information under subdivision 1, conducting surveys or investigations, and taking response action.

This subdivision and subdivision 1 are enforceable under sections 115.071 and 116.072. If the commissioner prevails in an enforcement action under this subdivision, the commissioner may recover all costs, including court costs, attorney fees, and administrative costs, related to the enforcement action.

Subd. 3. [ACQUISITION AND DISPOSITION OF REAL PROPERTY.] The commissioner may acquire and dispose of real property the commissioner deems reasonably necessary for environmental response actions at or related to a qualified facility under section 115B.17, subdivisions 15 and 16.

Subd. 4. [AFFECTED REAL PROPERTY; NOTICE.] (a) The commissioner shall provide to affected local government units, to be available as public information, and shall make available to others, on request, a description of the real property described in the original and any revised permits for a qualified facility, along with a description of activities that will be or have been taken on the property under sections 115B.39 to 115B.43 and a reasonably accurate description of the types, locations, and potential movement of hazardous substances, pollutants and contaminants, or decomposition gases related to the facility. The commissioner shall provide and make this information available at the time the facility is placed on the priority list under section 115B.40, subdivision 2; shall revise, provide, and make the information available when response actions, other than long-term maintenance actions, have been completed; and shall revise the information over time if significant changes occur that make the information obsolete or misleading.

(b) A local government unit that receives information from the commissioner under paragraph (a) shall incorporate that information in any land use plan that includes the affected property and shall notify any person who applies for a permit related to development of the affected property of the existence of the information and, on request, provide a copy of the information.

Subd. 5. [ENVIRONMENTAL LIEN.] An environmental lien for environmental response costs incurred, including reimbursements made under section 115B.43, by the commissioner under sections 115B.39 to 115B.46 attaches in the same manner as a lien under sections 514.671 to 514.676, to all the real property described in the original and any revised permits for a qualified facility and any adjacent property owned by the facility owner or operator from the date the first assessment, closure, postclosure care, or response activities related to the facility are undertaken by the commissioner. For the purposes of filing an environmental lien under this subdivision, the term "cleanup action" as used in sections 514.671 to 514.676 includes all of the costs incurred by the commissioner to assess, close, maintain, monitor, and respond to releases at qualified facilities under sections 115B.39 to 115B.46. Notwithstanding section 514.672, subdivision 4, a lien under this paragraph takes precedence over all other liens on the property regardless of when the other liens were or are perfected. For the purpose of this subdivision, "owner or operator" has the meaning given it in section 115B.41, subdivision 4.

Subd. 6. [CONTRACTS.] The commissioner shall, to the extent practicable, ensure that contracts for activities or consulting services under this section are entered into with contractors or consultants located within the region where the facility subject to the contracts is located. The commissioner shall tailor specifications in requests for proposals to the types of activities or services that need to be undertaken at a specific facility or group of facilities located in the same region and shall not include specifications that require specialized expertise or laboratory work not available within the region unless it is necessary to do so to meet the requirements of this section.

Subd. 7. [SEPARATE ACCOUNTING.] The commissioner shall maintain separate accounting for each qualified facility regarding:

(1) the amount of financial assurance funds transferred under section 115B.40, subdivisions 4 and 5; and

(2) costs of response actions taken at the facility.

Subd. 8. [TRANSFER OF TITLE.] The owner of a qualified facility may, as part of the owner's activities under section 115B.40, subdivision 4 or 5, offer to transfer title to all the property described in the facility's most recent permit, including any property adjacent to that property the owner wishes to transfer, to the commissioner. The commissioner may accept the transfer of title if the commissioner determines that to do so is in the best interest of the state.

Subd. 9. [LAND MANAGEMENT PLANS.] The commissioner shall develop a land use plan for each qualified facility. All local land use plans must be consistent with a land use plan developed under this subdivision. Plans developed under this subdivision must include provisions to prevent any use that disturbs the integrity of the final cover, liners, any other components of any containment system, or the function of any monitoring systems unless the commissioner finds that the disturbance:

(1) is necessary to the proposed use of the property, and will not increase the potential hazard to human health or the environment; or

(2) is necessary to reduce a threat to human health or the environment.

Before completing any plan under this subdivision, the commissioner shall consult with the commissioner of finance regarding any restrictions that the commissioner of finance deems necessary on the disposition of property resulting from the use of bond proceeds to pay for response actions on the property, and shall incorporate the restrictions in the plan.

Subd. 10. [REPORT.] By October 1 of each year, the commissioner shall report to the legislative commission on waste management and to the appropriate finance committees of the senate and the house of representatives on the commissioner's activities under sections 115B.39 to 115B.43 and the commissioner's anticipated activities during future fiscal years.

Subd. 11. [RULES.] The commissioner may adopt rules necessary to implement sections 115B.39 to 115B.43.

Sec. 8. [115B.414] [THIRD-PARTY CLAIMS; MEDIATION; DEFENSE.]

Subdivision 1. [THIRD-PARTY CLAIMS; DEFINITION.] For the purposes of this section, "third-party claims" means claims made against mixed municipal solid waste generators by a responsible person or group of responsible persons under state or federal law for payment of response costs and related costs at a qualified facility, when the claimant or claimants do not produce evidence, other than statistical or circumstantial evidence, that the persons against whom the claims are made ever arranged for disposal or transported for disposal mixed municipal solid waste containing a hazardous substance or pollutant or contaminant to the facility.

Subd. 2. [MEDIATION.] A third-party claim or group of third-party claims that all arise from the same facility may be submitted to the Minnesota office of dispute resolution for mediation under the Minnesota civil mediation act, sections 572.31 to 572.40. The costs of mediation must be allocated equally between the person or persons against whom the claims are made and the person or persons making the claims.

Subd. 3. [PARTIAL REIMBURSEMENT.] A person or persons against whom one or more third-party claims are made may seek reimbursement from the commissioner of one-half of the costs of mediation allocated to the person or persons under subdivision 2. The commissioner shall reimburse the person or persons that request reimbursement unless the commissioner finds that the mediation was not entered into and conducted in good faith by the person or persons seeking reimbursement.

Subd. 4. [DEFENSE COSTS.] If a person or persons against whom one or more third-party claims are made request the person or persons making the claims to submit the claims to mediation and the claimants refuse to submit to mediation or if the person or persons against whom third-party claims are made enter into and conduct the mediation in good faith but the mediation fails to resolve the claims, the person or persons, in cooperation with other persons

against whom third-party claims have been made that arise from the same facility, may retain legal counsel to defend them against the claims and may seek partial reimbursement from the commissioner for reasonable attorney fees. The commissioner shall provide partial reimbursement for reasonable attorney fees under this subdivision of $75 per hour for a maximum number of hours to be established by the commissioner by rule. The maximum number of hours for reimbursement must increase as the number of persons who collectively retain legal counsel to defend against related claims increases but need not increase proportionately to the increase in the number of persons seeking collective defense. Under no circumstances may a person or group of persons receive reimbursement of more than 75 percent of their reasonable attorney fees under this subdivision.

Sec. 9. [115B.43] [REIMBURSABLE PARTIES AND EXPENSES.]

Subdivision 1. [GENERALLY.] Environmental response costs at qualified facilities for which a notice of compliance has been issued under section 115B.40, subdivision 7, are reimbursable as provided in this section.

Subd. 2. [REIMBURSABLE PERSONS.] (a) Except as provided in paragraphs (b) to (d), the following persons are eligible for reimbursement under this section:

(1) owners or operators, after the owners or operators have agreed to waive all claims for recovery of environmental response costs against any other persons and have agreed to reimburse, on a proportionate basis from each reimbursement received, each person from whom the applicant has collected funds towards reimbursable costs; and

(2) persons, other than owners and operators after the persons have agreed to:

(i) reimburse, on a proportionate basis from each reimbursement payment received, each person from whom the applicant has collected funds towards reimbursable costs; and

(ii) waive all claims for environmental response costs related to the facility and all other qualified facilities, against all other persons.

(b) A person is not eligible for reimbursement under this section if the person is an owner or operator who failed to properly close the qualified facility within the time specified in the facility's permit or the solid waste rules in effect at the time the facility stopped accepting waste.

(c) A person is not eligible for reimbursement under this section for environmental response costs at a facility if the person's actions relating to a release or threatened release at the facility were in violation of federal or state hazardous waste management laws in effect at the time of those actions.

(d) A person is not eligible for reimbursement under this section if, after June 15, 1994, the person files or continues to pursue an action asserting a claim for recovery of environmental response costs relating to a qualified facility, or otherwise seeks contributions for these costs, from another person.

Subd. 3. [REIMBURSABLE EXPENSES.] (a) Environmental response costs are eligible for reimbursement under this section to the extent that they:

(1) exceed:

(i) for each political subdivision that is an owner or operator of the facility, $250,000; and

(ii) for a private owner or operator, or a political subdivision that jointly owned or operated the facility with two or more other political subdivisions under a valid joint powers agreement, $750,000;

(2) are documented with billings or other proof of project cost; and

(3) if the commissioner finds that they were reasonable and necessary under the circumstances. The commissioner may request further documentation from those requesting reimbursement if it is necessary in the commissioner's judgment.

(b) For owners or operators, the following costs are not reimbursable:

(1) costs attributable to normal operations of the facility or to activities required under the facility permit and applicable solid waste rules, including corrective action, closure, postclosure, and contingency action; and

(2) the acquisition of real property if required of the owner or operator in order to carry out requirements of the facility permit or applicable solid waste rules.

Subd. 4. [REIMBURSEMENT PLAN.] The commissioner shall prepare a reimbursement plan and present it by October 1, 1995, to the legislative commission on waste management, the chairs of the senate finance committee and environment and natural resources finance division and the committees on ways and means and environment and natural resources finance of the house of representatives, and owners and operators of, and persons subject to a cleanup order at, qualified facilities. The plan shall identify sites where reimbursement will occur and the estimated dollar amount for each site, and shall set out priorities and payment schedules. The plan must give first priority for reimbursement to persons who are not owners or operators of qualified facilities.

Subd. 5. [REIMBURSEMENT TIMING.] The commissioner shall not issue reimbursement payments before October 15, 1995. The commissioner shall not issue reimbursements for expense statements filed after October 15, 1996, and shall approve or deny all reimbursement requests by October 15, 1997. The commissioner shall fully reimburse all persons eligible for reimbursement no later than six years after the date of notice of compliance for the facility under section 115B.40, subdivision 7.

Subd. 6. [REIMBURSEMENT CEILING.] The commissioner shall not issue reimbursements in an amount exceeding $7,000,000 per fiscal year.

ARTICLE 2

Section 1. [115B.44] [INVESTIGATION AND PURSUIT OF INSURANCE CLAIMS.]

Subdivision 1. [COMMISSIONER TO INVESTIGATE.] The commissioner may conduct investigations to identify responsible persons at qualified facilities. At the commissioner's request, a responsible person identified under this subdivision shall provide the commissioner with a copy of all applicable comprehensive general liability insurance policies, certificates, or other evidence of insurance coverage held while the person engaged in actions making the

person a potential responsible person; take any actions necessary to preserve the person's rights to payment or defense under the policies; cooperate with the commissioner in asserting claims; and, within 60 days of the commissioner's request, assign only those rights under the policies related to environmental response costs at or related to qualified facilities. The commissioner may not request assignment of rights under this subdivision before May 1, 1996.

Subd. 2. [ATTORNEY GENERAL TO PURSUE ASSIGNED CLAIMS.] The attorney general shall pursue available insurance claims under rights assigned under subdivision 1 or section 115B.40 and may contract for legal services for this purpose. All money recovered under this subdivision must be credited to the landfill cleanup account.

Sec. 2. [115B.45] [VOLUNTARY BUY-OUT FOR INSURERS.]

In full satisfaction of any rights assigned to the state under sections 115B.40 and 115B.44, an insurer may tender to the commissioner before January 1, 1998, the voluntary buy-out amount calculated under section 115B.46. In consideration of the amount tendered to the commissioner, an insurer shall be released by the state from liability for defense or indemnification relating to environmental response costs incurred by the commissioner at qualified facilities, except that no liability protection exists under this section until the commissioner has received buy-out commitments totaling $30,000,000. Any amounts received by the commissioner must be credited to the landfill cleanup account.

Sec. 3. [115B.46] [VOLUNTARY BUY-OUT AMOUNT.]

Subdivision 1. [CALCULATION.] The voluntary buy-out amount for an insurer must be calculated in accordance with this section.

Subd. 2. [VOLUNTARY BUY-OUT SHARE.] An insurer's unadjusted voluntary buy-out share is equal to that insurer's combined Minnesota written premium for the commercial multiperil line of insurance for calendar years 1970 through 1973, the liability other than auto line for calendar years 1970 and 1971, and the miscellaneous liability line for calendar years 1972 and 1973, as defined by the National Association of Insurance Commissioners' annual statement instructions during the applicable periods, divided by the aggregate written premium for all insurers for these lines during these same time periods. The commissioner of commerce shall calculate the unadjusted shares for individual insurers from data published by A.M. Best for the applicable periods. The commissioner shall advise each insurer with an unadjusted share calculated pursuant to this subdivision of the amount of their unadjusted share. The commissioner shall also request from the insurers data to support an adjustment under subdivision 3. The commissioner shall so advise insurers by May 1, 1996.

Subd. 3. [ADJUSTMENTS.] An insurer may adjust its share by providing the commissioner of commerce with evidence that the insurer's Minnesota written premium liability other than auto written premium for calendar years 1970 and 1971 and miscellaneous liability for calendar years 1972 and 1973 included professional or medical malpractice insurance written premiums. The evidence may be provided by written documents or electronically imaged and reproduced documents, contemporaneous with the period of the adjustment, reflecting the insurer's professional or medical malpractice insurance written premium for these periods. The evidence may include an affidavit from an officer of the insurer testifying to the veracity of the data. An insurer's share must be adjusted by the amount of the insurer's professional or medical malpractice insurance Minnesota written premium for calendar years 1970 through 1973 subtracted from the insurer's aggregate liability other than auto and miscellaneous liability written premium for calendar years 1970 through 1973. The commissioner of commerce shall reduce the aggregate liability other than auto and miscellaneous liability written premium for all insurers by the amount of total adjustments for all insurers under this subdivision prior to the final calculation of each insurer's share. The commissioner shall recalculate each insurer's share using the method provided in subdivision 1 subject to the adjustment provided by this subdivision.

Subd. 4. [CREDITS.] An insurer may receive a credit of 25 percent for each of the calendar years 1970, 1971, 1972, and 1973 that the insurer can demonstrate that sudden and accidental qualified pollution exclusions were endorsed to or included in all its comprehensive general liability insurance policies issued during these years. To support a claim for credits under this subdivision, an insurer may provide the commissioner of commerce with an affidavit from an officer or former officer testifying as to the business practice of the insurer during the year or years in question. An insurer may obtain a 25 percent credit for each of the years 1970, 1971, 1972, and 1973 that the exclusions were endorsed to or included in these policies.

Subd. 5. [FINAL CALCULATION.] An insurer's voluntary buy-out amount is equal to the multiplication of the insurer's adjusted share by $90,000,000 minus the amount of the insurer's credits under subdivision 4. The commissioner of commerce shall notify each insurer of its buy-out amount calculated under this section by September 30, 1996. An insurer that elects to buy out under this section may pay the amount calculated under this subdivision in ten equal annual installments.

Subd. 6. [NONPUBLIC DATA.] All information obtained by the commissioner of commerce from insurers under this section is nonpublic data under section 13.02, subdivision 9.

Subd. 7. [HEARING.] An insurer who disagrees with the calculation of its voluntary buy-out amount may request that the commissioner of commerce reconsider. An insurer requesting reconsideration shall supply the commissioner with information that supports the insurer's position within 30 days of receipt of the notification under subdivision 4. The commissioner shall reconsider the insurer's calculation based upon the information supplied within 30 days of receipt of the information. An insurer may appeal the decision of the commissioner as a contested case under chapter 14.

Subd. 8. [MINIMUM AMOUNT.] An insurer's voluntary buy-out amount may not be less than $200,000.

Subd. 9. [RULES.] The commissioner of commerce may adopt rules to implement this section.

Sec. 4. [FEDERAL INSURANCE TRUST FUND.]

The commissioner of the pollution control agency shall monitor developments relating to the establishment of a federal insurance trust fund, or a similar fund, as part of the reauthorization of the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended, United States Code, title 42, section 9601 et seq., and shall take actions, including communicating with Congress and the United States Environmental Protection Agency, to maximize the amount of money available from the federal fund for payments relating to mixed municipal solid waste disposal facilities in this state. By January 15, 1995, the commissioner shall submit to the legislative commission on waste management, the senate environment and natural resources finance division, and the house committee on environment and natural resources finance a report containing:

(1) a summary of federal developments and the commissioner's actions under this section; and

(2) any recommendations for legislation.

Sec. 5. [VOLUNTARY INSURANCE BUY-OUT PROGRAM; EVALUATION AND RECOMMENDATIONS BY ATTORNEY GENERAL.]

(a) The attorney general shall evaluate the voluntary insurance buy-out program established in sections 115B.45 and 115B.46 in light of the legislature's intent to maximize the net revenue to the state under the program. By January 15, 1996, the attorney general shall report on the evaluation to the legislative commission on waste management and the appropriate committees of the legislature. The report must include:

(1) recommendations on changes to the program, including any recommendations for changes to the years to be considered in calculating the voluntary buy-out amount under section 115B.46, subdivision 2; the adjustments and credits allowed under section 115B.46, subdivisions 3 and 4; the $90,000,000 amount in section 115B.46, subdivision 5; and any other element of the program; and

(b) In preparing the report, the attorney general shall consult with:

(1) representatives of the department of commerce and the pollution control agency;

(2) representatives of insurers at the state and national levels; and

(3) representatives of insureds.

(c) The attorney general may request of any person, including an insurer, any documents, records, or other information that the attorney general deems necessary to perform its responsibilities under this section. A person, including an insurer, shall comply with such requests of the attorney general within the time specified in the request, or, if no time is specified, within 30 days of the mailing of the request by the attorney general. In the case of a refusal to comply with a request for information under this section, the attorney general may apply to the district court for an order directing the person to comply with the request. A person shall not be required to provide any information that is subject to the attorney-client privilege or work product privilege. An insurer shall not be required to provide information specific to a particular insured unless the attorney general deems such information necessary to confirm summary information provided by an insurer. With respect to information obtained under this paragraph that is specific to a particular insured, the attorney general shall, pursuant to standard legal practice, take steps necessary to assure that such information is not discussed with, or available to, any attorney general staff involved in evaluating or pursuing assigned claims under section 115B.44, subdivision 2. Nothing in this paragraph prevents the attorney general from independently obtaining the information as otherwise allowed by law to evaluate or pursue assigned claims under section 115B.44, subdivision 2.

(d) Upon request of the attorney general, the commissioners of the pollution control agency and commerce shall cooperate with the attorney general in carrying out the authority under this section.

The issuance of the written determination or confirmation applies to tanks not on the property or removed only, and does not affect liability for releases from tanks that are on the property at the time of purchase. The written determination or confirmation extends to the successors and assigns of the person to whom it originally applied, if the successors and assigns are not otherwise responsible for the release.

~~(c)~~ (d) The person requesting assistance under this subdivision shall pay the agency for the agency's cost, as determined by the commissioner, of providing assistance. ARTICLE 6

Section 1. Minnesota Statutes 1992, section 116G.15, is amended to read:

116G.15 [MISSISSIPPI RIVER CRITICAL AREA.]

The federal Mississippi National River and Recreation Area established pursuant to United States Code, title 16, section 460zz-2(k), is designated an area of critical concern in accordance with this chapter. The governor shall review the existing Mississippi river critical area plan and specify any additional standards and guidelines to affected communities in accordance with section 116G.06, subdivision 2, paragraph (b), clauses (3) and (4), needed to insure preservation of the area pending the completion of the federal plan.

The results of an environmental impact statement prepared under chapter 116D and completed after the effective date of this section for a proposed project that is located in the Mississippi river critical area north of the United States Army Corps of Engineers lock and dam number one must be submitted in a report to the chairs of the environment and natural resources policy and finance committees of the house of representatives and the senate prior to the issuance of any state or local permits and the authorization for an issuance of any bonds for the project. A report made under this paragraph must list alternatives to the project that are environmentally superior to the proposed project and identify any legislative actions that may assist in the implementation of environmentally superior alternatives. This paragraph does not apply to a proposed project to be carried out by the metropolitan council or a metropolitan agency as defined in section 473.121.

Sec. 2. [116G.151] [REQUIRED ENVIRONMENTAL ASSESSMENT WORKSHEET; FACILITIES IN MISSISSIPPI RIVER AREA.]

(a) Until completion of an environmental assessment worksheet that complies with the rules of the environmental quality board and this section, a state or local agency may not issue a permit for construction or operation of a metal materials shredding project with a processing capacity in excess of 20,000 tons per month that would be located in the Mississippi river critical area, as described in section 116G.15, upstream from United States Corps of Engineers Lock and Dam Number One.

(b) The pollution control agency is the responsible governmental unit for the preparation of an environmental assessment worksheet required under this section.

(c) In addition to the contents required under law and rule, an environmental assessment worksheet completed under this section must also include the following major categories:

(1) effects of operation of the project, including vibrations and airborne particulates and dust, on the Mississippi river;

(2) effects of operation of the project, including vibrations and airborne particulates and dust, on adjacent businesses and on residents and neighborhoods;

(3) effects of operation of the project on barge and street traffic;

(4) discussion of alternative sites considered by the project proposer for the proposed project, possible design modifications including site layout, and the magnitude of the project;

(5) mitigation measures that could eliminate or minimize any adverse environmental effects of the proposed project;

(6) impact of the proposed project on the housing, park, and recreational use of the river;

(7) effects of waste and implication of the disposal of waste generated from the proposed project;

(8) effects on water quality from the project operations, including wastewater generated from operations of the proposed project;

(9) potential effects from fugitive emissions, fumes, dust, noise, and vibrations from project operations;

(10) compatibility of the existing operation and proposed operation with other existing uses;

(11) the report of the expert required by paragraph (g).

(d) In addition to the publication and distribution provisions relating to environmental assessment worksheets under law and rule, notice of environmental assessment worksheets performed by this section shall also be published in a newspaper of general circulation as well as community newspapers in the affected neighborhoods.

(e) A public meeting in the affected communities must be held on the environmental assessment worksheet prepared under this section. After the public meeting on the environmental assessment worksheet, there must be an additional 30-day period for review and comment on the environmental assessment worksheet.

(f) If the pollution control agency determines that information necessary to make a reasonable decision about potential of significant environmental impacts is insufficient, the agency shall make a positive declaration and proceed with an environmental impact statement.

(g) The pollution control agency shall retain an expert in the field of toxicology who is capable of properly analyzing the potential effects and content of any airborne particulates, fugitive emissions, and dust that could be produced by a metal materials shredding project. The pollution control agency shall obtain any existing reports or documents from a governmental entity or project proposer that analyzes or evaluates the potential hazards of airborne particulates, fugitive emissions, or dust from the construction or operation of a metal materials shredding project in preparing the environmental assessment worksheet. The agency and the expert shall prepare, as part of the report, a risk assessment of the types of metals permitted to be shredded as compared to the types of materials that are likely to processed at the facility. In performing the risk assessment, the agency and the expert must consider any actual experience at similar facilities. The report must be included as part of the environmental assessment worksheet.

(h) If the pollution control agency determines that under the rules of the environmental quality board an environmental impact statement should be prepared, the pollution control agency shall be the responsible governmental unit for preparation of the environmental impact statement.

Sec. 3. [APPROPRIATION.]

$75,000 is appropriated in fiscal year 1995 from the general fund to the commissioner of the pollution control agency to hire the consultant required under section 2, and to prepare the environmental assessment worksheet required by section 2. The proposer will bear all other costs associated with the preparation of the environmental assessment worksheet."

CONFERENCE COMMITTEE REPORT ON H. F. NO. 2016

A bill for an act relating to commerce; regulating mortgage payment services; requiring a bond or other security; amending Minnesota Statutes 1992, section 332.13, subdivision 2; proposing coding for new law in Minnesota Statutes, chapter 332.

May 5, 1994

The Honorable Irv Anderson
Speaker of the House of Representatives

The Honorable Allan H. Spear
President of the Senate

We, the undersigned conferees for H. F. No. 2016, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendment and that H. F. No. 2016 be further amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1992, section 332.13, subdivision 2, is amended to read:

Subd. 2. "Debt prorating" means the performance of any one or more of the following:

(a) managing the financial affairs of an individual by distributing income or money to the creditors thereof;

(b) receiving funds for the purpose of distributing said funds among creditors in payment or partial payment of obligations of a debtor; or

(c) settling, adjusting, prorating, pooling, or liquidating the indebtedness of a debtor. Any person so engaged or holding out as so engaged shall be deemed to be engaged in debt prorating regardless of whether or not a fee is charged for such services. This term shall not include services performed by the following when engaged in the regular course of their respective businesses and professions:

(1) Attorneys at law, escrow agents, accountants, broker-dealers in securities;

(2) Banks, state or national, trust companies, savings and loan associations, building and loan associations, title insurance companies, insurance companies and all other lending institutions duly authorized to transact business in the state of Minnesota, provided no fee is charged for such service;

(3) Persons who, as employees on a regular salary or wage of an employer not engaged in the business of debt prorating, perform credit services for their employer;

(4) Public officers acting in their official capacities and persons acting pursuant to court order;

(5) Nonprofit corporations, organized under Minnesota Statutes 1967, Chapter 317, giving debt prorating service, provided no fee is charged for such service;

(6) Any person while performing services incidental to the dissolution, winding up or liquidation of a partnership, corporation or other business enterprise;

(7) The state of Minnesota, its political subdivisions, public agencies and their employees;

(8) Credit unions, provided no fee is charged for such service;

(9) "Qualified organizations" designated as representative payees for purposes of the Social Security and Supplemental Security Income representative payee system and the federal Omnibus Budget Reconciliation Act of 1990, Public Law Number 101-508; and

(10) Accelerated mortgage payment providers. "Accelerated mortgage payment providers" are persons who, after satisfying the requirements of sections 332.30 to 332.303, receive funds to make mortgage payments to a lender or lenders, on behalf of mortgagors, in order to exceed regularly scheduled minimum payment obligations under the terms of the indebtedness. The term does not include: (i) persons or entities described in clauses (1) to (9); (ii) mortgage lenders or servicers, industrial loan and thrift companies, or regulated lenders under chapter 56; or (iii) persons authorized to make loans under section 47.20, subdivision 1.

For purposes of this clause and sections 332.30 to 332.303, "lender" means the original lender or that lender's assignee, whichever is the current mortgage holder.

Sec. 2. [332.30] [ACCELERATED MORTGAGE PAYMENT PROVIDER; BOND REQUIREMENTS.]

(a) Before beginning business in this state, an accelerated mortgage payment provider, as defined in section 332.13, subdivision 2, clause (10), shall submit to the commissioner of commerce either:

(1) a surety bond in which the accelerated mortgage payment provider is the obligor, in an amount determined by the commissioner; or

(2) if the commissioner agrees to accept it, a deposit:

(i) in cash in an amount equivalent to the bond amount; or

(ii) of authorized securities, as defined in section 50.14, with an aggregate market value equal to the bond amount. The cash or securities must be deposited with the state treasurer.

(b) The amount of the bond required by the commissioner shall vary with the amount of Minnesota client funds held or to be held by the obligor. For new businesses, the bond must be no less than $100,000, except as provided in section 332.301. The commissioner may increase the required bond amount upon 30 days notice to the accelerated mortgage payment provider.

(c) If a bond is submitted, it must name as surety an insurance company authorized to transact fidelity and surety business in this state. The bond must run to the state of Minnesota for the use of the state and of any person who may have a claim against the obligor arising out of the obligor's activities as an accelerated mortgage payment provider. The bond must be conditioned that the obligor will not commit any fraudulent act and will faithfully conform to and abide by the provisions of accelerated mortgage payment agreements with Minnesota residents.

If an accelerated mortgage payment provider has failed to account to a mortgagor or distribute funds to the mortgagee as required by an accelerated mortgage payment agreement, the mortgagor or the mortgagor's legal representative or receiver or the commissioner shall have, in addition to any other legal remedies, a right of action in the name of the debtor on the bond or the security given pursuant to this section.

Sec. 3. [332.301] [BOND; BACKGROUND CHECK.]

The commissioner may accept an initial surety bond or deposit in an amount less than $100,000 based upon the business plan of the accelerated mortgage payment provider, provided the commissioner obtains a third-party background check at the expense of the accelerated mortgage payment provider and from a source to be determined by the commissioner. The commissioner may require a third-party background check in connection with any accelerated mortgage payment provider at the expense of the accelerated mortgage payment provider, but no more often than annually.

Sec. 4. [332.302] [CONTRACTS; NOTICE TO MORTGAGOR.]

A contract entered into between an accelerated mortgage payment provider and a mortgagor shall be in writing and include all applicable terms and conditions including, but not limited to, all fees, costs, and charges. A conforming copy must be provided to the mortgagor before any fees in connection with the accelerated mortgage payment services are received by the accelerated mortgage payment provider. A contract shall provide that the arrangement between the accelerated mortgage payment provider and lender or lenders requires:

(1) that if the original terms of the mortgage, mortgage note, or escrow agreement are in default because of nonpayment by the accelerated mortgage payment provider, the lender or lenders mail or otherwise deliver to the mortgagor a written notice within 30 days of the default; and

(2) that a written summary of payments received by the accelerated mortgage payment provider by date and amount, payments made to the lender or lenders on behalf of the mortgagor by date and amount, and unremitted balance held by the accelerated mortgage payment provider be provided to the mortgagor at least annually or more frequently on a date or dates mutually agreed upon between the accelerated mortgage payment provider and mortgagor.

Sec. 5. [332.303] [SEGREGATED ACCOUNTS.]

A payment received by an accelerated mortgage payment provider from or on behalf of a client shall be held by the accelerated mortgage payment provider in a separate trust account clearly designated for client funds. The account shall be in a bank or other depository institution authorized or chartered under the laws of any state or of the United States. The accelerated mortgage payment provider shall not commingle funds held for payment to lenders with its own property or funds.

Sec. 6. [SERVICE PROVISION STUDY.]

The commissioner of commerce shall report by January 15, 1995, to the commerce and consumer protection committee in the senate and the financial institutions and insurance committee in the house, on the feasibility of requiring financial institutions to offer to mortgagors the option of making their payments on a semimonthly, biweekly, or other accelerated basis, at no additional charge or fee, in order to exceed regularly scheduled minimum payment obligations under the terms of the indebtedness.

Sec. 7. [EFFECTIVE DATE.]

Sections 1 to 6 are effective the day following final enactment."

The Honorable Irv Anderson
Speaker of the House of Representatives

The Honorable Allan H. Spear
President of the Senate

We, the undersigned conferees for H. F. No. 3230, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendment and that H. F. No. 3230 be further amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1992, section 169.14, subdivision 5d, is amended to read:

Subd. 5d. [SPEED ZONING IN WORK ZONES; SURCHARGE.] (a) The commissioner, on trunk highways and temporary trunk highways, and local authorities, on streets and highways under their jurisdiction, may authorize the use of reduced maximum speed limits in highway work zones. The commissioner or local authority is not required to conduct an engineering and traffic investigation before authorizing a reduced speed limit in a highway work zone.

(b) The minimum highway work zone speed limit is 20 miles per hour. The work zone speed limit must not reduce the established speed limit on the affected street or highway by more than 15 miles per hour, except that the highway work zone speed limit shall not exceed 40 miles per hour. Highway work zone speed limits are effective on erection of appropriate regulatory speed limit signs designating the beginning and end of the affected work zone. The signs must be removed or covered when they are not required. A speed greater than the posted highway work zone speed limit is unlawful.

(c) For purposes of this subdivision, "highway work zone" means a segment of highway or street where a road authority or its agent is constructing, reconstructing, or maintaining the physical structure of the roadway, its shoulders, or features adjacent to the roadway, including underground and overhead utilities and highway appurtenances.

(d) Notwithstanding section 609.0331 or 609.101 or other law to the contrary, a person who violates a speed limit established under paragraph (b) while on a trunk highway, or who violates any other provision of this section or section 169.141 while in a highway work zone on a trunk highway, is assessed an additional surcharge equal to the amount of the fine imposed for the speed violation, but not less than $25. The surcharge must be deposited in the state treasury and credited to the general fund.

Sec. 2. Minnesota Statutes 1992, section 360.305, subdivision 4, is amended to read:

Subd. 4. (1) Except as otherwise provided in this subdivision, the commissioner of transportation shall require as a condition of assistance by the state that the political subdivision, municipality, or public corporation make a substantial contribution to the cost of the construction, improvement, maintenance, or operation, these costs are referred to as project costs, in connection with which the assistance of the state is sought.

(2) For any airport, whether key, intermediate or landing strip, where only state and local funds are to be used, the contribution shall be not less than one-fifth of the sum of:

(a) the project costs,

(b) acquisition costs of the land and clear zones, "acquisition costs."

Where federal, state and local funds are to be used, the contribution shall not be less than one-tenth of the sum.

(3) The commissioner may pay the total cost of radio and navigational aids.

(4) Notwithstanding clause (2), the commissioner may pay all of the project costs of a new landing strip, but not an intermediate airport or key airport, or may pay an amount equal to the federal funds granted and used for a new landing strip plus all of the remaining project costs; but the total amount paid by the commissioner for the project costs of a new landing strip, unless specifically authorized by an act appropriating funds for the new landing strip, shall not exceed $200,000.

(5) Notwithstanding clause (2), the commissioner may pay all the project costs for research and development projects, including, but not limited to noise abatement; provided that in no event shall the sums expended under this clause exceed five percent of the amount appropriated for construction grants.

(6) To receive aid under this section for acquisition costs the municipality must enter into an agreement with the commissioner giving assurance that the airport will be operated and maintained in a safe, serviceable manner for aeronautical purposes only for the use and benefit of the public for a period of 20 years after the date that the state funds are received by the municipality. The agreement may contain other conditions as the commissioner deems reasonable.

(7) The commissioner shall establish a hangar construction revolving account which shall be used for the purpose of financing the construction of hangar buildings to be constructed by municipalities owning airports. All municipalities owning airports are authorized to enter into contracts for the construction of hangars, and contracts with the commissioner for the financing of hangar construction for an amount and period of time as may be determined by the commissioner and municipality. All receipts from the financing contracts shall be deposited in the hangar construction revolving account and are reappropriated for the purpose of financing construction of hangar buildings. The commissioner may pay from the hangar construction revolving account 80 percent of the cost of financing construction of hangar buildings. For purposes of this clause, the "construction" of hangars shall include their design. The commissioner shall transfer up to $4,100,000 from the state airports fund to the hangar construction revolving account.

(8) The commissioner may pay a portion of the purchase price of any airport maintenance and safety equipment and of the actual airport snow removal costs incurred by any municipality. The portion to be paid by the state shall not exceed two-thirds of the cost of the purchase price or snow removal. To receive aid a municipality must enter into an agreement of the type referred to in clause (6).

(9) This subdivision shall apply only to project costs or acquisition costs of municipally owned airports which are incurred after June 1, 1971.

Sec. 3. Minnesota Statutes 1992, section 473.167, subdivision 2, is amended to read:

Subd. 2. [LOANS FOR ACQUISITION.] The council may make loans to counties, towns, and statutory and home rule charter cities within the metropolitan area for the purchase of property within the right-of-way of a state trunk highway shown on an official map adopted pursuant to section 394.361 or 462.359 or for the purchase of property within the proposed right-of-way of a principal or intermediate arterial highway designated by the council as a part of the metropolitan highway system plan and approved by the council pursuant to subdivision 1. The loans shall be made by the council, from the fund established pursuant to this subdivision, for purchases approved by the council. The loans shall bear no interest. The council shall make loans only: (1) to accelerate the acquisition of primarily undeveloped property when there is a reasonable probability that the property will increase in value before highway construction, and to update an expired environmental impact statement on a project for which the right-of-way is being purchased; ~~or~~ (2) to avert the imminent conversion or the granting of approvals which would allow the conversion of property to uses which would jeopardize its availability for highway construction; or (3) to advance planning and environmental activities on highest priority major metropolitan river crossing projects, under the transportation development guide chapter/policy plan. The council shall not make loans for the purchase of property at a price which exceeds the fair market value of the property or which includes the costs of relocating or moving persons or property. A private property owner may elect to receive the purchase price either in a lump sum or in not more than four annual installments without interest on the deferred installments. If the purchase agreement provides for installment payments, the council shall make the loan in installments corresponding to those in the purchase agreement. The recipient of an acquisition loan shall convey the property for the construction of the highway at the same price which the recipient paid for the property. The price may include the costs of preparing environmental documents that were required for the acquisition and that were paid for with money that the recipient received from the loan fund. Upon notification by the council that the plan to construct the highway has been abandoned or the anticipated location of the highway changed, the recipient shall sell the property at market value in accordance with the procedures required for the disposition of the property. All rents and other money received because of the recipient's ownership of the property and all proceeds from the conveyance or sale of the property shall be paid to the council. If a recipient is not permitted to include in the conveyance price the cost of preparing environmental documents that were required for the acquisition, then the recipient is not required to repay the council an amount equal to 40 percent of the money received from the loan fund and spent in preparing the environmental documents. The proceeds of the tax authorized by subdivision 3, all money paid to the council by recipients of loans, and all interest on the proceeds and payments shall be maintained as a separate fund. For administration of the loan program, the council may expend from the fund each year an amount no greater than three percent of the amount of the authorized levy for that year.

Sec. 4. [ELECTRIC VEHICLE TECHNOLOGY STUDY; APPROPRIATION.]

(a) The commissioner of transportation shall study, evaluate, and test road powered electric vehicle (RPEV) technology under the Saints Road Project in St. Cloud, Minnesota, in coordination with the St. Cloud Area Metropolitan Transit Commission. The commissioner shall make findings and recommendations to the transportation committees of the Minnesota senate and house of representatives specifically discussing: RPEV enhancement to and

cost comparisons for electric trolley bus applications, particularly regarding light rail transit; RPEV application as an intermodal system at the Minneapolis-St. Paul airport to replace the diesel truck passenger carrier operating between the terminal and car rental agencies; snow and ice removal testing and evaluation; and safety testing of the RPEV technology under consideration at the Saints Road Project.

(b) $200,000 is appropriated from the trunk highway fund for fiscal year 1995 to the commissioner of transportation to study electric vehicle technology and to pay for the costs, not to exceed ten percent of this appropriation, of the office of transit of the department of transportation to oversee the project. The commissioner shall disburse money from this appropriation on a two-for-one matching basis, seeking federal funding as well as local matching money.

Sec. 5. [HIGH-SPEED RAIL CORRIDOR STUDY; APPROPRIATION.]

(a) The commissioner of transportation shall initiate a phase-II feasibility study of high-speed rail service in Minnesota, Wisconsin, and Illinois along the southern corridor identified in the tri-state study of high-speed rail service. The commissioner shall seek federal matching funds and contributions from nonpublic sources to finance the study. The commissioner may enter into agreements with the states of Wisconsin and Illinois to cooperate in financing and performing the study.

(b) The study outline must be agreed upon by the participating states and federal government and must include:

(1) collection of original and comprehensive origin-destination data;

(2) a comprehensive assessment of alternative technologies;

(3) engineering and environmental analysis, including route evaluations within the corridor, crossings, infrastructure needs, intermodal connections, and potential station locations;

(4) comprehensive financial and economic analysis;

(5) analysis of potential public-private partnerships; and

(6) an implementation plan and program for design and construction of a high-speed rail system.

(c) $630,000 is appropriated from the general fund to the commissioner of transportation for the purposes of the phase-II high-speed rail study under this section. This appropriation is contingent upon the state of Wisconsin paying $500,000 and receipt of federal matching money for the study.

Sec. 6. [APPROPRIATION; JOB SKILLS PARTNERSHIP.]

$250,000 is appropriated to the Minnesota job skills partnership board for the purpose of funding the development and implementation of a program by the city of St. Paul which connects the economic development activities of the St. Paul Port Authority with the city of St. Paul's employment and job development programs. This employment connection program shall be administered by the port authority consistent with and subject to the program requirements of the Minnesota job skills partnership program. The appropriation is available until expended.

Sec. 7. [APPROPRIATION; STATE ROAD CONSTRUCTION.]

$15,000,000 is appropriated from the trunk highway fund to the commissioner of transportation for state road construction in fiscal year 1995 and is added to the appropriation in Laws 1993, chapter 266, section 2, subdivision 7, clause (a).

Sec. 8. [APPROPRIATION; STATE ROAD OPERATIONS.]

$5,500,000 is appropriated for fiscal year 1995 from the trunk highway fund to the commissioner of transportation for state road operations and is added to the appropriation in Laws 1993, chapter 266, section 2, subdivision 9.

Sec. 9. [APPROPRIATION; WORK ZONE SAFETY.]

$25,000 is appropriated in fiscal year 1995 from the general fund to the commissioner of transportation for highway work zone safety management and public education efforts to increase public awareness of highway work zone safety.

May 6, 1994

The Honorable Allan H. Spear
President of the Senate

The Honorable Irv Anderson
Speaker of the House of Representatives

We, the undersigned conferees for S. F. No. 1706, report that we have agreed upon the items in dispute and recommend as follows:

That the House recede from its amendments and that S. F. No. 1706 be further amended as follows:

Delete everything after the enacting clause and insert:

"ARTICLE 1

RADIOACTIVE WASTE MANAGEMENT FACILITY AUTHORIZATION

Section 1. [116C.77] [LEGISLATIVE AUTHORIZATION FOR INDEPENDENT SPENT FUEL STORAGE INSTALLATION AT PRAIRIE ISLAND.]

The legislature recognizes that:

(1) the Minnesota environmental quality board on May 16, 1991, reviewed and found adequate a final environmental impact statement ("EIS") on the proposal to construct and operate a dry cask storage facility for the temporary storage of spent nuclear fuel from the Prairie Island nuclear generating plant;

(2) the United States Nuclear Regulatory Commission reviewed and approved a safety analysis report on the facility and on October 19, 1993, granted a license for the facility; and

(3) the public utilities commission in docket no. E002/CN-91-91 reviewed the facility and approved a limited certificate of need approving the use of casks.

The Minnesota legislature in compliance with Minnesota Statutes, section 116C.72, hereby ratifies and approves the EIS and the limited certificate of need and authorizes the use of casks at Prairie Island in accordance with the terms and conditions of the certificate of need as modified by this act and without further environmental review under chapter 116D or further administrative review under section 216B.243.

Sec. 2. [116C.771] [ADDITIONAL CASK LIMITATIONS.]

(a) Five casks may be filled and used at Prairie Island immediately upon the effective date of this article.

(b) An additional four casks may be filled and used at Prairie Island if the environmental quality board determines that, by December 31, 1996, the public utility operating the Prairie Island plant has filed a license application with the United States Nuclear Regulatory Commission for a spent nuclear fuel storage facility off of Prairie Island in Goodhue county, is continuing to make a good faith effort to implement the site, and has constructed, contracted for construction and operation, or purchased installed capacity of 100 megawatts of windpower in addition to windpower under construction or contract on the effective date of this section.

(c)(1) An additional eight casks may be filled and placed at Prairie Island if the legislature has not revoked the authorization under clause (2) or the public utility has satisfied the wind power and biomass mandate requirements in article 3, section 2, subdivision 1, clause (1), and article 3, section 3, clause (1), and the alternative site in Goodhue county is operational or under construction. (2) If the site is not under construction or operational or the wind mandates are not satisfied, the legislature may revoke the authorization for the additional eight casks by a law enacted prior to June 1, 1999.

(d) Except as provided under paragraph (e), dry cask storage capacity for high-level nuclear waste within the state may not be increased beyond the casks authorized by section 1 or their equivalent storage capacity.

(e) This section does not prohibit a public utility from applying for or the public utilities commission from granting a certificate of need for dry cask storage to accommodate the decommissioning of a nuclear power plant within this state.

Sec. 3. [116C.772] [PUBLIC UTILITY RESPONSIBILITIES.]

Subdivision 1. [DEFINITION.] For the purpose of this section, "public utility" means the public utility operating the Prairie Island nuclear generating plant.

Subd. 2. [DRY CASK ALTERNATIVES STUDY.] The public utility must submit to the legislative electric energy task force a reevaluation of all alternatives and combinations of those alternatives to dry cask storage.

Subd. 3. [WORKER TRANSITION PLAN.] The public utility must submit to the department of jobs and training a worker transition plan if there is a shutdown of the Prairie Island nuclear generating plant for longer than six months.

Subd. 4. [NUCLEAR POWER-PHASE OUT PLAN.] The public utility must submit to the electric energy task force a detailed plan for the phase-out of all nuclear power generated by the utility.

Subd. 5. [DECOMMISSIONING PLAN.] The public utility must submit to the electric energy task force a decommissioning plan for TN-40 storage casks after the casks are emptied of spent fuel.

Sec. 4. [116C.773] [CONTRACTUAL AGREEMENT.]

The authorization for dry casks contained in section 1 is not effective until the governor, on behalf of the state, and the public utility operating the Prairie Island nuclear plant enter into an agreement binding the parties to the terms of sections 2 and 3 and the mandate for 200 megawatts of windpower and 75 megawatts of biomass required by December 31, 2002, in article 3, section 2, subdivision 1, and section 3. The Mdewakanton Dakota Tribal Council at Prairie Island is an intended third-party beneficiary of this agreement and has standing to enforce the agreement.

Sec. 5. [116C.774] [AUTHORIZATION.]

To the extent that the radioactive waste management act, Minnesota Statutes, section 116C.72, requires legislative authorization of the operation of certain facilities, this section expressly authorizes the continued operation of the Monticello nuclear generating plant spent nuclear fuel pool storage facility and the Prairie Island nuclear generating plant spent nuclear fuel pool storage facility.

Sec. 6. [116C.775] [SHIPMENT PRIORITIES; PRAIRIE ISLAND.]

If a storage or disposal site becomes available outside of the state to accept high-level nuclear waste stored at Prairie Island, the waste contained in dry casks shall be shipped to that site before the shipment of any waste from the spent nuclear fuel storage pool. Once waste is shipped that was contained in a cask, the cask must be decommissioned and not used for further storage.

Sec. 7. [116C.776] [ALTERNATIVE CASK TECHNOLOGY FOR SPENT FUEL STORAGE.]

If the public utilities commission determines that casks or other containers that allow for transportation as well as storage of spent nuclear fuel exist and are economically feasible for storage and transportation of spent nuclear fuel generated by the Prairie Island nuclear power generating plan, the commission shall order their use to replace use of the casks that are only usable for storage, but not transportation. If the commission orders use of dual-purpose casks under this section, it must authorize use of a number of dual-purpose casks that provides the same total storage capacity that is authorized under this article; provided, that the total cask storage capacity permitted under this article may not exceed the capacity of the TN-40 casks authorized under section 1.

Sec. 8. [116C.777] [SITE.]

The spent fuel contents of dry casks located on Prairie Island must be moved immediately upon the availability of another site for storage of the spent fuel that is not located on Prairie Island.

Sec. 9. [116C.778] [RERACKING.]

The spent fuel storage pool at Prairie Island may be reracked a third time. The reracking does not require legislative authorization but is subject to other applicable state review. The additional storage capacity added by the third reracking and utilized when added to the total storage capacity of dry cask storage utilitized, cannot exceed the total capacity of 17 TN-40 casks.

Sec. 10. [116C.779] [FUNDING FOR RENEWABLE DEVELOPMENT.]

The public utility that operates the Prairie Island nuclear generating plant must transfer to a renewable development account $500,000 each year for each dry cask containing spent fuel that is located at the independent spent fuel storage installation at Prairie Island after January 1, 1999. The fund transfer must be made if waste is stored in a cask for any part of a year. Funds in the account can only be expended for development of renewable energy sources.

This article is effective the day following final enactment.

ARTICLE 2

ECONOMIC REGULATION OF NUCLEAR POWER PLANTS

Section 1. [LEGISLATIVE FINDINGS.]

The legislature finds that there is great uncertainty over the means and costs of disposing of radioactive wastes generated at nuclear-powered electric generating plants. Current and future electric ratepayers are at risk to pay for these uncertain and potentially enormous costs. These costs could cause economic hardship for the citizens of this state and damage economic growth. For these reasons the legislature finds it necessary to protect its citizens against these costs. While these potential costs do not currently warrant closing an operating nuclear power plant, they do warrant a moratorium on new nuclear plant construction and closer monitoring of operating nuclear power plants.

Sec. 2. Minnesota Statutes 1992, section 216B.243, is amended by adding a subdivision to read:

Subd. 3b. [NUCLEAR POWER PLANT; NEW CONSTRUCTION PROHIBITED.] The commission may not issue a certificate of need for the construction of a new nuclear-powered electric generating plant.

Sec. 3. [216B.244] [NUCLEAR PLANT CAPACITY REQUIREMENTS.]

A reactor unit at a nuclear power electric generating plant that has an annual load capacity factor of less than 55 percent for each of three consecutive calendar years must be shut down and cease operating no later than 500 days after the end of the third such consecutive calendar year. For the purposes of this section, "load capacity factor" means the ratio between a reactor unit's average load and its peak load.

Sec. 4. [EFFECTIVE DATE.]

This article is effective the day following final enactment.

ARTICLE 3

ENERGY CONSERVATION AND RENEWABLES

Section 1. Minnesota Statutes 1992, section 216B.241, subdivision 1a, is amended to read:

Subd. 1a. [INVESTMENTS, EXPENDITURES, AND CONTRIBUTIONS; REGULATED UTILITIES.] (a) For purposes of this subdivision and subdivision 2, "public utility" has the meaning given it in section 216B.02, subdivision 4. Each public utility shall spend and invest for energy conservation improvements under this subdivision and subdivision 2 the following amounts:

(1) for a utility that furnishes gas service, .5 percent of its gross operating revenues from service provided in the state; ~~and~~

(2) for a utility that furnishes electric service, 1.5 percent of its gross operating revenues from service provided in the state; and

(3) for a utility that furnishes electric service and that operates a nuclear powered electric generating plant within the state, two percent of its gross operating revenues from service provided in the state.

(b) The commissioner may require investments or spending greater than the amounts required under this subdivision for a public utility whose most recent advance forecast required under section 116C.54 projects a peak demand deficit of 100 megawatts or greater within five years under mid-range forecast assumptions. A public utility may appeal a decision of the commissioner under this paragraph to the commission under subdivision 2. In reviewing a decision of the commissioner under this paragraph, the commission shall rescind the decision if it finds that the required investments or spending will:

(1) not result in cost-effective programs; or

(2) otherwise not be in the public interest.

(c) Each utility shall determine what portion of the amount it sets aside for conservation improvement will be used for conservation improvements under subdivision 2 and what portion it will contribute to the energy and conservation account established in subdivision 2a. Contributions must be remitted to the commissioner of public service by February 1 of each year. Nothing in this subdivision prohibits a public utility from spending or investing for energy conservation improvement more than required in this subdivision.

Sec. 2. [216B.2423] [WIND POWER MANDATE.]

Subdivision 1. [MANDATE.] A public utility, as defined in Minnesota Statutes, section 216B.02, subdivision 4, that operates a nuclear-powered electric generating plant within this state must construct and operate, purchase, or contract to construct and operate: (1) 225 megawatts of electric energy installed capacity generated by wind energy conversion systems within the state by December 31, 1998; and (2) an additional 200 megawatts of installed capacity so generated by December 31, 2002.

For the purpose of this section, "wind energy conversion system" has the meaning given it in section 216C.06, subdivision 12.

Subd. 2. [RESOURCE PLANNING MANDATE.] The public utilities commission shall order a public utility subject to subdivision 1, to construct and operate, purchase, or contract to purchase an additional 400 megawatts of electric energy installed capacity generated by wind energy conversion systems by December 31, 2002, subject to resource planning and least cost planning requirements in Minnesota Statutes, section 216B.2422.

Sec. 3. [216B.2424] [BIOMASS POWER MANDATE.]

A public utility, as defined in Minnesota Statutes, section 216B.02, subdivision 4, that operates a nuclear powered electric generating plant within this state must, by December 31, 1998, construct and operate, purchase, or contract to construct and operate (1) 50 megawatts of electric energy installed capacity generated by farm grown closed-loop biomass; and (2) an additional 75 megawatts of installed capacity so generated by December 31, 2002.

Sec. 4. [EFFECTIVE DATE.]

Section 1 is effective January 1, 1995.

Sections 2 and 3 are effective the day following final enactment.

ARTICLE 4

MISCELLANEOUS

Section 1. Minnesota Statutes 1992, section 216A.03, is amended by adding a subdivision to read:

Subd. 6. [RECORD OF PROCEEDINGS.] An audio magnetic recording device shall be used to keep a record of all proceedings before the commission unless the commission provides a hearing reporter to record the proceeding.

Sec. 2. Minnesota Statutes 1992, section 216B.16, subdivision 8, is amended to read:

Subd. 8. [ADVERTISING EXPENSES.] The commission shall disapprove the portion of any rate which makes an allowance directly or indirectly for expenses incurred by a public utility to provide a public advertisement which:

(a) is designed to influence or has the effect of influencing public attitudes towards legislation or proposed legislation, or toward a rule, proposed rule, authorization or proposed authorization of the public utilities commission or other agency of government responsible for regulating a public utility;

(b) is designed to justify or otherwise support or defend a rate, proposed rate, practice or proposed practice of a public utility;

(c) is designed primarily to promote consumption of the services of the utility; ~~or~~

(d) is designed primarily to promote good will for the public utility or improve the utility's public image; or

(e) is designed to promote the use of nuclear power or to promote a nuclear waste storage facility.

The commission may approve a rate which makes an allowance for expenses incurred by a public utility to disseminate information which:

(a) is designed to encourage conservation of energy supplies;

(b) is designed to promote safety; or

(c) is designed to inform and educate customers as to financial services made available to them by the public utility.

The commission shall not withhold approval of a rate because it makes an allowance for expenses incurred by the utility to disseminate information about corporate affairs to its owners.

Sec. 3. Minnesota Statutes 1992, section 216B.16, is amended by adding a subdivision to read:

Subd. 14. [LOW-INCOME DISCOUNT ELECTRIC RATES.] A public utility shall provide a 50 percent electric rate discount on the first 300 kilowatt hours consumed in a billing period for a low-income residential customer. For the purposes of this subdivision, "low-income" means a customer who is receiving assistance from the federal low-income home energy assistance program. For the purposes of this subdivision, "public utility" includes only those public utilities with more than 200,000 residential electric service customers. The commission may issue orders necessary to implement, administer, and recover the discount rate program on a timely basis.

Sec. 4. Minnesota Statutes 1992, section 216B.241, is amended by adding a subdivision to read:

Subd. 1c. [ENERGY-SAVING GOALS.] The commissioner shall establish energy-savings goals for energy conservation improvement expenditures and shall evaluate an energy conservation improvement program on how well it meets the goals set.

Sec. 5. [EFFECTIVE DATE.]

Section 3 is effective January 1, 1995.

ARTICLE 5

ELECTRIC ENERGY TASK FORCE

Section 1. [216C.051] [LEGISLATIVE ELECTRIC ENERGY TASK FORCE.]

Subdivision 1. [FINDINGS.] The legislature finds that it needs more information on the future management of high-level radioactive waste, the costs of that management, and the technical and economic feasibility of utilizing alternative energy resources. Before any legislative determinations may be reasonably made that are more specific than the determinations made in this act, the legislature needs detailed, credible, and reliable information on these issues.

Subd. 2. [ESTABLISHMENT.] (a) There is established a legislative electric energy task force to study future electric energy sources and costs and to make recommendations for legislation for an environmentally and economically sustainable and advantageous electric energy supply.

(b) The task force consists of:

(1) eight members of the house of representatives including the chairs of the environment and natural resources and regulated industries and energy committees and six members to be appointed by the speaker of the house, two of whom must be from the minority caucus;

(2) eight members of the senate including the chairs of the environment and natural resources and jobs, energy, and community development committees and six members to be appointed by the subcommittee on committees, two of whom must be from the minority caucus.

(c) The task force may employ staff, contract for consulting services, and may reimburse the expenses of persons requested to assist it in its duties other than state employees or employees of electric utilities. The director of the legislative coordinating commission shall assist the task force in administrative matters. The task force shall elect co-chairs, one member of the house and one member of the senate from among the committee chairs named to the committee.

Subd. 3. [FUTURE ENERGY SOLUTIONS; TECHNICAL AND ECONOMIC ANALYSIS.] In light of the electric energy guidelines established in subdivision 7 and in light of existing conservation improvement programs and plans, utility resource plans, and other existing energy plans and analyses, the legislative task force on energy shall undertake an analysis of the technical and economic feasibility of an electric energy future for the state that relies on environmentally and economically sustainable and advantageous electric energy supply. The task force shall contract with one or more energy policy experts and energy economists to assist it in its analysis. The task force may not contract for service nor employ any person who was involved in any capacity in any portion of any proceeding before the public utilities commission, the administrative law judge, the state court of appeals, or the United States Nuclear Regulatory Commission related to the dry cask storage proposal on Prairie Island.

The analysis must address at least the following:

(1) to the best of forecasting abilities, how much electric generation capacity and demand for electric energy is necessary to maintain a strong economy and a high quality of life in the state over the next 15 to 20 years; how is this demand level affected by achievement of the maximum reasonably feasible and cost effective demand side management and generation and distribution efficiencies;

(2) what alternative forms of energy can provide a stable supply of energy and are producible and sustainable in the state and at what cost;

(3) what are the costs to the state and ratepayers to ensure that new electric energy generation utilizes less environmentally damaging sources; how do those costs change as the time frame for development and implementation of new generation sources is compressed;

(4) what are the implications for delivery systems for energy produced in areas of the state that do not now have high volume transmission capability; are new transmission technologies being developed that can address some of the concerns with transmission; can a more dispersed electric generation system lessen the need for long distance transmission;

(5) what are the actual costs and benefits of purchasing electricity and fuel to generate electricity from outside the state; what are the present costs to the state's economy of exporting a large percentage of the state's energy dollars and what is the future economic impact of continuing to do so;

(6) are there benefits to be had from a large immediate investment in quickly implementing alternative electric energy sources in terms of developing an exportable technology and/or commodity; is it feasible to turn around the flow of dollars for energy so that the state imports dollars and exports energy and energy technology; what is a reasonable time frame for the shift if it is possible;

(7) are there taxation or regulatory barriers to developing more sustainable and less problematic electric energy generation; what are they specifically and how can they be specifically addressed;

(8) can an approach be developed that moves quickly to development and implementation of alternative energy sources that can be forgiving of interim failures but that is also sufficiently deliberate to ensure ultimate success on a large scale;

(9) in what specific ways can the state assist regional energy suppliers accelerate phasing out energy production processes that produce wastes or emissions that must necessarily be carefully controlled and monitored to minimize adverse effects on the environment and human health and to assist in developing and implementing base load energy production that both prevents or minimizes by its nature adverse environmental and human health effects and utilizes resources that are available or producible in the state;

(10) whether there is a need to establish additional dislocated worker assistance for workers at the Prairie Island nuclear power plant; if so, how that assistance should be structured;

(11) can the state monitor, evaluate, and affect federal actions relating to permanent storage of high level radioactive waste; what actions by the state over what period of time would expedite federal action to take responsibility for the waste;

(12) should the state establish a legislative oversight commission on energy issues; should the responsibilities of an oversight commission be coordinated with the activities of the public utilities commission and the department of public service and if so, how; and

(13) is it feasible to convert existing nuclear power and coal-fired electric generating plants to utilization of energy sources that result in significantly less environmental damage; if so, what are the short-term and long-term costs and benefits of doing so; how do shorter or longer time periods for conversion affect the cost/benefit analysis.

Subd. 4. [RADIOACTIVE WASTE MANAGEMENT; FUTURE AND ECONOMIC ANALYSIS.] The legislative task force shall analyze the future of and the economic effects of the continued generation of electric power and radioactive waste at the Prairie Island nuclear power plant. The task force shall include in its report under subdivision 5, a specific discussion of:

(1) when radioactive waste will be removed from Prairie Island for permanent storage outside of the state, who will bear the costs of the future management of the radioactive waste generated by the Prairie Island nuclear generating plant; when that shift in responsibility is likely to occur; and to what extent utility ratepayers and shareholders and state taxpayers will be shielded from the costs to manage the waste in the future;

(2) the probability of an accident and the extent to which persons who may be at risk of personal injury or property damage due to foreseeable or unforeseeable catastrophic events that may allow the release of radioactivity from the nuclear power plant and associated activities could be fully compensated for the injuries or damage and by whom;

(3) a range of reasonable estimates of the costs to manage radioactive waste generated by the nuclear power plant under scenarios to be developed by the task force, ranging from monitoring the waste in the storage pool at Prairie Island to removal of waste from the state beginning in 1998 to permanent storage of the waste in the state; to the extent those costs will necessarily fall on present and future utility ratepayers and shareholders and state taxpayers, how to ensure they can be met without catastrophic disruption of the state's economy in the future; and whether funds should be set aside to ensure that present ratepayers pay the future costs of radioactive waste management based on volume of usage of electricity rather than on the rate structure of the utility;

(4) whether reprocessing and reuse of spent nuclear fuel generated by the Prairie Island nuclear generating plant is technically and economically feasible; if so, how to encourage development of reprocessing and reuse;

(5) whether emerging nuclear technologies, such as integral fast reactors, which can generate electricity without environmental damage while producing no or minimal radioactive waste, are economically feasible and practical electric energy alternatives in the foreseeable future and, if so, how to encourage and take advantage of such technologies;

(6) if the waste is likely to be removed from the state, whether technologies are likely to be economically feasible in the relatively near future for minimizing the handling of the waste and minimizing contamination of additional materials that will need special management prior to transport out of the state, including the availability of combination storage and transport containers;

(7) if the waste is unlikely to be removed from the state or if waste will need to be indefinitely stored outside the power plants after decommissioning, whether sites for storage of the waste outside the structure of the Prairie Island power plant potentially can be found that minimize economic and social disruption, maximize environmental, health, and safety protection, minimize transportation distance, and place the burden of storage of the waste on those communities that enjoy the immediate economic benefits of the existence and operation of the power plants; if potential sites exist, what process should be used to identify and utilize them if necessary; the entity that is searching for an alternative site within the state for the disposal of spent nuclear fuel from the Prairie Island nuclear generating plant, is seeking permits for the site, or is constructing the site shall report progress on those activities every six months to the task force commencing January 1, 1995;

(8) factors to be used in siting a high-level radioactive waste management facility to include at least:

(i) the proximity of the site to residents and businesses;

(ii) the proximity of the site to surface waters;

(iii) the vulnerability of the site to tornadoes and other natural phenomena;

(iv) the benefits received and the costs incurred by the host and adjacent communities due to operation of the nuclear generating facility that produced the high-level radioactive waste to be managed at the proposed facility;

(v) the benefits received and costs incurred by the host and adjacent communities due to operation of the proposed waste management facility; and

(vi) the availability of transportation routes between the nuclear generating plant and the proposed waste management facility; and

(9) federal law related to the interstate transportation of high-level radioactive waste and how that law may operate in relation to an independent spent fuel storage installation located in the state.

Subd. 5. [REPORT AND RECOMMENDATIONS.] (a) The legislative task force may contract with independent experts, none of whom can have been involved in any capacity in any of the proceedings before the public utilities commission, the administrative law judge, or the court of appeals related to dry cask storage at Prairie Island or in any proceedings related to the license for the facility granted by the United States Nuclear Regulatory Commission, to assist it with analysis of items and issues listed in subdivisions 3 and 4.

(b) The legislative task force shall convene a separate balanced group of experts in the fields of energy production and distribution and energy economics from within and without the state to include experts formerly or currently employed by the department of public service and/or the public utilities commission, an economist employed by the residential and small business division of the office of the attorney general, electric energy experts employed by utilities, experts from other states that have begun to implement policies for utilizing indigenous, sustainable energy sources, experts from public advocacy groups, and others to be determined by the task force. The task force shall request the group of experts to assist it in publicly examining and analyzing information received from the independent experts and in preparing the report required in paragraph (c).

(c) By January 15, 1996, the task force shall submit a report to the chairs of the committees in the house and in the senate that have responsibility for energy and for environmental and natural resources issues that contains an overview of plans and analyses that have been prepared, a critique of how those plans and analyses will assist in implementation of the energy conservation and sources for generation policies and goals in Minnesota Statutes, chapters 216B and 216C, and specific recommendations for legislative action that will ensure development and implementation of electric energy policy that will provide the state with adequate, sustainable, and economic electric power for the long term while utilizing, to the maximum reasonable extent, energy resources that are available or producible within the state and while developing, maintaining, and strengthening a viable and robust energy and utility infrastructure.

(d) By February 1, 1995, the task force shall submit to the chairs of the committees specified in paragraph (c), a preliminary report that provides:

(1) an overview of the current status of energy planning and implementation of those plans by state agencies and utilities, along with an analysis of the extent to which existing statutory energy policies and goals are being met for electric energy consumed in the state;

(2) an analysis of and any recommendations for adjustments to the specific targets set in section 1, subdivisions 4 and 5, relating to energy savings, electric generation sources for replacement and additional capacity needs, and development of wind and biomass energy sources; and

(3) as much information as the task force has been able to gather on future high-level radioactive waste management and transportation, including technologies and costs.

Subd. 6. [ASSESSMENT; APPROPRIATION.] On request by the co-chairs of the legislative task force and the director of the legislative coordinating commission, the commissioner of the department of public service shall assess from electric utilities, in addition to assessments made under Minnesota Statutes, section 216B.62, the amount requested for the studies and analysis required in subdivisions 3 and 4 and for operation of the task force not to exceed $350,000. The amount assessed under this section is appropriated to the director of the legislative coordinating commission for those purposes.

Subd. 7. [GUIDELINES; PREFERRED ELECTRIC GENERATION SOURCES; DEFINITIONS.] (a) The legislative task force on electric energy shall undertake its responsibilities in light of the guidelines specified in this subdivision.

(b) The highest priority in electric energy production and consumption is conservation of electric energy and management of demand by all segments of the community.

(c) The following energy sources for generating electric power distributed in the state, listed in their descending order of preference, based on minimizing long-term negative environmental, social, and economic burdens imposed by the specific energy sources, are:

(1) wind and solar;

(2) biomass and low-head or refurbished hydropower;

(3) decomposition gases produced by solid waste management facilities, natural gas-fired cogeneration, and waste materials or byproducts combined with natural gas;

(4) natural gas, hydropower that is not low-head or refurbished hydropower, and solid waste as a direct fuel or refuse-derived fuel; and

(5) coal and nuclear power.

(d) For the purposes of paragraph (c) within each clause, the more efficient an energy source is in generating electricity or the more efficient a technology is that utilizes an energy source, the more preferred it is for use in generating electricity for distribution and consumption in the state.

(e) For the purposes of paragraph (c), clauses (3) and (4), the use of waste materials and byproducts for generating electric power must be limited to those waste materials and byproducts that are necessarily generated or produced by efficient processes and systems. Preventing and minimizing waste and byproducts are preferred in every situation to relying on the continued generation or production of waste materials and byproducts.

(f) For the purposes of this section, "preferred" or "renewable" energy sources are those described in paragraph (c), clauses (1) to (3), and "subordinate" or "traditional" energy sources are those described in paragraph (c), clauses (4) and (5).

(g) For the purposes of this section:

(1) "biomass" means herbaceous crops, trees, agricultural waste, and aquatic plant matter, excluding mixed municipal solid waste, as defined in section 115A.03, used to generate electricity; and

(2) "low-head hydropower" means a hydropower facility that has a head of less than 66 feet.

Subd. 8. [SUBPOENA POWER.] The task force may issue a subpoena under Minnesota Statutes, section 3.153, to any person for production of information held by that person that is relevant to the work of the task force.

Subd. 9. [REPEALER.] This section is repealed June 30, 2000.

ARTICLE 6

ALTERNATIVE SITE

Section 1. [116C.80] [HIGH-LEVEL RADIOACTIVE WASTE; SPENT NUCLEAR FUEL STORAGE; ALTERNATIVE SITE.]

Subdivision 1. [DEFINITION; DRY CASK STORAGE FACILITY.] For the purposes of this section, "dry cask storage facility" or "facility" means a high-level radioactive waste facility that is located in Goodhue county but not on Prairie Island for storage of spent nuclear fuel produced by a nuclear reactor at the Prairie Island nuclear power generating plant.

Subd. 2. [CERTIFICATE OF SITE COMPARABILITY.] Prior to construction of a dry cask storage facility, the public utility that operates the nuclear power generating power plant at Prairie Island shall obtain a certificate from the environmental quality board that the site for the facility is comparable to the independent spent fuel storage facility site located on Prairie Island for which the public utilities commission granted a certificate of need in docket number E002/CN-91-91.

Subd. 3. [REVIEW BY THE BOARD.] The board shall review the siting procedures and considerations for siting large energy electric generating plants under sections 116C.51 to 116C.69 and rules adopted under those sections and shall adopt, by resolution, after a public comment period, those procedures, considerations, and rules it determines are necessary to designate a site for a dry cask storage facility and to issue a certificate of site comparability. The siting procedures and considerations must provide for an opportunity for all interested persons to participate."

(b) The production and marketing of nontraditional agricultural products are considered agricultural pursuits.

(c) Except as otherwise provided in law, the commissioner may adopt appropriate rules concerning health standards for nontraditional agriculture.

(d) Except as otherwise provided in law, the slaughter of all meat producing animals, fowl, or fish that are nontraditional agriculture intended for sale in commercial outlets must occur at an inspected slaughterhouse.

(e) Except as otherwise provided in law, it is the responsibility of an owner to take all reasonable actions to maintain the nontraditional agriculture on property owned or leased by the owner, including the construction of fences, enclosures, or other barriers, and housing of a suitable design.

(f) For purposes of this subdivision "nontraditional agriculture" and "nontraditional agricultural products" includes but is not limited to aquaculture as defined in section 17.47, subdivision 2, and the production of animals domesticated from wild stock, either native or nonnative, that are kept in confinement by the owner.

Sec. 3. Minnesota Statutes 1993 Supplement, section 41B.044, subdivision 2, is amended to read:

Subd. 2. [ETHANOL DEVELOPMENT FUND.] There is established in the state treasury an ethanol development fund. All repayments of financial assistance granted under subdivision 1, including principal and interest, must be deposited into this fund. Interest earned on money in the fund accrues to the fund, and money in the fund is appropriated to the commissioner of agriculture for purposes of the ethanol production facility loan program, including costs incurred by the authority to establish and administer the program.

Sec. 4. [41B.045] [VALUE-ADDED AGRICULTURAL PRODUCT LOAN PROGRAM.]

Subdivision 1. [DEFINITIONS.] For purposes of this section:

(1) "Agricultural product processing facility" means land, buildings, structures, fixtures, and improvements located or to be located in Minnesota and used or operated primarily for the processing or production of marketable products from agriculture crops, including waste and residues from agriculture crops, but not including livestock or livestock products, poultry or poultry products, or wood or wood products.

(2) "Value-added agricultural product" means a product derived from agricultural crops, including waste and residues from agricultural crops, but not including livestock or livestock products, poultry or poultry products, or wood or wood products, which are processed by an agricultural product processing facility.

All repayments of financial assistance granted under subdivision 2, including principal and interest, must be deposited into this fund. Interest earned on money in the fund accrues to the fund, and money in the fund is appropriated to the commissioner of agriculture for purposes of the value-added agricultural loan program, including costs incurred by the authority to establish and administer the program.

(b) No more than 95 percent of the purchase price of the stock may be financed under this program.

(c) Loans under this program must not be included in the lifetime limitation calculated under section 41B.03, subdivision 1.

(d) Security for stock loans must be the stock purchased, a personal note executed by the borrower, and whatever other security is required by the eligible lender or the authority.

(e) The authority may impose a reasonable nonrefundable application fee for each application for a stock loan. The authority may review the fee annually and make adjustments as necessary. The application fee is initially $50. Application fees received by the authority must be deposited in the value-added agricultural product revolving fund.

Subd. 6. [RULES.] The authority may adopt rules necessary for the administration of the program including rules which establish a minimum cost of any agricultural product processing facility for which financial assistance may be given to any farmer to help finance the purchase of stock in a cooperative.

Sec. 5. Minnesota Statutes 1993 Supplement, section 80A.15, subdivision 2, is amended to read:

Subd. 2. The following transactions are exempted from sections 80A.08 and 80A.16:

(a) Any sales, whether or not effected through a broker-dealer, provided that no person shall make more than ten sales of securities of the same issuer pursuant to this exemption during any period of 12 consecutive months; provided further, that in the case of sales by an issuer, except sales of securities registered under the Securities Act of 1933 or exempted by section 3(b) of that act, (1) the seller reasonably believes that all buyers are purchasing for investment, and (2) the securities are not advertised for sale to the general public in newspapers or other publications of general circulation or otherwise, or by radio, television, electronic means or similar communications media, or through a program of general solicitation by means of mail or telephone.

(b) Any nonissuer distribution of an outstanding security if (1) either Moody's, Fitch's, or Standard & Poor's Securities Manuals, or other recognized manuals approved by the commissioner contains the names of the issuer's officers and directors, a balance sheet of the issuer as of a date not more than 18 months prior to the date of the sale, and a profit and loss statement for the fiscal year preceding the date of the balance sheet, and (2) the issuer or its predecessor has been in active, continuous business operation for the five-year period next preceding the date of sale, and (3) if the security has a fixed maturity or fixed interest or dividend provision, the issuer has not, within the three preceding fiscal years, defaulted in payment of principal, interest, or dividends on the securities.

(c) The execution of any orders by a licensed broker-dealer for the purchase or sale of any security, pursuant to an unsolicited offer to purchase or sell; provided that the broker-dealer acts as agent for the purchaser or seller, and has no direct material interest in the sale or distribution of the security, receives no commission, profit, or other compensation from any source other than the purchaser and seller and delivers to the purchaser and seller written confirmation of the transaction which clearly itemizes the commission, or other compensation.

(d) Any nonissuer sale of notes or bonds secured by a mortgage lien if the entire mortgage, together with all notes or bonds secured thereby, is sold to a single purchaser at a single sale.

(e) Any judicial sale, exchange, or issuance of securities made pursuant to an order of a court of competent jurisdiction.

(f) The sale, by a pledge holder, of a security pledged in good faith as collateral for a bona fide debt.

(h) Any sales by an issuer to the number of persons that shall not exceed 25 persons in this state, or 35 persons if the sales are made in compliance with Regulation D promulgated by the Securities and Exchange Commission, Code of Federal Regulations, title 17, sections 230.501 to 230.506, (other than those designated in paragraph (a) or (g)), whether or not any of the purchasers is then present in this state, if (1) the issuer reasonably believes that all of the buyers in this state (other than those designated in clause (g)) are purchasing for investment, and (2) no commission or other remuneration is paid or given directly or indirectly for soliciting any prospective buyer in this state (other than those designated in clause (g)), except reasonable and customary commissions paid by the issuer to a broker-dealer licensed under this chapter, and (3) the issuer has, ten days prior to any sale pursuant to this paragraph, supplied the commissioner with a statement of issuer on forms prescribed by the commissioner, containing the following information: (i) the name and address of the issuer, and the date and state of its organization; (ii) the number of units, price per unit, and a description of the securities to be sold; (iii) the amount of commissions to be paid and the persons to whom they will be paid; (iv) the names of all officers, directors and persons owning five percent or more of the equity of the issuer; (v) a brief description of the intended use of proceeds; (vi) a description of all sales of securities made by the issuer within the six-month period next preceding the date of filing; and (vii) a copy of the investment letter, if any, intended to be used in connection with any sale. Sales that are made more than six months before the start of an offering made pursuant to this exemption or are made more than six months after completion of an offering made pursuant to this exemption will not be considered part of the offering, so long as during those six-month periods there are no sales of unregistered securities (other than those made pursuant to paragraph (a) or (g)) by or for the issuer that are of the same or similar class as those sold under this exemption. The commissioner may by rule or order as to any security or transaction or any type of security or transaction, withdraw or further condition this exemption, or increase the number of offers and sales permitted, or waive the conditions in clause (1), (2), or (3) with or without the substitution of a limitation or remuneration.

(i) Any offer (but not a sale) of a security for which a registration statement has been filed under sections 80A.01 to 80A.31, if no stop order or refusal order is in effect and no public proceeding or examination looking toward an order is pending; and any offer of a security if the sale of the security is or would be exempt under this section. The commissioner may by rule exempt offers (but not sales) of securities for which a registration statement has been filed as the commissioner deems appropriate, consistent with the purposes of sections 80A.01 to 80A.31.

(j) The offer and sale by a cooperative ~~association~~ organized under chapter 308A or under the laws of another state, of its securities when the securities are offered and sold only to its members, or when the purchase of the securities is necessary or incidental to establishing membership in ~~such association~~ the cooperative, or when such securities are issued as patronage dividends. (m) Any transaction between the issuer or other person on whose behalf the offering is made and an underwriter or among underwriters.

(n) The distribution by a corporation of its or other securities to its own security holders as a stock dividend or as a dividend from earnings or surplus or as a liquidating distribution; or upon conversion of an outstanding convertible security; or pursuant to a stock split or reverse stock split.

(o) Any offer or sale of securities by an affiliate of the issuer thereof if: (1) a registration statement is in effect with respect to securities of the same class of the issuer and (2) the offer or sale has been exempted from registration by rule or order of the commissioner.

(p) Any transaction pursuant to an offer to existing security holders of the issuer, including persons who at the time of the transaction are holders of convertible securities, nontransferable warrants, or transferable warrants exercisable within not more than 90 days of their issuance, if: (1) no commission or other remuneration (other than a standby commission) is paid or given directly or indirectly for soliciting any security holder in this state; and (2) the commissioner has been furnished with a general description of the transaction and with other information as the commissioner may by rule prescribe no less than ten days prior to the transaction.

Sec. 6. Minnesota Statutes 1992, section 180.03, is amended by adding a subdivision to read:

Subd. 5. Upon written notice to the county mine inspector, a person, firm, or corporation that is actively and exclusively engaged in the business of cold water aquaculture shall be exempt from the requirements of subdivision 3. The exemption shall only apply to those portions of idle or abandoned open pit mines that are actively being used for aquaculture operations and that are owned by the person, firm, or corporation. A landowner exempted assumes all responsibility for inspection and safety measures pertaining to the affected parcels of land and the county mine inspector is relieved of inspection requirements. The notice provided to the county mine inspector pursuant to this subdivision shall be annual and shall be filed with the county mine inspector's office by January 15 of each year. The notice shall describe the affected parcels of land and shall provide a sworn affidavit by the landowner that the subject property will be actively and exclusively used for aquaculture purposes during the calendar year. Failure to comply with the notice requirement of this subdivision makes the idle or abandoned open pit mines subject to the provisions of subdivision 3.

Sec. 7. Minnesota Statutes 1992, section 297A.25, is amended by adding a subdivision to read:

Subd. 53. [FARM MACHINERY.] From July 1, 1994, until June 30, 1995, the gross receipts from the sale of used farm machinery are exempt.

The commissioner shall issue an order containing best management standards of care for dogs and cats by dealers, commercial breeders, and brokers. These standards are not subject to chapter 14. The commissioner shall urge dealers, commercial breeders, and brokers to follow the standards issued in the order.

Sec. 9. [DOGS AND CATS; CARE RECOMMENDATIONS.]

The commissioner of agriculture shall make recommendations to the 1995 legislature on changes to statutory dog and cat care standards in relation to the commercial breeding and sale of dogs and cats. The commissioner shall recommend enacting into law standards that, if violated, are serious enough to warrant a civil or criminal penalty and shall also recommend changes in law to improve the ease of enforcement in Minnesota Statutes, sections 325F.79 to 325F.792, and other laws related to animal cruelty.

Sec. 10. Laws 1993, chapter 172, section 7, subdivision 3, is amended to read:

Subd. 2. [COMMISSIONER.] "Commissioner" means the commissioner of agriculture.

Subd. 3. [ELIGIBLE BORROWER.] "Eligible borrower" means a farmer or small business operator who applies to a participating lender for a loan and meets all qualifications established in section 12 and any further qualifications that may be announced by the commissioner.

Subd. 4. [FARMER.] "Farmer" means a state resident, a domestic family farm corporation, or a family farm partnership as defined in Minnesota Statutes, section 500.24, subdivision 2, operating a farm within the state.

Subd. 5. [FARM LOAN.] "Farm loan" means an original, extended, or renegotiated loan or line of credit obtained by a farmer from a lender for the purpose of financing the operations of a farm. A farm loan includes an open line of credit even though the maximum principal amount of the line of credit may not be drawn at any one time. A farm loan eligible for interest buy-down must have a maturity date of November 30, 1995, or earlier.

Subd. 6. [INTEREST BUY-DOWN.] "Interest buy-down" means a reduction in the effective interest rate on a farm loan or a small business loan to an eligible borrower due to partial payment of interest costs by the commissioner and partial reduction of interest costs by the participating lender.

Subd. 7. [LENDER.] "Lender" means a bank, credit union, or savings and loan association chartered by the state or federal government, a unit of the farm credit system, the Federal Deposit Insurance Corporation, or another financial institution approved by the commissioner.

Subd. 8. [PARTICIPATING LENDER.] "Participating lender" means a lender who has been granted participating lender status by the commissioner.

Subd. 9. [SMALL BUSINESS.] "Small business" means a business entity as defined in Minnesota Statutes, section 645.445, with its principal place of business in Minnesota.

Subd. 10. [SMALL BUSINESS LOAN.] "Small business loan" means an original, extended, or renegotiated loan or line of credit obtained by a small business for purposes of financing the operations of a small business. A small business loan eligible for interest buy-down must have a maturity date of November 30, 1995, or earlier.

Sec. 12. [ELIGIBILITY; FARM LOAN.]

A farmer is eligible for the farm loan interest buy-down program under this article if a participating lender determines that the farmer meets the criteria in this section.

(a) The farmer suffered significant losses during 1993 from a natural disaster and the farm operation faces economic stress without the assistance of the farm loan interest buy-down program. A determination of significant loss and economic stress by a lender is deemed reasonable and accurate without further audit or substantiation.

(b) The farmer has a reasonable opportunity for long-term financial viability in the farmer's current farm operation. A determination of financial viability by a lender is deemed to be reasonable and accurate without further audit or substantiation.

Sec. 13. [ELIGIBILITY; SMALL BUSINESS LOAN.]

A small business is eligible for the small business loan interest buy-down program if a participating lender determines that the small business meets the criteria in this section.

(a) The small business suffered significant losses during 1993 from a natural disaster and the small business faces economic stress without the assistance of the small business loan interest buy-down program. A determination of significant loss and economic stress by a lender is deemed reasonable and accurate without further audit or substantiation.

(b) The small business has a reasonable opportunity for long-term financial viability in the small business's current operation. A determination of financial viability by a lender is deemed to be reasonable and accurate without further audit or substantiation.

Sec. 14. [LENDER ELIGIBILITY; OBLIGATIONS; TIMELY APPLICATION.]

Subdivision 1. [ELIGIBLE PARTICIPATING LENDER STATUS.] A lender who meets the requirements established by the commissioner must be approved as a participating lender.

Subd. 2. [RECEIPT OF APPLICATIONS FOR INTEREST BUY-DOWN.] A participating lender shall receive and evaluate loan applications from a farmer or small business. An eligible borrower must complete a loan application with a participating lender before December 31, 1994. In determining whether to make a farm or small business loan, the participating lender may use criteria in addition to those in sections 12 and 13.

Subd. 3. [MAXIMUM INTEREST RATE.] To qualify for interest buy-down payments, a participating lender shall offer to make a farm or small business loan to an eligible borrower at a rate of interest equivalent to that offered to other borrowers having similar security and financial status, less the lender's contribution under the program. The commissioner, in cooperation with the commissioner of commerce, may use appropriate means to verify that the interest rate available to an eligible borrower is substantially the same as that available to other borrowers.

Subd. 4. [PRIORITY.] Properly completed applications for the interest buy-down program take priority in the order they are received by the commissioner.

Sec. 15. [RESPONSIBILITIES OF COMMISSIONER.]

Subdivision 1. [ANNOUNCEMENT OF PROGRAM PROCEDURES.] Within 30 days after the effective date of sections 11 to 18, the commissioner shall announce procedures for the interest buy-down program.

Subd. 2. [PREPARATION AND DISTRIBUTION OF LENDER PARTICIPATION FORMS.] The commissioner, in cooperation with the commissioner of commerce, shall prepare and distribute forms and instructions, including forms for the statement required under section 18, to all lenders in the state.

Subd. 3. [APPROVAL OF APPLICATIONS FOR INTEREST BUY-DOWN PAYMENT.] (a) The commissioner shall review, within five working days of submission by a participating lender, a properly completed application for interest buy-down payments on a farm or small business loan. If a participating lender does not receive written notice that the commissioner has denied interest buy-down payments within seven working days, the borrower is an eligible borrower and interest buy-down payments on the farm or small business loan are approved by the commissioner.

(b) All applications received by the commissioner after appropriated interest buy-down program funds have been encumbered, plus an amount anticipated to become available because of loans that may be retired early, must be returned immediately to the lender with an explanation that participation in the interest buy-down program is denied due to prior commitment of available program funds.

Subd. 4. [BUY-DOWN PAYMENTS TO PARTICIPATING LENDERS.] Within 60 days after a request by a participating lender, the commissioner shall pay to the participating lender one-half of the expected interest buy-down amount. The balance of the state contribution must be paid by the commissioner to the participating lender within 30 days after the loan matures or is repaid in full and the request is submitted by the participating lender. All interest buy-down payments under this article must be made by joint-payee checks in the name of the participating lender and the eligible borrower.

Sec. 16. [STATE CONTRIBUTION; MAXIMUM LOAN.]

The commissioner shall pay to a participating lender for the first $50,000 of an approved farm or small business loan made to an eligible borrower an amount equal to an annual rate of three percent interest on the loan, but the payment may not exceed $2,250 per farm or small business loan.

Sec. 17. [LENDER CONTRIBUTION.]

A participating lender shall provide a reduction in interest rate for the first $50,000 of an approved farm or small business loan made to an eligible borrower in an amount equal to an annual rate of at least one-half of one percent interest on the loan.

Sec. 18. [BORROWER STATEMENT.]

No person may receive a farm or small business loan under sections 11 to 18 until the person has signed a statement acknowledging that the relief provided in the interest buy-down program is a form of government spending that has been made available to the person through the collection of taxes. The commissioner must retain a copy of the statement from each recipient.

Sec. 19. [APPROPRIATION; INTEREST BUY-DOWN.]

(a) 5,000,000 is appropriated from the general fund to the commissioner of agriculture for the interest buy-down program in sections 11 to 18. Any unencumbered balance remaining on July 1, 1995, does not cancel but is transferred to and becomes additional funding for the emergency job creation program in section 22. Not more than $200,000 of this appropriation may be used by the commissioner for program administrative costs.

(b) The commissioner shall not approve an application for a loan under the interest buy-down program after the appropriation for the program, plus an amount anticipated to become available because of loans that may be retired early, has been fully committed.

Sec. 20. [APPROPRIATION; GRAIN GRADING AND TESTING EQUIPMENT; PILOT CHECK-TEST PROGRAM.]

(a) $250,000 is appropriated from the general fund to the commissioner of agriculture as supplemental funding for activities of the grain inspection and weighing programs of the department. The additional funding is for a thorough, properly documented, review of the accuracy of equipment used by country elevators to test grain for determination of price. The sample selection, equipment testing, and analytical procedures must be performed using commonly accepted protocols. Tolerances to be used for determination of a re-test are those adopted in rule pursuant to Minnesota Statutes, section 17B.041.

(b) The pilot check-testing program must be conducted throughout the agricultural areas of the state at country elevators selected by the commissioner. Country elevators in the selected counties must undergo check-testing an average of four times per year, including both peak harvest periods and nonharvest periods. Check-testing must include all grains the elevator handles in significant quantity.

(c) Not later than February 15, 1996, the commissioner shall report to the committees of the Minnesota senate and house of representatives on the activities and findings of the pilot check-test program, along with recommendations for ways to assure increased accuracy in grain testing.

(d) This appropriation is available until December 31, 1995.

Sec. 21. [APPROPRIATION; FEDERAL EMERGENCY MANAGEMENT ASSISTANCE MATCH.]

$2,908,000 is appropriated from the general fund to the commissioner of public safety to provide matching funds for federal emergency management assistance funds received in flood damaged counties in 1993.

Sec. 22. [APPROPRIATION; EMERGENCY JOB CREATION; DEPARTMENT OF JOBS AND TRAINING.]

$2,000,000 is appropriated from the general fund to the commissioner of jobs and training to supplement the federal emergency job creation program. This appropriation is available when federal funding for the emergency job creation program in Minnesota is exhausted. The commissioner may allow projects that would not have been funded by the federal government in order to fund public projects, employing flood victims, that are not necessarily related to flood damage, but which local governments are unable to undertake because of flood expenses. The commissioner may also fund the leasing or other use of specialized equipment and services for projects undertaken with this appropriation. This appropriation is available until August 31, 1995.

Sec. 23. [APPROPRIATION; WHEAT SCAB RESEARCH.]

$477,000 is appropriated from the general fund to the University of Minnesota for the fiscal biennium ending June 30, 1995, for research into the problem of wheat scab (vomitoxin) in Minnesota. The research should be designed to minimize the adverse effects of future wheat scab infestations in the short term while seeking to fully eliminate the problem in the long term.

Sec. 24. [APPROPRIATION; FARM ADVOCATES.]

Section 1. Minnesota Statutes 1993 Supplement, section 16A.152, subdivision 2, is amended to read:

Subd. 2. [ADDITIONAL REVENUES; PRIORITY.] If on the basis of a forecast of general fund revenues and expenditures the commissioner of finance determines that there will be a positive unrestricted budgetary general fund balance at the close of the biennium, the commissioner of finance must allocate money to the budget reserve and cash flow account until the total amount in the account equals five percent of total general fund appropriations for the current biennium as established by the most recent legislative session. Beginning July 1, 1993, forecast unrestricted budgetary general fund balances are first appropriated to restore the budget reserve and cash flow account to $500,000,000 and then to reduce the property tax levy recognition percent under section 121.904, subdivision 4a, to zero before money is allocated to the budget reserve and cash flow account under the preceding sentence. $180,000,000 of the budget reserve and cash flow account shall be dedicated to elementary and secondary education.

The amounts necessary to meet the requirements of this section are appropriated from the general fund.

Sec. 2. Minnesota Statutes 1993 Supplement, section 121.904, subdivision 4a, is amended to read:

(3) ~~50.0~~ 37.4 percent for fiscal year 1994 and thereafter of the amount of the levy certified in the prior calendar year, plus or minus auditor's adjustments, not including levy portions that are assumed by the state, which remains after subtracting, by fund, the amounts levied for the following purposes:

Sec. 15. Minnesota Statutes 1993 Supplement, section 124A.029, subdivision 4, is amended to read:

Subd. 4. [PER PUPIL REVENUE OPTION.] A district may, by school board resolution, request that the department convert the levy authority under section 124.912, subdivisions 2 and 3, or its current referendum revenue, excluding authority based on a dollar amount, authorized before July 1, 1993, to an allowance per pupil. The district must adopt a resolution and submit a copy of the resolution to the department by July 1, 1993. The department shall convert a district's revenue for fiscal year 1995 and later years as follows: the revenue allowance equals the amount determined by dividing the district's maximum revenue under section 124A.03 or 124.912, subdivisions 2 and 3, for fiscal year 1994 by the district's 1993-1994 actual pupil units. A district's maximum revenue for all later years for which the revenue is authorized equals the revenue allowance times the district's actual pupil units for that year. If a district has referendum authority under section 124A.03 and levy authority under section 124.912, subdivisions 2 and 3, and the district requests that each be converted, the department shall convert separate revenue allowances for each. However, if a district's referendum revenue is limited to a dollar amount, the maximum revenue under section 124A.03 must not exceed that dollar amount. If the referendum authority of a district is converted according to this subdivision, ~~the authority expires June 30, 1997, unless it is scheduled to expire sooner~~ and the question on the referendum ballot did not provide for an expiration date, the authority shall expire according to section 124A.0311.

Sec. 16. Minnesota Statutes 1993 Supplement, section 124A.03, subdivision 1c, is amended to read:

Subd. 1c. [REFERENDUM ALLOWANCE LIMIT.] ~~(a)~~ Notwithstanding subdivision 1b, a district's referendum allowance must not exceed the greater of:

(1) the district's referendum allowance for fiscal year 1994; or

(2) 25 percent of the formula allowance for fiscal year 1995 and later.

~~(b) The allowance calculated in paragraph (a) must be reduced by the amount of the referendum allowance reduction computed in subdivision 3b.~~

Sec. 17. Minnesota Statutes 1993 Supplement, section 124A.03, subdivision 2, is amended to read:

Subd. 2. [REFERENDUM REVENUE.] (a) The revenue authorized by section 124A.22, subdivision 1, may be increased in the amount approved by the voters of the district at a referendum called for the purpose. The referendum may be called by the school board or shall be called by the school board upon written petition of qualified voters of the district. The referendum shall be conducted during the calendar year before the increased levy authority, if approved, first becomes payable. Only one election to approve an increase may be held in a calendar year. Unless the referendum is conducted by mail under paragraph (g), the referendum must be held on the first Tuesday after the first Monday in November. The ballot shall state the maximum amount of the increased revenue per actual pupil unit, the estimated referendum tax rate as a percentage of market value in the first year it is to be levied, and that the revenue shall be used to finance school operations. The ballot may state that existing referendum levy authority is expiring. In this case, the ballot may also compare the proposed levy authority to the existing expiring levy authority, and express the proposed increase as the amount, if any, over the expiring referendum levy authority. The ballot shall designate the specific number of years, not to exceed ~~five~~ ten, for which the referendum authorization shall apply. The ballot may contain a textual portion with the information required in this subdivision and a question stating substantially the following:

"Shall the increase in the revenue proposed by (petition to) the board of ....., School District No. .., be approved?"

If approved, an amount equal to the approved revenue per actual pupil unit times the actual pupil units for the school year beginning in the year after the levy is certified shall be authorized for certification for the number of years approved, if applicable, or until revoked or reduced by the voters of the district at a subsequent referendum.

(b) The school board shall prepare and deliver by first class mail at least 15 days but no more than 30 days prior to the day of the referendum to each taxpayer a notice of the referendum and the proposed revenue increase. The school board need not mail more than one notice to any taxpayer. For the purpose of giving mailed notice under this subdivision, owners shall be those shown to be owners on the records of the county auditor or, in any county where tax statements are mailed by the county treasurer, on the records of the county treasurer. Every property owner whose name does not appear on the records of the county auditor or the county treasurer shall be deemed to have waived this mailed notice unless the owner has requested in writing that the county auditor or county treasurer, as the case may be, include the name on the records for this purpose. The notice must project the anticipated amount of tax increase in annual dollars and annual percentage for typical residential homesteads, agricultural homesteads, apartments, and commercial-industrial property within the school district.

The notice for a referendum may state that an existing referendum levy is expiring and project the anticipated amount of increase over the existing referendum levy, if any, in annual dollars and annual percentage for typical residential homesteads, agricultural homesteads, apartments, and commercial-industrial property within the school district.

The notice must include the following statement: "Passage of this referendum will result in an increase in your property taxes."

(c) A referendum on the question of revoking or reducing the increased revenue amount authorized pursuant to paragraph (a) may be called by the school board and shall be called by the school board upon the written petition of qualified voters of the district. A referendum to revoke or reduce the levy amount must be based upon the dollar amount, local tax rate, or amount per actual pupil unit, that was stated to be the basis for the initial authorization. Revenue approved by the voters of the district pursuant to paragraph (a) must be received at least once before it is subject to a referendum on its revocation or reduction for subsequent years. Only one revocation or reduction referendum may be held to revoke or reduce referendum revenue for any specific year and for years thereafter.

(d) A petition authorized by paragraph (a) or (c) shall be effective if signed by a number of qualified voters in excess of 15 percent of the registered voters of the school district on the day the petition is filed with the school board. A referendum invoked by petition shall be held on the date specified in paragraph (a).

(e) The approval of 50 percent plus one of those voting on the question is required to pass a referendum authorized by this subdivision.

(f) At least 15 days prior to the day of the referendum, the district shall submit a copy of the notice required under paragraph (b) to the commissioner of education. Within 15 days after the results of the referendum have been certified by the school board, or in the case of a recount, the certification of the results of the recount by the canvassing board, the district shall notify the commissioner of education of the results of the referendum.

(g) Any referendum under this section held on a day other than the first Tuesday after the first Monday in November must be conducted by mail in accordance with section 204B.46. Notwithstanding paragraph (b) to the contrary, in the case of a referendum conducted by mail under this paragraph, the notice required by paragraph (b) shall be prepared and delivered by first class mail at least 20 days before the referendum.

Sec. 18. Minnesota Statutes 1992, section 124A.03, subdivision 2a, is amended to read:

Subd. 2a. [SCHOOL REFERENDUM LEVY; MARKET VALUE.] Notwithstanding the provisions of subdivision 2, a school referendum levy approved after November 1, 1992, for taxes payable in 1993 and thereafter, shall be levied against the referendum market value of all taxable property as defined in section 124A.02, subdivision 3b. Any referendum levy amount subject to the requirements of this subdivision shall be certified separately to the county auditor under section 275.07.

All other provisions of subdivision 2 that do not conflict with this subdivision shall apply to referendum levies under this subdivision.

Sec. 19. Minnesota Statutes 1993 Supplement, section 124A.03, subdivision 3b, is amended to read:

Subd. 3b. [REFERENDUM ALLOWANCE REDUCTION.] A district's referendum allowance under subdivision 1c is reduced by the amounts calculated in paragraphs (a), (b), ~~and~~ (c), and (d).

(a) The referendum allowance reduction equals the amount by which a district's supplemental revenue reduction exceeds the district's supplemental revenue allowance for fiscal year 1993.

(b) Notwithstanding paragraph (a), if a district's initial referendum allowance is less than ten percent of the formula allowance for that year, the reduction equals the lesser of (1) an amount equal to $100, or (2) the amount calculated in paragraph (a).

(c) Notwithstanding paragraph (a) or (b), a school district's referendum allowance reduction equals (1) an amount equal to $100, times (2) one minus the ratio of 20 percent of the formula allowance minus the district's initial referendum allowance limit to 20 percent of the formula allowance for that year if:

(i) the district's adjusted net tax capacity for assessment year 1992 per actual pupil unit for fiscal year 1995 is less than $3,000;

(ii) the district's net unappropriated operating fund balance as of June 30, 1993, divided by the actual pupil units for fiscal year 1995 is less than $200;

(iii) the district's supplemental revenue allowance for fiscal year 1993 is equal to zero; and

(iv) the district's initial referendum revenue authority for the current year divided by the district's net tax capacity for assessment year 1992 is greater than ten percent.

(d) Notwithstanding paragraph (a), (b), or (c), the referendum revenue reduction for a newly reorganized district is computed as follows:

(1) for a newly reorganized district created effective July 1, 1994, the referendum revenue reduction equals the lesser of the amount calculated for the combined district under paragraph (a), (b), or (c), or the sum of the amounts by which each of the reorganizing district's supplemental revenue reduction exceeds its respective supplemental revenue allowances calculated for the districts as if they were still in existence for fiscal year 1995; or

(2) for a newly reorganized district created after July 1, 1994, the referendum revenue reduction equals the lesser of the amount calculated for the combined district under paragraph (a), (b), or (c), or the sum of the amounts by which each of the reorganizing district's supplemental revenue reduction exceeds its respective supplemental revenue allowances calculated for the year preceding the year of reorganization.

Sec. 20. [124A.0311] [REFERENDUM AUTHORITY.]

Subdivision 1. [EXPIRATION.] Unless scheduled to expire sooner, a referendum levy authorized under section 124A.03 expires July 1, 2000. This subdivision does not apply to a referendum levy that is authorized for ten or fewer years and that is levied against the referendum market value of all taxable property located within the school district.

Subd. 2. [CONVERSION TO MARKET VALUE.] (a) Prior to June 1, 1997, by June 1 of each year, a school board may, by resolution of a majority of its board, convert any remaining portion of its referendum authority under section 124A.03, subdivision 2, that is authorized to be levied against net tax capacity to referendum authority that is authorized to be levied against the referendum market value of all taxable property located within the school district. At the option of the school board, any remaining portion of its referendum authority may be converted in two or more parts at separate times. The board must notify the commissioner of education of the amount of referendum authority that has been converted from net tax capacity to referendum market value, if any, by June 15, of each year. The maximum length of a referendum converted under this paragraph is ten years.

(b) For referendum levy amounts converted between June 1, 1997, and June 1, 1998, all other conditions of this subdivision apply except that the maximum length of the referendum is limited to seven years.

(c) For referendum levy amounts converted between June 1, 1998, and June 1, 1999, all other conditions of this subdivision apply except that the maximum length of the referendum is limited to six years.

(d) For referendum levy amounts converted between June 1, 1999, and June 1, 2000, all other conditions of this subdivision apply except that the maximum length of the referendum is limited to five years.

Subd. 3. [ALTERNATIVE CONVERSION.] A school district that has a referendum that is levied against net tax capacity that expires before taxes payable in 1998 may convert its referendum authority according to this subdivision. In the payable year prior to the year of expiration, the school board may authorize a referendum under section 124A.03. Notwithstanding any other law to the contrary, the district may propose, and if approved by its electors, have its referendum authority reauthorized in part on tax capacity and in part on market value according to a schedule adopted by resolution of the school board for years prior to taxes payable in 2001, provided that, for taxes payable in 2001 and later, the full amount of referendum authority is levied against market value. If the full amount of the referendum is reauthorized on market value prior to taxes payable in 1998, the referendum may extend for 10 years. If the referendum becomes fully reauthorized on market value for a later year, the referendum shall not extend for more than the maximum number of years allowed under subdivision 2.

Subd. 4. [REFERENDUM.] The school board must prepare and publish in the official legal newspaper of the school district a notice of the public meeting on the district's intent to convert any portion of its referendum levy to market value not less than 30 days before the scheduled date of the meeting. The resolution converting a portion of the district's referendum levy to referendum market value becomes final unless within 30 days after the meeting where the resolution was adopted a petition requesting an election signed by a number of people residing in the district equal to 15 percent of the number of people who voted in the last general election in the school district is filed with the recording officer. If a petition is filed, then the school board resolution has no effect and the amount of referendum revenue authority specified in the resolution cancels for taxes payable in the following year and thereafter. The school board shall schedule a referendum under section 124A.03, subdivision 2.

Sec. 21. Minnesota Statutes 1992, section 124A.22, subdivision 2a, is amended to read:

Subd. 2a. [CONTRACT DEADLINE AND PENALTY.] (a) The following definitions apply to this subdivision:

(1) "Public employer" means:

(i) a school district; and

(ii) a public employer, as defined by section 179A.03, subdivision 15, other than a school district that (i) negotiates a contract under chapter 179A with teachers, and (ii) is established by, receives state money, or levies under chapters 120 to 129, or 136D, or 268A, or section 136C.411.

(2) "Teacher" means a person, other than a superintendent or assistant superintendent, principal, assistant principal, or a supervisor or confidential employee who occupies a position for which the person must be licensed by the board of teaching, state board of education, or state board of technical colleges.

(b) Notwithstanding any law to the contrary, a public employer and the exclusive representative of the teachers shall both sign a collective bargaining agreement on or before January 15 of an even-numbered calendar year. If a collective bargaining agreement is not signed by that date, state aid paid to the public employer for that fiscal year shall be reduced. However, state aid shall not be reduced if:

(1) a public employer and the exclusive representative of the teachers have submitted all unresolved contract items to interest arbitration according to section 179A.16 before December 31 of an odd-numbered year and filed required final positions on all unresolved items with the commissioner of mediation services before January 15 of an even-numbered year; and

(2) the arbitration panel has issued its decision within 60 days after the date the final positions were filed.

(c)(1) For a district that reorganizes according to section 122.22 ~~or~~, 122.23, or 122.241 to 122.248 effective July 1 of an odd-numbered year, state aid shall not be reduced according to this subdivision if the school board and the exclusive representative of the teachers both sign a collective bargaining agreement on or before the March 15 following the effective date of reorganization. ~~This extension is available only in the calendar year following the effective date of reorganization.~~

(2) For a district that jointly negotiates a contract prior to the effective date of reorganization under section 122.22, 122.23, or 122.241 to 122.248 that, for the first time, includes teachers in all districts to be reorganized, state aid shall not be reduced according to this subdivision if the school board and the exclusive representative of the teachers sign a collective bargaining agreement on or before the March 15 following the expiration of the teacher contracts in each district involved in the joint negotiation.

(3) Only one extension of the contract deadline is available to a district under this paragraph.

(d) The reduction shall equal $25 times the number of actual pupil units:

(1) for a school district, that are in the district during that fiscal year; or

(2) for a public employer other than a school district, that are in programs provided by the employer during the preceding fiscal year.

The department of education shall determine the number of full-time equivalent actual pupil units in the programs. The department of education shall reduce general education aid; if general education aid is insufficient or not paid, the department shall reduce other state aids.

(e) Reductions from aid to school districts and public employers other than school districts shall be returned to the general fund.

Sec. 22. Minnesota Statutes 1993 Supplement, section 124A.22, subdivision 5, is amended to read:

Subd. 5. [DEFINITIONS.] The definitions in this subdivision apply only to subdivisions 6 and 6a.

(a) "High school" means a secondary school that has pupils enrolled in at least the 10th, 11th, and 12th grades. If there is no secondary school in the district that has pupils enrolled in at least the 10th, 11th, and 12th grades, and the school is at least 19 miles from the next nearest school, the commissioner shall designate one school in the district as a high school for the purposes of this section.

(b) "Secondary average daily membership" means, for a district that has only one high school, the average daily membership of resident pupils in grades 7 through 12. For a district that has more than one high school, "secondary average daily membership" for each high school means the product of the average daily membership of resident pupils in grades 7 through 12 in the high school, times the ratio of six to the number of grades in the high school.

(c) "Attendance area" means the total surface area of the district, in square miles, divided by the number of high schools in the district. For a district that does not operate a high school and is less than 19 miles from the nearest operating high school, the attendance area equals zero.

(d) "Isolation index" for a high school means the square root of ~~one-half~~ 55 percent of the attendance area plus the distance in miles, according to the usually traveled routes, between the high school and the nearest high school. For a district in which there is located land defined in section 84A.01, 84A.20, or 84A.31, the distance in miles is the sum of:

(1) the square root of one-half of the attendance area; and

(2) the distance from the border of the district to the nearest high school.

(e) "Qualifying high school" means a high school that has an isolation index greater than 23 and that has secondary average daily membership of less than 400.

(f) "Qualifying elementary school" means an elementary school that is located 19 miles or more from the nearest elementary school or from the nearest elementary school within the district and, in either case, has an elementary average daily membership of an average of 20 or fewer per grade.

(g) "Elementary average daily membership" means, for a district that has only one elementary school, the average daily membership of resident pupils in kindergarten through grade 6. For a district that has more than one elementary school, "average daily membership" for each school means the average daily membership of kindergarten through grade 6 multiplied by the ratio of seven to the number of grades in the elementary school. For a building in a district where the nearest elementary school is at least 65 miles distant, pupils served shall be used to determine average daily membership.

Sec. 23. Minnesota Statutes 1993 Supplement, section 124A.22, subdivision 6, is amended to read:

Subd. 6. [SECONDARY SPARSITY REVENUE.] (a) A district's secondary sparsity revenue for a school year equals the sum of the results of the following calculation for each qualifying high school in the district:

(1) the formula allowance for the school year, multiplied by

(2) the secondary average daily membership of the high school, multiplied by

(3) the quotient obtained by dividing 400 minus the secondary average daily membership by 400 plus the secondary daily membership, multiplied by

(4) the lesser of ~~one~~ 1.5 or the quotient obtained by dividing the isolation index minus 23 by ten.

(b) A newly formed school district that is the result of districts combining under the cooperation and combination program or consolidating under section 122.23 shall receive secondary sparsity revenue equal to the greater of: (1) the amount calculated under paragraph (a) for the combined district; or (2) the sum of the amounts of secondary sparsity revenue the former school districts had in the year prior to consolidation, increased for any subsequent changes in the secondary sparsity formula.

Sec. 24. Minnesota Statutes 1993 Supplement, section 124A.22, subdivision 8, is amended to read:

Subd. 8. [SUPPLEMENTAL REVENUE.] (a) A district's supplemental revenue allowance for fiscal year 1994 and later fiscal years equals the district's supplemental revenue for fiscal year 1993 divided by the district's 1992-1993 actual pupil units.

(b) A district's supplemental revenue allowance is reduced for fiscal year 1995 and later according to subdivision 9.

(c) A district's supplemental revenue equals the supplemental revenue allowance, if any, times its actual pupil units for that year.

(d) A school district may cancel its supplemental revenue by notifying the commissioner of education prior to June 30, 1994. A school district that is reorganizing under section 122.22, 122.23, or 122.241 may cancel its supplemental revenue by notifying the commissioner of education prior to July 1 of the year of the reorganization. If a district cancels its supplemental revenue according to this paragraph, its supplemental revenue allowance for fiscal year 1993 for purposes of subdivision 9 and section 124A.03, subdivision 3b, equals zero.

Sec. 25. Minnesota Statutes 1993 Supplement, section 124A.225, subdivision 1, is amended to read:

Subdivision 1. [REVENUE.] ~~(a)~~ Of a district's general education revenue an amount equal to the sum of the number of elementary ~~pupil units~~ pupils in average daily membership defined in section 124.17, subdivision 1, clause (f) and one-half of the number of kindergarten ~~pupil units~~ pupils in average daily membership as defined in section 124.17, subdivision 1, clause (e), times .03 for fiscal year 1994 and .06 for fiscal year 1995 and thereafter times the formula allowance must be reserved according to this section.

~~(b) For fiscal year 1995, a district must reserve an additional amount equal to the greater of~~

~~(i) $0, or~~

~~(ii) $100 minus the sum of the reduction for supplemental revenue under section 124A.22, subdivision 9, and the reduction for referendum revenue under section 124A.03, subdivision 3b, times the district's actual pupil units times the ratio of the district's elementary average daily membership to the district's average daily membership according to this section. The revenue must be placed in a learning and development reserved account and may only be used according to this section.~~

~~(c) The ratio in paragraph (a) for fiscal year 1995 is adjusted by adding an amount equal to the ratio of the difference between the formula allowance for fiscal year 1995 minus 3,150 to 10,000.~~

Sec. 26. Minnesota Statutes 1993 Supplement, section 124A.23, subdivision 1, is amended to read:

Subdivision 1. [GENERAL EDUCATION TAX RATE.] The commissioner shall establish the general education tax rate by July 1 of each year for levies payable in the following year. The general education tax capacity rate shall be a rate, rounded up to the nearest tenth of a percent, that, when applied to the adjusted net tax capacity for all districts, raises the amount specified in this subdivision. The general education tax rate shall be the rate that raises ~~$969,800,000 for fiscal year 1994,~~ $1,044,000,000 for fiscal year 1995 and $1,054,000,000 for fiscal year 1996 and later fiscal years. The general education tax rate may not be changed due to changes or corrections made to a district's adjusted net tax capacity after the tax rate has been established.

Sec. 27. Minnesota Statutes 1992, sections 124A.26, is amended by adding a subdivision to read:

Subd. 5. [ALLOCATION AMONG ACCOUNTS.] The district must apportion any fund balance reduction under this section among all reserved and unreserved fund balance accounts included in the net unappropriated operating fund balance in the proportion that each account bears to the total.

Sec. 28. Minnesota Statutes 1992, section 124A.28, is amended by adding a subdivision to read:

Subd. 1a. [BUILDING ALLOCATION.] A district must consider the concentration of children from low-income families in each school building in the district when allocating compensatory revenue.

Sec. 29. Laws 1993, chapter 224, article 1, section 38, is amended to read:

Sec. 38. [TAX CREDIT ADJUSTMENT.]

Prior to the computation of homestead and agricultural aid for taxes payable in 1994, the commissioner of revenue shall reduce a school district's homestead and agricultural aid by an amount equal to the homestead and agricultural aid for calendar year 1993 times the ratio of referendum levy certified for 1993 to the certified unequalized levies for 1993. The department of education shall determine the change in referendum levies payable in 1994 attributable to this section and the increase in equalization under sections 8 and 9. Notwithstanding any law to the contrary, a district may recognize ~~revenue~~ an additional amount as the levy certified in the prior calendar year equal to ~~one-half~~ 37.4 percent for fiscal year 1994 and thereafter of the levy reduction in the fiscal year the levy is certified and each year thereafter. No aids shall be reduced as a result of this recognition.

Sec. 30. Laws 1993, chapter 224, article 15, section 2, is amended to read:

Sec. 2. [DECLINING PUPIL UNIT AID.]

(a) For fiscal year 1994 only, a school district is eligible for declining pupil unit aid equal to the greater of zero or the result of the following computation:

(1) add 77 percent of the district's actual pupil units for fiscal year 1994 and 23 percent of the district's actual pupil units for fiscal year 1993;

(2) subtract from the amount calculated in clause (1) the district's actual pupil units for fiscal year 1994; and

(3) multiply the amount determined in clause (2) by the basic formula allowance for that year.

(b) The aid amount calculated under paragraph (a) is available from the general education appropriation under article 1, section 41, subdivision 2, to the department of education for payment of declining pupil unit aid.

(c) For the purposes of this section, pursuant to Minnesota Statutes, section 124.17, subdivision 3, a pupil who is in grades 1 to 6 is counted as 1.03 pupil units for fiscal year 1993.

Sec. 31. Laws 1993, chapter 224, article 15, section 3, is amended to read:

Sec. 3. [FISCAL YEAR 1996 AND FISCAL YEAR 1997 APPROPRIATIONS.]

(a) The appropriations for the 1996-1997 biennium for programs contained in this bill will be $2,770,488,000 for fiscal year 1996 and $2,953,102,000 for fiscal year 1997, plus or minus any adjustments due to variance in pupil forecasts, levies or other factors generating entitlements for the general revenue program established in Minnesota Statutes, section 124A.04. These amounts will first be allocated to fully fund the general revenue program. Amounts remaining will be allocated to other programs in proportion to the fiscal year 1995 appropriations or the entitlements generated by existing law for those programs for each year, up to the amount of the entitlement or the fiscal year 1995 appropriations. Any amounts remaining after allocation to these other programs may be maintained in a reserve account pending recommendations of the governor and legislature in the 1995 session.

(b) Of the fiscal year 1997 appropriation limit, $35,000,000 is reallocated to the fiscal year 1996 appropriation limit. For fiscal year 1996, the allocations for special education aid, capital expenditure health and safety aid, and debt service equalization aid as determined according to paragraph (a) are increased by $26,500,000, $3,700,000, and $4,800,000 respectively.

Sec. 32. [EXEMPTION TO CONTRACT DEADLINE; HAYFIELD.]

Notwithstanding Minnesota Statutes, section 124A.22, subdivision 2a, independent school district No. 203, Hayfield, is not subject to the contract penalty reduction in general education revenue for fiscal year 1994.

Sec. 33. [AID ADJUSTMENT.]

Notwithstanding Minnesota Statutes, section 124A.22, subdivision 2a, paragraph (c), if:

(1) a district's fiscal year 1994 general education aid was reduced under Minnesota Statutes 1992, section 124A.22, subdivision 2a;

(2) the district jointly negotiates a contract prior to the effective date of reorganization under Minnesota Statutes, sections 122.22, 122.23, or 122.241 to 122.248 that, for the first time, includes teachers in all districts to be reorganized; and

(3) the school board and the exclusive representative of the teachers sign a collective bargaining agreement on or before May 15, 1994;

the district's general education aid shall be increased in the amount of the reduction.

Sec. 34. [ADJUSTMENTS.]

Notwithstanding Minnesota Statutes, section 124.14, any excess appropriations for fiscal year 1993 not otherwise allocated to special education aid programs, abatement aid, and adult graduation aid under Minnesota Statutes, sections 124.214, 124.261, 124.273, 124.32, 124.321, 124.322, and 124.574 shall be allocated to programs under Minnesota Statutes, section 124.261, 124.273, 124.32, 124.321, 124.322, and 124.574. If the excess that is allocated for fiscal year 1993 to any programs specified in this section exceeds the deficiencies for that year, these differences shall remain in those accounts and shall be used to reduce deficiencies for fiscal year 1995 for programs under Minnesota Statutes, sections 124.273, 124.32, 124.322, and 124.574. Notwithstanding any law to the contrary, these amounts shall be reallocated prior to the addition of any other aids that may be available for that purpose.

Sec. 35. [SUPPLEMENTAL REVENUE REDUCTION.]

For fiscal year 1995 only, if a district's ratio of 1992 adjusted net tax capacity divided by 1994-1995 actual pupil units to the equalizing factor is less than or equal to .25, then the difference under Minnesota Statutes, section 124A.22, subdivision 9, clause (2), is equal to $50 for purposes of computing the district's supplemental revenue under Minnesota Statutes, section 124A.22, subdivision 8. For purposes of computing the referendum allowance reduction under Minnesota Statutes, section 124A.03, subdivision 3b, the supplemental revenue reduction shall be computed according to Minnesota Statutes, section 124A.22, subdivision 9.

Sec. 36. [PEQUOT LAKES; DELAY IN AID REPAYMENT.]

The department of education must allow independent school district No. 186, Pequot Lakes, to repay over a five-year period state aid overpayments for fiscal years 1991 and 1992 due to the property tax revenue recognition shift. Notwithstanding Minnesota Statutes, section 124.155, subdivision 1, aids for independent school district No. 186, Pequot Lakes, shall not be adjusted for fiscal years 1991 and 1992 for pupils transferring into the district under Minnesota Statutes, section 120.062.

This transfer of funds is required to ensure that the property tax shift reduction for fiscal year 1994 under Minnesota Statutes, section 16A.152, subdivision 2, as certified by the commissioner of finance according to Minnesota Statutes, section 121.904, subdivision 4c, paragraph (c), is funded for the amount certified.

Sec. 38. [ADDITIONAL GENERAL EDUCATION AID; STAFF DEVELOPMENT.]

For fiscal year 1995 only, additional basic general education aid is $17.10 per actual pupil unit. This amount is added to the basic general education revenue in Minnesota Statutes, section 124A.22, subdivision 2, only for the purpose of computing additional basic general education aid. The additional aid shall not be included in the computation of any other aid or levy. The additional aid is not subject to the levy equity provision in Minnesota Statutes, section 124A.24. The additional general education aid in this section is not included in the calculation of the general education aid according to Minnesota Statutes, section 124A.032. This additional aid is intended to partially cover the increase in fiscal year 1995 of revenue reserved for staff development according to Minnesota Statutes, section 124A.29, subdivision 1.

For taxes levied in 1999 and thereafter, the municipality shall levy a tax on all taxable property within the municipality to pay or secure the payment of principal and interest on protected bonds. The tax must be levied in an amount equal to the amount by which the tax increment available to pay the protected bonds was reduced as a result of the repeal set forth in section Laws 1992, chapter 499, article 7, section 31. For purposes of calculating the amount of the tax increment reduction, the tax rate imposed in 1998 by the school district in which the tax increment financing district is located is assumed to apply, except that the tax rate for the school district under section 469.177, subdivision 1a, applies if the tax increment financing district is subject to that provision. The proceeds of the tax levied under this section shall be treated as tax increment derived from the tax increment financing district for all purposes under sections 469.174 to 469.179, provided that the taxes must be remitted to the municipality for deposit in its general fund to the extent the taxes are not used to pay or secure payment of the protected bonds.

(b) For purposes of making estimates prior to July 1, 1999, of future collections of tax increment, the municipality may disregard Laws 1992, chapter 499, article 7, section 31.

(c) An amendment or repeal of this section does not constitute an impairment of any bonds issued before the effective date of this section.

The commissioner shall provide a consistent process for reviewing those procedures. The commissioners' decision is binding subject to the right of an aggrieved party to appeal to the state court of appeals.

(f) The local primary agency shall ensure that eligible children and their families receive early intervention services during resolution of a dispute. While a local dispute is pending, the local primary agency shall either assign financial responsibility to an agency or pay for the service from the early intervention account under subdivision 9. The commissioner may charge school districts or ~~regional organizations~~ cooperative units for the actual cost of software development used by the district or ~~regional entity~~ cooperative unit. Any amount received is annually appropriated to the department of education for this purpose. A school district or cooperative unit may not implement a payroll, student, or staff software system after June 30, 1994, until the system has been reviewed by the department to ensure that it provides the required data elements and format.

Sec. 2. Minnesota Statutes 1992, section 121.935, subdivision 6, is amended to read:

Subd. 6. [FEES.] Regional management information centers may charge fees to affiliated districts for the cost of services provided to the district ~~and the district's proportionate share of outstanding regional obligations, as defined in section 475.51, for computer hardware. If a district uses a state approved alternative finance system for processing its detailed transactions or transfers to another region, the district is liable for its contracted proportionate share of the outstanding regional obligation. The district is not liable for any additional outstanding regional obligations that occur after written notice is given to transfer or use an alternative finance system. A regional management information center must not charge a district for transferring the district's summary financial data and essential data elements to the state. The regional management information center may charge the district for any service it provides to, or performs on behalf of, a district to render the data in the proper format for reporting to the state~~.

Sec. 3. Minnesota Statutes 1992, section 122.23, subdivision 6, is amended to read:

Subd. 6. The ~~state board~~ commissioner shall, upon receipt of a plat, forthwith examine it and approve, modify or reject it. The ~~state board~~ commissioner shall also approve or reject any proposal contained in the resolution or petition regarding the disposition of the bonded debt of the component districts. If the plat shows the boundaries of proposed separate election districts and if the ~~state board~~ commissioner modifies the plat, the ~~state board~~ commissioner shall also modify the boundaries of the proposed separate election districts. ~~Prior thereto the state board or a member thereof or~~ The commissioner ~~or assistant commissioner as designated by the state board~~ shall conduct a hearing at the nearest county seat in the area upon reasonable notice to the affected districts and county boards if requested within 20 days after submission of the plat. Such a hearing may be requested by the board of any affected district, a county board of commissioners, or the petition of 20 resident voters living within the area proposed for consolidation. The ~~state board~~ commissioner shall endorse on the plat ~~its~~ action regarding any proposal for the disposition of the bonded debt of component districts and ~~its~~ the reasons for ~~its~~ these actions and within 60 days of the date of the receipt of the plat, ~~it~~ the commissioner shall return it to the county auditor who submitted it. The ~~state board~~ commissioner shall furnish a copy of that plat, and the supporting statement and its endorsement to the auditor of each county containing any land area of the proposed new district. The board of any independent district maintaining a secondary school, the board of any common district maintaining a secondary school, all or part of whose land is included in the proposed new district, shall, within 45 days of the approval of the plat by the ~~state board~~ commissioner, either adopt or reject the plan as proposed in the approved plat. If the board of any such district entitled to act on the petition rejects the proposal, the proceedings are terminated and dismissed. If any board fails to act on the plat within the time allowed, the proceedings are terminated.

Sec. 5. Minnesota Statutes 1992, section 122.23, subdivision 10, is amended to read:

Subd. 10. If an approved plat contains land area in any district not entitled to act on approval or rejection of the plat by action of its board, the plat may be approved by the residents of the land area within 60 days of approval of plat by the ~~state board~~ commissioner in the following manner:

A petition calling upon the county auditor to call and conduct an election on the question of adoption or rejection of the plat may be circulated in the land area by any person residing in the area. Upon the filing of the petition with the county auditor, executed by at least 25 percent of the eligible voters in each district or part of a district contained in the land area, the county auditor shall forthwith call and conduct a special election of the electors resident in the whole land area on the question of adoption of the plat. For the purposes of this section, the term "electors resident in the whole land area" means any person residing on any remaining portion of land, a part of which is included in the consolidation plat. Any eligible voter owning land included in the plat who lives upon land adjacent or contiguous to that part of the voter's land included in the plat shall be included and counted in computing the 25 percent of the eligible voters necessary to sign the petition and shall also be qualified to sign the petition. Failure to file the petition within 60 days of approval of the plat by the ~~state board~~ commissioner terminates the proceedings.

Sec. 6. Minnesota Statutes 1992, section 122.23, subdivision 13, is amended to read:

Subd. 13. If a majority of the votes cast on the question at the election approve the consolidation, and if the necessary approving resolutions of boards entitled to act on the plat have been adopted, the school board shall, within ten days of the election, notify the county auditor who shall, within ten days of the notice or of the expiration of the period during which an election can be called, issue an order setting a date for the effective date of the change. The effective date shall be July 1 of ~~an odd-numbered year, unless an even-numbered year is agreed upon according to subdivision 13a~~ the year determined by the school board in the original resolution adopted under subdivision 2. The auditor shall mail or deliver a copy of such order to each auditor holding a copy of the plat and to the clerk of each district affected by the order and to the commissioner. The school board shall similarly notify the county auditor if the election fails. The proceedings are then terminated and the county auditor shall so notify the commissioner and the auditors and the clerk of each school district affected.

Sec. 7. Minnesota Statutes 1992, section 122.23, is amended by adding a subdivision to read:

Subd. 20. [RETIREMENT INCENTIVES.] (a) For consolidations effective July 1, 1994, and thereafter, a school board of a district may offer early retirement incentives to licensed and nonlicensed staff. The early retirement incentives that the board may offer are:

(1) the payment of employer pension plan contributions for a specified period of allowable service credit for district employees who have at least ten years of allowable service credit in the applicable pension plan under paragraph (b);

(2) an extended leave of absence for an eligible employee under section 125.60;

(3) severance payment incentives under paragraph (c); and

(4) the employer payment of the premiums for continued health insurance coverage under paragraph (d).

These incentives may only be offered to employees who terminate active employment with the school district or who enter into an extended leave of absence as a result of the consolidation, whichever applies. The board may determine the staff to whom the incentives are offered. Unilateral implementation of this section by a school board is not an unfair labor practice under chapter 179A.

(b) An employee with at least ten years of allowable service credit in the applicable pension plan who is offered an early retirement incentive under paragraph (a), clause (1), may purchase up to five additional years of allowable service credit from the applicable pension plan. To do so, the former employee must pay the member contributions to the pension plan annually in a manner and in accord with a schedule specified by the executive director of the applicable fund. If the former employee makes the member contribution, the board shall make the applicable employer contribution. The salary used to determine these contributions is the salary of the person in the last year that the former employee was employed by the district. During the period of continuing member and employer contributions, the person is not considered to be an active member of the applicable pension plan, is not eligible for any active member disability or survivorship benefit coverage, and is not included in any postemployment termination benefit plan changes unless the applicable benefit legislation provides otherwise. Continued eligibility to purchase service credit under this paragraph expires if the person is subsequently employed during the service purchase period by a public employer with retirement coverage under a pension plan specified in section 356.30, subdivision 3.

(c) Severance payment incentives must conform with sections 465.72, 465.721, and 465.722.

(d) The board may offer a former employee continued employer-paid health insurance coverage. Coverage may not extend beyond age 65 or the end of the first month in which the employee is eligible for employer-paid health insurance coverage from a new employer. For purposes of this subdivision, "employer-paid health insurance coverage" means medical, hospitalization, or health insurance coverage provided through an insurance company that is licensed to do business in the state and for which the employing unit pays more than one-half of the cost of the insurance premiums.

(e) A school board may offer these incentives beginning on the day that the consolidation is approved under section 122.23, subdivision 12 or, if an election is not called under section 122.23, subdivision 9 or 10, on the day that the plat is approved by the commissioner. A board may offer these incentives until the June 30 following the effective date of the consolidation.

Sec. 8. Minnesota Statutes 1992, section 122.531, subdivision 9, is amended to read:

Subd. 9. [LEVY FOR SEVERANCE PAY OR EARLY RETIREMENT INCENTIVES.] The school board of a newly created or enlarged district, to which part or all of a dissolved district was attached according to section 122.22 ~~or 122.23,~~ may levy for severance pay or early retirement incentives for licensed and nonlicensed employees who resign or retire early as a result of the dissolution or consolidation, if the commissioner of education approves the incentives and the amount to be levied. The amount may be levied over a period of up to five years and shall be spread in whole or in part on the property of a preexisting district or the newly created or enlarged district, as determined by the school board of the newly created or enlarged district.

Sec. 9. Minnesota Statutes 1992, section 122.533, is amended to read:

122.533 [EXPENSES OF TRANSITION.]

The ~~newly elected~~ board ~~of a newly created district pursuant to section 122.23 or the board~~ of a district to which a dissolved district is attached pursuant to section 122.22, may, for the purpose of paying the expenses of negotiations and other administrative expenses relating to the transition, enter into agreements with banks or any person to take its orders at any rate of interest not to exceed seven percent per annum. These orders shall be paid by the treasurer of the district from district funds after the effective date of the ~~consolidation or~~ dissolution and attachment. Notwithstanding the provisions of sections 124.226, 124.2716, 124.91, 124.912, 124.914, 124.916, 124.918, and 136C.411, the district may, in the year the ~~consolidation or~~ dissolution and attachment becomes effective, levy an amount equal to the amount of the orders issued pursuant to this subdivision and the interest on these orders. No district shall issue orders for funds or make a levy pursuant to this subdivision without the commissioner's approval of the expenses to be paid with the funds from the orders and levy.

Sec. 10. [122.98] [COOPERATIVE UNIT INSURANCE POOLS.]

Any cooperative unit defined in section 123.35, subdivision 19b, that directly manages a health insurance pool or provides health insurance coverage through an insurance pool as a service to members must create a labor-management committee representative of the groups covered by the pool to advise the governmental unit on management matters of the coverage.

Sec. 11. Minnesota Statutes 1992, section 123.35, subdivision 19a, is amended to read:

Any agreement, part of an agreement, or other type of requirement to the contrary is void.

(b) This subdivision shall not affect the continued liability of a school district for its share of bonded indebtedness or other debt incurred as a result of any agreement before July 1, 1993. The school district is liable only until the obligation or debt is discharged and only according to the payment schedule in effect on July 1, 1993, except that the payment schedule may be altered for the purpose of restructuring debt or refunding bonds outstanding on July 1, 1993, if the annual payments of the school district are not increased and if the total obligation of the school district for its share of outstanding bonds or other debt is not increased.

(c) To cease participating in or providing financial support for any of the services or activities relating to the agreement or to terminate participation in the agreement, the school board shall adopt a resolution and notify other parties to the agreement of its decision on or before February 1 of any year. The cessation or withdrawal shall be effective June 30 of the same year ~~or~~, except that for a member of an education district organized under sections 122.91 to 122.95 or an intermediate district organized under chapter 136D, cessation or withdrawal shall be effective June 30 of the following fiscal year. At the option of the school board, cessation or withdrawal may be effective June 30 of the following fiscal year for a district participating in any type of agreement.

(d) Before issuing bonds or incurring other debt, the governing body responsible for implementing the agreement shall adopt a resolution proposing to issue bonds or incur other debt and the proposed financial effect of the bonds or other debt upon each participating district. The resolution shall be adopted within a time sufficient to allow the school board to adopt a resolution within the time permitted by this paragraph and to comply with the statutory deadlines set forth in sections 122.895, 125.12, and 125.17. The governing body responsible for implementing the agreement shall notify each participating school board of the contents of the resolution. Within 120 days of receiving the resolution of the governing body, the school board of the participating district shall adopt a resolution stating:

(1) its concurrence with issuing bonds or incurring other debt;

(2) its intention to cease participating in or providing financial support for the service or activity related to the bonds or other debt; or

(3) its intention to terminate participation in the agreement.

A school board adopting a resolution according to clause (1) is liable for its share of bonded indebtedness or other debt as proposed by the governing body implementing the agreement. A school board adopting a resolution according to clause (2) is not liable for the bonded indebtedness or other debt, as proposed by the governing body, related to the services or activities in which the district ceases participating or providing financial support. A school board adopting a resolution according to clause (3) is not liable for the bonded indebtedness or other debt proposed by the governing body implementing the agreement.

(e) After July 1, 1993, a district is liable according to paragraph (d) for its share of bonded indebtedness or other debt incurred by the governing body implementing the agreement to the extent that the bonds or other debt are directly related to the services or activities in which the district participates or for which the district provides financial support. The district has continued liability only until the obligation or debt is discharged and only according to the payment schedule in effect at the time the governing body implementing the agreement provides notice to the school board, except that the payment schedule may be altered for the purpose of refunding the outstanding bonds or restructuring other debt if the annual payments of the district are not increased and if the total obligation of the district for the outstanding bonds or other debt is not increased.

Sec. 12. Minnesota Statutes 1992, section 123.35, is amended by adding a subdivision to read:

Subd. 19b. [WITHDRAWING FROM COOPERATIVE.] If a school district withdraws from a cooperative unit defined in paragraph (d), the distribution of assets and assignment of liabilities to the withdrawing district shall be determined according to this subdivision.

(a) The withdrawing district remains responsible for its share of debt incurred by the cooperative unit according to subdivision 19a. The school district and cooperative unit may mutually agree, through a board resolution by each, to terms and conditions of the distribution of assets and the assignment of liabilities.

(b) If the cooperative unit and the school district cannot agree on the terms and conditions, the commissioner of education shall resolve the dispute by determining the district's proportionate share of assets and liabilities based on the district's enrollment, financial contribution, usage, or other factor or combination of factors determined appropriate by the commissioner. The assets shall be disbursed to the withdrawing district in a manner that minimizes financial disruption to the cooperative unit.

(c) Assets related to an insurance pool shall not be disbursed to a member district under paragraph (b) of this section.

Any participating district may withdraw from the center and from the agreement in effect by a majority vote of the full board membership of the participating school district desiring withdrawal and upon compliance with provisions in the agreement establishing the center. Upon receipt of the withdrawal resolution reciting the necessary facts, the center board shall file a certified copy with the county auditors of the counties affected. The withdrawal shall become effective at the end of the next following school year but the withdrawal shall not affect the continued liability of the withdrawing district for bonded indebtedness it incurred prior to the effective withdrawal date.

Subdivision 1. [ELIGIBILITY AND USE.] A school district that has been reorganized under section 122.23 and has not received revenue under section 124.2725 is eligible for consolidation transition revenue. Revenue is equal to the sum of aid under subdivision 2 and levy under subdivision 3. Consolidation transition revenue may only be used according to this section. Revenue must initially be used for the payment of district costs for the early retirement incentives granted by the district under section 122.23, subdivision 20. Any revenue under subdivision 2 remaining after the payment of district costs for the early retirement incentives must be used to reduce operating debt as defined in section 121.915. Any additional aid remaining after the reduction of operating debt must be deposited in the district's general fund. Revenue received under this section shall not be included in the determination of the reduction under section 124A.26, subdivision 1.

Subd. 2. [AID.] Consolidation transition aid is equal to $200 times the number of actual pupil units in the newly created district in the year of consolidation and $100 times the number of actual pupil units in the first year following the year of consolidation. The number of pupil units used to calculate aid in either year shall not exceed 1,000.

Subd. 3. [LEVY.] If the aid available in subdivision 2 is insufficient to cover the costs of the district under section 122.23, subdivision 20, the district may levy the difference over a period of time not to exceed three years.

Subd. 4. [NEW DISTRICTS.] If a district consolidates with another district that has received consolidation transition aid within six years of the effective date of the new consolidation, only the pupil units in the district not previously reorganized shall be counted for aid purposes under subdivision 2. If two districts consolidate and both districts received aid under subdivision 2 within six years of the effective date of the new consolidation, only one quarter of the pupil units in the newly created district shall be used to determine aid under subdivision 2.

Sec. 24. Minnesota Statutes 1993 Supplement, section 124.2727, subdivision 6a, is amended to read:

Subd. 6a. [DISTRICT COOPERATION REVENUE.] A district's cooperation revenue is equal to the greater of ~~$50~~ $67 times the actual pupil units or $25,000.

(b) A district that ~~is~~ was a member of an intermediate school district organized pursuant to chapter 136D ~~may not access revenue under this section~~ on July 1, 1994, must place its district cooperation revenue in a reserved account and must allocate a portion of the reserved revenue for instructional services from entities formed for cooperative services for special education programs and secondary vocational programs. The allocated amount is equal to the levy made according to section 124.2727, subdivision 6, for taxes payable in 1994 divided by the actual pupil units in the intermediate school district for fiscal year 1995 times the number of actual pupil units in the school district in 1995. The district must use 5/11 of the revenue for special education and 6/11 of the revenue for secondary vocational education. The district must demonstrate that the revenue is being used to provide the full range of special education and secondary vocational programs and services available to each child served by the intermediate. The secondary vocational programs and service must meet the requirements established in an articulation agreement developed between the state board of education and the higher education board.

(c) A district that was not a member of an intermediate district organized under chapter 136D on July 1, 1994, must spend at least $9 per pupil unit of its district cooperation revenue on secondary vocational programs.

Sec. 26. Minnesota Statutes 1993 Supplement, section 124.2727, is amended by adding a subdivision to read:

Subd. 9. [PRORATION.] (a) If the total appropriation available for district cooperation aid for any fiscal year, plus any amount transferred under section 124.14, subdivision 7, is insufficient to pay all districts the full amount of aid earned, the department of education shall reduce each district's district cooperation revenue according to the calculations in paragraphs (b) to (d).

(b) If there is insufficient district cooperation aid available, the department must recompute the district cooperation revenue by proportionally reducing the formula allowance and the revenue minimum to the levels that result in an aid entitlement, adjusted by the percentage in section 124.195, subdivision 10, equal to the amount available. The levy amounts must not be recomputed.

(c) A district's proration aid reduction is equal to the lesser of zero, or the difference of the existing aid calculation minus the aid amount computed for the district under paragraph (b).

(d) If a district's proration aid reduction is less than its revenue reduction, its district cooperation levy authority for the following year must be reduced by the amount of the difference between its revenue reduction and its aid reduction.

Subd. 3. [AID AMOUNT.] In the fiscal year that the reorganization is effective, special combination aid is equal to the aid calculated under subdivision 2 times 100 percent. In the fiscal year following the effective date of reorganization, special combination aid is equal to the aid calculated under subdivision 2 times 67 percent. In the second fiscal year following the effective date of reorganization, special combination aid is equal to the aid calculated under subdivision 2 times 33 percent.

Sec. 35. [GRANTS TO PROVIDE FREE BREAKFASTS TO ELEMENTARY SCHOOL CHILDREN.]

Subdivision 1. [ESTABLISHMENT.] A grant program for fiscal year 1995 is established to explore the policy of providing nutritious breakfasts to all children in elementary school, without regard to whether the children are eligible to receive free or reduced price breakfasts, so that they can learn effectively.

Subd. 2. [ELIGIBILITY.] An applicant for a grant must be an elementary school that participates in the federal school breakfast and lunch programs. For a school to receive a grant, at least 15 percent of the school's enrolled children must have qualified to receive a free or reduced price lunch during the 1993-1994 school year.

Subd. 3. [APPLICATION PROCESS.] To obtain a grant to receive reimbursement for providing breakfasts to all children, whether or not the children are from low-income families and eligible to receive free or reduced price meals, an elementary school must submit an application to the education commissioner in the form and manner prescribed by the commissioner. The application must describe how the applicant will encourage all children in the school to participate in the breakfast program. The commissioner may require additional information from the applicant.

Subd. 4. [GRANT AWARDS.] The commissioner shall award four grants: for each of two grant recipients, between 15 and 40 percent of the enrolled children must have qualified to receive a free or reduced price lunch during the 1993-1994 school year; for each of the remaining two grant recipients, more than 40 percent of the enrolled children must have qualified to receive a free or reduced price lunch during the 1993-1994 school year. The four schools that the commissioner selects must have an elementary school population that in total does not exceed 2,400 pupils in average daily membership. Grant recipients must be located throughout the state. The amount of the grant shall equal the statewide average cost for the 1993-1994 school year for every breakfast the recipient serves under this program during the 1994-1995 school year minus any state and federal reimbursement the recipient receives for providing free and reduced price breakfasts during the 1994-1995 school year. Grant recipients must use the proceeds to provide breakfasts to school children.

Subd. 5. [EVALUATION.] The commissioner shall evaluate the four grant sites and two control sites to determine the impact that the universal breakfast program has on children's school performance, including discipline in the school, students' test scores, attendance rates, and other measures of educational achievement. The commissioner shall report the results of the evaluation to the education committees of the legislature by January 31, 1996.

Sec. 36. [REPORT ON SCHOOL MEALS PROGRAMS.]

The commissioner of education shall review the nutrition needs of K-12 students and the extent to which poor nutrition interferes with effective learning, and shall review the current school breakfast and lunch programs and the role of these programs in improving educational achievement and contributing to the long-term health of Minnesota children. The commissioner shall identify barriers to participating in the school meals programs and shall make recommendations to the education committees of the legislature and the legislative commission on children, youth, and their families by January 31, 1995, to:

(1) improve student nutrition to increase the educational achievement of all children and to improve the overall learning climate;

(2) more effectively integrate the school meals program into the school day;

(3) eliminate barriers to universal participation in school meals programs;

(4) reduce paperwork and other administrative burdens associated with the school meals programs so that resources can be redirected to pay for program expansion and improving the nutritional integrity of the program; and

(5) enable Minnesota to maximize federal funds for school meals programs.

Sec. 37. [REVENUE ADJUSTMENTS.]

After appropriate study and such public hearings as may be necessary, the commissioner of education shall recommend to the legislature by February 1, 1995, a policy for ensuring the school districts participating in a metropolitan-wide school desegregation/integration plan are not financially disadvantaged as a result of participating in the plan.

(1) teachers who provide instruction or services to students in a magnet school or magnet program;

(2) educational paraprofessionals who assist teachers in providing instruction or services to students in a magnet school or magnet program;

Sec. 3. [123.799] [STUDENT TRANSPORTATION SAFETY.]

Subdivision 1. [RESERVED REVENUE USE.] A district shall use the student transportation safety reserved revenue under section 124.225, subdivision 7f, for providing student transportation safety programs to enhance student conduct and safety on the bus or when boarding and exiting the bus. A district's student transportation policy must specify the student transportation safety activities to be carried out under this section. A district's student transportation safety reserved revenue may only be used for the following purposes:

(1) to provide paid adult bus monitors, including training and salary costs;

(2) to provide a volunteer bus monitor program, including training costs and the cost of a program coordinator;

(3) to purchase or lease optional external public address systems or video recording cameras for use on buses; and

(4) other activities or equipment that have been reviewed by the state school bus safety advisory committee and approved by the commissioner of public safety.

Subd. 2. [REPORTING.] Districts shall annually report expenditures from the student transportation safety reserved revenue to the commissioner of education, who shall provide the information to the school bus safety advisory committee.

Sec. 4. [123.7991] [SCHOOL BUS SAFETY TRAINING.]

Subdivision 1. [SCHOOL BUS SAFETY WEEK.] The first week of school is designated as school bus safety week.

A school board may designate one day of school bus safety week as school bus driver day.

Subd. 2. [STUDENT TRAINING.] (a) Each school district shall provide public school pupils enrolled in grades kindergarten through 12 with school bus safety training. The training shall be results-oriented and shall consist of both classroom instruction and practical training using a school bus. Upon completing the training, a student shall be able to demonstrate knowledge and understanding of at least the following competencies and concepts:

(1) transportation by school bus is a privilege not a right;

(2) district policies for student conduct and school bus safety;

(3) appropriate conduct while on the bus;

(4) the danger zones surrounding a school bus;

(5) procedures for safely boarding and leaving a school bus;

(6) procedures for safe vehicle lane crossing; and

(7) school bus evacuation and other emergency procedures.

(b) Student school bus safety training shall commence during school bus safety week. All students who are transported by school bus and are enrolled during the first week of school must demonstrate achievement of the school bus safety training competencies by the end of the third week of school. Students who enroll in a school after the first week of school and are transported by school bus shall undergo school bus safety training and demonstrate achievement of the school bus safety competencies within three weeks of the first day of attendance. The pupil transportation safety director in each district must certify to the commissioner of education annually by October 15 that all students transported by bus have satisfactorily demonstrated knowledge and understanding of the school bus safety competencies according to this section or provide an explanation for a student's failure to demonstrate the competencies. A school district may deny transportation to a student who fails to demonstrate the competencies, unless the student is unable to achieve the competencies due to a disability.

Transportation by school bus is a privilege not a right for an eligible student. A student's eligibility to ride a school bus may be revoked for a violation of school bus safety or conduct policies, or for violation of any other law governing student conduct on a school bus, pursuant to a written school district discipline policy. Revocation of a student's bus riding privilege is not an exclusion, expulsion, or suspension under the pupil fair dismissal act of 1974. Revocation procedures for a student who is an individual with a disability under the Individuals with Disabilities Education Act, United States Code, title 20, section 1400 et seq., section 504 of the Rehabilitation Act of 1973, United States Code, title 29, section 794, and the Americans with Disabilities Act, Public Law Number 101-336, are governed by these provisions.

The department shall determine what type of information on school bus accidents and incidents, including criminal conduct, and bus driver dismissals for cause should be collected and develop a uniform accident and incident reporting form to collect those data, including data relating to type III vehicles, statewide. Data collected with this reporting form shall be analyzed to help develop accident, crime, and misconduct prevention programs.

Sec. 25. [169.454] [TYPE III VEHICLE STANDARDS.]

Subdivision 1. [STANDARDS.] This section applies to type III vehicles used for the transportation of school children when owned and operated by a school district or privately owned and operated. Sec. 26. [169.4581] [LAW ENFORCEMENT POLICY FOR CRIMINAL CONDUCT ON SCHOOL BUSES.]

By January 1, 1995, each local law enforcement agency shall adopt a written policy regarding procedures for responding to criminal incidents on school buses. In adopting a policy, each law enforcement agency shall consult with local school officials, with representatives of private companies that contract with school districts to provide transportation, and with parents of students. The policy must recognize that responding to reports of criminal conduct on school buses is the responsibility of law enforcement officials.

Sec. 27. [169.4582] [REPORTING INCIDENTS ON SCHOOL BUSES.]

Subdivision 1. [REPORTABLE OFFENSE; DEFINITION.] "Reportable offense" means misbehavior causing an immediate and substantial danger to self or surrounding persons or property under section 127.29.

(1) a school bus that is subject to and complies with the ~~color and~~ equipment requirements of sections 169.441, ~~subdivisions~~ subdivision 1 ~~and 2~~, and 169.442, subdivision 1. The lamp shall be permanently mounted on the longitudinal center line of the bus roof not less than five feet nor more than seven feet forward of the rear roof edge. It shall operate from a separate switch containing an indicator lamp to show when the strobe lamp is in use. The strobe lamp may be lighted only when atmospheric conditions or terrain restrict the visibility of school bus lamps and signals so as to require use of the bright strobe lamp to alert motorists to the presence of the school bus. A strobe lamp may not be lighted unless the school bus is actually being used as a school bus; or

(2) a road maintenance vehicle owned or under contract to the department of transportation or a road authority of a county, home rule or statutory city, or town, but the strobe lamp may only be operated while the vehicle is actually engaged in snow removal during daylight hours.

The strobe lamp shall be of a double flash type certified to the commissioner of public safety by the manufacturer as being weatherproof and having a minimum effective light output of 200 candelas as measured by the Blondel-Rey formula.

Sec. 29. Minnesota Statutes 1993 Supplement, section 171.321, subdivision 2, is amended to read:

Subd. 2. [RULES; ~~QUALIFICATIONS AND TRAINING.~~] ~~(a)~~ The commissioner of public safety shall prescribe rules governing the ~~qualifications of individuals to drive school buses~~ physical qualifications of school bus drivers and tests required to obtain a school bus endorsement. The rules must provide that an applicant for a school bus endorsement or renewal is exempt from the physical qualifications and medical examination required to operate a school bus upon providing evidence of being medically examined and certified within the preceding 24 months as physically qualified to operate a commercial motor vehicle, pursuant to Code of Federal Regulations, title 49, part 391, subpart E, or rules of the commissioner of transportation incorporating those federal regulations.

~~(b) The commissioner of public safety, in conjunction with the commissioner of education, shall adopt a training program for school bus drivers. Adoption of the program is not subject to chapter 14. The program must provide for initial classroom and behind the wheel training, and annual in service training. The program must provide training in defensive driving, human relations, emergency and accident procedures, vehicle maintenance, traffic laws, and use of safety equipment. The program must provide that the training will be conducted by the contract operator for a school district, the school district, the commissioner of education, a licensed driver training school, or by another person or entity approved by both commissioners.~~

Sec. 30. Minnesota Statutes 1992, section 171.321, subdivision 3, is amended to read:

Subd. 3. [STUDY OF APPLICANT.] Before issuing or renewing a school bus endorsement, the commissioner shall conduct a criminal and driver's license records check of the applicant. The commissioner may also conduct the check at any time while a person is so licensed. The check shall consist of a criminal records check of the state criminal records repository and a check of the driver's license records system. If the applicant has resided in Minnesota for less than five years, the check shall also include a criminal records check of information from the state law enforcement agencies in the states where the person resided during the five years before moving to Minnesota, and of the national criminal records repository including the criminal justice data communications network. The applicant's failure to cooperate with the commissioner in conducting the records check is reasonable cause to deny an application or cancel a school bus endorsement. The commissioner may not release the results of the records check to any person except the applicant.

Sec. 36. [ADDITIONAL MINNESOTA SCHOOL BUS CHASSIS STANDARDS.]

Subdivision 1. [RELATION TO NATIONAL STANDARDS.] The bus chassis standards contained in this section are required in addition to those required by Minnesota Statutes, section 169.4501. When a Minnesota standard contained in this section conflicts with a national standard adopted in Minnesota Statutes, section 169.4501, the Minnesota standard contained in this section is controlling.

Subd. 2. [BRAKES.] The braking system must include an emergency brake. The braking system must meet federal motor vehicle safety standards in effect at the time of manufacture. All buses manufactured with air brakes after January 1, 1995, shall have automatic slack adjusters.

Subd. 3. [CERTIFICATION.] A chassis manufacturer shall certify that the product meets Minnesota standards. All buses with a certified manufacturing date prior to April 1, 1977, shall not be recertified as a school bus after January 1, 1996.

Subd. 4. [COLOR.] Fenders may be painted black. The hood may be painted nonreflective black or nonreflective yellow. The grill may be manufacturer's standard color.

Subd. 5. [ELECTRICAL SYSTEM; BATTERY.] (a) The storage battery, as established by the manufacturer's rating, must be of sufficient capacity to care for starting, lighting, signal devices, heating, and other electrical equipment. In a bus with a gas-powered chassis, the battery or batteries must provide a minimum of 800 cold cranking amperes. In a bus with a diesel-powered chassis, the battery or batteries must provide a minimum of 1050 cold cranking amperes.

(b) In a type B bus with a gross vehicle weight rating of 15,000 pounds or more, and type C and D buses, the battery shall be temporarily mounted on the chassis frame. The final location of the battery and the appropriate cable lengths in these buses must comply with the SBMI design objectives booklet.

(c) All batteries shall be mounted according to chassis manufacturers' recommendations.

(d) In a type C bus, other than are powered by diesel fuel, a battery providing at least 550 cold cranking amperes may be installed in the engine compartment only if used in combination with a generator or alternator of at least 120 amperes.

(e) A bus with a gross vehicle weight rating of 15,000 pounds or less may be equipped with a battery to provide a minimum of 550 cold cranking amperes only if used in combination with an alternator of at least 80 amperes. This paragraph does not apply to those buses with wheel chair lifts or diesel engines.

Subd. 6. [ELECTRICAL SYSTEM; ALTERNATOR.] A bus must be capable of providing enough current at 1400 rpms to provide a positive charge to the battery with 80 percent of maximum load with all lights and accessories on. A type B bus with a gross vehicle weight rating of up to 15,000 pounds equipped with an electrical power lift must have a minimum 100 ampere per hour alternator. If not protected by a grommet, wiring passing through holes must be encased in an abrasive-resistant protective covering.

Subd. 7. [EXHAUST SYSTEM.] The tailpipe must:

(1) extend to but not more than one inch beyond the bumper and be mounted outside of the chassis frame rail; or

(2) extend to but not more than one inch beyond the left side of the bus, behind the driver's compartment. A type A bus and a type B bus with a gross vehicle weight rating under 15,000 pounds, shall comply with the manufacturer's standard. No exhaust pipe may exit beneath an emergency exit, or, on a type C or type D bus, under the fuel fill location. No exhaust pipe shall be reduced in size beyond the muffler.

Subd. 8. [FRAME.] Installation of a trailer hitch is permitted. A hitch shall be flush mounted.

Subd. 9. [FUEL TANK.] If mounted behind the rear wheels, the fuel tank on a vehicle constructed with a power lift unit shall be between the frame rails. Prior to the approval and final adoption of the annual budget of the commission, the council may authorize revenue anticipation certificates under this subdivision. So much of the anticipated tax and other revenues as may be needed for the payment of the certificates and interest on them shall be paid into a special debt service fund established for the certificates in the council's financial records. If for any reason the anticipated tax and other revenues are insufficient, the certificates and interest shall be paid from the first tax, surcharge and other revenues received attributable to the basketball and hockey arena, subject to any limitation or prohibition in a bond resolution or indenture. The proceeds of the certificates may be used for any purpose for which the anticipated revenues or taxes may be used or for any purpose for which bond proceeds under subdivision 2 may be used.

Subd. 7. [ARENA FREE OF MORTGAGES, LIENS, AND OBLIGATIONS.] With the exception of the obligations imposed by sections 473.598 and 473.599, the commission shall not assume any notes, pledges, mortgages, liens, encumbrances, contracts, including advertising contracts or marquee agreements, or other obligations upon acquisition of the basketball and hockey arena or the arena land, including but not by way of limitation, management or concession agreements. Upon acquisition by the commission, the basketball and hockey arena and the arena land shall be free of all liens and encumbrances, including the foregoing but excluding the easements and rights-of-way that the commission shall determine do not materially impair or affect its ownership and operation of the basketball and hockey arena. Upon acquisition, the commission shall, through a process involving statewide public participation, select a name for the basketball and hockey arena. In the process of selecting the name, the commission shall consider its obligation under section 473.599, subdivision 1, but that obligation must not be the principal consideration in making the selection.

Subd. 8. [REIMBURSEMENT TO STATE.] The commission shall compensate the state for its contribution from the general fund under section 17, plus accrued interest, after payment of basketball and hockey arena debt service, the necessary and appropriate funding of debt reserve of the basketball and hockey arena and all expenses of operation, administration, and maintenance and the funding of a capital reserve for the repair, remodeling and renovation of the basketball and hockey arena. Compensation paid to the state shall occur at the same time that compensation is paid to the city of Minneapolis, as provided in paragraph (n) of subdivision 4, on a basis proportionate to the amount of forbearance of the entertainment tax or surcharge as provided in paragraph (n) to that date, and the amount of general fund appropriations paid by the state under section 17 to that date. No reimbursement will be paid under this subdivision after (1) the aggregate amount of the appropriations granted under section 20, to that time, plus accrued interest, has been reimbursed under this subdivision, or (2) December 31, 2024, whichever is earlier.

Sec. 16. [ALL TENANT TERMS AND CONDITIONS OF AGREEMENTS MUST BE MADE PUBLIC.]

An agreement to occupy the basketball and hockey arena as defined in Minnesota Statutes, section 473.551, subdivision 10, is not enforceable by any party to it unless all its terms and conditions are made public before it is intended to take effect.

Sec. 17. [240A.09] [APPROPRIATION.]

$750,000 is appropriated annually from the general fund to the Minnesota amateur sports commission for the purpose of entering into long-term leases, use, or other agreements with the metropolitan sports facilities commission for the conduct of amateur sports activities at the basketball and hockey arena, consistent with the purposes set forth in chapter 240A, including (1) stimulating and promoting amateur sports, (2) promoting physical fitness by promoting participation in sports, (3) promoting the development of recreational amateur sport opportunities and activities, and (4) promoting local, regional, national, and international amateur sport competitions and events. The metropolitan sports facilities commission may allocate 50 dates a year for the conduct of amateur sports activities at the basketball and hockey arena by the amateur sports commission. At least 12 of the dates must be on a Friday, Saturday, or Sunday. If any amateur sports activities conducted by the amateur sports commission at the basketball and hockey arena are restricted to participants of one gender, an equal number of activities on comparable days of the week must be conducted for participants of the other gender, but not necessarily in the same year. The legislature reserves the right to repeal or amend this appropriation, and does not intend this appropriation to create public debt.

Sec. 18. [ADVISORY TASK FORCE.]

Subdivision 1. [MEMBERSHIP.] The metropolitan sports facilities commission shall create an advisory task force for the purpose of studying the overall impact of professional sports in the state. The task force shall consist of 18 members as follows:

(a) the governor or the governor's designee;

(b) the commissioner of trade and economic development;

(c) the chair of the Minnesota amateur sports commission;

(d) the chair of the metropolitan sports facilities commission;

(e) the chairs of the metropolitan and local government committee of the senate, and the local government and metropolitan affairs committee of the house of representatives, or their successor committees;

(f) the chairs of the jobs, energy and community development committee of the senate, and the commerce and economic development committee of the house of representatives, or their successor committees;

(g) eight public members, appointed by the governor, one from each congressional district;

(h) one minority member of the senate, appointed by the subcommittee on committees of the rules and administration committee; and

(i) one minority member of the house of representatives, appointed by the speaker of the house.

Subd. 2. [STUDY.] The advisory task force must at a minimum analyze the following factors:

(a) the economic disruption and worker dislocation that would occur in the event that a professional sports team would relocate;

(b) the dynamics and consequences of cities competing against each other for professional sports franchises; and

(c) the relative public costs of obtaining and keeping professional sports franchises.

The advisory task force shall make findings and report to the legislature by February 1, 1995, on the overall impact of professional sports franchises on the state and recommendations on a policy the state should adopt with regard to obtaining and retaining professional sports franchises. This section expires June 1, 1995.

Sec. 19. [REPEALER.]

Minnesota Statutes 1992, sections 473.564, subdivision 1; and 473.571, are repealed.

Sec. 20. [EFFECTIVE DATE; APPLICATION.]

Section 1 is effective for appointments for vacancies occurring on the amateur sports commission after December 31, 1994. The remainder of this article takes effect the day following final enactment and applies in the counties of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, and Washington.

ARTICLE 2

Section 1. [240A.08] [PLAN DEVELOPMENT; CRITERIA.]

The Minnesota amateur sports commission shall develop a plan to promote the development of proposals for new statewide public ice facilities including proposals for ice centers and matching grants based on the criteria in this section.

(a) For ice center proposals, the commission will give priority to proposals that come from more than one local government unit and that involve construction of more than three ice sheets in a single facility.

(b) The Minnesota amateur sports commission shall administer a site selection process for the ice centers. The commission shall invite proposals from cities or counties or consortia of cities. A proposal for an ice center must include matching contributions including in-kind contributions of land, access roadways and access roadway improvements, and necessary utility services, landscaping, and parking.

(c) Proposals for ice centers and matching grants must provide for meeting the demand for ice time for female groups by offering up to 50 percent of prime ice time, as needed, to female groups. For purposes of this section, prime ice time means the hours of 4:00 p.m. to 10:00 p.m. Monday to Friday and 9:00 a.m. to 8:00 p.m. on Saturdays and Sundays.

(d) The location for all proposed facilities must be in areas of maximum demonstrated interest and must maximize accessibility to an arterial highway.

(e) To the extent possible, all proposed facilities must be dispersed equitably and must be located to maximize potential for full utilization and profitable operation.

(f) The Minnesota amateur sports commission may also use the funds to upgrade current facilities, purchase girl's ice time, or conduct amateur women's hockey and other ice sport tournaments.

Sec. 2. [240A.09] [AGREEMENTS.]

The Minnesota amateur sports commission may enter into agreements with local units of government and provide financial assistance in the form of grants for the construction of ice arena facilities that in the determination of the commission, conform to its criteria.

Sec. 3. [240A.10] [GENERAL OBLIGATION SPECIAL TAX BONDS FOR ICE CENTERS.]

State general obligation bonds issued to finance the construction of the ice centers provided for in sections 1 and 2 may be general obligation special tax bonds under section 16A.661 and debt service on the bonds may be paid from sports and health club sales tax revenue as provided in section 16A.661, subdivision 3, paragraph (b).

Sec. 4. [EFFECTIVE DATE.]

Sections 1 to 3 are effective July 1, 1994."

PATRICK E. FLAHAVEN, Secretary of the Senate

Mr. Speaker:

PATRICK E. FLAHAVEN, Secretary of the Senate

Carruthers moved that the Chief Clerk be and he is hereby instructed to inform the Senate and the Governor by message that the House of Representatives is about to adjourn this 78th Session sine die. The motion prevailed.

MOTION TO ADJOURN SINE DIE

The following communications were received prior to adjournment sine die and were not acted upon by the House:

PETITIONS AND COMMUNICATIONS

OFFICE OF THE GOVERNOR

The Honorable Irv Anderson
Speaker of the House of Representatives
The State of Minnesota

Dear Speaker Anderson:

I have vetoed and I am returning Chapter 492, H. F. No. 2007/S. F. No. 2285, a bill which attempts to clarify definitions in the whistleblower law.

This measure is unnecessary. The Department of Employee Relations already interprets the whistleblower statutes in this fashion. Minnesota case law already extends these protections to at will employees. In addition, it appears that the only testimony in support of this bill came from a former employee who is presently involved in litigation with the state.

It is unwise for the legislature to revise employment law based on the testimony of a disgruntled former employee. I am open to revisions to this statute if they are accompanied by compelling testimony.

Warmest regards,

ARNE H. CARLSON
Governor

STATE OF MINNESOTA
OFFICE OF THE GOVERNOR
SAINT PAUL 55155

May 2, 1994

The Honorable Irv Anderson
Speaker of the House of Representatives
The State of Minnesota

Dear Speaker Anderson:

I have vetoed and am returning Chapter 543, H. F. No. 2135, a bill relating to pets in manufactured home parks.

If enacted, Chapter 543 would force all manufactured home parks to allow their senior residents to keep pets. While I support senior citizens' rights to keep and enjoy pets, we must also be respectful of those seniors and other manufactured home park residents who have chosen to live in pet-free environments.

Currently, some manufactured home parks allow residents to keep pets, and others do not. Seniors can choose to reside at either. Under the proposed law, the option would be eliminated; all manufactured home parks would be forced to allow pets.

While I appreciate the humanitarian intent of this bill, I cannot sign into law a bill that would unreasonably infringe on the rights of manufactured home park owners to provide, and residents to secure, pet-free living environments.

Warmest regards,

ARNE H. CARLSON
Governor

STATE OF MINNESOTA

The Honorable Irv Anderson
Speaker of the House of Representatives
The State of Minnesota

Dear Speaker Anderson:

I have vetoed and I am returning Chapter 555, H. F. No. 2925, a bill requiring that certain leased lakeshore lots in Cook county be reoffered for public sale.

Section 2 of this bill requires the Commissioner of Natural Resources to cancel the sale of a parcel of trust fund land on Caribou Lake in Cook County, and reoffer it for sale. I believe it is a violation of the department's fiduciary responsibility to the school trust to cancel the valid sale and relinquish its claim against the high bidders. It would also appear to raise an issue under Minnesota Constitution Article XII section 1 about whether this grants "to any private corporation, association, or individual any special or exclusive privilege, immunity or franchise."

Further, it would establish a dangerous precedent that would have the potential to affect the sale of mineral, timber and other real property that is managed for the benefit of Minnesota schools.

Warmest regards,

ARNE H. CARLSON
Governor

Dear Speaker Anderson:

I have vetoed and am returning Chapter 593, H. F. No. 1918, a bill relating to the bureau of business licenses.

Executive Order 93-3 required the Department of Trade and Economic Development (DTED) to conduct a feasibility study of improvements in business licensing. The goal is one-stop licensing for all business-related licenses and permits. This study is due in January, 1995 and I believe it would be premature to sign legislation in this area without the benefit of these recommendations.

In addition, this measure misrepresents the current authority and activity of the bureau of business licenses by implying that actual licenses are available by application to the bureau. In reality, license authority remains in other state agencies and the bureau provides information and assistance. Finally, there is a significant cost to implement this bill which represents a fiscal tail best dealt with in a regular budget year.

I look forward to working with the legislature after the DTED study is completed.

The Honorable Irv Anderson
Speaker of the House of Representatives

Dear Speaker Anderson:

I have vetoed and am returning Chapter 594, H. F. No. 2171, a bill relating to affordable housing.

Chapter 594 is in large part identical to Chapter 234, which I vetoed last year. Like last year's bill, Chapter 594 would require the Met Council to establish "comprehensive choice housing allotments" for cities and towns throughout the metro region. The Council is already in the process of conducting an affordable housing survey. This bill's allotments, or quotas, would only serve to create a mechanism through which penalties could be imposed upon those communities that fail to meet the Council's mandates. Penalties are inappropriate, as are unnecessary legislative mandates such as this.

Chapter 594 is also unacceptable because it requires the Metropolitan Council to prioritize its allocation plan in inverse proportion to the percentage of affordable housing available. Instead of focusing its housing efforts on areas where jobs, transportation, and other essential services are available, the bill forces the Council to direct its resources into those areas with the least amount of low-income housing, which may also have the least number of jobs. The Council must have the flexibility to concentrate its efforts where it can achieve the best results.

In addition, Chapter 594 is largely unnecessary. It simply mandates activity that is already underway. Moreover, I have already sign into law Chapter 577, which requires the Council to study the costs and benefits of affordable housing alternatives. I have also requested housing vouchers from the U.S. Department of Housing and Urban Development to assist 100 families to relocate. While these efforts are a good start, the real solution lies in attacking the causes of poverty, not just the results.

I am deeply disturbed by the lack of any serious attention to the real causes of poverty in the core cities. Economic development, workers' compensation and welfare reform have been ignored. In fact H. F. No. 2758/S. F. No. 2570, a bill addressing those important issues, was never even given a hearing. Separate workers' compensation and welfare reform bills died for a lack of legislative leadership. Solutions to these problems will help people move up and out of poverty, rather than just helping them move.

Dear Speaker Anderson:

I have vetoed and am returning to you Chapter 597, H. F. No. 2951, a bill relating to health care financing.

As Governor, I am constitutionally required to submit a balanced budget to the state of Minnesota. Unfortunately, the legislature is not bound by this same requirement. As it currently stands, the legislature's overall budget will create a budget deficit of approximately $480 million by the end of the next legislative biennium. I believe it is my responsibility to make the tough choices to ensure that the citizens of Minnesota are not faced with a nearly half a billion dollar tax increase to finance the legislature's spending habits.

Our administration is reviewing all spending bills according to the following criteria: 1) Is this an emergency need? 2) Should this issue have been dealt with during the 1993 legislative budget session? 3) Can the issue wait until the 1995 legislative session? If the items in question can not adequately answer these criteria, I cannot in good conscience sign them into law with the knowledge that this spending will force a tax increase next year.

This bill contains a shift of $75 million from the general fund to a newly created fund designated for health care. While this is a laudable goal, we simply do not have the money available to create such a fund, nor do we have a revenue source identified to maintain this fund.

Dear Speaker Anderson:

I have vetoed and I am returning Chapter 599, H. F. No. 1919, a bill relating to a study of manufactured home parks.

Chapter 599 requires the departments of Health, Administration and Public Safety to conduct a study of manufactured home park shelters and evacuation plans. While I appreciate the consumer protection intent of this bill, agency budgets are strained and legislative demands on these agencies continue to grow. This measure would be more appropriately considered next year in the context of the biennial budget process. Consideration should include an overdue discussion of a rationale for the hundreds of studies mandated by the legislature each year.

Dear Speaker Anderson:

I have vetoed and I am returning Chapter 601, H. F. No. 392, a bill mandating the installation of automatic sprinkler systems in certain existing buildings.

This measure would impose a huge cost on cities and would make publicly-assisted housing even more difficult to provide. I am uncomfortable when the state legislature involves itself in matters which are best handled at the local level.

It is important to note that the recent school fires in Burnsville, Minnetonka and Edina would not be covered by this legislation. I remain committed to safety in all buildings but we must not mandate costs without considering how they will be paid.

Dear Speaker Anderson:

I have vetoed and I am returning Chapter 606, H. F. No. 3210, the omnibus health and human services bill.

As Governor, I am constitutionally required to submit a balanced budget to the state of Minnesota. Unfortunately, the legislature is not bound by this same requirement. Currently, the legislature's overall budget will create a significant deficit by the end of the next legislative biennium. I believe it is my responsibility to make the tough choices to ensure that the citizens of Minnesota are not faced with a nearly half a billion dollar tax increase to finance the spending habits of the legislature.

Our administration is reviewing all spending bills according to the following criteria: 1) Is this an emergency need? 2) Should this issue have been dealt with during the 1993 legislative budget session? 3) Can the issue wait until the 1995 legislative session? If the items in question cannot adequately answer these criteria, I cannot in good conscience sign them into law with the knowledge that this spending will force a tax increase next year.

This bill does contain a number of good proposals, some of which were proposed by myself and others which were cooperatively put in place with the legislature. Unfortunately, the bill also contains an unacceptable level of overspending. This overspending would affect this biennium and contribute over $64 million to the deficit that could be facing the state by the end of the next legislative session. Therefore, in order to maintain the state's fiscal integrity and to save the citizens of Minnesota from a $64 million tax increase, I must veto the bill.

I have directed the appropriate commissioners to use whatever administrative authorities are available to them to address the issues and good public policies identified in this bill.

Dear Speaker Anderson:

It is my honor to inform you that I have received, approved, signed and deposited in the Office of the Secretary of State, Chapter 635, H. F. No. 3011, a bill relating to transportation (with the exception of item vetoes on Page 20, lines 19-24; Page 21, lines 3-7; Page 21, lines 8-14; and Page 21, lines 15-20).

I am pleased with several items in this bill, including the creation of the "Mega Project" study commission and changes to the Municipal State Aid and County State Aid Highway systems.

However, I have item vetoed four provisions of this bill, each of which represents a significant cost to the state trunk highway fund, and none of which require funding in this non-budget year. The Department of Transportation indicates that Section 34 of the bill would require the appropriation of $100,000 from the trunk highway fund, Section 36 would require $250,000 from the trunk highway fund, Section 37 would require $130,000 from the trunk highway fund, and Section 38 would require $547,000 from the trunk highway fund. Furthermore, these four provisions represent unnecessary and overly burdensome micro-management by the legislature of the transportation responsibilities rightfully entrusted to MnDOT.

Dear Speaker Anderson:

It is my honor to inform you that I have received, approved, signed and deposited in the Office of the Secretary of State Chapter 636, H. F. No. 2351, the omnibus crime bill (with the exception of item vetoes on Page 5, lines 31-33; Page 5, lines 47-48; Page 8, lines 16-24; Page 8, lines 25-35; Page 9, lines 38-41; Page 10, lines 4-19; Page 10, lines 20-29; Page 10, lines 30-34; Page 10, lines 35-40; Page 10, lines 41-48; Page 10, lines 49-54; Page 11, lines 37-48; Page 11, lines 52-53; Page 11, lines 54-56; Page 11, lines 57-58; Page 12, lines 30-37; Page 13, lines 22-38).

I sign this measure with some regret because I had hoped and worked for a successful crime package as one of the key ingredients of the 1994 session. I am disappointed with the work of the legislature: five months after laying out this administration's crime proposal I have received a bill which is too expensive and is soft on repeat offenders.

This bill is $6 million over our crime spending targets for FY 95 and $19 million over our crime targets for the next biennium. For the record, this administration along with IR legislators proposed $123 million in new spending on crime over the next three years. In addition, our capital budget proposal contained $71 million for prison expansion. The legislature saw fit to disregard these targets and get into an irresponsible bidding war on the crime issue, forcing me to exercise the item veto to trim spending.

The bill does contain some worthwhile provisions, some of which were contained in our crime package or supplemental budget. However, it does not include the "three-time loser" provision which called for mandatory minimum sentences for three time felons. I firmly believe that we must target our limited resources toward these repeat offenders who commit the vast majority of crimes.

The debate about further spending can be held during the regular budget session in 1995.

Dear Speaker Anderson:

It is my honor to inform you that I have received, approved, signed and deposited in the office of the Secretary of State Chapter 640, H. F. No. 3230, a bill relating to transportation policy (with the exception of item vetoes on Page 7, lines 18-28 and 34-36, and Page 8, lines 1 and 2).

I am pleased with several items in this bill, including the appropriation of an additional $15 million for state highway construction projects, promoting safe driving in highway construction work zones, and the funding of Minnesota's share of a possible high speed rail feasibility study to be conducted in partnership with Wisconsin and the federal government.

However, to maintain fiscal stability in both the general fund and the trunk highway fund, I have issued item vetoes of two provisions of spending, neither of which require funding in this non-budget year. With regard to the item veto of additional trunk highway spending for state road operations, the Department of Transportation assures me that additional spending in this area is not necessary to meet the state's roadway maintenance needs. Furthermore, this appropriation would have significant adverse impacts on state highway construction funding in the next biennium.
