

**COMMUNICATIONS RECEIVED SUBSEQUENT TO
ADJOURNMENT**

May 17, 1993

The Honorable Allan H. Spear
President of the Senate

Dear President Spear:

I have vetoed and am returning Resolution Number 4, Senate File 1232/House File 1519, relating to the North American Free Trade Agreement (NAFTA).

Resolutions, while having no formal legal significance, can be important statements of policy and goals. The state constitution allows me to review resolutions in the same manner as bills which have passed the legislature. I am vetoing this resolution because I do not agree with its statements and feel it contradicts the position that our state must take on NAFTA.

NAFTA will be beneficial to the state and the country. Opening new markets for U.S. products represents the most important step we can make to foster economic growth. Lowering trade barriers makes sense for consumers, employers and employees and will translate into increased exports, economic growth and job creation for Minnesota. Passage of NAFTA is particularly important to our state because of our proximity to Canada.

The resolution is loaded with speculation of the possible consequences of NAFTA. I realize that there are concerns about environmental and labor issues. It will be important for these issues to be resolved to the satisfaction of Congress. Congress, the Bush administration and now the Clinton administration have been debating these issues for two years now. President Clinton and Congressman Gephardt are urging ratification with some negotiated modifications. This resolution would be contrary to those efforts.

Warmest regards,
Arne H. Carlson, Governor

Pursuant to Joint Rule 3.02, (c), the foregoing message was laid on the table.

The Honorable Allan H. Spear
President of the Senate

Dear President Spear:

I have vetoed and am returning Chapter 290, Senate File No. 1407/House File No. 1727, the Omnibus Higher Education Appropriations bill.

This bill contains many fine provisions, some of which were contained in the budget I presented to the legislature in January; others were legislative initiatives. However, as of this morning, the aggregate result of appropriation bills passed, guarantees that the state will have to borrow its way to a balanced budget. To the best of my knowledge, the Minnesota Legislature has never knowingly adopted a budget with a built-in deficit; to do so now would amount to a breach of our commitment to the taxpayers of this state.

If the Legislature either now or in a special session determines that creating a cash flow account of \$400 million or setting in statute the mechanism to unallot to avert short-term borrowing, I would be happy to reconsider this and other appropriation bills.

We owe it to the taxpayers of this state to live within our means.

Warmest regards,
Arne H. Carlson, Governor

Pursuant to Joint Rule 3.02, (c), the foregoing message was laid on the table.

The Honorable Allan H. Spear
President of the Senate

Dear President Spear:

I have vetoed and am returning Chapter 225, Senate File No. 1496/House File No. 1751, the Health and Human Development Appropriations bill.

This bill contains many fine provisions, some of which were contained in the budget I presented to the legislature in January; others were legislative initiatives. However, as of this morning, the aggregate result of appropriation bills passed, guarantees that the state will have to borrow its way to a balanced budget. If the Legislature either now or in a special session determines that creating a cash flow account of \$400 million or setting in statute the mechanism to unallot to avert short-term borrowing, I would be happy to reconsider this and other appropriation bills:

We owe it to the taxpayers of this state to live within our means.

May 20, 1993

The Honorable Allan H. Spear
President of the Senate

Dear President Spear:

I have vetoed and am returning Chapter 325, Senate File 306/House File 1480, a bill relating to the appointment procedures and contracting.

Article 1 establishes a number of unnecessary procedural requirements for the appointment of agency heads and members of administrative boards. The article, for instance, requires that appointing authorities seek the advice and consent of the Senate for all board vacancies regardless of the length of the remaining term. It prohibits a temporary or acting commissioner from serving for longer than 45 legislative days regardless of qualifications or circumstances.

Article 2 has created considerable controversy because of the limits it imposes on professional and technical services contracts. I support improved management of state contracts and agree with the Legislative Auditor's February 1992 recommendations to streamline the contracting process and improve its effectiveness. While Chapter 325 contains several important reform provisions such as the new requirements for contract renewals, many of the bill's provisions run counter to the recommendations of the Legislative Auditor.

Provisions, such as requiring agencies to complete evaluation forms on all contracts over \$5000 and file them with legislative policy and finance chairs, create additional paperwork and red tape without improving contract management. Other provisions, such as requiring detailed budget estimates for contracts as part of the biennial budget process, run counter to our implementation of performance-based budgeting - which emphasizes program results rather than line-item micro-management.

Section 10, which imposes a 10 percent across-the-board cut in contracting, is of particular concern. While the bill authorizes certain exemptions, it does not begin to recognize all of the situations where contracting is an essential part and/or the most cost effective way of delivering a service. The bill treats all departments alike, regardless of their needs of the cost effectiveness of contracting. The provision is particularly troublesome for new or expanding programs mandated by the legislature. MinnesotaCare, the safe drinking water program in the Department of Health and the state's correctional programs are examples of programs that would be crippled by a 10 percent across-the-board cut in contracts.

Rather than impose an arbitrary across-the-board reduction in contracting and additional paperwork requirements, we need to concentrate on revamping contracting procedures to make them less cumbersome and strengthen contract management to ensure that state contracts are cost-effective. I support the Department of Administration's plans to implement the recommendations of the Legislative Auditor, most of which can be implemented administratively. State agencies will be given more responsibility for small, routine contracts. The Department of Administration will focus on the state's more expensive, complex contracts and will provide agencies greater guidance and training on contract management.

Warmest regards,
Arne H. Carlson, Governor

Dear President Spear:

It is my honor to inform you that I have received, approved, signed and deposited in the Office of the Secretary of State, Senate File Nos. 1054, 414, 636, 663, 748, 1077, 1368, 553, 625, 176, 429, 694, 1114, 1297, and 1642.

The Honorable Allan H. Spear
President of the Senate

Dear President Spear:

I have vetoed and am returning Chapter 359, Senate File 785/House File 349, a bill providing that certain acts are unfair labor practices.

Chapter 359 amends the Public Employee Labor Relations Act (PELRA) as well as laws governing private sector labor relations. This measure would make it an unfair labor practice for a public or private employer to refuse to

allow a labor organization equal time during work hours to respond to an employer meeting intended to discourage employees from voting to unionize. This measure suffers from several infirmities.

First, I believe this bill would place an unfair burden on employers by requiring them, in effect, to pay for the unionization effort. This issue is best decided in the negotiation process.

Second, any and all changes to PELRA should be done only in the context of an overall review of this law. This would ensure that the interests of labor, management and the taxpayer are all appropriately considered.

Third, as drafted, this bill is very unclear and invites lawsuits. For example, how are we to determine when an "anti-union" meeting has occurred? Who determines when the response meeting should be held and which union representative will respond assuming more than one union is competing?

Finally, the legislature is again ignoring the issue of federal preemption. The National Labor Relations Act covers union organizing activity and Minnesota should take care to avoid placing an additional burden on our employers in areas that require national uniformity.

Warmest regards,
Arne H. Carlson, Governor

Pursuant to Joint Rule 3.02, (c), the foregoing message was laid on the table.

May 24, 1993

The Honorable Allan H. Spear
President of the Senate

Dear President Spear:

I have vetoed and am returning Chapter 360, Senate File 544/House File 651, a bill providing that certain acts are an unfair labor practice.

Chapter 360 amends the Public Employee Labor Relations Act (PELRA) as well as laws governing private sector labor relations. This measure would make it an unfair labor practice for a public or private employer to fail to inform an employee of the employee's right to have a union representative present during an investigation or disciplinary interview.

Chapter 360 would seriously impede an employer's efforts to conduct an investigation. Both employers and employees share an interest in resolving investigations or disciplinary actions in a quick and fair manner. They should also share in the responsibilities and burdens of notifying employees of their rights. This issue is more appropriately decided in the negotiation process.

Second, as I stated in my veto message for Chapter 359, any and all changes to PELRA should be done only in the context of an overall review of this law.

This would ensure that the interests of labor, management and the taxpayer are all appropriately considered.

Warmest regards,
Arne H. Carlson, Governor

Pursuant to Joint Rule 3.02, (c), the foregoing message was laid on the table.

The Honorable Allan H. Spear
President of the Senate

Dear President Spear:

I have vetoed and am returning Chapter 349, Senate File 811/House File 1125, a bill relating to a metropolitan high speed bus system implementation study.

This bill would spend \$50,000 on yet another study of an issue that is currently being examined in the metro area on several fronts. The current plans and studies include:

The Metropolitan Council's Transit Facilities Plan issued in February, 1992, examined eighteen transportation corridors and suggested transit improvements in each, including high occupancy vehicle (HOV) lanes on I-94 north from Minneapolis and I-94 east from Saint Paul.

The Regional Transit Board's "Vision for Transit" already includes elements of this concept such as timed-transfer bus stations.

MnDOT's Alternatives Analysis of the Central Corridor between Minneapolis and Saint Paul is currently examining a busway as one alternative transit improvement. The draft Environmental Impact Statement for this corridor is scheduled to be completed in the fall of 1993.

"Team Transit" is currently examining methods of improving bus service in the I-494 and I-35W corridors.

The provision of intercity bus service, including links to the Twin Cities, is currently being examined by MnDOT in its Greater Minnesota Transit Plan.

Accordingly, this study would be largely duplicative and an inefficient use of scarce financial resources.

Warmest regards,
Arne H. Carlson, Governor
