[DISABILITY AND SURVIVORSHIP COVERAGE.] *From and after the effective date of this act, the metropolitan transit commission shall provide for all active employees of the transit operating division of the metropolitan transit commission disability and survivorship coverage which, when added to the disability benefit or the survivorship benefit payable from the Minnesota state retirement system pursuant to sections 352.113 or 352.12, subdivision 2, will at least equal the disability benefit or the survivorship benefit which that employee at the time of disability or the employee's surviving spouse at the time of the death of the employee while on active duty would have been entitled to receive under the disability benefit or survivor of active employee deceased while on active duty benefit provisions of the metropolitan transit commission—transit operating division employees retirement fund plan documented in effect immediately prior to the effective date of this act. The metropolitan transit commission may elect to provide the additional disability and survivorship coverage either through contract with an insurance carrier or through self insurance. If the commission elects to provide the coverage through an insurance contract, the chairman of the metropolitan transit commission is authorized to request bids from, or to negotiate with, insurance carriers and to enter into contracts with carriers which in the judgment of the commission are best*

qualified to underwrite and service this insurance benefit coverage. The commission shall consider factors such as the cost of the contracts as well as the service capabilities, character, financial position and reputation with respect to carriers under consideration, as well as any other factors which the commission deems appropriate. The disability and survivorship insurance contract with the particular insurance carrier shall be for a uniform term of at least one year, but may be made automatically renewable from term to term in absence of notice of termination by either party. The disability and survivorship insurance contract shall contain a detailed statement of benefits offered, maximums, limitations and exclusions. A summary description of the essential terms of the contract shall be provided by the commission to the labor organization which is the exclusive bargaining agent representing employees of the transit operating division of the metropolitan transit commission and to each active employee of the transit operating division. The determination of whether the disability or survivorship insurance coverage meets the minimum requirements of this section shall be made by the commission upon consultation with the executive director of the Minnesota state retirement system. If the disability or survivorship coverage provided by the metropolitan transit commission fails at any time after the effective date of this act to meet the requirements of this section as to the level of disability or survivorship coverage to be provided, the deficiency in the actual benefits provided shall continue to be an obligation of the commission. Notwithstanding any provisions of chapter 179 to the contrary, the labor organization which is the exclusive bargaining agent representing employees of the transit operating division of the metropolitan transit commission may meet and bargain with the commission on an increase in the level of disability or survivor of active employee deceased while on active duty coverage to be provided by the commission at the same time that wages and other terms and conditions of employment are considered.

Sec. 14. [MANDATORY RETIREMENT AGE.] An employee of the transit operating division of the metropolitan transit commission and an employee on leave of absence from the transit operating division of the metropolitan transit commission who is employed by the labor organization which is the exclusive bargaining agent representing employees of the transit operating division shall terminate employment on the first day of the month next following the month in which the employee reaches the age of 65; provided, however, that an employee of the transit operating division may be employed beyond the age of 65 at the option of the metropolitan transit commission, but shall not be employed beyond the first day of the month next following the month in which the employee reaches the age of 70.

Sec. 15. [NONAPPLICABILITY OF CERTAIN PROVISIONS.] Nothing required by any provision of this act shall constitute abandonment of the plan within the meaning of that or a similar term contained in any collective bargaining agreement entered into between the metropolitan transit commission and the labor organization which is the exclusive bargaining agent repre-

senting employees of the transit operating division of the metropolitan transit commission.

Sec. 16. [EMPLOYER CONTRIBUTIONS FOR CERTAIN EMPLOYEES.] *Notwithstanding any contrary provisions of section 352.029, the metropolitan transit commission shall make the employer contributions required pursuant to section 352.04, subdivision 3, for any employee on authorized leave of absence from the transit operating division of the metropolitan transit commission who is employed by the labor organization which is the exclusive bargaining agent representing employees of the transit operating division and who is covered by the Minnesota state retirement system in addition to all other employer contributions the commission is required to make.*

Sec. 17. [GENERAL ADMINISTRATION.] *Any provisions of this act relating to the administration of provisions of the metropolitan transit commission—transit operating division employees retirement fund plan documents in force on or prior to the effective date of this act shall be governed by the provisions of Minnesota Statutes, Chapter 352, in all instances where not inconsistent with the explicit provisions of any plan document.*

Sec. 18. [REFUND OF CERTAIN EMPLOYEE CONTRIBUTIONS.] *All active employees of the transit operating division of the metropolitan transit commission who were members of the metropolitan transit commission transit operating division employees retirement fund on June 30, 1978, and who made employee contributions to that retirement fund shall be entitled to a refund of any employee contributions to that retirement fund in excess of four percent of covered salary made between January 1, 1978 and June 30, 1978. The refund shall be made on or after July 1, 1978 upon the employee filing a valid application with the executive director of the Minnesota state retirement system.*

Sec. 19. [FUTURE ACTUARIAL VALUATIONS.] *Notwithstanding section 356.215, the retirement allowance committee of the metropolitan transit commission—transit operating division employees retirement fund shall not be required to have an actuarial valuation made as of January 1, 1978. The executive director of the Minnesota state retirement system shall include the transferred membership, liabilities and assets of the metropolitan transit commission—transit operating division employees retirement fund in the valuation of the Minnesota state retirement system next following the effective date of this act.*

Sec. 20. [EFFECTIVE DATE.] *This act shall be effective July 1, 1978.*

Sec. 21. [RETROACTIVE EFFECT.] *This act shall have retroactive application for any person who, on or after January 1, 1978, but prior to July 1, 1978,*

(a) terminates active service from the transit operating division of the metropolitan transit commission with less than ten years of active service;

(b) terminates active service from the transit operating division

of the metropolitan transit commission with at least ten years of active service;

(c) becomes so disabled that the person is unable to continue to perform his duties as an active employee of the transit operating division of the metropolitan transit commission within the meaning of article ten of the most recent collective bargaining agreement in force between the metropolitan transit commission and the labor organization which is the exclusive bargaining agent representing employees of the transit operating division of the metropolitan transit commission and has at least five years of active service; or

(d) becomes the surviving spouse of a former active employee of the transit operating division of the metropolitan transit commission who dies as a result of an accident which occurs during his employment with the transit operating division.

Any person obtaining the status described in clause (a) shall be entitled to receive a refund of employee contributions under section 352.22, subdivision 2a. Any person obtaining the status described in clause (b) shall be entitled to receive an annuity under section 352.115, subdivisions 2 and 3, notwithstanding that the person had not attained the minimum age specified in section 352.115, subdivision 1, at the time of the commencement of the annuity; provided, however, that the early retirement reduction factor specified in section 352.116, subdivision 1, shall apply unless the age of the person at the commencement of the annuity was at least 65 if the person had credit for ten or more years of service, or was at least age 62 if the person had credit for 30 or more years of service. Any person obtaining the status described in clause (c) shall be entitled to receive a benefit in an amount equal to the accrued retirement annuity computed pursuant to section 352.115, subdivisions 2 and 3, without the reduction for early commencement of the benefit set forth in section 352.116, with a minimum disability benefit of \$130 per month and a maximum disability benefit of the amount of the disability benefit which, when added to any earnings from partial or total re-employment, shall not exceed 85 percent of the current top rate of salary paid to the employment position classification held by the person at the time of the occurrence of the disability. Upon the commencement of a disability under this section, section 352.113, subdivisions 1 through 11 shall not be considered applicable to that person. Any person obtaining the status described in clause (d) shall be entitled to receive a benefit in an amount equal to the benefit provided by section 352.12, subdivision 2, notwithstanding the fact that the former active employee may not have attained one of the ages or have been credited with one of the lengths of service specified in that subdivision.

Any person entitled to receive an increase pursuant to section 9 of this act shall be entitled to receive the increase retroactively to January 1, 1978. The first payment of retirement allowances or annuities, disability benefits, survivorship annuities and survivorship benefits shall include the retroactive amounts."

(a) *Type (pneumatic or blown, pouring, batt, roll, blanket, board, cellular, or reflective);*

(b) *R value (to the nearest tenth) per inch at the recommended installation density;*

(c) *Required thickness in inches to obtain four or more commonly used R values and the corresponding coverage areas in square feet of the insulation in the container or wrapping;*

(d) *Expiration date and expected shelf life of all resins, catalysts, and foaming agents for all foam insulations, whether in powder, diluted or partially diluted state, on canister, drum, container, or package. For purposes of this section, "foam insulation" means products having an organic base or composed of vinyl or plastic material or both, which are manufactured or installed using a process involving a foaming agent, a resin, a catalyst and an air compressor, including but not limited to urea-formaldehyde, other urea-based foams, urethane foam, polyurethane foam, polystyrene foam, and isocyanurate foam.*

(e) *Name and address of the manufacturer of the insulation;*

(f) A notation of those current specifications of the United States General Services Administration, the United States Department of Energy, the United States Department of Housing and Urban Development, the United States Consumer Product Safety Commission, the Federal Trade Commission and the energy agency with which the insulation complies;

(g) The net weight of the contents of the bag, package, or container.

Subd. 2. Where insulation is used or offered for sale without the manufacturer's container, the information required in subdivision 1 shall be provided in a separate printed statement to the intermediate and ultimate consumers.

Sec. 11. [ENFORCEMENT; PENALTIES.] Subdivision 1. Violation of section 7, subdivision 2, or section 8, subdivision 2 or 3, shall constitute a misdemeanor, provided that the sole liability for such violation on insulation sold under the manufacturer's brand or trademark shall be the manufacturer's, and that an industry member who is not a manufacturer shall be liable under this subdivision only if he has actual knowledge or knowledge fairly implied on the basis of the objective circumstances that the insulation presents a clear and present danger or has not been subject to the required testing procedures.

Subd. 2. Violation of section 9 or 10 shall constitute a misdemeanor.

Subd. 3. The provisions of section 9 may be enforced by the attorney general pursuant to section 325.907. The attorney general may recover costs and disbursements, including costs of investigation and reasonable attorney's fees. In addition to the remedies otherwise provided by law, any person injured by a violation of sections 7, 9, or 10 may bring a civil action and recover damages together with costs of investigation and reasonable attorney's fees, and receive other equitable relief as determined by the court. The court may as appropriate enter a consent judgment or decree without the finding of illegality.

Subd. 4. Remedies taken under this section shall not exclude other civil or criminal actions under Minnesota Statutes.

Sec. 12. [116H.21] [COMMUNITY ENERGY CONSERVATION COUNCILS.] Subdivision 1. The governing body of each home rule charter or statutory city may establish a community energy conservation council to review the energy needs and energy use practices of individuals, businesses and governmental entities situated within the city, and to develop, promote and coordinate energy conservation plans and voluntary energy conservation measures designed to achieve significant reductions in energy consumption and more efficient uses of energy. Cities may jointly exercise the powers granted in this section pursuant to the provisions of section 471.59.

Subd. 2. Each council shall be composed of not less than five nor more than 15 members appointed by the governing body of the city to serve at its pleasure and without compensation. The

membership of a council shall be broadly representative of the community involved and shall include business people, government officials, homeowners and renters residing in the city.

Subd. 3. Each council shall consult and cooperate with the Minnesota energy agency to the maximum extent practicable. In an energy emergency, each council shall perform such functions and duties as may be assigned to it pursuant to rules promulgated by the energy agency.

Subd. 4. A community energy conservation council shall serve only in an advisory capacity to the governing body of the city, except insofar as it may be performing duties lawfully delegated to it by the energy agency, in which case it shall exercise the authority lawfully conferred on it.

Subd. 5. Each city establishing a community energy conservation council shall provide adequate office space, equipment and supplies, clerical support and other assistance as may be necessary for the council to perform its responsibilities.

Sec. 13. Minnesota Statutes 1976, Section 394.25, Subdivision 2, is amended to read:

Subd. 2. Zoning ordinances establishing districts within which the use of land or the use of water or the surface of water pursuant to section 378.32 for agriculture, forestry, recreation, residence, industry, trade, soil conservation, water supply conservation, surface water drainage and removal, conservation of shorelands, as defined in section 105.485, and additional uses of land and of the surface of water pursuant to section 378.32, may be by official controls encouraged, regulated, or prohibited and for such purpose the board may divide the county into districts of such number, shape, and area as may be deemed best suited to carry out the comprehensive plan. Official controls may also be applied to wetlands preservation, open space, parks, sewage disposal, protection of ground water, protection of flood plains as defined in section 104.02, protection of wild, scenic or recreational rivers as defined in section 104.33, protection of slope, soils, unconsolidated materials or bedrock from potentially damaging development, preservation of forests, woodlands and essential wildlife habitat, reclamation of non-metallic mining lands; *protection and encouragement of access to direct sunlight for solar energy systems as defined in section 116H.02, subdivision 11; and the preservation of agricultural lands.*

Sec. 14. Minnesota Statutes 1976, Section 394.27, Subdivision 7, is amended to read:

Subd. 7. The board of adjustment shall have the exclusive power to order the issuance of variances from the terms of any official control including restrictions placed on nonconformities. Variances shall only be permitted when they are in harmony with the general purposes and intent of the official control in cases when there are practical difficulties or particular hardship in the way of carrying out the strict letter of any official control,

and when the terms of the variance are consistent with the comprehensive plan. "Hardship" as used in connection with the granting of a variance means the property in question cannot be put to a reasonable use if used under the conditions allowed by the official controls; the plight of the landowner is due to circumstances unique to his property not created by the landowner; and the variance, if granted, will not alter the essential character of the locality. Economic considerations alone shall not constitute a hardship if a reasonable use for the property exists under the terms of the ordinance. No variance may be granted that would allow any use that is prohibited in the zoning district in which the subject property is located. The board of adjustment may impose conditions in the granting of variances to insure compliance and to protect adjacent properties and the public interest. *The board of adjustment may consider the inability to use solar energy systems a "hardship" in the granting of variances.*

Sec. 15. Minnesota Statutes 1976, Section 462.12, is amended to read:

462.12 [RESTRICTED RESIDENCE DISTRICTS.] Any city of the first class may, through its council, upon petition of 50 percent of the owners of the real estate in the district sought to be affected, by resolution, designate and establish by proceedings hereunder restricted residence districts and in and by such resolution and proceedings prohibit the erection, alteration, or repair of any building or structure for any one or more of the purposes hereinafter named, and thereafter no building or other structure shall be erected, altered or repaired for any of the purposes prohibited by such resolution and proceedings, which may prohibit the following: hotels, restaurants, eating houses, mercantile business, stores, factories, warehouses, printing establishments, tailor shops, coal yards, ice houses, blacksmith shops, repair shops, paint shops, bakeries, dyeing, cleaning and laundering establishments, billboards and other advertising devices, public garages, public stables, apartment houses, tenement houses, flat buildings, any other building or structure for purposes similar to the foregoing. Public garages and public stables shall include those, and only those, operated for gain.

Nothing herein contained shall be construed to exclude *the construction of a building which will utilize a solar energy system, nor the retrofitting of any existing building to utilize a solar energy system, so long as the building is not employed for a prohibited purpose, nor double residences or duplex houses, so-called schools, churches, or signs advertising for rent or sale the property only on which they are placed, and nothing herein contained shall be construed so as to prohibit the council of any such city of the first class from permitting the remodeling or reconstruction of the interior of any structure in any such restricted residence district which possesses a gross ground area delineated by its foundation walls of at least 1,000 square feet, so that the same shall contain separate accommodations for several, not in excess of four, families; provided that the substantial alteration of the*

exterior of any such structure shall not be authorized in any such case; and provided further, that such city council shall expressly find in each such case that such remodeling or alteration shall be consistent with the public health and safety.

No building or structure erected after the creation of such district shall be used for any purpose for which its erection shall be prohibited hereunder.

The term "council" in sections 462.12 to 462.17 means the chief governing body of the city by whatever name called.

Any district or any portion thereof created under the provisions of sections 462.12 to 462.17 may be vacated and the restrictions thereon removed by the council upon petition of 50 percent of the owners of the real estate in the original district. A portion of a restricted residence district may be vacated and relieved of the restrictions imposed thereon pursuant to sections 462.12 to 462.17 by the council upon petition of the owners of the portion of the district sought to be relieved if such portion or lot sought to be relieved does not in any part lie between other portions of such restricted district, or if the portion sought to be relieved abuts along a public street or alley along one border of such district and extends along said public street or alley the entire distance between cross streets, or if the portion or lot sought to be relieved is contiguous to, along one or both sides, or across a public street along its entire front from a parcel of land which shall be duly zoned under a valid municipal zoning ordinance for commercial, multiple dwelling or industrial purposes. The vacation of such district or portion thereof and the removal of the restrictions therefrom shall be accomplished in the same manner herein provided for the creation of any such district, and in the vacation of any such district or any portion thereof and the removal of such restrictions each and all of the provisions of sections 462.12 to 462.17 as to allowance of damages and benefits to property affected and as to the appointment of commissioners to appraise such damages and benefits and the duties of such commissioners, of the city clerk, and of each and all of the other officers upon whom duties are herein imposed shall be complied with, and when such proceedings for the vacation of any such district or portion thereof shall have been completed, the property included within such district or portion thereof so vacated shall be deemed relieved of each and all of the restrictions imposed in the proceeding creating such district. In the allowance of damages and benefits to property affected by any proposed vacation, no evidence shall be received, or consideration given to the existence of any other restriction or any restrictive or zoning ordinance, law, or regulation.

Sec. 16. Minnesota Statutes 1976. Section 462.357, Subdivision 1, is amended to read:

462.357 [PROCEDURE FOR PLAN EFFECTUATION; ZONING.] Subdivision 1. [AUTHORITY FOR ZONING.] For the purpose of promoting the public health, safety, morals and general welfare, a municipality may by ordinance regulate the

location, height, bulk, number of stories, size of buildings and other structures, the percentage of lot which may be occupied, the size of yards and other open spaces, the density and distribution of population, the uses of buildings and structures for trade, industry, residence, recreation, public activities, or other purposes, and the uses of land for trade, industry, residence, recreation, agriculture, forestry, soil conservation, water supply conservation, conservation of shorelands, as defined in section 105.485, *access to direct sunlight for solar energy systems as defined in section 116H.02*, flood control or other purposes, and may establish standards and procedures regulating such uses. The regulations may divide the municipality into districts or zones of suitable numbers, shape and area. The regulations shall be uniform for each class or kind of buildings, structures or land and for each class or kind of use throughout such district, but the regulations in one district may differ from those in other districts. The ordinance embodying these regulations shall be known as the zoning ordinance and shall consist of text and maps. A city may by ordinance extend the application of its zoning regulations to unincorporated territory located within two miles of its limits in any direction, but not in a county or town which has adopted zoning regulations; provided that where two or more noncontiguous municipalities have boundaries less than four miles apart, each is authorized to control the zoning of land on its side of a line equidistant between the two noncontiguous municipalities unless a town or county in the affected area has adopted zoning regulations. Any city may thereafter enforce such regulations in the area to the same extent as if such property were situated within its corporate limits, until the county or town board adopts a comprehensive zoning regulation which includes the area.

Sec. 17. Minnesota Statutes 1976, Section 462.357, Subdivision 6, is amended to read:

Subd. 6. [APPEALS AND ADJUSTMENTS.] Appeals to the board of appeals and adjustments may be taken by any affected person upon compliance with any reasonable conditions imposed by the zoning ordinance. The board of appeals and adjustments has the following powers with respect to the zoning ordinance:

(1) To hear and decide appeals where it is alleged that there is an error in any order, requirement, decision, or determination made by an administrative officer in the enforcement of the zoning ordinance.

(2) To hear requests for variances from the literal provisions of the ordinance in instances where their strict enforcement would cause undue hardship because of circumstances unique to the individual property under consideration, and to grant such variances only when it is demonstrated that such actions will be in keeping with the spirit and intent of the ordinance. *Undue hardship includes, but is not limited to, inadequate access to direct sunlight for solar energy systems.* The board of appeals and adjustments or the governing body as the case may be, may not permit as a variance any use that is not permitted under the

ordinance for property in the zone where the affected person's land is located. The board or governing body as the case may be, may permit as a variance the temporary use of a one family dwelling as a two family dwelling. The board or governing body as the case may be may impose conditions in the granting of variances to insure compliance and to protect adjacent properties.

Sec. 18. Minnesota Statutes 1976, Section 462.358, Subdivision 2, is amended to read:

Subd. 2. [TERMS OF REGULATIONS.] Subdivision regulations shall require that a proposed subdivision plat shall be in conformity with the official map if such exist. In establishing requirements for the location and width of streets, the municipality shall take into consideration anticipated traffic needs and the prospective character of the development and make any reasonable requirements therefor. As a condition to the approval of any subdivision plat of lands to which the regulations apply, subdivision regulations may prescribe requirements concerning the extent and manner in which streets shall be graded and improved, and electric and gas distribution lines or piping, water, sewer, or other facilities shall be installed. The regulations may provide, or authorize the governing body or other platting authority to provide, that, in lieu of the completion of such work before the final approval of the plat, the governing body or platting authority may accept or require a contract secured by a cash deposit, certified check, or a bond in an amount and with surety and conditions satisfactory to it, to assure the municipality that such improvements and utilities will be actually constructed and installed according to the specifications approved by the governing body or platting authority as expressed in the contract; and the municipality may enforce such contracts by appropriate legal and equitable remedies. The subdivision regulations may require that in appropriate plots of subdivisions to be developed for residential, commercial, industrial or other uses, or as a planned development which includes residential, commercial and industrial uses, or any combination thereof, that a reasonable portion of each proposed subdivision be dedicated to the public for public use as parks, playgrounds, public open space, or storm water holding areas or ponds, or that the subdivider contribute an equivalent amount in cash based on the fair market value of the undeveloped land, as defined by the regulations, provided that cash payments received under such regulations shall be placed in a special fund by the municipality and used only for the acquisition of land for parks, playgrounds, public open space and storm water holding areas or ponds, development of existing park and playground sites, public open space and storm water holding areas or ponds, and debt retirement in connection with land previously acquired for such public purposes. The subdivision regulations, in setting forth the reasonable portion of each proposed subdivision to be dedicated to the public for public use as provided above, may take into consideration the open space, park, recreational or common areas and facilities which the subdivider has provided for the exclusive use of the residents of the subdivision.

A municipality may, through subdivision regulations, prohibit or restrict development for purposes of soil and water conservation. Such soil and water conservation regulations may call for site development plans with provisions for the control of drainage, erosion, and siltation.

A municipality may, for purposes of protecting and assuring access to direct sunlight for solar energy systems, prohibit, restrict or control development through subdivision regulations. The regulations may call for subdivision development plans containing restrictive covenants, height restrictions, side yard and setback requirements, or other permissible forms of land use controls.

Sec. 19. Minnesota Statutes 1976, Section 462.358, Subdivision 6, is amended to read:

Subd. 6. [VARIANCES.] Subdivision regulations may provide for a procedure for varying the regulations as they apply to specific properties where an unusual hardship on the land exists, but variances may be granted only upon the specific grounds set forth in the regulations. *Unusual hardship includes, but is not limited to, inadequate access to direct sunlight for solar energy systems.*

Sec. 20. Minnesota Statutes 1976, Section 462.39, Subdivision 3, is amended to read:

Subd. 3. [PLANNING.] The commission shall prepare and adopt, after appropriate study and such public hearings as may be necessary, a comprehensive development plan for the region. The plan shall consist of a compilation of policy statements, goals, standards, programs, and maps prescribing guides for an orderly and economic development, public and private, of the region. The comprehensive development plan shall recognize and encompass physical, social, or economic needs of the region, and those future developments which will have an impact on the entire region including but not limited to such matters as land use, parks and open space land needs, *access to direct sunlight for solar energy systems*, the necessity for and location of airports, highways, transit facilities, public hospitals, libraries, schools, public and private, housing, and other public buildings. In preparing the development plan the commission shall use to the maximum extent feasible the resources studies and data available from other planning agencies within the region, including counties, municipalities, special districts, and subregional planning agencies, and it shall utilize the resources of the state planning agency to the same purpose. No development plan or portion thereof for the region shall be adopted by the commission until it has been submitted to the state planning agency for review and comment and a period of 60 days has elapsed after such submission. When a development plan has been adopted, the commission shall distribute it to all local government units within the region.

Sec. 21. Minnesota Statutes 1976, Section 473.05, Subdivision 1, is amended to read:

473.05 [PLANS.] Subdivision 1. The commission shall make

plans for the physical, social, and economic development of its metropolitan area with the general purpose of guiding and accomplishing a coordinated and harmonious development of the area and of public facilities, improvements, and utilities which do not begin and terminate within the boundaries of any single governmental unit or which do not relate exclusively to the development of any single governmental unit. Such plans may include, among other things, suggestions as to highways and other transportation facilities, parks and recreational facilities, *methods for protection and assuring access to direct sunlight for solar energy systems*, drainage and water supply facilities, public buildings, utilities and services, as well as suggested standards for the subdivision of land and for control over the construction, height, bulk, location and use of buildings and premises. The commission may adopt by resolution of a majority of its full membership any such plan or portion of any plan as its official recommendation for the development of the area.

Sec. 22. Minnesota Statutes 1976, Section 473.859, Subdivision 2, is amended to read:

Subd. 2. [LAND USE PLAN.] A land use plan shall designate the existing and proposed location, intensity and extent of use of land and water for agricultural, residential, commercial, industrial and other public and private purposes, or any combination of such purposes. A land use plan shall contain a protection element, as appropriate, for historic sites and the matters listed in section 473.204, *and an element for protection and development of access to direct sunlight for solar energy systems*. A land use plan shall also include a housing element containing standards, plans and programs for providing adequate housing opportunities to meet existing and projected local and regional housing needs, including but not limited to the use of official controls and land use planning to promote the availability of land for the development of low and moderate income housing.

Sec. 23. Minnesota Statutes 1976, Section 561.01, is amended to read:

561.01 [NUISANCE; ACTION.] *Subdivision 1.* Anything which is injurious to health, or indecent or offensive to the senses, or an obstruction to the free use of property, so as to interfere with the comfortable enjoyment of life or property, is a nuisance. An action may be brought by any person whose property is injuriously affected or whose personal enjoyment is lessened by the nuisance, and by the judgment the nuisance may be enjoined or abated, as well as damages recovered.

Subd. 2. An action may be brought by any person whose access to sunlight for purposes of solar energy use is substantially and injuriously affected by the construction or maintenance of a structure or the planting or growth of a tree or shrub. Notwithstanding any law to the contrary, the legislature declares that the use of solar energy systems is a reasonable use of land, and it shall be no defense to a cause of action arising under this subdivision that the use of sunlight for solar energy constitutes an

abnormally sensitive use of land. In all other respects, the common law of nuisance as established in Minnesota shall control.

Sec. 24. Subdivision 1. "Solar easement" means a right, whether or not stated in the form of a restriction, easement, covenant, or condition, in any deed, will, or other instrument executed by or on behalf of any owner of land or solar skyspace for the purpose of ensuring adequate exposure of a solar energy system as defined in section 116H.02, Subdivision 11, to solar energy.

Subd. 2. Any property owner may grant a solar easement in the same manner and with the same effect as a conveyance of an interest in real property. The easements shall be created in writing and shall be filed, duly recorded, and indexed in the office of the recorder of the county in which the easement is granted. No duly recorded solar easement shall be unenforceable on account of lack of privity of estate or privity of contract; such easements shall run with the land or lands benefited and burdened and shall constitute a perpetual easement, except that a solar easement may terminate upon the conditions stated therein or pursuant to the provisions of section 500.20.

Subd. 3. Any deed, will, or other instrument that creates a solar easement shall include, but the contents are not limited to:

(a) a description of the real property subject to the solar easement and a description of the real property benefiting from the solar easement;

(b) a description of the vertical and horizontal angles, expressed in degrees and measured from the site of the solar energy system, at which the solar easement extends over the real property subject to the solar easement, or any other description which defines the three dimensional space, or the place and times of day in which an obstruction to direct sunlight is prohibited or limited;

(c) any terms or conditions under which the solar easement is granted or may be terminated;

(d) any provisions for compensation of the owner of the real property benefiting from the solar easement in the event of interference with the enjoyment of the solar easement, or compensation of the owner of the real property subject to the solar easement for maintaining the solar easement;

(e) any other provisions necessary or desirable to execute the instrument.

Subd. 4. A solar easement may be enforced by injunction or proceedings in equity or other civil action and shall entitle representatives of the holder to enter burdened land in a reasonable manner and at reasonable times to assure compliance.

Subd. 5. Any depreciation caused by any solar easement which is imposed upon designated property, but not any appreciation caused by any solar easement which benefits designated property, shall be included in the valuation of the property for property tax purposes.

Sec. 25. [GASOHOL RESEARCH.] *The legislative commission on Minnesota resources shall monitor federal activities related to research, development, and demonstration of the feasibility of producing alcohol fuel from agricultural products or wastes for blending with gasoline and shall provide appropriate support for the development of a proposal in this area by a Minnesota agency or group.*

Sec. 26. *Notwithstanding the provisions of section 16.851, the date by which the state building code must be enforced within all municipalities in the state is July 1, 1979.*

Sec. 27. Subdivision 1. *The agricultural experiment station at the university of Minnesota in consultation with the Minnesota energy agency shall carry out research and allocate funds to develop a methodology for biomass utilization to optimize economic, energy and environmental impact in the use of grain and residues for food, fuel and fertilizer. The research shall address the impact of residue removal on soils, optimal use of residue materials, and the preservation of the quality of Minnesota's soils. The agricultural experiment station shall provide a report of the results to the legislature in January, 1980, including recommendations for implementation. The report shall include charts and data and shall be provided to serve as a decision-making tool for farmers and landowners for both cropping and residue removal. The energy agency shall seek additional federal funding in order to develop a statewide field study of biomass removal and land management techniques and to determine the long-term effects of various biomass utilization options.*

Subd. 2. *The energy agency shall issue a request for proposal for the construction and operation of a small scale (approximately 20 to 50 gallons per day) pilot plant for the production of ethanol. The plant shall operate and produce ethanol from more than one resource, though not necessarily simultaneously. One of the resources must be agricultural, forest, or wetland residue such as but not limited to corn stalks, straw, cattails or timber slash. The pilot plant should be portable if possible. The plant shall operate for at least one and one-half years through at least one growing season and a report shall be provided to the Minnesota energy agency in October, 1979. A 25 percent match shall be required in the selected proposal. The department of biochemistry at the university of Minnesota shall provide instrumentation and monitor the processes. The department of mechanical engineering shall test the fuel in internal combustion engines and provide horsepower, fuel consumption and related data. Each organization shall provide a written report to the Minnesota energy agency which shall in turn assemble all information for the report to the legislature in January, 1980.*

Sec. 28. [APPROPRIATIONS.] Subdivision 1. *For the year ending June 30, 1979, the sum of \$18,000 is appropriated from the general fund to the department of administration for the purposes of section 4.*

Subd. 2. *The sum of \$80,000 of the funds appropriated pursuant*

to Laws 1976, Chapter 254, Section 16, Clause (e), shall be used for the purpose of studying and reporting to the legislature by January 15, 1979, on existing loan programs for the rehabilitation of low and moderate income rental housing for energy conservation purposes. In particular, the study shall focus on the financial impact of rehabilitation and energy conservation programs on tenants. The director shall also include in the report to the legislature his recommendations for additional legislation for energy conservation programs for low and moderate income rental housing, and for methods of protecting tenants from unreasonable costs as a result of such programs.

Subd. 3. The sum of \$ is appropriated from the general fund to the director of the energy agency for the purposes of section 12.

Subd. 4. For the purposes provided in section 26, the following sums are appropriated from the general fund:

\$10,000 to the director of the energy agency to administer and monitor the ethanol study and pilot project.

\$50,000 to the director of the energy agency for construction and operation of a pilot plant for the production of ethanol.

In addition, \$75,000 is appropriated from the general fund to the regents of the university of Minnesota to be expended in the following manner:

\$50,000 to the agricultural experiment station at the university of Minnesota, St. Paul, to administer and carry out research as provided in section 26.

\$18,000 to the department of biochemistry to instrument and monitor the pilot plant.

\$2,000 to the department of mechanical engineering for product testing for the pilot plant.

\$5,000 to the agricultural extension service at the university of Minnesota for publications for farmers and the general population on the research and pilot plant results.

The funds appropriated by this subdivision shall be available until expended.

Sec. 29. [EFFECTIVE DATE.] This act shall be effective the day after enactment, except that section 3, subdivision 7, shall be effective on October 1, 1979; section 5, subdivision 4, on July 1, 1983; Section 8, subdivision 2, on December 1, 1979.

Further, amend the title by striking it and inserting:

"A bill for an act relating to energy; changing the powers of the director of the Minnesota energy agency; providing for the confidentiality of proprietary data furnished to the energy agency; requiring a residential energy disclosure report at time of sale; creating a pilot project and research program on ethanol production from biomass; mandating certain energy efficiency standards for rental units; establishing insulation product and application

"Section 1. Minnesota Statutes, 1977 Supplement, Section 290.08, Subdivision 6, is amended to read:

Subd. 6. GENERAL ORDERS

The Senate resolved itself into a Committee of the Whole, with Mr. Gearty in the chair.

After some time spent therein, the committee arose, and Mr. Gearty reported that the committee had considered the following:

S. F. No. 1 which the committee reports progress, subject to the following motions:

Mr. Luther moved to amend S. F. No. 1, as follows:

Strike everything after the enacting clause and insert:

Subd. 2. “Beverage container” means an individual, hermetically sealed glass, metal or plastic bottle, can, jar or carton used for the purpose of containing beer, ale, or other malt drink containing one half of one percent or more of alcohol by volume; or mineral waters, soda waters or any other carbonated soft drink in liquid form and intended for human consumption.

Subd. 3. “Bottler” means a person bottling, canning or otherwise filling a beverage container for sale to a distributor or dealer in this state.

Subd. 5. “Distributor” means a person, including but not limited

to a bottler, who sells filled beverage containers to a dealer in this state.

Subd. 6. "Local redemption center" means a commercial establishment, including a dealer, licensed by a county board pursuant to section 2 where any person may return empty beverage containers having a refund value displayed thereon pursuant to section 5.

Subd. 8. "Refillable beverage container" means a beverage container, other than a nonrefillable beverage container.

Sec. 2. [116.452] [COUNTY COMPREHENSIVE SOLID WASTE PLAN.] Before March 1, 1979, each county located within the metropolitan area, as defined in section 473.121, subdivision 2, shall complete a solid and hazardous waste policy plan required in section 473.803, and each county located outside the metropolitan area shall complete and adopt a comprehensive solid waste management plan which identifies the source, supply, collection, transportation, storage, disposal treatment and recycling of solid waste as defined in section 116.06, subdivision 10. Each county plan shall identify all existing facilities which perform these activities and specifically state the need, capacity and location of new facilities, including local redemption centers to be licensed pursuant to section 3.

Sec. 3. [116.453] [LOCAL REDEMPTION CENTERS.] Subdivision 1. [APPLICATION FOR APPROVAL.] Any person may file with the county board an application for a license to operate a local redemption center. The application shall state the name and address of the person responsible for the establishment and operation of the center, the kinds, sizes and brand names of beverage containers which the center intends to accept and the names and addresses of dealers proposed to be served and their distances from the local redemption center. The application shall also specify all other types of solid waste the proposed center intends to accept.

Subd. 2. [APPROVAL.] The county board may approve an application for a license to operate a local redemption center if it finds that the proposed center will provide a convenient and necessary service for the return of empty beverage containers and is consistent with the county's comprehensive solid waste management plan.

If the county board approves a license to operate a local redemption center, it may exempt any dealer that is not a local redemption center from the requirement of accepting and paying the refund value of empty nonrefillable beverage containers of the kind, size and brand sold by the dealer, and the county board may prohibit any dealer who has received prior notice and who is not a local redemption center from accepting and paying a refund for empty nonrefillable beverage containers.

The county board shall mail notice to any dealer it so exempts or prohibits. The license to operate a local redemption center shall state the dealers to be served and the kinds, sizes and brand names of empty beverage containers which the center shall accept. The license shall also state the specific other types of solid waste which the center must accept and any other conditions deemed appropriate by the county board.

If the county board grants a license to operate a local redemption center to any dealer, it shall approve the license application of any other dealer submitted subsequently pursuant to subdivision 1 if the proposed center will provide a convenient and necessary service for the return of empty containers and is consistent with the county's comprehensive solid waste management plan.

Subd. 3. [POSTED LISTS.] A local recycling center shall prominently display on its premises a list of the dealers served, the kinds, sizes and brand names of empty beverage containers which it must accept, and the other specific types of solid waste which it must accept. A dealer prohibited by the county board pursuant to subdivision 2 from accepting and paying a refund for empty nonrefillable beverage containers shall prominently display on its premises the name and location of all local redemption centers licensed to serve the area.

Subd. 4. [WITHDRAWAL OF APPROVAL.] The county board may review at any time any license to operate a local redemption center. After written notice to the person responsible for the establishment and operation of the local redemption center and to the dealers served by the center, the county board may, after hearing, revoke the license of a local redemption center if it finds there has not been compliance with the license or if the local redemption center no longer provides a convenient and necessary service to the public.

Sec. 4. [116.454] [REFUNDS.] Subdivision 1. [REFUND VALUE.] After September 1, 1979, a filled beverage container sold or offered for retail sale in this state shall have a refund value of not less than five cents. The price to purchase a filled nonrefillable beverage container at retail in this state after September 1, 1979, shall include two cents per filled nonrefillable beverage container purchased plus the refund value displayed thereon pursuant to section 5.

Subd. 2. [REFUND PAYMENT REQUIRED.] Except as provided in subdivision 3, after September 1, 1979:

(a) A dealer shall accept an empty, unbroken and reasonably clean refillable beverage container of the kind, size and brand sold by the dealer, and shall pay to the person returning the beverage container at least the refund value displayed thereon pursuant to section 5.

(b) A dealer whom the county board did not specifically exempt from doing so pursuant to subdivision 2 shall accept an empty non-refillable beverage container of the kind, size and brand sold by the dealer, and shall pay to the person returning the beverage container

at least the refund value displayed thereon pursuant to section 5. A dealer whom the county board did specifically exempt, but did not specifically prohibit, from doing so pursuant to subdivision 2 may accept an empty nonrefillable beverage container of the kind, size and brand sold by the dealer and may pay to the person returning the beverage container at least the refund value displayed thereon pursuant to section 5.

(c) A local redemption center shall accept an empty nonrefillable beverage container of the kind, size and brand specified in its license and shall pay to the person returning the nonrefillable beverage container at least the refund value displayed thereon pursuant to section 5. A center may accept a previously used empty refillable beverage container and shall pay at least the refund value displayed thereon pursuant to section 5.

(d) A distributor or bottler or a designee of a distributor or bottler shall accept from a dealer or local redemption center an empty refillable beverage container of the kind, size and brand sold by the distributor or bottler, and shall pay the dealer or local redemption center the refund value displayed thereon pursuant to section 5. A distributor or his designee shall pick up any empty refillable beverage container of the kind, size and brand sold by the distributor from a dealer at least once per week, unless the distributor and the dealer mutually agree to the contrary in writing.

Subd. 3. [EXCEPTIONS.] A dealer or a local redemption center may refuse to accept an empty beverage container that does not visibly display a refund value as required by section 5. A distributor, bottler or designee may refuse to accept from a dealer or local redemption center an empty refillable beverage container that does not visibly display a refund value as required by section 5.

Subd. 4. After September 1, 1979, before the last day of each month, each dealer in the state shall complete a report on a form supplied by the commissioner of revenue specifying the total amount of refund values collected for the sale of nonrefillable beverage containers during the reporting period and forward the report and the total amount of the refund values collected plus two cents per nonrefillable beverage container sold to the auditor of the county where the dealer's establishment is located.

Subd. 5. The county auditor shall pay each local redemption center and each dealer not prohibited from accepting nonrefillable beverage containers pursuant to subdivision 2 at least an amount equal to two cents plus the refund value specified thereon for each empty nonrefillable beverage container returned at the center or dealer. Based upon estimates of the number of returned empty nonrefillable beverage containers submitted by each local redemption center and each such dealer located in the county, the county auditor shall direct monthly advance payments to be made from the funds collected pursuant to subdivision 4 to each local redemption center and each such dealer commencing September 1, 1979. The county auditor shall direct adjustment of any overestimate in a succeeding month based upon the monthly report submitted by each local redemption center and each such dealer of the num-

ber of empty nonrefillable beverage containers returned to that center or dealer.

Subd. 6. After September 1, 1979, each county auditor shall file an annual report prior to March 1 to the commissioner of revenue on a form supplied by him specifying the total amount of money collected by the county pursuant to subdivision 4 and the reimbursable amount determined by multiplying the number of empty nonrefillable beverage containers returned at each local redemption center and each dealer in the county during the previous calendar year by seven cents. Any county which collected an amount pursuant to subdivision 4 greater than the reimbursable amount determined pursuant to this subdivision during the previous calendar year shall forward the surplus to the commissioner of revenue who shall distribute the surpluses among those counties which have a reimbursable amount determined pursuant to this subdivision greater than they collected pursuant to subdivision 4, on a basis proportional to that deficit.

After the commissioner has made this distribution, if in each county the amount collected pursuant to subdivision 4 plus the amount of distribution from the commissioner pursuant to this subdivision equals the reimbursable amount determined pursuant to this subdivision, then the commissioner shall distribute any remaining surplus among all counties on a basis proportional to their respective reimbursable amount.

Sec. 5. [116.455] [CONTAINER DESIGN.] After September 1, 1979, a beverage container sold or offered for sale in this state by a bottler, dealer or distributor shall clearly indicate by embossing, by a stamp, by a label or other permanent method of display, the name of this state and the refund value of the container.

Sec. 6. [116.456] [PENALTY.] A violation of section 4 or 5 is a misdemeanor. Each day of violation is a separate offense."

Amend the title by striking it in its entirety and inserting:

"A bill for an act relating to solid waste pollution; requiring each county to adopt a comprehensive solid waste management plan; authorizing counties to license redemption centers; requiring minimum refund value on beverage containers after a certain date; providing penalties."

The motion prevailed. So the amendment was adopted.

LOCAL GOVERNMENT ELECTION DAY

Section 1. [205.011] [LOCAL GOVERNMENT ELECTION DAY.] *Subdivision 1. [LEGISLATIVE INTENT.] It is the purpose and intent of this act to increase public interest and participation in local elections and to draw the attention of the public*

and the news media to local government issues by the designation of a single, uniform, biennial date for all local elections in the state; to encourage more people to vote at local elections by permitting voters to cast their ballots in all local election contests, including school district, city and county elections, only once every two years and at a single, convenient polling place; to encourage more people to seek local elective offices by establishing a uniform time for filing for office; and to lower the administrative costs of local elections by eliminating separate dates and procedures for conducting local elections and providing a single, biennial election for all local offices conducted, as far as practicable, in the same manner as the statewide general election.

Subd. 2. [CITATION.] This act may be cited as the "Minnesota local government election day act."

Sec. 2. Minnesota Statutes 1976, Chapter 205, is amended by adding a section to read:

primary is required for nomination of candidates shall commence 14 weeks before the local government election day and shall conclude 12 weeks before that day. When no primary is required, the time for filing shall commence eight weeks before the local government election day and conclude six weeks before that day.

Subd. 7. To the extent inconsistent with this intent all general and special laws and municipal charter provisions providing otherwise are superseded. In all other respects, those laws and charter provisions shall continue in full force and effect. No general or special law enacted after August 1, 1978, shall be construed to authorize or require that the regular election of any officers described in subdivision 2 be held at a time or in a manner different from that required by this section, unless that law expressly provides for such an exception by specific reference to this section.

(e) When one or more judges of the court are to be nominated or elected at an election, the notice of election shall state the name of each judge whose successor is to be nominated or elected. The official ballot shall contain the names of all candidates for each such office, state the number of judges to be elected and the number of candidates for whom an elector may vote, and designate each candidacy as "For the office of Judge of the Municipal Court of the county of Hennepin to which (name of judge) was elected for the regular term", or: "For the office of Judge of the Municipal Court of the county of Hennepin to which (name of judge) was appointed," as the case may be. The official ballots shall show in the spaces for the purpose the name of the judge whose successor is to be elected. When any judge is a candidate to succeed himself, the word "incumbent" shall be printed after his name where it appears among the names of the candidates for the office. When voting machines are used and such statements cannot be inserted in full, the designation shall be "Successor to (name of judge) (elected)", or "Successor to (name of judge) (appointed)", as the case may be.

(f) Each person desiring to have his name placed upon the primary ballot as a candidate for judge shall state in his affidavit of candidacy the office of the particular judge for which he is a candidate. When voting machines are used and such statements cannot be inserted in full, the designation shall be "Successor to (Name of Judge) (elected)", or "Successor to (Name of Judge) (appointed)", as the case may be.

(f) Each person desiring to have his name placed upon the primary ballot as a candidate for judge shall state in his affidavit of candidacy the office of the particular judge for which he is a candidate. No person shall at any election be a candidate for more than one such office.

ARTICLE V OTHER PROVISIONS

Section 1. [205.012] [LOCAL GOVERNMENT ELECTION DAY; IMPLEMENTATION.] *Subdivision 1. [PRESENT OFFICEHOLDERS.] The term of office of any of the officers described in Article I, Section 2, Subdivision 2, holding office on August 1, 1978, shall expire as heretofore provided by law.*

Subd. 3. [ELECTION OF SUCCESSORS TO PRESENT OFFICEHOLDERS.] Except as provided otherwise in subdivision 2, any regular election held to elect a successor to any of the officers described in Article I, Section 2, Subdivision 2 holding office on August 1, 1978 shall be held at the time and in the manner heretofore provided by law.

Subd. 4. [REDUCTION OF TERM OF SUCCESSORS TO PRESENT OFFICEHOLDERS; EXCEPTION.] The term of any person elected to succeed any of the officers described in Article I, Section 2, Subdivision 2 holding office on August 1, 1978, including the term of any such person elected on the local gov-

ernment election day under subdivision 2, shall be reduced to expire on the first Monday in January of an even numbered year which next precedes the day the term would otherwise have expired as heretofore provided by law, charter or ordinance, unless that reduction exceeds 13 months in which case the term shall be extended to the first Monday in January of the even numbered year next succeeding the day the term would otherwise have expired.

Subd. 5. [SUBSEQUENT REGULAR ELECTIONS.] *The regular election of any officer to succeed an officer whose term is extended or reduced as provided in subdivision 4 shall be held on the local government election day preceding the expiration of the reduced or extended term and shall be held in accordance with the provisions of Articles I to IV of this act.*

Subd. 6. [MODIFICATIONS PERMITTED FOR STAGGERED TERMS.] *The governing body of any political subdivision required to hold its regular election on the local government election day except a county may provide, by ordinance or resolution adopted at least 14 days before the opening of filings for any affected office, that members of an elected body or other officers of the subdivision may be elected for a different term than is otherwise provided, in order to achieve staggered terms for the members of that body or other officers. With respect to the members of an elected body, any ordinance or resolution adopted pursuant to this subdivision shall provide that, to the extent mathematically possible, the same number of persons is chosen at each election, exclusive of those chosen to fill vacancies for the unexpired terms. This subdivision expires August 1, 1983.*

Subd. 7. [EVEN YEAR TERMS.] *The term of any officer described in Article I, Section 2, Subdivision 2 elected on the local government election day shall be for an even number of years. Subd. 8. [PURPOSE.] *It is the purpose and intent of this section to implement the provisions of articles I to IV of this act, by requiring the adjustment of terms of office, dates of certain elections and other procedures. To the extent inconsistent with the provisions of this section all general and special laws and municipal charter provisions providing otherwise are superseded. In all other respects, those laws and charter provisions shall continue in full force and effect. In the case of any conflict between*

the provisions of this section and those of any other sections of this act the provisions of this section shall control.

Sec. 2. [REVISOR'S INSTRUCTION.] *The revisor of statutes shall examine Minnesota Statutes to determine whether any coded sections of law have been superseded by this act and prepare appropriate amendments of coded sections in revisor's bills submitted in 1979 and thereafter.*

ARTICLE VI SPECIAL ELECTIONS

Section 1. Minnesota Statutes 1976, Chapter 202A, is amended by adding a section to read:

[202A.74] [UNITED STATES REPRESENTATIVE.] *Subdivision 1. [SCOPE OF SECTION.] Every vacancy in the office of United States representative from Minnesota shall be filled for the unexpired term by a special election upon the writ of the governor as provided in this section and sections 3 to 10; except that if congress will not be in session before the expiration of the vacant term or the term will expire or congress adjourn before a successor can be elected and qualified there shall be no special election to fill the vacancy.*

For the purpose of this section "vacancy" means a vacancy in the office of United States representative from Minnesota.

Subd. 2. [SPECIAL ELECTION.] *Every special election to fill a vacancy shall be held on a Tuesday not less than 10 or more than 15 weeks after the vacancy occurs.*

Subd. 3. [WRIT OF GOVERNOR.] *The governor shall issue a writ calling for a special election required pursuant to this section within one week after a vacancy occurs. The writ shall provide that:*

(a) the time of filing of affidavits and petitions shall extend for at least two weeks;

(b) the close of the filing period shall be at least three weeks before the special primary;

(c) the special primary shall be at least four weeks before the special election; and

(d) the special primary or special election or both shall be held on the day of a regular statewide election as far as practicable consistent with the time constraints prescribed in this section and the time reasonably required for adequate election administration. For the purpose of this subdivision "statewide election" means an election at which all home rule charter and statutory cities are required to hold city elections or at which state legislators are elected.

Sec. 2. Minnesota Statutes 1976, Chapter 202A, is amended by adding a section to read:

[202A.75] [STATE LEGISLATORS.] Subdivision 1. [SCOPE OF SECTION.] *Except as provided in subdivision 3 every vacancy in the office of state senator or state representative shall be filled for the unexpired term by a special election upon the writ of the governor as provided in this section and sections 3 to 10. For the purpose of this section "vacancy" means a vacancy in the office of state senator or state representative.*

Subd. 2. [SPECIAL ELECTION WHEN LEGISLATURE WILL BE IN SESSION.] *When a vacancy occurs and the legislature will be in regular session so that a person elected to fill the vacancy as provided in this subdivision could take office and begin to exercise the duties of office immediately upon election and qualification, the vacancy shall be filled by a special election held not later than eight weeks after the vacancy occurs.*

Subd. 3. [SPECIAL ELECTION AT OTHER TIMES.] *When a vacancy occurs at a time other than that described in subdivision 2, a special election shall be held so that the person elected shall take office no later than the first day of the next meeting of the legislature in regular session in the year after the vacancy occurs; but no special election shall be held if the term of the vacant office expires before the next meeting of the legislature in regular session in the year after the vacancy occurs, except to permit a successor to serve in a special session of the legislature. An election called pursuant to this subdivision shall be held, as far as practicable, at the time that a regularly scheduled election is held in that legislative district.*

Subd. 4. [SPECIAL PRIMARY.] *A special primary to nominate candidates to fill a vacancy shall be held no later than three weeks before the special election.*

Subd. 5. [TIME FOR FILING.] *The time for filing of affidavits and petitions of candidacy to fill a vacancy shall extend for at least one week and shall close no later than two weeks before the special primary.*

Subd. 6. [WRIT OF THE GOVERNOR.] *The governor shall issue a writ calling for a special election required pursuant to this section no later than one week after the vacancy occurs except as otherwise provided in subdivision 7.*

Subd. 7. [WRIT WHEN VACANCY RESULTS FROM ELECTION CONTEST.] *If a vacancy results from a successful election contest the governor shall issue a writ calling for a special election required pursuant to this section 22 days after the first day of the legislative session unless the house in which the contest may be tried has passed a resolution stating that:*

(a) it will review the court's determination of the contest, in which case no writ shall be issued pending the outcome of that review; or

(b) it will not review the court's determination, in which case

the writ shall be issued within five days of the adoption of the resolution.

For the purposes of subdivisions 2 and 3, when a vacancy results from a successful election contest the vacancy is deemed to occur on the date the governor issues his writ calling the special election.

Subd. 8. When any state senator or state representative submits a letter of resignation to the governor and the resignation is effective at a future date, the governor may issue his writ before the effective date of the resignation provided that:

(a) no special primary or special election shall be held before the vacancy occurs, and

(b) the minimum time periods prescribed by subdivisions 4 and 5 are observed.

A special election may be held pursuant to this subdivision at a time earlier than the election would otherwise have been held pursuant to the provisions of subdivisions 2 to 4; but in no case shall that election be held later than the time required by those provisions. Notwithstanding the provisions of subdivision 1, a special election may be held pursuant to this section if the vacancy occurs during a legislative session and less than nine weeks before the constitutionally required date of adjournment if the person elected will be able to take office before that adjournment date. If a resignation is withdrawn before it is effective so that no vacancy will exist on the dates designated for the special primary or special election, the governor shall rescind any writ issued pursuant to this subdivision and cancel the special elections ordered pursuant to that writ.

GENERAL PROVISIONS

Sec. 3. Minnesota Statutes 1976, Chapter 202A, is amended by adding a section to read:

Subd. 2. [TRANSMITTAL AND POSTING OF WRIT.] Immediately upon receipt of the writ, the secretary of state shall transmit a certified copy of the writ to the auditor of each county in which candidates to fill the vacancy are to be voted upon. Each auditor shall promptly post a copy of the writ in his office.

Subd. 3. [NOTICE OF SPECIAL ELECTION.] Each auditor of a county in which a special election is to be held shall direct the clerk of each municipality in which the election is to be held to post a notice of the special primary and special election at least 14 days before the election in the manner provided in section

Subd. 4. [FAILURE OF NOTICE.] No omission or defect in any notice required to be given by this section shall invalidate any special primary or special election.

Sec. 4. Minnesota Statutes 1976, Chapter 202A, is amended by adding a section to read:

[PETITIONS.] Candidates to fill a vacancy may also be nominated by petition under the conditions and in the manner provided by law for candidates for like office at the general election so far as applicable. Nominating petitions shall be filed during the time specified in the writ of the governor, which shall be the same time as is specified for filing of affidavits of candidacy.

[PRIMARY; EXEMPTION FROM TEN PERCENT REQUIREMENT.] Except as provided in subdivision 2, candidates to fill a vacancy at any special election shall be nominated at a special primary election. One candidate for each vacant office to be filled at a special election may be nominated for each political party.*

The candidate of each party who receives the largest number of votes shall be nominated without reference to the number of votes cast by that party at the last general election.

Subd. 2. [NO PRIMARY, WHEN.] No special primary shall be held to nominate candidates to fill a vacancy if only one person from each party files as a candidate for nomination by his party. In this event, the persons who have filed are nominated.

Sec. 6. Minnesota Statutes 1976, Chapter 202A, is amended by adding a section to read:

[202A.80] [PREPARATION OF BALLOTS; BALLOT BOXES; VOTING MACHINES.] *Ballots for every special primary and special election shall be prepared in accordance with section 203A.41. When a special primary or special election is held*

Sec. 7. Minnesota Statutes 1976, Chapter 202A, is amended by adding a section to read:

[202A.81] [PRECINCTS; JUDGES; VOTERS.] *The election precincts, polling places and officials for any special primary or special election held pursuant to sections 1 and 2 on a day other than the day of a regular primary or statewide election shall be the same as at the last preceding statewide election as far as practicable unless changed according to law. In all other cases the election precincts, polling places and officials for the regular election shall also serve for the special primary or special election. In any municipality having a permanent registration system no person may vote at any special primary or special election unless he is registered under the system.*

Sec. 8. Minnesota Statutes 1976, Chapter 202A, is amended by adding a section to read:

Subd. 2. [CANVASS AT OTHER TIMES.] The returns of a special primary which is not held at the time of a regular primary and the returns of a special election which is not held at a statewide election shall be transmitted forthwith upon completion to the county auditor and shall be canvassed as provided in this subdivision. The ballots shall be headed, "Special Election Ballot" or, "Special Primary Ballot," as the case may be, followed by the date of the election or primary. Immediately below the title of each office to be filled there shall be printed the words, "To fill vacancy in term expiring.," with the date of expiration of the term and such other information as may be necessary to distinguish the office from any other office to be voted upon at the same election or primary. Otherwise the ballots shall conform, as far as practicable, with the laws relating to ballots for general elections and regular primary elections. The county auditor shall post a sample of each ballot in his office as soon as prepared and not later than four days before the election or primary, as the case may be, but he need not publish any sample ballot.

Sec. 12. Minnesota Statutes 1976, Section 412.02, Subdivision 2, is amended to read:

Subd. 2. Terms of elective officers shall commence on the first business day of January following the election at which the officer is chosen. The council by resolution shall call the special election not later than four weeks after the vacancy occurs, unless the vacancy occurs less than four weeks before the close of the time for filing, in which case the council shall call the special election not later than one week after the vacancy occurs. The council shall extend the time for filing if necessary to provide at least one week for that purpose.

(d) No candidate to fill a council vacancy shall run as an at large candidate but shall be identified on any affidavit of or application for candidacy and on the city ballot as a candidate "to fill the vacancy created on (the date the vacancy was created) for the term expiring"

(e) A special election held pursuant to this subdivision shall be held in accordance with the provisions of the Minnesota election laws, chapters 200 to 210A, as far as practicable.

(f) This subdivision shall not apply to any city with less than 2,500 inhabitants unless the city adopts an ordinance requiring vacancies in elective city offices to be filled pursuant to this subdivision.

Reports the same back with the recommendation that the bill be amended as follows:

Strike everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1976, Section 43.15, is amended to read:

43.15 [AFFIRMATIVE ACTION; DISCRIMINATION FORBIDDEN.] *Subdivision 1.* [STATEWIDE AFFIRMATIVE ACTION PROGRAM.] *In order to assure that positions in the state civil service are equally accessible to all qualified persons, and in order to eliminate the underutilization of qualified members of protected groups, the commissioner of personnel shall adopt and periodically revise as necessary a statewide affirmative action program covering all agencies in the executive branch. The commissioner shall designate a state director of equal employment opportunity to serve in the unclassified service and to whom may be delegated the preparation, revision and implementation of the program. The statewide program and any revisions thereto shall*

be adopted as rules but individual agency affirmative action plans adopted pursuant to the statewide program shall not be adopted as rules. As used in this section, "protected group" means a group consisting of females, handicapped persons, or members of the following minorities: Black, Hispanic, Asian or Pacific Islander, American Indian or Alaskan native.

Subd. 2. [CONTENT OF STATEWIDE PROGRAM.] The statewide affirmative action program shall consist of at least the following:

(a) a statement of general goals and policies to be followed in the state civil service in respect to affirmative action;

(b) forms, procedures, standards and assumptions to be used by state agencies in the preparation of their agency affirmative action plans;

(c) goals and timetables which the state civil service as a whole will be expected to meet;

(d) periodic reporting requirements whereby the head of each agency will be required to report to the governor and the legislature on the implementation of his agency's plan.

Subd. 3. [AGENCY AFFIRMATIVE ACTION PLANS.] The head of each agency in the executive branch shall prepare and implement an affirmative action plan consistent with subdivisions 1 and 2. Prior to implementation, the plan shall be submitted to the commissioner for approval or modification. Annually, or more often if necessary, the plan shall be updated and resubmitted to the commissioner.

Subd. 4. [AFFIRMATIVE ACTION OFFICERS.] Within each agency the agency head shall appoint an affirmative action officer who shall have primary responsibility for the administration of the agency's affirmative action plan. To the extent possible consistent with complement and budget restrictions, the affirmative action officer shall devote full time to affirmative action-related activities. The officer shall report directly to the agency head on affirmative action matters. The commissioner of personnel shall implement periodic training programs for affirmative action officers and shall provide the officers with necessary technical assistance.

Subd. 5. [EXPANSION OF ELIGIBLE LISTS TO MEET AFFIRMATIVE ACTION GOALS.] When the commissioner of personnel determines that a disparity exists between the agency's work force and its approved affirmative action plan, the commissioner shall insure to the extent possible that members of the protected group for which the disparity exists are included on that portion of the eligible list of persons to be considered for appointment, which list is hereinafter referred to as the "appointment list". Notwithstanding any contrary provision of chapter 43, when a position is to be filled by open competitive examination and fewer than three individuals of a protected group for which a disparity has been determined to exist appear on the appointment list, the commissioner shall certify, if possible, as many additional names

in order from the eligible list as are necessary so that an aggregate total of three persons from all the protected groups for which a disparity has been determined to exist have been added to the appointment list. Notwithstanding any contrary provision of chapter 43, when a position is to be filled by examination other than open competitive examination and fewer than one-third of the individuals on an appointment list are members of the protected group for which a disparity has been determined to exist, the commissioner shall certify, if possible, as many additional names in order from the eligible list as are necessary so that persons from all the protected groups for which a disparity has been determined to exist comprise one-third of the appointment list or until an aggregate total of three persons from all the protected groups for which a disparity has been determined to exist have been added to the appointment list, whichever comes first.

Subd. 6. [DISCRIMINATION PROHIBITED.] No discrimination shall be exercised, threatened, or promised by any person in the civil service against, or in favor of, any applicant, eligible, or employee in the civil service because of his political or religious opinions or affiliations, or age, race, sex, or disability. Implementation of subdivisions 1 to 5 shall not be deemed a violation of this subdivision or a violation of any provisions of chapters 43 or 363, nor shall this section be construed to deny a veteran a credit afforded him pursuant to section 43.30.

Sec. 2. [TEMPORARY PROVISIONS.] This act supersedes and replaces executive orders of the governor relating to affirmative action and equal employment opportunity. Notwithstanding the foregoing, a statewide affirmative action program in effect on the effective date of this act and agency affirmative action plans adopted pursuant to that statewide program, shall be and remain effective until superseded, amended or repealed pursuant to this act.

(d) "Building" or "state building" means a structure the title to which is in, or will be in upon construction, the state of Minnesota or any department or agency thereof, and for which the alteration, renovation or construction is or was financed in whole or part by state appropriations.

Subd. 2. Sec. 3. Minnesota Statutes 1976, Chapter 349, is amended by adding a section to read:

[349.26] [GAMBLING DEVICES.] *Subdivision 1. For the purposes of this section the terms defined in this section have the meanings given them.*

Subd. 2. "Gambling devices" mean those gambling devices known as "paddlewheels" or "tipboards", or apparatus used in conducting raffles.

Subd. 3. "Paddlewheel" means a wheel marked off into sections containing one or more numbers, and which, after being turned or spun, uses a pointer or marker to indicate winning chances.

Subd. 4. "Tipboard" means a board, placard or other device measuring at least 12 inches square, marked off in a grid or similar pattern, in which each section contains a hidden number or numbers, or other symbol, which determines the winning chances.

Subd. 5. "Raffle" means a game in which a participant buys a ticket for a chance at a prize with the winner determined by a random drawing.

Subd. 6. "Profit" means the gross receipts from the operation of gambling devices and the conduct of raffles, less reasonable sums expended for prizes, local licensing fees, taxes and maintenance costs for the devices.

Subd. 7. Nothing in this section shall be construed to authorize any use, possession or operation of:

(a) Any gambling device which is activated by the insertion of a coin or token; or

(b) Any gambling game or device in which the winning numbers, tickets or chances are in any way determined by the outcome of any athletic contest or sporting event.

Subd. 8. Any county or city may establish a system for the licensing of organizations to operate gambling devices and to conduct raffles. The system may include a fee for each license in an amount to be determined by the local governing body. Licenses issued pursuant to this section shall be valid for one year, and may be suspended or revoked for any violation of this section. A local governing body shall act on a license application within 180

days from the date of application, but shall not issue a license until at least 30 days after the date of the application. Nothing in this section shall be construed to prohibit a county or city from adopting rules or ordinances for the operation of gambling devices or the conduct of raffles that are more restrictive than state law, including rules or ordinances prohibiting the operation of such devices.

Subd. 9. Licenses shall be issued only to a fraternal, religious, veterans or other nonprofit organization covered by section 290.05, subdivision 1, clause (i) or (k), which organization has been in existence for at least three years and has at least 30 active members, as defined in section 349.12, subdivision 2.

The gambling manager shall be responsible for gross receipts and profits from gambling devices and raffles and for their operation. The gambling manager shall give a fidelity bond in the sum of \$10,000 in favor of the organization conditioned on the faithful performance of his duties, and the bond and the waiver thereof shall be subject to the same provisions as those applying to the bond required of a bingo manager pursuant to section 349.17, subdivision 7. A person may act as both gambling manager and bingo manager for a single organization, but a gambling manager for a single organization shall not act as either a gambling manager or bingo manager for any other organization. A gambling manager for an organization shall be an active member of the organization, as defined in section 349.12, subdivision 2.

Subd. 12. No compensation shall be paid to any person in connection with the operation of a gambling device or the conduct of a raffle by a licensed organization. Subd. 13. Each organization licensed to operate gambling devices shall keep records of its gross receipts, expenses and profits for each single gathering or occasion at which gambling devices are operated or a raffle is conducted. All deductions from gross receipts for each single gathering or occasion shall be documented with receipts or other records indicating the amount, a description of the purchased item or service or other reason for the deduction, and the recipient. The distribution of profits shall be itemized as to payee, purpose, amount and date of payment.

Gross receipts from the operation of gambling devices and the conduct of raffles shall be segregated from other revenues of the organization, including bingo gross receipts, and placed in a sepa-

rate account. Each organization shall have separate records of its gambling operations. The person who accounts for gross receipts, expenses and profits from the operation of gambling devices or the conduct of raffles shall not be the same person who accounts for other revenues of the organization, except that such person may be the same person who accounts for bingo gross receipts, expenses and profits.

Each organization licensed to operate gambling devices or to conduct raffles shall report monthly to its membership, and to the licensing local unit of government, its gross receipts, expenses and profits from gambling devices or raffles, and the distribution of profits itemized as required in this subdivision.

Records required by this section shall be preserved for three years, and organizations shall make available their records relating to operation of gambling devices and the conduct of raffles for public inspection at reasonable times and places.

Subd. 14. Gambling devices shall be operated and raffles conducted by a licensed organization only upon premises which it owns or leases except that tickets for raffles conducted in accordance with this section may be sold off the premises. Leases, unless authorized in another location by the local unit of government, shall be for a period of not less than one year and shall be in writing. No lease shall provide that rental payments be based on a percentage of receipts or profits from gambling devices or raffles. Copies of all leases shall be provided to the licensing local unit of government.

Subd. 15. Total prizes from the operation of paddlewheels and tipboards awarded in any single day in which they are operated shall not exceed \$500. Total prizes resulting from any single spin of a paddlewheel, or from any single tipboard, shall not exceed \$100. Total prizes awarded in any calendar year by any organization from the operation of paddlewheels and tipboards and the conduct of raffles shall not exceed \$15,000. Merchandise prizes shall be valued at fair market retail value.

Subd. 16. Violation of any provision of this section is a misdemeanor. This subdivision shall not preclude civil or criminal action under other applicable law or preclude any agency of government from investigating or prosecuting violations of the provisions of this section.

353.03 [BOARD OF TRUSTEES.] Subdivision 1. [MANAGEMENT; COMPOSITION; ELECTION.] The management of the public employees retirement fund is hereby vested in a board of trustees consisting of 15 members, who shall be known as the board of trustees. This board shall consist of *three four* trustees, one of whom shall be designated by each of the following associations or organizations, Minnesota school boards association, League of Minnesota Cities, and Association of Minnesota Counties and the executive committee of the statewide general labor organization which includes among its membership the

employee organizations, as defined in section 179.63, subdivision 5, which represent the largest number of employees who are association members; nine area trustees, who shall be elected from the membership employed in one of the areas described below by the members employed in such area except members of the police and fire fund; one trustee who shall be a retired annuitant elected at large by other annuitants; and one trustee who is a member of the police and fire fund elected at large by the membership of the police and fire fund. The remaining trustee shall be elected prior to January 1 by the governing bodies of employee organizations, as defined in section 170.63, subdivision 5, representing association employees; provided that in making the election each employee organization shall have one vote for each association employee it represents. The respective governing bodies shall implement and administer a system for the election of this member and the filling of vacancies, and any dispute in the election process shall be resolved by the secretary of state. Elected trustees shall hold office for a term of four years. For seven days beginning December 1 of each year, the association shall accept at its office filings in person or by mail of candidates for the board of trustees. An area candidate shall submit at the time of filing a nominating petition signed by 25 or more members of the fund from the area of the candidate, a retired annuitant candidate, a nominating petition signed by 25 or more such annuitants, and a police and fire fund candidate, a nominating petition signed by 25 or more members of such fund. No nominee may withdraw his name from nomination after December 15. By January 10 of each year in which elections are to be held the board shall distribute by mail to the members and annuitants ballots listing the candidates. No member may vote for more than one candidate but a blank line shall be provided for a write in vote. A ballot indicating a vote for more than one person shall be void. No special marking may be used on the ballot to indicate incumbents. The last day for mailing ballots to the fund shall be January 31. Except as provided in this section, all terms expire on January 31 of the fourth year, and the position shall remain vacant until the newly elected member is qualified. The ballot envelopes shall be so designed and the ballots shall be counted in such a manner as to insure that each vote is secret. For the purpose of electing the nine area trustees, the state shall be divided into three areas as follows: Area one shall include Anoka, Hennepin, Ramsey and Washington counties. Area two shall include Big Stone, Swift, Kandiyohi, Meeker and Wright counties and all counties south thereof, except counties in area one. Area three shall include all the remaining counties of the state. If any governmental unit is located in more than one area, place of employment shall be deemed to be in the area in which the main office of the governmental unit is located. Each year for three years one area trustee shall be elected to a four-year term from each area by the members employed in the respective areas. In the fourth year one trustee shall be elected at large by the police and fire fund membership and one trustee elected at large by the annuitants.

Notwithstanding the foregoing, however, in order to provide

for a transition to regional elections, in the year 1978 only, a retired trustee shall be elected by the annuitants, and three trustees shall be elected from each of the three areas by the members of the area who may vote for only one candidate. The annuitant candidate receiving the most votes shall serve a three-year term, the candidate in each area receiving the largest number of votes shall serve a four-year term, the candidate in each area receiving the second largest number of votes shall serve a two-year term and the candidate in each area receiving the third largest number of votes shall serve a one-year term. The elections shall be supervised by the secretary of state. It shall be the duty of the board of trustees to faithfully administer the law without prejudice and consistent with the expressed intent of the legislature. They shall act as trustees with a fiduciary obligation to the state of Minnesota which created the fund, the taxpayers of the governmental subdivisions which aid in financing it and the public employees who are its beneficiaries.

(5) In the case of an insurance company, it shall receive a credit on the tax computed as above equal in amount to any taxes based on premiums paid by it during the period for which the tax under Extra Session Laws 1967, Chapter 32, is imposed by virtue of any law of this state, other than the surcharge on premiums imposed by Extra Session Laws 1933, Chapter 53, as amended;

[HOMEMAKER CREDIT.] A credit of \$50 may be deducted from the tax due from the taxpayer and his spouse, if any, under Chapter 290 if either the taxpayer or his spouse devotes his time to caring for his children and their home and is not employed outside of the home. A taxpayer would qualify for the

credit if he has a child who is twelve years of age or younger residing in his home at any time during the taxable year and if either the taxpayer or his spouse remains unemployed throughout the taxable year for the purpose of caring for the child in the home. A married claimant shall file his income tax return for the year for which he claims the credit either jointly or separately on one form with his spouse. The overpayment refund or credit, determined with respect to a husband and wife on a joint federal income tax return for a previous taxable year, shall be reported on joint or separate Minnesota income tax returns. In the case of separate Minnesota returns, the overpayment shall be reported by each spouse proportionately according to the relative amounts of federal income tax claimed as a deduction on his or her separate Minnesota income tax return for such previous taxable year;

This modification shall not be applicable if the difference in basis is due to disallowance of depreciation pursuant to section 290.101.

(3) Interest or dividend income on securities to the extent exempt from income tax under the laws of this state authorizing the issuance of such securities but includible in gross income for federal income tax purposes;

(4) Losses, not otherwise reducing federal adjusted gross income assignable to Minnesota, arising from events or transactions which are assignable to Minnesota under the provisions of sections 290.17 to 290.20, including any capital loss or net operating loss carryforwards or carrybacks resulting from such losses;

(5) If included in federal adjusted gross income, the amount of any credit received, whether received as a refund or credit to another taxable year's income tax liability, pursuant to chapter 290A, and the amount of any overpayment of income tax to Minnesota, or any other state, for any previous taxable year, whether such amount is received as a refund or credited to another taxable year's income tax liability;

(7) In the case of property acquired on or after January 1, 1973, the amount of any credit to the taxpayer's federal tax liability under section 38 of the Internal Revenue Code of 1954, as amended through December 31, 1976, but only to the extent that the credit is connected with or allocable against the production or receipt of income included in the measure of the tax imposed by this chapter;

~~(10)~~ (8) The amount of any distribution from a qualified pension or profit sharing plan included in federal adjusted gross income in the year of receipt to the extent of any contribution not previously allowed as a deduction by reason of a change in federal law which was not adopted by Minnesota law for a taxable year beginning in 1974 or later; and

(1) Shareholders in a small business corporation, which has elected to be so taxed under the Internal Revenue Code of 1954, but has not made an election under section 290.972 of this chapter, shall deduct from federal adjusted gross income the amount of any imputed income from such corporation and shall add to federal adjusted gross income the amount of any loss claimed as a result of such stock ownership. Also there shall be added to federal adjusted gross income the amount of any distributions in cash or property made by said corporation to its shareholders during the taxable year.

(2) In cases where the small business corporation has made

an election under section 1372 of the Internal Revenue Code of 1954, but has not elected under section 290.972 of this chapter and said corporation is liquidated or the individual shareholder disposes of his stock and there is no capital loss reflected in federal adjusted gross income because of the fact that corporate losses have exhausted the shareholders basis for federal purposes, such shareholders shall be entitled, nevertheless, to a capital loss commensurate to their Minnesota basis for the stock.

(3) In cases where the election under section 1372 of the Internal Revenue Code of 1954 antedates the election under section 290.972 of this chapter and at the close of the taxable year immediately preceding the effective election under section 290.972 the corporation has a reserve of undistributed taxable income previously taxed to shareholders under the provisions of the Internal Revenue Code of 1954, in the event and to the extent that such reserve is distributed to shareholders such distribution shall be taxed as a dividend for purposes of this act.

Items of gross income includible within these definitions shall be deemed such regardless of the form in which received. Items of gross income shall be included in gross income of the taxable year in which received by a taxpayer unless properly to be accounted for as of a different taxable year under methods of accounting permitted by section 290.07, except that (1) amounts transferred from a reserve or other account, if in effect transfers to surplus, shall, to the extent that such amounts were accumulated through deductions from gross income or entered into the computation of taxable net income during any taxable year, be treated as gross income for the year in which the transfer occurs, but only to the extent that such amounts resulted in a reduction of the tax imposed by this act, and (2) amounts received as refunds on account of taxes deducted from gross income during any taxable year shall be treated as gross income for the year in which actually received, but only to the extent that such amounts resulted in a reduction of the tax imposed by this act.

(d) Modification in computing taxable income of the estate of a decedent. Amounts allowable under section 291.07, subdivision 1(2) in computing Minnesota inheritance tax liability shall not be allowed as a deduction in computing the taxable income of the estate unless there is filed within the time and in the manner and form prescribed by the commissioner a statement that the amounts have not been allowed as a deduction under section 291.07 and a waiver of the right to have such amounts allowed at any time as deductions under section 291.07. The provisions of this paragraph shall not apply with respect to deductions allowed under section 290.077 (relating to income in respect of decedents). In the event that the election made for federal tax purposes under section 642(g) of the Internal Revenue Code of 1954 differs from the election made under this paragraph appropriate modification of the estate's federal taxable income shall be made to implement the election made under this paragraph in accordance with regulations prescribed by the commissioner.

The proceeds of the taxes collected under section 298.24, except the tax collected under section 298.24, subdivision 2, shall, upon certificate of the commissioner of revenue to the general fund of the state, be paid by the commissioner of revenue as follows:

(1) 2.5 cents per gross ton of merchantable iron ore concentrate, hereinafter referred to as "taxable ton", to the city or town in which the lands from which taconite was mined or quarried were located or within which the concentrate was produced. If the mining, quarrying, and concentration, or different steps in either thereof are carried on in more than one taxing district, the commissioner shall apportion equitably the proceeds of the part of the tax going to cities and towns among such subdivisions upon the basis of attributing 40 percent of the proceeds

of the tax to the operation of mining or quarrying the taconite, and the remainder to the concentrating plant and to the processes of concentration, and with respect to each thereof giving due consideration to the relative extent of such operations performed in each such taxing district. His order making such apportionment shall be subject to review by the tax court of appeals at the instance of any of the interested taxing districts, in the same manner as other orders of the commissioner.

(2) 12.5 cents per taxable ton, *less any amount distributed under clause 8*, to the taconite municipal aid account in the apportionment fund of the state treasury, to be distributed as provided in section 298.282.

(3) 29 cents per taxable ton to school districts to be distributed as follows:

(a) 6 cents per taxable ton to the school districts in which the lands from which taconite was mined or quarried were located or within which the concentrate was produced. The commissioner shall follow the apportionment formula prescribed in clause (1).

(b) 23 cents per taxable ton, *less any amount distributed under part (c)*, shall be distributed to a group of school districts comprised of those school districts wherein the taconite was mined or quarried or the concentrate produced or in which there is a qualifying municipality as defined by section 273.134 or in which is located property which is entitled to the reduction of tax pursuant to section 273.135, subdivision 2, clause (c). The 23 cents, *less any amount distributed under part (c)*, shall be distributed in direct proportion to school district tax levies as follows: each district shall receive that portion of the total distribution which its permitted levy for the prior year, computed pursuant to section 275.125, comprises of the sum of permitted levies for the prior year for all qualifying districts, computed pursuant to section 275.125. That portion of the amount so distributed to a school district which is not deducted from state aids in section 124.212, subdivision 8a, shall be included in computing the permissible levies under section 275.125. For purposes of distributions pursuant to this part, permitted levies for the prior year computed pursuant to section 275.125 shall not include the amount of any increased levy authorized by referendum pursuant to section 275.125, subdivision 2a, clause (4).

(c) There shall be distributed to any school district the amount which the school district was entitled to receive under section 298.32 in 1975.

(4) 19.5 cents per taxable ton to counties to be distributed as follows:

(a) 15.5 cents per taxable ton shall be distributed to the county in which the taconite is mined or quarried or in which the concentrate is produced, *less any amount which is to be distributed pursuant to part (b)*. The commissioner shall follow the apportionment formula prescribed in clause (1).

(b) If an electric power plant owned by and providing the primary source of power for a taxpayer mining and concentrating taconite is located in a county other than the county in which the mining and the concentrating processes are conducted, one cent per taxable ton of the tax distributed to the counties pursuant to part (a) and imposed on and collected from such taxpayer shall be distributed by the commissioner of revenue to the county in which the power plant is located.

(c) 4 cents per taxable ton shall be paid to the county from which the taconite was mined, quarried or concentrated to be deposited in the county road and bridge fund. If the mining, quarrying and concentrating, or separate steps in any of those processes are carried on in more than one county, the commissioner shall follow the apportionment formula prescribed in clause (1).

(5) (a) 25.75 cents per taxable ton, less any amount required to be distributed under part (b), to the taconite property tax relief account in the apportionment fund in the state treasury, to be distributed as provided in sections 273.134 to 273.136.

(b) If an electric power plant owned by and providing the primary source of power for a taxpayer mining and concentrating taconite is located in a county other than the county in which the mining and the concentrating processes are conducted, .75 cent per taxable ton of the tax imposed and collected from such taxpayer shall be distributed by the commissioner of revenue to the county and school district in which the power plant is located as follows: 25 percent to the county and 75 percent to the school district.

(6) 1 cent per taxable ton to the state.

(7) 3 cents per taxable ton shall be deposited in the state treasury to the credit of the iron range resources and rehabilitation board account in the special revenue fund for the purposes of section 298.22. Of this amount, one cent per taxable ton is to be used to provide environmental development grants to local governments located within any county in region 3 as defined in governor's executive order number 60 issued on June 12, 1970, which does not contain a municipality qualifying pursuant to section 273.134.

(8) .20 cent per taxable ton shall be paid in 1979 and each year thereafter, to the range association of municipalities and schools, for the purpose of providing an area wide approach to problems which demand coordinated and cooperative actions and which are common to those areas of northeast Minnesota affected by operations involved in mining iron ore and taconite and producing concentrate therefrom, and for the purpose of promoting the general welfare and economic development of the cities, towns and school districts within the iron range area of northeast Minnesota.

~~(8)~~ (9) the amounts determined under clauses (4) (a), (4) (c),

and (5) shall be increased in 1979 and subsequent years in the same proportion as the increase in the steel mill products index as provided in section 298.24, subdivision 1.

~~(9)~~ (10) the proceeds of the tax imposed by section 298.24 which remain after the distributions in clauses (1) to ~~(8)~~ (9) and parts (a), (b), (c), and (d) of this clause have been made shall be divided between the taconite environmental protection fund created in section 298.223 and the northeast Minnesota economic protection fund created in section 298.292 as follows: In 1978, 1979, 1980, 1981, and 1982, two-thirds to the taconite environmental protection fund and one-third to the northeast Minnesota economic protection fund; in 1983 and thereafter, one-half to each fund. The proceeds shall be placed in the respective special accounts in the general fund.

(a) In 1978 and each year thereafter, there shall be distributed to each city, town, school district, and county the amount that they received under section 294.26 in calendar year 1977.

(b) In 1978 and each year thereafter, there shall be distributed to the iron range resources and rehabilitation board the amounts it received in 1977 under section 298.22.

(c) In 1978 and each year thereafter, \$50,000 shall be distributed to the department of revenue for auditing and enforcing the production tax imposed by Laws 1977, Chapter 423, Article 10.

(d) In 1978 and 1979, \$150,000 shall be distributed to the department of revenue for the purpose of administering section 298.48. In 1980 and each year thereafter, \$100,000 shall be distributed to the department of revenue. On or before October 10 of each calendar year each producer of taconite or iron sulphides subject to taxation under section 298.24 (hereinafter called "taxpayer") shall file with the commissioner of revenue and with the county auditor of each county in which such taxpayer operates, and with the chief clerical officer of each school district, city or town which is entitled to participate in the distribution of the tax, an estimate of the amount of tax which would be payable by such taxpayer under said law for such calendar year; provided such estimate shall be in an amount not less than the amount due on the mining and production of concentrates up to September 30 of said year plus the amount becoming due because of probable production between September 30 and December 31 of said year, less any credit allowable as hereinafter provided. Such estimate shall list the taxing districts entitled to participate in the distribution of such tax, and the amount of the estimated tax which would be distributable to each such district in the next ensuing calendar year on the basis of the last percentage distribution certified by the commissioner of revenue. If there be no such prior certification, the taxpayer shall set forth its estimate of the proper distribution of such tax under the law, which estimate may be corrected by the commissioner if he deems it improper, notice of such correction being given by him to the taxpayer and the public officers receiving such estimate.

The officers with whom such report is so filed shall use the amount so indicated as being distributable to each taxing district in computing the permissible tax levy of such county, city or school district in the year in which such estimate is made, and payable in the next ensuing calendar year, except that in 1978 and 1979 two cents per taxable ton, and in 1980 and thereafter, one cent per taxable ton of the amount distributed under clause (4)(c) shall not be deducted in calculating the permissible levy. Such taxpayer shall then pay, at the times payments are required to be made pursuant to section 298.27, as the amount of tax payable under section 298.24, the greater of (a) the amount shown by such estimate, or (b) the amount due under said section as finally determined by the commissioner of revenue pursuant to law. If, as a result of the payment of the amount of such estimate, the taxpayer has paid in any calendar year an amount of tax in excess of the amount due in such year under section 298.24, after application of credits for any excess payments made in previous years, all as determined by the commissioner of revenue, the taxpayer shall be given credit for such excess amount against any taxes which, under said section, may become due from the taxpayer in subsequent years. In any calendar year in which a general property tax levy subject to sections 275.125 or 275.50 to 275.59 has been made, if the taxes distributable to any such county, city or school district are greater than the amount estimated to be paid to any such county, city or school district in such year, the excess of such distribution shall be held in a special fund by the county, city or school district and shall not be expended until the succeeding calendar year, and shall be included in computing the permissible levies under sections 275.125 or 275.50 to 275.59, of such county, city or school district payable in such year. If the amounts distributable to any such county, city or school district, after final determination by the commissioner of revenue under this section are less than the amounts indicated by such estimates, such county, city or school district may issue certificates of indebtedness in the amount of the shortage, and may include in its next tax levy, in excess of the limitations of sections 275.125 or 275.50 to 275.59 an amount sufficient to pay such certificates of indebtedness and interest thereon, or, if no certificates were issued, an amount equal to such shortage.

There is hereby annually appropriated to such taxing districts as are stated herein, to the taconite property tax relief account and to the taconite municipal aid account in the apportionment fund in the state treasury, to the department of revenue, to the iron range resources and rehabilitation board, to the range association of municipalities and schools, to the taconite environmental protection fund, and to the northeast Minnesota economic protection fund, from any fund or account in the state treasury to which the money was credited, an amount sufficient to make the payment or transfer. The payment of the amount appropriated to such taxing districts shall be made by the commissioner of revenue on or before May 15 annually.

Strike everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1976, Section 16.84, is amended by adding subdivisions to read:

Subd. 7. "Public building" means any building and the grounds appurtenant thereto, the cost of which is paid for by the state of Minnesota or any governmental subdivision thereof, or any agency of the state or of any governmental subdivision, or school district.

Subd. 8. "Physically handicapped" means sight disabilities, hearing disabilities, disabilities of incoordination, disabilities of aging, and any other disability that significantly reduces mobility, flexibility, coordination, or perceptiveness.

Subd. 9. "Remodeling" means deliberate reconstruction of an existing public building in whole or in part in order to bring it up to date in conformity with present uses of the structure and to which other rules on the upgrading of health and safety provisions are applicable.

Sec. 2. Minnesota Statutes, 1977 Supplement, Section 16.85, is amended to read:

16.85 [GENERAL POWERS OF COMMISSIONER, STATE BUILDING CODE.] Subdivision 1. Subject to the provisions of sections 16.83 to 16.867, the commissioner shall by rule establish a code of standards for the construction, reconstruction, alteration, and repair of state-owned buildings, governing matters of structural materials, design and construction, fire protection, health, sanitation, and safety. *The code shall also provide for making public buildings constructed or remodeled after July 1, 1963, accessible to and usable by physically handicapped persons; provided that this shall not require the remodeling of public buildings solely to provide accessibility and usability to the physically handicapped when remodeling would not otherwise be undertaken.* The commissioner may amend the code from time to time as

provided in sections 16.83 to 16.867. The code and any amendment thereof shall conform insofar as practicable to model building codes generally accepted and in use throughout the United States. In the preparation of the code consideration shall be given to the existing state-wide specialty codes presently in use in the state of Minnesota. Such model codes with modifications as may be deemed necessary and state-wide specialty codes may be adopted by reference. The code so promulgated and any amendments thereof shall be based on the application of scientific principles, approved tests, and professional judgment; and to the extent that it is practical so to do the code shall be promulgated in terms of desired results instead of the means of achieving such results, avoiding wherever possible the incorporation of specifications of particular methods or materials. To that end the code shall encourage the use of new methods and new materials. *Except as otherwise provided in sections 16.83 to 16.867, the commissioner shall administer and enforce the provisions of those sections.*

The code shall require that any parking ramp or other parking facility constructed in accordance with the code include an appropriate number of spaces suitable for the parking of motor vehicles having a capacity of seven to 16 persons and which are principally used to provide prearranged commuter transportation of employees to or from their place of employment or to or from a transit stop authorized by a local transit authority.

The code shall require that all dwellings, lodging houses, apartment houses, and hotels as defined in section 299F.362 comply with the provisions of section 299F.362.

Subd. 1a. Construction or remodeling shall not be commenced on any public building owned by the state of Minnesota until the plans and specifications of the public building have been approved by the commissioner. In the case of any other public building the plans and specifications thereof shall be submitted to the commissioner for review, and within 30 days after his receipt thereof he shall notify the submitting authority of his recommendations if any.

Subd. 1b. No agency of the state may lease space for agency operations in a non-state owned building, unless the building satisfies the requirements of the state building code for accessibility by the physically handicapped, or is eligible to display the state symbol of accessibility. This limitation shall apply in respect to leases of thirty days or more for space of at least 1,000 square feet commencing on or after July 1, 1980.

Subd. 1c. After July 1, 1979, meetings or conferences attended by the public and sponsored by a state agency in non-publicly owned buildings shall be held in buildings that either meet the state building code requirements relating to accessibility for the physically handicapped or are eligible to display the state symbol for accessibility.

Subd. 1d. The commissioner of administration may grant an exemption from the requirements of subdivisions 1b and 1c if the head of the affected state agency certifies to the commissioner

that handicapped persons will not regularly seek access to the facilities used by the state agency and if reasonable efforts were made to secure facilities which complied with the requirements of subdivision 1b.

Sec. 3. [TEMPORARY PROVISION.] *Persons, appropriations and materials in respect to those functions in the office of state fire marshal transferred by this act shall be transferred by the commissioners of administration and finance, as appropriate, from the state fire marshal to the commissioner of administration.*

Sec. 4. [REPEALER.] *Minnesota Statutes 1976, Sections 299F.41, 299F.42, 299F.43, 299F.44 and 299F.45 are repealed.*

Sec. 5. [EFFECTIVE DATE.] *This act is effective July 1, 1978."*

Amend the title by striking it in its entirety and inserting

"A bill for an act relating to publicly-owned buildings; providing for access and usability by physically handicapped persons; requiring leased space and state agency meetings to be accessible; transferring enforcement from the state fire marshal to the commissioner of administration; amending Minnesota Statutes 1976, Section 16.84 by adding subdivisions; and Minnesota Statutes, 1977 Supplement, Section 16.85; repealing Minnesota Statutes 1976, Sections 299F.41, 299F.42, 299F.43, 299F.44 and 299F.45."

43.051 [AGE FOR RETIREMENT.] Subdivision 1. Notwithstanding the provisions of sections 197.45, 197.46, 197.47, 43.30, effective July 1, 1974, an officer or employee of the state of Minnesota in the classified or unclassified service of the state civil service and who is subject to the provisions of the Minnesota state retirement system must retire from his employment by the

state if such officer or employee has reached the age of 68 prior to July 1, 1974, or upon reaching the age of 68. Effective July 1, 1975, an officer or employee of the state of Minnesota in the classified or unclassified service of the state civil service and who is subject to the provisions of the Minnesota state retirement system must retire from his employment by the state if such officer or employee has reached the age of 65 prior to July 1, 1975, or upon reaching the age of 65 70. The mandatory retirement age for all other classified officers and employees of the state, except as provided in section 354.44, subdivision 1a, or if not otherwise provided for by law, shall be 70. Nothing in this subdivision shall apply to persons in the legislative branch or judicial branch.

Sec. 2. Minnesota Statutes 1976, Chapter 181, is amended by adding a section to read:

[181.81] *Subdivision 1. (a) Normal retirement date, when used in this section, means the date, if any, which the employer, or the employer and employee or his representative jointly, designate as the date on which all affected employees must cease service unless the employee exercises the option granted by this section to continue service.*

(b) It is unlawful for any employer, public or private, excluding the United States government and any of its instrumentalities, to refuse to hire or employ, or to discharge, dismiss, reduce in grade or position, or demote any individual on the grounds that the individual has reached a designated retirement age, except in cases where other state statutes, not including enactments of only local or special application, or federal statutes or rules compel or specifically authorize such action provided that nothing in this section shall prohibit compulsory retirement of employees who have attained 70 years of age and provided further that nothing in this section shall prohibit compulsory retirement of professional, executive, or administrative employees, as defined in rules promulgated pursuant to chapter 177, who have attained 65 years of age but not 70 years of age and who are entitled to an immediate non-forfeitable annual retirement benefit from a pension, profit sharing, savings or deferred compensation plan, or any combination of these plans, of the employer of the employee, which equal in the aggregate at least \$27,000. If the retirement benefit is in a form other than a straight life annuity, the value of the benefit shall be determined according to rules promulgated by the commissioner of labor and industry.

(c) Every employer shall notify an employee in writing at least 90 days but no more than 120 days prior to the employee's normal retirement date, if any, of the option to continue employment beyond that date. The notice shall state in a conspicuous manner that the employee must respond to the notice within 30 days or the right to continue employment beyond the normal retirement date may be waived. If the employee notifies the employer in writing within 30 days after the employer's notice to the employee of the employee's desire to continue employment beyond the normal retirement date the employer must allow employment consistent with the requirements of this section. Employment shall continue

for as long as the employee desires or until the employer demonstrates that the employee no longer can meet the bona fide requirements, consistently applied, for the job or position or until the employee reaches the compulsory retirement age established by the employer.

(d) Regardless of whether or not a normal retirement date as defined in clause (a) exists for an employee, if there exists a date on which the accrual of pension benefits or credits, or the contributions therefor by the employee or the employer, or the employee's employment related health and welfare benefits or insurance coverages are diminished or eliminated by virtue of the employee attaining a certain age, the employer shall notify the employee of the changes at least 90 but not more than 120 days prior to the effective date of the change. If a normal retirement date exists for an employee and that date is the same as the date on which pension credit accrual or health and welfare benefits or contributions are modified the notice required by this clause shall be given contemporaneously with the notice required in clause (c). This section, in and of itself, shall not be construed to require any change in the employer contribution levels of any pension or retirement plan, or to require any employer to increase an employer's or employee's payments for the provision of insurance benefits contained in any employee benefit or insurance plan.

Subd. 2. (a) The commissioner of labor and industry shall advise any inquiring parties, employee or employer, of their rights and duties under this section. Further, the commissioner may attempt to conciliate any disputes between employees and employers over the application of or alleged violations of this section.

(b) Any party aggrieved by a violation of this section may bring suit for redress in the district court wherein the violation occurred or in the district court wherein the employer is located. If a violation is found the court in granting relief may enjoin further violations and may include in its award compensation for any period of unemployment resulting from the violation together with actual and reasonable attorneys fees, and other costs incurred by the plaintiff.

(c) When a suit is commenced alleging a violation of this section the plaintiff may in the same suit attempt to show that a violation of Minnesota Statutes, Chapter 363, has also occurred and that relief under that chapter is also appropriate, providing all the procedural requirements of Minnesota Statutes, Chapter 363, have been met. Alternatively when a charge is filed or a suit commenced alleging a violation of Minnesota Statutes, Chapter 363, the plaintiff may in the same suit attempt to show that a violation of this section has occurred and that relief under this section is also appropriate. In either case, when determining whether or not a violation of Minnesota Statutes, Chapter 363, has occurred the court shall incorporate the substantive requirements of this section into any duties and rights specified by Minnesota Statutes, Chapter 363.

Sec. 3. Minnesota Statutes 1976, Section 356.32, is amended to read:

356.32 [PROPORTIONATE ANNUITY IN CERTAIN CASES.] Subdivision 1. [PROPORTIONATE RETIREMENT ANNUITY.] Notwithstanding any provision to the contrary of the laws governing any of the retirement funds enumerated referred to in subdivision 2, any person who is employed in a position covered by any such fund, who has credit for at least three years but less than ten years of allowable service in such fund or a combination of such funds, and who is required to terminate service at age 65 or earlier pursuant to a mandatory retirement statute or a uniformly applied mandatory retirement policy established by the employer, or who terminates service at age 65 or older for any reason shall be entitled upon application to a proportionate retirement annuity from each such fund in which he has allowable service credit, based upon his allowable service credit at the time of mandatory retirement; provided, however, that nothing in this section shall prevent the actuarial reduction of an annuity for which application is made prior to normal retirement age.

In determining whether a mandatory retirement violates chapter 363 the provisions of section 1 of this act shall be applicable. Nothing in this chapter nor in section 1 of this act shall prohibit employee pension and retirement plans from granting pension credit to employees over the age of 65 at a lesser rate than is granted to other employees, provided that in no event may an employee's accumulated pension credits be reduced by continued employment, and further provided that no other state or federal law is violated by the reduced rate of pension credit accrual . All retirement allowances shall be computed and determined as provided herein, except that in determining the number of years of service, credit shall be given for time served as an elective officer or employee, or member of an executive board or commission or any combination thereof. (6) Any person who is employed by the city or any of its boards, departments, commissions or a public corporation, as herein outlined, and is excluded from participation in the fund by paragraph (4) shall be separated from the service upon reaching the age of 65 70 regardless of the provisions of the veterans preference act.

Sec. 7. Minnesota Statutes 1976, Chapter 423, is amended by adding a section to read:

[423.076] [RETIREMENT; POLICE AND FIRE DEPARTMENTS.] *A compulsory retirement age of not less than 65 years may be established for persons on the payroll of a police or fire department which does not come within the provisions of section 423.075 or 423.26 without being a violation of section 2 of this act or section 4 of this act.*

Sec. 8. *Subdivision 1. This act is effective as of June 1, 1980, subject to the following exception: no mandatory retirement program or policy established by a collective bargaining agreement between a labor organization and a private employer executed prior to the enactment date of this act which mandates retirement prior to attaining 70 years of age shall be invalidated until the earlier of either August 1, 1980, or the expiration date of the contract.*

By July 1, 1979, a case plan shall be prepared for each child who was residing in a foster home on July 1, 1978 and who has not been returned to the home of his natural parent or parents.*

For the purposes of this section, a case plan means a written document signed by the natural parent or parents of the child, the child's legal guardian, the social service agency responsible for the foster home placement, and, if possible, the child. The document shall be explained to all persons involved in its implementation, including the child who has signed the document, and shall set forth:

(4) The visitation rights and obligations of the natural parent or parents during the period the child is in the foster home;

The natural parent or parents and the child shall have the right to legal counsel in the preparation of the case plan. If unable to employ counsel from their own resources, the court shall appoint counsel upon the request of the natural parent or parents or the child or his legal guardian. The natural parent or parents may also receive assistance from any person or social service agency in preparation of the case plan.

After the plan has been agreed upon by the parties involved, the foster parents shall be fully informed of the provisions of the case

plan, knowledge of which is necessary to elicit their full cooperation.

Subd. 2. [SIX MONTH REVIEW OF VOLUNTARY PLACEMENTS.] If the child has been placed in a foster home pursuant to a voluntary release by his natural parent or parents, the case plan shall be reviewed by the persons involved in its preparation 180 days after the initial placement of the child in a foster home if the child is not returned to the home of his natural parent or parents within that time.

Subd. 3. [18 MONTH REVIEW OF VOLUNTARY PLACEMENTS.] If the child has been placed in a foster home pursuant to a voluntary release by his natural parent or parents, and is not returned to his home within 18 months after his initial placement in the foster home, the social service agency responsible for the placement shall:

After a decree of adoption is entered the natural parents of an adopted child shall be relieved of all parental responsibilities for such the child, and they shall not exercise or have any rights over such the adopted child or his property. The child shall not owe his natural parents or their relatives any legal duty nor shall he inherit from his natural parents or kindred. Notwithstanding any other provisions to the contrary in this section, the adoption of a child by his step-parent shall not in any way change the status of the relationship between the child and his natural parent who is the spouse of the petitioning step-parent.*

This modification shall not be applicable if the difference in basis is due to disallowance of depreciation pursuant to section 290.101.

(3) Interest or dividend income on securities to the extent exempt from income tax under the laws of this state authorizing the issuance of such securities but includible in gross income for federal income tax purposes;

(5) If included in federal adjusted gross income, the amount of any credit received, whether received as a refund or credit to another taxable year's income tax liability, pursuant to chapter 290A, and the amount of any overpayment of income tax to Minnesota, or any other state, for any previous taxable year, whether such amount is received as a refund or credited to another taxable year's income tax liability;

(6) The amount of any pension or benefit which is excluded from gross income under the provisions of section 290.08, subdivision 6; and

(7) In the case of property acquired on or after January 1, 1973, the amount of any credit to the taxpayer's federal tax liability under section 38 of the Internal Revenue Code of 1954, as amended through December 31, 1976, but only to the extent that the credit is connected with or allocable against the production or receipt of income included in the measure of the tax imposed by this chapter;

~~(10)~~ (8) The amount of any distribution from a qualified pension or profit sharing plan included in federal adjusted gross income in the year of receipt to the extent of any contribution not previously allowed as a deduction by reason of a change in federal law which was not adopted by Minnesota law for a taxable year beginning in 1974 or later; and

but has not made an election under section 290.972 of this chapter, shall deduct from federal adjusted gross income the amount of any imputed income from such corporation and shall add to federal adjusted gross income the amount of any loss claimed as a result of such stock ownership. Also there shall be added to federal adjusted gross income the amount of any distributions in cash or property made by said corporation to its shareholders during the taxable year.

(2) In cases where the small business corporation has made an election under section 1372 of the Internal Revenue Code of 1954, but has not elected under section 290.972 of this chapter and said corporation is liquidated or the individual shareholder disposes of his stock and there is no capital loss reflected in federal adjusted gross income because of the fact that corporate losses have exhausted the shareholders basis for federal purposes, such shareholders shall be entitled, nevertheless, to a capital loss commensurate to their Minnesota basis for the stock.

(3) In cases where the election under section 1372 of the Internal Revenue Code of 1954 antedates the election under section 290.972 of this chapter and at the close of the taxable year immediately preceding the effective election under section 290.972 the corporation has a reserve of undistributed taxable income previously taxed to shareholders under the provisions of the Internal Revenue Code of 1954, in the event and to the extent that such reserve is distributed to shareholders such distribution shall be taxed as a dividend for purposes of this act.

Items of gross income includible within these definitions shall be deemed such regardless of the form in which received. Items of gross income shall be included in gross income of the taxable year in which received by a taxpayer unless properly to be accounted for as of a different taxable year under methods of accounting permitted by section 290.07, except that (1) amounts transferred from a reserve or other account, if in effect transfers to surplus, shall, to the extent that such amounts were accumulated through deductions from gross income or entered into the computation of taxable net income during any taxable year, be treated as gross income for the year in which the transfer occurs, but only to the extent that such amounts resulted in a reduction of the tax imposed by this act, and (2) amounts received as refunds on account of taxes deducted from gross income during any taxable year shall be treated as gross income for the year in which actually received, but only to the extent that such amounts resulted in a reduction of the tax imposed by this act.

(d) Modification in computing taxable income of the estate of a decedent. Amounts allowable under section 291.07, subdivision 1(2) in computing Minnesota inheritance tax liability shall not be allowed as a deduction in computing the taxable income of the estate unless there is filed within the time and in the manner and form prescribed by the commissioner a statement that the amounts have not been allowed as a deduction under section 291.07 and a waiver of the right to have such amounts allowed at any time as deductions under section 291.07. The provisions of

this paragraph shall not apply with respect to deductions allowed under section 290.077 (relating to income in respect of decedents). In the event that the election made for federal tax purposes under section 642(g) of the Internal Revenue Code of 1954 differs from the election made under this paragraph appropriate modification of the estate's federal taxable income shall be made to implement the election made under this paragraph in accordance with regulations prescribed by the commissioner.

The credit provided for in subdivision 9 shall terminate on December 31, 1976. The credit provided for in this subdivision shall terminate on December 31, 1980, except any amounts that are carried forward to a subsequent year may be taken as a credit in such subsequent years.

If the amount of the credit provided by this subdivision exceeds the taxpayer's liability for taxes pursuant to chapter 290 in the taxable year, *beginning after December 31, 1972*, in which the equipment is purchased, the excess amount may be carried forward to the four taxable years following the year of purchase. The entire amount of the credit not used in the year purchased shall be carried to the earliest of the four taxable years to which the credit may be carried and then to each of the three successive taxable years.

Sec. 2. Minnesota Statutes 1976, Section 290A.03, Subdivision 6, is amended to read:

Subd. 6. [HOMESTEAD.] "Homestead" means the dwelling occupied by a claimant as a place of residence and so much of the land surrounding it, not exceeding ~~one acre~~ *ten acres*, as is reasonably necessary for use of the dwelling as a home, except that this restriction shall not be applicable to agricultural land assessed as part of a homestead pursuant to section 273.13, subdivision 6. The homestead may be owned or rented and may be a part of a multi-dwelling or multi-purpose building and the land on which it is built. A mobile home, as defined in section 168.011, subdivision 8, assessed as personal property may be a dwelling for purposes of this subdivision.

Sec. 3. Minnesota Statutes, 1977 Supplement, Section 298.28, Subdivision 1, is amended to read:

298.28 [DIVISION AND DISTRIBUTION OF PROCEEDS.] Subdivision 1. The proceeds of the taxes collected under section 298.24, except the tax collected under section 298.24, subdivision 2, shall, upon certificate of the commissioner of revenue to the general fund of the state, be paid by the commissioner of revenue as follows:

(1) 2.5 cents per gross ton of merchantable iron ore concentrate, hereinafter referred to as "taxable ton", to the city or town in which the lands from which taconite was mined or quarried were located or within which the concentrate was produced. If the mining, quarrying, and concentration, or different steps in either thereof are carried on in more than one taxing district, the commissioner shall apportion equitably the proceeds of the part of the tax going to cities and towns among such subdivisions upon the basis of attributing 40 percent of the proceeds of the tax to the operation of mining or quarrying the taconite, and the remainder to the concentrating plant and to the processes of concentration, and with respect to each thereof giving due consideration to the relative extent of such operations performed in each such taxing district. His order making such apportionment shall be subject to review by the tax court of appeals at the instance of any of the interested taxing districts, in the same manner as other orders of the commissioner.

(2) 12.5 cents per taxable ton, *less any amount distributed under clause 8*, to the taconite municipal aid account in the apportionment fund of the state treasury, to be distributed as provided in section 298.282.

(3) 29 cents per taxable ton to school districts to be distributed as follows:

(a) 6 cents per taxable ton to the school districts in which the lands from which taconite was mined or quarried were located or within which the concentrate was produced. The commissioner shall follow the apportionment formula prescribed in clause (1).

(b) 23 cents per taxable ton, *less any amount distributed under part (c)*, shall be distributed to a group of school districts comprised of those school districts wherein the taconite was mined or quarried or the concentrate produced or in which there is a qualifying municipality as defined by section 273.134 or in which is located property which is entitled to the reduction of tax pursuant to section 273.135, subdivision 2, clause (c). The 23 cents, *less any amount distributed under part (c)*, shall be distributed in direct proportion to school district tax levies as follows: each district shall receive that portion of the total distribution which its permitted levy for the prior year, computed pursuant to section 275.125, comprises of the sum of permitted levies for the prior year for all qualifying districts, computed pursuant to section 275.125. That portion of the amount so distributed to a school district which is not deducted from state aids in section 124.212, subdivision 8a, shall be included in computing the permissible levies under section 275.125. For purposes of distributions pursuant to this part, permitted levies for the prior year computed pursuant to section 275.125 shall not include the amount of any increased levy authorized by referendum pursuant to section 275.125, subdivision 2a, clause (4).

(c) There shall be distributed to any school district the amount which the school district was entitled to receive under section 298.32 in 1975.

(4) 19.5 cents per taxable ton to counties to be distributed as follows:

(a) 15.5 cents per taxable ton shall be distributed to the county in which the taconite is mined or quarried or in which the concentrate is produced, less any amount which is to be distributed pursuant to part (b). The commissioner shall follow the apportionment formula prescribed in clause (1).

(b) If an electric power plant owned by and providing the primary source of power for a taxpayer mining and concentrating taconite is located in a county other than the county in which the mining and the concentrating processes are conducted, one cent per taxable ton of the tax distributed to the counties pursuant to part (a) and imposed on and collected from such taxpayer shall be distributed by the commissioner of revenue to the county in which the power plant is located.

(c) 4 cents per taxable ton shall be paid to the county from which the taconite was mined, quarried or concentrated to be deposited in the county road and bridge fund. If the mining, quarrying and concentrating, or separate steps in any of those processes are carried on in more than one county, the commissioner shall follow the apportionment formula prescribed in clause (1).

(5) (a) 25.75 cents per taxable ton, less any amount required to be distributed under part (b), to the taconite property tax relief account in the apportionment fund in the state treasury, to be distributed as provided in sections 273.134 to 273.136.

(b) If an electric power plant owned by and providing the primary source of power for a taxpayer mining and concentrating taconite is located in a county other than the county in which the mining and the concentrating processes are conducted, .75 cent per taxable ton of the tax imposed and collected from such taxpayer shall be distributed by the commissioner of revenue to the county and school district in which the power plant is located as follows: 25 percent to the county and 75 percent to the school district.

(6) 1 cent per taxable ton to the state.

(7) 3 cents per taxable ton shall be deposited in the state treasury to the credit of the iron range resources and rehabilitation board account in the special revenue fund for the purposes of section 298.22. Of this amount, one cent per taxable ton is to be used to provide environmental development grants to local governments located within any county in region 3 as defined in governor's executive order number 60 issued on June 12, 1970, which does not contain a municipality qualifying pursuant to section 273.134.

(8) .20 cent per taxable ton shall be paid in 1979 and each year thereafter, to the range association of municipalities and schools, for the purpose of providing an area wide approach to problems which demand coordinated and cooperative actions and which are

common to those areas of northeast Minnesota affected by operations involved in mining iron ore and taconite and producing concentrate therefrom, and for the purpose of promoting the general welfare and economic development of the cities, towns and school districts within the iron range area of northeast Minnesota.

~~(8)~~ (9) the amounts determined under clauses (4) (a), (4) (c), and (5) shall be increased in 1979 and subsequent years in the same proportion as the increase in the steel mill products index as provided in section 298.24, subdivision 1.

~~(9)~~ (10) the proceeds of the tax imposed by section 298.24 which remain after the distributions in clauses (1) to ~~(8)~~ (9) and parts (a), (b), (c), and (d) of this clause have been made shall be divided between the taconite environmental protection fund created in section 298.223 and the northeast Minnesota economic protection fund created in section 298.292 as follows: In 1978, 1979, 1980, 1981, and 1982, two-thirds to the taconite environmental protection fund and one-third to the northeast Minnesota economic protection fund; in 1983 and thereafter, one-half to each fund. The proceeds shall be placed in the respective special accounts in the general fund.

(a) In 1978 and each year thereafter, there shall be distributed to each city, town, school district, and county the amount that they received under section 294.26 in calendar year 1977.

(b) In 1978 and each year thereafter, there shall be distributed to the iron range resources and rehabilitation board the amounts it received in 1977 under section 298.22.

(c) In 1978 and each year thereafter, \$50,000 shall be distributed to the department of revenue for auditing and enforcing the production tax imposed by Laws 1977, Chapter 423, Article 10.

(d) In 1978 and 1979, \$150,000 shall be distributed to the department of revenue for the purpose of administering section 298.48. In 1980 and each year thereafter, \$100,000 shall be distributed to the department of revenue. On or before October 10 of each calendar year each producer of taconite or iron sulphides subject to taxation under section 298.24 (hereinafter called "taxpayer") shall file with the commissioner of revenue and with the county auditor of each county in which such taxpayer operates, and with the chief clerical officer of each school district, city or town which is entitled to participate in the distribution of the tax, an estimate of the amount of tax which would be payable by such taxpayer under said law for such calendar year; provided such estimate shall be in an amount not less than the amount due on the mining and production of concentrates up to September 30 of said year plus the amount becoming due because of probable production between September 30 and December 31 of said year, less any credit allowable as hereinafter provided. Such estimate shall list the taxing districts entitled to participate in the distribution of such tax, and the amount of the estimated tax which would be distributable to each such district in the next ensuing calendar year on the basis of the last percentage distribution certified by

the commissioner of revenue. If there be no such prior certification, the taxpayer shall set forth its estimate of the proper distribution of such tax under the law, which estimate may be corrected by the commissioner if he deems it improper, notice of such correction being given by him to the taxpayer and the public officers receiving such estimate. The officers with whom such report is so filed shall use the amount so indicated as being distributable to each taxing district in computing the permissible tax levy of such county, city or school district in the year in which such estimate is made, and payable in the next ensuing calendar year, except that in 1978 and 1979 two cents per taxable ton, and in 1980 and thereafter, one cent per taxable ton of the amount distributed under clause (4) (c) shall not be deducted in calculating the permissible levy. Such taxpayer shall then pay, at the times payments are required to be made pursuant to section 298.27, as the amount of tax payable under section 298.24, the greater of (a) the amount shown by such estimate, or (b) the amount due under said section as finally determined by the commissioner of revenue pursuant to law. If, as a result of the payment of the amount of such estimate, the taxpayer has paid in any calendar year an amount of tax in excess of the amount due in such year under section 298.24, after application of credits for any excess payments made in previous years, all as determined by the commissioner of revenue, the taxpayer shall be given credit for such excess amount against any taxes which, under said section, may become due from the taxpayer in subsequent years. In any calendar year in which a general property tax levy subject to sections 275.125 or 275.50 to 275.59 has been made, if the taxes distributable to any such county, city or school district are greater than the amount estimated to be paid to any such county, city or school district in such year, the excess of such distribution shall be held in a special fund by the county, city or school district and shall not be expended until the succeeding calendar year, and shall be included in computing the permissible levies under sections 275.125 or 275.50 to 275.59, of such county, city or school district payable in such year. If the amounts distributable to any such county, city or school district, after final determination by the commissioner of revenue under this section are less than the amounts indicated by such estimates, such county, city or school district may issue certificates of indebtedness in the amount of the shortage, and may include in its next tax levy, in excess of the limitations of sections 275.125 or 275.50 to 275.59 an amount sufficient to pay such certificates of indebtedness and interest thereon, or, if no certificates were issued, an amount equal to such shortage.

There is hereby annually appropriated to such taxing districts as are stated herein, to the taconite property tax relief account and to the taconite municipal aid account in the apportionment fund in the state treasury, to the department of revenue, to the iron range resources and rehabilitation board, to the range association of municipalities and schools, to the taconite environmental protection fund, and to the northeast Minnesota economic protection fund, from any fund or account in the state treasury to which the money was credited, an amount sufficient to make the pay-

ment or transfer. The payment of the amount appropriated to such taxing districts shall be made by the commissioner of revenue on or before May 15 annually.

Sec. 4. Minnesota Statutes, 1977 Supplement, Section 298.293, is amended to read:

298.293 [DECLARATION OF EMERGENCY; EXPENDING FUNDS.] The funds provided by section 298.28, subdivision 1, clause (9), relating to the northeast Minnesota economic protection fund shall not be expended prior to (a) a declaration by the governor to the effect that the economic situation of northeast Minnesota requires remedial action by the legislature as a result of a decline in mineral-related activities, and (b) an appropriation of the funds by the legislature. The governor shall recommend to the legislature those measures that he believes will be appropriate in order to accomplish the purpose of his declaration. The funds provided by this fund may be spent only in those areas that are tax relief areas as defined in section 273.134. The funds provided by section 298.28, subdivision 1, clause (9), for this fund shall not be expended for this purpose prior to January 1, 2002. *If during any year the taconite property tax account under sections 273.134 to 273.136 does not contain sufficient funds to pay the property tax relief specified, there is appropriated from this fund to the relief account sufficient funds to pay the relief specified in sections 273.134 to 273.136.*

Sec. 5. [EFFECTIVE DATE.] *Section 1 is effective for taxable years beginning after December 31, 1973. Section 2 is effective for claims based on rent paid in 1978 and subsequent years and property taxes payable in 1979 and subsequent years. Section 3 is effective July 1, 1978."*

Mr. Bernhagen moved to amend H. F. No. 2250, as amended by the Senate March 11, 1978, as follows:

(The text of the amended House File is identical to S. F. No. 2051.)

Page 13, after line 4, insert:

(j) In the case of an unmarried individual who is disabled at the close of the taxable year, an additional \$45.

(k) In the case of a married individual, an additional \$45 for each spouse who is disabled at the close of the taxable year. If the husband and wife make separate returns, these credits may be taken by either or divided between them.

(l) In the case of an individual, an additional \$45 for each person (other than a spouse) who is disabled and dependent upon and receiving his chief support from the taxpayer.

(m) For the purposes of such paragraphs (j), (k) and (l), an individual is disabled if he is unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or has lasted or can be expected to last for a continuous period of not less than 12 months.

An individual shall be determined to be under a disability only if his physical or mental impairment or impairments are of such severity that he is not only unable to do his previous work but cannot, considering his age, education, and work experience, engage in any other kind of substantial gainful work which exists in the state economy, regardless of whether the work exists in the immediate area in which he lives, or whether a specific job vacancy exists for him, or whether he would be hired if he applied for work. For purposes of the preceding sentence, "work which exists in the state economy" means work which exists in significant numbers either in the area where the individual lives or in several areas of the state.

A "physical or mental impairment" is an impairment that results from anatomical, physiological, or psychological abnormalities which are demonstrable by medically acceptable clinical and laboratory diagnostic techniques."

Sec. 23. Minnesota Statutes 1976, Section 124.15, Subdivision 2, is amended to read:

Subd. 2. Whenever the board of the district authorizes or permits within the district violations of law by:

(1) employment in a public school of the district of a teacher who does not hold a valid teaching certificate or permit, or

(2) noncompliance with a mandatory rule or regulation of general application promulgated by the state board in accordance with statute in the absence of special circumstances making enforcement thereof inequitable, contrary to the best interest of, or imposing an extraordinary hardship on, the district affected, or

(3) continued performance by the district of a contract made for the rental of rooms or buildings for school purposes, or for the free transportation of children to and from school or for the rental of any facility owned or operated by or under the direction of any private organization, which contract has been disapproved where time for review of the determination of disapproval has expired and no proceeding for review is pending, or

(4) any practice which is a violation of sections 1 and 2 of article 13 of the Constitution of the state of Minnesota, or

(5) failure to provide reasonably for the school attendance to which a resident pupil is entitled under Minnesota Statutes, or

(6) noncompliance with state laws prohibiting discrimination because of race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance or disability, as defined in Minnesota Statutes 1974, Section 363.03, the special state aid to which a district is otherwise entitled for any

Sec. 24. Minnesota Statutes 1976, Section 124.15, Subdivision 6, is amended to read:

Subd. 6. Reductions in special aid under this section shall be from foundation program aid. If there is not sufficient foundation program aid remaining to be paid for the school year in which the violation occurred, the reduction shall be from the other special aids payable to the district for that year in the order in which special state aids are listed in this code. If the violation is for performance of a contract for transportation, which has been disapproved, the primary reduction shall be from transportation aid. If reduction is for several violations one of which is continued performance of such a contract, the transportation aid will be the primary fund for reduction in the proportion that the violation for performance of such a contract bears to the total number of violations involved. If there is not a sufficient amount of special state aids remaining payable to the district for the school year in which the violation occurred to permit the full amount of reduction required, that part of the required reduction not taken from that school year's aids will be taken from the special state aids payable to the district for the next school year, and the reduction will be made from the various aids payable for the next year in the order above specified.

Sec. 25. Minnesota Statutes, 1977 Supplement, Section 124.17, Subdivision 1, is amended to read:

124.17 [DEFINITION OF PUPIL UNITS.] Subdivision 1. Pupil units for each resident pupil in average daily membership shall be counted as follows:

(1) In an elementary school, for kindergarten and for handicapped pre-kindergarten pupils as defined in section 120.03, and enrolled in one-half day sessions throughout the school year or the equivalent thereof, approved by the commissioner of education, one-half pupil unit and other elementary pupils, one pupil unit.

(2) In secondary schools, one and four-tenths pupil units. Pupils enrolled in the seventh and eighth grades of any school shall be counted as secondary pupils.

(4) To meet the problems of educational overburden caused by broken homes, poverty and low income, each pupil in clauses (1) and (2) from families receiving aid to families with dependent children or its successor program who is enrolled in the school district on October 1 shall be counted as an additional five-tenths pupil unit. By March 1 of each year the department of public welfare shall certify to the department of education, and to each school district to the extent the information pertains to it, that information concerning children from families with

dependent children who were enrolled in the school district on the preceding October 1 which is necessary to calculate pupil units. Additional aids to a district for such pupils may be distributed on a delayed basis until the department of education publicly certifies that the information needed for paying such aids is available on such a timely basis that such aids may be paid concurrently with other foundation aids.

(5) In every district where the number of pupils from families receiving aid to families with dependent children or its successor program exceeds five percent of the total actual pupil units in the district for the same year, as computed in clauses (1) and (2), each such pupil shall be counted as an additional one-tenth of a pupil unit for each percent of concentration over five percent of such pupils in the district. The percent of concentration shall be rounded down to the nearest whole percent for purposes of this clause, provided that in districts where the percent of concentration is less than six, no additional pupil units shall be counted under this clause for pupils from families receiving aid to dependent children or its successor program and provided further that no such pupil shall be counted as more than one and ~~one-tenth~~ *fifteen one-hundredths* additional pupil units pursuant to clauses (4) and (5). Such weighting shall be in addition to the weighting provided in clauses (1), (2), (3), and (4). School districts are encouraged to allocate a major portion of the aids that they receive on account of clauses (4) and (5) to primary grade programs and services, particularly to programs and services that involve participation of parents. Each district receiving aids on account of both clauses (4) and (5) shall establish and maintain accounts separate from all other district accounts for the receipt and disbursement of all such aids received.

(6) Where the total pupil units of a district are used as a multiplier in determining foundation aids and spending and levy limitations and where the actual number of pupil units has decreased from the prior year, the number of pupil units shall equal the greater of (a) the average of actual pupil units in the district for the two prior years and the current year or (b) the number of actual pupil units for the current year increased by .6 times the difference between the actual pupil units for the prior year and the current year. Only pupil units as computed in clauses (1) and (2) shall be included for purposes of computations made pursuant to this clause.

(7) In districts maintaining classified secondary schools where the actual number of pupil units has increased from the prior year by two percent or more, the additional pupil units over the prior year, as computed in clauses (1) and (2), shall be multiplied times one-tenth for each percent of increase over the prior year and a number of pupil units equal to the product shall be added to the other units for the district. The percent of increase shall be rounded up to the next whole percent for purposes of this clause, provided that in districts where the percent of increase is less than two, no additional pupil units shall be added

to the other units for the district and provided further that the number of pupil units of increase over the prior year shall under no circumstances be multiplied by more than five-tenths.

(8) Only pupil units in clauses (1) and (2) shall be used in computing adjusted maintenance cost per pupil unit.

Sec. 26. Minnesota Statutes 1976, Section 124.17, is amended by adding a subdivision to read:

Subd. 2c. Notwithstanding the provisions of subdivision 2, in any case where pupils are prevented from attending school for more than 15 consecutive days because of epidemic, calamity, weather, fuel shortage, or other justifiable cause, the state board, upon application, may allow the district to continue to count these pupils in average daily membership.

Sec. 27. Minnesota Statutes, 1977 Supplement, Section 124.212, Subdivision 5a, is amended to read:

Subd. 5a. (1) In the 1977-1978 school year and each school year thereafter, the amount of money apportioned to a school district ~~in~~ for that year pursuant to section 124.10, subdivision 2 which exceeds the amount apportioned to that district pursuant to section 124.10, subdivision 2 ~~in~~ for the 1976-1977 school year, shall be deducted from the foundation aid earned by that district for the same year.

(e) In the 1981-1982 school year, five-sixths of the amount apportioned, but not to exceed five-sixths of the amount apportioned ~~in~~ for the 1976-1977 school year.

Subd. 8a. (1) Notwithstanding any provisions of any other law to the contrary, the adjusted assessed valuation used in calculating foundation aid shall include only that property which is currently taxable in the district. For districts which received payments under sections 124.215, subdivision 2a, 124.25; 124.28; 124.30; 473.633 and 473.635; the foundation aid shall be reduced by: The previous year's payment to the district pursuant to said sections times the ratio of the maximum levy allowed the district under section 275.125, subdivision 2a, to the total levy allowed by section 275.125, but not to exceed 50 percent of the previous year's payment.

(2) For districts which received payments under sections 294.21 to 294.28; 298.23 to 298.28; 298.32; 298.34 to 298.39; 298.391 to 298.396; 298.405, 298.51 to 298.67; any law imposing a tax upon severed mineral values, or under any other law distributing proceeds in lieu of ad valorem tax assessments on copper or nickel properties; the foundation aid shall be reduced in the October adjustment payment by the previous fiscal year's payment to the district pursuant to said sections times the ratio of the maximum levy allowed the district under section 275.125, subdivision 2a, to the total levy allowed by section 275.125 for collection in the calendar year ending during the aforementioned fiscal year, but not to exceed 50 percent of the previous fiscal year's payment *difference between the dollar amount of the payments received pursuant to those sections in the fiscal year to which the October adjustment is attributable and the amount which was calculated, pursuant to section 275.125, subdivision 9, as a reduction of the levy attributable to the fiscal year to which the October adjustment is attributable.* If the October adjustment of a district's foundation aid for a fiscal year is a negative amount because of this clause, the next fiscal year's foundation aid to that district shall be reduced by this negative amount in the following manner: *there shall be withheld from each monthly scheduled foundation aid payment due the district in such fiscal year, 15 percent of the total negative amount, until the total negative amount has been withheld.* The amount reduced from foundation aid pursuant to this clause shall be recognized as revenue in the fiscal year to which the October adjustment payment is attributable.

Sec. 29. Minnesota Statutes 1976, Section 124.212, Subdivision 20, is amended to read:

Subd. 20. No adjustments to foundation aid payments resulting from omissions in school district reports, except those adjustments determined by the legislative auditor, shall be made for any school year after December 15 of the next school year. Any school district educating children who are residents of another school district shall notify the district of residence within 60 days of the date the child is determined by the district to be a nonresident, but not later than October 1 following the end of the school year in which the child is educated. If the district of residence does not receive a

Subd. 2. [ABATEMENTS.] Whenever by virtue of chapter 278, sections 270.07, 375.192, or otherwise, the assessed valuation of any school district for any taxable year is reduced after the taxes for that year have been spread by the county auditor and whenever the mill rate as determined by the county auditor based upon the original assessed valuation is applied upon such reduced valuations and produces an amount at least \$1,000 less than the full amount of taxes as actually levied and certified for such taxable year upon the original assessed valuation, that school district may, prior to May 1 of 1978 or February 1 of any year thereafter, certify to the department of revenue the amount of the assessed valuation that was reduced and the amount of the resulting loss of revenue to the school district. Prior to June 1 of 1978 or April 1 of any year thereafter, the equalization aid review committee shall recalculate the adjusted assessed valuation of the taxable property in that district and certify this new valuation to the commissioner of education. The commissioner shall recompute the foundation aid, transportation aid, capital expenditure equalization aid, and post-secondary vocational foundation aid of that district on the basis of the recalculated adjusted assessed valuation. Payment adjustments to the district shall be made as soon as possible, but not later than October 31 of the following fiscal year.

Sec. 31. Minnesota Statutes 1976, Section 124.222, is amended by adding a subdivision to read:

(b) Omissions in school district reports if application is made prior to December 15, 1977;

(c) The addition by the district of an authorized transportation aid category if that category of transportation was not provided during the 1976 fiscal year if application is made prior to December 15 of the school year following the year in which the additional transportation is provided;

(d) Omissions in school district reports determined by the legislative auditor;

(e) Increased costs resulting from changes in transportation patterns required by a schoolhouse closing provided that (1) the cost increases can be demonstrated to be a direct result of the closing; (2) the increases result in costs above the formula limitation; and (3) application is made prior to December 15 of the school year following the last school year in which the schoolhouse is open ;

(f) Increased costs resulting from changes in transportation patterns caused by a schoolhouse opening provided that (1) the cost increases can be demonstrated to be a direct result of the opening; (2) the increases result in costs above the formula limitation; and (3) application is made prior to December 15, 1978 or December 15 of the school year following the first school year in which the schoolhouse is open, whichever is later

In the 1978 fiscal year and thereafter, the commissioner shall appropriately adjust the base cost per eligible pupil transported during the 1976 fiscal year to reflect changes in the treatment of depreciation and qualification for depreciation aid resulting from changes in school bus fleet ownership from district owned and managed to privately owned and contracted or from privately owned and contracted to district owned and managed. Failing to successfully negotiate such a plan by the beginning date of a new master contract, the provisions of subdivision 6b shall apply. The provisions of section 179.72 shall not apply for the purposes of this subdivision.

Sec. 48. Minnesota Statutes 1976, Section 125.12, Subdivision 6b, is amended to read:

The unrequested leave shall be effective at the close of the school year. In placing teachers on unrequested leave, the board shall be governed by the following provisions:

(a) The board may place probationary teachers on unrequested leave first in the inverse order of their employment. No teacher who has acquired continuing contract rights shall be placed on unrequested leave of absence while probationary teachers are retained

in positions for which the teacher who has acquired continuing contract rights is certified;

(b) Teachers who have acquired continuing contract rights shall be placed on unrequested leave of absence in fields in which they are certified in the inverse order in which they were employed by the school district. In the case of merger of classes caused by consolidation of districts or in the case of equal seniority, the order in which teachers who have acquired continuing contract rights shall be placed on unrequested leave of absence in fields in which they are certified shall be negotiable;

(c) Notwithstanding clauses (a) and (b), if either the placing of a probationary teacher on unrequested leave before a teacher who has acquired continuing rights or the placing of a teacher who has acquired continuing contract rights on unrequested leave before another teacher who has acquired continuing contract rights but who has greater seniority would place the district in violation of its affirmative action program, the district may retain the probationary teacher or the teacher with less seniority;

(d) Teachers placed on unrequested leave of absence shall be reinstated to the positions from which they have been given leaves of absence or, if not available, to other available positions in the school district in fields in which they are certified. Reinstatement shall be in the inverse order of placement on leave of absence. The order of reinstatement of teachers who have equal seniority and who are placed on unrequested leave in the same school year shall be negotiable;

(e) Teachers, other than probationary teachers, terminated under Minnesota Statutes 1971, Section 125.12, Subdivision 6, Clause (e), in the 1973-74 school year shall be reinstated to the positions from which they have been terminated or, if not available, to other available positions in the school district in fields in which they are certified. Reinstatement shall be in the order of seniority. The order of reinstatement of continuing contract teachers who have equal seniority and who are terminated under Minnesota Statutes 1971, Section 125.12, Subdivision 6, Clause (e) in the 1973-74 school year shall be negotiable. These teachers shall also be subject to clauses (f), (g), (h), (i) and (k) of this subdivision.

(f) No appointment of a new teacher shall be made while there is available, on unrequested leave, a teacher who is properly certified to fill such vacancy, unless the teacher fails to advise the school board within 30 days of the date of notification that a position is available to him, that he may return to employment and that he will assume the duties of the position to which appointed on a future date determined by the board;

(g) A teacher placed on unrequested leave of absence may engage in teaching or any other occupation during the period of this leave;

(h) The unrequested leave of absence shall not impair the

continuing contract rights of a teacher or result in a loss of credit for previous years of service;

(i) The unrequested leave of absence of a teacher *who is placed on unrequested leave of absence prior to January 1, 1978 and who is not reinstated shall continue for a period of two years after which the right to reinstatement shall terminate; the unrequested leave of absence of a teacher who is placed on unrequested leave of absence on or after January 1, 1978 and who is not reinstated shall continue for a period of five years, provided the teacher files with the board by April 1 each year a written statement requesting reinstatement, after which the right to reinstatement shall terminate;*

(j) The same provisions applicable to terminations of probationary or continuing contracts in subdivisions 3 and 4 shall apply to placement on unrequested leave of absence;

(k) Nothing in this subdivision shall be construed to impair the rights of teachers placed on unrequested leave of absence to receive unemployment compensation if otherwise eligible.

With regard to vocational education teachers the board of teaching shall adopt and maintain as its rules the *rules of the state plan board* for vocational education.

However, a school district may deny a request for an extended leave of absence if the board determines that the leave would not produce a cost savings to the district or would produce a hardship for the district due to its inability to find an adequate replacement. If a teacher's request is denied, this denial shall be subject to the grievance procedure established pursuant to section 179.70 or pursuant to the grievance procedure specified in the collective bargaining agreement in force in that district. Extended leaves of absence pursuant to this section shall not exceed five years in duration. (a) the product of the district's foundation aid formula allowance under section 124.212 for the school year in which the levy is certified times the number of pupil units computed for that district under sections 124.17 for the school year in which the levy is certified; plus the district's estimated aid entitlement pursuant

to section 124.20 for the summer school which begins in the school year in which the levy is certified; plus

(b) that district's entitlement, for the year in which the levy is certified, for transportation aid pursuant to section 124.222, special education aid pursuant to section 124.32, secondary vocational aid pursuant to section 124.573 and secondary vocational aid for handicapped children pursuant to section 124.574.

(2) If a district levies the full 107 percent of its entitlement under clause (1) for a school year and that amount is less than the aid to which the district would actually have been entitled under sections 124.212, 124.20, 124.222, 124.32, 124.573 or 124.574, the district may adjust its levies in the succeeding years to make up this difference. The amount by which the district is allowed to adjust its levies in the succeeding years pursuant to this clause shall be recorded as a receivable in the school year to which the aids are attributable.

(3) If a district levies pursuant to clause (1) for a school year and the amount levied is greater than the aid to which the district would actually have been entitled under sections 124.212, 124.20, 124.222, 124.32, 124.573 or 124.574, the district shall reduce its levies in the succeeding years by the amount of this difference.

(4) However, if the amount of the difference in clause (2), when calculated as an addition to the original levy for that year, would have exceeded the millage limitation in section 275.125, subdivision 2a, clause (1) or (2) in that year, the state shall pay the amount of aid to which the district is entitled for that school year which exceeds the amount attributable to that aid for which it could have levied for that year pursuant to this subdivision.

(5) If the district is unable to levy the full 107 percent of its entitlement for a school year because of the millage limitation in section 275.125, subdivision 2a, clause (1) or (2), the state shall pay the amount of aid under sections 124.212, 124.20, 124.222, 124.32, 124.573 or 124.574 to which the district is entitled for that school year which exceeds the amount attributable to that aid for which it was allowed to levy pursuant to this subdivision.

(6) Prior to the certification of levies, the commissioner of education shall notify an applicable district that it is subject to the levy limitation of this subdivision and of its estimated entitlements pursuant to sections 124.212, 124.20, 124.222, 124.32, 124.573 and 124.574. The commissioner shall decide that a district is subject to this levy limitation if it appears reasonably certain that the maximum levy allowed that district pursuant to section 275.125, subdivision 2a, clause (1) or (2) will exceed the district's foundation aid formula allowance times the number of pupil units computed for that district under section 124.17 for that corresponding year. If, upon the order of the commissioner, the district levies pursuant to this subdivision but the maximum levy allowed that district pursuant to section 275.125, subdivision 2a, clause (1) or (2) would not actually have exceeded the district's foundation aid formula allowance times the number of pupil units computed for that district under section 124.17 for that correspond-

ing year, the district shall reduce its levy for the next year by the amount by which the levy certified pursuant to this subdivision exceeded the amount the district could have levied under subdivision 2a, clause (1) or (2). Also in that case, the district shall receive all aids from the state pursuant to sections 124.212, 124.20, 124.222, 124.32, 124.573 and 124.574 to which it would otherwise have been entitled were it not for the levy certified pursuant to this subdivision.

(7) Nothing within the provisions of this subdivision shall be construed to affect any other levy under section 275.125, including levies made pursuant to section 275.125, subdivision 2a, clause (4), to which a district is otherwise entitled.

(8) A levy made by a district pursuant to the provisions of this subdivision shall be construed to be the levy made by that district pursuant to subdivision 2a, clause (1) and (2) of this section for purposes of statutory cross-reference.

Sec. 66. Minnesota Statutes 1976, Section 275.125, Subdivision 6, is amended to read:

Subd. 6. (1) In 1975 Any district in which the 1970-1971 adjusted maintenance cost per pupil unit in average daily membership was greater than \$663 per pupil unit may levy the greater of (a) an amount per pupil unit which is equal to or less than the difference between the 1970-1971 adjusted maintenance cost per pupil unit in average daily membership and \$663 per pupil unit or (b) if the district counts pupil units pursuant to section 124.17, subdivision 1, clause (6) and has at least two percent fewer pupil units in the year in which the levy is made than in the preceding school year, an amount which is equal to or less than the amount raised by the number of mills levied in 1977 pursuant to this subdivision times the adjusted assessed valuation of the taxable property in the district for the preceding year; provided, however, that the amount which the district may levy pursuant to clause (b) shall not increase in any year to more than the product of the amount raised in the previous year pursuant to this subdivision times the ratio of the foundation aid formula allowance per pupil unit for that district in the year in which the levy is certified divided by the foundation aid formula allowance per pupil unit for that district in the previous year. Provided, however, that a district with boundaries coterminous with the boundaries of a city of the first class which was affected by the limitation of an extra levy not to exceed 1.9 mills times the adjusted assessed valuation of the district shall be allowed to may levy the greater of (a) an amount per pupil unit which is equal to 2.0 mills times the 1974 adjusted assessed valuation of the district, divided by the number of pupil units in the district in 1975-1976 or (b) if the district counts pupil units pursuant to section 124.17, subdivision 1, clause (6) and has at least two percent fewer pupil units in the year in which the levy is made than in the preceding school year, an amount which is equal to or less than the amount raised by the number of mills levied in 1977 pursuant to this subdivision times the adjusted assessed valuation of the taxable property in the

district for the preceding year; provided, however, that the amount which the district may levy pursuant to clause (b) shall not increase in any year to more than the product of the amount raised in the previous year pursuant to this subdivision times the ratio of the foundation aid formula allowance per pupil unit for that district in the year in which the levy is certified divided by the foundation aid formula allowance per pupil unit for that district in the previous year.

As used in this subdivision, the term "foundation aid formula allowance per pupil unit" shall have the same meaning as provided in section 124.32, subdivision 1(a).

(2) In 1976 and each year thereafter, any district which qualified in 1975 for an extra levy under clause (1) shall be allowed to levy the same amount per pupil unit allowed by that clause.

(3) (2) For purposes of computing allowable levies under this subdivision, pupil units shall include only those units identified in section 124.17, subdivision 1, clauses (1), (2), (6) and (7). The provisions of this clause shall not affect or modify any district's 1970-1971 adjusted maintenance cost per pupil unit in average daily membership.

Sec. 67. Minnesota Statutes, 1977 Supplement, Section 275.125, Subdivision 9, is amended to read:

Subd. 9. (1) Districts which receive payments which result in deductions from foundation aid pursuant to section 124.212, subdivision 8a, clause (1), shall reduce the permissible levies authorized by subdivisions 3 to 14 by that portion of the previous year's payment not deducted from foundation aid on account of the payment. The levy reductions shall be made in the proportions that each permissible levy bears to the sum of the permissible levies. Reductions in levies pursuant to this clause, subdivision 10 of this section, and section 273.138, shall be made prior to the reductions in clause (2).

(2) Notwithstanding any other law to the contrary, districts which received payments pursuant to sections 294.21 to 294.28; 298.23 to 298.28; 298.32; 298.34 to 298.39; 298.391 to 298.396; 298.405; 298.51 to 298.67; and any law imposing a tax upon severed mineral values, or under any other law distributing proceeds in lieu of ad valorem tax assessments on copper or nickel properties; shall not include a portion of these aids in their permissible levies pursuant to those sections, but instead shall reduce the permissible levies authorized by this section to be certified in the calendar year in which the deduction from foundation aid is made pursuant to section 124.212, subdivision 8a, by the portion of the previous fiscal year's payment which was not deducted from foundation aid in that calendar year pursuant to section 124.212, subdivision 8a by the greater of the following:

(a) an amount equal to 50 percent of the total dollar amount of the payments received pursuant to those sections in the previous fiscal year; or

(b) an amount equal to the total dollar amount of the payments received pursuant to those sections in the previous fiscal year less the product of the same dollar amount of payments times the ratio of the maximum levy allowed the district under section 275.125, subdivision 2a, to the total levy allowed the district under section 275.125 in the year in which the levy is certified .

(3) No reduction pursuant to this subdivision shall reduce the levy made by the district pursuant to subdivision 2a, clause 1 or 2, to an amount less than the amount raised by a levy of 10 mills times the adjusted assessed valuation of that district for the preceding year as determined by the equalization aid review committee. The amount of any increased levy authorized by referendum pursuant to subdivision 2a, clause (4) shall not be reduced pursuant to this subdivision. The amount of any levy authorized by subdivision 4, to make payments for bonds issued and for interest thereon, shall not be reduced pursuant to this subdivision.

(4) Before computing the reduction pursuant to this subdivision of the capital expenditure levy authorized by section 275.125, subdivision 11a, the commissioner shall ascertain from each affected school district the amount it proposes to levy for capital expenditures pursuant to that subdivision. The reduction of the capital expenditure levy shall be computed on the basis of the amount so ascertained.

(5) Notwithstanding any law to the contrary, any amounts received by districts in any fiscal year after fiscal year 1975 pursuant to sections 294.21 to 294.28; 298.23 to 298.28; 298.34 to 298.39; 298.391 to 298.396; 298.405; 298.51 to 298.67; or any law imposing a tax on severed mineral values, or under any other law distributing proceeds in lieu of ad valorem tax assessments on copper or nickel properties; and not deducted from foundation aid pursuant to section 124.212, subdivision 8a, clause (2), and not applied to reduce levies pursuant to this subdivision shall be paid by the district to the commissioner of finance in the following amounts pursuant to this clause on the designated dates: on or before March 15, 1977, 20 percent of the amounts received in fiscal 1976 and not deducted from foundation aid in August 1976 and not applied to reduce 1976 payable 1977 levies; on or before March 15, 1978, 60 percent of the amounts received in fiscal 1977 and not deducted from foundation aid and not applied to reduce 1977 payable 1978 levies; on or before March 15, 1979 and March 15 of each year thereafter, 100 percent of the amounts received in the preceding fiscal year and not deducted from foundation aid and not applied to reduce levies certified in the preceding October . Any amounts received by districts in any fiscal year after fiscal year 1977 pursuant to the sections specified in this clause shall be paid by the district to the commissioner of finance in the following amounts on the designated dates: on or before March 15, 1979 and March 15 of each year thereafter, 100 percent of the amount required to be subtracted from the previous fiscal year's foundation aid pursuant to section 124.212, subdivision 8a, which is in excess of the foundation aid earned for that fiscal year. The commissioner of finance shall deposit any amounts received pursuant

to this clause in the taconite property tax relief fund in the state treasury, established pursuant to section 16A.70 for purposes of paying the taconite homestead credit as provided in section 273.135.

Sec. 68. Minnesota Statutes, 1977 Supplement, Section 275.125, Subdivision 13, is amended to read:

Subd. 13. Districts maintaining a post-secondary vocational-technical school ~~shall~~ *may* levy for post-secondary vocational-technical purposes as follows:

(1) For districts in cities of the first class, one-half mill, exclusive of debt service, times the adjusted assessed valuation of the taxable property of the district for the preceding year as determined by the equalization aid review committee.

(2) For districts formed pursuant to Laws 1967, Chapter 822, as amended, and Laws 1969, Chapters 775 and 1060 as amended, one-half mill, exclusive of debt service, times the adjusted assessed valuation of the taxable property of the district for the preceding year as determined by the equalization aid review committee.

(3) For other districts maintaining post-secondary vocational schools, one mill, exclusive of debt service, times the adjusted assessed valuation of the taxable property of the district for the preceding year as determined by the equalization aid review committee.

Sec. 69. Minnesota Statutes 1976, Section 275.125, Subdivision 15, is amended to read:

Subd. 15. ~~Any district which in any year levies an amount which is greater than the amount allowed by subdivisions 2a to 14, shall lose an amount of state foundation aid equal to one-half of the excess in the levy. However, if any school district levy is found to be excessive as a result of a decision of the tax court of appeals or a redetermination by the equalization aid review committee under section 124.212, subdivisions 11 to 18 or for any other reason, the amount of the excess shall be deducted from the levy certified in the next year for the same purpose; provided that if no levy is certified in the next year for the same purpose or if the amount certified is less than the amount of the excess, the excess shall be deducted from that levy and the levy certified pursuant to subdivision 2a. The amount of aid lost shall be deducted from the aid which would otherwise have been received for the school year which commences in the calendar year during which the excessive levy is being collected. Any foundation aid so withheld shall be withheld in accordance with the procedures specified in section 124.15. If any aid entitlement pursuant to sections 124.212, 124.222 and 124.245 would have been increased in a prior year as a result of a decision of the tax court of appeals or a redetermination by the equalization aid review committee, the amount of the increase shall be added to the current aid entitlement for the same purposes.~~

Sec. 70. Minnesota Statutes 1976, Section 275.125, Subdivision 16, is amended to read:

Subd. 16. For the purposes of this section, the number of *resident* pupil units in average daily membership shall be computed in accordance with section 124.17, provided that the district may use an estimated average daily membership for the current school year. Any district which increased its pupil units, exclusive of consolidation, or merger of districts, or change of definition of pupil units by more than five percent from one year to another *for two consecutive years* may use an estimated pupil unit count for the next succeeding school year for determining a levy certified in the current year. If as a result of such estimate the levy is different from the amount that could actually have been levied under this section had such levy been based upon the pupil units computed under section 124.17 for that school year, ~~then in that event~~ the authorized levy for the following year shall be adjusted for the difference.

Sec. 71. Minnesota Statutes 1976, Section 275.125, Subdivision 18, is amended to read:

Subd. 18. By November 1 of each year each district shall ~~submit to notify~~ the commissioner of education a ~~certificate~~ of the *levies certified in* compliance with the levy limitations of this section. The commissioner of education shall ~~prescribe the form of this certificate notification~~.

Sec. 72. Minnesota Statutes 1976, Section 275.48, is amended to read:

275.48 [ADDITIONAL TAX LEVIES IN CERTAIN MUNICIPALITIES.] Whenever by virtue of chapter 278, sections 270.07, 375.192, or otherwise, the assessed valuation of any city, township or school district for any taxable year is reduced after the taxes for such year have been spread by the county auditor and whenever the mill rate as determined by the county auditor based upon the original assessed valuation is applied upon such reduced valuations and does not produce the full amount of taxes as actually levied and certified for such taxable year upon the original assessed valuations, such city, township or school district may include in its tax levy made following final determination and notice of such reduction in assessed valuation, an amount equal to the difference between (1) the total amount of taxes actually levied and certified for such taxable year upon the original assessed valuation, not exceeding the maximum amount which could be raised upon such assessed valuation as reduced, within existing mill limitations, if any, and (2) the amount of taxes collected for such taxable year upon such reduced valuations. *However, if a school district receives aid payment adjustments pursuant to section 124.214, subdivision 2, it may only include in its tax levy an amount equal to the difference between (1) the total amount of taxes actually levied and certified for such taxable year upon the original assessed valuation, not exceeding the maximum amount which could be raised upon such assessed valuation as reduced, within existing mill limitations, if any, and (2) an amount equal*

to the amount of taxes collected for such taxable year upon such reduced valuations, plus the amount of any increased aid received by the district as a result of those aid adjustments.

The amount of taxes so included shall be levied separately and shall be levied in addition to all limitations imposed by law; and further shall not result in any penalty in the nature of a reduction in state aid of any kind.

Sec. 73. Minnesota Statutes, 1977 Supplement, Section 298.28, Subdivision 1, is amended to read:

298.28 [DIVISION AND DISTRIBUTION OF PROCEEDS.]
Subdivision 1. The proceeds of the taxes collected under section 298.24, except the tax collected under section 298.24, subdivision 2, shall, upon certificate of the commissioner of revenue to the general fund of the state, be paid by the commissioner of revenue as follows:

(1) 2.5 cents per gross ton of merchantable iron ore concentrate, hereinafter referred to as "taxable ton", to the city or town in which the lands from which taconite was mined or quarried were located or within which the concentrate was produced. If the mining, quarrying, and concentration, or different steps in either thereof are carried on in more than one taxing district, the commissioner shall apportion equitably the proceeds of the part of the tax going to cities and towns among such subdivisions upon the basis of attributing 40 percent of the proceeds of the tax to the operation of mining or quarrying the taconite, and the remainder to the concentrating plant and to the processes of concentration, and with respect to each thereof giving due consideration to the relative extent of such operations performed in each such taxing district. His order making such apportionment shall be subject to review by the tax court of appeals at the instance of any of the interested taxing districts, in the same manner as other orders of the commissioner.

(2) 12.5 cents per taxable ton to the taconite municipal aid account in the apportionment fund of the state treasury, to be distributed as provided in section 298.282.

(3) 29 cents per taxable ton to school districts to be distributed as follows:

(a) 6 cents per taxable ton to the school districts in which the lands from which taconite was mined or quarried were located or within which the concentrate was produced. The commissioner shall follow the apportionment formula prescribed in clause (1).

(b) 23 cents per taxable ton, less any amount distributed under part (c) and part (d), shall be distributed to a group of school districts comprised of those school districts wherein the taconite was mined or quarried or the concentrate produced or in which there is a qualifying municipality as defined by section 273.134 or in which is located property which is entitled to the reduction of tax pursuant to section 273.135, subdivision 2, clause (c). The 23 cents, less any amount distributed under part (c) and

part (d) , shall be distributed in direct proportion to school district tax levies as follows: each district shall receive that portion of the total distribution which its permitted levy for the prior year, computed pursuant to section 275.125, comprises of the sum of permitted levies for the prior year for all qualifying districts, computed pursuant to section 275.125. ~~That portion of~~ The amount so distributed to a school district which is not deducted from state aids in sections 124.212, subdivision 8a computed as a reduction of the school district levies pursuant to section 275.125, subdivision 9, shall be included in computing the permissible levies under section 275.125. For purposes of distributions pursuant to this part, permitted levies for the prior year computed pursuant to section 275.125 shall not include the amount of any increased levy authorized by referendum pursuant to section 275.125, subdivision 2a, clause (4).

(c) There shall be distributed to any school district the amount which the school district was entitled to receive under section 298.32 in 1975.

(d) 25 percent of the tax remaining in part (b) after deduction of the distribution pursuant to part (c) shall be distributed to a group of school districts comprised of those school districts wherein the taconite was mined or quarried or the concentrate produced or in which there is a qualifying municipality as defined by section 273.134 or in which is located property which is entitled to the reduction of tax pursuant to section 273.135, subdivision 2, clause (c). It shall be distributed to such qualifying school districts by dividing the amount herein provided by the direct proportion of such school districts' pupil units to the total pupil units of such qualifying districts. Notwithstanding the provisions of section 124.212, subdivision 8a, clause (2) and the provisions of section 275.125, subdivision 9, clause (2) or any other law to the contrary, the amount which a school district is entitled to receive pursuant to this clause shall not be applied to reduce foundation aids which such school district is entitled to receive pursuant to section 124.212 or the permissible levies of the district.

(4) 19.5 cents per taxable ton to counties to be distributed as follows:

(a) 15.5 cents per taxable ton shall be distributed to the county in which the taconite is mined or quarried or in which the concentrate is produced, less any amount which is to be distributed pursuant to part (b). The commissioner shall follow the apportionment formula prescribed in clause (1).

(b) If an electric power plant owned by and providing the primary source of power for a taxpayer mining and concentrating taconite is located in a county other than the county in which the mining and the concentrating processes are conducted, one cent per taxable ton of the tax distributed to the counties pursuant to part (a) and imposed on and collected from such taxpayer shall be distributed by the commissioner of revenue to the county in which the power plant is located.

(c) 4 cents per taxable ton shall be paid to the county from which the taconite was mined, quarried or concentrated to be deposited in the county road and bridge fund. If the mining, quarrying and concentrating, or separate steps in any of those processes are carried on in more than one county, the commissioner shall follow the apportionment formula prescribed in clause (1).

(5) (a) 25.75 cents per taxable ton, less any amount required to be distributed under part (b), to the taconite property tax relief account in the apportionment fund in the state treasury, to be distributed as provided in sections 273.134 to 273.136.

(b) If an electric power plant owned by and providing the primary source of power for a taxpayer mining and concentrating taconite is located in a county other than the county in which the mining and the concentrating processes are conducted, .75 cent per taxable ton of the tax imposed and collected from such taxpayer shall be distributed by the commissioner of revenue to the county and school district in which the power plant is located as follows: 25 percent to the county and 75 percent to the school district.

(6) 1 cent per taxable ton to the state.

(7) 3 cents per taxable ton shall be deposited in the state treasury to the credit of the iron range resources and rehabilitation board account in the special revenue fund for the purposes of section 298.22. Of this amount, one cent per taxable ton is to be used to provide environmental development grants to local governments located within any county in region 3 as defined in governor's executive order number 60 issued on June 12, 1970, which does not contain a municipality qualifying pursuant to section 273.134.

(8) the amounts determined under clauses (4) (a), (4) (c), and (5) shall be increased in 1979 and subsequent years in the same proportion as the increase in the steel mill products index as provided in section 298.24, subdivision 1.

(9) the proceeds of the tax imposed by section 298.24 which remain after the distributions in clauses (1) to (8) and parts (a), (b), (c), and (d) of this clause have been made shall be divided between the taconite environmental protection fund created in section 298.223 and the northeast Minnesota economic protection fund created in section 298.292 as follows: In 1978, 1979, 1980, 1981, and 1982, two-thirds to the taconite environmental protection fund and one-third to the northeast Minnesota economic protection fund; in 1983 and thereafter, one-half to each fund. The proceeds shall be placed in the respective special accounts in the general fund.

(a) In 1978 and each year thereafter, there shall be distributed to each city, town, school district, and county the amount that they received under section 294.26 in calendar year 1977.

(b) In 1978 and each year thereafter, there shall be distributed to the iron range resources and rehabilitation board the amounts it received in 1977 under section 298.22.

(c) In 1978 and each year thereafter, \$50,000 shall be distributed to the department of revenue for auditing and enforcing the production tax imposed by Laws 1977, Chapter 423, Article 10.

(d) In 1978 and 1979, \$150,000 shall be distributed to the department of revenue for the purpose of administering section 298.48. In 1980 and each year thereafter, \$100,000 shall be distributed to the department of revenue. On or before October 10 of each calendar year each producer of taconite or iron sulphides subject to taxation under section 298.24 (hereinafter called "taxpayer") shall file with the commissioner of revenue and with the county auditor of each county in which such taxpayer operates, and with the chief clerical officer of each school district, city or town which is entitled to participate in the distribution of the tax, an estimate of the amount of tax which would be payable by such taxpayer under said law for such calendar year; provided such estimate shall be in an amount not less than the amount due on the mining and production of concentrates up to September 30 of said year plus the amount becoming due because of probable production between September 30 and December 31 of said year, less any credit allowable as hereinafter provided. Such estimate shall list the taxing districts entitled to participate in the distribution of such tax, and the amount of the estimated tax which would be distributable to each such district in the next ensuing calendar year on the basis of the last percentage distribution certified by the commissioner of revenue. If there be no such prior certification, the taxpayer shall set forth its estimate of the proper distribution of such tax under the law, which estimate may be corrected by the commissioner if he deems it improper, notice of such correction being given by him to the taxpayer and the public officers receiving such estimate. The officers with whom such report is so filed shall use the amount so indicated as being distributable to each taxing district in computing the permissible tax levy of such county, city or school district in the year in which such estimate is made, and payable in the next ensuing calendar year, except that in 1978 and 1979 two cents per taxable ton, and in 1980 and thereafter, one cent per taxable ton of the amount distributed under clause (4) (c) shall not be deducted in calculating the permissible levy. Such taxpayer shall then pay, at the times payments are required to be made pursuant to section 298.27, as the amount of tax payable under section 298.24, the greater of (a) the amount shown by such estimate, or (b) the amount due under said section as finally determined by the commissioner of revenue pursuant to law. If, as a result of the payment of the amount of such estimate, the taxpayer has paid in any calendar year an amount of tax in excess of the amount due in such year under section 298.24, after application of credits for any excess payments made in previous years, all as determined by the commissioner of revenue, the

any taxes which, under said section, may become due from the taxpayer in subsequent years. In any calendar year in which a general property tax levy subject to sections 275.125 or 275.50 to 275.59 has been made, if the taxes distributable to any such county, city or school district are greater than the amount estimated to be paid to any such county, city or school district in such year, the excess of such distribution shall be held in a special fund by the county, city or school district and shall not be expended until the succeeding calendar year, and shall be included in computing the permissible levies under sections 275.125 or 275.50 to 275.59, of such county, city or school district payable in such year. If the amounts distributable to any such county, city or school district, after final determination by the commissioner of revenue under this section are less than the amounts indicated by such estimates, such county, city or school district may issue certificates of indebtedness in the amount of the shortage, and may include in its next tax levy, in excess of the limitations of sections 275.125 or 275.50 to 275.59 an amount sufficient to pay such certificates of indebtedness and interest thereon, or, if no certificates were issued, an amount equal to such shortage.

There is hereby annually appropriated to such taxing districts as are stated herein, to the taconite property tax relief account and to the taconite municipal aid account in the apportionment fund in the state treasury, to the department of revenue, to the iron range resources and rehabilitation board, to the taconite environmental protection fund, and to the northeast Minnesota economic protection fund, from any fund or account in the state treasury to which the money was credited, an amount sufficient to make the payment or transfer. The payment of the amount appropriated to such taxing districts shall be made by the commissioner of revenue on or before May 15 annually.

Sec. 74. Minnesota Statutes 1976, Section 298.39, is amended to read:

298.39 [DISTRIBUTION OF PROCEEDS.] The proceeds of the tax collected under section 298.35 shall be distributed by the state treasurer, upon certificate of the commissioner of revenue to the general fund of the state and to the various taxing districts in which the lands from which the semi-taconite was mined or quarried were located in the following proportions: 22 percent thereof to the city or town; 50 percent thereof to the school district; 22 percent thereof to the county; six percent thereof to the state. If the mining and concentration, or different steps in either thereof are carried on in more than one taxing district, the commissioner shall apportion equitably the proceeds of the part of the tax going to cities or towns among such subdivisions, and the part going to school districts among such districts, and the part going to counties among such counties, upon the basis of attributing 40 percent of the proceeds of the tax to the operation of mining or quarrying the semi-taconite, and the remainder to the concentrating plant and to the processes of concentration, and with respect to each thereof giving due consideration to the relative extent of such

operations performed in each such taxing district. His order making such apportionment shall be subject to review by the tax court of appeals at the instance of any of the interested taxing districts, in the same manner as other orders of the commissioner. The amount so distributed shall be divided among the various funds of the state, or of the taxing districts in the same proportion as the general ad valorem tax thereof. If in any year the state shall not spread any general ad valorem tax levy against real property, the state's proportion of the tax shall be paid into the general fund. The amount distributed to any city and one third in 1971 and that portion not deducted from state aids in section 124.212, subdivision 8, thereafter of the amount distributed to any school district under the provisions hereof which is computed as a reduction of the school district levies pursuant to section 275.125, subdivision 9, shall be included in computing the permissible levies of such city or school district under sections 275.11 or 275.125, but shall not be included in computing mill rate limitations, including cost of living adjustments thereof, so long as the levies do not exceed the limitations provided by said sections 275.11 or 275.125. On or before October 10 of each calendar year each producer of semi-taconite subject to taxation under section 298.35, hereinafter called "taxpayer," shall file with the commissioner of revenue and with the county auditor of each county in which such taxpayer operates, and with the chief clerical officer of each school district or city which is entitled to participate in the distribution of the tax, an estimate of the amount of tax which would be payable by such taxpayer under said law for such calendar year; provided such estimate shall be in an amount not less than the amount due on the mining and production of concentrates up to September 30 of said year plus the amount becoming due because of probable production between September 30 and December 31 of said year, less any credit allowable as hereinafter provided. Such estimate shall list the taxing districts entitled to participate in the distribution of such tax, and the amount of the estimated tax which would be distributable to each such district in such next ensuing calendar year on the basis of the last percentage distribution certified by the commissioner of revenue. If there be no such prior certification, the taxpayer shall set forth its estimate of the proper distribution of such tax under the law, which estimate may be corrected by the commissioner if he deems it improper, notice of such correction being given by him to the taxpayer and the public officers receiving such estimate. The officers with whom such report is so filed shall use the amount so indicated as being distributable to each taxing district except in the case of school districts one third in 1971 and that portion not deducted from state aids in section 124.212, subdivision 8, thereafter of the indicated amount which is computed as a reduction of school district levies pursuant to section 275.125, subdivision 9, is to be used in computing, pursuant to sections 275.11 or 275.125, the permissible tax levy of such city or school district in the year in which such estimate is made, and payable in the next ensuing calendar year. Such taxpayer shall then pay, at the times payments are required to be made pursuant to section 298.36, as the amount of tax payable under section 298.35, the greater of (a) the amount shown

by such estimate, or (b) the amount due under said section as finally determined by the commissioner of revenue pursuant to law. If, as a result of the payment of the amount of such estimate, the taxpayer has paid in any calendar year an amount of tax in excess of the amount due in such year under section 298.35, after application of credits for any excess payments made in previous years, all as determined by the commissioner of revenue, the taxpayer shall be given credit for such excess amount against any taxes which, under said section, may become due from the taxpayer in subsequent years. In any calendar year in which a general property tax levy subject to sections 275.11 or 275.125 has been made, if the taxes distributable to any such city or school district are greater than the amount estimated to be paid to any such city or school district in such year, the excess of such distribution shall be held in a special fund by the city or school district and shall not be expended until the succeeding calendar year, and shall be included in computing the permissible levies under sections 275.11 or 275.125 of such city or school district payable in such year. If the amounts distributable to any such city or school district, after final determination by the commissioner of revenue under this section are less than the amounts indicated by such estimates, such city or school district may issue certificates of indebtedness in the amount of the shortage, and may include in its next tax levy, in excess of the limitations of sections 275.11 or 275.125 an amount sufficient to pay such certificates of indebtedness and interest thereon, or, if no certificates were issued, an amount equal to such shortage.

There is hereby appropriated to such taxing districts as are stated herein, from any fund or account in the state treasury to which the money was credited, an amount sufficient to make the payment or transfer.

Sec. 75. Minnesota Statutes 1976, Section 298.396, is amended to read:

If the agglomerating facility is located in more than one tax district, the commissioner shall apportion equitably the proceeds of the part of the tax going to cities or towns among such subdivisions, and the part going to school districts among such districts, and the part going to counties among such counties, giving due consideration to the relative extent of the facilities located in each such taxing district. His order making such apportionment shall be subject to review by the tax court of appeals at the instance of any of the interested taxing districts, in the same manner as other orders of the commissioner. The amount to be distributed among the several taxing districts of the state shall be divided by such districts among the funds of such districts in

the same proportion as the general ad valorem tax thereof. The amount distributed to any city and one-third in 1971 and that portion not deducted from state aids in section 124.212, subdivision 8, thereafter of the amount distributed to any school district under the provisions hereof which is computed as a reduction of the school district levies pursuant to section 275.125, subdivision 9, shall be included in computing the permissible amount of the levies of such city or school district under sections 275.11 or 275.125, but shall not be included in computing mill rate limitations, including cost of living adjustments thereof, so long as the levies do not exceed the limitations provided by said sections 275.11 or 275.125.

Except as may be necessary in connection with any public hearing, the agency shall keep the samples and information confidential if the person submitting them certifies that disclosure of said samples and information would affect the competitive position of the person. If the agency fails to issue an

order prohibiting sale of a package or container within 120 days after the sample was submitted, the agency shall not prohibit it thereafter. The agency may, however, for good cause, order the 120 day period to be extended for an additional period not to exceed 30 days.

"Sec. 19. Minnesota Statutes 1976, Chapter 123, is amended by adding a section to read:

[123.938] [EDUCATIONAL AID FOR NONSECTARIAN NONPUBLIC SCHOOL CHILDREN.] *Subdivision 1. [DEFINITIONS.] As used in this section, the terms defined in this subdivision shall have the meanings ascribed to them.*

(1) "*Nonsectarian nonpublic school*" means any nonpublic school, as defined in section 123.932, subdivision 3, which is not church related, is not controlled by a church, and does not promote a religious belief.

(2) "*Instructional materials*" means books, workbooks, manuals, published materials, periodicals, documents, pamphlets, photographs, reproductions, pictorial or graphic works, musical scores, maps, globes, sound recordings including but not limited to those on discs and tapes, or any other printed and published materials of a similar nature made by any method. The term does not include textbooks or standardized tests as defined in section 123.932. The term includes only such secular, neutral and nonideological materials as are available and of benefit to Minnesota public

school pupils or are made available in public school libraries. The term shall be limited to "school library and audio visual materials" and "instructional supplies" as those terms or their equivalent are described and designated in the manual of instructions for uniform accounting for Minnesota school districts published by the department of education.

(3) "Equipment" means any item that is a moveable unit of furnishing, an instrument, a machine, an apparatus, or set of articles which meets all the following conditions: (a) it retains its original shape and appearance with use, and (b) it is nonexpendable; that is, if the article is damaged or some of its parts are lost or worn out, it is usually more feasible to repair rather than replace it with an entirely new unit. The term shall be limited to secular, neutral, nonideological items and devices which are used by pupils in public schools and shall be limited to items used in courses or curriculum relating to physical education programs, laboratory sciences, mathematical sciences, business training, practical arts and vocational-technical programs.

Subd. 2. The provisions of this section shall apply only to those nonsectarian nonpublic schools which enroll fewer than 300 pupils as of September 15 of the school year for which the instructional materials and equipment are provided. For purposes of the count in this subdivision, each kindergarten pupil shall be counted as one pupil. The provisions of this section shall not apply to nonsectarian nonpublic schools whose primary purpose is to provide programs to preschool children or to children under the age of seven.

Subd. 3. [PURCHASE OR LOAN OF INSTRUCTIONAL MATERIALS.] The state board of education shall promulgate rules under the provisions of chapter 15, requiring that in each school year, based on formal requests by or on behalf of nonsectarian nonpublic school pupils in a nonsectarian nonpublic school, the local districts or intermediary service areas shall purchase or otherwise acquire instructional materials and loan or provide them for use by children enrolled in that nonsectarian nonpublic school. The loan or provision of the instructional materials shall be subject to rules promulgated by the state board of education.

In the case of consumable or nonreusable instructional materials, the title and possession may be surrendered to the nonsectarian nonpublic school pupil for whom they are provided; in the case of nonconsumable or reusable instructional materials the title to same shall remain in the servicing school district or intermediary service area, and possession or custody may be granted or charged to administrators of the nonsectarian nonpublic school attended by the nonsectarian nonpublic school pupil or pupils to whom the instructional materials were loaned.

The cost per pupil of the instructional materials provided for in this subdivision for each school year shall not exceed the statewide average expenditure per pupil by the Minnesota public elementary and secondary schools for instructional materials as computed and established by the department of education by March 1 of the preceding school year from the most recent public school year data

then available. The commissioner shall allot to the school districts or intermediary service areas the total cost for each school year of providing or loaning the instructional materials for the pupils in each nonsectarian nonpublic school which shall not exceed the product of the statewide average expenditure per pupil multiplied by the number of nonsectarian nonpublic school pupils who make requests pursuant to this subdivision and who are enrolled as of September 15 of the current school year.

Subd. 4. [PURCHASE AND PROVISION OR LOAN OF EQUIPMENT.] The state board of education shall promulgate rules under the provisions of Chapter 15, requiring that in each school year, based upon formal requests by or on behalf of nonsectarian nonpublic school pupils in a nonsectarian nonpublic school, the local districts or intermediary service areas shall purchase or otherwise acquire equipment and loan or provide the same for use by pupils enrolled in that nonsectarian nonpublic school. This equipment shall be loaned or provided free to the pupils for the school year for which requested. The loan or provision of the equipment shall be subject to rules promulgated by the state board of education.

The title to the equipment shall remain in the servicing school district or intermediary service area, and possession or custody may be granted or charged to administrators of the nonsectarian nonpublic school attended by the nonsectarian nonpublic school pupil or pupils to whom the equipment is loaned or provided. The commissioner shall allot to the school districts or intermediary service areas the total cost for each school year of providing or loaning the equipment for the pupils in each nonsectarian nonpublic school which shall not exceed the product of \$10 multiplied by the number of nonsectarian nonpublic school pupils who make requests pursuant to this subdivision and who are enrolled as of September 15 of the current school year.

Subd. 5. The educational aids to nonsectarian nonpublic school pupils provided for by this section shall be supplementary to the educational aids and services provided to nonpublic school pupils pursuant to sections 123.931 to 123.937.

Subd. 6. During each school year the commissioner shall make such payments to school districts or intermediary service areas as are needed to meet contractual obligations incurred for the provision of benefits to nonsectarian nonpublic school students pursuant to this section.

Subd. 7. Each year, a school district or intermediary service area may claim and receive from the department of education an additional sum for the actual cost of administration of this section, which shall not exceed an amount equal to five percent of the district's or area's allocation for that year pursuant to this section."

Subd. 3. The agreement, insofar as it relates to the expenditure limits set forth in section 10A.25, remains effective until the dissolution of the principal campaign committee of the candidate or the opening of filings for the next succeeding election to the office held or sought at the time of agreement, whichever occurs first. In no case shall the amount returned exceed the amount received from the state elections campaign fund.

The candidate may submit his signed agreement to the filing officer on the day he files his affidavit of candidacy or petition to appear on the ballot, or he may submit the agreement to the board no later than September 1.

The board prior to the first day of filing for office shall forward forms for the agreement to all filing officers. The filing officer shall without delay forward signed agreements to the board. An agreement may not be rescinded after September 1.

Such estimate shall list the taxing districts entitled to participate in the distribution of such tax, and the amount of the estimated tax which would be distributable to each such district in the next ensuing calendar year on the basis of the last percentage distribution certified by the commissioner of revenue. If there be no such prior certification, the taxpayer shall set forth its estimate of the proper distribution of such tax under the law, which estimate may be corrected by the commissioner if he deems it improper, notice of such correction being given by him to the taxpayer and the public officers receiving such estimate. The officers with whom such report is so filed shall use the amount so indicated as being distributable to each taxing district in computing the permissible tax levy of such county, city or school district in the year in which such estimate is made, and payable in the next ensuing calendar year, except that in 1978 and 1979 two cents per taxable ton, and in 1980 and thereafter, one cent per taxable ton of the amount distributed under clause (4) (c) shall not be deducted in calculat-

ing the permissible levy. Such taxpayer shall then pay, at the times payments are required to be made pursuant to section 298.27, as the amount of tax payable under section 298.24, the greater of (a) the amount shown by such estimate, or (b) the amount due under said section as finally determined by the commissioner of revenue pursuant to law. If, as a result of the payment of the amount of such estimate, the taxpayer has paid in any calendar year an amount of tax in excess of the amount due in such year under section 298.24, after application of credits for any excess payments made in previous years, all as determined by the commissioner of revenue, the taxpayer shall be given credit for such excess amount against any taxes which, under said section, may become due from the taxpayer in subsequent years. In any calendar year in which a general property tax levy subject to sections 275.125 or 275.50 to 275.59 has been made, if the taxes distributable to any such county, city or school district are greater than the amount estimated to be paid to any such county, city or school district in such year, the excess of such distribution shall be held in a special fund by the county, city or school district and shall not be expended until the succeeding calendar year, and shall be included in computing the permissible levies under sections 275.125 or 275.50 to 275.59, of such county, city or school district payable in such year. If the amounts distributable to any such county, city or school district, after final determination by the commissioner of revenue under this section are less than the amounts indicated by such estimates, such county, city or school district may issue certificates of indebtedness in the amount of the shortage, and may include in its next tax levy, in excess of the limitations of sections 275.125 or 275.50 to 275.59 an amount sufficient to pay such certificates of indebtedness and interest thereon, or, if no certificates were issued, an amount equal to such shortage.

There is hereby annually appropriated to such taxing districts as are stated herein, to the taconite property tax relief account and to the taconite municipal aid account in the apportionment fund in the state treasury, to the department of revenue, to the iron range resources and rehabilitation board, to the taconite environmental protection fund, and to the northeast Minnesota economic protection fund, from any fund or account in the state treasury to which the money was credited, an amount sufficient to make the payment or transfer. The payment of the amount appropriated to such taxing districts shall be made by the commissioner of revenue on or before May 15 annually.

Sec. 54. Minnesota Statutes, 1977 Supplement, Section 473.591, Subdivision 3, is amended to read:

Subd. 3. [PROCEEDS; USE.] The collections of the tax, less refunds and a proportionate share of the cost of collection, shall be remitted at least quarterly to the council. *The commissioner of revenue shall deduct from the proceeds remitted to the council an amount that equals the indirect statewide costs as well as the direct and indirect department costs necessary to administer, audit, and collect this tax. The amount deducted shall be de-*

posited in the general fund of the state. The proceeds remitted shall be placed, together with the net revenues of the commission under section 473.595, into the debt service fund or special funds established under section 473.581, subdivisions 4 and 5, provided however that during the first year the tax is imposed pursuant to this section the council may reappropriate to the commission a total amount not to exceed one-half of the proceeds from the first year of the tax, to be used by the commission to pay its expenses related to planning, designing, and locating sports facilities pursuant to sections 473.551 to 473.595. Collection of the tax imposed by this section shall be suspended at the end of any calendar year upon a determination by the metropolitan council that the balance in the debt service fund, including any reserve fund has reached an amount sufficient to pay the principal and interest on bonds which will become due within the next succeeding three year period. Collection shall be resumed by the commissioner of revenue at the end of any calendar year upon notice from the metropolitan council that the balance in the debt service fund, including any reserve fund has fallen below an amount sufficient to pay the principal and interest on bonds which will become due within the next succeeding two year period.

Sec. 55. Laws 1976, Chapter 337, Section 1, Subdivision 2, is amended to read:

Subd. 2. The council shall consist of five members of the house of representatives appointed by the speaker, five members of the senate appointed by the committee on committees, and eight ~~twelve~~ citizens appointed by the governor. At least 50 percent of those appointed by the governor and by the speaker of the house shall be women. Members shall serve ~~until the expiration date of this act~~ for two years or until the expiration of their legislative terms. The compensation of nonlegislator members, their removal from office and the filling of vacancies shall be as provided in section 15.059. The persons appointed by the governor shall be representative of a range of economic interests and vocations and shall include persons who are not regularly employed on a full-time or part-time basis outside their homes.

Sec. 56. Laws 1976, Chapter 337, Section 1, Subdivision 4, is amended to read:

Subd. 4. The council shall report its findings and recommendations to the governor and the legislature not later than December 15, 1977, and shall supplement its findings and recommendations not later than June 30, 1978, and June 30, 1979. The report shall recommend any necessary changes in laws and programs designed to enable women to achieve full participation in the economy. The report shall also recommend methods to encourage the development of coordinated, interdepartmental goals and objectives and the coordination of programs, services and facilities among all state departments and public and private providers of services related to children, youth and families.

Sec. 57. Laws 1976, Chapter 337, Section 4, is amended to read:

Sec. 4. [EXPIRATION DATE.] Sections 1 and 2 of this act shall be effective May 1, 1976 and shall expire June 30, 1978 1979. Section 3 of this act shall be effective July 1, 1976.

Sec. 58. Laws 1977, Chapter 421, Section 13, is amended by adding a subdivision to read:

Subd. 11. [EMPLOYEE STATUS.] Persons employed by a state agency and paid from an appropriation in subdivision 10, are in the unclassified service and their continued employment is contingent upon the availability of money from the appropriation.

Sec. 59. [EDUCATION; REORGANIZATION.] *The commissioner of education with the approval of the commissioner of finance may change the composition of budgetary programs and activities in order to be consistent with the functional organization of the department following the reorganization authorized by the department of administration in January, 1978. No transfer shall be made until the commissioner of education has submitted a plan specifying the relationship between the appropriations made by Laws 1977, Chapter 449, Section 2 and the purposes for which the money is to be expended and encumbered to the chairman of the senate finance committee and the chairman of the house appropriations committee, and the chairmen have made their recommendations thereon.*

Sec. 60. [EDUCATION; FEDERAL MONEY.] *Subdivision 1. In preparing its biennial budget request for fiscal years 1980 and 1981, the department of education shall plan to spend the federal money specified in this section, including any federal money formerly allocated for indirect costs, only for the purposes indicated in this section. Where federal law requires any of this money to be spent for a purpose not indicated in this section, the budget request shall comply with the federal requirement and make a note of it in the explanation of budget request. This section is not intended to restrict the department in requesting state money for any of the purposes for which this federal money was formerly used or for which this section requires it to be used in the future.*

Subd. 2. Federal money received for state vocational education programs pursuant to the Vocational Education Act of 1963, Part B, as amended, and required to be used for vocational education of the disadvantaged and handicapped shall be used only for grants and not for state administrative costs. This does not limit the use of grant money by a school district for its own administrative costs if otherwise permitted by federal law. The remainder not required to be used for eliminating sex bias in vocational education shall be used for grants for post-secondary vocational categorical aid.

Subd. 3. Federal money received pursuant to the Elementary and Secondary Education Act of 1965, Title 4C, as amended, shall be used as a source of money for the venture fund of the Council on Quality Education and, to the extent allowed by federal law, for grants for early childhood and family education made by the Council on Quality Education.

Subd. 4. Federal money received pursuant to the Elementary

and Secondary Education Act of 1965, Title 48, as amended, may be used either for grants or for administrative costs, but only in the instructional services budget activity. This does not limit the use of grant money by a school district for pupil personnel services, evaluation, or any other purpose authorized by federal law.

Subd. 5. Federal money received pursuant to the Library Services and Construction Act, as amended, shall be used for the payment of grants and not for state administrative costs.

Sec. 61. [COUNCIL ON QUALITY EDUCATION; REPORT.] *The state board of education, in consultation with the council on quality education (CQE), shall develop and submit to the legislature by January 1, 1979 a plan, including proposed legislation, to alter the makeup of the CQE the minimum amount necessary to permit it to serve as the Title 4 advisory council. The CQE should retain a majority of lay members, but should not exceed 30 members. The CQE should be responsible for administering the Title 4C grant program, subject to final authority of the state board of education. The plan should allow for the CQE to be consulted in the selection of its staff.*

Sec. 62. [USE OF EXCESS FUEL AND UTILITY FUNDS FOR ENERGY RELATED PROJECTS.] *All other provisions of law notwithstanding, the state university board is authorized to transfer funds appropriated to its maintenance and equipment account for fuel and utility purposes to its repair and betterment account to finance energy-related repairs or betterments, provided that such funds are not required for fuel and utility purposes, the commissioner of finance concurs in each transfer made pursuant to this authority, and provided that the commissioner of finance secures the approval of the chairmen of the senate finance and house appropriations committees for the amount and purpose of each transfer.*

Sec. 63. [CARRY FORWARD OF H.E.C.B. WORK-STUDY, AND CONSORTIUM AND UNIVERSITY MEDICAL CONTINGENT APPROPRIATIONS.] *Notwithstanding any other law to the contrary, any unexpended balance remaining the first year in Laws 1977, Chapter 449, Section 3, Subdivisions 5 and 9 and Section 6, Subdivision 9, shall not cancel but shall be available for the second year of the biennium.*

Sec. 64. [MEDICAL LABORATORY FEE.] *The handling fee of \$1.50 per specimen proposed by the department of health pursuant to Laws 1977, Chapter 453, Section 6, Subdivision 2, is approved and shall be charged from July 1, 1978 to June 30, 1979.*

Sec. 65. [NURSING HOME RATES.] *The reasonable costs to nursing homes of complying with section 144A.611 shall not be subject to any limits on nursing home rates established pursuant to section 256.B.47, subdivision 1.*

Sec. 66. [CERTIFICATE OF NEED.] *Notwithstanding the provisions of sections 145.71 to 145.83, the authority to promulgate rules governing the Minnesota certificate of need act is transferred from the state planning agency to the commissioner of*

health. All rules heretofore promulgated by the state planning agency pursuant to sections 145.71 to 145.83 shall remain in full force and effect until modified or repealed by the commissioner.

Sec. 67. [PUBLIC WELFARE DATA PROCESSING SERVICES FUND.] *Subdivision 1. Until June 30, 1981, the public welfare data processing services fund is established within the state treasury.*

The following receipts for services provided by the department of public welfare shall be deposited in the treasury and credited to the public welfare data processing services fund:

(a) receipts from state agencies, county welfare boards, community mental health boards and other governmental units for whom services have been performed through the use of equipment under the control of the department of public welfare or for production through a system of the department of public welfare;

(b) receipts from the other state governments or private firms in this state for whom the services described in (a) above are performed under formal agreements with the state of Minnesota;

(c) receipts from other accounts of the department of public welfare for the service of key entry documents into machine readable code.

All money in the state treasury credited to the public welfare data processing services fund is annually appropriated to the commissioner of public welfare to be used for the purpose of paying for supplies, expenses and employee salaries and fringe benefit costs necessary in providing the data processing services.

Billing for a service shall be based on the calculated reasonable cost of performing the service. An excess of receipts in the public welfare data processing services fund shall occasion an adjustment of charges for services performed. The adjustments may include credit for prior work performed where the prior rate exceeds the cost by more than ten percent.

Billings to other state agencies or other accounts of the department of public welfare shall be processed in accordance with the department of finance interdepartmental procedure used by other state agency revolving funds. In addition, the commissioner of public welfare may require from state agencies, county welfare boards, and other governmental units for whom services are being performed advance payments to this fund sufficient to cover the department's or agency's estimated obligation for a period of at least 60 days.

Subd. 2. The commissioner of public welfare shall report in the biennial budget document on the finances and operations of the public welfare data processing services fund.

Sec. 68. [LEGISLATIVE COMMISSION ON PRIORITIES.] *Subdivision 1. [MEMBERS.] The legislative commission on priorities consists of the following 18 members: Six members of the senate and three members of the public appointed by the sub-*

committee on committees, and six members of the house and three members of the public appointed by the speaker. The members shall elect a chairperson to serve for a two year term, to be succeeded by a chairperson from the other body. Members of the legislature shall serve for their term of office and members of the public shall serve for the terms of members of the house, unless earlier replaced by their appointing authority. Compensation of public members shall be as provided for members of advisory committees in Minnesota Statutes, Section 15.059.

Subd. 2. [DEVELOPMENT OF LIST.] The commission shall develop a list of priority matters that should be addressed by the legislature and its standing committees in the following five year period. The list shall allocate priority matters to each of the five years. The primary effort of the commission shall be to identify problems that need to be addressed by the legislature and rank their importance against one another, rather than to develop specific solutions to those problems. The commission shall seek the broadest possible citizen advice in identifying problems, and shall employ the most rigorous factual analysis in ranking these problems in the order of their importance to the people of the state as a whole. In this analysis, the commission shall consider, among other factors, (1) the relative degree of interest throughout the state in the matter, (2) the urgency of the matter, (3) the degree to which the matter has not been adequately addressed in prior legislation, (4) the degree to which the matter will improve the well-being of residents of the state generally, (5) the possible adverse effects upon particular persons or resources in the state, and (6) the degree to which legislative intervention is appropriate and desirable. In developing its list of priorities, the commission shall consult with and consider the recommendations of the chairmen and members of standing committees.

Subd. 3. [REPORT.] Following agreement upon its list of priorities, the commission shall refer the priority matters to the chairman of the senate committee on rules and administration, the speaker of the house, and the appropriate standing committees for development of the necessary legislation, or shall cause legislation to be drafted and introduced, as appropriate. The commission shall report to the legislature its recommendations in this regard by the first day of the regular session in each year, and may make preliminary reports before then.

Subd. 4. [STAFF; SERVICES.] The legislative coordinating commission shall provide the commission with office space and administrative support services. The legislative commission on priorities may call upon the services of existing legislative staff for the period when those services are necessary. The legislative coordinating commission and the standing committees shall assist the commission on priorities by making these staff available to it. To the extent it is not possible to use existing legislative staff, the commission may hire additional staff and contract for specialized professional and technical services.

Subd. 5. [APPROPRIATION.] The sum of \$200,000 is appro-

priated to the legislative commission on priorities for the period ending June 30, 1979, to be used for the purposes of this section.

Subd. 6. [EXPIRATION.] This section expires June 30, 1981.

Sec. 69. [REPEALER.] Minnesota Statutes 1976, Sections 3.732, Subdivision 4; 16.171; 60A.13, Subdivisions 3 and 4; 162.19; 325.64; 325.65; 325.66; 325.67; 325.68; 325.69; 325.70; 325.71; 325.72; 325.73; 325.74; 325.75; 325.76; and 363.122, are repealed.

Sec. 70. [EFFECTIVE DATE.] This act is effective the day following final enactment, except that section 47 is effective July 1, 1978."

Subd. 2. [APPLICATIONS.] Applications for the grant-in-aid shall be made by the administering agency to the crime control planning board. The grant-in-aid shall be contingent upon the agency having obtained from the community in which the youth intervention program is established local matching funds two times the amount of the grant which is sought.

The crime control planning board shall provide by rule the application, procedures for making application, criteria for review of the application, and kinds of contributions in addition to cash which qualify as local matching funds. No grant to any agency shall exceed \$25,000.

The petitioners may present a new petition covering the same matter, or the same petition with additional signatures if additional signatures are necessary.

Sec. 14. [112A.14] [PUBLICATION OF PETITION.] The petition shall be published in each county in which lands within the proposed district lie, in a newspaper of general circulation published in the county, once each week for at least two successive weeks before the time the petition is filed with the court together with a list of names of the petitioners within the county and their addresses and lands owned.

Sec. 15. [112A.15] [PROTEST AGAINST ORGANIZATION.] Any owner of land within the proposed district who did not sign the petition may file with the court a protest against the qualifications of any signer of the petition, and the court shall consider and determine the validity of protests.

Sec. 16. [112A.16] [INVESTIGATION OF PROPOSED DISTRICT AND WORKS.] If the court determines that the petitioners have complied with the requirements of this act, it shall order the petitioners to hire an engineer, with the approval of the

court, to make an immediate investigation of the proposed district and of its proposed works, systems, or plans and of the engineering and economic feasibility of the project.

Sec. 17. [112A.17] [FEASIBILITY; RECORDING; ESTABLISHMENT.] The court, within 90 days from the receipt of the engineer's report, shall conduct a hearing to determine whether the proposed project is feasible, will be of public utility and benefit, and will promote public health. If the court determines that the project is not feasible, will not be of public utility and benefit, or will not promote public health, it shall issue an order dismissing the petition. If the court deems the project is feasible, will be of public utility and benefit, and will promote public health, it shall immediately issue an order setting forth a copy of the petition, declaring that the petition is approved, and establishing the district. The petitioners shall file the establishment order in the office of the county auditor of each county in which any of the lands in the district are located. Thereupon, the district, under its designated name, shall be a body politic and corporate under the provisions of this act and a public corporation of the state.

Sec. 18. [112A.18] [DIRECTORS; QUALIFICATION; MEETING.] Upon the filing of the certificate in the office of the secretary of state and a certified copy in the office of each county auditor, the members of the board of directors named in the petition shall qualify and immediately assume the duties of their office. Failure or refusal to qualify within a period of 15 days thereafter shall be deemed to create a vacancy which shall be filled as provided by this act. The first meeting of the board of directors shall be called by the director first named in the petition who qualifies.

Sec. 19. [112A.19] [ADDITIONAL TERRITORY.] The procedure for extending a water user district by including additional territory shall be as provided by sections 20 to 23.

Sec. 20. [112A.20] [PETITION TO INCLUDE ADDITIONAL TERRITORY.] A water user district may be extended by including additional territory by filing with the court a petition signed by at least 50 percent of the land owners, except the holders of easements for electric or telephone transmission and distribution lines, in any area outside the limits of a city to be included, a copy of a resolution of the governing body of a city requesting a specific area within the city be included within the expanded district, and a resolution of the board of directors of the district approving the expansion of the district, upon compliance with the requirements hereinafter set forth. The petition shall contain a description of the lands to be included.

Sec. 21. [112A.21] [MAPS; PLANS; ESTIMATES.] The petition shall be accompanied by maps showing the location of the lands to be included, the proposed system of works and other plans and estimates as necessary to fully describe the project.

Sec. 22. [112A.22] [PUBLICATION; PROTESTS.] The petition shall be published in each county in which the lands to be included lie, in a newspaper of general circulation published in the

county, once each week for at least two successive weeks before the time the petition is filed with the court together with the list of names of the petitioners and their addresses and land owned. Any owner of land within the area to be included, who did not sign the petition may file a written protest with the court as provided in section 15.

Sec. 23. [112A.23] [APPROVAL OF EXTENSION.] Upon receipt of the petition the court shall act upon the petition in the same manner as required upon an original petition to create a district, as set forth in sections 13 to 18.

Upon the court's approval of the petition and project, and the issuance of its order, the board shall file a copy in the office of the county auditor of each county in which any lands of the district are located and then the included areas shall be part of the district.

Sec. 24. [112A.24] [MEMBERS, ELECTION, TERMS.] After the election of the original board of directors of a district as provided in section 5, members of the board to succeed those in the three groups provided for in section 9, respectively, and to fill unexpired terms, shall be nominated and elected and shall take office in the following manner. Upon the first Tuesday in February next following the qualification of the original board of directors and upon the first Tuesday in February of each year thereafter, an election shall be held to elect directors to succeed those whose terms are about to expire. The term of each director thus elected shall commence upon the third Tuesday in February after his election and continue for three years and until his successor is elected and qualified. Election of directors shall be conducted as provided by section 25.

Sec. 25. [112A.25] [ELECTIONS; PLACE.] Subdivision 1. The board of directors of the district shall fix the hour and place, within the boundaries of the district, of each election and shall preside. If the district is divided into election divisions, the board in its discretion shall fix a place of election within each election division, and the directors who represent that division shall preside.

Subd. 2. Every person or corporation which is a party to a contract with the district for the purchase of water to be furnished by the district, may cast one vote at each election for each director to be elected. In case election divisions are provided for, each person or corporation entitled to vote by reason of being a party to a contract shall select the division in which he or it shall vote, which selection shall be made under rules established by the board of directors.

Subd. 3. The board shall at least 20 days prior to the date of election, mail to each person or corporation entitled to vote, at his or its last known place of residence or business, a notice stating the time, place, and purpose of the election or, in the alternative, publish in each county in which lands within the district lie, in a newspaper of general circulation in the county, once each week for at least two successive weeks before the time of election, a notice that the election will be held giving the purpose, time and place.

Subd. 4. At the hour and place of the election, the presiding directors shall call the roll of those entitled to vote, and the number of votes to which each is entitled. They shall make a record of the qualified voters present and prescribe the manner of casting ballots and canvassing votes. If election divisions are provided for, but the election is held at one place within the district instead of being held in each division, the board shall call the roll for each division and conduct the election for each division separately. All costs incident to the election of directors shall be paid by the district.

Subd. 5. The candidate for director required to fill an existing vacancy or to succeed an outgoing director who receives the highest number of votes cast shall be declared elected.

Sec. 26. [112A.26.] [DIRECTORS.] Subdivision 1. No person shall be qualified to hold office as a member of the board of directors of any district unless he is a party to a contract with the district.

Subd. 2. Vacancies on the board by reason of death, disability, failure to hold land in the district, or in the election division if election divisions are provided for, or otherwise shall be filled by the board of directors. The members elected to fill vacancies shall serve until members to fill out the remainder of the terms may be elected at the next succeeding district election.

Subd. 3. Members of the board of directors shall be paid their actual expenses while engaged in performing the duties of their office or otherwise engaged upon the business of the district. In addition they may receive as compensation for services \$35 per day for not more than ten days each month.

Sec. 27. [112A.27] [OFFICERS.] Subdivision 1. The board of directors shall elect the officers of the district who shall be a president, a vice president, a secretary and a treasurer. The board shall appoint an executive committee and other officers, agents, and employees as necessary to transact the business of the district. The president, vice president and treasurer shall be elected from the membership of the board of directors.

Subd. 2. The treasurer shall furnish and maintain a corporate surety bond in an amount sufficient to cover all moneys coming into his possession or control, which shall be satisfactory in form and with sureties approved by the court. The bond, as approved, shall be filed with the court, and the premium upon the bond paid by the district.

Sec. 28. [112A.28] [BOARD OF DIRECTORS.] Subdivision 1. The corporate powers of the district shall be exercised by the board of directors of the district.

Subd. 2. The board of directors may adopt rules and regulations or bylaws, consistent with this act, for the conduct of the business and affairs of the district. The board of directors shall cause to be kept accurate minutes of their meetings and accurate records and books of account, conforming to approved methods of bookkeeping,

clearly setting out and reflecting the entire operation, management, and business of the district. The books and records shall be kept at the principal place of business of the district and at reasonable business hours always open to public inspection.

Sec. 29. [112A.29] [POWERS.] Subdivision 1. A district organized under the provisions of this act shall have the powers provided by this act and may own, have, or exercise the rights, privileges, and franchises provided by this act.

Subd. 2. The district shall have all the usual powers of a public corporation, and may acquire by purchase, gift, or other lawful means and hold real or personal property reasonably necessary for the conduct of its business, or lease property for its proper purposes, and sell, lease, or otherwise dispose of property when not needed.

Subd. 3. The district may own, construct, reconstruct, improve, purchase, condemn, lease, receive by gift, or otherwise acquire, hold, extend, manage, use, or operate any "works", as defined in this act, and any and every kind of property, personal or real, necessary, useful, or incident to their acquisition, extension, management, use, and operation, and may sell, mortgage, alienate, or otherwise dispose of works under the terms and conditions provided in this act.

Subd. 4. A district may enter into any contract, lease, agreement, or arrangement with a state, county, city, town, district, governmental or public corporation or association, or with a person, firm, or corporation, public or private, or with the government of the United States, or with any officer, department, bureau, or agency thereof, or with any corporation organized under federal law to exercise the powers set forth in this section, or for the sale, leasing, or otherwise furnishing or establishing of water rights, water supply, conveyance and distribution of water, water service, or water storage, for domestic, industrial, municipal, or stock watering purposes, or for the financing or payment of the cost and expenses incident to the construction, acquisition, or operation of works, or incident to any obligation or liability entered into or incurred by the district.

Subd. 5. A district may exercise any of the powers enumerated in this section either within or beyond or partly within and partly beyond the boundaries of the district and of the state, unless prohibited by the law of the area or state concerned or of the United States of America.

Subd. 6. A district may appropriate the waters of the state in the same manner as other persons under the laws of this state. A district shall not, in the exercise of the powers conferred by this act, interfere with, injure, or otherwise damage or affect existing water rights, other than through the purchase of the rights or through condemnation proceedings. No district, corporation, association, or individual holding a water right for lands located either within or outside the boundaries of a district shall be in any way affected by the operations of the district other than by reason of a contract

voluntarily entered into by the organization or individual with the district, or by reason of the exercise by the district of the power of eminent domain.

Subd. 7. A district may exercise the power of eminent domain pursuant to chapter 117 after declaring by resolution the necessity for and purpose of the taking of property and the extent of the taking.

Subd. 8. The district shall have no power of taxation, or of levying assessments for special benefits. No governmental authority shall have power to levy or collect taxes or assessments for the purpose of paying, in whole or in part, any indebtedness or obligation of or incurred by the district or upon which the district may be or become in any manner liable. Nor shall any privately owned property within or outside a district, or the owner thereof, nor any city, town, county, or other political subdivision or public or private corporation or association or its property, be directly or indirectly liable for any district indebtedness or obligation beyond the liability to perform an express contract between the owner or public or private organization and the district.

Subd. 9. No person, city, town, county, or other governmental subdivision, or other public or private corporation or association shall be liable for the payment of any rent or charge for water storage, water supply, or for any of the costs of operation of a district, unless a contract has been entered into between the person or public or private organization and the district furnishing water storage or water supply. All capital and operating expenses shall be borne by the users in proportion to their use of water supplied by the district.

Subd. 10. A district organized under this act may exercise any power conferred by this act to obtain grants or loans or both from any federal agency pursuant to acts of congress, and may accept from private owners or other sources, gifts, deeds or instruments of trust or title relating to land, water rights and any other form of property.

Subd. 11. A district may purchase and acquire lands, water rights, rights of way, and real and personal properties of every nature in cooperation with the United States under conditions as may to the board seem advisable, and to convey them under the conditions, terms and restrictions approved by the directors and the federal government or any of its agencies and to pay the purchase price and any and all construction costs or other necessary expenses and costs in connection with any works contemplated by this act either from its own funds or cooperatively with the federal government.

Sec. 30. [112A.30] [CONTRACTS.] Subdivision 1. Before a district shall enter into a contract for the construction, alteration, extension, or improvement of irrigation works, or any part or section thereof, or a building for the use of the district, or for the purchase of materials, machinery, or apparatus, the district shall cause estimates of the cost to be made by a competent engineer or engineers, and if the estimated cost exceeds \$1,500 no contract

shall be entered into for a price, cost or consideration exceeding the estimate nor without advertising for sealed bids.

Subd. 2. Prior to advertisement, plans and specifications for the proposed construction work or materials shall be prepared and filed at the principal office or place of business of the district. The advertisement shall designate the nature of construction work proposed to be done or materials proposed to be purchased. The board shall supervise bid lettings by water user districts.

Sec. 31. [112A.31] [DEBT.] The district may borrow money and incur indebtedness by issuing its obligations or entering into contracts for any lawful corporate purpose; provided that all such obligations and contracts, whether express or implied, shall be payable solely:

(1) from revenues, income, receipts and profits derived by the district from its operation and management of systems and irrigation works; or

(2) from the proceeds of warrants, notes, revenue bonds, debentures, or other evidences of indebtedness issued and sold by the district which are payable solely from such revenues, income, receipts and profits; or

(3) from federal or state grant gifts or other moneys received by the district which are available therefor.

The district may by resolution pledge any such source to the payment of such obligations and contracts and the interest coming due thereon. Any resolution may specify the particular revenues that are pledged and the terms and conditions to be performed by the district and the rights of the holders of district obligations, and may provide for priorities of liens in any such revenues as between the holders of district obligations issued at different times or under different resolutions. The district may provide for the refunding of any district obligation through the issuance of other district obligations, entitled to rights and priorities similar in all respects to those held by the obligations that are refunded. All such obligations and refunding obligations shall be issued in accordance with the provisions of Minnesota Statutes, Chapter 475, except that such obligations may be sold by negotiation at a net average interest rate not exceeding eight percent per annum.

Sec. 32. [112A.32] [SERVICE CHARGES.] Subdivision 1. The directors of the district are authorized to agree with the holders of district obligations as to the maximum or minimum amounts which the district shall charge and collect for water sold by the district.

Subd. 2. The directors of the district are authorized to fix and establish the prices, rates and charges at which any and all services, products, resources and facilities made available under the provisions of this act shall be sold and disposed of; to enter into any and all contracts and agreements, and to do any and all things which in its judgment are necessary, convenient or expedient for the accomplishment of any and all the purposes and objects of this

act, under the general regulations and upon the terms, limitations and conditions it shall prescribe; and the directors shall enter into contracts and fix and establish prices, rates and charges so as to provide at all times funds which will be sufficient to pay all costs of operation and maintenance of any and all of the works and systems authorized by this act, together with necessary repairs thereto, and which will provide at all times sufficient funds to meet and pay the principal and interest of all obligations and other evidences of indebtedness of the district when due. Nothing in this act shall authorize any change, alteration or revision of rates, prices or charges established by any contract entered into under authority of this act except as provided by the contract.

Subd. 3. Every contract made by the board for the sale, conveyance and distribution of water, use of water, water storage, or other service, or for the sale of any property or facilities, shall provide that in the event of any failure or default in the payment of any moneys specified in the contract to be paid to the board, the board may, upon notice as shall be prescribed in the contract, terminate the contract and all obligations thereunder. The act of the board in ceasing on a default to furnish or deliver water, use of water, or water storage, under a contract shall not deprive the board of, or limit any remedy provided by the contract or by law for the recovery of money due or which may become due under the contract.

Sec. 33. [112A.33] [DISBURSEMENTS; FISCAL YEAR; AUDITS.] Subdivision 1. Money of the district shall be paid only upon approval of the board of directors and by warrant or other instrument in writing signed by the president and by the treasurer of the district. In case of the death, absence or other disqualification of the president, the vice president shall sign warrants or other instruments.

Subd. 2. The fiscal year of the district shall coincide with the calendar year. The board of directors, at the close of each year's business, shall cause an audit of the books, records and financial affairs of the district to be made by an experienced public accountant, copies of a written report of which audit, certified to by the auditors, shall be placed and kept on file at the principal place of business of the district and shall be filed with the secretary of state.

Sec. 34. [112A.34] [WORKS; OWNERSHIP; SALE.] Subdivision 1. No water supply works owned by the district shall be sold, alienated, or mortgaged by the district, except under the circumstances described by this section.

Subd. 2. If in the judgment of the board of directors it is for the best interest of the district to sell any portion of the district works not needed for the performance of any outstanding contract, and not mortgaged or hypothecated as provided for in subdivision 3, the board shall pass a resolution to that effect and shall submit the question to the department for approval. If the department approves, the board shall call a special election at which the

question of selling the portion of the works shall be submitted to the electors of the district qualified to vote for district directors. The board shall mail to each qualified elector, at his last known place of residence or place of business, a notice stating the time, place, and purpose of the election, and so far as practicable shall conduct the election in all other respects as provided in section 25. If a majority of all qualified electors of the district vote "yes", the board may sell the portion of the works.

Subd. 3. If, in order to borrow money from the federal government or from any of its agencies, or from the state, it is necessary that the district mortgage or otherwise hypothecate any or all of its property to secure the payment of loans made to it, the district may mortgage or hypothecate property and assets for the purpose. Nothing in this section shall prevent the district from assigning, pledging, or otherwise hypothecating its revenues, incomes, receipts, or profits to secure the payment of indebtedness to the federal government or any agency thereof, or the state. The state shall never pledge its credit or funds, or any part thereof, for the payment or settlement of any indebtedness or obligation whatsoever of any district created under the provisions of this act. Nothing in this act authorizes any agency of the state to make loans to a district, unless the agency is otherwise authorized by law.

Sec. 35. [112A.35] [FORECLOSURE.] If any district created under this act shall execute and deliver a mortgage or trust deed to secure the payment of any moneys borrowed by it for the purposes herein authorized, it may be provided in the mortgage or trust deed that it may be foreclosed upon default and a receiver may be appointed with the authority provided in the mortgage or trust deed.

Sec. 36. [112A.36] [DISSOLUTION.] Subdivision 1. Any district may be dissolved by authorization of a majority vote of the electors, qualified to vote for district directors, voting thereon at a special election called by the board of directors for that purpose, notice of which shall be mailed to each qualified elector at least 20 days prior to the date of the election and the procedure for which shall conform as nearly as may be to the procedure provided in section 25, for the election of directors. The district shall discharge its obligations before dissolution.

Subd. 2. Dissolution shall be completed upon resolution of the board of directors canvassing the vote and declaring that a majority of the qualified electors voting thereon have voted in favor of dissolution. A verified copy of the resolution shall be filed with the clerk of court and in the office of the county auditor of each county in which any portion of the district shall lie.

Subd. 3. In case of dissolution all applications for appropriation of water shall be canceled and all rights of the district in applications shall end.

Sec. 37. [112A.37] [APPEALS.] Any party aggrieved by a final order issued pursuant to section 13 of this act which approves or dismisses a petition or which refuses or establishes a project

or a district, may appeal therefrom to the supreme court in the manner provided in civil actions. The appeal shall be made and perfected within 30 days after the filing of the order. The notice of appeal shall be served on the clerk of district court and the members of the district's board of directors.

Sec. 38. This act is effective the day following final enactment."

(1) Shareholders in a small business corporation, which has elected to be so taxed under the Internal Revenue Code of 1954, but has not made an election under section 290.972 of this chapter, shall deduct from federal adjusted gross income the amount of any imputed income from such corporation and shall add to federal adjusted gross income the amount of any loss claimed as a result of such stock ownership. Also there shall be added to federal adjusted gross income the amount of any distributions in cash or property made by said corporation to its shareholders during the taxable year.

(2) In cases where the small business corporation has made an election under section 1372 of the Internal Revenue Code of 1954, but has not elected under section 290.972 of this chapter and said corporation is liquidated or the individual shareholder disposes of his stock and there is no capital loss reflected in federal adjusted gross income because of the fact that corporate losses have exhausted the shareholders basis for federal purposes, such shareholders shall be entitled, nevertheless, to a capital loss commensurate to their Minnesota basis for the stock.

Items of gross income includible within these definitions shall be deemed such regardless of the form in which received. Page 1, after line 18, insert:

"Section 1. Minnesota Statutes 1976, Section 3A.01, is amended by adding a subdivision to read:

Subd. 7. [AVERAGE MONTHLY SALARY.] With regard to any member of the legislature whose service terminates prior to the beginning of the 1981 legislative session, "average monthly salary" means final monthly salary during the member's final term of office as a member of the legislature; and with regard to any member of the legislature whose service terminates after the beginning of the 1981 legislative session, "average monthly salary" means the average of the member's highest five successive years of salary received as a member of the legislature after the beginning of the 1981 legislative session, or all salary after the beginning of the 1981 legislative session if less than five years.

Sec. 2. Minnesota Statutes 1976, Section 3A.01, is amended by adding a subdivision to read:

Subd. 8. [NORMAL RETIREMENT AGE.] "Normal retirement age" means the age of 60 years with regard to any member of the legislature whose service terminates prior to the beginning of the 1981 legislative session, and the age of 62 years with regard to any member of the legislature whose service terminates after the beginning of the 1981 session.

Sec. 3. Minnesota Statutes, 1977 Supplement, Section 3A.02, Subdivision 1, is amended to read:

3A.02 [RETIREMENT ALLOWANCE.] Subdivision 1. [QUALIFICATIONS.] Any former legislator:

(1) Who has served at least eight years or who has served during all or part of four regular sessions as such member of the legislature, which service need not be continuous, but must have been after January 1, 1965 except as hereinafter provided; and

(2) Who attains the *normal retirement age of 60 years* ; and

(3) Who has retired as a member of the legislature; and

(4) Who has made all contributions provided for in sections 3A.01 to 3A.10, or who has made payments in lieu of all contributions provided for in sections 3A.01 to 3A.10 as provided for in subdivision 2; shall be entitled upon written application to the director to receive a retirement allowance monthly of 40 percent of that member's *final average* monthly salary *during the final term of office as a member of the legislature* beginning with the first day of the month of receipt of such application and for the remainder of his life, provided he is not serving as a member of the legislature or as a constitutional officer or commissioner.

In addition to the amount provided above, the retired member who meets the qualifications of clauses (1), (2), (3) and (4) shall receive for every year of service over eight years a monthly allowance which equals two and one-half percent of the average monthly salary determined pursuant to clause (4).

Notwithstanding clause (4), a member shall receive two and one-half percent of the average monthly salary determined pursuant to clause (4) for each year of service served after the beginning of the 1979 legislative session ; *provided, however, that a member who has served during all or part of four regular sessions as required under clause (1) shall be deemed to have served eight years as a member of the legislature.*

The retirement allowance shall cease with the last payment which had accrued to the retired legislator during his lifetime except that the surviving spouse, if any, shall be entitled to the retirement allowance for the calendar month in which the retired legislator died.

Effective for service rendered after the beginning of the 1981 legislative session, no member may accrue credit for more than 20 years service, nor shall member contributions thereafter be required for more than 20 years service.

For the purposes of this chapter the term salary shall not be deemed to include any additional payments provided by law for legislative leadership positions.

This subdivision is applicable to members of the legislature who terminate service after January 1, 1973, and to any widow or

dependent child of any such member. Clauses (1) and (2) shall also be applicable to any former legislator who applies for a deferred annuity after June 5, 1975. Any former legislator who was in office on or after January 1, 1965, who had at least eight years of service but less than ten years of service as a member of the legislature, and who took a refund of his contributions, may upon application to the director repay to the director for credit to his account all refundments taken plus interest thereon at six percent per annum compounded annually. Upon repayment of the refundment, he shall then be entitled when otherwise qualified to a retirement allowance pursuant to subdivision 1, provided however that the retirement allowance shall be based on his salary at the time of his termination of service as a member of the legislature.

Sec. 4. Minnesota Statutes 1976, Section 3A.02, is amended by adding a subdivision to read:

Subd. 1b. [REDUCED RETIREMENT ALLOWANCE.] Upon separation from service after the beginning of the 1981 legislative session, a former member of the legislature who has attained the age of at least 60 years and who is otherwise qualified in accordance with subdivision 1 is entitled upon making written application or forms supplied by the director to a retirement allowance in an amount equal to the retirement allowance specified in subdivision 1 reduced by one half of one percent for each month that the former member of the legislature is under age 62.

Sec. 5. Minnesota Statutes 1976, Section 3A.02, Subdivision 2, is amended to read:

[PAYMENT FOR PAST SERVICE.] Any member of the legislature who is a member on July 1, 1965 or thereafter, may, notwithstanding the provisions of subdivision 1, clause (1), receive credit for service rendered as a member of the legislature prior to July 1, 1965, and the pension based thereon provided that he pays to the director for credit to his account an amount equal to eight nine percent of all salary received by him for all periods of service rendered by him as a member of the legislature, even if such periods are not continuous and exceed ten years in duration. Such payment may be made at any time after the commencement of any regular session of the legislature of which he is a member.

Sec. 6. Minnesota Statutes 1976, Section 3A.02, Subdivision 4, is amended to read:

Subd. 4. [DEFERRED ANNUITIES AUGMENTATION.] The deferred annuity of any former legislator shall be augmented as provided herein. The required reserves applicable to the deferred annuity, determined as of the date the benefit begins to accrue using an appropriate mortality table and an interest assumption of five percent, shall be augmented by interest at the rate of five percent per annum compounded annually from the date of first of the month following termination of service, or July 1, 1973, whichever is later, to the first day of the month in which the annuity begins to accrue, at the rate of five percent per annum com-

Sec. 10. Minnesota Statutes 1976, Section 352.72, Subdivision 2, is amended to read:

Subd. 2. [COMPUTATION OF DEFERRED ANNUITY.] The deferred annuity, if any, accruing under subdivision 1, or section 352.22, subdivision 3, shall be computed in the manner provided in section 352.22, subdivision 3, and acts amendatory thereof, on the basis of allowable service prior to termination of state service and augmented as provided herein. The required reserves applicable to a deferred annuity or to an annuity for which a former employee was eligible but had not applied or to any deferred segment of an annuity shall be determined as of the date the benefit begins to accrue and augmented by interest compounded annually from the first day of the month following the month in which the employee ceased to be a state employee, or July 1, 1971, whichever is later, to the first day of the month in which the annuity begins to accrue. The rates of interest used for this purpose shall be five percent compounded annually until January 1, 1981, and thereafter three percent compounded annually. If a person has more than one period of uninterrupted service, the required reserves related to each period shall be augmented by interest pursuant to this subdivision. The sum of the augmented required reserves so determined shall be the present value of the annuity. Uninterrupted service for the purpose of this subdivision shall mean periods of covered employment during which the employee has not been separated from state service for more than two years. If a person repays a refundment, the service restored by such repayment shall be considered as continuous with the next period of service for which the employee has credit with this system. The formula percentages used for each period of uninterrupted service shall be those as would be applicable to a new employee. The mortality table and interest assumption used to compute such annuity shall be those in effect at the time the employee files application for annuity. This section shall not reduce the annuity otherwise payable under this chapter.

Sec. 11. Minnesota Statutes 1976, Section 352B.30, Subdivision 2, is amended to read:

Subd. 2. [COMPUTATION OF DEFERRED ANNUITY.] Deferred annuities shall be computed in the manner provided by this chapter and acts amendatory thereof, on the basis of allowable service prior to termination of service and augmented as provided herein. The required reserves applicable to a deferred annuity shall be augmented by interest compounded annually from

the first day of the month following the month in which the member terminated service, or July 1, 1971, whichever is later, to the first day of the month in which the annuity begins to accrue. The rates of interest used for this purpose shall be five percent per annum compounded annually until January 1, 1981, and thereafter three percent per annum compounded annually. The mortality table and interest assumption used to compute such annuity shall be those in effect at the time the member files application for annuity.

Sec. 12. Minnesota Statutes 1976, Section 352C.01, is amended to read:

352C.01 [LEGISLATIVE FINDING AND INTENT.] The legislature finds that service to Minnesota in the capacity of a constitutional officer or commissioner as defined in ~~sections 352C.01 to 352C.09~~ *section 13 of this act* constitutes a unique contribution to the state and that such service is dissimilar to any other public employment. The legislature further finds that service as a constitutional officer or commissioner for a period of ~~ten~~ *eight* years or longer deprives the individual so serving of normal opportunities to establish retirement benefits in his usual vocational pursuit and justifies adoption of special retirement provisions. The provisions of ~~sections 352C.01 to 352C.09~~ *this chapter* are intended by the legislature to reflect the unique nature of service as a constitutional officer or commissioner and to have due regard for the unusual disruption of normal retirement planning that such service entails.

Sec. 13. Minnesota Statutes 1976, Chapter 352C, is amended by adding a section to read:

[352C.021] [DEFINITIONS.] *Subdivision 1. For purposes of this chapter, the following terms shall have the meanings given to them unless the language or context clearly indicates that a different meaning is intended.*

Subd. 4. [RETIREMENT ALLOWANCE FORMULA.] The average salary multiplied by two and one half percent for each year

The augmentation provided in section 15 of this act, if applicable, shall be applied to the month of death. Upon the death of a former constitutional officer or commissioner receiving a retirement allowance, the surviving spouse shall be entitled to one half of the amount of the retirement allowance being paid to the former constitutional officer or commissioner as of the date of death. [ENTITLEMENT TO ANNUITY; LEGISLATIVE SERVICE.] Any constitutional officer or commissioner who has been a member of the legislature with service credited pursuant to chapter 3A shall be entitled when qualified to a retirement allowance from the legislator's retirement plan and the elective state officers plan if the total allowable service for which the person has credit in the two plans totals eight or more years, provided that no portion of the allowable service upon which the retirement allowance from one plan is based, is again used in the computation for benefits from the other plan. The retirement allowance from each plan shall be determined by the appropriate provisions of the law governing each plan, except that the requirement that a person must have at least eight years of allowable service in the respective plan shall not apply for purposes of this section, provided that the aggregate service in the two plans equals eight or more years. The augmentation of deferred annuities provided in section 3A.02, subdivision 4, and section 15 of this act, shall apply to the retirement allowances accruing hereunder.*

Subd. 2. The annuity from each fund shall be determined by the appropriate provisions of the law governing each fund, except that the requirement that a person must have at least ten years allowable service in the respective system or association shall not apply for the purposes of this section, provided that the aggregate service in two or more of these funds equals ten or more years. The augmentation of deferred annuities provided in section 15 of this act shall apply to the annuities accruing hereunder.

Subd. 3. [REFUND REPAYMENT.] Any former constitutional officer or commissioner who has received a refund as pro-

"Sec. 39. Minnesota Statutes 1976, Section 353.71, Subdivision 2, is amended to read:

Subd. 2. [DEFERRED ANNUITY COMPUTATION; AUGMENTATION.] The deferred annuity, if any, accruing under subdivision 1, or sections 353.34, subdivision 3, and 353.68, subdivision 4, shall be computed in the manner provided in said sections, on the basis of allowable service prior to termination of public service and augmented as provided herein. The required reserves applicable to a deferred annuity, or to an annuity for which a former member was eligible but had not applied, or to any deferred segment of an annuity shall be determined as of the date the annuity begins to accrue and shall be augmented by interest at the rate of five percent per annum compounded annually from the first day of the month following the month in which the former member ceased to be a public employee, or July 1, 1971, whichever is later, to the first day of the month in which the annuity begins to accrue, at the rate of five percent per annum compounded annually until January 1, 1981, and thereafter at the rate of three percent per annum compounded annually. If a person has more than one period of uninterrupted service, the required reserves related to each period shall be augmented by interest pursuant to this subdivision. The sum of the augmented required reserves so determined shall be the present value of the annuity. Uninterrupted service for the purpose of this subdivision shall mean periods of covered employment during which the employee has not been separated from public service for more than two years. If a person repays a refund, the service restored thereby shall be considered as continuous with the next period of service for which the employee has credit with this association. The formula percentages used for each period of uninterrupted service shall be those as would be applicable to a new employee. This section shall not reduce the annuity otherwise payable under this chapter. This subdivision shall apply to deferred annuitants of record on July 1, 1971 and to employees who thereafter become deferred annuitants; it shall also apply from July 1, 1971 to former members who make application for an annuity after July 1, 1973."

Eligibility for such an annuity shall be determined by the provisions of section 354.44, subdivision 1, or section 354.60.

The amount of the deferred retirement annuity shall be determined by section 354.44, subdivisions 6 and 7, and augmented as provided herein. The required reserves related to that portion of the annuity which had accrued at the time the member ceased to render teaching service shall be augmented by interest compounded annually from the first day of the month following the month during which the member ceased to render teaching service to the effective date of retirement. There shall be no augmentation if this period is less than three months. The rates of interest used for this purpose shall be five percent commencing July 1, 1971, *until January 1, 1981, and three percent thereafter*. If a person has more than one period of uninterrupted service, the required reserves related to each period shall be augmented by interest pursuant to this subdivision. The sum of the augmented required reserves so determined shall be the basis for purchasing the deferred annuity. If a person does not render teaching service in any one or more consecutive fiscal years and then resumes teaching service, the formula percentages used from date of resumption will be those applicable to new members. The mortality table and interest assumption contained therein used to compute such annuity will be determined by the law in effect at the time of the member's retirement. A period of uninterrupted service for the purposes of Laws 1971, Chapter 87 shall mean a period of covered teaching service during which the member has not been separated from such service for more than one fiscal year.

The provisions of this subdivision shall not apply to variable account accumulations as defined in section 354.05, subdivision 23.

In no case shall the annuity payable herein be less than the amount of annuity payable pursuant to section 354.44, subdivisions 6 and 7.

The requirements and provisions for retirement prior to age 65 contained in section 354.44, subdivision 6, clause (2) shall also apply to an employee fulfilling such requirements with a combination of service as provided in section 354.60.”
