When two or more counties combine to form a board of health, each county board shall appoint two members to the board of health, except that the county board having the largest population shall appoint three such members. At least two members of the board of health shall be providers of health services. The remaining members shall be laymen representative of the people in the community and shall include at least one person who is not a member of the county board. Continuity of membership shall be assured by having approximately one third of the members' terms expire each year. First appointments may be for less than three years, thereafter all terms shall be three years. No member shall serve more than three consecutive terms. The board shall elect a chairman and vice chairman with terms of one year.

Subd. 2. [CITIES.] A city, located in a county with a population of 300,000 or more persons, or any city which is located in three counties, may by resolution organize a board of health under the provisions of this section exercising one of the following options, and assign the responsibilities of this act accordingly;

(a) **City Council**—The city council may assume the responsibilities of the board of health pursuant to this act.

(b) **Board of Health**—The city council may assign the re-

sponsibilities of the board of health to the board of health of said city organized under Minnesota Statutes, Section 145.01.

(c) Board of Health—The city council may organize a board of health and assign the responsibilities of this act to such board of health. The board of health for a single city shall consist of five members appointed by the city council. When two or more cities combine to form a board of health, each city council shall appoint two members to the board of health, except that the city council of the city having the largest population shall appoint three such members. At least two members of the board of health shall be providers of health services. The remaining members shall be laymen representative of the people in the community and shall include at least one person who is not a member of the city council. Continuity of membership shall be assured by having approximately one third of the members' terms expire each year. First appointments may be for less than three years, thereafter all terms shall be three years. No member shall serve more than three consecutive terms. The board shall elect a chairman and a vice chairman with terms of one year.

Subd. 3. [ADVISORY COMMITTEE.] In each case where a board of health has been assigned the responsibilities of this act a single local community health services advisory committee shall be established by the participating county boards or city councils to advise, consult with, or make recommendations to the board of health on matters relating to the development, maintenance, funding, and evaluation of community health services. The committee shall consist of not less than nine members and no more than 21 members. The membership of the advisory committee shall be as follows: at least one third providers of health services, including at least three licensed health professionals; and at least one third consumers selected to represent consumers organizations or constituencies within the community, provided, however, that the advisory committee to a county board of health for a county with 300,000 or more persons shall be as follows: at least 51 percent local government officials and the remainder divided equally between providers of health services and consumers. Continuity of membership of each advisory committee shall be assured by having an approximately equal number of terms expire each year. First appointments may be for less than two years, thereafter all terms shall be two years and no member shall serve more than three consecutive terms. Notwithstanding any law to the contrary, members may receive a per diem and be reimbursed for travel and other necessary expenses while engaged in their official duties, as determined by the appointing authority. The committee shall elect officers including a chairman and vice chairman with terms of one year. The committee shall meet at least six times a year and at the call of the chairman or a majority of the members.

Sec. 4. [LOCAL BOARD OF HEALTH; AUTHORITY.] Subdivision 1. [GENERAL DUTIES.] The board of health shall have general authority and responsibility for the development

and maintenance of an integrated system of community health services.

Subd. 2. [POWERS.] In addition to any other powers assigned to a board of health by sections 1 to 11, the board of health for a county shall possess all the powers and duties now assigned by law to local boards of health pursuant to Minnesota Statutes, Section 145.01, and to public health nursing and home health services agencies pursuant to Minnesota Statutes, Sections 145.08 to 145.125, provided however that this subdivision shall not supersede or otherwise change the powers and duties of any city or township eligible for the subsidy under the provisions of section 7 of this act, or of any city of the first or second class with an existing program of community health services located within a county with a population of 300,000 or more persons until the city council of said city shall take action to allow the county to pre-empt the powers and duties of said city. Not later than 365 days after the approval of the community health services plan by the state board of health, any county or city board, committee or commission having authorities or duties in any area designated in sections 1 to 11 other than the board of health designated and acting pursuant to sections 1 to 11, shall cease its operation and no per diem or reimbursement of expenses shall be paid to any member of the board, committee, or commission.

Subd. 3. [EMPLOYEES.] The board of health may employ administrators, officers, employees, and agents as necessary to carry out the provisions of this act. Employees of the board of health shall be subject to any personnel administration rules adopted by the county board or boards or the city council or councils unless by law the employees or a class of employees shall be within the scope of a state wide personnel administration system. All persons employed by a county, city or the state, whose functions and duties are assumed by the board of health shall become employees of the board of health without loss in benefits, salaries or rights.

Subd. 4. The board of health by any lawful means, including gifts, purchase, lease, or transfer of custodial control, may acquire and hold in the name of the county or city the lands, buildings, and equipment necessary and incident to the accomplishment of the purposes of this act and accept gifts, grants, and subsidies from any lawful source, apply for and accept state and federal funds, request and accept local tax funds, establish and collect reasonable fees for community health services provided.

Subd. 5. The board of health may contract for services from private firms, nonprofit corporations, primary and secondary schools, state and local governmental agencies, or other community agencies to avoid unnecessary duplication of services and realize cost advantages. The board of health may offer to contract to provide public health nursing and other school health services to the schools within its jurisdiction. The contracts shall be employed to improve efficiency and the quality and effectiveness of services and shall give preferential consideration to existing municipal programs. Contracts shall be awarded on the basis of cost benefit comparisons and considerations.

Subd. 6. The board of health shall coordinate community health services with the delivery of personal health services, institutional health services, and related human services in the community; ensure responsible medical consultation and direction by employing or contracting with a practicing licensed physician; and coordinate community health services with health related environmental control services in the community. The board of health shall coordinate local, state, and federal services and funding for community health services.

Subd. 7. The board of health shall evaluate the effectiveness and efficiency of community health services systems and programs and as a condition of qualifying for the community health services subsidy, prepare the annual community health services plan and budget, as provided in section 10.

Subd. 8. The board of health shall identify community health needs and set priorities among the needs for the broad range of community health services including the health needs of minorities and nonresidents, including tourists and migrants, and ensure that services are accessible to all persons on the basis of need and that no one is denied services because of race, color, sex, age, language, religion, nationality, economic status, political persuasion or place of residence.

Subd. 9. The board of health shall recommend appropriate local legislation pertaining to community health services to the county board or city council and shall advise the state board of health on matters relating to public health that require assistance from the state, or that may be of more than local interest.

Subd. 10. The board of health shall publish for distribution an annual report of the activities of the board of health.

Subd. 11. When the board of health determines that there is an acute shortage of medical or other health manpower, or that there is a significant problem in providing access to health care in the area, the board of health shall address itself to the resolution of those problems. The solution may involve providing assistance to recruit medical or other health personnel to the area, or the development of suitable linkages between area medical and allied health personnel that will make more effective use of existing private, nonprofit and community resources and extend health care into the community.

Sec. 5. [DUTIES OF COUNTY BOARD.] Subdivision 1. A county board of any county having a board of health organized under this act shall review and approve the community health services plan prior to the submission of the plan to the state board of health. The plan submitted by the county board shall incorporate the plans developed by any city organized under the provisions of section 3 that has established eligibility under the provisions of section 7. Upon receipt of the community health services plan, or any proposed revision, from a city, the county board shall review and act on the plan or the proposed revision within 30 days. The county board may approve the plan as writ-

ten or refer the plan back to the city with comments and instructions for further consideration. The city or the county may appeal to the state board of health for resolution of differences regarding the community health services plan. A failure to act within the specified time shall constitute approval of the plan.

Subd. 2. A county board of any county having a board of health organized under this act may by ordinance adopt and enforce minimum standards and regulations for the services comprehended under this act; provided, however, that no county regulations shall conflict with state legislation or with higher standards established either by regulation of an agency of state government or by the provisions of the charter or ordinances of any city organized under the provisions of this act.

Sec. 6. [BUDGET; FUNDS.] Subdivision 1. On or before July 1 of each year the board of health, if other than the county board, or the joint board of two or more county boards, or the city council or councils, shall submit to the county board or boards or the city council or councils an estimate of the amount needed by the board of health to perform its duties including costs of administration for the ensuing year. The proposed plan and budget shall set forth the expected source and amounts of funds which are expected to be available to the board of health and its proposed plan of expenditures to perform its duties and responsibilities. The county board or boards or the city council or councils shall consider the estimates of income and the plan for expenditures and as the estimates and plan are approved or approved as modified, shall levy a tax within the levy limits provided by law.

If two or more counties or cities have agreed as provided in Minnesota Statutes, Section 471.59, to a joint or multi-county or multi-city or multi-city-county activity, the county boards or city councils party to the agreement shall determine the proportional financial responsibility of each county or city to support the programs and services of the board of health if the agreement had not provided for the division of costs or other arrangements pursuant to the agreement.

Sec. 7. [ELIGIBILITY; WITHDRAWAL.] Subdivision 1. [ELIGIBILITY OF COUNTIES.] A county or two or more contiguous counties combined under the provisions of Minnesota Statutes, Section 471.59, shall be eligible for the community health services subsidy provided in section 11 under the following conditions:

(a) There shall be an aggregate population of 30,000 or more persons in the county or multi-county area located within a region designated pursuant to Minnesota Statutes, Sections 462.-381 to 462.396, or Chapter 473B. However, when three or more counties combine for the purposes of this act, the 30,000 minimum population shall not be required. When two or more counties combine for the purposes of this act, the state board of health with the approval of the regional development commissions directly involved, may waive the requirements that all

counties be within a single development region; provided however, that if a single county has received an exemption for formation of a human services board pursuant to Minnesota Statutes, Section 402.01, the population base of 30,000 is waived and such county shall be eligible for participation in this act;

(b) There shall be a board of health organized under the provisions of section 3;

(c) There shall be substantial compliance with the requirements of the state board of health established under the provisions of section 8;

(d) There shall be local matching funds provided to support the community health services as provided in section 11;

(e) The plan developed under the provisions of section 10 shall be approved by both the county board and the state board of health.

Failure of a county or group of counties to elect to come within the provisions of sections 1 to 11 shall not affect their eligibility for any other state subsidy.

Subd. 2. [ELIGIBILITY OF CITIES.] A city having a city health department organized under the provisions of chapter 145 and located in a county having a population of 300,000 or more persons, or two or more contiguous cities combined under the provisions of section 471.59, having an aggregate population of 65,000 or more persons and located in a county having a population of 300,000 or more persons, shall be eligible for the community health services subsidy under the provisions of this act if:

(a) There is a board of health organized under the provisions of section 3, subdivision 2;

(b) There is substantial compliance with the requirements established by the state board of health under the provisions of section 8;

(c) There are local matching funds provided to support the community health services as provided in section 11;

(d) The plan developed under the provisions of section 10 shall be consistent with the plan developed by the county and shall be approved by both the city council and the county board.

The city's proportionate share of the community health service subsidy shall be determined by calculating the proportion of local expenditures for community health services within the county that were expended by the city. In a county which has, or hereafter establishes, an operational human services board pursuant to section 3, subdivision 1, the subsidy payment shall be made to the human services board pursuant to Minnesota Statutes, Section 402.02, Subdivision 4. The human services board shall assure that those cities which establish eligibility under this subdivision receive their proportional share of the subsidy by entering into a contract with the city under which the city shall provide community health services in return for their share of the subsidy.

Subd. 3. [ELIGIBILITY OF CITIES.] A city located within three or more counties and any contiguous political subdivision or subdivisions shall have the authority to combine, for the purposes of this act, under the provisions of Minnesota Statutes, Section 471.59, and shall be eligible for a proportional share of the subsidy provided in section 11 for the counties under the following conditions:

(a) There shall be an aggregate population of 40,000 or more persons;

(b) There is a board of health organized under the provisions of section 3;

(c) There is substantial compliance with the requirements established by the state board of health under the provisions of section 8;

(d) There are local matching funds provided to support the community health services as provided in section 11;

(e) The plan developed under the provisions of section 10 shall be approved by the city council and the governing bodies of each of the political subdivisions and by the state board of health.

The proportionate share of the subsidy for the city and any contiguous political subdivision combined with such city shall be determined by calculating the proportion of total county population that live in the city and the contiguous political subdivisions. When all three counties within which the city is located have combined under the provisions of this act, the subsidy payment shall be made to the multi-county board of health. The multi-county board of health shall enter into a purchase of service contract to provide a proportional share of the subsidy to the city and any contiguous political subdivisions that establish eligibility under the provisions of this subdivision.

Subd. 4. [WITHDRAWAL.] Any participating county or city may, by resolution of its governing body, indicate its intention to withdraw from the subsidy program established by this act. Notification shall be given to the state board of health and to each county or city in any multi-county or multi-city combination, at least one year before the beginning of the fiscal year in which it takes effect. When two or more counties or cities have combined for the purposes of sections 1 to 11, the withdrawal provision shall not be applicable during the first two years following the adoption of the initial agreement to combine. The withdrawal of a county or city from a group of two or more counties or cities combined for the purposes of sections 1 to 11 shall not affect the eligibility for the community health services subsidy of the remaining counties or cities for at least one year following the withdrawal.

Sec. 8. [DUTIES OF THE STATE BOARD OF HEALTH.]  
Subdivision 1. The state board of health shall:

(a) Provide consultation and technical training to communities to assist them in the development and provision of services, encouraging multi-county configurations to ensure that a county

will not be isolated geographically and thereby ineligible for the subsidy.

(b) Develop guidelines and recommended administrative procedures through a planning process with representation from local health boards. Adoption of these guidelines and administrative procedures by the board of health shall not be a prerequisite for plan approval.

(c) Promulgate regulations in accordance with Minnesota Statutes, Chapter 15, for the purposes of establishing standards for:

(1) Training, credentialing, and experience requirements for key administrative personnel to ensure expertise in administration, planning, and in each services program included in the community health services plan;

(2) A uniform reporting system that will permit an assessment of the efficiency and effectiveness of service delivery programs; and

(3) A planning process that will encourage full community participation in the development of the community health services plan.

(d) Review and act on the community health services plan and any proposed revision within 60 days after receiving the plan or revision. The state board of health may approve the plan as written or refer the plan back to the applicant with comments and instructions for further consideration. A failure to act within the specified time shall constitute approval of the plan.

(e) Provide application forms and instructions for preparation and submission of applications for the community health services subsidy, in accordance with the provisions of section 10.

Subd. 2. The state board of health may enter into an agreement as prescribed in Minnesota Statutes, Section 145.55, with any county or city or group of counties or cities organized under the provisions of section 3 to perform all or part of the licensing, inspection, and enforcement duties authorized under the provisions of Minnesota Statutes, Sections 144.075 and 144.12 and Chapter 157.

Sec. 9. [COMMUNITY HEALTH SERVICES ADVISORY COMMITTEE.] An advisory committee is established to advise, consult with, and make recommendations to the state board of health on matters relating to the development, maintenance, funding and evaluation of community health services. Each board of health meeting the eligibility requirements of section 7 of this act may appoint a member to serve on the committee. The terms shall be two years and no member shall serve more than three consecutive terms. Continuity of membership shall be assured by having an approximately equal number of terms expire each year. Members may receive a per diem and shall be reimbursed for travel and other necessary expenses while engaged in their official duties. The committee shall meet at least

quarterly and special meetings may be called by the chairman or a majority of the members.

Sec. 10. [COMMUNITY HEALTH SERVICES PLAN.] Subdivision 1. [PLAN CONTENT.] The community health services plan shall be a written plan for the development, implementation, coordination, and operation of community health services that meet the priority needs of the community. Financial constraints and differing priorities may result in variations in levels of effort for different services. The plan shall include the following:

(a) A description of the process used to encourage full community participation in the development of the plan;

(b) An explanation of the extent to which the planning and service delivery systems have been integrated with the delivery of personal health services, institutional health services, health related environmental programs and services, and with related human services in the community. The plan shall include a statement of the priority needs of the community and an inventory of existing health related services in the community;

(c) Descriptions of each service program including each of the following: Community nursing services, home health services, disease prevention and control services including immunization, emergency medical services, health education, and environmental health services;

(d) The projected amount and sources of funding for carrying out the plan;

(e) A report and evaluation of the two preceding years community health service programs.

Subd. 2. [PLAN SUBMISSION.] The application for a community health services subsidy and the plan and any proposed revision of the plan shall be submitted to the appropriate regional development commission or to the metropolitan council and to the state board of health. The regional development commission or the metropolitan council shall review the plan to determine conformance with regional plans developed by the health systems agency under the provisions of the National Health Planning and Resource Development Act of 1974, and submit their findings and other comments and recommendations to the state board of health within 40 days after receiving the plan.

Sec. 11. [COMMUNITY HEALTH SERVICES SUBSIDY.] Subdivision 1. [PAYMENT.] When a city, county, or group of cities or counties meets the requirements prescribed in section 7, the state board of health shall pay the amount of subsidy to the city or county in accordance with applicable rules and regulations from the funds appropriated for the purpose. The state board of health may make an advancement of funds on a quarterly basis.

Subd. 2. [FORMULA.] To determine the amount to be paid participating cities and counties, the state board of health shall

apply the following formula using the most current data available:

(a) All counties will be ranked in accordance with a formula involving three factors:

(1) Per capita income;

(2) Per capita taxable value; and

(3) Per capita local expenditure per 1,000 population for community health services.

(b) Each county is then ranked as follows:

(1) On the basis of per capita income the ranking is from the lowest to the highest;

(2) Per capita taxable value is ranked from lowest to highest;

(3) Per capita expenditure is ranked from highest to lowest.

(c) The ranking given each county on each of the foregoing three factors is then totaled and the counties ranked in numerical order according to score.

(d) The total score for each county thus determined is then divided into a median total score. The quotient thus obtained is then multiplied by \$2.25 times the county population. The resulting product is the amount of subsidy to which the county is eligible under this formula, provided that no city or county shall receive less than \$1.75 or more than \$2.75 per capita, provided that such computation shall not include additional subsidies granted pursuant to subdivision 4 or subdivision 5 of this section.

Subd. 3. [LOCAL MATCH.] The amount of local matching funds required to receive the full subsidy shall be determined by multiplying the population by \$4.50 and subtracting the community health services subsidy allocated under the provisions of this section. The local matching funds may include local tax levies, gifts, fees for services and revenues from contracts. When the amount of local matching funds is less than the amount specified, the state formula subsidy shall be reduced proportionally. When a participating city or county fails to expend the full amount of the subsidy to which it would be entitled in any one year under the provisions of this act, the state board of health may, at its discretion, retain the surplus, subject to disbursement in the following year to the city or county if it can demonstrate a need for and ability to expend the surplus for the purposes provided in section 8. A city organized under the provisions of this act that levies a tax for provision of community health services shall be exempted from any county levy for the same services to the extent of the levy imposed by the city.

Subd. 4. [PAYMENT.] A city, county, or group of cities or counties with an aggregate population of 50,000 or more persons which meet the eligibility requirements of section 5 shall be entitled to an additional annual payment of \$.25 per capita.

Each county that combines with another county or counties

for the purposes of sections 1 to 11 shall be entitled to an additional annual payment of \$5,000.

Subd. 5. [PLANNING GRANTS.] The state board of health may provide grants to any county or group of counties showing intent to come within the provisions of sections 1 to 11 for the purpose of planning for the development, implementation, and operation of community health services. No single county shall receive more than \$25,000 to conduct the planning. The state board of health shall specify the terms and conditions of grants.

Sec. 12. [SPECIAL GRANTS.] Subdivision 1. The state board of health may make special grants to cities, counties, groups of cities or counties, or nonprofit corporations to establish, operate or subsidize clinic facilities and services, including mobile clinics, to furnish health services for migrant agricultural workers and their families in areas of the state in which significant numbers of migrant workers are located. Applicants shall submit for approval a plan and budget for the use of the funds in the form and detail specified by the state board of health. They shall maintain records, including records of expenditures to be audited, as the state board of health specifies.

Subd. 2. The state board of health may make special grants to local boards of health to establish, operate, or subsidize clinic facilities and services to furnish health services for native Americans who have no established county of residence. The community health services plan submitted by the local board of health must contain a proposal for the delivery of the services and documentation of input by affected segments of the community to the plan in order to qualify for a grant under this subdivision.

Sec. 13. [APPROPRIATION TRANSFER.] The commissioner of finance is authorized to transfer funds from any appropriation made to the state board of health to the appropriation provided in section 14 of this act. Such transfer shall occur after a request by the commissioner of health identifying the specific amounts from each appropriation, and the programs effected by the requested transfer. The commissioner of health shall furnish copies of each request to the committee on finance of the Senate and the committee on appropriations of the House of Representatives.

Sec. 14. [APPROPRIATION.] Subdivision 1. The sum of \$1,500,000 is appropriated from the general fund to the state board of health for the biennium ending June 30, 1977 for the purposes specified in section 11, subdivisions 1 to 4.

Subd. 2. The sum of \$400,000 is appropriated from the general fund to the state board of health for the biennium ending June 30, 1977 for the purposes specified in section 11, subdivision 5.

Subd. 3. The sum of \$150,000 is appropriated from the general fund to the state board of health for the biennium ending June 30, 1977 for the purposes specified in section 12, subdivision 1.

Subd. 4. The sum of \$150,000 is appropriated from the general fund to the state board of health for the biennium ending June 30, 1977 for the purposes specified in section 12, subdivision 2.

Subd. 5. The sum of \$500,000 is appropriated to the general contingent fund for the purposes specified in section 11, subdivisions 1 through 4, to be expended in the manner prescribed in Minnesota Statutes 1974, Section 3.30.

Subd. 6. The sum of \$50,000 is appropriated from the general fund to the state board of health for the biennium ending June 30, 1977 for the purpose of administering section 8.

Sec. 14. [EFFECTIVE DATE.] The effective date of this act is July 1, 1975 except for section 11, subdivisions 1 to 4, which shall be effective July 1, 1976."

We request adoption of this report and repassage of the bill.

Sec. 18. Minnesota Statutes 1974, Section 218.041, is amended to read:

218.041 [DUTIES OF COMMISSIONER.] Subdivision 1. With respect to all common carriers under this chapter including express companies and sleeping car companies, the department commissioner shall investigate the management thereof, the man-

ner in which their businesses are conducted, and the adequacy of the services they are affording the public ; *and shall* prescribe uniform systems of keeping and rendering accounts and the time within which such systems shall be adopted ; direct the repair and reconstruction or replacement of any inadequate or unsafe trackage, structure or facility; and . *The commission shall* make all appropriate orders relating to continuation, termination, modification or extension of services and facilities with a view to properly promoting the security and convenience of the public.

Subd. 2. The department *public service commission* shall, upon petition and appropriate proceedings thereunder *after hearing* :

(1) Review and ascertain the reasonableness and equalities of all schedules of rates, fares and charges or any part or classification thereof, including joint through rates, and, if found unreasonable or discriminatory, establish new schedules and prescribe the form and manner of filing, posting and publication thereof.

(2) Order the issuance of any franchises, permits or certificates of convenience and necessity.

(3) At all points of intersection and crossings of different railroads, or where two railroads are not more than one-half ( $\frac{1}{2}$ ) mile apart, and at all terminals, prescribe ample facilities by track connection, joint use of tracks, passenger and freight platforms and depots, warehouses, docks over which general merchandise is handled and forwarded, and other necessary appliances and conveniences for the transfer, forwarding and handling of general merchandise and parcel freight between such railroads and between such railroads and such docks, warehouses and vessels at such docks.

(4) Determine the proportionate share of each company in the cost of providing connecting and transfer facilities in the event the companies fail to agree.

(5) Direct construction, maintenance and operation at any points prescribed by law of all side tracks and reasonable facilities connecting any road with any grain warehouse or mill, dock, wharf, coal yard, quarry, brick or lime kiln, sand or gravel pit, crushed rock or concrete plant, or manufactory adjacent thereto, and prescribe the terms therefor.

(6) Direct the discontinuance of any regularly scheduled intrastate passenger trains upon a finding after public hearing that the public will not be deprived of reasonably adequate service thereby.

(7) (3) Prescribe schedules of reasonable maximum rates or charges for the transportation of freight and cars on each railroad, including the classification of such rates and rules governing the same, and revise the same from time to time.

(8) (4) Fix rates or charges for carrying livestock to St. Paul or between St. Paul and South St. Paul, provided that the railroad transporting such livestock to St. Paul shall absorb switching charges from St. Paul to South St. Paul out of its line haul rates

or charges for transportation of such livestock to St. Paul, or the common rate point which includes St. Paul.

(9) (5) Prescribe rates for feeding cattle applicable to out-movement from terminal markets. The ~~department~~ *commission* may unite two or more stations or commercial centers into a common rate point and may designate the classes of freight which shall take common rates, and fix the mileage that shall govern between the common rate point and any or all other points in the state. The distance so fixed shall not apply as a measure of the rate for the movement of the same class of freight for similar distances between other points.

(10) Prescribe rules and regulations for distribution of cars at stations for use of shippers of livestock and farm products.

(11) (6) Prescribe a schedule of joint through railway rates for freight over two or more connecting lines of railway and revise the same from time to time. In so doing, the ~~department~~ *commission* shall consider, among other things, rates established for shipments within this state for like distances over single lines, rates charged by the railway companies operating such connecting lines for joint interstate shipments, and the increased cost, if any, of a joint through shipment as compared with a shipment over a single line for like distances. In establishing rates for shipments in less than carload lots, in cases where connecting railways are not required to have common stations or stopping place for loading or unloading freight at connecting points, the ~~department~~ *commission* shall regulate the transportation of such freight from the usual unloading place of one railway to the usual loading place of the other. The share of any railway company of any joint through rates shall not be construed to fix the charge that it may make for a similar distance over any part of its line for any single rate shipment, or the share of any other joint rate. Where the line of a railway company connects the point of shipment with the point of destination but would require a longer haul than a joint haul for which a joint rate has been established, the ~~department~~ *commission* may authorize charging the joint rate for the single haul without affecting the charge upon any other part of its line except that the charge for a like kind of property must not be greater for a shorter than for a longer distance upon that railroad, all of the shorter hauls being included within the longer.

(12) (7) Define switching and drayage service to apply to the movement of traffic within and between points and fix reasonable maximum rates for the same, which shall be independent of any rates that may be made for line haul transportation. There shall be but one terminal charge for switching or transferring any car within any one municipality and, if it is necessary that any car in such transfer pass over the tracks of more than one railroad within such limits, the company first so transferring such car shall receive the entire charge therefor and be liable to each company doing subsequent switching for its just share of such charge as may be agreed upon among the companies, or, in the

event of disagreement, as prescribed by the department commissioner.

(8) Upon application by a carrier stating that it desires to establish a rate for a temporary period for the protection of the interests of the carriers or its shippers, authorize and establish the temporary rate, and extend the rate as the circumstances of the case may require, and permit the restoration of the rate existing at the time of the application without further proceedings.

(9) Authorize less than full fare rates for transportation of children under 12 years of age.

(10) Approve the establishment, change, or alteration of any rate, charge, or classification, minimum rate, or rule governing the same, to which a common carrier is a party, upon application of such common carrier in writing when such application appears to be noncontroversial.

Subd. 3. The commissioner shall, upon petition and after hearing:

(1) At all points of intersection and crossings of different railroads, or where two railroads are not more than one half mile apart, and at all terminals, prescribe ample facilities by track connection, joint use of tracks, passenger and freight platforms and depots, warehouses, docks over which general merchandise is handled and forwarded, and other necessary appliances and conveniences for the transfer, forwarding and handling of general merchandise and parcel freight between such railroads and between such railroads and such docks, warehouses and vessels at such docks.

(2) Determine the proportionate share of each company in the cost of providing connecting and transfer facilities in the event the companies fail to agree.

(3) Direct construction, maintenance and operation at any points prescribed by law of all side tracks and reasonable facilities connecting any road with any grain warehouse or mill, dock, wharf, coal yard, quarry, brick or lime kiln, sand or gravel pit, crushed rock or concrete plant, or manufactory adjacent thereto, and prescribe the terms therefor.

(4) Direct the discontinuance of any regularly scheduled intrastate passenger trains upon a finding after public hearing that the public will not be deprived of reasonably adequate service thereby.

(5) Prescribe rules and regulations for distribution of cars at stations for use of shippers of livestock and farm products.

~~(13)~~ (6) Require installation of track scales at terminals, warehouses and at all other points in the state where the same are deemed necessary and prescribe reasonable regulations for the weighing of cars and of freight.

~~(14)~~ (7) Prescribe the speed at which and the conditions under which cars of livestock shall be moved by any carrier within the state in intrastate shipments.

~~(15)~~ (8) Prescribe the fees necessary to cover cost of supervision and weighing and the method of assessment and collection thereof.

~~(16)~~ (9) Prescribe reasonable regulations for handling property, passenger, baggage, express and mail, partly over privately owned rights-of-way and partly over highways, so that reasonable and adequate accommodations and service may be afforded.

~~(17)~~ (10) Prescribe the extent to which any designated carrier, upon its petition, may be relieved from the operation of the principles established by section 218.021, subdivision 1, clauses (6), (7) and (8).

*Subd. 4. The commissioner shall:*

*(1) Supervise and inspect all track scales, and direct any carrier to transport, move and switch to any track scale free of charge any test car used by the state in testing the scales;*

*(2) Investigate and determine whether any common carriers are granting rebates or, in any other particular, failing to comply with laws or with orders, rules or directives of the commissioner or the department;*

*(3) Appear and press before the Interstate Commerce Commission any petition, whether filed by a resident of the state or otherwise, charging any common carrier doing business in this state with any violation of the Interstate Commerce Act of the United States, whenever the department deems the matter to be one of public interest;*

*(4) Appoint at public stockyards weighers as may be necessary for the purpose of weighing livestock; a weigher shall report daily to the supervisor of the stockyards on the weights taken by him; the report shall be in the form prescribed by the commissioner and the supervisor shall furnish to interested parties a certificate setting forth the number of animals weighed, for whose account weighed and the actual weight of the animals; no weigher shall, during his term of service, be in any manner interested in the handling, shipping, purchasing or selling of livestock or in the employ of any person or corporation engaged in that activity, nor shall he be a member of any livestock exchange or organization of like character;*

*(5) Authorize publication on less than ten days' public notice of schedules containing all classifications, rates, fares and charges for the transportation of freight and passengers;*

*(6) Collect all fees prescribed by the commissioner to cover the cost of supervision and weighing, depositing the same in the state treasury in a fund known as the livestock weighing fund; and*

*(7) Institute and prosecute all actions and proceedings in the appropriate courts for the enforcement of the provisions of Minnesota Statutes, Chapter 218, the orders, rules and directives of the commissioner and the commission issued thereunder and any violations thereof; and*

(8) Direct the repair, reconstruction or replacement of any inadequate or unsafe trackage, structure or facility.

*Subd. 5. The commissioner may:*

(1) Subpoena books, papers or accounts kept by any regulated business within or without the state, or compel production of verified copies;

(2) Prepare all forms or blanks for the purpose of obtaining information which the commissioner may deem necessary or useful for the proper exercise of his authority and duties in connection with regulated businesses, and prescribe the time and manner within which the blanks and forms shall be completed and filed;

(3) Inspect, at all reasonable times, and copy the books, records, memoranda, correspondence or other documents and records of any business under his jurisdiction; and

Such competing carrier and other persons or bodies politic are hereby declared to be interested parties to the proceedings.

If, during the hearing, an amendment to the petition is proposed which appears to be in the public interest, the ~~department~~ *commission* may allow the same when the issues and the territory are not unduly broadened by the amendment.

Sec. 75. Minnesota Statutes, 1975 Supplement, Section 221.071, is amended to read:

221.071 [ISSUANCE OF CERTIFICATE TO REGULAR ROUTE COMMON CARRIER OR PETROLEUM CARRIER.] If the ~~department~~ shall find *commission finds* from the evidence that the petitioner is fit and able to properly perform the services proposed and that public convenience and necessity requires the granting of the petition or any part thereof, *it shall issue a certificate therefor shall be issued of public convenience and necessity to the petitioner*. In determining whether a certificate should be issued, the ~~department~~ *commission* shall give primary consideration to the interests of the public that might be affected thereby, to the transportation service being furnished by any railroad which may be affected by the granting of the certificate and to the effect which the granting of the certificate will have upon other transportation service essential to the communities which might be affected by the granting of the certificate. The ~~department~~ *commission* may issue a certificate as applied for or issue it for a part only of the authority sought and may attach to the authority granted such terms and conditions as in its judgment public convenience and necessity may require.

The ~~department~~ *commission* may grant a temporary certificate, *ex parte*, valid for a period not exceeding six (6) months, upon a showing that no regular route common carrier is then authorized to serve on the route sought ~~where~~, *that there is no other petition on file with the department commission covering said route and it appears that there is need for the proposed service.*

A certificate which has been issued to a regular route common carrier may be amended by the ~~department~~ *commission* on *ex parte* petition and *payment of a fee of \$25* so as to grant an additional or alternate route where there is no other means of transportation over such proposed additional route or between the termini thereon, and such proposed additional route does not exceed ten (10) miles in length.

Sec. 76. Minnesota Statutes 1974, Section 221.081, is amended to read:

221.081 [SALE OR LEASE OF CERTIFICATE OF REGULAR ROUTE COMMON CARRIER OR PETROLEUM CARRIER.] Certificates authorizing operations as a regular route common carrier or as a petroleum carrier may be sold or leased but only upon order of the ~~department~~ *commission* approving the same. The proposed seller and buyer or lessor and lessee of a certificate shall file a joint petition with the ~~department~~ *commission*, setting forth the names and addresses of the parties, the identifying number of the certificate and the description of the authority which the parties seek to sell or lease, a short statement of the reasons for the proposed sale or lease, a short statement of the buyer or lessee's present operating authority, if any, a statement of all outstanding claims of creditors which are directly attributable to the operations conducted under said certificate, a copy of the contract of sale or lease and a financial statement with balance sheet and income statement, if existent, of the buyer. If it appears to the ~~department~~ *commission* from the contents

of the petition and from the department's records and , files *and investigation of the petition* that the approval of the sale or lease of the certificate will not adversely affect the rights of the users of the service and will not have an adverse effect on any other motor carrier, the *department commission* may make an ex parte order granting the same. When the proposed sale or lease is between persons who are direct competitors to a material degree, the petition shall be set down for hearing with notice to the communities which may be affected by the proposed merger and to any other persons the *commission or department* deems to be interested parties.

Sec. 77. Minnesota Statutes 1974, Section 221.091, is amended to read:

221.091 [LIMITATIONS.] No provision in sections 221.011 to 221.291 shall authorize the use by any carrier of any public highway in any city of the first class ; ~~whether organized under the constitution of the state of Minnesota, Article IV, Section 36, or otherwise,~~ in violation of any charter provision or ordinance of such city in effect January 1, 1925, unless and except as such charter provisions or ordinance may be repealed after that date; nor shall sections 221.011 to 221.291 be construed as in any manner taking from or curtailing the right of any city to reasonably regulate or control the routing, parking, speed or the safety of operation of a motor vehicle operated by any carrier under the terms of sections 221.011 to 221.291, or the general police power of any such city over its highways; nor shall sections 221.011 to 221.291 be construed as abrogating any provision of the charter of any such city ~~now organized and operating under said article IV, section 36,~~ requiring certain conditions to be complied with before such carrier can use the highways of such city and such rights and powers herein stated are hereby expressly reserved and granted to such city; but no city shall prohibit or deny the use of the public highways within its territorial boundaries by any such carrier for transportation of passengers or property received within its boundaries to destinations beyond such boundaries, or for transportation of passengers or property from points beyond such boundaries to destinations within the same, or for transportation of passengers or property from points beyond such boundaries through such municipality to points beyond the boundaries of such municipality, where such operation is pursuant to a certificate of convenience and necessity issued by the *department commission* .

Sec. 78. Minnesota Statutes 1974, Section 221.101, is amended to read:

221.101 [ADDITIONAL AUTHORITY TO PETROLEUM CARRIERS.] In addition to the specific authority granted to petroleum carriers, every petroleum carrier holding a certificate as such may transport petroleum products from an origin point he is not authorized to serve when the needs of the shippers he serves because of seasonal failure of supplies require service from such origin point, upon securing permission from the *department*

*commission* , provided that this provision shall not include the right to enlarge the carrier's destination area.

Sec. 79. Minnesota Statutes 1974, Section 221.111, is amended to read:

221.111 [PERMITS TO OTHER MOTOR CARRIERS.] All motor carriers other than the regular route common carriers and petroleum carriers shall obtain a permit from the department of public service in accordance with section 221.121 , including irregular route, livestock, contract and charter carriers, and regular route common carriers and petroleum carriers engaged exclusively in interstate transportation.

Sec. 80. Minnesota Statutes, 1975 Supplement, Section 221.121, is amended to read:

221.121 [PETITION; HEARING; ISSUANCE; RENEWAL.] Subdivision 1. [PERMIT CARRIERS.] Any person desiring to operate hereunder as a permit carrier, except as a livestock carrier, shall file a petition with the department *commission* specifying the kind of permit desired, the name and address of the petitioner, and the names and addresses of the officers, if a corporation, and such other information as the department *commission* may require. The department *commission* , after notice to interested parties and a hearing, shall issue the permit upon compliance with all laws and regulations relating thereto, if it finds that petitioner is fit and able to conduct the proposed operations, that petitioner's vehicles meet the safety standards established by the department, that the area to be served has a need for the transportation services requested in the petition, and that existing permit and certificated carriers in the area to be served have failed to demonstrate that they offer sufficient transportation services to meet fully and adequately such needs, provided that no person who holds a permit at the time sections 221.011 to 221.291 take effect shall be denied a renewal thereof upon compliance with other provisions of sections 221.011 to 221.291. A permit once granted shall continue in full force and effect until abandoned or unless suspended or revoked, subject to compliance by the permit holder with all applicable provisions of law and the rules of the department *commissioner or commission* governing permit carriers. No permit shall be issued to any common carrier by rail, whereby said common carrier will be permitted to operate trucks for hire within this state, nor shall any common carrier by rail be permitted to own, lease, operate, control or have any interest in any permit carrier by truck, either by stock ownership or otherwise, directly, indirectly, through any holding company, or by stockholders or directors in common, or in any other manner. Nothing in sections 221.011 to 221.291 shall prevent the department *commission* from issuing a permit to a common carrier by rail, whereby such carrier will be given authority to operate trucks wholly within the limits of any municipality or within adjacent or contiguous municipalities or a common rate point served by said railroad and which service shall only be a service supplementary to the rail service now established by such carriers.

The department *commission* may grant a temporary permit, ex

parte, valid for a period not exceeding six months upon a showing there is an immediate and urgent need for the proposed service, pending prompt action by the permit holder to follow regular procedure in securing the permit, and that such immediate and urgent authority from the ~~department~~ *commission* is in the public interest. A copy of the order granting such temporary permit, ex parte, shall be mailed immediately to interested parties.

The ~~department~~ *commission* may issue a permit as a contract carrier to such cooperative associations as are described in section 221.011, subdivision 9, notwithstanding the number of its hauling contracts, and provided that such contract carrier shall be permitted to haul its own property.

Subd. 2. [EXTENSIONS OF AUTHORITY.] The ~~department~~ *commission* may grant extensions of authority ex parte after due notice of a petition has been published. Any party desiring to protest the petition must file its protest by mail or in person within 20 days of the date of notice. If a timely filed protest is received, the matter shall be placed on the calendar for hearing. If a timely protest is not received, the ~~department~~ *commission* may issue its order ex parte.

Subd. 3. [LIVESTOCK CARRIERS.] Any person desiring to operate hereunder as a livestock carrier shall file a petition with the ~~department~~ *commission* specifying the kind of permit desired, the name and address of the petitioner, and the names and addresses of the officers, if a corporation, and such other information as the ~~department~~ *commission* may require.

The ~~department~~ *commission* shall issue the permit upon compliance with all laws and regulations relating thereto unless it finds that petitioner's vehicles do not meet the safety standards ~~set up~~ *prescribed* by the ~~department~~ *commission* or that petitioner is not fit and able to conduct the proposed operations. All permits issued hereunder shall be renewed upon compliance with the provisions of this act and the rules of the ~~department~~ *commission*.

Sec. 81. Minnesota Statutes, 1975 Supplement, Section 221.131, is amended to read:

221.131 [PERMITS; TERMS, FEES, IDENTIFICATION CARDS.] Permits issued pursuant to the provisions of sections 221.011 to 221.291 shall be effective for a 12-month period, commencing on the first day of the month of their issuance and shall continue from year to year thereafter upon payment of the required registration fee and compliance otherwise with law. The permit holder shall pay into the treasury of the state of Minnesota a fee of \$25 for each kind of permit, reinstatement, or extension of authority thereof for which a petition is filed, except on annual renewal, pursuant to section 221.121 and a registration fee of \$20 on each vehicle, including pickup and delivery vehicles, operated by him under authority of such permit during said 12-month period or fraction thereof. Trailers used by petitioner in combination with power units shall not be counted as vehicles in the computation of fees under this section, provided

petitioner pays the fees for such power units. The ~~department~~ *commissioner* shall furnish a distinguishing identification card for each vehicle or power unit for which a fee has been paid, which identification card shall at all times be carried in the vehicle or power unit to which it has been assigned. Identification cards may be reassigned to another vehicle or power unit without fee by the ~~department~~ *commissioner* upon petition of the permit holder. Identification cards issued under the provisions of this section shall be good only for the period for which the permit is effective. The name and residence of the permit holder shall be stenciled or otherwise shown on both sides of each registered vehicle operated under his permit. In the event a permit has been suspended or revoked, the ~~department~~ *commissioner* may consider a petition for reinstatement thereof, upon the same procedure required for an original petition, and may, in its discretion, grant or deny the same. Regular route common carriers and petroleum carriers, operating under sections 221.011 to 221.291, shall annually on or before January 1 of each calendar year, pay into the treasury of the state of Minnesota an annual registration fee of \$20 for each vehicle, including pickup and delivery vehicles, operated during any calendar year.

A fee of \$3 shall be charged for the replacement of an unexpired identification card which has been lost or damaged by the owner.

The provisions of this section are limited by the provisions of any applicable federal law.

Sec. 82. Minnesota Statutes, 1975 Supplement, Section 221.141, is amended to read:

221.141 [INSURANCE OR BONDS OF MOTOR CARRIERS.]  
Subdivision 1. Before any certificate or permit shall be issued to any motor carrier, it shall secure and file with the ~~department~~ *commissioner* and keep the same at all times in full effect public liability and indemnity insurance in such amount and in such form as the ~~department~~ *commissioner* shall have prescribed, covering injuries and damage to persons or property occurring on the highways, other than the employees of such motor carrier or the property being transported by such carrier, provided that the ~~department~~ *commissioner* shall require cargo insurance for certificated carriers, except those carrying passengers exclusively, and may require any permit carrier to file such insurance when it deems necessary to protect the users of the service. Such insurance shall be subject to cancellation for nonpayment of premiums or withdrawals from service of a vehicle or vehicles covered thereby upon not less than 30 days' written notice to the insured and to the ~~department~~ *commissioner*. Such insurance or bond may from time to time be reduced or increased by order of the ~~department~~ *commissioner*. The ~~department~~ *commissioner* may, if desired by the petitioner, prescribe in lieu of the bond or insurance such other form of security as may be satisfactory. Failure to maintain any required insurance or security shall void the permit or certificate.

Subd. 2. Notwithstanding the contrary provisions of subdivision 1, if a permit carrier having grandfather rights transfers the same to another and the transferee defaults on his contract and has had a permit voided subsequent to January 1, 1965, solely by reason of failure to keep in effect insurance or other security as required by this section, the permit carrier, being the transferor in the transaction, shall have his permit fully reinstated by the ~~department~~ *commissioner*, together with all operating authority granted theretofore, upon his filing with the ~~department~~ *commissioner*, within 15 days after the effective date of this act, public liability and indemnity insurance or bond in the amount and form as the ~~department~~ *commissioner* prescribes.

Sec. 83. Minnesota Statutes, 1975 Supplement, Section 221.151, is amended to read:

221.151 [PERMITS ASSIGNABLE OR TRANSFERABLE.]  
Subdivision 1. Permits, except livestock permits, issued under the provisions of sections 221.011 to 221.291 may be assigned or transferred but only upon the order of the ~~department~~ *commission* approving same after notice and hearing.

The proposed seller and buyer or lessor and lessee of a permit, except for livestock carrier permits, shall file a joint notarized petition with the ~~department~~ *commission* setting forth the name and address of the parties, the identifying number of the permit and the description of the authority which the parties seek to sell or lease, a short statement of the reasons for the proposed sale or lease, a statement of all outstanding claims of creditors which are directly attributable to the operation to be conducted under said permit, a copy of the contract of sale or lease and financial statement with balance sheet and income statement, if existent, of the buyer or lessee. If it appears to the ~~department~~ *commission*, after notice to interested parties and a hearing, from the contents of the petition, from the evidence produced at the hearing, and the department's records and , files and investigation that the approval of the sale or lease of the permit will not adversely affect the rights of the users of the service and will not have an adverse effect upon any other competing carriers, the ~~department~~ *commission* may make an order granting same. Provided, however, that the ~~department~~ *commission* shall make no order granting the sale or lease of a permit to any person or corporation or association which holds any certificate or permit from the ~~department~~ *commission* pursuant to chapter 221 or to any common carrier by rail.

Provided further that the ~~department~~ *commission* shall make no order approving the sale or lease of a permit if the ~~department~~ *commissioner* finds that the price paid for such sale or lease of a permit is disproportionate to the reasonable value of said permit considering all assets and good will involved. The ~~department~~ *commission* shall approve the sale or lease of a permit only after a finding that the transferee is fit and able to conduct the operations authorized under said permit and that the vehicles he proposes to use in conducting such operations meet the safety standards of the ~~department~~ *commission*. In determining the extent of the operating authority to be conducted by the transferee under the sale or lease of the permit, the past operations of the transferor

within the two year period immediately preceding the transfer shall be considered and only such operating authority shall be granted to the transferee as was actually exercised by the transferor under his authority within the two year period immediately preceding the transfer as evidenced by bills of lading, company records, operation records or other relevant evidence.

If any authority to operate as a permit carrier is held by a corporation, any sale, assignment, pledge or other transfer of such stock interest in the corporation which will accomplish a substantial or material change or transfer of the majority ownership of said corporation, as exercised through its stockholders, shall be reported in the manner prescribed in accordance with the rules and regulations of the ~~department~~ *commission* within 90 days after said sale, assignment, pledge or other transfer of stock. The ~~department~~ *commission* shall then make a finding whether or not said stock transfer does, in fact, constitute a sale, lease or other transfer of the permit of said corporation to a new party or parties and, if they so find, then the continuance of the permit issued to said corporation shall only be upon the corporation's complying with the standards and procedures otherwise imposed by this section.

Subd. 2. The ~~department~~ *commission* shall allow a bona fide transfer of a permit, except a livestock carrier permit, ex parte without hearing where the transferee of said permit is in fact a member or members of the transferor's immediate family. For the purpose of this subdivision immediate family shall consist only of the lawful spouse, adult child or children, brother or sister of the transferor. Provided further that the immediate family as defined in this subdivision shall not include any person under legal disability or any member of the family regardless of relationship who holds any other permit or certificate pursuant to chapter 221 either as an individual or in partnership or as owner of an interest in a corporation holding a permit or a certificate pursuant to chapter 221.

Provided further that the transfer pursuant to this subdivision shall include:

(1) transfer to a corporation the stock of which is wholly owned by the transferor or the members of his immediate family;

(2) transfer to a partnership or partner consisting solely of the immediate family as defined in this subdivision.

Provided further that said transfer of permit, pursuant to this subdivision, shall comply with the standards set forth in this section based upon the contents of the petition of petitioners, all pertinent information available to the ~~department~~ and the ~~department's~~ *commission and the department and their records* and files. No determination of the extent of the operating authority previously exercised shall be required.

If it appears to the ~~department~~ *commission* that said petition and exhibits do not reasonably comply with the standards set

forth in this section, then after notice to interested parties and the petitioners, the ~~department~~ *commission* shall set the matter down for hearing to determine compliance with this section. Any user of the service, competing carrier or interested party shall have the right to file a protest on such transfer as is provided for in this subdivision by filing a sworn statement with the ~~department~~ *commission* within six months from the effective date of said transfer whereupon ~~the department~~ *the commission* shall set the matter down for hearing and the continuance of the permit shall only be upon the transferee's compliance with the standards and procedures otherwise imposed by this section.

Sec. 84. Minnesota Statutes 1974, Section 221.161, is amended to read:

221.161 [SCHEDULE OF RATES AND CHARGES.] Subdivision 1. Every permit carrier including a livestock carrier shall file and maintain with the ~~department~~ *commissioner* a schedule of rates and charges for the transportation of persons or property. The filing with and acceptance by the ~~department~~ *commissioner* of such tariffs, in accordance with ~~its~~ *the* rules and regulations of *relating to* such schedules, shall constitute notice to the public and all interested parties of the contents of such tariffs. All schedules shall be prepared and filed in accordance with the rules and regulations of the ~~department~~ *commissioner*. The ~~department~~ *commissioner* shall not accept for filing schedules which are unjust and unreasonable or unjustly discriminatory or unduly preferential or prejudicial or otherwise in violation of the provisions of this section. If such schedules appear to be unjust or unreasonable or unjustly discriminatory or unduly preferential or prejudicial or otherwise in violation of this section, the ~~department~~ *commission after notification and investigation by the department* may suspend and postpone the effective date of such schedules and assign said schedules for hearing upon notice to the permit carrier filing such proposed schedules and to other interested parties, including users of the service and competitive carriers by motor vehicle and rail. At any such hearing, the burden of proof shall be upon the permit carrier filing the proposed schedule of rates and charges to sustain the validity of the proposed schedule of rates and charges. Schedules of rates and charges for the transportation of livestock shall not be subject to rejection, suspension, or postponement ~~or investigation~~ by the ~~department~~ *as is provided for other schedules of rates and charges commission*, except as is provided in subdivisions 2 and 3. Such tariffs and subsequent supplements thereto or re-issues thereof shall state the effective date thereof, which shall be not less than ten days subsequent to the date of filing, unless such period of time be reduced by special permission of the ~~department~~ *commission*.

Subd. 2. Such tariffs, supplements and re-issues shall be prepared and filed in accordance with rules and regulations to be

promulgated by the ~~department~~ *commissioner*, and any rates or charges including pickup charges named therein shall be subject to complaint to the ~~department~~ *commission* by any interested party, whereupon the ~~department~~ *commission after investigation by the department* by order on not less than ten days' notice may set such complaint for hearing, and if at such hearing the complainant submits facts and evidence sufficient to establish proof that such rates or charges complained of are excessive or noncompensatory, the ~~department~~ *commission* may order such rates or charges canceled, and require the filing of alternative and reasonable rates and charges, the reasonable level of which at such time shall be indicated by the ~~department~~ *commission* in such order.

Subd. 3. Upon the filing of any tariff or subsequent supplement thereto or re-issue thereof, any other carrier shall have the right to petition the ~~department~~ *commission* to suspend the taking effect of the same until opportunity has been had for a hearing on the reasonableness of the rates or charges named therein, as herein provided, and the ~~department~~ *commission* may so suspend if in its judgment the rates or charges complained of are so unreasonably low as to create destructive competitive practices among or jeopardize the economic position of competing carriers. In determining whether the rates or charges are excessive or noncompensatory the ~~department~~ *commission* shall include in its consideration, among other things, the reasonable cost of the services rendered for such transportation, including a reasonable return on the money invested in the business and an adequate sum for maintenance and depreciation of the property used.

Subd. 4. The ~~department~~ *commission* after a suspension and hearing upon a schedule of rates and charges or upon complaint or upon its own initiative, either in extension of any existing complaint or without any complaint whatever, *after department investigation and petition*, and upon notice to the permit carrier or permit carriers proposing a schedule of rates and charges on any single group of related commodities and to the users of the service and competitive carriers by motor vehicle and rail may set down for hearing said schedule of rates and charges maintained or charged by any or all permit carriers; and, upon a finding, after a hearing, that such schedule of rates and charges are unjust or unreasonable or unjustly discriminatory or unduly preferential or prejudicial or otherwise in violation of any of the provisions of this section, the ~~department~~ *commission* may prescribe minimum rates and charges and the rates, rules and practices thereafter to be maintained and applied by such permit carrier or permit carriers. In any such hearing the burden of proof shall be upon the permit carrier or permit carriers whose schedules of rates and charges are under investigation to show that said schedules are not below a minimum reasonable level or are not noncompensatory. Schedules of rates and charges for the transportation of livestock shall not be subject to rejection, suspension, postponement or investigation by the ~~department~~ as is provided for other schedules of rates and charges; *commissioner* except as is provided in subdivisions 2 and 3.

Sec. 85. Minnesota Statutes 1974, Section 221.171, is amended to read:

221.171 [COMPENSATION OF PERMIT CARRIERS FIXED BY SCHEDULES OF RATES AND CHARGES.] No permit carrier shall charge or receive a greater or less or different compensation for the transportation of persons or property or for any service in connection therewith, than the rates and charges named in the carrier's schedule on file and in effect with the ~~department~~ *commissioner* including any rate fixed by the ~~department~~ *commission* under the provisions of section 221.161; nor shall any permit carrier refund or remit in any manner or by any device, directly or indirectly, the rates and charges required to be collected by him under his schedules or under the rates, if any, fixed by the ~~department~~ *commission*.

Sec. 86. Minnesota Statutes 1974, Section 221.181, is amended to read:

221.181 [INTERSTATE CARRIERS; PERMITS, REGULATION.] The ~~department~~ *commissioner or commission*, consistent with their respective powers pursuant to this chapter, shall have the power and authority to grant permits to interstate carriers and to supervise and regulate their operations to the extent that such supervision and regulation constitutes a valid exercise of the police powers of the state.

The issuance, renewal and cancellation of permits to interstate carriers shall follow the same procedure and be based upon the same conditions as herein provided for other permit carriers.

Sec. 87. Minnesota Statutes 1974, Section 221.201, is amended to read:

221.201 [PETITION FOR EXCEPTION.] Any person operating a commercial motor vehicle may apply to the ~~department~~ *commissioner* for an exemption from the restriction imposed by section 221.191. The petition shall set forth good and sufficient reasons why his operation over the highways during the restricted hours constitutes an emergency or necessity justifying exemption. The ~~department~~ *commissioner* shall have the power to issue or refuse to issue the exemption applied for.

Sec. 88. Minnesota Statutes, 1975 Supplement, Section 221.221, is amended to read:

221.221 [ENFORCEMENT POWERS.] Transportation representatives of the department for the purpose of enforcing the provisions of sections 221.011 to 221.291 and the rules and regulations of the ~~department~~ *commissioner and commission* issued pursuant hereto, but for no other purpose, shall have all the powers conferred by law upon police officers. The powers shall include the authority to conduct inspections at designated highway weigh stations, or during stops authorized under section 221.211 or under other appropriate circumstances anywhere within the state for the purpose of viewing log books, chauffeur licenses, health certificates and other documents or equipment required to be maintained within commercial motor vehicles operating in Minnesota pursuant to applicable state motor vehicle carrier laws and regulations. Every ~~transportation representative,~~

before entering upon his duties, shall take and subscribe an oath of office and furnish a bond to the state in the sum of \$2,000, conditioned as provided by section 387.01, to be approved by and filed in the office of the secretary of state.

Sec. 89. Minnesota Statutes 1974, Section 221.231, is amended to read:

221.231 [RECIPROCAL AGREEMENTS.] The department is hereby empowered to ~~commissioner~~ may enter into reciprocal agreements with the regulatory bodies of other states and the provinces of the dominion of Canada, whereby the payment of the vehicle fee provided in section 221.131 hereof may be waived in whole or in part as to residents of or corporations or partnerships having an established place of business in the state or province, entering into the reciprocal agreement with the ~~department commissioner~~, provided that reciprocal privileges are extended under such agreement to residents of this state and to corporations or partnerships who have an established place of business in this state.

Sec. 90. Minnesota Statutes 1974, Section 221.261, is amended to read:

221.261 [COMPLAINTS, ACTION IN DISTRICT COURT.] An action or proceeding may be instituted, upon verified complaint of the ~~department commissioner~~ or any interested person in any district court of any county wherein a motor carrier has a principal office or into which its route extends, for the enforcement of any provision of sections 221.011 to 221.291, or any order, rule or directive of the ~~department commissioner or commission~~ herein authorized, and the court may grant provisional or other relief, ordinary or extraordinary, legal or equitable, which the nature of the case may require, including temporary mandatory or restraining orders. Except when there is a constitutional right to trial by jury not expressly waived, all such proceedings shall be tried summarily by the court and such matters shall take precedent over all other matters except criminal cases.

Sec. 91. Minnesota Statutes 1974, Section 221.271, is amended to read:

221.271 [MOTOR CARRIERS, LIABILITY.] Any motor carrier which shall do or cause to be done any unlawful act as herein provided, or fail to perform any duty prescribed, or violate any duly establishing order, rule or directive of the ~~department commissioner or commission~~, or which shall aid or abet in the performance of any unlawful act or in the failure to perform any such duty, shall be liable in damages to any person injured thereby, and such person, if he recovers, shall be allowed, in addition to damages, reasonable attorneys' fees, together with costs and disbursements.

The ~~department~~ *commission* shall allow a bona fide transfer of a permit, ex parte without hearing where the transferee of said permit is in fact a member or members of the transferor's immediate family. Any bank organized under the laws of this state, any national banking association doing business in this state, and any savings bank organized and operated pursuant to Minnesota Statutes, Chapter 50, shall have the power to extend credit through an open end loan account arrangement with a debtor, pursuant to which the debtor may obtain loans from time to time by cash advances, purchase or satisfaction of the obligations of the debtor incurred pursuant to a credit card plan, or otherwise under a credit card or overdraft checking plan.*

*Subd. 2. No bank shall extend credit which would cause the total outstanding balance of the debtor on accounts created pursuant to the authority of this section to exceed \$7,500. No savings bank shall extend credit which would cause the outstanding balance of the debtor to exceed \$5,000, nor shall it extend such credit for any purposes other than personal, family or household purposes, nor shall it extend such credit to any person other than a natural person.*

*Subd. 3. A bank or savings bank may collect a periodic rate of finance charge in connection with extensions of credit pursuant to this section which does not exceed one percent per month computed on an amount no greater than the average daily balance of the account during each monthly billing cycle.*

*Subd. 4. No charges other than those provided for in subdivision 3 shall be made directly or indirectly for any credit extended under the authority of this section, except that there may be charged to the debtor:*

*(a) Annual charges, not to exceed \$15 per annum, payable in advance, for the privilege of using a bank credit card which entitled the debtor to purchase goods or services from merchants, under an arrangement pursuant to which the debts resulting from the purchases are paid or satisfied by the bank or savings bank and charged to the debtor's open end loan account with the bank or savings bank.*

*(b) Charges for premiums on credit life and credit accident and health insurance if:*

*(i) the insurance is not required by the bank or savings bank and this fact is clearly disclosed in writing to the debtor and*

*(ii) the debtor is notified in writing of the cost of such insurance and affirmatively elects, in writing, to purchase such insurance.*

If the balance in a revolving loan account under a credit card plan is attributable solely to purchases of goods or services charged to the account during one billing cycle, and the account is paid in full before the due date of the first statement issued after the end of that billing cycle, no finance charge shall be charged on that balance.*

*Subd. 6. This act shall apply to all open end credit transactions of a bank or savings bank in extending credit under an open end loan account or other open end credit arrangement with a person who is a resident of this state, regardless of the place of making or place of performance of such contractual arrangement. An open end credit arrangement, made in another state with a person who was a resident of that state when the open end credit arrangement was made, is valid and enforceable in this state according to its terms to the extent that it is valid and enforceable under the laws of the state applicable to the transaction.*

*Subd. 7. Any bank or savings bank extending credit in compliance with the provisions of this act which is injured competitively by violations of this act by another bank or savings bank may institute a civil action in the district courts of this state against such bank or savings bank for an injunction prohibiting any violation of the provisions of this act. The court, upon proper proof that the defendant has engaged in the practice in violation of the provisions of this act, may enjoin the future commission of such practice. Proof of monetary damage or loss of profits is not required. Costs and attorneys' fees may be allowed to the plaintiff, unless the court otherwise directs. The relief provided in this subdivision is in addition to remedies otherwise available against the same conduct under the common law or other statutes of this state.*

*Service of process shall be as in any other civil suit, except that where a defendant in such action is a foreign corporation or a national banking association with its principal place of business in another state, service of process may also be made by personal service outside the state, or in the manner provided by section 303.13, subdivision 1, clause (3), or in such manner as the court may direct. Pursuant to Rule 49 the Committee on Rules and Administration recommends that H. F. No. 1530 be amended as follows:

Strike everything after the enacting clause and insert:

**“Section 1. [LEGISLATIVE FINDINGS AND PURPOSE.]**  
*The legislature finds and declares that the local governmental units within the metropolitan area are interdependent, that the growth and patterns of urbanization within the area create the need for additional state, metropolitan and local public services and facilities and increase the danger of air and water pollution, and that developments in one local governmental unit may have an impact on the provision of regional capital improvements for sewers, transportation, airports and regional recreation open space. Since problems of urbanization and development transcend local governmental boundaries, there is a need for the adoption of coordinated plans, programs and controls by all local governmental units and school districts in order to protect the health, safety and welfare of the residents of the metropolitan area and to ensure coordinated, orderly and economic development. Therefore, it is the purpose of sections 1 to 18 to (1) establish requirements and procedures to accomplish comprehensive local planning with land use controls consistent with planned, orderly and staged develop-*

*ment and the metropolitan system plans, and (2) to provide assistance to local governmental units and school districts within the metropolitan area for the preparation of plans and official controls appropriate for their areas and consistent with metropolitan system plans.*

Sec. 2. [473.901] [DEFINITIONS.] *Subdivision 1. As used in sections 1 to 18, the following terms shall have the meanings given them.*

*Subd. 2. "Advisory metropolitan land use committee" or "advisory committee" means an advisory committee established by the metropolitan council pursuant to section 3.*

*Subd. 3. "Applicable planning statute" means Minnesota Statutes, Sections 394.21 to 394.37 for counties and Minnesota Statutes, Sections 462.351 to 462.364 for cities and towns.*

*Subd. 4. "Capital improvement program" means an itemized program for a five year prospective period, subject to at least biennial review, setting forth the schedule, timing, and details of specific contemplated public improvements by year, together with their estimated cost, the need for each improvement, financial sources, and the financial impact that the improvements will have on the local governmental unit or school district.*

*Subd. 5. "Comprehensive plan" means the comprehensive plan of each local governmental unit described in sections 6 and 7.*

*Subd. 6. "Local governmental unit" or "unit" means all cities, counties and towns lying in whole or in part within the metropolitan area, but does not include school districts.*

*Subd. 7. "School district" has the meaning given it by Minnesota Statutes, Section 120.02, Subdivisions 14 and 15, and includes any independent or special school district wholly or partly within the metropolitan area.*

*Subd. 8. "Metropolitan system plans" means the airports portion of the metropolitan development guide; and the policy plans, development programs and capital budgets for metropolitan waste control, transportation, and regional recreation open space.*

*Subd. 9. "Official controls" or "controls" means ordinances and regulations which control the physical development of a city, town or any part thereof or any detail thereof and implement the general objectives of the comprehensive plan. Official controls may include ordinances establishing zoning, subdivision controls, site plan regulations, sanitary codes, building codes and official maps.*

*Subd. 10. "Private sewer facility" means a single lot, multiple lot or other sewage collection or treatment facility owned, constructed or operated by any person other than a local governmental unit or the metropolitan waste control commission.*

Sec. 3. [473.903] [ADVISORY COMMITTEE.] *The council shall establish an advisory metropolitan land use committee pursuant to section 473.127, comprised of 16 members, one from each council district, and as many additional members as are necessary to provide*

representation from each metropolitan county, plus a chairman. At least one half of the members of the advisory committee shall be elected officials of local governmental units. The members shall be appointed for the same period as the term of the council member for the district in which the member resides.

Sec. 4. [473.904] [GUIDELINES.] *The council shall prepare and adopt guidelines and procedures relating to the requirements and provisions of sections 1 to 18 which will provide assistance to local governmental units and school districts in accomplishing the provisions of sections 1 to 18.*

Sec. 5. [473.906] [METROPOLITAN SYSTEMS STATEMENT.] *Subdivision 1. By April 1, 1977, the council shall transmit to each local governmental unit a metropolitan systems statement. In the preparation of metropolitan systems statements, the council shall consult with appropriate commissions and officials of the unit. The statement shall contain information relating to the unit and surrounding territory that the council determines necessary for the unit to consider in preparing its comprehensive plan, including the following:*

(a) *The timing, character, function, location, projected capacity and conditions on use, for existing or planned public facilities specified in metropolitan system plans, including at least interceptor sewers, highways, transit systems, airports, and regional recreation open space;*

*Subd. 2. Within 60 days following the receipt of a metropolitan systems statement, a local governmental unit may by resolution request that the metropolitan council modify any portion of the metropolitan systems statement. A request for modification shall be accompanied by an explanation of the reasons for the request. The council shall refer the request to the advisory metropolitan land use committee for a hearing under section 12. If no request for a hearing is received by the council within 60 days following receipt of the systems statement by the local governmental unit, the statement shall be final and not be subject to a request for a hearing under section 12.*

Sec. 6. [473.908] [COMPREHENSIVE PLANS; LOCAL GOVERNMENTAL UNITS.] *Subdivision 1. Within three years following the receipt of the metropolitan systems statement, every local governmental unit shall have prepared a comprehensive plan in accordance with sections 1 to 18 and the applicable planning statute and shall have submitted the plan to the metropolitan council for review pursuant to section 9. The provisions of sec-*

tions 1 to 18 shall supersede the provisions of the applicable planning statute wherever a conflict may exist.

*Subd. 2. Local governmental units shall submit their proposed comprehensive plans to adjacent governmental units and affected school districts for review and comment at least six months prior to submission of the plan to the council.*

*Subd. 3. The comprehensive plans shall be submitted to the council following approval by the planning commission of the unit, if any, and after consideration but before final approval by the governing body of the unit.*

*Subd. 4. Prior to the adoption of comprehensive plans pursuant to sections 1 to 18, existing comprehensive plans, capital improvement programs, sewer policy plans and official controls of local governmental units shall remain in force and effect. Existing comprehensive plans, capital improvement programs, sewer policy plans, and official controls may be amended as appropriate and new capital improvements programs and official controls may be prepared and adopted prior to the submission to the council of comprehensive plans required by sections 1 to 18.*

Strike everything after the enacting clause and insert:

"Section 1. [DEFINITIONS.] Subdivision 1. "Repairs" means work performed on malfunctioning, defective or worn property, real or personal, used primarily for personal, family or household purposes and not for business or agricultural purposes, where the total price is more than \$50 and less than \$2,000.

Subd. 2. "Shop" means individuals, corporations, partnerships, and any other form of business organization which derives income, in whole or part, by engaging in the repair business.

Subd. 3. "Estimate" means an oral or written approximation of the price of repairs given by a shop to a customer or prospective customer prior to commencement of the repairs.

Subd. 4. "Customer" means a customer and the agents of a customer.

Sec. 2. [REPAIR ORDER; INVOICE.] Subdivision 1. Whenever a shop proposes to make repairs for a customer the shop shall furnish, prior to commencement of repairs, a copy of a written repair order to the customer describing the repairs to be made. The repair order shall be signed by the shop. If the customer presents the goods outside of normal business hours, the shop shall deliver the repair order to the customer personally when the customer removes the goods or at such earlier time as the customer appears at the shop and requests the repair order. If the customer removes the goods outside of normal business hours and has not obtained the repair order, the shop shall mail the repair order to the customer within two business days after removal. Upon notification of his right to a repair order the customer may waive this right.

Subd. 2. The repair order may be specific or general. The shop may list on the repair order the specific parts and the specific labor that it will supply or the shop may describe on the repair order the general condition that it will repair.

(a) If the repair order lists specific parts and labor to be supplied, the shop is authorized to supply and charge only for those parts and labor listed in the repair order. The shop shall not be authorized and shall not charge for parts or labor not already listed on the repair order unless the customer authorizes the additional parts or labor not already listed on the repair order. The customer may authorize additional parts or labor orally or in writing.

(b) If the repair order describes the general condition that will be repaired, the shop shall be authorized to perform and charge for all parts and labor the shop deems necessary to repair the condition described on the repair order. The shop shall not be authorized and shall not charge for parts or labor supplied to repair any condition other than that described on the repair order unless the customer authorizes the additional repairs not already described on the repair order. The customer may authorize additional repairs orally or in writing.

Subd. 3. A shop shall state on its repair order, if one is given, its charge to the customer, or the basis upon which it will be calculated, for an estimate, diagnostic service, work preliminary to a diagnosis, reassembly of the unrepaired item, or release of the item in the event it is not repaired. The charge for a service call shall be stated in absolute terms.

Subd. 4. Upon completion of all repairs, each shop shall provide each customer with a copy of a dated invoice for the work done. If the customer removes the goods outside of normal business hours, the shop

shall mail the invoice to the customer within two business days after the removal. The information which is required to be on the invoice may be placed on the face of the repair order, which then may be used as an invoice. The invoice shall contain the following information except when a general work order has been provided pursuant to section 2, subdivision 2:

(a) A description of all service work done and parts supplied, including all warranty work;

(b) The estimated price, if any was given;

(c) A detailed itemization of the charges for parts, labor, incidentals, the making of an estimate, the release of the item, service call charge, and any other charges imposed upon the customer; and

(d) A statement specifying which parts, if any, are used, rebuilt, or reconditioned if that information is known by the shop.

**Sec. 3. [COSTS AND ESTIMATES.]** Subdivision 1. A shop is not required to give an estimate to any customer or prospective customer, and a repair order may be silent as to the price of repairs described on the repair order.

Subd. 2. If a shop gives an estimate, the shop shall inform the customer or prospective customer, in the same form in which the estimate is given, that the estimate is only an approximation of the price and that the price may be greater than the estimate. If the estimate is in writing, the required disclosure shall be made in a conspicuous manner on the repair order in the immediate proximity of the estimate.

Subd. 3. A shop may make a reasonable charge for an estimate, diagnostic service, work preliminary to a diagnosis, reassembly of an unrepaired item, service call, or release of an item in the event it is not required. Such a charge, or the basis upon which it will be calculated, shall be disclosed to the customer prior to the performance of any act which would impose a charge upon the customer. The disclosure shall clearly state whether the charge will be credited toward the total cost of the repairs. The charge shall be included in the shop's estimate.

Subd. 4. Repairs for which the shop estimated the price to be less than \$50, yet exceed that amount, fall within the scope of sections 1 to 7.

**Sec. 4. [SERVICE CALL CHARGES.]** When a shop makes repairs to, or picks up or delivers, an item at a place other than its own premises it shall inform the customer, at the time of the customer's inquiry for service, of any service call charge. The service call charge may be imposed in addition to any other charges assessed the customer, but it shall be separately stated.

**Sec. 5. [REQUIRED SHOP PRACTICES.]** Subdivision 1. At the time the customer authorizes the repairs he may request that replaced parts be returned to him. If such a request is made, the shop shall return the replaced parts to the customer, except for parts that the shop is required to return to the manufacturer or distributor under a warranty or exchange arrangement if the cus-

tomor is shown the replaced parts. The customer shall remove the replaced parts from the shop premises within two business days from the date the repaired item is returned to the customer.

Subd. 2. Every shop shall maintain repair records which shall include all written repair orders, estimates, and invoices, and the names of all customers for whom repair services have been performed. These records shall be available for reasonable inspection and copying by law enforcement officials, in the manner authorized by law, and shall be retained for at least two years. A customer has the right to a copy of documents maintained by the shop reflecting any transaction to which he was a party.

Sec. 6. [PROHIBITED ACTS.] No shop shall:

(a) Charge or recover for unauthorized repairs;

(b) Fail to return to any customer, upon demand, the customer's goods because of the customer's nonpayment of the proportion of the bill which represents:

(1) Repairs which were performed but unauthorized, or

(2) Repair charges which exceed the total of an estimate given prior to commencement of any repairs plus any estimates given prior to commencement of any additional work which the customer subsequently authorizes.

Sec. 7. [REMEDIES; PENALTIES.] Subdivision 1. In the case of a violation of section 6, clause (b), the customer, without making any additional payment, is entitled to the return of his goods or consequential damages, reasonable attorneys fees as determined by the court, and punitive damages not to exceed three times the total charges for the repairs. Acceptance by the shop of the amount offered by the customer shall not be an admission that the amount offered is the true and correct amount owing and payable.

Subd. 2. When a shop refuses return of a customer's replaced parts despite a timely request, the shop shall be liable for the reasonable value of those parts.

Subd. 3. When a shop fails to disclose, as required by sections 1 to 7, an estimate, diagnostic service, work preliminary to a diagnosis, reassembly fee, service call, or release of an unrepaired item, there shall be a rebuttable presumption that the charge is for unauthorized work.

Subd. 4. Any violation of sections 1 to 7 shall be deemed a violation of Minnesota Statutes 1974, Section 325.79, Subdivision 1.

Subd. 5. The remedies of this section are to be construed as cumulative in addition to those provided by the common law and other statutes of this state.

Sec. 8. [PREEMPTION BY STATE.] The provisions of sections 1 to 7 shall supersede local ordinances regulating repairs to the extent that the ordinances are inconsistent with sections 1 to 7.

Sec. 9. [TITLE.] Sections 1 to 9 may be cited as the truth in repairs act.

Sec. 10. [EFFECTIVE DATE.] This act is effective January 1, 1977."

A bill for an act relating to the environment; directing creation of an environmental permits coordination unit within the environmental quality council; authorizing an optional consolidated application and hearing procedure for certain permits; directing establishment of permit information centers; appropriating money.

February 23, 1976

The Honorable Alec G. Olson  
President of the Senate

The Honorable Martin O. Sabo  
Speaker of the House of Representatives

We, the undersigned conferees for S. F. No. 919 report that we have agreed upon the items in dispute and recommend as follows:

That S. F. No. 919 be further amended as follows:

Delete everything after the enacting clause and insert the following:

“Section 1. [116C.22] [CITATION.] Sections 1 to 14 may be cited as the Minnesota environmental coordination procedures act.

Sec. 2. [116C.23] [PURPOSES.] It shall be the purpose of sections 1 to 14:

(a) to provide an optional procedure to assist those who, in the course of satisfying the requirements of state government prior to undertaking a project which contemplates the use of the state's air, land, or water resources, must obtain more than one state permit, by establishing a mechanism in state government which will coordinate administrative decision-making procedures, and related quasi-judicial and judicial review, pertaining to these permits;

(b) to provide to the members of the public a better and easier opportunity to present their views comprehensively on proposed uses of natural resources and related environmental matters prior to the making of decisions on these uses by state or local agencies;

(c) to provide to the members of the public a greater degree of certainty in terms of permit requirements of state and local government;

(d) to provide better coordination and understanding between state and local agencies in the administration of the various programs relating to air, water, and land resources; and

(e) to establish the opportunity for members of the public to obtain information pertaining to requirements of federal and state law which must be satisfied prior to undertaking a project in this state.

Sec. 3. [116C.24] [DEFINITIONS.] Subdivision 1. For the purposes of sections 1 to 14, the terms defined in this section have the meanings given them.

Subd. 2. "Council" means the Minnesota environmental quality council.

Subd. 3. "Coordination unit" means the environmental coordination unit established pursuant to section 4.

Subd. 4. "Local governmental unit" means a county, city, town, or special district with legal authority to issue a permit.

Subd. 5. "Permit" means a license, permit, certificate, certification, approval, compliance schedule, or other similar document pertaining to a regulatory or management program related to the protection, conservation, or use of, or interference with, the natural resources of land, air or water, which is required to be obtained from a state agency prior to constructing or operating a project in this state.

Nothing in sections 1 to 14 shall relate to the granting of a proprietary interest in publicly owned property through a sale, lease, easement, use permit, license or other conveyance.

Subd. 6. "Person" means an individual, an association or partnership, or a cooperative, or a municipal, public or private corporation, including but not limited to a state agency and a county.

Subd. 7. "Project" means a new activity or an expansion of or addition to an existing activity, which is fixed in location and for which permits are required from an agency prior to construction or operation, including but not limited to industrial and commercial operations and developments. Sections 1 to 14 shall not apply to projects which are:

(a) Covered by Minnesota Statutes, Chapter 93, Minnesota Statutes, Sections 116C.51 to 116C.69 or Minnesota Statutes, Section 116H.13; or

(b) Initiated for the purpose of taconite tailings disposal or mining, or the producing or beneficiating of copper, nickel or copper-nickel.

Subd. 8. "Agency" means a state department, commission,

board or other agency of the state however titled or a local governmental unit or instrumentality, only when that unit or instrumentality is acting within existing legal authority to grant or deny a permit that otherwise would be granted or denied by a state agency.

**Sec. 4. [116C.25] [CREATION OF ENVIRONMENTAL PERMITS COORDINATION UNIT.]** The council shall establish an environmental permits coordination unit to implement and administer the provisions of sections 1 to 14 and the chairman of the council shall employ necessary staff to work for the coordination unit on a continuous basis.

**Sec. 5. [116C.26] [MASTER APPLICATION PROCEDURE.]**  
**Subdivision 1.** A person proposing a project which may require more than one permit may, prior to the initial construction of the project or prior to the initial operation of the project if construction of the project required no state permits, submit a master application to the coordination unit requesting the issuance of all state permits necessary for construction and operation of the project. The master application shall be on a form furnished by the coordination unit and shall contain precise information as to the location of the project, and shall describe the nature of the project including any contemplated discharges of wastes therefrom and any uses of, or interferences with, natural resources. No master application shall be accepted for processing by the coordination unit pursuant to sections 1 to 14, unless it is accompanied by the certifications issued not more than 120 days prior to the date of the master application as required by section 10. No master application shall be accepted for processing by the coordination unit pursuant to sections 1 to 14, unless it is accompanied by a certification from the council that either an environmental impact statement concerning the project has been completed or that an environmental impact statement is not required concerning the project.

**Subd. 2.** Upon receipt of a completed master application, the coordination unit shall immediately notify in writing each agency having a possible interest in the master application arising from requirements pertaining to a permit program under its jurisdiction. The notification from the coordination unit shall be accompanied by a copy of the master application together with the date by which the agency shall respond to the notice. Each notified agency shall respond in writing to the coordination unit within the specified date, not exceeding 20 days from receipt, as determined by the coordination unit, advising whether the agency does or does not have an interest in the master application. If an agency timely responds that it has an interest in the master application, the response shall include information concerning the specific permit programs under its jurisdiction which are pertinent to the project described in the master application. The agency response shall also advise the coordination unit whether a public hearing concerning the master application as provided in section 7 would or would not be required or of value considering the overall public interest.

Subd. 3. Each notified agency which responds within the specified date that it does not have an interest in the master application or which does not respond as required by subdivision 2 within the specified date, shall not subsequently require a permit of the applicant for the project described in the master application; provided the bar to requiring a permit subsequently shall not be applicable if:

(a) The master application provided to the notified agency contained false, misleading, or deceptive information, or lacked information, which would reasonably lead an agency to misjudge its interest in a master application; or

(b) Subsequent laws or rules require additional permits; or

(c) Unusual circumstances prevented the agency from notifying the coordination unit and the agency can establish that failure to require a permit would result in substantial harm to the public health or welfare, in which case the council may order that the permit be required.

Subd. 4. The coordination unit shall submit application forms concerning the permit programs identified in the affirmative responses under subdivision 2 to the applicant with a direction to complete and return them to the coordination unit within 90 days.

Subd. 5. Within ten days of receipt of the full set of completed application forms by the coordination unit, each application shall be transmitted to the appropriate agency for the performance of its responsibilities of decision making in accordance with the procedures of sections 1 to 12.

Subd. 6. If an agency has a procedure for setting priorities in issuing a permit according to the date of the application for the permit, the date used shall be the date upon which a master application is received by the coordination unit.

Sec. 6. [116C.27] [NOTICE.] Subdivision 1. The coordination unit immediately after transmittal of the completed applications to the appropriate agency shall cause a notice to be published at the applicant's expense once each week on the same day of the week for three consecutive weeks in a newspaper of general circulation within each county in which the project is proposed to be constructed or operated. The notice shall describe the nature of the master application including, within reasonable specificity, the project proposed, its location, the various permits applied for, and the agency having jurisdiction over each permit. Except as provided in subdivision 2, the notice shall also state the time and place of the public hearing, to be held not less than 20 days after the date of last publication of the notice. It shall further state that a copy of the master application and a copy of all permit applications for the project are available for public inspection in the office of the county auditor of each county in which the project is proposed to be constructed or operated, as well as in other locations which the coordination unit may designate.

Subd. 2. If the responses to the master application received by the coordination unit from the state agencies unanimously state

the position that a public hearing in relation to a master application would not be of value in consideration of the overall public interest and are not required by any other law or rule, the provisions of subdivision 1 pertaining to the time and place of a public hearing shall not be included in the notice. In place thereof the notice shall state that members of the public may present relevant views and supporting materials in writing to the coordination unit concerning any of the permits applied for within 30 days after the last date of publication of the notice in a newspaper.

Sec. 7. [116C.28] [PUBLIC HEARING.] Subdivision 1. When one or more agencies notifies the coordination unit that a public hearing is required or appropriate on matters relating to the project described in the master application, the coordination unit shall set the time and place for a hearing in which each of the affected agencies shall participate. The hearing shall be held pursuant to the contested case provisions of Minnesota Statutes, Chapter 15 and section 6 of this act.

Subd. 2. Each participating state agency shall be represented at the public hearing by its chief administrative officer or his designee. The representative of any state agency within whose jurisdiction a specific application lies shall participate in the portion of the hearing pertaining to submission of information, views, and supporting materials which are relevant to its application. The hearing examiner may, when appropriate, continue a hearing from time to time and place to place. The hearing shall be recorded in any manner suitable for transcription pursuant to Minnesota Statutes, Chapter 15.

Subd. 3. Within 60 days of receipt of the hearing examiner's report, each state agency which is a party to the hearing shall forward its final decision on permit applications within its jurisdiction to the coordination unit, provided that this date may be extended by the chairman of the council for reasonable cause. Every final decision shall set forth the basis for the decision together with a final order denying the permit or granting the permit including the specifying of any conditions under which the permit is issued.

Subd. 4. If notice has been published pursuant to section 6, subdivision 2, and no public hearing is conducted, the coordination unit shall, not less than 30 days after the last notice publication in the newspaper, submit a copy of all views and supporting material received by it to each agency having jurisdiction concerning any permit application described in the notice. Concurrently therewith, the coordination unit shall notify each state agency, in writing, of the date not to exceed 60 days by which final decisions on applications shall be forwarded to the coordination unit; provided that this date may be extended by the chairman of the council for reasonable cause. Each final decision shall set forth the information required by subdivision 3.

Subd. 5. As soon as all final decisions are received by the coordination unit from the various participating state agencies, the coordination unit shall immediately incorporate them, without

modification, into one document and shall transmit the document to the applicant either personally or by registered mail.

Sec. 8. [116C.29] [WITHDRAWAL OF AGENCY PARTICIPATION.] After an agency has responded that it has an interest in the master application, it may withdraw from further participation in the processing of that master application at any time by written notification to the coordination unit, if it subsequently appears to the agency that it has no permit programs under its jurisdiction which are applicable to the project.

Sec. 9. [116C.30] [APPLICATION.] Subdivision 1. A person aggrieved by a final decision of an agency in granting or denying a permit shall seek redress directly and individually from that agency in the manner provided by Minnesota Statutes, Chapter 15, or any other statute authorizing either judicial or administrative review of an agency decision.

Subd. 2. Each state agency having jurisdiction to approve or deny an application for a permit shall have continuing power as vested in it prior to the effective date of this section, to make such determinations. Nothing in sections 1 to 14 shall lessen or reduce such powers, and such sections shall modify only the procedures to be followed in the carrying out of such powers.

Subd. 3. A state agency may in the performance of its responsibilities of decision making under sections 1 to 12, request or receive additional information from an applicant.

Subd. 4. Fee schedules authorized by statute for an application or permit shall continue to be applicable even though the application or permit is processed under the provisions set forth in sections 1 to 12. The coordination unit shall not charge the applicant or participating agencies a fee for its services.

Subd. 5. Sections 1 to 12 shall have no applicability to an application for a permit renewal, amendment, extension, or other similar document required subsequent to the completion of decisions and proceedings under sections 6 to 8, or to a replacement thereof or to a quasi-judicial or judicial proceeding held pursuant to an order of remand or similar order by a court in relation to a final decision of a state agency.

Subd. 6. Nothing in sections 1 to 14 shall modify in any manner whatsoever the applicability or inapplicability of any land use regulation statute or local zoning ordinance to the lands of any state agency.

Sec. 10. [116C.31] [LOCAL CERTIFICATION.] Subdivision 1. No master application shall be processed pursuant to sections 1 to 12 unless it is accompanied by a certification issued not more than 120 days prior to the date the master application is first received by the coordination unit, from the local governmental units in whose jurisdiction the proposed project is located, certifying that the project is in compliance with all zoning ordinances, subdivision regulations, and environmental regulations administered by the local governmental unit and certifying that

the preparation of any environmental impact statement which the local governmental unit is authorized to require pursuant to local ordinance, state statute, or council rule, has been completed or deemed not necessary. If the local governmental unit has required any environmental impact statement concerning the project, a copy of the completed environmental impact statement shall be attached to the local governmental unit's certification. If the local governmental unit has no zoning ordinances, subdivision regulations, or environmental regulations, the certification from the local governmental unit shall so state. A local governmental unit may accept applications for certifications as provided in this section and shall rule upon the same expeditiously to insure that the purposes of sections 1 to 12 are accomplished fully. After issuing a certification for the purposes of this section, no local government shall rescind it even though the local government may have changed its zoning ordinances, subdivision regulations, or environmental regulations. A change of zoning ordinances, subdivision regulations, or environmental regulations shall not invalidate a previously given certification for the purpose of securing a state permit under sections 1 to 12. Upon certification, the local government may change such zoning ordinances, subdivision regulations, or environmental regulations, but not so as to affect the proposed project until the procedures of sections 1 to 12, including any administrative or judicial reviews, are completed.

Subd. 2. A ruling by a local governmental unit denying an application for certification shall not be appealable under sections 1 to 14. The denial of an application for certification by a local governmental unit shall not preclude the applicant from filing a permit application under any other available statute or procedure.

Sec. 11. [116C.32] [RULES; COOPERATION.] The council shall as soon as practicable adopt rules, not inconsistent with rules of procedure established by the office of hearing examiners, to implement the provisions of sections 1 to 14, including master application procedures, notice procedures, and public hearing procedures and costs.

Sec. 12. [116C.33] [CONFLICT WITH FEDERAL REQUIREMENTS.] Subdivision 1. If in a final order of a court of competent jurisdiction, any part of sections 1 to 14 as enacted or administered is found to be in conflict with federal requirements which are a condition precedent to the allocation of federal funds authorized to this state, the conflicting part of sections 1 to 14 shall be void to the limited extent necessary to remove the conflict and the remainder of sections 1 to 14 shall remain effective.

Subd. 2. The council, to the limited extent necessary to comply with procedural requirements of federal statutes relating to permit systems operated by the state, may modify the notice, timing, hearing and related procedural matters provided in sections 1 to 14.

**Sec. 13. [116C.34] [PERMIT INFORMATION CENTERS.]**  
**Subdivision 1.** The council shall establish a permit information center in its office at St. Paul, which center shall establish and maintain an information and referral system to assist the public in the understanding and compliance with the requirements of state and local governmental regulations concerning the use of natural resources and protection of the environment. The system shall provide a telephone information service and disseminate printed materials. The council shall provide assistance to regional development commissions desiring to create a permit information center.

**Subd. 2.** The permit information center in St. Paul shall:

(a) Identify all existing state licenses, permit certifications, approvals, compliance schedules, or other programs which pertain to the use of natural resources and to protection of the environment.

(b) Standardize permit titles and assign designation codes to all such permits which would thereafter be imprinted on all permit forms.

(c) Develop permit profiles including applicable rules and regulations, copies of all appropriate permit forms, statutory mandate and legislative history, names of individuals administering the program, permit processing procedures, documentation of the magnitude of the program and of geographic and seasonal distribution of the workload, and estimated application processing time.

(d) Identify the public information procedures currently associated with each permit program.

(e) Identify the data monitored or acquired through each permit and ascertain current users of that data.

(f) Recommend revisions to the list of natural resource management and development permits contained in the 1974 edition of Minnesota Statutes, Section 116D.04, Subdivision 5.

(g) Recommend legislative or administrative modifications of existing permit programs to increase their efficiency and utility.

**Subd. 3.** The auditor of each county shall post in a conspicuous place in his office the telephone numbers of the permit information centers established in St. Paul and in the office of the applicable regional development commission; copies of any master applications or permit applications forwarded to the auditor pursuant to section 6, subdivision 1; and copies of any information published by any permit information center pursuant to subdivision 1 of this section.

**Sec. 14. [116C.35] [REPORT TO LEGISLATURE.]** The council, after consultation with other agencies and local governments, shall submit to the legislature by January 1, 1978, a report setting forth the results of the experiences under sections 1 to

14 including any recommendations concerning methods to improve the procedures.

Sec. 15. [EFFECTIVE DATE.] Sections 1 to 4 and 10 to 16 shall be effective the date following final enactment. Sections 5 to 9 shall be effective on February 15, 1977.

Sec. 16. [APPROPRIATION.] The sum of \$140,000 is appropriated from the general fund to the director of the state planning agency for the biennium ending June 30, 1977, for purposes of sections 1 to 14 of this act. Of this amount, \$60,000 is appropriated for grants to regional development commissions, excluding the metropolitan council, for the purpose of establishing permit information centers. Not more than \$5,000 of this second amount may be awarded by the director to any regional development commission for the purpose of establishing a permit information center."

We request adoption of this report and repassage of the bill.

Reports the same back with the recommendation that the bill be amended as follows:

Strike everything after the enacting clause and insert:

"Section 1. [BOND AUTHORIZATION.] Subdivision 1. Independent School District No. 625 is hereby authorized to issue not to exceed \$6,400,000 of general obligation bonds for the purpose of establishing a special reserve account for the district to permit the district to segregate adequate tax receipts and aid receipts for the repayment of tax and aid anticipation certificates respectively. These obligations shall be issued and sold in accordance with the further provisions of Minnesota Statutes, Chapter 475 except that no election shall be required to authorize their issuance and that the total principal and interest requirements of said issue in any year shall not exceed 1.5 mills times the adjusted assessed valuation of the taxable property of the district for calendar year 1975 as determined by the equalization aid review committee. The full faith and credit of the district shall be pledged for the payment of the principal of and interest on the bonds and the district is hereby authorized and required

to levy taxes upon all taxable property in the district without limitation as to rate or amount for the payment of the principal of and interest on said bonds.

Subd. 2. The debt service levy to be made by the district in 1976, collectible in 1977, shall be reduced by up to \$1,500,000, provided that at the time its levy is certified in 1976 there exists in its sinking funds for its outstanding general obligation bonds a surplus equal to the amount of such reduction. To the extent that this debt service levy is reduced, the district may levy additional taxes in an amount equal to such reduction and the amount of the additional levy shall, when received, be deposited in the sinking fund for the obligations authorized in subdivision 1. The levy made at the time of the sale and issuance of the bonds authorized in subdivision 1 shall not be reduced by reason of the availability of the proceeds of such additional levy in the sinking fund for said bonds, until such time as there is on hand in said sinking fund an amount sufficient to pay all then outstanding bonds of said issue and the interest thereon.

Sec. 2. [ACCOUNTING SYSTEM MONITORED BY LEGISLATIVE AUDITOR.] Subdivision 1. The legislative auditor shall perform an audit of the finances of Independent School District No. 625 for fiscal year 1976 in accordance with the principles of the uniform financial accounting and reporting system which has been developed in accordance with the requirement of Laws 1973, Chapter 683, Section 22. The legislative auditor and his employees may personally conduct this audit and examination or may, at his discretion, contract with certified accountants or public accounting firms to provide this service.

The legislative auditor shall also restate, in accordance with the uniform financial accounting and reporting system, the audit of the district which was performed for fiscal year 1975.

The legislative auditor shall report the results of the audit and the restatement to the appropriate committees of the legislature by October 15, 1976.

Subd. 2. On or before July 1, 1976, the school district shall adopt a system of accounting, budgeting, and reporting in accordance with the principles of the uniform financial accounting and reporting system. The legislative auditor shall monitor and assist in the implementation of this system by the school district. The legislative auditor shall report to the legislative audit commission and other appropriate committees of the legislature at the times he deems necessary, but not less than twice each year. He shall make his initial report on or before January 15, 1977.

Subd. 3. Independent School District No. 625 shall provide cooperation and assistance as necessary to the legislative auditor to allow him to perform his duties pursuant to this section.

Sec. 3. [STATUTORY OPERATING DEBT.] Subdivision 1. The "statutory operating debt" of Independent School District No. 625 means the net negative fund balances in all school district

funds, other than the capital expenditure and building construction, debt service, trust and agency, and post-secondary vocational-technical education funds, calculated as of June 30, 1976 in accordance with the principles of the uniform financial accounting and reporting system.

Subd. 2. The legislative auditor shall certify the amount of statutory operating debt of the district as of June 30, 1976. He may adjust this amount on the basis of corrected figures until June 30, 1978.

Sec. 4. [EXCESS LEVY.] In addition to all other levies permitted by law, in 1976 and each year thereafter, Independent School District No. 625 shall make an additional levy to eliminate its statutory operating debt for the school year ending June 30, 1976 as certified by the legislative auditor pursuant to section 3. Each year the commissioner of education shall certify to the county auditor and Independent School District No. 625 the correct amount of this levy. This levy shall in each year be an amount which is equal to the amount raised by a levy of 1.5 mills times the adjusted assessed valuation of the district for the preceding year as determined by the equalization aid review committee, less any amount necessary for the payment of principal and interest on bonds sold pursuant to section 1. When the cumulative receipts from the levies made pursuant to this section and the earnings in the reserve account established under section 5 equal an amount equal to the statutory operating debt, the levy shall be discontinued.

Sec. 5. [RESERVE FUND FOR REDUCING STATUTORY OPERATING DEBT.] Subdivision 1. The district shall establish a special reserve account, which shall be designated "reserve account for purposes of reducing statutory operating debt" on its books and records into which the proceeds of the bonds authorized in section 1 and the levies made under section 4 shall be placed. The funds in this account shall be used only for the payment of district operating expenses, but the amount in this account shall never supplement district revenues or income for the purposes of increasing the district's capital or operational expenditures or budgets, or for any purpose, other than to meet temporary cash needs. Earnings on sums in this account may be used for paying interest expenses on tax and aid anticipation certificates and for the purposes for which funds in this account may be used. The funds in this account may be invested and reinvested in accordance with the further provisions of Minnesota Statutes, Section 475.66, as amended.

Subd. 2. When the funds in the special reserve account equal the total amount of the statutory operating debt as certified pursuant to section 3, but in no event later than December 31, 1997, the full amount in the special reserve account shall be used to eliminate the statutory operating debt of the district. Upon elimination of the statutory operating debt, the district shall recognize all tax receipts in the year required by the uniform financial accounting and reporting system.

**Sec. 6. [AUTHORIZATION FOR AID ANTICIPATION BORROWING.]** The provisions of Minnesota Statutes, Section 124.781 shall not apply to or limit in any way the aid anticipation borrowing of the district, and the district shall be permitted to borrow in anticipation of aids to the full extent permitted by the provisions of Minnesota Statutes, Sections 124.71 to 124.78.

**Sec. 7. S. F. No. 1050: A bill for an act relating to attorneys; repealing the statutory lien for attorney's fees; repealing Minnesota Statutes 1974, Section 481.13.

Reports the same back with the recommendation that the bill be amended as follows:

Strike everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1974, Section 481.11, is amended to read:

481.11 [CHANGE OF ATTORNEY.] The attorney in an action or proceeding may be changed at any time upon his consent, or, by order of the court, upon the application of the client for cause; but no change can be made on application of the client unless the charges of the attorney be paid. When such change is made, written notice of the substitution of a new attorney shall be given to adverse parties; until such notice, they shall recognize the former attorney.

Sec. 2. Minnesota Statutes 1974, Section 481.13, is amended to read:

481.13 [LIEN FOR ATTORNEY FEES.] An attorney has a lien for his compensation whether the agreement therefor be expressed or implied:

(1) Upon the papers of his client coming into his possession in the course of his employment;

(2) Upon money in his hands belonging to his client;

(3) (1) Upon the cause of action from the time of the service of the summons therein, or the commencement of the proceeding, and upon the interest of his client in any money or property involved in or affected by any action or proceeding in which he may have been employed, from the commencement of the action or proceeding, and, as against third parties, from the time of filing the notice of such lien claim, as provided in this section;

(4) Upon money or property in the hands of the adverse party to the action or proceeding in which the attorney was employed, from the time such party is given notice of the lien. If the client has an interest in any real or personal property, whether held by any bailee, pledgee, judgment creditor or otherwise, the attorney shall be entitled to a lien upon such property wherever situated, for the value of his services, whether under a special agreement as to compensation or for the reasonable value thereof, and shall also have a lien for any contributions in money or services which the attorney makes for the preservation of the client's interest in the property or for the enhancement of the value thereof. If the client is not a resident of this state, jurisdiction may be had by service of notice of order to show cause without the state or by mailing a copy thereof to the client outside of the state, without the need of further jurisdictional requirements, provided the property itself is within the State of Minnesota;

(5) (2) Upon a judgment, and whether there be a special agreement as to compensation, or whether a lien is claimed for the reasonable value of the services, the lien shall extend to the amount thereof from the time of giving notice of his claim to the judgment debtor, but this lien is subordinate to the rights existing between the parties to the action or proceedings;

(6) (3) The liens provided by clauses (3) (1), (4), and (5) (2) may be established, and the amount thereof determined, by the court, summarily, in the action or proceeding, on the application of the lien claimant or of any person or party interested in the property subject to such lien, on such notice to all parties interested therein as the court may, by order to show cause, prescribe, or such liens may be enforced, and the amount thereof determined, by the court, in an action for equitable relief brought for that purpose.

Judgment shall be entered under the direction of the court, adjudging the amount due and the sale of the property subjected to the lien, or some part thereof, to satisfy said amount, and directing the sheriff to proceed to sell the same according to the provisions of law relating to the sale of real estate on execution, and to make report to the court.

A certified transcript of the judgment shall be delivered to the sheriff, and shall be his authority for making the sale.

If the property so sold is real estate, the same shall be subject

to redemption in the manner provided by law for redemption of real property sold on execution.

Such liens shall not affect the right or title of bona fide purchasers or encumbrancers of the property subject thereto, for value and without notice; but a duly verified notice of intention to claim such lien, specifying the property on which the lien is claimed, and the amount thereof, if under express agreement, or, if not, then the reasonable value of the services for which such lien is claimed, filed as herein provided, shall charge subsequent purchasers and encumbrancers of such property with notice of said lien from the time of such filing.

(4) If the lien is claimed on the client's interest in real estate involved in or affected by the action or proceeding, such notice of intention to claim a lien thereon shall be filed in the office of the register of deeds or registrar of titles, where appropriate, and therein noted on the Certificate or Certificates of Title affected, in and for the county within which the same is situated. If the lien is claimed on the client's interest in personal property involved in or affected by the action or proceeding, the notice shall be filed in the same manner as provided by law for the filing of a chattel mortgages security interest.

Sec. 3. Minnesota Statutes 1974, Section 481.14, is amended to read:

481.14 [REFUSAL TO SURRENDER PROPERTY TO CLIENTS.] When an attorney shall refuse to deliver money or papers to a person from or for whom he has received them in the course of his professional employment, he may be required to do so, upon petition, by an order of court. Such order may be granted by the court in which the action was prosecuted, or, if no action was prosecuted, by the district court of the county where he resides, or by the Supreme Court, and may require him to make delivery within a time specified, or show cause why he should not be punished for contempt. In the event an attorney shall retain money of a client under a claim of right, including a claim for fees and expenses, the court shall determine the amount, if any, due such attorney, and shall order that any surplus amount remaining after deduction thereof be surrendered to the client.

If the attorney claims a lien upon the property, the court may:

(1) As a condition of making the order, require the client to give security, in form and amount as directed, to satisfy the lien when determined in an action; or

(2) Summarily inquire into and determine the facts upon which the lien claim is founded; or

(3) Direct a trial of the controversy by a jury, or refer it, and determine the same upon the verdict or report as in other cases."

Sec. 2. [ACCOUNTING SYSTEM MONITORED BY LEGISLATIVE AUDITOR.] Subdivision 1. The legislative auditor shall perform an audit of the finances of Independent School District No. 625 for fiscal year 1976 in accordance with the principles of the uniform financial accounting and reporting system which has been developed in accordance with the requirement of Laws 1973, Chapter 683, Section 22. The legislative auditor and his employees may personally conduct this audit and examination or may, at his discretion, contract with certified public accountants or public accounting firms to provide this service.

The legislative auditor shall also restate, in accordance with the uniform financial accounting and reporting system, the audit of the district which was performed for fiscal year 1975.

The legislative auditor shall report the results of the audit and the restatement to the appropriate committees of the legislature by October 15, 1976.

Subd. 2. On or before July 1, 1976, the school district shall adopt a system of accounting, budgeting, and reporting in accordance with the principles of the uniform financial accounting and reporting system. The legislative auditor shall monitor and assist in the implementation of this system by the school district. The legislative auditor shall report to the legislative audit commission and other appropriate committees of the legislature at the times he deems necessary, but not less than twice each year. He shall make his initial report on or before January 15, 1977. Nothing in this section shall be construed to limit the existing powers of the legislative auditor.

Subd. 3. Independent School District No. 625 shall provide

cooperation and assistance as necessary to the legislative auditor to allow him to perform his duties pursuant to this section.

Sec. 3. [STATUTORY OPERATING DEBT.] Subdivision 1. The "statutory operating debt" of Independent School District No. 625 means the net negative fund balances in all school district funds, other than the capital expenditure and building construction, debt service, trust and agency, and post-secondary vocational-technical education funds, calculated as of June 30, 1976 in accordance with the principles of the uniform financial accounting and reporting system.

Subd. 2. The legislative auditor shall certify the amount of statutory operating debt of the district as of June 30, 1976. He may adjust this amount on the basis of corrected figures until June 30, 1978.

Sec. 4. [EXCESS LEVY.] In addition to all other levies permitted by law, in 1976 and each year thereafter, Independent School District No. 625 shall make an additional levy to eliminate its statutory operating debt for the school year ending June 30, 1976 as certified by the legislative auditor pursuant to section 3. Each year the commissioner of education shall certify to the county auditor and Independent School District No. 625 the correct amount of this levy. This levy shall in each year be an amount which is equal to the amount raised by a levy of 1.5 mills times the adjusted assessed valuation of the district for the preceding year as determined by the equalization aid review committee, less any amount necessary for the payment of principal and interest on bonds sold pursuant to section 1. When the cumulative receipts from the levies made pursuant to this section and the earnings in the reserve account established under section 5 equal an amount equal to the statutory operating debt, the levy shall be discontinued.

Sec. 5. [RESERVE FUND FOR REDUCING STATUTORY OPERATING DEBT.] Subdivision 1. The district shall establish a special reserve account, which shall be designated "reserve account for purposes of reducing statutory operating debt" on its books and records into which the proceeds of the bonds authorized in section 1 and the levies made under section 4 shall be placed. The funds in this account shall be used only for the payment of district operating expenses, but the amount in this account shall never supplement district revenues or income for the purposes of increasing the district's capital or operational expenditures or budgets, or for any purpose, other than to meet temporary cash needs. Earnings on sums in this account may be used for paying interest expenses on tax and aid anticipation certificates and for the purposes for which funds in this account may be used. The funds in this account may be invested and re-invested in accordance with the further provisions of Minnesota Statutes, Section 475.66, as amended.

Subd. 2. When the funds in the special reserve account equal the total amount of the statutory operating debt as certified pursuant to section 3, but in no event later than December 31, 1997, the full amount in the special reserve account shall be used to

eliminate the statutory operating debt of the district. Upon elimination of the statutory operating debt, the district shall recognize all tax receipts in the year required by the uniform financial accounting and reporting system.

**Sec. 6. [AUTHORIZATION FOR AID ANTICIPATION BORROWING.]** The provisions of Minnesota Statutes, Section 124.781 shall not apply to or limit in any way the aid anticipation borrowing of the district, and the district shall be permitted to borrow in anticipation of aids to the full extent permitted by the provisions of Minnesota Statutes, Sections 124.71 to 124.78.

**Sec. 7. [GENERAL FUND EXPENDITURE LIMITATION.]** In the 1977 fiscal year or in any fiscal year thereafter, Independent School District No. 625 shall not spend any amount in that fiscal year which the district receives from the foundation aid in Minnesota Statutes, Section 124.212, plus the levy allowable under Minnesota Statutes, Section 275.125, Subdivision 2a. plus the levy allowable under Minnesota Statutes, Section 275.125, Subdivision 6, which exceeds the amount which the district would otherwise be entitled to receive from these same sources if it were not using tax anticipation certificates or other methods of borrowing to borrow against tax revenues for the next fiscal year or if it were not using tax receipts intended for the next fiscal year in the prior fiscal year.

**Sec. 8. [LIMITATION AND REDUCTION OF TAX ANTICIPATION BORROWING.]** Subdivision 1. Notwithstanding the provisions of Minnesota Statutes, Section 124.781, Subdivision 2, in the fiscal year 1977, Independent School District No. 625 shall not issue tax anticipation certificates pursuant to Minnesota Statutes, Sections 124.71 to 124.78 in an amount to exceed \$23,250,000. In fiscal year 1978 or any year thereafter, the district shall not issue tax anticipation certificates in an amount to exceed \$23,250,000, less the amount by which the balance in the reserve account for purposes of reducing statutory operating debt exceeds \$6,400,000 as of December 31 of the previous year.

Subd. 2. The legislative audit commission may, upon application of the district, authorize a waiver of the limitation contained in subdivision 1, in the event of an emergency. If the legislative audit commission authorizes such a waiver, it shall report this fact prior to the effective date of the waiver to the appropriate committees of the legislature.

**Sec. 9. [PROHIBITION OF CERTAIN FUND TRANSFERS.]** Independent School District No. 625 shall not for any purpose borrow or temporarily transfer funds from its building construction account, its debt service account, or from any sinking fund for outstanding bonds issued for building construction or any other purpose.

**Sec. 10.** Subdivision 1. Notwithstanding the provisions of Minnesota Statutes, Section 125.17, Subdivision 1, Clause (a), the definition of "teacher" as used in the application of Minnesota Statutes, Section 125.17 to individuals employed by Independent School District No. 625 shall not include any person regularly

employed to superintend or supervise classroom instruction, or any person who comes within the definitions of Minnesota Statutes, Section 179.63, Subdivision 9. However, the definition of "teacher" in Minnesota Statutes, Section 125.17, shall include any person who comes within the definition in Minnesota Statutes, Section 179.63, Subdivision 14.

Subd. 2. As of June 30, 1976, any individual excluded from the provisions of Minnesota Statutes, Section 125.17 by the operation of subdivision 1 of this section shall forfeit tenure rights in the district previously granted pursuant to Minnesota Statutes, Section 125.17; provided, any such excluded individual shall retain any tenure rights held as a teacher in the district at the time he assumed a position within the exclusionary definition of subdivision 1 and shall retain his date of first employment as a teacher for purposes of section 125.17, subdivision 11. Thereafter, such individuals shall have annual contracts with the district which the school board may or may not renew as it sees fit; provided, however, that the school board shall give any such individual whose contract it declines to renew for the following school year written notice to that effect. Moreover, the school board may discharge or demote any such individual during the term of an annual contract for any cause specified in Minnesota Statutes, Section 125.17, Subdivision 4. A written statement of the cause of the discharge or demotion shall be given to the individual by the school board at least 30 days before the removal or demotion shall become effective.

Subd. 3. In terminating personnel because of financial limitations or any other reason, the school board of Independent School District No. 625 is encouraged to give first priority to the terminations of central office personnel, administrative and supervisory personnel, and other personnel whose duties do not include day to day instructional contact with the students of the district. No cuts in programs shall be made by the district without the express approval of the board.

Sec. 11. [APPROPRIATION.] There is appropriated from the general fund in the state treasury to the legislative auditor the sum of \$100,000. Notwithstanding the provisions of Minnesota Statutes, Section 16A.28, or any other provision relating to the lapse of appropriations, the appropriation made pursuant to this section shall not lapse but shall continue until expended.

Sec. 12. Nothing in this act shall be construed to limit the existing powers of the legislative auditor.

Sec. 13. The provisions of this act shall be severable, and if any provision thereof, or the application of any such provision under any circumstances is held invalid, it shall not affect any other provision of this act or the application of any provision thereof under different circumstances.

Sec. 14. [EFFECTIVE DATE.] This act shall become effective only after its approval by a majority of the board of Independent School District No. 625 and upon compliance with the provisions of Minnesota Statutes, Section 645.021."

*Subd. 2. [REPORT.] The controlling persons of a nursing home shall, in accordance with rules established by the board of health, within 14 days of the occurrence, notify the board of health of any change in the physical structure of a nursing home, which change would affect compliance with the rules of the board of health or with sections 1 to 17 of this act.*

*Subd. 3. [PENALTY.] Any controlling person who establishes, conducts, manages or operates a nursing home in violation of the*

rules established under this section is guilty of a misdemeanor. The provisions of this subdivision shall not apply to any controlling person who had no legal authority to affect or change decisions as to the operation of the nursing home which incurred the uncorrected violations.

Sec. 10. [144A.10] [INSPECTIONS, SANCTIONS.] Subdivision 1. [ENFORCEMENT AUTHORITY.] The board of health is the exclusive state agency charged with the responsibility and duty of inspecting all facilities required to be licensed under section 2 of this act. The board of health shall enforce the rules established pursuant to sections 1 to 17 of this act, subject only to the authority of the department of public safety respecting the enforcement of fire and safety standards in nursing homes and the responsibility of the commissioner of public welfare under Minnesota Statutes, Sections 243.78 to 245.821; 252.28; or 257.081 to 257.124.

Subd. 2. [INSPECTIONS.] The board of health shall annually inspect each nursing home to assure compliance with sections 1 to 17 of this act and the rules promulgated thereunder. The annual inspection shall be a full inspection of the nursing home. If upon a reinspection provided for in subdivision 5 of this section the representative of the board of health finds one or more uncorrected violations, a second inspection of the facility shall be conducted during the remainder of its license year. The second inspection need not be a full inspection. No prior notice shall be given of an inspection conducted pursuant to this subdivision. Any employee of the board of health who willfully gives or causes to be given any advance notice of an inspection required or authorized by this subdivision shall be subject to suspension or dismissal in accordance with Minnesota Statutes, Chapter 43. An inspection required by a federal rule or statute may be conducted in conjunction with or subsequent to any other inspection. Any inspection required by this subdivision shall be in addition to the re-inspections required by subdivision 5. To the extent feasible, the board of health shall coordinate its inspections of nursing homes with inspection by other state and local agencies. Nothing in this subdivision shall be construed to prohibit the board of health from making more than one unannounced inspection of any nursing home during its license year.

Subd. 3. [REPORTS; POSTING.] After each inspection or reinspection required or authorized by this section, the board of health shall, by certified mail, send copies of any correction order or notice of noncompliance to the nursing home. A copy of each correction order and notice of noncompliance, and copies of any documentation supplied to the board of health or the commissioner of public welfare under sections 3 or 5 of this act shall be kept on

*file at the nursing home and shall be made available for viewing by any person upon request. Except as otherwise provided by this subdivision, a copy of each correction order and notice of noncompliance received by the nursing home after its most recent inspection or reinspection shall be posted in a conspicuous and readily accessible place in the nursing home. Confidential information protected by Minnesota Statutes, Section 15.1641, shall not be made available or posted as provided in this subdivision unless it may be made available or posted in a manner authorized by Minnesota Statutes, Sections 15.1641 to 15.165.*

*Subd. 4. [CORRECTION ORDERS.] Whenever a duly authorized representative of the board of health finds upon inspection of a nursing home, that the facility or a controlling person or an employee of the facility is not in compliance with sections 1 to 17 of this act or the rules promulgated thereunder, a correction order shall be issued to the facility. The correction order shall state the deficiency, cite the specific rule or statute violated, and specify the time allowed for correction. The board of health by rule shall establish a schedule of allowable time periods for correction of nursing home deficiencies.*

*Subd. 5. [REINSPECTIONS.] A nursing home issued a correction order under this section shall be reinspected at the end of the period allowed for correction. If upon reinspection the representative of the board of health determines that the facility has not corrected a violation identified in the correction order, a notice of noncompliance with the correction order shall be mailed by certified mail to the nursing home. The notice shall specify the violations not corrected and the fines assessed in accordance with subdivision 6.*

*Subd. 6. [FINES.] A nursing home which is issued a notice of noncompliance with a correction order shall be assessed a civil fine in accordance with a schedule of fines promulgated by rule of the board of health. The fine shall be assessed for each day the facility remains in noncompliance and until a notice of correction is received by the board of health in accordance with subdivision 7. No fine for a specific violation may exceed \$250 per day of noncompliance.*

*Subd. 7. [ACCUMULATION OF FINES.] A nursing home shall promptly notify the board of health in writing when a violation noted in a notice of noncompliance is corrected. Upon receipt of written notification by the board of health, the daily fine assessed for the violation shall stop accruing. The facility shall be inspected within three working days after receipt of the notification. If upon inspection the representative of the board of health determines that a violation has not been corrected as indicated by the notification of compliance the daily fine assessment shall resume and the amount of fines which otherwise would have accrued during the period prior to resumption shall be added to the total assessment due from the nursing home. The board of health shall notify the nursing home of the resumption by certified mail. The nursing home may challenge the resumption as a contested case in accordance with the provisions of Minnesota Statutes, Chapter 15.*

*Recovery of the resumed fine shall be stayed if a controlling person or his legal representative on behalf of the nursing home makes a written request for a hearing on the resumption within 15 days of the resumption. The cost of a reinspection conducted pursuant to this subdivision shall be added to the total assessment due from the nursing home.*

*Subd. 8. [RECOVERY OF FINES; HEARING.] Fines assessed under this section shall be payable 15 days after receipt of the notice of noncompliance and at 15 day intervals thereafter, as the fines accrue. Recovery of an assessed fine shall be stayed if a controlling person or his legal representative on behalf of the nursing home makes a written request for a hearing on the notice of noncompliance within 15 days after the home's receipt of the notice. A hearing under this subdivision shall be conducted as a contested case in accordance with Minnesota Statutes, Chapter 15. If a nursing home, after notice and opportunity for hearing on the notice of noncompliance, or on the resumption of the fine, does not pay a properly assessed fine in accordance with this subdivision, the board of health shall notify the commissioner of public welfare who shall deduct the amount from reimbursement moneys due or to be due the facility under Minnesota Statutes, Chapter 256B. The board of health may consolidate the hearings provided for in subdivisions 7 and 8 of this section in cases in which a facility has requested hearings under both provisions.*

*Subd. 9. [NONLIMITING.] Nothing in this section shall be construed to limit the powers granted to the board of health by section 11 of this act.*

**Sec. 11. [144A.11] [LICENSE SUSPENSION OR REVOCATION; REINSTATEMENT.] Subdivision 1. [OPTIONAL PROCEEDINGS.]** *The board of health may institute proceedings leading to a suspension or revocation of a nursing home license, or it may refuse to grant or renew the license of a nursing home if any action by a controlling person or employee of the nursing home:*

*(a) Violates any of the provisions of sections 1 to 8, 12 or 16 of this act, or the rules promulgated thereunder;*

*(b) Permits, aids, or abets the commission of any illegal act in the nursing home;*

*(c) Performs any act contrary to the welfare of a patient or resident of the nursing home; or*

*(d) Obtains, or attempts to obtain, a license by fraudulent means or misrepresentation.*

*Subd. 2. [MANDATORY PROCEEDINGS.] The board of health shall initiate proceedings leading to the suspension or revocation of a nursing home license or shall refuse to renew a license if within the preceding two years the nursing home has incurred the following number of uncorrected violations, for which violations a fine was assessed and allowed to be recovered:*

*(a) Two or more uncorrected violations which created an imminent risk of harm to a nursing home resident; or*

(b) *Ten or more uncorrected violations of any nature.*

*Subd. 3. [HEARINGS.] No nursing home license may be suspended or revoked without a hearing held as a contested case in accordance with Minnesota Statutes, Chapter 15. If the controlling person designated under section 3, subdivision 2 of this act, as an agent to accept service on behalf of all of the controlling persons of the nursing home has been notified by the board of health that the facility will not receive an initial license or that a license renewal has been denied, the controlling person or his legal representative on behalf of the nursing home may request and receive a hearing on the denial. This hearing shall be held as a contested case in accordance with Minnesota Statutes, Chapter 15.*

*Subd 4. [RELICENSING.] If a nursing home license is revoked a new application for license may be considered by the board of health when the conditions upon which revocation was based have been corrected and satisfactory evidence of this fact has been furnished to the board of health. A new license may be granted after an inspection has been made and the facility has been found to comply with all provisions of sections 1 to 17 of this act and the rules promulgated thereunder.*

*Sec. 12. [144A.12] [ADDITIONAL REMEDY; DISCOVERY.] Subdivision 1. [INJUNCTIVE RELIEF.] In addition to any other remedy provided by law, the board of health may in its own name bring an action in the district court in Ramsey county or in the district in which a nursing home is located to enjoin a controlling person or an employee of the nursing home from illegally engaging in activities regulated by sections 1 to 17 of this act. A temporary restraining order may be granted by the court in the proceeding if continued activity by the controlling person or employee would create an imminent risk of harm to a resident of the facility.*

*Subd. 2. [DISCOVERY; SUBPOENAS.] In all matters pending before it under sections 1 to 17 of this act, the board of health shall have the power to issue subpoenas and compel the attendance of witnesses and the production of all necessary papers, books, records, documents and other evidentiary material. Any person failing or refusing to appear or testify regarding any matter about which he may be lawfully questioned or to produce any papers, books, records, documents or evidentiary materials in the matter to be heard, after having been required by order of the board of health or by a subpoena of the board of health to do so may, upon application by the board of health to the district court in any district, be ordered by the court to comply therewith. The commissioner of health acting on behalf of the board of health may issue subpoenas and may administer oaths to witnesses, or take their affirmation. Depositions may be taken within or without the state in the manner provided by law for the taking of depositions in civil actions. A subpoena or other process or paper may be served upon any named person anywhere within the state by any officer authorized to serve subpoenas in civil actions, with the same fees and mileage and in the same manner as prescribed by law for process issued out of the district court of this state. Fees and mileage and other costs of persons subpoenaed by the board of health shall be paid in the same manner as for proceedings in district court.*

Sec. 13. [144A.13] [COMPLAINTS; DISCRIMINATION.] *Subdivision 1. [PROCESSING.] All matters relating to the operation of a nursing home which are the subject of a written complaint from a resident and which are received by a controlling person or employee of the nursing home shall be delivered to the facility's administrator for evaluation and action. Failure of the administrator within seven days of their receipt to resolve the complaint within a reasonable time after he receives it, or alternatively, the failure of the administrator to make a reply within seven days after he receives it to the complaining resident stating that the complaint did not constitute a valid objection of the nursing home's operations, shall be a violation of section 10 of this act. If a complaint directly involves the activities of a nursing home administrator, the complaint shall be resolved in accordance with this section by a person, other than the administrator, duly authorized by the nursing home to investigate the complaint and implement any necessary corrective measures.*

*Subd. 2. [RESIDENT RIGHTS.] The administrator of a nursing home shall inform each resident in writing at the time of admission of his right to complain to the administrator about facility accommodations and services. A notice of the right to complain shall be posted in the nursing home. The administrator shall also inform each resident of his right to complain to the board of health. No controlling person or employee of a nursing home shall retaliate in any way against a complaining nursing home resident and no nursing home resident may be denied any right available to him under Minnesota Statutes, Chapter 566.*

Sec. 14. [144A.14] [VOLUNTARY RECEIVERSHIP.] *A majority in interest of the controlling persons of a nursing home may at any time request the board of health to assume the operation of the nursing home through appointment of a receiver. Upon receiving a request for a receiver, the board of health may, if it deems receivership desirable, enter into an agreement with a majority in interest of the controlling persons, providing for the appointment of a receiver to take charge of the facility under conditions deemed appropriate by both parties. The agreement shall specify all terms and conditions of the receivership and shall preserve all rights of the facility residents as granted by law. A receivership initiated in accordance with this section shall terminate at the time specified by the parties or at the time when either party notifies the other in writing that he wishes to terminate the receivership agreement.*

Sec. 15. [144A.15] [INVOLUNTARY RECEIVERSHIP.] *Subdivision 1. [PETITION; NOTICE.] In addition to any other remedy provided by law, the board of health may petition the district court in Ramsey county or in the district in which a nursing home is located for an order directing the controlling persons of the nursing home to show cause why the board of health or its designee should not be appointed receiver to operate the facility. The petition to the district court shall contain proof by affidavit that the board of health has commenced license suspension or revocation proceedings, suspended or revoked a license, or decided not to renew the nursing home license. The order to show cause shall be returnable not less than five days after service is completed and shall*

provide for personal service of a copy to the nursing home administrator and to the persons designated as agents by the controlling persons to accept service on their behalf pursuant to section 3, subdivision 2 of this act.

*Subd. 2. [APPOINTMENT OF RECEIVER, RENTAL.] If, after hearing, the court finds that involuntary receivership is necessary as a means of protecting the health, safety or welfare of the residents of a nursing home, the court shall appoint the board of health, or any other person designated by the board of health, as a receiver to take charge of the facility. The court shall determine a fair monthly rental for the facility, taking into account all relevant factors including the condition of the facility. This rental fee shall be paid by the receiver to the appropriate controlling persons for each month that the receivership remains in effect. Notwithstanding any other law to the contrary, no payment made to a controlling person by any state agency during a period of involuntary receivership shall include any allowance for profit or be based on any formula which includes an allowance for profit.*

*Subd. 3. [POWERS AND DUTIES OF RECEIVER.] A nursing home receiver appointed pursuant to this section shall with all reasonable speed, but in any case, within 18 months after the receivership order, provide for the orderly transfer of all the nursing home's residents to other facilities or make other provisions for their continued safety and health care. The receiver may correct or eliminate those deficiencies in the facility which seriously endanger the life, health or safety of the residents unless the correction or elimination of deficiencies involves major alterations in the physical structure of the nursing home. He shall, during this period, operate the nursing home in a manner designed to guarantee the safety and adequate health care of the residents. The receiver shall take no action which impairs the legal rights of a resident of the nursing home. He shall have power to make contracts and incur lawful expenses. He shall collect incoming payments from all sources and apply them to the cost incurred in the performance of his functions as receiver. No security interest in any real or personal property comprising the nursing home or contained within it, or in any fixture of the facility, shall be impaired or diminished in priority by the receiver. The receiver shall pay all valid obligations of the nursing home and shall deduct these expenses, if appropriate, from rental payments owed to any controlling person by virtue of the receivership.*

*Subd. 4. [RECEIVER'S FEE; LIABILITY; BOARD ASSISTANCE.] A nursing home receiver appointed pursuant to this section shall be entitled to a reasonable receiver's fee as determined by the court. The receiver shall be liable only in his official capacity for injury to person and property by reason of the conditions of the nursing home. He shall not be personally liable, except for his gross negligence and intentional acts. The board of health shall assist the receiver in carrying out his duties.*

*Subd. 5. [TERMINATION.] An involuntary receivership imposed pursuant to this section shall terminate 18 months after the date on which it was ordered or at any other time designated by the court or upon the occurrence of any of the following events:*

(b) The granting of a new license to the nursing home; or

The board of health shall cooperate with and advise the controlling persons of the nursing home in the resettlement of residents. Failure to comply with this section shall be a violation of section 10 of this act.*

**Sec. 17. [144A.17] [ADVISORY COUNCIL.]** *A nursing home advisory council consisting of 15 members shall be appointed by the board of health to advise and make recommendations on proposed rules and other matters relating to nursing homes. The executive secretary shall not be a member of the board of examiners.*

*Sec. 23. [144A.23] [EXCLUSIVE JURISDICTION OF BOARD.] Except as provided in section 4, subdivision 6 of this act, the board of examiners shall have exclusive authority to determine the qualifications, skill and fitness required of any person to serve as an administrator of a nursing home. The holder of a license shall be deemed fully qualified to serve as the administrator of a nursing home.*

*Sec. 24. [144A.24] [DUTIES OF THE BOARD.] The board of examiners shall:*

Before proceeding further with the communication, the designee of the attorney general may require the complaining party to state his complaint in writing on a form prepared by the attorney general. Complaints which relate to matters within the jurisdiction of another governmental agency shall be forwarded to that agency by the executive secretary. An officer of that agency shall advise the executive secretary of the disposition of that complaint. A complaint received by another agency which relates to a statute or rule which the board is empowered to enforce shall be forwarded to the executive secretary of the board to be processed in accordance with this section.*

**Subd. 2. In the process of evaluation and investigation, he shall consult with or seek the assistance of the executive secretary or a member of the board who has been designated by the board to assist the designee. If the attempts at correction or redress do not produce satisfactory results in the opinion of the executive secretary or the consulted board member, or if the designee providing legal services to the board, the executive secretary or the consulted board member believes that the communication and the investigation suggest illegal or unauthorized activities warranting board action, they shall inform the executive secretary of the board who shall schedule a disciplinary hearing in accordance with Minnesota Statutes, Chapter 15. Before scheduling a disciplinary hearing, the executive secretary must have received a verified written complaint from the complaining party. A board member who was consulted during the course of an investigation may participate at the hearing but may not vote on any matter pertaining to the case. The executive secretary of the board shall promptly inform the complaining party of the final disposition of the complaint.

Subd. 3. **Sec. 28. [144A.27] [EMERGENCY PERFORMANCE.]** *If a licensed nursing home administrator is removed from his position by death or other unexpected cause, the controlling persons of the nursing home suffering the removal may designate an acting nursing home administrator who may serve without a license for no more than 90 days, unless an extension is granted by the board of examiners.*

**Sec. 29. [144A.28] [SEVERABILITY.]** *Any part of sections 18 to 28 of this act which is in conflict with any act of congress of the United States or any rule of a federal agency, so as to deprive nursing homes of this state of federal funds, shall be deemed void without affecting the remaining provisions of sections 18 to 28 of this act.*

**Sec. 30. [CONTINUITY OF RULES; AUTHORITY.]** *Subdivision 1. Subd. 3. This subdivision only prohibits local imposition of an occupational licensing or registration scheme and does not prohibit charging for building permits or other charges not directly related to occupational licensing or registration.

Subd. 4. It shall be prima facie evidence of doing business as a class A or B builder or class A contractor if within any one 12 month period a person offers for sale two or more structures on which he or an employee performed work described in section 2, subdivision 3, of this act.

Sec. 6. [ISSUANCE MANDATORY, GROUNDS FOR DENIAL, REVOCATION OR SUSPENSION.] The board shall issue a license to any person who qualifies under this act and under rules of the board. The board shall not issue a license to any person, or may suspend, revoke, or refuse to renew the license of any person when it finds:

Sec. 7. [HEARINGS.] Any person aggrieved by a determination of the board in refusing to grant a license or a renewal thereof or by a determination of the board in revoking or suspending a license is entitled to a hearing thereon as in a contested case under Minnesota Statutes, Chapter 15.

Sec. 2. [PILOT PROGRAMS; ESTABLISHMENT.] The state board of health shall establish two pilot programs to provide dental care to senior citizens. One pilot program shall be established in the metropolitan area, composed of Hennepin, Ramsey, Anoka, Washington, Dakota, Scott, and Carver counties; and one pilot program shall be established in an area selected by the state board of health and located outside of the seven metropolitan counties.

The information center shall maintain a toll-free telephone information service and disseminate printed materials on energy conservation topics, including but not limited to availability of loans and other public and private financing methods for energy conservation physical improvements, the techniques and materials used to conserve energy in buildings including retrofitting or upgrading insulation and installing weatherstripping, the projected prices and availability of different sources of energy, and the alternative sources of energy.*

Sec. 2. Minnesota Statutes 1974, Section 116H.12, is amended by adding a subdivision to read:

If the commissioner determines, based upon a formula specified by the director, that a modification is economically feasible, in that estimated savings in fuel procurement cost will exceed the cost of the modification amortized over the remaining useful life of the building, he shall implement the modification in a manner designed to maximize the reduction in costs resulting from the modification. Before January 1, 1977, the commissioner shall submit a progress report to the legislature indicating the number and percentage of state-owned buildings surveyed, the estimated costs of implementing the economically feasible modifications, and his preliminary findings, recommendations, and priorities for implementing the economically feasible modifications based upon the continuing survey.*

Each council or board shall file the ener-*

A board may contract with any municipal building official appointed pursuant to Minnesota Statutes, Section 16.861 or the state building inspector to perform the energy conservation inspection. Each board shall estimate the annual savings in fuel procurement costs for existing heating and cooling systems which would be realized for each public school building within the district if it were improved to comply with the energy conservation standards, based upon a formula specified by the director of the Minnesota energy agency.*

If a board determines that the proceeds of the levy permitted under Minnesota Statutes, Section 124.04 and the balance in the capital outlay fund are insufficient to complete all the improvements authorized pursuant to section 10 of this act, then the board shall apply to the commissioner for permission to issue obligations in the manner and form prescribed by Minnesota Statutes, Chapter 475, in the amount of the authorized improvements. The obligations may be issued only after obtaining the approval of the majority of the electors voting on the question of issuing obligations at a regular or special election. Each school district shall immediately report the results of any election on the question of issuing obligations for the above purposes to the commissioner and the director of the energy agency. These obligations shall not be included in the computation of any net debt limitations.*

Sec. 12. [APPROPRIATION.] *There is appropriated from the general fund \$158,000 to the commissioner of administration, \$8,000 for promulgation of the rules required by section 4 of this act, and \$150,000 to comply with section 2 of this act. *Subd. 2. [TAX PENALTY ON CAPITAL GAIN.] Minnesota Statutes, Chapter 290 shall apply to determine the amount of the gain realized on the sale of property for which a family farm security loan has been issued. This modification shall not be applicable if the difference in basis is due to disallowance of depreciation pursuant to section 290.101.

(3) Interest or dividend income on securities to the extent exempt from income tax under the laws of this state authorizing the issuance of such securities but includible in gross income for federal income tax purposes;

(4) Income which does not arise from events or transactions which are assignable to Minnesota under the provisions of sections 290.17 to 290.20;

Also there shall be added to federal adjusted gross income the amount of any distributions in cash or property made by said corporation to its shareholders during the taxable year.

(2) In cases where the small business corporation has made an election under section 1372 of the Internal Revenue Code of 1954, but has not elected under section 290.972 of this chapter and said corporation is liquidated or the individual shareholder disposes of his

stock and there is no capital loss reflected in federal adjusted gross income because of the fact that corporate losses have exhausted the shareholders basis for federal purposes, such shareholders shall be entitled, nevertheless, to a capital loss commensurate to their Minnesota basis for the stock.

(3) In cases where the election under section 1372 of the Internal Revenue Code of 1954 antedates the election under section 290.972 of this chapter and at the close of the taxable year immediately preceding the effective election under section 290.972 the corporation has a reserve of undistributed taxable income previously taxed to shareholders under the provisions of the Internal Revenue Code of 1954, in the event and to the extent that such reserve is distributed to shareholders such distribution shall be taxed as a dividend for purposes of this act.

Items of gross income includible within these definitions shall be deemed such regardless of the form in which received. Items of gross income shall be included in gross income of the taxable year in which received by a taxpayer unless properly to be accounted for as of a different taxable year under methods of accounting permitted by section 290.07, except that (1) amounts transferred from a reserve or other account, if in effect transfers to surplus, shall, to the extent that such amounts were accumulated through deductions from gross income or entered into the computation of taxable net income during any taxable year, be treated as gross income for the year in which the transfer occurs, but only to the extent that such amounts resulted in a reduction of the tax imposed by this act, and (2) amounts received as refunds on account of taxes deducted from gross income during any taxable year shall be treated as gross income for the year in which actually received, but only to the extent that such amounts resulted in a reduction of the tax imposed by this act.

(d) Modification in computing taxable income of the estate of a decedent. Amounts allowable under section 291.07, subdivision 1 (2) in computing Minnesota inheritance tax liability shall not be allowed as a deduction in computing the taxable income of the estate unless there is filed within the time and in the manner and form prescribed by the commissioner a statement that the amounts have not been allowed as a deduction under section 291.07 and a waiver of the right to have such amounts allowed at any time as deductions under section 291.07. The provisions of this paragraph shall not apply with respect to deductions allowed under section 290.077 (relating to income in respect of decedents). In the event that the election made for federal tax purposes under section 642(g) of the Internal Revenue Code of 1954 differs from the election made under this paragraph appropriate modification of the estate's federal taxable income shall be made to implement the election made under this paragraph in accordance with regulations prescribed by the commissioner.

Sec. 13. Minnesota Statutes, 1975 Supplement, Section 290.09, Subdivision 4, is amended to read:

If the taxpayer's foreign tax credit consists of both foreign taxes deemed paid and foreign taxes actually paid or withheld, it will be conclusively presumed that foreign taxes deemed paid were first used by the taxpayer in its foreign tax credit. Minnesota gross income shall include the amount of foreign tax paid which had been allowed as a deduction in a previous year, provided such foreign tax is later allowed as a credit against federal income tax. Income taxes permitted to be deducted hereunder shall, regardless of the methods of accounting employed, be deductible only in the taxable year in which paid. Taxes imposed upon a shareholder's interest in a corporation which are paid by the corporation without reimbursement from the shareholder shall be deductible only by such corporation.

For the purpose of insuring fund integrity, separate bank accounts shall be maintained for building construction funds, debt redemption funds, trust and agency funds, and sinking funds for outstanding bonds. However, nothing in this subdivision shall be construed to prohibit the use of common bank accounts for other funds unless prohibited by law.*

The standards for this uniform auditing or verification procedure shall be promulgated by the state board pursuant to chapter 15. If a school district applies to the commissioner for a statutory operating debt verification or if the unaudited financial statement for the school year ending June 30, 1977 reveals that a statutory operating debt might exist, the commissioner shall require a verification of the amount of the statutory operating debt which actually does exist.*

*Subd. 4. If the amount of the statutory operating debt verified pursuant to subdivision 2 is less than three percent of the most recent fiscal year's expenditure amount for the funds considered under subdivision 1, the net negative fund balance shall not qualify as statutory operating debt for the purposes of this section and sections 20 and 56 of this act.*

*Subd. 5. The commissioner of education shall certify the amount of statutory operating debt for each school district. Prior to June 30, 1979, the commissioner may, on the basis of corrected figures, adjust the total amount of statutory operating debt certified for any district.*

*Subd. 7. This section and the provisions of section 56 of this act*

*shall be applicable only to common, independent, and special school districts and districts formed pursuant to Laws 1967, Chapter 822, as amended, and Laws 1969, Chapters 775 and 1060, as amended. This section and the provisions of section 56 of this act shall not apply to Independent School District No. 625.*

*(a) Beginning in fiscal year 1978 and in each year thereafter, a district which had statutory operating debt on June 30, 1977 pursuant to section 19 of this act shall limit its expenditures in each fiscal year to the amount of revenue recognized in the same fiscal year in accordance with the Uniform Financial Accounting and Reporting System for Minnesota School Districts.*

*(b) The expenditures of a district for each fiscal year shall be limited so that the amount of its statutory operating debt calculated for that fiscal year pursuant to section 19 of this act is not greater than the amount of the district's statutory operating debt as of June 30, 1977, as certified and adjusted by the commissioner;*

*(1) reduced by an amount equal to the cumulative entries to that district's "Reserve Account for Reducing Operating Debt";*

*(2) increased by an amount equal to two and one half percent of that district's operating expenditures for the fiscal year immediately preceding the fiscal year for which the statutory operating debt calculation is being made.*

*(c) When a district is no longer required to levy pursuant to section 56 of this act, subdivision 2 of this section shall be applicable.*

*Subd. 2. Beginning in fiscal year 1978 and each year thereafter, any district not subject to subdivision 1 shall limit its expenditures so that its appropriate fund balances shall not constitute statutory operating debt as defined and limited in section 19 of this act.*

*Subd. 3. If a school district does not limit its expenditures in accordance with this section, the commissioner shall so notify the appropriate committees of the legislature by no later than January 1 of the year following the end of that fiscal year.*

**Sec. 21. [121.99] [PARTICIPATION IN COMPUTER SYSTEMS.] Subdivision 1.** *On or before July 1, 1980, all Minnesota school districts shall convert financial accounting and reporting operations to a computer based financial management accounting and reporting system utilizing regional or other computing facilities and utilizing accounts and records defined in accordance with the Uniform Financial Accounting and Reporting System for Minnesota School Districts.*

*Subd. 2. After July 1, 1980, participation in a computer based financial management accounting and reporting system shall be mandatory. The form of this participation shall be appealable to the commissioner.*

Sec. 22. Minnesota Statutes 1974, Section 123.37, Subdivision 1, is amended to read:

123.37 [INDEPENDENT SCHOOL DISTRICTS, CONTRACTS.] Subdivision 1. No contract for work or labor, or for the purchase of furniture, fixtures, or other property, except books registered under the copyright laws, or for the construction or repair of school houses, the estimated cost or value of which shall exceed ÷ (a) \$3,000 for school districts with an enrollment of students in grades 1 to 12 of less than 10,000 or (b) \$5,000 for all other school districts that specified in section 471.345, subdivision 3, shall be made by the school board without first advertising for bids or proposals by two weeks' published notice in the official newspaper. Such notice shall state the time and place of receiving bids and contain a brief description of the subject matter.

Such additional publication in the official newspaper or elsewhere may be made as the board shall deem necessary.

After taking into consideration conformity with the specifications, terms of delivery, and other conditions imposed in the call for bids, every such contract shall be awarded to the lowest responsible bidder, duly executed in writing, and the person to whom the same is awarded shall give a sufficient bond to the board for its faithful performance, and otherwise conditioned as required by law. A record shall be kept of all bids, with names of bidders and amount of bids, and with the successful bid indicated thereon. A bid containing an alteration or erasure of any price contained in the bid which is used in determining the lowest responsible bid shall be rejected unless the alteration or erasure is corrected as herein provided. An alteration or erasure may be crossed out and the correction thereof printed in ink or typewritten adjacent thereto and initialed in ink by the person signing the bid. In the case of identical low bids from two or more bidders, the board may, at its discretion, utilize negotiated procurement methods with the tied low bidders for that particular transaction, so long as the price paid does not exceed the low tied bid price. In the case where only a single bid is received, the board may, at its discretion, negotiate a mutually agreeable contract with the bidder so long as the price paid does not exceed the original bid. If no satisfactory bid is received, the board may readvertise. Standard requirement price contracts established for supplies or services to be purchased by the district shall be established by competitive bids. Such standard requirement price contracts may contain escalation clauses and may provide for a negotiated price increase or decrease based upon a demonstrable industrywide or regional increase or decrease in the vendor's costs. Either party to the contract may request that the other party demonstrate such increase or decrease. The term of such contracts shall not exceed two years with an option on the part of the district to renew for an additional two years. Provided that in the case of purchase of perishable food items except milk for school lunches and vocational training programs a contract of any amount may be made by direct negotiation by obtaining two or more written quotations for the purchase or sale, when possible, without advertising for bids or

otherwise complying with the requirements of this section or section 471.345, subdivision 3. All quotations obtained shall be kept on file for a period of at least one year after receipt thereof.

Every contract made without compliance with the provisions of this section shall be void. Provided, that in case of the destruction of buildings or injury thereto, where the public interest would suffer by delay, contracts for repairs may be made without advertising for bids.

Firm bid contracts for the purchase of milk and ice cream renegotiated between August 25, 1973 and July 1, 1974 which provide for a price increase or decrease based upon a demonstrable industrywide or regional increase in the vendor's costs are valid and not void under this subdivision; provided that the adjustment shall not exceed the increase or decrease authorized in the applicable federal marketing order for raw milk; and provided further that a school district which did not renegotiate its contract before February 1, 1974, shall not adjust its contract to provide for price increases or decreases for purchases made before February 1, 1974.

Sec. 23. Minnesota Statutes 1974, Section 123.37, Subdivision 1b, is amended to read:

Subd. 1b. Notwithstanding the provisions of subdivision 1 *or section 471.345*, a contract for the transportation of school children may be made either by direct negotiation, by obtaining two or more written quotations for the service; when possible, or upon sealed bids. At least 30 days before awarding a directly negotiated contract, the school district shall, by published notice, request quotations for the service to be provided. All quotations obtained shall be kept on file for a period of at least one year after receipt thereof. If a contract is made by direct negotiation, negotiations shall be carried on at a meeting of the school board open to the public. If a contract is made upon sealed bids, the procedure for advertising and awarding bids shall conform to the provisions of subdivision 1.

Sec. 24. Minnesota Statutes, 1975 Supplement, Section 124.04, is amended to read:

124.04 [CAPITAL EXPENDITURE TAXING AUTHORITY.] In addition to the tax levy prescribed by law for general and special school purposes, the board of any district may levy annually an amount such that the sum of the levy and attached machinery aid for capital outlay purposes calculated pursuant to section 273.138, subdivision 3, clause (1), shall not exceed *the greater of \$70 per pupil unit or, in 1976 and 1977, \$70 per 1975-76 pupil unit or, in districts where the pupil unit count is increased pursuant to section 124.17, subdivision 1, clause (7), \$75 per pupil unit*. No levy under this section shall exceed 10 mills on each dollar of assessed valuation of taxable property in the district as adjusted for the preceding year by the equalization aid review committee notwithstanding the provisions of sections 272.64 and 275.49; *provided that said levy may not exceed by more than two mills (three mills if the district adds units pursuant to section*

124.17, subdivision 1, clause (7)) the levy under this section in the previous year and provided further that any district which did not levy pursuant to this section in 1972 may certify a maximum levy of six mills not to exceed \$65 per pupil unit in 1974. The tax so levied shall be collected in the manner provided by law for the collection of school taxes. The proceeds of the tax may be used only to acquire land, improve and repair school sites, to equip, re-equip, repair and improve buildings and permanent attached fixtures, and to pay leasing fees for computers and computer services. Subject to the commissioner's approval, the tax proceeds may also be used to rent or lease buildings for school purposes and to acquire or construct buildings. The board shall establish a fund in which the proceeds of this tax shall be accumulated until expended.

The proceeds of the tax shall not be used for custodial or other maintenance services.

Sec. 25. Minnesota Statutes, 1975 Supplement, Section 124.17, Subdivision 2, is amended to read:

Subd. 2. Membership for pupils in grades kindergarten through twelve and for handicapped prekindergarten pupils shall mean the number of pupils on the current roll of the school, counted from the date of entry until withdrawal. The date of withdrawal shall mean the day the pupil permanently leaves the school or the date it is officially known that the pupil has left or has been legally excused; provided that any pupil, regardless of age, who has been absent from school without a legally justifiable excuse for 15 consecutive school days shall be dropped from the roll and classified as withdrawn. Nothing in Extra Session Laws 1971, Chapter 31, shall be construed as waiving the compulsory attendance provisions cited in section 120.10. Average daily membership shall equal the sum for all pupils of the number of days of the school year each pupil is enrolled in the district's schools divided by the number of days said schools are in session. For districts operating 12 months schools, days schools are in session shall mean the number of session days required by section 124.19, subdivision 1. The average daily membership of a pupil enrolled on a shared time basis shall equal the ratio of the total minutes for which such pupil is enrolled and the minimum minutes required during the year for a regularly enrolled public school pupil. Foundation aid for shared time pupils shall equal the amount which would accrue if shared time pupil units, counted pursuant to *subdivision 1, clauses (1) and (2) of this section*, were added to the district's total pupil units used in determining its foundation aid. *Foundation aid for shared time pupils shall be in addition to any other aid to which the district is otherwise entitled and shared time pupil units shall not be used for any other computation under subdivision 1 or for any computation under section 124.04.* A district shall not be entitled to transportation aid under section ~~124.22~~ 124.222 for pupils enrolled on a shared time basis unless the statutes specifically provide for transportation aid to such student. This subdivision shall be effective July 1, 1975 as applied to shared time foundation aid and July 1, 1976 as applied to pupils in area vocational-technical schools.

(2) For districts which received payments under sections 294.21 to 294.28; 298.23 to 298.28; 298.32; 298.34 to 298.39; 298.391 to 298.396; 298.405; 298.51 to 298.67; any law imposing a tax upon severed mineral values, or under any other distributing proceeds in lieu of ad valorem tax assessments on copper or nickel properties; the foundation aid shall be reduced in the August adjustment payment by the previous fiscal year's payment to the district pursuant to said sections times the ratio of the maximum levy allowed the district under section 275.125, subdivision 2a, to the total levy allowed by section 275.125 for collection in the calendar year ending during the aforementioned fiscal year, but not to exceed 40 percent in the August 1975 adjustment, 45 percent in the August 1976 adjustment, and 50 percent in the August 1977 adjustment of the previous fiscal year's payment.

Sec. 30. Minnesota Statutes, 1975 Supplement, Section 124.271, Subdivision 2, is amended to read:

Subd. 2. In fiscal year 1977 and each year thereafter, the state shall pay 50 cents per capita to each school district which is operating a community school program in compliance with the rules and regulations established by the state board and which has levied ~~at least~~ *the lesser of the \$1 per capita or the maximum permissible certified levy* for community services pursuant to section 275.125, subdivision 8, for use in that year.

(2) For the purpose of eliminating the local share of its post-secondary vocational deficit, a district may petition the commissioner of education for authority to make an additional levy. Before such a levy may be made, it must be approved by the commissioner. The approval shall specify the years in which the additional levy may be made and shall specify its dollar amount. No levy so approved shall be made in more than four successive years, beginning with the levy certified in 1975, and shall not annually exceed .25 mills in a district in a city of the first class, 1.5 mills in districts formed pursuant to Laws 1969, Chapter 1060, as amended; Laws 1969, Chapter 775, as amended; or Laws 1967, Chapter 822, as amended, or three mills in any other district maintaining a post-secondary vocational-technical school times the adjusted assessed valuation of the district for the preceding year as determined by the equalization aid review committee. Under no circumstances may a district levy a total amount greater than the local share of its post-secondary vocational deficit as of July 1, 1975, as certified to the commissioner of education.

(3) If the additional levy allowed in clause (2) of this subdivision would be insufficient to eliminate the local share of the district's post-secondary vocational deficit as of July 1, 1975, as

certified to the commissioner of education, it may petition the commissioner of education for authority to issue general obligation bonds in an amount sufficient to meet the deficiency. Before the bonds may be issued, they must be authorized by the commissioner. The authorization shall specify a term not to exceed seven years and the amount of the bond issue provided that the levy authorization to pay the principal and interest on the bonds may amount of principal and interest due in any year on the bonds will not, based on the 1974 adjusted assessed valuation of the district as determined by the equalization aid review committee, annually exceed .25 mills in a district in a city of the first class, .5 mills in districts formed pursuant to Laws 1969, Chapter 1060, as amended; Laws 1969, Chapter 775, as amended; or Laws 1967, Chapter 822, as amended, or six mills in any other district maintaining a post-secondary vocational-technical school times the 1974 adjusted assessed valuation of the district as determined by the equalization aid review committee; provided, however, that the mill limitation is subject to the provisions of section 475.74. Sec. 60. Minnesota Statutes 1974, Section 353.28, Subdivision 8, is amended to read:

Subd. 8. **47.20 [USE OF FEDERAL ACTS; DEFINITIONS; INTEREST RATES; REQUIRED PROVISIONS; INTEREST ON ESCROW ACCOUNTS.]** *Subdivision 1.* Pursuant to such regulations as the commissioner of banks finds to be necessary and proper, if any, banks, savings banks, mutual savings banks, building and loan associations, and savings and loan associations organized under the laws of this state or the United States, trust companies, trust companies acting as fiduciaries, and other banking institutions subject to the supervision of the commissioner of banks, and mortgagees or lenders approved or certified by the secretary of housing and urban development or approved or certified by the administrator of veterans affairs, are authorized:

(1) To make such loans and advances of credit and purchases of obligations representing loans and advances of credit as are insured by the secretary of housing and urban development pursuant to the national housing act, as amended, or the administrator of veterans affairs pursuant to the servicemen's readjustment act of 1944, as amended, and to obtain such insurance;

(2) To make such loans secured by mortgages on real property which the secretary of housing and urban development or the administrator of veterans affairs has insured or made a commitment to insure, and to obtain such insurance.

*Subd. 2. For the purposes of section 47.20 the terms defined in this subdivision have the meanings given them:*

(1) "Actual Closing Costs" mean reasonable charges for or sums paid for the following, whether or not retained by the mortgagee or lender:

- (a) Any insurance premiums including but not limited to premiums for title insurance, fire and extended coverage insurance, flood insurance, and private mortgage insurance.
- (b) Abstracting, title examination and search, and examination of public records.
- (c) The preparation and recording of any or all documents required by law or custom for closing a conventional loan.
- (d) Appraisal and survey of real property securing a conventional loan.
- (e) A single service charge, which shall include any consideration, not otherwise specified herein as an "actual closing cost" paid by the borrower and received and retained by the lender for or related to the acquisition, making, refinancing or modification of a conventional loan, and shall also include any consideration received by the lender for making a commitment for a conventional loan, whether or not an actual loan follows such commitment.

*The service charge shall not exceed one percent of the original bona fide principal amount of the conventional loan, except that in the case of a construction loan, the service charge shall not exceed two percent of the original bona fide principal amount of the loan.*

- (f) *Charges and fees necessary for or related to the transfer of real property securing a conventional loan or the closing of a conventional loan paid by the borrower and received by any party other than the lender.*

(2) *"Conventional Loan" means a loan or advance of credit to a non-corporate borrower in an original principal amount of less than \$100,000 which is not insured by the secretary of housing and urban development or guaranteed by the administrator of veterans affairs.*

(3) *"Finance Charge" means the total cost of a conventional loan including extensions or grant of credit regardless of the characterization of the same and includes interest, finders fees, and other charges levied by a lender directly or indirectly against the person obtaining the conventional loan or against a seller of real property securing a conventional loan, or any other party to the transaction except any actual closing costs. The finance charges plus the actual closing costs charged by a lender shall include all charges made by a lender to the person obtaining the conventional loan other than the principal of the conventional loan.*

(4) *"Loan Yield" means the annual rate of return obtained by a lender over the term of a conventional loan and shall be computed as the annual percentage rate as computed in accordance with sections 226.5(b), (c) and (d) of Regulation Z, 12 C.F.R. section 226, but using the definition of finance charge provided for in this subdivision. The finance charge shall be amortized over the contract term of the conventional loan.*

(5) *"Monthly Index of Long Term United States Government Bond Yields" means the monthly unweighted average of the daily unweighted average of the closing bid yield quotations in the over the counter market for all outstanding United States Treasury Bond issues, based on available statistics, which are either maturing or callable in ten years or more. *Subd. 3. Pursuant to such regulations as the commissioner of banks finds to be necessary and proper, if any, banks, savings banks, mutual savings banks, building and loan associations, and savings and loan associations organized under the laws of this state or the United States, trust companies, trust companies acting as fiduciaries, and other banking institutions subject to the supervision of the commissioner of banks, and mortgagees or lenders approved or certified by the federal national mortgage association or the federal home loan mortgage corporation are authorized to make such conventional loans and purchases of obligations representing conventional loans as would be eligible for purchase by the federal national mortgage association or the federal home loan mortgage corporation as authorized by and defined by the Emergency Home Finance Act of 1970, as amended, but*

*without regard to any limitations placed upon the maximum principal amount of an eligible conventional loan by said act.*

*Subd. 4. No conventional loan authorized in subdivision 3 of this section shall be at a rate of interest in excess of a maximum lawful interest rate which shall be based upon the Monthly Index of Long Term United States Government Bond Yields as compiled by the board of governors of the Federal Reserve System and as published by said board of governors in the monthly Federal Reserve Bulletin. The maximum lawful interest rate shall be computed as follows:*

*(1) The maximum lawful rate of interest for a conventional loan authorized in subdivision 3 of this section entered into or contracted for during any calendar month shall be equal to the Monthly Index of Long Term United States Government Bond Yields for the second preceding calendar month plus an additional two percent per annum rounded off to the nearest quarter of one percent per annum or rounded off to the highest quarter of one percent per annum if equidistant.*

*(2) On or before the 20th day of each month the commissioner of banking shall determine, based on available statistics, the monthly index of long term United States government bond yields for the preceding calendar month and shall determine the maximum lawful rate of interest for conventional loans for the next succeeding month, as defined in clause (1) of this subdivision and shall cause such maximum lawful rate of interest to be published in The Bulletin of the Banking Division; such maximum lawful rate of interest to be effective on the first day of the next succeeding month*

*(3) The loan yield obtained from a conventional loan authorized in subdivision 3 of this section shall not exceed the maximum lawful rate of interest established in clause (1) of this subdivision.*

*(4) A contract rate within the maximum lawful interest rate applicable to a conventional loan authorized in subdivision 3 of this section at the time of the loan closing shall be the maximum lawful interest rate for the term of the conventional loan; except that a commitment for a conventional loan authorized in subdivision 3 of this section which provides for consummation within some future time following the issuance of such commitment may be consummated pursuant to the provisions, including the interest rate, of such commitment notwithstanding the fact that the maximum lawful rate of interest at the time such conventional loan is actually entered into is less than the commitment rate of interest provided the commitment rate of interest does not exceed the maximum lawful interest rate in effect on the date such commitment was issued and provided that such commitment when issued and agreed to by the borrower shall constitute a legally binding obligation on the part of the mortgagee or lender to make a conventional loan authorized in subdivision 3 of this section within a specified time period in the future at a rate of interest not exceeding the maximum lawful rate of interest effective as of the date of commitment offer. The refinancing of an existing conventional loan authorized in subdivision 3 of this section shall be*

deemed to be a new conventional loan for purposes of determining the maximum lawful rate of interest under this subdivision.

(5) This subdivision expires July 31, 1977. A contract or commitment for a conventional loan made pursuant to this subdivision made on or before July 31, 1977 at a rate of interest not in excess of the rate of interest authorized by this subdivision at the time the contract or commitment for such loan was made shall continue to be enforceable in accordance with its terms until the indebtedness is fully satisfied.

Subd. 5. No loan or advance of credit authorized in subdivisions 1 or 3 of this section and contracted for on or after the effective date of this subdivision, shall contain a provision requiring or permitting the imposition of a penalty in the event the loan or advance of credit is prepaid.

Subd. 6. No loan or advance of credit authorized in subdivisions 1 or 3 of this section and contracted for on or after the effective date of this subdivision, shall contain a provision requiring or permitting the imposition of a fee or penalty in excess of one-tenth of one percent of the remaining unpaid principal balance in the event the loan or advance of credit and the obligation incurred thereby is assumed by another person.

Subd. 7. (1) No conventional loan authorized in subdivision 3 of this section and contracted for on or after the effective date of this subdivision shall contain a provision requiring or permitting the imposition, directly or indirectly, of any discount points, whether or not actually denominated as discount points, on any person.

(2) Discount points shall be deemed not to include a fee paid to a lender by a person in the business of residential building or development in connection with a commitment by such lender to make conventional loans to credit worthy purchasers of real property which has not previously been occupied as a residence.

(3) No charges, fees, or sums permitted by this act which are paid to and received by a lender may be increased for purposes of evading compliance with this subdivision.

Subd. 8. (1) For purposes of this subdivision the term "mortgagee" shall mean all state banks and trust companies, national banking associations, state and federally chartered savings and loan associations, mortgage banks, mutual savings banks, insurance companies, credit unions or assignees of the above. Each mortgagee requiring funds of a mortgagor to be paid into an escrow, agency or similar account for the payment of taxes or insurance premiums with respect to a mortgaged one to four family, owner occupied residence located in this state, unless such account is required by federal law or regulation or maintained in connection with loans insured by the secretary of housing and urban development or guaranteed by the administrator of veterans affairs, shall calculate interest on such funds at a rate of not less than three percent per annum. Such interest shall be computed on the average monthly balance in such account on the first of each month for the immediately preceding 12 months of the calendar year

or such other fiscal year as may be uniformly adopted by the mortgagee for such purposes and shall be annually credited to the remaining principal balance on the mortgage, or at the election of the mortgagee, paid to the mortgagor or credited to his account. If the interest exceeds the remaining balance, the excess shall be paid to the mortgagor or vendee. The requirement to pay interest shall apply to such accounts created prior to the effective date of this subdivision as well as to accounts created after this subdivision is effective.

(2) The commerce commission shall have the power to prescribe, at the end of each calendar year, a rate of interest higher than that set by this subdivision. The rate so prescribed shall apply to the calendar year during which such rate is prescribed or to such other fiscal year beginning within such calendar year uniformly adopted by the mortgagee for such purposes. In prescribing any rate the commission shall consider pertinent economic and cost factors including, but not limited to: (1) current yields on short term investments, (2) current dividend rates paid on regular savings accounts throughout this state, (3) currently prevailing interest rates on conventional and insured or guaranteed mortgage loans in this state, (4) cost factors in maintaining accounts described in clause (1) of this subdivision and (5) such other pertinent economic or cost factors that the commerce commission shall deem to be appropriate.

(3) If at any time the use of such account is offered as an option to the mortgagor and the mortgagor continues or elects to use such account, interest need not be credited or paid.

(4) A mortgagee shall be prohibited from charging a direct fee for the administration of the escrow account.

(5) A mortgagee shall make timely payments of tax and insurance bills provided that funds paid into such account by the mortgagor are sufficient for such payment. If there is a shortage of funds the mortgagee shall promptly notify the mortgagor of such shortage. Failure to make the payment required by this clause shall subject the mortgagee to liability for all damages caused by such failure except that this sentence shall not deprive the mortgagee of the right to present any legal defenses in any subsequent proceeding. The mortgagee is permitted to make any payment on behalf of the mortgagor even though there are not sufficient funds in a particular account to cover the payment.

(6) Any mortgagee intentionally violating the provisions of this subdivision shall be fined not more than \$100 for each offense.

Subd. 9. Notwithstanding any other law, the provisions of this act may not be waived by any oral or written agreement executed by any person.

Sec. 3. Minnesota Statutes 1974, Section 47.21, is amended to read:

S. F. No. 2195: A bill for an act relating to cities; authorizing cities engaged in electric power distribution to secure electric power by individual or joint action; authorizing the creation of municipal power agencies; defining their powers and responsibilities; authorizing the issuance of bonds.

Reports the same back with the recommendation that the bill be amended as follows:

Pages 1 to 4, strike all of Sections 1 to 3 and insert:

“Section 1. [453.51] [FINDINGS AND PURPOSE.] Sections 1 to 12 are intended to provide a means for those Minnesota cities which now or hereafter own and operate a utility pursuant to law for the local distribution of electric energy to secure, by individual or joint action among themselves or by contract with other public or private entities within or outside the state, an adequate, economical, and reliable supply of energy. To accomplish this purpose it is necessary for such cities to have power, by agreement between or among two or more of their number, to create a separate municipal corporation with the power and authority to finance and acquire facilities for the generation or transmission of electric energy, or interests in such facilities or rights to part of all of the capacity thereof. It is determined that an adequate, economical, and reliable supply of electric energy is essential to the orderly growth and prosperity of these communities, and a shortage of such energy is inimical to the safety, health, morale, and welfare of residents of the state and the sound growth and developments of its communities. Such a shortage exists and is expected to continue or increase because of the difficulty, among others, in the operation of municipal generating plants, of achieving economies of size, limiting environmental impacts, and providing for peak loads. Accordingly it is determined that the exercise of the powers granted herein will benefit the people of the state and serve a valid public purpose in improving and otherwise promoting their health, welfare, and prosperity.

Sec. 2. [453.52] [DEFINITIONS.] Subdivision 1. The terms defined in this section have the following meanings whenever used in sections 1 to 12 unless the context requires otherwise.

Subd. 4. “City council” means the city council or other similar board, commission, or body within a city which is charged by

law or its charter with the general control of the city's governmental affairs.

Subd. 5. "Distribution" means the conveyance of electric energy to retail consumers from a transmission system, or from a generation facility situated within or in the immediate vicinity of a city.

Subd. 7. "Governing body", with respect to a city, means the city council or, if another board, commission, or body is empowered by law or its charter or by resolution of the city council to establish and regulate rates and charges for the distribution of electric energy within the city, such board, commission, or body shall be deemed to be the "governing body"; provided, however, that when the levy of a tax or the incurring of an obligation payable from taxes or any other action of such board, commission, or body requires the concurrence, approval, or independent action of the city council or another body under the city's charter or any other law, such action shall not be exercised under this act until such concurrence or approval is received or such independent action is taken; and provided further, that the concurrence of the city council or other elected body charged with the general management of a city shall be required, prior to the adoption by the city of any resolution approving an agency agreement or any amendment thereto.

Subd. 8. "Municipal power agency" means a separate political subdivision and municipal corporation created by agreement between or among two or more cities pursuant to section 3 to exercise any of the powers of acquisition, construction, reconstruction, operation, repair, extension, or improvement of electric generation or transmission facilities or the acquisition of any interest therein or any right to part or all of the capacity thereof.

Subd. 9. "Person" means a natural person, a public agency, or a private corporation, firm, partnership, cooperative association, or business trust of any nature whatsoever, organized and existing under the laws of any state or of the United States.

Subd. 10. Subd. 12. Sec. 3. [453.53] [MUNICIPAL POWER AGENCIES; INCORPORATION.] Subdivision 1. Any two or more cities may form a municipal power agency by the execution of an agency agreement authorized by a resolution of the governing body of each city. The agency agreement shall state:

(1) That the municipal power agency is created and incorporated under the provisions of sections 1 to 12 as a municipal corporation and a political subdivision of the state, to exercise thereunder a part of the sovereign powers of the state;

(2) The name of the agency, which shall include the words "municipal power agency";

(3) The names of the cities which have approved the agency agreement and are the initial members of the municipal power agency;

(4) The names and addresses of the persons initially appointed by the resolutions approving the agreement to act as the representatives of the cities, respectively, in the exercise of their powers as members;

(5) Limitations, if any, upon the terms of representatives of the respective member cities, provided that such representatives shall always be selected and vacancies in their offices declared and filled by resolutions of the governing bodies of the respective cities;

(6) The names of the initial board of directors of the municipal power agency, who shall be not less than three persons who are representatives of the respective member cities, selected by the vote of a majority of such representatives; or the agreement may provide that the representatives of the member cities from time to time shall be and constitute the board of directors;

(7) The location by city, town, or other community in the state, of the registered office of the municipal power agency;

(8) That the cities which are members of the municipal power agency are not liable for its obligations; and

(9) Any other provision for regulating the business of the municipal power agency or the conduct of its affairs which may be agreed by the member cities, consistent with sections 1 to 12.

Subd. 2. The agency agreement and a certified copy of the resolution of the governing body of each city shall be filed for record with the secretary of state. If the agency agreement conforms to the requirements of this section, the secretary of state shall record it and issue and record a certificate of incorporation. The certificate shall state the name of the municipal power agency and the fact and date of incorporation. Upon the issuance of the certificate of incorporation, the existence of the municipal power agency as a political subdivision of the state and a municipal corporation shall begin. The certificate of incorporation shall be conclusive evidence of the fact of incorporation.

Subd. 3. The initial board of directors of the municipal power agency, unless otherwise provided by the agency agreement, shall be elected prior to the filing of the agreement by a majority vote of the persons acting as representatives of the member cities, from among their members. After commencement of existence, the first meeting of the board of directors shall be held at the call of the directors, after notice, for the purpose of adopting the initial bylaws, electing officers, and for any other business that comes before the meeting.

Subd. 4. Bylaws of the municipal power agency, and any amendments thereto, shall be proposed by the board of directors and shall be adopted by a majority vote of the representatives of the member cities, unless the agency agreement requires a greater vote, at a meeting held after notice. Subject to the provisions of the agency agreement, the bylaws shall state:

(a) The qualifications of member cities, and limitations, if any, upon their number;

(b) Conditions of membership, if any;

(c) Manner and time of calling regular meetings of representatives of member cities;

(d) Manner and conditions of termination of membership; and

(e) Such other provisions for regulating the affairs of the municipal power agency as the representatives of the member cities shall determine to be necessary.

Subd. 5. Every municipal power agency shall maintain an office in this state to be known as its registered office. When a municipal power agency desires to change the location of its registered office, it shall file with the secretary of state a certificate of change of location of registered office, stating the new location by city, town, or other community and effective date of change.

When the certificate of change of location has been duly filed, the board of directors may make the change without any further action.

Subd. 6. Each of the directors shall hold office for the term for which he has been selected and until a successor has been selected and has qualified. Directors shall discharge their duties in good faith, and with that diligence and care which an ordinary prudent man in a like position would exercise under similar circumstances. The agency agreement or the bylaws may prescribe the number, term of office, powers, authority, and duties of directors, the time and place of their meetings, and other regulations concerning directors. Except where the agency agreement or bylaws prescribe otherwise, the term of office of a director shall be for one year. Except where the agency agreement or bylaws prescribe otherwise, a meeting of the board of directors may be held at any place, within or without the state, designated by the board, after notice, and an act of the majority of the directors present at a meeting at which a quorum is present is the act of the board. Except where the agency agreement or bylaws prescribe otherwise, any vacancy occurring on the board shall be filled by a person nominated by the remaining members of the board and elected by a majority of representatives of the member cities.

Subd. 7. Except where the agency agreement or bylaws prescribe otherwise, the board of directors shall appoint a president from its membership, and a secretary and treasurer, and any other officers or agents deemed to be necessary, who may but need not be city representatives or directors. An officer may be removed with or without cause by the board of directors. Officers of the municipal power agency shall have the authority and duties in the management of the business of the municipal power agency that the agency agreement or bylaws prescribe, or, in the absence of such prescription, as the board of directors determines.

Subd. 8. Except as otherwise provided in the agency agreement or the bylaws, the duly authorized representatives of each member city shall act as, and vote on behalf of, such city. Except where the agency agreement or bylaws provide otherwise, representatives of the member cities shall hold at least one meeting each year for the election of directors and for the transaction of any other business. Except where the agency agreement or bylaws prescribe otherwise, special meetings of the representatives may be called for any purpose upon written request to the president or secretary to call the meeting. Such officer shall give notice of the meeting to be held between ten and 60 days after receipt of such request. Unless the agency agreement or bylaws provide for a different percentage, a quorum for a meeting of the representatives of the member cities is a majority of the total members and a quorum for meetings of the board of directors is a majority of the membership of such board.

Subd. 9. The agency agreement may be amended as proposed at any meeting of the representatives of the members for which notice, stating the purpose, shall be given to each representative and, unless the agency agreement or bylaws require otherwise, shall become effective when ratified by resolutions of a majority of the governing bodies

of the member cities. Each amendment and the resolutions approving it shall be filed for record with the secretary of state.

Subd. 10. Each member city shall have full power and authority, within budgetary limits applicable to it, to appropriate money for the payment of expenses of the formation of the municipal power agency and of its representative in exercising its functions as a member of the agency."

WHEREAS, the National Conference of State Legislatures is an official membership organization of the State of Minnesota and of the several States and Territories of the United States, supported through regular and continuing appropriations from the State treasuries, and serving the Legislators and Legislative Staff of the several States and Territories of the United States as in interstate authority and joint instrumentality for the pursuit of common objectives; and

WHEREAS, the Legislatures of the several States and Territories, have recently brought about a merger of three previously competing organizations of State Legislators into the National

Conference of State Legislatures in order to better serve the State of Minnesota and the several States and Territories of the United States as a joint instrumentality; now, therefore,
