Sec. 3. [116C.93] [COUNTY WATER PLANNING AND MANAGEMENT.]

Subdivision 1. [COUNTY DUTIES.] Each county shall develop and implement a comprehensive water plan. Each county has the duty and authority to:

(1) prepare and adopt a comprehensive water plan that meets the requirements of sections 1 to 11;

(2) review and approve water plans, capital improvement programs, offi-

cial controls, and other water management measures submitted by local units of government according to sections 1 to 11; and

(3) exercise powers necessary to implement comprehensive water plans.

Subd. 2. [WATER PLAN REQUIREMENT.] A comprehensive water plan must cover the entire area within a county. A plan must address water problems in the context of watershed units and of groundwater systems. The plan must be prepared, adopted, and implemented according to sections 1 to 11.

Subd. 3. [DELEGATION.] The county is responsible for preparing, adopting, and implementing the comprehensive water plan, but may delegate all or part of the preparation of the plan to a local unit of government or a joint powers agreement with other counties. The county may not delegate authority for the exercise of eminent domain, taxation, or assessment to a local unit of government that does not possess these powers.

Subd. 4. [COORDINATION.] (a) To assure coordinated efforts during the preparation and implementation of a comprehensive water plan, each county shall conduct meetings and may execute agreements with local units of government establishing the responsibilities of each unit during the preparation and implementation of the comprehensive water plan. To assist the counties, the board shall draft model agreements for use by the counties in this process.

(b) Each county shall coordinate its planning program with contiguous counties. Before meeting with local units of government a county board shall notify the county boards of each county contiguous to it that it is about to begin preparing its comprehensive water plan and request and hold a joint meeting with these county boards to consider the planning process.

Subd. 5. [SCOPE OF PLANS.] Comprehensive water plans shall be based on the principles of sound hydrologic management of surface water and groundwater, effective environmental protection, and efficient management. The comprehensive water plan must include:

local units of government to conform with the comprehensive water plan and a capital improvement program; and

(8) a procedure for amending the comprehensive water plan.

Subd. 6. [RULES.] The board shall adopt rules prescribing the scope, content and conditions for approval of a comprehensive water plan. The rules shall require, as a condition of approval, evidence that comprehensive water plans within a single watershed or groundwater system are consistent. The rules shall encourage the use of existing plans and available data.

Subd. 7. [COMPLETION.] The comprehensive water plan shall be prepared and submitted for review within three years after the effective date of rules adopted by the board under sections 1 to 11. The comprehensive water plan shall extend through the year 1995 and any later year that is evenly divisible by five. [FUNDS TO LOCAL UNITS.] *Counties that receive grants under this section shall make funds directly available to local units of government that are required to make substantial amendments to local plans and official controls as the result of the comprehensive water plan or an amendment to it. Counties shall identify the potential recipient of funds in the application to the board.*

Subd. 3. [LOCAL MATCH.] *Grants may not exceed 50 percent of the cost of the comprehensive water planning program. A county may provide its portion of the cost through in-kind services and may include in-kind services of other local units of government if the local units of government receive direct financial assistance under sections 1 to 11.*

(a) Upon adoption of an approved comprehensive water plan, a county is granted the following authority. The county may adopt permit programs and other regulatory procedures including requirements for an emergency plan and for approval of projects. The county may regulate the use and development of water resources within incorporated areas and use the authority of a watershed district under chapter 112 to regulate the use and development of land in a municipality if any of the following conditions exist:

(1) the municipality does not have a local water management plan or official control that is consistent with the comprehensive water plan;

Subd. 2. [APPORTIONMENT OF COSTS.] If a proposed improvement will significantly affect the flow or quality of water within a watershed unit or groundwater system that extends into more than one county, the cost of the improvement shall be certified to the respective county boards in the proportions prescribed in the capital improvement program of the county where the improvement is located. A county that disagrees with the decision of another

county about apportionment of the cost may within 45 days after notification of the county share of the cost, appeal the certification to the board for final resolution of the conflict.

Subd. 3. [BONDS; TAXES.] A county that has adopted a comprehensive water plan may use the bond and tax provisions of section 473.882, subdivisions 3 and 4 for capital improvements under sections 1 to 11.

The county shall have 60 days to request a hearing on the board decision to require modification or to disapprove the plan. If within 60 days the county has not requested a hearing, the decision of the board is final. If the affected county requests a hearing, a hearing shall be conducted by the

In the report of the hearing examiner, the cost of the proceeding shall be apportioned among the parties to the proceeding. Within 30 days after receiving the report of the hearing examiner, the board shall, by resolution containing findings of fact and conclusions, make a final decision with respect to the required changes in the comprehensive water plan. A party to the proceeding may appeal the decision to the courts in the manner provided by chapter 14 for contested cases.

Sec. 3. [290.088] [SUBTRACTIONS FOR SALE OR RENTAL OF AGRICULTURAL LAND.]

Subdivision 1. [APPLICABILITY.] The definitions in this subdivision apply to this section.

(a) *"Agricultural land" means land within the state that is or has been devoted for the last five years to agricultural purposes and includes agricultural buildings and an agricultural homestead located on the land. Wetlands, naturally vegetated lands, and woodlands contiguous to or surrounded by agricultural lands are agricultural lands if they are under the same ownership or management as the agricultural lands during the period of agricultural use.*

(b) *"Agricultural purposes" means the production of vegetables, forage, grains, and other agricultural crops, livestock or livestock products, dairy animals or dairy products, poultry or poultry products, horticultural and nursery stock, fruit, or bees and apiary products.*

(c) *"Beginning farmer" means a person who is a United States citizen and a Minnesota resident; who provides proof of participation in a farm management program; who uses or intends to use the agricultural land purchased or rented exclusively for agricultural purposes; who has, with the assistance of*

the local soil and water conservation office, prepared a plan for the farm rented or purchased; who has received more than one-half of the person's annual gross income before deducting expenses or taxes from the occupation of using agricultural land for agricultural purposes, unless the person initially begins farming during the first tax year a subtraction is allowed under this section; and who has, including spouse and dependents, a total net worth valued at less than \$150,000, adjusted as provided in subdivision 6.

(d) "Landowner" means a partner, family farm corporation, or an authorized farm corporation as defined in section 500.24, subdivision 2, that owns agricultural land, or an individual who is a United States citizen or permanent resident alien, and a Minnesota resident who owns agricultural land, except that a partner, family farm corporation, authorized farm corporation, or individual that acquires agricultural land to obtain the income tax subtraction in this section is not a landowner.

(e) "Net rental income" means income, in cash or in crops, from the rental of at least 80 acres of agricultural land under a written lease for a term of at least three years less the expenses of renting the land. If the lease provides for rent payment in crops, the amount of rental income is the cash value of the crops when the landowner has control over the crops or can demand payment of the crops under the lease.

(f) "Seller-sponsored loan" has the meaning given it in section 41.52, subdivision 8.

Subd. 2. [CAPITAL GAINS SUBTRACTION.] To the extent included in federal adjusted gross income, there is allowed as a subtraction from the federal adjusted gross income of a landowner 50 percent of the capital gains or income recognized and otherwise taxable on the sale of at least 80 acres of agricultural land to a beginning farmer for agricultural purposes. The subtraction is not allowed unless the landowner covenants on the deed that the land will be kept only in agricultural use for a period of at least ten years and that the restrictive covenant will be binding on the purchaser, his successors and assigns, and will run with the land. A sale of the land for nonagricultural purposes may be allowed only if the governor declares a public emergency and allows the sale through executive order. The subtraction shall apply only to capital gains or income recognized in the taxable year during which the sale occurred. The subtraction shall not apply to that portion of capital gains or income recognized and included in federal adjusted gross income that exceeds \$50,000.

Subd. 3. [SUBTRACTION FOR INTEREST ON SALE WITH SELLER-SPONSORED LOAN.] There shall be allowed as a subtraction from the federal adjusted gross income of a landowner on the sale of at least 80 acres of agricultural land for agricultural purposes, 100 percent of the interest income earned on a seller-sponsored loan to a beginning farmer if the following conditions are met:

(1) the loan will be completely amortized in 20 years or more with even payments of interest and principal and no balloon payment at the end, or the loan is amortized for 20 years or more with a balloon payment after ten years or more;

(2) the loan has an annual imputed interest rate equal to the minimum rate

allowed by the Internal Revenue Service for transactions between nonrelated parties to meet installment sales requirements; and

(3) the interest is not excludable under section 41.58, subdivision 3.

Subd. 4. [SUBTRACTION FOR NET RENTAL INCOME.] *(a) There shall be allowed as a subtraction from federal adjusted gross income 50 percent of the net rental income received by a landowner from a beginning farmer for the use of agricultural land for agricultural purposes. A landowner may not subtract more than \$10,000 in any tax year under this subdivision. A landowner may subtract net rental income under this subdivision for the tax year in which the lease began and in no more than the next four succeeding tax years.*

(b) A landowner may make this subtraction from income from only one beginning farmer on the same tract or parcel of land. The landowner must certify on the return that no rental agreement with any other person was canceled to make the subtraction in this subdivision. The rent stated in the lease must be equal to or less than the prevailing free market gross rental rate for that grade of land as determined for property tax purposes for assessments made on January 2 of the year in which the lease is executed. The lease may provide that the rental rate shall be related to the prevailing free market gross rental rate as determined for each year.

Subd. 5. [QUALIFICATION.] *To qualify for a subtraction under this section, the taxpayer shall file, with the first income tax return on which the taxpayer claims a subtraction under this section, a separate notarized statement for each sale or lease from the beginning farmer who purchased or rented the land. The statement shall contain a list of the assets, debts, and net worth of the beginning farmer, a description of the land rented or purchased, and the rental amount or sale price and sale terms, certification of intended participation in a farm management program using the land purchased or rented for agricultural purposes, and other information required by the commissioner of revenue.*

Subd. 6. [NET WORTH ADJUSTMENT.] *The maximum net worth allowed for qualification as a beginning farmer is \$150,000 for taxable years beginning in calendar year 1984. For taxable years beginning in each calendar year after 1984, the maximum net worth amount for the previous year shall be adjusted by the percentage used to adjust the taxable net income brackets as provided in section 290.06, subdivision 2d, for that taxable year. The percentage announced by the commissioner in October under section 290.06, subdivision 2d, shall be the percentage by which the maximum net worth amount is increased for sales occurring or leases first occurring during the following calendar year.*

Subd. 7. [EARLY TERMINATION OF LEASE.] *If a lease is terminated by a land owner prior to expiration of the minimum three-year lease period, there shall be added to gross income for the taxable year in which the lease was terminated amounts subtracted in previous years under subdivision 4, to the extent that the subtraction resulted in a tax benefit.*
