Subd. 2. [STATE LEVEL; COORDINATION.] *The state coordinating council consists of the commissioners or designees of commissioners of the departments of human services, health, education, state planning, and corrections, and a representative of the Minnesota district judges association juvenile committee, in conjunction with the commissioner of commerce or a designee of the commissioner, and the director or a designee of the director of the office of strategic and long range planning. The members of the council shall annually alternate chairing the council beginning with the commissioner of human services and proceeding in the order as listed in this subdivision. The council shall meet at least quarterly to:*

- (1) educate each agency about the policies, procedures, funding, and services for children with emotional disturbances of all agencies represented;
- (2) develop mechanisms for interagency coordination on behalf of children with emotional disturbances;
- (3) identify barriers including policies and procedures within all agencies represented that interfere with delivery of mental health services for children;
- (4) recommend policy and procedural changes needed to improve development and delivery of mental health services for children in the agency or agencies they represent;

(5) identify mechanisms for better use of federal and state funding in the delivery of mental health services for children; and

(6) until February 15, 1992, prepare an annual report on the policy and procedural changes needed to implement a coordinated, effective, and cost-efficient children's mental health delivery system.

This report shall be submitted to the legislature and the state mental health advisory council annually as part of the report required under section 245.487, subdivision 4. The report shall include information from each department represented on:

(1) the number of children in each department's system who require mental health services;

(2) the number of children in each system who receive mental health services;

(3) how mental health services for children are funded within each system;

(4) how mental health services for children could be coordinated to provide more effectively appropriate mental health services for children; and

(5) recommendations for the provision of early screening and identification of mental illness in each system perform the duties required under sections 245.494 to 245.496.

Sec. 2. [245.491] [CITATION; DECLARATION OF PURPOSE.]

Subdivision 1. [CITATION.] Sections 245.491 to 245.496 may be cited as "the children's mental health integrated fund."

Subd. 2. [PURPOSE.] The legislature finds that children with emotional or behavioral disturbances or who are at risk of suffering such disturbances often require services from multiple service systems including mental health, social services, education, corrections, juvenile court, health, and jobs and training. In order to better meet the needs of these children, it is the intent of the legislature to establish an integrated children's mental health service system that:

(1) allows local service decision makers to draw funding from a single local source so that funds follow clients and eliminates the need to match clients, funds, services, and provider eligibilities;

(2) creates a local pool of state, local, and private funds to procure a greater medical assistance federal financial participation;

(3) improves the efficiency of use of existing resources;

(4) minimizes or eliminates the incentives for cost and risk shifting; and

(5) increases the incentives for earlier identification and intervention.

The children's mental health integrated fund established under sections 245.491 to 245.496 must be used to develop and support this integrated mental health service system. In developing this integrated service system, it is not the intent of the legislature to limit any rights available to children and their families through existing federal and state laws.

Sec. 3. [245.492] [DEFINITIONS.]

Subdivision 1. [DEFINITIONS.] The definitions in this section apply to sections 245.491 to 245.496.

[BASE LEVEL FUNDING.] "Base level funding" means funding received from state, federal, or local sources and expended across the local system of care in fiscal year 1993 for children's mental health services or for special education services for children with emotional or behavioral disturbances. In subsequent years, base level funding may be adjusted to reflect decreases in the numbers of children in the target population.

Subd. 3. [CHILDREN WITH EMOTIONAL OR BEHAVIORAL DISTURBANCES.] "Children with emotional or behavioral disturbances" includes children with emotional disturbances as defined in section 245.4871, subdivision 15, and children with emotional or behavioral disorders as defined in Minnesota Rules, part 3525.1329, subpart 1.

(1) multiagency service coordination and wraparound services; or

(2) informal coordination of traditional mental health services provided on a temporary basis.

(16) provide the integrated fund task force with information requested.

Subd. 2. (3) gather data needed to manage mental health care including evaluation data and data necessary to establish a separate capitation rate for children's mental health services if that option is selected;

(4) by January 1, 1994, develop a model contract for providers of mental health managed care that meets the requirements set out in sections 245.491 to 245.496 and 256B.69, and utilize this contract for all subsequent awards, and before January 1, 1995, the commissioner of human services shall not enter into or extend any contract under section 256B.69 that would impede the implementation of sections 245.491 to 245.496;

(6) provide technical assistance to help local children's mental health collaboratives certify local expenditures for federal financial participation;

(7) assist local children's mental health collaboratives in identifying an economically viable initial target population;

(8) seek all necessary federal waivers or approvals and recommend necessary legislation to enhance federal revenue, provide clinical and management flexibility, and otherwise meet the goals of local children's mental health collaboratives and request necessary state plan amendments to maximize the availability of medical assistance for activities undertaken by the local children's mental health collaborative;

(9) take all steps necessary to secure medical assistance reimbursement under the rehabilitation option for residential treatment wraparound services, therapeutic support of foster care, and for family community support services when these services are provided through a local children's mental health collaborative; and

(10) provide a mechanism to identify separately the reimbursement to a county for child welfare targeted case management provided to the target population for purposes of subsequent transfer by the county to the integrated fund.

Subd. 4. [RULEMAKING.] The commissioners of human services, health, corrections, and the state board of education shall adopt or amend rules as necessary to implement sections 245.491 to 245.496.

Subd. 5. [RULE MODIFICATION.] The commissioner of human services shall modify the service and claiming requirements set out in Minnesota Rules, parts 9520.0900 to 9520.0926 and 9505.0323, as it pertains to mental health, to correspond with similar provisions proposed under the Family Preservation Investment Project-Federal Revenue Enhancement Initiative.

Sec. 6. [245.495] [ADDITIONAL FEDERAL REVENUES.]

Each local children's mental health collaborative shall report expenditures eligible for federal reimbursement in a manner prescribed by the commissioner of human services under section 256.01, subdivision 2, clause (17). The commissioner of human services shall pay all funds earned by each local children's mental health collaborative to the collaborative. Each local children's mental health collaborative must use these funds to expand the initial target population or to develop or provide mental health services through the local integrated service system to children in the target population. Funds may not be used to supplant funding for services to children in the target population.

For purposes of this section, "mental health services" are community-based, nonresidential services, which may include respite care, that are identified in the child's multiagency plan of care.

Sec. 7. [245.496] [IMPLEMENTATION.]

Subdivision 1. [APPLICATIONS FOR START-UP FUNDS FOR LOCAL CHILDREN'S MENTAL HEALTH COLLABORATIVES.] By September 1, 1993, the commissioner of human services shall publish the procedures for awarding start-up funds. Applications for local children's mental health collaboratives shall be obtained through the commissioner of human services and submitted to the state coordinating council. The application must state the amount of start-up funds requested by the local children's mental health collaborative and how the local children's mental health collaborative intends on using these funds.

Subd. 2. [DISTRIBUTION OF START-UP FUNDS.] By January 1, 1994, the state coordinating council must ensure distribution of start-up funds to local children's mental health collaboratives that meet the requirements established in section 245.493 and whose applications have been approved by the council. If the number of applications received exceed the number of local children's mental health collaboratives that can be funded, the funds must be geographically distributed across the state and balanced between the seven county metro area and the rest of the state. Preference must be given to collaboratives that include the juvenile court and correctional systems, multiple school districts, or other multiple government entities from the local system of care. In rural areas, preference must also be given to local children's mental health collaboratives that include multiple counties. Initially, no more than one collaborative per county may qualify for start-up funds.

Subd. 3. [SUBMISSION AND APPROVAL OF LOCAL COLLABORATIVE PROPOSALS FOR INTEGRATED SYSTEMS.] By December 31, 1994, a local children's mental health collaborative that received start-up funds must submit to the state coordinating council its proposal for creating and funding an integrated service system for children in the target population. Within 60 days of receiving the local collaborative proposal the state coordinating council must review the proposal and notify the local children's

mental health collaborative as to whether or not the proposal has been approved. If the proposal is not approved, the state coordinating council must indicate changes needed to receive approval.

"Sec. 6. [62N.06] [PERMITTED NETWORK STRUCTURE.]

Subdivision 1. [NONPROFIT CORPORATION.] A corporation organized under chapter 317A may operate one or more integrated service networks. A corporation that operates one or more integrated service networks is governed by chapter 317A, except in the case of a conflict with this chapter, in which case this chapter governs. The corporation shall not engage in activities unrelated to integrated service networks, without the prior written approval of the commissioner. An entity that is not a corporation organized under chapter 317A shall not operate a network but may establish and own a corporation organized under chapter 317A to operate one or more networks.

Subd. 2. [SEPARATE ACCOUNTING REQUIRED.] A corporation oper-

ating more than one integrated service network must maintain separate accounting and record keeping procedures, acceptable to the commissioner, for each integrated service network.

Sec. 7. [62N.065] [ADMINISTRATIVE COST CONTAINMENT.]

Subdivision 1. [UNREASONABLE EXPENSES.] No integrated service network shall incur or pay for any expense of any nature which is unreasonably high in relation to the value of the service or goods provided. The commissioner of health shall implement and enforce this section by rules adopted under this section.

In an effort to achieve the stated purposes of sections 62N.01 to 62N.23, in order to safeguard the underlying nonprofit status of integrated service networks, and to ensure that the payment of integrated service network money to major participating entities results in a corresponding benefit to the integrated service network and its enrollees, when determining whether an organization has incurred an unreasonable expense in relation to a major participating entity, due consideration shall be given to, in addition to any other appropriate factors, whether the officers and trustees of the integrated service network have acted with good faith and in the best interests of the integrated service network in entering into, and performing under, a contract under which the integrated service network has incurred an expense. The commissioner has standing to sue, on behalf of an integrated service network, officers or trustees of the integrated service network who have breached their fiduciary duty in entering into and performing such contacts.

Subd. 2. [DATA ON PAYMENTS.] Integrated service networks shall keep on file in the offices of the integrated service network data on the payments, salaries, and other remuneration paid to for-profit firms, affiliates, or to persons, for administrative expenses, service contracts, and management of the integrated service network and shall make it available to the commissioner.

Subd. 3. [ADMINISTRATIVE COST REDUCTIONS.] The commissioner shall establish a plan that requires integrated service networks to lower their administrative expenses and costs for each of the five years 1994 through 1998. This plan shall require lower administrative expenses in order to reflect savings experienced by integrated service networks from lowered reporting requirements, lowered underwriting and marketing expenses, and other features of the integrated service network plan.

Subd. 4. [DISAPPROVAL OF CONTRACTS.] The commissioner shall review all payments, administrative contracts, service contracts, and other agreements to determine the reasonableness of the cost of the contracts or agreements and effect of the contracts or agreements on the price of the integrated service network to enrollees. If the commissioner determines that a contract or agreement is not reasonable, the commissioner shall disapprove the contract or agreement. The commissioner may request any information that is necessary to determine if costs are reasonable.

The commissioner shall give reasons for the disapproval in writing to the integrated service network. This notice shall state that a hearing will be granted within 20 days after a request in writing by the integrated service network."

Subd. 2. Subdivision 1. [PURPOSE.] The legislature finds that all health care stakeholders, as well as society at large, benefit from medical education and health care research. Subd. 2. [DEFINITION.] For purposes of this section, "health care research" means research that is not subsidized from private grants, donations, or other outside research sources but is funded by patient out-of-pocket expenses or a third party payer and has been approved by an institutional review board certified by the United States Department of Health and Human Services.

Subd. 3. [COST ALLOCATION FOR EDUCATION AND RESEARCH.] By January 1, 1994, the commissioner of health, in consultation with the health care commission and the health planning advisory committee, shall:

(2) determine a percentage of the annual rate of growth established under section 62J.04 to be allocated for the cost of education and research and develop a method to assess the percentage from each group purchaser;

(3) develop mechanisms to collect the assessment from group purchasers to be deposited in a separate education and research fund; and

(4) develop a method to allocate the education and research fund to specific health care providers.

Sec. 6. Minnesota Statutes 1992, section 62J.09, is amended by adding a subdivision to read:

Subd. 1a. [DUTIES RELATED TO COST CONTAINMENT.] (a) [ALLOCATION OF REGIONAL SPENDING LIMITS.] Regional coordinating boards may advise the commissioner regarding allocation of annual regional limits on the rate of growth for providers in the regulated all-payer system in order to:
