Reports the same back with the recommendation that the bill be amended as follows:

Strike everything after the enacting clause and insert:

“Section 1. [LEGISLATIVE PURPOSE.] The legislature finds and determines that integrated transportation systems, including railways, highways and airways, are necessary in order to meet the economic and energy needs of the citizens of the state, both now and in the future. The legislature finds that a portion of the present railroad system in the state does not provide adequate service to citizens of the state. The legislature further finds and determines that it is in the best interest of the state to establish and fund a rail service improvement program and to establish a railroad planning progress in order to preserve and improve essential rail service in the state.

Sec. 2. [CITATION.] Sections 1 to 10 may be cited as “the Minnesota rail service improvement act”.

Sec. 3. [DEFINITIONS.] Subdivision 1. As used in sections 1 to 10, the terms defined in this section shall have the meanings given them herein.

Subd. 2. “Department” means the state planning agency.

Subd. 3. “Director” means the director of the state planning agency.

Subd. 4. “Rail line” means railroad roadbeds, track, track structure, and other appurtenances of railroad right-of-way.

Subd. 5. “Rail service” means rail transportation and local rail service.

Subd. 6. “Rail user” means shippers, consignors or other business entities that depend upon or benefit from the movement of goods and products by means of rail service.

Sec. 4. [RAIL SERVICE IMPROVEMENT FUND.] Subdivision 1. [DEPOSITS; APPROPRIATION.] The rail service improvement fund is created as a special account in the state treasury. All money appropriated to or received by the department for the purpose of rail service improvement, other than administrative costs, shall be deposited in this fund. All money so deposited is appropriated to the department for expenditure for rail service improvement in accordance with applicable federal law and subject to the expenditure restrictions provided in subdivision 2 of this section. Administrative costs for the rail service improvement program shall not be paid from the fund but shall be provided by direct appropriations to the department for this purpose.

Subd. 2. [EXPENDITURE RESTRICTIONS.] Direct appro-

priations to the rail service improvement fund, unless otherwise specified, shall be expended exclusively for rehabilitation of rail lines through contracts negotiated and entered into by the director. The participants in these contracts shall be railroads, rail users and the department, and may be political subdivisions of the state and the federal government. In such contracts, participation by all parties shall be voluntary.

Subd. 3. In making any contract pursuant to subdivision 2 the director may:

(1) Stipulate minimum operating standards for rail lines when improved, including speed, freight-carrying capacity, and frequency of service;

(2) Require a portion of the total assistance for improving a rail line to be loaned to the railroad by rail users and require the railroad to reimburse rail users for any loan on the basis of use of the line and the revenues produced when the line has been improved;

(3) Determine the terms and conditions under which all or any portion of state funds allocated shall be repaid to the department by the railroads. Reimbursement may be made as a portion of the increased revenue derived from the improved rail line. Any reimbursement received by the department pursuant to this clause shall be deposited in the rail service improvement fund and shall be appropriated exclusively for rehabilitating other rail lines in this state; and

(4) Require, in lieu of reimbursement as provided in clause (3) of this subdivision, that the railroad establish and maintain a separate railroad fund to be used exclusively for rehabilitation of other rail lines in Minnesota, to which a portion of the increase in revenue derived from the improved rail line shall be credited. The terms and conditions for use of moneys in the fund shall be stipulated in the contract. The contract shall also stipulate a penalty for use of such funds in a manner other than as set forth in the contract and require the railroad to report to the department at such times as the director requires, concerning the disbursement of funds and the general status of rail line improvements.

Sec. 5. [RAIL SERVICE IMPROVEMENT PROGRAM.] Subdivision 1. There is created the rail service improvement program to provide assistance for improvement of rail service in the state.

Subd. 2. The director shall identify those rail lines that have deteriorated or are in danger of deteriorating so as to be unable to carry the speeds and weights necessary to efficiently transport the goods and products moved or sought to be moved on the lines.

Subd. 3. The director shall have all the powers necessary and convenient to implement the rail service improvement program, including the power to:

(a) Develop criteria for determining priorities for the allocation of funds or in kind contributions to railroads. In determining priorities, the considerations of the director shall include the economic and social benefits to the state and to the area being served;

(b) Negotiate and enter into contracts for rail line rehabilitation or other rail service improvement;

(c) Disburse state and federal funds for rail service improvements;

(d) Adopt rules necessary to carry out the purposes of this act.

In exercising the authority conferred by this section, the director may enter into contractual arrangements with other states.

Sec. 8. [ACCEPTANCE OF FEDERAL FUNDS.] The director may exercise those powers necessary for the state to qualify for, accept, and disburse any federal funds that may be made available pursuant to the provisions of the federal rail revitalization and regulatory reform act of 1976, or any other federal law, including the power to:

(a) Establish an adequate plan for rail services in the state as part of an overall planning process for all transportation services in the state, including a suitable process for updating, revising, and amending the plan,

(b) Administer and coordinate the plan with other state agencies, and provide for the equitable distribution of resources,

(c) Develop, promote, and support safe, adequate and efficient rail transportation services; employ qualified personnel; maintain adequate programs of investigation, research, promotion and development, with provisions for public participation; and take all practical steps to improve transportation safety and reduce transportation-related energy utilization and pollution,

(d) Adopt and maintain adequate procedures for financial control, accounting and performance evaluation in order to assure proper use of state and federal funds,

(e) Do all things otherwise necessary to maximize federal assistance to the state under the federal rail revitalization and regulatory reform act of 1976 or other relevant federal legislation.

Sec. 9. [ACCESS TO INFORMATION.] The director may request any railroad to provide such information as necessary to carry out the purposes of this act. Railroads operating within

the state shall provide such information within 60 days of the date of the request. The director may issue subpoenas to compel production of such information if not provided within the time required. The director shall exercise all necessary caution to avoid disclosure of confidential information supplied under this section.

Sec. 10. [APPROPRIATIONS.] Subdivision 1. There is appropriated from the general fund to the rail service improvement fund the sum of \$3,000,000.

Subd. 2. There is appropriated from the general fund to the state planning agency the sum of \$150,000 for administrative costs of the rail service improvement program, to be available until June 30, 1977.

S. F. No. 2225: A bill for an act relating to medical assistance for the needy; establishing guidelines for reimbursement of medical services furnished by nursing homes; prescribing certain responsibilities for the department of public welfare.

Reports the same back with the recommendation that the bill be amended as follows:

Strike everything after the enacting clause and insert:

"Section 1. [256B.41] [POLICY; INTENT.] Subdivision 1. The state agency shall by rule establish a formula for the reimbursement of nursing homes which qualify as vendors of medical assistance.

Subd. 2. It is the intent of the legislature to establish certain limitations on the state agency in setting standards for the reimbursement of nursing homes for the care of recipients of medical assistance pursuant to Minnesota Statutes, Chapter 256B. It is not the intent of the legislature to repeal or change any existing or future rule promulgated by the state agency relating to the reimbursement of nursing homes unless the rule is clearly in conflict with sections 1 to 6 of this act. If any provision of sections 1 to 6 of this act is determined by the United States government to be in conflict with existing or future requirements of the United States government with respect to medical assistance, the federal requirements shall prevail.

Sec. 2. [256B.42] [INTEREST EXPENSE.] The state agency shall not reimburse any nursing home, other than a nursing home owned by a federal, state or local unit of government, for any interest expense. The state agency may by rule provide for the reimbursement of governmentally owned nursing homes for the costs of interest on capital indebtedness.

Sec. 3. [256B.43] [DEPRECIATION.] Subdivision 1. The state agency shall by rule establish a depreciation allowance for nursing homes purchased on or after March 1, 1976. The depreciation allowance shall be based on the lesser of the purchase price or the appraised value of the facility at the time of the purchase. After the purchase of a nursing home, the purchaser of the nursing home or the state agency may request an appraisal of the facility pursuant to the provisions of subdivision 3. The value of the facility determined pursuant to this subdivision shall be the original value and shall be the basis for depreciation.

Subd. 2. If any nursing home expands its facility or makes any other capital expenditures subsequent to March 1, 1976, the cost of the expansion or capital expenditure shall be added to the original value, and the total shall become the new original value and basis for depreciation. If the state agency disputes the cost attributed to the expansion or capital expenditure, it may request an appraisal pursuant to subdivision 3.

Subd. 3. The state agency shall obtain a list of not more than 25 appraisers who have experience in appraising nursing homes. In the event that an appraisal is requested pursuant to this section, or section 4, subdivision 2, the state agency and the owner of the nursing home shall select an appraiser from the list in accordance with procedures established by the state agency by rule. The appraisal shall be based on the replacement cost of the facility. The cost of the appraisal shall be paid by the party requesting it. The cost of an appraisal requested by a nursing home shall not be reimbursed by the state agency.

Subd. 4. For the purposes of sections 3 and 4, "facility" means the building in which a nursing home is located and all permanent fixtures attached to it. "Facility" does not include the land or any supplies and equipment which are not fixtures. "Original value" means the value of the facility established pursuant to subdivision 1. "Accumulated depreciation" means the total depreciation which has been allowed based on the original value.

Sec. 4. [256B.44] [INVESTMENT ALLOWANCE.] Subdivision 1. The state agency shall by rule establish an investment allowance for all nursing homes other than governmentally owned homes. The allowance for proprietary homes shall be \_\_\_\_\_ percent of the original value of the facility for depreciation purposes established pursuant to section 3. The allowance for non-proprietary homes shall be \_\_\_\_\_ percent of the value of the facility. The percentages established by this subdivision shall apply from January 1, 1977, through December 31, 1977. The state agency shall, no later than December 1 of each year, conduct a public hearing pursuant to the rule making provisions of Chapter 15 to determine the percentages to be used in the following calendar year.

Subd. 2. The owner of a nursing home or the state agency may request a new appraisal of the facility not more often than every \_\_\_\_\_ years. If a new appraisal is made, the new appraised value less accumulated depreciation shall become the new basis for that nursing home's investment allowance. The appraiser shall be selected and the appraisal undertaken in accordance with the provisions of section 3, subdivision 3. The basis for reimbursement for depreciation shall continue to be the original value of the facility established pursuant to section 3.

Subd. 3. The \_\_\_\_\_ year period used for the purposes of subdivision 2 shall commence with the date of purchase. The state agency or the owner of any nursing home purchased before March 1, 1976, may request an appraisal on July 1, 1976 or \_\_\_\_\_ years after the date of purchase, whichever occurs last in time.

Subd. 4. If a non-governmentally owned nursing home is operated on a lease basis, the state agency shall not reimburse the operator for any rental fee in excess of the total amount it would pay to the owner of the facility as an investment allowance and depreciation allowance pursuant to sections 3 and 4. If a governmentally owned nursing home is operated on a lease basis, the state agency shall not reimburse the operator for any rental fee in excess of the total amount it would pay as interest expense pursuant to section 2.

Sec. 5. [256B.45] [RATE LIMITS.] Subdivision 1. The state agency shall by rule establish separate limitations on the costs for items which directly relate to the provision of patient care to residents of nursing homes and those which do not directly relate to the provision of care. The limits on patient care related items shall be hourly limits based on the needs of the residents of the nursing home up to maximum limits established by the state agency.

Subd. 2. No reimbursement shall be allowed for (1) political contributions, (2) salaries or expenses of a lobbyist, as defined in section 10A.01, subdivision 11, for lobbying activities, (3) advertising designed to encourage potential residents to select a particular nursing home, (4) assessments levied by the health department for uncorrected violations, (5) legal fees for unsuccessful challenges to decisions by state agencies, and (6) that part of the dues paid to a nursing home or hospital association which is used for any of the purposes listed in items (1) through (5). The state agency shall by rule exclude the costs of any other items which it determines are not directly related to the provision of patient care.

Sec. 6. [256B.46] [CONDITIONS FOR PARTICIPATION.]  
Subdivision 1. No nursing home shall be eligible to receive medical assistance payments unless it agrees in writing that it will refrain from:

(a) Charging nonmedical assistance residents rates for similar services which exceed by more than 10 percent those rates which are approved by the state agency for medical assistance recipients; effective July 1, 1978, no nursing home shall be eligible for medical assistance if it charges nonmedical assistance recipients rates for similar services which exceed those which are approved by the state agency for medical assistance recipients; provided, however, that the nursing home may (1) charge nonmedical assistance residents a higher rate for a private room and (2) may charge for special services which are not included in the daily rate if medical assistance patients are charged separately for the same services in addition to the daily rate paid by the state agency;

(b) Requiring an applicant for admission to the home, or the guardian or conservator of the applicant, as a condition of admission, to pay an admission fee in excess of \$100, loan any money to the nursing home, or promise to leave all or part of the applicant's estate to the home; and

(c) Requiring any resident of the nursing home to utilize a vendor of health care services who is a licensed physician or pharmacist chosen by the nursing home.

The prohibitions set forth in clause (b) shall not apply to a nonproprietary retirement home which contains an identifiable unit of fewer than 20 percent of the total number of facility beds to provide nursing care to the residents of the home.

Subd. 2. No nursing home shall be eligible to receive medical assistance payments unless it agrees in writing to:

(a) Provide the state agency with its most recent (1) balance sheet and statement of revenues and expenses as audited by the state auditor's office, a certified public accountant licensed by this state or by a public accountant as defined in section 412.222, and (2) statement of ownership for the nursing home, together with a separate balance sheet, statement of revenues and expenses, and ownership for each nursing home if more than one nursing home or other business operation is owned by the same owner;

(b) Provide the state agency with copies of all leases, purchase agreements and other related documents related to the lease or purchase of the nursing home; and

(c) Provide to the state agency upon request copies of leases, purchase agreements, or similar documents for the purchase or acquisition of equipment, goods and services for which reimbursement is requested from the state agency.

Subd. 3. The state agency may reject any annual cost report filed by a nursing home pursuant to Minnesota Statutes, Chapter 256B, if it determines that the report or the information required in subdivision 2, clause (a) has been filed in a form that is incomplete or inaccurate. In the event that a report is rejected pursuant to this subdivision, the state agency may reimburse a nursing home at the rate determined for its prior fiscal year, or at an interim rate established by the state agency, until a complete and accurate report is filed.

Sec. 7. [EFFECTIVE DATE.] Except for section 6, the provisions of this act shall be effective for all cost reports for fiscal years beginning after December 31, 1976. The provisions of section 6 shall be effective January 1, 1977."

Mr. Moe from the Committee on Natural Resources and Agriculture, to which was referred

S. F. No. 2382: A bill for an act relating to drainage systems; authorizing a board or court to allow amendment of the engineer's and viewers' report for the purposes of taking into consideration certain inflationary cost factors; amending Minnesota Statutes 1974, Section 106.241.

Strike everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1974, Section 106.241, is amended to read:

106.241 [PROCEDURE WHEN CONTRACT NOT LET OR COMPLETED.] Subsequent to the establishment of any drainage system, if no bids are received except for a price more than 30 percent in excess of the engineer's estimate, or for a price in excess of the benefits, less damages and other costs, *or if a contract is let, but due to unavoidable delays not occasioned by the contractor, the contract cannot be completed for a price within the benefits, less damages and other costs*, proceedings may be had as follows.

If it shall appear to the persons interested in said ditch that the engineer made an error in his estimate or that the plans and specifications could be changed in a manner materially affecting the cost of the improvements without interfering with the efficiency thereof, then any of said persons may petition the board or court so stating and asking that ~~an order be made reconsidering and rescinding the order theretofore made establishing the drainage system, and that~~ the engineer's and viewers' reports be referred back to the engineer and to the viewers for further consideration.

*If it appears to a person interested in the ditch that no bids were received except for a price more than 30 percent in excess of the engineer's estimate due to the inflation of construction cost between the time of the engineer's cost estimates and the time of letting of the contract, or if a contract is let and there is unavoidable delay, not occasioned by the contractor, between the time of the letting of the contract and completion of construction, with the result that the contract cannot be completed for a price within the benefits assessed due to inflation of construction costs, the interested person may petition the board or court for an order to reconsider the engineer's and viewers' reports. The person may request in his petition that the board or court reconsider the engineer's original estimate and viewers' report and update them to take into consideration inflationary construction cost increases.*

Upon presentation of such petition, the board or court shall order a hearing, therein designating the time and place for hearing, and cause notice thereof to be given by publication in the same newspapers where the notice of final hearing was theretofore published.

At the time and place specified in the order and notice, the board or court shall consider the petition and hear all interested parties.

Upon said hearing, if it shall appear that the engineer's original estimate was erroneous and should be corrected, or that the plans and specifications could be changed in a manner materially affecting the cost of the improvement without interfering with the efficiency thereof, and further, that upon said correction or modification, a contract could be let within the 30 percent limitation and within the available benefits, then the board or court may, by order, authorize the engineer to amend his report. If the changes recommended by the engineer in any manner affect the amount of benefits or damages to any property, or if it becomes apparent because of inflated land values and inflated construction costs that the benefits should be re-examined, the viewers' report shall be referred back to the viewers to re-examine the benefits and damages and report the same to the board or court. If at the hearing the board or court determines that no bids were received or that construction under the contract previously let cannot be completed except for a price more than 30 percent in excess of the engineer's estimate, or in excess of the benefits, less damages and other costs, due to inflationary construction cost increases, the board or court may by order authorize the engineer and viewers to amend their report to take into account the inflationary cost increases.

The board or court may continue the hearing to give the engineer or the viewers additional time for the making of their amended reports and in such case the jurisdiction of the board or court shall continue in all respects at the adjourned hearing.

Upon said hearing the board or court shall have full authority to reopen the original order establishing said ditch, and to set said order aside, and to consider the amended engineer's report and the amended viewers' report, if any, and to make findings and an order thereon the same as is provided in sections 106.191 and 106.201. All proceedings thereafter taken shall be the same as is provided upon the original findings and order of the board or court. Any party aggrieved thereby may appeal to the district court pursuant to section 106.631, subdivision 1.

Sec. 3. Minnesota Statutes 1974, Section 16A.055, is amended to read:

16A.055 [DUTIES OF COMMISSIONER.] The commissioner of finance shall exercise the rights, powers, and duties vested in and imposed upon his office. He shall have charge of the administration of the financial affairs of the state. He shall keep the general books of account of the state. The general books of account shall be on a double entry control basis, with such revenue, expenditure, asset and liability accounts as will give complete control over all financial and expenditure operations of the state and over all officials, departments, and agencies of the state government. Accounts shall be set both as to expenditures and revenue according to generally accepted practice in governmental accounting. The commissioner of finance shall formulate and prescribe for all departments and other state agencies a system of uniform records, accounts, statements, estimates, revenue receipt forms, vouchers, bills, and demands with suitable instructions governing the installation and use thereof. The accounting system and form so prescribed shall be adopted and employed by all officials, departments, and agencies of the state government. The commissioner of finance shall exercise constant supervision and control thereof. All accounting and financial records shall be kept on the fiscal year basis of 12 months ending at midnight between June 30 and

July 1. The commissioner of finance and his designated agents shall at all times have free access to the books, records, accounts, and papers of the several departments and agencies.

*To accomplish the above duties, the commissioner may assign a designee to any department or agency of the state to monitor the fiscal activities therein, insure compliance with statutes and administrative requirements promulgated by the commissioner and provide any additional assistance he deems appropriate. Development of a budget consistent with a department or agency's goals, responsibilities and priorities and supervision of a department or agency's personnel shall be the responsibility of the department or agency head.*

Sec. 4. Minnesota Statutes 1974, Chapter 16A, is amended by adding a section to read:

[16A.095] [PROGRAM BUDGETING.] *Subdivision 1. [LEGISLATIVE POLICY.] The legislature finds that in the present era of increasing cost and complexity of state governmental operations with the attendant increase in sums requested and appropriated at each legislative session to enable state departments and agencies to perform their functions of service to the public, it is highly desirable that budgets considered by the legislature be stated in terms of services to the people in order to present fiscal policies in the context of services to be accomplished. The legislature therefore finds it desirable that future budgets and appropriations be stated in terms of programs and anticipated accomplishment rather than in terms of objects of expenditure. Program budgeting, herein defined as the arrangement of budgetary information into program categories in such a way as to emphasize the purposes for which state moneys are to be spent, will be of invaluable assistance to the legislature in its consideration of budgets and appropriations requests. It is believed that it will also assist departments and agencies in clearly stating and properly emphasizing their budgetary needs.*

*Subd. 2. [ESTABLISHMENT OF PROGRAM.] The commissioner of finance shall develop the budget process to accomplish the policy as stated in subdivision 1 for state departments and agencies, provided, that such process need not comply with other provisions of law relating to the setting forth of expenditures by organizational units, character and objects of expenditure. The commissioner of finance shall promulgate regulations and instructions applicable to budget preparation governing the classification of expenditures and the content, and submission of budget requests and appropriation measures. The commissioner of finance shall select agencies and departments to implement the budget system. The commissioner of finance shall make recommendations to the legislature on the subject of any legislation or special appropriations which may be required for implementation of the budgeting system for all state departments and agencies. Such budget system shall, to the greatest extent practicable, emphasize alternative approaches in the program development and criteria for performance evaluation and measurement. All state departments and agen-*

*cies shall cooperate with the commissioner of finance to assure implementation of budgets which meet the requirements of the commissioner of finance and which give due regard to the requirements of the various departments and agencies involved. No state agency shall begin or install any system of program or programmatic budgeting until they have first secured the explicit permission of the commissioner of finance.*

**Subd. 3. [WAIVER OF REQUIREMENT OF SUBMITTING BUDGET.]** *Notwithstanding any other law to the contrary, the commissioner of finance after consulting the committee on appropriations of the house of representatives and the committee on finance of the senate may waive the requirements for submitting a budget by object of expenditure for agencies and departments which are, at his direction, requesting programmatic appropriations.*

Sec. 5. Minnesota Statutes 1974, Chapter 16A, is amended by adding a section to read:

**[16A.126] [COMMISSIONER TO APPROVE BILLING RATES FOR REVOLVING FUNDS.]** *The commissioner of finance shall approve the rates at which services are billed state departments or agencies by any revolving fund.*

Sec. 6. Minnesota Statutes 1974, Chapter 16A, is amended by adding a section to read:

**[16A.127] [INDIRECT COSTS.] Subdivision 1. [DEFINITIONS.]** *As used in this section the following terms shall have the meanings given them:*

(a) "State agency" means a state department, board, council, committee, authority, commission or other entity in the executive branch of state government;

(b) "Nongeneral fund moneys" means any moneys any state agency is authorized to receive and expend from a source other than the general fund;

(c) "Statewide indirect costs" means all operating costs incurred by the state treasurer and the departments of administration, finance and personnel which are attributable to the provision of services to any state agency;

(d) "Commissioner" means the commissioner of finance.

**Subd. 2. [STATEWIDE INDIRECT COST PLAN.]** *Each year the commissioner shall prepare a statewide indirect cost plan showing the category and amount of statewide indirect costs attributable to each state agency for the current fiscal year. The commissioner shall submit copies of the plan to the governor and to the legislature pursuant to section 3.195.*

**Subd. 3. [TRANSFER OF FUNDS.]** *Pursuant to the statewide indirect cost plan the commissioner shall transfer to the general fund that portion of the statewide indirect costs applicable to nongeneral fund moneys received by any state agency for the pre-*

vious fiscal year. Upon making such a transfer, the commissioner is authorized and directed to make appropriate entries in the records of the funds involved in the transfer. Notwithstanding the foregoing, the commissioner may determine, for reasons of sound fiscal management, to waive the transfer to the general fund of the indirect costs for certain nongeneral fund moneys. The commissioner shall report any waivers under this subdivision to the governor and the legislature at the time of his submission of the statewide indirect cost plan for the following fiscal year.

**Subd. 4. [FEDERAL INDIRECT COST PROPOSALS.]** Whenever a state agency applies or submits a budget for or receives federal moneys, the state agency shall prepare and submit to the appropriate federal agency an indirect cost proposal and make such further submissions necessary to obtain both statewide and state agency indirect cost moneys. Any indirect cost proposals and related documents must be submitted to and approved by the commissioner prior to the time they are submitted to the appropriate federal agency. A state agency need not prepare and submit an indirect cost proposal if it establishes to the commissioner's satisfaction that such submission is not economically feasible.

**Subd. 5. [TRANSFER OF FUNDS; FEDERAL INDIRECT COST PROPOSAL.]** If the appropriate federal agency approves a state agency's indirect cost proposal, the commissioner shall transfer to the general fund that portion of the federal moneys received by the state agency attributable to statewide indirect costs. If the federal agency approves only a portion of the state agency's indirect cost proposal, the commissioner shall transfer to the general fund all or such part, if any, of that portion of the federal moneys received by the state agency attributable to statewide indirect costs that the commissioner deems appropriate. If the federal agency fails to approve any portion of the state agency's indirect cost proposal, the state agency shall submit documentation of the failure to approve and a statement of the reasons therefor to the commissioner.

**Subd. 6. [REPORTS.]** The commissioner shall require such information and reports from each state agency as he deems necessary to carry out the duties of this section.

**Sec. 7.** Minnesota Statutes 1974, Section 16A.129, is amended to read:

**16A.129 [COMMISSIONER TO MAKE RULES.]** The commissioner of finance shall have the following powers: to approve or reject the compensation schedules submitted by the personnel board for the various classes, grades, and titles of the employees of the various officials, departments, and agencies of the state government and institutions under their control; power to require a complete record of the officers, assistants, and employees appointed thereby or employed therein, and to require the salaries of the same to be in conformity with the scale of compensation established pursuant to law; and to prepare and prescribe classes of expenditures and revenue for the purpose of budget-making and accounting; to procure by lease, with the approval of the

governor, office space and buildings for the use of the state government or any department, office, or institution thereof, to purchase, except as otherwise provided in Laws 1925, Chapter 126, as amended, all supplies and equipment for all state officials, departments, and agencies of the state government, including tools, machinery, and materials to be used by the state in the construction and maintenance of state highways; but the commissioner, in his discretion, may designate an officer or employee of any such department to make, under the general supervision and direction of the commissioner, such purchases for the department in which such designation is so made as he may specify.

The authority of the commissioner to approve or reject a scale of compensation therefor shall not apply to the unclassified service as prescribed by the state civil service law.

Sec. 8. Minnesota Statutes 1974, Chapter 16A, is amended by adding a section to read:

[16A.14] [ALLOTMENT AND ENCUMBRANCE.] *Subdivision 1. [ALLOTMENT PERIOD.] For the purposes of operation of the allotment system, each fiscal year shall be one fiscal year of 12 months which shall end at midnight between each June 30 and July 1, provided, that the commissioner of finance may prescribe a different period suited to the circumstances, not exceeding 12 months nor extending beyond the end of the fiscal year. This provision does not apply to allotments made with respect to appropriations made for constructions or permanent improvement.*

*Subd. 2. [FUNDS TO WHICH SYSTEM APPLIES.] Except as otherwise expressly provided therein, the provisions of Laws 1939, Chapter 431, relating to the allotment system and to the encumbering of funds shall apply to appropriations and funds of all kinds, including standing or annual appropriations and dedicated funds from which expenditures are to be made, from time to time, by or under the authority of any agency, but shall not apply to appropriations for the courts or the legislature, nor to payment of unemployment compensation benefits nor to the funds deposited in the state treasury for disbursement by the commissioner of highways when acting as the agent of a political subdivision pursuant to law. In the case of construction or other permanent improvement contracts and transactions for the acquisition of real estate, equipment, repair, rehabilitation, appurtenances or utility systems to be used for public purposes, where periodical allotments are impracticable, the commissioner may dispense therewith and prescribe such regulations as will insure proper application and encumbering of funds. Contingent funds appropriated for the governor or the attorney general shall not be subject to the provisions thereof relating to allotment, but shall be subject to the other provisions thereof relating to expenditure and encumbering of funds.*

*Subd. 3. [APPROPRIATIONS AVAILABLE FOR ALLOTMENT; SPENDING PLANS.] No appropriation to any agency shall become available for expenditure thereby during any allotment period until such agency shall have submitted to the commissioner of finance a spending plan in advance, in such form as the commissioner shall prescribe, for such allotment period next ensuing, of the amount required for each*

*activity to be carried on and each purpose for which money is to be expended during that period, and until such spending plan shall have been approved, increased, or decreased by the commissioner of finance and funds allotted therefor.*

**Subd. 4. [SPENDING PLANS WITHIN APPROPRIATION; APPROVAL; PROCEDURE.]** *If the spending plan is within the terms of the appropriation as to amount and purposes, having due regard for the probable further needs of the agency for the remainder of the fiscal year or other term for which the appropriation was made, and if there is a need for such appropriation for the next ensuing allotment period, the commissioner of finance shall approve the estimated amount for expenditure. Otherwise the commissioner of finance shall modify the spending plan so as to conform with the terms of the appropriation and the prospective needs of the agency and shall reduce the amount allotted accordingly. The commissioner of finance shall act promptly upon all spending plans, and shall notify every agency of its allotments at least five days before the beginning of each allotment period. The total amount allotted to any agency for the fiscal year or other terms for which the appropriation was made shall not exceed the amount appropriated for such year or term.*

**Subd. 5. [MODIFICATION.]** *The commissioner of finance shall also have authority at any time to modify or amend any spending plan previously approved by him, upon application of or upon notice to the agency concerned, and upon a showing of emergency or other cause; provided, no deficit or undue reduction of funds to meet future needs of such agency will result therefrom.*

Sec. 9. Minnesota Statutes 1974, Chapter 16, is amended by adding a section to read:

**[16.243] [COMMISSIONER; ADDITIONAL POWERS.]** *The commissioner of administration shall have the following powers: to procure by lease, with the approval of the governor, office space and buildings for the use of the state government or any department, office, or institution thereof; to purchase, except as otherwise provided in chapter 16, all supplies and equipment for all state officials, departments, and agencies of the state government, including tools, machinery, and materials to be used by the state in the construction and maintenance of state highways; but the commissioner, in his discretion, may designate an officer or employee of any such department to make, under the general supervision and direction of the commissioner, such purchases for the department in which such designation is so made as he may specify.*

Sec. 10. Minnesota Statutes 1974, Section 16A.15, Subdivision 3, is amended to read:

**Subd. 3. [PAYMENT WITHIN ALLOTMENT AND ENCUMBRANCE; EXCEPTIONS.]** *No payment shall be made and without prior obligation. No obligation shall be incurred against any fund, allotment, or appropriation unless the commissioner of finance shall first certify that there is a sufficient unencumbered balance in such fund, allotment, or appropriation to meet the same. Every expenditure or obligation authorized or incurred in violation of the provisions of Laws 1939, Chapter 431, shall be presumed invalid and shall be ineligible for payment until its validity is established as hereinafter provided. Every*

payment made in violation of the provisions of Laws 1939, Chapter 431, shall be deemed illegal, and every official authorizing or making such payment, or taking part therein, and every person receiving such payment, or any part thereof, shall be jointly and severally liable to the state for the full amount so paid or received. If any appointive officer or employee of the state shall knowingly incur any obligation or shall authorize or make any expenditure in violation of the provisions of Laws 1939, Chapter 431, or take part therein, it shall be grounds for his removal by the officer appointing him, and, if the appointing officer be other than the governor and shall fail to remove such officer or employee, the governor may exercise such power of removal, after giving notice of the charges and opportunity for hearing thereon to the accused officer or employee and to the officer appointing him. Claims presented against existing appropriations without prior allotment or encumbrance may, upon investigation, review, and approval by the commissioner of finance be determined valid where the services, materials, and supplies for which payment is claimed have been actually rendered or furnished to the state in good faith without collusion and without intent to defraud. Thereafter the commissioner of finance may draw his warrant in payment of such claims in the same manner in which other claims, properly allotted and encumbered prior to inception thereof, are paid.

Sec. 11. Minnesota Statutes 1974, Chapter 16A, is amended by adding a section to read:

[16A.155] [BUDGET AND ALLOTMENT SYSTEM, REFUNDS.] *Notwithstanding the provisions of section 8 of this act and section 16A.15, or any other law to the contrary, the payment of a refund for any purpose authorized by law shall be chargeable against the fund, appropriation, allotment or encumbrance for the period in which the refund is paid.*

Sec. 12. Minnesota Statutes 1974, Section 16A.17, Subdivision 1, is amended to read:

16A.17 [PREPARATION OF STATE PAYROLL.] Subdivision 1. [COMMISSIONER TO DETERMINE PAY PERIOD.] The commissioner of finance, with the approval of the governor, shall fix the time for payment of salaries due elective and appointive officers and employees of the state government. ~~As herein determined said~~ Salaries shall be paid either monthly, semi-monthly or for each two week period; provided, however, that no employee whose salary is less than \$500 a ~~month~~ *the amount prescribed by Title 29, Code of Federal Regulations, Part 541, as amended through December 31, 1974, shall be paid on a monthly or longer basis.*

Sec. 13. Minnesota Statutes 1974, Section 16A.17, Subdivision 4, is amended to read:

Subd. 4. [EQUAL SALARY PAYMENTS; ALLOCATION.] If the commissioner provides for equal payments of salaries throughout the year, the payroll shall be allocated as provided in this subdivision.

(1) If the payroll period extends beyond one quarter of the year and into another quarter of the year, the amount of the payroll for such payroll period shall be chargeable to the respective allotments and encumbrances according to procedures to be established by the commissioner of finance.

(2) This subdivision is applicable to salaries of state officers and employees payable in equal payments throughout the year notwithstanding any *other* provision in Minnesota Statutes 1967, Chapter 16, and any act amendatory thereof relating to the budget, allotment, and encumbrance system. No provision of any subsequent law relating to the budget, allotment, and encumbrance system or to appropriations for the payment of salaries of state officers and employees shall be construed as inconsistent with this subdivision unless and except only so far as expressly provided in such subsequent act that the provisions of this subdivision shall not be applicable or shall be superseded, modified, amended, or repealed.

Sec. 14. Minnesota Statutes 1974, Section 16A.17, Subdivision 5, is amended to read:

Subd. 5. [PAYROLL DEDUCTIONS MADE BY FINANCE.] Whenever in any law the duty is imposed upon the head of a state department or agency to make deductions from, or employer contributions on, the salaries and wages of state officers and employees for such purposes as are authorized or directed by law and to prepare or issue vouchers in connection therewith and the payroll for such officers and employees is prepared by the central payroll section of the department of finance, such duties as heretofore referred to shall devolve upon the commissioner of finance. Notwithstanding any other law to the contrary, where a state officer or employee directs, in writing, that a voluntary deduction shall be made from his salary or wages, the officer or employee shall file an original and one copy of his written instruction with the credit union, organization, association, agency, or carrier to which the deduction is to be paid and the intended recipient of such deduction shall forward the original of the instruction, signed by the employee, together with such other information as the commissioner of finance may prescribe concerning the amount of the deduction or change therein to the head of the state department or agency who prepares the payroll involved.

Sec. 15. Minnesota Statutes 1974, Section 16A.17, Subdivision 6, is amended to read:

Subd. 6. [PAYROLL PREPARATION.] All payrolls for the compensation of work performed, by elective and appointive state officers and employees, with the exception of the legislative and judicial branches, in the executive branch shall be prepared by the central payroll section of the department of finance. Upon request of the rules committee of the senate or house of representatives or the supreme court, as appropriate, the commissioner shall also prepare payrolls for the legislative and judicial branches by using pay procedures similar to those used in the executive branch.

The commissioner shall prescribe such procedures as may be necessary to assure that no payment shall be made for hours not worked unless covered by leave in accordance with civil service rules and regulations of the department of personnel or as provided in clause (2).

(2) Upon certification by the commissioner of finance, any agency of the state government shall release part or all of any fund held for an employee to correct an overpayment to any officer or employee described in subdivision 6 who has been erroneously paid.

Provided, however, that employee contributions in a retirement fund shall not be released until such time as the former state employee or person otherwise entitled thereto would be eligible to apply for a refundment and has been given proper notice. Amounts paid under the provisions of this section shall be considered the equivalent of a refundment. If an employee or survivor is entitled to an immediate or deferred annuity or survivor benefit, no funds shall be paid from his retirement account under the provisions of this section.

Sec. 17. Minnesota Statutes 1974, Section 16A.17, is amended by adding a subdivision to read:

**16A.28 [APPROPRIATIONS TO REVERT TO STATE TREASURY.]** Except as specifically provided for in appropriation acts, every appropriation or part thereof of any kind hereafter made subject to the provisions of this section remaining

unexpended and unencumbered at the close of any fiscal year shall lapse and *the commissioner shall cause same to be returned to the fund from which such appropriation was made*; provided, that an appropriation for construction or other permanent improvement shall not lapse until the purposes for which the appropriation was made shall have been accomplished or abandoned unless such appropriation has stood during the entire fiscal biennium without any expenditure therefrom or encumbrances thereon.

*On October 16 of each year all allotments and encumbrances for the preceding fiscal year shall be cancelled unless an agency certifies to the commissioner that there is an encumbrance incurred pursuant to law for services rendered or goods ordered in the preceding fiscal year. The commissioner may reinstate that portion of the cancellation needed to meet the certified encumbrance or he may charge the certified encumbrance against the current year's appropriation.*

Except as otherwise expressly provided by law, the provisions of this section shall apply to every appropriation of a stated sum for a specified purpose or purposes heretofore or hereafter made **from the general fund**, but shall not, unless expressly so provided by law, apply to any fund or balance of a fund derived wholly or partly from special taxes, fees, earnings, fines, federal grants, or other sources which are by law appropriated for special purposes by standing, continuing, or revolving appropriations.

Sec. 20. Minnesota Statutes 1974, Chapter 16A, is amended by adding a section to read:

- (1) The legal description of each parcel of such lands ;
- (2) The amount of principal and interest of delinquent drainage assessments, if any, or instalments thereof, for all years prior to the date of such report, against each such parcel of land ; and
- (3) The amount of drainage assessments thereof assessed against each such parcel of land which have been or are to be extended upon the tax rolls of such county for collection with the taxes for the year 1927 and subsequent years.

On or before June fifteenth, of each year thereafter, such county auditor shall certify to the commissioner of *finance natural resources* a supplemental report giving the information contained in the original report covering such lands within this preserve and hunting ground bid in for the state at the annual tax sale of that year and not included in the previous report.

When redemption is made of any parcel of such land within the preserve and hunting ground which has been bid in for the state at any tax sale for taxes heretofore levied or when the tax liens on such land are assigned to an actual purchaser, the county auditor shall report the same forthwith to the commissioner of *finance natural resources*, and the county treasurer shall transmit forthwith the proceeds of such redemption to the state treasurer.

After each distribution has been made of the tax collections on the June and November tax settlements, such county auditor shall certify to the commissioner of *finance natural resources* the following information relating to bonds issued to finance or refinance public drainage ditches lying wholly or partly within this preserve and hunting ground and the collection of assessments levied on account of such ditches :

As to all public drainage ditches which lie wholly within this preserve and hunting ground, the maximum amount of money which shall be paid to or for the benefit of such county, in the manner above provided, shall never exceed the principal and interest of the bonds issued to finance and refinance such ditches outstanding at the time of the passage and approval of sections 84A.01 to 84A.11, less moneys on hand in the county ditch fund to the credit of such ditches, and such liability shall be reduced, from time to time, by the amount of any and all payments of

assessments hereafter extended, made by the owners of lands heretofore assessed for benefits on account of such ditches. As to all public drainage ditches which lie partly within and partly without the boundaries of this preserve and hunting ground, the maximum amount which shall be paid to or for the benefit of such county shall never exceed the percentage of bonds issued to finance and refinance such ditches so outstanding, less moneys on hand in the county ditch fund to the credit of such ditches at the time of the passage and approval of sections 84A.01 to 84A.11, which bears the same proportion to the whole amount of such bonds as the original benefits assessed against lands within the game preserve bear to the original total benefits assessed to the entire system of such ditches, and such liability shall be reduced, from time to time, by the payments of all assessments hereafter extended, made by the owners of lands in this preserve and hunting ground, of assessments for benefits heretofore assessed on account of any such ditch. The commissioner of ~~finance~~ *natural resources* shall have authority to provide and prescribe the forms for any reports required by sections 84A.01 to 84A.11 to be made to him, and to require any further and additional information from any officials of these counties which he deems necessary for the proper administration of sections 84A.01 to 84A.11.

Any service performed, including service in interstate commerce, by

- (a) any officer of a corporation; or
- (b) any individual other than an individual who is an employee under clause (a) who performs services for remuneration for any person as an agent-driver or commission-driver engaged in distributing meat products, vegetable products, fruit products, bakery products, beverages (other than milk), or laundry or dry-cleaning services, for his principal, or as a traveling or city salesman, other than as an agent-driver or commission-driver, engaged upon a full-time basis in the solicitation on behalf of, and the transmission to, his principal (except for sideline sales activities on behalf of some other person) of orders from wholesalers, retailers, contractors, or operators of hotels, restaurants, or other similar establishments for merchandise for resale or supplies for use in their business operations;

Provided, that for purposes of clause (1) (b), the term "employment" shall include services described above performed after December 31, 1971, only if the contract of service contemplates that substantially all of the services are to be performed personally by such individual, the individual does not have a substantial in-

vestment in facilities used in connection with the performance of the services (other than in facilities for transportation), and the services are not in the nature of a single transaction that is not part of a continuing relationship with the person for whom the services are performed.

(2) The term "employment" shall include an individual's entire service, performed within or both within and without this state if (a) the service is localized in this state; or (b) the service is not localized in any state but some of the service is performed in this state and (1) the base of operations, or, if there is no base of operations, then the place from which such service is directed or controlled, is in this state; (2) the base of operations or place from which such service is directed or controlled is not in any state in which some part of the service is performed, but the individual's residence is in this state.

(3) Service shall be deemed to be localized within a state if (a) the service is performed entirely within such state; or (b) the service is performed both within and without such state, but the service performed without such state is incidental to the individual's service within the state, for example, is temporary or transitory in nature or consists of isolated transactions.

(4) After December 31, 1971, the term "employment" shall include an individual's service wherever performed within the United States, the Virgin Islands or Canada, if

(a) Such service is not covered under the unemployment compensation law of any other state, the Virgin Islands or Canada, and

(b) The place from which the service is directed or controlled is in this state.

(5) (a) Service covered by an election pursuant to section 268.11, subdivision 3; and

(b) Service covered by an arrangement pursuant to section 268.13 between the commissioner and the agency charged with the administration of any other state or federal employment security law, pursuant to which all service performed by an individual for an employing unit is deemed to be performed entirely within this state, shall be deemed to be employment if the commissioner has approved an election of the employing unit for which such service is performed, pursuant to which the entire service of such individual during the period covered by such election is deemed to be employment.

(6) Notwithstanding any inconsistent provisions of sections 268.03 to 268.24, the term "employment" shall include any services which are performed by an individual with respect to which an employing unit is liable for any federal tax against which credit may be taken for contributions required to be paid into a state unemployment compensation fund or which as a condition for full tax credit against the tax imposed by the federal unemployment tax act is required to be covered under this law.

(7) Service performed after July 1, 1957, by an individual for the state of Minnesota or any instrumentality which is wholly owned by the state of Minnesota or in the employ of this state and one or more other states or their instrumentalities.

(8) Service performed after January 1, 1974, by an individual for any political subdivision of the state of Minnesota or instrumentality thereof.

(9) Service performed after December 31, 1971, by an individual in the employ of a religious, charitable, educational or other organization but only if the following conditions are met:

(a) the service is excluded from "employment" as defined in the federal unemployment tax act solely by reason of section 3306(c) (8) of that act; and

(b) the organization had one or more individuals in employment for some portion of a day in each of 20 different weeks, whether or not such weeks were consecutive, within either the current or preceding calendar year, regardless of whether they were employed at the same moment of time.

(10) For the purposes of clauses (7), (8), and (9), the term "employment" does not apply to service performed

(a) in the employ of a church or convention or association of churches, or an organization which is operated exclusively for religious purposes and which is operated, supervised, controlled, or principally supported by a church or convention or association of churches; or

(b) by a duly ordained, commissioned, or licensed minister of a church in the exercise of his ministry or by a member of a religious order in the exercise of duties required by such order; or

(c) in a facility conducted for the purpose of carrying out a program of rehabilitation for individuals whose earning capacity is impaired by age or physical or mental deficiency or injury or providing remunerative work for individuals who because of their impaired physical or mental capacity cannot be readily absorbed in the competitive labor market by an individual receiving such rehabilitation or remunerative work; or

(11) The term "employment" shall include the service of an individual who is a citizen of the United States, performed outside the United States (except in Canada or the Virgin Islands), after December 31, 1971, in the employ of an American employer (other than service which is deemed "employment" under the provisions of clauses (2), (3), or (4) or the parallel provisions of another state's law) if:

(i) Service performed in the employ of a foreign government (including service as a consular or other officer or employee or a nondiplomatic representative) ;

(j) Service performed in the employ of an instrumentality wholly owned by a foreign government, if

Subd. 8. [DETERMINATION OF CONTRIBUTION RATES.] For the year 1976 and for each calendar year thereafter the commissioner shall determine the contribution rate of each employer by adding the minimum rate to the experience ratio, except that if the ratio for the current calendar year exceeds the experience ratio for the preceding calendar year by more than one and one-half percentage points, the increase for the current year shall be limited to one and one-half percentage points. The minimum rate for all employers shall be nine-tenths of one percent if the amount in the unemployment compensation fund is less than \$90,000,000 on June 30 of the preceding calendar year; or eight-tenths of one percent if the fund is more than \$90,000,000 but less than \$110,000,000; or seven-tenths of one percent if the fund is more than \$110,000,000 but less than \$130,000,000; or six-tenths of one percent if the fund is more than \$130,000,000 but less than \$150,000,000; or five-tenths of one percent if the fund is more than \$150,000,000 but less than \$170,000,000; or three-tenths of one percent if the fund is more than \$170,000,000 but less than \$200,000,000; or one-tenth of one percent if the fund is \$200,000,000 or more; provided that no employer shall have a contribution rate of more than ~~five~~ *seven* percent except that in the case of an employer whose experience ratio in each of the immediately preceding three calendar years was in excess of ~~five~~ *seven* percent, the maximum contribution rate shall be ~~six~~ *nine* percent.

Sec. 3. Minnesota Statutes 1974, Section 268.06, is amended by adding a subdivision to read:

*Subd. 8a. [EMERGENCY SURTAX.] Notwithstanding any other provision of this section, each employer subject to this law shall pay, in addition to regular contributions applicable to calendar years 1976, 1977 and 1978, an emergency surtax of ten percent of the regular contributions.*

Sec. 4. Minnesota Statutes, 1975 Supplement, Section 268.09, Subdivision 1, is amended to read:

268.09 [UNEMPLOYMENT COMPENSATION; DISQUALIFIED FROM BENEFITS.] Subdivision 1. [DISQUALIFYING CONDITIONS.] An individual shall be disqualified for benefits:

(1) [VOLUNTARY LEAVING OR DISCHARGE FOR MISCONDUCT.] If such individual voluntarily and without good cause attributable to the employer discontinued his employment with such employer or *leaves employment because of pregnancy without availing herself of maternity leave rights*, or was discharged for misconduct, not amounting to gross misconduct, connected with his work or for misconduct which interferes with and adversely affects his employment, if so found by the commissioner, for not less than five nor more than eight weeks of unemployment in addition to and following the waiting period, or was discharged for gross misconduct connected with his work or gross misconduct which interferes with and adversely affects his employment, if so found by the commissioner, for 12 weeks of unemployment in addition to and following the waiting period, which disqualification shall not be removed by subsequent employment, and provided further that the commissioner is empowered to impose a total disqualification for the benefit year and to cancel part or all of the wage credits from the last employer from whom he was discharged for gross misconduct connected with his work, and the maximum benefit amount payable to such individual shall be reduced as follows: until he has, subsequent to that separation, earned wages in insured work from which he has been separated under non-disqualifying conditions in an amount equal to or in excess of six times his weekly benefit amount.

(a) by an amount equal to the weekly benefit amount times the number of weeks for which such individual was disqualified, when the separation occurs because of a voluntary separation as described in this clause or as a result of discharge for misconduct; When the separation occurs as a result of a discharge for gross misconduct such disqualification shall continue until he has earned wages in insured work from which he has been separated under non-disqualifying conditions in an amount equal to or in excess of twelve times his weekly benefit amount.

(b) by an amount equal to 12 times his weekly benefit amount, when the separation occurs as a result of a discharge for gross misconduct.

For the purpose of this clause "gross misconduct" shall be defined as misconduct involving assault and battery, or an immoral act, or the malicious destruction of property or the theft of money or property of a value of \$50, or more.

This provision shall not apply to any individual who left his employment to accept work offering substantially better conditions of work or substantially higher wages or both, or whose separation from such employment was due to serious illness of such individual.

(2) Separation to assume family obligations. If such individual voluntarily leaves employment because of pregnancy without availing herself of maternity leave rights provided by law, provided that such disqualification shall be removed by subsequent employment in insured work for a period of not less than six weeks.

(a) An individual who voluntarily leaves employment for com-

*elling personal reasons involving the obligation to care for a seriously ill member of the immediate family shall be disqualified for benefits for five weeks of unemployment in addition to and following the waiting period.*

(3) (2) [LIMITED OR NO CHARGE OF BENEFITS.] Benefits paid subsequent to an individual's separation under any of the foregoing clauses or because of his failure, without good cause, to accept an offer of suitable re-employment, shall not be used as a factor in determining the future contribution rate of the employer from whose employment such individual separated or whose offer of re-employment he refused; provided that this clause shall not apply to an individual involuntarily separated from employment because of pregnancy.

(4) (3) [FAILURE TO APPLY FOR OR ACCEPT SUITABLE WORK.] If the commissioner finds that he has failed, without good cause, either to apply for available, suitable work when so directed by the employment office, or the commissioner or to accept suitable work when offered him, or to return to his customary self-employment (if any) when so directed by the commissioner, or to actively seek employment. Such disqualification shall continue for the week in which such refusal or failure occurred and ~~for a period of seven weeks until he has earned wages in insured work from which he has been separated under non-disqualifying conditions in an amount equal to or in excess of six times his weekly benefit amount of unemployment immediately following such refusal or failure.~~

(a) In determining whether or not any work is suitable for an individual, the commissioner shall consider the degree of risk involved to his health, safety, and morals, his physical fitness and prior training, his experience, his length of unemployment and prospects of securing local work in his customary occupation, and the distance of the available work from his residence.

(b) Notwithstanding any other provisions of sections 268.03 to 268.24, no work shall be deemed suitable, and benefits shall not be denied thereunder to any otherwise eligible individual for refusing to accept new work under any of the following conditions:

(1) if the position offered is vacant due directly to a strike, lock-out, or other labor dispute;

(2) if the wages, hours, or other conditions of the work offered are substantially less favorable to the individual than those prevailing for similar work in the locality;

(3) if as a condition of being employed the individual would be required to join a union or to resign from or refrain from joining any bona fide labor organization;

(4) if after December 31, 1971, such individual is in training with the approval of the commissioner.

(5) [LABOR DISPUTE.] If such individual has left or partially or totally lost his employment with an employer because of a strike

or other labor dispute. Such disqualification shall prevail for each week during which such strike or other labor dispute is in progress at the establishment in which he is or was employed, except that such disqualification shall be for one week following commencement of the strike or other labor dispute for any employee who is not participating in or directly interested in the labor dispute which caused such individual to leave or partially or totally lose such employment. Failure or refusal of an individual to accept and perform available and customary work in the establishment constitutes participation. For the purpose of this section the term "labor dispute" shall have the same definition as provided in the Minnesota labor relations act. Nothing in this subdivision shall be deemed to deny benefits to any employee:

(a) who becomes unemployed because of a strike or lockout caused by an employer's willful failure to observe the terms of the safety and health section of a union contract or failure to comply with an official citation for a violation of federal and state laws involving occupational safety and health; provided, however, that benefits paid in accordance with this provision shall not be charged to the employer's experience rating account if, following official appeal proceedings, it is held that there was no willful failure on the part of the employer,

(b) who becomes unemployed because of a lockout,

(c) who is dismissed during the period of negotiation in any labor dispute and prior to the commencement of a strike, or

(d) unless he is unemployed because of a jurisdictional dispute between two or more unions.

Provided, however, that voluntary separation during the time that such strike or other labor dispute is in progress at such establishment shall not be deemed to terminate such individual's participation in or direct interest in such strike or other labor dispute for purposes of this subdivision.

Benefits paid to an employee who has left or partially or totally lost his employment because of a strike or other labor dispute shall not be charged to his employer's account unless the employer was a party to the particular strike or labor dispute.

Notwithstanding any other provision of his section, an individual whose last separation from employment with an employer occurred prior to the commencement of the strike or other labor dispute and was permanent or for an indefinite period, shall not be denied benefits or waiting week credit solely by reason of his failure to apply for or to accept recall to work or reemployment with the employer during any week in which the strike or other labor dispute is in progress at the establishment in which he was employed.

(6) [REFUSAL OF SUITABLE REEMPLOYMENT.] If such individual has failed without good cause to accept suitable reemployment offered by a base period employer. Such disqualification shall prevail for the week in which the failure occurred and for a period of seven weeks of unemployment following such failure until he

*has, subsequent to that separation, earned wages in insured work from which he has been separated under non-disqualifying conditions an amount equal to or in excess of six times his weekly benefit amount , provided such disqualification shall not apply if such individual is in training with the approval of the commissioner.*

Sec. 5. Minnesota Statutes 1974, Section 268.12, Subdivision 12, is amended to read:

Subd. 12. [INFORMATION.] Except as hereinafter otherwise provided, information obtained from any employing unit or individual pursuant to the administration of sections 268.03 to 268.24, and from any determination as to the benefit rights of any individual shall be held confidential and shall not be disclosed or be open to public inspection in any manner revealing the individual's or employing unit's identity. Any claimant or other interested party (or his legal representative) shall be supplied with information from the records of the department of employment services, to the extent necessary for the proper presentation of his claim, contention or refutation of any claim in which he is an interested party in any proceeding under these sections with respect thereto. Subject to such restrictions as the commissioner may by regulation prescribe, such information may be made available to any agency of this or any other state, or any federal agency charged with the administration of an employment and security law or the maintenance of a system of public employment offices, any local human rights department within the state which has enforcement powers, or the Bureau of Internal Revenue of the United States Department of the Treasury, and information obtained in connection with administration of the employment service may be made available to persons or agencies for purposes appropriate to the operation of a public employment service. Upon request therefor, the commissioner shall furnish to any agency of the United States charged with the administration of public works or assistance through public employment, and may furnish to any state agency similarly charged, or any local human rights department within the state which has enforcement powers, the name, address, ordinary occupation, and employment status of each recipient of benefits and such recipient's rights to further benefits under these sections. The commissioner may request the Comptroller of the Currency of the United States to cause an examination of the correctness of any return or report of any national banking association rendered pursuant to the provisions of these sections, and may in connection with such request, transmit any such report or return to the Comptroller of the Currency of the United States as provided in section 3305(c) of the federal internal revenue code. *Upon request of the department of public welfare, the commissioner shall verify at a reasonable cost whether or not a person is or was employed for the dates or time requested. The department of public welfare shall maintain the information obtained as a private record within the meaning of section 15.162, subdivision 3, provided the information may be used by the department of public welfare for prosecuting violations of law.*

(1) Interest income on obligations of any state other than Minnesota or a political subdivision of any such other state exempt from federal income taxes under the Internal Revenue Code of 1954;

(b) Modifications reducing federal adjusted gross income. There shall be subtracted from federal adjusted gross income:

(1) Interest income on obligations of any authority, commission or instrumentality of the United States to the extent includible in gross income for federal income tax purposes but exempt from state income tax under the laws of the United States;

(2) The portion of any gain, from the sale or other disposition of property having a higher adjusted basis for Minnesota income tax purposes than for federal income tax purposes, that does not exceed such difference in basis; but if such gain is considered a long-term capital gain for federal income tax purposes, the modification shall be limited to fifty per centum of such portion of the gain. This modification shall not be applicable if the difference in basis is due to disallowance of depreciation pursuant to section 290.101.

(3) Interest or dividend income on securities to the extent exempt from income tax under the laws of this state authorizing the issuance of such securities but includible in gross income for federal income tax purposes;

(4) Income which does not arise from events or transactions which are assignable to Minnesota under the provisions of sections 290.17 to 290.20;

(5) Losses, not otherwise reducing federal adjusted gross income assignable to Minnesota, arising from events or transactions which are assignable to Minnesota under the provisions of sections 290.17 to 290.20, including any capital loss or net operating loss carryforwards or carrybacks resulting from such losses;

(c) Modifications affecting shareholders of electing small business corporations under section 1372 of the Internal Revenue Code of 1954, or section 290.972 of this chapter.

(1) Shareholders in a small business corporation, which has elected to be so taxed under the Internal Revenue Code of 1954, but has not made an election under section 290.972 of this chapter, shall deduct from federal adjusted gross income the amount of any imputed income from such corporation and shall add to federal adjusted gross income the amount of any loss claimed as a result of such stock ownership. Also there shall be added to federal adjusted gross income the amount of any distributions in cash or property made by said corporation to its shareholders during the taxable year.

(2) In cases where the small business corporation has made an election under section 1372 of the Internal Revenue Code of 1954, but has not elected under section 290.972 of this chapter and said corporation is liquidated or the individual shareholder disposes of his stock and there is no capital loss reflected in federal adjusted gross income because of the fact that corporate losses have exhausted the shareholders basis for federal purposes, such shareholders shall be entitled, nevertheless, to a capital loss commensurate to their Minnesota basis for the stock.

(3) In cases where the election under section 1372 of the Internal Revenue Code of 1954 antedates the election under section 290.972 of this chapter and at the close of the taxable year immediately preceding the effective election under section 290.972 the corporation has a reserve of undistributed taxable income previously taxed to shareholders under the provisions of the Internal Revenue Code of 1954, in the event and to the extent that such reserve is distributed to shareholders such distribution shall be taxed as a dividend for purposes of this act.

Items of gross income includible within these definitions shall be deemed such regardless of the form in which received. Items of gross income shall be included in gross income of the taxable year in which received by a taxpayer unless properly to be accounted for as of a different taxable year under methods of accounting permitted by section 290.07, except that (1) amounts transferred from a reserve or other account, if in effect transfers to surplus, shall, to the extent that such amounts were accumulated through deductions from gross income or entered into the computation of taxable net income during any taxable year, be treated as gross income for the year in which the transfer occurs, but only to the extent that such amounts resulted in a reduction of the tax imposed by this act, and (2) amounts received as refunds on

account of taxes deducted from gross income during any taxable year shall be treated as gross income for the year in which actually received, but only to the extent that such amounts resulted in a reduction of the tax imposed by this act.

(d) Modification in computing taxable income of the estate of a decedent. Amounts allowable under section 291.07, subdivision 1(2) in computing Minnesota inheritance tax liability shall not be allowed as a deduction in computing the taxable income of the estate unless there is filed within the time and in the manner and form prescribed by the commissioner a statement that the amounts have not been allowed as a deduction under section 291.07 and a waiver of the right to have such amounts allowed at any time as deductions under section 291.07. The provisions of this paragraph shall not apply with respect to deductions allowed under section 290.077 (relating to income in respect of decedents). In the event that the election made for federal tax purposes under section 642(g) of the Internal Revenue Code of 1954 differs from the election made under this paragraph appropriate modification of the estate's federal taxable income shall be made to implement the election made under this paragraph in accordance with regulations prescribed by the commissioner.

The commissioner and all other public officials and employees shall keep and maintain the same secrecy in respect to any information furnished by any department, commission, or official of the United States or of any other state in respect to the income of any person as is required by this section in respect to information concerning the affairs of taxpayers under this chapter. Nothing herein contained shall be construed to prohibit the*

commissioner from publishing statistics so classified as not to disclose the identity of particular returns or reports and the items thereof.

Any person violating the provisions of this section shall be guilty of a gross misdemeanor.

The Honorable Alec G. Olson  
President of the Senate

The Honorable Martin O. Sabo  
Speaker of the House of Representatives

We, the undersigned conferees for S. F. No. 1308 report that we have agreed upon the items in dispute and recommend as follows:

That the house recede from its amendments and that S. F. No. 1308 be amended as follows:

Strike everything after the enacting clause and insert the following:

"Section 1. Minnesota Statutes, 1975 Supplement, Section 97.481, is amended to read:

97.481 [ACQUISITION OF WILDLIFE LANDS.] The commissioner of natural resources is hereby authorized and empowered to acquire, in the name of the state, by gift, lease, purchase and transfer of state lands, any such wildlife lands, such as marsh or wetlands, and the margins thereof, including ponds, small lakes and stream bottom lands, which he finds desirable to acquire in the interests of water conservation relating to wildlife development programs, and, he may also acquire for this purpose from any state agency, itself included, lands now in state ownership or tax-forfeited which are suitable for wildlife purposes, and when such lands are so acquired, he is authorized to develop the same in the interest of wildlife, recreational or public hunting areas as he shall deem desirable. *In the determination of which lands will be acquired as wildlife lands, the commissioner shall assign highest priority to parcels containing type 3 or 4 wetlands, as defined in U.S. Fish and Wildlife Service Circular No. 39 (1971 edition), which were previously determined to be public waters.* No such lands shall be acquired until first approved for such purchase, or lease, by a majority of the members of the board of county commissioners in the counties where the land to be purchased, or leased, is located. In the counties in which a soil and water conservation district is organized the supervisors will act as counsellors to the board of county commissioners regarding the best utilization and capability of the land proposed for purchase, including the questions of drainage and flood control. The commissioner in the purchase of such wetlands must recognize that when a majority of land owners, or owners of a majority of the land in the watershed, petition for a drainage outlet, that the state should not interfere, or unnecessarily delay such drainage proceedings when such proceedings are conducted according to the Minnesota Drainage Code. In no case should state lands, so purchased, or leased, be used to produce crops ~~which are in a surplus~~

as defined by the federal government unless such crops are needed to sustain wildlife. No lands described herein shall be acquired unless there is acquired simultaneously therewith a right-of-way or easement from said lands to a public road so as to make entry upon said lands available to the public. The commissioner may designate lands or interests in lands acquired pursuant to this section as wildlife management areas for the purposes of the outdoor recreation system.

Sec. 2. Minnesota Statutes 1974, Section 105.37, Subdivision 6, is amended to read:

Subd. 6. "Beneficial public purpose", in relation to waters of the state, includes but is not limited to any or all of the following purposes:

(a) Water supply for municipal, industrial, or agricultural ; ~~or other~~ purposes ;

(b) Recharge of underground water strata;

(c) Retention of water to prevent or reduce downstream flooding, thereby minimizing erosion and resultant property damage;

(d) Entrapment and retention of nutrients and other materials which impair the quality of natural resources ;

(e) Recreational activities such as swimming, boating, fishing, and hunting ;

(f) Public navigation other than for recreational purposes ;

(g) Wildlife habitat ~~such as fish spawning and rearing areas, waterfowl nesting and feeding areas, and areas for the spawning, rearing, feeding, and protection nesting of other wildlife ; or~~

(h) Areas designated as scientific and natural areas pursuant to section 84.033.

Sec. 3. Minnesota Statutes 1974, Section 105.37, is amended by adding a subdivision to read:

*Subd. 9. "Waterbasin" means an enclosed natural depression with definable banks capable of containing water which may be partly filled with waters of the state and which is discernible on aerial photographs.*

Sec. 4. Minnesota Statutes 1974, Section 105.37, is amended by adding a subdivision to read:

*Subd. 10. "Natural watercourse" means any natural channel which has definable beds and banks capable of conducting confined runoff from adjacent lands.*

Sec. 5. Minnesota Statutes 1974, Section 105.37, is amended by adding a subdivision to read:

*Subd. 11. "Altered natural watercourse" means a former natural watercourse which has been affected by man made changes in straightening, deepening, narrowing, or widening of the original channel.*

Sec. 6. Minnesota Statutes 1974, Section 105.37, is amended by adding a subdivision to read:

*Subd. 12. "Artificial watercourse" means a watercourse which has been artificially constructed by man where there was no previous natural watercourse.*

Sec. 7. Minnesota Statutes 1974, Section 105.38, is amended to read:

**105.38 [DECLARATION OF POLICY.]** In order to conserve and utilize the water resources of the state in the best interests of the people of the state, and for the purpose of promoting the public health, safety and welfare, it is hereby declared to be the policy of the state:

(1) Subject to existing rights all waters of the state which serve a *material* beneficial public purpose are public waters subject to the control of the state. *In the determination of whether a beneficial public purpose exists, specific evidence of the present or future beneficial public purpose shall be evaluated in accordance with section 105.37, subdivision 6, and with reference to the existing land use of the area, the soil types surrounding and underlying the water, the ownership of the land surrounding the water, the relative agricultural and wildlife productivity of the area, and relevant provisions of a county or municipal shorelands ordinance enacted pursuant to section 105.485.* The public character of water shall not be determined exclusively by the proprietorship of the underlying, overlying, or surrounding land or on whether it is a body or stream of water which was navigable in fact or susceptible of being used as a highway for commerce at the time this state was admitted to the union. This section is not intended to affect determination of the ownership of the beds of lakes or streams.

(2) The state, to the extent provided by law from time to time, shall control the appropriation and use of surface and underground waters of the state.

(3) The state shall control and supervise, so far as practicable, any activity which changes or which will change the course, current, or cross-section of public waters, including but not limited to the construction, reconstruction, repair, removal, abandonment, the making of any other change, or the transfer of ownership of dams, reservoirs, control structures, and waterway obstructions in any of the public waters of the state.

Sec. 8. Minnesota Statutes 1974, Chapter 105, is amended by adding a section to read:

**[105.391] [PUBLIC WATERS INVENTORY AND CLASSIFICATION.]** *Subdivision 1. On the basis of all information available to him, the commissioner shall inventory the waterbasins of each county and make a preliminary designation as to which constitute public waters. The commissioner shall send his preliminary designation for each county to the county board of that county for its review and comment.*

*Subd. 2. Within 90 days after a county board has received the commissioner's preliminary designation, it shall notify the commissioner of any disagreement with his designation. The commissioner may extend the time within which a county may notify him of a disagreement.*

*Subd. 3. If there is no disagreement between the commissioner and a county concerning the preliminary designation of waterbasins in that county, the commissioner by rule shall designate as public waters those waterbasins listed in the preliminary designation. In the same rule making proceeding the commissioner may also designate as public waters any watercourses which have been determined to be public and classified as to the level of regulation in accordance with the procedures of the commissioner's interim rules. The designation of watercourses as public waters pursuant to this subdivision shall remain in effect until changed by rule of the commissioner following the inventory, designation, and classification of watercourses prescribed by this section. A hearing on proper designation of waterbasins or watercourses shall be held in the county in which the waters to be designated are located. Except as provided below, no waterbasin designated public water may be drained, and no permit authorizing drainage of a waterbasin containing public water may be issued, unless the public water being drained is replaced by a waterbasin which will have equal or greater public value. However, after a state water bank program has been established, a waterbasin designated public water which is eligible for inclusion in that program may be drained without a permit and without replacement of a waterbasin of equal or greater public value if the commissioner does not elect, within 60 days of the receipt of an application for a permit to drain the waterbasin, to either (1) place the waterbasin in the state waterbank program, or (2) acquire it pursuant to section 97.481, or (3) indemnify the landowner through any other appropriate means, including but not limited to conservation restrictions, easements, leases, or any applicable federal program. If the applicant is not offered his choice of any one of all of the above alternatives, he is entitled to drain the waters involved.*

*Subd. 4. If there is a disagreement between the commissioner and a county concerning the preliminary designation of a waterbasin as public waters in that county, the commissioner shall attempt to resolve the disagreement with the county within 60 days after receiving notice of disagreement from the county. During the 60 day period the commissioner may proceed, in the manner provided by subdivision 3, to make a final designation for those waterbasins which are not the subject of disagreement between the commissioner and the county.*

*Subd. 5. If after 60 days from the date of receiving notice of disagreement by a county, there remain matters upon which the commissioner and the county disagree, the commissioner shall order a public hearing to be held in the county and conducted pursuant to chapter 15. A hearings unit composed of two persons appointed by the commissioner, one person appointed by the affected county board and one person appointed by the area soil and water conservation district shall select a fifth member within 45 days of the public hearing order. If the fifth member of the hearings unit can-*

not be agreed upon by the four appointees within the 45 day period, then the state soil and water conservation board shall select such member within 30 days. In the event there is a watershed district whose boundaries include the waters involved, the district shall provide the hearings unit with its recommendations. Upon completion of the hearing and review of the hearing examiner's report, the hearings unit shall issue its findings of fact, conclusions and an order, which shall be considered the decision of an agency in a contested case for purposes of judicial review pursuant to section 15.0425. Upon receipt of the order of the hearings unit and after the appeal period has expired, or upon receipt of the final order of the court in the case of an appeal, the commissioner shall promulgate by rule a list of the waterbasins and watercourses determined to be public waters by the hearings unit, provided that unless any aggrieved party other than the commissioner or the affected county board seeks judicial review of the order of the hearings unit, pursuant to chapter 15, both the commissioner and the affected county board shall be bound by the order of the hearings unit and shall not be entitled to seek judicial review. A person who did not intervene pursuant to section 116B.09 in the initial action for judicial review of the order of the hearings unit shall not be entitled to maintain a subsequent civil action pursuant to section 116B.03. In the event the county appeals an order of the hearings unit, the commissioner shall be obligated to pay 50 percent of the appeal costs and disbursements of the county. In the event the commissioner appeals an order of the hearings unit, the commissioner shall be obligated to pay the costs and disbursements incurred by the county in defense of the appeal.

Subd. 6. From money appropriated to him for the following purposes, the commissioner shall grant aid to counties to facilitate an inventory of all watercourses for the purpose of designating which watercourses in the county are public waters and for the purpose of recommending a management classification for each watercourse. The commissioner shall consider the size of a county and the number of watercourses within the county when making a grant. Within a reasonable time following the grant of aid for a watercourse inventory, as specified by the commissioner, the county shall report to the commissioner on its watercourse inventory, its recommendations as to which watercourses in the county should be designated public waters, and its recommended management classifications. Within 90 days after receiving a county's report, the commissioner shall notify the county of any disagreement with the county's report. If there is no disagreement concerning a particular watercourse the commissioner shall by rule designate that watercourse public waters and shall specify its proper management classification. The commissioner shall attempt to resolve any disagreement between the commissioner and a county within 60 days after notifying the county of his disagreement. During the 60 day period the commissioner may proceed, in the manner provided by subdivision 3, to make a final designation for watercourses which are not the subject of disagreement between the commissioner and the county. If, after 60 days from the date the county receives notice of the commissioner's disagreement, there remain matters upon which the commissioner and a county disagree, the commissioner, in accordance with subdivision 5, shall present the disagreement to a

hearings unit as stipulated therein who shall conduct a public hearing which upon completion shall further comply with the provisions of subdivision 5 relating to judicial review, final order and appeal costs.

*Subd. 7. Waters of this state are public waters for the purposes of this section if they have been determined to be public waters or navigable waters by the district court or, if appealed, by the supreme court of this state or by the United States supreme court.*

*Subd. 8. Notwithstanding any other law to the contrary the procedures, rules and guidelines set forth in the order of the commissioner of natural resources dated March 4, 1976, and filed with the secretary of state by March 4, 1976, and given a document number by the secretary of state, shall be valid and enforceable emergency rules of the commissioner of natural resources for the purposes of Minnesota Statutes, Sections 15.0411 to 15.0422, with respect to public waters during the period between the effective date of this act and their designation as public waters pursuant to this section, without further act or deed of the commissioner.*

Sec. 9. Minnesota Statutes 1974, Chapter 105, is amended by adding a section to read:

[105.392] [WATER BANK PROGRAM.] *Subdivision 1. The legislature finds that it is in the public interest to preserve the wetlands of the state and thereby to conserve surface waters, to preserve wildlife habitat, to reduce runoff, to provide for flood-water retention, to reduce stream sedimentation, to contribute to improved subsurface moisture, to enhance the natural beauty of the landscape, and to promote comprehensive and total water management planning. Therefore, the commissioner of natural resources is authorized to promulgate rules, which shall include the procedures and payment rates designed to effectuate the terms of this section. This program is intended to supplement and complement the federal water bank program and the payment rates established shall be at least equal to the federal rates existing at the time any agreements are entered into.*

*Subd. 2. The commissioner shall have authority to enter into agreements with landowners for the conservation of wetlands. These agreements shall be entered into for a period of ten years, with provision for renewal for additional ten year periods. The commissioner may re-examine the payment rates at the beginning of any ten year renewal period in the light of the then current land and crop values and make needed adjustments in rates for any renewal period.*

*Wetlands eligible for inclusion in the waterbank program shall have all the following characteristics as determined by the commissioner: (a) types 3 or 4, as defined in U. S. Fish and Wildlife Service Circular No. 39 (1971 edition); (b) less than 50 acres in area; (c) declared public waters because of its beneficial public value as wildlife habitat; (d) its drainage is lawful, feasible, and practical; and (e) its drainage would provide high quality cropland and that is the projected land use.*

*Subd. 3. In the agreement between the commissioner and an owner, the owner shall agree:*

*(1) to place in the program for the period of the agreement eligible wetland areas he designates, which areas may include wetlands covered by a federal or state government easement which permits agricultural use, together with such adjacent areas as determined desirable by the commissioner;*

*(2) not to drain, burn, fill, or otherwise destroy the wetland character of such areas, nor to use such areas for agricultural purposes, as determined by the commissioner;*

*(3) to effectuate the wetland conservation and development plan for his land in accordance with the terms of the agreement, unless any requirement thereof is waived or modified by the commissioner;*

*(4) to forfeit all rights to further payments or grants under the agreement and to refund to the state all payments or grants received thereunder upon his violation of the agreement at any stage during the time he has control of the land subject to the agreement if the commissioner determines that such violation is of such a nature as to warrant termination of the agreement, or to make refunds or accept such payment adjustments as the commissioner may deem appropriate if he determines that the violation by the owner does not warrant termination of the agreement;*

*(5) upon transfer of his right and interest in the lands subject to the agreement during the agreement period, to forfeit all rights to further payments or grants under the agreement and refund to the state all payments or grants received thereunder during the year of the transfer unless the transferee of any such land agrees with the commissioner to assume all obligations of the agreement;*

*(6) not to adopt any practice specified by the commissioner in the agreement as a practice which would tend to defeat the purposes of the agreement; and*

*(7) to additional provisions which the commissioner determines are desirable and includes in the agreement to effectuate the purposes of the program or to facilitate its administration.*

*Subd. 4. In return for the agreement of the owner, the commissioner shall (1) make an annual payment to the owner for the period of the agreement at the rate as the commissioner determines to be fair and reasonable in consideration of the obligations undertaken by the owner; and (2) provide advice on conservation and development practices on the wetlands and adjacent areas for the purposes of this section as the commissioner determines to be appropriate. In making his determination, the commissioner shall consider, among other things, the rate of compensation necessary to encourage owners of wetlands to participate in the water bank program.*

*Subd. 5. Any agreement may be renewed or extended at the end of the agreement period for an additional period of ten years by mutual agreement of the commissioner and the owner, subject to*

*any rate redetermination by the commissioner. If during the agreement period the owner sells or otherwise divests himself of the ownership or right of occupancy of the land, the new owner may continue such agreement under the same terms or conditions, or enter into a new agreement in accordance with the provisions of this section, including the provisions for renewal and adjustment of payment rates, or he may choose not to participate in the program, except any water declared public waters shall not be drained.*

*Subd. 6. The commissioner may terminate any agreement by mutual agreement with the owner if the commissioner determines that the termination would be in the public interest, and may agree to any modification of agreements he may determine to be desirable to carry out the purposes of the program or facilitate its administration.*

Sec. 10. Minnesota Statutes 1974, Section 105.42, Subdivision 1a, is amended to read:

Subd. 1a. The commissioner shall recommend by January 15, 1975, to the legislature a comprehensive law containing standards and criteria governing the issuance and denial of permits under this section. These standards and criteria shall relate to the diversion of water from other uses and changes in the level of public waters to insure that projects will be completed and maintained in a satisfactory manner. *The commissioner may by rule identify classes of activities in waterbasins and classes of watercourses on which the commissioner may delegate permit authority to the appropriate county or city under such guidelines as the commissioner may provide based on agreement with the involved county or city and in compliance with the requirements of section 105.45.* After November 15, 1975, a permit shall be granted under this section only when the project conforms to state, regional, and local water and related land resources management plans, and only when it will involve a minimum of encroachment, change, or damage to the environment, particularly the ecology of the waterway. In those instances where a major change in the resource is justified, permits shall include provisions to compensate for the detrimental aspects of the change.

In unincorporated areas and, after January 1, 1976, in incorporated areas, permits that will involve excavation in the beds of public waters shall be granted only where the area in which the excavation will take place is covered by a shoreland conservation ordinance approved by the commissioner and only where the work to be authorized is consistent with the shoreland conservation ordinance. Each permit that will involve excavation in the public waters shall include provisions governing the deposition of spoil materials.

No permit affecting flood waters shall be granted except where the area covered by the permit is governed by a flood plain management ordinance approved by the commissioner and the conduct authorized by the permit is consistent with the flood plain management ordinance, provided that the commissioner has determined that sufficient information is available for the adop-

tion of a flood plain ordinance. No permit involving the control of flood waters by structural means, such as dams, dikes, levees, and channel improvements, shall be granted until after the commissioner has given due consideration to all other flood damage reduction alternatives. In developing his policy with regard to placing emergency levees along the banks of public waters under flood emergency conditions, the commissioner shall consult and cooperate with the office of emergency services.

No permit that will involve a change in the level of public waters shall be granted unless the shoreland adjacent to the waters to be changed is governed by a shoreland conservation ordinance approved by the commissioner and the change in water level is consistent with that shoreland conservation ordinance. Standards and procedures for use in deciding the level of a particular lake must insure that the rights of all persons are protected when lake levels are changed and shall include provisions for providing technical advice to all persons involved, for establishing alternatives to assist local agencies in resolving water level conflicts, and mechanics necessary to provide for local resolution of water problems within the state guidelines.

Sec. 11. Minnesota Statutes 1974, Section 106.021, Subdivision 2, is amended to read:

Subd. 2. [DRAINAGE OF WATERBASINS AND WATERCOURSES.] No lake waterbasin shall be completely drained nor shall any activity regulated by section 105.42 be initiated in a natural watercourse be channelized except upon until the determination of the commissioner of natural resources of the state of Minnesota that such lake waterbasin or natural watercourse is not public waters of the state as defined by section 105.38 ; or pursuant to the permit of the commissioner as provided in subdivision 3 . If a waterbasin or watercourse is determined to be public waters, the permissible drainage activities shall be governed by section 8, subdivisions 3 and 6, of this act.

Sec. 12. Minnesota Statutes 1974, Section 106.021, Subdivision 6, is amended to read:

Subd. 6. [CRITERIA FOR PROPOSED DRAINAGE SYSTEMS.] Before January 1, 1975, the commissioner of natural resources shall promulgate, in the manner provided in chapter 15, a list of criteria that County boards or court courts must consider the following criteria when establishing and improving drainage systems . No criteria relating to drainage systems, whether promulgated pursuant to this subdivision or pursuant to Laws 1973, Chapter 315, shall be effective prior to July 1, 1975. The criteria shall relate to the social, economic, and environmental impact of the proposed drainage systems, and shall be limited to the following for which a preliminary order pursuant to section 106.101, has not been issued prior to the effective date of this act :

(a) An economic analysis of The private and public benefits and costs derived from the proposed project ;

(b) *An analysis of The present and anticipated agricultural land acreage availability and use within the county project area ;*

(c) *An analysis of The flooding characteristics of project lands involved;*

(d) *An analysis of The alternative measures for the conservation, allocation, and development of the drainage waters;*

(e) *An analysis of The water quality effects as a result of the proposed project;*

(f) *An analysis of The fish and wildlife resources affected by the proposed project;*

(g) *An analysis of The shallow ground water availability, distribution, and use in the project area;*

(h) *An analysis of The overall environmental impact of all the criteria in items (a) to (g) ;*

(i) *The present and anticipated land use within the project area .*

Sec. 13. Minnesota Statutes 1974, Section 106.031, Subdivision 1, is amended to read:

106.031 [PETITION.] Subdivision 1. [FORM.] Before any public drainage system or other improvement authorized by sections 106.011 to 106.661 is established, a petition therefor shall be filed with the county auditor, if for a drainage system entirely within one county, or with the clerk of the district court pursuant to section 106.015, subdivision 1, if for a drainage system within two or more counties. Such petition shall be signed by not less than a majority of the resident owners of the land described in the petition or by the owners of at least 60 percent of the area of such land, exclusive of the holder of easements for electric or telephone transmission and distribution lines. The lands described in the petition shall be those over which the proposed ditch passes or upon which the improvement is located, and the petition shall set forth the description of such lands and shall set forth the necessity for the ditch or improvement, and that the same will be of public benefit and utility and will promote the public health, with the description of the starting point, the general course, and terminus or location of the same. The petition shall state that the petitioners will pay all costs and expenses which may be incurred in case the proceedings are dismissed or for any reason no contract for the construction thereof is let. Such petition may be signed by the authorized representative of any municipal corporation or by the commissioner of highways, or the authorized agent of any public institution or any corporation which may be affected by or assessed for the proposed construction; but in such case, the signature of such representatives, commissioner, agent, or corporation shall each count only as one signature on the petition. Each ditch proceeding shall be designated by number assigned by the auditor or clerk.

Sec. 14. Minnesota Statutes 1974, Section 106.081, Subdivision 1, is amended to read:

106.081 [PRELIMINARY SURVEY AND REPORT.] Subdivision 1. [SURVEY AND REPORT.] The engineer shall promptly proceed and examine all matters set forth in the petition and order and make such preliminary survey of the territory likely to be affected by the proposed improvement as will enable him to determine whether the same is necessary and feasible in compliance with reference to the requirements of section 106.021 , subdivision 6. *The engineer shall also examine and gather information concerning the factors stated in sections 105.37, subdivision 6, and 105.38, clause (1) for consideration in the determination of whether the proposed drainage system substantially affects any public water .* If some other plan than that described in the petition is found practical, the engineer shall so report, giving such detail and information as is necessary to inform the court or board on all matters pertaining to the feasibility of the proposed plan, either as outlined in the petition or according to a different plan recommended by the engineer. He shall show all changes, whether by extension, adding laterals, or otherwise, that may be necessary to make the plan of the proposed improvement practicable and feasible. If the construction of a ditch or drain is involved in the proposed improvement, the engineer shall examine and report the nature and capacity of the outlet and any necessary extension thereof.

Sec. 15. Minnesota Statutes 1974, Section 106.081, Subdivision 3, is amended to read:

Subd. 3. [INCLUSION IN PRELIMINARY REPORT.] If he finds the improvement petitioned for is feasible, and complies with the requirements of section 106.021, subdivision 6, he shall include in his report a preliminary plan of the proposed system showing thereon the proposed drain and laterals or other improvements, and the outlet thereof, together with the watershed of such drainage system and the lands and properties likely to be affected, including so far as known the names of the owners thereof. He shall show upon such plan the elevation of the outlet and the controlling elevations of the lands likely to be affected and also the probable size and character of the ditches and laterals necessary to make the plan practicable and feasible. All elevations so far as practical shall be referred to standard sea level datum. He shall show in his report the character of the outlet and the sufficiency thereof and also the probable cost of the drains and improvements shown on his plan, and all other information and data necessary to disclose the practicability, necessity and feasibility of the proposed improvement, including an analysis consideration of the project as required by section 106.021 , subdivision 6, and such other information as the board or court may order.

Sec. 16. Minnesota Statutes 1974, Section 106.081, Subdivision 4, is amended to read:

Subd. 4. [LIMITATION OF SURVEY.] The engineer shall confine his preliminary survey to the drainage area described in the petition, except to secure outlet, unless authorized by order of the board or court, with the consent of the bondsmen, at a hear-

ing after ten days notice by mail to the petitioners and bondsmen; and any investigation made by the engineer as to outlet, without such order, shall be confined to running the necessary levels to ascertain the distance necessary to secure the proper fall. The preliminary survey shall include ~~an~~ *analysis consideration* of the impact of the project as required by section 106.021, *subdivision 6*.

Sec. 17. Minnesota Statutes 1974, Section 106.091, Subdivision 1, is amended to read:

106.091 [FILING ENGINEER'S REPORT; COMMISSIONER'S REPORT.] Subdivision 1. [FILING.] Upon completion of his survey and report, the engineer shall file his report in duplicate with the auditor or clerk. The auditor or clerk shall transmit one copy thereof to the director of the division of waters, soils and minerals. If the ~~report be filed with the clerk~~ *proposed drainage system involves more than one county*, a duplicate thereof shall also be filed with the auditor of each county affected.

Sec. 18. Minnesota Statutes 1974, Section 106.091, Subdivision 2, is amended to read:

Subd. 2. [COMMISSIONER'S REPORT.] The commissioner of natural resources shall make an advisory report to the board or court giving his opinion as to the sufficiency and adequacy of the engineer's report. The commissioner shall set forth in his report any matters pertaining to the project which should be further investigated and evaluated in accordance with ~~section sections~~ *sections 105.37, subdivision 6; 105.38, clause (1), and 106.021, subdivision 6*. If the commissioner determines that the report is not adequate and sufficient, he shall so report *the specific inadequacies or insufficiencies*. The commissioner's initial report shall be filed with the auditor or clerk on or before the date fixed for the preliminary hearing or at any continuance thereof. The commissioner may request additional time for review and evaluation of the engineer's report in cases where such additional time can be shown to be necessary for proper evaluation. However, no request for additional time for filing the commissioner's report may be made after five days from the date of notice by the auditor or clerk that a date is to be fixed for the preliminary hearing. No extension of time shall exceed two weeks from the date of the request.

Sec. 19. Minnesota Statutes 1974, Section 106.101, Subdivision 4, is amended to read:

Subd. 4. Joint Rule 17 of the Senate and House is amended to read:

[FORM OF BILLS]

Rule 17. The title of each bill shall clearly state its subject and briefly state its purpose. When a bill amends or repeals an existing act, the title shall refer to the chapter, section or subdivision.

Reference shall be made to Minnesota Statutes for the provisions appearing therein, unless reference to previous session laws is required for some special reason.

Bills shall refer to Minnesota Statutes as follows:

“Minnesota Statutes\_\_\_\_\_, Section\_\_\_\_\_.”

Bills shall refer to the session laws as follows:

“Laws\_\_\_\_\_, Chapter\_\_\_\_\_, Section\_\_\_\_\_.”

A bill for the amendment of a statute shall contain the full text of the chapter, section, or subdivision to be amended as it appears in the latest edition of Minnesota Statutes, unless it has been amended at a later session, in which event it shall contain the full text as amended. The words and characters constituting the amending matter shall be inserted in the proper place in the text and underscored. The words and characters to be eliminated by the amendment shall be stricken by drawing a line through them. The text of a new section or subdivision shall also be underscored when a bill amends an existing chapter or section by adding a new section or subdivision. *In the omnibus appropriation bills required by Joint Rule 15, sections making an appropriation or transfer and not amending a statute or session law need not have new material underscored.* Before a committee favorably reports upon such a bill, the chairman of the committee shall see that the bill conforms to this rule. When a bill is printed, the new matter shall be in italics, or underscored, and the matter to be eliminated shall be capitalized and in parentheses, or stricken by drawing a line through it. A bill drafted by the Revisor of Statutes for the purpose of correcting errors in Minnesota Statutes need not comply with the provisions of this paragraph if the bill is labeled, immediately below the title “REVISOR’S BILL” and if there is attached thereto a memorandum of information explaining the reasons for the bill.

If the bill is for an original law and not for an amendment of an existing law, the sections and subdivisions shall be arranged subdivided, and numbered in like manner as Minnesota Statutes. If such a bill assigns to the sections thereof headnotes or identification by the decimal system of numbering used in Minnesota Statutes, such headnotes and decimal identification may be submitted by standing

committee chairmen to the Revisor of Statutes for his examination. Any such headnotes shall be in capital letters enclosed in brackets, and shall be subject to the provisions of Minnesota Statutes, Section 648.36.

All numbers in titles shall be expressed in figures. All numbers of section or chapter of laws shall be in figures. In the body of a bill numbers in excess of ten shall be in figures, except for a special reason they may be written, but when written they shall not be followed by numbers in parentheses.

S. F. No. 1686: A bill for an act relating to energy; establishing a state program of low interest loans to provide installation of

solar furnaces in single family dwellings; appropriating money; amending Minnesota Statutes 1974, Section 462A.05, by adding a subdivision.

Reports the same back with the recommendation that the bill be amended as follows:

Strike everything after the enacting clause and insert:

*“Section 1. [FINDINGS.] The legislature hereby finds and declares that conservation of energy supplies and utilization of alternative energy sources are necessary to prevent serious shortages of oil and natural gas, which shortages if allowed to further develop or continue will result in severe economic and social disorder in this nation thereby adversely affecting the health, safety and economic well-being of the people of this state. Public policies designed to encourage utilization of alternative sources must be developed to encourage and assist the private sector to make necessary adjustments and changes in energy use practices. In furtherance of necessary energy conservation activities the legislature hereby determines that public funds may validly and properly be expended to establish a public program of loans to residents of this state to enable the acquisition and installation of solar energy systems for new and existing residential housing.*

Sec. 2. Minnesota Statutes 1974, Section 462A.05, is amended by adding a subdivision to read:

*Subd. 17. (a) The agency shall make loans available to owners or builders of residential housing only to the extent of available appropriations for the purpose of installing solar energy systems for the housing. A loan shall be made upon such terms and conditions as the agency determines to be necessary to accomplish the purposes of this act and to provide reasonable security for repayment of the loan.*

*(b) For purposes of this subdivision the term “solar energy system” means a set of devices having as its primary purpose to collect solar energy and convert and store it for useful purposes including heating and cooling buildings or other energy-using processes, or to produce generated power by means of any combination of collecting, transferring, or converting solar-generated energy.*

*(c) The principal repayments of a loan under this subdivision shall be retained by the agency in a revolving loan fund and are hereby appropriated to the agency for further use in the program established by this subdivision.*

*(d) No loan shall be authorized until the agency determines that the solar energy system meets quality performance standards promulgated by the commissioner of administration. The building code division of the department of administration in consultation with the energy agency shall promulgate by December 31, 1976, pursuant to Minnesota Statutes, Chapter 15, equality and performance standards to insure that within the existing state of development, solar energy systems as defined in section 2, subd. 17(b) which are sold or installed within the state are*

*effective and represent a high standard of quality of material, workmanship, design, and performance. The department of administration in consultation with the energy agency shall modify existing standards and promulgate new standards subsequent to December 31, 1976 as new technology and materials become available.*

*Manufacturers or retailers of solar energy systems shall disclose to each bona fide potential purchaser of a system the extent to which the system meets or exceeds each quality standard.*

*(e) No loan shall be authorized unless the loan applicant agrees to conform the housing structure to energy conservation standards relating to the exterior envelope of the structure as promulgated by the commissioner of administration pursuant to section 116H.12.*

*(f) No loan shall be authorized until the applicant has submitted an economic analysis form to the local building inspector, as defined in section 16.861, and the inspector has (1) inspected the structure and the plans and specifications for the system, (2) approved the economic analysis form, and (3) delivered the form to the agency with a copy to the applicant. The form shall be prepared by the director of the agency after consultation with the commissioner of administration and the director of the energy agency. The form shall reflect the standards provided for in clauses (d) and (e). The inspector shall approve the form if he determines the data thereon to be accurate, and if he determines, pursuant to standards promulgated by rule by the director of the agency after consultation with the commissioner of administration and the director of the energy agency, that the installation of the system and any necessary energy conservation measures are economically feasible and will result in energy and cost savings over the anticipated life of the system and structure.*

*(g) No loan shall be authorized in excess of \$6,000 for the acquisition and installation of the system, and \$2,000 for necessary conservation measures to meet the standards of clause (e) in the structure for which the system is to be installed.*

*(h) The agency with the cooperation of the commissioner of economic development shall publicize the program established by this subdivision and may cooperate with other agencies or departments of state, federal or local government to further its purposes.*

*Sec. 3. There is appropriated from the general fund in the state treasury to the Minnesota housing finance agency the sum of \$ . . . . . for the purposes of making loans and paying administrative costs pursuant to the program established by this act."*

Amend the title by striking it in its entirety and inserting:

*"A bill for an act relating to housing; enabling the housing finance agency to make loans available for the acquisition and installation of solar energy systems and for improving energy conservation in the structure; appropriating money; amending Minnesota Statutes 1974, Section 462A.05, by adding a subdivision."*

And when so amended the bill do pass and be re-referred to the Committee on Finance. Amendments adopted. Report adopted.

"Seller-sponsored loan" means a loan in which part or all of the purchase price of the farm is financed by a loan from the seller of the property, and the remainder of the loan, if any, is supplied by a lender as defined in subdivision 7. The annual interest on a seller-sponsored loan shall not exceed 7 percent.*

*Subd. 9. "Family farm loan guarantee" means an agreement that in the event of default the state of Minnesota shall pay the lender all sums due and payable under the first real estate mortgage.*

*Subd. 10. "Payment adjustment" means an amount of money equal to four percent interest on the principal balance of the family farm security loan.*

**Sec. 3. [ADMINISTRATION.]** *Subdivision 1. The family farm security program shall be administered by the commissioner.*

**Subd. 2. [RULES.]** *The commissioner shall promulgate rules necessary for the efficient administration of sections 1 to 7; section 8, subdivisions 1 and 2; section 10, subdivisions 1 and 4; and section 15.*

**Subd. 3. [REPORT TO LEGISLATURE.]** *On or before January 1 of each year the commissioner shall submit a report to the legislature, as provided in Minnesota Statutes, Section 3.195, concerning the actions of the commissioner and the status of loans granted.*

**Sec. 4. [ADVISORY COUNCIL.]** *Subdivision 1. [COMPO-*

SITION.] *There is established a family farm advisory council composed of seven members appointed by the commissioner of agriculture as follows:*

- (a) Two officers from a commercial lending institution;*
- (b) One dairy farmer;*
- (c) One livestock farmer;*
- (d) One cash grain farmer;*
- (e) One officer from a farm credit association;*
- (f) One representative of consumers of food products who shall not be a farmer or lender.*

*Subd. 2. [TERMS AND COMPENSATION.] The council shall expire and the terms, compensation and removal of members of the council shall be governed by Minnesota Statutes, Section 15.059. The council shall meet monthly or more often as needed. Initial members shall be appointed for terms as follows: (a) for terms ending the first Monday in January, 1979: one officer from a commercial lending institution, the dairy farmer, the cash grain farmer, and the representative of consumers; and (b) for terms ending the first Monday in January, 1980: the remaining members.*

*Subd. 3. [CHAIRMAN.] The members of the council shall annually elect a chairman and other officers they deem necessary.*

*Subd. 4. [DUTIES.] The duties of the council shall be as follows:*

- (a) To review and appraise the family farm security program;*
- (b) To give advice and counsel to the commissioner regarding the family farm security program;*
- (c) To review all applications for family farm security loans and make recommendations to the commissioner as to their disposition;*
- (d) To make recommendations to the commissioner of agriculture, legislature and the public on or before December 31 or each year regarding any needed state policy or program changes to foster and promote the economic health and viability of the family farm.*

*Subd. 5. [STAFF; SERVICES.] The commissioner of agriculture shall provide the council with necessary staff, office space and administrative services.*

*Sec. 5. [ELIGIBILITY.] A family farm security loan approval may be granted if the following criteria are satisfied:*

- (a) That the applicant is a resident of the state of Minnesota, or shows sufficient evidence that he intends to become a resident;*
- (b) That the applicant has sufficient education, training, or experience in the type of farming for which he wishes the loan and*

*continued participation in a farm management program, approved by the commissioner, for the duration of the family farm security loan;*

*(c) That the applicant and spouse have total net worth valued at less than \$50,000 and has demonstrated a need for the loan;*

*(d) That the applicant intends to purchase farm land to be used by the applicant for agricultural purposes;*

*(e) that the applicant is credit worthy according to standards prescribed by the commissioner.*

**Sec. 6. [PROCEDURE.] Subdivision 1. [APPLYING FOR LOAN; LOAN DENIED.]** *Any person desiring to acquire farm land may make application with a lender for a family farm security loan. Upon completion of the appropriate forms by the applicant and the lender, the lender shall forward the application to the commissioner for approval. The commissioner shall prescribe a screening process to determine eligibility and he may arrange for local lenders to perform this function for the state. The commissioner may approve the application if the criteria of sections 5 and 7 are satisfied, and shall notify the applicant and the lender of his decision.*

*If the application is denied, the commissioner shall return the application to the lender with a written statement of the reasons for the denial. The applicant shall be given a copy of the reasons for the denial of the loan. If the circumstances of the applicant change such that he becomes eligible, he may reapply.*

**Subd. 2. [APPROVED LOANS.]** *If the commissioner approves the loan application, he shall retain a copy of the application for his files and return the original to the lender. The applicant and the lender may then complete the transaction for the loan.*

**Subd. 3. [PRIVACY OF RECORDS.]** *The information contained in an application and the statement of reasons for the denial of an application shall be private data on individuals as defined in Minnesota Statutes, Section 15.162.*

**Subd. 4. [DEFAULT; FILING CLAIM.]** *Within 90 days of a default on a guaranteed family farm security loan, the lender shall send notice to the applicant stating that the commissioner must be notified if the default continues for another 90 days, and the consequences of that default. The lender and the applicant may agree to take any steps reasonable to assure the fulfillment of the loan obligation.*

*After 180 days from the initial default, if the applicant has not made arrangements to meet his obligation, the lender shall file a claim with the commissioner, identifying the loan and the nature of the default, and assigning to the state all of the lender's security and interest in the loan in exchange for payment according to the terms of the family farm security loan guarantee. If the commissioner determines that the terms of the family farm security loan guarantee have been met, he shall authorize payment of state funds to the lender, and shall notify the defaulting party.*

*The state of Minnesota shall then become the holder of the mortgage and taxes shall be levied and paid on the land as though the owner were a natural person and not a political subdivision of the state. The commissioner may, on behalf of the state, commence foreclosure proceedings in the manner provided by law. In the event that title to the property is acquired by the state, he shall arrange for fair market value appraisal of the farm land and shall accept applications from prospective purchasers who meet the criteria of sections 5 and 7 and have the support of a lender willing to finance the purchase. If an application is accepted by the commissioner, the property will be sold to the applicant and treated as though it were a new family farm security loan. If no buyer who is a qualified applicant can be found within 90 days at the fair market price as determined by the commissioner, the commissioner shall advertise the property and sell it to the highest bidder.*

*Subd. 5. [GUARANTEE VOID.] The loan guarantee shall be void only if the guaranteed loan was obtained by fraud or material misrepresentation of which the original lender or subsequent holder had actual knowledge.*

*Sec. 7. [TERMS OF THE LOAN.] Subdivision 1. A family farm security loan shall be transacted on forms provided by the commissioner with the advice of the attorney general. The commissioner shall establish an appraisal procedure and shall thereby determine the value of the property before guaranteeing a family farm security loan.*

*Subd. 2. [PAYMENT ADJUSTMENT.] To be eligible for payment adjustment a family farm security loan shall have a maximum term of 20 years and shall provide for payments at least annually so that the loan shall be amortized over its term with equal annual payments of principal and interest. During the first ten years of a family farm security loan, the commissioner shall annually pay to the lender four percent of the outstanding balance due at the beginning of that year and the applicant shall pay the remainder of the payment due. After the tenth year, the applicant shall make payments according to the stated interest rate. The applicant may petition the commissioner for one ten year renewal of the payment adjustment. If a renewal is granted, in the 21st year the applicant shall reimburse the commissioner for the sums paid on the applicant's behalf under this subdivision. If no renewal is granted, the applicant shall reimburse the commissioner in the 11th year for the sums paid on the applicant's behalf under this subdivision. The obligation to repay the payment adjustment shall be a lien against the property.*

*Subd. 3. [ANNUAL REVIEW OF NET WORTH.] The applicant and spouse shall annually submit to the commissioner a statement of their net worth. If their net worth in any year exceeds the sum of \$100,000, the applicant shall be ineligible for a payment adjustment in that year.*

*Sec. 8. [SELLER-SPONSORED LOANS.] Subdivision 1. [AUTHORIZATION.] The commissioner may provide a guarantee to the lenders on seller-sponsored loans when the buyer satisfies the eligi-*

bility criteria in section 5. The commissioner may also provide a payment adjustment on behalf of the applicant in the case of seller-sponsored loans.

*Subd. 2. [NEGOTIABILITY AND MARKETABILITY.] A seller-sponsored loan shall be secured by a purchase money first real estate mortgage evidenced by negotiable note or notes as defined in Minnesota Statutes, Section 336.3-104. The commissioner must be notified in writing within 30 days after a family farm security loan note is sold or exchanged.*

*Subd. 3. [TAXABILITY.] The interest earned by the seller of the property on a seller-sponsored loan that is guaranteed by the commissioner shall be excludable from gross income for the year in which it is received.*

Sec. 9. Minnesota Statutes, 1975 Supplement, Section 290.08, is amended by adding a subdivision to read:

*Subd. 23. The interest earned by the seller of the property on a seller-sponsored loan that is guaranteed by the commissioner of agriculture under the provisions of sections 1 to 15.*

Sec. 10. [SALE OR CONVEYANCE.] *Subdivision 1. [IMMEDIATE REPAYMENT OF LOAN.] Any applicant who sells or conveys the property for which a family farm security loan was issued shall immediately retire the entire indebtedness still owed to the lender and the commissioner. The new owner may negotiate a family farm security loan in his own right, but under no circumstances may the original loan be assumed by the new owner. This subdivision is not intended to prohibit the applicant from granting a security interest in the property for the purposes of securing an additional loan.*

*Any applicant who fails to maintain the land covered by a family farm security loan in active agricultural production for a period of time longer than one year shall be in default. Such a default may be waived by the commissioner in the event of a physical disability or other extenuating circumstances.*

*Subd. 2. [TAX PENALTY ON CAPITAL GAIN.] Minnesota Statutes, Chapter 290 shall apply to determine the amount of the gain realized on the sale of property for which a family farm security loan has been issued. The tax imposed by chapter 290 shall be imposed on the following percentages of any gain realized on the sale of the property:*

*Time lapsed from issuance of loan*

	<i>At least</i>	<i>but less than</i>	<i>percent</i>
<i>(a)</i>		<i>1 year</i>	<i>100</i>
<i>(b)</i>	<i>1 year</i>	<i>3 years</i>	<i>90</i>
<i>(c)</i>	<i>3 years</i>	<i>5 years</i>	<i>80</i>
<i>(d)</i>	<i>5 years</i>	<i>7 years</i>	<i>70</i>
<i>(e)</i>	<i>7 years</i>	<i>9 years</i>	<i>60</i>
<i>(f)</i>	<i>9 years</i>	<i>10 years</i>	<i>50</i>

*This tax shall no longer be applicable and the tax imposed by chapter 290 shall apply when the property for which a family farm security loan was issued has been held by the applicant for more than ten years after the issuance of the loan. Chapter 290 shall apply when the applicant has realized a loss on the sale of the property.*

Sec. 11. [DISCRIMINATION PROHIBITED.] *In carrying out their respective duties under this act, the council and the commissioner shall not discriminate between applicants because of race, color, creed, religion, national origin, sex, marital status, disability, political or ideological persuasion.*

Sec. 12. Minnesota Statutes 1974, Section 48.24, Subdivision 5, is amended to read:

Subd. 5. Loans or obligations shall not be subject under this section to any limitation based upon such capital and surplus to the extent that they are secured or covered by guarantees, or by commitments or agreements to take over or to purchase the same, made by *the commissioner of agriculture on the purchase of agricultural land* or by any Federal Reserve bank or by the United States or any department, bureau, board, commission, or establishment of the United States, including any corporation wholly owned directly or indirectly by the United States.

Sec. 13. Minnesota Statutes, 1975 Supplement, Section 290.01, Subdivision 20, is amended to read:

Subd. 20. [GROSS INCOME.] Except as otherwise provided in this chapter, the term "gross income," as applied to corporations includes every kind of compensation for labor or personal services of every kind from any private or public employment, office, position or services; income derived from the ownership or use of property; gains or profits derived from every kind of disposition of, or every kind of dealing in, property; income derived from the transaction of any trade or business; and income derived from any source.

For each of the taxable years beginning after December 31, 1960 and prior to January 1, 1971, the term "gross income" in its application to individuals, estates, and trusts, shall mean the adjusted gross income as computed for federal income tax purposes as defined in the Internal Revenue Code of 1954, as amended through December 31, 1970 for the applicable taxable year, with the modifications specified in this section.

For each of the taxable years beginning after December 31, 1970, the term "gross income" in its application to individuals, estates, and trusts shall mean the adjusted gross income as computed for federal income tax purposes as defined in the Internal Revenue Code of 1954, as amended through the date specified herein for the applicable taxable year, with the modifications specified in this section.

(i) The Internal Revenue Code of 1954, as amended through December 31, 1970, shall be in effect for taxable years beginning after December 31, 1970 and prior to January 1, 1973.

(ii) The Internal Revenue Code of 1954, as amended through December 31, 1972, shall be in effect for taxable years beginning after December 31, 1972.

(iii) The Internal Revenue Code of 1954, as amended through December 31, 1973, shall be in effect for taxable years beginning after December 31, 1973.

(iv) The Internal Revenue Code of 1954, as amended through December 31, 1974, shall be in effect for the taxable years beginning after December 31, 1974.

References to the Internal Revenue Code of 1954 in Clauses (a), (b) and (c) following shall mean the code in effect for the purpose of defining gross income for the applicable taxable year.

(a) Modifications increasing federal adjusted gross income. There shall be added to federal adjusted gross income:

(1) Interest income on obligations of any state other than Minnesota or a political subdivision of any such other state exempt from federal income taxes under the Internal Revenue Code of 1954;

(2) Interest income on obligations of any authority, commission, or instrumentality of the United States, which the laws of the United States exempt from federal income tax, but not from state income taxes;

(3) Income taxes imposed by this state or any other taxing jurisdiction, to the extent deductible in determining federal adjusted gross income and not credited against federal income tax;

(4) Interest on indebtedness incurred or continued to purchase or carry securities the income from which is exempt from tax under chapter 290, to the extent deductible in determining federal adjusted gross income;

(5) Amounts received as reimbursement for an expense of sickness or injury which was deducted in a prior taxable year to the extent that the deduction for such reimbursed expenditure resulted in a tax benefit;

(6) Losses which do not arise from events or transactions which are assignable to Minnesota under the provisions of sections 290.17 to 290.20, including any capital loss or net operating loss carryforwards or carrybacks resulting from such losses, and including any such nonassignable losses which occur prior to the time the individual becomes a resident of the state of Minnesota;

(7) The amount of any federal income tax overpayment for any previous taxable year, received as refund or credited to another taxable year's income tax liability, proportionate to the percentage of federal income tax that was claimed as a deduction in determining Minnesota income tax for such previous taxable year.

The overpayment refund or credit, determined with respect to a husband and wife on a joint federal income tax return for a previous taxable year, shall be reported on joint or separate Minnesota income tax returns. In the case of separate Minnesota returns,

the overpayment shall be reported by each spouse proportionately according to the relative amounts of federal income tax claimed as a deduction on his or her separate Minnesota income tax return for such previous taxable year;

(8) In the case of a change of residence from Minnesota to another state or nation, the amount of moving expenses which exceed total reimbursements and which were therefore deducted in arriving at federal adjusted gross income;

(9) In the case of property disposed of on or after January 1, 1973, the amount of any increase in the taxpayer's federal tax liability under section 47 of the Internal Revenue Code of 1954, as amended through December 31, 1974, to the extent of the credit under section 38 of the Internal Revenue Code of 1954, as amended through December 31, 1974, that was previously allowed as a deduction either under section 290.01, subdivision 20 (b) (9) or under section 290.09, subdivision 24; and

(10) Expenses and losses arising from a farm which are not allowable under section 290.09, subdivision 29;

(11) Expenses and depreciation attributable to substandard buildings disallowed by section 290.101.

(b) Modifications reducing federal adjusted gross income. There shall be subtracted from federal adjusted gross income:

(1) Interest income on obligations of any authority, commission or instrumentality of the United States to the extent includible in gross income for federal income tax purposes but exempt from state income tax under the laws of the United States;

(2) The portion of any gain, from the sale or other disposition of property having a higher adjusted basis for Minnesota income tax purposes than for federal income tax purposes, that does not exceed such difference in basis; but if such gain is considered a long-term capital gain for federal income tax purposes, the modification shall be limited to fifty per centum of such portion of the gain. This modification shall not be applicable if the difference in basis is due to disallowance of depreciation pursuant to section 290.101.

(3) Interest or dividend income on securities to the extent exempt from income tax under the laws of this state authorizing the issuance of such securities but includible in gross income for federal income tax purposes;

(4) Income which does not arise from events or transactions which are assignable to Minnesota under the provisions of sections 290.17 to 290.20;

(5) Losses, not otherwise reducing federal adjusted gross income assignable to Minnesota, arising from events or transactions which are assignable to Minnesota under the provisions of sections 290.17 to 290.20, including any capital loss or net oper-

ating loss carryforwards or carrybacks resulting from such losses;

(6) If included in federal adjusted gross income, the amount of any overpayment of income tax to Minnesota, or any other state, for any previous taxable year, whether such amount is received as a refund or credited to another taxable year's income tax liability;

(7) The amount of any pension or benefit which is excluded from gross income under the provisions of section 290.08, subdivision 6; and

(8) The amount of compensation for personal services in the armed forces of the United States or the United Nations which is excluded from gross income under the provisions of section 290.65; and

(9) In the case of property acquired on or after January 1, 1973, the amount of any credit to the taxpayer's federal tax liability under section 38 of the Internal Revenue Code of 1954, as amended through December 31, 1974, but only to the extent that the credit is connected with or allocable against the production or receipt of income included in the measure of the tax imposed by this chapter;

*(10) The interest on any payment adjustment received by the seller of the property on a seller-sponsored loan that is guaranteed by the commissioner of agriculture as provided by sections 5, 6, 7, and 8 of this act;*

(c) Modifications affecting shareholders of electing small business corporations under section 1372 of the Internal Revenue Code of 1954, or section 290.972 of this chapter.

(1) Shareholders in a small business corporation, which has elected to be so taxed under the Internal Revenue Code of 1954, but has not made an election under section 290.972 of this chapter, shall deduct from federal adjusted gross income the amount of any imputed income from such corporation and shall add to federal adjusted gross income the amount of any loss claimed as a result of such stock ownership. Also there shall be added to federal adjusted gross income the amount of any distributions in cash or property made by said corporation to its shareholders during the taxable year.

(2) In cases where the small business corporation has made an election under section 1372 of the Internal Revenue Code of 1954, but has not elected under section 290.972 of this chapter and said corporation is liquidated or the individual shareholder disposes of his stock and there is no capital loss reflected in federal adjusted gross income because of the fact that corporate losses have exhausted the shareholders basis for federal purposes, such shareholders shall be entitled, nevertheless, to a capital loss commensurate to their Minnesota basis for the stock.

(3) In cases where the election under section 1372 of the Internal Revenue Code of 1954 antedates the election under section 290.972

of this chapter and at the close of the taxable year immediately preceding the effective election under section 290.972 the corporation has a reserve of undistributed taxable income previously taxed to shareholders under the provisions of the Internal Revenue Code of 1954, in the event and to the extent that such reserve is distributed to shareholders such distribution shall be taxed as a dividend for purposes of this act.

Items of gross income includible within these definitions shall be deemed such regardless of the form in which received. Items of gross income shall be included in gross income of the taxable year in which received by a taxpayer unless properly to be accounted for as of a different taxable year under methods of accounting permitted by section 290.07, except that (1) amounts transferred from a reserve or other account, if in effect transfers to surplus, shall, to the extent that such amounts were accumulated through deductions from gross income or entered into the computation of taxable net income during any taxable year, be treated as gross income for the year in which the transfer occurs, but only to the extent that such amounts resulted in a reduction of the tax imposed by this act, and (2) amounts received as refunds on account of taxes deducted from gross income during any taxable year shall be treated as gross income for the year in which actually received, but only to the extent that such amounts resulted in a reduction of the tax imposed by this act.

(d) Modification in computing taxable income of the estate of a decedent. Amounts allowable under section 291.07, subdivision 1(2) in computing Minnesota inheritance tax liability shall not be allowed as a deduction in computing the taxable income of the estate unless there is filed within the time and in the manner and form prescribed by the commissioner a statement that the amounts have not been allowed as a deduction under section 291.07 and a waiver of the right to have such amounts allowed at any time as deductions under section 291.07. The provisions of this paragraph shall not apply with respect to deductions allowed under section 290.077 (relating to income in respect of decedents). In the event that the election made for federal tax purposes under section 642(g) of the Internal Revenue Code of 1954 differs from the election made under this paragraph appropriate modification of the estate's federal taxable income shall be made to implement the election made under this paragraph in accordance with regulations prescribed by the commissioner.

Sec. 14. Minnesota Statutes, 1975 Supplement, Section 290.09, Subdivision 4, is amended to read:

Subd. 4. [TAXES.] Taxes paid or accrued within the taxable year, except (a) income or franchise taxes imposed by this chapter; (b) taxes assessed against local benefits of a kind deemed in law to increase the value of the property assessed; (c) inheritance, gift and estate taxes except as provided in section 290.077, subdivision 4; (d) cigarette and tobacco products excise tax imposed on the consumer; (e) that part of Minnesota property taxes for which a credit or refund is claimed and allowed under section 290.0603 or 290.066; (f) federal income taxes, by corporations, national and state banks except as provided in section 290.18; and (g) *the tax imposed by section 10, subdivision 2, of this act when the property has been held for less*

than ten years after the issuance of the loan; and ~~(g)~~ (h) tax paid by any corporation or national or state bank to any foreign country or possession of the United States to the extent that a credit against federal income taxes is allowed under the provisions of the Internal Revenue Code of 1954, as amended through December 31, 1974. If the taxpayer's foreign tax credit consists of both foreign taxes deemed paid and foreign taxes actually paid or withheld, it will be conclusively presumed that foreign taxes deemed paid were first used by the taxpayer in its foreign tax credit. Minnesota gross income shall include the amount of foreign tax paid which had been allowed as a deduction in a previous year, provided such foreign tax is later allowed as a credit against federal income tax. Income taxes permitted to be deducted hereunder shall, regardless of the methods of accounting employed, be deductible only in the taxable year in which paid. Taxes imposed upon a shareholder's interest in a corporation which are paid by the corporation without reimbursement from the shareholder shall be deductible only by such corporation.

Sec. 15. [APPROPRIATIONS.] *Subdivision 1. There is appropriated from the general fund to a special account in the state treasury the sum of \$10,000,000 to be invested by the state board of investment in such securities as authorized by law.*

For the purpose of insuring fund integrity, separate bank accounts shall be maintained for building construction funds, debt redemption funds, trust and agency funds, and sinking funds for outstanding bonds. Nothing in this subdivision shall be construed to prohibit the use of common bank accounts for other funds unless prohibited by law.*

The standards for this uniform auditing or verification procedure shall be promulgated by the state board pursuant to chapter 15. If a school district applies to the commissioner for a statutory operating debt verification or if the unaudited financial statement for the school year ending June 30, 1977 reveals that a statutory operating debt might exist, the commissioner shall require a verification of the amount of the statutory operating debt which actually does exist.

Subd. 3. If an audit or other verification procedure conducted pursuant to subdivision 2 determines that a statutory operating debt exists and does not come within the provisions of subdivision 4, a district shall follow the procedures set forth in section 56 of this act to eliminate this operating debt.

Subd. 4. If the amount of the statutory operating debt verified pursuant to subdivision 2 is less than three percent of the most recent fiscal year's expenditure amount for the funds considered under subdivision 1, the net negative fund balance shall not qualify as statutory operating debt for the purposes of this section and sections 20 and 56 of this act.

Subd. 5. The commissioner of education shall certify the amount of statutory operating debt for each school district. Prior to June 30, 1979, the commissioner may, on the basis of corrected figures, adjust the total amount of statutory operating debt certified for any district.

Subd. 6. On January 15, 1998, the commissioner of education shall report to the legislature on the districts for which the levy allowable under section 56 of this act has been insufficient to eliminate the statutory operating debt of the district, determined as of June 30, 1977.

Subd. 7. This section and the provisions of section 56 of this act shall be applicable only to common, independent, and special school districts and districts formed pursuant to Laws 1967, Chapter 822, as amended, and Laws 1969, Chapters 775 and 1060, as amended. This section and the provisions of section 56 of this act shall not apply to Independent School District No. 625.

(a) Beginning in fiscal year 1978 and each year thereafter, a district which had statutory operating debt on June 30, 1977 pursuant to section 19 of this act shall limit its expenditures in each fiscal year to the amount of revenue recognized in the same fiscal year in accordance with the Uniform Financial Accounting and Reporting System for Minnesota School Districts.

(b) The expenditures of a district for each fiscal year shall be limited so that the amount of its statutory operating debt calculated for that fiscal year pursuant to section 19 of this act is not greater than the amount of the district's statutory operating debt as of June 30, 1977, as certified and adjusted by the commissioner;

(1) reduced by an amount equal to the cumulative entries to that district's "Reserve Account for Reducing Operating Debt";

(2) increased by an amount equal to two and one half percent of that district's operating expenditures for the fiscal year immediately preceding the fiscal year for which the statutory operating debt calculation is being made.

(c) When a district is no longer required to levy pursuant to section 56 of this act, subdivision 2 of this section shall be applicable.

Subd. 2. Beginning in fiscal year 1978 and each year thereafter, any district not subject to subdivision 1 shall limit its expenditures so that its appropriate fund balances shall not constitute statutory operating debt as defined and limited in section 19 of this act.

Subd. 3. If a school district does not limit its expenditures in accordance with this section, the commissioner shall so notify the appropriate committees of the legislature by no later than January 1 of the year following the end of that fiscal year.

Sec. 21. [121.99] [PARTICIPATION IN COMPUTER SYSTEMS.] Subdivision 1. On or before July 1, 1980, all Minnesota school districts shall convert financial accounting and reporting operations to a computer based financial management accounting and reporting system utilizing regional or other computing facilities and utilizing accounts and records defined in accordance with the Uniform Financial Accounting and Reporting System for Minnesota School Districts.

Subd. 2. After July 1, 1980, participation in a computer based financial management accounting and reporting system shall be mandatory. The form of this participation shall be appealable to the commissioner.

Sec. 22. Minnesota Statutes 1974, Section 123.37, Subdivision 1, is amended to read:

123.37 [INDEPENDENT SCHOOL DISTRICTS, CONTRACTS.] Subdivision 1. No contract for work or labor, or for the purchase of furniture, fixtures, or other property, except books registered under the copyright laws, or for the construction or repair of school houses, the estimated cost or value of which shall exceed: (a) \$3,000 for school districts with an enrollment of students in grades 1 to 12 of less than 10,000, or (b) \$5,000 for all other school districts that specified in section 471.345, subdivision 3, shall be made by the school board without first advertising for bids or proposals by two weeks' published notice in the official newspaper. Such notice shall state the time and place of receiving bids and contain a brief description of the subject matter.

Such additional publication in the official newspaper or elsewhere may be made as the board shall deem necessary.

After taking into consideration conformity with the specifications, terms of delivery, and other conditions imposed in the call for bids, every such contract shall be awarded to the lowest responsible bidder, duly executed in writing, and the person to whom the same is awarded shall give a sufficient bond to the board for its faithful performance, and otherwise conditioned as required by

law. A record shall be kept of all bids, with names of bidders and amount of bids, and with the successful bid indicated thereon. A bid containing an alteration or erasure of any price contained in the bid which is used in determining the lowest responsible bid shall be rejected unless the alteration or erasure is corrected as herein provided. An alteration or erasure may be crossed out and the correction thereof printed in ink or typewritten adjacent thereto and initialed in ink by the person signing the bid. In the case of identical low bids from two or more bidders, the board may, at its discretion, utilize negotiated procurement methods with the tied low bidders for that particular transaction, so long as the price paid does not exceed the low tied bid price. In the case where only a single bid is received, the board may, at its discretion, negotiate a mutually agreeable contract with the bidder so long as the price paid does not exceed the original bid. If no satisfactory bid is received, the board may readvertise. Standard requirement price contracts established for supplies or services to be purchased by the district shall be established by competitive bids. Such standard requirement price contracts may contain escalation clauses and may provide for a negotiated price increase or decrease based upon a demonstrable industrywide or regional increase or decrease in the vendor's costs. Either party to the contract may request that the other party demonstrate such increase or decrease. The term of such contracts shall not exceed two years with an option on the part of the district to renew for an additional two years. Provided that in the case of purchase of perishable food items except milk for school lunches and vocational training programs a contract of any amount may be made by direct negotiation by obtaining two or more written quotations for the purchase or sale, when possible, without advertising for bids or otherwise complying with the requirements of this section or section 471.345, subdivision 3. All quotations obtained shall be kept on file for a period of at least one year after receipt thereof.

Every contract made without compliance with the provisions of this section shall be void. Provided, that in case of the destruction of buildings or injury thereto, where the public interest would suffer by delay, contracts for repairs may be made without advertising for bids.

Firm bid contracts for the purchase of milk and ice cream renegotiated between August 25, 1973 and July 1, 1974 which provide for a price increase or decrease based upon a demonstrable industrywide or regional increase in the vendor's costs are valid and not void under this subdivision; provided that the adjustment shall not exceed the increase or decrease authorized in the applicable federal marketing order for raw milk; and provided further that a school district which did not renegotiate its contract before February 1, 1974, shall not adjust its contract to provide for price increases or decreases for purchases made before February 1, 1974.

Sec. 23. Minnesota Statutes 1974, Section 123.37, Subdivision 1b, is amended to read:

Subd. 1b. Notwithstanding the provisions of subdivision 1 or

section 471.345 , a contract for the transportation of school children may be made either by direct negotiation , by obtaining two or more written quotations for the service , when possible, or upon sealed bids. At least 30 days before awarding a directly negotiated contract, the school district shall, by published notice, request quotations for the service to be provided. All quotations obtained shall be kept on file for a period of at least one year after receipt thereof. If a contract is made by direct negotiation, negotiations shall be carried on at a meeting of the school board open to the public. If a contract is made upon sealed bids, the procedure for advertising and awarding bids shall conform to the provisions of subdivision 1.

Sec. 24. Minnesota Statutes, 1975 Supplement, Section 124.04, is amended to read:

124.04 [CAPITAL EXPENDITURE TAXING AUTHORITY.] In addition to the tax levy prescribed by law for general and special school purposes, the board of any district may levy annually an amount such that the sum of the levy and attached machinery aid for capital outlay purposes calculated pursuant to section 273.138, subdivision 3, clause (1), shall not exceed *the greater of \$70 per pupil unit or, in 1976 and 1977, \$70 per 1975-76 pupil unit or, in districts where the pupil unit count is increased pursuant to section 124.17, subdivision 1, clause (7), \$75 per pupil unit.* No levy under this section shall exceed 10 mills on each dollar of assessed valuation of the taxable property in the district as adjusted for the preceding year by the equalization aid review committee notwithstanding the provisions of sections 272.64 and 275.49 ; ~~provided that said levy may not exceed by more than two mills (three mills if the district adds units pursuant to section 124.17, subdivision 1 clause (7)) the levy under this section in the previous year and provided further that any district which did not levy pursuant to this section in 1972 may certify a maximum levy of six mills not to exceed \$65 per pupil unit in 1974 .~~ The tax so levied shall be collected in the manner provided by law for the collection of school taxes. The proceeds of the tax may be used only to acquire land, improve and repair school sites, to equip, re-equip, repair and improve buildings and permanent attached fixtures, and to pay leasing fees for computers and computer services. Subject to the commissioner's approval, the tax proceeds may also be used to rent or lease buildings for school purposes and to acquire or construct buildings. The board shall establish a fund in which the proceeds of this tax shall be accumulated until expended.

The proceeds of the tax shall not be used for custodial or other maintenance services.

Sec. 25. Minnesota Statutes, 1975 Supplement, Section 124.17, Subdivision 2, is amended to read:

Subd. 2. Membership for pupils in grades kindergarten through twelve and for handicapped prekindergarten pupils shall mean the number of pupils on the current roll of the school, counted from the date of entry until withdrawal. The date of withdrawal shall

mean the day the pupil permanently leaves the school or the date it is officially known that the pupil has left or has been legally excused; provided that any pupil, regardless of age, who has been absent from school without a legally justifiable excuse for 15 consecutive school days shall be dropped from the roll and classified as withdrawn. Nothing in Extra Session Laws 1971, Chapter 31, shall be construed as waiving the compulsory attendance provisions cited in section 120.10. Average daily membership shall equal the sum for all pupils of the number of days of the school year each pupil is enrolled in the district's schools divided by the number of days said schools are in session. For districts operating 12 months schools, days schools are in session shall mean the number of session days required by section 124.19, subdivision 1. The average daily membership of a pupil enrolled on a shared time basis shall equal the ratio of the total minutes for which such pupil is enrolled and the minimum minutes required during the year for a regularly enrolled public school pupil. Foundation aid for shared time pupils shall equal the amount which would accrue if shared time pupil units, counted pursuant to *subdivision 1, clauses (1) and (2) of this section*, were added to the district's total pupil units used in determining its foundation aid. *Foundation aid for shared time pupils shall be in addition to any other aid to which the district is otherwise entitled and shared time pupil units shall not be used for any other computation under subdivision 1 or for any computation under section 124.04.* A district shall not be entitled to transportation aid under section ~~124.22~~ 124.222 for pupils enrolled on a shared time basis unless the statutes specifically provide for transportation aid to such student. This subdivision shall be effective July 1, 1975 as applied to shared time foundation aid and July 1, 1976 as applied to pupils in area vocational-technical schools.

Sec. 26. Minnesota Statutes, 1975 Supplement, Section 124.212, Subdivision 8a, is amended to read:

(2) For districts which received payments under sections 294.21 to 294.28; 298.23 to 298.28; 298.32; 298.34 to 298.39; 298.391 to 298.396; 298.405; 298.51 to 298.67; any law imposing a tax upon severed mineral values, or under any other distributing proceeds in lieu of ad valorem tax assessments on copper or nickel properties; the foundation aid shall be reduced in the August adjustment payment by the previous fiscal year's payment to the

district pursuant to said sections times the ratio of the maximum levy allowed the district under section 275.125, subdivision 2a, to the total levy allowed by section 275.125 for collection in the calendar year ending during the aforementioned fiscal year, but not to exceed 40 percent in the August 1975 adjustment, 45 percent in the August 1976 adjustment, and 50 percent in the August 1977 adjustment of the previous fiscal year's payment.

Sec. 52. Minnesota Statutes, 1975 Supplement, Section 275.125, Subdivision 2a, is amended to read:

Subd. 2a. (1) In 1975, a school district may levy for all general and special school purposes, an amount equal to the amount raised by the 1974 adjusted assessed valuation of the district times the number of mills, not to exceed 29, that bears the same relation to 29, as the greater sum computed pursuant to section 124.212, subdivision 7b, clause (2), bears to \$960.

(2) In 1976, a school district may levy for all general and special school purposes, an amount equal to the amount raised by the 1975 adjusted assessed valuation of the district times the number of mills, not to exceed 29, that bears the same relation to 29, as the sum of the greater sum computed pursuant to section 124.212, subdivision 7b, clause (2), and the greater of (a) five-sixths of the difference that results when such greater sum is subtracted from \$1015, or (b) \$55, bears to \$1015.

(3) For any district levying less than the maximum levy allowable in clauses (1) and (2), beginning with the levy certified in 1976, payable in 1977, the foundation aid to the district for the 1977-1978 school year, and for subsequent levies, foundation aid for subsequent school years, calculated pursuant to section 124.212, shall be reduced by the amount of the difference between the actual levy and the maximum levy allowable under clauses (1) and (2).

In the application of this clause, the maximum levy allowable under clauses (1) and (2) shall be reduced by any reduction of this levy which is required by section 275.125, subdivision 9 or any other law.

The referendum shall be held on a date set by the school board. Only one such election may be held in a single school year. The question on the ballot shall be whether a specific millage which will yield a specific amount based on the most recent assessed valuation may be added to that authorized by clauses (1) or (2). If approved, the amount provided by the millage applied to each year's assessed valuation shall be authorized for certification until revoked by the voters of the district at a subsequent referendum, which may be called by the school board and which shall be called by the school board upon the written petition of qualified voters of the district unless the petition for revocation is submitted in the same year in which a levy has been increased by the voters pursuant to this clause. A petition authorized by this clause shall be effective if signed by a number of qualified voters in excess of 15 percent, or 10 percent if the school board election is held in conjunction with a general election, of the average number of voters at the two most recent district wide school elections. A referendum invoked by petition shall be held within three months of submission of the petition to the school board unless the petition for revocation is submitted in the same year in which a levy has been increased by the voters pursuant to this clause. This levy shall not be made in more than 20 successive years and each year before it is made, it must be approved by the commissioner and the approval shall specify its amount. This levy shall in each year be an amount which is equal to the amount raised by a levy of 1.5 mills times the adjusted assessed valuation of the district for the preceding year as determined by the equalization aid review committee; provided that in the last year in which the district is required to make this levy, it shall levy an amount not to exceed an amount raised by a levy of 1.5 mills times the adjusted assessed valuation of the district for the preceding year as determined by the equalization aid review committee. When the cumulative proceeds of the levies made pursuant to this subdivision equal an amount equal to the statutory operating debt of the district, the levy shall be discontinued.

(2) The district shall establish a special account which shall be designated "Reserve Account for Purposes of Reducing Statutory Operating Debt" on its books and records. This account shall reflect the proceeds of the levy authorized pursuant to this subdivision. In 1976 and each year thereafter, a district may levy an amount equal to the amount of the employer contributions paid, in the fiscal year prior to the year in which the levy is certified, pursuant to the provisions of sections 353.28 and 355.299, less the amount paid pursuant to the provisions of sections 353.28 and 355.299 in fiscal year 1971. In no event shall the levy authorized pursuant to this subdivision exceed an amount equal to the amount raised by a levy of one mill times the adjusted assessed valuation of the district for the preceding year as determined by the equalization aid review committee.*

Sec. 58. Minnesota Statutes, 1975 Supplement, Section 275.125, Subdivision 14, is amended to read:

Subd. 14. Districts maintaining a post-secondary vocational-technical school may levy additional amounts as follows:

(1) A district maintaining a post-secondary vocational-technical school shall assume responsibility for a local share of the district post-secondary vocational deficit. The local share shall be 30 percent, or 15 percent in Independent School District Nos. 595 and 793, of the district post-secondary vocational deficit as of July 1, 1975, as certified to the commissioner of education pursuant to section 124.561, subdivision 4.

(2) For the purpose of eliminating the local share of its post-secondary vocational deficit, a district may petition the commissioner of education for authority to make an additional levy. Before such a levy may be made, it must be approved by the commissioner. The approval shall specify the years in which the additional levy may be made and shall specify its dollar amount. No levy so approved shall be made in more than four successive years, beginning with the levy certified in 1975, and shall not annually exceed .25 mills in a district in a city of the first class, 1.5 mills in districts formed pursuant to Laws 1969, Chapter 1060, as amended; Laws 1969, Chapter 775, as amended; or Laws 1967, Chapter 822, as amended, or three mills in any other district maintaining a post-secondary vocational-technical school times the adjusted assessed valuation of the district for the preceding year as determined by the equalization aid review committee. Under no circumstances may a district levy a total amount greater than the local share of its post-secondary vocational deficit as of July 1, 1975, as certified to the commissioner of education.

(3) If the additional levy allowed in clause (2) of this subdivision would be insufficient to eliminate the local share of the district's post-secondary vocational deficit as of July 1, 1975, as certified to the commissioner of education, it may petition the commissioner of education for authority to issue general obligation bonds in an amount sufficient to meet the deficiency. Before the bonds may be issued, they must be authorized by the commissioner. The authorization shall specify a term not to exceed seven years and the amount of the bond issue provided that the ~~levy authorization to pay the principal and interest on the bonds may amount of principal and interest due in any year on the bonds will not annually~~, based on the 1974 adjusted assessed valuation of the district as determined by the equalization aid review committee, exceed .25 mills in a district in a city of the first class, .5 mills in districts formed pursuant to Laws 1969, Chapter 1060, as amended; Laws 1969, Chapter 775, as amended; or Laws 1967, Chapter 822, as amended, or six mills in any other district maintaining a post-secondary vocational-technical school ~~times the 1974 adjusted assessed valuation of the district as determined by the equalization aid review committee; provided, however, that the mill limitation is subject to the provisions of section 475.74~~. The bonds authorized by this section shall be *secured*, sold and issued pursuant to the provisions of chapter 475, except as otherwise provided herein. The bonds shall not be included in computing any debt limitation for a *the* district and no election shall be required for their sale and issuance.

(4) A district may not be authorized an additional levy under both clauses (2) and (3) of this subdivision.

(5) The state shall assume responsibility for 70 percent, or in Independent School District Nos. 595 and 793 for 85 percent, of a district's post-secondary vocational deficit as of July 1, 1975, as certified to the commissioner of education. The state portion of the deficit shall be paid to each district in fiscal years 1977 and 1978 in two equal payments, provided that the levy for the dis-

trict's portion of the deficit has been approved by the commissioner and the required portion for the 1975 levy has been certified to the county auditor.

Sec. 59. Minnesota Statutes, 1975 Supplement, Section 275.125, Subdivision 15, is amended to read:

Any foundation aid so withheld shall be withheld in accordance with the procedures specified in section 124.15. ~~A levy made in 1971 prior to the effective date of Extra Session Laws 1971, Chapter 31, Article 20 shall be reviewed, and may be modified, by the appropriate authority of the district for the purpose of reducing such levy to conform to the limitation imposed by Extra Session Laws 1971, Chapter 31, Article 20. Any reduction in such levy made prior to December 15, 1971 shall be given the same effect as though such reduction had been made prior to the expiration of the time allowed by law for making the levy.~~

Sec. 60. Minnesota Statutes 1974, Section 353.28, Subdivision 8, is amended to read:

Subd. 8. "Sec. 31. Minnesota Statutes 1974, Section 124.32, as amended by Laws 1975, Chapter 432, Sections 48, 49 and 50, is amended to read:

124.32 [HANDICAPPED CHILDREN.] Subdivision 1. The state shall pay to any district ~~and unorganized territory;~~ :

(a) for the employment in its educational program for handicapped children, ~~65 no less than 50 and no more than 80 percent~~ of the salary of essential personnel, but this amount shall not exceed ~~\$10,000~~ \$12,000 for the normal school year for each full time person employed, or a pro rata amount for a part time person or a person employed for a limited time, ~~including but not limited to summer school whether the essential personnel are employed by a district alone or jointly with another district or districts ;~~

(b) ~~for the employment of an individual jointly with another district or districts or unorganized territory in its educational program for handicapped children, 65 percent of the salary of essential personnel, but this amount shall not exceed \$10,000 for the normal school year for each full time person employed, or a pro rata amount for a part time person or a person employed for a limited time including but not limited to summer school plus 10 percent of the salaries of essential personnel employed in its educational program for handicapped children, for the purpose of~~

recognizing additional support costs of educational programs for handicapped children;

(c) less (i) 25 percent of the foundation aid formula allowance for each handicapped child in average daily membership who receives special instruction and services for more than 50 but less than 80 percent of the time school is in session, and (ii) 50 percent of the foundation aid formula allowance for each handicapped child in average daily membership who receives special instruction and services for 80 percent or more of the time school is in session.

For the 1976-1977 school year, the foundation aid formula allowance per pupil unit shall be the lesser of \$960 or the greater sum computed pursuant to section 124.212, subdivision 7b, clause (2). The computation in clause (c) shall be based on the foundation aid formula allowance per pupil unit in the child's district of residence. For the purposes of computations pursuant to clause (c), each handicapped child shall be counted as prescribed in section 120.17, subdivision 1, clause (1) or (2). The actual percent of the salaries of essential personnel paid by the state pursuant to clause (a) shall be determined by the commissioner within the limits of the appropriation for special education for the school year.

For special instruction or training and services provided pursuant to section 120.17, subdivision 2, clause (h), by contract with public, private or voluntary agencies other than Minnesota school districts, the state shall pay each district:

(1) the percent of the amount of the contract which is equal to the actual percent of the salaries of essential personnel paid by the state pursuant to clause (a);

(2) less 50 percent of the foundation aid formula allowance of the district.

Subd. 2. The state shall reimburse pay each district or unorganized territory for supplies and equipment purchased or rented for use in the instruction of handicapped children in the amount of one-half of the sum actually expended by the district or unorganized territory but not to exceed an average of \$50 in any one school year for each handicapped child receiving instruction.

Subd. 3a. The purpose of this subdivision is to change the method of funding of educational programs for handicapped children from reimbursement based on past expenditures to a current funding basis. Beginning July 1, 1976, the state shall not reimburse expenditures from the 1975-1976 school year programs, including 1976 summer school programs, but shall pay aids for the 1976-1977 school year programs and for each year thereafter on a current funding basis.

Subd. 3b. (1) Notwithstanding the provisions of subdivision 3a, any school district which in the 1974-1975 school year issued certificates of indebtedness in anticipation of receipt of reimbursements for special education may continue to account for aid to handi-

*capped children on a reimbursement basis subject to approval by the commissioner of education.*

*(2) Districts eligible under clause (1) shall establish a special reserve account, which shall be designated "reserve account for current financing of special education" on its books and records. Each year beginning in the 1976-1977 school year the district shall place in this account 16 2/3 percent of the amount which it would have been entitled to receive in 1976-1977 based on 1975-1976 expenditures pursuant to Minnesota Statutes, 1975 Supplement, Section 124.32, Subdivision 1 and Minnesota Statutes 1974, Section 124.32, Subdivision 2. The funds in this account shall be used only for the purposes for which special education aid can be used, but the amount shall be used only to meet temporary cash needs and shall never supplement district revenues or income for the purpose of increasing the district's special education expenditures or budgets.*

*(3) In fiscal year 1977 or any year thereafter, districts eligible under clause (1) shall not issue certificates of indebtedness in anticipation of receipt of reimbursements for special education in an amount which exceeds the amount which it would have been entitled to receive in 1976-1977 as specified in clause (2), less the balance in the reserve account for current financing of special education. When the funds in this reserve account equal the amount which the district would have been entitled to receive in 1976-1977 as specified in clause (2), the district shall thereafter account for aid for special education on a current funding basis.*

Subd. 4. The aids provided for handicapped children shall be paid to the district providing the special instruction and services. Foundation aid shall be paid to the district ~~or unorganized territory~~ of the pupils' residence. The total amount of aid paid may not exceed the amount expended for handicapped children ~~for~~ in the school year for which the aid is paid.

Subd. 5. When a handicapped child is placed in a residential facility approved by the commissioner and established primarily to serve handicapped children and when the child's educational program is approved by the commissioner, the state shall pay to the resident district not to exceed 65 percent of instructional costs charged to the resident district, less the foundation aid per pupil unit payable to the resident district. Not more than \$400,000 shall be spent annually for purposes of implementing this subdivision. If that amount does not suffice, the aid shall be pro rated among all qualifying districts.

The following types of facilities may be approved by the commissioner:

(a) A residential facility operated by a public school district and designed to serve the low incidence handicapped, the multiple handicapped, or the most severely handicapped children, either within or outside of the state, or, a state residential school outside of the state.

(b) A private, nonsectarian residential facility designed to pro-

vide educational services for handicapped children either within or outside of the state.

(c) A state hospital or private nonsectarian residential center designed to provide care and treatment for handicapped children.

Subd. 6. The state shall ~~reimburse~~ pay each district ~~or unorganized territory~~ the actual cost incurred in providing instruction and services for a handicapped child whose district of residence has been determined by sections 120.17, subdivisions 7 or 8a, and who is temporarily placed in a state institution or a licensed residential facility for care and treatment. This section does not apply for a child placed in a foster home or a foster group home.

Upon following such procedure as requested by the commissioner of education a district ~~or unorganized territory~~ providing instruction and services for such handicapped child may bill the state the actual cost incurred in providing said services including transportation costs and a proportionate amount of capital outlay and debt service, minus the amount of foundation aid, special education aid, transportation aid, and any other aid earned in behalf of such child, such action pursuant to limits set forth in section 124.32, subdivision 4.

*Subd. 7. Before June 1, 1976 and before May 1 of each year thereafter, each district providing special instruction and services to handicapped children shall submit to the commissioner an application for approval of these programs and their budgets for the next school year. The application shall include an enumeration of the costs eligible for state aid pursuant to this section and of the estimated number and grade level of handicapped children in average daily membership in the district who will receive special instruction and services for more than 50 and less than 80 percent and for 80 percent or more, of the time school is in session during the next school year. The application shall also include any other information deemed necessary by the commissioner for the calculation of state aid and the evaluation of the program's compliance with the rules and standards of the state board. On or before August 1, 1976 and before July 1 of each year thereafter, the commissioner shall approve, disapprove or modify each application, and notify each applying district of his action and of the estimated level of aid for the programs. The commissioner may provide procedures for districts to submit additional applications for program and budget approval during the school year, for programs needed to meet changes in the needs of handicapped children in the district.*

*Subd. 8. Except as may be otherwise authorized by the commissioner to accommodate a flexible school year program the state shall pay to each school district 45 percent of its estimated special education aid for the school year on or before each of the following dates: September 30 and December 30. The final aid distribution to the district shall be made on or before August 31 of the following year.*

*Subd. 9. Beginning with the summer of 1977, the state shall pay aid for summer school programs for handicapped children on*

*the basis of the sections of Minnesota Statutes providing aid for handicapped children for the preceding school year. Separate applications shall be submitted for program and budget approval for summer school programs. The commissioner shall approve, disapprove or modify the applications and notify the districts of his action and of the estimated level of aid for the summer school programs. Aid for these programs shall be paid on or before the October 1 after the summer when the programs are conducted."*

Section 1. Minnesota Statutes 1974, Chapter 290, is amended by adding a section to read:

[290.067] [DEPENDENT CARE CREDIT.] *Subdivision 1.* [DEFINITIONS.] *For purposes of this section, the terms defined herein shall have the meanings given them unless the context clearly indicates another meaning.*

*"Claimant" means an individual who has filed a claim under this subdivision. To be eligible to file, the individual shall have been domiciled in this state during the entire taxable year for which he files a claim for relief. Only one spouse in a married couple may be a claimant.*

*"Qualifying individual" means (1) an individual dependent upon and receiving his chief support from the claimant, if the dependent has not attained the age of 15 years, or is physically or mentally incapable of caring for himself; or (2) a spouse of the claimant who is physically or mentally incapable of caring for himself.*

*"Income" means gross income as defined in Minnesota Statutes, Section 290.01, Subdivision 20. If the claimant is married, income shall be the combined income of both spouses, and the spouses shall file their income tax return for the year for which the credit is claimed, either jointly or separately, on one form. A claimant shall not be considered as married if,*

*(1) he is legally separated from his spouse under a decree of divorce or of separate maintenance at the close of the taxable year, or*

*(2) he has been deserted by his spouse and has not known the whereabouts of his spouse at any time during the last six months of the taxable year.*

*"Qualifying dependent care expenses" means the amount actually paid by a claimant for the cost of care for a qualifying individual but only if the care is obtained for the purpose of enabling the claimant to be gainfully employed. In the case of a married claimant, no expenses shall be included as qualifying dependent care expenses if the expenses were incurred during any period in which the claimant's spouse was neither gainfully employed nor eligible as a qualifying individual; if both spouses are gainfully employed, the amount of qualifying dependent care expenses for which a credit will be given pursuant to this subdivision shall not exceed the lesser of the income of the claimant alone or that of his spouse alone during the taxable year for which the claim was made. No payment made by a claimant for care given to a qualifying individual shall be considered a qualifying dependent care expense if the care is given by and the payments made to an individual who is dependent upon and receiving his chief support from the claimant or the spouse of the claimant. No expense for which a deduction is claimed pursuant to Minnesota Statutes, Section 290.09, Subdivision 10 shall be included as a qualifying dependent care expense.*

*Subd. 2. [CLAIM FOR CREDIT.] A credit shall be given to each eligible claimant in an amount determined according to subdivision 3. A claimant under this section shall file with the commissioner of revenue a Minnesota income tax return or any other form the commissioner prescribes to claim the credit. The claimant shall include in support of his claim reasonable proof of expenses paid and the names and addresses of payees.*

*Subd. 3. [AMOUNT OF CREDIT.] The credit given shall equal ten percent of the total amount actually paid by a claimant as qualifying dependent care expenses, subject to the limitations provided herein. The credit for each dependent shall not exceed \$150 in any taxable year, and the total credit for all dependents of a claimant shall not exceed \$300 in the taxable year. In the case of a married claimant, the credit shall be reduced by an amount equal to five percent of the income of the claimant which is over \$15,000. Only those expenses incurred on behalf of a qualifying individual during the time*

when that person was a qualifying individual shall qualify for the credit.

**Subd. 4. [CREDIT TO BE REFUNDABLE.]** *If the amount of credit which a claimant would be eligible to receive pursuant to this subdivision exceeds his tax liability under Minnesota Statutes, Chapter 290, the excess amount of the credit shall be refunded to the claimant by the commissioner of revenue.*

**Subd. 5. [RIGHT TO FILE CLAIM.]** *The right to file a claim under this section shall exist according to the terms of Minnesota Statutes, Section 290.984.*

**Subd. 6. [APPROPRIATION.]** *A sum sufficient to pay the claims for credit to be given pursuant to section 1 of this article shall be appropriated annually to the commissioner of revenue from the general fund in the state treasury.*

**Sec. 2. [REPEALER.]** *Minnesota Statutes 1974, Section 290.09, Subdivision 26, is repealed.*

**Sec. 3. [EFFECTIVE DATE.]** *This article is effective for taxable years beginning after December 31, 1975.*

## ARTICLE II

Section 1. Minnesota Statutes, 1975 Supplement, Section 290A.03, Subdivision 8, is amended to read:

**Subd. 8. [CLAIMANT.]** "Claimant" means a person who filed a claim authorized by sections 290A.01 to 290A.21 and who was domiciled in this state during the calendar year for which the claim for relief was filed. In the case of a claim relating to rent constituting property taxes, the claimant shall have resided in a rented or leased unit on which ad valorem taxes are payable for not less than six months of the calendar year covered by the claim, *except that a claimant who is disabled or who has attained the age of 65 on the date specified in section 290A.04, subdivision 1, may file a claim based on residence in a unit on which ad valorem taxes were not payable.* In the case of a part year resident, the income and rental reflected in this computation shall be for the period of Minnesota residency only. Any rental expenses paid which may be reflected in arriving at federal adjusted gross income cannot be utilized for this computation. Maximum credit allowed under this computation would be at a rate of one-twelfth of the maximum credit allowed pursuant to section 290A.04 per month of residency computed to the nearest full month. When two individuals of a household are able to meet the qualifications for a claimant, they may determine among them as to who the claimant shall be. If they are unable to agree, the matter shall be referred to the commissioner of revenue and his decision shall be final.

If a homestead is occupied by two or more unrelated renters, the rent shall be deemed to be paid equally by each, and separate claims shall be filed by each. The income of each shall be his household income for purposes of computing the amount of credit to be allowed.

**Sec. 2.** Minnesota Statutes, 1975 Supplement, section 290A.04, Subdivision 2, is amended to read:

*In the case of a claimant who was disabled on June 1 or who attained the age of 65 on the date specified in subdivision 1, the credit shall not be less than the credit which the claimant's household income as defined in section 290A.03 and property tax or rent constituting property tax would have entitled him to receive under Minnesota Statutes 1974, Section 290.0618.*

The credit shall be the amount calculated pursuant to this subdivision, *but not exceeding \$675*, less the homestead credit given pursuant to section 273.13, subdivisions 6 and 7.

Sec. 3. Minnesota Statutes, 1975 Supplement, Section 290A.04, Subdivision 3, is amended to read:

Subd. 3. The commissioner of revenue shall construct and make available to taxpayers a comprehensive table showing the property taxes to be paid and credit allowed at various levels of income and assessment. The table shall follow the schedule of income percentages **and**, maximums **and other provisions** specified in subdivision 2, except that the commissioner may graduate the transition between income brackets.

*For homestead property owners who are disabled or are 65 or older, as provided in subdivision 1, the commissioner shall base his determination of the credit on the gross qualifying tax reduced by*

*the average statewide effective homestead credit percentage for taxes payable in 1975 calculated under Minnesota Statutes, Section 273.13, Subdivisions 6 and 7.*

*Sec. 4. In 1976, the commissioner shall recompute the credit for any person who has filed a claim and is affected by this article. He shall pay to these people the amount of the credit in excess of any credit which has been paid, without requiring an amended return to be filed. Notwithstanding the provisions of section 290A.07, payments pursuant to this section may be made more than 60 days after the date the claim was filed without interest.*

(1) Shareholders in a small business corporation, which has elected to be so taxed under the Internal Revenue Code of 1954, but has not made an election under section 290.972 of this chapter, shall deduct from federal adjusted gross income the amount of any imputed income from such corporation and shall add to federal adjusted gross income the amount of any loss claimed as a result of such stock ownership. Also there shall be added to federal adjusted gross income the amount of any distribution in cash or property made by said corporation to its shareholders during the taxable year.

Items of gross income includible within these definitions shall be deemed such regardless of the form in which received. Items of gross income shall be included in gross income of the taxable year in which received by a taxpayer unless properly to be accounted for as of a different taxable year under methods of accounting permitted by section 290.07, except that (1) amounts transferred from a reserve or other account, if in effect transfers to surplus, shall, to the extent that such amounts were accumulated through deductions from gross income or entered into the computation of taxable net income during any taxable year, be treated as gross income for the year in which the transfer occurs, but only to the extent that such amounts resulted in a reduction of the tax imposed by this act, and (2) amounts received as refunds on account of taxes deducted from gross income during any taxable year shall be treated as gross income for the year in which actually received, but only to the extent that such amounts resulted in a reduction of the tax imposed by this act.

(d) Modification in computing taxable income of the estate of a decedent. Amounts allowable under section 291.07, subdivision 1(2) in computing Minnesota inheritance tax liability shall not be allowed as a deduction in computing the taxable income of the estate unless there is filed within the time and in the manner and

form prescribed by the commissioner a statement that the amounts have not been allowed as a deduction under section 291.07 and a waiver of the right to have such amounts allowed at any time as deductions under section 291.07. The provisions of this paragraph shall not apply with respect to deductions allowed under section 290.077 (relating to income in respect of decedents). In the event that the election made for federal tax purposes under section 642(g) of the Internal Revenue Code of 1954 differs from the election made under this paragraph appropriate modification of the estate's federal taxable income shall be made to implement the election made under this paragraph in accordance with regulations prescribed by the commissioner.

of the income and gains therefrom. The credit shall be allowed only in the proportion that the recipient corporation's taxable net income that is assignable or allocable to this state bears to the entire net income of the corporation. The remaining 15 percent shall be allowed if the recipient owns 80 percent or more of all the voting stock of such other corporation, and the dividends were paid from income arising out of business done in this state by the corporation paying such dividends; but if the income out of which the dividends are declared was derived from business done within and without this state, then so much of the remainder shall be allowed as a credit as the amount of the taxable net income of the corporation paying the dividends assignable or allocable to this state bears to the entire net income of the corporation, such rate being determined by the returns under this chapter of the corporation paying such dividends for the taxable year preceding the distribution thereof; the burden shall be on the taxpayer of showing that the amount of remainder claimed as a credit has been received from income arising out of business done in this state,

(b) if the trade or business of the taxpayer consists principally of the holding of the stocks and the collection of the income and the gains therefrom, dividends received by a corporation during the taxable year from another corporation, if the recipient owns 80 percent or more of all the voting stock of such other corporation, from income arising out of business done in this state by the corporation paying such dividends; but, if the income out of which the dividends are declared was derived from business done within and without this state, then so much of the dividends shall be allowed as credit as the amount of the taxable net income of the corporation paying the dividends assignable or allocable to this state bears to the entire net income of the corporation, such rate being determined by the returns under this chapter of the corporation paying such dividends for the taxable year preceding the distribution thereof. The burden shall be on the taxpayer of showing that the amount of dividends claimed as a credit has been received from income arising out of business done in this state.

(c) *The dividend credit provided in this subdivision shall be allowed only with respect to dividends that are included in a corporation's Minnesota taxable net income for the taxable year.*

Property taxes are considered payable in the year prescribed by law for payment of the taxes.

When a claimant and his spouse own their homestead part of the calendar year and rent it or a different homestead for part of the same year "property taxes payable" means only taxes payable on the homestead which was owned and occupied as such by claimant and spouse on January 2 of the year in which the tax is payable, multiplied by the percentage of 12 months that the property was owned and occupied by the household as its homestead during the preceding year.

Sec. 14. Minnesota Statutes, 1975 Supplement, Section 290A.06, is amended to read:

The commissioner may extend the time for filing these claims for a period not to exceed six months in the case of sickness, absence, or other disability, or when in his judgment other good cause exists.

A claim filed after the original or extended due date shall be allowed, but the amount of credit shall be reduced by five percent of the amount otherwise allowable, plus an additional five percent for each month of delinquency, not exceeding a total reduction of 25 percent. In any event no claim shall be allowed if the claim is filed two years after the original due date for filing the claim.

290A.14 [PROPERTY TAX STATEMENT.] The county treasurer shall prepare and send a sufficient number of copies of the property tax statement to the owner, and to his escrow agent if the taxes are paid via an escrow account, to enable him to comply with the filing requirements of Laws 1975, Chapter 437, Article 1 and to retain one copy for his records. The property tax statement, in a form prescribed by the commissioner, shall indicate the manner in which the claimant may claim relief from the state; ~~the amount of delinquent property taxes on the property in the preceding year,~~ and the amount of the tax for which the applicant may claim relief. *The statement shall also indicate if there are delinquent property taxes on the property in the preceding year.*

Sec. 20. Minnesota Statutes 1974, Section 473F.08, Subdivision 2, is amended to read:

Subd. 2. The taxable value of a governmental unit is its assessed valuation, as determined in accordance with other provisions of law, subject to the following adjustments:

The information center shall maintain a toll-free telephone information service and disseminate printed materials on energy conservation topics, including but not limited to availability of loans and other public and private financing methods for energy conservation physical improvements, the techniques and materials used to conserve energy in buildings including retrofitting or upgrading insulation and installing weatherstripping, the projected prices and availability of different sources of energy, and the alternative sources of energy.*

Sec. 3. Minnesota Statutes 1974, Section 116H.12, is amended by adding a subdivision to read:

*Subd. 10. Before January 1, 1980, the commissioner of administration, in cooperation with the director, shall survey all buildings owned by the state of Minnesota which are heated by oil or interruptable natural gas units, including buildings and associated facilities of the state university system, the community college system, the Minnesota historical society building and all buildings under the administration or supervision of the commissioners of natural resources, corrections, welfare, or highways, to determine whether energy savings could be accomplished through insulation, climate control or illumination modifications, or changes in building structures and systems. If the commissioner determines, based upon a formula specified by the director, that a modification is economically feasible, in that estimated savings in fuel procurement cost will exceed the cost of the modification amortized over the remaining useful life of the building, he shall implement the modification in a manner designed to maximize the reduction in costs resulting from the modification. Before January 1, 1977, the commissioner shall submit a progress report to the legislature indicating the number and percentage of state-owned buildings surveyed, the estimated costs of implementing the economically feasible modifications, and his preliminary findings, recommendations, and priorities for implementing the economically feasible modifications based upon the continuing survey.*

If the university determines, based upon a formula specified by the director, that a modification is economically feasible, in that estimated savings in fuel procurement costs will exceed the cost of the modification amortized over the remaining useful life of the building, it shall implement the modification in a manner designed to maximize the reduction in costs resulting from the modification. Before January 1, 1977, the university shall submit a progress report to the legislature indicating the number and percentage*

A council or board may contract with any municipal building official appointed pursuant to Minnesota Statutes, Section 16.861, or the state building inspector to perform the energy conservation inspection. Each board and council shall estimate, based upon a formula specified by the director, the annual potential savings in fuel procurement costs for existing heating and cooling systems which would be realized for each county or city-owned building if it were improved to comply with the energy conservation standards.*

Sec. 7. Minnesota Statutes 1974, Chapter 116H, is amended by adding a section to read:

**[116H.123] [AUTHORIZED IMPROVEMENT.]** *A city council or county board of commissioners shall authorize any necessary improvements to insure compliance with the energy conservation standards if, based upon a formula specified by the director, the estimated savings in fuel procurement costs after the proposed improvements to a building are completed exceeds the estimated installation or remodeling costs amortized over the remaining useful life of the building. Each council or board shall file the energy conservation inspection and estimated fuel procurement data for each city or county-owned building within its respective boundaries with the director of the Minnesota energy agency before December 31, 1978, for his review and comment.*

[120.781] [INSPECTIONS.] *Before July 1, 1978, each board shall complete an inspection of all existing public school buildings which it owns or operates that are heated by oil or interruptable gas units in order to determine the estimated remaining useful life of each building, together with the present degree and estimated cost of compliance with the energy conservation standards promulgated pursuant to section 4 of this act. The results of the energy conservation inspection shall be recorded on a form furnished by the director of the Minnesota energy agency. A board may contract with any municipal building official appointed pursuant to Minnesota Statutes, Section 16.861 or the state building inspector to perform the energy conservation inspection. Each board shall estimate the annual savings in fuel procurement costs for existing heating and cooling systems which would be realized for each public school building within the district if it were improved to comply with the energy conservation standards, based upon a formula specified by the director of the Minnesota energy agency.*

Sec. 11. Minnesota Statutes 1974, Chapter 120, is amended by adding a section to read:

[120.782] [AUTHORIZED IMPROVEMENTS.] *A board shall authorize any necessary improvements to insure compliance with the energy conservation standards if, based upon a formula specified by the director of the Minnesota energy agency, the estimated savings in fuel procurement costs after the proposed improvements to a building are completed exceed the estimated installation or remodeling costs of the improvement amortized over the remaining useful life of the building. Each board shall file the energy conservation inspection and estimated fuel procurement data for each public school building within the district with the director of the Minnesota energy agency before*

*December 31, 1978, for his review and comment.*

*[120.783] [FINANCING.] If a board determines that the proceeds of the levy permitted under Minnesota Statutes, Section 124.04, and the balance in the capital outlay fund are sufficient to complete all the improvements authorized pursuant to section 10 of this act in order to comply with the energy conservation standards, the board shall by January 1, 1980, enter contracts to complete all the authorized improvements. If a board determines that the proceeds of the levy permitted under Minnesota Statutes, Section 124.04 and the balance in the capital outlay fund are insufficient to complete all the improvements authorized pursuant to section 10 of this act, then the board shall apply to the commissioner for permission to issue obligations in the manner and form prescribed by Minnesota Statutes, Chapter 475, in the amount of the authorized improvements. The obligations may be issued only after obtaining the approval of the majority of the electors voting on the question of issuing obligations at a regular or special election. Each school district shall immediately report the results of any election on the question of issuing obligations for the above purposes to the commissioner and the director of the energy agency. These obligations shall not be included in the computation of any net debt limitations.*

Sec. 13. #### *“ARTICLE 1*

Section 1. Minnesota Statutes 1974, Chapter 290, is amended by adding a section to read:

[290.067] [DEPENDENT CARE CREDIT.] *Subdivision 1. [DEFINITIONS.] For purposes of this section, the terms defined herein shall have the meanings given them unless the context clearly indicates another meaning.*

*“Claimant” means an individual who has filed a claim under this subdivision. To be eligible to file, the individual shall have been domiciled in this state during the entire taxable year for which he files a claim for relief. Only one spouse in a married couple may be a claimant.*

*“Qualifying individual” means (1) an individual dependent upon and receiving his chief support from the claimant, if the dependent has not attained the age of 15 years, or is physically or mentally incapable of caring for himself; or (2) a spouse of the claimant who is physically or mentally incapable of caring for himself.*

*“Income” means gross income as defined in Minnesota Statutes, Section 290.01, Subdivision 20. If the claimant is married, income shall be the combined income of both spouses, and the spouses shall file their income tax return for the year for which the credit is claimed, either jointly or separately, on one form. A claimant shall not be considered as married if,*

*(1) he is legally separated from his spouse under a decree of divorce or of separate maintenance at the close of the taxable year, or*

*(2) he has been deserted by his spouse and has not known the whereabouts of his spouse at any time during the last six months of the taxable year.*

*“Qualifying dependent care expenses” means the amount actually paid by a claimant for the cost of care for a qualifying individual but only if the care is obtained for the purpose of enabling the claimant to be gainfully employed. In the case of a married claimant, no expenses shall be included as qualifying dependent care expenses if the expenses were incurred during any period in which the claimant’s spouse was neither gainfully employed nor eligible as a qualifying individual; if both spouses are gainfully employed, the amount of qualifying dependent care expenses for which a credit will be given pursuant to this subdivision shall not exceed the lesser of the income of the claimant alone or that of his spouse alone during the taxable year for which the claim was made. No payment made by a claimant for care given to a qualifying individual shall be considered a qualifying dependent care expense if the care is given by and the payment made to an individual who is dependent upon and receiving his chief*

support from the claimant or the spouse of the claimant. No expense for which a deduction is claimed pursuant to Minnesota Statutes, Section 290.09, subdivision 10 shall be included as a qualifying dependent care expense.

*Subd. 2. [CLAIM FOR CREDIT.] A credit shall be given to each eligible claimant in an amount determined according to subdivision 3. A claimant under this section shall file with the commissioner of revenue a Minnesota income tax return or any other form the commissioner prescribes to claim the credit. The claimant shall include in support of his claim reasonable proof of expenses paid and the names and addresses of payees.*

*Subd. 3. [AMOUNT OF CREDIT.] The credit given shall equal ten percent of the total amount actually paid by a claimant as qualifying dependent care expenses, subject to the limitations provided herein. The credit for each dependent shall not exceed \$150 in any taxable year, and the total credit for all dependents of a claimant shall not exceed \$300 in the taxable year. In the case of a married claimant, the credit shall be reduced by an amount equal to five percent of the income of the claimant which is over \$15,000. Only those expenses incurred on behalf of a qualifying individual during the time when that person was a qualifying individual shall qualify for the credit.*

*Subd. 4. [CREDIT TO BE REFUNDABLE.] If the amount of credit which a claimant would be eligible to receive pursuant to this subdivision exceeds his tax liability under Minnesota Statutes, Chapter 290, the excess amount of the credit shall be refunded to the claimant by the commissioner of revenue.*

*Subd. 5. [RIGHT TO FILE CLAIM.] The right to file a claim under this section shall exist according to the terms of Minnesota Statutes, Section 290.984.*

*Subd. 6. [APPROPRIATION.] A sum sufficient to pay the claims for credit to be given pursuant to section 1 of this article is appropriated annually to the commissioner of revenue from the general fund in the state treasury.*

*Sec. 2. [REPEALER.] Minnesota Statutes 1974, Section 290.09, Subdivision 26, is repealed.*

*Sec. 3. [EFFECTIVE DATE.] This article is effective for taxable years beginning after December 31, 1975.*

*Subd. 8. [CLAIMANT.] "Claimant" means a person who filed a claim authorized by sections 290A.01 to 290A.21 and who was domiciled in this state during the calendar year for which the claim for relief was filed. In the case of a claim relating to rent constituting property taxes, the claimant shall have resided in a rented or leased unit on which ad valorem taxes are payable for not less than six months of the calendar year covered by the claim, except that a claimant who is disabled or who has attained the age of 65 on the date*

*specified in section 290A.04, subdivision 1, may file a claim based on residence in a unit on which ad valorem taxes were not payable . In the case of a part year resident, the income and rental reflected in this computation shall be for the period of Minnesota residency only. Any rental expenses paid which may be reflected in arriving at federal adjusted gross income cannot be utilized for this computation. Maximum credit allowed under this computation would be at a rate of one-twelfth of the maximum credit allowed pursuant to section 290A.04 per month of residency computed to the nearest full month. When two individuals of a household are able to meet the qualifications for a claimant, they may determine among them as to who the claimant shall be. If they are unable to agree, the matter shall be referred to the commissioner of revenue and his decision shall be final.*

If a homestead is occupied by two or more unrelated renters, the rent shall be deemed to be paid equally by each, and separate claims shall be filed by each. The income of each shall be his household income for purposes of computing the amount of credit to be allowed

*In the case of a claimant who was disabled on June 1 or who attained the age of 65 on the date specified in subdivision 1, the credit shall not be less than the credit which the claimant's household income as*

The table shall follow the schedule of income percentages and , maximums and other provisions specified in subdivision 2, except that the commissioner may graduate the transition between income brackets.

*For homestead property owners who are disabled or are 65 or older, as provided in subdivision 1, the commissioner shall base his determination of the credit on the gross qualifying tax reduced by the average statewide effective homestead credit percentage for taxes payable in 1975 calculated under Minnesota Statutes, Section 273.13, Subdivisions 6 and 7.*

Sec. 4. *In 1976, the commissioner shall recompute the credit for any person who has filed a claim and is affected by this article. He shall pay to these people the amount of the credit in excess of any credit which has been paid, without requiring an amended return to be filed. Notwithstanding the provisions of section 290A.07, payments pursuant to this section may be made more than 60 days after the date the claim was filed without interest.*

For homesteads which are mobile homes as defined in section 168.011, subdivision 8, "property taxes payable" shall also include 20 percent of gross rent paid in the preceding year for the site on which the homestead is located, exclusive of charges for utilities or services. Property taxes are considered payable in the year prescribed by law for payment of the taxes.

When a claimant and his spouse own their homestead part of the calendar year and rent it or a different homestead for part of the same year "property taxes payable" means only taxes payable on the homestead which was owned and occupied as such by claimant and spouse on January 2 of the year in which the tax is payable, multiplied by the percentage of 12 months that the property was owned and occupied by the household as its homestead during the preceding year.

The commissioner may extend the time for filing these claims for a period not to exceed six months in the case of sickness, absence, or other disability, or when in his judgment other good cause exists.

A claim filed after the original or extended due date shall be allowed, but the amount of credit shall be reduced by five percent of the amount otherwise allowable, plus an additional five percent for each month of delinquency, not exceeding a total reduction of 25 percent. In any event no claim shall be allowed if the claim is filed two years after the original due date for filing the claim.

(c) In all governmental subdivisions the levy limit base per capita for 1976 payable 1977 shall be multiplied by the population of the governmental subdivision as determined pursuant to section 275.53 for calendar year 1976. This is the levy limit base for 1976 taxes payable in 1977.

The levy limit base shall be reduced by the full amount of state formula aids to be paid in 1977 pursuant to section 477A.01, and taconite aids to be paid in 1977 pursuant to sections 294.26, 298.26, 298.28, subdivisions 1 and 1a, 298.281, subdivision 1, 298.282, and 298.32 and Laws 1975, Chapter 437, Article 11. Strike everything after the enacting clause and insert:

“Section 1. [256B.41] [POLICY; INTENT.] Subdivision 1. The state agency shall by rule establish a formula for the reimbursement of nursing homes which qualify as vendors of medical assistance.

Subd. 2. It is the intent of the legislature to establish certain limitations on the state agency in setting standards for the reimbursement of nursing homes for the care of recipients of medical assistance pursuant to Minnesota Statutes, Chapter 256B. It is not the intent of the legislature to repeal or change any existing or future rule promulgated by the state agency relating to the reimbursement of nursing homes unless the rule is clearly in conflict with sections 1 to 6 of this act. If any provision of sections 1 to 6 of this act is determined by the United States government to be in conflict with existing or future requirements of the United States government with respect to medical assistance, the federal requirements shall prevail.

Sec. 2. [256B.42] [INTEREST EXPENSE.] Subdivision 1. Except as provided in subdivision 2, the state agency shall not reimburse any nursing home, other than a nursing home owned by a federal, state or local unit of government, for any interest expense. The state agency may by rule provide for the reimbursement of governmentally owned nursing homes for the costs of interest on capital indebtedness.

Subd. 2. A nursing home which pays interest on capital indebtedness at a rate in excess of nine percent may be reimbursed for one half of its interest expenses in excess of the nine percent if (1) the proceeds of the indebtedness are used for the purchase or operation of the nursing home and (2) the loan was obtained in an arms length transaction. The annual interest paid pursuant to this subdivision shall not exceed 1.5 percent of the indebtedness.

Sec. 3. [256B.43] [DEPRECIATION.] Subdivision 1. The state agency shall by rule establish a depreciation allowance for nursing homes purchased on or after January 1, 1977. The depreciation allowance shall be based on the lesser of the purchase price or the appraised value of the facility at the time of the purchase. After the purchase of a nursing home, the purchaser of the nursing home or the state agency may request an appraisal

of the facility pursuant to the provisions of subdivision 3. The value of the facility determined pursuant to this subdivision shall be the original value and shall be the basis for depreciation.

Subd. 2. If any nursing home expands its facility or makes any other capital expenditures subsequent to January 1, 1977, the cost of the expansion or capital expenditure shall be added to the original value, and the total shall become the new original value and basis for depreciation. If the state agency disputes the cost attributed to the expansion or capital expenditure, it may request an appraisal pursuant to subdivision 3.

Subd. 3. The state agency shall obtain a list of not more than 25 appraisers who have experience in appraising nursing homes. In the event that an appraisal is requested pursuant to this section, or section 4, subdivision 2, the state agency and the owner of the nursing home shall select an appraiser from the list in accordance with procedures established by the state agency by rule. The appraisal shall be based on the replacement cost of the facility. The cost of the appraisal shall be paid by the party requesting it. The cost of an appraisal requested by a nursing home shall not be reimbursed by the state agency.

Subd. 4. For the purposes of sections 3 and 4, "facility" means the building in which a nursing home is located and all permanent fixtures attached to it. "Facility" does not include the land or any supplies and equipment which are not fixtures. "Original value" means the value of the facility established pursuant to subdivision 1.

Sec. 4. [256B.44] [INVESTMENT ALLOWANCE.] Subdivision 1. The state agency shall by rule establish an investment allowance for all nursing homes other than governmentally owned homes. The allowances for proprietary homes shall be eight percent of the original value of the facility for depreciation purposes established pursuant to section 3. The allowance for nonproprietary homes shall be eight percent of the value of the facility. The percentages established by this subdivision shall apply from July 1, 1977, through June 30, 1978. The state agency shall, no later than May 1 of each year, conduct a public hearing pursuant to the rule making provisions of chapter 15 to determine the percentages to be used in the following calendar year.

Subd. 2. The owner of a nursing home or the state agency may request a new appraisal of the facility not more often than every seven years. If a new appraisal is made, the new appraised value less depreciation, accumulated on the basis of the original value and on any value established pursuant to this subdivision, shall become the new basis for that nursing home's investment allowance. The appraiser shall be selected and the appraisal undertaken in accordance with the provisions of section 3, subdivision 3. The basis for reimbursement for depreciation shall continue to be the original value of the facility established pursuant to section 3.

Subd. 3. The seven year period used for the purposes of subdivision 2 shall commence with the date of purchase. The state

agency or the owner of any nursing home purchased before January 1, 1977, may request an appraisal on July 1, 1977 or seven years after the date of purchase, whichever occurs last in time.

Subd. 4. If a non-governmentally owned nursing home is operated on a lease basis, the state agency shall not reimburse the operator for any rental fee in excess of the total amount it would pay to the owner of the facility as an investment allowance and depreciation allowance pursuant to sections 3 and 4. If a governmentally owned nursing home is operated on a lease basis, the state agency shall not reimburse the operator for any rental fee in excess of the total amount it would pay as interest expense pursuant to section 2.

Sec. 5. [256B.45] [RATE LIMITS.] Subdivision 1. The state agency shall by rule establish separate limitations on the costs for items which directly relate to the provision of patient care to residents of nursing homes and those which do not directly relate to the provision of care. The limits on patient care related items shall be hourly limits based on the needs of the residents of the nursing home up to maximum limits established by the state agency.

Subd. 2. No reimbursement shall be allowed for (1) political contributions, (2) salaries or expenses of a lobbyist, as defined in section 10A.01, subdivision 11, for lobbying activities, (3) advertising designed to encourage potential residents to select a particular nursing home, (4) assessments levied by the health department for uncorrected violations, (5) legal fees for unsuccessful challenges to decisions by state agencies, and (6) that part of the dues paid to a nursing home or hospital association which is used for any of the purposes listed in items (1) through (5). The state agency shall by rule exclude the costs of any other items which it determines are not directly related to the provision of patient care.

Sec. 6. [256B.46] [CONDITIONS FOR PARTICIPATION.] Subdivision 1. No nursing home shall be eligible to receive medical assistance payments unless it agrees in writing that it will refrain from:

(a) Charging nonmedical assistance residents rates for similar services which exceed by more than ten percent those rates which are approved by the state agency for medical assistance recipients; effective July 1, 1978, no nursing home shall be eligible for medical assistance if it charges nonmedical assistance recipients rates for similar services which exceed those which are approved by the state agency for medical assistance recipients; provided, however, that the nursing home may (1) charge nonmedical assistance residents a higher rate for a private room and (2) may charge for special services which are not included in the daily rate if medical assistance patients are charged separately for the same services in addition to the daily rate paid by the state agency;

(b) Requiring an applicant for admission to the home, or the guardian or conservator of the applicant, as a condition of admission, to pay an admission fee in excess of \$100, loan any money to

the nursing home, or promise to leave all or part of the applicant's estate to the home; and

(c) Requiring any resident of the nursing home to utilize a vendor of health care services who is a licensed physician or pharmacist chosen by the nursing home.

The prohibitions set forth in clause (b) shall not apply to a nonproprietary retirement home which contains an identifiable unit of fewer than 20 percent of the total number of facility beds to provide nursing care to the residents of the home.

Subd. 2. No nursing home shall be eligible to receive medical assistance payments unless it agrees in writing to:

(a) Provide the state agency with its most recent (1) balance sheet and statement of revenues and expenses as audited by the state auditor's office, a certified public accountant licensed by this state or by a public accountant as defined in section 412.222, and (2) statement of ownership for the nursing home, together with a separate balance sheet, statement of revenues and expenses, and ownership for each nursing home if more than one nursing home or other business operation is owned by the same owner;

(b) Provide the state agency with copies of leases, purchase agreements and other related documents related to the lease or purchase of the nursing home; and

(c) Provide to the state agency upon request copies of leases, purchase agreements, or similar documents for the purchase or acquisition of equipment, goods and services for which reimbursement is requested from the state agency.

Subd. 3. The state agency may reject any annual cost report filed by a nursing home pursuant to Minnesota Statutes, Chapter 256B, if it determines that the report or the information required in subdivision 2, clause (a) has been filed in a form that is incomplete or inaccurate. In the event that a report is rejected pursuant to this subdivision, the state agency may reimburse a nursing home at the rate determined for its prior fiscal year, or at an interim rate established by the state agency, until a complete and accurate report is filed.

Sec. 7. [EFFECTIVE DATE.] Except for section 6, the provisions of this act shall be effective for all cost reports for fiscal years beginning after July 1, 1977. The provisions of section 6 shall be effective January 1, 1977."

And when so amended, H. F. No. 2203 will be identical to S. F. No. 2225 and further recommends that H. F. No. 2203 be given its second reading and substituted for S. F. No. 2225 and that the Senate File be indefinitely postponed.

The commissioner shall take all appropriate steps to make available to the association the loss and expense experience of insurers previously writing medical malpractice insurance in this state.*

*Subd. 4. All policies issued by the association are subject to a non-profit group retrospective rating plan approved by the commissioner under which the final premium for the insureds of the association, as a group, will be equal to the administrative expenses, loss and loss adjustment expenses and taxes, plus a reasonable allowance for contingencies and servicing. Policyholders shall be given full credit for all investment income, net of expenses and a reasonable management fee, on policyholder supplied funds. The standard premium, before retrospective adjustment, for each policy issued by the association shall be established for portions of the policy period coinciding with the association's fiscal year on the basis of the association's rates, rating plans, rating rules, rating classifications and territories then in effect. If the commissioner fails to authorize a procedure in 60 days, the association may recover its deficit pursuant to clause (b). The association shall submit an amended certification and shall adjust the recovery procedure as its incurred losses become finalized.*

*Subd. 7. If sufficient funds are not available for the sound financial operation of the association, pending recovery as provided in subdivision 6, all members shall, on a temporary basis contribute to the association in the manner provided in section 8. The contribution shall be reimbursed to the members by the recovery procedure authorized in subdivision 6.*

*Sec. 8. [PARTICIPATION.] A member of the association shall participate in its writings, expenses, servicing allowance, management fees and losses in the proportion that the net direct premiums of the member, excluding that portion of premiums attributable to the operation of the association, written during the preceding calendar year bears to the aggregate net direct premiums written in this state by all members. The member's participation in the association shall be determined annually on the basis of net direct premiums written during the preceding calendar year, as reported in the annual statements and other reports filed by the member with the commissioner.*

*Sec. 9. [PROCEDURES.] Subdivision 1. Beginning on the effective date of the plan of operation, a licensed health care provider may apply to the association for medical malpractice insurance. An application may be made by an authorized agent of the health care provider.*

*Subd. 2. If the association determines that the applicant meets the underwriting standards of the association as described in the plan of operation and there is no unpaid, uncontested premium due from the applicant for prior insurance, including failure to make written objection to premium charges within 30 days after billing, the association, upon receipt of the premium or portion thereof as is prescribed in the plan of operation, shall issue a policy of medical malpractice insurance.*

The directors shall not be subject to personal liability or accountability in the administration of the fund.*

*Subd. 3. Each policyholder shall pay to the association a stabilization reserve fund charge of 33 percent of each premium payment due for insurance through the association. This charge shall be separately stated in the policy. The association shall cancel the policy of any policyholder who fails to pay the stabilization reserve fund charge.*

*Subd. 4. The association shall promptly pay into the stabilization reserve fund charges which it collects from its policyholders and any retrospective premium refunds payable under the group retrospective rating plan.*

*Subd. 5. All moneys paid into the fund shall be held in trust by a corporate trustee selected by the directors. The corporate trustee may invest the moneys held in trust, subject to the approval of the directors. All investment income shall be credited to the fund. All expenses of administration of the fund shall be charged against the fund. The moneys held in trust shall be used solely for the purpose of discharging when due any retrospective premium charges payable by policyholders of the association under the group retrospective rating plan. Payment of retrospective premium charges shall be made by the directors upon certification to them by the association of the amount due. If all moneys accruing to the fund are exhausted in payment of retrospective premium charges, all liability and obligations of the association's policyholders with respect to the payment of retrospective premium charges shall terminate and shall be conclusively presumed to have been discharged. Any moneys remaining in the fund after all retrospective premium charges have been paid shall be returned to policyholders under procedures authorized by the directors.*

**Sec. 13. [APPEALS AND JUDICIAL REVIEW.]** *Any applicant to the association, any person insured pursuant to sections 2 to 14, or their representatives, or any affected insurer, may appeal to the commissioner within 30 days after any ruling, action*

or decision by or on behalf of the association, with respect to those items the plan of operation defines as appealable matters.

Sec. 14. [PUBLIC OFFICERS OR EMPLOYEES.] *No director of the stabilization reserve fund who is otherwise a public officer or employee shall forfeit his office or employment or lose the rights and privileges pertaining thereto, by reason of membership on the board of directors of the stabilization reserve fund.*

Sec. 15. [ANNUAL STATEMENTS.] *On March 1 of each year the association shall file with the commissioner, a report of its transactions, financial condition, and operations during the preceding year. The report shall be in a form approved by the commissioner. The commissioner may approve the application if the criteria of sections 5 and 7 are satisfied, and shall notify the applicant and the lender of his decision.

If the application is denied, the commissioner shall return the application to the lender with a written statement of the reasons for the denial. The applicant shall be given a copy of the reasons for the denial of the loan. If the circumstances of the applicant change such that he becomes eligible, he may reapply.

Subd. 2 [APPROVED LOANS.] If the commissioner approves the loan application, he shall retain a copy of the application for his files and return the original to the lender. The applicant and the lender may then complete the transaction for the loan.

Subd. 3. [PRIVACY OF RECORDS.] The information contained in an application and the statement of reasons for the denial of an application shall be private data on individuals as defined in Minnesota Statutes, Section 15.162.

Subd. 4. [DEFAULT; FILING CLAIM.] Within 90 days of a default on a guaranteed family farm security loan, the lender shall send notice to the applicant stating that the commissioner must be notified if the default continues for another 90 days, and the consequences of that default. The lender and the applicant may agree to take any steps reasonable to assure the fulfillment of the loan obligation.

After 180 days from the initial default, if the applicant has not made arrangements to meet his obligation, the lender shall file a claim with the commissioner, identifying the loan and the nature of the default, and assigning to the state all of the lender's security

and interest in the loan in exchange for payment according to the terms of the family farm security loan guarantee. If the commissioner determines that the terms of the family farm security loan guarantee have been met, he shall authorize payment of state funds to the lender, and shall notify the defaulting party. The state of Minnesota shall then become the holder of the mortgage and taxes shall be levied and paid on the land as though the owner were a natural person and not a political subdivision of the state. The commissioner may, on behalf of the state, commence foreclosure proceedings in the manner provided by law. In the event that title to the property is acquired by the state, he shall arrange for fair market value appraisal of the farm land and shall accept applications from prospective purchasers who meet the criteria of sections 5 and 7 and have the support of a lender willing to finance the purchase. If an application is accepted by the commissioner, the property will be sold to the applicant and treated as though it were a new family farm security loan. If no buyer who is a qualified applicant can be found within 90 days at the fair market price as determined by the commissioner, the commissioner shall advertise the property and sell it to the highest bidder.

*Subd. 5. [GUARANTEE VOID.]* The loan guarantee shall be void only if the guaranteed loan was obtained by fraud or material misrepresentation of which the original lender or subsequent holder had actual knowledge.

*Sec. 7. [TERMS OF THE LOAN.]* Subdivision 1. A family farm security loan shall be transacted on forms provided by the commissioner with the advice of the attorney general. The commissioner shall establish an appraisal procedure and shall thereby determine the value of the property before guaranteeing a family farm security loan.

*Subd. 2. [PAYMENT ADJUSTMENT.]* To be eligible for payment adjustment a family farm security loan shall have a maximum term of 20 years and shall provide for payments at least annually so that the loan shall be amortized over its term with equal annual payments of principal and interest. During the first ten years of a family farm security loan, the commissioner shall annually pay to the lender four percent of the outstanding balance due at the beginning of that year and the applicant shall pay the remainder of the payment due. After the tenth year, the applicant shall make payments according to the stated interest rate. The applicant may petition the commissioner for one ten year renewal of the payment adjustment. If a renewal is granted, in the 21st year the applicant shall reimburse the commissioner for the sums paid on the applicant's behalf under this subdivision. If no renewal is granted, the applicant shall reimburse the commissioner in the 11th year for the sums paid on the applicant's behalf under this subdivision. The obligation to repay the payment adjustment shall be a lien against the property.

*Subd. 3. [ANNUAL REVIEW OF NET WORTH.]* The applicant and spouse shall annually submit to the commissioner a statement of their net worth. If their net worth in any year ex-

ceeds the sum of \$100,000, the applicant shall be ineligible for a payment adjustment in that year.

Sec. 8. [SELLER-SPONSORED LOANS.] Subdivision 1. [AUTHORIZATION.] *The commissioner may provide a guarantee to the lenders on seller-sponsored loans when the buyer satisfies the eligibility criteria in section 5. The commissioner may also provide a payment adjustment on behalf of the applicant in the case of seller-sponsored loans.*

Subd. 2. [NEGOTIABILITY AND MARKETABILITY.] *A seller-sponsored loan shall be secured by a purchase money first real estate mortgage evidenced by negotiable note or notes as defined in Minnesota Statutes, Section 336.3-104. The commissioner must be notified in writing within 30 days after a family farm security loan note is sold or exchanged.*

Subd. 3. [TAXABILITY.] *The interest earned by the seller of the property on a seller-sponsored loan that is guaranteed by the commissioner shall be excludable from gross income for the year in which it is received.*

Sec. 9. Minnesota Statutes, 1975 Supplement, Section 290.08, is amended by adding a subdivision to read:

Subd. 23. *The interest earned by the seller of the property on a seller-sponsored loan that is guaranteed by the commissioner of agriculture under the provisions of sections 1 to 15.*

Sec. 10. [SALE OR CONVEYANCE.] Subdivision 1. [IMMEDIATE REPAYMENT OF LOAN.] *Any applicant who sells or conveys the property for which a family farm security loan was issued shall immediately retire the entire indebtedness still owed to the lender and the commissioner. The new owner may negotiate a family farm security loan in his own right, but under no circumstances may the original loan be assumed by the new owner. This subdivision is not intended to prohibit the applicant from granting a security interest in the property for the purposes of securing an additional loan.*

*Any applicant who fails to maintain the land covered by a family farm security loan in active agricultural production for a period of time longer than one year shall be in default. Such a default may be waived by the commissioner in the event of a physical disability or other extenuating circumstances.*

Subd. 2. [TAX PENALTY ON CAPITAL GAIN.] *Minnesota Statutes, Chapter 290 shall apply to determine the amount of the gain realized on the sale of property for which a family farm security loan has been issued. The tax imposed by chapter 290 shall be imposed on the following percentages of any gain realized on the sale of the property:*

	Time lapsed from issuance of loan		
	At least	but less than	Percent
(a)		1 year	100
(b)	1 year	3 years	90

(c)	3 years	5 years	80
(d)	5 years	7 years	70
(e)	7 years	9 years	60
(f)	9 years	10 years	50

*This tax shall no longer be applicable and the tax imposed by chapter 290 shall apply when the property for which a family farm security loan was issued has been held by the applicant for more than ten years after the issuance of the loan. Chapter 290 shall apply when the applicant has realized a loss on the sale of the property.*

**Sec. 11. [DISCRIMINATION PROHIBITED.]** *In carrying out their respective duties under this act, the council and the commissioner shall not discriminate between applicants because of race, color, creed, religion, national origin, sex, marital status, disability, political or ideological persuasion."*

Pursuant to Rule 49 the Committee on Rules and Administration recommends that H. F. No. 1876 be amended as follows:

Strike everything after the enacting clause and insert:

"Section 1. [LEGISLATIVE PURPOSE.] The legislature finds and determines that integrated transportation systems, including railways, highways and airways, are necessary in order to meet the economic and energy needs of the citizens of the state.

both now and in the future. The legislature finds that a portion of the present railroad system in the state does not provide adequate service to citizens of the state. The legislature further finds and determines that it is in the best interest of the state to establish and fund a rail service improvement program and to establish a railroad planning process in order to preserve and improve essential rail service in the state.

Sec. 2. [CITATION.] Sections 1 to 9 may be cited as "the Minnesota rail service improvement act".

Sec. 3. [DEFINITIONS.] Subdivision 1. As used in sections 1 to 9, the terms defined in this section shall have the meanings given them herein.

Subd. 2. "Department" means the state planning agency.

Subd. 3. "Director" means the director of the state planning agency.

Subd. 4. "Rail line" means railroad roadbeds, track, track structure, and other appurtenances of railroad right-of-way.

Subd. 5. "Rail service" means rail transportation and local rail service.

Subd. 6. "Rail users" means shippers, consignors or other business entities that depend upon or benefit from the movement of goods and products by means of rail service.

Sec. 4. [RAIL SERVICE IMPROVEMENT FUND.] Subdivision 1. [DEPOSITS; APPROPRIATION.] The rail service improvement fund is created as a special account in the state treasury. All money appropriated to or received by the department for the purpose of rail service improvement, other than administrative costs, shall be deposited in this fund. All money so deposited is appropriated to the department for expenditure for rail service improvement in accordance with applicable federal law and subject to the expenditure restrictions provided in subdivision 2 of this section. Administrative costs for the rail service improvement program shall not be paid from the fund but shall be provided by direct appropriations to the department for this purpose.

Subd. 2. [EXPENDITURE RESTRICTIONS.] Direct appropriations to the rail service improvement fund, unless otherwise specified, shall be expended exclusively for rehabilitation of rail lines through contracts negotiated and entered into by the director. The participants in these contracts shall be railroads, rail users and the department, and may be political subdivisions of the state and the federal government. In such contracts, participation by all parties shall be voluntary.

Subd. 3. In making any contract pursuant to subdivision 2 the director may:

(a) Stipulate minimum operating standards for rail lines when improved, including speed, freight carrying capacity, and frequency of service;

(b) Require a portion of the total assistance for improving a rail line to be loaned to the railroad by rail users and require the railroad to reimburse rail users for any loan on the basis of use of the line and the revenues produced when the line has been improved;

(c) Determine the terms and conditions under which all or any portion of state funds allocated shall be repaid to the department by the railroads. Reimbursement may be made as a portion of the increased revenue derived from the improved rail line. Any reimbursement received by the department pursuant to this clause shall be deposited in the rail service improvement fund and shall be appropriated exclusively for rehabilitating other rail lines in the state; and

(d) Require, in lieu of reimbursement as provided in clause (c) of this subdivision, that the railroad establish and maintain a separate railroad fund to be used exclusively for rehabilitation of other rail lines in Minnesota, to which a portion of the increase in revenue derived from the improved rail line shall be credited. The terms and conditions for use of money in the fund shall be stipulated in the contract. The contract shall also stipulate a penalty for use of such money in a manner other than as set forth in the contract and require the railroad to report to the department at such times as the director requires, concerning the disbursement of money from the fund and the general status of rail line improvements.

Sec. 5. [RAIL SERVICE IMPROVEMENT PROGRAM.] Subdivision 1. There is created the rail service improvement program to provide assistance for improvement of rail service in the state.

Subd. 2. The director shall identify those rail lines that have deteriorated or are in danger of deteriorating so as to be unable to carry the speeds and weights necessary to efficiently transport the goods and products moved or sought to be moved on the lines.

Subd. 3. The director shall have all the powers necessary and convenient to implement the rail service improvement program, including the power to:

(a) Set priorities for the allocation of money or in kind contributions to railroads according to criteria developed by the director. The criteria shall include the anticipated economic and social benefits to the state and to the area being served;

(b) Negotiate and enter into contracts for rail line rehabilitation or other rail service improvement;

(c) Disburse state and federal money for rail service improvements;

(d) Adopt rules necessary to carry out the purposes of this act.

Sec. 6. [PARTICIPATION BY POLITICAL SUBDIVISIONS.] The governing body of any political subdivision of the state may with the approval of the director appropriate money for rail service improvement and may participate in the state rail service improvement program.

Sec. 7. [COOPERATION BETWEEN STATES.] The director may cooperate with other states in connection with the rail service improve-

ment program and the railroad planning process. In exercising the authority conferred by this section, the director may enter into contractual agreements with other states.

Sec. 8. [ACCEPTANCE OF FEDERAL MONEY.] The director may exercise those powers necessary for the state to qualify for, accept, and disburse any federal money that may be made available pursuant to the provisions of the federal rail revitalization and regulatory reform act of 1976, or any other federal law, including the power to;

(a) Establish an adequate plan for rail services in the state as part of an overall planning process for all transportation services in the state, including a suitable process for updating, revising, and amending the plan,

(b) Administer and coordinate the plan with other state agencies, and provide for the equitable distribution of resources,

(c) Develop, promote, and support safe, adequate and efficient rail transportation services; employ qualified personnel; maintain adequate programs of investigation, research, promotion and development, with provisions for public participation; and take all practical steps to improve transportation safety and reduce transportation related energy utilization and pollution,

(d) Adopt and maintain adequate procedures for financial control, accounting and performance evaluation in order to assure proper use of state and federal money,

(e) Do all things otherwise necessary to maximize federal assistance to the state under the federal rail revitalization and regulatory reform act of 1976 or other relevant federal legislation.

Sec. 9. [ACCESS TO INFORMATION.] The director may request any railroad to provide such information as necessary to carry out the purposes of this act. Railroads operating within the state shall provide such information within 60 days of the date of the request. The director may issue subpoenas to compel production of such information if not provided within the time required. The director shall exercise all necessary caution to avoid disclosure of confidential information supplied under this section.

Sec. 10. [APPROPRIATIONS.] Subdivision 1. There is appropriated from the general fund to the rail service improvement fund the sum of \$3,000,000.

Subd. 2. There is appropriated from the general fund to the state planning agency the sum of \$150,000 for administrative costs of the rail service improvement program, to be available until June 30, 1977.

Sec. 11. [EFFECTIVE DATE.] This act is effective the day following final enactment."

Further, strike the title in its entirety and insert:

"A bill for an act relating to transportation; creating a rail service improvement fund; authorizing contractual agreements for

rail line rehabilitation; establishing a rail service improvement program; prescribing powers and duties of the director of the state planning agency; appropriating money.”

And when so amended, H. F. No. 1876 will be identical to S. F. No. 1971 and further recommends that H. F. No. 1876 be given its second reading and substituted for S. F. No. 1971 and that the Senate File be indefinitely postponed.

The state planning agency shall give priority when granting funds to those areas that show a special need according to the provisions of clauses (a) and (b). The grants may be used to employ staff or contract with other units of government or qualified consultants for the following purposes:

(a) To prepare and implement plans which are required for certain areas by law or by designation as a critical area under Minnesota Statutes, Chapter 116G.

(b) To prepare and implement plans which the unit of government is authorized by law to undertake for the management of problems resulting from (1) rapid population or economic growth or decline; (2) potential development in environmentally sensitive areas including but not limited to flood plains, wild and scenic rivers, and shorelands; and (3) the addition or elimination of a major state or federal facility;

(c) To assist neighborhood organizations in cities of the first class to do land use and related planning by making grants to the municipality;

(d) To analyze and prepare plans to preserve and protect agricultural land as defined in Minnesota Statutes 1974, Section 500.24.

Subd. 2. Grants shall not exceed 75 percent of the cost of the land use planning program, except that grants made within a designated critical area may be up to 100 percent of the cost of the planning program.

Until units of local government in the metropolitan area as defined by Minnesota Statutes, Section 473.02 are required by law to prepare and adopt comprehensive plans or portions thereof, the review required by this section shall be made by the metropolitan council for units of local government in the metropolitan area.

Sec. 5. Funds so transferred are reappropriated to the metropolitan council and shall be used for making grants to units of government within the metropolitan area for the preparation and adoption of comprehensive plans and controls required by law. Not more than five percent of the transferred funds shall be available to the metropolitan council for grant administration.

Sec. 6. [APPROPRIATION.] There is appropriated from the general fund \$2,500,000 to the state planning agency for the purposes of this act, of which \$300,000 shall be used for designated critical areas, and not more than five percent of which shall be available to the state planning agency for administering this act. The governor shall include and submit to the legislature, in the budget for the following fiscal year, or in a supplemental budget if the regular budget for that year has previously been approved, the amount certified to him by the board in accordance with this subdivision.

*Subd. 9.* The board shall also submit a biennial report of its activities to the governor and the legislature on or before January 15 in each odd-numbered year.

(a) Modifications increasing federal adjusted gross income. There shall be added to federal adjusted gross income:

(1) Interest income on obligations of any state other than Min-

This modification shall not be applicable if the difference in basis is due to disallowance of depreciation pursuant to section 290.101.

*(b) If farm real estate is sold to be used for agricultural purposes only, and a gain is considered a long-term capital gain for federal income tax purposes, the modification shall be fifty percent of such excess;*

*(c) The commissioner of revenue shall annually determine the percentage increase in the consumer price index for the Minneapolis-St. Paul metropolitan area prepared by the United States department of labor with 1967 as a base year. (7) The amount of any pension or benefit which is excluded from gross income under the provisions of section 290.08, subdivision 6; and

(8) The amount of compensation for personal services in the armed forces of the United States or the United Nations which is excluded from gross income under the provisions of section 290.65; and

(c) Modifications affecting shareholders of electing small business corporations under section 1372 of the Internal Revenue Code of 1954, or section 290.972 of this chapter.

(1) Shareholders in a small business corporation, which has elected to be so taxed under the Internal Revenue Code of 1954, but has not made an election under section 290.972 of this chapter, shall deduct from federal adjusted gross income the amount of any imputed income from such corporation and shall add to federal adjusted gross income the amount of any loss claimed as a result of such stock ownership. Also there shall be added to federal adjusted gross income the amount of any distributions in cash or property made by said corporation to its shareholders during the taxable year.

(2) In cases where the small business corporation has made an election under section 1372 of the Internal Revenue Code of 1954, but has not elected under section 290.972 of this chapter and said corporation is liquidated or the individual shareholder disposes of his stock and there is no capital loss reflected in federal adjusted gross income because of the fact that corporate losses have exhausted the shareholders basis for federal purposes, such shareholders shall be entitled, nevertheless, to a capital loss commensurate to their Minnesota basis for the stock.

(3) In cases where the election under section 1372 of the Internal Revenue Code of 1954 antedates the election under section 290.972 of this chapter and at the close of the taxable year immediately preceding the effective election under section 290.972 the corporation has a reserve of undistributed taxable income previously taxed to shareholders under the provisions of the Internal Revenue Code of 1954, in the event and to the extent that such reserve is distributed to shareholders such distribution shall be taxed as a dividend for purposes of this act.

Items of gross income includible within these definitions shall be deemed such regardless of the form in which received. Items of gross income shall be included in gross income of the taxable year in which received by a taxpayer unless properly to be accounted for as of a different taxable year under methods of accounting permitted by section 290.07, except that (1) amounts transferred from a reserve or other account, if in effect transfers to surplus, shall, to the extent that such amounts were accumulated through deductions from gross income or entered into the computation of taxable net income during any taxable year, be treated as gross income for the year in which the transfer occurs, but only to the extent that such amounts resulted in a reduction of the tax imposed by this act, and (2) amounts received as refunds on account of taxes deducted from gross income during any taxable year shall be treated as gross income for the year in which actually received, but only to the extent that such amounts resulted in a reduction of the tax imposed by this act.

(d) Modification in computing taxable income of the estate of a decedent. Amounts allowable under section 291.07, subdivision 1(2) in computing Minnesota inheritance tax liability shall not be allowed as a deduction in computing the taxable income of the estate unless there is filed within the time and in the manner and form prescribed by the commissioner a statement that the amounts have not been allowed as a deduction under section 291.07 and a waiver of the right to have such amounts allowed at any time as deductions under section 291.07. The provisions of this paragraph shall not apply with respect to deductions allowed under section 290.077 (relating to income in respect of decedents). In the event that the election made for federal tax purposes under section 642(g) of the Internal Revenue Code of 1954 differs from the election made under this paragraph appropriate modification of the estate's federal taxable income shall be made to implement the election made under this paragraph in accordance with regulations prescribed by the commissioner.

After the tenth year, the applicant shall make payments according to the stated interest rate. The applicant may petition the commissioner for one ten year renewal of the payment adjustment. If a renewal is granted, in the 21st year the applicant shall reimburse the commissioner for the sums paid on the applicant's behalf under this subdivision. *Subd. 3. [ANNUAL REVIEW OF NET WORTH.] The applicant shall annually submit to the commissioner a statement of his net worth. If his net worth in any year exceeds the sum of \$100,000, the applicant shall be ineligible for a payment adjustment in that year.*

*Sec. 9. [PARTICIPATION LOANS.] Subdivision 1. [AUTHORIZATION.] The commissioner may provide a guarantee to the lenders on*

participation loans when the buyer satisfies the eligibility criteria in section 6. The commissioner may also provide a payment adjustment on behalf of the applicant in the case of participation loans.

**Subd. 2. [NEGOTIABILITY AND MARKETABILITY.]** A participation loan shall be secured by a negotiable note or notes as defined in Minnesota Statutes, Section 336.3-104. Participation loan notes may be sold at a premium or discount. The commissioner must be notified in writing within 30 days when a participation loan note is sold or exchanged.

**Subd. 3. [TAXABILITY.]** The interest earned by the seller of the farm land on a participation loan that is guaranteed by the commissioner shall be excludable from gross income for the year in which it is received.

**Sec. 10.** Minnesota Statutes, 1975 Supplement, Section 290.08, is amended by adding a subdivision to read:

**Subd. 23.** The interest earned by the seller of the farm land on a participation loan that is guaranteed by the commissioner of economic development under the provisions of section 9.

**Sec. 11. [SALE OR CONVEYANCE.] Subdivision 1. [IMMEDIATE REPAYMENT OF LOAN.]** Any applicant who sells or conveys the property for which a small business and family farm security loan was issued shall immediately retire the entire indebtedness still owed to the lender and the commissioner. The new owner may negotiate a small business and family farm security loan in his own right, but under no circumstances may the original loan be assumed by the new owner. This subdivision is not intended to prohibit the applicant from granting a security interest in the property for the purposes of securing an additional loan.

**Subd. 2. [TAX PENALTY ON CAPITAL GAIN.]** Minnesota Statutes, Chapter 290 shall apply to determine the amount of the gain realized on the sale of farm land for which a small business and family farm security loan has been issued. In lieu of the tax imposed by chapter 290, the following rate of tax shall be imposed on any gain realized on the sale of the property:

	Time lapsed from issuance of loan		Tax rate
	At least	but less than	Percent
(a)		1 year	100
(b)	1 year	3 years	90
(c)	3 years	5 years	80
(d)	5 years	7 years	70
(e)	7 years	9 years	60
(f)	9 years	10 years	50

This tax shall no longer be applicable and the tax imposed by chapter 290 shall apply when the property for which a small business and family farm security loan was issued has been held by the applicant for more than ten years after the issuance of the loan. Chapter 290 shall apply when the applicant has realized a loss on the sale of the property.

**Subd. 3. [WAIVER OF TAX PENALTY.]** The commissioner of revenue shall waive the imposition of the tax in subdivision 2 if the applicant has died or suffered a total disability.

*For the purposes of this section, "total disability" means the total and permanent loss of sight of both eyes, the loss of both arms at the shoulder, the loss of both legs so close to the hips that no effective artificial members can be used, complete and permanent paralysis, total and permanent loss of mental faculties, or any other injury which totally incapacitates the applicant from working his farm.*

*Subd. 4. [DISCLOSURE IN LOAN CONTRACT.] Every small business and family farm security loan shall contain notice of the penalties imposed by this section. The lender shall explain these terms to the applicant before submitting the loan to the commissioner for approval.*

Sec. 12. Minnesota Statutes 1974, Section 48.24, Subdivision 5, is amended to read:

Subd. 5. Loans or obligations shall not be subject under this section to any limitation based upon such capital and surplus to the extent that they are secured or covered by guarantees, or by commitments or agreements to take over or to purchase the same, made by *the commissioner of economic development on the purchase of farm land or by any Federal Reserve bank or by the United States or any department, bureau, board, commission, or establishment of the United States, including any corporation wholly owned directly or indirectly by the United States.*

Sec. 13. Minnesota Statutes, 1975 Supplement, Section 290.01, Subdivision 20, is amended to read:

Subd. 20. [GROSS INCOME.] Except as otherwise provided in this chapter, the term "gross income," as applied to corporations includes every kind of compensation for labor or personal services of every kind from any private or public employment, office, position or services; income derived from the ownership or use of property; gains or profits derived from every kind of disposition of, or every kind of dealing in, property; income derived from the transaction of any trade or business; and income derived from any source.

For each of the taxable years beginning after December 31, 1960 and prior to January 1, 1971, the term "gross income" in its application to individuals, estates, and trusts, shall mean the adjusted gross income as computed for federal income tax purposes as defined in the Internal Revenue Code of 1954, as amended through December 31, 1970 for the applicable taxable year, with the modifications specified in this section.

For each of the taxable years beginning after December 31, 1970, the term "gross income" in its application to individuals, estates, and trusts shall mean the adjusted gross income as computed for federal income tax purposes as defined in the Internal Revenue Code of 1954, as amended through the date specified herein for the applicable taxable year, with the modifications specified in this section.

(i) The Internal Revenue Code of 1954, as amended through

December 31, 1970, shall be in effect for taxable years beginning after December 31, 1970 and prior to January 1, 1973.

(ii) The Internal Revenue Code of 1954, as amended through December 31, 1972, shall be in effect for taxable years beginning after December 31, 1972.

(iii) The Internal Revenue Code of 1954, as amended through December 31, 1973, shall be in effect for taxable years beginning after December 31, 1973.

(iv) The Internal Revenue Code of 1954, as amended through December 31, 1974, shall be in effect for the taxable years beginning after December 31, 1974.

References to the Internal Revenue Code of 1954 in clauses (a), (b) and (c) following shall mean the code in effect for the purpose of defining gross income for the applicable taxable year.

(a) Modifications increasing federal adjusted gross income. There shall be added to federal adjusted gross income:

(1) Interest income on obligations of any state other than Minnesota or a political subdivision of any such other state exempt from federal income taxes under the Internal Revenue Code of 1954;

(2) Interest income on obligations of any authority, commission, or instrumentality of the United States, which the laws of the United States exempt from federal income tax, but not from state income taxes;

(3) Income taxes imposed by this state or any other taxing jurisdiction, to the extent deductible in determining federal adjusted gross income and not credited against federal income tax;

(4) Interest on indebtedness incurred or continued to purchase or carry securities the income from which is exempt from tax under chapter 290, to the extent deductible in determining federal adjusted gross income;

(5) Amounts received as reimbursement for an expense of sickness or injury which was deducted in a prior taxable year to the extent that the deduction for such reimbursed expenditure resulted in a tax benefit;

(6) Losses which do not arise from events or transactions which are assignable to Minnesota under the provisions of sections 290.17 to 290.20, including any capital loss or net operating loss carryforwards or carrybacks resulting from such losses, and including any such nonassignable losses which occur prior to the time the individual becomes a resident of the state of Minnesota;

(7) The amount of any federal income tax overpayment for any previous taxable year, received as refund or credited to another taxable year's income tax liability, proportionate to the percentage of federal income tax that was claimed as a deduction in determining Minnesota income tax for such previous taxable year.

The overpayment refund or credit, determined with respect to a husband and wife on a joint federal income tax return for a previous taxable year, shall be reported on joint or separate Minnesota income tax returns. In the case of separate Minnesota returns, the overpayment shall be reported by each spouse proportionately according to the relative amounts of federal income tax claimed as a deduction on his or her separate Minnesota income tax return for such previous taxable year;

(8) In the case of a change of residence from Minnesota to another state or nation, the amount of moving expenses which exceed total reimbursements and which were therefore deducted in arriving at federal adjusted gross income;

(9) In the case of property disposed of on or after January 1, 1973, the amount of any increase in the taxpayer's federal tax liability under section 47 of the Internal Revenue Code of 1954, as amended through December 31, 1974, to the extent of the credit under section 38 of the Internal Revenue Code of 1954, as amended through December 31, 1974, that was previously allowed as a deduction either under section 290.01, subdivision 20 (b) (9) or under section 290.09, subdivision 24; and

(10) Expenses and losses arising from a farm which are not allowable under section 290.09, subdivision 29;

(11) Expenses and depreciation attributable to substandard buildings disallowed by section 290.101.

(b) Modifications reducing federal adjusted gross income. There shall be subtracted from federal adjusted gross income:

(1) Interest income on obligations of any authority, commission or instrumentality of the United States to the extent includible in gross income for federal income tax purposes but exempt from state income tax under the laws of the United States;

(2) The portion of any gain, from the sale or other disposition of property having a higher adjusted basis for Minnesota income tax purposes than for federal income tax purposes, that does not exceed such difference in basis; but if such gain is considered a long-term capital gain for federal income tax purposes, the modification shall be limited to fifty per centum of such portion of the gain. This modification shall not be applicable if the difference in basis is due to disallowance of depreciation pursuant to section 290.101.

(3) Interest or dividend income on securities to the extent exempt from income tax under the laws of this state authorizing the issuance of such securities but includible in gross income for federal income tax purposes;

(4) Income which does not arise from events or transactions which are assignable to Minnesota under the provisions of sections 290.17 to 290.20;

(5) Losses, not otherwise reducing federal adjusted gross income assignable to Minnesota, arising from events or transactions which are assignable to Minnesota under the provisions of sections 290.17 to 290.20, including any capital loss or net operating loss carryforwards or carrybacks resulting from such losses;

(6) If included in federal adjusted gross income, the amount of any overpayment of income tax to Minnesota, or any other state, for any previous taxable year, whether such amount is received as a refund or credited to another taxable year's income tax liability;

(7) The amount of any pension or benefit which is excluded from gross income under the provisions of section 290.08, subdivision 6; and

(8) The amount of compensation for personal services in the armed forces of the United States or the United Nations which is excluded from gross income under the provisions of section 290.65; and

(9) In the case of property acquired on or after January 1, 1973, the amount of any credit to the taxpayer's federal tax liability under section 38 of the Internal Revenue Code of 1954, as amended through December 31, 1974, but only to the extent that the credit is connected with or allocable against the production or receipt of income included in the measure of the tax imposed by this chapter ;

*(10) The interest earned by the seller of the farm land on a participation loan that is guaranteed by the commissioner of agriculture as provided by this act;*

*(11) The amount of gain included in federal adjusted gross income attributable to sales taxed under this act.*

(c) Modifications affecting shareholders of electing small business corporations under section 1372 of the Internal Revenue Code of 1954, or section 290.972 of this chapter.

(1) Shareholders in a small business corporation, which has elected to be so taxed under the Internal Revenue Code of 1954, but has not made an election under section 290.972 of this chapter, shall deduct from federal adjusted gross income the amount of any imputed income from such corporation and shall add to federal adjusted gross income the amount of any loss claimed as a result of such stock ownership. Also there shall be added to federal adjusted gross income the amount of any distributions in cash or property made by said corporation to its shareholders during the taxable year.

(2) In cases where the small business corporation has made an election under section 1372 of the Internal Revenue Code of 1954, but has not elected under section 290.972 of this chapter and said corporation is liquidated or the individual shareholder disposes of his stock and there is no capital loss reflected in federal adjusted gross income because of the fact that corporate losses have exhausted the shareholders basis for federal purposes, such shareholders shall be entitled, nevertheless, to a capital loss commensurate to their Minnesota basis for the stock.

(3) In cases where the election under section 1372 of the Internal Revenue Code of 1954 antedates the election under section 290.972 of this chapter and at the close of the taxable year immediately preceding the effective election under section 290.972 the corporation has a reserve of undistributed taxable income previously taxed to shareholders under the provisions of the Internal Revenue

Code of 1954, in the event and to the extent that such reserve is distributed to shareholders such distribution shall be taxed as a dividend for purposes of this act.

Items of gross income includible within these definitions shall be deemed such regardless of the form in which received. Items of gross income shall be included in gross income of the taxable year in which received by a taxpayer unless properly to be accounted for as of a different taxable year under methods of accounting permitted by section 290.07, except that (1) amounts transferred from a reserve or other account, if in effect transfers to surplus, shall, to the extent that such amounts were accumulated through deductions from gross income or entered into the computation of taxable net income during any taxable year, be treated as gross income for the year in which the transfer occurs, but only to the extent that such amounts resulted in a reduction of the tax imposed by this act, and (2) amounts received as refunds on account of taxes deducted from gross income during any taxable year shall be treated as gross income for the year in which actually received, but only to the extent that such amounts resulted in a reduction of the tax imposed by this act.

(d) Modification in computing taxable income of the estate of a decedent. Amounts allowable under section 291.07, subdivision 1(2) in computing Minnesota inheritance tax liability shall not be allowed as a deduction in computing the taxable income of the estate unless there is filed within the time and in the manner and form prescribed by the commissioner a statement that the amounts have not been allowed as a deduction under section 291.07 and a waiver of the right to have such amounts allowed at any time as deductions under section 291.07. The provisions of this paragraph shall not apply with respect to deductions allowed under section 290.077 (relating to income in respect of decedents). In the event that the election made for federal tax purposes under section 642(g) of the Internal Revenue Code of 1954 differs from the election made under this paragraph appropriate modification of the estate's federal taxable income shall be made to implement the election made under this paragraph in accordance with regulations prescribed by the commissioner.

Sec. 14. Minnesota Statutes, 1975 Supplement, Section 290.09, Subdivision 4, is amended to read:

Subd. 4. [TAXES.] Taxes paid or accrued within the taxable year, except (a) income or franchise taxes imposed by this chapter; (b) taxes assessed against local benefits of a kind deemed in law to increase the value of the property assessed; (c) inheritance, gift and estate taxes except as provided in section 290.077, subdivision 4; (d) cigarette and tobacco products excise tax imposed on the consumer; (e) that part of Minnesota property taxes for which a credit or refund is claimed and allowed under section 290.0603 or 290.066; (f) federal income taxes, by corporations, national and state banks except as provided in section 290.18; and (g) *the tax imposed by section 10, subdivision 2, of this act when the property has been held for less than ten years after the issuance of the loan; and* ~~(g)~~ (h) tax paid by any corporation or national or state bank to any foreign country or possession of the United States to

the extent that a credit against federal income taxes is allowed under the provisions of the Internal Revenue Code of 1954, as amended through December 31, 1974. If the taxpayer's foreign tax credit consists of both foreign taxes deemed paid and foreign taxes actually paid or withheld, it will be conclusively presumed that foreign taxes deemed paid were first used by the taxpayer in its foreign tax credit. Minnesota gross income shall include the amount of foreign tax paid which had been allowed as a deduction in a previous year, provided such foreign tax is later allowed as a credit against federal income tax. Income taxes permitted to be deducted hereunder shall, regardless of the methods of accounting employed, be deductible only in the taxable year in which paid. Taxes imposed upon a shareholder's interest in a corporation which are paid by the corporation without reimbursement from the shareholder shall be deductible only by such corporation.

**Sec. 15. [APPROPRIATIONS.]** *Subdivision 1. There is appropriated from the general fund to a special account in the state treasury the sum of \$20,000,000 to be invested by the state board of investment in such securities as authorized by law.*

*Such sums as may be needed from time to time to pay lenders for defaulted loans are appropriated from the special account to the commissioner. The sum of all outstanding small business and family farm security loans guaranteed by the commissioner at any time shall not exceed ten times the amount of money in the special account created in this subdivision.*

*Subd. 2. The sum of \$800,000 from the general fund is appropriated to the commissioner to be used for payment adjustment under section 7, subdivision 2.*

*Subd. 3. There is appropriated from the general fund to the commissioner the sum of \$74,300 for the biennium ending June 30, 1977, for administrative expenses incurred in fulfilling the provisions of this act."*

For each of the taxable years beginning after December 31, 1970, the term “gross income” in its application to individuals, estates, and trusts shall mean the adjusted gross income as computed for federal

References to the Internal Revenue Code of 1954 in clauses (a), (b) and (c) following shall mean the code in effect for the purpose of defining gross income for the applicable taxable year.

(a) Modifications increasing federal adjusted gross income. There shall be added to federal adjusted gross income:

(1) Interest income on obligations of any state other than Minnesota or a political subdivision of any such other state exempt from federal income taxes under the Internal Revenue Code of 1954;

(4) Interest on indebtedness incurred or continued to purchase or carry securities the income from which is exempt from tax under chapter 290, to the extent deductible in determining federal adjusted gross income;

(5) Amounts received as reimbursement for an expense of sickness or injury which was deducted in a prior taxable year to the extent that the deduction for such reimbursed expenditure resulted in a tax benefit;

(6) Losses which do not arise from events or transactions which are assignable to Minnesota under the provisions of sections 290.17 to 290.20, including any capital loss or net operating loss carryforwards or carrybacks resulting from such losses, and including any such nonassignable losses which occur prior to the time the individual becomes a resident of the state of Minnesota;

In the case of separate Minnesota returns, the overpayment shall be reported by each spouse proportionately according to the relative amounts of federal income tax claimed as a deduction on his or her separate Minnesota income tax return for such previous taxable year;

(b) Modifications reducing federal adjusted gross income. There shall be subtracted from federal adjusted gross income:

(1) Interest income on obligations of any authority, commission or instrumentality of the United States to the extent includible in gross income for federal income tax purposes but exempt from state income tax under the laws of the United States;

(2) The portion of any gain, from the sale or other disposition of property having a higher adjusted basis for Minnesota income tax purposes than for federal income tax purposes, that does not exceed such difference in basis; but if such gain is considered a long-term capital gain for federal income tax purposes, the modification shall be limited to fifty per centum of such portion of the gain. This modification shall not be applicable if the difference in basis is due to disallowance of depreciation pursuant to section 290.101.

(3) Interest or dividend income on securities to the extent

exempt from income tax under the laws of this state authorizing the issuance of such securities but includible in gross income for federal income tax purposes ;

(4) Income which does not arise from events or transactions which are assignable to Minnesota under the provisions of sections 290.17 to 290.20 ;

(5) Losses, not otherwise reducing federal adjusted gross income assignable to Minnesota, arising from events or transactions which are assignable to Minnesota under the provisions of sections 290.17 to 290.20, including any capital loss or net operating loss carryforwards or carrybacks resulting from such losses ;

(6) If included in federal adjusted gross income, the amount of any overpayment of income tax to Minnesota, or any other state, for any previous taxable year, whether such amount is received as a refund or credited to another taxable year's income tax liability ;

(7) The amount of any pension or benefit which is excluded from gross income under the provisions of section 290.08, subdivision 6 ; and

(8) The amount of compensation for personal services in the armed forces of the United States or the United Nations which is excluded from gross income under the provisions of section 290.65 ; and

(9) In the case of property acquired on or after January 1, 1973, the amount of any credit to the taxpayer's federal tax liability under section 38 of the Internal Revenue Code of 1954, as amended through December 31, 1974, but only to the extent that the credit is connected with or allocable against the production or receipt of income included in the measure of the tax imposed by this chapter.

(c) Modifications affecting shareholders of electing small business corporations under section 1372 of the Internal Revenue Code of 1954, or section 290.972 of this chapter.

(1) Shareholders in a small business corporation, which has elected to be so taxed under the Internal Revenue Code of 1954, but has not made an election under section 290.972 of this chapter, shall deduct from federal adjusted gross income the amount of any imputed income from such corporation and shall add to federal adjusted gross income the amount of any loss claimed as a result of such stock ownership. Also there shall be added to federal adjusted gross income the amount of any distributions in cash or property made by said corporation to its shareholders during the taxable year.

(2) In cases where the small business corporation has made an election under section 1372 of the Internal Revenue Code of 1954, but has not elected under section 290.972 of this chapter and said corporation is liquidated or the individual shareholder disposes of his stock and there is no capital loss reflected in fed-

eral adjusted gross income because of the fact that corporate losses have exhausted the shareholders basis for federal purposes, such shareholders shall be entitled, nevertheless, to a capital loss commensurate to their Minnesota basis for the stock.

(3) In cases where the election under section 1372 of the Internal Revenue Code of 1954 antedates the election under section 290.972 of this chapter and at the close of the taxable year immediately preceding the effective election under section 290.972 the corporation has a reserve of undistributed taxable income previously taxed to shareholders under the provisions of the Internal Revenue Code of 1954, in the event and to the extent that such reserve is distributed to shareholders such distribution shall be taxed as a dividend for purposes of this act.

Items of gross income includible within these definitions shall be deemed such regardless of the form in which received. Items of gross income shall be included in gross income of the taxable year in which received by a taxpayer unless property to be accounted for as of a different taxable year under methods of accounting permitted by section 290.07, except that (1) amounts transferred from a reserve or other account, if in effect transfers to surplus, shall, to the extent that such amounts were accumulated through deductions from gross income or entered into the computation of taxable net income during any taxable year, be treated as gross income for the year in which the transfer occurs, but only to the extent that such amounts resulted in a reduction of the tax imposed by this act, and (2) amounts received as refunds on account of taxes deducted from gross income during any taxable year shall be treated as gross income for the year in which actually received, but only to the extent that such amounts resulted in a reduction of the tax imposed by this act.

(d) Modification in computing taxable income of the estate of a decedent. Amounts allowable under section 291.07, subdivision 1(2) in computing Minnesota inheritance tax liability shall not be allowed as a deduction in computing the taxable income of the estate unless there is filed within the time and in the manner and form prescribed by the commissioner a statement that the amounts have not been allowed as a deduction under section 291.07 and a waiver of the right to have such amounts allowed at any time as deductions under section 291.07. The provisions of this paragraph shall not apply with respect to deductions allowed under section 290.077 (relating to income in respect of decedents). In the event that the election made for federal tax purposes under section 642(g) of the Internal Revenue Code of 1954 differs from the election made under this paragraph appropriate modification of the estate's federal taxable income shall be made to implement the election made under this paragraph in accordance with regulations prescribed by the commissioner."
