The state college board is authorized to utilize up to \$200,000 of the maintenance and equipment appropriation each year for regional and community service projects provided that the agency or local unit of government receiving such services shall reimburse the college system for not less than one-third their cost. Receipts so derived shall be treated as tuition for enrollment and budgetary purposes.

Notwithstanding any other provision of law to the contrary, the state college board may make refunds to students for tuition, activity fees, union fees and other fees from imprest cash funds. The imprest cash fund shall be reimbursed periodically by checks or warrants drawn on the funds and accounts to which the refund should ultimately be charged.

The state college board shall obtain the approval of the public examiner for the procedures used in carrying out the provisions of this paragraph.

The state college board may waive tuition on institutes, courses or projects when the sponsor pays all costs.

Notwithstanding the provisions of any law to the contrary, the state college board is authorized

All receipts which are attributable to the operation or use of such aircraft are hereby reappropriated to the state college board. These receipts, or such portion thereof as may be designated by the board, shall be credited to the equipment suspense account. Any balance in this account shall not cancel at the end of a fiscal year but shall remain available for transfer at the request of the board to its maintenance and equipment account.
