Pursuant to Rule 49 the Committee recommends that H. F. No. 647 be amended as follows:

Strike everything after the enacting clause and insert in lieu thereof the following:

"Section 1. This act shall be known and may be cited as the "agricultural marketing and bargaining act of 1973."

Sec. 2. [DECLARATION OF POLICY.] Since agricultural products are produced by numerous and often scattered individual producers, the marketing and bargaining position of individual producers will be adversely affected unless they are free to join together voluntarily in cooperative associations or other associations as authorized by law. Membership of a producer in such a cooperative association or other association can only be meaningful if a handler of agricultural products is required to bargain in good faith with an agricultural cooperative association or other association as the representative of the members of such association. Production and marketing of agricultural commodities constitutes a basic and essential industry. Agricultural producers do not now enjoy the opportunity, comparable to that of industrial workers and those in many other forms of enterprise or employment, to organize and bargain effectively. Neither is adequate government provision available to assure that the bargaining process shall be fair both to producers and handlers and in the public interest.

Sec. 3. Subdivision 1. For the purposes of sections 1 to 12, the terms defined in this section have the meanings given them.

Subd. 2. "Association" means an association of producers, or federation of cooperative association of producers engaged in producing, marketing, bargaining, shipping or processing functions of an agricultural commodity on behalf of its members who are producers of such agricultural commodity, which has been accredited by the commissioner.

Subd. 3. "Person" means an individual, partnership, corporation or association.

Subd. 4. "Producer" means any person, who in any one calendar year within the previous two calendar years, produces or causes to be produced any agricultural commodity in quantity beyond his own family use, and who is able to transfer, during the calendar year, to a handler or an association a merchantable title to the agricultural commodity or provide management, labor, machinery, facilities, or any other production input, with the assumption of risk, for the production of the agricultural commodity under a written contract.

Subd. 5. "Agricultural commodity" includes all agricultural goods produced under contract for marketing as defined by the commissioner of agriculture. It does not include any commodity sold by a producer to another producer for his own exclusive use and not for resale. The kinds, types and subtypes of products to be classed together as an agricultural commodity for the

purposes of this act shall be determined by the commissioner on the basis of common usage and practice.

Subd. 6. "Handler" means a person, other than an association, engaged in the business or practice of acquiring agricultural commodities from producers or associations for processing or sale; grading, packaging, handling, storing or processing agricultural commodities received from producers or associations; contracting or negotiating contracts or other arrangements with producers or associations with respect to the production of any agricultural commodity; or acting as an agent or broker for a handler in the performance of any function or act specified above. It does not include a producer who sells at a retail establishment which he owns and operates or who sells at a produce market, agricultural commodities produced by him and agricultural commodities produced by another producer subject to value limitation established by the commissioner.

Subd. 7. "Commissioner" means the commissioner of agriculture of the state of Minnesota or his designated authority.

Subd. 8. "Marketing year" shall mean, generally, any time between the second day of February of the previous calendar year and the first day of February of the subsequent year, unless the commissioner shall determine an alternative time period for a specific agricultural commodity to be designated as its marketing year.

Sec. 4. [ACCREDITATION.] Subdivision 1. Any association accredited under this section may engage in bargaining as provided for under this act.

(1) An association desiring accreditation shall file with the commissioner in the form required by the commissioner. The request shall contain properly certified evidence that the association meets the standards for accreditation and shall be accompanied by a report of the names and addresses of member producers, the name of each handler to whom the member producer delivered or contracted to deliver the agricultural commodity during the previous two calendar years and the quantity delivered or acreage grown. A fee to cover the costs of the commissioner in processing the request shall be established pursuant to Minnesota Statutes, Chapter 15, and paid by the association when the request is filed.

(2) The commissioner may require all handlers of an agricultural commodity produced in a bargaining unit area as individuals or through their trade association to file with the board within 30 days following such a request, a report, properly certified, showing the correct names and addresses of all producers of the agricultural commodity who have delivered the agricultural commodity to the handler during the two calendar years preceding the filing of the report and the quantities of the agricultural commodity received by the handler from each named producer during those periods. The information contained in the individual reports of handlers filed with the commissioner shall not be made public by the commissioner nor available to any person for private use.

Subd. 2. In determination of accreditation, the commissioner shall determine whether bargaining shall be appropriate by plant, processor, or company. This determination shall be the unit area for the bargaining provisions of this act as is applicable to associations and handlers. In making his determination, the commissioner shall define as appropriate the largest bargaining unit area in terms of the quantity of the agricultural commodity produced, the definition of the agricultural commodity, geographic area covered and number of producers included as is consistent with the following criteria:

- (a) The community of interest of the producers included;
- (b) The potential serious conflicts of interests among members of the proposed unit;
- (c) The effect of exclusions on the capacity of the association to effectively bargain for the bargaining unit as defined;
- (d) The kinds, types and subtypes of products to be classed together as agricultural commodity for which the bargaining unit is proposed;
- (e) Whether the producers eligible for membership in the proposed bargaining unit meet the definition of "producer" for the agricultural commodity involved;
- (f) The wishes of the producers;
- (g) The pattern of past marketing of the commodity.

Subd. 3. An association shall be accredited only if it complies with the following:

(a) The association meets the requirements of the Capper-Volstead Act, 7 U.S.C. 291-2.

(b) The association has submitted a copy of its bylaws which provide that: each member of the association shall have one vote in all votes of the membership of the association; that officers or directors shall be elected by a majority of the members voting or by delegates representing a majority of the membership; and that all elections shall be by secret ballot.

(c) The association would have marketing and bargaining contracts for the current or next marketing year with more than 50 percent of the producers of an agricultural commodity who are in the bargaining unit area and these contracts would cover more than 50 percent of the quantity of that commodity produced by producers in that bargaining unit area. The commissioner may determine the quantity produced by the bargaining unit area using information on production in the prior year, current marketing information, and projections on production during the current marketing year. The commissioner shall exclude from the quantity of the agricultural commodity contracted by producers with producer owned and controlled processing cooperatives and any quantity produced by handlers. An association whose main purpose is bargaining but which processes a surplus into a form which is not the subject of bargaining is not a processing cooperative. The contracts

with members shall specify the agricultural commodity and that the members have appointed the association as their exclusive agent in negotiations with handlers for prices and other terms of trade with respect to the sale and marketing of the agricultural commodity and obligate them to dispose of their production or holdings of the agricultural commodity through or at the direction of the association.

Subd. 4. Within 60 days of the filing date of the request for accreditation by an association, the commissioner shall determine whether the association shall be accredited. If the commissioner determines that insufficient evidence was filed by the association, the commissioner may permit the association to file an amended request for accreditation within 30 days following the determination and notification of the association. The commissioner shall then determine, within 30 days of the filing of the amended request, whether the association shall be accredited. An association which is denied accreditation after filing of an amended request may not file another request for accreditation for a period of one year.

Subd. 5. Accreditation of the association by the commissioner shall be effective 30 days after the notice of accreditation.

Subd. 6. [REVOCATION OF ACCREDITATION.] The commissioner shall consider revocation of accreditation upon any of the following conditions:

(a) Upon receipt of a request from an accredited association for its own disaccreditation.

(b) Upon receipt of a petition requesting that the accredited association be discredited and bearing the signatures of at least ten percent of the producers of an accredited association in the bargaining unit. Following the receipt of a petition bearing the signatures of at least ten percent of the producers of an accredited association in a bargaining unit the board shall order the commissioner to initiate a referendum among the members of the accredited association and if in the referendum a majority of the producers, producing 50 percent of the commodity approve, the association accreditation shall be revoked by the board.

Subd. 7. The accredited association shall represent all member producers who are in the bargaining unit area and it shall act as exclusive sales agents for the bargaining unit area in negotiations with handlers. The association may not assess, bargain for, or claim to represent those producers who choose not to be represented by the association or choose not to have a bargaining committee bargain for them.

Sec. 5. [MARKETING AND BARGAINING COMMITTEE.] Subdivision 1. After accreditation of the association, the association shall establish and authorize a marketing and bargaining committee to negotiate, as the association's exclusive agent, with handlers for the sale and marketing of the agricultural commodity for which the association was accredited.

Subd. 2. This committee shall be comprised of members of the

association elected by the association in a secret ballot election, except that the association may contract with legal counsel who shall, at the discretion of the association, be eligible for membership on the committee.

Subd. 3. The production of the agricultural commodity shall comprise a significant portion of the total producing operation of each committee member.

Subd. 4. Members who have any quantity contracted with a producer owned and controlled processing cooperative are not eligible to serve on a marketing and bargaining committee for such a commodity.

Sec. 6. Subdivision 1. Producers of agricultural commodities are free to join together voluntarily in associations as authorized by law without interference by handlers. A handler shall not engage in any of the following practices, defined as unfair practices:

(a) To coerce a producer in the exercise of his right to join and belong to or to refrain from joining or belonging to an association or to refuse to deal with a producer because of the exercise of his right to join and belong to an association.

(b) To discriminate against a producer with respect to price, quantity, quality or other terms of purchase, acquisition or other handling of agricultural products because of his membership in or contract with an association.

(c) To coerce or intimidate a producer to breach, cancel or terminate a membership agreement or marketing contract with an association or a contract with a handler.

(d) To pay or loan money, give anything of value or offer any other inducement or reward to a producer for refusing or ceasing to belong to an association.

(e) To make or circulate unsubstantiated reports about the finances, management or activities of associations or other handlers.

(f) To conspire, combine, agree or arrange with any other person to do or aid or abet the doing of any practice which is in violation of this act.

(g) To refuse to bargain with an association with whom the handler has had prior dealings or with an association whose producers in the bargaining units have had dealings with the handler prior to the effective date of this act.

Subd. 2. An association shall not engage nor permit an employee or agent to engage in the following practices, defined as unfair practices:

(a) To enter into a contract which discriminates against a producer represented by that association.

(b) To act in a manner contrary to the bylaws of the association.

(c) To coerce or intimidate a handler to breach, cancel or terminate an agreement or marketing contract with an association or a contract with a producer.

(d) To make or circulate unsubstantiated reports about the finances, management or activities of other associations or handlers.

(e) To conspire, combine, agree or arrange with another person to do or aid or abet the doing of any practice which is in violation of this act.

Sec. 7. Subdivision 1. As used in this act, "bargaining" means the mutual obligation of a handler and an association or their designated representatives to meet at reasonable times and confer and negotiate in good faith. Negotiations may include all terms relative to trading between handlers and producers of the agricultural commodity such as:

(a) prices and terms of sale

(b) quality specifications

(c) quantity to be marketed by acreage or weight

(d) transactions involving products and services utilized by one party and provided by the other party.

Subd. 2. The association shall notify the commissioner of the commencement of negotiations.

Subd. 3. (a) If no agreement is reached at the expiration of ten days after service of such notice to the commissioner, the association may, at any time thereafter, petition the commissioner to assume supervision over the dispute, except as provided for by clause (e).

(b) The commissioner shall then set a time and place for conference with the parties to present facts representing each party's case and hearing arguments. The commissioner shall take such steps, in accordance with rules promulgated under this act, as he deems expedient to affect a voluntary, amicable and expeditious adjustment and settlement of the differences between the handler and the association.

(c) At any time prior to 15 days before the first day of the marketing year in dispute, if an agreement on the issues in dispute between the association and the handler has not been reached, the handler may elect not to purchase, directly or indirectly, any quantity of the agriculture commodity produced by the association during that marketing year; or, the affected producers may elect not to sell, directly or indirectly, any quantity of the agricultural commodity produced by the association during that marketing year, or, the affected producers may elect not to sell, directly or indirectly, any quantity of the agricultural commodity to the handler during that marketing year.

(d) If either party makes an election, the other party is not under an obligation to continue bargaining with the party so

electing for terms during the marketing period in dispute. Both parties may, however, engage immediately in bargaining for the following marketing year.

(e) If the petition requesting the commissioner to assume supervision over a dispute is presented 15 days or less before the marketing year in dispute, then the commissioner shall exercise his discretionary authority, according to rules promulgated under this act, in determining which disputes are arbitrable before the start of the marketing year in dispute.

Sec. 8. All decisions of mediation and bargaining which result from section 7 shall be based upon the following factors:

(a) Prices or projected prices for the agricultural commodity paid by the competing handlers in the market area or competing market areas.

(b) Amount of the commodity produced or projections of production in the production area or competing marketing areas.

(c) Relationship between the quantity produced and the quantity handled by the handler.

(d) The producers cost of production including the cost which would be involved in paying farm labor a fair wage rate and providing them with adequate housing.

(e) The average consumer prices for goods and services, commonly known as the cost of living.

(f) The impact of the award on the competitive position of the handler in the marketing area or competing areas.

(g) The impact of the award on the competitive position of the agricultural commodity in relationship to competing commodities.

(h) A fair return on investment.

(i) Kind, quality or grade of the commodity involved.

(j) Stipulation of the parties.

(k) Such other factors which are normally or traditionally taken into consideration in determining prices, quality, quantity and the costs of other services involved.

Sec. 9. The commissioner shall announce his findings of fact and decisions in all cases in which he has assumed supervision during the year previous to the marketing year in dispute by the fifteenth day of the marketing year in dispute. To expedite his decisions, the commissioner may engage the services of the bureau of mediation services, whose recommendations he shall consider in his final determination.

Sec. 10. Subdivision 1. For the purpose of this act, the commissioner may receive complaints with respect to violations or threatened violations. The commissioner may make all necessary investigations, examinations or inspections of any violation or threatened violation specified in the sworn complaint filed with the commissioner. If, upon such investigation, the commissioner considers that there is reasonable cause to believe that the person charged has committed a practice in

violation of this act, the commissioner shall issue and cause to be served a complaint upon the person. The complaint shall summon the person to a hearing before the commissioner at the time and place fixed.

Subd. 2. If the commissioner determines that the person complained of has committed a practice in violation of this act, he shall state his findings of fact and shall issue and cause to be served on the person an order requiring him to cease the violation and shall order further affirmative action as will effectuate the policies of this act.

Subd. 3. If the commissioner is of the opinion that the person complained of has not committed a practice in violation of this act, he shall make his findings of fact and issue an order dismissing the complaint.

Subd. 4. Until the record in a case has been filed in a court the commissioner may, at any time upon reasonable notice and in such manner as he deems proper, modify or set aside, in whole or in part, any finding or order he has made or issued, with jurisdiction for such a change specified in additional findings of fact.

Subd. 5. The commissioner may request the attorney general of the state of Minnesota to seek the appropriate temporary relief or restraining order of injunction in district court to insure the enforcement of his findings.

Sec. 11. The commissioner may promulgate rules necessary for the administration of this act in accordance with this act and Minnesota Statutes, Chapter 15.

Sec. 12. [EFFECTIVE DATE.] This act is effective July 1, 1973."

Further, amend the title by striking it in its entirety and inserting in lieu thereof the following:

"A bill for an act relating to agriculture; collective bargaining; providing for bargaining between producers or associations and handlers; providing criteria."

And when so amended, H. F. No. 647 will be identical to S. F. No. 506 and further recommends that H. F. No. 647 be given its second reading and substituted for S. F. No. 506 and S. F. No. 506 be indefinitely postponed. Amendments adopted.
