EXECUTIVE AND OFFICIAL COMMUNICATIONS

January 25, 1974

The Honorable Alec Olson
President of the Senate
State of Minnesota

Dear Sir:

On August 3, 1973, a letter was submitted to the Senate regarding the confirmation of the members of the Minnesota-Wisconsin Boundary Area Commission.

In December, we were regretfully informed of the death of one of the appointees, Mr. C. Raymond Humphries of Lakeland, Minnesota.

At that time a replacement appointment was submitted to the Senate for confirmation, but unfortunately, this office failed to inform you of this change.

I, therefore, respectfully request that the name of Mr. Humphries be removed from Senate consideration.

Sincerely,
Wendell R. Anderson, Governor

The metropolitan transit commission shall develop plans for an automated small vehicle fixed guideway system. In preparing its plans, the metropolitan transit commission shall include recent studies and developments in transit technology. The metropolitan council shall cooperate with the metropolitan transit commission and provide general policy guidance in developing the plans. The plans shall be subject to review by the legislative transit review commission in accordance with the provisions of section 3 of this act. The plans shall provide for demand activated origin to destination service, at least during non-peak or non-rush hour periods. “Demand activated” means, for the purpose of this section, that the vehicle travels to any other station in the system without stops or transfers.

Subd. 2. The plans shall provide for a safe and reliable system which is compatible with local circulation routes and which is adaptable to carry freight as well as passengers. The plans shall have a positive impact on efforts to minimize urban sprawl.

Subd. 3. The system shall be flexible to allow for expansion and improvement in order to accommodate changes made possible by

changes in technology. The system shall be designed so as to maximize compatibility with the environment, including, but not limited to, such techniques as tunneling, to the extent practically and economically feasible; and above-ground guideways, designed to be as small as possible and aesthetically coordinated with the surrounding community.

Subd. 4. The plans shall specify routes, route mileage, vehicle size, vehicle type and other technical matters.

Subd. 5. The plans shall be in such form that direct, valid comparison can be made with the other mass transit options reported in metropolitan transit commission consultant report III-A-2 on the following factors: capital cost, cooperating cost, 30-year net present cost, number of riders, completion date, route miles, safety, reliability, environmental impact, reduction of energy requirements, capacity to meet future passenger levels higher than estimated, and technological feasibility.

Sec. 2. [TAX LEVY; SMALL VEHICLE FIXED GUIDEWAY SYSTEM PLANNING.] Subdivision 1. The metropolitan transit commission shall levy for the planning program authorized by this act upon all taxable property within the metropolitan transit taxing district a tax in excess of all taxing limitations, without affecting the amount or rate of taxes which may be levied by the commission for other purposes or by any local government in the area. The levy made for the purposes of sections 1 to 3 of this act shall not exceed one-tenth of a mill on each dollar of assessed valuation of all taxable property in the metropolitan transit taxing district. The certification and collection of the tax levied pursuant to this section shall be accomplished in accordance with Minnesota Statutes, Section 473A.111, Subdivision 3.

Subd. 2. This section shall be effective for taxes assessed in 1974 and payable in 1975.

Sec. 3. [LEGISLATIVE TRANSIT REVIEW; MEMBERSHIP; DUTIES.] Subdivision 1. The legislative transit review commission is created.

Subd. 2. The commission shall consist of three members of the senate appointed by the senate majority leader, two members appointed by the senate minority leader, three members of the house appointed by the speaker of the house, and two members appointed by the house minority leader. The commission shall elect a chairman from its membership. The terms of the commissioners shall expire on July 1, 1975. A vacancy in the membership of the commission shall be filled for the unexpired term in such a manner as to preserve the representation established by this subdivision.

Subd. 3. The commission shall review the metropolitan transit commission planning program at periodic intervals to be determined by the commission. The legislative transit review commission may require the metropolitan transit commission to alter or revise the plans and the program for the development of the plans in accordance with its recommendations. In addition, any consultant hired for the purposes of this act shall have the prior approval of the legislative transit review commission. Based upon the plans

developed according to section 1 of this act, the legislative transit review commission shall prepare a final report on its findings and recommendations on or before July 1, 1975.

Subd. 4. The members of the commission shall be reimbursed for all expenses actually and necessarily incurred in the performance of their duties. Reimbursement for expenses incurred shall be made pursuant to the rules governing state employees.

Subd. 5. The commission may employ a professional staff or contract for the services of a consultant in order to perform the duties herein prescribed.

Sec. 4. Following the adoption by the legislative transit review commission of the final report required under section 3 of this act, the metropolitan transit commission shall prepare socio-economic and environmental impact studies, and preliminary engineering studies for a transit development program based on the recommendations contained in the final report.

Sec. 5. [TAX LEVY: ENVIRONMENTAL IMPACT STUDIES.] Subdivision 1. The metropolitan transit commission shall levy for the purposes of section 4 of this act upon all taxable property within the metropolitan transit taxing district a tax in excess of all taxing limitations, without affecting the amount or rate of taxes which may be levied by the commission for other purposes or by any local government in the area.
