Mr. Johnson from the Committee on Taxes and Tax Laws, to which was referred

S. F. No. 376: A bill for an act relating to taxation; altering the method of taxing the income of certain oil companies by prohibiting their use of the arithmetic average allocation formula and of certain deductions; amending Minnesota Statutes 1980, Sections 290.01, Subdivision 19, and by adding a subdivision; 290.09, Subdivision 8; and 290.19, Subdivision 1.

Reports the same back with the recommendation that the bill be amended as follows:

Pages 2 to 6, delete sections 2 to 5 and insert:

"Sec. 2. Minnesota Statutes 1980, Section 290.01, is amended by adding a subdivision to read:

Subd. 28. [MAJOR OIL COMPANY.] The term "major oil company" means a corporation which is engaged in all of the following activities: (1) the extraction or production of crude oil in excess of an average of 100,000 barrels of crude oil per day; (2) the refining of crude oil in excess of an average of 100,000 barrels of crude oil per day; and (3) the marketing or distribution for marketing in this state of gasoline, motor fuel, fuel oil, and similar products from the refining or manufacture of crude oil. A major oil company includes a parent corporation and the subsidiaries of a company engaging in a unitary business if the parent itself or through one or more of its subsidiaries markets or distributes petroleum or petroleum products in Minnesota. In the case of a major oil company that includes a subsidiary or parent as described in the preceding sentence in its unitary business operation, the company shall be required to file a combined or consolidated report showing the combined net income of those companies and other information deemed necessary. The tax on those corporations shall be assessed against either of the corporations whose net income is involved in the report upon the basis of the combined entire net income and other information received in order to accurately reflect the net income earned by the corporation or corporations from business done in this state. For purposes of this subdivision, a subsidiary is a corporation in which the parent owns not less than 50 percent of its voting stock, and whose business activities include the production, refining or marketing of crude petroleum or

petroleum products; and a company engaging in a unitary business is a group of two or more corporations having some degree of common ownership, each of which is engaged in related business activities.

Sec. 3. Minnesota Statutes 1980, Section 290.09, Subdivision 1, is amended to read:

Subdivision 1. [LIMITATIONS.] (a) *Except as provided in clause (b), the following deductions from gross income shall be allowed in computing net income, provided that any item which was deducted in arriving at gross income under the provisions of section 290.01, subdivision 20, shall not be again deducted under this section.*

(b) A major oil company shall not deduct amounts otherwise deductible for depletion or intangible drilling costs, including ordinary loss deductions taken for nonproductive wells, with respect to the production of petroleum, not including the production of natural gas.

Sec. 4. Minnesota Statutes 1980, Section 290.091, is amended to read:

290.091 [MINIMUM TAX ON PREFERENCE ITEMS.]

(a) In addition to all other taxes imposed by this chapter there is hereby imposed, a tax which, in the case of a resident individual, estate or trust, shall be equal to 40 percent of the amount of the taxpayer's minimum tax liability for tax preference items pursuant to the provisions of sections 55 to 58 and 443(d) of the Internal Revenue Code of 1954 as amended through December 31, 1979 except that for purposes of the tax imposed by this section, excess itemized deductions as defined in section 57(b) shall not include any deduction taken for Minnesota income tax paid and capital gain as defined in section 57(a) of the Internal Revenue Code shall not include that portion of any gain occasioned by sale, transfer or the granting of a perpetual easement pursuant to any eminent domain proceeding or threat thereof as described in section 290.13, subdivision 5. This modification shall apply to the years in which the gain or reduction in loss is actually included in federal adjusted gross income even though amounts received pursuant to the eminent domain proceedings were received in prior years. In the case of a taxpayer other than a corporation, an amount equal to one-half of the net capital gain for the taxable year shall be used as the definition of capital gain in place of the deduction determined under section 1202 of the Internal Revenue Code. In the case of a resident individual, estate or trust having preference items which could not be taken to reduce income from sources outside the state pursuant to section 290.17, subdivision 1, or any other taxpayer the tax shall equal 40 percent of that federal liability, multiplied by a fraction the numerator of which is the amount of the taxpayer's preference item income allocated to this state pursuant to the provisions of sections 290.17, subdivision 1, to 290.20, and the denominator of which is the taxpayer's total preference item income for federal purposes.

(b) In the case of a resident individual, estate or trust having preference items in taxable years beginning after December 31, 1976, and before January 1, 1978, which are not allocable to Minnesota under the provisions of sections 290.17 to 290.20 in effect for such years, the tax shall equal 40 percent of the taxpayer's federal minimum tax liability, multiplied by a fraction the numerator of which is the amount of the taxpayer's preference items allocable to Minnesota under the provisions of sections 290.17 to 290.20 in effect for those

~~years and the denominator of which is the taxpayer's total preference items for federal purposes. In the case of a major oil company, any amount deducted for depletion for federal tax purposes but not deductible for state tax purposes pursuant to section 290.09, subdivision 1, clause (b) shall not be considered a tax preference item.~~

Sec. 5. Minnesota Statutes 1980, Section 290.19, Subdivision 1, is amended to read:

Subdivision 1. [COMPUTATION; BUSINESS CONDUCTED PARTLY WITHIN STATE; APPORTIONMENT.] The taxable net income from a trade or business carried on partly within and partly without this state shall be computed by deducting from the gross income of such business, wherever derived, deductions of the kind permitted by section 290.09, so far as connected with or allocable against the production or receipt of such income. The remaining net income shall be apportioned to Minnesota as follows:

(1) If the business consists of the mining, producing, smelting, refining, or any combination of these activities of copper and nickel ores, or of the manufacture of personal property and the sale of said property within and without the state, the remainder shall be apportioned to Minnesota on the basis of the percentage obtained by taking the ~~arithmetical~~ weighted average of the following three percentages as provided in clause (d) :

(a) The percentage which the sales made within this state is of the total sales wherever made;

(b) The percentage which the total tangible property, real, personal, and mixed, owned or rented, and used by the taxpayer in this state during the tax period in connection with such trade or business is of the total tangible property, real, personal, or mixed, wherever located, owned or rented and, used by the taxpayer in connection with such trade or business during the tax period; and,

(c) The percentage which the taxpayer's total payrolls paid or incurred in this state or paid in respect to labor performed in this state in connection with such trade or business is of the taxpayer's total payrolls paid or incurred in connection with such entire trade or business;

(d) The percentage of such remainder to be assigned to this state shall ~~not be in excess of~~ the sum of the following percentages: 70 percent of the percentage determined under clause (1) (a), 15 percent of the percentage determined under clause (1) (b), and 15 percent of the percentage determined under clause (1) (c);

(2) (a) In all other cases the remainder shall be apportioned to Minnesota on the basis of the percentage obtained by taking the ~~arithmetical~~ weighted average of the following three percentages as provided in clause (4) :

(1) The percentage which the sales, gross earnings, or receipts from business operations, in whole or in part, within this state bear to the total sales, gross earnings, or receipts from business operations wherever conducted;

(2) The percentage which the total tangible property, real, personal, and mixed, owned or rented, and used by the taxpayer in this state during the tax period in connection with such trade or business is of the total tangible property, real, personal, or mixed, wherever located, owned, or rented, and used by the taxpayer in connection with such trade or business during the tax period;

and

(3) The percentage which the taxpayer's total payrolls paid or incurred in this state or paid in respect to labor performed in this state in connection with such trade or business is of the taxpayer's total payrolls paid or incurred in connection with such entire trade or business;

(4) The percentage of such remainder to be assigned to this state shall ~~not be in excess of~~ the sum of the following percentages: 70 percent of the percentage determined under clause (2) (a) (1), 15 percent of the percentage determined under clause (2) (a) (2), and 15 percent of the percentage determined under clause (2) (a) (3);

(b) If the methods prescribed under clause (2) (a) will not properly reflect taxable net income assignable to the state, there may be used, if practicable and if such use will properly and fairly reflect such income, the percentage which the sales, gross earnings, or receipts from business operations, in whole or in part, within this state bear to the total sales, gross earnings, or receipts from business operations wherever conducted; or the separate or segregated accounting method. *If the commissioner determines that the methods prescribed in clause (2) (a) will not properly reflect the taxable net income of a major oil company assignable to the state he shall use only the sales factor to determine the amount so assignable;*

(3) The sales, payrolls, earnings, and receipts referred to in this section shall be those for the taxable year in respect of which the tax is being computed. The property referred to in this section shall be the average of the property owned or used by the taxpayer during the taxable year in respect of which the tax is being computed.

Sec. 6. Minnesota Statutes 1980, Section 290.21, Subdivision 4, is amended to read:

Subd. 4. (a) 85 percent of dividends received by a corporation during the taxable year from another corporation, when the corporate stock with respect to which dividends are paid does not constitute the stock in trade of the taxpayer or would not be included in the inventory of the taxpayer, or does not constitute property held by the taxpayer primarily for sale to customers in the ordinary course of his trade or business, or when the trade or business of the taxpayer does not consist principally of the holding of the stocks and the collection of the income and gains therefrom. The remaining 15 percent shall be allowed if the recipient owns 80 percent or more of all the voting stock of such other corporation, and the dividends were paid from income arising out of business done in this state by the corporation paying such dividends; but if the income out of which the dividends are declared was derived from business done within and without this state, then so much of the remainder shall be allowed as a credit as the amount of the taxable net income of the corporation paying the dividends assignable or allocable to this state bears to the entire net income of the corporation, such rate being determined by the returns under this chapter of the corporation paying such dividends for the taxable year preceding the distribution thereof; the burden shall be on the taxpayer of showing that the amount of remainder claimed as a credit has been received from income arising out of business done in this state,

(b) if the trade or business of the taxpayer consists principally of the holding

of the stocks and the collection of the income and gains therefrom, dividends received by a corporation during the taxable year from another corporation, if the recipient owns 80 percent or more of all the voting stock of such other corporation, from income arising out of business done in this state by the corporation paying such dividends; but, if the income out of which the dividends are declared was derived from business done within and without this state, then so much of the dividends shall be allowed as credit as the amount of the taxable net income of the corporation paying the dividends assignable or allocable to this state bears to the entire net income of the corporation, such rate being determined by the returns under this chapter of the corporation paying such dividends for the taxable year preceding the distribution thereof. The burden shall be on the taxpayer of showing that the amount of dividends claimed as a credit has been received from income arising out of business done in this state.

(c) The dividend credit provided in this subdivision shall be allowed only with respect to dividends that are included in a corporation's Minnesota taxable net income for the taxable year.

(d) In the case of a major oil company, no credit shall be allowed for dividends received from a foreign corporation, unless the dividends are received from a subsidiary whose income is combined with that of the parent company receiving the dividend pursuant to section 290.01, subdivision 28."
