May 29, 1981

The Honorable Jack Davies  
President of the Senate

Dear Senator Davies:

Following careful review, I have decided to veto S.F. No. 650.

During the course of legislative hearings, agencies which would be affected

by provisions of the proposed legislation expressed their opposition thereto.

Adoption of the proposed legislation would result in increased costs for both the State University System and the Community College System through increased salaries for part-time faculty and in administrative costs associated with implementing provisions of S.F. No. 650. Also, it would deprive both systems of a flexible means of employing part-time faculty to meet the temporary increase in enrollments.

Finally, the legislation would establish a precedent that could be applied to other classes of part-time state employees.

Sincerely,

Albert H. Quie, Governor

Pursuant to Joint Rule 3.02, S.F. No. 650 was laid on the table.

May 29, 1981

The Honorable Jack Davies  
President of the Senate

Dear Senator Davies:

Returned to you herewith and unsigned please find Senate File 728 which relates to detached banking facilities. As the bill was passed in its final form, I feel compelled to veto it.

The detached banking facility laws of the State were designed to allow each bank to provide customer banking services at two separate locations up to 25 miles from the main banking office. It is essential that these structure laws not be changed so as to provide a competitive advantage for any single bank in the State.

Senate File 728 would, in my view, provide such a competitive advantage for one bank, enabling it to establish a detached facility up to 35 miles from its main office. While the intent of the bill was to provide banking services to a certain community, the bill as enacted does not address a specific location and essentially allows the bank in question to expand to any location within 35 miles. The fact that there are four other banks located within 35 miles of the location in question would result in discrimination against these banks if this bill is allowed to become law.

This bill would establish a dangerous precedent of designing structure laws that provide a competitive advantage for one bank. Bank structure laws should be so designed as to benefit the entire State and should apply to all communities and banks, not just one bank. For this reason, I must reject this special franchise and veto this legislation.

Sincerely yours,

Albert H. Quie, Governor

Pursuant to Joint Rule 3.02, S.F. No. 728 was laid on the table.

### PROTEST AND DISSENT

Pursuant to the provisions of Article IV, Section 11, of the Minnesota Constitution, the undersigned request that this following protest and dissent be entered into the pages of the Journal of the Senate.

The undersigned members of the Senate dissent and protest the Senate Education Committee action on Senate File No. 150 (House File No. 70) for the following reasons:

1. Contrary to the rules of the Minnesota Senate for the 72nd Legislature, and contrary to the practice of the Senate, the DFL Majority allowed meetings of the Senate Education Committee on April 27th and 28th while the Senate was in session. Rule 21 provides that "committees shall not be absent from the Senate without permission of the Senate. The names of the members excused shall be printed in the Journal". Further, Mason's Manual of Legislative Procedure, Section 628, Paragraphs 1 and 2, set forth the proper parliamentary procedures to govern the calling of committee meetings while a body is in session. All of the above procedures were disregarded by the Chairman of the Senate Education Committee as well as members of the majority caucus in the Senate.
2. The DFL became the Majority in the Senate following an election based on the theme of "openness in government". There can be no openness in the legislative process unless committee meetings are open to the public. The rules of the Minnesota Senate for the 72nd Legislature provide for open meetings and seek at least three calendar days' notice of committee meetings. In violation of the spirit of Senate Rule 58, a Senate Education Committee meeting was called by its Chairman with less than 15-minute notice to members of the Minority caucus on April 28th, for 9:50 p.m. while the Senate was in session.
3. In further violation of the DFL so-called "openness in government standards", the Chairman of the Education Aids Subcommittee offered a \$126 million amendment to Senate File No. 150. That "amendment" was simply a one-page outline of issues and costs. The form of the amendment was in violation of Rule 38 of the Rules of the Senate, which states "In drawing an amendment to a bill or resolution, reference shall be made therein, first to the number of the bill, then to the page, and then to the line or lines from which matter is to be stricken or in which new matter is to be inserted".
4. What the undersigned members of this Dissent and Protest find repugnant and in complete disregard for any democratic process, is that the Senate Education Committee adopted a far-reaching amendment that was drafted in its final form by staff after adjournment of the April 28th meeting during which Senate File No. 150 was recommended to pass. The Senate should reject this as a totally unacceptable manner of operation and adopt amendments to prevent any recurrence of such procedures.

Legislative bodies are governed by constitutional restraints, by law and by their own rules. We, the undersigned, believe the actions taken by the Senate Education Committee Chairman, and condoned by the DFL Majority caucus, violated the spirit of the Constitution and the laws of the state of Minnesota.

Further, the Majority group has violated express provisions of the rules they adopted to govern the Senate.

We wish to make these unfair and undemocratic practices and our dissent to

them a matter of public record to be called to the attention of the people of Minnesota. For these reasons, this dissent is entered upon the pages of the Senate Journal.
