Section 1. [CITATION.]

Article 4 may be cited as the Minnesota energy authority law of 1983.

Sec. 2. [DEFINITIONS.]

Subdivision 1. [GENERAL.] For purposes of Article 4, the terms defined in this section have the meanings ascribed to them unless the context in which they are used clearly indicates otherwise.

Subd. 2. [BOARD.] "Board" means the Minnesota energy coordination board established in Article 2.

Subd. 3. [COMMISSIONER.] "Commissioner" means the commissioner of the department of energy.

Subd. 4. [DEPARTMENT.] "Department" means the department of energy.

Subd. 5. [AUTHORITY.] "Authority" means the Minnesota energy authority created in section 4.

Subd. 6. [PERSON.] "Person" includes an individual, firm, partnership, corporation, or association.

Subd. 7. [CONSERVATION.] "Conservation" means a capital investment designed to reduce the use of energy so that the resulting fuel savings amortize the cost of the investment over a period of ten years or less.

Subd. 8. [MUNICIPALITY.] "Municipality" means a city, town, county, school district, special taxing district, or a municipal power agency governed by chapter 453, or a group or combination of those units operating under an agreement to jointly undertake projects authorized by this article.

Subd. 9. [ALTERNATIVE ENERGY RESOURCE.] "Alternative energy resource" means a source of energy available from indigenous Minnesota resources including but not limited to peat, biomass, solar energy, wind, municipal wastes, agricultural or forestry wastes, hydro-power, and agricultural crops suitable for conversion to an energy fuel.

Subd. 10. [RENEWABLE ENERGY RESOURCE.] "Renewable energy resource" means a source of energy occurring in Minnesota which, when consumed for energy purposes, is replaced within a matter of days, months, or years by new or additional supplies of the energy source. Renewable energy resources include, but are not limited to, forestry products and forest harvest residues, solar energy, wind energy, water-power, and agricultural wastes.

Subd. 11. [ENERGY RECOVERY.] "Energy recovery" means the extraction of energy from materials, components, or processes which would normally represent wasted energy resources. Municipal solid wastes, volatile sewer gases, and power plant waste heat, among others, offer the potential for energy recovery.

Sec. 3. [POLICIES.]

Subdivision 1. [FINDINGS.] It is hereby declared that a reliable, economic supply of energy is essential for the state's households and local governments. Imported supplies are increasingly costly, unreliable, and environmentally disadvantageous. As a result, a partnership of the private and public sectors is needed to provide leadership, cooperation, and aid for the purposes of planning, developing, and managing economically viable energy conservation programs.

Subd. 2. [FUNDING POLICY.] It is further declared that adequate funds and assistance must be provided to assist and to encourage the establishment, maintenance, and growth of energy conservation and indigenous energy resources in the state and to reduce to a manageable level the cost of energy to households and local governments, including, without limitation, the provision of loans to assist households and municipalities in the design, distribution, promotion, maintenance, installation, or acquisition of energy conservation and alternative energy resource materials and devices.

Subd. 3. [PARTNERSHIP POLICY.] It is further declared that a partnership of the private and public sectors, established through the creation of an energy authority, will promote the purpose of reducing energy costs, in-

creasing energy efficiency, and developing Minnesota's indigenous energy resources. By providing an arrangement where monies, personnel, information, material, and technologies can be pooled and costs shared, the partnership between the public and private sectors will promote the policies declared in this section more effectively than would be the case if these sectors acted independently.

Subd. 4. [HEALTH AND WELFARE PROMOTED.] It is further declared that a partnership of the private and public sectors and the creation of an energy authority will promote the welfare and prosperity of the state by maintaining and increasing the career and job opportunities of the citizens of the state, by reducing waste of resources, and by protecting and enhancing the tax base on which state and local governments depend for the financing of public services.

of an executive director which office is established. He shall be appointed by the governor under the provisions of section 15.06. The authority shall design and administer a statewide program in furtherance of the policies stated in section 3. The authority shall actively involve major organizations and community leaders in its work and shall solicit funds from all sources. The authority may assist energy efficiency improvements in low income housing and municipal facilities through (1) loans, (2) loan guarantees, (3) interest subsidies, (4) grants, and (5) other forms of assistance. The authority, in consultation with the commissioner of energy, shall develop a state energy investment plan with yearly energy conservation and alternative energy development goals, investment targets, and marketing strategies. The authority shall implement the plan. By the start of the 1984 legislative sessions, (1) the authority shall have identified various non-governmental funding sources; (2) provided for the efficient administration of its affairs; (3) solicited public comment on its plans; and (4) prepared recommendations as to appropriate reserve and guarantee fund levels required by this article. Delete everything after the enacting clause and insert:

“Section 1. Minnesota Statutes 1982, section 216B.16, subdivision 7, is amended to read:

Subd. 7. [ENERGY COST ADJUSTMENTS.] (a) *Electricity rate adjustments.* Notwithstanding any other provision of this chapter, the commission may permit a public utility to file rate schedules containing provisions for the automatic adjustment of charges for public utility service in direct relation to changes in federally regulated wholesale rates for *electric* energy delivered through interstate facilities or fuel used in generation of electricity ~~or the manufacture of gas.~~

(b) *Gas rate adjustments.* The commission shall not permit a utility to file rate schedules containing provisions for the automatic adjustment of charges for public utility service in direct relation to changes in federally regulated wholesale rates for the manufacture of gas.

Any utility seeking to increase its rates due to increases in the wholesale

rates for gas purchased by the utility shall file annually with the commission a one-year and a five-year forecast of the gas requirements of its customers, its anticipated sources of supply, and projections of gas costs. These forecasts must describe all major contracts and gas supply arrangements entered into by the utility for obtaining gas during the one-year and five-year period. The description of major contracts and gas supply arrangements must include the price of the gas, the duration of the contract or arrangement, and an explanation or description of any other term or provision as required by the commission. The forecast must also include the gas utility's evaluation of the reasonableness and prudence of its decisions to obtain gas in the manner described in the forecast, in light of the major alternative gas supplies available to the utility, and an explanation of the legal and regulatory actions taken by the utility to minimize the cost of gas purchased by the utility.

If the commission determines that the increased wholesale costs projected in the one-year plan were prudently incurred, it shall authorize higher rates to recover the projected increases. At the end of the one-year period, the commission shall conduct a reconciliation hearing at which the commission shall reconcile revenues recorded pursuant to the rate increase authorized to recover higher wholesale costs with amounts actually expended and included in the cost of gas sold by the gas utility.

In its order in a gas cost reconciliation, the commission shall require a gas utility to refund to customers or credit to customers' bills any net amount determined to have been recovered over the period covered in excess of the amounts determined to have been actually expended by the utility for gas sold, and to have been incurred through reasonable and prudent actions not precluded by the commission order in the gas supply and cost review. Such refunds or credits shall be apportioned among the customers of the utility utilizing procedures that the commission determines to be reasonable. The commission may adopt different procedures with respect to customers served under the various rate schedules of the utility and may, in appropriate circumstances, order refunds or credits in proportion to the excess amounts actually collected from each such customer during the period covered.

In its final order, the commission shall evaluate the decisions underlying the five-year forecast filed by a gas utility under this paragraph. The commission may also indicate any cost items in the five-year forecast that, on the basis of present evidence, the commission would be unlikely to permit the gas utility to recover from its customers in rates, rate schedules, or gas cost recovery factors established in the future.

Subd. 3. [LOAN CRITERIA.] A loan guarantee under this section may be granted only if:

(a) the loan is being made by a lender to an applicant who is already a customer of that lender for existing agricultural loans;

(b) the loan is used only for working capital needed for the operation of a farm business during the 1983 crop year;

(c) the term of the loan to be guaranteed is no more than 18 months;

(d) the parties to the loan agree that all payments made by the applicant to the lender during the term of the loan will first be applied to any portion of the guaranteed loan still outstanding and then to previous or subsequent loans made by the lender to the applicant;

(e) the loan does not exceed \$25,000 in principal amount;

(f) the loan is secured by a mortgage on real estate satisfactory to the commissioner to secure payment of the loan, the value of the real estate securing the loan to be certified by the lender on the basis of appraisals as the commissioner may require; and

(g) the parties to the loan agree that the state is subrogated to the rights of the lender in case of default to the extent of its liability under its guarantee of a loan.

Subd. 4. [LOAN APPLICATION; DENIAL.] A person desiring a loan guaranteed by the state under this section may apply for a loan from a lender where the applicant has existing agricultural loans. The loan application shall be on forms supplied by the commissioner, including a net worth statement, and shall be accompanied by a copy of the applicant's 1982 federal and state income tax returns. If the applicant, the lender, and the terms of the loan meet the criteria in this section, the lender may apply to the commissioner for a guarantee of the loan. If the commissioner agrees that the applicant, the lender, and the terms of the loan meet the criteria in this section, the commissioner shall guarantee payment of 50 percent of the amount of the loan. Otherwise, the commissioner shall deny the guarantee. The form of the guarantee is subject to the approval of the attorney general, but not subject to the provisions of chapter 14.

Subd. 5. [CLAIMS UNDER GUARANTEE.] A claim for payment of an amount guaranteed under this section arises when the term of a guaranteed loan expires with less than 50 percent of the original amount of the loan repaid. The state is not obligated to pay any claim under a guarantee unless the lender notifies the commissioner of the claim within three days after it arises. The lender shall provide the commissioner with a current financial statement of the borrower within ten days after notification of the claim. When a claim is made as provided in this subdivision, the commissioner shall

pay to the lender the difference between 50 percent of the original amount of the loan and the amount that has been repaid by the borrower.

Subd. 6. [RECOVERY OF STATE FUNDS.] The commissioner shall diligently attempt to recover amounts paid to lenders because of defaults on loans guaranteed under this section, exercising, as appropriate, all the state's rights of subrogation, payment priorities, and other available remedies.

Subd. 7. [GUARANTEE VOID.] A loan guarantee under this section is void if the guarantee was obtained by fraud or material misrepresentation of which the lender had actual knowledge.

Subd. 8. [RESERVE FOR DEFAULTED LOANS.] Up to \$2,500,000 of the amount set aside in the special account created under Minnesota Statutes 1982, section 41.61, subdivision 1, for defaulted family farm security loans is appropriated to pay lenders for defaulted farm working capital loans made under this section. The sum of all outstanding farm working capital loans guaranteed by the commissioner at any time shall not exceed eight times the balance in this \$2,500,000 account. This appropriation reduces the amount of new family farm security loans that may be guaranteed during the time when guaranteed farm working capital loans are outstanding. When all working capital guarantees have expired, the appropriation will again be available to guarantee family farm security loans.

Subd. 9. [EXPIRATION.] The authority of the commissioner to make loan guarantees under this section applies to loan applications received by lenders before June 1, 1983.

The consumer services division and the attorney general are authorized to release information on consumer complaints about the operation of the program to the commissioner.

Sec. 7. Minnesota Statutes 1982, section 116J.36, is amended to read:

116J.36 [DISTRICT HEATING GRANTS AND LOANS.]

Subdivision 1. [POLICIES.] Developing and improving efficient and economical district heating systems is a public purpose for state and local financing and a proper function of state and local government. Climate and geography make a reliable, economic supply of energy essential for industrial, commercial, and residential heating. Imported supplies are increasingly costly, unreliable, and environmentally disadvantageous. District heating systems employing cogeneration techniques and innovative technology offer an important means of increasing the efficiency of Minnesota's energy systems and reducing the state's reliance on imported energy supplies. The combination of the large initial capital cost and investors' lack of familiarity with district heating has made the private market reluctant to provide the necessary capital for district heating projects. As a result, public leadership, cooperation, and aid are needed to demonstrate the feasibility of district heating systems by establishing economically viable municipal district heating systems as demonstration projects. Municipal district heating systems may be financed by loans from the state and from other sources available to municipalities.

Subd. 2. [DEFINITIONS.] In this section:

(a) "Construction costs" means all costs associated with the construction, modification or expansion of a district heating system except for preliminary planning costs and detailed design costs. Construction costs include the cost of debt service from the time a construction loan is made until five years after the beginning of the operation of the district heating system constructed or the part of the system being modified or expanded.

(b) "District heating" means the use of a central energy conversion facility to produce hot water or steam for a district heating system. District heating facilities may also produce electricity in addition to hot water or steam.

(c) "Municipality" means any county, city, town, municipal power agency, or public utility, as defined in section 452.01, subdivision 3, owned and operated by a city, however organized or nonprofit corporation organized pursuant to the provisions of chapter 317 whose membership is lim-

ited to the mayor and governing body of the city in which the district heating system is located.

(d) "District heating system" means any existing or proposed facility for (1) the production, through cogeneration or otherwise, of hot water or steam to be used for district heating, or (2) the transmission and distribution of hot water or steam for district heating either directly to heating consumers or to another facility or facilities for transmission and distribution, or (3) any part or combination of the foregoing facilities.

Subd. 3. [ELIGIBILITY.] The commissioner of finance, upon request of the governor, may make loans to municipalities for the acquisition, construction, expansion, or modification of district heating systems. A loan shall be made only to a municipality that has demonstrated that:

- (a) The municipality has the financial capability to sponsor the project;
- (b) The project is technologically feasible;

(c) The district heating project will become a cogeneration facility or the project will utilize hot water or, if the project involves an existing district steam heating system, the project will become integrated with a hot water district heating system, or the project will allow the use of nonpetroleum fuels or will construct an efficient heat transmission system; and

(d) The municipality has made adequate provision to assure proper and efficient operation and maintenance of the project after construction is completed.

Subd. 3a. [GRANT ELIGIBILITY.] The commissioner of energy, planning and development may provide planning grants to municipalities for planning related to the development of district heating systems. The municipality must demonstrate that a community heatload survey and map have been successfully completed, that potential district heating load is sufficiently large to justify further consideration, and that sufficient resources are available for the municipality to meet its financial requirements. Eligible planning grant costs include project definition, development of preliminary financing and distribution system plans, and obtaining commitment for detailed planning or design and preparation of a final report. The amount of a grant shall be limited to 90 percent of eligible planning costs and shall not exceed \$75,000.

Subd. 4. [PRIORITIES.] The commissioner of energy, planning and development shall give higher priority to a project that does more to achieve the following goals:

- (a) The district heating conversion facility employs cogeneration techniques;
- (b) The facility uses renewable or nonpetroleum sources of energy;
- (c) The district heating facility will save petroleum or natural gas;
- (d) The operation of the district heating facility will not have an adverse impact on the environment;
- (e) The district heating facility may readily be expanded to serve additional customers or to supply additional amounts of energy, and market demand for the energy exists;

(f) The project has obtained additional financing from the federal government, private sources, or other sources of capital; and

(g) Other goals the commissioner of energy, planning and development finds desirable for district heating systems.

Subd. 5. [APPLICATION.] Application for a loan to be made pursuant to subdivision 6 shall be made by a municipality to the commissioner of energy, planning and development on a form prescribed by the commissioner of energy, planning and development by rule. The commissioner of energy, planning and development shall review each application and determine:

- (a) Whether or not the project is eligible for a loan;
- (b) The priority of the project when ranked with all other eligible projects for which a loan application has been submitted;
- (c) The total estimated cost of the project;
- (d) The amount of the loan for which the project is eligible;
- (e) The terms upon which the loan would be made; and
- (f) The means by which the municipality proposes to finance the project, including:
 - (1) A loan authorized by state law; or
 - (2) A grant of money appropriated by state law; or
 - (3) A grant to the municipality by an agency of the federal government within the amount of money then appropriated to that agency and allocated by it to projects within the state; or
 - (4) The appropriation of proceeds of bonds or other money of the municipality to an account for the construction of the project; or
 - (5) User charges, franchise fees, special assessments or taxes; or
 - (6) Any or all of the means referred to in clauses (1) to (5).

Subd. 6. [LOANS.] Upon the recommendation of the governor pursuant to subdivision 8, the commissioner of finance shall make loans to municipalities on the following terms:

(a) In the case of loans for design costs, the maximum amount of the loan shall be limited by the provisions of this clause. For cities of the first class, the amount of the loan shall not exceed 40 percent of the design costs. For cities of the second, third and fourth class, the amount of the loan shall not exceed 90 percent of the design costs;

(b) In the case for loans for construction costs, a municipality must demonstrate that all design activities have been completed; that the project is economically and technologically feasible; that the district heating system will be constructed, and that it has made adequate provisions to assure proper and efficient operation and maintenance of the project. For cities of the first class, the amount of the loan shall be up to 50 percent of the construction costs. For cities of the second class, the amount of the loan shall be up to 80 percent of the construction costs. For cities of the third or fourth class, the amount of the loan shall be up to 90 percent of the construction

costs.

(c) A loan made pursuant to this section is repayable over a period of 20 years, with interest payments beginning the first year. Interest shall accrue from the date of the loan at a rate of interest assigned at the date of loan commitment. Principal payments shall begin in the sixth year after the receipt of the loan on a 25 year level payment schedule with the balance of the principal to be retired with the payment due 20 years after receipt of the loan.

Subd. 7. [MODERN STEAM SYSTEMS.] (a) A municipality which has operating within its boundaries a modern steam district heating system owned by a district heating utility may apply for a loan or grant under this section even though the district heating project for which the loan or grant application is made may be planned, constructed, or owned by a district heating utility. The loan or grant application shall be treated in the same manner as loan or grant applications for district heating projects where the projects are to be planned, constructed, or owned by a municipality.

All or a portion of the proceeds of a loan made to a municipality described in this subdivision may be used to make loans to a district heating utility to provide financial assistance for the planning, modification, expansion or construction of a district heating project. Prior to making the loan to the district heating utility, the municipality shall:

(1) Adopt a district heating plan which identifies the areas of the city to be served by district heating; a time schedule indicating when service would be available in different areas of the city and the type of service to be offered; and

(2) Enter into a written agreement with the district heating utility which includes a requirement that the district heating utility restrict expansion of its existing steam system within its current geographic boundaries as determined by the municipality and develop a hot water system on a specific time schedule.

(b) The powers, authority and obligations granted to a municipality under this subdivision are supplemental to the powers, authority and obligations granted all municipalities under this section.

(c) As used in this subdivision, "modern steam district heating system" means a steam district heating system with condensate return built after 1970 and before May 30, 1981. "District heating utility" means any person, corporation, or other legal entity which owns or operates or plans to own or operate a district heating system. "District heating project" means a new district heating system, or the expansion or modification of the existing modern steam district heating system.

Subd. 8. [LOAN APPROVAL.] The commissioner of energy, planning and development shall prepare and submit to the legislative advisory commission a list of district heating loan requests. The list shall contain the supporting information required by subdivisions 3, 4, 5, 6, and 7. The recommendation of the legislative advisory commission shall be transmitted to the governor. The governor shall approve or disapprove, or return for further consideration, each project recommended for approval by the legislative advisory commission. Loans may be disbursed only upon approval by

the governor.

Subd. 9. [PAYMENT; OBLIGATION.] The commissioner of finance shall not pay money to a municipality pursuant to an approved loan until he has determined that:

(a) Financing of the project as proposed by the municipality is assured by an irrevocable undertaking, by resolution of the governing body of the municipality, to use all money made available by the financing plan exclusively for the eligible costs of the project, and to pay any additional amount by which the cost of the project exceeds the estimate by the appropriation to the construction account of additional municipal money or the proceeds of additional bonds to be issued by the municipality; and that

(b) The governing body of the municipality has adopted a resolution obligating the municipality to repay the loan according to the terms in the loan. The obligation may be payable from user charges, franchise fees, special assessments or other money available to the municipality. The resolution shall obligate the municipality to annually impose and collect user charges, franchise fees, special assessments, or to use any other money available to it from any other specified source, in amounts and at times that if collected in full will annually produce at least five percent in excess of the amount needed for all annual costs of the system, including annual repayment on state loans. A municipality may also pledge to levy an ad valorem tax to guarantee the payments under the loan agreement. For the purpose of repaying the loan, the municipality by resolution of its governing body may fix the rates and charges for district heating system service and products, may enter into contracts for the payment by others of costs of construction, maintenance, and use of the project in accordance with section 444.075 and may pledge the revenues derived therefrom. The commissioner of finance shall condition a loan upon the establishment of rates and charges or the execution of contracts sufficient to produce annually the revenues pledged for repayment of all annual costs of the system, including annual repayment of the state loan.

Subd. 10. [RECEIPTS.] All principal and interest payments received by the commissioner of finance in repayment of the loans authorized by this section shall be deposited in the state treasury and credited to the state bond fund and are appropriated to the commissioner of finance for the purposes of that account.

Subd. 11. [RULES.] The commissioner of energy, planning and development shall adopt rules necessary to carry out this section. The commissioner of energy, planning and development shall adopt temporary rules pursuant to sections 14.29 to 14.36, meeting the requirements of this section. The rules shall contain as a minimum:

- (a) Procedures for application by municipalities; and
- (b) Criteria for reviewing grant and loan applications.

Sec. 8. [116J.37] [ALTERNATIVE ENERGY ECONOMIC ANALYSIS.]

The commissioner shall carry out the following energy economic analysis duties:

- (a) provide continued analysis of alternative energy issues for the biennial*

report, certificates of need, and legislative requests;

(b) provide alternative energy information to consumers and business;

(c) assist in the maintenance and improvement of alternative energy input-output multipliers and market penetration models;

(d) provide analysis of alternative energy data.

Sec. 9. [116J.371] [SURVEY OF STEAM TRAPS.]

The commissioner shall survey the steam traps in 100 state-owned buildings, to be selected by the commissioner of administration or his or her designee. The purpose of the survey is to assess the energy efficiency of current steam traps and to recommend repair or replacement of faulty steam traps.

Sec. 10. [116J.372] [ENERGY MANAGEMENT TRAINING PROGRAM.]

The commissioner shall establish a program to train state building operators in efficient energy management of state buildings, including the periodic review and maintenance of steam traps as a high priority. The commissioner shall document the energy savings from this program and make it available for use in other program areas, such as in local government buildings.

Sec. 11. [116J.373] [SUPERINSULATED HOME DEMONSTRATION PROJECT.]

The superinsulated home demonstration project funded under Laws 1981, chapter 356, section 30, shall be continued to monitor and document new projects and projects in progress. The project shall:

(a) work with the financial community to bring energy cost and savings into mortgage underwriting standards;

(b) develop a definition of superinsulation for use by financial institutions.

Sec. 12. [116J.38] [BUILDING ENERGY RESEARCH CENTER.]

Subdivision 1. [ENERGY PARTNERSHIP.] To improve the energy efficiency of buildings, the commissioner shall administer a building energy research center that shall be a partnership among the department of energy, planning and development, the university of Minnesota, and certain associations and businesses from the private sector. The center's goal is to become a nationally recognized center for building research.

Subd. 2. [PURPOSE.] The purpose of the building energy research center is to:

(a) conduct studies of actual Minnesota building experience;

(b) disseminate information acquired relating to building energy efficiency;

(c) conduct continuing education courses;

(d) provide limited energy and design consultation services for innovative projects;

(e) coordinate and stimulate research efforts; and

(f) seek private sector pledges to match the appropriation for this program as provided in section 20.

Sec. 13. [116J.39] [ENERGY BUSINESS DEVELOPMENT ASSISTANCE PROGRAM.]

The commissioner shall provide direct assistance to businesses that plan to begin or expand their operations into the area of energy. The assistance shall include:

(a) providing data currently collected by the state that relates to resources, markets, economics, demographics, loans, and business planning;

(b) performing a limited technical review of prototypes or processes;

(c) conducting a limited number of feasibility studies to assist business development; and

(d) conducting workshops, seminars, and other educational opportunities that relate to starting energy businesses or specific technical subjects.

Sec. 14. Minnesota Statutes 1982, section 216B.164, subdivision 2, is amended to read:

Subd. 2. [APPLICABILITY.] This section as well as any rules promulgated by the commission pursuant to implement this section or the public utility regulatory policies act of 1978, Pub.L. 95-617, 92 Stat. 3117, and the federal energy regulatory commission regulations thereunder, ~~48 C.F.R. Code of Federal Regulations, title 18, part 292, shall apply to all Minnesota electric utilities, including cooperative electric associations and municipal electric utilities; that become interconnected with any qualifying facility as defined in 48 C.F.R. Section 292.101(b)(1).~~

Sec. 15. Minnesota Statutes 1982, section 216B.164, subdivision 3, is amended to read:

Subd. 3. [PURCHASES; SMALL FACILITIES.] *(a) For a qualifying facilities facility having less than 40 kilowatt capacity, the customer shall be billed for the net energy supplied by the utility according to the applicable rate schedule for sales to that class of customer. In the case of net input into the utility system by the a qualifying facility having less than 40 kilowatt capacity, compensation to the customer shall be at a per kilowatt hour rate set by the commission determined under paragraph (b) or (c) of this subdivision.*

(b) In setting these rates, the commission shall consider the fixed distribution costs to the utility not otherwise accounted for in the basic monthly charge and shall ensure that the costs charged to the qualifying facility are not discriminatory in relation to the costs charged to other customers of the utility. Notwithstanding any other language to the contrary in this section, The commission shall set the rates for net input into the utility system based on avoided costs as defined in ~~48 C.F.R. the Code of Federal Regulations, title 18, section 292.101(b)(6), the factors listed in 48 C.F.R. Code of Federal Regulations, title 18, section 292.304, and all other relevant factors.~~

(c) Notwithstanding any provision in this chapter to the contrary, a qualifying facility having less than 40 kilowatt capacity may elect that the compensation for net input by the qualifying facility into the utility system shall be

at the average retail utility energy rate. "Average retail energy rate" is defined as the average of the retail energy rates, exclusive of special rates based on income, age, or energy conservation, according to the applicable rate schedule of the utility for sales to that class of customer.

(d) If the qualifying facility is interconnected with a non-generating utility which has a sole source contract with a municipal power agency or a generation and transmission utility, the non-generating utility may elect to treat its purchase of any net input under this subdivision as being made on behalf of its supplier and shall be reimbursed by its supplier for any additional costs incurred in making the purchase. Qualifying facilities having less than 40 kilowatt capacity may, at the customer's option, elect to be governed by the provisions of subdivision 4.

(e) No utility may be required to file information for the determination of avoided costs with the commission until:

(i) a qualifying facility has requested an interconnection or has actually interconnected with a utility; and

(ii) the utility or the qualifying facility having 40 or more kilowatt capacity proposes that the rate to be paid by the utility upon purchase of electric power from a qualifying facility be fixed by reference to avoided costs rather than the average retail energy rate as provided in clause (c).

If the proposal in clause (ii) is made by a qualifying facility, the qualifying facility shall make a preliminary showing that there is reasonable cause to believe that the rate determined by reference to avoided costs would exceed the average retail energy rate.

Sec. 16. Minnesota Statutes 1982, section 216B.164, subdivision 6, is amended to read:

Subd. 6. [RULES AND UNIFORM CONTRACT.] *(a) The commission shall promulgate rules to implement the provisions of this section. The commission shall also establish a uniform statewide form of contract for use between utilities and a qualifying facility having less than 40 kilowatt capacity.*

(b) The commission shall require the qualifying facility to provide the utility with reasonable access to the premises and equipment of the qualifying facility only if the particular configuration of the qualifying facility precludes disconnection or testing of the qualifying facility from the utility side of the interconnection and only if the utility personnel are qualified to work on the qualifying facility's equipment.

(c) The uniform statewide form of contract shall be applied to all new and existing interconnections established between a utility and a qualifying facility having less than 40 kilowatt capacity except that existing contracts may remain in force until written notice of election that the uniform statewide contract form applies is given by either party to the other, with the notice being the shortest time period permitted under existing contract for termination of the existing contract by either party but not less than ten nor longer than 30 days.

Sec. 17. Minnesota Statutes 1982, section 216B.164, subdivision 8, is amended to read:

Subd. 8. [CUSTOMER, INTERCONNECTION AND WHEELING CHARGES.] (a) Utilities shall be required to interconnect with a qualifying facility that offers to provide available energy or capacity and that satisfies the requirements of this section. (b) Nothing contained in this section shall be construed to excuse the qualifying facility from any obligation for costs of interconnection and wheeling in excess of those normally incurred by the utility for customers with similar load characteristics who are not cogenerators or small power producers, or from any fixed charges normally assessed such nongenerating customers.

Sec. 18. [216B.242] [INVERTED RATES.]

The commission may initiate a program designed to demonstrate the effect of inverted rates on promoting conservation by the residential customers of natural gas utilities. Any inverted rates ordered by the commission shall present customers with a tailblock price that, to the maximum extent practicable, reflects the replacement cost of gas. Total revenues collected from customers involved in this pilot program may not exceed those that would be collected under a flat rate. The commission may order two public gas utilities to implement a pilot program of inverted rates for residential customers and to monitor the effects of these rates on gas consumption, and on costs to residential customers. The programs shall include a sufficient number of residential customers to provide statistically significant conclusions regarding the effects and costs of inverted rates. The inverted rate schedules and monitoring plans shall be prepared in consultation with the energy division of the Minnesota department of energy, planning and development.

Sec. 19. Minnesota Statutes 1982, section 453.54, is amended by adding a subdivision to read:

Subd. 7a. It may invest in various technologies at any one time to minimize long-run costs of providing electrical services to consumers. These investments include energy conservation measures and renewable resources.

S.F. No. 497: A bill for an act relating to energy; establishing a residential rental property weatherization disclosure program; requiring the filing of a certificate of compliance with minimum energy efficiency standards for renter-occupied residences; providing for the abatement of certain court actions; allowing a penalty in certain cases; amending Minnesota Statutes 1982, section 116J.27, by adding subdivisions.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1982, section 116J.27, is amended by adding a subdivision to read:

Subd. 3a. [RESIDENTIAL RENTAL PROPERTY WEATHERIZATION DISCLOSURE PROGRAM.] On or before January 1, 1985, the owner of a renter-occupied residence shall file with the county recorder of the county in which the residence is located a certificate of compliance with all applicable energy efficiency standards prescribed by subdivisions 1 and 3. The certificate shall be obtained from a building evaluator following an inspection of the residence conducted after January 1, 1984, and recorded on a form provided by the commissioner. A building evaluator certified according to the standards prescribed in subdivision 6, or pursuant to section 116J.31, is qualified to inspect the residence and to issue the certificate required by this subdivision. For the purposes of this subdivision, building evaluators shall include building officials as qualified by Minnesota Statutes, section 16.861, subdivision 2. After inspection, if the building evaluator determines that the energy efficiency standards prescribed in subdivisions 1 and 3 have been met, he or she shall issue and sign a certificate of compliance. No building evaluator may make energy efficiency improvements or profit directly or indirectly from the provision of energy efficiency improvements to a building that he or she has inspected. The commissioner shall adopt a form for the certificate, and the form shall include at least the following information: (a) name, address, and social security or Minnesota tax identification number of the owner of the residence; (b) street address of the residence; (c) date of the inspection by the building evaluator; (d) name of the building evaluator who performed the inspection; (e) date the certificate is signed by the building evaluator; and (f) a statement that a copy of the certificate should be filed with the county recorder. The county recorder shall maintain a file by street address of the certificates filed pursuant to this subdivision. The certificates shall be released to the public according to section 13.03. If a certificate is not on file for a residence, upon request of any person, the county recorder

shall provide without charge a written statement that a certificate is not on file as of the date of execution of the statement. The statement is prima facie evidence in a court action of the facts it contains. The county recorder may charge a fee to owners who file certificates under this subdivision in an amount sufficient to defray the costs of administering the residential rental property weatherization disclosure program. This subdivision does not apply to low income housing projects owned by a housing and redevelopment authority, as defined in section 462.421, subdivision 2.

Sec. 2. Minnesota Statutes 1982, section 116J.27, is amended by adding a subdivision to read:

Subd. 4a. [ABATEMENT OF CERTAIN ACTIONS.] In a civil action to recover possession on the basis of nonpayment of rent or holding over after termination of the tenancy by notice to quit, or in a civil action to recover rent, or other damages arising from the rental of property subject to subdivision 3, a defendant may plead a failure to file the certificate required by subdivision 3a in order to abate the action, if the action was commenced before the certificate was filed. All proceedings in the action shall be stayed until the certificate is filed pursuant to subdivision 3a; and the defendant, whether or not he or she prevails in the action, may tax \$50 costs, in addition to other costs allowed by law. In actions to recover possession on the basis of nonpayment of rent, the court may condition the stay upon payment into court of the rent as it becomes due, and the defendant may elect to tax the \$50 costs allowed by this subdivision by reducing the rent to be paid into court by \$50.

Sec. 3. Minnesota Statutes 1982, section 116J.27, is amended by adding a subdivision to read:

Subd. 4b. [CIVIL DAMAGES IN CERTAIN ACTIONS.] A tenant who occupies or occupied, after January 1, 1986, property subject to subdivision 3 and who makes a claim in a civil action against the owner before the certificate required under subdivision 3a is filed, shall be entitled to recover \$200 from the owner. For purposes of this subdivision, the term "owner" has the meaning given in section 566.18, subdivision 3.

Sec. 4. [116J.305] [RENTAL PROPERTY CONSERVATION ENFORCEMENT.]

Subdivision 1. [GENERALLY.] If the owner of a rental residential property fails to comply with the weatherstripping, caulking, storm window and storm door energy efficiency standards prescribed by section 116J.27, subdivision 3, within the period set forth in this section, the tenant may remedy the noncompliance and deduct the actual expense from the rent in accordance with this section.

Subd. 2. [DEFINITIONS.] As used in this section, the terms defined in this subdivision shall have the meanings given them.

(a) "Owner" means an owner as defined in section 566.18, subdivision 3.

(b) "Tenant" means a tenant as defined in section 566.18, subdivision 2.

Subd. 3. [TIME FOR COMPLIANCE BY OWNER.] For the purpose of this section only, the owner's period of time to remedy noncompliance with the weatherstripping, caulking, storm window and storm door energy efficiency standards prescribed by section 116J.27, subdivision 3, shall be 30

days after a written statement describing noncompliance and indicating the tenant's intention to remedy the noncompliance has been deposited in the United States mail with first class postage prepaid, properly addressed to the owner, his agent, his caretaker, or the person to whom rent is paid, or, if not mailed, when the statement is otherwise personally received by one of those persons.

Subd. 4. [ACTIONS INVOLVING NONPAYMENT OF RENT.] In a proceeding for restitution of the premises on the ground of nonpayment of rent or in any other proceeding in which the tenant's rental obligation is an issue:

(a) If the tenant proves that the owner failed to comply within the time set forth in subdivision 3, and that thereafter the tenant paid for remedying the noncompliance, the court shall abate the tenant's rental obligation by the amount so paid, unless the owner establishes by clear and convincing evidence that the tenant acted both unreasonably and in bad faith.

(b) If the tenant proves that the owner failed to comply and the tenant paid for remedying the noncompliance, but fails to prove that the owner was given the period of time to remedy the noncompliance set forth in subdivision 3, or if the owner proves that during the time set forth in subdivision 3 the tenant unreasonably refused the owner or his agent entry to the premises for the purpose of remedying the noncompliance, the court shall, upon a finding that the tenant acted in good faith, abate the tenant's rental obligation by the amount which the owner proves would have been the reasonable cost to him of remedying the noncompliance. In a proceeding for restitution of the premises, the court shall enter an order establishing a reasonable payment schedule for the difference, if any, between the reasonable cost to the owner of remedying the noncompliance and the amount actually deducted. If the tenant fails to comply with the payment schedule, the owner may, upon three days' written notice to the tenant, move for an order for judgment of restitution of the premises.

(c) In a proceeding for restitution of the premises, if the tenant fails to prove that the condition which he remedied constituted noncompliance with section 116J.27, subdivision 3, the court shall, upon a finding that the tenant acted in good faith, enter an order establishing a reasonable payment schedule for the unpaid rent. If the tenant fails to comply with the payment schedule, the owner may, upon three days' written notice to the tenant, move for an order for judgment of restitution of the premises.

Subd. 5. [TENDER NOT REQUIRED.] The court may not require that the amount alleged by the tenant to have been expended under this section be tendered to the court or to the owner as a condition to the assertion of rights under this section. The court may require the tenant to produce receipts concerning the amount so expended as a condition to the assertion of rights under this section. The court may continue a proceeding for not more than five days in order to allow the tenant an opportunity to produce receipts.

Subd. 6. [LIMITATION.] In a calendar year, a tenant may not deduct under this section an amount greater than the total of two months' rent.

Subd. 7. [LIMITATIONS; WAIVER PROHIBITED; RIGHTS AS ADDITIONAL.] The rights afforded to the tenant under this section:

(a) shall not extend to conditions caused by the willful, malicious, or neg-

ligent conduct of the tenant or of a person under his direction or control;

(b) may not be waived or modified; and

(c) are in addition to and shall not limit other rights available to the tenant; including the right to damages or to additional abatement of the rental obligation based upon the owner's noncompliance and the right to restoration of possession of the premises afforded by section 504.02.

Sec. 5. [EFFECTIVE DATE.]

Sections 1 and 4 are effective the day following final enactment. Sections 2 and 3 are effective January 1, 1985.'

Subdivision 1. [SELECTION OF DEVELOPMENTAL ACHIEVEMENT CENTERS.] The county board shall administer developmental achievement services, *including training and habilitation services provided by licensed developmental achievement centers to residents of intermediate care facilities for the mentally retarded.* The county board shall ensure that transportation is provided for persons who fulfill the eligibility requirements of section 252.23, clause (1), utilizing the most efficient and reasonable means available. The county board may contract for developmental achievement services and transportation from a center which is licensed under the provisions of sections 245.781 to 245.813, 252.28, and 257.175, and in the board's opinion, best provides daytime developmental achievement services for mentally retarded and cerebral palsied persons within the appropriation *and medical assistance resources* made available for this purpose. Sec. 2. Minnesota Statutes 1982, section 252.28, is amended to read:

252.28 [COMMISSIONER OF PUBLIC WELFARE; DUTIES.]

Subdivision 1. The commissioner of public welfare ~~may~~ *shall* determine, *and may redetermine every fourth year,* the need, location, size, and program of public and private residential and day care facilities and services for

mentally retarded children and adults.

Subd. 2. The commissioner of public welfare shall:

(1) Establish uniform rules, regulations and program standards for each type of residential and day facility or service for ~~more than four~~ *mentally retarded persons*, including state institutions under control of the commissioner and serving mentally retarded persons.

(2) Grant licenses according to the provisions of Laws 1976, Chapter 243, Sections 2 to 13.

Subd. 3. (1) No new license shall be granted pursuant to this section when the issuance of the license would substantially contribute to an excessive concentration of community residential facilities within any town, municipality or county of the state.

(2) In determining whether a license shall be issued pursuant to this subdivision, the commissioner of public welfare shall specifically consider the population, size, land use plan, availability of community services and the number and size of existing public and private community residential facilities in the town, municipality or county in which a licensee seeks to operate a residence. Under no circumstances may the commissioner newly license any facility pursuant to this section except as provided in section 245.812. The commissioner of public welfare shall establish uniform rules and regulations to implement the provisions of this subdivision.

(3) Licenses for community facilities and services shall be issued pursuant to section 245.821.

Subd. 4. The commissioner shall identify beds targeted for decertification, and shall encourage providers in voluntary decertification efforts. The commissioner shall not recommend to the commissioner of health the decertification of beds determined not to be needed for two years following the implementation of an approved home and community-based services waiver.

Sec. 3. [252.291] [LIMITATION ON DETERMINATION OF NEED.]

Subdivision 1. [MORATORIUM.] Notwithstanding section 252.28, subdivision 1, or any other law or rule to the contrary, the commissioner of public welfare shall deny any request for a determination of need and refuse to grant a license pursuant to section 245.782 for any new intermediate care facility for mentally retarded persons or for an increase in the licensed capacity of an existing facility except as provided in subdivision 2. In no event shall the total of certified intermediate care beds for mentally retarded persons in community facilities and state hospitals exceed 7,500 beds. "Certified bed" means an intermediate care bed for the mentally retarded certified by the commissioner of health for the purposes of the medical assistance program under United States Code, title 42, sections 1395 et seq. and 1396 et seq.

Subd. 2. [EXCEPTIONS.] The commissioner of public welfare in coordination with the commissioner of health may approve a new intermediate care facility for mentally retarded persons only in the following circumstances:

(a) when the facility is developed in accordance with a request for proposal system established pursuant to subdivision 3, clause (c), or

(b) when the facility is necessary to serve the needs of identifiable mentally retarded persons who are seriously behaviorally disordered or who are physically or sensorily impaired, or

(c) to license beds in new facilities where need was determined by the commissioner prior to the effective date of this section.

Subd. 3. [DUTIES OF COMMISSIONER.] The commissioner shall:

(a) establish standard admission criteria for state hospitals and county utilization targets to limit and reduce the number of intermediate care beds in state hospitals and community facilities in accordance with approved waivers under Title XIX of the Social Security Act to assure that appropriate services are provided in the least restrictive setting;

(b) eliminate state hospital beds by consolidating program units and closing other units as necessary to reduce costs and assure quality programming, provided that a staff redeployment plan is in place before the consolidation;

(c) provide technical assistance so that county boards may establish a request for proposal system for meeting individual service plan objectives through home and community-based services, alternative community services, or, if no other alternative will meet the needs of identifiable individuals for whom the county is financially responsible, a new intermediate care facility for mentally retarded persons; and

(d) establish a client tracking and evaluation system as required under applicable federal waiver regulations, Code of Federal Regulations, title 42, sections 431, 435, 440, and 441.

Subd. 4. [MONITORING.] The commissioner of public welfare, in coordination with the commissioner of health, shall implement mechanisms to monitor and analyze the effect of the bed moratorium in the different geographic areas of the state. The commissioner of public welfare shall submit to the legislature annually no later than January 15, an assessment of the impact of the moratorium by geographic areas.

Subd. 5. [RULEMAKING.] The commissioner of public welfare is authorized to adopt permanent and temporary rules to establish uniform rules to implement this section.

Subd. 6. [REPEALER.] The provisions of this section shall be repealed if the home and community-based waiver under the Social Security Act, Title XIX, Section 1915(c) is not approved by December 31, 1984.

Sec. 4. Minnesota Statutes 1982, section 256B.02, subdivision 8, is amended to read:

Subd. 8. "Medical assistance" or "medical care" means payment of part or all of the cost of the following care and services for eligible individuals whose income and resources are insufficient to meet all of such cost:

(1) Inpatient hospital services.

(2) Skilled nursing home services and services of intermediate care facilities, including training and habilitation services for mentally retarded individuals residing in intermediate care facilities for the mentally retarded.

(3) Physicians' services.

- (4) Outpatient hospital or clinic services.
- (5) Home health care services.
- (6) Private duty nursing services.
- (7) Physical therapy and related services.
- (8) Dental services, excluding cast metal restorations.
- (9) Laboratory and x-ray services.

(10) The following if prescribed by a licensed practitioner: drugs, eye-glasses, dentures, and prosthetic devices. The commissioner shall designate a formulary committee which shall advise the commissioner on the names of drugs for which payment shall be made, recommend a system for reimbursing providers on a set fee or charge basis rather than the present system, and develop methods encouraging use of generic drugs when they are less expensive and equally effective as trademark drugs. The commissioner shall appoint the formulary committee members no later than 30 days following July 1, 1981. The formulary committee shall consist of nine members, four of whom shall be physicians who are not employed by the department of public welfare, and a majority of whose practice is for persons paying privately or through health insurance, three of whom shall be pharmacists who are not employed by the department of public welfare, and a majority of whose practice is for persons paying privately or through health insurance, a consumer representative, and a nursing home representative. Committee members shall serve two year terms and shall serve without compensation. The commissioner may establish a drug formulary. Its establishment and publication shall not be subject to the requirements of the administrative procedure act, but the formulary committee shall review and comment on the formulary contents. The formulary shall not include: drugs for which there is no federal funding; over the counter drugs, except for antacids, acetaminophen, family planning products, aspirin, insulin, prenatal vitamins, and vitamins for children under the age of seven; nutritional products; anorectics; and drugs for which medical value has not been established. Payment to drug vendors shall not be modified before the formulary is established. The commissioner may promulgate conditions for prohibiting payment for specific drugs after considering the formulary committee's recommendations.

The basis for determining the amount of payment shall be the actual acquisition costs of the drugs plus a fixed dispensing fee established by the commissioner. Actual acquisition cost includes quantity and other special discounts except time and cash discounts. Establishment of this fee shall not be subject to the requirements of the administrative procedure act. Whenever a generically equivalent product is available, payment shall be on the basis of the actual acquisition cost of the generic drug, unless the prescriber specifically indicates "dispense as written" on the prescription as required by section 151.21, subdivision 2.

Notwithstanding the above provisions, implementation of any change in the fixed dispensing fee which has not been subject to the administrative procedure act shall be limited to not more than 180 days, unless, during that time, the commissioner shall have initiated rulemaking through the administrative procedure act.

(11) Diagnostic, screening, and preventive services.

(12) Health care pre-payment plan premiums and insurance premiums if paid directly to a vendor and supplementary medical insurance benefits under Title XVIII of the Social Security Act.

(13) Abortion services, but only if one of the following conditions is met:

(a) The abortion is a medical necessity. "Medical necessity" means (1) the signed written statement of two physicians indicating the abortion is medically necessary to prevent the death of the mother, and (2) the patient has given her consent to the abortion in writing unless the patient is physically or legally incapable of providing informed consent to the procedure, in which case consent will be given as otherwise provided by law;

(b) The pregnancy is the result of criminal sexual conduct as defined in section 609.342, clauses (c), (d), (e)(i), and (f), and the incident is reported within 48 hours after the incident occurs to a valid law enforcement agency for investigation, unless the victim is physically unable to report the criminal sexual conduct, in which case the report shall be made within 48 hours after the victim becomes physically able to report the criminal sexual conduct; or

(c) The pregnancy is the result of incest, but only if the incident and relative are reported to a valid law enforcement agency for investigation prior to the abortion.

(14) Transportation costs incurred solely for obtaining emergency medical care or transportation costs incurred by non-ambulatory persons in obtaining emergency or non-emergency medical care when paid directly to an ambulance company, common carrier, or other recognized providers of transportation services. For the purpose of this clause, a person who is incapable of transport by taxicab or bus shall be considered to be non-ambulatory.

(15) To the extent authorized by rule of the state agency, costs of bus or taxicab transportation incurred by any ambulatory eligible person for obtaining non-emergency medical care.

(16) Any other medical or remedial care licensed and recognized under state law unless otherwise prohibited by law.

(17) Home and community-based services provided under an approved service plan of care for persons who, without the services, would, as determined through case management screening, require institutional care in an intermediate care facility for mentally retarded.

Sec. 5. [256B.092] [CASE MANAGEMENT OF MENTALLY RETARDED PERSONS.]

Subdivision 1. [COUNTY OF FINANCIAL RESPONSIBILITY, DUTIES.] Before any services shall be rendered to mentally retarded persons in need of social service and medical assistance, the county of financial responsibility shall conduct a diagnosis in order to determine whether the person is or may be mentally retarded. If a client is diagnosed mentally retarded, that county must conduct a need assessment, develop an individual service plan, and authorize placement for services. If the county of financial

responsibility places a client in another county for services, the placement shall be made in cooperation with the host county of service, and arrangements shall be made between the two counties for ongoing social service, including annual reviews of the client's individual service plan. The host county may not make changes in the service plan without approval by the county of financial responsibility.

Subd. 2. [MEDICAL ASSISTANCE.] To assure quality case management to those county clients who are eligible for medical assistance, the commissioner shall: (a) provide consultation on the case management process; (b) assist county agencies in the screening and annual reviews of clients to assure that appropriate levels of service are provided; (c) provide consultation on service planning and development of services with appropriate options; (d) provide training and technical assistance to county case managers; and (e) authorize payment for medical assistance services.

Subd. 3. [TERMINATION OF SERVICES.] County agency case managers, under rules of the commissioner, shall authorize and terminate services of community and state hospital providers in accordance with individual service plans. Services not needed shall not be authorized by county agencies nor funded by the commissioner.

Subd. 4. [ALTERNATIVE HOME AND COMMUNITY-BASED SERVICES.] The commissioner shall make payments to county boards participating in the medical assistance program to pay costs of providing alternative home and community-based services to medical assistance eligible mentally retarded persons screened under subdivision 7. Payment is available under this subdivision only for persons who, if not provided these services, would require the level of care provided in an intermediate care facility for mentally retarded persons.

Subd. 5. [FEDERAL WAIVERS.] The commissioner shall apply for any federal waivers necessary to secure, to the extent allowed by law, federal financial participation under Title XIX of the Social Security Act, for the provision of services to persons who, in the absence of the services, would need the level of care provided in a state hospital or a community intermediate care facility for mentally retarded persons. The commissioner may seek amendments to the waivers or apply for additional waivers under Title XIX of the Social Security Act to contain costs. The commissioner shall ensure that grants for payment for the cost of providing home and community-based alternative services under the federal waiver plan shall not exceed the cost of intermediate care services that would have been provided without the waived services.

Subd. 6. [RULES.] The commissioner shall adopt temporary rules to establish required controls, documentation, and reporting of services provided in order to assure proper administration of the approved waiver plan.

Subd. 7. [SCREENING TEAMS ESTABLISHED.] Each county agency shall establish a screening team which, under the direction of the county case manager, shall make an evaluation of need for home or community-based services of persons who are entitled to the level of care provided by an intermediate care facility for mentally retarded persons or for whom there is a reasonable indication that they might need the services in the near future. The screening team shall consist of the case manager, the client, a parent or

guardian, a qualified mental retardation professional (as defined in the Code of Federal Regulations, title 42, section 442.401) assigned by the commissioner. The case manager shall consult with the client's physician or other persons as necessary to make this evaluation. Other persons may be invited to attend meetings of the screening team. No member of the screening team shall have any direct or indirect financial interest or service provider interest in the case.

Subd. 8. [SCREENING TEAM DUTIES.] The screening team shall:

(a) review diagnostic data;

(b) review health, social, and developmental assessment data;

(c) identify the level of services needed to maintain the person in the most normal and least restrictive setting that is consistent with treatment needs;

(d) identify other noninstitutional public assistance or social service that may prevent or delay long-term residential placement;

(e) determine whether a client is in serious need of long-term residential care;

(f) make recommendations to the county board and the commissioner regarding placement and payment for (1) social service or public assistance support to maintain a client in the client's own home or other place of residence, (2) training and habilitation service, vocational rehabilitation, employment training activities, (3) community residential placement, (4) state hospital placement, or (5) a home and community-based alternative to (3) or (4);

(g) make recommendations to the court as may be needed to assist the court in making commitments of mentally retarded persons; and

(h) inform clients that appeal may be made to the commissioner pursuant to section 256.045.

Sec. 6. [256B.50] [RATES FOR COMMUNITY-BASED SERVICES FOR THE MENTALLY RETARDED.]

Subdivision 1. [DEFINITIONS.] (1) For the purposes of this section, the following terms have the meanings given them.

(2) "Commissioner" means the commissioner of public welfare.

(3) "Facility" means a facility licensed as a mental retardation residential facility under section 252.28, licensed as a supervised living facility under chapter 144, and certified as an intermediate care facility for the mentally retarded.

(4) A "waivered service" means a home for community-based service authorized under the Social Security Act, Title XIX, section 1915(c), and defined in the Minnesota state plan for the provision of medical assistance services. Waivered services include, at a minimum, case management, family training and support, developmental training homes, supervised living arrangements, semi-independent living services, respite care and training and habilitation services.

(5) "Training and habilitation services" are those health and social ser-

vices needed to insure optimal functioning of persons who are mentally retarded or have related conditions. Training and habilitation services shall be provided by an organization which is separate from the organization which provides the residential services.

Subd. 2. [AUTHORITY.] The commissioner shall establish procedures and rules for determining rates for care of residents of intermediate care facilities for the mentally retarded which qualify as vendors of medical assistance, waived services, and for provision of training and habilitation services. Approved rates shall be established on the basis of methods and standards that the commissioner finds adequate to provide for the costs that must be incurred for the quality care of residents in efficiently and economically operated facilities and services. The procedures shall specify the costs that are allowable for payment through medical assistance. The commissioner may use experts from outside the department in the establishment of the procedures.

Subd. 3. [RATES FOR INTERMEDIATE CARE FACILITIES FOR THE MENTALLY RETARDED.] In establishing rates for care of residents in intermediate care facilities for mentally retarded persons the commissioner shall consider the recommendations contained in the February 11, 1983, report of the legislative auditor on community residential programs for the mentally retarded and the recommendations contained in the 1982 report of the department of public welfare rule 52 task force.

Subd. 4. [WAIVERED SERVICES.] In establishing rates for waived services the commissioner shall consider the need for flexibility in the provision of those services to meet individual needs identified by the screening team.

Subd. 5. [TRAINING AND HABILITATION SERVICES.] (a) Except as provided in subdivision 6, rates for training and habilitation services provided by a developmental achievement center either as a waived service or to residents of an intermediate care facility for mentally retarded persons shall be established and paid in accordance with this subdivision.

(b) Prior to July 1, 1983, the county board shall submit to the commissioner for approval a per diem rate for each developmental achievement center it administers pursuant to section 252.24, subdivision 1, for the period from July 1, 1983, through December 31, 1983, which shall be the rate established for that developmental achievement center for 1983 or 106 percent of the 1982 per diem rate, whichever is less.

(c) The base per diem rate established July 1, 1983, may be increased by the county in subsequent calendar years in an amount up to the percentage increase allowed by the legislature in per diem charges made by intermediate care facilities for mentally retarded persons.

(d) The county board in which an intermediate care facility for mentally retarded persons is located shall contract annually with that facility and with the appropriate developmental achievement center for provision of training and habilitation services for each resident of the facility for whom the services are required by the resident's individual service plan. This contract shall specify the payment rate, the training and habilitation services to be provided, and the performance standards for program provision. A similar

contract shall be entered into between the county and the developmental achievement center for persons receiving training and habilitation services from that center as a waived service.

(e) The commissioner shall reimburse up to 210 days of training and habilitation services at developmental achievement centers which provided less than or equal to that amount in calendar year 1982. For developmental achievement centers providing more than 210 days of service in 1982, the commissioner shall not pay in excess of the number of days provided by those programs in 1982.

(f) Medical assistance payments for training and habilitation service shall be made to the county board financially responsible for the client. The developmental achievement center shall submit invoices to the medical assistance program following procedures established by the medical assistance program.

Subd. 6. [NEW DEVELOPMENTAL ACHIEVEMENT PROGRAMS, RATES.] The commissioner, upon the recommendation of the local county board, shall determine the rate for new developmental achievement programs. The payment rate shall not exceed 125 percent of the average payment rate in the region.

Subd. 7. [ALTERNATIVE RATES FOR TRAINING AND HABILITATION SERVICES.] Alternative methods may be proposed by the counties or the commissioner for provision of training and habilitation services during daytime hours apart from a residential facility to persons for whom needs identified in their individual service plan are not met by the training and habilitation services provided at a developmental achievement center. The commissioner shall establish procedures for approval of the proposals and for payment of reasonable rates which shall not exceed the average rate allowed in that county for training and habilitation services pursuant to subdivision 5. Nothing in this subdivision prohibits a county from contracting with a developmental achievement center for such purposes.

Subd. 8. [PAYMENT FOR PERSONS WITH SPECIAL NEEDS.] The commissioner shall establish by December 31, 1983, procedures to be followed by the counties to seek authorization from the commissioner for payment for waived services or training and habilitation services for very dependent persons with special needs in an amount in excess of the rates allowed pursuant to subdivisions 2, 4, 5, and 6 and procedures to be followed for rate limitation exemptions for intermediate care facilities for mentally retarded persons. No excess payment or limitation exemption shall be authorized unless the need for the service is documented in the individual service plan of the person or persons to be served, the type and duration of the services needed are stated, and there is a reasonable basis for estimated cost of the services.

The commissioner shall evaluate the services provided pursuant to this subdivision through program and fiscal audits.

Subd. 9. [REPORTING REQUIREMENTS.] The developmental achievement center shall submit to the county and the commissioner no later than March 31 of each year an annual report which includes the actual program revenues and expenditures, client information, and program information.

The information shall be submitted on forms prescribed by the commissioner.

Subd. 10. [TEMPORARY RULES.] To implement subdivisions 1 to 9, the commissioner shall adopt temporary and permanent rules in accordance with chapter 14.

Sec. 7. [FEDERAL REQUIREMENTS.]

If any provision of sections 3, 4, 5, or 6 is determined by the United States government to be in conflict with existing or future requirements of the United States government with respect to federal participation in medical assistance, the federal requirements shall prevail.

Sec. 8. Minnesota Statutes 1982, section 256E.06, is amended by adding a subdivision to read:

Subd. 2a. [STATE TRANSFER OF FUNDS.] Notwithstanding subdivisions 1 and 2 the commissioner is authorized to transfer, prior to distribution of state aids to the counties, up to \$16,000,000 from the biennial appropriation beginning July 1, 1983, to the medical assistance state account to fund training and habilitation services provided to residents of intermediate care facilities for mentally retarded persons as required by federal regulations. Upon federal approval of the state plan, county boards will not be responsible for the funding of developmental achievement center services as a social service to intermediate care facilities for mentally retarded residents. County board responsibility for the services shall be assumed under section 256B.20. County boards continue to be responsible for funding developmental achievement center services for those persons not covered under the Title XIX medical assistance program.

Sec. 9. [APPROPRIATION.]

Up to \$400,000 is appropriated from the general fund to the department of public welfare to match federal money available for costs establishing a client information system and positions needed to administer the mental retardation program. Up to 15 line item positions are authorized for the implementation of provisions of the case management plan, the home and community-based services waiver program, assisting county agencies in screening of clients for medical assistance services, technical assistance in developing community-based alternatives, and management of the mental retardation medical assistance program.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

“Section 1. [144A.071] [MORATORIUM ON CERTIFICATION OF NURSING HOME BEDS.]

Subdivision 1. [MORATORIUM.] Notwithstanding the provisions of the Certificate of Need Act, sections 145.832 to 145.845, or any other law to the contrary, the commissioner of health, in coordination with the commissioner of public welfare, shall deny each request by a nursing home or boarding care home, except an intermediate care facility for the mentally retarded, for addition of new certified beds or for a change or changes in the certification status of existing beds except as provided in subdivision 2. The total number of certified beds in the state in the skilled level and in the intermediate levels of care shall remain at or decrease from the number of beds certified at each level of care on the effective date of this section, except as allowed under subdivision 2. “Certified bed” means a nursing home bed or a boarding care bed certified by the commissioner of health for the purposes of the medicare or medical assistance program, under United States Code, title 42, sections 1395 et seq. and 1396 et seq.

The commissioner of public welfare, in coordination with the commissioner of health, shall deny any request to issue a license under sections 245.781 to 245.812 and 252.28 to a nursing home or boarding care home, if that license would result in an increase in the reimbursement amount.

Subd. 2. [EXCEPTIONS.] The commissioner of health, in coordination with the commissioner of welfare, may approve the addition of a new certified bed or change in the certification status of an existing bed under the following conditions:

(a) To replace a bed decertified after the effective date of this section or to address an extreme hardship situation, in a particular county that has fewer nursing home beds than the number that is ten percent higher than the national average of nursing home beds per 1,000 elderly individuals. In allowing replacement of a decertified bed, the commissioners shall ensure that the number of added or recertified beds does not exceed the total number of decertified beds in the state in that level of care. An extreme hardship situation can only be found after the county documents the existence of unmet medical needs that cannot be addressed by any other alternatives; or

(b) To certify a new bed in a facility that commenced construction before the effective date of this section. For the purposes of this section, “commenced construction” means that all of the following conditions were met: the final working drawings and specifications were approved by the commissioner of health; the construction contracts were let; a timely construction schedule was developed, stipulating dates for beginning, achieving various stages, and completing construction; all zoning and building permits were secured; and significant alteration of the site was made and continues

in accordance with the construction schedule. The commissioner of public welfare shall consult with the commissioner of health and others knowledgeable in the area to determine the average amount of expenses incurred in preparing for commencing construction after obtaining a certificate of need, and shall reimburse a nursing home that obtained a certificate of need but did not commence construction before the effective date of this section for its actual expenses, incurred during that period in preparing for commencing construction, except any tax-deductible amounts, up to the mean amount;

(c) To completely replace a currently operating facility of fewer than 80 beds, that has obtained a certificate of need but has not commenced construction before the effective date of this section, if the replacement will not result in more total certified beds or more certified beds in any level of care than if the original facility had continued to operate; or

(d) When the change in certification status results in a decrease in the reimbursement amount.

Subd. 3. [MONITORING.] The commissioner of health, in coordination with the commissioner of public welfare, shall implement mechanisms to monitor and analyze the effect of the moratorium in the different geographic areas of the state. The commissioner of health shall submit to the legislature, no later than January 15, 1984 and annually thereafter, an assessment of the impact of the moratorium by geographic area, with particular attention to service deficits or problems and a corrective action plan.

Sec. 2. Minnesota Statutes 1982, section 144A.10, subdivision 6, is amended to read:

Subd. 6. [FINES.] A nursing home which is issued a notice of noncompliance with a correction order shall be assessed a civil fine in accordance with a schedule of fines *to be promulgated by rule of the commissioner of health before September 1, 1983.* The fine shall be assessed for each day the facility remains in noncompliance and until a notice of correction is received by the commissioner of health in accordance with subdivision 7. No fine for a specific violation may exceed ~~\$250~~ \$1,000 per day of noncompliance.

Sec. 3. [144A.31] [INTERAGENCY BOARD FOR QUALITY ASSURANCE.]

Subdivision 1. [INTERAGENCY BOARD.] The commissioners of health and public welfare shall establish, by October 1, 1983, an interagency board of representatives of their respective departments who are knowledgeable and employed in the areas of long term care, geriatric care, long term care facility inspection, or quality of care assurance. The number of interagency board members shall not exceed seven; three members each to represent the commissioners of health and public welfare and one member to represent the commissioner of public safety in the enforcement of fire and safety standards in nursing homes. The commissioner of public welfare or a designee shall chair and convene the board. The board may utilize the expertise and time of other individuals employed by either department as needed. The board may recommend that the commissioners contract for services as needed. The board shall meet as often as necessary to accomplish its duties, but at least monthly. The board shall establish procedures, including public hearings,

for allowing regular opportunities for input from residents, nursing homes, and other interested persons.

Subd. 2. [INSPECTIONS.] No later than January 1, 1984, the board shall develop and recommend implementation and enforcement of an effective system to ensure quality of care in each nursing home in the state. Quality of care includes evaluating, using the resident's care plan, whether the resident's ability to function is optimized and should not be measured solely by the number or amount of services provided.

The board shall assist the commissioner of health in ensuring that inspections and reinspections of nursing homes are conducted with a frequency and in a manner calculated to most effectively and appropriately fulfill its quality assurance responsibilities and achieve the greatest benefit to nursing home residents. The commissioner of health shall require a higher frequency and extent of inspections with respect to those nursing homes that present the most serious concerns with respect to resident health, treatment, comfort, safety, and well-being. These concerns include but are not limited to: complaints about care, safety, or rights; situations where previous inspections or reinspections have resulted in correction orders related to care, safety, or rights; instances of frequent change in administration in excess of normal turnover rates; and situations where persons involved in ownership or administration of the nursing home have been indicted for, charged with, or convicted of engaging in criminal activity. A nursing home that presents none of these concerns or any other concern or condition established by the board that poses a risk to resident care, safety, or rights shall be inspected once every two years for compliance with key requirements as determined by the board.

The board shall develop and recommend to the commissioner's mechanisms beyond the inspection process to protect resident care, safety, and rights, including but not limited to coordination with the office of health facility complaints and the nursing home ombudsman program.

Subd. 3. [METHODS FOR DETERMINING RESIDENT CARE NEEDS.] The board shall develop and recommend to the commissioner's definitions for levels of care and methods for determining resident care needs in preparation for eventually developing methods to adjust payments for resident care based on the mix of resident needs in a nursing home. The methods for determining resident care needs shall include assessments of ability to perform activities of daily living and assessments of medical and therapeutic needs.

Subd. 4. [ENFORCEMENT.] The board shall develop and recommend for implementation effective methods of enforcing quality of care standards. When it deems necessary, and when all other methods of enforcement are not appropriate, the board shall recommend to the commissioner of health closure of all or part of a nursing home and revocation of the license. The board shall develop, and the commissioner of public welfare shall implement, a resident relocation plan that instructs the county in which the nursing home is located of procedures to ensure that the needs of residents in nursing homes about to be closed are met. The county shall ensure placement in swing beds in hospitals, placement in unoccupied beds in other nursing homes, utilization of home health care on a temporary basis, foster care placement, or other appropriate alternative care. In preparing for reloca-

tion, the county shall ensure that residents and their families or guardians are involved in planning the relocation.

Subd. 5. [REPORTS.] The commissioners of health and public welfare shall report to the legislature no later than January 15, 1984 on their proposals and progress on implementation of the methods required under subdivisions 2, 3, and 4. The commissioners shall recommend changes in or additions to legislation necessary or desirable to fulfill their responsibilities. The commissioners shall report annually to the legislature, beginning in January, 1985, on the implementation and enforcement of the provisions of this section.

Sec. 4. Minnesota Statutes 1982, section 256B.091, subdivision 1, is amended to read:

Subdivision 1. [PURPOSE.] It is the purpose of this section to prevent inappropriate nursing home *or boarding care home* placement by establishing a program of preadmission screening teams for all medical assistance recipients and any individual who would become eligible for medical assistance within ~~90~~ 180 days of admission to a licensed nursing home *or boarding care home* participating in the program. Further, it is the purpose of this section and the program to gain further information about how to contain costs associated with inappropriate nursing home *or boarding care home* admissions. The commissioners of public welfare and health shall seek to maximize use of available federal and state funds and establish the broadest program possible within the appropriation available. The commissioner of public welfare shall promulgate temporary rules in order to implement this section by September 1, 1980.

Sec. 5. Minnesota Statutes 1982, section 256B.091, subdivision 2, is amended to read:

Subd. 2. [SCREENING TEAMS; ESTABLISHMENT.] Each county agency designated by the commissioner of public welfare to participate in the program shall contract with the local board of health organized under section 145.911 to 145.922 or other public or non-profit agency to establish a screening team to assess, prior to admission to a nursing home *or a boarding care home* licensed under section 144A.02 *or sections 144.50 to 144.56, that is certified for medical assistance as a skilled nursing facility, intermediate care facility level I, or intermediate care facility level II,* the health and social needs of medical assistance recipients and individuals who would become eligible for medical assistance within ~~90~~ 180 days of nursing home *or boarding care home* admission. Each local screening team shall be composed of a public health nurse from the local public health nursing service and a social worker from the local community welfare agency. Each screening team shall have a physician available for consultation and shall utilize individuals' attending physicians' physical assessment forms, if any, in assessing needs. The individual's physician shall be included on the screening team if the physician chooses to participate. If the individual is being discharged from an acute care facility, a discharge planner from that facility may be present, at the facility's request, during the screening team's assessment of the individual and may participate in discussions but not in making the screening team's recommendations under subdivision 3, clause (e). If the assessment procedure or screening team recommendation results

in a delay of the individual's discharge from the acute care facility, the facility shall not be denied *medical assistance* reimbursement or incur any other financial or regulatory penalty of the *medical assistance program that would otherwise be* caused by the individual's extended length of stay. Other personnel as deemed appropriate by the county agency may be included on the team. No member of a screening team shall have a direct or indirect financial or self-serving interest in a nursing home or non-institutional referral such that it would not be possible for the member to consider each case objectively.

Sec. 6. Minnesota Statutes 1982, section 256B.091, subdivision 4, is amended to read:

Subd. 4. [SCREENING OF PERSONS.] Prior to nursing home or *boarding care home* admission, screening teams shall assess the needs of all persons receiving medical assistance and of all persons who would be eligible for medical assistance within ~~90~~ 180 days of admission to a nursing home or *boarding care home*, except patients transferred from other nursing homes or patients who, having entered acute care facilities from nursing homes, are returning to nursing home care. Any other interested person may be assessed by a screening team upon payment of a fee based upon a sliding fee scale.

Sec. 7. Minnesota Statutes 1982, section 256B.091, subdivision 8, is amended to read:

Subd. 8. [ALTERNATIVE CARE GRANTS.] The commissioner shall provide grants to counties participating in the program to pay costs of providing alternative care to individuals screened under subdivision 4. Payment is available under this subdivision only for individuals (1) for whom the screening team would recommend nursing home admission if alternative care were not available; (2) who are receiving medical assistance or who would be eligible for medical assistance within ~~90~~ 180 days of admission to a nursing home; and (3) who need services that are not available at that time in the county through other public assistance.

Grants may be used for payment of costs of providing services such as, but not limited to, foster care for elderly persons, day care whether or not offered through a nursing home, nutritional counseling, or medical social services, which services are provided by a licensed health care provider, a home health service eligible for reimbursement under Titles XVIII and XIX of the federal Social Security Act, or by persons employed by or contracted with by the county board or the local welfare agency. The county agency shall ensure that a plan of care is established for each individual in accordance with subdivision 3, clause (e)(2). The plan shall include any services prescribed by the individual's attending physician as necessary and follow up services as necessary. The county agency shall provide documentation to the commissioner verifying that the individual's alternative care is not available at that time through any other public assistance or service program and shall provide documentation in each individual's plan of care that the most cost effective alternatives available have been offered to the individual. Grants to counties under this subdivision are subject to audit by the commissioner for fiscal and utilization control.

The commissioner shall establish a sliding fee schedule for requiring pay-

ment for the cost of providing services under this subdivision to persons who are eligible for the services but who are not yet eligible for medical assistance.

The commissioner shall apply for a waiver for federal financial participation to expand the availability of services under this subdivision. The commissioner shall provide grants to counties from the non-federal share, unless the commissioner obtains a federal waiver for medical assistance payments, of medical assistance appropriations. ~~The state expenditures for this section shall not exceed \$1,800,000 for the biennium ending June 30, 1983.~~ A county agency may use grant money to supplement but not supplant services available through other public assistance or service programs and shall not use grant money to establish new programs for which public money is available through sources other than grants provided under this subdivision. A county agency shall not use grant money to provide care under this subdivision to an individual if the anticipated cost of providing this care would exceed the average payment, as determined by the commissioner, for the level of nursing home care that the recipient would receive if placed in a nursing home. The non-federal share may be used to pay up to 90 percent of the start-up and service delivery costs of providing care under this subdivision. Each county agency that receives a grant shall pay 10 percent of the costs.

The commissioner shall promulgate temporary rules in accordance with sections 14.29 to 14.36, to establish required documentation and reporting of care delivered.

Sec. 8. Minnesota Statutes 1982, section 256B.41, is amended to read:

256B.41 [INTENT.]

Subdivision 1. [AUTHORITY.] ~~The state agency commissioner shall by rule establish a formula, by rule, procedures for establishing payment determining rates for care of residents of nursing homes which qualify as vendors of medical assistance, and for implementing the provisions of sections 256B.41, 256B.47, 256B.48, and sections 9, 10, 13, and 14. The procedures shall be based on methods and standards that the commissioner finds are adequate to provide for the costs that must be incurred for the care of residents in efficiently and economically operated nursing homes and shall specify the costs that are allowable for establishing payment rates through medical assistance.~~

Subd. 2. [FEDERAL REQUIREMENTS.] ~~It is the intent of the legislature to establish certain limitations on the state agency in setting standards for nursing home rate setting for the care of recipients of medical assistance pursuant to this chapter. It is not the intent of the legislature to repeal or change any existing or future rule promulgated by the state agency relating to the setting of rates for nursing homes unless the rule is clearly in conflict with sections 256B.41 to 256B.48. If any provision of sections 256B.41 to 256B.47, and 256B.48 and sections 9, 10, 13, and 14, is determined by the United States government to be in conflict with existing or future requirements of the United States government with respect to federal participation in medical assistance, the federal requirements shall prevail.~~

Sec. 9. [256B.42] [DEFINITIONS.]

Subdivision 1. [SCOPE.] For the purposes of sections 256B.41, 256B.47, 256B.48, and sections 9, 10, 13, and 14, the following terms and phrases shall have the meaning given to them.

These costs shall be included in general and administrative costs in total, without direct or indirect allocation to other cost categories.

Subd. 5. [HISTORICAL OPERATING COSTS.] "Historical operating costs" means the allowable operating costs incurred by the facility during the reporting year immediately preceding the rate year for which the payment rate becomes effective, after the commissioner has reviewed those costs and determined them to be allowable costs under the medical assistance program, and after the commissioner has applied appropriate limitations such as the ten percent limit on administrative costs.

Subd. 6. [NURSING HOME.] "Nursing home" means a facility licensed under chapter 144A or a boarding care facility licensed under sections 144.50 to 144.56.

Sec. 10. [256B.431] [RATE DETERMINATION.]

Subdivision 1. [IN GENERAL.] The commissioner shall determine prospective payment rates for resident care costs. In determining the rates, the commissioner shall group nursing homes according to different levels of care until July 1, 1985, and after that date, mix of resident needs, and geographic location, as defined by the commissioner. Until groups are established according to mix of resident needs, the commissioner shall group all convalescent and nursing care units attached to hospitals into one group for purposes of determining reimbursement for operating costs. On or before June 1, 1983, the commissioner shall mail notices to each nursing home of the rates to be effective from July 1 of that year to June 30 of the following year. In subsequent years, the commissioner shall provide notice to each nursing home on or before May 1 of the rates effective for the following rate year. If a statute enacted after May 1 affects the rates, the commissioner shall provide a revised notice to each nursing home as soon as possible.

Subd. 2. [OPERATING COSTS.] (a) The commissioner shall establish, by rule, procedures for determining per diem reimbursement for operating costs based on actual resident days. The commissioner shall disallow any portion of the general and administrative cost category, exclusive of fringe benefits and payroll taxes, which exceeds ten percent, for nursing homes with more than 40 certified beds in total and fifteen percent for nursing homes with 40 or fewer certified beds in total, of the expenditures in all other operating cost categories except fringe benefits and payroll taxes.

(b) For the rate year beginning July 1, 1983 and ending June 30, 1984, the prospective operating cost payment rate for each nursing home shall be determined by the commissioner based on the most recently audited and available cost reports of allowed operating costs received by December 31, 1982. To determine the allowed historical operating cost, the commissioner shall update the historical per diem shown in those cost reports to June 30, 1983, using a ten percent annual rate of increase after applying the general and administrative cost limitation described in paragraph (a). The commissioner shall calculate the 60th percentile of payment rates for operating costs for each group of nursing homes established under subdivision 1.

(1) Within each group, each nursing home whose allowed historical operating cost as determined under this paragraph (b) is at or above the 60th percentile shall receive the 60th percentile increased by six percent plus 80 percent of the difference between its allowed operating cost and the 60th percentile.

(2) Within each group, each nursing home whose allowed historical operating cost is below the 60th percentile shall receive that allowed historical operating cost increased by six percent.

For the rate year beginning July 1, 1984, and ending June 30, 1985, the prospective operating cost payment rate for each nursing home shall be determined by the commissioner based on allowed historical operating costs incurred during the reporting year preceding the rate year. The commissioner shall provide for the analysis and evaluation of each nursing home's report of allowed operating costs incurred by the nursing home during the reporting year immediately preceding the rate year. The allowed historical operating costs, after the commissioner's analysis and evaluation, shall be added together and divided by the number of actual resident days to compute the allowed historical operating cost. The commissioner shall calculate the 60th percentile of allowed historical operating costs for each group of nursing homes established under subdivision 1.

(3) Within each group, each nursing home whose allowed historical operating cost is at or above the 60th percentile of payment rates shall receive the 60th percentile increased by six percent plus 70 percent of the difference between its allowed historical operating cost payment rate and the 60th percentile.

(4) Within each group, each nursing home whose allowed historical operating cost is below the 60th percentile shall receive that allowed historical operating cost increased by six percent.

(c) For subsequent years, the commissioner shall:

(1) Contract with an econometric firm with recognized expertise in and access to national economic change indices which can be applied to the appropriate cost categories when determining the operating cost payment rate;

(2) Establish the 60th percentile of allowed historical operating costs for each group of nursing homes established under subdivision 1 based on cost reports of allowed operating costs in the previous reporting year. The commissioner shall provide for the analysis and evaluation of each nursing home's report of allowed operating costs incurred by the nursing home during the reporting year immediately preceding the rate year for which the payment rate becomes effective. The allowed historical operating costs, after the commissioner's analysis and evaluation, shall be added together and divided by the actual number of resident days in order to compute the allowed historical operating cost;

(3) Establish a composite index for each group by determining the weighted average of all economic change indicators applied to the operating cost categories in that group.

(4) Within each group, each nursing home with an allowed historical operating cost in the previous reporting year at or above the 60th percentile calculated in paragraph (c)(2) shall receive the 60th percentile increased by the composite index calculated in paragraph (c)(3). Each nursing home with an allowed historical operating cost in the previous reporting year below the 60th percentile calculated in paragraph (c)(2) shall receive that allowed historical operating cost increased by the percentage change resulting from

the application of the composite index to its allowed historical operating cost per diem.

The commissioner shall include the reported actual real estate tax liability of each proprietary nursing home as an operating cost of that nursing home. The commissioner shall include a reported actual special assessment for each nursing home as an operating cost of that nursing home. Total real estate tax liability and actual special assessments paid for each nursing home (i) shall be divided by actual resident days in order to compute the operating cost payment rate for this operating cost category, but (ii) shall not be used to compute the 60th percentile.

(d) The commissioner shall allow the nursing home to keep, as an efficiency incentive, the difference between the nursing home's operating cost payment rate established for that rate year and the actual historical operating costs incurred for that rate year, if the latter amount is smaller. If a nursing home's actual historic operating costs are greater than the prospective payment rate for that rate year, there shall be no retroactive cost settle-up. If an annual cost report or field audit indicates that the expenditures for direct resident care have been reduced in amounts large enough to indicate a possible detrimental effect on the quality of care, the commissioner shall notify the commissioner of health and the interagency board for quality assurance.

(e) The commissioner may negotiate, with a nursing home that is eligible to receive medical assistance payments, a payment rate of up to 125 percent of the allowed payment rate to be paid for a period of up to three months for individuals who have been hospitalized for more than 100 days, who have extensive care needs based on nursing hours actually provided or mental or physical disability, or need for respite care for a specified and limited time period, and based on an assessment of the nursing home's resident mix as determined by the commissioner of health.

Subd. 3. [PROPERTY-RELATED COSTS.] Property-related costs shall be reimbursed to each nursing home at the level recognized in the final rate effective March 1, 1983. Property-related costs include: depreciation, interest, earnings or investment allowance, lease, or rental payments. No adjustments shall be made as a result of sales or reorganizations of provider entities. Adjustment shall be made for asset additions, improvements, replacements, disposals, or retirements from service as shown in depreciation schedules submitted to and approved by the commissioner. Annual per diem shall be computed by dividing total property-related costs by 96 percent of the nursing home's certified capacity days.

Subd. 4. [SPECIAL RATES.] A newly-constructed nursing home or one with a capacity increase of 50 percent or more may, upon written application to the commissioner, receive the 60th percentile established for the appropriate group under subdivision 2, paragraph (b) or (c) increased by six percent as its operating cost payment rate, to be effective from the first day a medical assistance recipient resides in the home or for the added beds. The commissioner shall establish by rule procedures for determining the allowable level of property-related costs for newly-constructed beds. The commissioner shall establish by rule procedures for determining payment rates for nursing homes which provide care under a lesser care level than the level

for which the nursing home is certified.

Subd. 5. [FIELD AUDIT ADJUSTMENTS.] When on-site field audits of the records of all nursing homes within a group result in adjustments exceeding one cent per resident per day in any reporting year, the payment rate for each nursing home in the following rate year in that group shall be increased or decreased by the adjustment amount.

If the state fails to set rates as required by section 10, the time required for giving notice is decreased by the number of days by which the state was late in setting the rates.

Section 1. Minnesota Statutes 1982, section 124.2122, subdivision 1, is amended to read:

Subdivision 1. [FORMULA ALLOWANCE.] “Foundation aid formula allowance” or “formula allowance” means the amount of revenue per pupil unit used in the computation of foundation aid for a particular school year and in the computation of permissible levies for use in that school year. ~~The formula allowance shall be \$1,333 for foundation aid for the 1981-1982 school~~

~~year. The formula allowance shall be \$1,346 for 1981 payable 1982 levies and for foundation aid for the 1982-1983 school year. The formula allowance shall be \$1,475 for the 1982 payable 1983 levies and for foundation aid for the 1983-1984 school year. The formula allowance shall be \$1,475 for the 1983 payable 1984 levies and for foundation aid for the 1984-1985 school year.~~

Sec. 2. Minnesota Statutes 1982, section 124.2122, subdivision 2, is amended to read:

Subd. 2. [BASIC MAINTENANCE MILL RATE.] "Basic maintenance mill rate" means the mill rate applicable to the adjusted assessed valuation of a district, used in the computation of basic foundation aid for a particular school year and of the basic maintenance levy for use in that school year. ~~The basic maintenance mill rate shall be .021 for the 1980 payable 1981 levy and for foundation aid for the 1981-1982 school year. The basic maintenance mill rate shall be .024 for 1981 payable 1982 levies and for foundation aid for the 1982-1983 school year. The basic maintenance mill rate shall be .024 for the 1982 payable 1983 levies and for foundation aid for the 1983-1984 school year. A district may levy less than 24 mills. If a district levies at least 95 percent of an amount equal to 23 mills times the adjusted assessed valuation of the district, basic foundation aid shall be computed as though the district had levied 24 mills times the adjusted assessed valuation of the district. The basic maintenance mill rate shall be .024 for 1983 payable 1984 levies and for foundation aid for the 1984-1985 school year. The basic maintenance mill rate shall be for the 1984 payable 1985 levies and for foundation aid for the 1985-1986 school year.~~

Sec. 3. Minnesota Statutes 1982, section 124.2124, subdivision 1, is amended to read:

Subdivision 1. [REPLACEMENT COMPONENTS.] (a) A district's "fluctuating enrollment replacement component" shall equal the amount of additional foundation aid or basic maintenance levy revenue the district would have received for the 1980-1981 school year if declining or growing enrollment pupil units had been used in the computation of basic foundation aid for 1980-1981 pursuant to Minnesota Statutes 1980, Section 124.212, Subdivision 7c, Clause (1) or of the 1979 basic maintenance levy limitation pursuant to Minnesota Statutes, 1979 Supplement, Section 275.125, Subdivision 2b or 2c.

(b) Beginning with the aid and levy revenue for the 1983-1984 school year, in any district where the actual number of pupil units increased from the 1979-1980 school year to the 1980-1981 school year, the district's "recomputed fluctuating enrollment replacement component" shall equal the amount of additional foundation aid or basic maintenance levy revenue the district would have received for the 1980-1981 school year if the district had qualified for the greater of either the 1980-1981 declining enrollment pupil units or the 1980-1981 growing enrollment pupil units to be used in the computation of basic foundation aid for 1980-1981 pursuant to Minnesota Statutes 1980, Section 124.212, Subdivision 7c, Clause (1) or of the 1979 basic maintenance levy limitation pursuant to Minnesota Statutes 1979 Supplement, Section 275.125, Subdivision 2b or 2c.

(c) A district's "sparsity replacement component" shall equal the amount

of additional aid the district would have received for the 1980-1981 school year if Minnesota Statutes, 1979 Supplement, Section 124.224 had been effective for 1980-1981. *Beginning with the 1983-1984 school year, for elementary districts, the component shall equal the amount of additional aid the district would have received for the 1980-1981 school year if pupils attending secondary school in another district had attended a secondary school in the district in which they reside.*

(d) A district's "basic replacement entitlement" shall equal the sum of (1) the greater of (i) its fluctuating enrollment replacement component, or (ii) its recomputed fluctuating enrollment replacement component, and (2) its sparsity replacement component; divided by its total pupil units in 1980-1981.

(e) "Replacement inflator" for any school year means the ratio of the foundation aid formula allowance for that school year to \$1,265. However, for the 1981-1982 school year the replacement inflator shall equal 107 percent, and for the 1982-1983 school year the replacement inflator shall equal 112 percent.

(f) A district's "replacement allowance" for each school year shall equal its basic replacement entitlement times the replacement inflator for that school year.

(g) A district's "replacement levy limitation" means its levy limitation computed pursuant to section 275.125, subdivision 6c.

Sec. 4. Minnesota Statutes 1982, section 124.2126, subdivision 3, is amended to read:

Subd. 3. [MINIMUM AID.] A qualifying district's minimum aid for each school year shall equal its minimum guarantee for that school year, minus the sum of:

- (1) The amount of the district's state school agricultural tax credit aid for that school year;
- (2) The amount by which property taxes of the district for use in that school year are reduced by the homestead credit provisions in section 273.13, subdivisions 6, 7, and 14a;
- (3) The amount by which property taxes of the district for use in that school year are reduced by the taconite homestead credit provisions in section 273.135;
- (4) The amount by which property taxes of the district for use in that school year are reduced by the attached machinery provisions in section 273.138, subdivision 6;
- (5) The amount by which property taxes of the district for use in that school year are reduced by the state paid wetlands credit provisions in section 273.115;
- (6) The amount by which property taxes of the district for use in that school year are reduced by the state paid native prairie credit provisions in section 273.116; and
- (7) The amount by which property taxes of the district for use in that

school year are reduced by the credit for reduced assessment provisions in section 273.139;

(8) The amount by which property taxes of the district for use in that school year are reduced by the state reimbursed disaster or emergency reassessment provisions in section 273.123; and

(9) The amount by which property taxes of the district for use in that school year are reduced by the metropolitan agricultural preserves provisions in section 473H.10.

Sec. 5. Minnesota Statutes 1982, section 124.2127, subdivision 1, is amended to read:

Subdivision 1. [DEFINITION; FOUNDATION AID.] Shared time pupils are defined as those pupils who attend public school programs for part of the regular school day and who otherwise fulfill the requirements of section 120.10 by attendance at a nonpublic school.

(a) The average daily membership of a pupil enrolled on a shared time basis shall equal the ratio of the total minutes for which the pupil is enrolled and the minimum minutes required during the year for a regularly enrolled public school pupil.

(b) Foundation aid for shared time pupils shall equal the amount which ~~would accrue if shared time pupil units, counted pursuant to section 124.17, subdivision 1, clauses (1) and (2), were added to the district's total pupil units used in determining its foundation aid formula~~ *allowance times the full-time equivalent actual pupil units for shared time pupils*. Foundation aid for shared time pupils shall be in addition to any other aid to which the district is otherwise entitled and shared time average daily membership shall not be used in the computation of pupil units under section 124.17, subdivision 1, for any purpose other than the computation of shared time foundation aid pursuant to this subdivision.

(c) Foundation aid for shared time pupils shall be paid to the district of the pupil's residence. If a pupil attends shared time classes in another district, the resident district shall pay to the district of attendance an amount of tuition equal to the ratio in clause (a) times the amount of tuition which would be charged and paid for a nonresident public school pupil in a similar circumstance. The district of residence shall not be obligated for tuition except by previous agreement.

(d) Notwithstanding the provisions of clause (c), the resident district of a shared time pupil attending shared time classes in another district may grant the district of attendance, upon its request, permission to claim the pupil as a resident for state aid purposes. In this case, state aid shall be paid to the district of attendance and, upon agreement, the district of attendance may bill the resident district for any unreimbursed education costs, but not for unreimbursed transportation costs. The agreement may, however, provide for the resident district to pay the cost of any of the particular transportation categories specified in section 124.225, subdivision 1, and in this case, aid for those categories shall be paid to the district of residence rather than to the district of attendance.

(e) Minutes of enrollment in a public school during which a nonpublic

school pupil receives services pursuant to section 123.935 shall not be used in the computation of shared time foundation aid pursuant to this subdivision.

Sec. 6. [124A.01] [FOUNDATION AID COMPONENTS.]

Foundation aid shall equal the sum of the following:

- (a) basic aid;*
- (b) cost differential tier aid;*
- (c) second tier aid;*
- (d) third tier aid;*
- (e) fourth tier aid;*
- (f) fifth tier aid;*
- (g) minimum aid; and*
- (h) shared time pupil aid.*

Sec. 7. [124A.02] [DEFINITIONS.]

Subdivision 1. [APPLICABILITY.] For the purpose of this chapter, the following terms have the meaning given them.

Subd. 2. [ACTUAL LEVY.] "Actual levy" means the amount a district reports, according to section 275.125, subdivision 18, to the department of education it has levied for each tier.

Subd. 3. [PERMITTED LEVY.] "Permitted levy" means the amount a district is permitted to levy for each tier, as determined by the department of education according to section 275.125, subdivisions 7d and 7e.

Subd. 4. [TEACHER INDEX.] "Teacher index" means a measure of a district's teacher education and experience relative to the education and experience of teachers in the state. The measure shall be determined according to the method published in the Minnesota Code of Administrative Rules. The published method shall include the data used and a reasonably detailed description of the steps in the method. The method shall not be subject to the provisions of chapter 14.

Sec. 8. [124A.04] [TEACHER INDEX.]

The index shall be constructed in the following manner:

(a) The department shall construct a matrix which classifies teachers by the extent of training received in accredited institutions of higher education, and by the years of experience which the district takes into account in determining each teacher's salary.

(b) For all teachers in the state, the average salary per full-time-equivalent shall be computed for each cell of the matrix.

(c) For each cell of the matrix, the ratio of the average salary in that cell to the average salary in the cell for teachers with no prior years of experience and only a bachelor's degree shall be computed. The department shall use statistical methods to ensure continuously increasing ratios as cells are higher in training or experience.

(d) The index for each district is then equal to the weighted average of the ratios assigned to the full-time-equivalent teachers in each district.

Sec. 9. [124A.06] [COST DIFFERENTIAL TIER AID.]

Subdivision 1. [COST DIFFERENTIAL TIER ALLOWANCE.] "Cost differential tier allowance" means the amount of revenue per actual pupil unit used to compute the cost differential tier aid for a school year and levy for use in the same school year. A district's cost differential tier allowance shall be the result of the following computation:

(a) Divide the amount of aid the district would have received for the 1980-1981 school year if Minnesota Statutes, 1979 Supplement, section 124.224, as amended by section 3 of this article, had been effective for the 1980-1981 school year by the actual pupil units in the district in the 1980-1981 school year.

(b) Divide the formula allowance for the school year by \$1265.

(c) Multiply the result in clause (a) by the result in clause (b).

(d) Subtract one from the teacher index, and multiply by \$150.

(e) Add the results of clauses (c) and (d).

Subd. 2. [COST DIFFERENTIAL TIER REVENUE.] A district's cost differential tier revenue for each school year shall equal the cost differential tier allowance times the actual pupil units for that school year.

Subd. 3. [COST DIFFERENTIAL TIER AID.] A district's cost differential tier aid shall be the result of the following computation:

(1) Subtract the amount of the cost differential tier levy from the amount of the cost differential tier revenue.

(2) Divide the actual cost differential tier levy by the permitted cost differential tier levy.

(3) Multiply the result in clause (1) by the result in clause (2).

Sec. 10. [124A.08] [SECOND TIER AID WITH 100 PERCENT EQUALIZING FACTOR.]

Subdivision 1. [SECOND TIER ALLOWANCE.] "Second tier allowance" means the amount of revenue per actual pupil unit used to compute the second tier aid for a particular school year and the corresponding levy for that school year. The second level allowance is \$150.

Subd. 2. [SECOND TIER REVENUE.] A district's second tier revenue for each school year shall equal the second tier allowance times its actual pupil units for that school year.

Subd. 3. [SECOND TIER AID.] A district's second tier aid shall be the result of the following computation:

(1) Subtract the amount of the second tier levy from the amount of the second tier revenue.

(2) Divide the actual second tier levy by the permitted second tier levy.

(3) Multiply the result in clause (1) by the result in clause (2).

Sec. 11. [124A.10] [THIRD TIER AID WITH 75 PERCENT EQUALIZING FACTOR.]

Subdivision 1. [THIRD TIER ALLOWANCE.] "Third tier allowance" means the amount of revenue per actual pupil unit used to compute the third tier aid for a particular school year and the corresponding levy for that school year. The third tier allowance is \$100.

Subd. 2. [THIRD TIER REVENUE.] A district's third tier revenue for each school year shall equal the third tier allowance times its actual pupil units for that school year.

Subd. 3. [THIRD TIER AID.] A district's third tier aid shall be the result of the following computation:

(1) Subtract the amount of the third tier levy from the amount of the third tier revenue.

(2) Divide the actual third tier levy by the permitted third tier levy.

(3) Multiply the result in clause (1) by the result in clause (2).

Sec. 12. [124A.12] [FOURTH TIER AID WITH 50 PERCENT EQUALIZING FACTOR.]

Subdivision 1. [FOURTH TIER ALLOWANCE.] "Fourth tier allowance" means the amount of revenue per actual pupil unit used to compute the fourth tier aid for a particular school year and the corresponding levy for that school year. The fourth tier allowance is \$100.

Subd. 2. [FOURTH TIER REVENUE.] A district's fourth tier revenue for each school year shall equal the fourth tier allowance times its actual pupil units for that school year.

Subd. 3. [FOURTH TIER AID.] A district's fourth tier aid shall be the result of the following computation:

(1) Subtract the amount of the fourth tier levy from the amount of the fourth tier revenue.

(2) Divide the actual fourth tier levy by the permitted fourth tier levy.

(3) Multiply the result in clause (1) by the result in clause (2).

Sec. 13. [124A.14] [FIFTH TIER AID WITH 50 PERCENT EQUALIZING FACTOR.]

Subdivision 1. [FIFTH TIER ALLOWANCE.] "Fifth tier allowance" means the amount of revenue per actual pupil unit used to compute the fifth tier aid for a particular school year and the corresponding levy for that school year. The fifth tier allowance shall equal the result of the following computation:

(a) Determine the revenue the district would have received for the 1984-1985 school year from grandfather revenue, replacement revenue, minimum aid, and low fund balance revenue, if the provisions of Minnesota Statutes 1982, sections 124.2123, 124.2124, 124.2126, and 124.2128 had been effective for the year.

(b) Determine the discretionary revenue the district would have received

for the 1984-1985 school year if the provisions of Minnesota Statutes 1982, section 124.2125 had been effective for the year. Assume the district had been entitled to and had levied the maximum allowable under section 275.125, subdivisions 7a and 7c.

(c) Determine the amount of revenue equal to \$25 times the total pupil units in the 1984-1985 school year.

(d) Add the results in clauses (a), (b), and (c).

(e) Determine the estimated revenue the district would receive for the 1984-1985 school year from the first to fourth tier revenue for the 1984-1985 school year.

(f) Subtract the result of clause (e) from the result of clause (d).

Subd. 2. [FIFTH TIER REVENUE.] A district's fifth tier revenue for each school year shall equal the fifth tier allowance times its actual pupil units for that school year.

Subd. 3. [FIFTH TIER AID.] A district's fifth tier aid shall be the result of the following computation:

(1) Subtract the amount of the fifth tier levy from the amount of the fifth tier revenue.

(2) Divide the actual fifth tier levy by the permitted fifth tier levy.

(3) Multiply the result in clause (1) by the result in clause (2).

Sec. 14. [124A.16] [COMMENCEMENT OF TIER REVENUE.]

(a) Except as provided in clause (b), the sum of the revenues from the first tier to the fifth tier shall not exceed the total revenue specified in section 9, subdivision 1, clauses (a) and (b) by more than 25 percent for the 1984-1985 school year, 50 percent for the 1985-1986 school year, or 75 percent for the 1986-1987 school year. The revenue permitted by this section shall be applied each year, to the lowest possible tiers.

(b) This section shall not apply to any district in the event the total revenue of the district specified in section 13, subdivision 1, clauses (a) and (b), exceeds the allowance specified in sections 9, 10, 11 and 12.

Sec. 15. Minnesota Statutes 1982, section 124.2132, subdivision 1, is amended to read:

Subdivision 1. [UNDERLEVIES.] A district's basic foundation, ~~grandfather, replacement, discretionary or low fund balance aid, as applicable,~~ for any school year when the actual amount of the corresponding levy for use in that year is less than the permitted amount, shall be reduced by a percentage equal to the difference between the actual amount and the permitted amount, divided by the permitted amount. This provision shall apply to basic foundation aid only for a school year when the actual amount of the basic maintenance levy for use in that year is less than 95 percent of the permitted amount.

Sec. 16. Minnesota Statutes 1982, section 275.125, is amended by adding a subdivision to read:

Subd. 7d. [TIER LEVIES.] (1) [COST DIFFERENTIAL TIER LEVY.] In

1983 and each year thereafter, a district may levy for its cost differential tier revenue an amount not to exceed the lesser of its cost differential tier revenue or the result of the following computation:

(i) Divide the adjusted assessed valuation for the year preceding the year the levy is certified, by the total pupil units for the year to which the levy is attributable.

(ii) Divide the result in clause (i) by the equalizing factor for the school year to which the levy is attributable.

(iii) Multiply the result in clause (ii) by the district's cost differential tier revenue for the school year to which the levy is attributable.

(2) [SECOND TIER LEVY.] In 1983 and each year thereafter, a district may levy for its second tier revenue an amount not to exceed the lesser of its second tier revenue or the result of the following computation:

(i) Divide the adjusted assessed valuation for the year preceding the year the levy is certified, by the total pupil units for the year to which the levy is attributable.

(ii) Divide the result in clause (i) by the equalizing factor for the school year to which the levy is attributable.

(iii) Multiply the result in clause (ii) by the district's second tier revenue for the school year to which the levy is attributable.

(3) [THIRD TIER LEVY.] In 1983 and each year thereafter, a district may levy for its third tier revenue an amount not to exceed the lesser of its third tier revenue or the result of the following computation:

(i) Divide the adjusted assessed valuation for the year preceding the year the levy is certified, by the total pupil units for the year to which the levy is attributable.

(ii) Divide the result in clause (i) by 75 percent of the equalizing factor for the school year to which the levy is attributable.

(iii) Multiply the result in clause (ii) by the district's third tier revenue for the school year to which the levy is attributable.

(4) [FOURTH TIER LEVY.] In 1983 and each year thereafter, a district may levy for its fourth tier revenue an amount not to exceed the lesser of its fourth tier revenue or the result of the following computation:

(i) Divide the adjusted assessed valuation for the year preceding the year the levy is certified, by the total pupil units for the year to which the levy is attributable.

(ii) Divide the result in clause (i) by 50 percent of the equalizing factor for the school year to which the levy is attributable.

(iii) Multiply the result in clause (ii) by the fourth tier revenue for the school year to which the levy is attributable.

(5) [FIFTH TIER LEVY.] In 1983 and each year thereafter, a district may levy for its fifth tier revenue an amount not to exceed the lesser of its fifth tier revenue or the result of the following computation:

(i) Divide the adjusted assessed valuation for the year preceding the year

the levy is certified, by the total pupil units for the year to which the levy is attributable.

(ii) Divide the result in clause (i) by 50 percent of the equalizing factor for the school year to which the levy is attributable.

(iii) Multiply the result in clause (ii) by the fifth tier revenue for the school year to which the levy is attributable.

Sec. 17. Minnesota Statutes 1982, section 275.125, is amended by adding a subdivision to read:

Subd. 7e. [SECOND TIER LEVY FUND BALANCE.] Beginning with the 1983 payable 1984 levy, for a district where the net unappropriated operating fund balance as of the June 30 before the levy is certified exceeds \$500 per total pupil unit in the year when the levy is certified, the second tier levy shall be reduced by the amount of the excess times the lesser of one or the ratio of the district's EARC valuation for the preceding year per total pupil unit in the school year when the levy is certified, to the equalizing factor. Beginning with the 1984-1985 school year, the second tier aid for the year when that levy is used shall be reduced by any amount of the excess which is not subtracted from the levy.

Sec. 18. Minnesota Statutes 1982, section 275.125, subdivision 9, is amended to read:

Subd. 9. [LEVY REDUCTIONS; TACONITE.] (1) Reductions in levies pursuant to subdivision 10 of this section, and section 273.138, shall be made prior to the reductions in clause (2).

(2) Notwithstanding any other law to the contrary, districts which received payments pursuant to sections 294.21 to 294.26; 298.23 to 298.28; 298.34 to 298.39; 298.391 to 298.396; 298.405; 298.51 to 298.67; 477A.15; and any law imposing a tax upon severed mineral values, or under any other law distributing proceeds in lieu of ad valorem tax assessments on copper or nickel properties, or recognized revenue pursuant to section 477A.15; shall not include a portion of these aids in their permissible levies pursuant to those sections, but instead shall reduce the permissible levies authorized by this section by the greater of the following:

(a) an amount equal to 50 percent of the total dollar amount of the payments received pursuant to those sections or revenue recognized pursuant to section 477A.15 in the previous fiscal year; or

(b) an amount equal to the total dollar amount of the payments received pursuant to those sections or revenue recognized pursuant to section 477A.15 in the previous fiscal year less the product of the same dollar amount of payments or revenue times the ratio of the maximum levy allowed the district under subdivision 2a, to the total levy allowed the district under this section in the year in which the levy is certified.

(3) No reduction pursuant to this subdivision shall reduce the levy made by the district pursuant to subdivision 2a, to an amount less than the amount raised by a levy of ~~ten~~ 12.25 mills times the adjusted assessed valuation of that district for the preceding year as determined by the equalization aid review committee. The amount of any increased levy authorized by referendum pursuant to subdivision 2d shall not be reduced pursuant to this sub-

division. The amount of any levy authorized by subdivision 4, to make payments for bonds issued and for interest thereon, shall not be reduced pursuant to this subdivision. ~~The amount of any levy authorized by subdivision 7a shall not be reduced pursuant to this subdivision.~~

(4) Before computing the reduction pursuant to this subdivision of the capital expenditure levy authorized by subdivision 11a, and the community service levy authorized by subdivision 8, the commissioner shall ascertain from each affected school district the amount it proposes to levy for capital expenditures pursuant to subdivision 11a and for community services pursuant to subdivision 8. The reduction of the capital expenditure levy and the community services levy shall be computed on the basis of the amount so ascertained.

(5) Notwithstanding any law to the contrary, any amounts received by districts in any fiscal year pursuant to sections 294.21 to 294.26; 298.23 to 298.28; 298.34 to 298.39; 298.391 to 298.396; 298.405; 298.51 to 298.67; or any law imposing a tax on severed mineral values, or under any other law distributing proceeds in lieu of ad valorem tax assessments on copper or nickel properties; and not deducted from foundation aid pursuant to section 124.2132, subdivision 5, clause (2), and not applied to reduce levies pursuant to this subdivision shall be paid by the district to the commissioner of finance in the following amount on the designated date: on or before March 15 of each year, 100 percent of the amount required to be subtracted from the previous fiscal year's foundation aid pursuant to section ~~124.2128~~ 124.2132, subdivision 5, which is in excess of the foundation aid earned for that fiscal year. The commissioner of finance shall deposit any amounts received pursuant to this clause in the taconite property tax relief fund in the state treasury, established pursuant to section 16A.70 for purposes of paying the taconite homestead credit as provided in section 273.135.

ARTICLE 2

TRANSPORTATION AID

Section 1. Minnesota Statutes 1982, section 123.37, subdivision 1b, is amended to read:

Subd. 1b. [TRANSPORTATION; FUEL.] Notwithstanding the provisions of subdivision 1 or section 471.345, a contract for the transportation of school children, or a contract for the purchase, ~~by June 30, 1983,~~ of petroleum heating fuel or fuel for ~~district owned~~ vehicles may be made by direct negotiation, by obtaining two or more written quotations for the service when possible, or upon sealed bids. At least 30 days before awarding a directly negotiated contract, the school district shall, by published notice, request quotations for the service to be provided. All quotations obtained shall be kept on file for a period of at least one year after receipt thereof. ~~If a contract is made by direct negotiation, negotiations shall be open to the public.~~ If a contract is made upon sealed bids, the procedure for advertising and awarding bids shall conform to the provisions of subdivision 1 except as otherwise provided in this subdivision.

Notwithstanding the provisions of subdivision 1 or section 574.26, a performance bond shall be required of a contractor on a contract for the transportation of school children only when and in the amount deemed necessary by and at the discretion of the school board.

Sec. 2. Minnesota Statutes 1982, section 124.225, is amended to read:

124.225 [TRANSPORTATION AID ENTITLEMENT.]

Subdivision 1. [DEFINITIONS.] For purposes of this section, the terms defined in this subdivision have the meanings given to them.

(a) "FTE" means a transported full time equivalent pupil whose transportation is authorized for aid purposes by section 124.223.

(b) "Authorized cost for regular transportation" means the sum of:

(1) all expenditures for transportation in the regular category, as defined in clause (e)(1), for which aid is authorized in section 124.223, plus

(2) an amount equal to one year's depreciation on the district's school bus fleet and mobile units computed on a straight line basis at the rate of 12-1/2 percent per year of the cost of the fleet, plus

(3) an amount equal to one year's depreciation on district school buses reconditioned by the department of corrections computed on a straight line basis at the rate of 33-1/3 percent per year of the cost to the district of the reconditioning, plus

(4) beginning in fiscal year 1984, an amount equal to one year's depreciation on the district's type three school buses, as defined in section 169.44, subdivision 15, which were purchased after July 1, 1982 for authorized transportation of pupils, with the prior approval of the commissioner, computed on a straight line basis at the rate of 20 percent per year of the cost of the type three school buses.

(c) "Adjusted authorized predicted cost per FTE" means the authorized cost predicted by a multiple regression formula determined by the department of education, and adjusted pursuant to subdivision 7a.

(d) "Aid entitlement per FTE" means the adjusted authorized predicted cost per FTE, inflated pursuant to subdivision 7b.

(e) "Transportation category" means a category of transportation service provided to pupils. Each category includes transportation provided during the regular school year and in conjunction with a state board approved summer school program. For purposes of this section, transportation categories are as follows:

(1) Regular transportation is transportation services provided under section 124.223, clauses (1) and (2), excluding transportation between schools under section 124.223, clause (1);

(2) During-day transportation is transportation services between schools provided under section 124.223, clause (1), and transportation services provided under section 124.223, clauses (3) and (9), and transportation services provided under section 124.223, clause (6), excluding transportation provided for pupils attending shared time special education classes;

(3) Handicapped transportation is transportation services for pupils attending shared time special education classes provided under section 124.223, clause (6), and transportation services provided under section 124.223, clause (4), excluding board and lodging and excluding transportation to and from board and lodging facilities;

(4) Board and lodging is services provided, in lieu of transportation, under section 124.223, clauses (4) and (5);

(5) To and from board and lodging facility transportation is transportation services to and from board and lodging facilities provided under section 124.223, clauses (4) and (7);

(6) Nonpublic health, guidance and counseling transportation is transportation services provided under section 124.223, clause (10);

(7) *Nonregular transportation is transportation services provided between*

schools under section 124.223, clause (1); and transportation services provided under section 124.223, clauses (3), (4), (5), (6), (7), (9), and (10).

(f) "Pupil weighting factor" means the ratio of the actual district average cost per FTE in a particular transportation category in the base year to the actual district average cost per FTE in the regular transportation category in the base year.

(g) "Weighted FTE's" means the number of FTE's in each transportation category multiplied by the pupil weighting factor for that category.

(h) "Mobile unit" means a vehicle or trailer designed to provide facilities for educational programs and services, including diagnostic testing, guidance and counseling services and health services. A mobile unit located off nonpublic school premises is a neutral site as defined in section 123.932, subdivision 9.

(i) "Percent excess handicapped FTE's transported" means the result of the following computation for the current year:

one, minus the product of

(1) the ratio of the number of FTE pupils transported in the handicapped category in the state to the number of FTE pupils transported in the handicapped category in the district; times

(2) the ratio of the number of FTE pupils transported in the regular category in the district to the number of FTE pupils transported in the regular category in the state.

(j) "Current year" means the school year for which aid will be paid.

(k) "Base year" means the second school year preceding the school year for which aid will be paid.

(l) "Base cost" means the authorized regular transportation cost per FTE in the base year in the regular transportation category, excluding summer school transportation.

(m) "Predicted base cost" means the base cost as predicted by subdivision 3.

Subd. 1a. [WEIGHTING FACTORS.] For each school year, in computing transportation aid, the department of education shall establish as needed the pupil weighting factors for each transportation category for each district using transportation cost data for the second prior school year. The department shall use the statewide pupil weighting factor for any transportation category for which a district had no experience during the second prior school year.

Subd. 3. [FORMULA.] For each school year, the state shall pay to each school district for all pupil transportation and related services for which the district is authorized by law to receive state aid an amount determined according to this section. The department of education shall conduct multiple regression analysis using the terms specified in subdivision 4a, to predict the base cost for each district. A formula shall be derived based upon the regression analysis, but excluding the factors described in subdivision 4a, clauses ~~(8)~~ (7), ~~(9)~~ (8), and ~~(10)~~ (9), except that in the 1982-1983 school

year, these clauses shall not be excluded. This formula shall be used to determine a predicted base cost for each district. The amount determined for each district shall be adjusted according to the provisions of subdivisions 7a and 7b.

Subd. 4a. [FORMULA TERMS.] To predict the base cost for each district pursuant to subdivision 3, the multiple regression formula shall use the following terms for each district:

- (1) The district's average daily membership;
- (2) The reciprocal of the district's average daily membership;
- (3) The logarithm of the number of authorized FTE's per square mile transported by the district in the regular transportation category;
- ~~(4) The percentage of the district's square mile area which is classified by the commissioner of energy, planning and development as water covered, marshland, or extractive;~~
- ~~(5)~~ (4) The district's administrative overhead for transportation per authorized FTE transported in the regular transportation category;
- ~~(6)~~ (5) The number of schools to which pupils are transported in the regular transportation category, either within or outside the district, divided by the number of authorized FTE's transported in the regular transportation category;
- ~~(7)~~ (6) Whether the district is non-rural, based upon criteria established by the department of education;
- ~~(8)~~ (7) Whether the district contracts for bus service, or transports pupils only on district-owned buses;
- ~~(9)~~ (8) The percentage of all regular transportation category bus routes using buses that are not owned by the district, if that percentage is not 100 percent;
- ~~(10)~~ (9) Whether the district operates a special bus to transport pupils to home from school who are involved in after-school activities.

Subd. 7a. [BASE YEAR SOFTENING FORMULA.] (1) Each district's predicted base cost determined for each school year according to subdivision 3 shall be averaged with the base cost for that district for that year to determine the district's adjusted authorized predicted cost per FTE for that year.

(2) Notwithstanding clause (1), for fiscal year 1983, the predicted base cost shall be adjusted as provided in this clause to determine adjusted authorized predicted cost per FTE for the base school year.

(a) If the predicted base cost exceeds the base cost, the predicted base cost shall be decreased by 50 percent of the first \$40 of difference between the base cost and the predicted base cost; 70 percent of the next \$40 of difference; and 90 percent of any difference which exceeds \$80, to determine the adjusted authorized predicted cost per FTE.

(b) If the predicted base cost is less than the base cost, the predicted base cost shall be increased by 50 percent of the first \$40 of difference between

the base cost and the predicted base cost; 70 percent of the next \$40 of difference; and 90 percent of any difference which exceeds \$80, to determine the adjusted authorized predicted cost per FTE.

Subd. 7b. [INFLATION FACTORS.] The adjusted authorized predicted cost per FTE determined for a district under subdivision 7a for the base year shall be increased by 22 percent to determine the district's aid entitlement per FTE for the 1982-1983 school year, *by 13.1 percent to determine the district's aid entitlement per FTE for the 1983-1984 school year, and by 11.6 percent to determine the district's aid entitlement per FTE for the 1984-1985 school year.*

Subd. 8a. [AID.] *For the 1982-1983 and 1983-1984 school years, a district's transportation aid shall be equal to the sum of its basic transportation aid pursuant to subdivision 8b, its excess handicapped transportation aid pursuant to subdivision 8c, its handicapped board and lodging aid pursuant to subdivision 8d, its to and from board and lodging aid pursuant to subdivision 8e, its nonpublic support services transportation aid pursuant to subdivision 8f, its during-day transportation aid pursuant to subdivision 8g, and its closed-school transportation aid pursuant to subdivision 8h, minus the amount raised by two mills times the adjusted assessed valuation which is used to compute the transportation levy limitation for the levy attributable to that school year. A district may levy less than the amount raised by two mills. Transportation aid shall be computed as if the district had levied the amount raised by two mills. If the total appropriation for transportation aid in any fiscal year after 1982 is insufficient to pay all districts the full amount of aid earned, the department of education shall reduce each district's aid in proportion to the number of resident pupils in average daily membership in the district to the state total average daily membership, and shall reduce the aid entitlement of off-formula districts in the same proportion.* Aid for the 1982-1983 and 1983-1984 school years shall be reduced by the following amount: the product of

(a) the number of nonhandicapped secondary pupils transported in the base year who live between one and two miles from the public school which they could attend or the nonpublic school actually attended, times

(b) 1.5, divided by the average distance to school for all FTE's transported in the district in the regular transportation category in the base year, times

(c) the district's aid entitlement per FTE determined according to subdivision 7b, times the ratio of average daily membership used in subdivision 8b.

For the 1984-1985 school year and thereafter, a district's transportation aid shall be equal to the sum of its basic transportation aid pursuant to subdivision 8b, its nonregular transportation aid pursuant to subdivision 8i, its nonregular transportation levy equalization aid pursuant to subdivision 8j, and its excess transportation levy equalization aid pursuant to subdivision 8k, minus the amount raised by 1.75 mills times the adjusted assessed valuation which is used to compute the transportation levy limitation for the levy attributable to that school year. A district may levy less than the amount raised by 1.75 mills. Transportation aid shall be computed as if the district had levied the amount raised by 1.75 mills.

If the total appropriation for transportation aid for any fiscal year is insuf-

efficient to pay all districts the full amount of aid earned, the department of education shall reduce each district's aid in proportion to the number of resident pupils in average daily membership in the district to the state total average daily membership, and shall reduce the aid entitlement of off-formula districts in the same proportion.

Subd. 8b. [BASIC AID COMPUTATION.] For the 1982-1983 and 1983-1984 school years, a district's basic transportation aid pursuant to this section for the school year shall equal the district's aid entitlement per FTE determined according to subdivision 7b times the total number of authorized weighted FTE's transported in the regular and handicapped transportation categories in the district in the base year times the ratio of average daily membership in the district in the current year to the average daily membership in the district in the base year.

For the 1984-1985 school year and thereafter, a district's basic transportation aid pursuant to this section for each school year shall equal the district's aid entitlement per FTE determined according to subdivision 7b times the total number of authorized FTE's transported in the regular ~~and handicapped categories~~ category in the district in the current school year.

Subd. 8c. [EXCESS HANDICAPPED AID.] (a) For ~~each~~ *the 1982-1983 and 1983-1984 school year years*, the state shall pay aid for the excess costs of providing transportation for handicapped students as provided in this subdivision to a district where, in the current school year, the ratio of FTE's transported in the handicapped category to the total number of FTE's transported in the regular transportation category exceeds the same ratio for the state as a whole.

(b) This aid shall equal:

the product of the percent excess handicapped FTE's transported, times the difference between

(1) the district's actual cost for transportation of all pupils in the handicapped category in the current year, and

(2) the product of

(i) the district's aid entitlement per FTE determined according to subdivision 7b, times

(ii) ~~the number of FTE's transported in the handicapped category in the district in the current year.~~

~~Provided that for the 1982-1983 and 1983-1984 school years, the number in (2)(ii) above shall be replaced by the following computation: the product of the number of FTE's transported in the handicapped category in the district in the base year, times its pupil weighting factor for the handicapped category, times the ratio of average daily membership in the district in the current year to average daily membership in the district in the base year.~~

Excess handicapped transportation aid authorized in this subdivision shall not be paid after the 1983-1984 school year.

Subd. 8d. [HANDICAPPED BOARD AND LODGING AID.] For board and lodging of handicapped pupils, each district shall receive aid equal to

the product of the number of FTE pupils boarded and lodged in the current year in the district in this transportation category, times the average of

(a) the state average board and lodging cost per FTE pupil boarded and lodged in the base year, times the inflation factor for that year prescribed in subdivision 7b; and

(b) the district's actual cost per FTE pupil boarded and lodged in the current year.

Aid for board and lodging of handicapped pupils authorized in this subdivision shall not be paid after the 1983-1984 school year.

Subd. 8e. [TO AND FROM BOARD AND LODGING.] For transportation of handicapped pupils to and from board and lodging facilities, the state shall pay aid to each district for each year equal to the lesser of

(a) the sum of the distance in miles from the home of each pupil transported in this category to the board and lodging facility, times 36, times 24 cents; or

(b) the average of the amount in (a) and the district's actual cost for all transportation in this category in the current year.

Aid for transportation of handicapped pupils to and from board and lodging facilities authorized in this subdivision shall not be paid after the 1983-1984 school year.

Subd. 8f. [NONPUBLIC SUPPORT SERVICES AID.] For the 1982-1983 and 1983-1984 school years, a district's nonpublic support services transportation aid shall equal the district's aid entitlement per FTE determined according to subdivision 7b, times its pupil weighting factor for the nonpublic support services transportation category, times the number of FTE pupils transported in the nonpublic support services category in the district in the base year, times the ratio of average daily membership in the district in the current year to average daily membership in the district in the base year. ~~For the 1984-1985 school year and thereafter, a district's nonpublic support services transportation aid shall equal the district's aid entitlement per FTE determined according to subdivision 7b, times its pupil weighting factor for the nonpublic support services transportation category, times the number of FTE's transported in that category in the current year.~~

Nonpublic support services aid authorized in this subdivision shall not be paid after the 1983-1984 school year.

Subd. 8g. [DURING-DAY TRANSPORTATION AID.] For the 1982-1983 and 1983-1984 school years, a district's during-day transportation aid shall equal the district's aid entitlement per FTE determined according to subdivision 7b, times its pupil weighting factor for the during-day transportation category, times the number of FTE's transported in the during-day transportation category in the base year, times the ratio of average daily membership in the district in the current year to average daily membership in the district in the base year. ~~For the 1984-1985 school year and thereafter, a district's during-day transportation aid shall equal the district's aid entitlement per FTE determined according to subdivision 7b, times its pupil weighting factor for the during-day transportation category, times the number of FTE's transported in the during-day transportation category in the current year.~~

During-day transportation aid authorized in this subdivision shall not be paid after the 1983-1984 school year.

Subd. 8h. [CLOSED-SCHOOL TRANSPORTATION AID.] For the 1982-1983 and 1983-1984 school years, a district's closed-school transportation aid shall equal the district's aid entitlement per FTE determined according to subdivision 7b, times the number of authorized FTE's transported in the regular category in the current school year who were not transported in the base year and would not have been transported in the current year but for school closings or altered school attendance boundaries. The total amount of transportation aid computed pursuant to this subdivision in each year shall not exceed \$2,000,000. If this amount is insufficient to pay each qualifying district its full amount of aid pursuant to this subdivision, this amount shall be prorated among all qualifying districts in proportion to each district's number of FTE's for whom aid is claimed under this subdivision.

Closed-school transportation aid authorized in this subdivision shall not be paid after the 1983-1984 school year.

Subd. 8i. [NONREGULAR TRANSPORTATION AID.] For the 1984-1985 school year and thereafter, a district's nonregular transportation aid shall be determined pursuant to this subdivision. Nonregular transportation aid shall equal (a) 20 percent of the first \$10 of actual cost in the current year for nonregular transportation services per total pupil unit, plus 40 percent of the next \$10 of actual cost in the current year for nonregular transportation services per total pupil unit, plus 60 percent of the actual cost in the current year for nonregular transportation services per total pupil unit which exceeds \$20, times (b) the number of total pupil units in the district in the current year.

Subd. 8j. [NONREGULAR TRANSPORTATION LEVY EQUALIZATION AID.] For the 1984-1985 school year and thereafter, a district's nonregular transportation levy equalization aid shall be determined pursuant to this subdivision.

(a) *Unreimbursed nonregular transportation revenue shall equal the actual cost in the current year for nonregular transportation services, minus the district's nonregular transportation aid computed pursuant to subdivision 8i.*

(b) *The nonregular transportation levy is the levy authorized by section 275.125, subdivision 5c.*

(c) *Nonregular transportation levy equalization aid for a district shall equal its unreimbursed nonregular transportation revenue, minus the nonregular transportation levy limitation for that year, times the ratio of the district's actual nonregular transportation levy to its nonregular transportation levy limitation.*

Subd. 8k. [EXCESS TRANSPORTATION LEVY EQUALIZATION AID.] For the 1984-1985 school year and thereafter, excess transportation levy equalization aid shall be paid pursuant to this subdivision.

(a) *The excess transportation levy is the levy authorized by section 275.125, subdivision 5d.*

(b) Excess transportation levy revenue for a district shall equal the sum of:

(i) the district's actual cost in the school year after the year in which the excess transportation levy is certified for transportation to and from school of secondary pupils who live more than one mile but less than two miles from the public school which they could attend or from a nonpublic school actually attended, plus

(ii) the district's actual cost in the school year after the year in which the excess transportation levy is certified for transportation costs or other related services which are necessary because of extraordinary traffic hazards, plus

(iii) an amount equal to \$20 times the number of FTE pupils transported on contracted school buses in the regular transportation category in the school year preceding the year the levy is certified, plus

(iv) the amount necessary to eliminate any projected deficit in the appropriated fund balance account for bus purchases in its transportation fund as of June 30 in the school year beginning in the calendar year following the calendar year the levy is certified.

(c) A district's excess transportation levy equalization aid shall equal its excess transportation levy revenue for that school year, minus the district's excess transportation levy limitation for that year, times the ratio of the district's actual excess transportation levy to its excess transportation levy limitation. If the amount appropriated for excess transportation levy equalization aid is insufficient to pay all districts the full amount of aid earned, the department of education shall reduce each district's excess levy equalization aid in proportion to the amount of the district's excess transportation levy revenue.

Subd. 9. [DISTRICT REPORTS.] Each district shall report data to the department as required by the department to implement the transportation aid formula. If a district's final transportation aid payment is adjusted after the final aid payment has been made to all districts, the adjustment shall be made by increasing or decreasing the district's aid for the next fiscal year.

Subd. 10. [DEPRECIATION.] Any school district which owns school buses or mobile units shall transfer annually from the unappropriated fund balance account in its transportation fund to the appropriated fund balance account for bus purchases in its transportation fund at least an amount equal to 12-1/2 percent of the original cost of each type one or type two bus or mobile unit until the original cost of each type one or type two bus or mobile unit is fully amortized, plus 20 percent of the original cost of each type three bus included in the district's authorized cost under the provisions of subdivision 1, clause (b)(4), until the original cost of each type three bus is fully amortized, plus 33-1/3 percent of the cost to the district as of July 1 of each year for school bus reconditioning done by the department of corrections until the cost of the reconditioning is fully amortized; provided, if the district's transportation aid is reduced pursuant to subdivision 8a because the appropriation for that year is insufficient, this amount shall be reduced in proportion to the reduction pursuant to subdivision 8a as a percentage of the sum of

(1) the district's total transportation aid without the reduction pursuant to

subdivision 8a, plus

(2) *for fiscal years 1983 and 1984, an amount equal to two mills times the adjusted assessed valuation of the district which is used to compute the levy limitation for the levy attributable to that year, or for fiscal year 1985 and thereafter 1.75 mills times the adjusted assessed valuation of the district for the preceding year.* Any school district may transfer any amount from the unappropriated fund balance account in its transportation fund to any other operating fund or to the appropriated fund balance account for bus purchases in its transportation fund.

~~Subd. 11. [PAYMENT SCHEDULE THROUGH 1982.] Except as may be otherwise authorized by the commissioner to accommodate a flexible school year program, for fiscal years through 1982, the state shall pay to each school district 30 percent of its estimated school transportation aid for the fiscal year on or before each of the following dates: August 31, December 31, and March 31. The final aid distribution to each district shall be made on or before October 31 of the following fiscal year.~~

Subd. 12. [PAYMENT SCHEDULE.] Except as may be otherwise authorized by the commissioner to accommodate a flexible school year program, ~~starting in fiscal year 1983,~~ the state shall pay each school district its estimated school transportation aid for the fiscal year according to the following schedule: 30 percent by August 31; 30 percent by December 31; and 25 percent by March 31. The final aid distribution to each district shall be made by October 31 of the following fiscal year.

Sec. 3. Minnesota Statutes 1982, section 275.125, subdivision 5, is amended to read:

Subd. 5. [BASIC TRANSPORTATION LEVY.] For school transportation services, a school district may levy an amount not to exceed the amount raised by a levy of ~~two~~ 1.75 mills times the adjusted assessed valuation of the taxable property of the district for the preceding year. ~~A district may also levy under this subdivision for the amount necessary to eliminate any projected deficit in the appropriated fund balance account for bus purchases in its transportation fund as of June 30 in the school year when the levy is recognized as revenue. The commission may charge an applicant an investigation fee to cover the cost of the investigation and shall from this fee reimburse the bureau for its share of the cost of the investigation. The bureau of criminal apprehension shall give the commission access to all criminal history data compiled by the bureau on class A licensees and applicants.

Subd. 4. [LICENSE ISSUANCE.] If after considering the information received at the hearing or hearings and from investigations, and after considering the comments requested under subdivision 2, the commission determines that the license will not adversely affect the public health, welfare, and safety, that the racetrack will be operated in accordance with all applicable laws and rules, that the license will not create a competitive situation that will adversely affect racing and the public interest, and that the applicant is financially able to operate a licensed racetrack, it may issue a class A license to the applicant. The license is effective until revoked or suspended by the commission or relinquished by the licensee.

Subd. 5. [PROHIBITED LOCATIONS.] A class A license may not be issued to any location where the operation of a racetrack is prohibited by a valid local zoning ordinance. Not more than one class A license may be issued by the commission within the seven-county metropolitan area.

Subd. 6. [CHANGES IN OWNERSHIP OR MANAGEMENT.] If a change in the officers, directors, or other persons with a present or future direct or indirect financial or management interest in the licensee, or a change of ownership of more than five percent of the licensee's stock is made after the initial application or license issuance, the applicant or licensee shall notify the commission of the changes within five days of their occurrence and provide the affidavit required by subdivision 1, clause (d).

Subd. 7. [LICENSE SUSPENSION AND REVOCATION.] (a) The commission may revoke a class A license for a violation of law, order, or rule which in the commission's opinion adversely affects the integrity of horse racing in Minnesota, or for an intentional false statement made in a license application, or for a willful failure to pay any money required to be paid by this act.

(b) The commission may suspend a class A license for up to one year for a violation of law, order, or rule, and may suspend a class A license indefinitely if it determines that the licensee has as an officer, director, stockholder, or other person who has a direct, indirect, or beneficial interest with a person who is in the commission's opinion inimical to the integrity of horse racing in Minnesota or who cannot be certified under subdivision 1, clause (d).

(c) A license revocation or suspension under this subdivision, or a refusal to renew a class A license, is a contested case under sections 14.57 to 14.70 of the Administrative Procedure Act and is in addition to criminal penalties imposed for a violation of law or rule.

Subd. 8. [LOCAL APPROVAL.] (a) An initial issuance of a class A license for a location in a city is not effective until it has been approved by a majority vote of the city council. Failure to act on a license within 30 days of its

referral to a city council by the commission constitutes approval.

(3) is not and never has been connected with or engaged in an illegal business;

(4) has never been found guilty of fraud or misrepresentation in connection with racing or breeding;

(5) has never been found guilty of a violation of law or rule in any racing jurisdiction for which a license revocation has been or could have been imposed; and

(6) has never knowingly violated a rule or order of the commission or commissioner or a law of Minnesota relating to racing.

(b) The application must also contain an irrevocable consent statement, to be signed by the applicant, which states that suits and actions may be commenced against the applicant in any court of competent jurisdiction in this state by the service on the secretary of state of any summons, process, or pleadings authorized by the laws of this state. This consent must also stipulate that, if the applicant is a nonresident, the service of such process or pleadings on the secretary of state shall be taken and held in all courts to be as valid and binding as if due service had been made upon the applicant in this state. If any summons, process, or pleadings is served upon the secretary of state, it must be by duplicate copies, one of which must be retained in the office of the secretary of state, and the other to be forwarded immediately by certified mail to the address of the applicant, as shown by the records of the secretary of state.

Subd. 3. [INVESTIGATIONS.] The commission shall investigate each applicant for a class C license to the extent it considers necessary and may request the assistance of and may reimburse the bureau of criminal apprehension in investigating applicants. The commission may by rule require that an applicant be fingerprinted or furnish his fingerprints. Investigations must be conducted and their costs paid in the manner prescribed by article 2, section 5, subdivision 3. The commission may cooperate with national and international organizations and agencies in conducting investigations. The commission may by rule provide for examining the qualifications of an applicant for the license for which he is applying. The bureau of criminal apprehension shall give the commission access to all criminal history data compiled by the bureau on class C applicants and licensees.

Subd. 4. [LICENSE ISSUANCE AND RENEWAL.] If the commission determines that the applicant has sufficient qualifications for the occupation for which licensing is sought and will not adversely affect the public health, welfare, and safety or the integrity of racing in Minnesota, it may issue a class C license to the applicant. If it makes a similar finding for a renewal of a class C license it may renew the license. Class C licenses are effective for a period of one year.

Subd. 5. [REVOCAION AND SUSPENSION.] (a) The commission may revoke a class C license for a violation of a law, order, or rule which in the

commission's opinion adversely affects the integrity of horse racing in Minnesota, or for an intentional false statement made in a license application.

(b) The commission may suspend a class C license for up to one year for a violation of law, order, or rule. The commission may delegate to its designated agents the authority to impose suspensions of class C licenses and such a suspension may be appealed to the commission according to its rules.

(c) A license revocation or suspension is a contested case under sections 14.57 to 14.70 of the Administrative Procedure Act and is in addition to criminal penalties imposed for a violation of law or rule.

Subd. 6. [MUTUAL RECOGNITION AGREEMENTS.] The commission may enter into agreements with comparable bodies in other racing jurisdictions for the mutual recognition of occupational licenses issued by each body.

Sec. 8. [299J.09] [COUNTY FAIR LICENSES.]

Subdivision 1. [APPLICATION.] The commission may issue class D licenses to county agricultural societies or associations incorporated under chapter 38 to conduct and manage, on their own fairgrounds, horse racing on which pari-mutuel betting is conducted. An application for a class D license must be on a form prescribed by the commission and must be accompanied by a certified copy of a resolution of the county board of the county where racing is to be conducted stating that it has reviewed the license application and does not object to it. An application for a class D license must be accompanied by detailed plans and specifications of the track, buildings, fences and other improvements.

Subd. 2. [OCCUPATIONAL LICENSES.] A person who participates in the management or conduct of horse racing or pari-mutuel betting for a county fair holding a class C license who is in an occupation listed in article 2, section 7, subdivision 1, must have a class C license from the commission except for active members as defined in section 349.12 of nonprofit organizations who act without compensation as concession workers or pari-mutuel clerks.

Subd. 3. [HEARING.] Before granting an initial application for a class D license, the commission shall hold at least one public hearing in the county where the license is to be issued and if the racetrack to be licensed is within a city, it shall also request comments on the application from the city council.

Subd. 4. [ISSUANCE.] If after considering the information received at the hearing or hearings, and after considering the comments requested under subdivision 3, the commission determines that the license will not adversely affect the public health, welfare, and safety and that the racing to be licensed will be conducted in accordance with all applicable laws and rules, it may issue a class D license to the applicant. The license is for a period of one year.

Subd. 5. [RENEWAL.] The commission may renew a class D license without a hearing unless it determines a hearing to be necessary.

Subd. 6. [REVOCATION AND SUSPENSION.] Revocation and suspension of class D licenses, and refusals to renew class D licenses, are as provided in article 2, section 5, subdivision 7.

Sec. 9. [299J.10] [RACING DAYS.]

Subdivision 1. [ASSIGNMENT OF RACING DAYS.] (a) The commission shall assign racing days to each racetrack licensee authorized to conduct racing with pari-mutuel betting. A licensee may conduct racing with pari-mutuel betting only on a racing day assigned by the commission. The commission may assign racing days for up to three years beyond the year in which the assignment is made. Assignments of racing days in any year must be made by July 1 of that year, except as provided in paragraph (b) and except that it may assign dates after that date to a licensee whose license is issued after that date.

(b) Notwithstanding the provisions of paragraph (a), the commission may assign racing days for the year in which this act is effective at any time during the year. The provisions of subdivisions 2 to 4 apply to racing days assigned under this subdivision.

Subd. 2. [HEARING.] (a) A public hearing is required before the commission may:

(1) make an assignment of racing days;

(2) revises the assignment during the year; or

(3) assigns racing days to a licensee whose license is issued after the initial assignment.

(b) The commission may without a hearing assign one additional racing day to a licensee for each originally assigned racing day during the same racing meeting on which racing was not conducted for reasons beyond the licensee's control.

Subd. 3. [COUNTY FAIR RACING DAYS.] The commission may assign to a class D licensee only those racing days which coincide with the days on which the licensee's county fair is running.

Subd. 4. [RESCINDING OF RACING DAYS.] The commission may after a public hearing rescind one or more racing days assigned to a licensee if it determines that the licensee has not met or will not meet the terms of his license. A day or days so rescinded may be reassigned to another licensee.

Sec. 10. [299J.11] [APPEALS.]

Appeals from a decision or order of the commission shall be made in the manner prescribed by sections 14.63 to 14.68.

Sec. 11. [299J.12] [RIGHT OF INSPECTION.]

The commission and its representatives have the right to inspect the licensed premises of a licensee and to examine his books and other records at any time without a search warrant if necessary to a determination of whether or not to suspend or revoke the licensee's license.

Subd. 9. [CONFLICT OF INTEREST.] (a) No division employee may:

(1) hold a license issued by the commission or have a direct or indirect financial interest in any corporation, association, or partnership which holds a license issued by the commission or which holds a contract to supply goods or services to a licensee or at a licensed racetrack, including concessions contracts;

(2) own, wholly or in part, or have an interest in a horse which races at a licensed racetrack in Minnesota; or

(3) have a financial interest in or be employed in a profession or business which conflicts with the performance of his duties as an employee of the division.

(b) A violation of paragraph (a) by an unclassified employee of the division is grounds for termination of employment. A violation of paragraph (a) by a classified employee of the division is grounds for reassignment to another division within the department of public safety, subject to available openings.

Sec. 4. [299J.16] [STEWARDS.]

Subdivision 1. [POWERS AND DUTIES.] The commissioner shall appoint a board of three stewards for each licensed racetrack to preside over all races run at that track. The commissioner shall designate one steward as chairman. At least two stewards for all races must be employees of the division. Subd. 2. [APPEALS.] A ruling of a board of stewards may be appealed to the commissioner or be reviewed by him on his own initiative.

Subd. 3. [PROCEDURAL POWERS.] A board of stewards has the authority to administer oaths, issue subpoenas, order the production of documents and other evidence, and regulate the course of hearings before it, according to the rules promulgated by the commissioner. Hearings held by a board of stewards are not subject to the provisions of the Administrative Procedure Act except those provisions which the commissioner by rule makes applicable.

Subd. 4. [RULES.] In addition to rules under subdivision 3, the commissioner may promulgate rules governing the qualifications, appointment, approval, authority, removal, and compensation of stewards.

Subd. 5. [COSTS.] The commissioner may require that a licensee reimburse the division for the costs of providing two state-paid stewards to supervise racing at the licensee's racetrack.

Sec. 5. [299J.17] [PARI-MUTUEL BETTING.]

Subdivision 1. [BETTING AUTHORIZED.] Class B and D licensees are

authorized to conduct pari-mutuel betting on the results of races run at a licensed racetrack and on other races authorized by the commissioner under subdivision 6.

Subd. 2. [EQUIPMENT REQUIREMENTS.] A licensee conducting pari-mutuel betting at the licensed track must provide at that track:

(a) the necessary equipment for issuing pari-mutuel tickets; and

(b) mechanical or electronic equipment or devices, approved by the commissioner, for displaying information as required by the commissioner.

Subd. 3. [TYPES OF BETTING.] The commissioner shall by rule designate those types of pari-mutuel pools which are permitted at licensed racetracks. No licensee may conduct any type of pari-mutuel pool which has not been so designated.

Subd. 4. [TAKEOUT; DISTRIBUTION OF WINNINGS.] A licensee conducting pari-mutuel betting shall deduct from a straight pari-mutuel pool, before payments to holders of winning tickets, an amount equal to 19 percent of the total money in that pool. The licensee shall deduct from a multiple pari-mutuel pool, before payments to the holders of winning tickets, an amount equal to 22 percent of the total money in that pool. The remaining money in each pool must be distributed among the holders of winning tickets in a manner the commissioner by rule prescribes for each type of pool. Breakage must be computed on the basis of payoffs rounded down to the next lowest increment of twenty cents, with a minimum payoff of \$2.20 on a \$2 ticket; except that, the licensee may reduce the minimum payoff to \$2.10 on a \$2 ticket if there is not a sufficient amount in a pool to make a minimum payoff of \$2.20.

Subd. 5. [PURSES.] From the amounts deducted from all pari-mutuel pools by a licensee, an amount equal to five percent of all money in all pools must be set aside by the licensee and used for purses for races conducted by him. The commissioner may by rule provide for the administration and enforcement of this subdivision.

Subd. 6. [TELEVISED RACES.] (a) The commissioner may by rule permit a class B or D licensee to conduct on the premises of the licensed racetrack pari-mutuel betting on horse races run in other states and broadcast by television on the premises. All provisions of law governing pari-mutuel betting apply to pari-mutuel betting on televised races except as otherwise provided in this subdivision or in rules promulgated by the commissioner. In addition, all televised races under this subdivision must comply with the Interstate Horse Racing Act of 1978, United States Code, title 15, sections 3001 et seq.

(b) Pari-mutuel betting on a televised race may be conducted only on a racing day assigned by the commission.

(c) Pari-mutuel pools conducted on televised races authorized under paragraph (a) may consist only of money bet on the premises and may not be commingled with any other pool off the premises, except that:

(1) the licensee may pay a fee to the person or entity conducting the race for the privilege of conducting pari-mutuel betting on the race; and

(2) the licensee may pay the costs of transmitting the broadcast of the race.

(d) The takeout and taxes on pari-mutuel pools on televised races are as provided for other pari-mutuel pools.

Subd. 7. [TIME LIMIT FOR PAYMENTS.] The licensee shall pay off on an uncashed ticket presented for payment within 90 days of the end of the racing meeting during which it was issued. A ticket not presented for payment within that period is an unredeemed ticket and must be reported to the commissioner as provided in article 3, section 6, subdivision 5.

Subd. 8. [PROHIBITED ACTS.] A licensee may not accept a bet from any person under the age of 18 years; and a licensee may not accept a bet of less than \$2.

Sec. 6. [299J.18] [TAXES; PAYMENTS TO STATE.]

Subdivision 1. [TAXES IMPOSED.]

(a) There is imposed on the total amount bet on all pari-mutuel pools on each racing day a tax at the following rates:

(1) For each racing day in a calendar year on which the total amount bet together with the total amount bet at the same licensed racetrack in all previous racing days in the same calendar year does not exceed \$48,000,000, one and three-quarters percent of the total amount bet in all pari-mutuel pools.

(2) For each racing day in a calendar year after the racing day on which the total amount bet in all pari-mutuel pools at the same licensed racetrack in the same calendar year exceeds \$48,000,000, six percent of the total amount bet in all pari-mutuel pools.

(b) In addition to the above tax, the licensee shall designate and pay to the commissioner a tax for deposit in the Minnesota breeders fund, established under article 4, at the following rates:

(1) For racing days under paragraph (a), clause (1), on which the state tax is one and three-quarters percent, one-half percent of the total amount bet in all pari-mutuel pools.

(2) For racing days under paragraph (b), clause (2), on which the state tax is six percent, one percent of the total amount bet in all pari-mutuel pools.

The taxes imposed under this paragraph must be paid from the amounts permitted to be withheld by a licensee under article 3, section 5, subdivision 4.

(c) The commission shall impose on each paid admission to each licensed racetrack on a racing day a tax of 40 cents.

Subd. 2. [PAYMENT.] The licensee shall remit the tax to the commissioner within seven days of the day on which it was collected. In addition to the tax and at that time, the licensee shall pay to the commissioner a sum equal to one-half the total breakage for each racing day during the period for which the tax is paid. The payments must be accompanied by a detailed statement of the remittance on a form prescribed by the commissioner. The commissioner may by rule provide for the direct deposit of required payments in a division account in a financial institution within the state and for determining the time of applicability of different tax rates under subdivision 1.

Subd. 3. [TAX EXCLUSIVE.] The tax imposed by subdivision 1 is in lieu of any license fee imposed by a political subdivision and in lieu of any other sales or excise tax imposed by the state on pari-mutuel pools or pari-mutuel ticket sales.

Subd. 4. [REPORTS.] Within 100 days of the end of a racing meeting, a licensee subject to the tax imposed by subdivision 1 shall file with the commissioner a certified statement of receipts from all sources during the racing meeting and of expenses and disbursements, itemized on a form prescribed by the commissioner after consultation with the state auditor, showing the licensee's net revenues from all sources. The statement must be prepared by a certified public accountant in accordance with generally accepted auditing standards.

Subd. 5. [UNREDEEMED TICKETS.] Not later than 100 days after the end of a racing meeting, a licensee who sells pari-mutuel tickets shall remit to the commissioner an amount equal to the total value of unredeemed tickets from the racing meeting. The remittance must be accompanied by a detailed statement of the money on a form prescribed by the commissioner.

Subd. 6. [DISPOSITION OF PROCEEDS.] The commissioner shall distribute all money received under this section, and all money received from license fees and fines it collects, as follows:

(a) All money designated for deposit in the Minnesota breeders fund shall be paid into that fund for distribution as provided under article 4; and

(b) All other revenues received under this section by the commissioner must be forwarded to the state treasurer for deposit in the general fund.

Sec. 7. [299J.19] [CONTRACTS FOR GOODS OR SERVICES.]

The commissioner shall by rule require that all contracts entered into by a class A, B, or D licensee for the provision of goods or services, including concessions contracts, be subject to commissioner approval. The commissioner may require a contract holder to make available documents and records the commissioner considers necessary to evaluate the contract.

Sec. 8. [299J.20] [MEDICATION AND MEDICAL TESTING.]

Subdivision 1. [RULES.] The commissioner shall make and enforce rules governing medication and medical testing for horses running at licensed racetracks. The rules must provide that no medication, including anti-inflammatory analgesics and synthetic corticosteroids and as the commissioner further defines that term by rule, may be administered to a horse within 72 hours of a race it runs at a licensed racetrack. The commissioner shall by rule establish the qualifications for laboratories used by it as testing laboratories to enforce its rules under this section.

Subd. 2. [CONTRACTS FOR MEDICAL SERVICES.] The commissioner may contract for medical services with an institution which teaches animal health sciences within the state for the purpose of enforcement under subdivision 1 and for any other purpose he considers necessary to implement the provisions of this act.

Sec. 9. [299J.21] [SCHEDULED RACES FOR MINNESOTA-BRED OR MINNESOTA-OWNED HORSES.]

Each holder of a class B or D license shall declare and schedule on each racing day it conducts at least one race limited to horses which are Minnesota-bred or Minnesota-owned as those terms are defined in rules promulgated by the commissioner; except that, if there is not a sufficient number of such horses entered in the declared race to make up an adequate slate of entries another race may be substituted.

Sec. 10. [299J.22] [EXCLUSION OF CERTAIN PERSONS.]

Subdivision 1. [PERSONS EXCLUDED.] The commissioner may exclude from any and all licensed racetracks in the state a person who:

(a) has been convicted of a felony under the laws of any state or the United States; or

(b) has had a license suspended, revoked, or denied by the commission or by the racing authority of any other jurisdiction; or

(c) is determined by the commissioner, on the basis of evidence presented to him, to be a threat to the integrity of racing in Minnesota.

Subd. 2. [HEARING; APPEAL.] An order to exclude a person from any or all licensed racetracks in the state must be made by the commissioner at a public hearing of which the person to be excluded must have at least five days notice. If the person is present at the hearing he must be permitted to show cause why he should not be excluded. An appeal of the order may be made in the same manner as other appeals under article 3, section 13.

Subd. 3. [NOTICE TO RACETRACKS.] Upon issuing an order excluding a person from any or all licensed racetracks, the commissioner shall send a copy of the order to the excluded person and to all racetracks named in it, along with such other information as he considers necessary to permit compliance with the order.

Subd. 4. [PROHIBITIONS.] It is a gross misdemeanor for a person named in an exclusion order to enter, attempt to enter, or be on the premises of a racetrack named in the order while it is in effect, and for a person licensed to conduct racing or operate a racetrack knowingly to permit an excluded person to enter or be on the premises.

Subd. 5. [EXCLUSIONS BY RACETRACK.] The holder of a license to conduct racing may eject and exclude from its premises any licensee or any other person who is in violation of any state law or rule or order promulgated or issued under this act, or who is a threat to racing integrity or the public safety. A person so excluded from racetrack premises may appeal his exclusion to the commissioner and must be given a public hearing on his appeal if he so requests. At the hearing he must be given the opportunity to show cause why he should not be so excluded. If the commissioner, after the hearing, finds that the integrity of racing and the public safety do not justify the exclusion, he shall order the racetrack making the exclusion to reinstate or readmit the person. An appeal of a commissioner order upholding the exclusion is governed by article 3, section 13.

Sec. 11. [299J.23] [WORK AREAS.]

A class A licensee shall provide at no cost to the division suitable work areas for the commissioner and division employees or agents who are

directed by the commissioner to supervise and control racing at the licensed racetrack.

Sec. 12. [299J.24] [HEARINGS.]

All hearings conducted by the commissioner, or by the director if so designated by the commissioner, shall be conducted in accordance with chapter 14, the Administrative Procedure Act.

Sec. 13. [299J.25] [APPEALS.]

Appeals from a decision of the commissioner must be made in the manner prescribed by sections 14.63 to 14.68.

Sec. 14. [299J.26] [RIGHT OF INSPECTION.]

The commissioner and his representatives have the right to inspect the licensed premises of a licensee and to examine his books and other records at any time without a search warrant.

Sec. 15. [299J.27] [FINES.]

The commissioner shall by rule establish a graduated schedule of fines for violations of rules promulgated under this act or of laws relating to horse racing. The schedule must be based on and reflect the culpability, frequency, and severity of the violator's actions. The commissioner may impose a fine from this schedule on a licensee for a violation of those rules or laws relating to horse racing. The fine is in addition to any criminal penalty imposed for the same violation. Fines imposed by the commissioner shall be paid and forwarded to the state treasurer for deposit in the general fund. A fine is a contested case under sections 14.57 to 14.70 or the Administrative Procedure Act.

Sec. 16. [299J.28] [RULE-MAKING AUTHORITY.]

Subdivision 1. [ADDITIONAL AUTHORITY.] The commissioner has the authority, in addition to all other rule-making authority granted under this article, to promulgate rules governing:

(a) the conduct of horse races held at licensed racetracks in Minnesota including but not limited to the rules of racing, standards of entry, operation of claiming races, filing and handling of objections, carrying of weights, and declaration of official results;

(b) wire communications between the premises of a licensed racetrack and any place outside the premises;

(c) information on horse races which is sold on the premises of a licensed racetrack;

(d) liability insurance which the commissioner may require of all class A, B, and D licensees;

(e) the auditing of the books and records of a licensee by an auditor employed or appointed by the commissioner;

(h) entry fees and other funds received by a licensee in the course of conducting racing which the commissioner determines must be placed in escrow accounts; and

(i) any other aspect of horse racing or pari-mutuel betting which in the commissioner's opinion affects the integrity of racing or the public health, welfare, or safety.

Subd. 2. [TEMPORARY RULES.] The commissioner may promulgate temporary rules encompassing all rule-making authority granted elsewhere in this act. Temporary rules are not subject to chapter 14, the Administrative Procedure Act, and may be adopted without a hearing. Temporary rules are effective 15 days after adoption by the commissioner and remain in effect only until February 15 of the year following the year in which this act first becomes effective. Temporary rules may be filed pursuant to section 14.38.

Subd. 3. [RULES SUBJECT TO ADMINISTRATIVE PROCEDURE ACT; EXCEPTION.] Except as provided in subdivision 2, rules of the commissioner are subject to chapter 14, the Administrative Procedure Act.

ARTICLE 4

BREEDERS FUND

Section 1. [BREEDERS FUND.]

Subdivision 1. [ESTABLISHMENT.] The commissioner shall establish a Minnesota breeders fund with the money paid to the state under article 3, section 6, subdivision 1, paragraph (b).

Subd. 2. [DISTRIBUTION.] The commissioner, after paying the costs of administering the fund, shall distribute the net proceeds as follows:

(a) 20 percent must be expended as grants for equine research at public institutions of post-secondary learning within the state;

(b) 80 percent must be apportioned into categories corresponding with the various breeds of horses which raced at licensed Minnesota racetracks in the previous year, in proportion to each category's contribution to the fund, and may be expended by the commissioner to:

(1) supplement purses for races held exclusively for Minnesota-bred or Minnesota-owned horses, as those terms are defined by the commissioner;

(2) pay breeders or owners awards to the breeders or owners of Minnesota-bred horses which win money at licensed racetracks in the state; and

(3) provide other financial incentives to encourage the horse breeding industry in Minnesota.

Subd. 3. [RULES.] The commissioner shall adopt rules governing the distribution of the fund. The commissioner may establish advisory committees to advise it on the distribution of money under this section provided that the members of an advisory committee shall serve without compensation.

ARTICLE 5

Subd. 2. [OFF-TRACK BETS.] No person may, as part of an organized commercial activity, accept a bet off the premises of a licensed racetrack for delivery to a licensed racetrack.

Subd. 3. [INFLUENCING RACES.] No person may influence or attempt to influence a horse race by:

(a) making threats;

(c) use any method, injurious or otherwise, to affect a horse's racing condition or performance at a race or workout in violation of rules promulgated by the commissioner.

Subd. 5. [REPORTING OF INFORMATION.] A person licensed by the commission who has information regarding a violation provision of this section shall report that information promptly to the commissioner.

Subd. 7. [ALTERED TICKETS.] No person may knowingly offer for payment any pari-mutuel ticket which has been altered, or any counterfeit or forged pari-mutuel ticket.

Subd. 8. [PENALTIES.] A violation of subdivision 1, 2, 3, 4 or 7 is a felony. A violation of subdivision 5 or 6 is a gross misdemeanor. A violation of any other provision of this act or of a rule or order of the commission or commissioner for which another penalty is not provided is a misdemeanor.

No person appointed or approved by the commissioner as a steward may bet or cause a bet to be made at a licensed racetrack during a racing meeting at which he is serving as a steward. Subd. 2. [VIOLATION.] A violation of subdivision 1 is grounds for removal from the commission or termination of employment. Section 1. [LEGISLATION ESTABLISHING TREATMENT PROGRAMS FOR COMPULSIVE GAMBLERS.]

The commissioner of public welfare, after consulting with the commissioner of health and other persons knowledgeable in the assessment and treatment of compulsive gamblers, shall present to the legislature, no later than January 30, 1984, legislation establishing treatment programs for the rehabilitation of compulsive gamblers. In developing the legislation, the commissioner of public welfare shall include, among other things, consideration of the following issues:

(1) The nature of compulsive gambling, and current practices in diagnosing and treating it;

(2) The extent of compulsive gambling in this state and the effect of current and proposed forms of legalized gambling on the incidence of compulsive gambling;

(3) Existing programs in this state to deal with compulsive gambling;

(4) Proposals for additional efforts to deal with compulsive gambling by both public and private agencies;

(5) Coverage of compulsive gambling under existing health insurance policies and proposals to change that coverage; and

(6) Recommendations for a coordinated program of public and private action to deal with compulsive gambling by means of both treatment and public information, with recommended funding levels and implementation strategy.

At a minimum, the legislation must include provisions establishing residential and outpatient treatment programs which address the unique needs of compulsive or pathological gamblers and which allow participants to return to normal lifestyles which do not include gambling. The legislation must also authorize the commissioner of public welfare to provide educational materials to the public regarding the detrimental effects of compulsive gambling on the economic and emotional health and welfare of the family unit.

Sec. 2. [COST OF PROGRAMS; LIMIT.]

If the legislature adopts implementing legislation pursuant to section 2, the annual cost of the treatment programs may not exceed five percent of the money collected by the commissioner for that year under article 3, section 6, and deposited in the general fund.

Sec. 4. Minnesota Statutes 1982, section 290.09, subdivision 5, is amended to read:

Subd. 5. [LOSSES.] (a) [GENERAL RULE.] There shall be allowed as a deduction any loss sustained during the taxable year and not compensated for by insurance or otherwise.

(b) [AMOUNT OF DEDUCTION.] For purposes of paragraph (a), the basis for determining the amount of the deduction for any loss shall be the adjusted basis provided in this chapter for determining the loss from the sale or other disposition of property.

(c) [LIMITATION OF LOSSES OF INDIVIDUALS.] In the case of an individual, the deduction under paragraph (a) shall be limited to

(1) Losses incurred in a trade or business;

(2) Losses incurred in any transaction entered into for profit, though not connected with a trade or business; and

(3) Losses of property not connected with a trade or business, if such losses arise from fire, storm, shipwreck, or other casualty, or from theft to the extent they are deductible pursuant to the provisions of section 165 (c) (3) of the Internal Revenue Code of 1954, as amended through December 31, 1981. No loss described in this paragraph shall be allowed if, at the time of the filing of the return, such loss has been claimed for inheritance or estate tax purposes.

(d) [WAGERING LOSSES.] Losses from wagering transactions shall be allowed only to the extent of the gains from such transactions *and provided that before this clause is applied, no loss from pari-mutuel betting under this act shall be allowed except to the extent of verified receipts or the sworn testimony of at least one witness who is not the taxpayer or his spouse.*

(e) [THEFT LOSSES.] For purposes of paragraph (a), any loss arising from theft shall be treated as sustained during the taxable year in which the taxpayer discovers such loss.

(f) [CAPITAL LOSSES.] Losses from sales or exchanges of capital assets shall be allowed only to the extent allowed in section 290.16.

(g) [WORTHLESS SECURITIES.] (1) [GENERAL RULE.] If any security which is a capital asset becomes worthless during the taxable year, the loss resulting therefrom shall, for purposes of this chapter, be treated as a loss from the sale or exchange, on the last day of the taxable year, of a capital asset.

(2) [SECURITY DEFINED.] For purposes of this paragraph, the term "security" means:

(A) A share of stock in a corporation;

(B) A right to subscribe for, or to receive, a share of stock in a corporation;
or

(C) A bond, debenture, note, or certificate, or other evidence of indebtedness, issued by a corporation or by a government or political subdivision thereof, with interest coupons or in registered form.

(3) [SECURITIES IN AFFILIATED CORPORATION.] For purposes of paragraph (1), any security in a corporation affiliated with a taxpayer which is a domestic corporation shall not be treated as a capital asset. For purposes of the preceding sentence, a corporation shall be treated as affiliated with the taxpayer only if:

(A) At least 80 percent of each class of its stock is owned directly by the taxpayer, and

(B) More than 90 percent of the aggregate of its gross receipts for all taxable years has been from sources other than royalties, rents (except rents derived from rental from properties to employees of the corporation in the ordinary course of its operating business), dividends, interest (except interest received on deferred purchase price of operating assets sold), annuities, and gains from sales or exchanges of stocks and securities. In computing gross receipts for purposes of the preceding sentence, gross receipts from sales or exchanges of stock and securities shall be taken into account only to the extent of gains therefrom.

(h) [DISASTER LOSSES.] (1) Notwithstanding the provisions of (a), any loss

(A) attributable to a disaster which occurs during the period following the close of the taxable year and on or before the time prescribed by law for filing the income tax return for the taxable year (determined without regard to any extension of time), and

(B) occurring in an area subsequently determined by the President of the United States to warrant assistance by the Federal Government under the provisions of the Federal Disaster Relief Act of 1974, at the election of the taxpayer, may be deducted for the taxable year immediately preceding the taxable year in which the disaster occurred. Such election may be made only if a similar election has been made under the provisions of Section 165(h) of

the Internal Revenue Code of 1954, as amended through December 31, 1981 for federal income tax purposes. Such deduction shall not be in excess of so much of the loss as would have been deductible in the taxable year in which the casualty occurred. If an election is made under this paragraph, the casualty resulting in the loss will be deemed to have occurred in the taxable year for which the deduction is claimed.

(2) The commissioner is authorized to prescribe regulations providing the time and manner of making an election to claim a disaster loss under this clause.

(i) [ELECTION.] In lieu of the deduction allowed by (a) or (h) any loss not compensated for by insurance or otherwise:

(1) Attributable to storm or other natural causes or fire, may, at the election of the taxpayer, be claimed as a deduction in the taxable year in which said loss is sustained or in the preceding taxable year.

(2) In the event that under the provisions of this paragraph, a taxpayer claims the same disaster loss deduction or a net operating loss deduction resulting from the inclusion of a casualty loss in the calculation of such deduction in different taxable years for state and federal purposes, appropriate modifications shall be allowed or required for taxable years affected in order to prevent duplication or omission of such deduction.

(3) The commissioner is authorized to prescribe regulations providing the time and manner to make an election to claim a loss under the provisions of this paragraph and for the filing of an amended return or claim for refund.

Sec. 5. Minnesota Statutes 1982, section 290.09, subdivision 29, is amended to read:

Subd. 29. [DEDUCTIONS ATTRIBUTABLE TO FARMING.] (a) [DEFINITIONS.] For purposes of this subdivision, income and gains and expenses and losses shall be considered as "arising from a farm" if such items are received or incurred in connection with cultivating the soil, or in connection with raising or harvesting any agricultural or horticultural commodity, including the raising, shearing, feeding, caring for, training, and management of livestock, *including horses for horse racing*, bees, poultry, and fur-bearing animals and wildlife, and all operations incident thereto, including but not limited to the common use of "hedging".

(b) [DEDUCTIONS LIMITED.] Except as provided in this subdivision, expenses and losses, except for interest and taxes, arising from a farm shall not be allowed as deductions in excess of income and gains arising from a farm.

(c) [DEDUCTIONS ALLOWED; CARRYOVER DEDUCTIONS.] Expenses and losses arising from a farm or farms shall be allowed as deductions up to the amount of the income and gains arising from a farm or farms in any taxable year, plus the first \$15,000 of non-farm gross income, or non-farm taxable net income in the case of a corporation, provided however that in any case where non-farm income exceeds \$15,000, the maximum allowable amount of \$15,000 shall be reduced by twice the amount by which the non-farm income exceeds the amount of \$15,000. For this purpose and for the purpose of applying the limitation in the following para-

graph regarding the application of any carryback or carryforward, the term gross income shall include the ordinary income portion of a lump sum distribution as defined in section 402(e) of the Internal Revenue Code of 1954, as amended through December 31, 1981, and no deduction shall be allowed for two-earner married couples as provided in section 221 of the Internal Revenue Code of 1954, as amended through December 31, 1981. Any remaining balance of the deductions shall be carried back three years and carried forward five years, in chronological order, provided, however, that in any case in which any individual, estate or trust which elects a net operating loss carryforward under section 172(b)(3)(C) of the Internal Revenue Code of 1954, as amended through December 31, 1981, such losses shall not be carried back but shall only be carried forward.

Current expenses and losses shall be utilized as deductions in any taxable year, to the extent herein allowable, prior to the application of any carryback or carryover deductions. In any event, the combined amounts of such current expenses and losses and carryback or carryover deductions shall be allowed as deductions up to the amount of the income and gains arising from a farm or farms in any taxable year, plus the first \$15,000 of non-farm gross income, or non-farm taxable net income in the case of a corporation, provided however that in any case where non-farm income exceeds \$15,000, the maximum allowable amount of \$15,000 shall be reduced by twice the amount by which the non-farm income exceeds the amount of \$15,000.

(d) [SHAREHOLDERS SEPARATE ENTITIES.] For purposes of this subdivision, individual shareholders of an electing small business corporation shall be considered separate entities.

(e) [SPECIAL PERIOD OF LIMITATION WITH RESPECT TO FARM LOSS LIMITATION CARRYBACKS.] For the purposes of sections 290.46 and 290.50, if the claim for refund relates to an overpayment attributable to a farm loss limitation carryback under this subdivision, in lieu of the period of limitation prescribed in sections 290.46 and 290.50, the period of limitation shall be that period which ends with the expiration of the 15th day of the 46th month (or the 45th month, in the case of a corporation) following the end of the taxable year of the farm loss which results in the carryback.

(f) [INTEREST ON CLAIMS.] In any case in which a taxpayer is entitled to a refund in a carryback year due to the carryback of a farm loss, interest shall be computed only from the end of the taxable year in which the loss occurs.

(g) [ORDER OF APPLICATION.] The application of this subdivision shall be made after applying any limitation to out of state losses contained in section 290.17.

Sec. 6. Minnesota Statutes 1982, section 290.17, subdivision 2, is amended to read:

Subd. 2. [OTHER TAXPAYERS.] In the case of taxpayers not subject to the provisions of subdivision 1, items of gross income shall be assigned to this state or other states or countries in accordance with the following principles:

(1) (a) The entire income of all resident or domestic taxpayers from compensation for labor or personal services, or from a business consisting prin-

cially of the performance of personal or professional services, shall be assigned to this state, and the income of nonresident taxpayers from such sources shall be assigned to this state if, and to the extent that, the labor or services are performed within it; all other income from such sources shall be treated as income from sources without this state.

(b) In the case of an individual who is a nonresident of Minnesota and who is an athlete or entertainer, income from compensation for labor or personal services performed within this state shall be determined in the following manner.

(i) The amount of income to be assigned to Minnesota for an individual who is a nonresident salaried athletic team employee shall be determined by using a fraction in which the denominator contains the total number of days in which the individual is under a duty to perform for the employer, and the numerator is the total number of those days spent in Minnesota. In order to eliminate the need to file state or provincial income tax returns in several states or provinces, Minnesota will exclude from income any income assigned to Minnesota under the provisions of this clause for a nonresident athlete who is employed by an athletic team whose operations are not based in this state if the state or province in which the athletic team is based provides a similar income exclusion. If the state or province in which the athletic team's operations are based does not have an income tax on an individual's personal service income, it will be deemed that that state or province has a similar income exclusion. As used in the preceding sentence, the term "province" means a province of Canada.

(ii) The amount of income to be assigned to Minnesota for an individual who is a nonresident, and who is an athlete not listed in clause (i), or who is an entertainer, for that person's athletic or entertainment performance in Minnesota shall be determined by assigning to this state all income from performances or athletic contests in this state.

(2) Income from the operation of a farm shall be assigned to this state if the farm is located within this state and to other states only if the farm is not located in this state. *Income from winnings on Minnesota pari-mutuel betting tickets shall be assigned to this state.* Income and gains received from tangible property not employed in the business of the recipient of such income or gains, and from tangible property employed in the business of such recipient if such business consists principally of the holding of such property and the collection of the income and gains therefrom, shall be assigned to this state if such property has a situs within it, and to other states only if it has no situs in this state. Income or gains from intangible personal property not employed in the business of the recipient of such income or gains, and from intangible personal property employed in the business of such recipient if such business consists principally of the holding of such property and the collection of the income and gains therefrom, wherever held, whether in trust, or otherwise, shall be assigned to this state if the recipient thereof is domiciled within this state; income or gains from intangible personal property wherever held, whether in trust or otherwise shall be assigned to this state if the recipient of such income or gains is domiciled within this state, or if the grantor of any trust is domiciled within this state and such income or gains would be taxable to such grantor under section 290.28 or 290.29;

(3) Income derived from carrying on a trade or business, including in the

case of a business owned by natural persons the income imputable to the owner for his services and the use of his property therein, shall be assigned to this state if the trade or business is conducted wholly within this state, and to other states if conducted wholly without this state. This provision shall not apply to business income subject to the provisions of clause (1);

(4) When a trade or business is carried on partly within and partly without this state, the entire income derived from such trade or business, including income from intangible property employed in such business and including, in the case of a business owned by natural persons, the income imputable to the owner for his services and the use of his property therein, shall be governed, except as otherwise provided in sections 290.35 and 290.36, by the provisions of section 290.19, notwithstanding any provisions of this section to the contrary. This shall not apply to business income subject to the provisions of clause (1), nor shall it apply to income from the operation of a farm which is subject to the provisions of clause (2). For the purposes of this clause, a trade or business located in Minnesota is carried on partly within and partly without this state if tangible personal property is sold by such trade or business and delivered or shipped to a purchaser located outside the state of Minnesota.

If the trade or business carried on wholly or partly in Minnesota is part of a unitary business, the entire income of that unitary business shall be subject to apportionment under section 290.19. The term "unitary business" shall mean a number of business activities or operations which are of mutual benefit, dependent upon, or contributory to one another, individually or as a group. Unity shall be presumed whenever there is unity of ownership, operation, and use, evidenced by centralized management or executive force, centralized purchasing, advertising, accounting, or other controlled interaction. Unity of ownership will not be deemed to exist unless the corporation owns more than 50 percent of the voting stock of the other corporation.

The entire income of a unitary business, including all income from each activity, operation or division, shall be subject to apportionment as provided in section 290.19. None of the income of a unitary business shall be considered as derived from any particular source and none shall be allocated to any particular place except as provided by the applicable apportionment formula.

In determining whether or not intangible property is employed in a unitary business carried on partly within and partly without this state so that income derived therefrom is subject to apportionment under section 290.19 the following rules and guidelines shall apply.

(a) Intangible property is employed in a business if the business entity owning intangible property holds it as a means of furthering the business operation of which a part is located within the territorial confines of this state.

(b) Where a business operation conducted in Minnesota, is owned by a business entity which carries on business activity outside of the state different in kind from that conducted within this state, and such other business is conducted entirely outside the state, it will be presumed that the two business operations are unitary in nature, interrelated, connected and in-

terdependent unless it can be shown to the contrary.

(5) In the case of a nonresident who is liable for payment of a penalty for having withdrawn funds from an individual housing account established pursuant to section 290.08, subdivision 25, the amount so withdrawn and for which a deduction was allowed shall be an item of income assignable to this state, and the penalty tax of ten percent shall remain an additional liability of that taxpayer.

(6) For purposes of this section, amounts received by a non-resident from the United States, its agencies or instrumentalities, the Federal Reserve Bank, the state of Minnesota or any of its political or governmental subdivisions, or a Minnesota volunteer fireman's relief association, by way of payment as a pension, public employee retirement benefit, or any combination thereof, or as a retirement or survivor's benefit made from a plan qualifying under section 401, 403, 404, 405, 408, 409 or 409A of the Internal Revenue Code of 1954, as amended through December 31, 1981, are not considered income derived from carrying on a trade or business or from performing personal or professional services in Minnesota, and are not taxable under this chapter.

(7) All other items of gross income shall be assigned to the taxpayer's domicile.

Sec. 7. Minnesota Statutes 1982, section 290.92, is amended by adding a subdivision to read:

Subd. 26. Any holder of a class A, B, or D license issued by the commission under article 2 of this act, who makes a payment or payments for winnings on a pari-mutuel betting ticket or tickets in an amount of \$200 or more to the same individual shall deduct from the payment or payments and withhold 11 percent of the amount as Minnesota withholding tax. For purposes of this subdivision, winnings from a pari-mutuel betting ticket must be determined by reducing the amount received by the amount paid for the ticket, and payments for winning on a pari-mutuel betting ticket which are not money must be taken into account at their fair market value. For purposes of the provisions of this section, a payment to any person of winnings which are subject to withholding must be treated as if the payment was a wage paid by an employer to an employee. Every individual who is to receive a payment of winnings which are subject to withholding shall furnish the license holder with a statement, made under the penalties of perjury, containing the name, address, and social security account number of the person receiving the payment and of each person entitled to any portion of such payment. The license holder is liable for the payment of the tax required to be withheld under this subdivision and subdivision 27 but is not liable to any person for the amount of the payment.

Sec. 8. Minnesota Statutes 1982, section 290.92, is amended by adding a subdivision to read:

Subd. 27. Any holder of a class A or B license issued by the commission under article 2 of this act who makes a payment to a holder of a class C license issued by the commission under article 2, section 7, of this act, or who pays an amount as a purse, shall deduct from the payment and withhold 11 percent of the amount as Minnesota withholding tax when the amount paid

to that individual during the calendar year exceeds \$200. For purposes of the provisions of this section, a payment to any person which is subject to withholding under this subdivision must be treated as if the payment was a wage paid by an employer to an employee. Every individual who is to receive a payment which is subject to withholding under this subdivision shall furnish the license holder with a statement, made under the penalties of perjury, containing the name, address, and social security account number of the person receiving the payment. No withholding is required if the individual presents a signed certificate from his employer which states that the individual is an employee of that employer. A nonresident individual who holds a class C license must be treated as an athlete for purposes of applying the provisions of sections 290.17, subdivision 2(1)(b)(ii) and 290.92, subdivision 4a.

Sec. 9. Minnesota Statutes 1982, section 609.75, subdivision 1, is amended to read:

Subdivision 1. [LOTTERY.] (a) A lottery is a plan which provides for the distribution of money, property or other reward or benefit to persons selected by chance from among participants some or all of whom have given a consideration for the chance of being selected.

(b) An in-package chance promotion is not a lottery if all of the following are met:

(1) participation is available, free and without purchase of the package, from the retailer or by mail or toll-free telephone request to the sponsor for entry or for a game piece;

(6) all prizes are randomly awarded if game pieces are not used in the promotion; and

(7) the sponsor provides on request of a state agency a record of the names and addresses of all winners of prizes valued at \$100 or more, if the request is made within one year after the termination date of the promotion.

(c) Except as provided by section 349.40, acts in this state in furtherance of a lottery conducted outside of this state are included notwithstanding its validity where conducted.

Sec. 10. Minnesota Statutes 1982, section 609.75, subdivision 3, is amended to read:

Subd. 3. [WHAT ARE NOT BETS.] The following are not bets:

(1) A contract to insure, indemnify, guarantee or otherwise compensate another for a harm or loss sustained, even though the loss depends upon chance.

(2) A contract for the purchase or sale at a future date of securities or other commodities.

(3) Offers of purses, prizes or premiums to the actual contestants in any bona fide contest for the determination of skill, speed, strength, endurance, or quality or to the bona fide owners of animals or other property entered in such a contest.

Sec. 12. Minnesota Statutes 1982, chapter 609.76, is amended to read:

S.F. No. 525: A bill for an act relating to marriage dissolution; providing a summary dissolution procedure; proposing new law coded in Minnesota Statutes, chapter 518.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. [518.134] [SUMMARY DISSOLUTION.]

Subdivision 1. [AVAILABILITY.] A marriage may be dissolved using the summary procedure in this section if:

(a) at least one party to the marriage fulfills the residence requirements in section 518.07;

(b) there has been an irretrievable breakdown in the marriage;

(c) a petition for dissolution has been filed; and

(d) the parties have executed a verified, written stipulation which purports to settle all matters relating to the dissolution.

Subd. 2. [SETTLEMENT STIPULATION.] The stipulation required in subdivision 1, clause (d) must include:

(a) a waiver by both parties to a hearing on the decree of dissolution;

(b) a statement that each party has consulted with an attorney prior to executing the stipulation;

(c) a statement that each party believes the stipulation to be fair and reasonable;

(d) findings of fact sufficient to support all required allegations in the petition for dissolution; and

(e) a statement by the attorneys for each party that they have reviewed the stipulation and counseled their respective clients concerning its terms prior to the parties' execution of the stipulation.

When the moving party requests that a decree of dissolution be made and entered without a hearing, and a stipulation described in this section has been filed with and reviewed by the court, unless the court, in its discretion, requires a hearing on the decree of dissolution, the court may make its findings of fact, conclusions of law, order for payment and judgment, and decree based on the stipulation without a hearing. The verified statement set forth in the stipulation constitutes sufficient evidence for it.

Sec. 2. Minnesota Statutes 1982, section 518.145, is amended to read:

518.145 [DECREE.]

A decree of dissolution of marriage or of legal separation is final when entered, subject to the right of appeal. When entered, the findings of fact and conclusions of law may constitute the judgment and decree. When a stipulation meeting the requirement of section 1 has been filed with the court, the decree of dissolution may incorporate the stipulation by reference and the court may adopt the terms of the stipulation as its findings of fact, conclusions of law, and decree. An appeal from the decree of dissolution that does not challenge the finding that the marriage is irretrievably broken does not delay the finality of that provision of the decree which dissolves the marriage beyond the time for appealing from that provision. A party may remarry before the time for appeal has run if it is not contested that the marriage is irretrievably broken or if a stipulation that the marriage is irretrievably broken is incorporated in the decree of dissolution.

Sec. 3. [EFFECTIVE DATE.]

This act is effective for decrees of dissolution made after the date of final enactment.

(d) The property is classified as industrial employment property by the procedure and subject to the conditions provided in this section, before it is first placed in use.

~~(4)~~ (d) [MARKET VALUE.] "Market value"; as applied to industrial of a parcel of employment property on any particular parcel of land, means the value of all the taxable property situated there except the land, as annually determined pursuant to section 273.12, less (i) the market value of all property existing at the time of application for classification, as last assessed prior to the time of application, and (ii) any increase in the market value of the property referred to in clause (i) as assessed in each year after the industrial employment property is first placed in service. In each year, any

change in the values of the industrial employment property and the other property on the land shall be deemed to be proportionate unless caused by a capital improvement or loss.

~~(5)~~ (e) [MUNICIPALITY.] "Municipality" means any home rule charter or statutory city or county, but a county may not exercise the powers granted in this section with reference to property situated within a city.

Sec. 7. Minnesota Statutes 1982, section 273.1313, subdivision 2, is amended to read:

Subd. 2. [PROGRAM.] ~~(4)~~ (a) The governing body of any municipality which contains a designated enterprise zone as provided by section 273.1312 ~~may shall~~ by resolution establish a program for classification of new industrial property or improvements to existing property as industrial employment property pursuant to the provisions of this section; ~~if it finds that the program is needed to facilitate and encourage the renewal or addition of industrial facilities to provide or preserve employment opportunities for its citizens.~~ Applications for classification under the program shall be filed with the municipal clerk or auditor in a form prescribed by the commissioner, with additions as may be prescribed by the municipal governing body. The application shall contain, *where appropriate*, a legal description of the parcel of land on which the facility is to be situated or improved; a general description of the facility or improvement and its proposed use, ~~the equipment proposed to be used in connection with it (including equipment exempt from taxation under existing law);~~ the probable time schedule for undertaking the construction or improvement, and information regarding the matters referred to in paragraph ~~(4)~~ (d); the market value and the assessed value of the land and of all other taxable property then situated on it, according to the most recent assessment; and an estimate of the probable cost of the new construction or improvement and the market value of the new or improved facility (excluding land) when completed.

~~(2)~~ (b) Upon receipt of an application the municipal clerk or auditor, subject to any prior approval required by the resolution establishing the program, shall furnish a copy to the assessor for the property and to the governing body of each school district and other public body authorized to levy taxes on the property, and shall publish a notice in the official newspaper of the time and place of a hearing to be held by the governing body on the application, not less than 30 days after the notice is published, stating that the applicant, the assessor, representatives of the affected taxing authorities, and any taxpayer of the municipality may be heard or may present their views in writing at or before the hearing. The hearing may be adjourned from time to time, but the governing body shall take action on the application by resolution within 30 days after the hearing. If disapproved, the reasons shall be set forth in the resolution, and the applicant may appeal to the commissioner within 30 days thereafter, but only on the ground that the determination is arbitrary, in relation to prior determinations as to classification under the program, or based upon a mistake of law. If approved, the resolution shall include determinations as to the matters set forth in paragraph ~~(4)~~ (d), and the clerk or auditor shall transmit it to the commissioner.

~~(3)~~ (c) Within 60 days after receipt of an approved application or an appeal

from the disapproval of an application, the commissioner shall take action on it. The commissioner shall approve each application approved by the governing body if he finds that it complies with the provisions of this section. If he disapproves the application, or finds grounds exist for appeal of a disapproved application, he shall transmit the finding to the governing body and the applicant. When grounds for appeal have been determined to exist, the governing body shall reconsider and take further action on the application within 30 days after receipt of the commissioner's notice and serve written notice of the action upon the applicant. The applicant, within 30 days after receipt of notice of final disapproval by the commissioner or the governing body, may appeal from the disapproval to a court of competent jurisdiction.

(4) (d) An application shall not be approved unless the governing body finds and determines that the construction or improvement of the facility:

(a) (1) Is reasonably likely to create new employment or prevent a loss of employment in the municipality;

(b) (2) Is not likely to have the effect of transferring existing employment from one or more other municipalities within the state;

(c) (3) Is not likely to cause the total market value of industrial employment property within the municipality to exceed five percent of the total market value of all taxable property within the municipality; or if it will, the resulting limitation upon the increase of the assessed value of all taxable property within the municipality, considering the amount of additional municipal services likely to be required for the industrial employment property, is not likely to substantially impede the operation or the financial integrity of the municipality or any other public body levying taxes on property in the municipality; and

(d) (4) Will not result in the reduction of the assessed value of existing property within the municipality owned by the applicant, through abandonment, demolition, or otherwise, without provision for the restoration of the existing property within a reasonable time in a manner sufficient to restore the assessed valuation.

Sec. 8. Minnesota Statutes 1982, section 273.1313, subdivision 3, is amended to read:

Subd. 3. [CLASSIFICATION.] Property shall be classified as industrial employment property and assessed as provided for class 4d property in section 273.13, subdivision 9, clause (4), for taxes levied in the year in which the classification is approved and in each year thereafter to and including the 12th year after the industrial employment property is completed for the four succeeding years after the approval. If the classification is revoked, the revocation is effective for taxes levied in the next year after revocation.

Sec. 9. Minnesota Statutes 1982, section 273.1313, subdivision 5, is amended to read:

Subd. 5. [HEARING.] Upon receipt of the request, the commissioner shall notify the applicant and the governing body by certified mail of a time and place, not less than 30 days after receipt, at which the applicant may be heard and. *The hearing must be held within 30 days after receipt of the re-*

quest. *Within 30 days after the hearing, the commissioner will shall determine whether the facts and circumstances are grounds for revocation as recommended by the governing body. If the commissioner revokes the classification, the applicant may appeal from the commissioner's order to a court of competent jurisdiction at any time within 30 days after revocation.*

Sec. 10. [273.1314] [SELECTION OF ENTERPRISE ZONES.]

Subdivision 1. [DEFINITIONS.] For purposes of this section, the following terms have the meanings given.

(a) [CITY.] *"City" means a statutory or home rule charter city.*

(b) [COMMISSIONER.] *"Commissioner" means the commissioner of energy, planning, and development.*

(c) [LEGISLATIVE ADVISORY COMMISSION.] *"Legislative advisory commission" means the legislative advisory commission established under section 3.30.*

(d) [MUNICIPALITY.] *"Municipality" means a city or a county for an area located outside the boundaries of a city. If an area lies in two or more cities or in both incorporated and unincorporated areas, municipality shall include an entity formed pursuant to section 471.59 by the governing bodies of the cities with jurisdiction over the incorporated area and the counties with jurisdiction over the unincorporated area.*

Subd. 2. [SUBMISSION OF APPLICATIONS.] On or before July 31 of each year, a municipality seeking designation of an area as an enterprise zone shall submit an application to the commissioner. The commissioner shall establish procedures and forms for the submission of applications for enterprise zone designation.

Subd. 3. [APPLICATIONS; CONTENTS.] The applications for designation as an enterprise zone shall contain, at a minimum:

(a) *verification that the area is eligible for designation pursuant to section 273.1312;*

(b) *a development plan, outlining the types of investment and development within the zone that the municipality expects to take place if the incentives and tax reductions specified under clauses (c) and (d) are provided, including specific investment or development reasonably expected to take place and any commitments obtained from businesses;*

(c) *the specific form of tax reductions, authorized by subdivision 9, proposed to be granted to businesses making new investment in the zones, the duration of the tax reductions, an estimate of the total state taxes likely to be foregone as a result, and a statement of the relationship between the proposed tax reductions and the type of investment or development sought or expected to be attracted to the area if it is designated as a zone;*

(d) *the municipality's contribution to the zone as required by subdivision 6;*

(e) *any additional information required by the commissioner; and*

(f) *any additional information which the municipality considers relevant to the designation of the area as an enterprise zone.*

Clause (b) does not apply to an application for designation under section

273.1312, subdivision 4, paragraph (c), subparagraph (3).

Subd. 4. [EVALUATION OF APPLICATIONS.] The commissioner shall review and evaluate the applications submitted pursuant to subdivision 3 and shall determine whether each area is eligible for designation as an enterprise zone. In determining whether an area is eligible under section 273.1312, subdivision 4, paragraph (c), if unemployment, employment, income or other necessary data are not available for the area from the federal departments of labor or commerce or the state demographer, the commissioner may rely upon other data submitted by the municipality if he determines it is statistically reliable or accurate. The commissioner, in conjunction with the commissioner of revenue, shall prepare an estimate of the amount of state tax revenue which will be foregone for each application if he determines the area is eligible for designation.

On or before September 1 of each year, the commissioner shall submit to the legislative advisory commission a list of the areas eligible for designation as enterprise zones, along with his recommendations for designation and supporting documentation. In making his recommendations for designation, the commissioner shall consider and evaluate the applications pursuant to the following criteria:

(a) the pervasiveness of poverty, unemployment, and general distress in the area;

(b) the extent of chronic abandonment, deterioration or reduction in value of commercial, industrial or residential structures in the area and the extent of property tax arrearages in the area;

(c) the prospects for new investment and economic development in the area with the tax reductions proposed in the application relative to the state and local tax revenue which would be foregone;

(d) the competing needs of other areas of the state;

(e) the funds available pursuant to subdivision 8; and

(f) other relevant factors which he specifies in his recommendations.

The commissioner shall submit a separate list of the areas entitled to designation as enterprise zones under section 273.1312, subdivision 4, paragraph (c), subparagraph (3), along with his recommendations for the amount of funds to be allocated to each area.

Subd. 5. [LAC RECOMMENDATIONS.] On or before September 15 of each year, the legislative advisory commission shall submit to the commissioner its advisory recommendations regarding the designation of enterprise zones. By September 30 of each year, the commissioner shall make the final designation of the areas as enterprise zones, pursuant to section 273.1312, subdivision 2. In making the designation, the commissioner may make modifications in the design of or limitations on the tax reductions contained in the application necessary because of the funding limitations pursuant to subdivision 8.

Subd. 6. [LOCAL CONTRIBUTION.] No area may be designated as an enterprise zone unless the municipality agrees to make a qualifying local contribution in the form of (1) a property tax reduction for employment

property as provided by section 273.1313 for any business qualifying for a state tax reduction pursuant to this section or (2) an equivalent local contribution or investment out of other municipal funds, but excluding any special federal grants or loans. If the local contribution is to be used to fund additional reductions in state taxes, the commissioner and the governing body of the municipality shall enter an agreement for timely payment to the state to reimburse the state for the amount of tax revenue foregone as a result.

Subd. 7. [LIMITATIONS; NUMBER OF DESIGNATIONS.] (a) In each of the two calendar years following and including the effective date of this section, the commissioner shall designate at least three but not more than six areas as enterprise zones. No designations shall be made after December 31, 1984.

(b) No more than one area may be designated as an enterprise zone in any county, except that two areas may be designated in a county containing a city of the first class.

(c) No more than one area in a congressional district may be designated as an enterprise zone in any calendar year.

This subdivision shall not apply to enterprise zones designated pursuant to section 273.1312, subdivision 4, paragraph (c), subparagraph (2) or (3).

Subd. 8. [FUNDING LIMITATIONS.] (a) \$..... is appropriated to the commissioner of revenue from the general fund for the purpose of funding the tax reductions authorized pursuant to designations of enterprise zones under section 273.1312 and this section. \$..... of the total appropriation is the maximum amount which may be authorized by the commissioner for tax reductions pursuant to subdivision 9 that will reduce tax revenues which otherwise would have been received during fiscal years 1984 and 1985. The commissioner shall allocate to enterprise zones designated under section 273.1312, subdivision 4, paragraph (c), subparagraph (3), an amount not less than 80 percent of the total appropriation multiplied by a fraction, the numerator of which is the number of zones designated under section 273.1312, subdivision 4, paragraph (c), subparagraphs (2) and (3), and the denominator of which is the maximum number of enterprise zones which may be designated for the year and the funds shall be allocated among such zones on a per capita basis. Upon designation of an enterprise zone the commissioner shall certify the total amount available for tax reductions in the zone for its duration. The amount certified shall reduce the amount available for tax reductions in other enterprise zones. If subsequent estimates indicate or actual experience shows that the approved tax reductions will result in amounts of tax reductions in excess of the amount certified, the commissioner shall implement a plan to reduce the available tax reductions in the zone to an amount within the sum certified. If subsequent estimates indicate or actual experience shows that the approved tax reductions will result in amounts of tax reductions below the amount certified, the difference shall be available for certification in other zones or used in connection with an amended plan of tax reductions for the zone as the commissioner determines appropriate. If the tax reductions authorized result in reduced revenues for a dedicated fund, the commissioner of finance shall transfer equivalent amounts to the dedicated fund from the general fund as necessary.

(b) The appropriation pursuant to paragraph (a) shall not cancel. The commissioner of finance shall reduce the amount of the appropriation based upon information supplied by the commissioner of revenue that the tax reductions authorized for enterprise zones have or are estimated to have resulted in reduced state tax collections.

Subd. 9. [AUTHORIZED FORMS OF STATE TAX REDUCTIONS.] (a) The following types of tax reductions may be approved by the commissioner for businesses located in an enterprise zone:

(1) An exemption from the general sales tax imposed by chapter 297A for purchases of construction materials or equipment for use in the zone;

(2) A credit against income tax for a percentage of the payroll costs or wages paid to additional workers employed in the zone, other than workers employed in construction;

(3) An income tax credit for a percentage of the cost of debt financing to construct new facilities in the zone;

(4) A state paid property tax credit for a portion of the property taxes paid by a new commercial or industrial facility or the additional property taxes paid by an expansion of an existing commercial or industrial facility in the zone.

(b) The municipality shall specify in its application for designation the types of tax reductions it seeks to be made available in the zone and the percentage rates and other appropriate limitations on the reductions.

(c) Upon designation of an enterprise zone and approval by the commissioner of the tax reductions to be made available therein, the commissioner of revenue shall take the steps necessary to implement the tax reductions.

(d) The tax reductions provided by this subdivision shall not apply to any facility as enumerated in section 103(b)(6)(O) of the Internal Revenue Code of 1954, as amended through January 15, 1983, or to any regulated public utility.

(e) In addition to the tax reductions authorized by paragraph (a), for an enterprise zone designated under section 273.1312, subdivision 4, paragraph (c), subparagraph (3), the following types of tax reductions may be approved:

(1) A credit against income tax for a percentage of the wages paid or other payroll costs for workers employed in the zone;

(2) A state paid property tax credit for a portion of the property taxes paid by a commercial or industrial facility located in the zone; or

(3) A credit against income tax for a portion of the sales tax paid on purchases made by businesses located in the zone for use in connection with their operations in the zone.

Subd. 10. [ADMINISTRATIVE PROCEDURE ACT.] The provisions of chapter 14 shall not apply to designation of enterprise zones pursuant to this section or section 273.1312.

Sec. 11. [INSTRUCTION TO REVISOR.]

If the department of energy, planning, and development no longer exists as

presently constituted, "commissioner" as defined in section 273.1312 and section 10 means the successor to the responsibilities of the planning division of that department. The revisor of statutes shall change the definition as appropriate in Minnesota Statutes 1984, and subsequent editions.

Sec. 12. [REPEALER.]

Section 10 is repealed effective December 31, 1991.

Sec. 13. [APPROPRIATION.]

The obligations or other forms of indebtedness shall be obligations of the joint board and may be secured by the full faith and credit of the joint board. The obligations or other forms of indebtedness shall be issued in the same manner and subject to the same conditions and limitations which would apply if the obligations were issued or indebtedness incurred by one of the governmental units which established the joint board provided that any reference to a governmental unit in the statute, law, or charter provision authorizing the issuance of the bonds or the incurring of the indebtedness shall be considered a reference to the joint board.

Subd. 3. As a condition of receiving any money from the state elections campaign fund, a candidate shall agree by stating in writing to the board that ~~(a) his expenditures and approved expenditures shall not exceed the expenditure limits as set forth in section 10A.25 and that (b) he shall not accept contributions or allow approved expenditures to be made on his behalf for the period beginning with January 1 of the election year or with the registration of his principal campaign committee, whichever occurs later, and ending December 31 of the election year, which aggregate contributions and approved expenditures exceed the difference between the amount which may legally be expended by him or on his behalf, and the amount which he receives from the state elections campaign fund. The agreement, insofar as it relates to the expenditure limits set forth in section 10A.25, remains effective until the dissolution of the principal campaign committee of the candidate or the opening of filings for the next succeeding election to the office held or sought at the time of agreement, whichever occurs first. Money in the account of the principal campaign committee of a candidate on January 1 of the election year for the office held or sought shall be considered contributions accepted by that candidate in that year for the purposes of this subdivision. That amount of all contributions accepted by a candidate in an election year which equals the~~

In no case shall the amount returned exceed the amount received from the state elections campaign fund.~~

The candidate may submit his signed agreement to the filing officer on the day he files his affidavit of candidacy or petition to appear on the ballot, or he may submit the agreement to the board no later than September 1.

The board prior to the first day of filing for office shall forward forms for the agreement to all filing officers. The filing officer shall without delay forward signed agreements to the board. An agreement may not be rescinded after September 1.

~~For the purposes of this subdivision only, the total amount to be distributed to each candidate is calculated to be his share of the total estimated funds in his party account as provided in subdivision 3a, plus the total amount estimated as provided in subdivision 3a to be in the general account of the state elections campaign fund and set aside for that office divided by the number of candidates whose names are to appear on the general election ballot for that office. If for any reason the amount actually received by the candidate is greater than his share of the estimate, and his contributions thereby exceed the difference, the agreement shall not be considered violated.~~

Every person who ~~shall have~~ *has* any bill, charge, or claim upon or against any personal campaign ~~committee, or party committee, political fund, or any~~ candidate, for any disbursement made, services rendered, or thing of value furnished, for political purposes, or incurred in any manner in relation to any primary or election, shall, ~~to the extent practicable,~~ render in writing to ~~such~~ that committee, fund, or candidate ~~such~~ the bill, charge, or claim within ~~ten~~ 60 days after the day of the primary or election in connection with which ~~such~~ the bill, charge, or claim was incurred. ~~No candidate and no personal campaign or party committee shall pay any bill, charge, or claim so incurred prior to any primary or election, which is not so presented within ten days after such primary or election.~~

Sec. 10. [135A.01] [FUNDING POLICY.]

It is the policy of the legislature that state appropriations for the instructional services at public post-secondary institutions reflect the cost of providing the instructional services.

Sec. 11. [135A.03] [APPLICABILITY.]

The total cost of providing instructional services shall be used to appropriate money to the board of regents of the University of Minnesota, state university board, state board for community colleges, and the state board for vocational education to the extent the money is for instructional services.

Sec. 12. [135A.05] [APPROPRIATIONS FOR INSTRUCTIONAL SERVICE.]

Subdivision 1. [DETERMINATION OF APPROPRIATION.] The appropriation for each board, designated in section 11, for instructional services shall equal the total cost of instruction minus the estimated tuition revenue. Each year the appropriation shall be adjusted in proportion to increases or decreases in the total cost of instruction for fiscal year 1984.

Subd. 2. [DETERMINATION OF TOTAL COST OF INSTRUCTION.] The total cost of instruction shall be calculated in the following manner:

(a) Determine the student enrollment, for each instructional category, for the fiscal year two years before the fiscal year for which the appropriation is made.

(b) Multiply the student enrollment by the average cost of instruction per student in each instructional category.

(c) Add the resulting products.

Subd. 3. [DETERMINATION OF STUDENT ENROLLMENT.] Student enrollment shall be the full-year equivalent or average daily membership enrollment in each instructional category in the fiscal year two years before the fiscal year for which the appropriations are being made. Student enrollment may be estimated on the basis of the fall enrollment. The data shall be submitted to the education and finance committees of the senate and the education and appropriations committees of the house of representatives.

Subd. 4. [DETERMINATION OF AVERAGE COST OF INSTRUCTION.] (a) The average cost of instruction shall include direct instructional costs and other costs necessary to provide instruction, such as fees, facilities, administration, and support. The average cost of instruction shall not include summer session costs, except when the instructional program is provided during the entire calendar year.

(b) Appropriations shall be based on the average cost of instruction for fiscal year 1984. The fiscal year 1984 average cost of instruction may be adjusted to reflect changes from fiscal year 1984 to the fiscal year for which appropriations are made.

(c) Each board shall submit by December 1, 1983, its average cost of instruction for each instructional category for the 1984 fiscal year. Annually thereafter by December 1, each board shall submit the average cost of instruction for each instructional category as necessary to determine appropriations. The information shall be submitted to the education and finance committees of the senate and the education and appropriations committees of the house of representatives.

Subd. 5. [INSTRUCTIONAL CATEGORIES.] Student enrollment and average cost of instruction shall be determined by cost of program and level of instruction.

Sec. 13. [135A.17] [VARIABLE TUITION.]

The board of regents of the University of Minnesota, state university board, state board for community colleges, and state board for vocational education shall establish tuition. Tuition may vary by program, level of instruction, cost of instruction, or other classifications determined by each board.

Sec. 14. [135A.19] [TUITION REVENUE FOR EACH BOARD.]

Subdivision 1. [PERCENT OF COST OF INSTRUCTION.] By the 1985-1986 school year, the board of regents of the University of Minnesota, state university board, and board for community colleges shall establish tuition in a manner that percent of the total cost of instruction is derived from tuition. The state board for vocational education shall establish tuition in a manner that percent of the total cost of instruction is derived from tuition. Tuition shall be gradually increased for the 1983-1984 and 1984-1985 school years.

Sec. 15. [135A.07] [COMMISSIONER OF FINANCE.]

Each year the commissioner of finance shall review and comment on the methodology used to: determine instructional costs, categorize programs by level of instruction and level of cost, and establish tuition. Sec. 3. Minnesota Statutes 1982, section 550.041, is amended to read:

550.041 [SUMMARY EXECUTION OF ~~SMALL~~ JUDGMENT DEBTS.]

Subdivision 1. [COVERAGE.] When a judgment creditor proposes to make execution on a judgment debt of ~~not more than \$2,500~~ from money owed to the judgment debtor by a third party, the execution may be made by the attorney for the judgment creditor or sheriff, ~~or their agents~~, through a registered or certified letter ~~or by personal service~~ to the third party containing a copy of the execution. Subd. 2. [EXEMPTION NOTICE.] If this section is used to enforce a judgment against a debtor who is a natural person by executing on funds of the judgment debtor held on deposit at any financial institution, the judgment creditor shall serve two copies of an exemption notice with the copy of the execution. The notice shall be substantially in the form set out in section 18. Failure of the judgment creditor to send the exemption notice renders the execution void, and the financial institution shall take no action. However, if this subdivision is being used to execute on funds which have previously been garnished in compliance with section 571.41, the judgment creditor is not required to serve an additional exemption notice. In that event, the execution

shall only be effective as to the funds which were subject to the prior garnishment.

Subd. 3. [DUTY OF FINANCIAL INSTITUTION; EXEMPTION; OBJECTION.] Upon receipt of the execution and exemption notices, the financial institution shall attach and bind as much of the amount due under section 550.04 as his own debt equals. Within two business days after receipt of the judgment creditor's letter, the financial institution shall serve upon the judgment debtor two copies of the exemption notice. The exemption notice shall be served by first class mail to the last known address of the judgment debtor. If no claim of exemption is received by the financial institution prior to the expiration of 14 days after the exemption notices are mailed to the judgment debtor, the financial institution shall remit as much of the amount due under section 550.04 as its own debt equals to the sheriff or attorney who shall proceed in all other respects like the sheriff making a similar execution. If the judgment debtor elects to claim an exemption, he shall complete the exemption notice, affix his signature under penalty of perjury, and deliver one copy to the financial institution and one copy to the judgment creditor within 14 days of the date postmarked on the correspondence mailed to the judgment debtor containing the exemption notices. Failure of the judgment debtor to serve the executed exemption notice does not constitute a waiver of any right he may have to an exemption. Upon timely receipt of a claim of exemption, the financial institution shall remit as much of the amount due under section 550.04 as his own debt equals to the sheriff or attorney from funds not claimed to be exempt by the judgment debtor. All money claimed to be exempt shall be released to the judgment debtor upon the expiration of seven days after the date postmarked on the correspondence containing the executed exemption notice mailed to the judgment creditor or the date of personal delivery of the executed exemption notice to the judgment creditor, unless within that time a timely objection to the exemption is interposed by the judgment creditor. Objection is made by mailing or delivering one copy of a written objection to the claim of exemption to the financial institution and one copy of the objection to the judgment debtor. Upon timely receipt of a written objection from the judgment creditor, the financial institution shall retain the funds claimed to be exempt. Unless the third party receives a notice of motion and motion from the judgment debtor asserting exemption rights within ten days after receipt of the objection, the financial institution shall remit as much of the amount due under section 550.04 as his own debt equals to the sheriff or attorney representing the judgment creditor. Either the judgment creditor or the judgment debtor may bring a motion to determine the validity of an exemption claim by following the procedure set out in section 18. If a notice of motion and motion to determine the validity of a claim of exemption is received by the financial institution within the period provided, it shall retain the funds claimed to be exempt until otherwise ordered by a court. However, at any time during the procedure specified in this subdivision, the judgment debtor or the judgment creditor may, by a writing dated subsequent to the service of the execution, direct the financial institution to release the funds in question to the other party. Upon receipt of a release, the financial institution shall release the funds as directed.

Subd. 4. [SUBSEQUENT PROCEEDINGS; BAD FAITH CLAIMS.] If in subsequent proceedings brought by the judgment debtor or the judgment creditor, the claim of exemption is not upheld, and the court finds that it was asserted in bad faith, the judgment creditor shall be awarded actual damages, costs, and reasonable attorney fees resulting from the additional proceedings, and an amount not to exceed \$100. If the claim of exemption is

upheld, and the court finds that the judgment creditor disregarded the claim of exemption in bad faith, the judgment debtor shall be awarded costs, reasonable attorney fees, actual damages, and an amount not to exceed \$100. The underlying judgment shall be modified to reflect assessment of damages, costs, and attorney fees. However, if the party in whose favor a penalty assessment is made is not actually indebted to his attorney for fees, the attorney's fee award shall be made directly to the attorney and an appropriate judgment in favor of the attorney shall be entered. Upon motion of any party in interest, on notice, the court shall determine the validity of any claim of exemption and may make any order necessary to protect the rights of those interested. No financial institution shall be liable for damages for complying with this section. Both copies of an exemption claim or an objection to an exemption claim shall be mailed or delivered on the same date. The financial institution may rely on the date of mailing or delivery of a notice to it in computing any time periods in this section.

Subd. 5. [COSTS; SATISFACTION.] The attorney shall be allowed no costs from any party other than the judgment creditor for execution in accordance with this section. The attorney making ~~such~~ the execution shall endorse ~~thereon~~ on it partial satisfaction by amount or the total satisfaction and return the original execution to the clerk of that court for filing without charge.

Sec. 4. Minnesota Statutes 1982, section 550.14, is amended to read:

550.14 [LEVY ON OTHER PERSONAL PROPERTY.]

Subdivision 1. [PROPERTY COVERED.] Other personal property shall be levied on by leaving a certified copy of the execution, and a notice specifying the property levied on, with the person holding ~~the same~~ it; or, if a debt, with the debtor; or, if stock or an interest in stock of a corporation, with the president, secretary, treasurer, cashier, or managing agent ~~thereof~~ of it.

Subd. 2. [EXEMPTION NOTICE.] If this section is used to enforce a judgment against a judgment debtor who is a natural person by executing on funds of the judgment debtor held on deposit at any financial institution, the judgment creditor shall cause to be served with the execution two copies of an exemption notice. The notice shall be substantially in the form set out in section 18. If the judgment creditor fails to supply the exemption notice to the sheriff, the sheriff shall take no action. Failure of the sheriff to serve the exemption notice shall render the execution void, and the financial institution shall take no action. However, if this subdivision is being used to execute on funds which have previously been garnished in compliance with section 571.41, the judgment creditor shall not be required to serve an additional exemption notice. In that event, the execution shall only be effective as to the funds which were subject to the prior garnishment.

Subd. 3. [DUTY OF FINANCIAL INSTITUTION; EXEMPTION; OBJECTION.] Upon receipt of the execution and exemption notices, the financial institution shall attach and bind as much of the amount due under section 550.04 as his own debt equals. Within two business days after receipt of the judgment creditor's execution of the execution and exemption notices, the financial institution shall serve upon the judgment debtor two copies of the exemption notice. The exemption notice shall be served by first class mail to

the last known address of the judgment debtor. If no claim of exemption is received by the financial institution within 14 days after the exemption notices are mailed to the judgment debtor, the financial institution shall remit as much of the amount due under section 550.04 as its own debt equals to the sheriff. If the judgment debtor elects to claim an exemption, he shall complete the exemption notice, affix his signature under penalty of perjury, and deliver one copy to the financial institution and one copy to the judgment creditor within 14 days of the date postmarked on the correspondence mailed to the judgment debtor containing the exemption notices. Failure of the judgment debtor to serve the executed exemption notice does not constitute a waiver of any right he may have to an exemption. Upon timely receipt of a claim of exemption, the financial institution shall remit as much of the amount due under section 550.04 as his own debt equals to the sheriff from funds not claimed to be exempt by the judgment debtor. All money claimed to be exempt shall be released to the judgment debtor upon the expiration of seven days after the date postmarked on the correspondence containing the executed exemption notice mailed to the judgment creditor, or the date of personal delivery of the executed exemption notice to the judgment creditor, unless within that time a written objection to the claim of exemption is interposed by the judgment creditor. Objection is made by mailing or delivering one copy of the objection to the financial institution, and one copy to the judgment debtor. Upon timely receipt of a written objection from the judgment creditor, the financial institution shall retain the funds claimed to be exempt. Unless the financial institution receives a notice of motion and motion from the judgment debtor asserting an exemption within ten days after receipt of the objection, the financial institution shall remit as much of the amount due under section 550.04 as its own debt equals to the sheriff. Either the judgment creditor or the judgment debtor may bring a motion to determine the validity of an exemption claim by following the procedure set out in section 18. Upon receipt of a release, the financial institution shall release the funds as directed.

Subd. 5b. [DUTY OF FINANCIAL INSTITUTION; EXEMPTION; OBJECTION.] Upon receipt of the garnishee summons and exemption notices, the financial institution shall attach and bind as much of the amount due under section 571.471 as the financial institution has on deposit owing to the judgment debtor. The financial institution shall serve the notice by first class mail to the last known address of the judgment debtor. All money claimed to be exempt shall be released to the judgment debtor upon the expiration of seven days after the date postmarked on the correspondence containing the executed exemption notice mailed to the judgment creditor, or the date of personal delivery of the executed exemption notice to the judgment creditor, unless within that time the judgment creditor interposes an objection to the exemption. Objection shall be interposed by mailing or delivering one copy of the written objection to the financial institution and one copy of the written objection to the judgment creditor. Upon receipt of a written objection from the judgment creditor within the specified seven day period, the financial institution shall retain the funds claimed to be exempt. Unless the financial institution receives a notice of motion and motion from the judgment debtor asserting exemption rights within ten days after receipt of the written exemption, the funds shall remain subject to the garnishment summons as if no claim of exemption has been made. Either the judgment creditor or the judgment debtor may bring a motion to determine the validity of an exemption claim by following the procedure set out in section 18. If a notice of motion and motion to determine the validity of a claim of exemption is received by the financial institution within the period provided, the financial institution shall retain the funds claimed to be exempt until otherwise ordered by the court, or until the garnishment lapses pursuant to section 571.69. However, at any time during the procedure specified in this subdivision, the judgment debtor or the judgment creditor may, by a writing dated subsequent to the service of the execution, direct the financial institution to release the funds in question to the other party. Upon receipt of a release, the financial institution shall release the funds as directed.

Sec. 16. Minnesota Statutes 1982, section 571.41, is amended by adding

a subdivision to read:

Subd. 5c. [SUBSEQUENT PROCEEDINGS; BAD FAITH CLAIMS.] If in subsequent proceedings brought by the judgment debtor or the judgment creditor, the claim of exemption is not upheld, and the court finds that it was asserted in bad faith, the judgment creditor shall be awarded actual damages, costs, and reasonable attorney fees resulting from the additional proceedings and an amount not to exceed \$100. If the claim of exemption is upheld, and the court finds that the judgment creditor disregarded the claim of exemption in bad faith, the judgment debtor shall be awarded costs, reasonable attorney fees, actual damages, and an amount not to exceed \$100. The underlying judgment shall be modified to reflect assessment of damages, costs, and attorney fees. However, if the party in whose favor a penalty assessment is made is not actually indebted to his attorney for fees, the attorney's fee award shall be made directly to the attorney and an appropriate judgment in favor of the attorney shall be entered. Upon motion of any party in interest, on notice, the court shall determine the validity of any claim of exemption and may make any order necessary to protect the rights of those interested. No garnishee shall be liable for damages for complying with this section. Both copies of an exemption claim or an objection to an exemption claim shall be mailed or delivered on the same date. The financial institution may rely on the date of mailing or delivery of a notice to it in computing any time periods in this section.

If the injured person is unemployed at the time of injury and is receiving or is eligible to receive unemployment benefits under chapter 268, but the injured person loses his eligibility for those benefits because of inability to work caused by the injury, disability and income loss benefits shall provide compensation for the lost benefits in an amount equal to the unemployment benefits which otherwise would have been payable, subject to a maximum of \$200 per week.

Subd. 2. [EVIDENCE.] Upon the trial of any prosecution arising out of acts alleged to have been committed by any person arrested for driving, operating, or being in physical control of a motor vehicle in violation of subdivision 1, the court may admit evidence of the amount of alcohol or a controlled substance in the person's blood, breath, or urine as shown by a medical or chemical analysis ~~thereof of it~~, if the test is taken voluntarily or pursuant to section 169.123.

For the purposes of this subdivision:

(a) evidence that there was at the time an alcohol concentration of 0.05 or less is prima facie evidence that the person was not under the influence of alcohol;

(b) evidence that there was at the time an alcohol concentration of more than 0.05 and less than 0.10 is relevant evidence in indicating whether or not the person was under the influence of alcohol.

Evidence of the ~~absence of tests refusal to take a test~~ is admissible into evidence in a prosecution under this section ~~without any comment and with a jury instruction, where applicable, that there shall be no speculation as to the reason for the absence and that no inference is to be drawn from the absence or an ordinance in conformity with it.~~

For purposes of this section 169.123, the result of an evidentiary test administered within two hours of the alleged violation is deemed to be the alcohol concentration at the time of the violation.

The foregoing provisions do not limit the introduction of any other competent evidence bearing upon the question whether or not the person was under the influence of alcohol or a controlled substance, including tests obtained more than two hours after the alleged violation.

When a person is convicted of repeated violations of this section or an ordinance in conformity with it under the circumstances described in clause (a) or (b), the person shall, at a minimum, be confined in jail or a minimum security facility, or admitted to an inpatient treatment or detoxification facility, for not less than 48 consecutive hours or shall be required to perform not less than ten days of alternative community service as directed by the court. Time spent in a detoxification facility incident to the arrest for the violation may be used to offset the period of confinement required by this paragraph. A sentence under this paragraph shall not be stayed.

Sec. 3. Minnesota Statutes 1982, section 169.121, subdivision 4, is amended to read:

Subd. 4. [PENALTIES.] A person convicted of violating this section shall have his driver's license or operating privileges revoked by the commissioner of public safety as follows:

Whenever department records show that the violation involved personal injury or death to any person, not less than 90 additional days shall be added to the base periods provided above.

Any person whose license has been revoked pursuant to section 169.123 as the result of the same incident is not subject to the mandatory revocation provisions of clause (a) or (b).

controlled substance. The test shall be administered at the direction of a peace officer. Subdivision 1. [DEFINITIONS.] For the purposes of this section, the following terms have the meanings given.

(a) “Chemical abuse” or “abuse of chemicals” means use of any psychoactive or mood altering chemical substance, without compelling medical reason, in a manner that induces mental, emotional, or physical impairment and causes socially dysfunctional or socially disordering behavior, to the extent that the minor’s normal functioning in academic, school, or social activities is chronically impaired.

(b) “Informed consent” means consent after the effect and possible consequences of giving consent have been explained in a manner understandable to the person giving consent.

(c) “Minor” means an individual under the age of 18.

(d) “Chemical dependency counselor” means a person with professional training to diagnose or evaluate and counsel minors who are abusing chemicals and who meets the requirements specified by rule for counselors in licensed outpatient programs. For the purposes of this section, a chemical dependency counselor must also be employed by or under contract with a school, school district, community mental health center, or local unit of government.

Subd. 2. [PERSONS REQUIRED TO REPORT.] A professional who while engaging in the practice of the social services, child care, or education, or his delegate, who has knowledge or reasonable cause to believe that a minor is abusing chemicals, shall immediately report the information to a chemical dependency counselor unless the professional has been consulted for the diagnosis or treatment of chemical dependency. Each school, school district, institution, facility, or agency that employs a professional or professionals required to report under this section shall designate a chemical dependency

counselor to whom the professional shall report. Nothing in this subdivision requires any report based on a minor's presence in an institution described in the Code of Federal Regulations, title 42, section 2.12 (a), or more than one report from any school, institution, facility, or agency.

Any person not required to report under this subdivision may voluntarily report to a chemical dependency counselor if the person has knowledge that a minor is abusing chemicals.

Subd. 3. Subd. 4. [FALSE REPORTS.] Any person who willfully or recklessly makes a false report under this section is liable in a civil action for any actual damages suffered by the minor or minors so reported and for any punitive damages set by the court or jury.

As soon as possible after reporting orally, a person required to report shall submit a written report to the chemical dependency counselor. A report shall be of sufficient content to identify the minor, the indicators of the minor's chemical abuse and the chemical or chemicals abused, if known, and the name of the reporter, and the address and telephone number at the reporter's place of employment.

Subd. 6. [DUTIES OF CHEMICAL DEPENDENCY COUNSELOR UPON RECEIPT OF REPORT.] The chemical dependency counselor shall investigate the report as soon as possible and, if indicated and consented to by the minor, diagnose or evaluate the minor. If the counselor recommends treatment, the chemical dependency counselor shall ensure that the minor receives information regarding available treatment alternatives that include educational instruction appropriate to the minor's educational level, unless the minor has completed secondary school. The responsibility of a school district for providing educational instruction and transportation, if needed, for the minor shall be determined in accordance with section 120.181.

Subd. 7. [MAINTENANCE, PRIVACY, AND DESTRUCTION OF RECORDS.] Each chemical dependency counselor who receives, maintains, or destroys records collected in accordance with this section shall comply with the Code of Federal Regulations, title 42, sections 2.1, et seq. and with chapter 13. An individual subject of a record shall have access to the record in accordance with that chapter and federal regulations, except that the name of the reporter shall be confidential while the report is under investigation. After the investigation is completed, the name of the reporter shall be confidential but shall be accessible to the minor upon request to the counselor. If upon investigation a report is found to be false or unsubstantiated, the chemical dependency counselor shall notify the minor of the counselor's intent to destroy the records. At the minor's request, the records shall be maintained as private data until two years after the minor attains the

age of majority. If the minor does not so request within 30 days of the notice of intent to destroy, the chemical dependency counselor shall destroy the records.

Subd. 8. [DISCLOSURE OF RECORDS.] Records related to a minor's alleged abuse of chemicals shall be disclosed only:

Subd. 9. [COORDINATION.] The commissioner of public welfare shall coordinate efforts to implement the provisions of this section.

Sec. 7. Minnesota Statutes 1982, section 257.60, is amended to read:

257.60 [PARTIES.]

The child may be made a party to the action. If the child is a minor and is made a party, a general guardian or a guardian ad litem shall be appointed

by the court to represent the child. The child's mother or father may not represent the child as guardian or otherwise. ~~The court may appoint the commissioner of public welfare as guardian ad litem for the child.~~ If the child is a minor and the case involves a compromise under section 257.64, subdivision 1 or a lump sum payment under section 257.66, subdivision 4, the child *and the commissioner of public welfare* shall each be made a party ~~and the commissioner of public welfare shall be appointed as guardian ad litem~~ before the court approves a compromise or orders a lump sum payment. The natural mother, each man presumed to be the father under section 257.55, and each man alleged to be the natural father, shall be made parties or, if not subject to the jurisdiction of the court, shall be given notice of the action in a manner prescribed by the court and shall be given an opportunity to be heard. *A person who may bring an action under section 257.57 may be made a party to the action.* The court may align the parties.

However, in a case involving these relatives of an alleged father, who is deceased, the court may refuse to order blood tests if the court makes an express finding that submitting to the tests presents a danger to the health of one or more of these relatives that outweighs the child's interest in having the tests performed. Unless the person gives consent to the use, the results of any blood tests of the decedent's parents, brothers, or sisters may be used only to establish the right of the child to public assistance including but not limited to social security and veterans' benefits.* The tests shall be performed by a qualified expert appointed by the court.

Sec. 9. Minnesota Statutes 1982, section 257.62, is amended by adding a subdivision to read:

Subd. 5. [NOTICE.] A party calling a male witness for the purpose of testifying that he had sexual intercourse with the mother at a possible time of conception shall provide all other parties with the name and address of the witness 20 days before the trial or pretrial hearing. If a male witness is produced at the hearing for the purpose stated in this subdivision but the party calling the witness failed to provide the 20-day notice, the court may adjourn the proceeding for the purpose of taking a blood test of the witness prior to hearing the testimony of the witness, if the court finds that the party calling the witness acted in good faith.

Sec. 10. Minnesota Statutes 1982, section 257.62, is amended by adding a subdivision to read:

Subd. 6. [POSITIVE TEST RESULTS.] If the results of the blood tests indicate that the likelihood of the alleged father's paternity is more than 92 percent, upon motion the court shall order the alleged father to pay temporary child support determined according to chapter 518. The alleged father shall pay the support money into court pursuant to the rules of civil procedure to await the results of the paternity proceedings.

Sec. 11. Minnesota Statutes 1982, section 257.64, subdivision 1, is amended to read:

257.64 [PRE-TRIAL ORDERS AND RECOMMENDATIONS.]

Subdivision 1. On the basis of the information produced at the pretrial hearing, *including information as to the financial status of the parties*, the court may, and if requested by a party, shall *evaluate the probability of determining the existence or nonexistence of the father and child relationship in a trial and whether a judicial declaration would be in the best interest of the child*. On the basis of the evaluation, an appropriate recommendation for settlement shall be made to the parties, which may include any of the following:

(a) That the action be dismissed with or without prejudice;

(b) *recommend* that the alleged father voluntarily acknowledge his paternity of the child *if the parties have agreed on a financial settlement*;

(c) *(b) recommend* that the matter be compromised by an agreement among the alleged father, the mother, and the child, in which the father and child relationship is not determined but in which a defined economic obligation is undertaken by the alleged father in favor of the child and, if appropriate, in favor of the mother, subject to approval by the court. In reviewing the obligation undertaken by the alleged father in a compromise agreement, the court shall consider the best interest of the child, in the light of the applicable factors enumerated in section 518.17, subdivision 3, discounted by the improbability, as it appears to the court, of establishing the alleged father's paternity or nonpaternity of the child in a trial of the action. In the best interest of the child, the court may order that the alleged father's identity be kept confidential. In that case, the court may designate a person or agency to receive from the alleged father and disburse on behalf of the child all amounts paid by the alleged father in fulfillment of obligations imposed on him. When the child reaches 21 years of age or older he may petition the court to disclose the alleged father's identity. The court shall grant the petition if after considering the interests of all known persons involved, the court determines that disclosure of the information would be of greater benefit than nondisclosure.

Sec. 12. Minnesota Statutes 1982, section 257.66, subdivision 3, is amended to read:

Subd. 3. [JUDGMENT; ORDER.] The judgment or order shall contain provisions concerning the duty of support, the custody and guardianship of the child, the name of the child, visitation privileges with the child, the furnishing of bond or other security for the payment of the judgment, or any other matter in the best interest of the child. *Custody and visitation and all subsequent motions related to them shall proceed and be determined under section 3. These* The remaining matters and all subsequent motions related to them shall proceed and be determined in accordance with chapter 518. The judgment or order may direct the appropriate party to pay all or a proportion of the reasonable expenses of the mother's pregnancy and confinement, after consideration of the relevant facts, including the relative financial means of the parents; the earning ability of each parent; and any health insurance policies held by either parent, or by a spouse or parent of the parent, which would provide benefits for the expenses incurred by the

mother during her pregnancy and confinement.

Sec. 13. Minnesota Statutes 1982, section 257.66, subdivision 4, is amended to read:

Subd. 4. [STATUTE OF LIMITATIONS.] Support judgments or orders ordinarily shall be for periodic payments which may vary in amount. In the best interest of the child, a lump sum payment may be ordered in lieu of periodic payments of support. The court shall limit the parent's liability for past support of the child to the proportion of the expenses that the court deems just, which were incurred in the ~~immediate preceding~~ two years *immediately preceding the commencement of the action.*

Sec. 14. Minnesota Statutes 1982, section 257.69, subdivision 2, is amended to read:

Subd. 2. [GUARDIAN; LEGAL FEES.] The court may order ~~reasonable counsel, expert witnesses, witness~~ and guardian ad litem fees, and other costs of the trial and pre-trial proceedings, including appropriate tests, to be paid by the parties in proportions and at times determined by the court. The court shall require a party to pay part of the fees of court-appointed counsel according to the party's ability to pay, but if counsel has been appointed the appropriate agency shall pay the party's proportion of all other fees and costs. *The agency responsible for child support enforcement shall pay the fees and costs for blood tests in a proceeding in which it is a party, is the real party in interest, or is acting on behalf of the child. However, at the close of a proceeding in which paternity has been established under sections 257.51 to 257.74, the court shall order the adjudicated father to reimburse the public agency, if the court finds he has sufficient resources to pay the costs of the blood tests.* When a party bringing an action is represented by the county attorney, no filing fee shall be paid to the clerk of court.

Sec. 15. Minnesota Statutes 1982, section 518.10, is amended to read:

Subd. 5. Sec. 21. Minnesota Statutes 1982, section 518.551, is amended by adding a subdivision to read:

Subd. 9. [ASSIGNMENT OF RIGHTS; JUDGMENT.] *The public agency responsible for child support enforcement is joined as a party in each case in which rights are assigned under section 1. When arrearages are reduced to judgment, the court shall grant judgment in favor of, and in the name of, the public agency to the extent that the arrearages are assigned. The public agency may enforce a judgment entered before the assignment of rights as if the judgment were granted to it, and in its name, to the extent that the arrearages in that judgment are assigned.*

Sec. 22. Minnesota Statutes 1982, section 518.611, is amended to read:

518.611 [ASSIGNMENTS INCOME WITHHOLDING.]

Subd. 2. [NOTICE TO OBLIGOR OF CONDITIONS.] Each order for withholding shall provide for a conspicuous notice to the obligor that withholding may result if the obligor fails to make the maintenance or support payments, and that no withholding shall be made until the following conditions are met:

(a) The obligee or the public authority determines that the obligor is at least 30 days in arrears;

(b) The obligee or the public authority serves written notice of its determination of arrearage on the obligor at least 15 days before service of the determination and a copy of the court's order for withholding on the payor of funds;

(c) Within the 15 day period, the obligor has either failed to pay all arrearages or to move the court, under section 518.64, to modify the order respecting the amount of maintenance or support and, *ex parte*, to stay service on the payor of funds until the motion to modify is heard; and

(d) The obligee or the public authority serves a copy of the determination of arrearage and a copy of the court's withholding order on the payor of funds.

(e) The obligee shall also serve on the public authority a copy of the determination of arrearage, a copy of the court's withholding order and an application to use the public authority's collection services.

Subd. 3. [MODIFICATION ORDERS.] An order modifying the amount of maintenance or support, issued after the hearing on the motion to modify, shall provide that payments be made *outright* by withholding. *The provisions of subdivision 2 do not apply.*

Subd. 4. [EFFECT OF ORDER.] *Notwithstanding any law to the contrary,* the order is binding on the employer, trustee, or other payor of the funds upon service upon him of notice that it has been made. Amounts received by the public authority which are in excess of public assistance expended for the party or for a child shall be remitted to the party. An employer shall not discharge or otherwise discipline an employee as a result of a wage or salary ~~assignment~~ *withholding* authorized by this section.

Subd. 5. [ARREARAGE ORDER.] *Nothing in this section shall prevent the court from ordering the payor of funds to withhold amounts to satisfy the obligor's previous arrearage in child support or maintenance payments, the*

obligor's liability for pregnancy and confinement expenses and for blood test costs, and any service fees that may be imposed under section 518.551.

Subd. 6. [PRIORITY.] An order for withholding under this section or execution or garnishment upon a judgment for child support arrearages or preadjudicated expenses shall have priority over an attachment, execution, garnishment, or wage assignment unless otherwise ordered by the court and shall not be subject to the statutory limitations on amounts levied against the income of the obligor.

Subd. 7. [EMPLOYER EXPENSES.] An employer may deduct one dollar from the obligor-employee's remaining salary for each payment made pursuant to a withholding order under this section to cover the employer's expenses involved in the withholding.

Subd. 8. [EMPLOYER OR PAYOR NOTICE.] When a withholding order is in effect and the obligor's employment is terminated or the periodic payment terminates, the obligor's employer or the payor of funds shall notify the public agency responsible for child support enforcement of the termination within 30 days of the termination date. The notice shall include the obligor's home address and the name and address of the obligor's new employer or payor of funds, if known.

Sec. 23. Minnesota Statutes 1982, section 518.64, subdivision 2, is amended to read:

Subd. 2. [MODIFICATION.] The terms of a decree respecting maintenance or support may be modified upon a showing of one or more of the following: (1) substantially increased or decreased earnings of a party; (2) substantially increased or decreased need of a party; (3) receipt of assistance under sections 256.72 to 256.87; or (4) a change in the cost-of-living for either party as measured by the federal bureau of statistics, any of which makes the terms unreasonable and unfair. On a motion for modification of support, the court shall take into consideration the needs of the children and the financial circumstances of the custodial parent's spouse, if any. A modification which decreases support or maintenance may be made retroactive only upon a showing that any failure to pay in accord with the terms of the original order was not willful. A modification which increases support or maintenance shall not be made retroactive if the obligor has substantially complied with the previous order. Except for an award of the right of occupancy of the homestead, provided in section 518.63, all divisions of real and personal property provided by section 518.58 shall be final, and may be revoked or modified only where the court finds the existence of conditions that justify reopening a judgment under the laws of this state. The court may impose a lien or charge on the divided property at any time while the property, or subsequently acquired property, is owned by the parties or either of them, for the payment of maintenance or support money, or may sequester the property as is provided by section 518.24.

Sec. 24. Minnesota Statutes 1982, section 518.64, is amended by adding a subdivision to read:

Subd. 2a. [SPECIAL PROVISION; COST-OF-LIVING ADJUSTMENT.] Cost-of-living increases pursuant to subdivision 2 for decrees entered into before August 1, 1983 shall be limited to 50 percent of the cost-of-living

increase for periods of time before August 1, 1983. The remaining 50 percent of the increase may be implemented over a period of time as determined by the court.

Sec. 25. Minnesota Statutes 1982, section 518.64, subdivision 5, is amended to read:

Subd. 5. [FORM.] The department of public welfare shall prepare and make available to courts ~~and~~, obligors *and persons to whom child support is owed* a form to be submitted by the obligor *or the person to whom child support is owed* in support of a motion for a modification of an order pursuant to this section or section 256.87. The ~~rule-making~~ *rulemaking* provisions of chapter 14 shall not apply to the preparation of the form.

Sec. 26. [518.641] [COST-OF-LIVING ADJUSTMENTS IN CHILD SUPPORT ORDER.]

Subdivision 1. [REQUIREMENT.] An order for child support shall provide for a biennial adjustment in the amount to be paid based on a change in the cost of living. The order shall specify the cost-of-living index to be applied. The court may use the consumer price index for all urban consumers, Minneapolis-St. Paul (CPI-U), the consumer price index for wage earners and clerical, Minneapolis-St. Paul (CPI-W), or another cost-of-living index published by the department of labor which it specifically finds is more appropriate. The court may specify that the housing component be excluded from the cost-of-living adjustment. Cost-of-living increases under this section shall be compounded. It may also increase the amount by more than the cost-of-living adjustment without making further findings. The adjustment becomes effective on the first of May of the year in which it is made. A court may waive the requirement of the cost-of-living clause if it expressly finds that the obligor's occupation or income, or both, does not provide for cost-of-living adjustment or that the order for child support has a provision such as a step increase that has the effect of a cost-of-living clause. The commissioner of public welfare may promulgate rules under this section in accordance with the rulemaking provisions of chapter 14.

Subd. 2. [CONDITIONS.] No adjustment under this section may be made unless the order provides for it and until the following conditions are met:

(a) the obligee or public authority serves notice of its application for adjustment by mail on the obligor at the obligor's last known address at least 20 days before the effective date of the adjustment;

(b) the notice to the obligor shall inform the obligor that an adjustment in payments shall become effective on the first of May; and

(c) after receipt of notice and before the effective day of the adjustment, the obligor fails to request a hearing on the issue of whether the adjustment should take effect, and ex parte, to stay imposition of the adjustment pending outcome of the hearing.

Subd. 3. [RESULT OF HEARING.] If, at a hearing pursuant to this section, the obligor establishes an insufficient cost of living or other increase in income that prevents fulfillment of the adjusted child support obligation, the court may direct that all or part of the adjustment not take effect. If, at the hearing, the obligor does not establish this insufficient increase in income,

the adjustment shall take effect as of the date it would have become effective had no hearing been requested.

Subd. 4. [FORM.] The department of public welfare shall prepare and make available to the court and obligors a form to be submitted to the department by the obligor in support of a request for hearing under this section. The rulemaking provisions of chapter 14 shall not apply to the preparation of the form.

Subd. 5. [REQUEST FOR COST-OF-LIVING CLAUSE.] A motion for enforcement or modification of an existing child support order shall include a request for a cost-of-living clause. The court may deny the request only upon an express finding that the obligor's occupation, income, or both, does not provide for a cost-of-living adjustment or that the existing child support order either has a cost-of-living clause or sets forth a step increase which has the effect of a cost-of-living adjustment.

Sec. 27. Minnesota Statutes 1982, section 518.645, is amended to read:

Delete everything after the enacting clause and insert:

"Section 1. [216B.027] [COOPERATIVE ELECTRIC ASSOCIATION STOCKHOLDER RIGHTS.]

Subdivision 1. [INTENT.] It is the intent of this section to specify those rights which shall be extended to stockholders of cooperative electric associations. The guarantee of these rights, as specified herein, is intended to further the active participation of stockholders in any and all matters pertaining to the prudent operation of their organization.

Subd. 2. [SCOPE.] Cooperative associations organized under chapter 308 for the purpose of providing rural electrification at retail to ultimate consumers shall comply with the provisions of this section in addition to other applicable provisions of chapter 308 and other applicable state and federal laws.

Subd. 3. [BUSINESS RECORDS.] The provisions of section 302A.461 and any amendments or successor requirements to it shall apply to every wholesale or retail cooperative electric association. The rights granted to wholesale and retail electric cooperative stockholders in this section shall apply also to the spouse of the stockholder. In addition to the requirements of section 302A.461, a wholesale or retail electric cooperative shall maintain records of all proceedings of meetings of stockholders and directors during the previous three-year period including the vote of each director on roll call votes. Roll call votes are required on actions which directly establish service charge and rate schedules. Roll call voting is also required on any matter upon the request of one or more directors. Every duly elected director of a retail cooperative electric association shall have the right to inspect under section 302A.461, in person and at any reasonable time, the business records required by this subdivision and maintained by the wholesale cooperative electric association from which it purchases the majority of its electric requirements.

Subd. 4. [OPEN MEETINGS.] Meetings of the board of directors of any retail cooperative electric association must be open to the stockholders of the cooperative and the stockholders' spouses. Stockholders must be given notice of all regularly scheduled meetings except those of an emergency nature. Duly elected directors of retail cooperative associations must be given notice, through their retail cooperative associations, of all meetings of the board of directors of the wholesale cooperative association, except those of an emergency nature, from which the retail cooperative purchases the majority of its electric requirements. Portions of meetings relating to labor negotiations, current litigation, personnel matters, and nonpayment of customer accounts are excluded from the provisions of this subdivision.

Subd. 5. [PETITIONS; VOTING.] Notwithstanding the provisions of section 308.09, upon receipt of a written petition concerning governance matters signed by at least 500 stockholders or five percent of the stockholders, whichever is less, of a retail cooperative electric association, the matter in the petition must be presented to the stockholders of the cooperative for a vote at the next annual meeting. Petitions must be received by the cooperative electric association 60 days prior to the scheduled annual meeting. For purposes of this section, "governance matters" means matters properly contained in the articles of incorporation or bylaws by adopting, amending, or repealing bylaws or the articles of incorporation.

Subd. 6. [EQUAL TIME; PETITIONERS.] Whenever the directors of a retail cooperative electric association provide information to stockholders to influence their vote on a matter to be decided by a vote of the stockholders pursuant to a successful petition submitted under the provisions of subdivision 5 or section 216B.026, subdivision 4, the directors shall provide the organizers of the petition or person presenting the petition the opportunity to include their position on the matter to the stockholders in a substantially similar mode and range of distribution. The organizers of the petition shall pay the costs of such inclusion.

Subd. 7. [OPTIONAL REFERENDUM.] No cooperative shall be bound by the provisions of this section unless adoption has been approved at referendum using the petition and election procedures in section 216B.026. Within 60 days of the effective date of this section, the board of directors of each

cooperative electric association shall notify the stockholders of the provisions of this section and shall explain the process for ratification by petition and election as provided in this subdivision.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. [85.40] [DEFINITIONS.]

Subdivision 1. [SCOPE.] For purposes of sections 1 to 7 the following terms have the meanings given them.

Subd. 2. [COMMISSIONER.] "Commissioner" means the commissioner of natural resources.

Subd. 3. [CROSS COUNTRY SKI GRANT-IN-AID PROGRAM.] "Cross country ski grant-in-aid program" means a program administered by the department, as described in section 5.

Subd. 4. [CROSS COUNTRY SKI RACE.] "Cross country ski race" means a timed skiing event organized for the participation of a large number of skiers at one time over a course prepared specifically for a ski race.

Subd. 5. [CROSS COUNTRY SKI TRAIL.] "Cross country ski trail" means a public pathway designated and promoted for cross country skiing.

Subd. 6. [CROSS COUNTRY SKIING.] "Cross country skiing" means traveling across country over snow by human power on skis. "Cross country skiing" does not require the use of lifts, tows, or other mechanical devices.

Subd. 7. [DEPARTMENT.] "Department" means the department of natural resources.

Sec. 2. [85.41] [USER FEES.]

Subdivision 1. [ON PERSON.] While skiing on cross country ski trails, a person between the ages of 16 and 65 years shall carry on his person a valid cross country ski license. A landowner who grants an easement for a grant-

in-aid ski trail is not required to have a license when skiing on his own property.

Subd. 2. [LICENSE AGENTS.] County auditors are appointed agents of the commissioner for the sale of annual cross country ski licenses and daily permits. A county auditor may appoint subagents within the county or within adjacent counties to sell licenses and permits. Upon appointment the auditor shall notify the commissioner of the name and address of the subagent. The auditor may revoke the appointment of a subagent at any time. Upon demand of the commissioner, the auditor shall revoke a subagent's appointment. The auditor shall furnish license and permit blanks on consignment to any subagent who furnishes a surety bond in favor of the county in an amount at least equal to the value of the blanks to be consigned to that subagent. The county auditor shall be responsible for all blanks issued to, and user fees received by agents, except in St. Louis county or in a county where the county auditor does not retain fees paid for license purposes. In these counties, the responsibilities imposed upon the county auditor are imposed upon the county. The commissioner may promulgate additional regulations pursuant to section 98.50, subdivision 2.

Any resident desiring to sell annual cross country ski licenses and daily permits may either purchase for cash or obtain on consignment license and permit blanks from a county auditor in groups of not less than ten individual blanks. In selling licenses, the resident shall be deemed a subagent of the county auditor and the commissioner, and he shall observe all rules and regulations promulgated by the commissioner for the accounting and handling of licenses pursuant to section 98.50, subdivision 10.

The county auditor shall promptly deposit all monies received from the sale of licenses and permits with the county treasurer, and shall promptly transmit any reports required by the commissioner, plus 96 percent of the price to each annual licensee, exclusive of the issuing fee, for each annual license sold or consigned by him and subsequently sold to a licensee during the accounting period. The county auditor shall retain as a commission four percent of all annual license fees, excluding the issuing fee for licenses consigned to subagents.

Unsold blanks in the hands of any subagent shall be redeemed by the commissioner if presented for redemption within the time prescribed by the commissioner. Any blanks not presented for redemption within the period prescribed shall be conclusively presumed to have been sold, and the subagent possessing the same or to whom they are charged shall be accountable.

Subd. 3. [EXEMPTIONS.] Participants in cross country ski races and official school activities are exempt from the license requirement in subdivision 1 if a special use permit has been obtained by the organizers of the event in advance from the agency with jurisdiction over the cross country ski trail. Permits shall require that permit holders return the trail and any associated facility to its original condition if any damage is done by the permittee. Limited permits for special events may be issued and shall require the removal of any trail markers, banners, and other material used in connection with the special event.

Subd. 4. [FORM.] The department shall provide forms and blanks to all agents authorized to issue licenses and daily permits by the commissioner.

The license and daily permit shall attach to the skier's clothing to visibly identify the holder as a licensed skier, and be easily transferable from garment to garment by means of a device prescribed by the commissioner in consultation with the advisory task force. The license and permit shall include the applicant's name and other information deemed necessary by the commissioner.

Subd. 5. [AGENT'S FEE.] The fee for an annual cross country ski license and a daily permit shall be increased by the amount of an issuing fee of 50 cents per license. The issuing fee may be retained by the county auditor or his agent or subagent who sells the license or permit. A license or permit shall indicate the amount of the fee that is retained by the agent. This subdivision does not apply to any license or permit sold by the state, or at a park.

Sec. 3. [85.42] [USER FEE.]

The fee for an annual cross country ski license is \$5. This fee shall be collected at the time the license is purchased. Annual licenses are valid from October 1 through September 30 of the following year. Licenses are not transferable.

The cost for a daily cross country skier permit is \$1. This fee shall be collected at the time the permit is purchased. The daily permit is valid only for the date designated on the permit form.

Sec. 4. [85.43] [DISPOSITION OF RECEIPTS; PURPOSE.]

Fees from cross country ski licenses and permits shall be deposited in the state treasury and may be expended only as appropriated by law for:

(a) grants-in-aid for cross country ski trails sponsored by local units of government and special park districts as provided in section 5; and

(b) maintenance, winter grooming, and associated administrative costs for cross country ski trails under the jurisdiction of the commissioner.

Sec. 5. [85.44] [CROSS COUNTRY SKI TRAIL GRANT-IN-AID PROGRAM.]

The commissioner shall establish a grant-in-aid program for local units of government and special park districts for the acquisition, development, and maintenance of cross country ski trails. Grants shall be available for acquisition of trail easements but may not be used to acquire any lands in fee title. The department shall reimburse all public sponsors of grants-in-aid cross country ski trails based upon criteria established by the department. Prior to the use of any reimbursement criteria, a certain proportion of the revenues shall be allocated on the basis of user fee sales location.

Sec. 6. [85.45] [PENALTY.]

No person may ski on a public cross country ski trail, including a grant-in-aid cross country ski trail, without a valid annual cross country ski license or daily permit. Effective July 1, 1984, any person who violates the provision of this section is guilty of a petty misdemeanor. Any person who violates the provisions of this section before July 1, 1984, shall be issued a warning statement.

Sec. 7. [APPROPRIATION.]

There is appropriated to the department of natural resources from the general fund \$_____ for the period ending June 30, 1985, to carry out the purposes of sections 1 to 6. Of this amount, \$_____ shall be spent to publicize and promote the use of cross country skier licensing.

Sec. 8. [EFFECTIVE DATE.]

Sections 1 to 7 are effective the day following final enactment."

And when so amended the bill do pass and be re-referred to the Committee on Finance. Amendments adopted. Report adopted.
