(g) The office must conduct a comprehensive review at least every three years of the information systems investments that have been made by state agencies and higher education institutions. The review must include recommendations on any information systems applications that could be provided in a more cost beneficial manner by an outside source. These plans may allow for this information to be provided through such means as in-person student advising or electronic delivery, as determined by the campus to best address student needs.

Sec. 57. Laws 1995, chapter 212, article 2, section 20, subdivision 2, is amended to read:

To initially qualify for an exemption, a facility must apply for an exemption in its application for a new or amended solid waste permit to the pollution control agency. (1) generators separate materials at the source;

(2) the separation is performed in a manner appropriate to the technology specific to the facility that:

(i) maximizes the quality of the product;

(ii) minimizes the toxicity and quantity of residuals; and

(iii) provides an opportunity for significant improvement in the environmental efficiency of the operation;

(3) the operator of the facility educates generators, in coordination with each county using the facility, about separating the waste to maximize the quality of the waste stream for the technology specific to the facility;

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1995 Supplement, section 275.065, subdivision 3, is amended to read:

Subd. 3. [NOTICE OF PROPOSED PROPERTY TAXES.] (a) The county auditor shall prepare and the county treasurer shall deliver after November 10 and on or before November 24 each year, by first class mail to each taxpayer at the address listed on the county's current year's assessment roll, a notice of proposed property taxes and, in the case of a town, final property taxes.

(b) The commissioner of revenue shall prescribe the form of the notice.

(c) The notice must inform taxpayers that it contains the amount of property taxes each taxing authority other than a town proposes to collect for taxes payable the following year and, for a town, the amount of its final levy. It must clearly state that each taxing authority, including regional library districts established under section 134.201, and including the metropolitan taxing districts as defined in paragraph (i), but excluding all other special taxing districts and towns, will hold a public meeting to receive public testimony on the proposed budget and proposed or final property tax levy, or, in case of a school district, on the current budget and proposed property tax levy. It must clearly state the time and place of each taxing authority's meeting and an address where comments will be received by mail.

(d) The notice must state for each parcel:

(1) the market value of the property as determined under section 273.11, and used for computing property taxes payable in the following year and for taxes payable in the current year; and, in the case of residential property, whether the property is classified as homestead or nonhomestead. The notice must clearly inform taxpayers of the years to which the market values apply and that the values are final values;

(2) by county, city or town, school district excess referenda levy, remaining school district levy, regional library district, if in existence, the total of the metropolitan special taxing districts as defined in paragraph (i) and the sum of the remaining special taxing districts, and as a total of the taxing authorities, including all special taxing districts, the proposed or, for a town, final net tax on the property for taxes payable the following year and the actual tax for taxes payable the current year. For the purposes of this subdivision, "school district excess referenda levy" means school district taxes for operating purposes approved at referendums, including those taxes based on net tax capacity as well as those based on market value. "School district excess referenda levy" does not include school district taxes for capital expenditures approved at referendums or school district taxes to pay for the debt service on bonds approved at referenda. In the case of the city of Minneapolis, the levy for the Minneapolis library board and the levy for Minneapolis park and recreation shall be listed separately from the remaining amount of the city's levy. In the case of a parcel where tax increment or the fiscal disparities areawide tax applies, the proposed tax levy on the captured value or the proposed tax levy on the tax capacity subject to the areawide tax must each be stated separately and not included in the sum of the special taxing districts; and

(3) the increase or decrease in the amounts in clause (2) from taxes payable in the current year to proposed or, for a town, final taxes payable the following year, expressed as a dollar amount and as a percentage.

(e) The notice must clearly state that the proposed or final taxes do not include the following:

(1) special assessments;

(2) levies approved by the voters after the date the proposed taxes are certified, including bond referenda, school district levy referenda, and levy limit increase referenda;

(3) amounts necessary to pay cleanup or other costs due to a natural disaster occurring after the date the proposed taxes are certified;

(4) amounts necessary to pay tort judgments against the taxing authority that become final after the date the proposed taxes are certified; and

(5) the contamination tax imposed on properties which received market value reductions for contamination.

(f) Except as provided in subdivision 7, failure of the county auditor to prepare or the county treasurer to deliver the notice as required in this section does not invalidate the proposed or final tax levy or the taxes payable pursuant to the tax levy.

(g) If the notice the taxpayer receives under this section lists the property as nonhomestead and the homeowner provides satisfactory documentation to the county assessor that the property is owned and has been used as the owner's homestead prior to June 1 of that year, the assessor shall reclassify the property to homestead for taxes payable in the following year.

(h) In the case of class 4 residential property used as a residence for lease or rental periods of 30 days or more, the taxpayer must either:

(1) mail or deliver a copy of the notice of proposed property taxes to each tenant, renter, or lessee; or

(2) post a copy of the notice in a conspicuous place on the premises of the property.

The notice must be mailed or posted by the taxpayer by November 27 or within three days of receipt of the notice, whichever is later. A taxpayer may notify the county treasurer of the address of the taxpayer, agent, caretaker, or manager of the premises to which the notice must be mailed in order to fulfill the requirements of this paragraph.

(i) For purposes of this subdivision, subdivisions 5a and 6, "metropolitan special taxing districts" means the following taxing districts in the seven-county metropolitan area that levy a property tax for any of the specified purposes listed below:

(1) metropolitan council under section 473.132, 473.167, 473.249, 473.325, 473.446, 473.521, 473.547, or 473.834;

(2) metropolitan airports commission under section 473.667, 473.671, or 473.672; and

(3) metropolitan mosquito control commission under section 473.711.

(j) For taxes levied in 1996, payable in 1997 only, in the case of a statutory or home rule charter city or town that exercises the local levy option provided in section 473.388, subdivision 7, the notice of its proposed taxes may include a statement of the amount by which its proposed tax increase for taxes payable in 1997 is attributable to its exercise of that option, together with a statement that the levy of the metropolitan council was decreased by a similar amount because of the exercise of that option.

For purposes of this section, any levies made by the regional rail authorities in the county of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, or Washington under chapter 398A shall be included with the appropriate county's levy and shall be discussed at that county's public hearing.

Sec. 2. Minnesota Statutes 1994, section 473.388, subdivision 5, is amended to read:

Subd. 5. [OTHER ASSISTANCE.] A city or town receiving assistance or levying a transit tax under this section may also receive assistance from the council under section 473.384. In applying for assistance under that section an applicant must describe the portion of ~~the~~ its available local transit funds which are not obligated to subsidize its replacement transit service and which the applicant proposes to use to subsidize additional service. An applicant which has exhausted its available local transit funds may use any other local subsidy funds to complete the required local share.

Sec. 3. Minnesota Statutes 1994, section 473.388, is amended by adding a subdivision to read:

Subd. 7. [LOCAL LEVY OPTION.] (a) A statutory or home rule charter city or town that is eligible for assistance under this section, in lieu of receiving the assistance, may levy a tax for payment of the operating and capital expenditures for transit and other related activities and to provide for payment of obligations issued by the municipality for such purposes, provided that the tax must be sufficient to maintain the level of transit service provided in the municipality in the previous year.

(b) The transit tax revenues derived by the municipality may not exceed:

(1) for taxes levied in 1996, the maximum available local transit funds for the municipality in 1996 under section 473.446, calculated as if the percentage of transit tax revenues for the municipality were 88 percent instead of 90 percent, and multiplied by the municipality's market value adjustment ratio; and

(2) for taxes levied in 1997 and later years, the maximum transit tax that the municipality may have levied in the previous year under this subdivision, multiplied by the municipality's market value adjustment ratio.

The commissioner of revenue shall certify the municipality's levy limitation under this subdivision to the municipality by August 1 of the levy year. The tax, including any penalties, interest, and costs, must be accumulated and kept in a separate fund to be known as the "replacement transit fund."

(c) To enable the municipality to receive revenues described in clauses (2) and (3) of the definition of "tax revenues" in section 473.388, subdivision 4, that would otherwise be lost if the municipality's transit tax levy was not treated as a successor levy to that made by the council under section 473.446:

(1) 88 percent of the council's 1995 nondebt spread levy shall be treated as levied by the municipality, and not the council, for purposes of section 473F.08, subdivision 3, for the purpose of determining its local tax rate for the preceding year; and

(2) there shall be paid to the municipality instead of the council 88 percent of the revenues described in clause (3) of the definition of "tax revenues" in section 473.388, subdivision 4.

(d) Any transit taxes levied under this subdivision are not subject to, or counted towards, any limit hereafter imposed by law on the levy of taxes upon taxable property within any municipality unless the law specifically includes the transit tax.

(e) This subdivision is consistent with the transit redesign plan. Eligible municipalities opting to levy the transit tax under this subdivision shall continue to meet the regional performance standards established by the council.

(f) Within the designated Americans with Disabilities Act area, metro mobility remains the obligation of the state.

Sec. 4. Minnesota Statutes 1995 Supplement, section 473.446, subdivision 1, is amended to read:

Subdivision 1. [TAXATION WITHIN TRANSIT TAXING DISTRICT.] For the purposes of

sections 473.405 to 473.449 and the metropolitan transit system, except as otherwise provided in this subdivision and section 5, the council shall levy each year upon all taxable property within the metropolitan transit taxing district, defined in subdivision 2, a transit tax consisting of:

(a) an amount which shall be used for payment of the expenses of operating transit and paratransit service and to provide for payment of obligations issued by the council under section 473.436, subdivision 6;

(b) an additional amount, if any, the council determines to be necessary to provide for the full and timely payment of its certificates of indebtedness and other obligations outstanding on July 1, 1985, to which property taxes under this section have been pledged; and

(c) an additional amount necessary to provide full and timely payment of certificates of indebtedness, bonds, including refunding bonds or other obligations issued or to be issued under section 473.39 by the council for purposes of acquisition and betterment of property and other improvements of a capital nature and to which the council has specifically pledged tax levies under this clause.

The property tax levied by the council for general purposes under ~~clause~~ paragraph (a) must not exceed the following amount for the years specified:

(1) for taxes payable in 1995, the council's property tax levy limitation for general transit purposes is equal to the former regional transit board's property tax levy limitation for general transit purposes under this subdivision, for taxes payable in 1994, multiplied by an index for market valuation changes equal to the total market valuation of all taxable property located within the metropolitan transit taxing district for the current taxes payable year divided by the total market valuation of all taxable property located within the metropolitan transit taxing district for the previous taxes payable year; and

(2) for taxes payable in 1996 and subsequent years, the product of (i) the council's property tax levy limitation for general transit purposes for the previous year determined under this subdivision multiplied, before any reductions under clause (iii), by (ii) an index for market valuation changes equal to the total market valuation of all taxable property located within the metropolitan transit taxing district for the current taxes payable year divided by the total market valuation of all taxable property located within the metropolitan transit taxing district for the previous taxes payable year, reduced by (iii) any amount levied by a municipality under section 3.

For the taxes payable year 1995, the index for market valuation changes shall be multiplied by an amount equal to the sum of the regional transit board's property tax levy limitation for the taxes payable year 1994 and \$160,665. The \$160,665 increase shall be a permanent adjustment to the levy limit base used in determining the regional transit board's property tax levy limitation for general purposes for subsequent taxes payable years.

For the purpose of determining the council's property tax levy limitation for general transit purposes under this subdivision, "total market valuation" means the total market valuation of all taxable property within the metropolitan transit taxing district without valuation adjustments for fiscal disparities (chapter 473F), tax increment financing (sections 469.174 to 469.179), and high voltage transmission lines (section 273.425).

The county auditor shall reduce the tax levied pursuant to this ~~subdivision~~ section and section 473.388 on all property within statutory and home rule charter cities and towns that receive full-peak service and limited off-peak service by an amount equal to the tax levy that would be produced by applying a rate of 0.510 percent of net tax capacity on the property. The county auditor shall reduce the tax levied pursuant to this ~~subdivision~~ section and section 473.388 on all property within statutory and home rule charter cities and towns that receive limited peak service by an amount equal to the tax levy that would be produced by applying a rate of 0.765 percent of net tax capacity on the property. The amounts so computed by the county auditor shall be submitted to the commissioner of revenue as part of the abstracts of tax lists required to be filed with the commissioner under section 275.29. Any prior year adjustments shall also be certified in the abstracts of tax lists. The commissioner shall review the certifications to determine their accuracy and may make changes in the certification as necessary or return a certification to the

county auditor for corrections. The commissioner shall pay to the council and to the municipalities levying under section 3 the amounts certified by the county auditors on the dates provided in section 273.1398, apportioned between the council and the municipality in the same proportion as the total transit levy is apportioned within the municipality. There is annually appropriated from the general fund in the state treasury to the department of revenue the amounts necessary to make these payments.

For the purposes of this subdivision, "full-peak and limited off-peak service" means peak period regular route service, plus weekday midday regular route service at intervals longer than 60 minutes on the route with the greatest frequency; and "limited peak period service" means peak period regular route service only.

For the purposes of property taxes payable in the following year, the council shall annually determine which cities and towns qualify for the 0.510 percent or 0.765 percent tax capacity rate reduction and shall certify this list to the county auditor of the county wherein such cities and towns are located on or before September 15. No changes may be made to the annual list after September 15.

Sec. 5. Minnesota Statutes 1994, section 473.446, is amended by adding a subdivision to read:

Subd. 1b. [DEDUCTION OF LOCAL TRANSIT LEVY FOR ELIGIBLE MUNICIPALITIES.] (a) The maximum the council may levy for general purposes under subdivision 1, paragraph (a), upon taxable property within a municipality levying taxes under section 3 for replacement transit service is the transit tax levied within the municipality in the previous year, multiplied by the municipality's market value adjustment ratio, minus the amount to be levied by the municipality under section 3 for the current levy year.

(b) For purposes of (1) determining the amount the council may levy for general purposes under subdivision 1, paragraph (a), within any municipality levying taxes under section 3 for replacement transit service, and (2) calculating the amount of the levy to be allocated to each county, the council and the county auditor shall, after 1995, deduct from the part of the levy that would otherwise be allocated to the municipality the amount by which that part exceeds the maximum amount of taxes the council may levy within the municipality under this subdivision. After making the deduction, the council and the county auditor shall reallocate to the taxable property located within the metropolitan transit taxing district, other than a municipality providing replacement transit service, the amount by which the council's tax levy within the municipality was reduced. The council shall notify the county auditor no later than October 1 of each year of the amount of the deduction for each municipality providing replacement transit service located in the county.

(c) For purposes of this subdivision and section 3:

(1) "municipality" means a municipality levying taxes under section 3 for replacement transit service;

(2) "market value adjustment ratio" means the index for market valuation changes described in section 473.446, as applied to individual municipalities; and

(3) "tax revenues" has the meaning given the term in section 473.388, subdivision 4.

Sec. 6. Minnesota Statutes 1995 Supplement, section 473.446, subdivision 8, is amended to read:

Subd. 8. [STATE REVIEW.] The commissioner of revenue shall certify the council's levy limitation under this section to the council by August 1 of the levy year. The council must certify its proposed property tax levy under this section to the commissioner of revenue by September 1 of the levy year. The commissioner of revenue shall annually determine whether the property tax for transit purposes certified by the council for levy following the adoption of its proposed budget is within the levy limitation imposed by subdivision 1 and section 5. The commissioner shall also annually determine whether the transit tax imposed on all taxable property within the metropolitan transit area but outside of the metropolitan transit taxing district is within the levy limitation

imposed by subdivision 1a. The determination must be completed prior to September 10 of each year. If current information regarding market valuation in any county is not transmitted to the commissioner in a timely manner, the commissioner may estimate the current market valuation within that county for purposes of making the calculations.

Sec. 7. [EFFECTIVE DATE.]

This act is effective the day following final enactment."

Amend the title as follows:

Page 1, line 7, before the period, insert "; Minnesota Statutes 1995 Supplement, sections 275.065, subdivision 3; and 473.446, subdivisions 1 and 8"

And when so amended the bill do pass. Amendments adopted. Report adopted.

(1) the May, June, and July school district tax settlement revenue received in that calendar year; or

(2) the sum of the state aids and credits enumerated in section 124.155, subdivision 2, which are for the fiscal year payable in that fiscal year plus an amount equal to the levy recognized as revenue in June of the prior year plus 48 17.2 percent for fiscal year 1996 and 6.5 percent for fiscal year 1997 and thereafter of the amount of the levy certified in the prior calendar year according to section 124A.03, subdivision 2, plus or minus auditor's adjustments, not including levy portions that are assumed by the state; or

(d) All other school district tax settlement revenue shall be recognized as revenue in the fiscal year of the settlement. Portions of the school district levy assumed by the state, including prior year adjustments and the amount to fund the school portion of the reimbursement made pursuant to section 273.425, shall be recognized as revenue in the fiscal year beginning in the calendar year for which the levy is payable.

Sec. 5. Minnesota Statutes 1995 Supplement, section 121.904, subdivision 4c, is amended to read:

Subd. 4c. [CHANGE IN LEVY RECOGNITION PERCENT.] (a) Money appropriated under section 16A.152, subdivision 2, must be used to reduce the levy recognition percent specified in subdivision 4a, clauses (b)(2) and (b)(3), for taxes payable in the ~~succeeding~~ same calendar year the appropriation is made.

(b) The levy recognition percent shall equal the result of the following computation: the current levy recognition percent, times the ratio of

(1) the statewide total amount of levy recognized in June of the year in which the taxes are payable pursuant to subdivision 4a, clause (b), excluding those levies that are shifted for revenue recognition but are not included in the computation of the adjustment to aids under section 124.155, subdivision 1, reduced by the difference between the amount of money appropriated under section 16A.152, subdivision 2, and the amount required for the adjustment payment under clause (d), to

(2) the statewide total amount of the levy recognized in June of the year in which the taxes are payable pursuant to subdivision 4a, clause (b), excluding those levies that are shifted for revenue recognition but are not included in the computation of the adjustment to aids under section 124.155, subdivision 1.

The result shall be rounded up to the nearest one-tenth of a percent. However, in no case shall the levy recognition percent be reduced below zero or increased above the current levy recognition percent.

(c) The commissioner of finance must certify to the commissioner of children, families, and learning the levy recognition percent computed under this subdivision by January 5 of each year. The commissioner of children, families, and learning must notify school districts of a change in the levy recognition percent by January 15.

(d) When the levy recognition percent is increased or decreased as provided in this subdivision, a special aid adjustment shall be made to each school district with an operating referendum levy:

(i) When the levy recognition percent is increased from the prior fiscal year, the commissioner of children, families, and learning shall calculate the difference between (1) the amount of the levy under section 124A.03, that is recognized as revenue for the current fiscal year according to subdivision 4a; and (2) the amount of the levy, under section 124A.03, that would have been recognized as revenue for the current fiscal year had the percentage according to subdivision 4a, not been increased. The commissioner shall reduce other aids due the district by the amount of the difference. This aid reduction shall be in addition to the aid reduction required because of the increase pursuant to this subdivision of the levy recognition percent.

(ii) When the levy recognition percent is reduced from the prior fiscal year, a special adjustment payment shall be made to each school district with an operating referendum levy that received an aid reduction when the levy recognition percent was last increased. The special

adjustment payment shall be in addition to the additional payments required because of the reduction pursuant to this subdivision of the levy recognition percent. The amount of the special adjustment payment shall be computed by the commissioner of children, families, and learning such that any remaining portion of the aid reduction these districts received that has not been repaid is repaid on a proportionate basis as the levy recognition percent is reduced from 50 percent to 31 percent. The special adjustment payment must be included in the state aid payments to school districts according to the schedule specified in section 124.195, subdivision 3.

(e) The commissioner of finance shall transfer from the general fund to the education aids appropriations specified by the commissioner of children, families, and learning, the amounts needed to finance the additional payments required because of the reduction pursuant to this subdivision of the levy recognition percent. Payments to a school district of additional state aids resulting from a reduction in the levy recognition percent must be included in the cash metering of payments made according to section 124.195 after January 15, and must be paid in a manner consistent with the percent specified in that section."

For purposes of determining the net tax capacity of property referred to in clauses (1), (2), and (3), the net tax capacity shall be multiplied by the ratio of the highest class rate for class 3a property for taxes payable in the year in which the aid is payable to the highest class rate for class 3a property in the prior year. Net tax capacity cannot be less than zero.

(d) "Previous net tax capacity" means the product of the appropriate net class rates for the year previous to the year in which the aid is payable, and estimated market values for the assessment two years prior to that in which aid is payable. "Total previous net tax capacity" means the previous net tax capacities for all property within the unique taxing jurisdiction. The total previous net tax capacity shall be reduced by the sum of (1) the unique taxing jurisdiction's previous net tax capacity of commercial-industrial property as defined in section 473F.02, subdivision 3, or 276A.02, subdivision 3, multiplied by the ratio determined pursuant to section 473F.08,

subdivision 6, or 276A.06, subdivision 7, for the municipality, as defined in section 473F.02, subdivision 8, or 276A.06, subdivision 7, in which the unique taxing jurisdiction is located, (2) the previous net tax capacity of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2, and (3) the previous net tax capacity of transmission lines deducted from a local government's total net tax capacity under section 273.425. Previous net tax capacity cannot be less than zero.

(e) "Equalized market values" are market values that have been equalized by dividing the assessor's estimated market value for the second year prior to that in which the aid is payable by the assessment sales ratios determined by class in the assessment sales ratio study conducted by the department of revenue pursuant to section 124.2131 in the second year prior to that in which the aid is payable. The equalized market values shall equal the unequalized market values divided by the assessment sales ratio.

(h) For purposes of calculating and allocating homestead and agricultural credit aid authorized pursuant to subdivision 2 and the disparity reduction aid authorized in subdivision 3, "gross taxes levied on all properties," "gross taxes," or "taxes levied" means the total net tax capacity based taxes levied on all properties except that levied on the captured value of tax increment districts as defined in section 469.177, subdivision 2, and that levied on the portion of commercial industrial properties' assessed value or gross tax capacity, as defined in section 473F.02, subdivision 3, subject to the areawide tax as provided in section 473F.08, subdivision 6, in a unique taxing jurisdiction. "Gross taxes" are before any reduction for disparity reduction aid but "taxes levied" are after any reduction for disparity reduction aid. Gross taxes levied or taxes levied cannot be less than zero.

"Taxes levied" excludes equalized school levies.

(i) "Human services aids" means:

- (1) aid to families with dependent children under sections 256.82, subdivision 1, and 256.935, subdivision 1;
- (2) medical assistance under sections 256B.041, subdivision 5, and 256B.19, subdivision 1;

(k) "Growth adjustment factor" means the household adjustment factor in the case of counties. In the case of cities, towns, school districts, and special taxing districts, the growth adjustment factor equals one. The growth adjustment factor cannot be less than one.

(l) For aid payable in 1992 and subsequent years, "homestead and agricultural credit base" means the previous year's certified homestead and agricultural credit aid determined under subdivision 2 less any permanent aid reduction in the previous year to homestead and agricultural credit aid under section 477A.0132, plus, for aid payable in 1992, fiscal disparity homestead and agricultural credit aid under subdivision 2b.

(m) "Net tax capacity adjustment" means (1) the total previous net tax capacity minus the total net tax capacity, multiplied by (2) the unique taxing jurisdiction's current local tax rate. The net tax capacity adjustment cannot be less than zero.

(n) "Fiscal disparity adjustment" means the difference between (1) a taxing jurisdiction's fiscal disparity distribution levy under section 473F.08, subdivision 3, clause (a), or 276A.06, subdivision 3, clause (a), for taxes payable in the year prior to that for which aids are being calculated, and (2) the same distribution levy multiplied by the ratio of the highest class rate for class 3 property for taxes payable in the year prior to that for which aids are being calculated to the highest class rate for class 3 property for taxes payable in the second prior year to that for which aids are being calculated. Section 1. [11A.165] [EDUCATION INVESTMENT FUND.]

Subdivision 1. [ESTABLISHMENT.] A fund called the education investment fund is established in the state treasury for the purpose of investing money for grants to post-secondary students under section 136A.123. Accounts may be established within the fund for specific fields of study or geographical areas to which a corporation or individual wishes to contribute. Accounts may not be established that discriminate on the basis of race, ethnicity, or gender.

Subd. 2. [ASSETS.] The assets of the education investment fund shall consist of money contributed by private corporations, foundations, or individuals, and all income from the investment of contributions to the fund. All assets of the fund are appropriated for the purpose of supporting grants under section 136A.123.

Subd. 3. [MANAGEMENT.] The education investment fund shall be managed by the board.

Subd. 4. [INVESTMENTS.] The education investment fund shall be invested subject to the provisions of section 11A.24.

Subd. 5. [DISTRIBUTION OF ASSETS.] The board shall annually transfer appropriations from the fund to the higher education services office for distribution to eligible students under section 136A.123. Appropriations transferred to the higher education services office which are not spent do not cancel but are available for grants in the following fiscal year.

Sec. 2. [136A.123] [EDUCATION INVESTMENT GRANT PROGRAM.]

Subdivision 1. [ESTABLISHMENT.] An education investment grant program is established to provide grants to low-income students who withdraw funds from a qualified savings plan to pay for their post-secondary education.

Subd. 2. [ELIGIBILITY.] To be eligible to receive a grant from an account within the fund, a student must be:

(1) a resident of the state of Minnesota;

(2) enrolled at least half time in an undergraduate program of instruction at a public or private post-secondary institution; and

(3) expend funds withdrawn from a savings plan under section 290.0803 to pay for post-secondary education expenses in the award year.

Subd. 3. [ALLOCATION; AWARDS.] Grants must be awarded on a funds available basis from appropriations transferred to the office by the state board of investment under section 11A.165. The office shall establish rules to govern the size and distribution of grant awards. If

insufficient funds are available to award grants to all eligible applicants, the office shall give priority to applicants who demonstrate the greatest savings effort relative to income. A grant awarded under this section does not affect a recipient's eligibility for a state grant under section 136A.121.

Sec. 3. Minnesota Statutes 1994, section 290.01, subdivision 19a, is amended to read:

Subd. 19a. [ADDITIONS TO FEDERAL TAXABLE INCOME.] For individuals, estates, and trusts, there shall be added to federal taxable income:

(ii) exempt-interest dividends as defined in section 852(b)(5) of the Internal Revenue Code, except the portion of the exempt-interest dividends derived from interest income on obligations of the state of Minnesota or its political or governmental subdivisions, municipalities, governmental agencies or instrumentalities, but only if the portion of the exempt-interest dividends from such Minnesota sources paid to all shareholders represents 95 percent or more of the exempt-interest dividends that are paid by the regulated investment company as defined in section 851(a) of the Internal Revenue Code, or the fund of the regulated investment company as defined in section 851(h) of the Internal Revenue Code, making the payment; and

(iii) for the purposes of items (i) and (ii), interest on obligations of an Indian tribal government described in section 7871(c) of the Internal Revenue Code shall be treated as interest income on obligations of the state in which the tribe is located;

(2) the amount of income taxes paid or accrued within the taxable year under this chapter and income taxes paid to any other state or to any province or territory of Canada, to the extent allowed as a deduction under section 63(d) of the Internal Revenue Code, but the addition may not be more than the amount by which the itemized deductions as allowed under section 63(d) of the Internal Revenue Code exceeds the amount of the standard deduction as defined in section 63(c) of the Internal Revenue Code. For the purpose of this paragraph, the disallowance of itemized deductions under section 68 of the Internal Revenue Code of 1986, income tax is the last itemized deduction disallowed;

(3) the capital gain amount of a lump sum distribution to which the special tax under section 1122(h)(3)(B)(ii) of the Tax Reform Act of 1986, Public Law Number 99-514, applies; and

(4) the amount of income taxes paid or accrued within the taxable year under this chapter and income taxes paid to any other state or any province or territory of Canada, to the extent allowed as a deduction in determining federal adjusted gross income. For the purpose of this paragraph, income taxes do not include the taxes imposed by sections 290.0922, subdivision 1, paragraph (b), 290.9727, 290.9728, and 290.9729; and

(5) the amount provided by section 290.0803, subdivision 3.

Sec. 4. Minnesota Statutes 1995 Supplement, section 290.01, subdivision 19b, is amended to read:

Subd. 19b. [SUBTRACTIONS FROM FEDERAL TAXABLE INCOME.] For individuals, estates, and trusts, there shall be subtracted from federal taxable income:

(1) interest income on obligations of any authority, commission, or instrumentality of the United States to the extent includable in taxable income for federal income tax purposes but exempt from state income tax under the laws of the United States;

(2) if included in federal taxable income, the amount of any overpayment of income tax to Minnesota or to any other state, for any previous taxable year, whether the amount is received as a refund or as a credit to another taxable year's income tax liability;

(3) the amount paid to others not to exceed \$650 for each dependent in grades kindergarten to 6 and \$1,000 for each dependent in grades 7 to 12, for tuition, textbooks, and transportation of each dependent in attending an elementary or secondary school situated in Minnesota, North Dakota, South Dakota, Iowa, or Wisconsin, wherein a resident of this state may legally fulfill the state's compulsory attendance laws, which is not operated for profit, and which adheres to the provisions of the Civil Rights Act of 1964 and chapter 363. As used in this clause, "textbooks" includes books and other instructional materials and equipment used in elementary and secondary schools in teaching only those subjects legally and commonly taught in public elementary and secondary schools in this state. "Textbooks" does not include instructional books and materials used in the teaching of religious tenets, doctrines, or worship, the purpose of which is to instill such tenets, doctrines, or worship, nor does it include books or materials for, or transportation to, extracurricular activities including sporting events, musical or dramatic events, speech activities, driver's education, or similar programs. In order to qualify for the subtraction under this clause the taxpayer must elect to itemize deductions under section 63(e) of the Internal Revenue Code;

(4) to the extent included in federal taxable income, distributions from a qualified governmental pension plan, an individual retirement account, simplified employee pension, or qualified plan covering a self-employed person that represent a return of contributions that were included in Minnesota gross income in the taxable year for which the contributions were made but were deducted or were not included in the computation of federal adjusted gross income. The distribution shall be allocated first to return of contributions until the contributions included in Minnesota gross income have been exhausted. This subtraction applies only to contributions made in a taxable year prior to 1985;

(5) income as provided under section 290.0802;

(6) the amount of unrecovered accelerated cost recovery system deductions allowed under subdivision 19g;

(7) to the extent included in federal adjusted gross income, income realized on disposition of property exempt from tax under section 290.491;

(8) to the extent not deducted in determining federal taxable income, the amount paid for health insurance of self-employed individuals as determined under section 162(l) of the Internal Revenue Code, except that the 25 percent limit does not apply. If the taxpayer deducted insurance payments under section 213 of the Internal Revenue Code of 1986, the subtraction under this clause must be reduced by the lesser of:

(i) the total itemized deductions allowed under section 63(d) of the Internal Revenue Code, less state, local, and foreign income taxes deductible under section 164 of the Internal Revenue Code and the standard deduction under section 63(c) of the Internal Revenue Code; or

(ii) the lesser of (A) the amount of insurance qualifying as "medical care" under section 213(d) of the Internal Revenue Code to the extent not deducted under section 162(1) of the Internal Revenue Code or excluded from income or (B) the total amount deductible for medical care under section 213(a); and

(9) the exemption amount allowed under Laws 1995, chapter 255, article 3, section 2, subdivision 3; and

(10) the subtraction provided by section 290.0803, subdivision 2.

Sec. 5. [290.0803] [HIGHER EDUCATION TRUSTS.]

Subdivision 1. [DEFINITIONS.] (a) For the purposes of this section, the following terms have the meanings given them.

(b) "Higher education trust" means a grantor trust created or organized in Minnesota for the purpose of funding the qualified education expenses of the grantor, but only if the written governing instrument creating the trust meets the following requirements:

(1) No contributions shall be accepted unless it is in cash, and contributions shall not be accepted for the taxable year in excess of \$2,000.

(2) The trustee is a bank or other person who demonstrates to the satisfaction of the commissioner that the manner in which the other person will administer the trust will be consistent with the requirements of this section.

(3) No part of the trust funds shall be invested in life insurance contracts.

(4) The interest of an individual in the balance of the individual's account is nonforfeitable.

(5) The assets of the trust shall not be commingled with other property except in a common trust fund or common investment fund.

(6) The trust is not taxed for federal tax purposes as an individual retirement account under section 408 of the Internal Revenue Code.

(c) "Qualified education expense of the grantor" means tuition, books, and fees required for the enrollment or attendance at an eligible education institution of the grantor; the grantor's spouse; or any child, grandchild, or ancestor of the grantor or grantor's spouse. A qualified education expense of the grantor does not include expenses with respect to any course or other education involving sports, games, or hobbies other than as part of a degree program.

The amount of qualified higher education expenses otherwise taken into account under this paragraph with respect to the education of an individual shall be reduced, before the application of this paragraph, by the sum of the amounts received with respect to the individual for the taxable year as:

(1) a qualified scholarship which under section 117 of the Internal Revenue Code of 1986 is not includable in gross income;

(2) an educational assistance allowance under United States Code, title 38, chapter 30, 31, 32, 34, or 35;

(3) a payment, other than a gift, bequest, devise, or inheritance within the meaning of section 102(a) of the Internal Revenue Code for educational expenses, or attributable to attendance at an eligible educational institution, which is exempt from income taxation by any law of the United States; or

(4) amounts excluded from federal taxable income under section 135 of the Internal Revenue Code.

(d) For the purposes of paragraph (c), "eligible educational institution" means:

(1) an institution described in section 1201(a) or subparagraph (C) or (D) of section 481(a)(1) of the Higher Education Act of 1965; or

(2) an area vocational education school, as defined in subparagraph (C) or (D) of section 521(3) of the Carl D. Perkins' Vocational Education Act, that is in any state, as defined in section 521(27) of the Carl D. Perkins' Vocational Education Act.

Subd. 2. [SUBTRACTION.] The grantor is allowed a subtraction from federal taxable income in the amount of (1) the contribution made by the grantor to a higher education trust in the grantor's taxable year, and (2) any net income or net capital gain other than income which is excluded from Minnesota tax by section 290.01, subdivision 19b, clause (1), generated by the higher education trust that is included in the grantor's federal taxable income for the year.

Subd. 3. [ADDITION.] The net income or capital loss of a higher education trust for a tax year which is included in the computation of the grantor's federal taxable income must be added to federal taxable income to the extent the loss is included in the grantor's computation of federal taxable income.

Subd. 4. [TAX ON DISTRIBUTION FROM A HIGHER EDUCATION TRUST.] In the event of distribution from a higher education trust within five years of the establishment of the higher education trust or in a year in which the distribution exceeds the qualified education expense of the

grantor for the year notwithstanding any provision to the contrary, there is imposed on the grantor or the grantor's estate an additional tax in the amount of (1) two percent plus the highest marginal tax rate applicable to the grantor's net income in the year of distribution under section 290.06, subdivision 2c, clause (a), multiplied by the amount of the distribution if the distribution is made within five years of the establishment of the trust; or (2) the percentage determined under clause (1) multiplied by the amount of the distribution which exceeds the qualified education expense of the grantor for the year for distributions from a trust in existence for more than five years.

This tax applies regardless of whether the true grantor is a resident or nonresident of Minnesota in the year of distribution.

In no event shall the cumulative distributions subject to the tax in this subdivision exceed the cumulative amount of subtractions less cumulative additions claimed by the grantor on the grantor's Minnesota individual income tax returns for tax years prior to the year of distribution. Notwithstanding the filing requirements of section 289A.08, subdivision 1, a grantor is required to file a Minnesota individual tax return for any year in which the tax provided by this subdivision is imposed.

Subd. 5. [RETURNS OF HIGHER EDUCATION TRUSTS.] For each year a higher education trust is in existence, the grantor of the trust is required to file a return with the commissioner by October 15 of the year following the tax year. The return must include the social security number of the grantor, the amount of the contributions made to the trust by the grantor in the year, the amount of net income or loss of the trust for the year, the amount of distributions made in the year, and the amount of the qualified higher education expense incurred by the grantor in the year.

Subd. 6. [SUNSET OF THE SUBTRACTION AND ADDITION.] If the federal government enacts an income tax provision providing for nondeductible individual retirement accounts similar to the provision proposed by Congress in section 11015 of Revenue Reconciliation and Tax Simplification Provisions from Conference Report on HR 2491, Seven-Year Balanced Budget Reconciliation Act of 1995, filed November 16, 1995, the subtraction and additions provided by subdivisions 2 and 3 will not be allowed for tax years beginning after the year of federal enactment.

Subd. 7. [ROLL-OVER OF DISTRIBUTIONS FROM HIGHER EDUCATION TRUSTS MADE AFTER THE YEAR OF THE SUNSET OF SUBDIVISION 2.] If the federal government enacts a tax provision as provided in subdivision 6, the tax imposed by subdivision 4 will be reduced by the percentage determined under subdivision 4 of the amount contributed by the grantor to the nondeductible individual retirement account established by the grantor, other than the roll-over proceeds from an individual retirement account governed by section 407 of the Internal Revenue Code, in the year of distribution.

Sec. 6. Minnesota Statutes 1994, section 290.091, subdivision 2, is amended to read:

Subd. 2. [DEFINITIONS.] For purposes of the tax imposed by this section, the following terms have the meanings given:

(a) "Alternative minimum taxable income" means the sum of the following for the taxable year:

(1) the taxpayer's federal alternative minimum taxable income as defined in section 55(b)(2) of the Internal Revenue Code;

(2) the taxpayer's itemized deductions allowed in computing federal alternative minimum taxable income, but excluding the Minnesota charitable contribution deduction and the medical expense deduction;

(3) for depletion allowances computed under section 613A(c) of the Internal Revenue Code, with respect to each property (as defined in section 614 of the Internal Revenue Code), to the extent not included in federal alternative minimum taxable income, the excess of the deduction for depletion allowable under section 611 of the Internal Revenue Code for the taxable year over the adjusted basis of the property at the end of the taxable year (determined without regard to the depletion deduction for the taxable year);

(4) to the extent not included in federal alternative minimum taxable income, the amount of the tax preference for intangible drilling cost under section 57(a)(2) of the Internal Revenue Code determined without regard to subparagraph (E);

(5) to the extent not included in federal alternative minimum taxable income, the amount of interest income as provided by section 290.01, subdivision 19a, clause (1);

less the sum of the amounts determined under the following clauses (1) to ~~(3)~~ (4):

(1) interest income as defined in section 290.01, subdivision 19b, clause (1);

(2) an overpayment of state income tax as provided by section 290.01, subdivision 19b, clause (2), to the extent included in federal alternative minimum taxable income; ~~and~~

(3) the amount of investment interest paid or accrued within the taxable year on indebtedness to the extent that the amount does not exceed net investment income, as defined in section 163(d)(4) of the Internal Revenue Code. Interest does not include amounts deducted in computing federal adjusted gross income; and

(4) the amount provided in subdivision 19b, clause (10).

In the case of an estate or trust, alternative minimum taxable income must be computed as provided in section 59(c) of the Internal Revenue Code.

(b) "Investment interest" means investment interest as defined in section 163(d)(3) of the Internal Revenue Code.

(c) "Tentative minimum tax" equals seven percent of alternative minimum taxable income after subtracting the exemption amount determined under subdivision 3.

Sec. 7. Minnesota Statutes 1994, section 290.091, subdivision 6, is amended to read:

Subd. 6. [CREDIT FOR PRIOR YEARS' LIABILITY.] (a) A credit is allowed against the tax imposed by this chapter on individuals, trusts, and estates equal to the minimum tax credit for the taxable year. The minimum tax credit equals the adjusted net minimum tax for taxable years beginning after December 31, 1988, reduced by the minimum tax credits allowed in a prior taxable year. The credit may not exceed the excess (if any) for the taxable year of

(1) the regular tax, over

(2) the greater of (i) the tentative alternative minimum tax, or (ii) zero.

(b) The adjusted net minimum tax for a taxable year equals the lesser of the net minimum tax or the excess (if any) of

(1) the tentative minimum tax, over

(2) seven percent of the sum of

(i) adjusted gross income as defined in section 62 of the Internal Revenue Code,

(ii) interest income as defined in section 290.01, subdivision 19a, clause (1),

(iii) interest on specified private activity bonds, as defined in section 57(a)(5) of the Internal Revenue Code, to the extent not included under clause (ii),

(iv) depletion as defined in section 57(a)(1), determined without regard to the last sentence of paragraph (1), of the Internal Revenue Code, less

(v) the deductions provided in subdivision 2, paragraph (a), ~~clauses~~ clause (5), items ~~(i), (ii), and (iii)~~ (1) to (4), and

(vi) the exemption amount determined under subdivision 3.

In the case of an individual who is not a Minnesota resident for the entire year, adjusted net minimum tax must be multiplied by the fraction defined in section 290.06, subdivision 2c, paragraph (e). In the case of a trust or estate, adjusted net minimum tax must be multiplied by the fraction defined under subdivision 4, paragraph (b).

The special adjustment payment shall be in addition to the additional payments required because of the reduction pursuant to this subdivision of the levy recognition percent. The amount of the special adjustment payment shall be computed by the commissioner of children, families, and learning such that any remaining portion of the aid reduction these districts received that has not been repaid is repaid on a proportionate basis as the levy recognition percent is reduced from 50 percent to 31 percent. The special adjustment payment must be included in the state aid payments to school districts according to the schedule specified in section 124.195, subdivision 3.
