EXECUTIVE AND OFFICIAL COMMUNICATIONS

The following communication was received.

April 1, 1996

The Honorable Allan H. Spear
President of the Senate

Dear President Spear:

It is my honor to inform you that I have received, approved, signed and deposited in the Office of Secretary of State Chapter 395, Senate File 2849 (with the exceptions of Section 2, clause (a) on page 2, lines 17 through 29; and Section 2, clause (c) on page 3, lines 48 through 60, and on page 4, lines 1 through 10).

I have line item vetoed the \$50,000 for "Loan Repayment Assistance." This appropriation sets a bad precedent for the future of higher education funding. Targeted resources or financial aid should be directed to students who are struggling to attend institutions currently, and not to

someone who has successfully graduated. One has to be curious when the legislature is prepared to pay back loans for certain attorneys while failing to extend this presumed virtue to doctors, nurses, etc.

I have also line item vetoed the \$1,500,000 for "State Grants." In a time when colleges and universities, especially the University of Minnesota, are struggling to provide quality programs with limited resources, this appropriation is a particularly poor use of state resources. Under this appropriation the amount of aid that would flow to students is about \$26 per student. This amount is not nearly significant enough to influence student attendance or choices. In addition, changes in financial aid should be made in the budget year as they were last year.

The rest of the 1996 higher education omnibus bill is disappointing. The administration requested \$15 million in programs for higher education and of this amount the legislature saw fit to fund \$8.8 million of that request. The legislature took it upon themselves to "veto" \$200,000 in funding for Grants to Community Organizations, and they reduced planning funds for the Statewide Online Information system by \$100,000. But the most disturbing action of the legislature was their reduction in funding for the University of Minnesota's Academic Health Center. The Administration requested \$14.5 million and the legislature returned with only \$8.6 million.

Warmest regards,
Arne H. Carlson, Governor

Mr. Moe, R.D. moved that S.F. No. 2849 and the veto message thereon be laid on the table. The motion prevailed.

Sec. 3. Minnesota Statutes 1995 Supplement, section 134.34, subdivision 4a, is amended to read:

Subd. 4a. [SUPPORT GRANTS.] In state fiscal years 1993, 1994, 1995, ~~and 1996, and 1997~~, a regional library basic system support grant also may be made to a regional public library system for a participating city or county which meets the requirements under paragraph (a) ~~or~~, (b), or (c).

(a) The city or county decreases the dollar amount provided by it for operating purposes of public library service if the amount provided by the city or county is not less than the amount provided by the city or county for such purposes in the second preceding year.

(b)(1) The city or county provided for operating purposes of public library services an amount exceeding 125 percent of the state average percentage of the adjusted net tax capacity or 125 percent of the state average local support per capita; and

(2) the local government aid distribution for the current calendar year under chapter 477A has

been reduced below the originally certified amount for payment in the preceding calendar year, if the dollar amount of the reduction from the previous calendar year in support for operating purposes of public library services is not greater than the dollar amount by which support for operating purposes of public library service would be decreased if the reduction in support were in direct proportion to the local government aid reduction as a percentage of the previous calendar year's revenue base as defined in section 477A.011, subdivision 27. Determination of a grant under paragraph (b) shall be based on the most recent calendar year for which data are available.

(c) In 1997, the city or county maintains the dollar amount provided by it for operating purposes of public library service at least at the same dollar amount it provided in 1996.

The city or county shall file a report with the department of children, families, and learning indicating the dollar amount and percentage of reduction in public library operating funds.

Sec. 4. Minnesota Statutes 1994, section 254B.02, subdivision 3, is amended to read:

Subd. 3. [RESERVE ACCOUNT.] The commissioner shall allocate money from the reserve account to counties that, during the current fiscal year, have met or exceeded the base level of expenditures for eligible chemical dependency services from local money. The commissioner shall establish the base level for fiscal year 1988 as the amount of local money used for eligible services in calendar year 1986. In later years, the base level must be increased in the same proportion as state appropriations to implement Laws 1986, chapter 394, sections 8 to 20, are increased. The base level must be decreased if the fund balance from which allocations are made under section 254B.02, subdivision 1, is decreased in later years. Notwithstanding the prior sentence, for fiscal years 1997 and 1998 the base level shall not increase over that in effect for fiscal year 1996. The local match rate for the reserve account is the same rate as applied to the initial allocation. Reserve account payments must not be included when calculating the county adjustments made according to subdivision 2.

Sec. 5. Minnesota Statutes 1995 Supplement, section 275.065, subdivision 3, is amended to read:

Subd. 3. [NOTICE OF PROPOSED PROPERTY TAXES.] (a) The county auditor shall prepare and the county treasurer shall deliver after November 10 and on or before November 24 each year, by first class mail to each taxpayer at the address listed on the county's current year's assessment roll, a notice of proposed property taxes and, in the case of a town, final property taxes.

(b) The commissioner of revenue shall prescribe the form of the notice.

(c) The notice must inform taxpayers that it contains the amount of property taxes each taxing authority other than a town proposes to collect for taxes payable the following year and, for a town, the amount of its final levy. It must clearly state that each taxing authority, including regional library districts established under section 134.201, and including the metropolitan taxing districts as defined in paragraph (i), but excluding all other special taxing districts and towns, will hold a public meeting to receive public testimony on the proposed budget and proposed or final property tax levy, or, in case of a school district, on the current budget and proposed property tax levy. It must clearly state the time and place of each taxing authority's meeting and an address where comments will be received by mail.

(d) The notice must state for each parcel:

(1) the market value of the property as determined under section 273.11, and used for computing property taxes payable in the following year and for taxes payable in the current year; and, in the case of residential property, whether the property is classified as homestead or nonhomestead. The notice must clearly inform taxpayers of the years to which the market values apply and that the values are final values;

(2) by county, city or town, school district excess referenda levy, remaining school district levy, regional library district, if in existence, the total of the metropolitan special taxing districts as defined in paragraph (i) and the sum of the remaining special taxing districts, and as a total of the

taxing authorities, including all special taxing districts, the proposed or, for a town, final net tax on the property for taxes payable the following year and the actual tax for taxes payable the current year. For the purposes of this subdivision, "school district excess referenda levy" means school district taxes for operating purposes approved at referendums, including those taxes based on net tax capacity as well as those based on market value. "School district excess referenda levy" does not include school district taxes for capital expenditures approved at referendums or school district taxes to pay for the debt service on bonds approved at referenda. For taxes payable in 1997 only, in lieu of the school district excess referenda levy, the notice must state the newly authorized or reauthorized school district referendum levies under section 124A.03 first becoming due and payable in 1997 plus any levy under section 18, subdivision 4, paragraph (b), as "levy increases approved by referendum." For taxes payable in 1997 only, "remaining school district levy" is after the deduction of the levies referred to in the prior sentence. In the case of the city of Minneapolis, the levy for the Minneapolis library board and the levy for Minneapolis park and recreation shall be listed separately from the remaining amount of the city's levy. In the case of a parcel where tax increment or the fiscal disparities area-wide tax applies, the proposed tax levy on the captured value or the proposed tax levy on the tax capacity subject to the area-wide tax must each be stated separately and not included in the sum of the special taxing districts; and

(3) the increase or decrease in the amounts in clause (2) from taxes payable in the current year to proposed or, for a town, final taxes payable the following year, expressed as a dollar amount and as a percentage.

(e) The notice must clearly state that the proposed or final taxes do not include the following:

(1) special assessments;

(2) levies approved by the voters after the date the proposed taxes are certified, including bond referenda, school district levy referenda, and levy limit increase referenda;

(3) amounts necessary to pay cleanup or other costs due to a natural disaster occurring after the date the proposed taxes are certified;

(4) amounts necessary to pay tort judgments against the taxing authority that become final after the date the proposed taxes are certified; and

(5) the contamination tax imposed on properties which received market value reductions for contamination.

(f) Except as provided in subdivision 7, failure of the county auditor to prepare or the county treasurer to deliver the notice as required in this section does not invalidate the proposed or final tax levy or the taxes payable pursuant to the tax levy.

(g) If the notice the taxpayer receives under this section lists the property as nonhomestead and the homeowner provides satisfactory documentation to the county assessor that the property is owned and has been used as the owner's homestead prior to June 1 of that year, the assessor shall reclassify the property to homestead for taxes payable in the following year.

(h) In the case of class 4 residential property used as a residence for lease or rental periods of 30 days or more, the taxpayer must either:

(1) mail or deliver a copy of the notice of proposed property taxes to each tenant, renter, or lessee; or

(2) post a copy of the notice in a conspicuous place on the premises of the property.

The notice must be mailed or posted by the taxpayer by November 27 or within three days of receipt of the notice, whichever is later. A taxpayer may notify the county treasurer of the address of the taxpayer, agent, caretaker, or manager of the premises to which the notice must be mailed in order to fulfill the requirements of this paragraph.

(i) For purposes of this subdivision, subdivisions 5a and 6, "metropolitan special taxing districts" means the following taxing districts in the seven-county metropolitan area that levy a property tax for any of the specified purposes listed below:

(1) metropolitan council under section 473.132, 473.167, 473.249, 473.325, 473.446, 473.521, 473.547, or 473.834;

(2) metropolitan airports commission under section 473.667, 473.671, or 473.672; and

(3) metropolitan mosquito control commission under section 473.711.

For purposes of this section, any levies made by the regional rail authorities in the county of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, or Washington under chapter 398A shall be included with the appropriate county's levy and shall be discussed at that county's public hearing.

Sec. 6. Minnesota Statutes 1995 Supplement, section 276.04, subdivision 2, is amended to read:

Subd. 2. [CONTENTS OF TAX STATEMENTS.] (a) The treasurer shall provide for the printing of the tax statements. The commissioner of revenue shall prescribe the form of the property tax statement and its contents. The statement must contain a tabulated statement of the dollar amount due to each taxing authority from the parcel of real property for which a particular tax statement is prepared. The dollar amounts due the county, township or municipality, the total of the metropolitan special taxing districts as defined in section 275.065, subdivision 3, paragraph (i), school district excess referenda levy, remaining school district levy, and the total of other voter approved referenda levies based on market value under section 275.61 must be separately stated. The amounts due all other special taxing districts, if any, may be aggregated. For the purposes of this subdivision, "school district excess referenda levy" means school district taxes for operating purposes approved at referenda, including those taxes based on net tax capacity as well as those based on market value. "School district excess referenda levy" does not include school district taxes for capital expenditures approved at referendums or school district taxes to pay for the debt service on bonds approved at referenda. For taxes payable in 1997 only, in lieu of the school district excess referenda levy, the statement must state the newly authorized or reauthorized school district referendum levies under section 124A.03 first becoming due and payable in 1997 plus any levy under section 18, subdivision 4, paragraph (b), as "levy increases approved by referendum." For taxes payable in 1997 only, "remaining school district levy" and "other voter approved referenda levies based on market value" are after the deduction of the appropriate levies referred to in the prior sentence. The amount of the tax on contamination value imposed under sections 270.91 to 270.98, if any, must also be separately stated. The dollar amounts, including the dollar amount of any special assessments, may be rounded to the nearest even whole dollar. For purposes of this section whole odd-numbered dollars may be adjusted to the next higher even-numbered dollar. The amount of market value excluded under section 273.11, subdivision 16, if any, must also be listed on the tax statement. The statement shall include the following sentence, printed in upper case letters in boldface print: "THE STATE OF MINNESOTA DOES NOT RECEIVE ANY PROPERTY TAX REVENUES. THE STATE OF MINNESOTA REDUCES YOUR PROPERTY TAX BY PAYING CREDITS AND REIMBURSEMENTS TO LOCAL UNITS OF GOVERNMENT."

(b) The property tax statements for manufactured homes and sectional structures taxed as personal property shall contain the same information that is required on the tax statements for real property.

(c) Real and personal property tax statements must contain the following information in the order given in this paragraph. The information must contain the current year tax information in the right column with the corresponding information for the previous year in a column on the left:

(1) the property's estimated market value under section 273.11, subdivision 1;

(2) the property's taxable market value after reductions under section 273.11, subdivisions 1a and 16;

(3) the property's gross tax, calculated by multiplying the property's gross tax capacity times the total local tax rate and adding to the result the sum of the aids enumerated in clause (3);

(4) a total of the following aids:

- (i) education aids payable under chapters 124 and 124A;
- (ii) local government aids for cities, towns, and counties under chapter 477A; and
- (iii) disparity reduction aid under section 273.1398;

(5) for homestead residential and agricultural properties, the homestead and agricultural credit aid apportioned to the property. This amount is obtained by multiplying the total local tax rate by the difference between the property's gross and net tax capacities under section 273.13. This amount must be separately stated and identified as "homestead and agricultural credit." For purposes of comparison with the previous year's amount for the statement for taxes payable in 1990, the statement must show the homestead credit for taxes payable in 1989 under section 273.13, and the agricultural credit under section 273.132 for taxes payable in 1989;

(6) any credits received under sections 273.119; 273.123; 273.135; 273.1391; 273.1398, subdivision 4; 469.171; and 473H.10, except that the amount of credit received under section 273.135 must be separately stated and identified as "taconite tax relief"; and

- (7) the net tax payable in the manner required in paragraph (a).

The commissioner of revenue shall certify to the county auditor the actual or estimated aids enumerated in clauses (3) and (4) that local governments will receive in the following year. In the case of a county containing a city of the first class, for taxes levied in 1991, and for all counties for taxes levied in 1992 and thereafter, the commissioner must certify this amount by September 1.

Sec. 8. Minnesota Statutes 1994, section 279.10, is amended to read:

When such copy has been corrected, the auditor shall return the same to the printer, who shall publish it as corrected. On the first day on which such notice and list are published, the publisher shall mail a copy of the newspaper containing the same to the auditor. If during the publication of the notice and list, or within ten days after the last publication thereof, the auditor shall discover that such publication is invalid, the auditor shall forthwith direct the publisher to republish the same as corrected ~~for an additional period of two weeks.~~ The publisher, if not neglectful, shall be entitled to the same compensation as allowed by law for the original publication, but shall receive no further compensation therefor if such republication is necessary by reason of the neglect of the publisher.

Sec. 9. Minnesota Statutes 1994, section 281.23, subdivision 3, is amended to read:

If the summary budget statement is published in a county newsletter, it must be the lead story. If the summary budget statement is published through a county newsletter or other county mailing, a copy of the newsletter or mailing shall be sent on request to any nonresident. If the summary budget statement is published by a mailing to households other than a newsletter, the color of the paper on which the summary budget statement is printed must be distinctively different than the paper containing other printed material included in the mailing. The statement shall contain information relating to anticipated revenues and expenditures in a form prescribed by the state auditor. The form prescribed shall be designed so that comparisons can be made between the current year and the budget year. A note shall be included that the complete budget is available for public inspection at a designated location within the county.

Sec. 11. Minnesota Statutes 1994, section 440.14, is amended to read:

It shall not be necessary, before awarding or entering into such contracts, that provision by budget appropriations or otherwise shall first have been made to meet the indebtedness incurred by these contracts, but provision for meeting the obligation or indebtedness may be made after the letting of the contracts. Such obligation or indebtedness shall not be an obligation under chapter 475 so long as the payments under the contract are subject to annual appropriation and the city has the right of termination at the end of each fiscal year.

Upon completion of review and, if necessary, amendment of its comprehensive plan, fiscal devices, and official controls as required by this section, each local government unit shall either:

Such extensions, if granted by the metropolitan council, must include a timetable and plan for completion of the review and amendment.

Amendments to comprehensive plans of local governmental units and to capital improvement programs of school districts shall be prepared, submitted, and adopted in conformance with guidelines adopted by the metropolitan council pursuant to section 473.854.

Subd. 4. [PROPERTY TAX FREEZE LEVY ADJUSTMENT.] If the sum of the revenue reduced levies for taxes payable in 1997 for a district exceeds the sum of the revenue reduced levies actually certified by the district for taxes payable in 1996, the commissioner shall reduce the district's general fund levy limitation for taxes payable in 1997 by the lesser of:

- (1) the difference in the revenue reduced levies; or
- (2) the difference in the total levies.

Notwithstanding Minnesota Statutes, section 121.912, a district may transfer an amount not to exceed the amount of the levy reduction attributable to community service levies from the community service fund to the general fund.

Subd. 5. [LEVY FOR TACONITE PAYMENTS.] Notwithstanding Minnesota Statutes, section 124.918, subdivision 8, a school district's levy reduction as otherwise authorized under that subdivision for the 1997-1998 school year shall be no less than it was for the prior year. The general education aid reduction for the 1997-1998 school year shall be governed by Minnesota Statutes, section 124A.035, subdivision 5, and the levy reduction as dictated by this section.

Subd. 8. [BONDS.] (a) Notwithstanding Minnesota Statutes, section 124.239, after April 8, 1996, no school district can sell bonds under that section, the debt service payments of which would require a levy first becoming payable in 1997, or authorize a levy under Minnesota Statutes, section 124.239, subdivision 5, clause (b), that is not pursuant to a plan adopted by a school board prior to April 9, 1996. This restriction shall not apply to:

(1) refunding bonds sold to refund bonds originally sold before April 9, 1996; or

(2) bonds for which the amount of the levy first becoming due in 1997 would not exceed the amount by which the school district's total levy for debt service on bonds for taxes payable in 1997 prior to issuance of those bonds is less than the school district's total levy for debt service for bonds for taxes payable in 1996.

(b) For purposes of this section, bonds will be deemed to have been sold before April 9, 1996, if:

(1) an agreement has been entered into between the school district and a purchaser or underwriter for the sale of the bonds by that date;

(2) the issuing school district is a party to contract or letter of understanding entered into before April 9, 1996, with the federal government that requires the school district to pay for a project, and the project will be funded with the proceeds of the bonds; or

(3) the proceeds of the bonds will be used to fund a project or acquisition with respect to which the school district has entered into a contract with a builder or supplier before April 9.

Subd. 9. [LEVY FOR LEASE PURCHASE OR INSTALLMENT BUYS.] (a) Except as provided in paragraphs (b) and (c), notwithstanding Minnesota Statutes, section 124.91, subdivision 3, after April 8, 1996, no school district may enter into an installment contract or a lease purchase agreement, the levy for which would first become payable in 1997, unless the district's total levy for installment contracts and lease purchase agreements for taxes payable in 1997, including the levy for the new obligation, would not exceed its levy for that purpose for taxes payable in 1996.

(b) For purposes of this section, installment contracts or lease purchase agreements will be deemed to have been entered into before April 9, 1996, if:

(1) an agreement has been entered into between the school district and a lessor or seller before that date;

(2) the school district is a party to contract or letter of understanding entered into before April 9, 1996, with the federal government that requires the school district to pay for a project, and the project will be funded with the proceeds of the installment contracts or lease purchase agreements; or

(3) the installment contracts or lease purchase agreements will be used to fund a project or acquisition with respect to which the school district has entered into a contract with a builder or supplier before April 9.

Subd. 10. [REFERENDUM AUTHORITY; CONVERSION.] Notwithstanding Minnesota Statutes, section 124A.0311, subdivisions 2 and 3, no school district may convert its referendum authority currently authorized to be levied against net tax capacity to referendum authority authorized to be levied against referendum market value effective for taxes payable in 1997.

Subd. 11. [LEVY AUTHORITY EXTENSION.] Notwithstanding Minnesota Statutes, section 122.531, subdivision 4a, section 124.84, subdivisions 3 and 4, and section 124.912, subdivision 9, remaining levy authority under these sections is extended by one year.

Subd. 12. [LEVY FOR STATUTORY OBLIGATIONS.] To the extent that the portion of the levy under Minnesota Statutes, section 124.912, subdivisions 1 and 2, for the school district's obligation under Minnesota Statutes, section 268.06, subdivision 25, and section 268.08, is less than the school district would have been otherwise authorized to levy for this purpose the school district shall receive additional aid equal to the difference. To the extent that the portion of the levy under Minnesota Statutes, section 124.912, subdivisions 1 and 2, for judgments under Minnesota Statutes, section 127.05, is less than the school district would have been authorized to levy for this purpose, the school district may levy the difference in the subsequent year.

Subd. 13. [ENERGY CONSERVATION LEVY.] Notwithstanding Minnesota Statutes, section

124.91, subdivision 6, a school district may not enter into a loan under Minnesota Statutes, sections 216C.37 or 298.292 to 298.298 after April 8, 1996, if the levy for repayment of the loan would first become payable in 1997.

Sec. 15. [BENEFIT RATIO FOR RURAL SERVICE DISTRICTS.]

Sec. 16. [PROHIBITION AGAINST INCURRING NEW DEBT.]

Subdivision 1. [GENERALLY.] (a) After April 8, 1996, no special taxing district as defined in Minnesota Statutes, section 275.066, and no municipality as defined in Minnesota Statutes, section 475.51, other than a school district, may sell obligations, certificates of indebtedness, or capital notes under Minnesota Statutes, chapter 475, section 412.301, or any other law authorizing obligations, certificates of indebtedness, capital notes, or other debt instruments or enter into installment purchase contracts or lease purchase agreements under Minnesota Statutes, section 465.71, or any other law authorizing installment purchase contracts or lease purchase agreements if issuing those debt instruments or entering into those contracts would require a levy first becoming due in 1997 unless the obligations were authorized by a referendum under Minnesota Statutes, section 475.58, that occurred prior to April 9, 1996. This restriction does not apply to (1) refunding bonds sold to refund bonds originally sold before April 9, 1996, or authorized by a referendum under Minnesota Statutes, section 475.58, that occurred prior to April 9, 1996, or (2) obligations for which the amount of the levy first becoming due in 1997 would not exceed the amount by which the municipality's total debt service levy for taxes payable in 1997 prior to issuance of those obligations is less than the municipality's total debt service levy for taxes payable in 1996. As used in clause (2), "obligations" includes certificates of indebtedness, capital notes, or other debt instruments or installment purchase contracts or lease purchase agreements.

(b) For purposes of this section, bonds will be deemed to have been sold before April 9, 1996, if:

(1) an agreement has been entered into between the municipality and a purchaser or underwriter for the sale of the bonds by that date;

(2) the issuing municipality is a party to contract or letter of understanding entered into before August 1, 1996, with the federal government or the state government that requires the municipality to pay for a project, and the project will be funded with the proceeds of the bonds; or

(3) the proceeds of the bonds will be used to fund a project or acquisition with respect to which the municipality has entered into a contract with a builder or supplier before April 9.

Subd. 2. [EXCEPTION.] Notwithstanding subdivision 1, certificates of indebtedness, capital notes, installment purchase contracts, lease purchase agreements or any other debt instruments, and the debt service levies for the obligations shall, for purposes of this act, be treated as if sold prior to April 9, 1996, if:

(a) The municipality or other governmental authority has satisfied any one of the following conditions prior to April 9, 1996:

(1) it has adopted a resolution or ordinance authorizing the issuance of the obligations;

(2) it has declared official intent to issue the obligations under federal tax laws and regulations;
or

(3) it has entered into a binding agreement to design or construct a project or acquire property to be financed with the obligations; and

(b) The municipality makes a finding at the time of the sale of the bonds that no levy will be required for taxes payable in 1997 to pay the debt service on the obligations because sufficient funds are available from nonproperty tax sources to pay the debt service.

Sec. 17. [ASSESSMENT LIMITATIONS.]

Subdivision 1. [1996 ASSESSMENT.] Notwithstanding Minnesota Statutes, section 273.11, or any other law to the contrary, the value of property for the 1996 assessment shall not exceed the lesser of its limited market value determined for the 1995 assessment pursuant to Minnesota Statutes, section 273.11, subdivision 1a, or its market value as otherwise determined for the 1995 assessment provided that any value attributable to new construction or improvements to the extent it does not qualify for deferral under Minnesota Statutes, section 273.11, subdivision 16, shall be added to the prior year's value used to determine its tax capacity. It is further provided that previously tax exempt property that loses its tax exempt status pursuant to Minnesota Statutes, section 272.02, subdivision 4, shall not have its assessment limited in any way under this subdivision.

Subd. 2. [1997 ASSESSMENT.] The provisions of Minnesota Statutes, section 273.11, subdivision 1a, shall govern in determining the value of property classified as agricultural homestead or nonhomestead, residential homestead or nonhomestead, or noncommercial seasonal residential for the 1997 assessment provided that "five percent" shall be substituted for "ten percent" in that section.

Sec. 18. [LEVY LIMITATION TAXES PAYABLE IN 1997.]

Subdivision 1. [TAXES PAYABLE IN 1997 PROPOSED LEVY.] Notwithstanding any other law to the contrary, for purposes of the certification required by Minnesota Statutes, section 275.065, subdivision 1, in 1996, no taxing authority other than a school district shall certify to the county auditor a proposed property tax levy or in the case of a township, a final property tax levy, greater than the amount certified to the county auditor pursuant to Minnesota Statutes, section 275.07, subdivision 1, in the prior year except as provided in subdivisions 4 to 6.

Subd. 2. [TAXES PAYABLE IN 1997 FINAL LEVY.] Notwithstanding any other law to the contrary, for purposes of the certification required by Minnesota Statutes, section 275.07, subdivision 1, in 1996, no taxing authority other than a school district shall certify to the county auditor a property tax levy greater than the amount certified to the county auditor pursuant to Minnesota Statutes, section 275.07, subdivision 1, in the prior year except as provided in subdivisions 4 to 6.

Subd. 3. [SCHOOL DISTRICTS.] School district levies shall be governed by sections 1, 2, 13, 14 and 16.

Subd. 4. [DEBT SERVICE EXCEPTION.] (a) If a payable 1997 levy for debt service on obligations, certificates of indebtedness, capital notes, or other debt instruments sold prior to April 9, 1996, or authorized by a referendum under Minnesota Statutes, section 475.58, that occurred prior to April 9, 1996, or to make payments on installment purchase contracts or lease purchase agreements entered into prior to April 9, 1996, exceeds the levy a taxing authority certified pursuant to Minnesota Statutes, section 275.07, subdivision 1, for taxes payable in 1996 for the same purpose, the excess may be levied notwithstanding the limitations of subdivisions 1 and 2. For purposes of this paragraph, obligations, certificates of indebtedness, capital notes, or other debt instruments will be deemed to have been sold before April 9, 1996, if the municipality and the purchaser or underwriter have entered into a binding agreement for the issuance and purchase of the obligations, certificates of indebtedness, capital notes, or other debt instruments.

(b) In addition, any levy for debt service on school district obligations authorized by a referendum under Minnesota Statutes, section 475.58, that occurred after April 8, 1996, or a facilities down payment levy under Minnesota Statutes, section 124.82, that was authorized by a referendum that occurred after April 8, 1996, may also be levied notwithstanding the limitations of subdivisions 1 and 2.

Subd. 5. [ANNEXATION EXCEPTION.] The city tax rate for taxes payable in 1997 on any property annexed under chapter 414 may not be increased over the city or township tax rate in effect on the property in 1996, notwithstanding any law, municipal board order, or ordinance to the contrary. The limit on the annexing city's levy under subdivisions 1 and 2 may be increased in excess of that limit by an amount equal to the net tax capacity of the property annexed times the

city or township tax rate in effect on that property for taxes payable in 1996. The levy limit of the city or township from which the property was annexed shall be reduced by the same amount.

Subd. 6. [INCREASE AUTHORIZED.] Notwithstanding the limitation of subdivision 1, a taxing authority other than a school district may increase its levy for taxes payable in 1997 over that certified to the county pursuant to Minnesota Statutes, section 275.07, subdivision 1, in the prior year by an amount equal to the taxing authority's net tax capacity pursuant to section 17, subdivision 1, times its tax rate for taxes payable in 1996 less the taxing authority's levy under subdivision 1.

Sec. 19. [FREEZE ON LOCAL MATCH REQUIREMENTS.]

Notwithstanding any other law to the contrary, the local funding or local match required from any city, town, or county for any state grant or program shall not be increased for calendar year 1997 above the dollar amount of the local funding or local match required for the same grant or program in 1996, regardless of the level of state funding provided; and any new local match or local funding requirements for new or amended state grants or programs shall not be effective until calendar year 1998. Nothing in this section shall affect the eligibility of a city, town, or county, for the receipt of state grants or program funds in 1997 or reduce the amount of state funding a city, town, or county would otherwise receive in 1997 if the local match requirements of the state grant or program were met in 1996.

Sec. 20. [SUSPENSION OF SALARY AND BUDGET APPEAL AUTHORIZATION.]

After March 11, 1996, no county sheriff may exercise the authority granted under Minnesota Statutes, section 387.20, subdivision 7, and no county attorney may exercise the authority granted under Minnesota Statutes, section 388.18, subdivision 6, to the extent that the salary or budget increase sought in the appeal would result in an increase in county expenditures in calendar year 1997.

Sec. 21. [SUSPENSION OF PUBLICATION AND HEARING REQUIREMENTS.]

A local taxing authority is not required to comply with the public advertisement notice of Minnesota Statutes, section 275.065, subdivision 5a, or the public hearing requirement of Minnesota Statutes, section 275.065, subdivision 6, with respect to taxes levied in 1996, payable in 1997, only.

Sec. 22. [LEVY LIMITATION TAXES PAYABLE IN 1998.]

Subdivision 1. [DEFINITION.] The "percentage increase in the implicit price deflator" means the percentage change in the implicit price deflator for state and local governments purchases of goods and services as calculated in Minnesota Statutes, section 477A.03, subdivision 3, provided that the 2.5 percent and five percent limits do not apply and that the increase can not be less than zero percent.

Subd. 2. [TAXES PAYABLE IN 1998 PROPOSED LEVY.] Notwithstanding any other law to the contrary, for purposes of the certification required by Minnesota Statutes, section 275.065, subdivision 1, in 1997, no taxing authority other than a school district or a joint vocational technical district shall certify to the county auditor a proposed property tax levy or in the case of a township, a final property tax levy, that is greater than the product of:

(1) the sum of one plus the lesser of (i) three percent, or (ii) the percentage increase in the implicit price deflator; and

(2) the amount certified to the county auditor pursuant to Minnesota Statutes, section 275.07, subdivision 1, in the prior year, except as provided in subdivisions 4 to 6.

Subd. 3. [TAXES PAYABLE IN 1998 FINAL LEVY.] Notwithstanding any other law to the contrary, for purposes of the certification required by Minnesota Statutes, section 275.07, subdivision 1, in 1997, no taxing authority other than a school district or a joint vocational technical district shall certify to the county auditor a property tax levy that is greater than the product of:

(1) the sum of one plus the lesser of (i) three percent, or (ii) the percentage increase in the implicit price deflator; and

(2) the amount certified to the county auditor pursuant to Minnesota Statutes, section 275.07, subdivision 1, in the prior year, except as provided in subdivisions 4, 5, and 6.

Subd. 4. [REFERENDA.] (a) A taxing authority other than a school district or an education district may increase its levy above the limits provided in subdivisions 2 and 3, by the amount approved by the voters residing in the jurisdiction of the authority at a referendum called for the purpose. The referendum may be called by the governing body or shall be called by the governing body upon written petition of qualified voters of the jurisdiction. The referendum shall be conducted during the calendar year before the increased levy authority, if approved, first becomes payable. Only one election to approve an increase may be held in a calendar year. The referendum must be held on the first Tuesday after the first Monday in November. The ballot shall state the maximum amount of the increased levy and the estimated referendum tax rate as a percentage of taxable net tax capacity in the year it is to be levied. The ballot may contain a textual portion with the information required in this subdivision and a question stating substantially the following:

"Shall the increase in the levy proposed by (petition to) the governing body of, be approved?"

(b) The governing body shall prepare and deliver by first class mail at least 15 days but no more than 30 days prior to the day of the referendum to each taxpayer a notice of the referendum and the proposed levy increase. The governing body need not mail more than one notice to any taxpayer. For the purpose of giving mailed notice under this subdivision, owners shall be those shown to be owners on the records of the county auditor or, in any county where tax statements are mailed by the county treasurer, on the records of the county treasurer. Every property owner whose name does not appear on the records of the county auditor or the county treasurer shall be deemed to have waived this mailed notice unless the owner has requested in writing that the county auditor or county treasurer, as the case may be, include the name on the records for this purpose. The notice must project the anticipated amount of tax increase in annual dollars and annual percentage for typical residential homesteads, agricultural homesteads, apartments, and commercial-industrial property within the jurisdiction of the taxing authority.

The notice must include the following statement: "Passage of this referendum will result in an increase in your property taxes."

(c) A petition authorized by paragraph (a) shall be effective if signed by a number of qualified voters in excess of 15 percent of the registered voters of the jurisdiction of the taxing authority on the day the petition is filed with the governing body. A referendum invoked by petition shall be held on the date specified in paragraph (a).

(d) The approval of 50 percent plus one of those voting on the question is required to pass a referendum authorized by this subdivision.

(e) A bond authorization under Minnesota Statutes, section 475.59, shall be deemed to meet the requirements of this subdivision provided the ballot includes the information required in paragraph (a) and the notice required in paragraph (b) is distributed. Notwithstanding Minnesota Statutes, section 275.61, any levy authorized under this subdivision other than a levy authorized by referendum under Minnesota Statutes, section 475.59, must be levied against net tax capacity.

Subd. 5. [DEBT SERVICE EXCEPTION.] If a payable 1998 levy for debt service on obligations, certificates of indebtedness, capital notes, or other debt instruments sold prior to April 9, 1996, or authorized by a referendum under Minnesota Statutes, section 475.58, that occurred prior to April 9, 1996, or to make payments on installment purchase contracts or lease purchase agreements entered into prior to April 9, 1996, exceeds the levy a taxing authority certified pursuant to Minnesota Statutes, section 275.07, subdivision 1, for taxes payable in 1997 for the same purpose, or a payable 1998 levy for general obligations exceeds any payable 1998 levy required as a condition for the issuance of such general obligations, the excess may be levied notwithstanding the limitations of subdivisions 2 and 3. For purposes of this subdivision, obligations, certificates of indebtedness, capital notes, or other debt instruments will be deemed to

have been sold before April 9, 1996, if the municipality and the purchaser or underwriter have entered into a binding agreement for the issuance and purchase of the obligations, certificates of indebtedness, capital notes, or other debt instruments.

Subd. 6. [LEVY OF TOWN BEING MERGED INTO CITY.] If a town has entered into an agreement to merge with a home rule charter or statutory city, and the merger has been approved by a referendum, the town's levy for taxes payable in 1998 shall not exceed the greater of (1) the amount determined under subdivisions 1 to 5, or (2) the amount established as a term of the merger agreement with the city.

Sec. 23. [FISCAL DISPARITIES FREEZE.]

Notwithstanding Minnesota Statutes, section 473F.08, subdivision 2, clause (a), the amount to be deducted from a governmental unit's net tax capacity for taxes payable in 1997 under that clause shall equal the amount deducted for taxes payable in 1996. Notwithstanding Minnesota Statutes, section 473F.08, subdivision 2, clause (b), the amount to be added to a governmental unit's net tax capacity for taxes payable in 1997 under that clause shall equal the same amount added for taxes payable in 1996. Notwithstanding Minnesota Statutes, section 473F.08, subdivision 3, the areawide portion of the levy for each governmental unit shall be determined using the local tax rate for the 1994 levy year. Notwithstanding Minnesota Statutes, section 473F.08, subdivision 6, the portion of commercial-industrial property within a municipality subject to the areawide tax rate shall be computed using the amount determined under Minnesota Statutes, sections 473F.06 and 473F.07, for taxes payable in 1996.

Sec. 24. [TAX RATE FREEZE.]

Subdivision 1. [REDUCTION OF LEVY; PAYMENT.] If in the course of determining adjusted local tax rates for taxes payable in 1997 after reductions for disparity reduction aid under Minnesota Statutes, section 275.08, subdivisions 1c and 1d, the county auditor finds the adjusted local tax rate exceeds that in effect for taxes payable in 1996, the county auditor shall reduce the local government's levy so the adjusted local tax rate does not exceed that in effect for taxes payable in 1996, except to the extent the increase is due to a newly authorized or reauthorized referendum levy under Minnesota Statutes, section 124A.03, or a school district levy under section 18, subdivision 4, paragraph (b). The difference between the levy as originally certified by the local government and the reduced levy shall be certified to the commissioner of revenue at the time the abstracts are submitted under Minnesota Statutes, section 275.29. That amount shall be paid to the local government on or before August 31.

Subd. 2. [APPROPRIATION.] An amount sufficient to pay the aid provided for under this section is appropriated from the general fund to the commissioner of revenue for payment to counties, cities, townships, and special taxing districts. An amount sufficient to pay the aid provided for under this section is appropriated from the general fund to the commissioner of education for payment to school districts.

Sec. 25. [PENSION LIABILITIES.]

Notwithstanding any other law or charter provision to the contrary, no levy for taxes payable in 1997 for a local police and fire relief association for the purpose of amortizing an unfunded pension liability may exceed the levy for that purpose for taxes payable in 1996.

Sec. 26. [DUTIES OF TOWNSHIP BOARD OF SUPERVISORS.]

Notwithstanding Minnesota Statutes, section 365.10, in 1996 the township board of supervisors shall adjust the levy and in 1997 the township board of supervisors may adjust the expenditures of a township below the level authorized by the electors to adjust for any reduction in the previously authorized levy of the township pursuant to section 18.

Sec. 27. [PROPERTY TAX AND EDUCATION AIDS REFORM.]

Subdivision 1. [RECOMMENDED PROGRAM.] The legislative commission on planning and fiscal policy shall prepare and recommend to the legislature a property tax reform and education aids reform program that includes, but is not restricted to:

- (1) a property tax classification and class rate system;
- (2) elementary and secondary education aids and levies; and
- (3) aids to local government.

Subd. 2. [STANDARDS.] (a) The recommended program must provide for accountability, equity, revenue adequacy, and efficiency as provided in paragraphs (b) to (e).

(b) The recommended program must provide accountability by being understandable to the taxpayer, by linking the costs of services to the taxes paid for those services, and by correlating the responsibility for raising revenues with the ability to make spending decisions.

(c) The recommended program must provide equity by minimizing large, short-term shifts in tax burdens, and by ensuring that tax burdens and aids are progressive and related to the ability to pay or raise revenue.

(d) The recommended program must provide for adequate revenue by controlling costs and the need for increased revenue, minimizing reductions or shifts in revenues available to local governments to provide needed services, and directing aids to meet needs and fund services based on established funding priorities.

(e) The program must promote efficiency by providing stable predictable property taxes and local government revenues that are competitive with those of other states and areas so that property taxes and aids have minimal impact on the economic decisions of taxpayers.

Subd. 3. [TASK FORCE.] The commission may designate a task force to advise the commission in carrying out its duties under this section. The task force may include legislators, agency and legislative staff, state and local governmental officials, educators, and taxpayers and members of the public. The task force expires on January 1, 1998.

Subd. 4. [SERVICES.] The commission may enter into contracts for the professional and other services necessary to carry out its duties under this section.

Subd. 5. [REPORT.] The commission shall report its recommendations to the legislature on or before January 1, 1998. The report shall include proposed legislation to implement the recommendations of the commission.

Sec. 28. [UNFUNDED MANDATE PROHIBITION.]

Subdivision 1. [DEFINITION.] As used in this section, "state mandates" has the meaning given in Minnesota Statutes 1994, section 3.881.

Subd. 2. [FUNDING OF THE COST OF MANDATES.] If the fiscal note prepared by the commissioner of finance under Minnesota Statutes, section 3.982, indicates that a new or expanded mandate on a political subdivision in a bill introduced in the legislature will impose a statewide cost on counties in excess of \$500,000 or a statewide cost on cities or townships in excess of \$250,000, the political subdivisions are not required to implement the mandate unless the legislature, by appropriation enacted before the mandate is required to be implemented, provides reimbursement to the political subdivisions for the costs incurred. No Minnesota rule may be adopted if the statement of need and reasonableness under Minnesota Statutes, section 14.131, indicates a probable cost of complying with the rule in excess of a statewide cost on counties of \$500,000 or in excess of a statewide cost on cities or townships of \$250,000 unless the legislature, by appropriation enacted before the rule is implemented, provides reimbursement to the political subdivisions for the costs incurred.

Subd. 3. [TEMPORARY EXEMPTION OF CORRECTIONAL FACILITIES.] Notwithstanding any law, rule, or order to the contrary, no county shall be required to construct or to begin operation of any new or expanded correctional facility if that facility would require a levy first payable in 1997.

Sec. 29. [SAVINGS CLAUSE.]

Notwithstanding the repealers in section 31 or any other provision in this act to the contrary, nothing in this act constitutes an impairment of any obligations, certificates of indebtedness, capital notes, or other debt instruments, including installment purchase contracts or lease purchase agreements, issued before the date of final enactment of this act, by a municipality as defined in Minnesota Statutes, section 475.51, or a special taxing district as defined in Minnesota Statutes, section 275.066.

Sec. 30. [EXCEPTION.]

The limitation on education aids appropriations for fiscal years 1998 and 1999 under Laws 1995, First Special Session chapter 3, article 14, section 5, do not apply to any aids to school districts under sections 14 and 24. Notwithstanding Laws 1995, First Special Session chapter 3, article 14, section 5, any monies spent to fund aids to school districts under sections 14 and 24 shall not result in reductions to other education aids.

Sec. 31. [REPEALER.]

This section does not prohibit the use of policy waiting periods or preexisting condition limitations for these services. Minimum benefits may be limited to one visit payable to one provider for all of the services provided at each visit cited in this section subject to the schedule set forth in this section. Nothing in this section applies to a commercial health insurance policy issued as a companion to a health maintenance organization contract, a policy designed primarily to provide coverage payable on a per diem, fixed indemnity, or nonexpense incurred basis, or a policy that provides only accident coverage.

"Child health supervision services" means pediatric preventive services, appropriate immunizations, developmental assessments, and laboratory services appropriate to the age of a child from birth to age ~~six~~ 18 as defined by Standards of Child Health Care issued by the American Academy of Pediatrics. Reimbursement must be made for at least five child health supervision visits from birth to 12 months, three child health supervision visits from 12 months to 24 months, once a year from 24 months to ~~72 months~~ age 18.

"Prenatal care services" means the comprehensive package of medical and psychosocial support provided throughout the pregnancy, including risk assessment, serial surveillance, prenatal education, and use of specialized skills and technology, when needed, as defined by Standards for Obstetric-Gynecologic Services issued by the American College of Obstetricians and Gynecologists.

(a) Except as provided in paragraph (b), all restrictions otherwise applicable to scientific and natural areas designated under section 86A.05, subdivision 5, apply to the surface use and to any use of the mineral estate which would significantly modify or alter the peatland water levels or flows, peatland water chemistry, plant or animal species or communities, or other natural features

of the peatland scientific and natural areas, including, but not limited to, the following prohibitions:

(1) construction of any new public drainage systems after the effective date of Laws 1991, chapter 354, or improvement or repair to a public drainage system in existence on the effective date of Laws 1991, chapter 354, under authority of chapter 103E, or any other alteration of surface water or ground water levels or flows unless specifically permitted under paragraph (b), clause (5) or (6);

(2) removal of peat, sand, gravel, or other industrial minerals;

(3) exploratory boring or other exploration or removal of oil, natural gas, radioactive materials or metallic minerals which would significantly modify or alter the peatland water levels or flows, peatland water chemistry, plant or animal species or communities, or natural features of the peatland scientific and natural areas, except in the event of a national emergency declared by Congress;

(4) commercial timber harvesting;

(5) construction of new corridors of disturbance, of the kind defined in subdivision 3, after June 5, 1991; and

103B.3355 [WETLAND FUNCTIONS FOR DETERMINING PUBLIC VALUES.]

(a) The public values of wetlands must be determined based upon the functions of wetlands for:

(1) water quality, including filtering of pollutants to surface and groundwater, utilization of nutrients that would otherwise pollute public waters, trapping of sediments, shoreline protection, and utilization of the wetland as a recharge area for groundwater;

(2) floodwater and stormwater retention, including the potential for flooding in the watershed, the value of property subject to flooding, and the reduction in potential flooding by the wetland;

(3) public recreation and education, including hunting and fishing areas, wildlife viewing areas, and nature areas;

(4) commercial uses, including wild rice and cranberry growing and harvesting and aquaculture;

(5) fish, wildlife, native plant habitats; and

(6) low-flow augmentation; and

(7) other public uses.

(b) The board of water and soil resources, in consultation with the commissioners of natural resources and agriculture and local government units, shall adopt rules establishing:

(1) scientific methodologies for determining the functions of wetlands; and

(2) criteria for determining the resulting public values of wetlands.

(c) The methodologies and criteria established under this section or other methodologies and criteria that include the functions in paragraph (a) and are approved by the board, in consultation with the commissioners of natural resources and agriculture and local government units, must be used to determine the functions and resulting public values of wetlands in the state. The functions listed in paragraph (a) are not listed in order of priority.

(d) Public value criteria established or approved by the board under this section do not apply in areas subject to local comprehensive wetland protection and management plans established under section 103G.2243.

(e) The board of water and soil resources, in consultation with the commissioners of natural resources and agriculture and local government units, may identify regions of the state where preservation, enhancement, restoration, and establishment of wetlands would have high public value. The board, in consultation with the commissioners, may identify high priority wetland regions using available information relating to the factors listed in paragraph (a). The board shall notify local units of government with water planning authority of these high priority regions.

Sec. 10. [CORRECTION 58B.] 1996 H.F. No. 787, section 16, if enacted, is amended to read:

Sec. 16. Minnesota Statutes 1994, section 103G.005, is amended by adding a subdivision to read:

Subd. 14a. [PASTURE.] "Pasture" means an area that was grazed by domesticated livestock or that was planted with annually seeded crops in a crop rotation seeding of grasses or legumes in six of the last ten years prior to January 1, 1991.

Sec. 11. [CORRECTION 58C.] 1996 H.F. No. 787, section 33, as added, is amended to read:

Sec. 33. [103G.2243] [LOCAL COMPREHENSIVE WETLAND PROTECTION AND MANAGEMENT PLANS.]

Subdivision 1. [GENERAL REQUIREMENTS; NOTICE AND PARTICIPATION.] (a) As an alternative to the rules adopted under section 103G.2242, subdivision 1, and the public value criteria established or approved under section 103B.3355, a comprehensive wetland protection and management plan may be developed by a local government unit, or one or more local government units operating under a joint powers agreement, provided that:

(1) a notice is made at the beginning of the planning process to the board, the commissioner of natural resources, the pollution control agency, local government units, and local citizens to actively participate in the development of the plan; and

(2) the plan is implemented by ordinance as part of the local government's official controls under chapter 394, for a county; chapter 462, for a city; chapter 366, for a town; and by rules adopted under chapter 103D, for a watershed district; and chapter 103B, for a watershed management organization.

(b) An organization that is invited to participate in the development of the local plan, but declines to do so and fails to participate or to provide written comments during the local review process, waives the right during board review to submit comments, except comments concerning consistency of the plan with laws and rules administered by that agency. In determining the merit of an agency comment, the board shall consider the involvement of the agency in the development of the local plan.

Subd. 2. [PLAN CONTENTS.] A comprehensive wetland protection and management plan may:

(1) provide for classification of wetlands in the plan area based on:

(i) an inventory of wetlands in the plan area;

(ii) an assessment of the wetland functions listed in section 103B.3355, using a methodology chosen by the technical evaluation panel from one of the methodologies established or approved by the board under that section; and

(iii) the resulting public values;

(2) vary application of the sequencing standards in section 103G.222, subdivision 1, paragraph (b), for projects based on the classification and criteria set forth in the plan;

(3) vary the replacement standards of section 103G.222, subdivision 1, paragraphs (f) and (g), based on the classification and criteria set forth in the plan, for specific wetland impacts provided there is no net loss of public values within the area subject to the plan, and so long as:

(i) in a 50 to 80 percent area, a minimum acreage requirement of one acre of replaced wetland for each acre of drained or filled wetland requiring replacement is met within the area subject to the plan; and

(ii) in a less than 50 percent area, a minimum acreage requirement of two acres of replaced wetland for each acre of drained or filled wetland requiring replacement is met within the area subject to the plan, except that replacement for the amount above a 1:1 ratio can be accomplished as described in section 103G.2242, subdivision 12;

(4) in a greater than 80 percent area, allow replacement credit, based on the classification and criteria set forth in the plan, for any project that increases the public value of wetlands, including activities on adjacent upland acres; and

(5) in a greater than 80 percent area, based on the classification and criteria set forth in the plan, expand the application of the exemptions in section 103G.2241, subdivision 1, paragraph (a), clause (4), to also include nonagricultural land, provided there is no net loss of wetland values.

Subd. 3. [BOARD REVIEW AND APPROVAL; MEDIATION; JUDICIAL REVIEW.] (a) The plan is deemed approved 60 days after the local government submits the final plan to the board, unless the board disagrees with the plan as provided in paragraph (d).

(b) The board may not disapprove a plan if the board determines the plan meets the requirements of this section.

(c) In its review of a plan, the board shall advise the local government unit of those elements of the plan that are more restrictive than state law and rules for purposes of section 103G.237, subdivision 5.

(d) If the board disagrees with the plan or any elements of the plan, the board shall, in writing, notify the local government of the plan deficiencies and suggested changes. The board shall include in the response to the local government the scientific justification, if applicable, for the board's concerns with the plan. Upon receipt of the board's concerns with the plan, the local government has 60 days to revise the plan and resubmit the plan to the board for reconsideration, or the local government may request a hearing before the board. The board shall hold a hearing within the boundaries of the jurisdiction of the local government within 60 days of the request for hearing. After the hearing, the board shall, within 60 days, prepare a report of its decision and inform the local government.

(e) If, after the hearing, the board and local government disagree on the plan, the board shall, within 60 days, initiate mediation through a neutral party. If the board and local government unit agree in writing not to use mediation or the mediation does not result in a resolution of the differences between the parties, then the board may commence a declaratory judgment action in the district court of the county where the local government unit is located. If the board does not commence a declaratory judgment action within the applicable 60-day period, the plan is deemed approved.

(f) The declaratory judgment action must be commenced within 60 days after the date of the written agreement not to use mediation or 60 days after conclusion of the mediation. If the board commences a declaratory judgment action, the district court shall review the board's record of decision and the record of decision of the local government unit. The district court shall affirm the plan if it meets the requirements of this subdivision section.

Subd. 4. [EFFECTIVE DATE; REPLACEMENT DECISIONS.] (a) The plan becomes effective as provided in subdivision 3, paragraphs (d) to (f), and after adoption of the plan into the official controls of the local government.

(b) After the effective date of a plan, a local government unit shall make replacement decisions consistent with the plan.

Subd. 5. [PLAN AMENDMENTS.] Amendments to the plan become effective upon completion of the same process required for the original plan.

Subd. 6. [WATER PLANNING PROCESSES APPLY.] Except as otherwise provided for in this section, all other requirements relating to development of the plan must be consistent with the water plan processes under sections 103B.231 and 103B.311.

Sec. 12. [CORRECTION 61.] 1996 S.F. No. 1997, section 1, if enacted, is amended by adding a subdivision to read:

Subd. 9. [TAX INCREMENT FINANCING.] This section does not apply to assistance provided by tax increment financing.

Sec. 13. [CORRECTION 62.] Minnesota Statutes 1994, section 256B.501, subdivision 5d, as added by 1996 H.F. No. 1584, article 3, section 6, if enacted, is amended to read:

Subd. 5d. [ADJUSTMENT FOR OUTREACH CRISIS SERVICES.] An ICF/MR with crisis services developed under the authority of Laws 1992, chapter 513, article 9, section 40, shall have its operating cost per diem calculated according to paragraphs (a) and (b).

(a) Effective for services rendered from April 1, 1996, to September 30, 1996, and for rate years beginning on or after October 1, 1996, the maintenance limitation in Minnesota Rules, part 9553.0050, subpart 1, item A, subitem (2), shall be calculated to reflect capacity as of October 1, 1992. The maintenance limit shall be the per diem limitation otherwise in effect adjusted by the ratio of licensed capacity days as of October 1, 1992, divided by resident days in the reporting year ending December 31, 1993.

(b) Effective for services rendered from April 1, 1996, to September 30, 1996, and for rate years beginning on or after October 1, 1996, the operating cost per service unit, for purposes of the cost per service unit limit in section 256B.501, subdivision 5b, paragraph (d), clauses (7) and (8), shall be calculated after excluding the costs directly identified to the provision of outreach crisis services and a four-bed crisis unit.

(c) The efficiency incentive paid to an ICF/MR shall not be increased as a result of this subdivision.

Sec. 14. [CORRECTION 62A.] 1996 H.F. No. 1584, article 2, section 62, if enacted, is amended to read:

Sec. 62. [EFFECTIVE DATE; APPLICATION.]

(a) Sections 12, 14, 16, 18, 29, 30, and the portion of section 61 that repeals section 256B.15, subdivision 5, are effective the day following final enactment to the extent permitted by federal law. If any provisions of these sections are prohibited by federal law, the provisions shall become effective when federal law is changed to permit their application or a waiver is received. The commissioner of human services shall notify the revisor of statutes when federal law is enacted or a waiver is received and publish a notice in the State Register. The commissioner must include the notice in the first State Register published after the effective date of the federal changes.

(b) If, by July 1, 1996, any provisions of the sections mentioned in paragraph (a) are not effective because of prohibitions in federal law, the commissioner shall apply to the federal government for a waiver of those prohibitions, and those provisions shall become effective upon receipt of a federal waiver, notification to the revisor of statutes, and publication of a notice in the State Register to that effect. If the commissioner applies for a waiver of the lookback period, the commissioner shall seek the longest lookback period the health care financing administration will approve, not to exceed 72 months.

(c) Section 54 applies to estates of decedents dying on or after its effective date. Section 55 applies to estates where the notice under Minnesota Statutes, section 524.3-801, paragraph (a), was first published on or after its effective date. Section 55 does not affect any right or duty to provide notice to known creditors, including a local agency, before its effective date.

Sec. 15. [CORRECTION 62B.] Minnesota Statutes 1995 Supplement, section 256B.431, subdivision 25, as amended by 1996 H.F. No. 1584, article 3, section 3, if enacted, is amended to read:

Subd. 25. [CHANGES TO NURSING FACILITY REIMBURSEMENT BEGINNING JULY 1, 1995.] The nursing facility reimbursement changes in paragraphs (a) to ~~(h)~~ (g) shall apply in the sequence specified to Minnesota Rules, parts 9549.0010 to 9549.0080, and this section, beginning July 1, 1995.

(a) The eight-cent adjustment to care-related rates in subdivision 22, paragraph (e), shall no longer apply.

(b) For rate years beginning on or after July 1, 1995, the commissioner shall limit a nursing facility's allowable operating per diem for each case mix category for each rate year as in clauses (1) to (3).

(1) For the rate year beginning July 1, 1995, the commissioner shall group nursing facilities into two groups, freestanding and nonfreestanding, within each geographic group, using their operating cost per diem for the case mix A classification. A nonfreestanding nursing facility is a nursing facility whose other operating cost per diem is subject to the hospital attached, short length of stay, or the rule 80 limits. All other nursing facilities shall be considered freestanding nursing facilities. The commissioner shall then array all nursing facilities in each grouping by their allowable case mix A operating cost per diem. In calculating a nursing facility's operating cost per diem for this purpose, the commissioner shall exclude the raw food cost per diem related to providing special diets that are based on religious beliefs, as determined in subdivision 2b, paragraph (h). For those nursing facilities in each grouping whose case mix A operating cost per diem:

(i) is at or below the median minus 1.0 standard deviation of the array, the commissioner shall limit the nursing facility's allowable operating cost per diem for each case mix category to the lesser of the prior reporting year's allowable operating cost per diems plus the inflation factor as established in paragraph (f), clause (2), increased by six percentage points, or the current reporting year's corresponding allowable operating cost per diem;

(ii) is between minus .5 standard deviation and minus 1.0 standard deviation below the median of the array, the commissioner shall limit the nursing facility's allowable operating cost per diem for each case mix category to the lesser of the prior reporting year's allowable operating cost per diems plus the inflation factor as established in paragraph (f), clause (2), increased by four percentage points, or the current reporting year's corresponding allowable operating cost per diem; or

(iii) is equal to or above minus .5 standard deviation below the median of the array, the commissioner shall limit the nursing facility's allowable operating cost per diem for each case mix category to the lesser of the prior reporting year's allowable operating cost per diems plus the inflation factor as established in paragraph (f), clause (2), increased by three percentage points, or the current reporting year's corresponding allowable operating cost per diem.

(2) For the rate year beginning on July 1, 1996, the commissioner shall limit the nursing facility's allowable operating cost per diem for each case mix category to the lesser of the prior reporting year's allowable operating cost per diems plus the inflation factor as established in paragraph (f), clause (2), increased by one percentage point or the current reporting year's corresponding allowable operating cost per diems; and

(3) For rate years beginning on or after July 1, 1997, the commissioner shall limit the nursing facility's allowable operating cost per diem for each case mix category to the lesser of the reporting year prior to the current reporting year's allowable operating cost per diems plus the inflation factor as established in paragraph (f), clause (2), or the current reporting year's corresponding allowable operating cost per diems.

(c) For rate years beginning on July 1, 1995, the commissioner shall limit the allowable operating cost per diems for high cost nursing facilities. After application of the limits in paragraph (b) to each nursing facility's operating cost per diems, the commissioner shall group nursing facilities into two groups, freestanding or nonfreestanding, within each geographic group. A nonfreestanding nursing facility is a nursing facility whose other operating cost per diems are subject to hospital attached, short length of stay, or rule 80 limits. All other nursing facilities shall be considered freestanding nursing facilities. The commissioner shall then array all nursing facilities within each grouping by their allowable case mix A operating cost per diems. In calculating a nursing facility's operating cost per diem for this purpose, the commissioner shall exclude the raw food cost per diem related to providing special diets that are based on religious beliefs, as determined in subdivision 2b, paragraph (h). For those nursing facilities in each grouping whose case mix A operating cost per diem exceeds 1.0 standard deviation above the median, the commissioner shall reduce their allowable operating cost per diems by two percent.

For those nursing facilities in each grouping whose case mix A operating cost per diem exceeds 0.5 standard deviation above the median but is less than or equal to 1.0 standard deviation above the median, the commissioner shall reduce their allowable operating cost per diems by one percent.

(d) For rate years beginning on or after July 1, 1996, the commissioner shall limit the allowable operating cost per diems for high cost nursing facilities. After application of the limits in paragraph (b) to each nursing facility's operating cost per diems, the commissioner shall group nursing facilities into two groups, freestanding or nonfreestanding, within each geographic group. A nonfreestanding nursing facility is a nursing facility whose other operating cost per diems are subject to hospital attached, short length of stay, or rule 80 limits. All other nursing facilities shall be considered freestanding nursing facilities. The commissioner shall then array all nursing facilities within each grouping by their allowable case mix A operating cost per diems. In calculating a nursing facility's operating cost per diem for this purpose, the commissioner shall exclude the raw food cost per diem related to providing special diets that are based on religious beliefs, as determined in subdivision 2b, paragraph (h). In those nursing facilities in each grouping whose case mix A operating cost per diem exceeds 1.0 standard deviation above the median, the commissioner shall reduce their allowable operating cost per diems by three percent. For those nursing facilities in each grouping whose case mix A operating cost per diem exceeds 0.5 standard deviation above the median but is less than or equal to 1.0 standard deviation above the median, the commissioner shall reduce their allowable operating cost per diems by two percent.

(e) For rate years beginning on or after July 1, 1995, the commissioner shall determine a nursing facility's efficiency incentive by first computing the allowable difference, which is the lesser of \$4.50 or the amount by which the facility's other operating cost limit exceeds its nonadjusted other operating cost per diem for that rate year. The commissioner shall compute the efficiency incentive by:

- (1) subtracting the allowable difference from \$4.50 and dividing the result by \$4.50;
- (2) multiplying 0.20 by the ratio resulting from clause (1), and then;
- (3) adding 0.50 to the result from clause (2); and
- (4) multiplying the result from clause (3) times the allowable difference.

The nursing facility's efficiency incentive payment shall be the lesser of \$2.25 or the product obtained in clause (4).

(f) For rate years beginning on or after July 1, 1995, the forecasted price index for a nursing facility's allowable operating cost per diems shall be determined under clauses (1) to (3) using the change in the Consumer Price Index-All Items (United States city average) (CPI-U) or the change in the Nursing Home Market Basket, both as forecasted by Data Resources Inc., whichever is applicable. The commissioner shall use the indices as forecasted in the fourth quarter of the calendar year preceding the rate year, subject to subdivision 2l, paragraph (c). If, as a result of federal legislative or administrative action, the methodology used to calculate the Consumer Price Index-All Items (United States city average) (CPI-U) changes, the commissioner shall develop a conversion factor or other methodology to convert the CPI-U index factor that results from the new methodology to an index factor that approximates, as closely as possible, the index factor that would have resulted from application of the original CPI-U methodology prior to any changes in methodology. The commissioner shall use the conversion factor or other methodology to calculate an adjusted inflation index. The adjusted inflation index must be used to calculate payment rates under this section instead of the CPI-U index specified in paragraph (d). If the commissioner is required to develop an adjusted inflation index, the commissioner shall report to the legislature as part of the next budget submission the fiscal impact of applying this index.

(1) The CPI-U forecasted index for allowable operating cost per diems shall be based on the 21-month period from the midpoint of the nursing facility's reporting year to the midpoint of the rate year following the reporting year.

(2) The Nursing Home Market Basket forecasted index for allowable operating costs and per

diem limits shall be based on the 12-month period between the midpoints of the two reporting years preceding the rate year.

(3) For rate years beginning on or after July 1, 1996, the forecasted index for operating cost limits referred to in subdivision 21, paragraph (b), shall be based on the CPI-U for the 12-month period between the midpoints of the two reporting years preceding the rate year.

(g) After applying these provisions for the respective rate years, the commissioner shall index these allowable operating costs per diems by the inflation factor provided for in paragraph (f), clause (1), and add the nursing facility's efficiency incentive as computed in paragraph (e).

(h) A nursing facility licensed for 302 beds on September 30, 1993, that was approved under the moratorium exception process in section 144A.073 for a partial replacement, and completed the replacement project in December 1994, is exempt from paragraphs (b) to (d) for rate years beginning on or after July 1, 1995.

(i) Notwithstanding section 11, paragraph (h), for the rate years beginning on July 1, 1996, July 1, 1997, and July 1, 1998, a nursing facility licensed for 40 beds effective May 1, 1992, with a subsequent increase of 20 Medicare/Medicaid certified beds, effective January 26, 1993, in accordance with an increase in licensure is exempt from paragraphs (b) to (d)."

Sec. 16. CORRECTIONS

Subdivision 1. To the commissioner of administration for the purposes specified in this section

94,154,000

It is the policy of the state to convert existing, surplus state property for use as correctional facilities, rather than construct new facilities, whenever surplus state property is available, appropriate, and cost-effective for conversion. Conversion of existing facilities recycles buildings and materials, and provides opportunities for current and former state employees to continue their careers without the total disruption that relocation entails.

The commissioners of corrections and human services shall evaluate the St. Peter Regional Treatment Center facilities as potential sites for correction facilities, and shall report their findings to the legislature by February 1, 1997.

The commissioners of administration and corrections and the adjutant general must evaluate the feasibility of using vacant or underutilized facilities at Camp Ripley as a correctional facility. The commissioners and the adjutant general must report the results of the facility evaluation to the legislature by February 1, 1997.

The commissioner of administration shall develop a design alternative to bid and construct one of the six residential pods at the new facility to accommodate two inmates per cell. This would result in a total of 680 single occupancy close-custody cells, and 136 medium-custody double occupancy cells.

The commissioner of administration may use construction delivery methods as may be appropriate to minimize the cost of the facility and maximize the construction time savings.

Before final contract documents for this project are advertised for construction bids, the commissioners of administration and corrections shall certify to the chairs of the senate finance committee, the senate crime prevention finance division, the house ways and means committee, the house judiciary finance committee, and the house capital investment committee that the program scope of the project has not increased since the project budget was reviewed in accordance with Minnesota Statutes, section 16B.335.

Upon receipt and evaluation of construction bids and before awarding contracts for the construction phase of the project, the commissioner of administration shall provide the bids and evaluation to the chairs of the senate finance committee and the house ways and means committee and the chairs of the policy committees and finance divisions having jurisdiction over criminal justice policy. Within 14 days after receiving them, the chairs shall advise the commissioner on which design should be constructed.

If the chairs advise the 952-bed option, but the legislature does not appropriate by April 15, 1997, any additional money that may be needed to complete the project with that option, the commissioner shall award the bids for the 800-bed single-cell close-custody facility in order to avoid delays that would further escalate the cost of the project.

Upon receipt and evaluation of construction bids and before awarding contracts for the construction phase of the project, the commissioners of administration and finance shall inform the same committee chairs of the project budget necessary to complete that portion of the project. Any portion of this appropriation that exceeds the project budget shall be unallotted by the commissioner of finance.

By February 1 of each year, the commissioner shall report to the chairs of the house judiciary committee and senate crime prevention committee on efforts to recruit a workforce for the correctional facility that is proportional to the protected groups in the inmate population, the results of the efforts, and recommendations for achieving the goal of proportional representation of protected class employees in relation to the inmate population.

[LOAN LIMITATION.] Supplemental assistance may not be used to reduce the sewer service charges of a significant wastewater contributor, or a single user that has caused the need for the project or whose current or projected flow and load exceed one-half of the current wastewater treatment plant's capacity, unless the applicant can demonstrate to the authority that the significant wastewater contributor cannot pay its fair share. Funding will not be provided for projects that are not qualified for assistance or that would violate the state's constitution or laws regarding the use of funds appropriated for the program.

Subd. 10. [HIGH COST PROJECTS.] The authority shall not award supplemental assistance for projects in excess of \$10,000 per household unless the agency has ranked the project in the top half of the project priority list.

Money must remain in the account, for the life of the loan associated with the supplemental assistance under section 446A.072, unless use of the fund is approved by the authority for major rehabilitation, expansion, or replacement of the treatment plant. Subd. 17b. [WETLAND TYPE.] "Wetland type" means a wetland type classified according to Wetlands of the United States, U.S. Fish and Wildlife Service Circular 39 (1971 edition), as summarized in this subdivision.

(1) "Type 1 wetlands" are seasonally flooded basins or flats in which soil is covered with water or is waterlogged during variable seasonal periods but usually is well-drained during much of the growing season. Type 1 wetlands are located in depressions and in overflow bottomlands along watercourses, and in which vegetation varies greatly according to season and duration of flooding and includes bottomland hardwoods as well as herbaceous growths.

(2) "Type 2 wetlands" are inland fresh meadows in which soil is usually without standing water during most of the growing season but is waterlogged within at least a few inches of surface. Vegetation includes grasses, sedges, rushes, and various broad-leaved plants. Meadows may fill shallow basins, sloughs, or farmland sags, or these meadows may border shallow marshes on the landward side.

(3) "Type 3 wetlands" are inland shallow fresh marshes in which soil is usually waterlogged early during a growing season and often covered with as much as six inches or more of water. Vegetation includes grasses, bulrushes, spikerushes, and various other marsh plants such as cattails, arrowheads, pickerelweed, and smartweeds. These marshes may nearly fill shallow lake basins or sloughs, or may border deep marshes on the landward side and are also common as seep areas on irrigated lands.

(4) "Type 4 wetlands" are inland deep fresh marshes in which soil is usually covered with six inches to three feet or more of water during the growing season. Vegetation includes cattails, reeds, bulrushes, spikerushes, and wild rice. In open areas, pondweeds, naiads, coontail, water milfoils, waterweeds, duckweeds, waterlilies, or spatterdocks may occur. These deep marshes may completely fill shallow lake basins, potholes, limestone sinks, and sloughs, or they may border open water in such depressions.

(5) "Type 5 wetlands" are inland open fresh water, shallow ponds, and reservoirs in which water is usually less than ten feet deep and is fringed by a border of emergent vegetation similar to open areas of type 4 wetland.

(6) "Type 6 wetlands" are shrub swamps in which soil is usually waterlogged during growing

season and is often covered with as much as six inches of water. Vegetation includes alders, willows, buttonbush, dogwoods, and swamp-privet. This type occurs mostly along sluggish streams and occasionally on flood plains.

(7) "Type 7 wetlands" are wooded swamps in which soil is waterlogged at least to within a few inches of the surface during growing season and is often covered with as much as one foot of water. This type occurs mostly along sluggish streams, on flood plains, on flat uplands, and in shallow basins. Trees include tamarack, arborvitae, black spruce, balsam, red maple, and black ash. Northern evergreen swamps usually have a thick ground cover of mosses. Deciduous swamps frequently support beds of duckweeds and smartweeds.

(8) "Type 8 wetlands" are bogs in which soil is usually waterlogged and supports a spongy covering of mosses. This type occurs mostly in shallow basins, on flat uplands, and along sluggish streams. Vegetation is woody or herbaceous or both. Typical plants are heath shrubs, sphagnum moss, and sedges. In the north, leatherleaf, Labrador-tea, cranberries, carex, and cottongrass are often present. Scattered, often stunted, black spruce and tamarack may occur.

Sec. 23. Minnesota Statutes 1994, section 103G.127, is amended to read:

103G.127 [PERMIT PROGRAM UNDER SECTION 404 OF THE FEDERAL CLEAN WATER ACT.]

Notwithstanding any other law to the contrary, the commissioner, with the concurrence of the board of water and soil resources and the commissioner of agriculture, may adopt rules establishing a permit program for regulating the discharge of dredged and fill material into the waters of the state as necessary to obtain approval from the United States Environmental Protection Agency to administer the permit program under section 404 of the federal Clean Water Act, United States Code, title 33, section 1344. The rules may not be more restrictive than the program under section 404, or state law, if it is more restrictive than the federal program.

Sec. 24. Minnesota Statutes 1994, section 103G.222, is amended to read:

103G.222 [REPLACEMENT OF WETLANDS.]

Subdivision 1. [REQUIREMENTS.] (a) ~~After the effective date of the rules adopted under section 103B.3355 or 103G.2242, whichever is later,~~ Wetlands must not be drained or filled, wholly or partially, unless replaced by restoring or creating wetland areas of at least equal public value under a replacement plan approved as provided in section 103G.2242, a replacement plan under a local governmental unit's comprehensive wetland protection and management plan approved by the board under section 103G.2242, subdivision 1, paragraph (c) 103G.2243, or, if a permit to mine is required under section 93.481, under a mining reclamation plan approved by the commissioner under the permit to mine. Mining reclamation plans shall apply the same principles and standards for replacing wetlands by restoration or creation of wetland areas that are applicable to mitigation plans approved as provided in section 103G.2242. Public value must be determined in accordance with section 103B.3355 or a comprehensive wetland protection and management plan established under section 103G.2243.

(b) Replacement must be guided by the following principles in descending order of priority:

(1) avoiding the direct or indirect impact of the activity that may destroy or diminish the wetland;

(2) minimizing the impact by limiting the degree or magnitude of the wetland activity and its implementation;

(3) rectifying the impact by repairing, rehabilitating, or restoring the affected wetland environment;

(4) reducing or eliminating the impact over time by preservation and maintenance operations during the life of the activity; and

(5) compensating for the impact by restoring a wetland; and

(6) compensating for the impact by replacing or providing substitute wetland resources or environments.

For a project involving the draining or filling of wetlands in an amount not exceeding 10,000 square feet more than the applicable amount in section 103G.2241, subdivision 9, paragraph (a), the local government unit may make an on-site sequencing determination without a written alternatives analysis from the applicant.

(c) If a wetland is located in a cultivated field, then replacement must be accomplished through restoration only without regard to the priority order in paragraph (b), provided that a deed restriction is placed on the altered wetland prohibiting nonagricultural use for at least ten years.

(d) Restoration and replacement of wetlands must be accomplished in accordance with the ecology of the landscape area affected.

(e) Replacement shall be within the same watershed or county as the impacted wetlands, as based on the wetland evaluation in section 103G.2242, subdivision 2, except that ~~counties or watersheds in which a greater than 80 percent or more of the presettlement wetland acreage is intact~~ area may accomplish replacement in ~~counties or watersheds in which less than 50 percent or more of the presettlement wetland acreage has been filled, drained, or otherwise degraded~~ areas. Wetlands impacted by public transportation projects may be replaced statewide, ~~provided they are approved by the commissioner under an established wetland banking system, or except that~~ wetlands impacted in a less than 50 percent area must be replaced in a less than 50 percent area, and wetlands impacted in the seven county twin cities metropolitan area by public highways must be replaced:

(1) in the affected county, or, if no restoration opportunities exist in the county;

(2) in another seven county twin cities metropolitan area county.

The board must maintain a public list of restoration opportunities within the metropolitan area. Disputes about restoration opportunities for wetland replacement in a watershed or county may be appealed to the board's committee for dispute resolution. Replacement of wetlands may be accomplished under the rules for wetland banking as provided for under section 103G.2242.

(f) Except as provided in paragraph (g), for a wetland located on nonagricultural land, replacement must be in the ratio of two acres of replaced wetland for each acre of drained or filled wetland.

(g) For a wetland located on agricultural land or in ~~counties or watersheds in which a greater than 80 percent or more of the presettlement wetland acreage exists~~ area, replacement must be in the ratio of one acre of replaced wetland for each acre of drained or filled wetland.

(h) Wetlands that are restored or created as a result of an approved replacement plan are subject to the provisions of this section for any subsequent drainage or filling.

(i) Except in ~~counties or watersheds where a greater than 80 percent or more of the presettlement wetlands are intact~~ area, only wetlands that have been restored from previously drained or filled wetlands, wetlands created by excavation in nonwetlands, wetlands created by dikes or dams along public or private drainage ditches, or wetlands created by dikes or dams associated with the restoration of previously drained or filled wetlands may be used in a statewide banking program established in rules adopted under section 103G.2242, subdivision 1. Modification or conversion of nondegraded naturally occurring wetlands from one type to another are not eligible for enrollment in a statewide wetlands bank.

(j) The technical evaluation panel established under section 103G.2242, subdivision 2, shall ensure that sufficient time has occurred for the wetland to develop wetland characteristics of soils, vegetation, and hydrology before recommending that the wetland be deposited in the statewide wetland bank. If the technical evaluation panel has reason to believe that the wetland characteristics may change substantially, the panel shall postpone its recommendation until the wetland has stabilized.

(k) This section and sections 103G.223 to 103G.2242, 103G.2364, and 103G.2365 apply to the state and its departments and agencies.

(l) For projects involving draining or filling of wetlands associated with a new public transportation project in a greater than 80 percent area, public transportation authorities, other than the state department of transportation, may purchase credits from the state wetland bank established with proceeds from Laws 1994, chapter 643, section 26, subdivision 3, paragraph (c). Wetland banking credits may be purchased at the least of the following, but in no case shall the purchase price be less than \$400 per acre: (1) the cost to the state to establish the credits; (2) the average estimated market value of agricultural land in the township where the road project is located, as determined by the commissioner of revenue; or (3) the average value of the land in the immediate vicinity of the road project as determined by the county assessor. Public transportation authorities in a less than 80 percent area may purchase credits from the state at the cost to the state to establish credits.

(m) A replacement plan for wetlands is not required for individual projects that result in the filling or draining of wetlands for the repair, rehabilitation, reconstruction, or replacement of a currently serviceable existing state, city, county, or town public road necessary, as determined by the public transportation authority, to meet state or federal design or safety standards or requirements, excluding new roads or roads expanded solely for additional traffic capacity lanes. This paragraph only applies to authorities for public transportation projects that:

(1) minimize the amount of wetland filling or draining associated with the project and consider mitigating important site-specific wetland functions on-site; and

(2) submit annual reports by January 15 to the board and members of the public requesting a copy that indicate the location, amount, and type of wetlands that have been filled or drained during the previous year and a projection of the location, amount, and type of wetlands to be filled or drained during the upcoming year.

The technical evaluation panel shall review minimization and delineation decisions made by the public transportation authority and provide recommendations regarding on-site mitigation if requested to do so by the local government unit, a contiguous landowner, or a member of the technical evaluation panel.

Except for state public transportation projects, for which the state department of transportation is responsible, the board must replace the wetlands drained or filled by public transportation projects on existing roads in critical rural and urban watersheds.

Public transportation authorities at their discretion may deviate from federal and state design standards on existing road projects when practical and reasonable to avoid wetland filling or draining, provided that public safety is not unreasonably compromised. The local road authority and its officers and employees are exempt from liability for any tort claim for injury to persons or property arising from travel on the highway and related to the deviation from the design standards for construction or reconstruction under this paragraph. This paragraph does not preclude an action for damages arising from negligence in construction or maintenance on a highway.

(n) If a landowner seeks approval of a replacement plan after the proposed project has already impacted the wetland, the local government unit may require the landowner to replace the impacted wetland at a ratio not to exceed twice the replacement ratio otherwise required.

(o) A local government unit may request the board to reclassify a county or watershed on the basis of its percentage of presettlement wetlands remaining. After receipt of satisfactory documentation from the local government, the board shall change the classification of a county or watershed. If requested by the local government unit, the board must assist in developing the documentation. Within 30 days of its action to approve a change of wetland classifications, the board shall publish a notice of the change in the Environmental Quality Board Monitor.

(p) One hundred citizens who reside within the jurisdiction of the local government unit may request the local government unit to reclassify a county or watershed on the basis of its percentage of presettlement wetlands remaining. In support of their petition, the citizens shall provide

satisfactory documentation to the local government unit. The local government unit shall consider the petition and forward the request to the board under paragraph (o) or provide a reason why the petition is denied.

Subd. 2. [ROAD CREDIT FUNDING.] At least 50 percent of money appropriated for road repair wetland replacement credit under this section must be used for wetland restoration in the seven county metropolitan area.

The board shall give priority to restoration projects that will:

- (1) intensify land use that leads to more compact development or redevelopment;
- (2) encourage public infrastructure investments which connect urban neighborhoods and suburban communities, attract private sector investment in commercial or residential properties adjacent to the public improvement; or
- (3) complement projects receiving funding under section 473.253.

(b) The exemption under paragraph (a), clause (4), may be expanded to additional acreage, including types 1, 2, and 6 wetlands that are part of a larger wetland system, when the additional acreage is part of a conservation plan approved by the local soil and water conservation district, the additional draining or filling is necessary for efficient operation of the farm, the hydrology of the larger wetland system is not adversely affected, and wetlands other than types 1, 2, and 6 are not drained or filled.

Subd. 2. [DRAINAGE.] (a) For the purposes of this subdivision, "public drainage system" means a drainage system as defined in section 103E.005, subdivision 12, and any ditch or tile lawfully connected to the drainage system.

(b) A replacement plan is not required for draining of type 1 wetlands, or up to five acres of type 2 or 6 wetlands, in an unincorporated area on land that has been assessed drainage benefits for a public drainage system, provided that:

(1) during the 20-year period that ended January 1, 1992:

(i) there was an expenditure made from the drainage system account for the public drainage system;

(ii) the public drainage system was repaired or maintained as approved by the drainage authority; or

(iii) no repair or maintenance of the public drainage system was required under section 103E.705, subdivision 1, as determined by the public drainage authority; and

(2) the wetlands are not drained for conversion to:

(i) platted lots;

(ii) planned unit, commercial, or industrial developments; or

(iii) any development with more than one residential unit per 40 acres.

If wetlands drained under this paragraph are converted to uses prohibited under clause (2) during the ten-year period following drainage, the wetlands must be replaced under section 103G.222.

(c) A replacement plan is not required for draining or filling of wetlands, except for draining types 3, 4, and 5 wetlands that have been in existence for more than 25 years, resulting from maintenance and repair of existing public drainage systems.

(d) A replacement plan is not required for draining or filling of wetlands, except for draining

wetlands that have been in existence for more than 25 years, resulting from maintenance and repair of existing drainage systems other than public drainage systems.

(e) A replacement plan is not required for draining or filling of wetlands resulting from activities conducted as part of a public drainage system improvement project that received final approval from the drainage authority before July 1, 1991, and after July 1, 1986, if:

- (1) the approval remains valid;
- (2) the project remains active; and
- (3) no additional drainage will occur beyond that originally approved.

(f) The public drainage authority may, as part of the repair, install control structures, realign the ditch, construct dikes along the ditch, or make other modifications as necessary to prevent drainage of the wetland.

(g) Wetlands of all types that would be drained as a part of a public drainage repair project are eligible for the permanent wetlands preserve, under section 103F.516. The board shall give priority to acquisition of easements on types 3, 4, and 5 wetlands that have been in existence for more than 25 years on public drainage systems and other wetlands that have the greatest risk of drainage from a public drainage repair project.

Subd. 3. [FEDERAL APPROVALS.] A replacement plan for wetlands is not required for:

(1) activities exempted from federal regulation under United States Code, title 33, section 1344(f), as in effect on January 1, 1991;

(2) activities authorized under, and conducted in accordance with, an applicable general permit issued by the United States Army Corps of Engineers under section 404 of the federal Clean Water Act, United States Code, title 33, section 1344, except the nationwide permit in Code of Federal Regulations, title 33, section 330.5, paragraph (a), clauses (14), limited to when a new road crosses a wetland, and (26), as in effect on January 1, 1991.

Subd. 4. [WETLAND RESTORATION.] A replacement plan for wetlands is not required for activities in a wetland restored for conservation purposes under a contract or easement providing the landowner with the right to drain the restored wetland.

Subd. 5. [INCIDENTAL WETLANDS.] A replacement plan for wetlands is not required for activities in a wetland created solely as a result of:

- (1) beaver dam construction;
- (2) blockage of culverts through roadways maintained by a public or private entity;
- (3) actions by public or private entities that were taken for a purpose other than creating the wetland; or
- (4) any combination of clauses (1) to (3).

Subd. 6. [UTILITIES; PUBLIC WORKS.] A replacement plan for wetlands is not required for:

(1) placement, maintenance, repair, enhancement, or replacement of utility or utility-type service if:

(i) the impacts of the proposed project on the hydrologic and biological characteristics of the wetland have been avoided and minimized to the extent possible; and

(ii) the proposed project significantly modifies or alters less than one-half acre of wetlands;

(2) activities associated with routine maintenance of utility and pipeline rights-of-way, provided the activities do not result in additional intrusion into the wetland;

(3) alteration of a wetland associated with the operation, maintenance, or repair of an interstate pipeline within all existing or acquired interstate pipeline rights-of-way;

(4) emergency repair and normal maintenance and repair of existing public works, provided the activity does not result in additional intrusion of the public works into the wetland and does not result in the draining or filling, wholly or partially, of a wetland;

(5) normal maintenance and minor repair of structures causing no additional intrusion of an existing structure into the wetland, and maintenance and repair of private crossings that do not result in the draining or filling, wholly or partially, of a wetland; or

(6) repair and updating of existing individual sewage treatment systems as necessary to comply with local, state, and federal regulations.

Subd. 7. [FORESTRY.] A replacement plan for wetlands is not required for:

(1) temporarily crossing or entering a wetland to perform silvicultural activities, including timber harvest as part of a forest management activity, so long as the activity limits the impact on the hydrologic and biologic characteristics of the wetland; the activities do not result in the construction of dikes, drainage ditches, tile lines, or buildings; and the timber harvesting and other silvicultural practices do not result in the drainage of the wetland or public waters; or

(2) permanent access for forest roads across wetlands so long as the activity limits the impact on the hydrologic and biologic characteristics of the wetland; the construction activities do not result in the access becoming a dike, drainage ditch, or tile line; filling is avoided wherever possible; and there is no drainage of the wetland or public waters.

Subd. 8. [APPROVED DEVELOPMENT.] A replacement plan for wetlands is not required for development projects and ditch improvement projects in the state that have received preliminary or final plat approval or have infrastructure that has been installed or has local site plan approval, conditional use permits, or similar official approval by a governing body or government agency, within five years before July 1, 1991. As used in this subdivision, "infrastructure" means public water facilities, storm water and sanitary sewer piping, outfalls, inlets, culverts, bridges, and any other work defined specifically by a local government unit as constituting a capital improvement to a parcel within the context of an approved development plan.

Subd. 9. [DE MINIMIS.] (a) Except as provided in paragraphs (b), (c), and (d), a replacement plan for wetlands is not required for draining or filling the following amounts of wetlands as part of a project, regardless of the total amount of wetlands filled as part of a project:

(1) 10,000 square feet of type 1, type 2, type 6, or type 7 wetland, excluding white cedar and tamarack wetlands, outside of the shoreland wetland protection zone in a greater than 80 percent area;

(2) 5,000 square feet of type 1, type 2, type 6, or type 7 wetland, excluding white cedar and tamarack wetlands, outside of the shoreland wetland protection zone in a 50 to 80 percent area;

(3) 2,000 square feet of type 1, type 2, or type 6 wetland, outside of the shoreland wetland protection zone in a less than 50 percent area;

(4) 400 square feet of wetland types not listed in clauses (1) to (3) outside of shoreland wetland protection zones in all counties; or

(5) 400 square feet of type 1, type 2, type 3, type 4, type 5, type 6, type 7, or type 8 wetland, in the shoreland wetland protection zone, except that in a greater than 80 percent area, the local government unit may increase the de minimis amount up to 1,000 square feet in the shoreland protection zone in areas beyond the building setback if the wetland is isolated and is determined to have no direct surficial connection to the public water. To the extent that a local shoreland management ordinance is more restrictive than this provision, the local shoreland ordinance applies.

(b) The amounts listed in paragraph (a), clauses (1) to (5), may not be combined on a project.

(c) This exemption no longer applies to a landowner's portion of a wetland when the cumulative area drained or filled of the landowner's portion since January 1, 1992, is the greatest of:

- (1) the applicable area listed in paragraph (a), if the landowner owns the entire wetland;
- (2) five percent of the landowner's portion of the wetland; or
- (3) 400 square feet.

(d) Persons proposing to conduct an activity under this subdivision shall contact the board at a toll-free number to be provided for information on minimizing wetland impacts. Failure to call by the person does not constitute a violation of this subdivision.

(e) This exemption may not be combined with another exemption in this section on a project.

Subd. 10. [WILDLIFE HABITAT.] A replacement plan for wetlands is not required for:

(1) deposition of spoil resulting from excavation within a wetland for a wildlife habitat improvement project, if:

(i) the area of deposition does not exceed five percent of the wetland area or one-half acre, whichever is less, and the spoil is stabilized and permanently seeded to prevent erosion;

(ii) the project does not have an adverse impact on any species designated as endangered or threatened under state or federal law; and

(iii) the project will provide wildlife habitat improvement as certified by the soil and water conservation district; or

(2) duck blinds.

Subd. 11. [EXEMPTION CONDITIONS.] (a) A person conducting an activity in a wetland under an exemption in subdivisions 1 to 10 shall ensure that:

(1) appropriate erosion control measures are taken to prevent sedimentation of the water;

(2) the activity does not block fish passage in a watercourse; and

(3) the activity is conducted in compliance with all other applicable federal, state, and local requirements, including best management practices and water resource protection requirements established under chapter 103H.

(b) An activity is exempt if it qualifies for any one of the exemptions, even though it may be indicated as not exempt under another exemption.

(c) Persons proposing to conduct an exempt activity are encouraged to contact the local government unit or the local government unit's designee for advice on minimizing wetland impacts.

Sec. 26. Minnesota Statutes 1994, section 103G.2242, subdivision 1, is amended to read:

Subdivision 1. [RULES.] (a) ~~By July 1, 1993,~~ The board, in consultation with the commissioner, shall adopt rules governing the approval of wetland value replacement plans under this section. Replacement credit may not exceed 50 percent of the total wetland area vegetatively restored;

(3) Wetlands restored for conservation purposes under terminated easements or contracts, provided that Up to 75 percent of the restored wetland area is eligible for replacement credit and adjacent upland buffer areas reestablished to permanent vegetative cover are eligible for replacement credit above a 1:1 ratio in an amount not to exceed 25 percent of the restored wetland area; and

(4) Water quality treatment ponds constructed to pretreat storm water runoff prior to discharge to wetlands, public waters, or other water bodies, provided that the water quality treatment ponds must be associated with an ongoing or proposed project that will impact a wetland and replacement credit for the treatment ponds may not exceed 75 percent of the treatment pond area and may only be used for replacement above a 1:1 ratio.

Sec. 33. [103G.2243] [LOCAL COMPREHENSIVE WETLAND PROTECTION AND MANAGEMENT PLANS.]

Subdivision 1. [GENERAL REQUIREMENTS; NOTICE AND PARTICIPATION.] (a) As an alternative to the rules adopted under section 103G.2242, subdivision 1, and the public value criteria established or approved under section 103B.3355, a comprehensive wetland protection and management plan may be developed by a local government unit, or one or more local government units operating under a joint powers agreement, provided that:

(1) a notice is made at the beginning of the planning process to the board, the commissioner of natural resources, the pollution control agency, local government units, and local citizens to actively participate in the development of the plan; and

(2) the plan is implemented by ordinance as part of the local government's official controls under chapter 394, for a county; chapter 462, for a city; chapter 366, for a town; and by rules adopted under chapter 103D, for a watershed district; and chapter 103B, for a watershed management organization.

(b) An organization that is invited to participate in the development of the local plan, but declines to do so and fails to participate or to provide written comments during the local review process, waives the right during board review to submit comments, except comments concerning consistency of the plan with laws and rules administered by that agency. In determining the merit of an agency comment, the board shall consider the involvement of the agency in the development of the local plan.

Subd. 2. [PLAN CONTENTS.] A comprehensive wetland protection and management plan may:

(1) provide for classification of wetlands in the plan area based on:

(i) an inventory of wetlands in the plan area;

(ii) an assessment of the wetland functions listed in section 103B.3355, using a methodology chosen by the technical evaluation panel from one of the methodologies established or approved by the board under that section; and

(iii) the resulting public values;

(2) vary application of the sequencing standards in section 103G.222, subdivision 1, paragraph (b), for projects based on the classification and criteria set forth in the plan;

(3) vary the replacement standards of section 103G.222, subdivision 1, paragraphs (f) and (g), based on the classification and criteria set forth in the plan, for specific wetland impacts provided there is no net loss of public values within the area subject to the plan, and so long as:

(i) in a 50 to 80 percent area, a minimum acreage requirement of one acre of replaced wetland for each acre of drained or filled wetland requiring replacement is met within the area subject to the plan; and

(ii) in a less than 50 percent area, a minimum acreage requirement of two acres of replaced wetland for each acre of drained or filled wetland requiring replacement is met within the area subject to the plan, except that replacement for the amount above a 1:1 ratio can be accomplished as described in subdivision 12;

(4) in a greater than 80 percent area, allow replacement credit, based on the classification and criteria set forth in the plan, for any project that increases the public value of wetlands, including activities on adjacent upland acres; and

(5) in a greater than 80 percent area, based on the classification and criteria set forth in the plan, expand the application of the exemptions in section 103G.2241, subdivision 1, paragraph (a), clause (4), to also include nonagricultural land, provided there is no net loss of wetland values.

Subd. 3. [BOARD REVIEW AND APPROVAL; MEDIATION; JUDICIAL REVIEW.] (a) The plan is deemed approved 60 days after the local government submits the final plan to the board, unless the board disagrees with the plan as provided in paragraph (d).

(b) The board may not disapprove a plan if the board determines the plan meets the requirements of this section.

(c) In its review of a plan, the board shall advise the local government unit of those elements of the plan that are more restrictive than state law and rules for purposes of section 103G.237, subdivision 5.

(d) If the board disagrees with the plan or any elements of the plan, the board shall, in writing, notify the local government of the plan deficiencies and suggested changes. The board shall include in the response to the local government the scientific justification, if applicable, for the board's concerns with the plan. Upon receipt of the board's concerns with the plan, the local government has 60 days to revise the plan and resubmit the plan to the board for reconsideration, or the local government may request a hearing before the board. The board shall hold a hearing within the boundaries of the jurisdiction of the local government within 60 days of the request for hearing. After the hearing, the board shall, within 60 days, prepare a report of its decision and inform the local government.

(e) If, after the hearing, the board and local government disagree on the plan, the board shall, within 60 days, initiate mediation through a neutral party. If the board and local government unit agree in writing not to use mediation or the mediation does not result in a resolution of the differences between the parties, then the board may commence a declaratory judgment action in the district court of the county where the local government unit is located. If the board does not commence a declaratory judgment action within the applicable 60-day period, the plan is deemed approved.

(f) The declaratory judgment action must be commenced within 60 days after the date of the written agreement not to use mediation or 60 days after conclusion of the mediation. If the board commences a declaratory judgment action, the district court shall review the board's record of

decision and the record of decision of the local government unit. The district court shall affirm the plan if it meets the requirements of this subdivision.

Subd. 4. [EFFECTIVE DATE; REPLACEMENT DECISIONS.] (a) The plan becomes effective as provided in subdivision 3, paragraphs (d) to (f), and after adoption of the plan into the official controls of the local government.

(b) After the effective date of a plan, a local government unit shall make replacement decisions consistent with the plan.

Subd. 5. [PLAN AMENDMENTS.] Amendments to the plan become effective upon completion of the same process required for the original plan.

Subd. 6. [WATER PLANNING PROCESSES APPLY.] Except as otherwise provided for in this section, all other requirements relating to development of the plan must be consistent with the water plan processes under sections 103B.231 and 103B.311.

A person proposing to create or restore a wetland within the easement of a pipeline as defined in section 299J.02, subdivision 11, shall first notify the easement holder and the director of the office of pipeline safety in writing. The person may not create or restore the wetland if, within 90 days after receiving the required notice, the easement holder or the director of the office of pipeline safety provides to the person a written notice of objection that includes the reasons for the objection.

Sec. 35. Minnesota Statutes 1994, section 103G.237, subdivision 4, is amended to read:

Subd. 4. [COMPENSATION.] (a) The board shall award compensation in an amount equal to the greater of:

(1) (i) the average equalized estimated market value of agricultural property in the township as established by the commissioner of revenue at the time application for compensation is made; or

(2) (ii) the assessed value per acre of the parcel containing the wetland, based on the assessed value of the parcel as stated on the most recent tax statement; or

(2) \$200 per acre of wetland subject to the replacement plan, increased or decreased by the percentage change of the assessed valuation of land in the township where the wetland is located from the 1995 valuation.

(b) A person who receives compensation under paragraph (a) shall convey to the board a permanent conservation easement as described in section 103F.515, subdivision 4. An easement conveyed under this paragraph is subject to correction and enforcement under section 103F.515, subdivisions 8 and 9.

A local government unit making a request under this paragraph shall provide the attorney general with a copy of the complaint as soon as possible after being served. If requested by the attorney general, the court shall grant additional time to file an answer equal to the time between service of the complaint on the local government unit and receipt of the complaint by the attorney general.

(b) The state is liable for costs, damages, fees, and compensation awarded in the action based on the local government unit's adoption or implementation of standards that are required by state law, as determined by the court. The joint board established pursuant to this subdivision shall:

(1) be composed of members designated by the governing bodies of the governmental units which established such joint board, and possess such representative and voting power provided by the joint powers agreement;

(2) constitute a public body, corporate, and politic; and

(3) notwithstanding the provisions of subdivision 1, requiring commonality of powers between parties to a joint powers agreement, and solely for the purpose of acquiring an interest in, rehabilitating, constructing, owning, or managing federally financed low-rent public housing, shall possess all of the powers and duties contained in sections 469.001 to 469.047 and, if at least one participant is an economic development authority, sections 469.090 to 469.1081, except (i) as may be otherwise limited by the terms of the joint powers agreement; and (ii) a joint board shall not have the power to tax pursuant to section 469.033, subdivision 6, or 469.107, nor shall it exercise the power of eminent domain. Every joint powers agreement establishing a joint board shall specifically provide which and under what circumstances the powers granted herein may be exercised by that joint board.

(b) If a housing and redevelopment authority exists in a city which intends to participate in the creation of a joint board pursuant to paragraph (a), such housing and redevelopment authority shall be the governmental unit which enters into the joint powers agreement unless it determines not to do so, in which event the governmental entity which enters into the joint powers agreement may be any public entity of that city which exercises the low-rent public housing powers of a housing and redevelopment authority.

(c) A joint board shall not make any contract with the federal government for low-rent public housing, unless the governing body or bodies creating the participating authority in whose jurisdiction the housing is located has, by resolution, approved the provision of that low-rent public housing.

(d) This subdivision does not apply to any housing and redevelopment authority, or public entity exercising the powers of a housing and redevelopment authority, within the jurisdiction of a county housing and redevelopment authority which is actively carrying out a public housing program under Section 5 of the United States Housing Act of 1937. For purposes of this paragraph, a county housing and redevelopment authority is considered to be actively carrying out a public housing program under Section 5 of the United States Housing Act of 1937, if it (1) owns 200 or more public housing units constructed under Section 5 of the United States Housing Act of 1937, and (2) has applied for public housing development funds under Section 5 of the United States Housing Act of 1937, during the three years immediately preceding January 1, 1996.

(e) For purposes of sections 469.001 to 469.047, "city" means the city in which the housing units with respect to which the joint board was created are located and "governing body" or "governing body creating the authority" means the council of such city.

Sec. 2. Minnesota Statutes 1995 Supplement, section 473.167, subdivision 2, is amended to read:

Subd. 2. [LOANS FOR ACQUISITION.] (a) The council may make loans to counties, towns, and statutory and home rule charter cities within the metropolitan area for the purchase of property within the right-of-way of a state trunk highway shown on an official map adopted pursuant to section 394.361 or 462.359 or for the purchase of property within the proposed right-of-way of a principal or intermediate arterial highway designated by the council as a part of the metropolitan highway system plan and approved by the council pursuant to subdivision 1. The loans shall be made by the council, from the fund established pursuant to this subdivision, for purchases approved by the council. The loans shall bear no interest.

(b) The council shall make loans only:

(1) to accelerate the acquisition of primarily undeveloped property when there is a reasonable probability that the property will increase in value before highway construction, and to update an expired environmental impact statement on a project for which the right-of-way is being purchased;

(2) to avert the imminent conversion or the granting of approvals which would allow the conversion of property to uses which would jeopardize its availability for highway construction; or

(3) to advance planning and environmental activities on highest priority major metropolitan river crossing projects, under the transportation development guide chapter/policy plan; or

(4) to take advantage of open market opportunities when developed properties become available for sale, provided all parties involved are agreeable to the sale and funds are available.

(c) The council shall not make loans for the purchase of property at a price which exceeds the fair market value of the property or which includes the costs of relocating or moving persons or property. The eminent domain process may be used to settle differences of opinion as to fair market value, provided all parties agree to the process.

(d) A private property owner may elect to receive the purchase price either in a lump sum or in not more than four annual installments without interest on the deferred installments. If the purchase agreement provides for installment payments, the council shall make the loan in installments corresponding to those in the purchase agreement. The recipient of an acquisition loan shall convey the property for the construction of the highway at the same price which the recipient paid for the property. The price may include the costs of preparing environmental documents that were required for the acquisition and that were paid for with money that the recipient received from the loan fund. Upon notification by the council that the plan to construct the highway has been abandoned or the anticipated location of the highway changed, the recipient shall sell the property at market value in accordance with the procedures required for the disposition of the property. All rents and other money received because of the recipient's ownership of the property and all proceeds from the conveyance or sale of the property shall be paid to the council. If a recipient is not permitted to include in the conveyance price the cost of preparing environmental documents that were required for the acquisition, then the recipient is not required to repay the council an amount equal to 40 percent of the money received from the loan fund and spent in preparing the environmental documents.

(e) The proceeds of the tax authorized by subdivision 3 and distributed to the right-of-way acquisition loan fund pursuant to subdivision 3a, paragraph (a), all money paid to the council by recipients of loans, and all interest on the proceeds and payments shall be maintained as a separate fund. For administration of the loan program, the council may expend from the fund each year an amount no greater than three percent of the amount of the proceeds distributed to the right-of-way acquisition loan fund pursuant to subdivision 3a, paragraph (a), for that year.

Sec. 3. Minnesota Statutes 1994, section 473.167, subdivision 2a, is amended to read:

Subd. 2a. [HARDSHIP ACQUISITION AND RELOCATION.] (a) The council may make hardship loans to acquiring authorities within the metropolitan area to purchase homestead property located in a proposed state trunk highway right-of-way or project, and to provide relocation assistance. Acquiring authorities are authorized to accept the loans and to acquire the property. Except as provided in this subdivision, the loans shall be made as provided in subdivision 2. Loans shall be in the amount of the appraised fair market value of the homestead property plus relocation costs and less salvage value. Before construction of the highway begins, the acquiring authority shall convey the property to the commissioner of transportation at the same price it paid, plus relocation costs and less its salvage value. Acquisition and assistance under this subdivision must conform to sections 117.50 to 117.56.

(b) The council may make hardship loans only when:

(1) the owner of affected homestead property requests acquisition and relocation assistance from an acquiring authority;

(2) federal or state financial participation is not available;

(3) the owner is unable to sell the homestead property at its appraised market value because the property is located in a proposed state trunk highway right-of-way or project as indicated on an official map or plat adopted under section 160.085, 394.361, or 462.359;

(4) ~~the appraisal of council agrees to and approves the fair market value of the homestead property has been approved by the council. The council's, which~~ approval shall not be unreasonably withheld; and

(5) the owner of the homestead property is burdened by circumstances that constitute a hardship, such as catastrophic medical expenses; a transfer of the homestead owner by the owner's employer to a distant site of employment; or inability of the owner to maintain the property due to physical or mental disability or the permanent departure of children from the homestead.

(c) For purposes of this subdivision, the following terms have the meanings given them.

(1) "Acquiring authority" means counties, towns, and statutory and home rule charter cities in the metropolitan area.

(2) "Homestead property" means a single-family dwelling occupied by the owner, and the surrounding land, not exceeding a total of ten acres.

(3) "Salvage value" means the probable sale price of the dwelling and other property that is severable from the land if offered for sale on the condition that it be removed from the land at the buyer's expense, allowing a reasonable time to find a buyer with knowledge of the possible uses of the property, including separate use of serviceable components and scrap when there is no other reasonable prospect of sale.

Sec. 4. Minnesota Statutes 1995 Supplement, section 473.167, subdivision 3, is amended to read:

Subd. 3. [TAX.] The council may levy a tax on all taxable property in the metropolitan area, as defined in section 473.121, to provide funds for loans made pursuant to subdivisions 2 and 2a ~~and for the tax base revitalization account in the metropolitan livable communities fund, established under section 473.251.~~ This tax for the right-of-way acquisition loan fund ~~and the tax base revitalization account~~ shall be certified by the council, levied, and collected in the manner provided by section 473.13. The tax shall be in addition to that authorized by section 473.249 and any other law and shall not affect the amount or rate of taxes which may be levied by the council or any metropolitan agency or local governmental unit. The amount of the levy shall be as determined and certified by the council, ~~provided that the property tax levied by the metropolitan council for the right-of-way acquisition loan fund and the tax base revitalization account shall not exceed the following amount for the years specified:~~

(a) for taxes payable in 1988, the product of 5/100 of one mill multiplied by the total assessed valuation of all taxable property located within the metropolitan area as adjusted by the provisions of Minnesota Statutes 1986, sections 272.64; 273.13, subdivision 7a; and 275.49;

(b) for taxes payable in 1989, except as provided in section 473.249, subdivision 3, the product of (1) the metropolitan council's property tax levy limitation for the right-of-way acquisition loan fund for the taxes payable year 1988 determined under clause (a) multiplied by (2) an index for market valuation changes equal to the assessment year 1988 total market valuation of all taxable property located within the metropolitan area divided by the assessment year 1987 total market valuation of all taxable property located within the metropolitan area;

(c) for taxes payable in 1990, an amount not to exceed \$2,700,000; and

(d) for taxes payable in 1991 and subsequent years, the product of (1) the metropolitan council's property tax levy limitation for the right-of-way acquisition loan fund under this subdivision for the taxes payable in 1988 determined under clause (a) 1997 multiplied by (2) an index for market valuation changes equal to the total market valuation of all taxable property located within the metropolitan area for the current taxes payable year divided by the total market valuation of all taxable property located within the metropolitan area for taxes payable in 1988 1997.

For the purpose of determining the metropolitan council's property tax levy limitation for the right-of-way acquisition loan fund and tax base revitalization account in the metropolitan livable communities fund, under section 473.251, for the taxes payable year 1988 and subsequent years under this subdivision, "total market valuation" means the total market valuation of all taxable property within the metropolitan area without valuation adjustments for fiscal disparities (chapter 473F), tax increment financing (sections 469.174 to 469.179), and high voltage transmission lines (section 273.425).

Sec. 5. Minnesota Statutes 1995 Supplement, section 473.252, is amended to read:

473.252 [TAX BASE REVITALIZATION ACCOUNT.]

Subdivision 1. [DEFINITION.] For the purposes of this section, "municipality" means a statutory or home rule charter city or town participating in the local housing incentives program under section 473.254, or a county in the metropolitan area.

Subd. 1a. [DEVELOPMENT AUTHORITY.] "Development authority" means a statutory or home rule charter city, housing and redevelopment authority, economic development authority, and a port authority.

Subd. 2. [SOURCES OF FUNDS.] The council shall credit to the tax base revitalization account within the fund the amount, if any, provided for under section 473.167, subdivision 3a, paragraph (b) 4, and the amount, if any, distributed to the council under section 473F.08, subdivision 3b.

Subd. 3. [DISTRIBUTION OF FUNDS.] (a) The council must use the funds in the account to make grants to municipalities or development authorities for the cleanup of polluted land in the metropolitan area. A grant to a metropolitan county or a development authority must be used for a project in a participating municipality. The council shall prescribe and provide the grant application form to municipalities. The council must consider the probability of funding from other sources when making grants under this section.

(b)(1) The legislature expects that applications for grants will exceed the available funds and the council will be able to provide grants to only some of the applicant municipalities. If applications for grants for qualified sites exceed the available funds, the council shall make grants that provide the highest return in public benefits for the public costs incurred, that encourage commercial and industrial development that will lead to the preservation or growth of living-wage jobs and that enhance the tax base of the recipient municipality.

(2) In making grants, the council shall establish regular application deadlines in which grants

will be awarded from the available money in the account. If the council provides for application cycles of less than six-month intervals, the council must reserve at least 40 percent of the receipts of the account for a year for application deadlines that occur in the second half of the year. If the applications for grants exceed the available funds for an application cycle, no more than one-half of the funds may be granted to projects in a statutory or home rule charter city and no more than three-quarters of the funds may be granted to projects located in cities of the first class.

(c) A municipality may use the grant to provide a portion of the local match requirement for project costs that qualify for a grant under sections 116J.551 to 116J.557.

Subd. 4. [TAX.] The council may levy a tax on all taxable property in the metropolitan area, as defined in section 473.121, to provide funds for the tax base revitalization account in the metropolitan livable communities fund. This tax for the tax base revitalization account shall be certified by the council, levied, and collected in the manner provided by section 473.13. The tax shall be in addition to that authorized by section 473.249 and any other law and shall not affect the amount or rate of taxes which may be levied by the council or any metropolitan agency or local governmental unit.

The amount of the levy shall be as determined and certified by the council, provided that the tax levied by the metropolitan council for the tax base revitalization account shall not exceed the product of (1) the metropolitan council's levy for the tax base revitalization account under section 473.167, subdivision 3, for taxes payable in 1997 multiplied by (2) an index for market valuation changes equal to the total market valuation of all taxable property located within the metropolitan area for the current taxes payable year divided by the total market valuation of all taxable property located within the metropolitan area for taxes payable in 1997.

For the purpose of determining the metropolitan council's property tax levy limitation for the tax base revitalization account, "total market valuation" means the total market valuation of all taxable property within the metropolitan area without valuation adjustments for fiscal disparities (chapter 473F), tax increment financing (sections 469.174 to 469.179), and high voltage transmission lines (section 273.425).

Subd. 5. [STATE REVIEW.] The commissioner of revenue shall certify the council's levy limitation under this section to the council by August 1 of the levy year. The council must certify its proposed property tax levy to the commissioner of revenue by September 1 of the levy year. The commissioner of revenue shall annually determine whether the property tax for the tax base revitalization account certified by the metropolitan council for levy following the adoption of its proposed budget is within the levy limitation imposed by this section. The determination must be completed prior to September 10 of each year. If current information regarding market valuation in any county is not transmitted to the commissioner in a timely manner, the commissioner may estimate the current market valuation within that county for purposes of making the calculation.

Sec. 6. Minnesota Statutes 1995 Supplement, section 473.704, subdivision 18, is amended to read:

Subd. 18. The commission may establish a research program to evaluate the effects of control programs on other fauna. The purpose of the program is to identify the types and magnitude of the adverse effects of the control program on fish and wildlife and associated food chain invertebrates. The commission may conduct research through contracts with qualified outside researchers. The commission may finance the research program each year at a level up to 2.5 percent of its annual budget, until December 31, 1995.

Sec. 7. [ISSUANCE OF BONDS OR NOTES FOR ACQUISITION OF PROPERTY.]

Subdivision 1. [BONDS; LOANS.] The council may borrow money or by resolution authorize the issuance of general obligation bonds or notes for the acquisition of qualifying real property located within Hennepin county which the council determines is necessary for the proposed north-south runway expansion of the Minneapolis-St. Paul International Airport. For purposes of this subdivision, "qualifying real property" means all or part of (1) the met center property as identified in Minnesota Statutes, section 473.551, subdivision 12; or (2) property located in the tax increment financing district designated as tax increment financing district No. 1-G with boundaries consisting of a 31.9 acre parcel known as the Kelly property.

Subd. 2. [PROCEDURE.] The bonds or notes shall be sold, issued, and secured in the manner provided in Minnesota Statutes, chapter 475, and the council shall have the same powers and duties as a municipality issuing bonds under that chapter, except that no election shall be required and the net debt limitations in Minnesota Statutes, chapter 475, shall not apply to such bonds or notes. The obligations are not a debt of the state or any other municipality or political subdivision within the meaning of any debt limitation or requirement pertaining to those entities. The bonds or notes may be sold at any price and at a public or private sale as determined by the council. The obligations may be secured by taxes levied without limitation of rate or amount upon all taxable property in the metropolitan area.

Subd. 3. [COST SHARING; DISPOSITION OF PROPERTY.] The council may enter into agreements with the metropolitan airports commission, any municipality in the metropolitan area, and any corporation, public or private, to share the costs of acquiring any real property which the council determines is necessary for any proposed expansion of the Minneapolis-St. Paul International Airport. If the council acquires real property pursuant to subdivision 2 and Minnesota Statutes, section 473.129, subdivision 7, which it subsequently determines is not needed for the expansion of the airport, the real property shall be sold in accordance with the council's procedures and the proceeds from the sale of the real property shall be used for debt service or retirement of any bonds or notes issued pursuant to subdivision 2.

Sec. 8. [BLOOMINGTON; TAX INCREMENT.]

Subdivision 1. [PUBLIC PURPOSE.] In 1985, the port authority of the city of Bloomington established a redevelopment tax increment financing district designated as tax increment financing district No. 1-G with boundaries consisting of a 31.9 acre parcel known as the Kelly property located at the northeast quadrant of 24th Avenue and East Old Shakopee Road in the city of Bloomington with the intention of financing certain redevelopment costs, including selected public improvements within the airport south industrial development district. The Kelly property was conveyed to the Mall of America Company by the port authority of the city of Bloomington, pursuant to the restated contract dated May 31, 1988, by and between the city of Bloomington, port authority of the city of Bloomington, and Mall of America Company, subject to the condition that the Mall of America Company commence construction of a subsequent phase of the Mall of America project on the site no later than 2002. If the Mall of America Company fails to commence construction of a subsequent phase of development on the Kelly property by 2002, ownership of the property reverts to the port authority of the city of Bloomington. The Minneapolis-St. Paul International Airport long-term comprehensive plan proposes construction of a north-south runway to guaranty future operation of the airport in a safe, efficient manner. Public acquisition of the Kelly property by the metropolitan airports commission will be required to facilitate construction of the north-south runway.

Subd. 2. [AUTHORIZATION.] The port authority of the city of Bloomington may amend the redevelopment tax increment financing district consisting of the Kelly property so that it shall, instead, consist of the met center property as identified in Minnesota Statutes, section 473.551, subdivision 12, upon satisfaction of the following conditions precedent:

(1) sale of the met center property from the metropolitan council or a metropolitan agency to the Mall of America Company or an entity comprising at least one partner of the Mall of America Company or an affiliate of such partner;

(2) approval by the city of Bloomington, port authority of the city of Bloomington, and Mall of America Company of amendments to the restated contract dated May 31, 1988, which transfer development rights and contract obligations from the Kelly property to the met center property;

(3) approval by the Minnesota environmental quality board of an environmental impact statement for the met center property and approval by the Minnesota pollution control agency of an indirect source permit for the met center property;

(4) approval by the city of Bloomington and port authority of the city of Bloomington of a final development plan for the met center property;

(5) an agreement by the owner-developer of the met center property, in a form satisfactory to

the city of Bloomington and port authority of the city of Bloomington, to dedicate to the city of Bloomington land for rights-of-way and other public improvements required for a subsequent phase of the Mall of America project on the met center property;

(6) the metropolitan airports commission and the Mall of America Company have either:

(i) entered into a purchase agreement for the sale of the Kelly property; or

(ii) agreed, in writing, to pay compensation based on the existing development rights for the use of the Kelly property in an amount not to exceed the total cost of acquiring the met center property; and

(7) an agreement by the Mall of America Company not to sue or claim any damages against either the city of Bloomington or port authority of the city of Bloomington arising out of rezoning of the Kelly property pursuant to Minnesota Statutes, sections 360.061 to 360.074, or an amendment to the comprehensive plan of the city of Bloomington relating to the Kelly property.

The requirements of Minnesota Statutes, section 469.175, subdivision 4, do not apply to modification of the plan to provide for the substitution of legal descriptions authorized hereby. The original net tax capacity of the district shall be recertified in accordance with Minnesota Statutes, section 469.177, subdivision 1, upon amendment of the geographic boundaries of the district. The district shall continue in existence from its original date of creation and the amendment of the geographic boundaries of the district and recertification of original net tax capacity of the district shall not cause the application to the district of any provisions of law which would not otherwise be applicable to the district.

Subd. 3. [SPECIAL RULES.] (a) Tax increment may not be captured by the port authority from the tax increment financing district on the met center property after December 31 of the year in which tax increments, assessments, and other revenues from the district and the accumulated increments from the district consisting of the Kelly property exceed the permitted expenditures under paragraph (d). The provisions of this paragraph apply beginning with the first calendar year after the conditions precedent in subdivision 2 are satisfied and construction has begun on improvements on the met center site. No increments may, in any event, be collected from the tax increment financing district on the met center site after December 31, 2018.

(b) The provisions of Minnesota Statutes, section 273.1399, do not apply to the tax increment financing district on the met center property.

(c) The governing body of the city of Bloomington must elect the method of computation of tax increment specified in Minnesota Statutes, section 469.177, subdivision 3, paragraph (b), in the tax increment financing district on the met center property.

(d) Tax increments, assessments, and other revenues derived from the tax increment district on the met center property and any accumulated tax increments from the tax increment financing district on the Kelly property may be used to finance only the following:

(1) amounts that the city or port authority must pay to reimburse or otherwise pay the developer for public improvements because of counted value resulting from investment in property at the met center site under section 9.2(05) of the restated contract for purchase and private redevelopment of land, by and among the city of Bloomington, the port authority of the city of Bloomington, and the Mall of America Company, dated May 31, 1988;

(2) interest and other financing costs the city or port authority pays or incurs on, but that are not included in, the amounts under clause (1);

(3) interest and principal on qualified bonds to the extent that other available revenues and increments from other sources that are pledged to pay the bonds are insufficient. In determining whether other available revenues or increments are insufficient, spending of these revenues for only the following items reduce available revenues (all other revenues are deemed to be available):

(A) payment of debt service on bonds and obligations issued and sold before March 31, 1996;

(B) payments under binding written contracts in effect on March 31, 1996, to which the increments or other revenues are pledged; and

(C) reasonable administrative expenses, subject to the limits under Minnesota Statutes, section 469.176, subdivision 3; and

(4) reasonable administrative expenses as provided under Minnesota Statutes, sections 469.174 to 469.178. The amounts permitted under clauses (1) and (2) must be used to determine the limit or administrative expenses under Minnesota Statutes, section 469.176, subdivision 3.

For the purposes of paragraph (d), "qualified bonds" means:

(i) bonds or other obligations issued and sold before March 31, 1996, to which increments from the tax increment financing district consisting of the Kelly property are pledged; and

(ii) bonds or other obligations that refund bonds described in (i), if the refunding bonds do not increase the present value of the debt service payments secured by the increments and are secured by a pledge of the same increments and other revenues as secured by the bonds to be refunded.

For purposes of determining the qualifying ratio percent for counted value under the formula in section 9.2(05) of the restated contract under clause (1), investment in property at the met center site is deemed to be after or in addition to all the investment at other sites covered by the restated contract.

Subd. 4. [ACQUISITION OF PROPERTY.] Notwithstanding any law to the contrary, the metropolitan airports commission is authorized to acquire or purchase the Kelly property consistent with the public purpose set forth in this law. This may be accomplished by an exchange of land, purchase of development rights, acquisition of easements, or other method to be negotiated with the landowner or by outright purchase or exercise of eminent domain, if necessary.

Subd. 5. [LIMITATION ON USE OF TAX INCREMENT.] If the port authority of the city of Bloomington amends the redevelopment tax increment financing district from the Kelly property to the met center property, the owner of the met center property shall be bound by the limitations on public reimbursement for qualified public improvements as set forth in section 9.2(05) of the restated contract dated May 31, 1988, by and between the city of Bloomington, port authority of the city of Bloomington, and Mall of America Company.

Sec. 9. [TRANSFER.]

Subdivision 1. Notwithstanding Minnesota Statutes, section 473.167, the council may transfer a portion of the proceeds in the right-of-way acquisition loan fund to the planning assistance grant and loan program provided in Minnesota Statutes, section 473.867. To provide additional funds for the planning assistance grant and loan program authorized in Minnesota Statutes, section 473.867, the metropolitan council may transfer up to \$1,000,000 of the proceeds of solid waste bonds issued by the council under Minnesota Statutes, section 473.831, before its repeal. By 2008, the council shall repay any amount transferred from the right-of-way acquisition loan fund using the proceeds of the tax authorized in Minnesota Statutes, section 473.249.

Subd. 2. In 1997, the council must use \$200,000 of any amount transferred in subdivision 1 to make grants of not more than \$20,000 each to municipalities for technical assistance to prepare a growth management strategy as part of the municipality's comprehensive plan. A growth management strategy may include principles such as: preservation of undeveloped open spaces for agricultural production, recreational use, and scenic enjoyment; creation of cohesive neighborhoods to establish local identity and community interaction; physical integration of natural open spaces, neighborhoods, and other districts in a manner that creates the highest and best value of all land in the community; and the establishment of a phasing plan to guide reasonable, incremental development of the community. Municipalities may apply for the grants in partnership with other municipalities or with a county. For the purposes of this subdivision "municipality" means any city or town in the metropolitan area as defined in Minnesota Statutes, section 473.121.

Sec. 10. [ACQUISITION OF THE MET CENTER PROPERTY.]

Notwithstanding anything to the contrary in sections 7 to 14, the authority granted to acquire real property shall not authorize acquisition of the met center property, as defined in Minnesota Statutes, section 473.551, subdivision 12, by eminent domain.

Sec. 11. [ST. LOUIS PARK TIF; STATE AID OFFSET.]

Subdivision 1. [COMPUTATION OF AID OFFSET.] If the City of St. Louis Park elects to extend the duration of the Excelsior Boulevard Redevelopment Project under Laws 1995, chapter 264, article 5, section 36, and if the city receives a grant under section 473.253 for use within the project, the state aid reduction required by Minnesota Statutes, section 469.1782, subdivision 1, must be computed as provided in this section. The reduction in state tax increment financing aid under Minnesota Statutes, section 273.1399 must be computed using 70 percent of the captured tax capacity of the district for the years in which the extension applies.

Subd. 2. [EFFECTIVE DATE.] This section is effective the day following final enactment without local approval.

Sec. 12. [REPEALER.]

(a) Minnesota Statutes 1994, section 473.167, subdivision 5, is repealed.

ARTICLE 2

METROPOLITAN TRANSPORTATION INVESTMENT ACT

Section 1. [473.1465] [TRANSPORTATION POLICY.]

Subdivision 1. [DEFINITION.] For the purposes of this section and section 473.1466 "commuting area" means the metropolitan area and counties outside the metropolitan area in which five percent or more of the residents commute to employment in the metropolitan area.

Subd. 2. [REVISED TRANSPORTATION POLICY PLAN.] The metropolitan council shall adopt, after appropriate public comment, a revised transportation policy plan that:

(1) is consistent with state law and council policy;

(2) identifies and summarizes issues concerning commuting into and out of the seven-county area from the commuting area;

(3) integrates and maximizes the efficiencies and effectiveness of all modes of transportation in the region; and

(4) reflects and does not exceed current available resources.

The council shall adopt the revised transportation policy plan by December 31, 1996.

Subd. 3. [PROJECT EVALUATION.] As part of developing the revised transportation policy plan, the council shall evaluate all proposed and pending transportation projects that are subject to council review and report to the legislature the results of council's evaluation.

Sec. 2. [473.1466] [PERFORMANCE AUDIT.]

In 1997 and every four years thereafter, the council shall provide for an independent entity selected through a request for proposal process conducted nationwide to do a performance audit of the commuting area's transportation system as a whole. The performance audit must evaluate the commuting area's ability to meet the region's needs for effective and efficient transportation of goods and people, evaluate future trends and their impacts on the region's transportation system, and make recommendations for improving the system. The performance audit must recommend performance-funding measures. In 1997 and every two years thereafter, the council must evaluate the performance of the metropolitan transit system's operation in relationship to the regional transit performance standards developed by the council.

Sec. 3. [473.3875] [TRANSIT FOR LIVABLE COMMUNITIES.]

- (3) helping intensify land use that leads to more compact development or redevelopment;
- (4) coordinating school transportation and public transit service;
- (5) implementing recommendations of the transit redesign plan; or
- (6) otherwise promoting the goals of the metropolitan livable communities act.

A replacement transit service that is receiving the maximum amount of available local transit funds may receive up to two percent over the maximum amount set in subdivision 4 if it increases its ridership as provided in this subdivision. The additional funding received under this subdivision may be reserved by the replacement transit service for future use.

Another 1.5 percent shall be made available to the council after June 1, 1997, only if the commissioner of finance determines that metropolitan council transit operations subsidy per passenger has decreased in a one-year period between the effective date of this section and June 1, 1997.

Subd. 2. [DEPARTMENT OF TRANSPORTATION.] If the commissioner of transportation is appropriated money from the trunk highway fund in 1996 for state road construction, five percent shall be made available to the commissioner after June 1, 1997, only if the commissioner of finance determines that the department of transportation's administrative costs have decreased as a percentage of construction costs in a one-year period between the effective date of this section and June 1, 1997.

The report must include information in all the foregoing categories as it relates to operations at Wayne county metropolitan airport in Detroit. The report must compare the number of passenger enplanements and the number of aircraft operations with the 1993 metropolitan airport commission baseline forecasts of total passengers and total aircraft operations.

Sec. 13. Minnesota Statutes 1994, section 473.661, subdivision 4, is amended to read:

Subd. 4. [NOISE MITIGATION.] (a) According to the schedule in paragraph (b), commission funds must be dedicated (1) to supplement the implementation of corrective land use management measures approved by the Federal Aviation Administration as part of the commission's Federal Aviation Regulations, part 150 noise compatibility program, and (2) for soundproofing and accompanying air conditioning of residences, schools, and other public buildings when there is a demonstrated need because of aircraft noise, regardless of the location of the building to be soundproofed, or any combination of the three.

(b) The noise mitigation program described in paragraph (a) shall be funded by the commission from whatever source of funds according to the following schedule:

In 1993, an amount equal to 20 percent of the passenger facilities charges revenue amount budgeted by the commission for 1993;

(c) From 1996 to 2002, the commission shall spend no less than \$185,000,000 from any source of funds for insulation and accompanying air conditioning of residences, schools, and other publicly owned buildings where there is a demonstrated need because of aircraft noise; and property acquisition, limited to residences, schools, and other publicly owned buildings, within the noise impacted area. In addition, the corporation shall insulate and air condition four schools in Minneapolis and two schools in Richfield that are located in the 1996 60 Ldn contour.

(d) Before the commission constructs a new runway at Minneapolis-St. Paul International airport, the commission shall determine the probable levels of noise that will result in various parts of the metropolitan area from the operation of aircraft on the new runway and shall develop a program to mitigate noise in those parts of the metropolitan area that are located outside the 1996 65 Ldn contour but will be located within the 65 Ldn contour as established after the new runway is in operation. Based upon this determination, the commission shall reserve in its annual budget, until noise mitigation measures are completed, an amount of money necessary to implement this noise mitigation program in the newly impacted areas.

The metropolitan airports commission shall contract with the University of Minnesota to prepare an aviation service and facilities analysis. The commission shall utilize funds from any available source to pay the University of Minnesota an agreed amount not to exceed \$50,000 for the performance of the analysis. The analysis shall include:

(1) a description of various types and levels of aviation service and an examination of the relationship between aviation service levels and the level of commercial and industrial activity in the state; and

(2) an examination of the relationship between available levels of aviation service and the relocation of commercial and industrial enterprises to the state.

The commission shall report the results of the analysis to the state advisory council on metropolitan airport planning no later than February 10, 1997. The council shall review the report

and analysis and comment to the legislature within 60 days after the results of the analysis are reported to the council.

ARTICLE 4

AIRPORT NOISE IMPACT RELIEF

Section 1. Laws 1995, chapter 255, article 3, section 2, subdivision 1, is amended to read:

Subdivision 1. [URBAN REVITALIZATION AND STABILIZATION ZONES.] (a) By September 1, 1995, the metropolitan council shall designate one or more urban revitalization and stabilization zones in the metropolitan area, as defined in section 473.121, subdivision 2. The designated zones must contain no more than 1,000 single family homes in total. In designating urban revitalization and stabilization zones, the council shall choose areas that are in transition toward blight and poverty. The council shall use indicators that evidence increasing neighborhood distress such as declining residential property values, declining resident incomes, declining rates of owner-occupancy, and other indicators of blight and poverty in determining which areas are to be urban revitalization and stabilization zones.

(b) An urban revitalization and stabilization zone is created in the geographic area composed entirely of parcels that are in whole or in part located within the 1996 65Ldn contour surrounding the Minneapolis-St. Paul International Airport, or within one mile of the boundaries of the 1996 65Ldn contour. For residents of the zone created under this paragraph, eligibility for the program as provided in subdivision 2 is limited to persons buying and occupying a residence in the zone after June 1, 1996.

Sec. 2. Laws 1995, chapter 255, article 3, section 2, subdivision 4, is amended to read:

Subd. 4. [EXPIRATION.] Initial applications for the urban homesteading program in the zones designated under subdivision 1, paragraph (a), shall not be accepted after July 1, 1997.

Sec. 3. [AIRPORT NOISE IMPACT AREAS; HOUSING REPLACEMENT DISTRICTS; DEFINITIONS.]

Subdivision 1. [AIRPORT NOISE IMPACT AREA.] "Airport noise impact area" means a geographic area composed entirely of parcels that are in whole or in part located within the 1996 60Ldn contour surrounding the Minneapolis-St. Paul International Airport, or within one mile of the boundaries of the 1996 60Ldn contour.

Subd. 2. [AUTHORITY.] For each city that contains an airport noise impact area, "authority" is the authority as defined in Minnesota Statutes, section 469.174, subdivision 2, that is designated by the governing body of the city to be the authority for purposes of sections 3 to 6.

Subd. 3. [CAPTURED NET TAX CAPACITY.] "Captured net tax capacity" means the amount by which the current net tax capacity in a housing replacement district exceeds the original net tax capacity, including the value of property normally taxable as personal property by reason of its location on or over property owned by a tax-exempt entity.

Subd. 4. [ORIGINAL NET TAX CAPACITY.] "Original net tax capacity" means the net tax capacity of all taxable real property within a housing replacement district as certified by the commissioner of revenue for the previous assessment year less the net tax capacity attributable to existing improvements, provided that the request by the authority for certification of a new housing replacement district has been made to the county auditor by June 30. The original net tax capacity of housing replacement districts for which requests are filed after June 30 has an original

net tax capacity based on the current assessment year. In any case, the original net tax capacity must be determined together with subsequent adjustments as set forth in Minnesota Statutes, section 469.177, subdivision 1, paragraph (c). In determining the original net tax capacity, the net tax capacity of real property exempt from taxation at the time of the request shall be zero, except for real property which is tax exempt by reason of public ownership by the requesting authority and which has been publicly owned for less than one year prior to the date of the request for certification, in which event the net tax capacity of the property shall be the net tax capacity as most recently determined by the commissioner of revenue.

Subd. 5. [PARCEL.] "Parcel" means a tract or plat of land established prior to the certification of the housing replacement district as a single unit for purposes of assessment.

Sec. 4. [ESTABLISHMENT OF HOUSING REPLACEMENT DISTRICTS.]

Subdivision 1. [CREATION OF PROJECTS.] (a) An authority may create a housing replacement project under sections 3 to 6, as provided in this section.

(b) Parcels included in a district must be located in an airport noise impact area, and must be either (1) vacant sites, (2) parcels containing vacant houses, or (3) parcels containing buildings that are structurally substandard, as defined in Minnesota Statutes, section 469.174, subdivision 10.

(c) The city in which the authority is located must pay at least 25 percent of the project costs from its general fund, a property tax levy, or other unrestricted money, not including tax increments.

(d) The housing replacement district plan must have as its sole object the acquisition of parcels for the purpose of preparing the site to be sold for market rate housing or for commercial purposes consistent with the cities' plan for that area. As used in this section, "market rate housing" means housing that has a market value that does not exceed 150 percent of the average market value of single-family housing in that municipality.

(e) An authority may not create a housing replacement project under this section, if the city has approved a special law providing the city with housing replacement district authority and if the authority has requested certification of a parcel to be included in the district.

Subd. 2. [HOUSING REPLACEMENT DISTRICT PLAN.] To establish a housing replacement district under sections 3 to 6, an authority shall adopt a housing replacement district plan which contains:

(1) a statement of the objectives and a description of the housing replacement projects proposed by the authority for the housing replacement district;

(2) a statement of the housing replacement district plan, demonstrating the coordination of that plan with the city's comprehensive plan;

(3) estimates of the following:

(i) cost of the program, including administrative expenses;

(ii) sources of revenue to finance or otherwise pay public costs;

(iii) the most recent net tax capacity of taxable real property within the housing replacement district; and

(iv) the estimated captured net tax capacity of the housing replacement district at completion;

(4) statements of the authority's alternate estimates of the impact of the housing replacement district on the net tax capacities of all taxing jurisdictions in which the housing replacement district is located in whole or in part. For purposes of one statement, the authority shall assume that the estimated captured net tax capacity would be available to the taxing jurisdictions without creation of the housing replacement district, and for purposes of the second statement, the

authority shall assume that none of the estimated captured net tax capacity would be available to the taxing jurisdictions without creation of the housing replacement district; and

(5) identification of all parcels to be included in the district.

Subd. 3. [PROCEDURE.] The provisions of Minnesota Statutes, section 469.175, subdivisions 3, 4, 5, and 6, apply to the establishment and operation of the housing replacement districts created under sections 3 to 6, except as follows:

(1) creation of a district within a municipality is subject to the approval of the metropolitan council in addition to other approvals required by law; and

(2) the determination specified in Minnesota Statutes, section 469.175, subdivision 3, clause (1), is not required.

Sec. 5. [LIMITATIONS.]

Subdivision 1. [DURATION LIMITS.] No tax increment may be paid to the authority on each parcel in a housing replacement district after 15 years from date of receipt by the county of the first tax increment from that parcel.

Subd. 2. [LIMITATION ON USE OF TAX INCREMENTS.] All revenues derived from tax increments must be used in accordance with the housing replacement district plan. The revenues must be used solely to pay the costs of site acquisition, relocation, demolition of existing structures, site preparation, and pollution abatement on parcels identified in the housing replacement district plan, as well as public improvements and administrative costs directly related to those parcels.

Sec. 6. [APPLICATION OF OTHER LAWS.]

Subdivision 1. [COMPUTATION OF TAX INCREMENT.] The provisions of Minnesota Statutes, section 469.177, subdivisions 1a, and 5 to 10, apply to the computation of tax increment for the housing replacement districts created under sections 3 to 6.

Subd. 2. [OTHER PROVISIONS.] References in Minnesota Statutes to tax increment financing districts created and tax increments generated under Minnesota Statutes, sections 469.174 to 469.179, other than references in Minnesota Statutes, section 273.1399, include housing replacement districts and tax increments subject to sections 3 to 6, provided that Minnesota Statutes, sections 469.174 to 469.179, apply only to the extent specified in sections 1 to 4.

Subd. 3. [MINNEAPOLIS SPECIAL LAW.] Laws 1980, chapter 595, section 2, subdivision 2, does not apply to a district created under sections 3 to 6.

Sec. 7. [EFFECTIVE DATE.]

Sections 1 and 2 are effective for taxable years beginning after December 31, 1997. Sections 3 to 6 are effective July 1, 1997."

"ARTICLE 1
MNJOBS PROGRAM

Section 1. [256.7381] [MNJOBS PROGRAM.]

Subdivision 1. [CITATION.] Sections 256.7381 to 256.7387 may be cited as the MNJOBS program.

Subd. 2. [DEFINITIONS.] As used in sections 256.7381 to 256.7387, the following words have the meanings given them.

- (a) "Recipient" means an individual who is receiving AFDC.

- (c) "Child support" means a voluntary or court-ordered payment by a noncustodial parent.
- (d) "Commissioner" means the commissioner of human services.
- (e) "Employability development plan" or "EDP" means a plan developed by the recipient, with advice from the employment advisor, for the purposes of identifying an employment goal, improving work skills through certification or education, training or skills recertification, and which addresses barriers to employment.
- (f) "Employment advisor" means a provider staff person who is qualified to assist the participant to develop a job search or employability development plan, match the participant with existing job openings, refer the participant to employers, and has an extensive knowledge of employers in the area.
- (g) "Financial specialist" means a program staff who is trained to explain the benefits offered under the program, determine eligibility for different assistance programs, and broker other resources.
- (h) "Participant" means a recipient who is required to participate in the MNJOBS program.
- (i) "Program" means the MNJOBS program.
- (j) "Provider" means an employment and training agency certified by the commissioner of economic security under section 268.871, subdivision 1.

(k) "Suitable employment" means employment which meets conditions set forth in section 256.736, subdivision 1, clause (h).

Subd. 3. [ESTABLISHING THE MNJOBS PROGRAM.] At the request of a county or counties, the commissioners of human services and economic security shall develop and establish the MNJOBS program, which requires recipients of AFDC to meet the requirements of the program. The purpose of the program is to:

- (1) ensure that the participant is working as soon as possible;
- (2) promote a greater opportunity for economic self-support, participation, and mobility in the work force; and
- (3) minimize the risk for long-term welfare dependency.

Subd. 4. [COUNTY DESIGN; MNJOBS PROGRAM.] The commissioner shall issue a notice to counties to submit a plan for developing and implementing a MNJOBS program. The plan must be consistent with provisions of the program.

The commissioner shall not approve a county plan that would have an adverse impact on the Minnesota family investment program (MFIP) or the MFIP evaluation. However, this does not preclude MFIP counties from operating a MNJOBS program. If the plan meets the requirements of the program, the commissioner shall approve the county plan and the county may implement the plan. No county may implement a MNJOBS program without an approved modification to its local service unit plan in accordance with section 268.88.

Subd. 5. [PROGRAM ADMINISTRATION.] The program must be administered in a way that, in addition to the county agency, other sectors in the community, such as employers from the public and private sectors, not-for-profit organizations, educational and social service agencies, labor unions, and community-based organizations, are involved.

Subd. 6. [PROGRAM DESIGN.] The purpose of the program is to enable immediate labor force participation and assist families in achieving self-sufficiency. The program plan must meet the following principles:

- (1) work is the primary means of economic support;
- (2) the individual's employment potential is reviewed during the development of the EDP;
- (3) public aid such as cash and medical assistance, child care, child support, and other cash benefits are used to support intensive job search and immediate work; and
- (4) maximum use is made of tax credits to supplement income.

Subd. 7. [WAIVER REQUESTS.] The commissioner shall request all waivers of federal law and regulation as soon as possible to implement the program. Upon obtaining all necessary federal waivers, the commissioner shall amend the state plans for the AFDC and the jobs opportunities and basic skills program (JOBS), and supportive services plan to coordinate these programs under the MNJOBS program for the approved counties, and shall seek approval of state plan amendments.

Subd. 8. [DUTIES OF COMMISSIONER.] In addition to any other duties imposed by law, the commissioner shall:

- (1) request all waivers to implement the program;
- (2) establish the MNJOBS program;
- (3) provide systems development and staff training;
- (4) accept and supervise the disbursement of any funds that may be provided from other sources for use in the program;

(5) approve county MNJOBS plans; and

(6) allocate program funds.

Subd. 9. [DUTIES OF COUNTY AGENCY.] The county agency shall:

(1) collaborate with the commissioners of human services, economic security, and other agencies to develop, implement, and evaluate the demonstration of the program;

(2) operate the program in partnership with private and public employers, workforce councils, labor unions, and employment, educational, and social service agencies, and according to subdivision 5; and

(3) ensure that program components such as client orientation, immediate job search, job development, creation of community work experience jobs, job placements, and postplacement follow-up are implemented according to the MNJOBS program.

Subd. 10. [DUTIES OF PARTICIPANT.] To be eligible for AFDC, a participant shall cooperate with the county agency, the provider, and the participant's employer in all aspects of the program.

Sec. 2. [256.7382] [PROGRAM PARTICIPANTS; PROGRAM EXPECTATIONS.]

(a) All recipients selected for participation are expected to meet the requirements of the program. In determining who may participate in the program, priority must be given to individuals who are on the county's project STRIDE waiting list, and also individuals who have applied for AFDC, and are subsequently determined to be eligible for STRIDE. An individual who is enrolled in STRIDE, and is making satisfactory progress towards completing the goals in the individual's approved EDP, may continue with the existing EDP, and is not required to participate in the MNJOBS program, but may volunteer to participate in the program.

(b) Caretakers who are exempt from the program may volunteer to participate in the program. The caretaker will be treated as a mandatory participant once an EDP is signed.

(c) Except as provided in paragraph (a), the program shall supersede the STRIDE program in counties that operate a MNJOBS program, except in MFIP counties, where STRIDE will be continued for families assigned to certain research groups.

Sec. 3. [256.7383] [PROGRAM REQUIREMENTS.]

Subdivision 1. [NOTIFICATION OF PROGRAM.] At the time of the face-to-face interview, the applicant or recipient being recertified must be given a written referral to the orientation and an appointment date for the EDP. Orientation must be completed within ten days of the face-to-face interview. The applicant or recipient must also be given the following information:

(1) notification that, as part of continued receipt of AFDC, the recipient is required to attend orientation, to be followed immediately by an assessment and intensive job search;

(2) the program provider, the date, time, and location of the scheduled program orientation;

(3) the procedures for qualifying for and receiving benefits under the program;

(4) the immediate availability of supportive services, including, but not limited to, child care, transportation, medical assistance, and other work-related aid;

(5) the rights, responsibilities, and obligations of participants in the program, including, but not limited to, the grounds for exemptions and deferrals, the consequences for refusing or failing to participate fully, and the appeal process; and

(6) a determination of whether the applicant or recipient is exempt from job search activity.

Subd. 2. [PROGRAM ORIENTATION.] The county agency or the provider must give a face-to-face orientation regarding the program within ten days after the date of face-to-face interview. The orientation must be designed to inform the recipient of:

- (1) the importance of locating and obtaining a job as soon as possible;
- (2) benefits to be provided to support work;
- (3) how other supportive services such as medical assistance, child care, transportation, and other work-related aid shall be available to support job search and work;
- (4) the consequences for failure without good cause to comply with program requirements; and
- (5) the appeal process.

Subd. 3. [ASSESSMENT AND EMPLOYMENT DEVELOPMENT PLAN.] At the end of orientation, the provider must assign an employment advisor and a financial specialist to the recipient. Working with the recipient, the employment advisor must assess the recipient and develop an EDP based on the recipient's existing educational level, available program resources, existing job markets, prior employment, work experience, and transferable work skills, unless exempt under subdivision 7. The EDP must require caretakers to participate in initial job search activities for up to four consecutive weeks for at least 30 hours per week and accept suitable employment if offered during participation in the program unless exempt under subdivision 7, or subject to the provisions of subdivision 8, or deferred under subdivision 9. The job search activities must commence within 30 days of the face-to-face interview.

Subd. 4. [JOB SEARCH ACTIVITIES.] The following job search activities may be included in the job search plan:

- (a) Job clubs, which shall consist of both of the following:
 - (1) job search workshops, which shall be group training sessions where participants learn various job finding skills, including training in basic job seeking skills, job development skills, job interviewing skills, understanding employer requirements and expectations, and how to enhance self-esteem, self-image, and confidence; and
 - (2) supervised job search, which shall include, but not be limited to, access to phone banks in a clean and well-lighted place, job orders, direct referrals to employers, or other organized methods of seeking work which are overseen, reviewed, and critiqued by a trained employment professional. The amount and type of activity required during this supervised job search period shall be determined by the employment and training service provider and the participant, based on the participant's employment history and need for support services as defined in section 256.736, subdivision 1a, paragraph (i), and shall be consistent with regulations developed by the employment and service training provider.
- (b) Unsupervised job search, where the individual shall seek work in the individual's own way, and make periodic progress reports no less frequently than every two weeks to the employment and training service provider.
- (c) Job placement, which shall include, but not be limited to, referrals to jobs listed by employers.
- (d) Job development, which shall be active assistance in seeking employment provided to a participant by a training employment professional on a one-to-one basis.
- (e) Employment counseling, which shall be counseling aimed at helping a person reach an informed decision on an appropriate employment goal.

Subd. 5. [ACTIVITIES FOLLOWING INTENSE JOB SEARCH ACTIVITIES.] (a) On completion of initial job search activities, or determination that those services are not required, the participant shall continue in additional job search activities or be assigned to one or more of the following activities as needed to attain the participant's employment goal:

- (1) job training, which shall include, but is not limited to, training employer-specific jobs skills in a classroom or on-site setting, including training provided by local private industry council programs;

(2)(i) community work experience, which shall include work for a public or nonprofit agency that helps to provide basic job skills; enhance existing job skills in a position related to a participant's experience, training, or education; or provide a needed community service. Community work experience must be operated in accordance with section 256.737; and

(ii) the continuation of the participant seeking employment during the community work experience assignment. The participant may request job search services;

(3) adult basic education, which shall include reading, writing, arithmetic, high school proficiency or general education development certificate instruction, and English-as-a-second-language (ESL), including vocational ESL, to the extent necessary to attain the participant's employment goal. Vocational ESL shall be intensive instruction in English for non-English-speaking participants, coordinated with specific job training; or

(4) college and community college education, when that education provides employment skills training that can reasonably be expected to lead to employment and be limited to two years.

(b) The assignment to one or more of the program activities as required in paragraph (a), shall be based on the EDP developed after an assessment. The EDP shall be based, at a minimum, on consideration of the individual's existing education level, employment experience and goals, available program resources, and local labor market opportunities. The assessment and EDP must comply with section 256.736, subdivision 10, clauses (14) and (15).

(c) A participant who lacks basic literacy or mathematics skills, a high school diploma or general education development certificate, or English language skills, may be assigned to participate in adult basic education, as appropriate and necessary for achievement of the individual's employment goal.

(d) Participation in activities assigned pursuant to this section may be sequential or concurrent. The provider may require concurrent participation in the assigned activities if it is appropriate to the participant's abilities, consistent with the participant's EDP, and the activities can be concurrently scheduled. However, to the extent possible, activities should be full time. The combined hours of participation in assigned concurrent activities shall not exceed 32 hours per week for an individual who has primary responsibility for personally providing care to a child under six years of age or 40 hours per week for any other individual. The maximum number of hours any participant may be required to participate in activities under this subdivision is a number equal to the amount of AFDC payable to the recipient divided by the greater of the federal minimum wage or the applicable state minimum wages.

Subd. 6. [IMMEDIATE JOB SEARCH.] A recipient is required to begin job search activities within 30 days after the face-to-face interview for at least 30 hours per week for up to four weeks, unless exempt under subdivision 7, subject to the provisions of subdivision 8, or deferred under subdivision 9. Notwithstanding section 256H.11, subdivision 1, for purposes of the program the limit on job search child care is 480 hours annually. For a recipient who is working at least 20 hours per week, job search must consist of 12 hours per week for up to eight weeks. The recipient is required to carry out the other activities under the EDP developed under subdivision 3.

Subd. 7. [EXEMPTION CATEGORIES.] The recipient is exempted from mandatory participation in all activities except orientation, if the recipient belongs to any of the following groups:

(1) caretakers under age 20 who have not completed a high school education and are attending high school or an equivalency program under section 256.736, subdivision 3b;

(2) individuals who are age 60 or older;

(3) individuals who are suffering from a professionally certified permanent or temporary illness, injury, or incapacity which is expected to continue for more than 30 days and which prevents the person from obtaining or retaining employment;

(4) caretakers whose presence in the home is needed because of illness or incapacity of another member in the household;

(5) women who are pregnant, if it has been medically verified that the child is expected to be born within the next six months;

(6) caretakers or other caretaker relatives of a child under the age of three years who personally provide full-time care for the child. In AFDC-UP cases, only one parent or other relative may qualify for this exemption;

(7) individuals employed at least 30 hours per week;

(8) individuals for whom participation would require a round trip commuting time by available transportation of more than two hours, excluding transporting of children for child care;

(9) a child under age 16, or a child age 16 or 17 who is attending elementary or secondary school or a secondary-level vocational or technical school full time; or

(10) individuals experiencing a personal or family crisis which make them incapable of participating in the program, as determined by the county.

Subd. 8. [AFDC-UP RECIPIENTS.] All recipients under the AFDC-UP program are required to meet the requirements of the job search program under section 256.736, subdivision 14, and the community work experience program under section 256.737.

Subd. 9. [DEFERRAL FROM JOB SEARCH REQUIREMENT.] The recipient may be deferred from the requirement to conduct at least 30 hours of job search per week for up to four consecutive weeks, if during the development of the EDP, the recipient is determined to:

(1) be within two years of completing a post-secondary training program that is likely to lead to employment provided the recipient is attending school full time. The recipient must agree to develop and carry out an EDP which includes jobs search immediately after the training is completed;

(2) be in treatment for chemical dependency, be a victim of domestic abuse, or be homeless, provided that the recipient agrees to develop an EDP, and immediately follow through with the activities in the EDP. The EDP must include specific outcomes that the recipient must achieve for the duration of the EDP and activities that are needed to address the issues identified. Under this clause, the recipient may be deferred for up to three months;

(3) lack proficiency in English which is a barrier to employment, provided such individuals are successfully participating in an ESL program. Caretakers can be deferred for ESL for no longer than 12 months. The EDP shall establish an education plan which assigns caretakers to ESL programs available in the community that provide the quickest advancement of the caretaker's language skills; or

(4) need refresher courses for purposes of obtaining professional certification or licensure, provided the plans are approved in the EDP.

Subd. 10. [DUTY TO REPORT.] The participant must immediately inform the provider of any changes related to the participant's employment status.

Sec. 4. [256.7384] [COMMUNITY WORK EXPERIENCE PROGRAM FOR SINGLE-PARENT FAMILIES.]

To the extent that funds are available or appropriated, recipients who are participating in the program and are not working in unsubsidized employment within 24 months are required to participate in a community work experience program in accordance with section 256.737.

Sec. 5. [256.7385] [MOVE TO A DIFFERENT COUNTY.]

If the recipient who is required to participate in the program moves to a different county, the benefits and enabling services agreed upon in the EDP must be provided by the pilot county where the recipient originated. If the recipient is moving to a different county and has failed to comply with the requirements of the program, the recipient is not eligible for AFDC for at least six months from the date of the move.

Sec. 6. [256.7386] [SANCTIONS AND APPEAL PROCESS.]

The same sanctions and appeals imposed and available to recipients of AFDC under this chapter shall be imposed and available to participants in the MNJOBS program.

Sec. 7. [256.7387] [PROGRAM FUNDING.]

(a) [FUNDING.] After ensuring that all persons required to participate in the county's food stamp employment and training program will be served under that program, any remaining unexpended state funds from the county's food stamp employment and training program allocation for that fiscal year may be combined with the county's Project STRIDE allocation for that same fiscal year and are available to administer the program.

(b) [TRANSFER OF ACCESS CHILD CARE FUNDS.] After the end of the third quarter of the state fiscal year, any unencumbered ACCESS funds of a county participating in the program shall be transferred to the county's base sliding fee fund to be used to provide child care to AFDC recipients beyond the one-year transition period. In determining the baseline funding for the ACCESS and basic sliding fee programs, the commissioners of finance and human services shall ignore any transfers made under this section.

(c) [USE OF CHILD CARE.] Participants in the program are eligible for STRIDE child care funds.

(d) [LEVERAGING GRANT AMOUNT TO SECURE OTHER FUNDS.] The county agency or the provider in cooperation with the commissioner may leverage the grant amount to secure other funds from employers, foundations, and the community for the purpose of developing additional components to benefit children and improve the program.

Sec. 8. [INCOME DISREGARDS.]

A participating county may utilize the county's own funds in order to provide higher income disregards to recipients participating in the program.

Sec. 9. [WAIVER AUTHORITY.]

The commissioner of human services is authorized to seek all necessary waivers to implement sections 1 to 8. The waiver requests must be submitted by the commissioner as part of the federal waiver package authorized by Laws 1995, chapter 178, article 2, section 46.

Sec. 10. [APPROPRIATION.]

\$102,000 is appropriated from the general fund to the commissioner of human services for the fiscal year ending June 30, 1997, for purposes of applying for necessary federal waivers to implement the program, and administering the MNJOBS program.

Sec. 11. [EFFECTIVE DATE.]

Section 9 is effective July 1, 1996. For purposes of sections 1 to 8, the commissioner may allow the implementation of the MNJOBS program in counties that have been approved by the commissioner as early as April 1, 1997, but no later than July 1, 1997.

ARTICLE 2

MFIP AND INCOME ASSISTANCE CHANGES BASED ON FEDERAL REFORM

Section 1. [MFIP; LEGISLATIVE POLICY.]

Subdivision 1. [LEGISLATIVE FINDINGS.] The legislature recognizes that:

(1) changes in federal law and federal funding may necessitate changes to Minnesota's public assistance programs;

(2) Minnesota is in the process of testing and evaluating the Minnesota family investment plan, a program that will change public assistance programs in Minnesota; and

(3) the Minnesota family investment plan embodies the principles that should guide Minnesota in implementing changes necessitated by federal law and federal funding.

Subd. 2. [WELFARE REFORM PROPOSAL.] (a) The commissioner shall present the 1997 legislature with a proposal to modify the Minnesota family investment plan for statewide implementation. The proposed program must be designed around the following goals:

- (1) to support work;
- (2) to foster personal responsibility;
- (3) to support the family;
- (4) to simplify the welfare system;
- (5) to prevent dependency; and

- (3) provide disregards of earned income that are not time limited;
- (4) establish asset limits which appropriately reflect the needs of working families;

(i) assistance units in which all adults are incapacitated, as defined by the commissioner, would receive a supplement that raises the unit's grant standard back to the standard of the initial period;

(ii) assistance units not included in item (i) could earn back a portion of the grant reduction by participating in employment and training services; and

(iii) for assistance units not included in item (i), earnings equal to the grant reduction would be entirely disregarded in determining benefits;

(11) pay child support directly to custodial parents receiving income assistance and budget all or part of the child support amount against the income assistance benefit;

(12) address the question of providing assistance to Minnesota residents who are legal noncitizens;

(13) divert applicants from using public assistance through early intervention focused on meeting immediate needs; and

If the 104th Congress makes significant policy or funding changes that affect income assistance, the commissioner of human services shall develop a proposal that includes recommendations for the legislature which address these changes.

Further, the commissioners of human services, health, economic security, and children, families, and learning, shall, upon request of a county, work with and jointly develop a proposal that permits the county to merge funding and services in order to meet the individual needs of eligible clients. Subd. 2. [GAMBLING ESTABLISHMENTS.] A currency exchange located on the premises of a gambling establishment as defined in section 256.9831, subdivision 1, may not cash a warrant that bears a restrictive endorsement under section 256.9831, subdivision 3.

Subdivision 1. [EXPECTATIONS.] All families eligible for assistance under the family investment plan who are assigned to a test group in the evaluation as provided in section 256.031, subdivision 3, paragraph (d), are expected to be in transitional status as defined in section 256.032, subdivision 12. To be considered in transitional status, families must meet the following expectations:

(a) For a family headed by a single adult parental caregiver, the expectation is that the parental caregiver will independently pursue self-sufficiency until the family has received assistance for 24 months within the preceding 36 months. Beginning with the 25th month of assistance, the parent must be developing or complying with the terms of the family support agreement.

(b) For a family with a minor parental caregiver or a family whose parental caregiver is 18 or 19 years of age and does not have a high school diploma or its equivalent, the expectation is that, concurrent with the receipt of assistance, the parental caregiver must be developing or complying with a family support agreement. To the extent of available resources and provided the other caregiver is proficient in English, the commissioner may require that both caregivers in a family with two adult parental caregivers, in which the youngest child has attained the age of six and is not in kindergarten, must be developing or complying with the terms of a family support agreement by the seventh month on assistance. A caregiver shall be determined proficient in English if the county agency, or its employment and training service provider, determines that the person has sufficient English language capabilities to become suitably employed.

If, as of July 1, 1996, the other caretaker is enrolled in a post-secondary education or training program that is limited to one year and can reasonably be expected to lead to employment, that caretaker is exempt from job search and work experience for a period of one year or until the caretaker stops attending the post-secondary program, whichever is shorter.

When a minor parent reaches age 17, or earlier if determined necessary by the social service agency, the minor parent shall be referred for case management services.

(b) Case managers shall provide the following services:

Sec. 7. Minnesota Statutes 1995 Supplement, section 256.0475, is amended by adding a subdivision to read:

Subd. 2a. [INTENSIVE ESL.] "Intensive ESL" means an English as a second language program that offers at least 20 hours of class per week.

Sec. 8. Minnesota Statutes 1995 Supplement, section 256.048, subdivision 1, is amended to read:

(b) For a family with a minor parental caregiver or a family whose parental caregiver is 18 or 19 years of age and does not have a high school diploma or its equivalent, the parental caregiver must be developing and complying with a family support agreement concurrent with the receipt of assistance. The terms of the family support agreement must include compliance with section 256.736, subdivision 3b. If the parental caregiver fails to comply with the terms of the family support agreement, the sanctions in subdivision 4 apply. When the requirements in section 256.736, subdivision 3b, have been met, a caregiver has fulfilled the caregiver's obligation. County agencies must continue to offer MFIP-R services if the caregiver wants to continue with an employability plan. Caregivers who fulfill the requirements of section 256.736, subdivision 3b, are subject to the expectations of paragraphs (a) and (c).

(c) In a family with two adult parental caregivers, at least one of whom has received AFDC, family general assistance, MFIP, or a combination of AFDC, family general assistance, and MFIP assistance for six or more months within the preceding 12 months, one parental caregiver must be developing and complying with the terms of the family support agreement commencing with the seventh month of assistance. The family and MFIP-R staff will designate the parental caregiver who will develop the family support agreement based on which parent has the greater potential to increase family income through immediate employment. To the extent of available resources and provided the other caregiver is proficient in English, the commissioner may require that both caregivers in a family with two adult parental caregivers, in which the youngest child has attained the age of six and is not in kindergarten, must be developing or complying with the terms of a family support agreement by the seventh month on assistance. A caregiver shall be determined proficient in English if the county agency, or its employment and training service provider, determines that the person has sufficient English language capabilities to become suitably employed.

If, as of July 1, 1996, the other caretaker is enrolled in a post-secondary education or training program that is limited to one year and can reasonably be expected to lead to employment, that caretaker is exempt from job search and work experience for a period of one year or until the caretaker stops attending the post-secondary program, whichever is shorter.

Sec. 9. Minnesota Statutes 1995 Supplement, section 256.048, subdivision 4, is amended to read:

Subd. 4. [SANCTION.] The county agency must reduce an assistance unit's assistance payment by ten percent of the transitional standard for the applicable family size when a caregiver, who is not exempt from the expectations in this section, fails to attend a mandatory briefing, fails to attend scheduled meetings with MFIP-R staff, terminates employment without good cause, or fails to develop or comply with the terms of the caregiver's family support agreement. MFIP-R staff must send caregivers a notice of intent to sanction. For the purpose of this section, "notice of intent to sanction" means MFIP-R staff must provide written notification to the caregiver that the caregiver is not fulfilling the requirement to develop or comply with the family support agreement. This notification must inform the caregiver of the right to request a conciliation conference within ten days of the mailing of the notice of intent to sanction or the right to request a fair hearing under section 256.045. If a caregiver requests a conciliation conference, the county agency must postpone implementation of the sanction pending completion of the conciliation conference. If the caregiver does not request a conciliation conference within ten calendar days of the mailing of the notice of intent to sanction, the MFIP-R staff must notify the county agency that the assistance payment should be reduced.

Upon notification from MFIP-R staff that an assistance payment should be reduced, the county agency must send a notice of adverse action to the caregiver stating that the assistance payment will be reduced in the next month following the ten-day notice requirement and state the reason for the action. For the purpose of this section, "notice of adverse action" means the county agency must send a notice of sanction, reduction, suspension, denial, or termination of benefits before taking any of those actions. The caregiver may request a fair hearing under section 256.045, upon notice of intent to sanction or notice of adverse action, but the conciliation conference is available only upon notice of intent to sanction.

Sec. 10. Minnesota Statutes 1995 Supplement, section 256.048, subdivision 6, is amended to read:

Subd. 6. [PRE-EMPLOYMENT AND EMPLOYMENT SERVICES.] The county agency must provide services identified in clauses (1) to (10). Services include:

(1) a required briefing for all nonmandatory caregivers assigned to MFIP-R, which includes a review of the information presented at an earlier MFIP-R orientation pursuant to subdivision 5, and an overview of services available under MFIP-R pre-employment and employment services, an overview of job search techniques, and the opportunity to volunteer for MFIP-R job search activities and basic education services;

(2) a briefing for all mandatory caregivers assigned to MFIP-R, which includes a review of the information presented at an earlier MFIP-R orientation pursuant to subdivision 5, and an overview of services available under MFIP-R pre-employment and employment services;

(3) an MFIP assessment that meets the requirements of section 256.736, subdivision 10, paragraph (a), clause (14), and addresses caregivers' skills, abilities, interests, and needs;

(4) development, together with the caregiver, of an employability plan and family support agreement according to subdivision 7;

(5) coordination of services including child care, transportation, education assistance, and social services necessary to enable caregivers to fulfill the terms of the employability plan and family support agreement;

(6) provision of full-time English as a second language (intensive ESL) classes;

(7) provision of a broad range of employment and pre-employment services including basic skills testing, interest and aptitude testing, career exploration, job search activities, community work experience program under section 256.737, or on-the-job training under section 256.738;

(8) evaluation of the caregiver's compliance with the employability plan and family support agreement and support and recognition of progress toward employment goals;

(9) provision of postemployment follow-up for up to six months after caregivers become exempt or exit MFIP-R due to employment if requested by the caregiver; and

(10) approval of education and training program activities.

Sec. 11. Minnesota Statutes 1995 Supplement, section 256.048, subdivision 13, is amended to read:

Subd. 13. [EDUCATION AND TRAINING ACTIVITIES; BASIC EDUCATION.] Basic education, including adult basic education, high school or general equivalency diploma, ~~or ESL~~ may be included in the family support agreement when a caregiver is actively participating in job search activities as specified in the family support agreement, or employed at least 12 hours per week. The concurrent work requirement for basic education does not apply to caregivers under subdivision 1, paragraph (b), who are attending secondary school full time. Six months of basic education activities may be included in the family support agreement, and extension of basic education activities, including intensive ESL, is contingent upon review and approval by MFIP-R staff.

Non-English-speaking caregivers have the option to participate in full-time intensive ESL activities for up to six months prior to participation in job search with approval of MFIP-R staff, provided the caregiver also works or participates in job search. For caregivers participating in intensive ESL, hours spent in intensive ESL, employment, and job search must equal at least 30 hours per week, or 20 hours per week for a single parent caregiver with a child under age six.

Sec. 12. Minnesota Statutes 1994, section 256.73, subdivision 1, is amended to read:

Subdivision 1. [DEPENDENT CHILDREN.] Assistance shall be given under sections 256.72 to 256.87 to or on behalf of any dependent child who:

(1) Resides Has resided in Minnesota for at least 30 days or, if residing in the state for less than 30 days, the child or the child's caretaker relative meets one of the criteria specified in subdivision 1b;

(2) Is otherwise eligible; the child shall not be denied aid because of conditions of the home in which the child resides.

Sec. 13. Minnesota Statutes 1994, section 256.73, is amended by adding a subdivision to read:

Subd. 1a. [USE OF CODE OF FEDERAL REGULATIONS.] In the event that federal block grant legislation eliminates the federal regulatory basis for AFDC, the state shall continue to determine eligibility for Minnesota's AFDC program using the provisions of the Code of Federal Regulations, title 45, as constructed on the day prior to their federal repeal, except as expressly superseded in sections 256.72 to 256.87, or as superseded by federal law, or as modified by state rule or by regulatory waivers granted to the state.

Sec. 14. Minnesota Statutes 1994, section 256.73, is amended by adding a subdivision to read:

Subd. 1b. [RESIDENCY CRITERIA.] A child or caretaker relative who has resided in Minnesota for less than 30 days is considered to be a Minnesota resident if:

(1) either the child or the caretaker relative was born in the state;

(2) either the child or the caretaker relative has, in the past, resided in this state for at least 365 consecutive days;

(3) either the child or the caretaker relative came to this state to join a close relative who has

resided in this state for at least one year. For purposes of this clause, "close relative" means a parent, grandparent, brother, sister, spouse, or child; or

(4) the caretaker relative came to this state to accept a bona fide offer of employment and was eligible to accept the employment.

A county agency may waive the 30-day residency requirement in cases of emergency or where unusual hardship would result from denial of assistance. The county agency must report to the commissioner within 30 days on any waiver granted under this section. The county shall not deny an application solely because the applicant does not meet at least one of the criteria in this subdivision, but shall continue to process the application and leave the application pending until the residency requirement is met or until eligibility or ineligibility is established.

Sec. 15. Minnesota Statutes 1995 Supplement, section 256.73, subdivision 8, is amended to read:

Subd. 8. [RECOVERY OF OVERPAYMENTS AND ATM ERRORS.] (a) Except as provided in subdivision 8a, if an amount of aid to families with dependent children assistance is paid to a recipient in excess of the payment due, it shall be recoverable by the county agency. The agency shall give written notice to the recipient of its intention to recover the overpayment.

(b) When an overpayment occurs, the county agency shall recover the overpayment from a current recipient by reducing the amount of aid payable to the assistance unit of which the recipient is a member for one or more monthly assistance payments until the overpayment is repaid. All county agencies in the state shall reduce the assistance payment by three percent of the assistance unit's standard of need or the amount of the monthly payment, whichever is less, for all overpayments whether or not the overpayment is due solely to agency error. For recipients receiving benefits via electronic benefit transfer, if the overpayment is a result of an automated teller machine (ATM) dispensing funds in error to the recipient, the agency may recover the ATM error by immediately withdrawing funds from the recipient's electronic benefit transfer account, up to the amount of the error. If the overpayment is due solely to having wrongfully obtained assistance, whether based on a court order, the finding of an administrative fraud disqualification hearing or a waiver of such a hearing, or a confession of judgment containing an admission of an intentional program violation, the amount of this reduction shall be ten percent. In cases when there is both an overpayment and underpayment, the county agency shall offset one against the other in correcting the payment.

(c) Overpayments may also be voluntarily repaid, in part or in full, by the individual, in addition to the above aid reductions, until the total amount of the overpayment is repaid.

(d) The county agency shall make reasonable efforts to recover overpayments to persons no longer on assistance in accordance with standards adopted in rule by the commissioner of human services. The county agency need not attempt to recover overpayments of less than \$35 paid to an individual no longer on assistance if the individual does not receive assistance again within three years, unless the individual has been convicted of fraud under section 256.98.

Sec. 16. Minnesota Statutes 1994, section 256.736, subdivision 1a, is amended to read:

Subd. 1a. [DEFINITIONS.] As used in this section and section 256.7365, the following words have the meanings given them:

(a) "AFDC" means aid to families with dependent children.

(b) "AFDC-UP" or "two-parent family" means that group of AFDC clients who are eligible for assistance by reason of unemployment as defined by the commissioner under section 256.12, subdivision 14.

(c) "Caretaker" means a parent or eligible adult, including a pregnant woman, who is part of the assistance unit that has applied for or is receiving AFDC.

(d) "Case manager" means the county agency's employment and training service provider who provides the services identified in sections 256.736 to 256.739 according to subdivision 12.

(e) "Employment and training services" means programs, activities, and services related to job training, job placement, and job creation, including job service programs, job training partnership act programs, wage subsidies, remedial and secondary education programs, post-secondary education programs excluding education leading to a post-baccalaureate degree, and vocational education programs, ~~work readiness programs~~, job search, counseling, case management, community work experience programs, displaced homemaker programs, self-employment programs, grant diversion, employment experience programs, youth employment programs, community investment programs, refugee employment and training programs, and counseling and support activities necessary to stabilize the caretaker or the family.

(e) (f) "Employment and training service provider" means a public, private, or nonprofit agency certified by the commissioner of economic security to deliver employment and training services under section 268.0122, subdivision 3, and section 268.871, subdivision 1.

(f) (g) "Minor parent" means a ~~caretaker relative who is the person who is under age 18 who is either the birth parent of the dependent a minor child or children in the assistance unit and who is under the age of 18 or is eligible for AFDC as a pregnant woman.~~

(g) (h) "Targeted groups" or "targeted caretakers" means recipients of AFDC or AFDC-UP designated as priorities for employment and training services under subdivision 16.

(h) (i) "Suitable employment" means employment which:

- (3) pays hourly gross earnings which are not less than the federal or state minimum wage for that type of employment, whichever is applicable;
- (4) does not result in a net loss of income. Employment results in a net loss of income when the income remaining after subtracting necessary work-related expenses from the family's gross income, which includes cash assistance, is less than the cash assistance the family was receiving at the time the offer of employment was made. For purposes of this definition, "work expenses" means the amount withheld or paid for; state and federal income taxes; social security withholding taxes; mandatory retirement fund deductions; dependent care costs; transportation costs to and from work at the amount allowed by the Internal Revenue Service for personal car mileage; costs of work uniforms, union dues, and medical insurance premiums; costs of tools and equipment used on the job; \$1 per work day for the costs of meals eaten during employment; public liability insurance required by an employer when an automobile is used in employment and the cost is not reimbursed by the employer; and the amount paid by an employee from personal funds for business costs which are not reimbursed by the employer;
- (5) offers a job vacancy which is not the result of a strike, lockout, or other bona fide labor dispute;
- (6) requires a round trip commuting time from the recipient's residence of less than two hours by available transportation, exclusive of the time to transport children to and from child care;
- (7) does not require the recipient to leave children under age 12 unattended in order to work, or if child care is required, such care is available; and
- (8) does not discriminate at the job site on the basis of age, sex, race, color, creed, marital status, status with regard to public assistance, disability, religion, or place of national origin.

(i) (j) "Support services" means programs, activities, and services intended to stabilize families and individuals or provide assistance for family needs related to employment or participation in employment and training services, including child care, transportation, housing assistance, personal and family counseling, crisis intervention services, peer support groups, chemical dependency counseling and treatment, money management assistance, and parenting skill courses.

Sec. 17. Minnesota Statutes 1994, section 256.736, subdivision 3b, is amended to read:

Subd. 3b. [MANDATORY ASSESSMENT AND SCHOOL ATTENDANCE FOR CERTAIN CUSTODIAL PARENTS.] This subdivision applies to the extent permitted under federal law and regulation.

(a) [DEFINITIONS.] The definitions in this paragraph apply to this subdivision.

(1) "Custodial parent" means a recipient of AFDC who is the natural or adoptive parent of a child living with the custodial parent.

(2) "School" means:

(i) an educational program which leads to a high school diploma. The program or coursework may be, but is not limited to, a program under the post-secondary enrollment options of section 123.3514, a regular or alternative program of an elementary or secondary school, a technical college, or a college;

(ii) coursework for a general educational development (GED) diploma of not less than six hours of classroom instruction per week; or

(iii) any other post-secondary educational program that is approved by the public school or the county agency ~~under subdivision 11.~~

(b) [ASSESSMENT AND PLAN; REQUIREMENT; CONTENT.] The county agency must examine the educational level of each custodial parent under the age of 20 to determine if the recipient has completed a high school education or its equivalent. If the custodial parent has not completed a high school education or its equivalent and is not exempt from the requirement to attend school under paragraph (c), the county agency must complete an individual assessment for the custodial parent. The assessment must be performed as soon as possible but within 60 days of determining AFDC eligibility for the custodial parent. The assessment must provide an initial examination of the custodial parent's educational progress and needs, literacy level, child care and supportive service needs, family circumstances, skills, and work experience. In the case of a custodial parent under the age of 18, the assessment must also consider the results of the early and periodic screening, diagnosis and treatment (EPSDT) screening, if available, and the effect of a child's development and educational needs on the parent's ability to participate in the program. The county agency must advise the parent that the parent's first goal must be to complete an appropriate educational option if one is identified for the parent through the assessment and, in consultation with educational agencies, must review the various school completion options with the parent and assist the parent in selecting the most appropriate option.

(c) [RESPONSIBILITY FOR ASSESSMENT AND PLAN.] For custodial parents who are under age 18, the assessment and the employability plan must be completed by the county social services agency, as specified in section 257.33. For custodial parents who are age 18 or 19, the assessment and employability plan must be completed by the case manager. The social services agency or the case manager shall consult with representatives of educational agencies required to assist in developing educational plans under section 126.235.

(d) [EDUCATION DETERMINED TO BE APPROPRIATE.] If the case manager or county social services agency identifies an appropriate educational option, it must develop an employability plan in consultation with the custodial parent which reflects the assessment. The plan must specify that participation in an educational activity is required, what school or educational program is most appropriate, the services that will be provided, the activities the parent will take part in including child care and supportive services, the consequences to the custodial parent for failing to participate or comply with the specified requirements, and the right to appeal any adverse action. The employability plan must, to the extent possible, reflect the preferences of the participant.

(e) [EDUCATION DETERMINED TO BE NOT APPROPRIATE.] If the case manager determines that there is no appropriate educational option for a custodial parent who is age 18 or 19, the case manager shall indicate the reasons for the determination. The case manager shall then

notify the county agency which must refer the custodial parent to ~~case management services under subdivision 11~~ the Project STRIDE program for completion of an employability plan and mandatory participation in employment and training services. If the custodial parent fails to participate or cooperate with ~~case management~~ employment and training services and does not have good cause for the failure, the county agency shall apply the sanctions listed in subdivision 4, beginning with the first payment month after issuance of notice. If the county social services agency determines that school attendance is not appropriate for a custodial parent under age 18, the county agency shall refer the custodial parent to social services for services as provided in section 257.33.

(f) [SCHOOL ATTENDANCE REQUIRED.] Notwithstanding subdivision 3, a custodial parent must attend school if all of the following apply:

- (1) the custodial parent is less than 20 years of age;
- (2) transportation services needed to enable the custodial parent to attend school are available;
- (3) licensed or legal nonlicensed child care services needed to enable the custodial parent to attend school are available;
- (4) the custodial parent has not already received a high school diploma or its equivalent; and
- (5) the custodial parent is not exempt because the custodial parent:
 - (i) is ill or incapacitated seriously enough to prevent attendance at school;
 - (ii) is needed in the home because of the illness or incapacity of another member of the household; this includes a custodial parent of a child who is younger than six weeks of age;
 - (iii) works 30 or more hours a week; or
 - (iv) is pregnant if it has been medically verified that the child's birth is expected within the next six months.

(g) [ENROLLMENT AND ATTENDANCE.] The custodial parent must be enrolled in school and meeting the school's attendance requirements. If enrolled, the custodial parent is considered to be attending when the school is not in regular session, including during holiday and summer breaks.

(h) [GOOD CAUSE FOR NOT ATTENDING SCHOOL.] The county agency shall not impose the sanctions in subdivision 4 if it determines that a custodial parent has good cause for not being enrolled or for not meeting the school's attendance requirements. The county agency shall determine whether good cause for not attending or not enrolling in school exists, according to this paragraph:

(1) Good cause exists when the county agency has verified that the only available school program requires round trip commuting time from the custodial parent's residence of more than two hours by available means of transportation, excluding the time necessary to transport children to and from child care.

(2) Good cause exists when the custodial parent has indicated a desire to attend school, but the public school system is not providing for the education and alternative programs are not available.

(i) [FAILURE TO COMPLY.] The case manager and social services agency shall establish ongoing contact with appropriate school staff to monitor problems that custodial parents may have in pursuing their educational plan and shall jointly seek solutions to prevent parents from failing to complete education. If the school notifies the county agency that the custodial parent is not enrolled or is not meeting the school's attendance requirements, or appears to be facing barriers to completing education, the information must be conveyed to the case manager for a custodial parent age 18 or 19, or to the social services agency for a custodial parent under age 18. The case manager or social services agency shall reassess the appropriateness of school attendance as specified in paragraph (f). If after consultation, school attendance is still appropriate and the case

manager or social services agency determines that the custodial parent has failed to enroll or is not meeting the school's attendance requirements and the custodial parent does not have good cause, the case manager or social services agency shall inform the custodial parent's financial worker who shall apply the sanctions listed in subdivision 4 beginning with the first payment month after issuance of notice.

(j) [NOTICE AND HEARING.] A right to notice and fair hearing shall be provided in accordance with section 256.045 and the Code of Federal Regulations, title 45, section 205.10.

(k) [SOCIAL SERVICES.] When a custodial parent under the age of 18 has failed to attend school, is not exempt, and does not have good cause, the county agency shall refer the custodial parent to the social services agency for services, as provided in section 257.33.

(l) [VERIFICATION.] No less often than quarterly, the financial worker must verify that the custodial parent is meeting the requirements of this subdivision. Notwithstanding section 13.32, subdivision 3, when the county agency notifies the school that a custodial parent is subject to this subdivision, the school must furnish verification of school enrollment, attendance, and progress to the county agency. The county agency must not impose the sanctions in paragraph (i) if the school fails to cooperate in providing verification of the minor parent's education, attendance, or progress.

Sec. 18. Minnesota Statutes 1994, section 256.736, subdivision 4, is amended to read:

Subd. 4. [CONDITIONS OF CERTIFICATION.] The commissioner of human services shall:

(1) in consultation with the commissioner of children, families, and learning, arrange for or provide any caretaker or child required to participate who participates in employment and training services pursuant to this section with child-care services, transportation, and other necessary family services;

(2) provide that in determining a recipient's needs the additional expenses attributable to participation in a program are taken into account in grant determination to the extent permitted by federal regulation;

(3) provide that the county board shall impose the sanctions in clause (4) when the county board:

(a) determines that a custodial parent under the age of 16 who is required to attend school under subdivision 3b has, without good cause, failed to attend school; or

(b) determines that subdivision 3c applies to a minor parent and the minor parent has, without good cause, failed to cooperate with development of a social service plan or to participate in execution of the plan, to live in a group or foster home, or to participate in a program that teaches skills in parenting and independent living;

(4) to the extent permissible by federal law, impose the following sanctions for a recipient's failure to participate in the requirements of subdivision 3b or 3c:

(a) for the first failure, 50 percent of the grant provided to the family for the month following the failure shall be made in the form of protective or vendor payments;

(b) for the second and subsequent failures, the entire grant provided to the family must be made in the form of protective or vendor payments. Assistance provided to the family must be in the form of protective or vendor payments until the recipient complies with the requirement; and

(c) when protective payments are required, the county agency may continue payments to the caretaker if a protective payee cannot reasonably be found;

(5) provide that the county board shall impose the sanctions in clause (6) when the county board:

(a) determines that a caretaker or child required to participate in employment and training

services has been found by the employment and training service provider to have failed without good cause to participate in appropriate employment and training services, to comply with the recipient's employability development plan, or to have failed without good cause to accept, through the job search program described in subdivision 14, or the provisions of an employability development plan if the caretaker is a custodial parent age 18 or 19 and subject to the requirements of subdivision 3b, a bona fide offer of public or other employment;

(b) determines that a custodial parent aged 16 to 19 who is required to attend school under subdivision 3b has, without good cause, failed to enroll or attend school; or

(c) determines that a caretaker has, without good cause, failed to attend orientation;

(6) to the extent required by federal law, impose the following sanctions for a recipient's failure to participate in required employment and training services, to comply with the recipient's employability development plan, to accept a bona fide offer of public or other employment, to enroll or attend school under subdivision 3b, or to attend orientation:

(a) for the first failure, the needs of the noncompliant individual shall not be taken into account in making the grant determination, until the individual complies with the requirements;

(b) for the second failure, the needs of the noncompliant individual shall not be taken into account in making the grant determination until the individual complies with the requirement or for three consecutive months, whichever is longer;

(c) for subsequent failures, the needs of the noncompliant individual shall not be taken into account in making the grant determination until the individual complies with the requirement or for six consecutive months, whichever is longer;

(d) aid with respect to a dependent child who has been sanctioned under this paragraph shall be continued for the parent or parents of the child if the child is the only child receiving aid in the family, the child continues to meet the conditions of section 256.73, and the family is otherwise eligible for aid;

(e) if the noncompliant individual is a parent or other relative caretaker, payments of aid for any dependent child in the family must be made in the form of protective or vendor payments. When protective payments are required, the county agency may continue payments to the caretaker if a protective payee cannot reasonably be found. When protective payments are imposed on ~~assistance units whose basis of eligibility is unemployment of a parent in a two-parent family and the nonprincipal wage earner~~ other parent is not participating in an approved employment and training service, the needs of both the principal and nonprincipal wage earner parents must not be taken into account in making the grant determination; and

(f) If, after removing a caretaker's needs from the grant, only dependent children remain eligible for AFDC, the standard of assistance shall be computed using the special children standard;

(g) if the noncompliant individual is a ~~principal wage earner in a family whose basis of eligibility is the unemployment of a parent in a two-parent family~~ and the ~~nonprincipal wage earner~~ other parent is not participating in an approved employment and training service, the needs of both the principal and nonprincipal wage earner parents must not be taken into account in making the grant determination; and

(7) Request approval from the secretary of health and human services to use vendor payment sanctions for persons listed in paragraph (5), clause (b). If approval is granted, the commissioner must begin using vendor payment sanctions as soon as changes to the state plan are approved.

Sec. 19. Minnesota Statutes 1995 Supplement, section 256.736, subdivision 10, is amended to read:

Subd. 10. [COUNTY DUTIES.] (a) To the extent of available state appropriations, county boards shall:

(1) refer all mandatory and eligible volunteer caretakers permitted to participate under

subdivision 3a to an employment and training service provider for participation in employment and training services;

(2) identify to the employment and training service provider the target group of which the referred caretaker is a member, if any, and whether the person's participation is mandatory or voluntary;

(3) provide all caretakers with an orientation which meets the requirements in subdivisions 10a and 10b;

(4) work with the employment and training service provider to encourage voluntary participation by caretakers in the target groups in employment and training services;

(5) work with the employment and training service provider to collect data as required by the commissioner;

(6) to the extent permissible under federal law, require all caretakers coming into the AFDC program to attend orientation;

(7) encourage ~~non~~target caretakers to develop a plan to obtain self-sufficiency;

(8) notify the commissioner of the caretakers ~~required to~~ who participate in employment and training services;

(9) inform appropriate caretakers of opportunities available through the head start program and encourage caretakers to have their children screened for enrollment in the program where appropriate;

(10) provide transportation assistance using available funds to caretakers who participate in employment and training programs;

(11) ensure that the required services of orientation, ~~job search~~, services to custodial parents under the age of 20 who have not completed high school or an equivalent program, job search, educational activities, and work experience for AFDC-UP two-parent families, and case management services are made available to appropriate caretakers under this section, ~~except that payment for case management services is governed by subdivision 13 and that services are provided to volunteer caretakers to the extent resources permit~~;

(12) explain in its local service unit plan under section 268.88 how it will ensure that ~~target~~ caretakers determined to be in need of social services are provided with such social services. The plan must specify how the case manager and the county social service workers will ensure delivery of needed services;

(13) to the extent allowed by federal laws and regulations, provide a job search program as defined in subdivision 14, a community work experience program as defined in section 256.737, grant diversion as defined in section 256.739, and on-the-job training as defined in section 256.738. A county may also provide another work and training program approved by the commissioner and the secretary of the United States Department of Health and Human Services. Planning and approval for employment and training services listed in this clause must be obtained through submission of the local service unit plan as specified under section 268.88. A county is not required to provide a community work experience program if the county agency is successful in placing at least ~~40~~ 60 percent of the monthly average of all caretakers who are subject to the job search requirements of subdivision 14 in grant diversion or on-the-job training program;

(14) prior to participation, provide an assessment of each AFDC recipient who is required or volunteers to participate in an approved employment and training service. The assessment must include an evaluation of the participant's (i) educational, child care, and other supportive service needs; (ii) skills and prior work experience; and (iii) ability to secure and retain a job which, when wages are added to child support, will support the participant's family. The assessment must also include a review of the results of the early and periodic screening, diagnosis and treatment (EPSDT) screening and preschool screening under chapter 123, if available; the participant's family circumstances; and, in the case of a custodial parent under the age of 18, a review of the

effect of a child's development and educational needs on the parent's ability to participate in the program;

(15) develop an employability development plan for each recipient for whom an assessment is required under clause (14) which:

- (i) reflects the assessment required by clause (14);
- (ii) takes into consideration the recipient's physical capacity, skills, experience, health and safety, family responsibilities, place of residence, proficiency, child care and other supportive service needs;
- (iii) is based on available resources and local employment opportunities;
- (iv) specifies the services to be provided by the employment and training service provider;
- (v) specifies the activities the recipient will participate in, including the worksite to which the caretaker will be assigned, if the caretaker is subject to the requirements of section 256.737, subdivision 2;
- (vi) specifies necessary supportive services such as child care;
- (vii) reflects the effort to arrange mandatory activities so that the activities do not interfere with access to available English as a second language classes and to the extent possible, reflects the preferences of the participant;
- (viii) includes a written agreement between the county agency and the caretaker that outlines a reasonable schedule for completing the plan, including specific completion deadlines, and confirms that
 - (A) there is a market for full-time employees with this education or training where the caretaker will or is willing to reside upon completion of the program;
 - (B) the average wage level for employees with this education or training is greater than the caretaker can earn without this education or training;
 - (C) the caretaker has the academic ability to successfully complete the program; and
 - (D) there is a reasonable expectation that the caretaker will complete the training program based on such factors as the caretaker's previous education, training, work history, current motivation, and changes in previous circumstances; and
- (ix) specifies the recipient's long-term employment goal which shall lead to self-sufficiency. Caretakers shall be counseled to set realistic attainable goals, taking into account the long-term needs of the caretaker and the caretaker's family;

(16) provide written notification to and obtain the written concurrence of the appropriate exclusive bargaining representatives with respect to job duties covered under collective bargaining agreements and assure that no work assignment under this section or sections 256.737, 256.738, and 256.739, or the Minnesota parent's fair share mandatory community work experience program results in: (i) termination, layoff, or reduction of the work hours of an employee for the purpose of hiring an individual under this section or sections 256.737, 256.738, and 256.739; (ii) the hiring of an individual if any other person is on layoff from the same or a substantially equivalent job; (iii) any infringement of the promotional opportunities of any currently employed individual; (iv) the impairment of existing contracts for services or collective bargaining agreements; or (v) except for on-the-job training under section 256.738, a participant filling an established unfilled position vacancy. If an exclusive bargaining representative and a county or public service employer disagree regarding whether job duties are covered under a collective bargaining agreement, the exclusive bargaining representative or the county or public service employer may petition the bureau of mediation services, and the bureau shall determine if the job duties are covered by a collective bargaining agreement; and

(17) assess each caretaker in an ~~AFDC-UP~~ a two-parent family who is under age 25, has not completed high school or a high school equivalency program, and who would otherwise be required to participate in a work experience placement under section 256.737 to determine if an appropriate secondary education option is available for the caretaker. If an appropriate secondary education option is determined to be available for the caretaker, the caretaker must, in lieu of participating in work experience, enroll in and meet the educational program's participation and attendance requirements. "Secondary education" for this paragraph means high school education or education designed to prepare a person to qualify for a high school equivalency certificate, basic and remedial education, and English as a second language education. A caretaker required to participate in secondary education who, without good cause, fails to participate shall be subject to the provisions of subdivision 4a and the sanction provisions of subdivision 4, clause (6). For purposes of this clause, "good cause" means the inability to obtain licensed or legal nonlicensed child care services needed to enable the caretaker to attend, inability to obtain transportation needed to attend, illness or incapacity of the caretaker or another member of the household which requires the caretaker to be present in the home, or being employed for more than 30 hours per week; and

(18) provide counseling and other personal follow-up support as needed for up to six months after the participant loses AFDC eligibility to assist the person to maintain employment or to secure new employment.

(b) Funds available under this subdivision may not be used to assist, promote, or deter union organizing.

(c) A county board may provide other employment and training services that it considers necessary to help caretakers obtain self-sufficiency.

(d) Notwithstanding section 256G.07, when a target caretaker relocates to another county to implement the provisions of the caretaker's ~~ease management contract or other~~ written employability development plan approved by the county human service agency, its ~~ease manager~~ or its employment and training service provider, the county that approved the plan is responsible for the costs of ~~ease management and other~~ services required to carry out the plan, ~~including employment and training services~~. The county agency's responsibility for the costs ends when all plan obligations have been met, when the caretaker loses AFDC eligibility for at least 30 days, or when approval of the plan is withdrawn for a reason stated in the plan, whichever occurs first. Responsibility for the costs of child care must be determined under chapter 256H. A county human service agency may pay for the costs of ~~ease management~~, child care, and other services required in an approved employability development plan when the nontarget caretaker relocates to another county or when a target caretaker again becomes eligible for AFDC after having been ineligible for at least 30 days.

Sec. 20. Minnesota Statutes 1995 Supplement, section 256.736, subdivision 10a, is amended to read:

Subd. 10a. [ORIENTATION.] (a) Each county agency must provide an orientation to all caretakers within its jurisdiction in the time limits described in this paragraph:

(1) within 60 days of being determined eligible for AFDC for caretakers ~~with a continued absence or incapacitated parent basis of eligibility~~ who are permitted to volunteer for services under subdivision 3a; or

(2) within 30 days of being determined eligible for AFDC for caretakers ~~with an unemployed parent basis of eligibility~~ who are required to participate in services under subdivision 3a.

(b) Caretakers are required to attend an in-person orientation if the caretaker is a member of one of the groups listed in subdivision 3a, paragraph (a), unless the caretaker is exempt from registration under subdivision 3 and the caretaker's exemption basis will not expire within 60 days of being determined eligible for AFDC, or the caretaker is enrolled at least half time in any recognized school, training program, or institution of higher learning and the in-person orientation cannot be scheduled at a time that does not interfere with the caretaker's school or training schedule. The county agency shall require attendance at orientation of caretakers described in

subdivision 3a, paragraph (b) or (c), if the commissioner determines that the groups are eligible for participation in employment and training services.

(c) The orientation must consist of a presentation that informs caretakers of:

(1) the identity, location, and phone numbers of employment and training and support services available in the county;

(2) the types and locations of child care services available through the county agency that are accessible to enable a caretaker to participate in educational programs or employment and training services;

(3) the child care resource and referral program designated by the commissioner providing education and assistance to select child care services and a referral to the child care resource and referral when assistance is requested;

(4) the obligations of the county agency and service providers under contract to the county agency;

(5) the rights, responsibilities, and obligations of participants;

(6) the grounds for exemption from mandatory employment and training services or educational requirements;

(7) the consequences for failure to participate in mandatory services or requirements, including the requirement that volunteer participants comply with their employability development plan;

(8) the method of entering educational programs or employment and training services available through the county;

(9) the availability and the benefits of the early and periodic, screening, diagnosis and treatment (EPSDT) program and preschool screening under chapter 123;

(10) their eligibility for transition year child care assistance when they lose eligibility for AFDC due to their earnings;

(11) their eligibility for extended medical assistance when they lose eligibility for AFDC due to their earnings; ~~and~~

(12) the availability of the federal earned income tax credits and the state working family tax credits; and

(13) the availability and benefits of the Head Start program.

(d) All orientation programs should provide information to caretakers on parenting, nutrition, household management, food preparation, and other subjects relevant to promoting family integration and self-sufficiency and provide detailed information on community resources available for training sessions on these topics.

(e) Orientation must encourage recipients to view AFDC as a temporary program providing grants and services to individuals who set goals and develop strategies for supporting their families without AFDC assistance. The content of the orientation must not imply that a recipient's eligibility for AFDC is time limited. Orientation may be provided through audio-visual methods, but the caretaker must be given an opportunity for face-to-face interaction with staff of the county agency or the entity providing the orientation, and an opportunity to express the desire to participate in educational programs and employment and training services offered through the county agency.

(f) County agencies shall not require caretakers to attend orientation for more than three hours during any period of 12 continuous months. The county agency shall also arrange for or provide needed transportation and child care to enable caretakers to attend.

The county or, under contract, the county's employment and training service provider shall

mail written orientation materials containing the information specified in paragraph (c), clauses (1) to (3) and (8) to (12) (13), to each caretaker exempt from attending an in-person orientation or who has good cause for failure to attend after at least two dates for their orientation have been scheduled. The county or the county's employment and training service provider shall follow up with a phone call or in writing within two weeks after mailing the material.

(g) Persons required to attend orientation must be informed of the penalties for failure to attend orientation, support services to enable the person to attend, what constitutes good cause for failure to attend, and rights to appeal. Persons required to attend orientation must be offered a choice of at least two dates for their first scheduled orientation. No person may be sanctioned for failure to attend orientation until after a second failure to attend.

(h) Good cause for failure to attend an in-person orientation exists when a caretaker cannot attend because of:

(1) temporary illness or injury of the caretaker or of a member of the caretaker's family that prevents the caretaker from attending an orientation during the hours when the orientation is offered;

(2) a judicial proceeding that requires the caretaker's presence in court during the hours when orientation is scheduled; or

(3) a nonmedical emergency that prevents the caretaker from attending an orientation during the hours when orientation is offered. "Emergency" for the purposes of this paragraph means a sudden, unexpected occurrence or situation of a serious or urgent nature that requires immediate action.

(i) Caretakers must receive a second orientation only when:

(1) there has been a 30-day break in AFDC eligibility; and

(2) the caretaker has not attended an orientation within the previous 12-month period, excluding the month of reapplication for AFDC.

Sec. 21. Minnesota Statutes 1994, section 256.736, subdivision 12, is amended to read:

Subd. 12. ~~[CASE MANAGERS EMPLOYMENT AND TRAINING SERVICE PROVISION.]~~

(a) Counties may directly employ case managers to provide the employment and training services in this section if the county is certified as an employment and training service provider under section 268.0122, or may contract for case management services with a certified employment and training service provider. Uncertified counties and contracting agencies may provide case management services only if they demonstrate the ability to coordinate employment, training, education, and support services. The commissioner of economic security shall determine whether or not an uncertified county or agency has demonstrated such ability.

(b) Counties that employ case managers must ensure that the case managers have the skills and knowledge necessary to perform the variety of tasks described in subdivision 11 this section. Counties that contract with another agency for case management services must specify in the contract the skills and knowledge needed by the case managers. At a minimum, case managers must:

(1) have a thorough knowledge of training, education, and employment opportunities;

(2) have training or experience in understanding the needs of AFDC clients and their families; and

(3) be able to formulate creative individualized ~~contracts~~ employability development plans.

Sec. 22. Minnesota Statutes 1995 Supplement, section 256.736, subdivision 14, is amended to read:

Subd. 14. [JOB SEARCH.] (a) Each county agency must establish and operate a job search

program as provided under this section. Unless all caretakers in the household are exempt, one nonexempt caretaker in each ~~AFDC-UP~~ two-parent AFDC household must be referred to and begin participation in the job search program within 30 days of being determined eligible for AFDC. If the assistance unit contains more than one nonexempt caretaker, the caretakers may determine which caretaker shall participate. The designation may be changed only once annually at the annual redetermination of eligibility. If no designation is made or if the caretakers cannot agree, the county agency shall designate the caretaker having earned the greater of the incomes, including in-kind income, during the 24-month period immediately preceding the month of application for AFDC benefits as the caretaker that must participate. When no designation is made or the caretakers cannot agree and neither caretaker had earnings or the earnings were identical for each caretaker, then the county agency shall designate the caretaker who must participate. A caretaker is exempt from job search participation if:

(1) the caretaker is exempt from registration under subdivision 3, except that the second caretaker cannot be exempt to provide child care or care to an ill or incapacitated household member if the first caretaker is sanctioned for failure to comply or is exempt under any other exemption category, provided the first caretaker is capable of providing the needed care; or

(2) the caretaker is under age 25, has not completed a high school diploma or an equivalent program, and is participating in a secondary education program as defined in subdivision 10, paragraph (a), clause (17), which is approved by the employment and training service provider in the employability development plan.

(b) The job search program must provide four consecutive weeks of job search activities for no less than 20 hours per week but not more than 32 hours per week. The employment and training service provider shall specify for each participating caretaker the number of weeks and hours of job search to be conducted and shall report to the county agency if the caretaker fails to cooperate with the job search requirement. A person for whom lack of proficiency in English, as determined by an appropriate evaluation, is a barrier to employment, can choose to attend an available intensive, functional work literacy program for a minimum of 20 hours in place of the 20 hours of job search activities. The caretaker's employability development plan must include the length of time needed in the program, specific outcomes, attendance requirements, completion dates, and employment goals as they pertain to the intensive literacy program.

(c) The job search program may provide services to ~~non-AFDC-UP~~ caretakers who are not in two-parent families.

(d) After completion of job search requirements in this section, if the caretaker is not employed, nonexempt caretakers shall be placed in and must participate in and cooperate with the work experience program under section 256.737, the on-the-job training program under section 256.738, or the grant diversion program under section 256.739. Caretakers must be offered placement in a grant diversion or on-the-job training program, if either such employment is available, before being required to participate in a community work experience program under section 256.737. When a nonexempt caretaker fails to cooperate with the job search program, the work experience program, the on-the-job training program, or the community work experience program and is subject to the sanction provisions of subdivision 4, the second caretaker in the assistance unit, unless exempt, must also be removed from the grant unless that second caretaker has been referred to and has started participating in the job search program and subsequently in the work experience program, the on-the-job training program, or the community work experience program prior to the date the sanction begins for the first caretaker. The second caretaker is ineligible for AFDC until the first caretaker's sanction ends or the second caretaker cooperates with the requirements.

(e) The commissioner may require that, to the extent of available resources and provided the second caretaker is proficient in English, both caretakers in a two-parent AFDC family where all children are over age six and are not in kindergarten participate in job search and work experience. A caretaker shall be determined proficient in English if the county agency, or its employment and training service provider, determines that the person has sufficient English language capabilities to become suitably employed.

If, as of July 1, 1996, the second caretaker is enrolled in a post-secondary education or training

program that is limited to one year and can reasonably be expected to lead to employment, the second caretaker is exempt from job search and work experience for a period of one year or until the caretaker stops attending the post-secondary program, whichever is shorter.

Sec. 23. Minnesota Statutes 1995 Supplement, section 256.736, subdivision 16, is amended to read:

Subd. 16. [ALLOCATION AND USE OF MONEY.] (a) State money appropriated for employment and training services under this section must be allocated to counties as specified in paragraphs (b) to (l).

(b) For purposes of this subdivision, "targeted caretaker" means a recipient who:

(1) is a custodial parent under the age of 24 who: (i) has not completed a high school education and at the time of application for AFDC is not enrolled in high school or in a high school equivalency program; or (ii) had little or no work experience in the preceding year;

(2) is a member of a family in which the youngest child is within two years of being ineligible for AFDC due to age; or

(3) has received 36 months or more of AFDC over the last 60 months.

(c) One hundred percent of the money appropriated for case management services ~~as described in subdivision 11~~ must be allocated to counties based on the average number of cases in each county described in clause (1). Money appropriated for employment and training services as described in subdivision 1a, paragraph (d), other than case management services, must be allocated to counties as follows:

(1) Forty percent of the state money must be allocated based on the average number of cases receiving AFDC in the county which either have been open for 36 or more consecutive months or have a caretaker who is under age 24 and who has no high school or general equivalency diploma. The average number of cases must be based on counts of these cases as of March 31, June 30, September 30, and December 31 of the previous year.

(2) Twenty percent of the state money must be allocated based on the average number of cases receiving AFDC in the county which are not counted under clause (1). The average number of cases must be based on counts of cases as of March 31, June 30, September 30, and December 31 of the previous year.

(3) Twenty-five percent of the state money must be allocated based on the average monthly number of assistance units in the county receiving AFDC-UP for the period ending December 31 of the previous year.

(4) Fifteen percent of the state money must be allocated at the discretion of the commissioner based on participation levels for target group members in each county.

(d) No more than 15 percent of the money allocated under paragraph (b) and no more than 15 percent of the money allocated under paragraph (c) may be used for administrative activities.

(e) At least 55 percent of the money allocated to counties under paragraph (c) must be used for employment and training services for caretakers in the target groups, and up to 45 percent of the money may be used for employment and training services for nontarget caretakers. One hundred percent of the money allocated to counties for case management services must be used to provide those services to caretakers in the target groups.

(f) Money appropriated to cover the nonfederal share of costs for bilingual case management services to refugees for the employment and training programs under this section are allocated to counties based on each county's proportion of the total statewide number of AFDC refugee cases. However, counties with less than one percent of the statewide number of AFDC refugee cases do not receive an allocation.

(g) Counties, the department of economic security, and entities under contract with either the

department of economic security or the department of human services for provision of STRIDE related services shall bill the commissioner of human services for any expenditures incurred by the county, the county's employment and training service provider, or the department of economic security that may be reimbursed by federal money. The commissioner of human services shall bill the United States Department of Health and Human Services and the United States Department of Agriculture for the reimbursement and appropriate the reimbursed money to the county, the department of economic security, or employment and training service provider that submitted the original bill. The reimbursed money must be used to expand employment and training services.

(h) The commissioner of human services shall review county expenditures of case management and employment and training block grant money at the end of the third quarter of the biennium and each quarter after that, and may reallocate unencumbered or unexpended money allocated under this section to those counties that can demonstrate a need for additional money. Reallocation of funds must be based on the formula set forth in paragraph (a), excluding the counties that have not demonstrated a need for additional funds.

(i) The county agency may continue to provide case management and supportive services to a participant for up to 90 days after the participant loses AFDC eligibility and may continue providing a specific employment and training service for the duration of that service to a participant if funds for the service are obligated or expended prior to the participant losing AFDC eligibility.

(j) One hundred percent of the money appropriated for an unemployed parent work experience program under section 256.737 must be allocated to counties based on the average monthly number of assistance units in the county receiving AFDC-UP for the period ending December 31 of the previous year.

(k) The commissioner may waive the requirement of paragraph (e) that case management funds be spent only on case management services in order to permit the development of a unified STRIDE funding allocation for each county agency. The unified allocation may be expended by the county agency for case management and employment and training activities in the proportion determined necessary to streamline administrative procedures and enhance program performance. The commissioner, in consultation with the commissioner of economic security, may also grant a waiver from program spending limits in paragraphs (d) and (e) to any county which can demonstrate increased program effectiveness through a written request to the department. Counties which request a waiver of the spending limits in paragraphs (d) and (e) shall amend their local service unit plans and receive approval of the plans prior to commencing the waiver. The commissioners of human services and economic security shall annually evaluate the effectiveness of all waivers approved under this subdivision.

(l) Effective July 1, 1995, the commissioner of human services shall begin developing a performance model for the purpose of analyzing each county's performance in the provision of STRIDE employment and training services. Beginning February 1, 1997, and each year thereafter, the commissioner of human services shall inform each county of the county's performance based upon the following measures:

- (1) employment rate at termination of STRIDE eligibility;
- (2) wage rate at termination of STRIDE eligibility;
- (3) average annual cost per placement calculated by dividing the total STRIDE expenditures by the number of participants placed in unsubsidized employment;
- (4) AFDC-UP participation rate;
- (5) percentage of 18- and 19-year-old custodial parents subject to secondary education requirements of subdivision 3b who complete secondary education or equivalent course of study; and
- (6) achievement of federally mandated JOBS participation rate.

Performance measures (1), (2), and (3) shall be adjusted to reflect local conditions.

County agencies must take the results of these performance measures into consideration when selecting employment and training service providers.

Sec. 24. Minnesota Statutes 1995 Supplement, section 256.737, subdivision 7, is amended to read:

Subd. 7. [INJURY PROTECTION FOR WORK EXPERIENCE PARTICIPANTS.] (a) Payment of any claims resulting from an alleged injury or death of a recipient participating in a community work experience program established and operated by a county or a tribal JOBS program pursuant to this section shall be determined in accordance with this section. This determination method applies to work experience programs established under aid to families with dependent children, work readiness, Minnesota parent's fair share, and to obligors participating in community services pursuant to section 518.551, subdivision 5a, in a county with an approved community investment program.

(b) Claims that are subject to this section shall be investigated by the county agency or the tribal JOBS program responsible for supervising the work to determine whether the claimed injury occurred, whether the claimed medical expenses are reasonable, and whether the loss is covered by the claimant's insurance. If insurance coverage is established, the county agency or tribal JOBS program shall submit the claim to the appropriate insurance entity for payment. The investigating county agency or tribal JOBS program shall submit all valid claims, in the amount net of any insurance payments, to the department of human services.

(c) The department of human services shall submit all claims for impairment compensation to the commissioner of labor and industry. The commissioner of labor and industry shall review all submitted claims and recommend to the department of human services an amount of compensation comparable to that which would be provided under the impairment compensation schedule of section 176.101, subdivision 3b.

(d) The department of human services shall approve a claim of \$1,000 or less for payment if appropriated funds are available, if the county agency or tribal JOBS program responsible for supervising the work has made the determinations required by this section, and if the work program was operated in compliance with the safety provisions of this section. The department shall pay the portion of an approved claim of \$1,000 or less that is not covered by the claimant's insurance within three months of the date of submission. On or before February 1 of each legislative session, the department shall submit to the appropriate committees of the senate and the house of representatives a list of claims of \$1,000 or less paid during the preceding calendar year and shall be reimbursed by legislative appropriation for any claims that exceed the original appropriation provided to the department to operate this program. Any unspent money from this appropriation shall carry over to the second year of the biennium, and any unspent money remaining at the end of the second year shall be returned to the state general fund.

On or before February 1 of each year, the department shall submit to the appropriate committees of the senate and the house of representatives a list of claims in excess of \$1,000 and a list of claims of \$1,000 or less that were submitted to but not paid by the department of human services, together with any recommendations of appropriate compensation. These claims shall be heard and determined by the appropriate committees of the senate and house of representatives and, if approved, shall be paid under the legislative claims procedure.

(e) Compensation paid under this section is limited to reimbursement for reasonable medical expenses and impairment compensation for disability in like amounts as allowed in section 176.101, subdivision 3b. Compensation for injuries resulting in death shall include reasonable medical expenses and burial expenses in addition to payment to the participant's estate in an amount up to \$200,000. No compensation shall be paid under this section for pain and suffering, lost wages, or other benefits provided in chapter 176. Payments made under this section shall be reduced by any proceeds received by the claimant from any insurance policy covering the loss. For the purposes of this section, "insurance policy" does not include the medical assistance program authorized under chapter 256B or the general assistance medical care program authorized under chapter 256D.

(f) The procedure established by this section is exclusive of all other legal, equitable, and statutory remedies against the state, its political subdivisions, or employees of the state or its political subdivisions. The claimant shall not be entitled to seek damages from any state or county, tribal, or reservation insurance policy or self-insurance program.

(g) A claim is not valid for purposes of this subdivision if the local agency responsible for supervising the work cannot verify to the department of human services:

(1) that appropriate safety training and information is provided to all persons being supervised by the agency under this subdivision; and

(2) that all programs involving work by those persons comply with federal Occupational Safety and Health Administration and state department of labor and industry safety standards. A claim that is not valid because of failure to verify safety training or compliance with safety standards will not be paid by the department of human services or through the legislative claims process and must be heard, decided, and paid, if appropriate, by the local government unit or tribal JOBS program responsible for supervising the work of the claimant.

(h) This program is effective July 1, 1995. Claims may be submitted on or after November 1, 1995.

Sec. 25. Minnesota Statutes 1995 Supplement, section 256.76, subdivision 1, is amended to read:

Subdivision 1. Upon the completion of the investigation the county agency shall decide whether the child is eligible for assistance under the provisions of sections 256.72 to 256.87 and determine the amount of the assistance and the date on which the assistance begins. A decision on an application for assistance must be made as promptly as possible and no more than 30 days from the date of application. Notwithstanding section 393.07, the county agency shall not delay approval or issuance of assistance pending formal action of the county board of commissioners. The first month's grant shall be based upon that portion of the month from the date of application, or from the date that the applicant meets all eligibility factors, whichever occurs later, provided that on the date that assistance is first requested, the county agency shall inquire and determine whether the person requesting assistance is in immediate need of food, shelter, clothing, or other emergency assistance. If an emergency need is found to exist, the applicant shall be granted assistance pursuant to section 256.871 within a reasonable period of time. ~~¶~~ The county shall make a grant of assistance which shall be binding upon the county and be complied with by the county until the grant is modified or vacated. The county agency shall notify the applicant of its decision in writing. The assistance shall be paid monthly to the applicant or to the vendor of medical care upon order of the county agency from funds appropriated to the county agency for this purpose.

Sec. 26. Minnesota Statutes 1995 Supplement, section 256.81, is amended to read:

256.81 [COUNTY AGENCY, DUTIES.]

(1) The county agency shall keep such records, accounts, and statistics in relation to aid to families with dependent children as the state agency shall prescribe.

(2) Each grant of aid to families with dependent children shall be paid to the recipient by the county agency unless paid by the state agency. Payment must be ~~by check or electronic means~~ in the form of a warrant immediately redeemable in cash, electronic benefits transfer, or by direct deposit into the recipient's account in a financial institution, except in those instances in which the county agency, subject to the rules of the state agency, determines that payments for care shall be made to an individual other than the parent or relative with whom the dependent child is living or to vendors of goods and services for the benefit of the child because such parent or relative is unable to properly manage the funds in the best interests and welfare of the child. There is a presumption of mismanagement of funds whenever a recipient is more than 30 days in arrears on payment of rent, except when the recipient has withheld rent to enforce the recipient's right to withhold the rent in accordance with federal, state, or local housing laws. In cases of mismanagement based solely on failure to pay rent, the county may vendor the rent payments to

the landlord. At the request of a recipient, the state or county may make payments directly to vendors of goods and services, but only for goods and services appropriate to maintain the health and safety of the child, as determined by the county.

(3) The state or county may ask the recipient to give written consent authorizing the state or county to provide advance notice to a vendor before vendor payments of rent are reduced or terminated. Whenever possible under state and federal laws and regulations and if the recipient consents, the state or county shall provide at least 30 days notice to vendors before vendor payments of rent are reduced or terminated. If 30 days notice cannot be given, the state or county shall notify the vendor within three working days after the date the state or county becomes aware that vendor payments of rent will be reduced or terminated. When the county notifies a vendor that vendor payments of rent will be reduced or terminated, the county shall include in the notice that it is illegal to discriminate on the grounds that a person is receiving public assistance and the penalties for violation. The county shall also notify the recipient that it is illegal to discriminate on the grounds that a person is receiving public assistance and the procedures for filing a complaint. The county agency may develop procedures, including using the MAXIS system, to implement vendor notice and may charge vendors a fee not exceeding \$5 to cover notification costs.

(4) A vendor payment arrangement is not a guarantee that a vendor will be paid by the state or county for rent, goods, or services furnished to a recipient, and the state and county are not liable for any damages claimed by a vendor due to failure of the state or county to pay or to notify the vendor on behalf of a recipient, except under a specific written agreement between the state or county and the vendor or when the state or county has provided a voucher guaranteeing payment under certain conditions.

(5) The county shall be paid from state and federal funds available therefor the amount provided for in section 256.82.

(6) Federal funds available for administrative purposes shall be distributed between the state and the counties in the same proportion that expenditures were made except as provided for in section 256.017.

(7) The affected county may require that assistance paid under the AFDC emergency assistance program in the form of a rental unit damage deposit, less any amount retained by the landlord to remedy a tenant's default in payment of rent or other funds due to the landlord pursuant to a rental agreement, or to restore the premises to the condition at the commencement of the tenancy, ordinary wear and tear excepted, be returned to the county when the individual vacates the premises or paid to the recipient's new landlord as a vendor payment. The vendor payment of returned funds shall not be considered a new use of emergency assistance.

Sec. 27. [256.9831] [BENEFITS; GAMBLING ESTABLISHMENTS.]

Subdivision 1. However, if a disregard of \$30 and one-third of the remainder described in section 256.74, subdivision 1, clause (4), has been applied to the wage earner's income, the disregard shall not be applied again until the wage earner's income has not been considered in an eligibility determination for general assistance, general assistance medical care, medical assistance, or aid to families with dependent children for 12 consecutive months. The earned income and work expense deductions for a person who does not reside with a dependent child under age 21 shall be the same as the method used to determine eligibility for a person under section 256D.06, subdivision 1, except the disregard of the first \$50 of earned income is not allowed; or

Any transfer described in this paragraph shall be presumed to have been for the purpose of establishing eligibility for general assistance

medical care, unless the individual furnishes convincing evidence to establish that the transaction was exclusively for another purpose. For purposes of this paragraph, the value of the asset or interest shall be the fair market value at the time it was given away, sold, or disposed of, less the amount of compensation received. For any uncompensated transfer, the number of months of ineligibility, including partial months, shall be calculated by dividing the uncompensated transfer amount by the average monthly per person payment made by the medical assistance program to skilled nursing facilities for the previous calendar year. The individual shall remain ineligible until this fixed period has expired. The period of ineligibility may exceed 30 months, and a reapplication for benefits after 30 months from the date of the transfer shall not result in eligibility unless and until the period of ineligibility has expired. The period of ineligibility begins in the month the transfer was reported to the county agency, or if the transfer was not reported, the month in which the county agency discovered the transfer, whichever comes first. For applicants, the period of ineligibility begins on the date of the first approved application.

A woman who is in the last trimester of pregnancy who is currently receiving aid to families with dependent children may be granted emergency general assistance to meet emergency needs;

When there are no earnings or when earnings are identical for each adult, the county agency shall designate the adult that must participate. The person's participation in food stamp employment and training services must begin on no later than the first day of the calendar month following the date determination of eligibility for food stamps. With the county agency's consent, and to the extent of available resources, the person may voluntarily continue to participate in food stamp employment and training services for up to three additional consecutive months immediately following the end of the six-month mandatory participation period termination of food stamp benefits in order to complete the provisions of the person's employability development plan.~~

Sec. 34. Minnesota Statutes 1995 Supplement, section 256D.051, subdivision 6, is amended to read:

Subd. 6. [SERVICE COSTS.] Within the limits of available resources, the commissioner shall reimburse county agency expenditures for providing food stamp employment and training services including direct participation expenses and administrative costs. The average annual reimbursable cost for providing food stamp employment and training services to a recipient for whom an individualized employability development plan is not completed must not exceed \$60 for the food stamp employment and training services, and \$240 \$340 for necessary recipient support services such as transportation or child care needed to

256D.055 [COUNTY DESIGN; WORK FOCUSED PROGRAM.]

The commissioner of human services shall issue a request for proposals from counties to submit a plan for developing and implementing a county-designed program. The plan shall be for first-time applicants for aid to families with dependent children (AFDC) and family general assistance (FGA) and must emphasize the importance of becoming employed and oriented into the work force in order to become self-sufficient. The plan must target public assistance applicants who are most likely to become self-sufficient quickly with short-term assistance or services such as child care, child support enforcement, or employment and training services.

The plan may include vendor payments, mandatory job search, refocusing existing county or provider efforts, or other program features. The commissioner may approve a county plan which allows a county to use other program funding for the county work focus program in a more flexible manner. Nothing in this section shall allow payments made to the public assistance applicant to be less than the amount the applicant would have received if the program had not been implemented, or reduce or eliminate a category of eligible participants from the program without legislative approval.

The commissioner shall not approve a county plan that would have an adverse impact on the Minnesota family investment plan demonstration. If the plan is approved by the commissioner, the county may implement the plan. If the plan is approved by the commissioner, but a federal waiver is necessary to implement the plan, the commissioner shall apply for the necessary federal waivers. ~~If by July 1, 1996, at least four counties have not proposed a work focused plan, the commissioner of human services may pursue the work first plan as provided under sections 256.7351 to 256.7359. However, a county with a work focus plan that has been approved under this section may implement the plan.~~

Sec. 37. Minnesota Statutes 1995 Supplement, section 256D.09, subdivision 1, is amended to read:

[PRESUMPTIVE ELIGIBILITY; ~~VENDOR PAYMENTS.~~] Until the county agency has determined the initial eligibility of the applicant in accordance with section 256D.07 ~~or 256D.051~~, grants for emergency general assistance must be in the form of vouchers or vendor payments unless the county agency determines that a cash grant will best resolve the applicant's need for emergency assistance. Thereafter, grants of general assistance must be paid in cash, by electronic benefit transfer, or by direct deposit into the recipient's account in a financial institution, on the first day of the month, except as allowed in this section.

Sec. 38. Minnesota Statutes 1994, section 256D.10, is amended to read:

256D.10 [HEARINGS PRIOR TO REDUCTION; TERMINATION; SUSPENSION OF GENERAL ASSISTANCE GRANTS.]

No grant of general assistance except one made pursuant to section 256D.06, subdivision 2; ~~256D.051, subdivisions 1, paragraph (d), and 1a, paragraph (b);~~ or 256D.08, subdivision 2, shall be reduced, terminated or suspended unless the recipient receives notice and is afforded an opportunity to be heard prior to any action by the county agency.

Nothing herein shall deprive a recipient of the right to full administrative and judicial review of an order or determination of a county agency as provided for in section 256.045 subsequent to any action taken by a county agency after a prior hearing.

Sec. 39. Minnesota Statutes 1994, section 256D.49, subdivision 3, is amended to read:

Subd. 3. [OVERPAYMENT OF MONTHLY GRANTS AND RECOVERY OF ATM ERRORS.] When the county agency determines that an overpayment of the recipient's monthly payment of Minnesota supplemental aid has occurred, it shall issue a notice of overpayment to the recipient. If the person is no longer receiving Minnesota supplemental aid, the county agency may request voluntary repayment or pursue civil recovery. If the person is receiving Minnesota supplemental aid, the county agency shall recover the overpayment by withholding an amount equal to three percent of the standard of assistance for the recipient or the total amount of the monthly grant, whichever is less. For recipients receiving benefits via electronic benefit transfer, if the overpayment is a result of an automated teller machine (ATM) dispensing funds in error to the recipient, the agency may recover the ATM error by immediately withdrawing funds from the recipient's electronic benefit transfer account, up to the amount of the error. Residents of nursing homes, regional treatment centers, and facilities with negotiated rates shall not have overpayments recovered from their personal needs allowance.

Sec. 40. Minnesota Statutes 1994, section 256E.08, subdivision 8, is amended to read:

Subd. 8. [REPORTING BY COUNTIES.] Beginning in calendar year 1980 each county shall submit to the commissioner of human services a financial accounting of the county's community social services fund, and other data required by the commissioner under section 256E.05, subdivision 3, paragraph (g), shall include:

Sec. 41. Minnesota Statutes 1994, section 336.3-206, is amended to read:

336.3-206 [RESTRICTIVE ENDORSEMENT.]

(a) An endorsement limiting payment to a particular person or otherwise prohibiting further transfer or negotiation of the instrument is not effective to prevent further transfer or negotiation of the instrument.

(b) An endorsement stating a condition to the right of the endorsee to receive payment does not affect the right of the endorsee to enforce the instrument. A person paying the instrument or taking it for value or collection may disregard the condition, and the rights and liabilities of that person are not affected by whether the condition has been fulfilled.

(c) If an instrument bears an endorsement (i) described in section 336.4-201(b), or (ii) in blank or to a particular bank using the words "for deposit," "for collection," or other words indicating a purpose of having the instrument collected by a bank for the endorser or for a particular account, the following rules apply:

(1) A person, other than a bank, who purchases the instrument when so endorsed converts the instrument unless the amount paid for the instrument is received by the endorser or applied consistently with the endorsement.

(2) A depositary bank that purchases the instrument or takes it for collection when so endorsed converts the instrument unless the amount paid by the bank with respect to the instrument is received by the endorser or applied consistently with the endorsement.

(3) A payor bank that is also the depositary bank or that takes the instrument for immediate payment over the counter from a person other than a collecting bank converts the instrument unless the proceeds of the instrument are received by the endorser or applied consistently with the endorsement.

(4) Except as otherwise provided in paragraph (3), a payor bank or intermediary bank may disregard the endorsement and is not liable if the proceeds of the instrument are not received by the endorser or applied consistently with the endorsement.

(d) Except for an endorsement covered by subsection (c), if an instrument bears an endorsement using words to the effect that payment is to be made to the endorsee as agent, trustee, or other fiduciary for the benefit of the endorser or another person, the following rules apply:

(1) Unless there is notice of breach of fiduciary duty as provided in section 336.3-307, a person who purchases the instrument from the endorsee or takes the instrument from the endorsee for collection or payment may pay the proceeds of payment or the value given for the instrument to the endorsee without regard to whether the endorsee violates a fiduciary duty to the endorser.

(2) A subsequent transferee of the instrument or person who pays the instrument is neither given notice nor otherwise affected by the restriction in the endorsement unless the transferee or payor knows that the fiduciary dealt with the instrument or its proceeds in breach of fiduciary duty.

(e) The presence on an instrument of an endorsement to which this section applies does not prevent a purchaser of the instrument from becoming a holder in due course of the instrument unless the purchaser is a converter under subsection (c) or has notice or knowledge of breach of fiduciary duty as stated in subsection (d).

(f) In an action to enforce the obligation of a party to pay the instrument, the obligor has a defense if payment would violate an endorsement to which this section applies and the payment is not permitted by this section.

(g) Nothing in this section prohibits or limits the effectiveness of a restrictive endorsement made under section 256.9831, subdivision 3.

Sec. 42. [WAIVER AUTHORITY.]

The commissioner of human services shall seek federal waivers as necessary to implement sections 12 and 14.

Sec. 43. [SEVERABILITY.]

If any provision of sections 12, 14, or 28 is found to be unconstitutional or void by a court of competent jurisdiction, all remaining provisions of the law shall remain valid and shall be given full effect.

Sec. 44. [APPROPRIATION.]

\$450,000 is appropriated from the general fund to the commissioner of human services for the

fiscal year ending June 30, 1997, to be added to the AFDC child care entitlement fund to provide child care for two-parent families that are mandatory participants under Minnesota Statutes, chapter 256.

Sec. 45. [REPEALER.]

Minnesota Statutes 1994, section 256.736, subdivisions 10b and 11; Minnesota Statutes 1995 Supplement, section 256.736, subdivision 13, are repealed.

Sec. 46. [EFFECTIVE DATE.]

Sections 29 to 31 and 38 are retroactive to July 1, 1995.

The policy, contract, or certificate must specifically exempt reasonable and customary charges for child health supervision services and prenatal care services from a deductible, copayment, or other coinsurance or dollar limitation requirement. This section does not prohibit the use of policy waiting periods or preexisting condition limitations for these services. Minimum benefits may be limited to one visit payable to one provider for all of the services provided at each visit cited in this section subject to the schedule set forth in this section. Nothing in this section applies to a commercial health insurance policy issued as a companion to a health maintenance organization contract, a policy designed primarily to provide coverage payable on a per diem, fixed indemnity, or nonexpense incurred basis, or a policy that provides only accident coverage.

"Child health supervision services" means pediatric preventive services, appropriate immunizations, developmental assessments, and laboratory services appropriate to the age of a child from birth to age six, and appropriate immunizations from ages six to 18, as defined by Standards of Child Health Care issued by the American Academy of Pediatrics. Reimbursement must be made for at least five child health supervision visits from birth to 12 months, three child health supervision visits from 12 months to 24 months, once a year from 24 months to 72 months.

"Prenatal care services" means the comprehensive package of medical and psychosocial support provided throughout the pregnancy, including risk assessment, serial surveillance, prenatal education, and use of specialized skills and technology, when needed, as defined by Standards for Obstetric-Gynecologic Services issued by the American College of Obstetricians and Gynecologists.

Sec. 2. [62A.265] [COVERAGE FOR LYME DISEASE.]

Subdivision 1. [REQUIRED COVERAGE.] Every health plan, including a plan providing the coverage specified in section 62A.011, subdivision 3, clause (10), must cover treatment for diagnosed Lyme disease.

Subd. 2. [SPECIAL RESTRICTIONS PROHIBITED.] No health plan included in subdivision 1 may impose a special deductible, copayment, waiting period, or other special restriction on treatment for Lyme disease that the health plan does not apply to nonpreventive treatment in general.

Sec. 3. [EFFECTIVE DATE.]

Sections 1 and 2 are effective August 1, 1996, and applies to all health plans providing coverage to a Minnesota resident, issued, renewed, or continued on or after that date."

CONFERENCE COMMITTEE REPORT ON H.F. NO. 343

A bill for an act proposing an amendment to the Minnesota Constitution, article VIII, by adding a section; providing for recall of elected state officers; amending Minnesota Statutes 1994, section 200.01; proposing coding for new law as Minnesota Statutes, chapter 211C.

April 2, 1996

The Honorable Irv Anderson
Speaker of the House of Representatives

The Honorable Allan H. Spear
President of the Senate

We, the undersigned conferees for H.F. No. 343, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendment and that H.F. No. 343 be further amended as follows:

Delete everything after the enacting clause and insert:

"ARTICLE 1

Section 1. [CONSTITUTIONAL AMENDMENT.]

An amendment to the Minnesota Constitution, amending article VIII by adding a section, is proposed to the people. If the amendment to article VIII is adopted, the new section will read:

Sec. 6. A member of the senate or the house of representatives, an executive officer of the state identified in section 1 of article V of the constitution, or a judge of the supreme court, the court of appeals, or a district court is subject to recall from office by the voters. The grounds for recall of a judge shall be established by the supreme court. The grounds for recall of an officer other than a judge are serious malfeasance or nonfeasance during the term of office in the performance of the duties of the office or conviction during the term of office of a serious crime. A petition for recall must set forth the specific conduct that may warrant recall. A petition may not be issued until the supreme court has determined that the facts alleged in the petition are true and are sufficient grounds for issuing a recall petition. A petition must be signed by a number of eligible voters who reside in the district where the officer serves and who number not less than 25 percent of the number of votes cast for the office at the most recent general election. Upon a determination by the secretary of state that a petition has been signed by at least the minimum number of eligible voters, a recall election must be conducted in the manner provided by law. A recall election may not occur less than six months before the end of the officer's term. An officer who is removed from office by a recall election or who resigns from office after a petition for recall issues may not be appointed to fill the vacancy that is created.

Sec. 2. [SCHEDULE AND QUESTION.]

The amendment shall be submitted to the people at the 1996 general election. The question submitted must be:

"Shall the Minnesota Constitution be amended to provide for recall of elected state officers for wrongdoing?"

Yes.....
No....."

ARTICLE 2

Section 1. Minnesota Statutes 1994, section 200.01, is amended to read:

200.01 [CITATION, MINNESOTA ELECTION LAW.]

This chapter and chapters 201, 202A, 203B, 204B, 204C, 204D, 205, 205A, 206, 208, 209, 211A, and 211B, and 211C shall be known as the Minnesota election law.

Sec. 2. [211C.01] [DEFINITIONS.]

Subdivision 1. [APPLICATION.] The definitions in this section and in chapter 200 apply to this chapter.

Subd. 2. [MALFEASANCE.] "Malfeasance" means the intentional commission of an unlawful or wrongful act by a state officer other than a judge in the performance of the officer's duties that is substantially outside the scope of the authority of the officer and that substantially infringes on the rights of any person or entity.

Subd. 3. [NONFEASANCE.] "Nonfeasance" means the intentional, repeated failure of a state officer other than a judge to perform specific acts that are required duties of the officer.

Subd. 4. [SERIOUS CRIME.] (a) "Serious crime" means a crime that is punished as a gross misdemeanor, as defined in section 609.02, and that involves assault, intentional injury or threat of injury to person or public safety, dishonesty, stalking, aggravated driving while intoxicated, coercion, obstruction of justice, or the sale or possession of controlled substances.

(b) "Serious crime" also means a crime that is punished as a misdemeanor, as defined in section 609.02, and that involves assault, intentional injury or threat of injury to person or public safety, dishonesty, coercion, obstruction of justice, or the sale or possession of controlled substances.

Subd. 5. [STATE OFFICER.] "State officer" means an individual occupying an office subject to recall under the Minnesota Constitution, article VIII, section 6.

Sec. 3. [211C.02] [GROUNDS.]

The grounds for recall of a judge shall be established by the supreme court. A state officer other than a judge may be subject to recall for serious malfeasance or nonfeasance during the term of office in the performance of the duties of the office or conviction during the term of office for a serious crime.

Sec. 4. [211C.03] [PETITION FOR RECALL; FORM AND CONTENT.]

The secretary of state shall prescribe by rule the form required for a recall petition. Each page of the petition must contain the following information:

(1) the name and office held by the state officer who is the subject of the recall petition and, in the case of a representative, senator, or district judge, the district number in which the state officer serves;

(2) the specific grounds upon which the state officer is sought to be recalled and a concise, accurate, and complete synopsis of the specific facts that are alleged to warrant recall on those grounds;

(3) a statement that a recall election, if conducted, will be conducted at public expense;

(4) a statement that persons signing the petition:

(i) must be eligible voters residing within the district where the state officer serves or, in the case of a statewide officer, within the state;

(ii) must know the purpose and content of the petition; and

(iii) must sign of their own free will and may sign only once; and

(5) a space for the signature and signature date; printed first, middle, and last name; residence address, including municipality and county; and data of birth of each signer.

The secretary of state shall make available sample recall petition forms upon request.

Sec. 5. [211C.04] [PROPOSED PETITION; SUBMITTAL.]

A petition to recall a state officer may be proposed by 25 or more persons, who must be eligible to sign and shall sign the proposed petition for the recall of the officer. The persons submitting the petition must designate in writing no more than three individuals among them to represent all petitioners in matters relating to the recall. The proposed petition must be submitted to the secretary of state in the manner and form required by the secretary of state and be accompanied by a fee of \$100. After the secretary of state issues a petition to recall a state officer under section 211C.06, the secretary of state may not accept a proposed petition to recall the same officer until either the earlier petition is dismissed by the secretary of state for a deficiency of signatures under section 211C.06, or the recall election brought about by the earlier petition results in the officer retaining the office. Upon receiving a proposed petition that satisfies the requirements of this section, the secretary of state shall immediately notify in writing the state officer named and forward the proposed petition to the clerk of the appellate courts for action under section 211C.05.

Sec. 6. [211C.05] [SUPREME COURT REVIEW OF PROPOSED PETITION.]

Subdivision 1. [ASSIGNMENT FOR HEARING.] Upon receiving a proposed petition from the secretary of state, the clerk of the appellate courts shall submit it immediately to the chief justice of the supreme court, or, if the chief justice is the subject of the proposed petition, to the most senior associate justice of the supreme court. The persons proposing the petition shall provide to the reviewing judge any materials supporting the petition. The officer who is named in the proposed petition may submit materials in opposition. The justice, or a designee if the justice has a conflict of interest or is unable to conduct the review in a timely manner, shall review the proposed petition to determine whether it alleges specific facts that, if proven, would constitute grounds for recall of the officer under the Minnesota Constitution, article VIII, section 6, and section 211C.02. If it does not, the justice shall immediately issue an order dismissing the petition and indicating the reason for dismissal. If the proposed petition does allege specific facts that, if proven, would constitute grounds for recall, the justice shall assign the case to a special master for a public hearing. The special master must be an active or retired judge. The justice shall complete the review under this section and dismiss the proposed petition or assign the case for hearing within ten days.

Subd. 2. [HEARING; REPORT.] A public hearing on the allegations of a proposed petition must be held within 21 days after issuance of the order of the justice assigning the case to a special master. The special master shall report to the court within seven days after the end of the public hearing. In the report, the special master shall determine:

(1) whether the persons proposing the petition have shown by a preponderance of the evidence that the factual allegations supporting the petition are true; and

(2) if so, whether the persons proposing the petition have shown that the facts found to be true are sufficient grounds for issuing a recall petition.

If the special master determines that these standards have been met, the report must include a statement of the specific facts and grounds for the recall petition.

Subd. 3. [SUPREME COURT; DECISION.] The supreme court shall review the report of the special master and make a decision on the petition within 20 days. If the court decides that the standard expressed in subdivision 2 has not been met, the court shall dismiss the petition. If the court decides that the standard for decision expressed in subdivision 2 has been met, the court shall prescribe, by order to the secretary of state, the statement of the specific facts and grounds that must appear on the petition for recall issued under section 211C.06. If the court dismisses a petition under this section because the persons proposing the petition have acted in bad faith in violation of section 211C.09, the court may assess the persons proposing the petition for reasonable costs of conducting the proceeding.

Sec. 7. [211C.06] [ISSUING, CIRCULATING, AND VERIFYING PETITION.]

Upon receipt of the order from the supreme court, the secretary of state shall issue a recall petition. When the required number of signatures on the petition have been secured, the petition may be filed with the secretary of state. The petition must be filed within 90 days after the date of issuance. Upon the filing of the petition, the secretary of state shall verify the number and eligibility of signers in the manner provided by the secretary of state. If the secretary of state determines that a petition has been signed by a sufficient number of eligible voters, the secretary of state shall certify the petition and immediately notify in writing the governor, the petitioners, and the state officer named in the petition. If the petition is not signed by a sufficient number of eligible voters, the secretary of state shall dismiss the petition.

Sec. 8. [211C.07] [GOVERNOR; WRIT OF ELECTION; ELECTION.]

Within five days of receiving certification of a petition under section 211C.06, the governor shall issue a writ calling for a recall election, unless the election cannot be held before the deadline specified in the Minnesota Constitution, article VIII, section 6. A recall election must be conducted, and the results canvassed and returned, in the manner provided by law for the state general election.

Sec. 9. [211C.08] [ELECTION RESULT; REMOVAL FROM OFFICE.]

If a majority of the votes cast in a recall election favor the removal of the state officer, upon certification of that result the state officer is removed from office and the office is vacant.

Sec. 10. [211C.09] [RECALL PETITION; CORRUPT PRACTICES.]

A person proposing a petition may not allege any material fact in support of the petition that the person knows is false or has alleged with reckless disregard of whether it is false. A person may not intentionally make any false entry on a petition or aid, abet, counsel, or procure another to do so. A person may not use threat, intimidation, coercion, or other corrupt means to interfere or attempt to interfere with the right of any eligible voter to sign or not to sign a recall petition of their own free will. A person may not, for any consideration, compensation, gift, reward, or thing of value or promise thereof, sign or not sign a recall petition.

The supreme court may dismiss a proposed petition for violation of this section. Notwithstanding section 645.241, the sole remedy for a violation of this section is dismissal of the petition by the supreme court.

Sec. 11. [EFFECTIVE DATE.]

Article 2 is effective upon ratification of the constitutional amendment in article 1."

We request adoption of this report and repassage of the bill.
